Draft

Legend

- Current National Highway System - State/Local
- Enhanced NHS (Map - 21) State/Local
- State Routes

National Highway System (NHS) Route events depict the FHWA approved National Highway System for Washington State Highways as reported in the Highway Performance Monitoring System (HPMS). For this update, all approved NHS routes for calendar year 2010 are included. NHS Centerline Miles provided by Highway Performance Monitoring System & Functional Classification Manager. Bridge Numbers provided by Bridge Preservation Office.
