

In order to open these files, you'll need an application which can decompress .rar files. There is a free one available in the Windows Store.

Download 9 ZIP to decompress the files:

1. Open the Microsoft **Store** app in Windows.
2. In the Search field, type **9 ZIP** and choose it from the drop-down.
3. Click the **Get** button.
4. If prompted to "use across devices" click on **No Thanks**.
5. The app will be downloaded and ready for use.

To decompress the files:

1. Click this link: <https://conservancy.umn.edu/handle/11299/192854?show=full>
2. Scroll down to the **View/Download file section** at the bottom of the page.
3. Click on the **Final report figure attachment.rar** file.
4. Click **Save** to save it to your PC.
5. Once the download is complete, click **View Downloads**.
6. Click the down-arrow next to the **Open** button and choose **Open With**.
 - a. Select **9 ZIP** from the list and click **OK**.
 - b. If requested to allow a website to access your computer, click **Allow**.
7. The **9 ZIP** app will open with the Final Report Figure Attachment folder displayed.
 - a. Click on **Extract All**.

9 zip

- b. Navigate to the Desktop and create a new folder by clicking the **New Folder** button.
 - c. Type a name for the new folder and press **Enter**.
 - d. Highlight the folder you just created.
 - e. Click the **Select Folder** button.
 - f. Ignore the ads displayed in the app and watch the purple progress bar.
8. Once the progress bar reaches 100 percent, you can close the 9 ZIP app and open the folder on your desktop to view your files.
