Proposed amendment to Draft at 8/27/2013 of Report to the Washington State Supreme Court by the Joint Select Committee on Article IX Litigation

Offered by: Representative Alexander

**Beginning with the second paragraph on page 10, strike the following:**

"Additionally, the 2013-15 operating budget assumed \$381.6 million in savings and reductions in non-basic education programs. Of this amount, K-12 savings from the suspension of I-732 totaled \$295.5 million. Additional savings in K-12 included \$25.0 million for reforms to assessments, \$24.7 million from the elimination of a hold harmless payment, \$11.1 million from anticipated recoveries for Alternative Learning Experience audit findings, \$3 million from suspension of select inflation adjustments, and \$22.3 million from formula revisions and consolidation and elimination of various non-basic education grants."

**and insert:**

"Additionally, the 2013-15 operating budget assumed \$381.6 million in savings and reductions in non-basic education. Of this amount, K-12 savings from the suspension of I-732 totaled \$295.5 million. The remaining savings in other non-basic education totaled \$86.1 million."

**EFFECT:** Removes the list of specified savings and reductions, except for I-732, and instead provides the total amount for the previously listed items.
