- *What are your organization's student internship initiatives? How did they come about? How do they work?*
- *What have been your successes? What are the greatest challenges?*
- *How could these types of initiatives be expanded to include more students, more businesses, more schools?*
- *What types of state support would be helpful?*

6. Task Force Discussion:

- *How could the state support work-integrated learning?*
 - *Support for schools*
 - *Support for interested businesses*
- *What are the challenges? What are the benefits?*
- *Are there any state policies that could be considered?*
