Notes:

- Historically, only 30% of APS clients are Medicaid; 70% are not Medicaid eligible
- Calendar year data presented includes those cases reported Jan through Dec and those cases closed/completed. Some cases may be reported in one year but not completed/closed until the following calendar year. .

* This is the total number of allegations assigned for investigation during the calendar year

**One case may contain multiple allegations

***This is the number of investigations opened for that allegation during that calendar year

****This is the number of physical abuse allegations that were substantiated during that calendar year
