#### ANNOUNCEMENT

The Speaker:

"The Speaker would like to make an announcement.

"No member shall bring any lobbyist into the House chamber while we are in session. Lobbyists come into the chamber and take turns in calling members out for the purpose of lobbying. This is in violation of our rules. The Sergeant-at-Arms has informed me that most of the time members bring lobbyists into the chamber from the rotunda for a conference, and that then the lobbyist does not leave at the end of the conference. The lobbyist takes advantage of being inside the chamber to call other members out behind the curtains to discuss the bills. That is in violation of House rules and also is usurping the rights of the other members. We should be immune from lobbying while the House is in session. Any such agreement with the holders of bonds issued under this act shall provide that the moneys available to the authority under the provisions of this section from the motor vehicle fund shall be used and applied only to the extent that revenues and other funds available from such toll road project are insufficient to provide for the payment of maintenance and operating expenses of such toll road project, the payment of the principal of and interest on the bonds issued to finance such project and sinking fund requirements established with respect thereto, and the payments into such reserves as the authority shall have established with respect to the securing of such bonds and the maintenance, operation, repair and replacement of such project. "The authority is hereby authorized to agree with the holders of the bonds issued to finance the aforesaid toll road project to the pledge and application, under the above conditions, or not exceeding five million dollars (\$5,000,000) per annum. Moneys sufficient in amount to provide the authority with funds to make the payments under such agreement with the holders of such bonds shall be provided from the proceeds of all state excise taxes on motor vehicle fuels imposed by chapters 82.36 and 82.40 RCW. The proceeds of such excise taxes, to the extent not previously pledged, are hereby pledged to the authority for the purpose of enabling it to comply with any agreements with the holders of such bonds entered into pursuant to the provisions of this section. The legislature hereby agrees to continue to impose excise taxes on motor vehicle fuels in amounts sufficient to provide the authority with funds necessary to enable it to comply with such agreements and to make necessary appropriations to the authority for such purpose.

"Any funds required to make the payments to the authority pursuant to this section shall be taken from that portion of the motor vehicle fund which results from the

imposition of excise taxes on motor vehicle fuels and which is, or may be, appropriated to the commission for state highway purposes, and shall never constitute a charge against any allocations of such funds to counties, cities and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle fuels and available for state highway purposes proves insufficient to provide funds with which to make the payments to the authority pursuant to this section.

"On the first day of July in each year, the authority shall notify the state treasurer of the amount, if any, of moneys resulting from collection of excise taxes on motor vehicle fuels it will require to meet its obligations under its agreement with the holders of the bonds issued to finance the aforesaid toll road project. The state treasurer, upon being notified of such amount shall forthwith transfer the required amount from the motor vehicle fund to the credit of the authority for application pursuant to its agreement with bondholders under the resolution or trust agreement securing the bonds issued to finance the aforesaid toll road project. If at any time, upon receipt of such notification by the state treasurer, the moneys available for such purpose in the motor vehicle fund shall be insufficient to make the payment then due the authority, the state treasurer shall thereafter make such payment to the authority from the first moneys available in the motor vehicle fund for such purpose.

"The pledge of, and lien on, the excise taxes collected on motor vehicle fuels, created pursuant to this section, shall be subordinate and inferior to the pledge of, and lien on, such excise taxes imposed under chapter 47.10 RCW to the full extent of the pledge authorized thereby."

1. One public hearing room space on the Senate side and two public hearing room spaces on the House side, each of which would have a total seating capacity of from 200 to 240 people, and each of which would be arranged for subdivision into two or three smaller hearing rooms by means of folding door partitions.
2. Office space arrangements to care for continuing legislative committee operations, such as legislative budget committee, statute law committee and bill drafting personnel, together with facilities that may be assigned from time to time to the use of specially appointed interim committees.
3. The refinishing of all the spaces referred to in paragraphs 1 and 2, including sound insulation treatment of the ceilings, suitable lighting throughout, sound-proof partitioning and complete redecoration.
4. Certain corrections to the system of ventilating these areas; in particular to care for ventilation of hearing rooms and interior office space areas.
5. Furnish hearing rooms with comfortable chairs of the metal folding type, and other needed office furniture thoroughly suited to office use but not in excessively expensive or what might be termed a "luxury" class.
6. Re-equip the present elevators now serving the legislative chambers for faster and more convenient operation by reason of automatically opened car and carport doors and with automatically operated floor stop and leveling devices.

Admittedly, these estimates of cost are on a closely approximated basis by reason of the limited time in which the department and your committee have had to review suggested arrangements. For your information, we have broken this estimate down into its general component parts. However, for the purpose of manageability may I suggest that such appropriation as may be made to the department to cover this work be made in a lump sum with sufficient flexibility to care for additions or deductions in the presently contemplated layout.

Estimated costs for the foregoing are as follows:

1. Revision of the present elevator equipment.....	\$110,000
2. Acoustical treatment .....	10,000
3. Partitioning and plastering .....	15,000
4. Lighting .....	15,000
5. Painting .....	10,000
6. Folding doors in hearing rooms .....	4,000
7. Corrections to ventilation .....	10,000
8. Equipment and furniture .....	30,000
9. Construction supervision and contingencies .....	25,000

Quite frankly, some of these items may be trimmed down on getting actual bids for the work. However, there may be other needs become apparent as the work progresses which would be offsetting.

Respectfully yours,  
H. D. VAN EATON, Director.

Member of Special Committee  
Created by House Resolution

To investigate the present location of records, documents and papers gathered by the Un-American Activities Committee, which committee was created by House Concurrent Resolution No. 10 of the 1947 House of Representatives.

*To The Honorable, The House of Representatives  
of the State of Washington:*

Pursuant to a House Resolution adopted by the House of Representatives on the thirty-eighth day of the Legislative Session, dated February 16, 1955, which provided that John L. O'Brien, Speaker of the House, and R. Mort Frayn, Representative from the Forty-Third District, be appointed a Special Investigative Committee to ascertain the whereabouts of the records of the Joint Fact-Finding Committee on Un-American Activities authorized by House Concurrent Resolution No. 10 of the Thirtieth Regular Session of the Legislature of the State of Washington, which Committee functioned from its origination in 1947 until the termination of its activities by making a final report to the Thirty-First Session of the Legislature in 1949, the members of the Special Committee held a public hearing on February 21, 1955 in the House Chambers. Immediately following this public hearing an Executive Session was held in the Speaker's office.

Following is a summary, conclusion and recommendation of the Committee:

## SUMMARY

Witnesses examined were Albert F. Canwell, former chairman of the Un-American Activities Committee; Grant C. Sisson, former committee member; R. L. Rutter, former committee member; Victor Skinner, former Sergeant-at-Arms of the House of Representatives during the 1949 Session; S. R. Holcomb, former and present Chief Clerk of the House; P. J. Stroble, Washington state patrolman; Dana T. Robinson, former investigator for the committee; Viola C. Fritchie, former secretary of the Un-American Activities Committee, and Noyes Talcott, one of the owners of safety deposit vaults at Talcott Brothers, Jewelers.

I. Examination of Mr. Canwell disclosed the following facts:

(1) That he destroyed certain reports, records, documents and papers gathered by the committee through its investigators.

(2) That destruction of these reports, records, documents and papers extended through the entire life of the committee, but that the majority of them were destroyed after Mr. Canwell's term of office had expired, and that many of them were destroyed in the home of Mr. Canwell.

(3) That microfilm was made of many of these reports, records, papers and documents, which presently exists today.

(4) That Mr. Canwell refused under a direct question from Chairman John L. O'Brien to answer as to what disposal had been made of these microfilms and as to where they are presently located.

(5) That Mr. Canwell refused to answer whether or not he had turned the microfilms over to the Federal Bureau of Investigation.

(6) That Mr. Canwell claimed he had been given absolute authority to make whatever disposition (including destruction) he felt necessary of the papers, records and documents gathered by the investigators of the Interim Committee on Un-American Activities.

(7) That Mr. Canwell further testified that the documents and records destroyed were of such a nature that they should not be allowed to fall into strange hands because of the danger to agents of the United States Government or danger or harm to innocent persons.

(8) That as further justification for the withholding and destruction of the papers, files and records, Mr. Canwell admitted that he was motivated by a feeling that the Legislature (1949) was not in sympathy with his "project" or would carry it out in an inadvisable manner.

II. Examination of Mr. Rutter disclosed the following facts:

(1) That the committee had executive meetings and kept records of its activities.  
 (2) That he regarded all of the records, reports, documents and papers of the committee as property of the state of Washington.

(3) That no authority had been given to the chairman (Canwell) to destroy the records of the committee.

III. Examination of Mr. Grant C. Sisson disclosed the following facts:

(1) That the committee made a record of its sessions.  
 (2) That he regarded the reports, records, documents and papers gathered by the committee as the property of the state of Washington.

(3) That at the origination of the committee, Mr. Canwell, as chairman, was granted certain broad authority.

(4) That Mr. Canwell was not given authority to destroy the records.

IV. Examination of Mr. Skinner disclosed the following facts:

(1) That he was Sergeant-at-Arms of the 1949 Session and was delegated to transfer the records of the Committee on Un-American Activities to Olympia for storage by the Legislature from the Committee's office in the New Armory Building at Seattle.

(2) That this operation was carried out with the aid of the Washington state patrol and that the utmost security was observed.

(3) That so far as he knew, he received all records, documents, papers and property of the committee for transfer to Olympia, but that the safes and files were locked and it was impossible for him to know whether they were full of records and papers or were empty.

(4) That upon the arrival of the records at Olympia, after storage over night in the State Patrol building garage, under State Patrol guard, they were turned over to the Speaker of the House of Representatives, and Senator Lester Parker, President of the Senate.

V. An examination of P. J. Stroble of the Washington state patrol disclosed the following facts:

(1) That the Washington state patrol participated in the movement of the records from the headquarters of the committee in Seattle to Olympia, and that the utmost security precautions were taken for their protection.

(2) That from the time the records were delivered to Victor Skinner the safes and filing cabinets supposed to contain them were under his constant supervision while on the way from Seattle to Olympia.

VI. An examination of Mr. S. R. Holcomb disclosed:

(1) That he was Chief Clerk of the House in the 1949 Session and is Chief Clerk of the House in the 1955 Session.

(2) That the purported records, papers, documents and property of the Un-American Activities Committee were brought to Olympia pursuant to direction of the House.

(3) That they were stored, unopened, in a locked room in the Capitol Building and that the utmost security was observed in bringing such records and property to Olympia and in storing the same.

(4) That in order to preserve security as to such articles, the key to the door of the room where they were stored and certain keys to files, and safe combinations, were deposited in the safety deposit vaults of Talcott Brothers Jewelry Company in Olympia, Washington, with the direction that such safety deposit box was only to be opened by a representative of the Senate and representative of the House, to-wit, the Speaker of the House and President of the Senate; and that they were neither opened nor examined by the Speaker of the House or President of the Senate, Mr. Hodde or Senator Parker, or by their successors, until 1955.

(5) That he had heard Mr. Canwell say, at a discussion of the importance of the records and files of the committee prior to the storage of the same in Olympia, that they were of an extremely explosive character and would affect the state, and that they should be preserved from unauthorized persons.

(6) That so far as he knew, the records, files and property had not been tampered with or opened since their deposit in such room.

(7) That when opened by direction of the 1955 Legislature, such files, cabinets and safes appeared only to contain a small portion of the committee records, files and papers.

as is shown by a receipt from the F.B.I., a copy of which was admitted in evidence at the hearing.

VII. An examination of Viola C. Fritchie disclosed the following facts:

(1) That she, as former secretary to the Un-American Activities Committee, was aware of its practices as to the maintenance of reports, records, documents and files.

(2) That the committee maintained an elaborate card index containing many hundreds of names, which index was keyed to the files of the committee.

(3) That the records, documents and papers of the committee were intact as of January 1, 1949.

VIII. An examination of Dana T. Robinson disclosed the following facts:

(1) That he was the accountant for the Committee on Un-American Activities during its existence, and that the committee maintained extensive and voluminous files.

(2) That he did not see the contents of the files, cabinets and safes the day they were turned over to Mr. Skinner.

(3) That while not aware of the individual items in the files of the committee, he was of the opinion that the files were maintained in an intact condition until their delivery to Olympia.

(4) That he participated in the surrender of the files to the representatives of the Legislature in 1949.

#### CONCLUSION

From the foregoing summary of the testimony taken by your committee, the following report and recommendations are made:

(1) That the records, files and property of the Un-American Activities Committee which were returned to the Legislature of the Thirty-First Session were returned with the utmost security by the proper officials and stored in the Legislative Building.

(2) That during such return and during such time of storage such records as were returned were not tampered with or molested in any way.

(3) That all of the actual records and files of the committee were *not* turned over to the Legislature in compliance with its directive, the portion being transferred to Olympia being but a card index, a transcript of certain public hearings and other matters.

(4) That the larger portion of the underlying files, records and reports had been removed prior to the return of the purported records to Olympia.

(5) That Albert F. Canwell, former chairman of the Joint Fact-Finding Committee on Un-American Activities, destroyed the greater and most important portions of the files and records of the committee, without the authority of the committee.

(6) That with the exception of rough drafts and other writings of like nature, the basic files and records of the committee were public documents and the property of the state of Washington, assembled pursuant to an investigation which occasioned a public expenditure of about \$140,000 of state funds.

(7) That many of these records and documents were microfilmed, through the expenditure of public funds, and that such microfilm constituted public documents and was the property of the state of Washington.

(8) That when questioned as to the whereabouts of microfilmed copies of the records and files of the committee, said Albert F. Canwell refused to answer.

(9) That Albert F. Canwell in failing to answer the question was in contempt of the Special Committee created by the Thirty-Fourth Legislature (House of Representatives).

#### RECOMMENDATIONS

It is recommended that the matter of the contempt of the said Albert F. Canwell in refusing to answer as to the whereabouts of the microfilms of the records of the Committee on Un-American Activities and the matter of his admitted destruction of public documents which were property of the state of Washington, to-wit, certain papers, records and files of the Joint Fact-Finding Committee on Un-American Activities be referred to the Attorney General of the state of Washington for appropriate legal action, either civil or criminal as the case warrants.

It is further recommended that the transcript of the hearing held by the Committee, including both the public and executive hearings, be referred to the Attorney General for his use in connection with the above recommendation.

Respectfully submitted,

#### SUMMARY

The undersigned member calls attention to the fact that House Concurrent Resolution No. 10 of the Thirtieth Regular Session of the Washington State Legislature by

which the Joint Fact-Finding Committee on Un-American Activities was created conferred upon the committee all the powers conferred upon legislative committees by Chapter 8, Laws of 1895; except when inconsistent with the said Concurrent Resolution, all the powers conferred upon the committee by the House of Representatives, the Rules of the Senate, and the Joint Rules of the Senate and House of Representatives as they were and are enacted from time to time, and such rules were incorporated in such Concurrent Resolution and made a part thereof, the same as if they were set forth in full; and that said resolution further granted to said committee all the powers necessary or convenient to accomplish the objectives and purposes of the resolution including, but not limited to the following duties and powers:

(1) To employ and fix the compensation of a secretary and such clerical, legal, expert and technical assistants as it may deem necessary, and to lease, rent or buy such supplies and facilities as may be required;

(2) The chairman shall have authority to create subcommittees from its membership, assigning to the subcommittee any study, inquiry, investigation or hearing which the committee itself has authority to undertake or hold, and the subcommittee for the purpose of this assignment shall have and exercise all of the powers conferred upon the committee limited by the express terms of the resolution or resolutions of the latter defining the powers and duties of the subcommittee, which powers may be withdrawn or terminated at any time by the committee;

(3) To adopt and from time to time amend such rules governing its procedure (including the fixing of its own quorum and the number of votes necessary to take action on any matter) as may to it appear appropriate;

(4) To contract with such other agencies, public or private, as it deems necessary for the rendition and affording of such services, facilities, studies and reports to the committee as will best assist it to carry out the purposes for which it is created;

(5) To hold public hearings at any place in the state of Washington at which hearings the people are to have an opportunity to present their views to the committee;

(6) To make a complete study, survey and investigation of every phase of the subject of this resolution, including but not limited to the operation, effect, administration, enforcement, and needed revision of any and all laws in anywise bearing upon or relating to the subject of this resolution;

(7) To meet at any and all places in this state, in public or executive session;

(8) To act during this session of the legislature, including any recess hereof, and after final adjournment hereof until commencement of the Thirty-First Legislature;

(9) To file a report with the Thirty-First Legislature;

(10) To summon and subpoena witnesses, require the production of papers, books, accounts, reports, documents, and records of every kind and description; to issue subpoenas and to take all necessary means to compel the attendance of witnesses and procure testimony; to pay fees and traveling expenses of witnesses to insure their attendance, if necessary; to procure from any court having jurisdiction, upon complaint showing probable cause to believe that pertinent evidence is being concealed or withheld from the committee, a search warrant and cause a search to be made therefor;

(11) To cooperate with and secure the cooperation of county, city, city and county and other local enforcement agencies in investigating any matter within the scope of this resolution, and to direct the sheriff of any county to serve subpoenas, orders, and other process issued by the committee; and

(12) To do any and all other things necessary or convenient to enable it to fully and adequately exercise its powers, perform its duties, and accomplish the objects and purposes of this resolution; and in case of disobedience on the part of any witness to comply with any subpoena issued by the committee or on the refusal of any person to testify regarding any matter on which he may be lawfully interrogated, the superior court of any county, or the judge thereof, on application of the committee, shall compel compliance by proceedings for contempt, as in the case of disobedience of the requirements of a subpoena issued from such court or a refusal to testify therein; and

Section 16, chapter 6 of the Laws of 1895 reads as follows:

Every such committee shall keep a record of its proceedings under the provisions of this act, which record shall be signed by the chairman or the presiding officer of the committee, and the same returned to the legislative body by which the committee was appointed, as a part of the report of such committee.

### CONCLUSIONS

From the foregoing combined summaries taken by your committee, the following report and recommendations are made:

(1) That the records, files and property of the Un-American Activities Committee which were returned to the Thirty-First Session of the House of Representatives were returned with the utmost security by the proper officials and stored in the Legislative Building.

(2) That during such return and during such time of storage such records as were returned were not tampered with or molested in any way.

(3) That all the actual records and files of the committee were *not* turned over to the House of Representatives in compliance with its directive, the portion being transferred to Olympia being but a card index, a transcript of certain public hearings and other matters.

(4) That with the exception of rough drafts and other writings of like nature, the basic files and records of the committee were public documents and the property of the state of Washington, assembled pursuant to an investigation which occasioned a public expenditure of about \$140,000 of state funds.

(5) That many of these records and documents were microfilmed, through the expenditure of public funds, and that such microfilm constituted public documents and was the property of the state of Washington.

(6) That when questioned as to the whereabouts of microfilmed copies of the records and files of the committee, said Albert F. Canwell refused to answer.

(7) That the Committee on Un-American Activities of the Thirtieth Regular Session of the Legislature of the state of Washington was given extremely broad powers by the said Legislature and that the committee in turn, negligently granted these powers without proper supervision to its chairman, Albert F. Canwell, who in turn usurped and misused the powers thereby granted to him; but that the said Albert F. Canwell acted in what he presumed was good faith.

### RECOMMENDATIONS

It is recommended that the transcript of the hearing held by the committee, including both the public and executive hearing, be referred to the Attorney General of the state of Washington for his use and study and that he determine therefrom whether the refusal of Albert F. Canwell to answer to the whereabouts of the microfilms of the records of the Committee on Un-American Activities and of his destruction of certain documents which were the property of the state of Washington, require any further legal action.

Respectfully submitted,

R. MORT FRAYN, *Representative,*  
*Forty-Third District.*

### MOTION

Mr. Gallagher moved that the reports, together with the transcript of the hearing held by the Special Committee, be referred to the Attorney General of the state of Washington.

Debate ensued.

The motion was carried.

"Be It Further Resolved, That the United States should not, however, support any changes in the United Nations Charter which would enable it to interfere with the domestic affairs of the United States or to impair the basic rights and freedoms guaranteed to the American people by the Constitution of the United States; and

"Be It Further Resolved, That copies of this resolution be transmitted to the Honorable Dwight D. Eisenhower, President of the United States, the Secretary of the United States Senate, the Clerk of the United States House of Representatives, and to each member of the Washington Congressional delegation."

Mr. Clark (Newman H.) moved that the following substitute amendment be adopted:

Strike the entire memorial and insert in lieu thereof the following:

*"To the Honorable Dwight D. Eisenhower, President of the United States, and to the Senate and House of Representatives of the United States of America in Congress Assembled:*

"We, your Memorialists, the Senate and House of Representatives of the state of Washington, in legislative session assembled, respectfully represent and petition as follows:

"BE IT RESOLVED, By the Senate and the House of Representatives of the state of Washington, in legislative session here assembled, that the action previously taken on March 7, 1949 by the Thirty-First Legislature in House Joint Memorial No. 13 is rescinded; and

"BE IT FURTHER RESOLVED, That we respectfully petition the President and the Congress of the United States to preserve and maintain the sovereignty and dignity of the United States and of the several states thereof.

"BE IT FURTHER RESOLVED, That we respectfully petition the President and the Congress of the United States to encourage the friendly cooperation of nations in discussion of mutual international problems within the United Nations structure.

"BE IT FURTHER RESOLVED, That copies of this Memorial be transmitted immediately to the Honorable Dwight D. Eisenhower, President of the United States, the Senate, Speaker of the House of Representatives, and to each Senator and Representative from the state of Washington."

#### POINT OF ORDER

Mr. Mardesich:

"Point of order, Mr. Speaker."

The Speaker:

"State your point of order, Mr. Mardesich."

Mr. Mardesich:

"Did you not previously rule me out of order when I offered a substitute amendment?"

The Speaker:

"I don't believe that I did. If you will look at Reed's Rule 140, 'Amendment by way of substitute is a short and informal method of striking out and inserting usually applied to whole paragraphs or bills, and is made by offering a new paragraph or bill as a substitute for the old, and upon adoption, the old paragraph or bill is stricken out and the new one inserted.' Mr. Clark (Newman H.) is striking your amendment and is inserting in lieu thereof his amendment."

Mr. Mardesich:

"As I understand Mr. Clark's amendment, he is striking my amendment and substituting the preexisting House Joint Memorial No. 12. If action is taken on my amendment, and it should be defeated, the House would have his amendment. It serves no purpose."

Mr. Clark:

"Mr. Speaker, my substitute amendment moves to strike Mr. Mardesich's amendment, and if my amendment passes, that would be the substitute memorial before us."

The Speaker:

"Is your substitute amendment different from House Joint Memorial No. 12?"

Mr. Clark:

"Oh, yes."

Mr. Miller (Floyd C.) moved that further consideration of House Joint Memorial No. 12 be deferred and that the memorial be placed on tomorrow's second reading calendar.

Debate ensued.

## POINT OF INQUIRY

Mr. Ruoff:

"Point of inquiry, Mr. Speaker."

The Speaker:

"State your inquiry, Mr. Ruoff."

Mr. Ruoff:

"I was not a member in 1949 therefore did not have the opportunity of voting for or against this memorial. I would like to know who sponsored that memorial."

Mr. Clark:

"Mr. Speaker, I believe that it was Mr. Powell and Mr. Ford."

Mr. Johnston demanded the previous question and the demand was sustained.

The Speaker stated that the question before the House was the motion to defer action on House Joint Memorial No. 12 and to place the memorial on tomorrow's second reading calendar.

An electric roll call was demanded and the demand was sustained.

The Clerk called the roll on the motion that action be deferred and that House Joint Memorial No. 12 be placed on tomorrow's second reading calendar, and the motion was lost by the following vote: Yeas, 45; nays, 50; absent or not voting, 4.

Mr. Mardesich demanded a call of the House and the demand was sustained.

Amend the title—strike the whole thereof and insert in lieu thereof the following: "An Act relating to the Washington-Oregon boundary commission and amending sections 1 and 2 of chapter 27, Laws of 1937."

Strike the whole of section 1, and insert in lieu thereof the following:

"Section 1. Section 1, chapter 27, Laws of 1937 is hereby amended to read as follows:

The true location of the boundary line between the states of Oregon and Washington [in the neighborhood of Sand Island] in the Columbia river, and particularly at points on said river where dams and bridges have been and are being constructed, [and south of Pacific county, Washington,] has [for many years,] been [the subject of costly litigation between both the interested states and private parties] and is in doubt. Said boundary line being fixed by Article XXIV of the State Constitution with reference to the middle channel and widest channel of the Columbia river, the location of which frequently changes by reason of the action of the winds, tides and currents, is extremely difficult to fix and determine at any given time. The definite and final establishment of the location of such boundary line with relation to fixed monuments located on the adjacent upland is therefore of great economic and political importance to both interested states and their citizens.

There is therefore hereby created and established a state commission to be known and designated as the "Washington-Oregon boundary commission," and in this act referred to as the "commission." Said commission shall be composed of [three] five members, [to-wit: The governor, attorney general and commissioner of public lands of the state of Washington, of which the governor shall be the chairman, and the commissioner of public lands, the secretary] one of which shall be appointed by the governor, two by the House of Representatives, and two by the Senate. The commission shall select from its membership a chairman and a secretary.

"Sec. 2. Section 2, chapter 27, Laws of 1937 is hereby amended to read as follows:

Said commission when so directed by the governor shall have the power and it shall be its duty forthwith to make a complete and thorough study of all available data bearing upon the present locations of [that] those portions of the boundary line between the states of Oregon and Washington [lying between the extension south of the line between sections 4 and 5, township nine north, of range eleven west, and the extension south of the line between sections sixteen and seventeen, township nine north, of range ten west, Willamette Meridian] which bisect the site of each dam or bridge heretofore

## SECOND READING OF BILLS

**House Bill No. 641**, by Representatives Heckendorn, Carty and Mardesich: Abolishing the Washington-Oregon boundary commission.

The bill was read the second time by sections.

On motion of Mr. Heckendorn, the following amendments were adopted:

Amend the title—strike the whole thereof and insert in lieu thereof the following: "An Act relating to the Washington-Oregon boundary commission and amending sections 1 and 2 of chapter 27, Laws of 1937."

Strike the whole of section 1, and insert in lieu thereof the following:

"SECTION 1. Section 1, chapter 27, Laws of 1937 is hereby amended to read as follows:

The true location of the boundary line between the states of Oregon and Washington [in the neighborhood of Sand Island] in the Columbia river, and particularly at points on said river where dams and bridges have been and are being constructed, [and south of Pacific county, Washington,] has [, for many years,] been [the subject of costly litigation between both the interested states and private parties] and is in doubt. Said boundary line being fixed by Article XXIV of the State Constitution with reference to the middle channel and widest channel of the Columbia river, the location of which frequently changes by reason of the action of the winds, tides and currents, is extremely difficult to fix and determine at any given time. The definite and final establishment of the location of such boundary line with relation to fixed monuments located on the adjacent up-land is therefore of great economic and political importance to both interested states and their citizens.

There is therefore hereby created and established a state commission to be known and designated as the "Washington-Oregon Boundary Commission," and in this act referred to as the "commission." Said commission shall be composed of [three] five members, [to-wit: The governor, attorney general and commissioner of public lands of the state of Washington, of which the governor shall be the chairman, and the commissioner of public lands, the secretary] one of which shall be appointed by the governor, two by the House of Representatives, and two by the Senate. The commission shall select from its membership a chairman and a secretary.

Sec. 2. Section 2, chapter 27, Laws of 1937 is hereby amended to read as follows:

Said commission when so directed by the governor shall have the power and it shall be its duty forthwith to make a complete and thorough study of all available data bearing upon the present locations of [that] those portions of the boundary line between the states of Oregon and Washington [lying between the extension south of the line between sections 4 and 5, township nine north, of range eleven west, and the extension south of the line between sections sixteen and seventeen, township nine north, of range ten west, Willamette Meridian] which bisect the site of each dam or bridge heretofore or hereafter constructed in or over the Columbia river, and for such purpose shall have access to all the files and records of the state and its governmental agencies, and shall have the power and authority to employ such surveyors, engineers and other assistants, and to incur such incidental expenses as it shall deem necessary."

(3) To negotiate and enter into contracts [or compacts] with the United States or any of its agencies, with any state or its agencies, with Canada or its agencies or with any district or city of this state, for the lease, purchase, construction, extension, betterment, acquisition, operation and maintenance of all or any part of any electric generating and transmission plants *and reservoirs*, works and facilities or rights necessary thereto, either within or without the state of Washington, and for the marketing of the energy produced therefrom. Sec. 2. Section 7, chapter 281, Laws of 1953, and RCW 43.52.320 are each amended to read as follows:

Before the commission shall construct or acquire any hydroelectric generating facility within the state, or make application for or purchase any permit, license or other right necessary thereto, it shall give notice thereof by publishing once a week for four consecutive weeks in a newspaper of general circulation in the county or counties in which such project is located a statement of intention setting forth the general nature, extent and location of the project. If any public utility in the state or any operating agency, as hereinafter provided for, desires to construct or acquire such facility or desires to construct a hydroelectric plant or reservoir in substantially the same location, such utility or operating agency shall notify the commission thereof within ten days after the last date of publication of such notice. If the commission determines that it is in the best public interest that the commission proceed with such construction or acquisition rather than [to permit] the public utility or operating agency [to do so], it shall so notify the director of conservation and development, who shall set a date for hearing thereon. If after considering the evidence introduced the director of conservation and development finds that the public utility or agency making the request intends to immediately proceed with such construction or acquisition and is financially capable of carrying out such construction or acquisition, and further finds that the plan of such utility or operating agency is equally well adapted to conserve and utilize in the public interest the water resources of this state, he shall [specify a reasonable time, in no event less than one year, which time shall be extended for good cause shown, within which such public utility or operating agency shall complete such acquisition or commence such construction. If such utility or operating agency has not completed such acquisition or commenced such construction prior to the end of such period of time, the commission shall be authorized to proceed with such acquisition or construction and acquire by purchase or condemnation any rights which such public utility or operating agency has therein or which are necessary to such project.] *enter an order so finding and such order shall divest the commission of authority to proceed further with such construction or acquisition until such time as the other public utility or agency voluntarily causes an assignment of its right or interest in the project to the commission or fails to procure any further required governmental permit, license or authority, or having procured such, has the same revoked or withdrawn, in accordance with the laws and regulations of such governmental entity, in which event the commission shall have the same authority to proceed as though the director had originally entered an order so authorizing the commission to proceed. If, after considering the evidence introduced the director of conservation and development finds that the public utility or agency making the request does not intend to immediately proceed with such construction or acquisition or is not financially capable of carrying out such construction or acquisition, or finds that the plan of such utility or operating agency is not equally well adapted to conserve in the public interest the water resources of this state, he shall then enter an order so finding and authorizing the commission to proceed with the construction or acquisition of the facility. Authorization to the commission under this section shall not be construed to constitute a bar to such other utility or agency pro-*

ceeding according to law to procure any required governmental permits, licenses or authority, but such authorization shall establish the competency of the commission to proceed according to law to procure such other necessary governmental permits, licenses or authority. Except as to projects in which a public utility or operating agency has a prior right, the institution and prosecution of proceedings under this section, or action taken after receipt of authorization from the director of conservation and development, shall not be construed as an impairment or supersedure of the powers or rights of any person, firm or corporation or political subdivision of the state of Washington under this or any other law. Prior rights shall be established by the filing of an application for a preliminary permit or license with the federal power commission or appropriate state agency, whichever has primary jurisdiction: Provided, That the rights of any municipal corporation shall date back to the date of adoption of a plan and system resolution or ordinance if the application is filed within sixty days after the adoption of such plan and system resolution or ordinance.

Sec. 3. Section 12, chapter 281, Laws of 1953 and RCW 43.52.360 are each amended to read as follows:

Any two or more cities or districts [may with the consent of the commission form an operating agency of the state power commission for the purpose of acquiring, constructing, operating and owning plants, systems and other facilities and extensions thereof for the generation and/or transmission of electric energy. Each such agency shall be a division of the state power commission with the right to sue and be sued, in the name of the commission. Such operating agency shall be formed upon the adoption by two or more cities or districts of an enactment by each legislative body thereof, authorizing such city or district to become a member of an operating agency, and setting forth the name of such operating agency, the principal place of business, the names of the other cities and districts which shall be initial members thereof, and the purpose for which such operating agency is to be formed. After the formation of an operating agency, any other city or district may become a member thereof upon application after the adoption of an enactment of its legislative body, and with the consent of the operating agency by the affirmative vote of all its members. Any member may withdraw from an operating agency, and thereupon such member shall forfeit any and all rights or interests which it may have in such operating agency or in any of the assets thereof. An operating agency may be dissolved by the unanimous agreement of the members, and the members, after making provisions for the payment of all debts and obligations, shall thereupon hold the assets thereof as tenants in common.] or combinations thereof may form an operating agency for the purpose of acquiring, constructing, operating and owning plants, systems and other facilities and extensions thereof for the generation and/or transmission of electric energy and power. Each such agency shall be a municipal corporation and operating agency of the state of Washington with the right to sue and be sued in its own name.

Application for the formation of an operating agency shall be made to the director of conservation and development after the enactment by the legislative body of each city or district to be initial members thereof authorizing said city or district to participate. Such application shall set forth (1) the name and address of each participant, together with a certified copy of the enactment authorizing its participation; (2) a general description of the project and the principal project works, including dams, reservoirs, power houses and transmission lines; (3) the general location of the project and, if a hydroelectric project, the name of the stream on which such proposed project is to be located; (4) if the project is for generation of electricity, the proposed use or market for the power to be developed; (5) a general statement of the electric loads and resources of each of the participants, and of the agency if the project is not an initial project; (6) a statement of the proposed method of financing the preliminary studies and the participation therein by each of the participants.

Within ten days after such application is filed with the director of conservation and development notice thereof shall be published once a week for four consecutive weeks in a newspaper of general circulation in the county or counties in which such project is located, setting forth the names of the participants and the general nature, extent and location of the project. Any public utility wishing to do so may object to such application by filing an objection, setting forth the reasons therefor, with the director of conservation and development not later than ten days after the date of last publication of such notice.

Within ninety days after the date of last publication the director shall either make findings thereon or have instituted a hearing thereon. In event the director has neither

made findings nor instituted a hearing within ninety days of the date of last publication, or if such hearing is instituted within such time but no findings issued within one hundred and twenty days of the date of last publication, the application shall be deemed to have been approved and the operating agency established. If the director shall find (a) that the statements set forth in said application are substantially correct; (b) that the contemplated project is such as is adaptable to the reasonably foreseeable requirements of the members and such other public utilities as indicate a good faith intention by contract or by letter of intent to participate in the use of such project; (c) that no other public utility objects to the formation of such operating agency, which public utility had on file prior to the filing of the application for such operating agency, an application for, or a permit or license from an agency of the state or an agency of the United States, whichever has primary jurisdiction, pertaining to such project; (d) that adequate provision will be made for financing the preliminary engineering, legal and other costs necessary thereto; the director shall enter an order creating such operating agency, establishing the name thereof and the specific project for the construction and operation for which such operating agency is formed. Such order shall not be construed to constitute a bar to any other public utility proceeding according to law to procure any required governmental permits, licenses or authority, but such authorization shall establish the competency of the operating agency to proceed according to law to procure such permits, licenses or authority.

No operating agency shall undertake projects in addition to those for which it was formed without the approval of the legislative body of each member thereof. Application to construct such additional project shall be made to the director of conservation and development in the same manner, subject to the same requirements and with the same notice as required for an initial agency and project and shall not be constructed until a finding authorizing the same shall have been made by the director in the manner provided for such original application.

Any party feeling aggrieved by any order or finding of the director shall have the right of appeal to the superior court in the manner set forth in RCW 43.52.430.

After the formation of an operating agency, any other city or district may become a member thereof upon application after the adoption of an enactment of its legislative body, and with the consent of the operating agency by the affirmative vote of all its members. Any member may withdraw from an operating agency, and thereupon such member shall forfeit any and all rights or interests which it may have in such operating agency or in any of the assets thereof: Provided, That all contractual obligations incurred while a member shall remain in full force and effect. An operating agency may be dissolved by the unanimous agreement of the members, and the members, after making provisions for the payment of all debts and obligations, shall thereupon hold the assets thereof as tenants in common.

Sec. 4. Section 15, chapter 281, Laws of 1953 and RCW 43.52.390 are each amended to read as follows:

MR. SPEAKER:

We, a majority of your Committee on Highways, to whom was referred Engrossed Senate Bill No. 274, an act relating to railroad grade crossings over county roads and state highways, have had the same under consideration, and we respectfully report the same back to the House with the recommendation that it do pass with the following amendments:

Following section 6, page 5, line 6 of the engrossed bill, being page 5, line 5 of the printed bill, add two new sections to be known as section 7 and section 8, respectively, to read as follows:

"Sec. 7. Section 81, chapter 53, Laws of 1937 and RCW 47.32.140 are each amended to read as follows:

(RCW 47.32.140) Each railroad company shall keep its right-of-way clear of all brush and timber in the vicinity of a railroad grade crossing with a state highway for a distance of one hundred feet from the crossing in such manner as to permit a person upon the highway to obtain an unobstructed view in both directions of an approaching train. The [director] *Washington state highway commission* shall [keep] *cause* brush and timber to be cleared from the right-of-way of a state highway in the proximity of a railroad grade crossing for a distance of one hundred feet from the crossing in such a manner as to permit a person upon the highway to obtain an unobstructed view in both directions of an approaching train. It shall be unlawful to erect or maintain a sign, signboard, or billboard [at or near a state highway or railroad and within a distance of five hundred feet from the point of intersection at grade of the highway and railroad and in such a way that it may obstruct the view of a person operating a vehicle or train and approaching the crossing], *except official highway signs and traffic devices and railroad warning or operating signs, at or near a grade crossing of a state highway and a railroad or within a distance of five hundred feet from the point of intersection of such highway and railroad.*

When a person who has erected or who maintains such a sign, signboard, or billboard or when a railroad company permits such brush or timber in the vicinity of a railroad grade crossing with a state highway or permits the surface of a grade crossing to become inconvenient or dangerous for passage and who has the duty to maintain it, fails, neglects, or refuses to remove or cause to be removed such brush, timber, sign, signboard, or billboard, or maintain the surface of the crossing, the public service commission upon complaint of the [director] *highway commission* or upon complaint of any party interested, or upon its own motion, shall enter upon a hearing in the manner now provided for hearings with respect to railroad-highway grade crossings, and make and enforce proper orders for the removal of the brush, timber, sign, signboard or billboard, or maintenance of the crossing: *Provided*, That nothing in this section shall prevent the posting or maintaining of any legal notice or sign, signal, or traffic device required or permitted to be posted or maintained, or the placing and maintaining thereon of highway or road signs or traffic devices giving directions or distances for the information of the public when the signs are approved by the [director] *commission*. The [director] *commission* shall inspect highway grade crossings and make complaint of the violation of any provisions of this section.

Sec. 8. Whenever the director of highways or the governing body of any city, town or county shall deem that the public safety requires signals or other warning devices, other than sawbuck signs, at any crossing of a railroad at common grade by any state or county highway, road, street, alley, avenue, boulevard, parkway or other public place actually open and in use or to be opened and used for travel by the public, he or it shall file with the public service commission a petition in writing, alleging that the public safety requires the installation of specified signals or other warning devices at such crossing or specified changes in the method and manner of existing crossing warning devices. Upon receiving such petition, the commission shall set the matter for hearing, giving at least ten days' notice to the railroad company or companies and the county or municipality affected thereby, or the director of highways in the case of a state highway, of the time and place of such hearing. At the time and place fixed in the notice, all persons and parties interested shall be entitled to be heard and introduce evidence, which shall be reduced to writing and filed by the commission. If the commission shall find from the evidence that public safety does not require the installation of the signal, other warning device or change in the existing warning device specified in the petition, it shall make findings to that effect and enter an order denying said

petition in toto. If the commission shall find from the evidence that public safety requires the installation of such signals or other warning devices at such crossing or such change in the existing warning devices at said crossing, it shall make findings to that effect and enter an order directing the installation of such signals or other warning devices or directing that such changes shall be made in existing warning devices. The commission shall also at said hearing receive evidence as to the benefits to be derived by the railroad and the public, respectively, and shall on the basis of such benefits apportion the cost of installation of such signals or other warning devices, other than sawbuck signs, between the railroad, municipality or county affected, or if the highway is a state road or parkway, between the railroad and the state: *Provided*, That the commission shall in no case apportion more than fifty percent of the cost of such installation or change in existing warning devices to the public body involved. Nothing herein shall be deemed to foreclose the right of the interested parties to enter into an agreement providing for the installation of signals or other warning devices at any such crossing or for the apportionment of the cost thereof. Any order entered by the public service commission under this section shall be subject to review, supersedeas and appeal as provided in RCW 81.04.170 through RCW 81.04.190."

#### MOTION

Mr. Miller (Floyd C.) moved that the House advance to the ninth order of business.

#### POINT OF ORDER

Mr. Mardesich:

"Point of order, Mr. Speaker."

The Speaker:

"State your point, Mr. Mardesich."

Mr. Mardesich:

"We have no calendar of the day, this being the fifty-sixth day—the calendar being for the fifty-fifth day."

Mr. Frayn:

"Mr. Speaker, I think Mr. Mardesich's point is well taken. I can't see how we can continue to have anything before us."

Mr. Clark (Newman H.):

"Mr. Speaker, I think it would be a dangerous precedent to set if you establish that we have nothing before us, in view of the past history of the House. In previous sessions we have adjourned at 4:30 o'clock a. m., and we were engaged during that time in considering a calendar made up for the previous day. It may not be in the rule books, but it is in the history of this body."

Mr. Kirk:

"Mr. Speaker, in the matter of the fifty-fifth day of two years ago, you will recall that it was a matter of the clock being stopped. Mr. Jones raised a point of parliamentary inquiry asking by which clock we were proceeding, and the Speaker ruled that the clock or watch ruling was the watch on his wrist, and the hour was then after midnight of the fifty-fifth day."

#### RULING BY THE SPEAKER

The Speaker:

"It appears to the Speaker that precedent has been established for many sessions regarding the time relative to calendars. Under the provisions of House Concurrent Resolution No. 17, we can no longer continue consideration of House bills. Relative to Senate bills, it appears from House Rule 9 that the Committee on Rules and Order has charge of the daily calendar of the House. This, in my opinion, due to the precedent established, means that a calendar is prepared and, there being no clearly stipulated rule, a calendar can be considered until it is completed."

#### MOTIONS

On motion of Mr. Mardesich, consideration of the remainder of the bills on the calendar was dispensed with, and the bills were ordered returned to Committee on Rules and Order.

On motion of Mr. Johnston, the call of the House was dispensed with.

Mr. Hess moved that the House adjourn until three o'clock p. m., Sunday, March 6, 1955.

The motion was lost.

On motion of Mr. Miller (Floyd C.), the House adjourned until two o'clock p. m., Sunday, March 6, 1955.

Senate Chamber,  
Olympia, Wash., March 6, 1955.

MR. SPEAKER:

The Senate has passed: Engrossed Substitute House Bill No. 248, with the following amendments:

The authority shall have the right to impose tolls for traffic over the existing bridge as well as the additional bridge for the purpose of paying the cost of operation and maintenance of said bridge or bridges and the interest on and creating a sinking fund for retirement of revenue bonds issued for account of such project, all in the manner permitted and provided by this act."

Amend Sec. 10, line 20, page 6 of the engrossed substitute House bill, same being the second paragraph of the mimeographed House amendment to the substitute House bill, on page 6 of the printed bill, by striking said amendment and inserting in lieu thereof the following paragraph reading as follows: "The authority shall have the right to impose tolls for pedestrian and vehicular traffic over the existing Manette bridge, as well as such new bridge when constructed, for the purpose of paying the costs of reconstructing and improving approaches and constructing new approaches to the existing Manette bridge, constructing the new bridge in the vicinity thereof, to pay interest on and create a sinking fund for the retirement of revenue bonds issued for account of such project, and to pay any and all costs and expenses incurred by the authority in connection with and incidental to the issuance and sale of bonds, and for the preparation of surveys and estimates and to establish the required interest reserves for and during the estimated construction period and for six months thereafter: *Provided, however,* That the authority shall not have the right to impose tolls for pedestrian or vehicular traffic over the existing Manette bridge for any of the foregoing purposes until the imposition thereof has been approved by the majority vote of the voters of the city of Bremerton at a special election called and held for that purpose at the time and in the manner provided by law with respect to special elections in the city of Bremerton."

Amend the title at the end thereof, by striking the period (.) and adding the following: ", and providing for a special election in the city of Bremerton before the imposition of tolls on the existing Manette bridge.", and the same is herewith transmitted.

HERBERT H. SIELER, Secretary.

On motion of Mrs. Hansen (Julia Butler), the House refused to concur in part in the Senate amendments to Engrossed Substitute House Bill No. 248, and asked the Senate to recede therefrom in part.

## POINT OF INQUIRY

Mr. Clark (Newman H.):

"Mr. Speaker, will Mrs. Hansen (Julia Butler) yield to a question?"

The Speaker:

"Mrs. Hansen, will you yield to a question?"

Mrs. Hansen:

"Yes."

Mr. Clark:

"Is the part of the Senate amendments to which you object, the part referring to an election by the city of Bremerton relative to the imposition of the tolls on the present bridge?"

Mrs. Hansen:

"My objection is not personal. The Manette highway bridge is on an existing state highway. There is the question whether the people of Bremerton shall determine the facilities located on a state highway. The state highways have been held to belong to the people of the state, and this part of the amendment is a rather serious question and would lead to lots of questions in the future. It is a matter of setting a precedent."

Immediately following section 2, ending on line 10 of the printed bill, add the following new sections to be known as sections 3, 4, 5, 6, and 7 and renumber section 3 to read "Sec. 8.":

"Sec. 3. The supreme court may appoint two persons as commissioners of the supreme court, each of whom shall possess the same qualifications, and take a like oath as judges of the supreme court.

"The commissioners so appointed shall be selected by majority vote of the judges of the supreme court from a list of ten nominees which shall be submitted to the court by the board of governors of the Washington state bar association. Nominations shall be by secret ballot by mail by the active members of the state bar who shall vote for ten nominees from among the names of twenty candidates placed upon the ballot by the committee on selection of judges of the state bar association. Not more than five nor less than three candidates shall be chosen from each of the congressional districts of the state.

"The judges shall not be required to make any appointment from any list so submitted, but may request the submittal of successive lists until such appointments are made.

"Vacancies shall be filled in the same manner as for original appointment.

"Sec. 4. The supreme court commissioners shall hold office at the pleasure of the court. They shall each receive a salary of twelve thousand dollars per year payable in the same manner as the supreme court judges are paid; and during their appointment shall not engage in the practice of law.

"Sec. 5. It shall be the duty of the commissioners, under such rules and regulations as the supreme court may adopt, to aid and assist said court in the performance of its duties, in the disposition of causes now pending before it, or which shall hereafter be brought into it during the term of office of such commissioners. The commissioners shall not vote in any of the proceedings of the supreme court.

"Sec. 6. Section 3, chapter 24, Laws of 1909 and RCW 2.04.120 are each amended to read as follows:

"There shall be two departments of the supreme court, denominated respectively department one and department two. The chief justice shall assign four of the associate judges and one of the supreme court commissioners to each department and such assignment may be changed by him from time to time: *Provided*, That the associate judges and supreme court commissioners shall be competent to sit in either department and may interchange with one another by agreement among themselves, or if no such agreement be made, as ordered by the chief justice: *Provided further*, That one commissioner only, shall sit in a department. The chief justice may sit in either de-

partment and shall preside when so sitting, but the judges assigned to each department shall select one of their number as presiding judge.

"Each of the departments shall have the power to hear and determine causes, and all questions arising therein, subject to the provisions in relation to the court en banc. The presence of three judges shall be necessary to transact any business in either of the departments, except such as may be done at chambers, but one or more of the judges may from time to time adjourn with the same effect as if all were present, and a concurrence of three judges shall be necessary to pronounce a decision in each department. If three judges do not concur, the cause shall be reheard in the same department or transmitted to the other department, or to the court en banc.

"Sec. 7. Until the appointment and qualification of the supreme court commissioners authorized in this act, all causes and matters theretofore submitted to the court shall be disposed of by the court independent of the provisions of this act and in accordance with the existing law and rules of court."

#### POINT OF ORDER

Mr. Petrie:

"Point of order, Mr. Speaker."

The Speaker:

"State your point of order, Mr. Petrie."

Mr. Petrie:

"The amendment pertains to something about the supreme court. The bill relates to the judges of the superior courts in certain counties. The amendment is not germane to the bill. I refer the Speaker to House Rule 82 which reads, 'A substitute or amendment must relate to the same subject as the original bill, resolution or memorial or constitutional amendment under consideration', and to House Rule 36 pertaining to an amendment being germane. I submit that this is an attempt to scalp another bill onto this bill."

Mr. Clark (Newman H.):

"Mr. Speaker, speaking on the point of order. House Bill No. 111 pertains to the congested condition of our courts. This proposed amendment is identical. It is for the purpose of relieving the congestion and over-burdened conditions in the courts. This amendment to House Bill No. 604 was adopted after full discussion by the body last week, but the bill did not reach the third reading calendar last Saturday because of the conditions that then existed."

Mr. Heckendorn:

"Mr. Speaker, I would like to state that this proposal would be in violation of the rule against scalping."

#### RULING BY THE SPEAKER

The Speaker:

"I believe the amendment is germane. However, House Rule 36 states, 'and no bill or resolution shall at any time be amended by annexing thereto or incorporating therein any other bill or resolution pending before the House.' It might be argued that we have passed the time for consideration of House bills. However, theoretically House Bill No. 604 is still before us. The bill could be brought before the House by a two-thirds vote of both the House and Senate. It has been a standard practice in the past on the sixtieth day to move to indefinitely postpone all bills that have not passed the House. On that theory and practice, Mr. Clark, your House Bill No. 604 is still pending. I am going to rule that your amendment is out of order."

Mr. Rasmussen moved that the following amendment be adopted:

Immediately following section 2, insert a new section, to be known as section 3, to read as follows:

"Sec. 3. Each \* \* \* \* juror shall receive for each day's attendance \* \* \* \* the sum of ten dollars plus mileage, each way, per mile, ten cents: *Provided*, That a person excused from jury service at his own request, shall be allowed not more than a per diem and such mileage, if any, as the court shall see just and equitable under all the circumstances."

**POINT OF ORDER**

Mr. Heckendorn:

"Point of order, Mr. Speaker."

The Speaker:

"State your point of order, Mr. Heckendorn."

Mr. Heckendorn:

"I would like to raise the same point of order to the proposed amendment that we had with respect to the previous amendment. The proposal constitutes a bill before the legislature and therefore would violate House Rule 36."

**RULING BY THE SPEAKER**

The Speaker:

"The Speaker will rule that the amendment is not germane."

On motion of Mr. Sandison, the rules were suspended, Senate Bill No. 111 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Mr. Cooney:

"Yes."

Mr. Huhta:

"My question, Mr. Cooney, is, would this amendment interfere with the Indian rights as established by the 1855 treaty?"

*Legal holders of valid resident fishing licenses of any state or territory of the United States, province of Canada, or state of Mexico are authorized to fish in the waters of the state of Washington without first obtaining a Washington state or county fishing license if such state or territory, of the United States, province of Canada, or state of Mexico grants reciprocal rights to legal holders of valid resident fishing licenses of the state of Washington: Provided, That this section shall not apply to commercial fishing licenses."*

Debate ensued.

#### POINT OF ORDER

Mr. Clark (Newman H.):

"Point of order, Mr. Speaker."

The Speaker (Mr. Sandison presiding):

"State your point of order, Mr. Clark."

Mr. Clark:

"First, the amendment is really a bill that is pending before the House; and second, it is not germane."

Mr. Rasmussen:

"On the point of order, Mr. Speaker, I would like to say that I will not attempt to fool you. I did go down to the bill drafting room and have the previous amendments prepared. They came up with two other amendments that had to go on the bill. I checked with bill drafting as to whether or not the amendment was germane, and I was told that it was and would fit on the bill."

Mr. Gallagher:

"Mr. Speaker, I believe that the matter is already pending before this body."

Mr. Rasmussen:

"This amendment was something that was offered in a helpful mood, and the bill is being corrected in the process."

Mr. Miller (Floyd C.):

"Mr. Speaker, I think that by ruling of the Speaker, any bill pending before the legislature cannot be presented as an amendment."

#### RULING BY THE SPEAKER

The Speaker (Mr. Sandison presiding):

"On the point of order raised by Mr. Clark, it seems the amendment is in line or germane. However, it is the subject of another bill, and on that ground, I will have to call the amendment out of order, Mr. Rasmussen."

When the nature of the vehicle will not permit display in the place prescribed by the director*, then such container with certificate therein shall be securely affixed at some conspicuous position upon the vehicle where it can be easily found, read, and inspected at all times by a person on the outside of the vehicle. [at all times.] The container shall have a cover of transparent material through which the certificate may be inspected as to the information shown thereon, including the signature of the registered owner, and it shall be unlawful for any person to operate or have in his possession a vehicle without carrying thereon such certificate of license registration as herein provided. Any person in charge of such vehicle shall, upon demand of any of the local authorities or of any peace officer or of any representative of the department, permit an inspection of such certificate of license registration.

Sec. 13. Section 10, chapter 254, Laws of 1953 and RCW 46.44.047 are each amended to read as follows:

(RCW 46.44.047) In addition to the limitations of RCW 46.44.040, 46.44.042 and 46.44.044, a three-axle truck tractor and a two-axle pole trailer combination engaged in the operation of hauling logs, shall have an allowable variation in wheelbase length of six feet for the distance between the first and last axle of the vehicle in combination which has a wheelbase overall length of thirty-seven feet or more and upon special permit the gross weight of two axles spaced less than seven feet apart may exceed by not more than sixteen hundred pounds the maximum gross axle weight specified for two axles spaced less than seven feet apart, being thirty-two thousand pounds as provided in RCW 46.44.040, and the maximum gross weight of the combination of vehicles may exceed by not more than six thousand eight hundred pounds the maximum legal gross weight of the combination of vehicles, when fully licensed as permitted by law, being sixty-eight thousand pounds.

Such additional allowances shall be permitted by a special permit to be issued by the director of highways under such rules, regulations, terms and conditions prescribed by the state highway commission. The fee for such special permit shall be fifty dollars for a twelve-month period beginning and ending on April 1st of each calendar year. Permits may be issued at any time but if issued after July 1st of any year the fee shall be thirty-seven dollars and fifty cents. If issued on or after September 1st the fee shall be twenty-five dollars and if issued on or after December 1st the fee shall be twelve dollars and fifty cents. A copy of such special permit covering the vehicle involved shall be carried in the cab of the vehicle at all times. Upon the third conviction [or] for violation of the terms and conditions of the special permit, the special permit shall be canceled. The vehicle covered by such canceled special permit shall not be eligible for a new special permit until thirty days after the cancellation of the special permit issued to said vehicle. The fee for such renewal shall be at the same rate as set forth in this section which covers the original issuance of such special permit. Each special permit shall be assigned to a specific vehicle and shall not be transferable. For the purpose of determining gross weight the actual scale weight taken by the officer shall be prima facie evidence of such total gross weight. In the event the gross weight is in excess of the weight permitted by law the officer may, within his discretion, permit the operator to proceed with his vehicles in combination.

The chief of the state patrol, with the advice of the state highway commission, may make reasonable rules and regulations to aid in the enforcement of the provisions of this section.

All fees collected under this section shall be deposited with the state treasurer and credited to the motor vehicle fund.

For each fee so paid, other than at the time of the payment of the basic license fee, an additional fee of two dollars shall be charged by the director. The monthly license shall be effective from the first day of the month in which it is purchased, through the last day of that calendar month. The director is authorized to establish rules and regulations relative to the issuance and display of certificates or insignia which shall state the month for which the vehicle is licensed. No vehicle licensed under the provisions of this section shall be operated over the public highways unless the owner or operator thereof within five days after the expiration of any such monthly period applies for, and pays the required fee for, a license for an additional monthly period, a three-month period, or for the remainder of the year. Any person who operates any such vehicle upon the public highways after the expiration of said five days, shall be guilty of a misdemeanor, and in addition shall be required to purchase a gross weight license for the vehicle involved at the fee covering an entire year's license for operation thereof, less the fees for any period or periods of the year already paid. If, within five days thereafter, no license for a full year has been purchased as required aforesaid, the Washington state patrol, county sheriff or city police shall impound such vehicle in such manner as may be directed for such cases by the chief of the Washington state patrol, until such requirement is met."

## FIFTY-NINTH DAY

### MORNING SESSION

HOUSE OF REPRESENTATIVES,  
OLYMPIA, WASH., Wednesday, March 9, 1955.

The Speaker called the House to order at eleven o'clock a. m.

The Clerk called the roll and all members were present except Representatives Cooney, Dore, Holliday, Ridgway, Stocker.

The flag of our country was escorted to the rostrum by a Sergeant-at-Arms color guard.

Prayer was offered by Reverend Delbert Daniels, minister of the First Christian Church of Olympia, Washington.

The reading clerk proceeded to read the journal of the proceedings of the previous day. On motion of Mr. Young, further reading was dispensed with and the journal was ordered to stand approved.

### PROPOSITIONS, MOTIONS AND RESOLUTIONS

#### NOTICE OF CHANGE IN HOUSE RULES

Mr. Brown gave notice that on the next working day he would move to amend House Rule 13.

#### CHANGE IN HOUSE RULES

Mr. Savage, having given notice on the preceding day, moved that House Rule 2 be changed to read as follows:

**House Rule 2.** The House shall elect its presiding officer at the commencement of each regular session, who shall be styled Speaker of the House; a Speaker Pro-Tem; a Chief Clerk of the House; an Assistant Chief Clerk to be elected on the last legislative day; and a Sergeant-at-Arms, who shall hold office during all sessions until the convening of the succeeding regular session.

In all elections by the legislature, the members shall vote *vice voce* and their vote shall be entered on the journal.

#### POINT OF INQUIRY

Mr. Rasmussen:

"Mr. Speaker, will the gentleman, Mr. Frayn, yield to a question?"

Mr. Frayn yielded.

Mr. Rasmussen:

"I will preface my remarks by saying that I think the proposed change in House Rules is all right; but I can see a possibility that if there should be appointments made that would change the complexion of the House, the members could deem it right to serve notice of a change of rules and elect their own speaker. Would that be possible?"

Mr. Frayn:

"I imagine that would be possible. That in itself, however, would be very poor judgment. I think what we are trying to get at is that when we organize, we should organize for a period of two years."

The amendment to House Rule 2 by Mr. Savage was adopted.

**Resolution by Representative Bernethy:**

Mr. Robison:

"I think private industry is getting quite a lot more."

Mr. Olson:

"I have observed a number of public servants, and they are rendering reasonable return of value for the pay they get."

Mr. Olson:

"If I understand your question, you believe the legislature should sit as a judge on whether or not public officials are getting value received from their employees. On motion of Mr. Miller (Floyd C.), Engrossed House Joint Resolution No. 32 was ordered immediately transmitted to the Senate.

#### EXPLANATIONS OF VOTES

My vote in favor of Engrossed House Joint Resolution No. 32 was not in favor of an income tax for the state of Washington. The "aye" vote recorded was to submit the matter to the voters in the hope that the measure would be defeated at the polls.

MALCOLM McBEATH.

In explanation of my "yea" vote on Engrossed House Joint Resolution No. 32, I am personally opposed to a state income tax but favor submitting it to a vote of the people in my legislative district.

WILLIAM A. FISHER.

I voted "yea" with mixed emotions on Engrossed House Joint Resolution No. 32. I am far from convinced that an income tax is the answer to our tax problems in this state, but I am convinced that the people should have the opportunity to decide this question for themselves.

CATHERINE D. MAY.

The "yea" vote which I recorded on Engrossed House Joint Resolution No. 32 should not be construed as a vote favoring a graduated net income tax. My vote was one supporting the submission of the proposition to a vote of the people, so that the voters of my district might express their opinion on this matter.

HAL G. ARNASON, JR.

In view of the present high graduated net income tax rates imposed by the federal government, I presently am not in favor of the imposition of such an additional tax at this time by the state of Washington. However, some members of the legislature, and some others, have strongly urged the further imposition of such a tax. I am entirely willing to abide by the decision of the people of this great state on this question. There may be a question as to the constitutionality of the present measure, but in order to give the people an opportunity to express themselves on the question at the polls, I have voted "aye" on Engrossed House Joint Resolution No. 32.

HENRY HECKENDORN.

While voting "aye" on Engrossed House Joint Resolution No. 32, it was for the purpose of letting the people of the state decide. I do not propose to vote for such a measure if it is put on the ballot.

DOUGLAS G. KIRK.

#### MESSAGES FROM THE GOVERNOR

Executive Department,  
Olympia, Wash., March 9, 1955.

To the Honorable, The House of Representatives  
of the State of Washington

LADIES AND GENTLEMEN:

I am returning herewith House Bill No. 141 without my approval of sections 4 and 5. The title of the bill is as follows:

"An Act relating to distribution of intoxicating liquor revenue and amending section 1, chapter 187, Laws of 1949, and RCW 43.66.090 through RCW 43.66.120."

As originally introduced, the apparent purpose of this bill was to authorize the use of the last federal or official county census, whichever was the later, for the purpose of determining the distribution of liquor profits to counties. Sections 4 and 5 of the bill relate to the proportionate distribution of such profits to cities. Apparently these sections were included for technical reasons merely because they were a portion of chapter 187, Laws of 1949 as originally enacted. However, sections 4 and 5 were later amended to delete certain language contained in the original 1949 act. Subsequent to 1949 the legislature enacted chapter 96, Laws of 1951, creating a state census board. In this act it was provided that the population estimates of the board be used for the allocation and payment to cities of certain state funds. The inclusion of sections 4 and 5 in this bill raises a serious question as to whether, as a matter of statutory construction, the content of such sections supersedes the 1951 act. I feel certain that such result was not intended

by the legislature and in order to remove any doubt as to the effect of these provisions I am disapproving the same. For these reasons, sections 4 and 5 of this bill are vetoed and the remainder is approved.

Respectfully submitted,

ARTHUR B. LANGLIE, Governor.

On motion of Mr. Carmichael, the House took no action on the Governor's message.

Executive Department,  
Olympia, Wash., March 9, 1955.

To the Honorable, The House of Representatives  
of the State of Washington

LADIES AND GENTLEMEN:

I am returning herewith without my approval as to sections 2, 4 and 5, House Bill No. 117 entitled:

"An Act relating to stray logs, their capture and disposition, the administration and enforcement of the laws relating thereto, and amending chapter 116, Laws of 1947 as last amended by section 2, chapter 140, Laws of 1953 and RCW 76.40.012; amending chapter 116, Laws of 1947 as last amended by section 1, chapter 140, Laws of 1953 and RCW 76.40.015; amending section 3, chapter 116, Laws of 1947 as last amended by section 10, chapter 140, Laws of 1953 and RCW 76.40.030; amending section 5, chapter 116, Laws of 1947 as last amended by section 11, chapter 140, Laws of 1953 and RCW 76.40.050; amending section 6, chapter 116, Laws of 1947 and RCW 76.40.060; amending chapter 116, Laws of 1947 as last amended by section 5, chapter 140, Laws of 1953 and RCW 76.40.125; amending chapter 116, Laws of 1947 as last amended by section 6, chapter 140, Laws of 1953 and RCW 76.40.127; amending chapter 116, Laws of 1947 as last amended by section 7, chapter 140, Laws of 1953 and RCW 76.40.128; and repealing section 8, chapter 140, Laws of 1953 and RCW 76.40.129."

The vetoed sections of this bill were based upon passage of House Bill No. 257 which would have consolidated the administration of chapters 76.36 RCW and 76.40 RCW, placing both functions under the supervisor of forestry. House Bill No. 257 failed to pass at this legislative session. Consequently, much of the language contained in sections 2, 4 and 5 of House Bill No. 117 which was drafted in anticipation of such consolidation, is inconsistent with existing law.

Furthermore, because the economies of the anticipated consolidation will not be realized, there will be insufficient money in the log patrol revolving fund to pay the cost of administering both laws.

For these reasons, sections 2, 4 and 5 of House Bill No. 117 are vetoed, and the remainder of the bill is approved.

Respectfully submitted,

ARTHUR B. LANGLIE, Governor.

On motion of Mr. Bernethy, no action was taken on the Governor's veto message.

Executive Department,  
Olympia, Wash., March 10, 1955.

To the Honorable, The House of Representatives  
of the State of Washington

LADIES AND GENTLEMEN:

I have the honor to advise that the Governor has approved the following House Bill, entitled:

House Bill No. 436:

"An Act appropriating the sum of four hundred thousand three hundred dollars for the actual and necessary expenses of the legislature, including the legislative council, the legislative budget committee, other interim committees, and legislators' salaries; and declaring an emergency."

Very truly yours,

JOSEPH F. HIDDLESTON, Assistant to the Governor.

#### MESSAGES FROM THE SENATE

Senate Chamber,  
Olympia, Wash., March 10, 1955.

MR. SPEAKER:

The Senate has concurred in the House amendments to Engrossed Senate Bill No. 490, with the exception of the House amendment which adds five new sections to be

known as sections 10, 11, 12, 13 and 14 and asks the House to recede from said amendment.

HERBERT H. SIELER, *Secretary.*

On motion of Mrs. Hansen (Julia Butler), the House refused to recede from its amendment to Engrossed Senate Bill No. 490 and asked the Senate for a conference thereon.

Senate Chamber,  
Olympia, Wash., March 10, 1955.

MR. SPEAKER:

The Senate has received the House message that the House has failed to accept the Conference Committee Report on Engrossed House Bill No. 531, and the Senate requests the appointment of a new Conference Committee to consider said bill and the Senate amendments thereto.

HERBERT H. SIELER, *Secretary.*

Mr. Arnason moved that the House grant the Senate's request for a new Conference Committee on Engrossed House Bill No. 531.

#### PARLIAMENTARY INQUIRY

Mr. Hess:

"Mr. Speaker, parliamentary inquiry."

The Speaker:

"State your parliamentary inquiry, Mr. Hess."

Mr. Hess:

"Whose message was that?"

The Speaker:

"A message from the Senate."

Mr. Hess:

"Whose names are attached to it?"

The Speaker:

"Herbert H. Sieler, Secretary."

Mr. Hess:

"Has any one other than the Secretary of the Senate signed the message? There was a Conference Committee assigned to this subject, and this committee is the only body capable of presenting any request relative to action by the House. I believe the request is not in order and not properly before the House for consideration until the majority of the Conference Committee members of each House join in such a request."

The Speaker:

"Mr. Arnason, you are a member of this Conference Committee. Did the committee meet to ask for the appointment of a new committee?"

Mr. Arnason:

"No, Mr. Speaker. The message was received from the Senate requesting a new Conference Committee since we had not adopted the report of the Conference Committee last night."

The Speaker:

"It appears that Mr. Hess' point is well taken. The Conference Committee would have to ask to be discharged before a new committee could be appointed."

#### MESSAGES FROM THE SENATE

**PRESENTATION OF GIFT TO SPEAKER**

The Speaker (Mr. Sandison presiding) appointed Mrs. May and Mrs. Testu to escort the Honorable John L. O'Brien, Speaker, to a place before the bar of the House; and appointed Mr. Byrne and Mr. Kupka to escort Mrs. O'Brien to a place beside Mr. O'Brien.

Mrs. Ridgway:

"Mr. Speaker, Mrs. O'Brien, Ladies and Gentlemen of the House:

"I have been given the very great privilege of presenting to you, our Speaker, a gift of appreciation from your fellow members of the House of Representatives. We hope that it will express to you some measure of our sincere feeling of friendship toward you and our admiration of the masterly way that you have conducted the business of this session.

"All of us feel that you have been most fair in your dealings and in your decisions, and I believe I express the feelings of all the other members when I say that I consider it a great privilege to have served as a member of the thirty-fourth legislature under your leadership as Speaker.

"And now to you and Mrs. O'Brien, on behalf of the members, we present this token of our esteem and fellowship, along with a scroll which expresses our respect and which is signed by all of the members of the House."

Mr. O'Brien:

"Mr. Speaker, Mrs. Ridgway, fellow members:

"This is an occasion that I have watched other Speakers experience and noticed that it was always very difficult for them—it is extremely difficult for me, too. When you brought me down here it was reminiscent of a wedding and reminiscent of our memorial services—I think they are both particularly significant. In this legislature, particularly in the House, we develop a real friendship. It is a friendship that is not comparable in any other type of work that we do. It is a bond of friendship that lasts throughout the remaining days of our lives. I know it brings back memories to me every time we have a memorial service. We watch and witness the service, and we participate in the memory of legislators who are no longer with us, who were with us just a short while before. In our case, this year, three of our members who were with us two years ago are not with us today. It is significant of our true feeling, I think, that it does not matter whether they are members of our political faith or the opposite political faith. There is a common understanding and feeling.

"This session has been a good one. We have disagreed occasionally, but we have not been disagreeable. I have at all times tried to conduct the affairs as fairly and impartially as I possibly could, and I feel that in many respects we have been a grand group. We have tried hard and have done the best we could for the people of our state. It is only too bad that we are not all members of the same political faith.

"I thank you all from the bottom of my heart, and Mrs. O'Brien joins with me. This occasion will remain in our memory forever. It will be with us the balance of our lives—one that we will look upon and remember with deep appreciation."

The Speaker (Mr. Sandison presiding) requested the committees to escort the Honorable John L. O'Brien, Speaker, and Mrs. O'Brien back to the Speaker's office.

**THIRD READING OF BILLS**

**Engrossed House Bill No. 694**, by Representatives Hess, Hallauer and Wintler:

Permitting the state to issue limited obligation bonds for school construction purposes.

On motion of Mr. Mardesich, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

**POINT OF INQUIRY**

• Mr. Harris:

"Mr. Speaker, would Mr. Hess yield to a question?"

Mr. Hess yielded.

Mr. Harris:

"Mr. Hess, I feel you are quite well informed on this matter, and I am not. In all sincerity, I want to ask you two questions. In your opinion, could the building authority, as you have proposed it, go into existence and could House Bill No. 694 also go into existence and exist side-by-side without hurting one another?"

Mr. Hess:

"I think that is a good question. I wish I were better informed so that I could give you a more well-balanced answer; however, I believe that they can exist very well side-by-side."

Further debate ensued.

Mr. Brown demanded the previous question and the demand was sustained.

Mr. Mardesich demanded a call of the House and the demand was sustained.

#### CALL OF THE HOUSE

The Sergeant-at-Arms was instructed to lock the doors.

The Clerk called the roll and all members were present.

On motion of Mr. Mardesich, the House proceeded with business under the call of the House.

The Speaker stated the question before the House to be the final passage of Engrossed House Bill No. 694.

The Clerk called the roll on the final passage of Engrossed House Bill No. 694, and the bill passed the House by the following vote: Yeas, 66; nays, 33; absent or not voting, 0.

Those voting yea were: Representatives Anderson, Bailey, Ball, Beierlein, Bernethy, Bozarth, Brown, Byrne, Carmichael, Carty, Connor, Cooney, Donohue, Dore, Edwards, Elway, Fisher, Folsom, Griffith, Hallauer, Hanna, Hansen (Julia Butler), Hanson (Herb), Harris, Henry, Hess, Holliday, Huhta, Hyppa, Jones (Arthur D.), Jones (Mrs. Vincent F.), King, Kirk, Kupka, Litchman, Lybecker, Mardesich, Martin, Mast, McCutcheon, McFadden, Miller (Clyde J.), Miller (Floyd C.), Mundy, Munro, Munsey, Neal (Mel T.), Olsen (Ray), Olson (Ole H.), Purvis, Rasmussen, Ridgway, Rosenberg, Sandison, Savage, Sawyer, Shropshire, Smith, Stocker, Testu, Wedekind, Weitzman, Wintler, Yearout, Young, Mr. Speaker—66.

Those voting nay were: Representatives Adams, Arnason, Canfield, Chytil, Clark (Cecil C.), Clark (Newman H.), Comfort, Eldridge, Farrar, Frayn, Gallagher, Gordon, Hawley, Heckendorn, Hurley, Johnston, Loney, Lorimer, May, McBeath, McDermott, Neill (Marshall A.), Oakes, Ovenell, Pence, Petrie, Robison, Ruoff, Siler, Strom, Swayze, Timm, Wang—33.

Engrossed House Bill No. 694, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

#### EXPLANATIONS OF VOTES

I voted against Engrossed House Bill No. 694, a school building bond program, because I do not believe further mortgaging of the future of our children is in the best interests of our state. I agree with the principles embodied in the bill, but I cannot see the wisdom of further deficit financing in this school building area. I would support a similar bill if it was financed out of current revenue and would support tax proposals to meet that revenue need.

ROBERT D. TIMM.

In explanation of my "no" vote on Engrossed House Bill No. 694, I agree that sufficient money must be made available for school construction purposes; however, I prefer the "pay-as-you-go plan." In this way all interest paid on bonds is saved by the state for school use and, even though money from bonds is reinvested, it is a well known fact that it is reinvested at a smaller rate of interest than is paid on the bonds sold. This undesirable procedure is also avoided if we pay current expenses with current revenue.

MRS. JOSEPH E. HURLEY.

#### SPEAKER'S PRIVILEGE

The Speaker observed within the bar of the House former Representative Charles Stokes of King county and appointed Mr. Dore and Mr. McDermott to escort him to a seat on the rostrum. (Applause.)

#### MOTIONS

On motion of Mr. Mardesich, Engrossed House Bill No. 694 was ordered immediately transmitted to the Senate.

On motion of Mr. Miller (Floyd C.), the call of the House was dispensed with.

On motion of Mr. Mardesich, the House reverted to the seventh order of business to receive messages from the Senate.

## MESSAGE FROM THE SENATE

Senate Chamber,  
Olympia, Wash., March 10, 1955.

MR. SPEAKER:

The Senate has adopted the report of the Free Conference Committee to whom was referred Engrossed Substitute House Bill No. 248, and passed the bill as amended by the Free Conference Committee, and said bill, together with the Free Conference Report, is herewith transmitted.

## REPORT OF FREE CONFERENCE COMMITTEE

Olympia, Wash, March 10, 1955.

MR. PRESIDENT:

MR. SPEAKER:

We, of your Free Conference Committee, to whom was referred Engrossed Substitute House Bill No. 248, an act authorizing agreements between the state department of highways and the Washington toll bridge authority with respect to the reconstruction and improvement of bridges located on any primary or secondary state highway; and authorizing the Washington toll bridge authority to carry out such reconstruction and improvement work and to construct additional bridges adjacent thereto and to issue revenue bonds in connection therewith; and to impose tolls for traffic over such bridge or bridges in connection therewith; and specifically authorizing construction of a toll bridge over Port Washington Narrows in Kitsap county and authorizing the reconstruction and improvement of approaches to and the imposition of tolls upon the existing Manette Bridge over Port Washington Narrows, have had the same under consideration, and we recommend that Engrossed Substitute House Bill No. 248 be amended to read as follows and that the amended bill do pass:

AN ACT authorizing agreements between the state department of highways and the Washington toll bridge authority with respect to the reconstruction and improvement of bridges located on any primary or secondary state highway; and authorizing the Washington toll bridge authority to carry out such reconstruction and improvement work and to construct additional bridges adjacent thereto and to issue revenue bonds in connection therewith; and to impose tolls for traffic over such bridge or bridges in connection therewith; and specifically authorizing construction of a toll bridge over Port Washington Narrows in Kitsap county and authorizing the reconstruction and improvement of approaches to and the imposition of tolls upon the existing Manette Bridge over Port Washington Narrows.

*Be it enacted by the Legislature of the State of Washington:*

Section 1. Whenever the legislature shall specifically authorize, as a single project, the construction of an additional toll bridge, including approaches, and the reconstruction of an existing adjacent bridge, including approaches, and the imposition of tolls on both bridges, the state highway commission and the Washington toll bridge authority are each hereby authorized to enter into appropriate agreements whereunder the existing bridge or its approaches will be reconstructed and improved and an additional bridge, including approaches and connecting highways will be constructed as a part of the same project to be located adjacent to or within two miles of such existing bridge and will be financed through the issuance of revenue bonds of the same series. The authority shall have the right to impose tolls for traffic over the existing bridge as well as the additional bridge for the purpose of paying the cost of operation and maintenance of said bridge or bridges and the interest on and creating a sinking fund for retirement of revenue bonds issued for account of such project, all in the manner permitted and provided by this act.

Sec. 2. For the purpose of obtaining information as to the necessity of the reconstruction or improvement of any such bridge and the expediency of constructing any such additional bridge it shall be the duty of the director of highways upon request of the state highway commission or the authority to make any examination, investigation, survey or reconnaissance pertaining thereto and the cost of any such examination, investigation, survey or reconnaissance, and all preliminary expenses in the issuance of any revenue bonds, making surveys and appraisals and drafting, printing, issuance and sale of bonds under this act, shall be advanced by any interested municipality, agency or department of the state of Washington and all such advancements shall be reimbursed out of any proceeds derived from the sale of bonds or out of tolls

and revenues to be derived by the authority through its operations hereunder for account of the project, as may be agreed upon between the authority and such municipality, agency or department.

Sec. 3. The director of highways shall have full charge of the construction of all such improvements and reconstruction work and the construction of any additional bridge, including approaches and connecting highways, that may be authorized by the authority under this act and the operation of such bridge or bridges, as well as the collection of tolls and other charges for services and facilities thereby afforded. The schedule of charges for such services and facilities shall be fixed and revised from time to time by the authority so that the tolls and revenues collected will yield annual revenue and income sufficient, after payment or allowance for all operating, maintenance and repair expenses, to pay the interest on all revenue bonds outstanding under the provisions of this act for account of the project and to create a sinking fund for the retirement of such revenue bonds at or prior to maturity, and such charges shall be continued until all such bonds and interest thereon and unpaid advancements, if any, shall have been paid.

Sec. 4. For the purpose of paying the cost of all or any part of such improvement and reconstruction work and the construction of any such additional bridge, approaches thereto and connecting highways, the authority is hereby authorized by resolution to issue its revenue bonds which shall constitute obligations only of the authority and shall be payable solely and only from all or such part of the revenues and income from the operation of the bridge or bridges constituting the project as may be provided in and by such resolution. Each such revenue bond shall contain a recital that payment or redemption of the bond and payment of the interest thereon is secured by a direct charge and lien upon the tolls and revenues pledged for that purpose and that such bond does not constitute an indebtedness of the state of Washington. Such revenue bonds may bear such date or dates; may mature at such time or times as the authority shall determine, may bear interest at such rate or rates not exceeding five percent per annum, may be in such denomination or denominations, may be in such form, either coupon or registered, may carry such registration and conversion privileges, may be made subject to such terms of redemption with or without premium, and may contain such other terms and covenants not inconsistent with this act as may be provided in such resolution. Notwithstanding the form or tenor thereof, and in the absence of an express recital on the face thereof that the bond is nonnegotiable each such revenue bond shall at all times be and shall be treated as a negotiable instrument for all purposes. All such bonds shall be signed by the member of the authority who is state auditor and countersigned by the governor and any interest coupons appertaining thereto shall bear the signature of the state auditor: *Provided*, That the counter-signature of the governor on such bonds and the signature of the state auditor on such coupons may be their printed or lithographed facsimile signatures. Pending the issuance of definitive bonds, temporary or interim bonds, certificates or receipts of any denomination and with or without coupons attached may be issued as may be provided by said resolution. All bonds issued under or by authority of this act shall be sold to the highest and best bidder at such price or prices that the net interest cost to the authority shall not be greater than six percent per annum, computed to maturity according to standard tables of bond values and after such advertising for bids as the authority may deem proper: *Provided*, That the authority may reject any and all bids so submitted and thereafter sell such bonds so advertised under such terms and conditions as the authority may deem advantageous. The purchase price of all bonds issued hereunder shall be paid to the state treasurer consistent with the provisions of the resolution pursuant to which such bonds have been issued or to the trustee designated in the bond resolution and held as a separate trust fund to be disbursed on the orders of the authority.

Sec. 5. In determining the amount of bonds required to be issued there may be included any expenses incurred by the authority, or approved by the authority, in connection with and incidental to the issuance and sale of bonds and for the preparation of surveys and estimates and making inspections and examinations, required reserves, if any, interest during the estimated construction period, and for six months thereafter, and a reasonable amount for initial operating expenses and prepaid insurance. The authority is hereby empowered to include in any resolution authorizing the issuance of the bonds such covenants, stipulations and conditions as may be deemed necessary with respect to the continued use and application of the revenues and income from the bridge or bridges. The holder of any bond or the trustee for any bonds designated by resolution may by mandamus or other appropriate proceeding require and compel

performance of any duties imposed upon any state department, official or employee, including any duties imposed upon or undertaken by the authority or its officers, agents and employees in connection with any improvement or reconstruction work on any such existing bridge, the construction of any such additional bridge, including approaches and connecting highways, provided to be so constructed, the maintenance and operation of the bridge or bridges and in connection with the collection, deposit, investment, application and disbursement of the proceeds of the bonds and the revenues and income derived from the operation of the bridge or bridges.

Sec. 6. Each resolution providing for the issuance of revenue bonds shall provide for setting aside the necessary amounts for the reasonable and proper operation, maintenance and repair expenses, and shall fix and determine the amounts to be set apart and applied to the payment of the interest on and retirement of the revenue bonds. All income and revenues as collected shall be paid to the state treasurer for the account of the authority as a separate trust fund and to be segregated and set apart for the payment of the revenue bonds or may be remitted to and held by a designated trustee in such manner and with such collateral as may be provided in the resolution authorizing the issuance of said bonds.

Sec. 7. Notwithstanding any other provision of the law, bonds issued under this act shall be legal investments by the state finance committee of any state moneys in its hands, except permanent school funds.

Sec. 8. The authority is hereby authorized and empowered to acquire in the name of the state by the exercise of the power of eminent domain any lands, property, rights, rights-of-way, franchises, easements and other property of any person, firm or corporation, political subdivision or other owner, deemed necessary or convenient for the construction, reconstruction, improvement and operation of any project initiated and carried on by the authority under this act. Such proceedings shall be in accordance with and subject to the provisions of any and all laws applicable to the exercise of the power of eminent domain by the state.

Sec. 9. This act shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby, and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing.

Sec. 10. (1) The authority is specially authorized under the provisions of this act to reconstruct and improve the existing approaches and construct new approaches to the Manette bridge on secondary state highway 21-B in the city of Bremerton, and to construct an additional bridge, including approaches, over Port Washington Narrows in the vicinity of the said Manette bridge, at such exact location as may be selected by the director of highways, the state highway commission and the authority. Such project shall be known and designated as the Port Washington Narrows Project and such new bridge and approaches when constructed shall be and become an integral part of the state highway system to be connected with and be a part of secondary state highway 21-B.

(2) The authority shall have the right to impose tolls for pedestrians and vehicular traffic over the existing Manette bridge, as well as such new bridge when constructed, for the purpose of paying the costs of reconstructing and improving approaches and constructing new approaches to the existing Manette bridge, constructing the new bridge in the vicinity thereof, to pay interest on and create a sinking fund for the retirement of revenue bonds issued for account of such project, and to pay any and all costs and expenses incurred by the authority in connection with and incidental to the issuance and sale of bonds, and for the preparation of surveys and estimates and to establish the required interest reserves for and during the estimated construction period and for six months thereafter.

Sec. 11. Under the provisions of this act projects other than those specifically authorized herein involving existing bridges may be studied and analyzed by the authority and the commission, and recommendations therefor may be submitted to the legislature, but such other projects shall not be financed or constructed by the said authority under the provisions hereof until further specific authorization therefor has been provided by the legislature.

Sec. 12. If any section, sentence, clause or phrase of this act should be held to be invalid or unconstitutional, the invalidity or unconstitutionality thereof shall not affect

the validity or constitutionality of any other section, sentence, clause or phrase of this act.

#### REPORT OF FREE CONFERENCE COMMITTEE

Olympia, Wash., March 10, 1955.

MR. PRESIDENT:

MR. SPEAKER:

We, of your Free Conference Committee, to whom was referred Engrossed House Bill No. 148, relating to eminent domain by the state, have had the same under consideration, and we recommend that Engrossed House Bill No. 148 be amended to read as follows and that the amended bill do pass:

AN ACT relating to eminent domain by the state, and revising and amending section 4, chapter 74, Laws of 1891, as amended by section 1, chapter 98, Laws of 1925 extraordinary session, and as amended by section 1, chapter 177, Laws of 1951, and RCW 8.04.070, 8.04.080, 8.04.090 and 8.04.100, and adding a new section to chapter 8.04 RCW.

*Be it enacted by the Legislature of the State of Washington:*

Section 1. Section 4, chapter 74, Laws of 1891, as amended by section 1, chapter 98, Laws of 1925 extraordinary session, and as amended by section 1, chapter 177, Laws of 1951 (heretofore divided and codified as RCW 8.04.070, 8.04.080, 8.04.090 and 8.04.100) is divided and amended as set forth in sections 2 through 5 of this act.

Sec. 2. (RCW 8.04.070) At the time and place appointed for hearing the petition, or to which the hearing may have been adjourned, if the court has satisfactory proof that all parties interested in the lands, real estate, premises or other property described in the petition have been duly served with the notice, and is further satisfied by competent proof that the contemplated use for which the lands, real estate, premises, or other property are sought to be appropriated is really necessary for the public use of the state, it shall make and enter an order, to be recorded in the minutes of the court, and which order shall be final unless review thereof to the supreme court of the state is taken within five days after entry thereof, adjudicating that the contemplated use for which the lands, real estate, premises or other property are sought to be appropriated is really a public use of the state.

Sec. 3. (RCW 8.04.080) The order shall direct that determination be had of the compensation and damages to be paid all parties interested in the land, real estate, premises or other property sought to be appropriated for the taking and appropriation thereof, together with the injury, if any, caused by such taking and appropriation to the remainder of the lands, real estate, premises, or other property from which the same is to be taken and appropriated after offsetting against any and all such compensation and damages the special benefits, if any, accruing to such remainder by reason of the appropriation and the use by the state of the lands, real estate, premises, and other property described in the petition. The determination shall be made within thirty days after the entry of such order, before a jury if trial by jury is demanded at the hearing either by the petitioner or by the respondents, otherwise by the court sitting without a jury. If no regular venire has been called so as to be available to serve within such time on application of the petitioner at the hearing, the court may by its order continue such determination to the next regular jury term [or may] *if a regular venire will be called within sixty days, otherwise the court shall call a special jury within said sixty days* and direct the sheriff to summon, from the citizens of the county in which the lands, real estate, premises, or other property sought to be appropriated are situated, as many qualified persons as may be necessary in order to form a jury of twelve persons, unless the petitioner and respondents both consent to a less number of jurors (such number to be not less than three), and such consent is entered by the clerk in the minutes of such hearing. *In any third class county or lesser classification, the costs of such special jury for the trial of such condemnation cases only shall be borne by the state.*

Sec. 4. (RCW 8.04.090) In case the state shall require immediate possession and use of the property sought to be condemned, and an order of necessity shall have been granted, and no review has been taken therefrom, the attorney general *may stipulate with respondents in accordance with the provisions of this section and RCW 8.04.092 and 8.04.093 for an order of immediate possession and use, and file with the clerk of the court wherein the action is pending, a certificate of the state's requirement of immediate possession and use of the land, which shall state the amount of money offered to the respondents and shall further state that such offer constitutes a continuing tender of such amount. The attorney general shall file a copy of the certificate with the state auditor, who forthwith shall issue and deliver to him a warrant payable to the order of the clerk of the court wherein the action is pending in a sum sufficient to pay the amount offered, which shall forthwith be paid into the registry of the court. The court without further notice to respondent shall enter an order granting to the state the immediate possession and use of the property described in the order of necessity, which order shall bind the petitioner to pay the full amount of any final judgment of compensation and damages which may thereafter be awarded for the taking and appropriation of the lands, real estate, premises, or other property described in the petition and for the injury, if any, to the remainder of the lands, real estate, premises, or other property from which they are to be taken by reason of such taking and appropriation, after offsetting against any and all such compensation and damages the special benefits, if any, accruing to such remainder by reason of the appropriation and use by the state of the lands, real estate, premises, or other property described in the petition. The moneys paid into court may at any time after entry of the order of immediate possession, be withdrawn by respondents, by order of the court, as their interests shall appear.*

Sec. 5. (RCW 8.04.100) At the time of fixing the date for trial by jury in any case the court may, on application of the petitioner, order that any one or more condemnation cases then pending before the court and requiring determination by a jury of the compensation and damages as aforesaid be consolidated and tried before one and the same jury but with a separate award to be made in each case. If necessary, the sheriff, under direction of the court or judge thereof, shall summon as many qualified persons as may be required to complete the jury from citizens of the county where such lands, real estate, premises or other property sought to be appropriated are situated.

Sec. 6. In proceedings for the condemnation of property under any of the provisions of Title 8, RCW, wherein the condemnee has recovered a judgment which is at least twenty-five percent in excess of the final offer of the condemnor, the condemnee shall be entitled to a reasonable attorney's fee to be awarded by the court.

I move that we give a rising vote of thanks to our Chief Clerk, Si Holcomb." (Applause.)
