**GOVERNOR'S MESSAGES ON HOUSE BILLS VETOED  
OR PARTIALLY VETOED**

March 9, 1955.

To the Honorable

The House of Representatives of the State of Washington.  
(Through the Secretary of State.)

Ladies and Gentlemen:

I am returning herewith without my approval as to sections 2, 4 and 5, **House Bill No. 117**, entitled:

"AN ACT relating to stray logs, their capture and disposition, the administration and enforcement of the laws relating thereto, and amending chapter 116, Laws of 1947 as last amended by section 2, chapter 140, Laws of 1953 and RCW 76.40.012; amending chapter 116, Laws of 1947 as last amended by section 1, chapter 140, Laws of 1953 and RCW 76.40.015; amending section 3, chapter 116, Laws of 1947 as last amended by section 10, chapter 140, Laws of 1953 and RCW 76.40.030; amending section 5, chapter 116, Laws of 1947 as last amended by section 11, chapter 140, Laws of 1953 and RCW 76.40.050; amending section 6, chapter 116, Laws of 1947 and RCW 76.40.060; amending chapter 116, Laws of 1947 as last amended by section 5, chapter 140, Laws of 1953 and RCW 76.40.125; amending chapter 116, Laws of 1947 as last amended by section 6, chapter 140, Laws of 1953 and RCW 76.40.127; amending chapter 116, Laws of 1947 as last amended by section 7, chapter 140, Laws of 1953 and RCW 76.40.128; and repealing section 8, chapter 140, Laws of 1953 and RCW 76.40.129."

The vetoed sections of this bill were based upon passage of House Bill No. 257 which would have consolidated the administration of chapters 76.36 RCW and 76.40 RCW, placing both functions under the Supervisor of Forestry. House Bill No. 257 failed to pass at this legislative session. Consequently, much of the language contained in sections 2, 4 and 5 of House Bill No. 117 which was drafted in anticipation of such consolidation, is inconsistent with existing law. Furthermore, because the economies of the anticipated consolidation will not be realized, there will be insufficient money in the Log Patrol Revolving Fund to pay the cost of administering both laws.

For these reasons, sections 2, 4 and 5 of House Bill No. 117 are vetoed, and the remainder of the bill is approved.

Respectfully submitted,

(Signed) ARTHUR B. LANGLEIE,  
Governor.

To the Honorable

The House of Representatives of the State of Washington.  
(Through the Secretary of State)

Ladies and Gentlemen:

I am returning herewith **House Bill No. 141** without my approval of sections 4 and 5. The title of the bill is as follows:

"AN ACT relating to distribution of intoxicating liquor revenue and amending section 1, chapter 187, Laws of 1949, and RCW 43.66.090 through RCW 43.66.120."

As originally introduced, the apparent purpose of this bill was to authorize the use of the last federal or official county census, whichever was the later, for the purpose of determining the distribution of liquor profits to counties. Sections 4 and 5 of the bill relate to the proportionate distribution of such profits to cities. Apparently these sections were included for technical reasons merely because they were a portion of chapter 187, Laws of 1949 as originally enacted. However, sections 4 and 5 were later amended to delete certain language contained in the original 1949 act. Subsequent to 1949 the legislature enacted chapter 96, Laws of 1951, creating a State Census Board. In this act it was provided that the population estimates of the Board be used for the allocation and payment to cities of certain state funds. This inclusion of sections 4 and 5 in this bill raises a serious question as to whether, as a matter of statutory construction, the content of such sections supersedes the 1951 act. I feel certain that such result was not intended by the legislature and in order to remove any doubt as to the effect of these provisions, I am disapproving the same. For these reasons, sections 4 and 5 of this bill are vetoed and the remainder is approved.

Respectfully submitted,

(Signed) ARTHUR B. LANGLIE,  
Governor.

To the Honorable

The House of Representatives of the State of Washington.  
(Through the Secretary of State)

Ladies and Gentlemen:

I am returning herewith, without my approval as to section 6, **House Bill No. 148**, entitled:

"AN ACT relating to eminent domain by the state, and revising and amending section 4, chapter 74, Laws of 1891, as amended by section 1, chapter 98, Laws of 1925 extraordinary session, and as amended by section 1, chapter 177, Laws of 1951, and RCW 8.04-.070, 8.04.080, 8.04.090 and 8.04.100, and adding a new section to chapter 8.04 RCW."

This provision would authorize the award of reasonable attorney's fees to the condemnee in an eminent domain proceeding in any case where the condemnee received at least 25% in excess of the final amount offered by the

condemnor. It should be noticed that this provision applies to any condemnation whether by the state or any other condemning authority or corporation. It would also apply to the condemnation of private ways of necessity by land-locked individuals.

I have no objection to the principle that every property owner should be entitled to receive fair compensation, not only for his property but for any unusual expense to which he may be put in such proceedings. However, a provision such as this may, under some circumstances, encourage unnecessary litigation when the acquisition could actually have been settled by negotiation.

The provision lends itself readily to the suggestion that a land owner should not settle the matter by negotiation too readily, nor be particularly cooperative, since nothing could be lost by taking the matter to court. At the present time, the state is anticipating the construction of a rather extensive highway project in the Tacoma-Seattle-Everett area. This particular project is being financed by a bond issue of large magnitude. Any measure which could delay or prolong property acquisition on this project could add tremendously to the interest and financing charges accruing on the bonds. Even a slight delay would add costs far out of proportion to the benefits accruing to the condemnee under this provision. Furthermore, many of the courts are so burdened that calendars are running several months behind current filings. Any tendency to increase this burden would have a detrimental effect upon the efficient operation of our courts. If the measure actually had the effect of increasing litigation, it would undoubtedly be necessary to increase the number of judges and court personnel appreciably to take care of the additional burden.

I believe that the risk of the detrimental effect which may occur under present circumstances, far outweighs the beneficial effects, if any, to the condemnee. For this reason, section 6 is vetoed and the remainder of the bill is approved.

Respectfully submitted,

(Signed) ARTHUR B. LANGLIE,  
Governor.

To the Honorable

The House of Representatives of the State of Washington.  
(Through the Secretary of State)

Ladies and Gentlemen:

Herewith returned, without my approval, is **House Bill No. 287**. The title of the bill is as follows:

"AN ACT relating to the board of prison terms and paroles and amending section 43.67.020 RCW and declaring an emergency."

The principle of special qualifications for board members is absolutely sound and I have always tried to select people for responsible positions on the basis of such qualifications in so far as possible. The experience and educational requirements fixed in this bill, however, are quite rigid. It imposes limiting factors on the appointment that, in my judgment, would make more difficult the selection of qualified people for the board rather than to facilitate such selections.

It is difficult many times to encourage people with outstanding backgrounds

to leave established careers for public service. In this instance, the salary is fixed at a relatively low level and the tenure of office short as compared to private employment or professional practice. It would be especially difficult to fill these positions. It is doubtful if present board members who do not meet some of the qualifications inserted in this bill could serve, even temporarily, after the effective date of H. B. 287, if it were to become law. Therefore, it is very likely that one or more of the positions would remain vacant for some time because of the difficulty in finding qualified persons to fill them. This situation would be a handicap to the functions of the board and detrimental to the best interests of the state.

For these reasons, House Bill No. 287 is vetoed.

Respectfully submitted,

(Signed) ARTHUR B. LANGLIE,  
Governor.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State)

Ladies and Gentlemen:

Returned herewith, without my approval as to section 6, is **House Bill No. 322**, entitled:

"AN ACT relating to the fisheries code of the state of Washington; amending section 75.08.040, chapter 12, Laws of 1955 and RCW 75.08.040, and section 75.28.040, chapter 12, Laws of 1955 and RCW 75.28.040, and section 75.28.060, chapter 12, Laws of 1955 and RCW 75.28.060, and section 75.28.090, chapter 12, Laws of 1955 and RCW 75.28.090, and section 75.32.080, chapter 12, Laws of 1955 and RCW 75.32.080, and section 75.24.090, chapter 12, Laws of 1955 and RCW 75.24.090, and section 75.28.280, chapter 12, Laws of 1955 and RCW 75.28.280, and section 75.28.300, chapter 12, Laws of 1955 and RCW 75.28.300, and section 75.32.030, chapter 12, Laws of 1955 and RCW 75.32.030; and adding new sections to chapter 75.28 RCW, and a new section to 75.32 RCW; and repealing section 75.32.060, chapter 12, Laws of 1955 and RCW 75.32-.060; and declaring an emergency.

Section 6 of this bill was originally prepared to make certain minor revisions of RCW 75.32.080. This section, which was section 8 in the original printed bill, was prepared for the purpose of inserting the adjective "food" in two different places preceding the word "fish", thereby more specifically identifying the subject matter of certain provisions as "food fish".

In the preparation of this bill, the draftsman inadvertently substituted the words "catch fees" for the word "tax" in the first proviso to the second paragraph of section 6. The present law provides for privilege fees to be imposed upon canneries who process certain fish. This tax is imposed by RCW 75.32.030. The proviso in the original statute which was sought to be amended by section 6 of this bill, exempts from that privilege tax dealers in frozen fish. By erroneously changing the word "tax" to "catch fee", the proviso now purports to exempt dealers in frozen fish from the catch fee

imposed by RCW 75.32.070. That tax is, of course, inapplicable to such dealers. The proviso is therefore erroneously worded and would have an erroneous application.

For this reason section 6 of House Bill No. 322 is vetoed and the remainder of the bill is approved.

Respectfully submitted,

(Signed) ARTHUR B. LANGLEIE,  
Governor.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State)

Ladies and Gentlemen:

I am returning herewith **House Bill No. 348**, without my approval. The bill is entitled:

"AN ACT relating to the temporary disposition of moneys received by the department of licenses."

This bill was originally requested by the License Department to alleviate certain mechanical difficulties facing that department in view of the present legal requirement that all funds be immediately remitted to the State Treasurer. Because of the complicated bookkeeping procedures involved, it was not possible to remit the money with a full statement of the proper crediting to the various funds involved within the time permitted by law. At this same session, the legislature also enacted House Bill No. 317, creating a suspense fund in the State Treasury. That fund will accomplish the purposes of House Bill 348. In my opinion, it is unnecessary that both bills become law. For this reason House Bill No. 348 is vetoed.

Respectfully submitted,

(Signed) ARTHUR B. LANGLEIE,  
Governor.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State)

Ladies and Gentlemen:

I am returning herewith, without my approval, **House Bill No. 430**, entitled:

"AN ACT relating to motor vehicles; providing for special automobile license plates for amateur radio operators; providing penalties; and making an appropriation."

This bill would place holders of official amateur radio licenses in a special category in so far as motor vehicle license plates on automobiles owned by such holders are concerned. I believe that an unwise precedent would be established in singling out a particular group to whom special automobile license plates shall be issued. Such a measure if approved will provide the

occasion for similar demands by other special groups who might advance reasons with as much merit for such treatment.

I am by no means convinced that the special designator in the form of the radio operator's call number on the license plate will be of any material assistance to law enforcing and civil defense agencies in a time of emergency. There are, to be sure, many professions and groups in our society who possess special skills which are needed in times of disaster, but this fact does not justify identifying such persons by special license plates. Our means of communication are such that license plates are of small consequence in the location of individuals. Moreover, the approval of this measure would impose a considerable additional administrative burden upon the license department and increase substantially the cost of operating that phase of the license department's activities.

For the reasons indicated herein House Bill No. 430 is vetoed.

Respectfully submitted,

(Signed) ARTHUR B. LANGLEIE,  
Governor.

March 16, 1955.

To the Honorable

The House of Representatives of the State of Washington.  
(Through the Secretary of State)

Ladies and Gentlemen:

I am returning herewith, without my approval as to section 18, **House Bill No. 435**, entitled:

"AN ACT relating to trademarks; and repealing sections 1 through 9, chapter 47, Laws of 1897 and RCW 19.76.010 through 19.76.090."

This provision would authorize the Secretary of State to place the first \$3,000 received each calendar year from fees paid under the provisions of this bill in a special fund separate from all other funds and to expend such funds for salaries, wages and operations to carry out provisions of the bill. The fund would under this provision be "accumulative and not restricted to biennium or fiscal periods of the state." This provision is contrary to the current policy of the legislature as expressed in numerous bills enacted during this session, in consolidating various state funds under the control of the State Treasurer. In my opinion, there is no valid reason for establishing this special fund.

Section 18 is therefore vetoed, and the remainder of the bill is approved.

Respectfully submitted,

(Signed) ARTHUR B. LANGLEIE,  
Governor.

March 18, 1955.

To the Honorable

The House of Representatives of the State of Washington.  
(Through the Secretary of State)

Ladies and Gentlemen:

I am returning herewith, without my approval, **House Bill No. 481**, entitled:

"AN ACT relating to employee welfare trust funds; making an appropriation; and providing penalties."

The intent and form in which the bill was originally introduced covered employee welfare trust funds established by employees. By an amendment which apparently passed unnoticed the definition was changed to include all such funds established for employees. As a result, the scope of this act has been so broadened that it will involve considerable expense both to the State of Washington and to the welfare trusts affected and would cause unnecessary and perhaps conflicting supervision and examination of certain classes of funds. There are adequate and proper safeguards in the existing audit and examination procedures as they apply to most of the welfare funds administered by trustees in this state. I would think it proper for the Legislature immediately to reenact this bill with appropriate amendments limiting its effect to those classes of welfare funds which are not presently subject to audit by some governmental agency under existing law.

For the reasons stated herein, House Bill No. 481 is vetoed.

Respectfully submitted,

(Signed) ARTHUR B. LANGLIE,  
Governor.

#### EXPLANATION OF VOTE

With the consent of the House, Mr. Byrne was permitted to have the following explanation of his vote inserted in the record:

"I should like to place the following statement in the journal as the explanation of my vote regarding House Bill No. 1:

"I have voted for this bill as I wish to register my approval of the budgetary requests of the school directors of the school districts throughout the state as embodied in the apportionment to counties for school districts in accordance with the provisions of Chapter 141, Laws of 1945, and acts amendatory thereto, this being the largest single item of increase over the budget submitted by the Governor at the thirty-fourth regular

session. I feel that the budget requests of the school directors are needed in order to maintain the schools throughout the state at their present level of efficiency.

"However, I also wish to state that I am opposed to the amounts, in part, included in other items which increased the Governor's budget, as follows: department of public assistance, university of Washington, state college of Washington and secretary of state."

Respectfully submitted,

THAD BYRNE.

#### POINT OF INQUIRY

Mr. Kirk:

"Mr. Speaker, point of inquiry."

The Speaker:

"State your inquiry, Mr. Kirk."

Mr. Kirk:

"Is it necessary to ask the permission of the House for an explanation of vote to be inserted in the record? Is it not permissible at all times to take information of that kind to the clerk's desk?"

The Speaker:

"That is right. However, many times the members would like to give the House notice that such an explanation of vote is being given."

#### EXPLANATIONS OF VOTES

My negative vote on the appropriations bill is not to be interpreted as a vote against the appropriations for schools as I do not consider them excessive. DOUGLAS G. KIRK.

Although we are unalterably opposed to the appropriations bill, it was necessary that four Republicans vote for the bill to expedite Senate action at this session.

"Ladies and Gentlemen of the Legislature:

"I now have the honor and privilege of presenting His Excellency, Governor Arthur

B. Langlie, Governor of the State of Washington, who will give you his message. (Applause.)

#### MESSAGE OF GOVERNOR ARTHUR B. LANGLEIE TO THE LEGISLATURE

Mr. President, Mr. Speaker, Ladies and Gentlemen of the Legislature:

When you started the deliberations of the thirty-fourth regular session two months ago, all of us realized that the seriousness of the problems to be met and the volume of work to be done, would make it extremely difficult to complete your task within the sixty days allowed by the Constitution. Only once in the last quarter-century has the Washington legislature been able to stay within the time limit which was set in territorial days.

A few days ago it became apparent that it would be impossible, prior to the scheduled adjournment of the regular session, to reconcile the varying views on the appropriations, the revenues needed during the next two years and adopt a financial program which would match income with outgo.

Knowing that a continuation of the regular session beyond the scheduled date of adjournment would be of doubtful legality, leaders of both houses met with me, at my request, and an understanding was reached to convene a special session immediately for the purpose of considering and adopting appropriations for the next biennium and of passing tax measures sufficient to balance the budget.

We all recognize that the rapid growth of our state during the past fifteen years requires expenditures which are higher than would be needed in a state with a stable population. On the other hand there is a limitation on the rate at which the tax burden can be increased without becoming an impediment to future growth and development. After a careful evaluation of the original departmental requests and after considering the size of the additional load that could be imposed upon our residents, I recommended to you a budget that would require forty-one million dollars in additional taxes. I still believe that the component parts and the total of this budget are realistic and that it distributes the state funds fairly and equitably among the various state functions. I am proposing only one adjustment. The recommendation for state school support was based on a projection by the state census board of an enrollment increase of about 40,000 children in the basic grades. The census board, since the legislature convened, has revised its earlier estimates upward to about 45,000 pupils. The cost of educating an additional 5,000 children for two years equals three million dollars. I am proposing that the state assume this cost and raise the school appropriation to one hundred sixty-seven million dollars.

The amount of additional state taxes required by this budget is forty-four million dollars.

I believe that this amount will be sufficient to meet the basic needs of the people of this state and at the same time will keep the rate of tax increase in check so as not to imperil the economy of our state. It is, of course, your privilege to increase some of the appropriations which I have recommended if you feel that the citizens of Washington are willing to pay substantially increased taxes to meet the cost.

There would be no point in my re-outlining here the requests I made of you earlier. I sincerely trust that you will review once again my legislative message and recommended budget.

In that message I outlined possible revenue measures which I shall be happy to discuss with your committees at your convenience.

Your leaders expressed their wish to me that this special session be restricted to the consideration of appropriations and revenues. I yield to this request reluctantly. There were, as you know, several measures of major importance before the regular session, some of which were acted upon by one house but did not reach the floor of the other house. I still believe that these proposals deserve full consideration by both houses. But I also know that in opening up the field many of you, too, may want to present bills which failed of action during the regular session. There is a general desire, which I share, of completing the special session in the shortest possible time. I see no reason why this session should not be able to accomplish its task quickly if we approach the problems before us in a spirit of true cooperation. It is time that we do. I shall exert my best efforts to work with you toward that end. (Applause.)

The President of the Senate directed the special committee to escort His Excellency, Governor Arthur B. Langlie, to the governor's chambers.

The special committee thereupon escorted the governor from the House chamber. (Applause.)

**MOTION**

On motion of Mr. Mardesich, the joint session was dissolved.

The Speaker resumed the chair and directed a committee composed of Representatives Edwards, Henry and Comfort to escort the Lieutenant Governor to the Senate chamber, and the Sergeant-at-Arms of the House to escort the Senators to the Senate chamber.

Debate ensued.

#### POINT OF INQUIRY

Mr. Johnston:

"Mr. Speaker, will Mr. Hallauer yield to a question?"

Mr. Hallauer yielded.

Mr. Johnston:

"Mr. Hallauer, I was wondering how you arrived at the figure of eight percent? How did you calculate that limitation, and can you tell me what you estimate this would bring in revenue?"

Mr. Hallauer:

"Answering your last question first—the possible yield would depend on the scale of graduations that the legislature might adopt. If the figure of eight percent is based on the Oregon law with the same general graduation, the tax would yield \$200,000,000. If it is based on the Idaho calculations, the yield would be \$130,000,000. You might have a legislature that would pass an exemption patterned on the federal basis, but its rates would be extremely low or extremely high.

"The eight percent was arrived at by studying some of the laws in other states. It was an upper limit in the pattern of thirty-one states that have a personal income tax. There were two or three exceptions. However, eight percent was the highest limit used for state income taxes."

Further debate ensued.

Mr. Miller (Floyd C.) demanded an electric roll call and the demand was sustained.

The Clerk called the roll on the adoption of the amendment by Mr. Clark (Newman H.), and the amendment was lost by the following vote: Yeas, 29; nays, 66; absent or not voting, 4.

Those voting nay were: Representatives Anderson, Bailey, Ball, Beierlein, Bernethy, Bozarth, Brown, Byrne, Canfield, Carmichael, Carty, Comfort, Connor, Cooney, Donohue, Dore, Edwards, Elway, Farrar, Gallagher, Griffith, Hallauer, Hanna, Hansen (Julia Butler), Hanson (Herb), Harris, Hawley, Henry, Hess, Holliday, Huhta, Hurley, Hyppa, Jones (Arthur D.), Jones (Mrs. Vincent F.), King, Kirk, Kupka, Litchman, Martin, McCutcheon, McFadden, Miller (Clyde J.), Miller (Floyd C.), Mundy, Munro, Munsey, Neal (Mel T.), Olsen (Ray), Olson (Ole H.), Purvis, Rasmussen, Ridgway, Rosenberg, Sandison, Savage, Sawyer, Strom, Swayze, Testu, Wedekind, Weitzman, Wintler, Yearout, Young, Mr. Speaker—66.

The Speaker stated the question before the House to be the motion by Mr. Sandison that the rules be suspended, House Joint Resolution No. 2 be advanced to third reading, the second reading considered the third, and the resolution be placed on final passage.

#### PARLIAMENTARY INQUIRY

Mr. Frayn:

"Mr. Speaker, point of parliamentary inquiry."

The Speaker:

"State your inquiry, Mr. Frayn."

Mr. Frayn:

"Where is the resolution? Is it on second reading? If this motion is lost, can I offer another amendment?"

#### RULING BY THE SPEAKER

The Speaker:

"In reply to your point of parliamentary inquiry — according to House Rule 80, 'When no further amendments shall be offered, the Speaker shall declare the bill has passed its second reading.' It appears that the following procedure has been used relative to this resolution: We read the resolution, we asked whether there were any other amendments—there were none—and full debate was allowed on Mr. Clark's (Newman H.) amendment, and he was allowed to close the debate. Due to that fact, I would say the resolution had passed its second reading, and if this motion fails, the resolution will go into the Committee on Rules and Order. In other words, the House had ample time to offer an amendment on second reading, but there were none offered."

Mr. Frayn:

"I agree in part. If you had said, 'Passed its second reading,' the resolution would have been immediately in possession of the Committee on Rules and Order. The point is that I think the bill is still on second reading. I have another amendment that I thought I would offer to clarify the possibility of putting the resolution through on the ballot—if it gets on the ballot."

## RULING BY THE SPEAKER

The Speaker:

"There is another ruling that you made last session about offering amendments to bills. It appears that at that time you made a ruling that when a bill was read, an amendment could be offered to any section or sections of the bill. In this instance, although it isn't a bill, the resolution was read and ample time was given for the offering of amendments. Taking into consideration your ruling of last session and the fact that we did ask for further amendments and none were offered, it would be my ruling that the resolution has passed the stage of being in a position to have amendments offered to it."

The Speaker stated the question before the House to be the motion by Mr. Sandison that the rules be suspended, House Joint Resolution No. 2 be advanced to third reading, the second reading considered the third, and the resolution be placed on final passage.

The Clerk called the roll on the motion to suspend the rules and advance House Joint Resolution No. 2 to third reading, and the motion was lost by the following vote: Yeas, 62; nays, 35; absent or not voting, 2.

Those voting yea were: Representatives Bailey, Ball, Beierlein, Bernethy, Bozarth, Brown, Byrne, Carmichael, Carty, Comfort, Connor, Cooney, Dore, Edwards, Elway, Farrar, Gallagher, Griffith, Hallauer, Hanna, Hansen (Julia Butler), Hanson (Herb), Harris, Henry, Hess, Holliday, Huhta, Hurley, Hyppa, Jones (Arthur D.), Jones (Mrs. Vincent F.), King, Kupka, Litchman, Lybecker, Mardesich, Martin, McCutcheon, McFadden, Miller (Clyde J.), Miller (Floyd C.), Mundy, Munro, Munsey, Neal (Mel T.), Olsen (Ray), Olson (Ole H.), Purvis, Rasmussen, Ridgway, Rosenberg, Sandison, Savage, Sawyer, Strom, Swayze, Testu, Wedekind, Weitzman, Wintler, Young, Mr. Speaker—62.

Those voting nay were: Representatives Adams, Anderson, Arnason, Canfield, Chytil, Clark (Cecil C.), Clark (Newman H.), Donohue, Eldridge, Fisher, Folsom, Frayn, Gordon, Hawley, Heckendorn, Johnston, Kirk, Loney, Lorimer, Mast, May, McBeath, McDermott, Neill (Marshall A.), Oakes, Ovenell, Pence, Petrie, Robison, Ruoff, Shropshire, Siler, Timm, Wang, Yearout—35.

Those absent or not voting were: Representatives Smith, Stocker—2.

House Joint Resolution No. 2 was passed to the Committee on Rules and Order for third reading.

Those absent or not voting were: Representatives Smith, Stocker—2.

#### PARLIAMENTARY INQUIRY

Mr. Neill (Marshall A.):

"Mr. Speaker, point of parliamentary inquiry."

The Speaker:

"State your point of parliamentary inquiry, Mr. Neill."

Mr. Neill:

"Would the Speaker rule whether or not amendments to this bill which would raise additional revenues as riders to the bill would be germane to the title?"

The Speaker:

"Do you have an amendment you would like to offer?"

Mr. Neill:

"I am asking for an expression from the Speaker."

Mr. Gallagher:

"Mr. Speaker, on the parliamentary inquiry. I don't believe the Speaker can rule on that until the specific amendment is before him."

The Speaker:

"Your point is well taken, Mr. Gallagher. Mr. Neill's amendment should be written and offered.

"Mr. Neill, if you have in mind attaching a revenue measure for the support of the general fund, I would rule that it would be out of order, because the title of this bill pertains to limited obligation bonds for the support of the public school plant facilities. You would have to confine your amendment to the subject of this particular bill."

Mr. Frayn:

"Mr. Speaker, amplifying the point of parliamentary inquiry—the words we saw in the title were those in line 3 that say, 'imposing taxes,' and we thought possibly with a little leeway in the ruling, it might give us an opportunity to drop a couple of bills in there. It might have to be stretched a little."

The Speaker:

"I think that it would have to be stretched quite a little. The Speaker would have to rule that the amendment would be out of order."

Mr. Neill (Marshall A.) moved that the following amendment be adopted:

In section 1, line 5 of the printed bill, strike the word "thirty" and insert in lieu thereof the word "twelve"

Debate ensued.

#### POINT OF INQUIRY

Mr. Clark (Newman H.):

"Mr. Speaker, will the gentleman, Mr. Hess, yield to a question?"

Mr. Hess yielded.

Mr. Clark:

"Mr. Hess, is it not true that the twenty million dollars worth of bonds authorized two years ago, in the 1953 session were sold, and that during the interim period until the fall of 1954 the money received from the sale of the bonds was reinvested in lower interest rate bonds; and during that interim period the cost was a half million dollars, some \$146,000 for the administration and \$350,000 for the loss of interest, so that by reason and by virtue of the authority granted by the legislature in 1953 we lost a half million dollars by the premature sale of bonds which were not expended and a substantial amount of that twenty million dollars is not spent?"

Mr. Hess:

"I cannot speak with authority on the figures you name. I do not have specific figures. It is a fact, however, that more bonds were sold than money spent physically. We have a waiting backlog of approximately five million dollars in requests, because the twenty million dollars was inadequate to meet the demands. If we could merely reserve the right of issuing the bonds, I think it would be a good point with one problem involved. If we divide up the issues of bonds, I think it is the opinion of the state's financial advisors that we would have to pay a much higher rate of interest because of the smaller issue. Therefore, we might end up with a higher cost than we have now when we sell the bonds and then have to reinvest them until such time as the funds are needed. This is one of the difficulties in the matter. It does give us a saving even though it gives us a few technical problems."

Debate ensued.

## POINT OF INQUIRY

Mr. Johnston:

"Mr. Speaker, will Mr. Hess yield to a question?"

Mr. Hess yielded.

Mr. Johnston:

"Following what Mr. Clark said, I was not quite clear as to what the present status of the original twenty million dollar issue is. Have we actually committed all that issue at the present time? I understood Mr. Clark to state that it had not been spent. The finance committee advised me last summer that there was a large portion of this bond issue that was not committed at that time."

Mr. Hess:

"It has been my understanding that we have the bond issue committed, if not formal commitments then tentative commitments upon which plans are being prepared, for the entire twenty million dollars. There is a backlog of essential construction that would qualify for allocations amounting to four or five million dollars."

Further debate ensued.

Mr. Neal (Mel T.) demanded the previous question and the demand was sustained.

Mr. Miller (Floyd C.) demanded an electric roll call and the demand was sustained.

The Speaker stated the question before the House to be the adoption of the amendment by Mr. Neill (Marshall A.), and the amendment was lost by the following vote: Yeas, 33; nays, 64; absent or not voting, 2.

Those voting yea were: Representatives Adams, Ball, Canfield, Chytil, Clark (Cecil C.), Clark (Newman H.), Donohue, Eldridge, Folsom, Frayn, Gallagher, Gordon, Griffith, Harris, Hawley, Hurley, Johnston, Jones (Arthur D.), Loney, Lybecker, May, McBeath, McDermott, Neill (Marshall A.), Ovenell, Pence, Petrie, Robison, Ruoff, Shropshire, Siler, Timm, Wang—33.

Those absent or not voting were: Representatives Smith, Stocker—2.

Mr. Timm moved that the following amendment be adopted:

In section 8, lines 27 and 28 of the printed bill, after the words "one percent" strike the words "of the total issue of bonds herein authorized" and insert in lieu thereof the words "of the funds actually spent in the biennium"

Debate ensued.

Mr. McCutcheon demanded the previous question and the demand was sustained.

The Speaker stated the question before the House to be the adoption of the amendment by Mr. Timm.

A division was called for and the amendment was lost on a rising vote.

On motion of Mr. Hallauer, the committee amendment was adopted.

Mr. Sandison moved that the rules be suspended, House Bill No. 8 be advanced to third reading, the second reading considered the third, and the bill be placed on final passage.

Mr. Heckendorn demanded an electric roll call and the demand was sustained.

The Clerk called the roll on the motion to suspend the rules, advance House Bill No. 8 to third reading, consider the second reading to be the third, and place the bill on final passage, and the motion was carried by the following vote: Yeas, 65; nays, 32; absent or not voting, 2.

Those absent or not voting were: Representatives Smith, Stocker—2.

The Speaker stated the question before the House to be Engrossed House Bill No. 8 on final passage.

Sec. 3. This act is necessary for the immediate preservation of public peace, health and safety, for the support of the state government and its existing public institutions, and shall take effect immediately., and the same is herewith transmitted.

HERBERT H. SIELER, *Secretary.*

Mr. Olson (Ole H.) moved that the House do not concur in the Senate amendments to House Bill No. 1, and that the Senate be asked to recede therefrom.

Mr. Neill (Marshall A.) moved that the House do concur in the Senate amendments to House Bill No. 1.

The Speaker stated the question before the House to be the motion that the House concur in the Senate amendments to House Bill No. 1.

Debate ensued.

Mr. Miller (Floyd C.) demanded a call of the House and the demand was sustained.

## CALL OF THE HOUSE

The Sergeant-at-Arms was instructed to lock the doors.

The Clerk called the roll and all members were present except Representative Elway.

On motion of Mr. Miller (Floyd C.), the absent member was excused from the call of the House and the House proceeded with business under the call of the House.

The Speaker stated the question before the House to be the motion by Mr. Neill (Marshall A.) that the House concur in the Senate amendments to House Bill No. 1.

Debate ensued.

## POINT OF ORDER

Mr. Miller (Floyd C.):

"Mr. Speaker, I rise to a point of order."

The Speaker:

"State your point of order, Mr. Miller."

Mr. Miller:

"I believe that it has been the custom when a motion such as this is made to permit only one person from each side to speak."

**RULING BY THE SPEAKER**

The Speaker:

"Your point is not well taken—debate is in order on this motion."

Further debate ensued.

**POINT OF INQUIRY**

Mr. Kirk:

"Mr. Speaker, I would like to ask Mr. Olson (Ole H.) a question or two."

Mr. Olson yielded.

Mr. Kirk:

"Mr. Olson, there are a number of departments, of course, that have given us estimates of what they felt were their needs. Could you tell me how many of these departments received all that they asked for?"

Mr. Olson:

"A majority of the departments received exactly what they asked for in line with the governor's recommendations. In many instances, the requests from the departments were the same as the governor's recommendations. Where there were differences between the departmental requests and the gubernatorial recommendations, in some instances the departmental requests were given. In others, a compromise was worked out."

Mr. Kirk:

"This may be an unfair question, Mr. Olson, but I would like to know to what extent the Senate may have revised the various departmental items."

Mr. Olson:

"I believe there was an analysis placed on your desks yesterday which showed to what extent the departmental items were revised, although in the main the Senate accepted what we sent to them. There are just a few areas where there was any disagreement; that is, two or three besides those mentioned."

Further debate ensued.

**POINT OF PERSONAL PRIVILEGE**

Mr. Arnason:

"Mr. Speaker, point, of personal privilege."

The Speaker:

"State your point, Mr. Arnason."

Mr. Arnason:

"Mr. Speaker, Ladies and Gentlemen of the House:

"Mr. Rasmussen inferred that I was inconsistent in my stand, because a week ago I fought furiously on the floor regarding the paternal school budget for the handicapped children. My position was that it was likely the Senate might see fit to cut the budget of the handicapped children. My stand in no way changes my position for the paternal schools. If we could each rewrite the budget on our own, that is one place where I would like to see it revised. As Mr. Clark (Newman H.) pointed out, we must collectively give and take and accept the budget that is most satisfactory overall."

**POINT OF PERSONAL PRIVILEGE**

Mr. Olson (Ole H.):

"Mr. Speaker, I rise to a point of personal privilege."

The Speaker:

"State your point, Mr. Olson."

Mr. Olson:

"I cannot pass over Mr. Clark's (Newman H.) reference to me as being unrealistic—his saying that the budget is as unrealistic as I am. The committee brought out the

budget, not I personally. There are twenty-four members on the committee. Thirteen of them voted 'do pass', four voted a 'conditional do pass' and six voted against the budget. In 1951 I was branded as 'unrealistic,' but when the legislature convened in 1953, we were faced with the necessity of appropriating eleven and a half million dollars for deficiencies, because in 1951 the legislature refused to go along with my 'realism.'"

Debate ensued.

Mrs. Hansen (Julia Butler) demanded the previous question and the demand was sustained.

Mr. Miller (Floyd C.) demanded an oral roll call and the demand was sustained.

The Clerk called the roll on the motion by Mr. Neill (Marshall A.) that the House concur in the Senate amendments to House Bill No. 1, and the motion was lost by the following vote: Yeas, 40; nays, 59; absent or not voting, 0.

**AFTERNOON SESSION**

The Speaker called the House to order at 2:30 o'clock p. m.

The Clerk called the roll and all members were present except Representatives Clark (Newman H.), Mardesich, Neill (Marshall A.) and Sawyer; Representatives Clark (Newman H.), Mardesich and Neill (Marshall A.) having been excused.

**SPECIAL ORDER OF BUSINESS**

In section 3, page 3, lines 25 and 26 of the original bill, being page 4, lines 5 and 6 of the printed bill, after the words "political subdivision" strike the words "*or by an institution of higher learning*" and insert the same after the words "*subdivision thereof*" and before the words "with respect" on line 28 of the original bill, being line 8 of the printed bill.

Mr. Petrie moved that the following amendment be adopted:

In section 3, page 6, line 31 of the original bill, being page 7, line 6 of the printed bill, after the comma (,) following the word "*governor*" and before the word "*authorizing*" strike the word "*in*" and insert in lieu thereof the word "*before*"

Debate ensued.

The amendment was adopted.

Mr. Petrie moved that the following amendment be adopted:

In section 3, page 7, line 16 of the original bill, being page 7, line 22 of the printed bill, strike the period (.) following the words "*the agreement*" and insert in lieu thereof a semicolon (;) and add a new subsection to be known as subsection (f) to read as follows:

Debate ensued.

## POINT OF INQUIRY

Mr. Kirk:

"Mr. Speaker, I would like to ask a question of Mr. Petrie."

Mr. Petrie yielded.

Mr. Kirk:

"Who would be the 'local legislative authority'? Would that be the local school board?"

Mr. Petrie:

"With respect to the teachers' retirement, it would be the state legislature who would approve the plan. I believe that is the only way a plan could be approved in their case."

Further debate ensued.

The Speaker stated the question before the House to be the adoption of the amendment by Mr. Petrie.

The amendment was adopted.

Mr. Gordon moved that the following amendment be adopted:

In section 5, page 9, line 8 of the original bill, being page 9, line 9 of the printed bill, after the semicolon (;) following the words "such purposes" add a new subsection to be known as subsection (d), to read as follows:

*"(d) It provides that in the plan of coverage for members of the state teachers' retirement system or for state employee members of the state employees' retirement system, the total contributions on the part of the state shall be no greater than the state contributions would have been under such state system in the absence of the plan;"*

Renumber the old subsections (d), (e) and (f) to read as follows:

"[(d)] (e)"

"[(e)] (f)"

"[(f)] (g)"

Debate ensued.

Mr. Johnston demanded the previous question and the demand was lost.

On motion of Mr. Sandison, the rules were suspended, Engrossed House Bill No. 4 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

### THIRD READING OF BILLS

**House Joint Resolution No. 2**, by Representative Hallauer:

Relating to a graduated net income tax.

On motion of Mr. Hallauer, the rules were suspended and House Joint Resolution No. 2 was returned to second reading for the purpose of amendment.

### SECOND READING OF BILLS

House Joint Resolution No. 2 was read the second time in full.

Mr. Hallauer moved that the following amendment be adopted:

Strike the whole of the second paragraph on lines 9 through 24 of the original resolution, being page 1, lines 1 through 17 of the printed resolution, and insert in lieu thereof the following:

"Notwithstanding any other provisions of this Constitution, the legislature may levy a graduated tax upon net income, as net income is currently defined in the United States income tax laws, at a rate not to exceed eight percent, and may provide rules therefor and for exemptions therefrom."

Debate ensued.

Mr. Comfort moved that the following amendment to the amendment by Mr. Hallauer be adopted:

Amend the last line of the amendment by inserting a period (.) after the word "therefor" and strike the remainder of the sentence.

Debate ensued.

### POINT OF INQUIRY

Mr. Gallagher:

"Mr. Speaker, will Mr. Comfort yield to a question?"

Mr. Comfort yielded.

Mr. Gallagher:

"Would this amendment have an effect upon insurance companies? There is some question as to what exemptions are allowed under the federal statutes. If you have the same exemptions under the state statutes, the insurance companies might not be allowed certain exemptions."

Mr. Comfort:

"I do not believe it would affect insurance companies at all."

Further debate ensued.

The Speaker stated the question before the House to be the adoption of the amendment by Mr. Comfort to the amendment by Mr. Hallauer.

The amendment to the amendment was adopted.

The Speaker stated the question before the House to be the adoption of the amendment by Mr. Hallauer as amended.

Debate ensued.

The amendment as amended was adopted.

## POINT OF INQUIRY

Dr. Adams:

"Mr. Speaker, I wonder if Mr. Hallauer will yield to a question?"

Mr. Hallauer yielded.

Dr. Adams:

"I wonder how the word 'currently' is defined. Does it mean as of the time of the change in the state Constitution? If the federal government changes its statutes, are we going to be in the position of filing both a federal tax and a state tax return?"

Mr. Hallauer:

"That was discussed when the amendment was drafted. The purpose of the amendment was to definitely tie the resolution to the then existing United States tax laws. If the laws were to change, the state laws would have to be changed accordingly. That is what occurs in New York state where they tie the state law to the federal law. The purpose here is to make the preparation of a return as easy as possible."

Debate ensued.

Mr. Frayn moved that the following amendment be adopted:

Amend the amendment by Representative Hallauer, as amended by Representative Comfort, after the words "rules therefor" in the last line, strike the period (.) and add the following: "*Provided*, That the first twenty-five thousand dollars of taxable income earned by any individual, partnership, or corporation doing business within the state in any fiscal or calendar year shall be exempt from the provisions of this law to the extent that said amount is expended for capital investment during the ensuing year. Any portion of the said twenty-five thousand dollars not so expended shall be taxed as hereinbefore provided."

Debate ensued.

## POINT OF INQUIRY

Mr. Rosenberg:

"Mr. Speaker, will Mr. Frayn yield to a question?"

Mr. Frayn yielded.

Mr. Rosenberg:

"I am wondering whether this is going to offer double exemption. Under our present federal law you are allowed so much for depreciation. If you have the original twenty-five thousand dollar exemption, and then if you are allowed the federal depreciation exemption under our state law, you will receive a double exemption."

Mr. Frayn:

"No, I do not follow that, Mr. Rosenberg. However, I will say that I believe the federal law has taken up some of the problems I have been discussing here. They have allowed more rapid depreciation."

Further debate ensued.

Mr. Dore:

"Mr. Speaker, answering Mr. Rosenberg's question, the answer is yes. You could charge off the exemption under Mr. Frayn's amendment, and then depreciate it later and get a double exemption."

Debate ensued.

Mr. Heckendorn moved that further consideration of House Joint Resolution No. 2 be deferred and that the resolution be made a special order of business at two o'clock p. m. tomorrow.

Debate ensued.

The motion was lost.

The Speaker stated the question before the House to be the adoption of the amendment by Mr. Frayn.

A division was called for and the amendment was adopted on a rising vote.

On motion of Mr. Hallauer, further consideration of House Joint Resolution No. 2 was deferred, and the resolution was ordered placed on tomorrow's second reading calendar.

## EIGHTH DAY

---

### MORNING SESSION

---

HOUSE OF REPRESENTATIVES,  
OLYMPIA, WASH., Friday, March 18, 1955.

The Speaker called the House to order at eleven o'clock a. m.

The Clerk called the roll and all members were present except Representatives Byrne, Clark (Newman H.), Cooney, Farrar, Gordon, Hanna, Hess, Mardesich, Martin, McCutcheon, Neill (Marshall A.), Olson (Ole H.), Purvis, Sawyer, Timm and Wang; Representatives Byrne, Clark (Newman H.), Gordon, Mardesich, Neill (Marshall A.), Olson (Ole H.), and Sawyer, having been excused.

The flag of our country was escorted to the rostrum by a Sergeant-at-Arms color guard.

Prayer was offered by Reverend Malcolm Alexander, minister of the Westminster United Presbyterian Church of Olympia, Washington.

The reading clerk proceeded to read the journal of the proceedings of the previous day. On motion of Mr. Young, further reading was dispensed with and the journal was ordered to stand approved.

#### PROPOSITIONS AND MOTIONS

Mr. Hallauer moved that Senate Bill No. 6 be re-referred to the Committee on Revenue and Taxation.

#### POINT OF ORDER

The Speaker:

"Your motion appears to be out of order, Mr. Hallauer, because it is not specific enough. Senate Bill No. 6 has been reported out of the Committee on Banks and Banking."

Mr. Hallauer:

"Mr. Speaker, I understood we were on 'Propositions and Motions'."

The Speaker:

"We also have 'Reports of Standing Committees' to follow."

Mr. Hallauer:

"Do I understand that we skip the fourth order of business?"

The Speaker:

"We are on 'Propositions and Motions.' I am raising this point of order to you. Under 'Reports of Standing Committees,' this bill will be before us, and at that time I will recognize your motion."

Mr. Hallauer:

"I wish to make a motion under the order of business, 'Propositions and Motions.'"

The Speaker:

"I will recognize your motion if you wish to move to now suspend the rules. If you wait until we reach the order of business of 'Reports of Standing Committees,' I will recognize the motion."

Mr. Hallauer:

"That would require waiting until the fifth order of business, after we have the fourth order of business."

Mr. Rasmussen:

"Mr. Speaker, speaking on the point of order, it is proper at any time to re-refer a bill. I think Mr. Hallauer is in order."

Mrs. Hurley:

"Mr. Speaker, the bill has not been read in with the committee reports as yet."

The Speaker:

"Apparently, what Mr. Hallauer is trying to do is by-pass the committee report."

The Speaker declared the House at ease.

The Speaker called the House to order.

#### POINT OF ORDER

The Speaker:

"Mr. Hallauer, I understand your motion is to re-refer Senate Bill No. 6 to the Committee on Revenue and Taxation."

Mr. Hallauer:

"That is correct, Mr. Speaker. Under House Rule 88, 'A bill may be recommitted at any time before its final passage.' I wish to re-refer the bill to the Committee on Revenue and Taxation."

The Speaker:

"You are re-referring the bill from where?"

Mr. Hallauer:

"It is my understanding that the Committee on Banks and Banking received this bill yesterday."

The Speaker:

"You are re-referring this bill from Banks and Banking to the Committee on Revenue and Taxation?"

Mr. Hallauer:

"Yes."

The Speaker:

"This bill is no longer in the Committee on Banks and Banking. It is in the possession of the Chief Clerk."

Mr. Hallauer:

"The rule states, 'A bill may be recommitted at any time before its final passage.' I wish to move the bill be re-referred from its present status to the Committee on Revenue and Taxation."

#### RULING BY THE SPEAKER

The Speaker:

"According to House Rule 78, 'Upon being reported back by the committee, all bills shall go to the Rules Committee unless there shall be a two-thirds majority report against the bill, in which case a vote shall be called for immediately upon the indefinite postponement of the bill.' In this instance, this bill is not in the possession of the Committee on Bank and Banking. It is in the possession of the Chief Clerk for the purpose of being read under 'Reports of Standing Committees.' It is my ruling that to take this bill from the Chief Clerk at this stage would require a suspension of the rules."

#### POINT OF ORDER

Mr. Rasmussen:

"Mr. Speaker, point of order."

The Speaker:

"State your point of order, Mr. Rasmussen."

Mr. Rasmussen:

"I believe the Speaker is in error. There is nothing in the Rules that says anything about bills being in the possession of the Chief Clerk; and as far as House business is concerned, the bill is not before the House until it has been read back from the committee under committee reports. Mr. Hallauer is correct, and the bill may be re-referred because the House has no knowledge of what bills may be in the possession of the Chief Clerk nor for how long."

The Speaker:

"I could go a step further. For Mr. Hallauer to make his motion—he has to move that the bill be taken from the committee."

Mr. Rasmussen:

"The motion was merely to re-refer the bill to the Committee on Revenue and Taxation."

The Speaker:

"The bill has been reported out of committee. It has been signed by the members of the committee. It is no longer in the hands of the Committee on Banks and Banking. As far as House Rule 88 is concerned, that motion would be perfectly in order any time when the bill is on the calendar or on second or third reading. At the last session, the Speaker ruled that a bill reported out of committee shall go to the Rules Committee. That ruling was made by the prior Speaker citing Rule 78. That is according to our rules."

Mr. Heckendorn:

"Mr. Speaker, looking at House Rule 78 which the Speaker quoted, it states, 'Upon being reported back by the committee.' It has not been reported back. It will not be reported back until it is read in by the Chief Clerk."

Mr. Johnston:

"Mr. Speaker, I want to disagree with Mr. Heckendorn. When the committee acts and signs a bill, it is an incidental matter as to who has possession of the bill. That is an administrative matter. The committee has discharged itself of the bill."

#### PERSONAL PRIVILEGE

Mr. Hallauer:

"Mr. Speaker, point of personal privilege. I find the ruling interesting in view of the fact that a few weeks ago a bill relating to tax on dairy cattle was re-referred from the floor by the chairman of the Committee on Agriculture and Livestock. When it was re-referred, before it was read in under the fifth order of business, it was suggested

that the bill be re-referred to the Committee on Revenue and Taxation, and that was done prior to the committee report."

The Speaker:

"That was done under the fifth order of business. The only objection I have is that you are making your motion under the fourth order of business, and your motion is not specific enough as to its intent."

Mr. Hallauer:

"It is my recollection that it was done on the fourth order of business. The rules state that the motion can be made at any time."

#### REPORTS OF STANDING COMMITTEES

House of Representatives,  
Olympia, Wash., March 17, 1955.

Ordered printed and referred to Committee on Social Security and Public Assistance.

#### SECOND READING OF BILLS

**House Joint Resolution No. 2**, by Representative Hallauer:

Relating to a graduated net income tax.

Mr. Miller (Floyd C.) demanded a call of the House and the demand was sustained.

#### CALL OF THE HOUSE

The Sergeant-at-Arms was instructed to lock the doors.

The Clerk called the roll and all members were present except Representatives Byrne, Clark (Newman H.), Gordon and Sawyer.

On motion of Mr. Sandison, the absent members were excused from the call of the House and the House proceeded with business under the call of the House.

The Speaker stated the question before the House to be consideration of House Joint Resolution No. 2 on second reading.

Mr. Hallauer moved that the following amendment be adopted:

Strike the whole of the second paragraph, on lines 9 through 24 of the original resolution, being page 1, lines 1 through 17 of the printed resolution, and insert in lieu thereof the following:

"Notwithstanding any other provisions of this Constitution, the legislature may levy a graduated tax at a rate not to exceed eight percent of net income, as such term is defined in the United States income tax laws from time to time."

Debate ensued.

#### POINT OF ORDER

Mr. Heckendorn:

"Mr. Speaker, point of order."

The Speaker:

"State your point of order, Mr. Heckendorn."

Mr. Heckendorn:

"How many amendments can be added to an amendment?"

The Speaker:

"Mr. Hallauer, you are striking the two amendments we adopted yesterday and inserting a new one."

Mr. Hallauer:

"My amendment is striking from line 1 through line 17."

Debate ensued.

#### POINT OF PARLIAMENTARY INQUIRY

Mr. Frayn:

"Mr. Speaker, point of parliamentary inquiry."

The Speaker:

"State your parliamentary inquiry, Mr. Frayn."

Mr. Frayn:

"I do not want to cloud the issue of Mr. Hallauer's amendment, but would it be possible for me, if this amendment is adopted, to place upon his amendment the amendment adopted yesterday? Would it be better for me to send my amendment to the desk now as an amendment to the amendment before the House now? I would like to allow Mr. Hallauer's amendment to be voted on, but I am also again going to bring before the House the matter of my amendment."

#### RULING BY THE SPEAKER

The Speaker:

"I think your point is well taken, Mr. Frayn. I am going to go a step further. Reed's Rule 136 states, 'If the amendment is decided in the affirmative, then the words inserted can not any of them be stricken out, except with other words, and then only when, with other words, they constitute a new proposition.' In my opinion, Mr. Hal-

lauer's amendment strikes out the amendments offered by you and Mr. Comfort and inserts in lieu thereof a proposition that does not contain new material; so it appears from my reasoning that this amendment by Mr. Hallauer is out of order. If the House had approved this amendment, it would in effect have acted upon a motion to reconsider. If you adopted Mr. Hallauer's amendment without Mr. Frayn rising to a point of order, the House by its action could infer that they are not only reconsidering the amendments of yesterday but have decided on reconsideration not to adopt the amendments and to insert Mr. Hallauer's amendment in lieu thereof.

"It appears to me that for good parliamentary practice and procedure, what should have been done was to reconsider the amendment by Mr. Frayn which was adopted. If the House reconsiders and decides that it should not be in the resolution, it would then be in order for Mr. Hallauer to offer his amendment."

Debate ensued.

With the consent of the House, Mr. Hallauer withdrew his amendment.

#### MOTION TO RECONSIDER

Mr. Olsen (Ray), having voted on the prevailing side, moved that the House do now reconsider the vote by which the following amendment by Mr. Frayn was adopted yesterday:

Amend the amendment by Representative Hallauer, as amended by Representative Comfort, after the words "rules therefor" in the last line, strike the period (.) and add the following: " : *Provided*, That the first twenty-five thousand dollars of taxable income earned by any individual, partnership, or corporation doing business within the state in any fiscal or calendar year shall be exempt from the provisions of this law to the extent that said amount is expended for capital investment during the ensuing year. Any portion of the said twenty-five thousand dollars not so expended shall be taxed as hereinbefore provided."

"Notwithstanding any other provisions of this Constitution, the legislature may levy a graduated tax upon net income, as net income is currently defined in the United States income tax laws, at a rate not to exceed eight percent, and may provide rules therefor."

#### POINT OF ORDER

Mr. Heckendorn:

"Mr. Speaker, point of order."

The Speaker:

"State your point of order, Mr. Heckendorn."

Mr. Heckendorn:

"A motion to reconsider can be made only the day the action is taken."

**RULING BY THE SPEAKER**

The Speaker:

"A motion to reconsider can be made any time the proposition is before the House."

**POINT OF ORDER**

Mr. Comfort:

"Mr. Speaker, I also would like to rise to a point of order."

The Speaker:

"State your point of order, Mr. Comfort."

Mr. Comfort:

"My point of order is this. We are not dealing with one amendment, we are dealing with two. I do not believe the motion by Mr. Hallauer is in order."

**RULING BY THE SPEAKER**

The Speaker:

"We are dealing with the net result—the amendment as amended. The Speaker is going to rule that the motion for reconsideration is in order."

Mr. Heckendorn:

"May I refer the Speaker to Section 205 of Reed's Rules, 'The motion must be made on the day on which the action was had.'"

The Speaker:

"In reply to your point of order, Mr. Heckendorn, if you will read further in Section 205 of Reed's Rules it states, 'It has been laid down by very good authority that motions to reconsider can be made any time during the session.' It appears the limitations relative to this instance are not specifically defined. Parliamentary practice in many instances is left to the decision of the chair."

**RECONSIDERATION**

The Speaker stated the question before the House to be the motion to reconsider the vote by which the amendment by Mr. Hallauer as amended by Mr. Comfort was adopted.

The motion was carried.

#### EXPLANATIONS OF VOTES

Voting to put the graduated income tax on the ballot for the people to decide, was done by me on the assumption that they have the right to decide, and in the belief that they will vote it down.

DOUGLAS G. KIRK.

I wish to insert in the Journal the following explanation of my vote today on House Joint Resolution No. 2:

"I have today voted 'no' on House Joint Resolution No. 2 (proposing an amendment to the state Constitution to permit a graduated net income tax) in part at least, for the reason that this measure, after having been amended and reamended in a complicated manner on the floor, was immediately advanced to final passage at a time when probably no more than one member of the House had seen the final version in writing. It would tie the Constitution of the state of Washington to laws to be hereafter enacted by the federal Congress, and possibly to rules and regulations to be hereafter adopted by the Internal Revenue Bureau. Any legislation as important as an amendment to the Constitution should be examined by attorneys and others familiar with the problems involved, and have more consideration than it was possible for any member of the House to give to the version of this resolution which was presented to the members, only orally, just before we were required to vote on its final passage."

HENRY HECKENDORN.

#### NOTICE OF RECONSIDERATION

Mr. Mardesich, having voted on the prevailing side, gave notice that he would move on the next succeeding business day for reconsideration of the vote by which Engrossed House Joint Resolution No. 2 failed to pass the House.

#### MOTIONS

On motion of Mr. Miller (Floyd C.), the call of the House was dispensed with.

On motion of Mr. Miller (Floyd C.), the House recessed until eight o'clock p. m.

#### MESSAGE FROM THE SECRETARY OF STATE

Department of State,  
Office of the Secretary,  
Olympia, Wash., March 18, 1955.

*To the Honorable, The Speaker of the House of Representatives,  
The Legislature of the State of Washington, Olympia, Washington.*

SIR:

I have the honor to transmit herewith, pursuant to section 12, Article III of the Constitution of the state of Washington, for the consideration of the House of Repre-

sentatives, certified copies of the following bills passed by the House and Senate of the regular thirty-fourth session of the legislature, and partially vetoed by the governor, together with his veto message attached thereto.

They are House Bills No. 148, now identified as chapter 213, Laws of 1955, No. 322, now identified as chapter 212, Laws of 1955 and No. 435, now identified as chapter 211, Laws of 1955.

Respectfully,  
EARL COE,  
*Secretary of State.*

(See Session Laws of 1955, Chapters 211, 212 and 213 which indicate the vetoed sections of House Bills Nos. 435, 322 and 148.)

#### MESSAGE FROM THE GOVERNOR

Executive Department,  
Olympia, Wash., March 16, 1955.

*To the Honorable, The House of Representatives of the State of Washington.  
(Through the Secretary of State)*

LADIES AND GENTLEMEN:

I am returning herewith, without my approval as to section 18, House Bill No. 435, entitled:

"An Act relating to trademarks; and repealing sections 1 through 9, chapter 47, Laws of 1897 and RCW 19.76.010 through 19.76.090."

This provision would authorize the secretary of state to place the first \$3,000 received each calendar year from fees paid under the provisions of this bill in a special fund separate from all other funds and to expend such funds for salaries, wages and operations to carry out the provisions of the bill. The fund would under this provision be "accumulative and not restricted to biennium or fiscal periods of the state." This provision is contrary to the current policy of the legislature, as expressed in numerous bills enacted during this session, in consolidating various state funds under the control of the state treasurer. In my opinion, there is no valid reason for establishing this special fund.

Section 18 is therefore vetoed, and the remainder of the bill is approved.

Respectfully submitted,  
ARTHUR B. LANGLEIE,  
*Governor.*

Mr. Sandison moved that the House take no action on House Bill No. 435 together with the governor's veto message thereon.

#### PARLIAMENTARY INQUIRY

Mr. Hess:

"Mr. Speaker, parliamentary inquiry."

The Speaker:

"State your inquiry, Mr. Hess."

Mr. Hess:

"Does this motion prevent the House from taking action at a later time on the governor's veto?"

The Speaker:

"It means that the House refuses to consider action on the veto of House Bill No. 435."

Debate ensued.

Mr. Clark (Newman H.) moved that House Bill No. 435 together with the governor's veto message thereon be referred to Committee on Rules and Order.

The Speaker stated the question before the House to be the motion by Mr. Clark (Newman H.) that the governor's veto of House Bill No. 435 be referred to the Committee on Rules and Order.

The motion was carried.

**PARLIAMENTARY INQUIRY**

Mr. Heckendorn:

"Mr. Speaker, point of parliamentary inquiry."

The Speaker:

"State your inquiry, Mr. Heckendorn."

Mr. Heckendorn:

"It is not clear to me whether a special session of the legislature has the authority to act on vetoed bills passed in the regular session."

The Speaker:

"The Constitution provides that any time the legislature is in session, it shall act on the governor's veto messages."

**MESSAGES FROM THE GOVERNOR**

Executive Department,  
Olympia, Wash., March 16, 1955.

*To the Honorable, The House of Representatives of the State of Washington  
(Through the Secretary of State)*

LADIES AND GENTLEMEN:

Returned herewith, without my approval as to section 6, is House Bill No. 322, entitled:

"An Act relating to the fisheries code of the state of Washington; amending section 75.08.040, chapter 12, Laws of 1955 and RCW 75.08.040, and section 75.28.040, chapter 12, Laws of 1955 and RCW 75.28.040, and section 75.28.060, chapter 12, Laws of 1955 and RCW 75.28.060, and section 75.28.090, chapter 12, Laws of 1955 and RCW 75.28.090, and section 75.32.080, chapter 12, Laws of 1955 and RCW 75.32.080, and section 75.24.090, chapter 12, Laws of 1955 and RCW 75.24.090, and section 75.28.280, chapter 12, Laws of 1955 and RCW 75.28.280, and section 75.28.300, chapter 12, Laws of 1955 and RCW 75.28.300, and section 75.32.030, chapter 12, Laws of 1955 and RCW 75.32.030; and adding new sections to chapter 75.28 RCW, and a new section to 75.32 RCW; and repealing section 75.32.060, chapter 12, Laws of 1955 and RCW 75.32.060; and declaring an emergency."

Section 6 of this bill was originally prepared to make certain minor revisions of RCW 75.32.080. This section, which was section 8 in the original printed bill, was prepared for the purpose of inserting the adjective "food" in two different places preceding the word "fish", thereby more specifically identifying the subject matter of certain provisions as "food fish."

In the preparation of this bill, the draftsman inadvertently substituted the words "catch fees" for the word "tax" in the first proviso to the second paragraph of section 6. The present law provides for privilege fees to be imposed upon canneries who process certain fish. This tax is imposed by RCW 75.32.030. The proviso in the original statute which was sought to be amended by section 6 of this bill, exempts from that privilege tax dealers in frozen fish. By erroneously changing the word "tax" to "catch fee", the proviso now purports to exempt dealers in frozen fish from the catch fee imposed by RCW 75.32.070. That tax is, of course, inapplicable to such dealers. The proviso is therefore erroneously worded and would have an erroneous application.

For this reason section 6 of House Bill No. 322 is vetoed and the remainder of the bill is approved.

Respectfully submitted,  
ARTHUR B. LANGLE, *Governor.*

On motion of Mr. Sandison, House Bill No. 322 together with the governor's veto message thereon was referred to Committee on Rules and Order.

Executive Department,  
Olympia, Wash., March 16, 1955.

To the Honorable, The House of Representatives of the State of Washington  
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am returning herewith, without my approval as to section 6, House Bill No. 148, entitled:

"An Act relating to eminent domain by the state, and revising and amending section 4, chapter 74, Laws of 1891, as amended by section 1, chapter 98, Laws of 1925 extraordinary session, and as amended by section 1, chapter 177, Laws of 1951, and RCW 8.04.070, 8.04.080, 8.04.090 and 8.04.100, and adding a new section to chapter 8.04 RCW."

This provision would authorize the award of reasonable attorney's fees to the condemnee in an eminent domain proceeding in any case where the condemnee received at least 25% in excess of the final amount offered by the condemnor. It should be noticed that this provision applies to any condemnation whether by the state or any other condemning authority or corporation. It would also apply to the condemnation of private ways of necessity by landlocked individuals.

I have no objection to the principle that every property owner should be entitled to receive fair compensation, not only for his property but for any unusual expense to which he may be put in such proceedings. However, a provision such as this may, under some circumstances, encourage unnecessary litigation when the acquisition could actually have been settled by negotiation.

The provision lends itself readily to the suggestion that a land owner should not settle the matter by negotiation too readily, nor be particularly cooperative, since nothing could be lost by taking the matter to court. At the present time, the state is anticipating the construction of a rather extensive highway project in the Tacoma-Seattle-Everett area. This particular project is being financed by a bond issue of large magnitude. Any measure which could delay or prolong property acquisition on this project could add tremendously to the interest and financing charges accruing on the bonds. Even a slight delay would add costs far out of proportion to the benefits accruing to the condemnee under this provision. Furthermore, many of the courts are so burdened that calendars are running several months behind current filings. Any tendency to increase this burden would have a detrimental effect upon the efficient operation of our courts. If the measure actually had the effect of increasing litigation, it would undoubtedly be necessary to increase the number of judges and court personnel appreciably to take care of the additional burden.

I believe that the risk of the detrimental effect which may occur under present circumstances, far outweighs the beneficial effects, if any, to the condemnee. For this reason, section 6 is vetoed and the remainder of the bill is approved.

Respectfully submitted,  
ARTHUR B. LANGLIE,  
Governor.

On motion of Mrs. Hansen (Julia Butler) no action was taken on House Bill No. 148 and the governor's veto message thereon.

MESSAGE FROM THE SECRETARY OF STATE

Department of State,  
Office of the Secretary,  
Olympia, Wash., March 18, 1955.

To the Honorable, The Speaker of the House of Representatives,  
The Legislature of the State of Washington, Olympia, Washington.

SIR:

I have the honor to return herewith, pursuant to section 12, Article III of the Constitution of the state of Washington, for the consideration of the House of Representatives, Enrolled House Bill No. 481, passed by the House and Senate of the regular thirty-fourth session of the legislature, and vetoed by the governor, together with his veto message attached thereto.

Respectfully submitted,  
EARL COE,  
Secretary of State.

## MESSAGE FROM THE GOVERNOR

Executive Department,  
Olympia, Wash., March 18, 1955.

*To the Honorable, The House of Representatives of the State of Washington  
(Through the Secretary of State)*

LADIES AND GENTLEMEN:

I am returning herewith, without my approval, House Bill No. 481, entitled:  
"An Act relating to employee welfare trust funds; making an appropriation; and providing penalties."

The intent and form in which this bill was originally introduced covered employee welfare trust funds established by employees. By an amendment which apparently passed unnoticed, the definition was changed to include all such funds established for employees. As a result, the scope of this act has been so broadened that it will involve considerable expense both to the state of Washington and to the welfare trusts affected and would cause unnecessary and perhaps conflicting supervision and examination of certain classes of funds. There are adequate and proper safeguards in the existing audit and examination procedures as they apply to most of the welfare funds administered by trustees in this state. I would think it proper for the legislature immediately to reenact this bill with appropriate amendments limiting its effect to those classes of welfare funds which are not presently subject to audit by some governmental agency under existing law.

For the reasons stated herein, House Bill No. 481 is vetoed.

Respectfully submitted,  
ARTHUR B. LANGLE, *Governor.*

On motion of Mr. Sandison, House Bill No. 481 together with the governor's veto message thereon was referred to Committee on Rules and Order.

## MESSAGE FROM THE SECRETARY OF STATE

Department of State,  
Office of the Secretary,  
Olympia, Washington, March 18, 1955.

*To the Honorable, The Speaker of the House of Representatives,  
The Legislature of the State of Washington, Olympia, Washington.*

SIR:

I have the honor to return herewith, pursuant to section 12, Article III of the Constitution of the state of Washington for the consideration of the House of Representatives, Enrolled House Bills Nos. 287, 348 and 430, passed by the House and Senate of the regular thirty-fourth session of the legislature, and vetoed by the governor, together with his veto message attached thereto.

Respectfully,  
Earl Coe,  
Secretary of State.

## MESSAGES FROM THE GOVERNOR

Executive Department,  
Olympia, Wash., March 16, 1955.

*To the Honorable, The House of Representatives of the State of Washington  
(Through the Secretary of State)*

LADIES AND GENTLEMEN:

Herewith returned, without my approval is House Bill No. 287. The title of the bill is as follows:

"An Act relating to the board of prison terms and paroles and amending section 43.67.020 RCW and declaring an emergency."

The principle of special qualifications for board members is absolutely sound and I have always tried to select people for responsible positions on the basis of such qualifications insofar as possible. The experience and educational requirements fixed in this bill, however, are quite rigid. It imposes limiting factors on the appointment that, in

my judgment, would make more difficult the selection of qualified people for the board rather than to facilitate such selections.

It is difficult many times to encourage people with outstanding backgrounds to leave established careers for public service. In this instance, the salary is fixed at a relatively low level and the tenure of office short as compared to private employment or professional practice. It would be especially difficult to fill these positions. It is doubtful if present board members who do not meet some of the qualifications inserted in this bill could serve, even temporarily, after the effective date of House Bill No. 287, if it were to become law. Therefore, it is very likely that one or more of the positions would remain vacant for some time because of the difficulty in finding qualified persons to fill them. This situation would be a handicap to the functions of the board and detrimental to the best interests of the state.

For these reasons, House Bill No. 287 is vetoed.

Respectfully submitted,

ARTHUR B. LANGLEY, *Governor.*

Mr. Sandison moved that the House take no action on House Bill No. 287 together with the governor's veto message thereon.

Mr. Petrie moved that the governor's veto message on House Bill No. 287 be referred to the Committee on Rules and Order.

Debate ensued.

The Speaker stated the question before the House to be the motion by Mr. Petrie that House Bill No. 287 and the governor's veto message thereon be referred to the Committee on Rules and Order.

The motion was carried.

Executive Department,  
Olympia, Wash., March 17, 1955.

*To the Honorable, The House of Representatives of the State of Washington  
(Through the Secretary of State)*

LADIES AND GENTLEMEN:

I am returning herewith House Bill No. 348, without my approval. The bill is entitled:

"An Act relating to the temporary disposition of moneys received by the department of licenses."

This bill was originally requested by the license department to alleviate certain mechanical difficulties facing that department in view of the present legal requirement that all funds be immediately remitted to the state treasurer. Because of the complicated bookkeeping procedures involved, it was not possible to remit the money with a full statement of the proper crediting to the various funds involved within the time permitted by law. At the same session, the legislature also enacted House Bill No. 317, creating a suspense fund in the state treasury. That fund will accomplish the purposes of House Bill No. 348. In my opinion, it is unnecessary that both bills become law. For this reason House Bill No. 348 is vetoed.

Respectfully submitted,

ARTHUR B. LANGLEY, *Governor.*

On motion of Mr. Sandison, the House took no action on House Bill No. 348 and the governor's veto message thereon.

Executive Department,  
Olympia, Wash., March 16, 1955.

*To the Honorable, The House of Representatives of the State of Washington  
(Through the Secretary of State)*

LADIES AND GENTLEMEN:

I am returning herewith, without my approval, House Bill No. 430, entitled:

"An Act relating to motor vehicles; providing for special automobile license plates for amateur radio operators; providing penalties; and making an appropriation."

This bill would place holders of official amateur radio licenses in a special category insofar as motor vehicle license plates on the automobiles owned by such holders are concerned. I believe that an unwise precedent would be established in singling out a particular group to whom special automobile license plates shall be issued. Such a

measure if approved will provide the occasion for similar demands by other special groups who might advance reasons with as much merit for such treatment.

I am by no means convinced that the special designator in the form of the radio operator's call number on the license plate will be of any material assistance to law enforcing and civil defense agencies in a time of emergency. There are, to be sure, many professions and groups in our society who possess special skills which are needed in times of disaster, but this fact does not justify identifying such persons by special license plates. Our means of communication are such that license plates are of small consequence in the location of individuals. Moreover, the approval of this measure would impose a considerable additional administrative burden upon the license department and increase substantially the cost of operating that phase of the license department's activities.

For the reasons indicated herein House Bill No. 430 is vetoed.

Respectfully submitted,

ARTHUR B. LANGLEY, *Governor*.

On motion of Mrs. Hansen (Julia Butler), no action was taken on House Bill No. 430 and the governor's veto message thereon.

#### MESSAGE FROM THE SENATE

Senate Chamber,  
Olympia, Wash., March 19, 1955.

#### SECOND READING OF BILLS

**House Bill No. 15**, by Representatives Hallauer and Heckendorn:

Amending the probate statutes and providing for the disposition of inheritances when heirs cannot be located.

House of Representatives,  
Olympia, Wash., March 15, 1955.

MR. SPEAKER:

We, a majority of your Committee on Revenue and Taxation, to whom was referred House Bill No. 15, amending the probate statutes and providing for the disposition of inheritances when heirs cannot be located, have had the same under consideration, and we respectfully report the same back to the House with the recommendation that it do pass with the following amendments:

In section 4, page 2, line 16 of the original bill, being page 2, lines 28 and 29 of the printed bill, after the words "*deposit in the*" strike the words "*permanent common school fund of the state*" and insert in lieu thereof the following: "*state treasury in the fund in which escheats and forfeitures are by law required to be deposited*"

Add a new section immediately following section 7 on page 3 of the original bill, being page 4 of the printed bill, to be known as section 8, to read as follows:

"Sec. 8. After any time limitation prescribed in this act, the absentee claimant may, at any time, if the assets of the estate have not been claimed under the provisions of sections 6 and 7 of this act, notify the tax commission of his claim to the estate, and file in the court which had jurisdiction of the original probate a petition claiming the assets of the estate. The tax commission may appear in answer to such petition. Upon proof being made to the probate court that the claimant is entitled to the estate assets, the court shall render its judgment to that effect and the assets shall be paid to the claimant without interest, upon appropriation made by the legislature."

WILBUR G. HALLAUER, *Chairman*,  
HERB HANSON, *Vice Chairman*.

We concur in this report: Cecil C. Clark, Fred H. Dore, Edward F. Harris, Henry Heckendorn, Andy Hess, Mrs. Joseph E. Hurley, Milton R. Loney, Malcolm McBeath, Mel T. Neal, Hartney A. Oakes, Ray Olsen, Ralph Purvis, Charles R. Savage, Harry A. Siler, William A. Weitzman.

The bill was read the second time by sections.

On motion of Mr. Hallauer, the committee amendments were adopted.

On motion of Mr. Sandison, the rules were suspended, Engrossed House Bill No. 15 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

The Clerk called the roll on the final passage of Engrossed House Bill No. 15, and the bill passed the House by the following vote: Yeas, 71; nays, 0; absent or not voting, 28.

Mr. Mardesich, having voted on the prevailing side, moved that the House do now reconsider the vote by which Engrossed House Joint Resolution No. 2 failed to receive the required constitutional majority yesterday.

#### POINT OF ORDER

Mr. Petrie:

"Mr. Speaker, point of order."

The Speaker:

"State your point, Mr. Petrie."

Mr. Petrie:

"Mr. Mardesich having made this motion at this order of business—does the motion now require a two-thirds vote? These motions have been entertained on the fourth order of business heretofore."

Mrs. Hansen (Julia Butler):

"Mr. Speaker, we have completed the third reading of bills. Are we not on the eleventh order of business, 'Other Business to be Considered,' which consists of motions such as this?"

#### RULING BY THE SPEAKER

The Speaker:

"A motion for reconsideration can be made at any time. We are not prohibited from doing it at this time under our rules. I will agree that it has been customary to make the motion on the fourth order of business, but I can not find anything that prohibits us from considering it at this time."

#### RECONSIDERATION

The Speaker stated the question before the House to be the motion to reconsider the vote by which Engrossed House Joint Resolution No. 2 failed to pass the House.

Mr. Miller (Floyd C.) demanded a call of the House and the demand was sustained.

#### CALL OF THE HOUSE

The Sergeant-at-Arms was instructed to lock the doors.

The Clerk called the roll and all members were present except Representatives Byrne, Eldridge, Gordon and McBeath.

#### PERSONAL PRIVILEGE

Mr. Olson (Ole H.):

"Mr. Speaker, may I rise to a point of personal privilege?"

The Speaker:

"Yes, you may, Mr. Olson."

Mr. Olson:

"I believe that I am entitled to make a comment or two on Mr. Clark's (Newman H.) statement when he indicts me as an individual, because I am chairman of the Committee on Appropriations. I resent that kind of indictment. I am merely chairman of the committee—I merely preside over the meetings that consist of twenty-four members of this House. Every member of that committee has a right to share my resentment of the indictment. We are one chamber and one part of the legislature. The Senate is equally guilty of what has transpired. We are differing honestly. We are trying to resolve our differences. Even the Senate appropriations bill is larger than it has ever been because they recognize the needs of the state. Because I am trying, as one member of the committee, to do something for the welfare of the state and meet its needs, I resent the remarks on behalf of the committee. Anything that has come out of the committee has been signed by at least half of the members of the committee."

#### PERSONAL PRIVILEGE

Mr. Clark (Newman H.):

"Mr. Speaker, personal privilege.

"In using the word 'indictment,' I did not wish to imply any personal affront to Mr. Olson as an individual. I took the word from the speech of Mr. Olson."

The Speaker stated the question before the House to be the final passage of Engrossed House Joint Resolution No. 2.

Mr. Miller (Floyd C.) demanded an oral roll call and the demand was sustained.

The Clerk called the roll on the final passage of Engrossed House Joint

Those absent or not voting were: Representatives Byrne, Eldridge, Gordon, McBeath—4.

Engrossed House Joint Resolution No. 2, having failed to receive the constitutional two-thirds majority, was declared lost.

#### EXPLANATION OF VOTE

"I voted 'no' on the reconsideration of House Joint Resolution No. 2 today, among other reasons, because, although the proposed tax is to be based on 'net income, as such term is defined in the United States income tax laws from time to time,' it appears that the term 'net income' recently has been eliminated from the United States income tax laws. (See § 63 of the Revised Internal Revenue Code of 1954, effective for the year 1954, and thereafter.) This error in the language of the resolution would appear to destroy, or at least raise a substantial question as to, the effectiveness of this proposed amendment to the Constitution."

HENRY HECKENDORN.

On motion of Mr. Miller (Floyd C.), the House adjourned until two o'clock p. m., Sunday, March 20, 1955.

"Sec. 6 (RCW 82.04.260) (1) Upon every person engaging within this state in the business of buying wheat, oats, corn and barley, but not including any manufactured or processed products thereof, and selling the same at wholesale; the tax imposed shall be equal to the gross proceeds derived from such sales, multiplied by the rate of one one-hundredth of one percent.

"(2) Upon every person engaging within this state in the business of manufacturing wheat into flour; as to such persons the amount of tax with respect to such business shall be equal to the value of the flour manufactured, multiplied by the rate of one-eighth of one percent.

"Sec. 7. (RCW 82.04.270) Upon every person except persons taxable under subsection (1) of RCW 82.04.260 engaging within this state in the business of making sales at wholesale; as to such persons the amount of tax with respect to such business shall be equal to the gross proceeds of sales of such business, multiplied by the rate of [one-quarter] *four-tenths* of one percent.

"Sec. 8. "Sec. 9. (RCW 82.04.290) Upon every person engaging within this state in any business activity other than or in addition to those enumerated in RCW 82.04.230, [82.04.235,] 82.04.240, 82.04.250, 82.04.260, 82.04.270 and 82.04.280; as to such persons the amount of tax on account of such activities shall be equal to the gross income of the business, multiplied by the rate of [one-half] *eight-tenths* of one percent. This section includes, among others, and without limiting the scope hereof (whether or not title to materials used in the performance of such business passes to another by accession, confusion or other than by outright sale), persons engaged in the business of rendering any type of service which does not constitute a 'sale at retail' or a 'sale at wholesale.'

"Sec. 10. Section 1, chapter 195, Laws of 1953 and RCW 82.04.235 are each repealed."

Renumber the remaining sections consecutively.

#### POINT OF ORDER

Mr. Petrie:

"Mr. Speaker, point of order."

The Speaker:

"State your point of order, Mr. Petrie."

Mr. Petrie:

"This amendment is substantially the same as House Bill No. 18 pending before the House, I notice only a very slight variation in section 8."

Mr. Hallauer:

"Mr. Speaker, I would like to explain, in reply to Mr. Petrie's point of order, that in section 9 the rate is changed from the rate in House Bill No. 18. That change amounts to two and a half million dollars. There is a substantial difference between this amendment and House Bill No. 18."

Mr. Hess:

"Mr. Speaker, on the point of order—I believe that perhaps a need has been raised for a modification of the past rulings. Since our tax structure is such that if we deal with revisions of the tax structure by amendment any kind of change proposed will affect a bill pending before the House, because we have tax bills dealing with almost every field in the tax structure. Therefore, it would seem that the rulings made in the past would be much too broad in this instance as we would be unable to consider basically any amendment to any tax bill."

#### RULING BY THE SPEAKER

The Speaker:

"It appears the points are well taken. The basic material is broad. In changing the rates you are changing amounts. That is a basic change in a bill. I am ruling that the amendment is germane."

Debate ensued.

Mr. Loney demanded the previous question and the demand was sustained.

The Speaker stated the question before the House to be the adoption of the amendment by Mr. Hallauer.

The amendment was lost.

Mr. Hallauer moved that the following amendment be adopted:

The Clerk called the roll on the adoption of the amendment by Mr. Mardesich, and the amendment was lost by the following vote: Yeas, 40; nays, 56; absent or not voting, 3.

Debate ensued.

The amendment was adopted.

Mr. Holliday moved that the following amendment be adopted:

Amend section 1, line 1, page 1 of the printed bill, being line 7, page 1 of the original bill, by striking sections 1, 2, 3 and 4 of the bill and inserting in lieu thereof the following:

"Section 1. There is added to chapter 180, Laws of 1935 as amended, a new Title to be designated as Title XVII and to which title are added sections 2 through 25 of this act. The word 'Title' when used in sections 2 through 25 means Title XVII of chapter 180, Laws of 1935 as amended.

"Sec. 2. For the purposes of this Title, unless otherwise required by the context:

"(1) 'Commission' or 'tax commission' means the tax commission of the state of Washington;

"(2) 'Taxpayer' means any natural person or individual, fiduciary, partnership, corporation, association, trust or estate, subject to a tax imposed by this Title;

"(3) 'Corporation' includes every corporation and every company, associations, joint stock companies, insurance companies, trust companies, banks, societies, common law trusts and all other associations of whatever kind organized or operated for profit, including both domestic and foreign corporations;

"(4) 'Domestic corporation' means any corporation organized and existing under the laws of this state;

"(5) 'Foreign corporation' means any corporation organized and existing under the laws of any other state, or territory, or any country other than the United States;

"(6) 'Fiduciary' means a guardian, trustee, executor, administrator, receiver, or any other person, whether individual or corporate, acting in any fiduciary capacity for any person, trust or estate;

"(7) 'Partnership' includes all partnerships, copartnerships, whether general or special, and whether limited or unlimited, and all joint enterprises or joint ventures;

"(8) 'Doing business' includes any transaction or transactions within this state by any taxpayer in the course of his or its business or activity;

"(9) 'Income year' means the calendar year. The first income year shall be from and including July 1, 1955, to the end of the calendar year 1955.

"Sec. 3. There is by this Title levied upon and shall be collected from every taxpayer for the privilege of receiving income or doing business in this state a tax computed at the rate of twenty mills (two percent) of his or its net income received from and after July 1, 1955.

"Sec. 4. For the purposes of this Title, 'net income' shall be measured by the amount of gross income as defined in section 5 of this act, less the deductions provided for in sections 6 and 7 of such act.

"Sec. 5. 'Gross income' means income derived from gains, profits, salaries, wages, or compensation for personal service of whatever kind and in whatever form paid, or from professions, vocations, trades, businesses, commerce or sales, from interest, dividends, securities, or the transaction of any business carried on for gain or profit, or gains or profit and income derived from any source whatever which may be constitutionally taxable as property. It shall not include (1) gifts, devises and bequests, or insurance proceeds for personal or nonbusiness losses except to the extent the insurance proceeds exceed the loss, or (2) interest on securities of either the state or federal government or subdivision thereof which are not taxable under state or federal laws. It shall include the excess of insurance proceeds over the basis of the property loss which is deductible under section 6 of this act.

"Sec. 6. In computing net income there shall be allowed as deductions from gross income:

"(1) All the ordinary, necessary and proper expenses paid during the income year in carrying on any trade or business, including, but not limited to:

"(a) A reasonable allowance for salaries or other compensation for services actually rendered;

"(b) Rentals or other payments required to be made as a condition to the continued use or possession, for the purpose of the trade or business, of property to which the taxpayer has not taken or is not taking title or in which he has no equity;

"(c) Actual and proper expenses incurred while traveling away from home in connection with a trade or business;

"(d) All other necessary or proper expenses paid or incurred during the income year for the production or collection of income or profit, or for the management, conservation, or maintenance of property held for the production of income.

"(2) All interest paid during the income year on business indebtedness, or indebtedness incurred for profit except on indebtedness incurred or continued to purchase or carry obligations or securities, the interest upon which is exempt from taxes imposed by this Title.

"(3) Actual losses sustained in the income year in the operation of a trade or business or in an activity carried on for profit and not compensated by insurance or otherwise.

"(4) Losses sustained in the income year of property connected with a trade or business or profit activity of the taxpayer to the extent not covered by insurance or otherwise: *Provided*, That this shall not include losses of property which by law or the Constitution of this state are subject to ad valorem property taxation other than under this act and exempted from taxation under this Title.

"(5) Debts, if the anticipated income from the transaction giving rise to the debt is reported as gross income, and if incurred in trade or business, or incurred in any transaction entered into for profit and ascertained to be worthless and charged off within the income year (or, in the discretion of the commission, a reasonable addition to reserve for bad debt). When satisfied that a debt is recoverable only in part, the commission may allow such debt to be charged off in part.

"(6) For each head of a family, as provided by Article 7, section 1 of the state Constitution, as amended by the fourteenth amendment, three hundred dollars: *Provided*, That if the electors of this state approve an amendment to the Constitution of this state at the general election in November, 1956, increasing the constitutional exemption from personal property taxation from the present figure of three hundred dollars to the sum of one thousand dollars, the exemption from taxation allowed by this subsection shall be one thousand dollars for each taxpayer for the calendar year 1956 and for each fiscal year beginning in 1956, and for each calendar and fiscal year thereafter.

"(7) The basis for depreciation, depletion and the determination of losses, shall be the cost of the property or its fair market value as of July 1, 1955, whichever is greater, under rules and regulations prescribed by the commission.

"Sec. 7. In computing 'net income' as provided for in section 6, income which has been used in determining the valuation of property subject to ad valorem taxation shall first be excluded to avoid double taxation: *Provided*, That if this section is declared invalid or unconstitutional, or if the inclusion of this section would cause this act or any part of such act to be construed as unconstitutional, then this section is declared to be a nullity and the remaining parts of the act shall be construed as if this section had never been enacted.

"Sec. 8. For the purpose of ascertaining the gain derived or loss sustained from the sale or other disposition of property, real, personal or mixed, the basis shall be the fair market value as of July 1, 1955, or the cost of the property on the date of acquisition if acquired after July 1, 1955, under regulations prescribed by the commission.

"Sec. 9. A taxpayer engaged in business within and without this state shall be taxed only on such income as is derived from business transacted within this state. The amount of income allocable to this state shall be determined by an apportionment on the basis of sales, payroll, value and situs of tangible property, or by reference to any combination of these or other factors, or by such other method as is uniformly and fairly calculated to assign to the state the portion of the entire net income of the taxpayer reasonably attributable to business transacted within this state. The commission shall prescribe uniform regulations to determine proper apportionment of the net income of such taxpayer to business transacted within this state.

"Sec. 10. An individual carrying on business in partnership shall be liable for income tax only in his individual capacity. There shall be included in the return of each partner his distributive share, whether distributed or not, of the net income of the partnership for the income year of the partnership ending with or within the income year for which the partner's return is made. The net income of the partnership shall be computed in the same manner and on the same basis as the net income of an individual taxpayer.

"Sec. 11. The first tax due under this Title shall be due and payable on or before April 15, 1956, for the first income year: *Provided*, That taxes withheld by employers under the provisions of section 15 of this act and installments on estimated taxes provided for by that section shall be remitted to the commission prior to that date in accordance with the provisions of section 15 and with the rules and regulations adopted by the commission to govern such remittances.

"Sec. 12. Income tax returns shall be in such form as the commission shall from time to time prescribe and shall be filed with the commission on or before April 15th for the preceding calendar year. Whenever good cause exists, the commission may allow further time for filing returns except that no extension may be granted for more than six months.

"Sec. 13. There shall be annexed to the income tax return a statement verified by a written declaration of the taxpayer making the return to the effect that the statements contained therein are true. Each taxpayer shall furnish with his or its annual return a copy of the income tax return of the taxpayer to the bureau of internal revenue of the federal government.

"Sec. 14. The commission shall cause to be prepared blank forms for the returns and shall cause them to be distributed throughout the state and to be furnished upon application, but failure to receive or secure a form shall not relieve the taxpayer from the obligation of making any return required by this Title.

"Sec. 15. Employers shall withhold at the source, in trust for the state, the tax from the income of persons receiving salaries or wages. The commission shall make reasonable regulations governing the withholding and remittance of such taxes to the commission. The commission also is authorized to issue regulations under which the tax on income in excess of salaries or wages received by persons paid salaries or wages, and on all income of other taxpayers, may be paid in installments on estimates prepared at the beginning of the income year, with adjustments to be made on or before the annual tax payment date. Amounts withheld by employers shall be remitted quarterly to the state tax commission and shall be paid on or before the fifteenth day of the month following each quarterly period.

"Sec. 16. Counties, cities, towns, school districts and all other political subdivisions of this state having the power to tax shall levy no taxes upon net income of any taxpayer except in so far as income is used in valuing properties subject to ad valorem taxation.

"Sec. 17. If any taxpayer has failed to include in a return filed, either intentionally or through error, any item of income which should be included under the provisions of this Title, the commission shall require from such taxpayer a return, or supplementary return, under oath, in such form as it shall prescribe, of all items of income which the taxpayer received during the year for which the return is made. If from a supplementary return, or otherwise, the commission finds that any item of income includible under this Title has been omitted from the original return, it may require the items omitted to be disclosed, under oath of the taxpayer, and to be added to the original return. A return or supplementary return shall not be deemed complete, so as to prevent the imposition of penalties and interest, unless the correctness of all information contained therein has been certified by the taxpayer or a responsible officer of the taxpayer.

"Sec. 18. (1) Any taxpayer capable of exercising either directly or indirectly substantially the entire control of the business of another taxpayer, either by ownership or control of substantially the entire capital stock of the other taxpayer or otherwise, may be permitted or required to make a consolidated return, showing the consolidated net income and such other information as the commission may require in order to compute the net income tax properly payable to the state and to impose the proper tax attributable to the consolidated net income from transactions within the state upon the taxpayers concerned.

"(2) The commission may permit the filing of a consolidated return where substantially the entire control of two or more taxpayers liable to tax under this Title is exercised by the same interests.

"(3) Where the commission has reason to believe that any taxpayer so conducts its business as to distort, either directly or indirectly, the true net income and the net income tax properly attributable to transactions or operations within this state, whether by the arbitrary shifting of income, or through price fixing, or charges for service, or otherwise, whereby the net income is arbitrarily assigned to one or another unit in a group of taxpayers carrying on business under a substantially common control or to one or another unit of the business of a taxpayer, the commission may require such facts as it deems necessary for the proper computation of the entire net income and the net income tax properly attributable to transactions or operations within this state. In determining the entire net income and the net income tax properly payable to the state the commission shall have regard to the actual and fair profits which normally arise from the conduct of the business or such similar business.

"Sec. 19. Any taxpayer, or representative of any taxpayer, who, with intent to evade this tax, fails to make, render, sign, or verify any return, or pay any tax imposed by this Title, shall be guilty of a gross misdemeanor for each such act.

"Sec. 20. Any person, including any taxpayer, or representative of any taxpayer, who, with intent to evade this act, wilfully makes any false statement in any notice, estimate, or return filed under the provisions of this Title, or who falsifies his or the taxpayer's books or records, shall be guilty of a felony.

"Sec. 21. The commission shall notify the attorney general immediately in writing of each violation of sections 19 or 20 of this act and shall likewise so notify the prosecuting attorney of the county in which the taxpayer resides or has its principal place of business.

"Sec. 22. All of the provisions of chapter 82.32 RCW, except RCW 82.32.020, 82.32.030, 82.32.040, 82.32.140, 82.32.250, 82.32.270, 82.32.290 and 82.32.380, shall have full force and effect and shall apply with respect to taxes imposed under this Title, except in so far as they be declared inconsistent therewith by the commission or by a court of competent jurisdiction.

"Sec. 23. Section 1, chapter 96, Laws of 1931 and section 5, chapter 130, Laws of 1925 extraordinary session, (heretofore divided, combined, and codified as RCW 84.04.080 and 84.36.070) are amended to read as set forth in sections 24 and 25.

"Sec. 24. (RCW 84.04.080) 'Personal property' includes, but without limitation, all goods, chattels, stocks, estates, or moneys; all standing timber held or owned separately from the ownership of the land on which it stands; all fish trap, pound net, reef net, set net and drag seine fishing locations; all leases of real property and leasehold interests therein for a term less than the life of the holder; all improvements upon lands the fee of which is still vested in the United States, or in the state; all gas and water mains and pipes laid in roads, streets, or alleys, and all property, which the law may define or the courts hold to be personal property for the purpose of taxation and as subject to the laws and jurisdiction of the courts of this state, whether it consists of marine craft,

as ships and vessels, or other property holden under the laws and jurisdiction of the courts of this state, and whether at home or abroad.

"Sec. 25. (RCW 84.36.070) *Except in so far as they shall constitute or give rise to net income taxable under this act, all [All] moneys and credits including mortgages, notes, accounts, certificates of deposit, tax certificates, judgments, state, county and municipal bonds and warrants and bonds and warrants of other taxing districts, bonds of the United States and of foreign countries or political subdivisions thereof, and the bonds, stocks, or shares of private corporations are exempt from ad valorem taxation. There shall not, however, be allowed to any taxpayer any deduction on account of indebtedness owed.*

"Sec. 26. Section 4, chapter 228, Laws of 1949 and RCW 82.08.020 are each amended to read as follows:

"There is levied and there shall be collected *during such time as a flat net income tax is imposed in this state under the provisions of this amendatory act* a tax on each retail sale in this state equal to [three] two percent of the selling price. The tax imposed under this chapter shall apply to successive retail sales of the same property and to the retail sale of intoxicating liquor by the Washington state liquor stores: *Provided, That the tax imposed by this section shall not apply to retail sales of intoxicating liquors by Washington state liquor stores and agencies so long as the tax imposed upon such sales by RCW 82.08.150 is in effect.*

"Sec. 27. Section 7, chapter 228, Laws of 1949 and RCW 82.12.020 are each amended to read as follows:

"There is hereby levied and there shall be collected from every person in this state a tax or excise for the privilege of using within this state as a consumer any article of tangible personal property purchased at retail, or acquired by lease or by gift, or extracted or produced or manufactured by the person so using the same: *Provided, That the tax liability imposed by this chapter upon the use of tangible personal property by a lessee thereof shall not be construed as affecting the primary liability under this chapter of the lessor of said property. This tax will not apply with respect to the use of any article of tangible personal property purchased, extracted, produced or manufactured outside this state until the transportation of such article has finally ended or until such article has become commingled with the general mass of property in this state. This tax shall apply to the use of every article of tangible personal property, including property acquired at a casual or isolated sale, and including byproducts used by the manufacturer thereof, except as hereinafter provided, irrespective of whether the article or similar articles are manufactured or are available for purchase within this state. Except as provided in subdivision (2) of RCW 82.12.030, payment by one purchaser or user of tangible personal property of the tax imposed by chapter 82.08 or 82.12 shall not have the effect of exempting any other purchaser or user of the same property from the taxes imposed by such chapters. During such time as a flat net income tax is imposed in this state under the provisions of this amendatory act, the tax imposed by this section shall be levied and collected in an amount equal to the value of the article used by the taxpayer multiplied by the rate of [three] two percent.*

"Sec. 28. Section 1, chapter 91, Laws of 1953 and RCW 82.04.296 are each repealed.

"Sec. 29. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect May 1, 1955."

Amend line 1 of the title of the original bill, being line 1 of the title of the printed bill, by striking all of the title after the words "and amending" and insert in lieu thereof the following: "section 1, chapter 96, Laws of 1931 and section 5, chapter 130, Laws of 1925 extraordinary session and RCW 84.04.080 and 84.36.070, and section 4, chapter 228, Laws of 1949 and RCW 82.08.020, and section 7, chapter 228, Laws of 1949 and RCW 82.12.020; adding a new title to chapter 180, Laws of 1935; repealing section 1, chapter 91, Laws of 1953 and RCW 82.04.296; and declaring an emergency."

#### POINT OF ORDER

Mr. Purvis:

"Mr. Speaker, I rise to a point of order."

The Speaker:

"State your point of order, Mr. Purvis."

Mr. Purvis:

"I just now heard read the statement 'income tax.' This is apparently an amendment to impose an income tax—a flat income tax. That is not germane to House Bill No. 2."

Mr. Holliday:

"Mr. Speaker, this is mentioned in the amendment to the title which is attached to the amendment to the bill."

Mr. Purvis:

"Mr. Speaker, on another point of order, it embodies the same material as is in a bill before the House. Therefore, it will not be permissible to be included as an amendment."

Mr. Holliday:

"Mr. Speaker, this amendment does not contain the same provisions nor the same exemptions. I suggest it is germane."

#### RULING BY THE SPEAKER

The Speaker:

"That would be somewhat true. House Bill No. 16 relates to a flat net income tax which is apparently before our Committee on Revenue and Taxation. Mr. Holliday does raise a point, Mr. Purvis, about the exemptions. Apparently the amendment spells out more completely the exemptions than does House Bill No. 16. There is a difference in that respect. To that degree, it is probably germane. The title pertains to revenue and taxation. It is broad enough."

#### QUESTION OF CONSIDERATION

Mr. Petrie raised the question of consideration on Mr. Holliday's amendment.

Mr. Holliday demanded an electric roll call and the demand was sustained.

The Clerk called the roll on the question of consideration, and the House refused to consider the amendment by Mr. Holliday by the following vote: Yeas, 54; nays, 42; absent or not voting, 3.

## EXPLANATIONS OF VOTES .

I do not oppose taxes to provide revenue for appropriations. However, I am unalterably opposed to further increases in the sales tax. Other sources of revenue were not explored sufficiently.

JULIA BUTLER HANSEN.

We, the undersigned democratic members of the House of Representatives voted affirmatively on the final passage of Engrossed House Bill No. 2.

We are violently opposed in principle to the retrogressive character of this bill and deeply regret the circumstances which demanded its passage. However, it was our feeling that this measure is the least objectionable and retrogressive tax proposal possible at this session in view of the arbitrary position taken by the majority party in the Senate and by the Chief Executive on what we consider a fair tax program.

We are still firm in our conviction that the revenue proposals which have traditionally been espoused by the democratic party and which were presented at this session are the fairest and most progressive taxes both for the people of the state of Washington and its industries.

The democratic majority of the House attempted, in both the regular and extraordinary sessions of the 34th legislature, to pass a measure to be referred to the people for ratification which would have made it possible to establish a graduated net income tax based on ability to pay. This proposal remains our first choice as an equitable solution to the tax problem to take the place of present antiquated and unjust taxing methods. Its adoption would make it possible to remove or reduce present unfair taxes and would stabilize the entire tax structure. We will continue to press for passage of a measure which will give the voters of the state an opportunity to make their decision on this issue.

I voted "aye" on Engrossed House Bill No. 2 to enable the House to get the bill into conference.

I am very much opposed to the high rate on the business and occupations tax. I also felt that the utility tax should have been retained in the act.

By putting this measure into conference, however, it is my hope that we can end up as follows: 3½% sales tax, not over \$10 million in business and occupations tax increases, and \$2.5 million from utilities.

HERBERT H. SIELER, *Secretary.*

Executive Department,  
Olympia, Wash., March 22, 1955.

To the Honorable, The Senate of the State of Washington  
(Through the Secretary of State)

GENTLEMEN:

I am returning herewith, without my approval, Senate Bill No. 400, entitled:

"An Act relating to superior court judges; amending sections 4 and 6, chapter 125, Laws of 1951 and RCW 2.08.062 and 2.08.064; and declaring an emergency."

This bill combines the counties of Clark, Klickitat and Skamania into one judicial district and provides three superior court judges for the new district. Cowlitz county, which is now a part of the judicial district of which Klickitat and Skamania counties form the other two parts, is by this bill, converted into a separate judicial district, with a provision for two judges. The effect of the measure is to add one superior court judge for the new judicial district to be made up of Clark, Klickitat and Skamania counties.

The creation of another judgeship for these counties would necessitate the construction of new courtroom facilities and the employment of a complete courtroom staff in addition to the salary for the additional judge. This would create quite a heavy financial burden upon such counties over and above that now being carried. It is an area of the state in which the population will probably increase substantially in the near future. However, it is not anticipated that the increase will be so sudden or so great as to require the immediate creation of this new post. If, at the time of the next legislative session, the need has become great enough to justify the new position, it may be created then. I do not believe the facts justify this creation at this time.

For the reasons stated herein, Senate Bill No. 400 is vetoed.

Respectfully submitted,

(Signed) ARTHUR B. LANGLIE, *Governor.*

On motion of Mr. Gallagher, Senate Bill No. 400, together with the governor's veto message thereon, was referred to Committee on Rules and Order.

The Speaker declared the House at ease.

The Speaker called the House to order.

#### MOTION

On motion of Mr. Miller (Floyd C.), the House reverted to the fifth order of business for receiving reports of standing committees.

## REPORT OF STANDING COMMITTEE

**Senate Bill No. 5** (reported by Committee on Revenue and Taxation):  
Do pass as amended.

WILBUR G. HALLAUER, *Chairman.*

We concur in this report: Cecil C. Clark, Frank Connor, Fred H. Dore, Andy Hess, Mrs. Joseph E. Hurlley, Milton R. Loney, Malcolm McBeath, Donald F. McDermott, Hartney A. Oakes, Ray Olsen, Lester L. Robison, Harry A. Siler, Charles R. Savage.

## GOVERNOR'S MESSAGE ON HOUSE BILL PARTIALLY VETOED

Extraordinary Session—1955

April 4, 1955

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith, to be submitted to the House of Representatives of the State of Washington at the next session of the Legislature, without my approval as to certain items, **House Bill No. 1**, entitled:

"An Act, making appropriations for the payment of salaries of certain officers and employees of the state and for the operation, maintenance and other expenses of certain state institutions, departments and offices, for the purchase, condemnation and improvement of land, the construction of buildings and improvements for the various state institutions designated and mentioned, and for emergencies, and for refunds, and for transfers, and for deficiencies, and for sundry civil expenses of the state government, and for public assistance, and for purposes specified in certain acts of Congress, and for miscellaneous purposes, for the fiscal biennium beginning July 1, 1955, and ending June 30, 1957, except as otherwise provided, defining terms, limiting allowances and payments, and declaring that this act shall take effect immediately."

I disapprove and veto that portion of Sec. 2, which reads: "*Provided*, That no part of the above appropriations shall be used for television transmission purposes.)" for the reason that this restriction would unduly curtail the continuance of established educational and research work at the University.

I disapprove and veto the item "*For the Support of Kindergartens: Provided*, That no portion of this appropriation shall be expended for kindergarten support unless the money to be so expended has been matched by the school district with an equal amount of money derived by the district from local funds, or excess tax levies raised for that purpose, or from both \$2,200,000.00" for the following reasons; the amount of \$2,200,000 is grossly inadequate to pay to school districts the attendance credit to which they are entitled under the provisions of Section 4, Chapter 187, Laws of 1955. It is also insufficient to pay for the estimated cost of kindergartens in the 1955-57 biennium even with the required local matching.

The Legislature in 1953 withdrew state aid to kindergartens; it had the right to restore it now if it felt that this should be done. In that case it should have made adequate appropriations to take care of constructing and operating facilities for the expected enrollment increase. This however was not done. The approval of a mere token appropriation for kindergartens may create harmful conditions in the schools by leading to the diversion to kindergartens of statutory local funds (14 mills) which were intended to support the basic grades, to the housing of children in undesirable makeshift facilities and to the crowding of other grades.

The operation of kindergartens has been optional in our state, at the discretion of local school boards since 1897. In the school year 1952-53, 143 school districts ran kindergartens, 408 did not. In that year more than 40,000 pupils were enrolled in kindergartens. Following the partial withdrawal of state support for kindergartens in 1953, many school boards submitted the question of local support to their residents. The majority of the communities voted against kindergartens, and enrollment dropped by almost 20,000. The restoration of state support for kindergartens would be the signal for the districts that discontinued them two years ago, to reopen kindergarten classes. Few of these school boards, regardless of their own wishes, their financial situation or overcrowding in other grades would be able to resist the demand for kindergartens. Kindergarten enrollment would quickly regain its former size of 40,000 and quite likely rise to over 50,000 at a biennial operating cost of more than \$10 million.

\$2,200,000 "matched with an equal amount of money derived by the district from local funds or excess levies for that purpose" would yield a total amount of \$4,400,000 which is less than half the expected cost of kindergartens. Where would the balance come from?

In the current biennium the cost of kindergartens (\$5.0 million) is financed from special levies (\$4.2 million) and from the state school equalization fund and real estate transaction tax (\$0.7 million). The restoration of state support may make it more difficult to obtain voter approval for special kindergarten levies. School boards may then use part of the statutory 14 mills which are now supporting grades 1 to 14. They might thus unduly enlarge class sizes.

In many cases, wealthier communities have been operating kindergartens and poorer areas have not. State aid may mean that some poorer districts would be contributing through state taxes to wealthier communities for services which the poorer districts do not maintain. Numerous communities which in the last two years voted against kindergartens for their own children would be forced to contribute through state taxes to kindergarten support in other communities.

The existing classroom shortage would be seriously aggravated by the addition of another 20,000 to 30,000 children on top of the 45,000 pupil increase expected in the next two years. School districts which discontinued kindergartens in the last two years have been using the vacated classrooms for other grades. To build classrooms for 20,000 to 30,000 kindergarten children would cost between \$15 and \$20 million. If part of the \$30 million state aid to school building construction were used to build facilities for additional kindergarten classes, other grades would have to be crowded.

It seems far better to continue the financing of kindergartens from local support.

I disapprove and veto the item "*From the Motor Vehicle Fund. To Highway Bond Retirement Fund \$10,715,000.00* (Transfers to be made as provided by chapter 121, Laws of 1951, and chapter 154, Laws of 1953.)" for the reason that House Bill No. 639 previously approved, makes provision for this transfer.

With the exception of the foregoing items, which are vetoed, the remainder of House Bill No. 1 is approved.

Respectfully submitted,

(Signed) ARTHUR B. LANGLEIE,

Governor.
