#### POINT OF ORDER

Representative L. Thomas: Thank you Mr. Speaker. Mr. Speaker, would you please let the gentleman from the 29th District know that it's against the House Rules to read a speech on the floor without the permission from the Speaker.

#### SPEAKER'S PRIVILEGE

The Rule on the floor generally is that we may not read from prepared text. However, we have allowed members to use notes on the floor and I will read from a memo put out on February 6, 1996 from the Chief Clerk.

The Speaker is requested that I remind members the rules of debate of the House preclude the use of written floor speeches. Past Speaker Rulings have concluded that House Rule 17C allows members to speak from notes but not to read aloud from text prepared speeches. With the permission of the House, extended through the Speaker members are allowed to read briefly from printed material during the course of their remarks. Permission need not be sought to read portions of bills or amendments. As a courtesy to other members request to read from printed material should be made infrequently and the materials read should be extremely brief. I would hope we would just follow the Rules, understand the situation.

Representative Dellwo demanded the previous question and the demand was sustained.

The Speaker stated the question before the House to be final passage of Substitute House Bill No. 2223.

**"Sec. 5.** RCW 9.94A.140 and 1995 c 231 s 1 are each amended to read as follows:

(1) If restitution is ordered, the court shall determine the amount of restitution due at the sentencing hearing or within one hundred eighty days. The court may continue the hearing beyond the one hundred eighty days for good cause. The court shall then set a minimum monthly payment that the offender is required to make towards the restitution that is ordered. The court should take into consideration the total amount of the restitution owed, the offender's present, past, and future ability to pay, as well as any assets that the offender may have. During the period of supervision, the community corrections officer may examine the offender to determine if there has been a change in circumstances that warrants an amendment of the monthly payment schedule. The community corrections officer may recommend a change to the schedule of payment and shall inform the court of the recommended change and the reasons for the change. The sentencing court may then reset the monthly minimum payments based on the report from the community corrections officer of the change in circumstances. Except as provided in subsection (3) of this section, restitution ordered by a court pursuant to a criminal conviction shall be based on easily ascertainable damages for injury to or loss of property, actual expenses incurred for treatment for injury to persons, and lost wages resulting from injury. Restitution shall not include reimbursement for damages for mental anguish, pain and suffering, or other intangible losses, but may include the costs of counseling reasonably related to the offense. The amount of restitution shall not exceed double the amount of the offender's gain or the victim's loss from the commission of the crime. For the purposes of this section, the offender shall remain under the court's jurisdiction for a maximum term of ten years following the offender's release from total confinement or ten years subsequent to the entry of the judgment and sentence, whichever period is longer. The portion of the sentence concerning restitution may be modified as to amount, terms and conditions during the ten-year period, regardless of the expiration of the offender's term of community supervision and regardless of the statutory maximum for the crime. The court may not reduce the total amount of restitution ordered because the offender may lack the ability to pay the total amount. The offender's compliance with the restitution shall be supervised by the department of corrections.

(2) Restitution may be ordered whenever the offender is convicted of an offense which results in injury to any person or damage to or loss of property or as provided in subsection (3) of this section. In addition, restitution may be ordered to pay for an injury, loss, or damage if the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement.

(3) Restitution for the crime of rape of a child in the first, second, or third degree, in which the victim becomes pregnant, shall include: (a) All of the victim's medical expenses that are associated with the rape and resulting pregnancy; and (b) child support for any child born as a result of the rape if child support is ordered pursuant to a civil superior court or administrative order for support for that child. The clerk must forward any restitution payments made on behalf of the victim's child to the Washington state child support registry under chapter 26.23 RCW. Identifying information about the victim and child shall not be included in the order. The defendant shall receive a credit against any obligation owing under the administrative or superior court order for support of the victim's child. For the purposes of this subsection, the offender shall remain under the court's jurisdiction until the defendant has satisfied support obligations under the superior court or administrative order but not longer than a maximum term of twenty-five years following the offender's release from total confinement or twenty-five years subsequent to the entry of the judgment and sentence, whichever period is longer. The sentencing court may not modify the superior court or administrative support order but may modify the portion of the sentence that establishes the overall restitution payment obligation as to amount, terms, and conditions during the twenty-five year period, regardless of the expiration of the offender's term of community supervision and regardless of the statutory maximum for the crime. The court may not reduce the total amount of restitution ordered because the offender may lack the ability to pay the total amount. The department shall supervise the offender's compliance with the restitution ordered under this subsection.

(4) In addition to any sentence that may be imposed, a defendant who has been found guilty of an offense involving fraud or other deceptive practice or an organization which has been found guilty of any such offense may be ordered by the sentencing court to give notice of the conviction to the class of persons or to the sector of the public affected by the conviction or financially interested in the subject matter of the offense by mail, by advertising in designated areas or through designated media, or by other appropriate means.

~~((4))~~ (5) This section does not limit civil remedies or defenses available to the victim or defendant including support enforcement remedies for support ordered under subsection (3) of this section for a child born as a result of a rape of a child victim. The court shall identify in the judgment and sentence the victim or victims entitled to restitution and what amount is due each victim. The state or victim may enforce the court-ordered restitution in the same manner as a judgment in a civil action. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim's loss when there is more than one victim.

**Sec. 6.** RCW 9.94A.142 and 1995 c 231 s 2 and 1995 c 33 s 4 are each reenacted and amended to read as follows:

(1) When restitution is ordered, the court shall determine the amount of restitution due at the sentencing hearing or within one hundred eighty days except as provided in subsection ~~((3))~~ (4) of this section. The court may continue the hearing beyond the one hundred eighty days for good cause. The court shall then set a minimum monthly payment that the offender is required to make towards the restitution that is ordered. The court should take into consideration the total amount of the restitution owed, the offender's present, past, and future ability to pay, as well as any assets that the offender may have. During the period of supervision, the community corrections officer may examine the offender to determine if there has been a change in circumstances that warrants an amendment of the monthly payment schedule. expiration of the offender's term of community supervision and regardless of the statutory maximum for the crime. The court may not reduce the total amount of restitution ordered because the offender may lack the ability to pay the total amount. The offender's compliance with the restitution shall be supervised by the department of corrections.

(2) Restitution shall be ordered whenever the offender is convicted of an offense which results in injury to any person or damage to or loss of property or as provided in subsection (3) of this section unless extraordinary circumstances exist which make restitution inappropriate in the court's judgment and the court sets forth such circumstances in the record. In addition, restitution shall be ordered to pay for an injury, loss, or damage if the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement.

(3) Restitution for the crime of rape of a child in the first, second, or third degree, in which the victim becomes pregnant, shall include: (a) All of the victim's medical expenses that are associated with the rape and resulting pregnancy; and (b) child support for any child born as a result of the rape if child support is ordered pursuant to a civil superior court or administrative order for support for that child. The sentencing court may not modify the portion of the sentence that establishes the overall restitution payment obligation as to amount, terms, and conditions during the twenty-five year period, regardless of the expiration of the offender's term of community supervision and regardless of the statutory maximum for the crime. The court may not reduce the total amount of restitution ordered because the offender may lack the ability to pay the total amount. The department shall supervise the offender's compliance with the restitution ordered under this subsection.

(4) Regardless of the provisions of subsections (1) (~~and~~), (2), and (3) of this section, the court shall order restitution in all cases where the victim is entitled to benefits under the crime victims' compensation act, chapter 7.68 RCW. If the court does not order restitution and the victim of the crime has been determined to be entitled to benefits under the crime victims' compensation act, the department of labor and industries, as administrator of the crime victims' compensation program, may petition the court within one year of entry of the judgment and sentence for entry of a restitution order. Upon receipt of a petition from the department of labor and industries, the court shall hold a restitution hearing and shall enter a restitution order.

~~((4))~~ (5) In addition to any sentence that may be imposed, a defendant who has been found guilty of an offense involving fraud or other deceptive practice or an organization which has been found guilty of any such offense may be ordered by the sentencing court to give notice of the conviction to the class of persons or to the sector of the public affected by the conviction or financially interested in the subject matter of the offense by mail, by advertising in designated areas or through designated media, or by other appropriate means.

~~((5))~~ (6) This section does not limit civil remedies or defenses available to the victim, survivors of the victim, or defendant including support enforcement remedies for support ordered under subsection (3) of this section for a child born as a result of a rape of a child victim. The court shall identify in the judgment and sentence the victim or victims entitled to restitution and what amount is due each victim. The state or victim may enforce the court-ordered restitution in the same manner as a judgment in a civil action. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim's loss when there is more than one victim.

~~((6))~~ (7) This section shall apply to offenses committed after July 1, 1985.

**Sec. 7.** RCW 9.94A.145 and 1995 c 231 s 3 are each amended to read as follows:

(1) Whenever a person is convicted of a felony, the court may order the payment of a legal financial obligation as part of the sentence. The court must on either the judgment and sentence or on a

subsequent order to pay, designate the total amount of a legal financial obligation and segregate this amount among the separate assessments made for restitution, costs, fines, and other assessments required by law. On the same order, the court is also to set a sum that the offender is required to pay on a monthly basis towards satisfying the legal financial obligation. If the court fails to set the offender monthly payment amount, the department shall set the amount. Upon receipt of an offender's monthly payment, after restitution is satisfied, the county clerk shall distribute the payment proportionally among all other fines, costs, and assessments imposed, unless otherwise ordered by the court.

(2) If the court determines that the offender, at the time of sentencing, has the means to pay for the cost of incarceration, the court may require the offender to pay for the cost of incarceration at a rate of fifty dollars per day of incarceration. Payment of other court-ordered financial obligations, including all legal financial obligations and costs of supervision shall take precedence over the payment of the cost of incarceration ordered by the court. All funds recovered from offenders for the cost of incarceration in the county jail shall be remitted to the county and the costs of incarceration in a prison shall be remitted to the department of corrections.

(3) The court may add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction is to be immediately issued. If the court chooses not to order the immediate issuance of a notice of payroll deduction at sentencing, the court shall add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction may be issued or other income-withholding action may be taken, without further notice to the offender if a monthly court-ordered legal financial obligation payment is not paid when due, and an amount equal to or greater than the amount payable for one month is owed.

If a judgment and sentence or subsequent order to pay does not include the statement that a notice of payroll deduction may be issued or other income-withholding action may be taken if a monthly legal financial obligation payment is past due, the department may serve a notice on the offender stating such requirements and authorizations. Service shall be by personal service or any form of mail requiring a return receipt.

(4) All legal financial obligations that are ordered as a result of a conviction for a felony, may also be enforced in the same manner as a judgment in a civil action by the party or entity to whom the legal financial obligation is owed. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim's loss when there is more than one victim. The judgment and sentence shall identify the party or entity to whom restitution is owed so that the state, party, or entity may enforce the judgment. ~~((These))~~ If restitution is ordered pursuant to RCW 9.94A.140(3) or 9.94A.142(3) to a victim of rape of a child and the victim's child born from the rape, the Washington state child support registry shall be identified as the party to whom payments must be made. Restitution obligations arising from the rape of a child in the first, second, or third degree that result in the pregnancy of the victim may be enforced for the time periods provided under RCW 9.94A.140(3) and 9.94A.142(3). All other legal financial obligations may be enforced at any time during the ten-year period following the offender's release from total confinement or within ten years of entry of the judgment and sentence, whichever period is longer. Independent of the department, the party or entity to whom the legal financial obligation is owed shall have the authority to utilize any other remedies available to the party or entity to collect the legal financial obligation.

(5) In order to assist the court in setting a monthly sum that the offender must pay during the period of supervision, the offender is required to report to the department for purposes of preparing a recommendation to the court. When reporting, the offender is required, under oath, to truthfully and honestly respond to all questions concerning present, past, and future earning capabilities and the location and nature of all property or financial assets. The offender is further required to bring any and all documents as requested by the department.

(6) After completing the investigation, the department shall make a report to the court on the amount of the monthly payment that the offender should be required to make towards a satisfied legal financial obligation.

(7) During the period of supervision, the department may make a recommendation to the court that the offender's monthly payment schedule be modified so as to reflect a change in financial circumstances. If the department sets the monthly payment amount, the department may modify the monthly payment amount without the matter being returned to the court. Also, during the period of supervision, the offender may be required at the request of the department to report to the department for the purposes of reviewing the appropriateness of the collection schedule for the legal financial

obligation. During this reporting, the offender is required under oath to truthfully and honestly respond to all questions concerning earning capabilities and the location and nature of all property or financial assets. Also, the offender is required to bring any and all documents as requested by the department in order to prepare the collection schedule.

(8) After the judgment and sentence or payment order is entered, the department shall for any period of supervision be authorized to collect the legal financial obligation from the offender. Any amount collected by the department shall be remitted daily to the county clerk for the purposes of disbursements. The department is authorized to accept credit cards as payment for a legal financial obligation, and any costs incurred related to accepting credit card payments shall be the responsibility of the offender.

(9) The department or any obligee of the legal financial obligation may seek a mandatory wage assignment for the purposes of obtaining satisfaction for the legal financial obligation pursuant to RCW 9.94A.2001.

(10) The requirement that the offender pay a monthly sum towards a legal financial obligation constitutes a condition or requirement of a sentence and the offender is subject to the penalties as provided in RCW 9.94A.200 for noncompliance.

(11) The county clerk shall provide the department with individualized monthly billings for each offender with an unsatisfied legal financial obligation and shall provide the department with notice of payments by such offenders no less frequently than weekly."

**"NEW SECTION. Sec. 8.** A new section is added to chapter 9A.64 RCW to read as follows:  
(1) A person commits the civil infraction of failing to supervise a child if the person is the parent, lawful guardian, or other person lawfully charged with the care or custody of a child under fifteen years of age, fails to take reasonable steps to control the child's conduct, and the child:  
(a) Commits an offense as defined by RCW 13.40.020 that brings the child within the jurisdiction of the juvenile court under chapter 13.40 RCW; or  
(b) Violates a curfew law of a county or other political subdivision.

"Fails to take reasonable steps to control the child's conduct" means that (i) the child has engaged in conduct within the same zone of behavior as the offense or curfew violation the child committed when the person failed to supervise the child; (ii) the person knew that the child had engaged in that conduct; (iii) the person had the opportunity and knew of the necessity to control the child's conduct; and (iv) the person's failure to exercise reasonable care, supervision, protection, and control of the child was a gross departure from the conduct of a reasonable parent.

(2) Nothing in this section applies to an agency, as defined under RCW 74.15.020(3), that cares for children, expectant mothers, or the developmentally disabled. Nothing in this section applies to foster parents.

(3) A person may not be prosecuted for failing to supervise a child under subsection (1)(a) of this section, if the person:

(a) Is the victim of the offense; or

(b) Reported the offense to the appropriate authorities.

(4) If a person is found to have committed the civil infraction of failing to supervise a child and the person has not previously committed the infraction of failing to supervise a child, the court:

(a) Must warn the person of the penalty for future infractions of failing to supervise a child;

(b) Must order the person to pay restitution to the victim of any offense committed by a child that resulted in a charge against the person under this section. Restitution ordered under this subsection may not exceed two thousand five hundred dollars; and

(c) May suspend imposition of the fine, place the person on community supervision for a period up to one year, and order the person to complete either a parent effectiveness program approved by the court, or complete up to fifty community service hours, or both. Upon the person's completion of the parent effectiveness program or community service hours to the court's satisfaction, and payment of restitution, the court may discharge the person. If the person fails to complete the parent effectiveness program or the community service hours to the court's satisfaction, or pay restitution, the court may impose the fine authorized by this section.

(5) The court may not suspend a penalty under subsection (4)(c) of this section if the person has previously been found to have committed an infraction under this section.

(6) The juvenile court has jurisdiction over a person charged with failing to supervise a child.

(7) Failing to supervise a child is punishable by a fine of not more than one thousand dollars and supervision of up to one year but is not punishable by imprisonment.

(8) If the person willfully fails or refuses to pay the fine, the court may proceed against the person for contempt.

(9) Collection of restitution under this section shall not preclude the victim from pursuing other remedies available at law.

(10) Restitution collected under this section must be credited towards restitution the child is required to pay under a diversion agreement, disposition, or deferred adjudication under chapter 13.40 RCW, unless the court does not order the child to make full restitution to the victim because the child lacks the ability to pay full restitution. In that case, only the amount paid under this section that exceeds the full amount of restitution due may be credited against the child's restitution obligation."

**"Sec. 28.** RCW 13.40.190 and 1995 c 33 s 5 are each amended to read as follows:

(1) In its dispositional order, the court shall require the respondent to make restitution to any persons who have suffered loss or damage as a result of the offense committed by the respondent. In addition, restitution may be ordered for loss or damage if the offender pleads guilty to a lesser offense

or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses (~~which, pursuant to~~) that, under a plea agreement, are not prosecuted. The payment of restitution shall be in addition to any punishment (~~which~~) that is imposed (~~pursuant to~~) under the other provisions of this chapter. The court may determine the amount, terms, and conditions of the restitution including a payment plan extending up to ten years if the court determines that the respondent does not have the means to make full restitution over a shorter period. Restitution may include the costs of counseling reasonably related to the offense. If the respondent participated in the crime with another person or other persons, all (~~such~~) the participants (~~shall be~~) are jointly and severally responsible for the payment of restitution. For the purposes of this section, the respondent shall remain under the court's jurisdiction for a maximum term of ten years after the respondent's eighteenth birthday. The court may not require the respondent to pay full or partial restitution if the respondent reasonably satisfies the court that he or she does not have the means to make full or partial restitution and could not reasonably acquire the means to pay (~~such~~) the restitution over a ten-year period. In cases where an offender has been committed to the department for a period of confinement exceeding fifteen weeks, restitution may be waived. In all cases, the court must indicate the full amount of restitution due, and the amount, if any, the respondent is required to pay.

(2) Regardless of the provisions of subsection (1) of this section, the court shall order restitution in all cases where the victim is entitled to benefits under the crime victims' compensation act, chapter 7.68 RCW. If the court does not order restitution and the victim of the crime has been determined to be entitled to benefits under the crime victims' compensation act, the department of labor and industries, as administrator of the crime victims' compensation program, may petition the court within one year of entry of the disposition order for entry of a restitution order. Upon receipt of a petition from the department of labor and industries, the court shall hold a restitution hearing and shall enter a restitution order.

(3) If an order includes restitution as one of the monetary assessments, the county clerk shall make disbursements to victims named in the order. The restitution to victims named in the order shall be paid prior to any payment for other penalties or monetary assessments.

(4) Restitution received under section 8 of this act must be credited against the restitution the respondent is required to pay under the disposition, unless the court did not order the respondent to make full restitution. In that case, only the amount received under section 8 of this act that exceeds the full amount of restitution due should be credited against the respondent's restitution obligation.

(5) A respondent under obligation to pay restitution may petition the court for modification of the restitution order."

(2) It is the intent of the legislature that parents and guardians of children retain their constitutional right to keep and bear firearms for hunting and sporting activities, for defense of self, family, home, and business, and as collectibles. Nothing in section 35 of this act shall be construed to reduce or limit any existing right to purchase and own firearms or to provide authority to any state or local agency to infringe upon the privacy of any family, home, or business, except by lawful warrant.

NEW SECTION. **Sec. 35.** A new section is added to a chapter 9.41 RCW to read as follows:

This subsection (1) does not apply when the parent or guardian carries the firearm on his or her person or within such close proximity thereto that it can be retrieved and used as easily and quickly as if carried on the body.

(5) When any child shoots another family member, the parent or guardian may not be arrested under this section prior to seven days after the date of the shooting. With respect to any parent or guardian of any deceased child, the investigating officers shall file all findings and evidence with the prosecuting attorney's office with respect to violations of this section. The prosecuting attorney shall evaluate such evidence and shall take such action as he or she deems appropriate under the circumstances and may file charges against the appropriate parties.

NEW SECTION. **Sec. 36.** (1) Upon the retail commercial sale or retail transfer of any firearm, the seller or transferor shall deliver a written warning to the purchaser or transferee, which warning states in block letters not less than one-fourth inch in height:  
"IT IS UNLAWFUL, AND PUNISHABLE BY IMPRISONMENT AND FINE, FOR A PARENT OR GUARDIAN OF AN UNEMANCIPATED MINOR UNDER AGE 16 TO STORE OR LEAVE A FIREARM IN ANY PLACE WITHIN THE REACH OR EASY ACCESS OF A CHILD EXCEPT AS PROVIDED IN SECTION 35 OF THIS ACT."

(2) Any retail or wholesale store, shop, or sales outlet that sells firearms must conspicuously post at each purchase counter the following warning in block letters not less than one inch in height:

(iii) Any communication from a tracking device.

(c) "Electronic communication service" means any service that provides to users thereof the ability to send or receive wire or electronic communications.

(d) "Pen register" means a device that records or decodes electronic or other impulses that identify the numbers dialed or otherwise transmitted on the telephone line to which such device is

attached, but such term does not include any device used by a provider or customer of a wire or electronic communication service for billing, or recording as an incident to billing, for communications services provided by such provider or any device used by a provider or customer of a wire communication service for cost accounting or other like purposes in the ordinary course of its business.

(e) "Trap and trace device" means a device that captures the incoming electronic or other impulses that identify the originating number of an instrument or device from which a wire or electronic communication was transmitted.

(2) No person may install or use a pen register or trap and trace device without a prior court order issued under this section except as provided under subsection (6) of this section or section 1 of this act.

(3) A law enforcement officer may apply for and the superior court may issue orders and extensions of orders authorizing the installation and use of pen registers and trap and trace devices as provided in this section. The application shall be under oath and shall include the identity of the officer making the application and the identity of the law enforcement agency conducting the investigation. The applicant must certify that the information likely to be obtained is relevant to an ongoing criminal investigation being conducted by that agency.

(4) If the court finds that the information likely to be obtained by such installation and use is relevant to an ongoing criminal investigation and finds reason to believe that the pen register or trap and trace device will lead to obtaining evidence of a crime, contraband, fruits of crime, things criminally possessed, weapons, or other things by means of which a crime has been committed or reasonably appears about to be committed, or will lead to learning the location of a person who is unlawfully restrained or reasonably believed to be a witness in a criminal investigation or for whose arrest there is probable cause, the court shall enter an ex parte order authorizing the installation and use of a pen register or a trap and trace device. The order shall specify:

(a) The identity, if known, of the person to whom is leased or in whose name is listed the telephone line to which the pen register or trap and trace device is to be attached;

(b) The identity, if known, of the person who is the subject of the criminal investigation;

(c) The number and, if known, physical location of the telephone line to which the pen register or trap and trace device is to be attached and, in the case of a trap and trace device, the geographic limits of the trap and trace order; and

(d) A statement of the offense to which the information likely to be obtained by the pen register or trap and trace device relates.

The order shall direct, if the applicant has requested, the furnishing of information, facilities, and technical assistance necessary to accomplish the installation of the pen register or trap and trace device. An order issued under this section shall authorize the installation and use of a pen register or a trap and trace device for a period not to exceed sixty days. Extensions of such an order may be granted, but only upon a new application for an order under subsection (3) of this section and upon the judicial findings required by this subsection. The period of extension shall be for a period not to exceed sixty days.

An order authorizing or approving the installation and use of a pen register or a trap and trace device shall direct that the order be sealed until otherwise ordered by the court and that the person owning or leasing the line to which the pen register or trap and trace device is attached, or who has been ordered by the court to provide assistance to the applicant, not disclose the existence of the pen register or trap and trace device or the existence of the investigation to the listed subscriber or to any other person, unless or until otherwise ordered by the court.

(5) Upon the request of an officer of a law enforcement agency authorized to install and use a pen register under this chapter, a provider of wire or electronic communication service, landlord, custodian, or other person shall furnish such law enforcement officer forthwith all information, facilities, and technical assistance necessary to accomplish the installation of the pen register unobtrusively and with a minimum of interference with the services that the person so ordered by the court accords the party with respect to whom the installation and use is to take place, if such assistance is directed by a court order as provided in subsection (4) of this section.

Upon the request of an officer of a law enforcement agency authorized to receive the results of a trap and trace device under this chapter, a provider of a wire or electronic communication service, landlord, custodian, or other person shall install such device forthwith on the appropriate line and shall furnish such law enforcement officer all additional information, facilities, and technical assistance including installation and operation of the device unobtrusively and with a minimum of interference

with the services that the person so ordered by the court accords the party with respect to whom the installation and use is to take place, if such installation and assistance is directed by a court order as provided in subsection (4) of this section. Unless otherwise ordered by the court, the results of the trap and trace device shall be furnished to the officer of a law enforcement agency, designated in the court order, at reasonable intervals during regular business hours for the duration of the order.

A provider of a wire or electronic communication service, landlord, custodian, or other person who furnishes facilities or technical assistance pursuant to this subsection shall be reasonably compensated by the law enforcement agency that requests the facilities or assistance for such reasonable expenses incurred in providing such facilities and assistance.

No cause of action shall lie in any court against any provider of a wire or electronic communication service, its officers, employees, agents, or other specified persons for providing information, facilities, or assistance in accordance with the terms of a court order under this section. A good faith reliance on a court order under this section, a request pursuant to this section, a legislative authorization, or a statutory authorization is a complete defense against any civil or criminal action brought under this chapter or any other law.

(6) Notwithstanding any other provision of this chapter, a law enforcement officer and a prosecuting attorney or deputy prosecuting attorney who jointly and reasonably determine that an emergency situation exists that involves immediate danger of death or serious bodily injury to any person that requires the installation and use of a pen register or a trap and trace device before an order authorizing such installation and use can, with due diligence, be obtained, and there are grounds upon which an order could be entered under this chapter to authorize such installation and use, may have installed and use a pen register or trap and trace device if, within forty-eight hours after the installation has occurred, or begins to occur, an order approving the installation or use is issued in accordance with subsection (4) of this section. In the absence of an authorizing order, such use shall immediately terminate when the information sought is obtained, when the application for the order is denied or when forty-eight hours have lapsed since the installation of the pen register or trap and trace device, whichever is earlier. If an order approving the installation or use is not obtained within forty-eight hours, any information obtained is not admissible as evidence in any legal proceeding. The knowing installation or use by any law enforcement officer of a pen register or trap and trace device pursuant to this subsection without application for the authorizing order within forty-eight hours of the installation shall constitute a violation of this chapter and be punishable as a class C felony. A provider of a wire or electronic service, landlord, custodian, or other person who furnished facilities or technical assistance pursuant to this subsection shall be reasonably compensated by the law enforcement agency that requests the facilities or assistance for such reasonable expenses incurred in providing such facilities and assistance."

Representative Backlund moved the adoption of the following amendment by Representative Backlund:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The public expects the legislature to address citizens' increasing demand for the basic services of state government, while limiting the growth in spending. The public demands that public officials and state employees be accountable to provide maximum value for every dollar entrusted to state government. The public believes that it is possible to improve the responsiveness of state government and to save the taxpayers' money, and that efficiency and effectiveness should result in savings.

The legislature, public officials, state employees, and citizens need to know the extent to which state agencies, programs, and activities are achieving the purposes for which they were created. It is essential to compare the conditions, problems, and priorities that led to the creation of government programs with current conditions, problems, and priorities, and to examine the need for and performance of those programs in the current environment.

Along with examining the performance of state agencies and programs, the legislature, public officials, state employees, and citizens must also consider the effect that state government programs can reasonably expect to have on citizens' lives, how the level of programs and services of Washington state government compares with that of other states, and alternatives for service delivery, including other levels of government and the private sector including not-for-profit organizations. It is essential that the legislature, public officials, state employees, and citizens share a common understanding of the role of state government. The performance and relative priority of state agency programs and activities must be the basis for managing and allocating resources within Washington state government.

It is the intent of the legislature to strengthen the role of the current legislative budget committee and the state auditor so that they may more effectively examine how efficiently state agencies perform their responsibilities and whether the agencies are achieving their goals, and whether units of local government are using state funds for their intended purpose in an efficient and effective manner. It is also the intent of the legislature to enact a clear set of definitions for different types of audits in order to eliminate confusion with regard to government reviews.

**NEW SECTION. Sec. 2.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Director" means the director of the office of the joint legislative audit and review committee.

(2) "Economy and efficiency audits" means performance audits that establish: (a) Whether a state agency or unit of local government receiving state funds is acquiring, protecting, and using its resources such as personnel, property, and space economically and efficiently; (b) the causes of inefficiencies or uneconomical practices; and (c) whether the state agency or local government has complied with significant laws and rules in acquiring, protecting, and using its resources.

(3) "Final compliance report" means a written document, as approved by the joint committee, that states the specific actions a state agency or unit of local government receiving state funds has taken to implement recommendations contained in the final performance audit report and the preliminary compliance report. Any recommendations, including proposed legislation and changes in the agency's rules and practices or the local government's practices, based on testimony received, must be included in the final compliance report.

(4) "Final performance audit report" means a written document adopted by the joint legislative audit and review committee that contains the findings and proposed recommendations made in the preliminary performance audit report, the final recommendations adopted by the joint committee, any comments to the preliminary performance audit report by the joint committee, and any comments to the preliminary performance audit report by the state agency or local government that was audited.

(5) "Joint committee" means the joint legislative audit and review committee.

(6) "Local government" means a city, town, county, special purpose district, political subdivision, municipal corporation, or quasi-municipal corporation, including a public corporation created by such an entity.

(7) "Performance audit" means an objective and systematic assessment of a state agency or any of its programs, functions, or activities, or a unit of local government receiving state funds, by an independent evaluator in order to help public officials improve efficiency, effectiveness, and accountability. Performance audits include economy and efficiency audits, program audits, and performance verifications. A performance audit of a local government may only be made to determine whether the local government is using state funds for their intended purpose in an efficient and effective manner.

(8) "Performance measures" means realistic estimates, generally in quantifiable terms, of what a state agency or a unit of local government receiving state funds is expected to achieve in a program, function, or activity.

(9) "Performance verification" means an analysis that verifies: (a) The accuracy of data used by a state agency or a unit of local government receiving state funds in quantifying intended results and measuring performance toward those results; and (b) whether the reported results were achieved.

(10) "Preliminary compliance report" means a written document that states the specific actions a state agency or unit of local government receiving state funds has taken to implement any recommendations contained in the final performance audit report.

(11) "Preliminary performance audit report" means a written document prepared for review and comment by the joint legislative audit and review committee after the completion of a performance audit. The preliminary performance audit report must contain the audit findings and any proposed recommendations to improve the efficiency, effectiveness, or accountability of the state agency or local government audited.

(12) "Program audits" means performance audits that determine: (a) The extent to which desired outcomes or results are being achieved; (b) the causes for not achieving intended outcomes or results; and (c) compliance with significant laws and rules applicable to the program.

(13) "State agency" or "agency" means a state agency, department, office, officer, board, commission, bureau, division, institution, or institution of higher education. "State agency" includes all elective offices in the executive branch of state government.

**Sec. 3.** RCW 44.28.010 and 1983 c 52 s 1 are each amended to read as follows:

~~((There is hereby created a))~~ (1) The joint legislative ((budget)) audit and review committee is created, which shall consist of eight senators and eight representatives from the legislature, and two nonvoting members of the general public appointed under subsection (2) of this section. The term for the general public members commences upon appointment and expires at the close of session in the next odd-numbered year and continues until a successor is appointed. The speaker of the house or the president of the senate, as appropriate, shall make an appointment to fill a vacancy in the general public member positions for the unexpired term.

**Sec. 4.** RCW 44.28.020 and 1980 c 87 s 31 are each amended to read as follows:

The term of office of the members of the joint committee who continue to be members of the senate and house shall be from the close of the session in which they were appointed or elected as provided in RCW 44.28.010 until the close of the next regular session during an odd-numbered year or

special session following such regular session, or, in the event that such appointments or elections are not made, until the close of the next regular session during an odd-numbered year during which successors are appointed or elected. The term of office of ~~((such))~~ joint committee members ~~((as shall))~~ who do not continue to be members of the senate and house ~~((shall))~~ ceases upon the convening of the next regular session of the legislature during an odd-numbered year after their confirmation, election or appointment. Vacancies on the joint committee, except for vacancies in the positions designated for members of the general public, shall be filled by appointment by the remaining members. All such vacancies shall be filled from the same political party and from the same house as the member whose seat was vacated.

**Sec. 5.** RCW 44.28.030 and 1955 c 206 s 6 are each amended to read as follows:

Among the factors to be considered in preparing the work plan are:

(a) Whether a program newly created or significantly altered by the legislature warrants continued oversight because (i) the fiscal impact of the program is significant, or (ii) the program represents a relatively high degree of risk in terms of reaching the stated goals and objectives for that program;

(b) Whether implementation of an existing program has failed to meet its goals and objectives by any significant degree; and

(c) Whether a follow-up audit would help ensure that previously identified recommendations for improvements were being implemented.

(2) The project description for each (~~program evaluation shall~~) performance audit must include start and completion dates, the proposed (~~research~~) approach, and cost estimates.

(3) The director shall consult with the state auditor, the director of financial management, and the chairs and staff of appropriate legislative committees in developing the work plan. The work plan must identify the role of the joint committee, the state auditor, and public and private sector experts necessary to complete each performance audit.

(4) The overall work plan may include proposals to employ contract (~~evaluators~~) resources. As conditions warrant, the (~~program evaluation~~) performance audit work plan may be amended from

time to time. All ((biennial)) performance audit work plans shall be transmitted to the appropriate fiscal and policy committees of the senate and the house of representatives no later than the sixtieth day of the regular legislative session of each odd-numbered year, beginning with 1997.

NEW SECTION. Sec. 13. The agency or local government and the office of financial management shall provide any response to the director within thirty days after receipt of the preliminary performance audit report. The director shall incorporate the response of the agency or local government and the office of financial management into the final performance audit report.

Any comments by the joint committee must be included as a separate addendum to the final performance audit report. Upon consideration and incorporation of the review, comments, and recommendations of the joint committee, the director shall transmit the final performance audit report to the affected agency or local government, the director of financial management, the leadership of the senate and the house of representatives, and the appropriate standing committees of the house of representatives and the senate and shall publish the results and make the report available to the public. The agency or local government may attach its comments to the joint committee's preliminary compliance report as a separate addendum.

(2) Within three months after the issuance of the preliminary compliance report, the joint committee must hold at least one public hearing and receive public testimony regarding the findings and recommendations contained in the preliminary compliance report. The joint committee may waive the public hearing requirement if the preliminary compliance report demonstrates that the agency or local government is in compliance with the audit recommendations. The joint committee shall issue a final compliance report within four weeks after the public hearing or hearings. The director shall transmit the final compliance report in the same manner as a final performance audit is transmitted under section 13 of this act.

NEW SECTION. Sec. 15. The joint committee shall undergo a quality control review at least once every three years. The review must be conducted by an organization that has experience in conducting performance audits but that is not affiliated with Washington state government. The quality control review must include, at a minimum, an evaluation of the quality of the audits conducted by the joint committee, an assessment of the audit procedures used by the joint committee, and an assessment of the qualifications of the joint committee staff to conduct performance audits.

NEW SECTION. Sec. 16. (1) The performance audit revolving fund is established in the state treasury. Expenditures from the fund may only be used for payment of the costs of performance audits performed pursuant to the performance audit work plan approved by the joint legislative audit and review committee under RCW 44.28.180. The costs of a performance audit shall include all direct and indirect costs. Moneys in the fund may only be spent after appropriation.

(1) Governor; director of financial management. Any agency maintaining its own accounting and reporting system shall comply with the updated accounting procedures manual and the rules of the director adopted under this chapter. (a) Develop and maintain a system of internal controls and internal audits comprising methods and procedures to be adopted by each agency that will safeguard its assets, check the accuracy and reliability of its accounting data, promote operational efficiency, and encourage adherence to prescribed managerial policies for accounting and financial controls. The system developed by the director shall include criteria for determining the scope and comprehensiveness of internal controls required by classes of agencies, depending on the level of resources at risk.

Each agency head or authorized designee shall be assigned the responsibility and authority for establishing and maintaining internal audits following the standards of internal auditing of the institute of internal auditors;

**"NEW SECTION. Sec. 1.** The legislature finds that the department of social and health services is required to meet a large number of responsibilities. It is the purpose of this act to establish a process to determine whether the department is too large and needs to be divided in order to better serve the people of the state, and if so, then recommend how best the reorganization should be done. The legislature finds that both a bipartisan task force to both develop policy recommendations concerning possible restructuring of the department and a performance review of the department and social service programs presently administered by the state are warranted. The legislature recognizes that pending changes in federal law may impact the organization and the delivery of services by the department of social and health services. It is the intent of the legislature to require the task force to oversee a performance review specifically designed to assess the costs and benefits of potential revision to the existing structure and management of the department of social and health services. The legislature recognizes that many recipients of services from the department of social and health services receive services from more than one division of the agency as well as from other state agencies. The legislature intends that proper linkage between the existing agencies of government be established so clients will be served through effective and efficient means.

**NEW SECTION. Sec. 2.** (1) A bipartisan task force is created that shall have twenty-five members, twelve of whom are legislative members. Three members shall be from each caucus in the house of representatives, appointed by the speaker of the house of representatives and three members shall be from each caucus in the senate, appointed by the president of the senate. The governor shall appoint thirteen remaining members, one of whom shall be designated chair with approval of the speaker of the house of representatives and the president of the senate. The gubernatorial appointees shall include, but not be limited to, individuals served by the department of social and health services as clients and individuals within the department of social and health services performing caseworker or first-level supervisory functions as well as private and nonprofit contractors and vendors, and experts in the field of child development.

(2) Task force members shall serve without pay. Nonlegislative members shall be paid travel expenses incurred in their travel to and from meetings of the task force and while attending meetings of the task force in accordance with RCW 43.03.050 and 43.03.060. Legislative members shall be paid travel expenses incurred in their travel to and from meetings of the task force and while attending meetings of the task force in accordance with RCW 44.04.120.

(3) The task force shall:

(a) Examine the existing division of children and family services and determine if its functions are best kept within the existing department of social and health services or if the people of Washington state will be better served if the division is transferred to a new, separate department;

(b) Examine other existing functions and responsibilities of the department of social and health services and recommend their possible transfer into three new departments of medical assistance, transitional services, and long-term care and health;

(c) Examine health care functions within the department of social and health services together with related health care functions elsewhere in state government including the department of health and

the state health care authority; consider integration of those functions into a single or separate agencies or other alternatives;

(d) Examine the juvenile rehabilitation administration functions; consider whether to transfer them to a new department of children and family services, or to a new independent department of juvenile rehabilitation and a new department of children and family services;

(e) Examine child protective service functions; recommend structures that would transfer them to a new department of children and family services, or require a separate independent agency, or other alternatives;

(f) Review the department of social and health services economic services administration; recommend transferring those functions to a new agency, or combine it with the employment security department or other alternatives;

(g) Examine the restructuring of the department of social and health services in this act and recommendations of the task force as to their impact upon more effective local service delivery systems; recommend how to continue and make more effective the interrelationship between the state and local nonprofit organizations;

(h) Examine the licensing and placement functions within the children's administration; recommend alternative structures to eliminate conflicting pressure of ensuring a child's health and safety, and the placement requirements for abused and neglected children;

(i) Direct the objective performance review of the department of social and health services required by section 1 of this act; and

(j) Examine other related issues as appropriate when determined by the task force.

(4) By November 1, 1997, the task force shall submit to the legislature recommendations for proposed legislation implementing the task force recommendations of the committee.

(5) The task force shall terminate November 2, 1997, unless further extended by legislative act.

**NEW SECTION. Sec. 3.** (1) To provide a rational and deliberative basis for reviewing the department of social and health services, the legislature requires a comprehensive, objective performance review of the structure and delivery of services to families and children by Washington state government.

The purpose of the review is to provide the task force and the legislature an evaluation of the planning and management capacity, business practices, and culture of the department of social and health services for the purpose of determining whether: (a) There is a need to create a separate agency for the delivery of services to families and children; if so, what structure will provide the maximum opportunities for the delivery of services to succeed; and if a separate agency is not appropriate, what alternative reforms within the department will significantly improve service delivery; (b) the mission of the department is commonly understood by its management, employees, the legislature, and the public; (c) whether there is consistency between the department's mission, strategic plan, goals, and objectives; (d) the department adheres to its long-term planning and priorities; (e) the existence of performance benchmarks against which the delivery of services are measured; and (f) whether these benchmarks adequately measure the effectiveness of services delivered. The performance review shall examine programs operated by, or offered through, the department to determine the appropriateness for continuation, revision, or termination. In the program analysis the review shall assess the circumstances which gave rise to the program; whether programs comport with statutory constraints; if the programs are duplicated in other agencies within state government; whether viable alternatives to a program exist; whether the program has been prioritized by the department relative to other programs and, if so, whether program priorities reflect legislative direction.

(2) The school of public affairs at the University of Washington shall conduct the performance review required under this section. The results of the performance review shall be presented by the task force to the legislature and governor not later than November 1, 1997."

Representative Romero moved the adoption of the following amendment by Representative Romero:

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** The legislature finds that since its creation in 1985, the Puget Sound water quality authority has been largely successful in adopting a comprehensive management plan for the restoration and long-term protection of Puget Sound, which is the principal guiding document for the coordination and strengthening of programs by local governments, the private sector, and federal and state agencies. The authority has continually revised the plan to reflect new information regarding the water quality and other environmental conditions of Puget Sound, and to respond to changing state and federal funding and programmatic requirements. The legislature finds that increased emphasis should now be placed upon implementing the plan, upon assisting those primarily responsible for implementing the plan, upon the long-term monitoring of Puget Sound's environmental conditions, and upon measuring progress in the overall implementation of the management plan.

**Sec. 2.** RCW 90.70.001 and 1985 c 451 s 1 are each amended to read as follows:

The legislature finds that Puget Sound and related inland marine waterways of Washington state represent a unique and unparalleled resource. A rich and varied range of marine organisms, composing an interdependent, sensitive communal ecosystem reside in these sheltered waters.

Residents of this region enjoy a way of life centered around the waters of Puget Sound, featuring accessible recreational opportunities, world-class port facilities and water transportation systems, harvest of marine food resources, shoreline-oriented life styles, water-dependent industries, tourism, irreplaceable aesthetics and other activities, all of which to some degree depend upon a clean and healthy marine resource.

~~((The legislature further finds that the consequences of careless husbanding of this resource have been dramatically illustrated in inland waterways associated with older and more extensively developed areas of the nation. Recent reports concerning degradation of water quality within this region's urban embayments raise alarming possibilities of similar despoliation of Puget Sound and other state waterways. These examples emphasize that the costs of restoration of aquatic resources, where such restoration is possible, greatly exceed the costs of responsible preservation.))~~

The legislature declares that utilization of the Puget Sound resource carries a custodial obligation for preserving it. The people of the state have the unique opportunity to preserve this gift of nature, an understanding of the results of inattentive stewardship, the technical knowledge needed for control of degradation of Puget Sound, and the obligation to undertake such control.

The legislature further finds that the large number of governmental entities that now affect the ~~((water quality))~~ health of Puget Sound have diverse interests and limited jurisdictions which cannot adequately address the cumulative, wide-ranging impacts which contribute to the degradation of Puget Sound. In accordance with the purpose of chapter 403, Laws of 1995, the regulatory reform act of 1995, governments at all levels should better coordinate their efforts to avoid confusing and frustrating the public with overlapping or contradictory requirements. Greater water quality protection in Puget Sound can be achieved by establishing a cooperative partnership between public and private entities and state agencies that emphasizes technical assistance, education, incentives, and dispute resolution. It is therefore the policy of the state of Washington to create a single entity with adequate resources to develop and maintain a comprehensive plan for water quality protection in Puget Sound ~~((to be implemented by existing state and local government agencies))~~ and to assist state and local governments, citizens, and the private sector in implementing that plan.

**Sec. 3.** RCW 90.70.011 and 1990 c 115 s 2 are each amended to read as follows:

(1) There is established the Puget Sound water quality authority composed of eleven members. Nine members shall be appointed by the governor and confirmed by the senate. In addition, the commissioner of public lands or the commissioner's designee and the director of ecology or the director's designee shall serve as ex officio members. Three of the members shall include a representative from the counties, a representative from the cities, and a tribal representative. The director of ecology shall be chair of the authority. In making these appointments, the governor shall seek to include representation of the variety of interested parties concerned about Puget Sound water quality, including representation from the business and environmental communities. Appointments shall reflect the geographic balance and diversity of population within the Puget Sound basin. ~~((Of the appointed members, at least one shall be selected from each of the six congressional districts surrounding Puget Sound.))~~ Members shall serve four-year terms. ~~((Of the initial members appointed to the authority, two shall serve for two years, two shall serve for three years, and two shall serve for four years. Representative Horn: Representative Kessler. The answer to that question is No; infactiably No. The purpose of this bill is to make it clear that the intangible property is not subject to the property tax law and then it would be an unwise policy for this state to attempt to extend the property tax to intangible property.

(2) If the rules review committee finds, by a majority vote of its members: (a) That the proposed or existing rule in question has not been modified, amended, withdrawn, or repealed by the agency so as to conform with the intent of the legislature, or (b) that an existing rule was not adopted in accordance with all applicable provisions of law, including ~~((section 4 of this act if the rule was adopted after the effective date of section 4 of this act and))~~ chapter 19.85 RCW, or (c) that the agency is using a policy statement, guideline, or issuance in place of a rule, or that the policy statement, guideline, or issuance is outside of the legislative intent, the rules review committee may, within thirty days from notification by the agency of its action, file with the code reviser notice of its objections together with a concise statement of the reasons therefor. (e) Determine that the rule does not require those to whom it applies to take an action that violates requirements of another federal or state law;

(f) Determine that the rule does not impose more stringent performance requirements on private entities than on public entities unless required to do so by federal or state law;

(g) Determine if the rule differs from any federal regulation or statute applicable to the same activity or subject matter and, if so, determine that the difference is justified by the following:

(i) A state statute that explicitly allows the agency to differ from federal standards; or

(ii) Substantial evidence that the difference is necessary to achieve the general goals and specific objectives stated under (a) of this subsection; and

(h) Coordinate the substance of the rule, to the maximum extent practicable, with other federal, state, and local laws applicable to the same activity or subject matter.

(a) Provide to the business assistance center a list citing by reference the other federal and state laws that regulate the same activity or subject matter;

(i) The existence of any overlap or duplication of other federal or state laws, any differences from federal law, and any known overlap, duplication, or conflict with local laws; and

Any doubts as to whether this requirement has been met shall be resolved in favor of causing the rule to be subjected to the requirements of this section;

(iv) Rules that only correct typographical errors, make address or name changes, or clarify language of a rule without changing its effect;

**NEW SECTION. Sec. 26.** A new section is added to chapter 34.05 RCW under the subchapter heading "Part III" to read as follows:

If an amendment is made to a subsection of an existing significant legislative rule, then the entire section must be processed in accordance with RCW 34.05.328.

**Sec. 27.** RCW 34.05.570 and 1995 c 403 s 802 are each amended to read as follows:

(1) Generally. Except to the extent that this chapter or another statute provides otherwise:

(a) Except as provided in subsections (2) and (3) of this section, the burden of demonstrating the invalidity of agency action is on the party asserting invalidity;

(b) The validity of agency action shall be determined in accordance with the standards of review provided in this section, as applied to the agency action at the time it was taken;

(c) The court shall make a separate and distinct ruling on each material issue on which the court's decision is based; and

(d) The court shall grant relief only if it determines that a person seeking judicial relief has been substantially prejudiced by the action complained of.

(b) The validity of any rule may be determined upon petition for a declaratory judgment addressed to the superior court of Thurston county, when it appears that the rule, or its threatened application, interferes with or impairs or immediately threatens to interfere with or impair the legal rights or privileges of the petitioner. The burden of demonstrating the validity of any rule is on the agency. The declaratory judgment order may be entered whether or not the petitioner has first requested the agency to pass upon the validity of the rule in question.

(c) In a proceeding involving review of a rule, the court shall declare the rule invalid only if it finds that: The rule violates constitutional provisions; the rule exceeds the statutory authority of the

agency; the rule was adopted without compliance with statutory rule-making procedures; or the rule is arbitrary and capricious.

(3) Review of agency orders in adjudicative proceedings. The burden of proof is on the agency to demonstrate that any challenged provision of (a) through (i) of this subsection was not violated. The court shall grant relief from an agency order in an adjudicative proceeding only if it determines that:

(c) The agency has engaged in unlawful procedure or decision-making process, or has failed to follow a prescribed procedure;

(d) The agency has erroneously interpreted or applied the law;

(e) The order is not supported by evidence that is substantial when viewed in light of the whole record before the court, which includes the agency record for judicial review, supplemented by any additional evidence received by the court under this chapter;

(f) The agency has not decided all issues requiring resolution by the agency;

(g) A motion for disqualification under RCW 34.05.425 or 34.12.050 was made and was improperly denied or, if no motion was made, facts are shown to support the grant of such a motion that were not known and were not reasonably discoverable by the challenging party at the appropriate time for making such a motion;

(h) The order is inconsistent with a rule of the agency unless the agency explains the inconsistency by stating facts and reasons to demonstrate a rational basis for inconsistency; or

(i) The order is arbitrary or capricious.

(4) Review of other agency action.

(a) All agency action not reviewable under subsection (2) or (3) of this section shall be reviewed under this subsection.

(b) A person whose rights are violated by an agency's failure to perform a duty that is required by law to be performed may file a petition for review pursuant to RCW 34.05.514, seeking an order pursuant to this subsection requiring performance. Within twenty days after service of the petition for review, the agency shall file and serve an answer to the petition, made in the same manner as an answer to a complaint in a civil action. The court may hear evidence, pursuant to RCW 34.05.562, on material issues of fact raised by the petition and answer.

(c) Relief for persons aggrieved by the performance of an agency action, including the exercise of discretion, or an action under (b) of this subsection can be granted only if the court determines that the action is:

(i) Unconstitutional;

(ii) Outside the statutory authority of the agency or the authority conferred by a provision of law;

(iii) Arbitrary or capricious; or

(iv) Taken by persons who were not properly constituted as agency officials lawfully entitled to take such action.

**Sec. 28.** RCW 34.05.375 and 1988 c 288 s 314 are each amended to read as follows:

No rule proposed after July 1, 1989, is valid unless it is adopted in substantial compliance with RCW 34.05.310 through 34.05.395. Inadvertent failure to mail notice of a proposed rule adoption to any person as required by RCW 34.05.320(3) does not invalidate a rule. No action based upon this section may be maintained to contest the validity of any rule unless it is commenced within ~~((two))~~ seven years after the effective date of the rule.

NEW SECTION. **Sec. 29.** A new section is added to chapter 34.05 RCW to read as follows:

(1) A person may petition an agency requesting that an existing rule be subject to readoption. The office of financial management shall prescribe by rule the format for such petitions and the procedure for their submission, consideration, and disposition and provide a standard form that may be used to petition any agency. Within sixty days after submission of a petition, the agency shall either (a) deny the petition in writing, stating (i) its reasons for the denial, specifically addressing each item listed in subsection (3) of this section and, where appropriate, (ii) the alternative means by which it will

address the concerns raised by the petitioner, or (b) initiate the readoption procedure in accordance with this section.

(2) If an agency denies a petition submitted under subsection (1) of this section, the petitioner, within thirty days of the denial, may appeal the denial to the joint administrative rules review committee. Within sixty days after receiving the appeal, the committee shall, by a majority vote of its members, either (a) deny the appeal in writing, stating its reasons for the denial, or (b) direct the agency to initiate the readoption procedure in accordance with this section. The agency shall initiate the readoption procedure by the date specified by the committee.

(3) An agency's written denial under subsection (1) of this section must address each of the following:

- (a) Whether the rule is authorized;
- (b) Whether the rule is needed;
- (c) Whether the rule conflicts with or duplicates other federal, state, or local laws;
- (d) Whether alternatives to the rule exist that will serve the same purpose at less cost;
- (e) Whether the rule applies differently to public and private entities;
- (f) Whether the rule serves the purposes for which it was adopted;
- (g) Whether the benefits of the rule are greater than its costs;
- (h) Whether the rule is clearly and simply stated; and
- (i) Whether there is adequate justification if the rule is different than a federal law applicable to the same activity or subject matter.

Persons are encouraged to address each of these issues in their petition to the agency.

(4) For purposes of this section, "readoption" means that the text of the existing rule is submitted under RCW 34.05.320 as a proposed rule and is then subject to the rule-making process set forth in this chapter. However, an agency need not submit a statement of inquiry under RCW 34.05.310 for an existing rule subject to readoption. Unless readopted, an existing rule subject to readoption is automatically repealed one hundred eighty days after publication of the text as a proposed rule in the Washington State Register.

(5) A decision by an agency under subsection (1) of this section to deny a petition for readoption is not subject to judicial review.

(6) The office of financial management shall initiate the rule making required by subsection (1) of this section by July 1, 1996.

**NEW SECTION. Sec. 30.** A new section is added to chapter 34.05 RCW under the subchapter heading "Part V" to read as follows:

(1) Except as provided in subsection (2) of this section, after December 31, 2000, the following agencies may not rely solely on a statute's statement of intent or purpose or the enabling provisions of the statute establishing the agency, or any combination of such provisions, for the agency's statutory authority to have adopted a rule challenged after December 31, 2000: The commissioner of public lands, the department of social and health services, the department of ecology, the department of agriculture, the department of health, the department of revenue, the department of licensing, the department of labor and industries, the employment security department, the forest practices board, the fish and wildlife commission, and the office of the insurance commissioner.

(2) This section does not apply to rules adopted under chapter 39.12 RCW.

**Sec. 31.** RCW 4.84.350 and 1995 c 403 s 903 are each amended to read as follows:

(1) Except as otherwise specifically provided by statute, a court shall award a qualified party that prevails in a judicial review of an agency action fees and other expenses, including reasonable attorneys' fees, unless the court finds that the agency action was substantially justified or that circumstances make an award unjust. A qualified party shall be considered to have prevailed if the qualified party obtained relief on a significant issue that achieves some benefit that the qualified party sought.

(2) The amount awarded a qualified party under subsection (1) of this section shall not exceed:

(a) For cases involving rule validity:

(i) Twenty-five thousand dollars for superior court cases; and

(ii) Fifteen thousand dollars for appeals to the court of appeals and the supreme court; and

(b) For cases involving other agency action:

(i) Fifty thousand dollars for superior court cases; and

(ii) Fifteen thousand dollars for appeals to the court of appeals and the supreme court.

(3) Subsection (1) of this section shall not apply unless all parties challenging the agency action are qualified parties. If two or more qualified parties join in an action, the award in total shall not exceed twenty-five thousand dollars. The court, in its discretion, may reduce the amount to be awarded pursuant to subsection (1) of this section, or deny any award, to the extent that a qualified party during the course of the proceedings engaged in conduct that unduly or unreasonably protracted the final resolution of the matter in controversy.

(4) Qualified parties shall receive awards under this section for cases pending July 23, 1995.

**Sec. 32.** RCW 48.04.010 and 1990 1st ex.s. c 3 s 1 are each amended to read as follows:

(1) The commissioner may hold a hearing for any purpose within the scope of this code as he or she may deem necessary. The commissioner shall hold a hearing:

(a) If required by any provision of this code; or

(b) Upon written demand for a hearing made by any person aggrieved by any act, threatened act, or failure of the commissioner to act, if such failure is deemed an act under any provision of this code, or by any report, promulgation, or order of the commissioner other than an order on a hearing of which such person was given actual notice or at which such person appeared as a party, or order pursuant to the order on such hearing.

(2) Any such demand for a hearing shall specify in what respects such person is so aggrieved and the grounds to be relied upon as basis for the relief to be demanded at the hearing.

(3) Unless a person aggrieved by a written order of the commissioner demands a hearing thereon within ninety days after receiving notice of such order, or in the case of a licensee under Title 48 RCW within ninety days after the commissioner has mailed the order to the licensee at the most recent address shown in the commissioner's licensing records for the licensee, the right to such hearing shall conclusively be deemed to have been waived.

(4) If a hearing is demanded by a licensee whose license has been temporarily suspended pursuant to RCW 48.17.540, the commissioner shall hold such hearing demanded within thirty days after receipt of the demand or within thirty days of the effective date of a temporary license suspension issued after such demand, unless postponed by mutual consent.

(5) Any hearing held pursuant to this section shall be conducted by an administrative law judge unless the person demanding the hearing agrees in writing to have an employee of the commissioner conduct the hearing.

**Sec. 33.** RCW 48.30.010 and 1985 c 264 s 13 are each amended to read as follows:

(1) No person engaged in the business of insurance shall engage in unfair methods of competition or in unfair or deceptive acts or practices in the conduct of such business as such methods, acts, or practices ~~((are defined pursuant to subsection (2) of this section.~~

~~(2) In addition to such unfair methods and unfair or deceptive acts or practices as)) are expressly defined and prohibited by this code((, the commissioner may from time to time by regulation promulgated pursuant to chapter 34.05 RCW, define other methods of competition and other acts and practices in the conduct of such business reasonably found by the commissioner to be unfair or deceptive.~~

~~(3) No such regulation shall be made effective prior to the expiration of thirty days after the date of the order by which it is promulgated)).~~

~~((4))~~ (2) If the commissioner has cause to believe that any person is violating any such ~~((regulation))~~ rule or prohibition of this code, the commissioner may order such person to cease and desist therefrom. The commissioner shall deliver such order to such person direct or mail it to the person by registered mail with return receipt requested. If the person violates the order after expiration of ten days after the cease and desist order has been received by him or her, he or she may be fined by the commissioner a sum not to exceed two hundred and fifty dollars for each violation committed thereafter.

~~((5))~~ (3) If any such ~~((regulation))~~ rule or prohibition of this code is violated, the commissioner may take such other or additional action as is permitted under the insurance code for violation of a ~~((regulation))~~ rule or that prohibition.

(4) Any permanent rule that was adopted by the commissioner under the authority of this section as it existed before the effective date of this section, and that was in effect as of the effective date of this section, shall, if otherwise valid, remain in effect until and unless it is repealed by the

commissioner, who shall retain the authority to repeal any such rule, or is effectively repealed by an act of the legislature."

**"Sec. 1.** RCW 36.70A.300 and 1995 c 347 s 110 are each amended to read as follows:

(1) The board shall issue a final order within one hundred eighty days of receipt of the petition for review, or, when multiple petitions are filed, within one hundred eighty days of receipt of the last petition that is consolidated. Such a final order shall be based exclusively on whether or not a state agency, county, or city is in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to adoption or amendment of shoreline master programs, or chapter 43.21C RCW as it relates to plans, development regulations, and amendments thereto, adopted under RCW 36.70A.040 or chapter 90.58 RCW. In the final order, the board shall either: (a) Find that the state agency, county, or city is in compliance with the requirements of this chapter or chapter 90.58 RCW as it relates to the adoption or amendment of shoreline master programs; or (b) find that the state agency, county, or city is not in compliance with the requirements of this chapter or chapter 90.58 RCW as it relates to the adoption or amendment of shoreline master programs, in which case the board shall remand the matter to the affected state agency, county, or city and specify a reasonable time not in excess of one hundred eighty days within which the state agency, county, or city shall comply with the requirements of this chapter.

(2) A finding of noncompliance and an order of remand shall not affect the validity of comprehensive plans and development regulations during the period of remand(~~(, unless the board's final order also:~~

~~(a) Includes a determination, supported by findings of fact and conclusions of law, that the continued validity of the plan or regulation would substantially interfere with the fulfillment of the goals of this chapter; and~~

~~(b) Specifies the particular part or parts of the plan or regulation that are determined to be invalid, and the reasons for their invalidity.~~

~~(3) A determination of invalidity shall:~~

~~(a) Be prospective in effect and shall not extinguish rights that vested under state or local law before the date of the board's order; and~~

~~(b) Subject any development application that would otherwise vest after the date of the board's order to the local ordinance or resolution that both is enacted in response to the order of remand and determined by the board pursuant to RCW 36.70A.330 to comply with the requirements of this chapter.~~

~~(4) If the ordinance that adopts a plan or development regulation under this chapter includes a savings clause intended to revive prior policies or regulations in the event the new plan or regulations are determined to be invalid, the board shall determine under subsection (2) of this section whether the prior policies or regulations are valid during the period of remand). All development permits shall vest under such comprehensive plan or development regulations until new comprehensive plan or development regulations are adopted.~~

~~((5)) (3) Any party aggrieved by a final decision of the hearings board may appeal the decision to superior court as provided in RCW 34.05.514 or 36.01.050 within thirty days of the final order of the board.~~

(2) The board shall conduct a hearing and issue a finding of compliance or noncompliance with the requirements of this chapter. A person with standing to challenge the legislation enacted in response to the board's final order may participate in the hearing along with the petitioner and the state agency, city, or county. A hearing under this subsection shall be given the highest priority of business to be conducted by the board, and a finding shall be issued within forty-five days of the filing of the motion under subsection (1) of this section with the board.

(3) If the board finds that the state agency, county, or city is not in compliance, the board shall transmit its finding to the governor. The board may recommend to the governor that the sanctions authorized by this chapter be imposed.

~~((4) The board shall also reconsider its final order and decide:~~

**"Sec. 1.** RCW 84.38.010 and 1975 1st ex.s. c 291 s 26 are each amended to read as follows:

(1) The legislature finds that savings once deemed adequate for retirement living have been rendered inadequate by increased tax rates, increased property values, and the failure of pension systems to adequately reflect such factors. It is therefore deemed necessary that the legislature, in addition to that tax exemption as provided for in RCW 84.36.381 through 84.36.389 as now or hereafter amended, allow retired persons to defer payment of special assessments on their residences, and to defer their real property tax obligations on their residences, an amount of up to eighty percent of their equity in said property. ((This deferral program)) The deferral provided under RCW 84.38.030 is intended to assist retired persons in maintaining their dignity and a reasonable standard of living by residing in their own homes, providing for their own needs, and managing their own affairs without requiring assistance from public welfare programs.

(2) The legislature also finds that large and unanticipated increases in taxes on residential property, usually attributable to rapid increases in property values, cause undue and excessive hardships for many homeowners. These increased tax burdens put many of these homeowners at risk of being unable to remain in their residences and maintain their property. Temporary financial hardships, such as unemployment or medical costs, may also cause some homeowners to have insufficient resources to pay property tax bills. The legislature therefore intends to provide such distressed taxpayers with the ability to defer taxes due so that they will be able to remain in their homes while still paying an equitable share of the overall property tax burden.

NEW SECTION. **Sec. 2.** A new section is added to chapter 84.38 RCW to read as follows:

A claimant may defer payment of that amount of real property taxes that exceeds six percent of the claimant's combined disposable income, but not to exceed two thousand five hundred dollars per year, if the following conditions are met:

(1) The property taxes must have been imposed upon a residence that was occupied by the claimant as a principal place of residence as of January 1st of the year in which the taxes are due, subject to the exceptions allowed under RCW 84.36.381(1);

(2) The total amount deferred by a claimant under this chapter may not exceed eighty percent of the claimant's equity value in the claimant's residence; and

(3) The claimant must meet the conditions of RCW 84.38.030 (4) and (5).

**Sec. 3.** RCW 84.38.050 and 1979 ex.s. c 214 s 8 are each amended to read as follows:

(1)(a) Declarations to defer property taxes for all years following the first year under RCW 84.38.030 may be made by filing with the county assessor no later than thirty days before the tax is due a renewal form in duplicate, prescribed by the department of revenue and supplied by the county assessor, which affirms the continued eligibility of the claimant.

(b) In January of each year, the county assessor shall send to each claimant who has been granted deferral of ad valorem taxes for the previous year under RCW 84.38.030 renewal forms and notice to renew.

(2) Declarations to defer special assessments shall be made by filing with the assessor no later than thirty days before the special assessment is due on a form to be prescribed by the department of revenue and supplied by the county assessor. Upon approval, the full amount of special assessments upon such claimant's residence shall be deferred but not to exceed an amount equal to eighty percent of the claimant's equity value in said property."

All property shall be valued at one hundred percent of its true and fair value in money and assessed on the same basis unless specifically provided otherwise by law.

Taxable leasehold estates shall be valued at such price as they would bring at a fair, voluntary sale for cash without any deductions for any indebtedness owed including rentals to be paid.

The true and fair value of real property for taxation purposes (including property upon which there is a coal or other mine, or stone or other quarry) shall be based upon the most probable and most reasonable use of the real property using the following criteria:

(1) Any sales of the property being appraised or similar properties with respect to sales made within the past five years. The appraisal shall be consistent with the comprehensive land use plan, development regulations under chapter 36.70A RCW, zoning, and any other governmental policies or practices in effect at the time of appraisal that affect the use of property, as well as physical and environmental influences. The appraisal shall also take into account: (a) In the use of sales by real estate contract as similar sales, the extent, if any, to which the stated selling price has been increased by reason of the down payment, interest rate, or other financing terms; and (b) the extent to which the sale of a similar property actually represents the general effective market demand for property of such type, in the geographical area in which such property is located. Sales involving deed releases or similar seller-developer financing arrangements shall not be used as sales of similar property.

(2) In addition to sales as defined in subsection (1), consideration may be given to cost, cost less depreciation, reconstruction cost less depreciation, or capitalization of income that would be derived from prudent use of the property. In the case of property of a complex nature, or being used under terms of a franchise from a public agency, or operating as a public utility, or property not having a record of sale within five years and not having a significant number of sales of similar property in the general area, the provisions of this subsection (2) shall be the dominant factors in valuation. When provisions of this subsection (2) are relied upon for establishing values the property owner shall be advised upon request of the factors used in arriving at such value.

(3) In valuing any tract or parcel of real property, the value of the land, exclusive of structures thereon shall be determined; also the value of structures thereon, but the valuation shall not exceed the value of the total property as it exists. #### "PART VI. LICENSE SUSPENSION

NEW SECTION. **Sec. 601.** The legislature recognizes that the current statutory procedures for the collection of child support do not apply to all persons owing child support. In order to further insure that child support obligations are met, this act establishes a program by which certain licenses may be suspended if a person is one hundred eighty days or more in arrears on child support payments. With this program, it is the intent of the legislature to provide a strong incentive for persons owing support to make timely payments, and to cooperate with the department of social and health services to establish an appropriate schedule for the payment of any arrears.

In the implementation and management of this program, it is the legislature's intent that the objective of the department of social and health services be to obtain payment in full of arrears, or where that is not possible, to enter into agreements with delinquent obligors to make timely support payments and make reasonable payments towards the arrears. The legislature intends that if the obligor refuses to cooperate in establishing a fair and reasonable payment schedule for arrears, or refuses to make timely support payments, the department shall proceed with certification to a licensing entity or the department of licensing that the person is not in compliance with a child support order.

**Sec. 602.** RCW 74.20A.020 and 1990 1st ex.s. c 2 s 15 are each amended to read as follows:

Unless a different meaning is plainly required by the context, the following words and phrases as hereinafter used in this chapter and chapter 74.20 RCW shall have the following meanings:

- (2) "Secretary" means the secretary of the department of social and health services, his designee or authorized representative.
- (3) "Dependent child" means any person:

For purposes of RCW 74.20A.055, orders for support which were entered under the uniform reciprocal enforcement of support act by a state where the responsible parent no longer resides shall not preclude the department from establishing an amount to be paid as current and future support.
- (6) "Administrative order" means any determination, finding, decree, or order for support pursuant to RCW 74.20A.055, or by an agency of another state pursuant to a substantially similar administrative process, establishing the existence of a support obligation and ordering the payment of a set or determinable amount of support moneys to satisfy the support obligation.

(10) "Support debt" means any delinquent amount of support moneys which is due, owing, and unpaid under a superior court order or an administrative order, a debt for the payment of expenses for the reasonable or necessary care, support, and maintenance, including medical expenses, of a dependent child or other person for whom a support obligation is owed; or a debt under RCW 74.20A.100 or 74.20A.270. (11) "State" means any state or political subdivision, territory, or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

(12) "Licensing entity" means any department, board, bureau, commission, committee, regulatory entity or agency, or other licensor authorized to issue, renew, suspend, or revoke a license authorizing an individual to engage in a business, occupation, profession, industry, or licensed recreational activity, or to drive a motor vehicle. It also means the Washington state bar association's board of governors and the Washington supreme court.

(13) "Noncompliance with a support order" means a responsible parent has:

(a) Accumulated a support debt totaling more than six months of monthly support payments; or

(b) Failed to make payments pursuant to a written agreement with the department towards a support debt in an amount that exceeds six months of payments; or

(c) Failed to make payments required by a superior court order if required by a support order or administrative order towards a support debt in an amount that exceeds six months of payments; or

(d) Failed to obtain or maintain health insurance as defined in RCW 26.18.020.

(16) "Support order" means a superior court order or administrative order.

NEW SECTION. Sec. 603. A new section is added to chapter 74.20A RCW to read as follows:

(1) Except as provided in subsection (2) of this section, the department may serve upon a responsible parent a notice informing the responsible parent of the department's intent to submit the parent's name to any appropriate licensing entity as a licensee who is not in compliance with a support order. The department must attach a copy of the responsible parent's support order to the notice. Service of the notice must be made by certified mail, return receipt requested, or by personal service.

(2) The department shall not issue a notice of noncompliance with a support order under this section when the department can withhold the responsible parent's earnings under RCW 26.23.060 in an amount sufficient to ensure the payment of current support and a reasonable amount towards the support debt.

(3) The notice of noncompliance must include the address and telephone number of the department's division of child support office that issues the notice and must inform the responsible parent that:

(a) The parent may request an adjudicative proceeding to contest the issue of noncompliance. The only issues that may be considered at the adjudicative proceeding are whether the parent is required to pay a support obligation under a support order and whether the parent is in compliance with that order;

(b) A request for an adjudicative proceeding must be in writing and must be received by the department within twenty days of the date of service of the notice;

(c) If the parent requests an adjudicative proceeding within twenty days of service, the department must stay the action to certify the parent to all appropriate licensing entities for noncompliance with a support order pending entry of a written decision after the adjudicative proceeding;

(d) If the parent does not request an adjudicative proceeding within twenty days of service and remains in noncompliance with a support order, the department will certify the parent's name to any appropriate licensing entity for noncompliance with a support order;

(e) The department must stay action to certify the parent to any appropriate licensing entity for noncompliance if the parent agrees to make timely payments of current support and agrees to a reasonable payment schedule for payment of the support debt. It is the parent's responsibility to contact in person or by mail the department's division of child support office indicated on the notice within twenty days of service of the notice to arrange for a payment schedule. The department may stay certification for up to thirty days after contact from a parent to arrange for a payment schedule;

(f) If the department certifies the responsible parent to a licensing entity for noncompliance with a support order, the licensing entity must suspend the parent's license until the parent provides the licensing entity with a written release from the department stating that the responsible parent is in compliance with the support order;

(g) Suspension of a license will affect insurability if the responsible parent's insurance policy excludes coverage for acts occurring after the suspension of a license;

(h) If after receiving the notice of noncompliance with a support order, the responsible parent files a motion to modify support with the court or requests the department to amend a support obligation or debt established by an administrative decision, the department or the court may, for up to one hundred eighty days, stay action to certify the parent to any licensing entity for noncompliance with a support order. If a motion for modification of a court or administrative order for a support obligation is pending before service of the notice, any action to certify the parent to a licensing entity for noncompliance with a support order must be automatically stayed until entry of a final order or decision in the modification proceedings. The responsible parent has the obligation to notify the department that a modification proceeding is pending and provide a copy of the motion or request for modification; and

(i) If the responsible parent subsequently becomes in compliance with the support order, the department must promptly provide the parent with a written release stating that the parent is in compliance with the order, and the parent may request that the licensing entity reinstate the suspended license.

(4) A responsible parent may request an adjudicative proceeding upon service of the notice described in subsection (3) of this section. The request for an adjudicative proceeding must be received by the department within twenty days of service. The request must be in writing and indicate the current mailing address and daytime phone number, if available, of the responsible parent. The proceedings under this subsection shall be conducted in accordance with the requirements of chapter 34.05 RCW. The issues that may be considered at the adjudicative proceeding are limited to whether the responsible parent is required to pay a support obligation or debt under a support order and whether the responsible parent is in compliance with the order.

(5) The decision resulting from the adjudicative proceeding must be in writing and inform the responsible parent of all rights to review. The parent's copy of the decision may be sent by regular mail to the parent's most recent address of record.

(6) If a responsible parent contacts the department's division of child support office indicated on the notice of noncompliance within twenty days of service of the notice and requests arrangement of a payment schedule, the department must stay the certification of noncompliance during negotiation of the schedule for payment of arrears. In no event may the stay continue for more than thirty days from the date of contact by the parent. The department must make good faith efforts to establish a schedule for payment of the support debt that is fair and reasonable, and that considers the financial situation of the responsible parent and the needs of all children who rely on the responsible parent for support. At

the end of the thirty days, if no payment schedule has been agreed to in writing, the department must proceed with certification of noncompliance.

(7) If a responsible parent timely requests an adjudicative proceeding to contest the issue of noncompliance, the department may not certify the name of the parent to a licensing entity for noncompliance with a support order unless the adjudicative proceeding results in a finding that the responsible parent is not in compliance with the order.

(8) The department may certify in writing to any appropriate licensing entity the name of a responsible parent who is not in compliance with a support order if:

(a) The responsible parent does not timely request an adjudicative proceeding upon service of a notice issued under subsection (3) of this section and is not in compliance with a support order twenty-one days after service of the notice;

(b) An adjudicative proceeding results in a decision that the responsible parent is not in compliance with a support order;

(c) The department and the responsible parent have been unable to agree on a fair and reasonable schedule for payment of the support debt; or

(d) The court enters a judgment on a petition for judicial review that finds the responsible parent is not in compliance with a support order.

The department must send by regular mail a copy of any certification of noncompliance filed with a licensing entity to the responsible parent at the responsible parent's most recent address of record.

(9) A licensing entity shall notify a responsible parent certified by the department under subsection (8) of this section, without undue delay, that the parent's driver's license or other license has been suspended because the parent's name has been certified by the department as a responsible parent who is not in compliance with a support order.

(10) When a responsible parent who is served notice under subsection (3) of this section subsequently complies with the support order, the department shall promptly provide the parent with a written release stating that the responsible parent is in compliance with the order.

(11) The department may adopt rules to implement and enforce the requirements of this section.

(12) Nothing in this section prohibits a responsible parent from filing a motion to modify support with the court or from requesting the department to amend a support obligation or debt established by an administrative decision. If there is a reasonable likelihood that the motion or request will significantly change the amount of the support debt, the department or the court may, for up to one hundred eighty days, stay action to certify the responsible parent to any licensing entity for noncompliance with a support order. If a motion for modification of a court or administrative order for a support obligation is pending before service of the notice, any action to certify the parent to a licensing entity for noncompliance with a support order must be automatically stayed until entry of a final order or decision in the modification proceedings. The responsible parent has the obligation to notify the department that a modification proceeding is pending and provide a copy of the motion or request for modification.

(13) A licensing entity may issue, renew, reinstate, or otherwise extend a license in accordance with the licensing entity's rules after the licensing entity receives a copy of the written release specified in subsection (10) of this section. The licensing entity may waive any applicable requirement for reissuance, renewal, or other extension if it determines that the imposition of that requirement places an undue burden on the person and that waiver of the requirement is consistent with the public interest.

**NEW SECTION. Sec. 604.** A new section is added to chapter 74.20A RCW to read as follows:

(1) The department of social and health services and all of the various licensing entities subject to section 603 of this act shall enter into such agreements as are necessary to carry out the requirements of the license suspension program established in section 603 of this act, but only to the extent the departments and the licensing entities determine it is cost-effective or required by federal law.

(2) On or before January 1, 1997, and quarterly thereafter, the department of social and health services and all licensing entities subject to section 603 of this act shall perform a comparison of responsible parents who are not in compliance with a support order, as defined in section 603 of this act, with all licensees subject to chapter . . . , Laws of 1996 (this act). The comparison may be conducted electronically, or by any other means that is jointly agreeable between the department and

the particular licensing entity. The data shared shall be limited to those items necessary to implementation of chapter . . . , Laws of 1996 (this act). The purpose of the comparison shall be to identify current licensees who are not in compliance with a support order, and to provide to the department of social and health services the following information regarding those licensees:

- (a) Name;
- (b) Date of birth;
- (c) Address of record;
- (d) Federal employer identification number or social security number;
- (e) Type of license;
- (f) Effective date of license or renewal;
- (g) Expiration date of license; and
- (h) Active or inactive status.

**NEW SECTION. Sec. 605.** A new section is added to chapter 74.20A RCW to read as follows:

- (1) The number of responsible parents identified as licensees subject to section 603 of this act;
- (2) The number of responsible parents identified by the department as not in compliance with a support order;
- (3) The number of notices of noncompliance served upon responsible parents by the department;
- (4) The number of responsible parents served a notice of noncompliance who request an adjudicative proceeding;
- (5) The number of adjudicative proceedings held, and the results of the adjudicative proceedings;
- (6) The number of responsible parents certified to the department of licensing or licensing entities for noncompliance with a support order, and the type of license the parents held;
- (7) The costs incurred in the implementation and enforcement of section 603 of this act and an estimate of the amount of support collected due to the departments under section 603 of this act;
- (8) Any other information regarding this program that the department feels will assist in evaluation of the program;
- (9) Recommendations for the addition of specific licenses in the program or exclusion of specific licenses from the program, and reasons for such recommendations; and
- (10) Any recommendations for statutory changes necessary for the cost-effective management of the program.

**Sec. 606.** RCW 46.20.021 and 1991 c 293 s 3 and 1991 c 73 s 1 are each reenacted and amended to read as follows:

**Sec. 608.** RCW 46.20.311 and 1995 c 332 s 11 are each amended to read as follows:

(1) The department shall not suspend a driver's license or privilege to drive a motor vehicle on the public highways for a fixed period of more than one year, except as specifically permitted under RCW 46.20.342 or other provision of law. Except for a suspension under RCW 46.20.289 and 46.20.291(5), whenever the license or driving privilege of any person is suspended by reason of a conviction, a finding that a traffic infraction has been committed, pursuant to chapter 46.29 RCW, or pursuant to RCW 46.20.291 or 46.20.308, the suspension shall remain in effect until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified. Whenever the license or driving privilege of any person is suspended as a result of certification of noncompliance with a support order under chapter 74.20A RCW, the suspension shall remain in effect until the person provides a written release issued by the department of social and health services stating that the person is in compliance with the order. If a driver's license is suspended under chapter 74.20A RCW, the motor vehicle record for the suspended driver shall include a notation that explains the reason for the suspension. The department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee of twenty dollars. If the

suspension is the result of a violation of RCW 46.61.502 or 46.61.504, or is the result of administrative action under RCW 46.20.308, the reissue fee shall be fifty dollars.

(2) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (a) After the expiration of one year from the date the license or privilege to drive was revoked; (b) after the expiration of the applicable revocation period provided by RCW 46.20.3101 or 46.61.5055; (c) after the expiration of two years for persons convicted of vehicular homicide; or (d) after the expiration of the applicable revocation period provided by RCW 46.20.265. After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of twenty dollars, but if the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be fifty dollars. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reissuance of a license, permit, or privilege to drive until enrollment and participation in an approved program has been established and the person is otherwise qualified. Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3) Whenever the driver's license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020 or 46.20.289 or 46.20.291(5), the department shall not issue to the person any new or renewal license until the person pays a reissue fee of twenty dollars. If the suspension is the result of a violation of the laws of this or any other state, province, or other jurisdiction involving (a) the operation or physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor or drugs, or (b) the refusal to submit to a chemical test of the driver's blood alcohol content, the reissue fee shall be fifty dollars.

(1) Except as provided in section 611 of this act, the certificate of "certified public accountant" shall be granted by the board to any person:

(a) Who is of good character. Good character, for purposes of this section, means lack of a history of dishonest or felonious acts. The board may refuse to grant a certificate on the ground of failure to satisfy this requirement only if there is a substantial connection between the lack of good character of the applicant and the professional responsibilities of a certified public accountant and if the finding by the board of lack of good character is supported by a preponderance of evidence. When an applicant is found to be unqualified for a certificate because of a lack of good character, the board shall

furnish the applicant a statement containing the findings of the board and a notice of the applicant's right of appeal;

(b) Who has met the educational standards established by rule as the board determines to be appropriate;

The board may, in its discretion, waive the educational requirements for any person if it is satisfied through review of documentation of successful completion of an equivalency examination that the person's educational qualifications are an acceptable substitute for the requirements of (b) of this subsection; and

(c) Who has passed a written examination.

(2) The examination described in subsection (1)(c) of this section shall be in writing, shall be held twice a year, and shall test the applicant's knowledge of the subjects of accounting and auditing, and other related fields the board may specify by rule. The time for holding the examination is fixed by the board and may be changed from time to time. The board shall prescribe by rule the methods of applying for and taking the examination, including methods for grading papers and determining a passing grade required of an applicant for a certificate. The board shall to the extent possible see to it that the grading of the examination, and the passing grades, are uniform with those applicable to all other states. The board may make use of all or a part of the uniform certified public accountant examination and advisory grading service of the American Institute of Certified Public Accountants and may contract with third parties to perform administrative services with respect to the examination as the board deems appropriate to assist it in performing its duties under this chapter.

(3) An applicant is required to pass all sections of the examination provided for in subsection (2) of this section in order to qualify for a certificate. If at a given sitting of the examination an applicant passes two or more but not all sections, then the applicant shall be given credit for those sections that he or she passed, and need not take those sections again: PROVIDED, That:

(a) The applicant took all sections of the examination at that sitting;

(b) The applicant attained a minimum grade of fifty on each section not passed at that sitting;

(c) The applicant passes the remaining sections of the examination within six consecutive examinations given after the one at which the first sections were passed;

(d) At each subsequent sitting at which the applicant seeks to pass additional sections, the applicant takes all sections not yet passed; and

(e) In order to receive credit for passing additional sections in a subsequent sitting, the applicant attains a minimum grade of fifty on sections written but not passed on the sitting.

(4) The board may waive or defer any of the requirements of subsection (3) of this section for candidates transferring conditional CPA exam credits from other states or for qualifying reciprocity certification applicants who met the conditioning requirements of the state or foreign jurisdiction issuing their original certificate.

(5) The board shall charge each applicant an examination fee for the initial examination under subsection (1) of this section, or for reexamination under subsection (3) of this section for each subject in which the applicant is reexamined. The applicable fee shall be paid by the person at the time he or she applies for examination, reexamination, or evaluation of educational qualifications. Fees for examination, reexamination, or evaluation of educational qualifications shall be determined by the board under chapter 18.04 RCW. There is established in the state treasury an account to be known as the certified public accountants' account. All fees received from candidates to take any or all sections of the certified public accountant examination shall be used only for costs related to the examination.

(6) Persons who on June 30, 1986, held certified public accountant certificates previously issued under the laws of this state shall not be required to obtain additional certificates under this chapter, but shall otherwise be subject to this chapter. Certificates previously issued shall, for all purposes, be considered certificates issued under this chapter and subject to its provisions.

(7) A certificate of a "certified public accountant" under this chapter is issued on a biennial basis with renewal subject to requirements of continuing professional education and payment of fees, prescribed by the board.

(8) The board shall adopt rules providing for continuing professional education for certified public accountants. The rules shall:

(a) Provide that a certified public accountant shall verify to the board that he or she has completed at least an accumulation of eighty hours of continuing professional education during the last two-year period to maintain the certificate;

(b) Establish continuing professional education requirements;

(c) Establish when newly certificated public accountants shall verify that they have completed the required continuing professional education; and

If the act constitutes a crime, conviction in a criminal proceeding is not a condition precedent to disciplinary action. Upon such a conviction, however, the judgment and sentence is conclusive evidence at the ensuing disciplinary hearing of the guilt of the license holder or applicant of the crime described in the indictment or information, and of the person's violation of the statute on which it is based. For the purposes of this section, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for the conviction and all proceedings in which the sentence has been deferred or suspended;

(11) Misrepresentation or concealment of a material fact in obtaining a license or in reinstatement thereof;

(12) Advertising that is false, fraudulent, or misleading;

(13) Incompetence or negligence that results in injury to a person or that creates an unreasonable risk that a person may be harmed;

(14) Suspension, revocation, or restriction of the individual's license to practice the profession by competent authority in any state, federal, or foreign jurisdiction, a certified copy of the order, stipulation, or agreement being conclusive evidence of the revocation, suspension, or restriction;

(15) Failure to cooperate with the director by:

(a) Not furnishing any necessary papers or documents requested by the director for purposes of conducting an investigation for disciplinary action, denial, suspension, or revocation of a license under this chapter;

(b) Not furnishing in writing a full and complete explanation covering the matter contained in a complaint filed with the department; or

(c) Not responding to subpoenas issued by the director, whether or not the recipient of the subpoena is the accused in the proceeding;

(16) Failure to comply with an order issued by the director or an assurance of discontinuance entered into with the disciplining authority;

(17) Aiding or abetting an unlicensed person to practice if a license is required;

(18) Misrepresentation or fraud in any aspect of the conduct of the business or profession;

(19) Failure to adequately supervise employees to the extent that the public health or safety is at risk;

(20) Interference with an investigation or disciplinary proceeding by willful misrepresentation of facts before the director or the director's authorized representative, or by the use of threats or harassment against a client or witness to prevent them from providing evidence in a disciplinary proceeding or any other legal action;

(21) Assigning or transferring any license issued pursuant to the provisions of this chapter, except as provided in RCW 18.170.060;

(22) Failure to maintain insurance; and

(23) Failure to have a qualifying principal in place.

(2) The director shall immediately suspend any license issued under this chapter if the holder has been certified pursuant to section 603 of this act by the department of social and health services as a person who is not in compliance with a support order. The application of a person so certified by the department of social and health services may be reviewed for issuance of a certificate of registration after the person provides the director a written release issued by the department of social and health services stating that the person is in compliance with the order.

(2) The director shall immediately suspend a certificate of registration issued under this chapter if the holder has been certified pursuant to section 603 of this act by the department of social and health services as a person who is not in compliance with a support order. NEW SECTION. **Sec. 657.** A new section is added to chapter 26.18 RCW to read as follows:

(1) Upon motion by the obligee and after a hearing the court may enter a finding that the obligor is not in compliance with a support order for purposes of this section and that the obligor has a license or is in the process of applying for or renewing a license that is subject to the provisions of this section. The issue that may be considered at the hearing is limited to whether the obligor is in compliance with the support order.

(2) If the court enters a finding that the obligor is not in compliance with a support order, the court shall enter an order directed to the appropriate licensing entity which certifies that the obligor is not in compliance with a support order. The order shall contain the obligor's name, address, and social security number, and shall indicate whether the obligor is believed to be a licensee who has, is in the process of applying for, or may seek renewal of a license issued directly by the licensing entity or through a board affiliated with the licensing entity. The court clerk shall forward the order to the licensing entity.

(3) Upon receipt of the court order the licensing entity shall refuse to issue or renew a license to the licensee or shall suspend the licensee's license according to the provisions of section 603 of this act until the licensee provides the licensing entity with a release from the court that states the licensee is in compliance with the support order.

(4) When an obligor subsequently complies with the support order, the court shall provide the obligor and the appropriate licensing entity with written confirmation that the obligor is in compliance with the court order.

(5) The court may issue an order denying, suspending, or not reissuing a license if the court issues an arrest warrant after the obligor fails to appear at the show cause hearing.

(6) Nothing in this section prohibits an obligor from filing a motion to modify a support order with the court under applicable provisions in chapter 26.09 RCW governing modification.

(7) As used in this section, unless the context indicates otherwise, "licensing entity," "noncompliance with a support order," "license," and "licensee" have the same meanings as in RCW 74.20A.020.

**Sec. 658.** RCW 26.23.050 and 1994 c 230 s 9 are each amended to read as follows:

(1) If the office of support enforcement is providing support enforcement services under RCW 26.23.045, or if a party is applying for support enforcement services by signing the application form on the bottom of the support order, the superior court shall include in all court orders that establish or modify a support obligation:

(a) A provision that orders and directs the responsible parent to make all support payments to the Washington state support registry;

(b) A statement that a notice of payroll deduction may be issued, or other income withholding action under chapter 26.18 or 74.20A RCW may be taken, without further notice to the responsible parent at any time after entry of the court order, unless:

(i) One of the parties demonstrates, and the court finds, that there is good cause not to require immediate income withholding and that withholding should be delayed until a payment is past due; or

(ii) The parties reach a written agreement that is approved by the court that provides for an alternate arrangement; ~~(and)~~

(c) A statement that the receiving parent might be required to submit an accounting of how the support is being spent to benefit the child; ~~and~~

(d) A statement that the responsible parent's privileges to obtain and maintain a license, as defined in section 657 of this act, may be denied, not renewed, or suspended if the parent is not in compliance with a support order as defined in section 657 of this act.

As used in this subsection and subsection (3) of this section, "good cause not to require immediate income withholding" means a written determination of why implementing immediate wage withholding would not be in the child's best interests and, in modification cases, proof of timely payment of previously ordered support.

(2) In all other cases not under subsection (1) of this section, the court may order the responsible parent to make payments directly to the person entitled to receive the payments, to the Washington state support registry, or may order that payments be made in accordance with an alternate arrangement agreed upon by the parties.

(a) The superior court shall include in all orders under this subsection that establish or modify a support obligation:

(i) A statement that a notice of payroll deduction may be issued or other income withholding action under chapter 26.18 or 74.20A RCW may be taken, without further notice to the responsible parent at any time after entry of the court order, unless:

(A) One of the parties demonstrates, and the court finds, that there is good cause not to require immediate income withholding and that withholding should be delayed until a payment is past due; or

(B) The parties reach a written agreement that is approved by the court that provides for an alternate arrangement; and

(ii) A statement that the receiving parent may be required to submit an accounting of how the support is being spent to benefit the child.

As used in this subsection, "good cause not to require immediate income withholding" is any reason that the court finds appropriate.

(b) The superior court may order immediate or delayed income withholding as follows:

(i) Immediate income withholding may be ordered if the responsible parent has earnings. If immediate income withholding is ordered under this subsection, all support payments shall be paid to the Washington state support registry. The superior court shall issue a mandatory wage assignment order as set forth in chapter 26.18 RCW when the support order is signed by the court. The parent entitled to receive the transfer payment is responsible for serving the employer with the order and for its enforcement as set forth in chapter 26.18 RCW.

(ii) If immediate income withholding is not ordered, the court shall require that income withholding be delayed until a payment is past due. The support order shall contain a statement that a notice of payroll deduction may be issued, or other income-withholding action under chapter 26.18 or 74.20A RCW may be taken, without further notice to the responsible parent, after a payment is past due.

(c) If a mandatory wage withholding order under chapter 26.18 RCW is issued under this subsection and the office of support enforcement provides support enforcement services under RCW 26.23.045, the existing wage withholding assignment is prospectively superseded upon the office of support enforcement's subsequent service of an income withholding notice.

(3) The office of administrative hearings and the department of social and health services shall require that all support obligations established as administrative orders include a provision which orders and directs that the responsible parent shall make all support payments to the Washington state support registry. All administrative orders shall also state that the responsible parent's privileges to obtain and maintain a license, as defined in section 657 of this act, may be denied, not renewed, or suspended if the parent is not in compliance with a support order as defined in section 657 of this act. All administrative orders shall also state that a notice of payroll deduction may be issued, or other income withholding action taken without further notice to the responsible parent at any time after entry of the order, unless:

(a) One of the parties demonstrates, and the presiding officer finds, that there is good cause not to require immediate income withholding; or

(b) The parties reach a written agreement that is approved by the presiding officer that provides for an alternate agreement.

(4) If the support order does not include the provision ordering and directing that all payments be made to the Washington state support registry and a statement that a notice of payroll deduction may be issued if a support payment is past due or at any time after the entry of the order, or that a parent's licensing privileges may be denied, not renewed, or suspended, the office of support enforcement may serve a notice on the responsible parent stating such requirements and authorizations. Service may be by personal service or any form of mail requiring a return receipt.

(5) Every support order shall state:

(a) The address where the support payment is to be sent;

(b) That a notice of payroll deduction may be issued or other income withholding action under chapter 26.18 or 74.20A RCW may be taken, without further notice to the responsible parent at any time after entry of an order by the court, unless:

(i) One of the parties demonstrates, and the court finds, that there is good cause not to require immediate income withholding; or

(ii) The parties reach a written agreement that is approved by the court that provides for an alternate arrangement;

(c) The income of the parties, if known, or that their income is unknown and the income upon which the support award is based;

(d) The support award as a sum certain amount;

(e) The specific day or date on which the support payment is due;

(f) The social security number, residence address, and name and address of the employer of the responsible parent;

(g) The social security number and residence address of the physical custodian except as provided in subsection (6) of this section;

(h) The names, dates of birth, and social security numbers, if any, of the dependent children;

(i) In cases requiring payment to the Washington state support registry, that the parties are to notify the Washington state support registry of any change in residence address. The responsible parent shall notify the registry of the name and address of his or her current employer, whether he or she has access to health insurance coverage at reasonable cost and, if so, the health insurance policy information;

(j) That any parent owing a duty of child support shall be obligated to provide health insurance coverage for his or her child if coverage that can be extended to cover the child is or becomes available to that parent through employment or is union-related as provided under RCW 26.09.105;

(k) That if proof of health insurance coverage or proof that the coverage is unavailable is not provided within twenty days, the obligee or the department may seek direct enforcement of the coverage through the obligor's employer or union without further notice to the obligor as provided under chapter 26.18 RCW; ~~((and))~~

(l) The reasons for not ordering health insurance coverage if the order fails to require such coverage; and

(m) That the responsible parent's privileges to obtain and maintain a license, as defined in section 657 of this act, may be denied, not renewed, or suspended if the parent is not in compliance with a support order as defined in section 657 of this act.

(6) The physical custodian's address:

(a) Shall be omitted from an order entered under the administrative procedure act. When the physical custodian's address is omitted from an order, the order shall state that the custodian's address is known to the office of support enforcement.

(b) A responsible parent may request the physical custodian's residence address by submission of a request for disclosure under RCW 26.23.120 to the office of support enforcement.

(7) The superior court clerk, the office of administrative hearings, and the department of social and health services shall, within five days of entry, forward to the Washington state support registry, a true and correct copy of all superior court orders or administrative orders establishing or modifying a support obligation which provide that support payments shall be made to the support registry. If a superior court order entered prior to January 1, 1988, directs the responsible parent to make support payments to the clerk, the clerk shall send a true and correct copy of the support order and the payment record to the registry for enforcement action when the clerk identifies that a payment is more than fifteen days past due. The office of support enforcement shall reimburse the clerk for the reasonable costs of copying and sending copies of court orders to the registry at the reimbursement rate provided in Title IV-D of the social security act.

(8) Receipt of a support order by the registry or other action under this section on behalf of a person or persons who have not made a written application for support enforcement services to the office of support enforcement and who are not recipients of public assistance is deemed to be a request for payment services only.

(9) After the responsible parent has been ordered or notified to make payments to the Washington state support registry under this section, the responsible parent shall be fully responsible for making all payments to the Washington state support registry and shall be subject to payroll deduction or other income withholding action. The responsible parent shall not be entitled to credit against a support obligation for any payments made to a person or agency other than to the Washington state support registry except as provided under RCW 74.20.101. A civil action may be brought by the payor to recover payments made to persons or agencies who have received and retained support moneys paid contrary to the provisions of this section.

NEW SECTION. Sec. 659. A new section is added to chapter 26.09 RCW to read as follows:  
The court may issue an order denying, suspending, or not reissuing a license if the court issues an arrest warrant after the parent fails to appear following service under the civil rules at any hearing involving determination, modification, or enforcement of support or if a warrant is issued for failure to appear.

"PART I  
TIME LIMITS ON PUBLIC ASSISTANCE

**Sec. 101.** RCW 74.12.420 and 1994 c 299 s 9 are each amended to read as follows:

The legislature recognizes that long-term recipients of aid to families with dependent children may require a period of several years to attain economic self-sufficiency. To provide incentives for long-term recipients to leave public assistance and accept paid employment, the legislature finds that less punitive and onerous sanctions than those required by the federal government are appropriate. The legislature finds that a ten percent reduction in grants for long-term recipients that may be replaced through earned income is a more positive approach than sanctions required by the federal government for long-term recipients who fail to comply with requirements of the job opportunities and basic skills program. A long-term recipient shall not be subject to two simultaneous sanctions for failure to comply with the participation requirements of the job opportunities and basic skills program and for exceeding the length of stay provisions of this section.

~~(1) ((After forty eight monthly benefit payments in a sixty month period, and after each additional twelve monthly benefit payments, the aid to families with dependent children monthly benefit payment shall be reduced by ten percent of the payment standard, except that after forty eight monthly payments in a sixty month period, full monthly benefit payments may be made))~~ After thirty-six full monthly benefit payments in a sixty-month period, benefit payments shall be reduced by ten percent each year for a period of no more than three years, totaling thirty-six monthly payments. At the end of the period consisting of thirty-six months of full payments in a sixty-month period followed by thirty-six months of reduced payments, no further payments may be allowed for two years. However, neither reduction nor time limits in this section apply if:

(8) The department shall release certifications of noncompliance previously filed with the department of licensing when the parent is in compliance with the child support order or makes satisfactory arrangements with the division of child support to retire any delinquency under the order. The department shall issue such releases to the department of licensing in writing, or by electronic transfer. The department shall send the parent a copy of the release by regular mail.

**NEW SECTION. Sec. 9.** A new section is added to chapter 41.59 RCW to read as follows:

Negotiations between an employer and the bargaining representative in a unit of educational employees shall be commenced at least five months before the date on which school districts are required to submit copies of their budgets to their educational service districts. If no agreement has been reached sixty days after the commencement of such negotiations then, at any time thereafter, either party may declare that an impasse exists and may submit the dispute to the commission for mediation, with or without the concurrence of the other party. The commission shall appoint a mediator, who shall forthwith meet with the representatives of the parties, either jointly or separately, and shall take such other steps as he or she may deem appropriate in order to persuade the parties to resolve their differences and effect an agreement: PROVIDED, That a mediator does not have a power of compulsion.

**NEW SECTION. Sec. 10.** A new section is added to chapter 41.59 RCW to read as follows:

If an agreement has not been reached following a reasonable period of negotiations and mediation, and the executive director of the commission, upon the recommendation of the assigned mediator, finds that the parties remain at impasse, then an interest arbitration panel shall be created to

resolve the dispute. The issues for determination by the arbitration panel shall be limited to the issues certified by the executive director. Within seven days following the issuance of the determination of the executive director, each party shall name one person to serve as its arbitrator on the arbitration panel. The two members so appointed shall meet within seven days following the appointment of the later appointed member to attempt to choose a third member to act as the neutral chairman of the arbitration panel. Upon the failure of the arbitrators to select a neutral chairman within seven days, the two appointed members shall use one of the two following options in the appointment of the third member, who shall act as chairman of the panel: (1) By mutual consent, the two appointed members may jointly request the commission, and the commission shall appoint a third member within two days of such request. Costs of each party's appointee shall be borne by each party respectively; other costs of the arbitration proceedings shall be borne by the commission; or (2) either party may apply to the commission, the federal mediation and conciliation service, or the American Arbitration Association to provide a list of five qualified arbitrators from which the neutral chairman shall be chosen. Each party shall pay the fees and expenses of its arbitrator, and the fees and expenses of the neutral chairman shall be shared equally between the parties.

The arbitration panel so constituted shall promptly establish a date, time, and place for a hearing and shall provide reasonable notice thereof to the parties to the dispute. A hearing, which shall be informal, shall be held, and each party shall have the opportunity to present evidence and make argument. No member of the arbitration panel may present the case for a party to the proceedings. The rules of evidence prevailing in judicial proceedings may be considered, but are not binding, and any oral testimony or documentary evidence or other data deemed relevant by the chairman of the arbitration panel may be received in evidence. A recording of the proceedings shall be taken. The arbitration panel has the power to administer oaths, require the attendance of witnesses, and require the production of such books, papers, contracts, agreements, and documents as may be deemed by the panel to be material to a just determination of the issues in dispute. If any person refuses to obey a subpoena issued by the arbitration panel, or refuses to be sworn or to make an affirmation to testify, or any witness, party, or attorney for a party is guilty of any contempt while in attendance at any hearing held hereunder, the arbitration panel may invoke the jurisdiction of the superior court in the county where the labor dispute exists, and the court has jurisdiction to issue an appropriate order. Any failure to obey the order may be punished by the court as a contempt thereof. The hearing conducted by the arbitration panel shall be concluded within twenty-five days following the selection or designation of the neutral chairman of the arbitration panel, unless the parties agree to a longer period.

The neutral chairman shall consult with the other members of the arbitration panel, and, within thirty days following the conclusion of the hearing, the neutral chairman shall make written findings of fact and a written determination of the issues in dispute, based on the evidence presented. A copy thereof shall be served on the commission, on each of the other members of the arbitration panel, and on each of the parties to the dispute. That determination shall be final and binding upon both parties, subject to review by the superior court upon the application of either party within thirty days of its receipt solely upon the question of whether the decision of the panel was arbitrary or capricious.

**NEW SECTION. Sec. 11.** A new section is added to chapter 41.59 RCW to read as follows:

An interest arbitration panel created pursuant to section 10 of this act, in the performance of its duties under this chapter, exercises a state function and is, for the purposes of this chapter, a state agency. Chapter 34.05 RCW does not apply to proceedings before an interest arbitration panel under this chapter.

**NEW SECTION. Sec. 12.** A new section is added to chapter 41.59 RCW to read as follows:

During the pendency of the proceedings before the arbitration panel, existing wages, hours and other conditions of employment shall not be changed by action of either party without the consent of the other but a party may so consent without prejudice to his rights or position under sections 8 through 15 of this act.

**NEW SECTION. Sec. 13.** A new section is added to chapter 41.59 RCW to read as follows:

If the representative of either or both the educational employees and the employer refuse to submit to the procedures set forth in sections 9 and 10 of this act, the parties, or the commission on its own motion, may invoke the jurisdiction of the superior court for the county in which the labor dispute exists and such court shall have jurisdiction to issue an appropriate order. A failure to obey such order

may be punished by the court as a contempt thereof. A decision of the arbitration panel shall be final and binding on the parties, and may be enforced at the instance of either party, the arbitration panel or the commission in the superior court for the county where the dispute arose.

NEW SECTION. Sec. 14. A new section is added to chapter 41.59 RCW to read as follows:

The right of educational employees to engage in any strike, work slowdown, or stoppage is not granted. Both parties to any dispute shall submit to the procedures set forth in sections 9 and 10 of this act without resort to a strike or lockout. An organization recognized as the bargaining representative that willfully disobeys a lawful order of enforcement by a superior court pursuant to section 13 of this act and this section, or willfully offers resistance to such order, whether by strike or otherwise, is in contempt of court as provided in chapter 7.21 RCW. An employer that willfully disobeys a lawful order of enforcement by a superior court pursuant to section 13 of this act or willfully offers resistance to such order is in contempt of court as provided in chapter 7.21 RCW.

NEW SECTION. Sec. 15. A new section is added to chapter 41.59 RCW to read as follows:

(1) In making its determination, the arbitration panel shall be mindful of the legislative purpose enumerated in section 8 of this act and as additional standards or guidelines to aid it in reaching a decision, shall take into consideration the following factors:

- (a) The constitutional and statutory authority of the employer;
- (b) Stipulations of the parties;
- (c) The average consumer prices for goods and services, commonly known as the cost of living;
- (d) At-risk student populations or students with special needs;
- (e) The financial capability of the school district;
- (f) Changes in any of the foregoing circumstances during the pendency of the proceedings; and
- (g) Such other factors, not confined to the foregoing, which are normally or traditionally taken into consideration in the determination of wages, hours, and conditions of employment.

(2) Nothing in this section shall be construed to prohibit an employer and an exclusive bargaining representative from agreeing to substitute, at their own expense, their own procedure for resolving impasses in collective bargaining for that provided in this section or from agreeing to utilize for the purposes of this section any other governmental or other agency or person in lieu of the commission.

NEW SECTION. Sec. 16. RCW 41.59.120 and 1975 1st ex.s. c 288 s 13 are each repealed."

Representative Smith: If the supplemental contract was for instance for football which would happen at the beginning of the school year how would your amendment effect the football coach who is on strike and not coaching football during that season.

Representative Quall: The way that would effect the fall's sport you'd have to be football coach. In strikes many times fall sports do operate in the strikes. Many times they do, in other words football continues on so it they continue on they get paid. Now under my amendment they would get paid. If my amendment doesn't stand they would be out there coaching football in the fall in the rain with those kids working hard making about a buck an hour and your gonna deny them pay. But now if you pass this amendment of mine that won't happen.

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 48.42.060 and 1984 c 56 s 1 are each amended to read as follows:

The legislature (~~takes notice of the increasing number of proposals for the~~) finds that there is a continued interest in mandating (~~(of)~~) certain health coverages or offering of health coverages by (~~(insurance) health carriers~~) (~~(health care service contractors, and health maintenance organizations as a component of individual or group policies)~~); and that improved access to these health care services to segments of the population which desire them can provide beneficial social and health consequences which may be in the public interest.

The legislature finds further, however, that the cost ramifications of expanding health coverages is (~~(resulting in a growing)~~) of continuing concern (~~(The way that such coverages are structured and the steps taken to create incentives to provide cost effective services or to take advantage of cost off setting features of services can significantly influence the cost impact of mandating particular coverages)~~); and that the merits of a particular (~~(coverage mandate)~~) mandated benefit must be balanced against a variety of consequences which may go far beyond the immediate impact upon the cost of insurance coverage. The legislature hereby finds and declares that a systematic review of proposed mandated (~~(or mandatorily offered health coverage)~~) benefits, which explores all the ramifications of such proposed legislation, will assist the legislature in determining whether mandating a particular coverage or offering is in the public interest. (~~(This chapter provides for a set of guidelines which should be addressed in the consideration of all such mandated coverage proposals coming before the legislature)~~) The purpose of this chapter is to establish a procedure for the proposal, review, and determination of mandated benefit necessity.

**NEW SECTION. Sec. 2.** Unless otherwise specifically provided, the definitions in this section apply throughout this chapter.

(7) "Mandated health insurance benefit" or "mandated benefit" means coverage or offering required by law to be provided by a health carrier to: (a) Cover a specific health care service or services, or (b) contract, pay, or reimburse specific categories of health care providers for specific services.

**Sec. 3.** RCW 48.42.070 and 1989 1st ex.s. c 9 s 221 are each amended to read as follows:

Mandated health insurance benefits shall be established as follows:

(1) Every person who, or organization (~~(which)~~) that, seeks (~~(sponsorship of a legislative proposal which would mandate a health coverage or offering of a health coverage by an insurance carrier, health care service contractor, or health maintenance organization as a component of individual or group policies, shall submit a report to the legislative committees having jurisdiction, assessing both the social and financial impacts of such coverage, including the efficacy of the treatment or service proposed, according to the guidelines enumerated in RCW 48.42.080. Copies of the report shall be sent to the state department of health for review and comment. The state department of health shall make recommendations based on the report to the extent requested by the legislative committees)~~) to establish a mandated benefit shall, at least ninety days prior to a regular legislative session, submit a mandated benefit proposal to the appropriate committees of the legislature, assessing the social impact, financial impact, and evidence of health care service efficacy of the benefit in strict adherence to the criteria enumerated in RCW 48.42.080 (as recodified by this act).

~~((Guidelines for assessing the impact of proposed mandated or mandatorily offered health coverage to the extent that information is available, shall include, but not be limited to, the following:))~~

(1) Based on the availability of relevant information, the following criteria shall be used to assess the impact of proposed mandated benefits:

(a) The social impact: ~~((a))~~ (i) To what extent is the ~~((treatment or service))~~ benefit generally utilized by a significant portion of the population? ~~((b))~~ (ii) To what extent is the ~~((insurance coverage))~~ benefit already generally available? ~~((c))~~ (iii) If ~~((coverage))~~ the benefit is not generally available, to what extent ~~((does the lack of coverage result in persons avoiding necessary health care treatments))~~ has its unavailability resulted in persons not receiving needed services? ~~((d))~~ (iv) If the ~~((coverage))~~ benefit is not generally available, to what extent ~~((does the lack of coverage result))~~ has its unavailability resulted in unreasonable financial hardship? ~~((e))~~ (v) What is the level of public demand for the ~~((treatment or service))~~ benefit? ~~((f))~~ ~~What is the level of public demand for insurance coverage of treatment or service?~~ ~~(g))~~ (vi) What is the level of interest of collective bargaining agents in negotiating privately for inclusion of this ~~((coverage))~~ benefit in group contracts?

~~((2))~~ (b) The financial impact: ~~((a))~~ (i) To what extent will the ~~((coverage))~~ benefit increase or decrease the cost of treatment or service? ~~((b))~~ (ii) To what extent will the coverage increase the appropriate use of the ~~((treatment or service))~~ benefit? ~~((c))~~ (iii) To what extent will the ~~((mandated treatment or service))~~ benefit be a substitute for a more expensive ~~((treatment or service))~~ benefit? ~~((d))~~ (iv) To what extent will the ~~((coverage))~~ benefit increase or decrease the administrative expenses of ~~((insurance companies))~~ health carriers and the premium and administrative expenses of policyholders? ~~((e))~~ (v) What will be the impact of this ~~((coverage))~~ benefit on the total cost of health care services and on premiums for health insurance? (vi) What will be the impact of this benefit on costs for state-purchased health care?

(c) Evidence of health care service efficacy:

(i) If a mandatory benefit of a specific service is sought, to what extent has there been conducted professionally accepted controlled trials demonstrating the health consequences of that service compared to no service or an alternative service?

(ii) If a mandated benefit of a category of health care provider is sought, to what extent has there been conducted professionally accepted controlled trials demonstrating the health consequences achieved by the mandated benefit of this category of health care provider?

(iii) To what extent will the mandated benefit enhance the general health status of the state residents?

(2) The department may supplement these criteria, by rule, to reflect new relevant information or additional significant issues.

(3) The office of the insurance commissioner shall evaluate the reasonableness and actuarial accuracy of cost estimates associated with the proposed mandated benefit that are provided to the department by the proposer or other interested parties, and shall provide comment to the department.

NEW SECTION. Sec. 5. Section 2 of this act shall constitute a new chapter in Title 48 RCW.

NEW SECTION. Sec. 6. RCW 48.42.060, 48.42.070, and 48.42.080 are each recodified in the new chapter created in section 5 of this act.

**"Sec. 1.** RCW 28A.320.140 and 1994 sp.s. c 7 s 612 are each amended to read as follows:

(1) School district boards of directors may establish district-wide student dress and grooming codes, which may include a requirement that students wear uniforms.

(2) School district boards of directors may establish specific schools or programs ~~((which))~~ that parents may choose for their children to attend in which: (a) Students are required to conform to dress and grooming codes, including requiring that students wear uniforms; (b) parents are required to participate in the student's education; or (c) discipline requirements are more stringent than in other schools in the district.

~~((2))~~ (3) School district boards of directors may also establish specific schools or programs in which: (a) Students are required to conform to dress and grooming codes, including requiring that students wear uniforms; (b) parents are regularly counseled and encouraged to participate in the student's education; or (c) discipline requirements are more stringent than in other schools in the district. School boards may require that students who are subject to suspension or expulsion attend these schools or programs as a condition of continued enrollment in the school district.

~~((3))~~ (4) If students are required to wear uniforms ~~((in these programs or schools))~~, school districts shall accommodate students so that the uniform requirement is not an unfair barrier to school attendance and participation.

~~((4) Nothing in this section impairs or reduces in any manner whatsoever the authority of a board under other law to impose a dress and appearance code. However, if a board requires uniforms under such other authority, it shall accommodate students so that the uniform requirement is not an unfair barrier to school attendance and participation.)~~

(5) In order to maintain order and discipline in schools during and after a natural disaster, schools may remain closed when natural disasters listed in RCW 28A.150.290(2)(a) and (b) occur as long as such conditions remain. The superintendent of public instruction shall allow school districts to receive state basic education moneys in such cases even though the requirement of a full school year of one hundred eighty days or the annual average total instructional hour offering imposed by RCW 28A.150.220 and RCW 28A.150.260 have not been fulfilled.

**Sec. 2.** RCW 28A.225.225 and 1995 c 52 s 3 are each amended to read as follows:

(1) All districts accepting applications from nonresident students or from students receiving home-based instruction for admission to the district's schools shall consider equally all applications received. Each school district shall adopt a policy establishing rational, fair, and equitable standards for acceptance and rejection of applications ~~((by June 30, 1990))~~. The policy may include rejection of nonresident students if acceptance of these students would result in the district experiencing a financial hardship. However, nothing in this section prevents a school district superintendent or his or her designee from denying the application of a nonresident student if the student's disciplinary record indicates a history of behavior that has been disruptive to the educational process.

(2) The district shall provide to applicants written notification of the approval or denial of the application in a timely manner. If the application is rejected, the notification shall include the reason or reasons for denial and the right to appeal under RCW 28A.225.230(3).

**Sec. 3.** RCW 28A.600.030 and 1990 c 33 s 498 are each amended to read as follows:

(1) Each school district board of directors may establish student grading policies which permit teachers to consider a student's attendance in determining the student's overall grade or deciding whether the student should be granted or denied credit. Such policies shall take into consideration the circumstances pertaining to the student's inability to attend school.

(2) The state board of education shall not limit the ability of school districts to reduce a student's grade or to deny credit for disciplinary reasons or as a result of disciplinary actions. However, no policy shall be adopted whereby a grade shall be reduced or credit shall be denied for disciplinary reasons or due to disciplinary actions only, rather than for academic reasons, unless due process of law is provided as set forth by the state board of education under RCW 28A.305.160.

**Sec. 4.** RCW 28A.305.160 and 1975-'76 2nd ex.s. c 97 s 1 are each amended to read as follows:

(1) The state board of education shall adopt and distribute to all school districts lawful and reasonable rules (~~and regulations~~) prescribing the substantive and procedural due process guarantees of pupils in the common schools. Such rules (~~and regulations~~) shall authorize a school district to use informal due process procedures in connection with the short-term suspension of students to the extent constitutionally permissible. In cases in which suspensions and expulsions are appealed by a student, such rules shall authorize a school district to suspend a student temporarily after an initial hearing until a final decision is reached in further appeals: PROVIDED, That the state board deems the interest of students to be adequately protected.

#### POINT OF INQUIRY

Representative Cole yielded to a question by Representative Hatfield.

Representative Hatfield: I was just curious as to what this Legislation changes that's not already in current statute and I was wondering if someone could point that out to me.

Representative Cole: As far as I see that only thing it changes has to do with short term suspension and students when they are suspended can be kept out of school for ten days during the process of appeal and they can go back. We do have Legislation in this state that says a school district can set their own policies as long as it's not prohibited in law and we're passing out a lot of bills that where things that are already available the issues and policies.

#### POINT OF PARLIAMENTARY INQUIRY

Representative K. Schmidt: Thank you Mr. Speaker. I would like to ask for a ruling on eligibility to vote. Representative Fisher and I serve as exofficial members on the Gambling Commission. Because of the Indian Gaming Regulatory Act calling the state negotiating at a good faith effort, we believe that our voting on this bill might show an appearance of something other than good faith and we would ask for your ruling.

#### SPEAKER'S RULING

Representative K. Schmidt has asked whether or not she and Representative R. Fisher should be excused from voting on Substitute House Bill No. 2945.

House Rule 19 (D) provides that members should not vote on matters where they have a private and particular interest in legislation.

In this instance, the particular interest of the two Representatives is a public interest. As legislators who have been appointed to serve on the state Gambling Commission the two legislators are required by the Federal Indian Gaming Act to act in good faith in dealing with tribal gambling issues.

While the Speaker does not suggest that any member voting on this measure is acting in bad faith, the dual role of these two members suggests that they should avoid voting on this measure.

Representative K. Schmidt and R. Fisher are excused from voting on Substitute House Bill No. 2945.

"**NEW SECTION. Sec 3.** A new section is added to chapter 48.43 RCW to read as follows:

(1) No public or private health carrier subject to the jurisdiction of the state of Washington may propose, issue, sign, or renew an agreement of any kind, including an enrollee service agreement, that contains a clause or language whose effect, in any way, is to disclaim liability for the care delivered or not delivered to an enrollee because of a decision of the health carrier as to whether the care was a covered service, medically necessary, economically provided, medically appropriate, or similar consideration.

(2) No public or private health carrier subject to the jurisdiction of the state of Washington may propose, issue, sign, or renew an agreement of any kind, including an enrollee service agreement, that contains a clause or language whose effect, in any way, is to shift liability to the provider or the patient, or both, for the care delivered or not delivered in material part because of a payment or other related decision of the health carrier. A clause is a violation of this subsection if, by way of illustration and not limitation, it says that the decision to obtain care is between the provider and the patient, failing to acknowledge the role of payment in such decisions.

(3) Nothing in this section is to be construed to create new liability on anyone for the health carrier's payment or related decisions. The intent of this section is only to prevent health carriers from disclaiming or shifting any existing liability to either providers or patients, or both."

Correct the title accordingly.

#### POINT OF ORDER

Representative Foreman: Thank you Mr. Speaker. I would request a ruling on the scope and object of the amendment.

#### SPEAKER'S RULING

Representative Foreman, the Speaker is prepared to rule on your Point of Order which requested a ruling on the scope and object of amendment 288 to Substitute House Bill No. 2840.

Substitute House Bill No. 2840 has a title which says, "An Act Relating to establishing a certificate of merit procedure in Lawsuits", it amends Chapter 4.24 RCW which is a civil procedure statute, and the bill proscribes a process that certain lawsuits must follow.

Amendment 288 adds a new section to Chapter 48.43 which is part of the insurance code of law. The amendment has nothing to do with civil procedure at trial, and it has nothing to do with a certificate of merit.

Representative Foreman, your point of Order is well taken. Amendment 288 is beyond the Scope and Object of Substitute House Bill No. 2840.

Representative Dellwo moved the adoption of the following amendment by Representative Dellwo:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The claimant's attorney shall file the certificate specified in subsection (2) of this section within ninety days of filing or service, whichever occurs later, of any action for damages arising out of the negligence of a person licensed, registered, or certified under Title 18 RCW or a health care facility as defined in RCW 48.43.005. The court may, for good cause shown, extend the period of time within which filing of the certificate is required.

(2) The certificate issued by the claimant's attorney shall declare:

(a) That the attorney has reviewed the facts of the case;

(b) That the attorney has consulted with at least one qualified expert who the attorney reasonably believes is knowledgeable in the relevant issues involved in the particular action and who has expertise in those areas requiring expert testimony in an action against a health care facility or health care professional;

(c) That the expert is willing and available to testify to admissible facts or opinions; and

(d) That the attorney has concluded on the basis of such review and consultation that there is reasonable and meritorious cause for the filing of such action.

(3) Where a certificate is required under this section, and where there are multiple defendants, the certificate or certificates must state the attorney's conclusion that on the basis of review and expert consultation, there is reasonable and meritorious cause for the filing of such action as to each defendant.

(4) The provisions of sections 2 through 5 of this act apply to persons who appear on their own behalf.

(5) If a named defendant seeks to apportion fault against a nonparty entity under RCW 4.22.070, the defendant shall file a certificate of merit as specified in subsection (2) of this section that there is reasonable and meritorious cause for joining the nonparty entity and shall be required to join the nonparty entity as a party to the action.

(6) Violation of this section shall be grounds for either dismissal of the case or sanctions against the attorney, or both, as the court deems appropriate.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Defendant" means a person, including a corporation, association, partnership, or firm or government entity, against whom a litigation is brought or maintained or sought to be brought or maintained.

(2) "Litigation" means a civil action, or proceeding, commenced, maintained, or pending in a state or federal court.

(3) "Plaintiff" means the person who commences, institutes, maintains a litigation or causes it to be commenced, instituted, or maintained, including an attorney at law acting on the attorney's own behalf.

(4) "Security" means an undertaking to assure payment, to the party for whose benefit the undertaking is required to be furnished of the party's reasonable expenses, including attorneys' fees and not limited to taxable costs, incurred in or in connection with a litigation instituted, caused to be instituted, or maintained or caused to be maintained by a vexatious litigant.

(5) "Vexatious litigant" means a person who meets any of the following criteria:

(a) In the immediately preceding seven-year period has commenced, prosecuted, or maintained on the person's own behalf at least five litigations other than in a small claims court that have been finally determined adversely to the person;

(b) After a litigation has been finally determined against the person, repeatedly relitigates or attempts to relitigate, acting on the person's own behalf, either: (i) The validity of the determination against the same defendant or defendants as to whom the litigation was finally determined; or (ii) the cause of action, claim, controversy, or any of the issues of fact or law, determined or concluded by the final determination against the same defendant or defendants as to whom the litigation was finally determined;

(c) In litigation while acting on the person's own behalf, repeatedly files frivolous motions, pleadings, or other papers, repeatedly conducts unnecessary discovery, or engages in other tactics that are frivolous or solely intended to cause unnecessary delay; or

(d) Has previously been declared to be a vexatious litigant by a state or federal court of record in an action or proceeding based upon the same or substantially similar facts, transaction, or occurrence.

NEW SECTION. Sec. 3. In litigation pending in a court of this state, at any time until final judgment is entered, a defendant may move the court, upon notice and hearing, for an order requiring the plaintiff to furnish security. The motion must be based upon the ground, and supported by a showing, that the plaintiff is a vexatious litigant and that there is not a reasonable probability that the plaintiff will prevail in the litigation against the moving defendant.

NEW SECTION. Sec. 4. When a motion under section 3 of this act is filed before trial, the litigation is stayed and the moving defendant need not plead, until ten days after the motion is denied or, if granted, until ten days after the required security has been furnished and the moving defendant given written notice that the security has been furnished. When a motion under section 3 of this act is made at any time thereafter, the litigation is stayed for such a period after the denial of the motion or the furnishing of the required security as the court determines.

NEW SECTION. Sec. 5. (1) In addition to other relief provided in this title, the court may, on its own motion or the motion of a party, enter a prefiling order that prohibits a vexatious litigant from filing new litigation in the courts of this state acting on the litigant's own behalf without first presenting a certificate of merit and obtaining leave of the presiding judge of the court where the litigation is proposed to be filed. Disobedience of the order by a vexatious litigant may be punished as a contempt of court.

(2) The presiding judge shall permit the filing of litigation under subsection (1) of this section only if it appears that the litigation has merit and has not been filed for the purposes of harassment or delay. The presiding judge may condition the filing of the litigation upon the furnishing of security for the benefit of the defendant as provided in section 3 of this act.

(3) The clerk may not file litigation presented by a vexatious litigant subject to a prefiling order unless the vexatious litigant first obtains an order from the presiding judge permitting the filing. If the clerk mistakenly files the litigation without the order, a party may file with the clerk and serve on the plaintiff and other parties a notice stating the plaintiff is a vexatious litigant subject to a prefiling order as set forth in subsection (1) of this section. The filing of the notice automatically stays the litigation. The litigation must be automatically dismissed unless the plaintiff within ten days of the filing of the notice obtains an order from the presiding judge permitting the filing of the litigation as set forth in subsection (2) of this section. If the presiding judge issues an order permitting the filing, the stay of the litigation remains in effect, and the defendants need not plead, until ten days after the defendants are served with a copy of the order.

(4) The clerk of the court shall provide the office of the administrator for the courts a copy of a prefiling order issued under subsection (1) of this section. The administrator for the courts shall maintain a record of vexatious litigants subject to the prefiling orders and shall annually disseminate a list of the persons to the clerks of the courts of this state.

NEW SECTION. Sec. 6. Sections 1 through 5 of this act are each added to chapter 4.24 RCW.

NEW SECTION. Sec. 7. Section 1 of this act applies to all actions for damages filed on or after July 1, 1996."

On page 1, line 2 of the title, after "suits;" strike the remainder of the title and insert "adding new sections to chapter 4.24 RCW; and creating a new section."

"Sec. 6. RCW 10.99.040 and 1995 c 246 s 23 are each amended to read as follows:

(1) Because of the serious nature of domestic violence, the court in domestic violence actions:

(a) Shall not dismiss any charge or delay disposition because of concurrent dissolution or other civil proceedings;

(b) Shall not require proof that either party is seeking a dissolution of marriage prior to instigation of criminal proceedings;

(c) Shall waive any requirement that the victim's location be disclosed to any person, other than the attorney of a criminal defendant, upon a showing that there is a possibility of further violence: PROVIDED, That the court may order a criminal defense attorney not to disclose to his or her client the victim's location; and

(d) Shall identify by any reasonable means on docket sheets those criminal actions arising from acts of domestic violence.

(2) Because of the likelihood of repeated violence directed at those who have been victims of domestic violence in the past, when any person charged with or arrested for a crime involving domestic violence is released from custody before arraignment or trial on bail or personal recognizance, the court authorizing the release may prohibit that person from having any contact with the victim. The jurisdiction authorizing the release shall determine whether that person should be prohibited from having any contact with the victim. If there is no outstanding restraining or protective order prohibiting that person from having contact with the victim, the court authorizing release may issue, by telephone, a no-contact order prohibiting the person charged or arrested from having contact with the victim. In issuing the order, the court shall consider the provisions of RCW 9.41.800. The no-contact order shall also be issued in writing as soon as possible.

(3) At the time of arraignment the court shall determine whether a no-contact order shall be issued or extended. If electronic monitoring is ordered, the court shall specify who shall provide the monitoring services, and the terms under which the monitoring shall be performed. Upon conviction, the court may require as a condition of the sentence that the defendant reimburse the providing agency for the costs of the electronic monitoring.

(4)(a) Willful violation of a court order issued under subsection (2) or (3) of this section is a (~~gross misdemeanor~~) class C felony punishable under chapter 9A.20 RCW. Upon conviction and in addition to other penalties provided by law, the court may require that the defendant submit to electronic monitoring. The court shall specify who shall provide the electronic monitoring services and the terms under which the monitoring must be performed. The court also may include a requirement that the defendant pay the costs of the monitoring. The court shall consider the ability of the convicted person to pay for electronic monitoring.

(b) (~~Any assault that is a violation of an order issued under this section and that does not amount to assault in the first or second degree under RCW 9A.36.011 or 9A.36.021 is a class C felony punishable under chapter 9A.20 RCW, and any conduct in violation of a protective order issued under this section that is reckless and creates a substantial risk of death or serious physical injury to another person is a class C felony punishable under chapter 9A.20 RCW.~~

(e)) The written order releasing the person charged or arrested shall contain the court's directives and shall bear the legend: "Violation of this order is a criminal offense under chapter 10.99 RCW and will subject a violator to arrest; any assault or reckless endangerment that is a violation of this order is a felony. You can be arrested even if any person protected by the order invites or allows you to violate the order's prohibitions. You have the sole responsibility to avoid or refrain from violating the order's provisions. Only the court can change the order." A certified copy of the order shall be provided to the victim. If a no-contact order has been issued prior to charging, that order shall expire at arraignment or within seventy-two hours if charges are not filed. Such orders need not be entered into the computer-based criminal intelligence information system in this state which is used by law enforcement agencies to list outstanding warrants.

(5) Whenever an order prohibiting contact is issued, modified, or terminated under subsection (2) or (3) of this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order the law enforcement agency shall forthwith enter the order for one year or until the expiration date specified on the order

#### "PART I LEGISLATIVE INTENT

#### **RESTORATION OF PARENTS' RIGHTS AND RESPONSIBILITIES**

**NEW SECTION. Sec. 1.** The legislature finds that there has been a gradual encroachment by the state into the fundamental rights of parents to exercise legitimate care, responsibility, and control over the upbringing of their children and the failure of government to adequately support the reasonable attempts of parents to train, discipline, and prepare their children to be productive, law-abiding citizens is destructive to the family unit and harmful to society.

The result of such interference and neglect is a breakdown in the traditional role of the family as the primary provider, protector, and promoter of the health, safety, and well-being of children and of the basic values and character traits essential for attaining individual liberty, fulfillment, and happiness.

This act is intended to ensure the rights of parents to rightfully manage and direct the affairs of their minor or dependent children, to ensure that government appropriately respects and reinforces those rights, and to ensure that parents meet the responsibilities inherent in bearing and raising young children. The legislature

recognizes that upholding the rights of parents is in the best interest of families and minor or dependent children of Washington state.

This act is also intended to assist parents in furthering the following important values: (1) Honesty, integrity, and trust; (2) respect for self and others; (3) responsibility for personal actions and commitments; (4) self-discipline and moderation; (5) diligence and a positive work ethic; (6) respect for law and authority; (7) healthy and constructive behavior; and (8) family as the basis of society.

Neither the state of Washington, nor its political subdivisions, should by any means, enact or enforce any policy that supersedes or infringes upon the rights of parents as recognized and protected by this act.

(5) Whenever disclosure is made pursuant to this section, except for subsections (2)(a) and (6) of this section, it shall be accompanied by a statement in writing which includes the following or substantially similar language: "This information has been disclosed to you from records whose confidentiality is protected by state law. State law prohibits you from making any further disclosure of it without the specific written consent of the person to whom it pertains, or as otherwise permitted by state law. A general authorization for the release of medical or other information is NOT sufficient for this purpose." An oral disclosure shall be accompanied or followed by such a notice within ten days.

(6) The requirements of this section shall not apply to the customary methods utilized for the exchange of medical information among health care providers in order to provide health care services to the patient, nor shall they apply within health care facilities where there is a need for access to confidential medical information to fulfill professional duties.

"The legislature finds there has been a gradual encroachment by the state into the fundamental rights of parents to exercise legitimate care, responsibility, and guidance over the upbringing of their children. The Legislature also finds that government's inability to adequately support reasonable attempts by parents to guide, discipline, and prepare their children for a productive, fulfilling life, is both a result and cause of the breakdown in the family unit and harmful to society.

The result is a breakdown in the traditional role of the family as the primary provider, protector, and promoter of the health, safety, and well-being of children and of the basic values and character traits essential for attaining individual liberty, fulfillment, and happiness.

This act is intended to ensure parents can rightfully guide and direct the affairs of their minor or dependent children. This act is also intended to ensure government appropriately respects and reinforces those rights, and to ensure parents meet the responsibilities inherent in bearing and raising young children. The legislature recognizes that upholding the rights of parents is in the best interest of the families and minor children of Washington state.

This act is also intended to assist parents in furthering the following important values: (1) Honesty, integrity, and trust; (2) respect for self and others; (3) responsibility for personal actions and commitments; (4) self-discipline and moderation; (5) diligence and a positive work ethic; (6) respect for law and authority; (7) healthy and constructive behavior; and (8) family as the basis of society.

Neither the state of Washington, nor its political subdivisions, should by any means, enact or enforce any policy that supersedes or infringes upon the abilities and the rights of parents as recognized and protected by this act."

The provider must notify the parent or guardian only if (a) the minor signs a written consent authorizing the disclosure, or (b) the consent of the minor's parent or guardian is unnecessary for the minor to receive treatment and the program or facility director determines that the minor lacks capacity to make a rational choice regarding consenting to disclosure. WHEREAS, George Washington's accomplishments and contributions as a native son of the original American Colonies, from Westmoreland, Virginia, were kindled and sparked by the original pioneering spirit; and

WHEREAS, George Washington was well-rounded in all endeavors perhaps best illustrated by his commitment to education, where building upon valued home tutoring by his mother, Mary Ball Washington, he finished his educational studies at the venerable institution of William and Mary College, Williamsburg, Virginia, of which he later became its first Chancellor; and

WHEREAS, George Washington's brave and principled leadership was indispensable in our nation's early bid for freedom as he valiantly served as the Commander-in-Chief of the Continental Army during the Revolutionary War, where challenges of every nature, from the cruel and unrelenting hardships faced and endured by the Continental Army at Valley Forge in 1777 to the predicament of overwhelming British forces, were compellingly vanquished by loyalty to cause, strength of purpose, nurture from the vision of the birth of a great and lasting nation and the unwavering assurance of the blessings of providence for those with the fortitude to fight for liberty, justice and freedom; and

WHEREAS, George Washington, following the triumphant victory of the Continental Army, continued his inspirational leadership and service to his countrymen by presiding over the Constitutional Convention in Philadelphia, Pennsylvania in 1787, wherein the greatest charter ever conceived and created was commissioned as the Constitution of the United States of America and later adopted and ratified by the several states to form the union of these great United States of America; and

WHEREAS, George Washington resolutely again answered the call of his countrymen by faithfully serving our nation as the first President of these great United States of America, thus ensuring the continued path of a nation born to secure the blessing of liberty and providence for posterity; and

WHEREAS, This great state of Washington, established in 1889, bears and honors the name of George Washington and the vignette of his likeness prominently and nobly displayed on the state seal;

WHEREAS, Abraham Lincoln's conduct, actions, and decisions were faithfully governed by an unerring and unwavering devotion to absolute personal and public integrity, acquiring the deserving nickname "Honest Abe"; and

WHEREAS, Abraham Lincoln unequivocally exemplified that freedom is the richest fountain of unlimited opportunity and limitless achievement, where from humble beginnings, being raised in a log cabin and learning the values and rewards of hard work as a young man splitting rails, he later achieved great stature from his selfless public service contributions as a member of the Illinois State Legislature, as a member of the bench in the Eighth Circuit, as a member of the United States Congress, and later as the President of these great United States of America; and

WHEREAS, Abraham Lincoln, as President of these great United States, was reverently guided by and understood that efforts and achievements of men and nations are only possible because of the grace and hand of providence, illustrated by his annual Proclamations of National Prayer Day, which humbly thanked the will of God for our nation's blessings, and by his own words inscribed on his memorial in our nation's capitol "That this nation, under God, shall have a new birth of freedom, and that government of the people, by the people, for the people, shall not perish from the earth"; and

WHEREAS, Abraham Lincoln demonstrated unimpeachable leadership and moral courage wherein in 1862 for the greater good of humanity he issued the famous Emancipation Proclamation Act, adopted by the United States Congress later that year, which ensured the opportunities of freedom for all persons without regard to race or color; and

WHEREAS, Abraham Lincoln, as President of these great United States of America after only one month, resolutely led our nation through the struggle of the Civil War, which although taking a great toll in human loss and suffering illuminated as a shining example that the foundations of a nation built upon justice and freedom will endure and vanquish any storm untarnished and vital for posterity; and

WHEREAS, Abraham Lincoln, with the cruel precision of an assassin's bullet, suffered an untimely death just five days after bringing the Civil War to a close, tragically ending a life which was committed to selfless public service and the noblest causes of justice, freedom, and liberty for all persons which enured innumerable benefits to these great United States;

WHEREAS, The Legislature, in all likelihood, will not be assembled in session on Monday, September 2, when our great land will next pay formal tribute to the working families of the state and nation;

(2) "Director" means the director of the department or his duly authorized representative.

(3) "Person" means a natural person, individual, or firm, partnership, corporation, company, society, and association, and every officer, agent, or employee thereof. This term shall import either the singular or plural, as the case may be.

(7) "Deceptive arrangement or display" of any horticultural plants or products, means any bulk lot or load, arrangement or display of such horticultural plants or products which has in the exposed surface, horticultural plants or products which are so superior in quality, size, condition, or any other respect to those which are concealed, or the unexposed portion, as to materially misrepresent any part of such bulk lot or load, arrangement, or display.

In establishing grades or classifications, the director shall take into account the factors of place of origin, whether the ginseng is wild or cultivated, weight, and date of harvest.

The director shall, by rule, require the registration of ginseng dealers who purchase and/or sell American ginseng for the purpose of foreign export. After determining that an applicant or registered ginseng dealer has violated this chapter and complying with the notice and hearing requirements and all other provisions of chapter 34.05 RCW concerning adjudicative proceedings, the director may deny, suspend, or revoke any dealer registration or application for registration issued under this chapter.

The director shall adopt rules requiring that records be maintained by dealers who purchase or sell American ginseng for the purpose of foreign export.

It is unlawful for a person to sell, offer for sale, hold for sale, or ship or transport American ginseng for foreign export in violation of this chapter or rules adopted under this chapter.

The department shall not disclose information obtained under this section regarding the purchases, sales, or production of an individual American ginseng dealer, except for providing reports to the United States fish and wildlife service. The labels or containers of such products compounded or manufactured to resemble or in semblance or imitation of genuine dairy products shall not use dairy terms or words or designs commonly associated with dairying or genuine dairy products, except as to the extent that such words or terms are necessary to meet legal requirements for labeling. The term "nondairy" may be used as an informative statement.

(3) By rule adopt the PMO, DMO, and supplemental documents by reference to establish requirements for grade A pasteurized and grade A raw milk.

(4) Adopt rules establishing standards for grade A pasteurized and grade A raw milk that are more stringent than the PMO based upon current industry or public health information for the enforcement of this chapter whenever he or she determines that any such rules are necessary to carry out the purposes of this section and RCW 15.36.481. The adoption of rules under this chapter, or the holding of a hearing in regard to a license issued or that may be issued under this chapter are subject to the applicable provisions of chapter 34.05 RCW, the administrative procedure act.

The firearms range account is hereby created in the state general fund. Moneys in the account shall be subject to legislative appropriation and shall be used for purchase and development of land, construction or improvement of range facilities, including fixed structure construction or remodeling, equipment purchase, safety or environmental improvements, noise abatement, and liability protection for public and nonprofit firearm range training and practice facilities.

Grant funds shall not be used for expendable shooting supplies, or normal operating expenses. Applicants for a grant from the firearms range account shall provide matching funds in either cash or in-kind contributions. The match must represent one dollar in value for each one dollar of the grant except that in the case of a grant for noise abatement or safety improvements the match must represent one dollar in value for each two dollars of the grant. In-kind contributions include but are not limited to labor, materials, and new property. Existing assets and existing development may not apply to the match.

Applicants other than school districts or local or state government must be registered as a nonprofit or not-for-profit organization with the Washington secretary of state (~~and the United States internal revenue service~~). The organization's articles of incorporation must contain provisions for the organization's structure, officers, legal address, and registered agent.

Organizations requesting grants must provide the hours of range availability for public and law enforcement use. The fee structure will be submitted with the grant application.

Any nonprofit organization or agency accepting a grant under this program will be required to pay back the entire grant amount to the firearms range account if the use of the range facility is discontinued less than ten years after the grant is accepted.

Entities receiving grants must make the facilities for which grant funding is received open for hunter safety education classes and firearm safety classes on a regular basis for no fee.

Government units or school districts applying for grants must open their range facility on a regular basis for hunter safety education classes and firearm safety classes.

The interagency committee for outdoor recreation shall adopt rules to implement chapter 195, Laws of 1990, pursuant to chapter 34.05 RCW."

The department will continue to implement a plan for assessing fees for services provided by the project. It is the intent of the legislature that the revenues raised to defray the expenditures of this program will be increased to fifty percent of the expenditures in fiscal year 1996 and seventy-five percent of the expenditures in fiscal year 1997. Beginning in fiscal year 1998, the legislature intends that this program will be fully self-supporting.

~~((18))~~ ~~(19)~~ \$4,804,000 of the public safety and education account appropriation is provided solely for contracts with qualified legal aid programs for civil indigent legal representation pursuant to RCW 43.08.260. It is the intent of the legislature to ensure that legal aid programs receiving funds appropriated in this act pursuant to RCW 43.08.260 comply with all applicable restrictions on use of

these funds. To this end, during the 1995-97 fiscal biennium the department shall monitor compliance with the authorizing legislation, shall oversee the implementation of this subsection, and shall report directly to the appropriations committee of the house of representatives and the ways and means committee of the senate.

(a) It is the intent of the legislature to improve communications between legal aid programs and persons affected by the activities of legal aid programs. There is established for the 1995-97 fiscal biennium a task force on agricultural interests/legal aid relations. The task force shall promote better understanding and cooperation between agricultural interests and legal aid programs and shall provide a forum for discussion of issues of common concern. The task force shall not involve itself in pending litigation.

(i) The task force shall consist of the following sixteen members: Four representatives of agricultural organizations, to be appointed by the legislator members; two individuals who represent the corresponding interests of legal clients, to be appointed by organizations designated by the three legal services programs; two representatives of Evergreen Legal Services, to be appointed by its board of directors; one representative each from Puget Sound Legal Assistance Foundation and Spokane Legal Services Center, each to be appointed by its directors; one member from each of the majority and minority caucuses of the house of representatives, to be appointed by the speaker of the house of representatives; one member from each of the majority and minority caucuses of the senate, to be appointed by the president of the senate; and two members of the supreme court-appointed access to justice board, to be appointed by the board. During fiscal year 1996, the task force shall be chaired by a legislative member, to be selected by the task force members. During fiscal year 1997, the committee shall be chaired by a nonlegislator member, to be selected by the task force members.

(ii) All costs associated with the meetings shall be borne by the individual task force members or by the organizations that the individuals represent. No task force member shall be eligible for reimbursement of expenses under RCW 43.03.050 or 43.03.060. Nothing in this subsection prevents the legal aid programs from using funds appropriated in this act to reimburse their representatives or the individuals representing legal clients.

(iii) The task force will meet at least four times during the first year of the biennium and as frequently as necessary thereafter at mutually agreed upon times and locations. Any member of the task force may place items on meeting agendas. Members present at the first two task force meetings shall agree upon a format for subsequent meetings.

(b) The legislature recognizes that farmworkers have the right to receive basic information and to consult with attorneys at farm labor camps without fear of intimidation or retaliation. It is the intent of the legislature and in the interest of the public to ensure the safety of all persons affected by legal aid programs' farm labor camp outreach activities. Legal aid program employees have the legal right to enter the common areas of a labor camp or to request permission of employees to enter their dwellings. Employees living in grower supplied housing have the right to refuse entry to anyone including attorneys unless they have a warrant. Individual employees living in employer supplied housing do not have the right to force legal aid program employees to leave common areas of housing (outside) as long as one person who resides in the associated dwellings wants that person to be there. Any legal aid program employee wishing to visit employees housed on grower property has the right to enter the driveway commonly used by the housing occupants. This means that if agricultural employees must use a grower's personal driveway to get to their housing, legal aid program employees also may use that driveway to access the housing without a warrant so long as at least some of the housing is occupied. When conducting outreach activities that involve entry onto labor camps, legal aid programs shall establish and abide by policies regarding conduct of outreach activities. The policies shall include a requirement that legal aid program employees identify themselves to persons whom they encounter at farm labor camps. The legal aid programs shall provide copies of their current outreach policies to known agricultural organizations and shall provide copies upon request to any owner of property on which farmworkers are housed. Legal aid program employees involved in outreach activities shall attempt to inform operators of licensed farm labor camps or their agents, and known grower organizations of the approximate time frame for outreach activities and shall cooperate with operators of farm labor camps at which farmworkers are housed in assuring compliance with all pertinent laws and ordinances, including those related to trespass and harassment. Employers who believe that Evergreen Legal Services Outreach Guidelines have been violated shall promptly provide all available information on the alleged violation to the director of Evergreen Legal Services and to the chair of the Task Force on Agricultural Interests/Legal Aid Relations. Evergreen Legal Services will

promptly investigate any alleged violations of the outreach guidelines and inform the complaining party of the result. If the resolution of the investigation is not satisfactory to the complainant, the matter shall be placed on the Task Force agenda for discussion at the next scheduled meeting. Employers who believe that Evergreen Legal Services staff members have trespassed should immediately contact local law enforcement authorities.

(c) It is the intent of the legislature to provide the greatest amount of legal services to the largest number of clients by discouraging inefficient use of state funding for indigent legal representation. To this end, it is the intent of the legislature that, prior to the commencement of litigation against any private employer relating to the terms and conditions of employment legal aid programs receiving funds appropriated in this act make good faith written demand for the requested relief, a good faith offer of settlement or an offer to submit to nonbinding arbitration prior to filing a lawsuit, unless the making of the offer is, in the opinion of the director of the legal services program or his/her designee, clearly prejudicial to: (i) The health, safety, or security of the client; or (ii) the timely availability of judicial relief. The director of the legal aid program may designate not more than two persons for purposes of making the determination of prejudice permitted by this section.

(d)(i) The legislature encourages legal aid programs to devote their state and nonstate funding to the basic, daily legal needs of indigent persons. No funds appropriated under this act may be used for legal representation and activities outside the scope of RCW 43.08.260.

(ii) No funds appropriated in this act may be used for lobbying as defined in RCW 43.08.260(3). Legal aid programs receiving funds appropriated in this act shall comply with all restrictions on lobbying contained in Federal Legal Services Corporation Act (P.L. 99-951) and regulations promulgated thereunder.

(e) No funds appropriated in this act may be used by legal aid programs for representation of undocumented aliens.

(f) The legislature recognizes the duty of legal aid programs to preserve inviolate and prevent the disclosure of, in the absence of knowing and voluntary client consent, client information protected by the United States Constitution, the Washington Constitution, the attorney-client privilege, or any applicable attorney rule of professional conduct. However, to the extent permitted by applicable law, legal aid programs receiving funds appropriated in this act shall, upon request, provide information on their activities to the department and to legislators for purposes of monitoring compliance with authorizing legislation and this subsection.

(g) Nothing in this subsection is intended to limit the authority of existing entities, including but not limited to the Washington state bar association, the public disclosure commission, and the Federal Legal Services Corporation, to resolve complaints or disputes within their jurisdiction.

(20) \$3,050,000 of the general fund--federal appropriation is provided solely to develop and operate housing for low-income farmworkers. The housing assistance program shall implement this initiative in consultation with the department of social and health services, the department of health, and the department of labor and industries.

shall be used to serve children that are on waiting lists to enroll in the federal headstart program or the state early childhood education and assistance program.

Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. (c) On the basis of full-time equivalent enrollment in:

(i) Vocational education programs approved by the superintendent of public instruction, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 18.3 full-time equivalent vocational students;

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent;

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2)(a), (b), and (d) through (h) of this section, there shall be provided a maximum of \$7,656 per certificated staff unit in the 1995-96 school year and a maximum of \$7,893 per certificated staff unit in the 1996-97 school year.

Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported state-wide for the 1994-95 school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(b) As used in this subsection, the column headings "BA+ (N)" refer to the number of credits earned since receiving the baccalaureate degree.

(c) For credits earned after the baccalaureate degree but before the masters degree, any credits in excess of forty-five credits may be counted after the masters degree. Thus, as used in this subsection, the column headings "MA+ (N)" refer to the total of:

(i) Credits earned since receiving the masters degree; and

(ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.

(5) For the purposes of this section:

(a) "BA" means a baccalaureate degree.

(b) "MA" means a masters degree.

(c) "PHD" means a doctorate degree.

(d) "Years of service" shall be calculated under the same rules used by the superintendent of public instruction for salary allocations in the 1994-95 school year.

(e) "Credits" means college quarter hour credits and equivalent in-service credits computed in accordance with RCW 28A.415.020 or as hereafter amended.

(6) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in this act, or any replacement schedules and documents, unless:

(a) The employee has a masters degree; or

(b) The credits were used in generating state salary allocations before January 1, 1992.

(7)(a) Credits earned by certificated instructional staff after September 1, 1995, shall be counted only if the content of the course: (i) Is consistent with the school district's strategic plan for improving student learning; (ii) is consistent with a school-based plan for improving student learning developed under section 520(2) of this act for the school in which the individual is assigned; (iii) pertains to the individual's current assignment or expected assignment for the following school year; (iv) is necessary for obtaining an endorsement as prescribed by the state board of education; (v) is specifically required for obtaining advanced levels of certification; or (vi) is included in a college or

university degree program that pertains to the individual's current assignment, or potential future assignment, as a certificated instructional staff.

(b) Once credits earned by certificated instructional staff have been determined to meet one or more of the criteria in (a) of this subsection, the credits shall be counted even if the individual transfers to other school districts.

(8) The salary allocation schedules established in this section are for allocation purposes only except as provided in RCW 28A.400.200(2).

TOTAL APPROPRIATION	\$ ((219,877,000))	<u>219,023,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) \$((218,748,000)) 217,894,000 is provided for cost of living adjustments of 4.0 percent effective September 1, 1995, for state-formula staff units. The appropriation includes associated incremental fringe benefit allocations (~~((for both years at rates 20.07 percent for certificated staff and 15.27 percent for classified staff))~~) for certificated staff at a rate of 20.07 percent both years of the biennium and for classified staff at rates of 15.27 percent for the 1995-96 school year and 15.31 percent for the 1996-97 school year.

(a) The appropriation in this section includes the increased portion of salaries and incremental fringe benefits for all relevant state funded school programs in PART V of this act. Salary adjustments for state employees in the office of superintendent of public instruction and the education reform program are provided in the Special Appropriations sections of this act. Increases for general apportionment (basic education) are based on the salary allocation schedules and methodology in section 503 of this act. Increases for special education result from increases in each district's basic education allocation per student. Increases for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in section 503 of this act.

(b) The appropriation in this section provides salary increase and incremental fringe benefit allocations for the following programs based on formula adjustments as follows:

(i) For pupil transportation, an increase of \$0.77 per weighted pupil-mile for the 1995-96 school year and maintained for the 1996-97 school year;

(ii) For learning assistance, an increase of \$11.24 per eligible student for the 1995-96 school year and maintained for the 1996-97 school year;

(2) The maintenance rate for insurance benefits shall be \$313.95 for the 1995-96 school year and \$314.51 for the 1996-97 school year. Funding for insurance benefits is included within appropriations made in other sections of Part V of this act.

(3) Effective September 1, 1995, a maximum of \$1,129,000 is provided for a 4 percent increase in the state allocation for substitute teachers in the general apportionment programs.

(4) The rates specified in this section are subject to revision each year by the legislature.

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriation includes such funds as are necessary for the remaining months of the 1994-95 school year.

(2) A maximum of \$1,347,000 may be expended for regional transportation coordinators and related activities. The transportation coordinators shall ensure that data submitted by school districts for state transportation funding shall, to the greatest extent practical, reflect the actual transportation activity of each district. The 1994 travel time to contiguous school district study shall be continued and a report submitted to the fiscal committees of the legislature by December 1, 1995.

(3) A maximum of \$40,000 is provided to complete the computerized state map project containing school bus routing information. This information and available data on school buildings shall be consolidated. Data formats shall be compatible with the geographic information system (GIS) and included insofar as possible in the GIS system.

(4) \$180,000 is provided solely for the transportation of students enrolled in "choice" programs. Transportation shall be limited to low-income students who are transferring to "choice" programs solely for educational reasons.

(5) Beginning with the 1995-96 school year, the superintendent of public instruction shall implement a state bid process for the purchase of school buses pursuant to Engrossed Substitute Senate Bill No. 5408.

(6) Of this appropriation, a maximum of \$((~~8,807,000~~)) 11,238,000 may be allocated in the 1995-96 school year ((~~and a maximum of \$8,894,000 may be allocated in the 1996-97 school year~~)) for hazardous walking conditions. The superintendent shall ensure that the conditions specified in RCW 28A.160.160(4) for state funding of hazardous walking conditions for any district are fully and strictly adhered to, and that no funds are allocated in any instance in which a district is not actively and to the greatest extent possible engaged in efforts to mitigate hazardous walking conditions.

(7) For the 1996-97 school year, a maximum of \$13,549,000 may be allocated for transportation services in accordance with Senate Bill No. 6684 (student safety to and from school). (8) The minimum load factor in the operations funding formula shall be calculated based on all students transported to and from school.

(9) For the 1996-97 school year, the superintendent of public instruction shall revise the expected bus lifetimes used for determining bus reimbursement payments in the following manner:

(a) The twenty-year bus category shall be reduced to eighteen years; and

(b) The fifteen-year bus category shall be reduced to thirteen years.

**Sec. 506.** 1995 2nd sp.s. c 18 s 508 (uncodified) is amended to read as follows:

**SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS**

General Fund--State Appropriation (FY 1996) \$ (( <del>380,179,000</del> ))	<u>379,771,000</u>
General Fund--State Appropriation (FY 1997) \$ (( <del>373,289,000</del> ))	<u>371,142,000</u>
General Fund--Federal Appropriation    \$ 98,684,000	
TOTAL APPROPRIATION    \$ (( <del>852,152,000</del> ))	<u>849,597,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) The general fund--state appropriation includes such funds as are necessary for the remaining months of the 1994-95 school year.

(2) In recognition of the need for increased flexibility at the local district level to facilitate the provision of appropriate education to children ((~~with disabilities~~)) in need of special education, and the

need for substantive educational reform for a significant portion of the school population, the funding formula for special education is modified. These changes result from a 1994 study and recommendations by the institute for public policy and the legislative budget committee, aided by the office of the superintendent of public instruction and the statewide task force for the development of special education funding alternatives. The new formula is for allocation purposes only and is not intended to prescribe or imply any particular pattern of special education service delivery other than that contained in a properly formulated, locally determined, individualized education program.

(3) The superintendent of public instruction shall distribute state funds to school districts based on two categories, the mandatory special education program for special education students ages three to twenty-one and the optional birth through age two program for developmentally delayed infants and toddlers. The superintendent shall review current state eligibility criteria for the fourteen special education categories and consider changes which would reduce assessment time and administrative costs associated with the special education program.

(4) For the 1995-96 and 1996-97 school years, the superintendent shall distribute state funds to each district based on the sum of:

(a) A district's annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, times the district's average basic education allocation per full-time equivalent student, times 1.15; and

(b) A district's annual average full-time equivalent basic education enrollment times the enrollment percent, times the district's average basic education allocation per full-time equivalent student times 0.9309.

(5) The definitions in this subsection apply throughout this section.

(a) "Average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 (i.e., 49/1000 certificated instructional staff in grades K-3, and 46/1000 in grades 4-12), and shall not include enhancements for K-3, secondary vocational education, or small schools.

(b) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(c) "Enrollment percent" shall mean the district's resident special education annual average enrollment including those students counted under the special education demonstration projects, excluding the birth through age two enrollment, as a percent of the district's annual average full-time equivalent basic education enrollment. For the 1995-96 and the 1996-97 school years, each district's enrollment percent shall be:

(i) For districts whose enrollment percent for 1994-95 was at or below 12.7 percent, the lesser of the district's actual enrollment percent for the school year for which the allocation is being determined or 12.7 percent.

(ii) For districts whose enrollment percent for 1994-95 was above 12.7 percent, the lesser of:

(A) The district's actual enrollment percent for the school year for which the special education allocation is being determined; or

(B) The district's actual enrollment percent for the school year immediately prior to the school year for which the special education allocation is being determined; or

(C) For 1995-96, the 1994-95 enrollment percent reduced by 25 percent of the difference between the district's 1994-95 enrollment percent and 12.7. For 1996-97, the 1994-95 enrollment percent reduced by 50 percent of the difference between the district's 1994-95 enrollment percent and 12.7.

(6) For interdistrict cooperatives of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be 12.7, and shall be calculated in the aggregate rather than individual district units. For purposes of subsection (5) of this section, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

~~((6))~~ (7) A minimum of \$4.5 million of the general fund--federal appropriation shall be expended for safety net funding to meet the extraordinary needs of individual special education students.

~~((7))~~ (8) From the general fund--state appropriation, \$14,600,000 is provided for the 1995-96 school year, and \$19,575,000 for the 1996-97 school year, for safety net purposes for districts with

demonstrable funding needs for special education beyond the combined amounts provided in subsection (4) of this section. The superintendent of public instruction shall, by rule, establish procedures and standards for allocation of safety net funds. In the 1995-96 school year, school districts shall submit their requests for safety net funds to the appropriate regional committee established by the superintendent of public instruction. Regional committees shall make recommendations to the state oversight committee for approval. For the 1996-97 school year, requests for safety net funds under this subsection shall be submitted to the state oversight committee. The following conditions and limitations shall be applicable to school districts requesting safety net funds:

(a) For a school district requesting state safety net funds due to special characteristics of the district and costs of providing services which differ significantly from the assumptions contained in the funding formula, the procedures and standards shall permit relief only if a district can demonstrate at a minimum that:

(i) Individualized education plans are appropriate and are properly and efficiently prepared and formulated;

(ii) The district is making a reasonable effort to provide appropriate program services for special education students utilizing state funds generated by the apportionment and special education funding formulas;

(iii) The district's programs are operated in a reasonably efficient manner and that the district has adopted a plan of action to contain or eliminate any unnecessary, duplicative, or inefficient practices;

(iv) Indirect costs charged to this program do not exceed the allowable percent for the federal special education program;

(v) Any available federal funds are insufficient to address the additional needs; and

(vi) The costs of any supplemental contracts are not charged to this program for purposes of making these determinations.

(b) For districts requesting safety net funds due to federal maintenance of effort requirements as a result of changes in the state special education funding formula, the procedures and standards shall permit relief only if a district can demonstrate at a minimum that:

(i) Individualized education plans are appropriate and are properly and efficiently prepared and formulated; and

(ii) The district is making a reasonable effort to provide appropriate program services for special education students utilizing state funds generated by the apportionment and special education funding formulas; ~~and~~

~~(iii) Calculations made in accordance with subsection (8) of this section with respect to state fund allocations justify a need for additional funds for compliance with federal maintenance of effort requirements).~~

(c) For districts requesting safety net funds due to federal maintenance of effort requirements as a result of changes in the state special education funding formula, amounts provided for this purpose shall be calculated by the superintendent of public instruction and adjusted periodically based on the most current information available to the superintendent. The amount provided shall not exceed the lesser of:

(i) The district's 1994-95 state excess cost allocation for resident special education students minus the relevant school year's state special education formula allocation;

(ii) The district's 1994-95 state excess cost allocation per resident special education student multiplied by the number of formula funded special education students for the relevant school year minus the relevant school year's special education formula allocation;

(iii) The amount requested by the district; or

(iv) The amount awarded by the state oversight committee.

~~((8))~~ (9)(a) For purposes of making safety net determinations pursuant to subsection ~~((7))~~ (8) of this section, the superintendent shall make available to each school district, from available data, prior to June 1st of each year:

(i) The district's 1994-95 enrollment percent;

(ii) For districts with a 1994-95 enrollment percent over 12.7 percent, the maximum 1995-96 enrollment percent, and prior to 1996-97 the maximum 1996-97 enrollment percent;

(iii) The estimate to be used for purposes of subsection ~~((7))~~ (8) of this section of each district's 1994-95 special education allocation showing the excess cost and the basic education portions; and

(iv) If necessary, a process for each district to estimate the 1995-96 school year excess cost allocation for special education and the portion of the basic education allocation formerly included in the special education allocation. This process may utilize the allocations generated pursuant to subsection (4) of this section, each district's 1994-95 estimated basic education backout percent for the 1994-95 school year, and state compensation increases for 1995-96.

(b) The superintendent, in consultation with the state auditor, shall take all necessary steps to successfully transition to the new formula and minimize paperwork at the district level associated with federal maintenance of effort calculations. The superintendent shall develop such rules and procedures as are necessary to implement this process (~~for the 1995-96 school year, and may use the same process for the 1996-97 school year if found necessary for federal maintenance of effort calculations~~).

~~((9))~~ (10) Prior to adopting any standards, procedures, or processes required to implement this section, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

~~((10))~~ (11) Membership of the regional committees, in the 1995-96 school year, may include, but not be limited to:

(a) A representative of the superintendent of public instruction;

(b) One or more representatives from school districts including board members, superintendents, special education directors, and business managers; and

(c) One or more staff from an educational service district.

~~((11))~~ (12) The state oversight committee appointed by the superintendent of public instruction shall consist of:

(a) Staff of the office of superintendent of public instruction;

(b) Staff of the office of the state auditor;

(c) Staff from the office of the financial management; and

(d) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

~~((12))~~ (13) The institute for public policy, in cooperation with the superintendent of public instruction, the office of financial management, and the fiscal committees of the legislature, shall evaluate the operation of the safety nets under subsections ~~((6))~~ (7) and ~~((7))~~ (8) of this section and shall prepare an interim report by December 15, 1995, and a final report on the first school year of operation by October 15, 1996.

~~((13))~~ (14) A maximum of \$678,000 may be expended from the general fund--state appropriation to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at Children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

~~((14))~~ (15) \$1,000,000 of the general fund--federal appropriation is provided solely for projects to provide special education students with appropriate job and independent living skills, including work experience where possible, to facilitate their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

~~((15))~~ (16) Not more than \$80,000 of the general fund--federal appropriation shall be expended for development of an inservice training program to identify students with dyslexia who may be in need of special education.

(17) A maximum of \$933,600 of the general fund--state appropriation in fiscal year 1996 and a maximum of \$933,600 of the general fund--state appropriation for fiscal year 1997 may be expended for state special education coordinators housed at each of the educational service districts. The appropriations in this section are subject to the following conditions and limitations:

(1)(a) The monthly contribution for insurance benefit premiums shall not exceed \$308.14 per eligible employee for fiscal year 1996, and \$308.96 for fiscal year 1997.

(b) The monthly contributions for the margin in the self-insured medical and dental plans and for the operating costs of the health care authority shall not exceed \$5.81 per eligible employee for fiscal year 1996, and \$5.55 for fiscal year 1997.

(c) Surplus moneys accruing to the public employees' and retirees' insurance account due to lower-than-projected insurance costs or due to employee waivers of coverage may not be reallocated by the health care authority to increase the actuarial value of public employee insurance plans, except as provided in (d) of this subsection. Such funds shall be held in reserve in the public employees' and retirees' insurance account and may not be expended without subsequent legislative authorization.

(d) In order to achieve the level of funding provided for health benefits, the public employees' benefits board may require employee premium co-payments, increase point-of-service cost sharing, and/or implement managed competition. Beginning July 1, 1996:

(i) The nine plans that, on a state-wide basis, are the lowest-cost shall be offered by the public employees' benefits board at no cost to eligible employees, their children, and their spouses.

(ii) In those areas of the state without access to any of the nine lowest-cost plans, the public employees' benefits board shall offer at least one plan at no cost to eligible employees, their children, and their spouses. The plans offered at no cost shall be plans for which the charge during fiscal year 1996 did not exceed \$20 for an employee, spouse, and children.

It is the intention of the legislature to require in the 1997-99 omnibus appropriations act the public employees' benefits board to make available a free plan to every eligible employee, child, and spouse.

(2) To facilitate the transfer of moneys from dedicated funds and accounts, the state treasurer is directed to transfer sufficient moneys from each dedicated fund or account to the special fund salary and insurance contribution increase revolving fund in accordance with schedules provided by the office of financial management.

(3) The health care authority, subject to the approval of the public employees' benefits board, shall provide subsidies for health benefit premiums to eligible retired or disabled public employees and school district employees who are eligible for parts A and B of medicare, pursuant to RCW 41.05.085. From July 1, 1995, through December 31, 1995, the subsidy shall be \$34.20 per month. From January 1, 1996, through December 31, 1996, the subsidy shall be \$36.77 per month. Starting January 1, 1997, the subsidy shall be \$39.52 per month.

(4) Technical colleges, school districts, and educational service districts shall remit to the health care authority for deposit in the public employees' and retirees' insurance account established in RCW 41.05.120:

(a) For each full-time employee, \$14.79 per month beginning October 1, 1995, and \$14.80 per month beginning September 1, 1996;

(b) For each part-time employee who, at the time of the remittance, is employed in an eligible position as defined in RCW 41.32.010 or 41.40.010 and is eligible for employer fringe benefit contributions for basic benefits, \$14.79 each month beginning October 1, 1995, and \$14.80 each month beginning September 1, 1996, prorated by the proportion of employer fringe benefit contributions for a full-time employee that the part-time employee receives.

The remittance requirements specified in this subsection shall not apply to employees of a technical college, school district, or educational service district who purchase insurance benefits through contracts with the health care authority.

(5) The salary and insurance increase revolving account appropriation includes funds sufficient to fund health benefits for ferry workers at the premium levels specified in subsection (1) of this section, consistent with the 1995-97 transportation appropriations act.

(6) Rates charged to school districts voluntarily purchasing employee benefits through the health care authority shall be equivalent to the actual insurance costs of benefits and administration costs for state and higher education employees except:

(a) The health care authority is authorized to reduce rates charged to school districts for up to 10,000 new subscribers by applying surplus funds accumulated in the public employees' and retirees'

insurance account. Rates may be reduced up to a maximum of \$10.93 per subscriber per month in fiscal year 1996 and a maximum of \$7.36 per subscriber per month in fiscal year 1997; and

(b) For employees who first begin receiving benefits through the health care authority after September 1, 1995, districts shall remit the additional costs of health care authority administration resulting from their enrollment. (1) The department of licensing shall charge original licensing fees and issue new plates appropriate to the use class.

(2) An inspection by the Washington state patrol is required to determine the correct identification number, and year or make if needed.

(3) The use class is the actual use of the vehicle, i.e. passenger car or truck.

(4) The make shall be listed as "KITV," and the series and body designation must describe what the vehicle looks like, i.e. 48 Bradley GT, 57 MG, and must include the word "replica."

(5) Upon payment of original licensing fees the department may license a kit vehicle under RCW 46.16.305(1) as a street rod if the vehicle is manufactured to have the same appearance as a similar vehicle manufactured before 1949.

SSB 6169 Prime Sponsor, Committee on Law & Justice: Amending the business corporation act.  
Reported by Committee on Law & Justice

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 23B.19.020 and 1989 c 165 s 198 are each amended to read as follows:  
The definitions in this section apply throughout this chapter.

(1) "Acquiring person" means a person or group of persons, other than the target corporation or a subsidiary of the target corporation, who beneficially owns ten percent or more of the outstanding voting shares of the target corporation. The term "acquiring person" does not include a person who (a) beneficially ~~((owns))~~ owned ten percent or more of the outstanding voting shares of the target corporation on March 23, 1988; (b) acquires its shares by gift, inheritance, or in a transaction in which no consideration is exchanged; ~~((or))~~ (c) exceeds the ten percent threshold as a result of action taken solely by the target corporation, such as redemption of shares, unless that person, by its own action, acquires additional shares of the target corporation; (d) beneficially was the owner of ten percent or more of the outstanding voting shares prior to the time the target corporation had a class of voting shares registered with the securities and exchange commission pursuant to section 12 or 15 of the exchange act; or (e) beneficially was the owner of ten percent or more of the outstanding voting shares prior to the time the target corporation amended its articles of incorporation to provide that the corporation shall be subject to the provisions of this chapter. An agent, bank, broker, nominee, or trustee for another person, if the other person is not an acquiring person, who acts in good faith and not for the purpose of circumventing this chapter, is not an acquiring person. For the purpose of determining whether a person is an acquiring person, the number of voting shares of the target corporation that are outstanding shall include shares beneficially owned by the person through

application of subsection (4) of this section, but shall not include any other unissued voting shares of the target corporation which may be issuable pursuant to any agreement, arrangement, or understanding; or upon exercise of conversion rights, warrants, or options; or otherwise.

(2) "Affiliate" means a person who directly or indirectly controls, or is controlled by, or is under common control with, a person.

(3) "Announcement date," when used in reference to any significant business transaction, means the date of the first public announcement of the final, definitive proposal for such a significant business transaction.

(4) "Associate" means (a) a domestic or foreign corporation or organization of which a person is an officer, director, member, or partner or in which a person performs a similar function; (b) a direct or indirect beneficial owner of ten percent or more of any class of equity securities of a person; (c) a trust or estate in which a person has a beneficial interest or as to which a person serves as trustee or in a similar fiduciary capacity; and (d) ~~((if having the same residence as a person, the person's relative, spouse, or spouse's relative))~~ the spouse or a parent or sibling of a person or a child, grandchild, sibling, parent, or spouse of any thereof, of a person or an individual having the same home as a person.

~~((4))~~ (5) "Beneficial ownership," when used with respect to any shares, means ownership by a person:

(a) Who, individually or with or through any of its affiliates or associates, beneficially owns such shares, directly or indirectly; or

(b) Who, individually or with or through any of its affiliates or associates, has (i) the right to acquire the shares, whether the right is exercisable immediately or only after the passage of time, pursuant to any agreement, arrangement, or understanding, whether or not in writing, or upon the exercise of conversion rights, exchange rights, warrants or options, or otherwise. A person is not the beneficial owner of shares tendered pursuant to a tender or exchange offer made by the person or any of the person's affiliates or associates until the tendered shares are accepted for purchase or exchange; or (ii) the right to vote the shares pursuant to any agreement, arrangement, or understanding, whether or not in writing. A person is not the beneficial owner of any shares under (b)(ii) of this subsection if the agreement, arrangement, or understanding to vote the shares arises solely from a revocable proxy or consent given in response to a proxy or consent solicitation made in accordance with the applicable rules and regulations under the exchange act and is not then reportable on schedule 13D under the exchange act, or any comparable or successor report; or

(c) Who has any agreement, arrangement, or understanding, whether or not in writing, for the purpose of acquiring, holding, voting, except voting pursuant to a revocable proxy or consent as described in (b)(ii) of this subsection, or disposing of the shares with any other person who beneficially owns, or whose affiliates or associates beneficially own, directly or indirectly, the shares.

~~((5))~~ (6) "Common shares" means any shares other than preferred shares.

(7) "Consummation date," with respect to any significant business transaction, means the date of consummation of such a significant business transaction, or, in the case of a significant business transaction as to which a shareholder vote is taken, the later of the business day prior to the vote or twenty days prior to the date of consummation of such a significant business transaction.

(8) "Control," "controlling," "controlled by," and "under common control with," means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting shares, by contract, or otherwise. A person's beneficial ownership of ten percent or more of a domestic or foreign corporation's outstanding voting shares shall create a rebuttable presumption that such person has control of such corporation. However, a person does not have control of a domestic or foreign corporation if the person holds voting shares, in good faith and not for the purpose of circumventing this chapter, as an agent, bank, broker, nominee, custodian, or trustee for one or more beneficial owners who do not individually or as a group have control of such corporation.

~~((6))~~ (9) "Domestic corporation" means an issuer of voting shares which is organized under chapter 23B.02 RCW or any predecessor provision.

(10) "Exchange act" means the federal securities exchange act of 1934, as amended.

~~((7))~~ (11) "Market value," in the case of property other than cash or shares, means the fair market value of the property on the date in question as determined by the board of directors of the target corporation in good faith.

~~((8))~~ (12) "Person" means an individual, domestic or foreign corporation, partnership, trust, unincorporated association, or other entity; an affiliate or associate of any such person; or any two or more persons acting as a partnership, syndicate, or other group for the purpose of acquiring, holding, or dispersing of securities of a domestic or foreign corporation.

~~((9))~~ (13) "Preferred shares" means any class or series of shares of a target corporation which under the bylaws or articles of incorporation of such a corporation is entitled to receive payment of dividends prior to any payment of dividends on some other class or series of shares, or is entitled in the event of any voluntary liquidation, dissolution, or winding up of the target corporation to receive payment or distribution of a preferential amount before any payments or distributions are received by some other class or series of shares.

(14) "Shares" means any:

(a) Shares or similar security, any certificate of interest, any participation in any profit sharing agreement, any voting trust certificate, or any certificate of deposit for shares; and

(b) Security convertible, with or without consideration, into shares, or any warrant, call, or other option or privilege of buying shares without being bound to do so, or any other security carrying any right to acquire, subscribe to, or purchase shares.

(15) "Significant business transaction" means:

(a) A merger, share exchange, or consolidation of a target corporation or a subsidiary of a target corporation with (i) an acquiring person, or (ii) any other domestic or foreign corporation which is, or after the merger, share exchange, or consolidation would be, an affiliate or associate of the acquiring person;

(b) A sale, lease, exchange, mortgage, pledge, transfer, or other disposition or encumbrance, whether in one transaction or a series of transactions, to or with an acquiring person or an affiliate or associate of an acquiring person of assets of a target corporation or a subsidiary of a target corporation (i) having an aggregate market value equal to five percent or more of the aggregate market value of all the assets, determined on a consolidated basis, of the target corporation, (ii) having an aggregate market value equal to five percent or more of the aggregate market value of all the outstanding shares of the target corporation, or (iii) representing five percent or more of the earning power or net income, determined on a consolidated basis, of the target corporation;

(c) The termination, while the corporation has an acquiring person and as a result of the acquiring person's acquisition of ten percent or more of the shares of the corporation, of five percent or more of the employees of the target corporation or its subsidiaries employed in this state, whether at one time or over the five-year period following the share acquisition ~~((date))~~ time. For the purposes of (c) of this subsection, a termination other than an employee's death or disability or bona fide voluntary retirement, transfer, resignation, termination for cause under applicable common law principles, or leave of absence shall be presumed to be a termination resulting from the acquiring person's acquisition of shares, which presumption ~~((may be rebutted by clear and convincing evidence))~~ is rebuttable. A bona fide voluntary transfer of employees between the target corporation and its subsidiaries or between its subsidiaries is not a termination for the purposes of (c) of this subsection;

(d) The issuance, transfer, or redemption by a target corporation or a subsidiary of a target corporation, whether in one transaction or a series of transactions, of shares or of options, warrants, or rights to acquire shares of a target corporation or a subsidiary of a target corporation to or beneficially owned by an acquiring person or an affiliate or associate of an acquiring person except pursuant to the exercise of warrants or rights to purchase shares offered, or a dividend, distribution, or redemption paid or made pro rata to, all shareholders or holders of options, warrants, or rights to acquire shares of the target corporation, and except for involuntary redemptions permitted by the target corporation's charter or by the law of this state or the state of incorporation;

(e) The ~~((adoption of a plan or proposal for the sale of assets,))~~ liquidation~~((;))~~ or dissolution of a target corporation proposed by, or pursuant to an agreement, arrangement, or understanding, whether or not in writing, with an acquiring person or an affiliate or associate of an acquiring person;

(f) A reclassification of securities, including, without limitation, any ~~((stock))~~ shares split, ~~((stock))~~ shares dividend, or other distribution of ~~((stock))~~ shares in respect of stock, or any reverse ~~((stock))~~ shares split, or recapitalization of a target corporation, or a merger or consolidation of a target corporation with a subsidiary of the target corporation, or any other transaction, whether or not with or into or otherwise involving an acquiring person, proposed by, or pursuant to an agreement, arrangement, or understanding, whether or not in writing, with an acquiring person or an affiliate or associate of an acquiring person, that has the effect, directly or indirectly, of increasing the

proportionate share of the outstanding shares of a class or series of voting shares or securities convertible into voting shares of a target corporation or a subsidiary of the target corporation that is directly or indirectly owned by an acquiring person or an affiliate or associate of an acquiring person, except as a result of immaterial changes due to fractional share adjustments; or

(g) A receipt by an acquiring person or an affiliate or associate of an acquiring person of the benefit, directly or indirectly, except proportionately as a shareholder of a target corporation, of loans, advances, guarantees, pledges, or other financial assistance or tax credits or other tax advantages provided by or through a target corporation;

~~(h) An agreement, contract, or other arrangement providing for any of the transactions in this subsection).~~

~~((10))~~ (16) "Share acquisition ~~((date))~~ time" means the ~~((date on))~~ time at which a person first becomes an acquiring person of a target corporation.

~~((11))~~ (17) "Subsidiary" means a domestic or foreign corporation that has a majority of its outstanding voting shares owned, directly or indirectly, by another domestic or foreign corporation.

~~((12))~~ (18) "Tangible assets" means tangible real and personal property of all kinds. It shall also include leasehold interests in tangible real and personal property.

~~((13))~~ (19) "Target corporation" means:

(a) Every domestic corporation ~~((organized under chapter 23B.02 RCW or any predecessor provision if, as of the share acquisition date, the corporation's principal executive office is located in the state and either a majority of the corporation's employees, together with those of its subsidiaries, are residents of the state or the corporation, together with its subsidiaries, employs more than one thousand residents of the state)), if:~~

(i) The corporation has a class of voting shares registered with the securities and exchange commission pursuant to section 12 or 15 of the exchange act; or

(ii) The corporation's articles of incorporation have been amended to provide that such a corporation shall be subject to the provisions of this chapter, if the corporation did not have a class of voting shares registered with the securities and exchange commission pursuant to section 12 or 15 of the exchange act on the effective date of that amendment; and

(b) Every foreign corporation required to have a certificate of authority to transact business in this state pursuant to chapter 23B.15 RCW, ~~if((, as of the share acquisition date)):~~

~~((iii))~~ (iv) A majority of the corporation's employees, together with those of its subsidiaries, are residents of the state or the corporation, together with its subsidiaries, employs more than one thousand residents of the state; and

~~((iv))~~ (v) A majority of the corporation's tangible assets, together with those of its subsidiaries, measured by market value, are located in the state or the corporation, together with its subsidiaries, has more than fifty million dollars' worth of tangible assets located in the state.

(2) The board is responsible for collection of loans made under subsection (1) of this section and shall exercise due diligence in such collection, maintaining all necessary records to insure that maximum repayments are made. Collection and servicing of loans under subsection (1) of this section shall be pursued using the full extent of the law, including wage garnishment if necessary, and shall be performed by entities approved for such servicing by the Washington student loan guaranty association or its successor agency. The board is responsible to forgive all or parts of such loans under the criteria established in subsection (1) of this section and shall maintain all necessary records of forgiven payments.

(3) Receipts from the payment of principal or interest or any other subsidies to which the board as lender is entitled, which are paid by or on behalf of borrowers under subsection (1) of this section, shall be deposited with the higher education coordinating board and shall be used to cover the costs of making the loans under subsection (1) of this section, maintaining necessary records, and making collections under subsection (2) of this section. The board shall maintain accurate records of these costs, and all receipts beyond those necessary to pay such costs shall be used to make loans to eligible students.

(4) Any funds not used to make loans, or to cover the cost of making loans or making collections, shall be placed in the state educational trust fund for needy or disadvantaged students.

(5) The board shall adopt necessary rules to implement this section."

SB 6253 Prime Sponsor, Smith: Revising the duties of the sentencing guidelines commission. Reported by Committee on Corrections

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 9.94A.040 and 1995 c 269 s 303 are each amended to read as follows:

(1) A sentencing guidelines commission is established as an agency of state government.

(2) The legislature finds that the commission, having accomplished its original statutory directive to implement this chapter, and having expertise in sentencing practice and policies, shall(; following a public hearing or hearings):

(a) ~~((Devise a series of recommended standard sentence ranges for all felony offenses and a system for determining which range of punishment applies to each offender based on the extent and nature of the offender's criminal history, if any;~~

~~(b) Devise recommended prosecuting standards in respect to charging of offenses and plea agreements; and~~

~~(c) Devise recommended standards to govern whether sentences are to be served consecutively or concurrently.~~

~~(3) Each of the commission's recommended standard sentence ranges shall include one or more of the following: Total confinement, partial confinement, community supervision, community service, and a fine.~~

~~(4) In devising the standard sentence ranges of total and partial confinement under this section, the commission is subject to the following limitations:~~

~~(a) If the maximum term in the range is one year or less, the minimum term in the range shall be no less than one third of the maximum term in the range, except that if the maximum term in the range is ninety days or less, the minimum term may be less than one third of the maximum;~~

~~(b) If the maximum term in the range is greater than one year, the minimum term in the range shall be no less than seventy five percent of the maximum term in the range; and~~

~~(c) The maximum term of confinement in a range may not exceed the statutory maximum for the crime as provided in RCW 9A.20.020.~~

~~(5) In carrying out its duties under subsection (2) of this section, the commission shall give consideration to the existing guidelines adopted by the association of superior court judges and the Washington association of prosecuting attorneys and the experience gained through use of those guidelines. The commission shall emphasize confinement for the violent offender and alternatives to total confinement for the nonviolent offender.~~

~~(6) This commission shall conduct a study to determine the capacity of correctional facilities and programs which are or will be available. While the commission need not consider such capacity in arriving at its recommendations, the commission shall project whether the implementation of its recommendations would result in exceeding such capacity. If the commission finds that this result would probably occur, then the commission shall prepare an additional list of standard sentences which shall be consistent with such capacity.~~

~~(7) The commission may) Evaluate state sentencing policy, to include whether the sentencing ranges and standards are consistent with and further:~~

~~(i) The purposes of this chapter as defined in RCW 9.94A.010; and~~

~~(ii) The intent of the legislature to emphasize confinement for the violent offender and alternatives to confinement for the nonviolent offender.~~

~~The commission shall provide the governor and the legislature with its evaluation and recommendations under this subsection not later than December 1, 1996, and every two years thereafter;~~

~~(b) Recommend to the legislature revisions or modifications to the standard sentence ranges, state sentencing policy, prosecuting standards, and other standards. If implementation of the revisions or modifications would result in exceeding the capacity of correctional facilities, then the commission shall accompany its recommendation with an additional list of standard sentence ranges which are consistent with correction capacity((-);~~

~~((8) The commission shall) (c) Study the existing criminal code and from time to time make recommendations to the legislature for modification((-);~~

~~((9) The commission may (a)) (d)(i) Serve as a clearinghouse and information center for the collection, preparation, analysis, and dissemination of information on state and local adult and juvenile sentencing practices; ((b)) (ii) develop and maintain a computerized adult and juvenile sentencing information system by individual superior court judge consisting of offender, offense, history, and sentence information entered from judgment and sentence forms for all adult felons; and ((e)) (iii) conduct ongoing research regarding adult and juvenile sentencing guidelines, use of total confinement and alternatives to total confinement, plea bargaining, and other matters relating to the improvement of the adult criminal justice system((-) and the juvenile justice system;~~

~~((10) The staff and executive officer of the commission may provide staffing and services to the juvenile disposition standards commission, if authorized by RCW 13.40.025 and 13.40.027. The commission may conduct joint meetings with the juvenile disposition standards commission.~~

~~(11) The commission shall) (e) Assume the powers and duties of the juvenile disposition standards commission after June 30, ((1997-)) 1996;~~

~~((12)) (f) Evaluate the effectiveness of existing disposition standards and related statutes in implementing policies set forth in RCW 13.40.010 generally, specifically review the guidelines relating~~

to the confinement of minor and first offenders as well as the use of diversion, and review the application of current and proposed juvenile sentencing standards and guidelines for potential adverse impacts on the sentencing outcomes of racial and ethnic minority youth;

(g) Solicit the comments and suggestions of the juvenile justice community concerning disposition standards, and make recommendations to the legislature regarding revisions or modifications of the standards in accordance with section 2 of this act. The evaluations shall be submitted to the legislature on December 1 of each odd-numbered year. The department of social and health services shall provide the commission with available data concerning the implementation of the disposition standards and related statutes and their effect on the performance of the department's responsibilities relating to juvenile offenders, and with recommendations for modification of the disposition standards. The office of the administrator for the courts shall provide the commission with available data on diversion and dispositions of juvenile offenders under chapter 13.40 RCW; and

(h) Not later than December 1, 1997, and at least every two years thereafter, based on available information, report to the governor and the legislature on:

(i) Racial disproportionality in juvenile and adult sentencing;

(ii) The capacity of state and local juvenile and adult facilities and resources; and

(iii) Recidivism information on adult and juvenile offenders.

(3) Each of the commission's recommended standard sentence ranges shall include one or more of the following: Total confinement, partial confinement, community supervision, community service, and a fine.

(4) The standard sentence ranges of total and partial confinement under this chapter are subject to the following limitations:

(a) If the maximum term in the range is one year or less, the minimum term in the range shall be no less than one-third of the maximum term in the range, except that if the maximum term in the range is ninety days or less, the minimum term may be less than one-third of the maximum;

(b) If the maximum term in the range is greater than one year, the minimum term in the range shall be no less than seventy-five percent of the maximum term in the range; and

(c) The maximum term of confinement in a range may not exceed the statutory maximum for the crime as provided in RCW 9A.20.021.

(5) The commission shall exercise its duties under this section in conformity with chapter 34.05 RCW.

**NEW SECTION. Sec. 2.** A new section is added to chapter 9.94A RCW to read as follows:

(1) The sentencing guidelines commission shall recommend to the legislature no later than December 1, 1996, disposition standards for all offenses subject to the juvenile justice act, chapter 13.40 RCW.

(2) The standards shall establish, in accordance with the purposes of chapter 13.40 RCW, ranges that may include terms of confinement and/or community supervision established on the basis of the current offense and the history and seriousness of previous offenses, but in no case may the period of confinement and supervision exceed that to which an adult may be subjected for the same offense or offenses.

(3) Standards recommended for offenders listed in RCW 13.40.020(1) shall include a range of confinement that may not be less than thirty days. No standard range may include a period of confinement that includes both more than thirty, and thirty or fewer, days. Disposition standards recommended by the commission shall provide that in all cases where a youth is sentenced to a term of confinement in excess of thirty days the department may impose an additional period of parole.

(4) Standards of confinement that may be proposed may relate only to the length of the proposed terms and not to the nature of the security to be imposed.

(5) The commission's recommendations for the disposition standards shall result in a simplified sentencing system. In setting the new standards, the commission shall focus on the need to protect public safety by emphasizing punishment, deterrence, and confinement for violent and repeat offenders. The seriousness of the offense shall be the most important factor in determining the length of confinement, while the offender's age and criminal history shall count as contributing factors. The commission shall increase judicial flexibility and discretion by broadening standard ranges of confinement. The commission shall provide for the use of basic training camp programs. Alternatives to total confinement shall be considered for nonviolent offenders.

(6) In setting new standards, the commission must also study the feasibility of creating a disposition option allowing a court to order minor/first or middle offenders into inpatient substance abuse treatment. To determine the feasibility of that option, the commission must review the number of existing beds and funding available through private, county, state, or federal resources, criteria for eligibility for funding, competing avenues of access to those beds, the current system's method of prioritizing the needs for limited bed space, the average length of stay in inpatient treatment, the costs of that treatment, and the cost-effectiveness of inpatient treatment compared to outpatient treatment.

(7) In setting new standards, the commission must also recommend disposition and institutional options for serious or chronic offenders between the ages of fifteen and twenty-five who currently must either be released from juvenile court jurisdiction at age twenty-one or who are prosecuted as adults because the juvenile system is inadequate to address the seriousness of their crimes, their rehabilitation needs, or public safety. One option must include development of a youthful offender disposition option that combines adult criminal sentencing guidelines and juvenile disposition standards and addresses: (a) Whether youthful offenders would be under jurisdiction of the department of corrections or the department of social and health services; (b) whether current age restrictions on juvenile court jurisdiction would be modified; and (c) whether the department of social and health services or the department of corrections would provide institutional and community correctional services. The option must also recommend an implementation timeline and plan, identify funding and capital construction or improvement options to provide separate facilities for youthful offenders, and identify short and long-term fiscal impacts.

(8) In developing the new standards, the commission must review disposition options in other states and consult with interested parties including superior court judges, prosecutors, defense attorneys, juvenile court administrators, victims' advocates, the department of corrections and the department of social and health services, and members of the legislature.

(9) The commission shall consider whether juveniles prosecuted under the juvenile justice system for committing violent, sex, or repeated property offenses should be automatically prosecuted as adults when their term of confinement under the adult sentencing system is longer than their term of confinement under the juvenile system. The commission shall consider the option of allowing the prosecutor to determine in which system the juvenile should be prosecuted based on the anticipated length of confinement in both systems if the court imposes an exceptional sentence or manifest injustice above the standard range as requested by the prosecutor.

**Sec. 3.** RCW 9.94A.060 and 1993 c 11 s 1 are each amended to read as follows:

(1) The commission consists of (~~sixteen~~) twenty voting members, one of whom the governor shall designate as chairperson. With the exception of ex officio voting members, the voting members of the commission shall be appointed by the governor, subject to confirmation by the senate.

(2) The voting membership consists of the following:

(j) One person who is an elected official of a county government, other than a prosecuting attorney or sheriff;

(k) One person who is an elected official of a city government;

(l) One person who is an administrator of juvenile court services.

In making the appointments, the governor shall endeavor to assure that the commission membership includes adequate representation and expertise relating to both the adult criminal justice

system and the juvenile justice system. In making the appointments, the governor shall seek the recommendations of Washington prosecutors in respect to the prosecuting attorney members, of the Washington state bar association in respect to the defense attorney members, of the association of superior court judges in respect to the members who are judges, ((and)) of the Washington association of sheriffs and police chiefs in respect to the member who is a law enforcement officer, of the Washington state association of counties in respect to the member who is a county official, of the association of Washington cities in respect to the member who is a city official, of the office of crime victims advocacy and other organizations of crime victims in respect to the member who is a victim of crime or a crime victims' advocate, and of the Washington association of juvenile court administrators in respect to the member who is an administrator of juvenile court services.

(3)(a) All voting members of the commission, except ex officio voting members, shall serve terms of three years and until their successors are appointed and confirmed. ~~((However, the governor shall stagger the terms by appointing four of the initial members for terms of one year, four for terms of two years, and four for terms of three years.))~~

(b) The governor shall stagger the terms of the members appointed under subsection (2)(j), (k), and (l) of this section by appointing one of them for a term of one year, one for a term of two years, and one for a term of three years.

(4) The speaker of the house of representatives and the president of the senate may each appoint two nonvoting members to the commission, one from each of the two largest caucuses in each house. The members so appointed shall serve two-year terms, or until they cease to be members of the house from which they were appointed, whichever occurs first.

(5) The members of the commission shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060. Legislative members shall be reimbursed by their respective houses as provided under RCW 44.04.120, as now existing or hereafter amended. Members shall be compensated in accordance with RCW 43.03.250.

**Sec. 4.** RCW 13.40.025 and 1995 c 269 s 302 are each amended to read as follows:

(1) There is established a juvenile disposition standards commission to propose disposition standards to the legislature in accordance with RCW 13.40.030 and perform the other responsibilities set forth in this chapter.

In making the appointments, the governor shall seek the recommendations of the association of superior court judges in respect to the member who is a superior court judge; of Washington prosecutors in respect to the prosecuting attorney or deputy prosecuting attorney member; of the Washington association of sheriffs and police chiefs in respect to the member who is a law enforcement officer; of juvenile court administrators in respect to the member who is a juvenile court administrator; and of the state bar association in respect to the public defender member; and of the Washington association of counties in respect to the member who is either a county legislative official or county executive.

(3) The secretary or the secretary's designee shall serve as chairman of the commission.

(4) The secretary shall serve on the commission during the secretary's tenure as secretary of the department. The term of the remaining members of the commission shall be three years. The initial terms shall be determined by lot conducted at the commission's first meeting as follows: (a) Four members shall serve a two-year term; and (b) four members shall serve a three-year term. In the event of a vacancy, the appointing authority shall designate a new member to complete the remainder of the unexpired term.

(5) Commission members shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060. Members shall be compensated in accordance with RCW 43.03.240.

(6) The commission shall cease to exist on June 30, ~~((1997))~~ 1996, and its powers and duties shall be transferred to the sentencing guidelines commission established under RCW 9.94A.040.

**Sec. 5.** RCW 13.40.030 and 1989 c 407 s 3 are each amended to read as follows:

~~(1)((a) The juvenile disposition standards commission shall recommend to the legislature no later than November 1st of each year disposition standards for all offenses. The standards shall establish, in accordance with the purposes of this chapter, ranges which may include terms of confinement and/or community supervision established on the basis of a youth's age, the instant offense, and the history and seriousness of previous offenses, but in no case may the period of confinement and supervision exceed that to which an adult may be subjected for the same offense(s). Standards recommended for offenders listed in RCW 13.40.020(1) shall include a range of confinement which may not be less than thirty days. No standard range may include a period of confinement which includes both more than thirty, and thirty or less, days. Disposition standards recommended by the commission shall provide that in all cases where a youth is sentenced to a term of confinement in excess of thirty days the department may impose an additional period of parole not to exceed eighteen months. Standards of confinement which may be proposed may relate only to the length of the proposed terms and not to the nature of the security to be imposed. In developing recommended disposition standards, the commission shall consider the capacity of the state juvenile facilities and the projected impact of the proposed standards on that capacity.~~

~~(b))~~ The secretary shall submit guidelines pertaining to the nature of the security to be imposed on youth placed in his or her custody based on the age, offense(s), and criminal history of the juvenile offender. Such guidelines shall be submitted to the legislature for its review no later than November 1st of each year. At the same time the secretary shall submit a report on security at juvenile facilities during the preceding year. The report shall include the number of escapes from each juvenile facility, the most serious offense for which each escapee had been confined, the number and nature of offenses found to have been committed by juveniles while on escape status, the number of authorized leaves granted, the number of failures to comply with leave requirements, the number and nature of offenses committed while on leave, and the number and nature of offenses committed by juveniles while in the community on minimum security status; to the extent this information is available to the secretary. The department shall include security status definitions in the security guidelines it submits to the legislature pursuant to this section.

~~(2) ((In developing recommendations for))~~ The permissible ranges of confinement ~~((under this section the commission shall be))~~ resulting from a finding of manifest injustice under RCW 13.40.037 are subject to the following limitations:

(a) Where the maximum term in the range is ninety days or less, the minimum term in the range may be no less than fifty percent of the maximum term in the range;

(b) Where the maximum term in the range is greater than ninety days but not greater than one year, the minimum term in the range may be no less than seventy-five percent of the maximum term in the range; and

(c) Where the maximum term in the range is more than one year, the minimum term in the range may be no less than eighty percent of the maximum term in the range.

**Sec. 6.** RCW 13.50.010 and 1994 sp.s. c 7 s 541 are each amended to read as follows:

(1) For purposes of this chapter:

(a) "Juvenile justice or care agency" means any of the following: Police, diversion units, court, prosecuting attorney, defense attorney, detention center, attorney general, the department of social and health services and its contracting agencies, schools; and, in addition, persons or public or private agencies having children committed to their custody;

(b) "Official juvenile court file" means the legal file of the juvenile court containing the petition or information, motions, memorandums, briefs, findings of the court, and court orders;

(3) It is the duty of any juvenile justice or care agency to maintain accurate records. To this end:

(a) The agency may never knowingly record inaccurate information. Any information in records maintained by the department of social and health services relating to a petition filed pursuant

to chapter 13.34 RCW that is found by the court, upon proof presented, to be false or inaccurate shall be corrected or expunged from such records by the agency;

(b) An agency shall take reasonable steps to assure the security of its records and prevent tampering with them; and

(c) An agency shall make reasonable efforts to insure the completeness of its records, including action taken by other agencies with respect to matters in its files.

(5) Any person who has reasonable cause to believe information concerning that person is included in the records of a juvenile justice or care agency and who has been denied access to those records by the agency may make a motion to the court for an order authorizing that person to inspect the juvenile justice or care agency record concerning that person. The court shall grant the motion to examine records unless it finds that in the interests of justice or in the best interests of the juvenile the records or parts of them should remain confidential.

(6) A juvenile, or his or her parents, or any person who has reasonable cause to believe information concerning that person is included in the records of a juvenile justice or care agency may make a motion to the court challenging the accuracy of any information concerning the moving party in the record or challenging the continued possession of the record by the agency. SSB 6379 Prime Sponsor, Committee on Higher Education: Expanding the definition of "training system" for purposes of work force training and education. Reported by Committee on Higher Education

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 28C.18.005 and 1991 c 238 s 1 are each amended to read as follows:

The legislature finds that the state's system of work force training and education is inadequate for meeting the needs of the state's workers, employers, and economy. A growing shortage of skilled workers is already hurting the state's economy. There is a shortage of available workers and too often prospective employees lack the skills and training needed by employers. Moreover, with demographic changes in the state's population employers will need to employ a more culturally diverse work force in the future.

The legislature further finds that the state's current work force training and education system is fragmented among numerous agencies, councils, boards, and committees, with inadequate overall coordination. No comprehensive strategic plan guides the different parts of the system. There is no single point of leadership and responsibility. There is insufficient guidance from employers and workers built into the system to ensure that the system is responsive to the needs of its customers. Adult work force education lacks a uniform system of governance, with an inefficient division in governance between community colleges and vocational technical institutes, and inadequate local authority. The parts of the system providing adult basic skills and literacy education are especially uncoordinated and lack sufficient visibility to adequately address the needs of the large number of

adults in the state who are functionally illiterate. The work force training and education system's data and evaluation methods are inconsistent and unable to provide adequate information for determining how well the system is performing on a regular basis so that the system may be held accountable for the outcomes it produces. Much of the work force training and education system provides inadequate opportunities to meet the needs of people from culturally diverse backgrounds. Finally, our public and private educational institutions are not producing the number of people educated in vocational/technical skills needed by employers.

The legislature recognizes that we must make certain that our public and private institutions of education place appropriate emphasis on the needs of employers and on the needs of the approximately eighty percent of our young people who enter the world of work without completing a four-year program of higher education. We must make our work force education and training system better coordinated, more efficient, more responsive to the needs of business and workers and local communities, more accountable for its performance, and more open to the needs of a culturally diverse population.

**Sec. 2.** RCW 28C.18.010 and 1991 c 238 s 2 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this title.

(1) "Board" means the work force training and education coordinating board.

(2) "Director" means the director of the work force training and education coordinating board.

(3) "Training system" means programs and courses of secondary vocational education, technical college programs and courses, community college vocational programs and courses, private career school and college programs and courses, employer-sponsored training, adult basic education programs and courses, programs and courses funded by the job training partnership act, programs and courses funded by the federal vocational act, programs and courses funded under the federal adult education act, publicly funded programs and courses for adult literacy education, and apprenticeships, and programs and courses offered by private and public nonprofit organizations that are representative of communities or significant segments of communities and provide job training or adult literacy services.

(4) "Work force skills" means skills developed through applied learning that strengthen and reinforce an individual's academic knowledge, critical thinking, problem solving, and work ethic and, thereby, develop the employability, occupational skills, and management of home and work responsibilities necessary for economic independence.

(5) "Vocational education" means organized educational programs offering a sequence of courses which are directly related to the preparation or retraining of individuals in paid or unpaid employment in current or emerging occupations requiring other than a baccalaureate or advanced degree. Such programs shall include competency-based applied learning which contributes to an individual's academic knowledge, higher-order reasoning, and problem-solving skills, work attitudes, general employability skills, and the occupational-specific skills necessary for economic independence as a productive and contributing member of society. Such term also includes applied technology education.

(6) "Adult basic education" means instruction designed to achieve mastery of skills in reading, writing, oral communication, and computation at a level sufficient to allow the individual to function effectively as a parent, worker, and citizen in the United States, commensurate with that individual's actual ability level, and includes English as a second language and preparation and testing service for the general education development exam.

Every five years administer scientifically based net-impact and cost-benefit evaluations of the state training system.

(11) In cooperation with the employment security department, provide for the improvement and maintenance of quality and utility in occupational information and forecasts for use in training system planning and evaluation. SSB 6533 Prime Sponsor, Committee on Natural Resources: Authorizing raffles for hunting of game animals. Reported by Committee on Natural Resources

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that it is in the best interest of recreational hunters to provide them with the variety of hunting opportunities provided by auctions and raffles. Raffles provide an affordable opportunity for most hunters to participate in special hunts for big game animals and wild turkeys. The legislature also finds that wildlife management and recreation are not adequately funded and that such auctions and raffles can increase revenues to improve wildlife management and recreation.

**Sec. 2.** RCW 9.46.010 and 1994 c 218 s 2 are each amended to read as follows:

The public policy of the state of Washington on gambling is to keep the criminal element out of gambling and to promote the social welfare of the people by limiting the nature and scope of gambling activities and by strict regulation and control.

It is hereby declared to be the policy of the legislature, recognizing the close relationship between professional gambling and organized crime, to restrain all persons from seeking profit from professional gambling activities in this state; to restrain all persons from patronizing such professional gambling activities; to safeguard the public against the evils induced by common gamblers and common gambling houses engaged in professional gambling; and at the same time, both to preserve the freedom of the press and to avoid restricting participation by individuals in activities and social pastimes, which activities and social pastimes are more for amusement rather than for profit, do not maliciously affect the public, and do not breach the peace.

The legislature further declares that the raising of funds for the promotion of bona fide charitable or nonprofit organizations is in the public interest as is participation in such activities and social pastimes as are hereinafter in this chapter authorized.

The legislature further declares that the conducting of bingo, raffles, and amusement games and the operation of punch boards, pull-tabs, card games and other social pastimes, when conducted pursuant to the provisions of this chapter and any rules and regulations adopted pursuant thereto, are hereby authorized, as are only such lotteries for which no valuable consideration has been paid or agreed to be paid as hereinafter in this chapter provided.

The legislature further declares that fishing derbies shall not constitute any form of gambling and shall not be considered as a lottery, a raffle, or an amusement game and shall not be subject to the provisions of this chapter or any rules and regulations adopted hereunder.

The legislature further declares that raffles authorized by the fish and wildlife commission involving hunting big game animals or wild turkeys shall not be subject to the provisions of this chapter or any rules and regulations adopted hereunder, with the exception of this section and section 3 of this act.

All factors incident to the activities authorized in this chapter shall be closely controlled, and the provisions of this chapter shall be liberally construed to achieve such end.

**NEW SECTION. Sec. 3.** A new section is added to chapter 9.46 RCW to read as follows:

Any raffle authorized by the fish and wildlife commission involving hunting big game animals or wild turkeys shall not be subject to any provisions of this chapter other than RCW 9.46.010 and this section or to any rules or regulations of the gambling commission.

**NEW SECTION. Sec. 4.** A new section is added to chapter 77.08 RCW to read as follows:

"Raffle," as used in this title, means an activity in which tickets bearing an individual number are sold for not more than twenty-five dollars each and in which a permit or permits are awarded to hunt or for access to hunt big game animals or wild turkeys on the basis of a drawing from the tickets by the person or persons conducting the raffle.

**NEW SECTION. Sec. 5.** A new section is added to chapter 77.12 RCW to read as follows:

(1) The commission in consultation with the director may authorize hunting of big game animals and wild turkeys through auction. The department may conduct the auction for the hunt or contract with a nonprofit wildlife conservation organization to conduct the auction for the hunt.

(2) The commission in consultation with the director may authorize hunting of up to a total of fifteen big game animals and wild turkeys per year through raffle. The department may conduct raffles or contract with a nonprofit wildlife conservation organization to conduct raffles for hunting these animals. In consultation with the gambling commission, the director may adopt rules for the implementation of raffles involving hunting.

(3) The director shall establish the procedures for the hunts, which shall require any participants to obtain any required license, permit, or tag. Representatives of the department may participate in the hunt upon the request of the commission to ensure that the animals to be killed are properly identified.

(4) After deducting the expenses of conducting an auction or raffle, any revenues retained by a nonprofit organization, as specified under contract with the department, shall be devoted solely for wildlife conservation, consistent with its qualification as a bona fide nonprofit organization for wildlife conservation.

(5) The department's share of revenues from auctions and raffles shall be deposited in the state wildlife fund. The revenues shall be used to improve the habitat, health, and welfare of the species auctioned or raffled and shall supplement, rather than replace, other funds budgeted for management of that species. The commission may solicit input from groups or individuals with special interest in and expertise on a species in determining how to use these revenues.

(6) A nonprofit wildlife conservation organization may petition the commission to authorize an auction or raffle for a special hunt for big game animals and wild turkeys.

**NEW SECTION. Sec. 6.** A new section is added to chapter 77.12 RCW to read as follows:

If a private entity has a private lands wildlife management area agreement in effect with the department, the commission may authorize the private entity to conduct raffles for access to hunt for big game animals and wild turkeys to meet the conditions of the agreement. The private entity shall comply with all applicable rules adopted under section 5 of this act for the implementation of raffles; however, raffle hunts conducted pursuant to this section shall not be counted toward the number of raffle hunts the commission may authorize under section 5 of this act. The director shall establish the procedures for the hunts, which shall require any participants to obtain any required license, permit, or tag. Representatives of the department may participate in the hunt upon the request of the commission to ensure that the animals to be killed are properly identified.

**Sec. 7.** RCW 77.12.170 and 1989 c 314 s 4 are each amended to read as follows:

(1) There is established in the state treasury the state wildlife fund which consists of moneys received from:

- (a) Rentals or concessions of the department;
- (b) The sale of real or personal property held for department purposes;
- (c) The sale of licenses, permits, tags, stamps, and punchcards required by this title;

SCR 8428 Prime Sponsor, Bauer: Approving recommendations of the 1996 higher education master plan. Reported by Committee on Higher Education

MAJORITY recommendation: Do pass with the following amendment:

Beginning on page 1, line 1, strike all material through "Board." on page 4, line 18, and insert the following:

"WHEREAS, Chapter 370, Laws of 1985, created the Washington Higher Education Coordinating Board to plan, coordinate, and provide policy analysis for higher education and to represent the broad public interest above the interest of individual colleges and universities; and

WHEREAS, Section 4, chapter 370, Laws of 1985, requires the board to prepare and update a master plan for higher education and requires the Legislature, by concurrent resolution, to "approve or recommend changes" to the master plan and its subsequent updates; and

WHEREAS, The provisions of the master plan that are approved by the Legislature become state higher education policy unless legislation is enacted to revise those policies; and

WHEREAS, The Washington Higher Education Coordinating Board submitted the initial master plan to the Legislature for approval in December 1987, and submitted updates to the plan in December 1992 and January 1996; and

WHEREAS, During the most recent process used to update the plan, the board, through a public opinion survey and public meetings, learned that Washington residents have high expectations for the postsecondary system including accountability, quality, and a high level of access for themselves and their children; and

WHEREAS, The board reported that Washington's public and private colleges, universities, and career schools would need to provide opportunities for a minimum of an additional 84,100 full-time equivalent students in the year 2010, if Washington is to provide its residents the education and training necessary to keep pace with the demands of an ever-changing world; and

WHEREAS, The board has identified the areas where potential solutions to the access challenge may lie and recognized that, in this era of rapid change, many questions must be addressed to clarify the role that each area may play in defining solutions to the access challenge; and

WHEREAS, The board challenged itself, the students, the institutions, and the Legislature to each accept its individual responsibilities and to collaborate in the development of potential solutions; and

WHEREAS, The Legislature and the Washington Higher Education Coordinating Board recognize that the master plan is a living document, responding to the constantly changing world of access to information and the needs of Washington citizens; and

WHEREAS, The Legislature recognizes that the historic methods and systems for delivering postsecondary education and training are constantly changing;

NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives of the State of Washington, the Senate concurring, That the Washington Higher Education Coordinating Board be commended for its dedication and commitment to the State of Washington in producing the 1996 update of the master plan for higher education titled "The Challenge for Higher Education"; and

BE IT FURTHER RESOLVED, That the Legislature thank the board for describing many of the daunting challenges facing the state in its attempts to provide the postsecondary education and training that our citizens need to navigate successfully in the world of the twenty-first century; and

BE IT FURTHER RESOLVED, That the Legislature approve the following recommendations of the 1996 update of the master plan:

(1) That, by the year 2010, Washington's system of postsecondary education needs to provide opportunities for at least 84,100 additional full-time equivalent students in quality programs of postsecondary education and training;

(2) That solutions to this enrollment challenge, in part, may be found in the following areas: (a) The shift in focus from teaching to learning; (b) the use of technology to increase and redefine access, improve quality, and offer alternative methods of instruction; (c) the expansion of partnerships among educational sectors, and with local communities, business, and labor; (d) the provision of financial aid for needy and meritorious students; and (e) the use of existing institutional capacities in a way that ensures provision of a cost-effective, efficient, and accountable educational enterprise; and

BE IT FURTHER RESOLVED, That the board solicit advice from a diverse group of people, including students, faculty, and staff, from all education sectors; business and labor representatives;

community leaders; innovators; representatives from distinct ethnic populations; and experts from other states to further refine, through innovative approaches, the solution options described in the 1996 master plan update; and that the board report to the 1997 Legislature with refinements to the plan in areas that include, but need not be limited to:

(1) Recommendations on the governance structure and state framework for the integration of technology into the entire education enterprise while recognizing that enhancing learning through technology requires more than just the access to equipment, services, and networks; it requires new ways of teaching, new roles for learners, new learning goals, different uses of time and resources, and a strong support system for educators;

(2) An initial list of duplicative and low-productivity programs; a process for examining those programs that might be reconfigured, consolidated, or eliminated; and a recommendation on a process to eliminate programs not conducive to consolidation or reconfiguration;

(3) Recommendations on ways institutions can increase access while maintaining quality and reducing costs. The recommendations may, in part, be based on draft restructuring plans submitted by institutions of higher education and may include but need not be limited to efforts to: Use technology; share resources; expand the use of the higher education system's physical plant; encourage additional collaborative projects between institutions of higher education and the common schools and among public and independent institutions; expand the use of 2 + 2 programs and extended degree centers; provide students with opportunities to make smooth transitions as they move among education levels and sectors and into the workplace; ensure equitable educational and training outcomes for persons from diverse ethnic backgrounds; improve time-to-degree; and emphasize the role of teacher preparation programs;

(4) Recommendations to the institutions and the Legislature on appropriate state and institutional roles for providing remedial and developmental education;

(5) The development of a student information system that includes a data system to track student progress between levels and sectors; and

(6) A study of existing physical capacity in public and private colleges in Washington; and  
BE IT FURTHER RESOLVED, That by December 15, 1996, the board provide to the citizens and the legislature the report required under RCW 28B.80.616, and include in the report information about the family incomes of freshmen entering the state's public and independent baccalaureate institutions; and

BE IT FURTHER RESOLVED, That the 1997 Legislature respond by concurrent resolution to the refinements brought forward by the Higher Education Coordinating Board."

(1) The Washington commission on student learning is hereby established. The primary purposes of the commission are to identify the knowledge and skills all public school students need to know and be able to do based on the student learning goals in RCW 28A.150.210, to develop student assessment and school accountability systems, to review current school district data reporting requirements and make recommendations on what data is necessary for the purposes of accountability and meeting state information needs, and to take other steps necessary to develop a performance-based education system. The commission shall include three members of the state board of education, three members appointed by the governor before July 1, 1992, and five members appointed no later than June 1, 1993, by the governor elected in the November 1992 election. The governor shall appoint a chair from the commission members, and fill any vacancies in gubernatorial appointments that may occur. The state board of education shall fill any vacancies of state board of education appointments that may occur. In making the appointments, educators, business leaders, and parents shall be represented, and nominations from state-wide education, business, and parent organizations shall be requested. Efforts shall be made to ensure that the commission reflects the racial and ethnic diversity of the state's K-12 student population and that the major geographic regions in the state are represented. Appointees shall be qualified individuals who are supportive of educational restructuring, who have a positive record of service, and who will devote sufficient time to the responsibilities of the commission to ensure that the objectives of the commission are achieved.

(2) The commission shall establish advisory committees. Membership of the advisory committees shall include, but not necessarily be limited to, professionals from the office of the superintendent of public instruction and the state board of education, and other state and local educational practitioners and student assessment specialists.

(3) The commission, with the assistance of the advisory committees, shall:

(a) Develop essential academic learning requirements based on the student learning goals in RCW 28A.150.210. Essential academic learning requirements shall be developed, to the extent possible, for each of the student learning goals in RCW 28A.150.210. Goals one and two shall be considered primary. Essential academic learning requirements for RCW 28A.150.210(1), goal one, and the mathematics component of RCW 28A.150.210(2), goal two, shall be completed no later than March 1, 1995. Essential academic learning requirements that incorporate the remainder of RCW 28A.150.210 (2), (3), and (4), goals two, three, and four, shall be completed no later than March 1, 1996. To the maximum extent possible, the commission shall integrate goal four and the knowledge and skill areas in the other goals in the development of the essential academic learning requirements;

(b)(i) The commission shall present to the state board of education and superintendent of public instruction a state-wide academic assessment system for use in the elementary, middle, and high school years designed to determine if each student has mastered the essential academic learning requirements identified in (a) of this subsection. The academic assessment system shall include a variety of assessment methods that are criterion-referenced, including performance-based measures (~~that are criterion-referenced~~). Performance standards for determining if a student has successfully completed an assessment shall be initially determined by the commission in consultation with the advisory committees required in subsection (2) of this section.

(ii) The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational

support for students who have not mastered the essential academic learning requirements at the appropriate periods in the student's educational development.

(iii) Assessments measuring the essential academic learning requirements developed for RCW 28A.150.210(1), goal one, and the mathematics component of RCW 28A.150.210(2), goal two, shall be ~~((initially implemented by the state board of education and superintendent of public instruction no later than the 1996-97 school year,))~~ developed and initially implemented by the commission before transferring the assessment system to the superintendent of public instruction. For goal one and the mathematics component of goal two, the elementary assessment shall be available for use by districts no later than the 1996-97 school year, the middle grades assessment no later than the 1997-98 school year, and the high school assessment no later than the 1998-99 school year unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements. The assessment system shall be transferred to the superintendent of public instruction no later than June 30, 1999, for continued implementation. Assessments measuring the essential academic learning requirements developed for RCW 28A.150.210 (2) except mathematics, (3), and (4), goals two, three, and four, shall be ~~((initially implemented by the state board of education and))~~ developed and initially implemented by the commission before transferring the assessments to the superintendent of public instruction, unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements. The assessments shall be transferred to the superintendent of public instruction no later than ~~((the 1998-99 school year, unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements))~~ June 30, 1999, for continued implementation.

The assessments in history, geography, civics, health, fitness, and the arts shall not include state-level assessments in the elementary grades, but shall include classroom-based assessments for voluntary use. However, by December 1, 2001, the state board of education shall make recommendations to the legislature regarding whether state-level assessments should be required for history, geography, civics, health, fitness, and the arts in the elementary grades.

The commission shall work closely with the superintendent of public instruction and the state board of education during the development and initial implementation of the assessment system. To the maximum extent possible, the commission shall integrate knowledge and skill areas in development of the assessments.

(iv) Before the 2000-2001 school year, participation by school districts in the assessment system shall be optional. School districts that desire to participate before the 2000-2001 school year shall notify the commission on student learning or the superintendent of public instruction, as appropriate, in a manner determined by the commission or superintendent. Beginning in the 2000-2001 school year, all school districts shall be required to participate in the assessment system.

The certificate of mastery shall be obtained by most students at about the age of sixteen, and is evidence that the student has successfully mastered the essential academic learning requirements during his or her educational career. ~~((The certificate of mastery shall be required for graduation but shall not be the only requirement for graduation. The commission shall make recommendations to the state board of education regarding the relationship between the certificate of mastery and high school graduation requirements.))~~ The state board of education and the commission shall make recommendations to the legislature regarding whether the certificate of mastery should be a graduation requirement. The certificate of mastery shall not be implemented as a state-wide graduation requirement until legislation is enacted directing the state board of education to make it a state-wide requirement. Upon achieving the certificate of mastery, schools shall provide students with the opportunity to continue to pursue

(i) By June 30, 1999, recommend to the legislature, governor, state board of education, and superintendent of public instruction:

(i) A state-wide accountability system to monitor and evaluate accurately and fairly the level of learning occurring in individual schools and school districts. The accountability system shall be designed to recognize the characteristics of the student population of schools and school districts such as gender, race, ethnicity, socioeconomic status, and other factors. The system shall include school-site, school district, and state-level accountability reports;

(ii) A school assistance program to help schools and school districts that are having difficulty helping students meet the essential academic learning requirements;

(iii) A system to intervene in schools and school districts in which significant numbers of students persistently fail to learn the essential academic learning requirements; and

(iv) An awards program to provide incentives to school staff to help their students learn the essential academic learning requirements, with each school being assessed individually against its own baseline. (6) The commission shall select an entity to provide staff support and the office of the superintendent of public instruction shall provide administrative oversight and be the fiscal agent for the commission. The commission may direct the office of the superintendent of public instruction to enter into subcontracts, within the commission's resources, with school districts, teachers, higher education faculty, state agencies, business organizations, and other individuals and organizations to assist the commission in its deliberations.

(7) Members of the commission shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.

On page 1, after line 16, insert the following:

"**Sec. 1.** RCW 41.40.270 and 1995 c 144 s 5 are each amended to read as follows:

(1) Should a member die before the date of retirement the amount of the accumulated contributions standing to the member's credit in the employees' savings fund, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, at the time of death:

(a) Shall be paid to the member's estate, or such person or persons, trust, or organization as the member shall have nominated by written designation duly executed and filed with the department; or

(b) If there be no such designated person or persons still living at the time of the member's death, or if a member fails to file a new beneficiary designation subsequent to marriage, remarriage, dissolution of marriage, divorce, or reestablishment of membership following termination by withdrawal or retirement, such accumulated contributions, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, shall be paid to the surviving spouse as if in fact such spouse had been nominated by written designation as aforesaid, or if there be no such surviving spouse, then to the member's legal representatives.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 90.03.340 and 1987 c 109 s 90 are each amended to read as follows:

(1) Except as provided in RCW 90.03.345, the priority date of a right acquired by appropriation shall relate back to the date of filing of the original application with the department.

(2) For the purpose of vesting the priority date of an application and, therefore, any right acquired through the application, a document filed with the department on or after January 1, 1997, shall be considered to be an application for a new appropriative right to the use of water if it contains the following information: The name and address of the applicant; a general description of the proposed water withdrawal and use project; the location of the proposed withdrawal; the location of the proposed use; and the type of the proposed beneficial use. The document may, at the applicant's discretion, contain more information than is required for this purpose; however, a document filed after January 1, 1997, containing less than this minimum information shall not be considered to be an application for this purpose.

**Sec. 2.** RCW 90.03.270 and 1987 c 109 s 85 are each amended to read as follows:

Upon receipt of an application it shall be the duty of the department to make an endorsement thereon of the date of its receipt, and to keep a record of same. If upon examination, the application is found to be defective, it shall be returned to the applicant for correction or completion, and the date and the reasons for the return thereof shall be endorsed thereon and made a record in his office. No application filed with the department before January 1, 1997, and no document that qualifies as an application under RCW 90.03.340(2) shall lose its priority of filing on account of such defects, provided acceptable maps, drawings and such data as is required by the department shall be filed with the department within such reasonable time as it shall require.

**NEW SECTION. Sec. 3.** A new section is added to chapter 90.03 RCW to read as follows:

A water right applicant may appeal to the pollution control hearings board a determination by the department regarding the nature and extent of the information needed to make determinations regarding the application for or the processing of a water right permit.

**Sec. 4.** RCW 90.03.320 and 1987 c 109 s 67 are each amended to read as follows:

(1) Actual construction work shall be commenced on any project for which permit has been granted within such reasonable time as shall be prescribed by the department, and shall thereafter be prosecuted with diligence and completed within the time prescribed by the department. The department, in fixing the time for the commencement of the work, or for the completion thereof and the application of the water to the beneficial use prescribed in the permit, shall take into consideration the cost and magnitude of the project and the engineering and physical features to be encountered, and shall allow such time as shall be reasonable and just under the conditions then existing, having due regard for the public welfare and public interests affected: and, for good cause shown, it shall extend the time or times fixed as aforesaid, and shall grant such further period or periods as may be reasonably necessary, having due regard to the good faith of the applicant and the public interests affected.

(2) For the purposes of this section, "good cause" includes but is not limited to the following circumstances that prevent work completion within the prescribed period:

(a) Active service in the armed forces of the United States during a military crisis;

(b) Nonvoluntary service in the armed forces of the United States;

(c) A court order having the effect of stopping the construction work;

(d) Delays in securing other permits necessary to proceed with the development;

(e) A single transfer in ownership of the property;

(f) Implementation of water efficiency measures, including conservation and reclaimed water

use;

(g) Encountering unanticipated physical impediments to construction; and

(h) Encountering generally depressed economic conditions.

(3) If the terms of the permit or extension thereof(~~(s)~~) are not complied with, the department shall give notice by (~~registered~~) certified mail that (~~such~~) the permit will be canceled unless the (~~holders thereof shall~~) permittee shows cause within sixty days why the (~~same~~) permit should not be (~~so~~) canceled. If cause (~~be~~) is not shown, (~~said~~) the permit shall be canceled through the department's issuance of an order of cancellation served on the holder of the permit by certified mail.

**NEW SECTION. Sec. 5.** A new section is added to chapter 90.03 RCW to read as follows:

(1) The department shall establish streamlined procedures for its processing of applications for de minimis appropriations of surface water, but only if the department has reserved and set aside the water for future beneficial use under RCW 90.54.050.

(2) Applications for appropriating water under this section shall be made on a form provided by the department. Within sixty days of the publication of a notice in accordance with RCW 90.03.280, the department shall issue or deny a permit for the requested appropriation. If the department denies the application, it shall explain its determination in writing.

(3) The department shall waive the evaluation and report requirements of RCW 90.03.290 if at the time the reservation was established the department determined that use of the reserved water would not impair water rights existing before the reservation was established and would not be detrimental to the public interest.

(4) Unless the context clearly requires otherwise, as used in this chapter, "de minimis appropriation" means diversion and use of surface water in an amount not exceeding four hundred fifty

gallons per day and not exceeding an instantaneous diversion rate of two one-hundredths cubic feet per second.

(5) The department shall develop, in cooperation with the department of health, informational materials regarding the risks of drinking untreated surface water. This informational material may be provided to prospective applicants. The department shall attach the informational materials to any permit that is approved under this section.

**NEW SECTION. Sec. 6.** A new section is added to chapter 90.03 RCW to read as follows:

(1) The department may authorize short-term uses of water without publication of the notice required under RCW 90.03.280 and without the report required under RCW 90.03.290. However, before approving a short-term use, the department shall determine to its satisfaction that the substantive criteria in RCW 90.03.290 are met and that a stream affected by a short-term use will be retained with minimally sufficient flows to maintain instream uses and to protect existing water rights. The department shall adopt and provide application forms for persons applying for a short-term use and shall expedite its consideration of short-term use requests to the extent practicable.

(2) For the purposes of this chapter, "short-term use" means a use of water that will not exceed one year in duration. Short-term uses include but are not limited to use in construction, dust control, dewatering, and short-term planned fire suppression activities.

**Sec. 7.** RCW 43.21B.240 and 1989 c 175 s 105 are each amended to read as follows:

The department and air authorities shall not have authority to hold adjudicative proceedings pursuant to the Administrative Procedure Act, chapter 34.05 RCW. ~~((Such))~~ All other hearings, except for water-related agency actions as defined in section 13 of this act that are appealed directly to a superior court as provided in section 10 of this act shall be held by the pollution control hearings board.

**Sec. 8.** RCW 43.27A.190 and 1987 c 109 s 11 are each amended to read as follows:

Notwithstanding and in addition to any other powers granted to the department of ecology, whenever it appears to the department that a person is violating or is about to violate any of the provisions of the following:

(6) Any other law relating to water resources administered by the department; or

(7) A rule or regulation adopted, or a directive or order issued by the department relating to subsections (1) through (6) of this section; the department may cause a written regulatory order to be served upon ~~((said))~~ the person either personally, or by registered or certified mail delivered to addressee only with return receipt requested and acknowledged by him or her. The order shall specify the provision of the statute, rule, regulation, directive or order alleged to be or about to be violated, and the facts upon which the conclusion of violating or potential violation is based, and shall order the act constituting the violation or the potential violation to cease and desist or, in appropriate cases, shall order necessary corrective action to be taken with regard to such acts within a specific and reasonable time. The regulation of a headgate or controlling works as provided in RCW 90.03.070, by a watermaster, stream patrolman, or other person so authorized by the department shall constitute a regulatory order within the meaning of this section. A regulatory order issued hereunder shall become effective immediately upon receipt by the person to whom the order is directed, except for regulations under RCW 90.03.070 which shall become effective when a written notice is attached as provided therein. Any person aggrieved by such order may appeal the order pursuant to RCW 43.21B.310 unless the order is a water-related agency action of the department, as defined in section 13 of this act, in which case it may be appealed either to the pollution control hearings board or directly to a superior court as provided in section 10 of this act.

**Sec. 9.** RCW 90.66.080 and 1979 c 3 s 8 are each amended to read as follows:

The department is hereby empowered to promulgate such rules as may be necessary to carry out the provisions of this chapter. Decisions of the department, other than rule making, shall be

subject to review by the pollution control hearings board or a superior court in accordance with ~~((chapter 43.21B RCW))~~ section 13 of this act.

NEW SECTION. Sec. 10. A new section is added to chapter 43.21B RCW to read as follows:

A person who is aggrieved or adversely affected by a water-related agency action as defined by section 13 of this act may appeal the decision either to the pollution control hearings board pursuant to RCW 43.21B.310 or directly to a superior court. Any direct appeal to a superior court as authorized by this section shall be de novo. An appeal of a decision regarding a withdrawal shall be filed in the county in which the water withdrawal would or does take place.

NEW SECTION. Sec. 11. A new section is added to chapter 43.21B RCW to read as follows:

In all appeals of water-related agency actions by the department, as defined in section 13 of this act, over which the hearings board has jurisdiction, a party taking an appeal may elect either a formal or an informal hearing. The election shall be made according to rules of practice and procedure adopted by the hearings board. This section shall not be construed to modify RCW 43.21B.190. In the event that appeals are taken from the same decision, order, or determination, as the case may be, by different parties and only one of such parties elects an informal hearing, an informal hearing shall be granted.

NEW SECTION. Sec. 12. A new section is added to chapter 43.21B RCW to read as follows:

In all appeals involving a decision or an order of the hearings board after an informal hearing of a water-related agency action by the department, as defined in section 13 of this act, the appeal to superior court shall be de novo. The petition shall be filed in the superior court specified in section 10 of this act. Such appeal may be perfected by filing with the clerk of the superior court a notice of appeal, and by serving a copy thereof by mail, or personally on the director or on the board as the case may be. The hearings board shall serve upon the appealing party, the director, and on any other party appearing at the hearings board's proceeding, and file with the clerk of the court before trial, a certified copy of the hearings board's decision and order. Appellate review of a decision of the superior court may be sought as in other civil cases. No bond may be required on appeals to the superior court or on review by the supreme court unless specifically required by the judge of the superior court.

NEW SECTION. Sec. 13. A new section is added to chapter 43.21B RCW to read as follows:

Unless the context clearly requires otherwise, as used in this chapter "water-related agency action" includes (1) a decision to grant or deny a permit or certificate for a right to the beneficial use of water or to amend, change, or transfer such a right; (2) a decision to enforce the conditions of a permit for, or right to, the beneficial use of water or to require any person to discontinue the use of water; and (3) a decision regarding the nature and extent of the information needed to make determinations regarding the application for or processing of a water right permit."

**NEW SECTION. Sec. 104. ROLE OF THE SECRETARY.** (1) If six months elapse during which time no certification authority is licensed in this state, then the secretary shall be a certification authority, and may issue, suspend, and revoke certificates in the manner prescribed for licensed certification authorities. Except for licensing requirements, this chapter applies to the secretary with respect to certificates he or she issues. The secretary must discontinue acting as a certification authority if another certification authority is licensed, in a manner allowing reasonable transition to private enterprise.

(2) The secretary must maintain a publicly accessible data base containing a certification authority disclosure record for each licensed certification authority. The secretary must publish the contents of the data base in at least one recognized repository.

(3) The secretary must adopt rules consistent with this chapter and in furtherance of its purposes:

(a) To govern licensed certification authorities, their practice, and the termination of a certification authority's practice;

(b) To determine an amount reasonably appropriate for a suitable guaranty, in light of the burden a suitable guaranty places upon licensed certification authorities and the assurance of quality and financial responsibility it provides to persons who rely on certificates issued by licensed certification authorities;

(c) To review software for use in creating digital signatures;

(d) To specify reasonable requirements for the form of certificates issued by licensed certification authorities, in accordance with generally accepted standards for digital signature certificates;

(e) To specify reasonable requirements for recordkeeping by licensed certification authorities;

(f) To specify reasonable requirements for the content, form, and sources of information in certification authority disclosure records, the updating and timeliness of the information, and other practices and policies relating to certification authority disclosure records;

(g) To specify the form of certification practice statements; and

(h) Otherwise to give effect to and implement this chapter.

**NEW SECTION. Sec. 105. FEES OF THE SECRETARY.** The secretary may adopt rules establishing reasonable fees for all services rendered under this chapter, in amounts sufficient to compensate for the costs of all services under this chapter. All fees recovered by the secretary must be deposited in the state general fund.

## PART II. LICENSING AND REGULATION OF CERTIFICATE AUTHORITIES

**NEW SECTION. Sec. 201. LICENSURE AND QUALIFICATIONS OF CERTIFICATION AUTHORITIES.** (1) To obtain or retain a license, a certification authority must:

(a) Be the subscriber of a certificate published in a recognized repository;

(b) Employ as operative personnel only persons who have not been convicted within the past fifteen years of a felony or a crime involving fraud, false statement, or deception;

(c) Employ as operative personnel only persons who have demonstrated knowledge and proficiency in following the requirements of this chapter;

(d) File with the secretary a suitable guaranty, unless the certification authority is a department, office, or official of a state, city, or county governmental entity, provided that:

(i) Each of the public entities in (d) of this subsection act through designated officials authorized by rule or ordinance to perform certification authority functions; or

(ii) This state or one of the public entities in (d) of this subsection is the subscriber of all certificates issued by the certification authority;

(e) Have the right to use a trustworthy system, including a secure means for limiting access to its private key;

(f) Present proof to the secretary of having working capital reasonably sufficient, according to rules adopted by the secretary, to enable the applicant to conduct business as a certification authority;

(g) Maintain an office in this state or have established a registered agent for service of process in this state; and

(h) Comply with all further licensing requirements established by rule by the secretary.

(2) The secretary must issue a license to a certification authority that:

(a) Is qualified under subsection (1) of this section;

(b) Applies in writing to the secretary for a license; and

(c) Pays a filing fee adopted by rule by the secretary.

(3) The secretary may by rule classify licenses according to specified limitations, such as a maximum number of outstanding certificates, cumulative maximum of recommended reliance limits in certificates issued by the certification authority, or issuance only within a single firm or organization, and the secretary may issue licenses restricted according to the limits of each classification. A certification authority acts as an unlicensed certification authority in issuing a certificate exceeding the restrictions of the certification authority's license.

(4) The secretary may revoke or suspend a certification authority's license, in accordance with the administrative procedure act, chapter 34.05 RCW, for failure to comply with this chapter or for failure to remain qualified under subsection (1) of this section.

(5) The secretary may recognize by rule the licensing or authorization of certification authorities by other governmental entities, provided that those licensing or authorization requirements are substantially similar to those of this state. If licensing by another government is so recognized:

(a) Sections 401 through 406 of this act apply to certificates issued by the certification authorities licensed or authorized by that government in the same manner as it applies to licensed certification authorities of this state; and

(b) The liability limits of section 309 of this act apply to the certification authorities licensed or authorized by that government in the same manner as they apply to licensed certification authorities of this state.

(6) Unless the parties provide otherwise by contract between themselves, the licensing requirements in this section do not affect the effectiveness, enforceability, or validity of any digital signature, except that sections 401 through 406 of this act do not apply in relation to a digital signature that cannot be verified by a certificate issued by an unlicensed certification authority.

(7) A certification authority that has not obtained a license is not subject to the provisions of this chapter.

**NEW SECTION. Sec. 202. PERFORMANCE AUDITS.** (1) A certified public accountant having expertise in computer security or an accredited computer security professional must audit the operations of each licensed certification authority at least once each year to evaluate compliance with this chapter. The secretary may by rule specify the qualifications of auditors.

(2) Based on information gathered in the audit, the auditor must categorize the licensed certification authority's compliance as one of the following:

(a) Full compliance. The certification authority appears to conform to all applicable statutory and regulatory requirements.

(b) Substantial compliance. The certification authority appears generally to conform to applicable statutory and regulatory requirements. However, one or more instances of noncompliance or of inability to demonstrate compliance were found in an audited sample, but were likely to be inconsequential.

(c) Partial compliance. The certification authority appears to comply with some statutory and regulatory requirements, but was found not to have complied or not to be able to demonstrate compliance with one or more important safeguards.

(d) Noncompliance. The certification authority complies with few or none of the statutory and regulatory requirements, fails to keep adequate records to demonstrate compliance with more than a few requirements, or refused to submit to an audit.

The secretary must publish in the certification authority disclosure record it maintains for the certification authority the date of the audit and the resulting categorization of the certification authority.

(3) The secretary may exempt a licensed certification authority from the requirements of subsection (1) of this section, if:

(a) The certification authority to be exempted requests exemption in writing;

(b) The most recent performance audit, if any, of the certification authority resulted in a finding of full or substantial compliance; and

(c) The certification authority declares under oath, affirmation, or penalty of perjury that one or more of the following is true with respect to the certification authority:

(i) The certification authority has issued fewer than six certificates during the past year and the recommended reliance limits of all of the certificates do not exceed ten thousand dollars;

(ii) The aggregate lifetime of all certificates issued by the certification authority during the past year is less than thirty days and the recommended reliance limits of all of the certificates do not exceed ten thousand dollars; or

(iii) The recommended reliance limits of all certificates outstanding and issued by the certification authority total less than one thousand dollars.

(4) If the certification authority's declaration under subsection (3) of this section falsely states a material fact, the certification authority has failed to comply with the performance audit requirements of this section.

(5) If a licensed certification authority is exempt under subsection (3) of this section, the secretary must publish in the certification authority disclosure record it maintains for the certification authority that the certification authority is exempt from the performance audit requirement.

**NEW SECTION. Sec. 203. ENFORCEMENT OF REQUIREMENTS FOR LICENSED CERTIFICATION AUTHORITIES.** (1) The secretary may investigate the activities of a licensed certification authority material to its compliance with this chapter and issue orders to a certification authority to further its investigation and secure compliance with this chapter.

(2) The secretary may suspend or revoke the license of a certification authority for its failure to comply with an order of the secretary.

(3) The secretary may by order impose and collect a civil monetary penalty for a violation of this chapter in an amount not to exceed five thousand dollars per incident, or ninety percent of the recommended reliance limit of a material certificate, whichever is less. In case of a violation continuing for more than one day, each day is considered a separate incident.

(4) The secretary may order a certification authority, which it has found to be in violation of this chapter, to pay the costs incurred by the secretary in prosecuting and adjudicating proceedings relative to the order, and enforcing it.

(5) The secretary must exercise authority under this section in accordance with the administrative procedure act, chapter 34.05 RCW, and a licensed certification authority may obtain judicial review of the secretary's actions as prescribed by chapter 34.05 RCW. The secretary may also seek injunctive relief to compel compliance with an order.

**NEW SECTION. Sec. 204. DANGEROUS ACTIVITIES BY A CERTIFICATION AUTHORITY PROHIBITED.** (1) No certification authority, whether licensed or not, may conduct its business in a manner that creates an unreasonable risk of loss to subscribers of the certification authority, to persons relying on certificates issued by the certification authority, or to a repository.

(2) The secretary may publish in the repository it provides, or elsewhere, brief statements advising subscribers, persons relying on digital signatures, or other repositories about activities of a certification authority, whether licensed or not, that create a risk prohibited by subsection (1) of this section. The certification authority named in a statement as creating or causing such a risk may protest the publication of the statement by filing a written defense of ten thousand bytes or less. Upon receipt of such a protest, the secretary must publish the protest along with the secretary's statement, and must promptly give the protesting certification authority notice and an opportunity to be heard. Following the hearing, the secretary must rescind the advisory statement if its publication was unwarranted under this section, cancel it if its publication is no longer warranted, continue or amend it if it remains warranted, or take further legal action to eliminate or reduce a risk prohibited by subsection (1) of this section. The secretary must publish its decision in the repository it provides.

(3) In the manner provided by the administrative procedure act, chapter 34.05 RCW, the secretary may issue orders and obtain injunctions or other civil relief to prevent or restrain a certification authority from violating this section, regardless of whether the certification authority is licensed. This section does not create a right of action in a person other than the secretary.

### PART III. DUTIES OF CERTIFICATION AUTHORITIES AND SUBSCRIBERS

**NEW SECTION. Sec. 301. GENERAL REQUIREMENTS FOR CERTIFICATION AUTHORITIES.** (1) A licensed certification authority or subscriber may use only a trustworthy system:

- (a) To issue, suspend, or revoke a certificate;
- (b) To publish or give notice of the issuance, suspension, or revocation of a certificate; or
- (c) To create a private key.

(2) A licensed certification authority must disclose any material certification practice statement, and any fact material to either the reliability of a certificate that it has issued or its ability to perform its services. A certification authority may require a signed, written, and reasonably specific inquiry from an identified person, and payment of reasonable compensation, as conditions precedent to effecting a disclosure required in this subsection.

**NEW SECTION. Sec. 302. ISSUANCE OF A CERTIFICATE.** (1) A licensed certification authority may issue a certificate to a subscriber only after all of the following conditions are satisfied:

- (a) The certification authority has received a request for issuance signed by the prospective subscriber; and
- (b) The certification authority has confirmed that:
  - (i) The prospective subscriber is the person to be listed in the certificate to be issued;
  - (ii) If the prospective subscriber is acting through one or more agents, the subscriber duly authorized the agent or agents to have custody of the subscriber's private key and to request issuance of a certificate listing the corresponding public key;
  - (iii) The information in the certificate to be issued is accurate;
  - (iv) The prospective subscriber rightfully holds the private key corresponding to the public key to be listed in the certificate;
  - (v) The prospective subscriber holds a private key capable of creating a digital signature; and
  - (vi) The public key to be listed in the certificate can be used to verify a digital signature affixed by the private key held by the prospective subscriber.

The requirements of this subsection may not be waived or disclaimed by either the licensed certification authority, the subscriber, or both.

(2) If the subscriber accepts the issued certificate, the certification authority must publish a signed copy of the certificate in a recognized repository, as the certification authority and the subscriber named in the certificate may agree, unless a contract between the certification authority and the subscriber provides otherwise. If the subscriber does not accept the certificate, a licensed certification authority must not publish it, or must cancel its publication if the certificate has already been published.

(3) Nothing in this section precludes a licensed certification authority from conforming to standards, certification practice statements, security plans, or contractual requirements more rigorous than, but nevertheless consistent with, this chapter.

(4) After issuing a certificate, a licensed certification authority must revoke it immediately upon confirming that it was not issued as required by this section. A licensed certification authority may also suspend a certificate that it has issued for a reasonable period not exceeding forty-eight hours as needed for an investigation to confirm grounds for revocation under this subsection. The certification authority must give notice to the subscriber as soon as practicable after a decision to revoke or suspend under this subsection.

(5) The secretary may order the licensed certification authority to suspend or revoke a certificate that the certification authority issued, if, after giving any required notice and opportunity for the certification authority and subscriber to be heard in accordance with the administrative procedure act, chapter 34.05 RCW, the secretary determines that:

- (a) The certificate was issued without substantial compliance with this section; and
- (b) The noncompliance poses a significant risk to persons reasonably relying on the certificate.

Upon determining that an emergency requires an immediate remedy, and in accordance with the administrative procedure act, chapter 34.05 RCW, the secretary may issue an order suspending a certificate for a period not to exceed forty-eight hours.

**NEW SECTION. Sec. 303. WARRANTIES AND OBLIGATIONS OF CERTIFICATION AUTHORITY UPON ISSUANCE OF A CERTIFICATE.** (1) By issuing a certificate, a licensed certification authority warrants to the subscriber named in the certificate that:

(a) The certificate contains no information known to the certification authority to be false;  
(b) The certificate satisfies all material requirements of this chapter; and  
(c) The certification authority has not exceeded any limits of its license in issuing the certificate.

The certification authority may not disclaim or limit the warranties of this subsection.

(2) Unless the subscriber and certification authority otherwise agree, a certification authority, by issuing a certificate, promises to the subscriber:

(a) To act promptly to suspend or revoke a certificate in accordance with section 306 or 307 of this act; and

(b) To notify the subscriber within a reasonable time of any facts known to the certification authority that significantly affect the validity or reliability of the certificate once it is issued.

(3) By issuing a certificate, a licensed certification authority certifies to all who reasonably rely on the information contained in the certificate that:

(a) The information in the certificate and listed as confirmed by the certification authority is accurate;

(b) All information foreseeably material to the reliability of the certificate is stated or incorporated by reference within the certificate;

(c) The subscriber has accepted the certificate; and

(d) The licensed certification authority has complied with all applicable laws of this state governing issuance of the certificate.

(4) By publishing a certificate, a licensed certification authority certifies to the repository in which the certificate is published and to all who reasonably rely on the information contained in the certificate that the certification authority has issued the certificate to the subscriber.

**NEW SECTION. Sec. 304. REPRESENTATIONS AND DUTIES UPON ACCEPTANCE OF A CERTIFICATE.** (1) By accepting a certificate issued by a licensed certification authority, the subscriber listed in the certificate certifies to all who reasonably rely on the information contained in the certificate that:

(a) The subscriber rightfully holds the private key corresponding to the public key listed in the certificate;

(b) All representations made by the subscriber to the certification authority and material to the information listed in the certificate are true; and

(c) All material representations made by the subscriber to a certification authority or made in the certificate and not confirmed by the certification authority in issuing the certificate are true.

(2) By requesting on behalf of a principal the issuance of a certificate naming the principal as subscriber, the requesting person certifies in that person's own right to all who reasonably rely on the information contained in the certificate that the requesting person:

(a) Holds all authority legally required to apply for issuance of a certificate naming the principal as subscriber; and

(b) Has authority to sign digitally on behalf of the principal, and, if that authority is limited in any way, adequate safeguards exist to prevent a digital signature exceeding the bounds of the person's authority.

(3) No person may disclaim or contractually limit the application of this section, nor obtain indemnity for its effects, if the disclaimer, limitation, or indemnity restricts liability for misrepresentation as against persons reasonably relying on the certificate.

(4) By accepting a certificate, a subscriber undertakes to indemnify the issuing certification authority for loss or damage caused by issuance or publication of a certificate in reliance on:

(a) A false and material representation of fact by the subscriber; or

(b) The failure by the subscriber to disclose a material fact;

if the representation or failure to disclose was made either with intent to deceive the certification authority or a person relying on the certificate, or with negligence. If the certification authority issued the certificate at the request of one or more agents of the subscriber, the agent or agents personally undertake to indemnify the certification authority under this subsection, as if they were accepting subscribers in their own right. The indemnity provided in this section may not be disclaimed or contractually limited in scope. However, a contract may provide consistent, additional terms regarding the indemnification.

(5) In obtaining information of the subscriber material to issuance of a certificate, the certification authority may require the subscriber to certify the accuracy of relevant information under oath or affirmation of truthfulness and under penalty of perjury.

**NEW SECTION. Sec. 305. CONTROL OF THE PRIVATE KEY.** (1) By accepting a certificate issued by a licensed certification authority, the subscriber identified in the certificate assumes a duty to exercise reasonable care to retain control of the private key and prevent its disclosure to a person not authorized to create the subscriber's digital signature.

(2) A private key is the personal property of the subscriber who rightfully holds it.

(3) If a certification authority holds the private key corresponding to a public key listed in a certificate that it has issued, the certification authority holds the private key as a fiduciary of the subscriber named in the certificate, and may use that private key only with the subscriber's prior, written approval, unless the subscriber expressly grants the private key to the certification authority and expressly permits the certification authority to hold the private key according to other terms.

**NEW SECTION. Sec. 306. SUSPENSION OF A CERTIFICATE.** (1) Unless the certification authority and the subscriber agree otherwise, the licensed certification authority that issued a certificate that is not a transactional certificate must suspend the certificate for a period not to exceed forty-eight hours:

(a) Upon request by a person identifying himself or herself as the subscriber named in the certificate, or as a person in a position likely to know of a compromise of the security of a subscriber's private key, such as an agent, business associate, employee, or member of the immediate family of the subscriber; or

(b) By order of the secretary under section 302(5) of this act.

The certification authority need not confirm the identity or agency of the person requesting suspension.

(2) Unless the certificate provides otherwise or the certificate is a transactional certificate, the secretary or a county clerk may suspend a certificate issued by a licensed certification authority for a period of forty-eight hours, if:

(a) A person identifying himself or herself as the subscriber named in the certificate or as an agent, business associate, employee, or member of the immediate family of the subscriber requests suspension; and

(b) The requester represents that the certification authority that issued the certificate is unavailable.

The secretary or county clerk may require the person requesting suspension to provide evidence, including a statement under oath or affirmation, regarding his or her identity, authorization, or the unavailability of the issuing certification authority, and may decline to suspend the certificate in its discretion. The secretary or law enforcement agencies may investigate suspensions by the secretary or county clerk for possible wrongdoing by persons requesting suspension.

(3) Immediately upon suspension of a certificate by a licensed certification authority, the licensed certification authority must give notice of the suspension according to the specification in the certificate. If one or more repositories are specified, then the licensed certification authority must publish a signed notice of the suspension in all the repositories. If a repository no longer exists or refuses to accept publication, or if no repository is recognized under section 501 of this act, the licensed certification authority must also publish the notice in a recognized repository. If a certificate is suspended by the secretary or county clerk, the secretary or clerk must give notice as required in this subsection for a licensed certification authority, provided that the person requesting suspension pays in advance any fee required by a repository for publication of the notice of suspension.

(4) A certification authority must terminate a suspension initiated by request only:

(a) If the subscriber named in the suspended certificate requests termination of the suspension, the certification authority has confirmed that the person requesting suspension is the subscriber or an agent of the subscriber authorized to terminate the suspension; or

(b) When the certification authority discovers and confirms that the request for the suspension was made without authorization by the subscriber. However, this subsection (4)(b) does not require the certification authority to confirm a request for suspension.

(5) The contract between a subscriber and a licensed certification authority may limit or preclude requested suspension by the certification authority, or may provide otherwise for termination

of a requested suspension. However, if the contract limits or precludes suspension by the secretary or county clerk when the issuing certification authority is unavailable, the limitation or preclusion is effective only if notice of it is published in the certificate.

(6) No person may knowingly or intentionally misrepresent to a certification authority his or her identity or authorization in requesting suspension of a certificate. Violation of this subsection is a misdemeanor.

(7) The subscriber is released from the duty to keep the private key secure under section 305(1) of this act while the certificate is suspended.

**NEW SECTION. Sec. 307. REVOCATION OF A CERTIFICATE.** (1) A licensed certification authority must revoke a certificate that it issued but which is not a transactional certificate, after:

(a) Receiving a request for revocation by the subscriber named in the certificate; and

(b) Confirming that the person requesting revocation is the subscriber, or is an agent of the subscriber with authority to request the revocation.

(2) A licensed certification authority must confirm a request for revocation and revoke a certificate within one business day after receiving both a subscriber's written request and evidence reasonably sufficient to confirm the identity and any agency of the person requesting the suspension.

(3) A licensed certification authority must revoke a certificate that it issued:

(a) Upon receiving a certified copy of the subscriber's death certificate, or upon confirming by other evidence that the subscriber is dead; or

(b) Upon presentation of documents effecting a dissolution of the subscriber, or upon confirming by other evidence that the subscriber has been dissolved or has ceased to exist.

(4) A licensed certification authority may revoke one or more certificates that it issued if the certificates are or become unreliable, regardless of whether the subscriber consents to the revocation and notwithstanding a provision to the contrary in a contract between the subscriber and certification authority.

(5) Immediately upon revocation of a certificate by a licensed certification authority, the licensed certification authority must give notice of the revocation according to the specification in the certificate. If one or more repositories are specified, then the licensed certification authority must publish a signed notice of the revocation in all repositories. If a repository no longer exists or refuses to accept publication, or if no repository is recognized under section 501 of this act, then the licensed certification authority must also publish the notice in a recognized repository.

(6) A subscriber ceases to certify, as provided in section 304 of this act, and has no further duty to keep the private key secure, as required by section 305 of this act, in relation to the certificate whose revocation the subscriber has requested, beginning at the earlier of either:

(a) When notice of the revocation is published as required in subsection (5) of this section; or

(b) One business day after the subscriber requests revocation in writing, supplies to the issuing certification authority information reasonably sufficient to confirm the request, and pays any contractually required fee.

(7) Upon notification as required by subsection (5) of this section, a licensed certification authority is discharged of its warranties based on issuance of the revoked certificate and ceases to certify as provided in section 303(2) and (3) of this act in relation to the revoked certificate.

**NEW SECTION. Sec. 308. EXPIRATION OF A CERTIFICATE.** (1) A certificate must indicate the date on which it expires.

(2) When a certificate expires, the subscriber and certification authority cease to certify as provided in this chapter and the certification authority is discharged of its duties based on issuance, in relation to the expired certificate.

**NEW SECTION. Sec. 309. RECOMMENDED RELIANCE LIMITS AND LIABILITY.** (1) By specifying a recommended reliance limit in a certificate, the issuing certification authority and accepting subscriber recommend that persons rely on the certificate only to the extent that the total amount at risk does not exceed the recommended reliance limit.

(2) Unless a licensed certification authority waives application of this subsection, a licensed certification authority is:

(a) Not liable for a loss caused by reliance on a false or forged digital signature of a subscriber, if, with respect to the false or forged digital signature, the certification authority complied with all material requirements of this chapter;

(b) Not liable in excess of the amount specified in the certificate as its recommended reliance limit for either:

(i) A loss caused by reliance on a misrepresentation in the certificate of a fact that the licensed certification authority is required to confirm; or

(ii) Failure to comply with section 302 of this act in issuing the certificate;

(c) Liable only for direct compensatory damages in an action to recover a loss due to reliance on the certificate. Direct compensatory damages do not include:

(i) Punitive or exemplary damages. Nothing in this chapter may be interpreted to permit punitive or exemplary damages that would not otherwise be permitted by the law of this state;

(ii) Damages for lost profits or opportunity; or

(iii) Damages for pain or suffering.

**NEW SECTION. Sec. 310. COLLECTION BASED ON SUITABLE GUARANTY.** (1)(a) If the suitable guaranty is a surety bond, a person may recover from the surety the full amount of a qualified right to payment against the principal named in the bond, or, if there is more than one such qualified right to payment during the term of the bond, a ratable share, up to a maximum total liability of the surety equal to the amount of the bond.

(b) If the suitable guaranty is a letter of credit, a person may recover from the issuing financial institution only in accordance with the terms of the letter of credit.

Claimants may recover successively on the same suitable guaranty, provided that the total liability on the suitable guaranty to all persons making qualified rights of payment during its term must not exceed the amount of the suitable guaranty.

(2) In addition to recovering the amount of a qualified right to payment, a claimant may recover from the proceeds of the guaranty, until depleted, the attorneys' fees, reasonable in amount, and court costs incurred by the claimant in collecting the claim, provided that the total liability on the suitable guaranty to all persons making qualified rights of payment or recovering attorneys' fees during its term must not exceed the amount of the suitable guaranty.

(3) To recover a qualified right to payment against a surety or issuer of a suitable guaranty, the claimant must:

(a) File written notice of the claim with the secretary stating the name and address of the claimant, the amount claimed, and the grounds for the qualified right to payment, and any other information required by rule by the secretary; and

(b) Append to the notice a certified copy of the judgment on which the qualified right to payment is based.

Recovery of a qualified right to payment from the proceeds of the suitable guaranty is barred unless the claimant substantially complies with this subsection (3).

(4) Recovery of a qualified right to payment from the proceeds of a suitable guaranty are forever barred unless notice of the claim is filed as required in subsection (3)(a) of this section within three years after the occurrence of the violation of this chapter that is the basis for the claim. Notice under this subsection need not include the requirement imposed by subsection (3)(b) of this section.

#### PART IV. EFFECT OF A DIGITAL SIGNATURE

**NEW SECTION. Sec. 401. SATISFACTION OF SIGNATURE REQUIREMENTS.** Where a rule of law requires a signature, or provides for certain consequences in the absence of a signature, that rule is satisfied by a digital signature, if:

(1) No party affected by a digital signature objects to the use of digital signatures in lieu of a signature, and the objection may be evidenced by refusal to provide or accept a digital signature;

(2) That digital signature is verified by reference to the public key listed in a valid certificate issued by a licensed certification authority;

(3) That digital signature was affixed by the signer with the intention of signing the message, and after the signer has had an opportunity to review items being signed; and

(4) The recipient has no knowledge or notice that the signer either:

(a) Breached a duty as a subscriber; or

(b) Does not rightfully hold the private key used to affix the digital signature.

However, nothing in this chapter precludes a mark from being valid as a signature under other applicable law.

**NEW SECTION. Sec. 402. UNRELIABLE DIGITAL SIGNATURES.** Unless otherwise provided by law or contract, the recipient of a digital signature assumes the risk that a digital signature is forged, if reliance on the digital signature is not reasonable under the circumstances. If the recipient determines not to rely on a digital signature under this section, the recipient must promptly notify the signer of any determination not to rely on a digital signature and the grounds for that determination.

**NEW SECTION. Sec. 403. DIGITALLY SIGNED DOCUMENT IS WRITTEN.** A message is as valid, enforceable, and effective as if it had been written on paper, if it:

- (1) Bears in its entirety a digital signature; and
- (2) That digital signature is verified by the public key listed in a certificate that:
  - (a) Was issued by a licensed certification authority; and
  - (b) Was valid at the time the digital signature was created.

Nothing in this chapter shall be construed to eliminate, modify, or condition any other requirements for a contract to be valid, enforceable, and effective. No digital message shall be deemed to be an instrument under the provisions of Title 62A RCW unless all parties to the transaction agree.

**NEW SECTION. Sec. 404. DIGITALLY SIGNED ORIGINALS.** A copy of a digitally signed message is as effective, valid, and enforceable as the original of the message, unless it is evident that the signer designated an instance of the digitally signed message to be a unique original, in which case only that instance constitutes the valid, effective, and enforceable message.

**NEW SECTION. Sec. 405. CERTIFICATE AS AN ACKNOWLEDGMENT.** Unless otherwise provided by law or contract, a certificate issued by a licensed certification authority is an acknowledgment of a digital signature verified by reference to the public key listed in the certificate, regardless of whether words of an express acknowledgment appear with the digital signature and regardless of whether the signer physically appeared before the certification authority when the digital signature was created, if that digital signature is:

- (1) Verifiable by that certificate; and
- (2) Affixed when that certificate was valid.

**NEW SECTION. Sec. 406. PRESUMPTIONS IN ADJUDICATING DISPUTES.** In adjudicating a dispute involving a digital signature, a court of this state presumes that:

(1) A certificate digitally signed by a licensed certification authority and either published in a recognized repository, or made available by the issuing certification authority or by the subscriber listed in the certificate is issued by the certification authority that digitally signed it and is accepted by the subscriber listed in it.

(2) The information listed in a valid certificate and confirmed by a licensed certification authority issuing the certificate is accurate.

(3) If a digital signature is verified by the public key listed in a valid certificate issued by a licensed certification authority:

(a) That digital signature is the digital signature of the subscriber listed in that certificate;

(b) That digital signature was affixed by that subscriber with the intention of signing the message; and

(c) The recipient of that digital signature has no knowledge or notice that the signer:

- (i) Breached a duty as a subscriber; or
- (ii) Does not rightfully hold the private key used to affix the digital signature.

(4) A digital signature was created before it was time stamped by a disinterested person utilizing a trustworthy system.

## PART V. REPOSITORIES

**NEW SECTION. Sec. 501. RECOGNITION OF REPOSITORIES.** (1) The secretary must recognize one or more repositories, after finding that a repository to be recognized:

- (a) Is operated under the direction of a licensed certification authority;
  - (b) Includes a data base containing:
    - (i) Certificates published in the repository;
    - (ii) Notices of suspended or revoked certificates published by licensed certification authorities or other persons suspending or revoking certificates;
    - (iii) Certification authority disclosure records for licensed certification authorities;
    - (iv) All orders or advisory statements published by the secretary in regulating certification authorities; and
    - (v) Other information adopted by rule by the secretary;
  - (c) Operates by means of a trustworthy system;
  - (d) Contains no significant amount of information that is known or likely to be untrue, inaccurate, or not reasonably reliable;
  - (e) Contains certificates published by certification authorities that conform to legally binding requirements that the secretary finds to be substantially similar to, or more stringent toward the certification authorities, than those of this state;
  - (f) Keeps an archive of certificates that have been suspended or revoked, or that have expired, within at least the past three years; and
  - (g) Complies with other reasonable requirements adopted by rule by the secretary.
- (2) A repository may apply to the secretary for recognition by filing a written request and providing evidence to the secretary sufficient for the secretary to find that the conditions for recognition are satisfied.
- (3) A repository may discontinue its recognition by filing thirty days' written notice with the secretary. In addition the secretary may discontinue recognition of a repository in accordance with the administrative procedure act, chapter 34.05 RCW, if it concludes that the repository no longer satisfies the conditions for recognition listed in this section or in rules adopted by the secretary.

**NEW SECTION. Sec. 502. LIABILITY OF REPOSITORIES.** (1) Notwithstanding a disclaimer by the repository or a contract to the contrary between the repository, a certification authority, or a subscriber, a repository is liable for a loss incurred by a person reasonably relying on a digital signature verified by the public key listed in a suspended or revoked certificate, if loss was incurred more than one business day after receipt by the repository of a request to publish notice of the suspension or revocation, and the repository had failed to publish the notice when the person relied on the digital signature.

(2) Unless waived, a recognized repository or the owner or operator of a recognized repository is:

- (a) Not liable for failure to record publication of a suspension or revocation, unless the repository has received notice of publication and one business day has elapsed since the notice was received;
- (b) Not liable under subsection (1) of this section in excess of the amount specified in the certificate as the recommended reliance limit;
- (c) Liable under subsection (1) of this section only for direct compensatory damages, which do not include:
  - (i) Punitive or exemplary damages;
  - (ii) Damages for lost profits or opportunity; or
  - (iii) Damages for pain or suffering;
- (d) Not liable for misrepresentation in a certificate published by a licensed certification authority;
- (e) Not liable for accurately recording or reporting information that a licensed certification authority, or court clerk, or the secretary has published as required or permitted in this chapter, including information about suspension or revocation of a certificate;
- (f) Not liable for reporting information about a certification authority, a certificate, or a subscriber, if the information is published as required or permitted in this chapter or a rule adopted by the secretary, or is published by order of the secretary in the performance of the licensing and regulatory duties of that office under this chapter.

SB 6516 Prime Sponsor, McAuliffe: Changing the timelines for development and implementation of the student assessment system. Reported by Committee on Education

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 28A.630.885 and 1995 c 335 s 505 and 1995 c 209 s 1 are each reenacted and amended to read as follows:

(1) The Washington commission on student learning is hereby established. The primary purposes of the commission are to identify the knowledge and skills all public school students need to know and be able to do based on the student learning goals in RCW 28A.150.210, to develop student assessment and school accountability systems, to review current school district data reporting requirements and make recommendations on what data is necessary for the purposes of accountability and meeting state information needs, and to take other steps necessary to develop a performance-based

education system. The commission shall include three members of the state board of education, three members appointed by the governor before July 1, 1992, and five members appointed no later than June 1, 1993, by the governor elected in the November 1992 election. The governor shall appoint a chair from the commission members, and fill any vacancies in gubernatorial appointments that may occur. The state board of education shall fill any vacancies of state board of education appointments that may occur. In making the appointments, educators, business leaders, and parents shall be represented, and nominations from state-wide education, business, and parent organizations shall be requested. Efforts shall be made to ensure that the commission reflects the racial and ethnic diversity of the state's K-12 student population and that the major geographic regions in the state are represented. Appointees shall be qualified individuals who are supportive of educational restructuring, who have a positive record of service, and who will devote sufficient time to the responsibilities of the commission to ensure that the objectives of the commission are achieved.

(2) The commission shall establish advisory committees. Membership of the advisory committees shall include, but not necessarily be limited to, professionals from the office of the superintendent of public instruction and the state board of education, and other state and local educational practitioners and student assessment specialists.

(3) The commission, with the assistance of the advisory committees, shall:

(a) Develop essential academic learning requirements based on the student learning goals in RCW 28A.150.210. Essential academic learning requirements shall be developed, to the extent possible, for each of the student learning goals in RCW 28A.150.210. Goals one and two shall be considered primary. Essential academic learning requirements for RCW 28A.150.210(1), goal one, and the mathematics component of RCW 28A.150.210(2), goal two, shall be completed no later than March 1, 1995. Essential academic learning requirements that incorporate the remainder of RCW 28A.150.210 (2), (3), and (4), goals two, three, and four, shall be completed no later than March 1, 1996. To the maximum extent possible, the commission shall integrate goal four and the knowledge and skill areas in the other goals in the development of the essential academic learning requirements;

(b)(i) The commission shall present to the state board of education and superintendent of public instruction a state-wide academic assessment system for use in the elementary, middle, and high school years designed to determine if each student has mastered the essential academic learning requirements identified in (a) of this subsection. The academic assessment system shall include a variety of assessment methods that are criterion-referenced, including performance-based measures (~~that are criterion-referenced~~). Performance standards for determining if a student has successfully completed an assessment shall be initially determined by the commission in consultation with the advisory committees required in subsection (2) of this section.

(ii) The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who have not mastered the essential academic learning requirements at the appropriate periods in the student's educational development.

(iii) Assessments measuring the essential academic learning requirements developed for RCW 28A.150.210(1), goal one, and the mathematics component of RCW 28A.150.210(2), goal two, shall be ~~((initially implemented by the state board of education and superintendent of public instruction no later than the 1996-97 school year,))~~ developed and initially implemented by the commission before transferring the assessment system to the superintendent of public instruction. For goal one and the mathematics component of goal two, the elementary assessment shall be available for use by districts no later than the 1996-97 school year, the middle grades assessment no later than the 1997-98 school year, and the high school assessment no later than the 1998-99 school year unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements. The assessment system shall be transferred to the superintendent of public instruction no later than June 30, 1999, for continued implementation. Assessments measuring the essential academic learning requirements developed for RCW 28A.150.210 (2) except mathematics, (3), and (4), goals two, three, and four, shall be ((initially implemented by the state board of education and)) developed and initially implemented by the commission before transferring the assessments to the superintendent of public instruction, unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements. The assessments shall be transferred to the superintendent of public instruction no later than ((the 1998-99 school year, unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements)) June 30, 1999, for continued implementation.

The assessments in history, geography, civics, health, fitness, and the arts shall not include state-level assessments in the elementary grades, but shall include classroom-based assessments for voluntary use. However, by December 1, 2001, the state board of education shall make recommendations to the legislature regarding whether state-level assessments should be required for history, geography, civics, health, fitness, and the arts in the elementary grades.

The commission shall work closely with the superintendent of public instruction and the state board of education during the development and initial implementation of the assessment system. To the maximum extent possible, the commission shall integrate knowledge and skill areas in development of the assessments.

(iv) Before the 2000-2001 school year, participation by school districts in the assessment system shall be optional. School districts that desire to participate before the 2000-2001 school year shall notify the commission on student learning or the superintendent of public instruction, as appropriate, in a manner determined by the commission or superintendent. Beginning in the 2000-2001 school year, all school districts shall be required to participate in the assessment system.

(v) The commission on student learning may modify the essential academic learning requirements and the assessments, as needed, on or before June 30, 1999. The state board of education ((and superintendent of public instruction)) may modify the essential academic learning requirements ((and academic assessment system)), as needed, ((in subsequent school years)) after June 30, 1999, and the superintendent of public instruction may modify the academic assessment system, as needed, after June 30, 1999.

(vi) The commission shall develop assessments that are directly related to the essential academic learning requirements, and are not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender;

(c) After a determination is made by the state board of education that the high school assessment system has been implemented and that it is sufficiently reliable and valid, successful completion of the high school assessment shall lead to a certificate of mastery. The certificate of mastery shall be obtained by most students at about the age of sixteen, and is evidence that the student has successfully mastered the essential academic learning requirements during his or her educational career. ~~((The certificate of mastery shall be required for graduation but shall not be the only requirement for graduation. The commission shall make recommendations to the state board of education regarding the relationship between the certificate of mastery and high school graduation requirements.))~~ The state board of education and the commission shall make recommendations to the legislature regarding whether the certificate of mastery should be a graduation requirement. The certificate of mastery shall not be implemented as a state-wide graduation requirement until legislation is enacted directing the state board of education to make it a state-wide requirement. Upon achieving the certificate of mastery, schools shall provide students with the opportunity to continue to pursue career and educational objectives through educational pathways that emphasize integration of academic and vocational education. Educational pathways may include, but are not limited to, programs such as work-based learning, school-to-work transition, tech prep, vocational-technical education, running start, and preparation for technical college, community college, or university education;

(d) Consider methods to address the unique needs of special education students when developing the assessments in (b) and (c) of this subsection;

(e) Consider methods to address the unique needs of highly capable students when developing the assessments in (b) and (c) of this subsection;

(f) Develop recommendations on the time, support, and resources, including technical assistance, needed by schools and school districts to help students achieve the essential academic learning requirements. These recommendations shall include an estimate for the legislature, superintendent of public instruction, and governor on the expected cost of implementing the academic assessment system;

(g) Develop recommendations for consideration by the higher education coordinating board for adopting college and university entrance requirements for public school students that are consistent with the essential academic learning requirements and the certificate of mastery;

(h) Review current school district data reporting requirements for the purposes of accountability and meeting state information needs. The commission on student learning shall report recommendations to the joint select committee on education restructuring by September 15, 1996, on:

(i) What data is necessary to compare how school districts are performing before the essential academic learning requirements and the assessment system are implemented with how school districts

are performing after the essential academic learning requirements and the assessment system are implemented; and

(ii) What data is necessary pertaining to school district reports under the accountability systems developed by the commission on student learning under this section;

(i) By June 30, 1999, recommend to the legislature, governor, state board of education, and superintendent of public instruction:

(i) A state-wide accountability system to monitor and evaluate accurately and fairly the level of learning occurring in individual schools and school districts. The accountability system shall be designed to recognize the characteristics of the student population of schools and school districts such as gender, race, ethnicity, socioeconomic status, and other factors. The system shall include school-site, school district, and state-level accountability reports;

(ii) A school assistance program to help schools and school districts that are having difficulty helping students meet the essential academic learning requirements;

(iii) A system to intervene in schools and school districts in which significant numbers of students persistently fail to learn the essential academic learning requirements; and

(iv) An awards program to provide incentives to school staff to help their students learn the essential academic learning requirements, with each school being assessed individually against its own baseline. Incentives shall be based on the rate of percentage change of students achieving the essential academic learning requirements. School staff shall determine how the awards will be spent.

It is the intent of the legislature to begin implementation of programs in this subsection (3)(i) on September 1, 2000;

(j) Report annually by December 1st to the legislature, the governor, the superintendent of public instruction, and the state board of education on the progress, findings, and recommendations of the commission; and

(k) Make recommendations to the legislature and take other actions necessary or desirable to help students meet the student learning goals.

(4) The commission shall coordinate its activities with the state board of education and the office of the superintendent of public instruction.

(5) The commission shall seek advice broadly from the public and all interested educational organizations in the conduct of its work, including holding periodic regional public hearings.

(6) The commission shall select an entity to provide staff support and the office of the superintendent of public instruction shall provide administrative oversight and be the fiscal agent for the commission. The commission may direct the office of the superintendent of public instruction to enter into subcontracts, within the commission's resources, with school districts, teachers, higher education faculty, state agencies, business organizations, and other individuals and organizations to assist the commission in its deliberations.

(7) Members of the commission shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.

(8) This section expires June 30, 1999.

**NEW SECTION. Sec. 2.** (1) By December 15, 1996, the commission on student learning shall recommend to the appropriate committees of the legislature a revised timeline for the implementation of the middle and high school assessments for science, history, geography, civics, health, fitness, and the arts, and the elementary assessment for science.

(2) By December 15, 1996, the state board of education and the commission on student learning shall make initial recommendations to the appropriate committees of the legislature regarding the implementation timeline for the certificate of mastery, including whether it should be a graduation requirement. The board and commission shall consider other or additional methods in which the assessments could be used to raise the standards in schools and of students, and how these methods should be phased-in.

(3) This section shall expire December 31, 1996.

**NEW SECTION. Sec. 3.** 1995 c 335 s 803 (uncodified) is repealed."

ESSB 6753 Prime Sponsor, Committee on Transportation: Improving the Tacoma Narrows bridge.  
Reported by Committee on Transportation

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 47.46.030 and 1995 2nd sp.s. c 19 s 2 are each amended to read as follows:

(1) The secretary or a designee shall solicit proposals from, and negotiate and enter into agreements with, private entities to undertake as appropriate, together with the department and other public entities, all or a portion of the study, planning, design, construction, operation, and maintenance of transportation systems and facilities, using in whole or in part private sources of financing.

The public-private initiatives program may develop up to six demonstration projects. Each proposal shall be weighed on its own merits, and each of the six agreements shall be negotiated individually, and as a stand-alone project.

(2) If project proposals selected prior to September 1, 1994, are terminated by the public or private sectors, the department shall not select any new projects, including project proposals submitted to the department prior to September 1, 1994, and designated by the transportation commission as placeholder projects, after June 16, 1995, until June 30, 1997.

The department, in consultation with the legislative transportation committee, shall conduct a program and fiscal audit of the public-private initiatives program for the biennium ending June 30, 1997. The department shall submit a progress report to the legislative transportation committee on the

program and fiscal audit by June 30, 1996, with preliminary and final audit reports due December 1, 1996, and June 30, 1997, respectively.

The department shall develop and submit a proposed public involvement plan to the 1997 legislature to identify the process for selecting new potential projects and the associated costs of implementing the plan. The legislature must adopt the public involvement plan before the department may proceed with any activity related to project identification and selection. Following legislative adoption of the public involvement plan, the department is authorized to implement the plan and to identify potential new projects.

The public involvement plan for projects selected after June 30, 1997, shall, at a minimum, identify projects that: (a) Have the potential of achieving overall public support among users of the projects, residents of communities in the vicinity of the projects, and residents of communities impacted by the projects; (b) meet a state transportation need; (c) provide a significant state benefit; and (d) provide competition among proposers and maximum cost benefits to users. Prospective projects may include projects identified by the department or submitted by the private sector.

Projects that meet the minimum criteria established under this section and the requirements of the public involvement plan developed by the department and approved by the legislature shall be submitted to the Washington state transportation commission for its review. The commission, in turn, shall submit a list of eligible projects to the legislative transportation committee for its consideration. Forty-five days after the submission to the legislative transportation committee of the list of eligible projects, the secretary is authorized to solicit proposals for the eligible project.

(3) Prior to entering into agreements with private entities under the requirements of RCW 47.46.040 for any project proposal selected before September 1, 1994, or after June 30, 1997, except as provided for in subsections ~~((10))~~ (11) and ~~((11))~~ (12) of this section, the department shall require an advisory vote as provided under subsections ~~((4))~~ (5) through ~~((9))~~ (10) of this section.

(4) The advisory vote shall apply to project proposals selected prior to September 1, 1994, or after June 30, 1997, that receive public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project collected and submitted in accordance with the dates established in subsections (12) and (13) of this section. The advisory vote shall be on the preferred alternative identified under the requirements of chapter 43.21C RCW and, if applicable, the national environmental policy act, 42 U.S.C. 4321 et seq. (5) In preparing for the advisory vote, the department shall conduct a comprehensive analysis of traffic patterns and economic impact to define the geographical boundary of the project area that is affected by the imposition of tolls or user fees authorized under this chapter. The area so defined is referred to in this section as the affected project area. In defining the affected project area, the department shall, at a minimum, undertake: (a) A comparison of the estimated percentage of residents of communities in the vicinity of the project and in other communities impacted by the project who could be subject to tolls or user fees and the estimated percentage of other users and transient traffic that could be subject to tolls or user fees; (b) an analysis of the anticipated traffic diversion patterns; (c) an analysis of the potential economic impact resulting from proposed toll rates or user fee rates imposed on residents, commercial traffic, and commercial entities in communities in the vicinity of and impacted by the project; (d) an analysis of the economic impact of tolls or user fees on the price of goods and services generally; and (e) an analysis of the relationship of the project to state transportation needs and benefits.

~~((5))~~ (6)(a) After determining the definition of the affected project area, the department shall establish a committee comprised of individuals who represent cities and counties in the affected project area; organizations formed to support or oppose the project; and users of the project. organization exists; and (v) four public members active in a state-wide transportation organization. If the committee makeup results in an even number of committee members, there shall be an additional appointment of an elected official from the county in which all, or the greatest portion of the project is located.

(c) City and county elected officials shall be appointed by a majority of the members of the city or county legislative authorities of each city or county within the affected project area, respectively. The county legislative authority of each county within the affected project area shall identify and validate organizations officially formed in support of or in opposition to the project and shall make the appointments required under this section from a list submitted by the chair of the organizations. Public members shall be appointed by the governor. All appointments to the local involvement committee shall be made and submitted to the department of transportation no later than January 1, 1996, for projects selected prior to September 1, 1994, and no later than thirty days after the affected project area is defined for projects selected after June 30, 1997. Within fourteen calendar days after the public comment period, the department shall set the boundaries of the affected project area in units no smaller than a precinct as defined in RCW 29.01.120.

~~((7))~~ (8) The department, in consultation with the local involvement committee, shall develop a description for selected project proposals. After developing the description of the project proposal, the department shall publish the project proposal description in newspapers of general circulation for seven calendar days in the affected project area. Within fourteen calendar days after the last day of the publication of the project proposal description, the department shall transmit a copy of the map depicting the affected project area and the description of the project proposal to the county auditor of the county in which any portion of the affected project area is located.

~~((8))~~ (9) The department shall provide the legislative transportation committee with progress reports on the status of the definition of the affected project area and the description of the project proposal.

The county auditor shall prepare the text identifying and describing the affected project area and the project proposal using the definition of the geographical boundary of the affected project area and the project description submitted by the department and shall set an election date for the submission of a ballot proposition authorizing the imposition of tolls or user fees to implement the proposed project within the affected project area, which date may be the next succeeding general election to be held in the state, or at a special election, if requested by the department. The text of the project proposal must appear in a voter's pamphlet for the affected project area. The department shall pay the costs of publication and distribution. The special election date must be the next date for a special election provided under RCW 29.13.020 that is at least sixty days but, if authorized under RCW 29.13.020, no more than ninety days after the receipt of the final map and project description by the auditor. The department shall pay the cost of an election held under this section.

~~((10))~~ (11) Notwithstanding any other provision of law, the department may contract with a private developer of a selected project proposal to conduct environmental impact studies, a public involvement program, and engineering and technical studies funded by the legislature. For projects subject to this subsection, the department shall not enter into an agreement under RCW 47.46.040 prior to the advisory vote on the preferred alternative.

(12) Subsections ~~((4))~~ (5) through ~~((9))~~ (10) of this section shall not apply to project proposals selected prior to September 1, 1994, that have no organized public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand

DATE . . . . . BUYER . . . . . BUYER

(2) The real property transfer disclosure statement shall be for disclosure only, and shall not be considered part of any written agreement between the buyer and seller of residential real property. The real property transfer disclosure statement shall be only a disclosure made by the seller, and not any real estate licensee involved in the transaction, and shall not be construed as a warranty of any kind by the seller or any real estate licensee involved in the transaction.

**Sec. 3.** RCW 64.06.030 and 1994 c 200 s 4 are each amended to read as follows:

Unless the buyer has expressly waived the right to receive the disclosure statement, ~~((within))~~ not later than five business days or as otherwise agreed to, ~~((of))~~ after mutual acceptance of a written agreement between a buyer and a seller for the purchase and sale of residential real property, the seller shall deliver to the buyer a completed, signed, and dated real property transfer disclosure statement. Within three business days, or as otherwise agreed to, of receipt of the real property transfer disclosure statement, the buyer shall have the right to exercise one of the following two options: (1) Approving and accepting the real property transfer disclosure statement; or (2) rescinding the agreement for the purchase and sale of the property, which decision may be made by the buyer in the buyer's sole discretion. If the buyer elects to rescind the agreement, the buyer must deliver written notice of rescission to the seller within the three-business-day period, or as otherwise agreed to, and upon delivery of the written rescission notice the buyer shall be entitled to immediate return of all deposits and other considerations less any agreed disbursements paid to the seller, or to the seller's agent or an escrow agent for the seller's account, and the agreement for purchase and sale shall be void. If the buyer does not deliver a written rescission notice to [the] seller within the three-business-day period, or as otherwise agreed to, the real property transfer disclosure statement will be deemed approved and accepted by the buyer.

**Sec. 4.** RCW 64.06.040 and 1994 c 200 s 5 are each amended to read as follows:

(1) If, after the date that a seller of residential real property completes a real property transfer disclosure statement, the seller becomes aware of additional information, or an adverse change occurs which makes any of the disclosures made inaccurate, the seller shall amend the real property transfer disclosure statement, and deliver the amendment to the buyer. No amendment shall be required, however, if the seller takes whatever corrective action is necessary so that the accuracy of the disclosure is restored, or the adverse change is corrected, at least three business days prior to the closing date. Unless the ~~((adverse change is corrected or repaired))~~ corrective action is completed by the seller prior to the closing date, the buyer shall have the right to exercise one of the following two options: (a) Approving and accepting the amendment, or (b) rescinding the agreement of purchase and sale of the property within three business days after receiving the amended real property transfer disclosure statement. Acceptance or rescission shall be subject to the same procedures described in RCW

64.06.030. If the closing date provided in the purchase and sale agreement is scheduled to occur within the three-business-day rescission period provided for in this section, the closing date shall be extended until the expiration of the three-business-day rescission period. The buyer shall have no right of rescission if the seller takes whatever action is necessary so that the accuracy of the disclosure is restored at least three business days prior to the closing date.

(2) In the event any act, occurrence, or agreement arising or becoming known after the closing of a residential real property transfer causes a real property transfer disclosure statement to be inaccurate in any way, the seller of such property shall have no obligation to amend the disclosure statement, and the buyer shall not have the right to rescind the transaction under this chapter.

(3) If the seller in a residential real property transfer fails or refuses to provide to the prospective buyer a real property transfer disclosure statement as required under this chapter, the prospective buyer's right of rescission under this section shall apply until the earlier of three business days after receipt of the real property transfer disclosure statement or the date the transfer has closed, unless the buyer has otherwise waived the right of rescission in writing. Closing is deemed to occur when the buyer has paid the purchase price, or down payment, and the conveyance document, including a deed or real estate contract, from the seller has been delivered and recorded. After closing, the seller's obligation to deliver the real property transfer disclosure statement and the buyer's rights and remedies under this chapter shall terminate.

**Sec. 5.** RCW 64.06.050 and 1994 c 200 s 6 are each amended to read as follows:

(1) The seller of residential real property shall not be liable for any error, inaccuracy, or omission in the real property transfer disclosure statement if the seller had no ~~((personal))~~ actual knowledge of the error, inaccuracy, or omission. Unless the seller of residential real property has actual knowledge of an error, inaccuracy, or omission in a real property transfer disclosure statement, the seller shall not be liable for such error, inaccuracy, or omission if the disclosure was based on information provided by public agencies, or by other persons providing information within the scope of their professional license or expertise, including, but not limited to, a report or opinion delivered by a land surveyor, title company, title insurance company, structural inspector, pest inspector, licensed engineer, or contractor.

(2) Any licensed real estate salesperson or broker involved in a residential real property transaction is not liable for any error, inaccuracy, or omission in the real property transfer disclosure statement if the licensee had no ~~((personal))~~ actual knowledge of the error, inaccuracy, or omission. Unless the salesperson or broker has actual knowledge of an error, inaccuracy, or omission in a real property transfer disclosure statement, the salesperson or broker shall not be liable for such error, inaccuracy, or omission if the disclosure was based on information provided by public agencies, or by other persons providing information within the scope of their professional license or expertise, including, but not limited to, a report or opinion delivered by a land surveyor, title company, title insurance company, structural inspector, pest inspector, licensed engineer, or contractor.

**Sec. 6.** RCW 64.06.070 and 1994 c 200 s 8 are each amended to read as follows:

Except as provided in RCW 64.06.050, nothing in this chapter shall extinguish or impair any rights or remedies of a buyer of real estate against the seller or against any agent acting for the seller otherwise existing pursuant to common law, statute, or contract; nor shall anything in this chapter create any new right or remedy for a buyer of residential real property other than the right of rescission exercised on the basis and within the time limits provided in this chapter.
