The Honorable Mike Lowry  
Office of the Governor  
Legislative Building  
P.O. Box 4002

Olympia, WA 98504-0002

Dear Governor Lowry:

After lengthy consideration and sometimes mixed emotions, I am submitting my resignation as State Representative, 6th Legislative District, Position 2. Effective at midnight on Sunday, October 29, 1995.

Over the past five years, I have been greatly honored to serve the people of the Spokane area, and the State in general. These have been exciting times during which major issues have come to the forefront of public debate-issues that impact the daily lives of our citizens such as health care, juvenile crime, taxes and the overall role that government should fill.

But these are also exciting and challenging times for the individuals of our state, including myself. As we wrestle with our duties as elected officials, we join with every other citizen in balancing personal decisions concerning personal career opportunities and more importantly, our families.

At this point in my life, I not only have exciting career options in the private sector to consider, but also have family responsibilities that will require more of my time. Any attempt to continue in my legislative role now would not be fair to my family nor would it serve the best interests of the people of Spokane who deserve full representation.

Thank you for your attention to this matter. Please don't hesitate to contact me if you have questions or need additional information.

Sincerely,  
Todd Mielke

The Honorable Mike Lowry  
Office of the Governor  
Legislative Building  
Olympia, WA 98504-0002

Dear Governor Lowry:

I am writing to inform you that I am officially resigning my seat in the Washington State House of Representatives effective January 1, 1996. The date coincides with the time necessary for the replacement process to select my successor.

It has been a tremendous honor to represent the people of the 33rd Legislative District and the state of Washington. I am eternally grateful to the people who lent me their trust and sent me to Olympia to represent them. I also want to thank the people who didn't care for many of my opinions and took the time to go out and vote for my opponents. Voters, regardless of viewpoint, are the key to democracy.

My decision to resign comes after long consideration and with mixed emotion. I have so enjoyed the people from all over the state whom I have met and worked with over the last seven years.

I am very proud to have worked with you, Governor Gardner and legislators from across the political and geographic spectrum to achieve many major accomplishments. I will undoubtedly bore my grandchildren with proud (and possibly a little embellished) stories of those victories someday. I wouldn't trade this experience for any other in my professional life.

But, there always comes a time to move on. I believe that I can have a greater effect on the issues most critical to our children's future by pursuing other office. If the voters of this state grant me this next promotion, I look forward to continuing my work to improve our public schools, reform our political system and make government work better for the hard working people of Washington state.

I wish you a successful 1996 Legislative Session. I know the job will be monumental, but I have great confidence that you and the Legislature will step up to it. I admired your ability to effectively deal with our divided Legislature in 1995 and I'm sure you will have the same success this year.

Sincerely,  
Greg Fisher

#### INITIATIVE 177

I, Ralph Munro, Secretary of State of the State of Washington and custodian of its seal, hereby certify that, according to the records on file in my office, the attached copy of Initiative Measure No. 177 to the Legislature is a true and correct copy as it was received by this office.

# **The Education Excellence Initiative Initiative 1XX (FILED 8/1/95)**

**An Initiative to the Legislature of the State of Washington**

FILED with the Secretary of State on July 17, 1995,

REVIEWED by the Code Reviser between July 17 - 24, 1995, and  
REFILED with the Secretary of State on August 1, 1995

**for enactment without amendment during the January 1996 legislative session, or if not, to be enacted or rejected by a vote of the People no later than November 5, 1996.**

**PROPOSED Ballot Title**  
**(final ballot title to be drafted by the Attorney General):**

[maximum of 20 words — 20 words shown below]

Shall voters decide whether their local school district should channel per-student funding to nonprofit independent public schools that parents choose?

**PROPOSED Ballot Measure Summary**  
**(final ballot measure summary to be drafted by the Attorney General):**

[maximum of 75 words — 71 words shown below]

This measure gives local voters the option to renew their own school district. Within renewed school districts, nonprofit organizations may open new, independent public schools which parents may then choose for their own children. Per-student district funds (including any funds for special needs) would follow each student to the independent public schools that parents choose. All independent public schools would enjoy reduced regulations and provide an enrollment preference to low-income students.

AN ACT Relating to education; adding a new chapter to Title 28A RCW; creating a new section; and prescribing penalties.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

NEW SECTION. **Sec. 1. PURPOSE.** The People have proposed and enacted this initiative to restore accountability, efficiency, and parental choice to public education. The current public school system has lost its academic focus, become excessively bureaucratic, and abridged the rights of parents and taxpayers. Accordingly, the People have chosen to use the initiative process to restore excellence to public education by returning power to parents and our communities.

NEW SECTION. **Sec. 2. SHORT TITLE.** Chapter . . . , Laws of 1996 (this act) shall be known as the Education Excellence Act.

NEW SECTION. **Sec. 3. DEFINITIONS.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "**Renewed public school district**" means any public school district whose voters have voted to adopt the optional public education reforms authorized by this chapter.

(2) "**Public schools**" means both government-operated public schools and independent public schools.

(3) "**Parent**" and "**parents**" means that person or those persons who have legal custody of a child, including without limitation, a court-appointed guardian.

(4) "**Certificated teacher**" means any person who is certificated by the state board of education, under provisions adopted by the legislature, as qualified to teach at any publicly funded school in Washington, whether or not the person may also be an administrator.

(5) "**Low-income students**" means those students who qualify for assistance under a federally subsidized school meal program or who live in families whose most recent calendar year adjusted gross income was less than one hundred fifty percent of the federal poverty line, or who have met either criteria during any of the prior two years.

(6) "**Special needs students**" means those students who qualify as such under state and/or federal definitions for handicapped or learning assistance programs.

(7) "**Independent public school**" means a non-profit organization that has obtained a license to operate a public school in a renewed public school district in accordance with section 6(6) of this act.

**(8) "Government-operated public school"** means any public school that is managed by a public school district or a renewed public school district.

**(9) "Reasonable monthly rent"** means a monthly rent that does not exceed fair market value, i.e., the rent that would be charged in a free market to rent substantially similar property, without reference to replacement cost.

**(10) "Below-market monthly rent"** means a monthly rent that is more than 10% below fair market value.

**NEW SECTION. Sec. 4. ELIMINATION OF UNNECESSARY BUREAUCRACY IN RENEWED PUBLIC SCHOOL DISTRICTS THROUGH REDUCED REGULATIONS, INCREASED ACCOUNTABILITY AND PARENTAL CHOICE.**

**(1) CREATION OF INDEPENDENT PUBLIC SCHOOLS.** At any time on or before August 1st of each year, non-profit organizations may obtain licenses to open and operate new independent public schools in any renewed public school district, beginning with the first day of the next school year.

**(2) REDUCED REGULATIONS.** All independent public schools shall be exempt from all laws and rules except those that applied to approved private schools on December 31, 1994 or those that are specifically authorized by this chapter. Except for the payment of a reasonable processing fee, which shall not exceed two percent of the funds redistributed to an independent public school, and the payment of a reasonable monthly rent for any real and personal property owned by a renewed public school district and used by an independent public school, an independent public school shall not be required to pay for any services received from the district unless it specifically agrees to do so in writing. Similarly, except for providing transportation services in appropriate circumstances, a renewed public school district is not required to provide any services to any independent public school unless the school specifically agrees in writing to pay for the services. Each independent public school may contract for services with its renewed public school district or with any other willing provider.

**(3) INCREASED ACCOUNTABILITY.** All independent public schools shall be schools of choice: Students will usually attend only if their parents choose the school. Each independent public school shall receive public funding based on the number and special needs status of the students attending the school. In general, an independent public school shall receive more public funding as its enrollment increases, and/or as its enrollment of special needs students increases. Similarly, an independent public school shall receive less public funding as its enrollment decreases, and/or as its enrollment of special needs students decreases. An independent public school shall receive public funding only to the extent that parents choose to enroll their children at the school and educational services are actually provided. Any independent public school that does not have sufficient space to enroll all of the children seeking admission to the school may expand its operations immediately, either at its current site or at one or more additional sites.

**(4) PARENTAL CHOICE.**

**(a) PARENTS' RIGHT TO CHOOSE THE BEST SCHOOL FOR THEIR CHILDREN.** A parent who wants to send his or her school-age child to a public school in a renewed public school district may choose any public school with an opening in the district, or any other district, whether the school is a government-operated public school or an independent public school. In addition, a parent may withdraw his or her school-age child at any time from any government-operated public school or independent public school as long as he or she has already made alternative arrangements approved under state law.

**(b) DISTRICT CHOOSES FOR PARENTS WHO DO NOT CHOOSE.** If the parents of a school-age child fail to make a school choice before June 15th, the district shall assign the child to the public school that the district determines would provide the best educational environment for the child.

**(c) AUTHORIZED LIMITATIONS ON PARENTAL CHOICE.** The superintendent of a renewed public school district may, by sending a letter via certified mail, return receipt requested, limit a parent's choice to one or more of the public schools within the renewed public school district, but only in the following situations:

**(i) Truancy and Expulsions.** With respect to any student who has been expelled from a public school, or who has been absent from school without a reasonable excuse for more than five days during the school year, parental choice may be limited with respect to the balance of the school year only.

**(ii) Excessive School Changes.** With respect to any student who has changed public schools more than twice in any one school year without a change of residence, parental choice may be limited with respect to the balance of the school year only.

**(iii) Criminal Misconduct.** With respect to any student who has been convicted in any jurisdiction of criminal misconduct constituting a gross misdemeanor or a felony, parental choice may be limited indefinitely.

**(iv) Extraordinary Situations.** In extraordinary situations, the superintendent of a renewed school public school district may petition a court of competent jurisdiction to appoint a guardian solely for the purpose of

selecting among the public schools in a renewed public school district. In such a proceeding, the superintendent shall have the burden of proving, with clear and convincing evidence, that the petition is in the best interests of the child involved.

**(d) UNAUTHORIZED LIMITATIONS ON PARENTAL CHOICE.** No contract may directly or indirectly limit a parent's right to choose the public school within a renewed public school district that the parent believes is the best public school for his or her child. The part of any contract that violates this section, including any no-competition covenant in any employment contract between a teacher and a public school, is unenforceable.

**NEW SECTION. Sec. 5. RIGHT OF THE PARENTS AND TEACHERS AT ANY GOVERNMENT-OPERATED PUBLIC SCHOOL TO CONVERT THEIR SCHOOL TO AN INDEPENDENT PUBLIC SCHOOL.**

**(1) MAJORITY SUPPORT REQUIRED.** A government-operated public school located in a renewed public school district shall convert to an independent public school if either:

**(a)** At least two-thirds of the families whose children attend the school sign a written petition to convert the school; or

**(b)** A majority of the families and a majority of the teachers employed full time at the school sign such a petition.

**(2) CONSENT MAY BE REVOKED AT ANY TIME BEFORE A PETITION IS FILED.** In two-parent families, either parent may sign on behalf of the family unless the other parent delivers a written and signed notice to the independent public school before the petition is filed with the renewed public school district and the superintendent of public instruction. Similarly, a parent or teacher may, in the same manner, withdraw his or her support for a petition at any time before it is filed with the renewed public school district and the superintendent of public instruction.

**(3) ARBITRATION OF DISPUTES.** Any challenge to a petition, including a challenge asserting a lack of sufficient support among a school's parents and/or teachers, shall be resolved by binding arbitration in accordance with section 21 of this act.

**(4) CONVERSION PROCESS.** The petition shall identify the existing or proposed independent public school that has accepted responsibility for managing the school site after the conversion, as well as the date the conversion shall take place. An independent public school created in this manner may continue to rent, at a reasonable monthly rate, the same school site and/or related facilities previously used by the government-operated public school. The renewed public school district shall not discontinue the rental arrangement as long as the independent public school agrees to and does pay a reasonable rent in a timely manner. Alternatively, the newly created independent public school may rent, lease, or purchase classroom or school facilities elsewhere in the district from any other willing provider.

**NEW SECTION. Sec. 6. REQUIREMENTS FOR INDEPENDENT PUBLIC SCHOOLS.** Independent public schools shall meet all of the following requirements:

**(1) INDEPENDENT PUBLIC SCHOOLS SHALL BE NON-PROFIT ORGANIZATIONS.** Every independent public school shall be a non-profit organization, including but not limited to non-profit corporations created in accordance with Title 24 RCW. The names and work addresses of all officers, principals, and board members of independent public schools shall be a matter of public record.

**(2) INDEPENDENT PUBLIC SCHOOLS SHALL PREPARE EDUCATION ACHIEVEMENT PLANS FOR EACH STUDENT.** An independent public school may receive public funding only for those students enrolled for whom an education achievement plan has been completed. Every request for public funding filed by an independent public school shall include a certification by the independent public school that it has a completed education achievement plan on file for each student listed. For purposes of this section, an education achievement plan shall be deemed completed if it is in writing and signed by the classroom teacher, the principal, and at least one of the student's parents. Every parent shall receive a fully signed copy of his or her student's education achievement plan each time it is prepared or formally reviewed, regardless of whether it is revised. In September, January, and June, each student's education achievement plan shall be prepared or formally reviewed and signed by the classroom teacher, the principal, and at least one of the student's parents.

**(3) INDEPENDENT PUBLIC SCHOOLS SHALL EMPLOY CERTIFICATED TEACHERS.** All independent public schools shall comply with the requirements for "approved" private schools that were in force on December 31, 1994, with respect to the number of teachers employed by the school who must be certificated teachers.

**(4) INDEPENDENT PUBLIC SCHOOLS SHALL MEET ALL OF THE REQUIREMENTS FOR OPERATING AN APPROVED PRIVATE SCHOOL THAT WERE IN FORCE ON 12/31/94.** All independent public schools shall meet all of the requirements for operating an approved private school that were in force on December 31, 1994.

**(5) INDEPENDENT PUBLIC SCHOOLS SHALL NOT BE REQUIRED TO IMPLEMENT "PERFORMANCE-BASED" EDUCATION UNDER HB-1209.** The timelines and requirements of chapter 336, Laws of

1993, also known as "House Bill No. 1209" shall be optional for independent public schools, just as they are optional for private schools and home-based instruction.

**(6) INDEPENDENT PUBLIC SCHOOLS SHALL OBTAIN A LICENSE TO OPERATE EACH YEAR.**

**(a) GENERAL RULES.** All independent public schools shall be licensed. To obtain an independent public school license, a non-profit organization shall file a license application with each renewed public school district in which it intends to operate no later than the August 1st before its first year of operation in the district, and file an application for license renewal during June or July of each subsequent year. All such applications shall include a copy of the applicant's non-profit certificate, articles of incorporation (if any) and bylaws, and a brochure, pamphlet or handout that includes the following information, if the information is reasonably available:

- (i)** The names, addresses, and telephone numbers of the applicant, its principal, and each member of its board of directors;
- (ii)** The scope, sequence, and benchmarks of the applicant's academic program or proposed program;
- (iii)** For renewal applications, if test score information is available, the average student test scores from the latest state-wide, objective, normed tests, and the average annual improvement in same-student test scores;
- (iv)** The names and qualifications of its current teachers and staff;
- (v)** Any affiliations with other institutions, public or private;
- (vi)** The applicant's expectations about student performance and behavior, including a copy of its current or proposed code of conduct;
- (vii)** Any problems known to the applicant's principal and board members that could have a substantial negative impact on the health or safety of its students;
- (viii)** The amount and kinds of coverage provided by the applicant's liability insurance policy, including the name and phone number of the insurance company, the policy number, and its renewal date; and
- (ix)** A description of each existing or proposed school site.

**(b) PROCEDURES FOR DENYING A LICENSE APPLICATION.** The renewed public school district shall approve or deny each application within fourteen days of its receipt and promptly forward approved applications to the superintendent of public instruction who shall promptly issue the license. No application may be denied unless the renewed public school district notifies the applicant in writing of specific substantial objections based upon a preponderance of the credible evidence that the applicant does not satisfy one or more of the specific requirements for an independent public school as set forth in this chapter, and unless the applicant is provided with a reasonable opportunity to cure the objections noted. License application denials may be appealed to the superintendent of public instruction or to an arbitrator appointed pursuant to section 21 of this act.

**(c) PROCEDURES FOR REVOKING AN APPROVED LICENSE.** Once an independent public school's initial application has been approved, its status as an independent public school shall not be revoked except upon proof of a substantial violation of the independent public school requirements after notice and an opportunity to cure or, if necessary, defend.

**NEW SECTION. Sec. 7. STUDENT DISCIPLINE AT INDEPENDENT PUBLIC SCHOOLS.**

**(1) GENERAL AUTHORITY OF PRINCIPALS AND BOARDS OF DIRECTORS.** Every independent public school shall promptly notify the superintendent of its renewed public school district of the names of its principal and board of directors. The principal is the person at the independent public school with day-to-day responsibility for school management, while the board of directors has ultimate management authority, including the authority to hire and fire the principal.

**(2) CODE OF CONDUCT AND STUDENT DISCIPLINE.** Each independent public school shall establish a code of conduct by providing a written copy to all enrolled students and student applicants, their parents, and the superintendent of the renewed public school district. Once a code of conduct has been established, the principal may discipline, suspend, or, for serious or habitual misconduct related to the school, expel any student upon giving a written notice and explanation to the student's parents and otherwise providing due process. Copies of all notices related to the suspension or expulsion of a student shall be sent to the superintendent of the renewed public school district, who shall not publicly disclose the identity of the student involved unless required to do so by court order or unless the violation included the use of a gun, knife or similar weapon.

**NEW SECTION. Sec. 8. EMPLOYMENT OF STAFF AT INDEPENDENT PUBLIC SCHOOLS.** An independent public school shall be independent of the renewed public school district for purposes of employment of teachers and other staff. Although the employees of an independent public school are free to designate a union as their collective

bargaining representative in accordance with federal and state law, any collective bargaining agreement negotiated by a renewed public school district with respect to its government-operated public schools shall not apply to any independent public schools located within the district. Like any other non-profit organization, an independent public school may hire, fire and compensate its employees, consultants, and other service providers as it deems appropriate, subject to all relevant laws and rules, including those relating to collective bargaining when employees have chosen to be represented by a union.

**NEW SECTION. Sec. 9. LOCAL VOTERS SHALL HAVE THE OPTION TO RENEW THEIR PUBLIC SCHOOL DISTRICT THROUGH REDUCED REGULATIONS, INCREASED ACCOUNTABILITY, AND PARENTAL CHOICE.**

**(1) STATE-WIDE, DISTRICT-BY-DISTRICT ELECTIONS.** Each public school district shall take whatever steps are necessary to place a ballot question before the voters of the district on the earliest possible election day, other than a day in February, following the date this act takes effect, with the ballot question phrased as follows:

**(2) EFFECT OF "YES" VOTE IN A PARTICULAR SCHOOL DISTRICT.** If a majority of those voting in any public school district vote "yes", to renew the public school district, this chapter shall regulate the renewed public school district until such time, if ever, that a majority of those voting in a subsequent district-wide election vote otherwise. Whether the voters decide to adopt or withdraw from the education reforms authorized by this chapter, the change shall not take place until the beginning of the next school year.

**(3) VOTERS' RIGHT TO CHANGE BACK TO A NON-RENEWED SCHOOL DISTRICT.** Once the voters in a public school district have voted to adopt the education reforms authorized by this chapter, the district may not revert to its former status except by a vote of its electorate held on the election day that is closest to the sixth, twelfth, eighteenth, etc. anniversary of the original vote to become a renewed public school district. The school board may put the issue to the voters at that time in the same manner that a board may ask its voters to approve a bond or levy.

**(4) SCHOOL BOARDS MAY OFFER VOTERS THE CHOICE TO RENEW THE DISTRICT AT ANY TIME.** The school board in every public school district that has not adopted the education reforms authorized by this chapter may put the issue to its voters again at any time in the same manner that a board may ask its voters to approve a bond or levy.

**(5) SCHOOL BOARDS MUST OFFER VOTERS THE CHOICE TO RENEW THE DISTRICT WHENEVER VOTERS ARE ASKED TO APPROVE A BOND OR LEVY.** In every public school district that has never been a renewed public school district, the board shall, whenever it asks its voters to approve a bond or levy, also ask its voters again whether they want to adopt the education reforms authorized by this chapter and thereby convert the district to a renewed public school district.

**NEW SECTION. Sec. 10. REQUIREMENTS FOR ALL GOVERNMENT-OPERATED AND INDEPENDENT PUBLIC SCHOOLS WITHIN A RENEWED PUBLIC SCHOOL DISTRICT.** All public schools within a renewed public school district, whether government-operated or independent, shall satisfy all of the following requirements, with monthly reports due by the 15th of the following month, and annual reports due by August 15:

**(1) DISCRIMINATION PROHIBITED.** Public schools shall not discriminate against prospective or current students or parents based on their race, color, national origin, ethnicity, family income, religion, place of residence, or any criteria forbidden by federal or state constitutions or laws. Although public schools shall not deny admission on the basis of gender, they may teach children using single-gender classrooms.

**(2) HATE GROUPS PROHIBITED.** No public school may advocate unlawful behavior or teach hatred of any person or group.

**(3) EXTRA TUITION PROHIBITED.** No public school may require any tuition or fees in excess of the funds provided by federal, state, and local taxes. However, public schools may charge reasonable fees for extracurricular programs, including non-required summer instruction.

**(4) PREFERENCE FOR LOW-INCOME STUDENTS REQUIRED.** Each public school shall reserve at least fifteen percent of its actual enrollment for low-income students. If timely applications from such students are fewer than the places available, all low-income students who apply shall be admitted; if timely applications from low-income students exceed the places available, the school may use any lawful criteria to select the low-income students who are offered preferred admission. The school board of a renewed public school district may increase the minimum low-income preference percentage from fifteen percent to the district's average percentage enrollment of low-income students, but only if the standard is applied equally to independent public schools and government-operated public schools. Except to the extent necessary to satisfy this requirement, no public school may consider a student's family income when deciding whether to enroll a student.

**(5) PUBLIC DISCLOSURE OF OPENINGS REQUIRED.** Each public school shall disclose monthly to the renewed public school district, as a matter of public record, the number of low income and other students enrolled, the number of students on any waiting list, and whether any openings are available for new students. Unless more than the required minimum percentage of a public school's students are already low-income students, low-income students who are already on the school's waiting list shall be given the first opportunity to fill any available openings for new students.

**(6) PUBLIC DISCLOSURE OF FINANCIAL PERFORMANCE REQUIRED.** Each public school shall disclose annually to the renewed public school district, as a matter of public record, its financial performance during the previous school year, including all significant categories of revenue and expense, and all significant sources and uses of cash.

**(7) PUBLIC DISCLOSURE OF STUDENT TURNOVER REQUIRED.** Each public school shall disclose annually to the renewed public school district, as a matter of public record, its student turnover, including the number of students attending at the beginning of the school year, the number who transferred in and out, the number expelled, the number who dropped out, and the number who graduated, including the gender and ethnic background of the students in each category.

**(8) CONFIDENTIAL DISCLOSURE OF ATTENDANCE REQUIRED.** Each public school shall disclose monthly, in confidence to the renewed public school district, the attendance of each child enrolled, and whether each absence was excused or unexcused. A brief explanation of all excused absences during the current and previous school year shall be kept on file by the public school. For purposes of this section, a child is in attendance if he or she is physically present in the classroom, although the superintendent of the renewed public school district may grant a waiver of this requirement, as appropriate.

**(9) PUBLIC DISCLOSURE OF WRITTEN COMPLAINTS REQUIRED.** Each public school shall disclose monthly to the renewed public school district, as a matter of public record, all written complaints received which were authored by identified parents, students, or others. The public school may also disclose its written response to any such complaints. All references in the publicly disclosed documents to particular teachers, students, and parents shall be kept confidential, however, to preserve the privacy of the affected parties, unless a court of competent jurisdiction orders otherwise.

**(10) PUBLIC DISCLOSURE OF AVERAGE TEST SCORES REQUIRED.** Subject to the limitation of section 6(5) of this act, the students attending each public school shall participate in any objective, normed tests required by the legislature and administered state-wide in all school districts to all students in specific grade or ability levels. To the extent it can be done without compromising the confidentiality of any student's personal scores, each public school shall disclose promptly, to the renewed public school district, as a matter of public record, the following test results: (a) The average score for all students tested by age or grade level; and, if available, (b) the average annual improvement in same-student performance, in total, and also by student age, gender, and ethnicity. Individual results, including percentile performance when available, shall be released only to the student's parents.

**(11) NO SIMULTANEOUS ENROLLMENT; POWER TO CONTRACT FOR SUPPLEMENTAL SERVICES.** An individual student shall only enroll in one public school at one time. Any public school may, however, contract with one or more other public schools to provide part of the education services received by its students.

**NEW SECTION. Sec. 11. RESPONSIBILITIES OF SCHOOL BOARDS AND SUPERINTENDENTS IN RENEWED PUBLIC SCHOOL DISTRICTS.**

**(1) AMPLE PROVISION MUST BE MADE FOR THE EDUCATION OF EACH CHILD RESIDING IN A RENEWED PUBLIC SCHOOL DISTRICT.** The superintendent and school board of a renewed public school district shall take every reasonable action available to assure that ample provision is made for the education of every child residing in the district, and that all constitutional mandates are met. Although a child's parents will usually be in the best position to determine which particular public school within the district is best for their child, the superintendent may restrict parental choice in those specific instances set forth in section 4(4)(c) of this act.

**(2) RENEWED PUBLIC SCHOOL DISTRICTS SHALL CHOOSE THE BEST SCHOOL FOR EACH CHILD WHOSE PARENTS DON'T CHOOSE.** If the parents of a school-age child fail to make a school choice before June 15th, the district shall assign the child to the public school that the district determines would provide the best educational environment for the child.

**(3) RENEWED PUBLIC SCHOOL DISTRICTS SHALL ADMINISTER ALL GOVERNMENT-OPERATED PUBLIC SCHOOLS IN THE DISTRICT.** Renewed public school districts shall continue to administer all of the government-operated public schools in the district.

**(4) RENEWED PUBLIC SCHOOL DISTRICTS MAY CONSTRUCT NEW FACILITIES AND SELL EDUCATION-RELATED SERVICES.** Renewed public school districts may continue to own, purchase, and construct schools and other education-related facilities for use by government-operated public schools or for purposes of selling or renting these facilities, at reasonable prices, to independent public schools. In addition, renewed public school districts may, in competition with other providers, offer education enhancement, business management, and other consulting or support services to public schools and related entities.

**(5) RENEWED PUBLIC SCHOOL DISTRICTS MUST RENT SURPLUS SCHOOL PROPERTY TO INTERESTED INDEPENDENT PUBLIC SCHOOLS AND USE THE NET PROCEEDS TO BENEFIT LOW-INCOME STUDENTS.** If a renewed public school district owns school facilities that are vacant or are being used for purposes other than K-12 education, and if an independent public school offers to rent some or all of these facilities under a standard rental agreement at a reasonable monthly rent, the district shall accept the offer. If the parties cannot agree on what constitutes a "standard rental agreement" or a "reasonable rent" the issues shall be resolved by arbitration in accordance with section 21 of this act. The district may not thereafter unilaterally discontinue the rental arrangement as long as the independent public school agrees to pay and pays a reasonable monthly rent in a timely manner. A renewed public school district may accept an offer to pay below-market rent, but only if the independent public school promises that at least fifty percent of its students will be low-income or special needs students, or that it will provide certain specified additional services to these students in exchange for a lower rent. The net proceeds from all such rentals (after deducting the district's costs of maintaining the property rented) shall be deposited in a restricted account controlled by the renewed public school district, but that may be used solely by the district to provide additional incentives for independent public schools to locate or continue operating in neighborhoods populated primarily by low-income students. Districts that do not have any neighborhoods populated primarily by low-income students shall use the money to provide additional incentives for independent public schools to provide additional services to low-income students.

**(6) RENEWED PUBLIC SCHOOL DISTRICTS MAY SELL SURPLUS SCHOOL PROPERTY FOR USE AS SITES FOR INDEPENDENT PUBLIC SCHOOLS AND USE THE NET PROCEEDS TO BENEFIT LOW-INCOME STUDENTS.** Beginning with the initial school year and for a period of ten years thereafter, a renewed public school district that owns school facilities that are vacant or are being used for purposes other than K-12 education may sell the property to any interested buyer but only on condition that the new owner and its heirs and assigns forever agree to use the property solely as the location for one or more independent public schools as long as the district remains a renewed public school district. The net proceeds from any such sale shall be deposited into the restricted account described in subsection (5) of this section. A renewed public school district that owns school facilities that are still vacant or used for purposes other than K-12 education ten years after the initial school year may sell the property to any buyer without any conditions as long as the net proceeds are deposited into the restricted account.

**(7) WIND UP OF FAILING SCHOOLS BY DISTRICT.** If an independent public school for any reason discontinues operation before the end of a school year, the superintendent of the renewed public school district may assume control of the independent public school, employ certificated teachers and staff, and otherwise provide for the operation and management of the school, but only for the balance of the school year. The district shall not, however, be required to assume responsibility for any debts incurred by the independent public school before its wind up by the district.

**(8) DISSEMINATION OF PUBLIC INFORMATION TO INTERESTED PERSONS.** Each renewed public school district shall provide free reasonable access to every interested person to its public records concerning each public school located within the district. Each renewed public school district shall provide free by telephone, mail, facsimile, and electronic mail to any person requesting the information, the names, addresses, and telephone numbers of each public school located in the district, or in any one or more of the postal zip code areas within the district. Each renewed public school district shall also mail at no charge to any person living in the district the brochures describing up to ten different public schools, but only to the extent that the public schools involved have supplied sufficient copies of their brochures to the district. The district may mail more than ten brochures to interested persons if it chooses to do so.

**(9) STATE'S RESPONSIBILITY FOR UNFUNDED AND UNDERFUNDED MANDATES.** If a court of competent jurisdiction holds that the amount allocated by the state to pay for the education of a special needs child who resides in a renewed public school district is not in fact sufficient to comply with the requirements of state and/or federal law, and if the renewed public school district is found to have spent the allocated dollars appropriately, then, to that extent, the state, and not the renewed public school district, shall bear the cost of complying with the court's ruling.

**NEW SECTION. Sec. 12. ALLOCATION OF PUBLIC EDUCATION FUNDS IN RENEWED PUBLIC SCHOOL DISTRICTS.** If a majority of the voters in any public school district vote to implement the provisions of this chapter in their district, the district shall become a renewed public school district and shall, beginning with the next school year, promptly redistribute all money received from federal, state, and local sources, as follows:

**(1) GOVERNMENT-OPERATED PUBLIC SCHOOLS.** The district shall redistribute to itself all funds received as a result of the number and special needs status of every student enrolled at its government-operated public schools.

**(2) INDEPENDENT PUBLIC SCHOOLS.** Except for the payment of a reasonable processing fee, which shall not exceed two percent of the funds redistributed, the district shall redistribute to each independent public school located within

the district a fair share of all federal, state and local funds received by the district, other than funds restricted to transportation expenses or capital improvements.

(a) Each renewed public school district shall receive full state funding for every child attending any public school located within the district, regardless of whether these public schools are government-operated or independent.

(b) Each renewed public school district shall redistribute to the independent public schools located within the district, by the 20th of each month during the months of October through September, each independent public school's fair share of all federal, state, and local funds received by the district.

(c) Funds shall be redistributed to each independent public school based on the following formula:

$\frac{\text{School days in previous month}}{\text{School days in the school year}} \times \frac{\text{The annual public funding for each child attending the school plus the additional funds provided for each special needs child}}{\text{The annual public funding for each child attending the school plus the additional funds provided for each special needs child}}$

Expressed as a sentence, the formula is the ratio of the total number of school days in the previous month to the total number of school days in the current school year, multiplied by the annual public funding due for each child enrolled plus the additional annual public funding for each special needs child enrolled. If exact numbers are not available, the district shall use the best available estimate and then make subsequent adjustments as needed.

(d) To be entitled to payment by the 20th of each month, an independent public school shall supply the district, by the 5th of each month, with the identity of all children who attended the school in the previous month, along with their special needs status, and attendance summary.

(e) Distributions shall be prorated for each child who was not enrolled at an independent public school during the entire previous month.

(f) The district may deduct from all funds redistributed to independent public schools a reasonable processing fee, which shall not exceed two percent of the funds redistributed.

(g) The annual public funding due for each child enrolled shall equal the amount of funds the school district expects to receive for all non-special needs children from federal, state and local sources, divided by the number of non-special needs students enrolled in the district.

(h) The annual public funding due for each special needs child enrolled shall equal the amount of funds the school district expects to receive for each of the separate categories of special needs children from federal, state and local sources, divided by the number of special needs students in each category that are enrolled in the district.

(i) This section does not prohibit any public school from operating on a year-round schedule, or a schedule of more than 180 instructional days, and the legislature may, at its option, provide additional funds for public schools that choose to do so.

**(3) PRIVATE SCHOOLS.** Private schools that do not voluntarily convert to independent public schools shall not receive any state or local funds pursuant to this chapter.

**(4) TRANSPORTATION EXPENSES.** Renewed public school districts shall provide free transportation for all students residing within the district and attending public schools within the district that are not located within a safe walking distance, as defined by the district, as follows:

**(a) LOW-INCOME AND SPECIAL NEEDS STUDENTS.** A renewed public school district shall provide free transportation for every low-income and special needs student, regardless of which government-operated public school or independent public school is chosen.

**(b) OTHER STUDENTS.** A renewed public school district may provide free transportation to every student, regardless of which government-operated public school or independent public school is chosen, or it may limit free transportation to one or more of the nearest government-operated public schools. However, a renewed public school district that is willing to provide free transportation to a student attending a government-operated public school shall also provide free transportation to any independent public school chosen by the student's parents that is located within a one-half mile radius of the government-operated public school. In addition, a renewed public school district shall provide free transportation to any student attending any independent public school if the school agrees in writing to reimburse the district monthly for its marginal cost of providing this service. A renewed public school district may also, at its option, provide free transportation to all or any reasonable category of students attending independent public schools located in the district. A renewed public school district shall be reimbursed by the state for its legitimate transportation expenses as if every independent public school were a government-operated public school.

**(5) CAPITAL IMPROVEMENT EXPENSES.** State funds that are constitutionally restricted to capital improvements must be spent on capital improvements. However, except to the minimum extent required by the state constitution, all other state funds distributed to renewed public school districts shall be distributed without restrictions so as not to discriminate against independent public schools or impair their operational flexibility. Renewed public school districts may, however, subject to voter approval, raise additional funds for capital improvements through local levies and bonds.

**(6) OTHER EXPENSES; SPECIAL RULE FOR FEDERAL FUNDS AND PRIVATE GRANTS.** All money received by a renewed public school district that is not redistributed as a result of the previous subsections shall be redistributed on an equal per student basis among all of the public schools in the district. However, all federal funds and private grants that are received by the district subject to certain conditions shall not be redistributed to any independent public school which refuses to either comply with the conditions or pay its reasonable share of obtaining and administering the funds.

**NEW SECTION. Sec. 13. NO DISCRIMINATION AGAINST RENEWED PUBLIC SCHOOL DISTRICTS OR INDEPENDENT PUBLIC SCHOOLS.**

**(1)** The state shall not discriminate against renewed public school districts in providing funding or in any other manner.

**(2)** Except for the requirements set forth in this chapter and any rules adopted in accordance with the procedures set forth in this section, there shall be no other requirements or rules imposed on independent public schools, whether by the state or any county, city, or other government or quasi-governmental entity.

**(3)** Independent public schools shall receive the same tax exemptions and other tax benefits currently enjoyed by public schools in non-renewed public school districts.

**(4)** Neither the superintendent of public instruction nor the state board of education may issue rules that limit the operational flexibility of independent public schools unless and until the rules are specifically approved by statute or by a majority vote of all independent public schools.

**(5)** This section does not authorize the legislature to take any action in collaboration with the superintendent of public instruction or state board of education that the legislature would be prohibited from doing on its own.

**NEW SECTION. Sec. 14. LOCAL SCHOOL LEVIES.** A renewed public school district may continue to place levy and bond proposals before the voters in the district, in accordance with the law, but the proposed uses of the proceeds of all such proposals shall be identified in advance of the election and then spent accordingly.

**NEW SECTION. Sec. 15. EQUAL TAX TREATMENT OF NON-GOVERNMENTAL SERVICE PROVIDERS.** Individuals and organizations that compete with renewed public school districts in the sale, lease, or rental of schools, education-related equipment, or supplies to independent public schools shall, with respect to such activities, be taxed by the state and its localities in the same manner and receive the same exemptions as public school districts.

NEW SECTION. **Sec. 16. HOME-BASED EDUCATION PROTECTION CLAUSE.** Nothing in this chapter affects the laws and rules in existence on the effective date of this section pertaining to home-based instruction, including chapter 28A.200 RCW.

NEW SECTION. **Sec. 17. BENEFIT AND SENIORITY PROTECTION FOR EMPLOYEES OF INDEPENDENT PUBLIC SCHOOLS.** To the extent that any employee of an independent public school would be eligible for any state-financed employment benefits if employed at a government-operated school, he or she shall receive the same state-financed employment benefits while employed at an independent public school. Any government entity that currently offers a non-state financed pension, health care plan, or other benefit plan to an employee who subsequently becomes an employee of an independent public school shall offer each such individual the option of continuing to participate without penalty in any or all of the applicable benefit plans as long as the independent public school pays one hundred percent of the cost of his or her continued participation. If their employment with an independent public school terminates, or if the voters in a renewed public school district vote to return the district to a non-renewed district, all certificated teachers and classified employees who were employed by the district in the school year immediately before it became a renewed public school district shall have the right to resume their employment with the district beginning with the next school year without any loss of salary, benefits, or seniority. Any years employed at an independent public school shall be considered as additional years employed by the district.

NEW SECTION. **Sec. 18. RULE OF CONSTRUCTION.** This chapter shall be liberally construed to effectuate its purpose of giving local school district voters the option to improve public education within their district through education reforms based on deregulation, accountability, and parental choice.

NEW SECTION. **Sec. 19. SUPPLEMENTAL RULES.** This chapter is self-executing. However, the state board of education, the superintendent of public instruction, the educational service districts, local school boards, and local school district superintendents shall use their best efforts to facilitate the successful implementation of the letter and intent of this chapter. To that end, they may take actions and/or issue rules, in the manner provided by law, for purposes of facilitating the successful implementation of this chapter, including routine audits of public school records and operations for purposes of monitoring compliance with this chapter. Any delay in issuing rules or performing any other duty created in this chapter shall not be used to justify any delay in its implementation.

NEW SECTION. **Sec. 20. APPLICABILITY OF CONSUMER PROTECTION ACT.** The operation of public schools within a renewed public school district is a matter affecting the public interest for the purpose of applying chapter 19.86 RCW. Any person who is injured by an unfair or deceptive act or practice in connection with a public school within a renewed public school district, including but not limited to fraud, misrepresentation, monopolization, or attempted monopolization, is entitled to all of the remedies provided by the consumer protection act, chapter 19.86 RCW, including, without limitation, its treble damages provision. In any such litigation, the prevailing party shall recover from the other all of its reasonable costs, including attorneys' fees and expert witness fees. The legislature may enact additional civil and criminal penalties for persons who engage in unfair or deceptive conduct in connection with the operation of public schools within renewed public school districts.

NEW SECTION. **Sec. 21. BINDING ARBITRATION OF DISPUTES.**

(1) If a renewed public school district and an independent public school cannot agree on what constitutes a reasonable rent or any other issue, either party may initiate a binding arbitration before an arbitrator appointed by the presiding judge of the local superior court. Each side shall submit in writing its final offer at least fourteen calendar days before the arbitration hearing. The arbitrator's authority is limited to choosing between the proposed monthly rent or other resolution of the dispute submitted by one side or the other, and the prevailing party shall recover from the other all of its reasonable costs of arbitration, including attorneys' fees and expert witness fees. The decision of the arbitrator shall be final with respect to the issue arbitrated. The superior court shall enter judgment on the award at the request of either party in accordance with RCW 7.04.150.

(2) Disputes between an independent public school or applicant and the superintendent of public instruction concerning the renewal or issuance of a license to operate an independent public school shall be resolved in accordance with subsection (1) of this section.

(3) Disputes between an independent public school and anyone challenging the conversion of a government-operated public school to an independent public school pursuant to section 5 of this act shall be resolved in accordance with subsection (1) of this section.

NEW SECTION. **Sec. 22. SEVERABILITY CLAUSE.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. **Sec. 23. CAPTIONS NOT LAW.** Captions used in this act do not constitute any part of the law.

NEW SECTION. **Sec. 24.** Sections 1 through 23 of this act shall constitute a new chapter in Title 28A RCW.

NEW SECTION. **Sec. 25.** Within one year of the enactment of this chapter, the house of representatives and senate committees on education shall develop and recommend legislation to bring Title 28A RCW into compliance with this act. Any failure to pass any such legislation shall not, however, affect the validity and enforceability of this chapter.

#### INITIATIVE 173

I, Ralph Munro, Secretary of State of the State of Washington and custodian of its seal, hereby certify that, according to the records on file in my office, the attached copy of Initiative Measure No. 173 to the Legislature is a true and correct copy as it was received by this office.

AN ACT Relating to education; and adding a new chapter to Title 28A RCW.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

NEW SECTION. **Sec. 1. PURPOSE.** (1) The people of Washington, desiring to improve the education of children, adopt this chapter to:

- (a) Enable parents to determine which schools best meet their children's needs;
- (b) Empower parents to send their children to such schools;
- (c) Establish academic accountability based on historical national standards;
- (d) Reduce bureaucracy so that more educational dollars reach the classroom;
- (e) Provide greater opportunities for teachers;

- (f) Mobilize the private sector to help accommodate our burgeoning school-age population; and
  - (g) Encourage the development of independent and charter schools.
- (2) Therefore, eligible persons are hereby empowered to choose any school for their education which meets the requirements of the Washington State Constitution, as provided in this chapter.

**NEW SECTION. Sec. 2. SHORT TITLE.** Chapter . . . , Laws of 1996 (this act) shall be known as **The Choice in Education Act.**

**NEW SECTION. Sec. 3. DEFINITIONS.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

- (1) "Voucher" or "scholarship voucher" is a payment to a child through his or her parent for pursuing the occupation of full-time student.
- (2) "Child" or "Student" means a person eligible to attend kindergarten or grades one through twelve.
- (3) "Eligible person" means a full time student otherwise qualified who is attending any school for their education which complies with the requirements of the Washington State Constitution.
- (4) "Voucher-redeeming school" means any school located within Washington that meets the requirements of this chapter and is not in violation of the requirements of the Washington State Constitution. No school may be compelled to become a voucher-redeeming school. No school that meets the requirements of this chapter may be prevented from becoming a voucher-redeeming school.
- (5) "State and local government spending" includes, but is not limited to, spending funded from all revenue sources, including the general fund, federal funds, local property taxes, lottery funds, and local miscellaneous income such as developer fees, but excluding bond proceeds and charitable donations. Notwithstanding the inclusion of federal funds in the calculation of state and local government spending, federal funds shall constitute no part of any scholarship voucher provided under this section.
- (6) "Independent school" is a "private" school which is regulated by chapter 28A.195 RCW.
- (7) "Charter school" is a state voucher-redeeming school. It is governed by the terms and conditions of the contract between the charter school and the school district in which it is located. In addition, charter schools are subject to the laws governing independent schools under chapter 28A.195 RCW, and the laws of this chapter.
- (8) "State school" means the public schools or common schools referred to in Article IX of the state Constitution and Title 28A RCW.

**NEW SECTION. Sec. 4. SCHOLARSHIP VOUCHERS--EMPOWERMENT OF PARENTS.**

- (1) The state shall annually pay a scholarship voucher to every eligible person. Vouchers may be redeemed at any voucher-redeeming school.
- (2) The scholarship voucher for each eligible person shall be not less than fifty-five percent of the state and local government spending allocated for each annual average full-time equivalent student under RCW 28A.150.260 and applicable state and local rules during the preceding fiscal year, excluding expenditures on scholarship vouchers granted pursuant to this section and excluding any unfunded pension liability associated with the state school system.
- (3) Scholarship vouchers shall be of equal value for every child in any given grade. The legislature may award supplemental funds for reasonable transportation needs for low-income children and special needs attributable to disability. Nothing in this section prevents the use in any school of supplemental assistance from any source, public or private.
- (4) Scholarship vouchers provided under this chapter are payment through parents that is earned by children for attending school. Vouchers are not payment for services rendered by the school in which the student is enrolled. Scholarship vouchers are not taxable income. The student shall be free to choose any voucher-redeeming school, and such selection shall not constitute a decision or act of the state or any of its subdivisions.
- (5) A scholarship voucher accepted by a voucher-redeeming school, shall be accepted for one hundred percent of the cost of tuition, registration, or any other fees charged the voucher holding student for basic education in grades kindergarten through six. In grades seven through nine the voucher shall be accepted for not less than ninety percent of the total cost of basic education for the voucher holder. In grades 10 through 12 the voucher shall be accepted for not less than eighty percent of the total cost of basic education for the voucher holder.
- (6) Beginning with the school year immediately following the effective date of this act, scholarships shall be made available to every otherwise eligible child born on or after September 1, 1989.
- (7) Each voucher-redeeming school must choose and administer tests reflecting historical national standards for the purpose of measuring individual academic achievement. Such tests shall be designed and scored by independent parties. Each

school's composite results for each grade level shall be released annually to the public the last week of March by legal publication in a county newspaper of record. Individual results shall be released only to the school and the child's parent.

(8) Each voucher-redeeming school must make public by legal publication in a county newspaper of record the last week of March, its budget and the results of an annual independent audit prepared in accordance with generally accepted auditing standards. The audit shall include, but not be limited to: A statement of school mission, enrollment statistics, expenditures per student, budget report in an easily understandable form, student attendance rate, dropout rate, and condition and needs of the school building.

(9) Each teacher in a voucher-redeeming school must hold a college degree in the subject area taught or in education, or pass a subject area competency examination reflecting national standards. Such examination shall be designed and scored by independent parties. Teachers qualified by examination shall be supervised by a state-certificated teacher. This subsection will not prevent the use of classroom teaching assistants.

(10) Governing boards of school districts shall establish a mechanism to survey and publish not later than the March 31 of each year, the location and number of unused classrooms in buildings owned by the district. When a classroom has been unused for six consecutive months the district shall make that classroom available for lease to any voucher-redeeming school under the following terms and conditions: (a) the term of the lease shall be for not less than three years, (b) the voucher-redeeming school will pay a rental amount equal to the reasonable cost for maintaining, insuring, heating, lighting. Janitorial cost will not be included in the rental calculation. Capital costs including original cost of land, building and equipment or replacement cost shall not be considered in determining reasonable rent. Nothing in this section shall prohibit a district from publishing the availability of unused classroom space at any time. If a rental amount cannot be agreed upon, either party may submit the issue to binding arbitration before an arbitrator appointed by the presiding judge of the superior court of the county in which the school is located. The parties will pay their own fees and costs of arbitration.

(11) Disputes between voucher-redeeming schools and the superintendent of public instruction concerning the issuance or renewal of a license to operate a school shall be submitted to arbitration in accordance with this subsection (10) of this section.

NEW SECTION. Sec. 5. EMPOWERMENT OF SCHOOLS--REDEMPTION OF VOUCHERS. An independent school may become a voucher-redeeming school by filing with the State Board of Education a statement indicating satisfaction of the legal requirements that apply to independent schools and the requirements of this section.

(1) No school that discriminates on the basis of race, ethnicity, color, disability, economic status or national origin may redeem scholarships.

(2) To the extent permitted by the laws of the state of Washington and the laws of the United States, the state shall prevent from redeeming vouchers any school that advocates unlawful behavior, is not in compliance with the state or federal constitution, teaches bigotry toward any person or group on the basis of race, ethnicity, color, national origin, religion, or gender, or deliberately provides false or misleading information respecting the school.

(3) No school with fewer than twenty-five students may redeem scholarship vouchers, unless the legislature provides otherwise.

(4) It is the legislative intent of this chapter that independent schools, regardless of size, be accorded maximum flexibility to educate students and be free of unnecessary, burdensome or onerous regulation. Any regulation pertaining to health, safety or land use imposed by the state or any county, city, district or other subdivision of the state, shall be established under the criterion that the regulation: (a) Is essential to assure the health, safety or education of students, or as to any land use regulation, that the governmental body has a compelling interest in issuing or enacting it; (b) does not unduly burden or impede independent schools or the parents of students therein; and (c) will not harass, injure or suppress independent schools.

(5) Notwithstanding subsection (4) of this section, the legislature may (a) enact civil and criminal penalties for schools and persons who engage in fraudulent conduct in connection with the solicitation of students or the redemption of scholarships, and (b) restrict or prohibit individuals convicted of (i) any felony, (ii) any offense involving lewd or lascivious conduct, or (iii) any offense involving molestation or other abuse of a child, from owning, contracting with, or being employed by any school, whether state or independent.

(6) Any school, state or independent, may establish a code of conduct and discipline and enforce it with sanctions, including dismissal. A student who is deriving no substantial academic benefit or is responsible for serious or habitual misconduct related to the school may be dismissed.

(7) After the parent designates the enrolling school, the state shall disburse the student's scholarship funds in equal monthly amounts, directly to the school for credit to the student's account. Monthly disbursements shall occur within 30 days of receipt of the school's statement of current enrollment.

(8) Expenditures for vouchers issued under this chapter and savings resulting from the implementation of this chapter shall count toward the minimum funding requirements for basic education established by law. Students enrolled in voucher-redeeming schools shall not be counted toward enrollment in state schools and community colleges for purposes of state funding of education.

NEW SECTION. **Sec. 6.** EMPOWERMENT OF TEACHERS--CONVERSION OF SCHOOLS TO CHARTER SCHOOLS. Within one year after the effective date of this act, the legislature shall establish an expeditious process by which state schools may become state voucher-redeeming charter schools.

(1) Except as otherwise required by law, the Washington State Constitution and the Constitution of the United States, charter schools shall operate under laws and rules no more restrictive than those applicable to independent schools regulated by chapter 28A.195 RCW and this chapter.

(2) Employees of such schools shall be permitted to continue and transfer their pension and health care programs on the same terms as other similarly situated participants employed by their school district as long as they remain in the employ of any such school.

NEW SECTION. **Sec. 7.** STATE SCHOOL CHOICE. Governing boards of school districts shall establish a mechanism consistent with federal law to allocate enrollment capacity based primarily on student choice. Any state school that chooses not to redeem scholarship vouchers shall, after district enrollment assignments based primarily on student choice are complete, open its remaining enrollment capacity to children regardless of residence. For fiscal purposes, children shall be deemed residents of the school district in which they are enrolled.

NEW SECTION. **Sec. 8.** IMPLEMENTATION. No later than May 31, 1997, the legislature shall enact legislation which implements this chapter and bring this title into compliance with the purposes and provisions of this chapter. The legislature shall enact legislation which clearly defines the meaning of "sectarian control or influence" for the purposes of this chapter. The provisions of this act are to be liberally construed to effectuate the policies and purposes of this act. In the event of conflict between this act and any other provision of law, the provisions of this act shall govern.

From Canada: Consul General Bernard Gagosz, who is also the first Vice Dean of the Consular Corps; and consul Terry Storms. Canada's Washington State trade now exceeds 12 billion dollars annually. These longtime neighbors and friends have become very important to our economy.

From Britain: Her majesty's Consul Michael Upton. Great Britain has become a major purchaser of Washington State airplanes and parts. Last year our exports to Britain approached 2 billion dollars.

From the Federal Republic of Germany: Consul General Dr. Manfred Birmelin and Mrs. Birmelin. Germany has become one of our largest high tech partners.

From Japan: Consul General Naotoshi Sugiuchi and Senior Consul Toyoshi Matsuyama. Japan is Washington State's largest trading partner...28 billion dollars per year. Washington does more trade with Japan than any other state in the U.S.

From the Republic of Korea: Consul General Kewin Kim and Mrs Kim. Our business and trade with Korea continues to grow. We are very pleased with our Korean trading opportunities.

From Mexico: Consul Hugo Abel Castro and Mrs. Castro. We have tremendous confidence in our future opportunities with Mexico. They are now the largest buyer of Washington State apples.

From Taiwan: Director General Katharine Chang and division director Robert Chen. Taiwan is our 5th largest trading partner and the numbers are growing daily. We thank them for their friendship.

The President of the Senate turns the gavel over to Speaker of the House.

#### SPEAKER'S PRIVILEGE

The Speaker: Having completed a year and now heading into a second session as Speaker of the House one of the things that stands out in my mind is the good working relationship I have had with the Governor of our great state.

Our Governor has been open and forthright in his dealings with the Legislature.

On virtually every issue he has been willing to work with the Legislature in an attempt to reach common ground.

Now, there are a few subjects on which we simply could not come to agreement.

Yet I respect the Governor for being consistent in sticking with his philosophy and most especially for being true to his word.

Our views are very often different.

And you can rest assured that I will continue to do everything I can to persuade the Governor to support our proposals.

But the bottom line is this Governor's willingness to engage in open discussions with the Legislature and consider our ideas contributes to our ability to accomplish good things for the people we represent.

Ladies and Gentlemen.

It is my privilege to introduce the Governor of the state of Washington, the Honorable Mike Lowry.

STATE OF THE STATE ADDRESS  
BY GOVERNOR MIKE LOWRY

Thank you, Mr. President, Mr. Speaker, distinguished members of the State Supreme Court, distinguished state elected officials, distinguished members of the Washington State Legislature, members of the Washington Consular Corps, and citizens of our great state.

Thank you for the privilege of serving as your governor.

As we meet today, our state is in excellent shape, and our future looks bright. I want to thank all of you in this chamber and those watching at home and at work for making that happen.

Three years ago, we were facing serious economic problems, and the state had a \$1.5 billion deficit. Today, we have reversed that, and we now have a \$677 million reserve.

Three years ago, we were in the midst of huge job layoffs. Today, we have reversed that, creating 120,000 net new jobs in the last two years.

Three years ago, we all set out to make state government more efficient. Since then, we have cut the growth of the state general fund in half. And we have reduced the annual growth of state employees to less than a quarter of what it had been in the previous decade.

Our hard-working public employees who are often under-recognized for their dedicated work are a major reason for this success.

Washington, as a whole, is in good shape.

We have increased our reputation as the nations top international trade state and we are well on our way to achieving our goal of being one of the worlds major high-technology centers.

Major manufacturers are choosing to locate here, investing billions of dollars and creating thousands of good-paying jobs.

Over the past few months, we have welcomed a number of world-class companies to our state companies like Intel, BHP Steel, Ponderosa Fibres.

So its no wonder that state economist Dr. Chang Mook Sohn recently announced, "There are no dark clouds on the horizon..... this strong growth will continue throughout 1996 and '97."

That is good news, and something we can all be proud of.

I would like to pause for a moment to recognize, and thank, all the hard-working legislators and the statewide elected officials who are a major part of our success.

Thank you, Speaker Ballard, Majority Leader Snyder, and Representative Appelwick, Senator McDonald and all of you who have shown time and again just how much we can accomplish if we join together in a spirit of cooperation.

And no elected official in this state has a longer record of bipartisan cooperation than Lt. Governor Joel Pritchard.

The strength of our economy is in the strength of the people who live here. People who care about our quality of life, about our environment, and about our schools. People with a strong work ethic in a skilled workforce that has employers around the world taking notice. People who are committed to moving into the future without sacrificing the gains of the past.

That commitment is part of the reason why some of the best companies in the world are moving to Washington because the people who live here, and those who make decisions that guide public policy, share that vision. Our state is a GREAT place to live.

There is another reason why companies are choosing to move here: We have taken significant, deliberate steps over the past three years to make Washington a great place to do business.

We have implemented tax incentives that allow companies, that provide family-wage jobs, to spend less on taxes and more on investments.

Three years ago, our state was ranked as one of the worst for manufacturing investment. We are now ranked as one of the very best.

Our distressed-area incentive programs have encouraged more than 170 companies to move to or expand in counties with high unemployment rates.

Our workers compensation premiums are now the lowest in the country, with the highest level of benefits.

And our state has gained a remarkable reputation for regulatory teamwork.

Last October, during the dedication ceremony for the largest economic development project in a decade in Southeast Washington, Ponderosa Fibres President Martin Bernstein said that the application process his company went through to do business in our state would have taken three years in other states. In Washington, it took less than six months. Mr. Bernstein said:

"We've not been able to do something like this in the state of Pennsylvania. We've not been able to do something like this in the state of New York. We've not been able to do something like this in the state of Georgia. We've not been able to do something like this in the state of Wisconsin."

But in Washington, Ponderosa Fibres found not only tax policies that were superior to those of most other states, but a spirit of cooperation among government and local communities that gave new meaning to the phrase "customer service."

There are other keys to our success. Among those: improved government efficiency.

- Over the past three years, state spending increases have been held under the rate of inflation and population growth.
- Travel and equipment costs are down.
- And state agencies recently gave back \$108 million in unspent appropriations.

In the final analysis, however, all the tax incentives and government efficiency in the world will not, by themselves, convince companies to move to our state. Time after time, business people have told me they are also looking for a skilled workforce with a quality of life that will make their employees want to stay here. In that regard, all roads lead to Washington.

We have been under extreme pressure to compromise our commitment to education, to the environment, to our children. We have not done that, and our economy is much better off because we did not. Our work is not finished, but our momentum is clear.

Today, we are starting to make progress in education reform, so that a child's advancement in school will be based not on what he or she is taught, but on what he or she has learned. There is no higher goal for our state than to achieve our paramount duty of providing an excellent education system.

At the same time, we must take steps to ensure that all children come to school ready to learn that they're not hungry, or sick, or abused and that our schools are a safe place to learn. We ask our educators to be miracle workers, and they come amazingly close, but we must make sure that they have the support they need to do their very important jobs.

We have begun to increase access to higher education, opening college doors to more students and helping others who may be long on desire to learn, but short on dollars for tuition. We must continue that commitment.

We have taken steps to ensure that more people have access to health care, including the working poor and their children. We have made health care more affordable for small-business employers.

And we have reformed our insurance laws so that no one with a pre-existing condition will ever be denied health coverage. We must continue that commitment.

And, we have maintained our pledge to protect the environment. Good environmental policy is good economic policy. We must never forget that.

By the way, for years, our state has carried more than its fair share of high-level U.S. Government nuclear waste. It is time that OTHERS accept their responsibility and stop trying to ship dangerous waste products through our ports.

When you step back and look at how much we have going for us in this state, it is easy to see why so many of us have chosen to live, and work, and raise families here.

The challenge before us today is to preserve and enhance what is working in our state, improve where we can, and plan for the future with vision and courage.

The supplemental budget and legislative agenda I am submitting to the 1996 Legislature will help do that.

That budget includes investments in education, children and the environment, an expansion of job-creating tax policies, and a fiscally prudent reserve, in the bank, to prepare for the future.

My request to you is to keep enough money in the bank to help offset unexpected emergencies and expected federal cuts of up to \$4.2 billion in funding over the next 7 years.

Congress has made no secret of their commitment to deep spending reductions and shifting to the states the funding responsibilities for the elderly, children, people with disabilities, education, health care, transportation, the environment.

Here in Washington, the deepest cuts will not be felt for a while. Under Congress' plan, the cuts will escalate each year, and in 7 years, the effect on the state budget will be 33 times greater than in 1996.

Of course, until Congress and the President agree on a final budget plan, no one will know exactly what's really in store for Washington. We DO know, however, that any plan to balance the federal budget in seven years will require a significant reduction in the flow of federal funding to the states and of Washington State is no exception.

And therefore, we must resist the call to pass the buck to future Legislatures, future governors, and future voters.

That is why last year, I had to veto tax cuts that were so large that they were a great danger to our states future if Congress comes even close to the size of funding cuts they have already announced.

In addition, the tax cuts I vetoed would have provided very little tax relief for average-income families in our state, while significantly reducing our savings and jeopardizing our future.

The property tax bill that I vetoed would have saved \$19 a year \$1.60 a month on a \$100,000 house. However, it would have cut the tax on a major downtown office building, such as Seattles Columbia Center, by more than \$33,000 a year.

The B&O tax bill I vetoed last session would have saved a \$60,000 barbershop about \$156 a year \$13 a month. Meanwhile, it would have saved a \$5 million law firm \$25,000 a year.

It's pretty obvious to me who would have benefited from those tax cuts and it wasn't "mom & pop."

There is a clear question before the 1996 Legislature. Do we maintain a healthy financial reserve and sound fiscal policies designed to meet major financial unknowns and keep the future bright?

Or do we gamble that future on election-year tax cuts that have a clear vision for November 1996, but a much cloudier vision for the rest of the decade and the 21st century?

I know there are those, for whom I have great respect, who did not agree with my tax cut vetoes, and there are others, whom I also greatly respect, who advocate large tax cuts now. As individuals, and as friends, I hold you in high regard.

But this debate is not about whether there should be tax cuts or not... there will be tax cuts.

The question is, will those tax cuts be so large that they damage our states future? The real debate, is how much should we SAVE today?

While there are some things that I have asked you not to do this session, and it's probably the one I just referred to, there are also some things that we must do and those include protecting children, helping working families, and safeguarding the environment.

We must bring more students into the state's higher education system, by increasing the number of spaces available, by offering additional financial aid, and by expanding electronic communication between campuses and communities.

We must take steps to protect our watersheds. We must continue the successful Jobs for the Environment program, and we must reauthorize the critically needed Puget Sound Water Quality Authority.

We must strengthen our juvenile system, by increasing sentences on juvenile sex offenders, by improving security at crowded juvenile institutions, and by helping young offenders "go straight" and avoid a life of crime.

We must keep violent sexual predators locked up. As a father, a husband, and a Governor, I want to find a way to guarantee that our communities are protected from these very dangerous individuals. I know you do, too. I commend you for your leadership, and we WILL find a way to get done.

We must increase counseling and treatment services for runaway youth and their families.

We must put a stop to this epidemic of domestic violence. Last year, felony charges linked to domestic violence increased 46 percent. That is absolutely intolerable.

We must make sure that working families have access to child-care assistance, and we must provide real property tax relief for people who need it most: those who stand to lose their homes when property tax bills rise faster than their incomes.

Finally, we must do a better job of protecting children who are in the states care. To start with, we simply must reduce the impossible workload of 36 at-risk children to one state social worker. That ratio keeps children in too great a danger.

There are other challenges ahead. I am deeply concerned that in our nation today, discrimination keeps raising its ugly head.

I want to be very clear. The state of Washington is committed to equal opportunity, equal rights and respect for diversity. To those who would bring hate and intolerance of any person, into our state, I say, "hands off."

We will not tolerate discrimination in any form, for any reason. And we will not tolerate the sort of back-door discrimination against families and children that many today call "welfare reform."

The welfare system -- which is less than 3% of the state budget -- may well be broken, but the answer to repairing it is not to break kids.

Punishing children to get their parents off public assistance is not the answer; it is not fair; and it is not welfare reform.

True welfare reform promotes self-reliance through education and training, quality child care, affordable health care, and making sure non-custodial parents meet their financial obligations. Anything short of this is discrimination against poor kids.

We have in place some of those components of real welfare reform, and this Legislature has done great work for real Welfare Reform. This year, more than 6,400 parents left the welfare system -- for a savings to taxpayer of \$34 million.

In all, more than 10,000 Welfare recipients joined the workforce in 1995. An increase of 43% over the previous year. Real Welfare Reform that addresses Health Care, Education and Training, Child Care and non-custodial parents make meeting our financial responsibilities work.

Today, we are facing also the challenge of keeping our communities safe in a world where, despite our important gains in the war against crime, we have seen a terrible increase in violent crime committed by teen-agers. And all too often, kids, are killing kids.

That cycle of violence begins during the most impressionable time of life, when a child is abused, or sees parents hitting each other.

And until we deal with the root causes of violence, until we deal with child abuse and neglect, with domestic violence, with fetal alcohol syndrome, we will continue to spend millions of dollars on new prisons, and our streets wont be much safer.

Make no mistake responsibility, accountability, and tough penalties for serious crimes are important. But until we can stop a child from picking up a gun for the wrong purpose, we have failed.

Earlier, I spoke of the economic growth that has been such good news for Washington. However, in the midst of this very bright future is a dark reality for a lot of working people: more and more, people's wages are simply not meeting their expenses.

Nationally, wages are growing at the smallest rate on record. Economists are calling the national economy a "wageless recovery," with record business profits and stagnant wages. We're doing a little better here in our state, but I want us to do a whole lot better.

Many of us today have become part of the new "stretch generation," struggling to contribute toward our children's expenses whether that means college tuition or braces while also caring for aging parents. I know what that's like.

A lot of families today never imagined that they would have a hard time making ends meet on incomes they once only dreamed of. Most of them never imagined that they might not be able to buy a house, or send their kids to college.

And it is not just two-parent families with college-aged kids that are feeling stressed out these days. People in their 20s and 30s are facing tough choices also about where they can afford to live, and whether they will be able to go advance their education even whether they can afford to start their own families.

The "stretch generation" and others for whom slow-growing wages are a major problem are the reason we must maintain our commitment to affordable higher education, affordable child care for working people, affordable health care, and property tax reform that helps middle-income people afford to buy and stay in their homes.

There are other hard-working people who aren't getting a fair shake these days either.

Tomorrow, tens of thousands of Washington citizens will get out of bed before sunrise, go to work, and put in an eight-hour day. And at the end of the day, they will take home about \$33 in pay. Thirty-three dollars.

With that, they have to put food on the table, pay part of the rent, and hope no one gets sick before the next payday.

People who work 40 hours a week ought to be paid enough to survive. That is why I am submitting legislation this session that will take a small step toward wage fairness, by raising the state's minimum wage to \$5.30 an hour. It is the right thing to do.

Today, corporate CEOs earn, on an average, 140 times more than their employees. Surely no one could question that raising the minimum wage is the right thing to do.

Despite these challenges, our future, as a state, looks bright.

We have weathered storms. We have strengthened and diversified our economy. And we have created a quality of life that is the envy of people throughout the world.

The question today is whether we will have the vision, and the courage, to make decisions that will carry us forward, not backward.... decisions that will continue the course of economic growth that has turned our economy around, and positioned our state so well for the years ahead.

Will we have the vision to look beyond the next election, and say no to short-term political expediency?

Will we have the courage to do what is right for our children, and for generations to come? In the end, that is more important than anything else. If we take care of our children, they will take care of our future.

Our obligation, as elected officials and as citizens, is to create for our children a safe place to live, a chance to grow up healthy, an opportunity to realize their dreams. The chance to learn, and to live in a world free of discrimination.

Years from now, when people look back on the decisions that we make today, my hope is that they will see our past the way I visualize our future:

Let them say that we helped hard-working people get a fair deal out of life.

Let them say that we created a cleaner environment, a stronger education system, and a better quality of life.

Let them say that we spoke for those who had no voice, that we cared for those who most needed help, and that, in the twilight of their lives, we honored those who had given us so much.

Most importantly, let them say that we made our decisions with vision and courage.

Thank you.

#### MOTION

On motion of Representative Foreman, the bills listed on today's committee reports under the fifth order of business were advanced to the second reading calendar for Wednesday (January 17, 1996.).

There being no objection, the House advanced to the seventh order of business.

#### THIRD READING

There being no objection, the House considered the following bills in the following order: Substitute House Bill No. 1459, Engrossed Substitute House Bill No. 1877, Substitute House Bill No. 1491, Substitute House Bill No. 1508, Substitute House Bill No. 1648 and Substitute House Bill No. 1649.

There being no objection, the rules were suspended and Substitute House Bill No. 1459 was returned to second reading for the purpose of an amendment.

SUBSTITUTE HOUSE BILL NO. 1459 , by House Committee on Finance (originally sponsored by Representatives Van Luven and Sheldon)

Exempting from business and occupation tax reimbursements and advances received by property management companies for the payment of wages and benefits to on-site employees.

The bill was read the second time.

Representative Van Luven moved the adoption of the following amendment by Representative Van Luven:

Strike everything after the enacting clause and insert:

"NEW SECTION. **Sec. 1.** The legislature finds that property owners often hire property management companies to manage their real property. Frequently, the property management

companies also manage the personnel who perform the necessary services at the property location. In these cases, the property owners may pay the on-site personnel through the property management company. The property management company is merely acting as a conduit for the property owner's payment to the personnel at the property site.

This act is not intended to modify the taxation of amounts received by a property management company for purposes other than payment to on-site personnel.

NEW SECTION. **Sec. 2.** A new section is added to chapter 82.04 RCW to read as follows:

This chapter shall not apply to amounts received by a property management company from the owner of a property for gross wages and benefits paid directly to or on behalf of on-site personnel from property management trust accounts that are required to be maintained under RCW 18.85.310.

As used in this section, "on-site personnel" means a person who meets all of the following conditions: (1) The person works primarily at the owner's property; (2) the person's duties include leasing property units, maintaining the property, collecting rents, or similar activities; and (3) pursuant to a written property management agreement, the person's compensation is the obligation of the property owner and not the property manager.

NEW SECTION. **Sec. 3.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect April 1, 1996."

Correct the title accordingly

Representative Van Luven spoke in favor of the adoption of the amendment.

The amendment was adopted.

The bill was ordered engrossed.

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

The Speaker (Representative Horn presiding) stated the question before the House to be final passage of Substitute House Bill No. 1459.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** It is the goal of the legislature to encourage persons who are blind or visually impaired to participate fully in the social and economic life of the state and to engage in remunerative employment. The legislature finds that literacy is essential to the achievement of this goal. Furthermore, the legislature finds that literacy for most persons who are blind or visually

impaired means the ability to read and write Braille with proficiency. The legislature sets as a further goal that students who are legally blind or visually impaired shall be given the opportunity to learn Braille in order to communicate effectively and efficiently.

NEW SECTION. **Sec. 2.** A new section is added to chapter 28A.155 RCW to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply in section 3 of this act.

(1) "Student" means a student who:

(a) Has a visual acuity of 20/200 or less in the better eye with conventional correction or having a limited field of vision such that the widest diameter of the visual field subtends an angular distance not greater than twenty degrees;

(b) Is unable to read printed material at a competitive rate with facility due to functional visual impairment or lack of visual acuity; or

(c) Has a physical condition with a medical prognosis of a significant visual deterioration to the extent that (a) or (b) of this subsection could apply.

(2) "Braille" means the system of reading and writing through touch commonly known as standard English Braille.

NEW SECTION. **Sec. 3.** A new section is added to chapter 28A.155 RCW to read as follows:

(1) Each student shall be assessed individually to determine the appropriate learning media for the student including but not limited to Braille.

(2) No student may be denied the opportunity for instruction in Braille reading and writing solely because the student has some remaining vision.

(3) This section does not require the exclusive use of Braille if there are other special education services to meet the student's educational needs. The provision of special education or other services does not preclude Braille use or instruction.

(4) If a student's individualized learning media assessment indicates that Braille is an appropriate learning medium, instruction in Braille shall be provided as a part of such student's educational curriculum and if such student has an individualized education program, such instruction shall be provided as part of that program.

(5) If Braille will not be provided to a student, the reason for not incorporating it in the student's individualized education program shall be documented in such plan. If no individualized education program exists, such documentation, signed by the parent or guardian, shall be placed in the student's file.

NEW SECTION. **Sec. 4.** A new section is added to chapter 28A.405 RCW to read as follows:

Teachers of visually impaired students shall be qualified according to rules adopted by the state board of education."

On page 1, line 2 of the title, after "students;" strike the remainder of the title and insert "adding new sections to chapter 28A.155 RCW; adding a new section to chapter 28A.405 RCW; and creating a new section."

Replacement of the beds by a party other than the licensee is subject to certificate of need review under this chapter, except as otherwise permitted by subsection (14) of this section.

(b) When an entire nursing home ceases operation, the licensee or any other party who has secured an interest in the beds may reserve his or her interest in the beds for eight years or until a certificate of need to replace them is issued, whichever occurs first. However, the nursing home, licensee, or any other party who has secured an interest in the beds must give notice of its intent to retain the beds to the department of health no later than thirty days after the effective date of the facility's closure. Certificate of need review shall be required for any party who has reserved the nursing home beds except that the need criteria shall be deemed met when the applicant is the licensee who had operated the beds for at least one year, who has operated the beds for at least one year immediately preceding the reservation of the beds, and who is replacing the beds in the same planning area.

(14) In the event that a licensee, who has provided the department with notice of his or her intent to replace nursing home beds under subsection (13)(a) of this section, engages in unprofessional conduct or becomes unable to practice with reasonable skill and safety by reason of mental or physical condition, pursuant to chapter 18.130 RCW, or dies, the building owner shall be permitted to complete the nursing home bed replacement project, provided the building owner has secured an interest in the beds."

#### REPORTS OF STANDING COMMITTEES

January 17, 1996

EHB 1016 Prime Sponsor, Representative K. Schmidt: Exempting state and county ferry fuel sales and use tax. Reported by Committee on Transportation

MAJORITY recommendation: Do pass with the following amendment:

On page 1, after line 3, insert the following:

"NEW SECTION. Sec. 1. The legislature finds and declares that permanently locating the USS Missouri in the city of Bremerton will be of significant economic, historical, and educational benefit to the state of Washington. The Washington state ferries will play a significant role in providing access to the USS Missouri for visitors coming from the east side of Puget Sound. The increase in ridership associated with the attraction will require an investment in new pedestrian facilities that connect the attraction to the Bremerton ferry terminal. In addition, the placement of the USS Missouri requires complex anchorage and dolphins to protect ferry system navigation lanes. This act supports, in part, the required infrastructure investments and provides financial resources for the Washington state ferries to accomplish the objectives."

Renumber the remaining sections accordingly.

On page 3, after line 34, insert the following:

"NEW SECTION. Sec. 5. The sum of three million dollars, or as much thereof as may be necessary, is appropriated for the biennium ending June 30, 1997, from the Puget Sound ferry operations account to the Washington state ferries of the department of transportation for the purpose of reimbursing Kitsap county and the Port of Bremerton for construction of facilities supporting the placement of and access to the national tourist attraction USS Missouri."

HOUSE RESOLUTION NO. 96-4712, by Representatives Koster, Stevens, Robertson and Hatfield

WHEREAS, It is the policy of the Washington State Legislature to recognize excellence in all fields of endeavor; and

WHEREAS, January 31, 1996, marks the observance of Legislative Dairy Day, an annual event celebrated at the state capitol of the great state of Washington for well over thirty years; and

WHEREAS, Legislative Dairy Day honors the dairy industry, which as the second largest agricultural industry in this great state of Washington, for the extensive contributions made by the dairy industry to the economic well-being of our great state of Washington as well as the invaluable contribution made by the dairy industry by providing an indispensable part of a healthy, balanced nutritious diet, with such irreplaceable products as milk, cheese, ice cream, yogurt, and a great many other dairy products; and

WHEREAS, Legislative Dairy Day also honors the Washington State Dairy Federation which, as a professional organization of dairy farmers in this great state of Washington, provides an exceptional voice for the contribution and special concerns of the dairy farmers; and

WHEREAS, Legislative Dairy Day also is an opportunity to honor particular individuals who by their superior and distinctive efforts have exemplified the highest level of excellence and service to the dairy industry and their community; and

WHEREAS, The Warner family, Steve, Jane, Jessica, Megan, and Charlie of Snohomish, County, has been named and esteemed as the Snohomish Dairy Family of the Year for 1995, earning this honor for the simple and plain hard work in running a productive dairy farm, one which produces an astonishing 25,987 pounds of milk each year, from 217 cows, or enough for 51,974 glasses of milk by each cow, for their involvement in the Washington State Dairy Federation, Darigold Farms Young Cooperators Program, the 4-H Club, for their endurance and perseverance in the face of the devastating calamity and floods of November and December 1995, which in fact exemplifies the resilience and tenacity of all dairy farmers in our great state of Washington, for the involvement, effort, and sacrifice of each member of the Warner family in making their dairy farm so productive and successful and especially for the personal and family values they exhibit in working and caring for their farm and contributing to their community;

#### SPEAKER'S PRIVILEGE

The Speaker accepted Petitions from the members of Freedom County Petitioners. The Speaker instructed the Sergeant at Arms to come forward and deliver them to the Secretary of State.

#### POINT OF PERSONAL PRIVILEGE

Representative Goldsmith: Thank you Mr. Speaker. Mr. Speaker, distinguished members of the House. I rise on this occasion to recognize the efforts of the citizens of my district who are here to present their petitions in the support of the formation of Pioneer County. This is truly a historic occasion Mr. Speaker, as it was 85 years ago when this body last exercised this constitutional obligation by enabling the formation of the last new county. This is now, the jurisdiction this good people offer echo's the primary reason why our four fathers chose to declare their independence from Great Britain representation.

As it stands urban residence can vote in county elections, outnumber the residential proposed New County. Unurbanized dominate Government decisions that primarily impact world citizens. That condition says the Petitioner is fundamentally unfair. The values and concerns of the two populations are considerably different and continue to diverge as time moves on.

Many of the rural residents of my district feel that they are ruled by an inefficient, bloated and unresponsive county bureaucracy who's size and cost is only exceeded by an arrogant disregard for their concerns. Some of these good people numbering over 4000 have taken it upon themselves to re-establish adequate representation that they hope to be a smaller more efficient and more representative of their concerns.

Haunts the signatories of the Petition seek the formation of Pioneer County seek to exercise their rights provided by Article II, Section 3 of our State Constitution. As soon as the signatures on the Petitions are certified and include a number equal to the majority of votes casted the last election I will be requesting that the Legislature allow the Petitioners to do just that. Thank you.

There being no objection, the House advanced to the fifth order of business.

The department shall develop a state-wide multimodal transportation plan under RCW 47.01.071(3) and in conformance with federal requirements, to ensure the continued mobility of people and goods within regions and across the state in a safe, cost-effective manner. The state-wide multimodal transportation plan shall consist of:

(1) A state-owned facilities component, which shall guide state investment for state highways including bicycle and pedestrian facilities, and state ferries; and

(2) A state-interest component, which shall define the state interest in aviation, marine ports and navigation, freight rail, intercity passenger rail, bicycle transportation and pedestrian walkways, and public transportation, and recommend actions in coordination with appropriate public and private transportation providers to ensure that the state interest in these transportation modes is met.

The plans developed under each component must be consistent with the state transportation policy plan and with each other, reflect public involvement, be consistent with regional transportation planning, high-capacity transportation planning, and local comprehensive plans prepared under chapter 36.70A RCW, and include analysis of intermodal connections and choices. However, the state reserves the right to preempt local comprehensive plans developed under chapter 36.70A RCW with regard to the siting of airports with scheduled air service. A primary emphasis for these plans shall be the improvement and integration of all transportation modes to create a seamless intermodal transportation system for people and goods.

In the development of the state-wide multimodal transportation plan, the department shall identify and document potential affected environmental resources, including, but not limited to, wetlands, storm water runoff, flooding, air quality, fish passage, and wildlife habitat. The department shall conduct its environmental identification and documentation in coordination with all relevant environmental regulatory authorities, including, but not limited to, local governments. The department shall give the relevant environmental regulatory authorities an opportunity to review the department's environmental plans. The relevant environmental regulatory authorities shall provide comments on the department's environmental plans in a timely manner. Environmental identification and documentation as provided for in RCW 47.01.300 and this section is not intended to create a private right of action or require an environmental impact statement as provided in chapter 43.21C RCW.

The transportation commission shall propose any recommendations regarding airports with scheduled air service to the 1997 legislature for their consideration before taking any action on such recommendations."

TOM HUFF, 26th District

The Speaker assumed the chair.

#### POINT OF PARLIAMENTARY INQUIRY

Representative Brown: Thank you Mr. Speaker. Mr. Speaker, this morning we had a Point of Personal Privilege by the gentleman from the 42nd District and I was concerned because my understanding of Point of Personal Privilege that it is to pertain to personal matters and not references to Political issues to other elected officials and their conduct and so forth and I wondered if you could enlighten us as to the boundaries to Point of Personal Inquiry.

#### SPEAKER'S PRIVILEGE

The Speaker: Thank you, Representative Brown. Last year we had a similar request which I think we have every year and the Speaker would like to refer to a hand out which I will make sure the Chief Clerk has on everybodies desk for a reference, but let me follow that with some general remarks.

Any member may rise to a question of Privilege and explain a personal matter by leave of the Speaker but the member shall not discuss any pending Legislation in such explanations. Also, custom general Parliamentary Law and the Rules of the House all provide that questions of privilege are not to be used for debating the merits of Legislation actions or in actions.

There can be no sound reasons for allowing one members opinions on Legislative issues to have a privilege status over the opinion of all of the members. The Speaker would encourage you as you take Points of Personal Privilege to make sure you do not address any issues that would cause another member to want to discuss or debate those issues. We will work our way through this, I will have this passed out. Thank you Representative Brown for your question.

There being no objection, the House advanced to the eleventh order of business.

#### MOTION

On motion of Representative Foreman, the House adjourned until 9:55 a.m., Thursday, February 1, 1996.

January 29, 1996

EHB 1659 Prime Sponsor, Representative Mielke: Regulating real estate brokerage relationships.  
Reported by Committee on Commerce & Labor

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1. DEFINITIONS.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Agency relationship" means the agency relationship created under this chapter or by written agreement between a licensee and a buyer and/or seller relating to the performance of real estate brokerage services by the licensee.

(2) "Agent" means a licensee who has entered into an agency relationship with a buyer or seller.

(3) "Business opportunity" means and includes a business, business opportunity, and goodwill of an existing business, or any one or combination thereof.

(4) "Buyer" means an actual or prospective purchaser in a real estate transaction, or an actual or prospective tenant in a real estate rental or lease transaction, as applicable.

(5) "Buyer's agent" means a licensee who has entered into an agency relationship with only the buyer in a real estate transaction, and includes subagents engaged by a buyer's agent.

(6) "Confidential information" means information from or concerning a principal of a licensee that:

(a) Was acquired by the licensee during the course of an agency relationship with the principal;

(b) The principal reasonably expects to be kept confidential;

(c) The principal has not disclosed or authorized to be disclosed to third parties;

(d) Would, if disclosed, operate to the detriment of the principal; and

(e) The principal personally would not be obligated to disclose to the other party.

(7) "Dual agent" means a licensee who has entered into an agency relationship with both the buyer and seller in the same transaction.

(8) "Licensee" means a real estate broker, associate real estate broker, or real estate salesperson, as those terms are defined in chapter 18.85 RCW.

(9) "Material fact" means information that substantially adversely affects the value of the property or a party's ability to perform its obligations in a real estate transaction, or operates to materially impair or defeat the purpose of the transaction. The fact or suspicion that the property, or any neighboring property, is or was the site of a murder, suicide or other death, rape or other sex crime, assault or other violent crime, robbery or burglary, illegal drug activity, gang-related activity, political or religious activity, or other act, occurrence, or use not adversely affecting the physical condition of or title to the property is not a material fact.

(10) "Principal" means a buyer or a seller who has entered into an agency relationship with a licensee.

(11) "Real estate brokerage services" means the rendering of services for which a real estate license is required under chapter 18.85 RCW.

(12) "Real estate transaction" or "transaction" means an actual or prospective transaction involving a purchase, sale, option, or exchange of any interest in real property or a business opportunity, or a lease or rental of real property. For purposes of this chapter, a prospective transaction does not exist until a written offer has been signed by at least one of the parties.

(13) "Seller" means an actual or prospective seller in a real estate transaction, or an actual or prospective landlord in a real estate rental or lease transaction, as applicable.

(14) "Seller's agent" means a licensee who has entered into an agency relationship with only the seller in a real estate transaction, and includes subagents engaged by a seller's agent.

(15) "Subagent" means a licensee who is engaged to act on behalf of a principal by the principal's agent where the principal has authorized the agent in writing to appoint subagents.

**NEW SECTION. Sec. 2. RELATIONSHIPS BETWEEN LICENSEES AND THE PUBLIC.**

(1) A licensee who performs real estate brokerage services for a buyer is a buyer's agent unless the:

(a) Licensee has entered into a written agency agreement with the seller;

(b) Licensee has entered into a subagency agreement with the seller's agent;

(c) Licensee has entered into a written agency agreement with both parties;

(d) Licensee is the seller or one of the sellers; or

(e) Parties agree otherwise in writing after the licensee has complied with section 3(1)(f) of this act.

(2) In a transaction in which different licensees affiliated with the same broker represent different parties, the broker is a dual agent, and must obtain the written consent of both parties as required under section 6 of this act. In such a case, each licensee shall solely represent the party with

whom the licensee has an agency relationship, unless all parties agree in writing that both licensees are dual agents.

(3) A licensee may work with a party in separate transactions pursuant to different relationships, including, but not limited to, representing a party in one transaction and at the same time not representing that party in a different transaction involving that party, if the licensee complies with this chapter in establishing the relationships for each transaction.

**NEW SECTION. Sec. 3. DUTIES OF A LICENSEE GENERALLY.** (1) Regardless of whether the licensee is an agent, a licensee owes to all parties to whom the licensee renders real estate brokerage services the following duties, which may not be waived:

(a) To exercise reasonable skill and care;

(b) To deal honestly and in good faith;

(c) To present all written offers, written notices and other written communications to and from either party in a timely manner, regardless of whether the property is subject to an existing contract for sale or the buyer is already a party to an existing contract to purchase;

(d) To disclose all existing material facts known by the licensee and not apparent or readily ascertainable to a party; provided that this subsection shall not be construed to imply any duty to investigate matters that the licensee has not agreed to investigate;

(e) To account in a timely manner for all money and property received from or on behalf of either party;

(f) To provide a pamphlet on the law of real estate agency in the form prescribed in section 13 of this act to all parties to whom the licensee renders real estate brokerage services, before the party signs an agency agreement with the licensee, signs an offer in a real estate transaction handled by the licensee, consents to dual agency, or waives any rights, under section 2(1)(e), 4(1)(e), 5(1)(e), or 6(2)(e) or (f) of this act, whichever occurs earliest; and

(g) To disclose in writing to all parties to whom the licensee renders real estate brokerage services, before the party signs an offer in a real estate transaction handled by the licensee, whether the licensee represents the buyer, the seller, both parties, or neither party. The disclosure shall be set forth in a separate paragraph entitled "Agency Disclosure" in the agreement between the buyer and seller or in a separate writing entitled "Agency Disclosure."

(2) Unless otherwise agreed, a licensee owes no duty to conduct an independent inspection of the property or to conduct an independent investigation of either party's financial condition, and owes no duty to independently verify the accuracy or completeness of any statement made by either party or by any source reasonably believed by the licensee to be reliable.

**NEW SECTION. Sec. 4. DUTIES OF A SELLER'S AGENT.** (1) Unless additional duties are agreed to in writing signed by a seller's agent, the duties of a seller's agent are limited to those set forth in section 3 of this act and the following, which may not be waived except as expressly set forth in (e) of this subsection:

(a) To be loyal to the seller by taking no action that is adverse or detrimental to the seller's interest in a transaction;

(b) To timely disclose to the seller any conflicts of interest;

(c) To advise the seller to seek expert advice on matters relating to the transaction that are beyond the agent's expertise;

(d) Not to disclose any confidential information from or about the seller, except under subpoena or court order, even after termination of the agency relationship; and

(e) Unless otherwise agreed to in writing after the seller's agent has complied with section 3(1)(f) of this act, to make a good faith and continuous effort to find a buyer for the property; except that a seller's agent is not obligated to seek additional offers to purchase the property while the property is subject to an existing contract for sale.

(2) A seller's agent may show alternative properties not owned by the seller to prospective buyers and may list competing properties for sale without breaching any duty to the seller.

**NEW SECTION. Sec. 5. DUTIES OF A BUYER'S AGENT.** (1) Unless additional duties are agreed to in writing signed by a buyer's agent, the duties of a buyer's agent are limited to those set forth in section 3 of this act and the following, which may not be waived except as expressly set forth in (e) of this subsection:

(a) To be loyal to the buyer by taking no action that is adverse or detrimental to the buyer's interest in a transaction;

(b) To timely disclose to the buyer any conflicts of interest;

(c) To advise the buyer to seek expert advice on matters relating to the transaction that are beyond the agent's expertise;

(d) Not to disclose any confidential information from or about the buyer, except under subpoena or court order, even after termination of the agency relationship; and

(e) Unless otherwise agreed to in writing after the buyer's agent has complied with section 3(1)(f) of this act, to make a good faith and continuous effort to find a property for the buyer; except that a buyer's agent is not obligated to: (i) Seek additional properties to purchase while the buyer is a party to an existing contract to purchase; or (ii) show properties as to which there is no written agreement to pay compensation to the buyer's agent.

(2) A buyer's agent may show properties in which the buyer is interested to other prospective buyers without breaching any duty to the buyer.

**NEW SECTION. Sec. 6. DUTIES OF A DUAL AGENT.** (1) A licensee may act as a dual agent only with the written consent of both parties to the transaction after the dual agent has complied with section 3(1)(f) of this act, which consent must include a statement of the terms of compensation.

(2) Unless additional duties are agreed to in writing signed by a dual agent, the duties of a dual agent are limited to those set forth in section 3 of this act and the following, which may not be waived except as expressly set forth in (e) and (f) of this subsection:

(a) To take no action that is adverse or detrimental to either party's interest in a transaction;

(b) To timely disclose to both parties any conflicts of interest;

(c) To advise both parties to seek expert advice on matters relating to the transaction that are beyond the dual agent's expertise;

(d) Not to disclose any confidential information from or about either party, except under subpoena or court order, even after termination of the agency relationship;

(e) Unless otherwise agreed to in writing after the dual agent has complied with section 3(1)(f) of this act, to make a good faith and continuous effort to find a buyer for the property; except that a dual agent is not obligated to seek additional offers to purchase the property while the property is subject to an existing contract for sale; and

(f) Unless otherwise agreed to in writing after the dual agent has complied with section 3(1)(f) of this act, to make a good faith and continuous effort to find a property for the buyer; except that a dual agent is not obligated to: (i) Seek additional properties to purchase while the buyer is a party to an existing contract to purchase; or (ii) show properties as to which there is no written agreement to pay compensation to the dual agent.

(3) A dual agent may show alternative properties not owned by the seller to prospective buyers and may list competing properties for sale without breaching any duty to the seller.

(4) A dual agent may show properties in which the buyer is interested to other prospective buyers without breaching any duty to the buyer.

**NEW SECTION. Sec. 7. DURATION OF AGENCY RELATIONSHIP.** (1) The agency relationships set forth in this chapter commence at the time that the licensee undertakes to provide real estate brokerage services to a principal and continue until the earliest of the following:

(a) Completion of performance by the licensee;

(b) Expiration of the term agreed upon by the parties; or

(c) Termination of the relationship by mutual agreement of the parties.

(2) Except as otherwise agreed to in writing, a licensee owes no further duty after termination of the agency relationship, other than the duties of:

(a) Accounting for all moneys and property received during the relationship; and

(b) Not disclosing confidential information.

**NEW SECTION. Sec. 8. COMPENSATION.** (1) In any real estate transaction, the broker's compensation may be paid by the seller, the buyer, a third party, or by sharing the compensation between brokers.

(2) An agreement to pay or payment of compensation does not establish an agency relationship between the party who paid the compensation and the licensee.

(3) A seller may agree that a seller's agent may share with another broker the compensation paid by the seller.

(4) A buyer may agree that a buyer's agent may share with another broker the compensation paid by the buyer.

(5) A broker may be compensated by more than one party for real estate brokerage services in a real estate transaction, if those parties consent in writing at or before the time of signing an offer in the transaction.

(6) A buyer's agent or dual agent may receive compensation based on the purchase price without breaching any duty to the buyer.

(7) Nothing contained in this chapter obligates a buyer or seller to pay compensation to a licensee, unless the buyer or seller has entered into a written agreement with the licensee specifying the terms of such compensation.

**NEW SECTION. Sec. 9. VICARIOUS LIABILITY.** (1) A principal is not liable for an act, error, or omission by an agent or subagent of the principal arising out of an agency relationship:

(a) Unless the principal participated in or authorized the act, error, or omission; or

(b) Except to the extent that: (i) The principal benefited from the act, error, or omission; and (ii) the court determines that it is highly probable that the claimant would be unable to enforce a judgment against the agent or subagent.

(2) A licensee is not liable for an act, error, or omission of a subagent under this chapter, unless the licensee participated in or authorized the act, error or omission. This subsection does not limit the liability of a real estate broker for an act, error, or omission by an associate real estate broker or real estate salesperson licensed to that broker.

**NEW SECTION. Sec. 10. IMPUTED KNOWLEDGE AND NOTICE.** (1) Unless otherwise agreed to in writing, a principal does not have knowledge or notice of any facts known by an agent or subagent of the principal that are not actually known by the principal.

(2) Unless otherwise agreed to in writing, a licensee does not have knowledge or notice of any facts known by a subagent that are not actually known by the licensee. This subsection does not limit the knowledge imputed to a real estate broker of any facts known by an associate real estate broker or real estate salesperson licensed to such broker.

**NEW SECTION. Sec. 11. INTERPRETATION.** This chapter supersedes only the duties of the parties under the common law, including fiduciary duties of an agent to a principal, to the extent inconsistent with this chapter. The common law continues to apply to the parties in all other respects. This chapter does not affect the duties of a licensee while engaging in the authorized or unauthorized practice of law as determined by the courts of this state. This chapter shall be construed broadly.

**NEW SECTION. Sec. 12. EFFECTIVE DATE.** This chapter shall take effect on January 1, 1997. This chapter does not apply to an agency relationship entered into before January 1, 1997, unless the principal and agent agree in writing that this chapter will, as of January 1, 1997, apply to such agency relationship.

**NEW SECTION. Sec. 13. PAMPHLET ON THE LAW OF REAL ESTATE AGENCY.** The pamphlet required under section 3(1)(f) of this act shall consist of the entire text of sections 1 through 12 of this act with a separate cover page. The pamphlet shall be 8 1/2 by 11 inches in size, the text shall be in print no smaller than 10-point type, the cover page shall be in print no smaller than 12-point type, and the title of the cover page "The Law of Real Estate Agency" shall be in print no smaller than 18-point type. The cover page shall be in the following form:

**The Law of Real Estate Agency**

This pamphlet describes your legal rights in dealing with a real estate broker or salesperson. Please read it carefully before signing any documents.

The following is only a brief summary of the attached law:  
Sec. 1. Definitions. Defines the specific terms used in the law.

Sec. 2. Relationships between Licensees and the Public. States that a licensee who works with a buyer or tenant represents that buyer or tenant -- unless the licensee is the listing agent, a seller's subagent, a dual agent, the seller personally or the parties agree otherwise. Also states that in a transaction involving two different licensees affiliated with the same broker, the broker is a dual agent and each licensee solely represents his or her client -- unless the parties agree in writing that both licensees are dual agents.

Sec. 3. Duties of a Licensee Generally. Prescribes the duties that are owed by all licensees, regardless of who the licensee represents. Requires disclosure of the licensee's agency relationship in a specific transaction.

Sec. 4. Duties of a Seller's Agent. Prescribes the additional duties of a licensee representing the seller or landlord only.

Sec. 5. Duties of a Buyer's Agent. Prescribes the additional duties of a licensee representing the buyer or tenant only.

Sec. 6. Duties of a Dual Agent. Prescribes the additional duties of a licensee representing both parties in the same transaction, and requires the written consent of both parties to the licensee acting as a dual agent.

Sec. 7. Duration of Agency Relationship. Describes when an agency relationship begins and ends. Provides that the duties of accounting and confidentiality continue after the termination of an agency relationship.

Sec. 8. Compensation. Allows brokers to share compensation with cooperating brokers. States that payment of compensation does not necessarily establish an agency relationship. Allows brokers to receive compensation from more than one party in a transaction with the parties' consent.

Sec. 9. Vicarious Liability. Eliminates the common law liability of a party for the conduct of the party's agent or subagent, unless the agent or subagent is insolvent. Also limits the liability of a broker for the conduct of a subagent associated with a different broker.

Sec. 10. Imputed Knowledge and Notice. Eliminates the common law rule that notice to or knowledge of an agent constitutes notice to or knowledge of the principal.

Sec. 11. Interpretation. This law replaces the fiduciary duties owed by an agent to a principal under the common law, to the extent that it conflicts with the common law.

Sec. 12. Effective Date. This law generally takes effect on January 1, 1997.

**NEW SECTION. Sec. 14. VIOLATION OF LICENSING LAW.** A violation of section 3 of this act is a violation of RCW 18.85.230.

**NEW SECTION. Sec. 15. CAPTIONS NOT PART OF LAW.** Captions used in this chapter do not constitute any part of the law.

**NEW SECTION. Sec. 16.** Sections 1 through 15 of this act shall constitute a new chapter in Title 18 RCW.

**NEW SECTION. Sec. 17.** Chapter 18.-- RCW (sections 1 through 15 of this act) is intended to supersede WAC 308-124D-040.

**Sec. 18.** RCW 18.85.230 and 1990 c 85 s 1 are each amended to read as follows:

(10) Committing any act of fraudulent or dishonest dealing or a crime involving moral turpitude, and a certified copy of the final holding of any court of competent jurisdiction in such matter shall be conclusive evidence in any hearing under this chapter;

(11) Advertising in any manner without affixing the broker's name as licensed, and in the case of a salesperson or associate broker, without affixing the name of the broker as licensed for whom or under whom the salesperson or associate broker operates, to the advertisement; except, that a real estate broker, associate real estate broker, or real estate salesperson advertising their personally owned real property must only disclose that they hold a real estate license;

(12) Accepting other than cash or its equivalent as earnest money unless that fact is communicated to the owner prior to his or her acceptance of the offer to purchase, and such fact is shown in the earnest money receipt;

WHEREAS, Athletics is one of the most effective ways for women in the United States to develop leadership skills, self-discipline, initiative, and confidence; and

WHEREAS, Sport and fitness activity contributes to emotional and physical well-being, and women need both strong minds and strong bodies; and

WHEREAS, The communication and cooperation skills learned through athletic experience play a key role in the contributions of athletes to the home, to the workplace, and to society; and

WHEREAS, Early motor skill training and enjoyable experiences of physical activity strongly influence life-long habits of physical fitness; and

WHEREAS, The bonds built among women through athletics help break down the social barriers of racism and prejudice; and

WHEREAS, The history of women in sports is rich and long, but there has been little national recognition of the significance of the athletic achievements of women; and

WHEREAS, The state of Washington has produced women athletes who are winners, such as Olympic skier Debbie Armstrong, ice skater Rosalynn Summers, track star Doris Heritage, swimmer Mary Wayte, synchronized swimmer Tracie Ruiz-Conforto, marathon runner Lisa Weidenbach, soccer player Shannon Higgins, and boxer Dallas Malloy, whose spirit, talent, and accomplishments distinguished them from others and were a source of inspiration and pride to all of us; and

WHEREAS, The number of women in the leadership positions of coaches, officials, and administrators has declined drastically over the past decade, and there is a need to restore women to these positions to ensure a fair representation of the abilities of women and to provide role models for young female athletes; and

WHEREAS, The athletic opportunities for male students at the college and high school level remain significantly greater than the athletic opportunities for female students; and

WHEREAS, The number of funded research projects focusing on the specific needs of women athletes is limited, and the information provided by the projects is imperative to the health and performance of future women athletes;

### TWENTY-NINTH DAY

---

#### MORNING SESSION

---

House Chamber, Olympia, Monday, February 5, 1996

The House was called to order at 10:00 a.m. by the Speaker (Representative Horn presiding). The Clerk called the roll and a quorum was present.

Representative Horn called on Representative Radcliff to preside.

The flag was escorted to the rostrum by a Sergeant at Arms Color Guard, Pages Sarah Huizinga and Patrick Maguire. Prayer was offered by Pastor Dr. Gary Gulbranson, Westminster Chapel, Bellevue.

Reading of the Journal of the previous day was dispensed with and it was ordered to stand approved.

#### POINT OF PERSONAL PRIVILEGE

Representative Chandler: Thank you Madam Speaker. Ladies and Gentlemen. I'll try to do this as best as I can. As many of you know from the Newspaper reports we had a very big tragedy happen in Moses Lake Friday. Tragedy that has hit the whole community and shocked everyone of us that we would of thought something like this would happen in Moses Lake. Unfortunately, Friday afternoon a young 14 year old man walked into one of the classrooms and began to shoot. He shot two students and also shot the teacher, wounded another student who is now in the hospital in intensive care.

It's unknown what the motives were. He was a straight A student. Although we don't know what the motives are around the circumstances, I would have to tell you when I was home this weekend I've never seen people react in Moses Lake as they have over this. Every council that is possible is trying to work with not only the students, the teachers, the faculty, the principle, the vice principle but the community as a whole are coming together to console each other. Through this whole thing though there is one hero that need's to be mentioned and that is the Physical Education teacher, John Lane who had the courage to go into the room when he saw that there could be more damage done, was able to stand up behind a table and start talking with the young man and eventually get close enough to where he could wrestle the gun away from the kid and the kid was arrested. It's truly a tragedy that happened there, the only thing that can happen now is by God's grace that is we all pull together and try to come to some common ground as to what has happened. I would ask that Madam Speaker, that this body would mind standing for a moment of silence for what happened.

Representative Horn assumed the chair.

There being no objection, the House advanced to the third order of business.

#### STATEMENT FOR THE JOURNAL

VELMA VELORIA, 11th District

There being no objection, the House reverted to the sixth order of business.

There being no objection, the House resumed consideration of Second Substitute House Bill No. 1645.

#### SPEAKER'S RULING

Representative D. Schmidt, the Speaker is prepared to Rule on your Point of Order which challenges amendment 46 to Second Substitute House Bill No. 16452 as being beyond the Scope and Object of the bill.

Members may recall that we have been in this neighborhood before. On March 14, 1995 the Speaker ruled that a similar amendment, amendment 315, was within the scope and object of Substitute House Bill No. 1645.

The title of the bill is "AN ACT Relating to transportation planning"

The title is broad. The bill amends several sections of chapter 36.70A. RCW and adds a new section to chapter 47.06 RCW.

Amendment 46 to Second Substitute House Bill No. 1645, like last years amendment to Substitute House Bill No. 1645, would add "airports that have scheduled air services" to the list of transportation facilities and services declared to be of state wide significance. The Speaker finds that amendment 46 is within the scope of the broad title of Second Substitute House Bill No. 1645.

While the title of the act and its scope remains broad, there can be no question that the object of Second Substitute House Bill No. 1645 is specifically more narrow than was the object of Substitute House Bill No. 1645. Second Substitute House Bill No. 1645, which the members of this house adopted to replace Substitute House Bill No. 1645, specifically provides that this act does not apply to airport facilities and services. The bill report says in comparing the Second Substitute bill with the first substitute bill, "Airports are excluded from the bill...".

The Speaker finds that amendment 46 attempts to add to Second Substitute House Bill No. 1645 that which is specifically excluded from Second Substitute House Bill No. 1645.

The Speaker finds that amendment 46 is beyond the scope and object of Second Substitute House Bill No. 1645.

Representative D. Schmidt, Your Point of Order is well taken.

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 82.14.0485 and 1995 3rd sp.s. c 1 s 101 are each amended to read as follows:

(1) The legislative authority of a county with a population of one million or more may impose a sales and use tax in accordance with the terms of this chapter. The tax is in addition to other taxes authorized by law and shall be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the county. The rate of tax shall not exceed 0.017 percent of the selling price in the case of a sales tax or value of the article used in the case of a use tax.

(2) The tax imposed under subsection (1) of this section shall be deducted from the amount of tax otherwise required to be collected or paid over to the department of revenue under chapter 82.08 or 82.12 RCW. The department of revenue shall perform the collection of such taxes on behalf of the county at no cost to the county.

(3) Moneys collected under this section shall only be used for the purpose of paying the principal and interest payments on bonds issued by a county to construct a baseball stadium. If moneys collected under this section, in any year, exceed the amount needed for such principal and interest payments, the excess shall be deposited into a reserve fund. The reserve fund and interest earned on the deposits in the reserve fund shall be used solely for early retirement of bonds issued for the baseball stadium.

(4) No tax may be collected under this section before January 1, 1996, and no tax may be collected under this section unless the taxes under RCW 82.14.360 are being collected. The tax imposed in this section shall expire when the bonds issued for the construction of the baseball stadium or bonds issued to refund those bonds are retired, but not more than twenty years after the tax is first collected.

(5) As used in this section, "baseball stadium" means a baseball stadium with natural turf and a retractable roof or canopy, together with associated parking facilities, constructed in the largest city in a county with a population of one million or more.

**Sec. 2.** RCW 46.16.313 and 1995 3rd sp.s. c 1 s 103 are each amended to read as follows:

(1) The department may establish a fee for each type of special license plates issued under RCW 46.16.301(1) (a), (b), or (c) in an amount calculated to offset the cost of production of the special license plates and the administration of this program. The fee shall not exceed thirty-five dollars and is in addition to all other fees required to register and license the vehicle for which the plates have been requested. All such additional special license plate fees collected by the department shall be deposited in the state treasury and credited to the motor vehicle fund.

(2) In addition to all fees and taxes required to be paid upon application, registration, and renewal registration of a motor vehicle, the holder of a collegiate license plate shall pay a fee of thirty dollars. The department shall deduct an amount not to exceed two dollars of each fee collected under this subsection for administration and collection expenses incurred by it. The remaining proceeds, minus the cost of plate production, shall be remitted to the custody of the state treasurer with a proper identifying detailed report. The state treasurer shall credit the funds to the appropriate collegiate license plate fund as provided in RCW 28B.10.890.

(3) In addition to all fees and taxes required to be paid upon application, registration, and renewal registration of a motor vehicle, the holder of a special baseball stadium license plate shall pay a fee of thirty dollars. The department shall deduct an amount not to exceed two dollars of each fee collected under this subsection for administration and collection expenses incurred by it. The remaining proceeds, minus the cost of plate production, shall be distributed to a county for the purpose of paying the principal and interest payments on bonds issued by the county to construct a baseball stadium, ~~((as defined in RCW 82.14.0485,))~~ including reasonably necessary preconstruction costs, both as defined in RCW 82.14.360, while the taxes are being collected under RCW 82.14.360. After this date, the state treasurer shall credit the funds to the state general fund.

**Sec. 3.** RCW 67.70.240 and 1995 3rd sp.s. c 1 s 105 are each amended to read as follows:

The moneys in the state lottery account shall be used only: (1) For the payment of prizes to the holders of winning lottery tickets or shares; (2) for purposes of making deposits into the reserve account created by RCW 67.70.250 and into the lottery administrative account created by RCW 67.70.260; (3) for purposes of making deposits into the state's general fund; (4) ~~((for purposes of making deposits into the housing trust fund under the provisions of section 7 of this 1987 act; (5)))~~ for distribution to a county for the purpose of paying the principal and interest payments on bonds issued by the county to construct a baseball stadium, ~~((as defined in RCW 82.14.0485,))~~ including reasonably necessary preconstruction costs, both as defined in RCW 82.14.360; ~~((6))~~ (5) for the purchase and promotion of lottery games and game-related services; and ~~((7))~~ (6) for the payment of agent compensation. Three million dollars shall be distributed under subsection ~~((5))~~ (4) of this section during calendar year 1996. During subsequent years, such distributions shall equal the prior year's distributions increased by four percent. Distributions under subsection ~~((5))~~ (4) of this section shall cease when the bonds issued for the construction of the baseball stadium or bonds issued to refund those bonds are retired, but not more than twenty years after the tax under RCW 82.14.0485 is first imposed.

The office of financial management shall require the allotment of all expenses paid from the account and shall report to the ways and means committees of the senate and house of representatives any changes in the allotments.

**Sec. 4.** RCW 82.14.360 and 1995 3rd sp.s. c 1 s 201 are each amended to read as follows:

(1) The legislative authority of a county with a population of one million or more may impose a special stadium sales and use tax upon the retail sale or use within the county by restaurants, taverns, and bars of food and beverages that are taxable by the state under chapters 82.08 and 82.12 RCW. The rate of the tax shall not exceed five-tenths of one percent of the selling price in the case of a sales tax, or value of the article used in the case of a use tax. The tax imposed under this subsection is in addition to any other taxes authorized by law and shall not be credited against any other tax imposed upon the same taxable event. As used in this section, "restaurant" does not include grocery stores, mini-markets, or convenience stores.

(2) The legislative authority of a county with a population of one million or more may impose a special stadium sales and use tax upon retail car rentals within the county that are taxable by the state under chapters 82.08 and 82.12 RCW. The rate of the tax shall not exceed two percent of the selling price in the case of a sales tax, or rental value of the vehicle in the case of a use tax. The tax imposed under this subsection is in addition to any other taxes authorized by law and shall not be credited against any other tax imposed upon the same taxable event.

(3) The revenue from the taxes imposed under this section shall be used for the purpose of principal and interest payments on bonds, issued by the county, to acquire, construct, own, remodel, maintain, equip, reequip, repair, and operate a baseball stadium. Revenues from the taxes authorized in this section may be used for design and other preconstruction costs of the baseball stadium until bonds are issued for the baseball stadium. As used in this section, "preconstruction costs" include but are not limited to the reasonably necessary administrative and operating costs of a public facilities district created under chapter 36.100 RCW to build a baseball stadium. The county shall issue bonds, in an amount determined to be necessary by the public facilities district, for the district to acquire, construct, own, and equip the baseball stadium. The county shall have no obligation to issue bonds in an amount greater than that which would be supported by the tax revenues under this section, RCW 82.14.0485, ~~((and))~~ 36.38.010(3) (a) and (b), and 67.70.240(4). If the revenue from the taxes imposed under this section exceeds the amount needed for such principal and interest payments in any year, the excess shall be deposited into a reserve fund. The reserve fund and interest earned on the deposits in the reserve fund shall be used solely:

(a) For early retirement of the bonds issued for the baseball stadium; and

(b) If the revenue from the taxes imposed under this section exceeds the amount needed for the purposes in (a) of this subsection in any year, the excess ~~((shall be placed in a contingency fund which))~~ may only be used to pay unanticipated capital costs on the baseball stadium, excluding any cost overruns on initial construction.

(4) The taxes authorized under this section shall not be collected after June 30, 1997, unless the county executive has certified to the department of revenue that a professional major league baseball team has made a binding and legally enforceable contractual commitment to:

(a) Play at least ninety percent of its home games in the stadium for a period of time not shorter than the term of the bonds issued to finance the initial construction of the stadium;

(b) Contribute forty-five million dollars toward the reasonably necessary preconstruction costs including, but not limited to architectural, engineering, environmental, and legal services, and the cost of construction of the stadium, or to any associated public purpose separate from bond-financed property, including without limitation land acquisition, parking facilities, equipment, infrastructure, or other similar costs associated with the project, which contribution shall be made during a term not to exceed the term of the bonds issued to finance the initial construction of the stadium. If all or part of the contribution is made after the date of issuance of the bonds, the team shall contribute an additional amount equal to the accruing interest on the deferred portion of the contribution, calculated at the interest rate on the bonds maturing in the year in which the deferred contribution is made. No part of the contribution may be made without the consent of the county until a public facilities district is created under chapter 36.100 RCW to acquire, construct, own, remodel, maintain, equip, reequip, repair, and operate a baseball stadium. To the extent possible, contributions shall be structured in a manner that would allow for the issuance of bonds to construct the stadium that are exempt from federal income taxes; and

(c) Share a portion of the profits generated by the baseball team from the operation of the professional franchise for a period of time equal to the term of the bonds issued to finance the initial construction of the stadium, after offsetting any losses incurred by the baseball team after the effective date of chapter 14, Laws of 1995 1st sp. sess. Such profits and the portion to be shared shall be defined by agreement between the public facilities district and the baseball team. The shared profits shall be used to retire the bonds issued to finance the initial construction of the stadium. If the bonds are retired before the expiration of their term, the shared profits shall be paid to the public facilities district.

(5) No tax may be collected under this section before January 1, 1996. Before collecting the taxes under this section or issuing bonds for a baseball stadium, the county shall create a public facilities district under chapter 36.100 RCW to acquire, construct, own, remodel, maintain, equip, reequip, repair, and operate a baseball stadium.

(6) The county shall assemble such real property as the district determines to be necessary as a site for the baseball stadium. Property which is necessary for this purpose that is owned by the county on October 17, 1995, shall be contributed to the district, and property which is necessary for this purpose that is acquired by the county on or after October 17, 1995, shall be conveyed to the district.

(7) The proceeds of any bonds issued for the baseball stadium shall be provided to the district.

(8) As used in this section, "baseball stadium" means "baseball stadium" as defined in RCW 82.14.0485.

(9) The taxes imposed under this section shall expire when the bonds issued for the construction of the baseball stadium or bonds issued to refund those bonds are retired, but not later than twenty years after the taxes are first collected.

**Sec. 5.** RCW 36.38.010 and 1995 3rd sp.s. c 1 s 203 are each amended to read as follows:

(1) Any county may by ordinance enacted by its county legislative authority, levy and fix a tax of not more than one cent on twenty cents or fraction thereof to be paid for county purposes by persons who pay an admission charge to any place, including a tax on persons who are admitted free of charge or at reduced rates to any place for which other persons pay a charge or a regular higher charge for the same or similar privileges or accommodations; and require that one who receives any admission charge to any place shall collect and remit the tax to the county treasurer of the county: PROVIDED, No county shall impose such tax on persons paying an admission to any activity of any elementary or secondary school.

(2) As used in this chapter, the term "admission charge" includes a charge made for season tickets or subscriptions, a cover charge, or a charge made for use of seats and tables, reserved or otherwise, and other similar accommodations; a charge made for food and refreshments in any place where any free entertainment, recreation, or amusement is provided; a charge made for rental or use of equipment or facilities for purpose of recreation or amusement, and where the rental of the equipment or facilities is necessary to the enjoyment of a privilege for which a general admission is charged, the combined charges shall be considered as the admission charge. It shall also include any automobile parking charge where the amount of such charge is determined according to the number of passengers in any automobile.

(3) The tax herein authorized shall not be exclusive and shall not prevent any city or town within the taxing county, when authorized by law, from imposing within its corporate limits a tax of the same or similar kind: PROVIDED, That whenever the same or similar kind of tax is imposed by any such city or town, no such tax shall be levied within the corporate limits of such city or town by the county, except that the legislative authority of a county with a population of one million or more may exclusively levy taxes on events in stadiums constructed on or after January 1, 1995, that are owned by a public facilities district under chapter 36.100 RCW and that have seating capacities over forty thousand at the rates of:

(a) Not more than one cent on twenty cents or fraction thereof, to be used for the purpose of paying the principal and interest payments on bonds issued by a county to construct a baseball stadium as defined in RCW 82.14.0485, or bonds issued to refund those bonds. If the revenue from the tax exceeds the amount needed for that purpose in any year, the excess shall be placed in a contingency fund which may only be used to pay unanticipated capital costs on the baseball stadium, excluding any cost overruns on initial construction; and

(b) Not more than one cent on twenty cents or fraction thereof, to be used for the purpose of paying the principal and interest payments on bonds issued by a county to construct a baseball stadium as defined in RCW 82.14.0485. The tax imposed under this subsection (3)(b) shall expire when the bonds issued for the construction of the baseball stadium are retired, but not later than twenty years after the tax is first collected.

**Sec. 6.** RCW 67.70.042 and 1995 3rd sp.s. c 1 s 104 are each amended to read as follows:

**"NEW SECTION. Sec. 1.** (1) The legislature affirms that the legislative authority of the state of Washington is vested in the legislative branch of government and that the legislative body alone is given the constitutional duty and power to establish public policy through the enactment of state law.

(2) The legislature affirms that the executive authority of the state of Washington is vested in the executive branch of government, that the executive branch is given the constitutional duty and power to see that the laws enacted by the legislature are faithfully executed, and that the supreme executive power of state government is vested in the office of the governor.

(3) The legislature finds that to ensure responsible and accountable government, lobbying activities at public expense to influence the public decision-making process in the legislative branch of government should be restricted.

(4) The legislature further finds that restrictions on lobbying activities at public expense by individuals employed by state agencies or units of local government will reduce the cost of maintaining efficient government, increase public confidence in the integrity of government, and assist in restoring representative government to the people.

(5) It is therefore the intent of the legislature to restrict lobbying activities at public expense by state agencies or units of local government to influence the public decision-making process in the legislative branch of government and to consolidate such activities within the office of the governor.

**NEW SECTION. Sec. 2.** A new section is added to chapter 41.04 RCW to read as follows:

(1) Except as provided in subsection (4)(b) of this section, representatives of state agencies or units of local government may not participate in lobbying activities as part of their public employment responsibilities. Nothing in this subsection precludes representatives of state agencies or units of local

government from engaging in lobbying activities as private citizens outside of their working hours without using public facilities or supplies to prepare their testimony or materials.

(2) On or before July 31st of each year, each state agency shall report to the office of financial management on its expenditures associated with lobbying activities during the prior fiscal year. On or before January 31st of each year, each unit of local government shall report to the office of financial management on its expenditures associated with lobbying activities during the prior calendar year.

(3) A representative of state agencies or units of local government who authorizes, directs, or participates in lobbying activities in violation of this section is guilty of a civil infraction punishable by a fine of not more than one thousand dollars for each violation.

(4) Unless the context requires otherwise, the definitions in this subsection apply throughout the entire section.

(a) "Lobbying activities" means any oral or written communication, including electronic communication, to members of the legislature or legislative staff with regard to the advocacy of, or opposition to, the formulation, modification, or adoption of state legislation or other legislative proposal, and includes motivating others to contact members of the legislature or legislative staff with regard to the advocacy of, or opposition to, the formulation, modification, or adoption of state legislation or other legislative proposals. "Lobbying activities" does not include providing factual information to members of the legislature or legislative staff in response to a request made by a member of the legislature or legislative staff.

(b) "Representative of a state agency or unit of local government" means an employee of a state agency or unit of local government or a nonemployee of a state agency or unit of local government who has entered into a contractual agreement with the state agency or unit of local government to represent the state agency or local government for financial remuneration. "Representative of a state agency or unit of local government" does not include: (i) a state-wide elected official and one designated representative of a state-wide elected official who is employed in the office of the state-wide elected official; (ii) the president of an institution of higher education and one designated representative of the president of an institution of higher education; (iii) the chief executive officer of each state agency listed in RCW 43.17.020 and one designated representative of each of such chief executive officer; (iv) an elected official of a unit of local government and one designated representative from each unit of local government; or (v) one designated employee of each association of units of local government or association of officials of units of local government.

Strike everything after the enacting clause and insert:

"NEW SECTION. Sec. 1. A new section is added to chapter 84.55 RCW to read as follows:

(1) As used in this section, "full levy" means the levy amount that would be allowed otherwise under this chapter without regard to RCW 84.55.012 or this section.

(2) The state levy for collection in 1997 shall be reduced by five percent of the full levy for that year. The tax reduction provided in this section is in addition to any other tax reduction legislation that may be enacted by the legislature.

(3) Levies collected before 1997 shall not be used as a base for calculating limits for state levies for collection after 1997.

Sec. 2. RCW 84.55.012 and 1995 2nd sp.s. c 13 s 2 are each amended to read as follows:

(1) The state property tax levy for collection in 1996 shall be reduced by 4.7187 percent of the levy amount that would otherwise be allowed under this chapter without regard to this section or any other tax reduction legislation enacted in 1995.

(2) The tax reduction provided in this section is in addition to any other tax reduction legislation that may be enacted by the legislature.

~~((3) State levies for collection after 1996 shall be set at the amount that would be allowed otherwise under this chapter if the state levy for collection in 1996 had been set without the reduction under subsection (1) of this section.))~~

Sec. 3. RCW 84.55.005 and 1994 c 301 s 49 are each amended to read as follows:

As used in this chapter~~((, the term))~~:

(1) "Regular property taxes" has the meaning given it in RCW 84.04.140, and also includes amounts received in lieu of regular property taxes.

(2) "Inflation" means the percentage change in the United States consumer price index for the calendar year during which the taxes are payable, as forecast by the economic and revenue forecast council in the official forecast adopted in September of the year before the taxes are payable.

NEW SECTION. Sec. 4. A new section is added to chapter 84.55 RCW to read as follows:

Except as provided in this chapter, the levy for districts other than junior districts, as defined in RCW 84.52.043, in any year shall be set so that the regular property taxes payable in the following year shall not exceed the lesser of one hundred six percent or one hundred percent plus inflation, multiplied by the amount of regular property taxes lawfully levied for the state in the highest of the three most recent years in which such taxes were levied for such district, plus an additional dollar amount calculated by multiplying the increase in assessed value in that district resulting from new construction, improvements to property, and any increase in the assessed value of state-assessed property by the regular property tax levy rate of the state for the preceding year.

Sec. 5. RCW 84.55.010 and 1979 ex.s. c 218 s 2 are each amended to read as follows:

Except as provided in this chapter, the levy for a junior taxing district, as defined in RCW 84.52.043, in any year shall be set so that the regular property taxes payable in the following year shall not exceed one hundred six percent of the amount of regular property taxes lawfully levied for such district in the highest of the three most recent years in which such taxes were levied for such district plus an additional dollar amount calculated by multiplying the increase in assessed value in that district resulting from new construction, improvements to property, and any increase in the assessed value of state-assessed property by the regular property tax levy rate of that district for the preceding year.

NEW SECTION. Sec. 6. The legislature finds that large and unanticipated increases in taxes on residential property cause hardships for many homeowners. The legislature intends to allow distressed taxpayers to defer taxes due so that they will be able to remain in their homes while still paying an equitable share of the overall property tax burden. The legislature also finds that infrequent revaluations are inconsistent with the purposes of maintaining an equitable and uniform property tax system, and often result in sharp and unanticipated increases in assessments that cause unnecessary financial distress for taxpayers. The legislature intends that more frequent revaluations be conducted in all areas of the state to prevent or mitigate such increases in assessments. The legislature finds that taxation of property by numerous taxing districts makes difficult public understanding of the amounts and purposes of property taxes, and intends that the taxpayer be provided with sufficient information to

understand a property tax bill and to make informed decisions on proposed property tax levies. The legislature intends that taxpayers not be dissuaded from exercising the right to appeal a property tax assessment by fear that such an appeal will result in a higher assessment.

**Sec. 7.** RCW 84.38.010 and 1975 1st ex.s. c 291 s 26 are each amended to read as follows:

(1) The legislature finds that savings once deemed adequate for retirement living have been rendered inadequate by increased tax rates, increased property values, and the failure of pension systems to adequately reflect such factors. It is therefore deemed necessary that the legislature, in addition to that tax exemption as provided for in RCW 84.36.381 through 84.36.389 as now or hereafter amended, allow retired persons to defer payment of special assessments on their residences, and to defer their real property tax obligations on their residences, an amount of up to eighty percent of their equity in said property. ~~((This deferral program))~~ The deferral provided under RCW 84.38.030 is intended to assist retired persons in maintaining their dignity and a reasonable standard of living by residing in their own homes, providing for their own needs, and managing their own affairs without requiring assistance from public welfare programs.

(2) The legislature also finds that large and unanticipated increases in taxes on residential property, usually attributable to rapid increases in property values, cause undue and excessive hardships for many homeowners. These increased tax burdens put many of these homeowners at risk of being unable to remain in their residences and maintain their property. Temporary financial hardships, such as unemployment or medical costs, may also cause some homeowners to have insufficient resources to pay property tax bills. The legislature therefore intends to provide such distressed taxpayers with the ability to defer taxes due so that they will be able to remain in their homes while still paying an equitable share of the overall property tax burden.

**NEW SECTION. Sec. 8.** A new section is added to chapter 84.38 RCW to read as follows:

A claimant may defer payment of that amount of real property taxes that exceeds six percent of the claimant's combined disposable income, but not to exceed two thousand five hundred dollars per year, if the following conditions are met:

(1) The property taxes must have been imposed upon a residence that was occupied by the claimant as a principal place of residence as of January 1st of the year in which the taxes are due, subject to the exceptions allowed under RCW 84.36.381(1);

(2) The total amount deferred by a claimant under this chapter must not exceed eighty percent of the claimant's equity value in the claimant's residence; and

(3) The claimant must meet the conditions of RCW 84.38.030 (4) and (5).

**Sec. 9.** RCW 84.38.050 and 1979 ex.s. c 214 s 8 are each amended to read as follows:

(1)(a) Declarations to defer property taxes for all years following the first year under RCW 84.38.030 may be made by filing with the county assessor no later than thirty days before the tax is due a renewal form in duplicate, prescribed by the department of revenue and supplied by the county assessor, which affirms the continued eligibility of the claimant.

(b) In January of each year, the county assessor shall send to each claimant who has been granted deferral of ad valorem taxes for the previous year under RCW 84.38.030 renewal forms and notice to renew.

(2) Declarations to defer special assessments shall be made by filing with the assessor no later than thirty days before the special assessment is due on a form to be prescribed by the department of revenue and supplied by the county assessor. Upon approval, the full amount of special assessments upon such claimant's residence shall be deferred but not to exceed an amount equal to eighty percent of the claimant's equity value in said property.

**Sec. 10.** RCW 84.40.045 and 1994 c 301 s 36 are each amended to read as follows:

(1) The assessor shall give notice of any change in the true and fair value of real property for the tract or lot of land and any improvements thereon no later than thirty days after appraisal: PROVIDED, That no such notice shall be mailed during the period from January 15 to February 15 of each year: PROVIDED FURTHER, That no notice need be sent with respect to changes in valuation of forest land made pursuant to chapter 84.33 RCW.

(2) The notice shall contain a statement of both the prior and the new true and fair value and the ratio of the assessed value to the true and fair value on which the assessment of the property is

based, stating separately land and improvement values, and a brief statement of the procedure for appeal to the board of equalization and the time, date, and place of the meetings of the board.

(3) The notice shall be mailed by the assessor to the taxpayer. If any taxpayer, as shown by the tax rolls, holds solely a security interest in the real property which is the subject of the notice, pursuant to a mortgage, contract of sale, or deed of trust(~~(, and thereafter such person shall also receive a copy of the notice provided for in this section)~~). Within thirty days of receipt of the notice, such taxpayer shall transmit a copy of the notice to the person making payments under the security agreement. The copy shall clearly state that it is not a bill and is for informational purposes only. Willful failure to comply with ~~((such request))~~ this subsection within the time limitation provided for herein shall make such taxpayer subject to a maximum civil penalty of five thousand dollars. The penalties provided for herein shall be recoverable in an action by the county prosecutor, and when recovered shall be deposited in the county current expense fund. ~~((The assessor shall make the request provided for by this section during the month of January.))~~

**Sec. 11.** RCW 84.56.050 and 1991 c 245 s 17 are each amended to read as follows:

(1) On receiving the tax rolls the treasurer shall post all real and personal property taxes from the rolls to the treasurer's tax roll, and shall carry forward to the current tax rolls a memorandum of all delinquent taxes on each and every description of property, and enter the same on the property upon which the taxes are delinquent showing the amounts for each year.

(h) The total taxes due and payable from the taxpayer, including any delinquent taxes and any interest or penalties due; and

(i) A notice of the payment due dates and possible delinquency penalties and interest.

(3) The county treasurer shall be the sole collector of all delinquent taxes and all other taxes due and collectible on the tax rolls of the county ~~((: PROVIDED, That the term "taxpayer" as used in this section shall mean any person charged, or whose property is charged, with property tax; and))~~.

(4) The person to be notified under this section is that person whose name appears on the tax roll ((herein mentioned: PROVIDED, FURTHER, That)). If no name ((so)) appears on the tax roll the person to be notified is that person shown by the treasurer's tax rolls or duplicate tax receipts of any preceding year as the payer of the tax last paid on the property in question. If any taxpayer, as shown by the tax rolls, holds solely a security interest in the real property that is the subject of the notice, the person making payments under the security agreement, as identified under RCW 84.40.045, shall also receive a copy of the notice provided for in this section.

**Sec. 12.** RCW 84.48.010 and 1988 c 222 s 20 are each amended to read as follows:

Substitute House Bill No. 2420, having received the constitutional majority, was declared passed.

The Speaker called on Representative Horn to preside.

There being no objection, the House resumed consideration of House Bill No. 2841.

#### SPEAKER'S RULING

Representative Morris, the Speaker (Representative Horn presiding) is prepared to Rule on your Point of Order which challenges Amendment 107 to House Bill No. 2841 as being beyond the Scope and Object of the bill.

"The Title of House Bill No. 2841 is "AN ACT Relating to limiting property taxes.

"The title is broad. House Bill No. 2841 amends RCW 35.61.210, 70.44.060, 84.08.115, 84.55.005, 84.55.010, and 84.55.020.

"Amendment 107 amends RCW 84.08.115, 84.55.005, 84.38.010, 84.38.050, 84.40.045, 84.48.010, 84.55.010, 84.55.012, 84.56.020, 84.56.050, 35.61.210, 70.44.060, and repeals RCW 84.56.022.

"House Bill No. 2841 changes the 106 percent limit for property valuation purposes to 106 percent of 100 percent plus the percentage change in the United States Consumer Price Index whichever is lower. The change would be effective for 1997 property taxes.

"Amendment 107 limits annual levy growth for senior taxing districts to the lesser of inflation or 6%, provides a property tax deferral program when taxes exceed 6% of household income, cuts the state property tax levy by 5%, provides additional information on tax bills, prevents tax appeal boards

from increasing values that are appealed, and provides that if the first half payment of a year's taxes is late only that half is delinquent.

"Amendment 107 is within the scope of House Bill No. 2841 because it relates to limiting property taxes. Amendment 107 uses market value as the basis for assessments as does House Bill No. 2841 and, although the amendment adds several provisions to House Bill No. 2841, they are technical provisions reasonably related to implementing the object of the underlying bill.

"The Speaker finds that amendment 107 is within the scope and object of the bill.

Representative Morris, Your Point of Order is not well taken.

Beginning on page 2, line 1 of the amendment, strike all material through "year." on page 2, line 27, and insert the following:

(b) The claimant must notify the assessor in writing of the claimant's request for exemption under this section for a claim of exemption to be considered valid. The exemption shall be effective from the date of filing of a request for the exemption at the assessor's office by the claimant or duly authorized representative; and

(c) The person claiming exemption must have owned, at the time of filing, the property in fee, as a life estate, or by contract a share in a cooperative housing association, corporation, or partnership. A share in the ownership of the property in fee, as a life estate, or by contract in a cooperative housing association, corporation, or partnership representing a marital community or owned by cotenants shall be deemed to be owned by each spouse or cotenant, and any lease for life shall be deemed a life estate.

(3) Confinement of the claimant to a hospital or nursing home does not disqualify the claim of exemption if:

(a) The residence is temporarily unoccupied;

(b) The residence is occupied by a person who is either or both a spouse or a person financially dependent on the claimant for support; or

(c) The residence is rented for the specific purpose of paying nursing home or hospital costs.

(4) A person who is displaced from a principal residence may transfer a claimed exemption status to a similar replacement residence.

(5) A claimed exemption shall continue annually until change of ownership of the affected property, or until rescinded by the claimant.

(6) A claimant may not receive more than one active owner-occupant exemption at any time. A new claim for such an exemption invalidates any prior such exemption.

**NEW SECTION. Sec. 20.** A new section is added to chapter 84.40 RCW to read as follows:

(1) All property tax assessments shall be computed using the adjusted value of a property.

(2) The definitions in section 18 of this act apply to this section.

#### POINT OF ORDER

Representative B. Thomas: Thank you Mr. Speaker. I would request a ruling on the scope and object of the amendment to House Bill No. 2841.

#### SPEAKER'S RULING

"Representative B. Thomas, the Speaker (Representative Horn presiding) is prepared to Rule on your Point of Order which challenges Amendment 127 to Striking Amendment 107 to House Bill No. 2841 as being beyond the Scope and Object of the bill.

"The title of House Bill No. 2841 is "AN ACT Relating to limiting property taxes.

"The title is broad. House Bill No. 2841 amends RCW 35.61.210, 70.44.060, 84.08.115, 84.55.005, 84.55.010, and 84.55.020.

"Striking Amendment 107 amends RCW 84.08.115, 84.55.005, 84.38.010, 84.38.050, 84.40.045, 84.48.010, 84.55.010, 84.55.012, 84.56.020, 84.56.050, 35.61.210, 70.44.060, and repeals RCW 84.56.022.

"House Bill No. 2841 changes the 106 percent limit for property valuation purposes to 106 percent or 100 percent plus the percentage change in the United States Consumer Price Index, whichever is lower. The change would be effective for 1997 property taxes.

"Amendment 127 sets a base year for property tax valuation computation, and limits property tax valuation increases to 2 percent per year over the base year until ownership of the property changes.

"Amendment 127, although it is within the scope of House Bill No. 2841 because it relates to limiting property taxes it goes beyond the object of the bill. House Bill No. 2841 and Striking Amendment 127 use far away from market value as the basis for assessments and creates an artificial value as the basis for assessments. This is a substantial policy change and is substantially outside the object of House Bill No. 2841.

"The Speaker finds that Amendment 127 is beyond the object of the bill.

Representative B. Thomas, Your Point of Order is well taken.

The Speaker (Representative Horn presiding) declared the House to be at ease.

The Speaker called the House to order.

Representative Kessler moved the adoption of the following amendment to the amendment by Representative Kessler:

On page 20, after line 6 of the amendment, insert the following:

NEW SECTION. **Sec. 19** A new section is added to chapter 84.36 RCW to read as follows:

Farm and agricultural land and timber land that is included under the current use taxation in chapter 84.34 RCW, or the forest land valuation system in chapter 84.33 RCW, is exempt from taxation if chapter 76.09 or 36.70A RCW precludes or substantially limits either:

(1) The harvesting of timber on the land as a result of the land being included within a buffer area adjacent to a body of water or being part of, or included within a buffer area adjacent to, a wetland; or

(2) The production of horticultural or agricultural produce or crop a result of the land being part of, or included within a buffer area adjacent to, a wetland."

On page 20, after line 6 of the amendment, insert the following:

**"Sec. 19** RCW 84.40.030 and 1994 c 124 s 20 are each amended to read as follows:

All property shall be valued at one hundred percent of its true and fair value in money and assessed on the same basis unless specifically provided otherwise by law.

Taxable leasehold estates shall be valued at such price as they would bring at a fair, voluntary sale for cash without any deductions for any indebtedness owed including rentals to be paid.

The true and fair value of real property for taxation purposes (including property upon which there is a coal or other mine, or stone or other quarry) shall be based upon the most probable and most reasonable use of the real property using the following criteria:

(1) Any sales of the property being appraised or similar properties with respect to sales made within the past five years. The appraisal shall be consistent with the comprehensive land use plan, development regulations under chapter 36.70A RCW, zoning, and any other governmental policies or practices in effect at the time of appraisal that affect the use of property, as well as physical and environmental influences. The appraisal shall also take into account: (a) In the use of sales by real estate contract as similar sales, the extent, if any, to which the stated selling price has been increased by reason of the down payment, interest rate, or other financing terms; and (b) the extent to which the sale of a similar property actually represents the general effective market demand for property of such type, in the geographical area in which such property is located. Sales involving deed releases or similar seller-developer financing arrangements shall not be used as sales of similar property.

(2) In addition to sales as defined in subsection (1), consideration may be given to cost, cost less depreciation, reconstruction cost less depreciation, or capitalization of income that would be derived from prudent use of the property. In the case of property of a complex nature, or being used under terms of a franchise from a public agency, or operating as a public utility, or property not having a record of sale within five years and not having a significant number of sales of similar property in the general area, the provisions of this subsection (2) shall be the dominant factors in valuation. When provisions of this subsection (2) are relied upon for establishing values the property owner shall be advised upon request of the factors used in arriving at such value.

(3) In valuing any tract or parcel of real property, the value of the land, exclusive of structures thereon shall be determined; also the value of structures thereon, but the valuation shall not exceed the value of the total property as it exists. In valuing agricultural land, growing crops shall be excluded."

#### POINT OF PERSONAL PRIVILEGE

Representative Valle: I'd like to say some nice words about Speaker John O'Brien. Well, Speaker O'Brien, it's very nice to see you again. This morning as I saw you on the Podium, I thought "Oh isn't this wonderful, we are back in the Majority" I said, and then I remembered last night. Well, Speaker O'Brien, many things have changed, and many things are the same. I'd like to tell you that women are a Majority in the Minority and in the Senate the woman are a Majority within the Majority, that's a change. We may even have to change our language and not use the word Grandfather, we may have to say Grandmother. Well anyway, many things are the same. We are still as respectful of the Speaker's Rulings as we were with you Speaker O'Brien. But the puzzle of the Politics are as tramalturous as ever and I know you ruled with a very iron hand over rebellious Democrats and rebellious Republicans at one time or another and when you couldn't find the solution exactly in whatever books you have up there you would simply say "It's moot" remember that. Well, anyway it's good to see you Speaker O'Brien, we all wish you and Mary, your wife good health. Thank you for coming.

Beginning on page 1, line 1, strike all material through "Board." on page 4, line 17, and insert the following:

"WHEREAS, Chapter 370, Laws of 1985, created the Washington Higher Education Coordinating Board to plan, coordinate, and provide policy analysis for higher education and to represent the broad public interest above the interest of individual colleges and universities; and

WHEREAS, Section 4, chapter 370, Laws of 1985, requires the board to prepare and update a master plan for higher education and requires the Legislature, by concurrent resolution, to "approve or recommend changes" to the master plan and its subsequent updates; and

WHEREAS, The provisions of the master plan that are approved by the Legislature become state higher education policy unless legislation is enacted to revise those policies; and

WHEREAS, The Washington Higher Education Coordinating Board submitted the initial master plan to the Legislature for approval in December 1987, and submitted updates to the plan in December 1992 and January 1996; and

WHEREAS, During the most recent process used to update the plan, the board, through a public opinion survey and public meetings, learned that Washington residents have high expectations for the postsecondary system including accountability, quality, and a high level of access for themselves and their children; and

WHEREAS, The board reported that Washington's public and private colleges, universities, and career schools would need to provide opportunities for a minimum of an additional 84,100 full-time equivalent students in the year 2010, if Washington is to provide its residents the education and training necessary to keep pace with the demands of an ever-changing world; and

WHEREAS, The board has identified the areas where potential solutions to the access challenge may lie and recognized that, in this era of rapid change, many questions must be addressed to clarify the role that each area may play in defining solutions to the access challenge; and

WHEREAS, The board challenged itself, the students, the institutions, and the Legislature to each accept its individual responsibilities and to collaborate in the development of potential solutions; and

WHEREAS, The Legislature and the Washington Higher Education Coordinating Board recognize that the master plan is a living document, responding to the constantly changing world of access to information and the needs of Washington citizens; and

WHEREAS, The Legislature recognizes that the historic methods and systems for delivering postsecondary education and training are constantly changing;

NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives of the State of Washington, the Senate concurring, That the Washington Higher Education Coordinating Board be commended for its dedication and commitment to the State of Washington in producing the 1996 update of the master plan for higher education titled "The Challenge for Higher Education"; and

BE IT FURTHER RESOLVED, That the Legislature thank the board for describing many of the daunting challenges facing the state in its attempts to provide the postsecondary education and training that our citizens need to navigate in the world of the twenty-first century successfully; and

BE IT FURTHER RESOLVED, That the Legislature approve the following recommendations of the 1996 update of the master plan:

(1) That, by the year 2010, Washington's system of postsecondary education needs to provide opportunities for at least 84,100 additional full-time equivalent students in quality programs of postsecondary education and training;

(2) That solutions to this enrollment challenge, in part, may be found in the following areas: (a) The shift in focus from teaching to learning; (b) the use of technology to increase and redefine access, improve quality, and offer alternative methods of instruction; (c) the expansion of partnerships among educational sectors, and with local communities, business, and labor; (d) the provision of financial aid for needy and meritorious students; and (e) the use of existing institutional capacities in a way that ensures provision of a cost-effective, efficient, and accountable educational enterprise; and

BE IT FURTHER RESOLVED, That the board solicit advice from a diverse group of people, including students, faculty, and staff, from all education sectors; business district and labor representatives; community leaders; innovators; representatives from distinct ethnic populations; and experts from other states to further refine, through innovative approaches, the solution options described in the 1996 master plan update; and that the board report to the 1997 Legislature with refinements to the plan in areas that include, but need not be limited to:

(1) Recommendations to the institutions and the Legislature on appropriate state and institutional roles for providing remedial and developmental education;

(2) An initial list of duplicative and low-productivity programs; a process for examining those programs that might be reconfigured, consolidated, or eliminated; and a recommendation on a process to eliminate programs not conducive to consolidation or reconfiguration;

(3) Recommendations on ways to further restructure the ways that the state delivers and supports higher education including the expansion of partnerships with the K-12 school system, reducing boundaries, expanding the use of 2 + 2 programs and extended degree centers, providing students opportunities to make smooth transitions as they move among education levels and sectors and into the workplace, the development of a data system to track student progress between levels and sectors, reducing institutional and student barriers to encourage improvements in time-to-degree, and emphasizing the role of teacher preparation programs;

(4) Recommendations on the governance structure and state framework for the integration of technology into the entire education enterprise while recognizing that enhancing learning through technology requires more than just the access to equipment, services, and networks; it requires new ways of teaching, new roles for learners, new learning goals, different uses of time and resources, and a strong support system for educators;

(5) Recommendations for streamlining the program approval process including (a) a recognition of the programs offered by the independent institutions, and (b) changes in procedure that enable the institutions to respond rapidly to meet the emerging needs of the state; and

(6) Recommendations on ways institutions can increase access and reduce costs through resource sharing, ensuring equitable educational and training outcomes for persons from diverse ethnic backgrounds, enhanced use of the public higher education system's physical plan, and additional collaborative projects between institutions of higher education and the common schools and among public and independent institutions; and

BE IT FURTHER RESOLVED, That by December 15, 1996, the board provide to the citizens and the legislature the report required under RCW 28B.80.616, and include in the report information about the family incomes of freshmen entering the state's public and independent baccalaureate institutions; and
