SENATE AMENDMENTS TO HOUSE BILL

Mr. Speakers:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1498, with the following amendments(s)

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 77.15.080 and 2000 c 107 s 233 are each amended to read as follows:
Based upon articulable facts that a person is engaged in fishing or hunting activities, fish and wildlife officers have the authority to temporarily stop the person and check for valid licenses, tags, permits, stamps, or catch record cards, and to inspect all fish and wildlife in possession as well as the equipment being used to ensure compliance with the requirements of this title. For licenses purchased over the internet or telephone, fish and wildlife officers may require the person to exhibit a driver's license or other photo identification.

Sec. 2. RCW 77.32.420 and 2000 c 107 s 272 are each amended to read as follows:
Recreational licenses are not transferable. Upon request of a fish and wildlife officer, ex officio fish and wildlife officer, or authorized fish and wildlife employee, a person hunting for game animals and furbearers, digging for, fishing for, or possessing shellfish, or seaweed or fishing for or possessing food fish or game fish for personal use shall exhibit the required recreational license and write his or her signature for comparison with the signature on the license. A person who has purchased a license over the internet or by telephone may be required to also exhibit a valid driver's license, or other photo identification. Failure to comply with the request is prima facie evidence that the person does not have a license or is not the person named on the license."

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speakers:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1286, with the following amendments(s):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 77.95.210 and 2000 c 107 s 11 are each amended to read as follows:
(1) Except as provided in subsection (2) of this section, the department may supply, at a reasonable charge, surplus salmon eggs to a person for use in the cultivation of salmon. The department shall not intentionally create a surplus of salmon to provide eggs for sale. The department shall only sell salmon eggs from stocks that are not suitable for salmon population rehabilitation or enhancement in state waters in Washington after the salmon harvest on surplus salmon has been first maximized by both commercial and recreational fishers.

(2) The department shall not destroy hatchery origin salmon for the purposes of destroying viable eggs that would otherwise be useful for propagation or salmon recovery purposes, as determined by the department and Indian tribes with treaty fishing rights in a collaborative manner, for replenishing fish runs. Eggs deemed surplus by the state must be provided, in the following order of priority, to:

(a) Voluntary cooperative salmon culture programs under the supervision of the department under chapter 77.100 RCW;
(b) Regional fisheries enhancement group salmon culture programs under supervision of the department under this chapter;
(c) Salmon culture programs requested by lead entities and approved by the salmon funding recovery board under chapter 77.85 RCW;
(d) Hatcheries of federally approved tribes in Washington to whom eggs are moved, not sold, under the interlocal cooperation act, chapter 39.34 RCW;
(e) Governmental hatcheries in Washington, Oregon, and Idaho.

The order of priority established in this subsection for distributing surplus eggs does not apply when there is a shortfall in the supply of eggs.

(3) All sales, provisions, distributions, or transfers shall be consistent with the department’s egg transfer and aquaculture disease control regulations as now existing or hereafter amended. Prior to department determination that eggs of a salmon stock are surplus and available for sale, the department shall assess the productivity of each watershed that is suitable for receiving eggs.

Sec. 2. RCW 77.95.270 and 1989 c 336 s 6 are each amended to read as follows:

Except as provided in RCW 77.95.210, the department may make available to private contractors salmon eggs in excess of department hatchery needs for the purpose of contract rearing to release the smolts into public waters. However, providing salmon eggs as specified in RCW 77.95.210(2) has the highest priority. The priority of providing eggs surplus after meeting the requirements of RCW 77.95.210(2) to contract rearing ((shall be)) is a higher priority than providing eggs to aquaculture purposes ((which)) that are not destined for release into Washington public waters.

Sec. 3. RCW 77.100.050 and 1987 c 505 s 73 are each amended to read as follows:

(1) The department shall:
(a) Encourage and support the establishment of cooperative agreements for the development and operation of cooperative food fish, shellfish, game fish, game bird, game animal, and nongame wildlife projects, and projects which provide an opportunity for volunteer groups to become involved in resource and habitat-oriented activities. All cooperative projects shall be fairly considered in the approval of cooperative agreements;
(b) Identify regions and species or activities that would be particularly suitable for cooperative projects providing benefits compatible with department goals;
(c) Determine the availability of rearing space at operating facilities or of net pens, egg boxes, portable rearing containers, incubators, and any other rearing facilities for use in cooperative projects, and allocate them to volunteer groups as fairly as possible;
(d) Make viable eggs available for replenishing fish runs, and salmon carcasses for nutrient enhancement of streams. If a regional fisheries enhancement group, lead entity, volunteer cooperative group, federally approved tribe in Washington, or a governmental hatchery in Washington, Oregon, or Idaho requests the department for viable eggs, the department must include the request within the brood stock document prepared for review by the regional offices. The eggs shall be distributed in accordance with the priority established in
RCW 77.95.210 if they are available. A request for viable eggs may only be denied if the eggs would not be useful for propagation or salmon recovery purposes, as determined under RCW 77.95.210.

(e) Exempt volunteer groups from payment of fees to the department for activities related to the project;

(f) Publicize the cooperative program;

(g) Not substitute a new cooperative project for any part of the department's program unless mutually agreeable to the department and volunteer group;

(h) Not approve agreements that are incompatible with legally existing land, water, or property rights.

(2) The department may, when requested, provide to volunteer groups its available professional expertise and assist the volunteer group to evaluate its project. The department must conduct annual workshops in each administrative region of the department that has fish stocks listed as threatened or endangered under the federal endangered species act, 16 U.S.C. Sec. 1531 et seq., in order to assist volunteer groups with egg rearing, share information on successful salmon recovery projects accomplished by volunteers within the state, and provide basic training on monitoring efforts that can be accomplished by volunteers in order to help determine if their efforts are successful.

Sec. 4. RCW 77.100.060 and 2000 c 107 s 112 are each amended to read as follows:

The commission shall establish by rule:

(1) The procedure for entering a cooperative agreement and the application for a permit to release fish or wildlife required by RCW 77.12.457. The procedure shall indicate the information required from the volunteer group as well as the process of review by the department. The process of review shall include the means to coordinate with other agencies and Indian tribes when appropriate and to coordinate the review of any necessary hydraulic permit approval applications.

(2) The procedure for providing within forty-five days of receipt of a proposal a written response to the volunteer group indicating the date by which an acceptance or rejection of the proposal can be expected, the reason why the date was selected, and a written summary of the process of review. The response should also include any suggested modifications to the proposal which would increase its likelihood of approval and the date by which such modified proposal could be expected to be accepted. If the proposal is rejected, the department must provide in writing the reasons for rejection. The volunteer group may request the director or the director's designee to review information provided in the response.

(3) The priority of the uses to which eggs, seed, juveniles, or brood stock are put. Use by cooperative projects shall be second in priority only to the needs of programs of the department or of other public agencies within the territorial boundaries of the state. Sales of eggs, seed, juveniles, or brood stock have a lower priority than use for cooperative projects. The rules must identify and implement appropriate protocols for brood stock handling, including the outplanting of adult fish, spawning, incubation, rearing, and release and establish a prioritized schedule for implementation of this act, and shall include directives for allowing more hatchery salmon to spawn naturally in areas where progeny of hatchery fish have spawned, in order to increase the number of viable salmon eggs and restore healthy numbers of fish within the state.

(4) The procedure for the director to notify a volunteer group that the agreement for the project is being revoked for cause and the procedure for revocation. Revocation shall be documented in writing to the volunteer group. Cause for revocation may include: (a) The unavailability of adequate biological or financial resources; (b) the development of unacceptable biological or resource management conflicts; or (c) a violation of agreement provisions. Notice of cause to revoke for a violation of agreement provisions may specify a reasonable period of time within which the volunteer group must comply with any violated provisions of the agreement.

(5) An appropriate method of distributing among volunteer groups fish, bird, or animal food or other supplies available for the program.

NEW SECTION. Sec. 5. A new section is added to chapter 77.04 RCW to read as follows:

(1) The department shall prepare an annual surplus salmon report. This report shall include the disposition of adult salmonids that have returned to salmonid hatchery facilities operated under the jurisdiction of the state that:
(a) Have not been harvested; and
(b) Were not allowed to escape for natural spawning.
(2) The report shall include by species, the number and estimated weight of surplus salmon and steelhead
and a description of the disposition of the adult carcasses including, but not limited to, the following categories:
(a) Disposed in landfills;
(b) Transferred to another government agency for reproductive purposes;
(c) Sold to contract buyers in the round;
(d) Sold to contract buyers after spawning;
(e) Transferred to Native American tribes;
(f) Donated to food banks; and
(g) Used in stream nutrient enrichment programs.
(3) The report shall also include by species, information on the number of requests for viable salmon
eggs, the number of these requests that were granted and the number that were denied, the geographic areas for
which these requests were granted or denied, and a brief explanation given for each denial of a request for viable
salmon eggs.
(4) The report shall also be included in the biennial state of the salmon report required by RCW
77.85.020 and other similar state reports on salmon.
(5) The report shall include an assessment of the infrastructure needs and facility modifications necessary
to implement this act.

NEW SECTION. Sec. 6. This act is necessary for the immediate preservation of the public peace,
health, or safety, or support of the state government and its existing public institutions, and takes effect
immediately."

On page 1, line 1 of the title, after "eggs;" strike the remainder of the title and insert "amending RCW
77.95.210, 77.95.270, 77.100.050, and 77.100.060; adding a new section to chapter 77.04 RCW; and declaring an
efficiency;"

There being no objection, the House refused to concur in the Senate Amendment(s) to Engrossed
Substitute House Bill No. 1286 and asked the Senate to recede therefrom.

The secretary shall not renew a contract unless he or she determines that significant progress has been made.

(6) For purposes of RCW 50.20.060, a person terminated under this section shall be considered discharged for misconduct."

**SENATE AMENDMENTS TO HOUSE BILL**

April 4, 2001

Mr. Speakers:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1135, with the following amendment:

Strike everything after the enacting clause and insert the following:

"**NEW SECTION.** Sec. 1.** (1) An appointment of a principal's spouse as attorney in fact, including appointment as successor or co-attorney in fact, under a power of attorney shall be revoked upon entry of a decree of dissolution or legal separation or declaration of invalidity of the marriage of the principal and the attorney in fact, unless the power of attorney or the decree provides otherwise. The effect of this revocation shall be as if the spouse resigned as attorney in fact, or if named as successor attorney in fact, renounced the appointment, as of the date of entry of the decree or declaration, and the power of attorney shall otherwise remain in effect with respect to appointments of other persons as attorney in fact for the principal or procedures prescribed in the power of attorney to appoint other persons, and any terms relating to service by persons as attorney in fact.

(2) This section applies to all decrees of dissolution and declarations of invalidity of marriage entered after the effective date of this act.

Sec. 2. RCW 11.94.040 and 1985 c 30 s 28 are each amended to read as follows:

(1) Any person acting without negligence and in good faith in reasonable reliance on a power of attorney shall not incur any liability (thereby).

(2) If the attorney in fact presents the power of attorney to a third person and requests the person to accept the attorney in fact's authority to act for the principal, and also presents to the person an acknowledged affidavit or declaration signed under penalty of perjury in the form designated in RCW 9A.72.085, signed and dated contemporaneously with presenting the power of attorney, which meets the requirements of subsection (3) of this section, and the person accepting the power of attorney has examined the power of attorney and confirmed the identity of the attorney in fact, then the person's reliance on the power of attorney is presumed to be without negligence and in good faith in reasonable reliance, which presumption may be rebutted by clear and convincing evidence that the person accepting the power of attorney knew or should have known that one or more of the material statements in the affidavit is untrue. It shall not be found that an organization knew or should have known of circumstances that would revoke or terminate the power of attorney or limit or modify the authority of the attorney in fact, unless the individual accepting the power of attorney on behalf of the organization knew or should have known of the circumstances.

(3) An affidavit presented pursuant to subsection (2) of this section shall state that:

(a) The person presenting himself or herself as the attorney in fact and signing the affidavit or declaration is the person so named in the power of attorney;

(b) If the attorney in fact is named in the power of attorney as a successor attorney in fact, the circumstances or conditions stated in the power of attorney that would cause that person to become the acting attorney in fact have occurred;

(c) To the best of the attorney in fact's knowledge, the principal is still alive;

(d) To the best of the attorney in fact's knowledge, at the time the power of attorney was signed, the principal was competent to execute the document and was not under undue influence to sign the document;
(e) All events necessary to making the power of attorney effective have occurred;
(f) The attorney in fact does not have actual knowledge of the revocation, termination, limitation, or modification of the power of attorney or of the attorney in fact's authority;
(g) The attorney in fact does not have actual knowledge of the existence of other circumstances that would limit, modify, revoke, or terminate the power of attorney or the attorney in fact's authority to take the proposed action;
(h) If the attorney in fact was married to the principal at the time of execution of the power of attorney, then at the time of signing the affidavit or declaration, the marriage of the principal and the attorney in fact has not been dissolved or declared invalid; and
(i) The attorney in fact is acting in good faith pursuant to the authority given under the power of attorney.

**NEW SECTION.**  Sec. 3.  (1) A person designated in section 4 of this act may file a petition requesting that the court:
(a) Determine whether the power of attorney is in effect or has terminated;
(b) Compel the attorney in fact to submit the attorney in fact's accounts or report the attorney in fact's acts as attorney in fact to the principal, the spouse of the principal, the guardian of the person or the estate of the principal, or to any other person required by the court in its discretion, if the attorney in fact has failed to submit an accounting or report within sixty days after written request from the person filing the petition, however, a government agency charged with the protection of vulnerable adults may file a petition upon the attorney in fact's refusal or failure to submit an accounting upon written request and shall not be required to wait sixty days;
(c) Ratify past acts or approve proposed acts of the attorney in fact;
(d) Order the attorney in fact to exercise or refrain from exercising authority in a power of attorney in a particular manner or for a particular purpose;
(e) Modify the authority of an attorney in fact under a power of attorney;
(f) Remove the attorney in fact on a determination by the court of both of the following:
(ii) The attorney in fact has violated or is unfit to perform the fiduciary duties under the power of attorney; and
(ii) The removal of the attorney in fact is in the best interest of the principal;
(g) Approve the resignation of the attorney in fact and approve the final accountings of the resigning attorney in fact if submitted, subject to any orders the court determines are necessary to protect the principal's interests;
(h) Confirm the authority of a successor attorney in fact to act under a power of attorney upon removal or resignation of the previous attorney in fact;
(i) Compel a third person to honor the authority of an attorney in fact, provided that a third person may not be compelled to honor the agent's authority if the principal could not compel the third person to act in the same circumstances;
(j) Order the attorney in fact to furnish a bond in an amount the court determines to be appropriate.

**NEW SECTION.**  Sec. 4.  (1) A petition may be filed under section 3 of this act by any of the following persons:
(a) The attorney in fact;
(b) The principal;
(c) The spouse of the principal;
(d) The guardian of the estate or person of the principal; or
(e) Any other interested person, as long as the person demonstrates to the court's satisfaction that the person is interested in the welfare of the principal and has a good faith belief that the court's intervention is necessary, and that the principal is incapacitated at the time of filing the petition or otherwise unable to protect his or her own interests.

(2) Notwithstanding section 1 of this act, the principal may specify in the power of attorney by name certain persons who shall have no authority to bring a petition under section 3 of this act with respect to the power of attorney. This provision is enforceable:
(a) If the person so named is not at the time of filing the petition the guardian of the principal;
(b) If at the time of signing the power of attorney the principal was represented by an attorney who advised the principal regarding the power of attorney and who signed a certificate at the time of execution of the power of attorney, stating that the attorney has advised the principal concerning his or her rights, the applicable law, and the effect and consequences of executing the power of attorney; or
(c) If (a) and (b) of this subsection do not apply, unless the person so named can establish that the principal was unduly influenced by another or under mistaken beliefs when excluding the person from the petition process, or unless the person named is a government agency charged with protection of vulnerable adults.

NEW SECTION. Sec. 5. In ruling on a petition filed under section 3 of this act and ordering any relief, the court must consider the best interests of the principal and will order relief that is the least restrictive to the exercise of the power of attorney while still adequate in the court's view to serve the principal's best interests. Upon entry of an order ruling on a petition, the court's oversight of the attorney in fact's actions and of the operation of the power of attorney ends unless another petition is filed under this chapter or unless the order specifies further court involvement that is necessary for a resolution of the issues raised in the petition.

NEW SECTION. Sec. 6. In any proceeding commenced by the filing of a petition under section 3 of this act by a person other than the attorney in fact, the court may in its discretion award costs, including reasonable attorneys' fees, to any person participating in the proceedings from any other person participating in the proceedings, or from the assets of the principal, as the court determines to be equitable. In determining what is equitable in making the award, the court must consider whether the petition was filed without reasonable cause, and order costs and fees paid by the attorney in fact individually only if the court determines that the attorney in fact has clearly violated his or her fiduciary duties or has refused without justification to cooperate with the principal or the principal's guardian or personal representative. In a proceeding to compel a third party to accept a power of attorney, the court may order costs, including reasonable attorneys' fees, to be paid by the third party only if the court determines that the third party did not have a good faith concern that the attorney in fact's exercise of authority would be improper. To the extent this section is inconsistent with RCW 11.96A.150, this section controls the award of costs and attorneys' fees in proceedings brought under section 3 of this act.

NEW SECTION. Sec. 7. The provisions of chapter 11.96A RCW, except for RCW 11.96A.260 through 11.96A.320, are applicable to proceedings commenced by the filing of a petition under section 3 of this act.

NEW SECTION. Sec. 8. (1) The following persons are entitled to notice of hearing on any petition under section 3 of this act:
(a) The principal;
(b) The principal's spouse;
(c) The attorney in fact;
(d) The guardian of the estate or person of the principal;
(e) Any other person identified in the petition as being interested in the action requested in the petition, or identified by the court as having a right to notice of the hearing. If a person would be excluded from bringing a petition under section 4(2) of this act, then that person is not entitled to notice of the hearing.
(2) Notwithstanding subsection (1) of this section, if the whereabouts of the principal are unknown or the principal is otherwise unavailable to receive notice, the court may waive the requirement of notice to the principal, and if the principal's spouse is similarly unavailable to receive notice, the court may waive the requirement of notice to the principal's spouse.

(3) Notice must be given as required under chapter 11.96A RCW, except that the parties entitled to notice shall be determined under this section.

Sec. 9. RCW 11.96A.040 and 1999 c 42 s 201 are each amended to read as follows:

(1) The superior court of every county has original subject matter jurisdiction over the probate of wills and the administration of estates of incapacitated, missing, and deceased individuals in all instances, including without limitation:
   (a) When a resident of the state dies;
   (b) When a nonresident of the state dies in the state; or
   (c) When a nonresident of the state dies outside the state.

(2) The superior court of every county has original subject matter jurisdiction over trusts and all matters relating to trusts.

(3) The superior courts may: Probate or refuse to probate wills, appoint personal representatives, administer and settle the affairs and the estates of incapacitated, missing, or deceased individuals including but not limited to decedents' nonprobate assets; administer and settle matters that relate to nonprobate assets and arise under chapter 11.18 or 11.42 RCW; administer and settle all matters relating to trusts; administer and settle matters that relate to powers of attorney; award processes and cause to come before them all persons whom the courts deem it necessary to examine; order and cause to be issued all such writs and any other orders as are proper or necessary; and do all other things proper or incident to the exercise of jurisdiction under this section.

(4) The subject matter jurisdiction of the superior court applies without regard to venue. A proceeding or action by or before a superior court is not defective or invalid because of the selected venue if the court has jurisdiction of the subject matter of the action.

Sec. 10. RCW 11.96A.050 and 1999 c 42 s 202 are each amended to read as follows:

(1) Venue for proceedings pertaining to trusts shall be:
   (a) For testamentary trusts established under wills probated in the state of Washington, in the superior court of the county where letters testamentary were granted to a personal representative of the estate subject to the will or, in the alternative, the superior court of the county of the situs of the trust; and
   (b) For all other trusts, in the superior court of the county in which the situs of the trust is located, or, if the situs is not located in the state of Washington, in any county.

(2) Venue for proceedings subject to chapter 11.88 or 11.92 RCW shall be determined under the provisions of those chapters.

(3) Venue for proceedings pertaining to the probate of wills, the administration and disposition of a decedent's property, including nonprobate assets, and any other matter not identified in subsection (1) or (2) of this section, may be in any county in the state of Washington. A party to a proceeding may request that venue be changed if the request is made within four months of the mailing of the notice of appointment and pendency of probate required by RCW 11.28.237, and except for good cause shown, venue must be moved as follows:
   (a) If the decedent was a resident of the state of Washington at the time of death, to the county of the decedent's residence; or
   (b) If the decedent was not a resident of the state of Washington at the time of death, to any of the following:
      (i) Any county in which any part of the probate estate might be;
      (ii) If there are no probate assets, any county where any nonprobate asset might be; or
      (iii) The county in which the decedent died.

(4) Once letters testamentary or of administration have been granted in the state of Washington, all orders, settlements, trials, and other proceedings under this title shall be had or made in the county in which such letters have been granted unless venue is moved as provided in subsection (2) of this section.
(5) Venue for proceedings pertaining to powers of attorney shall be in the superior court of the county of the principal's residence, except for good cause shown.

(6) If venue is moved, an action taken before venue is changed is not invalid because of the venue.

Sec. 11. RCW 11.96A.120 and 1999 c 42 s 305 are each amended to read as follows:

(1) This section is intended to adopt the common law concept of virtual representation. This section supplements the common law relating to the doctrine of virtual representation and shall not be construed as limiting the application of that common law doctrine.

(2) Any notice requirement in this title is satisfied if notice is given as follows:

(a) Where an interest in an estate, trust, or nonprobate asset or an interest that may be affected by a power of attorney has been given to persons who comprise a certain class upon the happening of a certain event, notice may be given to the living persons who would constitute the class if the event had happened immediately before the commencement of the proceeding requiring notice, and the persons shall virtually represent all other members of the class;

(b) Where an interest in an estate, trust, or nonprobate asset or an interest that may be affected by a power of attorney has been given to a living person, and the same interest, or a share in it, is to pass to the surviving spouse or to persons who are, or might be, the distributees, heirs, issue, or other kindred of that living person upon the happening of a future event, notice may be given to that living person, and the living person shall virtually represent the surviving spouse, distributees, heirs, issue, or other kindred of the person; and

(c) Except as otherwise provided in this subsection, where an interest in an estate, trust, or nonprobate asset or an interest that may be affected by a power of attorney has been given to a person or a class of persons, or both, upon the happening of any future event, and the same interest or a share of the interest is to pass to another person or class of persons, or both, upon the happening of an additional future event, notice may be given to the living person or persons who would take the interest upon the happening of the first event, and the living person or persons shall virtually represent the persons and classes of persons who might take on the happening of the additional future event.

(3) A party is not virtually represented by a person receiving notice if a conflict of interest involving the matter is known to exist between the notified person and the party.

(4) An action taken by the court is conclusive and binding upon each person receiving actual or constructive notice or who is otherwise virtually represented.

Sec. 12. RCW 11.94.050 and 1989 c 87 s 1 are each amended to read as follows:

(1) Although a designated attorney in fact or agent has all powers of absolute ownership of the principal, or the document has language to indicate that the attorney in fact or agent shall have all the powers the principal would have if alive and competent, the attorney in fact or agent shall not have the power to make, amend, alter, or revoke the principal's wills or codicils, and shall not have the power, unless specifically provided otherwise in the document: To make, amend, alter, or revoke any of the principal's wills, codicils, or similar contract beneficiary designations, employee benefit plan beneficiary designations, trust agreements, registration of the principal's securities in beneficiary form, payable on death or transfer on death beneficiary designations, designation of persons as joint tenants with right of survivorship with the principal with respect to any of the principal's property, community property agreements, or any other provisions for nonprobate transfer at death contained in nontestamentary instruments described in RCW 11.02.091; to make any gifts of property owned by the principal; to make transfers of property to any trust (whether or not created by the principal) unless the trust benefits the principal alone and does not have dispositive provisions which are different from those which would have governed the property had it not been transferred into the trust, or to disclaim property.

(2) Nothing in subsection (1) of this section prohibits an attorney in fact or agent from making any transfer of resources not prohibited under chapter 74.09 RCW when the transfer is for the purpose of qualifying the principal for medical assistance or the limited casualty program for the medically needy.
NEW SECTION. Sec. 13. Sections 1 and 3 through 8 of this act are each added to chapter 11.94 RCW."

On page 1, line 1 of the title, after "attorney;" strike the remainder of the title and insert "amending RCW 11.94.040, 11.96A.040, 11.96A.050, 11.96A.120, and 11.94.050; and adding new sections to chapter 11.94 RCW."

(17) "Electronic transmission" or "electronically transmitted" means any process of electronic communication not directly involving the physical transfer of paper that is suitable for the retention, retrieval, and reproduction of the transmitted information by the recipient. However, such an electronic transmission must either set forth or be submitted with information, including any security or validation controls used, from which it can reasonably be determined that the electronic transmission was authorized by, as applicable, the corporation or shareholder or member by or on behalf of which the electronic transmission was sent.

(18) "Consumer cooperative" means a corporation engaged in the retail sale, to its members and other consumers, of goods or services of a type that are generally for personal, living, or family use.

Sec. 2. RCW 24.06.025 and 1987 c 212 s 708 are each amended to read as follows:

The articles of incorporation shall set forth:

(1) The name of the corporation.
(2) The period of duration, which may be perpetual or for a stated number of years.
(3) The purpose or purposes for which the corporation is organized.
(4) The qualifications and the rights and responsibilities of the members and the manner of their election, appointment or admission to membership and termination of membership; and, if there is more than one class of members or if the members of any one class are not equal, the relative rights and responsibilities of each class or each member.

(5) If the corporation is to have capital stock:
(a) The aggregate number of shares which the corporation shall have authority to issue; if such shares are to consist of one class only, the par value of each of such shares, or a statement that all of such shares are without par value; or, if such shares are to be divided into classes, the number of shares of each class, and a statement of the par value of the shares of each such class or that such shares are to be without par value;
(b) If the shares are to be divided into classes, the designation of each class and a statement of the preferences, limitations and relative rights in respect of the shares of each class;
(c) If the corporation is to issue the shares of any preferred or special class in series, then the designation of each series and a statement of the variations in the relative rights and preferences as between series insofar as the same are to be fixed in the articles of incorporation, and a statement of any authority to be vested in the board of directors to establish series and fix and determine the variations in the relative rights and preferences as between series;
(d) Any provision limiting or denying to shareholders the preemptive right to acquire additional shares of the corporation.
(6) If the corporation is to distribute surplus funds to its members, stockholders or other persons, provisions for determining the amount and time of the distribution.
(7) Provisions for distribution of assets on dissolution or final liquidation.
(8) Whether a dissenting shareholder or member shall be limited to a return of less than the fair value of
his shares or membership.

(9) Any provisions, not inconsistent with law, which the incorporators elect to set forth in the articles of incorporation for the regulation of the internal affairs of the corporation.

(10)) The address of its initial registered office, including street and number, and the name of its initial registered agent at such address.

(10) The number of directors constituting the initial board of directors, and the names and addresses of the persons who are to serve as the initial directors.

(11) The name and address of each incorporator.

(12) Any provision, not inconsistent with law, for the regulation of the internal affairs of the association, including:

(a) Eliminating or limiting the personal liability of a director to the association or its members for monetary damages for conduct as a director. PROVIDED, That such provision shall not eliminate or limit the liability of a director for acts or omissions that involve intentional misconduct by a director or a knowing violation of law by a director, or for any transaction from which the director will personally receive a benefit in money, property, or services to which the director is not legally entitled. No such provision may eliminate or limit the liability of a director for any act or omission occurring before the date when such provision becomes effective.

(b) Any provision which under this title is required or permitted to be set forth in the bylaws.

Sec. 3. RCW 24.06.030 and 1969 ex.s. c 120 s 6 are each amended to read as follows:

Each corporation shall have power:

1. To have perpetual succession by its corporate name unless a limited period of duration is stated in its articles of incorporation.

2. To sue and be sued, complain and defend, in its corporate name.

3. To have a corporate seal which may be altered at pleasure, and to use the same by causing it, or a facsimile thereof, to be impressed or affixed or in any other manner reproduced.

4. To purchase, take, receive, lease, take by gift, devise or bequest, or otherwise acquire, own, hold, be trustee of, improve, use and otherwise deal in and with real or personal property, or any interest therein, wherever situated.

5. To sell, convey, mortgage, pledge, lease, exchange, transfer and otherwise dispose of all or any part of its property and assets.

6. To lend money to its employees.

7. To purchase, take, receive, subscribe for, or otherwise acquire, own, hold, vote, use, employ, sell, mortgage, lend, pledge, or otherwise dispose of, and otherwise use and deal in and with, shares or other interests in, or obligations of, other domestic or foreign corporations, whether for profit or not for profit, associations, partnerships or individuals, or direct or indirect obligations of the United States, or of any other government, state, territory, governmental district or municipality or of any instrumentality thereof.

8. To make contracts and incur liabilities, borrow money at such rates of interest as the corporation may determine, issue its notes, bonds, and other obligations, and secure any of its obligations by mortgage or pledge of all or any of its property, franchises and income.

9. To lend money for its corporate purposes, invest and reinvest its funds, and take and hold real and personal property as security for the payment of funds so loaned or invested.

10. To conduct its affairs, carry on its operations, and have offices and exercise the powers granted by this chapter, in any state, territory, district, or possession of the United States, or in any foreign country.
To elect or appoint officers and agents of the corporation, and define their duties and fix their compensation.

To make and alter bylaws, not inconsistent with its articles of incorporation or with the laws of this state, for the administration and regulation of the affairs of the corporation.

To establish and maintain reserve, equity, surplus or other funds, and to provide for the time, form and manner of distribution of such funds among members, shareholders or other persons with interests therein in accordance with the articles of incorporation.

Unless otherwise provided in the articles of incorporation, to make donations for the public welfare or for charitable, scientific or educational purposes, and in time of war to make donations in aid of the United States and its war activities.

To indemnify any director or officer or former director or officer of the corporation, or any person who may have served at its request as a director or officer of another corporation, against expenses actually and necessarily incurred by him or her in connection with the defense of any action, suit or proceeding in which he or she is made a party by reason of being or having been such director or officer, except (in relation to matters as to which he shall be adjudged in such action, suit or proceeding to be liable for negligence or misconduct in the performance of duty) for acts or omissions that involve intentional misconduct or a knowing violation of law by the director or officer, or that involve a transaction from which the director or officer will personally receive a benefit in money, property, or services to which the director or officer is not legally entitled. PROVIDED, That such indemnification shall not be deemed exclusive of any other rights to which such director or officer may be entitled, under any bylaw, agreement, vote of board of directors or members or shareholders, or otherwise.

To cease its corporate activities and surrender its corporate franchise.

To have and exercise all powers necessary or convenient to effect any or all of the purposes for which the corporation is organized and not inconsistent with the articles of incorporation or the provisions of this chapter.

Sec. 4. RCW 24.06.035 and 1987 c 212 s 709 are each amended to read as follows:

A corporation subject to the provisions of this chapter shall not engage in any business, trade, vocation or profession for profit: PROVIDED, That nothing contained herein shall be construed to forbid such a corporation from accumulating reserve, equity, surplus or other funds through subscriptions, fees, dues or assessments, or from charges made its members or other persons for services rendered or supplies or benefits furnished, or from distributing its surplus funds to its members, stockholders or other persons in accordance with the provisions of the articles of incorporation. A member of the board of directors or an officer of such a corporation shall have the same immunity from liability as is granted in RCW 4.24.264.

Unless the articles of incorporation provide otherwise, a member of the board of directors or an officer of the corporation is not individually liable to the corporation or its shareholders or members in their capacity as shareholders or members for conduct within his or her official capacity as a director or officer after the effective date of this subsection except for acts or omissions that involve intentional misconduct or a knowing violation of law, or that involve a transaction from which the director or officer will personally receive a benefit in money, property, or services to which the director or officer is not legally entitled. Nothing in this subsection may be construed to limit or modify in any manner the power of the attorney general to bring an action on behalf of the public to enjoin, correct, or otherwise remedy a breach of a charitable trust by a corporation or its directors or officers.

Sec. 5. RCW 24.06.100 and 1969 ex.s. c 120 s 20 are each amended to read as follows:

Meetings of members and/or shareholders may be held at such place, either within or without this state, as may be provided in the bylaws. In the absence of any such provision, all meetings shall be held at the registered office of the corporation in this state.

An annual meeting of the members and shareholders shall be held at such time as may be provided in the bylaws. Failure to hold the annual meeting at the designated time shall not work a forfeiture or dissolution of the corporation.

Special meetings of the members or shareholders may be called by the president or by the board of
directors. Special meetings of the members or shareholders may also be called by such other officers or persons
or number or proportion of members or shareholders as may be provided in the articles of incorporation or the
bylaws. In the absence of a provision fixing the number or proportion of members or shareholders entitled
to call a meeting, a special meeting of members or shareholders may be called by persons having one-twentieth
of the votes entitled to be cast at such meeting. Only business within the purpose or purposes described in the
meeting notice required by RCW 24.06.105 may be conducted at a special meeting.

If the articles of incorporation or bylaws so provide, members or shareholders may participate in any
meeting of members or shareholders by any means of communication by which all persons participating in the
meeting can hear each other during the meeting. A member or shareholder participating in a meeting by this
means is deemed to be present in person at the meeting.

Sec. 6. RCW 24.06.110 and 2000 c 167 s 4 are each amended to read as follows:

The right of a class or classes of members or shareholders to vote may be limited, enlarged or denied to
the extent specified in the articles of incorporation. Unless so limited, enlarged or denied, each member and
each outstanding share of each class shall be entitled to one vote on each matter submitted to a vote of members
or shareholders. No member of a class may acquire any interest which will entitle him or her to a greater vote
than any other member of the same class.

A member or shareholder may vote in person or, unless the articles of incorporation or the bylaws
otherwise provide, may vote by mail by electronic transmission, or by proxy executed in writing by the member
or shareholder or by his or her duly authorized attorney-in-fact: PROVIDED, That no proxy shall be valid for
more than eleven months from the date of its execution unless otherwise specified in the proxy.

If a member or shareholder may vote by proxy, the proxy may be given by:

(1) Executing a writing authorizing another person or persons to act for the member or shareholder as
proxy. Execution may be accomplished by the member or shareholder or the member's or shareholder's
authorized officer, director, employee, or agent signing the writing or causing his or her signature to be affixed to
the writing by any reasonable means including, but not limited to, facsimile signature; or

(2) Authorizing another person or persons to act for the member or shareholder as proxy by transmitting
or authorizing the transmission of an electronic transmission to the person who will be the holder of the proxy, or

to a proxy solicitation firm, proxy support service organization, or like agent duly authorized by the person who
will be the holder of the proxy to receive the transmission. If it is determined that the electronic transmissions
are valid, the inspector of election or, if there are no inspectors, any other officer or agent of the corporation
making that determination on behalf of the corporation shall specify the information upon which they relied.
The corporation shall require the holders of proxies received by electronic transmission to provide to the
corporation copies of the electronic transmission and the corporation shall retain copies of the electronic
transmission for a reasonable period of time.

If specifically permitted by the articles of incorporation or bylaws, whenever proposals or directors or officers are to be voted upon, such vote may be taken by mail or by electronic
transmission if the name of each candidate and the text of each proposal to be so voted upon are set forth in a
writing accompanying or contained in the notice of meeting. Persons voting by mail or by electronic
transmission shall be deemed present for all purposes of quorum, count of votes and percentages of total voting
power voting.

The articles of incorporation or the bylaws may provide that in all elections for directors every person
entitled to vote shall have the right to cumulate his or her vote and to give one candidate a number of votes equal
to his or her vote multiplied by the number of directors to be elected, or by distributing such votes on the same
principle among any number of such candidates.

Sec. 7. RCW 24.06.115 and 2000 c 167 s 5 are each amended to read as follows:

The articles of incorporation or the bylaws may provide the number or percentage of votes which
members or shareholders are entitled to cast in person by mail by electronic transmission, or by proxy, which
shall constitute a quorum at meetings of shareholders or members. However, in no event shall a quorum be less
than one-fourth, or in the case of consumer cooperatives, five percent, of the votes which members or
shareholders are entitled to cast in person by mail by electronic transmission, or by proxy, at a meeting considering the adoption of a proposal which is required by the provisions of this chapter to be adopted by at least two-thirds of the votes which members or shareholders present at the meeting in person or by mail by electronic transmission, or represented by proxy are entitled to cast. In all other matters and in the absence of any provision in the articles of incorporation or bylaws, a quorum shall consist of one-fourth, or in the case of consumer cooperatives, five percent, of the votes which members or shareholders are entitled to cast in person by mail by electronic transmission, or by proxy at the meeting. On any proposal on which a class of shareholders or members is entitled to vote as a class, a quorum of the class entitled to vote as such class must also be present in person by mail by electronic transmission, or represented by proxy.

Sec. 8. RCW 24.06.150 and 1969 ex.s. c 120 s 30 are each amended to read as follows:
Meetings of the board of directors, regular or special, may be held either within or without this state, and upon such notice as the bylaws may prescribe. Attendance of a director at any meeting shall constitute a waiver of notice of such meeting except where a director attends a meeting for the express purpose of objecting to the transaction of any business because the meeting is not lawfully called or convened. Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the board of directors need be specified in the notice or waiver of notice of such meeting.

Unless the articles of incorporation or bylaws provide otherwise, any or all directors may participate in a regular or special meeting by, or conduct the meeting through the use of, any means of communication by which all directors participating can hear each other during the meeting. A director participating in a meeting by this means is deemed to be present in person at the meeting.

NEW SECTION. Sec. 9. A new section is added to chapter 24.06 RCW to read as follows:
(1) A director shall discharge the duties of a director, including duties as a member of a committee, and an officer with discretionary authority shall discharge the officer's duties under that authority:
(a) In good faith;
(b) With the care an ordinarily prudent person in a like position would exercise under similar circumstances; and
(c) In a manner the director or officer reasonably believes to be in the best interests of the corporation.
(2) In discharging the duties of a director or an officer, a director or officer is entitled to rely on information, opinions, reports, or statements, including financial statements and other financial data, if prepared or presented by:
(a) One or more officers or employees of the corporation whom the director or officer reasonably believes to be reliable and competent in the matters presented; or
(b) Legal counsel, public accountants, or other persons as to matters the director or officer reasonably believes are within the person's professional or expert competence.

In addition, a director is entitled to rely on a committee of the board of directors of which the director is not a member if the director reasonably believes the committee merits confidence.
(3) A director or an officer is not acting in good faith if the director or officer has knowledge concerning the matter in question that makes reliance otherwise permitted by subsection (2) of this section unwarranted.
(4) A director or officer is not liable for any action taken as a director or as an officer, or any failure to take any action, if the director or officer performed the duties of the director's or officer's office in compliance with this section.

Sec. 10. RCW 24.06.185 and 1969 ex.s. c 120 s 37 are each amended to read as follows:
A corporation may amend its articles of incorporation from time to time in any and as many respects as may be desired, so long as its articles of incorporation as amended contain only such provisions as are lawful under this chapter. A member or shareholder of a corporation does not have a vested property right resulting from any provision in the articles of incorporation.

Sec. 11. RCW 24.06.190 and 2000 c 167 s 6 are each amended to read as follows:
Amendments to the articles of incorporation shall be made in the following manner:

A corporation's board of directors may amend the articles of incorporation to change the name of the corporation, without seeking member or shareholder approval. With respect to amendments other than to change the name of the corporation, the board of directors shall adopt a resolution setting forth the proposed amendment and directing that it be submitted to a vote at a meeting of members and shareholders, which may be either an annual or a special meeting. Written or printed notice or, if specifically permitted by the articles of incorporation or bylaws of the corporation, notice by electronic transmission, setting forth the proposed amendment or a summary of the changes to be effected thereby shall be given to each member and shareholder entitled to vote at such meeting within the time and in the manner provided in this chapter for the giving of notice of meetings of members and shareholders. The proposed amendment shall be adopted upon receiving at least two-thirds of the votes which members or shareholders present in person or by mail or by electronic transmission at such meeting or represented by proxy are entitled to cast: PROVIDED, That when any class of shares or members is entitled to vote thereon by class, the proposed amendment must receive at least two-thirds of the votes of the members or shareholders of each class entitled to vote thereon as a class, who are present in person by mail by electronic transmission, or represented by proxy at such meeting.

Any number of amendments may be submitted and voted upon at any one meeting.

Sec. 12. RCW 24.06.195 and 2000 c 167 s 7 are each amended to read as follows:

The articles of amendment shall be executed in duplicate originals by the corporation by an officer of the corporation, and shall set forth:

1. The name of the corporation.
2. Any amendment so adopted.
3. If an amendment was adopted by the board of directors without being submitted for member or shareholder action, a statement to that effect and that member or shareholder action was not required; or a statement setting forth the date of the meeting of members and shareholders at which the amendment was adopted, that a quorum was present at such meeting, and that such amendment received at least two-thirds of the votes which members or shareholders of the corporation, and of each class entitled to vote thereon as a class, present at such meeting in person by mail by electronic transmission, or represented by proxy were entitled to cast, or a statement that such amendment was adopted by a consent in writing signed by all members and shareholders entitled to vote with respect thereto.

Sec. 13. RCW 24.06.245 and 1969 ex.s. c 120 s 49 are each amended to read as follows:

Any member or shareholder of a corporation shall have the right to dissent from any of the following corporate actions:

1. Any plan of merger or consolidation to which the corporation is a party other than a merger or consolidation in which all members or shareholders of the corporation have the right to continue their membership or shareholder status in the surviving corporation on substantially similar terms; or
2. Any sale or exchange of all or substantially all of the property and assets of the corporation not made in the usual and regular course of its business, including a sale in dissolution, but not including a sale pursuant to an order of a court having jurisdiction in the premises or a sale for cash on terms requiring that all or substantially all of the net proceeds of sale be distributed to the shareholders in accordance with their respective interests within one year after the date of sale; or
3. Any amendment to the articles of incorporation (which changes voting or property rights of members or shareholders other than by changing the number of memberships or shares or classes of either thereof) that materially reduces the number of shares owned by a shareholder to a fraction of a share if the fractional share is to be acquired by the corporation for cash; or
4. Any corporate action taken pursuant to a member or shareholder vote to the extent that the articles of incorporation, bylaws, or a resolution of the board of directors provides that voting or nonvoting members or shareholders are entitled to dissent and obtain payment for their membership or shares.

A member or shareholder entitled to dissent and obtain payment for the member's or shareholder's...
membership interest or shares under this chapter may not challenge the corporate action creating the member's or shareholding's entitlement unless the action fails to comply with the procedural requirements imposed by this title, the articles of incorporation, or the bylaws, or is fraudulent with respect to the member or shareholder or the corporation.

The provisions of this section shall not apply to the members or shareholders of the surviving corporation in a merger if such corporation is on the date of the filing of the articles of merger the owner of all the outstanding shares of the other corporations, domestic or foreign, which are parties to the merger. The meeting notice for any meeting at which a proposed corporate action creating dissenters' rights is submitted to a vote must state that members or shareholders are or may be entitled to assert dissenters' rights and be accompanied by a copy of RCW 24.06.250.

Sec. 14. RCW 24.06.250 and 2000 c 167 s 11 are each amended to read as follows:

Any member or shareholder electing to exercise such right of dissent shall file with the corporation, prior to or at the meeting of members and shareholders at which such proposed corporate action is submitted to a vote, a written objection to such proposed corporate action. If such proposed corporate action be approved by the required vote and such member or shareholder shall not have voted in favor thereof, such member or shareholder may, within ten days after the date on which the vote was taken, make written demand on the corporation, or, in the case of a merger or consolidation, on the surviving or new corporation, domestic or foreign, for payment of the fair value of such member's membership or of such shareholder's shares, and, if such proposed corporate action is effected, such corporation shall pay to such member, upon surrender of his or her membership certificate, if any, or to such shareholder, upon surrender of the certificate or certificates representing such shares, the fair value thereof as of the day prior to the date on which the vote was taken approving the proposed corporate action, excluding any appreciation or depreciation in anticipation of such corporate action. Any member or shareholder failing to make demand within the ten day period shall be bound by the terms of the proposed corporate action. Any member or shareholder making such demand shall thereafter be entitled only to payment as in this section provided and shall not be entitled to vote or to exercise any other rights of a member or shareholder.

No such demand shall be withdrawn unless the corporation shall consent thereto. The right of such member or shareholder to be paid the fair value of his or her membership or shares shall cease and his or her status as a member or shareholder shall be restored, without prejudice to any corporate proceedings which may have been taken during the interim, if:

(1) Such demand shall be withdrawn upon consent; or
(2) The proposed corporate action shall be abandoned or rescinded or the members or shareholders shall revoke the authority to effect such action; or
(3) In the case of a merger, on the date of the filing of the articles of merger the surviving corporation is the owner of all the outstanding shares of the other corporations, domestic and foreign, that are parties to the merger; or
(4) (No demand or petition for the determination of fair value by a court shall have been made or filed within the time provided by this section; or
(5)) A court of competent jurisdiction shall determine that such member or shareholder is not entitled to the relief provided by this section.

Within ten days after such corporate action is effected, the corporation, or, in the case of a merger or consolidation, the surviving or new corporation, domestic or foreign, shall give written notice to each dissenting member or shareholder who has made demand as herein provided, and shall make a written offer to each such member or shareholder to pay for such shares or membership at a specified price deemed by such corporation to be the fair value thereof. Except in cases where the fair value payable to dissenters is fixed in the articles of incorporation or pursuant to RCW 24.06.255, such notice and offer shall be accompanied by a balance sheet of the corporation in which the member holds his or her membership or (the shares of which)
dissenting shareholder holds shares, as of the latest available date and not more than twelve months prior to the making of such offer, and a profit and loss statement of such corporation for the twelve months' period ended on the date of such balance sheet.

If the fair value payable to dissenting members or shareholders is fixed in the articles of incorporation or pursuant to RCW 24.06.025, or if within thirty days after the date on which such corporate action was effected the fair value of such shares or membership is agreed upon between any such dissenting member or shareholder and the corporation, payment therefor shall be made within ninety days after the date on which such corporate action was effected, upon surrender of the membership certificate, if any, or upon surrender of the certificate or certificates representing such shares. Upon payment of the agreed value the dissenting member or shareholder shall cease to have any interest in such membership or shares.

If the fair value payable to dissenting members or shareholders is not fixed in the articles of incorporation or pursuant to RCW 24.06.025, and within such period of thirty days a dissenting member or shareholder and the corporation do not so agree, then the dissenting member or shareholder shall be entitled to make written demand to the corporation, within sixty days after the date on which such corporate action was effected, requesting that the corporation petition for a determination of the fair value by a court. If such a demand is not timely made on the corporation, the right of such member or shareholder to demand to be paid the fair value of his or her membership or shares shall be forfeited. Within thirty days after receipt of such a written demand from any dissenting member or shareholder, the corporation shall, or at its election at any time within ninety days after the date on which such corporate action was effected, may, file a petition in any court of competent jurisdiction in the county in this state where the registered office of the corporation is located praying that the fair value of such membership or shares be found and determined. If, in the case of a merger or consolidation, the surviving or new corporation is a foreign corporation without a registered office in this state, such petition shall be filed in the county where the registered office of the domestic corporation was last located. If the corporation shall fail to institute the proceeding as herein provided, any dissenting member or shareholder may do so in the name of the corporation. All dissenting members and shareholders, wherever residing, shall be made parties to the proceeding as an action against their memberships or shares quasi in rem. A copy of the petition shall be served on each dissenting member and shareholder who is a resident of this state and shall be served by registered or certified mail on each dissenting member or shareholder who is a nonresident. Service on nonresidents shall also be made by publication as provided by law. The jurisdiction of the court shall be plenary and exclusive. All members and shareholders who are parties to the proceeding shall be entitled to judgment against the corporation for the amount of the fair value of their shares. The court may, if it so elects, appoint one or more persons as appraisers to receive evidence and recommend a decision on the question of fair value. The appraisers shall have such power and authority as shall be specified in the order of their appointment or an amendment thereof. The judgment shall be payable only upon and concurrently with the surrender to the corporation of the membership certificate, if any, or of the certificate or certificates representing such shares. Upon payment of the judgment, the dissenting shareholder or member shall cease to have any interest in such shares or membership.

The judgment shall include an allowance for interest at such rate as the court may find to be fair and equitable in all the circumstances, from the date on which the vote was taken on the proposed corporate action to the date of payment.

The costs and expenses of any such proceeding shall be determined by the court and shall be assessed against the corporation, but all or any part of such costs and expenses may be apportioned and assessed as the court may deem equitable against any or all of the dissenting members and shareholders who are parties to the proceeding to whom the corporation shall have made an offer to pay for membership or shares if the court shall find that the action of such members or shareholders in failing to accept such offer was arbitrary or vexatious or not in good faith. Such expenses shall include reasonable compensation for and reasonable expenses of the appraisers, but shall exclude the fees and expenses of counsel for and experts employed by any party; but if the fair value of the memberships or shares as determined materially exceeds the amount which the corporation offered to pay therefor, or if no offer was made, the court in its discretion may award to any member or shareholder who is a party to the proceeding such sum as the court may determine to be reasonable compensation
to any expert or experts employed by the member or shareholder in the proceeding.

Within twenty days after demanding payment for his or her shares or membership, each member and shareholder demanding payment shall submit the certificate or certificates representing his or her membership or shares to the corporation for notation thereon that such demand has been made. His or her failure to do so shall, at the option of the corporation, terminate his or her rights under this section unless a court of competent jurisdiction, for good and sufficient cause shown, shall otherwise direct. If membership or shares represented by a certificate on which notation has been so made shall be transferred, each new certificate issued therefor shall bear a similar notation, together with the name of the original dissenting holder of such membership or shares, and a transferee of such membership or shares shall acquire by such transfer no rights in the corporation other than those which the original dissenting member or shareholder had after making demand for payment of the fair value thereof.

Sec. 15. RCW 24.06.255 and 1969 ex.s. c 120 s 51 are each amended to read as follows:

Notwithstanding any provision in this chapter for the payment of fair value to a dissenting member or shareholder, (1) the articles of incorporation may provide that a dissenting member or shareholder shall be limited to a return of a lesser amount, but in no event shall a dissenting member or shareholder be limited to a return of less than the consideration paid to the corporation for the membership or shares which he or she holds unless the fair value of the membership or shares is less than the consideration paid to the corporation, and (2) the fair value payable to a dissenting member of a consumer cooperative shall be a fixed amount equal to the consideration paid to the corporation for the member's current membership unless the articles of incorporation expressly provide for a greater or lesser amount.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 48.20.025 and 2000 c 79 s 3 are each amended to read as follows:
(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.
   (a) "Claims" means the cost to the insurer of health care services, as defined in RCW 48.43.005, provided to a policyholder or paid to or on behalf of the policyholder in accordance with the terms of a health benefit plan, as defined in RCW 48.43.005. This includes capitation payments or other similar payments made to providers for the purpose of paying for health care services for a policyholder.
   (b) "Claims reserves" means: (i) The liability for claims which have been reported but not paid; (ii) the liability for claims which have not been reported but which may reasonably be expected; (iii) active life reserves; and (iv) additional claims reserves whether for a specific liability purpose or not.
   (c) "Earned premiums" means premiums, as defined in RCW 48.43.005, plus any rate credits or recoupments less any refunds, for the applicable period, whether received before, during, or after the applicable period.
   (d) "Incurred claims expense" means claims paid during the applicable period plus any increase, or less any decrease, in the claims reserves.
   (e) "Loss ratio" means incurred claims expense as a percentage of earned premiums.
   (f) "Reserves" means: (i) Active life reserves; and (ii) additional reserves whether for a specific liability purpose or not.

(2) An insurer shall file, for informational purposes only, a notice of its schedule of rates for its individual health benefit plans with the commissioner prior to use.

(3) An insurer shall file with the notice required under subsection (2) of this section supporting documentation of its method of determining the rates charged. The commissioner may request only the following supporting documentation:
   (a) A description of the insurer's rate-making methodology;
   (b) An actuarially determined estimate of incurred claims which includes the experience data, assumptions, and justifications of the insurer's projection;
   (c) The percentage of premium attributable in aggregate for nonclaims expenses used to determine the adjusted community rates charged; and
   (d) A certification by a member of the American academy of actuaries, or other person approved by the commissioner, that the adjusted community rate charged can be reasonably expected to result in a loss ratio that meets or exceeds the loss ratio standard established in subsection (7) of this section.

(4) The commissioner may not disapprove or otherwise impede the implementation of the filed rates.
(5) By the last day of May each year any insurer (providing) issuing or renewing individual health benefit plans in this state during the preceding calendar year shall file for review by the commissioner supporting documentation of its actual loss ratio for its individual health benefit plans offered or renewed in the state in aggregate for the preceding calendar year. The filing shall include aggregate earned premiums, aggregate incurred claims, and a certification by a member of the American academy of actuaries, or other person approved by the commissioner, that the actual loss ratio has been calculated in accordance with accepted actuarial principles.

(a) At the expiration of a thirty-day period beginning with the date the filing is delivered to the commissioner, the filing shall be deemed approved unless prior thereto the commissioner contests the calculation of the actual loss ratio.

(b) If the commissioner contests the calculation of the actual loss ratio, the commissioner shall state in writing the grounds for contesting the calculation to the insurer.

(c) Any dispute regarding the calculation of the actual loss ratio shall, upon written demand of either the commissioner or the insurer, be submitted to hearing under chapters 48.04 and 34.05 RCW.

(6) If the actual loss ratio for the preceding calendar year is less than the loss ratio established in subsection (7) of this section, a remittance is due and the following shall apply:

(a) The insurer shall calculate a percentage of premium to be remitted to the Washington state health insurance pool by subtracting the actual loss ratio for the preceding year from the loss ratio established in subsection (7) of this section.

(b) The remittance to the Washington state health insurance pool is the percentage calculated in (a) of this subsection, multiplied by the premium earned from each enrollee in the previous calendar year. Interest shall be added to the remittance due at a five percent annual rate calculated from the end of the calendar year for which the remittance is due to the date the remittance is made.

(c) All remittances shall be aggregated and such amounts shall be remitted to the Washington state high risk pool to be used as directed by the pool board of directors.

(d) Any remittance required to be issued under this section shall be issued within thirty days after the actual loss ratio is deemed approved under subsection (5)(a) of this section or the determination by an administrative law judge under subsection (5)(c) of this section.

(7) The loss ratio applicable to this section shall be seventy-four percent minus the premium tax rate applicable to the insurer's individual health benefit plans under RCW 48.14.0201.

(1) The following persons who are residents of this state are eligible for pool coverage:

(a) Any person who provides evidence of a carrier's decision not to accept him or her for enrollment in an individual health benefit plan as defined in RCW 48.43.005 based upon, and within ninety days of the receipt of, the results of the standard health questionnaire designated by the board and administered by health carriers under RCW 48.43.018;

(b) Any person who continues to be eligible for pool coverage based upon the results of the standard health questionnaire designated by the board and administered by the pool administrator pursuant to subsection (3) of this section;

(c) Any person who resides in a county of the state where no carrier or insurer ((regulated)) eligible under chapter 48.15 RCW offers to the public an individual health benefit plan other than a catastrophic health plan as defined in RCW 48.43.005 at the time of application to the pool, and who makes direct application to the pool; and

(d) Any medicare eligible person upon providing evidence of rejection for medical reasons, a
requirement of restrictive riders, an up-rated premium, or a preexisting conditions limitation on a medicare supplemental insurance policy under chapter 48.66 RCW, the effect of which is to substantially reduce coverage from that received by a person considered a standard risk by at least one member within six months of the date of application.

(2) The following persons are not eligible for coverage by the pool:
(a) Any person having terminated coverage in the pool unless (i) twelve months have lapsed since termination, or (ii) that person can show continuous other coverage which has been involuntarily terminated for any reason other than nonpayment of premiums. However, these exclusions do not apply to eligible individuals as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg-41(b));
(b) Any person on whose behalf the pool has paid out one million dollars in benefits;
(c) Inmates of public institutions and persons whose benefits are duplicated under public programs. However, these exclusions do not apply to eligible individuals as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg-41(b));
(d) Any person who resides in a county of the state where any carrier or insurer regulated under chapter 48.15 RCW offers to the public an individual health benefit plan other than a catastrophic health plan as defined in RCW 48.43.005 at the time of application to the pool and who does not qualify for pool coverage based upon the results of the standard health questionnaire, or pursuant to subsection (1)(d) of this section.

(3) When a carrier or insurer regulated under chapter 48.15 RCW begins to offer an individual health benefit plan in a county where no carrier had been offering an individual health benefit plan:
(a) If the health benefit plan offered is other than a catastrophic health plan as defined in RCW 48.43.005, any person enrolled in a pool plan pursuant to subsection (1)(c) of this section in that county shall no longer be eligible for coverage under that plan pursuant to subsection (1)(c) of this section, but may continue to be eligible for pool coverage based upon the results of the standard health questionnaire designated by the board and administered by the pool administrator. The pool administrator shall offer to administer the questionnaire to each person no longer eligible for coverage under subsection (1)(c) of this section within thirty days of determining that he or she is no longer eligible;
(b) Losing eligibility for pool coverage under this subsection (3) does not affect a person's eligibility for pool coverage under subsection (1)(a), (b), or (d) of this section; and
(c) The pool administrator shall provide written notice to any person who is no longer eligible for coverage under a pool plan under this subsection (3) within thirty days of the administrator's determination that the person is no longer eligible. The notice shall: (i) Indicate that coverage under the plan will cease ninety days from the date that the notice is dated; (ii) describe any other coverage options, either in or outside of the pool, available to the person; (iii) describe the procedures for the administration of the standard health questionnaire to determine the person's continued eligibility for coverage under subsection (1)(b) of this section; and (iv) describe the enrollment process for the available options outside of the pool.

Sec. 4. RCW 48.41.110 and 2000 c 80 s 2 are each amended to read as follows:
(1) The pool shall offer one or more care management plans of coverage. Such plans may, but are not required to, include point of service features that permit participants to receive in-network benefits or out-of-network benefits subject to differential cost shares. Covered persons enrolled in the pool on January 1, 2001, may continue coverage under the pool plan in which they are enrolled on that date. However, the pool may incorporate managed care features into such existing plans.
(2) The administrator shall prepare a brochure outlining the benefits and exclusions of the pool policy in plain language. After approval by the board, such brochure shall be made reasonably available to participants or potential participants.
(3) The health insurance policy issued by the pool shall pay only reasonable amounts for medically necessary eligible health care services rendered or furnished for the diagnosis or treatment of illnesses, injuries, and conditions which are not otherwise limited or excluded. Eligible expenses are the reasonable amounts for the health care services and items for which benefits are extended under the pool policy. Such benefits shall at minimum include, but not be limited to, the following services or related items:
(a) Hospital services, including charges for the most common semiprivate room, for the most common private room if semiprivate rooms do not exist in the health care facility, or for the private room if medically necessary, but limited to a total of one hundred eighty inpatient days in a calendar year, and limited to thirty days inpatient care for mental and nervous conditions, or alcohol, drug, or chemical dependency or abuse per calendar year;

(b) Professional services including surgery for the treatment of injuries, illnesses, or conditions, other than dental, which are rendered by a health care provider, or at the direction of a health care provider by a staff of registered or licensed practical nurses, or other health care providers;

(c) The first twenty outpatient professional visits for the diagnosis or treatment of one or more mental or nervous conditions or alcohol, drug, or chemical dependency or abuse rendered during a calendar year by one or more physicians, psychologists, or community mental health professionals, or, at the direction of a physician by other qualified licensed health care practitioners, in the case of mental or nervous conditions, and rendered by a state certified chemical dependency program approved under chapter 70.96A RCW, in the case of alcohol, drug, or chemical dependency or abuse;

(d) Drugs and contraceptive devices requiring a prescription;

(e) Services of a skilled nursing facility, excluding custodial and convalescent care, for not more than one hundred days in a calendar year as prescribed by a physician;

(f) Services of a home health agency;

(g) Chemotherapy, radioisotope, radiation, and nuclear medicine therapy;

(h) Oxygen;

(i) Anesthesia services;

(j) Prostheses, other than dental;

(k) Durable medical equipment which has no personal use in the absence of the condition for which prescribed;

(l) Diagnostic x-rays and laboratory tests;

(m) Oral surgery limited to the following: Fractures of facial bones; excisions of mandibular joints, lesions of the mouth, lip, or tongue, tumors, or cysts excluding treatment for temporomandibular joints; incision of accessory sinuses, mouth salivary glands or ducts; dislocations of the jaw; plastic reconstruction or repair of traumatic injuries occurring while covered under the pool; and excision of impacted wisdom teeth;

(n) Maternity care services;

(o) Services of a physical therapist and services of a speech therapist;

(p) Hospice services;

(q) Professional ambulance service to the nearest health care facility qualified to treat the illness or injury; and

(r) Other medical equipment, services, or supplies required by physician's orders and medically necessary and consistent with the diagnosis, treatment, and condition.

(4) The board shall design and employ cost containment measures and requirements such as, but not limited to, care coordination, provider network limitations, preadmission certification, and concurrent inpatient review which may make the pool more cost-effective.

(5) The pool benefit policy may contain benefit limitations, exceptions, and cost shares such as copayments, coinsurance, and deductibles that are consistent with managed care products, except that differential cost shares may be adopted by the board for nonnetwork providers under point of service plans. The pool benefit policy cost shares and limitations must be consistent with those that are generally included in health plans approved by the insurance commissioner; however, no limitation, exception, or reduction may be used that would exclude coverage for any disease, illness, or injury.

(6) The pool may not reject an individual for health plan coverage based upon preexisting conditions of the individual or deny, exclude, or otherwise limit coverage for an individual's preexisting health conditions; except that it shall impose a six-month benefit waiting period for preexisting conditions for which medical advice was given, for which a health care provider recommended or provided treatment, or for which a prudent layperson would have sought advice or treatment, within six months before the effective date of coverage. The preexisting condition waiting period shall not apply to prenatal care services. The pool may not avoid the
requirements of this section through the creation of a new rate classification or the modification of an existing rate classification. Credit against the waiting period shall be as provided in subsection (7) of this section.

(7)(a) Except as provided in (b) of this subsection, the pool shall credit any preexisting condition waiting period in its plans for a person who was enrolled at any time during the sixty-three day period immediately preceding the date of application for the new pool plan (in a group health benefit plan or an individual health benefit plan other than a catastrophic health plan). The pool must credit the period of coverage the person was continuously covered under the immediately preceding health plan. For the person previously enrolled in a group health benefit plan, the pool must credit the aggregate of all periods of preceding coverage not separated by more than sixty-three days toward the waiting period of the new health plan. For the person previously enrolled in an individual health benefit plan other than a catastrophic health plan, the pool must credit the period of coverage the person was continuously covered under the immediately preceding health plan toward the waiting period of the new health plan. For the purposes of this subsection, a preceding health plan includes an employer-provided self-funded health plan.

(b) The pool shall waive any preexisting condition waiting period for a person who is an eligible individual as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. 300gg-41(b)).

(8) If an application is made for the pool policy as a result of rejection by a carrier, then the date of application to the carrier, rather than to the pool, should govern for purposes of determining preexisting condition credit.

business that, on at least fifty percent of its working days during the preceding calendar quarter, employed no
more than fifty eligible employees, with a normal work week of thirty or more hours, the majority of whom were
employed within this state, and is not formed primarily for purposes of buying health insurance and in which a
bona fide employer-employee relationship exists. In determining the number of eligible employees, companies
that are affiliated companies, or that are eligible to file a combined tax return for purposes of taxation by this
state, shall be considered an employer. Subsequent to the issuance of a health plan to a small employer and for
the purpose of determining eligibility, the size of a small employer shall be determined annually. Except as
otherwise specifically provided, a small employer shall continue to be considered a small employer until the plan
anniversary following the date the small employer no longer meets the requirements of this definition. The term
"small employer" includes a self-employed individual or sole proprietor. The term "small employer" also
includes a self-employed individual or sole proprietor who derives at least seventy-five percent of his or her
income from a trade or business through which the individual or sole proprietor has attempted to earn taxable
income and for which he or she has filed the appropriate internal revenue service form 1040, schedule C or F, for
the previous taxable year.

((24)) (25) "Utilization review" means the prospective, concurrent, or retrospective assessment of the
necessity and appropriateness of the allocation of health care resources and services of a provider or facility,
given or proposed to be given to an enrollee or group of enrollees.

((25)) (26) "Wellness activity" means an explicit program of an activity consistent with department of
health guidelines, such as, smoking cessation, injury and accident prevention, reduction of alcohol misuse,
appropriate weight reduction, exercise, automobile and motorcycle safety, blood cholesterol reduction, and
nutrition education for the purpose of improving enrollee health status and reducing health service costs.

Sec. 6. RCW 48.43.012 and 2000 c 79 s 19 are each amended to read as follows:
(1) No carrier may reject an individual for an individual health benefit plan based upon preexisting
conditions of the individual except as provided in RCW 48.43.018.

(2) No carrier may deny, exclude, or otherwise limit coverage for an individual's preexisting health conditions except as provided in this section.

(3) For an individual health benefit plan originally issued on or after March 23, 2000, preexisting condition waiting periods imposed upon a person enrolling in an individual health benefit plan shall be no more than nine months for a preexisting condition for which medical advice was given, for which a health care provider recommended or provided treatment, or for which a prudent layperson would have sought advice or treatment, within six months prior to the effective date of the plan. No carrier may impose a preexisting condition waiting period on an individual health benefit plan issued to an eligible individual as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. 300gg-41(b)).

(4) Individual health benefit plan preexisting condition waiting periods shall not apply to prenatal care services.

(5) No carrier may avoid the requirements of this section through the creation of a new rate classification or the modification of an existing rate classification. A new or changed rate classification will be deemed an attempt to avoid the provisions of this section if the new or changed classification would substantially discourage applications for coverage from individuals who are higher than average health risks. These provisions apply only to individuals who are Washington residents.

Sec. 7. RCW 48.43.015 and 2000 c 80 s 3 are each amended to read as follows:

(1) (For a health benefit plan offered to a group other than a small group, every health carrier shall reduce any preexisting condition exclusion or limitation for persons or groups who had similar health coverage under a different health plan at any time during the three-month period immediately preceding the date of application for the new health plan if such person was continuously covered under the immediately preceding health plan. If the person was continuously covered for at least three months under the immediately preceding health plan, the carrier may not impose a waiting period for coverage of preexisting conditions. If the person was continuously covered for less than three months under the immediately preceding health plan, the carrier must credit any waiting period under the immediately preceding health plan toward the new health plan. For the purposes of this subsection, a preceding health plan includes an employer provided self-funded health plan and plans of the Washington state health insurance pool.

(2) For a health benefit plan offered to a small group, every health carrier shall reduce any preexisting condition exclusion or limitation for persons or groups who had similar health coverage under a different health plan at any time during the three-month period immediately preceding the date of application for the new health plan if such person was continuously covered under the immediately preceding health plan. If the person was continuously covered for at least nine months under the immediately preceding health plan, the carrier may not impose a waiting period for coverage of preexisting conditions. If the person was continuously covered for less than nine months under the immediately preceding health plan, the carrier must credit any waiting period under the immediately preceding health plan toward the new health plan. For the purposes of this subsection, a preceding health plan includes an employer provided self-funded health plan and plans of the Washington state health insurance pool.

(3) For a health benefit plan offered to a group, every health carrier shall reduce any preexisting condition exclusion, limitation, or waiting period in the group health plan in accordance with the provisions of section 2701 of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg).

(2) For a health benefit plan offered to a group other than a small group:

(a) If the individual applicant’s immediately preceding health plan coverage terminated during the period beginning ninety days and ending sixty-four days before the date of application for the new plan and such coverage was similar and continuous for at least three months, then the carrier shall not impose a waiting period for coverage of preexisting conditions under the new health plan.

(b) If the individual applicant’s immediately preceding health plan coverage terminated during the period beginning ninety days and ending sixty-four days before the date of application for the new plan and such coverage was similar and continuous for less than three months, then the carrier shall credit the time covered under the immediately preceding health plan toward any preexisting condition waiting period under the new plan.
(c) For the purposes of this subsection, a preceding health plan includes an employer-provided self-funded health plan and plans of the Washington state health insurance pool.

(3) For a health benefit plan offered to a small group:
(a) If the individual applicant's immediately preceding health plan coverage terminated during the period beginning ninety days and ending sixty-four days before the date of application for the new plan and such coverage was similar and continuous for at least nine months, then the carrier shall not impose a waiting period for coverage of preexisting conditions under the new health plan.
(b) If the individual applicant's immediately preceding health plan coverage terminated during the period beginning ninety days and ending sixty-four days before the date of application for the new plan and such coverage was similar and continuous for less than nine months, then the carrier shall credit the time covered under the immediately preceding health plan toward any preexisting condition waiting period under the new health plan.
(c) For the purpose of this subsection, a preceding health plan includes an employer-provided self-funded health plan and plans of the Washington state health insurance pool.

(4) For a health benefit plan offered to an individual, other than an individual to whom subsection ((4))((5)) of this section applies, every health carrier shall credit any preexisting condition waiting period in that plan for a person who was enrolled at any time during the sixty-three day period immediately preceding the date of application for the new health plan in a group health benefit plan or an individual health benefit plan, other than a catastrophic health plan, and (a) the benefits under the previous plan provide equivalent or greater overall benefit coverage than that provided in the health benefit plan the individual seeks to purchase; or (b) the person is seeking an individual health benefit plan due to his or her change of residence from one geographic area in Washington state to another geographic area in Washington state where his or her current health plan is not offered, if application for coverage is made within ninety days of relocation; or (c) the person is seeking an individual health benefit plan:  (i) Because a health care provider with whom he or she has an established care relationship and from whom he or she has received treatment within the past twelve months is no longer part of the carrier's provider network under his or her existing Washington individual health benefit plan; and (ii) his or her health care provider is part of another carrier's provider network; and (iii) application for a health benefit plan under that carrier's provider network individual coverage is made within ninety days of his or her provider leaving the previous carrier's provider network.  The carrier must credit the period of coverage the person was continuously covered under the immediately preceding health plan toward the waiting period of the new health plan.  For the purposes of this subsection ((4))((5)), a preceding health plan includes an employer-provided self-funded health plan and plans of the Washington state health insurance pool.

((4))((5)) Every health carrier shall waive any preexisting condition waiting period in its individual plans for a person who is an eligible individual as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg-41(b)).

((5)) Subject to the provisions of subsections (1) through ((4))((5)) of this section, nothing contained in this section requires a health carrier to amend a health plan to provide new benefits in its existing health plans.  In addition, nothing in this section requires a carrier to waive benefit limitations not related to an individual or group's preexisting conditions or health history.

Sec. 8.  RCW 48.43.018 and 2000 c 80 s 4 are each amended to read as follows:
(1) Except as provided in (a) through (c) of this subsection, a health carrier may require any person applying for an individual health benefit plan to complete the standard health questionnaire designated under chapter 48.41 RCW.
(a) If a person is seeking an individual health benefit plan due to his or her change of residence from one geographic area in Washington state to another geographic area in Washington state where his or her current health plan is not offered, completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of relocation.
(b) If a person is seeking an individual health benefit plan:
(i) Because a health care provider with whom he or she has an established care relationship and from
whom he or she has received treatment within the past twelve months is no longer part of the carrier's provider network under his or her existing Washington individual health benefit plan; and

(ii) His or her health care provider is part of another carrier's provider network; and

(iii) Application for a health benefit plan under that carrier's provider network individual coverage is made within ninety days of his or her provider leaving the previous carrier's provider network; then completion of the standard health questionnaire shall not be a condition of coverage.

(c) If a person is seeking an individual health benefit plan due to his or her having exhausted continuation coverage provided under 29 U.S.C. Sec. 1161 et seq., completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of exhaustion of continuation coverage. A health carrier shall accept an application without a standard health questionnaire from a person currently covered by such continuation coverage if application is made within ninety days prior to the date the continuation coverage would be exhausted and the effective date of the individual coverage applied for is the date the continuation coverage would be exhausted, or within ninety days thereafter.

(2) If, based upon the results of the standard health questionnaire, the person qualifies for coverage under the Washington state health insurance pool, the following shall apply:

(a) The carrier may decide not to accept the person's application for enrollment in its individual health benefit plan; and

(b) Within fifteen business days of receipt of a completed application, the carrier shall provide written notice of the decision not to accept the person's application for enrollment to both the person and the administrator of the Washington state health insurance pool. The notice to the person shall state that the person is eligible for health insurance provided by the Washington state health insurance pool, and shall include information about the Washington state health insurance pool and an application for such coverage. If the carrier does not provide or postmark such notice within fifteen business days, the application is deemed approved.

(3) If the person applying for an individual health benefit plan:

(a) Does not qualify for coverage under the Washington state health insurance pool based upon the results of the standard health questionnaire; (b) does qualify for coverage under the Washington state health insurance pool based upon the results of the standard health questionnaire and the carrier elects to accept the person for enrollment; or (c) is not required to complete the standard health questionnaire designated under this chapter under subsection (1)(a) or (b) of this section, the carrier shall accept the person for enrollment if he or she resides within the carrier's service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The commissioner may grant a temporary exemption from this subsection if, upon application by a health carrier, the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals.

Sec. 9. RCW 48.43.025 and 2000 c 79 s 23 are each amended to read as follows:

(1) For group health benefit plans for groups other than small groups, no carrier may reject an individual for health plan coverage based upon preexisting conditions of the individual and no carrier may deny, exclude, or otherwise limit coverage for an individual's preexisting health conditions; except that a carrier may impose a three-month benefit waiting period for preexisting conditions for which medical advice was given, or for which a health care provider recommended or provided treatment((, or for which a prudent layperson would have sought advice or treatment,)) within three months before the effective date of coverage. Any preexisting condition waiting period or limitation relating to pregnancy as a preexisting condition shall be imposed only to the extent allowed in the federal health insurance portability and accountability act of 1996.

(2) For group health benefit plans for small groups, no carrier may reject an individual for health plan coverage based upon preexisting conditions of the individual and no carrier may deny, exclude, or otherwise limit coverage for an individual's preexisting health conditions. Except that a carrier may impose a nine-month benefit waiting period for preexisting conditions for which medical advice was given, or for which a health care provider recommended or provided treatment((, or for which a prudent layperson would have sought advice or treatment,))
within six months before the effective date of coverage. Any preexisting condition waiting period or limitation relating to pregnancy as a preexisting condition shall be imposed only to the extent allowed in the federal health insurance portability and accountability act of 1996.

(3) No carrier may avoid the requirements of this section through the creation of a new rate classification or the modification of an existing rate classification. A new or changed rate classification will be deemed an attempt to avoid the provisions of this section if the new or changed classification would substantially discourage applications for coverage from individuals or groups who are higher than average health risks. These provisions apply only to individuals who are Washington residents.

NEW SECTION. Sec. 10. A new section is added to chapter 48.43 RCW to read as follows:

To the extent required of the federal health insurance portability and accountability act of 1996, the eligibility of an employer or group to purchase a health benefit plan set forth in RCW 48.21.045(1)(b), 48.44.023(1)(b), and 48.46.066(1)(b) must be extended to all small employers and small groups as defined in RCW 48.43.005.

(4) The commissioner may not disapprove or otherwise impede the implementation of the filed rates.

(5) By the last day of May each year any health care service contractor (providing) issuing or renewing individual health benefit plans in this state during the preceding calendar year shall file for review by the commissioner supporting documentation of its actual loss ratio for its individual health benefit plans offered or renewed in this state in aggregate for the preceding calendar year. (b) If the commissioner contests the calculation of the actual loss ratio, the commissioner shall state in writing the grounds for contesting the calculation to the health care service contractor.

(c) Any dispute regarding the calculation of the actual loss ratio shall upon written demand of either the commissioner or the health care service contractor be submitted to hearing under chapters 48.04 and 34.05 RCW.

(b) The remittance to the Washington state health insurance pool is the percentage calculated in (a) of this subsection, multiplied by the premium earned from each enrollee in the previous calendar year. Interest shall be added to the remittance due at a five percent annual rate calculated from the end of the calendar year for which the remittance is due to the date the remittance is made.

(c) All remittances shall be aggregated and such amounts shall be remitted to the Washington state high risk pool to be used as directed by the pool board of directors.

Sec. 13. RCW 70.47.060 and 2000 c 79 s 34 are each amended to read as follows:

The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care. In addition, the administrator may, to the extent that funds are available, offer as basic health plan services chemical dependency services, mental health services and organ transplant services; however, no one service or any combination of these three services shall increase the actuarial value of the basic health plan benefits by more than five percent excluding inflation, as determined by the office of financial management. All subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive covered basic health care services in return for premium payments to the plan. The schedule of services shall emphasize proven
preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.47.030, and such other factors as the administrator deems appropriate.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection (9) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection (10) of this section.

(b) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201.

(c) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee by arrangement with the enrollee and through a mechanism acceptable to the administrator.

(d) To develop, as an offering by every health carrier providing coverage identical to the basic health plan, as configured on January 1, 2001, a basic health plan model plan with uniformity in enrollee cost-sharing requirements.

(3) To design and implement a structure of enrollee cost-sharing due a managed health care system from subsidized and nonsubsidized enrollees. The structure shall encourage appropriate enrollee utilization of health care services, and may utilize copayments, deductibles, and other cost-sharing mechanisms, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

(4) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists.

(5) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020. The level of subsidy provided to persons who qualify may be based on the lowest cost plans, as defined by the administrator.

(6) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

(7) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan for either subsidized enrollees, or nonsubsidized enrollees, or both. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state. Contracts with participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medical assistance may, at their option, continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.

(8) To receive periodic premiums from or on behalf of subsidized and nonsubsidized enrollees, deposit
them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(9) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan as subsidized or nonsubsidized enrollees, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and on a reasonable schedule defined by the authority, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. Funds received by a family as part of participation in the adoption support program authorized under RCW 26.33.320 and 74.13.100 through 74.13.145 shall not be counted toward a family's current gross family income for the purposes of this chapter. When an enrollee fails to report income or income changes accurately, the administrator shall have the authority either to bill the enrollee for the amounts overpaid by the state or to impose civil penalties of up to two hundred percent of the amount of subsidy overpaid due to the enrollee incorrectly reporting income. The administrator shall adopt rules to define the appropriate application of these sanctions and the processes to implement the sanctions provided in this subsection, within available resources. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to reenroll in the plan.

(10) To accept applications from business owners on behalf of themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by the plan. The administrator may require all or the substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate the orderly enrollment of groups in the plan and into a managed health care system. The administrator may require that a business owner pay at least an amount equal to what the employee pays after the state pays its portion of the subsidized premium cost of the plan on behalf of each employee enrolled in the plan. Enrollment is limited to those not eligible for medicare who wish to enroll in the plan and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. The administrator shall adjust the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes.

(11) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same or actuarially equivalent for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

(13) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 76.13.110 and 2000 c 11 s 12 are each amended to read as follows:

The small forest landowner office shall be a resource and focal point for small forest landowner concerns and policies, and shall have significant expertise regarding the management of small forest holdings, governmental programs applicable to such holdings, and the forestry riparian easement program.
(2) The small forest landowner office shall administer the provisions of the forestry riparian easement program created under RCW 76.13.120. With respect to that program, the office shall have the authority to contract with private consultants that the office finds qualified to perform timber cruises of forestry riparian easements or to lay out streamside buffers and comply with other forest and fish regulatory requirements related to the forest riparian easement program.

The small forest landowner office shall adjust future alternate management plans or alternate harvest restrictions in a manner that will minimize the negative impacts on essential riparian functions within a subbasin or watershed.

(4) An advisory committee is established to assist the small forest landowner office in developing policy and recommending rules to the forest practices board. The advisory committee shall consist of seven members, including a representative from the department of ecology, the department of fish and wildlife, and a tribal representative. Four additional committee members shall be small forest landowners who shall be appointed by the commissioner of public lands from a list of candidates submitted by the board of directors of the Washington farm forestry association or its successor organization. The association shall submit more than one candidate for each position. Appointees shall serve for a term of four years. The small forest landowner office shall review draft rules or rule concepts with the committee prior to recommending such rules to the forest practices board. The office shall reimburse nongovernmental committee members for reasonable expenses associated with attending committee meetings as provided in RCW 43.03.050 and 43.03.060.

(5) By December 1, (2000) 2002, the small forest landowner office shall provide a report to the board and the legislature containing:

(a) Estimates of the amounts of nonindustrial forests and woodlands in holdings of twenty acres or less, twenty-one to one hundred acres, one hundred to one thousand acres, and one thousand to five thousand acres, in western Washington and eastern Washington, and the number of persons having total nonindustrial forest and woodland holdings in those size ranges;

(b) Estimates of the number of parcels of nonindustrial forests and woodlands held in contiguous ownerships of twenty acres or less, and the percentages of those parcels containing improvements used: (i) As primary residences for half or more of most years; (ii) as vacation homes or other temporary residences for less than half of most years; and (iii) for other uses;

(c) The watershed administrative units in which significant portions of the riparian areas or total land area are nonindustrial forests and woodlands;

(d) Estimates of the number of forest practices applications and notifications filed per year for forest road construction, silvicultural activities to enhance timber growth, timber harvest not associated with conversion to nonforest land uses, with estimates of the number of acres of nonindustrial forests and woodlands on which forest practices are conducted under those applications and notifications; and

(e) Recommendations on ways the board and the legislature could provide more effective incentives to encourage continued management of nonindustrial forests and woodlands for forestry uses in ways that better protect salmon, other fish and wildlife, water quality, and other environmental values.

(6) By December 1, (2002) 2004, and every four years thereafter, the small forest landowner office shall provide to the board and the legislature an update of the report described in subsection (5) of this section, containing more recent information and describing:

(a) Trends in the items estimated under subsection (5)(a) through (d) of this section;

(b) Whether, how, and to what extent the forest practices act and rules contributed to those trends; and

(c) Whether, how, and to what extent: (i) The board and legislature implemented recommendations made in the previous report; and (ii) implementation of or failure to implement those recommendations affected those trends.

Sec. 2. RCW 76.13.120 and 2000 c 11 s 13 are each amended to read as follows:

(1) The legislature finds that the state should acquire easements along riparian and other sensitive aquatic areas from small forest landowners willing to sell or donate such easements to the state provided that the state will not be required to acquire such easements if they are subject to unacceptable liabilities. The legislature
therefore establishes a forestry riparian easement program.

(2) The definitions in this subsection apply throughout this section and RCW 76.13.100 and 76.13.110 unless the context clearly requires otherwise.

(a) "Forestry riparian easement" means an easement covering qualifying timber granted voluntarily to the state by a small forest landowner.

(b) "Qualifying timber" means those trees covered by a forest practices application that the small forest landowner is required to leave unharvested under the rules adopted under RCW 76.09.055 and 76.09.370 or that is made uneconomic to harvest by those rules, and for which the small landowner is willing to grant the state a forestry riparian easement. "Qualifying timber" is timber within or bordering a commercially reasonable harvest unit as determined under rules adopted by the forest practices board, or timber for which an approved forest practices application for timber harvest cannot be obtained because of restrictions under the forest practices rules.

(c) "Small forest landowner" means a landowner meeting all of the following characteristics: (i) A forest landowner as defined in RCW 76.09.020 whose interest in the land and timber is in fee or who has rights to the timber to be included in the forestry riparian easement that extend at least fifty years from the date the forest practices application associated with the easement is submitted; (ii) an entity that has harvested from its own lands in this state during the three years prior to the year of application an average timber volume that would qualify the owner as a small timber harvester under RCW 84.33.073(1); and (iii) an entity that certifies at the time of application that it does not expect to harvest from its own lands more than the volume allowed by RCW 84.33.073(1) during the ten years following application. If a landowner's prior three-year average harvest exceeds the limit of RCW 84.33.073(1), or the landowner expects to exceed this limit during the ten years following application, and that landowner establishes to the department of natural resources' reasonable satisfaction that the harvest limits were or will be exceeded to raise funds to pay estate taxes or equally compelling and unexpected obligations such as court-ordered judgments or extraordinary medical expenses, the landowner shall be deemed to be a small forest landowner.

For purposes of determining whether a person qualifies as a small forest landowner, the small forest landowner office, created in RCW 76.13.110, shall evaluate the landowner under this definition as of the date that the forest practices application is submitted or the date the landowner notifies the department that the harvest is to begin with which the forestry riparian easement is associated. A small forest landowner can include an individual, partnership, corporate, or other nongovernmental legal entity. If a landowner grants timber rights to another entity for less than five years, the landowner may still qualify as a small forest landowner under this section. If a landowner is unable to obtain an approved forest practices application for timber harvest for any of his or her land because of restrictions under the forest practices rules, the landowner may still qualify as a small forest landowner under this section.

(d) "Completion of harvest" means that the trees have been harvested from an area and that further entry into that area by mechanized logging or slash treating equipment is not expected.

(3) The department of natural resources is authorized and directed to accept and hold in the name of the state of Washington forestry riparian easements granted by small forest landowners covering qualifying timber and to pay compensation to such landowners in accordance with subsections (6) and (7) of this section. The department of natural resources may not transfer the easements to any entity other than another state agency.

(4) Forestry riparian easements shall be effective for fifty years from the date the forest practices application associated with the qualifying timber is submitted to the department of natural resources, unless the easement is terminated earlier by the department of natural resources voluntarily, based on a determination that termination is in the best interest of the state, or under the terms of a termination clause in the easement.

(5) Forestry riparian easements shall be restrictive only, and shall preserve all lawful uses of the easement premises by the landowner that are consistent with the terms of the easement and the requirement to protect riparian functions during the term of the easement, subject to the restriction that the leave trees required by the rules to be left on the easement premises may not be cut during the term of the easement. No right of public access to or across, or any public use of the easement premises is created by this statute or by the easement. Forestry riparian easements shall not be deemed to trigger the compensating tax of or otherwise disqualify land from being taxed under chapter 84.33 or 84.34 RCW.

(6) Upon application of a small forest landowner for a riparian easement that is associated with a forest
practices application and the landowner's marking of the qualifying timber on the qualifying lands, the small forest landowner office shall determine the compensation to be offered to the small forest landowner as provided for in this section. The small forest landowner office shall also determine the compensation to be offered to a small forest landowner for qualifying timber for which an approved forest practices application for timber harvest cannot be obtained because of restrictions under the forest practices rules. The legislature recognizes that there is not readily available market transaction evidence of value for easements of this nature, and thus establishes the following methodology to ascertain the value for forestry riparian easements. Values so determined shall not be considered competent evidence of value for any other purpose.

The small forest landowner office shall establish the volume of the qualifying timber. Based on that volume and using data obtained or maintained by the department of revenue under RCW 84.33.074 and 84.33.091, the small forest landowner office shall attempt to determine the fair market value of the qualifying timber as of the date the forest practices application associated with the qualifying timber was submitted or the date the landowner notifies the department that the harvest is to begin. If, under the forest practices rules adopted under chapter 4, Laws of 1999 sp. sess., some qualifying timber may be removed prior to the expiration of the fifty-year term of the easement, the small forest landowner office shall apply a reduced compensation factor to ascertain the value of those trees based on the proportional economic value, considering income and growth, lost to the landowner.

(7) Except as provided in subsection (8) of this section, the small forest landowner office shall, subject to available funding, offer compensation to the small forest landowner in the amount of fifty percent of the value determined in subsection (6) of this section, plus the compliance costs as determined in accordance with section 3 of this act. If the landowner accepts the offer for qualifying timber that will be harvested pursuant to an approved forest practices application, the department of natural resources shall pay the compensation promptly upon (a) completion of harvest in the area covered by the forestry riparian easement; (b) verification that there has been compliance with the rules requiring leave trees in the easement area; and (c) execution and delivery of the easement to the department of natural resources. If the landowner accepts the offer for qualifying timber for which an approved forest practices application for timber harvest cannot be obtained because of restrictions under the forest practices rules, the department of natural resources shall pay the compensation promptly upon (i) verification that there has been compliance with the rules requiring leave trees in the easement area; and (ii) execution and delivery of the easement to the department of natural resources. Upon donation or payment of compensation, the department of natural resources may record the easement.

(8) For approved forest practices applications where the regulatory impact is greater than the average percentage impact for all small landowners as determined by the department of natural resources analysis under the regulatory fairness act, chapter 19.85 RCW, the compensation offered will be increased to one hundred percent for that portion of the regulatory impact that is in excess of the average. Regulatory impact includes trees left in buffers, special management zones, and those rendered uneconomic to harvest by these rules. A separate average or high impact regulatory threshold shall be established for western and eastern Washington. Criteria for these measurements and payments shall be established by the small forest landowner office.

(9) The forest practices board shall adopt rules under the administrative procedure act, chapter 34.05 RCW, to implement the forestry riparian easement program, including the following:

(a) A standard version or versions of all documents necessary or advisable to create the forestry riparian easements as provided for in this section;

(b) Standards for descriptions of the easement premises with a degree of precision that is reasonable in relation to the values involved;

(c) Methods and standards for cruises and valuation of forestry riparian easements for purposes of establishing the compensation. The department of natural resources shall perform the timber cruises of forestry riparian easements required under this chapter and chapter 76.09 RCW. Any rules concerning the methods and standards for valuations of forestry riparian easements shall apply only to the department of natural resources, small forest landowners, and the small forest landowner office;

(d) A method to determine that a forest practices application involves a commercially reasonable harvest and adopt criteria for entering into a forest riparian easement where a commercially reasonable harvest is not possible or a forest practices application that has been submitted cannot be approved because of restrictions.
under the forest practices rules:
(e) A method to address blowdown of qualified timber falling outside the easement premises;
(f) A formula for sharing of proceeds in relation to the acquisition of qualified timber covered by an
easement through the exercise or threats of eminent domain by a federal or state agency with eminent domain
authority, based on the present value of the department of natural resources' and the landowner's relative interests
in the qualified timber;
(g) High impact regulatory thresholds;
(h) A method to determine timber that is qualifying timber because it is rendered uneconomic to harvest
by the rules adopted under RCW 76.09.055 and 76.09.370; and
(i) A method for internal department of natural resources review of small forest landowner office
compensation decisions under subsection (7) of this section.

NEW SECTION. Sec. 3. A new section is added to chapter 76.13 RCW to read as follows:
In order to assist small forest landowners to remain economically viable, the legislature intends that the
small forest landowners be able to net fifty percent of the value of the trees left in the buffer areas. The amount
of compensation offered in RCW 76.13.120 shall also include the compliance costs for participation in the
riparian easement program. For purposes of this section, "compliance costs" includes the cost of preparing and
recording the easement, and any business and occupation tax and real estate excise tax imposed because of
entering into the easement."

On page 1, line 1 of the title, after "landowners;" strike the remainder of the title and insert "amending
RCW 76.13.110 and 76.13.120; and adding a new section to chapter 76.13 RCW."

SENATE AMENDMENTS TO HOUSE BILL

April 10, 2001

Mr. Speakers:

The Senate has passed HOUSE BILL NO. 1162, with the following amendments(s)

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that promoting a financially viable health care system in all parts of the state is a paramount interest. The health care financing administration has recognized the crucial role that hospitals play in providing care in rural areas by creating the critical access hospital program to allow small, rural hospitals that qualify to receive reasonable cost-based reimbursement for medicare services. The legislature further finds that creating a similar reimbursement system for the state's medical assistance programs in small, rural hospitals that qualify will help assure the long-term financial viability of the rural health system in those communities.

NEW SECTION. Sec. 2. A new section is added to chapter 74.09 RCW to read as follows:

Payments for recipients eligible for medical assistance programs under this chapter for services provided
by hospitals, regardless of the beneficiary's managed care enrollment status, shall be made based on allowable costs incurred during the year, when services are provided by a rural hospital certified by the health care financing administration as a critical access hospital. Any additional payments made by the medical assistance administration for the healthy options program shall be no more than the additional amounts per service paid under this section for other medical assistance programs.

For purposes of this section, "medical assistance programs" means the programs defined in RCW 74.09.010 for which federal matching funds are available.

NEW SECTION.  Sec. 3.  A new section is added to chapter 74.09 RCW to read as follows:
The department shall implement the program created in section 2 of this act within sixty days of the effective date of this act regardless of the beneficiary's managed care status.

NEW SECTION.  Sec. 4.  If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2001, in the omnibus appropriations act, this act is null and void."

On page 1, line 3 of the title, after "hospital;" strike the remainder of the title and insert "adding new sections to chapter 74.09 RCW; and creating new sections."

There being no objection, the House refused to concur in the Senate Amendment(s) to House Bill No. 1162 and asked the Senate to recede therefrom.

(1) All field offices and the administrative office of the children's administration in the department of social and health services shall be fully accredited by the council on accreditation for children and family services. The cost of accreditation shall be accomplished within existing agency resources. The department shall phase in accreditation at a rate of no less than one field office per year, achieving complete agency accreditation by January 30, 2008.
(2) By January 30, 2008, all private child-placing agencies shall be fully accredited by the council on accreditation for children and family services prior to contracting with the department for services to families and children."

On page 1, line 1 of the title, after "services;" strike the remainder of the title and insert "and adding a new section to chapter 43.20A RCW."

April 10, 2001

Mr. Speakers:
On page 9, beginning on line 1 of the amendment, strike all of section 8 and insert the following:

"NEW SECTION.  Sec. 8. The legislature finds that in order to comply with the community mental health services act, chapter 71.24 RCW, and the medicaid managed care mental health waiver, and to effectively assist persons with mental illness and consumers of mental health services in the assertion of their civil and human rights, and to improve the quality of services available and promote the rehabilitation, recovery, and reintegration of these persons, an independent mental health ombudsman program should be instituted.

NEW SECTION.  Sec. 9. As used in this chapter, "mental health provider or facility" means any of the following:

(1) An agency, individual, or facility that is part of the community mental health service delivery system, as defined in RCW 71.24.025;
(2) A long-term care facility, as defined in RCW 43.190.020, in which adults or children with mental illness reside;

NEW SECTION.  Sec. 10.  (1) The department of community, trade, and economic development shall contract with a private nonprofit organization to be the office of mental health ombudsman and to provide mental health ombudsman services as specified under, and consistent with, the medicaid managed care mental health waiver, state law, the goals of the state, and the needs of its citizens.  The department of community, trade, and economic development shall ensure that all program and staff support necessary to enable the ombudsman to effectively protect the interests of persons with mental illness is provided by the nonprofit organization that contracts to be the office of mental health ombudsman and to provide independent mental health ombudsman services.  The department shall designate the organization to be the office of mental health ombudsman and to provide mental health ombudsman services by a competitive bidding process which shall include direct stakeholder participation in the development of the request for proposal, evaluation of bids, and final selection.  The department shall ensure that the designated agency has demonstrated financial stability and meets the qualifications for ombudsman identified in section 11 of this act.  The department shall undertake an annual review of the designated agency to ensure compliance with the provisions of the contract.  The department shall not redesignate the agency serving as the office of mental health ombudsman except upon a showing of good cause for redesignation, and after notice and opportunity for agency and public comment have been made and there has been an opportunity to appeal the redesignation to the director.

(3) The office of mental health ombudsman shall have the following powers and duties:

(c) Establish procedures consistent with section 17 of this act for appropriate access by mental health ombudsmen to mental health providers and facilities and the records of patients, residents, and clients, including procedures to protect the confidentiality of the records and ensure that the identity of any complainant or resident will not be disclosed without the written consent of the complainant or resident, or upon court order;
(d) Establish a statewide uniform reporting system to collect and analyze data relating to complaints, conditions, and service quality provided by mental health providers and facilities for the purpose of identifying and resolving significant individual problems and analyzing, developing, and advocating remedies in policy,
practice, or legislation for systemic problems, with provision for submission of such data to the department of social and health services, the state block grant mental health advisory committee, and to the federal department of health and human services, or its successor agency, on a regular basis. This reporting system must be compatible with uniform child and adult consumer service outcomes, where such outcome measures are established:

(e) Establish procedures to assure that any files maintained by ombudsman programs shall be disclosed only at the discretion of the ombudsman having authority over the disposition of such files, except that the identity of a complainant or patient, resident, or client of a mental health provider or facility may not be disclosed by the ombudsman unless:

(i) The complainant or resident, or the complainant or resident's legal representative, consents in writing to such disclosure; or

(ii) Such disclosure is required by court order;

(f) Establish ombudsman services that are available statewide, and at eastern state and western state hospitals; and

(g) Establish the jurisdiction of the mental health ombudsman so that it does not overlap with other state ombudsman offices and allows contact and coordination among the various state ombudsman offices.

NEW SECTION. Sec. 11. (1) The agency designated by the department of community, trade, and economic development as the office of mental health ombudsman and any mental health ombudsman authorized by this chapter or a local governmental authority must have training or experience in all of the following areas:

(b) The legal system;

(c) Advocacy and supporting self-advocacy; and

(d) Dispute or problem resolution techniques, including investigation, mediation, and negotiation.

(2) A mental health ombudsman or quality review team member must not have been employed by a regional support network or any mental health provider or facility within the past three years, except where prior to the adoption of this chapter he or she has been employed by or volunteered for a regional support network or subcontractor thereof or a state hospital to provide mental health ombudsman services pursuant to the requirements of the federal medicaid managed care mental health waiver. The office of mental health ombudsman shall actively recruit persons who provided ombudsman services through a regional support network or subcontractor thereof or a state hospital.

(3) No mental health ombudsman or any member of his or her immediate family may have, or have had within the past three years, any pecuniary interest in the provision of mental health services.

(4) The office of mental health ombudsman shall maintain a toll-free telephone number.

Mental health ombudsmen shall attempt to resolve all disputes at the lowest possible level.

(6) The office of mental health ombudsman shall ensure that there are quality review teams established to evaluate quality and consumer satisfaction and provide recommendations for service improvements, as required by the medicaid managed care waiver. Quality review teams shall define, establish, and measure systemic consumer outcomes and report on systemic causes of consumer access barrier service problems.

(7) Where consented to by the patient, resident, or client, ombudsmen shall involve family members and friends in the process of resolving complaints.

(8) The office of mental health ombudsman shall support mental health service recipient participation in treatment planning and delivery, both on an individual basis and systemwide, and shall actively recruit and support the participation of consumers, parents, and guardians of minor children recipients, and family members of adult service recipients as mental health ombudsmen and quality review team members.

health services, to regional support networks and the mental health division.

(2) The mental health division and the regional support networks shall work in cooperation with the office of mental health ombudsman to develop agreements regarding how this quality information will be incorporated into their quality management system. These agreements must ensure that information related to complaints and grievances conforms to a standardized form.

(3) The office of mental health ombudsman shall ensure that its reports and recommendations are broadly distributed and shall report annually regarding its activities, findings, and recommendations to at least the following: the mental health division, the mental health advisory board, the state long-term care ombudsman, the state family and children’s ombudsman, the state designated protection and advocacy system, the department of community, trade, and economic development, regional support networks, and mental health advocacy groups.

(4) Regional support networks and the mental health division shall promptly provide the office of mental health ombudsman with demographic information they possess regarding the diversity of individuals applying for, receiving, and denied services in each region, service utilization information, contract and subcontract requirements, the results of all audits and reviews conducted by the regional support networks or the mental health division, and such other information collected or produced by the regional support networks or the mental health division as may be necessary for mental health ombudsman and quality review team members in the performance of their duties.

(5) Regional support networks and the mental health division shall assist mental health ombudsman and quality review team members in obtaining entry and meaningful access to mental health providers and facilities, cooperation from their staff, and access to patients and clients.

SENATE AMENDMENTS TO HOUSE BILL

April 4, 2001

Mr. Speakers:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1591, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 10.14.080 and 1995 c 246 s 36 are each amended to read as follows:

(1) Upon filing a petition for a civil antiharassment protection order under this chapter, the petitioner may obtain an ex parte temporary antiharassment protection order. An ex parte temporary antiharassment protection order may be granted with or without notice upon the filing of an affidavit which, to the satisfaction of the court, shows reasonable proof of unlawful harassment of the petitioner by the respondent and that great or irreparable harm will result to the petitioner if the temporary antiharassment protection order is not granted.

(2) An ex parte temporary antiharassment protection order shall be effective for a fixed period not to exceed fourteen days or twenty-four days if the court has permitted service by publication under RCW 10.14.085. The ex parte order may be reissued. A full hearing, as provided in this chapter, shall be set for not later than fourteen days from the issuance of the temporary order or not later than twenty-four days if service by publication is permitted. Except as provided in RCW 10.14.070 and 10.14.085, the respondent shall be personally served with a copy of the ex parte order along with a copy of the petition and notice of the date set for the hearing. The ex parte order and notice of hearing shall include at a minimum the date and time of the hearing set by the court to determine if the temporary order should be made effective for one year or more, and notice that if the respondent should fail to appear or otherwise not respond, an order for protection will be issued against the respondent pursuant to the provisions of this chapter, for a minimum of one year from the date of the hearing. The notice shall also include a brief statement of the provisions of the ex parte order and notify the respondent that a copy of the ex parte order and notice of hearing has been filed with the clerk of the court.

(3) At the hearing, if the court finds by a preponderance of the evidence that unlawful harassment exists, a civil antiharassment protection order shall issue prohibiting such unlawful harassment.

(4) An order issued under this chapter shall be effective for not more than one year unless the court finds
that the respondent is likely to resume unlawful harassment of the petitioner when the order expires. If so, the court may enter an order for a fixed time exceeding one year or may enter a permanent antiharassment protection order. The court shall not enter an order that is effective for more than one year if the order restrains the respondent from contacting the respondent's minor children. This limitation is not applicable to civil antiharassment protection orders issued under chapter 26.09, 26.10, or 26.26 RCW. If the petitioner seeks relief for a period longer than one year on behalf of the respondent's minor children, the court shall advise the petitioner that the petitioner may apply for renewal of the order as provided in this chapter or if appropriate may seek relief pursuant to chapter 26.09 or 26.10 RCW.

(5) At any time within the three months before the expiration of the order, the petitioner may apply for a renewal of the order by filing a petition for renewal. The petition for renewal shall state the reasons why the petitioner seeks to renew the protection order. Upon receipt of the petition for renewal, the court shall order a hearing which shall be not later than fourteen days from the date of the order. Except as provided in RCW 10.14.085, personal service shall be made upon the respondent not less than five days before the hearing. If timely service cannot be made the court shall set a new hearing date and shall either require additional attempts at obtaining personal service or permit service by publication as provided by RCW 10.14.085. If the court permits service by publication, the court shall set the new hearing date not later than twenty-four days from the date of the order. If the order expires because timely service cannot be made the court shall grant an ex parte order of protection as provided in this section. The court shall grant the petition for renewal unless the respondent proves by a preponderance of the evidence that the respondent will not resume harassment of the petitioner when the order expires. The court may renew the protection order for another fixed time period or may enter a permanent order as provided in subsection (4) of this section.

(6) The court, in granting an ex parte temporary antiharassment protection order or a civil antiharassment protection order, shall have broad discretion to grant such relief as the court deems proper, including an order:
(a) Restraining the respondent from making any attempts to contact the petitioner;
(b) Restraining the respondent from making any attempts to keep the petitioner under surveillance;
(c) Requiring the respondent to stay a stated distance from the petitioner's residence and workplace; and
(d) Considering the provisions of RCW 9.41.800.

(7) A petitioner may not obtain an ex parte temporary antiharassment protection order against a respondent if the petitioner has previously obtained two such ex parte orders against the same respondent but has failed to obtain the issuance of a civil antiharassment protection order unless good cause for such failure can be shown.

(8) The court order shall specify the date an order issued pursuant to subsections (4) and (5) of this section expires if any. The court order shall also state whether the court issued the protection order following personal service or service by publication and whether the court has approved service by publication of an order issued under this section.

Sec. 2. RCW 10.14.100 and 1992 c 143 s 15 are each amended to read as follows:
(1) An order issued under this chapter shall be personally served upon the respondent, except as provided in subsections (5) and (7) of this section.
(2) The sheriff of the county or the peace officers of the municipality in which the respondent resides shall serve the respondent personally unless the petitioner elects to have the respondent served by a private party.
(3) If the sheriff or municipal peace officer cannot complete service upon the respondent within ten days, the sheriff or municipal peace officer shall notify the petitioner.
(4) Returns of service under this chapter shall be made in accordance with the applicable court rules.
(5) If an order entered by the court recites that the respondent appeared in person before the court, the necessity for further service is waived and proof of service of that order is not necessary. The court's order entered after a hearing, need not be served on a respondent who fails to appear before the court, if material terms of the order have not changed from those contained in the temporary order, and it is shown to the court's satisfaction that the respondent has previously been personally served with the temporary order.
(6) Except in cases where the petitioner is granted leave to proceed in forma pauperis, municipal police departments serving documents as required under this chapter may collect the same fees for service and mileage
(7) If the court previously entered an order allowing service by publication of the notice of hearing and temporary order of protection pursuant to RCW 10.14.085, the court may permit service by publication of the order of protection issued under RCW 10.14.080. Service by publication must comply with the requirements of RCW 10.14.085.”

SENATE AMENDMENTS TO HOUSE BILL

April 5, 2001

Mr. Speakers:

The Senate has passed HOUSE BILL NO. 1895, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 46.61 RCW under the subchapter heading "miscellaneous rules" to read as follows:

(1) Any person who refuses to pay or evades payment for motor vehicle fuel that is pumped into a motor vehicle is guilty of theft of motor vehicle fuel. A violation of this subsection is a gross misdemeanor punishable under chapter 9A.20 RCW.

(2) The court shall order the department to suspend the person's license, permit, or nonresident privilege
to drive for a period specified by the court of up to six months.

Sec. 2. RCW 46.20.311 and 2000 c 115 s 7 are each amended to read as follows:

(1)(a) The department shall not suspend a driver's license or privilege to drive a motor vehicle on the public highways for a fixed period of more than one year, except as specifically permitted under RCW 46.20.267, 46.20.342, or other provision of law. Except for a suspension under RCW 46.20.267, 46.20.289, 46.20.291(5), 46.61.-- (section 1 of this act), or 74.20A.320, whenever the license or driving privilege of any person is suspended by reason of a conviction, a finding that a traffic infraction has been committed, pursuant to chapter 46.29 RCW, or pursuant to RCW 46.20.291 or 46.20.308, the suspension shall remain in effect until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified. Whenever the license or driving privilege of any person is suspended as a result of certification of noncompliance with a child support order under chapter 74.20A RCW or a residential or visitation order, the suspension shall remain in effect until the person provides a release issued by the department of social and health services stating that the person is in compliance with the order.

(b)(i) The department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee of twenty dollars.

(ii) If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, or is the result of administrative action under RCW 46.20.308, the reissue fee shall be one hundred fifty dollars.

(2)(a) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (i) After the expiration of one year from the date the license or privilege to drive was revoked; (ii) after the expiration of the applicable revocation period provided by RCW 46.20.3101 or 46.61.5055; (iii) after the expiration of two years for persons convicted of vehicular homicide; or (iv) after the expiration of the applicable revocation period provided by RCW 46.20.265.

(b)(i) After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of twenty dollars.

(ii) If the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be one hundred fifty dollars. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reissuance of a license, permit, or privilege to drive until enrollment and participation in an approved program has been established and the person is otherwise qualified.

(c) Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3)(a) Whenever the driver's license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020 or 46.20.289 or 46.20.291(5), the department shall not issue to the person any new or renewal license until the person pays a reissue fee of twenty dollars.

(b) If the suspension is the result of a violation of the laws of this or any other state, province, or other jurisdiction involving (i) the operation or physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor or drugs, or (ii) the refusal to submit to a chemical test of the driver's blood alcohol content, the reissue fee shall be one hundred fifty dollars.

Sec. 3. RCW 46.20.342 and 2000 c 115 s 8 are each amended to read as follows:
(1) It is unlawful for any person to drive a motor vehicle in this state while that person is in a suspended or revoked status or when his or her privilege to drive is suspended or revoked in this or any other state. Any person who has a valid Washington driver's license is not guilty of a violation of this section.

(a) A person found to be an habitual offender under chapter 46.65 RCW, who violates this section while an order of revocation issued under chapter 46.65 RCW prohibiting such operation is in effect, is guilty of driving while license suspended or revoked in the first degree, a gross misdemeanor. Upon the first such conviction, the person shall be punished by imprisonment for not less than ten days. Upon the second conviction, the person shall be punished by imprisonment for not less than ninety days. Upon the third or subsequent conviction, the person shall be punished by imprisonment for not less than one hundred eighty days. If the person is also convicted of the offense defined in RCW 46.61.502 or 46.61.504, when both convictions arise from the same event, the minimum sentence of confinement shall be not less than ninety days. The minimum sentence of confinement required shall not be suspended or deferred. A conviction under this subsection does not prevent a person from petitioning for reinstatement as provided by RCW 46.65.080.

(b) A person who violates this section while an order of suspension or revocation prohibiting such operation is in effect and while the person is not eligible to reinstate his or her driver's license or driving privilege, other than for a suspension for the reasons described in (c) of this subsection, is guilty of driving while license suspended or revoked in the second degree, a gross misdemeanor. This subsection applies when a person's driver's license or driving privilege has been suspended or revoked by reason of:

(i) A conviction of a felony in the commission of which a motor vehicle was used;
(ii) A previous conviction under this section;
(iii) A notice received by the department from a court or diversion unit as provided by RCW 46.20.265, relating to a minor who has committed, or who has entered a diversion unit concerning an offense relating to alcohol, legend drugs, controlled substances, or imitation controlled substances;
(iv) A conviction of RCW 46.20.410, relating to the violation of restrictions of an occupational driver's license;
(v) A conviction of RCW 46.20.345, relating to the operation of a motor vehicle with a suspended or revoked license;

(viii) A conviction of RCW 46.61.500, relating to reckless driving;
(ix) A conviction of RCW 46.61.502 or 46.61.504, relating to a person under the influence of intoxicating liquor or drugs;

(xi) A conviction of RCW 46.61.522, relating to vehicular assault;
(xii) A conviction of RCW 46.61.527(4), relating to reckless endangerment of roadway workers;
(xiii) A conviction of RCW 46.61.530, relating to racing of vehicles on highways;

(xvi) A conviction of RCW 46.64.048, relating to attempting, aiding, abetting, coercing, and committing crimes;

((xvi)) An administrative action taken by the department under chapter 46.20 RCW; or
((xvi)) A conviction of a local law, ordinance, regulation, or resolution of a political subdivision of this state, the federal government, or any other state, of an offense substantially similar to a violation included in this subsection.

(c) A person who violates this section when his or her driver's license or driving privilege is, at the time of the violation, suspended or revoked solely because (i) the person must furnish proof of satisfactory progress in a required alcoholism or drug treatment program, (ii) the person must furnish proof of financial responsibility for the future as provided by chapter 46.29 RCW, (iii) the person has failed to comply with the provisions of chapter 46.29 RCW relating to uninsured accidents, (iv) the person has failed to respond to a notice of traffic infraction,

the terms of a notice of traffic infraction or citation, as provided in RCW 46.20.289, (v) the person has committed
an offense in another state that, if committed in this state, would not be grounds for the suspension or revocation
of the person's driver's license, (vi) the person has been suspended or revoked by reason of one or more of the
items listed in (b) of this subsection, but was eligible to reinstate his or her driver's license or driving privilege at
the time of the violation, or (vii) the person has received traffic citations or notices of traffic infraction that have
resulted in a suspension under RCW 46.20.267 relating to intermediate drivers' licenses, or any combination of
(i) through (vii), is guilty of driving while license suspended or revoked in the third degree, a misdemeanor.

(2) Upon receiving a record of conviction of any person or upon receiving an order by any juvenile court
or any duly authorized court officer of the conviction of any juvenile under this section, the department shall:

(a) For a conviction of driving while suspended or revoked in the first degree, as provided by subsection
(1)(a) of this section, extend the period of administrative revocation imposed under chapter 46.65 RCW for an
additional period of one year from and after the date the person would otherwise have been entitled to apply for a
new license or have his or her driving privilege restored; or

(b) For a conviction of driving while suspended or revoked in the second degree, as provided by
subsection (1)(b) of this section, not issue a new license or restore the driving privilege for an additional period
of one year from and after the date the person would otherwise have been entitled to apply for a new license or
have his or her driving privilege restored; or

(c) Not extend the period of suspension or revocation if the conviction was under subsection (1)(c) of this
section. If the conviction was under subsection (1)(a) or (b) of this section and the court recommends against
the extension and the convicted person has obtained a valid driver's license, the period of suspension or
revocation shall not be extended.

Sec. 4. RCW 46.63.020 and 1999 c 86 s 6 are each amended to read as follows:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 46.12.030 and 1995 c 274 s 1 and 1995 c 256 s 23 are each reenacted and amended to read as follows:

The application for ((a))) a certificate of ownership shall be upon a form furnished or approved by the department and shall contain:

1. A full description of the vehicle, which shall contain the proper vehicle identification number, the number of miles indicated on the odometer at the time of delivery of the vehicle, and any distinguishing marks of identification;
2. The name and address of the person who is to be the registered owner of the vehicle and, if the vehicle is subject to a security interest, the name and address of the secured party;
3. Such other information as the department may require. The department may in any instance, in addition to the information required on the application, require additional information and a physical examination of the vehicle or of any class of vehicles, or either. A physical examination of the vehicle is mandatory if ((it previously was registered in any other state or country or if))) it has been rebuilt after surrender of the certificate of ownership to the department under RCW 46.12.070 due to the vehicle's destruction or declaration as a total..."
The inspection must verify that the vehicle identification number is genuine and agrees with the number shown on the title and registration certificate. If the vehicle is from a jurisdiction that does not issue titles, the inspection must verify that the vehicle identification number is genuine and agrees with the number shown on the registration certificate. The inspection must also confirm that the license plates on the vehicle are those assigned to the vehicle by the jurisdiction in which the vehicle was previously licensed. The inspection must be made by a member of the Washington state patrol or other person authorized by the department to make such inspections.

The application shall be subscribed by the registered owner and be sworn to by that applicant in the manner described by RCW 9A.72.085. The department shall retain the application in either the original, computer, or photostatic form.

Sec. 2. RCW 46.12.040 and 1990 c 238 s 2 are each amended to read as follows:

The application accompanied by a draft, money order, certified bank check, or cash for one dollar and twenty-five cents, together with the last preceding certificates or other satisfactory evidence of ownership, shall be forwarded to the director.

The fee shall be in addition to any other fee for the license registration of the vehicle. The certificate of ownership shall not be required to be renewed annually, or at any other time, except as by law provided.

In addition to the application fee and any other fee for the license registration of a vehicle, there shall be collected from the applicant an inspection fee whenever a physical examination of the vehicle is required as a part of the vehicle licensing or titling process.

For vehicles previously registered in any other state or country, the department shall collect from the applicant a fee of fifteen dollars for vehicles previously registered in any other state or country. The proceeds from the fee shall be deposited in the motor vehicle fund. For all other vehicles requiring a physical examination, the inspection fee shall be twenty-five dollars and shall be deposited in the motor vehicle fund.

NEW SECTION. Sec. 3. A new section is added to chapter 46.12 RCW to read as follows:

The department shall institute software and systems modifications to enable a WACIC/NCIC stolen vehicle search of out-of-state vehicles as part of the title transaction. During the stolen vehicle search, if the information obtained indicates the vehicle is stolen, that information shall be immediately reported to the state patrol and the applicant shall not be permitted to register the vehicle. Vehicles for which the stolen vehicle check is negative shall be registered if the department is satisfied that all other requirements have been met.

Sec. 4. RCW 46.12.060 and 1975 c 25 s 10 are each amended to read as follows:

Before the department shall issue a certificate of ownership, or reissue such a certificate, covering any vehicle, the identification number of which has been altered, removed, obliterated, defaced, omitted, or is otherwise absent, the registered owner of the vehicle shall file an application with the department, accompanied by a fee of five dollars, upon a form provided, and containing such facts and information as shall be required by the department for the assignment of a special number for such vehicle. Upon receipt of such application, the department, if satisfied the applicant is entitled to the assignment of an identification number, shall designate a special identification number for such vehicle, which shall be noted upon the application therefor, and likewise upon a suitable record of the authorization of the use thereof, to be kept by the department. This assigned identification number shall be placed or stamped in a conspicuous position upon the vehicle in such manner and form as may be prescribed by the department. Upon receipt by the department of an application for a certificate of ownership or application for reissue of such certificate and the required fee therefor, the department shall use such number as the numerical or alpha-numerical identification marks for the vehicle in any certificate of license registration or certificate of ownership that may thereafter be issued therefor.
NEW SECTION. Sec. 5. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2001."

SENATE AMENDMENTS TO HOUSE BILL

April 5, 2001

Mr. Speakers:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1320, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 70.128.005 and 2000 c 121 s 4 are each amended to read as follows:

The legislature finds that adult family homes are an important part of the state's long-term care system. Adult family homes provide an alternative to institutional care and promote a high degree of independent living for residents. Persons with functional limitations have broadly varying service needs. Adult family homes that can meet those needs are an essential component of a long-term system. The legislature further finds that
different populations living in adult family homes, such as the developmentally disabled and the elderly, often have significantly different needs and capacities from one another.

It is the legislature's intent that department rules and policies relating to the licensing and operation of adult family homes recognize and accommodate the different needs and capacities of the various populations served by the homes. Furthermore, the development and operation of adult family homes that can provide quality personal care and special care services should be encouraged.

The legislature finds that many residents of community-based long-term care facilities are vulnerable and their health and well-being are dependent on their caregivers. The quality, skills, and knowledge of their caregivers are the key to good care. The legislature finds that the need for well-trained caregivers is growing as the state's population ages and residents' needs increase. The legislature intends that current training standards be enhanced.

The legislature finds that the state of Washington has a compelling interest in protecting and promoting the health, welfare, and safety of vulnerable adults residing in adult family homes. The health, safety, and well-being of vulnerable adults must be the paramount concern in determining whether to issue a license to an applicant, whether to suspend or revoke a license, or whether to take other licensing actions.

mothers is especially critical to their survival and well-being.  The legislature intends that reasonable steps

emotional and/or psychological barriers to obtaining such care by reducing impediments to obtaining prenatal
and postdelivery care to newborns while encouraging pregnant women to act responsibly regarding the health of
their newborns.  The legislature does not intend to encourage the abandonment of newborn children nor to

**POINT OF ORDER**

Representative Boldt request a ruling on whether the Senate amendment to House Bill No. 1898 was beyond the scope and object of the bill.

**SPEAKERS' RULING**

Speaker Chopp: "The Speakers find that the bill is intended to define crisis nurseries and to add them to the list of agencies that arrange for or provide out of home care for certain persons. The amendment would add the entire text of Substitute Senate Bill No. 5236 which deals with infant abandonment to the bill. The Speakers find that the amendment does go beyond the scope and object of House Bill No. 1898.

Representative Boldt, your Point of Order is well taken. Speaker Ballard concurs in this ruling."

There being no objection, the House refused to concur in the Senate Amendment(s) to House Bill No. 1898 and asked the Senate to recede therefrom.

POINT OF ORDER

Representative Hunt requested a ruling on whether the Senate amendment to Engrossed Substitute House Bill No. 2137 was beyond the scope and object of the bill.

SPEAKERS' RULING

Speaker Chopp: "The Speakers find that the bill is intended to include possession of explosives in the category of offenses for which a school student must be expelled for not less than one year. The amendment strikes all of Engrossed Substitute House Bill No. 2137 and deletes all references to explosives, as an alternative, the amendment adds all or parts of five other bills, none of which give exclusive consideration to the presence of explosives in schools. The Speakers find that the amendment does go beyond the scope and object of Engrossed Substitute House Bill No. 2137.

Representative Hunt, your Point of Order is well taken. Speaker Ballard concurs in this ruling."

There being no objection, the House refused to concur in the Senate Amendment(s) to Engrossed Substitute House Bill No. 2137 and asked the Senate to recede therefrom.

POINT OF ORDER

Representative Cody requested a ruling on whether the Senate amendment to page 2, after line 30 (S-2501.1) to Substitute House Bill No. 1094 was beyond the scope and object of the bill.

SPEAKERS' RULING

Speaker Chopp: "The Speakers find that the bill is intended to allow a health practitioner to surrender their license in lieu of other sanctions under the Uniform Disciplinary Act. The amendment would provide that no sanction may be imposed solely for the practice of reflexology. The Speakers find that the amendment does go beyond the scope and object of Substitute House Bill No. 1094.

Representative Cody, your Point of Order is well taken. Speaker Ballard concurs in this ruling."

There being no objection, the House refused to concur in the Senate Amendment(s) on page 2, after line 30 to Substitute House Bill No. 1094 and asked the Senate to recede therefrom.

SENATE AMENDMENTS TO HOUSE BILL

April 11, 2001

Mr. Speakers:

The Senate has passed Substitute House Bill No. 1450, with the following amendments(s)

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 84.33.120 and 1999 sp.s. c 4 s 702 are each amended to read as follows:
(1) In preparing the assessment rolls as of January 1, 1982, for taxes payable in 1983 and each January 1st thereafter, the assessor shall list each parcel of forest land at a value with respect to the grade and class provided in this subsection and adjusted as provided in subsection (2) of this section and shall compute the assessed value of the land by using the same assessment ratio he or she applies generally in computing the assessed value of other property in his or her county. Values for the several grades of bare forest land shall be as follows.
(2) On or before December 31, 1981, the department shall adjust by rule under chapter 34.05 RCW, the forest land values contained in subsection (1) of this section in accordance with this subsection, and shall certify these adjusted values to the county assessor for his or her use in preparing the assessment rolls as of January 1, 1982. For the adjustment to be made on or before December 31, 1981, for use in the 1982 assessment year, the department shall:

(a) Divide the aggregate value of all timber harvested within the state between July 1, 1976, and June 30,
1981 by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 82.04.291 and 84.33.071; and

(b) Divide the aggregate value of all timber harvested within the state between July 1, 1975, and June 30, 1980 by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 82.04.291 and 84.33.071; and

(c) Adjust the forest land values contained in subsection (1) of this section by a percentage equal to one-half of the percentage change in the average values of harvested timber reflected by comparing the resultant values calculated under (a) and (b) of this subsection.

For the adjustments to be made on or before December 31, 1982, and each succeeding year thereafter, the same procedure shall be followed as described in this subsection utilizing harvester excise tax returns filed under RCW 82.04.291 and this chapter except that this adjustment shall be made to the prior year's adjusted value, and the five-year periods for calculating average harvested timber values shall be successively one year more recent.

(3) In preparing the assessment roll for 1972 and each year thereafter, the assessor shall enter as the true and fair value of each parcel of forest land the appropriate grade value certified to him or her by the department of revenue, and he or she shall compute the assessed value of such land by using the same assessment ratio he or she applies generally in computing the assessed value of other property in his or her county. In preparing the assessment roll for 1975 and each year thereafter, the assessor shall assess and value as classified forest land all forest land that is not then designated pursuant to RCW 84.33.120(4) or 84.33.130 and shall make a notation of such classification upon the assessment and tax rolls. On or before January 15 of the first year in which such notation is made, the assessor shall mail notice by certified mail to the owner that such land has been classified as forest land and is subject to the compensating tax imposed by this section. If the owner desires not to have such land assessed and valued as classified forest land, he or she shall give the assessor written notice thereof on or before March 31 of such year and the assessor shall remove from the assessment and tax rolls the classification notation entered pursuant to this subsection, and shall thereafter assess and value such land in the manner provided by law other than this chapter 84.33 RCW.

(4) In any year commencing with 1972, an owner of land which is assessed and valued by the assessor other than pursuant to the procedures set forth in RCW 84.33.110 and this section, and which has, in the immediately preceding year, been assessed and valued by the assessor as forest land, may appeal to the county board of equalization by filing an application with the board in the manner prescribed in subsection (2) of RCW 84.33.130. The county board shall afford the applicant an opportunity to be heard if the application so requests and shall act upon the application in the manner prescribed in subsection (3) of RCW 84.33.130.

(5) Land that has been assessed and valued as classified forest land as of any year commencing with 1975 assessment year or earlier shall continue to be so assessed and valued until removal of classification by the assessor only upon the occurrence of one of the following events:

(a) Receipt of notice from the owner to remove such land from classification as forest land;

(b) Sale or transfer to an ownership making such land exempt from ad valorem taxation;

(c) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that, because of actions taken by the owner, such land is no longer primarily devoted to and used for growing and harvesting timber. However, land shall not be removed from classification if a governmental agency, organization, or other recipient identified in subsection (9) or (10) of this section as exempt from the payment of compensating tax has manifested its intent in writing or by other official action to acquire a property interest in classified forest land by means of a transaction that qualifies for an exemption under subsection (9) or (10) of this section. The governmental agency, organization, or recipient shall annually provide the assessor of the county in which the land is located reasonable evidence in writing of the intent to acquire the classified land as long as the intent continues or within sixty days of a request by the assessor. The assessor may not request this evidence more than once in a calendar year;

(d) Determination that a higher and better use exists for such land than growing and harvesting timber after giving the owner written notice and an opportunity to be heard;

(e) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of forest land classification continuance, except transfer to an owner who is an heir or devisee of a deceased owner, shall not by itself, result in removal of classification. The signed notice of continuance shall be
attached to the real estate excise tax affidavit provided for in RCW 82.45.150. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all compensating taxes calculated pursuant to subsection (7) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of classified forest land for filing or recording unless the new owner has signed the notice of continuance or the compensating tax has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (7) of this section to the county board of equalization. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals.

The assessor shall remove classification pursuant to (c) or (d) of this subsection prior to September 30 of the year prior to the assessment year for which termination of classification is to be effective. Removal of classification as forest land upon occurrence of (a), (b), (d), or (e) of this subsection shall apply only to the land affected, and upon occurrence of (c) of this subsection shall apply only to the actual area of land no longer primarily devoted to and used for growing and harvesting timber: PROVIDED, That any remaining classified forest land meets necessary definitions of forest land pursuant to RCW 84.33.100.

(6) Within thirty days after such removal of classification as forest land, the assessor shall notify the owner in writing setting forth the reasons for such removal. The owner of such land shall thereupon have the right to apply for designation of such land as forest land pursuant to subsection (4) of this section or RCW 84.33.130. The seller, transferor, or owner may appeal such removal to the county board of equalization.

(7) Unless the owner successfully applies for designation of such land or unless the removal is reversed on appeal, notation of removal from classification shall immediately be made upon the assessment and tax rolls, and commencing on January 1 of the year following the year in which the assessor made such notation, such land shall be assessed on the same basis as real property is assessed generally in that county. Except as provided in subsection (5)(e), (9), or (10) of this section and unless the assessor shall not have mailed notice of classification pursuant to subsection (3) of this section, a compensating tax shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the compensating tax. As soon as possible, the assessor shall compute the amount of such compensating tax and mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such compensating tax shall be equal to the difference, if any, between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land multiplied by the dollar rate of the last levy extended against such land, multiplied by a number, in no event greater than ten, equal to the number of years, commencing with assessment year 1975, for which such land was assessed and valued as forest land.

(8) Compensating tax, together with applicable interest thereon, shall become a lien on such land which shall attach at the time such land is removed from classification as forest land and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any compensating tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(9) The compensating tax specified in subsection (7) of this section shall not be imposed if the removal of classification as forest land pursuant to subsection (5) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) A donation of fee title, development rights, or the right to harvest timber, to a government agency or organization qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections, or the sale or transfer of fee title to a governmental entity or a nonprofit nature conservancy corporation, as defined in RCW 64.04.130, exclusively for the protection and conservation of lands recommended for state natural area preserve purposes by the natural heritage council and natural heritage plan as defined in chapter 79.70 RCW:
PROVIDED, That at such time as the land is not used for the purposes enumerated, the compensating tax specified in subsection (7) of this section shall be imposed upon the current owner;

(d) The sale or transfer of fee title to the parks and recreation commission for park and recreation purposes;

(e) Official action by an agency of the state of Washington or by the county or city within which the land is located that disallows the present use of such land;

(f) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120;

(g) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040; or

(h) The sale or transfer of land after the death of the owner of at least a fifty percent interest in the land if the land has been assessed and valued as classified forest land, designated as forest land under this chapter, or classified under chapter 84.34 RCW continuously since 1993 and the sale or transfer takes place within two years after the effective date of this section and the death of the owner occurred after January 1, 1991. The date of death shown on a death certificate is the date used for the purpose of this subsection.

(10) In a county with a population of more than one million inhabitants, the compensating tax specified in subsection (7) of this section shall not be imposed if the removal of classification as forest land pursuant to subsection (5) of this section resulted solely from:

(a) An action described in subsection (9) of this section; or

(b) A transfer of a property interest to a government entity, or to a nonprofit historic preservation corporation or nonprofit nature conservancy corporation, as defined in RCW 64.04.130, to protect or enhance public resources, or to preserve, maintain, improve, restore, limit the future use of, or otherwise to conserve for public use or enjoyment, the property interest being transferred. At such time as the property interest is not used for the purposes enumerated, the compensating tax shall be imposed upon the current owner.

(11) With respect to any land that has been designated prior to May 6, 1974, pursuant to RCW 84.33.120(4) or 84.33.130, the assessor may, prior to January 1, 1975, on his or her own motion or pursuant to petition by the owner, change, without imposition of the compensating tax provided under RCW 84.33.140, the status of such designated land to classified forest land.

Sec. 2. RCW 84.33.140 and 1999 sp.s. c 4 s 703 are each amended to read as follows:

(1) When land has been designated as forest land pursuant to RCW 84.33.120(4) or 84.33.130, a notation of such designation shall be made each year upon the assessment and tax rolls, a copy of the notice of approval together with the legal description or assessor's tax lot numbers for such land shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded, and such land shall be graded and valued pursuant to RCW 84.33.110 and 84.33.120 until removal of such designation by the assessor upon occurrence of any of the following:

(a) Receipt of notice from the owner to remove such designation;

(b) Sale or transfer to an ownership making such land exempt from ad valorem taxation;

(c) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of forest land designation continuance, except transfer to an owner who is an heir or devisee of a deceased owner, shall not by itself, result in removal of classification. The signed notice of continuance shall be attached to the real estate excise tax affidavit provided for in RCW 82.45.150. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all compensating taxes calculated pursuant to subsection (3) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of designated forest land for filing or recording unless the new owner has signed the notice of continuance or the compensating tax has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (3) of this section to the county board of equalization. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;

(d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that:
(i) Such land is no longer primarily devoted to and used for growing and harvesting timber. However, land shall not be removed from designation if a governmental agency, organization, or other recipient identified in subsection (5) or (6) of this section as exempt from the payment of compensating tax has manifested its intent in writing or by other official action to acquire a property interest in designated forest land by means of a transaction that qualifies for an exemption under subsection (5) or (6) of this section. The governmental agency, organization, or recipient shall annually provide the assessor of the county in which the land is located reasonable evidence in writing of the intent to acquire the designated land as long as the intent continues or within sixty days of a request by the assessor. The assessor may not request this evidence more than once in a calendar year;

(ii) The owner has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control and forest debris provisions of Title 76 RCW or any applicable regulations thereunder; or

(iii) Restocking has not occurred to the extent or within the time specified in the application for designation of such land.

Removal of designation upon occurrence of any of (a) through (c) of this subsection shall apply only to the land affected, and upon occurrence of (d) of this subsection shall apply only to the actual area of land no longer primarily devoted to and used for growing and harvesting timber, without regard to other land that may have been included in the same application and approval for designation: PROVIDED, That any remaining designated forest land meets necessary definitions of forest land pursuant to RCW 84.33.100.

(2) Within thirty days after such removal of designation of forest land, the assessor shall notify the owner in writing, setting forth the reasons for such removal. The seller, transferor, or owner may appeal such removal to the county board of equalization.

(3) Unless the removal is reversed on appeal a copy of the notice of removal with notation of the action, if any, upon appeal, together with the legal description or assessor's tax lot numbers for the land removed from designation shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded, and commencing on January 1 of the year following the year in which the assessor mailed such notice, such land shall be assessed on the same basis as real property is assessed generally in that county. Except as provided in subsection (1)(c), (5), or (6) of this section, a compensating tax shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the compensating tax. As soon as possible, the assessor shall compute the amount of such compensating tax and mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such compensating tax shall be equal to the difference between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land multiplied by the dollar rate of the last levy extended against such land, multiplied by a number, in no event greater than ten, equal to the number of years for which such land was designated as forest land.

(4) Compensating tax, together with applicable interest thereon, shall become a lien on such land which shall attach at the time such land is removed from designation as forest land and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any compensating tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(5) The compensating tax specified in subsection (3) of this section shall not be imposed if the removal of designation pursuant to subsection (1) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) A donation of fee title, development rights, or the right to harvest timber, to a government agency or organization qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections, or the sale or transfer of fee title to a governmental entity or a nonprofit nature conservancy corporation, as defined in
RCW 64.04.130, exclusively for the protection and conservation of lands recommended for state natural area preserve purposes by the natural heritage council and natural heritage plan as defined in chapter 79.70 RCW: PROVIDED, That at such time as the land is not used for the purposes enumerated, the compensating tax specified in subsection (3) of this section shall be imposed upon the current owner:

(d) The sale or transfer of fee title to the parks and recreation commission for park and recreation purposes;

(e) Official action by an agency of the state of Washington or by the county or city within which the land is located that disallows the present use of such land;

(f) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120; ((ee))

(g) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040; or

(h) The sale or transfer of land after the death of the owner of at least a fifty percent interest in the land if the land has been assessed and valued as classified forest land, designated as forest land under this chapter, or classified under chapter 84.34 RCW continuously since 1993 and the sale or transfer takes place within two years after the effective date of this section and the death of the owner occurred after January 1, 1991. The date of death shown on a death certificate is the date used for the purpose of this subsection.

Sec. 3.  RCW 84.34.108 and 1999 sp.s. c 4 s 706 and 1999 c 233 s 22 are each reenacted and amended to read as follows:

(1) When land has once been classified under this chapter, a notation of such classification shall be made each year upon the assessment and tax rolls and such land shall be valued pursuant to RCW 84.34.060 or 84.34.065 until removal of all or a portion of such classification by the assessor upon occurrence of any of the following:

(a) Receipt of notice from the owner to remove all or a portion of such classification;

(b) Sale or transfer to an ownership, except a transfer that resulted from a default in loan payments made to or secured by a governmental agency that intends to or is required by law or regulation to resell the property for the same use as before, making all or a portion of such land exempt from ad valorem taxation;

(c) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of classification continuance, except transfer to an owner who is an heir or devisee of a deceased owner shall not by itself, result in removal of classification. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all additional taxes calculated pursuant to subsection (4) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of classified land for filing or recording unless the new owner has signed the notice of continuance or the additional tax has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (4) of this section to the county board of equalization. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;

(d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that all or a portion of such land no longer meets the criteria for classification under this chapter. The criteria for classification pursuant to this chapter continue to apply after classification has been granted.

The granting authority, upon request of an assessor, shall provide reasonable assistance to the assessor in
making a determination whether such land continues to meet the qualifications of RCW 84.34.020 (1) or (3). The assistance shall be provided within thirty days of receipt of the request.

(2) Land may not be removed from classification because of:
(a) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120; or
(b) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040.

(3) Within thirty days after such removal of all or a portion of such land from current use classification, the assessor shall notify the owner in writing, setting forth the reasons for such removal. The seller, transferor, or owner may appeal such removal to the county board of equalization.

(4) Unless the removal is reversed on appeal, the assessor shall revalue the affected land with reference to full market value on the date of removal from classification. Both the assessed valuation before and after the removal of classification shall be listed and taxes shall be allocated according to that part of the year to which each assessed valuation applies. Except as provided in subsection (6) of this section, an additional tax, applicable interest, and penalty shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the additional tax. As soon as possible, the assessor shall compute the amount of such an additional tax, applicable interest, and penalty and the treasurer shall mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such additional tax, applicable interest, and penalty shall be determined as follows:
(a) The amount of additional tax shall be equal to the difference between the property tax paid as "open space land", "farm and agricultural land", or "timber land" and the amount of property tax otherwise due and payable for the seven years last past had the land not been so classified;
(b) The amount of applicable interest shall be equal to the interest upon the amounts of such additional tax paid at the same statutory rate charged on delinquent property taxes from the dates on which such additional tax could have been paid without penalty if the land had been assessed at a value without regard to this chapter;
(c) The amount of the penalty shall be as provided in RCW 84.34.080. The penalty shall not be imposed if the removal satisfies the conditions of RCW 84.34.070.

(5) Additional tax, applicable interest, and penalty, shall become a lien on such land which shall attach at the time such land is removed from classification under this chapter and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050 now or as hereafter amended. Any additional tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(6) The additional tax, applicable interest, and penalty specified in subsection (4) of this section shall not be imposed if the removal of classification pursuant to subsection (1) of this section resulted solely from:
(a) Transfer to a government entity in exchange for other land located within the state of Washington;
(b)(i) A taking through the exercise of the power of eminent domain, or (ii) sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power, said entity having manifested its intent in writing or by other official action;
(c) A natural disaster such as a flood, windstorm, earthquake, or other such calamity rather than by virtue of the act of the landowner changing the use of such property;
(d) Official action by an agency of the state of Washington or by the county or city within which the land is located which disallows the present use of such land;
(e) Transfer of land to a church when such land would qualify for exemption pursuant to RCW 84.36.020;

(f) Acquisition of property interests by state agencies or agencies or organizations qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections: PROVIDED, That at such time as these property interests are not used for the purposes enumerated in RCW 84.34.210 and 64.04.130 the additional tax specified in subsection (4) of this section shall be imposed;
(g) Removal of land classified as farm and agricultural land under RCW 84.34.020(2)(d);
(h) Removal of land from classification after enactment of a statutory exemption that qualifies the land for exemption and receipt of notice from the owner to remove the land from classification;
(i) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120; ((or))
(j) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040; or
(k) The sale or transfer of land after the death of the owner of at least a fifty percent interest in the land if the land has been assessed and valued as classified forest land, designated as forest land under chapter 84.33 RCW, or classified under this chapter continuously since 1993 and the sale or transfer takes place within two years after the effective date of this section and the death of the owner occurred after January 1, 1991. The date of death shown on a death certificate is the date used for the purpose of this subsection."

(3) "Contraband" means any article or thing which a person confined in a detention facility is prohibited from obtaining or possessing by statute, rule, regulation, or order of a court;

(4) "Uncontrollable circumstances" means an act of nature such as a flood, earthquake, or fire, or a medical condition that requires immediate hospitalization or treatment, or an act of man such as an automobile accident or threats of death, forcible sexual attack, or substantial bodily injury in the immediate future for which there is no time for a complaint to the authorities and no time or opportunity to resort to the courts.

Sec. 5. RCW 9.94A.360 and 2000 c 28 s 15 are each amended to read as follows:
The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:

The offender score is the sum of points accrued under this section rounded down to the nearest whole number.

(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.400.

(2) Class A and sex prior felony convictions shall always be included in the offender score. Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction. Class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without committing any crime that subsequently results in a conviction. Serious traffic convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without committing any crime that subsequently results in a conviction. This subsection applies to both adult and juvenile prior convictions.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. Federal convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. If there is no clearly comparable offense under Washington law or the offense is one that is usually considered subject to exclusive federal jurisdiction, the offense shall be scored as a class C felony equivalent if it was a felony under the relevant federal statute.

(4) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

(5)(a) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

(i) Prior offenses which were found, under RCW 9.94A.400(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently or prior juvenile offenses for which sentences were served consecutively, whether those offenses shall be counted as one offense or as separate offenses using the "same criminal conduct" analysis found in RCW
9.94A.400(1)(a), and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender score shall be used. The current sentencing court may presume that such other prior offenses were not the same criminal conduct from sentences imposed on separate dates, or in separate counties or jurisdictions, or in separate complaints, indictments, or informations;

(ii) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction for the offense that yields the highest offender score.

(b) As used in this subsection (5), "served concurrently" means that: (i) The latter sentence was imposed with specific reference to the former; (ii) the concurrent relationship of the sentences was judicially imposed; and (iii) the concurrent timing of the sentences was not the result of a probation or parole revocation on the former offense.

(6) If the present conviction is one of the anticipatory offenses of criminal attempt, solicitation, or conspiracy, count each prior conviction as if the present conviction were for a completed offense. When these convictions are used as criminal history, score them the same as a completed crime.

(7) If the present conviction is for a nonviolent offense and not covered by subsection (11) or (12) of this section, count one point for each adult prior felony conviction and one point for each juvenile prior violent felony conviction and 1/2 point for each juvenile prior nonviolent felony conviction.

(8) If the present conviction is for a violent offense and not covered in subsection (9), (10), (11), or (12) of this section, count two points for each prior adult and juvenile violent felony conviction, one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(9) If the present conviction is for a serious violent offense, count three points for prior adult and juvenile convictions for crimes in this category, two points for each prior adult and juvenile violent conviction (not already counted), one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(10) If the present conviction is for Burglary 1, count prior convictions as in subsection (8) of this section; however count two points for each prior adult Burglary 2 or residential burglary conviction, and one point for each prior juvenile Burglary 2 or residential burglary conviction.

(11) If the present conviction is for a felony traffic offense count two points for each adult or juvenile prior conviction for Vehicular Homicide or Vehicular Assault; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; for each serious traffic offense, other than those used for an enhancement pursuant to RCW 46.61.520(2), count one point for each adult and 1/2 point for each juvenile prior conviction.

(12) If the present conviction is for a drug offense count three points for each adult prior felony drug offense conviction and two points for each juvenile drug offense. All other adult and juvenile felonies are scored as in subsection (8) of this section if the current drug offense is violent, or as in subsection (7) of this section if the current drug offense is nonviolent.

(13) If the present conviction is for (Willful Failure to Return from Furlough, RCW 72.66.060, Willful Failure to Return from Work Release, RCW 72.65.070, or) Escape from Community Custody, RCW 72.09.310, count only prior escape convictions in the offender score. Count adult prior escape convictions as one point and juvenile prior escape convictions as 1/2 point.

(14) If the present conviction is for Escape 1, RCW 9A.76.110, or Escape 2, RCW 9A.76.120, count adult prior convictions as one point and juvenile prior convictions as 1/2 point.

(15) If the present conviction is for Burglary 2 or residential burglary, count priors as in subsection (7) of this section; however, count two points for each adult and juvenile prior Burglary 1 conviction, two points for each adult prior Burglary 2 or residential burglary conviction, and one point for each juvenile prior Burglary 2 or residential burglary conviction.

(16) If the present conviction is for a sex offense, count priors as in subsections (7) through (15) of this section; however count three points for each adult and juvenile prior sex offense conviction.

(17) If the present conviction is for an offense committed while the offender was under community placement, add one point.
NEW SECTION. Sec. 6. A new section is added to chapter 10.88 RCW to read as follows:

A law enforcement agency shall deliver a person in custody to the accredited agent or agents of a demanding state without the governor's warrant provided that:

(1) Such person is alleged to have broken the terms of his or her probation, parole, bail, or any other release of the demanding state; and

(2) The law enforcement agency has received from the demanding state an authenticated copy of a prior waiver of extradition signed by such person as a term of his or her probation, parole, bail, or any other release of the demanding state and photographs or fingerprints or other evidence properly identifying the person as the person who signed the waiver.

NEW SECTION. Sec. 7. The following acts or parts of acts are each repealed:

(1) RCW 72.65.070 (Wilfully failing to return--Deemed escapee and fugitive--Penalty) and 1967 c 17 s 7; and

(2) RCW 72.66.060 (Wilfully failing to return--Deemed escapee and fugitive--Penalty) and 1971 ex.s. c 58 s 7.

NEW SECTION. Sec. 8. The laws repealed by this act are repealed except with respect to rights and duties which matured, penalties which were incurred, proceedings which were begun prior to the effective date of this act, or proceedings which are initiated after this act for violations committed prior to the effective date of this act."

On page 1, line 1 of the title, after "custody:" strike the remainder of the title and insert "amending RCW 9A.76.110, 9A.76.120, 9A.76.170, 9A.76.010, and 9.94A.360; adding a new section to chapter 10.88 RCW; creating a new section; repealing RCW 72.65.070 and 72.66.060; and prescribing penalties."

and the same are herewith transmitted. Tony M. Cook, Secretary

Mr. Speakers:

The Senate has passed House Bill No. 2126, with the following amendments(s)

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28B.95.020 and 2000 c 14 s 1 are each amended to read as follows:
The definitions in this section apply throughout this chapter, unless the context clearly requires otherwise.
(1) "Academic year" means the regular nine-month, three-quarter, or two-semester period annually occurring between July 1st and June 30th.

(2) "Account" means the Washington advanced college tuition payment program account established for the deposit of all money received by the board from eligible purchasers and interest earnings on investments of funds in the account, as well as for all expenditures on behalf of eligible beneficiaries for the redemption of tuition units.

(3) "Board" means the higher education coordinating board as defined in chapter 28B.80 RCW.

(4) "Committee on advanced tuition payment" or "committee" means a committee of the following members: The state treasurer, the director of the office of financial management, the executive director of the higher education coordinating board, or their designees, and two members to be appointed by the governor, one representing program participants and one private business representative with marketing, public relations, or financial expertise.

(5) "Governing body" means the committee empowered by the legislature to administer the Washington advanced college tuition payment program.

(6) "Contractual obligation" means a legally binding contract of the state with the purchaser and the beneficiary establishing that purchases of tuition units will be worth the same number of tuition units at the time of redemption as they were worth at the time of the purchase.

(7) "Eligible beneficiary" means the person for whom the tuition unit will be redeemed for attendance at an institution of higher education. The beneficiary is that person named by the purchaser at the time that a tuition unit contract is accepted by the governing body. With the exception of tuition unit contracts purchased by qualified organizations as future scholarships, the beneficiary must reside in the state of Washington or otherwise be a resident of the state of Washington at the time the tuition unit contract is accepted by the governing body.

(8) "Eligible purchaser" means an individual or organization that has entered into a tuition unit contract with the governing body for the purchase of tuition units for an eligible beneficiary.

(14) "Tuition unit contract" means a contract between an eligible purchaser and the governing body, or a successor agency appointed for administration of this chapter, for the purchase of tuition units for a specified beneficiary that may be redeemed at a later date for an equal number of tuition units.

(15) "Unit purchase price" means the minimum cost to purchase one tuition unit for an eligible beneficiary. Generally, the minimum purchase price is one percent of the undergraduate weighted average tuition and fees for the current year, rounded to the nearest whole dollar, adjusted for the costs of administration and adjusted to ensure the actuarial soundness of the account. The analysis for price setting shall also include, but not be limited to consideration of past and projected patterns of tuition increases, program liability, past and projected investment returns, and the need for a prudent stabilization reserve.

(16) "Weighted average tuition" shall be calculated as the sum of the undergraduate tuition and services and activities fees for each four-year state institution of higher education, multiplied by the respective full-time equivalent student enrollment at each institution divided by the sum total of undergraduate full-time equivalent student enrollments of all four-year state institutions of higher education, rounded to the nearest whole dollar.

(17) "Weighted average tuition unit" is the value of the weighted average tuition and fees divided by one hundred. The weighted average is the basis upon which tuition benefits are calculated for graduate...

(2) If such a college savings program is established, the college savings program account is created in the custody of the state treasurer for the purpose of administering the college savings program. If created, the account shall be a discrete nontreasury account in the custody of the state treasurer. Interest earnings shall be retained in accordance with RCW 43.79A.040. Disbursements from the account, except for program administration, are exempt from appropriations and the allotment provisions of chapter 43.88 RCW. Money used for program administration is subject to the allotment provisions, but without appropriation.

(3) The committee, after consultation with the state investment board, shall determine the investment policies for the college savings program. Program contributions may be invested by the state investment board or the committee may contract with an investment company licensed to conduct business in this state to do the investing. The committee shall keep or cause to be kept full and adequate accounts and records of the assets of each individual participant in the college savings program.

(4) Neither the state nor any eligible educational institution may be considered or held to be an insurer of the funds or assets of the individual participant accounts in the college savings program created under this section nor may any such entity be held liable for any shortage of funds in the event that balances in the individual participant accounts are insufficient to meet the educational expenses of the institution chosen by the student for which the individual participant account was intended.

(5) The committee shall adopt rules to implement this section. Such rules shall include but not be limited to administration, investment management, promotion, and marketing; compliance with internal revenue service standards; application procedures and fees; start-up costs; phasing in the savings program and withdrawals therefrom; deterrents to early withdrawals and provisions for hardship withdrawals; and reenrollment in the savings program after withdrawal.

(6) The committee may, at its discretion, determine to cease operation of the college savings program if it determines the continuation is not in the best interest of the state. The committee shall adopt rules to implement this section addressing the orderly distribution of assets.

Child protective services shall assume custody of the newborn within twenty-four hours after receipt of notification and shall arrange for discharge of the newborn from the hospital.
   (d) A hospital, its employees, volunteers, and medical staff are immune from any criminal or civil liability for accepting or receiving a newborn under this section.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 77.60 RCW to read as follows:
(1) The department shall initiate a pilot project to evaluate the feasibility and potential of intensively culturing shellfish on currently nonproductive oyster reserve land in Puget Sound. The pilot program shall include no fewer than three long-term lease agreements with commercial shellfish growers. Except as provided in subsection (4) of this section, revenues from the lease of such lands shall be deposited in the oyster reserve land account created in section 2 of this act.

(2) The department shall form one advisory committee each for the Willapa Bay oyster reserve lands and the Puget Sound oyster reserve lands. The advisory committees shall make recommendations on management practices to conserve, protect, and develop oyster reserve lands. The advisory committees may make recommendations regarding the management practices on oyster reserve lands, in particular to ensure that they are managed in a manner that will: (a) Increase revenue through production of high-value shellfish; (b) not be detrimental to the market for shellfish grown on nonreserve lands; and (c) avoid negative impacts to existing shellfish populations. The advisory committees may also make recommendation on the distribution of funds in section 2(2)(a) of this act. The department shall attempt to structure each advisory committee to include equal representation between shellfish growers that participate in reserve sales and shellfish growers that do not.

(3) The department shall submit a brief progress report on the status of the pilot programs to the appropriate standing committees of the legislature by January 7, 2003.

(4) The department of natural resources, in consultation with the department of fish and wildlife, shall administer the leases for oyster reserves entered into under this chapter. In administering the leases, the department of natural resources shall exercise its authority under RCW 79.96.090. Vacation of state oyster reserves by the department of fish and wildlife shall not be a requirement for the department of natural resources to lease any oyster reserves under this section. The department of natural resources may recover reasonable costs directly associated with the administration of the leases for oyster reserves entered into under this chapter. All administrative fees collected by the department of natural resources pursuant to this section shall be deposited into the resource management cost account established in RCW 79.64.020. The department of fish and wildlife may not assess charges to recover the costs of consulting with the department of natural resources under this subsection.

(5) The Puget Sound pilot program shall not include the culture of geoduck.

NEW SECTION. Sec. 2. A new section is added to chapter 77.60 RCW to read as follows:
(1) The oyster reserve land account is created in the state treasury. All receipts from revenues from the lease of land or sale of shellfish from oyster reserve lands must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only as provided in this section.

(2) Funds in the account shall be used for the purposes provided for in this subsection:

(b) Up to ten percent may be deposited into the state general fund; and

The grants may be provided only in areas that have the potential to adversely affect water quality in commercial and recreational shellfish growing areas. A recipient of a grant shall enter into an agreement with the appropriate local health jurisdiction to maintain the improved on-site sewage system according to specifications required by the local health jurisdiction. The action team shall work closely with local health jurisdictions and shall endeavor to attain geographic equity between Willapa Bay and the Puget Sound when making funds available under this program. For the purposes of this subsection, "geographic equity" means issuing on-site sewage grants at a level that matches the funds generated from the oyster reserve lands in that area.

(2) In the Puget Sound, the action team shall give first priority to areas that are:

(a) Identified as "areas of special concern" under WAC 246-272-01001; or

(b) Included within a shellfish protection district under chapter 90.72 RCW.

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speakers:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1891, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the growing and processing of food and agricultural products is the dominant industry in Washington state and a major employer in rural Washington. The legislature also finds that agriculture is a critical component of Washington's international trade industry, accounting for billions of dollars in exports every year.

The legislature further finds that the export market for Washington's agricultural products has dropped significantly in recent years and that such a drop has negatively impacted the economy in Washington's agricultural regions. Therefore, it is the intent of the legislature to enhance Washington's international trade of agricultural products by increasing funding for the Washington state department of agriculture's international marketing program in an effort to promote marketing of Washington's products and to assist the agricultural industry in efforts to reduce trade barriers that stand in the way of trade in new and emerging markets.

NEW SECTION. Sec. 2. A new section is added to chapter 43.23 RCW to read as follows:

There is created a market development and promotion matching fund program within the Washington state department of agriculture. The purpose of the program is to allow the department of agriculture and the agricultural industry to combine funds in order to enhance access to markets that are growth sales areas for the industry's product. The goal of the program is to expose buyers to Washington's diverse agricultural products. The agriculture industry may bring in buying missions, perform trade promotions in various markets, hire overseas contractors, and perform other marketing functions that help it target the correct buyer and market for its product."
NEW SECTION. Sec. 3. A new section is added to chapter 43.23 RCW to read as follows:

(1) The legislature finds that trade barriers have become an increasingly important issue in the agricultural arena. Further, the world trade organization highlighted the need for "a fair and level playing field." The legislature finds that both large and small commodity groups need adequate resources to address trade barrier issues.

(2) There is created within the department of agriculture a trade barrier matching fund program to assist agriculture industries in fighting trade barriers. The purpose of the program is to allow the department of agriculture and the agricultural industry to combine funds in order to address trade barriers issues impacting the agricultural industry.

NEW SECTION. Sec. 4. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2001, in the omnibus appropriations act, this act is null and void.

On page 1, line 1 of the title, after "agriculture;" strike the remainder of the title and insert "adding new sections to chapter 43.23 RCW; and creating new sections.”

**SENATE AMENDMENTS TO HOUSE BILL**

April 12, 2001

Mr. Speakers:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1752, with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 77.36.005 and 1996 c 54 s 1 are each amended to read as follows:

The legislature finds that:

(1) As the number of people in the state grows and wildlife habitat is altered, people will encounter wildlife more frequently. As a result, conflicts between humans and wildlife will also increase. Wildlife is a public resource of significant value to the people of the state and the responsibility to minimize and resolve these conflicts is shared by all citizens of the state.

(2) In particular, the state recognizes the importance of commercial agricultural and horticultural crop production, rangeland suitable for grazing or browsing of domestic livestock, and the value of healthy deer and elk populations, which can damage such crops. The legislature further finds that damage prevention is key to maintaining healthy deer and elk populations, wildlife-related recreational opportunities, (and) commercially productive agricultural and horticultural crops, and rangeland suitable for grazing or browsing of domestic livestock, and that the state, participants in wildlife recreation, and private landowners and tenants share the responsibility for damage prevention. Toward this end, the legislature encourages landowners and tenants to contribute through their land management practices to healthy wildlife populations and to provide access for related recreation. It is in the best interests of the state for the department of fish and wildlife to respond quickly to wildlife damage complaints and to work with these landowners and tenants to minimize and/or prevent damages and conflicts while maintaining deer and elk populations for enjoyment by all citizens of the state.

(3) A timely and simplified process for resolving claims for damages caused by deer and elk for commercial agricultural or horticultural products, and rangeland used for grazing or browsing of domestic livestock is beneficial to the claimant and the state.

**Sec. 2.** RCW 77.36.010 and 1996 c 54 s 2 are each amended to read as follows:

((Unless otherwise specified,)) The following definitions in this section apply throughout this chapter((unless the context clearly requires otherwise.))

(1) "Crop" means ((a commercially raised horticultural and/or agricultural product and includes growing- or harvested product but does not include livestock)) (a) a growing or harvested horticultural and/or agricultural product for commercial purposes; or (b) rangeland forage on privately owned land used for grazing or browsing of domestic livestock for at least a portion of the year for commercial purposes. For the purposes of this chapter all parts of horticultural trees shall be considered a crop and shall be eligible for claims.

(2) "Emergency" means an unforeseen circumstance beyond the control of the landowner or tenant that presents a real and immediate threat to crops, domestic animals, or fowl.

(3) "Immediate family member" means spouse, brother, sister, grandparent, parent, child, or grandchild.

**Sec. 3.** RCW 77.36.080 and 1996 c 54 s 9 are each amended to read as follows:

(1) The department may pay no more than thirty thousand dollars per fiscal year from the general fund
for claims under RCW 77.36.040 and for assessment costs and compromise of claims unless the legislature declares an emergency. Such money shall be used to pay animal damage claims only if the claim meets the conditions of RCW 77.36.040 and the damage occurred in a place where the opportunity to hunt was restricted or prohibited by a county, municipality, or other public entity during the season prior to the occurrence of the damage.

(2) The legislature may declare an emergency, defined for the purposes of this section as any happening arising from weather, other natural conditions, or fire that causes unusually great damage by deer or elk to commercially raised agricultural or horticultural crops (by deer or elk), or rangeland forage on privately owned land used for grazing or browsing of domestic livestock for at least a portion of the year. In an emergency, the department may pay as much as may be subsequently appropriated, in addition to the funds authorized under subsection (1) of this section, for claims under RCW 77.36.040 and for assessment and compromise of claims. Such money shall be used to pay animal damage claims only if the claim meets the conditions of RCW 77.36.040 and the department has expended all funds authorized under RCW 77.36.070 or subsection (1) of this section.

(3) Of the total funds available each fiscal year under subsection (1) of this section and RCW 77.36.070, no more than one-third of this total may be used to pay animal damage claims for rangeland forage on privately owned land.

(4) Of the total funds available each fiscal year under subsection (1) of this section and RCW 77.36.070 that remain unspent at the end of the fiscal year, fifty percent shall be utilized as matching grants to enhance habitat for deer and elk on public lands.

NEW SECTION. Sec. 4. A new section is added to chapter 43.131 RCW to read as follows: The joint legislative audit and review committee must conduct a program review, as provided in this chapter, of the program to reimburse landowners for damage to rangeland used for grazing or browsing of domestic livestock caused by deer and elk, established in sections 1 through 3, chapter . . . , Laws of 2001 (sections 1 through 3 of this act). The review must be completed by January 1, 2004.

NEW SECTION. Sec. 5. The following expire June 30, 2004:
(1) Section 1, chapter . . . , Laws of 2001 (section 1 of this act);
(2) Section 2, chapter . . . , Laws of 2001 (section 2 of this act); and
(3) Section 3, chapter . . . , Laws of 2001 (section 3 of this act).

NEW SECTION. Sec. 6. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2001."

On page 1, line 2 of the title, after "livestock;" strike the remainder of the title and insert "amending RCW 77.36.005, 77.36.010, and 77.36.080; adding a new section to chapter 43.131 RCW; providing an effective date; providing an expiration date; and declaring an emergency." and the same are herewith transmitted. The authority may periodically update the plan as determined necessary by the authority. The plan or updated plan shall include a report on authority activities conducted since the commencement of authority operation or since the last plan was reported, whichever is more recent, including a statement of results achieved under the purposes of this chapter and the plan. Upon adoption, the authority shall conduct its programs in observance of the objectives established in the plan.

Sec. 2. RCW 43.163.130 and 1998 c 48 s 1 are each amended to read as follows:

SECOND READING

Representative Cody moved the adoption of the following amendment (195):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature affirms its support for those recommendations of the performance audit of the public mental health system conducted by the joint legislative audit and review committee relating to: Improving the coordination of services for clients with multiple needs; improving the consistency of client, service, and fiscal data collected by the mental health division; replacing process-oriented accountability activities with a uniform statewide outcome measurement system; and using outcome information to identify and provide incentives for best practices in the provision of public mental health services.

NEW SECTION. Sec. 2. The legislature supports recommendations 1 through 10 and 12 through 14 of the mental health system performance audit conducted by the joint legislative audit and review committee. The legislature expects the department of social and health services to work diligently within available funds to implement these recommendations.

NEW SECTION. Sec. 3. In addition to any follow-up requirements prescribed by the joint legislative audit and review committee, the department of social and health services shall submit reports to the legislature on the status of the implementation of recommendations 1 through 10 and 12 through 14 of the performance audit report. The implementation status reports must be submitted to appropriate policy and fiscal committees of the legislature by June 1, 2001, and each year thereafter through 2004.

NEW SECTION. Sec. 4. The initial implementation status reports must discuss the status of implementing recommendations 1 through 8, which are due to be implemented by June 2001, and must also include a plan for implementing recommendations 9, 10, and 12 through 14, which are due to be implemented subsequent to June 2001. The initial implementation status report must also discuss what actions the department of social and health services has taken and will take in the future in response to recommendation 11 of the performance audit report.

NEW SECTION. Sec. 5. The Washington institute for public policy shall conduct a longitudinal study of long-term client outcomes to assess any changes in client status at two, five, and ten years. The measures tracked shall include client change as a result of services, employment and/or education, housing stability, criminal justice involvement, and level of services needed. The institute shall report these long-term outcomes
to the appropriate policy and fiscal committee of the legislature annually beginning not later than December 31, 2005.

Sec. 6. RCW 71.24.015 and 1999 c 214 s 7 are each amended to read as follows:

It is the intent of the legislature to establish a community mental health program which shall help people experiencing mental illness to retain a respected and productive position in the community. This will be accomplished through programs which provide for:

(1) Access to mental health services for adults of the state who are acutely mentally ill, chronically mentally ill, or seriously disturbed and children of the state who are acutely mentally ill, severely emotionally disturbed, or seriously disturbed, which services recognize the special needs of underserved populations, including minorities, children, the elderly, disabled, and low-income persons. Access to mental health services shall not be limited by a person's history of confinement in a state, federal, or local correctional facility. It is also the purpose of this chapter to promote the early identification of mentally ill children and to ensure that they receive the mental health care and treatment which is appropriate to their developmental level. This care should improve home, school, and community functioning, maintain children in a safe and nurturing home environment, and should enable treatment decisions to be made in response to clinical needs in accordance with sound professional judgment while also recognizing parents' rights to participate in treatment decisions for their children;

(2) Accountability of efficient and effective services through statewide standards for monitoring and reporting of client and system outcome information;

(3) Minimum service delivery standards;

(4) Priorities for the use of available resources for the care of the mentally ill;

(5) Coordination of services within the department, including those divisions within the department that provide services to children, between the department and the office of the superintendent of public instruction, and among state mental hospitals, county authorities, community mental health services, and other support services, which shall to the maximum extent feasible also include the families of the mentally ill, and other service providers; and

(6) Coordination of services aimed at reducing duplication in service delivery and promoting complementary services among all entities that provide mental health services to adults and children.

It is the policy of the state to encourage the provision of a full range of treatment and rehabilitation services in the state for mental disorders. The legislature intends to encourage the development of county-based and county-managed mental health services with adequate local flexibility to assure eligible people in need of care access to the least-restrictive treatment alternative appropriate to their needs, and the availability of treatment components to assure continuity of care. To this end, counties are encouraged to enter into joint operating agreements with other counties to form regional systems of care which integrate planning, administration, and service delivery duties assigned to counties under chapters 71.05 and 71.24 RCW to consolidate administration, reduce administrative layering, and reduce administrative costs.

It is further the intent of the legislature to integrate the provision of services to provide continuity of care through all phases of treatment. To this end the legislature intends to promote active engagement with mentally ill persons and collaboration between families and service providers.

Sec. 7. RCW 71.24.035 and 1999 c 10 s 4 are each amended to read as follows:

(1) The department is designated as the state mental health authority.

(2) The secretary may provide for public, client, and licensed service provider participation in developing the state mental health program.

(3) The secretary shall provide for participation in developing the state mental health program for children and other underserved populations by including representatives on any committee established to provide oversight to the state mental health program.

(4) The secretary shall be designated as the county authority if a county fails to meet state minimum standards or refuses to exercise responsibilities under RCW 71.24.045.

(5) The secretary shall:
(a) Develop a biennial state mental health program that incorporates county biennial needs assessments and county mental health service plans and state services for mentally ill adults and children. The secretary may also develop a six-year state mental health plan;

(b) Assure that any county community mental health program provides access to treatment for the county's residents in the following order of priority: (i) The acutely mentally ill; (ii) chronically mentally ill adults and severely emotionally disturbed children; and (iii) the seriously disturbed. Such programs shall provide:

(A) Outpatient services;
(B) Emergency care services for twenty-four hours per day;
(C) Day treatment for mentally ill persons which includes training in basic living and social skills, supported work, vocational rehabilitation, and day activities. Such services may include therapeutic treatment. In the case of a child, day treatment includes age-appropriate basic living and social skills, educational and prevocational services, day activities, and therapeutic treatment;
(D) Screening for patients being considered for admission to state mental health facilities to determine the appropriateness of admission;
(E) Employment services, which may include supported employment, transitional work, placement in competitive employment, and other work-related services, that result in mentally ill persons becoming engaged in meaningful and gainful full or part-time work. Other sources of funding such as the division of vocational rehabilitation may be utilized by the secretary to maximize federal funding and provide for integration of services;
(F) Consultation and education services; and
(G) Community support services;

(c) Develop and adopt rules establishing state minimum standards for the delivery of mental health services pursuant to RCW 71.24.037 including, but not limited to:

(i) Licensed service providers;
(ii) Regional support networks; and
(iii) Residential and inpatient services, evaluation and treatment services and facilities under chapter 71.05 RCW, resource management services, and community support services;

(d) Assure that the special needs of minorities, the elderly, disabled, children, and low-income persons are met within the priorities established in this section;

(e) Establish a standard contract or contracts, consistent with state minimum standards, which shall be used by the counties;

(f) Establish, to the extent possible, a standardized auditing procedure which minimizes paperwork requirements of county authorities and licensed service providers;

(g) Develop and maintain an information system to be used by the state, counties, and regional support networks that includes a tracking method which allows the department and regional support networks to identify mental health clients' participation in any mental health service or public program on an immediate basis. The information system shall not include individual patient's case history files. Confidentiality of client information and records shall be maintained as provided in this chapter and in RCW 71.05.390, 71.05.400, 71.05.410, 71.05.420, 71.05.430, and 71.05.440;

(h) License service providers who meet state minimum standards;
(i) Certify regional support networks that meet state minimum standards;

(j) Periodically inspect certified regional support networks and licensed service providers at reasonable times and in a reasonable manner;

(k) Fix fees to be paid by evaluation and treatment centers to the secretary for the required inspections;

(l) Monitor and audit counties, regional support networks, and licensed service providers as needed to assure compliance with contractual agreements authorized by this chapter; and

(m) Adopt such rules as are necessary to implement the department's responsibilities under this chapter.

(6) The secretary shall use available resources only for regional support networks.

(7) Each certified regional support network and licensed service provider shall file with the secretary, on request, such data, statistics, schedules, and information as the secretary reasonably requires. A certified
regional support network or licensed service provider which, without good cause, fails to furnish any data, statistics, schedules, or information as requested, or files fraudulent reports thereof, may have its certification or license revoked or suspended.

(8) The secretary may suspend, revoke, limit, or restrict a certification or license, or refuse to grant a certification or license for failure to conform to: (a) The law; (b) applicable rules and regulations; (c) applicable standards; or (d) state minimum standards.

(9) The superior court may restrain any regional support network or service provider from operating without certification or a license or any other violation of this section. The court may also review, pursuant to procedures contained in chapter 34.05 RCW, any denial, suspension, limitation, restriction, or revocation of certification or license, and grant other relief required to enforce the provisions of this chapter.

(10) Upon petition by the secretary, and after hearing held upon reasonable notice to the facility, the superior court may issue a warrant to an officer or employee of the secretary authorizing him or her to enter at reasonable times, and examine the records, books, and accounts of any regional support network or service provider refusing to consent to inspection or examination by the authority.

(11) Notwithstanding the existence or pursuit of any other remedy, the secretary may file an action for an injunction or other process against any person or governmental unit to restrain or prevent the establishment, conduct, or operation of a regional support network or service provider without certification or a license under this chapter.

(12) The standards for certification of evaluation and treatment facilities shall include standards relating to maintenance of good physical and mental health and other services to be afforded persons pursuant to this chapter and chapters 71.05 and 71.34 RCW, and shall otherwise assure the effectuation of the purposes of these chapters.

(13)(a) The department, in consultation with affected parties, shall establish a distribution formula that reflects county needs assessments based on the number of persons who are acutely mentally ill, chronically mentally ill, severely emotionally disturbed children, and seriously disturbed. The formula shall take into consideration the impact on counties of demographic factors in counties which result in concentrations of priority populations as set forth in subsection (5)(b) of this section. These factors shall include the population concentrations resulting from commitments under chapters 71.05 and 71.34 RCW to state psychiatric hospitals, as well as concentration in urban areas, at border crossings at state boundaries, and other significant demographic and workload factors.

(b) The formula shall also include a projection of the funding allocations that will result for each county, which specifies allocations according to priority populations, including the allocation for services to children and other underserved populations.

(c) After July 1, 2003, the department may allocate up to two percent of total funds to be distributed to the regional support networks for incentive payments to reward the achievement of superior outcomes, or significantly improved outcomes, as measured by a statewide performance measurement system consistent with the framework recommended in the joint legislative audit and review committee's performance audit of the mental health system. The department shall annually report to the legislature on its criteria and allocation of the incentives provided under this subsection.

(14) The secretary shall assume all duties assigned to the nonparticipating counties under chapters 71.05, 71.34, and 71.24 RCW. Such responsibilities shall include those which would have been assigned to the nonparticipating counties under regional support networks.

The regional support networks, or the secretary's assumption of all responsibilities under chapters 71.05, 71.34, and 71.24 RCW, shall be included in all state and federal plans affecting the state mental health program including at least those required by this chapter, the medicaid program, and P.L. 99-660. Nothing in these plans shall be inconsistent with the intent and requirements of this chapter.

(15) The secretary shall:

(a) Disburse funds for the regional support networks within sixty days of approval of the biennial contract. The department must either approve or reject the biennial contract within sixty days of receipt.

(b) Enter into biennial contracts with regional support networks. The contracts shall be consistent with available resources. No contract shall be approved that does not include progress toward meeting the goals of
this chapter by taking responsibility for: (i) Short-term commitments; (ii) residential care; and (iii) emergency response systems.

(c) Allocate one hundred percent of available resources to the regional support networks in accordance with subsection (13) of this section. Incentive payments authorized under subsection (13) of this section may be allocated separately from other available resources.

(d) Notify regional support networks of their allocation of available resources at least sixty days prior to the start of a new biennial contract period.

(e) Deny funding allocations to regional support networks based solely upon formal findings of noncompliance with the terms of the regional support network's contract with the department. Written notice and at least thirty days for corrective action must precede any such action. In such cases, regional support networks shall have full rights to appeal under chapter 34.05 RCW.

(f) Identify in its departmental biennial operating and capital budget requests the funds requested by regional support networks to implement their responsibilities under this chapter.

(16) The department, in cooperation with the state congressional delegation, shall actively seek waivers of federal requirements and such modifications of federal regulations as are necessary to allow federal medicaid reimbursement for services provided by free-standing evaluation and treatment facilities certified under chapter 71.05 RCW. The department shall periodically report its efforts to the health care and corrections committee of the senate and the human services committee of the house of representatives.

(17) The secretary shall establish a task force to examine the recruitment, training, and compensation of qualified mental health professionals in the community, which shall include the advantages and disadvantages of establishing a training academy, loan forgiveness program, or educational stipends offered in exchange for commitments of employment in mental health.

NEW SECTION. Sec. 8. The legislature finds that an excessive amount of public funds are spent on administrative activities in the community mental health system. The department of social and health services shall develop a plan to reduce administrative expenses in the community mental health system, including the mental health division, to no more than ten percent of available funds. The plan shall identify and prioritize core administrative functions that must be continued to comply with federal or state statutes. The department shall submit their plan to the appropriate committees of the senate and house of representatives no later than December 15, 2001. The plan shall assume an implementation date of July 1, 2003.

NEW SECTION. Sec. 9. If specific funding for the purposes of section 5 of this act, referencing section 5 of this act by bill or chapter and section number, is not provided by June 30, 2001, in the omnibus appropriations act, section 5 of this act is null and void.

NEW SECTION. Sec. 10. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

The director or director's designee may waive these dealer plate issuance restrictions for a vehicle dealer if the waiver both serves the purposes of this chapter and is essential to the continuation of the business. The director shall adopt rules to implement this waiver.

(3) Motor vehicle dealer license plates may be used:

(5) Miscellaneous vehicle dealer license plates may be used:

(a) To demonstrate any miscellaneous vehicle: PROVIDED, That:

(i) No such vehicle may be demonstrated on a public highway unless the customer has an appropriate endorsement on his or her driver's license, if such endorsement is required to operate such vehicle; and

Sec. 7. RCW 46.70.120 and 1996 c 282 s 4 are each amended to read as follows:
A dealer shall complete and maintain for a period of at least five years a record of the purchase and sale or lease of all vehicles purchased (or sold, or leased by him or her). The records shall consist of:

(1) The license and title numbers of the state in which the last license was issued;
(2) A description of the vehicle;
(3) The name and address of the person from whom purchased;
(4) The name of the legal owner, if any;
(5) The name and address of the purchaser or lessee;
(6) If purchased from a dealer, the name, business address, dealer license number, and resale tax number of the dealer;
(7) The price paid for the vehicle and the method of payment;
(8) The vehicle odometer disclosure statement given by the seller to the dealer, and the vehicle odometer disclosure statement given by the dealer to the purchaser or lessee;
(9) The written agreement to allow a dealer to sell between the dealer and the consignor, or the listing dealer and the seller;
(10) Trust account records of receipts, deposits, and withdrawals;
(11) All sale documents, which shall show the full name of dealer employees involved in the sale or lease; and
(12) Any additional information the department may require. However, the department may not require a dealer to collect or retain the hardback copy of a temporary license permit after the permanent license plates for a vehicle have been provided to the purchaser or lessee, if the dealer maintains some other copy of the temporary license permit together with a log of the permits issued.

Such records shall be maintained separate from all other business records of the dealer. Records older than two years may be kept at a location other than the dealer's place of business if those records are made available in hard copy for inspection within three calendar days, exclusive of Saturday, Sunday, or a legal holiday, after a request by the director or the director's authorized agent. Records kept at the vehicle dealer's place of business must be available for inspection by the director or the director's authorized agent during normal business hours.

Dealers may maintain their recordkeeping and filing systems in accordance with their own particular business needs and practices. Nothing in this chapter requires dealers to maintain their records in any particular order or manner, as long as the records identified in this section are maintained in the dealership's recordkeeping system.

Sec. 8. RCW 46.70.122 and 1990 c 238 s 5 are each amended to read as follows:

(1) If the purchaser or transferee is a dealer he or she shall, on selling, leasing, or otherwise disposing of the vehicle, promptly execute the assignment and warranty of title, in such form as the director shall prescribe.

(2) The assignment and warranty shall show any secured party holding a security interest created or reserved at the time of resale or lease, to which shall be attached the assigned certificates of ownership and license registration received by the dealer. The dealer shall mail or deliver them to the department with the transferee's application for the issuance of new certificates of ownership and license registration. The title certificate issued for a vehicle possessed by a dealer and subject to a security interest shall be delivered to the
secured party who upon request of the dealer's transferee shall, unless the transfer was a breach of the security agreement, either deliver the certificate to the transferee for transmission to the department, or upon receipt from the transferee of the owner's bill of sale or sale document, the transferee's application for a new certificate and the required fee, mail or deliver to the department. Failure of a dealer to deliver the title certificate to the secured party does not affect perfection of the security interest.

Sec. 9. RCW 46.70.130 and 1996 c 282 s 5 are each amended to read as follows:
(1) Before the execution of a contract or chattel mortgage or the consummation of the sale or lease of any vehicle, the seller must furnish the buyer or lessee an itemization in writing signed by the seller separately disclosing to the buyer or lessee the finance charge, insurance costs, taxes, and other charges which are paid or to be paid by the buyer or lessee.
(2) Notwithstanding subsection (1) of this section, an itemization of the various license and title fees paid or to be paid by the buyer or lessee, which itemization must be the same as that disclosed on the registration/application for title document issued by the department, may be required only on the title application at the time the application is submitted for title transfer. A vehicle dealer may not be required to separately or individually itemize the license and title fees on any other document, including but not limited to the purchase order and lease agreement. No fee itemization may be required on the temporary permit.

Sec. 10. RCW 46.70.180 and 1999 c 398 s 10 are each amended to read as follows:
Each of the following acts or practices is unlawful:
(1) To cause or permit to be advertised, printed, displayed, published, distributed, broadcasted, televised, or disseminated in any manner whatsoever, any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to the following:
(a) That no down payment is required in connection with the sale of a vehicle when a down payment is in fact required, or that a vehicle may be purchased for a smaller down payment than is actually required;
(b) That a certain percentage of the sale price of a vehicle may be financed when such financing is not offered in a single document evidencing the entire security transaction;
(c) That a certain percentage is the amount of the service charge to be charged for financing, without stating whether this percentage charge is a monthly amount or an amount to be charged per year;
(d) That a new vehicle will be sold for a certain amount above or below cost without computing cost as the exact amount of the factory invoice on the specific vehicle to be sold;
(e) That a vehicle will be sold upon a monthly payment of a certain amount, without including in the statement the number of payments of that same amount which are required to liquidate the unpaid purchase price.
(2) To incorporate within the terms of any purchase and sale or lease agreement any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to terms that include as an added cost to the selling price or capitalized cost of a vehicle an amount for licensing or transfer of title of that vehicle which is not actually due to the state, unless such amount has in fact been paid by the dealer prior to such sale.
(3) To set up, promote, or aid in the promotion of a plan by which vehicles are to be sold or leased to a person for a consideration and upon further consideration that the purchaser or lessee agrees to secure one or more persons to participate in the plan by respectively making a similar purchase and in turn agreeing to secure one or more persons likewise to join in said plan, each purchaser or lessee being given the right to secure money, credits, goods, or something of value, depending upon the number of persons joining the plan.
(4) To commit, allow, or ratify any act of "bushing" which is defined as follows: Taking from a prospective buyer or lessee of a vehicle a written order or offer to purchase or lease, or a contract document signed by the buyer or lessee, which:
(a) Is subject to the dealer's, or his or her authorized representative's future acceptance, and the dealer fails or refuses within three calendar days, exclusive of Saturday, Sunday, or legal holiday, and prior to any further negotiations with said buyer or lessee, either (i) to deliver to the buyer or lessee the dealer's signed acceptance, or (ii) to void the order, offer, or contract document and tender the return of any initial payment or security made or given by the buyer or lessee, including but not limited to money, check, promissory note,
vehicle keys, a trade-in, or certificate of title to a trade-in; or

(b) Permits the dealer to renegotiate a dollar amount specified as trade-in allowance on a vehicle delivered or to be delivered by the buyer or lessee as part of the purchase price or lease, for any reason except:

(i) Failure to disclose that the vehicle's certificate of ownership has been branded for any reason, including, but not limited to, status as a rebuilt vehicle as provided in RCW 46.12.050 and 46.12.075; or

(ii) Substantial physical damage or latent mechanical defect occurring before the dealer took possession of the vehicle and which could not have been reasonably discoverable at the time of the taking of the order, offer, or contract; or

(iii) Excessive additional miles or a discrepancy in the mileage. "Excessive additional miles" means the addition of five hundred miles or more, as reflected on the vehicle's odometer, between the time the vehicle was first valued by the dealer for purposes of determining its trade-in value and the time of actual delivery of the vehicle to the dealer. "A discrepancy in the mileage" means (A) a discrepancy between the mileage reflected on the vehicle's odometer and the stated mileage on the signed odometer statement; or (B) a discrepancy between the mileage stated on the signed odometer statement and the actual mileage on the vehicle; or

(c) Fails to comply with the obligation of any written warranty or guarantee given by the dealer requiring the furnishing of services or repairs within a reasonable time.

(5) To commit any offense relating to odometers, as such offenses are defined in RCW 46.37.540, 46.37.550, 46.37.560, and 46.37.570. A violation of this subsection is a class C felony punishable under chapter 9A.20 RCW.

(6) For any vehicle dealer or vehicle salesperson to refuse to furnish, upon request of a prospective purchaser or lessee, for vehicles previously registered to a business or governmental entity, the name and address of the business or governmental entity.

(7) To commit any other offense under RCW 46.37.423, 46.37.424, or 46.37.425.

(8) To commit any offense relating to a dealer's temporary license permit, including but not limited to failure to properly complete each such permit, or the issuance of more than one such permit on any one vehicle. However, a dealer may issue a second temporary permit on a vehicle if the following conditions are met:

(a) The lienholder fails to deliver the vehicle title to the dealer within the required time period;

(b) The dealer has satisfied the lien; and

(c) The dealer has proof that payment of the lien was made within two calendar days, exclusive of Saturday, Sunday, or a legal holiday, after the sales contract has been executed by all parties and all conditions and contingencies in the sales contract have been met or otherwise satisfied.

(9) For a dealer, ((salesman)) salesperson, or mobile home manufacturer, having taken an instrument or cash "on deposit" from a purchaser or lessee prior to the delivery of the bargained-for vehicle, to commingle the "on deposit" funds with assets of the dealer, ((salesman)) salesperson, or mobile home manufacturer instead of holding the "on deposit" funds as trustee in a separate trust account until the purchaser or lessee has taken delivery of the bargained-for vehicle. Delivery of a manufactured home shall be deemed to occur in accordance with RCW 46.70.135(5). Failure, immediately upon receipt, to endorse "on deposit" instruments to such a trust account, or to set aside "on deposit" cash for deposit in such trust account, and failure to deposit such instruments or cash in such trust account by the close of banking hours on the day following receipt thereof, shall be evidence of intent to commit this unlawful practice: PROVIDED, HOWEVER, That a motor vehicle dealer may keep a separate trust account which equals his or her customary total customer deposits for vehicles for future delivery. For purposes of this section, "on deposit" funds received from a purchaser of a manufactured home means those funds that a seller requires a purchaser to advance before ordering the manufactured home, but does not include any loan proceeds or moneys that might have been paid on an installment contract.

(10) For a dealer or manufacturer to fail to comply with the obligations of any written warranty or guarantee given by the dealer or manufacturer requiring the furnishing of goods and services or repairs within a reasonable period of time, or to fail to furnish to a purchaser or lessee, all parts which attach to the manufactured unit including but not limited to the undercarriage, and all items specified in the terms of a sales or lease agreement signed by the seller and buyer or lessee.

(11) For a vehicle dealer to pay to or receive from any person, firm, partnership, association, or corporation acting, either directly or through a subsidiary, as a buyer's agent for consumers, any compensation,
fee, purchase moneys or funds that have been deposited into or withdrawn out of any account controlled or used by any buyer's agent, gratuity, or reward in connection with the purchase (or sale, or lease) of a new motor vehicle.

(12) For a buyer's agent, acting directly or through a subsidiary, to pay to or to receive from any motor vehicle dealer any compensation, fee, gratuity, or reward in connection with the purchase (or sale, or lease) of a new motor vehicle. In addition, it is unlawful for any buyer's agent to engage in any of the following acts on behalf of or in the name of the consumer:

(a) Receiving or paying any purchase moneys or funds into or out of any account controlled or used by any buyer's agent;

(b) Signing any vehicle purchase orders, sales contracts, leases, odometer statements, or title documents, or having the name of the buyer's agent appear on the vehicle purchase order, sales contract, lease, or title; or

(c) Signing any other documentation relating to the purchase, sale, lease, or transfer of any new motor vehicle.

(13) For a buyer's agent to arrange for or to negotiate the purchase, or both, of a new motor vehicle through an out-of-state dealer without disclosing in writing to the customer that the new vehicle would not be subject to chapter 19.118 RCW. This subsection also applies to leased vehicles. In addition, it is unlawful for any buyer's agent to fail to have a written agreement with the customer that: (a) Sets forth the terms of the parties' agreement; (b) discloses to the customer the total amount of any fees or other compensation being paid by the customer to the buyer's agent for the agent's services; and (c) further discloses whether the fee or any portion of the fee is refundable. ((The department of licensing shall by December 31, 1996, in rule, adopt standard disclosure language for buyer's agent agreements under RCW 46.70.011, 46.70.070, and this section.))

(14) Being a manufacturer, other than a motorcycle manufacturer governed by chapter 46.94 RCW, to:

(a) Coerce or attempt to coerce any vehicle dealer to order or accept delivery of any vehicle or vehicles, parts or accessories, or any other commodities which have not been voluntarily ordered by the vehicle dealer; PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute coercion;

(b) Cancel or fail to renew the franchise or selling agreement of any vehicle dealer doing business in this state without fairly compensating the dealer at a fair going business value for his or her capital investment which shall include but not be limited to tools, equipment, and parts inventory possessed by the dealer on the day he or she is notified of such cancellation or termination and which are still within the dealer's possession on the day the cancellation or termination is effective, if: (i) The capital investment has been entered into with reasonable and prudent business judgment for the purpose of fulfilling the franchise; and (ii) the cancellation or nonrenewal was not done in good faith. Good faith is defined as the duty of each party to any franchise to act in a fair and equitable manner towards each other, so as to guarantee one party freedom from coercion, intimidation, or threats of coercion or intimidation from the other party: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute a lack of good faith.

(c) Encourage, aid, abet, or teach a vehicle dealer to sell or lease vehicles through any false, deceptive, or misleading sales or financing practices including but not limited to those practices declared unlawful in this section;

(d) Coerce or attempt to coerce a vehicle dealer to engage in any practice forbidden in this section by either threats of actual cancellation or failure to renew the dealer's franchise agreement;

(e) Refuse to deliver any vehicle publicly advertised for immediate delivery to any duly licensed vehicle dealer having a franchise or contractual agreement for the retail sale or lease of new and unused vehicles sold or distributed by such manufacturer within sixty days after such dealer's order has been received in writing unless
caused by inability to deliver because of shortage or curtailment of material, labor, transportation, or utility Services, or by any labor or production difficulty, or by any cause beyond the reasonable control of the manufacturer;

(f) To provide under the terms of any warranty that a purchaser or lessee of any new or unused vehicle that has been sold or leased, distributed for sale or lease, or transferred into this state for resale or lease by the vehicle manufacturer may only make any warranty claim on any item included as an integral part of the vehicle against the manufacturer of that item.

Nothing in this section may be construed to impair the obligations of a contract or to prevent a manufacturer, distributor, representative, or any other person, whether or not licensed under this chapter, from requiring performance of a written contract entered into with any licensee hereunder, nor does the requirement of such performance constitute a violation of any of the provisions of this section if any such contract or the terms thereof requiring performance, have been freely entered into and executed between the contracting parties. This paragraph and subsection (14)(b) of this section do not apply to new motor vehicle manufacturers governed by chapter 46.96 RCW.

(15) Unlawful transfer of an ownership interest in a motor vehicle as defined in RCW 19.116.050.

(16) To knowingly and intentionally engage in collusion with a registered owner of a vehicle to repossess and return or resell the vehicle to the registered owner in an attempt to avoid a suspended license impound under chapter 46.55 RCW. However, compliance with chapter 62A.9A RCW in repossessing, selling, leasing, or otherwise disposing of the vehicle, including providing redemption rights to the debtor, is not a violation of this section.

Sec. 11. RCW 46.70.900 and 1973 1st ex.s. c 132 s 20 are each amended to read as follows:

All provisions of this chapter shall be liberally construed to the end that deceptive practices or commission of fraud or misrepresentation in the sale, lease, barter, or disposition of vehicles in this state may be prohibited and prevented, and irresponsible, unreliable, or dishonest persons may be prevented from engaging in the business of selling, leasing, bartering, or otherwise dealing in vehicles in this state and reliable persons may be encouraged to engage in the business of selling, leasing, bartering and otherwise dealing in vehicles in this state: PROVIDED, That this chapter shall not apply to printers, publishers, or broadcasters who in good faith print, publish or broadcast material without knowledge of its deceptive character.

NEW SECTION. Sec. 12. A new section is added to chapter 46.70 RCW to read as follows:

(1) Except as provided in subsection (2) of this section, the following education requirements apply to an applicant for a vehicle dealer license under RCW 46.70.021:

(a) An applicant for a vehicle dealer license under RCW 46.70.021 must complete a minimum of eight hours of approved education programs described in subsection (3) of this section and pass a test prior to submitting an application for the license; and

(b) An applicant for a renewal of a vehicle dealer license under RCW 46.70.083 must complete a minimum of five hours per year in a licensing period of approved continuing education programs described in subsection (3) of this section prior to submitting an application for the renewal of the vehicle dealer license.

(2) The education and test requirements in subsection (1) of this section do not apply to an applicant for a vehicle dealer license under RCW 46.70.021 if the applicant is:

(a) A franchised dealer of new recreational vehicles;

(b) A nationally franchised or corporate-owned motor vehicle rental company;

(c) A dealer of manufactured dwellings;

(d) A national auction company that holds a vehicle dealer license and a wrecker license whose primary activity in this state is the sale or disposition of totaled vehicles; or

(e) A wholesale auto auction company that holds a vehicle dealer license.

(3) The education programs and test required in subsection (1) of this section shall be developed by motor vehicle industry organizations including, but not limited to, the state independent auto dealers association and the department of licensing.

(4) A new motor vehicle dealer, as defined under RCW 46.96.020, is deemed to have met the education
Sec. 13. RCW 46.70.070 and 1996 c 194 s 2 are each amended to read as follows:

(1) Before issuing a vehicle dealer's license, the department shall require the applicant to file with the department a surety bond in the amount of:

(a) (Fifteen) Thirty thousand dollars for motor vehicle dealers;
(b) Thirty thousand dollars for mobile home, park trailer, and travel trailer dealers((: PROVIDED. That if such dealer does not deal in mobile homes or park trailers such bond shall be fifteen thousand dollars));
(c) Five thousand dollars for miscellaneous dealers, running to the state, and executed by a surety company authorized to do business in the state. Such bond shall be approved by the attorney general as to form and conditioned that the dealer shall conduct his or her business in conformity with the provisions of this chapter.

Any retail purchaser, consignor who is not a motor vehicle dealer, or a motor vehicle dealer who has purchased from, sold to, or otherwise transacted business with a wholesale dealer, who has suffered any loss or damage by reason of any act by a dealer which constitutes a violation of this chapter shall have the right to institute an action for recovery against such dealer and the surety upon such bond. However, under this section, motor vehicle dealers who have purchased from, sold to, or otherwise transacted business with wholesale dealers may only institute actions against wholesale dealers and their surety bonds. Successive recoveries against said bond shall be permitted, but the aggregate liability of the surety to all persons shall in no event exceed the amount of the bond. Upon exhaustion of the penalty of said bond or cancellation of the bond by the surety the vehicle dealer license shall automatically be deemed canceled.

(2) The bond for any vehicle dealer licensed or to be licensed under more than one classification shall be the highest bond required for any such classification.

(3) Vehicle dealers shall maintain a bond for each business location in this state and bond coverage for all temporary subagencies.

SENATE AMENDMENTS TO HOUSE BILL

April 12, 2001

Mr. Speakers:

The Senate has passed HOUSE BILL NO. 1394, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that projects that remove impediments to fish passage can greatly increase access to spawning and rearing habitat for depressed, threatened, and endangered fish stocks. Although counties are authorized to use county road funds to replace culverts and other barriers to fish passage, and may conduct streambed and stream bank restoration and stabilization work in conjunction with removal of these fish barriers, counties are reluctant to spend county road funds beyond the county right-of-way because it is unclear whether the use of road funds for this purpose is authorized. The purpose of this act is to clarify that streambed and stream bank restoration and stabilization activities conducted in conjunction with removal of existing barriers to fish passage within county rights-of-way constitute a county road purpose even if this work extends beyond the county right-of-way. The legislature intends this act to be permissive legislation. Nothing in this act is intended to create or impose a legal duty upon counties for salmon recovery work beyond the county right-of-way.

Sec. 2. RCW 36.79.140 and 1997 c 81 s 6 are each amended to read as follows:

At the time the board reviews the six-year program of each county each even-numbered year, it shall consider and shall approve for inclusion in its recommended budget, as required by RCW 36.79.130, the portion of the rural arterial construction program scheduled to be performed during the biennial period beginning the following July 1st. Subject to the appropriations actually approved by the legislature, the board shall as soon as feasible approve rural arterial trust account funds to be spent during the ensuing biennium for preliminary proposals in priority sequence as established pursuant to RCW 36.79.090. Only those counties that during the preceding twelve months have spent all revenues collected for road purposes only for such purposes, including removal of barriers to fish passage and accompanying streambed and stream bank repair as specified in RCW 36.82.070, and including traffic law enforcement, as are allowed to the state by Article II, section 40 of the state Constitution are eligible to receive funds from the rural arterial trust account: PROVIDED HOWEVER, That counties with a population of less than eight thousand are exempt from this eligibility restriction: AND PROVIDED FURTHER, That counties expending revenues collected for road purposes only on other governmental services after authorization from the voters of that county under RCW 84.55.050 are also exempt from this eligibility restriction. The board shall authorize rural arterial trust account funds for the construction project portion of a project previously authorized for a preliminary proposal in the sequence in which the preliminary proposal has been completed and the construction project is to be placed under contract. At such time the board may reserve rural arterial trust account funds for expenditure in future years as may be necessary for completion of preliminary proposals and construction projects to be commenced in the ensuing biennium.

The board may, within the constraints of available rural arterial trust funds, consider additional projects for authorization upon a clear and conclusive showing by the submitting county that the proposed project is of an emergent nature and that its need was unable to be anticipated at the time the six-year program of the county was developed. The proposed projects shall be evaluated on the basis of the priority rating factors specified in RCW
Sec. 3. RCW 36.82.070 and 1997 c 189 s 1 are each amended to read as follows: Any money paid to any county road fund may be used for the construction, alteration, repair, improvement, or maintenance of county roads and bridges thereon and for wharves necessary for ferriage of motor vehicle traffic, and for ferries, and for the acquiring, operating, and maintaining of machinery, equipment, quarries, or pits for the extraction of materials, and for the cost of establishing county roads, acquiring rights-of-way therefor, and expenses for the operation of the county engineering office, and for any of the following programs when directly related to county road purposes: (1) Insurance; (2) self-insurance programs; and (3) risk management programs; and for any other proper county road purpose. Such expenditure may be made either independently or in conjunction with the state or any city, town, or tax district within the county.

County road purposes also include the removal of barriers to fish passage related to county roads, and include but are not limited to the following activities associated with the removal of these barriers: Engineering and technical services; stream bank stabilization; streambed restoration; the placement of weirs, rock, or woody debris; planting; and channel modification. County road funds may be used beyond the county right-of-way for activities clearly associated with removal of fish passage barriers that are the responsibility of the county. Activities related to the removal of barriers to fish passage performed beyond the county right-of-way must not exceed twenty-five percent of the total cost of activities related to fish barrier removal on any one project, and the total annual cost of activities related to the removal of barriers to fish passage performed beyond the county right-of-way must not exceed one-half of one percent of a county's annual road construction budget. The use of county road funds beyond the county right-of-way for activities associated with the removal of fish barriers is permissive, and wholly within the discretion of the county legislative authority. The use of county road funds beyond the county right-of-way for such activities does not create or impose a legal duty upon a county for salmon recovery work beyond the county right-of-way.

Certified abstracts furnished to prosecutors and alcohol/drug assessment or treatment agencies shall also indicate whether a recorded violation is an alcohol-related offense as defined in RCW 46.01.260(2) that was originally charged as one of the alcohol-related offenses designated in RCW 46.01.260(2)(b)(i).

No insurance company or its agent for underwriting purposes relating to the operation of commercial motor vehicles may use any information contained in the abstract relative to any person's operation of motor vehicles while not engaged in such employment, nor may any insurance company or its agent for underwriting purposes relating to the operation of noncommercial motor vehicles use any information contained in the abstract relative to any person's operation of commercial motor vehicles.

Any employer or prospective employer or an agent acting on behalf of an employer or prospective employer receiving the certified abstract shall use it exclusively for his or her own purpose to determine whether the licensee should be permitted to operate a commercial vehicle or school bus upon the public highways of this state and shall not divulge any information contained in it to a third party.

Any alcohol/drug assessment or treatment agency approved by the department of social and health services receiving the certified abstract shall use it exclusively for the purpose of assisting its employees in making a determination as to what level of treatment, if any, is appropriate. The agency, or any of its employees, shall not divulge any information contained in the abstract to a third party.

Release of a certified abstract of the driving record of an employee or prospective employee requires a statement signed by: (1) The employee or prospective employee that authorizes the release of the record, and (2) the employer attesting that the information is necessary to determine whether the licensee should be employed to operate a commercial vehicle or school bus upon the public highways of this state. If the employer or prospective employer authorizes an agent to obtain this information on their behalf, this must be noted in the statement.

Any negligent violation of this section is a gross misdemeanor.
Any intentional violation of this section is a class C felony.

SECOND READING

Representative Kagi moved the adoption of the following amendment (199):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 13.34 RCW to read as follows:
(1) Following shelter care and no later than twenty-five days prior to fact-finding, the department, upon the parent's request or counsel for the parent's request, shall facilitate a conference to develop and specify in a written service agreement the expectations of both the department and the parent regarding the care and placement of the child.

The department shall invite to the conference the parent, counsel for the parent, the foster parent or other out-of-home care provider, caseworker, guardian ad litem, counselor, or other relevant health care provider, and any other person connected to the development and well-being of the child.

The initial written service agreement expectations must correlate with the court's findings at the shelter care hearing. The written service agreement must set forth specific criteria that enables the court to measure the performance of both the department and the parent, and must be updated throughout the dependency process to reflect changes in expectations. The service agreement must serve as the unifying document for all expectations established in the department's various case planning and case management documents and the findings and orders of the court during dependency proceedings.

The court shall review the written service agreement at each stage of the dependency proceedings and evaluate the performance of both the department and the parent for consistent, measurable progress in complying with the expectations identified in the agreement."
The case conference agreement must be agreed to and signed by the parties. The court shall not consider the content of the discussions at the case conference at the time of the fact-finding hearing for the purposes of establishing that the child is a dependent child, and the court shall not consider any documents or written materials presented at the case conference but not incorporated into the case conference agreement, unless the documents or written materials were prepared for purposes other than or as a result of the case conference and are otherwise admissible under the rules of evidence.

(2) At any other stage in a dependency proceeding, the department, upon the parent's request, shall facilitate a case conference.

Sec. 2. RCW 13.34.062 and 2000 c 122 s 5 are each amended to read as follows:
(1) The written notice of custody and rights required by RCW 13.34.060 shall be in substantially the following form:

"NOTICE

Your child has been placed in temporary custody under the supervision of Child Protective Services (or other person or agency). You have important legal rights and you must take steps to protect your interests.

1. A court hearing will be held before a judge within 72 hours of the time your child is taken into custody excluding Saturdays, Sundays, and holidays. You should call the court at (insert appropriate phone number here) for specific information about the date, time, and location of the court hearing.

2. You have the right to have a lawyer represent you at the hearing. Your right to representation continues after the shelter care hearing. You have the right to records the department intends to rely upon. A lawyer can look at the files in your case, talk to child protective services and other agencies, tell you about the law, help you understand your rights, and help you at hearings. If you cannot afford a lawyer, the court will appoint one to represent you. To get a court-appointed lawyer you must contact: (explain local procedure).

3. At the hearing, you have the right to speak on your own behalf, to introduce evidence, to examine witnesses, and to receive a decision based solely on the evidence presented to the judge.

4. If your hearing occurs before a court commissioner, you have the right to have the decision of the court commissioner reviewed by a superior court judge. To obtain that review, you must, within ten days after the entry of the decision of the court commissioner, file with the court a motion for revision of the decision, as provided in RCW 2.24.050.

You should be present at any shelter care hearing. If you do not come, the judge will not hear what you have to say.

You may call the Child Protective Services' caseworker for more information about your child. The caseworker's name and telephone number are: (insert name and telephone number).

5. You may request that the department facilitate a case conference to develop a written service agreement following the shelter care hearing. The service agreement may not conflict with the court's order of shelter care. You may request that a multidisciplinary team, family group conference, prognostic staffing, or case conference be convened for your child's case. You may participate in these processes with your counsel present."

Upon receipt of the written notice, the parent, guardian, or legal custodian shall acknowledge such notice by signing a receipt prepared by child protective services. If the parent, guardian, or legal custodian does not sign the receipt, the reason for lack of a signature shall be written on the receipt. The receipt shall be an integral part of the court's file in the dependency action.

If after making reasonable efforts to provide notification, child protective services is unable to determine the whereabouts of the parents, guardian, or legal custodian, the notice shall be delivered or sent to the last known address of the parent, guardian, or legal custodian.

(2) If child protective services is not required to give notice under RCW 13.34.060(2) and subsection (1) of this section, the juvenile court counselor assigned to the matter shall make all reasonable efforts to advise the parents, guardian, or legal custodian of the time and place of any shelter care hearing, request that they be
present, and inform them of their basic rights as provided in RCW 13.34.090.

(3) Reasonable efforts to advise and to give notice, as required in RCW 13.34.060(2) and subsections (1) and (2) of this section, shall include, at a minimum, investigation of the whereabouts of the parent, guardian, or legal custodian. If such reasonable efforts are not successful, or the parent, guardian, or legal custodian does not appear at the shelter care hearing, the petitioner shall testify at the hearing or state in a declaration:

(a) The efforts made to investigate the whereabouts of, and to advise, the parent, guardian, or legal custodian; and

(b) Whether actual advice of rights was made, to whom it was made, and how it was made, including the substance of any oral communication or copies of written materials used.

(4) The court shall hear evidence regarding notice given to, and efforts to notify, the parent, guardian, or legal custodian and shall examine the need for shelter care. The court shall hear evidence regarding the efforts made to place the child with a relative. The court shall make an express finding as to whether the notice required under RCW 13.34.060(2) and subsections (1) and (2) of this section was given to the parent, guardian, or legal custodian. All parties have the right to present testimony to the court regarding the need or lack of need for shelter care. Hearsay evidence before the court regarding the need or lack of need for shelter care must be supported by sworn testimony, affidavit, or declaration of the person offering such evidence.

(5) A shelter care order issued pursuant to RCW 13.34.065 may be amended at any time with notice and hearing thereon. The shelter care decision of placement shall be modified only upon a showing of change in circumstances. No child may be placed in shelter care for longer than thirty days without an order, signed by the judge, authorizing continued shelter care.

(6) Any parent, guardian, or legal custodian who for good cause is unable to attend the initial shelter care hearing may request that a subsequent shelter care hearing be scheduled. The request shall be made to the clerk of the court where the petition is filed prior to the initial shelter care hearing. Upon the request of the parent, the court shall schedule the hearing within seventy-two hours of the request, excluding Saturdays, Sundays, and holidays. The clerk shall notify all other parties of the hearing by any reasonable means.

**Sec. 3.** RCW 13.34.065 and 2000 c 122 s 7 are each amended to read as follows:

(1) The juvenile court probation counselor shall submit a recommendation to the court as to the further need for shelter care unless the petition has been filed by the department, in which case the recommendation shall be submitted by the department.

(2) The court shall release a child alleged to be dependent to the care, custody, and control of the child's parent, guardian, or legal custodian unless the court finds there is reasonable cause to believe that:

(a) After consideration of the specific services that have been provided, reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home; and

(b)(i) The child has no parent, guardian, or legal custodian to provide supervision and care for such child; or

(ii) The release of such child would present a serious threat of substantial harm to such child; or

(iii) The parent, guardian, or custodian to whom the child could be released has been charged with violating RCW 9A.40.060 or 9A.40.070.

If the court does not release the child to his or her parent, guardian, or legal custodian, and the child was initially placed with a relative pursuant to RCW 13.34.060(1), the court shall order continued placement with a relative, unless there is reasonable cause to believe the health, safety, or welfare of the child would be jeopardized. If the child was not initially placed with a relative, and the court does not release the child to his or her parent, guardian, or legal custodian, the supervising agency shall make reasonable efforts to locate a relative pursuant to RCW 13.34.060(1). If a relative is not available, the court shall order continued shelter care or order placement with another suitable person, and the court shall set forth its reasons for the order. The court shall enter a finding as to whether RCW 13.34.060(2) and subsections (1) and (2) of this section have been complied with. If actual notice was not given to the parent, guardian, or legal custodian and the whereabouts of such person is known or can be ascertained, the court shall order the supervising agency or the department of social and health services to make reasonable efforts to advise the parent, guardian, or legal custodian of the status of
the case, including the date and time of any subsequent hearings, and their rights under RCW 13.34.090.

(3) An order releasing the child on any conditions specified in this section may at any time be amended, with notice and hearing thereon, so as to return the child to shelter care for failure of the parties to conform to the conditions originally imposed.

The court shall consider whether nonconformance with any conditions resulted from circumstances beyond the control of the parent and give weight to that fact before ordering return of the child to shelter care.

(4) If a child is returned home from shelter care a second time in the case, or if the supervisor of the caseworker deems it necessary, the multidisciplinary team may be reconvened.

(5) If a child is returned home from shelter care a second time in the case a law enforcement officer must be present and file a report to the department.

Sec. 4. RCW 13.34.180 and 2000 c 122 s 25 are each amended to read as follows:
(1) A petition seeking termination of a parent and child relationship may be filed in juvenile court by any party to the dependency proceedings concerning that child. Such petition shall conform to the requirements of RCW 13.34.040, shall be served upon the parties as provided in RCW 13.34.070(8), and shall allege all of the following unless subsection (2) or (3) of this section applies:

(a) That the child has been found to be a dependent child;
(b) That the court has entered a dispositional order pursuant to RCW 13.34.130;
(c) That the child has been removed or will, at the time of the hearing, have been removed from the custody of the parent for a period of at least six months pursuant to a finding of dependency;
(d) That the services ordered under RCW 13.34.136 have been expressly and understandably offered or provided and all necessary services, reasonably available, capable of correcting the parental deficiencies within the foreseeable future have been expressly and understandably offered or provided;
(e) That there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. A parent's failure to substantially improve parental deficiencies within twelve months following entry of the dispositional order shall give rise to a rebuttable presumption that there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. The presumption shall not arise unless the petitioner makes a showing that all necessary services reasonably capable of correcting the parental deficiencies within the foreseeable future have been clearly offered or provided. In determining whether the conditions will be remedied the court may consider, but is not limited to, the following factors:

(i) Use of intoxicating or controlled substances so as to render the parent incapable of providing proper care for the child for extended periods of time or for periods of time that present a risk of imminent harm to the child, and documented unwillingness of the parent to receive and complete treatment or documented multiple failed treatment attempts; or

(ii) Psychological incapacity or mental deficiency of the parent that is so severe and chronic as to render the parent incapable of providing proper care for the child for extended periods of time or for periods of time that present a risk of imminent harm to the child, and documented unwillingness of the parent to receive and complete treatment or documentation that there is no treatment that can render the parent capable of providing proper care for the child in the near future; and

(f) That continuation of the parent and child relationship clearly diminishes the child's prospects for early integration into a stable and permanent home.

(2) In lieu of the allegations in subsection (1) of this section, the petition may allege that the child was found under such circumstances that the whereabouts of the child's parent are unknown and no person has acknowledged paternity or maternity and requested custody of the child within two months after the child was found.

(3) In lieu of the allegations in subsection (1)(b) through (f) of this section, the petition may allege that the parent has been convicted of:

(a) Murder in the first degree, murder in the second degree, or homicide by abuse as defined in chapter 9A.32 RCW against another child of the parent;
(b) Manslaughter in the first degree or manslaughter in the second degree, as defined in chapter 9A.32
RCW against another child of the parent;
(c) Attempting, conspiring, or soliciting another to commit one or more of the crimes listed in (a) or (b) of this subsection; or
(d) Assault in the first or second degree, as defined in chapter 9A.36 RCW, against the surviving child or another child of the parent.

(4) Notice of rights shall be served upon the parent, guardian, or legal custodian with the petition and shall be in substantially the following form:

"NOTICE

A petition for termination of parental rights has been filed against you. You have important legal rights and you must take steps to protect your interests. This petition could result in permanent loss of your parental rights.

1. You have the right to a fact-finding hearing before a judge.
2. You have the right to have a lawyer represent you at the hearing. A lawyer can look at the files in your case, talk to the department of social and health services and other agencies, tell you about the law, help you understand your rights, and help you at hearings. If you cannot afford a lawyer, the court will appoint one to represent you. To get a court-appointed lawyer you must contact: (explain local procedure).
3. At the hearing, you have the right to speak on your own behalf, to introduce evidence, to examine witnesses, and to receive a decision based solely on the evidence presented to the judge. You should be present at this hearing.

You may call (insert agency) for more information about your child. The agency's name and telephone number are (insert name and telephone number)."

Sec. 5. RCW 13.34.138 and 2000 c 122 s 19 are each amended to read as follows:

(1) Except for children whose cases are reviewed by a citizen review board under chapter 13.70 RCW, the status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first, at a hearing in which it shall be determined whether court supervision should continue. The initial review hearing shall be an in-court review and shall be set six months from the beginning date of the placement episode or no more than ninety days from the entry of the disposition order, whichever comes first. The initial review hearing may be a permanency planning hearing when necessary to meet the time frames set forth in RCW 13.34.145(3) or 13.34.134. The review shall include findings regarding the agency and parental completion of disposition plan requirements, and if necessary, revised permanency time limits. This review shall consider both the agency's and parent's efforts that demonstrate consistent measurable progress over time in meeting the disposition plan requirements. The requirements for the initial review hearing, including the in-court requirement, shall be accomplished within existing resources. The supervising agency shall provide a foster parent, preadoptive parent, or relative with notice of, and their right to an opportunity to be heard in, a review hearing pertaining to the child, but only if that person is currently providing care to that child at the time of the hearing. This section shall not be construed to grant party status to any person who has been provided an opportunity to be heard.

(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) If the child is not returned home, the court shall establish in writing:
   (i) Whether reasonable services have been provided to or offered to the parties to facilitate reunion, specifying the services provided or offered;
   (ii) Whether the child has been placed in the least-restrictive setting appropriate to the child's needs, including whether consideration and preference has been given to placement with the child's relatives;
(iii) Whether there is a continuing need for placement and whether the placement is appropriate;
(iv) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;
(v) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;
(vi) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;
(vii) Whether additional services, including housing assistance, are needed to facilitate the return of the child to the child's parents; if so, the court shall order that reasonable services be offered specifying such services; and
(viii) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(c) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

(2) The court's ability to order housing assistance under RCW 13.34.130 and this section is:
(a) Limited to cases in which homelessness or the lack of adequate and safe housing is the primary reason for an out-of-home placement; and
(b) subject to the availability of funds appropriated for this specific purpose.

NEW SECTION. Sec. 6. A new section is added to chapter 13.34 RCW to read as follows:

The department shall, within existing resources, provide to parents requesting a multidisciplinary team, family group conference, prognostic staffing, or case conference, information that describes these processes prior to the processes being undertaken.

Sec. 7. RCW 13.34.110 and 2000 c 122 s 11 are each amended to read as follows:

(1) The court shall hold a fact-finding hearing on the petition and, unless the court dismisses the petition, shall make written findings of fact, stating the reasons therefor. The rules of evidence shall apply at the fact-finding hearing and the parent, guardian, or legal custodian of the child shall have all of the rights provided in RCW 13.34.090(1). The petitioner shall have the burden of establishing by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030.

(2)(a) The parent, guardian, or legal custodian of the child may waive his or her right to a fact-finding hearing by stipulating or agreeing to the entry of an order of dependency establishing that the child is dependent within the meaning of RCW 13.34.030. The parent, guardian, or legal custodian may also stipulate or agree to an order of disposition pursuant to RCW 13.34.130 at the same time. Any stipulated or agreed order of dependency or disposition must be signed by the parent, guardian, or legal custodian and his or her attorney, unless the parent, guardian, or legal custodian has waived his or her right to an attorney in open court, and by the petitioner and the attorney, guardian ad litem, or court-appointed special advocate for the child, if any. If the department of social and health services is not the petitioner and is required by the order to supervise the placement of the child or provide services to any party, the department must also agree to and sign the order.

(b) Entry of any stipulated or agreed order of dependency or disposition is subject to approval by the court. The court shall receive and review a social study before entering a stipulated or agreed order and shall consider whether the order is consistent with the allegations of the dependency petition and the problems that necessitated the child's placement in out-of-home care. No social file or social study may be considered by the court in connection with the fact-finding hearing or prior to factual determination, except as otherwise admissible under the rules of evidence.

(c) Prior to the entry of any stipulated or agreed order of dependency, the parent, guardian, or legal custodian of the child and his or her attorney must appear before the court and the court within available resources must inquire and establish on the record that:
(i) The parent, guardian, or legal custodian understands the terms of the order or orders he or she has signed, including his or her responsibility to participate in remedial services as provided in any disposition order;
(ii) The parent, guardian, or legal custodian understands that entry of the order starts a process that could result in the filing of a petition to terminate his or her relationship with the child within the time frames required...
by state and federal law if he or she fails to comply with the terms of the dependency or disposition orders or
fails to substantially remedy the problems that necessitated the child's placement in out-of-home care;

(iii) The parent, guardian, or legal custodian understands that the entry of the stipulated or agreed order
of dependency is an admission that the child is dependent within the meaning of RCW 13.34.030 and shall have
the same legal effect as a finding by the court that the child is dependent by at least a preponderance of the
evidence, and that the parent, guardian, or legal custodian shall not have the right in any subsequent proceeding
for termination of parental rights or dependency guardianship pursuant to this chapter or nonparental custody
pursuant to chapter 26.10 RCW to challenge or dispute the fact that the child was found to be dependent; and

(iv) The parent, guardian, or legal custodian knowingly and willingly stipulated and agreed to and signed
the order or orders, without duress, and without misrepresentation or fraud by any other party.

If a parent, guardian, or legal custodian fails to appear before the court after stipulating or agreeing to
entry of an order of dependency, the court may enter the order upon a finding that the parent, guardian, or legal
custodian had actual notice of the right to appear before the court and chose not to do so. The court may require
other parties to the order, including the attorney for the parent, guardian, or legal custodian, to appear and advise
the court of the parent's, guardian's, or legal custodian's notice of the right to appear and understanding of the
factors specified in this subsection. A parent, guardian, or legal custodian may choose to waive his or her
presence at the in-court hearing for entry of the stipulated or agreed order of dependency by submitting to the
court through counsel a completed stipulated or agreed dependency fact-finding/disposition statement in a form
determined by the Washington state supreme court pursuant to General Rule GR 9.

(3) Immediately after the entry of the findings of fact, the court shall hold a disposition hearing, unless
there is good cause for continuing the matter for up to fourteen days. If good cause is shown, the case may be
continued for longer than fourteen days. Notice of the time and place of the continued hearing may be given in
open court. If notice in open court is not given to a party, that party shall be notified by certified mail of the
time and place of any continued hearing. Unless there is reasonable cause to believe the health, safety, or
welfare of the child would be jeopardized or efforts to reunite the parent and child would be hindered, the court
shall direct the department to notify those adult persons who: ((4)) (a) Are related by blood or marriage to the
child in the following degrees: Parent, grandparent, brother, sister, stepparent, stepbrother, stepsister, uncle, or
aunt; ((2)) (b) are known to the department as having been in contact with the family or child within the past
twelve months; and ((3)) (c) would be an appropriate placement for the child. Reasonable cause to dispense
with notification to a parent under this section must be proved by clear, cogent, and convincing evidence.

The parties need not appear at the fact-finding or dispositional hearing if the parties, their attorneys, the
guardian ad litem, and court-appointed special advocates, if any, are all in agreement. ((The court shall receive
and review a social study before entering an order based on agreement. No social file or social study may be
considered by the court in connection with the fact-finding hearing or prior to factual determination, except as
otherwise admissible under the rules of evidence.))

NEW SECTION. Sec. 8. A new section is added to chapter 13.34 RCW to read as follows:
The department of social and health services shall promulgate rules that create good cause exceptions to
the establishment and enforcement of child support from parents of children in out-of-home placement under
chapter 13.34 or 13.32A RCW that do not violate federal funding requirements. The department shall present
the rules and the department's plan for implementation of the rules to the appropriate committees of the
legislature prior to the 2002 legislative session.

(1) Persons who enter upon or use clearly identified department improved access facilities with a motor vehicle may be required to display a current annual fish and wildlife lands vehicle use permit on the motor vehicle while within or while using an improved access facility. An "improved access facility" is a clearly identified area specifically created for motor vehicle parking, and includes any boat launch or boat ramp associated with the parking area, but does not include the department parking facilities at the Gorge Concert Center near George, Washington. (The vehicle use permit is issued in the form of a decal.) One (decal) vehicle use permit shall be issued at no charge with (each) an initial purchase of either an annual saltwater, freshwater,
combination, small game hunting, big game hunting, (and) or trapping license issued by the department. The vehicle use permit can be transferred between two vehicles and must contain space for the vehicle license numbers of each vehicle.

(3) Failure to display the fish and wildlife lands vehicle use permit if required by this section is an infraction under chapter 7.84 RCW, and department employees are authorized to issue a notice of infraction to the registered owner of any motor vehicle entering upon or using a department improved access facility without such a ((decal)) vehicle use permit. The penalty for failure to clearly display ((or improper display of)) the ((decal)) vehicle use permit is sixty-six dollars. This penalty is reduced to thirty dollars if the registered owner provides proof to the court that he or she purchased a decal within fifteen days after the issuance of the notice of violation."

SECOND READING

Representative Doumit moved the adoption of the following amendment (198):

"NEW SECTION.  Sec. 1. The legislature finds that a comprehensive program of monitoring is fundamental to making sound public policy and programmatic decisions regarding salmon recovery and watershed health. Monitoring provides accountability for results of management actions and provides the data upon which an adaptive management framework can lead to improvement of strategies and programs. Monitoring is also a required element of any salmon recovery plan submitted to the federal government for approval. While numerous agencies and citizen organizations are engaged in monitoring a wide range of salmon recovery and watershed health parameters, there is a greater need for coordination of monitoring efforts, for using limited monitoring resources to obtain information most useful for achieving relevant local, state, and federal requirements regarding watershed health and salmon recovery, and for making the information more accessible to those agencies and organizations implementing watershed health programs and projects. Regarding salmon recovery monitoring, the state independent science panel has concluded that many programs already monitor indicators relevant to salmonids, but the efforts are largely uncoordinated or unlinked among programs, have different objectives, use different indicators, lack support for sharing data, and lack shared statistical designs to address specific issues raised by listing of salmonid species under the federal endangered species act.

Therefore, it is the intent of the legislature to encourage the refocusing of existing agency monitoring activities necessary to implement a comprehensive watershed health monitoring program, with a focus on salmon
recovery. The program should: Be based on a framework of greater coordination of existing monitoring activities; require monitoring activities most relevant to adopted local, state, and federal watershed health objectives; and facilitate the exchange of monitoring information with agencies and organizations carrying out watershed health, salmon recovery, and water resources management planning and programs.

NEW SECTION. Sec. 2. A new section is added to chapter 90.82 RCW to read as follows:
In conducting assessments and other studies that include monitoring components or recommendations, the department and planning units shall implement the monitoring recommendations developed under section 3 of this act.

NEW SECTION. Sec. 3. A new section is added to chapter 77.85 RCW to read as follows:
(1) The monitoring oversight committee is hereby established. The committee shall be comprised of the directors or their designated representatives of:
(a) The salmon recovery office;
(b) The department of ecology;
(c) The department of fish and wildlife;
(d) The conservation commission;
(e) The Puget Sound action team;
(f) The department of natural resources;
(g) The department of transportation; and
(h) The interagency committee for outdoor recreation.
(2) The director of the salmon recovery office and the chair of the salmon recovery funding board, or their designees, shall cochair the committee. The cochairs shall convene the committee as necessary to develop, for the consideration of the governor and legislature, a comprehensive and coordinated monitoring strategy and action plan on watershed health with a focus on salmon recovery. The committee shall invite representation from the treaty tribes to participate in the committee's efforts. In addition, the committee shall invite participation by other state, local, and federal agencies and other entities as appropriate. The committee shall address the monitoring recommendations of the independent science panel provided under RCW 77.85.040(7) and of the joint legislative audit and review committee in its report number 01-1 on investing in the environment.
(3) The independent science panel shall act as an advisor to the monitoring oversight committee and shall review all work products developed by the committee and make recommendations to the committee cochairs.
(4) A legislative steering committee is created consisting of four legislators. Two of the legislators shall be members of the house of representatives, each representing different major political parties, appointed by the co-speakers of the house of representatives. The other two legislators shall be members of the senate, each representing different major political parties, appointed by the president of the senate. The monitoring oversight committee shall provide briefings to the legislative steering committee on a quarterly basis on the progress that the oversight committee is making on the development of the coordinated monitoring strategy and action plan, and the establishment of an adaptive management framework. The briefings shall include information on how the monitoring strategy will be coordinated with other government efforts, expected benefits and efficiencies that will be achieved, recommended funding sources and funding levels that will ensure stable sources of funding for monitoring, and the efforts and cooperation provided by agencies to improve coordination of their activities.
(5) The committee shall make recommendations to individual agencies to improve coordination of monitoring activities.
(6) The committee shall:
(a) Define the monitoring goals, objectives, and questions that must be addressed as part of a comprehensive statewide salmon recovery monitoring and adaptive management framework;
(b) Identify and evaluate existing monitoring activities for inclusion in the framework, while ensuring data consistency and coordination and the filling of monitoring gaps;
(c) Recommend statistical designs appropriate to the objectives;
(d) Recommend performance measures appropriate to the objectives and targeted to the appropriate geographical, temporal, and biological scales;
(e) Recommend standardized monitoring protocols for salmon recovery and watershed health;
(f) Recommend procedures to ensure quality assurance and quality control of all relevant data;
(g) Recommend data transfer protocols to support easy access, sharing, and coordination among different collectors and users;
(h) Recommend ways to integrate monitoring information into decision making;
(i) Recommend organizational and governance structures for oversight and implementation of the coordinated monitoring framework;
(j) Recommend stable sources of funding that will ensure the continued operation and maintenance of the state's salmon recovery and watershed health monitoring programs, once established; and
(k) Identify administrative actions that will be undertaken by state agencies to implement elements of the coordinated monitoring program.

(7) In developing the coordinated monitoring strategy, the committee shall coordinate with other appropriate state, federal, local, and tribal monitoring efforts, including but not limited to the Northwest power planning council, the Northwest Indian fisheries commission, the national marine fisheries service, and the United States fish and wildlife service. The committee shall also consult with watershed planning units under chapter 90.82 RCW, lead entities under this chapter, professional organizations, and other appropriate groups.

(8) The cochairs shall provide an interim report to the governor and the members of the appropriate legislative committees by March 1, 2002, on the progress made in implementing this section. By December 1, 2002, the committee shall provide a monitoring strategy and action plan to the governor, and the members of the appropriate legislative committees for achieving a comprehensive watershed health monitoring program with a focus on salmon recovery. The strategy and action plan shall document the results of the committee's actions in addressing the responsibilities described in subsection (6) of this section. In addition, the monitoring strategy and action plan shall include an assessment of existing state agency operations related to monitoring, evaluation, and adaptive management of watershed health and salmon recovery, and shall recommend any operational or statutory changes and funding necessary to fully implement the enhanced coordination program developed under this section. The plan shall make recommendations based upon the goal of fully realizing an enhanced and coordinated monitoring program by June 30, 2007.

NEW SECTION. Sec. 4. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2001, in the omnibus appropriations act, this act is null and void."
Representative Anderson moved the adoption of the following amendment (200):

Strike everything after the enacting clause and insert the following:

"NEW SECTION.  Sec. 1. The legislature finds and declares:
(1) Teacher qualifications and effectiveness are the most important influences on student learning in schools.
(2) Preparation of individuals to become well-qualified, effective teachers must be high quality.
(3) Teachers who complete high-quality alternative route programs with intensive field-based experience, adequate coursework, and strong mentorship do as well or better than teachers who complete traditional preparation programs.
(4) High-quality alternative route programs can provide more flexibility and expedience for individuals to transition from their current career to teaching.
(5) High-quality alternative route programs can help school districts fill subject matter shortage areas and areas with shortages due to geographic location.
(6) Regardless of route, all candidates for residency teacher certification must meet the high standards required by the state.

The legislature recognizes widespread concerns about the potential for teacher shortages and finds that classified instructional staff in public schools represent a great untapped resource for recruiting the teachers of the future.

NEW SECTION.  Sec. 2. There is hereby created a statewide partnership grant program to provide new high-quality alternative routes to residency teacher certification. To the extent funds are appropriated for this specific purpose, funds provided under this partnership grant program shall be used solely for school districts, or consortia of school districts, to partner with state-approved higher education teacher preparation programs to provide one or more of three alternative route programs in section 5 of this act, aimed at recruiting candidates to teaching in subject matter shortage areas and areas with shortages due to geographic location. Districts, or consortia of districts, may also include their educational service districts in their partnership grant program. Partnership programs receiving grants may enroll candidates as early as January 2002.

NEW SECTION.  Sec. 3. (1) Each district or consortia of school districts applying for state funds through this program shall submit a proposal to the Washington professional educator standards board specifying:
(a) The route or routes the partnership program intends to offer and a detailed description of how the routes will be structured and operated by the partnership;
(b) The number of candidates that will be enrolled per route;
(c) An identification, indication of commitment, and description of the role of approved teacher preparation programs that are partnering with the district or consortia of districts;
(d) An assurance of district provision of adequate training for mentor teachers either through participation in a state mentor training academy or district-provided training that meets state-established mentor-training standards specific to the mentoring of alternative route candidates;
(e) An assurance that significant time will be provided for mentor teachers to spend with the alternative route teacher candidates throughout the internship. Partnerships must provide each candidate with intensive classroom mentoring until such time as the candidate demonstrates the competency necessary to manage the classroom with less intensive supervision and guidance from a mentor;
(f) A description of the rigorous screening process for applicants to alternative route programs, including entry requirements specific to each route, as provided in section 5 of this act; and
(g) The design and use of a teacher development plan for each candidate. The plan shall specify the
alternative route coursework and training required of each candidate and shall be developed by comparing the
candidate's prior experience and coursework with the state's new performance-based standards for residency
certification and adjusting any requirements accordingly. The plan may include the following components:

(i) A minimum of one-half of a school year, and an additional significant amount of time if necessary, of
intensive mentorship, starting with full-time mentoring and progressing to increasingly less intensive monitoring
and assistance as the intern demonstrates the skills necessary to take over the classroom with less intensive
support. For route one and two candidates, before the supervision is diminished, the mentor of the teacher
candidate at the school and the supervisor of the teacher candidate from the higher education teacher preparation
program must both agree that the teacher candidate is ready to manage the classroom with less intensive
supervision. For route three candidates, the mentor of the teacher candidate shall make the decision;

(ii) Identification of performance indicators based on the knowledge and skills standards required for
residency certification by the state board of education;

(iii) Identification of benchmarks that will indicate when the standard is met for all performance
indicators;

(iv) A description of strategies for assessing candidate performance on the benchmarks;

(v) Identification of one or more tools to be used to assess a candidate's performance once the candidate
has been in the classroom for about one-half of a school year; and

(vi) A description of the criteria that would result in residency certification after about one-half of a
school year but before the end of the program.

(2) Districts may apply for program funds to pay stipends to both mentor teachers and interns during their
mentored internship. For both intern stipends and accompanying mentor stipends, the per intern district request
for funds may not exceed the amount designated by the BA+0 cell on the statewide teacher salary allocation
schedule. This amount shall be prorated for internships and mentorships that last less than a full school year.
Interns in the program for a full year shall be provided a stipend of at least eighty percent of the amount
generated by the BA+0 cell on the statewide teacher salary allocation schedule. This amount shall be prorated
for internships that last less than a full school year.

NEW SECTION.  Sec. 4.  (1) The professional educator standards board, with support from the office
of the superintendent of public instruction, shall select school districts and consortia of school districts to receive
partnership grants from funds appropriated by the legislature for this purpose. Factors to be considered in
selecting proposals include:

(a) The degree to which the district, or consortia of districts in partnership, are currently experiencing
teacher shortages;

(b) The degree to which the proposal addresses criteria specified in section 3 of this act and is in keeping
with specifications of program routes in section 5 of this act;

(c) The cost-effectiveness of the proposed program; and

(d) Any demonstrated district and in-kind contributions to the program.

(2) Selection of proposals shall also take into consideration the need to ensure an adequate number of
candidates for each type of route in order to evaluate their success.

(3) Funds appropriated for the partnership grant program in this chapter shall be administered by the
office of the superintendent of public instruction.

NEW SECTION.  Sec. 5.  Partnership grants funded under this chapter shall operate one to three
specific route programs. Successful completion of the program shall make a candidate eligible for residency
teacher certification. For route one and two candidates, the mentor of the teacher candidate at the school and the
supervisor of the teacher candidate from the higher education teacher preparation program must both agree that
the teacher candidate has successfully completed the program. For route three candidates, the mentor of the
teacher candidate shall make the determination that the candidate has successfully completed the program.

(1) Partnership grant programs seeking funds to operate route one programs shall enroll currently
employed classified instructional employees with transferable associate degrees seeking residency teacher
certification with endorsements in special education, bilingual education, or English as a second language. It is
anticipated that candidates enrolled in this route will complete both their baccalaureate degree and requirements for residency certification in two years or less, including a mentored internship to be completed in the final year. In addition, partnership programs shall uphold entry requirements for candidates that include:

(a) District or building validation of qualifications, including three years of successful student interaction and leadership as a classified instructional employee;

(b) Successful passage of the statewide basic skills exam, when available; and

(c) Meeting the age, good moral character, and personal fitness requirements adopted by rule for teachers.

(2) Partnership grant programs seeking funds to operate route two programs shall enroll currently employed classified staff with baccalaureate degrees seeking residency teacher certification in subject matter shortage areas and areas with shortages due to geographic location. Candidates enrolled in this route must complete a mentored internship complemented by flexibly scheduled training and coursework offered at a local site, such as a school or educational service district, or online or via video-conference over the K-20 network, in collaboration with the partnership program's higher education partner. In addition, partnership grant programs shall uphold entry requirements for candidates that include:

(a) District or building validation of qualifications, including three years of successful student interaction and leadership as classified staff;

(b) A baccalaureate degree from a regionally accredited institution of higher education. The individual's college or university grade point average may be considered as a selection factor;

(c) Successful completion of the content test, once the state content test is available;

(d) Meeting the age, good moral character, and personal fitness requirements adopted by rule for teachers; and

(e) Successful passage of the statewide basic skills exam, when available.

(3) Partnership grant programs seeking funds to operate route three programs shall enroll individuals with baccalaureate degrees, who are not employed in the district at the time of application, or who hold emergency substitute certificates. When selecting candidates for certification through route three, districts shall give priority to individuals who are seeking residency teacher certification in subject matter shortage areas or shortages due to geographic locations. For route three only, the districts may include additional candidates in nonshortage subject areas if the candidates are seeking endorsements with a secondary grade level designation as defined by rule by the state board of education. The districts shall disclose to candidates in nonshortage subject areas available information on the demand in those subject areas. Cohorts of candidates for this route shall attend an intensive summer teaching academy, followed by a full year employed by a district in a mentored internship, followed, if necessary by a second summer teaching academy. In addition, partnership programs shall uphold entry requirements for candidates that include:

(a) Five years' experience in the work force;

(b) A baccalaureate degree from a regionally accredited institution of higher education. The individual's grade point average may be considered as a selection factor;

(c) Successful completion of the content test, once the state content test is available;

(d) External validation of qualifications, including demonstrated successful experience with students or children, such as references letters and letters of support from previous employers;

(e) Meeting the age, good moral character, and personal fitness requirements adopted by rule for teachers; and

(f) Successful passage of statewide basic skills exams, when available.

NEW SECTION. Sec. 6. The alternative route conditional scholarship program is created under the following guidelines:

(1) The program shall be administered by the higher education coordinating board. In administering the program, the higher education coordinating board has the following powers and duties:

(a) To adopt necessary rules and develop guidelines to administer the program;

(b) To collect and manage repayments from participants who do not meet their service obligations; and

(c) To accept grants and donations from public and private sources for the program.
(2) Participation in the alternative route conditional scholarship program is limited to classified staff in routes one and two of the partnership grant programs under section 5 of this act. The Washington professional educator standards board shall select classified staff to receive conditional scholarships.

(3) In order to receive conditional scholarship awards, recipients shall be accepted and maintain enrollment in alternative certification routes through the partnership grant program, as provided in section 5 of this act. Recipients must continue to make satisfactory progress towards completion of the alternative route certification program and receipt of a residency teaching certificate.

(4) For the purpose of this chapter, a conditional scholarship is a loan that is forgiven in whole or in part in exchange for service as a certificated teacher employed in a Washington state K-12 public school. The state shall forgive one year of loan obligation for every two years a recipient teaches in a public school. Recipients that fail to continue a course of study leading to residency teacher certification or cease to teach in a public school in the state of Washington in their endorsement area are required to repay the remaining loan principal with interest.

(5) Recipients who fail to fulfill the required teaching obligation are required to repay the remaining loan principal with interest and any other applicable fees. The higher education coordinating board shall adopt rules to define the terms for repayment, including applicable interest rates, fees, and deferments.

(6) To the extent funds are appropriated for this specific purpose, the annual amount of the scholarship is the annual cost of tuition for the alternative route certification program in which the recipient is enrolled, not to exceed four thousand dollars. The board may adjust the annual award by the average rate of resident undergraduate tuition and fee increases at the state universities as defined in RCW 28B.10.016.

(7) The higher education coordinating board may deposit all appropriations, collections, and any other funds received for the program in this chapter in the student loan account authorized in RCW 28B.102.060.

NEW SECTION. Sec. 7. This chapter expires June 30, 2005.

NEW SECTION. Sec. 8. The Washington state institute for public policy shall submit to the education and fiscal committees of the legislature, the governor, the state board of education, and the Washington professional educator standards board, an interim evaluation of partnership grant programs funded under this chapter by December 1, 2002, and a final evaluation by December 1, 2004. If specific funding for the purposes of this section, referencing this section and this act by bill or chapter number, is not provided by June 30, 2001, in the omnibus appropriations act, this section is null and void.

NEW SECTION. Sec. 9. Sections 1 through 8 and 10 of this act constitute a new chapter in Title 28A RCW.

NEW SECTION. Sec. 10. School districts or approved private schools' ability to employ personnel under certification for emergency or temporary, substitute, or provisional duty as authorized by chapter 28A.410 RCW are not affected by the provisions of this act."

On page 1, line 2 of the title, after "certification;" strike the remainder of the title and insert "adding a new chapter to Title 28A RCW; creating a new section; and providing an expiration date."

SENATE AMENDMENTS TO HOUSE BILL

April 4, 2001

Mr. Speakers:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1680, with the following amendments(s)

Strike everything after the enacting clause and insert the following:

"NEW SECTION.  Sec. 1.  The legislature finds and declares that a contracting procedure that
facilitates construction of transportation facilities in a more timely manner may occasionally be necessary to ensure that construction can proceed simultaneously with the design of the facility. The legislature further finds that the design-build process and other alternative project delivery concepts achieve the goals of time savings and avoidance of costly change orders.

The legislature finds and declares that a 2001 audit, conducted by Talbot, Korvola & Warwick, examining the Washington state ferries' capital program resulted in a recommendation for improvements and changes in auto ferry procurement processes. The auditors recommended that auto ferries be procured through use of a modified request for proposals process whereby the prevailing shipbuilder and Washington state ferries engage in a design and build partnership. This process promotes ownership of the design by the shipbuilder while using the department of transportation's expertise in ferry design and operations. Alternative processes like design-build partnerships can promote innovation and create competitive incentives that increase the likelihood of finishing projects on time and within the budget.

The purpose of this act is to authorize the department's use of a modified request for proposals process for procurement of auto ferries, and to prescribe appropriate requirements and criteria to ensure that contracting procedures for this procurement process serve the public interest.

NEW SECTION. Sec. 2. A new section is added to chapter 47.20 RCW to read as follows:

The department of transportation shall develop a process for awarding competitively bid highway construction contracts for projects over ten million dollars that may be constructed using a design-build procedure. As used in this section and section 3 of this act, "design-build procedure" means a method of contracting under which the department of transportation contracts with another party for the party to both design and build the structures, facilities, and other items specified in the contract.

The process developed by the department must, at a minimum, include the scope of services required under the design-build procedure, contractor prequalification requirements, criteria for evaluating technical information and project costs, contractor selection criteria, and issue resolution procedures. In addition, the department should provide methods by which public employees may participate in the design-build process. This section expires April 30, 2008.

NEW SECTION. Sec. 3. A new section is added to chapter 47.20 RCW to read as follows:

The department of transportation may use the design-build procedure for public works projects over ten million dollars where:

(1) The construction activities are highly specialized and a design-build approach is critical in developing the construction methodology; or

(2) The projects selected provide opportunity for greater innovation and efficiencies between the designer and the builder; or

(3) Significant savings in project delivery time would be realized.

This section expires April 30, 2008.

NEW SECTION. Sec. 4. A new section is added to chapter 47.60 RCW to read as follows:

(1) The department may purchase new auto ferries through use of a modified request for proposals process whereby the prevailing shipbuilder and the department engage in a design and build partnership for the design and construction of the auto ferries. The process consists of the three phases described in subsection (2) of this section.

(2) The definitions in this subsection apply throughout sections 5 through 10 of this act.

(a) "Phase one" means the evaluation and selection of proposers to participate in development of technical proposals in phase two.

(b) "Phase two" means the preparation of technical proposals by the selected proposers in consultation with the department.

(c) "Phase three" means the submittal and evaluation of bids, the award of the contract to the successful proposer, and the design and construction of the auto ferries.
NEW SECTION. Sec. 5. A new section is added to chapter 47.60 RCW to read as follows:

To commence the request for proposals process, the department shall publish a notice of its intent once a week for at least two consecutive weeks in at least one trade paper and one other paper, both of general circulation in the state. The notice must contain, but is not limited to, the following information:

1. The number of auto ferries to be procured, the auto and passenger capacities, the delivery dates, and the estimated price range for the contract;
2. A statement that a modified request for proposals design and build partnership will be used in the procurement process;
3. A short summary of the requirements for prequalification of proposers including a statement that prequalification is a prerequisite to submittal of a proposal in phase one; and
4. An address and telephone number that may be used to obtain a prequalification questionnaire and the request for proposals.

NEW SECTION. Sec. 6. A new section is added to chapter 47.60 RCW to read as follows:

Subject to legislative appropriation for the procurement of vessels, the department shall issue a request for proposals to interested parties that must include, at least, the following:

1. Solicitation of a proposal to participate in a design and build partnership with the department to design and construct the auto ferries;
2. Instructions on the prequalification process and procedures;
3. A description of the modified request for proposals process. Under this process, the department may modify any component of the request for proposals, including the outline specifications by addendum at any time before the submittal of bids in phase three;
4. A description of the design and build partnership process to be used for procurement of the vessels;
5. Outline specifications that provide the requirements for the vessels including, but not limited to, items such as length, beam, displacement, speed, propulsion requirements, capacities for autos and passengers, passenger space characteristics, and crew size. The department will produce notional line drawings depicting hull geometry that will interface with Washington state ferries terminal facilities. Notional lines may be modified in phase two, subject to approval by the department;
6. Instructions for the development of technical proposals in phase two, and information regarding confidentiality of technical proposals;
7. The vessel delivery schedule, identification of the port on Puget Sound where delivery must take place, and the location where acceptance trials must be held;
8. The estimated price range for the contract;
9. The form and amount of the required bid deposit and contract security;
10. A copy of the contract that will be signed by the successful proposer;
11. The date by which proposals in phase one must be received by the department in order to be considered;
12. A description of information to be submitted in the proposals in phase one concerning each proposer's qualifications, capabilities, and experience;
13. A statement of the maximum number of proposers that may be selected in phase one for development of technical proposals in phase two;
14. Criteria that will be used for the phase one selection of proposers to participate in the phase two development of technical proposals;
15. A description of the process that will be used for the phase three submittal and evaluation of bids, award of the contract, and postaward administrative activities;
16. A requirement that the contractor comply with all applicable laws, rules, and regulations including but not limited to those pertaining to the environment, worker health and safety, and prevailing wages;
17. A requirement that the vessels be constructed within the boundaries of the state of Washington except that equipment furnished by the state and components, products, and systems that are standard manufactured items are not subject to the in-state requirement under this subsection. For the purposes of this subsection, "constructed" means the fabrication by the joining together by welding or fastening of all steel parts.
from which the total vessel is constructed, including, but not limited to, all shell frames, longitudinals, bulkheads, webs, piping runs, wire ways, and ducting. "Constructed" also means the installation of all components and systems, including, but not limited to, equipment and machinery, castings, electrical, electronics, deck covering, lining, paint, and joiner work required by the contract. "Constructed" also means the interconnection of all equipment, machinery, and services, such as piping, wiring, and ducting; and

(18) A requirement that all warranty work on the vessel must be performed within the boundaries of the state of Washington, insofar as practical.

NEW SECTION. Sec. 7. A new section is added to chapter 47.60 RCW to read as follows:

Phase one of the request for proposals process consists of evaluation and selection of prequalified proposers to participate in subsequent development of technical proposals in phase two, as follows:

(1) The department shall issue a request for proposals to interested parties.
(2) The request for proposals must require that each proposer prequalify for the contract under chapter 468-310 WAC, except that the department may adopt rules for the financial prequalification of proposers for this specific contract only. The department shall modify the financial prequalification rules in chapter 468-310 WAC in order to maximize competition among financially capable and otherwise qualified proposers. In adopting these rules, the department shall consider factors including, without limitation: (a) Shipyard resources in Washington state; (b) the cost to design and construct multiple vessels under a single contract without options; and (c) the sequenced delivery schedule for the vessels.
(3) The department may use some, or all, of the nonfinancial prequalification factors as part of the evaluation factors in phase one to enable the department to select a limited number of best qualified proposers to participate in development of technical proposals in phase two.
(4) The department shall evaluate submitted proposals in accordance with the selection criteria established in the request for proposals. Selection criteria may include, but are not limited to, the following:
   (a) Shipyard facilities;
   (b) Organization components;
   (c) Design capability;
   (d) Build strategy;
   (e) Experience and past performance;
   (f) Ability to meet vessel delivery dates;
   (g) Projected workload; and
   (h) Expertise of project team and other key personnel.
(5) Upon concluding its evaluation of proposals, the department shall select the best qualified proposers in accordance with the request for proposals. The selected proposers must participate in development of technical proposals. Selection must be made in accordance with the selection criteria stated in the request for proposals. All proposers must be ranked in order of preference as derived from the same selection criteria.

NEW SECTION. Sec. 8. A new section is added to chapter 47.60 RCW to read as follows:

Phase two of the request for proposals process consists of preparation of technical proposals in consultation with the department, as follows:

(1) The development of technical proposals in compliance with the detailed instructions provided in the request for proposals, including the outline specifications, and any addenda to them. Technical proposals must include the following:
   (a) Design and specifications sufficient to fully depict the ferries' characteristics and identify installed equipment;
   (b) Drawings showing arrangements of equipment and details necessary for the proposer to develop a firm, fixed price bid;
   (c) Project schedule including vessel delivery dates; and
   (d) Other appropriate items.
(2) The department shall conduct periodic reviews with each of the selected proposers to consider and critique their designs, drawings, and specifications. These reviews must be held to ensure that technical
proposals meet the department's requirements and are responsive to the critiques conducted by the department during the development of technical proposals.

(3) If, as a result of the periodic technical reviews or otherwise, the department determines that it is in the best interests of the department to modify any element of the request for proposals, including the outline specifications, it shall do so by written addenda to the request for proposals.

(4) Proposers must submit final technical proposals for approval that include design, drawings, and specifications at a sufficient level of detail to fully depict the ferries' characteristics and identify installed equipment, and to enable a proposer to deliver a firm, fixed price bid to the department. The department shall reject final technical proposals that modify, fail to conform to, or are not fully responsive to and in compliance with the requirements of the request for proposals, including the outline specifications, as amended by addenda.

NEW SECTION. Sec. 9. A new section is added to chapter 47.60 RCW to read as follows:
Phase three consists of the submittal and evaluation of bids and the award of the contract to the successful proposer for the final design and construction of the auto ferries, as follows:

(1) The department shall request bids for detailed design and construction of the vessels after completion of the review of technical proposals in phase two. The department will review detailed design drawings in phase three for conformity with the technical proposals submitted in phase two. In no case may the department's review replace the builder's responsibility to deliver a product meeting the phase two technical proposal. The department may only consider bids from selected proposers that have qualified to bid by submitting technical proposals that have been approved by the department.

(2) Each qualified proposer must submit its total bid price for all vessels, including certification that the bid is based upon its approved technical proposal and the request for proposals.

(3) Bids constitute an offer and remain open for ninety days from the date of the bid opening. A deposit in cash, certified check, cashier's check, or surety bond in an amount specified in the request for proposals must accompany each bid and no bid may be considered unless the deposit is enclosed.

(4) The department shall evaluate the submitted bids. Upon completing the bid evaluation, the department may select the responsive and responsible proposer that offers the lowest total bid price for all vessels.

(5) The department may waive informalities in the proposal and bid process, accept a bid from the lowest responsive and responsible proposer, reject any or all bids, republish, and revise or cancel the request for proposals to serve the best interests of the department.

(6) The department may:
(a) Award the contract to the proposer that has been selected as the responsive and responsible proposer that has submitted the lowest total bid price;
(b) If a contract cannot be signed with the apparent successful proposer, award the contract to the next lowest responsive and responsible proposer; or
(c) If necessary, repeat this procedure with each responsive and responsible proposer in order of rank until the list of those proposers has been exhausted.

(7) If the department awards a contract to a proposer under this section, and the proposer fails to enter into the contract and furnish satisfactory contract security as required by chapter 39.08 RCW within twenty days from the date of award, its deposit is forfeited to the state and will be deposited by the state treasurer to the credit of the Puget Sound capital construction account. Upon the execution of a ferry design and construction contract all proposal deposits will be returned.

(8) The department may provide an honorarium to reimburse each unsuccessful phase three proposer for a portion of its technical proposal preparation costs at a preset, fixed amount to be specified in the request for proposals. If the department rejects all bids, the department may provide the honoraria to all phase three proposers that submitted bids.

NEW SECTION. Sec. 10. A new section is added to chapter 47.60 RCW to read as follows:
(1) The department shall immediately notify those proposers that are not selected to participate in development of technical proposals in phase one and those proposers who submit unsuccessful bids in phase
three.

(2) The department's decision is conclusive unless an aggrieved proposer files an appeal with the superior court of Thurston county within five days after receiving notice of the department's award decision. The court shall hear any such appeal on the department's administrative record for the project. The court may affirm the decision of the department, or it may reverse or remand the administrative decision if it determines the action of the department was arbitrary and capricious."

In line 1 of the title, after "works;" strike the remainder of the title and insert "adding new sections to chapter 47.20 RCW; adding new sections to chapter 47.60 RCW; creating a new section; and providing expiration dates."

There being no objection, the House refused to concur in the Senate Amendment(s) to Substitute House Bill No. 1680 and asked the Senate to recede therefrom.

There being no objection, the House refused to concur in the Senate Amendment(s) to Substitute House Bill No. 1717 and asked the Senate to recede therefrom.
The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1041, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION.  Sec. 1. The legislature finds that unlawful harassment directed at a child by a person under the age of eighteen is not acceptable and can have serious consequences. The legislature further finds that some interactions between minors, such as "schoolyard scuffles," though not to be condoned, may not rise to the level of unlawful harassment. It is the intent of the legislature that a protection order sought by the parent or guardian of a child as provided for in this chapter be available only when the alleged behavior of the person under the age of eighteen to be restrained rises to the level set forth in chapter 10.14 RCW.

Sec. 2. RCW 10.14.020 and 1999 c 27 s 4 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Unlawful harassment" means a knowing and willful course of conduct directed at a specific person which seriously alarms, annoys, harasses, or is detrimental to such person, and which serves no legitimate or lawful purpose. The course of conduct shall be such as would cause a reasonable person to suffer substantial emotional distress, and shall actually cause substantial emotional distress to the petitioner, or, when the course of conduct (contact by a person over age eighteen that)) would cause a reasonable parent to fear for the well-being of their child.

(2) "Course of conduct" means a pattern of conduct composed of a series of acts over a period of time, however short, evidencing a continuity of purpose. "Course of conduct" includes, in addition to any other form of communication, contact, or conduct, the sending of an electronic communication. Constitutionally protected activity is not included within the meaning of "course of conduct."

Sec. 3. RCW 10.14.040 and 1995 c 292 s 2 and 1995 c 127 s 2 are each reenacted and amended to read as follows:

There shall exist an action known as a petition for an order for protection in cases of unlawful harassment.

(1) A petition for relief shall allege the existence of harassment and shall be accompanied by an affidavit made under oath stating the specific facts and circumstances from which relief is sought.

(2) A petition for relief may be made regardless of whether or not there is a pending lawsuit, complaint, petition, or other action between the parties.

(3) All court clerks' offices shall make available simplified forms and instructional brochures. Any assistance or information provided by clerks under this section does not constitute the practice of law and clerks are not responsible for incorrect information contained in a petition.

(4) Filing fees are set in RCW 36.18.020, but no filing fee may be charged for a petition filed in an existing action or under an existing cause number brought under this chapter in the jurisdiction where the relief is sought. Forms and instructional brochures shall be provided free of charge.

(5) A person is not required to post a bond to obtain relief in any proceeding under this section.

(6) The parent or guardian of a child under age eighteen may petition for an order of protection to restrain a person (over) age eighteen years or over from contact with that child upon a showing that contact with the person to be enjoined is detrimental to the welfare of the child.

(7) The parent or guardian of a child under the age of eighteen may petition in superior court for an order of protection to restrain a person under the age of eighteen years from contact with that child only in cases where the person to be restrained has been adjudicated of an offense against the child protected by the order, or is under
investigation or has been investigated for such an offense. In issuing a protection order under this subsection, the court shall order that the person restrained in the order may not attend the public or approved private elementary, middle, or high school attended by the person under the age of eighteen years protected by the order. The parents or legal guardians of the person restrained in the order are responsible for transportation and other costs associated with the change of school by the person restrained in the order. The court shall send notice of the restriction on attending the same school as the person protected by the order to the public or approved private school the person restrained by the order will attend and to the school the person protected by the order attends.

Sec. 4. RCW 10.14.120 and 1989 c 373 s 14 are each amended to read as follows:

Any willful disobedience by (the respondent) a respondent age eighteen years or over of any temporary antiharassment protection order or civil antiharassment protection order issued under this chapter subjects the respondent to criminal penalties under this chapter. Any respondent age eighteen years or over who willfully disobeys the terms of any order issued under this chapter may also, in the court's discretion, be found in contempt of court and subject to penalties under chapter 7.21 RCW. Any respondent under the age of eighteen years who willfully disobeys the terms of an order issued under this chapter may, in the court's discretion, be found in contempt of court and subject to the sanction specified in RCW 7.21.030(4).

Sec. 5. RCW 10.14.170 and 1987 c 280 s 17 are each amended to read as follows:

Any respondent age eighteen years or over who willfully disobeys any civil antiharassment protection order issued pursuant to this chapter shall be guilty of a gross misdemeanor.

Sec. 6. RCW 7.21.030 and 1998 c 296 s 36 are each amended to read as follows:

(1) The court may initiate a proceeding to impose a remedial sanction on its own motion or on the motion of a person aggrieved by a contempt of court in the proceeding to which the contempt is related. Except as provided in RCW 7.21.050, the court, after notice and hearing, may impose a remedial sanction authorized by this chapter.

(2) If the court finds that the person has failed or refused to perform an act that is yet within the person's power to perform, the court may find the person in contempt of court and impose one or more of the following remedial sanctions:

(a) Imprisonment if the contempt of court is of a type defined in RCW 7.21.010(1) (b) through (d). The imprisonment may extend only so long as it serves a coercive purpose.

(b) A forfeiture not to exceed two thousand dollars for each day the contempt of court continues.

(c) An order designed to ensure compliance with a prior order of the court.

(d) Any other remedial sanction other than the sanctions specified in (a) through (c) of this subsection if the court expressly finds that those sanctions would be ineffectual to terminate a continuing contempt of court.

(e) In cases under chapters 13.32A, 13.34, and 28A.225 RCW, commitment to juvenile detention for a period of time not to exceed seven days. This sanction may be imposed in addition to, or as an alternative to, any other remedial sanction authorized by this chapter. This remedy is specifically determined to be a remedial sanction.

(3) The court may, in addition to the remedial sanctions set forth in subsection (2) of this section, order a person found in contempt of court to pay a party for any losses suffered by the party as a result of the contempt and any costs incurred in connection with the contempt proceeding, including reasonable attorney's fees.

(4) If the court finds that a person under the age of eighteen years has willfully disobeyed the terms of an order issued under chapter 10.14 RCW, the court may find the person in contempt of court and may, as a sole sanction for such contempt, commit the person to juvenile detention for a period of time not to exceed seven days."

SENATE AMENDMENTS TO HOUSE BILL

April 18, 2001

Mr. Speakers:

The Senate receded from the amendment 1062 AAS 04/06/01 S-2618.2 by Senators Costa, Kline and Long to HOUSE BILL NO. 1062. Under suspension of the rules HOUSE BILL NO. 1062, was returned to second reading for purposes of amendment. The Senate adopted amendment 1062 AAS 04/18/01 S-2697.1, and passed the bill as amended by the Senate.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.101.010 and 1981 c 132 s 2 are each amended to read as follows:
When used in this chapter:
(1) The term "commission" means the Washington state criminal justice training commission.
(2) The term "boards" means the education and training standards boards, the establishment of which are authorized by this chapter.
(3) The term "criminal justice personnel" means any person who serves in a county, city, state, or port commission agency engaged in crime prevention, crime reduction, or enforcement of the criminal law.
(4) The term "law enforcement personnel" means any public employee or volunteer having as a primary function the enforcement of criminal laws in general or any employee or volunteer of, or any individual commissioned by, any municipal, county, state, or combination thereof, agency having as its primary function the enforcement of criminal laws in general as distinguished from an agency possessing peace officer powers, the primary function of which is the implementation of specialized subject matter areas. For the purposes of this subsection "primary function" means that function to which the greater allocation of resources is made.
(5) The term "correctional personnel" means any employee or volunteer who by state, county, municipal, or combination thereof, statute has the responsibility for the confinement, care, management, training, treatment,
education, supervision, or counseling of those individuals whose civil rights have been limited in some way by legal sanction.

(6) A peace officer is "convicted" at the time a plea of guilty has been accepted, or a verdict of guilty or finding of guilt has been filed, notwithstanding the pendency of any future proceedings, including but not limited to sentencing, posttrial or postfact-finding motions and appeals. "Conviction" includes a deferral of sentence and also includes the equivalent disposition by a court in a jurisdiction other than the state of Washington.

(7) "Discharged for disqualifying misconduct" means terminated from employment for: (a) Conviction of (i) any crime committed under color of authority as a peace officer, (ii) any crime involving dishonesty or false statement within the meaning of Evidence Rule 609(a), (iii) the unlawful use or possession of a controlled substance, or (iv) any other crime the conviction of which disqualifies a Washington citizen from the legal right to possess a firearm under state or federal law; (b) conduct that would constitute any of the crimes addressed in (a) of this subsection; or (c) knowingly making materially false statements during disciplinary investigations, where the false statements are the sole basis for the termination.

(8) A peace officer is "discharged for disqualifying misconduct" within the meaning of subsection (7) of this section under the ordinary meaning of the term and when the totality of the circumstances support a finding that the officer resigned in anticipation of discipline, whether or not the misconduct was discovered at the time of resignation, and when such discipline, if carried forward, would more likely than not have led to discharge for disqualifying misconduct within the meaning of subsection (7) of this section.

(9) When used in context of proceedings referred to in this chapter, "final" means that the peace officer has exhausted all available civil service appeals, collective bargaining remedies, and all other such direct administrative appeals, and the officer has not been reinstated as the result of the action. Finality is not affected by the pendency or availability of state or federal administrative or court actions for discrimination, or by the pendency or availability of any remedies other than direct civil service and collective bargaining remedies.

(10) "Peace officer" means any law enforcement personnel subject to the basic law enforcement training requirement of RCW 43.101.200 and any other requirements of that section, notwithstanding any waiver or exemption granted by the commission, and notwithstanding the statutory exemption based on date of initial hire under RCW 43.101.200. Commissioned officers of the Washington state patrol, whether they have been or may be exempted by rule of the commission from the basic training requirement of RCW 43.101.200, are included as peace officers for purposes of this chapter. Fish and wildlife officers with enforcement powers for all criminal laws under RCW 77.12.055 are peace officers for purposes of this chapter.

NEW SECTION. Sec. 2. (1) As a condition of continuing employment as peace officers, all Washington peace officers: (a) Shall timely obtain certification as peace officers, or timely obtain certification or exemption therefrom by meeting all requirements of RCW 43.101.200, as that section is administered under the rules of the commission, as well by meeting any additional requirements under this chapter; and (b) shall maintain the basic certification as peace officers under this chapter. The commission shall certify peace officers who have satisfied, or have been exempted by statute or by rule from, the basic training requirements of RCW 43.101.200 on or before the effective date of this section. Thereafter, the commission may revoke certification pursuant to this chapter.

(2) The commission shall allow a peace officer to retain status as a certified peace officer as long as the officer: (a) Timely meets the basic law enforcement training requirements, or is exempted therefrom, in whole or in part, under RCW 43.101.200 or under rule of the commission; (b) meets or is exempted from any other requirements under this chapter as administered under the rules adopted by the commission; (c) is not denied certification by the commission under this chapter; and (d) has not had certification revoked by the commission.

(3) As a prerequisite to certification, as well as a prerequisite to pursuit of a hearing under section 9 of this act, a peace officer must, on a form devised or adopted by the commission, authorize the release to the commission of his or her personnel files, termination papers, criminal investigation files, or other files, papers, or information that are directly related to a certification matter or decertification matter before the commission.

NEW SECTION. Sec. 3. Upon request by a peace officer's employer or on its own initiative, the commission may deny or revoke certification of any peace officer, after written notice and hearing, if a hearing is
timely requested by the peace officer under section 9 of this act, based upon a finding of one or more of the following conditions:

1. The peace officer has failed to timely meet all requirements for obtaining a certificate of basic law enforcement training, a certificate of basic law enforcement training equivalency, or a certificate of exemption from the training;

2. The peace officer has knowingly falsified or omitted material information on an application for training or certification to the commission;

3. The peace officer has been convicted at any time of a felony offense under the laws of this state or has been convicted of a federal or out-of-state offense comparable to a felony under the laws of this state; except that if a certified peace officer was convicted of a felony before being employed as a peace officer, and the circumstances of the prior felony conviction were fully disclosed to his or her employer before being hired, the commission may revoke certification only with the agreement of the employing law enforcement agency;

4. The peace officer has been discharged for disqualifying misconduct, the discharge is final, and some or all of the acts or omissions forming the basis for the discharge proceedings occurred on or after the effective date of this section;

5. The peace officer's certificate was previously issued by administrative error on the part of the commission; or

6. The peace officer has interfered with an investigation or action for denial or revocation of certificate by: (a) Knowingly making a materially false statement to the commission; or (b) in any matter under investigation by or otherwise before the commission, tampering with evidence or tampering with or intimidating any witness.

NEW SECTION.  Sec. 4.  (1) A person denied a certification based upon dismissal or withdrawal from a basic law enforcement academy for any reason not also involving discharge for disqualifying misconduct is eligible for readmission and certification upon meeting standards established in rules of the commission, which rules may provide for probationary terms on readmission.

(2) A person whose certification is denied or revoked based upon prior administrative error of issuance, failure to cooperate, or interference with an investigation is eligible for certification upon meeting standards established in rules of the commission, rules which may provide for a probationary period of certification in the event of reinstatement of eligibility.

(3) A person whose certification is denied or revoked based upon a felony criminal conviction is not eligible for certification at any time.

(4) A peace officer whose certification is denied or revoked based upon discharge for disqualifying misconduct, but not also based upon a felony criminal conviction, may, five years after the revocation or denial, petition the commission for reinstatement of the certificate or for eligibility for reinstatement.  The commission shall hold a hearing on the petition to consider reinstatement, and the commission may allow reinstatement based upon standards established in rules of the commission.  If the certificate is reinstated or eligibility for certification is determined, the commission may establish a probationary period of certification.

(5) A peace officer whose certification is revoked based solely upon a criminal conviction may petition the commission for reinstatement immediately upon a final judicial reversal of the conviction.  The commission shall hold a hearing on request to consider reinstatement, and the commission may allow reinstatement based on standards established in rules of the commission.  If the certificate is reinstated or if eligibility for certification is determined, the commission may establish a probationary period of certification.

NEW SECTION.  Sec. 5.  A peace officer's certification lapses automatically when there is a break of more than twenty-four consecutive months in the officer's service as a full-time law enforcement officer.  A break in full-time law enforcement service which is due solely to the pendency of direct review or appeal from a disciplinary discharge, or to the pendency of a work-related injury, does not cause a lapse in certification.  The officer may petition the commission for reinstatement of the certificate if the peace officer's certification status is to be reinstated, and the commission shall also
determine any requirements which the officer must meet for reinstatement. The commission may adopt rules establishing requirements for reinstatement.

NEW SECTION. Sec. 6. Upon termination of a peace officer for any reason, including resignation, the agency of termination shall, within fifteen days of the termination, notify the commission on a personnel action report form provided by the commission. The agency of termination shall, upon request of the commission, provide such additional documentation or information as the commission deems necessary to determine whether the termination provides grounds for revocation under section 3 of this act. The commission shall maintain these notices in a permanent file, subject to section 12 of this act.

NEW SECTION. Sec. 7. In addition to its other powers granted under this chapter, the commission has authority and power to:

1. Adopt, amend, or repeal rules as necessary to carry out this chapter;
2. Issue subpoenas and administer oaths in connection with investigations, hearings, or other proceedings held under this chapter;
3. Take or cause to be taken depositions and other discovery procedures as needed in investigations, hearings, and other proceedings held under this chapter;
4. Appoint members of a hearings board as provided under section 10 of this act;
5. Enter into contracts for professional services determined by the commission to be necessary for adequate enforcement of this chapter;
6. Grant, deny, or revoke certification of peace officers under the provisions of this chapter;
7. Designate individuals authorized to sign subpoenas and statements of charges under the provisions of this chapter; and
8. Employ such investigative, administrative, and clerical staff as necessary for the enforcement of this chapter.

NEW SECTION. Sec. 8. A law enforcement officer or duly authorized representative of a law enforcement agency may submit a written complaint to the commission charging that a peace officer's certificate should be denied or revoked, and specifying the grounds for the charge. Filing a complaint does not make a complainant a party to the commission's action. The commission has sole discretion whether to investigate a complaint, and the commission has sole discretion whether to investigate matters relating to certification, denial of certification, or revocation of certification on any other basis, without restriction as to the source or the existence of a complaint. A person who files a complaint in good faith under this section is immune from suit or any civil action related to the filing or the contents of the complaint.

NEW SECTION. Sec. 9. (1) If the commission determines, upon investigation, that there is probable cause to believe that a peace officer's certification should be denied or revoked under section 3 of this act, the commission must prepare and serve upon the officer a statement of charges. Service on the officer must be by mail or by personal service on the officer. Notice of the charges must also be mailed to or otherwise served upon the officer's agency of termination and any current law enforcement agency employer. The statement of charges must be accompanied by a notice that to receive a hearing on the denial or revocation, the officer must, within sixty days of communication of the statement of charges, request a hearing before the hearings board appointed under section 10 of this act. Failure of the officer to request a hearing within the sixty-day period constitutes a default, whereupon the commission may enter an order under RCW 34.05.440.

(2) If a hearing is requested, the date of the hearing must be scheduled not earlier than ninety days nor later than one hundred eighty days after communication of the statement of charges to the officer; the one hundred eighty day period may be extended on mutual agreement of the parties or for good cause. The commission shall give written notice of hearing at least twenty days prior to the hearing, specifying the time, date, and place of hearing.

NEW SECTION. Sec. 10. (1) The procedures governing adjudicative proceedings before agencies
under chapter 34.05 RCW, the administrative procedure act, govern hearings before the commission and govern all other actions before the commission unless otherwise provided in this chapter. The standard of proof in actions before the commission is clear, cogent, and convincing evidence.

(2) On all appeals brought under section 9 of this act, a five-member hearings panel shall both hear the case and make the commission's final administrative decision. Members of the commission or the board on law enforcement training standards and education may but need not be appointed to the hearings panels. The commission shall appoint as follows two or more panels to hear appeals from decertification actions:

(a) When an appeal is filed in relation to decertification of a Washington peace officer who is not a peace officer of the Washington state patrol, the commission shall appoint to the panel: (i) One police chief; (ii) one sheriff; (iii) two peace officers who are at or below the level of first line supervisor, who are from city or county law enforcement agencies, and who have at least ten years' experience as peace officers; and (iv) one person who is not currently a peace officer and who represents a community college or four-year college or university.

(b) When an appeal is filed in relation to decertification of a peace officer of the Washington state patrol, the commission shall appoint to the panel: (i) Either one police chief or one sheriff; (ii) one administrator of the state patrol; (iii) one peace officer who is at or below the level of first line supervisor, who is from a city or county law enforcement agency, and who has at least ten years' experience as a peace officer; (iv) one state patrol officer who is at or below the level of first line supervisor, and who has at least ten years' experience as a peace officer; and (v) one person who is not currently a peace officer and who represents a community college or four-year college or university.

(c) Persons appointed to hearings panels by the commission shall, in relation to any decertification matter on which they sit, have the powers, duties, and immunities, and are entitled to the emoluments, including travel expenses in accordance with RCW 43.03.050 and 43.03.060, of regular commission members.

(3) Where the charge upon which revocation or denial is based is that a peace officer was "discharged for disqualifying misconduct," and the discharge is "final," within the meaning of section 3(4) of this act, and the officer received a civil service hearing or arbitration hearing culminating in an affirming decision following separation from service by the employer, the hearings panel may revoke or deny certification if the hearings panel determines that the discharge occurred and was based on disqualifying misconduct; the hearings panel need not redetermine the underlying facts but may make this determination based solely on review of the records and decision relating to the employment separation proceeding. However, the hearings panel may, in its discretion, consider additional evidence to determine whether such a discharge occurred and was based on such disqualifying misconduct. The hearings panel shall, upon written request by the subject peace officer, allow the peace officer to present additional evidence of extenuating circumstances.

Where the charge upon which revocation or denial of certification is based is that a peace officer "has been convicted at any time of a felony offense" within the meaning of section 3(3) of this act, the hearings panel shall revoke or deny certification if it determines that the peace officer was convicted of a felony. The hearings panel need not redetermine the underlying facts but may make this determination based solely on review of the records and decision relating to the criminal proceeding. However, the hearings panel shall, upon the panel's determination of relevancy, consider additional evidence to determine whether the peace officer was convicted of a felony.

Where the charge upon which revocation or denial is based is under section 3(1), (2), (5), or (6) of this act, the hearings panel shall determine the underlying facts relating to the charge upon which revocation or denial of certification is based.

(4) The commission's final administrative decision is subject to judicial review under RCW 34.05.510 through 34.05.598.

NEW SECTION. Sec. 11. The commission, its boards, and individuals acting on behalf of the commission and its boards are immune from suit in any civil or criminal action contesting or based upon proceedings or other official acts performed in the course of their duties in the administration and enforcement of this chapter.

NEW SECTION. Sec. 12. (1) Except as provided under subsection (2) of this section, the following
records of the commission are confidential and exempt from public disclosure: (a) The contents of personnel action reports filed under section 6 of this act; (b) all files, papers, and other information obtained by the commission pursuant to section 2(3) of this act; and (c) all investigative files of the commission compiled in carrying out the responsibilities of the commission under this chapter. Such records are not subject to public disclosure, subpoena, or discovery proceedings in any civil action, except as provided in subsection (5) of this section.

(2) Records which are otherwise confidential and exempt under subsection (1) of this section may be reviewed and copied: (a) By the officer involved or the officer's counsel or authorized representative, who may review the officer's file and may submit any additional exculpatory or explanatory evidence, statements, or other information, any of which must be included in the file; (b) by a duly authorized representative of (i) the agency of termination, or (ii) a current employing law enforcement agency, which may review and copy its employee-officer's file; or (c) by a representative of or investigator for the commission.

(3) Records which are otherwise confidential and exempt under subsection (1) of this section may also be inspected at the offices of the commission by a duly authorized representative of a law enforcement agency considering an application for employment by a person who is the subject of a record. A copy of records which are otherwise confidential and exempt under subsection (1) of this section may later be obtained by an agency after it hires the applicant. In all other cases under this subsection, the agency may not obtain a copy of the record.

(4) Upon a determination that a complaint is without merit, that a personnel action report filed under section 6 of this act does not merit action by the commission, or that a matter otherwise investigated by the commission does not merit action, the commission shall purge records addressed in subsection (1) of this section.

(5) The hearings, but not the deliberations, of the hearings board are open to the public. The transcripts, admitted evidence, and written decisions of the hearings board on behalf of the commission are not confidential or exempt from public disclosure, and are subject to subpoena and discovery proceedings in civil actions.

(6) Every individual, legal entity, and agency of federal, state, or local government is immune from civil liability, whether direct or derivative, for providing information to the commission in good faith.

NEW SECTION.  Sec. 13. Sections 2 through 12 and 14 of this act are each added to chapter 43.101 RCW.

NEW SECTION.  Sec. 14. This act takes effect January 1, 2002."

On page 1, line 1 of the title, after "officers;" strike the remainder of the title and insert "amending RCW 43.101.010; adding new sections to chapter 43.101 RCW; and providing an effective date."

April 18, 2001

Mr. Speakers:

The Senate receded from the amendment by Committee on Ways and Means to HOUSE BILL NO. 2126. Under suspension of the rules HOUSE BILL NO. 2126 was returned to second reading for purpose of amendment. The Senate adopted amendment 2126 AAS 04/18/01 S-2704.1 and passed the bill as amended by the Senate.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 28B.95.020 and 2000 c 14 s 1 are each amended to read as follows:

The definitions in this section apply throughout this chapter, unless the context clearly requires otherwise.

(1) "Academic year" means the regular nine-month, three-quarter, or two-semester period annually occurring between July 1st and June 30th.

(2) "Account" means the Washington advanced college tuition payment program account established for the deposit of all money received by the board from eligible purchasers and interest earnings on investments of funds in the account, as well as for all expenditures on behalf of eligible beneficiaries for the redemption of tuition units and for the development of any authorized college savings program pursuant to section 2 of this act.

(3) "Board" means the higher education coordinating board as defined in chapter 28B.80 RCW.

(4) "Committee on advanced tuition payment" or "committee" means a committee of the following members: The state treasurer, the director of the office of financial management, the executive director of the higher education coordinating board, or their designees, and two members to be appointed by the governor, one representing program participants and one private business representative with marketing, public relations, or financial expertise.

(5) "Governing body" means the committee empowered by the legislature to administer the Washington advanced college tuition payment program.

(6) "Contractual obligation" means a legally binding contract of the state with the purchaser and the beneficiary establishing that purchases of tuition units will be worth the same number of tuition units at the time of redemption as they were worth at the time of the purchase.

(7) "Eligible beneficiary" means the person for whom the tuition unit will be redeemed for attendance at an institution of higher education. The beneficiary is that person named by the purchaser at the time that a tuition unit contract is accepted by the governing body. With the exception of tuition unit contracts purchased..."
by qualified organizations as future scholarships, the beneficiary must reside in the state of Washington or otherwise be a resident of the state of Washington at the time the tuition unit contract is accepted by the governing body.

(8) "Eligible purchaser" means an individual or organization that has entered into a tuition unit contract with the governing body for the purchase of tuition units for an eligible beneficiary.

(9) "Full-time tuition charges" means resident tuition charges at a state institution of higher education for enrollments between ten credits and eighteen credit hours per academic term.

(14) "Tuition unit contract" means a contract between an eligible purchaser and the governing body, or a successor agency appointed for administration of this chapter, for the purchase of tuition units for a specified beneficiary that may be redeemed at a later date for an equal number of tuition units.

(15) "Unit purchase price" means the minimum cost to purchase one tuition unit for an eligible beneficiary. Generally, the minimum purchase price is one percent of the undergraduate weighted average tuition and fees for the current year, rounded to the nearest whole dollar, adjusted for the costs of administration and adjusted to ensure the actuarial soundness of the account. The analysis for price setting shall also include, but not be limited to consideration of past and projected patterns of tuition increases, program liability, past and projected investment returns, and the need for a prudent stabilization reserve.

(16) "Weighted average tuition" shall be calculated as the sum of the undergraduate tuition and services and activities fees for each four-year state institution of higher education, multiplied by the respective full-time equivalent student enrollment at each institution divided by the sum total of undergraduate full-time equivalent student enrollments of all four-year state institutions of higher education, rounded to the nearest whole dollar.

(17) "Weighted average tuition unit" is the value of the weighted average tuition and fees divided by one hundred. The weighted average is the basis upon which tuition benefits ((are)) may be calculated ((for graduate program enrollments and for attendance at nonstate institutions of higher education and is)) as the basis for any refunds provided from the program.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.95 RCW to read as follows:

(1) The committee may establish a college savings program. If such a program is established, the college savings program shall be established, in such form as may be determined by the committee, to be a qualified state tuition program as defined by the internal revenue service under section 529 of the internal revenue code, and shall be administered in a manner consistent with the Washington advanced college tuition payment program. The committee, in planning and devising the program, shall consult with the state investment board, the state treasurer, a qualified actuarial consulting firm with appropriate expertise to evaluate such plans, the legislative fiscal and higher education committees, and the institutions of higher education.

(2) Up to two hundred thousand dollars of administrative fees collected from guaranteed education tuition program participants may be applied as a loan to fund the development of a college savings program. This loan must be repaid with interest before the conclusion of the biennium in which the committee draws funds for this purpose from the advanced college tuition payment program account.

(3) If such a college savings program is established, the college savings program account is created in the custody of the state treasurer for the purpose of administering the college savings program. If created, the account shall be a discrete nontreasury account in the custody of the state treasurer. Interest earnings shall be retained in accordance with RCW 43.79A.040. Disbursements from the account, except for program administration, are exempt from appropriations and the allotment provisions of chapter 43.88 RCW. Money
used for program administration is subject to the allotment provisions, but without appropriation.

(4) The committee, after consultation with the state investment board, shall determine the investment policies for the college savings program. Program contributions may be invested by the state investment board or the committee may contract with an investment company licensed to conduct business in this state to do the investing. The committee shall keep or cause to be kept full and adequate accounts and records of the assets of each individual participant in the college savings program.

(5) Neither the state nor any eligible educational institution may be considered or held to be an insurer of the funds or assets of the individual participant accounts in the college savings program created under this section nor may any such entity be held liable for any shortage of funds in the event that balances in the individual participant accounts are insufficient to meet the educational expenses of the institution chosen by the student for which the individual participant account was intended.

(6) The committee shall adopt rules to implement this section. Such rules shall include but not be limited to administration, investment management, promotion, and marketing; compliance with internal revenue service standards; application procedures and fees; start-up costs; phasing in the savings program and withdrawals therefrom; deterrents to early withdrawals and provisions for hardship withdrawals; and reenrollment in the savings program after withdrawal.

(7) The committee may, at its discretion, determine to cease operation of the college savings program if it determines the continuation is not in the best interest of the state. The committee shall adopt rules to implement this section addressing the orderly distribution of assets.

Sec. 3. RCW 28B.95.110 and 2000 c 14 s 8 are each amended to read as follows:

(1) The intent of the Washington advanced college tuition payment program is to redeem tuition units for attendance at an institution of higher education. Refunds shall be issued under specific conditions that may include the following:

(a) Certification that the beneficiary, who is eighteen years of age or older, will not attend an institution of higher education, will result in a refund not to exceed the current weighted average tuition and fees in effect at the time of such certification minus a penalty at the rate established by the internal revenue service under chapter 529 of the internal revenue code. No more than one hundred tuition units may be refunded per year to any individual making this certification. The refund shall be made no sooner than ninety days after such certification, less any administrative processing fees assessed by the governing body;

(b) If there is certification of the death or disability of the beneficiary, the refund shall be equal to one hundred percent of any remaining unused tuition units (valued) at the current (weighted average tuition units) value, as determined by the governing body, at the time that such certification is submitted to the governing body, less any administrative processing fees assessed by the governing body;

(c) If there is certification by the student of graduation or program completion, the refund shall be as great as one hundred percent of any remaining unused (weighted average) tuition units at the current value, as determined by the governing body, at the time that such certification is submitted to the governing body, less any administrative processing fees assessed by the governing body. The governing body may, at its discretion, impose a penalty if needed to comply with federal tax rules;

(d) If there is certification of other tuition and fee scholarships, which will cover the cost of tuition for the eligible beneficiary. The refund shall be equal to one hundred percent of the current (weighted average) value of tuition units, as determined by the governing body, in effect at the time of the refund request, (plus) less any administrative processing fees assessed by the governing body. The refund under this subsection may not exceed the value of the scholarship;

(e) Incorrect or misleading information provided by the purchaser or beneficiaries may result in a refund of the purchaser's investment, less any administrative processing fees assessed by the governing body. The value of the refund will not exceed the actual dollar value of the purchaser's contributions; and

(f) The governing body may determine other circumstances qualifying for refunds of remaining unused tuition units and may determine the value of that refund.

(2) With the exception of subsection (1)(b), (e), and (f) of this section no refunds may be made before the units have been held for two years.
Sec. 4. RCW 43.79A.040 and 2000 c 79 s 45 are each amended to read as follows:

(1) Money in the treasurer's trust fund may be deposited, invested, and reinvested by the state treasurer in accordance with RCW 43.84.080 in the same manner and to the same extent as if the money were in the state treasury.

(2) All income received from investment of the treasurer's trust fund shall be set aside in an account in the treasurer's trust fund to be known as the investment income account.

(3) The investment income account may be utilized for the payment of purchased banking services on behalf of the state treasurer's trust funds including, but not limited to, depository, safekeeping, and disbursement functions for the state treasurer or affected state agencies. The investment income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for payments to financial institutions. Payments shall occur prior to distribution of earnings set forth in subsection (4) of this section.

(4)(a) Monthly, the state treasurer shall distribute the earnings credited to the investment income account to the state general fund except under (b) and (c) of this subsection.

(b) The following accounts and funds shall receive their proportionate share of earnings based upon each account's or fund's average daily balance for the period: The college savings program account, the Washington advanced college tuition payment program account, the agricultural local fund, the American Indian scholarship endowment fund, the basic health plan self-insurance reserve account, the Washington international exchange scholarship endowment fund, the developmental disabilities endowment trust fund, the energy account, the fair fund, the game farm alternative account, the grain inspection revolving fund, the juvenile accountability incentive account, the rural rehabilitation account, the stadium and exhibition center account, the youth athletic facility (grant) account, the self-insurance revolving fund, the sulfur dioxide abatement account, and the children's trust fund. However, the earnings to be distributed shall first be reduced by the allocation to the state treasurer's service fund pursuant to RCW 43.08.190.

(c) The following accounts and funds shall receive eighty percent of their proportionate share of earnings based upon each account's or fund's average daily balance for the period: The advanced right of way revolving fund, the advanced environmental mitigation revolving account, the federal narcotics asset forfeitures account, the high occupancy vehicle account, the local rail service assistance account, and the miscellaneous transportation programs account.

(5) In conformance with Article II, section 37 of the state Constitution, no trust accounts or funds shall be allocated earnings without the specific affirmative directive of this section.

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speakers:

The Senate receded from the amendment by Committee on Natural Resources, Parks and Shorelines to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1286. Under suspension of the rules ENGROSSED SUBSTITUTE HOUSE BILL NO. 1286 was returned to second reading for purpose of amendment. The Senate adopted amendment 1286-S AAS 04/18/01 S 2702.1 and passed the bill as amended by the Senate.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 77.95.210 and 2000 c 107 s 11 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, the department may supply, at a reasonable charge, surplus salmon eggs to a person for use in the cultivation of salmon. The department shall not intentionally create a surplus of salmon to provide eggs for sale. The department shall only sell salmon eggs from stocks that are not suitable for salmon population rehabilitation or enhancement in state waters in Washington after the salmon harvest on surplus salmon has been first maximized by both commercial and recreational fishers.

(2) The department shall not destroy hatchery origin salmon for the purposes of destroying viable eggs that would otherwise be useful for propagation or salmon recovery purposes, as determined by the department and Indian tribes with treaty fishing rights in a collaborative manner, for replenishing fish runs. Eggs deemed surplus by the state must be provided, in the following order of priority, to:

(a) Voluntary cooperative salmon culture programs under the supervision of the department under chapter 77.100 RCW;

(b) Regional fisheries enhancement group salmon culture programs under the supervision of the department under this chapter;

(c) Salmon culture programs requested by lead entities and approved by the salmon funding recovery board under chapter 77.85 RCW;

(d) Hatcheries of federally approved tribes in Washington to whom eggs are moved, not sold, under the
interlocal cooperation act, chapter 39.34 RCW; and

(e) Governmental hatcheries in Washington, Oregon, and Idaho.

The order of priority established in this subsection for distributing surplus eggs does not apply when there is a shortfall in the supply of eggs.

(3) All sales, provisions, distributions, or transfers shall be consistent with the department's egg transfer and aquaculture disease control regulations as now existing or hereafter amended. Prior to department determination that eggs of a salmon stock are surplus and available for sale, the department shall assess the productivity of each watershed that is suitable for receiving eggs.

Sec. 2. RCW 77.95.270 and 1989 c 336 s 6 are each amended to read as follows:

Except as provided in RCW 77.95.210, the department may make available to private contractors salmon eggs in excess of department hatchery needs for the purpose of contract rearing to release the smolts into public waters. However, providing salmon eggs as specified in RCW 77.95.210(2) has the highest priority. The priority of providing eggs surplus after meeting the requirements of RCW 77.95.210(2) to contract rearing ((shall be)) is a higher priority than providing eggs to aquaculture purposes ((which)) that are not destined for release into Washington public waters.

Sec. 3. RCW 77.100.050 and 1987 c 505 s 73 are each amended to read as follows:

(1) The department shall:

(a) Encourage and support the establishment of cooperative agreements for the development and operation of cooperative food fish, shellfish, game fish, game bird, game animal, and nongame wildlife projects, and projects which provide an opportunity for volunteer groups to become involved in resource and habitat-oriented activities. All cooperative projects shall be fairly considered in the approval of cooperative agreements;

(b) Identify regions and species or activities that would be particularly suitable for cooperative projects providing benefits compatible with department goals;

(c) Determine the availability of rearing space at operating facilities or of net pens, egg boxes, portable rearing containers, incubators, and any other rearing facilities for use in cooperative projects, and allocate them to volunteer groups as fairly as possible;

(d) Make viable eggs available for replenishing fish runs, and salmon carcasses for nutrient enhancement of streams. If a regional fisheries enhancement group, lead entity, volunteer cooperative group, federally approved tribe in Washington, or a governmental hatchery in Washington, Oregon, or Idaho requests the department for viable eggs, the department must include the request within the brood stock document prepared for review by the regional offices. The eggs shall be distributed in accordance with the priority established in RCW 77.95.210 if they are available. A request for viable eggs may only be denied if the eggs would not be useful for propagation or salmon recovery purposes, as determined under RCW 77.95.210.

(e) Exempt volunteer groups from payment of fees to the department for activities related to the project; ((e)) (f) Publicize the cooperative program;

(((4))) (g) Not substitute a new cooperative project for any part of the department's program unless mutually agreeable to the department and volunteer group;

(((e))) (h) Not approve agreements that are incompatible with legally existing land, water, or property rights.

(2) The department may, when requested, provide to volunteer groups its available professional expertise and assist the volunteer group to evaluate its project. The department must conduct annual workshops in each administrative region of the department that has fish stocks listed as threatened or endangered under the federal endangered species act, 16 U.S.C. Sec. 1531 et seq., in order to assist volunteer groups with egg rearing, share information on successful salmon recovery projects accomplished by volunteers within the state, and provide basic training on monitoring efforts that can be accomplished by volunteers in order to help determine if their efforts are successful.

Sec. 4. RCW 77.100.060 and 2000 c 107 s 112 are each amended to read as follows:
The commission shall establish by rule:

(1) The procedure for entering a cooperative agreement and the application forms for a permit to release fish or wildlife required by RCW 77.12.457. The procedure shall indicate the information required from the volunteer group as well as the process of review by the department. The process of review shall include the means to coordinate with other agencies and Indian tribes when appropriate and to coordinate the review of any necessary hydraulic permit approval applications.

(2) The procedure for providing within forty-five days of receipt of a proposal a written response to the volunteer group indicating the date by which an acceptance or rejection of the proposal can be expected, the reason why the date was selected, and a written summary of the process of review. The response should also include any suggested modifications to the proposal which would increase its likelihood of approval and the date by which such modified proposal could be expected to be accepted. If the proposal is rejected, the department must provide in writing the reasons for rejection. The volunteer group may request the director or the director's designee to review information provided in the response.

(3) The priority of the uses to which eggs, seed, juveniles, or brood stock are put. Use by cooperative projects shall be second in priority only to the needs of programs of the department or of other public agencies within the territorial boundaries of the state. Sales of eggs, seed, juveniles, or brood stock have a lower priority than use for cooperative projects. The rules must identify and implement appropriate protocols for brood stock handling, including the outplanting of adult fish, spawning, incubation, rearing, and release and establish a prioritized schedule for implementation of this act, and shall include directives for allowing more hatchery salmon to spawn naturally in areas where progeny of hatchery fish have spawned, including the outplanting of adult fish, in order to increase the number of viable salmon eggs and restore healthy numbers of fish within the state.

(4) The procedure for the director to notify a volunteer group that the agreement for the project is being revoked for cause and the procedure for revocation. Revocation shall be documented in writing to the volunteer group. Cause for revocation may include: (a) The unavailability of adequate biological or financial resources; (b) the development of unacceptable biological or resource management conflicts; or (c) a violation of agreement provisions. Notice of cause to revoke for a violation of agreement provisions may specify a reasonable period of time within which the volunteer group must comply with any violated provisions of the agreement.

(5) An appropriate method of distributing among volunteer groups fish, bird, or animal food or other supplies available for the program.

NEW SECTION  Sec. 5. A new section is added to chapter 77.04 RCW to read as follows:

(1) The department shall prepare an annual surplus salmon report. This report shall include the disposition of adult salmonids that have returned to salmonid hatchery facilities operated under the jurisdiction of the state that:

(a) Have not been harvested; and
(b) Were not allowed to escape for natural spawning.

(2) The report shall include by species, the number and estimated weight of surplus salmon and steelhead and a description of the disposition of the adult carcasses including, but not limited to, the following categories:

(a) Disposed in landfills;
(b) Transferred to another government agency for reproductive purposes;
(c) Sold to contract buyers in the round;
(d) Sold to contract buyers after spawning;
(e) Transferred to Native American tribes;
(f) Donated to food banks; and
(g) Used in stream nutrient enrichment programs.

(3) The report shall also include by species, information on the number of requests for viable salmon eggs, the number of these requests that were granted and the number that were denied, the geographic areas for which these requests were granted or denied, and a brief explanation given for each denial of a request for viable salmon eggs.

(4) The report shall be included in the biennial state of the salmon report required by RCW 77.85.020
and other similar state reports on salmon.

(5) The report shall include an assessment of the infrastructure needs and facility modifications necessary to implement this act.

NEW SECTION. Sec. 6. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, line 1 of the title, after "eggs;" strike the remainder of the title and insert "amending RCW 77.95.210, 77.95.270, 77.100.050, and 77.100.060; adding a new section to chapter 77.04 RCW; and declaring an emergency."

There being no objection, the House concurred in the Senate amendment to Engrossed Substitute House Bill No. 1286.

SENATE AMENDMENTS TO HOUSE BILL

April 18, 2001

Mr. Speakers:

The Senate receded from the amendment by Committee on Human Services and Corrections to SUBSTITUTE HOUSE BILL NO. 1650. Under suspension of the rules SUBSTITUTE HOUSE BILL NO. 1650 was returned to second reading for purposes of amendment. The Senate adopted amendment 1650-S AAS 04/18/01 S-2647.3, and passed the bill as amended by the Senate.
"Sec. 1.  RCW 71.24.015 and 1999 c 214 s 7 are each amended to read as follows:

It is the intent of the legislature to establish a community mental health program which shall help people experiencing mental illness to retain a respected and productive position in the community.  This will be accomplished through programs which provide for:

(1) Access to mental health services for adults of the state who are acutely mentally ill, chronically mentally ill, or seriously disturbed and children of the state who are acutely mentally ill, severely emotionally disturbed, or seriously disturbed, which services recognize the special needs of underserved populations, including minorities, children, the elderly, disabled, and low-income persons.  Access to mental health services shall not be limited by a person's history of confinement in a state, federal, or local correctional facility.  It is also the purpose of this chapter to promote the early identification of mentally ill children and to ensure that they receive the mental health care and treatment which is appropriate to their developmental level.  This care should improve home, school, and community functioning, maintain children in a safe and nurturing home environment, and should enable treatment decisions to be made in response to clinical needs in accordance with sound professional judgment while also recognizing parents' rights to participate in treatment decisions for their children;

(2) Accountability of efficient and effective services through state of the art outcome and performance measures and statewide standards for monitoring client and system outcomes, performance, and reporting of information.  These processes shall be designed so as to maximize the use of available resources for direct care of people with a mental illness;

(3) Minimum service delivery standards;

(4) Priorities for the use of available resources for the care of the mentally ill consistent with the priorities defined in the statute;

(5) Coordination of services within the department, including those divisions within the department that provide services to children, between the department and the office of the superintendent of public instruction, and among state mental hospitals, county authorities, community mental health services, and other support services, which shall to the maximum extent feasible also include the families of the mentally ill, and other service providers; and

(6) Coordination of services aimed at reducing duplication in service delivery and promoting complementary services among all entities that provide mental health services to adults and children.

It is the policy of the state to encourage the provision of a full range of treatment and rehabilitation services in the state for mental disorders.  The legislature intends to encourage the development of county-based and county-managed mental health services with adequate local flexibility to assure eligible people in need of care access to the least-restrictive treatment alternative appropriate to their needs, and the availability of treatment components to assure continuity of care.  To this end, counties are encouraged to enter into joint operating agreements with other counties to form regional systems of care which integrate planning, administration, and service delivery duties assigned to counties under chapters 71.05 and 71.24 RCW to consolidate administration, reduce administrative layering, and reduce administrative costs.

It is further the intent of the legislature to integrate the provision of services to provide continuity of care through all phases of treatment.  To this end the legislature intends to promote active engagement with mentally ill persons and collaboration between families and service providers.

consideration the impact on counties of demographic factors in counties which result in concentrations of priority
populations as set forth in subsection (5)(b) of this section. These factors shall include the population
concentrations resulting from commitments under chapters 71.05 and 71.34 RCW to state psychiatric hospitals,
as well as concentration in urban areas, at border crossings at state boundaries, and other significant demographic
and workload factors.

(b) The formula shall also include a projection of the funding allocations that will result for each county,
which specifies allocations according to priority populations, including the allocation for services to children and
other underserved populations.

(14) The secretary shall assume all duties assigned to the nonparticipating counties under chapters 71.05,
71.34, and 71.24 RCW. Such responsibilities shall include those which would have been assigned to the
nonparticipating counties under regional support networks.

The regional support networks, or the secretary's assumption of all responsibilities under chapters 71.05,
71.34, and 71.24 RCW, shall be included in all state and federal plans affecting the state mental health program

the start of a new biennial contract period.

(e) Deny funding allocations to regional support networks based solely upon formal findings of
noncompliance with the terms of the regional support network's contract with the department. Written notice
and at least thirty days for corrective action must precede any such action. In such cases, regional support
networks shall have full rights to appeal under chapter 34.05 RCW.

(f) Identify in its departmental biennial operating and capital budget requests the funds requested by
regional support networks to implement their responsibilities under this chapter.

(16) The department, in cooperation with the state congressional delegation, shall actively seek waivers

71.05 RCW. The department shall periodically report its efforts to the (health care and corrections)
appropriate committees of the senate and the ((human services committee of the)) house of representatives.

The secretary shall provide for deeming of licensed service providers as meeting state minimum standards as a result of accreditation by a recognized behavioral health accrediting body recognized and having a current agreement with the department.

3. Minimum standards for residential services shall be based on clients' functional abilities and not solely on their diagnoses, limited to health and safety, staff qualifications, and program outcomes. Minimum standards for residential services shall be developed in collaboration with consumers, families, counties, regulators, and residential providers serving the mentally ill. The minimum standards shall encourage the development of broad range residential programs, including integrated housing and cross systems programs where appropriate, and shall not unnecessarily restrict programming flexibility.

(4) Minimum standards for community support services and resource management services shall include at least qualifications for resource management services, client tracking systems, and the transfer of patient information between service providers.

**Sec. 12.** RCW 71.24.045 and 1992 c 230 s 5 are each amended to read as follows:

The county authority shall:

1. Contract as needed with licensed service providers. The county authority may, in the absence of a licensed service provider entity, become a licensed service provider entity pursuant to minimum standards required for licensing by the department for the purpose of providing services not available from licensed service providers;

2. Operate as a licensed service provider if it deems that doing so is more efficient and cost effective than contracting for services. When doing so, the county authority shall comply with rules promulgated by the secretary that shall provide measurements to determine when a county provided service is more efficient and cost effective;

3. Monitor and perform biennial fiscal audits of licensed service providers who have contracted with the county to provide services required by this chapter. The monitoring and audits shall be performed by means of a formal process which insures that the licensed service providers and professionals designated in this subsection meet the terms of their contracts((including the minimum standards of service delivery as established by the department));

4. Assure that the special needs of minorities, the elderly, disabled, children, and low-income persons are met within the priorities established in this chapter;

5. Maintain patient tracking information in a central location as required for resource management services and the department's information system;

6. Use not more than two percent of state-appropriated community mental health funds, which shall not include federal funds, to administer community mental health programs under RCW 71.24.155: PROVIDED, That county authorities serving a county or combination of counties whose population is one hundred twenty-five thousand or more may be entitled to sufficient state-appropriated community mental health funds to employ up to one full-time employee or the equivalent thereof in addition to the two percent limit established in this subsection when such employee is providing staff services to a county mental health advisory board;

7. Coordinate services for individuals who have received services through the community mental health system and who become patients at a state mental hospital.
Sec. 13. RCW 71.24.049 and 1999 c 10 s 6 are each amended to read as follows:
by January 1st of each odd-numbered year, the ((county authority)) regional support network shall identify: (1) The number of children in each priority group, as defined by this chapter, who are receiving mental health services funded in part or in whole under this chapter, (2) the amount of funds under this chapter used for children's mental health services, (3) an estimate of the number of unserved children in each priority group, and (4) the estimated cost of serving these additional children and their families.

Sec. 14. RCW 71.24.155 and 1987 c 505 s 65 are each amended to read as follows:
Grants shall be made by the department to ((counties)) regional support networks for community mental health programs totaling not less than ninety-five percent of available resources. The department may use up to forty percent of the remaining five percent to provide community demonstration projects, including early intervention or primary prevention programs for children, and the remainder shall be for emergency needs and technical assistance under this chapter.

Sec. 15. RCW 71.24.160 and 1989 c 205 s 7 are each amended to read as follows:
The ((county authority)) regional support networks shall make satisfactory showing to the secretary that state funds shall in no case be used to replace local funds from any source being used to finance mental health services prior to January 1, 1990.

Sec. 16. RCW 71.24.250 and 1982 c 204 s 14 are each amended to read as follows:
The ((county authority)) regional support network may accept and expend gifts and grants received from private, county, state, and federal sources.

Sec. 17. RCW 71.24.300 and 1999 c 214 s 8 and 1999 c 10 s 9 are each reenacted and amended to read as follows:
A county authority or a group of county authorities whose combined population is no less than forty thousand may enter into a joint operating agreement to form a regional support network. Upon the request of a tribal authority or authorities within a regional support network the joint operating agreement or the county authority shall allow for the inclusion of the tribal authority to be represented as a party to the regional support network. The roles and responsibilities of the county and tribal authorities shall be determined by the terms of that agreement including a determination of membership on the governing board and advisory committees, the number of tribal representatives to be party to the agreement, and the provisions of law and shall assure the provision of culturally competent services to the tribes served. The state mental health authority may not determine the roles and responsibilities of county authorities as to each other under regional support networks by rule, except to assure that all duties required of regional support networks are assigned and that counties and the regional support network do not duplicate functions and that a single authority has final responsibility for all available resources and performance under the regional support network's contract with the secretary.

(1) Regional support networks shall submit an overall six-year operating and capital plan, timeline, and budget and submit progress reports and an updated two-year plan biennially thereafter, to assume within available resources all of the following duties:

(b) Assume the powers and duties of county authorities within its area as described in RCW 71.24.045 (1) through (7).
(c) Administer and provide for the availability of all investigation, transportation, court-related, and other services provided by the state or counties pursuant to chapter 71.05 RCW.

((ce)) (d) Provide within the boundaries of each regional support network evaluation and treatment services for at least eighty-five percent of persons detained or committed for periods up to seventeen days according to chapter 71.05 RCW. Regional support networks with populations of less than one hundred fifty thousand may contract to purchase evaluation and treatment services from other networks. Insofar as the
original intent of serving persons in the community is maintained, the secretary is authorized to approve exceptions on a case-by-case basis to the requirement to provide evaluation and treatment services within the boundaries of each regional support network. Such exceptions are limited to contracts with neighboring or contiguous regions.

((4)) (e) Administer a portion of funds appropriated by the legislature to house mentally ill persons in state institutions from counties within the boundaries of any regional support network, with the exception of persons currently confined at, or under the supervision of, a state mental hospital pursuant to chapter 10.77 RCW, and provide for the care of all persons needing evaluation and treatment services for periods up to seventeen days according to chapter 71.05 RCW in appropriate residential services, which may include state institutions. The regional support networks shall reimburse the state for use of state institutions at a rate equal to that assumed by the legislature when appropriating funds for such care at state institutions during the biennium when reimbursement occurs. The secretary shall submit a report to the appropriate committees of the senate and house of representatives on the efforts to implement this section by October 1, 2002. The duty of a state hospital to accept persons for evaluation and treatment under chapter 71.05 RCW is limited by the responsibilities assigned to regional support networks under this section.

((4)) (f) Administer and provide for the availability of all other mental health services, which shall include patient counseling, day treatment, consultation, education services, employment services as defined in RCW 71.24.035, and mental health services to children as provided in this chapter designed to achieve the outcomes specified in section 5 of this act.

((4)) (g) Establish standards and procedures for reviewing individual service plans and determining when that person may be discharged from resource management services.

(2) Regional support networks shall assume all duties assigned to county authorities by this chapter and chapter 71.05 RCW.

(3) A regional support network may request that any state-owned land, building, facility, or other capital asset which was ever purchased, deeded, given, or placed in trust for the care of the mentally ill and which is within the boundaries of a regional support network be made available to support the operations of the regional support network. State agencies managing such capital assets shall give first priority to requests for their use pursuant to this chapter.

(4) Each regional support network shall appoint a mental health advisory board which shall review and provide comments on plans and policies developed under this chapter. The composition of the board shall be broadly representative of the demographic character of the region and the mentally ill persons served therein. Length of terms of board members shall be determined by the regional support network.

———(8)) Regional support networks may receive technical assistance from the housing trust fund and may
identify and submit projects for housing and housing support services to the housing trust fund established under chapter 43.185 RCW. Projects identified or submitted under this subsection must be fully integrated with the regional support network six-year operating and capital plan, timeline, and budget required by subsection (1) of this section.

Sec. 18. RCW 71.24.400 and 1999 c 10 s 10 are each amended to read as follows:
The legislature finds that the current complex set of federal, state, and local rules and regulations, audited and administered at multiple levels, which affect the community mental health service delivery system, focus primarily on the process of providing mental health services and do not sufficiently address consumer and system outcomes. The legislature finds that the department and the community mental health service delivery system must make ongoing efforts to achieve the purposes set forth in RCW 71.24.015 related to reduced administrative layering, duplication, elimination of process measures not specifically required by the federal government for the receipt of federal funds, and reduced administrative costs.

Sec. 19. RCW 71.24.405 and 1999 c 10 s 11 are each amended to read as follows:
The department shall establish a ((single)) comprehensive and collaborative ((project)) effort within regional support networks and with local mental health service providers aimed at creating innovative and streamlined community mental health service delivery systems, in order to carry out the purposes set forth in RCW 71.24.400 and to capture the diversity of the community mental health service delivery system.
The ((project)) department must accomplish the following:
(1) Identification, review, and cataloging of all rules, regulations, duplicative administrative and monitoring functions, and other requirements that currently lead to inefficiencies in the community mental health service delivery system and, if possible, eliminate the requirements;
(2) The systematic and incremental development of a single system of accountability for all federal, state, and local funds provided to the community mental health service delivery system. Systematic efforts should be made to include federal and local funds into the single system of accountability;
(3) The elimination of process regulations and related contract and reporting requirements. In place of the regulations and requirements, a set of outcomes for mental health adult and children clients according to chapter 71.24 RCW must be used to measure the performance of mental health service providers and regional support networks. Such outcomes shall focus on stabilizing out-of-home and hospital care, increasing stable community living, increasing age-appropriate activities, achieving family and consumer satisfaction with services, and system efficiencies;
(4) Evaluation of the feasibility of contractual agreements between the department of social and health services and regional support networks and mental health service providers that link financial incentives to the success or failure of mental health service providers and regional support networks to meet outcomes established for mental health service clients;
(5) The involvement of mental health consumers and their representatives ((in the pilot projects)). Mental health consumers and their representatives will be involved in the development of outcome standards for mental health clients ((and other related aspects of the pilot projects)) under section 5 of this act; and
(6) An independent evaluation component to measure the success of the ((projects)) department in fully implementing the provisions of RCW 71.24.400 and this section.

NEW SECTION. Sec. 20. The legislature finds that an excessive amount of public funds are spent on administrative activities in the community mental health system. The department of social and health services shall develop a plan to reduce administrative expenses in the community mental health system, including the mental health division, to no more than ten percent of available funds. The plan shall identify and prioritize core administrative functions that must be continued to comply with federal or state statutes. The department shall submit their plan to the appropriate committees of the senate and house of representatives no later than December 15, 2001. The plan shall assume an implementation date of July 1, 2003.”

for violating RCW 9.61.160 by making a threat to bomb, on public or private elementary or secondary school
premises, school provided transportation, or areas of facilities while being used exclusively by public or private
schools, the person shall be detained or confined in a juvenile or adult facility for up to seventy-two hours. The
person shall not be released within the seventy-two hours until after the person has been examined and evaluated
by the person or agency designated by the local regional support network unless the court in its discretion
releases the person sooner after a determination regarding probable cause or on probation bond or bail.
Within twenty-four hours of the arrest, the arresting law enforcement agency shall refer the person to the
person or agency designated by the local regional support network to conduct a mental health examination and
evaluation and inform a parent or guardian of the person of the arrest, detention, and examination. Notification
to the parent or guardian shall occur prior to any examination or evaluation by the person or agency designated

specialist, the results of the examination shall be sent to the court with jurisdiction, the school, the parents, and to
the person if eighteen years of age or older, and the court shall consider those results in making any
determination about the person. However, any reference in the examination report or reports to facts or
circumstances of the alleged acts which resulted in the arrest of the person shall not be admissible in any criminal
or juvenile proceeding if the person was unrepresented by counsel at the time of the examination, or had not been
arraigned prior to the examination.

The person or agency designated by the local regional support network, the county-designated mental

of the person, if the person is under the age of eighteen, that an examination and evaluation has taken place and

If the person or agency designated by the local regional support network determines it is appropriate, the
person or agency designated by the local regional support network may refer the person to the local regional

Sec. 4. RCW 9A.76.010 and 1991 c 181 s 6 are each amended to read as follows:
The following definitions are applicable in this chapter unless the context otherwise requires:
(1) "Custody" means restraint pursuant to a lawful arrest or an order of a court, or any period of service on a work crew: PROVIDED, That custody pursuant to chapter 13.34 RCW and RCW 74.13.020 and 74.13.031 and chapter 13.32A RCW shall not be deemed custody for purposes of this chapter;

(3) "Contraband" means any article or thing which a person confined in a detention facility is prohibited from obtaining or possessing by statute, rule, regulation, or order of a court;
(4) "Uncontrollable circumstances" means an act of nature such as a flood, earthquake, or fire, or a medical condition that requires immediate hospitalization or treatment, or an act of man such as an automobile accident or threats of death, forcible sexual attack, or substantial bodily injury in the immediate future for which there is no time for a complaint to the authorities and no time or opportunity to resort to the courts.

Sec. 5. RCW 9.94A.360 and 2000 c 28 s 15 are each amended to read as follows:
The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:
The offender score is the sum of points accrued under this section rounded down to the nearest whole number.
(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.400.
(2) Class A and sex prior felony convictions shall always be included in the offender score. Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction. Class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without committing any crime that subsequently results in a conviction. Serious traffic convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without committing any
crime that subsequently results in a conviction. This subsection applies to both adult and juvenile prior convictions.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. Federal convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. If there is no clearly comparable offense under Washington law or the offense is one that is usually considered subject to exclusive federal jurisdiction, the offense shall be scored as a class C felony equivalent if it was a felony under the relevant federal statute.

(4) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

(5)(a) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

   (i) Prior offenses which were found, under RCW 9.94A.400(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently or prior juvenile offenses for which sentences were served consecutively, whether those offenses shall be counted as one offense or as separate offenses using the "same criminal conduct" analysis found in RCW 9.94A.400(1)(a), and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender score shall be used. The current sentencing court may presume that such other prior offenses were not the same criminal conduct from sentences imposed on separate dates, or in separate counties or jurisdictions, or in separate complaints, indictments, or informations;

   (ii) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction for the offense that yields the highest offender score.

   (b) As used in this subsection (5), "served concurrently" means that: (i) The latter sentence was imposed with specific reference to the former; (ii) the concurrent relationship of the sentences was judicially imposed; and (iii) the concurrent timing of the sentences was not the result of a probation or parole revocation on the former offense.

(6) If the present conviction is one of the anticipatory offenses of criminal attempt, solicitation, or conspiracy, count each prior conviction as if the present conviction were for a completed offense. When these convictions are used as criminal history, score them the same as a completed crime.

(7) If the present conviction is for a nonviolent offense and not covered by subsection (11) or (12) of this section, count one point for each adult prior felony conviction and one point for each juvenile prior violent felony conviction and 1/2 point for each juvenile prior nonviolent felony conviction.

(8) If the present conviction is for a violent offense and not covered in subsection (9), (10), (11), or (12) of this section, count two points for each prior adult and juvenile violent felony conviction, one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(9) If the present conviction is for a serious violent offense, count three points for prior adult and juvenile convictions for crimes in this category, two points for each prior adult and juvenile violent conviction (not already counted), one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(10) If the present conviction is for Burglary 1, count prior convictions as in subsection (8) of this section; however count two points for each prior adult Burglary 2 or residential burglary conviction, and one point for each prior juvenile Burglary 2 or residential burglary conviction.

(11) If the present conviction is for a felony traffic offense count two points for each adult or juvenile prior conviction for Vehicular Homicide or Vehicular Assault; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; for each serious traffic offense, other than those used for an enhancement pursuant to RCW 46.61.520(2), count one point for each adult and 1/2 point for each juvenile prior conviction.

(12) If the present conviction is for a drug offense count three points for each adult prior felony drug
offense conviction and two points for each juvenile drug offense. All other adult and juvenile felonies are scored as in subsection (8) of this section if the current drug offense is violent, or as in subsection (7) of this section if the current drug offense is nonviolent.

(13) If the present conviction is for ((Willful Failure to Return from Furlough, RCW 72.66.060, Willful Failure to Return from Work Release, RCW 72.65.070, or)) Escape from Community Custody, RCW 72.09.310, count only prior escape convictions in the offender score. Count adult prior escape convictions as one point and juvenile prior escape convictions as 1/2 point.

(14) If the present conviction is for Escape 1, RCW 9A.76.110, or Escape 2, RCW 9A.76.120, count adult prior convictions as one point and juvenile prior convictions as 1/2 point.

(15) If the present conviction is for Burglary 2 or residential burglary, count priors as in subsection (7) of this section; however, count two points for each adult and juvenile prior Burglary 1 conviction, two points for each adult prior Burglary 2 or residential burglary conviction, and one point for each juvenile prior Burglary 2 or residential burglary conviction.

(16) If the present conviction is for a sex offense, count priors as in subsections (7) through (15) of this section; however, count three points for each adult and juvenile prior sex offense conviction.

(17) If the present conviction is for an offense committed while the offender was under community placement, add one point.

NEW SECTION. Sec. 6. A new section is added to chapter 10.88 RCW to read as follows:
A law enforcement agency shall deliver a person in custody to the accredited agent or agents of a demanding state without the governor's warrant provided that:

(1) Such person is alleged to have broken the terms of his or her probation, parole, bail, or any other release of the demanding state; and

(2) The law enforcement agency has received from the demanding state an authenticated copy of a prior waiver of extradition signed by such person as a term of his or her probation, parole, bail, or any other release of the demanding state and photographs or fingerprints or other evidence properly identifying the person as the person who signed the waiver.

(2) RCW 72.66.060 (Wilfully failing to return--Deemed escapee and fugitive--Penalty) and 1971 ex.s. c 58 s 7.

NEW SECTION. Sec. 8. The laws repealed by this act are repealed except with respect to rights and duties which matured, penalties which were incurred, proceedings which were begun prior to the effective date of this act, or proceedings which are initiated after this act for violations committed prior to the effective date of this act.

NEW SECTION. Sec. 9. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2001."

On page 1, line 1 of the title, after "custody;" strike the remainder of the title and insert "amending RCW 9A.76.110, 9A.76.120, 9A.76.170, 9A.76.010, and 9.94A.360; adding a new section to chapter 10.88 RCW; creating a new section; repealing RCW 72.65.070 and 72.66.060; prescribing penalties; providing an effective date; and declaring an emergency."

PART II
HUMAN SERVICES

Sec. 201. 2000 2nd sp. s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES. (1) Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose, except as expressly provided in subsection (3) of this section.

(2) The department of social and health services shall not initiate any services that will require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified herein. However, after May 1, 2000, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year 2000 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in subsection (3)(b) of this section.

(b) After May 1, 2001, after approval by the director of financial management and unless specifically prohibited by this act, the department may transfer moneys among programs, including federal moneys that are provided solely for a specified purpose. However, the department shall not transfer state moneys that are...
provided for a specified purpose except as expressly provided in subsection (3)(d) of this section.

(c) To the extent that transfers under subsection (3)(a) of this section are insufficient to fund actual expenditures in excess of fiscal year 2000 caseload forecasts and utilization assumptions in the medical assistance, long-term care, foster care, adoption support, voluntary placement, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose after approval by the director of financial management.

(((c)) (d) To the extent that transfers under subsection (3)(b) of this section are insufficient to fund actual expenditures in excess of fiscal year 2001 caseload forecasts and utilization assumptions in the medical assistance, long-term care, foster care, adoption support, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose after approval by the director of financial management.

(e) The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing prior to approving any allotment modifications.

(b) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and adult services program for the general fund--state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

(c) $711,000 of the general fund--state appropriation for fiscal year 2000 and $757,000 of the general fund--state appropriation for fiscal year 2001 are provided solely to directly reimburse eligible providers for the medicaid share of mental health services provided to persons eligible for both medicaid and medicare.

(d) $64,000 of the general fund--state appropriation for fiscal year 2000 and $150,000 of the general fund--state appropriation for fiscal year 2001 are provided solely for regional support networks to participate in prerelease treatment planning and to conduct involuntary commitment evaluations, as required by Substitute Senate Bill No. 5011 (mentally ill offenders). If the bill is not enacted by June 30, 1999, these amounts shall lapse.

(e) $5,000 of the general fund--state appropriation for fiscal year 2000 and $466,000 of the general fund--state appropriation for fiscal year 2001 are provided solely for case management and other community support services, as authorized by Substitute Senate Bill No. 5011 (mentally ill offenders). If the bill is not enacted by June 30, 1999, these amounts shall lapse.

(f) Within funds appropriated in this subsection, the department shall contract with the Clark county regional support network for development and operation of a pilot project demonstrating new and collaborative methods for providing intensive mental health services in the school setting for severely emotionally disturbed children who are medicaid eligible. Project services are to be delivered by teachers and teaching assistants who qualify as, or who are under the supervision of, mental health professionals meeting the requirements of WAC...
The department shall increase medicaid payments to the regional support network by the amount necessary to cover the necessary and allowable costs of the demonstration, not to exceed the upper payment limit specified for the regional support network in the department's medicaid waiver agreement with the federal government. The regional support network shall provide the department with (i) periodic reports on project service levels, methods, and outcomes; (ii) protocols, guidelines, and handbooks suitable for use by other school districts and regional support networks seeking to replicate the pilot project's approach; and (iii) intergovernmental transfer equal to the state share of the increased medicaid payment provided for operation of this project.

(g) $47,000 of the general fund--state appropriation for fiscal year 2000 and $47,000 of the general fund--state appropriation for fiscal year 2001 are provided for implementation of Substitute Senate Bill No. 5214 (firearms on school premises). If the bill is not enacted by June 30, 1999, the amounts provided shall lapse.

(h) The general fund--state appropriation for fiscal year 2001 includes $1,891,000 to replace federal funding for outpatient services which is no longer available due to the reduction in the federal medical assistance percentage. The department shall distribute these additional state funds among the regional support networks according to each regional support network's capitation rate by eligibility category.

(i) The appropriations in this subsection include an increase in funding for medicaid outpatient services as a result of the forecasted increase in the number of persons eligible for medicaid over the number previously budgeted. The department shall distribute these additional appropriations among the regional support networks according to each regional support network's capitation rate by eligibility category.

(j) The health services account appropriation is provided solely for implementation of strategies which the department and the affected regional support networks conclude will best assure continued availability of community-based inpatient psychiatric services in all areas of the state. Such strategies may include, but are not limited to, emergency contracts for continued operation of inpatient facilities otherwise at risk of closure because of demonstrated, disproportionate uncompensated care; start-up grants for development of evaluation and treatment facilities; and increases in the rate paid for inpatient psychiatric services for medically indigent and/or general assistance for the unemployed patients. The funds provided in this subsection must be: (i)(A) Prioritized for use in those areas of the state which are at greatest risk of lacking sufficient inpatient psychiatric treatment capacity; (B) prioritized for use by those hospitals which do not receive low-income disproportionate share hospital payments as of the date of application for funding; (C) matched on a one-quarter local, three-quarters state basis by funding from the regional support network or networks in the area in which the funds are expended; and (D) used to support strategies which can be sustained during the 2001-03 biennium at a state cost no more than 100 percent greater than the amount provided in this subsection. Payments from the amount provided in this subsection shall not be made to any provider that has not agreed(\(\text{---(iii)(A)}\)) that, except for prospective rate increases, the payment shall offset, on a dollar-for-dollar basis, any liability that may be established against the state for the rate of state reimbursement for inpatient psychiatric care(\(\text{---and (B) that the provider will maintain or enhance its inpatient psychiatric treatment capacity throughout the period ending June 30, 2001, or for the duration of the funding, whichever is later})\). The funds provided in this subsection shall not be considered "available resources" as defined in RCW 71.24.025 and are not subject to the distribution formula established pursuant to RCW 71.24.035.

(k) $1,000,000 of the general fund--state appropriation for fiscal year 2001 is provided solely for implementation of Substitute House Bill No. 2663 (atypical antipsychotic medications). If Substitute House Bill No. 2663 is not enacted by June 30, 2000, the amount provided in this subsection shall lapse. Prior to implementing the projects established in the bill, the department shall report to the appropriate policy and fiscal committees of the legislature on proposed medication delivery and monitoring systems and arrangements for obtaining manufacturer discounts or rebates. No more than $175,000 of the funds provided in this subsection may be used for state and contractor start-up, evaluation, and administration of the projects, and no more than $100,000 of that amount may be for ongoing costs which continue beyond fiscal year 2001. The department may transfer and allot the state component of such administrative costs to its mental health program support subprogram. The funds provided in this subsection shall not be considered "available resources" as defined in RCW 71.24.025 and are not subject to the distribution formula established pursuant to RCW 71.24.035.

(b) The mental health program at Western state hospital shall continue to use labor provided by the Tacoma prerelease program of the department of corrections.

(c) The department shall use general fund--local appropriations in this subsection to establish a third-party revenue incentive pool, which shall be used for staff-initiated projects which will increase the quality of care at the state hospitals. For fiscal year 2000, the incentive pool shall be (i) the first $200,000 by which revenues from third-party payers exceed $28,000,000; and (ii) fifty percent of any amounts beyond $28,200,000, up to a maximum of $500,000. For purposes of this subsection, "third-party revenues" does not include disproportionate share hospital payments or the federal share of salaries and benefit allocations. (e) By March 1, 2001, the department shall modify the treatment approach on at least two state hospital wards to more cost-effective models of care. The models shall place greater emphasis upon community transition, or upon long-term support, than upon intensive psychiatric rehabilitation for residents for whom such an alternative model of care is determined appropriate by their treatment team. The alternative treatment approaches may include closure of a ward and use of hospital staff to provide transitional community services, in coordination with the regional support networks.

Sec. 205. 2000 2nd sp.s. c 1 s 206 (uncodified) is amended to read as follows:
FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--DEVELOPMENTAL DISABILITIES PROGRAM

(1) COMMUNITY SERVICES
General Fund--State Appropriation (FY 2000).......................................................$ 185,473,000
General Fund--State Appropriation (FY 2001).......................................................$ (205,593,000)

Health Services Account--State Appropriation.....................................................$ 262,000
.................................................................................................. TOTAL APPROPRIATION $ 724,382,000

The appropriations in this subsection are subject to the following conditions and limitations:
(a) The health services account appropriation and $127,000 of the general fund--federal appropriation are provided solely for health care benefits for home care workers with family incomes below 200 percent of the federal poverty level who are employed through state contracts for twenty hours per week or more. Premium payments for individual provider home care workers shall be made only to the subsidized basic health plan. Home care agencies may obtain coverage either through the basic health plan or through an alternative plan with substantially equivalent benefits.
(b) $3,100,000 of the general fund--state appropriation for fiscal year 2000, $4,650,000 of the general fund--state appropriation for fiscal year 2001, and $8,250,000 of the general fund--federal appropriation are provided solely to increase services and supports for people with developmental disabilities. These funds shall be expended in accordance with priorities established by the stakeholder advisory group established in accordance with chapter 216, Laws of 1998 (developmental disabilities), except that (i) at least 50 percent of these amounts must be used to increase the number of people receiving residential, employment, family support, or other direct services; (ii) the services and supports must be designed and implemented such that the cost of continuing them in the 2001-03 biennium does not exceed $19.2 million, of which no more than $9.3 million is from state funds; and (iii) strong consideration shall be given to the need for increased wages for direct care workers in contracted residential programs.

(c) $413,000 of the general fund--state appropriation for fiscal year 2000, $1,172,000 of the general fund--state appropriation for fiscal year 2001, and $694,000 of the general fund--federal appropriation are provided solely for employment, or other day activities and training programs, for young people who complete their high school curriculum in 1999 or 2000.

(d) $1,919,000 of the general fund--state appropriation for fiscal year 2000, $6,673,000 of the general fund--state appropriation for fiscal year 2001, and $7,361,000 of the general fund--federal appropriation are provided solely to improve services for persons with developmental disabilities who would otherwise be at risk of needing involuntary commitment to or prolonged treatment at state psychiatric hospitals. The department shall use these funds to enhance the community crisis response system managed by regional support networks, improve crisis prevention and stabilization services through the developmental disabilities community services system, and expand community residential capacity for persons with developmental disabilities who are ready for discharge from state psychiatric hospitals. Funding for community residential capacity is sufficient to move a biennium total of 48 patients out of the state hospitals at a reasonable pace by June 30, 2001. The department shall manage the intensity of services provided so that the average cost per day does not exceed $300 per person placed in this expanded community residential capacity. The department shall report to the appropriate committees of the legislature progress towards implementing this subsection after each calendar quarter. The legislature finds that, in addition to the appropriations in this subsection for improvements in services to persons with developmental disabilities who are committed to the custody of the secretary under chapter 71.05 RCW, it is necessary to study long-term treatment alternatives and their legal, fiscal, and policy implications. Therefore, the department shall provide a report to the ways and means committee of the senate and the appropriations committee of the house of representatives by December 1, 2000, containing options and recommendations for secure treatment programs. The report shall identify various treatment models that could be implemented and various types and locations of secure facilities, both state-owned and leased, in which programs could be sited, together with the department's recommendations. The report shall evaluate the potential for siting such programs on the grounds of existing state residential habilitation centers. The report shall also include analysis of advantages and disadvantages associated with contracting for some or all of the new program options identified. The report shall evaluate the options based on short-term and long-term costs, client and community security, efficiency of coordination with other service delivery systems, and how they address specific legal issues. In developing this report, the department shall invite participation by representatives of the Washington protection and advocacy system (WPAS), and shall include in the report WPAS' position on options and recommendations submitted by the department and any additional recommendations made by WPAS. The legislature recognizes a need to improve long-term services provided to individuals with developmental disabilities who are undergoing involuntary treatment under chapter 71.05 RCW. The legislature is committed to providing resources necessary to address issues in the U.S. District Court case of Allen v. Western State Hospital.

(e) $513,000 of the general fund--state appropriation for fiscal year 2000, $1,421,000 of the general fund--state appropriation for fiscal year 2001, and $2,033,000 of the general fund--federal appropriation are provided to develop and operate secure residential and day program placements for persons who seem likely to pose a significant risk to the public safety if their current residential arrangement were to continue.

(f) $209,000 of the general fund--state appropriation for fiscal year 2000, $664,000 of the general fund--state appropriation for fiscal year 2001, and $939,000 of the general fund--federal appropriation are
provided to increase wages as required by Initiative No. 688 (state minimum wage) for contracted adult family homes, adult residential care facilities, hourly and daily family support providers, and hourly attendant care providers.

(g) $1,978,000 of the general fund--state appropriation for fiscal year 2000, $4,475,000 of the general fund--state appropriation for fiscal year 2001, and $6,989,000 of the general fund--federal appropriation are provided solely to increase compensation for individual and agency home care workers. Payments to individual providers are to be increased from $6.18 per hour to $6.68 per hour on July 1, 1999, and to $7.18 per hour on July 1, 2000. Payments to agency providers are to be increased to $11.97 per hour on July 1, 1999, and to $12.62 per hour on July 1, 2000. All but 14 cents per hour of the July 1, 1999, increase to agency providers, and all but 15 cents per hour of the additional July 1, 2000, increase is to be used to increase wages for direct care workers. The appropriations in this subsection also include the funds needed for the employer share of unemployment and social security taxes on the amount of the increase.

(h) Within amounts appropriated in this subsection, the developmental disabilities program shall contract for a pilot program to test an alternative service delivery model for persons with autism. The department must use a competitive process to determine the site of the pilot. The pilot program must be time-limited and subject to an evaluation of client outcomes to determine the effectiveness and efficiency of the pilot program compared to the standard service model for persons with autism.

(i) $500,000 of the general fund--state appropriation for fiscal year 2001 and $160,000 of the general fund--federal appropriation are provided solely for increased family support services and related case management support.

The appropriations in this section are subject to the following conditions and limitations:

(1) The entire health services account appropriation, $1,907,979,000 of the general fund--federal appropriation, $923,000 of the general fund--state appropriation for fiscal year 2000, and $1,019,000 of the general fund--state appropriation for fiscal year 2001 are provided solely for health care benefits for home care workers who are employed through state contracts for at least twenty hours per week. Premium payments for individual provider home care workers shall be made only to the subsidized basic health plan. Home care agencies may obtain coverage either through the basic health plan or through an alternative plan with substantially equivalent benefits.

(2) $1,640,000 of the general fund--state appropriation for fiscal year 2000 and $1,640,000 of the general fund--state appropriation for fiscal year 2001, plus the associated vendor rate increase for each year, are provided solely for operation of the volunteer chore services program.

(3) For purposes of implementing Engrossed Second Substitute House Bill No. 1484 (nursing home payment rates), the weighted average nursing facility payment rate for fiscal year 2000 shall be no more than $10.85 for the capital portion of the rate and no more than $108.20 for the noncapital portion of the rate. For fiscal year 2001, the weighted average nursing facility payment rate shall be no more than $11.44 for the capital portion of the rate and no more than $111.84 for the noncapital portion of the rate. These rates include vendor rate increases, but exclude nurse's aide training.

(4) In addition to the rates set forth in subsection (3), $286,000 of the general fund--state appropriation for fiscal year 2000 and $310,000 of the general fund--federal appropriation are provided solely for supplemental rate adjustments for certain nursing facilities. In accordance with RCW 74.46.431, the department shall use these funds to apply an additional economic trends and conditions adjustment factor to the rate of any facility whose total rate allocation would otherwise be less than its April 1, 1999, total rate, adjusted for case-mix changes. This supplemental adjustment factor shall be the percentage by which the facility's April 1, 1999, rate would otherwise exceed the rate calculated in accordance with chapter 74.46 RCW and subsection (3) of this section, except that (a) no adjustment shall be provided for any amounts by which a facility's rate is lower due to a reduction in its facility-average medicaid case-mix score; and (b) the adjustment factor shall be reduced proportionately for all facilities by the percentage by which total supplemental payments would otherwise exceed the funds provided for such payments in this subsection. This subsection applies only to rates paid for services provided between July 1, 1999, and March 31, 2000.

(5) $50,000 of the general fund--state appropriation for fiscal year 2000 and $50,000 of the general fund--state appropriation for fiscal year 2001 are provided solely for payments to any nursing facility licensed under chapter 18.51 RCW which meets all of the following criteria: (a) The nursing home entered into an arm's length agreement for a facility lease prior to January 1, 1980; (b) the lessee purchased the leased nursing home after January 1, 1980; and (c) the lessor defaulted on its loan or mortgage for the assets of the home after January 1, 1991, and prior to January 1, 1992. Payments provided pursuant to this subsection shall not be subject to the settlement, audit, or rate-setting requirements contained in chapter 74.46 RCW.

Payments to individual home care providers are to be increased from $6.18 per hour to $6.68 per hour on July 1, 1999, and to $7.18 per hour on July 1, 2000. Payments to agency providers are to increase to $11.97 per hour on July 1, 1999, and to $12.62 per hour on July 1, 2000. All but 14 cents per hour of the July 1, 1999, increase to agency providers, and all but 15 cents per hour of the additional July 1, 2000, increase is to be used to increase wages for direct care workers. The appropriations in this subsection also include the funds needed for the employer share of unemployment and social security taxes on the amount of the increase.

(7) $200,000 of the general fund--state appropriation for fiscal year 2000, $80,000 of the general fund--state appropriation for fiscal year 2001, and $280,000 of the general fund--federal appropriation are provided solely for enhancement and integration of existing management information systems to (a) provide data at the local office level on service utilization, costs, and recipient characteristics; and (b) reduce the staff time...
devoted to data entry.

(8) The department of social and health services shall provide access and choice to consumers of adult day health services for the purposes of nursing services, physical therapy, occupational therapy, and psychosocial therapy. Adult day health services shall not be considered a duplication of services for persons receiving care in long-term care settings licensed under chapter 18.20, 72.36, or 70.128 RCW.

(9) $1,452,000 of the general fund--state appropriation for fiscal year 2000, $1,528,000 of the general fund--state appropriation for fiscal year 2001, and $2,980,000 of the general fund--federal appropriation are provided solely for implementation of Second Substitute House Bill No. 1546 (in-home care services). If Second Substitute House Bill No. 1546 is not enacted by June 30, 1999, the amounts provided in this subsection shall lapse.

Sec. 207. 2000 2nd sp. s. c 1 s 208 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--ECONOMIC SERVICES PROGRAM

General Fund--State Appropriation (FY 2000) ........................................ $427,742,000
General Fund--State Appropriation (FY 2001) ........................................ $421,371,000
General Fund--Federal Appropriation ..................................................... $(1,229,774,000)
General Fund--Private/Local Appropriation ........................................... $30,807,000

TOTAL APPROPRIATION ............................................................... $2,105,964,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $284,083,000 of the general fund--state appropriation for fiscal year 2000, $268,114,000 of the general fund--state appropriation for fiscal year 2001, $1,140,342,000 of the general fund--federal appropriation, and $28,371,000 of the general fund--local appropriation are provided solely for the WorkFirst program and child support operations. WorkFirst expenditures include TANF grants, diversion services, subsidized child care, employment and training, other WorkFirst related services, allocated field services operating costs, and allocated economic services program administrative costs. Within the amounts provided in this subsection, the department shall:

(a) Continue to implement WorkFirst program improvements that are designed to achieve progress against outcome measures specified in RCW 74.08A.410. Valid outcome measures of job retention and wage progression shall be developed and reported quarterly to appropriate fiscal and policy committees of the legislature for families who leave assistance, measured after 12 months, 24 months, and 36 months. An increased attention to job retention and wage progression is necessary to emphasize the legislature's goal that the WorkFirst program succeed in helping recipients gain long-term economic independence and not cycle on and off public assistance. The wage progression measure shall report the median percentage increase in quarterly earnings and hourly wage after 12 months, 24 months, and 36 months. The wage progression report shall also report the percent with earnings above one hundred percent and two hundred percent of the federal poverty level. The report shall compare former WorkFirst participants with similar workers who did not participate in WorkFirst. The department shall also report percentage of families who have returned to temporary assistance for needy families after 12 months, 24 months, and 36 months.

(b) Develop informational materials that educate families about the difference between cash assistance
and work support benefits. These materials must explain, among other facts, that the benefits are designed to support their employment, that there are no time limits on the receipt of work support benefits, and that immigration or residency status will not be affected by the receipt of benefits. These materials shall be posted in all community service offices and distributed to families. Materials must be available in multiple languages. When a family leaves the temporary assistance for needy families program, receives cash diversion assistance, or withdraws a temporary assistance for needy families application, the department of social and health services shall educate them about the difference between cash assistance and work support benefits and offering them the opportunity to begin or to continue receiving work support benefits, so long as they are eligible. The department shall provide this information through in-person interviews, over the telephone, and/or through the mail. Work support benefits include food stamps, Medicaid for all family members, Medicaid or State Children's Health Insurance Program for children, and child care assistance. The department shall report annually to the legislature the number of families who have had exit interviews, been reached successfully by phone, and sent mail. The report shall also include the percentage of families who elect to continue each of the benefits and the percentage found ineligible by each substantive reason code. A substantive reason code shall not be "other." The report shall identify barriers to informing families about work support benefits and describe existing and future actions to overcome such barriers.

(c) Provide $500,000 from the general fund--state appropriation for fiscal year 2000 and $500,000 from the general fund--state appropriation for fiscal year 2001 for continuation of the WorkFirst evaluation conducted by the joint legislative audit and review committee.

(d) Report to the appropriate committees of the legislature by December 1, 2000, how the new federal child support incentive system can be used to maximize federal incentive payments and to support the greatest achievement of WorkFirst program goals. In the event that the department earns federal child support incentive payments in excess of amounts budgeted, the department shall use one-half of those additional funds to offset general fund--state allotments and one-half of those additional funds to improve child support services. The department shall also work with the Washington State Association of County Clerks to identify ways to protect the confidentiality of Social Security numbers on court documents needed by the child support enforcement system while ensuring the reliability of this information without significantly increasing the cost to administer the child support system. The department shall report its recommendations for protecting the confidentiality of Social Security numbers to appropriate committees of the legislature by December 1, 2000.

(e) Provide up to $500,000 of the general fund--federal appropriation to the Office of Financial Management for a study of rate setting methods and policy for subsidized child care, the best method for coordinating and consolidating child care and early education programs currently funded by state government, and for a review of the various state programs for low-income families with children. The child care rate study shall analyze the effects of rate setting policy on the affordability and quality of the overall child care market. The child care and early education program study shall evaluate how current programs may be coordinated and consolidated to provide the most efficient level of administration, grant funding, and increased accessibility by families who are served by these programs. The study of state programs for low-income families shall compare and contrast eligibility and access to these programs and identify ways to coordinate or consolidate these programs to reduce administrative costs and improve access. The office shall submit a report to the department of social and health services and the appropriate committees of the legislature by December 1, 2000.

(f) Convene a working group that includes stakeholders and recipients of public assistance to establish basic customer service performance measures and goals. The customer service measures and goals will seek to make support for working families a priority. Customer service measures and goals may include, but are not limited to: Hours of operation that allow working families to get services without missing work, reduced wait times, systems for answering and returning phone calls in a timely manner, access to benefits that support work, access to job training and education, and, access to services for families with limited literacy or English skills, and families with special needs. The department shall report to the legislature by January 2001 the establishment of customer service measures and goals, and the departmental actions to assure the goals are being met.

(g) Use existing flexibility in federal and state welfare laws and regulations to support, on a limited basis, longer education and training plans that have a strong likelihood to lead to long-term economic independence for
recipient.

(h) Provide up to $1,400,000 of the general fund--federal appropriation for after-school care for middle school youth through programs such as those described in House Bill No. 2530 (after-school care).

(i) Provide up to $2,710,000 of the general fund--federal appropriation for training and technical assistance for child care providers seeking training to enable them to competently serve children with special needs as described in House Bill No. 2869 (child care provider training).

(j) Provide $230,000, or as much thereof as may be necessary, to the department of health to expand the vasectomy project to temporary assistance for needy families clients and their partners until such time as a federal family planning waiver is granted that will cover these services.

(k) Ensure that funds provided in this subsection to implement policies that disregard or exempt a portion of recipients’ income are designed to achieve stated WorkFirst program goals and outcomes. Income disregards are effective incentives to help WorkFirst families move towards economic independence. Income disregard policy shall not discriminate based on who the specific employer is.

(2) $43,408,000 of the general fund--state appropriation for fiscal year 2000 and ((($42,286,000))) $46,420,000 of the general fund--state appropriation for fiscal year 2001 are provided solely for cash assistance and other services to recipients in the general assistance--unemployable program. Within these amounts, the department may expend funds for services that assist recipients to reduce their dependence on public assistance, provided that expenditures for these services and cash assistance do not exceed funds provided. The department shall by July 1, 2000, begin using federal funds provided in subsection (1) of this section, as allowed by federal rules, for the costs of providing income assistance to children with court-appointed guardians or court-appointed custodians.

(3) $5,444,000 of the general fund--state appropriation for fiscal year 2000 and $5,632,000 of the general fund--state appropriation for fiscal year 2001 are provided solely for the food assistance program for legal immigrants. The level of benefits shall be equivalent to the benefits provided by the federal food stamp program.

(4) RCW 74.08A.280 permits the department to develop contracts for state-wide welfare-to-work services. Within amounts available in this section, the department shall provide progress reports on the use of such contracting to the fiscal committees of the legislature by January 1, 2001. Each of these reports shall describe the number of current contracts for temporary assistance for needy families (TANF) or WorkFirst services that the department has with community social service providers and a description of the services being provided through each of those contracts.

(5) The legislature finds that, since the passage of the federal personal responsibility and work opportunity act in 1997, Washington's public assistance population has declined dramatically, and that the currently appropriated level for the temporary assistance for needy families program is sufficient for the 1999-01 biennium. The legislature further finds that federal funding for the temporary assistance for needy families program may decrease after the current five-year block grant has expired. The legislature declares that at least $60,000,000 of the year-end balance in the federal TANF grant shall be held in reserve by the office of financial management at the close of the 1999-01 biennium.

Public Safety and Education Account--State Appropriation ........................................ $ 7,102,000
Violence Reduction and Drug Enforcement Account--State Appropriation ............. $ 77,150,000

.................................................................................................................. TOTAL APPROPRIATION $ 219,268,000
The appropriations in this section are subject to the following conditions and limitations:

1. $1,960,000 of the general fund--state appropriation for fiscal year 2000 and $1,960,000 of the general fund--state appropriation for fiscal year 2001 are provided solely for expansion of 50 drug and alcohol treatment beds for persons committed under RCW 70.96A.140. Patients meeting the commitment criteria of RCW 70.96A.140 but who voluntarily agree to treatment in lieu of commitment shall also be eligible for treatment in these additional treatment beds. The department shall develop specific placement criteria for these expanded treatment beds to ensure that this new treatment capacity is prioritized for persons incapacitated as a result of chemical dependency and who are also high utilizers of hospital services.

2. $18,000 of the general fund--state appropriation for fiscal year 2000, $88,000 of the general fund--state appropriation for fiscal year 2001, and $116,000 of the general fund--federal appropriation are provided solely for activities related to chemical dependency services under subsection 202(1) of this act. The pilot programs shall be implemented in several locations, including at least one rural location. The pilot programs shall also be supported with TANF funds provided in section 208 of this act as a way to reduce prolonged dependency on public assistance for program participants.

4. $442,000 of the public safety and education account--state appropriation is provided solely for drug courts that have a net loss of federal grant funding from fiscal year 2000 to fiscal year 2001. The legislature finds that drug courts reduce criminal justice costs for both state and local governments. This appropriation is intended to cover approximately one-half of the lost federal funding. It is the intent of the legislature to provide state assistance to counties to cover a part of lost federal funding for drug courts for a maximum of three years.

(7) The department shall report to the fiscal committees of the legislature by December 1, 1999, and again by October 1, 2000, on the amount which has been recovered from third-party payers as a result of its efforts to improve coordination of benefits on behalf of "basic health plan-plus" enrollees.

(8) The department shall report to the health care and fiscal committees of the legislature by December 1, 1999, on options for controlling the growth in medicaid prescription drug expenditures through strategies such as but not limited to volume purchasing, selective contracting, supplemental drug discounts, and improved care coordination for high utilizers.

(9) $3,992,000 of the health services account appropriation and $7,651,000 of the general fund--federal appropriation are provided solely for health insurance coverage for children with family incomes between 200 percent and 250 percent of the federal poverty level, as provided in Substitute Senate Bill No. 5416 (children's health insurance program). If the bill is not enacted by June 30, 1999, these amounts shall lapse.

(10) Upon approval from the federal health care financing administration, the department shall implement the section 1115 family planning waiver to provide family planning services to persons with family incomes at or below two hundred percent of the federal poverty level.

Such payments shall be distributed among the participating rural public hospital districts proportional to the number of days of medicaid-funded nursing home care provided by each district during the preceding calendar year, relative to the total number of such days of care provided by all participating rural public hospital districts. Prior to making any supplemental payments, the department shall first obtain federal approval for such payments under the medicaid state plan. The payments shall further be conditioned upon (a) a contractual commitment by the association of public hospital districts and participating rural public hospital districts to make an intergovernmental transfer to the state treasurer, for deposit into the health services account, equal to at least ($872) $89 percent of the total supplemental payment amounts received during the 1999-01 fiscal biennium; and (b) a contractual commitment by the participating districts to not allow expenditures covered by the supplemental payments to be used for medicaid nursing home rate-setting. The participating districts shall retain no more than a total of $30,000,000 for the 1999-01 biennium.

(12) In determining financial eligibility for medicaid-funded services, the department is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(13) $1,529,000 of the general fund--state appropriation for fiscal year 2000, $4,077,000 of the general fund--state appropriation for fiscal year 2001, and $5,394,000 of the general fund--federal appropriation are provided solely for implementation of the settlement negotiated by the department and the attorney general in the case of Allenmore et al. vs. DSHS.
(14) From funds provided in this section, the department shall develop disease state management and therapeutic substitution programs which will substantially maintain or enhance the quality of the drug benefit for medical assistance recipients, while controlling overall health care costs. In designing the disease state management programs, the department shall research programs which have proven effective with similar populations in other states, and shall then work with concerned provider and consumer groups to adapt those strategies to Washington's service delivery system. The department shall work with its drug utilization and education council to develop a therapeutic substitution program for at least two classes of drugs. Under the therapeutic substitution program, the council shall analyze pharmacoeconomic research on the costs and benefits of all drugs within the class, and identify the most cost-effective drug or drugs within the class for placement on the formulary. Other drugs within the class shall be preauthorized when clinically indicated under criteria established by the council. The department shall report to appropriate committees of the legislature by December 1, 2000, prior to implementing its proposed strategies.

(15) ($14,848,000) $27,100,000 of the health services account appropriation for fiscal year 2001 and ($15,269,000) $27,800,000 of the general fund--federal appropriation are provided solely for additional disproportionate share hospital payments to public hospital districts. Such additional payments shall not be made prior to federal approval of a revision in the medicaid payment methodology for state teaching hospitals, and shall not exceed the increase in medicaid payments which results from that change. The payments shall further be conditioned upon a contractual commitment by the participating public hospital districts to make an intergovernmental transfer to the health services account equal to at least 85% of the additional disproportionate share payment. The participating districts shall retain no more than $27,800,000 of the additional disproportionate share payment. At least 28 percent of the amounts retained by the participating hospital districts shall be allocated to the state teaching hospitals.

(16)(a) $49,000 of the general fund--state appropriation for fiscal year 2001 and $49,000 of the general fund--federal appropriation for fiscal year 2001 are provided solely for the medical assistance administration and the health care authority to jointly conduct a state-wide study to:

(i) Determine payment sources and rates paid for primary health care providers performing outpatient primary care services and primary care in hospital emergency rooms for the state's medical assistance programs, including healthy options, and the basic health plan. To determine payment sources and rates paid, the agencies may seek information in relation to such factors as:

(A) The rates paid to primary care providers for their medical assistance programs, including healthy options, and basic health plan contracts; and

(B) How these rates compare with nonpublic pay clients for the same services.

The agencies are authorized to attain this information from health plans or providers. The agencies shall maintain the confidentiality of data collected for the purpose of the study;

(ii) Determine which primary care providers serve a relatively high number of low-income clients, and how that affects their medical practice. For purposes of the study, "primary care providers" includes pediatricians, family practitioners, general practitioners, internists, physician assistants, and advanced registered nurse practitioners; and

(iii) Develop proposals to support these providers' medical practices. The agencies must determine what constitutes a relatively high percentage of low-income clients for individual primary care providers who contract for medical assistance administration programs, including healthy options, and the basic health plan, and recommend whether and at what point this disproportionately high percentage should result in additional compensation to the primary care provider. The agencies shall recommend a method to calculate a payment adjustment designed to help support medical practices, according to the study's findings.

(b) In conducting the study, the agencies shall determine which regions of the state to include in the study, based on factors the agencies determine will provide the most representative data state-wide. The agencies shall also consult with interested parties, including any organization or agency affected by this subsection, throughout the course of the study.

(c) The agencies shall report to the legislature by December 1, 2000, with the results of the primary health care provider study. The report shall include recommendations on:

(i) What constitutes a disproportionately high percentage of low-income clients; and

(ii) possible payment adjustments for these providers;
(iii) methods to implement such a rate adjustment; and (iv) what such a payment adjusted program will cost.

(17) From funds appropriated in this section, the medical assistance program shall assist the Washington state institute for public policy with the assessment of options for expanding medicaid eligibility required in section 607 of this 2000 act. Such assistance shall include analysis of medicaid enrollment and expenditure data needed for enrollment and cost projections; information and advice on state and federal medicaid requirements; and liaison with state and federal officials in other states undertaking similar expansions.

(18) $290,000 of the general fund--state appropriation for fiscal year 2001 is provided solely for implementation of the asset exemption provisions of House Bill No. 2686. If these provisions are not enacted by June 30, 2000, the amount provided in this subsection shall lapse.

Sec. 210. 2000 2nd sp.s. c 1 s 211 (uncodified) is amended to read as follows:

Sec. 211. 2000 2nd sp.s. c 1 s 212 (uncodified) is amended to read as follows:

General Fund--State Appropriation (FY 2001) .................................................. $ (20,119,000)
General Fund--Federal Appropriation ................................................................. $ (43,227,000)
General Fund--Private/Local Appropriation .................................................. $ 720,000
TOTAL APPROPRIATION $ 100,016,000

The appropriations in this section are subject to the following conditions and limitations:

Of this increase, $2,400,000 is provided for relocating staff. This amount is recognized as one-time-only funding for the 1999-01 biennium. In selecting reductions in the various other programs, the department shall place a higher priority on reductions in administrative support functions as opposed to direct client services. Reductions in positions providing direct client services shall be implemented only if those reductions can be justified by reduced workload or through reorganization or other efficiencies that do not result in a risk of failing to meet federal or state certification or licensing standards. In achieving the level of savings assumed in this subsection, the department shall not eliminate or reduce funding and/or staff that would shift or transfer filing or appeal workload to superior courts. By September 1, 2000, the department shall report its plan to implement the savings in this section to the fiscal committees of the legislature.

The appropriations in this section are subject to the following conditions and limitations:

1. Pursuant to RCW 7.68.015, the department shall operate the crime victims compensation program within the public safety and education account funds appropriated in this section. In the event that cost containment measures are necessary, the department may (a) institute copayments for services; (b) develop preferred provider and managed care contracts; (c) coordinate with the department of social and health services to use the public safety and education account as matching funds for federal Title XIX reimbursement, to the extent this maximizes total funds available for services to crime victims. Cost containment measures shall not include holding invoices received in one fiscal period for payment from appropriations in subsequent fiscal periods.

2. $2,665,000 of the public safety and education account--state appropriation is provided solely for additional costs for client benefits in the crime victims compensation program, provided that no more than $5,095,000 of the appropriations provided in subsection (1) of this section is expended for department administration of the crime victims compensation program.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. **Sec. 505.** 2000 2nd sp.s. c 1 s 507 (uncodified) is amended to read as follows:

**FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS**

| General Fund--State Appropriation (FY 2000) | $387,011,000 |
| General Fund--State Appropriation (FY 2001) | $391,076,000 |
| General Fund--Federal Appropriation | $(171,667,000) |

**TOTAL APPROPRIATION**

$954,198,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW
School districts shall ensure, to the greatest extent possible, that special education students receive their appropriate share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education allocation funded in this section.

(2) Each general fund--state fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(3) The superintendent of public instruction shall distribute state funds to school districts based on two categories: The optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.

(4) For the 1999-00 and 2000-01 school years, the superintendent shall distribute state funds to each district based on the sum of:

(a) A district's annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and

(b) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (5)(c) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

(5) The definitions in this subsection apply throughout this section.

(a) "Average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.

(b) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(c) "Enrollment percent" means the district's resident special education annual average enrollment including those students counted under the special education demonstration projects, excluding the birth through age two enrollment, as a percent of the district's annual average full-time equivalent basic education enrollment. For the 1999-00 and the 2000-01 school years, each district's funded enrollment percent shall be the lesser of the district's actual enrollment percent for the school year for which the allocation is being determined or 12.7 percent.

(6) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be 12.7, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(7) A maximum of $12,000,000 of the general fund--state appropriation for fiscal year 2000 and a maximum of $12,000,000 of the general fund--state appropriation for fiscal year 2001 are provided as safety net funding for districts with demonstrated needs for state special education funding beyond the amounts provided in subsection (4) of this section. Safety net funding shall be awarded by the state safety net oversight committee.

(a) The safety net oversight committee shall first consider the needs of districts adversely affected by the 1995 change in the special education funding formula. Awards shall be based on the amount required to maintain the 1994-95 state special education excess cost allocation to the school district in aggregate or on a dollar per funded student basis.

(b) The committee shall then consider unusual needs of districts due to a special education population which differs significantly from the assumptions of the state funding formula. Awards shall be made to districts that convincingly demonstrate need due to the concentration and/or severity of disabilities in the district.

Differences in program costs attributable to district philosophy or service delivery style are not a basis for safety
net awards.

(c) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(d) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with Substitute Senate Bill No. 5626 (medicaid payments to schools).

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(f) The superintendent may expend up to $100,000 per year of the amounts provided in this subsection to provide staff assistance to the committee in analyzing applications for safety net funds received by the committee.

(g) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(h) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) Staff of the office of superintendent of public instruction;
(b) Staff of the office of the state auditor;
(c) Staff of the office of the financial management; and
(d) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(i) To the extent necessary, $5,500,000 of the general fund--federal appropriation shall be expended for safety net funding to meet the extraordinary needs of one or more individual special education students. If safety net awards to meet the extraordinary needs of one or more individual special education students exceed $5,500,000 of the general fund--federal appropriation, the superintendent shall expend all available federal discretionary funds necessary to meet this need. General fund--state funds shall not be expended for this purpose.

(j) A maximum of $678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(k) A maximum of $1,000,000 of the general fund--federal appropriation is provided for projects to provide special education students with appropriate job and independent living skills, including work experience where possible, to facilitate their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

(l) A school district may carry over from one year to the next year up to 10 percent of general fund--state funds allocated under this program; however, carry over funds shall be expended in the special education program.

(m) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(n) A maximum of $1,200,000 of the general fund--federal appropriation may be expended by the superintendent for projects related to use of inclusion strategies by school districts for provision of special education services. The superintendent shall prepare an information database on laws, best practices, examples of programs, and recommended resources. The information may be disseminated in a variety of ways, including workshops and other staff development activities.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. It is the intent of the legislature to authorize the department of social and health services to investigate the background of current and future department employees to the same extent and with the same effect as it has authorized the state to investigate the background and exclude from the provision of service current and future care providers, contractors, volunteers, and others. The department of social and health services must coordinate with the department of personnel to develop rules that address the procedures for undertaking background checks, and specifically what action would be taken against a current employee who is disqualified from his or her current position because of a background check not previously performed.

NEW SECTION. Sec. 2. A new section is added to chapter 9.96A RCW to read as follows:

This chapter is not applicable to the department of social and health services when employing a person, who in the course of his or her employment, has or may have unsupervised access to any person who is under the age of eighteen, who is under the age of twenty-one and has been sentenced to a term of confinement under the supervision of the department of social and health services under chapter 13.40 RCW, who is a vulnerable adult under chapter 74.34 RCW, or who is a vulnerable person. For purposes of this section "vulnerable person" means an adult of any age who lacks the functional, mental, or physical ability to care for himself or herself.

Sec. 3. RCW 28A.400.303 and 1992 c 159 s 2 are each amended to read as follows:

School districts, educational service districts, the state school for the deaf, the state school for the blind, and their contractors hiring employees who will have regularly scheduled unsupervised access to children shall require a record check through the Washington state patrol criminal identification system under RCW 43.43.830 through 43.43.834, 10.97.030, and 10.97.050 and through the federal bureau of investigation before hiring an employee. The record check shall include a fingerprint check using a complete Washington state criminal identification fingerprint card. The requesting entity shall provide a copy of the record report to the applicant. When necessary, applicants may be employed on a conditional basis pending completion of the investigation. If the applicant has had a record check within the previous two years, the district, the state school for the deaf, the state school for the blind, or contractor may waive the requirement. The district, pursuant to chapter 41.59 or 41.56 RCW, the state school for the deaf, the state school for the blind, or contractor hiring the employee shall determine who shall pay costs associated with the record check.

Sec. 4. RCW 28A.400.305 and 1996 c 126 s 5 are each amended to read as follows:

The superintendent of public instruction shall adopt rules as necessary under chapter 34.05 RCW on record check information. The rules shall include, but not be limited to the following:

1) Written procedures providing a school district, state school for the deaf, or state school for the blind employee or applicant for certification or employment access to and review of information obtained based on the
Sec. 5. RCW 43.20A.710 and 2000 c 87 s 2 are each amended to read as follows:

(1) The secretary shall investigate the conviction records, pending charges (or) and disciplinary board final decisions of:

(a) Any current employee or applicant seeking or being considered for any position with the department who will or may have unsupervised access to children, vulnerable adults, or individuals with mental illness or developmental disabilities;

(b) Any current employee or applicant seeking or being considered for any position involving unsupervised access to vulnerable adults to conduct. This includes, but is not limited to, positions conducting comprehensive assessments, financial eligibility determinations, licensing and certification activities, investigations, surveys, or case management; or for state positions otherwise required by federal law to meet employment standards;

(c) Individual providers who are paid by the state and providers who are paid by home care agencies to provide in-home services involving unsupervised access to persons with physical, mental, or developmental disabilities or mental illness, or to vulnerable adults as defined in chapter 74.34 RCW, including but not limited to services provided under chapter 74.39 or 74.39A RCW; and

(d) Individuals or businesses or organizations for the care, supervision, case management, or treatment of children, developmentally disabled persons, or vulnerable adults, including but not limited to services contracted for under chapter 18.20, 18.48, 70.127, 70.128, 72.36, or 74.39A RCW or Title 71A RCW.

(2) The investigation may include an examination of state and national criminal identification data. The secretary shall use the information solely for the purpose of determining the character, suitability, and competence of these applicants.

(3) An individual provider or home care agency provider who has resided in the state less than three years before applying for employment involving unsupervised access to a vulnerable adult as defined in chapter 74.34 RCW must be fingerprinted for the purpose of investigating conviction records both through the Washington state patrol and the federal bureau of investigation. This subsection applies only with respect to the provision of in-home services funded by medicaid personal care under RCW 74.09.520, community options program entry system waiver services under RCW 74.39A.030, or chore services under RCW 74.39A.110. However, this subsection does not supersede RCW 74.15.030(2)(b).

(4) An individual provider or home care agency provider hired to provide in-home care for and having unsupervised access to a vulnerable adult as defined in chapter 74.34 RCW must have no conviction for a disqualifying crime under RCW 43.43.830 and 43.43.842. An individual or home care agency provider must also have no conviction for a crime relating to drugs as defined in RCW 43.43.830. This subsection applies only with respect to the provision of in-home services funded by medicaid personal care under RCW 74.09.520, community options program entry system waiver services under RCW 74.39A.030, or chore services under RCW 74.39A.110.

(5) The secretary shall provide the results of the background check on individual providers to the persons hiring them or to their legal guardians, if any, for their determination of the character, suitability, and competence of the applicants. If the person elects to hire or retain an individual provider after receiving notice from the department that the applicant has a conviction for an offense that would disqualify the applicant from having unsupervised access to persons with physical, mental, or developmental disabilities or mental illness, or to vulnerable adults as defined in chapter 74.34 RCW, then the secretary shall deny payment for any subsequent services rendered by the disqualified individual provider.

(6) Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose.

SENATE AMENDMENTS TO HOUSE BILL

April 10, 2001

Mr. Speakers:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1571, with the following amendment:
Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 67.16.200 and 2000 c 223 s 1 are each amended to read as follows:

(1) A racing association licensed by the commission to conduct a race meet may seek approval from the commission to conduct parimutuel wagering on its program at a satellite location or locations within the state of Washington. The sale of parimutuel pools at satellite locations shall be conducted only during the licensee's race meet and simultaneous to all parimutuel wagering activity conducted at the licensee's live racing facility in the state of Washington. The commission's authority to approve satellite wagering at a particular location is subject to the following limitations:

(a) The commission may approve only one satellite location in each county in the state; however, the commission may grant approval for more than one licensee to conduct wagering at each satellite location. A satellite location shall not be operated within twenty driving miles of any class 1 racing facility. For the purposes of this section, "driving miles" means miles measured by the most direct route as determined by the commission; and

(b) A licensee shall not conduct satellite wagering at any satellite location within sixty driving miles of any other racing facility conducting a live race meet.

(2) Subject to local zoning and other land use ordinances, the commission shall be the sole judge of whether approval to conduct wagering at a satellite location shall be granted.

(3) The licensee shall combine the parimutuel pools of the satellite location with those of the racing facility for the purpose of determining odds and computing payoffs. The amount wagered at the satellite location shall be combined with the amount wagered at the racing facility for the application of take out formulas and distribution as provided in RCW 67.16.102, 67.16.105, 67.16.170, and 67.16.175. A satellite extension of the licensee's racing facility shall be subject to the same application of the rules of racing as the licensee's racing facility.

(4) Upon written application to the commission, a class 1 racing association may be authorized to transmit simulcasts of live horse races conducted at its racetrack to locations outside of the state of Washington approved by the commission and in accordance with the interstate horse racing act of 1978 (15 U.S.C. Sec. 3001 to 3007) or any other applicable laws. The commission may permit parimutuel pools on the simulcast races to be combined in a common pool. A racing association that transmits simulcasts of its races to locations outside this state shall pay at least fifty percent of the fee that it receives for sale of the simulcast signal to the horsemen's purse account for its live races after first deducting the actual cost of sending the signal out of state.

(5) Upon written application to the commission, a class 1 racing association may be authorized to transmit simulcasts of live horse races conducted at its racetrack to licensed racing associations located within the state of Washington and approved by the commission for the receipt of the simulcasts. The commission shall permit parimutuel pools on the simulcast races to be combined in a common pool. The fee for in-state, track-to-track simulcasts shall be five and one-half percent of the gross parimutuel receipts generated at the receiving location and payable to the sending racing association. A racing association that transmits simulcasts of its races to other licensed racing associations shall pay at least fifty percent of the fee that it receives for the simulcast signal to the horsemen's purse account for its live race meet after first deducting the actual cost of sending the simulcast signal. A racing association that receives races simulcast from class 1 racing associations within the state shall pay at least fifty percent of its share of the parimutuel receipts to the horsemen's purse account for its live race meet after first deducting the purchase price and the actual direct costs of importing the race.

(6) A class 1 racing association may be allowed to import simulcasts of horse races from out-of-state racing facilities. With the prior approval of the commission, the class 1 racing association may participate in an interstate common pool and may change its commission and breakage rates to achieve a common rate with other participants in the common pool.

(a) The class 1 racing association shall make written application with the commission for permission to import simulcast horse races for the purpose of parimutuel wagering. Subject to the terms of this section, the commission is the sole authority in determining whether to grant approval for an imported simulcast race.
During the conduct of its race meeting, a class 1 racing association may be allowed to import no more than one simulcast race card program during each live race day. A licensed racing association may also be approved to import one simulcast race of regional or national interest on each live race day. A class 1 racing association may be permitted to import two simulcast programs on two nonlive race days per each week during its live meet. A licensee shall not operate parimutuel wagering on more than five days per week.

Parimutuel wagering on imported simulcast programs shall only be conducted at the live racing facility of a class 1 racing association.

The commission may allow simulcast races of regional or national interest to be sent to satellite locations. The simulcasts shall be limited to one per day except for Breeder's Cup special events day.

When open for parimutuel wagering, a class 1 racing association which imports simulcast races shall also conduct simulcast parimutuel wagering within its licensed racing enclosure on all races simulcast from other class 1 racing associations within the state of Washington.

When not conducting a live race meeting, a class 1 racing association may be approved to conduct simulcast parimutuel wagering on imported simulcast races. The conduct of simulcast parimutuel wagering on imported simulcast races shall be for no more than fourteen hours during any twenty-four hour period, for not more than five days per week and only at the live racing facility of a class 1 racing association.

On any imported simulcast race, the class 1 racing association shall pay fifty percent of its share of the parimutuel receipts to the horsemen's purse account for its live race meet after first deducting the purchase price of the imported race and the actual costs of importing the race.

For purposes of this section, a class 1 racing association is defined as a licensee approved by the commission to conduct during each twelve-month period at least forty days of live racing. If a live race day is canceled due to reasons directly attributable to acts of God, labor disruptions affecting live race days but not directly involving the licensee or its employees, or other circumstances that the commission decides are beyond the control of the class 1 racing association, then the canceled day counts toward the forty-day requirement. The commission may by rule increase the number of live racing days required to maintain class 1 racing association status or make other rules necessary to implement this section.

This section does not establish a new form of gaming in Washington or allow expanded gaming within the state beyond what has been previously authorized. Simulcast wagering has been allowed in Washington before April 19, 1997. Therefore, this section does not allow gaming of any nature or scope that was prohibited before April 19, 1997. This section is necessary to protect the Washington equine breeding and racing industries, and in particular those sectors of these industries that are dependent upon live horse racing. The purpose of this section is to protect these industries from adverse economic impacts and to promote fan attendance at class 1 racing facilities. Therefore, imported simulcast race card programs shall not be disseminated to any location outside the live racing facility of the class 1 racing association and a class 1 racing association is strictly prohibited from simulcasting imported race card programs to any location outside its live racing facility.

In line 3 of the title, after "facilities;" strike the remainder of the title and insert "and amending RCW 67.16.200."

and the same is herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

April 9, 2001

Mr. Speakers:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1418, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) It is declared to be the public policy of the state of Washington to promote and facilitate the orderly development and economic stability of its communities. Local governments need the ability to raise revenue to finance public improvements that are designed to encourage economic growth and development in geographic areas characterized by high levels of unemployment and stagnant employment and income growth. The construction of necessary public improvements in accordance with local economic development plans will encourage investment in job-producing private development and expand the public tax base.

(2) It is the purpose of this chapter:
   (a) To encourage taxing districts to cooperate in the allocation of future tax revenues that are used to finance public improvements designed to encourage private development in selected areas, in particular in those local governments that are located adjacent to another state or international border;
   (b) To assist those local governments that have a competitive disadvantage in its ability to attract business, private investment, or commercial development due to its location near a state or international border; and
   (c) To prevent or arrest the decay of selected areas due to the inability of existing financial methods to provide needed public improvements, and to encourage private investment designed to promote and facilitate the orderly redevelopment of selected areas.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(2) "Local government" means any city, town, county, port district, or any combination thereof.

(3) "Ordinance" means any appropriate method of taking legislative action by a local government.

(4) "Public improvements" means:

      (i) Street and road construction and maintenance;
      (ii) Water and sewer system construction and improvements;
      (iii) Sidewalks and streetlights;
      (iv) Parking, terminal, and dock facilities;

   (ii) Providing maintenance and security for common or public areas in the increment area; or
   (iii) Historic preservation activities authorized under RCW 35.21.395.
(5) "Public improvement costs" means the costs of: (a) Design, planning, acquisition, site preparation, construction, reconstruction, rehabilitation, improvement, and installation of public improvements; (b) relocating, maintaining, and operating property pending construction of public improvements; (c) relocating utilities as a result of public improvements; (d) financing public improvements, including interest during construction, legal and other professional services, taxes, insurance, principal and interest costs on general indebtedness issued to finance public improvements, and any necessary reserves for general indebtedness; (e) assessments incurred in valuing real property for the purpose of determining the tax allocation base value that are in excess of costs incurred by the assessor in accordance with the revaluation plan under chapter 84.41 RCW, and the costs of apportioning the taxes and complying with this chapter and other applicable law; and (f) administrative expenses and feasibility studies reasonably necessary and related to these costs, including related costs that may have been incurred before adoption of the ordinance authorizing the public improvements and the use of community revitalization financing to fund the costs of the public improvements.
(6) "Regular property taxes" means regular property taxes as defined in RCW 84.04.140, except: (a) Regular property taxes levied by port districts or public utility districts specifically for the purpose of making required payments of principal and interest on general indebtedness; and (b) regular property taxes levied by the state for the support of the common schools under RCW 84.52.065. Regular property taxes do not include excess property tax levies that are exempt from the aggregate limits for junior and senior taxing districts as provided in RCW 84.52.043.
(7) "Tax allocation base value" means the true and fair value of real property located within an increment area for taxes imposed in the year in which the increment area is created, plus twenty-five percent of any increase in the true and fair value of real property located within an increment area that is placed on the assessment rolls after the increment area is created.

(9) "Increment area" means the geographic area from which taxes are to be appropriated to finance public improvements authorized under this chapter.

(12) "Value of taxable property" means the value of the taxable property as defined in RCW 39.36.015.

NEW SECTION. Sec. 3. A local government may finance public improvements using community revitalization financing subject to the following conditions:
(1) The local government adopts an ordinance designating an increment area within its boundaries and specifying the public improvements proposed to be financed in whole or in part with the use of community revitalization financing;
(2) The public improvements proposed to be financed in whole or in part using community revitalization financing are expected to encourage private development within the increment area and to increase the fair market value of real property within the increment area;
(3) Private development that is anticipated to occur within the increment area, as a result of the public improvements, will be consistent with the countywide planning policy adopted by the county under RCW 36.70A.210 and the local government's comprehensive plan and development regulations adopted under chapter 36.70A RCW;
(4) Taxing districts, in the aggregate, that levy at least seventy-five percent of the regular property tax within which the increment area is located approves the community revitalization financing of the project under section 5(1) of this act; and

(5) In an increment area that includes any portion of a fire protection district as defined in Title 52 RCW, the fire protection district must approve their participation in the community revitalization financing of the project under this act. Approval by the fire protection district shall be considered as part of the required participation by taxing districts under subsection (4) of this section.

NEW SECTION. Sec. 4. Public improvements that are financed with community revitalization financing may be undertaken and coordinated with other programs or efforts undertaken by the local government and other taxing districts and may be funded in part from revenue sources other than community revitalization financing.

NEW SECTION. Sec. 5. Before adopting an ordinance creating the increment area, a local government must:

(1) Obtain written agreement for the use of community revitalization financing to finance all or a portion of the costs of the designated public improvements from taxing districts that, in the aggregate, levy at least seventy-five percent of the regular property tax on property within the increment area. A signed, written agreement from taxing districts that in the aggregate levy at least seventy-five percent of the regular property tax within the increment area, constitutes concurrence by all taxing districts in the increment area in the public improvement and participation in the public improvement to the extent of providing limited funding under community revitalization financing authorized under this chapter. The agreement must be authorized by the governing body of taxing districts that in the aggregate levy at least seventy-five percent of the regular property tax on property within the increment area;

(2) Hold a public hearing on the proposed financing of the public improvement in whole or in part with community revitalization financing. Notice of the public hearing must be published in a legal newspaper of general circulation within the proposed increment area at least ten days before the public hearing and posted in at least six conspicuous public places located in the proposed increment area. Notices must describe the contemplated public improvements, estimate the costs of the public improvements, describe the portion of the costs of the public improvements to be borne by community revitalization financing, describe any other sources of revenue to finance the public improvements, describe the boundaries of the proposed increment area, and estimate the period during which community revitalization financing is contemplated to be used. The public hearing may be held by either the governing body of the local government, or a committee of the governing body that includes at least a majority of the whole governing body; and

(3) Adopt an ordinance establishing the increment area that describes the public improvements, describes the boundaries of the increment area, estimates the cost of the public improvements and the portion of these costs to be financed by community revitalization financing, estimates the time during which regular property taxes are to be apportioned, provides the date when the apportionment of the regular property taxes will commence, and finds that the conditions of section 3 of this act are met.

NEW SECTION. Sec. 6. The local government shall:

(1) Publish notice in a legal newspaper of general circulation within the increment area that describes the public improvement, describes the boundaries of the increment area, and identifies the location and times where the ordinance and other public information concerning the public improvement may be inspected; and

(2) Deliver a certified copy of the ordinance to the county treasurer, the county assessor, and the governing body of each taxing district within which the increment area is located.

NEW SECTION. Sec. 7. (1) Commencing in the calendar year following the passage of the ordinance, the county treasurer shall distribute receipts from regular taxes imposed on real property located in the increment area as follows:

(a) Each taxing district shall receive that portion of its regular property taxes produced by the rate of tax
JOURNAL OF THE HOUSE

levied by or for the taxing district on the tax allocation base value for that community revitalization financing project in the taxing district, or upon the total assessed value of real property in the taxing district, whichever is smaller; and

(b) The local government that created the increment area shall receive an additional portion of the regular property taxes levied by or for each taxing district upon the increment value within the increment area.

However, the local government that created the increment area may agree to receive less than the full amount of this portion as long as bond debt service, reserve, and other bond covenant requirements are satisfied, in which case the balance of these tax receipts shall be allocated to the taxing districts that imposed regular property taxes, or have regular property taxes imposed for them, in the increment area for collection that year in proportion to their regular tax levy rates for collection that year. The local government may request that the treasurer transfer this additional portion of the property taxes to its designated agent. The portion of the tax receipts distributed to the local government or its agent under this subsection (1)(b) may only be expended to finance public improvement costs associated with the public improvements financed in whole or in part by community revitalization financing.

(2) The county assessor shall allocate twenty-five percent of any increased real property value occurring in the increment area to the tax allocation base value and seventy-five percent to the increment value. This section does not authorize revaluations of real property by the assessor for property taxation that are not made in accordance with the assessor's revaluation plan under chapter 84.41 RCW or under other authorized revaluation procedures.

(3) The apportionment of increases in assessed valuation in an increment area, and the associated distribution to the local government of receipts from regular property taxes that are imposed on the increment value, must cease when tax allocation revenues are no longer necessary or obligated to pay the costs of the public improvements. Any excess tax allocation revenues and earnings on the tax allocation revenues remaining at the time the apportionment of tax receipts terminates must be returned to the county treasurer and distributed to the taxing districts that imposed regular property taxes, or had regular property taxes imposed for it, in the increment area for collection that year, in proportion to the rates of their regular property tax levies for collection that year.

NEW SECTION. Sec. 8. (1) A local government designating an increment area and authorizing the use of community revitalization financing may incur general indebtedness, and issue general obligation bonds, to finance the public improvements and retire the indebtedness in whole or in part from tax allocation revenues it receives, subject to the following requirements:

(a) The ordinance adopted by the local government creating the increment area and authorizing the use of community revitalization financing indicates an intent to incur this indebtedness and the maximum amount of this indebtedness that is contemplated; and

(b) The local government includes this statement of the intent in all notices required by section 5 of this act.

(2) The general indebtedness incurred under subsection (1) of this section may be payable from other tax revenues, the full faith and credit of the local government, and nontax income, revenues, fees, and rents from the public improvements, as well as contributions, grants, and nontax money available to the local government for payment of costs of the public improvements or associated debt service on the general indebtedness.

(3) In addition to the requirements in subsection (1) of this section, a local government designating an increment area and authorizing the use of community revitalization financing may require the nonpublic participant to provide adequate security to protect the public investment in the public improvement within the increment area.

NEW SECTION. Sec. 9. A direct or collateral attack on a public improvement, public improvement ordinance, or increment area purported to be authorized or created in conformance with applicable legal requirements, including this chapter, may not be commenced more than thirty days after publication of notice as required by section 6 of this act.

the state or any local government might otherwise have under any laws of this state.

SECOND READING

HOUSE BILL NO. 2247 by Representatives Crouse, Poulsen and Edwards

Managing energy supply and demand.

The bill was read the second time.

Speaker Ballard announced that House Bill No. 2247 was co-prime sponsored by Representatives Crouse and Poulsen.

Representative Poulsen moved the adoption of the following amendment (209):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 80.50.010 and 1996 c 4 s 1 are each amended to read as follows: The legislature finds that the present and predicted growth in energy demands in the state of Washington"
requires the development of a procedure for the selection and utilization of sites for energy facilities and the identification of a state position with respect to each proposed site. The legislature recognizes that the selection of sites will have a significant impact upon the welfare of the population, the location and growth of industry and the use of the natural resources of the state.

It is the policy of the state of Washington to recognize the pressing need for increased energy facilities, and to ensure through available and reasonable methods, that the location and operation of such facilities will produce minimal adverse effects on the environment, ecology of the land and its wildlife, and the ecology of state waters and their aquatic life.

It is the intent to seek courses of action that will balance the increasing demands for energy facility location and operation in conjunction with the broad interests of the public. Such action will be based on these premises:

1. To assure Washington state citizens that, where applicable, operational safeguards are at least as stringent as the criteria established by the federal government and are technically sufficient for their welfare and protection.
2. To preserve and protect the quality of the environment; to enhance the public’s opportunity to enjoy the esthetic and recreational benefits of the air, water and land resources; to promote air cleanliness; and to pursue beneficial changes in the environment.
3. To provide abundant energy at reasonable cost.
4. To avoid costs of complete site restoration and demolition of improvements and infrastructure at unfinished nuclear energy sites, and to use unfinished nuclear energy facilities for public uses, including economic development, under the regulatory and management control of local governments and port districts.
5. To avoid costly duplication in the siting process and ensure that decisions are made timely and without unnecessary delay.

Sec. 2. RCW 80.50.060 and 1977 ex.s. c 371 s 5 are each amended to read as follows:

1. The provisions of this chapter shall apply to the construction of energy facilities which includes the new construction of energy facilities and the reconstruction or enlargement of existing energy facilities where the net increase in physical capacity or dimensions resulting from such reconstruction or enlargement meets or exceeds those capacities or dimensions set forth in RCW 80.50.020 (7) and ((17), as now or hereafter amended) (14). No construction of such energy facilities may be undertaken, except as otherwise provided in this chapter, after July 15, 1977, without first obtaining certification in the manner provided in this chapter.
2. The provisions of this chapter apply to the construction, reconstruction, or enlargement of a new or existing energy facility that exclusively uses alternative energy resources and chooses to receive certification under this chapter, regardless of the generating capacity of the project.
3. The provisions of this chapter shall not apply to normal maintenance and repairs which do not increase the capacity or dimensions beyond those set forth in RCW 80.50.020 (7) and ((17), as now or hereafter amended) (14).

Applications for certification of energy facilities made prior to July 15, 1977 shall continue to be governed by the applicable provisions of law in effect on the day immediately preceding July 15, 1977 with the exceptions of RCW 80.50.190 and 80.50.071 which shall apply to such prior applications and to site certifications prospectively from July 15, 1977.

"Direct service industrial customer" includes a person who is a subsidiary that is more than fifty percent owned by a direct service industrial customer and who receives power from the Bonneville Power Administration pursuant to the parent's contract for power.

(b) "Facility" means a gas turbine electrical generation facility that does not exist on the effective date of this section and is owned by a direct service industrial customer for the purpose of producing electricity to be consumed by the direct service industrial customer.

(c) "Average annual employment" means the total employment in this state for a calendar year at the direct service industrial customer's location where electricity from the facility will be consumed.

(2) Effective July 1, 2001, a credit is allowed against the tax due under this chapter to a direct service
industrial customer who purchases natural or manufactured gas from a gas distribution business subject to the public utility tax under chapter 82.16 RCW. The credit is equal to the value of natural or manufactured gas purchased from a gas distribution business and used to generate electricity at the facility multiplied by the rate in effect for the public utility tax on gas distribution businesses under RCW 82.16.020. This credit may be used each reporting period for sixty months following the first month natural or manufactured gas was purchased from a gas distribution business by a direct service industrial customer who constructs a facility.

(3) Application for credit shall be made by the direct service industrial consumer before the first purchase of natural or manufactured gas. The application shall be in a form and manner prescribed by the department and shall include but is not limited to information regarding the location of the facility, the projected date of first purchase of natural or manufactured gas to generate electricity at the facility, the date construction is projected to begin or did begin, the applicant's average annual employment in the state for the six calendar years immediately preceding the year in which the application is made, and affirm the applicant's status as a direct service industrial customer. The department shall rule on the application within thirty days of receipt.

(4) Credit under this section is limited to the amount of tax imposed under this chapter. Refunds shall not be given in place of credits and credits may not be carried over to subsequent calendar years.

(5) All or part of the credit shall be disallowed and must be paid if the average of the direct service industrial customer's average annual employment for the five calendar years subsequent to the calendar year containing the first month of purchase of natural or manufactured gas to generate electricity at a facility is less than the six-year average annual employment stated on the application for credit under this section. The direct service industrial customer will certify to the department by June 1st of the sixth calendar year following the calendar year in which the month of first purchase of gas occurs the average annual employment for each of the five prior calendar years. All or part of the credit that shall be disallowed and must be paid is commensurate with the decrease in the five-year average of average annual employment as follows:

(6)(a) The direct service industrial customer shall begin paying the credit that is disallowed and is to be paid in the sixth calendar year following the calendar year in which the month following the month of first purchase of natural or manufactured gas to generate electricity at the facility occurs. The first payment will be due on or before December 31st with subsequent annual payments due on or before December 31st of the following four years according to the following schedule:

(b) The department may authorize an accelerated payment schedule upon request of the taxpayer.

(c) Interest shall not be charged on the credit that is disallowed for the sixty-month period the credit may be taken, although all other penalties and interest applicable to delinquent excise taxes may be assessed and imposed. The debt for credit that is disallowed and must be paid will not be extinguished by insolvency or other failure of the direct service industrial customer. Transfer of ownership of the facility does not affect eligibility
(7) The employment security department shall make, and certify to the department of revenue, all determinations of employment under this section as requested by the department.

(8) A person claiming this credit shall supply to the department quarterly reports containing information necessary to document the total volume of natural or manufactured gas purchased in the quarter, the value of that total volume, and the percentage of the total volume used to generate electricity at the facility.

NEW SECTION.  Sec. 10.  A new section is added to chapter 82.12 RCW to read as follows:

(1) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this section.

(a) "Direct service industrial customer" means a person who is an industrial customer that contracts for the purchase of power from the Bonneville power administration for direct consumption as of the effective date of this section.  "Direct service industrial customer" includes a person who is a subsidiary that is more than fifty percent owned by a direct service industrial customer and who receives power from the Bonneville Power Administration pursuant to the parent's contract for power.

(b) "Facility" means a gas turbine electrical generation facility that does not exist on the effective date of this section and is owned by a direct service industrial customer for the purpose of producing electricity to be consumed by the direct service industrial customer.

(c) "Average annual employment" means the total employment in this state for a calendar year at the direct service industrial customer's location where electricity from the facility will be consumed.

(2) Effective July 1, 2001, the tax levied in RCW 82.12.022 on the first sixty months' use of natural or manufactured gas by a direct service industrial customer that owns a facility shall be deferred.  This deferral is limited to the tax on natural or manufactured gas used or consumed to generate electricity at the facility.

(3) Application for deferral shall be made by the direct service industrial customer before the first use of natural or manufactured gas.  The application shall be in a form and manner prescribed by the department and shall include but is not limited to information regarding the location of the facility, the projected date of first use of natural or manufactured gas to generate electricity at the facility, the date construction is projected to begin or did begin, the applicant's average annual employment in the state for the six calendar years immediately preceding the year in which the application is made, and shall affirm the applicant's status as a direct service industrial customer.  The department shall rule on the application within thirty days of receipt.

(4)(a) The direct service industrial customer shall begin paying the deferred tax in the sixth calendar year following the calendar year in which the month of first use of natural or manufactured gas to generate electricity at the facility occurs.  The first payment will be due on or before December 31st with subsequent annual payments due on or before December 31st of the following four years according to the following schedule:

(b) The department may authorize an accelerated payment schedule upon request of the taxpayer.

(c) Interest shall not be charged on the tax deferred under this section for the period of deferral, although all other penalties and interest applicable to delinquent excise taxes may be assessed and imposed.  The debt for deferred tax will not be extinguished by insolvency or other failure of the direct service industrial customer.  Transfer of ownership of the facility does not affect deferral eligibility.  However, the deferral is available to the successor only if the eligibility conditions of this section are met.

(5)(a) If the average of the direct service industrial customer's average annual employment for the five calendar years subsequent to the calendar year containing the first month of use of natural or manufactured gas to
generate electricity at a facility is equal to or exceeds the six-year average annual employment stated on the application for deferral under this section, the tax deferred need not be paid. The direct service industrial customer shall certify to the department by June 1st of the sixth calendar year following the calendar year in which the month of first use of gas occurs the average annual employment for each of the five prior calendar years.

(b) If the five-year average calculated in (a) of this subsection is less than the average annual employment stated on the application for deferral under this section, the tax deferred under this section shall be paid in the amount as follows:

(c) Tax paid under this subsection shall be paid according to the schedule in subsection (4)(a) of this section and under the terms and conditions of subsection (4)(b) and (c) of this section.

(6) The employment security department shall make, and certify to the department of revenue, all determinations of employment under this section as requested by the department.

(7) A person claiming this deferral shall supply to the department quarterly reports containing information necessary to document the total volume of natural or manufactured gas purchased in the quarter, the value of that total volume, and the percentage of the total volume used to generate electricity at the facility.

(2) Effective July 1, 2001, a credit is allowed against the tax due under this chapter on sales of electricity made from a facility to a direct service industrial customer if the contract for sale of electricity to a direct service industrial customer contains the following terms:

(a) Sales of electricity from the facility to the direct service industrial customer will be made for ten consecutive years or more;

(b) The price charged for the electricity will be reduced by an amount equal to the tax credit; and

(c) Disallowance of all or part of the credit under subsection (5) of this section is a breach of contract and the damages to be paid by the direct service industrial customer to the facility are the amount of tax credit disallowed.

(3) The credit is equal to the gross proceeds from the sale of the electricity to a direct service industrial customer multiplied by the rate in effect at the time of the sale for the public utility tax on light and power businesses under RCW 82.16.020. The credit may be used each reporting period for sixty months following the first month electricity is sold from a facility to a direct service industrial customer. Credit under this section is
limited to the amount of tax imposed under this chapter. Refunds shall not be given in place of credits and credits may not be carried over to subsequent calendar years.

(4) Application for credit shall be made before the first sale of electricity from a facility to a direct service industrial customer. (b) The department may authorize an accelerated payment schedule upon request of the taxpayer.
(c) Interest shall not be charged on the credit that is disallowed for the sixty-month period the credit may be taken, although all other penalties and interest applicable to delinquent excise taxes may be assessed and imposed. The debt for credit that is disallowed and must be paid will not be extinguished by insolvency or other failure of the taxpayer. Transfer of ownership of the facility does not affect eligibility for this credit. However, the credit is available to the successor only if the eligibility conditions of this section are met.

(7) The employment security department shall make, and certify to the department of revenue, all determinations of employment under this section as requested by the department.
NEW SECTION.  Sec. 12. A new section is added to chapter 82.32 RCW to read as follows:

(1) The total combined credits and deferrals that may be taken under sections 9 through 11 of this act shall not exceed two million five hundred thousand dollars in any fiscal year. Each person is limited to no more than a total of one million five hundred thousand dollars in tax deferred and credit allowed in any fiscal year in which more than one person takes tax credits and claims tax deferral. The department may require reporting of the credits taken and amounts deferred in a manner and form as is necessary to keep a running total of the amounts.

(2) Credits and deferred tax are available on a first come basis. Priority for tax credits and deferrals among approved applicants shall be designated based on the first actual consumption of gas under section 9 or 10 of this act, or on the first actual use of electricity under section 11 of this act by each approved applicant. The department shall disallow any credits or deferred tax, or portion thereof, that would cause the total amount of credits taken and deferred taxes claimed to exceed the fiscal year cap or to exceed the per person fiscal year cap. If the fiscal cap is reached or exceeded the department shall notify those persons who have approved applications under sections 9 through 11 of this act that no more credits may be taken or tax deferred during the remainder of the fiscal year. In addition, the department shall provide written notice to any person who has taken any tax credits or claimed any deferred tax in excess of the fiscal year cap. The notice shall indicate the amount of tax due and shall provide that the tax be paid within thirty days from the date of such notice.

(3) No portion of an application for credit or deferral disallowed under this section may be carried back or carried forward nor may taxes ineligible for credit or deferral due to the fiscal cap having been reached or exceeded be carried forward or carried backward.

(d) The balance of base credits not used by other light and power businesses and gas distribution businesses shall be ratably distributed to applicants under the formula in subsection (1)(a) of this section. The total amount of credit that may be taken by an applicant is the base credit plus any ratable portion of unused base credit.

(5) The credit taken under this section is limited to the amount of tax imposed under this chapter for the fiscal year. The credit must be claimed in the fiscal year in which the billing reduction is made. Any unused credit expires. Refunds shall not be given in place of credits.

(6) No credit may be taken for billing discounts made before July 1, 2001. Within two weeks of the effective date of this section, the department of community, trade, and economic development shall notify the department of revenue in writing of the grants received in fiscal year 2001 by each light and power business and gas distribution business. Within four weeks of the effective date of this section, the department of revenue shall publish the base credit for each light and power business and gas distribution business for fiscal year 2002. Within eight weeks of the effective date of this section, application to the department must be made showing the information required in subsection (4)(b) of this section. Within twelve weeks of the effective date of this section, the department shall notify each applicant of the amount of credit that may be taken in fiscal year 2002.

NEW SECTION. Sec. 14. (1) The legislature hereby finds that:

(a) The economy of the state and the health, safety, and welfare of its citizens are threatened by the current energy supply and price instabilities;

maintained during the subsequent sustained period of low energy costs and abundant supply; and
(c) Conservation programs originally established in the 1970s and 1980s can be improved or updated. New programs drawing on recently developed technologies, including demand-side energy management systems, can materially increase the efficiency of energy use by the public sector.

(2) It is the policy of the state of Washington that:
(a) State government is committed to achieving significant gains in energy efficiency. Conventional conservation programs will be reviewed and updated in light of experience gained since their commencement;
(b) State government must play a leading role in demonstrating updated and new energy efficiency technologies. New programs or measures made possible by technological advances, such as demand-side response measures and energy management systems, shall be treated in the same manner as conventional conservation programs and will be integrated into the state's energy efficiency programs.

Sec. 15. RCW 39.35.010 and 1982 c 159 s 1 are each amended to read as follows:
The legislature hereby finds:
(1) That major publicly owned or leased facilities have a significant impact on our state's consumption of energy;
(2) That energy conservation practices including energy management systems and renewable energy systems adopted for the design, construction, and utilization of such facilities will have a beneficial effect on our overall supply of energy;
(3) That the cost of the energy consumed by such facilities over the life of the facilities shall be considered in addition to the initial cost of constructing such facilities;
(4) That the cost of energy is significant and major facility designs shall be based on the total life-cycle cost, including the initial construction cost, and the cost, over the economic life of a major facility, of the energy consumed, and of the operation and maintenance of a major facility as they affect energy consumption; and
(5) That the use of energy systems in these facilities which utilize renewable resources such as solar energy, wood or wood waste, or other nonconventional fuels, and which incorporate energy management systems, shall be considered in the design of all publicly owned or leased facilities.

The purpose of the guidelines is to define a procedure and method for performance of life-cycle cost analysis to promote the selection of low-life-cycle cost alternatives. At a minimum, the guidelines must contain provisions that:
(1) Address energy considerations during the planning phase of the project;
(2) Identify energy components and system alternatives including energy management systems.
renewable energy systems and cogeneration applications prior to commencing the energy consumption analysis;

(3) Identify simplified methods to assure the lowest life-cycle cost alternatives for selected buildings with between twenty-five thousand and one hundred thousand square feet of usable floor area;

Each state agency shall undertake an energy audit and implement cost-effective conservation measures pursuant to the time schedules and requirements set forth in chapter 43.19 RCW, except that any state agency that, after December 31, 1997, has completed energy audits and implemented cost-effective conservation measures, or has contracted with an energy service company for energy audits and conservation measures, is deemed to have met the requirements of this subsection for those facilities included in the audits and conservation measures. Each school district shall undertake an energy audit and implement cost-effective conservation measures pursuant to the time schedules and requirements set forth in section 22 of this act. Performance-based contracting shall be the preferred method for completing energy audits and implementing cost-effective conservation measures.

(2) The department shall assist state agencies and school districts in identifying, evaluating, and implementing cost-effective conservation projects at their facilities. The assistance shall include the following:

(a) Notifying state agencies and school districts of their responsibilities under this chapter;
(b) Apprising state agencies and school districts of opportunities to develop and finance such projects;
(c) Providing technical and analytical support, including procurement of performance-based contracting services;
(d) Reviewing verification procedures for energy savings; and
(e) Assisting in the structuring and arranging of financing for cost-effective conservation projects.

(3) Conservation projects implemented under this chapter shall have appropriate levels of monitoring to verify the performance and measure the energy savings over the life of the project. The department shall solicit involvement in program planning and implementation from utilities and other energy conservation suppliers, especially those that have demonstrated experience in performance-based energy programs.

(4) The department shall comply with the requirements of chapter 39.80 RCW when contracting for architectural or engineering services.

(5) The department shall recover any costs and expenses it incurs in providing assistance pursuant to this section, including reimbursement from third parties participating in conservation projects. The department shall enter into a written agreement with the public agency for the recovery of costs.

NEW SECTION. Sec. 22. A new section is added to chapter 39.35C RCW to read as follows:

(1) Except as provided in subsections (2) and (3) of this section, each school district shall conduct an
energy audit of its facilities. This energy audit may be conducted by contract or by other arrangement, including appropriate district staff. Performance-based contracting shall be the preferred method for implementing and completing energy audits.

(a) For each district facility, the energy consumption surveys shall be completed no later than December 31, 2001, and the walk-through surveys shall be completed no later than October 1, 2002. Upon completion of each walk-through survey, the district shall implement energy conservation maintenance and operation procedures that may be identified for any district facility. These procedures shall be implemented as soon as possible, but not later than twelve months after the walk-through survey.

(b) Except as provided in subsection (3) of this section, if a walk-through survey has identified potentially cost-effective energy conservation measures, the district shall undertake an investment grade audit of the facility. Investment grade audits shall be completed no later than June 30, 2003, and installation of cost-effective conservation measures recommended in the investment grade audit shall be completed no later than December 31, 2004.

(2) A school district that, after December 31, 1997, has completed energy audits and implemented cost-effective conservation measures, or has contracted with an energy service company for energy audits and conservation measures, is deemed to have met the requirements of this section for those facilities included in the audits and conservation measures.

(3) A school district that after reasonable efforts and consultation with the department is unable to obtain a contract with an energy service company to conduct an investment grade audit or install cost-effective conservation measures recommended in an investment grade audit, is exempt from the requirements of subsection (1)(b) of this section.

Sec. 23. RCW 43.19.668 and 1993 c 204 s 6 are each amended to read as follows:
The legislature finds and declares that the buildings, facilities, equipment, and vehicles owned or leased by state government consume significant amounts of energy and that energy conservation actions, including energy management systems, to provide for efficient energy use in these buildings, facilities, equipment, and vehicles will reduce the costs of state government. In order for the operations of state government to provide the citizens of this state an example of energy use efficiency, the legislature further finds and declares that state government should undertake an aggressive program designed to reduce energy use in state buildings, facilities, equipment, and vehicles within a reasonable period of time. The use of appropriate tree plantings for energy conservation is encouraged as part of this program.

Sec. 24. RCW 43.19.669 and 1980 c 172 s 2 are each amended to read as follows:
It is the purpose of RCW 43.19.670 through 43.19.685 to require energy audits in state-owned buildings, to require energy audits as a lease condition in all new, renewed, and renegotiated leases of buildings by the state, to undertake such modifications and installations as are necessary to maximize the efficient use of energy in these buildings, including but not limited to energy management systems, and to establish a policy for the purchase of state vehicles, equipment, and materials which results in efficient energy use by the state.

For a building that is leased by the state, energy audits and implementation of cost-effective energy conservation measures are required only for that portion of the building that is leased by the state when the state leases less than one hundred percent of the building. When implementing cost-effective energy conservation measures in buildings leased by the state, those measures must generate savings sufficient to finance the building modifications and installations over a loan period not greater than ten years and allow repayment during the term of the lease.

Sec. 25. RCW 43.19.670 and 1982 c 48 s 1 are each amended to read as follows:
As used in RCW 43.19.670 through 43.19.685, the following terms have the meanings indicated unless the context clearly requires otherwise.

(1) "Energy audit" means a determination of the energy consumption characteristics of a facility which consists of the following elements:
(a) An energy consumption survey which identifies the type, amount, and rate of energy consumption of
the facility and its major energy systems. This survey shall be made by the agency responsible for the facility.

(b) A walk-through survey which determines appropriate energy conservation maintenance and operating procedures and indicates the need, if any, for the acquisition and installation of energy conservation measures and energy management systems. This survey shall be made by the agency responsible for the facility if it has technically qualified personnel available. The director of general administration shall provide technically qualified personnel to the responsible agency if necessary.

(c) An investment grade audit, which is an intensive engineering analysis of energy conservation and management measures for the facility, net energy savings, and a cost-effectiveness determination. This element is required only for those facilities designated in the schedule adopted under RCW 43.19.680((3)) (2).

(2) "Cost-effective energy conservation measures" means energy conservation measures that the investment grade audit concludes will generate savings sufficient to finance project loans of not more than ten years.

(3) "Energy conservation measure" means an installation or modification of an installation in a facility which is primarily intended to reduce energy consumption or allow the use of an alternative energy source, including:

(a) Insulation of the facility structure and systems within the facility;
(b) Storm windows and doors, multiglazed windows and doors, heat absorbing or heat reflective glazed and coated windows and door systems, additional glazing, reductions in glass area, and other window and door system modifications;
(c) Automatic energy control systems;
(d) Equipment required to operate variable steam, hydraulic, and ventilating systems adjusted by automatic energy control systems;
(e) Solar space heating or cooling systems, solar electric generating systems, or any combination thereof;
(f) Solar water heating systems;
(g) Furnace or utility plant and distribution system modifications including replacement burners, furnaces, and boilers which substantially increase the energy efficiency of the heating system; devices for modifying flue openings which will increase the energy efficiency of the heating system; electrical or mechanical furnace ignitions systems which replace standing gas pilot lights; and utility plant system conversion measures including conversion of existing oil- and gas-fired boiler installations to alternative energy sources;
(h) Caulking and weatherstripping;
(i) Replacement or modification of lighting fixtures which increase the energy efficiency of the lighting system;
(j) Energy recovery systems; (and)
(k) Energy management systems; and
(l) Such other measures as the director finds will save a substantial amount of energy.

(4) "Energy conservation maintenance and operating procedure" means modification or modifications in the maintenance and operations of a facility, and any installations within the facility, which are designed to reduce energy consumption in the facility and which require no significant expenditure of funds.

(5) "Energy management system" has the definition contained in RCW 39.35.030.

(6) "Energy savings performance contracting" means the process authorized by chapter 39.35C RCW by which a company contracts with a state agency to conduct no-cost energy audits, guarantee savings from energy efficiency, provide financing for energy efficiency improvements, install or implement energy efficiency improvements, and agree to be paid for its investment solely from savings resulting from the energy efficiency improvements installed or implemented.

(7) "Energy service company" means a company or contractor providing energy savings performance contracting services.

(8) "Facility" means a building, a group of buildings served by a central energy distribution system, or components of a central energy distribution system.

(9) "Implementation plan" means the annual tasks and budget required to complete all acquisitions and installations necessary to satisfy the recommendations of the energy audit.
Sec. 26. RCW 43.19.675 and 1982 c 48 s 2 are each amended to read as follows:

For each state-owned facility, the director of general administration, (in cooperation with the director of the state energy office) or the agency responsible for the facility if other than the department of general administration, shall conduct((by contract or other arrangement)) an energy audit ((for each state-owned)) of that facility. (All energy audits shall be coordinated with and complement other governmental energy audit programs. The energy audit for each state-owned facility located on the capitol campus shall be completed no later than July 1, 1981, and the results and findings of each energy audit shall be compiled and transmitted to the governor and the legislature no later than October 1, 1981.) This energy audit may be conducted by contract or by other arrangement, including appropriate agency staff. Performance-based contracting shall be the preferred method for implementing and completing energy audits. For ((every other)) each state-owned facility, the energy consumption surveys shall be completed no later than October 1, (1982) 2001, and the walk-through surveys shall be completed no later than July 1, (1983) 2002.

Sec. 27. RCW 43.19.680 and 1996 c 186 s 506 are each amended to read as follows:

1) Upon completion of each walk-through survey required by RCW 43.19.675, the director of general administration or the agency responsible for the facility if other than the department of general administration shall implement energy conservation maintenance and operation procedures that may be identified for any state-owned facility. These procedures shall be implemented as soon as possible but not later than twelve months after the walk-through survey.

1) (((By December 31, 1981, for the capitol campus the director of general administration shall prepare and transmit to the governor and the legislature an implementation plan.)) If a walk-through survey has identified potentially cost-effective energy conservation measures, the agency responsible for the facility shall undertake an investment grade audit of the facility. Investment grade audits shall be completed no later than December 1, 2002. Installation of cost-effective energy conservation measures recommended in the investment grade audit shall be completed no later than June 30, 2004.

3) (((By December 31, 1983, for all other state-owned facilities, the director of general administration shall prepare and transmit to the governor and the legislature the results of the energy consumption and walk-through surveys and a schedule for the conduct of technical assistance studies. This submission shall contain the energy conservation measures planned for installation during the ensuing biennium. Priority considerations for scheduling technical assistance studies shall include but not be limited to a facility's energy efficiency, responsible agency participation, comparative cost and type of fuels, possibility of outside funding, logistical considerations such as possible need to vacate the facility for installation of energy conservation measures, coordination with other planned facility modifications, and the total cost of a facility modification, including other work which would have to be done as a result of installing energy conservation measures. Energy conservation measure acquisitions and installations shall be scheduled to be twenty-five percent complete by June 30, 1985, or at the end of the capital budget biennium which includes that date, whichever is later, fifty-five percent complete by June 30, 1989, or at the end of the capital budget biennium which includes that date, whichever is later, eighty-five percent complete by June 30, 1993, or at the end of the capital budget biennium which includes that date, whichever is later, and fully complete by June 30, 1995, or at the end of the capital budget biennium which includes that date, whichever is later. Each state agency shall implement energy conservation measures with a payback period of twenty-four months or less that have a positive cash flow in the same biennium.))

For each biennium until all measures are installed, the director of general administration shall report to the governor and legislature installation progress, measures planned for installation during the ensuing biennium((and changes, if any, to the technical assistance study schedule)). This report shall be submitted by December 31, (1984) 2004, or at the end of the following year whichever immediately precedes the capital budget adoption, and every two years thereafter until all measures are installed.

4) ((The director of general administration shall adopt rules to facilitate private investment in energy conservation measures for state-owned buildings consistent with state law.)) Agencies may contract with energy service companies as authorized by chapter 39.35C RCW for energy audits and implementation of cost-effective
NEW SECTION. Sec. 28. A new section is added to chapter 19.29A RCW to read as follows:
(1) Beginning January 1, 2002, each electric utility must provide to its retail electricity customers a voluntary option to purchase qualified alternative energy resources in accordance with this section.
(2) Each electric utility must include with its retail electric customer's regular billing statements, at least quarterly, a voluntary option to purchase qualified alternative energy resources. The option may allow customers to purchase qualified alternative energy resources at fixed or variable rates and for fixed or variable periods of time, including but not limited to monthly, quarterly, or annual purchase agreements. A utility may provide qualified alternative energy resource options through either: (a) Resources it owns or contracts for; or (b) the purchase of credits issued by a clearinghouse or other system by which the utility may secure, for trade or other consideration, verifiable evidence that a second party has a qualified alternative energy resource and that the second party agrees to transfer such evidence exclusively to the benefit of the utility.
(3) For the purposes of this section, a "qualified alternative energy resource" means the electricity produced from generation facilities that are fueled by: (a) Wind; (b) solar energy; (c) geothermal energy; (d) landfill gas; (e) wave or tidal action; (f) gas produced during the treatment of wastewater; (g) qualified hydropower; or (h) biomass energy based on solid organic fuels from wood, forest, or field residues, or dedicated energy crops that do not include wood pieces that have been treated with chemical preservatives such as creosote, pentachlorophenol, or copper-chrome-arsenic.
(4) For the purposes of this section, "qualified hydropower" means the energy produced either: (a) As a result of modernizations or upgrades made after June 1, 1998, to hydropower facilities operating on the effective date of this section that have been demonstrated to reduce the mortality of anadromous fish; or (b) by run of the river or run of the canal hydropower facilities that are not responsible for obstructing the passage of anadromous fish.
(5) The rates, terms, conditions, and customer notification of each utility's option or options offered in accordance with this section must be approved by the governing body of the consumer-owned utility or by the commission for investor-owned utilities. All costs and benefits associated with any option offered by an electric utility under this section must be allocated to the customers who voluntarily choose that option and may not be shifted to any customers who have not chosen such option.
(6) Each consumer-owned utility must report annually to the department and each investor-owned utility must report annually to the commission beginning October 1, 2002, until October 1, 2012, describing the option or options it is offering its customers under the requirements of this section, the rate of customer participation, the amount of qualified alternative energy resources purchased by customers, and the amount of utility investments in qualified alternative energy resources. The department and the commission together shall report annually to the legislature, beginning December 1, 2002, until December 1, 2012, with the results of the utility reports.

Sec. 29. RCW 19.29A.040 and 1998 c 300 s 6 are each amended to read as follows:
The provisions of RCW 19.29A.020, 19.29A.030, (and) section 5, chapter 300, Laws of 1998, and section 28 of this act do not apply to a small utility. However, nothing in this section prohibits the governing body of a small utility from determining the utility should comply with any or all of the provisions of RCW 19.29A.020, 19.29A.030, (and) section 5, chapter 300, Laws of 1998, and section 28 of this act, which governing bodies are encouraged to do.

Sec. 30. RCW 44.39.010 and 1977 ex.s. c 328 s 13 are each amended to read as follows:
There is hereby created the joint committee on energy (and utilities) supply of the legislature of the state of Washington.

Sec. 31. RCW 44.39.015 and 1977 ex.s. c 328 s 14 are each amended to read as follows:
The committee shall consist of four senators and four representatives who shall be selected biennially as
follows:

(1) The president of the senate shall ((nominate)) appoint four members from the ((energy and utilities)) senate to serve on the committee, including the ((chairman)) chair of the committee responsible for energy issues. Two members ((being)) from each major political party((to serve on the committee, and shall submit the list of nominees to the senate for confirmation. Upon confirmation, the senators shall be deemed installed as members)) must be appointed.

(2) The speaker or co-speakers of the house of representatives shall ((nominate)) appoint four members from the ((energy and utilities)) house of representatives to serve on the committee, including the ((chairman)) chair or co-chairs of the committee responsible for energy issues. Two members ((being)) from each major political party((to serve on the committee, and shall submit the list of nominees to the house of representatives for confirmation. Upon confirmation, the representatives shall be deemed installed as members. The chairman of the senate and house energy and utilities committees shall alternately serve as chairman for one year terms. The chairman of the house committee shall serve as the initial chairman. The chairman may designate another committee member to serve as chairman in his or her absence)) must be appointed.

(3) The committee shall elect a chair and a vice-chair. The chair shall be a member of the house of representatives in even-numbered years and a member of the senate in odd-numbered years. In the case of a tie in the membership of the house of representatives in an even-numbered year, the committee shall elect co-chairs from the house of representatives in that year.

NEW SECTION. Sec. 32. A new section is added to chapter 82.34 RCW to read as follows:

(1) The following definitions apply throughout this section:

(a) "Qualifying facility" means an air pollution control facility as that term is defined in RCW 82.34.010(1)(a) to be installed or acquired for a thermal electric peaking plant with a capacity of less than one hundred megawatts and which is approved pursuant to the Washington clean air act, chapter 70.94 RCW.

(b) "Thermal electric peaking plant" means a natural gas-fired thermal electric generating facility operated by a light and power business and placed into service between January 1, 1978, and December 31, 1984, and that is registered for the calendar year 2000 pursuant to RCW 70.94.151.

(c) "Light and power business" has the same meaning as in RCW 82.16.010.

(2) A light and power business is exempt from sales tax on the installation or acquisition of up to two qualifying facilities after January 1, 2001, as provided in this section. Upon written request of a light and power business to which the approval issued under chapter 70.94 RCW is attached, the department shall make a determination as to whether a plant is a thermal electric peaking plant acquiring or installing a qualifying facility eligible under this section. The department shall consult with the department of community, trade, and economic development and the department of ecology in making the determination. If the determination is in the affirmative, the department shall issue the light and power business a sales and use tax exemption certificate in a form and manner as deemed appropriate by the department.

(3) The charges for installation or acquisition of a qualifying facility by the holder of the certificate are exempt from sales tax imposed under chapter 82.08 RCW and use tax imposed under chapter 82.12 RCW. The purchaser must provide the seller with a copy of the sales and use tax exemption certificate. The seller shall retain a copy of the certificate for the seller's files.

(4) The exemption in this section is limited to the installation or acquisition of a qualifying facility and does not apply to servicing, maintenance, operation, or repairs of a thermal electric peaking plant or of an air pollution control facility.

(5) This section expires June 30, 2003.

NEW SECTION. Sec. 33. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

Creating the K-12 academic achievement and accountability act.

The bill was read the second time.

Representative Talcott moved the adoption of the following amendment (208):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28A.655.030 and 1999 c 388 s 102 are each amended to read as follows:
The powers and duties of the academic achievement and accountability commission shall include, but are not limited to the following:

(1) For purposes of statewide accountability, the commission shall:
   (a) Adopt and revise:
      (i) Performance improvement goals in reading, writing, science, and mathematics by subject and grade level as the commission deems appropriate to improve student learning, once assessments in these subjects are required statewide. The goals shall be in addition to any goals adopted in RCW 28A.655.050. The commission may also revise any goal adopted in RCW 28A.655.050;
      (ii) Goals for dropout rates and reduction of dropout rates for middle schools, junior high schools, and high schools, if the superintendent of public instruction develops common definitions; and
      (iii) Goals designed to accelerate the achievement of students who are disproportionately underachieving academically. The commission shall adopt the goals by rule. However, before each goal is implemented, the commission shall present the goal to the education committees of the house of representatives and the senate for the committees' review and comment in a time frame that will permit the legislature to take statutory action on the goal if such action is deemed warranted by the legislature;
   (b) Identify the scores students must achieve in order to meet the standard on the Washington assessment of student learning and determine student scores that identify levels of student performance below and beyond the standard. The commission shall set such performance standards and levels in consultation with the superintendent of public instruction and after consideration of any recommendations that may be developed by any advisory committees that may be established for this purpose;
   (c) Adopt objective, systematic criteria to identify successful schools and school districts and recommend to the superintendent of public instruction schools and districts to be recognized for two types of accomplishments, student achievement and improvements in student achievement. Recognition for improvements in student achievement shall include consideration of one or more of the following accomplishments:
      (i) An increase in the percent of students meeting standards. The level of achievement required for recognition may be based on the achievement goals established by the legislature under RCW 28A.655.050 and the commission under (a) of this subsection;
      (ii) Positive progress on an improvement index that measures improvement in all levels of the assessment; and
      (iii) Improvements despite challenges such as high levels of mobility, poverty, English as a second language learners, and large numbers of students in special populations as measured by either the percent of students meeting the standard, or the improvement index.

When determining the baseline year or years for recognizing individual schools, the commission may use the assessment results from the initial years the assessments were administered, if doing so with individual schools would be appropriate;

(d) Adopt objective, systematic criteria to identify schools and school districts in need of state assistance ((and those in which) due to significant numbers of students persistently failing to meet state standards. In its deliberations, the commission shall consider the use of performance improvement goals and all statewide mandated criterion-referenced and norm-referenced standardized tests;

(e) Identify, based on the commission's criteria and the level of available appropriations, schools and school districts in which state ((intervention measures)) assistance will be ((needed and a range of appropriate intervention strategies, beginning no earlier than June 30, 2001, and after the legislature has authorized a set of intervention strategies. Beginning no earlier than June 30, 2001, and after the legislature has authorized a set of intervention strategies, at the request of the commission, the superintendent shall intervene in the school or school district and take corrective actions. This chapter does not provide additional authority for the commission or the superintendent of public instruction to intervene in a school or school district)) available;

(f) Adopt student performance and improvement thresholds for use in evaluating school and district progress under state assistance and superintendent of public instruction intervention:

   (i) For schools identified during the 2001-02 or 2002-03 school years, for the first three years in state assistance or superintendent of public instruction intervention, the threshold shall be based on the school's
progress toward reading improvement goals adopted under (a)(i) of this subsection and a minimum percentile score, as adopted by the commission, on statewide mandated norm-referenced standardized tests:

(ii) For schools identified during the 2003-04 school year or in subsequent years, the threshold shall be based on the school's progress toward all performance improvement goals adopted under (a)(i) of this subsection and a minimum percentile score, as adopted by the commission, on statewide mandated norm-referenced standardized tests:

(g) Identify performance incentive systems that have improved or have the potential to improve student achievement;

((h)) (h) Annually review the assessment reporting system to ensure fairness, accuracy, timeliness, and equity of opportunity, especially with regard to schools with special circumstances and unique populations of students, and ((a recommendation)) recommend to the superintendent of public instruction ((of)) any improvements needed to the system;

((i)) (i) Annually report by December 1st to the legislature, the governor, the superintendent of public instruction, and the state board of education on the progress, findings, and recommendations of the commission. The report may include recommendations of actions to help improve student achievement;

((j)) (j) By December 1, 2000, and by December 1st annually thereafter, report to the education committees of the house of representatives and the senate on the progress that has been made in achieving the reading goal under RCW 28A.655.050 and any additional goals adopted by the commission;

((k)) (k) Coordinate its activities with the state board of education and the office of the superintendent of public instruction;

((l)) (l) Seek advice from the public and all interested educational organizations in the conduct of its work; ((and

(m) Establish advisory committees, which may include persons who are not members of the commission; and

(n) Develop and analyze any data or information necessary to perform its accountability responsibilities;

(2) Holding meetings and public hearings, which may include regional meetings and hearings;

(3) Hiring necessary staff and determining the staff's duties and compensation. However, the office of the superintendent of public instruction shall provide staff support to the commission until the commission has hired its own staff, and shall provide most of the technical assistance and logistical support needed by the commission thereafter. The office of the superintendent of public instruction shall be the fiscal agent for the commission. The commission may direct the office of the superintendent of public instruction to enter into subcontracts, within the commission's resources, with school districts, teachers, higher education faculty, state agencies, business organizations, and other individuals and organizations to assist the commission in its deliberations; and

(4) Receiving per diem and travel allowances as permitted under RCW 43.03.050 and 43.03.060.

NEW SECTION. Sec. 2. SUPERINTENDENT OF PUBLIC INSTRUCTION DUTIES. (1) The superintendent of public instruction may delegate the superintendent's duties under this chapter to a proxy, with the exception of the superintendent's membership on the academic achievement and accountability commission.

(2) The superintendent of public instruction shall:

(a) Provide state assistance to schools and school districts under section 3 of this act and exercise governance responsibilities for schools in superintendent of public instruction intervention under section 4 of this act;

(b) Provide the academic achievement and accountability commission, in a timely manner, with available data, including raw student data, and other information the commission deems appropriate to fulfill its responsibility to provide oversight and monitoring of the state's educational accountability system; and

(c) Make available to schools information on models of excellence in instruction, management, capacity building, parent involvement, and other research-based strategies to improve student achievement.

NEW SECTION. Sec. 3. PROCESS FOR STATE ASSISTANCE. (1) The process for state assistance shall include the following components:
(a) In September of each year, the academic achievement and accountability commission shall identify schools and school districts for state assistance, based on criteria adopted under RCW 28A.655.030(1) (d) and (e) and availability of appropriations.

(b) The superintendent of public instruction shall notify each school district of the assistance eligibility of one or more schools within the district.

(c) Within ninety days of the date the notice was sent to the district, the district shall:
   (i) Notify school staff, parents, and the community of the state assistance process;
   (ii) Conduct an educational audit of each identified school using experts convened by the superintendent of public instruction. The audit shall include the resources available to the school, the use of those resources, and suggestions for using funds more effectively; the relationship of the school to its local district, parents, and community; the curriculum and instructional materials available and the extent to which those materials are aligned with the state's essential academic learning requirements; the roles and contributions of the school's employees; the level of experience and subject matter expertise of the school's certificated employees; the needs and characteristics of the school's students; school district management practices; and other indicators;
   (iii) Hold a public hearing to inform parents, school employees, and the local community of the audit's findings and recommendations and solicit input on ways to address the issues the audit identified; and
   (iv) Identify some immediate steps the school and district can take to begin addressing issues raised in the audit.

(d) Based on the results of the audit and community response, the district, with advice from the school's parents and staff, shall develop a comprehensive school improvement plan.
   (i) The plan shall include, but need not be limited to three-year student performance improvement goals established by the commission; measurable benchmarks; strategies to address the issues raised in the audit; and a timeline to reach student goals incrementally.
   (ii) The plan may include the use of incentives, including school-based supplemental contracts, to recruit and retain employees; the use of severance pay; the revision of school district personnel assignments; and the restructuring of the management, budget, organization, calendar, and instructional or programmatic approaches used in the school.
   (iii) The plan may include voluntary and involuntary transfer of employees other than administrators from the school pursuant to a written notice of transfer given to the employee: (A) During the three-month period immediately following the adoption of the plan; or (B) during the period from April 1st to May 1st of the year following the adoption of the plan. The transfer of principals and other administrators shall be made under RCW 28A.405.230. A transfer under this subsection (1)(d)(iii) to a position for which the annual compensation is the same as the annual compensation for the position from which the employee transferred shall not be construed as a discharge or other adverse effect in contract status for purposes of this title.
   (iv) The plan may include authority, as provided in sections 8 and 9 of this act, to bargain the effect on school-specific issues of a component of the improvement plan if that component requires renegotiation of a collective bargaining agreement.

(e) The superintendent of public instruction and the school district shall negotiate and adopt, and revise as necessary, a performance agreement to implement the school improvement plan. The agreement shall be adopted no later than one month before the start of the school year following notification of state assistance eligibility.

(f) If the superintendent of public instruction determines that the school district has not completed the state assistance process in a timely fashion or has failed to conduct the process in good faith, the superintendent of public instruction shall impose superintendent of public instruction intervention on the school or district.

(2) After a performance agreement has been in effect for one complete school year, progress in each state-assisted school shall be analyzed annually based on student performance and improvement thresholds adopted under RCW 28A.655.030. The results of the analysis shall be included in the school's annual school performance report under RCW 28A.655.110.

(3) The parent or guardian of a student enrolled in a school identified for state assistance, at the beginning of the school year following identification, may enroll the student in a different school either in the district or in a different district under RCW 28A.225.220 and 28A.225.270. In a class I school district, the
parent or guardian of a student enrolled in a school identified for state assistance, at the beginning of the school year following identification, may enroll the student in a different school in the district as provided under section 6 of this act.

(4) If a school successfully meets academic achievement and accountability commission-adopted student performance and improvement thresholds in any two years, the school shall be released from the list of schools identified for state assistance. However, for the duration of the performance agreement, the superintendent of public instruction may continue to provide any type of assistance included in the agreement.

(5) If a state-assisted school does not meet academic achievement and accountability commission-adopted student performance and improvement thresholds in any year, the superintendent of public instruction may impose superintendent of public instruction intervention on the school and district.

(6) If a state-assisted school does not meet academic achievement and accountability commission-adopted student performance and improvement thresholds by the end of three complete school years in state assistance, the superintendent of public instruction shall impose superintendent of public instruction intervention on the school and district.

(7) With the exception of agreements for schools that are subject to subsection (6) of this section, performance agreements may be extended with the approval of the commission.

NEW SECTION. Sec. 4. PROCESS FOR SUPERINTENDENT OF PUBLIC INSTRUCTION INTERVENTION. (1) A school or district identified for the imposition of superintendent of public instruction intervention under section 3 (5) or (6) of this act shall, for certain governance purposes, be removed from local control and placed under the jurisdiction of the superintendent of public instruction.

(2) The superintendent of public instruction shall adopt, and revise as necessary, an intervention plan for each school in superintendent of public instruction intervention. The plan, which shall include a description of the strategies that the superintendent intends to use in the school and district, shall be shared with the school community.

(3) After a school or district has been in superintendent of public instruction intervention for one complete school year, progress in each state-assisted school shall be analyzed annually based on student performance and improvement thresholds adopted under RCW 28A.655.030.

(4) If a school in superintendent of public instruction intervention successfully meets academic achievement and accountability commission-adopted student performance and improvement thresholds in two consecutive years, the school shall be released from superintendent of public instruction intervention.

(5) The range of intervention strategies available to the superintendent of public instruction shall include, but need not be limited to:

(a) The use of incentives, including school-based supplemental contracts, to recruit and retain employees and the use of severance pay, to the extent that funds are available for these purposes;

(b) The revision of school district personnel assignments;

(c) The restructuring of the management, budget, organization, calendar, and instructional or programmatic approaches used in the school;

(d) The reduction, redirection, deferral, or withholding of nonbasic education state funds from the school district until the superintendent of public instruction determines such strategies are no longer an appropriate state intervention strategy;

(e) The redirection from school district to the school of any or all state, federal, and local funds generated by or available for the students in the school;

(f) The removal of a school from the district jurisdiction or the appointment of a proxy of the superintendent of public instruction to assume jurisdiction of the school;

(g) The adoption of either an intensive peer review or collaborative principal-peer review process for certificated employees;

(h) The voluntary and involuntary transfer of employees other than administrators from the school pursuant to a written notice of transfer given to the employee: (i) During the three-month period immediately following the adoption of an intervention plan; or (ii) during the period from April 1st to May 1st of the year following the adoption of an intervention plan. The transfer of principals and other administrators shall be made
under RCW 28A.405.230. A transfer under this subsection (5)(h) to a position for which the annual compensation is the same as the annual compensation for the position from which the employee transferred shall not be construed as a discharge or other adverse effect in contract status for purposes of this title;

(i) The request for and use of waivers from any law, rule, or district policy that conflicts with the implementation of the superintendent's intervention plan;

(j) The authority, as provided in sections 8 and 9 of this act, to bargain, on behalf of the school district, the effect on school-specific issues of a component of the intervention plan if that component requires renegotiation of a collective bargaining agreement;

(k) Closing and redesigning the school; and

(l) Any other action authorized by law that the superintendent of public instruction deems necessary to improve student learning.

(6) The parent or guardian of a student enrolled in a school identified for superintendent of public instruction intervention, at the beginning of the school year following identification, may enroll the student in a different school either in the district or in a different district under the provisions of RCW 28A.225.220 and 28A.225.270. In a class I school district, the parent or guardian of a student enrolled in a school identified for superintendent of public instruction intervention, at the beginning of the school year following identification, may enroll the student in a different school in the district as provided under section 6 of this act.

(a) Find positions for employees who are transferred out of the school or take other appropriate personnel actions;

(b) Provide payroll, student transportation, and all other support services for the school, with transportation provided based on a requested schedule;

NEW SECTION. Sec. 8. A new section is added to chapter 41.56 RCW to read as follows:

COLLECTIVE BARGAINING. A component of a school improvement plan or performance agreement under section 3 of this act or an intervention plan under section 4 of this act shall be considered an educational policy decision. However, if the district superintendent under section 3 of this act, or the superintendent of public instruction under section 4 of this act, as applicable, determines that such a component requires renegotiation of a collective bargaining agreement, the employer, or the proxy designated to act on behalf of the
employer when the superintendent of public instruction has elected to exercise the bargaining authority provided in section 4 of this act, and the exclusive bargaining representative that is a party to the agreement shall, subject to procedures in this chapter, enter into bargaining on the effect of the component on school-specific issues for inclusion in an addendum to the collective bargaining agreement. If an agreement is not reached after a reasonable period of negotiations, either party may request the commission to provide mediation services.

**NEW SECTION. Sec. 9.** A new section is added to chapter 41.59 RCW to read as follows:

**COLLECTIVE BARGAINING.** A component of a school improvement plan or performance agreement under section 3 of this act or an intervention plan under section 4 of this act shall be considered an educational policy decision. However, if the district superintendent under section 3 of this act, or the superintendent of public instruction under section 4 of this act, as applicable, determines that such a component requires renegotiation of a collective bargaining agreement, the employer, or the proxy designated to act on behalf of the employer when the superintendent of public instruction has elected to exercise the bargaining authority provided in section 4 of this act, and the exclusive bargaining representative that is a party to the agreement shall, subject to procedures in this chapter, enter into bargaining on the effect of the component on school-specific issues for inclusion in an addendum to the collective bargaining agreement. If an agreement is not reached after a reasonable period of negotiations, either party may request the commission to provide mediation services.

**Sec. 10.** RCW 41.56.905 and 1983 c 287 s 5 are each amended to read as follows:

The provisions of this chapter are intended to be additional to other remedies and shall be liberally construed to accomplish their purpose. Except as provided in RCW 53.18.015, if any provision of this chapter conflicts with any other statute, ordinance, rule or regulation of any public employer, the provisions of this chapter shall control. However, if a conflict exists between this chapter and section 3 or 4 of this act, section 3 or 4 of this act, as applicable, supersedes this chapter.

**Sec. 11.** RCW 41.59.910 and 1975 1st ex.s. c 288 s 19 are each amended to read as follows:

This chapter shall supersede existing statutes not expressly repealed to the extent that there is a conflict between a provision of this chapter and those other statutes. However, if a conflict exists between this chapter and section 3 or 4 of this act, section 3 or 4 of this act, as applicable, supersedes this chapter. Except as otherwise expressly provided herein, nothing in this chapter shall be construed to annul, modify or preclude the renewal or continuation of any lawful agreement entered into prior to January 1, 1976 between an employer and an employee organization covering wages, hours, and terms and conditions of employment. Where there is a conflict between any collective bargaining agreement and any resolution, rule, policy or regulation of the employer or its agents, the terms of the collective bargaining agreement shall prevail.

**Sec. 12.** RCW 28A.505.120 and 1975-76 2nd ex.s. c 118 s 12 are each amended to read as follows:

(1) If a local school district fails to comply with any binding restrictions issued by the superintendent of public instruction, the allocation of state funds for support of the local school district may be withheld, pending an investigation of the reason for such noncompliance by the office of the superintendent of public instruction. Written notice of the intent to withhold state funds, with reasons stated for this action, shall be made to the school district by the office of the superintendent of public instruction before any portion of the state allocation is withheld.

(2) Under an intervention plan authorized under section 4 of this act, the superintendent may withhold the allocation of all or a portion of nonbasic education state funds from the local school district until the superintendent determines that withholding the funds is no longer an appropriate state intervention strategy.

**Sec. 13.** RCW 28A.400.010 and 1990 c 33 s 376 are each amended to read as follows:

Except as provided by a superintendent of public instruction intervention action taken under section 4 of this act, in all districts:

(1) The board of directors shall elect a superintendent who shall have such qualification as the local school board alone shall determine. The superintendent shall have supervision over the several departments of
the schools thereof and carry out such other powers and duties as prescribed by law((1));

(2) Notwithstanding the provisions of RCW 28A.400.300(1), the board may contract with such superintendent for a term not to exceed three years when deemed in the best interest of the district. The right to renew a contract of employment with any school superintendent shall rest solely with the discretion of the school board employing such school superintendent. Regarding such renewal of contracts of school superintendents the provisions of RCW 28A.405.210, 28A.405.240, and 28A.645.010 shall be inapplicable.

**Sec. 14.** RCW 28A.400.030 and 1991 c 116 s 14 are each amended to read as follows:

In addition to such other duties as a district school board shall prescribe, unless other duties are prescribed by a superintendent of public instruction intervention action taken under section 4 of this act, the school district superintendent shall:

School districts may employ public school principals and/or vice principals to supervise the operation and management of the school to which they are assigned. Such persons shall hold valid teacher and administrative certificates. In addition to such other duties as shall be prescribed by law and by the job description adopted by the board of directors, unless other duties are prescribed by a superintendent of public instruction intervention action taken under section 4 of this act, each principal shall:

(c) For certificated and classified employees, annual leave with compensation for illness, injury, and emergencies shall be granted and accrue at a rate not to exceed twelve days per year; provisions of any contract in force on June 12, 1980, which conflict with requirements of this subsection shall continue in effect until contract expiration; after expiration, any new contract executed between the parties shall be consistent with this subsection;
(d) Compensation for leave for illness or injury actually taken shall be the same as the compensation such person would have received had such person not taken the leave provided in this proviso;
(e) Leave provided in this proviso not taken shall accumulate from year to year up to a maximum of one hundred eighty days for the purposes of RCW 28A.400.210 and 28A.400.220, and for leave purposes up to a maximum of the number of contract days agreed to in a given contract, but not greater than one year. Such accumulated time may be taken at any time during the school year or up to twelve days per year may be used for the purpose of payments for unused sick leave.
(f) Sick leave heretofore accumulated under section 1, chapter 195, Laws of 1959 (former RCW 28.58.430) and sick leave accumulated under administrative practice of school districts prior to the effective date of section 1, chapter 195, Laws of 1959 (former RCW 28.58.430) is hereby declared valid, and shall be added to leave for illness or injury accumulated under this proviso;

(i) Leave accumulated by a person in a district prior to leaving said district may, under rules and regulations of the board, be granted to such person when the person returns to the employment of the district.
When any certificated or classified employee leaves one school district within the state and commences employment with another school district within the state, the employee shall retain the same seniority, leave benefits and other benefits that the employee had in his or her previous position: PROVIDED, That classified employees who transfer between districts after July 28, 1985, shall not retain any seniority rights other than longevity when leaving one school district and beginning employment with another. If the school district to which the person transfers has a different system for computing seniority, leave benefits, and other benefits, then the employee shall be granted the same seniority, leave benefits and other benefits as a person in that district who has similar occupational status and total years of service.

Sec. 17. RCW 28A.405.210 and 1996 c 201 s 1 are each amended to read as follows:
(1)(a) Except as provided by a superintendent of public instruction intervention action taken under section 4 of this act, no teacher, principal, supervisor, superintendent, or other certificated employee, holding a position as such with a school district, hereinafter referred to as "employee", shall be employed:
(i) Except by written order of a majority of the directors of the district at a regular or special meeting thereof; and
(ii) Unless he or she is the holder of an effective teacher's certificate or other certificate required by law or the state board of education for the position for which the employee is employed.
(b) No employee may be employed at a school in superintendent of public instruction intervention unless his or her employment with the school district is consistent with determinations made by the superintendent of public instruction under section 4 of this act.
(c) The board shall make with each employee employed by it a written contract, which shall be in conformity with the laws of this state, and except as otherwise provided by law or by a superintendent of public instruction intervention action taken under section 4 of this act, limited to a term of not more than one year. Every such contract shall be made in duplicate, one copy to be retained by the school district superintendent or secretary and one copy to be delivered to the employee. No contract shall be offered by any board for the employment of any employee who has previously signed an employment contract for that same term in another school district of the state of Washington unless such employee shall have been released from his or her obligations under such previous contract by the board of directors of the school district to which he or she was obligated.

(d) Any contract signed in violation of this (provision shall be) subsection (1) is void.

(2) In the event it is determined that there is probable cause or causes that the employment contract of an employee should not be renewed by the district for the next ensuing term such employee shall be notified in writing on or before May 15th preceding the commencement of such term of that determination, or if the omnibus appropriations act has not passed the legislature by May 15th, then notification shall be no later than June 1st, which notification shall specify the cause or causes for nonrenewal of contract. Such determination of probable cause for certificated employees, other than the superintendent, shall be made by the superintendent, or with respect to employment at a school in superintendent of public instruction intervention, as provided by the superintendent of public instruction intervention action taken under section 4 of this act. Such notice shall be served upon the employee personally, or by certified or registered mail, or by leaving a copy of the notice at the house of his or her usual abode with some person of suitable age and discretion then resident therein. Every such employee so notified, except those employees subject to subsection (3) of this section, at his or her request made in writing and filed with the president, chair, or secretary of the board of directors of the district within ten days after receiving such notice, shall be granted opportunity for hearing pursuant to RCW 28A.405.310 to determine whether there is sufficient cause or causes for nonrenewal of contract: PROVIDED, That any employee receiving notice of nonrenewal of contract due to an enrollment decline or loss of revenue may, in his or her request for a hearing, stipulate that initiation of the arrangements for a hearing officer as provided for by RCW 28A.405.310(4) shall occur within ten days following July 15 rather than the day that the employee submits the request for a hearing. If any such notification or opportunity for hearing is not timely given, the employee entitled thereto shall be conclusively presumed to have been reemployed by the district for the next ensuing term upon contractual terms identical with those which would have prevailed if his or her employment had actually been renewed by the board of directors for such ensuing term.

(3) An employee at a school in superintendent of public instruction intervention who is notified under this section, at his or her request made in writing and filed with the district superintendent within ten days after receiving the notice, shall be given the opportunity to meet informally with the district superintendent for the purpose of requesting the district superintendent to recommend that the nonrenewal decision be reconsidered. Such meeting shall be held no later than ten days following the receipt of such request, and the employee shall be given at least three days' written notice of the date, time, and place of the meeting. At such meeting the employee shall be given the opportunity to refute any facts upon which the determination was based and to make any argument in support of his or her request for reconsideration. Within ten days following the meeting with the employee, the district superintendent shall submit a written recommendation to the superintendent of public instruction stating the reasons for the recommendation. A copy of the recommendation shall be delivered to the employee. In taking action on the recommendation of the district superintendent, the superintendent of public instruction shall consider any evaluations conducted under RCW 28A.405.100 and may consider any written communication that the employee may file with the secretary of the board before meeting with the district superintendent. The board shall notify the employee in writing of the final decision within ten days after receiving the final decision of the superintendent of public instruction. The decision to nonrenew an employee's contract pursuant to a superintendent of public instruction intervention action taken under section 4 of this act is final and not subject to appeal.

(4) This section shall not be applicable to "provisional employees" as so designated in RCW 28A.405.220; transfer to a subordinate certificated position as that procedure is set forth in RCW 28A.405.230 shall not be construed as a nonrenewal of contract for the purposes of this section.
Sec. 18. RCW 28A.405.220 and 1996 c 201 s 2 are each amended to read as follows:

(1) Notwithstanding the provisions of RCW 28A.405.210, every person employed by a school district in a teaching or other nonsupervisory certificated position shall be subject to nonrenewal of employment contract as provided in this section during the first two years of employment by such district, unless the employee has previously completed at least two years of certificated employment in another school district in the state of Washington, in which case the employee shall be subject to nonrenewal of employment contract pursuant to this section during the first year of employment with the new district. Employees as defined in this section shall hereinafter be referred to as "provisional employees".

(2)(a) In the event the superintendent of the school district, or the superintendent of public instruction, under a superintendent of public instruction intervention action taken under section 4 of this act, determines that the employment contract of any provisional employee shall not be renewed by the district for the next ensuing term such provisional employee shall be notified thereof by the superintendent of the school district in writing on or before May 15th preceding the commencement of such school term, or if the omnibus appropriations act has not passed the legislature by May 15th, then notification shall be no later than June 1st, which notification shall state the reason or reasons for such determination. Such notice shall be served upon the provisional employee personally, or by certified or registered mail, or by leaving a copy of the notice at the place of his or her usual abode with some person of suitable age and discretion then resident therein. (The) A determination (of) by the superintendent of the school district shall be subject to the evaluation requirements of RCW 28A.405.100. A determination by the superintendent of public instruction shall be made pursuant to a superintendent of public instruction action taken under section 4 of this act.

(b) Every such provisional employee so notified, at his or her request made in writing and filed with the superintendent of the district within ten days after receiving such notice, shall be given the opportunity to meet informally with the superintendent for the purpose of requesting the superintendent to reconsider his or her decision or, if the determination was made pursuant to a superintendent of public instruction intervention action taken under section 4 of this act, to consider recommending to the superintendent of public instruction reinstatement of the provisional employee. Such meeting shall be held no later than ten days following the receipt of such request, and the provisional employee shall be given written notice of the date, time and place of meeting at least three days prior thereto. At such meeting the provisional employee shall be given the opportunity to refute any facts upon which the (superintendent's) determination was based and to make any argument in support of his or her request for reconsideration.

(c)(i) Except as provided in (c)(ii) of this subsection, within ten days following the meeting with the provisional employee, the superintendent shall either reinstate the provisional employee or shall submit to the school district board of directors for consideration at its next regular meeting a written report recommending that the employment contract of the provisional employee be nonrenewed and stating the reason or reasons therefor. A copy of such report shall be delivered to the provisional employee at least three days prior to the scheduled meeting of the board of directors. In taking action upon the recommendation of the superintendent, the board of directors shall consider any written communication which the provisional employee may file with the secretary of the board at any time prior to that meeting.

(ii) If the provisional employee is employed at a school in superintendent of public instruction intervention, within ten days following the meeting with the employee, the superintendent shall submit a written recommendation to the superintendent of public instruction stating the reasons for the recommendation. A copy of the recommendation shall be delivered to the employee.

(d) The board of directors shall notify the provisional employee in writing of (its) the final decision within ten days following receipt of the final decision of the superintendent of public instruction, as applicable. The decision (of the board of directors) to nonrenew the contract of a provisional employee under this section shall be final and not subject to appeal.

(3) This section applies to any person employed by a school district in a teaching or other nonsupervisory certificated position after June 25, 1976. This section provides the exclusive means for nonrenewing the employment contract of a provisional employee and no other provision of law shall be applicable thereto, including, without limitation, RCW 28A.405.210 and chapter 28A.645 RCW.
Sec. 19.  RCW 28A.405.230 and 1996 c 201 s 3 are each amended to read as follows:

(1) Any certificated employee of a school district employed as an assistant superintendent, director, principal, assistant principal, coordinator, or in any other supervisory or administrative position, hereinafter in this section referred to as "administrator", shall be subject to transfer, at the expiration of the term of his or her employment contract or at any time pursuant to a superintendent of public instruction intervention action taken under section 4 of this act or an action taken as part of a school improvement plan under section 3 of this act, if the contract took effect after September 1, 2001, to any subordinate certificated position within the school district. "Subordinate certificated position" as used in this section, shall mean any administrative or nonadministrative certificated position for which the annual compensation is less than the position currently held by the administrator.

(2)(a) Every school district superintendent determining that the best interests of the school district would be served by transferring any administrator to a subordinate certificated position shall notify that administrator in writing on or before May 15th preceding the commencement of such school term of that determination, or if the omnibus appropriations act has not passed the legislature by May 15th, then notification shall be no later than June 1st. Notice given pursuant to a superintendent of public instruction intervention action taken under section 4 of this act or a school improvement plan under section 3 of this act may be given at any time. Notification given under this subsection shall state the reason or reasons for the transfer, and shall identify the subordinate certificated position to which the administrator will be transferred. Such notice shall be served upon the administrator personally, or by certified or registered mail, or by leaving a copy of the notice at the place of his or her usual abode with some person of suitable age and discretion then resident therein.

(b) Every such administrator so notified, at his or her request made in writing and filed with the president or chair, or secretary of the board of directors of the district within ten days after receiving such notice, shall be given the opportunity to meet informally with the board of directors in an executive session thereof or with the superintendent of public instruction, if notice is given pursuant to a superintendent of public instruction intervention action taken under section 4 of this act, for the purpose of requesting the board to reconsider the reconsideration of the decision. Upon receipt of such request, the board of directors shall schedule the meeting for no later than the next regularly scheduled meeting of the board and shall notify the administrator personally, or by certified or registered mail, or by leaving a copy of the notice at the place of his or her usual abode with some person of suitable age and discretion then resident therein.

The administrator and the board or the superintendent of public instruction, as applicable, may invite their respective legal counsel to be present and to participate at the meeting. The board shall notify the administrator in writing of the date, time, and place of the meeting as soon as practicable and the administrator shall be notified in writing of the date, time, and place of the meeting at least three days prior thereto. At such meeting the administrator shall be given the opportunity to refute any facts upon which the determination was based and to make any argument in support of his or her request for reconsideration.    (b) Such powers as are expressly authorized by law; and

(2) It is the state's policy that decisions on proposed changes in school district organization should be made, whenever possible by negotiated agreement between the affected school districts. If the districts cannot agree, the decision shall be made by the regional committees on school district organization, based on the committees' best judgment, taking into consideration the following factors and factors under RCW 28A.315.205:

(a) A balance of local petition requests and the needs of the statewide community at large in a manner that advances the best interest of public education in the affected school districts and communities, the educational service district, and the state;

(b) Responsibly serving all of the affected citizens and students by contributing to logical service boundaries and recognizing a changing economic pattern within the educational service districts of the state;

(c) Enhancing the educational opportunities of pupils in the territory by reducing existing disparities among the affected school districts' ability to provide operating and capital funds through an equitable adjustment of the assets and liabilities of the affected districts;

(d) Promoting a wiser use of public funds through improvement in the school district system of the educational service districts and the state; and

(e) Other criteria or considerations as may be established in rule by the state board of education.

REPORTS OF STANDING COMMITTEES

ESB 5686 Prime Sponsor, Senator Eide: Changing academic assessments timelines. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28A.655.060 and 1999 c 373 s 501 are each amended to read as follows:

(1) The Washington commission on student learning is hereby established. The primary purposes of the commission are to identify the knowledge and skills all public school students need to know and be able to do based on the student learning goals in RCW 28A.150.210, to develop student assessment and school accountability systems, to review current school district data reporting requirements and make recommendations on what data is necessary for the purposes of accountability and meeting state information needs, and to take other steps necessary to develop a performance-based education system. The commission shall include three members of the state board of education, three members appointed by the governor before July 1, 1992, and five members appointed no later than June 1, 1993 by the governor elected in the November 1992 election. The governor shall appoint a chair from the commission members, and fill any vacancies in gubernatorial appointments that may occur. The state board of education shall fill any vacancies of state board of education appointments that may occur. In making the appointments, educators, business leaders, and parents shall be represented, and nominations from statewide education, business, and parent organizations shall be requested. Efforts shall be made to ensure that the commission reflects the racial and ethnic diversity of the state's K-12 student population and that the major geographic regions in the state are represented. Appointees shall be qualified individuals who are supportive of educational restructuring, who have a positive record of service, and who will devote sufficient time to the responsibilities of the commission to ensure that the objectives of the commission are achieved.

(2) The commission shall establish advisory committees. Membership of the advisory committees shall include, but not necessarily be limited to, professionals from the office of the superintendent of public instruction and the state board of education, and other state and local educational practitioners and student assessment specialists.

(3) The commission, with the assistance of the advisory committees, shall:

(a) Develop essential academic learning requirements based on the student learning goals in RCW 28A.150.210. Essential academic learning requirements shall be developed, to the extent possible, for each of the student learning goals in RCW 28A.150.210. Goals one and two shall be considered primary. Essential academic learning requirements for RCW 28A.150.210(1), goal one, and the mathematics component of RCW 28A.150.210(2), goal two, shall be completed no later than March 1, 1995. Essential academic learning requirements that incorporate the remainder of RCW 28A.150.210 (2), (3), and (4), goals two, three, and four, shall be completed no later than March 1, 1996. To the maximum extent possible, the commission shall integrate goal four and the knowledge and skill areas in the other goals in the development of the essential academic learning requirements;

(b)(i) The commission and superintendent of public instruction shall develop a statewide academic assessment system for use in the elementary, middle, and high school years designed to determine if each student
has learned the essential academic learning requirements identified in (a) of this subsection. The academic assessment system shall include a variety of assessment methods, including criterion-referenced and performance-based measures. Performance standards for determining if a student has successfully completed an assessment shall be determined by the commission and the superintendent of public instruction in consultation with the advisory committees required in subsection (2) of this section.

(ii) The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who have not learned the essential academic learning requirements at the appropriate periods in the student's educational development.

(iii) Assessments measuring the essential academic learning requirements shall be available for voluntary use by school districts and shall be required to be administered by school districts according to the following schedule unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements.

(c) After a determination is made by the state board of education that the high school assessment system has been implemented and that it is sufficiently reliable and valid, successful completion of the high school assessments shall (lead to a certificate of mastery) be required for graduation from a public high school. (The certificate of mastery) Successful completion of the high school assessments shall be obtained by most students at about the age of sixteen, and is evidence that the students ((has) have successfully mastered the essential academic learning requirements during ((his or her)) their educational careers. ((The certificate of mastery)) Successful completion of the high school assessments shall be required for graduation from a public high school but shall not be the only requirement for graduation. The commission shall make recommendations to the state board of education regarding the relationship between the ((certificate of mastery)) high school assessment system and high school graduation requirements. Upon ((achieving the certificate of mastery)) successful completion of required high school assessments, schools shall provide students with the opportunity to pursue career and educational objectives through educational pathways that emphasize integration of academic and vocational education. Educational pathways may include, but are not limited to, programs such as work-based learning, school-to-work transition, tech prep, vocational-technical education, running start, and preparation for technical college, community college, or university education. Any middle school, junior high school, or high school using educational pathways shall ensure that all participating students will continue to have access to the courses and instruction necessary to meet admission requirements at baccalaureate institutions. Students shall be allowed to enter the educational pathway of their choice. Before accepting a student into an educational pathway, the school shall inform the student's parent of the pathway chosen, the opportunities available to the student through the pathway, and the career objectives the student will have exposure to while pursuing the pathway. Parents and students dissatisfied with the opportunities available through the selected educational pathway shall be provided with the opportunity to transfer the student to any other pathway provided in the school. Schools may not develop educational pathways that retain students in high school beyond the date they are eligible to graduate, and may not require students who transfer between pathways to complete pathway requirements beyond the date the student is eligible to graduate;

(d) Consider methods to address the unique needs of special education students when developing the assessments in (b) and (c) of this subsection;

(e) Consider methods to address the unique needs of highly capable students when developing the assessments in (b) and (c) of this subsection;

(f) Develop recommendations on the time, support, and resources, including technical assistance, needed by schools and school districts to help students achieve the essential academic learning requirements. These recommendations shall include an estimate for the legislature, superintendent of public instruction, and governor on the expected cost of implementing the academic assessment system;

(g) Develop recommendations for consideration by the higher education coordinating board for adopting college and university entrance requirements for public school students that are consistent with the essential academic learning requirements and the ((certificate of mastery)) successful completion of required high school assessments;
(h) Review current school district data reporting requirements for the purposes of accountability and meeting state information needs. The commission on student learning shall report recommendations to the joint select committee on education restructuring by September 15, 1996, on:
   (i) What data is necessary to compare how school districts are performing before the essential academic learning requirements and the assessment system are implemented with how school districts are performing after the essential academic learning requirements and the assessment system are implemented; and
   (ii) What data is necessary pertaining to school district reports under the accountability systems developed by the commission on student learning under this section;
   (i) Recommend to the legislature, governor, state board of education, and superintendent of public instruction:
      (i) A statewide accountability system to monitor and evaluate accurately and fairly at elementary, middle, and high schools the level of learning occurring in individual schools and school districts with regard to the goals included in RCW 28A.150.210 (1) through (4). The accountability system must assess each school individually against its own baseline, schools with similar characteristics, and schools statewide. The system shall include school-site, school district, and state-level accountability reports;
      (ii) A school assistance program to help schools and school districts that are having difficulty helping students meet the essential academic learning requirements as measured by performance on the elementary, middle school, and high school assessments;
      (iii) A system to intervene in schools and school districts in which significant numbers of students persistently fail to learn the essential academic learning requirements or meet the standards established for the elementary, middle school, and high school assessments; and
      (iv) An awards program to provide incentives to school staff to help their students learn the essential academic learning requirements, with each school being assessed individually against its own baseline, schools with similar characteristics, and the statewide average. Incentives shall be based on the rate of percentage change of students achieving the essential academic learning requirements and progress on meeting the statewide average. School staff shall determine how the awards will be spent.
   The commission shall make recommendations regarding a statewide accountability system for reading in grades kindergarten through four by November 1, 1997. Recommendations for an accountability system in the other subject areas and grade levels shall be made no later than June 30, 1999;
   (j) Report annually by December 1st to the legislature, the governor, the superintendent of public instruction, and the state board of education on the progress, findings, and recommendations of the commission; and
   (k) Make recommendations to the legislature and take other actions necessary or desirable to help students meet the student learning goals.

(4) The commission shall coordinate its activities with the state board of education and the office of the superintendent of public instruction.

(5) The commission shall seek advice broadly from the public and all interested educational organizations in the conduct of its work, including holding periodic regional public hearings.

(6) The commission shall select an entity to provide staff support and the office of the superintendent of public instruction shall provide administrative oversight and be the fiscal agent for the commission. The commission may direct the office of the superintendent of public instruction to enter into subcontracts, within the commission's resources, with school districts, teachers, higher education faculty, state agencies, business organizations, and other individuals and organizations to assist the commission in its deliberations.

(7) Members of the commission shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.

(8)(a) By September 30, 1997, the commission on student learning, the state board of education, and the superintendent of public instruction shall jointly present recommendations to the education committees of the house of representatives and the senate regarding the high school assessments, the certificate of mastery, and high school graduation requirements.

In preparing recommendations, the commission on student learning shall convene an ad hoc working group to address questions, including:
(i) What type of document shall be used to identify student performance and achievement and how will the document be described?

(ii) Should the students be required to pass the high school assessments in all skill and content areas, or only in select skill and content areas, to graduate?

(iii) How will the criteria for establishing the standards for passing scores on the assessments be determined?

(iv) What timeline should be used in phasing-in the assessments as a graduation requirement?

(v) What options may be used in demonstrating how the results of the assessments will be displayed in a way that is meaningful to students, parents, institutions of higher education, and potential employers?

(vi) Are there other or additional methods by which the assessments could be used to identify achievement such as endorsements, standards of proficiency, merit badges, or levels of achievement?

(vii) Should the assessments and certificate of mastery be used to satisfy college or university entrance criteria for public school students? If yes, how should these methods be phased-in?

(b) The ad hoc working group shall report its recommendations to the commission on student learning, the state board of education, and the superintendent of public instruction by June 15, 1997. The commission shall report the ad hoc working group's recommendations to the education committees of the house of representatives and senate by July 15, 1997. Final recommendations of the commission on student learning, the state board of education, and the superintendent of public instruction shall be presented to the education committees of the house of representatives and the senate by September 30, 1997.

NEW SECTION. Sec. 2. The superintendent of public instruction, in consultation with a representative of the governor, the chairs and ranking minority members of the legislative education committees, and other interested stakeholders shall review the statutory timelines for the arts, fitness, and health assessments based on the assessment system described in this section. By November 1, 2001, the superintendent of public instruction shall report and make recommendations to the governor and the legislative education and fiscal committees on the following:

(1) An appropriate timeline for instituting a statewide juried performance-based high school assessment system leading to an endorsement in the arts;

(2) An appropriate timeline for instituting a statewide performance-based high school assessment system leading to an endorsement in fitness;

(3) An appropriate timeline for creating locally administered, classroom-based assessments that are developed at the state level for the arts and fitness in elementary and middle and junior high schools;

(4) An appropriate timeline for creating locally administered, classroom-based assessments in health and the appropriate grades in which to assess students in that subject; and

(5) Whether the statutory timelines in RCW 28A.655.060(3)(b) will give the superintendent, working in cooperation with educators and experts in the arts, fitness, and health, sufficient time to establish the assessment system described in this section."

**SENATE AMENDMENTS TO HOUSE BILL**

April 20, 2001

Mr. Speakers:

The Senate receded from the amendment by Senators Costa, Long, Kline and McAuliffe to SECOND SUBSTITUTE HOUSE BILL NO. 1041. Under suspension of the rules Second Substitute House Bill No. 1041 was returned to second reading for purpose of amendments. The Senate adopted amendment 1041-S2 AAS 04/20/01 S-2719.1 and passed the bill as amended by the Senate.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that unlawful harassment directed at a child by a person under the age of eighteen is not acceptable and can have serious consequences. The legislature further finds that some interactions between minors, such as "schoolyard scuffles," though not to be condoned, may not rise to the level of unlawful harassment. It is the intent of the legislature that a protection order sought by the parent or guardian of a child as provided for in this chapter be available only when the alleged behavior of the person under the age of eighteen to be restrained rises to the level set forth in chapter 10.14 RCW.

**Sec. 2.** RCW 10.14.020 and 1999 c 27 s 4 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Unlawful harassment" means a knowing and willful course of conduct directed at a specific person which seriously alarms, annoys, harasses, or is detrimental to such person, and which serves no legitimate or lawful purpose. The course of conduct shall be such as would cause a reasonable person to suffer substantial emotional distress, and shall actually cause substantial emotional distress to the petitioner, or, when the course of conduct ((is contact by a person over age eighteen that)) would cause a reasonable parent to fear for the well-being of their child.

(2) "Course of conduct" means a pattern of conduct composed of a series of acts over a period of time, however short, evidencing a continuity of purpose. "Course of conduct" includes, in addition to any other form of communication, contact, or conduct, the sending of an electronic communication. Constitutionally protected activity is not included within the meaning of "course of conduct."

**Sec. 3.** RCW 10.14.040 and 1995 c 292 s 2 and 1995 c 127 s 2 are each reenacted and amended to read as follows:

There shall exist an action known as a petition for an order for protection in cases of unlawful harassment.

(1) A petition for relief shall allege the existence of harassment and shall be accompanied by an affidavit made under oath stating the specific facts and circumstances from which relief is sought.

(2) A petition for relief may be made regardless of whether or not there is a pending lawsuit, complaint, petition, or other action between the parties.
(3) All court clerks' offices shall make available simplified forms and instructional brochures. Any assistance or information provided by clerks under this section does not constitute the practice of law and clerks are not responsible for incorrect information contained in a petition.

(4) Filing fees are set in RCW 36.18.020, but no filing fee may be charged for a petition filed in an existing action or under an existing cause number brought under this chapter in the jurisdiction where the relief is sought. Forms and instructional brochures shall be provided free of charge.

(5) A person is not required to post a bond to obtain relief in any proceeding under this section.

(6) The parent or guardian of a child under age eighteen may petition for an order of protection to restrain a person ((over)) age eighteen years or over from contact with that child upon a showing that contact with the person to be enjoined is detrimental to the welfare of the child.

(7) The parent or guardian of a child under the age of eighteen may petition in superior court for an order of protection to restrain a person under the age of eighteen years from contact with that child only in cases where the person to be restrained has been adjudicated of an offense against the child protected by the order, or is under investigation or has been investigated for such an offense. In issuing a protection order under this subsection, the court shall consider, among the other facts of the case, the severity of the alleged offense, any continuing physical danger or emotional distress to the alleged victim, and the expense, difficulty, and educational disruption that would be caused by a transfer of the alleged offender to another school. The court may order that the person restrained in the order not attend the public or approved private elementary, middle, or high school attended by the person under the age of eighteen years protected by the order. In the event that the court orders a transfer of the restrained person to another school, the parents or legal guardians of the person restrained in the order are responsible for transportation and other costs associated with the change of school by the person restrained in the order. The court shall send notice of the restriction on attending the same school as the person protected by the order to the public or approved private school the person restrained by the order will attend and to the school the person protected by the order attends.

Sec. 4. RCW 10.14.120 and 1989 c 373 s 14 are each amended to read as follows:

Any willful disobedience by ((the respondent)) a respondent age eighteen years or over of any temporary antiharassment protection order or civil antiharassment protection order issued under this chapter subjects the respondent to criminal penalties under this chapter. Any respondent age eighteen years or over who willfully disobeys the terms of any order issued under this chapter may also, in the court's discretion, be found in contempt of court and subject to penalties under chapter 7.21 RCW. Any respondent under the age of eighteen years who willfully disobeys the terms of an order issued under this chapter may, in the court's discretion, be found in contempt of court and subject to the sanction specified in RCW 7.21.030(4).

Sec. 5. RCW 10.14.170 and 1987 c 280 s 17 are each amended to read as follows:

Any respondent age eighteen years or over who willfully disobeys any civil antiharassment protection order issued pursuant to this chapter shall be guilty of a gross misdemeanor.

Sec. 6. RCW 7.21.030 and 1998 c 296 s 36 are each amended to read as follows:

(1) The court may initiate a proceeding to impose a remedial sanction on its own motion or on the motion of a person aggrieved by a contempt of court in the proceeding to which the contempt is related. Except as provided in RCW 7.21.050, the court, after notice and hearing, may impose a remedial sanction authorized by this chapter.

(2) If the court finds that the person has failed or refused to perform an act that is yet within the person's power to perform, the court may find the person in contempt of court and impose one or more of the following remedial sanctions:

(a) Imprisonment if the contempt of court is of a type defined in RCW 7.21.010(1) (b) through (d). The imprisonment may extend only so long as it serves a coercive purpose.

(b) A forfeiture not to exceed two thousand dollars for each day the contempt of court continues.

(c) An order designed to ensure compliance with a prior order of the court.

(d) Any other remedial sanction other than the sanctions specified in (a) through (c) of this subsection if
the court expressly finds that those sanctions would be ineffectual to terminate a continuing contempt of court.

(e) In cases under chapters 13.32A, 13.34, and 28A.225 RCW, commitment to juvenile detention for a period of time not to exceed seven days. This sanction may be imposed in addition to, or as an alternative to, any other remedial sanction authorized by this chapter. This remedy is specifically determined to be a remedial sanction.

(3) The court may, in addition to the remedial sanctions set forth in subsection (2) of this section, order a person found in contempt of court to pay a party for any losses suffered by the party as a result of the contempt and any costs incurred in connection with the contempt proceeding, including reasonable attorney's fees.

(4) If the court finds that a person under the age of eighteen years has willfully disobeyed the terms of an order issued under chapter 10.14 RCW, the court may find the person in contempt of court and may, as a sole sanction for such contempt, commit the person to juvenile detention for a period of time not to exceed seven days."

There being no objection, the House concurred in the Senate amendment to Second Substitute House Bill No. 1041.

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speakers:

The Senate receded from the amendment by Committee on Transportation to SUBSTITUTE HOUSE
BILL NO. 1680. Under suspension of the rules Substitute House Bill No. 1680 was returned to second reading for purpose of amendment. The Senate adopted amendment 1680-S AAS 04/20/01 S-2724.1 and passed the bill as amended by the Senate.

Beginning on page 1, line 7 of the amendment, strike everything through page 9, line 8, and insert the following:

"NEW SECTION. Sec. 1. The legislature finds and declares that a contracting procedure that facilitates construction of transportation facilities in a more timely manner may occasionally be necessary to ensure that construction can proceed simultaneously with the design of the facility. The legislature further finds that the design-build process and other alternative project delivery concepts achieve the goals of time savings and avoidance of costly change orders.

The legislature finds and declares that a 2001 audit, conducted by Talbot, Korvola & Warwick, examining the Washington state ferries' capital program resulted in a recommendation for improvements and changes in auto ferry procurement processes. The auditors recommended that auto ferries be procured through use of a modified request for proposals process whereby the prevailing shipbuilder and Washington state ferries engage in a design and build partnership. This process promotes ownership of the design by the shipbuilder while using the department of transportation's expertise in ferry design and operations. Alternative processes like design-build partnerships can promote innovation and create competitive incentives that increase the likelihood of finishing projects on time and within the budget.

The purpose of this act is to authorize the department's use of a modified request for proposals process for procurement of auto ferries, and to prescribe appropriate requirements and criteria to ensure that contracting procedures for this procurement process serve the public interest.

NEW SECTION. Sec. 2. A new section is added to chapter 47.20 RCW to read as follows:

The department of transportation shall develop a process for awarding competitively bid highway construction contracts for projects over ten million dollars that may be constructed using a design-build procedure. As used in this section and section 3 of this act, "design-build procedure" means a method of contracting under which the department of transportation contracts with another party for the party to both design and build the structures, facilities, and other items specified in the contract.

The process developed by the department must, at a minimum, include the scope of services required under the design-build procedure, contractor prequalification requirements, criteria for evaluating technical information and project costs, contractor selection criteria, and issue resolution procedures. This section expires April 30, 2008.

NEW SECTION. Sec. 3. A new section is added to chapter 47.20 RCW to read as follows:

The department of transportation may use the design-build procedure for public works projects over ten million dollars where:

(1) The construction activities are highly specialized and a design-build approach is critical in developing the construction methodology; or

(2) The projects selected provide opportunity for greater innovation and efficiencies between the designer and the builder; or

(3) Significant savings in project delivery time would be realized.

This section expires April 30, 2008.

NEW SECTION. Sec. 4. A new section is added to chapter 47.60 RCW to read as follows:

(1) The department may purchase new auto ferries through use of a modified request for proposals process whereby the prevailing shipbuilder and the department engage in a design and build partnership for the design and construction of the auto ferries. The process consists of the three phases described in subsection (2) of this section.

(2) The definitions in this subsection apply throughout sections 5 through 10 of this act.
(a) "Phase one" means the evaluation and selection of proposers to participate in development of technical proposals in phase two.

(b) "Phase two" means the preparation of technical proposals by the selected proposers in consultation with the department.

(c) "Phase three" means the submittal and evaluation of bids, the award of the contract to the successful proposer, and the design and construction of the auto ferries.

NEW SECTION.  Sec. 5.  A new section is added to chapter 47.60 RCW to read as follows:

To commence the request for proposals process, the department shall publish a notice of its intent once a week for at least two consecutive weeks in at least one trade paper and one other paper, both of general circulation in the state.  The notice must contain, but is not limited to, the following information:

(1) The number of auto ferries to be procured, the auto and passenger capacities, the delivery dates, and the estimated price range for the contract;

(2) A statement that a modified request for proposals design and build partnership will be used in the procurement process;

(3) A short summary of the requirements for prequalification of proposers including a statement that prequalification is a prerequisite to submittal of a proposal in phase one; and

(4) An address and telephone number that may be used to obtain a prequalification questionnaire and the request for proposals.

NEW SECTION.  Sec. 6.  A new section is added to chapter 47.60 RCW to read as follows:

Subject to legislative appropriation for the procurement of vessels, the department shall issue a request for proposals to interested parties that must include, at least, the following:

(1) Solicitation of a proposal to participate in a design and build partnership with the department to design and construct the auto ferries;

(2) Instructions on the prequalification process and procedures;

(3) A description of the modified request for proposals process.  Under this process, the department may modify any component of the request for proposals, including the outline specifications by addendum at any time before the submittal of bids in phase three;

(4) A description of the design and build partnership process to be used for procurement of the vessels;

(5) Outline specifications that provide the requirements for the vessels including, but not limited to, items such as length, beam, displacement, speed, propulsion requirements, capacities for autos and passengers, passenger space characteristics, and crew size.  The department will produce notional line drawings depicting hull geometry that will interface with Washington state ferries terminal facilities.  Notional lines may be modified in phase two, subject to approval by the department;

(6) Instructions for the development of technical proposals in phase two, and information regarding confidentiality of technical proposals;

(7) The vessel delivery schedule, identification of the port on Puget Sound where delivery must take place, and the location where acceptance trials must be held;

(8) The estimated price range for the contract;

(9) The form and amount of the required bid deposit and contract security;

(10) A copy of the contract that will be signed by the successful proposer;

(11) The date by which proposals in phase one must be received by the department in order to be considered;

(12) A description of information to be submitted in the proposals in phase one concerning each proposer's qualifications, capabilities, and experience;

(13) A statement of the maximum number of proposers that may be selected in phase one for development of technical proposals in phase two;

(14) Criteria that will be used for the phase one selection of proposers to participate in the phase two development of technical proposals;

(15) A description of the process that will be used for the phase three submittal and evaluation of bids,
award of the contract, and postaward administrative activities;

(16) A requirement that the contractor comply with all applicable laws, rules, and regulations including but not limited to those pertaining to the environment, worker health and safety, and prevailing wages;

(17) A requirement that the vessels be constructed within the boundaries of the state of Washington except that equipment furnished by the state and components, products, and systems that are standard manufactured items are not subject to the in-state requirement under this subsection. For the purposes of this subsection, "constructed" means the fabrication by the joining together by welding or fastening of all steel parts from which the total vessel is constructed, including, but not limited to, all shell frames, longitudinals, bulkheads, webs, piping runs, wire ways, and ducting. "Constructed" also means the installation of all components and systems, including, but not limited to, equipment and machinery, castings, electrical, electronics, deck covering, lining, paint, and joiner work required by the contract. "Constructed" also means the interconnection of all equipment, machinery, and services, such as piping, wiring, and ducting; and

(18) A requirement that all warranty work on the vessel must be performed within the boundaries of the state of Washington, insofar as practical.

NEW SECTION.  Sec. 7.  A new section is added to chapter 47.60 RCW to read as follows:

Phase one of the request for proposals process consists of evaluation and selection of prequalified proposers to participate in subsequent development of technical proposals in phase two, as follows:

(1) The department shall issue a request for proposals to interested parties.

(2) The request for proposals must require that each proposer prequalify for the contract under chapter 468-310 WAC, except that the department may adopt rules for the financial prequalification of proposers for this specific contract only. The department shall modify the financial prequalification rules in chapter 468-310 WAC in order to maximize competition among financially capable and otherwise qualified proposers. In adopting these rules, the department shall consider factors including, without limitation: (a) Shipyard resources in Washington state; (b) the cost to design and construct multiple vessels under a single contract without options; and (c) the sequenced delivery schedule for the vessels.

(3) The department may use some, or all, of the nonfinancial prequalification factors as part of the evaluation factors in phase one to enable the department to select a limited number of best qualified proposers to participate in development of technical proposals in phase two.

(4) The department shall evaluate submitted proposals in accordance with the selection criteria established in the request for proposals. Selection criteria may include, but are not limited to, the following:

(a) Shipyard facilities;
(b) Organization components;
(c) Design capability;
(d) Build strategy;
(e) Experience and past performance;
(f) Ability to meet vessel delivery dates;
(g) Projected workload; and
(h) Expertise of project team and other key personnel.

(5) Upon concluding its evaluation of proposals, the department shall select the best qualified proposers in accordance with the request for proposals. The selected proposers must participate in development of technical proposals. Selection must be made in accordance with the selection criteria stated in the request for proposals. All proposers must be ranked in order of preference as derived from the same selection criteria.

NEW SECTION.  Sec. 8.  A new section is added to chapter 47.60 RCW to read as follows:

Phase two of the request for proposals process consists of preparation of technical proposals in consultation with the department, as follows:

(1) The development of technical proposals in compliance with the detailed instructions provided in the request for proposals, including the outline specifications, and any addenda to them. Technical proposals must include the following:

(a) Design and specifications sufficient to fully depict the ferries' characteristics and identify installed
equipment;
(b) Drawings showing arrangements of equipment and details necessary for the proposer to develop a
firm, fixed price bid;
(c) Project schedule including vessel delivery dates; and
(d) Other appropriate items.
(2) The department shall conduct periodic reviews with each of the selected proposers to consider and
critique their designs, drawings, and specifications. These reviews must be held to ensure that technical
proposals meet the department's requirements and are responsive to the critiques conducted by the department
during the development of technical proposals.
(3) If, as a result of the periodic technical reviews or otherwise, the department determines that it is in the
best interests of the department to modify any element of the request for proposals, including the outline
specifications, it shall do so by written addenda to the request for proposals.
(4) Proposers must submit final technical proposals for approval that include design, drawings, and
specifications at a sufficient level of detail to fully depict the ferries' characteristics and identify installed
equipment, and to enable a proposer to deliver a firm, fixed price bid to the department. The department shall
reject final technical proposals that modify, fail to conform to, or are not fully responsive to and in compliance
with the requirements of the request for proposals, including the outline specifications, as amended by addenda.

NEW SECTION.  Sec. 9. A new section is added to chapter 47.60 RCW to read as follows:
Phase three consists of the submittal and evaluation of bids and the award of the contract to the
successful proposer for the final design and construction of the auto ferries, as follows:
(1) The department shall request bids for detailed design and construction of the vessels after completion
of the review of technical proposals in phase two. The department will review detailed design
drawings in phase three for conformity with the technical proposals submitted in phase two. In no case may the department's
review replace the builder's responsibility to deliver a product meeting the phase two technical proposal. The department may only
consider bids from selected proposers that have qualified to bid by submitting technical
proposals that have been approved by the department.
(2) Each qualified proposer must submit its total bid price for all vessels, including certification that the
bid is based upon its approved technical proposal and the request for proposals.
(3) Bids constitute an offer and remain open for ninety days from the date of the bid opening. A deposit
in cash, certified check, cashier's check, or surety bond in an amount specified in the request for proposals must
accompany each bid and no bid may be considered unless the deposit is enclosed.
(4) The department shall evaluate the submitted bids. Upon completing the bid evaluation, the
department may select the responsive and responsible proposer that offers the lowest total bid price for all
vessels.
(5) The department may waive informalities in the proposal and bid process, accept a bid from the lowest
responsive and responsible proposer, reject any or all bids, republish, and revise or cancel the request for
proposals to serve the best interests of the department.
(6) The department may:
(a) Award the contract to the proposer that has been selected as the responsive and responsible proposer
that has submitted the lowest total bid price;
(b) If a contract cannot be signed with the apparent successful proposer, award the contract to the next
lowest responsive and responsible proposer; or
(c) If necessary, repeat this procedure with each responsive and responsible proposer in order of rank
until the list of those proposers has been exhausted.
(7) If the department awards a contract to a proposer under this section, and the proposer fails to enter
into the contract and furnish satisfactory contract security as required by chapter 39.08 RCW within twenty days
from the date of award, its deposit is forfeited to the state and will be deposited by the state treasurer to the credit
of the Puget Sound capital construction account. Upon the execution of a ferry design and construction contract
all proposal deposits will be returned.
(8) The department may provide an honorarium to reimburse each unsuccessful phase three proposer for

On page 3, after line 25, insert the following:

"In addition to the procedures under this subsection, property owners with multiple parcels in a single county who qualify for a refund under this section may apply to the department on an application listing all the parcels owned in order to have the assessment computed on all parcels but billed to a single parcel. SENATE AMENDMENTS TO HOUSE BILL

April 5, 2001

Mr. Speakers:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2046, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The purpose of this chapter is to recognize and validate certain trusts that are established for the benefit of animals. Under the common law such trusts were unenforceable at law. The legislature intends that such trusts be recognized as valid, and that such trusts be enforceable in accordance with their terms.

NEW SECTION. Sec. 2. As used in this chapter, "animal" means a nonhuman animal with vertebrae.

NEW SECTION. Sec. 3. A trust for the care of one or more animals is valid. The animals that are to be benefited by the trust may be individually identified, or may be identified in such other manner that they can be readily identified. Unless otherwise provided in the trust instrument or in this chapter, the trust will terminate when no animal that is designated as a beneficiary of the trust remains living.

NEW SECTION. Sec. 4. Except as expressly provided otherwise in the trust instrument or in section 8 of this act, and except as may be necessary to pay the trustee reasonable compensation and to reimburse the trustee for reasonable costs incurred on behalf of the trust, no portion of the principal or income of the trust may be converted to the use of the trustee or to any use other than for the trust's purpose or for the benefit of the designated animal or animals.

NEW SECTION. Sec. 5. Upon termination of the trust, the trustee shall transfer the unexpended trust property in the following order:

(1) As directed in the instrument;
(2) If the trust was created in a nonresiduary clause in the trustor's will or in a codicil to the trustor's will and the will or codicil does not direct otherwise, under the residuary clause in the trustor's will, which shall be read as though the testator died on the date the trust terminated; and
(3) If no taker is produced by the application of subsection (1) or (2) of this section, to the trustor's heirs under RCW 11.04.015, as it exists at the time of the trust's termination.

NEW SECTION. Sec. 6. The intended use of the principal or income can be enforced by a person designated for that purpose in the trust instrument by the person having custody of an animal that is a beneficiary of the trust, or by a person appointed by a court upon application to it by any person. A person with an interest in the welfare of the animal may petition for an order appointing or removing a person designated or appointed to enforce the trust.

NEW SECTION. Sec. 7. Except as ordered by the court or required by the trust instrument, no filing, report, registration, or periodic accounting shall be required of the trust or the trustee.
NEW SECTION. Sec. 8. If no trustee is designated or no designated trustee is willing or able to serve, the court shall name a trustee. The court may order the removal of an acting trustee and the transfer of the property to another trustee if it is necessary or appropriate in order to assure that the intended use is carried out. A court may also make such other orders and determinations as shall be advisable to carry out the intent of the trustor and the purpose of this chapter.

NEW SECTION. Sec. 9. In construing the language of a trust for an animal, the governing instrument shall be liberally construed to provide the protections of this chapter. It is presumed that language contained in a trust for an animal is not merely precatory or honorary in nature unless it can be shown by clear and cogent evidence that such was the trustor's intent. Extrinsic evidence is admissible in determining the trustor's intent.

NEW SECTION. Sec. 10. RCW 11.98.130 through 11.98.160 apply to trusts that are subject to this chapter. If applicable, any reference in those statutes to a "life or lives in being or conceived at the effective date of the instrument" shall be construed to refer to any animal that is a beneficiary of the trust and that is in being or conceived at the effective date of the instrument.

NEW SECTION. Sec. 11. RCW 11.98.130 through 11.98.160 apply to trusts that are subject to this chapter.

NEW SECTION. Sec. 12. Except as otherwise provided in the trust instrument or in this chapter, all powers and duties conferred on a trustee under Washington law also apply to the trustee of a trust for animals.

NEW SECTION. Sec. 13. This chapter applies to trusts that are created on or after the effective date of this act and to trusts that are in existence on the effective date of this act, but that are revocable by the trustor on the effective date of this act. If a trustor is incompetent to exercise a power of revocation on the effective date of this act, this chapter does not apply to such trust unless the trustor later becomes competent to exercise such power of revocation, in which case this chapter applies to such trust.

NEW SECTION. Sec. 14. (1) Sections 1 through 9, 12, and 13 of this act take effect October 1, 2001.
(2) Section 10 of this act takes effect October 1, 2001, if Senate Bill No. 5054, or its legislative successor bearing the same bill number, does not take effect by October 1, 2001.
(3) Section 11 of this act takes effect October 1, 2001, if Senate Bill No. 5054, or its legislative successor bearing the same bill number, takes effect by October 1, 2001.

NEW SECTION. Sec. 15. Sections 1 through 14 of this act constitute a new chapter in Title 11 RCW."

On page 1, line 2 of the title, after "animals;" strike the remainder of the title and insert "adding a new chapter to Title 11 RCW; providing an effective date; and providing contingent effective dates."

There being no objection, the House concurred in the Senate amendment to Substitute House Bill No. 2046.

Sec. 2. RCW 29.01.090 and 1977 ex.s. c 329 s 9 are each amended to read as follows:

"Major political party" means a political party of which at least one nominee for president, vice president, United States senator, or a statewide office received at least five percent of the total vote cast at the last preceding state general election in an even-numbered year((provided, That any political party qualifying as a major political party under the previous subsection (2) or subsection (3) of this section prior to its 1977 amendment shall retain such status until after the next state general election following June 30, 1977)). However, a political party of which no nominee received at least ten percent of the total vote cast may forgo its status as a major political party by filing with the secretary of state an appropriate party rule within sixty days of attaining major party status under this section or thirty days of the effective date of this act, whichever is later.

NEW SECTION. Sec. 3. A new section is added to chapter 29.07 RCW to read as follows:

Under no circumstances may an individual be required to affiliate with, join, adhere to, express faith in, or declare a preference for, a political party or organization upon registering to vote.

NEW SECTION. Sec. 4. Candidates for all partisan elected offices, except for president and vice president, precinct committee officer, and offices exempted from the primary under RCW 29.15.150, will be nominated at primaries held under this chapter.

NEW SECTION. Sec. 5. So far as applicable, the provisions of this title relating to conducting general elections govern the conduct of primaries.

NEW SECTION. Sec. 6. A new section is added to chapter 29.30 RCW to read as follows:

Each primary ballot that includes one or more partisan offices must include a party identification checkoff box that allows a voter to select the party with which the voter chooses to affiliate from a list of the major political parties, or the option to indicate that the voter chooses not to affiliate with any major political party. If a voter makes no selection or selects more than one option, then the voter is presumed to have selected the option indicating that the voter chooses not to affiliate with any major political party.

NEW SECTION. Sec. 7. A new section is added to chapter 29.30 RCW to read as follows:

The party identification checkoff box required under section 6 of this act must appear on the primary ballot before the names of candidates and ballot measures. Clear and concise instructions to the voter must be prominently displayed immediately before the list of major political parties, and must include:

(1) A question asking the voter to indicate the major political party, if any, with which the voter chooses to affiliate;
(2) A statement indicating that votes cast for a candidate who indicated a major political party designation when filing a declaration of candidacy by a voter who chooses to affiliate with a different major political party will not be tabulated or reported;

(3) An explanation, for each major political party, of whether or not votes cast by a voter who chooses not to affiliate with any major political party will be used to determine the major political party's nominees; and

(4) A statement that the party identification option will not affect votes cast for minor political party and independent candidates, candidates for nonpartisan office, and ballot measures.

NEW SECTION. Sec. 8. No record may be created or maintained by a state or local governmental agency or a political organization that identifies a voter with the information provided on the voter's ballot, including the choice that the voter makes regarding political party affiliation.

NEW SECTION. Sec. 9. (1) A major political party may choose by rule adopted under chapter 29.42 RCW, to allow voters who choose not to affiliate with any major political party to cast votes that will be used to determine the major political party's nominees. The rule may only be made on a statewide basis and with respect to all of the votes cast by unaffiliated voters rather than with respect to votes cast in specific districts, in specific races, or for specific candidates.

(2) A major political party that has adopted a rule under subsection (1) of this section may repeal that rule at any time. However, the effect of the repeal is subject to the time requirements of subsection (6) of this section.

(3) A major political party shall provide the secretary of state with written notification of an action taken under this section before the end of the first business day that immediately follows the day during which the action is taken.

(4) If a major political party adopts an appropriate rule under subsection (1) of this section, then the major political party's nominee will be the candidate who receives a plurality of votes from the aggregation of votes cast by voters who choose to affiliate with that major political party and votes cast by voters who choose not to affiliate with any major political party.

(5) Unless a major political party adopts a rule under subsection (1) of this section, or if a rule so adopted is repealed under subsection (2) of this section, then the major political party's nominee will be the candidate who receives a plurality of votes cast by voters who choose to affiliate with that major political party.

(6) The adoption of a rule under subsection (1) of this section or the repeal of the rule under subsection (2) of this section must occur on or before July 1st in order to be in effect at any primary conducted between September 1st of the same year and August 30th of the following year.

(7) The decision by a major political party to accept votes cast by voters who choose not to affiliate with any major political party does not affect the rights of any other major political party.

NEW SECTION. Sec. 10. For each major political party, prominent notification regarding whether or not the major political party will allow voters who choose not to affiliate with any major political party to participate in the major political party's nomination process must be made, at the very least, in:

(1) Any primary voters' pamphlet prepared by the secretary of state or a local government;
(2) Instructions that accompany any ballot sent by a county auditor to an absentee voter;
(3) Any notice of primary published in compliance with RCW 29.27.030;
(4) A sample ballot prepared by a county auditor under RCW 29.30.060;
(5) The content of the web site of the office of the secretary of state; and
(6) The content of each county auditors' web site that is in existence.

NEW SECTION. Sec. 11. Votes cast by a voter who chooses to affiliate with a major political party for a candidate who indicated a different major political party designation when filing a declaration of candidacy may not be tabulated. However, votes cast by that voter for candidates for other offices are not affected in any way.

NEW SECTION. Sec. 12. (1) All votes cast for a candidate who indicated a major political party designation when filing a declaration of candidacy by voters who choose to affiliate with that major political party
must be tabulated and reported separately from any other votes cast for that candidate.

(2) All votes cast for a candidate who indicated a major political party designation when filing a declaration of candidacy by voters who choose not to affiliate with any major political party must be tabulated and reported separately from any other votes cast for that candidate.

NEW SECTION. Sec. 13. The secretary of state as chief election officer shall adopt rules under chapter 34.05 RCW to facilitate the operation, accomplishment, and purpose of this chapter.

Sec. 14. RCW 29.04.180 and 1999 c 157 s 1 are each amended to read as follows:

Any person who desires to be a write-in candidate and have such votes counted at a primary or election may, if the jurisdiction of the office sought is entirely within one county, file a declaration of candidacy with the county auditor not later than the day before the primary or election. If the jurisdiction of the office sought encompasses more than one county the declaration of candidacy shall be filed with the secretary of state not later than the day before the primary or election. Declarations of candidacy for write-in candidates must be accompanied by a filing fee in the same manner as required of other candidates filing for the office as provided in RCW 29.15.050.

Votes cast for write-in candidates who have filed such declarations of candidacy and write-in votes for persons appointed by political parties (pursuant to RCW 29.18.160) under section 16 of this act need only specify the name of the candidate in the appropriate location on the ballot in order to be counted. Write-in votes cast for any other candidate, in order to be counted, must designate the office sought and position number or political party, if applicable. In order for write-in votes to be valid in jurisdictions employing optical-scan mark sense ballot systems the voter must complete the proper mark next to the write-in line for that office.

No person may file as a write-in candidate where:

(1) At a general election, the person attempting to file either filed as a write-in candidate for the same office at the preceding primary or the person's name appeared on the ballot for the same office at the preceding primary;

(2) The person attempting to file as a write-in candidate has already filed a valid write-in declaration for that primary or election, unless one or the other of the two filings is for the office of precinct committeeperson;

(3) The name of the person attempting to file already appears on the ballot as a candidate for another office, unless one of the two offices for which he or she is a candidate is precinct committeeperson.

The declaration of candidacy shall be similar to that required by RCW 29.15.010. No write-in candidate filing under RCW 29.04.180 may be included in any voter's pamphlet produced under chapter 29.80 RCW unless that candidate qualifies to have his or her name printed on the general election ballot. The legislative authority of any jurisdiction producing a local voter's pamphlet under chapter 29.81A RCW may provide by ordinance, for the inclusion of write-in candidates in such pamphlets.

NEW SECTION. Sec. 15. A new section is added to chapter 29.15 RCW to read as follows:

If a place on the ticket of a major political party is vacant because no person has filed for nomination as the candidate of that major political party after the last day allowed for candidates to withdraw under RCW 29.15.120, and if the vacancy is for a state or county office to be voted on solely by the electors of a single county, the county central committee of the major political party may select and certify a candidate to fill the vacancy. If the vacancy is for any other office the state central committee of the major political party may select and certify a candidate to fill the vacancy. The certificate must set forth the cause of the vacancy, the name of the person nominated, the office for which nominated, and other pertinent information required in an ordinary certificate of nomination and be filed in the proper office no later than the first Friday after the last day allowed for candidates to withdraw, together with the candidate's fee applicable to that office and a declaration of candidacy.

NEW SECTION. Sec. 16. A new section is added to chapter 29.15 RCW to read as follows:

A vacancy caused by the death or disqualification of a candidate or nominee of a major or minor political party may be filled at any time up to and including the day before the election for that position. For state partisan offices in a political subdivision voted on solely by electors of a single county, the county central committee in the
case of a major political party or the state central committee or comparable governing body in the case of a minor political party shall appoint a person to fill the vacancy. For other partisan offices, including federal or statewide offices, the state central committee or comparable governing body of the appropriate political party shall appoint a person to fill the vacancy.

If the vacancy occurs no later than the sixth Tuesday before the primary or general election concerned and the ballots have been printed, the appropriate election officers shall correct the ballots. In making the correction, it is not necessary to reprint complete ballots if any other less expensive technique can be used and the resulting correction is reasonably clear.

If the vacancy occurs after the sixth Tuesday before the primary or general election and time does not exist in which to correct ballots (including absentee ballots), either in total or in part, then the votes cast or recorded for the person who has died or become disqualified must be counted for the person who has been named to fill the vacancy.

When the secretary of state is the person with whom the appointment by the major or minor political party is filed, the secretary of state shall, in certifying candidates or nominations to the various county officers insert the name of the person appointed to fill a vacancy.

If the secretary of state has already sent forth the certificate when the appointment to fill a vacancy is filed, the secretary of state shall immediately certify to the county auditors of the proper counties the name and place of residence of the person appointed to fill a vacancy, the office for which the person is a candidate or nominee, the party represented, and all other pertinent facts pertaining to the vacancy.

Sec. 17. RCW 29.27.020 and 1990 c 59 s 8 are each amended to read as follows:

On or before the day following the last day for political parties to fill vacancies in the ticket as provided by section 15 of this act, the secretary of state shall certify to each county auditor a list of the candidates who have filed declarations of candidacy in his or her office for the primary. For each office, the certificate shall include the name of each candidate, his or her address, and his or her party designation, if any.

Sec. 18. RCW 29.27.030 and 1965 c 9 s 29.27.030 are each amended to read as follows:

Not more than ten nor less than three days prior to the primary election the county auditor shall publish notice of such primary in one or more newspapers of general circulation within the county. The notice shall contain the proper party designations, the names and addresses of all persons who have filed a declaration of candidacy to be voted upon at that primary election, the notification that is required for each major political party under section 10 of this act, the hours during which the polls will be open, and that the election will be held in the regular polling place in each precinct, giving the address of each polling place. The names of all candidates for nonpartisan offices shall be published separately with designation of the offices for which they are candidates but without party designation. This shall be the only notice required for the holding of any primary election.

Sec. 19. RCW 29.30.005 and 1990 c 59 s 93 are each amended to read as follows:

Except for the candidates for the positions of president and vice president or for an office for which no primary is required, the names of all candidates who have filed for nomination under chapter 29.18 RCW and those independent candidates and candidates of minor political parties who have been nominated under chapter 29.24 RCW shall appear on the appropriate ballots at the primary throughout the jurisdiction in which they are to be nominated.

Sec. 20. RCW 29.30.025 and 1990 c 59 s 80 are each amended to read as follows:

After the close of business on the last day for candidates to file for office, the filing officer shall, from among those filings made in person and by mail, determine by lot the order in which the names of those candidates will appear on all primary, sample, and absentee ballots. The determination shall be done publicly and may be witnessed by the media and by any candidate. If no primary is required for any nonpartisan office under RCW 29.15.150 or 29.21.015, the names
shall appear on the general election ballot in the order determined by lot.

Sec. 21. RCW 29.30.095 and 1990 c 59 s 96 are each amended to read as follows:

(1) The name of a candidate for a partisan office for which a primary was conducted shall not be printed on the ballot for that office at the subsequent general election unless the candidate receives a number of votes equal to at least one percent of the total number cast for all candidates for that position sought and a plurality of the votes cast for the candidates of his or her party for that office at the preceding primary.

(2) If, under section 9 of this act, a major political party has chosen to allow voters who choose not to affiliate with any major political party to participate in that major political party's nomination process, then votes cast by all voters affiliated with that party for candidates who indicated that major political party designation when filing a declaration of candidacy must be aggregated with votes cast by unaffiliated voters before comparing vote totals in order to determine a plurality. If not, then a plurality is determined by comparing only the tabulations of votes cast by voters who choose to affiliate with that major political party.

Sec. 22. RCW 29.30.101 and 1999 c 298 s 11 are each amended to read as follows:

The names of the persons certified as nominees by the secretary of state or the county canvassing board shall be printed on the ballot at the ensuing election.

No name of any candidate whose nomination at a primary is required by law shall be placed upon the ballot at a general or special election unless it appears upon the certificate of either (1) the secretary of state, or (2) the county canvassing board, or (3) a minor political party convention or the state or county central committee of a major political party to fill a vacancy on its ticket under (RCW 29.18.160) section 16 of this act.

Excluding the office of precinct committee officer or a temporary elected position such as a charter review board member or freeholder, a candidate's name shall not appear more than once upon a ballot for a position regularly nominated or elected at the same election.

Sec. 23. RCW 29.33.320 and 1990 c 59 s 28 are each amended to read as follows:

The secretary of state shall not approve a vote tallying system unless it:

(1) Correctly counts votes on ballots on which the proper number of votes have been marked for any office or issue;

(2) Ignores votes marked for any office or issue where more than the allowable number of votes have been marked, but correctly counts the properly voted portions of the ballot;

(3) Accumulates a count of the specific number of ballots tallied for each precinct, total votes by candidate for each office, and total votes for and against each issue of the ballot in that precinct;

(4) Accommodates rotation of candidates’ names on the ballot under RCW 29.30.040;

(5) Produces precinct and cumulative totals in printed form; and

Sec. 24. RCW 29.36.045 and 2001 c 241 s 8 are each amended to read as follows:

The county auditor shall send each absentee voter a ballot, a security envelope in which to seal the ballot after voting, a larger envelope in which to return the security envelope, and instructions on how to mark the ballot and how to return it to the county auditor. The instructions that accompany absentee ballots for primaries must include the notification that is required for each major political party under section 10 of this act. The larger return envelope must contain a declaration by the absentee voter reciting his or her qualifications and stating that he or she has not voted in any other jurisdiction at this election, together with a summary of the penalties for any violation of any of the provisions of this chapter. The return envelope must provide space for the voter to indicate the date on which the ballot was voted and for the voter to sign the oath. A summary of the applicable penalty provisions of this chapter must be printed on the return envelope immediately adjacent to the space for the voter's signature. The signature of the voter on the return envelope must affirm and attest to the statements regarding the qualifications of that voter and to the validity of the ballot. For out-of-state voters, overseas voters, and service voters, the signed declaration on the return envelope constitutes the equivalent of a voter registration
for the election or primary for which the ballot has been issued. The voter must be instructed to either return the ballot to the county auditor by whom it was issued or attach sufficient first class postage, if applicable, and mail the ballot to the appropriate county auditor no later than the day of the election or primary for which the ballot was issued.

If the county auditor chooses to forward absentee ballots, he or she must include with the ballot a clear explanation of the qualifications necessary to vote in that election and must also advise a voter with questions about his or her eligibility to contact the county auditor. This explanation may be provided on the ballot envelope, on an enclosed insert, or printed directly on the ballot itself. If the information is not included, the envelope must clearly indicate that the ballot is not to be forwarded and that return postage is guaranteed.

PROVIDED, That to be declared elected, a candidate must receive at least ten percent of the number of votes cast for the candidate of the candidate's party receiving the greatest number of votes in the precinct. Any person elected to the office of precinct committee officer who has not filed a declaration of candidacy shall pay the fee of one dollar to the county auditor for a certificate of election. The term of office of precinct committee officer shall be for two years, commencing upon completion of the official canvass of votes by the county canvassing board of election returns. Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 82.04 RCW to read as follows:
(1) The amount of tax with respect to a qualified grocery distribution cooperative's sales of groceries or related goods for resale, excluding items subject to tax under RCW 82.04.260(4), to customer-owners of the
grocery distribution cooperative is equal to the gross proceeds of sales of the grocery distribution cooperative multiplied by the rate of one and one-half percent.

(2) A qualified grocery distribution cooperative is allowed a deduction from the gross proceeds of sales of groceries or related goods for resale, excluding items subject to tax under RCW 82.04.260(4), to customer-owners of the grocery distribution cooperative that is equal to the portion of the gross proceeds of sales for resale that represents the actual cost of the merchandise sold by the grocery distribution cooperative to customer-owners.

(3) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Grocery distribution cooperative" means an entity that sells groceries and related items to customer-owners of the grocery distribution cooperative and has customer-owners, in the aggregate, who own a majority of the outstanding ownership interests of the grocery distribution cooperative or of the entity controlling the grocery distribution cooperative. "Grocery distribution cooperative" includes an entity that controls a grocery distribution cooperative.

(b) "Qualified grocery distribution cooperative" means a grocery distribution cooperative that has been determined by a court of record of the state of Washington to be not engaged in wholesaling or making sales at wholesale, within the meaning of RCW 82.04.270 or any similar provision of a municipal ordinance that imposes a tax on gross receipts, gross proceeds of sales, or gross income, with respect to purchases made by customer-owners, and subsequently changes its form of doing business to make sales at wholesale of groceries or related items to its customer-owners.

(c) "Customer-owner" means a person who has an ownership interest in a grocery distribution cooperative and purchases groceries and related items at wholesale from that grocery distribution cooperative.

(d) "Controlling" means holding fifty percent or more of the voting interests of an entity and having at least equal power to direct or cause the direction of the management and policies of the entity, whether through the ownership of voting securities by contract, or otherwise.

Sec. 2. RCW 82.04.270 and 1999 c 358 s 1 are each amended to read as follows:
Upon every person except persons taxable under RCW 82.04.260(5) or section 1 of this act engaging within this state in the business of making sales at wholesale; as to such persons the amount of tax with respect to such business shall be equal to the gross proceeds of sales of such business multiplied by the rate of 0.484 percent.

Sec. 3. RCW 82.04.270 and 1999 c 358 s 2 are each amended to read as follows:

This section includes, among others, and without limiting the scope hereof (whether or not title to materials used in the performance of such business passes to another by accession, confusion or other than by outright sale), persons engaged in the business of rendering any type of service which does not constitute a "sale at retail" or a "sale at wholesale." Strike everything after the enacting clause and insert the following:

"PART I

GENERAL PROVISIONS

NEW SECTION. Sec. 101. (1) The legislature makes the following findings:
(a) The effective management of high-risk sex offenders requires a comprehensive approach that includes appropriate sentencing for sex offenses and a plan to address both the immediate and long-term need to protect the public and meet constitutional requirements.
(b) The individualized treatment required for constitutional civil commitment includes the realistic possibility of release to a less restrictive alternative in appropriate cases.
(c) Some high-risk sex offenders are most appropriately managed through an indeterminate sentencing structure in which they will be supervised and can be retained in or returned to a state correctional institution until the statutory maximum sentence has expired. The state does not currently have an indeterminate sentencing structure. Consequently, the state must make changes to its sentencing structure to effectively manage these high-risk sex offenders.
(2) Therefore, the legislature intends to:
(a) Maximize public safety and enhance the potential for successful treatment of sexually violent predators through the tightly managed use of less restrictive alternatives;
(b) Ensure the prompt siting and timely operation of a secure community transition facility on McNeil Island, and ensure the continued progress toward the construction and operation of the total confinement facility already planned for McNeil Island, to further the treatment and management of persons civilly committed under chapter 71.09 RCW;
(c) Provide guidance for the equitable distribution and siting of secure community transition facilities for persons ordered conditionally released to less restrictive alternatives under chapter 71.09 RCW; and
(d) Manage high-risk sex offenders to the greatest extent possible through the criminal justice system by establishing an indeterminate sentencing structure for those offenders who present a high risk to the community, based on their sex offense history."
Sec. 102. RCW 71.09.020 and 2001 c 286 s 4 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

1. "Sexually violent predator" means any person who has been convicted of or charged with a crime of sexual violence and who suffers from a mental abnormality or personality disorder which makes the person likely to engage in predatory acts of sexual violence if not confined in a secure facility.

2. "Mental abnormality" means a congenital or acquired condition affecting the emotional or volitional capacity which predisposes the person to the commission of criminal sexual acts in a degree constituting such person a menace to the health and safety of others. "Department" means the department of social and health services.

3. "Less restrictive alternative" means court-ordered treatment in a setting less restrictive than total confinement which satisfies the conditions set forth in RCW 71.09.092.

7. "Risk potential activity" or "risk potential facility" means an activity or facility that provides a higher incidence of risk to the public from persons conditionally released from the special commitment center. Risk potential activities and facilities include: Public and private schools, school bus stops, licensed day care and licensed preschool facilities, public parks, publicly dedicated trails, sports fields, playgrounds, recreational and community centers, churches, synagogues, temples, mosques, and public libraries.

A secure community transition facility has supervision and security, and either provides or ensures the provision of sex offender treatment services. Secure community transition facilities include but are not limited to the facilities established pursuant to section 201 of this act and any community-based facilities established under this chapter and operated by the secretary or under contract with the agency.

11. "Sexually violent offense" means an act committed on, before, or after July 1, 1990, that is: (a) An act defined in Title 9A RCW as rape in the first degree, rape in the second degree by forcible compulsion, rape of a child in the first or second degree, statutory rape in the first or second degree, indecent liberties by forcible compulsion, indecent liberties against a child under age fourteen, incest against a child under age fourteen, or child molestation in the first or second degree; (b) a felony offense in effect at any time prior to July 1, 1990, that is comparable to a sexually violent offense as defined in (a) of this subsection, or any federal or out-of-state conviction for a felony offense that under the laws of this state would be a sexually violent offense as defined in this subsection; (c) an act of murder in the first or second degree, assault in the first or second degree, assault of a child in the first or second degree, kidnapping in the first or second degree, burglary in the first degree, residential burglary, or unlawful imprisonment, which act, either at the time of sentencing for the offense or subsequently during civil commitment proceedings pursuant to this chapter (71.09 RCW), has been determined beyond a

to engage in predatory acts of sexual violence if not confined in a secure facility.

(13) "Total confinement facility" means a facility that provides supervision and sex offender treatment
services in a total confinement setting. Total confinement facilities include the special commitment center and
any similar facility designated as a secure facility by the secretary.

PART II
SITING AND OPERATION OF SECURE COMMUNITY TRANSITION FACILITIES

NEW SECTION. Sec. 201. A new section is added to chapter 71.09 RCW to read as follows:

(1) The secretary is authorized to site, construct, occupy, and operate a secure community transition
facility on McNeil Island for persons authorized to petition for court-ordered conditional release under RCW
71.09.090(1) and a special commitment center on McNeil Island with up to four hundred four beds as a total
confinement facility under this chapter, subject to appropriated funding for those purposes. The secure
community transition facility shall be authorized for the number of beds needed to ensure compliance with the
orders of the superior courts under this chapter and the federal district court for the western district of
Washington, but in no case more than fifteen occupied beds.

(2) Notwithstanding RCW 36.70A.103 or any other law, this statute preempts and supersedes local plans,
development regulations, permitting requirements, inspection requirements, and other laws as necessary to enable
the secretary to site, construct, occupy, and operate a secure community transition facility on McNeil Island and a
total confinement facility on McNeil Island.

(3) To the greatest extent possible, until June 30, 2003, persons who were not civilly committed from the
county in which the secure community transition facility established pursuant to subsection (1) of this section is
located may not be conditionally released to a setting less restrictive than that facility in that county.

(4) As of the effective date of this section, the state shall immediately cease any efforts in effect on such
date to site secure community transition facilities, other than the facility authorized by subsection (1) of this
section, and shall instead site such facilities according to the requirements of subsections (5) and (6) of this
section.

(5) The department shall determine, in consultation with the attorney general, whether additional secure
community transition facilities, other than the facility authorized pursuant to subsection (1) of this section, are
necessary. If additional facilities are necessary, the department shall prepare a projected list of counties in which
the facilities need to be sited over the next six years, and every six years thereafter, and transmit that list to the
office of financial management. In preparing this list, the department shall comply with the following
requirements:

(a) No additional secure community transition facilities may be sited in the county where the special
commitment center is located until after June 30, 2008.

(b) The total number of secure community transition facility beds sited between the effective date of this
section and June 30, 2008, in each county may be no greater than the total number of persons civilly committed
from that county who were residents of the special commitment center on April 1, 2001. The total number of
secure community transition facility beds sited between July 1, 2008, and June 30, 2015, in each county may be no
greater than the total number of persons civilly committed from that county who were residents of the special
commitment center on July 1, 2008.

(c) The department shall, in consultation with the joint select committee established pursuant to section
219 of this act and consistent with the requirements of section 210 of this act, provide for the equitable
distribution of secure community transition facilities among counties. The department shall base this equitable distribution on the following factors and give weight to each in accordance with the order of priority listed below:

(i) The total number of persons civilly committed from each county who were residents of the special commitment center on April 1, 2001, per one thousand persons residing in the county;

(ii) The number of state hospital beds for mentally ill persons and secure community transition facility beds operated by the department of social and health services, and the number of correctional institution, work release, and other criminal justice facility beds owned or operated by, or operated under contract with, the department of corrections, located in each county per one thousand persons residing in the county;

(iii) The number of projected secure community transition facility beds operated by the department of social and health services, and the number of projected correctional institution, work release, and other criminal justice facility beds owned or operated by, or operated under contract with, the department of corrections located in each county per one thousand persons residing in the county; and

(iv) The number of registered sex offenders classified as level II or level III and the number of sex offenders registered as homeless per one thousand persons residing in the county.

(6) In identifying potential sites within a county for the location of a secure community transition facility, the department shall work with local governments to provide for the equitable distribution of such facilities in jurisdictions and neighborhoods within the county. The department and local governments shall base this equitable distribution on the following factors and give weight to each in accordance with the order of priority listed below:

(a) The number of state hospital beds for mentally ill persons and secure community transition facility beds operated by the department of social and health services, and the number of correctional institution, work release, or other criminal justice facility beds owned or operated by, or operated under contract with, the department of corrections, located in each jurisdiction or neighborhood per one thousand persons residing in the jurisdiction or neighborhood;

(b) The number of projected secure community transition facility beds operated by the department of social and health services, and the number of projected correctional institution, work release, or other criminal justice facility beds owned or operated by, or operated under contract with, the department of corrections located in each jurisdiction or neighborhood per one thousand persons residing in the jurisdiction or neighborhood;

(c) The number of registered sex offenders classified as level II or level III and the number of sex offenders registered as homeless in the jurisdiction or neighborhood per one thousand persons residing in the jurisdiction or neighborhood.

(7) For the purposes of subsections (3), (5), and (6) of this section, a person is civilly committed from a particular county if the petition for civil commitment with respect to the person was filed in that county.

(8) For the purposes of subsections (5) and (6) of this section:

(a) "Equitable distribution" means siting or locating secure community transition facilities in a manner that will not cause a disproportionate grouping of similar facilities either in any one county, or in any one jurisdiction or community within a county, as relevant; and

(b) "Jurisdiction" means a city, town, or unincorporated area of a county.

NEW SECTION. Sec. 202. A new section is added to chapter 72.09 RCW to read as follows:

The secretary is authorized to operate a correctional facility on McNeil Island for the confinement of sex offenders and other offenders sentenced by the courts, and to make necessary repairs, renovations, additions, and improvements to state property for that purpose, notwithstanding any local comprehensive plans, development regulations, permitting requirements, or other local laws. Operation of the correctional facility and other state facilities authorized by this section and other law includes access to adequate docking facilities on state-owned tidelands at the town of Steilacoom.

Sec. 203. RCW 36.70A.103 and 1991 sp.s. c 32 s 4 are each amended to read as follows:

State agencies shall comply with the local comprehensive plans and development regulations and amendments thereto adopted pursuant to this chapter except as otherwise provided in sections 201 (1) and (2) and 202 of this act.
NEW SECTION. Sec. 204. Beginning on the effective date of this section, the state shall immediately enter into negotiations for a mitigation agreement with: (1) The county in which the secure community transition facility established pursuant to section 201(1) of this act is located; (2) each community in which the persons from that facility will reside or regularly spend time in pursuant to court orders for regular work or education, or to receive social services, or will regularly be transported through to reach those other communities; and (3) other impacted parties. The negotiations must be toward an agreement that will provide state funding, as appropriated for this purpose, in an amount adequate to mitigate anticipated or realized increased costs resulting from any increased risks to public safety brought about by the presence of sexually violent predators in those communities due to the siting of the secure community transition facility established pursuant to section 201(1) of this act. This section expires June 30, 2003.

NEW SECTION. Sec. 205. A new section is added to chapter 71.09 RCW to read as follows:

(1) The department shall make reasonable efforts to distribute the impact of the employment, education, and social services needs of the residents of the secure community transition facility established pursuant to section 201(1) of this act among the adjoining counties and not to concentrate the residents' use of resources in any one community.

(2) The department shall develop policies to ensure that placement of persons eligible in the future for conditional release to a setting less restrictive than the facility established pursuant to section 201(1) of this act will be equitably distributed among the counties and within jurisdictions in the county.

NEW SECTION. Sec. 206. The department of social and health services shall by August 1, 2001, and prior to operating the secure community transition facility established pursuant to section 201(1) of this act, hold at least three public hearings in the affected communities within the county where the facility is located.

The purpose of the public hearings is to seek input from county and city officials, local law enforcement officials, and the public regarding operations and security measures needed to adequately protect the community from any increased risk to public safety brought about by the presence of persons conditionally released from the special commitment center in these communities due to the siting of the facility. The department shall ensure that persons have a full opportunity to speak to the issues to be addressed during each hearing.

NEW SECTION. Sec. 207. The secretary of social and health services shall coordinate with the secretary of corrections and the appropriate local or state law enforcement agency or agencies to establish a twenty-four-hour law enforcement presence on McNeil Island before any person is admitted to the secure community transition facility established under section 201(1) of this act. Law enforcement shall coordinate with the emergency response team for McNeil Island to provide planning and coordination in the event of an escape from the special commitment center or the secure community transition facility.

In addition, or if no law enforcement agency will provide the law enforcement presence, ten correctional employees, as selected by the secretary of corrections, who are members of the emergency response team for the McNeil Island correctional facility, shall have the powers and duties of a general authority peace officer while acting in a law enforcement capacity. If there is no law enforcement agency to provide the law enforcement presence, those correctional employees selected as peace officers shall provide a twenty-four-hour presence and shall not have correctional duties at the correctional facility in addition to the emergency response team while acting in a law enforcement capacity.

NEW SECTION. Sec. 208. A new section is added to chapter 71.09 RCW to read as follows:

(1) By July 1, 2001, the department must provide the appropriate committees of the legislature with a transportation plan to address the issues of coordinating the movement of residents of the secure community transition facility established pursuant to section 201(1) of this act between McNeil Island and the mainland with the movement of others who must use the same docks or equipment within the funds appropriated for this purpose.

(2) If the department does not provide a separate vessel for transporting residents of the secure community transition facility established in section 201(1) of this act between McNeil Island and the mainland, the plan shall
include at least the following components:

(a) The residents shall be separated from minors and vulnerable adults, except vulnerable adults who have been found to be sexually violent predators.

(b) The residents shall not be transported during times when children are normally coming to and from the mainland for school.

(3) The department shall designate a separate waiting area at the points of debarkation, and residents shall be required to remain in this area while awaiting transportation.

(4) The department shall provide law enforcement agencies in the counties and cities in which residents of the secure community transition facility established pursuant to section 201(1) of this act regularly participate in employment, education, or social services, or through which these persons are regularly transported, with a copy of the court's order of conditional release with respect to these persons. The department shall also provide these law enforcement agencies with a general plan of each resident's planned activities in the community, and update these plans as needed.

NEW SECTION. Sec. 209. A new section is added to chapter 71.09 RCW to read as follows:

When considering whether a person civilly committed under this chapter and conditionally released to a secure community transition facility is appropriate for release to a placement that is less restrictive than that facility, the court shall consider whether the person has progressed in treatment to the point that a significant change in the person's routine, including but not limited to a change of employment, education, residence, or sex offender treatment provider will not cause the person to regress to the point that the person presents a greater risk to the community than can reasonably be addressed in the proposed placement.

NEW SECTION. Sec. 210. A new section is added to chapter 71.09 RCW to read as follows:

(1) Except with respect to the secure community transition facility established pursuant to section 201(1) of this act, a secure community transition facility shall meet the following minimum siting requirements:

(a) The location of the secure community transition facility shall enable:
   (i) An average response time of five minutes or less by law enforcement officers who are qualified and designated to perform security response functions relative to the facility; and
   (ii) An average response time by fire safety and emergency medical personnel that is comparable to the average of the local community.

(b) In no case shall a secure community transition facility be located adjacent to, immediately across a street or parking lot from, or within the line of sight of a risk potential activity or facility in existence at the time a site is listed for consideration. "Within the line of sight" means that it is possible to reasonably visually distinguish and recognize individuals.

(2) The secretary shall adopt rules that, at a minimum:

(a) Include the requirements set out in subsection (1) of this section;

(b) Give great weight to sites that are the farthest removed from any risk potential activity;

(c) Provide that the requirements of sections 211 and 212 of this act can be met with respect to any site chosen; and

(d) Include criteria to be considered in evaluating the appropriateness of a potential site for a secure community transition facility. At a minimum, the criteria shall include:
   (i) Whether limited visibility between the facility and adjacent properties can be achieved, upon request of an adjacent property owner, prior to placement of any person;
   (ii) The distance from, and number of, risk potential activities and facilities;
   (iii) Reasonable proximity to available qualified medical, mental health, sex offender, and chemical dependency treatment providers and facilities. For purposes of this section the "availability" of qualified treatment providers is based upon an analysis of provider qualifications and willingness to provide services, average commute time, and cost of services;
   (iv) Suitability of the location for programming, staffing, and support considerations; and
   (v) Reasonable proximity to employment, educational, vocational, and other treatment plan components.

(3) In making a decision regarding a site, the secretary shall give priority to public safety and security...
considerations. Any analysis related to a decision to site a facility at a particular location shall be made available at the public hearings prescribed in section 214 of this act.

(4) Final regulations implementing this section may not be adopted prior to March 31, 2002.

**NEW SECTION. Sec. 211.** A new section is added to chapter 71.09 RCW to read as follows:

(1) Security systems for all secure community transition facilities shall meet the following minimum qualifications:

(a) The security panel must be a commercial grade panel with tamper-proof switches and a key-lock to prevent unauthorized access.

(b) There must be an emergency electrical supply system which shall include a battery back-up system and a generator.

(c) The system must include personal panic devices for all staff.

(d) The security system must be capable of being monitored and signaled either by telephone through either a land or cellular telephone system or by private radio network in the event of a total dial-tone failure or through equivalent technologies.

(e) The department shall issue photo-identification badges to all staff which must be worn at all times.

(2) Security systems for secure community transition facilities designed to house more than six residents shall also include a fence and provide the maximum protection appropriate in a civil facility for persons in less than total confinement.

**NEW SECTION. Sec. 212.** A new section is added to chapter 71.09 RCW to read as follows:

(1) Secure community transition facilities shall meet the following minimum staffing requirements:

(a) At any time the census of a facility is six or fewer residents, the facility shall maintain a minimum staffing ratio of one staff per resident during normal waking hours and two awake staff per three residents during normal sleeping hours.

(b) At any time the census of a facility is six or fewer residents, all staff shall be classified as residential rehabilitation counselor II or have a classification that indicates a higher level of skill, experience, and training.

(c) Before being assigned to a facility, all staff shall have training in sex offender issues, self-defense, and crisis de-escalation skills in addition to departmental orientation and, as appropriate, management training. All staff with resident treatment or care duties must participate in ongoing in-service training.

(d) All staff must pass a departmental background check and the check is not subject to the limitations in chapter 9.96A RCW. A person who has been convicted of a felony, or any sex offense, may not be employed at the secure community transition facility or be approved as an escort for a resident of the facility.

(2) With respect to the facility established pursuant to section 201(1) of this act, the department shall, no later than December 1, 2001, provide a staffing plan to the appropriate committees of the legislature that will cover the growth of that facility to its full capacity.

**NEW SECTION. Sec. 213.** A new section is added to chapter 71.09 RCW to read as follows:

(1) Unless otherwise ordered by the court:

(a) Residents of a secure community transition facility shall wear electronic monitoring devices at all times. To the extent that electronic monitoring devices that employ global positioning system technology are available and funds for this purpose are appropriated by the legislature, the department shall use these devices.

(b) At least one staff member, or other court-authorized and department-approved person must escort each resident when the resident leaves the secure community transition facility for appointments, employment, or other approved activities. Escorting persons must supervise the resident closely and maintain close proximity to the resident. The escort must immediately notify the department of any serious violation, as defined in section 216 of this act by the resident and must immediately notify law enforcement of any violation of law by the resident. The escort may not be a relative of the resident.

(2) Staff members of the special commitment center and any other total confinement facility and any secure community transition facility must be trained in self-defense and appropriate crisis responses including incident de-escalation. Prior to escorting a person outside of a facility, staff members must also have training in
the offense pattern of the offender they are escorting.

(3) Any escort must carry a cellular telephone or a similar device at all times when escorting a resident of a secure community transition facility.

(4) The department shall require training in offender pattern, self-defense, and incident response for all court-authorized escorts who are not employed by the department or the department of corrections.

NEW SECTION.  Sec. 214.  A new section is added to chapter 71.09 RCW to read as follows:

(1) Whenever the department operates, or the secretary enters into a contract to operate, a secure community transition facility except the secure community transition facility established pursuant to section 201(1) of this act, the secure community transition facility may be operated only after the public notification and opportunities for review and comment as required by this section.

(2) The secretary shall establish a process for early and continuous public participation in establishing or relocating secure community transition facilities.  The process shall include, at a minimum, public meetings in the local communities affected, as well as opportunities for written and oral comments, in the following manner:

(a) If there are more than three sites initially selected as potential locations and the selection process by the secretary or a service provider reduces the number of possible sites for a secure community transition facility to no fewer than three, the secretary or the chief operating officer of the service provider shall notify the public of the possible siting and hold at least two public hearings in each community where a secure community transition facility may be sited.  The public hearings shall be conducted not less than forty-five days before a final selection is made.

(b) When the secretary or service provider has determined the secure community transition facility's location, the secretary or the chief operating officer of the service provider shall hold at least one additional public hearing in the community where the secure community transition facility will be sited.

(c) When the secretary has entered negotiations with a service provider and only one site is under consideration, then at least two public hearings shall be held.

(d) To provide adequate notice of, and opportunity for interested persons to comment on, a proposed location, the secretary or the chief operating officer of the service provider shall provide at least fourteen days' advance notice of the meeting to all newspapers of general circulation in the community, all radio and television stations generally available to persons in the community, any school district in which the secure community transition facility would be sited or whose boundary is within two miles of a proposed secure community transition facility, any library district in which the secure community transition facility would be sited, local business or fraternal organizations that request notification from the secretary or agency, and any person or property owner within a one-half mile radius of the proposed secure community transition facility.  Before initiating this process, the department of social and health services shall contact local government planning agencies in the communities containing the proposed secure community transition facility.  The department of social and health services shall coordinate with local government agencies to ensure that opportunities are provided for effective citizen input and to reduce the duplication of notice and meetings.

(3) If local government land use regulations require that a special use or conditional use permit be submitted and approved before a secure community transition facility can be sited, and the process for obtaining such a permit includes public notice and hearing requirements similar to those required under this section, the requirements of this section shall not apply to the extent they would duplicate requirements under the local land use regulations.

(4) This section applies only to secure community transition facilities sited after the effective date of this section.

NEW SECTION.  Sec. 215.  A new section is added to chapter 71.09 RCW to read as follows:

(1) The secretary shall develop a process with local governments that allows each community in which a secure community transition facility is located to establish operational advisory boards of at least seven persons for the secure community transition facilities.  The department may conduct community awareness activities to publicize this opportunity.  The operational advisory boards developed under this section shall be implemented following the decision to locate a secure community transition facility in a particular community.
(2) The operational advisory boards may review and make recommendations regarding the security and operations of the secure community transition facility and conditions or modifications necessary with relation to any person who the secretary proposes to place in the secure community transition facility.

(3) The facility management must consider the recommendations of the community advisory boards. Where the facility management does not implement an operational advisory board recommendation, the management must provide a written response to the operational advisory board stating its reasons for its decision not to implement the recommendation.

(4) The operational advisory boards, their members, and any agency represented by a member shall not be liable in any cause of action as a result of its recommendations unless the advisory board acts with gross negligence or bad faith in making a recommendation.

NEW SECTION. Sec. 216. A new section is added to chapter 71.09 RCW to read as follows:

(1) The secretary shall adopt a violation reporting policy for persons conditionally released to less restrictive alternative placements. The policy shall require written documentation by the department and service providers of all violations of conditions set by the department, the department of corrections, or the court and establish criteria for returning a violator to the special commitment center or a secure community transition facility with a higher degree of security. Any conditionally released person who commits a serious violation of conditions shall be returned to the special commitment center, unless arrested by a law enforcement officer, and the court shall be notified immediately and shall initiate proceedings under RCW 71.09.098 to revoke or modify the less restrictive alternative placement. Nothing in this section limits the authority of the department to return a person to the special commitment center based on a violation that is not a serious violation as defined in this section. For the purposes of this section, "serious violation" includes but is not limited to:

   (a) The commission of any criminal offense;
   (b) Any unlawful use or possession of a controlled substance; and
   (c) Any violation of conditions targeted to address the person's documented pattern of offense that increases the risk to public safety.

(2) When a person is conditionally released to a less restrictive alternative under this chapter and is under the supervision of the department of corrections, notice of any violation of the person's conditions of release must also be made to the department of corrections.

(3) Whenever the secretary contracts with a service provider to operate a secure community transition facility, the contract shall include a requirement that the service provider must report to the department of social and health services any known violation of conditions committed by any resident of the secure community transition facility.

(4) The secretary shall document in writing all violations, penalties, actions by the department of social and health services to remove persons from a secure community transition facility, and contract terminations. The secretary shall compile this information and submit it to the appropriate committees of the legislature on an annual basis. The secretary shall give great weight to a service provider's record of violations, penalties, actions by the department of social and health services or the department of corrections to remove persons from a secure community transition facility, and contract terminations in determining whether to execute, renew, or renegotiate a contract with a service provider.

NEW SECTION. Sec. 217. A new section is added to chapter 71.09 RCW to read as follows:

A conditional release from a total confinement facility to a less restrictive alternative is a release that subjects the conditionally released person to the registration requirements specified in RCW 9A.44.130 and to community notification under RCW 4.24.550.

When a person is conditionally released to the secure community transition facility established pursuant to section 201(1) of this act, the sheriff must provide each household on McNeil Island with the community notification information provided for under RCW 4.24.550.

NEW SECTION. Sec. 218. A new section is added to chapter 71.09 RCW to read as follows:

An employer who hires a person conditionally released to a less restrictive alternative must notify all other
employees of the conditionally released person's status. Notification for conditionally released persons who enroll in institutions of higher education shall be made pursuant to the provisions of RCW 9A.44.130 related to sex offenders enrolled in institutions of higher education and RCW 4.24.550. This section applies only to conditionally released persons whose court-approved treatment plan includes permission or a requirement for the person to obtain education or employment and to employment positions or educational programs that meet the requirements of the court-approved treatment plan.

NEW SECTION. Sec. 219. (1) A joint select committee on the equitable distribution of secure community transition facilities is established.
(2) The joint select committee shall consist of the following persons:
   (a) Two members from each of the two largest caucuses of the senate, appointed by the president of the senate, at least one member being a member of the senate human services and corrections committee;
   (b) Two members from each of the two largest caucuses of the house of representatives, appointed by the co-speakers of the house of representatives, at least one member being a member of the house criminal justice and corrections committee;
   (c) One member from the department of social and health services;
   (d) One member from the Washington state association of counties;
   (e) One member from the association of Washington cities;
   (f) One member representing crime victims, appointed jointly by the president of the senate and the co-speakers of the house of representatives;
   (g) One person selected by the governor; and
   (h) Two persons representing local law enforcement, one representing cities and one representing counties.
(3) The chair of the joint select committee shall be a legislative member chosen by the joint select committee members.
(4) The joint select committee shall review and make recommendations regarding:
   (a) Any necessary revisions to the factors provided in section 201 (5) and (6) of this act for the equitable distribution of secure community transition facilities;
   (b) Any necessary revisions to the provisions related to siting and operating secure community transition facilities in sections 210, 211, 212, 213, and 216 of this act;
   (c) Whether the security measures implemented by the department with respect to the secure community transition facility authorized pursuant to section 201(1) of this act, including those required by section 211 of this act, are sufficient to adequately protect the community; and
   (d) Except with respect to the facility established pursuant to section 201(1) of this act, a method for determining possible mitigation measures for compensating communities for any increased risks to public safety brought about by the siting of a secure community transition facility in a community.
(5) The joint select committee shall present a report of its findings and recommendations to the governor and the appropriate committees of the legislature, including any proposed legislation, not later than November 15, 2001.
(6) The joint select committee may, where feasible, consult with individuals from the public and private sector in carrying out its duties under this section.
(7) Nonlegislative members of the joint select committee shall serve without compensation, but shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060. Legislative members of the joint select committee shall be reimbursed for travel expenses as provided in RCW 44.04.120.
(8) Staff of senate committee services and the office of program research of the house of representatives shall provide support to the joint select committee.
(9) This section expires March 1, 2002.

NEW SECTION. Sec. 220. A new section is added to chapter 71.09 RCW to read as follows:
Nothing in this act shall operate to restrict a court's authority to make less restrictive alternative placements to a committed person's individual residence or to a setting less restrictive than a secure community transition facility. A court-ordered less restrictive alternative placement to a committed person's individual
residence is not a less restrictive alternative placement to a secure community transition facility.

NEW SECTION. Sec. 221. The legislature finds that the state needs an increasing number of certified sex offender treatment providers to treat sexually violent predators and meet the state’s commitment to long-term treatment, help reduce recidivism, and more adequately provide for the community. The legislature recognizes that these treatment providers offer a valuable service to the people of Washington and may experience difficulty maintaining adequate liability protection given the inherent uncertainties of providing treatment to sexually violent predators. The legislature intends to provide very limited immunity, for instances of simple negligence only, to certified sex offender treatment providers for their treatment decisions involving sexually violent predators released to a less restrictive alternative under chapter 71.09 RCW.

Sec. 222. RCW 18.155.020 and 2000 c 171 s 33 and 2000 c 28 s 38 are each reenacted and amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter:

(1) "Certified sex offender treatment provider" means a licensed, certified, or registered health professional who is certified to examine and treat sex offenders pursuant to chapters 9.94A and 13.40 RCW ((9.94A.670 and 13.40.160)) and sexually violent predators under chapter 71.09 RCW.

(2) "Department" means the department of health.

(3) "Secretary" means the secretary of health.

(4) "Sex offender treatment provider" means a person who counsels or treats sex offenders accused of or convicted of a sex offense as defined by RCW 9.94A.030.

Sec. 223. RCW 18.155.030 and 2000 c 171 s 34 and 2000 c 28 s 39 are each reenacted and amended to read as follows:

(1) No person shall represent himself or herself as a certified sex offender treatment provider without first applying for and receiving a certificate pursuant to this chapter.

(2) Only a certified sex offender treatment provider may perform or provide the following services:

(a) Evaluations conducted for the purposes of and pursuant to RCW 9.94A.670 and 13.40.160;

(b) Treatment of convicted sex offenders who are sentenced and ordered into treatment pursuant to ((RCW 9.94A.670)) chapter 9.94A RCW and adjudicated juvenile sex offenders who are ordered into treatment pursuant to ((RCW 13.40.160)) chapter 13.40 RCW;

(c) Except as provided under subsection (3) of this section, treatment of sexually violent predators who are conditionally released to a less restrictive alternative pursuant to chapter 71.09 RCW.

(3) A certified sex offender treatment provider may not perform or provide treatment of sexually violent predators under subsection (2)(c) of this section if the certified sex offender treatment provider has been:

(a) Convicted of a sex offense, as defined in RCW 9.94A.030;

(b) Convicted in any other jurisdiction of an offense that under the laws of this state would be classified as a sex offense as defined in RCW 9.94A.030; or

(c) Suspended or otherwise restricted from practicing any health care profession by competent authority in any state, federal, or foreign jurisdiction.

NEW SECTION. Sec. 224. A new section is added to chapter 4.24 RCW to read as follows:

(1) A certified sex offender treatment provider is not liable in a civil action for damages for the injuries or death of another caused by a sexually violent predator or level III sex offender being treated by the certified sex offender treatment provider if:

(a) The certified sex offender treatment provider is acting within the course of his or her duties in treating the sexually violent predator or sex offender;

(b) The sexually violent predator is being treated as a condition of release to a less restrictive alternative under chapter 71.09 RCW, or the level III sex offender on community custody is being treated pursuant to a court-ordered or department-ordered condition of sentence; and

(c) The certified sex offender treatment provider's act or omission did not constitute gross negligence or
willful or wanton misconduct.

(2) Nothing in this section affects the certified sex offender treatment provider's civil liability for damages caused by the certified sex offender treatment provider's breach of any duty to warn or protect imposed by law.

(3) Nothing in this section affects the state's civil liability for damages for injuries or death of another caused by a sexually violent predator or level III sex offender.

(4) Nothing in this section affects any statutory or court-ordered requirements of the certified sex offender treatment provider to report any known violations of conditions by the sexually violent predator or level III sex offender. The certified sex offender treatment provider shall report any expressions of intent to harm or other predatory behavior, whether or not there is an ascertainable victim, in progress reports and other established processes that enable courts and supervising entities to assess and address the progress and appropriateness of treatment.

NEW SECTION. Sec. 225. A new section is added to chapter 71.09 RCW to read as follows:

(1) Examinations and treatment of sexually violent predators who are conditionally released to a less restrictive alternative under this chapter shall be conducted only by sex offender treatment providers certified by the department of health under chapter 18.155 RCW unless the court or the department of social and health services finds that: (a) The court-ordered less restrictive alternative placement is located in another state; (b) the treatment provider is employed by the department; or (c)(i) all certified treatment providers become unavailable to provide treatment within a reasonable geographic distance of the person's home, as determined in rules adopted by the department of social and health services; and (ii) the evaluation and treatment plan comply with the rules adopted by the department of social and health services.

A treatment provider approved by the department of social and health services under (c) of this subsection, who is not certified by the department of health, shall consult with a certified provider during the person's period of treatment to ensure compliance with the rules adopted by the department of health. The frequency and content of the consultation shall be based on the recommendation of the certified provider.

(2) A treatment provider, whether or not he or she is employed or approved by the department of social and health services under subsection (1) of this section or otherwise certified, may not perform or provide treatment of sexually violent predators under this section if the treatment provider has been:

(a) Convicted of a sex offense, as defined in RCW 9.94A.030;

(b) Convicted in any other jurisdiction of an offense that under the laws of this state would be classified as a sex offense as defined in RCW 9.94A.030; or

(c) Suspended or otherwise restricted from practicing any health care profession by competent authority in any state, federal, or foreign jurisdiction.

(3) "Commission" means the sentencing guidelines commission.

(4) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(5) "Community custody" means that portion of an offender's sentence of confinement in lieu of earned release time or imposed pursuant to RCW 9.94A.120(2)(b), 9.94A.650 through 9.94A.670, 9.94A.137, 9.94A.700 through 9.94A.715, or 9.94A.383, served in the community subject to controls placed on the offender's movement and activities by the department. For offenders placed on community custody for crimes committed on or after July 1, 2000, the department shall assess the offender's risk of reoffense and may establish and modify conditions of community custody, in addition to those imposed by the court, based upon the risk to community safety.

(6) "Community custody range" means the minimum and maximum period of community custody included as part of a sentence under RCW 9.94A.715, as established by the commission or the legislature under RCW 9.94A.040, for crimes committed on or after July 1, 2000.

(7) "Community placement" means that period during which the offender is subject to the conditions of community custody and/or postrelease supervision, which begins either upon completion of the term of confinement (postrelease supervision) or at such time as the offender is transferred to community custody in lieu of earned release. Community placement may consist of entirely community custody, entirely postrelease supervision, or a combination of the two.

(8) "Community service" means compulsory service, without compensation, performed for the benefit of the community by the offender.

(9) "Community supervision" means a period of time during which a convicted offender is subject to crime-related prohibitions and other sentence conditions imposed by a court pursuant to this chapter or RCW 16.52.200(6) or 46.61.524. Where the court finds that any offender has a chemical dependency that has contributed to his or her offense, the conditions of supervision may, subject to available resources, include treatment. For purposes of the interstate compact for out-of-state supervision of parolees and probationers, RCW 9.95.270, community supervision is the functional equivalent of probation and should be considered the same as probation by other states.

(10) "Confinement" means total or partial confinement.

(11) "Conviction" means an adjudication of guilt pursuant to Titles 10 or 13 RCW and includes a verdict of guilty, a finding of guilty, and acceptance of a plea of guilty.

The fact that an offender through earned release can reduce the actual period of confinement shall not affect the classification of the sentence as a determinate sentence.
"Disposable earnings" means that part of the earnings of an offender remaining after the deduction from those earnings of any amount required by law to be withheld. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

The community custody shall begin: (a) Upon completion of the term of confinement; (b) at such time as the offender is transferred to community custody in lieu of earned release in accordance with RCW 9.94A.150 (1) and (2); or (c) with regard to offenders sentenced under RCW 9.94A.660, upon failure to complete or administrative termination from the special drug offender sentencing alternative program.

(2)(a) Unless a condition is waived by the court, the conditions of community custody shall include those provided for in RCW 9.94A.700(4). The conditions may also include those provided for in RCW 9.94A.700(5). The court may also order the offender to participate in rehabilitative programs or otherwise perform affirmative conduct reasonably related to the circumstances of the offense, the offender's risk of reoffending, or the safety of the community, and the department shall enforce such conditions pursuant to subsection (6) of this section.

(b) As part of any sentence that includes a term of community custody imposed under this subsection, the court shall also require the offender to comply with any conditions imposed by the department under RCW 9.94A.720. The department shall assess the offender's risk of reoffense and may establish and modify additional conditions of the offender's community custody based upon the risk to community safety. In addition, the department may require the offender to participate in rehabilitative programs, or otherwise perform affirmative conduct, and to obey all laws.

(c) The department may not impose conditions that are contrary to those ordered by the court and may not contravene or decrease court imposed conditions. The department shall notify the offender in writing of any such conditions or modifications. In setting, modifying, and enforcing conditions of community custody, the department shall be deemed to be performing a quasi-judicial function.

(3) If an offender violates conditions imposed by the court or the department pursuant to this section during community custody, the department may transfer the offender to a more restrictive confinement status and impose other available sanctions as provided in RCW 9.94A.205 and 9.94A.207.

(4) Except for terms of community custody under RCW 9.94A.670, the department shall discharge the offender from community custody on a date determined by the department, which the department may modify, based on risk and performance of the offender, within the range or at the end of the period of earned release, whichever is later.

If a violation of a condition extended under this subsection occurs after the expiration of the offender's term of community custody, it shall be deemed a violation of the sentence for the purposes of RCW 9.94A.195 and may be punishable as contempt of court as provided for in RCW 7.21.040. If the court extends a condition beyond the expiration of the term of community custody, the department is not responsible for supervision of the offender's compliance with the condition.

(6) Within the funds available for community custody, the department shall determine conditions and duration of community custody on the basis of risk to community safety, and shall supervise offenders during community custody on the basis of risk to community safety and conditions imposed by the court. The secretary shall adopt rules to implement the provisions of this subsection.

(7) By the close of the next business day after receiving notice of a condition imposed or modified by the department, an offender may request an administrative review under rules adopted by the department. The condition shall remain in effect unless the reviewing officer finds that it is not reasonably related to any of the following: (a) The crime of conviction; (b) the offender's risk of reoffending; or (c) the safety of the community.

(3) A person sentenced under subsection (2) of this section shall serve the sentence in a facility or institution operated, or utilized under contract by the state.
