3. (a) Any member commissioned prior to January 1, 2003, with twenty-five years service in the Washington state patrol may have the member's service in the armed forces credited as a member whether or not the individual left the employ of the Washington state patrol to enter such armed forces: PROVIDED, That in no instance shall military service in excess of five years be credited: AND PROVIDED FURTHER, That in each instance, a member must restore all withdrawn accumulated contributions, which restoration must be completed on the date of the member's retirement, or as provided under RCW 43.43.130, whichever occurs first: AND PROVIDED FURTHER, That this section shall not apply to any individual, not a veteran within the meaning of RCW 41.06.150, as now or hereafter amended: AND PROVIDED FURTHER, That in no instance shall military service be credited to any member who is receiving full military retirement benefits pursuant to Title 10 United States Code, as now or hereafter amended.

(b) A member who leaves the Washington state patrol to enter the armed forces of the United States shall be entitled to retirement system service credit for up to five years of military service. This subsection shall be administered in a manner consistent with the requirements of the federal uniformed services employment and reemployment rights act.

(i) The member qualifies for service credit under this subsection if:
(A) Within ninety days of the member's honorable discharge from the United States armed forces, the member applies for reemployment with the employer who employed the member immediately prior to the member entering the United States armed forces; and
(B) The member makes the employee contributions required under section 11 of this act and RCW 41.45.067 within five years of resumption of service or prior to retirement, whichever comes sooner; or
(C) Prior to retirement and not within ninety days of the member's honorable discharge or five years of resumption of service the member pays the amount required under RCW 41.50.165(2).

(ii) Upon receipt of member contributions under (b)(i)(B) of this subsection, the department shall establish the member's service credit and shall bill the employer for its contribution required under RCW 41.45.060 for the period of military service, plus interest as determined by the department.

(iii) The contributions required under (b)(i)(B) of this subsection shall be based on the compensation the member would have earned if not on leave, or if that cannot be estimated with reasonable certainty, the compensation reported for the member in the year prior to when the member went on military leave.

4. In no event shall the total retirement benefits from subsections (1), (2), and (3) of this section, of any member exceed seventy-five percent of the member's average final salary.

5. (A yearly increase in retirement allowance which shall amount to two percent of the retirement allowance computed at the time of retirement. This yearly increase shall be added to the retirement allowance on July 1st of each calendar year.) Beginning July 1, 2001, and every year thereafter, the department shall determine the following information for each retired member or beneficiary whose retirement allowance has been in effect for at least one year:

(a) The original dollar amount of the retirement allowance;
(b) The index for the calendar year prior to the effective date of the retirement allowance, to be known as "index A";
(c) The index for the calendar year prior to the date of determination, to be known as "index B"; and
(d) The ratio obtained when index B is divided by index A.

The value of the ratio obtained shall be the annual adjustment to the original retirement allowance and shall be applied beginning with the July payment. In no event, however, shall the annual adjustment:

(i) Produce a retirement allowance which is lower than the original retirement allowance;
(ii) Exceed three percent in the initial annual adjustment; or
(iii) Differ from the previous year's annual adjustment by more than three percent.

For the purposes of this section, "index" means, for any calendar year, that year's average consumer price index for the Seattle-Tacoma-Bremerton Washington area for urban wage earners and clerical workers, all items, compiled by the bureau of labor statistics, United States department of labor.
The provisions of this section shall apply to all members presently retired and to all members who shall retire in the future.

NEW SECTION. Sec. 5. (1) A member commissioned on or after January 1, 2003, upon retirement for service as prescribed in RCW 43.43.250 or disability retirement under RCW 43.43.040, shall elect to have the retirement allowance paid pursuant to the following options, calculated so as to be actuarially equivalent to each other.

(a) Standard allowance. A member electing this option shall receive a retirement allowance payable throughout the member's life. However, if the retiree dies before the total of the retirement allowance paid to the retiree equals the amount of the retiree's accumulated contributions at the time of retirement, then the balance shall be paid to the member's estate, or such person or persons, trust, or organization as the retiree shall have nominated by written designation duly executed and filed with the department; or if there be no such designated person or persons still living at the time of the retiree's death, then to the surviving spouse; or if there be neither such designated person or persons still living at the time of death nor a surviving spouse, then to the retiree's legal representative.

(b) The department shall adopt rules that allow a member to select a retirement option that pays the member a reduced retirement allowance and upon death, such portion of the member's reduced retirement allowance as the department by rule designates shall be continued throughout the life of and paid to a designated person. Such person shall be nominated by the member by written designation duly executed and filed with the department at the time of retirement. The options adopted by the department shall include, but are not limited to, a joint and one hundred percent survivor option and a joint and fifty percent survivor option.

(2)(a) A member, if married, must provide the written consent of his or her spouse to the option selected under this section, except as provided in (b) of this subsection. If a member is married and both the member and member's spouse do not give written consent to an option under this section, the department will pay the member a joint and fifty percent survivor benefit and record the member's spouse as the beneficiary. This benefit shall be calculated to be actuarially equivalent to the benefit options available under subsection (1) of this section unless spousal consent is not required as provided in (b) of this subsection.

(b) If a copy of a dissolution order designating a survivor beneficiary under RCW 41.50.790 has been filed with the department at least thirty days prior to a member's retirement:

(i) The department shall honor the designation as if made by the member under subsection (1) of this section; and

(ii) The spousal consent provisions of (a) of this subsection do not apply.

(3) No later than January 1, 2003, the department shall adopt rules that allow a member additional actuarially equivalent survivor benefit options, and shall include, but are not limited to:

(a)(i) A retired member who retired without designating a survivor beneficiary shall have the opportunity to designate their spouse from a postretirement marriage as a survivor during a one-year period beginning one year after the date of the postretirement marriage provided the retirement allowance payable to the retiree is not subject to periodic payments pursuant to a property division obligation as provided for in RCW 41.50.670.

(ii) A member who entered into a postretirement marriage prior to the effective date of the rules adopted pursuant to this subsection and satisfies the conditions of (a)(i) of this subsection shall have one year to designate their spouse as a survivor beneficiary following the adoption of the rules.

(b) A retired member who elected to receive a reduced retirement allowance under this section and designated a nonspouse as survivor beneficiary shall have the opportunity to remove the survivor designation and have their future benefit adjusted.

(c) The department may make an additional charge, if necessary, to ensure that the benefits provided under this subsection remain actuarially equivalent.

Sec. 6. RCW 43.43.270 and 1989 c 108 s 1 are each amended to read as follows:

For members commissioned prior to January 1, 2003:

(1) The normal form of retirement allowance shall be an allowance which shall continue as long as the member lives.

(2) If a member should die while in service the member's lawful spouse shall be paid an allowance which shall be equal to fifty percent of the average final salary of the member. If the member should die after retirement the member's lawful spouse shall be paid an allowance which shall be equal to the retirement...
allowance then payable to the member or fifty percent of the final average salary used in computing the member's retirement allowance, whichever is less. The allowance paid to the lawful spouse shall continue as long as the spouse lives: PROVIDED, That if a surviving spouse who is receiving benefits under this subsection marries another member of this retirement system who subsequently predeceases such spouse, the spouse shall then be entitled to receive the higher of the two survivors' allowances for which eligibility requirements were met, but a surviving spouse shall not receive more than one survivor's allowance from this system at the same time under this subsection. To be eligible for an allowance the lawful surviving spouse of a retired member shall have been married to the member prior to the member's retirement and continuously thereafter until the date of the member's death or shall have been married to the retired member at least two years prior to the member's death.

(3) If a member should die, either while in service or after retirement, the member's surviving unmarried children under the age of eighteen years shall be provided for in the following manner:

(a) If there is a surviving spouse, each child shall be entitled to a benefit equal to five percent of the final average salary of the member or retired member. The combined benefits to the surviving spouse and all children shall not exceed sixty percent of the final average salary of the member or retired member; and

(b) If there is no surviving spouse or the spouse should die, the child or children shall be entitled to a benefit equal to thirty percent of the final average salary of the member or retired member for one child and an additional ten percent for each additional child. The combined benefits to the children under this subsection shall not exceed sixty percent of the final average salary of the member or retired member. Payments under this subsection shall be prorated equally among the children, if more than one.

(4) If a member should die in the line of duty while employed by the Washington state patrol, the member's surviving children under the age of twenty years and eleven months if attending any high school, college, university, or vocational or other educational institution accredited or approved by the state of Washington shall be provided for in the following manner:

(a) If there is a surviving spouse, each child shall be entitled to a benefit equal to five percent of the final average salary of the member. The combined benefits to the surviving spouse and all children shall not exceed sixty percent of the final average salary of the member;

(b) If there is no surviving spouse or the spouse should die, the unmarried child or children shall be entitled to receive a benefit equal to thirty percent of the final average salary of the member or retired member for one child and an additional ten percent for each additional child. The combined benefits to the children under this subsection shall not exceed sixty percent of the final average salary of the member or retired member. Payments under this subsection shall be prorated equally among the children, if more than one; and

(c) If a beneficiary under this subsection reaches the age of twenty-one years during the middle of a term of enrollment the benefit shall continue until the end of that term.

(5) The provisions of this section shall apply to members who have been retired on disability as provided in RCW 43.43.040 if the officer was a member of the Washington state patrol retirement system at the time of such disability retirement.

NEW SECTION. Sec. 7. (1) For members commissioned on or after January 1, 2003, except as provided in RCW 11.07.010, if a member or a vested member who has not completed at least ten years of service dies, the amount of the accumulated contributions standing to such member's credit in the retirement system at the time of such member's death, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, shall be paid to the member's estate, or such person or persons, trust, or organization as the member shall have nominated by written designation duly executed and filed with the department. If there be no such designated person or persons still living at the time of the member's death, such member's accumulated contributions standing to such member's credit in the retirement system, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, shall be paid to the member's estate, or such person or persons, trust, or organization as the member shall have nominated by written designation duly executed and filed with the department. If there be no such designated person or persons still living at the time of the member's death, such member's accumulated contributions standing to such member's credit in the retirement system, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, shall be paid to the member's surviving spouse as if in fact such spouse had been nominated by written designation, or if there be no such surviving spouse, then to such member's legal representatives.
(2) If a member who is eligible for retirement or a member who has completed at least ten years of service dies, the surviving spouse or eligible child or children shall elect to receive either:

(a) A retirement allowance computed as provided for in RCW 43.43.260, actuarially reduced by the amount of any lump sum benefit identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670 and actuarially adjusted to reflect a joint and one hundred percent survivor option under RCW 43.43.278 and if the member was not eligible for normal retirement at the date of death a further reduction from age fifty-five or when the member could have attained twenty-five years of service, whichever is less; if a surviving spouse who is receiving a retirement allowance dies leaving a child or children of the member under the age of majority, then such child or children shall continue to receive an allowance in an amount equal to that which was being received by the surviving spouse, share and share alike, until such child or children reach the age of majority; if there is no surviving spouse eligible to receive an allowance at the time of the member's death, such member's child or children under the age of majority shall receive an allowance share and share alike calculated under this section making the assumption that the ages of the spouse and member were equal at the time of the member's death; or

(b)(i) The member's accumulated contributions, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670; or

(ii) If the member dies, one hundred fifty percent of the member's accumulated contributions, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670. Any accumulated contributions attributable to restorations made under RCW 41.50.165(2) shall be refunded at one hundred percent.

(3) If a member who is eligible for retirement or a member who has completed at least ten years of service dies, and is not survived by a spouse or an eligible child, then the accumulated contributions standing to the member's credit, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, shall be paid:

(a) To an estate, a person or persons, trust, or organization as the member shall have nominated by written designation duly executed and filed with the department; or

(b) If there is no such designated person or persons still living at the time of the member's death, then to the member's legal representatives.

SSB 5182 Prime Sponsor, Senate Committee on Environment, Energy & Water: Ensuring a sustainable, comprehensive pipeline safety program in the state. Reported by Committee on Agriculture & Ecology

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The intent of this act is to ensure a sustainable, comprehensive, pipeline safety program, to protect the health and safety of the citizens of the state of Washington, and maintain the quality of the state's environment. The legislature finds that public safety and the environment are best protected by securing permanent funding for this program through establishment of a regulatory fee imposed on hazardous liquids and gas pipelines.

NEW SECTION. Sec. 2. A new section is added to chapter 80.24 RCW to read as follows:
(1)(a) Every gas company and every interstate gas pipeline company subject to inspection or enforcement
by the commission shall pay an annual pipeline safety fee to the commission. The pipeline safety fees received by the commission shall be deposited in the pipeline safety account created in RCW 81.88.050.

(b) The aggregate amount of fees set shall be sufficient to recover the reasonable costs of administering the pipeline safety program, taking into account federal funds used to offset the costs. The fees established under this section shall be designed to generate revenue not exceeding appropriated levels of funding for the current fiscal year. At a minimum, the fees established under this section shall be sufficient to adequately fund pipeline inspection personnel, the timely review of pipeline safety and integrity plans, the timely development of spill response plans, the timely development of accurate maps of pipeline locations, participation in federal pipeline safety efforts to the extent allowed by law, and the staffing of the citizens committee on pipeline safety.

(c) Increases in the aggregate amount of fees over the immediately preceding fiscal year are subject to the requirements of RCW 43.135.055.

(2) The commission shall by rule establish the methodology it will use to set the appropriate fee for each entity subject to this section. The methodology shall provide for an equitable distribution of program costs among all entities subject to the fee. The fee methodology shall provide for:

(a) Direct assignment of average costs associated with annual standard inspections, including the average number of inspection days per year. In establishing these directly assignable costs, the commission shall consider the requirements and guidelines of the federal government, state safety standards, and good engineering practice; and

(b) A uniform and equitable means of estimating and allocating costs of other duties relating to inspecting pipelines for safety that are not directly assignable, including but not limited to design review and construction inspections, specialized inspections, incident investigations, geographic mapping system design and maintenance, and administrative support.

(3) The commission shall require reports from those entities subject to this section in the form and at such time as necessary to set the fees. After considering the reports supplied by the entities, the commission shall set the amount of the fee payable by each entity by general order entered before July 1st of each year.

(4) For companies subject to RCW 80.24.010, the commission shall collect the pipeline safety fee as part of the fee specified in RCW 80.24.010. The commission shall allocate the moneys collected under RCW 80.24.010 between the pipeline safety program and for other regulatory purposes. The commission shall adopt rules that assure that fee moneys related to the pipeline safety program are maintained separately from other moneys collected by the commission under this chapter.

(5) Any payment of the fee imposed by this section made after its due date must include a late fee of two percent of the amount due. Delinquent fees accrue interest at the rate of one percent per month.

(6) The commission shall keep accurate records of the costs incurred in administering its gas pipeline safety program, and the records are open to inspection by interested parties. The records and data upon which the commission's determination is made shall be prima facie correct in any proceeding to challenge the reasonableness or correctness of any order of the commission fixing fees and distributing regulatory expenses.

(7) If any entity seeks to contest the imposition of a fee imposed under this section, that entity shall pay the fee and request a refund within six months of the due date for the payment by filing a petition for a refund with the commission. The commission shall establish by rule procedures for handling refund petitions and may delegate the decisions on refund petitions to the secretary of the commission.

(8) After establishing the fee methodology by rule as required in subsection (2) of this section, the commission shall create a regulatory incentive program for pipeline safety programs in collaboration with the citizens committee on pipeline safety. The regulatory incentive program created by the commission shall not shift costs among companies paying pipeline safety fees and shall not decrease revenue to pipeline safety programs. The regulatory incentive program shall not be implemented until after the review conducted according to section 4 of this act.

NEW SECTION. Sec. 3. A new section is added to chapter 81.24 RCW to read as follows:

(1)(a) Every hazardous liquid pipeline company as defined in RCW 81.88.010 shall pay an annual pipeline safety fee to the commission. The pipeline safety fees received by the commission shall be deposited in the pipeline safety account created in RCW 81.88.050.

(b) The aggregate amount of fees set shall be sufficient to recover the reasonable costs of administering the pipeline safety program, taking into account federal funds used to offset the costs. The fees established under this section shall be designed to generate revenue not exceeding appropriated levels of funding for the
current fiscal year. At a minimum, the fees established under this section shall be sufficient to adequately fund pipeline inspection personnel, the timely review of pipeline safety and integrity plans, the timely development of spill response plans, the timely development of accurate maps of pipeline locations, participation in federal pipeline safety efforts to the extent allowed by law, and the staffing of the citizens committee on pipeline safety.

(c) Increases in the aggregate amount of fees over the immediately preceding fiscal year are subject to the requirements of RCW 43.135.055.

(2) The commission shall by rule establish the methodology it will use to set the appropriate fee for each entity subject to this section. The methodology shall provide for an equitable distribution of program costs among all entities subject to the fee. The fee methodology shall provide for:

(a) Direct assignment of average costs associated with annual standard inspections, including the average number of inspection days per year. In establishing these directly assignable costs, the commission shall consider the requirements and guidelines of the federal government, state safety standards, and good engineering practice; and

(b) A uniform and equitable means of estimating and allocating costs of other duties relating to inspecting pipelines for safety that are not directly assignable, including but not limited to design review and construction inspections, specialized inspections, incident investigations, geographic mapping system design and maintenance, and administrative support.

(3) The commission shall require reports from those entities subject to this section in the form and at such time as necessary to set the fees. After considering the reports supplied by the entities, the commission shall set the amount of the fee payable by each entity by general order entered before July 1st of each year.

(4) For companies subject to RCW 81.24.010, the commission shall collect the pipeline safety fee as part of the fee specified in RCW 81.24.010. The commission shall allocate the moneys collected under RCW 81.24.010 between the pipeline safety program and for other regulatory purposes. The commission shall adopt rules that assure that fee moneys related to the pipeline safety program are maintained separately from other moneys collected by the commission under this chapter.

(5) Any payment of the fee imposed by this section made after its due date must include a late fee of two percent of the amount due. Delinquent fees accrue interest at the rate of one percent per month.

(6) The commission shall keep accurate records of the costs incurred in administering its hazardous liquid pipeline safety program, and the records are open to inspection by interested parties. The records and data upon which the commission's determination is made shall be prima facie correct in any proceeding to challenge the reasonableness or correctness of any order of the commission fixing fees and distributing regulatory expenses.

(7) If any entity seeks to contest the imposition of a fee imposed under this section, that entity shall pay the fee and request a refund within six months of the due date for the payment by filing a petition for a refund with the commission. The commission shall establish by rule procedures for handling refund petitions and may delegate the decisions on refund petitions to the secretary of the commission.

(8) After establishing the fee methodology by rule as required in subsection (2) of this section, the commission shall create a regulatory incentive program for pipeline safety programs in collaboration with the citizens committee on pipeline safety. The regulatory incentive program created by the commission shall not shift costs among companies paying pipeline safety fees and shall not decrease revenue to pipeline safety programs. The regulatory incentive program shall not be implemented until after the review conducted according to section 4 of this act.

"NEW SECTION.  Sec. 1.  A new section is added to chapter 73.16 RCW to read as follows:  (1) It is the intent of the legislature to guarantee employment rights of members of the reserve and national guard forces who are called to active duty.  The federal uniformed services employment and
reemployment rights act of 1994 protects all such federal personnel. The legislature intends that similar provisions should apply to all such state personnel. Therefore, the legislature intends for this act to ensure protections for state-activated personnel similar to those provided by federal law for federal-activated personnel.

(2) The purposes of this chapter are to:
(a) Encourage noncareer service in the uniformed services by eliminating or minimizing the disadvantages to civilian careers and employment that can result from such service;
(b) Minimize the disruption to the lives of persons performing service in the uniformed services as well as to their employers, their fellow employees, and their communities by providing for the prompt reemployment of such persons upon their completion of such service; and
(c) Prohibit discrimination against persons because of their service in the uniformed services.

(3) Therefore, the legislature intends that the governmental agencies of the state of Washington, and all the political subdivisions thereof, should be model employers in carrying out the provisions of this chapter.

(13) "State" means the state of Washington, including the agencies and political subdivisions thereof.

A person who is a member of, applies to be a member of, performs, has performed, applies to perform, or has an obligation to perform service in a uniformed service shall not be denied initial employment, retention in employment, promotion, or any benefit of employment by an employer on the basis of that membership, application for membership, performance of service, application for service, or obligation.

(2) An employer may not discriminate in employment against or take any adverse employment action against any person because such person (a) has taken an action to enforce a protection afforded any person under this chapter, (b) has testified or otherwise made a statement in or in connection with any proceeding under this chapter, (c) has assisted or otherwise participated in an investigation under this chapter, or (d) has exercised a right provided for in this chapter. The prohibition in this subsection (2) applies with respect to a person regardless of whether that person has performed service in the uniformed services.

(i) In the case of an applicant whose period of service in the uniformed services was less than thirty-one days by reporting to the employer:

(A) Not later than the beginning of the first full regularly scheduled work period on the first full calendar day following the completion of the period of service and the expiration of eight hours after a period allowing for the safe transportation of the applicant from the place of that service to the applicant's residence; or

(B) As soon as possible after the expiration of the eight-hour period in (c)(i)(A) of this subsection, if reporting within that period is impossible or unreasonable through no fault of the applicant;

(ii) In the case of an applicant who is absent from a position of employment for a period of any length for the purposes of an examination to determine the applicant's fitness to perform service in the uniformed services, by reporting in the manner and time referred to in (c)(i) of this subsection;

(iii) In the case of an applicant whose period of service in the uniformed services was for more than thirty days but less than one hundred eighty-one days by submitting an application for reemployment with the employer not later than fourteen days after the completion of the period of service or if submitting such application within such period is impossible or unreasonable through no fault of the applicant, the next first full calendar day when submission of such application becomes possible;

(iv) In the case of an applicant whose period of service in the uniformed services was for more than one hundred eighty days by submitting an application for reemployment with the employer not later than ninety days after the completion of the period of service;

(v) In the case of an applicant who is hospitalized for, or convalescing from, an illness or injury incurred or aggravated during the performance of service in the uniformed services, at the end of the period that is necessary for the applicant to recover from such illness or injury, the applicant shall submit an application for reemployment with such employer. The period of recovery may not exceed two years. This two-year period shall be extended by the minimum time required to accommodate the circumstances beyond the applicant's control that make reporting within the two-year period impossible or unreasonable;

(vi) In the case of an applicant who fails to report or apply for employment or reemployment within the appropriate period specified in this subsection (1)(c), the applicant does not automatically forfeit his or her entitlement to the rights and benefits conferred by this chapter, but is subject to the conduct rules, established policy, and general practices of the employer pertaining to explanations and discipline with respect to absence from scheduled work.

(d) An applicant who submits an application for reemployment shall provide to the applicant's employer, upon the request of that employer, documentation to establish that:

(i) The application is timely;

(ii) The applicant has not exceeded the service limitations set forth in this section, except as permitted
under (c)(v) of this subsection; and

(iii) The applicant's entitlement to the benefits under this chapter has not been terminated pursuant to (e) of this subsection.

(((3) If, due to the necessity of hospitalization, while on active duty, he is released or placed on inactive duty and remains hospitalized, he is eligible for the benefits of RCW 73.16.031 through 73.16.061: PROVIDED, That such hospitalization does not continue for more than one year from date of such release or inactive status: PROVIDED FURTHER, That he applies for his former position within ninety days after discharge from such hospitalization.

(1) The applicant must return and reenter the office or position within ((three months)) the appropriate period specified in (c) of this subsection after serving four years or less in the uniformed services other than state-ordered active duty: PROVIDED, That any period of additional service imposed by law, from which one is unable to obtain orders relieving him or her from active duty, will not affect ((his)) reemployment rights.

(f) The applicant must return and reenter the office or position within the appropriate period specified in (c) of this subsection after serving twelve weeks or less in a calendar year in state-ordered active duty: PROVIDED, That the governor, when declaring an emergency that necessitates a longer period of service, may extend the period of service in state-ordered active duty to up to twelve months after which the applicant is eligible for the benefits of this chapter.

(2) The failure of an applicant to provide documentation that satisfies rules adopted pursuant to subsection (1)(c) of this section shall not be a basis for denying reemployment in accordance with the provisions of this chapter if the failure occurs because such documentation does not exist or is not readily available at the time of the request of the employer. If, after such reemployment, documentation becomes available that establishes that the applicant does not meet one or more of the requirements referred to in subsection (1)(d) of this section, that applicant's employer may terminate the employment of the person and the provision of any rights or benefits afforded the person under this chapter.

(3) An employer may not delay or attempt to defeat a reemployment obligation by demanding documentation that does not then exist or is not then readily available.

(4) The application in subsection (1) of this section is not required if the giving of such application is precluded by military necessity or, under all of the relevant circumstances, the giving of such notice is otherwise impossible or unreasonable. A determination of military necessity for the purposes of this subsection shall be made by the adjutant general of the state of Washington military department and is not subject to judicial review.

(5) In any proceeding involving an issue of whether (a) reemployment is impossible or unreasonable because of a change in an employer's circumstances, (b) reemployment would impose an undue hardship on the employer, or (c) the employment is for a temporary position, the employer has the burden of proving the impossibility or unreasonableness, undue hardship, or the brief or nonrecurring nature of the employment without a reasonable expectation of continuing indefinitely or for a significant period.

Sec. 7. RCW 73.16.051 and 1953 c 212 s 5 are each amended to read as follows:

Any person who is entitled to be restored to a position in accordance with (((the provisions of RCW 73.16.031, 73.16.033, 73.16.035, and 73.16.041))) this chapter shall be considered as having been on furlough or leave of absence, from his or her position of employment, during his or her period of active military duty or service, and he or she shall be so restored without loss of seniority. He or she shall further be entitled to participate in insurance, vacations, retirement pay, and other benefits offered by the employer pursuant to established rules and practices relating to employees on furlough or leave of absence in effect with the employer at the time such person was ordered into the service; and he or she shall not be discharged from such position without cause within one year after restoration: PROVIDED, That the governor, when declaring an emergency that necessitates a longer period of service, may extend the period of service in state-ordered active duty to up to twelve months after which the applicant is eligible for the benefits of this chapter.

NEW SECTION. Sec. 8. A new section is added to chapter 73.16 RCW to read as follows:

(1) If a person, or the person's dependents, have coverage under a health plan in connection with the person's position of state employment, and the person is absent from his or her position of state employment by reason of service in the uniformed services, the plan shall provide that the person may elect to continue the coverage as provided in this section. The maximum period of coverage of a person and person's dependents under such an election shall be the lesser of:
(a) The eighteen-month period beginning on the date on which the person's absence begins; or
(b) The day after the date on which the person fails to apply for or return to a position of state employment, as determined under RCW 73.16.035.

(2) A person who elects to continue health plan coverage under this section may be required to pay not more than one hundred two percent of the full premium under the plan associated with the coverage for the state employer's other employees, except that in the case of a person who performs service in the uniformed services for less than thirty-one days, the person may not be required to pay more than the employee share, if any, for the coverage.

(3) Except as provided in subsection (2) of this section, if a person's coverage under a health plan was terminated because of service in the uniformed services, an exclusion or waiting period may not be imposed in connection with the reinstatement of the coverage upon reemployment under this chapter if an exclusion or waiting period would not have been imposed under a health plan had coverage of the person by the plan not been terminated as a result of his or her service. This subsection applies to the person who is reemployed and to any dependent who is covered by the plan because of the reinstatement of the coverage of the person.

NEW SECTION Sec. 9. A new section is added to chapter 73.16 RCW to read as follows:

(1)(a) In the case of a right provided under any state law governing pension benefits for state employees, the right to pension benefits of a person reemployed under this chapter shall be determined under this section.

(b) A person reemployed under this chapter shall be treated as not having incurred a break in service with the state because of the person's period of service in the uniformed services.

(c) Each period served by a person in the uniformed services shall, upon reemployment under this chapter, be deemed to constitute service with the state for the purpose of determining the nonforfeitability of the person's accrued benefits and for the purpose of determining the accrual of benefits under the plan.

(2) When the state is reemploying a person under this chapter, the state is liable to an employee pension benefit plan for funding any obligation of the plan to provide the pension benefits described in this section and shall allocate the amounts of any employer contribution for the person in the same manner and to the same extent the allocation occurs for other employees during the period of service. For purposes of determining the amount of such liability and any obligation of the plan, earnings and forfeitures shall not be included. For purposes of determining the amount of such liability and purposes of a state law governing pension benefits for state employees, service in the uniformed services that is deemed under subsection (1) of this section to be service with the state shall be deemed to be service with the state under the terms of the plan or any applicable collective bargaining agreement.

(3) A person reemployed by the state under this chapter is entitled to accrued benefits pursuant to subsection (1)(a) of this section that are contingent on the making of, or derived from, employee contributions or elective deferrals (as defined in section 402(g)(3) of the internal revenue code of 1986) only to the extent the person makes payment to the plan with respect to such contributions or deferrals. No such payment may exceed the amount the person would have been permitted or required to contribute had the person remained continuously employed by the state throughout the period of uniformed service. Any payment to the plan described in this subsection shall be made during the period beginning with the date of reemployment and whose duration is three times the period of the person's services, such payment period in the uniformed services, not to exceed five years.

(4) For purposes of computing an employer's liability of the employee's contributions under subsection (2) of this section, the employee's compensation during the period of service shall be computed:

(a) At the rate the employee would have received but for the period of service in subsection (1)(b) of this section; or

(b) In the case that the determination of such rate is not reasonably certain, on the basis of the employee's average rate of compensation during the twelve-month period immediately preceding such period or if shorter, the period of employment immediately preceding such period.

Sec. 10. RCW 73.16.061 and 1953 c 212 s 6 are each amended to read as follows:

(1) In case any employer, his or her successor or successors fails or refuses to comply with the provisions of RCW 73.16.031 through 73.16.061 and sections 4, 8, 9, and 13 of this act, the ((prosecuting attorney of the county in which the employer is located)) attorney general shall bring action in the superior court in the county in which the employer is located or does business to obtain an order to specifically require such employer to comply with the provisions of this chapter, and, as an incident thereto, to compensate such person for any loss.
of wages or benefits suffered by reason of such employer's unlawful act if:

(a) The service in question was state duty not covered by the uniformed services employment and reemployment rights act of 1994, P.L. 103-353 (38 U.S.C. Sec. 4301 et seq.), and

(b) The employer support for guard and reserve ombudsman, or his or her designee, has inquired in the matter and has been unable to resolve it.

(2) If the conditions in subsection (1)(a) and (b) of this section are met, any such person who does not desire the services of the ((prosecuting)) attorney general may by private counsel, bring such action.

Sec. 11. RCW 73.16.070 and 1941 c 201 s 5 are each amended to read as follows:

The federal soldiers' and sailors' civil relief act of 1940, Public Act No. 861((76th congress)), is hereby specifically declared to apply in proper cases in all the courts of this state.

NEW SECTION. Sec. 12. A new section is added to chapter 73.16 RCW to read as follows:

An offset of any military pay for temporary service in the uniformed services in a particular week against the salary of a bona fide executive, administrative, or professional employee in a particular week shall not be a factor in determining whether the employee is exempt under RCW 49.46.010(5)(c).

NEW SECTION. Sec. 13. A new section is added to chapter 73.16 RCW to read as follows:

This chapter shall not supersede, nullify, or diminish any federal or state law, ordinance, rule, regulation, contract, agreement, policy, plan, practice, or other matter that establishes a right or benefit that is more beneficial to, or is in addition to, a right or benefit provided for such person in this chapter.

NEW SECTION. Sec. 14. A new section is added to chapter 73.16 RCW to read as follows:

The legislature declares that the public policies articulated in chapter ..., Laws of 2001 (this act) depend on the procedures established in chapter ..., Laws of 2001 (this act). No civil or criminal action may be maintained relying on the public policies articulated in chapter ..., Laws of 2001 (this act) without complying with the procedures in this chapter. To that end, all civil actions and civil causes of action for such injuries and all jurisdiction of the courts of this state over such causes are hereby abolished, except as provided in this chapter.

NEW SECTION. Sec. 15. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

"Sec. 1. RCW 46.01.140 and 1996 c 315 s 1 are each amended to read as follows:
(1) The county auditor, if appointed by the director of licensing shall carry out the provisions of this title relating to the licensing of vehicles and the issuance of vehicle license number plates under the direction and supervision of the director and may with the approval of the director appoint assistants as special deputies and recommend subagents to accept applications and collect fees for vehicle licenses and transfers and to deliver vehicle license number plates.
(2) A county auditor appointed by the director may request that the director appoint subagencies within the county.
(a) Upon authorization of the director, the auditor shall ((advertise a request for proposals and use the process for soliciting vendors under RCW 39.04.190(2), except that the provision requiring the contract to be awarded to the lowest responsible bidder shall not apply)) use an open competitive process including, but not limited to, a written business proposal and oral interview to determine the qualifications of all interested applicants.
(b) A subagent may recommend a successor who is either the subagent's sibling, spouse, or child, or a subagency employee, as long as the recommended successor participates in the open, competitive process used to select an applicant. In making successor recommendation and appointment determinations, the following provisions apply:
(i) If a subagency is held by a partnership or corporate entity, the nomination must be submitted on behalf of, and agreed to by, all partners or corporate officers.
(ii) No subagent may receive any direct or indirect compensation or remuneration from any party or entity in recognition of a successor nomination. A subagent may not receive any financial benefit from the transfer or termination of an appointment.
(iii) (a) and (b) of this subsection are intended to assist in the efficient transfer of appointments in order to minimize public inconvenience. They do not create a proprietary or property interest in the appointment.
(c) The auditor shall submit all proposals to the director, and shall recommend the appointment of one or more subagents who have applied through the ((request for proposal)) open competitive process. The auditor shall include in his or her recommendation to the director, not only the name of the successor who is a relative or employee, if applicable and if otherwise qualified, but also the name of one other applicant who is qualified and was chosen through the open competitive process. The director has final appointment authority.
(3)(a) A county auditor who is appointed as an agent by the department shall enter into a standard contract provided by the director, developed with the advice of the title and registration advisory committee.
(b) A subagent appointed under subsection (2) of this section shall enter into a standard contract with the county auditor, developed with the advice of the title and registration advisory committee. The director shall provide the standard contract to county auditors.
(c) The contracts provided for in (a) and (b) of this subsection must contain at a minimum provisions that:
(i) Describe the responsibilities, and where applicable, the liability, of each party relating to the service expectations and levels, equipment to be supplied by the department, and equipment maintenance;
(ii) Require the specific type of insurance or bonds so that the state is protected against any loss of collected motor vehicle tax revenues or loss of equipment;
(iii) Specify the amount of training that will be provided by the state, the county auditor, or subagents;
(iv) Describe allowable costs that may be charged to vehicle licensing activities as provided for in (d) of this subsection;
(v) Describe the causes and procedures for termination of the contract, which may include mediation and binding arbitration.

(d) The department shall develop procedures that will standardize and prescribe allowable costs that may be assigned to vehicle licensing and vessel registration and title activities performed by county auditors.

(e) The contracts may include any provision that the director deems necessary to ensure acceptable service and the full collection of vehicle and vessel tax revenues.

(f) The director may waive any provisions of the contract deemed necessary in order to ensure that readily accessible service is provided to the citizens of the state.

(4)(a) At any time any application is made to the director, the county auditor, or other agent pursuant to any law dealing with licenses, registration, or the right to operate any vehicle or vessel upon the public highways or waters of this state, excluding applicants already paying such fee under RCW 46.16.070 or 46.16.085, the applicant shall pay to the director, county auditor, or other agent a fee of three dollars for each application in addition to any other fees required by law.

(b) Counties that do not cover the expenses of vehicle licensing and vessel registration and title activities may submit to the department a request for cost-coverage moneys. The request must be submitted on a form developed by the department. The department shall develop procedures to verify whether a request is reasonable. Payment shall be made on requests found to be allowable from the licensing services account.

(c) Applicants for certificates of ownership, including applicants paying fees under RCW 46.16.070 or 46.16.085, shall pay to the director, county auditor, or other agent a fee of four dollars in addition to any other fees required by law.

(d) The fees under (a) and (c) of this subsection, if paid to the county auditor as agent of the director, or if paid to a subagent of the county auditor, shall be paid to the county treasurer in the same manner as other fees collected by the county auditor and credited to the county current expense fund. If the fee is paid to another agent of the director, the fee shall be used by the agent to defray his or her expenses in handling the application.

(e) Applicants required to pay the three-dollar fee established under (a) of this subsection, must pay an additional fifty cents, which must be collected and remitted to the state treasurer for deposit into the motor vehicle fund. Revenue deposited into this account must be used for agent and subagent support, which is to include but not be limited to the replacement of department-owned equipment in the possession of agents and subagents.

(5) A subagent shall collect a service fee of (a) ((seven)) eight dollars and fifty cents for changes in a certificate of ownership, with or without registration renewal, or verification of record and preparation of an affidavit of lost title other than at the time of the title application or transfer and (b) three dollars and fifty cents for registration renewal only, issuing a transit permit, or any other service under this section.

(6) If the fee is collected by the state patrol as agent for the director, the fee so collected shall be certified to the state treasurer and deposited to the credit of the state patrol highway account. If the fee is collected by the department of transportation as agent for the director, the fee shall be certified to the state treasurer and deposited to the credit of the motor vehicle fund. All such fees collected by the director or branches of his office shall be certified to the state treasurer and deposited to the credit of the highway safety fund.

(7) Any county revenues that exceed the cost of providing vehicle licensing and vessel registration and title activities in a county, calculated in accordance with the procedures in subsection (3)(d) of this section, shall be expended as determined by the county legislative authority during the process established by law for adoption of county budgets.

(8) The director may adopt rules to implement this section.

"Sec. 1. RCW 3.62.090 and 1997 c 331 s 4 are each amended to read as follows:

(1) There shall be assessed and collected in addition to any fines, forfeitures, or penalties assessed, other than for parking infractions by all courts organized under Title 3 or 35 RCW a public safety and education assessment equal to sixty percent of such fines, forfeitures, or penalties, which shall be remitted as provided in chapters 3.46, 3.50, 3.62, and 35.20 RCW. The assessment required by this section shall not be suspended or waived by the court.

(2) There shall be assessed and collected in addition to any fines, forfeitures, or penalties assessed, other than for parking infractions and for fines levied under RCW 46.61.5055, and in addition to the public safety and education assessment required under subsection (1) of this section by all courts organized under Title 3 or 35 RCW, an additional public safety and education assessment equal to fifty percent of the public safety and education assessment required under subsection (1) of this section, which shall be remitted to the state treasurer and deposited as provided in RCW 43.08.250. (3) This section does not apply to the fee imposed under RCW ((43.63.110(6))) 46.63.110(6) or the penalty imposed under RCW 46.63.110(7).

Sec. 2. RCW 46.63.110 and 1997 c 331 s 3 are each amended to read as follows:

(1) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed two hundred and fifty dollars for each offense unless authorized by this chapter or title.

(2) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(3) There shall be a penalty of twenty-five dollars for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed twenty-five dollars for failure to respond to a notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or
district court, shall impose the monetary penalty set by the local legislative body.

(4) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(5) Whenever a monetary penalty is imposed by a court under this chapter it is immediately payable. If the person is unable to pay at that time the court may, in its discretion, grant an extension of the period in which the penalty may be paid. If the penalty is not paid on or before the time established for payment the court shall notify the department of the failure to pay the penalty, and the department shall suspend the person's driver's license or driving privilege until the penalty has been paid and the penalty provided in subsection (3) of this section has been paid.

(6) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed a fee of five dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the emergency medical services and trauma care system trust account under RCW 70.168.040.

(7)(a) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction other than of RCW 46.61.527 shall be assessed an additional penalty of ten dollars. The court may not reduce, waive, or suspend the additional penalty unless the court finds the offender to be indigent. If a community service program for offenders is available in the jurisdiction, the court shall allow offenders to offset all or a part of the penalty due under this subsection (7) by participation in the community service program.

(b) Revenue from the additional penalty must be remitted under chapters 2.08, 3.46, 3.50, 3.62, 10.82, and 35.20 RCW. Money remitted under this subsection to the state treasurer must be deposited as provided in RCW 43.08.250. The balance of the revenue received by the county or city treasurer under this subsection must be deposited into the county or city current expense fund. SB 5333 Prime Sponsor, Senator Honeyford: Concerning preliminary permits for water closed to diversions due to a federal moratorium. Reported by Committee on Agriculture & Ecology

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 90.03.290 and 1994 c 264 s 84 are each amended to read as follows:

(1) When an application complying with the provisions of this chapter and with the rules (and regulations) of the department has been filed, the same shall be placed on record with the department, and it shall be its duty to investigate the application, and determine what water, if any, is available for appropriation, and find and determine to what beneficial use or uses it can be applied. If it is proposed to appropriate water for irrigation purposes, the department shall investigate, determine and find what lands are capable of irrigation by means of water found available for appropriation. If it is proposed to appropriate water for the purpose of power development, the department shall investigate, determine and find whether the proposed development is likely to prove detrimental to the public interest, having in mind the highest feasible use of the waters belonging to the public.

(2)(a) If the application does not contain, and the applicant does not promptly furnish sufficient information on which to base such findings, the department may issue a preliminary permit, for a period of not to exceed three years, requiring the applicant to make such surveys, investigations, studies, and progress reports, as in the opinion of the department may be necessary. If the applicant fails to comply with the conditions of the preliminary permit, it and the application or applications on which it is based shall be automatically canceled and the applicant so notified. If the holder of a preliminary permit shall, before its expiration, file with the department a verified report of expenditures made and work done under the preliminary permit, which, in the opinion of the department, establishes the good faith, intent, and ability of the applicant to carry on the proposed development, the preliminary permit may, with the approval of the governor, be extended, but not to exceed a maximum period of five years from the date of the issuance of the preliminary permit.

(b) For any application for which a preliminary permit was issued and for which the availability of water was directly affected by a moratorium on further diversions from the Columbia river during the years from 1990 to 1998, the preliminary permit is extended through June 30, 2002. If such an application and preliminary permit were canceled during the moratorium, the application and preliminary permit shall be reinstated until June 30, 2002, if the application and permit: (i) Are for providing regional water supplies in more than one urban growth area designated under chapter 36.70A RCW and in one or more areas near such urban growth areas, or the application and permit are modified for providing such supplies, and (ii) provide or are modified to provide such regional supplies through the use of existing intake or diversion structures. The authority to modify such a canceled application and permit to accomplish the objectives of (b)(i) and (ii) of this subsection is hereby granted.

(3) The department shall make and file as part of the record in the matter, written findings of fact concerning all things investigated, and if it shall find that there is water available for appropriation for a beneficial use, and the appropriation thereof as proposed in the application will not impair existing rights or be detrimental to the public welfare, it shall issue a permit stating the amount of water to which the applicant shall be entitled and the beneficial use or uses to which it may be applied: PROVIDED, That where the water applied for is to be used for irrigation purposes, it shall become appurtenant only to such land as may be reclaimed thereby to the full extent of the soil for agricultural purposes. But where there is no unappropriated water in the proposed source of supply, or where the proposed use conflicts with existing rights, or threatens to prove detrimental to the public interest, having due regard to the highest feasible development of the use of the waters belonging to the public, it shall be duty of the department to reject such application and to refuse to issue the permit asked for.
If the permit is refused because of conflict with existing rights and such applicant shall acquire same by purchase or condemnation under RCW 90.03.040, the department may thereupon grant such permit. Any application may be approved for a less amount of water than that applied for, if there exists substantial reason therefor, and in any event shall not be approved for more water than can be applied to beneficial use for the purposes named in the application. In determining whether or not a permit shall issue upon any application, it shall be the duty of the department to investigate all facts relevant and material to the application. After the department approves said application in whole or in part and before any permit shall be issued thereon to the applicant, such applicant shall pay the fee provided in RCW 90.03.470: PROVIDED FURTHER, That in the event a permit is issued by the department upon any application, it shall be its duty to notify the director of fish and wildlife of such issuance."

ESSB 5372 Prime Sponsor, Senate Committee on Ways & Means: Authorizing cooperative agreements concerning the taxation of cigarette sales on Indian lands. Reported by Committee on Finance

MAJORITY recommendation: Do pass as amended.

"NEW SECTION. Sec. 1. The legislature intends to further the government-to-government relationship between the state of Washington and Indians in the state of Washington by authorizing the governor to enter into contracts concerning the sale of cigarettes. The legislature finds that these cigarette tax contracts will provide a means to promote economic development, provide needed revenues for tribal governments and Indian persons, and enhance enforcement of the state's cigarette tax law, ultimately saving the state money and reducing conflict. In addition, it is the intent of the legislature that the negotiations and the ensuing contracts shall have no impact on the state's share of the proceeds under the master settlement agreement entered into on November 23, 1998 by the state. This act does not constitute a grant of taxing authority to any Indian tribe nor does it provide precedent for the taxation of non-Indians on fee land.

NEW SECTION. Sec. 2. A new section is added to chapter 43.06 RCW to read as follows:

(1) The governor may enter into cigarette tax contracts concerning the sale of cigarettes. All cigarette tax contracts shall meet the requirements for cigarette tax contracts under this section. Except for cigarette tax contracts under section 3 of this act, the rates, revenue sharing, and exemption terms of a cigarette tax contract
are not effective unless authorized in a bill enacted by the legislature.

(2) Cigarette tax contracts shall be in regard to retail sales in which Indian retailers make delivery and physical transfer of possession of the cigarettes from the seller to the buyer within Indian Country, and are not in regard to transactions by non-Indian retailers. In addition, contracts shall provide that retailers shall not sell or give, or permit to be sold or given, cigarettes to any person under the age of eighteen years.

(3) A cigarette tax contract with a tribe shall provide for a tribal cigarette tax in lieu of all state cigarette taxes and state and local sales and use taxes on sales of cigarettes in Indian Country by Indian retailers. The tribe may allow an exemption for sales to tribal members.

(4) Cigarette tax contracts shall provide that all cigarettes possessed or sold by a retailer shall bear a cigarette stamp obtained by wholesalers from a bank or other suitable stamp vendor and applied to the cigarettes. The procedures to be used by the tribe in obtaining tax stamps must include a means to assure that the tribal tax will be paid by the wholesaler obtaining such cigarettes. Tribal stamps must have serial numbers or some other discrete identification so that each stamp can be traced to its source.

(5) Cigarette tax contracts shall provide that retailers shall purchase cigarettes only from:
(a) Wholesalers or manufacturers licensed to do business in the state of Washington;
(b) Out-of-state wholesalers or manufacturers who, although not licensed to do business in the state of Washington, agree to comply with the terms of the cigarette tax contract, are certified to the state as having so agreed, and who do in fact so comply. However, the state may in its sole discretion exercise its administrative and enforcement powers over such wholesalers or manufacturers to the extent permitted by law;
(c) A tribal wholesaler that purchases only from a wholesaler or manufacturer described in (a), (b), or (d) of this subsection; and
(d) A tribal manufacturer.

(6) Cigarette tax contracts shall be for renewable periods of no more than eight years. A renewal may not include a renewal of the phase-in period.

(7) Cigarette tax contracts shall include provisions for compliance, such as transport and notice requirements, inspection procedures, stamping requirements, recordkeeping, and audit requirements.

(8) Tax revenue retained by a tribe must be used for essential government services. Use of tax revenue for subsidization of cigarette and food retailers is prohibited.

(9) The cigarette tax contract may include provisions to resolve disputes using a nonjudicial process, such as mediation.

(10) The governor may delegate the power to negotiate cigarette tax contracts to the department of revenue. The department of revenue shall consult with the liquor control board during the negotiations.

(11) Information received by the state or open to state review under the terms of a contract is subject to the provisions of RCW 82.32.330.

(12) It is the intent of the legislature that the liquor control board and the department of revenue continue the division of duties and shared authority under chapter 82.24 RCW and therefore the liquor control board is responsible for enforcement activities that come under the terms of chapter 82.24 RCW.

(13) Each cigarette tax contract shall include a procedure for notifying the other party that a violation has occurred, a procedure for establishing whether a violation has in fact occurred, an opportunity to correct such violation, and a provision providing for termination of the contract should the violation fail to be resolved through this process, such termination subject to mediation should the terms of the contract so allow. A contract shall provide for termination of the contract if resolution of a dispute does not occur within twenty-four months from the time notification of a violation has occurred. Intervening violations do not extend this time period. In addition, the contract shall include provisions delineating the respective roles and responsibilities of the tribe, the department of revenue, and the liquor control board.

(14) For purposes of this section and sections 3 through 6 of this act:
(a) "Essential government services" means services such as tribal administration, public facilities, fire, police, public health, education, job services, sewer, water, environmental and land use, transportation, utility services, and economic development;
(b) "Indian retailer" or "retailer" means (i) a retailer wholly owned and operated by an Indian tribe, (ii) a business wholly owned and operated by a tribal member and licensed by the tribe, or (iii) a business owned and operated by the Indian person or persons in whose name the land is held in trust; and
(c) "Indian tribe" or "tribe" means a federally recognized Indian tribe located within the geographical boundaries of the state of Washington.
NEW SECTION. Sec. 3. A new section is added to chapter 43.06 RCW to read as follows:

(1) The governor is authorized to enter into cigarette tax contracts with the Squaxin Island Tribe, the Nisqually Tribe, Tulalip Tribes, the Muckleshoot Indian Tribe, the Quinault Nation, the Jamestown S'Klallam Indian Tribe, the Port Gamble S'Klallam Tribe, the Stillaguamish Tribe, the Sauk-Suiattle Tribe, the Skokomish Indian Tribe, the Nooksack Indian Tribe, the Lummi Nation, the Chehalis Confederated Tribes, and the Upper Skagit Tribe. Each contract adopted under this section shall provide that the tribal cigarette tax rate be one hundred percent of the state cigarette and state and local sales and use taxes within three years of enacting the tribal tax and shall be set no lower than eighty percent of the state cigarette and state and local sales and use taxes during the three-year phase-in period. The three-year phase-in period shall be shortened by three months each quarter the number of cartons of nontribal manufactured cigarettes is at least ten percent or more than the quarterly average number of cartons of nontribal manufactured cigarettes from the six-month period preceding the imposition of the tribal tax under the contract. Sales at a retailer operation not in existence as of the date a tribal tax under this section is imposed are subject to the full rate of the tribal tax under the contract. The tribal cigarette tax is in lieu of the state cigarette and state and local sales and use taxes, as provided in section 2(3) of this act.

(2) A cigarette tax contract under this section is subject to section 2 of this act.

NEW SECTION. Sec. 4. A new section is added to chapter 82.08 RCW to read as follows:
The tax levied by RCW 82.08.020 does not apply to sales of cigarettes by an Indian retailer during the effective period of a cigarette tax contract subject to section 2 of this act.

NEW SECTION. Sec. 5. A new section is added to chapter 82.12 RCW to read as follows:
The provisions of this chapter shall not apply in respect to the use of cigarettes sold by an Indian retailer during the effective period of a cigarette tax contract subject to section 2 of this act.

NEW SECTION. Sec. 6. A new section is added to chapter 82.24 RCW to read as follows:

(1) The taxes imposed by this chapter do not apply to the sale, use, consumption, handling, possession, or distribution of cigarettes by an Indian retailer during the effective period of a cigarette tax contract subject to section 2 of this act.

(2) Effective July 1, 2002, wholesalers and retailers subject to the provisions of this chapter shall be allowed compensation for their services in affixing the stamps required under this chapter a sum computed at the rate of six dollars per one thousand stamps purchased or affixed by them.

NEW SECTION. Sec. 7. RCW 82.24.070 (Compensation of dealers), as now or hereafter amended, and 1987 c 496 s 5, 1987 c 80 s 2, 1971 ex.s. c 299 s 14, 1965 ex.s. c 173 s 24, 1961 ex.s. c 24 s 4, & 1961 c 15 s 82.24.070 are each repealed.

Sec. 8. RCW 82.24.510 and 1986 c 321 s 5 are each amended to read as follows:

(1) The licenses issuable under this chapter are as follows:

(a) A wholesaler's license.

(b) A retailer's license.

(2) Application for the licenses shall be made through the master license system under chapter 19.02 RCW. The department of revenue may refrain from the issuance of any license under this chapter if the department has reasonable cause to believe that the applicant has willfully withheld information requested for the purpose of determining the eligibility of the applicant to receive a license, or if the department has reasonable cause to believe that information submitted in the application is false or misleading or is not made in good faith. In addition, for the purpose of reviewing an application for a wholesaler's license and for considering the denial, suspension, or revocation of any such license, the department may consider criminal convictions of the applicant related to the selling of cigarettes within the previous five years in any state, tribal, or federal jurisdiction in the United States, its territories, or possessions, and the provisions of RCW 9.95.240 and chapter 9.96A RCW shall not apply to such cases. The department may, in its discretion, grant or refuse the wholesaler's license, subject to the provisions of RCW 82.24.550.
(3) No person may qualify for a wholesaler's license under this section without first undergoing a criminal background check. The background check shall be performed by the liquor control board and must disclose any criminal convictions related to the selling of cigarettes within the previous five years in any state, tribal, or federal jurisdiction in the United States, its territories, or possessions. A person who possesses a valid license on the effective date of this section is subject to this subsection and subsection (2) of this section beginning on the date of the person's master license expiration, and thereafter. If the applicant or licensee also has a license issued under chapter 66.24 RCW, the background check done under the authority of chapter 66.24 RCW satisfies the requirements of this section.

(4) Each such license shall expire on the master license expiration date, and each such license shall be continued annually if the licensee has paid the required fee and complied with all the provisions of this chapter and the rules of the department of revenue made pursuant thereto.

SB 5439 Prime Sponsor, Senator Jacobsen: Modifying provisions concerning the licensing of fishing guides.

Reported by Committee on Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 77.65.010 and 1998 c 190 s 93 are each amended to read as follows:

(1) Except as otherwise provided by this title, a person may not engage in any of the following activities without a license or permit issued by the director:
(a) Commercially fish for or take food fish or shellfish;
(b) Deliver food fish or shellfish taken in offshore waters;
(c) Operate a charter boat or commercial fishing vessel engaged in a fishery;
(d) Engage in processing or wholesaling food fish or shellfish; or
(e) Act as a fishing guide (for salmon for personal use) in freshwater rivers and streams, other than that part of the Columbia river below the bridge at Longview.
(2) No person may engage in the activities described in subsection (1) of this section unless the licenses or permits required by this title are in the person's possession, and the person is the named license holder or an alternate operator designated on the license and the person's license is not suspended.
(3) A valid Oregon license that is equivalent to a license under this title is valid in the concurrent waters of the Columbia river if the state of Oregon recognizes as valid the equivalent Washington license. The director may identify by rule what Oregon licenses are equivalent.
(4) No license or permit is required for the production or harvesting of private sector cultured aquatic
products as defined in RCW 15.85.020 or for the delivery, processing, or wholesaling of such aquatic products. However, if a means of identifying such products is required by rules adopted under RCW 15.85.060, the exemption from licensing or permit requirements established by this subsection applies only if the aquatic products are identified in conformance with those rules.

Sec. 2. RCW 77.65.150 and 2000 c 107 s 36 are each amended to read as follows:

(1) The director shall issue the charter licenses and angler permits listed in this section according to the requirements of this title. The licenses and permits and their annual fees and surcharges are:

(2) A salmon charter license designating a vessel is required to operate a charter boat to take salmon, other food fish, and shellfish. The director may issue a salmon charter license only to a person who meets the qualifications of RCW 77.70.050.

(3) A nonsalmon charter license designating a vessel is required to operate a charter boat to take food fish other than salmon and shellfish. As used in this subsection, "food fish" does not include salmon.

(4) "Charter boat" means a vessel from which persons may, for a fee, fish for food fish, game fish, or shellfish for personal use, and that brings food fish or shellfish into state ports or brings food fish or shellfish taken from state waters into United States ports. The director may specify by rule when a vessel is a "charter boat" within this definition. "Charter boat" does not mean a vessel used by a guide for clients fishing for food fish or game fish for personal use in freshwater rivers, streams, and lakes, other than Lake Washington or that part of the Columbia River below the bridge at Longview.

(5) A charter boat licensed in Oregon may fish without a Washington charter license under the same rules as Washington charter boat operators in ocean waters within the jurisdiction of Washington state from the southern border of the state of Washington to Leadbetter Point, as long as the Oregon vessel does not land at any Washington port with the purpose of taking on or discharging passengers. The provisions of this subsection shall be in effect as long as the state of Oregon has reciprocal laws and regulations.

(6) A salmon charter license under subsection (1)(b) of this section may be renewed if the license holder notifies the department by May 1st of that year that he or she will not participate in the fishery during that calendar year. The license holder must pay the one hundred-dollar enhancement surcharge, plus a fifteen-dollar handling charge, in order to be considered a valid renewal and eligible to renew the license the following year.

Sec. 3. RCW 77.65.370 and 1998 c 190 s 98 are each amended to read as follows:

(1) A natural person shall not offer or perform the services of a professional (salmon) fishing guide in the taking of (salmon) game fish and food fish for personal use in freshwater rivers and streams, other than in that part of the Columbia river below the bridge at Longview, without a professional (salmon) fishing guide license.

(2) Only an individual at least sixteen years of age may hold a professional (salmon) fishing guide license. No
individual may hold more than one professional ((salmon)) fishing guide license. No individual may hold a professional fishing guide license unless they can demonstrate to the department's satisfaction that they have a current first aid card and a current cardiopulmonary resuscitation card, a Washington state business license, and adequate liability insurance. For purposes of this subsection, "adequate liability insurance" means general liability insurance coverage that extends to both the guide and employees in an amount of at least three hundred thousand dollars for occurrences of bodily injury and property damage in any one accident.

(3) The director may specify by rule the requirements for identifying boats engaged in professional fish guiding.

Sec. 4. RCW 77.65.440 and 2000 c 107 s 55 are each amended to read as follows: The director shall issue the personal licenses listed in this section according to the requirements of this title. The licenses and their annual fees are:

(2) A fur dealer's license allows the holder to purchase, receive, or resell raw furs for profit. The fee for this license is one hundred eighty dollars.

SSB 5442 Prime Sponsor, Senate Committee on Natural Resources, Parks & Shorelines: Allowing the use of certain salmon fishing gear with an experimental fishery permit. Reported by Committee on Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 77.50 RCW to read as follows:

It is the intent of the legislature to ensure that a sustainable level of salmon is made available for harvest for commercial fishers in the state. Maintaining consistent harvest levels has become increasingly difficult with the listing of salmonid species under the federal endangered species act. Without a stable level of harvest, fishers cannot develop niche markets that maximize the economic value of the harvest. New tools and approaches are needed by fish managers to bring increased stability to the fishing industry.

In the short term, it is the legislature's intent to provide managers with tools to assure that commercial harvest of targeted stocks can continue and expand under the constraints of the federal endangered species act. There are experimental types of commercial fishing gear that could allow fishers to stabilize harvest levels by selectively targeting healthy salmon stocks.

For the longer term, the department of fish and wildlife shall proceed with changes to the operation of certain hatcheries in order to stabilize harvest levels by allowing naturally spawning and hatchery origin fish to be managed as a single run. Scientific information from such hatcheries would guide the department's approach to reducing the need to mass mark hatchery origin salmon where appropriate.

Sec. 2. RCW 77.50.030 and 1998 c 190 s 77 are each amended to read as follows:

(1) A person shall not use, operate, or maintain a gill net which exceeds (1500) one thousand five hundred feet in length or a drag seine in the waters of the Columbia river for catching salmon.

(2) A person shall not construct, install, use, operate, or maintain within state waters a pound net, round haul net, lampara net, fish trap, fish wheel, scow fish wheel, set net, weir, or fixed appliance for catching salmon or steelhead except under the authority of a trial or experimental fishery permit, when an emerging commercial fishery has been designated allowing use of one or more of these gear types. The director must consult with the commercial fishing interests that would be affected by the trial or experimental fishery permit. The director may authorize the use of this gear for scientific investigations.

(3) The department, in coordination with the Oregon department of fish and wildlife, shall adopt rules to regulate the use of monofilament in gill net webbing on the Columbia river.

Sec. 3. RCW 77.70.180 and 1993 c 340 s 43 are each amended to read as follows:

(1) Within five years after adopting rules to govern the number and qualifications of participants in an emerging commercial fishery, the director shall provide to the appropriate senate and house of representatives committees a report which outlines the status of the fishery and a recommendation as to whether a separate commercial fishery license, license fee, or limited harvest program should be established for that fishery.

(2) For any emerging commercial fishery designated under RCW 77.50.030, the report must also include:

(a) Information on the extent of the program, including to what degree mass marking and
supplementation programs have been utilized in areas where emerging commercial fisheries using selective fishing gear have been authorized;

(b) Information on the benefit provided to commercial fishers including information on the effectiveness of emerging commercial fisheries using selective fishing gear in providing expanded fishing opportunity within mixed stocks of salmon;

(c) Information on the effectiveness of selective fishing gear in minimizing postrelease mortality for nontarget stocks, harvesting fish so that they are not damaged by the gear, and aiding the creation of niche markets; and

(d) Information on the department's efforts at operating hatcheries in an experimental fashion by managing wild and hatchery origin fish as a single run as an alternative to mass marking and the utilization of selective fishing gear. The department shall consult with commercial fishers, recreational fishers, federally recognized treaty tribes with a fishing right, regional fisheries enhancement groups, and other affected parties to obtain their input in preparing the report under this subsection (2)."

(1) Every motor vehicle shall at all times be equipped with a muffler in good working order and in constant operation to prevent excessive or unusual noise, and no person shall use a muffler cut-out bypass, or similar device upon a motor vehicle on a highway.

(2)(a) No motor vehicle first sold and registered as a new motor vehicle on or after January 1, 1971, shall discharge into the atmosphere at elevations of less than three thousand feet any air contaminant for a period of more than ten seconds which is:

(i) As dark as or darker than the shade designated as No. 1 on the Ringelmann chart, as published by the United States bureau of mines; or

(ii) Of such opacity as to obscure an observer's view to a degree equal to or greater than does smoke described in subsection (a)(i) above.

(b) No motor vehicle first sold and registered prior to January 1, 1971, shall discharge into the atmosphere at elevations of less than three thousand feet any air contaminant for a period of more than ten seconds which is:

(i) As dark as or darker than the shade designated as No. 2 on the Ringelmann chart, as published by the United States bureau of mines; or

It is not a violation of this subsection unless proven by proper authorities that the exhaust system modification results in noise amplification in excess of ninety-five decibels under the prescribed SAE test standard. A court may dismiss an infraction notice for a violation of this subsection if there is reasonable grounds to believe that the vehicle was not operated in violation of this subsection.
This subsection (3) does not apply to vehicles twenty-five or more years old or to passenger vehicles being operated off the highways in an organized racing or competitive event conducted by a recognized sanctioning body."

(1) When a proper child in need of services petition to approve an out-of-home placement is filed under RCW 13.32A.120, 13.32A.140, or 13.32A.150 the juvenile court shall: (a)(i) Schedule a fact-finding hearing to be held: (A) For a child who resides in a place other than his or her parent's home and other than an out-of-home placement, within five calendar days unless the last calendar day is a Saturday, Sunday, or holiday, in which case the hearing shall be held on the preceding judicial day; or (B) for a child living at home or in an out-of-home placement, within ten days; and (ii) notify the parent, child, and the department of such date; (b) notify the parent of the right to be represented by counsel and, if indigent, to have counsel appointed for him or her by the court; (c) appoint legal counsel for the child; (d) inform the child and his or her parent of the legal consequences of the court approving or disapproving a child in need of services petition; (e) notify the parents of their rights under this chapter and chapters 11.88, 13.34, 70.96A, and 71.34 RCW, including the right to file a motion requesting that the court convert the petition to an at-risk youth petition, the right to submit an application for admission of their child to a treatment facility for alcohol, chemical dependency, or mental health treatment, and the right to file a guardianship petition; and (f) notify all parties, including the department, of their right to present evidence at the fact-finding hearing.

(2) Upon filing of a child in need of services petition, the child may be placed, if not already placed by the department in a crisis residential center, foster family home, group home facility licensed under chapter 74.15 RCW, or any other suitable residence other than a HOPE center to be determined by the department. The court may place a child in a crisis residential center for a temporary out-of-home placement as long as the requirements of RCW 13.32A.125 are met.

(3) If the child has been placed in a foster family home or group care facility under chapter 74.15 RCW, the child shall remain there, or in any other suitable residence as determined by the department, pending resolution of the petition by the court. Any placement may be reviewed by the court within three judicial days upon the request of the juvenile or the juvenile's parent.

Sec. 3. RCW 13.32A.170 and 2000 c 123 s 20 are each amended to read as follows:

(1) The court shall hold a fact-finding hearing to consider a proper child in need of services petition, giving due weight to the intent of the legislature that families have the right to place reasonable restrictions and rules upon their children, appropriate to the individual child's developmental level. The court may appoint legal counsel and/or a guardian ad litem to represent the child and advise parents of their right to be represented by legal counsel. At the commencement of the hearing, the court shall advise the parents of their rights as set forth in RCW 13.32A.160(1). If the court approves or denies a child in need of services petition, a written statement of the reasons must be filed.

(2) The court may approve an order stating that the child shall be placed in a residence other than the home of his or her parent only if it is established by a preponderance of the evidence, including a departmental recommendation for approval or dismissal of the petition, that:

(a) The child is a child in need of services as defined in RCW 13.32A.030(5);
(b) If the petitioner is a child, he or she has made a reasonable effort to resolve the conflict;
(c) Reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home; and
(d) A suitable out-of-home placement resource is available.

The court may not grant a petition filed by the child or the department if it is established that the petition is based only upon a dislike of reasonable rules or reasonable discipline established by the parent.

The court may not grant the petition if the child is the subject of a proceeding under chapter 13.34 RCW.

(3) Following the fact-finding hearing the court shall: (a) Approve a child in need of services petition and, if appropriate, enter a temporary out-of-home placement for a period not to exceed fourteen days pending approval of a disposition decision to be made under RCW 13.32A.179(2); (b) approve the parent's motion to convert the petition to an at-risk youth petition (filed by the parents and dismiss the child in need of services petition) and approve the at-risk youth petition; or (c) dismiss the petition.

At any time the court may order the department to review the case to determine whether the case is appropriate for a dependency petition under chapter 13.34 RCW.

Sec. 4. RCW 13.32A.179 and 2000 c 123 s 21 are each amended to read as follows:

(1) A disposition hearing shall be held no later than fourteen days after the approval of the temporary out-of-home placement. The parents, child, and department shall be notified by the court of the time and place of the hearing.

(2) At the conclusion of the disposition hearing, the court may: (a) Reunite the family and dismiss the petition; (b) approve the parent's motion to convert the petition to an at-risk youth petition (filed by the parents and dismiss the child in need of services petition) and approve the at-risk youth petition; (c) approve an out-of-home placement requested in the child in need of services petition by the parents; or (d) order an out-of-home placement at the request of the child or the department not to exceed ninety days.

At any time the court may order the department to review the matter for purposes of filing a dependency petition under chapter 13.34 RCW. Whether or not the court approves or orders an out-of-home placement, the court may also order any conditions of supervision as set forth in RCW 13.32A.196(3).

(3) The court may only enter an order under subsection (2)(d) of this section if it finds by clear, cogent, and convincing evidence that: (a)(i) The order is in the best interest of the family; (ii) the parents have not requested an out-of-home placement; (iii) the parents have not exercised any other right listed in RCW 13.32A.160(1)(e); (iv) the child has made reasonable efforts to resolve the problems that led to the filing of the petition; (v) the problems cannot be resolved by delivery of services to the family during continued placement of the child in the parental home; (vi) reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home; and (vii) a suitable out-of-home placement resource is available; (b)(i) the order is in the best interest of the child; and (ii) the parents are unavailable; or (c) the parent's actions cause an imminent threat to the child's health or safety.

(4) The court may order the department to submit a dispositional plan if such a plan would assist the court in ordering a suitable disposition in the case. The plan, if ordered, shall address the needs of the child, and the perceived needs of the parents if the order was entered under subsection (2)(d) of this section or if specifically agreed to by the parents. If the parents do not agree or the order was not entered under subsection (2)(d) of this section the plan may only make recommendations regarding services in which the parents may voluntarily participate. If the court orders the department to prepare a plan, the department shall provide copies of the plan to the parent, the child, and the court. If the parties or the court desire the department to be involved in any future proceedings or case plan development, the department shall be provided with timely notification of all court hearings.

(5) At any time during the pendency of a child in need of services petition or following approval of a child in need of services petition, the court may order that a risk and needs assessment of the child be conducted by juvenile court staff, a community agency identified by the court, or the department if the department has sufficient resources and agrees to perform the assessment.

(6) A child who fails to comply with a court order issued under this section shall be subject to contempt proceedings, as provided in this chapter, but only if the noncompliance occurs within one year after the entry of the order.
After the court approves or orders an out-of-home placement, the parents or the department may request, and the court may grant, dismissal of the child in need of services proceeding when it is not feasible for the department to provide services due to one or more of the following circumstances:

(a) The child has been absent from court approved placement for thirty consecutive days or more;
(b) The parents or the child, or all of them, refuse to cooperate in available, appropriate intervention aimed at reuniting the family; or
(c) The department has exhausted all available and appropriate resources that would result in reunification.

The court shall dismiss a placement made under subsection (2)(c) of this section upon the request of the parents.

Sec. 5. RCW 13.32A.190 and 1996 c 133 s 25 are each amended to read as follows:

(1) Upon making a dispositional order under RCW 13.32A.179, the court shall schedule the matter on the calendar for review within three months, advise the parties of the date thereof, appoint legal counsel and/or a guardian ad litem to represent the child at the review hearing, advise parents of their right to be represented by legal counsel at the review hearing, and notify the parties of their rights to present evidence at the hearing. Where resources are available, the court shall encourage the parent and child to participate in programs for reconciliation of their conflict.

(2) At the review hearing, the court shall approve or disapprove the continuation of the dispositional plan in accordance with this chapter. The court shall determine whether reasonable efforts have been made to reunify the family and make it possible for the child to return home. The court shall discontinue the placement and order that the child return home if the court has reasonable grounds to believe that the parents have made reasonable efforts to resolve the conflict and the court has reason to believe that the child's refusal to return home is capricious. If out-of-home placement is continued, the court may modify the dispositional plan.

(3) At its discretion, the court may hold a hearing to review a child in need of services matter at any time throughout the duration of the proceeding.

(4) Out-of-home placement may not be continued past one hundred eighty days from the day the review hearing commenced. The court shall order the child to return to the home of the parent at the expiration of the placement. If an out-of-home placement is disapproved prior to one hundred eighty days, the court shall enter an order requiring the child to return to the home of the child's parent.

The parents and the department may request, and the juvenile court may grant, dismissal of an out-of-home placement order when it is not feasible for the department to provide services due to one or more of the following circumstances:

(a) The child has been absent from court approved placement for thirty consecutive days or more;
(b) The parents or the child, or all of them, refuse to cooperate in available, appropriate intervention aimed at reuniting the family; or
(c) The department has exhausted all available and appropriate resources that would result in reunification.

The court shall terminate a placement made under this section upon the request of a parent unless the placement is made pursuant to RCW 13.32A.179(3).

The court may dismiss a child in need of services petition filed by a parent at any time if the court finds good cause to believe that continuation of out-of-home placement would serve no useful purpose.

The court shall dismiss a child in need of services proceeding if the child is the subject of a proceeding under chapter 13.34 RCW.

Sec. 6. RCW 13.32A.196 and 2000 c 123 s 24 are each amended to read as follows:

(1) A dispositional hearing shall be held no later than fourteen days after the fact-finding hearing. Each party shall be notified of the time and date of the hearing.

(2) At the dispositional hearing regarding an adjudicated at-risk youth, the court shall consider the recommendations of the parties and the recommendations of any dispositional plan submitted by the department. The court may enter a dispositional order that will assist the parent in maintaining the care, custody, and control
of the child and assist the family to resolve family conflicts or problems.

(3) The court may set conditions of supervision for the child that include:
(a) Regular school attendance;
(b) Counseling;
(c) Participation in a substance abuse or mental health outpatient treatment program;
(d) Reporting on a regular basis to the department or any other designated person or agency; and
(e) Any other condition the court deems an appropriate condition of supervision including but not limited to: Employment, participation in an anger management program, and refraining from using alcohol or drugs.

(4) No dispositional order or condition of supervision ordered by a court pursuant to this section shall include involuntary commitment of a child for substance abuse or mental health treatment.

(5) The court may order the parent to participate in counseling services or any other services for the child requiring parental participation. The parent shall cooperate with the court-ordered case plan and shall take necessary steps to help implement the case plan. The parent shall be financially responsible for costs related to the court-ordered plan; however, this requirement shall not affect the eligibility of the parent or child for public assistance or other benefits to which the parent or child may otherwise be entitled.

(6) The parent may request dismissal of an at-risk youth proceeding or out-of-home placement at any time. Upon such a request, the court shall dismiss the matter and cease court supervision of the child unless:
(a) A contempt action is pending in the case; (b) a petition has been filed under RCW 13.32A.150 and a hearing has not yet been held under RCW 13.32A.179; or (c) an order has been entered under RCW 13.32A.179(3) and the court retains jurisdiction under that subsection. The court may retain jurisdiction over the matter for the purpose of concluding any pending contempt proceedings, including the full satisfaction of any penalties imposed as a result of a contempt finding.

(7) An at-risk youth proceeding converted from a truancy proceeding under chapter 28A.225 RCW shall revert to being a truancy proceeding under chapter 28A.225 RCW if, pursuant to subsection (6) of this section, the at-risk youth petition is dismissed.

(8) The court may order the department to monitor compliance with the dispositional order, assist in coordinating the provision of court-ordered services, and submit reports at subsequent review hearings regarding the status of the case.

(9) At any time during the pendency of an at-risk youth petition or following approval of an at-risk youth petition, the court may order that a risk and needs assessment of the child be conducted by juvenile court staff, a community agency identified by the court, or the department if the department has sufficient resources and agrees to perform the assessment.

Sec. 7. RCW 13.32A.198 and 1990 c 276 s 15 are each amended to read as follows:

(1) Upon making a disposition regarding an adjudicated at-risk youth, the court shall schedule the matter on the calendar for review within three months, advise the parties of the date thereof, appoint legal counsel for the child, advise the parent of the right to be represented by legal counsel at the review hearing at the parent's own expense, and notify the parties of their rights to present evidence at the hearing.

(2) At the review hearing, the court shall approve or disapprove the continuation of court supervision in accordance with the goal of assisting the parent to maintain the care, custody, and control of the child. The court shall determine whether the parent and child are complying with the dispositional plan. If court supervision is continued, the court may modify the dispositional plan.

(3) At its discretion, the court may hold a hearing to review an at-risk youth matter at any time throughout the duration of the proceeding.

(4) Court supervision of the child may not be continued past one hundred eighty days from the day the review hearing commenced unless the court finds, and the parent agrees, that there are compelling reasons for an extension of supervision. Any extension granted pursuant to this subsection shall not exceed ninety days.

(5) The court may dismiss an at-risk youth proceeding at any time if the court finds good cause to believe that continuation of court supervision would serve no useful purpose or that the parent is not cooperating with the court-ordered case plan. The court shall dismiss an at-risk youth proceeding if the child is the subject of a proceeding under chapter 13.34 RCW.
(6) An at-risk youth proceeding converted from a truancy proceeding under chapter 28A.225 RCW shall revert to being a truancy proceeding under chapter 28A.225 RCW if, pursuant to this section, the at-risk youth petition is dismissed.

Sec. 8. RCW 28A.225.035 and 1999 c 319 s 3 are each amended to read as follows:

(1) A petition for a civil action under RCW 28A.225.030 or 28A.225.015 shall consist of a written notification to the court alleging that:
   (a) The child has unexcused absences during the current school year;
   (b) Actions taken by the school district have not been successful in substantially reducing the child's absences from school; and
   (c) Court intervention and supervision are necessary to assist the school district or parent to reduce the child's absences from school.

(2) The petition shall set forth the name, age, school, and residence of the child and the names and residence of the child's parents.

(3) The petition shall set forth facts that support the allegations in this section and shall generally request relief available under this chapter and provide information about what the court might order under RCW 28A.225.090.

(4) When a petition is filed under RCW 28A.225.030 or 28A.225.015, the juvenile court shall schedule a hearing at which the court shall consider the petition, or if the court determines that a referral to an available community truancy board would substantially reduce the child's unexcused absences, the court may refer the case to a community truancy board under the jurisdiction of the juvenile court.

(5) If a referral is made to a community truancy board, the truancy board must meet with the child, a parent, and the school district representative and enter into an agreement with the petitioner and respondent regarding expectations and any actions necessary to address the child's truancy within thirty days of the referral. If the petition is based on RCW 28A.225.015, the child shall not be required to attend and the agreement under this subsection shall be between the truancy board, the school district, and the child's parent. The agreement shall be presented to the juvenile court for its approval.

(6) The court shall approve the agreement by order or schedule a hearing. The court may, if the school district and community truancy board agree, permit the truancy board to provide continued supervision over the student, or parent if the petition is based on RCW 28A.225.015, and report on compliance with the order.

(7) If the truancy board fails to reach an agreement, the truancy board shall return the case to the juvenile court for a hearing.

(8) Notwithstanding the provisions in subsection (4) of this section, a hearing shall not be required if other actions by the court would substantially reduce the child's unexcused absences. When a juvenile court hearing is held, the court shall:
   (a) Separately notify the child, the parent of the child, and the school district of the hearing;
   (b) Notify the parent and the child of their rights to present evidence at the hearing; and
   (c) Notify the parent and the child of the options and rights available under chapter 13.32A RCW.

(9) The court may require the attendance of the child if eight years old or older, the parents, and the school district at any hearing on a petition filed under RCW 28A.225.030.

(10) A school district is responsible for determining who shall represent the school district at hearings on a petition filed under RCW 28A.225.030 or 28A.225.015.

(11) The court may permit the first hearing to be held without requiring that either party be represented by legal counsel, and to be held without a guardian ad litem for the child under RCW 4.08.050. At the request of the school district, the court shall permit a school district representative who is not an attorney to represent the school district at any future hearings.

(12) If the allegations in the petition are established by a preponderance of the evidence, the court shall grant the petition and enter an order assuming jurisdiction to intervene for the period of time determined by the court, after considering the facts alleged in the petition and the circumstances of the juvenile, to most likely cause the juvenile to return to and remain in school while the juvenile is subject to this chapter. In no case may the order expire before the end of the school year in which it is entered.
(13) If the court assumes jurisdiction, the school district shall regularly report to the court any additional unexcused absences by the child.

(14) Community truancy boards and the courts shall coordinate, to the extent possible, proceedings and actions pertaining to children who are subject to truancy petitions and at-risk youth petitions in RCW 13.32A.191 or child in need of services petitions in RCW 13.32A.140.

(15) If after a juvenile court assumes jurisdiction in one county the child relocates to another county, the juvenile court in the receiving county shall, upon the request of a school district or parent, assume jurisdiction of the petition filed in the previous county.

(16) At any time after the filing of a truancy petition on his or her child, and subsequent to a family assessment as provided under RCW 13.32A.150(1), a parent may file with the court a motion requesting the matter be converted to an at-risk youth proceeding under chapter 13.32A RCW. The court shall approve the motion unless there is a pending contempt action under this chapter or the court has reason to believe the conversion would not be in the best interest of the child.

Sec. 9. RCW 28A.225.090 and 2000 c 162 s 6 and 2000 c 61 s 1 are each reenacted and amended to read as follows:

(1) A court may order a child subject to a petition under RCW 28A.225.035 to do one or more of the following:
   (a) Attend the child's current school, and set forth minimum attendance requirements, including suspensions;
   (b) If there is space available and the program can provide educational services appropriate for the child, order the child to attend another public school, an alternative education program, center, a skill center, dropout prevention program, or another public educational program;
   (c) Attend a private nonsectarian school or program including an education center. Before ordering a child to attend an approved or certified private nonsectarian school or program, the court shall: (i) Consider the public and private programs available; (ii) find that placement is in the best interest of the child; and (iii) find that the private school or program is willing to accept the child and will not charge any fees in addition to those established by contract with the student's school district. If the court orders the child to enroll in a private school or program, the child's school district shall contract with the school or program to provide educational services for the child. The school district shall not be required to contract for a weekly rate that exceeds the state general apportionment dollars calculated on a weekly basis generated by the child and received by the district. A school district shall not be required to enter into a contract that is longer than the remainder of the school year. A school district shall not be required to enter into or continue a contract if the child is no longer enrolled in the district;
   (d) Be referred to a community truancy board, if available; or
   (e) Submit to testing for the use of controlled substances or alcohol based on a determination that such testing is appropriate to the circumstances and behavior of the child and will facilitate the child's compliance with the mandatory attendance law and, if any test ordered under this subsection indicates the use of controlled substances or alcohol, order the minor to abstain from the unlawful consumption of controlled substances or alcohol and adhere to the recommendations of the drug assessment at no expense to the school.

(2) If the child fails to comply with a court order, the court may order the child to be placed in confinement for contempt, either in a juvenile detention facility operated by or under a contract with a county or in a secure facility that is a separate, secure section of a juvenile detention facility, or may impose alternatives to confinement such as community service. Failure by a child to comply with an order issued under this subsection shall not be subject to detention for a period greater than that permitted pursuant to a civil contempt proceeding against a child under chapter 13.32A RCW. In no case may a child in contempt be confined in a secure facility that is freestanding outside a juvenile detention facility.

(b) If the child fails to comply with the court order, the court may order that a risk and needs assessment of the child be conducted by juvenile court staff, a community agency identified by the court, or the department if the department has sufficient resources and agrees to perform the assessment. The court shall hold a review hearing within fourteen days of the contempt finding and, pursuant to the results of the assessment, may order
conditions of supervision, including regular school attendance, counseling, participation in a substance abuse or mental health outpatient treatment program, and any other condition the court deems an appropriate condition of supervision.

(3) Any parent violating any of the provisions of either RCW 28A.225.010, 28A.225.015, or 28A.225.080 shall be fined not more than twenty-five dollars for each day of unexcused absence from school. It shall be a defense for a parent charged with violating RCW 28A.225.010 to show that he or she exercised reasonable diligence in attempting to cause a child in his or her custody to attend school or that the child's school did not perform its duties as required in RCW 28A.225.020. The court may order the parent to provide community service instead of imposing a fine. Any fine imposed pursuant to this section may be suspended upon the condition that a parent charged with violating RCW 28A.225.010 shall participate with the school and the child in a supervised plan for the child's attendance at school or upon condition that the parent attend a conference or conferences scheduled by a school for the purpose of analyzing the causes of a child's absence.

(4)(a) If a child continues to be truant after entering into a court-approved order with the truancy board under RCW 28A.225.035, the juvenile court shall find the child in contempt, and the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention such as meaningful community service. Failure by a child to comply with an order issued under this subsection may not subject a child to detention for a period greater than that permitted under a civil contempt proceeding against a child under chapter 13.32A RCW.

(b) If a child continues to be truant after entering into a court-approved order with the truancy board under RCW 28A.225.035, the juvenile court shall find the child in contempt, and the court may order that a risk and needs assessment of the child be conducted by juvenile court staff, a community agency identified by the court, or the department if the department has sufficient resources and agrees to perform the assessment. The court shall hold a review hearing within fourteen days of the contempt finding and, pursuant to the results of the assessment, may order conditions of supervision, including regular school attendance, counseling, participation in a substance abuse or mental health outpatient treatment program, and any other condition the court deems an appropriate condition of supervision.

(5) Subsections (1), (2), and (4) of this section shall not apply to a six or seven year-old child required to attend public school under RCW 28A.225.015.

(4)(a) If a child continues to be truant after entering into a court-approved order with the truancy board under RCW 28A.225.035, the juvenile court shall find the child in contempt, and the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention such as meaningful community service. (5) Subsections (1), (2), and (4) of this section shall not apply to a six or seven year-old child required to attend public school under RCW 28A.225.015.

NEW SECTION. Sec. 11. A new section is added to chapter 74.15 RCW to read as follows:

(1) A law enforcement officer acting in good faith pursuant to this chapter is immune from civil or criminal liability for such action.

(2) A person with whom a child is placed pursuant to this chapter and who acts reasonably and in good
faith is immune from civil or criminal liability ((for the act of receiving the child)). The immunity does not release the person from liability under any other law.

Sec. 13. RCW 13.32A.125 and 1995 c 312 s 44 are each amended to read as follows:

In approving a petition under this chapter, a child may be placed in a semi-secure crisis residential center as a temporary out-of-home placement under the following conditions: (1) No other suitable out-of-home placement is available; (2) space is available in the semi-secure crisis residential center; and (3) no child will be denied access for a five-day placement due to this placement.

Any child referred to a semi-secure crisis residential center by a law enforcement officer, the department, or himself or herself shall have priority over a temporary out-of-home placement in the facility. Any out-of-home placement order shall be subject to this priority, and the administrator of the semi-secure crisis residential center shall transfer the temporary out-of-home placement youth to a new out-of-home placement as necessary to ensure access for youth needing the semi-secure crisis residential center.

A crisis residential center and any person employed at the center acting reasonably and in good faith in carrying out the provisions of this section are immune from criminal or civil liability for such actions.

Sec. 14. 1999 c 267 s 24 (uncodified) is amended to read as follows:

MAJORITY recommendation: Do pass as amended.

"NEW SECTION. Sec. 1. A new section is added to chapter 46.63 RCW to read as follows:

(1) The use of traffic safety cameras is subject to the following regulations:
   (a) The appropriate legislative authority must enact an ordinance allowing for their use to detect one or more of the following: Stoplight or railroad crossing or speeding in a construction zone violations. When traffic safety cameras are used to detect speeding in a construction zone, the ordinance must require the appropriate governmental transportation entity to establish the traffic safety camera zone. At a minimum, the local ordinance must contain the restrictions described in sections 1 through 4 of this act. Cities and counties using traffic safety cameras before the effective date of this act are subject to the restrictions described in sections 1 through 4 of this act, but are not required to enact an authorizing ordinance.
   (b) Traffic safety cameras may take pictures of the vehicle and the vehicle license plate only.
   (c) The jurisdiction must develop a public notification program for areas in which traffic safety cameras will be used. Under their respective jurisdictions, the law enforcement agency shall plainly mark the locations where the traffic safety cameras are used by placing signs on street locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by traffic safety cameras.
   (d) A notice of traffic infraction must be mailed to the registered owner of the vehicle within fourteen days of the infraction occurring. The jurisdiction must not issue an additional infraction to the registered owner of the vehicle during the fourteen-day notification period.
   (e) A person receiving a notice of traffic infraction based on evidence detected by a traffic safety camera may respond to the notice by mail.

(2) Infractions detected through the use of traffic safety cameras will be recorded as are stopping, standing, or parking violations under RCW 46.61.560, but are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120.

(3) The traffic safety commission may adopt rules regarding:
   (a) Mechanical and operational standards for traffic safety camera equipment;
   (b) The placement of signs to notify drivers that they are entering a jurisdiction or area that uses traffic
safety cameras;
    (c) Recommendations on how cities and counties will educate the public about traffic safety cameras.
    (4) Jurisdictions using traffic safety cameras must comply with any standards adopted under subsection
    (3) of this section.

(1) A law enforcement officer has the authority to issue a notice of traffic infraction:
    (a) When the infraction is committed in the officer's presence;
    (b) When the officer is acting upon the request of a law enforcement officer in whose presence the traffic
    infraction was committed; (ee)
    (c) If an officer investigating at the scene of a motor vehicle accident has reasonable cause to believe that
    the driver of a motor vehicle involved in the accident has committed a traffic infraction; or
    (d) When a notice of traffic infraction may be mailed to the registered owner of or the person renting a
    vehicle as authorized under subsection (2) of this section.

(2) When a traffic safety camera is used in compliance with section 1 of this act, a law enforcement
    officer, whether present or not during the commission of the infraction, or other issuing agency may issue a
    notice of traffic infraction by mail to the registered owner of the vehicle or the person renting the vehicle. The
    registered owner of the vehicle or the person renting the vehicle is responsible for the infraction.

(3) A court may issue a notice of traffic infraction upon receipt of a written statement of the officer that
    there is reasonable cause to believe that an infraction was committed.

(((3))) (4) If any motor vehicle without a driver is found parked, standing, or stopped in violation of this
    title or an equivalent administrative regulation or local law, ordinance, regulation, or resolution, the officer
    finding the vehicle shall take its registration number and may take any other information displayed on the vehicle
    which may identify its user, and shall conspicuously affix to the vehicle a notice of traffic infraction.

(((4))) (5) In the case of failure to redeem an abandoned vehicle under RCW 46.55.120, upon receiving a
    complaint by a registered tow truck operator that has incurred costs in removing, storing, and disposing of an
    abandoned vehicle, an officer of the law enforcement agency responsible for directing the removal of the vehicle
    shall send a notice of infraction by certified mail to the last known address of the registered owner of the vehicle.
    The officer shall append to the notice of infraction, on a form prescribed by the department of licensing, a notice
    indicating the amount of costs incurred as a result of removing, storing, and disposing of the abandoned vehicle,
    less any amount realized at auction, and a statement that monetary penalties for the infraction will not be

    owner is a rental car business, the infraction will be dismissed against the business if it mails to the issuing
    agency, within fourteen days of receiving the notice, the name and known mailing address of the individual
    driving or renting the vehicle when the infraction occurred. If the business is unable to determine who was
    driving or renting the vehicle at the time the infraction occurred, the business must sign an affidavit making this
    declaration. The affidavit must be mailed to the issuing agency within fourteen days of receiving the notice of
infraction. An affidavit form suitable for this purpose must be included with each infraction issued, along with instructions for its completion and use.

**Sec. 5.** RCW 46.63.140 and 1980 c 128 s 11 are each amended to read as follows:

(1) In any traffic infraction case involving a violation of this title or equivalent administrative regulation or local law, ordinance, regulation, or resolution relating to the stopping, standing, or parking of a vehicle, proof that the particular vehicle described in the notice of traffic infraction was stopping, standing, or parking in violation of any such provision of this title or an equivalent administrative regulation or local law, ordinance, regulation, or resolution, together with proof that the person named in the notice of traffic infraction was at the time of the violation the registered owner of the vehicle, (shall) constitute in evidence a prima facie presumption that the registered owner of the vehicle was the person who parked or placed the vehicle at the point where, and for the time during which, the violation occurred.

(2) The foregoing stated presumption (shall apply) applies only when the procedure prescribed in RCW 46.63.030((3)) (4) has been followed.

SSB 5637 Prime Sponsor, Senate Committee on Natural Resources, Parks & Shorelines: Creating a program of
watershed health monitoring and assessments. Reported by Committee on Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that a comprehensive program of monitoring is
fundamental to making sound public policy and programmatic decisions regarding salmon recovery and
watershed health. Monitoring provides accountability for results of management actions and provides the data
upon which an adaptive management framework can lead to improvement of strategies and programs.
Monitoring is also a required element of any salmon recovery plan submitted to the federal government for
approval. While numerous agencies and citizen organizations are engaged in monitoring a wide range of salmon
recovery and watershed health parameters, there is a greater need for coordination of monitoring efforts, for using
limited monitoring resources to obtain information most useful for achieving relevant local, state, and federal
requirements regarding watershed health and salmon recovery, and for making the information more accessible to
those agencies and organizations implementing watershed health programs and projects. Regarding salmon
recovery monitoring, the state independent science panel has concluded that many programs already monitor
indicators relevant to salmonids, but the efforts are largely uncoordinated or unlinked among programs, have
different objectives, use different indicators, lack support for sharing data, and lack shared statistical designs to
address specific issues raised by listing of salmonid species under the federal endangered species act.

Therefore, it is the intent of the legislature to encourage the refocusing of existing agency monitoring
activities necessary to implement a comprehensive watershed health monitoring program, with a focus on salmon
recovery. The program should: Be based on a framework of greater coordination of existing monitoring
activities; require monitoring activities most relevant to adopted local, state, and federal watershed health
objectives; and facilitate the exchange of monitoring information with agencies and organizations carrying out
watershed health, salmon recovery, and water resources management planning and programs.

NEW SECTION. Sec. 2. A new section is added to chapter 90.82 RCW to read as follows:
In conducting assessments and other studies that include monitoring components or recommendations,
the department and planning units shall implement the monitoring recommendations developed under section 3 of this act.

**NEW SECTION. Sec. 3.** A new section is added to chapter 77.85 RCW to read as follows:

(1) The monitoring oversight committee is hereby established. The committee shall be comprised of the directors or their designated representatives of:

(a) The salmon recovery office;
(b) The department of ecology;
(c) The department of fish and wildlife;
(d) The conservation commission;
(e) The Puget Sound action team;
(f) The department of natural resources;
(g) The department of transportation;
(h) The interagency committee for outdoor recreation; and
(i) Eight legislators designated as follows: The cochairs of the natural resources committee of the house of representatives; the chair and the ranking minority member of the senate natural resources, parks, and shorelines committee; the cochairs of the agriculture and ecology committee of the house of representatives; and the chair and the ranking minority member of the senate environment, energy, and water committee.

(2) The director of the salmon recovery office and the chair of the salmon recovery funding board shall cochair the committee. The cochairs shall convene the committee as necessary to develop, for the consideration of the governor and legislature, a comprehensive and coordinated monitoring strategy and action plan on watershed health with a focus on salmon recovery. The committee shall invite representation from the treaty tribes to participate in the committee's efforts. In addition, the committee shall invite participation by other state, local, and federal agencies and other entities as appropriate. The committee shall address the monitoring recommendations of the independent science panel provided under RCW 77.85.040(7) and of the joint legislative audit and review committee in its report number 01-1 on investing in the environment.

(3) The independent science panel shall act as an advisor to the monitoring oversight committee and shall review all work products developed by the committee and make recommendations to the committee cochairs.

(4) The committee may make recommendations to individual agencies to improve coordination of monitoring activities.

(5) The committee shall:

(a) Define the monitoring goals, objectives, and questions that must be addressed as part of a comprehensive statewide salmon recovery monitoring and adaptive management framework;

(b) Identify and evaluate existing monitoring activities for inclusion in the framework, while ensuring data consistency and coordination and the filling of monitoring gaps;

(c) Recommend statistical designs appropriate to the objectives;

(d) Recommend performance measures appropriate to the objectives and targeted to the appropriate geographical, temporal, and biological scales;

(e) Recommend standardized monitoring protocols for salmon recovery and watershed health;

(f) Recommend procedures to ensure quality assurance and quality control of all relevant data;

(g) Recommend data transfer protocols to support easy access, sharing, and coordination among different collectors and users;

(h) Recommend ways to integrate monitoring information into decision making;

(i) Recommend organizational and governance structures for oversight and implementation of the coordinated monitoring framework;

(j) Recommend stable sources of funding that will ensure the continued operation and maintenance of the state's salmon recovery and watershed health monitoring programs, once established; and

(k) Identify administrative actions that will be undertaken by state agencies to implement elements of the coordinated monitoring program.

(6) In developing the coordinated monitoring strategy, the committee shall coordinate with other appropriate state, federal, local, and tribal monitoring efforts, including but not limited to the Northwest power
planning council, the Northwest Indian fisheries commission, the national marine fisheries service, and the United States fish and wildlife service. The committee shall also consult with watershed planning units under chapter 90.82 RCW, lead entities under this chapter, professional organizations, and other appropriate groups.

(7) The cochairs shall provide an interim report to the governor and the members of the appropriate legislative committees by March 1, 2002, on the progress made in implementing this section. By December 1, 2002, the committee shall provide a monitoring strategy and action plan to the governor, and the members of the appropriate legislative committees for achieving a comprehensive watershed health monitoring program with a focus on salmon recovery. The strategy and action plan shall document the results of the committee’s actions in addressing the responsibilities described in subsection (5) of this section. In addition, the monitoring strategy and action plan shall include an assessment of existing state agency operations related to monitoring, evaluation, and adaptive management of watershed health and salmon recovery, and shall recommend any operational or statutory changes and funding necessary to fully implement the enhanced coordination program developed under this section. The plan shall make recommendations based upon the goal of fully realizing an enhanced and coordinated monitoring program by June 30, 2007."

Real property acquired by any county of this state by foreclosure of delinquent taxes may be sold by order of the county legislative authority of the county when in the judgment of the county legislative authority it
is deemed in the best interests of the county to sell the real property.

When the legislative authority desires to sell any such property it may, if deemed advantageous to the county, combine any or all of the several lots and tracts of such property in one or more units, and may reserve from sale coal, oil, gas, gravel, minerals, ores, fossils, timber, or other resources on or in the lands, and the right to mine for and remove the same, and it shall then enter an order on its records fixing the unit or units in which the property shall be sold and the minimum price for each of such units, and whether the sale will be for cash or whether a contract will be offered, and reserving from sale such of the resources as it may determine and from which units such reservations shall apply, and directing the county treasurer to sell such property in the unit or units and at not less than the price or prices and subject to such reservations so fixed by the county legislative authority. The order shall be subject to the approval of the county treasurer if several lots or tracts of land are combined in one unit.

Except in cases where the sale is to be by direct negotiation as provided in (((this chapter))) RCW 36.35.150, it shall be the duty of the county treasurer upon receipt of such order to publish once a week for three consecutive weeks a notice of the sale of such property in a newspaper of general circulation in the county where the land is situated. The notice shall describe the property to be sold, the unit or units, the reservations, and the minimum price fixed in the order, together with the time and place and terms of sale, in the same manner as foreclosure sales as provided by RCW 84.64.080.

The person making the bid shall state whether he or she will pay cash for the amount of his or her bid or accept a real estate contract of purchase in accordance with the provisions hereinafter contained. The person making the highest bid shall become the purchaser of the property. If the highest bidder is a contract bidder the purchaser shall be required to pay thirty percent of the total purchase price at the time of the sale and shall enter into a contract with the county as vendor and the purchaser as vendee which shall obligate and require the purchaser to pay the balance of the purchase price in ten equal annual installments commencing November 1st and each year following the date of the sale, and shall require the purchaser to pay twelve percent interest on all deferred payments, interest to be paid at the time the annual installment is due; and may contain a provision authorizing the purchaser to make payment in full at any time of any balance due on the total purchase price plus accrued interest on such balance. The contract shall contain a provision requiring the purchaser to pay before delinquency all subsequent taxes and assessments that may be levied or assessed against the property subsequent to the date of the contract, and shall contain a provision that time is of the essence of the contract and that in event of a failure of the vendee to make payments at the time and in the manner required and to keep and perform the covenants and conditions therein required of him or her that the contract may be forfeited and terminated at the election of the vendor, and that in event of the election all sums theretofore paid by the vendee shall be forfeited as liquidated damages for failure to comply with the provisions of the contract; and shall require the vendor to execute and deliver to the vendee a deed of conveyance covering the property upon the payment in full of the purchase price, plus accrued interest.

The county legislative authority may by order entered in its records, direct the coal, oil, gas, gravel, minerals, ores, timber, or other resources sold apart from the land, such sale to be conducted in the manner hereinabove prescribed for the sale of the land. Any such reserved minerals or resources not exceeding two hundred dollars in value may be sold, when the county legislative authority deems it advisable, either with or without such publication of the notice of sale, and in such manner as the county legislative authority may determine will be most beneficial to the county.

Sec. 11. RCW 36.35.150 and 1997 c 244 s 2 are each amended to read as follows:

---
The county legislative authority may dispose of tax foreclosed property by private negotiation, without a call for bids, for not less than the principal amount of the unpaid taxes in any of the following cases: (1) When the sale is to any governmental agency and for public purposes; (2) when the county legislative authority determines that it is not practical to build on the property due to the physical characteristics of the property or legal restrictions on construction activities on the property; (3) when the property has an assessed value of less than five hundred dollars and the property is sold to an adjoining landowner; or (4) when no acceptable bids were received at the attempted public auction of the property, if the sale is made within ((six)) twelve months from the date of the attempted public auction.

Sec. 12. RCW 36.96.040 and 1979 ex.s. c 5 s 4 are each amended to read as follows:
After such hearings, the county legislative authority shall make written findings whether each of the special purpose districts that was a subject of the hearings meets each of the criteria of being "inactive." Whenever a special purpose district other than a public utility district has been found to meet a criterion of being inactive, or a public utility district has been found to meet both criteria of being inactive, the county legislative authority shall adopt an ordinance dissolving the special purpose district if it also makes additional written findings detailing why it is in the public interest that the special purpose district be dissolved, and shall provide a copy of the ordinance to the county treasurer. Except for the purpose of winding up its affairs as provided by this chapter, a special purpose district that is so dissolved shall cease to exist and the authority and obligation to carry out the purposes for which it was created shall cease thirty-one days after adoption of the dissolution ordinance.

Sec. 13. RCW 36.96.070 and 1979 ex.s. c 5 s 7 are each amended to read as follows:
Any moneys or funds of the dissolved special purpose district and any moneys or funds received by the board of trustees from the sale or other disposition of any property of the dissolved special purpose district shall be used, to the extent necessary, for the payment or settlement of any outstanding obligations of the dissolved special purpose district. Any remaining moneys or funds shall be used to pay the county legislative authority for all costs and expenses incurred in the dissolution and liquidation of the dissolved special purpose district. Thereafter, any remaining moneys, funds, or property shall become that of the county in which the dissolved special purpose district was located. However, if the territory of the dissolved special purpose district was located within more than one county, the remaining moneys, funds, and personal property shall be apportioned and distributed to each county in the proportion that the geographical area of the dissolved special purpose district within the county bears to the total geographical area of the dissolved special purpose district, and any remaining real property or improvements to real property shall be transferred to the county within whose boundaries it lies. A county to which real property or improvements to real property are transferred under this section does not have an obligation to use the property or improvements for the purposes for which the dissolved special purpose district used the property or improvements and the county does not assume the obligations or liabilities of the dissolved special purpose district as a result of the transfer.

(a) For each lot on which an advance tax deposit has been paid in accordance with RCW 58.08.040, the assessor shall establish the true and fair value by October 30 of the year following the recording of the plat, replat, altered plat, or binding site plan. The value established shall be the value of the lot as of January 1 of the year the original parcel of real property was last revalued. An additional property tax shall not be due on the land until the calendar year following the year for which the advance tax deposit was paid if the deposit was sufficient to pay the full amount of the taxes due on the property.

(b) For each lot on which an advance tax deposit has not been paid, the assessor shall establish the true and fair value not later than the calendar year following the recording of the plat, map, subdivision, or replat. For purposes of this section, "subdivision" means a division of land into two or more lots or boundary line adjustments between two or more parcels.

(c) For each subdivision, all current year and delinquent taxes and assessments on the entire tract must be paid in full in accordance with RCW 58.17.160 and 58.08.030. For purposes of this section, "current year taxes" means taxes that are collectible under RCW 84.56.010 subsequent to February 14.

(2) When the assessor is required by law to segregate any part or parts of real property, assessed before or after July 27, 1997, as one parcel or when the assessor is required by law to combine parcels of real property
assessed before or after July 27, 1997, as two or more parcels, the assessor shall carefully investigate and ascertain the true and fair value of each part or parts of the real property and each combined parcel and assess each part or parts or each combined parcel on that same basis.

Sec. 20. RCW 84.56.250 and 1961 c 15 s 84.56.250 are each amended to read as follows:
If any county treasurer (shall willfully)) willfully refuses or neglects to collect any taxes assessed upon personal property, where the same is collectible, or to file the delinquent list and affidavit, as herein provided, (the he) the treasurer shall be held, in his or her next settlement with the (county auditor) county legislative authority, liable for the whole amount of such taxes uncollected, and the same shall be deducted from his or her salary and applied to the several funds for which they were levied.

Sec. 21. RCW 85.38.220 and 1986 c 278 s 10 are each amended to read as follows:
Any special district may have its operations suspended as provided in this section. The process of suspending a special district's operations may be initiated by: (1) The adoption of a resolution proposing such action by the governing body of the special district; (2) the filing of a petition proposing such action with the county legislative authority of the county in which all or the largest portion of the special district is located, which petition is signed by voters of the special district who own at least ten percent of the acreage in the special district or is signed by ten or more voters of the special district; or (3) the adoption of a resolution proposing such action by the county legislative authority of the county in which all or the largest portion of the special district is located.

A public hearing on the proposed action shall be held by the county legislative authority at which it shall inquire into whether such action is in the public interest. Notice of the public hearing shall be published in a newspaper of general circulation in the special district, posted in at least four locations in the special district to attract the attention of the public, and mailed to the members of the governing body of the special district, if there are any. After the public hearing, the county legislative authority may adopt a resolution suspending the operations of the special district if it finds such suspension to be in the public interest, and shall provide a copy of the resolution to the county treasurer. When a special district is located in more than one county, the legislative authority of each of such counties must so act before the operations of the special district are suspended.

After holding a public hearing on the proposed reactivation of a special district that has had its operations suspended, the legislative authority or authorities of the county or counties in which the special district is located may reanimate the special district by adopting a resolution finding such action to be in the public interest. Notice of the public hearing shall be posted and published as provided for the public hearing on a proposed suspension of a special district's operations. The governing body of a reactivated special district shall be appointed as in a newly created special district.

No special district that owns drainage or flood control improvements may be (dissolved)) suspended unless the legislative authority of a county accepts responsibility for operation and maintenance of the improvements during the suspension period.

Sec. 22. RCW 85.38.225 and 1991 c 28 s 2 are each amended to read as follows:
As an alternative to this chapter a drainage district or drainage improvement district located within the boundaries of a county storm drainage and surface water management utility, and which is not currently imposing assessments, may be dissolved by ordinance of the county legislative authority. If the alternative dissolution procedure in this section is used the following shall apply:
(1) The county storm drainage and surface water management utility shall assume responsibility for payment or settlement of outstanding debts of the dissolved drainage district or drainage improvement district, and shall notify the county treasurer at such time of the assumption of responsibility.
(2) All assets, including money, funds, improvements, or property, real or personal, shall become assets of the county in which the dissolved drainage district or drainage improvement district was located.
(3) Notwithstanding RCW 85.38.220, the county storm drainage and surface water management utility may determine how to best manage, operate, maintain, improve, exchange, sell, or otherwise dispose of all property, real and personal, of the dissolved drainage district or drainage improvement district, and may
determine to modify, cease the operation of, and/or remove any or all facilities or improvements to real property of the dissolved drainage district or drainage improvement district.

E2SSB 5695 Prime Sponsor, Senate Committee on Ways & Means: Creating alternative routes to teacher certification. Reported by Committee on Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds and declares:
(1) Teacher qualifications and effectiveness are the most important influences on student learning in schools.
(2) Preparation of individuals to become well-qualified, effective teachers must be high quality.
(3) Teachers who complete high-quality alternative route programs with intensive field-based experience, adequate coursework, and strong mentorship do as well or better than teachers who complete traditional preparation programs.
(4) High-quality alternative route programs can provide more flexibility and expedience for individuals to transition from their current career to teaching.
(5) High-quality alternative route programs can help school districts fill subject matter shortage areas and areas with shortages due to geographic location.
(6) Regardless of route, all candidates for residency teacher certification must meet the high standards required by the state.

The legislature recognizes widespread concerns about the potential for teacher shortages and finds that
classified instructional staff in public schools represent a great untapped resource for recruiting the teachers of the future.

NEW SECTION. Sec. 2. There is hereby created a statewide partnership grant program to provide new high-quality alternative routes to residency teacher certification. To the extent funds are appropriated for this specific purpose, funds provided under this partnership grant program shall be used solely for school districts, or consortia of school districts, to partner with state-approved higher education teacher preparation programs to provide one or more of three alternative route programs in section 5 of this act, aimed at recruiting candidates to teaching in subject matter shortage areas and areas with shortages due to geographic location. Districts, or consortia of districts, may also include their educational service districts in their partnership grant program. Partnership programs receiving grants may enroll candidates as early as January 2002.

NEW SECTION. Sec. 3. (1) Each district or consortia of school districts applying for state funds through this program shall submit a proposal to the Washington professional educator standards board specifying:
   (a) The route or routes the partnership program intends to offer and a detailed description of how the routes will be structured and operated by the partnership;
   (b) The number of candidates that will be enrolled per route;
   (c) An identification, indication of commitment, and description of the role of approved teacher preparation programs that are partnering with the district or consortia of districts;
   (d) An assurance of district provision of adequate training for mentor teachers either through participation in a state mentor training academy or district-provided training that meets state-established mentor-training standards specific to the mentoring of alternative route candidates;
   (e) An assurance that significant time will be provided for mentor teachers to spend with the alternative route teacher candidates throughout the internship. Partnerships must provide each candidate with intensive classroom mentoring until such time as the candidate demonstrates the competency necessary to manage the classroom with less intensive supervision and guidance from a mentor;
   (f) A description of the rigorous screening process for applicants to alternative route programs, including entry requirements specific to each route, as provided in section 5 of this act; and
   (g) The design and use of a teacher development plan for each candidate. The plan shall specify the alternative route coursework and training required of each candidate and shall be developed by comparing the candidate's prior experience and coursework with the state's new performance-based standards for residency certification and adjusting any requirements accordingly. The plan shall include the following components:
      (i) A minimum of one-half of a school year, and an additional significant amount of time if necessary, of intensive mentorship, starting with full-time mentoring and progressing to increasingly less intensive monitoring and assistance as the intern demonstrates the skills necessary to take over the classroom with less intensive support. For route one and two candidates, before the supervision is diminished, the mentor of the teacher candidate at the school and the supervisor of the teacher candidate from the higher education teacher preparation program must both agree that the teacher candidate is ready to manage the classroom with less intensive supervision. For route three candidates, the mentor of the teacher candidate shall make the decision;
      (ii) Identification of performance indicators based on the knowledge and skills standards required for residency certification by the state board of education;
      (iii) Identification of benchmarks that will indicate when the standard is met for all performance indicators;
      (iv) A description of strategies for assessing candidate performance on the benchmarks;
      (v) Identification of one or more tools to be used to assess a candidate's performance once the candidate has been in the classroom for about one-half of a school year; and
      (vi) A description of the criteria that would result in residency certification after about one-half of a school year but before the end of the program.
   (2) Districts may apply for program funds to pay stipends to both mentor teachers and interns during their mentored internship. For both intern stipends and accompanying mentor stipends, the per intern district request...
for funds may not exceed the amount designated by the BA+0 cell on the statewide teacher salary allocation schedule. This amount shall be prorated for internships and mentorships that last less than a full school year. Interns in the program for a full year shall be provided a stipend of at least eighty percent of the amount generated by the BA+0 cell on the statewide teacher salary allocation schedule. This amount shall be prorated for internships that last less than a full school year.

NEW SECTION. Sec. 4. (1) The professional educator standards board, with support from the office of the superintendent of public instruction, shall select school districts and consortia of school districts to receive partnership grants from funds appropriated by the legislature for this purpose. Factors to be considered in selecting proposals include:
   (a) The degree to which the district, or consortia of districts in partnership, are currently experiencing teacher shortages;
   (b) The degree to which the proposal addresses criteria specified in section 3 of this act and is in keeping with specifications of program routes in section 5 of this act;
   (c) The cost-effectiveness of the proposed program; and
   (d) Any demonstrated district and in-kind contributions to the program.
(2) Selection of proposals shall also take into consideration the need to ensure an adequate number of candidates for each type of route in order to evaluate their success.
(3) Funds appropriated for the partnership grant program in this chapter shall be administered by the office of the superintendent of public instruction.

NEW SECTION. Sec. 5. Partnership grants funded under this chapter shall operate one to three specific route programs. Successful completion of the program shall make a candidate eligible for residency teacher certification. For route one and two candidates, the mentor of the teacher candidate at the school and the supervisor of the teacher candidate from the higher education teacher preparation program must both agree that the teacher candidate has successfully completed the program. For route three candidates, the mentor of the teacher candidate shall make the determination that the candidate has successfully completed the program.

(1) Partnership grant programs seeking funds to operate route one programs shall enroll currently employed classified instructional employees with transferable associate degrees seeking residency teacher certification with endorsements in special education, bilingual education, or English as a second language. It is anticipated that candidates enrolled in this route will complete both their baccalaureate degree and requirements for residency certification in two years or less, including a mentored internship to be completed in the final year. In addition, partnership programs shall uphold entry requirements for candidates that include:
   (a) District or building validation of qualifications, including three years of successful student interaction and leadership as a classified instructional employee;
   (b) Successful passage of the statewide basic skills exam, when available; and
   (c) Meeting the age, good moral character, and personal fitness requirements adopted by rule for teachers.

(2) Partnership grant programs seeking funds to operate route two programs shall enroll currently employed classified staff with baccalaureate degrees seeking residency teacher certification in subject matter shortage areas and areas with shortages due to geographic location. Candidates enrolled in this route must complete a mentored internship complemented by flexibly scheduled training and coursework offered at a local site, such as a school or educational service district, or online or via video-conference over the K-20 network, in collaboration with the partnership program's higher education partner. In addition, partnership grant programs shall uphold entry requirements for candidates that include:
   (a) District or building validation of qualifications, including three years of successful student interaction and leadership as classified staff;
   (b) A baccalaureate degree from a regionally accredited institution of higher education. The individual's college or university grade point average may be considered as a selection factor;
   (c) Successful completion of the content test, once the state content test is available;
   (d) Meeting the age, good moral character, and personal fitness requirements adopted by rule for
teachers; and

(e) Successful passage of the statewide basic skills exam, when available.

(3) Partnership grant programs seeking funds to operate route three programs shall enroll individuals with baccalaureate degrees, who are not employed in the district at the time of application, or who hold emergency substitute certificates. When selecting candidates for certification through route three, districts shall give priority to individuals who are seeking residency teacher certification in subject matter shortage areas or shortages due to geographic locations. For route three only, the districts may include additional candidates in nonshortage subject areas if the candidates are seeking endorsements with a secondary grade level designation as defined by rule by the state board of education. The districts shall disclose to candidates in nonshortage subject areas available information on the demand in those subject areas. Cohorts of candidates for this route shall attend an intensive summer teaching academy, followed by a full year employed by a district in a mentored internship, followed, if necessary by a second summer teaching academy. In addition, partnership programs shall uphold entry requirements for candidates that include:

(a) Five years' experience in the work force;
(b) A baccalaureate degree from a regionally accredited institution of higher education. The individual's grade point average may be considered as a selection factor;
(c) Successful completion of the content test, once the state content test is available;
(d) External validation of qualifications, including demonstrated successful experience with students or children, such as references letters and letters of support from previous employers;
(e) Meeting the age, good moral character, and personal fitness requirements adopted by rule for teachers; and
(f) Successful passage of statewide basic skills exams, when available.

NEW SECTION. Sec. 6. The alternative route conditional scholarship program is created under the following guidelines:

(1) The program shall be administered by the higher education coordinating board. In administering the program, the higher education coordinating board has the following powers and duties:

(a) To adopt necessary rules and develop guidelines to administer the program;
(b) To collect and manage repayments from participants who do not meet their service obligations; and
(c) To accept grants and donations from public and private sources for the program.

(2) The Washington professional educator standards board shall select participants who are eligible to receive conditional scholarships.

(3) In order to receive conditional scholarship awards, recipients shall be accepted and maintain enrollment in alternative certification routes through the partnership grant program, as provided in section 5 of this act. Recipients must continue to make satisfactory progress towards completion of the alternative route certification program and receipt of a residency teaching certificate.

(4) For the purpose of this chapter, a conditional scholarship is a loan that is forgiven in whole or in part in exchange for service as a certificated teacher employed in a Washington state K-12 public school. The state shall forgive one year of loan obligation for every two years a recipient teaches in a public school. Recipients that fail to continue a course of study leading to residency teacher certification or cease to teach in a public school in the state of Washington in their endorsement area are required to repay the remaining loan principal with interest.

(5) Recipients who fail to fulfill the required teaching obligation are required to repay the remaining loan principal with interest and any other applicable fees. The higher education coordinating board shall adopt rules to define the terms for repayment, including applicable interest rates, fees, and deferments.

(6) To the extent funds are appropriated for this specific purpose, the annual amount of the scholarship is the annual cost of tuition for the alternative route certification program in which the recipient is enrolled, not to exceed four thousand dollars. The board may adjust the annual award by the average rate of resident undergraduate tuition and fee increases at the state universities as defined in RCW 28B.10.016.

(7) The higher education coordinating board may deposit all appropriations, collections, and any other funds received for the program in this chapter in the student loan account authorized in RCW 28B.102.060.
NEW SECTION. Sec. 7. This chapter expires June 30, 2005.

NEW SECTION. Sec. 8. The Washington state institute for public policy shall submit to the education and fiscal committees of the legislature, the governor, the state board of education, and the Washington professional educator standards board, an interim evaluation of partnership grant programs funded under this chapter by December 1, 2002, and a final evaluation by December 1, 2004. If specific funding for the purposes of this section, referencing this section and this act by bill or chapter number, is not provided by June 30, 2001, in the omnibus appropriations act, this section is null and void.

NEW SECTION. Sec. 9. Sections 1 through 8 and 10 of this act constitute a new chapter in Title 28A RCW.

NEW SECTION. Sec. 10. School districts or approved private schools' ability to employ personnel under certification for emergency or temporary, substitute, or provisional duty as authorized by chapter 28A.410 RCW are not affected by the provisions of this act.

SB 5836 Prime Sponsor, Senator Fairley: Creating the community health center capital trust fund account. Reported by Committee on Capital Budget

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that current economic conditions and declining resources at the federal, state, and local level adversely affect the ability of low-income and underserved persons to obtain quality and affordable health care. Community health centers provide access to health care to those persons who are otherwise unable to obtain these services.

(2) The legislature further finds that community health centers face the challenge of meeting a growing demand for services in cramped and outdated facilities and meeting the need of establishing new facilities to serve additional communities with large, underserved populations.

(3) The legislature declares that it is in the public interest to establish a continuously renewable resource known as the community health center capital trust fund account to assist low and very low-income citizens and other underserved citizens to meet their basic health care needs."
Sec. 2. RCW 70.37.020 and 1994 c 92 s 505 are each amended to read as follows:

((As used in this chapter,) The following words and terms have the following meanings:)) definitions in this section apply throughout this chapter unless the context clearly requires another or different meaning or intent and the singular of any term shall encompass the plural and the plural the singular unless the context indicates otherwise.

1. "Authority" means the Washington health care facilities authority created by RCW 70.37.030 or any board, commission, department or officer succeeding to the principal functions thereof or to whom the powers conferred upon the authority shall be given by law.

2. "Bonds" mean bonds, notes or other evidences of indebtedness of the authority issued pursuant hereto.

3. "Community health center" means a nonprofit corporation providing health care services to needy populations where all of the following apply: (a) It is tax exempt under section 501(c)(3) of the internal revenue code (26 U.S.C. Sec. 501(c)(3)); (b) it is governed by a community-based board over half of whom are users of health care services; (c) it utilizes a sliding fee scale based on the federal poverty level; (d) at least two-fifths of the patients it serves are uninsured or on Medicaid; and (e) at least three-fourths of the patients it serves have incomes below two hundred percent of the federal poverty level.

4. "Health care facility" means any land, structure, system, machinery, equipment or other real or personal property or appurtenances useful for or associated with delivery of inpatient or outpatient health care service or support for such care or any combination thereof which is operated or undertaken in connection with hospital, clinic, health maintenance organization, diagnostic or treatment center, extended care facility, or any facility providing or designed to provide therapeutic, convalescent, or preventive health care services, and shall include research and support facilities of a comprehensive cancer center, but excluding, however, any facility which is maintained by a participant primarily for rental or lease to self-employed health care professionals or as an independent nursing home or other facility primarily offering domiciliary care.

NEW SECTION. Sec. 3. (1) The community health center assistance program is created within the authority. The intent of the program is to carry out the purposes of this section and section 4 of this act. The programs and authority powers under this section and section 4 of this act shall be deemed to be in addition to and separate from the other powers, programs, and activities of the authority authorized by law.

(2) The community health center capital trust fund account is created in the custody of the state treasurer.

All receipts from private contributions, repayment of loans, and any other sources must be deposited into the account. It is the intent of the legislature that state funds not be appropriated to this account for the biennium ending June 30, 2003. Expenditures from the account may be used only for the purposes of this section and section 4 of this act. Only the authority or the authority's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. Subaccounts may also be set up within this account.

(3) The authority shall use moneys from the community health center capital trust fund account established under subsection (2) of this section to guarantee or subsidize loans for community health centers, and for other general purposes associated with making community health center credits more attractive to the municipal bond market, and finance in whole or in part any loans for community health centers.

(4) Activities eligible for assistance from the community health center capital trust fund account established under subsection (2) of this section include but are not limited to:
(a) New construction, renovation, or acquisition of an existing building, or acquisition of land to be converted into a community health center;

(b) Equipment acquisition for community health centers;

(c) Technical assistance, design and finance services and consultation, administrative costs for eligible community health centers, and costs associated with providing and administering loans to community health centers;

(d) Loan subsidies;

(e) Guarantees or payments for eligible projects; and

(f) Refinancing of existing debt.

(5) Moneys in the community health center capital trust fund account may be used only for the purposes of this section and section 4 of this act, and not for the administrative costs of the authority.

(6) Moneys from repayment of loans issued by the authority from the community health center capital trust fund account may be used for all activities necessary for the proper functioning of the community health center assistance program.

(7) Organizations that may receive assistance from the authority under this section and section 4 of this act are community health centers as defined in RCW 70.37.020. Eligibility for assistance from the authority under this chapter also requires that the recipient have no outstanding tax warrants under RCW 82.32.210 at the time the grant is made.

NEW SECTION. Sec. 4. (1) During each calendar year in which moneys in the community health center capital trust fund account, created in section 3 of this act, are available for use by the authority for the community health center assistance program, the authority shall announce to all known community health centers located in the state of Washington a loan application period of at least ninety days' duration. This announcement shall be made as often as the executive director of the authority deems appropriate for proper utilization of resources. The authority shall then grant as many applications as will utilize available moneys.

(2) The authority shall evaluate applicants based on the following considerations:

(a) Applicants must demonstrate the ability to provide health care services to a caseload that is comprised primarily of low-income and underserved persons;

(b) Applicants must demonstrate the ability, stability, and resources to implement the provisions of its application on an ongoing basis; and

(c) Applicants must meet the definition of community health center as defined in RCW 70.37.020.

Sec. 5. RCW 70.37.090 and 1974 ex.s. c 147 s 9 are each amended to read as follows:

The authority shall have power to require community health centers, health care facilities, and other persons applying for its assistance in connection with the investigation and financing of projects to pay fees and charges to provide the authority with funds for investigation, financial feasibility studies, expenses of issuance and sale of bonds and other charges for services provided by the authority in connection with such projects((— All other expenses of the authority)), including compensation of its employees and consultants, expenses of administration, and conduct of its work and business and other expenses. These expenses shall be paid out of such fees and charges, out of contributions and grants to ((the authority)), out of the proceeds of bonds issued for projects of participants, or out of revenues of such projects((—none)). No expense may be paid by the state of Washington. The authority shall have power to establish special funds into which such money shall be received and out of which it may be disbursed by the persons and with the procedure and in the manner established by the authority. The authority has the power to invest revenue from fees and charges or other income in excess of expenses. The authority also has the power to establish special funds into which excess revenue from fees and charges, contributions and grants, and investment earnings on any such moneys shall be received and out of which it may be disbursed by grant, loan, or other financing method to individual participants with total assets of fifty million dollars or less to finance health care facilities in accordance with the provisions of this chapter.

NEW SECTION. Sec. 6. Sections 3 and 4 of this act are each added to chapter 70.37 RCW.
NEW SECTION. Sec. 7. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

SB 5837 Prime Sponsor, Senate Committee on Natural Resources, Parks & Shorelines: Establishing a pilot project culturing shellfish on nonproductive oyster reserve land. Reported by Committee on Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 77.60 RCW to read as follows:
(1) The department shall initiate a pilot project to evaluate the feasibility and potential of intensively culturing shellfish on currently nonproductive oyster reserve land in Puget Sound. The pilot program shall include no fewer than three long-term lease agreements with commercial shellfish growers.
(2) The department shall form one advisory committee each for the Willapa Bay oyster reserve lands and the Puget Sound oyster reserve lands. The advisory committees shall make recommendations on management practices to conserve, protect, and develop oyster reserve lands. The advisory committees may make recommendations regarding the management practices on oyster reserve lands, in particular to ensure that they are managed in a manner that will: (a) Increase revenue through production of high-value shellfish; (b) not be detrimental to the market for shellfish grown on nonreserve lands; and (c) avoid negative impacts to existing shellfish populations. The advisory committees may also make recommendation on the distribution of funds in RCW 77.12.170(1)(k)(i). The department shall attempt to structure each advisory committee to include equal representation between shellfish growers that participate in reserve sales and shellfish growers that do not.
(3) The department shall submit a brief progress report on the status of the pilot programs to the appropriate standing committees of the legislature by January 7, 2003.
(4) The department of natural resources, in consultation with the department of fish and wildlife, shall administer the leases for oyster reserves entered into under this chapter. In administering the leases, the department of natural resources shall exercise its authority under RCW 79.96.090. Vacation of state oyster reserves by the department of fish and wildlife shall not be a requirement for the department of natural resources to lease any oyster reserves under this section. The department of natural resources may recover reasonable costs directly associated with the administration of the leases for oyster reserves entered into under this chapter. All administrative fees collected by the department of natural resources pursuant to this section shall be deposited into the resource management cost account established in RCW 79.64.020. The department of fish and wildlife may not assess charges to recover the costs of consulting with the department of natural resources under this subsection.
(5) The Puget Sound pilot program shall not include the culture of geoduck.

(1) The action team shall establish a shellfish - on-site sewage grant program in Puget Sound and for Pacific and Grays Harbor counties.  The action team shall provide funds to local health jurisdictions to be used as grants to individuals for improving their on-site sewage systems.  The grants may be provided only in areas that have the potential to adversely affect water quality in commercial and recreational shellfish growing areas.  A recipient of a grant shall enter into an agreement with the appropriate local health jurisdiction to maintain the improved on-site sewage system according to specifications required by the local health jurisdiction.  The action team shall work closely with local health jurisdictions and shall endeavor to attain geographic equity between Willapa Bay and the Puget Sound when making funds available under this program.  For the purposes of this subsection, "geographic equity" means issuing on-site sewage grants at a level that matches the funds generated from the oyster reserve lands in that area.

(2) In the Puget Sound, the action team shall give first priority to areas that are:
   (a) Identified as "areas of special concern" under WAC 246-272-01001; or
   (b) Included within a shellfish protection district under chapter 90.72 RCW.

(3) In Grays Harbor and Pacific counties, the action team shall give first priority to preventing the deterioration of water quality in areas where commercial or recreational shellfish are grown.

(4) The action team and each participating local health jurisdiction shall enter into a memorandum of understanding that will establish an applicant income eligibility requirement for individual grant applicants from within the jurisdiction and other mutually agreeable terms and conditions of the grant program.

(5) The action team may recover the costs to administer this program not to exceed ten percent of the shellfish - on-site sewage grant program.

(6) For the 2001-2003 biennium, the action team may use up to fifty percent of the shellfish - on-site sewage grant program funds for grants to local health jurisdictions to establish areas of special concern under WAC 246-272-01001, or for operation and maintenance programs therein, where commercial and recreational uses are present.

ESSB 5845 Prime Sponsor, Senate Committee on Human Services & Corrections: Regulating siting of sex offender treatment facilities. Reported by Committee on Criminal Justice & Corrections

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature recognizes that the individualized treatment required for constitutional civil commitment includes the realistic possibility of release to a less restrictive alternative rather than total confinement in appropriate cases. The legislature finds that most persons civilly committed under chapter 71.09 RCW who become eligible for release to a less restrictive alternative do not have appropriate housing and that the lack of housing may unduly restrict the person's ability to move to a less restrictive alternative placement. The legislature also finds that these facilities are essential public facilities, are subject to public protest upon siting, and that some cities and counties have imposed moratoriums on zoning and permitting processes. The legislature further finds that this reaction hampers its ability and the ability of the department of social and health services to comply with constitutional and statutory requirements and with court orders to
create housing for less restrictive alternative placements. The legislature, therefore, intends to provide statewide
guidance for the siting of less restrictive alternative housing for persons placed on less restrictive alternative
placements under chapter 71.09 RCW.

(2) It is the intent of the legislature to:

(a) Enhance public safety and maximize the potential for successful treatment of sexually violent
predators through the tightly managed use of less restrictive alternatives in community-based secure community
transition facilities;

(b) Maximize the safety of communities in which secure community transition facilities are located and
ensure public input into secure community transition facilities by enabling community participation in decisions
involving these essential public facilities;

(c) Comply with federal court orders and require the siting of less restrictive alternative housing facilities
and to preclude the possibility that the department of social and health services would be unable to site a facility
due to local moratoriums and requirements;

(d) Require the department to work with local jurisdictions to address specific local concerns and
develop zoning requirements and development regulations that balance the need for siting with public safety; and

(e) Improve public safety by strengthening the safeguards in placement, oversight, and monitoring of the
persons released to a less restrictive alternative in a secure community transition facility, and by establishing
minimum standards for the siting and operation of secure community transition facilities.

(3) The legislature finds that community participation in siting and oversight is vital to the success of
secure community transition facilities for less restrictive alternatives.

Sec. 2. RCW 71.09.020 and 1995 c 216 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this
chapter.

(1) "Sexually violent predator" means any person who has been convicted of or charged with a crime of
sexual violence and who suffers from a mental abnormality or personality disorder which makes the person likely
to engage in predatory acts of sexual violence if not confined in a secure facility.

(2) "Mental abnormality" means a congenital or acquired condition affecting the emotional or volitional
capacity which predisposes the person to the commission of criminal sexual acts in a degree constituting such
person a menace to the health and safety of others.

(3) "Department" means the department of social and health services.

(4) "Less restrictive alternative" means court-ordered treatment in a setting less restrictive than total
confinement.

(5) "Likely to engage in predatory acts of sexual violence" means that the person more probably than not
will engage in such acts. Such likelihood must be evidenced by a recent overt act if the person is not totally
confined at the time the petition is filed under RCW 71.09.030.

(6) "Mental abnormality" means a congenital or acquired condition affecting the emotional or volitional
capacity which predisposes the person to the commission of criminal sexual acts in a degree constituting such
person a menace to the health and safety of others.

(7) "Predatory" means acts directed towards strangers or individuals with whom a relationship has been
established or promoted for the primary purpose of victimization.

(8) "Recent overt act" means any act that has either caused harm of a sexually violent nature or
creates a reasonable apprehension of such harm.

(9) "Risk potential activity" or "risk potential facility" means an activity or facility that provides a
higher incidence of risk to the public from persons conditionally released from the special commitment center.
Risk potential activities and facilities include: Public and private schools, school bus stops, licensed day care
and licensed preschool facilities, public parks, publicly dedicated trails, sports fields, playgrounds, recreational
and community centers, churches, synagogues, temples, mosques, and public libraries.

(10) "Secretary" means the secretary of social and health services or the secretary's designee.

(11) "Secure facility" means a residential facility for persons civilly confined under the provisions of this
chapter. A secure facility is a facility that provides supervision and sex offender treatment services in a total
confinement setting. Secure facilities include the special commitment center and any similar facility for males or females designated as a secure facility by the secretary.

(10) "Secure community transition facility" means a residential facility for persons civilly committed and conditionally released to a less restrictive alternative under this chapter. A secure community transition facility has supervision, security, and either provides or ensures the provision of sex offender treatment services. Secure community transition facilities include but are not limited to the facility established on McNeil Island pursuant to section 3 of this act, and any community-based housing established under this chapter and operated by the secretary or under contract with the secretary.

(11) "Sexually violent offense" means an act committed on, before, or after July 1, 1990, that is: (a) An act defined in Title 9A RCW as rape in the first degree, rape in the second degree by forcible compulsion, rape of a child in the first or second degree, statutory rape in the first or second degree, indecent liberties by forcible compulsion, indecent liberties against a child under age fourteen, incest against a child under age fourteen, or child molestation in the first or second degree; (b) a felony offense in effect at any time prior to July 1, 1990, that is comparable to a sexually violent offense as defined in (a) of this subsection, or any federal or out-of-state conviction for a felony offense that under the laws of this state would be a sexually violent offense as defined in this subsection; (c) an act of murder in the first or second degree, assault in the first or second degree, assault of a child in the first or second degree, kidnapping in the first or second degree, burglary in the first degree, residential burglary, or unlawful imprisonment, which act, either at the time of sentencing for the offense or subsequently during civil commitment proceedings pursuant to chapter 71.09 RCW, has been determined beyond a reasonable doubt to have been sexually motivated, as that term is defined in RCW 9.94A.030; or (d) an act as described in chapter 9A.28 RCW, that is an attempt, criminal solicitation, or criminal conspiracy to commit one of the felonies designated in (a), (b), or (c) of this subsection.

(12) "Sexually violent predator" means any person who has been convicted of or charged with a crime of sexual violence and who suffers from a mental abnormality or personality disorder which makes the person likely to engage in predatory acts of sexual violence if not confined in a secure facility.

NEW SECTION. Sec. 3. A new section is added to chapter 71.09 RCW to read as follows:

(1)(a) Notwithstanding any other provision of this act, the secretary is authorized to site and operate a secure community transition facility on McNeil Island.

(b) Notwithstanding RCW 36.70A.103 or any other law, until December 31, 2003, to the extent siting a secure community transition facility on McNeil Island is inconsistent with local comprehensive plans and/or development regulations, this statute preempts and supersedes those local plans and regulations.

(c) Nothing in this section limits the state's authority to site an essential public facility under RCW 36.70A.200 in conformance with local comprehensive plans and development regulations.

(2) Upon enactment into law of this act, the state shall immediately enter into negotiations for a mitigation agreement with the county in which the secure community treatment facility established pursuant to this section is located, and with each city in that county that is located within a ten-mile radius of the facility, that will provide state funding, as appropriated for this purpose, in an amount adequate to mitigate anticipated or realized increased costs in law enforcement resulting from any increased risks to public safety brought about by the presence of sexually violent predators in those communities due to the siting of the facility.

NEW SECTION. Sec. 4. A new section is added to chapter 71.09 RCW to read as follows:

On or before December 1, 2002, the department shall submit a report to the appropriate committees of the legislature regarding policies for the subsequent placement of sexually violent predators on court-ordered conditional release residing in the secure community transition facility established pursuant to section 3 of this act. The report shall address the following:

(1) The anticipated number of persons who may be eligible for conditional release to a setting less restrictive than the facility established pursuant to section 3 of this act during the 2003-2005 and 2005-2007
biennia;

(2) The anticipated need, if any, for secure community transition facilities smaller than the facility established pursuant to section 3 of this act;

(3) Policies that will be implemented to ensure that placement of persons eligible in the future for conditional release to a setting less restrictive than the facility established pursuant to section 3 of this act will be equitably distributed among the counties, and within each county, among jurisdictions in the county. These persons shall not be placed in the county where the facility established pursuant to section 3 of this act is located unless the person, or his or her family members, had an established long-term residence in that county at the time the person was civilly committed.

NEW SECTION. Sec. 5. A new section is added to chapter 71.09 RCW to read as follows:

(1) The secretary shall adopt rules that balance the average response time of emergency services to the general area of a proposed secure community transition facility, except with respect to the secure community transition facility established pursuant to section 3 of this act, against the proximity of the proposed site to risk potential activities and facilities in existence at the time the site is listed for consideration.

(2) In balancing the competing criteria of proximity and response time the rule shall endeavor to achieve an average law enforcement response time not greater than five minutes and in no case shall the rule permit location of a facility adjacent to, immediately across a street or parking lot from, or within the line of sight of a risk potential activity or facility in existence at the time a site is listed for consideration. "Within the line of sight" means that it is possible to reasonably visually distinguish and recognize individuals.

(3) The rule shall require that great weight be given to sites that are the farthest removed from any risk potential activity.

(4) The rule shall specify how distance from the location is measured and any variations in the measurement based on the size of the property within which a proposed facility is to be located.

(5) The rule shall establish a method to analyze and compare the criteria for each site in terms of public safety and security, site characteristics, and program components. In making a decision regarding a site following the analysis and comparison, the secretary shall give priority to public safety and security considerations. The analysis and comparison of the criteria are to be documented and made available at the public hearings prescribed in section 9 of this act.

NEW SECTION. Sec. 6. By December 1, 2001, the secretary of the department of social and health services shall determine and report to the legislature whether there is a significant group of potential locations that are outside of a five-minute law enforcement response time zone that are more than two miles from any risk potential activities and whether, in the secretary's judgment, the legislature should require the rule to be revised to permit consideration of these properties.

NEW SECTION. Sec. 7. A new section is added to chapter 71.09 RCW to read as follows:

The secretary shall establish criteria for the siting of secure community transition facilities, other than the secure community transition facility established pursuant to section 3 of this act, which shall include at least the following minimum requirements:

(1) No additional secure community transition facility may be sited in a county where the special commitment center and the secure community transition facility established pursuant to section 3 of this act are located.

(2) Any real property listed for consideration for the location of or use as a secure community transition facility must meet all of the following criteria:

(a) The proximity and response time criteria established under section 5 of this act;

(b) The site or building is available for lease for the anticipated use period or for purchase;

(c) Security monitoring services and appropriate back-up systems are available and reliable;

(d) Appropriate mental health and sex offender treatment providers must be available within a reasonable commute; and

(e) Appropriate permitting for a secure community transition facility must be possible under the zoning
(3) For sites which meet the criteria of subsection (2) of this section, the department shall analyze and compare the criteria in subsections (4) through (6) of this section using the method established in section 5 of this act.

(4) Public safety and security criteria shall include at least the following:
(a) Whether limited visibility between the facility and adjacent properties can be achieved prior to placement of any person;
(b) The distance from, and number of, risk potential activities and facilities, as measured using the rules adopted under section 5 of this act;
(c) The existence of or ability to establish barriers between the site and the risk potential facilities and activities;
(d) Suitability of the buildings to be used for the secure community transition facility with regard to existing or feasibly modified features; and
(e) The availability of electronic monitoring that allows a resident’s location to be determined with specificity.

(5) Site characteristics criteria shall include at least the following:
(a) Reasonableness of rental, lease, or sale terms including length and renewability of a lease or rental agreement;
(b) Traffic and access patterns associated with the real property;
(c) Feasibility of complying with zoning requirements within the necessary time frame; and
(d) A contractor or contractors are available to install, monitor, and repair the necessary security and alarm systems.

(6) Program characteristics criteria shall include at least the following:
(a) Reasonable proximity to available medical, mental health, sex offender, and chemical dependency treatment providers and facilities;
(b) Suitability of the location for programming, staffing, and support considerations;
(c) Proximity to employment, educational, vocational, and other treatment plan components; and
(d) In facilities designed to house five or fewer residents, a minimum staffing ratio of one staff per resident during normal waking hours and two awake staff during normal sleeping hours. In no case shall all staff on a shift be persons classified as entry or trainee level staff.

(7) Unless otherwise ordered by the court, at least one staff member, or other court-authorized and department-approved person must escort each resident when the resident leaves the site for appointments, employment, or other approved activities. Escorting persons must supervise the resident closely and maintain close proximity to the resident.

(8) For purposes of this section "available" or "availability" of qualified treatment providers includes provider qualifications and willingness to provide services, average commute time, and cost of services.

NEW SECTION. Sec. 8. A new section is added to chapter 71.09 RCW to read as follows:
Security systems for secure community transition facilities designed to house five or fewer residents shall meet the following minimum qualifications:
(1)(a) The security panel must be a commercial grade panel with tamper-proof switches and a key-lock to prevent unauthorized access.
(b) There must be an emergency electrical supply system which shall include a battery back-up system and a generator.
(2) The system must include personal panic devices for all staff.
(3) The security system must be capable of being monitored and signaled either by telephone through either a land or cellular telephone system or by private radio network in the event of a total dial-tone failure or through equivalent technologies.
(4) The department shall issue photo-identification badges to all staff which must be worn at all times.

NEW SECTION. Sec. 9. A new section is added to chapter 71.09 RCW to read as follows:
(1) Whenever the department operates, or the secretary enters into a contract to operate, a secure community transition facility, the secure community transition facility may be operated only after the public notification and opportunities for review and comment as required by this section.

(2) The secretary shall establish a process for early and continuous public participation in establishing or relocating secure community transition facilities. Except as provided in subsection (3) of this section, the process shall include, at a minimum, public meetings in the local communities affected, as well as opportunities for written and oral comments, in the following manner:

(a) If there are more than three sites initially selected as potential locations and the selection process by the secretary or a service provider reduces the number of possible sites for a secure community transition facility to no fewer than three, the secretary or the chief operating officer of the service provider shall notify the public of the possible siting and hold at least two public hearings in each community where a secure community transition facility may be sited.

(b) When the secretary or service provider has determined the secure community transition facility's location, the secretary or the chief operating officer of the service provider shall hold at least one additional public hearing in the community where the secure community transition facility will be sited.

(c) When the secretary has entered negotiations with a service provider and only one site is under consideration, then at least two public hearings shall be held.

(d) To provide adequate notice of, and opportunity for interested persons to comment on, a proposed location, the secretary or the chief operating officer of the service provider shall provide at least fourteen days' advance notice of the meeting to all newspapers of general circulation in the community, all radio and television stations generally available to persons in the community, any school district in which the secure community transition facility would be sited or whose boundary is within two miles of a proposed secure community transition facility, any library district in which the secure community transition facility would be sited, local business or fraternal organizations that request notification from the secretary or agency, and any person or property owner within a one-half mile radius of the proposed secure community transition facility. Before initiating this process, the department of social and health services shall contact local government planning agencies in the communities containing the proposed secure community transition facility. The department of social and health services shall coordinate with local government agencies to ensure that opportunities are provided for effective citizen input and to reduce the duplication of notice and meetings.

(3) The department shall, prior to operating the secure community transition facility established pursuant to section 3 of this act, hold at least three public hearings in the affected communities within the county where the facility is located. The purpose of the public hearings is to seek input from county and city officials, local law enforcement officials, and the public regarding operations and security measures needed to adequately protect the community from any increased risk to public safety brought about by the presence of sexually violent predators in these communities due to the siting of the facility.

(4) Except as provided in subsection (3) of this section, this section applies only to secure community transition facilities sited after the effective date of this act.

NEW SECTION. Sec. 10. A new section is added to chapter 71.09 RCW to read as follows:

(1) The secretary shall develop a process with local governments that allows each community in which a secure community transition facility is located to establish operational advisory boards for the secure community transition facilities. The department of social and health services may conduct community awareness activities to publicize this opportunity. The operational advisory boards developed under this section shall be implemented following the decision to locate a secure community transition facility in a particular community.

(2) The operational advisory boards may review and make recommendations regarding the security and operations of the secure community transition facility and conditions or modifications necessary with relation to any person who the secretary proposes to place in the secure community transition facility.

(3) The operational advisory boards, their members, and any agency represented by a member shall not be liable in any cause of action as a result of its recommendations unless the advisory board acts with gross negligence or bad faith in making a recommendation.

(4) Members of a board shall be reimbursed for travel expenses as provided in RCW 43.03.050 and
NEW SECTION.  Sec. 11.  A new section is added to chapter 71.09 RCW to read as follows:
(1) The secretary shall adopt a violation reporting policy for persons conditionally released to less restrictive alternative placements in secure community transition facilities. The policy shall require written documentation by the department of social and health services and service providers of all violations of conditions set by the department of social and health services, the department of corrections, or the court and establish criteria for returning a violator to the special commitment center or the less restrictive alternative treatment facility. Any conditionally released person who commits a serious violation of conditions shall be returned to the special commitment center, unless arrested by a law enforcement officer, and the court shall be notified immediately and the court shall initiate proceedings under RCW 71.09.098 to revoke or modify the less restrictive alternative placement unless the department makes a good cause showing why proceedings should not be initiated. Nothing in this section limits the authority of the department to return a person to the special commitment center based on a violation that is not a serious violation as defined in this section. For the purposes of this section, "serious violation" includes but is not limited to:
   (a) The commission of any criminal offense;
   (b) Any unlawful use or possession of a controlled substance; and
   (c) Any violation of conditions targeted to address the person's documented pattern of offense that increases the risk to public safety.

When a person is released to a less restrictive alternative in a secure community transition facility under this chapter and is under the supervision of the department of corrections, notice of any violation of the person's conditions of release must also be made to the department of corrections.

(2) Whenever the secretary contracts with a service provider to operate a secure community transition facility, the contract shall include a requirement that the service provider must report to the department of social and health services any known violation of conditions committed by any resident of the secure community transition facility.

(3) The secretary shall document in writing all violations, penalties, actions by the department of social and health services to remove persons from a secure community transition facility, and contract terminations. The secretary shall give great weight to a service provider's record of violations, penalties, actions by the department of social and health services or the department of corrections to remove persons from a secure community transition facility, and contract terminations in determining to execute, renew, or renegotiate a contract with a service provider.

NEW SECTION.  Sec. 12.  A new section is added to chapter 71.09 RCW to read as follows:
The secretary shall adopt rules that contain a schedule of monetary penalties for contractors operating secure community transition facilities, not to exceed the total compensation set forth in the contract, and include provisions for termination of all contracts with a service provider that has repeated or serious violations of section 11 of this act.

NEW SECTION.  Sec. 13.  A new section is added to chapter 36.70A RCW to read as follows:
(1) On or before September 1, 2002, the legislative authority of each county in the state, except the county where the special commitment center and the secure community transition facility established pursuant to section 3 of this act are located, shall adopt a countywide planning policy to establish the process for siting and to provide for an equitable distribution of secure community transition facilities as defined in RCW 71.09.020 within the county and the cities located in whole or in part within the county. The countywide planning policy required by this section shall be adopted in cooperation with the cities located in whole or in part within the county. Counties planning under the growth management act may integrate the planning policy required in the section with their growth management act planning process.

(2) The department of social and health services shall be notified by each county of its intent to begin the countywide planning policy process required by this section and the department shall be invited to participate in this process.
(3) The countywide planning policy required by this section shall, at a minimum, address the following:
   (a) The location of existing secure community transition facilities;
   (b) The social, economic, and other impacts of the existing secure community transition facilities on the communities in which they are located and the incremental impacts of siting additional secure community transition facilities in these communities;
   (c) A proposed allocation for the siting of future secure community transition facilities among the county and the cities located in whole or in part within the county; and
   (d) Coordination of development regulations, including but not limited to zoning regulations and design standards, to ensure that the proposed allocation of future secure community transition facilities can be achieved.

(4) The countywide planning policy required by this section shall:
   (a) Be consistent with the siting criteria established pursuant to sections 5 and 7 through 9 of this act; and
   (b) Require any local conditional use permit or other development application process not to exceed sixty days in length and provide for an appeal process.

(5) Within six months of the date the countywide planning policy required by subsection (1) of this section is adopted, the county and each city within the county shall adopt development regulations implementing the policy adopted under this section through appropriate revisions to their comprehensive plan and development regulations.

NEW SECTION.  Sec. 14. A new section is added to chapter 36.70 RCW to read as follows:
Counties planning under this chapter must adopt a countywide planning policy for the siting of secure community transition facilities that complies with the timelines and requirements of section 13 of this act.

Sec. 15.  RCW 36.70A.200 and 1998 c 171 s 3 are each amended to read as follows:
(1) The comprehensive plan of each county and city that is planning under this chapter shall include a process for identifying and siting essential public facilities.  Essential public facilities include those facilities that are typically difficult to site, such as airports, state education facilities and state or regional transportation facilities as defined in RCW 47.06.140, state and local correctional facilities, solid waste handling facilities, and in-patient facilities including substance abuse facilities, mental health facilities, ((and)) group homes, and secure community transition facilities as defined in RCW 71.09.020.

(2) The office of financial management shall maintain a list of those essential state public facilities that are required or likely to be built within the next six years.  The office of financial management may at any time add facilities to the list.  No local comprehensive plan or development regulation may preclude the siting of essential public facilities.

Sec. 16.  RCW 36.70A.103 and 1991 sp.s. c 32 s 4 are each amended to read as follows:
State agencies shall comply with the local comprehensive plans and development regulations and amendments thereto adopted pursuant to this chapter except as otherwise provided in section 3 of this act.

NEW SECTION.  Sec. 17. A new section is added to chapter 71.09 RCW to read as follows:
Except as provided in section 4 of this act, nothing in this act shall operate to restrict a court's authority to make less restrictive alternative placements to a committed person's individual residence.  A court-ordered less restrictive alternative placement to a committed person's individual residence is not a less restrictive placement to a secure community transition facility.

NEW SECTION.  Sec. 18. A new section is added to chapter 71.09 RCW to read as follows:
Not more than ten correctional employees, as selected by the secretary, who are members of the emergency response team for the McNeil Island correctional facility, shall have the powers and duties of a peace officer while acting in the apprehension of residents who have escaped from the special commitment center or the secure community transition facility established pursuant to section 3 of this act.

NEW SECTION.  Sec. 19. This act is necessary for the immediate preservation of the public peace,
health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

"Sec. 1. RCW 79.01.084 and 1982 1st ex.s. c 21 s 150 are each amended to read as follows:
The commissioner of public lands shall cause to be prepared, and furnish to applicants, blank forms of applications for the appraisal, transfer, and purchase of any state lands and the purchase of ((timber, fallen-timber, stone, gravel, or other)) valuable materials situated thereon, and for the lease of state lands((, which)).
These forms shall contain (((such)) instructions ((as will))) to inform and aid ((intending)) applicants ((in making applications)).

Sec. 2. RCW 79.01.116 and 1982 1st ex.s. c 21 s 152 are each amended to read as follows:
(1) In no case shall any lands granted to the state be offered for sale unless the same shall have been appraised by the board of natural resources within ninety days prior to the date fixed for the sale((, and in no case shall any other state lands, or any materials on any state lands, be offered for sale unless the same shall have been appraised by the commissioner of public lands within ninety days prior to the date fixed for the sale)).
(2) For the sale of valuable materials from state land under this title, if the board of natural resources is required by law to appraise the sale, the board must establish a minimum appraisal value that is valid for a period of one hundred eighty days, or a longer period as may be established by resolution. (3) Where the board of natural resources has set a minimum appraisal value for a valuable materials sale, the commissioner of public lands may set the final appraisal value of valuable materials for auction, which must be equal to or greater than the board of natural resources’ minimum appraisal value.  The commissioner may also appraise any valuable materials sale not required by law to be approved by the board of natural resources.

Sec. 3.  RCW 79.01.124 and 1982 1st ex.s. c 21 s 154 are each amended to read as follows:

(Timber, fallen timber, stone, gravel, or other) Valuable material situated upon state lands may be sold separate from the land, when in the judgment of the commissioner of public lands, it is for the best interest of the state so to sell the same (and in case the estimated amount of timber on any tract of state lands, shall exceed one million feet to the quarter section, the timber shall be sold separate from the land).  When application is made for the purchase of any valuable materials (situated upon state lands, the same inspection and report shall be had as upon an application for the appraisement and sale of such lands, and)), the commissioner of public lands shall appraise the value of the valuable materials (applied for)) if the commissioner determines it is in the best interest of the state to sell.  No ((timber, fallen timber, stone, gravel, or other) valuable materials) shall be sold for less than the appraised value thereof.

Sec. 4.  RCW 79.01.132 and 1999 c 51 s 1 are each amended to read as follows:

Lump sum sales under five thousand dollars appraised value shall be paid for in cash on the day of sale.  The initial deposit shall be maintained until all contract obligations of the purchaser are satisfied.  However, all or a portion of the initial deposit may be applied as the final payment for the valuable materials in the event the department of natural resources determines that adequate security exists for the performance or fulfillment of any remaining obligations of the purchaser under the sale contract.

(2) The initial deposits required in RCW 79.01.204((1))) may not ((2))) exceed twenty-five percent of the actual or projected purchase price, but in the case of lump sum sales appraised at over five thousand dollars the initial deposit may not be less than five thousand dollars, and shall be made on the day of the sale((and in the case of)).  For those sales appraised below the amount specified in RCW 79.01.200, the department of natural resources may require full cash payment on the day of sale.

(3) The purchaser shall notify the department of natural resources before any ((timber is cut and before removal or processing of any valuable materials on the sale area, at which time)) operation takes place on the sale site. ((The initial deposit shall be maintained until all contract obligations of the purchaser are satisfied.  PROVIDED HOWEVER, That all or a portion of said initial deposit may be applied as the final payment for said materials in the event the department of natural resources determines that adequate security exists for the performance or fulfillment of any remaining obligations of the purchaser under the sale contract.))

(4) In all cases where ((timber, fallen timber, stone, gravel, or other)) valuable materials ((is)) are sold separate from the land, the same shall revert to the state if not removed from the land within the period specified in the sale contract. (5) In all cases where, in the judgment of the department of natural resources, the purchaser is acting in good faith and endeavoring to remove such materials, the department of natural resources may extend the time for the removal thereof for any period not exceeding ((twenty)) forty years from the date of purchase for the
stone, sand, fill material, or building stone or for a total of ten years beyond the normal termination date specified in the original sale contract for all other material((s))).  Extension of a contract is contingent upon payment to the state of a sum to be fixed by the department of natural resources, based on the estimated loss of income per acre to the state resulting from the granting of the extension ((((s)))).  In no event may the extension payment be less than fifty dollars per extension, plus interest on the unpaid portion of the contract.  The interest rate shall be fixed, from time to time by rule adopted by the board of natural resources and shall not be less than six percent per annum. (8) Any time that the department of natural resources sells timber by contract that includes a performance bond, the department shall require the purchaser to present proof of any and all taxes paid prior to the release of the performance bond.  Within thirty days of payment of taxes due by the timber purchaser, the county treasurer shall provide certified evidence of taxes paid, clearly disclosing the sale contract number.

(9) The provisions of this section apply unless otherwise provided by statute.  The board of natural resources shall establish procedures to protect against cedar theft and to ensure adequate notice is given for persons interested in purchasing cedar.

Sec. 5.  RCW 79.01.160 and 1959 c 257 s 15 are each amended to read as follows:

All sales of ((timber)) valuable materials upon state lands shall be made subject to the right, power, and authority of the commissioner of public lands to prescribe rules ((and regulations)) or procedures governing the manner of the sale and removal of the ((timber with a view to the protection of the nonmerchantable timber, against destruction or injury by fire or from other causes, and)) valuable materials. (However,) The advertisement is for informational purposes only, and under no circumstances does the information in the notice of sale constitute a warranty that the purchaser will receive the stated values, volumes, or acreage. All purchasers are expected to make their own measurements, evaluations, and appraisals.

A direct sale of valuable materials may be sold to the applicant for cash at full appraised value without notice or advertising. The board of natural resources shall by resolution, establish the value amount of a direct sale not to exceed twenty thousand dollars in appraised sale value, and establish procedures to (ensure) that competitive market prices and accountability will be guaranteed.

And said county auditors shall keep the list so furnished in a conspicuous place or receptacle on the counter of the public office of their respective departments, and, when requested so to do, shall mail copies of such lists to residents of their counties)). On or before the time specified in the notice of sale each bidder shall deposit with the auctioneer, in cash or by certified check, cashier's check, (or postal) money order payable to the order of the department of natural resources, or by bid guarantee in the form of bid bond acceptable to the department, an amount equal to the deposit specified in the notice of sale. The deposit shall include a specified amount of the appraised price for the land or valuable materials offered for sale, together with any fee required by law for the issuance of contracts, deeds, or bills of sale. Said deposit may, when prescribed in notice of sale, be considered an opening bid of an amount not less than the minimum appraised value established in the notice of sale. The successful bidder's deposit will be retained by the auctioneer and the difference, if any, between the deposit and the total amount due shall on the day of the sale be paid in cash, certified check, cashier's check, bank draft, (or postal) money order, (or personal check) made payable to the department. If a bid bond is used, the share of the total deposit due guaranteed by the bid bond shall, within ten days of the day of sale, be paid in cash, certified check, cashier's check, (or postal) money order, or other acceptable payment method payable to the department.

Other deposits, if any, shall be returned to the respective bidders at the conclusion of each sale. The auctioneer shall deliver to the purchaser a memorandum of his or her purchase containing a description of the land or materials purchased, the price bid, and the terms of the sale. The auctioneer shall at once send to the department the cash, certified check, cashier's check, bank draft, (or postal) money order, (or) bid guarantee, or other
acceptable payment method received from the purchaser, and a copy of the memorandum delivered to the purchaser, together with such additional report of his or her proceedings with reference to such sales as may be required by the department.

Sec. 9. RCW 79.01.232 and 1927 c 255 s 58 are each amended to read as follows:
When ((timber, fallen timber, stone, gravel, or other)) valuable materials((shall have been)) are sold separate from the land and the purchase price is paid in full, the commissioner of public lands shall cause a bill of sale, signed by the commissioner and attested by the seal of his or her office, setting forth the time within which such material shall be removed, to be issued to the purchaser and to be recorded in the office of the commissioner of public lands, upon the payment of the fee provided for in this chapter.

NEW SECTION. Sec. 10. A new section is added to chapter 79.01 RCW to read as follows:
For the purposes of this title, "appraisal" means an estimate of the market value of land or valuable materials. The estimate must reflect the value based on market conditions at the time of the sale or transfer offering. The appraisal must reflect the department of natural resources' best effort to establish a reasonable market value for the purpose of setting a minimum bid at auction or transfer. A purchaser of state lands or valuable materials may not rely upon the appraisal prepared by the department of natural resources for purposes of deciding whether to make a purchase from the department. All purchasers are required to make their own independent appraisals.

Sec. 11. RCW 79.01.240 and 1982 1st ex.s. c 21 s 164 are each amended to read as follows:
Any sale, transfer, or lease of state lands ((made by mistake, or not in accordance with law, or obtained)) in which the purchaser, transfer recipient, or lessee obtains the sale or lease by fraud or misrepresentation((shall be)) is void, and the contract of purchase((issued thereon)) or lease((issued thereon)) shall be of no effect((and the holder of such contract, or lease, shall be required to surrender the same to the department of natural resources, which, except in the case of fraud on the part of the purchaser, or lessee, shall cause the money paid on account of such surrendered contract, or lease, to be refunded to the holder thereof, provided the same has not been paid into the state treasury)). In the event of fraud, the contract, transferred property, or lease must be surrendered to the department of natural resources, but the purchaser, transfer recipient, or lessee may not be refunded any money paid on account of the surrendered contract, transfer, or lease. In the event that a mistake is discovered in the sale or lease of state lands, or in the sale of valuable materials on state lands, the department may take action to correct the mistake in accordance with RCW 79.01.740 if maintaining the corrected contract, transfer, or lease is in the best interests of the affected trust or trusts.

Sec. 12. RCW 79.01.340 and 1982 1st ex.s. c 21 s 171 are each amended to read as follows:
Any county or city or the United States of America or state agency desiring to locate, establish, and construct a road or street over and across any state lands of the state of Washington shall by resolution of the board of county commissioners of such county, or city council or other governing body of such city, or proper agency of the United States of America, or state agency, cause to be filed in the office of the department of natural resources a petition for a right of way for such road or street, setting forth the reasons for the establishment thereof, accompanied by a duly attested copy of a plat made by the county or city engineer or proper agency of the United States of America, or state agency, showing the location of the proposed road or street with reference to the legal subdivisions, or lots and blocks of the official plat, or the lands, over and across which such right of way is desired, the amount of land to be taken and the amount of land remaining in each portion of each legal subdivision or lot or block bisected by such proposed road or street.

Upon the filing of such petition and plat the department of natural resources, if deemed for the best interest of the state to grant the petition, shall cause the land proposed to be taken to be inspected and shall appraise the value of ((any timber)) the land and valuable materials thereon and notify the petitioner of such appraised value.

If there ((are)) are no ((timber)) valuable materials on the proposed right of way, or upon the payment of the appraised value of ((any timber)) the land and valuable materials thereon, to the department of natural
resources in cash, or by certified check drawn upon any bank in this state, or (postal) money order, except for all rights of way granted to the department of natural resources on which the (timber) valuable materials, if any, shall be sold at public auction or by sealed bid, the department may approve the plat filed with the petition and file and enter the same in the records of his or her office, and such approval and record shall constitute a grant of such right of way from the state.

Sec. 13. RCW 79.01.392 and 1961 c 73 s 8 are each amended to read as follows:
Upon the filing of the plat and field notes, as provided in RCW 79.01.388, the land applied for and the valuable materials on the right of way applied for, and the marked danger trees to be felled off the right of way, if any, and the improvements included in the right of way applied for, if any, shall be appraised as in the case of an application to purchase state lands. Upon full payment of the appraised value of the land applied for, or upon payment of an annual rental when the department of natural resources deems a rental to be in the best interests of the state, and upon full payment of the appraised value of the valuable materials and improvements, if any, the commissioner of public lands shall issue to the applicant a certificate of the grant of such right of way stating the terms and conditions thereof and shall enter the same in the abstracts and records in his or her office, and thereafter any sale or lease of the lands affected by such right of way shall be subject to the easement of such right of way. Should the corporation, company, association, individual, state agency, political subdivision of the state, or the United States of America, securing such right of way ever abandon the use of the same for a period of sixty months or longer for the purposes for which it was granted, the right of way shall revert to the state, or the state's grantee.

Sec. 14. RCW 79.01.795 and 1987 c 126 s 2 are each amended to read as follows:
When the department finds (timber) valuable materials on state land that (is) are damaged by fire, wind, flood, or from any other cause, it shall determine if the salvage of the damaged (timber) valuable materials is in the best interest of the trust for which the land is held. If (selling) salvaging the (timber) valuable materials is in the best interest of the trust, the department shall proceed to offer the (timber) valuable materials for sale (within a period not to exceed seven months from the date of first identifying the damaged timber). The valuable materials, when offered for sale, must be sold in the most expeditious and efficient manner as determined by the department. In determining if the sale is in the best interest of the trust the department shall consider the net value of the (timber) valuable materials and relevant elements of the physical and social environment. (If selling the timber is not in the best interest of the trust, the department shall not offer it for sale until such time as in the department's determination it is in the trust's best interest.) If elements of the physical or social environment extend the time required to prepare the timber for sale beyond seven months from the date of first identifying the damaged timber, the department shall prepare the timber for sale at the earliest time practicable.)

Sec. 15. RCW 79.64.030 and 1999 c 279 s 1 are each amended to read as follows:
Funds in the account (derived) from the (gross proceeds of) moneys received from leases, sales, contracts, licenses, permits, easements, and rights of way issued by the department and affecting school lands, university lands, scientific school lands, normal school lands, capitol building lands, or institutional lands shall be pooled and expended by the department solely for the purpose of defraying the costs and expenses necessarily incurred in managing and administering all of the trust lands enumerated in this section. Such funds may be used for similar costs and expenses in managing and administering other lands managed by the department provided that such expenditures that have been or may be made on such other lands shall be repaid to the resource management cost account together with interest at a rate determined by the board of natural resources. Costs and expenses necessarily incurred in managing and administering agricultural college lands shall not be deducted from proceeds (derived) received from the sale of such lands or from the sale of resources that are part of the lands. Costs and expenses incurred in managing and administering agricultural college trust lands shall be funded by appropriation under RCW 79.64.090.

An accounting shall be made annually of the accrued expenditures from the pooled trust funds in the account. In the event the accounting determines that expenditures have been made from moneys (derived)
received from trust lands for the benefit of other lands, such expenditure shall be considered a debt and an
encumbrance against the property benefitted, including property held under chapter 76.12 RCW. The results of
the accounting shall be reported to the legislature at the next regular session. The state treasurer is authorized,
upon request of the department, to transfer funds between the forest development account and the resource
management cost account solely for purpose of repaying loans pursuant to this section.

Sec. 16. RCW 79.64.040 and 1999 c 279 s 2 are each amended to read as follows:
The board shall determine the amount deemed necessary in order to achieve the purposes of this chapter
and shall provide by rule for the deduction of this amount from the ((gross proceeds)) moneys received from
all leases, sales, contracts, licenses, permits, easements, and rights of way issued by the department and affecting
public lands, provided that no deduction shall be made from the proceeds from agricultural college lands.
Moneys received as deposits from successful bidders, advance payments, and security under RCW 79.01.132 and
79.01.204 prior to December 1, 1981, which have not been subjected to deduction under this section are not
subject to deduction under this section. The deductions authorized under this section shall in no event exceed
twenty-five percent of the ((total sum)) moneys received by the department in connection with any one
transaction pertaining to public lands other than second class tide and shore lands and the beds of navigable
waters, and fifty percent of the ((total gross proceeds)) moneys received by the department pertaining to second
class tide and shore lands and the beds of navigable waters.

Sec. 17. RCW 79.64.050 and 1961 c 178 s 5 are each amended to read as follows:
All deductions from ((gross proceeds)) moneys received made in accordance with RCW 79.64.040 shall
be paid into the account and the balance shall be paid into the state treasury to the credit of the fund otherwise
entitled to the proceeds.

NEW SECTION. Sec. 18. A new section is added to chapter 79.01 RCW to read as follows:
(1) In the event that the department of natural resources determines that regulatory requirements or some
other circumstance beyond the control of both the department and the purchaser has made a valuable materials
contract wholly or partially impracticable to perform, the department may cancel any portion of the contract
which could not be performed. In the event of such a cancellation, the purchaser shall not be liable for the
purchase price of any portions of the contract so canceled. Market price fluctuations shall not constitute an
impracticable situation for valuable materials contracts.
(2) Alternatively, and notwithstanding any other provision in this title, the department of natural
resources may substitute valuable materials from another site in exchange for any valuable materials which the
department determines have become impracticable to remove under the original contract. Any substituted
valuable materials must belong to the identical trust involved in the original contract, and the substitute materials
shall be determined by the department of natural resources to have an appraised value that is not greater than the
valuable materials remaining under the original contract. The substitute valuable materials and site shall remain
subject to all applicable permitting requirements and the state environmental policy act, chapter 43.21C RCW,
for the activities proposed at that site. In any such substitution, the value of the materials substituted shall be
fixed at the purchase price of the original contract regardless of subsequent market changes. Consent of the
purchaser shall be required for any substitution under this section.

as defined in RCW 18.100.030, within this state may organize and become a member or members of a limited

Nothing in this section prohibits a person duly licensed or otherwise legally authorized to render professional
services in any jurisdiction other than this state from becoming a member of a limited liability partnership
organized for the purpose of rendering the same professional services. Nothing in this section prohibits a limited
liability partnership from rendering professional services outside this state through individuals who are not duly
licensed or otherwise legally authorized to render such professional services within this state.
(2)(a) Notwithstanding any other provision of this chapter, health care professionals who are licensed or
certified pursuant to chapters 18.06, ((18.19)), 18.-- (sections 1 through 16 of this act), 18.22, 18.25, 18.29,
18.34, 18.35, 18.36A, 18.50, 18.53, 18.55, 18.64, 18.79, 18.83, 18.89, 18.108, and 18.138 RCW may join and

one limited liability partnership and are to be considered, for the purpose of forming a limited liability
partnership, as rendering the "same specific professional services" or "same professional services" or similar
terms.
(c) Formation of a limited liability partnership under this subsection does not restrict the application of
the uniform disciplinary act under chapter 18.130 RCW, or any applicable health care professional statutes under
Title 18 RCW, including but not limited to restrictions on persons practicing a health profession without being
appropriately credentialed and persons practicing beyond the scope of their credential.
Sec. 32. RCW 25.15.045 and 1999 c 128 s 2 are each amended to read as follows:
(1) A person or group of persons licensed or otherwise legally authorized to render professional services within this or any other state may organize and become a member or members of a professional limited liability company under the provisions of this chapter for the purposes of rendering professional service. A "professional limited liability company" is subject to all the provisions of chapter 18.100 RCW that apply to a professional corporation, and its managers, members, agents, and employees shall be subject to all the provisions of chapter 18.100 RCW that apply to the directors, officers, shareholders, agents, or employees of a professional corporation, except as provided otherwise in this section. Nothing in this section prohibits a person duly licensed or otherwise legally authorized to render professional services in any jurisdiction other than this state from becoming a member of a professional limited liability company organized for the purpose of rendering the same professional services. Nothing in this section prohibits a professional limited liability company from rendering professional services outside this state through individuals who are not duly licensed or otherwise legally authorized to render such professional services within this state. Persons engaged in a profession and otherwise meeting the requirements of this chapter may operate under this chapter as a professional limited liability company so long as each member personally engaged in the practice of the profession in this state is duly licensed or otherwise legally authorized to practice the profession in this state and:
(a) At least one manager of the company is duly licensed or otherwise legally authorized to practice the profession in this state; or
(b) Each member in charge of an office of the company in this state is duly licensed or otherwise legally authorized to practice the profession in this state.
(2) If the company's members are required to be licensed to practice such profession, and the company fails to maintain for itself and for its members practicing in this state a policy of professional liability insurance, bond, or other evidence of financial responsibility of a kind designated by rule by the state insurance commissioner and in the amount of at least one million dollars or a greater amount as the state insurance commissioner may establish by rule for a licensed profession or for any specialty within a profession, taking into account the nature and size of the business, then the company's members are personally liable to the extent that, had the insurance, bond, or other evidence of responsibility been maintained, it would have covered the liability in question.
(3) For purposes of applying the provisions of chapter 18.100 RCW to a professional limited liability company, the terms "director" or "officer" means manager, "shareholder" means member, "corporation" means professional limited liability company, "articles of incorporation" means certificate of formation, "shares" or "capital stock" means a limited liability company interest, "incorporator" means the person who executes the certificate of formation, and "bylaws" means the limited liability company agreement.
(4) The name of a professional limited liability company must contain either the words "Professional Limited Liability Company," or the words "Professional Limited Liability" and the abbreviation "Co.," or the abbreviation "P.L.L.C." or "PLLC" provided that the name of a professional limited liability company organized to render dental services shall contain the full names or surnames of all members and no other word than "chartered" or the words "professional services" or the abbreviation "P.L.L.C." or "PLLC."
(5) Subject to the provisions in article VII of this chapter, the following may be a member of a professional limited liability company and may be the transferee of the interest of an ineligible person or deceased member of the professional limited liability company:
(a) A professional corporation, if its shareholders, directors, and its officers other than the secretary and the treasurer, are licensed or otherwise legally authorized to render the same specific professional services as the professional limited liability company; and
(b) Another professional limited liability company, if the managers and members of both professional limited liability companies are licensed or otherwise legally authorized to render the same specific professional services.
(6)(a) Notwithstanding any other provision of this chapter, health care professionals who are licensed or certified pursuant to chapters 18.06, (18.19,)) 18.-- (sections 1 through 16 of this act), 18.22, 18.25, 18.29, 18.34, 18.35, 18.36A, 18.50, 18.53, 18.55, 18.57, 18.57A, 18.64, 18.71, 18.71A, 18.79, 18.83, 18.89, 18.108, and 18.138 RCW may own membership interests in and render their individual professional services through one
limited liability company and are to be considered, for the purpose of forming a limited liability company, as rendering the "same specific professional services" or "same professional services" or similar terms.

(b) Notwithstanding any other provision of this chapter, health care professionals who are regulated under chapters 18.59 and 18.74 RCW may own membership interests in and render their individual professional services through one limited liability company formed for the sole purpose of providing professional services within their respective scope of practice.

(c) Formation of a limited liability company under this subsection does not restrict the application of the uniform disciplinary act under chapter 18.130 RCW, or any applicable health care professional statutes under Title 18 RCW, including but not limited to restrictions on persons practicing a health profession without being appropriately credentialed and persons practicing beyond the scope of their credential.

Sec. 33. RCW 48.43.087 and 1996 c 304 s 1 are each amended to read as follows:

(d) "Mental health services" means outpatient services.

(2) Consistent with federal and state law and rule, no contract between a mental health care practitioner and an intermediary or between a mental health care practitioner and a health carrier that is written, amended, or renewed after June 6, 1996, may contain a provision prohibiting a practitioner and an enrollee from agreeing to contract for services solely at the expense of the enrollee as follows:

(a) On the exhaustion of the enrollee's mental health care coverage;

(b) During an appeal or an adverse certification process;

(c) When an enrollee's condition is excluded from coverage; or

(d) For any other clinically appropriate reason at any time.

(3) If a mental health care practitioner provides services to an enrollee during an appeal or adverse certification process, the practitioner must provide to the enrollee written notification that the enrollee is responsible for payment of these services, unless the health carrier elects to pay for services provided.

(4) This section does not apply to a mental health care practitioner who is employed full time on the staff of a health carrier.

NEW SECTION. Sec. 34. A new section is added to chapter 70.02 RCW to read as follows:

SSB 5880 Prime Sponsor, Senate Committee on Natural Resources, Parks & Shorelines: Creating a forest products commission. Reported by Committee on Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the creation of a forest products commission would assist in expanding the state's economy, because:
(1) Marketing is a dynamic and changing part of the Washington forest products industry and a vital element in expanding the state economy;
(2) The sale in the state and export to other states and abroad of forest products made in the state contribute substantial benefits to the economy of the state, provide a large number of jobs and sizeable tax revenues, and are key components of the health of many local communities because many secondary businesses are largely dependent on the health of the forest products industry; and
(3) Forest products are made from a renewable resource and are more environmentally sound than many alternative products.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.
(1) "Commission" means the forest products commission.
(2) "Department" means the department of agriculture.
(3) "Director" means the director of the department of agriculture or the director's authorized
representative.

(4) "Forest products" or "timber" means trees of any species maintained for eventual harvest whether planted or of natural growth, standing or down, on privately or publicly owned land, and also includes wood products related thereto, but does not include Christmas trees or other trees on which the timber excise tax provided under chapter 84.33 RCW is not imposed.

(5) "Person" includes any individual, corporation, firm, partnership, trust, association, or any other organization of individuals.

(6) "Producer" means any person who harvests timber in Washington state and pays the timber excise tax imposed under chapter 84.33 RCW on at least two million board feet in a calendar year or in four consecutive calendar quarters.

(7) "Eastern Washington" means that portion of the state lying east of the Cascade mountain range.

(8) "Western Washington" means that portion of the state lying west of the Cascade mountain range.

NEW SECTION. Sec. 3. (1)(a) There is created a commodity commission to be known and designated as the Washington forest products commission. The commission is composed of nine voting members. The commission may, in its sole discretion, add or remove nonvoting ex officio members to the commission. Of the members, six shall be from western Washington, and three shall be from eastern Washington. After the initial election of commission members, however, if a position cannot be filled by a member from eastern Washington within sixty days from the date on which nominations may first be received because of a lack of candidates, the position may be filled by a member from western Washington. Under no circumstances will there be less than two board members from eastern Washington. If a position was filled by a member from western Washington because of a lack of candidates from eastern Washington, and districts are not used for the nomination and election of members, then a person from eastern Washington must fill the next available vacancy or open position at the next election to bring the number of representatives from eastern Washington up to three members. All members shall be elected by the entire group of producers unless the commission creates districts for the members as authorized in section 5 of this act. If districts are used for the nomination and election of commission members, and it does not appear that one of the positions from eastern Washington will be filled because of a lack of candidates, then a commission member who resides in western Washington must fill the next available vacancy or open position at the next election to bring the number of representatives from eastern Washington up to three members. All members shall be elected by the entire group of producers unless the commission creates districts for the members as authorized in section 5 of this act. If districts are used for the nomination and election of commission members, and it does not appear that one of the positions from eastern Washington will be filled because of a lack of candidates, then a commission member who resides in western Washington must be elected by the entire group of producers as an at-large member. The position of the western Washington member who is elected as an at-large member shall be filled by a member from eastern Washington at the expiration of the term of the at-large member. If districts are not used for the nomination and election of members, the commission shall strive to achieve representation on the commission from the different geographic regions of the state.

(b) Of the six members from western Washington, three members must have annual harvests of more than seventy-five million board feet, and three members must have annual harvests between two million board feet and seventy-five million board feet.

(c) Of the two members from eastern Washington, one member must have an annual harvest greater than forty million board feet, and one member must have an annual harvest between two million board feet and forty million board feet. If there is a third member from eastern Washington, the only harvest requirement is that the member have an annual harvest of at least two million board feet.

(2) The members must be citizens and residents of this state, and over the age of twenty-one years. Each member must currently, and for the five years last preceding his or her election, be actually engaged in producing forest products within the state of Washington, either individually or as an officer of a corporation, firm, partnership, trust, association, or business organization at the level of production required to qualify as a producer. Each member must also derive a substantial amount of his or her income from the production of forest products. The qualifications set forth in this section apply throughout each member's term of office.

(3) No more than one member of the commission may be employed by, or connected in a proprietary capacity with, the same corporation, firm, partnership, trust, association, or business organization at the level of production required to qualify as a producer.

(4) Five voting members of the commission constitute a quorum for the transaction of all business and the carrying out of the duties of the commission.

(5) The regular term of office of the members is four years from November 1st following their election and until their successors are elected and qualified. However, the first terms of the members elected November
EIGHTY SECOND DAY, MARCH 30, 2001

1, 2001, is as follows: Positions one, four, and seven terminate November 1, 2003; positions two, five, and eight terminate November 1, 2004; and positions three, six, and nine terminate November 1, 2005.

NEW SECTION. Sec. 4. (1) The director shall call the initial meeting of producers of forest products for the purpose of nominating their respective members of the commission. Public notice of the meeting shall be given by the director in the manner the director determines is appropriate. A producer may on his or her own motion file his or her name with the director for the purpose of receiving notice of the meeting. The nonreceipt of the notice by any interested person does not invalidate the proceedings.

(2) Prior to the nomination of commission members, the department of revenue shall provide the director with a list of all qualified producers within the state based upon tax records of the department.

(3) For the initial election of commission members, any qualified producer may be nominated orally for a commissioner position at the meeting convened by the director. Nominations may also be made within five days prior to the meeting by a written petition filed with the department, signed by at least five producers who reside in the state. If the director determines that one of the positions from eastern Washington will go unfilled because of a lack of candidates, the director shall announce that this position shall be filled by a member from western Washington. If the position designated for eastern Washington is filled by a member from western Washington because of a lack of candidates from eastern Washington, this position shall be designated as position number seven by the director for purposes of section 3(5) of this act. Under no circumstances will there be less than two board members from eastern Washington.

(4) The initial members of the commission shall be elected by secret mail ballot under the supervision of the director at the same time the referendum is submitted under section 12 of this act calling for the creation of the commission and the imposition of the initial assessment. If a nominee does not receive a majority of the votes on the first ballot, a run-off election shall be held by mail in a similar manner between the two candidates for the position receiving the largest number of votes.

NEW SECTION. Sec. 5. (1) After the initial election of commission members, the commission shall establish rules for electing commission members, including the method used for notification, nominating, and voting. The commission may create commission districts and boundaries, and may also establish a weighted voting procedure for election of commission members. The commission shall hold its annual meeting during the month of October each year for the purpose of nominating commission members and the transaction of other business. Public notice of the meeting shall be given by the commission in the manner it determines is appropriate. A producer may on his or her own motion file his or her name with the commission for the purpose of receiving notice of the meeting. The nonreceipt of the notice by any interested person does not invalidate the proceedings.

(2) Prior to the nomination of commission members, the department of revenue shall provide the commission with a list of all qualified producers within the state based upon tax records of the department.

NEW SECTION. Sec. 6. (1) In the event a position becomes vacant due to resignation, disqualification, death, or for any other reason, the position until the next annual meeting shall be filled by vote of the remaining members of the commission. At the annual meeting a commissioner shall be elected to fill the balance of the unexpired term.

(2) Each member of the commission shall be compensated in accordance with RCW 43.03.230 and shall be reimbursed for actual travel expenses incurred in carrying out the provisions of this chapter. Employees of the commission may also be reimbursed for actual travel expenses when on official commission business.

NEW SECTION. Sec. 7. Obligations incurred by the commission and liabilities or claims against the commission may be enforced only against the assets of the commission in the same manner as if it were a corporation and no liability for the debts or actions of the commission exists against either the state of Washington or any subdivision orinstrumentality thereof or against any member, officer, employee, or agent of the commission in his or her individual capacity. The members of the commission, including employees of the commission, may not be held responsible individually or any way whatsoever to any person for errors in
NEW SECTION. Sec. 8. The powers and duties of the commission include:

(5) At the pleasure of the commission, to employ and discharge managers, secretaries, agents, attorneys, and employees and to engage the services of independent contractors as the commission deems necessary, to prescribe their duties, and to fix their compensation;

(6) To engage directly or indirectly in the promotion of Washington forest products and managed forests, and shall in the good faith judgment of the commission be in aid of the marketing, advertising, or sale of forest products, or of research related to such marketing, advertising, or sale of forest products, or of research related to managed forests;

(8) To acquire and transfer personal and real property, establish offices, incur expense, and enter into contracts. Contracts for creation and printing of promotional literature are not subject to chapter 43.78 RCW, but such contracts may be canceled by the commission unless performed under conditions of employment which substantially conform to the laws of this state and the rules of the department of labor and industries. The commission may create such debt and other liabilities as may be reasonable for proper discharge of its duties under this chapter;

(9) To maintain such account or accounts with one or more qualified public depositaries as the commission may direct, to cause moneys to be deposited therein, and to expend moneys for purposes authorized by this chapter by drafts made by the commission upon such institutions or by other means;

(11) To create and maintain a list of producers and to disseminate information among and solicit the opinions of producers with respect to the discharge of the duties of the commission, directly or by arrangement with trade associations or other instrumentalities;

(12) To employ, designate as agent, act in concert with, and enter into contracts with any person, council, commission, or other entity for the purpose of promoting the general welfare of the forest products industry and particularly for the purpose of assisting in the sale and distribution of Washington forest products in domestic and foreign commerce, expending moneys as it may deem necessary or advisable for such purpose and for the purpose of paying its proportionate share of the cost of any program providing direct or indirect assistance to the sale and distribution of Washington forest products in domestic or foreign commerce, and employing and paying for vendors of professional services of all kinds;

(14) To propose assessment levels for producers subject to referendum approval under section 11 of this act; and

(15) To participate in federal and state agency hearings, meetings, and other proceedings relating to the regulation, production, manufacture, distribution, sale, or use of forest products.
NEW SECTION.  Sec. 9.  The commission shall create, provide for, and conduct a research, promotional, and educational campaign as sales and market conditions reasonably require.  It shall investigate and ascertain the needs of producers, conditions of markets, and degree of public awareness of products, and take into account the information obtained in the discharge of its duties under this chapter.

NEW SECTION.  Sec. 10.  (1) The commission shall cause a list to be prepared of all Washington producers of forest products from any information available from the commission, producers' association, or producers, including tax records from the department of revenue.  This list shall contain the names and addresses of all persons who produce forest products within this state, the amount of forest products produced during the period designated by the commission, and the assessment amount for each member.  The list is considered confidential and may be reviewed only by the employees of the commission, except for information that may be disclosed to the public and commission members under subsection (4) of this section.  A qualified person may, at any time, have his or her name placed upon the list by delivering or mailing the information to the commission.  This list shall be corrected and brought up to date in accordance with evidence and information available to the commission on or before December 31st of each year, or as soon thereafter as possible. (2) The commission shall develop a reporting system to document that the producers of forest products in this state are reporting quantities of forest products produced and subject to the assessment as provided in section 11 of this act.

(3) The department of revenue may charge the commission for the reasonable costs of providing reports of harvest activity on a quarterly basis.

(4) Any taxpayer information received by the commission from the department of revenue may only be used for the limited purposes of establishing lists of producers necessary to determine eligibility for voting, eligibility for serving as a commission member, the amount of assessments owed, or other necessary purposes as established by law.  Any return or tax information received from the department of revenue may be reviewed only by the employees of the commission.  Employees may disclose to the public and commission members a list of commission members, groupings of at least three commission members by the amount of forest products harvested over any time period designated by the commission of at least one quarter, and the members who are eligible for the various positions on the commission.

NEW SECTION.  Sec. 11.  (1) To provide for permanent funding of the forest products commission, an assessment shall be levied by the commission on producers of each species of forest products.  The initial rate of assessment that shall be submitted for approval by referendum pursuant to section 12 of this act is fifty-seven cents per thousand board feet.  The initial assessment is not effective until approved by a majority of producers as required by section 12 of this act.

(2) After the initial assessment rate is approved, the commission may adjust the amount of the assessment within a range of forty-five cents up to ninety cents per thousand board feet.  The commission shall submit any proposed increase in the assessment to producers pursuant to the referendum process established in this section, and shall supply all known producers with a ballot for the referendum.  The commission shall establish the assessment for the marketing year by January 1st of each year, or as soon thereafter as possible.  Assessments may only be used for the purposes and objects of this chapter.

(3) The forest products commission may raise the assessment on forest products in excess of the fiscal growth factor under chapter 43.135 RCW.  The assessment limits established by this section are solely to provide prior legislative authority for the purposes of RCW 43.135.055 and are not a limit on the authority of the forest products commission to alter assessments in any manner not limited by RCW 43.135.055.  However, any alteration in assessments made under this section must be made with the procedural requirements established by this chapter for altering such assessments.

(4) The requirement for approval of an assessment is met if:  (a) At least fifty-one percent by numbers of
producers replying in the referendum vote affirmatively, and these producers represent at least sixty-one percent of the volume of the producers replying in the referendum; or (b) sixty-five percent by numbers of producers replying in the referendum vote affirmatively, and these producers represent at least fifty-one percent of the volume of the producers replying in the referendum. An assessment shall only be approved if at least forty percent of the eligible producers participate in the vote.

NEW SECTION. Sec. 12. (1) For purposes of determining producer participation in the commission, the initial election of commissioners, and for imposition of the original assessment specified in section 11 of this act, the director shall conduct a referendum among all producers of forest products within the state.

(2) The requirement for approval of the assessment and creation of the commission is met if: (a) At least fifty-one percent by numbers of producers replying in the referendum vote affirmatively, and these producers represent at least sixty-one percent of the volume of the producers replying in the referendum; or (b) sixty-five percent by numbers of producers replying in the referendum vote affirmatively, and these producers represent at least fifty-one percent of the volume of the producers replying in the referendum. The referendum shall only be approved if at least forty percent of the eligible producers participate in the vote.

(3) If the director determines that the requisite approval has been given, the director shall declare the establishment of the commission and direct it to put into force the assessment authorized in section 11 of this act. If the director finds that the requisite approval has not been given, then this chapter is not operative.

NEW SECTION. Sec. 13. The commission shall deposit moneys collected under section 11 of this act in a separate account in the name of the commission in any bank that is a state depository. All expenditures and disbursements made from this account under this chapter may be made without the necessity of a specific legislative appropriation. RCW 43.01.050 does not apply to this account or to the moneys received, collected, or expended under this chapter.

NEW SECTION. Sec. 14. A due and payable assessment levied in the amount determined by the commission under section 11 of this act constitutes a personal debt of every person so assessed, or who otherwise owes the assessment, and the assessment is due and payable to the commission when payment is called for by the commission. If a person fails to pay the commission the full amount of the assessment by the date due, the commission may add to the unpaid assessment an amount not exceeding ten percent of the assessment to defray the cost of enforcing its collection. If the person fails to pay any due and payable assessment or other such sum, the commission may bring a civil action for collection against the person or persons in a court of competent jurisdiction. The action shall be tried and judgment rendered as in any other cause of action for a debt due and payable.

NEW SECTION. Sec. 15. All county and state law enforcement officers shall assist in the enforcement of this chapter.

NEW SECTION. Sec. 16. The superior courts are hereby vested with jurisdiction to enforce this chapter and the rules of the commission, and to prevent and restrain violations thereof.

For those districts that have chosen to conduct elections of supervisors pursuant to this chapter:

(1) Special assessments are authorized to be imposed for conservation districts as provided in this section. Activities and programs to conserve natural resources, including soil and water, are declared to be of special benefit to lands and may be used as the basis upon which special assessments are imposed.

(2)(a) Special assessments to finance the activities of a conservation district may be imposed by the county legislative authority of the county in which the conservation district is located for a period or periods each not to exceed ten years in duration.

The supervisors of a conservation district shall hold a public hearing on a proposed system of assessments prior to the first day of August in the year prior to which it is proposed that the initial special assessments be collected. At that public hearing, the supervisors shall gather information and shall alter the proposed system of assessments when appropriate, including the number of years during which it is proposed that the special assessments be imposed.

(b) On or before the first day of August in that year, the supervisors of a conservation district shall file the proposed system of assessments, indicating the years during which it is proposed that the special assessments shall be imposed, and a proposed budget for the succeeding year with the county legislative authority of the county within which the conservation district is located. After the hearing, the county legislative authority may accept, or modify and accept, the proposed system of assessments, including the number of years during which the special assessments shall be imposed, if it finds that both the public interest will be served by the imposition of the special assessments and that the special assessments to be imposed on any land will not exceed the special benefit that the land receives or will receive from the activities of the conservation district. The findings of the county legislative authority shall be final and conclusive.

(c) Special assessments may be altered during this period on individual parcels in accordance with the system of assessments if land is divided or land uses or other factors change.

(3) A system of assessments shall classify lands in the conservation district into suitable classifications according to benefits conferred or to be conferred by the activities of the conservation district, determine an annual per acre rate of assessment for each classification of land, and indicate the total amount of special assessments proposed to be obtained from each classification of lands. Lands deemed not to receive benefit from the activities of the conservation district shall be placed into a separate classification and shall not be subject to the special assessments. An annual assessment rate shall be stated as either uniform annual per acre

Public land, including lands owned or held by the state, shall be subject to special assessments to the same extent as privately owned lands. The procedures provided in chapter 79.44 RCW shall be followed if lands owned or held by the state are subject to the special assessments of a conservation district.

Forest lands used solely for the planting, growing, or harvesting of trees may be subject to special assessments if such lands benefit from the activities of the conservation district, but the per acre rate of special assessment on benefited forest lands shall not exceed one-tenth of the weighted average per acre assessment on all other lands within the conservation district that are subject to its special assessments. The calculation of the weighted average per acre special assessment shall be a ratio calculated as follows: (a) The numerator shall be the total amount of money estimated to be derived from the imposition of per acre special assessments on the nonforest lands in the conservation district; and (b) the denominator shall be the total number of nonforest land acres in the conservation district that receive benefit from the activities of the conservation district and which are subject to the special assessments of the conservation district. No more than ten thousand acres of such forest lands that is both owned by the same person or entity and is located in the same conservation district may be subject to the special assessments that are imposed for that conservation district in any year. Per parcel charges shall not be imposed on forest land parcels. However, in lieu of a per parcel charge, a charge of up to three dollars per forest landowner may be imposed on each owner of forest lands whose forest lands are subject to a per acre rate of assessment.

(4) A conservation district shall prepare an assessment roll that implements the system of assessments approved by the county legislative authority. The special assessments from the assessment roll shall be spread by the county assessor as a separate item on the tax rolls and shall be collected and accounted for with property taxes by the county treasurer. The amount of a special assessment shall constitute a lien against the land that shall be subject to the same conditions as a tax lien, collected by the treasurer in the same manner as delinquent real property taxes, and subject to the same interest rate and penalty as for delinquent property taxes. The county treasurer shall deduct an amount, as established by the county legislative authority, from the collected special assessments to cover the costs incurred by the county assessor and county treasurer in spreading and collecting the special assessments, but not to exceed the actual costs of such work.

(5) The special assessments for a conservation district shall not be spread on the tax rolls and shall not be collected with property tax collections in the following year if, after the system of assessments has been approved by the county legislative authority but prior to the fifteenth day of December in that year, a petition has been filed with the county legislative authority objecting to the imposition of such special assessments, which petition has been signed by at least twenty percent of the owners of land that would be subject to the special assessments to be imposed for a conservation district.

NEW SECTION. Sec. 5. A new section is added to chapter 89.08 RCW to read as follows:
For those districts that have chosen to conduct elections of supervisors pursuant to Title 29 RCW:
(1) Special assessments are authorized to be imposed for conservation districts as provided in this section. Activities and programs to conserve natural resources, including soil and water, are declared to be of special benefit to lands and may be used as the basis upon which special assessments are imposed.
(2)(a) Special assessments to finance the activities of a conservation district may be imposed by the board of supervisors for a period or periods each not to exceed ten years in duration.

The supervisors of a conservation district shall hold a public hearing on a proposed system of assessments prior to the first day of August in the year prior to which it is proposed that the initial special assessments be collected. At that public hearing, the supervisors shall gather information and shall alter the proposed system of assessments when appropriate, including the number of years during which it is proposed that the special assessments be imposed.

(b) After the public hearing, if the board of supervisors finds that both the public interest will be served by the imposition of the special assessments and that the special assessments to be imposed on any land will not
exceed the special benefit that the land receives or will receive from the activities of the conservation district, the board of supervisors shall impose the assessments.

(c) Special assessments may be altered during this period on individual parcels in accordance with the system of assessments if land is divided or land uses or other factors change.

(d) Notice of the public hearings held by the supervisors shall be posted conspicuously in at least five places throughout the conservation district, and published once a week for two consecutive weeks in a newspaper in general circulation throughout the conservation district, with the date of the last publication at least five days prior to the public hearing.

(3) A system of assessments shall classify lands in the conservation district into suitable classifications according to benefits conferred or to be conferred by the activities of the conservation district, determine an annual per acre rate of assessment for each classification of land, and indicate the total amount of special assessments proposed to be obtained from each classification of lands. Lands deemed not to receive benefit from the activities of the conservation district shall be placed into a separate classification and shall not be subject to the special assessments. An annual assessment rate shall be stated as either uniform annual per acre amount, or an annual flat rate per parcel plus a uniform annual rate per acre amount, for each classification of land. The maximum annual per acre special assessment rate shall not exceed ten cents per acre. The maximum annual per parcel rate shall not exceed five dollars.

Public land, including lands owned or held by the state, shall be subject to special assessments to the same extent as privately owned lands. The procedures provided in chapter 79.44 RCW shall be followed if lands owned or held by the state are subject to the special assessments of a conservation district.

Forest lands used solely for the planting, growing, or harvesting of trees may be subject to special assessments if such lands benefit from the activities of the conservation district, but the per acre rate of special assessment on benefited forest lands shall not exceed one-tenth of the weighted average per acre assessment on all other lands within the conservation district that are subject to its special assessments. The calculation of the weighted average per acre special assessment shall be a ratio calculated as follows: (a) The numerator shall be the total amount of money estimated to be derived from the imposition of per acre special assessments on the nonforest lands in the conservation district; and (b) the denominator shall be the total number of nonforest land acres in the conservation district that receive benefit from the activities of the conservation district and which are subject to the special assessments of the conservation district. No more than ten thousand acres of such forest lands that is both owned by the same person or entity and is located in the same conservation district may be subject to the special assessments that are imposed for that conservation district in any year. Per parcel charges shall not be imposed on forest land parcels. However, in lieu of a per parcel charge, a charge of up to three dollars per forest landowner may be imposed on each owner of forest lands whose forest lands are subject to a per acre rate of assessment.

(4) A conservation district shall prepare an assessment roll that implements the system of assessments approved by the board of supervisors. The special assessments from the assessment roll shall be spread by the county assessor as a separate item on the tax rolls and shall be collected and accounted for with property taxes by the county treasurer. The amount of a special assessment shall constitute a lien against the land that shall be subject to the same conditions as a tax lien, collected by the treasurer in the same manner as delinquent real property taxes, and subject to the same interest rate and penalty as for delinquent property taxes. The county treasurer shall deduct an amount, as established by the county legislative authority, from the collected special assessments to cover the costs incurred by the county assessor and county treasurer in spreading and collecting the special assessments, but not to exceed the actual costs of such work.

(5) The special assessments for a conservation district shall not be spread on the tax rolls and shall not be collected with property tax collections in the following year if, after the system of assessments has been approved by the board of supervisors, but prior to the fifteenth day of December in that year, a petition has been filed with the board of supervisors objecting to the imposition of such special assessments, which petition has been signed by at least twenty percent of the owners of land that would be subject to the special assessments to be imposed for a conservation district.

The legislature further finds that career and technical education programs, including the vocational skills centers, provide:
(a) Support for achievement of the certificate of mastery, particularly by students requiring applied learning opportunities for academic success;
(b) Support for special needs students to fulfill the occupational preparation required for self-sufficiency in adult life;
(c) Increases in the number of students who complete high school; and
(d) Assistance with students' transitions from secondary schools to postsecondary education, training, and employment.

(2) In order to provide students with a variety of learning experiences that will assist them in achieving the higher standards of education reform, school districts currently offering career and technical education programs shall continue to provide career and technical education programs and school districts not offering career and technical education programs are encouraged to begin providing such programs.

NEW SECTION. Sec. 2. A new section is added to chapter 28C.04 RCW to read as follows:
(1) To ensure high quality career and technical programs, the office of the superintendent of public instruction shall review and approve the plans of local districts for the delivery of career and technical education. Standards for career and technical programs shall be established by the office of the superintendent of public instruction. These standards should:

(b) Demonstrate how secondary career and technical education programs will align with the work force development councils of Washington state, particularly regarding the provision of services out-of-school and the retention of at-risk youth; and

(ii) An assessment of industry internships required for teachers to ensure the ability to prepare students for industry-defined standards or certifications, or both;

A formula for the calculation of the full-time equivalent value of these activities shall be included in the new program standards; and
(iv) A description of the leadership activities to be provided for technical education students.
(2) The office of the superintendent of public instruction shall recommend a system of funding the implementation of the standards in this section, including regular equipment and technology investments.
(3) To ensure high quality career education programs and services in secondary schools, the office of the superintendent of public instruction may provide technical assistance to local districts and develop state guidelines for the delivery of career guidance in secondary schools.

(3) Hydraulic project approval is required for projects that meet the criteria of subsection (1) of this section and are being reviewed and approved under this section. An applicant shall use a joint aquatic resource permit application form developed by the department of ecology permit assistance center to apply for approval under this chapter. On the same day, the applicant shall provide copies of the completed application form to the department and to each appropriate local government. Local governments shall accept the application as notice of the proposed project. The department shall provide a fifteen-day comment period during which it will receive comments regarding environmental impacts. In no more than forty-five days, the department shall either issue hydraulic project approval, with or without conditions, deny approval, or make a determination that the review and approval process created by this section is not appropriate for the proposed project. The department shall base this determination on identification during the comment period of adverse impacts that cannot be mitigated by hydraulic project approval. If the department determines that the review and approval process created by this section is not appropriate for the proposed project, the department shall notify the applicant and the appropriate local governments of its determination. The applicant may reapply for approval of the project under other review and approval processes.

The surcharge shall be as follows: Five hundred dollars for the first year or each of the first two consecutive years after 1999 that any alternate operator is designated and two thousand five hundred dollars each year thereafter that any alternate operator is designated.

(5) Sea urchin dive fishery licenses are transferable. After December 31, 1999, there is a surcharge to transfer a sea urchin dive fishery license. The surcharge is five hundred dollars for the first transfer of a license valid for calendar year 2000, and two thousand five hundred dollars for any subsequent transfer, whether occurring in the year 2000 or thereafter. Notwithstanding this subsection, a one-time transfer exempt from surcharge applies for a transfer from the natural person licensed on January 1, 2000, to that person's spouse or child.

(6) If fewer than twenty-five natural persons are eligible for sea urchin dive fishery licenses, the director may accept applications for new licenses. The additional licenses may not cause more than twenty-five natural persons to be eligible for a sea urchin dive fishery license. New licenses issued under this section shall be distributed according to rules of the department that recover the value of such licensed privilege.

However, if the license is not held because of revocation or suspension of licensing privileges, the director shall renew the license in the name of a natural person at the end of the revocation or suspension if the license holder applies for renewal of the license before the end of the year in which the revocation or suspension ends.

(3) Where a licensee failed to obtain the license during either of the previous two years because of a license suspension by the ((department) director or the court, the licensee may qualify for a license by establishing that the person held such a license during the last year in which the person was eligible.

(4) Surcharges as provided for in this section shall be collected and deposited into the sea cucumber dive fishery account hereby created in the custody of the state treasurer. Only the director or the director's designee may authorize expenditures from the account. The sea cucumber dive fishery account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures. Expenditures from the account shall only be used to retire sea cucumber licenses until the number of licenses is reduced to twenty-five, and thereafter shall only be used for sea cucumber management and enforcement.

(a) A surcharge of one hundred dollars shall be charged with each sea cucumber dive fishery license renewal for licenses issued in 2000 through 2005.

(b) For licenses issued for the year 2000 and thereafter, a surcharge shall be charged on the sea cucumber dive fishery license for designating an alternate operator. The surcharge shall be as follows: Five hundred dollars for the first year or each of the first two consecutive years after 1999 that any alternate operator is designated and two thousand five hundred dollars each year thereafter that any alternate operator is designated.

(5) Sea cucumber dive fishery licenses are transferable. After December 31, 1999, there is a surcharge to transfer a sea cucumber dive fishery license. The surcharge is five hundred dollars for the first transfer of a license valid for calendar year 2000 and two thousand five hundred dollars for any subsequent transfer whether occurring in the year 2000 or thereafter. Notwithstanding this subsection, a one-time transfer exempt from surcharge applies for a transfer from the natural person licensed on January 1, 2000, to that person's spouse or child.

(6) If fewer than twenty-five persons are eligible for sea cucumber dive fishery licenses, the director may accept applications for new licenses. The additional licenses may not cause more than twenty-five natural persons to be eligible for a sea cucumber dive fishery license. New licenses issued under this section shall be distributed according to rules of the department that recover the value of such licensed privilege.

SSB 5182 Prime Sponsor, Senate Committee On Environment, Energy & Water: Ensuring a sustainable, comprehensive pipeline safety program in the state. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Agriculture and Ecology.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The intent of this act is to ensure a sustainable, comprehensive, pipeline safety program, to protect the health and safety of the citizens of the state of Washington, and maintain the quality of the state's environment. The legislature finds that public safety and the environment are best protected by securing permanent funding for this program through establishment of a regulatory fee imposed on hazardous liquids and gas pipelines.

NEW SECTION. Sec. 2. A new section is added to chapter 80.24 RCW to read as follows:

(1)(a) Every gas company and every interstate gas pipeline company subject to inspection or enforcement by the commission shall pay an annual pipeline safety fee to the commission. The pipeline safety fees received by the commission shall be deposited in the pipeline safety account created in RCW 81.88.050.

(b) The aggregate amount of fees set shall be sufficient to recover the reasonable costs of administering the pipeline safety program, taking into account federal funds used to offset the costs. The fees established under this section shall be designed to generate revenue not exceeding appropriated levels of funding for the current fiscal year. At a minimum, the fees established under this section shall be sufficient to adequately fund pipeline inspection personnel, the timely review of pipeline safety and integrity plans, the timely development of spill response plans, the timely development of accurate maps of pipeline locations, participation in federal pipeline safety efforts to the extent allowed by law, and the staffing of the citizens committee on pipeline safety.

(c) Increases in the aggregate amount of fees over the immediately preceding fiscal year are subject to the requirements of RCW 43.135.055.
(2) The commission shall by rule establish the methodology it will use to set the appropriate fee for each entity subject to this section. The methodology shall provide for an equitable distribution of program costs among all entities subject to the fee. The fee methodology shall provide for:

(a) Direct assignment of average costs associated with annual standard inspections, including the average number of inspection days per year. In establishing these directly assignable costs, the commission shall consider the requirements and guidelines of the federal government, state safety standards, and good engineering practice; and

(b) A uniform and equitable means of estimating and allocating costs of other duties relating to inspecting pipelines for safety that are not directly assignable, including but not limited to design review and construction inspections, specialized inspections, incident investigations, geographic mapping system design and maintenance, and administrative support.

(3) The commission shall require reports from those entities subject to this section in the form and at such time as necessary to set the fees. After considering the reports supplied by the entities, the commission shall set the amount of the fee payable by each entity by general order entered before July 1st of each year.

(4) For companies subject to RCW 80.24.010, the commission shall collect the pipeline safety fee as part of the fee specified in RCW 80.24.010. The commission shall allocate the moneys collected under RCW 80.24.010 between the pipeline safety program and for other regulatory purposes. The commission shall adopt rules that assure that fee moneys related to the pipeline safety program are maintained separately from other moneys collected by the commission under this chapter.

(5) Any payment of the fee imposed by this section made after its due date must include a late fee of two percent of the amount due. Delinquent fees accrue interest at the rate of one percent per month.

(6) The commission shall keep accurate records of the costs incurred in administering its gas pipeline safety program, and the records are open to inspection by interested parties. The records and data upon which the commission's determination is made shall be prima facie correct in any proceeding to challenge the reasonableness or correctness of any order of the commission fixing fees and distributing regulatory expenses.

(7) If any entity seeks to contest the imposition of a fee imposed under this section, that entity shall pay the fee and request a refund within six months of the due date for the payment by filing a petition for a refund with the commission. The commission shall establish by rule procedures for handling refund petitions and may delegate the decisions on refund petitions to the secretary of the commission.

(8) After establishing the fee methodology by rule as required in subsection (2) of this section, the commission shall create a regulatory incentive program for pipeline safety programs in collaboration with the citizens committee on pipeline safety. The regulatory incentive program created by the commission shall not shift costs among companies paying pipeline safety fees and shall not decrease revenue to pipeline safety programs. The regulatory incentive program shall not be implemented until after the review conducted according to section 4 of this act.

NEW SECTION. Sec. 3. A new section is added to chapter 81.24 RCW to read as follows:

(1)(a) Every hazardous liquid pipeline company as defined in RCW 81.88.010 shall pay an annual pipeline safety fee to the commission. The pipeline safety fees received by the commission shall be deposited in the pipeline safety account created in RCW 81.88.050.

(b) The aggregate amount of fees set shall be sufficient to recover the reasonable costs of administering the pipeline safety program, taking into account federal funds used to offset the costs. The fees established under this section shall be designed to generate revenue not exceeding appropriated levels of funding for the current fiscal year. At a minimum, the fees established under this section shall be sufficient to adequately fund pipeline inspection personnel, the timely review of pipeline safety and integrity plans, the timely development of spill response plans, the timely development of accurate maps of pipeline locations, participation in federal pipeline safety efforts to the extent allowed by law, and the staffing of the citizens committee on pipeline safety.

(c) Increases in the aggregate amount of fees over the immediately preceding fiscal year are subject to the requirements of RCW 43.135.055.

(2) The commission shall by rule establish the methodology it will use to set the appropriate fee for each entity subject to this section. The methodology shall provide for an equitable distribution of program costs.
among all entities subject to the fee. The fee methodology shall provide for:

(a) Direct assignment of average costs associated with annual standard inspections, including the average number of inspection days per year. In establishing these directly assignable costs, the commission shall consider the requirements and guidelines of the federal government, state safety standards, and good engineering practice; and

(b) A uniform and equitable means of estimating and allocating costs of other duties relating to inspecting pipelines for safety that are not directly assignable, including but not limited to design review and construction inspections, specialized inspections, incident investigations, geographic mapping system design and maintenance, and administrative support.

(3) The commission shall require reports from those entities subject to this section in the form and at such time as necessary to set the fees. After considering the reports supplied by the entities, the commission shall set the amount of the fee payable by each entity by general order entered before July 1st of each year.

(4) For companies subject to RCW 81.24.010, the commission shall collect the pipeline safety fee as part of the fee specified in RCW 81.24.010. The commission shall allocate the moneys collected under RCW 81.24.010 between the pipeline safety program and for other regulatory purposes. The commission shall adopt rules that assure that fee moneys related to the pipeline safety program are maintained separately from other moneys collected by the commission under this chapter.

(5) Any payment of the fee imposed by this section made after its due date must include a late fee of two percent of the amount due. Delinquent fees accrue interest at the rate of one percent per month.

(6) The commission shall keep accurate records of the costs incurred in administering its hazardous liquid pipeline safety program, and the records are open to inspection by interested parties. The records and data upon which the commission's determination is made shall be prima facie correct in any proceeding to challenge the reasonableness or correctness of any order of the commission fixing fees and distributing regulatory expenses.

(7) If any entity seeks to contest the imposition of a fee imposed under this section, that entity shall pay the fee and request a refund within six months of the due date for the payment by filing a petition for a refund with the commission. The commission shall establish by rule procedures for handling refund petitions and may delegate the decisions on refund petitions to the secretary of the commission.

(8) After establishing the fee methodology by rule as required in subsection (2) of this section, the commission shall create a regulatory incentive program for pipeline safety programs in collaboration with the citizens committee on pipeline safety. The regulatory incentive program created by the commission shall not shift costs among companies paying pipeline safety fees and shall not decrease revenue to pipeline safety programs. The regulatory incentive program shall not be implemented until after the review conducted according to section 4 of this act.

NEW SECTION Sec. 4. A new section is added to chapter 81.88 RCW to read as follows: The joint legislative audit and review committee shall review staff use, inspection activity, fee methodology, and costs of the hazardous liquid and gas pipeline safety programs and report to the appropriate legislative committees by July 1, 2003. The report shall include a comparison of interstate and intrastate programs, including but not limited to the number and complexity of regular and specialized inspections, mapping requirements for each program, and allocation of administrative costs to each program.

"NEW SECTION.  Sec. 1.  A new section is added to chapter 13.34 RCW to read as follows:
(1) Following shelter care and no later than twenty-five days prior to fact-finding, the department, upon the parent's request, shall facilitate a conference to develop and specify in a written service agreement the expectations of both the department and the parent regarding the care and placement of the child.

The department shall invite to the conference the parent, the foster parent or other out-of-home care provider, caseworker, counselor, or other relevant health care provider, and any other person connected to the development and well-being of the child.

The initial written service agreement expectations must correlate with the court's findings at the shelter care hearing. The written service agreement must set forth specific criteria that enables the court to measure the performance of both the department and the parent, and must be updated throughout the dependency process to reflect changes in expectations. The service agreement must serve as the unifying document for all expectations established in the department's various case planning and case management documents and the findings and orders of the court during dependency proceedings.

The court shall review the written service agreement at each stage of the dependency proceedings and evaluate the performance of both the department and the parent for consistent, measurable progress in complying with the expectations identified in the agreement.

(2) At any other stage in a dependency proceeding, the department, upon the parent's request, shall facilitate a case conference.

Sec. 2.  RCW 13.34.062 and 2000 c 122 s 5 are each amended to read as follows:

You should be present at any shelter care hearing. If you do not come, the judge will not hear what you have to say.

You may call the Child Protective Services' caseworker for more information about your child. The
caseworker's name and telephone number are: (insert name and telephone number).

5. You may request that the department facilitate a case conference to develop a written service agreement following the shelter care hearing. The service agreement may not conflict with the court's order of shelter care. You may participate in the case conference.

Upon receipt of the written notice, the parent, guardian, or legal custodian shall acknowledge such notice by signing a receipt prepared by child protective services. If the parent, guardian, or legal custodian does not sign the receipt, the reason for lack of a signature shall be written on the receipt. The receipt shall be made a part of the court's file in the dependency action.

(4) The court shall hear evidence regarding notice given to, and efforts to notify, the parent, guardian, or legal custodian and shall examine the need for shelter care. The court shall hear evidence regarding the efforts made to place the child with a relative. The court shall make an express finding as to whether the notice required under RCW 13.34.060(2) and subsections (1) and (2) of this section was given to the parent, guardian, or legal custodian. All parties have the right to present testimony to the court regarding the need or lack of need for shelter care. Hearsay evidence before the court regarding the need or lack of need for shelter care must be supported by sworn testimony, affidavit, or declaration of the person offering such evidence.

(5) A shelter care order issued pursuant to RCW 13.34.065 may be amended at any time with notice and hearing thereon. The shelter care decision of placement shall be modified only upon a showing of change in circumstances. No child may be placed in shelter care for longer than thirty days without an order, signed by the judge, authorizing continued shelter care.

(6) Any parent, guardian, or legal custodian who for good cause is unable to attend the initial shelter care hearing may request that a subsequent shelter care hearing be scheduled. The request shall be made to the clerk of the court where the petition is filed prior to the initial shelter care hearing. Upon the request of the parent, the court shall schedule the hearing within seventy-two hours of the request, excluding Saturdays, Sundays, and holidays. The clerk shall notify all other parties of the hearing by any reasonable means.

Sec. 3. RCW 13.34.065 and 2000 c 122 s 7 are each amended to read as follows:

(1) The juvenile court probation counselor shall submit a recommendation to the court as to the further need for shelter care unless the petition has been filed by the department, in which case the recommendation shall be submitted by the department.

(2) The court shall release a child alleged to be dependent to the care, custody, and control of the child's parent, guardian, or legal custodian unless the court finds there is reasonable cause to believe that:

(a) After consideration of the specific services that have been provided, reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home; and

(b)(i) The child has no parent, guardian, or legal custodian to provide supervision and care for such child; or
(ii) The release of such child would present a serious threat of substantial harm to such child; or
(iii) The parent, guardian, or custodian to whom the child could be released has been charged with violating RCW 9A.40.060 or 9A.40.070.

If the court does not release the child to his or her parent, guardian, or legal custodian, and the child was initially placed with a relative pursuant to RCW 13.34.060(1), the court shall order continued placement with a relative, unless there is reasonable cause to believe the health, safety, or welfare of the child would be jeopardized. If the child was not initially placed with a relative, and the court does not release the child to his or her parent, guardian, or legal custodian, the supervising agency shall make reasonable efforts to locate a relative pursuant to RCW 13.34.060(1). If a relative is not available, the court shall order continued shelter care or order placement with another suitable person, and the court shall set forth its reasons for the order. The court shall enter a finding as to whether RCW 13.34.060(2) and subsections (1) and (2) of this section have been complied with. If actual notice was not given to the parent, guardian, or legal custodian and the whereabouts of such person is known or can be ascertained, the court shall order the supervising agency or the department of social and health services to make reasonable efforts to advise the parent, guardian, or legal custodian of the status of the case, including the date and time of any subsequent hearings, and their rights under RCW 13.34.090.

(3) An order releasing the child on any conditions specified in this section may at any time be amended, with notice and hearing thereon, so as to return the child to shelter care for failure of the parties to conform to the conditions originally imposed. The court shall consider whether nonconformance with any conditions resulted from circumstances beyond the control of the parent and give weight to that fact before ordering return of the child to shelter care.

(4) If a child is returned home from shelter care a second time, or if the supervisor of the caseworker deems it necessary, the multidisciplinary team may be reconvened.

(5) If a child is returned home from shelter care a second time, a law enforcement officer must be present and file a report.

Sec. 4. RCW 13.34.180 and 2000 c 122 s 25 are each amended to read as follows:
(1) A petition seeking termination of a parent and child relationship may be filed in juvenile court by any party to the dependency proceedings concerning that child. Such petition shall conform to the requirements of RCW 13.34.040, shall be served upon the parties as provided in RCW 13.34.070(8), and shall allege all of the following unless subsection (2) or (3) of this section applies:
(a) That the child has been found to be a dependent child;
(b) That the court has entered a dispositional order pursuant to RCW 13.34.130;
(c) That the child has been removed or will, at the time of the hearing, have been removed from the custody of the parent for a period of at least six months pursuant to a finding of dependency;
(d) That the services ordered under RCW 13.34.136 have been expressly and understandably offered or provided and all necessary services, reasonably available, capable of correcting the parental deficiencies within the foreseeable future have been expressly and understandably offered or provided;
(e) That there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. A parent's failure to substantially improve parental deficiencies within twelve months following entry of the dispositional order shall give rise to a rebuttable presumption that there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. The presumption shall not arise unless the petitioner makes a showing that all necessary services reasonably capable of correcting the parental deficiencies within the foreseeable future have been clearly offered or provided. In determining whether the conditions will be remedied the court may consider, but is not limited to, the following factors:
(i) Use of intoxicating or controlled substances so as to render the parent incapable of providing proper care for the child for extended periods of time or for periods of time that present a risk of imminent harm to the child, and documented unwillingness of the parent to receive and complete treatment or documented multiple failed treatment attempts; or
(ii) Psychological incapacity or mental deficiency of the parent that is so severe and chronic as to render the parent incapable of providing proper care for the child for extended periods of time or for periods of time that
present a risk of imminent harm to the child, and documented unwillingness of the parent to receive and complete treatment or documentation that there is no treatment that can render the parent capable of providing proper care for the child in the near future; and

(f) That continuation of the parent and child relationship clearly diminishes the child's prospects for early integration into a stable and permanent home.

(2) In lieu of the allegations in subsection (1) of this section, the petition may allege that the child was found under such circumstances that the whereabouts of the child's parent are unknown and no person has acknowledged paternity or maternity and requested custody of the child within two months after the child was found.

(3) In lieu of the allegations in subsection (1)(b) through (f) of this section, the petition may allege that the parent has been convicted of:

(a) Murder in the first degree, murder in the second degree, or homicide by abuse as defined in chapter 9A.32 RCW against another child of the parent;

(b) Manslaughter in the first degree or manslaughter in the second degree, as defined in chapter 9A.32 RCW against another child of the parent;

(c) Attempting, conspiring, or soliciting another to commit one or more of the crimes listed in (a) or (b) of this subsection; or

(d) Assault in the first or second degree, as defined in chapter 9A.36 RCW, against the surviving child or

other child of the parent.

(4) Notice of rights shall be served upon the parent, guardian, or legal custodian with the petition and shall be in substantially the following form:

"NOTICE
A petition for termination of parental rights has been filed against you. You have important legal rights and you must take steps to protect your interests. This petition could result in permanent loss of your parental rights.

1. You have the right to a fact-finding hearing before a judge.

2. You have the right to have a lawyer represent you at the hearing. A lawyer can look at the files in your case, talk to the department of social and health services and other agencies, tell you about the law, help you understand your rights, and help you at hearings. If you cannot afford a lawyer, the court will appoint one to represent you. To get a court-appointed lawyer you must contact: (explain local procedure).

3. At the hearing, you have the right to speak on your own behalf, to introduce evidence, to examine witnesses, and to receive a decision based solely on the evidence presented to the judge. You should be present at this hearing.

You may call (insert agency) for more information about your child. The agency's name and telephone number are (insert name and telephone number)."

Sec. 5. RCW 13.34.138 and 2000 c 122 s 19 are each amended to read as follows:

(1) Except for children whose cases are reviewed by a citizen review board under chapter 13.70 RCW, the status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first, at a hearing in which it shall be determined whether court supervision should continue. The initial review hearing shall be set six months from the beginning date of the placement episode or no more than sixty to ninety days from the entry of the disposition order, whichever comes first. The initial review hearing may be a permanency planning hearing when necessary to meet the time frames set forth in RCW 13.34.145(3) or 13.34.134. The review shall include findings regarding the agency and parental completion of disposition plan requirements, and if necessary, revised permanency time limits. This review shall consider both the agency's and parent's efforts that demonstrate consistent measurable progress over time in meeting the disposition plan requirements. The requirements for the initial review hearing shall be accomplished within existing resources. The supervising agency shall provide a foster parent, preadoptive parent, or relative with notice of, and their right to an opportunity to be heard in, a review hearing pertaining to the child, but only if that person is currently providing
care to that child at the time of the hearing. This section shall not be construed to grant party status to any person who has been provided an opportunity to be heard.

(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) If the child is not returned home, the court shall establish in writing:

(i) Whether reasonable services have been provided to or offered to the parties to facilitate reunion, specifying the services provided or offered;

(ii) Whether the child has been placed in the least-restrictive setting appropriate to the child's needs, including whether consideration and preference has been given to placement with the child's relatives;

(iii) Whether there is a continuing need for placement and whether the placement is appropriate;

(iv) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;

(v) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;

(vi) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;

(vii) Whether additional services, including housing assistance, are needed to facilitate the return of the child to the child's parents; if so, the court shall order that reasonable services be offered specifying such services; and

(viii) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

c) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

(2) The court's ability to order housing assistance under RCW 13.34.130 and this section is: (a) Limited to cases in which homelessness or the lack of adequate and safe housing is the primary reason for an out-of-home placement; and (b) subject to the availability of funds appropriated for this specific purpose.

NEW SECTION. Sec. 6. A new section is added to chapter 13.34 RCW to read as follows:

The department shall inform parents who request a case conference about the process prior to the process being undertaken.

Sec. 7. RCW 13.34.110 and 2000 c 122 s 11 are each amended to read as follows:

(1) The court shall hold a fact-finding hearing on the petition and, unless the court dismisses the petition, shall make written findings of fact, stating the reasons therefor. The rules of evidence shall apply at the fact-finding hearing and the parent, guardian, or legal custodian of the child shall have all of the rights provided in RCW 13.34.090(1). The petitioner shall have the burden of establishing by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030.

(2)(a) The parent, guardian, or legal custodian of the child may waive his or her right to a fact-finding hearing by stipulating or agreeing to the entry of an order of dependency establishing that the child is dependent within the meaning of RCW 13.34.030. The parent, guardian, or legal custodian may also stipulate or agree to an order of disposition pursuant to RCW 13.34.130 at the same time. Any stipulated or agreed order of dependency or disposition must be signed by the parent, guardian, or legal custodian and his or her attorney, unless the parent, guardian, or legal custodian has waived his or her right to an attorney in open court, and by the petitioner and the attorney, guardian ad litem, or court-appointed special advocate for the child, if any. If the department of social and health services is not the petitioner and is required by the order to supervise the placement of the child or provide services to any party, the department must also agree to and sign the order. If the department of social and health services is not the petitioner and is required by the order to supervise the placement of the child or provide services to any party, the department must also agree to and sign the order.

(b) Entry of any stipulated or agreed order of dependency or disposition is subject to approval by the court. The court shall receive and review a social study before entering a stipulated or agreed order and shall...
consider whether the order is consistent with the allegations of the dependency petition and the problems that necessitated the child’s placement in out-of-home care. No social file or social study may be considered by the court in connection with the fact-finding hearing or prior to factual determination, except as otherwise admissible under the rules of evidence.

(c) Prior to the entry of any stipulated or agreed order of dependency, the parent, guardian, or legal custodian of the child and his or her attorney must complete a Stipulated/Agreed Dependency Fact-Finding/Disposition Statement. The form of this statement shall be determined by the Washington state supreme court pursuant to General Rule GR 9 and shall include the following:

(i) The parent, guardian, or legal custodian understands the terms of the order or orders he or she has signed, including his or her responsibility to participate in remedial services as provided in any disposition order;

(ii) The parent, guardian, or legal custodian understands that entry of the order starts a process that could result in the filing of a petition to terminate his or her relationship with the child within the time frames required by state and federal law if he or she fails to comply with the terms of the dependency or disposition orders or fails to substantially remedy the problems that necessitated the child’s placement in out-of-home care;

(iii) The parent, guardian, or legal custodian understands that the entry of the stipulated or agreed order of dependency is an admission that the child is dependent within the meaning of RCW 13.34.030 and shall have the same legal effect as finding by the court that the child is dependent by at least a preponderance of the evidence, and that the parent, guardian, or legal custodian shall not have the right in any subsequent proceeding for termination of parental rights or dependency guardianship pursuant to this chapter or nonparental custody pursuant to chapter 26.10 RCW to challenge or dispute the fact that the child was found to be dependent; and

(iv) The parent, guardian, or legal custodian knowingly and willingly stipulated and agreed to and signed the order or orders, without duress, and without misrepresentation or fraud by any other party.

(3) Immediately after the entry of the findings of fact, the court shall hold a disposition hearing, unless there is good cause for continuing the matter for up to fourteen days. If good cause is shown, the case may be continued for longer than fourteen days. Notice of the time and place of the continued hearing may be given in open court. If notice in open court is not given to a party, that party shall be notified by certified mail of the time and place of any continued hearing. Unless there is reasonable cause to believe the health, safety, or welfare of the child would be jeopardized or efforts to reunite the parent and child would be hindered, the court shall direct the department to notify those adult persons who: ((a)) (a) Are related by blood or marriage to the child in the following degrees: Parent, grandparent, brother, sister, stepparent, stepbrother, stepsister, uncle, or aunt; ((b)) (b) are known to the department as having been in contact with the family or child within the past twelve months; and ((c)) (c) would be an appropriate placement for the child. Reasonable cause to dispense with notification to a parent under this section must be proved by clear, cogent, and convincing evidence.

The parties need not appear at the fact-finding or dispositional hearing if the parties, their attorneys, the guardian ad litem, and court-appointed special advocates, if any, are all in agreement. (The court shall receive and review a social study before entering an order based on agreement. No social file or social study may be considered by the court in connection with the fact-finding hearing or prior to factual determination, except as otherwise admissible under the rules of evidence.)"

To prevent residents from taking unreasonable actions, the facility administrator, where appropriate, may condition a resident's leaving the facility upon the resident being accompanied by the administrator or the administrator's designee and the resident may be required to notify the administrator or the administrator's designee of any intent to leave, his or her intended destination, and the probable time of his or her return to the center.

Sec. 2. RCW 13.32A.160 and 2000 c 123 s 19 are each amended to read as follows:
(1) When a proper child in need of services petition to approve an out-of-home placement is filed under RCW 13.32A.120, 13.32A.140, or 13.32A.150 the juvenile court shall: (a)(i) Schedule a fact-finding hearing to be held: (A) For a child who resides in a place other than his or her parent's home and other than an out-of-home placement, within five calendar days unless the last calendar day is a Saturday, Sunday, or holiday, in which case the hearing shall be held on the preceding judicial day; or (B) for a child living at home or in an out-of-home placement, within ten days; and (ii) notify the parent, child, and the department of such date; (b) notify the parent of the right to be represented by counsel and, if indigent, to have counsel appointed for him or her by the court; (c) appoint legal counsel for the child; (d) inform the child and his or her parent of the legal consequences of the court approving or disapproving a child in need of services petition; (e) notify the parents of their rights under this chapter and chapters 11.88, 13.34, 70.96A, and 71.34 RCW, including the right to file a motion requesting that the court convert the petition to an at-risk youth petition, the right to submit an application for admission of
their child to a treatment facility for alcohol, chemical dependency, or mental health treatment, and the right to file a guardianship petition; and (f) notify all parties, including the department, of their right to present evidence at the fact-finding hearing.

(2) Upon filing of a child in need of services petition, the child may be placed, if not already placed by the department in a crisis residential center, foster family home, group home facility licensed under chapter 74.15 RCW, or any other suitable residence other than a HOPE center to be determined by the department. The court may place a child in a crisis residential center for a temporary out-of-home placement as long as the requirements of RCW 13.32A.125 are met.

(3) If the child has been placed in a foster family home or group care facility under chapter 74.15 RCW, the child shall remain there, or in any other suitable residence as determined by the department, pending resolution of the petition by the court. Any placement may be reviewed by the court within three judicial days upon the request of the juvenile or the juvenile's parent.

Sec. 3. RCW 13.32A.170 and 2000 c 123 s 20 are each amended to read as follows:

(1) The court shall hold a fact-finding hearing to consider a proper child in need of services petition, giving due weight to the intent of the legislature that families have the right to place reasonable restrictions and rules upon their children, appropriate to the individual child's developmental level. The court may appoint legal counsel and/or a guardian ad litem to represent the child and advise parents of their right to be represented by legal counsel. At the commencement of the hearing, the court shall advise the parents of their rights as set forth in RCW 13.32A.160(1). If the court approves or denies a child in need of services petition, a written statement of the reasons must be filed.

(2) The court may approve an order stating that the child shall be placed in a residence other than the home of his or her parent only if it is established by a preponderance of the evidence, including a departmental recommendation for approval or dismissal of the petition, that:

(a) The child is a child in need of services as defined in RCW 13.32A.030(5);
(b) If the petitioner is a child, he or she has made a reasonable effort to resolve the conflict;
(c) Reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home; and
(d) A suitable out-of-home placement resource is available.

The court may not grant a petition filed by the child or the department if it is established that the petition is based only upon a dislike of reasonable rules or reasonable discipline established by the parent.

The court may not grant the petition if the child is the subject of a proceeding under chapter 13.34 RCW.

(3) Following the fact-finding hearing the court shall: (a) Approve a child in need of services petition and, if appropriate, enter a temporary out-of-home placement for a period not to exceed fourteen days pending approval of a disposition decision to be made under RCW 13.32A.179(2); (b) approve the parent's motion to convert the petition to an at-risk youth petition (filed by the parents and dismiss the child in need of services petition)) and approve the at-risk youth petition; or (c) dismiss the petition.

At any time the court may order the department to review the case to determine whether the case is appropriate for a dependency petition under chapter 13.34 RCW.

Sec. 4. RCW 13.32A.179 and 2000 c 123 s 21 are each amended to read as follows:

(1) A disposition hearing shall be held no later than fourteen days after the approval of the temporary out-of-home placement. The parents, child, and department shall be notified by the court of the time and place of the hearing.

(2) At the conclusion of the disposition hearing, the court may: (a) Reunite the family and dismiss the petition; (b) approve the parent's motion to convert the petition to an at-risk youth petition ((filed by the parents and dismiss the child in need of services petition)) and approve the at-risk youth petition; (c) approve an out-of-home placement requested in the child in need of services petition by the parents; or (d) order an out-of-home placement at the request of the child or the department not to exceed ninety days.

At any time the court may order the department to review the matter for purposes of filing a dependency petition under chapter 13.34 RCW. Whether or not the court approves or orders an out-of-home placement, the
court may also order any conditions of supervision as set forth in RCW 13.32A.196(3).

(3) The court may only enter an order under subsection (2)(d) of this section if it finds by clear, cogent, and convincing evidence that: (a)(i) The order is in the best interest of the family; (ii) the parents have not requested an out-of-home placement; (iii) the parents have not exercised any other right listed in RCW 13.32A.160(1)(e); (iv) the child has made reasonable efforts to resolve the problems that led to the filing of the petition; (v) the problems cannot be resolved by delivery of services to the family during continued placement of the child in the parental home; (vi) reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home; and (vii) a suitable out-of-home placement resource is available; (b)(i) the order is in the best interest of the child; and (ii) the parents are unavailable; or (c) the parent's actions cause an imminent threat to the child's health or safety.

(4) The court may order the department to submit a dispositional plan if such a plan would assist the court in ordering a suitable disposition in the case. The plan, if ordered, shall address the needs of the child, and the perceived needs of the parents if the order was entered under subsection (2)(d) of this section or if specifically agreed to by the parents. If the court orders the department to prepare a plan, the department shall provide copies of the plan to the parent, the child, and the court. If the parties or the court desire the department to be involved in any future proceedings or case plan development, the department shall be provided with timely notification of all court hearings.

(5) At any time during the pendency of a child in need of services petition or following approval of a child in need of services petition, the court may, subject to available resources, order that a risk and needs assessment of the child be conducted by juvenile court staff, a community agency identified by the court, or the department.

(6) A child who fails to comply with a court order issued under this section shall be subject to contempt proceedings, as provided in this chapter, but only if the noncompliance occurs within one year after the entry of the order.

(7) After the court approves or orders an out-of-home placement, the parents or the department may request, and the court may grant, dismissal of the child in need of services proceeding when it is not feasible for the department to provide services due to one or more of the following circumstances:
   (a) The child has been absent from court approved placement for thirty consecutive days or more;
   (b) The parents or the child, or all of them, refuse to cooperate in available, appropriate intervention aimed at reunifying the family; or
   (c) The department has exhausted all available and appropriate resources that would result in reunification.

(8) The court shall dismiss a placement made under subsection (2)(c) of this section upon the request of the parents.

Sec. 5. RCW 13.32A.190 and 1996 c 133 s 25 are each amended to read as follows:

(1) Upon making a dispositional order under RCW 13.32A.179, the court shall schedule the matter on the calendar for review within three months, advise the parties of the date thereof, appoint legal counsel and/or a guardian ad litem to represent the child at the review hearing, advise parents of their right to be represented by legal counsel at the review hearing, and notify the parties of their rights to present evidence at the hearing. Where resources are available, the court shall encourage the parent and child to participate in programs for reconciliation of their conflict.

(2) At the review hearing, the court shall approve or disapprove the continuation of the dispositional plan in accordance with this chapter. The court shall determine whether reasonable efforts have been made to reunify the family and make it possible for the child to return home. The court shall discontinue the placement and order that the child return home if the court has reasonable grounds to believe that the parents have made reasonable efforts to resolve the conflict and the court has reason to believe that the child's refusal to return home is capricious. If out-of-home placement is continued, the court may modify the dispositional plan.

(3) At its discretion, the court may hold a hearing to review a child in need of services matter at any time.
throughout the duration of the proceeding.

(4) Out-of-home placement may not be continued past one hundred eighty days from the day the review hearing commenced. The court shall order the child to return to the home of the parent at the expiration of the placement. If an out-of-home placement is disapproved prior to one hundred eighty days, the court shall enter an order requiring the child to return to the home of the child's parent.

((4)) (5) The parents and the department may request, and the juvenile court may grant, dismissal of an out-of-home placement order when it is not feasible for the department to provide services due to one or more of the following circumstances:

(a) The child has been absent from court approved placement for thirty consecutive days or more;
(b) The parents or the child, or all of them, refuse to cooperate in available, appropriate intervention aimed at reuniting the family; or
(c) The department has exhausted all available and appropriate resources that would result in reunitification.

((5)) (6) The court shall terminate a placement made under this section upon the request of a parent unless the placement is made pursuant to RCW 13.32A.179(3).

((6)) (7) The court may dismiss a child in need of services petition filed by a parent at any time if the court finds good cause to believe that continuation of out-of-home placement would serve no useful purpose.

((7)) (8) The court shall dismiss a child in need of services proceeding if the child is the subject of a proceeding under chapter 13.34 RCW.

Sec. 6. RCW 13.32A.196 and 2000 c 123 s 24 are each amended to read as follows:

(1) A dispositional hearing shall be held no later than fourteen days after the fact-finding hearing. Each party shall be notified of the time and date of the hearing.

(2) At the dispositional hearing regarding an adjudicated at-risk youth, the court shall consider the recommendations of the parties and the recommendations of any dispositional plan submitted by the department. The court may enter a dispositional order that will assist the parent in maintaining the care, custody, and control of the child and assist the family to resolve family conflicts or problems.

(3) The court may set conditions of supervision for the child that include:

(a) Regular school attendance;
(b) Counseling;
(c) Participation in a substance abuse or mental health outpatient treatment program;
(d) Reporting on a regular basis to the department or any other designated person or agency; and
(e) Any other condition the court deems an appropriate condition of supervision including but not limited to: Employment, participation in an anger management program, and refraining from using alcohol or drugs.

(4) No dispositional order or condition of supervision ordered by a court pursuant to this section shall include involuntary commitment of a child for substance abuse or mental health treatment.

(5) The court may order the parent to participate in counseling services or any other services for the child requiring parental participation. The parent shall cooperate with the court-ordered case plan and shall take necessary steps to help implement the case plan. The parent shall be financially responsible for costs related to the court-ordered plan; however, this requirement shall not affect the eligibility of the parent or child for public assistance or other benefits to which the parent or child may otherwise be entitled.

(6) The parent may request dismissal of an at-risk youth proceeding or out-of-home placement at any time. Upon such a request, the court shall dismiss the matter and cease court supervision of the child unless:

(a) A contempt action is pending in the case; (b) a petition has been filed under RCW 13.32A.150 and a hearing has not yet been held under RCW 13.32A.179; or (c) an order has been entered under RCW 13.32A.179(3) and the court retains jurisdiction under that subsection. The court may retain jurisdiction over the matter for the purpose of concluding any pending contempt proceedings, including the full satisfaction of any penalties imposed as a result of a contempt finding.

(7) An at-risk youth proceeding converted from a truancy proceeding under chapter 28A.225 RCW shall revert to being a truancy proceeding under chapter 28A.225 RCW if, pursuant to subsection (6) of this section, the at-risk youth petition is dismissed.
(8) The court may order the department to monitor compliance with the dispositional order, assist in coordinating the provision of court-ordered services, and submit reports at subsequent review hearings regarding the status of the case.

(9) At any time during the pendency of an at-risk youth petition or following approval of an at-risk youth petition, the court may, subject to available resources, order that a risk and needs assessment of the child be conducted by juvenile court staff, a community agency identified by the court, or the department.

Sec. 7. RCW 13.32A.198 and 1990 c 276 s 15 are each amended to read as follows:

(1) Upon making a disposition regarding an adjudicated at-risk youth, the court shall schedule the matter on the calendar for review within three months, advise the parties of the date thereof, appoint legal counsel for the child, advise the parent of the right to be represented by legal counsel at the review hearing at the parent's own expense, and notify the parties of their rights to present evidence at the hearing.

(2) At the review hearing, the court shall approve or disapprove the continuation of court supervision in accordance with the goal of assisting the parent to maintain the care, custody, and control of the child. The court shall determine whether the parent and child are complying with the dispositional plan. If court supervision is continued, the court may modify the dispositional plan.

(3) At its discretion, the court may hold a hearing to review an at-risk youth matter at any time throughout the duration of the proceeding.

(4) Court supervision of the child may not be continued past one hundred eighty days from the day the review hearing commenced unless the court finds, and the parent agrees, that there are compelling reasons for an extension of supervision. Any extension granted pursuant to this subsection shall not exceed ninety days.

(5) The court may dismiss an at-risk youth proceeding at any time if the court finds good cause to believe that continuation of court supervision would serve no useful purpose or that the parent is not cooperating with the court-ordered case plan. The court shall dismiss an at-risk youth proceeding if the child is the subject of a proceeding under chapter 13.34 RCW.

(6) An at-risk youth proceeding converted from a truancy proceeding under chapter 28A.225 RCW shall revert to being a truancy proceeding under chapter 28A.225 RCW if, pursuant to this section, the at-risk youth petition is dismissed.

Sec. 8. RCW 28A.225.035 and 1999 c 319 s 3 are each amended to read as follows:

(1) A petition for a civil action under RCW 28A.225.030 or 28A.225.015 shall consist of a written notification to the court alleging that:

(a) The child has unexcused absences during the current school year;

(b) Actions taken by the school district have not been successful in substantially reducing the child's absences from school; and

(c) Court intervention and supervision are necessary to assist the school district or parent to reduce the child's absences from school.

(2) The petition shall set forth the name, age, school, and residence of the child and the names and residence of the child's parents.

(3) The petition shall set forth facts that support the allegations in this section and shall generally request relief available under this chapter and provide information about what the court might order under RCW 28A.225.090.

(4) When a petition is filed under RCW 28A.225.030 or 28A.225.015, the juvenile court shall schedule a hearing at which the court shall consider the petition, or if the court determines that a referral to an available community truancy board would substantially reduce the child's unexcused absences, the court may refer the case to a community truancy board under the jurisdiction of the juvenile court.

(5) If a referral is made to a community truancy board, the truancy board must meet with the child, a parent, and the school district representative and enter into an agreement with the petitioner and respondent regarding expectations and any actions necessary to address the child's truancy within thirty days of the referral. If the petition is based on RCW 28A.225.015, the child shall not be required to attend and the agreement under this subsection shall be between the truancy board, the school district, and the child's parent. The agreement
shall be presented to the juvenile court for its approval.

(6) The court shall approve the agreement by order or schedule a hearing. The court may, if the school district and community truancy board agree, permit the truancy board to provide continued supervision over the student, or parent if the petition is based on RCW 28A.225.015, and report on compliance with the order.

(7) If the truancy board fails to reach an agreement, the truancy board shall return the case to the juvenile court for a hearing.

(8) Notwithstanding the provisions in subsection (4) of this section, a hearing shall not be required if other actions by the court would substantially reduce the child's unexcused absences. When a juvenile court hearing is held, the court shall:

(a) Separately notify the child, the parent of the child, and the school district of the hearing;
(b) Notify the parent and the child of their rights to present evidence at the hearing; and
(c) Notify the parent and the child of the options and rights available under chapter 13.32A RCW.

(9) The court may require the attendance of the child if eight years old or older, the parents, and the school district at any hearing on a petition filed under RCW 28A.225.030.

(10) A school district is responsible for determining who shall represent the school district at hearings on a petition filed under RCW 28A.225.030 or 28A.225.015.

(11) The court may permit the first hearing to be held without requiring that either party be represented by legal counsel, and to be held without a guardian ad litem for the child under RCW 4.08.050. At the request of the school district, the court shall permit a school district representative who is not an attorney to represent the school district at any future hearings.

(12) If the allegations in the petition are established by a preponderance of the evidence, the court shall grant the petition and enter an order assuming jurisdiction to intervene for the period of time determined by the court, after considering the facts alleged in the petition and the circumstances of the juvenile, to most likely cause the juvenile to return to and remain in school while the juvenile is subject to this chapter. In no case may the order expire before the end of the school year in which it is entered.

(13) If the court assumes jurisdiction, the school district shall regularly report to the court any additional unexcused absences by the child.

(14) Community truancy boards and the courts shall coordinate, to the extent possible, proceedings and actions pertaining to children who are subject to truancy petitions and at-risk youth petitions in RCW 13.32A.191 or child in need of services petitions in RCW 13.32A.140.

(15) If after a juvenile court assumes jurisdiction in one county the child relocates to another county, the juvenile court in the receiving county shall, upon the request of a school district or parent, assume jurisdiction of the petition filed in the previous county.

(16) At any time after the filing of a truancy petition on his or her child, and subsequent to a family assessment as provided under RCW 13.32A.150(1), a parent may file with the court a motion requesting the matter be converted to an at-risk youth proceeding under chapter 13.32A RCW. The court shall approve the motion unless there is a pending contempt action under this chapter or the court has reason to believe the conversion would not be in the best interest of the child.

Sec. 9. RCW 28A.225.090 and 2000 c 162 s 6 and 2000 c 61 s 1 are each reenacted and amended to read as follows:

(1) A court may order a child subject to a petition under RCW 28A.225.035 to do one or more of the following:

(a) Attend the child's current school, and set forth minimum attendance requirements, including suspensions;
(b) If there is space available and the program can provide educational services appropriate for the child, order the child to attend another public school, an alternative education program, center, a skill center, dropout prevention program, or another public educational program;
(c) Attend a private nonsectarian school or program including an education center. Before ordering a child to attend an approved or certified private nonsectarian school or program, the court shall: (i) Consider the public and private programs available; (ii) find that placement is in the best interest of the child; and (iii) find that
the private school or program is willing to accept the child and will not charge any fees in addition to those established by contract with the student's school district. If the court orders the child to enroll in a private school or program, the child's school district shall contract with the school or program to provide educational services for the child. The school district shall not be required to contract for a weekly rate that exceeds the state general apportionment dollars calculated on a weekly basis generated by the child and received by the district. A school district shall not be required to enter into a contract that is longer than the remainder of the school year. A school district shall not be required to enter into or continue a contract if the child is no longer enrolled in the district;

(d) Be referred to a community truancy board, if available; or

(e) Submit to testing for the use of controlled substances or alcohol based on a determination that such testing is appropriate to the circumstances and behavior of the child and will facilitate the child's compliance with the mandatory attendance law and, if any test ordered under this subsection indicates the use of controlled substances or alcohol, order the minor to abstain from the unlawful consumption of controlled substances or alcohol and adhere to the recommendations of the drug assessment at no expense to the school.

(2) (a) If the child fails to comply with the court order, the court may order the child to be placed in confinement for contempt, either in a juvenile detention facility operated by or under a contract with a county or in a secure facility that is a separate, secure section of a juvenile detention facility, or may impose alternatives to confinement such as community service. Failure by a child to comply with an order issued under this subsection shall not be subject to detention for a period greater than that permitted pursuant to a civil contempt proceeding against a child under chapter 13.32A RCW. In no case may a child in contempt be confined in a secure facility that is freestanding outside a juvenile detention facility.

(b) If the child fails to comply with the court order, the court may, subject to available resources, order that a risk and needs assessment of the child be conducted by juvenile court staff, a community agency identified by the court, or the department. The court shall hold a review hearing within fourteen days of the contempt finding and, pursuant to the results of the assessment, may order conditions of supervision, including regular school attendance, counseling, participation in a substance abuse or mental health outpatient treatment program, and any other condition the court deems an appropriate condition of supervision.

(3) Any parent violating any of the provisions of either RCW 28A.225.010, 28A.225.015, or 28A.225.080 shall be fined not more than twenty-five dollars for each day of unexcused absence from school. It shall be a defense for a parent charged with violating RCW 28A.225.010 to show that he or she exercised reasonable diligence in attempting to cause a child in his or her custody to attend school or that the child's school did not perform its duties as required in RCW 28A.225.020. The court may order the parent to provide community service instead of imposing a fine. Any fine imposed pursuant to this section may be suspended upon the condition that a parent charged with violating RCW 28A.225.010 shall participate with the school and the child in a supervised plan for the child's attendance at school or upon condition that the parent attend a conference or conferences scheduled by a school for the purpose of analyzing the causes of a child's absence.

(4)(a) If a child continues to be truant after entering into a court-approved order with the truancy board under RCW 28A.225.035, the juvenile court shall find the child in contempt, and the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention such as meaningful community service. Failure by a child to comply with an order issued under this subsection may not subject a child to detention for a period greater than that permitted under a civil contempt proceeding against a child under chapter 13.32A RCW.

(b) If a child continues to be truant after entering into a court-approved order with the truancy board under RCW 28A.225.035, the juvenile court shall find the child in contempt, and the court may, subject to available resources, order that a risk and needs assessment of the child be conducted by juvenile court staff, a community agency identified by the court, or the department. The court shall hold a review hearing within fourteen days of the contempt finding and, pursuant to the results of the assessment, may order conditions of supervision, including regular school attendance, counseling, participation in a substance abuse or mental health outpatient treatment program, and any other condition the court deems an appropriate condition of supervision.

(5) Subsections (1), (2), and (4) of this section shall not apply to a six or seven year-old child required to attend public school under RCW 28A.225.015.
Sec. 10. RCW 28A.225.090 and 2000 c 162 s 15 and 2000 c 61 s 1 are each reenacted and amended to read as follows:

(1) A court may order a child subject to a petition under RCW 28A.225.035 to do one or more of the following:

(a) Attend the child's current school, and set forth minimum attendance requirements, including suspensions;
(b) If there is space available and the program can provide educational services appropriate for the child, order the child to attend another public school, an alternative education program, center, a skill center, dropout prevention program, or another public educational program;

(2)(a) If the child fails to comply with the court order, the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention such as community service. Failure by a child to comply with an order issued under this subsection shall not be subject to detention for a period greater than that permitted pursuant to a civil contempt proceeding against a child under chapter 13.32A RCW.
(b) If the child fails to comply with the court order, the court may, subject to available resources, order that a risk and needs assessment of the child be conducted by juvenile court staff, a community agency identified by the court, or the department. The court shall hold a review hearing within fourteen days of the contempt finding and, pursuant to the results of the assessment, may order conditions of supervision, including regular school attendance, counseling, participation in a substance abuse or mental health outpatient treatment program, and any other condition the court deems an appropriate condition of supervision.
(3) Any parent violating any of the provisions of either RCW 28A.225.010, 28A.225.015, or 28A.225.080 shall be fined not more than twenty-five dollars for each day of unexcused absence from school. (4)(a) If a child continues to be truant after entering into a court-approved order with the truancy board under RCW 28A.225.035, the juvenile court shall find the child in contempt, and the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention such as meaningful community service. Failure by a child to comply with an order issued under this subsection may not
subject a child to detention for a period greater than that permitted under a civil contempt proceeding against a child under chapter 13.32A RCW.

(b) If a child continues to be truant after entering into a court-approved order with the truancy board under RCW 28A.225.035, the juvenile court shall find the child in contempt, and the court may, subject to available resources, order that a risk and needs assessment of the child be conducted by juvenile court staff, a community agency identified by the court, or the department. The court shall hold a review hearing within fourteen days of the contempt finding and, pursuant to the results of the assessment, may order conditions of supervision, including regular school attendance, counseling, participation in a substance abuse or mental health outpatient treatment program, and any other condition the court deems an appropriate condition of supervision.

(5) Subsections (1), (2), and (4) of this section shall not apply to a six or seven year-old child required to attend public school under RCW 28A.225.015.

NEW SECTION.  Sec. 11. A new section is added to chapter 74.15 RCW to read as follows:

Any person acting reasonably, in good faith, and in compliance with the requirements of the HOPE act (chapter 267, Laws of 1999) shall be immune from civil or criminal liability for receiving or sheltering the child. Immunity does not apply to acts of intentional misconduct or gross negligence.

Sec. 12. RCW 13.32A.070 and 1996 c 133 s 13 are each amended to read as follows:

(1) A law enforcement officer acting in good faith pursuant to this chapter is immune from civil or criminal liability for such action.

(2) A person with whom a child is placed pursuant to this chapter and who acts reasonably and in good faith is immune from civil or criminal liability ((for the act of receiving the child)) for receiving or sheltering the child. The immunity does not release the person from liability under any other law.

Sec. 13. RCW 13.32A.125 and 1995 c 312 s 44 are each amended to read as follows:

In approving a petition under this chapter, a child may be placed in a semi-secure crisis residential center as a temporary out-of-home placement under the following conditions: (1) No other suitable out-of-home placement is available; (2) space is available in the semi-secure crisis residential center; and (3) no child will be denied access for a five-day placement due to this placement.

Any child referred to a semi-secure crisis residential center by a law enforcement officer, the department, or himself or herself shall have priority over a temporary out-of-home placement in the facility. Any out-of-home placement order shall be subject to this priority, and the administrator of the semi-secure crisis residential center shall transfer the temporary out-of-home placement youth to a new out-of-home placement as necessary to ensure access for youth needing the semi-secure crisis residential center.

A crisis residential center and any person employed at the center acting reasonably and in good faith in carrying out the provisions of this section are immune from criminal or civil liability for such actions.

Sec. 14. 1999 c 267 s 24 (uncodified) is amended to read as follows:

The Washington state institute for public policy shall review the effectiveness of the HOPE centers and the responsible living skills programs. The review shall be submitted to the legislature and the governor not later than December 1, 2002.

NEW SECTION.  Sec. 15. Section 9 of this act expires July 1, 2002.

NEW SECTION.  Sec. 16. Section 10 of this act takes effect July 1, 2002.

"Sec. 1. RCW 71.24.015 and 1999 c 214 s 7 are each amended to read as follows:

It is the intent of the legislature to establish a community mental health program which shall help people experiencing mental illness to retain a respected and productive position in the community. This will be accomplished through programs which provide for:

(1) Access to mental health services for adults of the state who are acutely mentally ill, chronically
mentally ill, or seriously disturbed and children of the state who are acutely mentally ill, severely emotionally disturbed, or seriously disturbed, which services recognize the special needs of underserved populations, including minorities, children, the elderly, disabled, and low-income persons. Access to mental health services shall not be limited by a person's history of confinement in a state, federal, or local correctional facility. It is also the purpose of this chapter to promote the early identification of mentally ill children and to ensure that they receive the mental health care and treatment which is appropriate to their developmental level. This care should improve home, school, and community functioning, maintain children in a safe and nurturing home environment, and should enable treatment decisions to be made in response to clinical needs in accordance with sound professional judgment while also recognizing parents' rights to participate in treatment decisions for their children;

(2) Accountability of efficient and effective services through state of the art outcome and performance measures and statewide standards for monitoring client and system outcomes, performance, and reporting of information. These processes shall be designed so as to maximize the use of available resources for direct care of people with a mental illness;

(3) Minimum service delivery standards;

(4) Priorities for the use of available resources for the care of the mentally ill consistent with the priorities defined in the statute;

(5) Coordination of services within the department, including those divisions within the department that provide services to children, between the department and the office of the superintendent of public instruction, and among state mental hospitals, county authorities, community mental health services, and other support services, which shall to the maximum extent feasible also include the families of the mentally ill, and other service providers; and

(6) Coordination of services aimed at reducing duplication in service delivery and promoting complementary services among all entities that provide mental health services to adults and children.

It is the policy of the state to encourage the provision of a full range of treatment and rehabilitation services in the state for mental disorders. The legislature intends to encourage the development of county-based and county-managed mental health services with adequate local flexibility to assure eligible people in need of care access to the least-restrictive treatment alternative appropriate to their needs, and the availability of treatment components to assure continuity of care. To this end, counties are encouraged to enter into joint operating agreements with other counties to form regional systems of care which integrate planning, administration, and service delivery duties assigned to counties under chapters 71.05 and 71.24 RCW to consolidate administration, reduce administrative layering, and reduce administrative costs.

It is further the intent of the legislature to integrate the provision of services to provide continuity of care through all phases of treatment. To this end the legislature intends to promote active engagement with mentally ill persons and collaboration between families and service providers.

The department shall develop benchmarks that compare performance measure information from all regional support networks and providers to provide a clear indication of the most effective regional support networks and providers. Benchmark information shall be published quarterly and provided to the legislature, the governor, regional support networks, and all providers of mental health services.

(17) The secretary shall establish a task force to examine the recruitment, training, and compensation of qualified mental health professionals in the community, which shall include the advantages and disadvantages of establishing a training academy, loan forgiveness program, or educational stipends offered in exchange for commitments of employment in mental health.)

The secretary shall provide for deeming of licensed service providers as meeting state minimum standards as a result of accreditation by a recognized behavioral health accrediting body.

(3) Minimum standards for residential services shall be based on clients' functional abilities and not solely on their diagnoses, limited to health and safety, staff qualifications, and program outcomes. Minimum standards for residential services shall be developed in collaboration with consumers, families, counties, regulators, and residential providers serving the mentally ill. The minimum standards shall encourage the development of broad range residential programs, including integrated housing and cross-systems programs where appropriate, and shall not unnecessarily restrict programming flexibility.

(2) Operate as a licensed service provider if it deems that doing so is more efficient and cost effective than contracting for services. When doing so, the county authority shall comply with rules promulgated by the secretary that shall provide measurements to determine when a county provided service is more efficient and cost effective;

(3) Monitor and perform biennial fiscal audits of licensed service providers who have contracted with the county to provide services required by this chapter. The monitoring and audits shall be performed by means of a formal process which insures that the licensed service providers and professionals designated in this subsection meet the terms of their contracts (including the minimum standards of service delivery as established by the department);

A county authority or a group of county authorities whose combined population is no less than forty thousand may enter into a joint operating agreement to form a regional support network. Upon the request of a tribal authority or authorities within a regional support network the joint operating agreement or the county authority shall allow for the inclusion of the tribal authority to be represented as a party to the regional support network. The roles and responsibilities of the county and tribal authorities shall be determined by the terms of that agreement including a determination of membership on the governing board and advisory committees, the number of tribal representatives to be party to the agreement, and the provisions of law and shall assure the provision of culturally competent services to the tribes served. The state mental health authority may not determine the roles and responsibilities of county authorities as to each other under regional support networks by rule, except to assure that all duties required of regional support networks are assigned and that counties and the regional support network do not duplicate functions and that a single authority has final responsibility for all available resources and performance under the regional support network's contract with the secretary.
(1) Regional support networks shall submit an overall six-year operating and capital plan, timeline, and budget and submit progress reports and an updated two-year plan biennially thereafter, to assume within available resources all of the following duties:

Regional support networks with populations of less than one hundred fifty thousand may contract to purchase evaluation and treatment services from other networks. Insofar as the original intent of serving persons in the community is maintained, the secretary is authorized to approve exceptions on a case-by-case basis to the requirement to provide evaluation and treatment services within the
boundaries of each regional support network. Such exceptions are limited to contracts with neighboring or contiguous regions.

((d))) (e) Administer a portion of funds appropriated by the legislature to house mentally ill persons in state institutions from counties within the boundaries of any regional support network, with the exception of persons currently confined at, or under the supervision of, a state mental hospital pursuant to chapter 10.77 RCW, and provide for the care of all persons needing evaluation and treatment services for periods up to seventeen days according to chapter 71.05 RCW in appropriate residential services, which may include state institutions. The secretary shall submit a report to the appropriate committees of the senate and house of representatives on the efforts to implement this section by October 1, 2002. State agencies managing such capital assets shall give first priority to requests for their use pursuant to this chapter.

(4) Each regional support network shall appoint a mental health advisory board which shall review and provide comments on plans and policies developed under this chapter. The composition of the board shall be broadly representative of the demographic character of the region and the mentally ill persons served therein. Length of terms of board members shall be determined by the regional support network.

(5) Regional support networks shall assume all duties specified in their plans and joint operating agreements through biennial contractual agreements with the secretary. (Such contracts may include agreements to provide periods of stable community living and work or other day activities for specific chronically mentally ill persons who have completed commitments at state hospitals on ninety-day or one hundred eighty-day civil commitments or who have been residents at state hospitals for no less than one hundred eighty days within the previous year. Periods of stable community living may involve acute care in local evaluation and treatment facilities but may not involve use of state hospitals.)

(6) Counties or groups of counties participating in a regional support network are not subject to RCW 71.24.045(6).

(7) (As part of each biennial plan, each regional support network shall establish and submit to the state, procedures and agreements to assure access to sufficient additional local evaluation and treatment facilities to meet the requirements of this chapter while reducing short term admissions to state hospitals. regional support network six-year operating and capital plan, timeline, and budget required by subsection (1) of this section.

Sec. 17. RCW 71.24.310 and 1989 c 205 s 6 are each amended to read as follows:
The legislature finds that administration of chapter 71.05 RCW and this chapter can be most efficiently and effectively implemented as part of the regional support network defined in RCW 71.24.025. For this reason, the legislature intends that any enhanced program funding for implementation of chapter 71.05 RCW or this chapter, except for funds allocated for implementation of mandatory statewide programs as required by federal statute, be made available ((primarily)) only to those counties participating in regional support networks.

Sec. 18. RCW 71.24.400 and 1999 c 10 s 10 are each amended to read as follows:
The legislature finds that the current complex set of federal, state, and local rules and regulations, audited and administered at multiple levels, which affect the community mental health service delivery system, focus primarily on the process of providing mental health services and do not sufficiently address consumer and system outcomes. The legislature finds that the department and the community mental health service delivery system must make ongoing efforts to achieve the purposes set forth in RCW 71.24.015 related to reduced administrative layering, duplication, elimination of process measures, and reduced administrative costs.

Sec. 19. RCW 71.24.405 and 1999 c 10 s 11 are each amended to read as follows:
The department shall establish a ((single)) comprehensive and collaborative ((project)) effort within regional support networks and with local mental health service providers aimed at creating innovative and streamlined community mental health service delivery systems, in order to carry out the purposes set forth in RCW 71.24.400 and to capture the diversity of the community mental health service delivery system. The ((project)) department must accomplish the following:
(1) Identification, review, and cataloging of all rules, regulations, duplicative administrative and monitoring functions, and other requirements that currently lead to inefficiencies in the community mental health service delivery system and, if possible, eliminate the requirements;
(2) The systematic and incremental development of a single system of accountability for all federal, state, and local funds provided to the community mental health service delivery system. Systematic efforts should be made to include federal and local funds into the single system of accountability;
(3) The elimination of process regulations and related contract and reporting requirements. In place of the regulations and requirements, a set of outcomes for mental health adult and children clients according to chapter 71.24 RCW must be used to measure the performance of mental health service providers and regional support networks. Such outcomes shall focus on stabilizing out-of-home and hospital care, increasing stable community living, increasing age-appropriate activities, achieving family and consumer satisfaction with services, and system efficiencies;
(4) Evaluation of the feasibility of contractual agreements between the department of social and health services and regional support networks and mental health service providers that link financial incentives to the success or failure of mental health service providers and regional support networks to meet outcomes established for mental health service clients;
(5) The involvement of mental health consumers and their representatives ((in the pilot projects)). Mental health consumers and their representatives will be involved in the development of outcome standards for mental health clients ((and other related aspects of the pilot projects)) under section 4 of this act; and
(6) An independent evaluation component to measure the success of the ((projects)) department in fully implementing the provisions of RCW 71.24.400 and this section."

SSB 5637  Prime Sponsor, Senate Committee On Natural Resources, Parks & Shorelines: Creating a program of watershed health monitoring and assessments. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Natural Resources.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that a comprehensive program of monitoring is fundamental to making sound public policy and programmatic decisions regarding salmon recovery and watershed health. Monitoring provides accountability for results of management actions and provides the data upon which an adaptive management framework can lead to improvement of strategies and programs. Monitoring is also a required element of any salmon recovery plan submitted to the federal government for approval. While numerous agencies and citizen organizations are engaged in monitoring a wide range of salmon recovery and watershed health parameters, there is a greater need for coordination of monitoring efforts, for using limited monitoring resources to obtain information most useful for achieving relevant local, state, and federal requirements regarding watershed health and salmon recovery, and for making the information more accessible to those agencies and organizations implementing watershed health programs and projects. Regarding salmon recovery monitoring, the state independent science panel has concluded that many programs already monitor indicators relevant to salmonids, but the efforts are largely uncoordinated or unlinked among programs, have different objectives, use different indicators, lack support for sharing data, and lack shared statistical designs to address specific issues raised by listing of salmonid species under the federal endangered species act."
Therefore, it is the intent of the legislature to encourage the refocusing of existing agency monitoring activities necessary to implement a comprehensive watershed health monitoring program, with a focus on salmon recovery. The program should: Be based on a framework of greater coordination of existing monitoring activities; require monitoring activities most relevant to adopted local, state, and federal watershed health objectives; and facilitate the exchange of monitoring information with agencies and organizations carrying out watershed health, salmon recovery, and water resources management planning and programs.

NEW SECTION.  Sec. 2. A new section is added to chapter 90.82 RCW to read as follows:
In conducting assessments and other studies that include monitoring components or recommendations, the department and planning units shall implement the monitoring recommendations developed under section 3 of this act.

NEW SECTION.  Sec. 3. A new section is added to chapter 77.85 RCW to read as follows:
(1) The monitoring oversight committee is hereby established. The committee shall be comprised of the directors or their designated representatives of:
(a) The salmon recovery office;
(b) The department of ecology;
(c) The department of fish and wildlife;
(d) The conservation commission;
(e) The Puget Sound action team;
(f) The department of natural resources;
(g) The department of transportation;
(h) The interagency committee for outdoor recreation; and
(i) Eight legislators designated as follows: The cochairs of the natural resources committee of the house of representatives; the chair and the ranking minority member of the senate natural resources, parks, and shorelines committee; the cochairs of the agriculture and ecology committee of the house of representatives; and the chair and the ranking minority member of the senate environment, energy, and water committee.
(2) The director of the salmon recovery office and the chair of the salmon recovery funding board shall cochair the committee. The cochairs shall convene the committee as necessary to develop, for the consideration of the governor and legislature, a comprehensive and coordinated monitoring strategy and action plan on watershed health with a focus on salmon recovery. The committee shall invite representation from the treaty tribes to participate in the committee's efforts. In addition, the committee shall invite participation by other state, local, and federal agencies and other entities as appropriate. The committee shall address the monitoring recommendations of the independent science panel provided under RCW 77.85.040(7) and of the joint legislative audit and review committee in its report number 01-1 on investing in the environment.
(3) The independent science panel shall act as an advisor to the monitoring oversight committee and shall review all work products developed by the committee and make recommendations to the committee cochairs.
(4) The committee shall make recommendations to individual agencies to improve coordination of monitoring activities.
(5) The committee shall:
(a) Define the monitoring goals, objectives, and questions that must be addressed as part of a comprehensive statewide salmon recovery monitoring and adaptive management framework;
(b) Identify and evaluate existing monitoring activities for inclusion in the framework, while ensuring data consistency and coordination and the filling of monitoring gaps;
(c) Recommend statistical designs appropriate to the objectives;
(d) Recommend performance measures appropriate to the objectives and targeted to the appropriate geographical, temporal, and biological scales;
(e) Recommend standardized monitoring protocols for salmon recovery and watershed health;
(f) Recommend procedures to ensure quality assurance and quality control of all relevant data;
(g) Recommend data transfer protocols to support easy access, sharing, and coordination among different collectors and users;
(h) Recommend ways to integrate monitoring information into decision making;
(i) Recommend organizational and governance structures for oversight and implementation of the coordinated monitoring framework;
(j) Recommend stable sources of funding that will ensure the continued operation and maintenance of the state's salmon recovery and watershed health monitoring programs, once established; and
(k) Identify administrative actions that will be undertaken by state agencies to implement elements of the coordinated monitoring program.

(6) In developing the coordinated monitoring strategy, the committee shall coordinate with other appropriate state, federal, local, and tribal monitoring efforts, including but not limited to the Northwest power planning council, the Northwest Indian fisheries commission, the national marine fisheries service, and the United States fish and wildlife service. The committee shall also consult with watershed planning units under chapter 90.82 RCW, lead entities under this chapter, professional organizations, and other appropriate groups.

(7) The cochairs shall provide an interim report to the governor and the members of the appropriate legislative committees by March 1, 2002, on the progress made in implementing this section. By December 1, 2002, the committee shall provide a monitoring strategy and action plan to the governor, and the members of the appropriate legislative committees for achieving a comprehensive watershed health monitoring program with a focus on salmon recovery. The strategy and action plan shall document the results of the committee's actions in addressing the responsibilities described in subsection (5) of this section. In addition, the monitoring strategy and action plan shall include an assessment of existing state agency operations related to monitoring, evaluation, and adaptive management of watershed health and salmon recovery, and shall recommend any operational or statutory changes and funding necessary to fully implement the enhanced coordination program developed under this section. The plan shall make recommendations based upon the goal of fully realizing an enhanced and coordinated monitoring program by June 30, 2007.

(1) The legislature declares its support for the executive order issued by the president of the United States in which it is stated that stopping or searching individuals on the basis of race is not an effective law enforcement policy, that it is inconsistent with democratic ideals, especially the commitment to equal protection under the law for all persons, and that it is neither legitimate nor defensible as a strategy for public protection.

(1) A person or group of persons licensed or otherwise legally authorized to render professional services, as defined in RCW 18.100.030, within this state may organize and become a member or members of a limited liability partnership under the provisions of this chapter for the purposes of rendering professional service. Nothing in this section prohibits a person duly licensed or otherwise legally authorized to render professional services in any jurisdiction other than this state from becoming a member of a limited liability partnership organized for the purpose of rendering the same professional services. Nothing in this section prohibits a limited liability partnership from rendering professional services outside this state through individuals who are not duly licensed or otherwise legally authorized to render such professional services within this state.

(b) Notwithstanding any other provision of this chapter, health care professionals who are licensed pursuant to chapters 18.57 and 18.71 RCW may join and render their individual professional services through one limited liability partnership and are to be considered, for the purpose of forming a limited liability partnership, as rendering the "same specific professional services" or "same professional services" or similar terms.

(c) Formation of a limited liability partnership under this subsection does not restrict the application of the uniform disciplinary act under chapter 18.130 RCW, or any applicable health care professional statutes under Title 18 RCW, including but not limited to restrictions on persons practicing a health profession without being appropriately credentialed and persons practicing beyond the scope of their credential.

Sec. 32.  RCW 25.15.045 and 1999 c 128 s 2 are each amended to read as follows:

Nothing in this section prohibits a person duly licensed or otherwise legally authorized to render professional services in any jurisdiction other than this state from becoming a member of a professional limited liability company organized for the purpose of rendering the same professional services. commissioner may establish by rule for a licensed profession or for any specialty within a profession, taking into account the nature and size of the business, then the company's members are personally liable to the extent that, had the insurance, bond, or other evidence of responsibility been maintained, it would have covered the liability in question.

(4) The name of a professional limited liability company must contain either the words "Professional Limited Liability Company," or the words "Professional Limited Liability" and the abbreviation "Co.," or the abbreviation "P.L.L.C." or "PLLC" provided that the name of a professional limited liability company organized to render dental services shall contain the full names or surnames of all members and no other word than "chartered" or the words "professional services" or the abbreviation "P.L.L.C." or "PLLC."

(5) Subject to the provisions in article VII of this chapter, the following may be a member of a professional limited liability company and may be the transferee of the interest of an ineligible person or deceased member of the professional limited liability company:

(b) Another professional limited liability company, if the managers and members of both professional limited liability companies are licensed or otherwise legally authorized to render the same specific professional services.

(b) Notwithstanding any other provision of this chapter, health care professionals who are regulated under chapters 18.59 and 18.74 RCW may own membership interests in and render their individual professional services through one limited liability company formed for the sole purpose of providing professional services within their respective scope of practice.

(c) Formation of a limited liability company under this subsection does not restrict the application of the uniform disciplinary act under chapter 18.130 RCW, or any applicable health care professional statutes under Title 18 RCW, including but not limited to restrictions on persons practicing a health profession without being appropriately credentialed and persons practicing beyond the scope of their credential.

SSB 6098 Prime Sponsor, Senate Committee On Ways & Means: Creating a committee to study Washington's tax structure. Reported by Committee on Finance

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) Washington's tax system is one of the most unique systems in the nation. The state relies primarily on the sales tax, the business and occupation (B&O) tax, and the property tax. (a) The state relies most heavily on one of the highest sales taxes in the nation. The sales tax is a large
and efficient revenue producer. It is relatively popular because it is paid in small increments. Since the sales tax is based on consumption, however, the tax is volatile and unstable during economic downturns and can cause large budget deficits.

(b) Washington is the only state in the nation that levies a B&O tax on gross income. Since the B&O tax is not based on profit, tax collections are very stable. However, the B&O tax favors established, profitable firms at the expense of start-up firms and firms with low-profit margins.

(c) The property tax is the oldest revenue source in the state, having been established before statehood. Property taxes are a very stable source of revenue. While Washington's property taxes are only slightly above average for the states, the tax is perceived as high by the taxpayers. In addition, the tax is complex and the administrative costs are high.

Washington's tax system has remained relatively unchanged since 1935. Since that time, the state has grown in population and emphasis from a more agrarian society to a more industrial, technology-based society. It is the intent of the legislature to study the current tax system in the state of Washington to determine how well it functions and how it can be changed to better serve the citizens of the state in the twenty-first century.

(2) The department of revenue shall create a committee on taxation to study the elasticity, equity, and adequacy of the state's tax system. The committee on taxation shall consist of eleven members. The committee shall include six academic scholars appointed by the department of revenue from the fields of economics, taxation, business administration, public administration, public policy, and other relevant disciplines as determined by the department. In making the appointments, the department shall consult with the majority and minority leaders in the senate, the co-speakers in the house of representatives, the chair of the ways and means committee in the senate, and the co-chairs of the finance committee in the house of representatives. The governor and the chairs of the majority and minority caucuses in each house of the legislature shall each appoint one member to the committee. These appointments may be legislative members.

(3) The members of the committee shall elect a chair. The committee may elect a chair from among their membership or may elect a nonvoting chair who is not a member of the committee. Members of the committee shall serve without compensation but shall be reimbursed for travel expenses under RCW 43.03.050 and 43.03.060.

(4) The purpose of the study is to determine how well the current tax system functions and how it might be changed to better serve the citizens of the state in the twenty-first century. In reviewing options for changes to the tax system to better serve the citizens of the state, the committee shall develop multiple alternatives to the existing tax system. To the extent possible, the alternatives shall be designed to increase the harmony between the tax system of this state and the surrounding states, encourage commerce and business creation, and encourage home ownership. In developing alternatives, the committee shall examine and consider the effects of tax incentives, including exemptions, deferrals, and credits. The alternatives shall range from incremental improvements in the current tax structure to complete replacement of the tax structure. In conducting the study, the committee shall examine the tax structures of other states and review previous studies regarding tax reform in this state, including the study conducted by the 1982 Tax Advisory Council and the study conducted by Governor Gardner's Committee on Washington's Financial Future in 1988. In developing alternatives, the committee shall be guided by the following criteria:

(a) Administrative simplicity: A tax system should neither be excessively expensive for the state to administer nor impose undue recordkeeping and reporting requirements on taxpayers.

(b) Economic neutrality: A tax system should be designed to minimize distortions in economic decision making.

(c) Fairness: The burden of taxation should be equitably spread among the citizens.

(d) Stability: The revenue of a tax system should not fluctuate dramatically with the condition of the economy.

(e) Transparency: A tax system should be designed so that the costs of government are clear to citizens.

(5) While the committee may consider all possibilities, the committee shall present a primary proposal to the legislature that is revenue neutral and additional alternative proposals as the committee chooses.

(6) The department of revenue shall create an advisory group to include, but not be limited to, representatives of business, state agencies, local governments, labor, taxpayers, and other advocacy groups. The
group shall provide advice and assistance to the committee on taxation.

(7) The department of revenue shall provide staff to the committee for the purpose of the study.

(8) The committee shall present a preliminary report of the findings of the study and the alternatives developed by the committee to the ways and means committee in the senate and the finance committee in the house of representatives by January 15, 2002, and a final report by June 30, 2002."

SENATE AMENDMENTS TO HOUSE BILL

April 9, 2001

Mr. Speakers:

The Senate has passed ENGROSSED HOUSE BILL NO. 1012, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 47.60.326 and 1999 c 94 s 27 are each amended to read as follows:

(1) In order to maintain an adequate, fair, and economically sound schedule of charges for the transportation of passengers, vehicles, and commodities on the Washington state ferries, the department of transportation each year shall conduct a full review of such charges.

(2) Prior to February 1st of each odd-numbered year the department shall transmit to the transportation commission a report of its review together with its recommendations for the revision of a schedule of charges for
the ensuing biennium. The commission on or before July 1st of that year shall adopt as a rule, in the manner provided by the Washington administrative procedure act, a schedule of charges for the Washington state ferries for the ensuing biennium commencing July 1st. The schedule may initially be adopted as an emergency rule if necessary to take effect on, or as near as possible to, July 1st.

(3) The department in making its review and formulating recommendations and the commission in adopting a schedule of charges may consider any of the following factors:
   (a) The amount of subsidy available to the ferry system for maintenance and operation;
   (b) The time and distance of ferry runs;
   (c) The maintenance and operation costs for ferry runs with a proper adjustment for higher costs of operating outmoded or less efficient equipment;
   (d) The efficient distribution of traffic between cross-sound routes;
   (e) The desirability of reasonable commutation rates for persons using the ferry system to commute daily to work;
   (f) The effect of proposed fares in increasing walk-on and vehicular passenger use;
   (g) The effect of proposed fares in promoting all types of ferry use during nonpeak periods;
   (h) Such other factors as prudent managers of a major ferry system would consider.

(4) If at any time during the biennium it appears that projected revenues from the Puget Sound ferry operations account and any other operating subsidy available to the Washington state ferries will be less than the projected total cost of maintenance and operation of the Washington state ferries for the biennium, the department shall forthwith undertake a review of its schedule of charges to ascertain whether or not the schedule of charges should be revised. The department shall, upon completion of its review report, submit its recommendation to the transportation commission which may in its sound discretion revise the schedule of charges as required to meet necessary maintenance and operation expenditures of the ferry system for the biennium or may defer action until the regular annual review and revision of ferry charges as provided in subsection (2) of this section.

(5) The provisions of RCW 47.60.330 relating to public participation shall apply to the process of revising ferry tolls under this section.

(6) Under RCW 43.135.055, the transportation commission may increase ferry tolls included in the schedule of charges adopted under this section by a percentage that exceeds the fiscal growth factor.

NEW SECTION. Sec. 2. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose, except as expressly provided in subsection (3) of this section.

(2) The department of social and health services shall not initiate any services that will require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. (3)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified herein. However, after May 1, 2000, unless specifically prohibited by
this act, the department may transfer general fund--state appropriations for fiscal year 2000 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided for a specified purpose except as expressly provided in subsection (3)(d) of this section.

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--DEVELOPMENTAL DISABILITIES PROGRAM

(1) COMMUNITY SERVICES

General Fund--State Appropriation (FY 2000) ................................................................. $ 185,473,000
General Fund--State Appropriation (FY 2001) ................................................................. $ (205,593,000)
General Fund--Federal Appropriation .............................................................................. $ (325,535,000)
Health Services Account--State Appropriation ................................................................. $ 262,000

TOTAL APPROPRIATION $ 724,382,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) The health services account appropriation and $127,000 of the general fund--federal appropriation are
provided solely for health care benefits for home care workers with family incomes below 200 percent of the federal poverty level who are employed through state contracts for twenty hours per week or more. Premium payments for individual provider home care workers shall be made only to the subsidized basic health plan. Home care agencies may obtain coverage either through the basic health plan or through an alternative plan with substantially equivalent benefits.

(b) $3,100,000 of the general fund--state appropriation for fiscal year 2000, $4,650,000 of the general fund--state appropriation for fiscal year 2001, and $8,250,000 of the general fund--federal appropriation are provided solely to increase services and supports for people with developmental disabilities. These funds shall be expended in accordance with priorities established by the stakeholder advisory group established in accordance with chapter 216, Laws of 1998 (developmental disabilities), except that (i) at least 50 percent of these amounts must be used to increase the number of people receiving residential, employment, family support, or other direct services; (ii) the services and supports must be designed and implemented such that the cost of continuing them in the 2001-03 biennium does not exceed $19.2 million, of which no more than $9.3 million is from state funds; and (iii) strong consideration shall be given to the need for increased wages for direct care workers in contracted residential programs.

(c) $413,000 of the general fund--state appropriation for fiscal year 2000, $1,172,000 of the general fund--state appropriation for fiscal year 2001, and $694,000 of the general fund--federal appropriation are provided solely for employment, or other day activities and training programs, for young people who complete their high school curriculum in 1999 or 2000.

Funding for community residential capacity is sufficient to move a biennium total of 48 patients out of the state hospitals at a reasonable pace by June 30, 2001. The department shall manage the intensity of services provided so that the average cost per day does not exceed $300 per person placed in this expanded community residential capacity. The department shall report to the appropriate committees of the legislature progress towards implementing this subsection after each calendar quarter. The legislature finds that, in addition to the appropriations in this subsection for improvements in services to persons with developmental disabilities who are committed to the custody of the secretary under chapter 71.05 RCW, it is necessary to study long-term treatment alternatives and their legal, fiscal, and policy implications. Therefore, the department shall provide a report to the ways and means committee of the senate and the appropriations committee of the house of representatives by December 1, 2000, containing options and recommendations for secure treatment programs. The report shall identify various treatment models that could be implemented and various types and locations of secure facilities, both state-owned and leased, in which programs could be sited, together with the department's recommendations. The report shall also include analysis of advantages and disadvantages associated with contracting for some or all of the new program options identified. The report shall evaluate the options based on short-term and long-term costs, client and community security, efficiency of coordination with other service delivery systems, and how they address specific legal issues. In developing this report, the department shall invite participation by representatives of the Washington protection and advocacy system (WPAS), and shall include in the report WPAS' position on options and recommendations submitted by the department and any additional recommendations made by WPAS. The legislature recognizes a need to improve long-term services provided to individuals with developmental disabilities who are undergoing involuntary treatment under chapter 71.05 RCW. (e) $513,000 of the general fund--state appropriation for fiscal year 2000, $1,421,000 of the general

The appropriations in this subsection also include the funds needed for the employer share of unemployment and social security taxes on the amount of the increase.

(h) Within amounts appropriated in this subsection, the developmental disabilities program shall contract for a pilot program to test an alternative service delivery model for persons with autism. The department must use a competitive process to determine the site of the pilot. The pilot program must be time-limited and subject to an evaluation of client outcomes to determine the effectiveness and efficiency of the pilot program compared to the standard service model for persons with autism.

(i) $500,000 of the general fund--state appropriation for fiscal year 2001 and $160,000 of the general fund--federal appropriation are provided solely for increased family support services and related case management support.

Premium payments for individual provider home care workers shall be made only to the subsidized basic health plan. Home care agencies may obtain coverage either through the basic health plan or through an alternative plan with substantially equivalent benefits.

(2) $1,640,000 of the general fund--state appropriation for fiscal year 2000 and $1,640,000 of the general fund--state appropriation for fiscal year 2001, plus the associated vendor rate increase for each year, are provided solely for operation of the volunteer chore services program.

(3) For purposes of implementing Engrossed Second Substitute House Bill No. 1484 (nursing home payment rates), the weighted average nursing facility payment rate for fiscal year 2000 shall be no more than $10.85 for the capital portion of the rate and no more than $108.20 for the noncapital portion of the rate. For fiscal year 2001, the weighted average nursing facility payment rate shall be no more than $11.44 for the capital portion of the rate and no more than $111.84 for the noncapital portion of the rate. In accordance with RCW 74.46.431, the department shall use these funds to apply an additional economic trends and conditions adjustment factor to the rate of any facility whose total rate allocation would otherwise be less than its April 1, 1999, total rate, adjusted for case-mix changes. This supplemental adjustment factor shall be the percentage by which the facility's April 1, 1999, rate would otherwise exceed the rate calculated in accordance with chapter 74.46 RCW and subsection (3) of this section, except that (a) no adjustment shall be provided for any amounts by which a facility's rate is lower due to a reduction in its facility-average medicaid case-mix score; and (b) the adjustment factor shall be reduced proportionately for all facilities by the percentage by which total supplemental payments would otherwise exceed the funds provided for such payments in this subsection. This subsection applies only to rates paid for services provided between July 1, 1999, and March 31, 2000.

(5) $50,000 of the general fund--state appropriation for fiscal year 2000 and $50,000 of the general fund--state appropriation for fiscal year 2001 are provided solely for payments to any nursing facility licensed under chapter 18.51 RCW which meets all of the following criteria: (a) The nursing home entered into an arm's length agreement for a facility lease prior to January 1, 1980; (b) the lessee purchased the leased nursing home after January 1, 1980; and (c) the lessor defaulted on its loan or mortgage for the assets of the home after January 1, 1991, and prior to January 1, 1992. Payments provided pursuant to this subsection shall not be subject to the settlement, audit, or rate-setting requirements contained in chapter 74.46 RCW.

Sec. 207. 2000 2nd sp. s. c 1 s 208 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--ECONOMIC SERVICES PROGRAM

General Fund--State Appropriation (FY 2000) ................................................................. $ 427,742,000
General Fund--State Appropriation (FY 2001) ................................................................. $((410,913,000))
General Fund--Federal Appropriation ................................................................................. $((1,229,774,000))
General Fund--Private/Local Appropriation ...................................................................... $30,807,000
.................................................................................................................................. TOTAL APPROPRIATION
.................................................................................................................................. $ 2,105,964,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $284,083,000 of the general fund--state appropriation for fiscal year 2000, $268,114,000 of the general fund--state appropriation for fiscal year 2001, $1,140,342,000 of the general fund--federal appropriation, and $28,371,000 of the general fund--local appropriation are provided solely for the WorkFirst program and child support operations. WorkFirst expenditures include TANF grants, diversion services, subsidized child care, employment and training, other WorkFirst related services, allocated field services operating costs, and allocated economic services program administrative costs. Within the amounts provided in this subsection, the department shall:

(a) Continue to implement WorkFirst program improvements that are designed to achieve progress against outcome measures specified in RCW 74.08A.410. Valid outcome measures of job retention and wage progression shall be developed and reported quarterly to appropriate fiscal and policy committees of the legislature for families who leave assistance, measured after 12 months, 24 months, and 36 months. An increased attention to job retention and wage progression is necessary to emphasize the legislature's goal that the WorkFirst program succeed in helping recipients gain long-term economic independence and not cycle on and off public assistance. The wage progression measure shall report the median percentage increase in quarterly earnings and hourly wage after 12 months, 24 months, and 36 months. The wage progression report shall also report the
percent with earnings above one hundred percent and two hundred percent of the federal poverty level. The report shall compare former WorkFirst participants with similar workers who did not participate in WorkFirst. The department shall also report percentage of families who have returned to temporary assistance for needy families after 12 months, 24 months, and 36 months.

(b) Develop informational materials that educate families about the difference between cash assistance and work support benefits. These materials must explain, among other facts, that the benefits are designed to support their employment, that there are no time limits on the receipt of work support benefits, and that immigration or residency status will not be affected by the receipt of benefits. These materials shall be posted in all community service offices and distributed to families. Materials must be available in multiple languages. When a family leaves the temporary assistance for needy families program, receives cash diversion assistance, or withdraws a temporary assistance for needy families application, the department of social and health services shall educate them about the difference between cash assistance and work support benefits and offering them the opportunity to begin or to continue receiving work support benefits, so long as they are eligible. The department shall provide this information through in-person interviews, over the telephone, and/or through the mail. Work support benefits include food stamps, medicaid for all family members, medicaid or state children's health insurance program for children, and child care assistance. The department shall report annually to the legislature the number of families who have had exit interviews, been reached successfully by phone, and sent mail. The report shall also include the percentage of families who elect to continue each of the benefits and the percentage found ineligible by each substantive reason code. A substantive reason code shall not be "other." The report shall identify barriers to informing families about work support benefits and describe existing and future actions to overcome such barriers.

(c) Provide $500,000 from the general fund--state appropriation for fiscal year 2000 and $500,000 from the general fund--state appropriation for fiscal year 2001 for continuation of the WorkFirst evaluation conducted by the joint legislative audit and review committee.

(d) Report to the appropriate committees of the legislature by December 1, 2000, how the new federal child support incentive system can be used to maximize federal incentive payments and to support the greatest achievement of WorkFirst program goals. In the event that the department earns federal child support incentive payments in excess of amounts budgeted, the department shall use one-half of those additional funds to offset general fund--state allotments and one-half of those additional funds to improve child support services. The department shall also work with the Washington state association of county clerks to identify ways to protect the confidentiality of social security numbers on court documents needed by the child support enforcement system while ensuring the reliability of this information without significantly increasing the cost to administer the child support system. The department shall report its recommendations for protecting the confidentiality of social security numbers to appropriate committees of the legislature by December 1, 2000.

(e) Provide up to $500,000 of the general fund--federal appropriation to the office of financial management for a study of rate setting methods and policy for subsidized child care, the best method for coordinating and consolidating child care and early education programs currently funded by state government, and for a review of the various state programs for low-income families with children. The child care rate study shall analyze the effects of rate setting policy on the affordability and quality of the overall child care market. The child care and early education program study shall evaluate how current programs may be coordinated and consolidated to provide the most efficient level of administration, grant funding, and increased accessibility by families who are served by these programs. The study of state programs for low-income families shall compare and contrast eligibility and access to these programs and identify ways to coordinate or consolidate these programs to reduce administrative costs and improve access. The office shall submit a report to the department of social and health services and the appropriate committees of the legislature by December 1, 2000.

(f) Convene a working group that includes stakeholders and recipients of public assistance to establish basic customer service performance measures and goals. The customer service measures and goals will seek to make support for working families a priority. Customer service measures and goals may include, but are not limited to: Hours of operation that allow working families to get services without missing work, reduced wait times, systems for answering and returning phone calls in a timely manner, access to benefits that support work, access to job training and education, and, access to services for families with limited literacy or English skills,
and families with special needs. The department shall report to the legislature by January 2001 the
establishment of customer service measures and goals, and the departmental actions to assure the goals are being met.

(g) Use existing flexibility in federal and state welfare laws and regulations to support, on a limited basis,
longer education and training plans that have a strong likelihood to lead to long-term economic independence for recipient.

(h) Provide up to $1,400,000 of the general fund--federal appropriation for after-school care for middle
school youth through programs such as those described in House Bill No. 2530 (after-school care).

(i) Provide up to $2,710,000 of the general fund--federal appropriation for training and technical
assistance for child care providers seeking training to enable them to competently serve children with special
needs as described in House Bill No. 2869 (child care provider training).

(j) Provide $230,000, or as much thereof as may be necessary, to the department of health to expand the
vasectomy project to temporary assistance for needy families clients and their partners until such time as a
federal family planning waiver is granted that will cover these services.

(k) Ensure that funds provided in this subsection to implement policies that disregard or exempt a portion
of recipients’ income are designed to achieve stated WorkFirst program goals and outcomes. Income disregards
are effective incentives to help WorkFirst families move towards economic independence. Income disregard
policy shall not discriminate based on who the specific employer is.

(2) $43,408,000 of the general fund--state appropriation for fiscal year 2000 and (($43,386,000))
$46,420,000 of the general fund--state appropriation for fiscal year 2001 are provided solely for cash assistance
and other services to recipients in the general assistance--unemployable program. Within these amounts, the
department may expend funds for services that assist recipients to reduce their dependence on public assistance,
provided that expenditures for these services and cash assistance do not exceed funds provided. The department
shall by July 1, 2000, begin using federal funds provided in subsection (1) of this section, as allowed by federal
rules, for the costs of providing income assistance to children with court-appointed guardians or court-appointed
custodians.

(3) $5,444,000 of the general fund--state appropriation for fiscal year 2000 and $5,632,000 of the general
fund--state appropriation for fiscal year 2001 are provided solely for the food assistance program for legal
immigrants. The level of benefits shall be equivalent to the benefits provided by the federal food stamp
program.

(4) RCW 74.08A.280 permits the department to develop contracts for state-wide welfare-to-work
services. Within amounts available in this section, the department shall provide progress reports on the use of
such contracting to the fiscal committees of the legislature by January 1, 2001. Each of these reports shall
describe the number of current contracts for temporary assistance for needy families (TANF) or WorkFirst
services that the department has with community social service providers and a description of the services being
provided through each of those contracts.

(5) The legislature finds that, since the passage of the federal personal responsibility and work
opportunity act in 1997, Washington's public assistance population has declined dramatically, and that the
currently appropriated level for the temporary assistance for needy families program is sufficient for the 1999-01
biennium. The legislature further finds that federal funding for the temporary assistance for needy families
program may decrease after the current five-year block grant has expired. The legislature declares that at least
$60,000,000 of the year-end balance in the federal TANF grant shall be held in reserve by the office of financial
management at the close of the 1999-01 biennium.

General Fund--Federal Appropriation.......................................................... $ ((90,373,000))
The appropriations in this section are subject to the following conditions and limitations:

The department shall develop specific placement criteria for these expanded treatment beds to ensure that this new treatment capacity is prioritized for persons incapacitated as a result of chemical dependency and who are also high utilizers of hospital services.

2. $18,000 of the general fund—state appropriation for fiscal year 2000, $88,000 of the general fund—state appropriation for fiscal year 2001, and $116,000 of the general fund—federal appropriation are provided solely for activities related to chemical dependency services under subsection 202(1) of this act. It is the intent of the legislature to provide state assistance to counties to cover a part of lost federal funding for drug courts for a maximum of three years.

In designing the disease state management programs, the department shall research programs which have proven effective with similar populations in other states, and shall then work with concerned provider and consumer groups to adapt those strategies to Washington's service delivery system. The department shall work with its drug utilization and education council to develop a therapeutic substitution program for at least two classes of drugs. Under the therapeutic substitution program, the council shall analyze pharmacoeconomic research on the costs and benefits of all drugs within the class, and identify the most cost-effective drug or drugs within the class for placement on the formulary. Other drugs within the class shall be preauthorized when clinically indicated under criteria established by the council. (i) Determine payment sources and rates paid for primary health care providers performing outpatient primary care services and primary care in hospital emergency rooms for the state's medical assistance programs, including healthy options, and the basic health plan. To determine payment sources and rates paid, the agencies may seek information in relation to such factors as:

(A) The rates paid to primary care providers for their medical assistance programs, including healthy options, and basic health plan contracts; and
(B) How these rates compare with nonpublic pay clients for the same services.

The agencies are authorized to attain this information from health plans or providers. The agencies shall maintain the confidentiality of data collected for the purpose of the study;

(ii) Determine which primary care providers serve a relatively high number of low-income clients, and how that affects their medical practice. The agencies shall recommend a method to calculate a payment adjustment designed to help support medical practices, according to the study's findings.

(b) In conducting the study, the agencies shall determine which regions of the state to include in the study, based on factors the agencies determine will provide the most representative data state-wide.
agencies shall also consult with interested parties, including any organization or agency affected by this subsection, throughout the course of the study.

(c) The agencies shall report to the legislature by December 1, 2000, with the results of the primary health care provider study. (17) From funds appropriated in this section, the medical assistance program shall assist the Washington state institute for public policy with the assessment of options for expanding medicaid eligibility required in section 607 of this 2000 act. Such assistance shall include analysis of medicaid enrollment and expenditure data needed for enrollment and cost projections; information and advice on state and federal medicaid requirements; and liaison with state and federal officials in other states undertaking similar expansions.

(18) $290,000 of the general fund--state appropriation for fiscal year 2001 is provided solely for implementation of the asset exemption provisions of House Bill No. 2686. If these provisions are not enacted by June 30, 2000, the amount provided in this subsection shall lapse.

In selecting reductions in the various other programs, the department shall place a higher priority on reductions in administrative support functions as opposed to direct client services. Reductions in positions providing direct client services shall be implemented only if those reductions can be justified by reduced workload or through reorganization or other efficiencies that do not result in a risk of failing to meet federal or state certification or licensing standards. In achieving the level of savings assumed in this subsection, the department shall not eliminate or reduce funding and/or staff that would shift or transfer filing or appeal workload to superior courts. Sec. 502. 2000 2nd sp.s. c 1 s 502 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR GENERAL APPORTIONMENT

General Fund--State Appropriation (FY 2000) $3,507,296,000
General Fund--State Appropriation (FY 2001) $3,489,806,000

TOTAL APPROPRIATION $6,997,102,000

(2) Allocations for certificated staff salaries for the 1999-00 and 2000-01 school years shall be determined using formula-generated staff units calculated pursuant to this subsection. Staff allocations for small school enrollments in (d) through (f) of this subsection shall be reduced for vocational full-time equivalent enrollments. Staff allocations for small school enrollments in grades K-6 shall be the greater of that generated under (a) of this subsection, or under (d) and (e) of this subsection. Certificated staffing allocations shall be as follows:

(a) On the basis of each 1,000 average annual full-time equivalent enrollments, excluding full-time equivalent enrollment otherwise recognized for certificated staff unit allocations under (c) through (f) of this subsection:

(A) Funds provided under this subsection (2)(a)(iii) in excess of the amount required to maintain the statutory minimum ratio established under RCW 28A.150.260(2)(b) shall be allocated only if the district documents an actual ratio equal to or greater than 53.2 certificated instructional staff per thousand full-time equivalent students in grades K-4. For any school district documenting a lower certificated instructional staff ratio, the allocation shall be based on the district's actual grades K-4 certificated instructional staff ratio achieved in that school year, or the statutory minimum ratio established under RCW 28A.150.260(2)(b), if greater;

(B) Districts at or above 51.0 certificated instructional staff per one thousand full-time equivalent students in grades K-4 may dedicate up to 1.3 of the 53.2 funding ratio to employ additional classified instructional assistants assigned to basic education classrooms in grades K-4. For purposes of documenting a district's staff ratio under this section, funds used by the district to employ additional classified instructional assistants shall be converted to a certificated staff equivalent and added to the district's actual certificated instructional staff ratio. Additional classified instructional assistants, for the purposes of this subsection, shall be determined using the 1989-90 school year as the base year;

(C) Any district maintaining a ratio equal to or greater than 53.2 certificated instructional staff per thousand full-time equivalent students in grades K-4 may use allocations generated under this subsection (2)(a)(iii) in excess of that required to maintain the minimum ratio established under RCW 28A.150.260(2)(b) to employ additional basic education certificated instructional staff or classified instructional assistants in grades 5-6. Funds allocated under this subsection (2)(a)(iii) shall only be expended to reduce class size in grades K-6. classified instructional assistants; and

(iv) Forty-six certificated instructional staff units per thousand full-time equivalent students in grades 4-12;

(b) For school districts with a minimum enrollment of 250 full-time equivalent students whose full-time equivalent student enrollment count in a given month exceeds the first of the month full-time equivalent enrollment count by 5 percent, an additional state allocation of 110 percent of the share that such increased enrollment would have generated had such additional full-time equivalent students been included in the normal enrollment count for that particular month;

(c)(i) On the basis of full-time equivalent enrollment in:

(A) Vocational education programs approved by the superintendent of public instruction, a maximum of 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 19.5 full-time equivalent vocational students for the 1999-00 school year and the 2000-01 school year. Districts documenting staffing ratios of less than 1 certificated staff per 19.5 students shall be allocated the greater of the total ratio in subsections (2)(a)(i) and (iv) of this section or the actual documented ratio; and

(i) For those enrolling no students in grades 7 and 8, 1.76 certificated instructional staff units and 0.24 certificated administrative staff units for enrollment of not more than five students, plus one-twentieth of a certificated instructional staff unit for each additional student enrolled; and

(ii) For those enrolling students in grades 7 or 8, 1.68 certificated instructional staff units and 0.32 certificated administrative staff units for enrollment of not more than five students, plus one-tenth of a certificated instructional staff unit for each additional student enrolled;

(e) For specified enrollments in districts enrolling more than twenty-five but not more than one hundred average annual full-time equivalent students in grades K-8, and for small school plants within any school district which enroll more than twenty-five average annual full-time equivalent students in grades K-8 and have been judged to be remote and necessary by the state board of education:

(i) For enrollment of up to sixty annual average full-time equivalent students in grades K-6, 2.76 certificated instructional staff units and 0.24 certificated administrative staff units; and

(ii) For enrollment of up to twenty annual average full-time equivalent students in grades 7 and 8, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units;

(ii) For all other small high schools under this subsection, nine certificated instructional staff units and one-half of a certificated administrative staff unit for the first sixty average annual full time equivalent students, and additional staff units based on a ratio of 0.8732 certificated instructional staff units and 0.1268 certificated administrative staff units per each additional forty-three and one-half average annual full time equivalent students.
NINETY FOURTH DAY, APRIL 11, 2001

Units calculated under (f)(ii) of this subsection shall be reduced by certificated staff units at the rate of forty-six certificated instructional staff units and four certificated administrative staff units per thousand vocational full-time equivalent students.

(g) For each nonhigh school district having an enrollment of more than seventy annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit; and

(h) For each nonhigh school district having an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-6 program or a grades 1-6 program, an additional one-half of a certificated instructional staff unit.

(3) Allocations for classified salaries for the 1999-00 and 2000-01 school years shall be calculated using formula-generated classified staff units determined as follows:

(a) For enrollments generating certificated staff unit allocations under subsection (2)(d) through (h) of this section, one classified staff unit for each three certificated staff units allocated under such subsections;

(b) For all other enrollment in grades K-12, including vocational full-time equivalent enrollments, one classified staff unit for each sixty average annual full-time equivalent students; and

(c) For each nonhigh school district with an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, an additional one-half of a classified staff unit.

(4) Fringe benefit allocations shall be calculated at a rate of 16.49 percent in the 1999-00 school year and 15.62 percent in the 2000-01 school year for certificated salary allocations provided under subsection (2) of this section, and a rate of 15.56 percent in the 1999-00 school year and 15.82 percent in the 2000-01 school year for classified salary allocations provided under subsection (3) of this section.

(5) Insurance benefit allocations shall be calculated at the maintenance rate specified in section 504(2) of this act, based on the number of benefit units determined as follows:

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2)(a), (b), and (d) through (h) of this section, there shall be provided a maximum of $8,117 per certificated staff unit in the 1999-00 school year and a maximum of $8,239 per certificated staff unit in the 2000-01 school year.

(b) For nonemployee-related costs associated with each vocational certificated staff unit allocated under subsection (2)(c)(i)(A) of this section, there shall be provided a maximum of $19,933 per certificated staff unit in the 1999-00 school year and a maximum of $20,232 per certificated staff unit in the 2000-01 school year.

(7) Allocations for substitute costs for classroom teachers shall be distributed at a maintenance rate of $365.28 for the 1999-00 school year and $479.94 for the 2000-01 school year per allocated classroom teachers exclusive of salary increase amounts provided in section 504 of this act. Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported state-wide for the 1998-99 school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.
(9) The superintendent may distribute a maximum of $10,423,000 outside the basic education formula during fiscal years 2000 and 2001 as follows:
   (a) For fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW, a maximum of $457,000 may be expended in fiscal year 2000 and a maximum of $464,000 may be expended in fiscal year 2001;
   (b) For summer vocational programs at skills centers, a maximum of $2,098,000 may be expended each fiscal year;

   (d) A maximum of $500,000 per fiscal year may be expended for programs providing skills training for secondary students who are enrolled in extended day school-to-work programs, as approved by the superintendent of public instruction. The funds shall be allocated at a rate not to exceed $500 per full-time equivalent student enrolled in those programs; and
   (e) A maximum of $3,117,000 of the general fund--state appropriation for fiscal year 2000 and $604,000 of the general fund--state appropriation for fiscal year 2001 are provided for the 1999-00 school year for districts which experience an enrollment decline in the 1999-00 school year from the 1998-99 school year of more than 4.5 percent in full-time equivalent enrollment or more than 300 full-time equivalent students. The superintendent shall allocate funds to eligible school districts for up to one-half of the enrollment loss at the basic education unenhanced rate for the district. School districts receiving small school factor bonus funds shall not be eligible for enrollment decline funds to the extent that the district has no state apportionment loss as a result of the enrollment decline.

(10) For purposes of RCW 84.52.0531, the increase per full-time equivalent student in state basic education appropriations provided under chapter 309, Laws of 1999, including appropriations for salary and benefits increases, is 4.0 percent from the 1998-99 school year to the 1999-00 school year, and 3.0 percent from the 1999-00 school year to the 2000-01 school year. This subsection supersedes section 1, chapter 10, Laws of 1999 sp. sess.

(11) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (2)(b) through (h) of this section, the following shall apply:
   (a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and
   (b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic education formula staff units after consolidation pursuant to subsection (2)(a) through (h) of this section shall be reduced in increments of twenty percent per year.

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure, to the greatest extent possible, that special education students receive their appropriate share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education allocation funded in this section.

(2) Each general fund--state fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(3) The superintendent of public instruction shall distribute state funds to school districts based on two categories: The optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.

(4) For the 1999-00 and 2000-01 school years, the superintendent shall distribute state funds to each district based on the sum of:

(a) A district's annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and

(b) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (5)(c) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

(5) The definitions in this subsection apply throughout this section.

(a) "Average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.

(b) "Annual average full-time equivalent basic education enrollment" means the resident enrollment
including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(c) "Enrollment percent" means the district's resident special education annual average enrollment including those students counted under the special education demonstration projects, excluding the birth through age two enrollment, as a percent of the district's annual average full-time equivalent basic education enrollment. For the 1999-00 and the 2000-01 school years, each district's funded enrollment percent shall be the lesser of the district's actual enrollment percent for the school year for which the allocation is being determined or 12.7 percent.

(6) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be 12.7, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(7) A maximum of $12,000,000 of the general fund--state appropriation for fiscal year 2000 and a maximum of $12,000,000 of the general fund--state appropriation for fiscal year 2001 are provided as safety net funding for districts with demonstrated needs for state special education funding beyond the amounts provided in subsection (4) of this section. Safety net funding shall be awarded by the state safety net oversight committee.

(a) The safety net oversight committee shall first consider the needs of districts adversely affected by the 1995 change in the special education funding formula. Awards shall be based on the amount required to maintain the 1994-95 state special education excess cost allocation to the school district in aggregate or on a dollar per funded student basis.

(b) The committee shall then consider unusual needs of districts due to a special education population which differs significantly from the assumptions of the state funding formula. Awards shall be made to districts that convincingly demonstrate need due to the concentration and/or severity of disabilities in the district. Differences in program costs attributable to district philosophy or service delivery style are not a basis for safety net awards.

(c) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(d) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with Substitute Senate Bill No. 5626 (medicaid payments to schools).

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(f) The superintendent may expend up to $100,000 per year of the amounts provided in this subsection to provide staff assistance to the committee in analyzing applications for safety net funds received by the committee.

(8) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(9) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) Staff of the office of superintendent of public instruction;
(b) Staff of the office of the state auditor;
(c) Staff of the office of the financial management; and
(d) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(10) To the extent necessary, $5,500,000 of the general fund--federal appropriation shall be expended for safety net funding to meet the extraordinary needs of one or more individual special education students. If safety net awards to meet the extraordinary needs of one or more individual special education students exceed
$5,500,000 of the general fund--federal appropriation, the superintendent shall expend all available federal discretionary funds necessary to meet this need. General fund--state funds shall not be expended for this purpose.

(11) A maximum of $678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(12) A maximum of $1,000,000 of the general fund--federal appropriation is provided for projects to provide special education students with appropriate job and independent living skills, including work experience where possible, to facilitate their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

(13) A school district may carry over from one year to the next year up to 10 percent of general fund--state funds allocated under this program; however, carry over funds shall be expended in the special education program.

Sec. 4. RCW 9.94A.030 and 2000 c 28 s 2 are each amended to read as follows:
Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department, means that the department, either directly or through a collection agreement authorized by RCW 9.94A.145, is responsible for monitoring and enforcing the offender's sentence with regard to
the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law,
delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(2) "Commission" means the sentencing guidelines commission.

(3) "Community corrections officer" means an employee of the department who is responsible for
carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(4) "Community custody" means that portion of an offender's sentence of confinement in lieu of earned
release time or imposed pursuant to RCW 9.94A.120(2)(b), 9.94A.650 through 9.94A.670, 9.94A.137, 9.94A.700
through 9.94A.715, or 9.94A.383, served in the community subject to controls placed on the offender's movement
and activities by the department. For offenders placed on community custody for crimes committed on or after
July 1, 2000, the department shall assess the offender's risk of reoffense and may establish and modify conditions
of community custody, in addition to those imposed by the court, based upon the risk to community safety.

(5) "Community custody range" means the minimum and maximum period of community custody
included as part of a sentence under RCW 9.94A.715, as established by the commission or the legislature under
RCW 9.94A.040, for crimes committed on or after July 1, 2000.

(6) "Community placement" means that period during which the offender is subject to the conditions of
community custody and/or postrelease supervision, which begins either upon completion of the term of
confinement (postrelease supervision) or at such time as the offender is transferred to community custody in lieu
of earned release. Community placement may consist of entirely community custody, entirely postrelease
supervision, or a combination of the two.

(7) "Community supervision" means a period of time during which a convicted offender is subject to
crime-related prohibitions and other sentence conditions imposed by a court pursuant to this chapter or RCW
16.52.200(6) or 46.61.524. Where the court finds that any offender has a chemical dependency that has
contributed to his or her offense, the conditions of supervision may, subject to available resources, include
treatment. For purposes of the interstate compact for out-of-state supervision of parolees and probationers,
RCW 9.95.270, community supervision is the functional equivalent of probation and should be considered the
same as probation by other states.

(8) "Confinement" means total or partial confinement.

(9) "Conviction" means an adjudication of guilt pursuant to Titles 10 or 13 RCW and includes a verdict
of guilty, a finding of guilty, and acceptance of a plea of guilty.

(10) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the
circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders
directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative
conduct. However, affirmative acts necessary to monitor compliance with the order of a court may be required
by the department.

(11) "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications,
whether in this state, in federal court, or elsewhere. The history shall include, where known, for each conviction
(a) whether the defendant has been placed on probation and the length and terms thereof; and (b) whether the
defendant has been incarcerated and the length of incarceration.

(12) "Day fine" means a fine imposed by the sentencing court that equals the difference between the
offender's net daily income and the reasonable obligations that the offender has for the support of the offender
and any dependents.

(13) "Day reporting" means a program of enhanced supervision designed to monitor the offender's daily
activities and compliance with sentence conditions, and in which the offender is required to report daily to a
specific location designated by the department or the sentencing court.

(14) "Day reporting" means the department of corrections.

(15) "Department" means the department of corrections.

(16) "Determinate sentence" means a sentence that states with exactitude the number of actual years,
months, or days of total confinement, of partial confinement, of community supervision, the number of actual
hours or days of community service work, or dollars or terms of a legal financial obligation. The fact that an
offender through earned release can reduce the actual period of confinement shall not affect the classification of
the sentence as a determinate sentence.

(17) "Disposable earnings" means that part of the earnings of an offender remaining after the deduction from those earnings of any amount required by law to be withheld. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

(18) "Drug offender sentencing alternative" is a sentencing option available to persons convicted of a felony offense other than a violent offense or a sex offense and who are eligible for the option under RCW 9.94A.660.

(19) "Drug offense" means:
- Any felony violation of chapter 69.50 RCW except possession of a controlled substance (RCW 69.50.401(d)) or forged prescription for a controlled substance (RCW 69.50.403);
- Any offense defined as a felony under federal law that relates to the possession, manufacture, distribution, or transportation of a controlled substance; or
- Any out-of-state conviction for an offense that under the laws of this state would be a felony classified as a drug offense under (a) of this subsection.

(20) "Earned release" means earned release from confinement as provided in RCW 9.94A.150.

(21) "Escape" means:
- Escape by a sexually violent predator (section 1 of this act), escape in the first degree (RCW 9A.76.110), escape in the second degree (RCW 9A.76.120), willful failure to return from furlough (RCW 72.66.060), willful failure to return from work release (RCW 72.65.070), or willful failure to be available for supervision by the department while in community custody (RCW 72.09.310); or
- Any federal or out-of-state conviction for an offense that under the laws of this state would be a felony classified as an escape under (a) of this subsection.

(22) "Felony traffic offense" means:

"Sec. 1. RCW 90.14.140 and 1998 c 258 s 1 are each amended to read as follows:

(1) For the purposes of RCW 90.14.130 through 90.14.180, "sufficient cause" shall be defined as the nonuse of all or a portion of the water by the owner of a water right for a period of five or more consecutive years where such nonuse occurs as a result of:

(a) Drought, or other unavailability of water;
(b) Active service in the armed forces of the United States during military crisis;
(c) Nonvoluntary service in the armed forces of the United States;
(d) The operation of legal proceedings;
(e) Federal or state agency leases of or options to purchase lands or water rights which preclude or reduce the use of the right by the owner of the water right;
(f) Federal laws imposing land or water use restrictions either directly or through the voluntary enrollment of a landowner in a federal program implementing those laws, or acreage limitations, or production quotas;
(g) Temporarily reduced water need for irrigation use where such reduction is due to varying weather conditions, including but not limited to precipitation and temperature, that warranted the reduction in water use, so long as the water user's diversion and delivery facilities are maintained in good operating condition consistent with beneficial use of the full amount of the water right;
(h) Temporarily reduced diversions or withdrawals of irrigation water directly resulting from the provisions of a contract or similar agreement in which a supplier of electricity buys back electricity from the water right holder and the electricity is needed for the diversion or withdrawal or for the use of the water diverted or withdrawn for irrigation purposes.
(i) Water conservation measures implemented under the Yakima river basin water enhancement project, so long as the conserved water is reallocated in accordance with the provisions of P.L. 103-434;
(j) Reliance by an irrigation water user on the transitory presence of return flows in lieu of diversion or withdrawal of water from the primary source of supply, if such return flows are measured or reliably estimated using a scientific methodology generally accepted as reliable within the scientific community; or
(k) The reduced use of irrigation water resulting from crop rotation. For purposes of this subsection, crop rotation means the temporary change in the type of crops grown resulting from the exercise of generally recognized sound farming practices. Unused water resulting from crop rotation will not be relinquished if the remaining portion of the water continues to be beneficially used.

(2) Notwithstanding any other provisions of RCW 90.14.130 through 90.14.180, there shall be no relinquishment of any water right:
(a) If such right is claimed for power development purposes under chapter 90.16 RCW and annual license fees are paid in accordance with chapter 90.16 RCW;
(b) If such right is used for a standby or reserve water supply to be used in time of drought or other low flow period so long as withdrawal or diversion facilities are maintained in good operating condition for the use of such reserve or standby water supply;
(c) If such right is claimed for a determined future development to take place either within fifteen years of July 1, 1967, or the most recent beneficial use of the water right, whichever date is later;
(d) If such right is claimed for municipal water supply purposes under chapter 90.03 RCW;
(e) If such waters are not subject to appropriation under the applicable provisions of RCW 90.40.030; or
(f) If such right or portion of the right is leased to another person for use on land other than the land to which the right is appurtenant as long as the lessee makes beneficial use of the right in accordance with this chapter and a transfer or change of the right has been approved by the department in accordance with RCW 90.03.380, 90.03.383, 90.03.390, or 90.44.100.

An "improved access facility" is a clearly identified area specifically created for motor vehicle parking, and includes any boat launch or boat ramp associated with the parking area, but does not include the department parking facilities at the Gorge Concert Center near George, Washington. The department may accept contributions into the state wildlife fund for the sound stewardship of fish and wildlife. The vehicle use permit can be transferred between two vehicles and must contain space for the vehicle license numbers of each vehicle.
(3) Failure to display the fish and wildlife lands vehicle use permit if required by this section is an infraction under chapter 7.84 RCW, and department employees are authorized to issue a notice of infraction to the registered owner of any motor vehicle entering upon or using a department improved access facility without such a (decal) vehicle use permit. SENATE AMENDMENTS TO HOUSE BILL

April 6, 2001

Mr. Speakers:

The Senate has passed HOUSE BILL NO. 1062, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.101.010 and 1981 c 132 s 2 are each amended to read as follows:
When used in this chapter:
(1) The term "commission" means the Washington state criminal justice training commission.
(2) The term "boards" means the education and training standards boards, the establishment of which are authorized by this chapter.
(3) The term "criminal justice personnel" means any person who serves in a county, city, state, or port commission agency engaged in crime prevention, crime reduction, or enforcement of the criminal law.
(4) The term "law enforcement personnel" means any public employee or volunteer having as a primary function the enforcement of criminal laws in general or any employee or volunteer of, or any individual commissioned by, any municipal, county, state, or combination thereof, agency having as its primary function the enforcement of criminal laws in general as distinguished from an agency possessing peace officer powers, the primary function of which is the implementation of specialized subject matter areas. For the purposes of this subsection "primary function" means that function to which the greater allocation of resources is made.
(5) The term "correctional personnel" means any employee or volunteer who by state, county, municipal, or combination thereof, statute has the responsibility for the confinement, care, management, training, treatment, education, supervision, or counseling of those individuals whose civil rights have been limited in some way by legal sanction.
(6) A peace officer is "convicted" at the time a plea of guilty has been accepted, or a verdict of guilty or finding of guilt has been filed, notwithstanding the pendency of any future proceedings, including but not limited to sentencing, posttrial or postfact-finding motions and appeals. "Conviction" includes a deferral of sentence and also includes the equivalent disposition by a court in a jurisdiction other than the state of Washington.
(7) "Discharged for disqualifying misconduct" means terminated from employment for: (a) Conviction of (i) any crime committed under color of authority as a peace officer, (ii) any crime involving dishonesty or false statement within the meaning of Evidence Rule 609(a), (iii) the unlawful use or possession of a controlled substance, or (iv) any other crime the conviction of which disqualifies a Washington citizen from the legal right to possess a firearm under state or federal law; (b) conduct that would constitute any of the crimes addressed in (a) of this subsection; or (c) knowingly making materially false statements during disciplinary investigations, where the false statements are the sole basis for the termination.
(8) A peace officer is "discharged for disqualifying misconduct" within the meaning of subsection (7) of this section under the ordinary meaning of the term and when the totality of the circumstances support a finding that the officer resigned in anticipation of discipline, whether or not the misconduct was discovered at the time of resignation, and when such discipline, if carried forward, would more likely than not have led to discharge for disqualifying misconduct within the meaning of subsection (7) of this section.
(9) When used in context of proceedings referred to in this chapter, "final" means that the peace officer
has exhausted all available civil service appeals, collective bargaining remedies, and all other such direct administrative appeals, and the officer has not been reinstated as the result of the action. Finality is not affected by the pendency or availability of state or federal administrative or court actions for discrimination, or by the pendency or availability of any remedies other than direct civil service and collective bargaining remedies.

(10) "Peace officer" means any law enforcement personnel subject to the basic law enforcement training requirement of RCW 43.101.200 and any other requirements of that section, and police service dogs subject to requirements adopted under this act, notwithstanding any waiver or exemption granted by the commission, and notwithstanding the statutory exemption based on date of initial hire under RCW 43.101.200. Commissioned officers of the Washington state patrol, whether they have been or may be exempted by rule of the commission from the basic training requirement of RCW 43.101.200, are included as peace officers for purposes of this chapter. Fish and wildlife officers with enforcement powers for all criminal laws under RCW 77.12.055 are peace officers for purposes of this chapter.

NEW SECTION. Sec. 2. (1) As a condition of continuing employment as peace officers, all Washington peace officers: (a) Shall timely obtain certification as peace officers, or timely obtain certification for exemption therefrom by meeting all requirements of RCW 43.101.200, as that section is administered under the rules of the commission, as well by meeting any additional requirements under this chapter; and (b) shall maintain the basic certification as peace officers under this chapter. The commission shall certify peace officers who have satisfied, or have been exempted by statute or by rule from, the basic training requirements of RCW 43.101.200 on or before the effective date of this section. Thereafter, the commission may revoke certification pursuant to this chapter.

(2) The commission shall allow a peace officer to retain status as a certified peace officer as long as the officer: (a) Timely meets the basic law enforcement training requirements, or is exempted therefrom, in whole or in part, under RCW 43.101.200 or under rule of the commission; (b) meets or is exempted from any other requirements under this chapter as administered under the rules adopted by the commission; (c) is not denied certification by the commission under this chapter; and (d) has not had certification revoked by the commission.

(3) As a prerequisite to certification, as well as a prerequisite to pursuit of a hearing under section 9 of this act, a peace officer must, on a form devised or adopted by the commission, authorize the release to the commission of his or her personnel files, termination papers, criminal investigation files, or other files, papers, or information that are directly related to a certification matter or decertification matter before the commission.

NEW SECTION. Sec. 3. Upon request by a peace officer's employer or on its own initiative, the commission may deny or revoke certification of any peace officer, after written notice and hearing, if a hearing is timely requested by the peace officer under section 9 of this act, based upon a finding of one or more of the following conditions:

(1) The peace officer has failed to timely meet all requirements for obtaining a certificate of basic law enforcement training, a certificate of basic law enforcement training equivalency, or a certificate of exemption from the training;

(2) The peace officer has knowingly falsified or omitted material information on an application for training or certification to the commission;

(3) The peace officer has been convicted at any time of a felony offense under the laws of this state or has been convicted of a federal or out-of-state offense comparable to a felony under the laws of this state; except that if a certified peace officer was convicted of a felony before being employed as a peace officer, and the circumstances of the prior felony conviction were fully disclosed to his or her employer before being hired, the commission may revoke certification only with the agreement of the employing law enforcement agency;

(4) The peace officer has been discharged for disqualifying misconduct, the discharge is final, and some or all of the acts or omissions forming the basis for the discharge proceedings occurred on or after the effective date of this section;

(5) The peace officer's certificate was previously issued by administrative error on the part of the commission; or

(6) The peace officer has interfered with an investigation or action for denial or revocation of certificate
NEW SECTION. Sec. 4. (1) A person denied a certification based upon dismissal or withdrawal from a basic law enforcement academy for any reason not also involving discharge for disqualifying misconduct is eligible for readmission and certification upon meeting standards established in rules of the commission, which rules may provide for probationary terms on readmission.

(2) A person whose certification is denied or revoked based upon prior administrative error of issuance, failure to cooperate, or interference with an investigation is eligible for certification upon meeting standards established in rules of the commission, which rules may provide for a probationary period of certification in the event of reinstatement of eligibility.

(3) A person whose certification is denied or revoked based upon a felony criminal conviction is not eligible for certification at any time.

(4) A peace officer whose certification is denied or revoked based upon discharge for disqualifying misconduct, but not also based upon a felony criminal conviction, may, five years after the revocation or denial, petition the commission for reinstatement of the certificate or for eligibility for reinstatement. The commission shall hold a hearing on the petition to consider reinstatement, and the commission may allow reinstatement based upon standards established in rules of the commission. If the certificate is reinstated or eligibility for certification is determined, the commission may establish a probationary period of certification.

(5) A peace officer whose certification is revoked based solely upon a criminal conviction may petition the commission for reinstatement immediately upon a final judicial reversal of the conviction. The commission shall hold a hearing on request to consider reinstatement, and the commission may allow reinstatement based on standards established in rules of the commission. If the certificate is reinstated or if eligibility for certification is determined, the commission may establish a probationary period of certification.

NEW SECTION. Sec. 5. A peace officer's certification lapses automatically when there is a break of more than twenty-four consecutive months in the officer's service as a full-time law enforcement officer. A break in full-time law enforcement service which is due solely to the pendency of direct review or appeal from a disciplinary discharge, or to the pendency of a work-related injury, does not cause a lapse in certification. The officer may petition the commission for reinstatement of certification. Upon receipt of a petition for reinstatement of a lapsed certificate, the commission shall determine under this chapter and any applicable rules of the commission if the peace officer's certification status is to be reinstated, and the commission shall also determine any requirements which the officer must meet for reinstatement. The commission may adopt rules establishing requirements for reinstatement.

NEW SECTION. Sec. 6. Upon termination of a peace officer for any reason, including resignation, the agency of termination shall, within fifteen days of the termination, notify the commission on a personnel action report form provided by the commission. The agency of termination shall, upon request of the commission, provide such additional documentation or information as the commission deems necessary to determine whether the termination provides grounds for revocation under section 3 of this act. The commission shall maintain these notices in a permanent file, subject to section 12 of this act.

NEW SECTION. Sec. 7. In addition to its other powers granted under this chapter, the commission has authority and power to:

(1) Adopt, amend, or repeal rules as necessary to carry out this chapter;

(2) Issue subpoenas and administer oaths in connection with investigations, hearings, or other proceedings held under this chapter;

(3) Take or cause to be taken depositions and other discovery procedures as needed in investigations, hearings, and other proceedings held under this chapter;

(4) Appoint members of a hearings board as provided under section 10 of this act;
(5) Enter into contracts for professional services determined by the commission to be necessary for adequate enforcement of this chapter;
   (6) Grant, deny, or revoke certification of peace officers under the provisions of this chapter;
   (7) Designate individuals authorized to sign subpoenas and statements of charges under the provisions of this chapter; and
   (8) Employ such investigative, administrative, and clerical staff as necessary for the enforcement of this chapter.

NEW SECTION.  Sec. 8.  A law enforcement officer or duly authorized representative of a law enforcement agency may submit a written complaint to the commission charging that a peace officer's certificate should be denied or revoked, and specifying the grounds for the charge.  Filing a complaint does not make a complainant a party to the commission's action.  The commission has sole discretion whether to investigate a complaint, and the commission has sole discretion whether to investigate matters relating to certification, denial of certification, or revocation of certification on any other basis, without restriction as to the source or the existence of a complaint.  A person who files a complaint in good faith under this section is immune from suit or any civil action related to the filing or the contents of the complaint.

NEW SECTION.  Sec. 9.  (1) If the commission determines, upon investigation, that there is probable cause to believe that a peace officer's certification should be denied or revoked under section 3 of this act, the commission must prepare and serve upon the officer a statement of charges.  Service on the officer must be by mail or by personal service on the officer.  Notice of the charges must also be mailed to or otherwise served upon the officer's agency of termination and any current law enforcement agency employer.  The statement of charges must be accompanied by a notice that to receive a hearing on the denial or revocation, the officer must, within sixty days of communication of the statement of charges, request a hearing before the hearings board appointed under section 10 of this act.  Failure of the officer to request a hearing within the sixty-day period constitutes a default, whereupon the commission may enter an order under RCW 34.05.440.
   (2) If a hearing is requested, the date of the hearing must be scheduled not earlier than ninety days nor later than one hundred eighty days after communication of the statement of charges to the officer; the one hundred eighty day period may be extended on mutual agreement of the parties or for good cause.  The commission shall give written notice of hearing at least twenty days prior to the hearing, specifying the time, date, and place of hearing.

NEW SECTION.  Sec. 10.  (1) The procedures governing adjudicative proceedings before agencies under chapter 34.05 RCW, the administrative procedure act, govern hearings before the commission and govern all other actions before the commission unless otherwise provided in this chapter.  The standard of proof in actions before the commission is clear, cogent, and convincing evidence.
   (2) On all appeals brought under section 9 of this act, a five-member hearings panel shall both hear the case and make the commission's final administrative decision.  Members of the commission or the board on law enforcement training standards and education may but need not be appointed to the hearings panels.  The commission shall appoint as follows two or more panels to hear appeals from decertification actions:
      (a) When an appeal is filed in relation to decertification of a Washington peace officer who is not a peace officer of the Washington state patrol, the commission shall appoint to the panel:  (i) One police chief; (ii) one sheriff; (iii) two peace officers who are at or below the level of first line supervisor, who are from city or county law enforcement agencies, and who have at least ten years' experience as peace officers; and (iv) one person who is not currently a peace officer and who represents a community college or four-year college or university.
      (b) When an appeal is filed in relation to decertification of a peace officer of the Washington state patrol, the commission shall appoint to the panel:  (i) Either one police chief or one sheriff; (ii) one administrator of the state patrol; (iii) one peace officer who is at or below the level of first line supervisor, who is from a city or county law enforcement agency, and who has at least ten years' experience as a peace officer; (iv) one state patrol officer who is at or below the level of first line supervisor, and who has at least ten years' experience as a peace officer; and (v) one person who is not currently a peace officer and who represents a community college or
four-year college or university.

(c) Persons appointed to hearings panels by the commission shall, in relation to any decertification matter on which they sit, have the powers, duties, and immunities, and are entitled to the emoluments, including travel expenses in accordance with RCW 43.03.050 and 43.03.060, of regular commission members.

(3) Where the charge upon which revocation or denial is based is that a peace officer was "discharged for disqualifying misconduct," and the discharge is "final," within the meaning of section 3(4) of this act, and the officer received a civil service hearing or arbitration hearing culminating in an affirming decision following separation from service by the employer, the hearings panel may revoke or deny certification if the hearings panel determines that the discharge occurred and was based on disqualifying misconduct; the hearings panel need not redetermine the underlying facts but may make this determination based solely on review of the records and decision relating to the employment separation proceeding. However, the hearings panel may, in its discretion, consider additional evidence to determine whether such a discharge occurred and was based on such disqualifying misconduct. The hearings panel shall, upon written request by the subject peace officer, allow the peace officer to present additional evidence of extenuating circumstances.

Where the charge upon which revocation or denial of certification is based is that a peace officer "has been convicted at any time of a felony offense" within the meaning of section 3(3) of this act, the hearings panel shall revoke or deny certification if it determines that the peace officer was convicted of a felony. The hearings panel need not redetermine the underlying facts but may make this determination based solely on review of the records and decision relating to the criminal proceeding. However, the hearings panel shall, upon the panel's determination of relevancy, consider additional evidence to determine whether the peace officer was convicted of a felony.

Where the charge upon which revocation or denial is based is under section 3(1), (2), (5), or (6) of this act, the hearings panel shall determine the underlying facts relating to the charge upon which revocation or denial of certification is based.

(4) The commission's final administrative decision is subject to judicial review under RCW 34.05.510 through 34.05.598.

NEW SECTION.  Sec. 11.  The commission, its boards, and individuals acting on behalf of the commission and its boards are immune from suit in any civil or criminal action contesting or based upon proceedings or other official acts performed in the course of their duties in the administration and enforcement of this chapter.

NEW SECTION.  Sec. 12.  (1) Except as provided under subsection (2) of this section, the following records of the commission are confidential and exempt from public disclosure: (a) The contents of personnel action reports filed under section 6 of this act; (b) all files, papers, and other information obtained by the commission pursuant to section 2(3) of this act; and (c) all investigative files of the commission compiled in carrying out the responsibilities of the commission under this chapter. Such records are not subject to public disclosure, subpoena, or discovery proceedings in any civil action, except as provided in subsection (5) of this section.

(2) Records which are otherwise confidential and exempt under subsection (1) of this section may be reviewed and copied: (a) By the officer involved or the officer's counsel or authorized representative, who may review the officer's file and may submit any additional exculpatory or explanatory evidence, statements, or other information, any of which must be included in the file; (b) by a duly authorized representative of (i) the agency of termination, or (ii) a current employing law enforcement agency, which may review and copy its employee-officer's file; or (c) by a representative of or investigator for the commission.

(3) Records which are otherwise confidential and exempt under subsection (1) of this section may also be inspected at the offices of the commission by a duly authorized representative of a law enforcement agency considering an application for employment by a person who is the subject of a record. A copy of records which are otherwise confidential and exempt under subsection (1) of this section may later be obtained by an agency after it hires the applicant. In all other cases under this subsection, the agency may not obtain a copy of the record.
4) Upon a determination that a complaint is without merit, that a personnel action report filed under section 6 of this act does not merit action by the commission, or that a matter otherwise investigated by the commission does not merit action, the commission shall purge records addressed in subsection (1) of this section.

5) The hearings, but not the deliberations, of the hearings board are open to the public. The transcripts, admitted evidence, and written decisions of the hearings board on behalf of the commission are not confidential or exempt from public disclosure, and are subject to subpoena and discovery proceedings in civil actions.

6) Every individual, legal entity, and agency of federal, state, or local government is immune from civil liability, whether direct or derivative, for providing information to the commission in good faith.

NEW SECTION. Sec. 13. It is the intent of sections 14 through 23 of this act to enhance public safety and the quality of law enforcement. The legislature finds these goals may be achieved by establishing a minimum standard of performance for working police service dog teams and a procedure for certification of teams. The legislature further finds it necessary to create an oversight mechanism to promote efficient and responsible implementation of the certification process.

NEW SECTION. Sec. 14. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

1) "Canine training standards board" or "board" means the board established by the commission under section 17 of this act.

2) "Certified" means a determination by the commission that a police service dog team has met the minimum standard.

3) "Commission" means the Washington state criminal justice training commission.

4) "Handler" means a person who is responsible for the routine care, control, and utilization of a police service dog for law enforcement purposes and is:

   a) Any commissioned law enforcement officer of an agency, including a state, county, city, municipality, or a combination thereof or an employee of the Washington state department of corrections;
   b) A person contracted to provide law enforcement services;
   c) An employee of a local correctional facility; or
   d) In the case of an accelerant detection dog, the state fire marshal's designee or an employee of the fire department, city, or county authorized by the fire chief to be the dog's handler.

5) "Law enforcement purposes" means detection of contraband or evidence and apprehension of criminal suspects.

6) "Master trainer" means a person who meets the criteria established in rule by the commission following consultation with individuals and groups with experience and expertise in training and handling police service dogs.

7) "Police service detection dog" means a dog assigned or used by a handler solely to detect contraband or arson by-products for law enforcement purposes.

8) "Police service dog" means a dog assigned or used by a handler for law enforcement purposes.

9) "Police service dog team" or "team" means a dog and handler that is certified as a team.

NEW SECTION. Sec. 15. (1) A police service dog handler may not use a police service dog for law enforcement purposes unless the handler and dog are certified as a team, except as otherwise provided in this section.

2) Any dog team provided to assist in law enforcement purposes is exempt from the certification requirement of sections 14 through 23 of this act only if: (a) The dog is owned by, and acts under the control of, an agency of the federal government which engages in law enforcement purposes; (b) the team is provided on a temporary basis not exceeding forty-eight hours; and (c) the dog and its handler meet the internal minimum performance standards of the agency of the federal government which owns or controls the dog.

3) If any law enforcement agency is, prior to August 1, 2003, utilizing a police service dog and a handler for law enforcement purposes, the agency may continue the use until March 1, 2004. After March 1, 2004, the dog and handler must be certified as a team to be used for law enforcement purposes.
(4) Any law enforcement agency that has not, prior to August 1, 2003, utilized a police service dog and a handler for law enforcement purposes must obtain certification before deploying a team.

(5) Upon determination by the commission that a law enforcement agency or the department of corrections has deployed a police service dog and handler not certified pursuant to this chapter, the commission may issue an order directing the agency or department to immediately cease the unauthorized deployment.

(6) If the agency or department does not discontinue the unauthorized deployment, the commission may seek appropriate injunctive relief in the superior court of the county in which the agency or department is located.

(7) Police service detection dogs are exempt from the certification requirement set forth in this section unless the commission extends the certification requirement to these dogs by rule.

NEW SECTION. Sec. 16. (1) The commission is directed to develop and adopt a minimum performance standard for each category of police service dog and handler, with the categories being derived from the law enforcement functions that the police service dogs and handlers perform. Each police service dog and handler must meet the standard for its category in order to become a team.

(2) The commission is directed to implement a process through which police service dogs and their handlers will be tested for certification. The commission is authorized to charge a fee for the purpose of conducting certification tests.

(3) The commission shall establish minimum training hours for police service dogs and handlers that must be completed prior to testing for certification. Prior to testing a police service dog and a handler for certification, the chief of police, sheriff, secretary of corrections, or chief of the Washington state patrol must submit an affidavit verifying that the required hours of training have been successfully completed by the police service dog and handler.

(4) The initial certification of police service dog teams is valid for one year. Recertification shall be valid for a period of time as determined by the commission.

NEW SECTION. Sec. 17. (1) The commission is directed to create the canine training standards board. The commission is directed to endeavor to ensure the composition of the board will include persons experienced with patrol, detector, and tracking police service dogs. The board shall, in consultation with the board on law enforcement training standards and education, recommend to the commission minimum performance standards and develop model training and performance standards for police service dogs and handlers. The model training and model performance standards may be used by local jurisdictions in developing their own canine programs.

(2) The board shall examine the option of requiring certification of police service detection dogs and make recommendations to the commission.

(3) The board shall be comprised of:

(a) A representative of the Washington state patrol with police service dog experience;

(b) A representative of the department of corrections with police service dog experience;

(c) A representative of a nonprofit organization in Washington with expertise and experience in the training and evaluating of patrol, detector, and tracking police service dogs and handlers;

(d) A representative of a nationwide nonprofit organization with experience and expertise in the humane treatment of dogs;

(e) A master trainer from a county with a population of two hundred fifty thousand or more appointed by the Washington association of sheriffs and police chiefs in consultation with the Washington council of police and sheriffs and the bargaining unit representing commissioned officers in any county with a population of one million or more;

Sec. 2.  RCW 46.44.091 and 1989 c 52 s 1 are each amended to read as follows:

(1) Except as otherwise provided in subsections (3) and (4) of this section, no special permit shall be issued for movement on any state highway or route of a state highway within the limits of any city or town where the gross weight, including load, exceeds the following limits:

(a) Twenty-two thousand pounds on a single axle or on dual axles with a wheelbase between the first and second axles of less than three feet six inches;

(c) On any group of axles or in the case of a vehicle employing two single axles with a wheel base between the first and last axle of not less than seven feet but less than ten feet, a weight in pounds determined by multiplying six thousand five hundred times the distance in feet between the center of the first axle and the center of the last axle of the group;

(d) On any group of axles with a wheel base between the first and last axle of not less than ten feet but less than thirty feet, a weight in pounds determined by multiplying two thousand two hundred times the sum of twenty and the distance in feet between the center of the first axle and the center of the last axle of the group;

(e) On any group of axles with a wheel base between the first and last axle of thirty feet or greater, a weight in pounds determined by multiplying one thousand six hundred times the sum of forty and the distance in feet between the center of the first axle and the center of the last axle of the group.

(2) The total weight of a vehicle or combination of vehicles allowable by special permit under subsection (1) of this section shall be governed by the lesser of the weights obtained by using the total number of axles as a group or any combination of axles as a group.

(3) The weight limitations pertaining to single axles may be exceeded to permit the movement of equipment operating upon single pneumatic tires having a rim width of twenty inches or more and a rim diameter of twenty-four inches or more or dual pneumatic tires having a rim width of sixteen inches or more and a rim diameter of twenty-four inches or more and specially designed vehicles manufactured and certified for special permits prior to July 1, 1975.

A vehicle or combination of vehicles that is not designed primarily for fire suppression including, but not limited to, a hazardous materials response vehicle, bus, mobile kitchen, mobile sanitation facility, and heavy equipment transport vehicle is not a fire-fighting apparatus.
for purposes of this section.

(2) Fire-fighting apparatus must comply with all applicable federal and state vehicle operating and safety criteria, including rules adopted by agencies within each jurisdiction.

(3) All owners and operators of fire-fighting apparatus shall comply with current information, available through the department, regarding the applicable load restrictions of state bridges within the designated fire service area, including any automatic or mutual aid agreement areas.

(4) Fire-fighting apparatus operating within a fire district boundary of the owner of the apparatus, including any automatic or mutual aid agreement areas, may operate without a permit if:

(a) The weight does not exceed:

(ii) 24,000 pounds on a single axle;

(iii) 43,000 pounds on a tandem axle set;

(iv) 67,000 pounds gross vehicle weight, subject to the gross weight limits of RCW 46.44.091(1) (c), (d), and (e);

(v) The tire manufacturer's tire load rating.

(b) There is no tridem axle set.

(c) The dimensions do not exceed:

(i) 8 feet, 6 inches wide;

(ii) 14 feet high;

(iii) 50 feet overall length;

(iv) 15 foot front overhang;

(v) Rear overhang not exceeding the length of the wheel base.

(5) The department may grant permits for fire fighting apparatus that exceed the weight limits in subsection (4) of this section only if they were put into operation in this state before July 1, 2001. The department shall issue the permit on an annual basis for the apparatus to operate within the designated fire service area, including mutual benefit agreement areas, subject to the applicable load restrictions of state bridges referred to in subsection (3) of this section and any other limitations stipulated on the permit. Before issuing a permit, the department will compare the apparatus to be permitted with the bridge load ratings for structures on state highways within the operating area. The permit will denote any structures where access by the apparatus is either based on special operating instructions or is denied."

Renumber the section following consecutively.

In line 2 of the title, after "46.44.090" insert "and 46.44.091; adding a new section to chapter 46.44 RCW;"

SENATE AMENDMENTS TO HOUSE BILL

April 10, 2001

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1202, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 84.14.110 and 1995 c 375 s 14 are each amended to read as follows:

(1) If improvements have been exempted under this chapter, the improvements continue to be exempted and not be converted to another use for at least ten years from date of issuance of the certificate of tax exemption. If the owner intends to convert the multifamily development to another use, the owner shall notify the assessor within sixty days of the change in use. If, after a certificate of tax exemption has been filed with the county assessor the city or assessor or agent discovers that a portion of the property is changed or will be changed to a use that is other than residential or that housing or amenities no longer meet the requirements as previously approved or agreed upon by contract between the governing authority and the owner and that the multifamily housing, or a portion of the housing, no longer qualifies for the exemption, the tax exemption must be canceled and the following must occur:

(a) Additional real property tax must be imposed upon the value of the nonqualifying improvements in the amount that would normally be imposed, plus a penalty must be imposed amounting to twenty percent. This additional tax is calculated based upon the difference between the property tax paid and the property tax that would have been paid if it had included the value of the nonqualifying improvements dated back to the date that the improvements were converted to a nonmultifamily use;

(b) The tax must include interest upon the amounts of the additional tax at the same statutory rate charged on delinquent property taxes from the dates on which the additional tax could have been paid without penalty if the improvements had been assessed at a value without regard to this chapter; and

(c) The additional tax owed together with interest and penalty must become a lien on the land and attach at the time the property or portion of the property is removed from multifamily use or the amenities no longer meet applicable requirements, and has priority to and must be fully paid and satisfied before a recognizance, mortgage, judgment, debt, obligation, or responsibility to or with which the land may become charged or liable. The lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes. An additional tax unpaid on its due date is delinquent. From the date of delinquency until paid, interest must be charged at the same rate applied by law to delinquent ad valorem property taxes.

(2) Upon a determination that a tax exemption is to be canceled for a reason stated in this section, the governing authority shall notify the record owner of the property as shown by the tax rolls by mail, return receipt requested, of the determination to cancel the exemption. The owner may appeal the determination to the governing authority within thirty days by filing a notice of appeal with the clerk of the governing authority, which notice must specify the factual and legal basis on which the determination of cancellation is alleged to be
erroneous. The governing authority or a hearing examiner or other official authorized by the governing authority may hear the appeal. At the hearing, all affected parties may be heard and all competent evidence received. After the hearing, the deciding body or officer shall either affirm, modify, or repeal the decision of cancellation of exemption based on the evidence received. An aggrieved party may appeal the decision of the deciding body or officer to the superior court under RCW 34.05.510 through 34.05.598.

(3) Upon determination by the governing authority or authorized representative to terminate an exemption, the county officials having possession of the assessment and tax rolls shall correct the rolls in the manner provided for omitted property under RCW 84.40.080. The county assessor shall make such a valuation of the property and improvements as is necessary to permit the correction of the rolls. The owner may appeal the valuation to the county board of equalization under chapter 84.48 RCW and according to the provisions of RCW 84.40.038. If there has been a failure to comply with this chapter, the property must be listed as an omitted assessment for assessment years beginning January 1 of the calendar year in which the noncompliance first occurred, but the listing as an omitted assessment may not be for a period more than three calendar years preceding the year in which the failure to comply was discovered.

Sec. 2. RCW 84.26.130 and 1989 c 175 s 178 are each amended to read as follows:
Any decision by a local review board on an application for classification as historic property eligible for special valuation may be appealed to superior court under RCW 34.05.510 through 34.05.598 in addition to any other remedy at law. Any decision on the disqualification of historic property eligible for special valuation, or any other dispute, may be appealed to the county board of equalization in accordance with RCW 84.40.038.

Sec. 3. RCW 84.33.120 and 1999 sp.s. c 4 s 702 are each amended to read as follows:
(1) In preparing the assessment rolls as of January 1, 1982, for taxes payable in 1983 and each January 1st thereafter, the assessor shall list each parcel of forest land at a value with respect to the grade and class provided in this subsection and adjusted as provided in subsection (2) of this section and shall compute the assessed value of the land by using the same assessment ratio he or she applies generally in computing the assessed value of other property in his or her county. Values for the several grades of bare forest land shall be as follows.

(2) On or before December 31, 1981, the department shall adjust by rule under chapter 34.05 RCW, the forest land values contained in subsection (1) of this section in accordance with this subsection, and shall certify these adjusted values to the county assessor for his or her use in preparing the assessment rolls as of January 1, 1982. For the adjustment to be made on or before December 31, 1981, for use in the 1982 assessment year, the department shall:

(a) Divide the aggregate value of all timber harvested within the state between July 1, 1976, and June 30, 1981 by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 82.04.291 and 84.33.071; and

(b) Divide the aggregate value of all timber harvested within the state between July 1, 1975, and June 30, 1980 by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 82.04.291 and 84.33.071; and

(c) Adjust the forest land values contained in subsection (1) of this section by a percentage equal to one-half of the percentage change in the average values of harvested timber reflected by comparing the resultant values calculated under (a) and (b) of this subsection.

For the adjustments to be made on or before December 31, 1982, and each succeeding year thereafter, the same procedure shall be followed as described in this subsection utilizing harvester excise tax returns filed under RCW 82.04.291 and this chapter except that this adjustment shall be made to the prior year's adjusted value, and the five-year periods for calculating average harvested timber values shall be successively one year more recent.

(3) In preparing the assessment roll for 1972 and each year thereafter, the assessor shall enter as the true and fair value of each parcel of forest land the appropriate grade value certified to him or her by the department of revenue, and he or she shall compute the assessed value of such land by using the same assessment ratio he or she applies generally in computing the assessed value of other property in his or her county. In preparing the assessment roll for 1975 and each year thereafter, the assessor shall assess and value as classified forest land all forest land that is not then designated pursuant to RCW 84.33.120(4) or 84.33.130 and shall make a notation of such classification upon the assessment and tax rolls. On or before January 15 of the first year in which such notation is made, the assessor shall mail notice by certified mail to the owner that such land has been classified as forest land and is subject to the compensating tax imposed by this section. If the owner desires not to have such land assessed and valued as classified forest land, he or she shall give the assessor written notice thereof on or before March 31 of such year and the assessor shall remove from the assessment and tax rolls the classification notation entered pursuant to this subsection, and shall thereafter assess and value such land in the manner provided by law other than this chapter 84.33 RCW.

(4) In any year commencing with 1972, an owner of land which is assessed and valued by the assessor other than pursuant to the procedures set forth in RCW 84.33.110 and this section, and which has, in the immediately preceding year, been assessed and valued by the assessor as forest land, may appeal to the county
board of equalization by filing an application with the board in the manner prescribed in subsection (2) of RCW 84.33.130. The county board shall afford the applicant an opportunity to be heard if the application so requests and shall act upon the application in the manner prescribed in subsection (3) of RCW 84.33.130.

(5) Land that has been assessed and valued as classified forest land as of any year commencing with 1975 assessment year or earlier shall continue to be so assessed and valued until removal of classification by the assessor only upon the occurrence of one of the following events:

(a) Receipt of notice from the owner to remove such land from classification as forest land;
(b) Sale or transfer to an ownership making such land exempt from ad valorem taxation;
(c) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that, because of actions taken by the owner, such land is no longer primarily devoted to and used for growing and harvesting timber. However, land shall not be removed from classification if a governmental agency, organization, or other recipient identified in subsection (9) or (10) of this section as exempt from the payment of compensating tax has manifested its intent in writing or by other official action to acquire a property interest in classified forest land by means of a transaction that qualifies for an exemption under subsection (9) or (10) of this section. The governmental agency, organization, or recipient shall annually provide the assessor of the county in which the land is located reasonable evidence in writing of the intent to acquire the classified land as long as the intent continues or within sixty days of a request by the assessor. The assessor may not request this evidence more than once in a calendar year;
(d) Determination that a higher and better use exists for such land than growing and harvesting timber after giving the owner written notice and an opportunity to be heard;
(e) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of forest land classification continuance, except transfer to an owner who is an heir or devisee of a deceased owner, shall not by itself, result in removal of classification. The signed notice of continuance shall be attached to the real estate excise tax affidavit provided for in RCW 82.45.150. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all compensating taxes calculated pursuant to subsection (7) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of classified forest land for filing or recording unless the new owner has signed the notice of continuance or the compensating tax has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (7) of this section to the county board of equalization in accordance with the provisions of RCW 84.40.038. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals.

The assessor shall remove classification pursuant to (c) or (d) of this subsection prior to September 30 of the year prior to the assessment year for which termination of classification is to be effective. Removal of classification as forest land upon occurrence of (a), (b), (d), or (e) of this subsection shall apply only to the land affected, and upon occurrence of (c) of this subsection shall apply only to the actual area of land no longer primarily devoted to and used for growing and harvesting timber: PROVIDED, That any remaining classified forest land meets necessary definitions of forest land pursuant to RCW 84.33.100.

(6) Within thirty days after such removal of classification as forest land, the assessor shall notify the owner in writing setting forth the reasons for such removal. The owner of such land shall thereupon have the right to apply for designation of such land as forest land pursuant to subsection (4) of this section or RCW 84.33.130. The seller, transferor, or owner may appeal such removal to the county board of equalization in accordance with the provisions of RCW 84.40.038.

(7) Unless the owner successfully applies for designation of such land or unless the removal is reversed on appeal, notation of removal from classification shall immediately be made upon the assessment and tax rolls, and commencing on January 1 of the year following the year in which the assessor made such notation, such land shall be assessed on the same basis as real property is assessed generally in that county. Except as provided in subsection (5)(e), (9), or (10) of this section and unless the assessor shall not have mailed notice of classification pursuant to subsection (3) of this section, a compensating tax shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the compensating tax. As soon as
possible, the assessor shall compute the amount of such compensating tax and mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such compensating tax shall be equal to the difference, if any, between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land multiplied by the dollar rate of the last levy extended against such land, multiplied by a number, in no event greater than ten, equal to the number of years, commencing with assessment year 1975, for which such land was assessed and valued as forest land.

(8) Compensating tax, together with applicable interest thereon, shall become a lien on such land which shall attach at the time such land is removed from classification as forest land and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any compensating tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(9) The compensating tax specified in subsection (7) of this section shall not be imposed if the removal of classification as forest land pursuant to subsection (5) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) A donation of fee title, development rights, or the right to harvest timber, to a government agency or organization qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections, or the sale or transfer of fee title to a governmental entity or a nonprofit nature conservancy corporation, as defined in RCW 64.04.130, exclusively for the protection and conservation of lands recommended for state natural area preserve purposes by the natural heritage council and natural heritage plan as defined in chapter 79.70 RCW; PROVIDED, That at such time as the land is not used for the purposes enumerated, the compensating tax specified in subsection (7) of this section shall be imposed upon the current owner;

(d) The sale or transfer of fee title to the parks and recreation commission for park and recreation purposes;

(e) Official action by an agency of the state of Washington or by the county or city within which the land is located that disallows the present use of such land;

(f) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120; or

(g) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040.

(10) In a county with a population of more than one million inhabitants, the compensating tax specified in subsection (7) of this section shall not be imposed if the removal of classification as forest land pursuant to subsection (5) of this section resulted solely from:

(a) An action described in subsection (9) of this section; or

(b) A transfer of a property interest to a government entity, or to a nonprofit historic preservation corporation or nonprofit nature conservancy corporation, as defined in RCW 64.04.130, to protect or enhance public resources, or to preserve, maintain, improve, restore, limit the future use of, or otherwise to conserve for public use or enjoyment, the property interest being transferred. At such time as the property interest is not used for the purposes enumerated, the compensating tax shall be imposed upon the current owner.

(11) With respect to any land that has been designated prior to May 6, 1974, pursuant to RCW 84.33.120(4) or 84.33.130, the assessor may, prior to January 1, 1975, on his or her own motion or pursuant to petition by the owner, change, without imposition of the compensating tax provided under RCW 84.33.140, the status of such designated land to classified forest land.

Sec. 4.  RCW 84.33.130 and 1994 c 301 s 32 are each amended to read as follows: 

(1) An owner of land desiring that it be designated as forest land and valued pursuant to RCW 84.33.120 as of January 1 of any year shall make application to the county assessor before such January 1.
(2) The application shall be made upon forms prepared by the department of revenue and supplied by the county assessor, and shall include the following:

(a) A legal description of or assessor's tax lot numbers for all land the applicant desires to be designated as forest land;
(b) The date or dates of acquisition of such land;
(c) A brief description of the timber on such land, or if the timber has been harvested, the owner's plan for restocking;
(d) Whether there is a forest management plan for such land;
(e) If so, the nature and extent of implementation of such plan;
(f) Whether such land is used for grazing;
(g) Whether such land has been subdivided or a plat filed with respect thereto;
(h) Whether such land and the applicant are in compliance with the restocking, forest management, fire protection, insect and disease control and forest debris provisions of Title 76 RCW or any applicable regulations thereunder;
(i) Whether such land is subject to forest fire protection assessments pursuant to RCW 76.04.610;
(j) Whether such land is subject to a lease, option or other right which permits it to be used for any purpose other than growing and harvesting timber;
(k) A summary of the past experience and activity of the applicant in growing and harvesting timber;
(l) A summary of current and continuing activity of the applicant in growing and harvesting timber;
(m) A statement that the applicant is aware of the potential tax liability involved when such land ceases to be designated as forest land;
(n) An affirmation that the statements contained in the application are true and that the land described in the application is by itself or with other forest land not included in the application, in contiguous ownership of twenty or more acres which is primarily devoted to and used for growing and harvesting timber.

The assessor shall afford the applicant an opportunity to be heard if the application so requests.

(3) The assessor shall act upon the application with due regard to all relevant evidence and without any one or more items of evidence necessarily being determinative, except that the application may be denied for one of the following reasons, without regard to other items:

(a) The land does not contain either a "merchantable stand of timber" or an "adequate stocking" as defined by rule adopted by the forest practices board, except this reason (a) shall not alone be sufficient for denial of the application (i) if such land has been recently harvested or supports a growth of brush or noncommercial type timber, and the application includes a plan for restocking within three years or such longer period necessitated by unavailability of seed or seedlings, or (ii) if only isolated areas within such land do not meet such minimum standards due to rock outcroppings, swamps, unproductive soil or other natural conditions;
(b) The applicant, with respect to such land, has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control and forest debris provisions of Title 76 RCW or any applicable regulations thereunder;
(c) The land abuts a body of salt water and lies between the line of ordinary high tide and a line paralleling such ordinary high tide line and two hundred feet horizontally landward therefrom, except that if the higher and better use determined by the assessor to exist for such land would not be permitted or economically feasible by virtue of any federal, state or local law or regulation such land shall be assessed and valued pursuant to the procedures set forth in RCW 84.33.110 and 84.33.120 without being designated. The application shall be deemed to have been approved unless, prior to May 1, of the year after such application was mailed or delivered to the assessor, the assessor shall notify the applicant in writing of the extent to which the application is denied.

(4) An owner who receives notice pursuant to subsection (3) of this section that his or her application has been denied may appeal such denial to the county board of equalization in accordance with the provisions of RCW 84.40.038.

Sec. 5. RCW 84.33.140 and 1999 sp.s. c 4 s 703 are each amended to read as follows:

(1) When land has been designated as forest land pursuant to RCW 84.33.120(4) or 84.33.130, a notation of such designation shall be made each year upon the assessment and tax rolls, a copy of the notice of approval
together with the legal description or assessor's tax lot numbers for such land shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded, and such land shall be graded and valued pursuant to RCW 84.33.110 and 84.33.120 until removal of such designation by the assessor upon occurrence of any of the following:

(a) Receipt of notice from the owner to remove such designation;
(b) Sale or transfer to an ownership making such land exempt from ad valorem taxation;
(c) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of forest land designation continuity, except transfer to an owner who is an heir or devisee of a deceased owner, shall not by itself, result in removal of classification. The signed notice of continuance shall be attached to the real estate excise tax affidavit provided for in RCW 82.45.150. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all compensating taxes calculated pursuant to subsection (3) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of designated forest land for filing or recording unless the new owner has signed the notice of continuance or the compensating tax has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (3) of this section to the county board of equalization in accordance with the provisions of RCW 84.40.038. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;
(d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that:
   (i) Such land is no longer primarily devoted to and used for growing and harvesting timber. However, land shall not be removed from designation if a governmental agency, organization, or other recipient identified in subsection (5) or (6) of this section as exempt from the payment of compensating tax has manifested its intent in writing or by other official action to acquire a property interest in designated forest land by means of a transaction that qualifies for an exemption under subsection (5) or (6) of this section. The governmental agency, organization, or recipient shall annually provide the assessor of the county in which the land is located reasonable evidence in writing of the intent to acquire the designated land as long as the intent continues or within sixty days of a request by the assessor. The assessor may not request this evidence more than once in a calendar year;
   (ii) The owner has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control and forest debris provisions of Title 76 RCW or any applicable regulations thereunder; or
   (iii) Restocking has not occurred to the extent or within the time specified in the application for designation of such land.

Removal of designation upon occurrence of any of (a) through (c) of this subsection shall apply only to the land affected, and upon occurrence of (d) of this subsection shall apply only to the actual area of land no longer primarily devoted to and used for growing and harvesting timber, without regard to other land that may have been included in the same application and approval for designation: PROVIDED, That any remaining designated forest land meets necessary definitions of forest land pursuant to RCW 84.33.100.

(2) Within thirty days after such removal of designation of forest land, the assessor shall notify the owner in writing, setting forth the reasons for such removal. The seller, transferor, or owner may appeal such removal to the county board of equalization in accordance with the provisions of RCW 84.40.038.

(3) Unless the removal is reversed on appeal a copy of the notice of removal with notation of the action, if any, upon appeal, together with the legal description or assessor's tax lot numbers for the land removed from designation shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded, and commencing on January 1 of the year following the year in which the assessor mailed such notice, such land shall be assessed on the same basis as real property is assessed generally in that county. Except as provided in subsection (1)(c), (5), or (6) of this section, a compensating tax shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the compensating tax. As soon as possible, the assessor shall compute the amount of such compensating tax and mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such compensating tax shall
be equal to the difference between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land multiplied by the dollar rate of the last levy extended against such land, multiplied by a number, in no event greater than ten, equal to the number of years for which such land was designated as forest land.

(4) Compensating tax, together with applicable interest thereon, shall become a lien on such land which shall attach at the time such land is removed from designation as forest land and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any compensating tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(5) The compensating tax specified in subsection (3) of this section shall not be imposed if the removal of designation pursuant to subsection (1) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) A donation of fee title, development rights, or the right to harvest timber, to a government agency or organization qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections, or the sale or transfer of fee title to a governmental entity or a nonprofit nature conservancy corporation, as defined in RCW 64.04.130, exclusively for the protection and conservation of lands recommended for state natural area preserve purposes by the natural heritage council and natural heritage plan as defined in chapter 79.70 RCW; PROVIDED, That at such time as the land is not used for the purposes enumerated, the compensating tax specified in subsection (3) of this section shall be imposed upon the current owner;

(d) The sale or transfer of fee title to the parks and recreation commission for park and recreation purposes;

(e) Official action by an agency of the state of Washington or by the county or city within which the land is located that disallows the present use of such land;

(f) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120; or

(g) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040.

(6) In a county with a population of more than one million inhabitants, the compensating tax specified in subsection (3) of this section shall not be imposed if the removal of classification as forest land pursuant to subsection (1) of this section resulted solely from:

(a) An action described in subsection (5) of this section; or

(b) A transfer of a property interest to a government entity, or to a nonprofit historic preservation corporation or nonprofit nature conservancy corporation, as defined in RCW 64.04.130, to protect or enhance public resources, or to preserve, maintain, improve, restore, limit the future use of, or otherwise to conserve for public use or enjoyment, the property interest being transferred. At such time as the property interest is not used for the purposes enumerated, the compensating tax shall be imposed upon the current owner.

**Sec. 6.** RCW 84.34.035 and 1992 c 69 s 5 are each amended to read as follows:

The assessor shall act upon the application for current use classification of farm and agricultural lands under RCW 84.34.020(2), with due regard to all relevant evidence. The application shall be deemed to have been approved unless, prior to the first day of May of the year after such application was mailed or delivered to the assessor, the assessor shall notify the applicant in writing of the extent to which the application is denied. An owner who receives notice that his or her application has been denied may appeal such denial to the board of equalization in the county where the property is located. The appeal shall be filed in accordance with RCW 84.40.038((within thirty days after the mailing of the notice of denial)). Within ten days following approval of the application, the assessor shall submit notification of such approval to the county auditor for recording in the
place and manner provided for the public recording of state tax liens on real property. The assessor shall retain a copy of all applications.

The assessor shall, as to any such land, make a notation each year on the assessment list and the tax roll of the assessed value of such land for the use for which it is classified in addition to the assessed value of such land were it not so classified.

Sec. 7. RCW 84.34.108 and 1999 sp.s. c 4 s 706 and 1999 c 233 s 22 are each reenacted and amended to read as follows:

(1) When land has once been classified under this chapter, a notation of such classification shall be made each year upon the assessment and tax rolls and such land shall be valued pursuant to RCW 84.34.060 or 84.34.065 until removal of all or a portion of such classification by the assessor upon occurrence of any of the following:

(a) Receipt of notice from the owner to remove all or a portion of such classification;
(b) Sale or transfer to an ownership, except a transfer that resulted from a default in loan payments made to or secured by a governmental agency that intends to or is required by law or regulation to resell the property for the same use as before, making all or a portion of such land exempt from ad valorem taxation;
(c) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of classification continuance, except transfer to an owner who is an heir or devisee of a deceased owner shall not by itself, result in removal of classification. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all additional taxes calculated pursuant to subsection (4) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of classified land for filing or recording unless the new owner has signed the notice of continuance or the additional tax has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (4) of this section to the county board of equalization in accordance with the provisions of RCW 84.40.038. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;
(d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that all or a portion of such land no longer meets the criteria for classification under this chapter. The criteria for classification pursuant to this chapter continue to apply after classification has been granted.

The granting authority, upon request of an assessor, shall provide reasonable assistance to the assessor in making a determination whether such land continues to meet the qualifications of RCW 84.34.020 (1) or (3). The assistance shall be provided within thirty days of receipt of the request.

(2) Land may not be removed from classification because of:

(a) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120; or
(b) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040.

(3) Within thirty days after such removal of all or a portion of such land from current use classification, the assessor shall notify the owner in writing, setting forth the reasons for such removal. The seller, transferor, or owner may appeal such removal to the county board of equalization in accordance with the provisions of RCW 84.40.038.

(4) Unless the removal is reversed on appeal, the assessor shall revalue the affected land with reference to full market value on the date of removal from classification. Both the assessed valuation before and after the removal of classification shall be listed and taxes shall be allocated according to that part of the year to which each assessed valuation applies. Except as provided in subsection (6) of this section, an additional tax, applicable interest, and penalty shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the additional tax. As soon as possible, the assessor shall compute the amount of such an additional tax, applicable interest, and penalty and the treasurer shall mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such additional tax, applicable interest, and penalty shall be determined as follows:

(a) The amount of additional tax shall be equal to the difference between the property tax paid as "open
space land", "farm and agricultural land", or "timber land" and the amount of property tax otherwise due and payable for the seven years last past had the land not been so classified;

(b) The amount of applicable interest shall be equal to the interest upon the amounts of such additional tax paid at the same statutory rate charged on delinquent property taxes from the dates on which such additional tax could have been paid without penalty if the land had been assessed at a value without regard to this chapter;

(c) The amount of the penalty shall be as provided in RCW 84.34.080. The penalty shall not be imposed if the removal satisfies the conditions of RCW 84.34.070.

(5) Additional tax, applicable interest, and penalty, shall become a lien on such land which shall attach at the time such land is removed from classification under this chapter and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050 now or as hereafter amended. Any additional tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(6) The additional tax, applicable interest, and penalty specified in subsection (4) of this section shall not be imposed if the removal of classification pursuant to subsection (1) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other land located within the state of Washington;

(b)(i) A taking through the exercise of the power of eminent domain, or (ii) sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power, said entity having manifested its intent in writing or by other official action;

(c) A natural disaster such as a flood, windstorm, earthquake, or other such calamity rather than by virtue of the act of the landowner changing the use of such property;

(d) Official action by an agency of the state of Washington or by the county or city within which the land is located which disallows the present use of such land;

(e) Transfer of land to a church when such land would qualify for exemption pursuant to RCW 84.36.020;

(f) Acquisition of property interests by state agencies or agencies or organizations qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections: PROVIDED, That at such time as these property interests are not used for the purposes enumerated in RCW 84.34.210 and 64.04.130 the additional tax specified in subsection (4) of this section shall be imposed;

(g) Removal of land classified as farm and agricultural land under RCW 84.34.020(2)(d);

(h) Removal of land from classification after enactment of a statutory exemption that qualifies the land for exemption and receipt of notice from the owner to remove the land from classification;

(i) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120; or

(j) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040.

Sec. 8. RCW 84.36.385 and 1992 c 206 s 13 are each amended to read as follows:

(1) A claim for exemption under RCW 84.36.381 as now or hereafter amended, shall be made and filed at any time during the year for exemption from taxes payable the following year and thereafter and solely upon forms as prescribed and furnished by the department of revenue. However, an exemption from tax under RCW 84.36.381 shall continue for no more than four years unless a renewal application is filed as provided in subsection (3) of this section. The county assessor may also require by written notice, a renewal application following an amendment of the income requirements set forth in RCW 84.36.381. Renewal applications shall be on forms prescribed and furnished by the department of revenue.

(2) A person granted an exemption under RCW 84.36.381 shall inform the county assessor of any change in status affecting the person's entitlement to the exemption on forms prescribed and furnished by the department of revenue.

(3) Each person exempt from taxes under RCW 84.36.381 in 1993 and thereafter, shall file with the county assessor a renewal application not later than December 31 of the year the assessor notifies such person of
the requirement to file the renewal application.

(4) Beginning in 1992 and in each of the three succeeding years, the county assessor shall notify approximately one-fourth of those persons exempt from taxes under RCW 84.36.381 in the current year who have not filed a renewal application within the previous four years, of the requirement to file a renewal application.

(5) If the assessor finds that the applicant does not meet the qualifications as set forth in RCW 84.36.381, as now or hereafter amended, the claim or exemption shall be denied but such denial shall be subject to appeal under the provisions of RCW 84.48.010(5) and in accordance with the provisions of RCW 84.40.038. If the applicant had received exemption in prior years based on erroneous information, the taxes shall be collected subject to penalties as provided in RCW 84.40.130 for a period of not to exceed three years.

(6) The department and each local assessor is hereby directed to publicize the qualifications and manner of making claims under RCW 84.36.381 through 84.36.389, through communications media, including such paid advertisements or notices as it deems appropriate. Notice of the qualifications, method of making applications, the penalties for not reporting a change in status, and availability of further information shall be included on or with property tax statements and revaluation notices for all residential property including mobile homes, except rental properties.

Sec. 9. RCW 84.36.812 and 1984 c 220 s 9 are each amended to read as follows:

All additional taxes imposed under RCW 84.36.262 or 84.36.810 shall become due and payable by the seller or transferor at the time of sale. The county auditor shall not accept an instrument of conveyance unless the additional tax has been paid or the department of revenue has determined that the property is not subject to RCW 84.36.262 or 84.36.810. The seller, the transferor, or the new owner may appeal the assessed values upon which the additional tax is based to the county board of equalization in accordance with the provisions of RCW 84.40.038.

Sec. 10. RCW 84.38.040 and 1994 c 301 s 34 are each amended to read as follows:

(1) Each claimant electing to defer payment of special assessments and/or real property tax obligations under this chapter shall file with the county assessor, on forms prescribed by the department and supplied by the assessor, a written declaration thereof. The declaration to defer special assessments and/or real property taxes for any year shall be filed no later than thirty days before the tax or assessment is due or thirty days after receiving notice under RCW 84.64.050, whichever is later: PROVIDED, That for good cause shown, the department may waive this requirement.

(2) The declaration shall designate the property to which the deferral applies, and shall include a statement setting forth (a) a list of all members of the claimant's household, (b) the claimant's equity value in his residence, (c) facts establishing the eligibility for the deferral under the provisions of this chapter, and (d) any other relevant information required by the rules of the department. Each copy shall be signed by the claimant subject to the penalties as provided in chapter 9A.72 RCW for false swearing. The first declaration to defer filed in a county shall include proof of the claimant's age acceptable to the assessor.

(3) The county assessor shall determine if each claimant shall be granted a deferral for each year but the claimant shall have the right to appeal this determination to the county board of equalization, in accordance with the provisions of RCW 84.40.038, whose decision shall be final as to the deferral of that year.

Sec. 11. RCW 84.40.038 and 1997 c 294 s 1 are each amended to read as follows:

(1) The owner or person responsible for payment of taxes on any property may petition the county board of equalization for a change in the assessed valuation placed upon such property by the county assessor or for any other reason specifically authorized by statute. Such petition must be made on forms prescribed or approved by the department of revenue and any petition not conforming to those requirements or not properly completed shall not be considered by the board. The petition must be filed with the board on or before July 1st of the year of the assessment or determination, within thirty days after the date an assessment, value change notice, or other notice has been mailed, or within a time limit of up to sixty days adopted by the county legislative authority, whichever is later. If a county legislative authority sets a time limit, the authority may not change the limit for
three years from the adoption of the limit.

(2) The board of equalization may waive the filing deadline if the petition is filed within a reasonable time after the filing deadline and the petitioner shows good cause for the late filing. The decision of the board of equalization regarding a waiver of the filing deadline is final and not appealable under RCW 84.08.130. Good cause may be shown by one or more of the following events or circumstances:

(a) Death or serious illness of the taxpayer or his or her immediate family;
(b) The taxpayer was absent from the address where the taxpayer normally receives the assessment or value change notice, was absent for more than fifteen days of the days allowed in subsection (1) of this section before the filing deadline, and the filing deadline is after July 1;
(c) Incorrect written advice regarding filing requirements received from board of equalization staff, county assessor's staff, or staff of the property tax advisor designated under RCW 84.48.140;
(d) Natural disaster such as flood or earthquake;
(e) Delay or loss related to the delivery of the petition by the postal service, and documented by the postal service; or
(f) Other circumstances as the department may provide by rule.

(3) The owner or person responsible for payment of taxes on any property may request that the appeal be heard by the state board of tax appeals without a hearing by the county board of equalization when the assessor, the owner or person responsible for payment of taxes on the property, and a majority of the county board of equalization agree that a direct appeal to the state board of tax appeals is appropriate. The state board of tax appeals may reject the appeal, in which case the county board of equalization shall consider the appeal under RCW 84.48.010. Notice of such a rejection, together with the reason therefor, shall be provided to the affected parties and the county board of equalization within thirty days of receipt of the direct appeal by the state board.

Sec. 12. RCW 84.48.080 and 1997 c 3 s 112 are each amended to read as follows:

(1) Annually during the months of September and October, the department of revenue shall examine and compare the returns of the assessment of the property in the several counties of the state, and the assessment of the property of railroad and other companies assessed by the department, and proceed to equalize the same, so that each county in the state shall pay its due and just proportion of the taxes for state purposes for such assessment year, according to the ratio the ((assessed)) valuation of the property in each county bears to the ((correct assessed)) total ((assessed)) valuation of all property in the state.

((First.)) (a) The department shall classify all property, real and personal, and shall raise and lower the ((assessed)) valuation of any class of property in any county to a value that shall be equal, so far as possible, to the ((correct assessed)) true and fair value of such class as of January 1st of the current year, after determining the correct appraised value, and any adjustment applicable under RCW 84.40.0305 for the property, and for the purpose of ascertaining the just amount of tax due from each county for state purposes. 
((In equalizing personal property as of January 1st of the current year, the department shall use the assessment level of the preceding year.)) In equalizing personal property as of January 1st of the current year, the department shall use valuation data with respect to personal property from the three years immediately preceding the current assessment year in a manner it deems appropriate. Such classification may be on the basis of types of property, geographical areas, or both. For purposes of this section, for each county that has not provided the department with an assessment return by December 1st, the department shall proceed, using facts and information and in a manner it deems appropriate, to estimate the value of each class of property in the county.

((Second.)) (b) The department shall keep a full record of its proceedings and the same shall be published annually by the department.

(2) The department shall levy the state taxes authorized by law. The amount levied in any one year for general state purposes shall not exceed the lawful dollar rate on the dollar of the assessed value of the property of the entire state ((as equalized under this section)), which assessed value shall be one hundred percent of the true and fair value of the property in money. The department shall apportion the amount of tax for state purposes levied by the department, among the several counties, in proportion to the ((assessed)) valuation of the taxable property of the county for the year as equalized by the department: PROVIDED, That for purposes of this apportionment, the department shall recompute the previous year's levy and the apportionment thereof to correct
for changes and errors in taxable values reported to the department after October 1 of the preceding year and shall adjust the apportioned amount of the current year's state levy for each county by the difference between the apportioned amounts established by the original and revised levy computations for the previous year. For purposes of this section, changes in taxable values mean a final adjustment made by a county board of equalization, the state board of tax appeals, or a court of competent jurisdiction and shall include additions of omitted property, other additions or deletions from the assessment or tax rolls, any assessment return provided by a county to the department subsequent to December 1st, or a change in the indicated ratio of a county. Errors in taxable values mean errors corrected by a final reviewing body.

In addition to computing a levy under this subsection that is reduced under RCW 84.55.012, the department shall compute a hypothetical levy without regard to the reduction under RCW 84.55.012. This hypothetical levy shall also be apportioned among the several counties in proportion to the valuation of the taxable property of the county for the year, as equalized by the department, in the same manner as the actual levy and shall be used by the county assessors for the purpose of recomputing and establishing a consolidated levy under RCW 84.52.010.

(3) The department shall have authority to adopt rules and regulations to enforce obedience to its orders in all matters in relation to the returns of county assessments, the equalization of values, and the apportionment of the state levy by the department.

(4) After the completion of the duties prescribed in this section, the director of the department shall certify the record of the proceedings of the department under this section, the tax levies made for state purposes and the apportionment thereof among the counties, and the certification shall be available for public inspection.

Sec. 13. RCW 84.40.190 and 1993 c 33 s 4 are each amended to read as follows:

Every person required by this title to list property shall make out and deliver to the assessor, or to the department as required by RCW 84.40.065, either in person or by mail, or by electronic transmittal, a statement, verified under penalty of perjury, of all the personal property in his or her possession or under his or her control, and which by the provisions of this title, he or she is required to list for taxation, either as owner or holder thereof. Each list, schedule or statement required by this chapter shall be signed by the individual if the person required to make the same is an individual; by the president, vice-president, treasurer, assistant treasurer, chief accounting officer or any other officer duly authorized to so act if the person required to make the same is a corporation; by a responsible and duly authorized member or officer having knowledge of its affairs, if the person required to make the same is a partnership or other unincorporated organization; or by the fiduciary, if the person required to make the same is a trust or estate. The list, schedule, or statement may be made and signed for the person required to make the same by an agent who is duly authorized to do so by a power of attorney filed with and approved by the assessor. When any list, schedule, or statement is made and signed by such agent, the principal required to make out and deliver the same shall be responsible for the contents and the filing thereof and shall be liable for the penalties imposed pursuant to RCW 84.40.130. No person shall be required to list for taxation in his statement to the assessor any share or portion of the capital stock, or of any of the property of any company, association or corporation, which such person may hold in whole or in part, where such company, being required so to do, has listed for assessment and taxation its capital stock and property with the department of revenue, or as otherwise required by law.

NEW SECTION. Sec. 14. A new section is added to chapter 84.52 RCW to read as follows:

(1) If an error has occurred in the levy of property taxes that has caused all taxpayers within a taxing district, other than the state, to pay an incorrect amount of property tax, the assessor shall correct the error by making an appropriate adjustment to the levy for that taxing district in the succeeding year. The adjustment shall be made without including any interest. If the governing authority of the taxing district determines that the amount of the adjustment in the succeeding year is so large as to cause a hardship for the taxing district or the taxpayers within the district, the adjustment may be made on a proportional basis over a period of not more than three consecutive years.

(a) A correction of an error in the levying of property taxes shall not be made for any period more than three years preceding the year in which the error is discovered.
(b) When calculating the levy limitation under chapter 84.55 RCW for levies made following the discovery of an error, the assessor shall determine and use the correct levy amount for the year or years being corrected as though the error had not occurred. The amount of the adjustment determined under this subsection (1) shall not be considered when calculating the levy limitation.

(c) If the taxing district in which a levy error has occurred does not levy property taxes in the year the error is discovered, or for a period of more than three years subsequent to the year the error was discovered, an adjustment shall not be made.

(2) If an error has occurred in the distribution of property taxes so that property tax collected has been incorrectly distributed to a taxing district or taxing districts wholly or partially within a county, the treasurer of the county in which the error occurred shall correct the error by making an appropriate adjustment to the amount distributed to that taxing district or districts in the succeeding year. The adjustment shall be made without including any interest. If the treasurer, in consultation with the governing authority of the taxing district or districts affected, determines that the amount of the adjustment in the succeeding year is so large as to cause a hardship for the taxing district or districts, the adjustment may be made on a proportional basis over a period of not more than three consecutive years. A correction of an error in the distribution of property taxes shall not be made for any period more than three years preceding the year in which the error is discovered.

Sec. 15. RCW 84.48.080 and 1997 c 3 s 112 are each amended to read as follows:

(1) Annually during the months of September and October, the department of revenue shall examine and compare the returns of the assessment of the property in the several counties of the state, and the assessment of the property of railroad and other companies assessed by the department, and proceed to equalize the same, so that each county in the state shall pay its due and just proportion of the taxes for state purposes for such assessment year, according to the ratio the assessed valuation of the property in each county bears to the correct total assessed valuation of all property in the state.

((First:)) (a) The department shall classify all property, real and personal, and shall raise and lower the assessed valuation of any class of property in any county to a value that shall be equal, so far as possible, to the correct assessed value of such class as of January 1st of the current year, after determining the correct appraised value, and any adjustment applicable under RCW 84.40.0305 for the property, for the purpose of ascertaining the just amount of tax due from each county for state purposes. In equalizing personal property as of January 1st of the current year, the department shall use ((the assessment level of the preceding year)) valuation data with respect to personal property from the three years immediately preceding the current assessment year in a manner it deems appropriate. Such classification may be on the basis of types of property, geographical areas, or both. For purposes of this section, for each county that has not provided the department with an assessment return by December 1st, the department shall proceed, using facts and information and in a manner it deems appropriate, to estimate the value of each class of property in the county.

((Second:)) (b) The department shall keep a full record of its proceedings and the same shall be published annually by the department.

(2) The department shall levy the state taxes authorized by law. The amount levied in any one year for general state purposes shall not exceed the lawful dollar rate on the dollar of the assessed value of the property of the entire state as equalized under this section. The department shall apportion the amount of tax for state purposes levied by the department, among the several counties, in proportion to the assessed valuation of the taxable property of the county for the year as equalized by the department: PROVIDED, That for purposes of this apportionment, the department shall recompute the previous year's levy and the apportionment thereof to correct for changes and errors in taxable values reported to the department after October 1 of the preceding year and shall adjust the apportioned amount of the current year's state levy for each county by the difference between the apportioned amounts established by the original and revised levy computations for the previous year. For purposes of this section, changes in taxable values mean a final adjustment made by a county board of equalization, the state board of tax appeals, or a court of competent jurisdiction and shall include additions of omitted property, other additions or deletions from the assessment or tax rolls, any assessment return provided by a county to the department subsequent to December 1st, or a change in the indicated ratio of a county. Errors in taxable values mean errors corrected by a final reviewing body.
In addition to computing a levy under this subsection that is reduced under RCW 84.55.012, the department shall compute a hypothetical levy without regard to the reduction under RCW 84.55.012. This hypothetical levy shall also be apportioned among the several counties in proportion to the valuation of the taxable property of the county for the year, as equalized by the department, in the same manner as the actual levy and shall be used by the county assessors for the purpose of recomputing and establishing a consolidated levy under RCW 84.52.010.

(3) The department shall have authority to adopt rules and regulations to enforce obedience to its orders in all matters in relation to the returns of county assessments, the equalization of values, and the apportionment of the state levy by the department.

(4) After the completion of the duties prescribed in this section, the director of the department shall certify the record of the proceedings of the department under this section, the tax levies made for state purposes and the apportionment thereof among the counties, and the certification shall be available for public inspection.

NEW SECTION. Sec. 16. Section 15 of this act takes effect for taxes levied in 2001 for collection in 2002 and thereafter if the proposed amendment to Article VII, section 1 of the state Constitution providing for valuation increases to be phased-in over a period of four years is validly submitted to and is approved and ratified by voters at the next general election. If the proposed amendment is not approved and ratified, section 15 of this act is null and void. If such proposed amendment is approved and ratified, section 12 of this act is null and void.

NEW SECTION. Sec. 17. Section 14 of this act takes effect January 1, 2002, and applies to errors that occur on and after January 1, 2002.

NEW SECTION. Sec. 18. Sections 1 through 12 of this act apply for taxes levied in 2001 for collection in 2002 and thereafter."

SENATE AMENDMENTS TO HOUSE BILL

April 5, 2001

Mr. Speakers:

The Senate passed SUBSTITUTE HOUSE BILL NO. 1212, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 13.50.050 and 1999 c 198 s 4 are each amended to read as follows:

(1) This section governs records relating to the commission of juvenile offenses, including records relating to diversions.

(2) The official juvenile court file of any alleged or proven juvenile offender shall be open to public inspection, unless sealed pursuant to subsection (12) of this section.

(3) All records other than the official juvenile court file are confidential and may be released only as provided in this section, RCW 13.50.010, 13.40.215, and 4.24.550.

(4) Except as otherwise provided in this section and RCW 13.50.010, records retained or produced by any juvenile justice or care agency may be released to other participants in the juvenile justice or care system only when an investigation or case involving the juvenile in question is being pursued by the other participant or when that other participant is assigned the responsibility for supervising the juvenile.

(5) Except as provided in RCW 4.24.550, information not in an official juvenile court file concerning a juvenile or a juvenile's family may be released to the public only when that information could not reasonably be expected to identify the juvenile or the juvenile's family.

(6) Notwithstanding any other provision of this chapter, the release, to the juvenile or his or her attorney, of law enforcement and prosecuting attorneys' records pertaining to investigation, diversion, and prosecution of juvenile offenses shall be governed by the rules of discovery and other rules of law applicable in adult criminal investigations and prosecutions.

(7) Upon the decision to arrest or the arrest, law enforcement and prosecuting attorneys may cooperate with schools in releasing information to a school pertaining to the investigation, diversion, and prosecution of a juvenile attending the school. Upon the decision to arrest or the arrest, incident reports may be released unless releasing the records would jeopardize the investigation or prosecution or endanger witnesses. If release of incident reports would jeopardize the investigation or prosecution or endanger witnesses, law enforcement and prosecuting attorneys may release information to the maximum extent possible to assist schools in protecting other students, staff, and school property.

(8) The juvenile court and the prosecutor may set up and maintain a central record-keeping system which may receive information on all alleged juvenile offenders against whom a complaint has been filed pursuant to RCW 13.40.070 whether or not their cases are currently pending before the court. The central record-keeping system may be computerized. If a complaint has been referred to a diversion unit, the diversion unit shall promptly report to the juvenile court or the prosecuting attorney when the juvenile has agreed to diversion. An offense shall not be reported as criminal history in any central record-keeping system without notification by the diversion unit of the date on which the offender agreed to diversion.

(9) Upon request of the victim of a crime or the victim's immediate family, the identity of an alleged or proven juvenile offender alleged or found to have committed a crime against the victim and the identity of the alleged or proven juvenile offender's parent, guardian, or custodian and the circumstance of the alleged or proven crime shall be released to the victim of the crime or the victim's immediate family.
Subject to the rules of discovery applicable in adult criminal prosecutions, the juvenile offense records of an adult criminal defendant or witness in an adult criminal proceeding shall be released upon request to prosecution and defense counsel after a charge has actually been filed. The juvenile offense records of any adult convicted of a crime and placed under the supervision of the adult corrections system shall be released upon request to the adult corrections system.

In any case in which an information has been filed pursuant to RCW 13.40.100 or a complaint has been filed with the prosecutor and referred for diversion pursuant to RCW 13.40.070, the person the subject of the information or complaint may file a motion with the court to have the court vacate its order and findings, if any, and, subject to subsection (23) of this section, order the sealing of the official juvenile court file, the social file, and records of the court and of any other agency in the case.

The court shall grant the motion to seal records made pursuant to subsection (11) of this section if it finds that:

(a) For class B offenses other than sex offenses, since the last date of release from confinement, including full-time residential treatment, if any, or entry of disposition, the person has spent ten consecutive years in the community without committing any offense or crime that subsequently results in conviction. For class C offenses other than sex offenses, since the last date of release from confinement, including full-time residential treatment, if any, or entry of disposition, the person has spent five consecutive years in the community without committing any offense or crime that subsequently results in conviction. For misdemeanors, since the last date of release from confinement, including full-time residential treatment, if any, or entry of disposition, the person has spent two consecutive years in the community without committing any offense or crime that subsequently results in conviction and the person is at least eighteen years old. For gross misdemeanors, since the last date of release from confinement, including full-time residential treatment, if any, or entry of disposition, the person has spent three consecutive years in the community without committing any offense or crime that subsequently results in conviction and the person is at least eighteen years old;

(b) No proceeding is pending against the moving party seeking the conviction of a juvenile offense or a criminal offense;

(c) No proceeding is pending seeking the formation of a diversion agreement with that person;

(d) The person has not been convicted of a class A or sex offense; and

(e) Full restitution has been paid.

The person making a motion pursuant to subsection (11) of this section shall give reasonable notice of the motion to the prosecution and to any person or agency whose files are sought to be sealed.

If the court grants the motion to seal made pursuant to subsection (11) of this section, it shall, subject to subsection (23) of this section, order sealed the official juvenile court file, the social file, and other records relating to the case as are named in the order. Thereafter, the proceedings in the case shall be treated as if they never occurred, and the subject of the records may reply accordingly to any inquiry about the events, records of which are sealed. Any agency shall reply to any inquiry concerning confidential or sealed records that records are confidential, and no information can be given about the existence or nonexistence of records concerning an individual.

Inspection of the files and records included in the order to seal may thereafter be permitted only by order of the court upon motion made by the person who is the subject of the information or complaint, except as otherwise provided in RCW 13.50.010(8) and subsection (23) of this section.

Any adjudication of a juvenile offense or a crime subsequent to sealing has the effect of nullifying the sealing order. Any charging of an adult felony subsequent to the sealing has the effect of nullifying the sealing order for the purposes of chapter 9.94A RCW.

A person eighteen years of age or older whose criminal history consists of only one referral for diversion may request that the court order the records in that case destroyed. The request shall be granted, subject to subsection (23) of this section, if the court finds that two years have elapsed since completion of the diversion agreement.

If the court grants the motion to destroy records made pursuant to subsection (17) of this section, it shall, subject to subsection (23) of this section, order the official juvenile court file, the social file, and any other records named in the order to be destroyed.
(19) The person making the motion pursuant to subsection (17) of this section shall give reasonable notice of the motion to the prosecuting attorney and to any agency whose records are sought to be destroyed.

(20) Any juvenile to whom the provisions of this section may apply shall be given written notice of his or her rights under this section at the time of his or her disposition hearing or during the diversion process.

(21) Nothing in this section may be construed to prevent a crime victim or a member of the victim's family from divulging the identity of the alleged or proven juvenile offender or his or her family when necessary in a civil proceeding.

(22) Any juvenile justice or care agency may, subject to the limitations in subsection (23) of this section and (a) and (b) of this subsection, develop procedures for the routine destruction of records relating to juvenile offenses and diversions.

(a) Records may be routinely destroyed only when the person the subject of the information or complaint has attained twenty-three years of age or older, or is eighteen years of age or older and his or her criminal history consists entirely of one diversion agreement and two years have passed since completion of the agreement.

(b) The court may not routinely destroy the official juvenile court file or recordings or transcripts of any proceedings.

(23) No identifying information held by the Washington state patrol in accordance with chapter 43.43 RCW is subject to destruction or sealing under this section. For the purposes of this subsection, identifying information includes photographs, fingerprints, palmprints, soleprints, toeprints and any other data that identifies a person by physical characteristics, name, birthdate or address, but does not include information regarding criminal activity, arrest, charging, diversion, conviction or other information about a person's treatment by the criminal justice system or about the person's behavior.

(24) Information identifying child victims under age eighteen who are victims of sexual assaults by juvenile offenders is confidential and not subject to release to the press or public without the permission of the child victim or the child's legal guardian. Identifying information includes the child victim's name, addresses, location, photographs, and in cases in which the child victim is a relative of the alleged perpetrator, identification of the relationship between the child and the alleged perpetrator. Information identifying a child victim of sexual assault may be released to law enforcement, prosecutors, judges, defense attorneys, or private or governmental agencies that provide services to the child victim of sexual assault.

Mr. Speakers:

The Senate has passed ENGROSSED HOUSE BILL NO. 1347, with the following amendment:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Annuity issuer" means an insurer that has issued a contract to fund periodic payments under a structured settlement.

(2) "Dependent" means a payee's spouse and minor children and all other persons for whom the payee is legally obligated to provide support, including alimony.

(3) "Discounted present value" means the present value of future payments determined by discounting such payments to the present using the most recently published applicable federal rate for determining the present value of an annuity, as issued by the United States Internal Revenue Service.

(4) "Gross advance amount" means the sum payable to the payee or for the payee's account as consideration for a transfer of structured settlement payment rights before any reductions for transfer expenses or other deductions to be made from such consideration.

(5) "Independent professional advice" means advice of an attorney, certified public accountant, actuary, or other licensed professional adviser.

(6) "Interested parties" means, with respect to any structured settlement, the payee, any beneficiary irrevocably designated under the annuity contract to receive payments following the payee's death, the annuity issuer, the structured settlement obligor, and any other party that has continuing rights or obligations under such structured settlement.

(7) "Net advance amount" means the gross advance amount less the aggregate amount of the actual and estimated transfer expenses required to be disclosed under section 3(5) of this act.

(8) "Payee" means an individual who is receiving tax-free payments under a structured settlement and proposes to make a transfer of payment rights thereunder.

(9) "Periodic payments" means (a) recurring payments and (b) scheduled future lump sum payments.

(10) "Qualified assignment agreement" means an agreement providing for a qualified assignment within the meaning of section 130 of the United States Internal Revenue Code (26 U.S.C. Sec. 130), as amended.

structured settlement.

However, "transfer" does not mean the creation or perfection of a security interest in structured settlement payment rights under a blanket security agreement entered into with an insured depository institution, in the absence of any action to redirect the structured settlement payments to such insured depository institution, or an agent or successor in interest thereof, or otherwise to enforce such blanket security interest against the structured settlement payment rights.

NEW SECTION. Sec. 4. A direct or indirect transfer of structured settlement payment rights is not effective and a structured settlement obligor or annuity issuer is not required to make any payment directly or indirectly to any transferee of structured settlement payment rights unless the transfer has been approved in advance in a final court order or order of a responsible administrative authority based on express findings by such court or responsible administrative authority that:

(1) The transfer is in the best interest of the payee, taking into account the welfare and support of the payee's dependents;

(3) Neither the annuity issuer nor the structured settlement obligor may be required to divide any periodic payment between the payee and any transferee or assignee or between two, or more, transferees or assignees; and

(4) Any further transfer of structured settlement payment rights by the payee may be made only after compliance with all of the requirements of this chapter.

NEW SECTION. Sec. 6. (1) An application under this chapter for approval of a transfer of structured settlement payment rights shall be made by the transferee and may be brought in the county in which the payee resides, in the county in which the structured settlement obligor or the annuity issuer maintains its principal place of business, or in any court or before any responsible administrative authority which approved the structured settlement agreement.

Such a transfer agreement may not authorize the transferee or any other party to confess judgment or consent to entry of judgment against the payee.

(3) Transfer of structured settlement payment rights do not extend to any payments that are life contingent unless, prior to the date on which the payee signs the transfer agreement, the transferee has established and has agreed to maintain procedures reasonably satisfactory to the annuity issuer and the structured settlement obligor for (a) periodically confirming the payee's survival, and (b) giving the annuity issuer and the structured settlement obligor prompt written notice in the event of the payee's death.

(4) No payee who proposes to make a transfer of structured settlement payment rights may incur any penalty, forfeit any application fee or other payment, or otherwise incur any liability to the proposed transferee or any assignee based on any failure of such a transfer to satisfy the conditions of this chapter.

(6) Compliance with the requirements set forth in section 3 of this act and fulfillment of the conditions set forth in section 4 of this act is the sole responsibility of the transferee in any transfer of structured settlement payment rights, and neither the structured settlement obligor nor the annuity issuer bear any responsibility for, or any liability arising from, noncompliance with the requirements or failure to fulfill the conditions.

(2) The official juvenile court file of any alleged or proven juvenile offender shall be open to public inspection, unless sealed pursuant to subsection (12) of this section.

(3) All records other than the official juvenile court file are confidential and may be released only as provided in this section, RCW 13.50.010, 13.40.215, and 4.24.550.

(4) Except as otherwise provided in this section and RCW 13.50.010, records retained or produced by any juvenile justice or care agency may be released to other participants in the juvenile justice or care system only when an investigation or case involving the juvenile in question is being pursued by the other participant or when that other participant is assigned the responsibility for supervising the juvenile.

(5) Except as provided in RCW 4.24.550, information not in an official juvenile court file concerning a juvenile or a juvenile's family may be released to the public only when that information could not reasonably be expected to identify the juvenile or the juvenile's family.

(6) Notwithstanding any other provision of this chapter, the release, to the juvenile or his or her attorney, of law enforcement and prosecuting attorneys' records pertaining to investigation, diversion, and prosecution of juvenile offenses shall be governed by the rules of discovery and other rules of law applicable in adult criminal investigations and prosecutions.

(7) Upon the decision to arrest or the arrest, law enforcement and prosecuting attorneys may cooperate with schools in releasing information to a school pertaining to the investigation, diversion, and prosecution of a juvenile attending the school. Upon the decision to arrest or the arrest, incident reports may be released unless releasing the records would jeopardize the investigation or prosecution or endanger witnesses. If release of incident reports would jeopardize the investigation or prosecution or endanger witnesses, law enforcement and prosecuting attorneys may release information to the maximum extent possible to assist schools in protecting other students, staff, and school property.

(8) The juvenile court and the prosecutor may set up and maintain a central record-keeping system which may receive information on all alleged juvenile offenders against whom a complaint has been filed pursuant to RCW 13.40.070 whether or not their cases are currently pending before the court. The central record-keeping system may be computerized. If a complaint has been referred to a diversion unit, the diversion unit shall promptly report to the juvenile court or the prosecuting attorney when the juvenile has agreed to diversion. An offense shall not be reported as criminal history in any central record-keeping system without notification by the diversion unit of the date on which the offender agreed to diversion.

(9) Upon request of the victim of a crime or the victim's immediate family, the identity of an alleged or proven juvenile offender alleged or found to have committed a crime against the victim and the identity of the alleged or proven juvenile offender's parent, guardian, or custodian and the circumstance of the alleged or proven crime shall be released to the victim of the crime or the victim's immediate family.

(10) Subject to the rules of discovery applicable in adult criminal prosecutions, the juvenile offense records of an adult criminal defendant or witness in an adult criminal proceeding shall be released upon request to prosecution and defense counsel after a charge has actually been filed. The juvenile offense records of any adult convicted of a crime and placed under the supervision of the adult corrections system shall be released upon request to the adult corrections system.

(11) In any case in which an information has been filed pursuant to RCW 13.40.100 or a complaint has been filed with the prosecutor and referred for diversion pursuant to RCW 13.40.070, the person the subject of the information or complaint may file a motion with the court to have the court vacate its order and findings, if
any, and, subject to subsection (23) of this section, order the sealing of the official juvenile court file, the social
file, and records of the court and of any other agency in the case.

(12) The court shall grant the motion to seal records made pursuant to subsection (11) of this section if it
finds that:

(a) For class B offenses other than sex offenses, since the last date of release from confinement,
including full-time residential treatment, if any, or entry of disposition, the person has spent ten consecutive years
in the community without committing any offense or crime that subsequently results in conviction. For class C
offenses other than sex offenses, since the last date of release from confinement, including full-time residential
treatment, if any, or entry of disposition, the person has spent five consecutive years in the community without
committing any offense or crime that subsequently results in conviction. For diversions, since completion of the
diversion agreement, the person has spent two consecutive years in the community without committing any
offense or crime that subsequently results in conviction or diversion and the person is at least eighteen years old;

(b) No proceeding is pending against the moving party seeking the conviction of a juvenile offense or a
criminal offense;

(c) No proceeding is pending seeking the formation of a diversion agreement with that person;

(d) The person has not been convicted of a class A or sex offense; and

(e) Full restitution has been paid.

(13) The person making a motion pursuant to subsection (11) of this section shall give reasonable notice
of the motion to the prosecution and to any person or agency whose files are sought to be sealed.

(14) If the court grants the motion to seal made pursuant to subsection (11) of this section, it shall,
subject to subsection (23) of this section, order sealed the official juvenile court file, the social file, and other
records relating to the case as are named in the order. Thereafter, the proceedings in the case shall be treated as
if they never occurred, and the subject of the records may reply accordingly to any inquiry about the events,
records of which are sealed. Any agency shall reply to any inquiry concerning confidential or sealed records
that records are confidential, and no information can be given about the existence or nonexistence of records
concerning an individual.

(15) Inspection of the files and records included in the order to seal may thereafter be permitted only by
order of the court upon motion made by the person who is the subject of the information or complaint, except as
otherwise provided in RCW 13.50.010(8) and subsection (23) of this section.

(16) Any adjudication of a juvenile offense or a crime subsequent to sealing has the effect of nullifying
the sealing order. Any charging of an adult felony subsequent to the sealing has the effect of nullifying the
sealing order for the purposes of chapter 9.94A RCW.

(17)(a) A person eighteen years of age or older whose criminal history consists of only one referral for
diversion may request that the court order the records in that case destroyed. The request shall be granted,
subject to subsection (23) of this section, if the court finds that two years have elapsed since completion of the
diversion agreement.

(b) A person twenty-three years of age or older whose criminal history consists of only referrals for
diversion may request that the court order the records in those cases destroyed. The request shall be granted,
subject to subsection (23) of this section, if the court finds that all diversion agreements have been successfully
completed and no proceeding is pending against the person seeking the conviction of a criminal offense.

(18) If the court grants the motion to destroy records made pursuant to subsection (17) of this section, it
shall, subject to subsection (23) of this section, order the official juvenile court file, the social file, and any other
records named in the order to be destroyed.

(19) The person making the motion pursuant to subsection (17) of this section shall give reasonable
notice of the motion to the prosecuting attorney and to any agency whose records are sought to be destroyed.

(20) Any juvenile to whom the provisions of this section may apply shall be given written notice of his or
her rights under this section at the time of his or her disposition hearing or during the diversion process.

(21) Nothing in this section may be construed to prevent a crime victim or a member of the victim's
family from divulging the identity of the alleged or proven juvenile offender or his or her family when necessary
in a civil proceeding.

(22) Any juvenile justice or care agency may, subject to the limitations in subsection (23) of this section
and (a) and (b) of this subsection, develop procedures for the routine destruction of records relating to juvenile offenses and diversions.

(a) Records may be routinely destroyed only when the person the subject of the information or complaint has attained twenty-three years of age or older, or is eighteen years of age or older and his or her criminal history consists entirely of one diversion agreement and two years have passed since completion of the agreement.

(b) The court may not routinely destroy the official juvenile court file or recordings or transcripts of any proceedings.

(23) No identifying information held by the Washington state patrol in accordance with chapter 43.43 RCW is subject to destruction or sealing under this section. For the purposes of this subsection, identifying information includes photographs, fingerprints, palmprints, soleprints, toeprints and any other data that identifies a person by physical characteristics, name, birthdate or address, but does not include information regarding criminal activity, arrest, charging, diversion, conviction or other information about a person's treatment by the criminal justice system or about the person's behavior.

(24) Information identifying child victims under age eighteen who are victims of sexual assaults by juvenile offenders is confidential and not subject to release to the press or public without the permission of the child victim or the child's legal guardian. Identifying information includes the child victim's name, addresses, location, photographs, and in cases in which the child victim is a relative of the alleged perpetrator, identification of the relationship between the child and the alleged perpetrator. Information identifying a child victim of sexual assault may be released to law enforcement, prosecutors, judges, defense attorneys, or private or governmental agencies that provide services to the child victim of sexual assault.

Sec. 2. RCW 13.40.070 and 1997 c 338 s 17 are each amended to read as follows:

(1) Complaints referred to the juvenile court alleging the commission of an offense shall be referred directly to the prosecutor. The prosecutor, upon receipt of a complaint, shall screen the complaint to determine whether:

(a) The alleged facts bring the case within the jurisdiction of the court; and

(b) On a basis of available evidence there is probable cause to believe that the juvenile did commit the offense.

(2) If the identical alleged acts constitute an offense under both the law of this state and an ordinance of any city or county of this state, state law shall govern the prosecutor's screening and charging decision for both filed and diverted cases.

(3) If the requirements of subsections (1)(a) and (b) of this section are met, the prosecutor shall either file an information in juvenile court or divert the case, as set forth in subsections (5), (6), and (7) of this section. If the prosecutor finds that the requirements of subsection (1)(a) and (b) of this section are not met, the prosecutor shall maintain a record, for one year, of such decision and the reasons therefor. In lieu of filing an information or diverting an offense a prosecutor may file a motion to modify community supervision where such offense constitutes a violation of community supervision.

(4) An information shall be a plain, concise, and definite written statement of the essential facts constituting the offense charged. It shall be signed by the prosecuting attorney and conform to chapter 10.37 RCW.

(5) Where a case is legally sufficient, the prosecutor shall file an information with the juvenile court if:

(a) An alleged offender is accused of a class A felony, a class B felony, an attempt to commit a class B felony, a class C felony listed in RCW 9.94A.440(2) as a crime against persons or listed in RCW 9A.46.060 as a crime of harassment, or a class C felony that is a violation of RCW 9.41.080 or 9.41.040(1)(b)(iii); or

(b) An alleged offender is accused of a felony and has a criminal history of any felony, or at least two gross misdemeanors, or at least two misdemeanors; or

(c) An alleged offender has previously been committed to the department; or

(d) An alleged offender has been referred by a diversion unit for prosecution or desires prosecution instead of diversion; or

(e) An alleged offender has two or more diversion agreements on the alleged offender's criminal history; or
(f) A special allegation has been filed that the offender or an accomplice was armed with a firearm when the offense was committed.

(6) Where a case is legally sufficient the prosecutor shall divert the case if the alleged offense is a misdemeanor or gross misdemeanor or violation and the alleged offense is the offender's first offense or violation. If the alleged offender is charged with a related offense that must or may be filed under subsections (5) and (7) of this section, a case under this subsection may also be filed.

(7) Where a case is legally sufficient and falls into neither subsection (5) nor (6) of this section, it may be filed or diverted. In deciding whether to file or divert an offense under this section the prosecutor shall be guided only by the length, seriousness, and recency of the alleged offender's criminal history and the circumstances surrounding the commission of the alleged offense.

(8) Whenever a juvenile is placed in custody or, where not placed in custody, referred to a diversion interview, the parent or legal guardian of the juvenile shall be notified as soon as possible concerning the allegation made against the juvenile and the current status of the juvenile. Where a case involves victims of crimes against persons or victims whose property has not been recovered at the time a juvenile is referred to a diversion unit, the victim shall be notified of the referral and informed how to contact the unit.

(9) The responsibilities of the prosecutor under subsections (1) through (8) of this section may be performed by a juvenile court probation counselor or for any complaint referred to the court alleging the commission of an offense which would not be a felony if committed by an adult, if the prosecutor has given sufficient written notice to the juvenile court that the prosecutor will not review such complaints.

(10) The prosecutor, juvenile court probation counselor, or diversion unit may, in exercising their authority under this section or RCW 13.40.080, refer juveniles to mediation or victim offender reconciliation programs. Such mediation or victim offender reconciliation programs shall be voluntary for victims.

Sec. 3. RCW 13.40.127 and 1997 c 338 s 21 are each amended to read as follows:

(1) A juvenile is eligible for deferred disposition unless he or she:
   (a) Is charged with a sex or violent offense;
   (b) Has a criminal history which includes any felony;
   (c) Has a prior deferred disposition or deferred adjudication; or
   (d) Has two or more ((diversions)) adjudications.

(2) The juvenile court may, upon motion at least fourteen days before commencement of trial and, after consulting the juvenile's custodial parent or parents or guardian and with the consent of the juvenile, continue the case for disposition for a period not to exceed one year from the date the juvenile is found guilty. The court shall consider whether the offender and the community will benefit from a deferred disposition before deferring the disposition.

(3) Any juvenile who agrees to a deferral of disposition shall:
   (a) Stipulate to the admissibility of the facts contained in the written police report;
   (b) Acknowledge that the report will be entered and used to support a finding of guilt and to impose a disposition if the juvenile fails to comply with terms of supervision; and
   (c) Waive the following rights to: (i) A speedy disposition; and (ii) call and confront witnesses.

   The adjudicatory hearing shall be limited to a reading of the court's record.  
   (4) Following the stipulation, acknowledgment, waiver, and entry of a finding or plea of guilt, the court shall defer entry of an order of disposition of the juvenile.

(5) Any juvenile granted a deferral of disposition under this section shall be placed under community supervision. The court may impose any conditions of supervision that it deems appropriate including posting a probation bond. Payment of restitution under RCW 13.40.190 shall be a condition of community supervision under this section.

(6) A parent who signed for a probation bond has the right to notify the counselor if the juvenile fails to comply with the bond or conditions of supervision. The counselor shall notify the court and surety of any failure to comply. A surety shall notify the court of the juvenile's failure to comply with the probation bond. The state shall bear the burden to prove by a preponderance of the evidence, that the juvenile has failed to comply with the terms of community supervision.
(7) A juvenile's lack of compliance shall be determined by the judge upon written motion by the prosecutor or the juvenile's juvenile court community supervision counselor. If a juvenile fails to comply with terms of supervision, the court shall enter an order of disposition.

(8) At any time following deferral of disposition the court may, following a hearing, continue the case for an additional one-year period for good cause.

(9) At the conclusion of the period set forth in the order of deferral and upon a finding by the court of full compliance with conditions of supervision and payment of full restitution, the respondent's conviction shall be vacated and the court shall dismiss the case with prejudice."

The transportation improvement board and the county road administration board, in consultation with the association of Washington cities and the Washington association of counties, shall adopt reasonable rules and develop policies to implement this program.

NEW SECTION. Sec. 3. A new section is added to chapter 47.26 RCW to read as follows:
(1) After any properties or property rights are acquired through funds in the city and county advance right-of-way revolving fund, the acquiring city or county is responsible for the management of the properties in accordance with sound business practices and shall provide annual status reports to the board. Funds received by the city or county from the interim management of the properties must be deposited into the city and county advance right-of-way revolving fund.
(2) When the city or county proceeds with the construction of an arterial project that will require the use of any of the property so acquired, the city or county shall reimburse the city and county advance right-of-way revolving fund. Reimbursement must reflect the original cost of the acquired property or property rights required for the project plus an interest rate as determined annually by the board. The board shall report on the interest rate set to the transportation committees through its annual report.
(3) When the city or county determines that any properties or property rights acquired from funds in the city and county advance right-of-way revolving fund will not be required for an arterial construction project or the property has been held by the city or county for more than six years, the city or county shall either sell the property at fair market value or reimburse the fund at fair market value. All proceeds of the sale must be deposited in the city and county advance right-of-way revolving fund. At the board's discretion, a portion of savings on transportation improvement board projects realized through the use of the city and county advance revolving fund may be deposited back into the city and county advance right-of-way revolving fund.
(4) Deposits in the fund may be reexpended without further or additional appropriations.

Sec. 4. RCW 43.79A.040 and 2000 c 79 s 45 are each amended to read as follows:
(1) Money in the treasurer's trust fund may be deposited, invested, and reinvested by the state treasurer in accordance with RCW 43.84.080 in the same manner and to the same extent as if the money were in the state treasury.
(2) All income received from investment of the treasurer's trust fund shall be set aside in an account in the treasury trust fund to be known as the investment income account.
(3) The investment income account may be utilized for the payment of purchased banking services on behalf of treasurer's trust funds including, but not limited to, depository, safekeeping, and disbursement functions for the state treasurer or affected state agencies. The investment income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for payments to financial institutions. Payments shall occur prior to distribution of earnings set forth in subsection (4) of this section.
(4)(a) Monthly, the state treasurer shall distribute the earnings credited to the investment income account to the state general fund except under (b) and (c) of this subsection.
(b) The following accounts and funds shall receive their proportionate share of earnings based upon each account's or fund's average daily balance for the period: The Washington advanced college tuition payment program account, the agricultural local fund, the American Indian scholarship endowment fund, the basic health plan self-insurance reserve account, the Washington international exchange scholarship endowment fund, the developmental disabilities endowment trust fund, the energy account, the fair fund, the game farm alternative account, the grain inspection revolving fund, the juvenile accountability incentive account, the rural rehabilitation account, the stadium and exhibition center account, the youth athletic facility (grant) account, the self-insurance

(c) The following accounts and funds shall receive eighty percent of their proportionate share of earnings based upon each account's or fund's average daily balance for the period: The advanced right of way revolving fund, the advanced environmental mitigation revolving account, the city and county advance right-of-way revolving fund, the federal narcotics asset forfeitures account, the high occupancy vehicle account, the local rail service assistance account, and the miscellaneous transportation programs account.

(5) In conformance with Article II, section 37 of the state Constitution, no trust accounts or funds shall be allocated earnings without the specific affirmative directive of this section.

Sec. 5. RCW 47.44.010 and 1980 c 28 s 1 are each amended to read as follows:

(1) The department of transportation may grant franchises to persons, associations, private or municipal corporations, the United States government, or any agency thereof, to use any state highway for the construction and maintenance of water pipes, flume, gas, oil or coal pipes, telephone, telegraph and electric light and power lines and conduits, trams or railways, and any structures or facilities that are part of an urban public transportation system owned or operated by a municipal corporation, agency, or department of the state of Washington other than the department of transportation, and any other such facilities. In order to minimize the disruption to traffic and damage to the roadway, the department is encouraged to develop a joint trenching policy with other affected jurisdictions so that all permittees and franchisees requiring access to ground under the roadway may do so at one time.

(2) All applications for the franchise must be made in writing and subscribed by the applicant, and describe the state highway or portion thereof over which franchise is desired and the nature of the franchise. The application must also include the identification of all jurisdictions affected by the franchise and the names of other possible franchisees who should receive notice of the application for a franchise.

(3) The department of transportation shall adopt rules providing for a hearing or an opportunity for a hearing with reasonable public notice thereof with respect to any franchise application involving the construction and maintenance of utilities or other facilities within the highway right of way which the department determines may during construction, significantly disrupt the flow of traffic or use of driveways or other facilities within the right of way, or during or following construction, cause a significant and adverse effect upon the surrounding environment.

Sec. 6. RCW 47.44.020 and 1980 c 28 s 2 are each amended to read as follows:

(1) If the department of transportation deems it to be for the public interest, the franchise may be granted in whole or in part, with or without hearing under such regulations and conditions as the department may prescribe, with or without compensation, but not in excess of the reasonable cost for investigating, handling, and granting the franchise. The department may require that the utility and appurtenances be so placed on the highway that they will, in its opinion, least interfere with other uses of the highway.

(2) If a hearing is held, it must be conducted by the department, and may be adjourned from time to time until completed. The applicant may be required to produce all facts pertaining to the franchise, and evidence may be taken for and against granting it.

(3) The facility must be made subject to removal when necessary for the construction, alteration, repair, or improvement of the highway and at the expense of the franchise holder, except that the state shall pay the cost of the removal whenever the state is entitled to receive proportionate reimbursement therefor from the United States in the cases and in the manner set forth in RCW 47.44.030. Renewal upon expiration of a franchise must be by application.

(4) A person constructing or operating such a utility on a state highway is liable to any person injured thereby for any damages incident to the work of installation or the continuation of the occupancy of the highway by the utility, and except as provided above, is liable to the state for all necessary expenses incurred in restoring the highway to a permanent suitable condition for travel. A person constructing or operating such a utility on a
state highway is also liable to the state for all necessary expenses incurred in inspecting the construction and
restoring the pavement or other related transportation equipment or facilities to a permanent condition suitable
for travel and operation in accordance with requirements set by the department. Permit and franchise holders are
also financially responsible to the department for trenching work not completed within the contractual period and
for compensating for the loss of useful pavement life caused by trenching. No franchise may be granted for a
longer period than fifty years, and no exclusive franchise or privilege may be granted.

(5) The holder of a franchise granted under this section is financially responsible to the department for
trenching work not completed within the period of the permit and for compensating for the loss of useful
pavement life caused by trenching. In the case of common trenching operations, liability under this subsection
will be assessed equally between the franchisees. The assessed parties may thereafter pursue claims of
contribution or indemnity in accord with such fault as may be determined by arbitration or other legal action.

Sec. 7. RCW 47.44.050 and 1984 c 7 s 237 are each amended to read as follows:
(1) The department (is empowered to) may grant a permit to construct or maintain on, over, across, or
along any state highway any water, gas, telephone, telegraph, light, power, or other such facilities when they do
not extend along the state highway for a distance greater than three hundred feet. The department may require
such information as it deems necessary in the application for any such permit, and may grant or withhold the
permit within its discretion. Any permit granted may be canceled at any time, and any facilities remaining upon
the right of way of the state highway after thirty days written notice of the cancellation (are) are an
unlawful obstruction and may be removed in the manner provided by law.

(2) The holder of a permit granted under this section is financially responsible to the department for
trenching work not completed within the period of the permit and for compensating for the loss of useful
pavement life caused by trenching. In the case of common trenching operations, liability under this subsection
will be assessed equally between the permit holders. The assessed parties may thereafter pursue claims of
contribution or indemnity in accord with such fault as may be determined by arbitration or other legal action.

Sec. 8. RCW 47.24.020 and 1993 c 126 s 1 are each amended to read as follows:
The jurisdiction, control, and duty of the state and city or town with respect to such streets (shall be) is
as follows:
(1) The department has no authority to change or establish any grade of any such street without approval
of the governing body of such city or town, except with respect to limited access facilities established by the
commission;
(2) The city or town shall exercise full responsibility for and control over any such street beyond the
curbs and if no curb is installed, beyond that portion of the highway used for highway purposes. However,
within incorporated cities and towns the title to a state limited access highway vests in the state, and,
notwithstanding any other provision of this section, the department shall exercise full jurisdiction, responsibility,
and control to and over such facility as provided in chapter 47.52 RCW;
(3) The department has authority to prohibit the suspension of signs, banners, or decorations above the
portion of such street between the curbs or portion used for highway purposes up to a vertical height of twenty
feet above the surface of the roadway;
(4) The city or town shall at its own expense maintain all underground facilities in such streets, and has
the right to construct such additional underground facilities as may be necessary in such streets. However,
pavement trenching and restoration performed as part of installation of such facilities must meet or exceed
requirements established by the department;
(5) The city or town has the right to grant the privilege to open the surface of any such street, but all
damage occasioned thereby shall promptly be repaired either by the city or town itself or at its direction.
Pavement trenching and restoration performed under a privilege granted by the city under this subsection must
meet or exceed requirements established by the department;
(6) The city or town at its own expense shall provide street illumination and shall clean all such streets,
including storm sewer inlets and catch basins, and remove all snow, except that the state shall when necessary
plow the snow on the roadway. In cities and towns having a population of twenty-two thousand five hundred or
less according to the latest determination of population by the office of financial management, the state, when necessary for public safety, shall assume, at its expense, responsibility for the stability of the slopes of cuts and fills and the embankments within the right of way to protect the roadway itself. When the population of a city or town first exceeds twenty-two thousand five hundred according to the determination of population by the office of financial management, the city or town shall have three years from the date of the determination to plan for additional staffing, budgetary, and equipment requirements before being required to assume the responsibilities under this subsection. The state shall install, maintain, and operate all illuminating facilities on any limited access facility, together with its interchanges, located within the corporate limits of any city or town, and shall assume and pay the costs of all such installation, maintenance, and operation incurred after November 1, 1954;

(7) The department has the right to use all storm sewers on such highways without cost; and if new storm sewer facilities are necessary in construction of new streets by the department, the cost of the facilities shall be borne by the state and/or city as may be mutually agreed upon between the department and the governing body of the city or town;

(8) Cities and towns have exclusive right to grant franchises not in conflict with state laws and rules, over, beneath, and upon such streets, but the department is authorized to enforce in an action brought in the name of the state any condition of any franchise which a city or town has granted on such street. No franchise for transportation of passengers in motor vehicles may be granted on such streets without the approval of the department, but the department shall not refuse to approve such franchise unless another street conveniently located and of strength of construction to sustain travel of such vehicles is accessible;

(9) Every franchise or permit granted any person by a city or town for use of any portion of such street by a public utility (shall) must require the grantee or permittee to restore, repair, and replace (to its original condition) any portion of the street damaged or injured by it to conditions that meet or exceed requirements established by the department;

(10) The city or town has the right to issue overload or overwidth permits for vehicles to operate on such streets or roads subject to regulations printed and distributed to the cities and towns by the department;

(11) Cities and towns shall regulate and enforce all traffic and parking restrictions on such streets, but all regulations adopted by a city or town relating to speed, parking, and traffic control devices on such streets not identical to state law relating thereto are subject to the approval of the department before becoming effective. All regulations pertaining to speed, parking, and traffic control devices relating to such streets heretofore adopted by a city or town not identical with state laws shall become null and void unless approved by the department heretofore or within one year after March 21, 1963;

(12) The department shall erect, control, and maintain at state expense all route markers and directional signs, except street signs, on such streets;

(13) The department shall install, operate, maintain, and control at state expense all traffic control signals, signs, and traffic control devices for the purpose of regulating both pedestrian and motor vehicular traffic on, entering upon, or leaving state highways in cities and towns having a population of twenty-two thousand five hundred or less according to the latest determination of population by the office of financial management. Such cities and towns may submit to the department a plan for traffic control signals, signs, and traffic control devices desired by them, indicating the location, nature of installation, or type thereof, or a proposed amendment to such an existing plan or installation, and the department shall consult with the cities or towns concerning the plan before installing such signals, signs, or devices. Cities and towns having a population in excess of twenty-two thousand five hundred according to the latest determination of population by the office of financial management shall install, maintain, operate, and control such signals, signs, and devices at their own expense, subject to approval of the department for the installation and type only. (14) All revenue from parking meters placed on such streets belongs to the city or town;

(15) Rights of way for such streets shall be acquired by either the city or town or by the state as shall be
mutually agreed upon. Costs of acquiring rights of way may be at the sole expense of the state or at the expense of the city or town or at the expense of the state and the city or town as may be mutually agreed upon. Title to all such rights of way so acquired shall vest in the city or town: PROVIDED, That no vacation, sale, rental, or any other nontransportation use of any unused portion of any such street may be made by the city or town without the prior written approval of the department; and all revenue derived from sale, vacation, rental, or any nontransportation use of such rights of way shall be shared by the city or town and the state in the same proportion as the purchase costs were shared;

(16) If any city or town fails to perform any of its obligations as set forth in this section or in any cooperative agreement entered into with the department for the maintenance of a city or town street forming part of the route of a state highway, the department may notify the mayor of the city or town to perform the necessary maintenance within thirty days. If the city or town within the thirty days fails to perform the maintenance or fails to authorize the department to perform the maintenance as provided by RCW 47.24.050, the department may perform the maintenance, the cost of which is to be deducted from any sums in the motor vehicle fund credited or to be credited to the city or town.

(1) No person, other than a bona fide political party or a caucus political committee, may make contributions to a candidate for a state legislative office that in the aggregate exceed five hundred dollars or to a candidate for a state office other than a state legislative office that in the aggregate exceed one thousand dollars for each election in which the candidate is on the ballot or appears as a write-in candidate. Contributions made with respect to a primary may not be made after the date of the primary. However, contributions to a candidate or a candidate's authorized committee may be made with respect to a primary until thirty days after the primary, subject to the following limitations: (a) The candidate lost the primary; (b) the candidate's authorized committee has insufficient funds to pay debts outstanding as of the date of the primary; and (c) the contributions may only be raised and spent to satisfy the outstanding debt. Contributions made with respect to a general election may not be made after the final day of the applicable election cycle.

(2) No person, other than a bona fide political party or a caucus political committee, may make contributions to a state official against whom recall charges have been filed, or to a political committee having the expectation of making expenditures in support of the recall of the state official, during a recall campaign that in the aggregate exceed five hundred dollars if for a state legislative office or one thousand dollars if for a state office other than a state legislative office.

(3)(a) Notwithstanding subsection (1) of this section, no bona fide political party or caucus political committee may make contributions to a candidate during an election cycle that in the aggregate exceed (i) fifty cents multiplied by the number of eligible registered voters in the jurisdiction from which the candidate is elected if the contributor is a caucus political committee or the governing body of a state organization, or (ii) twenty-five cents multiplied by the number of registered voters in the jurisdiction from which the candidate is elected if the contributor is a county central committee or a legislative district committee.

(b) No candidate may accept contributions from a county central committee or a legislative district committee during an election cycle that when combined with contributions from other county central committees or legislative district committees would in the aggregate exceed twenty-five cents times the number of registered voters in the jurisdiction from which the candidate is elected.

(4)(a) Notwithstanding subsection (2) of this section, no bona fide political party or caucus political committee may make contributions to a state official against whom recall charges have been filed, or to a political committee having the expectation of making expenditures in support of the recall of the state official, during a recall campaign that in the aggregate exceed (i) fifty cents multiplied by the number of eligible registered voters in the jurisdiction entitled to recall the state official if the contributor is a caucus political committee or the governing body of a state organization, or (ii) twenty-five cents multiplied by the number of registered voters in the jurisdiction from which the candidate is elected if the contributor is a county central committee or a legislative district committee.

(b) No state official against whom recall charges have been filed, no authorized committee of the official, and no political committee having the expectation of making expenditures in support of the recall of a state official may accept contributions from a county central committee or a legislative district committee during an election cycle that when combined with contributions from other county central committees or legislative district committees would in the aggregate exceed twenty-five cents multiplied by the number of registered voters in the jurisdiction from which the candidate is elected.

(7) For the purposes of RCW 42.17.640 through 42.17.790, a contribution to the authorized political committee of a candidate, or of a state official against whom recall charges have been filed, is considered to be a contribution to the candidate or state official.

(8) A contribution received within the twelve-month period after a recall election concerning a state office is considered to be a contribution during that recall campaign if the contribution is used to pay a debt or obligation incurred to influence the outcome of that recall campaign.

(9) The contributions allowed by subsection (2) of this section are in addition to those allowed by subsection (1) of this section, and the contributions allowed by subsection (4) of this section are in addition to those allowed by subsection (3) of this section.

(10) RCW 42.17.640 through 42.17.790 apply to a special election conducted to fill a vacancy in a state office. However, the contributions made to a candidate or received by a candidate for a primary or special election conducted to fill such a vacancy shall not be counted toward any of the limitations that apply to the candidate or to contributions made to the candidate for any other primary or election.

SENATE AMENDMENTS TO HOUSE BILL

April 6, 2001

Mr. Speakers:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1835, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the creation of a forest products commission would assist in expanding the state's economy, because:

(1) Marketing is a dynamic and changing part of the Washington forest products industry and a vital element in expanding the state economy;

(2) The sale in the state and export to other states and abroad of forest products made in the state contribute substantial benefits to the economy of the state, provide a large number of jobs and sizeable tax revenues, and are key components of the health of many local communities because many secondary businesses are largely dependent on the health of the forest products industry; and

(3) Forest products are made from a renewable resource and are more environmentally sound than many alternative products.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Commission" means the forest products commission.

(2) "Department" means the department of agriculture.

(3) "Director" means the director of the department of agriculture or the director's authorized representative.

(4) "Forest products" or "timber" means trees of any species maintained for eventual harvest whether planted or of natural growth, standing or down, on privately or publicly owned land, and also includes wood products related thereto, but does not include Christmas trees or other trees on which the timber excise tax provided under chapter 84.33 RCW is not imposed.

(5) "Person" includes any individual, corporation, firm, partnership, trust, association, or any other organization of individuals.

(6) "Producer" means any person who harvests timber in Washington state and pays the timber excise tax imposed under chapter 84.33 RCW on at least two million board feet in a calendar year or in four consecutive calendar quarters."
NEW SECTION. Sec. 3. (1)(a) There is created a commodity commission to be known and designated as the Washington forest products commission. The commission is composed of nine voting members. The commission may, in its sole discretion, add or remove nonvoting ex officio members to the commission. Of the members, six shall be from western Washington, and three shall be from eastern Washington. After the initial election of commission members, however, if a position cannot be filled by a member from eastern Washington within sixty days from the date on which nominations may first be received because of a lack of candidates, the position may be filled by a member from western Washington. Under no circumstances will there be less than two board members from eastern Washington. If a position was filled by a member from western Washington because of a lack of candidates from eastern Washington, and districts are not used for the nomination and election of members, then a person from eastern Washington must fill the next available vacancy or open position at the next election to bring the number of representatives from eastern Washington up to three members. All members shall be elected by the entire group of producers unless the commission creates districts for the members as authorized in section 5 of this act. If districts are used for the nomination and election of commission members, and it does not appear that one of the positions from eastern Washington will be filled because of a lack of candidates, then a commission member who resides in western Washington must be elected by the entire group of producers as an at-large member. The position of the western Washington member who is elected as an at-large member shall be filled by a member from eastern Washington at the expiration of the term of the at-large member. If districts are not used for the nomination and election of members, the commission shall strive to achieve representation on the commission from the different geographic regions of the state.

(b) Of the six members from western Washington, three members must have annual harvests of more than seventy-five million board feet, and three members must have annual harvests between two million board feet and seventy-five million board feet.

(c) Of the two members from eastern Washington, one member must have an annual harvest greater than forty million board feet, and one member must have an annual harvest between two million board feet and forty million board feet. If there is a third member from eastern Washington, the only harvest requirement is that the member have an annual harvest of at least two million board feet.

(2) The members must be citizens and residents of this state, and over the age of twenty-one years. Each member must currently, and for the five years last preceding his or her election, be actually engaged in producing forest products within the state of Washington, either individually or as an officer of a corporation, firm, partnership, trust, association, or business organization at the level of production required to qualify as a producer. Each member must also derive a substantial amount of his or her income from the production of forest products. The qualifications set forth in this section apply throughout each member's term of office.

(3) No more than one member of the commission may be employed by, or connected in a proprietary capacity with, the same corporation, firm, partnership, trust, association, or business organization.

(4) Five voting members of the commission constitute a quorum for the transaction of all business and the carrying out of the duties of the commission.

(5) The regular term of office of the members is four years from November 1st following their election and until their successors are elected and qualified. However, the first terms of the members elected November 1, 2001, is as follows: Positions one, four, and seven terminate November 1, 2003; positions two, five, and eight terminate November 1, 2004; and positions three, six, and nine terminate November 1, 2005.

NEW SECTION. Sec. 4. (1) The director shall call the initial meeting of producers of forest products for the purpose of nominating their respective members of the commission. Public notice of the meeting shall be given by the director in the manner the director determines is appropriate. A producer may on his or her own motion file his or her name with the director for the purpose of receiving notice of the meeting. The nonreceipt of the notice by any interested person does not invalidate the proceedings.

(2) Prior to the nomination of commission members, the department of revenue shall provide the director with a list of all qualified producers within the state based upon tax records of the department.
(3) For the initial election of commission members, any qualified producer may be nominated orally for a commissioner position at the meeting convened by the director. Nominations may also be made within five days prior to the meeting by a written petition filed with the department, signed by at least five producers who reside in the state. If the director determines that one of the positions from eastern Washington will go unfilled because of a lack of candidates, the director shall announce that this position shall be filled by a member from western Washington. If the position designated for eastern Washington is filled by a member from western Washington because of a lack of candidates from eastern Washington, this position shall be designated as position number seven by the director for purposes of section 3(5) of this act. Under no circumstances will there be less than two board members from eastern Washington.

(4) The initial members of the commission shall be elected by secret mail ballot under the supervision of the director at the same time the referendum is submitted under section 12 of this act calling for the creation of the commission and the imposition of the initial assessment. If a nominee does not receive a majority of the votes on the first ballot, a run-off election shall be held by mail in a similar manner between the two candidates for the position receiving the largest number of votes.

NEW SECTION. Sec. 5. (1) After the initial election of commission members, the commission shall establish rules for electing commission members, including the method used for notification, nominating, and voting. The commission may create commission districts and boundaries, and may also establish a weighted voting procedure for election of commission members. The commission shall hold its annual meeting during the month of October each year for the purpose of nominating commission members and the transaction of other business. Public notice of the meeting shall be given by the commission in the manner it determines is appropriate. A producer may on his or her own motion file his or her name with the commission for the purpose of receiving notice of the meeting. The nonreceipt of the notice by any interested person does not invalidate the proceedings.

(2) Prior to the nomination of commission members, the department of revenue shall provide the commission with a list of all qualified producers within the state based upon tax records of the department.

NEW SECTION. Sec. 6. (1) In the event a position becomes vacant due to resignation, disqualification, death, or for any other reason, the position until the next annual meeting shall be filled by vote of the remaining members of the commission. At the annual meeting a commissioner shall be elected to fill the balance of the unexpired term.

(2) Each member of the commission shall be compensated in accordance with RCW 43.03.230 and shall be reimbursed for actual travel expenses incurred in carrying out the provisions of this chapter. Employees of the commission may also be reimbursed for actual travel expenses when on official commission business.

NEW SECTION. Sec. 7. Obligations incurred by the commission and liabilities or claims against the commission may be enforced only against the assets of the commission in the same manner as if it were a corporation and no liability for the debts or actions of the commission exists against either the state of Washington or any subdivision or instrumentality thereof or against any member, officer, employee, or agent of the commission in his or her individual capacity. The members of the commission, including employees of the commission, may not be held responsible individually or any way whatsoever to any person for errors in judgment, mistakes, or other acts, either of commission or omission, as principal, agent, person, or employees, except for their own individual acts of dishonesty or crime. A person or employee may not be held responsible individually for any act or omission of any other members of the commission.

NEW SECTION. Sec. 8. The powers and duties of the commission include:

(1) To elect a chairman and such officers as the commission deems advisable. The commission shall adopt rules for its own governance, which provide for the holding of an annual meeting for the election of officers and transaction of other business and for such other meetings as the commission may direct;

(2) To adopt any rules necessary to carry out the purposes of this chapter, in conformance with chapter 34.05 RCW;
(3) To administer and do all things reasonably necessary to carry out the purposes of this chapter;
(4) At the pleasure of the commission, to employ a treasurer who is responsible for all receipts and disbursements by the commission and the faithful discharge of whose duties shall be guaranteed by a bond at the sole expense of the commission;
(5) At the pleasure of the commission, to employ and discharge managers, secretaries, agents, attorneys, and employees and to engage the services of independent contractors as the commission deems necessary, to prescribe their duties, and to fix their compensation;
(6) To engage directly or indirectly in the promotion of Washington forest products and managed forests, and shall in the good faith judgment of the commission be in aid of the marketing, advertising, or sale of forest products, or of research related to such marketing, advertising, or sale of forest products, or of research related to managed forests;
(7) To enforce the provisions of this chapter, including investigating and prosecuting violations of this chapter;
(8) To acquire and transfer personal and real property, establish offices, incur expense, and enter into contracts. Contracts for creation and printing of promotional literature are not subject to chapter 43.78 RCW, but such contracts may be canceled by the commission unless performed under conditions of employment which substantially conform to the laws of this state and the rules of the department of labor and industries. The commission may create such debt and other liabilities as may be reasonable for proper discharge of its duties under this chapter;
(9) To maintain such account or accounts with one or more qualified public depositaries as the commission may direct, to cause moneys to be deposited therein, and to expend moneys for purposes authorized by this chapter by drafts made by the commission upon such institutions or by other means;
(10) To cause to be kept and annually closed, in accordance with generally accepted accounting principles, accurate records of all receipts, disbursements, and other financial transactions, available for audit by the state auditor;
(11) To create and maintain a list of producers and to disseminate information among and solicit the opinions of producers with respect to the discharge of the duties of the commission, directly or by arrangement with trade associations or other instrumentalities;
(12) To employ, designate as agent, act in concert with, and enter into contracts with any person, council, commission, or other entity for the purpose of promoting the general welfare of the forest products industry and particularly for the purpose of assisting in the sale and distribution of Washington forest products in domestic and foreign commerce, expending moneys as it may deem necessary or advisable for such purpose and for the purpose of paying its proportionate share of the cost of any program providing direct or indirect assistance to the sale and distribution of Washington forest products in domestic or foreign commerce, and employing and paying for vendors of professional services of all kinds;
(13) To sue and be sued as a commission, without individual liability for acts of the commission within the scope of the powers conferred upon it by this chapter;
(14) To propose assessment levels for producers subject to referendum approval under section 11 of this act; and
(15) To participate in federal and state agency hearings, meetings, and other proceedings relating to the regulation, production, manufacture, distribution, sale, or use of forest products.

NEW SECTION. Sec. 9. The commission shall create, provide for, and conduct a research, promotional, and educational campaign as sales and market conditions reasonably require. It shall investigate and ascertain the needs of producers, conditions of markets, and degree of public awareness of products, and take into account the information obtained in the discharge of its duties under this chapter.

NEW SECTION. Sec. 10. (1) The commission shall cause a list to be prepared of all Washington producers of forest products from any information available from the commission, producers' association, or producers, including tax records from the department of revenue. This list shall contain the names and addresses of all persons who produce forest products within this state, the amount of forest products produced during the
period designated by the commission, and the assessment amount for each member. The list is considered confidential and may be reviewed only by the employees of the commission, except for information that may be disclosed to the public and commission members under subsection (4) of this section. A qualified person may, at any time, have his or her name placed upon the list by delivering or mailing the information to the commission. This list shall be corrected and brought up to date in accordance with evidence and information available to the commission on or before December 31st of each year, or as soon thereafter as possible. For all purposes of giving notice and holding referendums, the list on hand, corrected up to the day next preceding the date for issuing notices or ballots as the case may be, is, for purposes of this chapter, the list of all producers entitled to notice or to assent or dissent or to vote.

(2) The commission shall develop a reporting system to document that the producers of forest products in this state are reporting quantities of forest products produced and subject to the assessment as provided in section 11 of this act.

(3) The department of revenue may charge the commission for the reasonable costs of providing reports of harvest activity on a quarterly basis.

(4) Any taxpayer information received by the commission from the department of revenue may only be used for the limited purposes of establishing lists of producers necessary to determine eligibility for voting, eligibility for serving as a commission member, the amount of assessments owed, or other necessary purposes as established by law. Any return or tax information received from the department of revenue may be reviewed only by the employees of the commission. Employees may disclose to the public and commission members a list of commission members, groupings of at least three commission members by the amount of forest products harvested over any time period designated by the commission of at least one quarter, and the members who are eligible for the various positions on the commission.

NEW SECTION. Sec. 11. (1) To provide for permanent funding of the forest products commission, an assessment shall be levied by the commission on producers of each species of forest products. The initial rate of assessment that shall be submitted for approval by referendum pursuant to section 12 of this act is fifty-seven cents per thousand board feet. The initial assessment is not effective until approved by a majority of producers as required by section 12 of this act.

(2) After the initial assessment rate is approved, the commission may adjust the amount of the assessment within a range of forty-five cents up to ninety cents per thousand board feet. The commission shall submit any proposed increase in the assessment to producers pursuant to the referendum process established in this section, and shall supply all known producers with a ballot for the referendum. The commission shall establish the assessment for the marketing year by January 1st of each year, or as soon thereafter as possible. Assessments may only be used for the purposes and objects of this chapter.

(3) The forest products commission may raise the assessment on forest products in excess of the fiscal growth factor under chapter 43.135 RCW. The assessment limits established by this section are solely to provide prior legislative authority for the purposes of RCW 43.135.055 and are not a limit on the authority of the forest products commission to alter assessments in any manner not limited by RCW 43.135.055. However, any alteration in assessments made under this section must be made with the procedural requirements established by this chapter for altering such assessments.

(4) The requirement for approval of an assessment is met if: (a) At least fifty-one percent by numbers of producers replying in the referendum vote affirmatively, and these producers represent at least sixty-one percent of the volume of the producers replying in the referendum; or (b) sixty-five percent by numbers of producers replying in the referendum vote affirmatively, and these producers represent at least fifty-one percent of the volume of the producers replying in the referendum. An assessment shall only be approved if at least forty percent of the eligible producers participate in the vote.

NEW SECTION. Sec. 12. (1) For purposes of determining producer participation in the commission, the initial election of commissioners, and for imposition of the original assessment specified in section 11 of this act, the director shall conduct a referendum among all producers of forest products within the state.

(2) The requirement for approval of the assessment and creation of the commission is met if: (a) At
least fifty-one percent by numbers of producers replying in the referendum vote affirmatively, and these producers represent at least sixty-one percent of the volume of the producers replying in the referendum; or (b) sixty-five percent by numbers of producers replying in the referendum vote affirmatively, and these producers represent at least fifty-one percent of the volume of the producers replying in the referendum. The referendum shall only be approved if at least forty percent of the eligible producers participate in the vote.

(3) If the director determines that the requisite approval has been given, the director shall declare the establishment of the commission and direct it to put into force the assessment authorized in section 11 of this act. If the director finds that the requisite approval has not been given, then this chapter is not operative.

NEW SECTION. Sec. 13. The commission shall deposit moneys collected under section 11 of this act in a separate account in the name of the commission in any bank that is a state depository. All expenditures and disbursements made from this account under this chapter may be made without the necessity of a specific legislative appropriation. RCW 43.01.050 does not apply to this account or to the moneys received, collected, or expended under this chapter.

NEW SECTION. Sec. 14. A due and payable assessment levied in the amount determined by the commission under section 11 of this act constitutes a personal debt of every person so assessed, or who otherwise owes the assessment, and the assessment is due and payable to the commission when payment is called for by the commission. If a person fails to pay the commission the full amount of the assessment by the date due, the commission may add to the unpaid assessment an amount not exceeding ten percent of the assessment to defray the cost of enforcing its collection. If the person fails to pay any due and payable assessment or other such sum, the commission may bring a civil action for collection against the person or persons in a court of competent jurisdiction. The action shall be tried and judgment rendered as in any other cause of action for a debt due and payable.

NEW SECTION. Sec. 15. All county and state law enforcement officers shall assist in the enforcement of this chapter.

NEW SECTION. Sec. 16. The superior courts are hereby vested with jurisdiction to enforce this chapter and the rules of the commission, and to prevent and restrain violations thereof.

NEW SECTION. Sec. 17. This chapter shall be liberally construed to effectuate its purposes.

Sec. 18. RCW 42.17.31907 and 1996 c 80 s 3 are each amended to read as follows:

The following agricultural business and commodity commission records are exempt from the disclosure requirements of this chapter:

(1) Production or sales records required to determine assessment levels and actual assessment payments to commodity commissions formed under chapters 15.24, 15.26, 15.28, 15.44, 15.65, 15.66, 15.74, 15.88, 15.-- (sections 1 through 17 and 22 of this act), and 16.67 RCW or required by the department of agriculture under RCW 15.13.310(4) or 15.49.370(6);

Sec. 19. RCW 43.135.055 and 1997 c 303 s 2 are each amended to read as follows:
(1) No fee may increase in any fiscal year by a percentage in excess of the fiscal growth factor for that
fiscal year without prior legislative approval.

(2) This section does not apply to an assessment made by an agricultural commodity commission or
board created by state statute or created under a marketing agreement or order under chapter 15.65 or 15.66
RCW, or to the forest products commission, if the assessment is approved by referendum in accordance with the
provisions of the statutes creating the commission or board or chapter 15.65 or 15.66 RCW for approving such
assessments.

NEW SECTION.  Sec. 20. A new section is added to chapter 82.32 RCW to read as follows:

(3) Watershed planning under this chapter may be initiated for a multi-WRIA area only with the concurrence of: (a) All counties within the multi-WRIA area; (b) the largest city or town in each WRIA unless the WRIA does not contain a city or town; and (c) the water supply utility obtaining the largest quantity of water in each WRIA.
