PRIOR ADJUDICATIONS

NOTE: References in the grid to days or weeks mean periods of confinement.

(1) The vertical axis of the grid is the current offense category. The current offense category is determined by the offense of adjudication.

(2) The horizontal axis of the grid is the number of prior adjudications included in the juvenile's criminal history. Each prior felony adjudication shall count as one point. Each prior violation, misdemeanor, and gross misdemeanor adjudication shall count as 1/4 point. Fractional points shall be rounded down.

(3) The standard range disposition for each offense is determined by the intersection of the column defined by the prior adjudications and the row defined by the current offense category.

(4) RCW 13.40.180 applies if the offender is being sentenced for more than one offense.

(5) A current offense that is a violation is equivalent to an offense category of E. However, a disposition for a violation shall not include confinement.

OPTION B

CHEMICAL DEPENDENCY DISPOSITION ALTERNATIVE

If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, the court may impose a disposition under RCW 13.40.160(4) and 13.40.165.

OPTION C

MANIFEST INJUSTICE

If the court determines that a disposition under option A or B would effectuate a manifest injustice, the court shall impose a disposition outside the standard range under RCW 13.40.160(2).
NEW SECTION. Sec. 4. The sentencing guidelines commission shall study the impact of the sentencing changes in this act upon the incidence of the crime of taking a motor vehicle without permission. By December 2004, the commission shall submit a report to the governor and the legislature. The report shall address:

1. Whether the creation of the crime of taking a motor vehicle without permission in the first degree and the increased penalties for that new crime have resulted in a reduction in the number of convictions for taking a motor vehicle without permission in the first or second degree; and

2. Whether there are other actions, either civil or criminal, that could have the effect of further decreasing the incidence of these crimes, including but not limited to: the revocation of driving privileges, double scoring of prior convictions, or increasing penalties for juveniles."

"Sec. 6. RCW 13.40.070 and 2001 c 175 s 2 are each amended to read as follows:

1. Complaints referred to the juvenile court alleging the commission of an offense shall be referred directly to the prosecutor. The prosecutor, upon receipt of a complaint, shall screen the complaint to determine whether:

(a) The alleged facts bring the case within the jurisdiction of the court; and

(b) On a basis of available evidence there is probable cause to believe that the juvenile did commit the offense.

2. If the identical alleged acts constitute an offense under both the law of this state and an ordinance of any city or county of this state, state law shall govern the prosecutor's screening and charging decision for both filed and diverted cases.

3. If the requirements of subsections (1)(a) and (b) of this section are met, the prosecutor shall either file an information in juvenile court or divert the case, as set forth in subsections (5), (6), and (7) of this section. If the prosecutor finds that the requirements of subsection (1)(a) and (b) of this section
are not met, the prosecutor shall maintain a record, for one year, of such decision and the reasons therefor. In lieu of filing an information or diverting an offense a prosecutor may file a motion to modify community supervision where such offense constitutes a violation of community supervision.

(4) An information shall be a plain, concise, and definite written statement of the essential facts constituting the offense charged. It shall be signed by the prosecuting attorney and conform to chapter 10.37 RCW.

(5) Where a case is legally sufficient, the prosecutor shall file an information with the juvenile court if:
(a) An alleged offender is accused of a class A felony, a class B felony, an attempt to commit a class B felony, a class C felony listed in RCW 9.94A.411(2) as a crime against persons or listed in RCW 9A.46.060 as a crime of harassment,((e)) a class C felony that is a violation of RCW 9.41.080 or 9.41.040(1)(b)(iii), or a class C felony that is a violation of RCW 9A.56.070; or
(b) An alleged offender is accused of a felony and has a criminal history of any felony, or at least two gross misdemeanors, or at least two misdemeanors; or
(c) An alleged offender has previously been committed to the department; or
(d) An alleged offender has been referred by a diversion unit for prosecution or desires prosecution instead of diversion; or
(e) An alleged offender has two or more diversion agreements on the alleged offender's criminal history; or
(f) A special allegation has been filed that the offender or an accomplice was armed with a firearm when the offense was committed.

(6) Where a case is legally sufficient the prosecutor shall divert the case if the alleged offense is a misdemeanor or gross misdemeanor or violation and the alleged offense is the offender's first offense or violation. If the alleged offender is charged with a related offense that must or may be filed under subsections (5) and (7) of this section, a case under this subsection may also be filed.

(7) Where a case is legally sufficient and falls into neither subsection (5) nor (6) of this section, it may be filed or diverted. In deciding whether to file or divert an offense under this section the prosecutor shall be guided only by the length, seriousness, and recency of the alleged offender's criminal history and the circumstances surrounding the commission of the alleged offense.

(8) Whenever a juvenile is placed in custody or, where not placed in custody, referred to a diversion interview, the parent or legal guardian of the juvenile shall be notified as soon as possible concerning the allegation made against the juvenile and the current status of the juvenile. Where a case involves victims of crimes against persons or victims whose property has not been recovered at the time a juvenile is referred to a diversion unit, the victim shall be notified of the referral and informed how to contact the unit.

(9) The responsibilities of the prosecutor under subsections (1) through (8) of this section may be performed by a juvenile court probation counselor for any complaint referred to the court alleging the commission of an offense which would not be a felony if committed by an adult, if the prosecutor has given sufficient written notice to the juvenile court that the prosecutor will not review such complaints.

(10) The prosecutor, juvenile court probation counselor, or diversion unit may, in exercising their authority under this section or RCW 13.40.080, refer juveniles to mediation or victim offender reconciliation programs. Such mediation or victim offender reconciliation programs shall be voluntary for victims.

All electrical contractor licenses expire twenty-four calendar months following the day of their issue. The department may issue an electrical contractors license for a period of less than twenty-four months only for the purpose of equalizing the number of electrical contractor licenses that expire each month. Application for an
electrical contractor license shall be made in writing to the department, accompanied by the required fee. The application shall state:

(a) The name and address of the applicant; in case of firms or partnerships, the names of the individuals composing the firm or partnership; in case of corporations, the names of the managing officials thereof;

(d) Evidence of workers’ compensation coverage for the applicant’s employees working in Washington, as follows:

(i) The applicant’s industrial insurance account number issued by the department;

(ii) The applicant’s self-insurer number issued by the department; or

(iii) For applicants domiciled in a state or province of Canada subject to an agreement entered into under RCW 51.12.120(7), as permitted by the agreement, filing a certificate of coverage issued by the agency that administers the workers’ compensation law in the applicant’s state or province of domicile certifying that the applicant has secured the payment of compensation under the other state’s or province’s workers’ compensation law;

(e) Employment security department number;

(f) State excise tax registration number;

(g) Unified business identifier (UBI) account number may be substituted for the information required by (d) of this subsection if the applicant will not employ employees in Washington, and by (e) and (f) of this subsection; and

(h) Whether a general or specialty electrical contractor license is sought and, if the latter, the type of specialty. Electrical contractor specialties include, but are not limited to: Residential, ((domestic appliances,)) pump and irrigation, limited energy system, signs, nonresidential maintenance, restricted nonresidential maintenance, appliance repair, and a combination specialty. A general electrical contractor license shall grant to the holder the right to engage in, conduct, or carry on the business of installing or maintaining wires or equipment to carry electric current, and installing or maintaining equipment, or installing or maintaining material to fasten or insulate such wires or equipment to be operated by electric current, in the state of Washington. A specialty electrical contractor license shall grant to the holder a limited right to engage in, conduct, or carry on the business of installing or maintaining wires or equipment to carry electrical current, and installing or maintaining equipment; or installing or maintaining material to fasten or insulate such wires or equipment to be operated by electric current in the state of Washington as expressly allowed by the license.

(2) The department may verify the workers’ compensation coverage information provided by the applicant under subsection (1)(d) of this section, including but not limited to information regarding the coverage of an individual employee of the applicant. If coverage is provided under the laws of another state, the department may notify the other state that the applicant is employing employees in Washington.

(3) The application for ((a)) an electrical contractor license shall be accompanied by a bond in the sum of four thousand dollars with the state of Washington named as obligee in the bond, with good and sufficient surety, to be approved by the department. The bond shall at all times be kept in full force and effect, and any cancellation or revocation thereof, or withdrawal of the surety therefrom, suspends the license issued to the principal until a new bond has been filed and approved as provided in this section. Upon approval of a bond, the department shall on the next business day deposit the fee accompanying the application in the electrical license fund and shall file the bond in the office. The department shall upon request furnish to any person, firm, partnership, corporation, or other entity a certified copy of the bond upon the payment of a fee that the department shall set by rule. The fee shall cover but not exceed the cost of furnishing the certified copy. The bond shall be conditioned that in any installation or maintenance of wires or equipment to convey electrical current, and equipment to be operated by electrical current, the principal will comply with the provisions of this chapter and with any electrical ordinance, building code, or regulation of a city or town adopted pursuant to RCW 19.28.010(3) that is in effect at the time of entering into a contract. The bond shall be conditioned
further that the principal will pay for all labor, including employee benefits, and material furnished or used upon the work, taxes and contributions to the state of Washington, and all damages that may be sustained by any person, firm, partnership, corporation, or other entity due to a failure of the principal to make the installation or maintenance in accordance with this chapter or any applicable ordinance, building code, or regulation of a city or town adopted pursuant to RCW 19.28.010(3). In lieu of the surety bond required by this section the license applicant may file with the department a cash deposit or other negotiable security acceptable to the department. If the license applicant has filed a cash deposit, the department shall deposit the funds in a special trust savings account in a commercial bank, mutual savings bank, or savings and loan association and shall pay annually to the depositor the interest derived from the account.

(4) The department shall issue general or specialty electrical contractor licenses to applicants meeting all of the requirements of this chapter. The provisions of this chapter relating to the licensing of any person, firm, partnership, corporation, or other entity including the requirement of a bond with the state of Washington named as obligee therein and the collection of a fee therefor, are exclusive, and no political subdivision of the state of Washington may require or issue any licenses or bonds or charge any fee for the same or a similar purpose. No person, firm, partnership, corporation, or other entity holding more than one specialty contractor license under this chapter may be required to pay an annual fee for more than one such license or to post more than one four thousand dollar bond, equivalent cash deposit, or other negotiable security.

(5) To obtain a general or specialty electrical contractor license the applicant must designate an individual who currently possesses ((an)) a valid master journeyman electrician’s certificate of competency. master specialty electrician’s certificate of competency in the specialty for which application has been made, or administrator’s certificate as a general electrical contractor administrator or as a specialty electrical contractor administrator in the specialty for which application has been made.

(6) Administrator certificate specialties include but are not limited to: Residential, ((domestic, appliance.)) pump and irrigation, limited energy system, signs, nonresidential maintenance, restricted nonresidential maintenance, appliance repair, and combination specialty. To obtain an administrator’s certificate an individual must pass an examination as set forth in RCW 19.28.051 unless the applicant was a licensed electrical contractor at any time during 1974. Applicants who were electrical contractors licensed by the state of Washington at any time during 1974 are entitled to receive a general electrical contractor administrator’s certificate without examination if the applicants apply prior to January 1, 1984. The board of electrical examiners shall certify to the department the names of all persons who are entitled to either a general or specialty electrical contractor administrator’s certificate.

Sec. 3. RCW 19.28.061 and 1996 c 241 s 3 are each amended to read as follows:

(1) Each applicant for an electrical contractor’s license, other than an individual, shall designate a supervisory employee or member of the firm to take the required master electrician’s or administrator’s examination. Effective July 1, 1987, a supervisory employee designated as the electrical contractor’s master electrician or administrator shall be a full-time supervisory employee. This person shall be designated as master electrician or administrator under the license. No person may concurrently qualify as master electrician or administrator for more than one contractor. If the relationship of the master electrician or administrator with the electrical contractor is terminated, the contractor’s license is void within ninety days unless another master electrician or administrator is qualified by the board. However, if the master electrician or administrator dies or is otherwise incapacitated, the contractor’s license is void within one hundred eighty days unless another master electrician or administrator is qualified by the board. ((A certificate issued under this section is valid for two years from the nearest birthdate of the administrator, unless revoked or suspended, and further is nontransferable.)) The contractor must notify the department in writing within ten days if the master electrician’s or administrator’s relationship with the contractor terminates due to the master electrician’s or administrator’s death or incapacitation.

(2) The department must issue an administrator’s certificate to all applicants who have passed the examination as provided in RCW 19.28.051 and this section, and who have complied with the rules adopted under this chapter. The administrator’s certificate must bear the date of issuance, expires on
the holder’s birthday, and is nontransferable. The certificate must be renewed every three years, upon
application, on or before the holder’s birthday.

(a) If the certificate holder demonstrates to the department that he or she has satisfactorily
completed an annual eight-hour continuing education course, the certificate may be renewed by
appropriate application without examination unless the certificate has been revoked, suspended, or not
renewed within ninety days after the expiration date.

(b) The contents and requirements for satisfactory completion of the continuing education
course must be determined by the director and approved by the board.

(c) The department must accept proof of a certificate holder’s satisfactory completion of a
continuing education course offered in another state as meeting the requirements for maintaining a
current Washington state certificate if the department is satisfied the course is comparable in nature to
that required in Washington state for maintaining a current certificate.

(3) A fee must be assessed for each administrator’s certificate and for each renewal. An
individual holding more than one administrator’s certificate under this chapter is not required to pay
fees for more than one certificate. The department must set the fees by rule for issuance and renewal
of a certificate. The fees must cover, but not exceed, the costs of issuing the certificates and of
administering and enforcing the administrator certification requirements of this chapter.

(4) The department may deny an application for an administrator’s certificate for up to two
years if the applicant’s previous administrator’s certificate has been revoked for a serious violation and
all appeals concerning the revocation have been exhausted. For the purposes of this section only, a
serious violation is a violation that presents imminent danger to the public. The certificate may be
renewed for a (two-year) three-year period without examination by appropriate application unless the
certificate has been revoked, suspended, or not renewed within ninety days after the expiration date. If
the certificate is not renewed before the expiration date, the individual shall pay twice the usual fee.

(An individual holding more than one administrator’s certificate under this chapter shall not be
required to pay annual fees for more than one certificate.) A person may take the administrator’s
(examining) examination as many times as necessary to pass without limit.

(5) The designated master electrician or administrator shall:

(a) Be a member of the firm or a supervisory employee and shall be available during working
hours to carry out the duties of an administrator under this section;

(b) Ensure that all electrical work complies with the electrical installation laws and rules of the
state;

(c) Ensure that the proper electrical safety procedures are used;

(d) Ensure that all electrical labels, permits, and licenses required to perform electrical work
are used;

(e) See that corrective notices issued by an inspecting authority are complied with; and

(f) Notify the department in writing within ten days if the master electrician or administrator
terminates the relationship with the electrical contractor.

(6) The department shall not by rule change the administrator’s duties under subsection ((2))
(5) of this section.

Sec. 4. RCW 19.28.161 and 1997 c 309 s 1 are each amended to read as follows:

(1) No person may engage in the electrical construction trade without having a (current) valid
master journeyman electrician certificate of competency, journeyman electrician certificate of
competency, master specialty electrician certificate of competency, or (a current) specialty electrician
certificate of competency issued by the department in accordance with this chapter. Electrician
certificate of competency specialties include, but are not limited to: Residential, (domestic
appliances,) pump and irrigation, limited energy system, signs, (and) nonresidential maintenance,
restricted nonresidential maintenance, and appliance repair.

(2) A person who is indentured in an apprenticeship program approved under chapter 49.04
RCW for the electrical construction trade or who is learning the electrical construction trade may work
in the electrical construction trade if supervised by a certified master journeyman electrician,
journeyman electrician, master specialty electrician in that electrician’s specialty, or (a certified)

A fee shall be assessed for each certificate and for each annual renewal.

(2) If the certificate holder demonstrates to the department that he or she has satisfactorily completed an annual eight-hour continuing education course, the certificate may be renewed without examination by appropriate application unless the certificate has been revoked, suspended, or not renewed within ninety days after the expiration date.

(a) The contents and requirements for satisfactory completion of the continuing education course shall be determined by the director and approved by the board.

(b) The department shall accept proof of a certificate holder’s satisfactory completion of a continuing education course offered in another state as meeting the requirements for maintaining a current Washington state certificate of competency if the department is satisfied the course is comparable in nature to that required in Washington state for maintaining a current certificate of competency.

(3) If the certificate is not renewed before the expiration date, the individual shall pay twice the usual fee. The department shall set the fees by rule for issuance and renewal of a certificate of competency. The fees shall cover but not exceed the costs of issuing the certificates and of administering and enforcing the electrician certification requirements of this chapter.

(4) The certificates of competency and temporary permits provided for in this chapter grant the holder the right to work in the electrical construction trade as a master electrician, journeyman electrician, or specialty electrician in accordance with their provisions throughout the state and within any of its political subdivisions without additional proof of competency or any other license, permit, or fee to engage in such work.

Sec. 8. RCW 19.28.241 and 2001 c 211 s 17 are each amended to read as follows:

(d) The holder thereof has committed a serious violation of this chapter or any rule adopted under this chapter. A serious violation is a violation that presents imminent danger to the public.

(2) The department may deny an application for a certificate of competency for up to two years if the applicant’s previous certificate of competency has been revoked.

(3) Before any certificate of competency shall be revoked, the holder shall be given written notice of the department’s intention to do so, mailed by registered mail, return receipt requested, to the holder’s last known address. The notice shall enumerate the allegations against the holder, and shall give the holder the opportunity to request a hearing before the board. At the hearing, the department and the holder may produce witnesses and give testimony. The hearing shall be conducted in accordance with chapter 34.05 RCW. The board shall render its decision based upon the testimony and evidence presented, and shall notify the parties immediately upon reaching its decision. A majority of the board shall be necessary to render a decision.

(4) The department shall immediately suspend the license or certificate of a person who has been certified pursuant to RCW 74.20A.320 by the department of social and health services as a person who is not in compliance with a support order. SENATE AMENDMENTS TO HOUSE BILL

March 5, 2002

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1397, with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that relatives increasingly are assuming the responsibility for raising the children of their loved ones. The parents of these children are unable to fulfill this responsibility themselves because of various and complex reasons.

The legislature recognizes that these kinship caregivers perform a vital function in our society by providing homes for children who would otherwise be at risk of foster care placement. These homes offer stability to children in crisis and enhance family reunification. Outcome data shows that children in the care of relatives are less likely to enter state custody, and most of these arrangements do not require intensive supervision of the placement by the courts or by the department of social and health services. The legislature recognizes that kinship care is a legitimate and important component in the spectrum of out-of-home placements available to children in need.

The legislature recognizes that these kinship caregivers face many difficulties and need assistance to support the health and well-being of the children they care for. These needs include, but are not limited to, legal assistance, respite care services, financial assistance, counseling, and other supportive services.

NEW SECTION. Sec. 2. (1) Within existing resources, the department of social and health services shall convene a kinship caregivers working group subsequent to the release in June 2002 of the kinship caregivers study being conducted by the Washington state institute for public policy. The working group shall comprise:

(a) The children's administration;
(b) The aging and adult services administration;
(c) The economic services administration;
(d) Kinship caregivers; and
(e) Other stakeholders, such as the grandparents' coalition.

(2) The kinship caregivers working group shall:
(a) Review the Washington state institute for public policy kinship caregivers study;
(b) Develop a briefing for the legislature that identifies and prioritizes:
(i) The policy issues to be considered in making kinship care a robust component of the out-of-home placements spectrum including consideration of a financial means test;
(ii) The federal and state statutes associated with these policy issues; and
(iii) Options for addressing these policy issues; and
(c) Submit the briefing to the appropriate committees in the senate and house of representatives by November 1, 2002."

On page 1, line 1 of the title, after "relatives;" strike the remainder of the title and insert "and creating new sections."

and the same is herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

March 6, 2002

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1444, with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature declares that a safe and civil environment in school is necessary for students to learn and achieve high academic standards. The legislature finds that harassment, intimidation, or bullying, like other disruptive or violent behavior, is conduct that disrupts both a student’s ability to learn and a school’s ability to educate its students in a safe environment.

Furthermore, the legislature finds that students learn by example. The legislature commends school administrators, faculty, staff, and volunteers for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.

NEW SECTION. Sec. 2. (1) By August 1, 2003, each school district shall adopt or amend if necessary a policy, within the scope of its authority, that prohibits the harassment, intimidation, or bullying of any student. It is the responsibility of each school district to share this policy with parents or guardians, students, volunteers, and school employees.
(2) "Harassment, intimidation, or bullying" means any intentional written, verbal, or physical act, including but not limited to one shown to be motivated by any characteristic in RCW 9A.36.080(3), or other distinguishing characteristics, when the intentional written, verbal, or physical act:

(a) Physically harms a student or damages the student’s property; or
(b) Has the effect of substantially interfering with a student’s education; or
(c) Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or
(d) Has the effect of substantially disrupting the orderly operation of the school.

Nothing in this section requires the affected student to actually possess a characteristic that is a basis for the harassment, intimidation, or bullying.

(3) The policy should be adopted or amended through a process that includes representation of parents or guardians, school employees, volunteers, students, administrators, and community representatives. It is recommended that each such policy emphasize positive character traits and values, including the importance of civil and respectful speech and conduct, and the responsibility of students to comply with the district’s policy prohibiting harassment, intimidation, or bullying.

(4) By August 1, 2002, the superintendent of public instruction, in consultation with representatives of parents, school personnel, and other interested parties, shall provide to school districts and educational service districts a model harassment, intimidation, and bullying prevention policy and training materials on the components that should be included in any district policy. Training materials shall be disseminated in a variety of ways, including workshops and other staff developmental activities, and through the office of the superintendent of public instruction’s web site, with a link to the safety center web page. On the web site:

(a) The office of the superintendent of public instruction shall post its model policy, recommended training materials, and instructional materials;
(b) The office of the superintendent of public instruction has the authority to update with new technologies access to this information in the safety center, to the extent resources are made available; and
(c) Individual school districts shall have direct access to the safety center web site to post a brief summary of their policies, programs, partnerships, vendors, and instructional and training materials, and to provide a link to the school district’s web site for further information.

NEW SECTION.  Sec. 3. A new section is added to chapter 28A.320 RCW to read as follows:

Beginning with the 2002-03 school year, each school district shall report to the superintendent of public instruction by January 31st of each year all incidents resulting in disciplinary action involving harassment, intimidation, or bullying on school premises or on transportation systems used by schools, in the year preceding the report. The superintendent shall compile the data and report it to the appropriate committees of the house of representatives and the senate.

NEW SECTION.  Sec. 4. A new section is added to chapter 28A.600 RCW to read as follows:

(1) No school employee, student, or volunteer may engage in reprisal, retaliation, or false accusation against a victim, witness, or one with reliable information about an act of harassment, intimidation, or bullying.
(2) A school employee, student, or volunteer who has witnessed, or has reliable information that a student has been subjected to, harassment, intimidation, or bullying, whether verbal or physical, is encouraged to report such incident to an appropriate school official.
(3) A school employee, student, or volunteer who promptly reports an incident of harassment, intimidation, or bullying to an appropriate school official, and who makes this report in compliance with the procedures in the district’s policy prohibiting bullying, harassment, or intimidation, is immune from a cause of action for damages arising from any failure to remedy the reported incident.

On page 1, line 2 of the title, after "schools;" strike the remainder of the title and insert "adding a new section to chapter 28A.320 RCW; adding a new section to chapter 28A.600 RCW; and creating new sections."
and the same is herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

March 5, 2002

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1856, with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 28A.225 RCW to read as follows:

The legislature finds that state-recognized search and rescue activities, as defined in chapter 38.52 RCW and the rules interpreting the chapter, are recognized as activities deserving of excuse from school. Therefore, the legislature strongly encourages that excused absences be granted to students for up to five days each year to participate in search and rescue activities, subject to approval by the student's parent and the principal of the student's school, and provided that the activities do not cause a serious adverse effect upon the student's educational progress."

On page 1, line 2 of the title, after "activities;" strike the remainder of the title and insert "and adding a new section to chapter 28A.225 RCW."

SENATE AMENDMENTS TO HOUSE BILL

March 2, 2002

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2160, with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 48.38.020 and 1998 c 284 s 2 are each amended to read as follows:

(1) Upon granting to such insurer or institution under RCW 48.38.010 a certificate of exemption to conduct a charitable gift annuity business, the insurance commissioner shall require it to establish and maintain a separate reserve fund adequate to meet the future payments under its charitable gift annuity contracts.

(2) The assets of the separate reserve fund:

(a) Shall be held legally and physically segregated from the other assets of the certificate of exemption holder;

(b) Shall be invested in the same manner that persons of reasonable prudence, discretion, and intelligence exercise in the management of a like enterprise, not in regard to speculating but in regard to the permanent disposition of their funds, considering the probable income as well as the probable safety of their capital. Investments shall be of sufficient value, liquidity, and diversity to assure the insurer or institution’s ability to meet its outstanding obligations; and

(c) Shall not be liable for any debts of the insurer or institution holding a certificate of exemption under this chapter, other than those incurred pursuant to the issuance of charitable gift annuities.

(3) The amount of the separate reserve fund shall be:

(a) For contracts issued prior to July 1, 1998, not less than an amount computed in accordance with the standard of valuation based on the 1971 individual annuity mortality table with six percent interest for single premium immediate annuity contracts and four percent interest for all other individual annuity contracts;

(b) For contracts issued on or after July 1, 1998, in an amount not less than the aggregate reserves calculated according to the standards set forth in RCW 48.74.030 for other annuities with no cash settlement options;

(c) Plus a surplus of ten percent of the combined amounts under (a) and (b) of this subsection.

(4) The general assets of the insurer or institution holding a certificate of exemption under this chapter shall be liable for the payment of annuities to the extent that the separate reserve fund is inadequate.

(5) For any failure on its part to establish and maintain the separate reserve fund, the insurance commissioner shall revoke its certificate of exemption."
If an institution holding a certificate of exemption under RCW 48.38.010 has purchased a single premium life annuity that pays the entire amount stipulated in the gift annuity agreement or agreements from an insurer (a) holding a certificate of authority under chapter 48.05 RCW, (b) licensed in the state in which the institution has its principle office, and (c) licensed in the state in which the single premium life annuity is issued, then in determining the minimum reserve fund that must be maintained under this section, a deduction shall be allowed from the minimum reserve fund in an amount not exceeding the reserve fund amount required for the annuity or annuities for which the single premium life annuity is purchased, subject to the following conditions:

(i) The institution has filed with the commissioner a copy of the single premium life annuity purchased and specifying which charitable gift annuity or annuities are being insured; and

(ii) The institution has entered into a written agreement with the annuitant and the insurer issuing the single premium life annuity providing that if for any reason the institution is unable to continue making the annuity payments required by its annuity agreements, the annuitants shall receive payments directly from the insurer and the insurer shall be credited with all of these direct payments in the accounts between the insurer and the institution.

On page 1, line 2 of the title, after "business;" strike the remainder of the title and insert "and amending RCW 48.38.020."

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2382, with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that responses by the department of social and health services and public safety agencies have varied between jurisdictions when allegations of withholding of the basic necessities of life are made. The legislature intends to improve the capacity of the department of social and health services and public safety agencies to respond to situations where the basic necessities of life are withheld by allowing an earlier intervention in such cases. The legislature finds that improved coordination between the department of social and health services and public safety agencies at an earlier point will lead to better treatment of children and families and will reduce the likelihood of serious harm.

NEW SECTION. Sec. 2. A new section is added to chapter 9A.42 RCW to read as follows:
(1) A person is guilty of the crime of criminal mistreatment in the fourth degree if the person is the parent of a child, is a person entrusted with the physical custody of a child or other dependent

hospice agency, nursing home, or hospital providing care under the medical direction of a physician.

may waive this requirement subject to the defendant’s reimbursement to the court of the witness fees
and expenses due for subpoenaed witnesses who have appeared on the date set for trial.
(2) A person charged with a traffic infraction, misdemeanor, or gross misdemeanor under Title
46 RCW shall not be eligible for a deferred prosecution program unless the court makes specific

A copy of the treatment or service plan shall be given to the prosecutor by petitioner’s counsel at the request of the prosecutor. The facility or the service provider shall agree to provide the court with a statement every three months for the first year and every six months for the second year regarding (a) the petitioner’s cooperation with the treatment or child welfare service plan proposed and (b) the petitioner’s progress or failure in treatment or child welfare services. (((h))) (i) A student who meets the requirements of RCW 28B.15.0131 or 28B.15.0139: PROVIDED. That a nonresident student enrolled for more than six hours per semester or quarter shall be considered as attending for primarily educational purposes, and for tuition and fee paying purposes only such period of enrollment shall not be counted toward the establishment of a bona fide domicile of one year in this state unless such student proves that the student has in fact established a bona fide domicile in this state primarily for purposes other than educational.

Upon the declaration of a condition of energy supply alert or energy emergency, the governor
shall present to the committee any proposed plans for programs, controls, standards, and priorities for
the production, allocation, and consumption of energy during any current or anticipated condition of
energy emergency, any proposed plans for the suspension or modification of existing rules of the
Washington Administrative Code, and any other relevant matters the governor deems desirable. The governor shall review any recommendations of the committee concerning such plans and matters.

Upon the declaration of a condition of energy supply alert or energy emergency, the emergency powers as set forth in this chapter shall become effective only within the area described in the declaration.

(2) A condition of energy supply alert shall terminate ninety consecutive days after the declaration of such condition unless:

   (b) Extended by the governor based on a declaration by the president of the United States of a national state of emergency in regard to energy supply; or
   (c) Upon the request of the governor, extended by declaration of the legislature by concurrent resolution of a continuing energy supply alert.

((In the event any such initial extension is implemented, the condition shall terminate one hundred and fifty consecutive days after the declaration of such condition. One or more subsequent extensions may be implemented through the extension procedures set forth in this subsection. In the event any such subsequent extension is implemented, the condition shall terminate sixty consecutive days after the implementation of such extension.))

(3) A condition of energy emergency shall terminate forty-five consecutive days after the declaration of such condition unless:
   (a) Extended by the governor upon issuing a finding that the energy emergency continues to exist, and with prior approval of such an extension by the committee; or
   (b) Extended by the governor based on a declaration by the president of the United States of a national state of emergency in regard to energy supply; or
   (c) Upon the request of the governor, extended by declaration of the legislature by concurrent resolution of a continuing energy emergency.

((In the event any such initial extension is implemented, the condition shall terminate ninety consecutive days after the declaration of such condition. One or more subsequent extensions may be implemented through the extension procedures set forth in this subsection. In the event any such subsequent extension is implemented, the condition shall terminate forty-five consecutive days after the implementation of such extension.))

An initial extension of an energy emergency approved and implemented under this subsection shall be for a specified period of time not to exceed forty-five consecutive days after the expiration of the original declaration. Any subsequent extensions shall be for a specified period of time not to exceed sixty consecutive days after the expiration of the previous extension.

(4) A condition of energy supply alert or energy emergency shall cease to exist upon a declaration to that effect by either of the following: (a) The governor; or (b) the legislature, by concurrent resolution, if in regular or special session: PROVIDED, That the governor shall terminate a condition of energy supply alert or energy emergency when the energy supply situation upon which the declaration of a condition of energy supply alert or energy emergency was based no longer exists.

(5) In a condition of energy supply alert, the governor may, as deemed necessary to preserve and protect the public health, safety, and general welfare, and to minimize, to the fullest extent possible, the injurious economic, social, and environmental consequences of such energy supply alert, issue orders to: (a) Suspend or modify existing rules of the Washington Administrative Code of any state agency relating to the consumption of energy by such agency or to the production of energy, and (b) direct any state or local governmental agency to implement programs relating to the consumption of energy by the agency which have been developed by the governor or the agency and reviewed by the committee.

(6) In addition to the powers in subsection (5) of this section, in a condition of energy emergency, the governor may, as deemed necessary to preserve and protect the public health, safety, and general welfare, and to minimize, to the fullest extent possible, the injurious economic, social, and environmental consequences of such an emergency, issue orders to: (a) Implement programs, controls, standards, and priorities for the production, allocation, and consumption of energy; (b) suspend and
modify existing pollution control standards and requirements or any other standards or requirements affecting or affected by the use of energy, including those relating to air or water quality control; and (c) establish and implement regional programs and agreements for the purposes of coordinating the energy programs and actions of the state with those of the federal government and of other states and localities.

(7) The governor shall make a reasonable, good faith effort to provide the committee with notice when the governor is considering declaring a condition of energy supply alert or energy emergency. The governor shall immediately transmit the declaration of a condition of energy supply alert or energy emergency and the findings upon which the declaration is based and any orders issued under the powers granted in this chapter to the committee. The governor shall provide the committee with at least fourteen days' notice when requesting an extension of a condition of energy supply alert or energy emergency, unless such notice is waived by the committee.

(8) Nothing in this chapter shall be construed to mean that any program, control, standard, priority or other policy created under the authority of the emergency powers authorized by this chapter shall have any continuing legal effect after the cessation of the condition of energy supply alert or energy emergency.

(9) If any provision of this chapter is in conflict with any other provision, limitation, or restriction which is now in effect under any other law of this state, including, but not limited to, chapter 34.05 RCW, this chapter shall govern and control, and such other law or rule (or regulation promulgated) issued thereunder shall be deemed superseded for the purposes of this chapter.

(10) Because of the emergency nature of this chapter, all actions authorized or required hereunder, or taken pursuant to any order issued by the governor, shall be exempted from any and all requirements and provisions of the state environmental policy act of 1971, chapter 43.21C RCW, including, but not limited to, the requirement for environmental impact statements.

(11) Except as provided in this section nothing in this chapter shall exempt a person from compliance with the provisions of any other law, rule, or directive unless specifically ordered by the governor."

Substitute House Bill No. 2441, as amended by the Senate having received the constitutional majority, was declared passed.
SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 2498, with the following amendment(s):
Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 36.70A.367 and 2001 c 326 s 1 are each amended to read as follows:
(1) In addition to the major industrial development allowed under RCW 36.70A.365, a county planning under RCW 36.70A.040 that meets the criteria in subsection (9) or (10) of this section may establish, in consultation with cities consistent with provisions of RCW 36.70A.210, a process for designating a bank of no more than two master planned locations for major industrial activity outside urban growth areas.
(2) A master planned location for major industrial developments outside an urban growth area may be included in the urban industrial land bank for the county if criteria including, but not limited to, the following are met:
   (a) New infrastructure is provided for and/or applicable impact fees are paid;
   (b) Transit-oriented site planning and traffic demand management programs are implemented;
   (c) Buffers are provided between the major industrial development and adjacent nonurban areas;
   (d) Environmental protection including air and water quality has been addressed and provided for;
   (e) Development regulations are established to ensure that urban growth will not occur in adjacent nonurban areas;
   (f) Provision is made to mitigate adverse impacts on designated agricultural lands, forest lands, and mineral resource lands;
   (g) The plan for the major industrial development is consistent with the county’s development regulations established for protection of critical areas;
   (h) An inventory of developable land has been conducted as provided in RCW 36.70A.365;
   (i) An interlocal agreement related to infrastructure cost sharing and revenue sharing between the county and interested cities is established;
   (j) Provisions are established for determining the availability of alternate sites within urban growth areas and the long-term annexation feasibility of land sites outside of urban growth areas; and
   (k) Development regulations require the industrial land bank site to be used primarily for locating industrial and manufacturing businesses and specify that the gross floor area of all commercial and service buildings or facilities locating within the industrial land bank shall not exceed ten percent of the total gross floor area of buildings or facilities in the industrial land bank. The commercial and service businesses operated within the ten percent gross floor area limit shall be necessary to the primary industrial or manufacturing businesses within the industrial land bank. The intent of this provision for commercial or service use is to meet the needs of employees, clients, customers, vendors, and others having business at the industrial site and as an adjunct to the industry to attract and retain a quality work force and to further other public objectives, such as trip reduction. Such uses would not be promoted to attract additional clientele from the surrounding area. The commercial and service businesses should be established concurrently with or subsequent to the industrial or manufacturing businesses.
(3) In selecting master planned locations for inclusion in the urban industrial land bank, priority shall be given to locations that are adjacent to, or in close proximity to, an urban growth area.
(4) Final approval of inclusion of a master planned location in the urban industrial land bank shall be considered an adopted amendment to the comprehensive plan adopted pursuant to RCW 36.70A.070, except that RCW 36.70A.130(2) does not apply so that inclusion or exclusion of master planned locations may be considered at any time.
(5) Once a master planned location has been included in the urban industrial land bank, manufacturing and industrial businesses that qualify as major industrial development under RCW 36.70A.365 may be located there.
(6) Nothing in this section may be construed to alter the requirements for a county to comply with chapter 43.21C RCW."
(7)(a) The authority of a county meeting the criteria of subsection (9) of this section to engage in the process of including or excluding master planned locations from the urban industrial land bank shall terminate on December 31, (1999) 2007. However, any location included in the urban industrial land bank on or before December 31, (1999) 2007, shall be available for major industrial development as long as the criteria of subsection (2) of this section are met. A county that has established or proposes to establish an industrial land bank pursuant to this section shall review the need for an industrial land bank within the county, including a review of the availability of land for industrial and manufacturing uses within the urban growth area, during the review and evaluation of comprehensive plans and development regulations required by RCW 36.70A.130.

(b) The authority of a county meeting the criteria of subsection (10) of this section to engage in the process of including or excluding master planned locations from the urban industrial land bank terminates on December 31, 2002. However, any location included in the urban industrial land bank on December 31, 2002, shall be available for major industrial development as long as the criteria of subsection (2) of this section are met.

(8) For the purposes of this section, "major industrial development" means a master planned location suitable for manufacturing or industrial businesses that: (a) Requires a parcel of land so large that no suitable parcels are available within an urban growth area; or (b) is a natural resource-based industry requiring a location near agricultural land, forest land, or mineral resource land upon which it is dependent; or (c) requires a location with characteristics such as proximity to transportation facilities or related industries such that there is no suitable location in an urban growth area. The major industrial development may not be for the purpose of retail commercial development or multitenant office parks.

(9) This section and the termination date specified in subsection (7)(a) of this section apply to a county that at the time the process is established under subsection (1) of this section:
(a) Has a population greater than two hundred fifty thousand and is part of a metropolitan area that includes a city in another state with a population greater than two hundred fifty thousand;
(b) Has a population greater than one hundred forty thousand and is adjacent to another country; 
(c) Has a population greater than forty thousand but less than seventy-five thousand and has an average level of unemployment for the preceding three years that exceeds the average state unemployment for those years by twenty percent; and
(i) Is bordered by the Pacific Ocean; or
(ii) Is located in the Interstate 5 or Interstate 90 corridor; or
(iii) Is bordered by Hood Canal;
(d) Is east of the Cascade divide; and
(i) Borders another state to the south; or
(ii) Is located wholly south of Interstate 90 and borders the Columbia river to the east; or
(e) Has an average level of unemployment for the preceding three years that exceeds the average state unemployment for those years by twenty percent, and is bordered by the Pacific Ocean and by Hood Canal.

(10) This section and the termination date specified in subsection (7)(b) of this section apply to a county that at the time the process is established under subsection (1) of this section:
(a) Has a population greater than forty thousand but fewer than eighty thousand;
(b) Has an average level of unemployment for the preceding three years that exceeds the average state unemployment for those years by twenty percent; and
(c) Is located in the Interstate 5 or Interstate 90 corridor.

(11) Any location included in an industrial land bank pursuant to section 2, chapter 289, Laws of 1998, section 1, chapter 402, Laws of 1997, and section 2, chapter 167, Laws of 1996 shall remain available for major industrial development according to this section as long as the criteria of subsection (2) of this section continue to be satisfied."

On page 1, line 3 of the title, after "circumstances;" strike the remainder of the title and insert "and amending RCW 36.70A.367."

and the same is herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2557, with the following
amendment(s):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 35.61.010 and 1994 c 81 s 60 are each amended to read as follows:
(Cities of five thousand or more population and such contiguous property the residents
of which may decide in favor thereof in the manner set forth in this chapter may create)) A metropolitan
park district may be created for the management, control, improvement, maintenance, and acquisition
of parks, parkways, (and) boulevards, and recreational facilities. A metropolitan park district may
include territory located in portions or all of one or more cities or counties, or one or more cities and counties, when created or enlarged as provided in this chapter.

Sec. 2. RCW 35.61.020 and 1965 c 7 s 35.61.020 are each amended to read as follows:

(1) When proposed by citizen petition or by local government resolution as provided in this section, a ballot proposition authorizing the creation of a metropolitan park district shall be submitted by resolution to the voters of the area proposed to be included in the district at any general election, or at any special election which may be called for that purpose, or at any city election held in the city in all of the various voting precincts thereof, the city council or commission may, or on petition of fifteen percent of the qualified electors of the city based upon the registration for the last preceding general city election, shall by ordinance, submit to the voters of the city the proposition of creating a metropolitan park district, the limits of which shall be coextensive with the limits of the city as now or hereafter established, inclusive of territory annexed to and forming a part of the city).

(2) The ballot proposition shall be submitted if the governing body of each city in which all or a portion of the proposed district is located, and the legislative authority of each county in which all or a portion of the proposed district is located within the unincorporated portion of the county, each adopts a resolution submitting the proposition to create a metropolitan park district.

(3) As an alternative to the method provided under subsection (2) of this section, the ballot proposition shall be submitted if a petition proposing creation of a metropolitan park district is submitted to the county auditor of each county in which all or a portion of the proposed district is located that is signed by at least fifteen percent of the registered voters residing in the area to be included within the proposed district. Where the petition is for creation of a district in more than one county, the petition shall be filed with the county auditor of the county having the greater area of the proposed district, and a copy filed with each other county auditor of the other counties covering the proposed district.

Territory by virtue of its annexation to any city ((having heretofore created)) whose territory lies entirely within a park district shall be deemed to be within the limits of the metropolitan park district. ((The city council or commission shall submit the proposition at a special election to be called therefor when the petition so requests.)) Such an extension of a park district’s boundaries shall not be subject to review by a boundary review board independent of the board’s review of the city annexation of territory.

Sec. 3. RCW 35.61.030 and 1985 c 469 s 32 are each amended to read as follows:

((In submitting the question to the voters for their approval or rejection, the city council or commission shall pass an ordinance declaring its intention to submit the proposition of creating a metropolitan park district to the qualified voters of the city. The ordinance shall be published once a week for two consecutive weeks in the official newspaper of the city, and the city council or commission shall cause to be placed upon the ballot for the election, at the proper place.))

(1) Except as provided in subsection (2) of this section for review by a boundary review board, the ballot proposition authorizing creation of a metropolitan park district that is submitted to voters for their approval or rejection shall appear on the ballot of the next general election or at the next special election date specified under RCW 29.13.020 occurring sixty or more days after the last resolution proposing the creation of the park district is adopted or the date the county auditor certifies that the petition proposing the creation of the park district contains sufficient valid signatures. Where the petition or copy thereof is filed with two or more county auditors in the case of a proposed district in two or more counties, the county auditors shall confer and issue a joint certification upon finding that the required number of signatures on the petition has been obtained.

(2) Where the proposed district is located wholly or in part in a county in which a boundary review board has been created, notice of the proposal to create a metropolitan park district shall be filed with the boundary review board as provided under RCW 36.93.090 and the special election at which a ballot proposition authorizing creation of the park district shall be held on the special election date specified under RCW 29.13.020 that is sixty or more days after the date the boundary review board is deemed to have approved the proposal, approves the proposal, or modifies and approves the proposal. The creation of a metropolitan park district is not subject to review by a boundary review board if the proposed district only includes one or more cities and in such cases the special election at which a ballot proposition authorizing creation of the park district shall be held as if a boundary review board does not exist in the county or counties.
(3) The petition proposing the creation of a metropolitan park district, or the resolution submitting the question to the voters, shall choose and describe the composition of the initial board of commissioners of the district that is proposed under RCW 35.61.050 and shall choose a name for the district. The proposition (which) shall (be expressed in) include the following terms:

- "For the formation of a metropolitan park district to be governed by [insert board composition described in ballot proposition]."
- "Against the formation of a metropolitan park district."

Sec. 4. RCW 35.61.040 and 1965 c 7 s 35.61.040 are each amended to read as follows:

If (at an election) a majority of the voters voting (thereon) on the ballot proposition authorizing the creation of the metropolitan park district vote in favor of the formation of a metropolitan park district, the metropolitan park district shall (then) be (and become) created as a municipal corporation effective immediately upon certification of the election results and its name shall be ("Metropolitan Park District of . . . . . . . (inserting the name of the city).") that designated in the ballot proposition.

Sec. 5. RCW 35.61.050 and 1994 c 223 s 23 are each amended to read as follows:

(1) The resolution or petition submitting the ballot proposition shall designate the composition of the board of metropolitan park commissioners from among the alternatives provided under subsections (2) through (4) of this section. The ballot proposition shall clearly describe the designated composition of the board.

(2) The commissioners of the district may be selected by election, in which case at the same election at which the proposition is submitted to the voters as to whether a metropolitan park district is to be formed, five park commissioners shall be elected. The election of park commissioners shall be null and void if the metropolitan park district is not created. Candidates shall run for specific commission positions. No primary shall be held to nominate candidates. The person receiving the greatest number of votes for each position shall be elected as a commissioner. The staggering of the terms of office shall occur as follows: (4) (a) The two persons who are elected receiving the two greatest numbers of votes shall be elected to six-year terms of office if the election is held in an odd-numbered year or five-year terms of office if the election is held in an even-numbered year; (2) (b) the two persons who are elected receiving the next two greatest numbers of votes shall be elected to four-year terms of office if the election is held in an odd-numbered year or three-year terms of office if the election is held in an even-numbered year; and (2) (c) the other person who is elected shall be elected to a two-year term of office if the election is held in an odd-numbered year or a one-year term of office if the election is held in an even-numbered year. The initial commissioners shall take office immediately when they are elected and qualified, and for purposes of computing their terms of office the terms shall be assumed to commence on the first day of January in the year after they are elected. Thereafter, all commissioners shall be elected to six-year terms of office. All commissioners shall serve until their respective successors are elected and qualified and assume office in accordance with RCW 29.04.170. Vacancies shall occur and shall be filled as provided in chapter 42.12 RCW.

(3) In a district wholly located within a city or within the unincorporated area of a county, the governing body of such city or legislative authority of such county may be designated to serve in an ex officio capacity as the board of metropolitan park commissioners, provided that when creation of the district is proposed by citizen petition, the city or county approves by resolution such designation.

(4) Where the proposed district is located within more than one city, more than one county, or any combination of cities and counties, each city governing body and county legislative authority may be designated to collectively serve ex officio as the board of metropolitan park commissioners through selection of one or more members from each to serve as the board, provided that when creation of the district is proposed by citizen petition, each city governing body and county legislative authority approve by resolution such designation. Within six months of the date of certification of election results approving creation of the district, the size and membership of the board shall be determined.
through interlocal agreement of each city and county. The interlocal agreement shall specify the method for filling vacancies on the board.

(5) Metropolitan park districts created by a vote of the people prior to the effective date of this act may not change the composition and method of selection of their governing authority without approval of the voters. Should such a change be desired, the board of park commissioners shall submit a ballot proposition to the voters of the metropolitan park district.

Sec. 6. RCW 35.61.150 and 1998 c 121 s 1 are each amended to read as follows:
Metropolitan park commissioners selected by election according to RCW 35.61.050(2) shall perform their duties and may provide, by resolution passed by the commissioners, for the payment of compensation to each of its commissioners at a rate of up to seventy dollars for each day or portion of a day devoted to the business of the district. However, the compensation for each commissioner must not exceed six thousand seven hundred twenty dollars per year.

Any commissioner may waive all or any portion of his or her compensation payable under this section as to any month or months during his or her term of office, by a written waiver filed with the clerk of the board. The waiver, to be effective, must be filed any time after the commissioner’s election and prior to the date on which the compensation would otherwise be paid. The waiver shall specify the month or period of months for which it is made.

Sec. 7. RCW 84.52.010 and 1995 2nd sp.s. c 13 s 4 are each amended to read as follows:
Except as is permitted under RCW 84.55.050, all taxes shall be levied or voted in specific amounts.

The rate percent of all taxes for state and county purposes, and purposes of taxing districts coextensive with the county, shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the county, as shown by the completed tax rolls of the county, and the rate percent of all taxes levied for purposes of taxing districts within any county shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the taxing districts respectively.

When a county assessor finds that the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.043 or 84.52.050, exceeds the limitations provided in either of these sections, the assessor shall recompute and establish a consolidated levy in the following manner:

(1) The full certified rates of tax levy for state, county, county road district, and city or town purposes shall be extended on the tax rolls in amounts not exceeding the limitations established by law; however any state levy shall take precedence over all other levies and shall not be reduced for any purpose other than that required by RCW 84.55.010. If, as a result of the levies imposed under RCW 84.52.069, 84.34.230, the portion of the levy by a metropolitan park district that was protected under RCW 84.52.120, and 84.52.105, the combined rate of regular property tax levies that are subject to the one percent limitation exceeds one percent of the true and fair value of any property, then these levies shall be reduced as follows: (a) The portion of the levy by a metropolitan park district that is protected under RCW 84.52.120 shall be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or shall be eliminated; (b) if the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the levies imposed under RCW 84.34.230, 84.52.105, and any portion of the levy imposed under RCW 84.52.069 that is in excess of thirty cents per thousand dollars of assessed value, shall be reduced on a pro rata basis until the combined rate no longer exceeds one percent of the true and fair value of any property or shall be eliminated; and (c) if the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the thirty cents per thousand dollars of assessed value of tax levy imposed under RCW 84.52.069 shall be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or eliminated.
(2) The certified rates of tax levy subject to these limitations by all junior taxing districts imposing taxes on such property shall be reduced or eliminated as follows to bring the consolidated levy of taxes on such property within the provisions of these limitations:

(a) First, the certified property tax levy rates of those junior taxing districts authorized under RCW 36.68.525, 36.69.145, and 67.38.130 shall be reduced on a pro rata basis or eliminated;

(b) Second, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of flood control zone districts shall be reduced on a pro rata basis or eliminated;

(c) Third, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of all other junior taxing districts, other than fire protection districts, library districts, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts, and the first fifty cent per thousand dollars of assessed valuation levies for public hospital districts, shall be reduced on a pro rata basis or eliminated;

(d) Fourth, if the consolidated tax levy rate still exceeds these limitations, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts created on or after January 1, 2002, shall be reduced on a pro rata basis or eliminated;

(e) Fifth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized to fire protection districts under RCW 52.16.140 and 52.16.160 shall be reduced on a pro rata basis or eliminated; and

((e) Fifth)) (f) Sixth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized for fire protection districts under RCW 52.16.130, library districts, metropolitan park districts created before January 1, 2002, under their first fifty cent per thousand dollars of assessed valuation levy, and public hospital districts under their first fifty cent per thousand dollars of assessed valuation levy, shall be reduced on a pro rata basis or eliminated.

In determining whether the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.050, exceeds the limitations provided in that section, the assessor shall use the hypothetical state levy, as apportioned to the county under RCW 84.48.080, that was computed under RCW 84.48.080 without regard to the reduction under RCW 84.55.012."

On page 1, line 1 of the title, after "districts;" strike the remainder of the title and insert "and amending RCW 35.61.010, 35.61.020, 35.61.030, 35.61.040, 35.61.050, 35.61.150, and 84.52.010." and the same is herewith transmitted.

NEW SECTION. Sec. 2. A new section is added to chapter 15.65 RCW to read as follows:
The history, economy, culture, and the future of Washington state to a large degree all involve agriculture. In order to develop and promote Washington's agricultural products as part of the existing comprehensive scheme to regulate agricultural commodities, the legislature declares:
(1) That the marketing of agricultural products within this state is in the public interest. It is vital to the continued economic well-being of the citizens of this state and their general welfare that its agricultural commodities be properly promoted by (a) enabling producers of agricultural commodities to help themselves in establishing orderly, fair, sound, efficient, and unhampered marketing, grading, and standardizing of the commodities they produce and (b) working towards stabilizing the agricultural industry by increasing consumption of agricultural commodities within the state, the nation, and internationally;
(2) That farmers and ranchers operate within a regulatory environment that imposes burdens on them for the benefit of society and the citizens of the state and includes restrictions on marketing autonomy. Those restrictions may impair the agricultural producer's ability to compete in local, domestic, and foreign markets;
(3) That it is now in the overriding public interest that support for the agricultural industry be clearly expressed, that adequate protection be given to agricultural commodities, uses, activities, and operations, and that each agricultural commodity be promoted individually, and as part of a comprehensive industry to:
   (a) Enhance the reputation and image of Washington state's agricultural commodities;
   (b) Increase the sale and use of Washington state's agricultural commodities in local, domestic, and foreign markets;
   (c) Protect the public by educating the public in reference to the quality, care, and methods used in the production of Washington state's agricultural commodities;
   (d) Increase the knowledge of the health-giving qualities and dietetic value of Washington state's agricultural commodities and products; and
   (e) Support and engage in programs or activities that benefit the planting, production, harvesting, handling, processing, marketing, and uses of agricultural commodities produced in Washington state;
(4) That the director seek to enhance, protect, and perpetuate the ability of the private sector to produce food and fiber, and seek to maintain the economic well-being of the agricultural industry in Washington state consistent with its regulatory activities and responsibilities;
(5) That the director is hereby authorized to implement, administer, and enforce this chapter through the adoption of marketing orders that establish commodity boards; and
(6) That this chapter is enacted in the exercise of the police powers of this state for the purpose of protecting the health, peace, safety, and general welfare of the people of this state.

(2) The list of affected producers used for conducting a referendum on the termination of a marketing order or agreement shall be kept in the rule-making file by the director. The list shall be certified as a true representation of the referendum mailing list. Inadvertent failure to notify an affected producer does not invalidate a referendum.

(4) If the director determines that one hundred percent of the affected producers have filed a written application with the director requesting that a marketing order or agreement be terminated, the director may terminate the marketing order or agreement without conducting a referendum. Reimbursement shall be made to those considered affected producers over the previous three-year time frame on a pro rata basis and at a percent commensurate with their volume of production over the previous three-year period unless a different time period is specified in the marketing order or agreement. If the commodity board finds that the amounts of moneys are so small as to make impractical the computation and remitting of the pro rata refund, the moneys shall be paid into the state treasury as unclaimed trust moneys; and
(4) Transfer all remaining files to the department for storage and archiving, as appropriate.

Sec. 17. RCW 15.65.200 and 1985 c 261 s 8 are each amended to read as follows:

Such lists shall also contain the names and addresses of persons who handle the affected commodity within the affected area and the amount of such commodity handled by each person during the period which the director determines for the purposes of the agreement or order to be representative. Any qualified person may at any time have his name placed upon any list for which he qualifies by delivering or mailing his name, address and other information to the director and in such case the director shall verify such person's qualifications and if he qualifies, place his name upon such list. At every hearing upon the issuance, amendment or termination of such order or agreement the director or his designee shall take evidence for the purpose of making such lists complete and accurate and he may employ his powers of subpoena of witnesses and of books, records and documents for such purpose. The history, economy, culture, and the future of Washington state to a large degree all involve agriculture. In order to develop and promote Washington’s agricultural products as part of the existing comprehensive scheme to regulate agricultural commodities, the legislature declares:

(1) That the marketing of agricultural products within this state is in the public interest. It is vital to the continued economic well-being of the citizens of this state and their general welfare that its agricultural commodities be properly promoted by (a) enabling producers of agricultural commodities to help themselves in establishing orderly, fair, sound, efficient, and unhampered marketing, grading, and standardizing of the commodities they produce; and (b) working towards stabilizing the agricultural industry by increasing consumption of agricultural commodities within the state, the nation, and internationally;

(2) That farmers and ranchers operate within a regulatory environment that imposes burdens on them for the benefit of society and the citizens of the state and includes restrictions on marketing autonomy. Those restrictions may impair the agricultural producer’s ability to compete in local, domestic, and foreign markets;

(3) That it is now in the overriding public interest that support for the agricultural industry be clearly expressed, that adequate protection be given to agricultural commodities, uses, activities, and operations, and that each agricultural commodity be promoted individually, and as part of a comprehensive industry to:
    (a) Enhance the reputation and image of Washington state’s agricultural commodities;
    (b) Increase the sale and use of Washington state’s agricultural commodities in local, domestic, and foreign markets;
    (c) Protect the public by educating the public in reference to the quality, care, and methods used in the production of Washington state’s agricultural commodities;
    (d) Increase the knowledge of the health-giving qualities and dietetic value of Washington state’s agricultural commodities and products; and
    (e) Support and engage in programs or activities that benefit the planting, production, harvesting, handling, processing, marketing, and uses of agricultural commodities produced in Washington state;

(4) That the director seek to enhance, protect, and perpetuate the ability of the private sector to produce food and fiber, and seek to maintain the economic well-being of the agricultural industry in Washington state consistent with its regulatory activities and responsibilities;

(5) That the director is hereby authorized to implement, administer, and enforce this chapter through the adoption of marketing orders that establish commodity commissions; and

(6) That this chapter is enacted in the exercise of the police powers of this state for the purpose of protecting the health, peace, safety, and general welfare of the people of this state.

The producers shall be deemed to have assented to the proposed amendment order if sixty percent or more by number and sixty percent or more by volume of those replying assent to the proposed order. The determination by volume shall be made on the basis of volume as determined in the list of affected producers created under provisions of RCW 15.66.060, subject to rules and regulations of the director for such determination. The appointment shall be carried out immediately subsequent to July 1, 1987, and members so appointed as set forth in this chapter shall serve for the periods set forth for the original members of the commission under RCW 15.88.040.

The four dealer members shall be persons who, either individually or as executive officers of a corporation, firm, partnership, association, or cooperative organization, are and have been actively engaged as dealers in apples within the state of Washington for a period of five years, and are citizens and residents of this state, and are engaged as apple dealers in the district represented. Any qualified person may be nominated orally for such positions at the ((said)) respective meetings. Nominations may also be made within five days after any such meeting by written petition filed in the Wenatchee office of the commission, signed by not less than five apple growers or dealers, as the case may be, residing within the district or within the subdivision if the nomination is made from a subdivision.

The members of the commission shall be elected by secret mail ballot under the supervision of the director: PROVIDED, That in any case where there is but one nomination for a position, a secret mail ballot shall not be conducted or required and the director shall certify the candidate to be elected. In order to benefit the people of this state, the state’s economy and its general tax revenues, the commission shall provide for and conduct a comprehensive and extensive research, advertising, and educational campaign as continuous as the crop, sales, and market conditions reasonably require. **Sec. 122.** RCW 15.24.090 and 1983 c 95 s 1 are each amended to read as follows:

If it appears from investigation by the commission that the revenue from the assessment levied on fresh apples under this chapter is too high or is inadequate to accomplish the purposes of this
chapter, the commission shall adopt a resolution setting forth the necessities of the industry, the extent and probable cost of the required research, market promotion, and advertising, the extent of public convenience, interest, and necessity, and probable revenue from the assessment levied. It shall thereupon decrease or increase the assessment to a sum determined by the commission to be necessary for those purposes based upon a rate per one hundred pounds of apples, gross billing weight, shipped in bulk, container, or any style of package or reasonable equivalent net product assessment as determined by the commission. However, if a different rate is determined for any specific variety or for fresh apples sliced or cut for raw consumption, that different rate must be applied to that variety or those sliced or cut apples. A decrease or an increase becomes effective sixty days after the resolution is adopted or on any other date provided for in the resolution, but shall be first referred by the commission to a referendum mail ballot by the apple growers of this state conducted under the supervision of the director and be approved by a majority of the growers voting on it and also be approved by voting growers who operate more than fifty percent of the acreage voted in the same election. After the mail ballot, if favorable to the increase or decrease, the commission shall nevertheless exercise its independent judgment and discretion as to whether or not to approve the increase or decrease.

Sec. 123. RCW 15.24.100 and 1967 c 240 s 28 are each amended to read as follows:
There is hereby levied upon all fresh apples grown annually in this state, and all apples packed as Washington apples, an assessment of twelve cents on each one hundred pounds gross billing weight or reasonable equivalent net product assessment measurement, as determined by the commission, plus such annual decreases or increases thereof as are imposed pursuant to the provisions of RCW 15.24.090. All moneys collected hereunder shall be expended to effectuate the purpose and objects of this chapter.

Sec. 124. RCW 15.24.110 and 1967 c 240 s 29 are each amended to read as follows:
The assessments on fresh apples shall be paid, or provision made therefor satisfactory to the commission, prior to shipment, and no fresh apples shall be carried, transported, or shipped by any person or by any carrier, railroad, truck, boat, or other conveyance until the assessment has been paid or provision made therefor satisfactory to the commission.
The commission shall by rule (or regulation) prescribe the method of collection, and for that purpose may require stamps to be known as "Washington apple (advertising) stamps" to be purchased from the commission and attached to the containers, invoices, shipping documents, inspection certificates, releases, or receiving receipts or tickets. Rule-making procedures conducted under this section are exempt from the provisions of RCW 43.135.055 when adoption of the rule or rules is determined by a referendum vote of the persons taxed under this chapter.

NEW SECTION. Sec. 125. A new section is added to chapter 15.24 RCW to read as follows:
Rule-making proceedings conducted under this chapter are exempt from compliance with RCW 34.05.310 and the provisions of chapter 19.85 RCW, the regulatory fairness act, when the proposed rule is subject to a referendum.

Sec. 126. RCW 15.24.160 and 1961 c 11 s 15.24.160 are each amended to read as follows:
To maintain and complement the existing comprehensive regulatory scheme, the commission may employ, designate as agent, act in concert with, and enter into contracts with any person, council, or commission, including but not limited to the director, state agencies such as the Washington state fruit commission and its successors, statewide horticultural associations, organizations or associations engaged in tracking the movement and marketing of horticultural products, and organizations or associations of horticultural growers, for the purpose of promoting the general welfare of the apple industry and particularly for the purpose of assisting in the sale and distribution of apples in domestic or foreign commerce, and expend its funds or such portion thereof as it may deem necessary or advisable for such purpose and for the purpose of paying its proportionate share of the cost of any program providing direct or indirect assistance to the sale and distribution of apples in domestic or foreign commerce. For such purposes it may employ and pay for legal counsel and contract and pay
for other professional services. Neither the state, nor any member, agent, or employee of the commission, is liable for the acts of the commission, or upon its contracts. In any civil or criminal action or proceeding for violation of any rule of statutory or common law against monopolies or combinations in restraint of trade, including any action under chapter 19.86 RCW, proof that the act complained of was done in compliance with the provisions of this chapter, and in furtherance of the purposes and provisions of this chapter, is a complete defense to such an action or proceeding.

Sec. 127. RCW 15.24.170 and 1975 1st ex.s. c 7 s 37 are each amended to read as follows: Rules, regulations, and orders made by the commission shall be filed with the director and published in a legal newspaper in the cities of Wenatchee and Yakima within five days after being made, and shall become effective pursuant to the provisions of RCW (34.05.040) 34.05.380.

Sec. 128. RCW 15.24.800 and 1987 c 6 s 1 are each amended to read as follows: The legislature hereby finds that, in order to permit the Washington (state) apple (advertising) commission to accomplish more efficiently its important public purposes, as enumerated in chapter 15.24 RCW, it is necessary for the state to assist in financing a new building for the commission, to be located on Euclid Avenue in Chelan county, and housing commission offices, warehouse space, and a display room. The state's assistance shall augment approximately five hundred thousand dollars in commission funds which will be applied directly to the payment of the costs of this project. The state's assistance shall be in the amount of eight hundred thousand dollars, or so much thereof as may be required, to be provided from the proceeds from the sale and issuance of general obligation bonds of the state, the principal of and interest on which shall be reimbursed to the state treasury by the commission from revenues derived from the assessments levied pursuant to chapter 15.24 RCW and other sources.

Sec. 129. RCW 15.24.802 and 1987 c 6 s 2 are each amended to read as follows: For the purpose of providing part of the funds necessary for the Washington (state) apple (advertising) commission to undertake a capital project consisting of the land acquisition for, and the design, construction, furnishing, and equipping of, the building described in RCW 15.24.800, and to pay the administrative costs of such project, including costs of bond issuance and retirement, salaries and related costs of officials and employees of the state, and other expenses incidental to the administration of such project, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of eight hundred thousand dollars, or so much thereof as may be required.

Sec. 130. RCW 15.24.806 and 1987 c 6 s 4 are each amended to read as follows: The proceeds from the sale of the bonds authorized in RCW 15.24.802, together with all grants, donations, transferred funds, and all other moneys which the state finance committee or the Washington (state) apple (advertising) commission may direct the state treasurer to deposit therein, shall be deposited in the state building construction account in the state treasury.

Sec. 131. RCW 15.24.808 and 1987 c 6 s 5 are each amended to read as follows: Subject to legislative appropriation, all proceeds from the sale of the bonds authorized in RCW 15.24.802 shall be administered and expended by the Washington (state) apple (advertising) commission exclusively for the purposes specified in RCW 15.24.802.

Sec. 132. RCW 15.24.812 and 1987 c 6 s 7 are each amended to read as follows: On or before June 30 of each year, the state finance committee shall certify to the Washington (state) apple (advertising) commission the principal and interest payments determined under RCW 15.24.810, exclusive of deposit interest credit, attributable to the bonds issued under RCW 15.24.802. On each date on which any interest or principal and interest payment is due, the commission shall cause the amount certified by the state finance committee to be due on such date to be paid out of the commission's general fund to the state treasurer for deposit into the general fund of the state treasury.
Sec. 133. RCW 15.24.818 and 1987 c 6 s 10 are each amended to read as follows:
The bonds authorized by RCW 15.24.802 shall be issued only after the treasurer of the
Washington ((state)) apple ((advertising)) commission has certified that the net proceeds of the bonds,
together with all money to be made available by the commission for the purposes described in RCW
15.24.802, shall be sufficient for such purposes; and also that, based upon the treasurer’s estimates of
future income from assessments levied pursuant to chapter 15.24 RCW and other sources, an adequate
balance will be maintained in the commission’s general fund to enable the commission to meet the
requirements of RCW 15.24.812 during the life of the bonds to be issued.

Sec. 134. RCW 15.24.900 and 1961 c 11 s 15.24.900 are each amended to read as follows:
(1) This chapter is passed:
  (((4))) (a) In the exercise of the police power of the state to assure, through this chapter, and
other chapters, that the apple industry is highly regulated to protect the public health, to prevent
fraudulent practices, to promote the welfare of the state, and to stabilize and protect the apple industry
of the state as a vital and integral part of its economy for the benefit of all its citizens;
  (((2))) (b) Because the apple crop grown in Washington comprises one of the major agricultural
crops of Washington, and that therefore the business of selling and distributing such crop and the
expanding and protection of its market is of public interest;
  (((3))) (c) Because it is necessary and expedient to enhance the reputation of Washington apples
in domestic and foreign markets;
  (((4))) (d) Because it is necessary to discover the health giving qualities and food and dietetic
value of Washington apples, and to spread that knowledge throughout the world in order to increase the
consumption of Washington apples;
  (((5))) (e) Because Washington grown apples are handicapped by high freight rates in
competition with eastern and foreign grown apples in the markets of the world, and this disadvantage
can only be overcome by education and advertising;
  (((6))) (f) Because the stabilizing and promotion of the apple industry, the enlarging of its
markets, and the increasing of the consumption of apples are necessary to assure and increase the
payment of taxes to the state and its subdivisions, to alleviate unemployment within the state, and
increase wages for agricultural labor;
  (((7))) (g) To disseminate information giving the public full knowledge of the manner of
production, the cost and expense thereof, the care taken to produce and sell only apples of the finest
quality, the methods and care used in preparing for market, and the methods of sale and distribution to
increase the amount secured by the producer therefor, so that they can pay higher wages and pay their
taxes, and by such information to reduce the cost of distribution so that the spread between the cost to
the consumer and the amount received by the producer will be reduced to the minimum absolutely
necessary; and
  (((8))) (h) To protect the general public by educating it in reference to the various varieties and
grades of Washington apples, the time to use and consume each variety, and the uses to which each
variety should be put.
(2) The history, economy, culture, and future of Washington state’s agricultural industry
involves the apple industry. In order to develop and promote apples and apple products as part of an
existing comprehensive scheme to regulate those products, the legislature declares:
  (a) That it is vital to the continued economic well-being of the citizens of this state and their
general welfare that its apple and apple products be properly promoted by establishing orderly, fair,
sound, efficient, and unhampered marketing, grading, and standards of and for apples and apple
products; and by working to stabilize the apple industry and by increasing consumption of apples and
apple products within the state, nation, and internationally;
  (b) That apple producers operate within a regulatory environment that imposes burdens on them
for the benefit of society and the citizens of the state and includes restrictions on marketing autonomy.
Those restrictions may impair the agricultural producer’s ability to compete in local, domestic, and
foreign markets;
  (c) That it is in the overriding public interest that support for the apple industry be clearly
expressed, that adequate protection be given to agricultural commodities, uses, activities, and
operations, and that apples and apple products be promoted individually, as well as part of a comprehensive promotion of the agricultural industry to:

(i) Enhance the reputation and image of Washington state’s agricultural industry;
(ii) Increase the sale and use of apples and apple products in local, domestic, and foreign markets;
(iii) Protect the public and consumers by correcting any false or misleading information and by educating the public in reference to the quality, care, and methods used in the production of apples and apple products, and in reference to the various sizes, grades, and varieties of apples and the uses to which each should be put;
(iv) Increase the knowledge of the health-giving qualities and dietetic value of apple products; and
(v) Support and engage in programs or activities that benefit the production, handling, processing, marketing, and uses of apples and apple products;
(d) That the apple industry is a highly regulated industry and that this chapter and the rules adopted under it are only one aspect of the regulation of the industry. Other regulations and restraints applicable to the apple industry include:

(i) Washington agriculture general provisions, chapter 15.04 RCW;
(ii) Pests and diseases, chapter 15.08 RCW;
(iii) Standards of grades and packs, chapter 15.17 RCW;
(iv) Tree fruit research, chapter 15.26 RCW;
(v) Controlled atmosphere storage, chapter 15.30 RCW;
(vi) Higher education in agriculture, chapter 28.30 RCW;
(vii) Department of agriculture, chapter 43.23 RCW;
(viii) Fertilizers, minerals, and limes under chapter 15.54 RCW;
(ix) Organic food products act under chapter 15.86 RCW;
(x) Intrastate commerce in food, drugs, and cosmetics under chapter 69.04 RCW and rules;
(xi) Horticultural plants and facilities - inspection and licensing under chapter 15.13 RCW;
(xii) Planting stock under chapter 15.14 RCW;
(xiii) Washington pesticide control act under chapter 15.58 RCW;
(xiv) Farm marketing under chapter 15.64 RCW;
(xv) Insect pests and plant diseases under chapter 17.24 RCW;
(xvi) Weights and measures under chapter 19.94 RCW;
(xvii) Agricultural products - commission merchants, dealers, brokers, buyers, and agents under chapter 20.01 RCW; and
(xviii) The federal insecticide, fungicide, and rodenticide act under 7 U.S.C. Sec. 136; and
(e) That this chapter is in the exercise of the police powers of this state for the purposes of protecting the health, peace, safety, and general welfare of the people of this state.

Sec. 135. RCW 15.26.130 and 1969 c 129 s 13 are each amended to read as follows:

The Washington apple ((advertising)) commission and the Washington state fruit commission shall supply the director with a list of known producers subject to paying assessments to the respective commissions. The director, in addition, shall at the commission’s cost compile a list of known tree fruit producers producing fruit not subject to assessments of the Washington apple ((advertising)) commission and the Washington state fruit commission but subject to assessments or becoming subject to assessments under the provisions of this chapter. In compiling such list the director shall publish notice to producers of such tree fruit, requiring them to file with the director a report giving the producer’s name, mailing address and orchard location. The notice shall be published once a week for four consecutive weeks in weekly or daily newspapers of general circulation in the area or areas where such tree fruit is produced. All producer reports shall be filed with the director within twenty days from the date of last publication of notice or thirty days of mailing notice to producers of such tree fruit, whichever is later. The director shall for the purpose of conducting any referendum affecting tree fruits subject to the provisions of this chapter keep such list up to date when conducting such referendum. Every person who becomes a producer after ((said)) the list is compiled shall file with the director a similar report, giving his or her name, mailing address and orchard location. Such list shall
be final and conclusive in conducting referendums and failure to notify a producer shall not be cause for the invalidation of any referendum.

Sec. 136. RCW 15.26.250 and 1969 c 129 s 25 are each amended to read as follows:

The Washington apple ((advertising)) commission and Washington state fruit commission in order to avoid unnecessary duplication of costs and efforts in collecting assessments for tree fruits at the time said commissions collect assessments due under the provisions of their acts may also collect the assessment due the commission on such tree fruit. Such assessments on winter pears may be collected by the Washington state fruit commission or in a manner prescribed by the commission. Assessments collected for the commission by the Washington ((state)) apple ((advertising)) commission and the Washington state fruit commission shall be forwarded to the commissions expeditiously. No fee shall be charged the commission for the collection of assessments because the research conducted by the commission shall be of direct benefit to all commercial growers of tree fruits in the state of Washington((—PROVIDED, That)). However, the commission shall reimburse at actual cost to the department or the Washington state fruit commission or apple commission any assessment collected for the commission by such agencies for any tree fruit subject to the provisions of this chapter, but not subject to pay assessments to the Washington state fruit commission or the Washington apple ((advertising)) commission.

NEW SECTION. Sec. 137. (1) The legislature finds that a significant growth in the amount of production for several organically grown agricultural products has occurred since the program began in the mid-1980s and that this growth is continuing. The number of acres that are now in transition from conventionally grown to organically grown agricultural products is significant. The legislature finds that there is interest by those involved in the production and marketing of organic food products to examine the feasibility and preferred method of forming a commission to assist in the promotion of organically grown products in domestic and international markets and to conduct research on improved methods of producing these products.

(2) The department of agriculture shall assist in the evaluation by organic food producers and processors of procedures that could be used to establish an organic food commission. The ability of organic food producers and processors to form a commission under the existing statutory authority in chapters 15.65 and 15.66 RCW as compared to using the procedures proposed in Senate Bill No. 6246 from the 2002 legislative session shall be evaluated.

(3) The department of agriculture shall assist in the collection of information on, and provide a forum to review current programs administered by, commodity commissions that provide benefits to organic food producers and to examine and compile the distinct needs of the organic food industry.

(4) The department of agriculture, within the limits of its currently available funds and after consultation with the organic food industry and existing commodity commissions, shall provide recommendations to the legislature by December 15, 2002, regarding legislation for the establishment of an organic food commission, and a method to fairly and equitably provide funding of commission programs.

(5) This section expires April 15, 2003.

NEW SECTION. Sec. 138. A new section is added to chapter 15.65 RCW to read as follows:

In order to ensure a viable and stable hop industry within the state of Washington and to further the policies set forth in RCW 15.65.040(2) (d) and (f), the legislature specifically recognizes that the hop commodity board has the power to enter into contracts, at its discretion, with individual producers of hops to set aside or remove from production existing planted hop acreage until such time as the need to contract with individual producers of hops is eliminated based on the adoption of a federal marketing order. This section does not limit the director’s duty under RCW 15.65.600.

NEW SECTION. Sec. 139. This act takes effect July 1, 2002, except for sections 1, 15, 17, 29, 30, 39, 45, 57, 58, 137, and 138 of this act which are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately."
On page 1, line 1 of the title, after "commissions;" strike the remainder of the title and insert "amending RCW 15.65.020, 15.65.040, 15.65.050, 15.65.060, 15.65.070, 15.65.090, 15.65.120, 15.65.170, 15.65.180, 15.65.200, 15.65.220, 15.65.230, 15.65.235, 15.65.240, 15.65.250, 15.65.260, 15.65.270, 15.65.280, 15.65.375, 15.65.380, 15.65.430, 15.65.450, 15.65.570, 15.66.010, 15.66.030, 15.66.050, 15.66.060, 15.66.070, 15.66.090, 15.66.110, 15.66.120, 15.66.130, 15.66.140, 15.66.180, 15.66.185, 15.66.245, 15.66.260, 42.17.31907, 16.67.030, 16.67.120, 16.67.122, 16.44.010, 16.44.020, 16.44.035, 16.44.038, 16.44.060, 16.44.070, 16.44.080, 16.44.085, 16.44.110, 16.44.140, 16.44.150, 16.28.010, 15.28.020, 15.28.110, 15.28.130, 15.28.250, 15.88.050, 15.76.150, 15.24.010, 15.24.020, 15.24.040, 15.24.050, 15.24.070, 15.24.080, 15.24.085, 15.24.090, 15.24.100, 15.24.110, 15.24.160, 15.24.170, 15.24.800, 15.24.802, 15.24.806, 15.24.808, 15.24.812, 15.24.818, 15.24.900, 15.26.130, and 15.26.250; adding new sections to chapter 15.65 RCW; adding new sections to chapter 15.66 RCW; adding new sections to chapter 15.26 RCW; adding new sections to chapter 15.28 RCW; adding new sections to chapter 15.44 RCW; adding new sections to chapter 43.23 RCW; adding a new section to chapter 15.88 RCW; adding new sections to chapter 15.24 RCW; adding new sections to chapter 15.88 RCW; adding new sections to chapter 16.67 RCW; adding new sections to chapter 15.24 RCW; adding new sections to chapter 15.88 RCW; creating a new section; repealing RCW 15.65.030, 15.65.080, 15.65.460, 15.65.405, 15.66.020, 16.67.020, 15.44.037, 15.44.900, and 15.28.900; prescribing penalties; providing an effective date; providing an expiration date; and declaring an emergency."

SENATE AMENDMENTS TO HOUSE BILL

March 6, 2002

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2765, with the following amendment(s):
Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 84.34.020 and 2001 c 249 s 12 are each amended to read as follows:
As used in this chapter, unless a different meaning is required by the context:
(1) "Open space land" means (a) any land area so designated by an official comprehensive land use plan adopted by any city or county and zoned accordingly, or (b) any land area, the preservation of which in its present use would (i) conserve and enhance natural or scenic resources, or (ii) protect streams or water supply, or (iii) promote conservation of soils, wetlands, beaches or tidal marshes, or (iv) enhance the value to the public of abutting or neighboring parks, forests, wildlife preserves, nature reservations or sanctuaries or other open space, or (v) enhance recreation opportunities, or (vi) preserve historic sites, or (vii) preserve visual quality along highway, road, and street corridors or scenic vistas, or (viii) retain in its natural state tracts of land not less than one acre situated in an urban area and open to public use on such conditions as may be reasonably required by the legislative body granting the open space classification, or (c) any land meeting the definition of farm and agricultural conservation land under subsection (8) of this section. As a condition of granting open space classification, the legislative body may not require public access on land classified under (b)(iii) of this subsection for the purpose of promoting conservation of wetlands.
(2) "Farm and agricultural land" means:
(a) Any parcel of land that is twenty or more acres or multiple parcels of land that are contiguous and total twenty or more acres:
(i) Devoted primarily to the production of livestock or agricultural commodities for commercial purposes;
(ii) Enrolled in the federal conservation reserve program or its successor administered by the United States department of agriculture; or
(iii) Other similar commercial activities as may be established by rule;
(b) Any parcel of land that is five acres or more but less than twenty acres devoted primarily to agricultural uses, which has produced a gross income from agricultural uses equivalent to, as of January 1, 1993:
(i) One hundred dollars or more per acre per year for three of the five calendar years preceding the date of application for classification under this chapter for all parcels of land that are classified under this subsection or all parcels of land for which an application for classification under this subsection is made with the granting authority prior to January 1, 1993; and
(ii) On or after January 1, 1993, two hundred dollars or more per acre per year for three of the five calendar years preceding the date of application for classification under this chapter;
(c) Any parcel of land of less than five acres devoted primarily to agricultural uses which has produced a gross income as of January 1, 1993, of:
(i) One thousand dollars or more per year for three of the five calendar years preceding the date of application for classification under this chapter for all parcels of land that are classified under this subsection or all parcels of land for which an application for classification under this subsection is made with the granting authority prior to January 1, 1993; and
(ii) On or after January 1, 1993, fifteen hundred dollars or more per year for three of the five calendar years preceding the date of application for classification under this chapter.
(d) Any lands including incidental uses as are compatible with agricultural purposes, including wetlands preservation, provided such incidental use does not exceed twenty percent of the classified land and the land on which appurtenances necessary to the production, preparation, or sale of the agricultural products exist in conjunction with the lands producing such products. Agricultural lands shall also include any parcel of land of one to five acres, which is not contiguous, but which otherwise constitutes an integral part of farming operations being conducted on land qualifying under this section as "farm and agricultural lands"; or
(e) The land on which housing for employees and the principal place of residence of the farm operator or owner of land classified pursuant to (a) of this subsection is sited if: The housing or
residence is on or contiguous to the classified parcel; and the use of the housing or the residence is integral to the use of the classified land for agricultural purposes.

(3) "Timber land" means any parcel of land that is five or more acres or multiple parcels of land that are contiguous and total five or more acres which is or are devoted primarily to the growth and harvest of timber for commercial purposes. (A timber management plan shall be filed with the county legislative authority at the time (a) an application is made for classification as timber land pursuant to this chapter or (b) when a sale or transfer of timber land occurs and a notice of classification continuance is signed.) Timber land means the land only.

(4) "Current" or "currently" means as of the date on which property is to be listed and valued by the assessor.

(5) "Owner" means the party or parties having the fee interest in land, except that where land is subject to real estate contract "owner" shall mean the contract vendee.

(6) "Contiguous" means land adjoining and touching other property held by the same ownership. Land divided by a public road, but otherwise an integral part of a farming operation, shall be considered contiguous.

(7) "Granting authority" means the appropriate agency or official who acts on an application for classification of land pursuant to this chapter.

(8) "Farm and agricultural conservation land" means either:

(a) Land that was previously classified under subsection (2) of this section, that no longer meets the criteria of subsection (2) of this section, and that is reclassified under subsection (1) of this section; or

(b) Land that is traditional farmland that is not classified under chapter 84.33 or 84.34 RCW, that has not been irrevocably devoted to a use inconsistent with agricultural uses, and that has a high potential for returning to commercial agriculture.

Sec. 2. RCW 84.34.041 and 1992 c 69 s 20 are each amended to read as follows:

An application for current use classification or reclassification under RCW 84.34.020(3) shall be made to the county legislative authority.

(1) The application shall be made upon forms prepared by the department of revenue and supplied by the granting authority and shall include the following elements that constitute a timber management plan:

(a) A legal description of, or assessor's parcel numbers for, all land the applicant desires to be classified as timber land;

(b) The date or dates of acquisition of the land;

(c) A brief description of the timber on the land, or if the timber has been harvested, the owner's plan for restocking;

(d) Whether there is a forest management plan for the land;

(e) If so, the nature and extent of implementation of the plan;

(f) Whether the land is used for grazing;

(g) Whether the land has been subdivided or a plat filed with respect to the land;

(h) Whether the land and the applicant are in compliance with the restocking, forest management, fire protection, insect and disease control, weed control, and forest debris provisions of Title 76 RCW or applicable rules under Title 76 RCW;

(i) Whether the land is subject to forest fire protection assessments pursuant to RCW 76.04.610;

(j) Whether the land is subject to a lease, option, or other right that permits it to be used for a purpose other than growing and harvesting timber;

(k) A summary of the past experience and activity of the applicant in growing and harvesting timber;

(l) A summary of current and continuing activity of the applicant in growing and harvesting timber;

(m) A statement that the applicant is aware of the potential tax liability involved when the land ceases to be classified as timber land.
(2) An application made for classification of land under RCW 84.34.020(3) shall be acted upon after a public hearing and after notice of the hearing is given by one publication in a newspaper of general circulation in the area at least ten days before the hearing. Application for classification of land in an incorporated area shall be acted upon by a granting authority composed of three members of the county legislative body and three members of the city legislative body in which the land is located.

(3) The granting authority shall act upon the application with due regard to all relevant evidence and without any one or more items of evidence necessarily being determinative, except that the application may be denied for one of the following reasons, without regard to other items:

(a) The land does not contain a stand of timber as defined in chapter 76.09 RCW and applicable rules, except this reason shall not alone be sufficient to deny the application (i) if the land has been recently harvested or supports a growth of brush or noncommercial type timber, and the application includes a plan for restocking within three years or the longer period necessitated by unavailability of seed or ((seedlings [seedlings])) seedlings, or (ii) if only isolated areas within the land do not meet minimum standards due to rock outcroppings, swamps, unproductive soil, or other natural conditions;

(b) The applicant, with respect to the land, has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control, weed control, and forest debris provisions of Title 76 RCW or applicable rules under Title 76 RCW;

(c) The land abuts a body of salt water and lies between the line of ordinary high tide and a line paralleling the ordinary high tide line and two hundred feet horizontally landward from the high tide line.

(4) The timber management plan must be filed with the county legislative authority either: (a) When an application for classification under this chapter is submitted; (b) when a sale or transfer of timber land occurs and a notice of continuance is signed; or (c) within sixty days of the date the application for reclassification under this chapter or from designated forest land is received. The application for reclassification shall be accepted, but shall not be processed until the timber management plan is received. If the timber management plan is not received within sixty days of the date the application for reclassification is received, the application for reclassification shall be denied.

If circumstances require it, the county assessor may allow in writing an extension of time for submitting a timber management plan when an application for classification or reclassification of a notice of continuance is filed. When the assessor approves an extension of time for filing the timber management plan, the county legislative authority may delay processing an application until the timber management plan is received. If the timber management plan is not received by the date set by the assessor, the application or the notice of continuance shall be denied.

The granting authority may approve the application with respect to only part of the land that is described in the application, and if any part of the application is denied, the applicant may withdraw the entire application. The granting authority, in approving in part or whole an application for land classified pursuant to RCW 84.34.020(3), may also require that certain conditions be met.

Granting or denial of an application for current use classification is a legislative determination and shall be reviewable only for arbitrary and capricious actions. The granting authority may not require the granting of easements for land classified pursuant to RCW 84.34.020(3). The granting authority shall approve or disapprove an application made under this section within six months following the date the application is received."

On page 1, line 1 of the title, after "lands;" strike the remainder of the title and insert "and amending RCW 84.34.020 and 84.34.041."

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2380, with the following amendments:

On page 2, after line 34, insert the following:

"Sec. 2. RCW 13.40.040 and 1999 c 167 s 2 are each amended to read as follows:

1. A juvenile may be taken into custody:
   (a) Pursuant to a court order if a complaint is filed with the court alleging, and the court finds probable cause to believe, that the juvenile has committed an offense or has violated terms of a disposition order or release order; or
   (b) Without a court order, by a law enforcement officer if grounds exist for the arrest of an adult in identical circumstances. Admission to, and continued custody in, a court detention facility shall be governed by subsection (2) of this section; or
   (c) Pursuant to a court order that the juvenile be held as a material witness; or
   (d) Where the secretary or the secretary’s designee has suspended the parole of a juvenile offender.

2. A juvenile may not be held in detention unless there is probable cause to believe that:
   (a) The juvenile has committed an offense or has violated the terms of a disposition order; and
   (i) The juvenile will likely fail to appear for further proceedings; or
   (ii) Detention is required to protect the juvenile from himself or herself; or
   (iii) The juvenile is a threat to community safety; or
   (iv) The juvenile will intimidate witnesses or otherwise unlawfully interfere with the administration of justice; or
   (v) The juvenile has committed a crime while another case was pending; or
   (b) The juvenile is a fugitive from justice; or
   (c) The juvenile’s parole has been suspended or modified; or
   (d) The juvenile is a material witness.

3. Notwithstanding subsection (2) of this section, and within available funds, a juvenile who has been found guilty of one of the following offenses shall be detained pending disposition: Rape in the first or second degree (RCW 9A.44.040 and 9A.44.050); rape of a child in the first, second, or third degree (RCW 9A.44.073, 9A.44.076, and 9A.44.079); or child molestation in the first, second, or third degree (RCW 9A.44.083, 9A.44.086, and 9A.44.089).

4. Upon a finding that members of the community have threatened the health of a juvenile taken into custody, at the juvenile’s request the court may order continued detention pending further order of the court.

5. Except as provided in RCW 9.41.280, a juvenile detained under this section may be released upon posting a probation bond set by the court. The juvenile’s parent or guardian may sign for the probation bond. A court authorizing such a release shall issue an order containing a statement of conditions imposed upon the juvenile and shall set the date of his or her next court appearance. The court shall advise the juvenile of any conditions specified in the order and may at any time amend such
an order in order to impose additional or different conditions of release upon the juvenile or to return the juvenile to custody for failing to conform to the conditions imposed. In addition to requiring the juvenile to appear at the next court date, the court may condition the probation bond on the juvenile’s compliance with conditions of release. The juvenile’s parent or guardian may notify the court that the juvenile has failed to conform to the conditions of release or the provisions in the probation bond. If the parent notifies the court of the juvenile’s failure to comply with the probation bond, the court shall notify the surety. As provided in the terms of the bond, the surety shall provide notice to the court of the offender’s noncompliance. A juvenile may be released only to a responsible adult or the department of social and health services. Failure to appear on the date scheduled by the court pursuant to this section shall constitute the crime of bail jumping."

Renumber the remaining section consecutively.

On page 1, line 1 of the title, after "to" strike all material through "72.01.410;" on line 2, and insert "children offenders; amending RCW 72.01.410 and 13.40.040;"

There being no objection, the House refused to concur in the Senate Amendment to House Bill No. 2380 and asked the Senate to recede therefrom.

SENATE AMENDMENTS TO HOUSE BILL

March 7, 2002

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1411, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 70.105D.010 and 1994 c 254 s 1 are each amended to read as follows:

(1) Each person has a fundamental and inalienable right to a healthful environment, and each person has a responsibility to preserve and enhance that right. The beneficial stewardship of the land, air, and waters of the state is a solemn obligation of the present generation for the benefit of future generations.

(2) A healthful environment is now threatened by the irresponsible use and disposal of hazardous substances. There are hundreds of hazardous waste sites in this state, and more will be created if current waste practices continue. Hazardous waste sites threaten the state’s water resources, including those used for public drinking water. Many of our municipal landfills are current or potential hazardous waste sites and present serious threats to human health and environment. The costs of eliminating these threats in many cases are beyond the financial means of our local governments and ratepayers. The main purpose of chapter 2, Laws of 1989 is to raise sufficient funds to clean up all hazardous waste sites and to prevent the creation of future hazards due to improper disposal of toxic wastes into the state’s land and waters.

(3) Many farmers and small business owners who have followed the law with respect to their uses of pesticides and other chemicals nonetheless may face devastating economic consequences because their uses have contaminated the environment or the water supplies of their neighbors. With a source of funds, the state may assist these farmers and business owners, as well as those persons who sustain damages, such as the loss of their drinking water supplies, as a result of the contamination.

(4) It is in the public’s interest to efficiently use our finite land base, to integrate our land use planning policies with our clean-up policies, and to clean up and reuse contaminated industrial properties in order to minimize industrial development pressures on undeveloped land and to make clean land available for future social use.

(5) Because it is often difficult or impossible to allocate responsibility among persons liable for hazardous waste sites and because it is essential that sites be cleaned up well and expeditiously, each responsible person should be liable jointly and severally.

(6) Because releases of hazardous substances can adversely affect the health and welfare of the public, the environment, and property values, it is in the public interest that affected communities be
notified of where releases of hazardous substances have occurred and what is being done to clean them up.

NEW SECTION. Sec. 2. A new section is added to chapter 70.105D RCW to read as follows:

(1) Except as provided in subsection (5) of this section, any owner or operator of a facility that is actively transitioning from operating under a federal permit for treatment, storage, or disposal of hazardous waste issued under 42 U.S.C. Sec. 6925 to operating under the provisions of this chapter, who has information that a hazardous substance has been released to the environment at the owner or operator’s facility that may be a threat to human health or the environment, shall issue a notice to the department within ninety days. The notice shall include a description of any remedial actions planned, completed, or underway.

(2) The notice must be posted in a visible, publicly accessible location on the facility, to remain in place until all remedial actions except confirmational monitoring are complete.

(3) After receiving the notice from the facility, the department must review the notice and mail a summary of its contents, along with any additional information deemed appropriate by the department, to:

(a) Each residence and landowner of a residence whose property boundary is within three hundred feet of the boundary of the property where the release occurred or if the release occurred from a pipeline or other facility that does not have a property boundary, within three hundred feet of the actual release;

(b) Each business and landowner of a business whose property boundary is within three hundred feet of the boundary of the property where the release occurred;

(c) Each residence, landowner of a residence, and business with a property boundary within the area where hazardous substances have come to be located as a result of the release;

(d) Neighborhood associations and community organizations representing an area within one mile of the facility and recognized by the city or county with jurisdiction within this area;

(e) The city, county, and local health district with jurisdiction within the areas described in (a), (b), and (c) of this subsection; and

(f) The department of health.

(4) A notice produced by a facility shall provide the following information:

(a) The common name of any hazardous substances released and, if available, the chemical abstract service registry number of these substances;

(b) The address of the facility where the release occurred;

(c) The date the release was discovered;

(d) The cause and date of the release, if known;

(e) The remedial actions being taken or planned to address the release;

(f) The potential health and environmental effects of the hazardous substances released; and

(g) The name, address, and telephone number of a contact person at the facility where the release occurred.

(5) The following releases are exempt from the notification requirements in this section:

(a) Application of pesticides and fertilizers for their intended purposes and according to label instructions;

(b) The lawful and nonnegligent use of hazardous household substances by a natural person for personal or domestic purposes;

(c) The discharge of hazardous substances in compliance with permits issued under chapter 70.94, 90.48, or 90.56 RCW;

(d) De minimis amounts of any hazardous substance leaked or discharged onto the ground;

(e) The discharge of hazardous substances to a permitted waste water treatment facility or from a permitted waste water collection system or treatment facility as allowed by a facility’s discharge permit;

(f) Any releases originating from a single-family or multifamily residence, including but not limited to the discharge of oil from a residential home heating oil tank with the capacity of five hundred gallons or less;

(g) Any spill on a public road, street, or highway or to surface waters of the state that has previously been reported to the United States coast guard and the state division of emergency management under chapter 90.56 RCW;

(h) Any release of hazardous substances to the air;
(i) Any release that occurs on agricultural land, including land used to grow trees for the commercial production of wood or wood fiber, that is at least five acres in size, when the effects of the release do not come within three hundred feet of any property boundary. For the purposes of this subsection, agricultural land includes incidental uses that are compatible with agricultural or silvicultural purposes, including, but not limited to, land used for the housing of the owner, operator, or employees, structures used for the storage or repair of equipment, machinery, and chemicals, and any paths or roads on the land; and

(j) Releases that, before the effective date of this section, have been previously reported to the department, or remediated in compliance with a settlement agreement under RCW 70.105D.040(4) or enforcement order or agreed order issued under this chapter or have been the subject of an opinion from the department under RCW 70.105D.030(1)(i) that no further remedial action is required.

An exemption from the notification requirements of this section does not exempt the owner or operator of a facility from any other notification or reporting requirements, or imply a release from liability under this chapter.

(6) If a significant segment of the community to be notified speaks a language other than English, an appropriate translation of the notice must also be posted and mailed to the department in accordance with the requirements of this section.

(7) The facility where the release occurred is responsible for reimbursing the department within thirty days for the actual costs associated with the production and mailing of the notices under this section.

Sec. 3. RCW 70.105D.030 and 2001 c 291 s 401 are each amended to read as follows:

(1) The department may exercise the following powers in addition to any other powers granted by law:

(a) Investigate, provide for investigating, or require potentially liable persons to investigate any releases or threatened releases of hazardous substances, including but not limited to inspecting, sampling, or testing to determine the nature or extent of any release or threatened release. If there is a reasonable basis to believe that a release or threatened release of a hazardous substance may exist, the department’s authorized employees, agents, or contractors may enter upon any property and conduct investigations. The department shall give reasonable notice before entering property unless an emergency prevents such notice. The department may by subpoena require the attendance or testimony of witnesses and the production of documents or other information that the department deems necessary;

(b) Conduct, provide for conducting, or require potentially liable persons to conduct remedial actions (including investigations under (a) of this subsection) to remedy releases or threatened releases of hazardous substances. In carrying out such powers, the department’s authorized employees, agents, or contractors may enter upon property. The department shall give reasonable notice before entering property unless an emergency prevents such notice. In conducting, providing for, or requiring remedial action, the department shall give preference to permanent solutions to the maximum extent practicable and shall provide for or require adequate monitoring to ensure the effectiveness of the remedial action;

(c) Indemnify contractors retained by the department for carrying out investigations and remedial actions, but not for any contractor’s reckless or wilful misconduct;

(d) Carry out all state programs authorized under the federal cleanup law and the federal resource, conservation, and recovery act, 42 U.S.C. Sec. 6901 et seq., as amended;

(e) Classify substances as hazardous substances for purposes of RCW 70.105D.020(7) and classify substances and products as hazardous substances for purposes of RCW 82.21.020(1);

(f) Issue orders or enter into consent decrees or agreed orders that include, or issue written opinions under (i) of this subsection that may be conditioned upon, deed restrictions where necessary to protect human health and the environment from a release or threatened release of a hazardous substance from a facility. Prior to establishing a deed restriction under this subsection, the department shall notify and seek comment from a city or county department with land use planning authority for real property subject to a deed restriction;

(g) Enforce the application of permanent and effective institutional controls that are necessary for a remedial action to be protective of human health and the environment and the notification requirements established in section 2 of this act, and impose penalties for violations of that section consistent with RCW 70.105D.050;
(h) Require holders to conduct remedial actions necessary to abate an imminent or substantial endangerment pursuant to RCW 70.105D.020(12)(b)(ii)(C);

(i) Provide informal advice and assistance to persons regarding the administrative and technical requirements of this chapter. This may include site-specific advice to persons who are conducting or otherwise interested in independent remedial actions. Any such advice or assistance shall be advisory only, and shall not be binding on the department. As a part of providing this advice and assistance for independent remedial actions, the department may prepare written opinions regarding whether the independent remedial actions or proposals for those actions meet the substantive requirements of this chapter or whether the department believes further remedial action is necessary at the facility. The department may collect, from persons requesting advice and assistance, the costs incurred by the department in providing such advice and assistance; however, the department shall, where appropriate, waive collection of costs in order to provide an appropriate level of technical assistance in support of public participation. The state, the department, and officers and employees of the state are immune from all liability, and no cause of action of any nature may arise from any act or omission in providing, or failing to provide, informal advice and assistance; and

(j) Take any other actions necessary to carry out the provisions of this chapter, including the power to adopt rules under chapter 34.05 RCW.

(2) The department shall immediately implement all provisions of this chapter to the maximum extent practicable, including investigative and remedial actions where appropriate. The department shall adopt, and thereafter enforce, rules under chapter 34.05 RCW to:

(a) Provide for public participation, including at least (i) public notice of the development of investigative plans or remedial plans for releases or threatened releases and (ii) concurrent public notice of all compliance orders, agreed orders, enforcement orders, or notices of violation;

(b) Establish a hazard ranking system for hazardous waste sites;

(c) Provide for requiring the reporting by an owner or operator of releases of hazardous substances to the environment that may be a threat to human health or the environment within ninety days of discovery, including such exemptions from reporting as the department deems appropriate, however this requirement shall not modify any existing requirements provided for under other laws;

(d) Establish reasonable deadlines not to exceed ninety days for initiating an investigation of a hazardous waste site after the department receives notice or otherwise receives information that the site may pose a threat to human health or the environment and other reasonable deadlines for remediating releases or threatened releases at the site;

(e) Publish and periodically update minimum cleanup standards for remedial actions at least as stringent as the cleanup standards under section 121 of the federal cleanup law, 42 U.S.C. Sec. 9621, and at least as stringent as all applicable state and federal laws, including health-based standards under state and federal law; and

(f) Apply industrial clean-up standards at industrial properties. Rules adopted under this subsection shall ensure that industrial properties cleaned up to industrial standards cannot be converted to nonindustrial uses without approval from the department. The department may require that a property cleaned up to industrial standards is cleaned up to a more stringent applicable standard as a condition of conversion to a nonindustrial use. Industrial clean-up standards may not be applied to industrial properties where hazardous substances remaining at the property after remedial action pose a threat to human health or the environment in adjacent nonindustrial areas.

(3) Before November 1st of each even-numbered year, the department shall develop, with public notice and hearing, and submit to the ways and means and appropriate standing environmental committees of the senate and house of representatives a ranked list of projects and expenditures recommended for appropriation from both the state and local toxics control accounts. The department shall also provide the legislature and the public each year with an accounting of the department’s activities supported by appropriations from the state toxics control account, including a list of known hazardous waste sites and their hazard rankings, actions taken and planned at each site, and the condition of conversion to a nonindustrial use. Industrial clean-up standards may not be applied to industrial properties where hazardous substances remaining at the property after remedial action pose a threat to human health or the environment in adjacent nonindustrial areas.

(4) The department shall establish a scientific advisory board to render advice to the department with respect to the hazard ranking system, cleanup standards, remedial actions, deadlines for remedial actions, monitoring, the classification of substances as hazardous substances for purposes of RCW 70.105D.020(7) and the classification of substances or products as hazardous substances for purposes of RCW 82.21.020(1). The board shall consist of five independent members to serve staggered three-
year terms. No members may be employees of the department. Members shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.

(5) The department shall establish a program to identify potential hazardous waste sites and to encourage persons to provide information about hazardous waste sites.

Sec. 4. RCW 70.105D.050 and 1994 c 257 s 12 are each amended to read as follows:

(1) With respect to any release, or threatened release, for which the department does not conduct or contract for conducting remedial action and for which the department believes remedial action is in the public interest, the director shall issue orders or agreed orders requiring potentially liable persons to provide the remedial action. Any liable person who refuses, without sufficient cause, to comply with an order or agreed order of the director is liable in an action brought by the attorney general for:

(a) Up to three times the amount of any costs incurred by the state as a result of the party's refusal to comply; and

(b) A civil penalty of up to twenty-five thousand dollars for each day the party refuses to comply.

The treble damages and civil penalty under this subsection apply to all recovery actions filed on or after March 1, 1989.

(2) Any person who incurs costs complying with an order issued under subsection (1) of this section may petition the department for reimbursement of those costs. If the department refuses to grant reimbursement, the person may within thirty days thereafter file suit and recover costs by proving that he or she was not a liable person under RCW 70.105D.040 and that the costs incurred were reasonable.

(3) The attorney general shall seek, by filing an action if necessary, to recover the amounts spent by the department for investigative and remedial actions and orders, and agreed orders, including amounts spent prior to March 1, 1989.

(4) The attorney general may bring an action to secure such relief as is necessary to protect human health and the environment under this chapter.

(5)(a) Any person may commence a civil action to compel the department to perform any nondiscretionary duty under this chapter. At least thirty days before commencing the action, the person must give notice of intent to sue, unless a substantial endangerment exists. The court may award attorneys' fees and other costs to the prevailing party in the action.

(b) Civil actions under this section and RCW 70.105D.060 may be brought in the superior court of Thurston county or of the county in which the release or threatened release exists.

(6) Any person who fails to provide notification of releases consistent with section 2 of this act or who submits false information is liable in an action brought by the attorney general for a civil penalty of up to five thousand dollars per day for each day the party refuses to comply.

NEW SECTION. Sec. 5. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 6. Sections 2 through 4 of this act take effect January 1, 2003."

On page 1, line 2 of the title, after "substances;" strike the remainder of the title and insert "amending RCW 70.105D.010, 70.105D.030, and 70.105D.050; adding a new section to chapter 70.105D RCW; and providing an effective date."

and the same are herewith transmitted.

NEW SECTION. Sec. 103. SCOPE OF ACT--CHOICE OF LAW. (1) This chapter governs every determination of parentage in this state.
(2) The court shall apply the law of this state to adjudicate the parent-child relationship. The applicable law does not depend on:
(a) The place of birth of the child; or
(b) The past or present residence of the child.
(3) This chapter does not create, enlarge, or diminish parental rights or duties under other law of this state.
(4) If a birth results under a surrogate parentage contract that is unenforceable under the law of this state, the parent-child relationship is determined as provided in sections 201 through 204 of this act.

NEW SECTION. Sec. 104. COURT OF THIS STATE. The superior courts of this state are authorized to adjudicate parentage under this chapter.

NEW SECTION. Sec. 105. PROTECTION OF PARTICIPANTS. Proceedings under this chapter are subject to other law of this state governing the health, safety, privacy, and liberty of a child or other individuals that could be jeopardized by disclosure of identifying information, including the address, telephone number, place of employment, social security number, and the child’s day-care facility and school.

NEW SECTION. Sec. 106. DETERMINATION OF MATERNITY. The provisions relating to determination of paternity may be applied to a determination of maternity.

ARTICLE 2
PARENT-CHILD RELATIONSHIP

NEW SECTION. Sec. 201. ESTABLISHMENT OF PARENT-CHILD RELATIONSHIP. (1) The mother-child relationship is established between a child and a woman by:
(a) The woman’s having given birth to the child, except as otherwise provided in RCW 26.26.210 through 26.26.260;
(b) An adjudication of the woman’s maternity;
(c) Adoption of the child by the woman;
(d) A valid surrogate parentage contract, under which the mother is an intended parent of the child, as provided in RCW 26.26.210 through 26.26.260; or
(e) An affidavit and physician’s certificate in a form prescribed by the department of health wherein the donor of ovum or surrogate gestation carrier sets forth her intent to be legally bound as the parent of a child or children born through alternative reproductive medical technology by filing the affidavit and physician’s certificate with the registrar of vital statistics within ten days after the date of the child’s birth pursuant to section 608 of this act.

(2) The father-child relationship is established between a child and a man by:
(a) An unrebutted presumption of the man’s paternity of the child under section 204 of this act;
(b) The man’s having signed an acknowledgment of paternity under sections 301 through 316 of this act, unless the acknowledgment has been rescinded or successfully challenged;
(c) An adjudication of the man’s paternity;
(d) Adoption of the child by the man;
(e) The man’s having consented to assisted reproduction by his wife under sections 601 through 607 of this act that resulted in the birth of the child; or
(f) A valid surrogate parentage contract, under which the father is an intended parent of the child, as provided in RCW 26.26.210 through 26.26.260.

NEW SECTION. Sec. 202. NO DISCRIMINATION BASED ON MARITAL STATUS. A child born to parents who are not married to each other has the same rights under the law as a child born to parents who are married to each other.

NEW SECTION. Sec. 203. CONSEQUENCES OF ESTABLISHMENT OF PARENTAGE. Unless parental rights are terminated, the parent-child relationship established under this chapter applies for all purposes, except as otherwise provided by other law of this state.

NEW SECTION. Sec. 204. PREASSUMPTION OF PATERNITY IN CONTEXT OF MARRIAGE. (1) A man is presumed to be the father of a child if:
(a) He and the mother of the child are married to each other and the child is born during the marriage;
(b) He and the mother of the child were married to each other and the child is born within three hundred days after the marriage is terminated by death, annulment, dissolution of marriage, legal separation, or declaration of invalidity;
(c) Before the birth of the child, he and the mother of the child married each other in apparent compliance with law, even if the attempted marriage is, or could be, declared invalid and the child is born during the invalid marriage or within three hundred days after its termination by death, annulment, dissolution of marriage, legal separation, or declaration of invalidity; or
(d) After the birth of the child, he and the mother of the child have married each other in apparent compliance with law, whether or not the marriage is, or could be declared invalid, and he voluntarily asserted his paternity of the child, and:
(i) The assertion is in a record filed with the state registrar of vital statistics;
(ii) Agreed to be and is named as the child’s father on the child’s birth certificate; or
(iii) Promised in a record to support the child as his own.

(2) A presumption of paternity established under this section may be rebutted only by an adjudication under sections 501 through 537 of this act.

ARTICLE 3
VOLUNTARY ACKNOWLEDGMENT OF PATERNITY

NEW SECTION. Sec. 301. ACKNOWLEDGMENT OF PATERNITY. The mother of a child and a man claiming to be the father of the child conceived as the result of his sexual intercourse with the mother may sign an acknowledgment of paternity with intent to establish the man’s paternity.

NEW SECTION. Sec. 302. EXECUTION OF ACKNOWLEDGMENT OF PATERNITY. (1) An acknowledgment of paternity must:
(a) Be in a record;
(b) Be signed under penalty of perjury by the mother and by the man seeking to establish his paternity;

(c) State that the child whose paternity is being acknowledged:
   (i) Does not have a presumed father, or has a presumed father whose full name is stated; and
   (ii) Does not have another acknowledged or adjudicated father;

(d) State whether there has been genetic testing and, if so, that the acknowledging man's claim of paternity is consistent with the results of the testing; and

(e) State that the signatories understand that the acknowledgment is the equivalent of a judicial adjudication of paternity of the child and that a challenge to the acknowledgment is permitted only under limited circumstances and is barred after two years.

(2) An acknowledgment of paternity is void if it:
   (a) States that another man is a presumed father, unless a denial of paternity signed by the presumed father is filed with the state registrar of vital statistics;
   (b) States that another man is an acknowledged or adjudicated father; or
   (c) Falsely denies the existence of a presumed, acknowledged, or adjudicated father of the child.

(3) A presumed father may sign an acknowledgment of paternity.

NEW SECTION. Sec. 303. DENIAL OF PATERNITY. A presumed father of a child may sign a denial of his paternity. The denial is valid only if:
   (1) An acknowledgment of paternity signed by another man is filed under section 305 of this act;
   (2) The denial is in a record, and signed under penalty of perjury; and
   (3) The presumed father has not previously:
      (a) Acknowledged his paternity, unless the previous acknowledgment has been rescinded under section 307 of this act or successfully challenged under section 308 of this act; or
      (b) Been adjudicated to be the father of the child.

NEW SECTION. Sec. 304. RULES FOR ACKNOWLEDGMENT AND DENIAL OF PATERNITY. (1) An acknowledgment of paternity and a denial of paternity may be contained in a single document or may be signed in counterparts, and may be filed separately or simultaneously.

   (2) An acknowledgment of paternity or a denial of paternity may be signed before the birth of the child.

   (3) An acknowledgment and denial of paternity, if any, take effect on the birth of the child or the filing of the document with the state registrar of vital statistics, whichever occurs later.

   (4) An acknowledgment or denial of paternity signed by a minor is valid if otherwise in compliance with this chapter.

NEW SECTION. Sec. 305. EFFECT OF ACKNOWLEDGMENT OR DENIAL OF PATERNITY. (1) Except as otherwise provided in sections 307 and 308 of this act, a valid acknowledgment of paternity filed with the state registrar of vital statistics is equivalent to an adjudication of paternity of a child and confers upon the acknowledged father all the rights and duties of a parent.

   (2) Except as otherwise provided in sections 307 and 308 of this act, a valid denial of paternity filed with the state registrar of vital statistics in conjunction with a valid acknowledgment of paternity is equivalent to an adjudication of the nonpaternity of the presumed father and discharges the presumed father from all of the rights and duties of a parent.

NEW SECTION. Sec. 306. FILING FEE. The state registrar of vital statistics may charge a fee for filing an acknowledgment or denial of paternity.

NEW SECTION. Sec. 307. PROCEEDING FOR RESCISSION. A signatory may rescind an acknowledgment or denial of paternity by commencing a court proceeding to rescind before the earlier of:
Sixty days after the effective date of the filing of the acknowledgment or denial, as provided in section 304 of this act; or

The date of the first hearing in a proceeding to which the signatory is a party before a court to adjudicate an issue relating to the child, including a proceeding that establishes support.

NEW SECTION.  Sec. 308. CHALLENGE AFTER EXPIRATION OF TIME FOR RESCISSION. (1) After the period for rescission under section 307 of this act has elapsed, a signatory of an acknowledgment or denial of paternity may commence a proceeding to challenge the acknowledgment or denial only:

(a) On the basis of fraud, duress, or material mistake of fact; and

(b) Within two years after the acknowledgment or denial is filed with the state registrar of vital statistics.

(2) A party challenging an acknowledgment or denial of paternity has the burden of proof.

NEW SECTION.  Sec. 309. PROCEDURE FOR RESCISSION OR CHALLENGE. (1) Every signatory to an acknowledgment or denial of paternity must be made a party to a proceeding to rescind or challenge the acknowledgment or denial.

(2) For the purpose of rescission of, or challenge to, an acknowledgment or denial of paternity, a signatory submits to personal jurisdiction of this state by signing the acknowledgment or denial, effective upon the filing of the document with the state registrar of vital statistics.

(3) Except for good cause shown, during the pendency of a proceeding to rescind or challenge an acknowledgment or denial of paternity, the court may not suspend the legal responsibilities of a signatory arising from an acknowledgment, including the duty to pay child support.

(4) A proceeding to rescind or to challenge an acknowledgment or denial of paternity must be conducted in the same manner as a proceeding to adjudicate parentage under sections 501 through 537 of this act.

(5) At the conclusion of a proceeding to rescind or challenge an acknowledgment or denial of paternity, the court shall order the state registrar of vital statistics to amend the birth record of the child, if appropriate.

NEW SECTION.  Sec. 310. RATIFICATION BARRED. A court or administrative agency conducting a judicial or administrative proceeding is not required or permitted to ratify an unchallenged acknowledgment of paternity.

NEW SECTION.  Sec. 311. FULL FAITH AND CREDIT. A court of this state shall give full faith and credit to an acknowledgment or denial of paternity effective in another state if the acknowledgment or denial has been signed and is otherwise in compliance with the law of the other state.

NEW SECTION.  Sec. 312. FORMS FOR ACKNOWLEDGMENT AND DENIAL OF PATERNITY. (1) To facilitate compliance with sections 301 through 311 of this act, the state registrar of vital statistics shall prescribe forms for the acknowledgment and the denial of paternity. The acknowledgment of paternity shall state, in prominent lettering, that signing the acknowledgment of paternity is equivalent to an adjudication of paternity and confers upon the acknowledged father all the rights and duties of a parent, such as the payment of child support, if the acknowledgment is not challenged or rescinded as prescribed under sections 303 through 309 of this act. The form shall include copies of the provisions in sections 303 through 309 of this act.

(2) A valid acknowledgment or denial of paternity is not affected by a later modification of the prescribed form.

NEW SECTION.  Sec. 313. RELEASE OF INFORMATION. The state registrar of vital statistics may release information relating to the acknowledgment or denial of paternity, not expressly sealed under a court order, to: (1) A signatory of the acknowledgment or denial or their attorneys of record; (2) the courts of this or any other state; (3) the agencies of this or any other state operating a
child support program under Title IV-D of the social security act; or (4) the agencies of this or any other state involved in a dependency determination for a child named in the acknowledgment or denial of paternity.

NEW SECTION. Sec. 314. ADOPTION OF RULES. The state registrar of vital statistics may adopt rules to implement sections 301 through 316 of this act.

NEW SECTION. Sec. 315. (1) Sections 301 through 316 of this act apply to all acknowledgments of paternity executed on or after July 1, 1997.
   (2) A man who executed an acknowledgment of paternity before July 1, 1997, is rebuttably identified as the father of the child named therein. Any dispute of the parentage, custody, visitation, or support of the child named therein shall be determined in a proceeding to adjudicate the child’s parentage commenced under sections 501 through 537 of this act.

NEW SECTION. Sec. 316. (1) After the period for rescission of an acknowledgment of paternity provided in section 307 of this act has passed, a parent executing an acknowledgment of paternity of the child named therein may commence a judicial proceeding for:
   (a) Making residential provisions or a parenting plan with regard to the minor child on the same basis as provided in chapter 26.09 RCW; or
   (b) Establishing a child support obligation under chapter 26.19 RCW and maintaining health insurance coverage under RCW 26.09.105.
   (2) Pursuant to RCW 26.09.010(3), a proceeding authorized by this section shall be entitled "In re the parenting and support of...."
   (3) Before the period for a challenge to the acknowledgment or denial of paternity has elapsed under section 308 of this act, the petitioner must specifically allege under penalty of perjury, to the best of the petitioner’s knowledge, that: (a) No man other than the man who executed the acknowledgment of paternity is the father of the child; (b) there is not currently pending a proceeding to adjudicate the parentage of the child or that another man is adjudicated the child’s father; and (c) the petitioner has provided notice of the proceeding to any other men who have claimed parentage of the child. Should the respondent or any other person appearing in the action deny the allegations, a permanent parenting plan or residential schedule may not be entered for the child without the matter being converted to a proceeding to challenge the acknowledgment of paternity under sections 308 and 309 of this act. A copy of the acknowledgment of paternity must be filed with the petition or response. The court may convert the matter to a proceeding to challenge the acknowledgment on its own motion.

ARTICLE 4
GENETIC TESTING

NEW SECTION. Sec. 401. SCOPE. Sections 402 through 411 of this act govern genetic testing of an individual only to determine parentage, whether the individual:
   (1) Voluntarily submits to testing; or
   (2) Is tested pursuant to an order of the court or a support enforcement agency.

NEW SECTION. Sec. 402. ORDER FOR TESTING. (1) Except as otherwise provided in this section and sections 403 through 537 of this act, the court shall order the child and other designated individuals to submit to genetic testing if the request for testing is supported by the sworn statement of a party to the proceeding:
(a) Alleging paternity and stating facts establishing a reasonable probability of the requisite
sexual contact between the individuals; or
(b) Denying paternity and stating facts establishing a possibility that sexual contact between the
individuals, if any, did not result in the conception of the child.
(2) A support enforcement agency may order genetic testing only if there is no presumed,
acknowledged, or adjudicated father.
(3) If a request for genetic testing of a child is made before birth, the court or support
enforcement agency may not order in utero testing.
(4) If two or more men are subject to court-ordered genetic testing, the testing may be ordered
concurrently or sequentially.

NEW SECTION. Sec. 403. REQUIREMENTS FOR GENETIC TESTING. (1) Genetic
testing must be of a type reasonably relied upon by experts in the field of genetic testing and performed
in a testing laboratory accredited by:
(a) The American association of blood banks, or a successor to its functions;
b) The American society for histocompatibility and immunogenetics, or a successor to its
functions; or
(c) An accrediting body designated by the United States secretary of health and human services.
(2) A specimen used in genetic testing may consist of one or more samples or a combination of
samples of blood, buccal cells, bone, hair, or other body tissue or fluid. The specimen used in the
testing need not be of the same kind for each individual undergoing genetic testing.
(3) Based on the ethnic or racial group of an individual, the testing laboratory shall determine
the data bases from which to select frequencies for use in the calculations. If there is disagreement as
to the testing laboratory’s choice, the following rules apply:
(a) The individual objecting may require the testing laboratory, within thirty days after receipt
of the report of the test, to recalculate the probability of paternity using an ethnic or racial group
different from that used by the laboratory.
(b) The individual objecting to the testing laboratory’s initial choice shall:
(i) If the frequencies are not available to the testing laboratory for the ethnic or racial group
requested, provide the requested frequencies compiled in a manner recognized by accrediting bodies;
or
(ii) Engage another testing laboratory to perform the calculations.
(c) The testing laboratory may use its own statistical estimate if there is a question regarding
which ethnic or racial group is appropriate. If available, the testing laboratory shall calculate the
frequencies using statistics for any other ethnic or racial group requested.
(4) If, after recalculation using a different ethnic or racial group, genetic testing does not
rebuttably identify a man as the father of a child under section 405 of this act, an individual who has
been tested may be required to submit to additional genetic testing.

NEW SECTION. Sec. 404. REPORT OF GENETIC TESTING. (1) The report of genetic
testing must be in a record and signed under penalty of perjury by a designee of the testing laboratory.
A report made under the requirements of this section is self-authenticating.
(2) Documentation from the testing laboratory of the following information is sufficient to
establish a reliable chain of custody that allows the results of genetic testing to be admissible without
testimony:
(a) The names and photographs of the individuals whose specimens have been taken;
(b) The names of the individuals who collected the specimens;
(c) The places and dates the specimens were collected;
d) The names of the individuals who received the specimens in the testing laboratory; and
e) The dates the specimens were received.

NEW SECTION. Sec. 405. GENETIC TESTING RESULTS--REBUTTAL. (1) Under this
chapter, a man is rebuttably identified as the father of a child if the genetic testing complies with this
section and sections 401 through 404 and 406 through 411 of this act and the results disclose that:
(a) The man has at least a ninety-nine percent probability of paternity, using a prior probability of 0.50, as calculated by using the combined paternity index obtained in the testing; and

(b) A combined paternity index of at least one hundred to one.

(2) A man identified under subsection (1) of this section as the father of the child may rebut the genetic testing results only by other genetic testing satisfying the requirements of this section and sections 401 through 404 and 406 through 411 of this act which:

(a) Excludes the man as a genetic father of the child; or

(b) Identifies another man as the father of the child.

(3) Except as otherwise provided in section 410 of this act, if more than one man is identified by genetic testing as the possible father of the child, the court shall order them to submit to further genetic testing to identify the genetic father.

NEW SECTION. Sec. 406. COSTS OF GENETIC TESTING. (1) Subject to assessment of costs under sections 501 through 537 of this act, the cost of initial genetic testing must be advanced:

(a) By a support enforcement agency in a proceeding in which the support enforcement agency is providing services;

(b) By the individual who made the request;

(c) As agreed by the parties; or

(d) As ordered by the court.

(2) In cases in which the cost is advanced by the support enforcement agency, the agency may seek reimbursement from a man who is rebuttably identified as the father.

NEW SECTION. Sec. 407. ADDITIONAL GENETIC TESTING. The court or the support enforcement agency shall order additional genetic testing upon the request of a party who contests the result of the original testing. If the previous genetic testing identified a man as the father of the child under section 405 of this act, the court or agency may not order additional testing unless the party provides advance payment for the testing.

NEW SECTION. Sec. 408. GENETIC TESTING WHEN SPECIMEN NOT AVAILABLE. (1) If a genetic testing specimen is not available from a man who may be the father of a child, for good cause and under circumstances the court considers to be just, a court may order the following individuals to submit specimens for genetic testing:

(a) The parents of the man;

(b) Brothers and sisters of the man;

(c) Other children of the man and their mothers; and

(d) Other relatives of the man necessary to complete genetic testing.

(2) If a specimen from the mother of a child is not available for genetic testing, the court may order genetic testing to proceed without a specimen from the mother.

(3) Issuance of an order under this section requires a finding that a need for genetic testing outweighs the legitimate interests of the individual sought to be tested.

NEW SECTION. Sec. 409. DECEASED INDIVIDUAL. For good cause shown, the court may order genetic testing of a deceased individual.

NEW SECTION. Sec. 410. IDENTICAL BROTHERS. (1) The court may order genetic testing of a brother of a man identified as the father of a child if the man is commonly believed to have an identical brother and evidence suggests that the brother may be the genetic father of the child.

(2) If genetic testing excludes none of the brothers as the genetic father, and each brother satisfies the requirements as the identified father of the child under section 405 of this act without consideration of another identical brother being identified as the father of the child, the court may rely on nongenetic evidence to adjudicate which brother is the father of the child.

NEW SECTION. Sec. 411. CONFIDENTIALITY OF GENETIC TESTING. (1) Release of the report of genetic testing for parentage is controlled by chapter 70.02 RCW.
(2) An individual commits a gross misdemeanor punishable under RCW 9.92.020 if the individual intentionally releases an identifiable specimen of another individual for any purpose other than that relevant to the proceeding regarding parentage without a court order or the written permission of the individual who furnished the specimen.

ARTICLE 5
PROCEEDING TO ADJUDICATE PARENTAGE

PART 1
NATURE OF PROCEEDING

NEW SECTION. Sec. 501. PROCEEDING AUTHORIZED. A civil proceeding may be maintained to adjudicate the parentage of a child. The proceeding is governed by the rules of civil procedure.

NEW SECTION. Sec. 502. STANDING TO MAINTAIN PROCEEDING. Subject to sections 301 through 316, 507, and 509 of this act, a proceeding to adjudicate parentage may be maintained by:

1. The child;
2. The mother of the child;
3. A man whose paternity of the child is to be adjudicated;
4. The division of child support;
5. An authorized adoption agency or licensed child-placing agency;
6. A representative authorized by law to act for an individual who would otherwise be entitled to maintain a proceeding but who is deceased, incapacitated, or a minor; or

NEW SECTION. Sec. 503. PARTIES TO PROCEEDING. The following individuals must be joined as parties in a proceeding to adjudicate parentage:

1. The mother of the child;
2. A man whose paternity of the child is to be adjudicated; and

NEW SECTION. Sec. 504. PERSONAL JURISDICTION. (1) An individual may not be adjudicated to be a parent unless the court has personal jurisdiction over the individual.

(2) A court of this state having jurisdiction to adjudicate parentage may exercise personal jurisdiction over a nonresident individual, or the guardian or conservator of the individual, if the conditions prescribed in RCW 26.21.075 are fulfilled.

(3) Lack of jurisdiction over one individual does not preclude the court from making an adjudication of parentage binding on another individual over whom the court has personal jurisdiction.

NEW SECTION. Sec. 505. VENUE. Venue for a proceeding to adjudicate parentage is in the county of this state in which:

1. The child resides or is found;
2. The respondent resides or is found if the child does not reside in this state; or
3. A proceeding for probate of the presumed or alleged father's estate has been commenced.
NEW SECTION. Sec. 506. NO LIMITATION: CHILD HAVING NO PRESUMED, ACKNOWLEDGED, OR ADJUDICATED FATHER. A proceeding to adjudicate the parentage of a child having no presumed, acknowledged, or adjudicated father may be commenced at any time during the life of the child, even after:

(1) The child becomes an adult; or

(2) An earlier proceeding to adjudicate paternity has been dismissed based on the application of a statute of limitation then in effect.

NEW SECTION. Sec. 507. LIMITATION: CHILD HAVING PRESUMED FATHER. (1) Except as otherwise provided in subsection (2) of this section, a proceeding brought by a presumed father, the mother, or another individual to adjudicate the parentage of a child having a presumed father must be commenced not later than two years after the birth of the child.

(2) A proceeding seeking to disprove the father-child relationship between a child and the child's presumed father may be maintained at any time if the court determines that:

(a) The presumed father and the mother of the child neither cohabited nor engaged in sexual intercourse with each other during the probable time of conception; and

(b) The presumed father never openly treated the child as his own.

NEW SECTION. Sec. 508. AUTHORITY TO DENY GENETIC TESTING. (1) In a proceeding to adjudicate parentage under circumstances described in section 507 of this act, a court may deny genetic testing of the mother, the child, and the presumed father if the court determines that:

(a) The conduct of the mother or the presumed father estops that party from denying parentage; and

(b) It would be inequitable to disprove the father-child relationship between the child and the presumed father.

(2) In determining whether to deny genetic testing under this section, the court shall consider the best interest of the child, including the following factors:

(a) The length of time between the proceeding to adjudicate parentage and the time that the presumed father was placed on notice that he might not be the genetic father;

(b) The length of time during which the presumed father has assumed the role of father of the child;

(c) The facts surrounding the presumed father's discovery of his possible nonpaternity;

(d) The nature of the father-child relationship;

(e) The age of the child;

(f) The harm to the child which may result if presumed paternity is successfully disproved;

(g) The relationship of the child to any alleged father;

(h) The extent to which the passage of time reduces the chances of establishing the paternity of another man and a child support obligation in favor of the child; and

(i) Other factors that may affect the equities arising from the disruption of the father-child relationship between the child and the presumed father or the chance of other harm to the child.

(3) In a proceeding involving the application of this section, the child must be represented by a guardian ad litem.

(4) A denial of genetic testing must be based on clear and convincing evidence.

(5) If the court denies genetic testing, it shall issue an order adjudicating the presumed father to be the father of the child.

NEW SECTION. Sec. 509. LIMITATION: CHILD HAVING ACKNOWLEDGED OR ADJUDICATED FATHER. (1) If a child has an acknowledged father, a signatory to the acknowledgment or denial of paternity must commence any proceeding seeking to rescind or challenge the paternity of that child only within the time allowed under section 307 or 308 of this act.

(2) If a child has an acknowledged father or an adjudicated father, an individual, other than the child, who is neither a signatory to the acknowledgment nor a party to the adjudication and who seeks an adjudication of paternity of the child must commence a proceeding not later than two years after the effective date of the acknowledgment or adjudication.
NEW SECTION. Sec. 510. JOINDER OF PROCEEDINGS. (1) Except as provided in subsection (2) of this section, a proceeding to adjudicate parentage may be joined with a proceeding for: Adoption or termination of parental rights under chapter 26.33 RCW; determination of a parenting plan, child support, annulment, dissolution of marriage, or legal separation under chapter 26.09 or 26.19 RCW; or probate or administration of an estate under chapter 11.48 or 11.54 RCW, or other appropriate proceeding.

(2) A respondent may not join the proceedings described in subsection (1) of this section with a proceeding to adjudicate parentage brought under chapter 26.21 RCW.

NEW SECTION. Sec. 511. PROCEEDING BEFORE BIRTH. Although a proceeding to determine parentage may be commenced before the birth of the child, the proceeding may not be concluded until after the birth of the child. The following actions may be taken before the birth of the child:

(1) Service of process;
(2) Discovery;
(3) Except as prohibited by section 402 of this act, collection of specimens for genetic testing; and
(4) Temporary orders authorized under section 524 of this act.

NEW SECTION. Sec. 512. CHILD AS PARTY--REPRESENTATION. (1) A minor child is a permissible party, but is not a necessary party to a proceeding under sections 501 through 537 of this act.

(2) If the child is a party, or if the court finds that the interests of a minor child or incapacitated child are not adequately represented, the court shall appoint a guardian ad litem to represent the child, subject to RCW 74.20.310 neither the child’s mother or father may represent the child as guardian or otherwise.

PART 2
SPECIAL RULES FOR PROCEEDING TO ADJUDICATE PARENTAGE

NEW SECTION. Sec. 521. ADMISSIBILITY OF RESULTS OF GENETIC TESTING--EXPENSES. (1) Except as otherwise provided in subsection (3) of this section, a record of a genetic testing expert is admissible as evidence of the truth of the facts asserted in the report unless a party objects to its admission within fourteen days after its receipt by the objecting party and cites specific grounds for exclusion. The admissibility of the report is not affected by whether the testing was performed:

(a) Voluntarily or under an order of the court or a support enforcement agency; or
(b) Before or after the commencement of the proceeding.

(2) A party objecting to the results of genetic testing may call one or more genetic testing experts to testify in person or by telephone, videoconference, deposition, or another method approved by the court. Unless otherwise ordered by the court, the party offering the testimony bears the expense for the expert testifying.

(3) If a child has a presumed, acknowledged, or adjudicated father, the results of genetic testing are inadmissible to adjudicate parentage unless performed:

(a) With the consent of both the mother and the presumed, acknowledged, or adjudicated father; or
(b) Under an order of the court under section 402 of this act.

(4) Copies of bills for genetic testing and for prenatal and postnatal health care for the mother and child that are furnished to the adverse party not less than ten days before the date of a hearing are admissible to establish:

(a) The amount of the charges billed; and
(b) That the charges were reasonable, necessary, and customary.

NEW SECTION. Sec. 522. CONSEQUENCES OF DECLINING GENETIC TESTING. (1) An order for genetic testing is enforceable by contempt.
(2) If an individual whose paternity is being determined declines to submit to genetic testing as ordered by the court, the court may on that basis adjudicate parentage contrary to the position of that individual.
(3) Genetic testing of the mother of a child is not a condition precedent to testing the child and a man whose paternity is being determined. If the mother is unavailable or declines to submit to genetic testing, the court may order the testing of the child and every man whose paternity is being adjudicated.

NEW SECTION. Sec. 523. ADMISSION OF PATERNITY AUTHORIZED. (1) A respondent in a proceeding to adjudicate parentage may admit to the paternity of a child by filing a pleading to that effect or by admitting paternity under penalty of perjury when making an appearance or during a hearing.
(2) If the court finds that the admission of paternity was made under this section and finds that there is no reason to question the admission, the court shall issue an order adjudicating the child to be the child of the man admitting paternity.

NEW SECTION. Sec. 524. TEMPORARY ORDER. This section applies to any proceeding under sections 501 through 537 of this act.
(1) The court shall issue a temporary order for support of a child if the individual ordered to pay support:
(a) Is a presumed father of the child;
(b) Is petitioning to have his paternity adjudicated or has admitted paternity in pleadings filed with the court;
(c) Is identified as the father through genetic testing under section 405 of this act;
(d) Has declined to submit to genetic testing but is shown by clear and convincing evidence to be the father of the child; or
(e) Is the mother of the child.
(2) A temporary order may, on the same basis as provided in chapter 26.09 RCW, make residential provisions with regard to minor children of the parties, except that a parenting plan is not required unless requested by a parent.
(3) Any party may request the court to issue a temporary restraining order or preliminary injunction, providing relief proper in the circumstances, and restraining or enjoining any party from:
(a) Molesting or disturbing the peace of another party;
(b) Going onto the grounds of or entering the home, workplace, or school of another party or the day care or school of any child;
(c) Knowingly coming within, or knowingly remaining within, a specified distance from a specified location; and
(d) Removing a child from the jurisdiction of the court.
(4) Either party may request a domestic violence protection order under chapter 26.50 RCW or an antiharassment protection order under chapter 10.14 RCW on a temporary basis. The court may grant any of the relief provided in RCW 26.50.060 except relief pertaining to residential provisions for the children which provisions shall be provided for under this chapter, and any of the relief provided in RCW 10.14.080. Ex parte orders issued under this subsection shall be effective for a fixed period not to exceed fourteen days, or upon court order, not to exceed twenty-four days if necessary to ensure that all temporary motions in the case can be heard at the same time.
(5) Restraining orders issued under this section restraining or enjoining the person from molesting or disturbing another party, or from going onto the grounds of or entering the home, workplace, or school of the other party or the day care or school of any child, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location, shall prominently bear on the front page of the order the legend: VIOLATION OF THIS ORDER WITH
ACTUAL NOTICE OF ITS TERMS IS A CRIMINAL OFFENSE UNDER CHAPTER 26.50 RCW AND WILL SUBJECT A VIOLATOR TO ARREST.

(6) The court shall order that any temporary restraining order bearing a criminal offense legend, any domestic violence protection order, or any antiharassment protection order granted under this section be forwarded by the clerk of the court on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the order, the law enforcement agency shall enter the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. The order is fully enforceable in any county in the state.

(7) If a restraining order issued pursuant to this section is modified or terminated, the clerk of the court shall notify the law enforcement agency specified in the order on or before the next judicial day. Upon receipt of notice that an order has been terminated, the law enforcement agency shall remove the order from any computer-based criminal intelligence system.

(8) The court may issue a temporary restraining order without requiring notice to the other party only if it finds on the basis of the moving affidavit or other evidence that irreparable injury could result if an order is not issued until the time for responding has elapsed.

(9) The court may issue a temporary restraining order or preliminary injunction and an order for temporary support in such amounts and on such terms as are just and proper in the circumstances. In issuing the order, the court shall consider the provisions of RCW 9.41.800.

(10) A temporary order, temporary restraining order, or preliminary injunction:
    (a) Does not prejudice the rights of a party or any child which are to be adjudicated at subsequent hearings in the proceeding;
    (b) May be revoked or modified;
    (c) Terminates when the final order is entered or when the petition is dismissed; and
    (d) May be entered in a proceeding for the modification of an existing order.

(11) A support debt owed to the state for public assistance expenditures which has been charged against a party pursuant to RCW 74.20A.040 and/or 74.20A.055 shall not be merged in, or otherwise extinguished by, the final decree or order, unless the office of support enforcement has been given notice of the final proceeding and an opportunity to present its claim for the support debt to the court and has failed to file an affidavit as provided in this subsection. Notice of the proceeding shall be served upon the office of support enforcement personally, or by certified mail, and shall be given no fewer than thirty days prior to the date of the final proceeding. An original copy of the notice shall be filed with the court either before service or within a reasonable time thereafter. The office of support enforcement may present its claim, and thereby preserve the support debt, by filing an affidavit setting forth the amount of the debt with the court, and by mailing a copy of the affidavit to the parties or their attorney prior to the date of the final proceeding.

PART 3

HEARINGS AND ADJUDICATION

NEW SECTION. Sec. 531. RULES FOR ADJUDICATION OF PATERNITY. The court shall apply the following rules to adjudicate the paternity of a child:

(1) The paternity of a child having a presumed, acknowledged, or adjudicated father may be disproved only by admissible results of genetic testing excluding that man as the father of the child or identifying another man to be the father of the child.

(2) Unless the results of genetic testing are admitted to rebut other results of genetic testing, the man identified as the father of the child under section 405 of this act must be adjudicated the father of the child.
(3) If the court finds that genetic testing under section 405 of this act neither identifies nor excludes a man as the father of a child, the court may not dismiss the proceeding. In that event, the results of genetic testing, along with other evidence, are admissible to adjudicate the issue of paternity.

(4) Unless the results of genetic testing are admitted to rebut other results of genetic testing, a man excluded as the father of a child by genetic testing must be adjudicated not to be the father of the child.

NEW SECTION. Sec. 532. JURY PROHIBITED. The court, without a jury, shall adjudicate parentage of a child.

NEW SECTION. Sec. 533. HEARINGS--INSPECTION OF RECORDS. (1) On request of a party and for good cause shown, the court may close a proceeding under this section and sections 501 through 532 and 534 through 537 of this act.

(2) A final order in a proceeding under this section and sections 501 through 532 and 534 through 537 of this act is available for public inspection. Other papers and records are available only with the consent of the parties or on order of the court for good cause.

NEW SECTION. Sec. 534. ORDER ON DEFAULT. The court shall issue an order adjudicating the paternity of a man who:

(1) After service of process, is in default; and

(2) Is found by the court to be the father of a child.

NEW SECTION. Sec. 535. DISMISSAL FOR WANT OF PROSECUTION. The court may issue an order dismissing a proceeding commenced under this chapter for want of prosecution only without prejudice. An order of dismissal for want of prosecution with prejudice is void and may be challenged in another judicial or an administrative proceeding.

NEW SECTION. Sec. 536. ORDER ADJUDICATING PARENTAGE. (1) The court shall issue an order adjudicating whether a man alleged or claiming to be the father is the parent of the child.

(2) An order adjudicating parentage must identify the child by name and age.

(3) Except as otherwise provided in subsection (4) of this section, the court may assess filing fees, reasonable attorneys’ fees, fees for genetic testing, other costs, and necessary travel and other reasonable expenses incurred in a proceeding under this section and sections 501 through 535 and 537 of this act. The court may award attorneys’ fees, which may be paid directly to the attorney, who may enforce the order in the attorney’s own name.

(4) The court may not assess fees, costs, or expenses against the support enforcement agency of this state or another state, except as provided by other law.

(5) On request of a party and for good cause shown, the court may order that the name of the child be changed.

(6) If the order of the court is at variance with the child’s birth certificate, the court shall order the state registrar of vital statistics to issue an amended birth certificate.

NEW SECTION. Sec. 537. BINDING EFFECT OF DETERMINATION OF PARENTAGE. (1) Except as otherwise provided in subsection (2) of this section, a determination of parentage is binding on:

(a) All signatories to an acknowledgment or denial of paternity as provided in sections 301 through 316 of this act; and

(b) All parties to an adjudication by a court acting under circumstances that satisfy the jurisdictional requirements of RCW 26.21.075.

(2) A child is not bound by a determination of parentage under this chapter unless:

(a) The acknowledgment of paternity is consistent with the results of the genetic testing;

(b) The adjudication of parentage was based on a finding consistent with the results of genetic testing and the consistency is declared in the determination or is otherwise shown; or

(c) The child was represented in the proceeding determining parentage by a guardian ad litem.
In a proceeding to dissolve a marriage, the court is deemed to have made an adjudication of the parentage of a child if the court acts under circumstances that satisfy the jurisdictional requirements of RCW 26.21.075, and the final order:

(a) Expressly identifies a child as a "child of the marriage," "issue of the marriage," or similar words indicating that the husband is the father of the child; or

(b) Provides for support of the child by the husband unless paternity is specifically disclaimed in the order.

Except as otherwise provided in subsection (2) of this section, a determination of parentage may be a defense in a subsequent proceeding seeking to adjudicate parentage by an individual who was not a party to the earlier proceeding.

A party to an adjudication of paternity may challenge the adjudication only under law of this state relating to appeal, vacation of judgments, and other judicial review.

ARTICLE 6
CHILD OF ASSISTED REPRODUCTION

NEW SECTION. Sec. 601. SCOPE OF ARTICLE. Sections 602 through 609 of this act do not apply to the birth of a child conceived by means of sexual intercourse.

NEW SECTION. Sec. 602. PARENTAL STATUS OF DONOR. A donor is not a parent of a child conceived by means of assisted reproduction.

NEW SECTION. Sec. 603. HUSBAND'S PATERNITY OF CHILD OF ASSISTED REPRODUCTION. If a husband provides sperm for, or consents to, assisted reproduction by his wife as provided in section 604 of this act, he is the father of a resulting child born to his wife.

NEW SECTION. Sec. 604. CONSENT TO ASSISTED REPRODUCTION. (1) A consent to assisted reproduction by a married woman must be in a record signed by the woman and her husband. This requirement does not apply to the donation of eggs for assisted reproduction by another woman.

(2) Failure of the husband to sign a consent required by subsection (1) of this section, before or after birth of the child, does not preclude a finding that the husband is the father of a child born to his wife if the wife and husband openly treated the child as their own.

NEW SECTION. Sec. 605. LIMITATION ON HUSBAND'S DISPUTE OF PATERNITY. (1) Except as otherwise provided in subsection (2) of this section, the husband of a wife who gives birth to a child by means of assisted reproduction may not challenge his paternity of the child unless:

(a) Within two years after learning of the birth of the child he commences a proceeding to adjudicate his paternity; and

(b) The court finds that he did not consent to the assisted reproduction, before or after birth of the child.

(2) A proceeding to adjudicate paternity may be maintained at any time if the court determines that:

(a) The husband did not provide sperm for, or before or after the birth of the child consent to, assisted reproduction by his wife;

(b) The husband and the mother of the child have not cohabited since the probable time of assisted reproduction; and

(c) The husband never openly treated the child as his own.

(3) The limitation provided in this section applies to a marriage declared invalid after assisted reproduction.

NEW SECTION. Sec. 606. EFFECT OF DISSOLUTION OF MARRIAGE. (1) If a marriage is dissolved before placement of eggs, sperm, or an embryo, the former spouse is not a parent
of the resulting child unless the former spouse consented in a record that if assisted reproduction were to occur after a divorce, the former spouse would be a parent of the child.

(2) The consent of the former spouse to assisted reproduction may be revoked by that individual in a record at any time before placement of eggs, sperm, or embryos.

NEW SECTION. Sec. 607. PARENTAL STATUS OF DECEASED SPOUSE. If a spouse dies before placement of eggs, sperm, or an embryo, the deceased spouse is not a parent of the resulting child unless the deceased spouse consented in a record that if assisted reproduction were to occur after death, the deceased spouse would be a parent of the child.

NEW SECTION. Sec. 608. EFFECT OF AGREEMENT BETWEEN OVUM DONOR AND WOMAN WHO GIVES BIRTH. The donor of ovum provided to a licensed physician for use in the alternative reproductive medical technology process of attempting to achieve a pregnancy in a woman other than the donor is treated in law as if she were not the natural mother of a child thereafter conceived and born unless the donor and the woman who gives birth to a child as a result of the alternative reproductive medical technology procedures agree in writing that the donor is to be a parent. Section 602 of this act does not apply in such case. A woman who gives birth to a child conceived through alternative reproductive medical technology procedures under the supervision and with the assistance of a licensed physician is treated in law as if she were the natural mother of the child unless an agreement in writing signed by an ovum donor and the woman giving birth to the child states otherwise. An agreement pursuant to this section must be in writing and signed by the ovum donor and the woman who gives birth to the child and any other intended parent of the child. The physician shall certify the parties' signatures and the date of the ovum harvest, identify the subsequent medical procedures undertaken, and identify the intended parents. The agreement, including the affidavit and certification referenced in RCW 26.26.030, must be filed with the registrar of vital statistics, where it must be kept confidential and in a sealed file.

NEW SECTION. Sec. 609. ISSUANCE OF BIRTH CERTIFICATE. The department of health shall, upon request, issue a birth certificate for any child born as a result of an alternative reproductive medical technology procedure indicating the legal parentage of such child as intended by any agreement filed with the registrar of vital statistics pursuant to section 608 of this act.

ARTICLE 7
MISCELLANEOUS PROVISIONS

Sec. 701. RCW 5.44.140 and 1990 c 175 s 1 are each amended to read as follows: In any proceeding regarding the determination of a family relationship, including but not limited to the parent and child relationship and the marriage relationship, a determination of family relationships regarding any person or persons who immigrated to the United States from a foreign country which was made or accepted by the United States immigration and naturalization service at the time of that person or persons' entry into the United States creates a rebuttable presumption that the determination is valid and that the family relationship under foreign law is as made or accepted at the time of entry. Except as provided in ((RCW 26.26.040 (1)(f) and (2)), section 204(2) of this act, the presumption may be overcome by a preponderance of evidence showing that a living person other than the person named by the United States immigration and naturalization service is in the relationship in question.

Sec. 702. RCW 5.62.030 and 1986 c 212 s 2 are each amended to read as follows: Notwithstanding anything to the contrary in this chapter, the privilege created in this chapter is subject to the same limitations and exemptions contained in RCW ((26.26.120)) 26.44.060(3)(e) and
51.04.050 as those limitations and exemptions relate to the physician/patient privilege of RCW 5.60.060.

**Sec. 703.** RCW 9.41.070 and 1999 c 222 s 2 are each amended to read as follows:

(1) The chief of police of a municipality or the sheriff of a county shall within thirty days after the filing of an application of any person, issue a license to such person to carry a pistol concealed on his or her person within this state for five years from date of issue, for the purposes of protection or while engaged in business, sport, or while traveling. However, if the applicant does not have a valid permanent Washington driver’s license or Washington state identification card or has not been a resident of the state for the previous consecutive ninety days, the issuing authority shall have up to sixty days after the filing of the application to issue a license. The issuing authority shall not refuse to accept completed applications for concealed pistol licenses during regular business hours.

The applicant’s constitutional right to bear arms shall not be denied, unless:

(a) He or she is ineligible to possess a firearm under the provisions of RCW 9.41.040 or 9.41.045;
(b) The applicant’s concealed pistol license is in a revoked status;
(c) He or she is under twenty-one years of age;
(d) He or she is subject to a court order or injunction regarding firearms pursuant to RCW 9A.46.080, 10.14.080, 10.99.040, 10.99.045, 26.09.050, 26.09.060, 26.10.040, 26.10.115, 26.26.130, (26.26.137), 26.50.060, (26.50.070, or section 524 of this act);
(e) He or she is free on bond or personal recognizance pending trial, appeal, or sentencing for a felony offense;
(f) He or she has an outstanding warrant for his or her arrest from any court of competent jurisdiction for a felony or misdemeanor; or

(g) He or she has been ordered to forfeit a firearm under RCW 9.41.098(1)(e) within one year before filing an application to carry a pistol concealed on his or her person.

No person convicted of a felony may have his or her right to possess firearms restored or his or her privilege to carry a concealed pistol restored, unless the person has been granted relief from disabilities by the secretary of the treasury under 18 U.S.C. Sec. 925(c), or RCW 9.41.040 (3) or (4) applies.

(2) The issuing authority shall check with the national crime information center, the Washington state patrol electronic data base, the department of social and health services electronic data base, and with other agencies or resources as appropriate, to determine whether the applicant is ineligible under RCW 9.41.040 or 9.41.045 to possess a firearm and therefore ineligible for a concealed pistol license. This subsection applies whether the applicant is applying for a new concealed pistol license or to renew a concealed pistol license.

(3) Any person whose firearms rights have been restricted and who has been granted relief from disabilities by the secretary of the treasury under 18 U.S.C. Sec. 925(c) or who is exempt under 18 U.S.C. Sec. 921(a)(20)(A) shall have his or her right to acquire, receive, transfer, ship, transport, carry, and possess firearms in accordance with Washington state law restored except as otherwise prohibited by this chapter.

(4) The license application shall bear the full name, residential address, telephone number at the option of the applicant, date and place of birth, race, gender, description, not more than two complete sets of fingerprints, and signature of the licensee, and the licensee’s driver’s license number or state identification card number if used for identification in applying for the license. A signed application for a concealed pistol license shall constitute a waiver of confidentiality and written request that the department of social and health services, mental health institutions, and other health care facilities release information relevant to the applicant’s eligibility for a concealed pistol license to an inquiring court or law enforcement agency.

The application for an original license shall include two complete sets of fingerprints to be forwarded to the Washington state patrol.

The license and application shall contain a warning substantially as follows:
CAUTION: Although state and local laws do not differ, federal law and state law on the possession of firearms differ. If you are prohibited by federal law from possessing a firearm, you may be prosecuted in federal court. A state license is not a defense to a federal prosecution.

The license shall contain a description of the major differences between state and federal law and an explanation of the fact that local laws and ordinances on firearms are preempted by state law and must be consistent with state law. The application shall contain questions about the applicant’s eligibility under RCW 9.41.040 to possess a pistol, the applicant’s place of birth, and whether the applicant is a United States citizen. The applicant shall not be required to produce a birth certificate or other evidence of citizenship. A person who is not a citizen of the United States shall meet the additional requirements of RCW 9.41.170 and produce proof of compliance with RCW 9.41.170 upon application. The license shall be in triplicate and in a form to be prescribed by the department of licensing.

The original thereof shall be delivered to the licensee, the duplicate shall within seven days be sent to the director of licensing and the triplicate shall be preserved for six years, by the authority issuing the license.

The department of licensing shall make available to law enforcement and corrections agencies, in an on-line format, all information received under this subsection.

(5) The nonrefundable fee, paid upon application, for the original five-year license shall be thirty-six dollars plus additional charges imposed by the Federal Bureau of Investigation that are passed on to the applicant. No other state or local branch or unit of government may impose any additional charges on the applicant for the issuance of the license.

The fee shall be distributed as follows:
(a) Fifteen dollars shall be paid to the state general fund;
(b) Four dollars shall be paid to the agency taking the fingerprints of the person licensed;
(c) Fourteen dollars shall be paid to the issuing authority for the purpose of enforcing this chapter; and
(d) Three dollars to the firearms range account in the general fund.

(6) The nonrefundable fee for the renewal of such license shall be thirty-two dollars. No other branch or unit of government may impose any additional charges on the applicant for the renewal of the license.

The renewal fee shall be distributed as follows:
(a) Fifteen dollars shall be paid to the state general fund;
(b) Fourteen dollars shall be paid to the issuing authority for the purpose of enforcing this chapter; and
(c) Three dollars to the firearms range account in the general fund.

(7) The nonrefundable fee for replacement of lost or damaged licenses is ten dollars to be paid to the issuing authority.

(8) Payment shall be by cash, check, or money order at the option of the applicant. Additional methods of payment may be allowed at the option of the issuing authority.

(9) A licensee may renew a license if the licensee applies for renewal within ninety days before or after the expiration date of the license. A license so renewed shall take effect on the expiration date of the prior license. A licensee renewing after the expiration date of the license must pay a late renewal penalty of ten dollars in addition to the renewal fee specified in subsection (6) of this section. The fee shall be distributed as follows:
(a) Three dollars shall be deposited in the state wildlife fund and used exclusively first for the printing and distribution of a pamphlet on the legal limits of the use of firearms, firearms safety, and the preemptive nature of state law, and subsequently the support of volunteer instructors in the basic firearms safety training program conducted by the department of fish and wildlife. The pamphlet shall be given to each applicant for a license; and
(b) Seven dollars shall be paid to the issuing authority for the purpose of enforcing this chapter.

(10) Notwithstanding the requirements of subsections (1) through (9) of this section, the chief of police of the municipality or the sheriff of the county of the applicant’s residence may issue a
temporary emergency license for good cause pending review under subsection (1) of this section. However, a temporary emergency license issued under this subsection shall not exempt the holder of the license from any records check requirement. Temporary emergency licenses shall be easily distinguishable from regular licenses.

(11) A political subdivision of the state shall not modify the requirements of this section or chapter, nor may a political subdivision ask the applicant to voluntarily submit any information not required by this section.

(12) A person who knowingly makes a false statement regarding citizenship or identity on an application for a concealed pistol license is guilty of false swearing under RCW 9A.72.040. In addition to any other penalty provided for by law, the concealed pistol license of a person who knowingly makes a false statement shall be revoked, and the person shall be permanently ineligible for a concealed pistol license.

(13) A person may apply for a concealed pistol license:
(a) To the municipality or to the county in which the applicant resides if the applicant resides in a municipality;
(b) To the county in which the applicant resides if the applicant resides in an unincorporated area; or
(c) Anywhere in the state if the applicant is a nonresident.

Sec. 704. RCW 9.41.800 and 1996 c 295 s 14 are each amended to read as follows:
(1) Any court when entering an order authorized under RCW 9A.46.080, 10.14.080, 10.99.040, 10.99.045, 26.09.050, 26.09.060, 26.10.040, 26.10.115, 26.26.130, 26.50.060, 26.50.070, or section 524 of this act shall, upon a showing by clear and convincing evidence, that a party has: Used, displayed, or threatened to use a firearm or other dangerous weapon in a felony, or previously committed any offense that makes him or her ineligible to possess a firearm under the provisions of RCW 9.41.040:
(a) Require the party to surrender any firearm or other dangerous weapon;
(b) Require the party to surrender any concealed pistol license issued under RCW 9.41.070;
(c) Prohibit the party from obtaining or possessing a firearm or other dangerous weapon;
(d) Prohibit the party from obtaining or possessing a concealed pistol license.

(a) Require the party to surrender any firearm or other dangerous weapon;
(b) Require the party to surrender a concealed pistol license issued under RCW 9.41.070;
(c) Prohibit the party from obtaining or possessing a firearm or other dangerous weapon;
(d) Prohibit the party from obtaining or possessing a concealed pistol license.
(3) The court may order temporary surrender of a firearm or other dangerous weapon without notice to the other party if it finds, on the basis of the moving affidavit or other evidence, that irreparable injury could result if an order is not issued until the time for response has elapsed.
(4) In addition to the provisions of subsections (1), (2), and (3) of this section, the court may enter an order requiring a party to comply with the provisions in subsection (1) of this section if it finds that the possession of a firearm or other dangerous weapon by any party presents a serious and imminent threat to public health or safety, or to the health or safety of any individual.
(5) The requirements of subsections (1), (2), and (4) of this section may be for a period of time less than the duration of the order.
(6) The court may require the party to surrender any firearm or other dangerous weapon in his or her immediate possession or control or subject to his or her immediate possession or control to the sheriff of the county having jurisdiction of the proceeding, the chief of police of the municipality having jurisdiction, or to the restrained or enjoined party’s counsel or to any person designated by the court.
Sec. 705. RCW 74.20.310 and 1991 c 367 s 45 are each amended to read as follows:
(1) The provisions of ((RCW 26.26.090)) section 512 of this act requiring appointment of a (general guardian or) guardian ad litem to represent the child in an action brought to determine the parent and child relationship do not apply to actions brought under chapter 26.26 RCW if:
   (a) The action is brought by the attorney general on behalf of the department of social and health services and the child; or
   (b) The action is brought by any prosecuting attorney on behalf of the state and the child when referral has been made to the prosecuting attorney by the department of social and health services requesting such action.
(2) On the issue of parentage, the attorney general or prosecuting attorney functions as the child's guardian ad litem provided the interests of the state and the child are not in conflict.
(3) The court, on its own motion or on motion of a party, may appoint a guardian ad litem when necessary.
(4) The summons shall contain a notice to the parents that pursuant to section 512 of this act the parents have a right to move the court for a guardian ad litem for the child other than the prosecuting attorney or the attorney general subject to subsection (2) of this section.

Sec. 706. RCW 74.20.360 and 1997 c 58 s 901 are each amended to read as follows:
(1) The division of child support may issue an order for genetic testing when providing services under this chapter and Title IV-D of the federal social security act if genetic testing:
   (a) Is appropriate in an action under chapter 26.26 RCW, the uniform parentage act;
   (b) Is appropriate in an action to establish support under RCW 74.20A.056; or
   (c) Would assist the parties or the division of child support in determining whether it is appropriate to proceed with an action to establish or disestablish paternity.
(2) The order for genetic testing shall be served on the alleged parent or parents and the legal parent by personal service or by any form of mail requiring a return receipt.
(3) Within twenty days of the date of service of an order for genetic testing, any party required to appear for genetic testing, the child, or a guardian on the child's behalf, may petition in superior court under chapter 26.26 RCW to bar or postpone genetic testing.
(4) The order for genetic testing shall contain:
   (a) An explanation of the right to proceed in superior court under subsection (3) of this section;
   (b) Notice that if no one proceeds under subsection (3) of this section, the agency issuing the order will schedule genetic testing and will notify the parties of the time and place of testing by regular mail;
   (c) Notice that the parties must keep the agency issuing the order for genetic testing informed of their residence address and that mailing a notice of time and place for genetic testing to the last known address of the parties by regular mail constitutes valid service of the notice of time and place;
   (d) Notice that the order for genetic testing may be enforced through:
      (i) Public assistance grant reduction for noncooperation, pursuant to agency rule, if the child and custodian are receiving public assistance;
      (ii) Termination of support enforcement services under Title IV-D of the federal social security act if the child and custodian are not receiving public assistance;

Sec. 707. RCW 74.20A.056 and 1997 c 58 s 941 are each amended to read as follows:
(1) If an alleged father has signed an affidavit acknowledging paternity which has been filed with the state registrar of vital statistics before July 1, 1997, the division of child support may serve a
(a) The alleged father may file an application for an adjudicative proceeding at which he will be required to appear and show cause why the amount stated in the finding of financial responsibility as to support is incorrect and should not be ordered;

(b) An alleged father may request that a blood or genetic test be administered to determine whether such test would exclude him from being a natural parent and, if not excluded, may subsequently request that the division of child support initiate an action in superior court to determine the existence of the parent-child relationship; and

(c) If the alleged father does not request that a blood or genetic test be administered or file an application for an adjudicative proceeding, the amount of support stated in the notice and finding of parental responsibility shall become final, subject only to a subsequent determination under ((RCW 26.26.060)) sections 501 through 537 of this act that the parent-child relationship does not exist.

(2) An alleged father who objects to the amount of support requested in the notice or who requests genetic tests may file an application for an adjudicative proceeding up to twenty days after the date the notice was served. An application for an adjudicative proceeding may be filed within one year of service of the notice and finding of parental responsibility without the necessity for a showing of good cause or upon a showing of good cause thereafter. An adjudicative proceeding under this section shall be pursuant to RCW 74.20A.055. The only issues shall be the amount of the accrued debt, the amount of the current and future support obligation, and the reimbursement of the costs of blood or genetic tests if advanced by the department.

(3) If the application for an adjudicative proceeding is filed within twenty days of service of the notice, collection action shall be stayed pending a final decision by the department. If no application is filed within twenty days:

(a) The amounts in the notice shall become final and the debt created therein shall be subject to collection action; and

(b) Any amounts so collected shall neither be refunded nor returned if the alleged father is later found not to be a responsible parent.

(4) An alleged father who denies being a responsible parent may request that a blood or genetic test be administered at any time. The request for testing shall be in writing and served on the division of child support personally or by registered or certified mail. If a request for testing is made, the department shall arrange for the test and, pursuant to rules adopted by the department, may advance the cost of such testing. The department shall mail a copy of the test results by certified mail, return receipt requested, to the alleged father's last known address.

(5) If the test excludes the alleged father from being a natural parent, the division of child support shall file a copy of the results with the state registrar of vital statistics and shall dismiss any pending administrative collection proceedings based upon the affidavit in issue. The state registrar of vital statistics shall remove the alleged father's name from the birth certificate and change the child's surname to be the same as the mother's maiden name as stated on the birth certificate, or any other name which the mother may select.

(6) The alleged father may, within twenty days after the date of receipt of the test results, request the division of child support to initiate an action under ((RCW 26.26.060)) sections 501 through 537 of this act to determine the existence of the parent-child relationship. If the division of child support initiates a superior court action at the request of the alleged father and the decision of the court is that the alleged father is a natural parent, the alleged father shall be liable for court costs incurred.

(7) If the alleged father does not request the division of child support to initiate a superior court action, or if the alleged father fails to appear and cooperate with blood or genetic testing, the notice of parental responsibility shall become final for all intents and purposes and may be overturned only by a subsequent superior court order entered under ((RCW 26.26.060)) sections 501 through 537 of this act.
(8)(a) Subsections (1) through (7) of this section do not apply to acknowledgments of paternity filed with the state registrar of vital statistics after July 1, 1997.

(b) If an ((alleged)) acknowledged father has signed an ((affidavit acknowledging)) acknowledgment of paternity that has been filed with the state registrar of vital statistics after July 1, 1997((within sixty days from the date of filing of the acknowledgment)):  

(i) The division of child support may serve a notice and finding of ((parental responsibility on him as set forth under this section)) financial responsibility under RCW 74.20A.055 based on the acknowledgment. The division of child support shall attach a copy of the acknowledgment or certification of the birth record information advising of the existence of a filed acknowledgment of paternity to the notice; ((and))

(ii) The notice shall include a statement that the ((alleged)) acknowledged father or any other signatory may ((rescind his acknowledgment of paternity)). The rescission shall be notarized and delivered to the state registrar of vital statistics personally or by registered or certified mail. The state registrar shall remove the father’s name from the birth certificate and change the child’s surname to be the same as the mother’s maiden name as stated on the birth certificate or any other name that the mother may select. The state registrar shall file rescission notices in a sealed file. All future paternity actions on behalf of the child in question shall be performed under court order. ((commence a proceeding in court to rescind or challenge the acknowledgment or denial of paternity under sections 307 and 308 of this act; and))

(iii) The party commencing the action to rescind or challenge the acknowledgment or denial must serve notice on the division of child support and the office of the prosecuting attorney in the county in which the proceeding is commenced. Commencement of a proceeding to rescind or challenge the acknowledgment or denial stays the establishment of the notice and finding of financial responsibility, if the notice has not yet become a final order. ((

(((b))) (c) If the ((alleged)) acknowledged father or other party to the notice does not file an application for an adjudicative proceeding or ((rescind his)) the signatories to the acknowledgment or denial do not commence a proceeding to rescind or challenge the acknowledgment of paternity, the amount of support stated in the notice and finding of ((parental)) financial responsibility becomes final, subject only to a subsequent determination under ((RCW 26.26.060)) sections 501 through 537 of this act that the parent-child relationship does not exist. The division of child support does not refund nor return any amounts collected under a notice that becomes final under this section or RCW 74.20A.055, even if a court later determines that the acknowledgment is void.

(((d))) (d) An ((alleged)) acknowledged father or other party to the notice who objects to the amount of support requested in the notice may file an application for an adjudicative proceeding up to twenty days after the date the notice was served. An application for an adjudicative proceeding may be filed within one year of service of the notice and finding of parental responsibility without the necessity for a showing of good cause or upon a showing of good cause thereafter. An adjudicative proceeding under this section shall be pursuant to RCW 74.20A.055. The only issues shall be the amount of the accrued debt and the amount of the current and future support obligation.  

(i) If the application for an adjudicative proceeding is filed within twenty days of service of the notice, collection action shall be stayed pending a final decision by the department.  

(ii) If the application for an adjudicative proceeding is not filed within twenty days of the service of the notice, any amounts collected under the notice shall be neither refunded nor returned if the alleged father is later found not to be a responsible parent.  

(((d))) (d) If an alleged father makes a request for genetic testing, the department shall proceed as set forth under RCW 74.20.360.)

(e) If the ((alleged)) acknowledged father or other party to the notice does not request ((an)) a timely adjudicative proceeding, or if ((the acknowledged father fails to rescind his filed acknowledgment of paternity)) no timely action is brought to rescind or challenge the acknowledgment or denial after service of the notice, the notice of ((parental)) financial responsibility becomes final for all intents and purposes and may be overturned only by a subsequent superior court order entered under ((RCW 26.26.060)) sections 501 through 537 of this act.

(9) ((Affidavits acknowledging)) Acknowledgments of paternity that are filed after July 1, 1997, are subject to requirements of chapters 26.26, the uniform parentage act, and 70.58 RCW.
The department and the department of health may adopt rules to implement the requirements under this section.

Sec. 2. RCW 35.81.020 and 1965 c 7 s 35.81.020 are each amended to read as follows:

It is hereby found and declared that blighted areas which constitute a serious and growing menace, injurious to the public health, safety, morals and welfare of the residents of the state exist in municipalities of the state; that the existence of such areas contributes substantially and increasingly to the spread of disease and crime and depreciation of property values, constitutes an economic and social liability, substantially impairs or arrests the sound growth of municipalities, retards the provision of housing accommodations, hinders job creation and economic growth, aggravates traffic problems and substantially impairs or arrests the elimination of traffic hazards and the improvement of traffic facilities; and that the prevention and elimination of such areas is a matter of state policy and state concern in order that the state and its municipalities shall not continue to be endangered by areas which are focal centers of disease, promote juvenile delinquency, are conducive to fires, are difficult to police and to provide police protection for, and, while contributing little to the tax income of the state and its municipalities, consume an excessive proportion of its revenues because of the extra services required for police, fire, accident, hospitalization and other forms of public protection, services, and facilities.

It is further found and declared that certain of such areas, or portions thereof, may require acquisition, clearance, and disposition subject to use restrictions, as provided in this chapter, since the prevailing condition of decay may make impracticable the reclamation of the area by rehabilitation; that other areas or portions thereof may, through the means provided in this chapter, be susceptible of rehabilitation in such a manner that the conditions and evils hereinbefore enumerated may be eliminated, remedied or prevented; and that to the extent feasible salvable blighted areas should be rehabilitated through voluntary action and the regulatory process.

It is further found and declared that there is an urgent need to enhance the ability of municipalities to act effectively and expeditiously to revive blighted areas and to prevent further blight due to shocks to the economy of the state and their actual and threatened effects on unemployment, poverty, and the availability of private capital for businesses and projects in the area.

It is further found and declared that the powers conferred by this chapter are for public uses and purposes for which public money may be expended and the power of eminent domain exercised; and that the necessity in the public interest for the provisions herein enacted is hereby declared as a matter of legislative determination.

Sec. 3. RCW 35.81.030 and 1965 c 7 s 35.81.030 are each amended to read as follows:

A municipality, to the greatest extent it determines to be feasible in carrying out the provisions of this chapter, shall afford maximum opportunity, consistent with the needs of the municipality as a whole, to the rehabilitation or redevelopment of the community renewal area by private enterprise. A municipality shall give consideration to this objective in exercising its powers under this chapter, including the formulation of a workable program, the approval of community renewal plans (consistent with the comprehensive plan or parts thereof for the municipality), the exercise of its zoning powers, the enforcement of other laws, codes and regulations relating to the use of land and the use and occupancy of buildings and improvements, the disposition of any property acquired, and the provision of necessary public improvements.

Sec. 4. RCW 35.81.040 and 1965 c 7 s 35.81.040 are each amended to read as follows:

A municipality for the purposes of this chapter may formulate a workable program for using appropriate private and public resources to eliminate, and prevent the development or spread of, blighted areas, to encourage needed community rehabilitation, to provide for the
redevelopment of such areas, or to undertake ((such of)) the ((aforesaid)) activities, or other feasible municipal activities as may be suitably employed to achieve the objectives of ((such)) the workable program. ((Such)) The workable program may include, without limitation, provision for: The prevention of the spread of blight into areas of the municipality which are free from blight through diligent enforcement of housing, zoning, and occupancy controls and standards; the rehabilitation of blighted areas or portions thereof by replanning, removing congestion, providing parks, playgrounds and other public improvements, by encouraging voluntary rehabilitation and by compelling the repair and rehabilitation of deteriorated or deteriorating structures; ((and)) the replacement of housing that is lost as a result of community renewal activities within a community renewal area; the clearance and redevelopment of blighted areas or portions thereof; and the reduction of unemployment and poverty within the community renewal area by providing financial or technical assistance to a person or public body that is used to create or retain jobs, a substantial portion of which, as determined by the municipality, shall be for persons of low income.

Sec. 5. RCW 35.81.050 and 1965 c 7 s 35.81.050 are each amended to read as follows:
(1) No municipality shall exercise any of the powers hereafter conferred upon municipalities by this chapter until after its local governing body shall have adopted ((a)) an ordinance or resolution finding that: (((4))) (a) One or more blighted areas exist in such municipality; and (((2))) (b) the rehabilitation, redevelopment, or a combination thereof, of such area or areas is necessary in the interest of the public health, safety, morals, or welfare of the residents of such municipality.
(2) After adoption of the ordinance or resolution making the findings described in subsection (1) of this section, the local governing body of the municipality may elect to have the powers of a community renewal agency under this chapter exercised in one of the following ways:
(a) By appointing a board or commission composed of not less than five members, which board or commission shall include municipal officials and elected officials, selected by the mayor, with approval of the local governing body of the municipality; or
(b) By the local governing body of the municipality directly; or

Sec. 6. RCW 35.81.060 and 1965 c 7 s 35.81.060 are each amended to read as follows:
(1) A municipality shall not approve ((an urban)) a community renewal project for ((an urban)) a community renewal area unless the local governing body has, by ordinance or resolution, determined such an area to be a blighted area and designated ((such)) the area as appropriate for ((an urban)) a community renewal project. The local governing body shall not approve ((an urban)) a community renewal plan until a comprehensive plan or parts of ((such)) the plan for an area which would include ((an urban)) a community renewal area for the municipality have been prepared as provided in chapter 35.63 RCW. For this purpose and other municipal purposes, authority is hereby vested in every municipality to prepare, to adopt, and to revise from time to time, a comprehensive plan or parts thereof for the physical development of the municipality as a whole (giving due regard to the environs and metropolitan surroundings), to establish and maintain a planning commission for such purpose and related municipal planning activities, and to make available and to appropriate necessary funds therefor) 36.70A RCW. For municipalities not subject to the planning requirements of chapter 36.70A RCW, any proposed comprehensive plan must be consistent with a local comprehensive plan adopted under chapter 35.63 or 36.70 RCW, or any other applicable law. A municipality shall not acquire real property for ((an urban)) a community renewal project unless the local governing body has approved the ((urban)) community renewal project plan in accordance with subsection (4) ((hereof)) of this section.
(2) The municipality may itself prepare or cause to be prepared ((an urban)) a community renewal plan, or any person or agency, public or private, may submit such a plan to the municipality. Prior to its approval of ((an urban)) a community renewal project, the local governing body shall ((submit such plan to the planning commission of the municipality for review and recommendations as
to its conformity) review and determine the conformity of the community renewal plan with the comprehensive plan or parts thereof for the development of the municipality as a whole. (The planning commission shall submit its written recommendations with respect to the proposed urban renewal plan to the local governing body within sixty days after receipt of it. Upon receipt of the recommendations of the planning commission, or if no recommendations are received within sixty days, then without such recommendations, the local governing body may proceed with the hearing on the proposed urban renewal project plan prescribed by subsection (3) hereof) If the community renewal plan is not consistent with the existing comprehensive plan, the local governing body may amend its comprehensive plan or community renewal plan.

(3) Prior to adoption, the local governing body shall hold a public hearing on (an urban) a community renewal plan after providing public notice (thereof). (Such) The notice shall be given by publication once each week for two consecutive weeks not less than ten nor more than thirty days prior to the date of the hearing in a newspaper having a general circulation in the (urban) community renewal area of the municipality and by mailing a notice of (such) the hearing not less than ten days prior to the date of the hearing to the persons whose names appear on the county treasurer’s tax roll as the owner or reputed owner of the property, at the address shown on the tax roll. The notice shall describe the time, date, place, and purpose of the hearing, shall generally identify the (urban) community renewal area affected, and shall outline the general scope of the (urban) community renewal plan under consideration.

(4) Following (such) the hearing, the local governing body may approve (urban) a community renewal project if it finds that (a) a (workable and) feasible plan exists for making available adequate housing for the (persons) residents who may be displaced by the project; (b) the (urban) community renewal plan conforms to the comprehensive plan (or parts thereof) for the municipality (as a whole); (c) the (urban) community renewal plan will afford maximum opportunity, consistent with the (sound) needs of the municipality (as a whole), for the rehabilitation or redevelopment of the (urban) community renewal area by private enterprise; (d) a sound and adequate financial program exists for the financing of (said) the project; and (e) the (urban) community renewal project area is a blighted area as defined in RCW 35.81.010(2) (as recodified by this act).

(5) (An urban) A community renewal project plan may be modified at any time by the local governing body (provided, that) However, if modified after the lease or sale by the municipality of real property in the (urban) community renewal project area, (such) the modification shall be subject to (such) the rights at law or in equity as a lessee or purchaser, or (hence) the successor or successors in interest may be entitled to assert.

(6) (Upon the approval of an urban renewal project by a municipality, the provisions of the urban renewal plan with respect to the future use and building requirements applicable to the property covered by said plan shall be controlling with respect thereto) Unless otherwise expressly stated in an ordinance or resolution of the governing body of the municipality, a community renewal plan shall not be considered a subarea plan or part of a comprehensive plan for purposes of chapter 36.70A RCW. However, a municipality that has adopted a comprehensive plan under chapter 36.70A RCW may adopt all or part of a community renewal plan at any time as a new or amended subarea plan, whether or not any subarea plan has previously been adopted for all or part of the community renewal area. Any community renewal plan so adopted, unless otherwise determined by the growth management hearings board with jurisdiction under a timely appeal in RCW 36.70A.280, shall be conclusively presumed to comply with the requirements in this chapter for consistency with the comprehensive plan.

**Sec. 7.** RCW 35.81.070 and 1965 c 7 s 35.81.070 are each amended to read as follows:

Every municipality shall have all the powers necessary or convenient to carry out and effectuate the purposes and provisions of this chapter, including the following powers in addition to others (herein) granted under this chapter:

A municipality may include in any application or contract for financial assistance with the federal government for a community renewal project such conditions imposed pursuant to federal laws as the municipality may deem reasonable and appropriate which are not inconsistent with the purposes of this chapter.

(9) Within the municipality, to make or have made all plans necessary to the carrying out of the purposes of this chapter and to contract with any person, public or private, in making and carrying out such plans and to adopt or approve, modify, and amend such plans. The municipality is authorized to develop, test, and report methods and techniques, and carry out demonstrations and other activities, for the prevention and the elimination of blight, for job creation or retention activities, and to apply for, accept, and utilize grants of, funds from the federal government for such purposes.

(10) To prepare plans for the relocation of families displaced from a community renewal area, and to coordinate public and private agencies in such relocation, including requesting such assistance for this purpose as is available from other private and governmental agencies, both for the municipality and other parties.

(13) To contract with a person or public body to assist in carrying out the purposes of this chapter.

(14) To exercise all or any part or combination of powers herein granted.

Sec. 8. RCW 35.81.080 and 1965 c 7 s 35.81.080 are each amended to read as follows:

A municipality shall have the right to acquire by condemnation, in accordance with the procedure provided for condemnation by such municipality for other purposes, any interest in real property, which it may deem necessary for a community renewal project under this chapter after the adoption by the local governing body of a resolution declaring that the acquisition of the real property described therein is necessary for such purpose. Condemnation for community renewal of blighted areas is declared to be a public use, and property already devoted to any other public use or acquired by the owner or a predecessor in interest by eminent domain may be condemned for the purposes of this chapter.

The award of compensation for real property taken for such a project shall not be increased by reason of any increase in the value of the real property caused by the assembly, clearance, or reconstruction, or proposed assembly, clearance, or reconstruction in the project area. No allowance shall be made for the improvements begun on real property after notice to the owner of such property of the institution of proceedings to condemn such property. Evidence shall be admissible bearing upon the insanitary, unsafe, or substandard condition of the premises, or the unlawful use thereof.

Sec. 9. RCW 35.81.090 and 1965 c 7 s 35.81.090 are each amended to read as follows:

(1) A municipality, with approval of its legislative authority, may acquire real property, or any interest therein, for the purposes of a community renewal project (a) prior to the selection of one or more persons interested in undertaking to redevelop or rehabilitate the real property, or (b) after the selection of one or more persons interested in undertaking to redevelop or rehabilitate such real property.
property. In either case the municipality may select a redeveloper through a competitive bidding process consistent with this section or through a process consistent with section 10 of this act.

(2) A municipality, with approval of its legislative authority, may sell, lease, or otherwise transfer real property or any interest therein acquired by it for a community renewal project, in a community renewal area for residential, recreational, commercial, industrial, or other uses or for public use, and may enter into contracts with respect thereto, or may retain such a property or interest only for parks and recreation, education, public utilities, public transportation, public safety, health, highways, streets, and alleys, administrative buildings, or civic centers, in accordance with the community renewal project plan, subject to such covenants, conditions, and restrictions, including covenants running with the land, as it may deem to be necessary or desirable to assist in preventing the development or spread of blighted areas or otherwise to carry out the purposes of this chapter. However, such a sale, lease, other transfer, or retention, and any agreement relating thereto, may be made only after the approval of the community renewal plan by the local governing body. The purchasers or lessees and their successors and assigns shall be obligated to devote the real property only to the uses specified in the community renewal plan, and may be obligated to comply with any other requirements as the municipality may determine to be in the public interest, including the obligation to begin and complete, within a reasonable time, any improvements on the real property required by the community renewal plan or promised by the transferee. The real property or interest shall be sold, leased, or otherwise transferred for uses in accordance with the community renewal plan)) for the consideration the municipality determines adequate. In determining the adequacy of consideration, a municipality shall take into account the uses permitted under the community renewal plan; the restrictions upon, and the covenants, conditions, and obligations assumed by, the purchaser or lessee or by the municipality retaining the property)) transferee; and the public benefits to be realized, including furthering of the objectives of the plan for the prevention of the recurrence of blighted areas.

(3) The municipality in any instrument of conveyance to a private purchaser or lessee may provide that the purchaser or lessee shall be without power to sell, lease, or otherwise transfer the real property, or to permit changes in ownership or control of a purchaser or lessee that is not a natural person, in each case without the prior written consent of the municipality until the purchaser or lessee has completed the construction of all improvements that it has obligated itself to construct thereon. The municipality may also retain the right, upon any earlier transfer or change in ownership or control without consent; or any failure or change in ownership or control without consent; or any failure to complete the improvements within the time agreed to terminate the transferee’s interest in the property; or to retain or collect on any deposit or instrument provided as security, or both. The enforcement of these restrictions and remedies is declared to be consistent with the public policy of this state. Real property acquired by a municipality that, in accordance with the provisions of the community renewal plan, is to be transferred, shall be transferred as rapidly as feasible, in the public interest, consistent with the carrying out of the provisions of the community renewal plan. The inclusion in any contract or conveyance to a purchaser or lessee of any covenants, restrictions, or conditions (including the incorporation by reference therein of the provisions of a community renewal plan or any part thereof) shall not prevent the recording of such a contract or conveyance in the land records of the auditor or the county in which the city or town is located, in a manner that affords actual or constructive notice thereof.

(4)(a) A municipality may dispose of real property in a community renewal area acquired by the municipality under this chapter, to any private persons only under those reasonable competitive bidding procedures as it shall prescribe by competitive bidding as provided in this subsection, through direct negotiation where authorized under (c) of this subsection, or by a process authorized in section 10 of this act.

(i) A competitive bidding process may occur (A) prior to the purchase of the real property by the municipality, or (B) after the purchase of the real property by the municipality.
(b)(i) A municipality may, by public notice by publication once each week for three consecutive weeks in a newspaper having a general circulation in the community, prior to the execution of any contract or deed to sell, lease, or otherwise transfer real property and prior to the delivery of any instrument of conveyance with respect thereto under the provisions of this section, invite bids from, and make available all pertinent information to, private redevelopers or any persons interested in undertaking to redevelop or rehabilitate an urban community renewal area, or any part thereof. (Such) This notice shall identify the area, or portion thereof, and shall state that further information as is available may be obtained at the office as shall be designated in the notice.

(ii) The municipality shall consider all responsive redevelopment or rehabilitation bids and the financial and legal ability of the persons making the bids to carry them out. The municipality may accept the bids as it deems to be in the public interest and in furtherance of the purposes of this chapter. Thereafter, the municipality may execute, in accordance with the provisions of subsection (1) of this section, and deliver contracts, deeds, leases, and other instruments of transfer.

(4) (c) If the legislative authority of the municipality determines that the sale of real property to a specific person is necessary to the success of a neighborhood revitalization or community renewal project for which the municipality is providing assistance to a nonprofit organization from federal community development block grant funds under 42 U.S.C. Sec. 5305(a)(15), or successor provision, under a plan or grant application approved by the United States department of housing and urban development, or successor agency, then the municipality may sell or lease that property to that person through direct negotiation, for consideration determined by the municipality to be adequate consistent with subsection (2) of this section. This direct negotiation may occur, and the municipality may enter into an agreement for sale or lease, either before or after the acquisition of the property by the municipality. Unless the municipality has provided notice to the public of the intent to sell or lease the property by direct negotiation, as part of a citizen participation process adopted under federal regulations for the plan or grant application under which the federal community development block grant funds have been awarded, the municipality shall publish notice of the sale at least fifteen days prior to the conveyance of the property.

(5) A municipality may operate and maintain real property acquired in an urban community renewal area for a period of three years pending the disposition of the property for redevelopment, without regard to the provisions of subsection (2) of this section, for such uses and purposes as may be deemed desirable even though not in conformity with the community renewal plan. However, the municipality may, after a public hearing, extend the time for a period not to exceed three years.

(6) Any covenants, restrictions, promises, undertakings, releases, or waivers in favor of a municipality contained in any deed or other instrument accepted by any transferee of property from the municipality or community renewal agency under this chapter, or contained in any document executed by any owner of property in a community renewal area, shall run with the land to the extent provided in the deed, instrument, or other document, so as to bind, and be enforceable by the municipality, the person accepting or making the deed, instrument, or other document and that person’s heirs, successors in interest, or assigns having actual or constructive notice thereof.

NEW SECTION. Sec. 10. A new section is added to chapter 35.81 RCW to read as follows:

(1) The process authorized under this section may occur (a) prior to the purchase of the real property by the municipality, or (b) after the purchase of the real property by the municipality.

(2) A municipality may, by public notice once each week for three consecutive weeks in a legal newspaper in the municipality, or prior to the execution of any contract or deed to sell, lease, or otherwise transfer real property and prior to the delivery of any instrument of conveyance with respect thereto under the provisions of this section, invite statements of interest and qualifications and, at the municipality’s option, proposals from any persons interested in undertaking to redevelop or rehabilitate the real property.

(3) The notice required under this section shall identify the area, or portion thereof, the process the municipality will use to evaluate qualifications and, if applicable, proposals submitted by
redevelopers or any persons, and other information relevant to the community renewal project. The
notice shall also state that further information, as is available, may be obtained at the offices designated
in the notice.

(4)(a) Based on its evaluation of qualifications and, if applicable, proposals, the municipality
may select a proposer with whom to negotiate or may select two or more finalists to submit proposals,
or to submit more detailed or revised proposals. The municipality may, in its sole discretion, reject all
responses or proposals, amend any solicitation to allow modification or supplementation of
qualifications or proposals, or waive irregularities in the content or timing of any qualifications or
proposals.

(b) The municipality may initiate negotiations with the person selected on the basis of
qualifications or proposals. If the municipality does not enter into a contract with that person, it may
(i) enter into negotiations with the person that submitted the next highest ranked qualifications or
proposal, (ii) solicit additional proposals using a process permitted by RCW 35.81.090, or (iii)
otherwise dispose of or retain the real property consistent with the provisions of this chapter. A
municipality shall not be required to select or enter into a contract with any proposer or to compensate
any proposer for the cost of preparing a proposal or negotiating with the municipality.

(c) A municipality, with approval of its legislative authority, may select and enter into a
contract with more than one proposer to carry out different aspects or parts of a community renewal
plan.

Sec. 11. RCW 35.81.100 and 1983 c 167 s 64 are each amended to read as follows:

(1) A municipality shall have the power to issue bonds from time to time in its discretion to
finance the undertaking of any ((urban)) community renewal project under this chapter, including,
without limiting the generality ((thereof)) of this power, the payment of principal and interest upon any
advances for surveys and plans for ((urban)) community renewal projects, and shall also have power to
issue refunding bonds for the payment or retirement of such bonds previously issued by it. Such bonds
shall not pledge the general credit of the municipality and shall be made payable, as to both principal
and interest, solely from the income, proceeds, revenues, and funds of the municipality derived from,
or held in connection with, its undertaking and carrying out of ((urban)) community renewal projects
under this chapter. However, the payment of such bonds, both as to principal and interest, may be further secured by a pledge of any loan, grant, or contribution from the
municipality, the federal government, or from other sources, in aid of any ((urban)) community
renewal projects of the municipality under this chapter.

(2) Bonds issued under this section shall not constitute an indebtedness within the meaning of
any constitutional or statutory debt limitation or restriction, and shall not be subject to the provisions of
any other law or charter relating to the authorization, issuance, or sale of bonds. Bonds issued under
the provisions of this chapter are declared to be issued for an essential public and governmental
purpose, and together with interest thereon and income therefrom, shall be exempted from all taxes.

(3) Bonds issued under this section shall be authorized by resolution or ordinance of the local
governing body and may be issued in one or more series and shall bear such date or dates, be payable
upon demand or mature at such time or times, bear interest at such rate or rates, be in such
denomination or denominations, be in such form either coupon or registered as provided in RCW
39.46.030, carry such conversion or registration privileges, have such rank or priority, be executed in
such manner, be payable in such medium of payment, at such place or places, and be subject to such
terms of redemption (with or without premium), be secured in such manner, and have such other
characteristics, as may be provided by such resolution or trust indenture or mortgage issued pursuant
thereto.

(4) Such bonds may be sold at not less than ninety-eight percent of par at public or private sale,
or may be exchanged for other bonds on the basis of par: PROVIDED, That such bonds may be sold
to the federal government at private sale at not less than par and, in the event less than all of the
authorized principal amount of such bonds is sold to the federal government, the balance may be sold at
public or private sale at not less than ninety-eight percent of par at an interest cost to the municipality
of not to exceed the interest cost to the municipality of the portion of the bonds sold to the federal
government.
The municipality may annually pay into a fund to be established for the benefit of such bonds any and all excess of the taxes received by it from the same property over and above the average of the annual taxes authorized without vote for a five-year period immediately preceding the acquisition of the property by the municipality for renewal purposes, such payment to continue until such time as all bonds payable from the fund are paid in full. Any other taxing unit (in a municipality) that receives property tax revenues from property in the community renewal area is authorized to allocate ((a like amount of such excess taxes, computed in the same manner, to the municipality or municipalities in which it is situated.))

(b) In addition to the excess property tax revenues from property in the community renewal area, authorized in this subsection, the municipality may annually pay into the fund, established in this subsection, any and all excess of the excise tax received by it from business activity in the community renewal area over and above the average of the annual excise tax collected for a five-year period immediately preceding the establishment of a community renewal area. The payment may continue until all the bonds payable from the fund are paid in full. Any other taxing unit that receives excise tax from business activity in the community renewal area is authorized to allocate excess excise tax, computed in the same manner, to the municipality or municipalities in which it is situated. As used in this subsection, "excise tax" means a local retail sales and use tax authorized in chapter 82.14 RCW. The legislature declares that it is a proper purpose of a municipality to allocate an excise tax for purposes of a community renewal project under this chapter.

(6) In case any of the public officials of the municipality whose signatures appear on any bonds or any coupons issued under this chapter shall cease to be such officials before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if such officials had remained in office until such delivery. Any provision of any law to the contrary notwithstanding, any bonds, issued pursuant to this chapter shall be fully negotiable.

(7) In any suit, action, or proceeding involving the validity or enforceability of any bond issued under this chapter or the security therefor, any such bond reciting in substance that it has been issued by the municipality in connection with (an urban) a community renewal project, as herein defined, shall be conclusively deemed to have been issued for such purpose and such project shall be conclusively deemed to have been planned, located, and carried out in accordance with the provisions of this chapter.

(8) Notwithstanding subsections (1) through (7) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW.

Sec. 12. RCW 35.81.110 and 1965 c 7 s 35.81.110 are each amended to read as follows:
All banks, trust companies, bankers, savings banks and institutions, building and loan associations, savings and loan associations, investment companies, and other persons carrying on a banking or investment business, all insurance companies, insurance associations, and other persons carrying on an insurance business and all executors, administrators, curators, trustees, and other fiduciaries, may legally invest any sinking funds, moneys, or other funds belonging to them or within their control in any bonds or other obligations issued by a municipality (pursuant to) under this chapter PROVIDED. That such bonds and other obligations shall be secured by an agreement between the issuer and the federal government in which the issuer agrees to borrow from the federal government and the federal government agrees to lend to the issuer, prior to the maturity of such bonds or other obligations, moneys in an amount which (together with any other moneys irrevocably committed to the payment of interest on such bonds or other obligations) will suffice to pay the principal of such bonds or other obligations with interest to maturity thereon, which moneys under the terms of said agreement are required to be used for the purpose of paying the principal of, and the interest on, such bonds or other obligations at their maturity. Such bonds and other obligations shall be authorized security for all public deposits. It is the purpose of this section to authorize any persons, political subdivisions, and officers, public or private, to use any funds owned or controlled by them for the purchase of any such bonds or other obligations. Nothing contained in this section with regard to legal investments shall be construed as relieving any person of any duty of exercising reasonable care in selecting securities.
NEW SECTION. Sec. 13. A new section is added to chapter 35.81 RCW to read as follows:
(1) A community renewal agency may establish local improvement districts within the community renewal area, and levy special assessments, in annual installments extending over a period not exceeding twenty years on all property specially benefited by the local improvement, on the basis of special benefits, to pay in whole or in part the damages or costs of the local improvement, and issue local improvement bonds to be paid from local improvement assessments. The formation of the local improvement districts, the determination, levy, and collection of such assessments, and the issuance of such bonds shall be as provided for the formation of local improvement districts, the determination, levy, and collection of local improvement assessments, and the issuance of local improvement bonds by cities and towns, insofar as consistent with this chapter. These bonds may be in any form, including bearer bonds or registered bonds as provided in RCW 39.46.030.
(2) Notwithstanding subsection (1) of this section, the bonds authorized under subsection (1) of this section may be issued and sold in accordance with chapter 39.46 RCW.

NEW SECTION. Sec. 14. A new section is added to chapter 35.81 RCW to read as follows:

SENATE AMENDMENTS TO HOUSE BILL

March 8, 2002

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2453, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The protection from identity theft for veterans who choose to file their discharge papers with the county auditor is a matter of gravest concern. At the same time, the integrity of the public record of each county is a matter of utmost importance to the economic life of this state and to the right of each citizen to be secure in his or her ownership of real property and other rights and obligations of our citizens that rely upon the public record for their proof. Likewise the integrity of the public record is essential for the establishment of ancestral ties that may be of interest to this and future generations. While the public record as now kept by the county auditors is sufficient by itself for the accomplishment of these and many other public and private purposes, the proposed use of the public record for purposes that in their nature and intent are not public, so as to keep the veterans' discharge papers from disclosure to those of ill intent, causes concern among many segments of the population of this state.

In order to voice these concerns effectively and thoroughly, a working group may be convened by the joint committee on veterans' and military affairs to develop a means to preserve the integrity of the public record while protecting those veterans from identity theft.

Sec. 2. RCW 42.17.310 and 2001 c 278 s 1, 2001 c 98 s 2, and 2001 c 70 s 1 are each reenacted and amended to read as follows:

However, all complaints filed with the public disclosure commission about any elected official or candidate for public office must be made in writing and signed by the complainant under oath.

The Senate has passed HOUSE BILL NO. 2496, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 84.52.052 and 1996 c 230 s 1615 are each amended to read as follows: The limitations imposed by RCW 84.52.050 through 84.52.056, and RCW 84.52.043 shall not prevent the levy of additional taxes by any taxing district, except school districts and fire protection districts, in which a larger levy is necessary in order to prevent the impairment of the obligation of contracts. As used in this section, the term "taxing district" means any county, metropolitan park district, park and recreation service area, park and recreation district, water-sewer district, solid waste disposal district, public facilities district, flood control zone district, county rail district, service district, public hospital district, road district, rural county library district, island library district, rural partial-county library district, intercounty rural library district, (fire protection district)) cemetery district, city, town, transportation benefit district, emergency medical service district with a population density of less than one thousand per square mile, or cultural arts, stadium, and convention district.

Any such taxing district may levy taxes at a rate in excess of the rate specified in RCW 84.52.050 through 84.52.056 and 84.52.043, or 84.55.010 through 84.55.050, when authorized so to do by the voters of such taxing district in the manner set forth in Article VII, section 2(a) of the Constitution of this state at a special or general election to be held in the year in which the levy is made.

A special election may be called and the time therefor fixed by the county legislative authority, or council, board of commissioners, or other governing body of any such taxing district, by giving notice thereof by publication in the manner provided by law for giving notices of general elections, at which special election the proposition authorizing such excess levy shall be submitted in such form as to enable the voters favoring the proposition to vote "yes" and those opposed thereto to vote "no."

NEW SECTION. Sec. 2. A new section is added to chapter 84.52 RCW to read as follows: The limitations imposed by RCW 84.52.050 through 84.52.056, and 84.52.043 shall not prevent the levy of taxes by a fire protection district, when authorized so to do by the voters of a fire protection district in the manner and for the purposes and number of years allowable under Article VII, section 2(a) of the Constitution of this state. Elections for taxes shall be held in the year in which the
levy is made, or in the case of propositions authorizing two-year through four-year levies for maintenance and operation support of a fire district, or authorizing two-year through six-year levies to support the construction, modernization, or remodeling of fire district facilities, in the year in which the first annual levy is made. Once additional tax levies have been authorized for maintenance and operation support of a fire protection district for a two-year through four-year period, no further additional tax levies for maintenance and operation support of the district for that period may be authorized.

A special election may be called and the time fixed by the fire protection district commissioners, by giving notice by publication in the manner provided by law for giving notices of general elections, at which special election the proposition authorizing the excess levy shall be submitted in a form as to enable the voters favoring the proposition to vote "yes" and those opposed to vote "no."

**Sec. 3.** RCW 52.16.130 and 1989 c 63 s 27 are each amended to read as follows:

To carry out the purposes for which fire protection districts are created, the board of fire commissioners of a district may levy each year, in addition to the levy or levies provided in RCW 52.16.080 for the payment of the principal and interest of any outstanding general obligation bonds, an ad valorem tax on all taxable property located in the district not to exceed fifty cents per thousand dollars of assessed value: PROVIDED, That in no case may the total general levy for all purposes, except the levy for the retirement of general obligation bonds, exceed one dollar per thousand dollars of assessed value. Levies in excess of one dollar per thousand dollars of assessed value or in excess of the aggregate dollar rate limitations or both may be made for any district purpose when so authorized at a special election under (RCW 84.52.052) section 2 of this act. Any such tax when levied shall be certified to the proper county officials for the collection of the tax as for other general taxes. The taxes when collected shall be placed in the appropriate district fund or funds as provided by law, and shall be paid out on warrants of the auditor of the county in which all, or the largest portion of, the district is located, upon authorization of the board of fire commissioners of the district.

**NEW SECTION.** Sec. 4. This act takes effect January 1, 2003, if the proposed amendment to Article VII, section 2 of the state Constitution authorizing multiyear excess property tax levies is validly submitted to and approved by the voters at the next general election. If the proposed amendment is not approved, this act is void in its entirety."

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2641, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the application of the business and occupation tax deductions provided in RCW 82.04.4281 for investment income of persons deemed to be “other financial businesses” has been the subject of uncertainty, and therefore, disagreement and litigation between taxpayers and the state. The legislature further finds that the decision of the state supreme court in Simpson Investment Co. v. Department of Revenue could lead to a restrictive, narrow interpretation of the deductibility of investment income for business and occupation tax purposes. As a result, the legislature directed the department of revenue to work with affected businesses to develop a revision of the statute that would provide certainty and stability for taxpayers and the state. The legislature intends, by adopting this recommended revision of the statute, to provide a positive environment for capital investment in this state, while continuing to treat similarly situated taxpayers fairly.

Sec. 2. RCW 82.04.4281 and 1980 c 37 s 2 are each amended to read as follows:

(1) In computing tax there may be deducted from the measure of tax:

(a) Amounts derived ((by persons, other than those engaging in banking, loan, security, or other financial businesses,)) from investments ((or the use of money as such, and also));

(b) Amounts derived as dividends or distributions from capital account by a parent from its subsidiary ((corporations)) entities; and

(c) Amounts derived from interest on loans between subsidiary entities and a parent entity or between subsidiaries of a common parent entity, but only if the total investment and loan income is less than five percent of gross receipts of the business annually."
The following are not deductible under subsection (1)(a) of this section:

(a) Amounts received from loans, except as provided in subsection (1)(c) of this section, or the extension of credit to another, revolving credit arrangements, installment sales, the acceptance of payment over time for goods or services, or any of the foregoing that have been transferred by the originator of the same to an affiliate of the transferor; or

(b) Amounts received by a banking, lending, or security business.

(3) The definitions in this subsection apply only to this section.

(a) "Banking business" means a person engaging in business as a national or state-chartered bank, a mutual savings bank, a savings and loan association, a trust company, an alien bank, a foreign bank, a credit union, a stock savings bank, or a similar entity that is chartered under Title 30, 31, 32, or 33 RCW, or organized under Title 12 U.S.C.

(b) "Lending business" means a person engaged in the business of making secured or unsecured loans of money, or extending credit, and (i) more than one-half of the person's gross income is earned from such activities and (ii) more than one-half of the person's total expenditures are in support of such activities.

(c) The terms "loan" and "extension of credit" do not include ownership of or trading in publicly traded debt instruments, or substantially equivalent instruments offered in a private placement.

(d) "Security business" means a person, other than an issuer, who is engaged in the business of effecting transactions in securities as a broker, dealer, or broker-dealer, as those terms are defined in the securities act of Washington, chapter 21.20 RCW, or the federal securities act of 1933. "Security business" does not include any company excluded from the definition of broker or dealer under the federal investment company act of 1940 or any entity that is not an investment company by reason of sections 3(c)(1) and 3(c)(3) through 3(c)(14) thereof.

NEW SECTION. Sec. 3. This act takes effect July 1, 2002."

On page 1, line 3 of the title, after "tax;" strike the remainder of the title and insert "amending RCW 82.04.4281; creating a new section; and providing an effective date."

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2663, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:
(a) Benzene is detected in most fire environments and has been associated with leukemia and multiple myeloma. Given the established exposure to benzene in a fire environment, there is biologic plausibility for fire fighters to be at increased risk of these malignancies;
(b) Increased risks of leukemia and lymphoma have been described in several epidemiologic studies of fire fighters. The risks of leukemia are often two or three times that of the population as a whole, and a two-fold risk of non-Hodgkin's lymphoma has also been found;
(c) Epidemiologic studies assessing fire fighters' cancer risks concluded that there is adequate support for a causal relationship between fire fighting and brain cancer;
(d) Fire fighters are exposed to polycyclic aromatic hydrocarbons as products of combustion and these chemicals have been associated with bladder cancer. The epidemiologic data suggests fire fighters have a three-fold risk of bladder cancer compared to the population as a whole;
(e) A 1990 review of fire fighter epidemiology calculated a statistically significant risk for melanoma among fire fighters;
(f) Fire fighters are exposed to extremely hazardous environments. Potentially lethal products of combustion include particulates and gases and are the major source of fire fighter exposures to toxic chemicals; and
(g) The burning of a typical urban structure containing woods, paints, glues, plastics, and synthetic materials in furniture, carpeting, and insulation liberates hundreds of chemicals. Fire fighters are exposed to a wide variety of potential carcinogens, including polycyclic aromatic hydrocarbons in soots, tars, and diesel exhaust, arsenic in wood preservatives, formaldehyde in wood smoke, and asbestos in building insulation.
(2) The legislature further finds that some occupational diseases resulting from fire fighter working conditions can develop slowly, usually manifesting themselves years after exposure.

Sec. 2. RCW 51.32.185 and 1987 c 515 s 2 are each amended to read as follows:
(1) In the case of fire fighters as defined in RCW 41.26.030(4) (a), (b), and (c) who are covered under Title 51 RCW and fire fighters, including supervisors, employed on a full-time, fully compensated basis as a fire fighter of a private sector employer’s fire department that includes over fifty such fire fighters, there shall exist a prima facie presumption that: (a) Respiratory disease; (b) heart problems that are experienced within seventy-two hours of exposure to smoke, fumes, or toxic substances; (c) cancer; and (d) infectious diseases are occupational diseases under RCW 51.08.140. This presumption of occupational disease may be rebutted by a preponderance of the evidence. Such evidence may include, but is not limited to, use of tobacco products, physical fitness and weight, lifestyle, hereditary factors, and exposure from other employment or nonemployment activities.

(2) The presumption established in subsection (1) of this section shall be extended to an applicable member following termination of service for a period of three calendar months for each year of requisite service, but may not extend more than sixty months following the last date of employment.

(3) The presumption established in subsection (1)(c) of this section shall only apply to any active or former fire fighter who has cancer that develops or manifests itself after the fire fighter has served at least ten years and who was given a qualifying medical examination upon becoming a fire fighter that showed no evidence of cancer. The presumption within subsection (1)(c) of this section shall only apply to primary brain cancer, malignant melanoma, leukemia, non-Hodgkin’s lymphoma, bladder cancer, ureter cancer, and kidney cancer.

(4) The presumption established in subsection (1)(d) of this section shall be extended to any fire fighter who has contracted any of the following infectious diseases: Human immunodeficiency virus/acquired immunodeficiency syndrome, all strains of hepatitis, meningococcal meningitis, or mycobacterium tuberculosis.

(5) Beginning July 1, 2003, this section does not apply to a fire fighter who develops a heart or lung condition and who is a regular user of tobacco products or who has a history of tobacco use. The department, using existing medical research, shall define in rule the extent of tobacco use that shall exclude a fire fighter from the provisions of this section.

On page 1, line 1 of the title, after "fightermakers;" strike the remainder of the title and insert "amending RCW 51.32.185; and creating a new section." and the same is herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

March 5, 2002

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2699, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Strategic lawsuits against public participation, or SLAPP suits, involve communications made to influence a government action or outcome which results in a civil complaint or counterclaim filed against individuals or organizations on a substantive issue of some public interest or social significance. SLAPP suits are designed to intimidate the exercise of First Amendment rights and rights under Article I, section 5 of the Washington state Constitution. Although Washington state adopted the first modern anti-SLAPP law in 1989, that law has, in practice, failed to set forth clear rules for early dismissal review. Since that time, the United States supreme court has made it clear that, as long as the petitioning is aimed at procuring favorable government action, result, product, or outcome, it is protected and the case should be dismissed. This bill amends Washington law to bring it in line with these court decisions which recognize that the United States Constitution protects advocacy to government, regardless of content or motive, so long as it is designed to have some effect on government decision making.

Sec. 2. RCW 4.24.510 and 1999 c 54 s 1 are each amended to read as follows:

A person who ((in good faith)) communicates a complaint or information to any branch or agency of federal, state, or local government, or to any self-regulatory organization that regulates persons involved in the securities or futures business and that has been delegated authority by a federal, state, or local government agency and is subject to oversight by the delegating agency, is immune from civil liability for claims based upon the communication to the agency or organization regarding any matter reasonably of concern to that agency or organization. A person prevailing upon the defense provided for in this section ((shall be)) is entitled to recover ((costs)) expenses and reasonable attorneys' fees incurred in establishing the defense and in addition shall receive statutory damages of ten thousand dollars. Statutory damages may be denied if the court finds that the complaint or information was communicated in bad faith."

On page 1, line 2 of the title, after "organizations;" strike the remainder of the title and insert "amending RCW 4.24.510; and creating a new section."

SENATE AMENDMENTS TO HOUSE BILL

March 7, 2002

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2736, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. It is the policy of the state to encourage basic and applied scientific research by the state’s research universities. The creation of knowledge is a core mission of the state’s research universities, and research provides teaching and learning opportunities for students and faculty. State of the art facilities for research by research universities serve to attract the most capable students and faculty to the state and research grants from public and private institutions throughout the world. The application of such research stimulates investment and employment within Washington and the strengthening of our tax base. In order to finance research facilities, the state’s research universities often use federal, state, private, and university resources and therefore require the authority to enter into financing arrangements that leverage funding sources and reduce the costs of such complex facilities to the state.

NEW SECTION. Sec. 2. The University of Washington and Washington State University each may:

(1) Acquire, construct, rehabilitate, equip, and operate facilities and equipment to promote basic and applied research in the sciences;

(2) Borrow money for such research purposes, including interest during construction and other incidental costs, issue revenue bonds or other evidences of indebtedness, refinance the same before or
at maturity, and provide for the amortization of such indebtedness by pledging all or a component of
the fees and revenues of the university available for such purpose derived from the ownership and
operation of any of its facilities or conducting research that are not subject to appropriation by the
legislature and that do not constitute general state revenues as defined in Article VIII, section 1 of the
state Constitution;
(3) Enter into leases, with or without an option to purchase, of real and personal property to be
used in basic and applied research in the sciences; and
(4) Lease all or a portion of such facilities and equipment as is deemed prudent by the
university to provide for research conducted by persons or entities that are not part of the university but
that provide rental income to support university research facilities or provide opportunities for the
interaction of public and private research and research personnel, including students and faculty.

NEW SECTION. Sec. 3. The governing body of a university financing facilities and
equipment under this chapter shall give due regard to the costs of maintaining and operating such
facilities and equipment during the useful lives of the facilities and equipment. No state appropriated
funds may be used for (1) the payment of maintenance and operation of the facilities and equipment
financed under this chapter; or (2) the grant or contract-supported research activities housed in these
facilities. If funding through grants or contracts for research activities housed in these facilities is
reduced, eliminated, or declared insufficient, the funding deficiencies are not a state obligation to be
paid from the state general fund.

NEW SECTION. Sec. 4. The authority granted by this chapter is supplemental to any
existing or future authority granted to the University of Washington and Washington State University
and shall not be construed to limit the existing or future authority of these universities.

Sec. 5. RCW 28B.10.022 and 1989 c 356 s 6 are each amended to read as follows:
The boards of regents of the state universities and the boards of trustees of the regional
universities, The Evergreen State College, and the state board for community and technical colleges
((education)), are severally authorized to enter into financing contracts as provided in chapter 39.94
RCW. Except as provided in this section, financing contracts shall be subject to the approval of the
state finance committee. Except for facilities financed under chapter 28B.---RCW (sections 1 through
4 and 7 of this act), the board of regents of a state university may enter into financing contracts which
are payable solely from and secured by all or any component of the fees and revenues of the university
derived from its ownership and operation of its facilities not subject to appropriation by the legislature
and not constituting "general state revenues," as defined in Article VIII, section 1 of the state
Constitution, without the prior approval of the state finance committee. The board of regents shall
notify the state finance committee at least sixty days prior to entering into such contract and provide
information relating to such contract as requested by the state finance committee.

Sec. 6. RCW 39.94.040 and 1998 c 291 s 5 are each amended to read as follows:
(1) Except as provided in RCW 28B.10.022 and chapter 28B.---RCW (sections 1 through 4
and 7 of this act), the state may not enter into any financing contract for itself if the aggregate principal
amount payable thereunder is greater than an amount to be established from time to time by the state
finance committee or participate in a program providing for the issuance of certificates of participation,
including any contract for credit enhancement, without the prior approval of the state finance
committee. Except as provided in RCW 28B.10.022, the state finance committee shall approve the
form of all financing contracts or a standard format for all financing contracts. The state finance
committee also may:
(a) Consolidate existing or potential financing contracts into master financing contracts with
respect to property acquired by one or more agencies, departments, instrumentalities of the state, the
state board for community and technical colleges, or a state institution of higher learning; or to be
acquired by an other agency;
(b) Approve programs providing for the issuance of certificates of participation in master
financing contracts for the state or for other agencies;
(c) Enter into agreements with trustees relating to master financing contracts; and
(d) Make appropriate rules for the performance of its duties under this chapter.

(2) In the performance of its duties under this chapter, the state finance committee may consult
with representatives from the department of general administration, the office of financial management,
and the department of information services.

(3) With the approval of the state finance committee, the state also may enter into agreements
with trustees relating to financing contracts and the issuance of certificates of participation.

(4) The state may not enter into any financing contract for real property of the state without
prior approval of the legislature.

(5) The state may not enter into any financing contract on behalf of an other agency without the
approval of such a financing contract by the governing body of the other agency.

NEW SECTION. Sec. 7. Before January 31st of each year, the University of Washington and
Washington State University must report to the ways and means committee of the senate and the capital
budget committee of the house of representatives on the financing arrangements entered into under the
authority of this chapter.

NEW SECTION. Sec. 8. Sections 1 through 4 and 7 of this act constitute a new chapter in
Title 28B RCW."

On page 1, line 1 of the title, after "universities;" strike the remainder of the title and insert
"amending RCW 28B.10.022 and 39.94.040; and adding a new chapter to Title 28B RCW."

SECOND READING
HOUSE BILL NO. 2901, by Representatives Conway, Clements, Reardon, Berkey, Kenney, Santos, Lovick, Chase, Simpson, Wood and Sullivan

Regarding unemployment insurance.

The bill was read the second time.

Representative Conway moved the adoption of amendment (507):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 50.22.140 and 2000 2nd sp.s. c 1 s 916 are each amended to read as follows:

(1) The employment security department is authorized to pay training benefits under RCW 50.22.150, but may not obligate expenditures beyond the limits specified in this section or as otherwise set by the legislature. For the fiscal year ending June 30, 2000, the commissioner may not obligate more than twenty million dollars for training benefits. For the two fiscal years ending June 30, 2002, the commissioner may not obligate more than sixty million dollars for training benefits. Any funds not obligated in one fiscal year may be carried forward to the next fiscal year. For each fiscal year beginning after June 30, 2002, the commissioner may not obligate more than twenty million dollars annually in addition to any funds carried forward from previous fiscal years. The department shall develop a process to ensure that expenditures do not exceed available funds and to prioritize access to funds when again available.

(2) After June 30, 2002, in addition to the amounts that may be obligated under subsection (1) of this section, the commissioner may obligate up to thirty-four million dollars for training benefits under RCW 50.22.150 for individuals in the aerospace industry assigned the standard industrial classification code "372" or the North American industry classification system code "336411" whose claims are filed before January 5, 2003. The funds provided in this subsection must be fully obligated for training benefits for these individuals before the funds provided in subsection (1) of this section may be obligated for training benefits for these individuals. Any amount of the funds specified in this subsection that is not obligated as permitted may not be carried forward to any future period.

Sec. 2. RCW 50.22.150 and 2000 c 2 s 8 are each amended to read as follows:

(1) Subject to availability of funds, training benefits are available for an individual who is eligible for or has exhausted entitlement to unemployment compensation benefits and who:

(a) Is a dislocated worker as defined in RCW 50.04.075;

(b) Except as provided under subsection (2) of this section, has demonstrated, through a work history, sufficient tenure in an occupation or in work with a particular skill set. This screening will take place during the assessment process;

(c) Is, after assessment of demand for the individual’s occupation or skills in the individual’s labor market, determined to need job-related training to find suitable employment in his or her labor market. Beginning July 1, 2001, the assessment of demand for the individual’s occupation or skill sets must be substantially based on declining occupation or skill sets identified in local labor market areas by the local work force development councils, in cooperation with the employment security department and its labor market information division, under subsection (((9)) (10) of this section;

(d) Develops an individual training program that is submitted to the commissioner for approval within sixty days after the individual is notified by the employment security department of the requirements of this section;

(e) Enters the approved training program by ninety days after the date of the notification, unless the employment security department determines that the training is not available during the ninety-day period, in which case the individual enters training as soon as it is available; and

(f) Is enrolled in training approved under this section on a full-time basis as determined by the educational institution, and is making satisfactory progress in the training as certified by the educational institution.
Until June 30, 2002, the following individuals who meet the requirements of subsection (1) of this section may, without regard to the tenure requirements under subsection (1)(b) of this section, receive training benefits as provided in this section:

(a) An exhaustee who has base year employment in the aerospace industry assigned the standard industrial classification code "372" or the North American industry classification system code "336411";

(b) An exhaustee who has base year employment in the forest products industry, determined by the department, but including the industries assigned the major group standard industrial classification codes "24" and "26" or any equivalent codes in the North American industry classification system code, and the industries involved in the harvesting and management of logs, transportation of logs and wood products, processing of wood products, and the manufacturing and distribution of wood processing and logging equipment; or

(c) An exhaustee who has base year employment in the fishing industry assigned the standard industrial classification code "0912" or any equivalent codes in the North American industry classification system code.

(3) An individual is not eligible for training benefits under this section if he or she:

(a) Is a standby claimant who expects recall to his or her regular employer;

(b) Has a definite recall date that is within six months of the date he or she is laid off; or

(c) Is unemployed due to a regular seasonal layoff which demonstrates a pattern of unemployment consistent with the provisions of RCW 50.20.015. Regular seasonal layoff does not include layoff due to permanent structural downsizing or structural changes in the individual's labor market.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Educational institution" means an institution of higher education as defined in RCW 28B.10.016 or an educational institution as defined in RCW 28C.04.410, including equivalent educational institutions in other states.

(b) "Sufficient tenure" means earning a plurality of wages in a particular occupation or using a particular skill set during the base year and at least two of the four twelve-month periods immediately preceding the base year.

(c) "Training benefits" means additional benefits paid under this section.

(d) "Training program" means:

(i) An education program determined to be necessary as a prerequisite to vocational training after counseling at the educational institution in which the individual enrolls under his or her approved training program; or

(ii) A vocational training program at an educational institution:

(A) That is targeted to training for a high demand occupation. Beginning July 1, 2001, the assessment of high demand occupations authorized for training under this section must be substantially based on labor market and employment information developed by local work force development councils, in cooperation with the employment security department and its labor market information division, under subsection ((94)) (10) of this section;

(B) That is likely to enhance the individual's marketable skills and earning power; and

(C) That meets the criteria for performance developed by the work force training and education coordinating board for the purpose of determining those training programs eligible for funding under Title I of P.L. 105-220.

"Training program" does not include any course of education primarily intended to meet the requirements of a baccalaureate or higher degree, unless the training meets specific requirements for certification, licensing, or for specific skills necessary for the occupation.

(5) Benefits shall be paid as follows:

(a)(i) Except as provided in (a)(iii) of this subsection, for exhaustees who are eligible under subsection (1) of this section, the total training benefit amount shall be fifty-two times the individual's weekly benefit amount, reduced by the total amount of regular benefits and extended benefits paid, or deemed paid, with respect to the benefit year; or
(ii) For exhaustees who are eligible under subsection (2) of this section, for claims filed before June 30, 2002, the total training benefit amount shall be seventy-four times the individual’s weekly benefit amount, reduced by the total amount of regular benefits and extended benefits paid, or deemed paid, with respect to the benefit year. ((Beginning with new claims filed after June 30, 2002, for exhaustees eligible under subsection (2) of this section, the total training benefit amount shall be fifty-two times the individual’s weekly benefit amount, reduced by the total amount of regular benefits and extended benefits paid, or deemed paid, with respect to the benefit year)); or

(iii) For exhaustees eligible under subsection (1) of this section from industries listed under subsection (2)(a) of this section, for claims filed on or after June 30, 2002, but before January 5, 2003, the total training benefit amount shall be seventy-four times the individual’s weekly benefit amount, reduced by the total amount of regular benefits and extended benefits paid, or deemed paid, with respect to the benefit year.

(b) The weekly benefit amount shall be the same as the regular weekly amount payable during the applicable benefit year and shall be paid under the same terms and conditions as regular benefits. The training benefits shall be paid before any extended benefits but not before any similar federally funded program.

(c) Training benefits are not payable for weeks more than two years beyond the end of the benefit year of the regular claim.

(6) The requirement under RCW 50.22.010(10) relating to exhausting regular benefits does not apply to an individual otherwise eligible for training benefits under this section when the individual’s benefit year ends before his or her training benefits are exhausted and the individual is eligible for a new benefit year. These individuals will have the option of remaining on the original claim or filing a new claim.

(7)(a) Except as provided in (b) of this subsection, individuals who receive training benefits under this section or under any previous additional benefits program for training are not eligible for training benefits under this section for five years from the last receipt of training benefits under this section or under any previous additional benefits program for training.

(b) With respect to claims that are filed before January 5, 2003, an individual in the aerospace industry assigned the standard industrial code "372" or the North American industry classification system code "336411" who received training benefits under this section, and who had been making satisfactory progress in a training program but did not complete the program, is eligible, without regard to the five-year limitation of this section and without regard to the requirement of subsection (1)(b) of this section, if applicable, to receive training benefits under this section in order to complete that training program. The total training benefit amount that applies to the individual is seventy-four times the individual’s weekly benefit amount, reduced by the total amount of regular benefits paid, or deemed paid, with respect to the benefit year in which the training program resumed and, if applicable, reduced by the amount of training benefits paid, or deemed paid, with respect to the benefit year in which the training program commenced.

(8) An individual eligible to receive a trade readjustment allowance under chapter 2 of Title II of the Trade Act of 1974, as amended, shall not be eligible to receive benefits under this section for each week the individual receives such trade readjustment allowance. An individual eligible to receive emergency unemployment compensation, so called, under any federal law, shall not be eligible to receive benefits under this section for each week the individual receives such compensation.

(9) All base year employers are interested parties to the approval of training and the granting of training benefits.

(((((9))))(10) By July 1, 2001, each local work force development council, in cooperation with the employment security department and its labor market information division, must identify occupations and skill sets that are declining and occupations and skill sets that are in high demand. For the purposes of RCW 50.22.130 through 50.22.150 and section 9, chapter 2, Laws of 2000, “high demand” means demand for employment that exceeds the supply of qualified workers for occupations or skill sets in a labor market area. Local work force development councils must use state and locally developed labor market information. Thereafter, each local work force development council shall update this information annually or more frequently if needed.

(((9)))((11)) The commissioner shall adopt rules as necessary to implement this section.
NEW SECTION.  Sec. 3. A new section is added to chapter 50.20 RCW to read as follows:

(1) From July 1, 2002, to June 30, 2004, the maximum amount payable weekly shall be four hundred ninety-six dollars.

(2) From July 1, 2004, to June 30, 2010, the maximum amount payable weekly shall be seventy percent of the "average weekly wage" for the calendar year preceding such June 30th, except that the maximum amount payable weekly shall not increase by more than four percent each year. If growth in the average annual wage causes growth in the maximum amount payable weekly that exceeds four percent, then fifty percent of the growth rate that exceeds four percent shall be added to the maximum amount payable weekly in any of the subsequent three years. For years in which the potential recaptured growth rate exceeds the growth rate needed to reach four percent, the excess recaptured growth rate is available to be added to the maximum amount payable weekly in the remaining years in the three-year period. Each year, the department shall add any excess recaptured growth rate to the maximum amount payable weekly. Remaining portions of the excess additional growth rate not applied within the three-year period shall lapse. The sum of the growth rate and the excess additional growth rate shall not exceed four percent.

Sec. 4. RCW 50.20.120 and 1993 c 483 s 12 are each amended to read as follows:

(1) Subject to the other provisions of this title, benefits shall be payable to any eligible individual during the individual’s benefit year in a maximum amount equal to the lesser of thirty times the weekly benefit amount (determined hereinafter) or one-third of the individual’s base year wages under this title: PROVIDED, That as to any week beginning on and after March 31, 1981, which falls in an extended benefit period as defined in RCW 50.22.010(1), as now or hereafter amended, an individual’s eligibility for maximum benefits in excess of twenty-six times his or her weekly benefit amount will be subject to the terms and conditions set forth in RCW 50.22.020, as now or hereafter amended.

(2) An individual’s weekly benefit amount shall be an amount equal to one twenty-fifth of the average quarterly wages of the individual’s total wages during the two quarters of the individual’s base year in which such total wages were highest. The maximum and minimum amounts payable weekly shall be determined as of each June 30th to apply to benefit years beginning in the twelve-month period immediately following such June 30th. Except as provided in section 3 of this act, the maximum amount payable weekly shall be seventy percent of the "average weekly wage" for the calendar year preceding such June 30th. The minimum amount payable weekly shall be fifteen percent of the "average weekly wage" for the calendar year preceding such June 30th. If any weekly benefit, maximum benefit, or minimum benefit amount computed herein is not a multiple of one dollar, it shall be reduced to the next lower multiple of one dollar.

Sec. 5. RCW 50.24.010 and 2000 c 2 s 2 are each amended to read as follows:

(1) Contributions shall accrue and become payable by each employer (except employers as described in RCW 50.44.010 who have properly elected to make payments in lieu of contributions and those employers who are required to make payments in lieu of contributions) for each calendar year in which the employer is subject to this title at the rate established pursuant to chapter 50.29 RCW.

(2) In each rate year, the amount of wages subject to tax for each individual shall be one hundred fifteen percent of the amount of wages subject to tax for the previous year rounded to the next lower one hundred dollars, except that:

(a) For employers assigned under RCW 50.29.025 to rate class 1 through 18, the amount of wages subject to tax in any rate year shall not exceed eighty percent of the "average annual wage for contributions purposes" for the second preceding calendar year rounded to the next lower one hundred
dollars. (However, the amount subject to tax shall be twenty-four thousand three hundred dollars for rate year 2000.)

(b) For employers assigned under RCW 50.29.025 to rate class 19 through 20E, and contribution paying employers not qualified to be in the array under RCW 50.29.025(6), the amount of wages subject to tax:

(i) For rate year 2003, shall not exceed eighty-five percent of the "average annual wage for contributions purposes" for the second preceding calendar year rounded to the next lower one hundred dollars.

(ii) For rate year 2004 and thereafter, shall not exceed ninety percent of the "average annual wage for contributions purposes" for the second preceding calendar year rounded to the next lower one hundred dollars.

(3) In making computations under this section and RCW 50.29.010, wages paid based on services for employers making payments in lieu of contributions shall not be considered remuneration. Moneys paid from the fund, based on services performed for employers who make payments in lieu of contributions, which have not been reimbursed to the fund as of any June 30 shall be deemed an asset of the unemployment compensation fund, to the extent that such moneys exceed the amount of payments in lieu of contributions which the commissioner has previously determined to be uncollectible: PROVIDED, FURTHER, That the amount attributable to employment with the state shall also include interest as provided for in RCW 50.44.020.

(4)(a) Contributions shall become due and be paid by each employer to the treasurer for the unemployment compensation fund in accordance with such regulations as the commissioner may prescribe, and shall not be deducted, in whole or in part, from the remuneration of individuals in employment of the employer. Any deduction in violation of the provisions of this section shall be unlawful.

(b) In the payment of any contributions, a fractional part of a cent shall be disregarded unless it amounts to one-half cent or more, in which case it shall be increased to one cent.

Sec. 6. RCW 50.29.020 and 2000 c 2 s 3 are each amended to read as follows:

(1) An experience rating account shall be established and maintained for each employer, except employers as described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, based on existing records of the employment security department. Benefits paid to any eligible individuals shall be charged to the experience rating accounts of each of such individual's employers during the individual's base year in the same ratio that the wages paid by each employer to the individual during the base year bear to the wages paid by all employers to that individual during that base year, except as otherwise provided in this section.

(2) The legislature finds that certain benefit payments, in whole or in part, should not be charged to the experience rating accounts of employers except those employers described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, as follows:

(a) Benefits paid to any individuals later determined to be ineligible shall not be charged to the experience rating account of any contribution paying employer.

(b) Benefits paid to an individual filing under the provisions of chapter 50.06 RCW shall not be charged to the experience rating account of any contribution paying employer only if:

(i) The individual files under RCW 50.06.020(1) after receiving crime victims' compensation for a disability resulting from a nonwork-related occurrence; or

(ii) The individual files under RCW 50.06.020(2).

(c) Benefits paid which represent the state's share of benefits payable as extended benefits defined under RCW 50.22.010(6) shall not be charged to the experience rating account of any contribution paying employer.
(d) In the case of individuals who requalify for benefits under RCW 50.20.050 or 50.20.060, benefits based on wage credits earned prior to the disqualifying separation shall not be charged to the experience rating account of the contribution paying employer from whom that separation took place.

(e) In the case of individuals identified under RCW 50.20.015, benefits paid with respect to a calendar quarter, which exceed the total amount of wages earned in the state of Washington in the higher of two corresponding calendar quarters included within the individual's determination period, as defined in RCW 50.20.015, shall not be charged to the experience rating account of any contribution paying employer.

(f) Benefits paid under RCW 50.22.150 shall not be charged to the experience rating account of any contribution paying employer.

(3)(a) A contribution-paying base year employer, not otherwise eligible for relief of charges for benefits under this section, may receive such relief if the benefit charges result from payment to an individual who:

(i) Last left the employ of such employer voluntarily for reasons not attributable to the employer;

(ii) Was discharged for misconduct connected with his or her work not a result of inability to meet the minimum job requirements;

(iii) Is unemployed as a result of closure or severe curtailment of operation at the employer's plant, building, work site, or other facility. This closure must be for reasons directly attributable to a catastrophic occurrence such as fire, flood, or other natural disaster; or

(iv) Continues to be employed on a regularly scheduled permanent part-time basis by a base year employer and who at some time during the base year was concurrently employed and subsequently separated from at least one other base year employer. Benefit charge relief ceases when the employment relationship between the employer requesting relief and the claimant is terminated. This subsection does not apply to shared work employers under chapter 50.60 RCW.

(b) The employer requesting relief of charges under this subsection must request relief in writing within thirty days following mailing to the last known address of the notification of the valid initial determination of such claim, stating the date and reason for the separation or the circumstances of continued employment. The commissioner, upon investigation of the request, shall determine whether relief should be granted.

Sec. 7. RCW 50.29.025 and 2000 c 2 s 4 are each amended to read as follows:

The contribution rate for each employer subject to contributions under RCW 50.24.010 shall be determined under this section.

(1) A fund balance ratio shall be determined by dividing the balance in the unemployment compensation fund as of the September 30th immediately preceding the rate year by the total remuneration paid by all employers subject to contributions during the second calendar year preceding the rate year and reported to the department by the following March 31st. The division shall be carried to the fourth decimal place with the remaining fraction, if any, disregarded. The fund balance ratio shall be expressed as a percentage.

(2) The interval of the fund balance ratio, expressed as a percentage, shall determine which tax schedule in subsection (5) of this section shall be in effect for assigning tax rates for the rate year, except that during rate year 2004 tax schedule C shall be in effect unless a lower tax schedule is determined to be in effect by the interval of the fund balance ratio. The intervals for determining the effective tax schedule shall be:

(3) An array shall be prepared, listing all qualified employers in ascending order of their benefit ratios. The array shall show for each qualified employer: (a) Identification number; (b) benefit ratio; (c) taxable payrolls for the four calendar quarters immediately preceding the computation date and reported to the department by the cut-off date; (d) a cumulative total of taxable payrolls consisting of the employer’s taxable payroll plus the taxable payrolls of all other employers preceding him or her in the array; and (e) the percentage equivalent of the cumulative total of taxable payrolls.

(4) Each employer in the array shall be assigned to one of twenty rate classes according to the percentage intervals of cumulative taxable payrolls set forth in subsection (5) of this section: PROVIDED, That if an employer's taxable payroll falls within two or more rate classes, the employer and any other employer with the same benefit ratio shall be assigned to the lowest rate class which includes any portion of the employer’s taxable payroll.

(5)(a) Except as provided in RCW 50.29.026 and sections 9 and 10 of this act, the contribution rate for each employer in the array shall be the rate specified in the following tables for the rate class to which he or she has been assigned, as determined under subsection (4) of this section, within the tax schedule which is to be in effect during the rate year:

(b) Employers assigned to rate class 20 shall be assigned to one of the rate classes 20A through E as follows:

(i) Employers with a benefit ratio of less than 0.054000 shall be assigned to rate class 20A; 
(ii) Employers with a benefit ratio of at least 0.054000 but less than 0.063000 shall be assigned to rate class 20B; 
(iii) Employers with a benefit ratio of at least 0.063000 but less than 0.068000 shall be assigned to rate class 20C; 
(iv) Employers with a benefit ratio of at least 0.068000 but less than 0.075000 shall be assigned to rate class 20D; and
(v) Employers with a benefit ratio of 0.075000 or higher shall be assigned to rate class 20E.

(c) The maximum contribution rate for employers whose standard industrial classification code is within major group "01", "02", or "07" or is code "5148" or the equivalent code in the North American industry classification system code, may not exceed the rate in rate class 20A for the applicable rate year.

(6) Except as provided in sections 9 and 10 of this act, the contribution rate for each employer not qualified to be in the array shall be as follows:

(a) Employers who do not meet the definition of "qualified employer" by reason of failure to pay contributions when due shall be assigned a contribution rate two-tenths higher than that in rate class 20E for the applicable rate year, except employers who have an approved agency-deferred payment contract by September 30 of the previous rate year. If any employer with an approved agency-deferred payment contract fails to make any one of the succeeding deferred payments or fails to submit any succeeding tax report and payment in a timely manner, the employer’s tax rate shall immediately revert to a contribution rate two-tenths higher than that in rate class 20E for the applicable rate year; and

(b) For all other employers not qualified to be in the array, the contribution rate shall be a rate equal to the average industry rate as determined by the commissioner; however, the rate may not be less than one percent. Assignment of employers by the commissioner to industrial classification, for purposes of this section, shall be in accordance with established classification practices found in the
"Standard Industrial Classification Manual" issued by the federal office of management and budget to the third digit provided in the standard industrial classification code, or in the North American industry classification system code.

Sec. 8. RCW 50.29.025 and 2000 c 2 s 4 are each amended to read as follows:

The contribution rate for each employer subject to contributions under RCW 50.24.010 shall be determined under this section.

(1) A fund balance ratio shall be determined by dividing the balance in the unemployment compensation fund as of the September 30th immediately preceding the rate year by the total remuneration paid by all employers subject to contributions during the second calendar year preceding the rate year and reported to the department by the following March 31st. The division shall be carried to the fourth decimal place with the remaining fraction, if any, disregarded. The fund balance ratio shall be expressed as a percentage.

(2) The interval of the fund balance ratio, expressed as a percentage, shall determine which tax schedule in subsection (5) of this section shall be in effect for assigning tax rates for the rate year. The intervals for determining the effective tax schedule shall be:

(6) Except as provided in sections 9 and 10 of this act, the contribution rate for each employer not qualified to be in the array shall be as follows:

(a) Employers who do not meet the definition of "qualified employer" by reason of failure to pay contributions when due shall be assigned a contribution rate two-tenths higher than that in rate class 20E for the applicable rate year, except employers who have an approved agency-deferred payment contract by September 30 of the previous rate year. (b) For all other employers not qualified to be in the array, the contribution rate shall be a rate equal to the average industry rate as determined by the commissioner; however, the rate may not be less than one percent. NEW SECTION. Sec. 9. A new section is added to chapter 50.29 RCW to read as follows:
For rate years 2003 and 2004, the contribution rate of each employer subject to contributions under RCW 50.24.010 shall include, in addition to the contribution rate under RCW 50.29.025, an insolvency surcharge of fifteen one-hundredths of one percent. However, the insolvency surcharge is not in effect:

(1) For rate year 2003, if, before January 1, 2003, federal Reed act moneys are transferred to the account of this state pursuant to section 903 of the social security act (42 U.S.C. Sec. 1103), as amended, in an amount equal to or greater than fifteen one-hundredths of one percent multiplied by the amount of total taxable payroll for fiscal year 2002.

(2) For rate year 2004, if the fund balance ratio under RCW 50.29.025 is equal to or greater than 1.40 on September 30, 2003.

NEW SECTION. Sec. 10. A new section is added to chapter 50.29 RCW to read as follows:

(1) Beginning with contributions assessed for rate year 2005, the contribution rate of each employer subject to contributions under RCW 50.24.010 shall include, in addition to the contribution rate under RCW 50.29.025, an equity surcharge as determined under this section if the employer’s experience rating account has ineffective charges in at least three of the four completed fiscal years immediately preceding the computation date. The commissioner shall determine the equity surcharge rate for a rate year for each applicable employer as follows:

(a) If the employer’s net ineffective charges are equal to or less than zero, no equity surcharge is applicable to the employer. If the employer’s net ineffective charges are greater than zero, an equity surcharge is applicable to the employer.

(b) An employer’s equity surcharge rate for a rate year is equal to the net ineffective charges divided by the employer’s taxable payroll, expressed as a percentage.
(2) The equity surcharge may not exceed four-tenths of one percent, except that for any given rate year the maximum surcharge is six-tenths of one percent if the commissioner determines that the total ineffective charges in the completed fiscal year immediately preceding the computation date is greater than fifteen percent of the total benefits paid in that fiscal year.

(3) This section does not apply to an employer in rate class 20A through 20E whose assigned standard industrial classification code is within major group "09" or is "203," or the equivalent codes in the North American industry classification system code.

(4) For purposes of this section:
   (a) "Ineffective charges" means the dollar amount charged in the previous four completed fiscal years to an employer’s experience rating account attributable to unemployment benefits paid to claimants that exceed the contributions paid by the respective employer in those four fiscal years.
   (b) "Net ineffective charges" means the sum of the employer’s ineffective charges as defined in (a) of this subsection reduced by the employer’s estimated contributions.
   (c) "Estimated contributions" means the employer’s taxable payroll multiplied by the employer’s contribution rate assigned under RCW 50.29.025 for the next applicable rate year.
   (d) "Taxable payroll" means the amount of wages subject to tax for the employer as determined under RCW 50.24.010 in the completed fiscal year immediately preceding the computation date.

Sec. 11. RCW 50.29.010 and 1987 c 213 s 2 are each amended to read as follows:
As used in this chapter:
(1) "Computation date" means July 1st of any year;
(2) "Cut-off date" means September 30th next following the computation date;
(3) "Qualification date" means April 1st of the third year preceding the computation date;
(4) "Rate year" means the calendar year immediately following the computation date;
(5) "Payroll" means all wages (as defined for contribution purposes) paid by an employer to individuals in his or her employment;
(6) "Qualified employer" means any employer who (1) reported some employment in the twelve-month period beginning with the qualification date, (2) had no period of four or more consecutive calendar quarters for which he or she reported no employment in the two calendar years immediately preceding the computation date, and (3) has submitted by the cut-off date all reports, contributions, interest, and penalties required under this title for the period preceding the computation date. Unpaid contributions, interest, and penalties may be disregarded for the purposes of this section if they constitute less than either one hundred dollars or one-half of one percent of the employer’s total tax reported for the twelve-month period immediately preceding the computation date. Late reports, contributions, penalties, or interest from employment defined under RCW 50.04.160 may be disregarded for the purposes of this section if showing is made to the satisfaction of the commissioner that an otherwise qualified employer acted in good faith and that forfeiture of qualification for a reduced contribution rate because of such delinquency would be inequitable.

Sec. 12. RCW 50.29.062 and 1996 c 238 s 1 are each amended to read as follows:
Predecessor and successor employer contribution rates shall be computed in the following manner:
(1) If the successor is an employer, as defined in RCW 50.04.080, at the time of the transfer, its contribution rate shall remain unchanged for the remainder of the rate year in which the transfer occurs. From and after January 1 following the transfer, the successor’s contribution rate for each rate year shall be based on its experience with payrolls and benefits including the experience of the acquired business or portion of a business from the date of transfer, as of the regular computation date for that rate year.
(2) If the successor is not an employer at the time of the transfer, it shall pay contributions at the lowest rate determined under either of the following:
   (a)(i) For transfers before January 1, 1997, the contribution rate of the rate class assigned to the predecessor employer at the time of the transfer for the remainder of that rate year and continuing until the successor qualifies for a different rate in its own right;
(ii) For transfers on or after January 1, 1997, the contribution rate of the rate class assigned to the predecessor employer at the time of the transfer for the remainder of that rate year. Any experience relating to the assignment of that rate class attributable to the predecessor is transferred to the successor. Beginning with the January 1 following the transfer, the successor’s contribution rate shall be based on the transferred experience of the acquired business and the successor’s experience after the transfer; or

(b) The contribution rate equal to the average industry rate as determined by the commissioner, but not less than one percent, and continuing until the successor qualifies for a different rate in its own right. Assignment of employers by the commissioner to industrial classification, for purposes of this subsection, must be in accordance with established classification practices found in the "Standard Industrial Classification Manual" issued by the federal office of management and budget to the third digit provided in the standard industrial classification code, or in the North American industry classification code system.

(3) If the successor is not an employer at the time of the transfer and simultaneously acquires the business or a portion of the business of two or more employers in different rate classes, its rate from the date the transfer occurred until the end of that rate year and until it qualifies in its own right for a new rate, shall be the highest rate class applicable at the time of the acquisition to any predecessor employer who is a party to the acquisition, but not less than one percent.

(4) If the successor is not an employer at the time of the transfer, the taxable wage base applicable to the predecessor employer at the time of the transfer shall continue to apply to the successor employer for the remainder of the rate year in which the transfer occurs.

(5) The contribution rate on any payroll retained by a predecessor employer shall remain unchanged for the remainder of the rate year in which the transfer occurs.

(6) In all cases, from and after January 1 following the transfer, the predecessor’s contribution rate for each rate year shall be based on its experience with payrolls and benefits as of the regular computation date for that rate year including the experience of the acquired business or portion of business up to the date of transfer: PROVIDED, That if all of the predecessor’s business is transferred to a successor or successors, the predecessor shall not be a qualified employer until it satisfies the requirements of a "qualified employer" as set forth in RCW 50.29.010.

In addition to contributions at rates computed under this section, predecessor and successor employers are subject to contributions under rates computed as provided in sections 9 and 10 of this act.

Sec. 13. RCW 50.24.014 and 2000 c 2 s 15 are each amended to read as follows:

(1)(a) A separate and identifiable account to provide for the financing of special programs to assist the unemployed is established in the administrative contingency fund. Contributions to this account shall accrue and become payable by each employer, except employers as described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, at a basic rate of two one-hundredths of one percent. The amount of wages subject to tax shall be determined under RCW 50.24.010.

(b) A separate and identifiable account is established in the administrative contingency fund for financing the employment security department’s administrative cost under RCW 50.22.150 (and), the costs under RCW 50.22.150(9), and the administrative cost under chapter . . . , Laws of 2002 (this act). Contributions to this account shall accrue and become payable by each employer, except employers as described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, those employers who are required to make payments in lieu of contributions, those employers described under RCW 50.29.025(6)(b), and those qualified employers assigned one of the rate classes 20A through 20E under RCW 50.29.025, at a basic rate of one one-hundredth of one percent. The amount of wages subject to tax shall be determined under RCW 50.24.010. (Any amount of contributions payable under this subsection (1)(b) that exceeds the amount that would have been collected at a rate of four one-thousandths of one percent must be deposited in the unemployment compensation trust fund.)
(c) For the first calendar quarter of 1994 only, the basic two one-hundredths of one percent contribution payable under (a) of this subsection shall be increased by one-hundredth of one percent to a total rate of three one-hundredths of one percent. The proceeds of this incremental one-hundredth of one percent shall be used solely for the purposes described in section 22, chapter 483, Laws of 1993, and for the purposes of conducting an evaluation of the call center approach to unemployment insurance under section 5, chapter 161, Laws of 1998. During the 1997-1999 fiscal biennium, any surplus from contributions payable under this subsection (c) may be deposited in the unemployment compensation trust fund, used to support tax and wage automated systems projects that simplify and streamline employer reporting, or both.

(2)(a) Contributions under this section shall become due and be paid by each employer under rules as the commissioner may prescribe, and shall not be deducted, in whole or in part, from the remuneration of individuals in the employ of the employer. Any deduction in violation of this section is unlawful.

(b) In the payment of any contributions under this section, a fractional part of a cent shall be disregarded unless it amounts to one-half cent or more, in which case it shall be increased to one cent.

(3) If the commissioner determines that federal funding has been increased to provide financing for the services specified in chapter 50.62 RCW, the commissioner shall direct that collection of contributions under this section be terminated on the following January 1st.

NEW SECTION. Sec. 14. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state or the eligibility of employers in this state for federal unemployment tax credits, the conflicting part of this act is inoperative solely to the extent of the conflict, and the finding or determination does not affect the operation of the remainder of this act. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state or the granting of federal unemployment tax credits to employers in this state.

NEW SECTION. Sec. 15. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 16. (1) Section 3 of this act applies beginning with claims that have an effective date on or after July 7, 2002.

(2) Sections 5 and 7 of this act apply to rate years beginning on or after January 1, 2003.

(3) Section 6 of this act applies to benefits charged to the experience rating accounts of employers for claims that have an effective date on or after July 7, 2002.

(4) Section 8 of this act applies to rate years beginning on or after January 1, 2005.

NEW SECTION. Sec. 17. (1) Sections 7 and 9 of this act expire January 1, 2005.

(2) Section 3 of this act expires July 1, 2014.

NEW SECTION. Sec. 18. (1) Section 3 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

(2) Section 8 of this act takes effect January 1, 2005."

"Sec. 5. RCW 50.20.170 and 1945 c 35 s 85 are each amended to read as follows:
(1)(a) Subject to (b) of this subsection, an individual who has received an initial determination finding that he or she is potentially entitled to receive waiting period credit or benefits shall, during the benefit year, be given waiting period credit or be paid benefits in accordance with such initial determination for any week with respect to which the conditions of eligibility for such credit or benefits, as prescribed by this title, are met, unless the individual is denied waiting period credit or benefits under the disqualification provisions of this title.

(b) An individual who has received an initial determination under (a) of this subsection must be notified in writing that he or she is entitled to a redetermination of the amount of benefits payable if he or she has taken unpaid family and medical leave totaling six or more weeks, whether taken consecutively or intermittently, during his or her base year and if the claim equals less than thirty times the weekly benefit amount. The notice must describe the method by which the claimant may request a redetermination under this subsection. If the notified claimant requests the redetermination, the department must reevaluate the claimant’s base year as provided in RCW 50.04.020(2)(b).

(2) All benefits shall be paid through employment offices in accordance with such regulations as the commissioner may prescribe.

Sec. 6. RCW 50.04.020 and 1994 c 3 s 1 are each amended to read as follows:
(1) "Base year" with respect to each individual, shall mean ((either)) the first four of the last five completed calendar quarters ((or)), the last four completed calendar quarters immediately preceding the first day of the individual’s benefit year, or, if applicable under subsection (2) of this section, an additional base year.

(2)(a) Except as provided in (b) of this subsection, for the purposes of establishing a benefit year, the department shall initially use the first four of the last five completed calendar quarters as the base year. If a benefit year is not established using the first four of the last five calendar quarters as the base year, the department shall use the last four completed calendar quarters as the base year.

(b) If a claimant requests a redetermination under RCW 50.20.170(1)(b), the department shall evaluate an additional base year, using the four quarters with the highest wages in the last six completed calendar quarters. The base year, for the purposes of establishing the claimant’s benefit year, must be either the base year initially used under (a) of this subsection or the additional base year used under this subsection, whichever base year entitles the claimant to the higher maximum benefits under RCW 50.20.120(1). However, any benefit year established under this subsection may not use calendar quarters that were previously used to establish a prior benefit year.

(3) Computations using the last four completed calendar quarters shall be based on available wage items processed as of the close of business on the day preceding the date of application. The department shall promptly contact employers to request assistance in obtaining wage information for the last completed calendar quarter if it has not been reported at the time of initial application.

NEW SECTION. Sec. 7. A new section is added to chapter 50.04 RCW to read as follows:
"Family and medical leave" means leave taken under either the federal family and medical leave act of 1993 (Act of Feb. 5, 1993, P.L. 103-3, 107 Stat. 6) or the state family leave law, chapter 49.78 RCW."

"Sec. 1. RCW 50.22.140 and 2000 2nd sp. s. c 1 s 916 are each amended to read as follows:

(1) The employment security department is authorized to pay training benefits under RCW 50.22.150, but may not obligate expenditures beyond the limits specified in this section or as otherwise set by the legislature. For the fiscal year ending June 30, 2000, the commissioner may not obligate more than twenty million dollars for training benefits. For the two fiscal years ending June 30, 2002, the commissioner may not obligate more than sixty million dollars for training benefits. Any funds not obligated in one fiscal year may be carried forward to the next fiscal year. For each fiscal year beginning after June 30, 2002, the commissioner may not obligate more than twenty million dollars annually in addition to any funds carried forward from previous fiscal years. The department shall develop a process to ensure that expenditures do not exceed available funds and to prioritize access to funds when again available.

(2) After June 30, 2002, in addition to the amounts that may be obligated under subsection (1) of this section, the commissioner may obligate up to thirty-four million dollars for training benefits under RCW 50.22.150 for individuals in the aerospace industry assigned the standard industrial classification code "372" or the North American industry classification system code "336411" whose claims are filed before January 5, 2003. The funds provided in this subsection must be fully obligated for training benefits for these individuals before the funds provided in subsection (1) of this section may be obligated for training benefits for these individuals. Any amount of the funds specified in this subsection that is not obligated as permitted may not be carried forward to any future period.

Sec. 2. RCW 50.22.150 and 2000 c 2 s 8 are each amended to read as follows:

(1) Subject to availability of funds, training benefits are available for an individual who is eligible for or has exhausted entitlement to unemployment compensation benefits and who:

(a) Is a dislocated worker as defined in RCW 50.04.075;

(b) Except as provided under subsection (2) of this section, has demonstrated, through a work history, sufficient tenure in an occupation or in work with a particular skill set. This screening will take place during the assessment process;

(c) Is, after assessment of demand for the individual’s occupation or skills in the individual’s labor market, determined to need job-related training to find suitable employment in his or her labor market. Beginning July 1, 2001, the assessment of demand for the individual’s occupation or skill sets must be substantially based on declining occupation or skill sets identified in local labor market areas by the local work force development councils, in cooperation with the employment security department and its labor market information division, under subsection (((9))) (((10))) of this section;

(d) Develops an individual training program that is submitted to the commissioner for approval within sixty days after the individual is notified by the employment security department of the requirements of this section;

(e) Enters the approved training program by ninety days after the date of the notification, unless the employment security department determines that the training is not available during the ninety-day period, in which case the individual enters training as soon as it is available; and

(f) Is enrolled in training approved under this section on a full-time basis as determined by the educational institution, and is making satisfactory progress in the training as certified by the educational institution.

(2) Until June 30, 2002, the following individuals who meet the requirements of subsection (1) of this section may, without regard to the tenure requirements under subsection (1)(b) of this section, receive training benefits as provided in this section:
(a) An exhaustee who has base year employment in the aerospace industry assigned the standard industrial classification code "372" or the North American industry classification system code "336411";

(b) An exhaustee who has base year employment in the forest products industry, determined by the department, but including the industries assigned the major group standard industrial classification codes "24" and "26" or any equivalent codes in the North American industry classification system code, and the industries involved in the harvesting and management of logs, transportation of logs and wood products, processing of wood products, and the manufacturing and distribution of wood processing and logging equipment; or

(c) An exhaustee who has base year employment in the fishing industry assigned the standard industrial classification code "0912" or any equivalent codes in the North American industry classification system code.

(3) An individual is not eligible for training benefits under this section if he or she:
(a) Is a standby claimant who expects recall to his or her regular employer;
(b) Has a definite recall date that is within six months of the date he or she is laid off; or
(c) Is unemployed due to a regular seasonal layoff which demonstrates a pattern of unemployment consistent with the provisions of RCW 50.20.015. Regular seasonal layoff does not include layoff due to permanent structural downsizing or structural changes in the individual’s labor market.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.
(a) "Educational institution" means an institution of higher education as defined in RCW 28B.10.016 or an educational institution as defined in RCW 28C.04.410, including equivalent educational institutions in other states.
(b) "Sufficient tenure" means earning a plurality of wages in a particular occupation or using a particular skill set during the base year and at least two of the four twelve-month periods immediately preceding the base year.
(c) "Training benefits" means additional benefits paid under this section.
(d) "Training program" means:
(i) An education program determined to be necessary as a prerequisite to vocational training after counseling at the educational institution in which the individual enrolls under his or her approved training program; or
(ii) A vocational training program at an educational institution:
(A) That is targeted to training for a high demand occupation. Beginning July 1, 2001, the assessment of high demand occupations authorized for training under this section must be substantially based on labor market and employment information developed by local work force development councils, in cooperation with the employment security department and its labor market information division, under subsection ((9)) (10) of this section;
(B) That is likely to enhance the individual’s marketable skills and earning power; and
(C) That meets the criteria for performance developed by the work force training and education coordinating board for the purpose of determining those training programs eligible for funding under Title I of P.L. 105-220.
"Training program" does not include any course of education primarily intended to meet the requirements of a baccalaureate or higher degree, unless the training meets specific requirements for certification, licensing, or for specific skills necessary for the occupation.

(5) Benefits shall be paid as follows:
(a)(i) Except as provided in (a)(iii) of this subsection, for exhaustees who are eligible under subsection (1) of this section, the total training benefit amount shall be fifty-two times the individual’s weekly benefit amount, reduced by the total amount of regular benefits and extended benefits paid, or deemed paid, with respect to the benefit year; or
(ii) For exhaustees who are eligible under subsection (2) of this section, for claims filed before June 30, 2002, the total training benefit amount shall be seventy-four times the individual’s weekly benefit amount, reduced by the total amount of regular benefits and extended benefits paid, or deemed paid, with respect to the benefit year. ((Beginning with new claims filed after June 30, 2002, for
exhaustees eligible under subsection (2) of this section, the total training benefit amount shall be fifty-two times the individual’s weekly benefit amount, reduced by the total amount of regular benefits and extended benefits paid, or deemed paid, with respect to the benefit year); or

(iii) For exhaustees eligible under subsection (1) of this section from industries listed under subsection (2)(a) of this section, for claims filed on or after June 30, 2002, but before January 5, 2003, the total training benefit amount shall be seventy-four times the individual’s weekly benefit amount, reduced by the total amount of regular benefits and extended benefits paid, or deemed paid, with respect to the benefit year.

(b) The weekly benefit amount shall be the same as the regular weekly amount payable during the applicable benefit year and shall be paid under the same terms and conditions as regular benefits. The training benefits shall be paid before any extended benefits but not before any similar federally funded program.

(c) Training benefits are not payable for weeks more than two years beyond the end of the benefit year of the regular claim.

(6) The requirement under RCW 50.22.010(10) relating to exhausting regular benefits does not apply to an individual otherwise eligible for training benefits under this section when the individual’s benefit year ends before his or her training benefits are exhausted and the individual is eligible for a new benefit year. These individuals will have the option of remaining on the original claim or filing a new claim.

(7)(a) Except as provided in (b) of this subsection, individuals who receive training benefits under this section or under any previous additional benefits program for training are not eligible for training benefits under this section for five years from the last receipt of training benefits under this section or under any previous additional benefits program for training.

(b) With respect to claims that are filed before January 5, 2003, an individual in the aerospace industry assigned the standard industrial code “372” or the North American industry classification system code “336411” who received training benefits under this section, and who had been making satisfactory progress in a training program but did not complete the program, is eligible, without regard to the five-year limitation of this section and without regard to the requirement of subsection (1)(b) of this section, if applicable, to receive training benefits under this section in order to complete that training program. The total training benefit amount that applies to the individual is seventy-four times the individual’s weekly benefit amount, reduced by the total amount of regular benefits paid, or deemed paid, with respect to the benefit year in which the training program resumed and, if applicable, reduced by the amount of training benefits paid, or deemed paid, with respect to the benefit year in which the training program commenced.

(8) An individual eligible to receive a trade readjustment allowance under chapter 2 of Title II of the Trade Act of 1974, as amended, shall not be eligible to receive benefits under this section for each week the individual receives such trade readjustment allowance. An individual eligible to receive emergency unemployment compensation, so called, under any federal law, shall not be eligible to receive benefits under this section for each week the individual receives such compensation.

(9) All base year employers are interested parties to the approval of training and the granting of training benefits.

((49)) (10) By July 1, 2001, each local work force development council, in cooperation with the employment security department and its labor market information division, must identify occupations and skill sets that are declining and occupations and skill sets that are in high demand. For the purposes of RCW 50.22.130 through 50.22.150 and section 9, chapter 2, Laws of 2000, “high demand” means demand for employment that exceeds the supply of qualified workers for occupations or skill sets in a labor market area. Local work force development councils must use state and locally developed labor market information. Thereafter, each local work force development council shall update this information annually or more frequently if needed.

((49)) (11) The commissioner shall adopt rules as necessary to implement this section.

Sec. 3. RCW 50.29.020 and 2000 c 2 s 3 are each amended to read as follows:

(1) An experience rating account shall be established and maintained for each employer, except employers as described in RCW 50.44.010 and 50.44.030 who have properly elected to make
payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, based on existing records of the employment security department. Benefits paid to any eligible individuals shall be charged to the experience rating accounts of each of such individual’s employers during the individual’s base year in the same ratio that the wages paid by each employer to the individual during the base year bear to the wages paid by all employers to that individual during that base year, except as otherwise provided in this section.

(2) The legislature finds that certain benefit payments, in whole or in part, should not be charged to the experience rating accounts of employers except those employers described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, as follows:

(a) Benefits paid to any individuals later determined to be ineligible shall not be charged to the experience rating account of any contribution paying employer.

(b) Benefits paid to an individual filing under the provisions of chapter 50.06 RCW shall not be charged to the experience rating account of any contribution paying employer only if:

(i) The individual files under RCW 50.06.020(1) after receiving crime victims’ compensation for a disability resulting from a nonwork-related occurrence; or

(ii) The individual files under RCW 50.06.020(2).

Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state or the granting of federal unemployment tax credits to employers in this state.

NEW SECTION. Sec. 5. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

SENATE AMENDMENTS TO HOUSE BILL

March 8, 2002

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2671, with the following amendments:

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. The legislature finds that the health and safety of its citizens, natural resources, and the environment are vital interests of the state that must be protected to preserve the state’s quality of life. The legislature also finds that the state’s economic well-being is a vital interest that depends upon the development of fair, coordinated environmental permitting processes that ensure that the state not only protects natural resources, but also encourages appropriate activities that stimulate growth and development. The legislature further finds that during the past twenty years, Washington’s environmental protection programs have established strict standards to reduce pollution and protect public health and safety and the environment.

The legislature finds that as the number of environmental and land use laws have grown in Washington, so have the number of permits required of business and government. The increasing number of individual permits and permit authorities has generated the potential for conflict, overlap, and duplication between the various state, local, and federal permits. Lack of coordination in the processing of permit applications may cause costly delays and frustration to the applicant.

The legislature finds that not all project applicants require the same type of technical assistance. While applicants with small projects may merely need information about local and state permits, and assistance in applying for those permits, intermediate-sized projects may require a facilitated facilitating permit process. Large, complex projects may even need extensive coordination among local, state, and federal agencies.

The legislature finds that a range of assistance and coordination options should be available for project applicants. The legislature further finds that citizens should be provided with a reliable and consolidated source of information concerning federal, state, and local environmental and land use laws...
and procedures that might apply to any given proposal; facilitated interagency forums for discussion of significant issues related to the multiple permitting processes can be very useful for some project proponents; and finally, some applicants may require active coordination of all applicable regulatory and land use permitting procedures.

The legislature declares that the purpose of this chapter is to provide efficient processes that will assist businesses and citizens in complying with the environmental and land use laws while protecting public health and safety and the environment.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Center" means the permit assistance center established in section 3 of this act.
(2) "Permit" includes any license, certificate, registration, permit, or other form of use authorization required by a permit agency to engage in a particular activity.
(3) "Project" means an activity, the conduct of which requires permits from one or more permit agencies.
(4) "Use authorization" means a lease, material purchase, easement, permit, or other document authorizing the use of either state-owned aquatic lands or materials, or both.

NEW SECTION. Sec. 3. (1) The permit assistance center is created in the office of the governor. The center shall:

(a) Publish and keep current one or more handbooks containing lists and explanations of all permit laws. To the extent possible, the handbook must include relevant local, state, federal, and tribal laws. A state agency or local government must provide a reasonable number of copies of application forms, statutes, ordinances, rules, handbooks, and other informational material requested by the center and must otherwise fully cooperate with the center. The center must seek the cooperation of relevant federal agencies and tribal governments;
(b) Establish, and make known, a point of contact for distribution of the handbook and advice to the public as to its interpretation in any given case;
(c) Work closely and cooperatively with the business license center in providing efficient and nonduplicative service to the public;
(d) Collect and disseminate information to public and private entities on federal, state, local, and tribal government programs that rely on private professional expertise to assist governmental agencies in project permit review;
(e) Provide an annual performance report to the legislature and the public. The report must be based on survey of customers;
(f) Report annually to the legislature regarding any statutory or regulatory conflicts relating to differing legal authorities and roles of the agencies issuing permits or use authorizations and how these were resolved. The report may include recommendations to the legislature and to agencies; and
(g) Report annually to the legislature regarding use of outside independent consultants pursuant to section 7 of this act, including the nature and amount of work performed by outside independent consultants and implementation of the requirements of section 7 of this act relating to costs.
(2) The center must prioritize the expenditure of general fund moneys allotted to the center to provide a set of services to the applicants of small projects.
(3) The center shall work with state resource agencies, the governor’s office, local government officials, and the department of community, trade, and economic development to create a range of permit assistance options for permit applicants. These options include, but are not limited to, a centralized customer call center, a web site for permitting information, facilitation services offered on a regional basis, and a process for developing a coordinated permit process utilizing a cost reimbursement system authorized under section 7 of this act.
(4) The center shall also work to develop informal processes for dispute resolution between agencies and permit applicants.
(5) To the maximum extent possible, the center shall work with the transportation permit efficiency and accountability committee established by chapter 47.06C RCW.
NEW SECTION. Sec. 4. (1) The center shall operate based on the principle that citizens of the state of Washington have the right to expect the following information to be provided to them when asking for a permit, license, or permission to engage in a lawful activity:
   (a) A date and time for a decision on permits;
   (b) A defined amount of information required to award a permit by a permitting authority before any application for permits can be accepted; and
   (c) An estimate of the maximum amount of costs in fees, studies, or public processes that will be incurred by the permit applicant.
   (2) This section does not create a right of action.

NEW SECTION. Sec. 5. (1) Upon the request of a project proponent, the center shall appoint a project facilitator to assist the applicant in determining which regulatory requirements, processes, and permits may be required for development and operation of the proposed project. The project facilitator shall provide the information to the applicant and explain the options available to the applicant in obtaining the required permits.
   (2) If requested by the applicant, the project facilitator shall facilitate a project scoping meeting. The meeting may involve the project applicant, state agencies that will require a permit or use authorization for the project, and the local governments in whose jurisdiction the project is proposed. Federal agencies and tribal governments that either issue or may require a permit, or that may require a use authorization for the project, shall each be invited to participate in the scoping meeting. All agencies participating in the scoping process are encouraged to remain in communication for purposes of coordination throughout the subsequent permit review processes until final permit decisions are made.
   (3) The purpose of the scoping meeting is to share perspectives and identify the issues and information needs of concern to each participant with regard to the proposed project, and jointly develop a strategy for managing the permitting process. This project scoping process must be concluded within sixty days of the applicant’s request.
      (a) During this review, the permit agencies shall identify:
         (i) The permits that are required for the project;
         (ii) A review of the permit application forms and other application requirements of the agencies that are participating in the scoping meeting;
         (iii) The specific information needs and issues of concern and their significance to each participant with regard to the permitting processes involved;
         (iv) Any statutory or regulatory conflicts that might arise relating to differing legal authorities and roles of the agencies issuing the permit or use authorization of the project;
         (v) Any state or local jurisdiction or private sector liability that might result from permitting or issuing a use authorization for the project;
         (vi) Any natural resources, including federal or state listed species, that might be adversely affected by the permitting or authorizing decision; and
         (vii) The permit decision timelines that will be used by each permit agency, including the time periods required to determine if the permit applications are complete, to review the application or applications, and to process the component permits. In the development of this timeline, full attention must be given to achieving the maximum efficiencies possible through concurrent studies, consolidated applications, hearings, and comment periods.
      (b) Following this project scoping review, the outcome shall be documented in written form and furnished to the applicant, and be available to the public.
      (c) Upon completion of this review, the permitting and authorizing agencies and governments shall proceed according to their respective statutes.

NEW SECTION. Sec. 6. (1) Upon request, a permit applicant may also request that the center actively coordinate the project permitting processes. This process shall be implemented through a cost reimbursement contract developed under section 7 of this act.
   (2) According to the specific requirements contained in a cost reimbursement contract, the center may convene a scoping meeting as outlined in section 5 of this act, serve as the main point of
contact for the permit applicant with regard to the coordinated permit processes for the project, and manage the procedural aspects of that processing consistent with existing laws. In carrying out these responsibilities, the center shall ensure that the permit applicant has all the information needed to apply for all the component permits that are incorporated in the coordinated permit process for the project, coordinate the review of those permits by the permit agencies, ensure that timely permit decisions are made by the permit agencies, and assist in resolving any conflict or inconsistency among the permit requirements and conditions that are to be imposed by the permit agencies. The center shall maintain contact with the applicant and local, state, and federal permit agencies to ensure that the process is progressing as scheduled.

(3) Upon completion of the cost reimbursement contract, each permit agency shall send at least one representative qualified to make decisions concerning the applicability and timelines associated with all permits administered by that jurisdiction. At the request of the applicant, the center shall notify any relevant federal agency or federally recognized tribe of the date of the meeting and invite that agency’s participation in the process.

(4) If a permit agency or the applicant foresees, at any time, that it will be unable to meet its obligations under the agreement, it shall notify the center of the problem. The center shall notify the permit agencies and the applicant and, upon agreement of all parties, adjust the schedule, or, if necessary, schedule another work plan meeting.

(5) This chapter may not be construed to limit or abridge the powers and duties granted to any permit agency under the law that authorizes or requires the agency to issue a permit or a use authorization for a project.

NEW SECTION. Sec. 7. (1) The center shall negotiate a method of determining, collecting, and distributing permit fees and cost reimbursement for the costs associated with carrying out the purposes of this chapter, including the use of existing fees as set by statute or administrative rule.

(2) The center may enter into a written agreement with the applicant to recover from the applicant the reasonable costs incurred by the center and permit agencies in carrying out the requirements of this chapter.

(3) The center may enter into a written agreement with the applicant to recover from the applicant the reasonable costs incurred by outside independent consultants selected by the center and permit agencies to perform permit review and processing tasks consistent with the coordinated permit process.

(4) The center and outside independent consultants may recover only the costs of performing those permit services that are coordinated through the one-stop coordinated permitting process established under this chapter. The billing process must provide for accurate time and cost accounting and may include a billing cycle that provides for progress payments.

(5) Prior to providing reimbursement or fees to participating permit agencies under this chapter, the center shall ensure that the participating permit agencies have made all the permit decisions that are necessary for the incorporation of the permits into the coordinated permit process and act on the component permits within the time periods agreed to by the participating permit agencies under the process outlined in section 6 of this act.

(6) The center shall adopt a policy to administer cost reimbursement agreements executed under this section. Cost reimbursement agreements administered by the center under this section must be based on competitive bids that are awarded for each agreement to the responsible bidder from a prequalified consultant roster that submitted the lowest responsive bid as described in RCW 43.19.1911.

(7) Prior to entering negotiation with the applicant on cost reimbursement, the center shall request work load analyses for the permits from each permitting agency. These analyses shall be available to the public. The center may only agree to reduce work load if there is a good cause to do so and there is no significant impact on environmental review.

(8) If independent consultants are hired under the cost reimbursement agreement, they shall report directly to the permitting agency.

(9) The center shall develop guidance to ensure that, in developing cost reimbursement agreements, conflict of interest problems are eliminated.
(10) For permits it coordinates, the permit assistance center shall coordinate all cost-reimbursement agreements executed under RCW 43.21A.690, 43.30.420, 43.70.630, 43.300.080, and 70.94.085.

NEW SECTION. Sec. 8. (1) There is established the permit assistance advisory council composed of eleven members. Seven members shall be appointed by the governor. In making these appointments, the governor shall include representation from business, the environmental community, agriculture, port districts, counties, cities, and the tribes. Two members shall be members of the senate selected by the president of the senate with one member selected from each caucus in the senate, and two members shall be members of the house of representatives selected by the speaker of the house of representatives with one member selected from each caucus in the house of representatives. The legislative members shall be nonvoting members of the council. Appointments to the council shall reflect geographical balance and the diversity of population within Washington state. Members shall serve four-year terms. Of the initial members appointed to the council, two shall serve for two years, two shall serve for three years, and two shall serve for four years. Thereafter members shall be appointed to four-year terms. Vacancies shall be filled by appointment in the same manner as the original appointment for the remainder of the unexpired term of the position being vacated. Nonlegislative members shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060. Legislative members shall be reimbursed as provided in RCW 44.04.120.

(2) The council shall elect a chair and a vice-chair from the voting members of the committee. The chair and vice-chair shall serve a term of one year.

(3) The council shall:
   (a) Assess the performance of the center;
   (b) Review annual customer surveys conducted by the center to determine the effectiveness of the center; and
   (c) Recommend changes to the services provided by the center to enhance technical assistance to permit applicants.

(4) The council shall meet at least four times per year.

NEW SECTION. Sec. 9. (1) The powers, duties, and functions of the permit assistance center at the department of ecology are transferred to the center created in section 3 of this act.

(2)(a) All reports, documents, surveys, books, records, files, papers, or written material in the possession of the department of ecology pertaining to the powers, functions, and duties transferred shall be delivered to the custody of the center. All cabinets, furniture, office equipment, motor vehicles, and other tangible property employed by the department of ecology in carrying out the powers, functions, and duties transferred shall be made available to the center. All funds, credits, or other assets held in connection with the powers, functions, and duties transferred shall be assigned to the center.

(b) Any appropriations made to the department of ecology for carrying out the powers, functions, and duties transferred shall, on June 30, 2002, be transferred and credited to the center.

(c) Whenever any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(3) All rules and all pending business before the department of ecology pertaining to the powers, functions, and duties transferred shall be continued and acted upon by the center. All existing contracts and obligations shall remain in full force and shall be performed by the center.

(4) The transfer of the powers, duties, functions, and personnel of the authority shall not affect the validity of any act performed before June 30, 2002.

(5) If apportionments of budgeted funds are required because of the transfers directed by this section, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.
NEW SECTION. Sec. 10. Nothing in this chapter affects the jurisdiction of the energy facility site evaluation council as provided in chapter 80.50 RCW.

SENATE AMENDMENTS TO HOUSE BILL

February 26, 2002

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 2723, with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. INTENT. The legislature finds that greater flexibility to provide state financing for projects developed under chapter 47.46 RCW will result in better use of public resources, lower financing costs, and potential savings to taxpayers. The legislature intends to: Clarify the ability of the department of transportation to use public and private financing for projects selected and developed under chapter 47.46 RCW; provide the department with specific means of state financing where that financing is in the public’s best interest; provide citizens living in the impacted
areas a statutory mechanism to review proposed toll rates and provide input before adoption of toll
schedules by the toll authority; and prevent unreasonable delay of critical transportation projects that
are essential for public safety and welfare.

Sec. 2. RCW 47.56.010 and 1984 c 7 s 246 are each amended to read as follows:

PROVIDING DEFINITION FOR 1950 TACOMA NARROWS BRIDGE. As used in this
chapter:

(1) "Toll bridge" means a bridge constructed or acquired under this chapter, upon which tolls
are charged, together with all appurtenances, additions, alterations, improvements, and replacements
thereof, and the approaches thereto, and all lands and interests used therefor, and buildings and
improvements thereon.

(2) "Toll road" means any express highway, superhighway, or motorway at such locations and
between such termini as may be established by law, and constructed or to be constructed as a limited
access highway under the provisions of this chapter by the department, and shall include, but not be
limited to, all bridges, tunnels, overpasses, underpasses, interchanges, entrance plazas, approaches, toll
houses, service areas, service facilities, communications facilities, and administration, storage, and
other buildings that the department may deem necessary for the operation of the project, together with
all property, rights, easements, and interests that may be acquired by the department for the
construction or the operation of the project, all of which shall be conducted in the same manner and
under the same procedure as provided for the establishing, constructing, operating, and maintaining of
toll bridges by the department, insofar as those procedures are reasonably consistent and applicable.

(3) "1950 Tacoma Narrows bridge" means the bridge crossing the Tacoma Narrows that was
opened to vehicle travel in 1950.

Sec. 3. RCW 47.46.030 and 1996 c 280 s 1 are each amended to read as follows:

DEMONSTRATION PROJECTS--SELECTION--PUBLIC INVOLVEMENT. (1) The
secretary or a designee shall solicit proposals from, and negotiate and enter into agreements with,
private entities to undertake as appropriate, together with the department and other public entities, all
or a portion of the study, planning, design, construction, operation, and maintenance of transportation
systems and facilities, using in whole or in part public or private sources of financing.

The public-private initiatives program may develop up to six demonstration projects. Each
proposal shall be weighed on its own merits, and each of the six agreements shall be negotiated
individually, and as a stand-alone project.

(2) If project proposals selected prior to September 1, 1994, are terminated by the public or
private sectors, the department shall not select any new projects, including project proposals submitted
to the department prior to September 1, 1994, and designated by the transportation commission as

(The department, in consultation with the legislative transportation committee, shall conduct a
program and fiscal audit of the public-private initiatives program for the biennium ending June 30,
1997. The department shall submit a progress report to the legislative transportation committee on the
program and fiscal audit by June 30, 1996, with preliminary and final audit reports due December 1,
1996, and June 30, 1997, respectively.

The department shall develop and submit a proposed public involvement plan to the 1997
legislature to identify the process for selecting new potential projects and the associated costs of
implementing the plan. The legislature must adopt the public involvement plan before the department
may proceed with any activity related to project identification and selection. Following legislative
adoption of the public involvement plan, the department is authorized to implement the plan and to
identify potential new projects.

The public involvement plan for projects selected after June 30, 1997, shall, at a minimum,
identify projects that: (a) Have the potential of achieving overall public support among users of the
projects, residents of communities in the vicinity of the projects, and residents of communities
impacted by the projects; (b) meet a state transportation need; (c) provide a significant state benefit;
and (d) provide competition among proposers and maximum cost benefits to users. Prospective
projects may include projects identified by the department or submitted by the private sector.)}
Projects that meet the minimum criteria established under this section (and the requirements of the public involvement plan developed by the department and approved by the legislature) shall be submitted to the Washington state transportation commission for its review. The commission, in turn, shall submit a list of eligible projects to the legislative transportation committee for its consideration. Forty-five days after the submission to the legislative transportation committee of the list of eligible projects, the secretary is authorized to solicit proposals for the eligible project.

(3) Prior to entering into agreements with private entities under the requirements of RCW 47.46.040 for any project proposal selected before September 1, 1994, or after June 30, 1997, except as provided for in subsections (11) and (12) of this section, the department shall require an advisory vote as provided under subsections (5) through (10) of this section.

(4) The advisory vote shall apply to project proposals selected prior to September 1, 1994, or after June 30, 1997, that receive public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project collected and submitted in accordance with the dates established in subsections (12) and (13) of this section. The advisory vote shall be on the preferred alternative identified under the requirements of chapter 43.21C RCW and, if applicable, the national environmental policy act, 42 U.S.C. 4321 et seq. The execution by the department of the advisory vote process established in this section is subject to the prior appropriation of funds by the legislature for the purpose of conducting environmental impact studies, a public involvement program, local involvement committee activities, traffic and economic impact analyses, engineering and technical studies, and the advisory vote.

(5) In preparing for the advisory vote, the department shall conduct a comprehensive analysis of traffic patterns and economic impact to define the geographical boundary of the project area that is affected by the imposition of tolls or user fees authorized under this chapter. The area so defined is referred to in this section as the affected project area. In defining the affected project area, the department shall, at a minimum, undertake: (a) A comparison of the estimated percentage of residents of communities in the vicinity of the project and in other communities impacted by the project who could be subject to tolls or user fees and the estimated percentage of other users and transient traffic that could be subject to tolls or user fees; (b) an analysis of the anticipated traffic diversion patterns; (c) an analysis of the potential economic impact resulting from proposed toll rates or user fee rates imposed on residents, commercial traffic, and commercial entities in communities in the vicinity of and impacted by the project; (d) an analysis of the economic impact of tolls or user fees on the price of goods and services generally; and (e) an analysis of the relationship of the project to state transportation needs and benefits.

(6)(a) After determining the definition of the affected project area, the department shall establish a committee comprised of individuals who represent cities and counties in the affected project area; organizations formed to support or oppose the project; and users of the project. The committee shall be named the public-private local involvement committee, and be known as the local involvement committee.

(b) The members of the local involvement committee shall be: (i) An elected official from each city within the affected project area; (ii) an elected official from each county within the affected project area; (iii) two persons from each county within the affected project area who represent an organization formed in support of the project, if the organization exists; (iv) two persons from each county within the affected project area who represent an organization formed to oppose the project, if the organization exists; and (v) four public members active in a statewide transportation organization. If the committee makeup results in an even number of committee members, there shall be an additional appointment of an elected official from the county in which all, or the greatest portion of the project is located.

(c) City and county elected officials shall be appointed by a majority of the members of the city or county legislative authorities of each city or county within the affected project area, respectively. The county legislative authority of each county within the affected project area shall identify and validate organizations officially formed in support of or in opposition to the project and shall make the appointments required under this section from a list submitted by the chair of the organizations. Public members shall be appointed by the governor. All appointments to the local involvement committee shall be made and submitted to the department of transportation no later than January 1, 1996, for
projects selected prior to September 1, 1994, and no later than thirty days after the affected project area is defined for projects selected after June 30, 1997. Vacancies in the membership of the local involvement committee shall be filled by the appointing authority under (b)(i) through (v) of this subsection for each position on the committee.

(d) The local involvement committee shall serve in an advisory capacity to the department on all matters related to the execution of the advisory vote.

(e) Members of the local involvement committee serve without compensation and may not receive subsistence, lodging expenses, or travel expenses.

(7) The department shall conduct a minimum thirty-day public comment period on the definition of the geographical boundary of the project area. The department, in consultation with the local involvement committee, shall make adjustments, if required, to the definition of the geographical boundary of the affected project area, based on comments received from the public. Within fourteen calendar days after the public comment period, the department shall set the boundaries of the affected project area in units no smaller than a precinct as defined in RCW 29.01.120.

(8) The department, in consultation with the local involvement committee, shall develop a description for selected project proposals. After developing the description of the project proposal, the department shall publish the project proposal description in newspapers of general circulation for seven calendar days in the affected project area. Within fourteen calendar days after the last day of the publication of the project proposal description, the department shall transmit a copy of the map depicting the affected project area and the description of the project proposal to the county auditor of the county in which any portion of the affected project area is located.

(9) The department shall provide the legislative transportation committee with progress reports on the status of the definition of the affected project area and the description of the project proposal.

(10) Upon receipt of the map and the description of the project proposal, the county auditor shall, within thirty days, verify the precincts that are located within the affected project area. The county auditor shall prepare the text identifying and describing the affected project area and the project proposal using the definition of the geographical boundary of the affected project area and the project description submitted by the department and shall set an election date for the submission of a ballot proposition authorizing the imposition of tolls or user fees to implement the proposed project within the affected project area, which date may be the next succeeding general election to be held in the state, or at a special election, if requested by the department. The text of the project proposal must appear in a voter’s pamphlet for the affected project area. The department shall pay the costs of publication and distribution. The special election date must be the next date for a special election provided under RCW 29.13.020 that is at least sixty days but, if authorized under RCW 29.13.020, no more than ninety days after the receipt of the final map and project description by the auditor. The department shall pay the cost of an election held under this section.

(11) Notwithstanding any other provision of law, the department may contract with a private developer of a selected project proposal to conduct environmental impact studies, a public involvement program, and engineering and technical studies funded by the legislature. For projects subject to this subsection, the department shall not enter into an agreement under RCW 47.46.040 prior to the advisory vote on the preferred alternative.

(12) Subsections (5) through (10) of this section shall not apply to project proposals selected prior to September 1, 1994, that have no organized public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project, collected and submitted after September 1, 1994, and by thirty calendar days after June 16, 1995.

(13) Subsections (5) through (10) of this section shall not apply to project proposals selected after June 30, 1997, that have no organized public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project, collected and submitted by ninety calendar days after project selection.

NEW SECTION. Sec. 4. A new section is added to chapter 47.46 RCW to read as follows:

USE OF STATE BONDS ON CERTAIN PROJECTS. (1) To the extent that the legislature specifically appropriates funding for a project developed under this chapter using the proceeds of bonds
issued by the state, an agreement for the design or construction of the project entered into by the
secretary must incorporate provisions that are consistent with the use of the state financing provided by
the appropriation.

(2) The secretary shall amend existing agreements or execute new agreements to comply with
subsection (1) of this section.

(3) If the secretary is unable to reach agreement with other parties on contractual provisions
providing for state financing, the secretary shall not enter into an agreement, or shall take no action
with respect to an agreement, or shall exercise termination provisions.

NEW SECTION. Sec. 5. A new section is added to chapter 47.46 RCW to read as follows:
STATE TOLL FACILITIES AUTHORIZED FOR PPI PROJECTS. The department may
provide for the establishment and construction of state toll bridge facilities upon any public highways of
this state together with approaches to them under agreements entered into under this chapter to develop
such facilities. A state toll bridge facility authorized under this section includes, but is not limited to,
the construction of an additional toll bridge, including approaches, adjacent to and within two miles of
an existing bridge, the imposition of tolls on both bridges, and the operation of both bridges as one toll
facility.

NEW SECTION. Sec. 6. A new section is added to chapter 47.46 RCW to read as follows:
CITIZEN ADVISORY COMMITTEE CREATED. (1) A citizen advisory committee must be
created for any project developed under this chapter that imposes toll charges for use of a
transportation facility. The governor shall appoint nine members to the committee, all of whom must
be permanent residents of the affected project area, as that term is defined by the department.

(2) The citizen advisory committee shall serve in an advisory capacity to the commission on all
matters related to the imposition of tolls. Members of the committee shall serve without compensation.

(3) No toll charge may be imposed or modified unless the citizen advisory committee has been
given at least twenty days to review and comment on any proposed toll charge schedule. In setting toll
rates, the commission shall give consideration to any recommendations of the citizen advisory
committee.

NEW SECTION. Sec. 7. A new section is added to chapter 47.46 RCW to read as follows:
COMMISSION TO ESTABLISH TOLL CHARGES. (1) The commission shall fix the rates of
toll and other charges for all toll bridges built under this chapter that are financed primarily by bonds
issued by the state. Subject to section 6 of this act, the commission may impose and modify toll
charges from time to time as conditions warrant.

(2) In establishing toll charges, the commission shall give due consideration to any required
costs for operating and maintaining the toll bridge or toll bridges, including the cost of insurance, and
to any amount required by law to meet the redemption of bonds and interest payments on them.

(3) The toll charges must be imposed in amounts sufficient to:
(a) Provide annual revenue sufficient to provide for annual operating and maintenance
expenses;
(b) Make payments required under sections 11 and 12 of this act, including insurance costs and
the payment of principal and interest on bonds issued for any toll bridge or toll bridges authorized
under this chapter; and
(c) Repay the motor vehicle fund under sections 8, 11, and 12 of this act.

(4) The bond principal and interest payments, including repayment of the motor vehicle fund
for amounts transferred from that fund to provide for such principal and interest payments, constitute a
first direct and exclusive charge and lien on all tolls and other revenues from the toll bridge concerned,
subject to operating and maintenance expenses.

NEW SECTION. Sec. 8. A new section is added to chapter 47.46 RCW to read as follows:
TERM OF TOLLS. (1) The commission shall retain toll charges on any existing and future
facilities constructed under this chapter and financed primarily by bonds issued by the state until:
(a) All costs of investigation, financing, acquisition of property, and construction advanced from the motor vehicle fund have been fully repaid, except for funds previously expended from a legislative appropriation prior to the effective date of this act;
(b) Obligations incurred in constructing that facility have been fully paid; and
(c) The motor vehicle fund is fully repaid under section 12 of this act.
(2) This section does not prohibit the use of toll revenues to fund maintenance, operations, or management of facilities constructed under this chapter.
(3) Notwithstanding the provisions of subsection (2) of this section, upon satisfaction of the conditions enumerated in subsection (1) of this section:
   (a) The facility must be operated as a toll-free facility; and
   (b) The operation, maintenance, upkeep, and repair of the facility must be paid from funds appropriated for the use of the department for the construction and maintenance of the primary state highways of the state of Washington.

NEW SECTION.  Sec. 9. A new section is added to chapter 47.46 RCW to read as follows: TOLL INCREASES IN EXCESS OF FISCAL GROWTH FACTOR. Pursuant to RCW 43.135.055, the legislature authorizes the transportation commission to increase bridge tolls in excess of the fiscal growth factor.

NEW SECTION.  Sec. 10. A new section is added to chapter 47.46 RCW to read as follows: USE OF STATE BOND PROCEEDS. Proceeds of the sale of bonds issued by the state for projects constructed under this chapter must be deposited in the state treasury to the credit of a special account designated for those purposes. Those proceeds must be expended only for the purposes enumerated in this chapter, for payment of the expense incurred in the issuance and sale of any such bonds, and to repay the motor vehicle fund, except for funds previously expended from a legislative appropriation prior to the effective date of this act, for any sums advanced to pay the cost of surveys, location, design, development, right-of-way, and other activities related to the financing and construction of the bridge and its approaches.

NEW SECTION.  Sec. 11. A new section is added to chapter 47.46 RCW to read as follows: TACOMA NARROWS TOLL BRIDGE ACCOUNT CREATED. A special account to be known as the Tacoma Narrows toll bridge account is created in the motor vehicle fund in the state treasury.
   (1) Deposits to the account must include:
      (a) All proceeds of bonds issued for construction of the Tacoma Narrows public-private initiative project, including any capitalized interest;
      (b) All of the toll charges and other revenues received from the operation of the Tacoma Narrows bridge as a toll facility, to be deposited at least monthly; and
      (c) Any interest that may be earned from the deposit or investment of those revenues.
   (2) Proceeds of bonds shall be used consistent with section 10 of this act, including the reimbursement of expenses and fees incurred under agreements entered into under RCW 47.46.040 as required by those agreements.
   (3) Toll charges, other revenues, and interest may be used to:
      (a) Pay any required costs of financing, operation, maintenance, and management and necessary repairs of the facility; and
      (b) Repay amounts to the motor vehicle fund as required under section 12 of this act.
   (4) When repaying the motor vehicle fund under section 12 of this act, the state treasurer shall transfer funds from the Tacoma Narrows toll bridge account to the motor vehicle fund on or before each debt service date for bonds issued for the Tacoma Narrows public-private initiative project in an amount sufficient to repay the motor vehicle fund for amounts transferred from that fund to the highway bond retirement fund to provide for any bond principal and interest due on that date. The state treasurer may establish subaccounts for the purpose of segregating toll charges, bond sale proceeds, and other revenues.
NEW SECTION. Sec. 12. A new section is added to chapter 47.46 RCW to read as follows:
TOLL CHARGES REMAIN ON FACILITY TO REPAY MOTOR VEHICLE FUND. Toll charges must be used to repay the motor vehicle fund consistent with section 11 of this act for any amounts transferred from the motor vehicle fund to the highway bond retirement fund under RCW 47.10.847 to provide for bond retirement and interest on bonds issued for the Tacoma Narrows public-private initiative project. Toll charges must remain on any facility financed by bonds issued by the state for a length of time necessary to repay the motor vehicle fund, except for funds previously expended from a legislative appropriation prior to the effective date of this act, for any amounts expended from that fund for the design, development, right-of-way, financing, construction, maintenance, repair, or operation of the toll facility or for amounts transferred from the motor vehicle fund to the highway bond retirement fund under RCW 47.10.847 to provide for bond retirement and interest on bonds issued for the Tacoma Narrows public-private initiative project.

NEW SECTION. Sec. 13. A new section is added to chapter 47.46 RCW to read as follows:
ALTERATION DOES NOT CONSTITUTE NEW PROPOSAL. If a proposal is or has been selected for the design, development, construction, maintenance, or operation of transportation systems or facilities under this chapter, subsequent agreements may be made to implement portions of the proposal that modify the proposal or that do not incorporate all the features of the proposal. Any such modified agreement does not require the solicitation or consideration of additional proposals for all or any portion of the services rendered under that modified agreement. Modified agreements may provide for the reimbursement of expenses and fees incurred under earlier agreements.

NEW SECTION. Sec. 14. A new section is added to chapter 47.46 RCW to read as follows:
APPLICABLE RULES AND STATUTES. All projects designed, constructed, and operated under this chapter must comply with all applicable rules and statutes in existence at the time the agreement is executed, including but not limited to the following provisions: Chapter 39.12 RCW, this title, RCW 41.06.380, chapter 47.64 RCW, RCW 49.60.180, and 49 C.F.R. Part 21.

NEW SECTION. Sec. 15. A new section is added to chapter 47.46 RCW to read as follows:
APPLICATION OF RCW 47.46.040 AND 47.46.050. RCW 47.46.040 and 47.46.050 apply only to those agreements that include private sources of financing in whole or in part.

Sec. 16. RCW 47.46.040 and 2001 c 64 s 14 are each amended to read as follows:
DEMONSTRATION PROJECTS--TERMS OF AGREEMENTS--PUBLIC PARTICIPATION. (1) (All projects designed, constructed, and operated under this authority must comply with all applicable rules and statutes in existence at the time the agreement is executed, including but not limited to the following provisions: Chapter 39.12 RCW, this title, RCW 41.06.380, chapter 47.64 RCW, RCW 49.60.180, and 49 C.F.R. Part 21.

(2) The secretary or a designee shall consult with legal, financial, and other experts within and outside state government in the negotiation and development of the agreements.

(3) The department may exercise any power possessed by it to facilitate the development, construction, financing operation, and maintenance of transportation projects under this section. Agreements for maintenance services entered into under this section shall provide for full reimbursement for services rendered by the department or other state agencies. Agreements for police services for projects, involving state highway routes, developed under agreements shall be entered into with the Washington state patrol. The agreement for police services shall provide that the state patrol will be reimbursed for costs on a comparable basis with the costs incurred for comparable
service on other state highway routes. The department may provide services for which it is reimbursed, including but not limited to preliminary planning, environmental certification, and preliminary design of the demonstration projects.

(4) The plans and specifications for each project constructed under this section shall comply with the department's standards for state projects. A facility constructed by and leased to a private entity is deemed to be a part of the state highway system for purposes of identification, maintenance, and enforcement of traffic laws and for the purposes of applicable sections of this title. Upon reversion of the facility to the state, the project must meet all applicable state standards. Agreements shall address responsibility for reconstruction or renovations that are required in order for a facility to meet all applicable state standards upon reversion of the facility to the state.

(5) For the purpose of facilitating these projects and to assist the private entity in the financing, development, construction, and operation of the transportation systems and facilities, the agreements may include provisions for the department to exercise its authority, including the lease of facilities, rights of way, and airspace, exercise of the power of eminent domain, granting of development rights and opportunities, granting of necessary easements and rights of access, issuance of permits and other authorizations, protection from competition, remedies in the event of default of either of the parties, granting of contractual and real property rights, liability during construction and the term of the lease, authority to negotiate acquisition of rights of way in excess of appraised value, and any other provision deemed necessary by the secretary.

(6) The agreements entered into under this section may include provisions authorizing the state to grant necessary easements and lease to a private entity existing rights of way or rights of way subsequently acquired with public or private financing. The agreements may also include provisions to lease to the entity airspace above or below the right of way associated or to be associated with the private entity's transportation facility. In consideration for the reversion rights in these privately constructed facilities, the department may negotiate a charge for the lease of airspace rights during the term of the agreement for a period not to exceed fifty years. If, after the expiration of this period, the department continues to lease these airspace rights to the private entity, it shall do so only at fair market value. The agreement may also provide the private entity the right of first refusal to undertake projects utilizing airspace owned by the state in the vicinity of the public-private project.

(7) Agreements under this section may include any contractual provision that is necessary to protect the project revenues required to repay the costs incurred to study, plan, design, finance, acquire, build, install, operate, enforce laws, and maintain toll highways, bridges, and tunnels and which will not unreasonably inhibit or prohibit the development of additional public transportation systems and facilities. Agreements under this section must secure and maintain liability insurance coverage in amounts appropriate to protect the project's viability and may address state indemnification of the private entity for design and construction liability where the state has approved relevant design and construction plans.

(8) Agreements shall include a process that provides for public involvement in decision making with respect to the development of the projects.

(a) In carrying out the public involvement process required in subsection (9) of this section, the private entity shall proactively seek public participation through a process appropriate to the characteristics of the project that assesses and demonstrates public support among: Users of the project, residents of communities in the vicinity of the project, and residents of communities impacted by the project.

(b) The private entity shall conduct a comprehensive public involvement process that provides, periodically throughout the development and implementation of the project, users and residents of communities in the affected project area an opportunity to comment upon key issues regarding the project including, but not limited to: (i) Alternative sizes and scopes; (ii) design; (iii) environmental assessment; (iv) right of way and access plans; (v) traffic impacts; (vi) tolling or user fee strategies and tolling or user fee ranges; (vii) project cost; (viii) construction impacts; (ix) facility operation; and (x) any other salient characteristics.

(c) If the affected project area has not been defined, the private entity shall define the affected project area by conducting, at a minimum: (i) A comparison of the estimated percentage of residents of communities in the vicinity of the project and in other communities impacted by the project who
could be subject to tolls or user fees and the estimated percentage of other users and transient traffic that could be subject to tolls or user fees; (ii) an analysis of the anticipated traffic diversion patterns; (iii) an analysis of the potential economic impact resulting from proposed toll rates or user fee rates imposed on residents, commercial traffic, and commercial entities in communities in the vicinity of and impacted by the project; (iv) an analysis of the economic impact of tolls or user fees on the price of goods and services generally; and (v) an analysis of the relationship of the project to state transportation needs and benefits.

The agreement may require an advisory vote by users of and residents in the affected project area.

(d) In seeking public participation, the private entity shall establish a local involvement committee or committees comprised of residents of the affected project area, individuals who represent cities and counties in the affected project area, organizations formed to support or oppose the project, if such organizations exist, and users of the project. The private entity shall, at a minimum, establish a committee as required under the specifications of RCW 47.46.030(6)(b) (ii) and (iii) and appointments to such committee shall be made no later than thirty days after the project area is defined.

(e) Local involvement committees shall act in an advisory capacity to the department and the private entity on all issues related to the development and implementation of the public involvement process established under this section.

(f) The department and the private entity shall provide the legislative transportation committee and local involvement committees with progress reports on the status of the public involvement process including the results of an advisory vote, if any occurs.

Sec. 17. RCW 47.46.050 and 1995 2nd sp.s. c 19 s 4 are each amended to read as follows:

FINANCIAL ARRANGEMENTS. (1) The department may enter into agreements using federal, state, and local financing in connection with the projects, including without limitation, grants, loans, and other measures authorized by (section 1012 of ISTEA) federal law, and to do such things as necessary and desirable to maximize the funding and financing, including the formation of a revolving loan fund to implement this section.

(2) Agreements entered into under this section shall authorize the private entity to lease the facilities within a designated area or areas from the state and to impose user fees or tolls within the designated area to allow a reasonable rate of return on investment, as established through a negotiated agreement between the state and the private entity. The negotiated agreement shall determine a maximum development fee and, where appropriate, a maximum rate of return on investment, based on project and financing characteristics. If the negotiated rate of return on investment or development fee is not affected, the private entity may establish and modify toll rates and user fees.

(3) Agreements that include a maximum rate of return may establish "incentive" rates of return beyond the negotiated maximum rate of return on investment. The incentive rates of return shall be designed to provide financial benefits to the affected public jurisdictions and the private entity, given the attainment of various safety, performance, or transportation demand management goals. The incentive rates of return shall be negotiated in the agreement.

(4) Agreements shall require that over the term of the ownership or lease the user fees or toll revenues be applied only to payment of:

(a) The capital outlay costs for the project, including (project development costs, interest expense, the costs associated with planning, design, development, financing, construction, improvement, operations, toll collection, maintenance, and administration of the project);

(b) The reimbursement to the state for all costs associated with (an election as required under RCW 47.46.030, the costs of) project review and oversight and technical and law enforcement services;

(c) The establishment of a fund to assure the adequacy of maintenance expenditures; and
(d) A reasonable return on investment to the private entity. A negotiated agreement shall not extend the term of the ownership or lease beyond the period of time required for payment of the private entity's capital outlay costs for the project under this subsection.

Sec. 18. RCW 47.46.060 and 1998 c 179 s 4 are each amended to read as follows:
DEFERRAL OF TAXES. (1) Any person, including the department of transportation and any private entity (that is party to an agreement under this chapter) or entities, may apply for deferral of taxes on the site preparation for, the construction of, the acquisition of any related machinery and equipment which will become a part of, and the rental of equipment for use in the state route number 16 corridor improvements project under this chapter. Application shall be made to the department of revenue in a form and manner prescribed by the department of revenue. The application shall contain information regarding estimated or actual costs, time schedules for completion and operation, and other information required by the department of revenue. The department of revenue shall approve the application within sixty days if it meets the requirements of this section.

(2) The department of revenue shall issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW on the project. The use of the certificate shall be governed by rules established by the department of revenue.

(3) The department of transportation or a private entity granted a tax deferral under this section shall begin paying the deferred taxes in the fifth year after the date certified by the department of revenue as the date on which the project is operationally complete. The first payment is due on December 31st of the fifth calendar year after such certified date, with subsequent annual payments due on December 31st of the following nine years. Each payment shall equal ten percent of the deferred tax. The project is operationally complete under this section when the collection of tolls is commenced for the state route number 16 improvements covered by the deferral.

(4) The department of revenue may authorize an accelerated repayment schedule upon request of the department of transportation or a private entity granted a deferral under this section.

(5) Interest shall not be charged on any taxes deferred under this section for the period of deferral, although all other penalties and interest applicable to delinquent excise taxes may be assessed and imposed for delinquent payments under this section. The debt for deferred taxes is not extinguished by insolvency or other failure of the private entity. Transfer of ownership does not terminate the deferral.

(6) Applications and any other information received by the department of revenue under this section are not confidential and are subject to disclosure. Chapter 82.32 RCW applies to the administration of this section.

Sec. 19. RCW 47.56.030 and 2001 c 59 s 1 are each amended to read as follows:
DEPARTMENT’S POWERS AND DUTIES REGARDING TOLL FACILITIES. (1) Except as permitted under chapter 47.46 RCW:

(a) The department of transportation shall have full charge of the construction of all toll bridges and other toll facilities including the Washington state ferries, and the operation and maintenance thereof.

(b) The transportation commission shall determine and establish the tolls and charges thereon, and shall perform all duties and exercise all powers relating to the financing, refinancing, and fiscal management of all toll bridges and other toll facilities including the Washington state ferries, and bonded indebtedness in the manner provided by law.

(c) The department shall have full charge of design of all toll facilities.

(d) Except as provided in this section, the department shall proceed with the construction of such toll bridges and other facilities and the approaches thereto by contract in the manner of state highway construction immediately upon there being made available funds for such work and shall prosecute such work to completion as rapidly as practicable. The department is authorized to negotiate contracts for any amount without bid under ((a)) (d)(i) and ((b)) (ii) of this subsection:

((a)) (i) Emergency contracts, in order to make repairs to ferries or ferry terminal facilities or removal of such facilities whenever continued use of ferries or ferry terminal facilities constitutes a real or immediate danger to the traveling public or precludes prudent use of such ferries or facilities; and
(iii) Single source contracts for vessel dry dockings, when there is clearly and legitimately only one available bidder to conduct dry dock-related work for a specific class or classes of vessels. The contracts may be entered into for a single vessel dry docking or for multiple vessel dry dockings for a period not to exceed two years.

(2) The department shall proceed with the procurement of materials, supplies, services, and equipment needed for the support, maintenance, and use of a ferry, ferry terminal, or other facility operated by Washington state ferries, in accordance with chapter 43.19 RCW except as follows:

(a) Except as provided in (d) of this subsection, when the secretary of the department of transportation determines in writing that the use of invitation for bid is either not practicable or not advantageous to the state and it may be necessary to make competitive evaluations, including technical or performance evaluations among acceptable proposals to complete the contract award, a contract may be entered into by use of a competitive sealed proposals method, and a formal request for proposals solicitation. Such formal request for proposals solicitation shall include a functional description of the needs and requirements of the state and the significant factors.

(b) When purchases are made through a formal request for proposals solicitation the contract shall be awarded to the responsible proposer whose competitive sealed proposal is determined in writing to be the most advantageous to the state taking into consideration price and other evaluation factors set forth in the request for proposals. No significant factors may be used in evaluating a proposal that are not specified in the request for proposals. Factors that may be considered in evaluating proposals include but are not limited to: Price; maintainability; reliability; commonality; performance levels; life cycle cost if applicable under this section; cost of transportation or delivery; delivery schedule offered; installation cost; cost of spare parts; availability of parts and service offered; and the following:

(i) The ability, capacity, and skill of the proposer to perform the contract or provide the service required;

(ii) The character, integrity, reputation, judgment, experience, and efficiency of the proposer;

(iii) Whether the proposer can perform the contract within the time specified;

(iv) The quality of performance of previous contracts or services;

(v) The previous and existing compliance by the proposer with laws relating to the contract or services;

(vi) Objective, measurable criteria defined in the request for proposal. These criteria may include but are not limited to items such as discounts, delivery costs, maintenance services costs, installation costs, and transportation costs; and

(vii) Such other information as may be secured having a bearing on the decision to award the contract.

(c) When purchases are made through a request for proposal process, proposals received shall be evaluated based on the evaluation factors set forth in the request for proposal. When issuing a request for proposal for the procurement of propulsion equipment or systems that include an engine, the request for proposal must specify the use of a life cycle cost analysis that includes an evaluation of fuel efficiency. When a life cycle cost analysis is used, the life cycle cost of a proposal shall be given at least the same relative importance as the initial price element specified in the request of proposal documents. The department may reject any and all proposals received. If the proposals are not rejected, the award shall be made to the proposer whose proposal is most advantageous to the department, considering price and the other evaluation factors set forth in the request for proposal.

(d) If the department is procuring large equipment or systems (e.g., electrical, propulsion) needed for the support, maintenance, and use of a ferry operated by Washington state ferries, the department shall proceed with a formal request for proposal solicitation under this subsection (2) without a determination of necessity by the secretary.

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2807, with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature intends to strengthen the link between postsecondary education and K-12 education by creating the Washington promise scholarship program for academically successful high school graduates from low and middle-income families. The legislature finds that, increasingly, an individual's economic viability is contingent on postsecondary educational opportunities, yet the state's full financial obligation is eliminated after the twelfth grade. Students who work hard in kindergarten through twelfth grade and successfully complete high school
with high academic marks may not have the financial ability to attend college because they cannot obtain financial aid or the financial aid is insufficient.

NEW SECTION. Sec. 2. The higher education coordinating board shall design the Washington promise scholarship program based on the following parameters:

(1) Scholarships shall be awarded to students graduating from public and approved private high schools under chapter 28A.195 RCW and students participating in home-based instruction as provided in chapter 28A.200 RCW who meet both an academic and a financial eligibility criteria.

(a) Academic eligibility criteria shall be defined as follows:

(i) Beginning with the graduating class of 2002, students graduating from public and approved private high schools under chapter 28A.195 RCW must be in the top ten percent of their graduating class, as identified by each respective high school at the completion of the first term of the student’s senior year; or

(ii) Students graduating from public high schools, approved private high schools under chapter 28A.195 RCW, and students participating in home-based instruction as provided in chapter 28A.200 RCW must equal or exceed a cumulative scholastic assessment test I score of twelve hundred on their first attempt or must equal or exceed a composite American college test score of twenty-seven on their first attempt.

(b) To meet the financial eligibility criteria, a student’s family income shall not exceed one hundred percent of the state median family income adjusted for family size, as determined by the higher education coordinating board for each graduating class. Students not meeting the eligibility requirements for the first year of scholarship benefits may reapply for the second year of benefits, but must still meet the income standard set by the board for the student’s graduating class.

(2) Promise scholarships are not intended to supplant any grant, scholarship, or tax program related to postsecondary education. If the board finds that promise scholarships supplant or reduce any grant, scholarship, or tax program for categories of students, then the board shall adjust the financial eligibility criteria or the amount of scholarship to the level necessary to avoid supplanting.

(3) Within available funds, each qualifying student shall receive two consecutive annual awards, the value of each not to exceed the full-time annual resident tuition rates charged by Washington’s community colleges. The higher education coordinating board shall award scholarships to as many students as possible from among those qualifying under this section.

(4) By October 15th of each year, the board shall determine the award amount of the scholarships, after taking into consideration the availability of funds.

(5) The scholarships may only be used for undergraduate coursework at accredited institutions of higher education in the state of Washington.

(6) The scholarships may be used for undergraduate coursework at Oregon institutions of higher education that are part of the border county higher education opportunity project in RCW 28B.80.806 when those institutions offer programs not available at accredited institutions of higher education in Washington state.

(7) The scholarships may be used for college-related expenses, including but not limited to, tuition, room and board, books, and materials.

(8) The scholarships may not be awarded to any student who is pursuing a degree in theology.

(9) The higher education coordinating board may establish satisfactory progress standards for the continued receipt of the promise scholarship.

(10) The higher education coordinating board shall establish the time frame within which the student must use the scholarship.

(11) Scholarships may be awarded only to legal residents of the United States residing in Washington state.

NEW SECTION. Sec. 3. The higher education coordinating board, with the assistance of the office of the superintendent of public instruction, shall implement and administer the Washington promise scholarship program described in section 2 of this act as follows:

(1) The first scholarships shall be awarded to eligible students enrolling in postsecondary education in the 2002-03 academic year.
(2) The office of the superintendent of public instruction shall provide information to the higher education coordinating board that is necessary for implementation of the program. The higher education coordinating board and the office of the superintendent of public instruction shall jointly establish a timeline and procedures necessary for accurate and timely data reporting.

(a) For students meeting the academic eligibility criteria as provided in section 2(1)(a) of this act, the office of the superintendent of public instruction shall provide the higher education coordinating board with student names, addresses, birth dates, and unique numeric identifiers.

(b) Public and approved private high schools under chapter 28A.195 RCW shall provide requested information necessary for implementation of the program to the office of the superintendent of public instruction within the established timeline.

(c) All student data is confidential and may be used solely for the purposes of providing scholarships to eligible students.

(3) The higher education coordinating board may adopt rules to implement this chapter.

NEW SECTION. Sec. 4. The Washington promise scholarship program shall not be funded at the expense of the state need grant program as defined in RCW 28B.10.800 through 28B.10.824. In administering the state need grant and promise scholarship programs, the higher education coordinating board shall first ensure that eligibility for state need grant recipients is at least fifty-five percent of state median family income.

NEW SECTION. Sec. 5. This chapter shall not be construed to change current state requirements for students who received home-based instruction under chapter 28A.200 RCW.

NEW SECTION. Sec. 6. (1) The Washington promise scholarship account is created in the custody of the state treasurer. The account shall be a nontreasury account retaining its interest earnings in accordance with RCW 43.79A.040.

(2) The higher education coordinating board shall deposit in the account all money received for the program. The account shall be self-sustaining and consist of funds appropriated by the legislature for the Washington promise scholarship program, private contributions to the program, and refunds of Washington promise scholarships.

(3) Expenditures from the account shall be used for scholarships to eligible students.

(4) With the exception of the operating costs associated with the management of the account by the treasurer’s office as authorized in chapter 43.79A RCW, the account shall be credited with all investment income earned by the account.

(5) Disbursements from the account are exempt from appropriations and the allotment provisions of chapter 43.88 RCW.

(6) Disbursements from the account shall be made only on the authorization of the higher education coordinating board.

Sec. 7. RCW 43.79A.040 and 2001 c 201 s 4 and 2001 c 184 s 4 are each reenacted and amended to read as follows:

(1) Money in the treasurer’s trust fund may be deposited, invested, and reinvested by the state treasurer in accordance with RCW 43.84.080 in the same manner and to the same extent as if the money were in the state treasury.

(2) All income received from investment of the treasurer’s trust fund shall be set aside in an account in the treasury trust fund to be known as the investment income account.

(3) The investment income account may be utilized for the payment of purchased banking services on behalf of treasurer’s trust funds including, but not limited to, depository, safekeeping, and disbursement functions for the state treasurer or affected state agencies. The investment income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for payments to financial institutions. Payments shall occur prior to distribution of earnings set forth in subsection (4) of this section.

(4)(a) Monthly, the state treasurer shall distribute the earnings credited to the investment income account to the state general fund except under (b) and (c) of this subsection.
(b) The following accounts and funds shall receive their proportionate share of earnings based upon each account’s or fund’s average daily balance for the period: The Washington promise scholarship account, the college savings program account, the Washington advanced college tuition payment program account, the agricultural local fund, the American Indian scholarship endowment fund, the basic health plan self-insurance reserve account, the Washington international exchange scholarship endowment fund, the developmental disabilities endowment trust fund, the energy account, the fair fund, the game farm alternative account, the grain inspection revolving fund, the juvenile accountability incentive account, the rural rehabilitation account, the stadium and exhibition center account, the youth athletic facility account, the self-insurance revolving fund, the sulfur dioxide abatement account, and the children’s trust fund. However, the earnings to be distributed shall first be reduced by the allocation to the state treasurer’s service fund pursuant to RCW 43.08.190.

(c) The following accounts and funds shall receive eighty percent of their proportionate share of earnings based upon each account’s or fund’s average daily balance for the period: The advanced right of way revolving fund, the advanced environmental mitigation revolving account, the city and county advance right-of-way revolving fund, the federal narcotics asset forfeitures account, the high occupancy vehicle account, the local rail service assistance account, and the miscellaneous transportation programs account.

(5) In conformance with Article II, section 37 of the state Constitution, no trust accounts or funds shall be allocated earnings without the specific affirmative directive of this section.

NEW SECTION. Sec. 8. Sections 1 through 6 of this act constitute a new chapter in Title 28B RCW.

NEW SECTION. Sec. 9. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

SENATE AMENDMENTS TO HOUSE BILL

March 7, 2002

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2060, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes housing affordability has become a significant problem for a large portion of society in many parts of Washington state in recent years. The state has traditionally focused its resources on housing for low-income populations. Additional funding resources are needed for building operation and maintenance activities for housing projects affordable to extremely low-income people, for example farmworkers or people with developmental disabilities. Affordable rents for extremely low-income people are not sufficient to cover the cost of building operations and maintenance. In addition resources are needed at the local level to assist in development and preservation of affordable low-income housing to address critical local housing needs.

NEW SECTION. Sec. 2. A new section is added to chapter 36.22 RCW to read as follows: (1) Except as provided in subsection (2) of this section, a surcharge of ten dollars per instrument shall be charged by the county auditor for each document recorded, which will be in addition to any other charge authorized by law. The auditor may retain up to five percent of these funds collected to administer the collection of these funds. Of the remaining funds, forty percent of the revenue generated through this surcharge will be transmitted monthly to the state treasurer who will deposit the funds into the Washington housing trust account. The office of community development of the department of community, trade, and economic development will develop guidelines for the use of
these funds to support building operation and maintenance costs of housing projects or units within housing projects that are affordable to extremely low-income persons with incomes at or below thirty percent of the area median income, and that require a supplement to rent income to cover ongoing operating expenses. Sixty percent of the revenue generated by this surcharge will be retained by the county and be deposited into a fund that must be used by the county and its cities and towns for housing projects or units within housing projects that are affordable to very low-income persons with incomes at or below fifty percent of the area median income. The portion of the surcharge retained by a county shall be allocated to very low-income housing projects or units within such housing projects in the county and the cities within a county according to an interlocal agreement between the county and the cities within the county, consistent with countywide and local housing needs and policies. The funds generated with this surcharge shall not be used for construction of new housing if at any time the vacancy rate for available low-income housing within the county rises above ten percent. The vacancy rate for each county shall be developed using the state low-income vacancy rate standard developed under subsection (3) of this section. Permissible uses of these local funds are limited to:

(a) Acquisition, construction, or rehabilitation of housing projects or units within housing projects that are affordable to very low-income persons with incomes at or below fifty percent of the area median income;
(b) Supporting building operation and maintenance costs of housing projects or units within housing projects built with housing trust funds, that are affordable to very low-income persons with incomes at or below fifty percent of the area median income, and that require a supplement to rent income to cover ongoing operating expenses;
(c) Rental assistance vouchers for housing projects or units within housing projects that are affordable to very low-income persons with incomes at or below fifty percent of the area median income, to be administered by a local public housing authority or other local organization that has an existing rental assistance voucher program, consistent with the United States department of housing and urban development’s section 8 rental assistance voucher program standards; and
(d) Operating costs for emergency shelters and licensed overnight youth shelters.
(2) The surcharge imposed in this section does not apply to assignments or substitutions of previously recorded deeds of trust.
(3) The real estate research center at Washington State University shall develop a vacancy rate standard for low-income housing in the state as described in RCW 18.85.540(1)(i).

Sec. 3. RCW 36.18.010 and 1999 c 233 s 3 are each amended to read as follows:

County auditors or recording officers shall collect the following fees for their official services:
For recording instruments, for the first page eight and one-half by fourteen inches or less, five dollars; for each additional page eight and one-half by fourteen inches or less, one dollar. SENATE AMENDMENTS TO HOUSE BILL

March 7, 2002

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 2773, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. To provide uniformity in the marketplace and to protect consignors of apples, the existing state standards for grades and packs of apples shall be evaluated. Revision of the standards for grades and packs of apples that will clarify the standards in such a way that they will be applied consistently among warehouses and commission merchants shall be evaluated. The evaluation must consider the appropriate level of uniformity that will ensure that the apples of a particular variety, grade, and pack sold from one warehouse will be equivalent to the apples of the same variety, grade, and pack sold from other warehouses.

For this purpose, the director shall convene an apple grades and packs committee that is widely recognized within the horticultural industry as representing the interests of the industry to recommend by consensus revisions to the standards that it believes will provide the desired level of uniformity that best serves the interest of apple producers, packers, and consumers.

If the industry committee recommends such revisions by consensus by December 15, 2003, the director shall give great weight to the recommendations in proposing the adoption of rules that reflect the consensus recommendations.

If the apple grades and packs committee does not make recommendations by consensus by December 15, 2003, the committee shall report its findings and conclusions to the department of agriculture, and to appropriate legislative committees that have jurisdiction over agricultural issues at meetings scheduled during the next ensuing regular session of the legislature. The appropriate legislative committees may monitor the activities of the apple grades and packs committee and may schedule interim committee meetings to obtain progress reports by the apple grades and packs committee.

This section expires April 30, 2004.

NEW SECTION. Sec. 2. The legislature finds that consignors of fruit, whether the sale is conducted as individual sales or in a pooling arrangement, need timely and more complete marketing information regarding terms of sale for various varieties of fruit so that producers can make informed business decisions. The legislature finds that the affected industry needs to review the type of information that is currently available, the type of information that would be useful, and how best to make available the additional information.

The legislature requests that the Washington state horticultural association, the Wenatchee valley traffic association, the Yakima valley growers and shippers association, and the Washington growers clearinghouse association meet with each other to conduct a thorough analysis of the marketing information needs of the industry and provide recommendations to the legislature on how the market information needs can best be addressed. The legislature requests that these groups develop a joint report containing those items to improve the availability of market information for which agreement has been attained. On issues for which consensus has not been reached, each organization is requested to provide a brief statement containing the perspective of that industry segment. The legislature requests that these reports shall be completed by December 15, 2003, with a copy to be delivered to the director of the department of agriculture and to the appropriate standing committees of the senate and the house of representatives with jurisdiction over agricultural issues. These legislative committees may schedule interim committee meetings to obtain progress reports for activities being conducted under this section.
NEW SECTION, Sec. 3. (1) Each commission merchant that received apples imported into the United States between January 1, 2002, and November 30, 2002, shall report to the department of agriculture by December 15, 2002. The report shall include the volume of each variety of imported apples that was received by and packed and sold by the commission merchant.

(2) The department of agriculture shall compile the information, in the aggregate, and provide a report to the secretary of the senate and the chief clerk of the house of representatives by December 31, 2002.

NEW SECTION, Sec. 4. A new section is added to chapter 42.17 RCW to read as follows:

The disclosure requirements of this chapter do not apply to information that can be identified to a particular business and that is collected under section 3(1), chapter . . . , Laws of 2002 (section 3(1) of this act)."

On page 1, line 1 of the title, after "fruit;" strike the remainder of the title and insert "adding a new section to chapter 42.17 RCW; creating new sections; and providing an expiration date."

and the same is herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2866, with the following amendment:

Strike everything after the enacting clause and insert the following:
"NEW SECTION.  Sec. 1.  The legislature finds that hydraulic project approvals should ensure that fish life is properly protected, but conditions attached to the approval of these permits must reasonably relate to the potential harm that the projects may produce.  The legislature is particularly concerned over the current overlap of agency jurisdiction regarding storm water projects, and believes that there is an immediate need to address this issue to ensure that project applicants are not given conflicting directions over project design.  Requiring a major redesign of a project results in major delays, produces exponentially rising costs for both public and private project applicants, and frequently produces only marginal benefits for fish.

The legislature recognizes that the department of ecology is primarily responsible for the approval of storm water projects.  The legislature believes that once the department of ecology approves a proposed storm water project, it is inappropriate for the department of fish and wildlife to require a major redesign of that project in order for the applicant to obtain hydraulic project approval.  The legislature further believes that it is more appropriate for the department of fish and wildlife to defer the design elements of a storm water project to the department of ecology and focus its own efforts on determining reasonable mitigation or conditions for the project based upon the project’s potential harm to fish.  It is the intent of the legislature to restore some balance over conditions attached to hydraulic permits, and to minimize overlapping state regulatory authority regarding storm water projects in order to reduce waste in both time and money while still providing ample protection for fish life.

Sec. 2.  RCW 77.55.100 and 2000 c 107 s 16 are each amended to read as follows:
(1) In the event that any person or government agency desires to construct any form of hydraulic project or perform other work that will use, divert, obstruct, or change the natural flow or bed of any of the salt or fresh waters of the state, such person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure the approval of the department as to the adequacy of the means proposed for the protection of fish life.  This approval shall not be unreasonably withheld or unreasonably conditioned.
(2)(a) The department shall grant or deny approval of a standard permit within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section.  The permit must contain provisions allowing for minor modifications to the plans and specifications without requiring reissuance of the permit.
(b) The applicant may document receipt of application by filing in person or by registered mail.  A complete application for approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within the mean higher high water line in salt water or within the ordinary high water line in fresh water, and complete plans and specifications for the proper protection of fish life.
(c) The forty-five day requirement shall be suspended if:
(i) After ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project;
(ii) The site is physically inaccessible for inspection; or
(iii) The applicant requests delay.  Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay.
(d) For purposes of this section, "standard permit" means a written permit issued by the department when the conditions under subsections (3) and (5)(b) of this section are not met.
(3)(a) The department may issue an expedited written permit in those instances where normal permit processing would result in significant hardship for the applicant or unacceptable damage to the environment.  In cases of imminent danger, the department shall issue an expedited written permit, upon request, for work to repair existing structures, move obstructions, restore banks, protect property, or protect fish resources.  Expedited permit requests require a complete written application as provided in subsection (2)(b) of this section and shall be issued within fifteen calendar days of the receipt of a complete written application.  Approval of an expedited permit is valid for up to sixty days from the date of issuance.
(b) For the purposes of this subsection, "imminent danger" means a threat by weather, water flow, or other natural conditions that is likely to occur within sixty days of a request for a permit application.

(c) The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(d) The department or the county legislative authority may determine if an imminent danger exists. The county legislative authority shall notify the department, in writing, if it determines that an imminent danger exists.

(4) Approval of a standard permit is valid for a period of up to five years from date of issuance. The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If the department denies approval, the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Chapter 34.05 RCW applies to any denial of project approval, conditional approval, or requirements for project modification upon which approval may be contingent.

(5)(a) In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department, through its authorized representatives, shall issue immediately, upon request, oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval to protect fish life shall be established by the department and reduced to writing within thirty days and complied with as provided for in this section. Oral approval shall be granted immediately, upon request, for a stream crossing during an emergency situation.

(b) For purposes of this section and RCW 77.55.110, "emergency" means an immediate threat to life, the public, property, or of environmental degradation.

(c) The department or the county legislative authority may declare and continue an emergency when one or more of the criteria under (b) of this subsection are met. The county legislative authority shall immediately notify the department if it declares an emergency under this subsection.

(6) The department shall, at the request of a county, develop five-year maintenance approval agreements, consistent with comprehensive flood control management plans adopted under the authority of RCW 86.12.200, or other watershed plan approved by a county legislative authority, to allow for work on public and private property for bank stabilization, bridge repair, removal of sand bars and debris, channel maintenance, and other flood damage repair and reduction activity under agreed-upon conditions and times without obtaining permits for specific projects.

(7) This section shall not apply to the construction of any form of hydraulic project or other work which diverts water for agricultural irrigation or stock watering purposes authorized under or recognized as being valid by the state's water codes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020. These irrigation or stock watering diversion and streambank stabilization projects shall be governed by RCW 77.55.110.

A landscape management plan approved by the department and the department of natural resources under RCW 76.09.350(2), shall serve as a hydraulic project approval for the life of the plan if fish are selected as one of the public resources for coverage under such a plan.

(8) For the purposes of this section and RCW 77.55.110, "bed" means the land below the ordinary high water lines of state waters. This definition does not include irrigation ditches, canals, storm water run-off devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered by man.

(9) The phrase "to construct any form of hydraulic project or perform other work" does not include the act of driving across an established ford. Driving across streams or on wetted stream beds at areas other than established fords requires approval. Work within the ordinary high water line of state waters to construct or repair a ford or crossing requires approval.

Sec. 3. RCW 77.55.110 and 1998 c 190 s 88 are each amended to read as follows:
In the event that any person or government agency desires to construct any form of hydraulic project or other work that diverts water for agricultural irrigation or stock watering purposes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, and when such diversion or streambank stabilization will use, divert, obstruct, or change the natural flow or bed of any river or stream or will utilize any waters of the state or materials from the stream beds, the person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure a written approval from the department as to the adequacy of the means proposed for the protection of fish life. This approval shall not be unreasonably withheld or unreasonably conditioned. (Except as provided in RCW 75.20.1001.)

The department shall grant or deny the approval within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section. The permit must contain provisions allowing for minor modifications to the plans and specifications without requiring reissuance of the permit. The applicant may document receipt of application by filing in person or by registered mail. A complete application for an approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within ordinary high water line, and complete plans and specifications for the proper protection of fish life. The forty-five day requirement shall be suspended if (1) after ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project; (2) the site is physically inaccessible for inspection; or (3) the applicant requests delay.

Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay.

An approval shall remain in effect without need for periodic renewal for projects that divert water for agricultural irrigation or stock watering purposes and that involve seasonal construction or other work. Approval for streambank stabilization projects shall remain in effect without need for periodic renewal if the problem causing the need for the streambank stabilization occurs on an annual or more frequent basis. The permittee must notify the appropriate agency before commencing the construction or other work within the area covered by the approval.

The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If the department denies approval, the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Issuance, denial, conditioning, or modification shall be appealable to the hydraulic appeals board established in RCW 43.21B.005 within thirty days of the notice of decision. The burden shall be upon the department to show that the denial or conditioning of an approval is solely aimed at the protection of fish life.

The department may, after consultation with the permittee, modify an approval due to changed conditions. The modifications shall become effective unless appealed to the hydraulic appeals board within thirty days from the notice of the proposed modification. The burden is on the department to show that changed conditions warrant the modification in order to protect fish life.

A permittee may request modification of an approval due to changed conditions. The request shall be processed within forty-five calendar days of receipt of the written request. A decision by the department may be appealed to the hydraulic appeals board within thirty days of the notice of the decision. The burden is on the permittee to show that changed conditions warrant the requested modification and that such modification will not impair fish life.

In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department, through its authorized representatives, shall issue immediately upon request oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval shall be reduced to writing within thirty days and complied with as provided for in this section.
For purposes of this chapter, "streambank stabilization" shall include but not be limited to log and debris removal, bank protection (including riprap, jetties, and groins), gravel removal and erosion control.

**NEW SECTION. Sec. 4.** A new section is added to chapter 77.55 RCW to read as follows:
(1) Notwithstanding any other provision of this chapter, all hydraulic project approvals related to storm water discharges must follow the provisions established in this section.
(2) Hydraulic project approvals issued in locations covered by a national pollution discharge elimination system municipal storm water general permit may not be conditioned or denied for water quality or quantity impacts arising from storm water discharges. A hydraulic project approval is required only for the actual construction of any storm water outfall or associated structures pursuant to this chapter.
(3)(a) In locations not covered by a national pollution discharge elimination system municipal storm water general permit, the department may issue hydraulic project approvals that contain provisions that protect fish life from adverse effects, such as scouring or erosion of the bed of the water body, resulting from the direct hydraulic impacts of the discharge.
(b) Prior to the issuance of a hydraulic project approval issued under this subsection (3), the department must:
   (i) Make a finding that the discharge from the outfall will cause harmful effects to fish life;
   (ii) Transmit the findings to the applicant and to the city or county where the project is being proposed; and
   (iii) Allow the applicant an opportunity to use local ordinances or other mechanisms to avoid the adverse effects resulting from the direct hydraulic discharge. The forty-five day requirement for hydraulic project approval issuance pursuant to RCW 77.55.100 is suspended during the time period the department is meeting the requirements of this subsection (3)(b).
(c) After following the procedures set forth in (b) of this subsection, the department may issue a hydraulic project approval that prescribes the discharge rates from an outfall structure that will prevent adverse effects to the bed or flow of the waterway. The department may recommend, but not specify, the measures required to meet these discharge rates. The department may not require changes to the project design above the mean higher high water mark of marine waters, or the ordinary high water mark of fresh waters of the state. Nothing in this section alters any authority the department may have to regulate other types of projects under this chapter.

**NEW SECTION. Sec. 5.** A new section is added to chapter 77.55 RCW to read as follows: Conditions imposed upon hydraulic project approvals must be reasonably related to the project. The conditions must ensure that the project provides proper protection for fish life, but the department may not impose conditions that attempt to optimize conditions for fish life that are out of proportion to the impact of the proposed project.

**Sec. 6.** RCW 77.55.170 and 2000 c 107 s 20 are each amended to read as follows:
(1) There is hereby created within the environmental hearings office under RCW 43.21B.005 the hydraulic appeals board of the state of Washington.
(2) The hydraulic appeals board shall consist of ((three)) six members: The director of the department of ecology or the director's designee, the director of the department of agriculture or the director's designee, (and) the director or the director's designee of the department whose action is appealed under subsection (6) of this section, and three local government members. One of the local government members must be appointed by the Washington state association of counties, one of the local government members must be appointed by the association of Washington cities, and one of the local government members must be appointed by the Washington public ports association. The local government members serve at the pleasure of their respective associations. A decision must be agreed to by at least ((two)) four members of the board to be final.
(3) The board may adopt rules necessary for the conduct of its powers and duties or for transacting other official business.
(4) The board shall make findings of fact and prepare a written decision in each case decided by it, and that finding and decision shall be effective upon being signed by (two) four or more board members and upon being filed at the hydraulic appeals board’s principal office, and shall be open to public inspection at all reasonable times.

(5) The board has exclusive jurisdiction to hear appeals arising from the approval, denial, conditioning, or modification of a hydraulic approval issued by the department: (a) Under the authority granted in RCW 77.55.110 for the diversion of water for agricultural irrigation or stock watering purposes or when associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020; or (b) under the authority granted in RCW 77.55.230 for off-site mitigation proposals.

(6)(a) Any person aggrieved by the approval, denial, conditioning, or modification of a hydraulic approval pursuant to RCW 77.55.110 may seek review from the board by filing a request for the same within thirty days of notice of the approval, denial, conditioning, or modification of such approval.

(b) The review proceedings authorized in (a) of this subsection are subject to the provisions of chapter 34.05 RCW pertaining to procedures in adjudicative proceedings.

Sec. 7. RCW 77.55.220 and 1996 c 192 s 2 are each amended to read as follows:

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Marina" means a public or private facility providing boat moorage space, fuel, or commercial services. Commercial services include but are not limited to overnight or live-aboard boating accommodations.

(b) "Marine terminal" means a public or private commercial wharf located in the navigable water of the state and used, or intended to be used, as a port or facility for the storing, handling, transferring, or transporting of goods to and from vessels.

(2) For a marina or marine terminal in existence on June 6, 1996, or a marina or marine terminal that has received a hydraulic project approval for its initial construction, a renewable, five-year hydraulic project approval shall be issued, upon request, for regular maintenance activities of the marina or marine terminal.

(3) Upon construction of a new marina or marine terminal that has received hydraulic project approval, a renewable, five-year hydraulic project approval shall be issued, upon request, for regular maintenance activities of the marina or marine terminal.

(4) For the purposes of this section, regular maintenance activities are only those activities necessary to restore the marina or marine terminal to the conditions approved in the initial hydraulic project approval. These activities may include, but are not limited to, dredging, piling replacement, and float replacement.

(5) The five-year permit must include a requirement that a fourteen-day notice be given to the department before regular maintenance activities begin."

On page 1, line 1 of the title, after "permits;") strike the remainder of the title and insert "amending RCW 77.55.100, 77.55.110, 77.55.170, and 77.55.220; adding new sections to chapter 77.55 RCW; and creating a new section."

and the same is herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2874, with the following amendment:

On page 1, after line 5, insert the following:

"NEW SECTION. Sec. 1. The legislature finds that delivery of Columbia basin project water through canals and its application to land through irrigation over approximately the past fifty years has dramatically affected ground water in the Pasco basin, located in western Franklin county, along the Columbia river and north of the city of Pasco. According to studies conducted by the United States geological survey, the volume of ground water has increased by about five million acre-feet. About eighty-five percent of this increase is the result of percolation following irrigation and seepage from the distribution system. Ground water levels have also risen as a result of reservoirs formed behind the dams on the Columbia and Snake rivers. As a result of drainage management, the system is reported to be at equilibrium. The studies provide the information needed to determine which ground water is a result of the project and which is naturally occurring. Potential problems associated with the raised ground water levels include landslides and loss of arable land through ponding. Benefits include dilution of concentrations of nitrate and increase in volume of water potentially available for beneficial use over the naturally occurring volume otherwise available.

NEW SECTION. Sec. 2. It is the intent of the legislature to grant authority to the department of ecology to enter into agreements with the United States for allocation of ground waters that exist as a result of the Columbia basin project, adopt rules for implementing the agreements and establishing priorities for processing applications, and accept funds for expenses incurred, consistent with applicable state and federal law. Inasmuch as rules adopted by the department will be significant legislative rules, the legislature intends to assure that it will be able to properly carry out its responsibility to both give direction and review the rules after their adoption by requiring periodic reports by the department."

Renumber the remaining section consecutively.
On page 2, after line 9, insert the following:

"NEW SECTION. Sec. 4. A new section is added to chapter 89.12 RCW to read as follows: The department of ecology shall report annually to the standing committees of the legislature with jurisdiction over water resources regarding the activities authorized by section 3 of this act, beginning December 1, 2002, and ending December 1, 2007."

On page 1, line 1 of the title, after "allocation of" strike the remainder of the title and insert "ground waters that exist as a result of the Columbia basin project; adding new sections to chapter 89.12 RCW; and creating new sections."

and the same is herewith transmitted.

It is the intent of this act to increase the overseas promotion of Washington’s goods and services by colocating, where feasible and advantageous, the state’s trade offices or offices of the state’s foreign representative contractors with comparable offices of other states and Canadian provinces.

SENATE AMENDMENTS TO HOUSE BILL

March 7, 2002

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2867, with the following amendments(s)

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the recent federal court of appeals decision in Headwaters, Inc. v. Talent Irrigation District, 243 F.3rd 526 (9th Cir. 2001) imposes a duty to obtain a national pollutant discharge elimination system permit under the clean water act for the application of pesticides to irrigation canals. This duty is also extended to other individuals and organizations that apply pesticides to other waters, where no duty existed before the Talent decision.

The legislature finds that the costs associated with the issuance of the national pollutant discharge elimination system permit now required by the department of ecology as a result of the federal decision is burdensome to the affected individuals and organizations. The legislature intends to temporarily reduce the burden of the federal decision on those individuals and organizations.

Sec. 2. RCW 90.48.465 and 1998 c 262 s 16 are each amended to read as follows:

(1) The department shall establish annual fees to collect expenses for issuing and administering each class of permits under RCW 90.48.160, 90.48.162, and 90.48.260. An initial fee schedule shall be established by rule (within one year of March 1, 1989, and thereafter the fee schedule shall) and be adjusted no more often than once every two years. This fee schedule shall apply to all permits, regardless of date of issuance, and fees shall be assessed prospectively. All fees charged shall be based on factors relating to the complexity of permit issuance and compliance and may be based on pollutant loading and toxicity and be designed to encourage recycling and the reduction of the quantity of
pollutants. Fees shall be established in amounts to fully recover and not to exceed expenses incurred by the department in processing permit applications and modifications, monitoring and evaluating compliance with permits, conducting inspections, securing laboratory analysis of samples taken during inspections, reviewing plans and documents directly related to operations of permittees, overseeing performance of delegated pretreatment programs, and supporting the overhead expenses that are directly related to these activities.

(2) The annual fee paid by a municipality, as defined in 33 U.S.C. Sec. 1362, for all domestic wastewater facility permits issued under RCW 90.48.162 and 90.48.260 shall not exceed the total of a maximum of fifteen cents per month per residence or residential equivalent contributing to the municipality’s wastewater system. (The department shall adopt by rule a schedule of credits for any municipality engaging in a comprehensive monitoring program beyond the requirements imposed by the department, with the credits available for five years from March 1, 1989, and with the total amount of all credits not to exceed fifty thousand dollars in the five year period.)

(3) The department shall ensure that indirect dischargers do not pay twice for the administrative expense of a permit. Accordingly, administrative expenses for permits issued by a municipality under RCW 90.48.165 are not recoverable by the department.

(4) In establishing fees, the department shall consider the economic impact of fees on small dischargers and the economic impact of fees on public entities required to obtain permits for storm water runoff and shall provide appropriate adjustments.

(5) The fee for an individual permit issued for a dairy farm as defined under chapter 90.64 RCW shall be fifty cents per animal unit up to ((one thousand one hundred sixty seven dollars for fiscal year 1998 and)) one thousand two hundred fourteen dollars for fiscal year 1999. The fee for a general permit issued for a dairy farm as defined under chapter 90.64 RCW shall be fifty cents per animal unit up to ((eight hundred seventeen dollars for fiscal year 1998 and)) eight hundred fifty dollars for fiscal year 1999. Thereafter, these fees may rise in accordance with the fiscal growth factor as provided in chapter 43.135 RCW.

(6) The fee for a general permit or an individual permit developed solely as a result of the federal court of appeals decision in Headwaters, Inc. v. Talent Irrigation District, 243 F.3rd 526 (9th Cir. 2001) is limited, until June 30, 2003, to a maximum of three hundred dollars. The department shall require such permits only if, and as long as, these permits are required under federal law.

(7) All fees collected under this section shall be deposited in the water quality permit account hereby created in the state treasury. Moneys in the account may be appropriated only for purposes of administering permits under RCW 90.48.160, 90.48.162, and 90.48.260.

(8) The department shall present a biennial progress report on the use of moneys from the account to the legislature. The report will be due December 31st of odd-numbered years. The report shall consist of information on fees collected, actual expenses incurred, and anticipated expenses for the current and following fiscal years.

NEW SECTION. Sec. 3. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

On page 1, line 3 of the title, after "decision;" strike the remainder of the title and insert "amending RCW 90.48.465; creating a new section; and declaring an emergency."

SENATE AMENDMENTS TO HOUSE BILL

March 7, 2002

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2323, with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that commercial fishing is vitally important not just to the economy of Washington, but also to the cultural heritage of the maritime communities in the state. Fisher men and women have a long and proud history in the Pacific Northwest. State and local governments should seek out ways to enable and encourage these professionals to share the rewards of their craft with the nonfishing citizens of and visitors to the state of Washington by encouraging the exploration and development of new niche markets.

NEW SECTION. Sec. 2. A new section is added to chapter 77.65 RCW to read as follows:

(1) The department must establish and administer a direct retail endorsement to serve as a single license that permits the holder of a Washington salmon or crab commercial fishing license to clean, dress, and sell his or her catch directly to consumers at retail, including over the internet. The direct retail endorsement must be issued as an optional addition to all holders of a salmon or crab commercial fishing license that the department offers under this chapter.

(2) The direct retail endorsement must be offered at the time of application for the qualifying commercial fishing license. Individuals in possession of a qualifying commercial fishing license issued under this chapter may add a direct retail endorsement to their current license at the time they renew their commercial fishing license. Individuals who do not have a commercial fishing license for salmon or crab issued under this chapter may not receive a direct retail endorsement. The costs, conditions, responsibilities, and privileges associated with the endorsed commercial fishing license is not affected or altered in any way by the addition of a direct retail endorsement. These costs include the base cost of the license and any revenue and excise taxes.

(3) An individual need only add one direct retail endorsement to his or her license portfolio. If a direct retail endorsement is selected by an individual holding more than one commercial fishing license issued under this chapter, a single direct retail endorsement is considered to be added to all qualifying commercial fishing licenses held by that individual, and is the only license required for the individual to sell at retail the harvest of salmon or crab permitted by all of the underlying endorsed licenses. The direct retail endorsement applies only to the person named on the endorsed license, and may not be used by an alternate operator named on the endorsed license.

(4) In addition to any fees charged for the endorsed licenses and harvest documentation as required by this chapter or the rules of the department, the department may set a reasonable annual fee not to exceed the administrative costs to the department for a direct retail endorsement.
The holder of a direct retail endorsement is responsible for documenting the commercial harvest of salmon and crab according to the provisions of this chapter, the rules of the department for a wholesale fish dealer, and the reporting requirements of the endorsed license. Any salmon or crab caught by the holder of a direct retail endorsement must be landed in the round and documented on fish tickets, as provided for by the department, before further processing.

The direct retail endorsement must be displayed in a readily visible manner by the seller wherever and whenever a sale to someone other than a licensed wholesale dealer occurs. For sales occurring in a venue other than in person, such as over the internet, through a catalog, or on the phone, the direct retail endorsement number of the seller must be provided to the buyer both at the time of sale and the time of delivery. All internet sales must be conducted in accordance with federal laws and regulations.

The direct retail endorsement is to be held by a natural person and is not transferrable or assignable. If the endorsed license is transferred, the direct retail endorsement immediately becomes void, and the transferor is not eligible for a full or prorated reimbursement of the annual fee paid for the direct retail endorsement. Upon becoming void, the holder of a direct retail endorsement must surrender the physical endorsement to the department.

The holder of a direct retail endorsement must abide by the provisions of Title 69 RCW as they apply to the processing and retail sale of seafood. The department must distribute a pamphlet, provided by the department of agriculture, with the direct retail endorsement generally describing the labeling requirements set forth in chapter 69.04 RCW as they apply to seafood.

The holder of a qualifying commercial fishing license issued under this chapter must either possess a direct retail endorsement or a wholesale dealer license provided for in RCW 77.65.280 in order to lawfully sell their catch or harvest in the state to anyone other than a licensed wholesale dealer.

The direct retail endorsement entitles the holder to sell wild-caught salmon or crab only at a temporary food service establishment as that term is defined in RCW 69.06.045.

NEW SECTION.  Sec. 3. A new section is added to chapter 77.65 RCW to read as follows:
(1) Prior to being issued a direct retail endorsement, an individual must:
(a) Obtain and submit to the department a signed letter on appropriate letterhead from the health department of the county in which the individual makes his or her official residence or where the hailing port for any documented vessel owned by the individual is located as to the fulfillment of all requirements related to county health rules, including the payment of all required fees. The local health department generating the letter may charge a reasonable fee for any necessary inspections. The letter must certify that the methods used by the individual to transport, store, and display fresh salmon and crabs meets that county’s standards and the statewide standards adopted by the board of health for food service operations; and
(b) Submit proof to the department that the individual making the direct retail sales is in possession of a valid food and beverage service worker’s permit, as provided for in chapter 69.06 RCW.
(2) The requirements of subsection (1) of this section must be completed each license year before a renewal direct retail endorsement can be issued.
(3) Any individual possessing a direct retail endorsement must notify the local health department of the county in which retail sales are to occur, except for the county that conducted the initial inspection, forty-eight hours before any transaction and make his or her facilities available for inspection by a fish and wildlife officer, the local health department of any county in which he or she sells salmon or crab, and any designee of the department of health or the department of agriculture.
(4) Neither the department or a local health department may be held liable in any judicial proceeding alleging that consumption of or exposure to seafood sold by the holder of a direct retail endorsement resulted in a negative health consequence, as long as the department can show that the individual holding the direct retail endorsement complied with the requirements of subsection (1) of this section prior to being issued his or her direct retail license, and neither the department nor a local health department acted in a reckless manner. For the purposes of this subsection, the department or a local health district shall not be deemed to be acting recklessly for not conducting a permissive inspection.

NEW SECTION.  Sec. 4. A new section is added to chapter 77.65 RCW to read as follows:
(1) The direct retail endorsement is conditioned upon compliance:
(a) With the requirements of this chapter as they apply to wholesale fish dealers and to the rules of the department relating to the payment of fines for violations of rules for the accounting of the commercial harvest of salmon or crabs; and
(b) With the state board of health and local rules for food service establishments.
(2) Violations of the requirements and rules referenced in subsection (1) of this section may result in the suspension of the direct retail endorsement. The suspended individual must not be reimbursed for any portion of the suspended endorsement. Suspension of the direct retail endorsement may not occur unless and until:
(a) The director has notified by order the holder of the direct retail endorsement when a violation of subsection (1) of this section has occurred. The notification must specify the type of violation, the liability to be imposed for damages caused by the violation, a notice that the amount of liability is due and payable by the holder of the direct retail endorsement, and an explanation of the options available to satisfy the liability; and
(b) The holder of the direct retail endorsement has had at least ninety days after the notification provided in (a) of this subsection was received to either make full payment for all liabilities owed or enter into an agreement with the department to pay off all liabilities within a reasonable time.
(3)(a) If, within ninety days after receipt of the order provided in subsection (2)(a) of this section, the amount specified in the order is not paid or the holder of the direct retail endorsement has not entered into an agreement with the department to pay off all liabilities, the prosecuting attorney for any county in which the persons to whom the order is directed do business, or the attorney general upon request of the department, may bring an action on behalf of the state in the superior court for Thurston county, or any county in which the persons to whom the order is directed do business, to seek suspension of the individual’s direct retail endorsement for up to five years.
(b) The department may temporarily suspend the privileges provided by the direct retail endorsement for up to one hundred twenty days following the receipt of the order provided in subsection (2)(a) of this section, unless the holder of the direct retail endorsement has deposited with the department an acceptable performance bond on forms prescribed and provided by the department. This performance bond must be a corporate surety bond executed in favor of the department by a corporation authorized to do business in the state of Washington under chapter 48.28 RCW and approved by the department. The bond must be filed and maintained in an amount equal to one thousand dollars.
(4) For violations of state board of health and local rules under subsection (1)(b) of this section only, any person inspecting the facilities of a direct retail endorsement holder under section 3 of this act may suspend the privileges granted by the endorsement for up to seven days. Within twenty-four hours of the discovery of the violation, the inspecting entity must notify the department of the violation. Upon notification, the department may proceed with the procedures outlined in this section for suspension of the endorsement. If the violation of a state board of health rule is discovered by a local health department, that local jurisdiction may fine the holder of the direct retail endorsement according to the local jurisdiction’s rules as they apply to retail food operations.
(5) Subsections (2) and (3) of this section do not apply to a holder of a direct retail endorsement that executes a surety bond and abides by the conditions established in RCW 77.65.320 and 77.65.330 as they apply to wholesale dealers.

Sec. 5. RCW 77.65.280 and 2000 c 107 s 48 are each amended to read as follows:
A wholesale fish dealer’s license is required for:
(1) A business in the state to engage in the commercial processing of food fish or shellfish, including custom canning or processing of personal use food fish or shellfish.
(2) A business in the state to engage in the wholesale selling, buying, or brokering of food fish or shellfish. A wholesale fish dealer’s license is not required of those businesses which buy exclusively from Washington licensed wholesale dealers and sell solely at retail.
(3) Fishermen who land and sell their catch or harvest in the state to anyone other than a licensed wholesale dealer within or outside the state, unless the fisher has a direct retail endorsement.
(4) A business to engage in the commercial manufacture or preparation of fertilizer, oil, meal, caviar, fish bait, or other byproducts from food fish or shellfish.
(5) A business employing a fish buyer as defined under RCW 77.65.340.
The annual license fee for a wholesale dealer is two hundred fifty dollars. A wholesale fish dealer’s license is not required for persons engaged in the processing, wholesale selling, buying, or brokering of private sector cultured aquatic products as defined in RCW 15.85.020. However, if a means of identifying such products is required by rules adopted under RCW 15.85.060, the exemption from licensing requirements established by this subsection applies only if the aquatic products are identified in conformance with those rules.

Sec. 6. RCW 77.15.565 and 2000 c 107 s 12 are each amended to read as follows:
Since violation of the rules of the department relating to the accounting of the commercial harvest of food fish and shellfish result in damage to the resources of the state, liability for damage to food fish and shellfish resources is imposed on a wholesale fish dealer or the holder of a direct retail endorsement for violation of a provision in chapter 77.65 RCW or a rule of the department related to the accounting of the commercial harvest of food fish and shellfish and shall be for the actual damages or for damages imposed as follows:
(1) For violation of rules requiring the timely presentation to the department of documents relating to the accounting of commercial harvest, fifty dollars for each of the first fifteen documents in a series and ten dollars for each subsequent document in the same series. If documents relating to the accounting of commercial harvest of food fish and shellfish are lost or destroyed and the wholesale dealer or holder of a direct retail endorsement notifies the department in writing within seven days of the loss or destruction, the director shall waive the requirement for timely presentation of the documents.
(2) For violation of rules requiring accurate and legible information relating to species, value, harvest area, or amount of harvest, twenty-five dollars for each of the first five violations of this subsection following July 28, 1985, and fifty dollars for each violation after the first five violations.
(3) For violations of rules requiring certain signatures, fifty dollars for each of the first two violations and one hundred dollars for each subsequent violation. For the purposes of this subsection, each signature is a separate requirement.
(4) For other violations of rules relating to the accounting of the commercial harvest, fifty dollars for each separate violation.

Sec. 7. RCW 77.15.620 and 2000 c 107 s 253 are each amended to read as follows:
(1) A person is guilty of engaging in fish dealing activity without a license in the second degree if the person:
   (a) Engages in the commercial processing of fish or shellfish, including custom canning or processing of personal use fish or shellfish and does not hold a wholesale dealer’s license required by RCW 77.65.280(1) or 77.65.480 for anadromous game fish, or a direct retail endorsement under section 2 of this act;
   (b) Engages in the wholesale selling, buying, or brokering of food fish or shellfish and does not hold a wholesale dealer’s or buying license required by RCW 77.65.280(2) or 77.65.480 for anadromous game fish;
   (c) Is a fisher who lands and sells his or her catch or harvest in the state to anyone other than a licensed wholesale dealer within or outside the state and does not hold a (wholesale dealer’s license required by RCW 77.65.280(3) or 77.65.480 for anadromous game fish)) direct retail endorsement required by section 2 of this act; or
   (d) Engages in the commercial manufacture or preparation of fertilizer, oil, meal, caviar, fish bait, or other byproducts from food fish or shellfish and does not hold a wholesale dealer’s license required by RCW 77.65.280(4) or 77.65.480 for anadromous game fish.
   (2) Engaging in fish dealing activity without a license in the second degree is a gross misdemeanor.
   (3) A person is guilty of engaging in fish dealing activity without a license in the first degree if the person commits the act described by subsection (1) of this section and the violation involves fish or shellfish worth two hundred fifty dollars or more. Engaging in fish dealing activity without a license in the first degree is a class C felony.

Sec. 8. RCW 77.15.640 and 2000 c 107 s 255 are each amended to read as follows:
(1) A person who holds a wholesale fish dealer’s license required by RCW 77.65.280, an anadromous game fish buyer’s license required by RCW 77.65.480, ((or)) a fish buyer’s license
required by RCW 77.65.340, or a direct retail endorsement under section 2 of this act is guilty of violating rules governing wholesale fish buying and dealing if the person:
   (a) Fails to possess or display his or her license when engaged in any act requiring the license;
   (b) Fails to display or uses the license in violation of any rule of the department;
   (c) Files a signed fish-receiving ticket but fails to provide all information required by rule of the department; or
   (d) Violates any other rule of the department regarding wholesale fish buying and dealing.

(2) Violating rules governing wholesale fish buying and dealing is a gross misdemeanor.

Sec. 9.  
RCW 36.71.090 and 1984 c 25 s 4 are each amended to read as follows:
(1) It shall be lawful for any farmer, gardener, or other person, without license, to sell, deliver, or peddle any fruits, vegetables, berries, eggs, or any farm produce or edibles raised, gathered, produced, or manufactured by such person and no city or town shall pass or enforce any ordinance prohibiting the sale by or requiring license from the producers and manufacturers of farm produce and edibles as herein defined: PROVIDED, That nothing herein authorizes any person to sell, deliver, or peddle, without license, in any city or town, any dairy product, meat, poultry, eel, fish, mollusk, or shellfish where a license is required to engage legally in such activity in such city or town.
(2) It is lawful for an individual in possession of a valid direct retail endorsement, as established in section 2 of this act, to sell, deliver, or peddle wild-caught salmon or crab that is caught, harvested, or collected under rule of the department of fish and wildlife by such a person at a temporary food service establishment, as that term is defined in RCW 69.06.045, and no city, town, or county may pass or enforce an ordinance prohibiting the sale by or requiring additional licenses or permits from the holder of the valid direct retail endorsement. However, this subsection does not prohibit a city, town, or county from inspecting an individual displaying a direct retail endorsement to verify that the person is in compliance with state board of health and local rules for food service operations.

Sec. 10.  
RCW 69.07.100 and 1995 c 374 s 22 are each amended to read as follows: The provisions of this chapter shall not apply to establishments issued a permit or licensed under the provisions of:
(1) Chapter 69.25 RCW, the Washington wholesome eggs and egg products act;
(2) Chapter 69.28 RCW, the Washington state honey act;
(3) Chapter 16.49 RCW, the Meat inspection act;
(4) Chapter 77.65 RCW, relating to the direct retail endorsement for wild-caught seafood;
(5) Title 66 RCW, relating to alcoholic beverage control; and
(6) Chapter 69.30 RCW, the Sanitary control of shellfish act.
However, if any such establishments process foods not specifically provided for in the above entitled acts, such establishments shall be subject to the provisions of this chapter.

The provisions of this chapter shall not apply to restaurants or food service establishments.

NEW SECTION. Sec. 11. A new section is added to chapter 69.04 RCW to read as follows: The department of agriculture must develop a pamphlet that generally describes the labeling requirements for seafood, as set forth in this chapter, and provide an adequate quantity of the pamphlets to the department of fish and wildlife to distribute with the issuance of a direct retail endorsement under section 2 of this act.

NEW SECTION. Sec. 12. This act takes effect July 1, 2002."

**SENATE AMENDMENTS TO HOUSE BILL**

March 7, 2002
Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2376, with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION.  Sec. 1. The legislature finds that there has been an increase in the number of derelict and abandoned vessels that are either grounded or anchored upon publicly or privately owned submerged lands. These vessels are public nuisances and safety hazards as they often pose hazards to navigation, detract from the aesthetics of Washington’s waterways, and threaten the environment with the potential release of hazardous materials. The legislature further finds that the costs associated with the disposal of derelict and abandoned vessels are substantial, and that in many cases there is no way to track down the current vessel owners in order to seek compensation. As a result, the costs associated with the removal of derelict vessels becomes a burden on public entities and the taxpaying public.

NEW SECTION.  Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Abandoned vessel" means the vessel’s owner is not known or cannot be located, or if the vessel’s owner is known and located but is unwilling to take control of the vessel, and the vessel has been left, moored, or anchored in the same area without the express consent, or contrary to the rules, of the owner, manager, or lessee of the aquatic lands below or on which the vessel is located for either a period of more than thirty consecutive days or for more than a total of ninety days in any three hundred sixty-five day period. For the purposes of this subsection (1) only, "in the same area" means within a radius of five miles of any location where the vessel was previously moored or anchored on aquatic lands.

(2) "Aquatic lands" means all tidelands, shorelands, harbor areas, and the beds of navigable waters, including lands owned by the state and lands owned by other public or private entities.

(3) "Authorized public entity" includes any of the following: The department of natural resources; the department of fish and wildlife; the parks and recreation commission; a metropolitan park district; a port district; and any city, town, or county with ownership, management, or jurisdiction over the aquatic lands where an abandoned or derelict vessel is located.

(4) "Department" means the department of natural resources.

(5) "Derelict vessel" means the vessel’s owner is known and can be located, and exerts control of a vessel that:

(a) Has been moored, anchored, or otherwise left in the waters of the state or on public property contrary to RCW 79.01.760 or rules adopted by an authorized public entity;

(b) Has been left on private property without authorization of the owner; or

(c) Has been left for a period of seven consecutive days, and:

(i) Is sunk or in danger of sinking;

(ii) Is obstructing a waterway; or

(iii) Is endangering life or property.

(6) "Owner" means any natural person, firm, partnership, corporation, association, government entity, or organization that has a lawful right to possession of a vessel by purchase, exchange, gift, lease, inheritance, or legal action whether or not the vessel is subject to a security interest.

(7) "Vessel" has the same meaning as defined in RCW 53.08.310.

NEW SECTION.  Sec. 3. This chapter is not intended to limit or constrain the ability and authority of the authorized public entities to enact and enforce ordinances or other regulations relating to derelict and abandoned vessels, or to take any actions authorized by federal or state law in responding to derelict or abandoned vessels. This chapter is also not intended to be the sole remedy available to authorized public entities against the owners of derelict and abandoned vessels.

NEW SECTION.  Sec. 4. (1) An authorized public entity has the authority, subject to the processes and limitations of this chapter, to store, strip, use, auction, sell, salvage, scrap, or dispose of an abandoned or derelict vessel found on or above aquatic lands within the jurisdiction of the
authorized public entity. A vessel disposal must be done in an environmentally sound manner and in accordance with all federal, state, and local laws, including the state solid waste disposal provisions provided for in chapter 70.95 RCW. Scuttling or sinking of a vessel is only permissible after obtaining the express permission of the owner or owners of the aquatic lands below where the scuttling or sinking would occur, and obtaining all necessary state and federal permits or licenses.

(2) The primary responsibility to remove a derelict or abandoned vessel belongs to the owner, operator, or lessee of the moorage facility or the aquatic lands where the vessel is located. If the authorized public entity with the primary responsibility is unwilling or unable to exercise the authority granted by this section, it may request the department to assume the authorized public entity’s authority for a particular vessel. The department may at its discretion assume the authorized public entity’s authority for a particular vessel after being requested to do so. For vessels not at a moorage facility, an authorized public entity with jurisdiction over the aquatic lands where the vessel is located may, at its discretion, request to assume primary responsibility for that particular vessel from the owner of the aquatic lands where the vessel is located.

(3) The authority granted by this chapter is permissive, and no authorized public entity has a duty to exercise the authority. No liability attaches to an authorized public entity that chooses not to exercise this authority.

NEW SECTION. Sec. 5. (1) Prior to exercising the authority granted in section 4 of this act, the authorized public entity must first obtain custody of the vessel. To do so, the authorized public entity must:

(a) Mail notice of its intent to obtain custody, at least twenty days prior to taking custody, to the last known address of the previous owner to register the vessel in any state or with the federal government and to any lien holders or secured interests on record. A notice need not be sent to the purported owner or any other person whose interest in the vessel is not recorded with a state or federal agency;

(b) Post notice of its intent clearly on the vessel for thirty days and publish its intent at least once, more than ten days but less than twenty days prior to taking custody, in a newspaper of general circulation for the county in which the vessel is located; and

(c) Post notice of its intent on the department’s internet web site on a page specifically designated for such notices. If the authorized public entity is not the department, the department must facilitate the internet posting.

(2) All notices sent, posted, or published in accordance with this section must, at a minimum, explain the intent of the authorized public entity to take custody of the vessel, the rights of the authorized public entity after taking custody of the vessel as provided in section 4 of this act, the procedures the owner must follow in order to avoid custody being taken by the authorized public entity, the procedures the owner must follow in order to reclaim possession after custody is taken by the authorized public entity, and the financial liabilities that the owner may incur as provided for in section 7 of this act.

(3) If a vessel is in immediate danger of sinking, breaking up, or blocking navigational channels, and the owner of the vessel cannot be located or is unwilling to assume responsibility for the vessel, an authorized public entity may tow, beach, or otherwise take temporary possession of the vessel. Before taking temporary possession of the vessel, the authorized public entity must make reasonable attempts to consult with the department and the United States coast guard to ensure that other remedies are not available. The basis for taking temporary possession of the vessel must be set out in writing by the authorized public entity within seven days of taking action and be submitted to the owner, if known, as soon thereafter as is reasonable. Immediately after taking possession of the vessel, the authorized public entity must initiate the notice provisions in subsection (1) of this section. The authorized public entity must complete the notice requirements of subsection (1) of this section before using or disposing of the vessel as authorized in section 6 of this act.

NEW SECTION. Sec. 6. (1) After taking custody of a vessel, the authorized public entity may use or dispose of the vessel in any appropriate and environmentally sound manner without further notice to any owners, but must give preference to uses that derive some monetary benefit from the vessel, either in whole or in scrap. If no value can be derived from the vessel, the authorized public entity must give preference to the least costly, environmentally sound, reasonable disposal option. Any
disposal operations must be consistent with the state solid waste disposal provisions provided for in chapter 70.95 RCW.

(2) If the authorized public entity chooses to offer the vessel at a public auction, either a minimum bid may be set or a letter of credit may be required, or both, to discourage future reabandonment of the vessel.

(3) Proceeds derived from the sale of the vessel must first be applied to any administrative costs that are incurred by the authorized public entity during the notification procedures set forth in section 5 of this act, removal and disposal costs, and costs associated with environmental damages directly or indirectly caused by the vessel. If the proceeds derived from the vessel exceed all administrative costs, removal and disposal costs, and costs associated with environmental damages directly or indirectly caused by the vessel, the remaining moneys must be applied to satisfying any liens registered against the vessel.

(4) Any value derived from a vessel greater than all liens and costs incurred reverts to the derelict vessel removal account established in section 11 of this act.

NEW SECTION. Sec. 7. (1) The owner of an abandoned or derelict vessel is responsible for reimbursing an authorized public entity for all reasonable and auditable costs associated with the removal or disposal of the owner’s vessel under this chapter. These costs include, but are not limited to, costs incurred exercising the authority granted in section 4 of this act, all administrative costs incurred by the authorized public entity during the procedure set forth in section 5 of this act, removal and disposal costs, and costs associated with environmental damages directly or indirectly caused by the vessel.

(2) Reimbursement for costs may be sought from an owner who is identified subsequent to the vessel’s removal and disposal.

(3) If the full amount of all costs due to the authorized public entity under this chapter is not paid to the authorized public entity within thirty days after first notifying the responsible parties of the amounts owed, the authorized public entity or the department may bring an action in any court of competent jurisdiction to recover the costs, plus reasonable attorneys’ fees and costs incurred by the authorized public entity.

NEW SECTION. Sec. 8. An authorized public entity may enter into a contract with a private company or individual to carry out the authority granted in this chapter.

NEW SECTION. Sec. 9. The rights granted by this chapter are in addition to any other legal rights an authorized public entity may have to obtain title to, remove, recover, sell, or dispose of an abandoned or derelict vessel, and in no way does this chapter alter those rights, or affect the priority of other liens on a vessel.

NEW SECTION. Sec. 10. A person seeking to redeem a vessel that is in the custody of an authorized public entity may commence a lawsuit to contest the authorized public entity’s decision to take custody of the vessel or to contest the amount of reimbursement owed. The lawsuit must be commenced in the superior court of the county in which the vessel existed when custody was taken by the authorized public entity. The lawsuit must be commenced within twenty days of the date the authorized public entity took custody of the vessel under section 5 of this act, or the right to a hearing is deemed waived and the vessel’s owner is liable for any costs owed the authorized public entity. In the event of litigation, the prevailing party is entitled to reasonable attorneys’ fees and costs.

NEW SECTION. Sec. 11. (1) The derelict vessel removal account is created in the state treasury. All receipts from sections 6 and 7 of this act and those moneys specified in RCW 88.02.030 and 88.02.050 must be deposited into the account. Moneys in the account may only be spent after appropriation. Expenditures from the account shall be used by the department to reimburse authorized public entities for seventy-five percent of the total reasonable and auditable administrative, removal, disposal, and environmental damage costs of abandoned or derelict vessels when the previous owner is either unknown after a reasonable search effort or insolvent. During the 2001-2003 biennium, up to forty percent of the expenditures from the account may be used for administrative expenses of the department of licensing and department of natural resources in implementing this chapter. In each subsequent biennium, up to twenty percent of the expenditures from the account may be used for
administrative expenses of the department of licensing and department of natural resources in implementing this chapter.

(2) If the balance of the account reaches one million dollars as of March 1st of any year, the department must notify the department of licensing and the collection of any fees associated with this account must be suspended for the following fiscal year.

(3) Priority for use of this account is for the removal of derelict and abandoned vessels that are in danger of sinking, breaking up, or blocking navigation channels, or that present environmental risks such as leaking fuel or other hazardous substances. The department must develop criteria, in the form of informal guidelines, to prioritize removal projects associated with this chapter, but may not consider whether the applicant is a state or local entity when prioritizing. The guidelines must also include guidance to the authorized public entities as to what removal activities and associated costs are reasonable and eligible for reimbursement.

(4) The department must keep all authorized public entities apprized of the balance of the derelict vessel removal account and the funds available for reimbursement. The guidelines developed by the department must also be made available to the other authorized public entities. This subsection (4) must be satisfied by utilizing the least costly method, including maintaining the information on the department’s internet web site, or any other cost-effective method.

(5) An authorized public entity may contribute its twenty-five percent of costs that are not eligible for reimbursement by using in-kind services, including the use of existing staff, equipment, and volunteers.

(6) This chapter does not guarantee reimbursement for an authorized public entity. Authorized public entities seeking certainty in reimbursement prior to taking action under this chapter may first notify the department of their proposed action and the estimated total costs. Upon notification by an authorized public entity, the department must make the authorized public entity aware of the status of the fund and the likelihood of reimbursement being available. The department may offer technical assistance and assure reimbursement for up to two years following the removal action if an assurance is appropriate given the balance of the fund and the details of the proposed action.

Sec. 12. RCW 88.02.030 and 1998 c 198 s 1 are each amended to read as follows: Vessel registration is required under this chapter except for the following:

(1) Military or public vessels of the United States, except recreational-type public vessels;

(2) Vessels owned by a state or subdivision thereof, used principally for governmental purposes and clearly identifiable as such;

(3) Vessels either (a) registered or numbered under the laws of a country other than the United States; or (b) having a valid United States customs service cruising license issued pursuant to 19 C.F.R. Sec. 4.94. On or before the sixty-first day of use in the state, any vessel in the state under this subsection shall obtain an identification document from the department of licensing, its agents, or subagents indicating when the vessel first came into the state. At the time of issuance of an identification document, a ((twenty-five)) thirty dollar identification document fee shall be paid by the vessel owner to the department of licensing for the cost of providing the identification document by the department of licensing. Five dollars from each such transaction must be deposited in the derelict vessel removal account created in section 11 of this act. Any moneys remaining from the fee after the payment of costs and the deposit to the derelict vessel removal account shall be allocated to counties by the state treasurer for approved boating safety programs under RCW 88.02.045. The department of licensing shall adopt rules to implement its duties under this subsection, including issuing and displaying the identification document and collecting the ((twenty-five)) thirty dollar fee;

(4) Vessels that have been issued a valid number under federal law or by an approved issuing authority of the state of principal operation. However, a vessel that is validly registered in another state but that is removed to this state for principal use is subject to registration under this chapter. The issuing authority for this state shall recognize the validity of the numbers previously issued for a period of sixty days after arrival in this state;

(5) Vessels owned by a nonresident if the vessel is located upon the waters of this state exclusively for repairs, alteration, or reconstruction, or any testing related to the repair, alteration, or reconstruction conducted in this state if an employee of the repair, alteration, or construction facility is on board the vessel during any testing((PROVIDED That)). However, any vessel owned by a nonresident is located upon the waters of this state exclusively for repairs, alteration, reconstruction, or testing for a period longer than sixty days, that the nonresident shall file an affidavit with the
department of revenue verifying the vessel is located upon the waters of this state for repair, alteration, reconstruction, or testing and shall continue to file such affidavit every sixty days thereafter, while the vessel is located upon the waters of this state exclusively for repairs, alteration, reconstruction, or testing;

(6) Vessels equipped with propulsion machinery of less than ten horsepower that:
   (a) Are owned by the owner of a vessel for which a valid vessel number has been issued;
   (b) Display the number of that numbered vessel followed by the suffix "1" in the manner prescribed by the department; and
   (c) Are used as a tender for direct transportation between that vessel and the shore and for no other purpose;

(7) Vessels under sixteen feet in overall length which have no propulsion machinery of any type or which are not used on waters subject to the jurisdiction of the United States or on the high seas beyond the territorial seas for vessels owned in the United States and are powered by propulsion machinery of ten or less horsepower;

(8) Vessels with no propulsion machinery of any type for which the primary mode of propulsion is human power;

(9) Vessels primarily engaged in commerce which have or are required to have a valid marine document as a vessel of the United States. Commercial vessels which the department of revenue determines have the external appearance of vessels which would otherwise be required to register under this chapter, must display decals issued annually by the department of revenue that indicate the vessel's exempt status;

(10) Vessels primarily engaged in commerce which are owned by a resident of a country other than the United States; and

(11) On and after January 1, 1998, vessels owned by a nonresident individual brought into the state for his or her use or enjoyment while temporarily within the state for not more than six months in any continuous twelve-month period, unless the vessel is used in conducting a nontransitory business activity within the state. However, the vessel must have been issued a valid number under federal law or by an approved issuing authority of the state of principal operation. On or before the sixty-first day of use in the state, any vessel temporarily in the state under this subsection shall obtain an identification document from the department of licensing, its agents, or subagents indicating when the vessel first came into the state. An identification document shall be valid for a period of two months. At the time of any issuance of an identification document, a twenty-five dollar identification document fee shall be paid by the vessel owner to the department of licensing for the cost of providing the identification document by the department of licensing. Any moneys remaining from the fee after payment of costs shall be allocated to counties by the state treasurer for approved boating safety programs under RCW 88.02.045. The department of licensing shall adopt rules to implement its duties under this subsection, including issuing and displaying the identification document and collecting the twenty-five dollar fee.

Sec. 13. RCW 88.02.050 and 1993 c 244 s 38 are each amended to read as follows:

Application for a vessel registration shall be made to the department or its authorized agent in the manner and upon forms prescribed by the department. The application shall state the name and address of each owner of the vessel and such other information as may be required by the department, shall be signed by at least one owner, and shall be accompanied by a vessel registration fee of ten dollars and fifty cents per year and the excise tax imposed under chapter 82.49 RCW. In addition, two additional dollars must be collected annually from every vessel registration application. These moneys must be deposited into the derelict vessel removal account established in section 11 of this act. If the department of natural resources indicates that the balance of the derelict vessel removal account reaches one million dollars as of March 1st of any year, the collection of the two-dollar fee must be suspended for the following fiscal year. Any fees required for licensing agents under RCW 46.01.140 shall be in addition to the ten dollar and fifty cent annual registration fee and the two-dollar derelict vessel fee.

Upon receipt of the application and the registration fee, the department shall assign a registration number and issue a decal for each vessel. The registration number and decal shall be issued and affixed to the vessel in a manner prescribed by the department consistent with the standard numbering system for vessels set forth in volume 33, part 174, of the code of federal regulations. A valid decal affixed as prescribed shall indicate compliance with the annual registration requirements of this chapter.
The vessel registrations and decals are valid for a period of one year, except that the director of licensing may extend or diminish vessel registration periods, and the decals therefor, for the purpose of staggered renewal periods. For registration periods of more or less than one year, the department may collect prorated annual registration fees and excise taxes based upon the number of months in the registration period. Vessel registrations are renewable every year in a manner prescribed by the department upon payment of the vessel registration fee ((and excise tax)), and the derelict vessel fee. Upon renewing a vessel registration, the department shall issue a new decal to be affixed as prescribed by the department.

When the department issues either a notice to renew a vessel registration or a decal for a new or renewed vessel registration, it shall also provide information on the location of marine oil recycling tanks and sewage holding tank pumping stations. This information will be provided to the department by the state parks and recreation commission in a form ready for distribution. The form will be developed and prepared by the state parks and recreation commission with the cooperation of the department of ecology. The department, the state parks and recreation commission, and the department of ecology shall enter into a memorandum of agreement to implement this process.

A person acquiring a vessel from a dealer or a vessel already validly registered under this chapter shall, within fifteen days of the acquisition or purchase of the vessel, apply to the department or its authorized agent for transfer of the vessel registration, and the application shall be accompanied by a transfer fee of one dollar.

Sec. 14. RCW 88.02.040 and 1989 c 393 s 12 are each amended to read as follows:
The department shall provide for the issuance of vessel registrations and may appoint agents for collecting fees and issuing registration numbers and decals. General fees for vessel registrations collected by the director shall be deposited in the general fund: PROVIDED, That any amount above one million one hundred thousand dollars per fiscal year shall be allocated to counties by the state treasurer for boating safety/education and law enforcement programs and the fee collected specifically for the removal and disposal of derelict vessels must be deposited in the derelict vessel removal account created in section 11 of this act. Eligibility for ((such)) boating safety/education and law enforcement program allocations shall be contingent upon approval of the local boating safety program by the state parks and recreation commission. Fund allocation shall be based on the numbers of registered vessels by county of moorage. Each benefitting county shall be responsible for equitable distribution of such allocation to other jurisdictions with approved boating safety programs within said county. Any fees not allocated to counties due to the absence of an approved boating safety program, shall be allocated to the commission for awards to local governments to offset law enforcement and boating safety impacts of boaters recreating in jurisdictions other than where registered.

**Sec. 21.** RCW 79A.65.020 and 1994 c 51 s 2 are each amended to read as follows:
1. The commission may take reasonable measures, including but not limited to the use of anchors, chains, ropes, and locks, or removal from the water, to secure unauthorized vessels located at
or on a commission facility so that the unauthorized vessels are in the possession and control of the commission. At least ten days before securing any unauthorized registered vessel, the commission shall send notification by registered mail to the last registered owner or registered owners of the vessel at their last known address or addresses.

(2) The commission may take reasonable measures, including but not limited to the use of anchors, chains, ropes, or removal from the water, to secure any vessel if the vessel, in the opinion of the commission, is a nuisance, is in danger of sinking or creating other damage to a commission facility, or is otherwise a threat to the health, safety, or welfare of the public or environment at a commission facility. The costs of any such procedure shall be paid by the vessel's owner.

(3) At the time of securing any vessel under subsection (1) or (2) of this section, the commission shall attach to the vessel a readily visible notice or, when practicable, shall post such notice in a conspicuous location at the commission facility in the event the vessel is removed from the premises. The notice shall be of a reasonable size and shall contain the following information:
   (a) The date and time the notice was attached or posted;
   (b) A statement that the vessel has been secured by the commission and that if the commission's charges, if any, are not paid and the vessel is not removed by . . . . . (the thirty-fifth consecutive day following the date of attachment or posting of the notice), the vessel will be considered abandoned and will be sold at public auction to satisfy the charges;
   (c) The address and telephone number where additional information may be obtained concerning the securing of the vessel and conditions for its release; and
   (d) A description of the owner's or secured party's rights under this chapter.

(4) With respect to registered vessels: Within five days of the date that notice is attached or posted under subsection (3) of this section, the commission shall send such notice, by registered mail, to each registered owner.

(5) If a vessel is secured under subsection (1) or (2) of this section, the owner, or any person with a legal right to possess the vessel, may claim the vessel by:
   (a) Making arrangements satisfactory to the commission for the immediate removal of the vessel from the commission's control or for authorized storage or moorage; and
   (b) Making payment to the commission of all reasonable charges incurred by the commission in securing the vessel under subsections (1) and (2) of this section and of all moorage fees owed to the commission.

(6) A vessel is considered abandoned if, within the thirty-five day period following the date of attachment or posting of notice in subsection (3) of this section, the vessel has not been claimed under subsection (5) of this section.

(7) If the owner or owners of a vessel are unable to reimburse the commission for all reasonable charges under subsections (1) and (2) of this section within a reasonable time, the commission may seek reimbursement of seventy-five percent of all reasonable and auditable costs from the derelict vessel removal account established in section 11 of this act.

Sec. 22. RCW 79A.65.030 and 2000 c 11 s 116 are each amended to read as follows:

(1) The commission may provide for the public sale of vessels considered abandoned under RCW 79A.65.020. At such sales, the vessels shall be sold for cash to the highest and best bidder. The commission may establish either a minimum bid or require a letter of credit, or both, to discourage the future reabandonment of the vessel.

(2) Before a vessel is sold, the commission shall make a reasonable effort to provide notice of sale, at least twenty days before the day of the sale, to each registered owner of a registered vessel and each owner of an unregistered vessel. The notice shall contain the time and place of the sale, a reasonable description of the vessel to be sold, and the amount of charges then owing with respect to the vessel, and a summary of the rights and procedures under this chapter. A notice of sale shall be published at least once, more than ten but not more than twenty days before the sale, in a newspaper of general circulation in the county in which the commission facility is located. This notice shall include:
   (a) If known, the name of the vessel and the last owner and the owner’s address; and
   (b) A reasonable description of the vessel. The commission may bid all or part of its charges at the sale and may become a purchaser at the sale.

(3) Before a vessel is sold, any person seeking to redeem a secured vessel may commence a lawsuit in the superior court for the county in which the vessel was secured to contest the commission's
decision to secure the vessel or the amount of charges owing. This lawsuit shall be commenced within fifteen days of the date the notification was posted under RCW 79A.65.020(3), or the right to a hearing is deemed waived and the owner is liable for any charges owing the commission. In the event of litigation, the prevailing party is entitled to reasonable attorneys’ fees and costs.

(4) The proceeds of a sale under this section shall be applied first to the payment of the amount of the reasonable charges incurred by the commission and moorage fees owing to the commission, then to the owner or to satisfy any liens of record or security interests of record on the vessel in the order of their priority. If an owner cannot in the exercise of due diligence be located by the commission within one year of the date of the sale, any excess funds from the sale, following the satisfaction of any bona fide security interest, shall revert to the derelict vessel removal account established in section 11 of this act.

(5) If no one purchases the vessel at a sale, the commission may proceed to properly dispose of the vessel in any way the commission considers appropriate, including, but not limited to, destruction of the vessel or by negotiated sale. The commission may assert a claim against the owner for any deficiency owed the lien holder or secured party.

Sec. 23. RCW 53.08.320 and 1986 c 260 s 2 are each amended to read as follows:

A moorage facility operator may adopt all rules necessary for rental and use of moorage facilities and for the expeditious collection of port charges. The rules may also establish procedures for the enforcement of these rules by port district, city, county, metropolitan park district or town personnel. The rules shall include the following:

(1) Procedures authorizing moorage facility personnel to take reasonable measures, including the use of chains, ropes, and locks, or removal from the water, to secure vessels within the moorage facility so that the vessels are in the possession and control of the moorage facility operator and cannot be removed from the moorage facility.

(2) Procedures authorizing moorage facility personnel at their discretion to move moored vessels ashore for storage within properties under the operator’s control or for storage with private persons under their control as bailees of the moorage facility, if the vessel is, in the opinion of port personnel a nuisance, if the vessel is in danger of sinking or creating other damage, or is owing port charges. Costs of any such procedure shall be paid by the vessel’s owner. If the owner is not known, or unable to reimburse the moorage facility operator for the costs of these procedures, the mooring facility operators may seek reimbursement of seventy-five percent of all reasonable and auditable costs from the derelict vessel removal account established in section 11 of this act.

(3) If a vessel is secured under subsection (1) of this section or moved ashore under subsection (2) of this section, the owner who is obligated to the moorage facility operator for port charges may regain possession of the vessel by:

(a) Making arrangements satisfactory with the moorage facility operator for the immediate removal of the vessel from the moorage facility or for authorized moorage; and
(b) Making payment to the moorage facility operator of all port charges, or by posting with the moorage facility operator a sufficient cash bond or other acceptable security, to be held in trust by the moorage facility operator pending written agreement of the parties with respect to payment by the vessel owner of the amount owing, or pending resolution of the matter of the charges in a civil action in a court of competent jurisdiction. After entry of judgment, including any appeals, in a court of competent jurisdiction, or after the parties reach agreement with respect to payment, the trust shall terminate and the moorage facility operator shall receive so much of the bond or other security as is agreed, or as is necessary to satisfy any judgment, costs, and interest as may be awarded to the moorage facility operator. The balance shall be refunded immediately to the owner at his or her last known address.

(4) If a vessel has been secured by the moorage facility operator under subsection (1) of this section and is not released to the owner under the bonding provisions of this section within ninety days after notifying or attempting to notify the owner under subsection (1) of this section, the vessel shall be conclusively presumed to have been abandoned by the owner.

(5) If a vessel moored or stored at a moorage facility is abandoned, the moorage facility operator may, by resolution of its legislative authority, authorize the public sale of the vessel by authorized personnel to the highest and best bidder for cash as prescribed by this subsection (5). Either a minimum bid may be established or a letter of credit may be required, or both, to discourage the future reabandonment of the vessel.

(a) Before the vessel is sold, the owner of the vessel shall be given at least twenty days' notice of the sale in the manner set forth in subsection (1) of this section if the name and address of the owner is known. The notice shall contain the time and place of the sale, a reasonable description of the vessel to be sold, and the amount of port charges owed with respect to the vessel. The notice of sale shall be published at least once, more than ten but not more than twenty days before the sale, in a newspaper of general circulation in the county in which the moorage facility is located. Such notice shall include the name of the vessel, if any, the last known owner and address, and a reasonable description of the vessel to be sold. The moorage facility operator may bid all or part of its port charges at the sale and may become a purchaser at the sale.

(b) Before the vessel is sold, any person seeking to redeem an impounded vessel under this section may commence a lawsuit in the superior court for the county in which the vessel was impounded to contest the validity of the impoundment or the amount of the port charges owing. Such lawsuit must be commenced within ten days of the date the notification was provided pursuant to subsection (1) of this section, or the right to a hearing shall be deemed waived and the owner shall be liable for any port charges owing the moorage facility operator. In the event of litigation, the prevailing party shall be entitled to reasonable attorneys' fees and costs.

(c) The proceeds of a sale under this section shall first be applied to the payment of port charges. The balance, if any, shall be paid to the owner. If the owner cannot in the exercise of due diligence be located by the moorage facility operator within one year of the date of the sale, the excess funds from the sale shall revert to the department of revenue pursuant to chapter 63.29 RCW derelict vessel removal account established in section 11 of this act. If the sale is for a sum less than the applicable port charges, the moorage facility operator is entitled to assert a claim for a deficiency.

(d) In the event no one purchases the vessel at a sale, or a vessel is not removed from the premises or other arrangements are not made within ten days of sale, title to the vessel will revert to the moorage facility operator.

(6) The rules authorized under this section shall be enforceable only if the moorage facility has had its tariff containing such rules conspicuously posted at its moorage facility at all times.

NEW SECTION. Sec. 24. Sections 1 through 11 of this act constitute a new chapter in Title 79 RCW.

NEW SECTION. Sec. 25. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

SENATE AMENDMENTS TO HOUSE BILL

March 4, 2002

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2468, with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"Sec. 1. 1989 c 350 s 1 (uncodified) is amended to read as follows:

The legislature finds that recent developments in molecular biology and genetics have important applications for forensic science. It has been scientifically established that there is a unique pattern to the chemical structure of the deoxyribonucleic acid (DNA) contained in each cell of the human body. The process for identifying this pattern is called "DNA identification."

The legislature further finds that the accuracy of identification provided by this method is superior to that of any presently existing technique and recognizes the importance of this scientific breakthrough in providing a reliable and accurate tool for the investigation and prosecution of sex offenses as defined in RCW 9.94A.030(26) and violent offenses as defined in RCW 9.94A.030(29)).

DNA data bases are important tools in criminal investigations, in the exclusion of individuals who are the subject of investigations or prosecutions, and in detecting recidivist acts. It is the policy of this state to assist federal, state, and local criminal justice and law enforcement agencies in both the identification and detection of individuals in criminal investigations and the identification and location of missing and unidentified persons. Therefore, it is in the best interest of the state to establish a DNA data base and DNA data bank containing DNA samples submitted by persons convicted of felony offenses and DNA samples necessary for the identification of missing persons and unidentified human remains.

The legislature further finds that the DNA identification system used by the Federal Bureau of Investigation and the Washington state patrol has no ability to predict genetic disease or predisposal to illness. Nonetheless, the legislature intends that biological samples collected under RCW 43.43.754, and DNA identification data obtained from the samples, be used only for purposes related to criminal investigation, identification of human remains or missing persons, or improving the operation of the system authorized under RCW 43.43.752 through 43.43.758.

Sec. 2. RCW 43.43.754 and 1999 c 329 s 2 are each amended to read as follows:

(1) Every adult or juvenile individual convicted of a felony, stalking under RCW 9A.46.110, harassment under RCW 9A.46.020, communicating with a minor for immoral purposes under RCW 9.68A.090, or adjudicated guilty of an equivalent juvenile offense ((defined as a sex offense under RCW 9.94A.030(23)(a) or a violent offense as defined in RCW 9.94A.030(29)) must have a biological sample collected for purposes of DNA identification analysis(+) in the following manner:

(a) For persons convicted of such offenses or adjudicated guilty of an equivalent juvenile offense who ((are serving or who are to serve a term of confinement in a county jail or detention)) do not serve a term of confinement in a department of corrections facility, and do serve a term of confinement in a city or county jail facility, the city or county shall be responsible for obtaining ((blood)) the biological samples either as part of the intake process into the city or county jail or detention facility for those persons convicted on or after ((July 25, 1999)) the effective date of this act, or within a reasonable time after ((July 25, 1999)) the effective date of this act, for those persons..."
incarcerated (prior to July 25, 1999) before the effective date of this act, who have not yet had a (blood) biological sample (drawn) collected, beginning with those persons who will be released the soonest.

(b) For persons convicted of such offenses or adjudicated guilty of an equivalent juvenile offense who do not serve a term of confinement in a department of corrections facility, and do not serve a term of confinement in a city or county jail facility, the local police department or sheriff's office is responsible for obtaining the biological samples after sentencing on or after the effective date of this act.

(c) For persons convicted of such offenses or adjudicated guilty of an equivalent juvenile offense, who are serving or who are to serve a term of confinement in a department of corrections facility or a (division of juvenile rehabilitation) department of social and health services facility, the facility holding the person shall be responsible for obtaining ((blood)) the biological samples either as part of the intake process into such facility for those persons convicted on or after ((July 25, 1999)) the effective date of this act, or within a reasonable time after ((July 25, 1999)) the effective date of this act, for those persons incarcerated (prior to July 25, 1999) before the effective date of this act, who have not yet had a ((blood)) biological sample ((drawn)) collected, beginning with those persons who will be released the soonest.

(2) Any ((blood)) biological sample taken pursuant to RCW 43.43.752 through 43.43.758 may be retained by the forensic laboratory services bureau, and shall be used solely for the purpose of providing DNA or other ((blood grouping)) tests for identification analysis and prosecution of a ((sex offense or a violent offense)) criminal offense or for the identification of human remains or missing persons. Nothing in this section prohibits the submission of results derived from the biological samples to the Federal Bureau of Investigation combined DNA index system.

(3) The director of the forensic laboratory services bureau of the Washington state patrol shall perform testing on all biological samples collected under subsection (1) of this section, to the extent allowed by funding available for this purpose. The director shall give priority to testing on samples collected from those adults or juveniles convicted of a felony or adjudicated guilty of an equivalent juvenile offense that is defined as a sex offense or a violent offense in RCW 9.94A.030.

(4) This section applies to all adults who are convicted of a sex or violent offense after July 1, 1990; and to all adults who were convicted of a sex or violent offense on or prior to July 1, 1990, and who are still incarcerated on or after July 25, 1999. This section applies to all juveniles who are adjudicated guilty of a sex or violent offense after July 1, 1994; and to all juveniles who were adjudicated guilty of a sex or violent offense on or prior to July 1, 1994, and who are still incarcerated on or after July 25, 1999. This section applies to all adults and juveniles who are convicted of a felony other than a sex or violent offense, stalking under RCW 9A.46.110, harassment under RCW 9A.46.020, or communicating with a minor for immoral purposes under RCW 9.68A.090, or adjudicated guilty of an equivalent juvenile offense, on or after the effective date of this act; and to all adults and juveniles who were convicted or adjudicated guilty of such an offense before the effective date of this act and are still incarcerated on or after the effective date of this act.

(5) This section creates no rights in a third person. No cause of action may be brought based upon the noncollection or nonanalysis or the delayed collection or analysis of a biological sample authorized to be taken under RCW 43.43.752 through 43.43.758.

(6) The detention, arrest, or conviction of a person based upon a data base match or data base information is not invalidated if it is determined that the sample was obtained or placed in the data base by mistake, or if the conviction or juvenile adjudication that resulted in the collection of the biological sample was subsequently vacated or otherwise altered in any future proceeding including but not limited to posttrial or postfact-finding motions, appeals, or collateral attacks.

Sec. 3. RCW 43.43.759 and 1990 c 230 s 1 are each amended to read as follows:

The Washington state patrol shall consult with the forensic investigations council and adopt rules to implement RCW 43.43.752 through 43.43.758. The rules shall prohibit the use of DNA identification data for any research or other purpose that is not related to a criminal investigation, to the identification of human remains or missing persons, or to improving the operation of the system authorized by RCW 43.43.752 through 43.43.758. The rules must also identify appropriate sources and collection methods for biological samples needed for purposes of DNA identification analysis.

NEW SECTION. Sec. 4. A new section is added to chapter 43.43 RCW to read as follows:
Every sentence imposed under chapter 9.94A RCW, for a felony specified in RCW 43.43.754 that is committed on or after the effective date of this act, must include a fee of one hundred dollars for collection of a biological sample as required under RCW 43.43.754, unless the court finds that imposing the fee would result in undue hardship on the offender. The fee is a court-ordered legal financial obligation as defined in RCW 9.94A.030, payable by the offender after payment of all other legal financial obligations included in the sentence has been completed. The clerk of the court shall transmit fees collected to the state treasurer for deposit in the state DNA database account created under section 5 of this act.

NEW SECTION. Sec. 5. A new section is added to chapter 43.43 RCW to read as follows: The state DNA database account is created in the custody of the state treasurer. All receipts under section 4 of this act must be deposited into the account. Expenditures from the account may be used only for creation, operation, and maintenance of the DNA database under RCW 43.43.754. Only the chief of the Washington state patrol or the chief’s designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

Sec. 6. RCW 9.94A.505 and 2001 2nd sp.s. c 12 s 312 are each amended to read as follows: (1) When a person is convicted of a felony, the court shall impose punishment as provided in this chapter.
   (2) (a) The court shall impose a sentence as provided in the following sections and as applicable in the case:
      (i) Unless another term of confinement applies, the court shall impose a sentence within the standard sentence range established in RCW 9.94A.510;
      (ii) RCW 9.94A.700 and 9.94A.705, relating to community placement;
      (iii) RCW 9.94A.710 and 9.94A.715, relating to community custody;
      (iv) RCW 9.94A.545, relating to community custody for offenders whose term of confinement is one year or less;
      (v) RCW 9.94A.570, relating to persistent offenders;
      (vi) RCW 9.94A.540, relating to mandatory minimum terms;
      (vii) RCW 9.94A.650, relating to the first-time offender waiver;
      (viii) RCW 9.94A.660, relating to the drug offender sentencing alternative;
      (ix) RCW 9.94A.670, relating to the special sex offender sentencing alternative;
      (x) RCW 9.94A.712, relating to certain sex offenses;
      (xi) RCW 9.94A.535, relating to exceptional sentences;
      (xii) RCW 9.94A.589, relating to consecutive and concurrent sentences.
      (b) If a standard sentence range has not been established for the offender’s crime, the court shall impose a determinate sentence which may include not more than one year of confinement; community service work; until July 1, 2000, a term of community supervision not to exceed one year and on and after July 1, 2000, a term of community custody not to exceed one year, subject to conditions and sanctions as authorized in RCW 9.94A.710 (2) and (3); and/or other legal financial obligations. The court may impose a sentence which provides more than one year of confinement if the court finds reasons justifying an exceptional sentence as provided in RCW 9.94A.535.
   (3) If the court imposes a sentence requiring confinement of thirty days or less, the court may, in its discretion, specify that the sentence be served on consecutive or intermittent days. A sentence requiring more than thirty days of confinement shall be served on consecutive days. Local jail administrators may schedule court-ordered intermittent sentences as space permits.
   (4) If a sentence imposed includes payment of a legal financial obligation, it shall be imposed as provided in RCW 9.94A.750, 9.94A.753, 9.94A.760, and section 4 of this act.
   (5) Except as provided under RCW 9.94A.750(4) and 9.94A.753(4), a court may not impose a sentence providing for a term of confinement or community supervision, community placement, or community custody which exceeds the statutory maximum for the crime as provided in chapter 9A.20 RCW.
   (6) The sentencing court shall give the offender credit for all confinement time served before the sentencing if that confinement was solely in regard to the offense for which the offender is being sentenced.
   (7) The court shall order restitution as provided in RCW 9.94A.750 and 9.94A.753.
(8) As a part of any sentence, the court may impose and enforce crime-related prohibitions and affirmative conditions as provided in this chapter.

(9) The court may order an offender whose sentence includes community placement or community supervision to undergo a mental status evaluation and to participate in available outpatient mental health treatment, if the court finds that reasonable grounds exist to believe that the offender is a mentally ill person as defined in RCW 71.24.025, and that this condition is likely to have influenced the offense. An order requiring mental status evaluation or treatment must be based on a presentence report and, if applicable, mental status evaluations that have been filed with the court to determine the offender’s competency or eligibility for a defense of insanity. The court may order additional evaluations at a later date if deemed appropriate.

(10) In any sentence of partial confinement, the court may require the offender to serve the partial confinement in work release, in a program of home detention, on work crew, or in a combined program of work crew and home detention.

(11) In sentencing an offender convicted of a crime of domestic violence, as defined in RCW 10.99.020, if the offender has a minor child, or if the victim of the offense for which the offender was convicted has a minor child, the court may, as part of any term of community supervision, community placement, or community custody, order the offender to participate in a domestic violence perpetrator program approved under RCW 26.50.150.

NEW SECTION. Sec. 7. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 8. Section 1 of this act is added to chapter 43.43 RCW.

NEW SECTION. Sec. 9. This act takes effect July 1, 2002."

On page 1, line 1 of the title, after "base;" strike the remainder of the title and insert
"amending RCW 43.43.754, 43.43.759, and 9.94A.505; amending 1989 c 350 s 1 (uncodified); adding new sections to chapter 43.43 RCW; and providing an effective date."

and the same is herewith transmitted.

(17) Establishment of a standard system for all state organizations to record and report dollar savings and cost avoidance which are attributable to the establishment and implementation of improved purchasing and material control procedures;

(18) Development of procedures for mutual and voluntary cooperation between state agencies, including educational institutions, and political subdivisions for exchange of purchasing and material control services;

(19) Resolution of all other purchasing and material matters which require the establishment of overall statewide policy for effective and economical supply management;

(20) Development of guidelines and criteria for the purchase of vehicles, high gas mileage vehicles, alternate vehicle fuels and systems, equipment, and materials that reduce overall energy-related costs and energy use by the state, including investigations into all opportunities to aggregate the purchasing of clean technologies by state and local governments, and including the requirement that new passenger vehicles purchased by the state meet the minimum standards for passenger automobile fuel economy established by the United States secretary of transportation pursuant to the energy policy and conservation act (15 U.S.C. Sec. 2002).

Sec. 2. RCW 43.19.570 and 1989 c 113 s 1 are each amended to read as follows:

(1) The department shall direct and be responsible for the acquisition, operation, maintenance, storage, repair, and replacement of state motor vehicles under its control. The department shall utilize state facilities available for the maintenance, repair, and storage of such motor vehicles, and may provide directly or by contract for the maintenance, repair, and servicing of all motor vehicles, and other property related thereto and under its control.

(2) The department may arrange, by agreement with agencies, for the utilization by one of the storage, repair, or maintenance facilities of another, with such provision for charges and credits as may be agreed upon. The department may acquire and maintain storage, repair, and maintenance facilities for the motor vehicles under its control from such funds as may be appropriated by the legislature.

(3)(a) The legislature finds that a clean environment is important and that global warming effects may be offset by decreasing the emissions of harmful compounds from motor vehicles. The legislature further finds that the state is in a position to set an example of large scale use of alternative fuels in motor vehicles and other clean technologies.

(b) The department shall consider the use of state vehicles to conduct field tests on alternative fuels in areas where air pollution constraints may be eased by these optional fuels. These fuels should include but are not limited to gas-powered and electric-powered vehicles.

(c) For planned purchases of vehicles using alternative fuels, the department and other state agencies shall explore opportunities to purchase these vehicles together with the federal government, agencies of other states, other Washington state agencies, local governments, or private organizations for less cost. All state agencies must investigate and determine whether or not they can make clean technologies more cost-effective by combining their purchasing power before completing a planned vehicle purchase.

Sec. 3. RCW 43.19.637 and 1991 c 199 s 213 are each amended to read as follows:

(1) At least thirty percent of all new vehicles purchased through a state contract shall be clean-fuel vehicles.

(2) The percentage of clean-fuel vehicles purchased through a state contract shall increase at the rate of five percent each year.

(3) In meeting the procurement requirement established in this section, preference shall be given to vehicles designed to operate exclusively on clean fuels. In the event that vehicles designed to operate exclusively on clean fuels are not available or would not meet the operational requirements for which a vehicle is to be procured, conventionally powered vehicles may be converted to clean fuel or dual fuel use to meet the requirements of this section.

(4) Fuel purchased through a state contract shall be a clean fuel when the fuel is purchased for the operation of a clean-fuel vehicle.

(5)(a) Weight classes are established by the following motor vehicle types:

(i) Passenger cars;

(ii) Light duty trucks, trucks with a gross vehicle weight rating by the vehicle manufacturer of less than eight thousand five hundred pounds;
(iii) Heavy duty trucks, trucks with a gross vehicle weight rating by the vehicle manufacturer of eight thousand five hundred pounds or more.

(b) This subsection does not place an obligation upon the state or its political subdivisions to purchase vehicles in any number or weight class other than to meet the percent procurement requirement.

(6) The provisions for purchasing clean-fuel vehicles under subsections (1) and (2) of this section are intended as minimum levels. The department should seek to increase the purchasing levels of clean-fuel vehicles above the minimum. The department must also investigate all opportunities to aggregate their purchasing with local governments to determine whether or not they can lower their costs and make it cost-efficient to increase the percentage of clean-fuel or high gas mileage vehicles in both the state and local fleets.

(7) For the purposes of this section, "clean fuels" and "clean-fuel vehicles" shall be those fuels and vehicles meeting the specifications provided for in RCW 70.120.210.

NEW SECTION. Sec. 4. A new section is added to chapter 39.35B RCW to read as follows:

(1) The department of general administration, in cooperation with public agencies, shall investigate opportunities to aggregate the purchase of clean technologies with other public agencies to determine whether or not combined purchasing can reduce the unit cost of clean technologies.

(2) State agencies that are retail electric customers shall investigate opportunities to aggregate the purchase of electricity produced from generation resources that are fueled by wind or solar energy for their facilities located within a single utility’s service area, to determine whether or not combined purchasing can reduce the unit cost of those resources.

(3) No public agency is required under this section to purchase clean technologies at prohibitive costs.

(4)(a) "Electric utility" shall have the same meaning as provided under RCW 19.29A.010.

(b) "Clean technology" includes, but may not be limited to, alternative fueled hybrid-electric and fuel cell vehicles, and distributive power generation.

(c) "Distributive power generation" means the generation of electricity from an integrated or stand-alone power plant that generates electricity from wind energy, solar energy, or fuel cells.

(d) "Retail electric customer" shall have the same meaning as provided under RCW 19.29A.010.

(e) "Facility" means any building owned or leased by a public agency.

NEW SECTION. Sec. 5. In preparing the biennial energy report required under RCW 43.21F.045(2)(h) to be transmitted to the governor and the legislature by December 1, 2002, the department of community, trade, and economic development must include the following information:

(1) The percentage of clean-fuel vehicles purchased in 2001 through a state contract pursuant to RCW 43.19.637; and

(2) The results of efforts by the department of general administration and other state agencies to aggregate purchasing of clean technologies.

Sec. 6. RCW 19.29A.090 and 2001 c 214 s 28 are each amended to read as follows:

(1) Beginning January 1, 2002, each electric utility must provide to its retail electricity customers a voluntary option to purchase qualified alternative energy resources in accordance with this section.

(2) Each electric utility must include with its retail electric customer’s regular billing statements, at least quarterly, a voluntary option to purchase qualified alternative energy resources. The option may allow customers to purchase qualified alternative energy resources at fixed or variable rates and for fixed or variable periods of time, including but not limited to monthly, quarterly, or annual purchase agreements. A utility may provide qualified alternative energy resource options through either: (a) Resources it owns or contracts for; or (b) the purchase of credits issued by a clearinghouse or other system by which the utility may secure, for trade or other consideration, verifiable evidence that a second party has a qualified alternative energy resource and that the second party agrees to transfer such evidence exclusively to the benefit of the utility.

(3) For the purposes of this section, a "qualified alternative energy resource" means the electricity produced from generation facilities that are fueled by: (a) Wind; (b) solar energy; (c) geothermal energy; (d) landfill gas; (e) wave or tidal action; (f) gas produced during the treatment of
wastewater; (g) qualified hydropower; or (h) biomass energy based on solid organic fuels from wood, forest, or field residues, or dedicated energy crops that do not include wood pieces that have been treated with chemical preservatives such as creosote, pentachlorophenol, or copper-chrome-arsenic.

(4) For the purposes of this section, "qualified hydropower" means the energy produced either: (a) As a result of modernizations or upgrades made after June 1, 1998, to hydropower facilities operating on May 8, 2001, that have been demonstrated to reduce the mortality of anadromous fish; or (b) by run of the river or run of the canal hydropower facilities that are not responsible for obstructing the passage of anadromous fish.

(5) The rates, terms, conditions, and customer notification of each utility’s option or options offered in accordance with this section must be approved by the governing body of the consumer-owned utility or by the commission for investor-owned utilities. All costs and benefits associated with any option offered by an electric utility under this section must be allocated to the customers who voluntarily choose that option and may not be shifted to any customers who have not chosen such option. Utilities may pursue known, lawful aggregated purchasing of qualified alternative energy resources with other utilities to the extent aggregated purchasing can reduce the unit cost of qualified alternative energy resources, and are encouraged to investigate opportunities to aggregate the purchase of alternative energy resources by their customers. Aggregated purchases by investor-owned utilities must comply with any applicable rules or policies adopted by the commission related to least-cost planning or the acquisition of renewable resources.

(6) Each consumer-owned utility must report annually to the department and each investor-owned utility must report annually to the commission beginning October 1, 2002, until October 1, 2012, describing the option or options it is offering under the requirements of this section, the rate of customer participation, the amount of qualified alternative energy resources purchased by customers, and the amount of utility investments in qualified alternative energy resources, and the results of pursuing aggregated purchasing opportunities. The department and the commission together shall report annually to the legislature, beginning December 1, 2002, until December 1, 2012, with the results of the utility reports."

On page 1, line 1 of the title, after "technologies;" strike the remainder of the title and insert "amending RCW 43.19.1905, 43.19.570, 43.19.637, and 19.29A.090; adding a new section to chapter 39.35B RCW; and creating a new section."

and the same is herewith transmitted.

Forms and instructional brochures shall be provided free of charge.

(5) A person is not required to post a bond to obtain relief in any proceeding under this section.

(6) The parent or guardian of a child under age eighteen may petition for an order of protection to restrain a person age eighteen years or over from contact with that child upon a showing that contact with the person to be enjoined is detrimental to the welfare of the child.

(7) The parent or guardian of a child under the age of eighteen may petition in superior court for an order of protection to restrain a person under the age of eighteen years from contact with that child only in cases where the person to be restrained has been adjudicated of an offense against the child protected by the order, or is under investigation or has been investigated for such an offense. In issuing a protection order under this subsection, the court shall consider, among the other facts of the case, the severity of the alleged offense, any continuing physical danger or emotional distress to the alleged victim, and the expense, difficulty, and educational disruption that would be caused by a transfer of the alleged offender to another school. The court may order that the person restrained in the order not attend the public or approved private elementary, middle, or high school attended by the person under the age of eighteen years protected by the order. In the event that the court orders a transfer of the restrained person to another school, the parents or legal guardians of the person restrained in the order are responsible for transportation and other costs associated with the change of school by the person restrained in the order. The court shall send notice of the restriction on attending the same school as the person protected by the order to the public or approved private school the person restrained by the order will attend and to the school the person protected by the order attends.

NEW SECTION. Sec. 2. A new section is added to chapter 10.14 RCW to read as follows:

No fees for filing or service of process may be charged by a public agency to petitioners seeking relief under this chapter from a person who has stalked them as that term is defined in RCW 9A.46.110, or from a person who has engaged in conduct that would constitute a sex offense as defined in RCW 9A.44.130, or from a person who is a family or household member as defined in RCW 26.50.010(2) who has engaged in conduct that would constitute domestic violence as defined in RCW 26.50.010(1). If the petitioner is entitled to proceed under this section, the court may require, at the time of the full hearing, the respondent to pay the filing fee and costs, including services fees, to the county or municipality incurring the expense. The requirement that the respondent pay the filing fee and costs may not be imposed by the court at the time of issuance of the ex parte temporary protection order.
Sec. 3. RCW 10.14.100 and 2001 c 311 s 2 are each amended to read as follows:

(1) An order issued under this chapter shall be personally served upon the respondent, except as provided in subsections (5) and (7) of this section.

(2) The sheriff of the county or the peace officers of the municipality in which the respondent resides shall serve the respondent personally unless the petitioner elects to have the respondent served by a private party.

(3) If the sheriff or municipal peace officer cannot complete service upon the respondent within ten days, the sheriff or municipal peace officer shall notify the petitioner.

(4) Returns of service under this chapter shall be made in accordance with the applicable court rules.

(5) If an order entered by the court recites that the respondent appeared in person before the court, the necessity for further service is waived and proof of service of that order is not necessary. The court’s order, entered after a hearing, need not be served on a respondent who fails to appear before the court, if material terms of the order have not changed from those contained in the temporary order, and it is shown to the court’s satisfaction that the respondent has previously been personally served with the temporary order.

(6) Except in cases where the petitioner has fees waived under section 2 of this act or is granted leave to proceed in forma pauperis, municipal police departments serving documents as required under this chapter may collect the same fees for service and mileage authorized by RCW 36.18.040 to be collected by sheriffs.

(7) If the court previously entered an order allowing service by publication of the notice of hearing and temporary order of protection pursuant to RCW 10.14.085, the court may permit service by publication of the order of protection issued under RCW 10.14.080. Service by publication must comply with the requirements of RCW 10.14.085.

Sec. 4. RCW 10.14.125 and 1992 c 143 s 18 are each amended to read as follows:

The court may permit service by publication under this chapter only if the petitioner pays the cost of publication or if the petitioner’s costs have been waived pursuant to section 2 of this act, unless the county legislative authority allocates funds for service of process by publication for petitioners who are granted leave to proceed in forma pauperis.

Sec. 5. RCW 26.50.125 and 1995 c 246 s 17 are each amended to read as follows:

Except as provided in section 2 of this act, the court may permit service by publication or by mail under this chapter only if the petitioner pays the cost of publication or mailing unless the county legislative authority allocates funds for service of process by publication or by mail for indigent petitioners."

On page 1, line 1 of the title, after "orders;" strike the remainder of the title and insert "amending RCW 10.14.040, 10.14.100, 10.14.125, and 26.50.125; and adding a new section to chapter 10.14 RCW."

and the same is herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

March 7, 2002

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2707, with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 18.20.270 and 2000 c 121 s 2 are each amended to read as follows:
(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.
(a) "Caregiver" includes any person who provides residents with hands-on personal care on behalf of a boarding home, except volunteers who are directly supervised.
(b) "Direct supervision" means oversight by a person who has demonstrated competency in the core areas or has been fully exempted from the training requirements pursuant to this section, is on the premises, and is quickly and easily available to the caregiver.
(2) Training must have the following components: Orientation, basic training, specialty training as appropriate, and continuing education. All boarding home employees or volunteers who routinely interact with residents shall complete orientation. Boarding home administrators, or their designees, and caregivers shall complete orientation, basic training, specialty training as appropriate, and continuing education.
(3) Orientation consists of introductory information on residents' rights, communication skills, fire and life safety, and universal precautions. Orientation must be provided at the facility by appropriate boarding home staff to all boarding home employees before the employees have routine interaction with residents.
(4) Basic training consists of modules on the core knowledge and skills that caregivers need to learn and understand to effectively and safely provide care to residents. Basic training must be outcome-based, and the effectiveness of the basic training must be measured by demonstrated competency in the core areas through the use of a competency test. Basic training must be completed by caregivers within one hundred twenty days of the date on which they begin to provide hands-on care or within one hundred twenty days of ((March) September 1, 2002, whichever is later. Until competency in the core areas has been demonstrated, caregivers shall not provide hands-on personal care to residents without direct supervision. Boarding home administrators, or their designees, must complete basic training and demonstrate competency within one hundred twenty days of employment or within one hundred twenty days of ((March) September 1, 2002, whichever is later. However, if specialty training is not integrated with basic training, the specialty
training must be completed within ninety days of completion of basic training. Until competency in the core specialty areas has been demonstrated, caregivers shall not provide hands-on personal care to residents with special needs without direct supervision. Boarding home administrators, or their designees, must complete specialty training and demonstrate competency within one hundred twenty days of (March) September 1, 2002, or one hundred twenty days from the date on which the administrator or his or her designee is hired, whichever is later, if the boarding home serves one or more residents with special needs.

(6) Continuing education consists of ongoing delivery of information to caregivers on various topics relevant to the care setting and care needs of residents. Competency testing is not required for continuing education. Continuing education is not required (during the first) in the same calendar year ((following completion of the)) in which basic ((training)) or modified basic training is successfully completed. Continuing education is required in each calendar year thereafter. If specialty training is completed, the specialty training applies toward any continuing education requirement for up to two years following the completion of the specialty training.

(7) Persons who successfully challenge the competency test for basic training are fully exempt from the basic training requirements of this section. Persons who successfully challenge the specialty training competency test are fully exempt from the specialty training requirements of this section.

(8) Licensed persons who perform the tasks for which they are licensed are fully or partially exempt from the training requirements of this section, as specified by the department in rule.

(9) In an effort to improve access to training and education and reduce costs, especially for rural communities, the coordinated system of long-term care training and education must include the use of innovative types of learning strategies such as internet resources, videotapes, and distance learning using satellite technology coordinated through community colleges or other entities, as defined by the department.

(10) The ((community long-term care training and education steering committee established under RCW 74.39A.190)) department shall develop criteria for the approval of orientation, basic training, and specialty training programs.

(11) Boarding homes that desire to deliver facility-based training with facility designated trainers, or boarding homes that desire to pool their resources to create shared training systems, must be encouraged by the department in their efforts. The ((community long-term care training and education steering committee)) department shall develop criteria for reviewing and approving trainers and training materials that are substantially similar to or better than the materials developed by the ((steering committee)) department. The department may approve a curriculum based upon attestation by a boarding home administrator that the boarding home’s training curriculum addresses basic and specialty training competencies identified by the department, and shall review a curriculum to verify that it meets these requirements. The department may conduct the review as part of the next regularly scheduled yearly inspection and investigation required under RCW 18.20.110. The department shall rescind approval of any curriculum if it determines that the curriculum does not meet these requirements.

(12) The department shall adopt rules by (March) September 1, 2002, for the implementation of this section ((based on the recommendations of the community long-term care training and education steering committee established in RCW 74.39A.190)).

(13) The orientation, basic training, specialty training, and continuing education requirements of this section ((take effect March)) commence September 1, 2002, or one hundred twenty days from the date of employment, whichever is later, and shall be applied ((prospectively)) to (a) employees hired subsequent to September 1, 2002; and (b) existing employees that on September 1, 2002, have not successfully completed the training requirements under RCW 74.39A.010 or 74.39A.020 and this section. Existing employees who have not successfully completed the training requirements under RCW 74.39A.010 or 74.39A.020 shall be subject to all applicable requirements of this section. However, prior to September 1, 2002, nothing in this section affects the current training requirements under RCW 74.39A.010.

NEW SECTION. Sec. 2. A new section is added to chapter 43.20A RCW to read as follows: The department shall publish its final basic and specialty training competencies and learning outcomes as required by chapter 121, Laws of 2000 no later than June 1, 2002.

Sec. 3. RCW 70.128.230 and 2000 c 121 s 3 are each amended to read as follows:
(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.
   (a) "Caregiver" includes all adult family home resident managers and any person who provides residents with hands-on personal care on behalf of an adult family home, except volunteers who are directly supervised.
   (b) "Indirect supervision" means oversight by a person who has demonstrated competency in the core areas or has been fully exempted from the training requirements pursuant to this section and is quickly and easily available to the caregiver, but not necessarily on-site.
   (2) Training must have three components: Orientation, basic training, and continuing education. All adult family home providers, resident managers, and employees, or volunteers who routinely interact with residents shall complete orientation. Caregivers shall complete orientation, basic training, and continuing education.

Until competency in the core areas has been demonstrated, caregivers shall not provide hands-on personal care to residents without indirect supervision.
   (5) For adult family homes that serve residents with special needs such as dementia, developmental disabilities, or mental illness, specialty training is required of providers and resident managers. Specialty training consists of modules on the core knowledge and skills that providers and resident managers need to effectively and safely provide care to residents with special needs. Specialty training should be integrated into basic training wherever appropriate. Specialty training must be outcome-based, and the effectiveness of the specialty training measured by demonstrated competency in the core specialty areas through the use of a competency test. Specialty training must be completed by providers and resident managers before admitting and serving residents who have been determined to have special needs related to mental illness, dementia, or a developmental disability. Should a resident develop special needs while living in a home without specialty designation, the provider and resident manager have one hundred twenty days to complete specialty training.
   (6) Continuing education consists of ongoing delivery of information to caregivers on various topics relevant to the care setting and care needs of residents. Competency testing is not required for continuing education. Continuing education is not required (( during the first)) in the same calendar year ( (following completion of the)) in which basic ((training)) or modified basic training is successfully completed. Continuing education is required in each calendar year thereafter. If specialty training is completed, the specialty training applies toward any continuing education requirement for up to two years following the completion of the specialty training.

Persons who successfully challenge the specialty training competency test are fully exempt from the specialty training requirements of this section.
   (8) Licensed persons who perform the tasks for which they are licensed are fully or partially exempt from the training requirements of this section, as specified by the department in rule.
   (9) In an effort to improve access to training and education and reduce costs, especially for rural communities, the coordinated system of long-term care training and education must include the use of innovative types of learning strategies such as internet resources, videotapes, and distance learning using satellite technology coordinated through community colleges, private associations, or other entities, as defined by the department.
   (10) Adult family homes that desire to deliver facility-based training with facility designated trainers, or adult family homes that desire to pool their resources to create shared training systems, must be encouraged by the department in their efforts. The ((community long-term care training and education steering committee)) department shall develop criteria for reviewing and approving trainers and training materials. The department may approve a curriculum based upon attestation by an adult
family home administrator that the adult family home’s training curriculum addresses basic and specialty training competencies identified by the department, and shall review a curriculum to verify that it meets these requirements. The department may conduct the review as part of the next regularly scheduled inspection authorized under RCW 70.128.070. The department shall rescind approval of any curriculum if it determines that the curriculum does not meet these requirements.

(11) The department shall adopt rules by (March) September 1, 2002, for the implementation of this section (based on the recommendations of the community long-term care training and education steering committee established in RCW 74.39A.190).

(12) The orientation, basic training, specialty training, and continuing education requirements of this section (take effect March) commence September 1, 2002, and shall be applied (prospectively) to (a) employees hired subsequent to September 1, 2002; or (b) existing employees that on September 1, 2002, have not successfully completed the training requirements under RCW 70.128.120 or 70.128.130 and this section. Sec. 4. RCW 74.39A.190 and 2000 c 121 s 8 are each amended to read as follows:

(1) The secretary shall appoint a steering committee for community long-term care training and education to advise the department on the development (and approval) of criteria for training materials, the development of competency tests, the development of criteria for trainers, and the development of exemptions from training. The community long-term care training and education steering committee shall also review the effectiveness of the training program or programs, including the qualifications and availability of the trainers. The steering committee shall also review the appropriateness of the adopted rules implementing this section. The steering committee shall advise the department on flexible and innovative learning strategies that accomplish the training goals, such as competency and outcome-based models and distance learning. The steering committee shall review and recommend the most appropriate length of time between an employee’s date of first hire and the start of the employee’s basic training.

(2) The steering committee shall, at a minimum, consist of a representative from each of the following: Each of the statewide boarding home associations, two adult family home associations, each of the statewide home care associations, the long-term care ombudsman program, the area agencies on aging, the department of health representing the nursing care quality assurance commission, and a consumer, or their nonprovider designee, from a boarding home, adult family home, home care served by an agency, and home care served by an individual provider. A majority of the members currently serving constitute a quorum.

(3) Nothing in this chapter shall prevent the adult family home advisory committee from enhancing training requirements for adult family providers and resident managers, regulated under chapter 18.48 RCW, at the cost of those providers and resident managers.

(4) Establishment of the steering committee does not prohibit the department from utilizing other advisory activities that the department deems necessary for program development. However, when the department obtains input from other advisory sources, the department shall present the information to the steering committee for their review (and approval).

(5) Each member of the steering committee shall serve without compensation. Consumer representatives may be reimbursed for travel expenses as authorized in RCW 43.03.060.

(6) The steering committee recommendations must implement the intent of RCW 74.39A.050(14) to create training that includes skills and competencies that are transferable to nursing assistant training.

NEW SECTION. Sec. 5. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

ENGROSSED SUBSTITUTE SENATE BILL NO. 6641, by Senate Committee on Education (originally sponsored by Senators McAuliffe and Thibaudeau)

Accommodating children with diabetes in schools.

Representative Schual-Berke moved the adoption of amendment (502):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 28A.210 RCW to read as follows:

The legislature finds that diabetes imposes significant health risks to students enrolled in the state's public schools and that providing for the medical needs of students with diabetes is crucial to ensure both the safety of students with diabetes and their ability to obtain the education guaranteed to all citizens of the state. The legislature also finds that children with diabetes can and should be provided with a safe learning environment and access to all other nonacademic school sponsored activities. The legislature further finds that an individual health plan for each child with diabetes should be in place in the student's school and should include provisions for a parental signed release form, medical equipment and storage capacity, and exceptions from school policies, school schedule, meals and eating, disaster preparedness, inservice training for staff, legal documents for parent-designated adults who may provide care, as needed, and personnel guidelines describing who may assume responsibility for activities contained in the student's individual health plan.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.210 RCW to read as follows:

(1) School districts shall provide individual health plans for students with diabetes, subject to the following conditions:

(a) The board of directors of the school district shall adopt policies to be followed for students with diabetes. The policies shall include, but need not be limited to:

(i) The acquisition of parent requests and instructions;
(ii) The acquisition of orders from licensed health professionals prescribing within the scope of their prescriptive authority for monitoring and treatment at school;
(iii) The provision for storage of medical equipment and medication provided by the parent;
(iv) The provision for students to perform blood glucose tests, administer insulin, treat hypoglycemia and hyperglycemia, and have easy access to necessary supplies and equipment to
perform monitoring and treatment functions as specified in the individual health plan. The policies shall include the option for students to carry on their persons the necessary supplies and equipment and the option to perform monitoring and treatment functions anywhere on school grounds including the students’ classrooms, and at school-sponsored events;

(v) The establishment of school policy exceptions necessary to accommodate the students’ needs to eat whenever and wherever necessary, have easy, unrestricted access to water and bathroom use, have provisions made for parties at school when food is served, eat meals and snacks on time, and other necessary exceptions as described in the individual health plan;

(vi) The assurance that school meals are never withheld because of nonpayment of fees or disciplinary action;

(vii) A description of the students’ school day schedules for timing of meals, snacks, blood sugar testing, insulin injections, and related activities;

(viii) The development of individual emergency plans;

(ix) The distribution of the individual health plan to appropriate staff based on the students' needs and staff level of contact with the students;

(x) The possession of legal documents for parent-designated adults to provide care, if needed; and

(xi) The updating of the individual health plan at least annually or more frequently, as needed; and

(b) The board of directors, in the course of developing the policies in (a) of this subsection, shall seek advice from one or more licensed physicians or nurses or diabetes educators who are nationally certified.

(2)(a) For the purposes of this section, "parent-designated adult" means a volunteer, who may be a school district employee, who receives additional training from a health care professional or expert in diabetic care selected by the parents, and who provides care for the child consistent with the individual health plan.

(b) To be eligible to be a parent-designated adult, a school district employee not licensed under chapter 18.79 RCW shall file, without coercion by the employer, a voluntary written, current, and unexpired letter of intent stating the employee’s willingness to be a parent-designated adult. If a school employee who is not licensed under chapter 18.79 RCW chooses not to file a letter under this section, the employee shall not be subject to any employer reprisal or disciplinary action for refusing to file a letter.

(3) The board of directors shall designate a professional person licensed under chapter 18.71, 18.57, or 18.79 RCW as it applies to registered nurses and advanced registered nurse practitioners, to consult and coordinate with the student’s parents and health care provider, and train and supervise the appropriate school district personnel in proper procedures for care for students with diabetes to ensure a safe, therapeutic learning environment. Training may also be provided by a diabetes educator who is nationally certified. Parent-designated adults who are school employees are required to receive the training provided under this subsection. Parent-designated adults who are not school employees shall show evidence of comparable training. The parent-designated adult must also receive additional training as established in subsection (2)(a) of this section for the additional care the parents have authorized the parent-designated adult to provide. The professional person designated under this subsection is not responsible for the supervision of the parent-designated adult for those procedures that are authorized by the parents.

NEW SECTION. Sec. 3. The superintendent of public instruction and the secretary of the department of health shall develop a uniform policy for all school districts providing for the inservice training for school staff on symptoms, treatment, and monitoring of students with diabetes and on the additional observations that may be needed in different situations that may arise during the school day and during school sponsored events. The policy shall include the standards and skills that must be in place for inservice training of school staff.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.210 RCW to read as follows:

A school district, school district employee, agent, or parent-designated adult who, acting in good faith and in substantial compliance with the student’s individual health plan and the instructions of the student’s licensed health care professional, provides assistance or services under section 1 or 2 of
this act shall not be liable in any criminal action or for civil damages in his or her individual or marital or governmental or corporate or other capacities as a result of the services provided under section 1 or 2 of this act to students with diabetes.

"NEW SECTION. Sec. 1. A new section is added to chapter 90.54 RCW to read as follows: The legislature recognizes the critical importance of providing and securing sufficient water to meet the needs of people, farms, and fish. The legislature finds that an effective way to meet the water needs of people, farms, and fish is through strategies developed and implemented at the local watershed level. The objectives of these strategies are to supply water in sufficient quantities to satisfy the following three water resource objectives:

(1) Providing sufficient water for residential, commercial, and industrial needs;
(2) Providing sufficient water for productive fish populations; and
(3) Providing sufficient water for productive agriculture.

The legislature affirms its intent to provide continued support for watershed strategies and provides the tools in this bill to assist local watersheds in meeting these objectives.

NEW SECTION. Sec. 2. A new section is added to chapter 90.03 RCW to read as follows:

(1) The department shall, through a network of water masters appointed under this chapter, stream patrollers appointed under chapter 90.08 RCW, and other assigned compliance staff to the extent such a network is funded, achieve compliance with the water laws and rules of the state of Washington in the following sequence:

(a) The department shall prepare and distribute technical and educational information to the general public to assist the public in complying with the requirements of their water rights and applicable water laws;

(b) When the department determines that a violation has occurred or is about to occur, it shall first attempt to achieve voluntary compliance. As part of this first response, the department shall offer
information and technical assistance to the person in writing identifying one or more means to accomplish the person's purposes within the framework of the law; and

(c) If education and technical assistance do not achieve compliance the department shall issue a notice of violation, a formal administrative order under RCW 43.27A.190, or assess penalties under RCW 90.03.600 unless the noncompliance is corrected expeditiously or the department determines no impairment or harm.

(2) Nothing in the section is intended to prevent the department of ecology from taking immediate action to cause a violation to be ceased immediately if in the opinion of the department the nature of the violation is causing harm to other water rights or to public resources.

(3) The department of ecology shall to the extent practicable station its compliance personnel within the watershed communities they serve. To the extent practicable, compliance personnel shall be distributed evenly among the regions of the state.

Sec. 3. RCW 90.46.010 and 2001 c 69 s 2 are each amended to read as follows:
The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Greywater" means wastewater having the consistency and strength of residential domestic type wastewater. Greywater includes wastewater from sinks, showers, and laundry fixtures, but does not include toilet or urinal waters.

(2) "Land application" means application of treated effluent for purposes of irrigation or landscape enhancement for residential, business, and governmental purposes.

(4) "Reclaimed water" means effluent derived in any part from sewage from a wastewater treatment system that has been adequately and reliably treated, so that as a result of that treatment, it is suitable for a beneficial use or a controlled use that would not otherwise occur and is no longer considered wastewater.

(5) "Sewage" means water-carried human wastes from residences, buildings, industrial and commercial establishments, or other places, together with such ground water infiltration, surface waters, or industrial wastewater as may be present.

(6) "User" means any person who uses reclaimed water.

(7) "Wastewater" means water and wastes discharged from homes, businesses, and industry to the sewer system.

(8) "Beneficial use" means the use of reclaimed water, that has been transported from the point of production to the point of use without an intervening discharge to the waters of the state, for a beneficial purpose.

(9) "Direct recharge" means the controlled subsurface addition of water directly to the ground water basin that results in the replenishment of ground water.

(10) "Ground water recharge criteria" means the contaminant criteria found in the drinking water quality standards adopted by the state board of health pursuant to chapter 43.20 RCW and the department of health pursuant to chapter 70.119A RCW.

(11) "Planned ground water recharge project" means any reclaimed water project designed for the purpose of recharging ground water, via direct recharge or surface percolation.

(12) "Reclamation criteria" means the criteria set forth in the water reclamation and reuse interim standards and subsequent revisions adopted by the department of ecology and the department of health.

(13) "Streamflow augmentation" means the discharge of reclaimed water to rivers and streams of the state or other surface water bodies, but not wetlands.

(14) "Surface percolation" means the controlled application of water to the ground surface for the purpose of replenishing ground water.

(15) "Wetland or wetlands" means areas that are inundated or saturated by surface water or ground water at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted to life in saturated soil conditions. Wetlands
generally include swamps, marshes, bogs, and similar areas. Wetlands regulated under this chapter shall be delineated in accordance with the manual adopted by the department of ecology pursuant to RCW 90.58.380.

(16) "Constructed beneficial use wetlands" means those wetlands intentionally constructed on nonwetland sites to produce or replace natural wetland functions and values. Constructed beneficial use wetlands are considered "waters of the state."

(17) "Constructed treatment wetlands" means those wetlands intentionally constructed on nonwetland sites and managed for the primary purpose of wastewater or storm water treatment. Constructed treatment wetlands are considered part of the collection and treatment system and are not considered "waters of the state."

(18) "Agricultural industrial process water" means water that has been used for the purpose of agricultural processing and has been adequately and reliably treated, so that as a result of that treatment, it is suitable for other agricultural water use.

(19) "Agricultural processing" means the processing of crops or milk to produce a product primarily for wholesale or retail sale for human or animal consumption, including but not limited to potato, fruit, vegetable, and grain processing.

(20) "Agricultural water use" means the use of water for irrigation and other uses related to the production of agricultural products. These uses include, but are not limited to, construction, operation, and maintenance of agricultural facilities and livestock operations at farms, ranches, dairies, and nurseries. Examples of these uses include, but are not limited to, dust control, temperature control, and fire control.

(21) "Industrial reuse water" means water that has been used for the purpose of industrial processing and has been adequately and reliably treated so that, as a result of that treatment, it is suitable for other uses.

Sec. 4. RCW 90.46.030 and 1992 c 204 s 4 are each amended to read as follows:

(1) The department of health shall, in coordination with the department of ecology, adopt a single set of standards, procedures, and guidelines on or before August 1, 1993, for the industrial and commercial use of reclaimed water.

(2) The department of health may issue a reclaimed water permit for industrial and commercial uses of reclaimed water to the generator of reclaimed water who may then distribute the water, subject to provisions in the permit governing the location, rate, water quality, and purposes of use.

(3) The department of health in consultation with the advisory committee established in RCW 90.46.050, shall develop recommendations for a fee structure for permits issued under subsection (2) of this section. Fees shall be established in amounts to fully recover, and not exceed, expenses incurred by the department of health in processing permit applications and modifications, monitoring and evaluating compliance with permits, and conducting inspections and supporting the reasonable overhead expenses that are directly related to these activities. Permit fees may not be used for research or enforcement activities. The department of health shall not issue permits under this section until a fee structure has been established.

(4) A permit under this section for use of reclaimed water may be issued only to a municipal, quasi-municipal, or other governmental entity or to the holder of a waste discharge permit issued under chapter 90.48 RCW.

(5) The authority and duties created in this section are in addition to any authority and duties already provided in law with regard to sewage and wastewater collection, treatment, and disposal for the protection of health and safety of the state's waters. Nothing in this section limits the powers of the state or any political subdivision to exercise such authority.

(6) The department of health may implement the requirements of this section through the department of ecology by execution of a formal agreement between the departments. Upon execution of such an agreement, the department of ecology may issue reclaimed water permits for industrial and commercial uses of reclaimed water by issuance of permits under chapter 90.48 RCW, and may establish and collect fees as required for permits issued under chapter 90.48 RCW.

Sec. 5. RCW 90.46.130 and 2001 c 69 s 4 are each amended to read as follows:
(1) Except as provided in subsection (2) of this section, facilities that reclaim water under this chapter shall not impair any existing water right downstream from any freshwater discharge points of such facilities unless compensation or mitigation for such impairment is agreed to by the holder of the affected water right.

(2) Agricultural water use of agricultural industrial process water and use of industrial reuse water under this chapter shall not impair existing water rights within the water source that is the source of supply for the agricultural processing plant or the industrial processing and, if the water source is surface water, the existing water rights are downstream from the agricultural processing plant’s discharge points existing on July 22, 2001, or from the industrial processing’s discharge points existing on the effective date of this section.

NEW SECTION. Sec. 6. A new section is added to chapter 90.46 RCW to read as follows:

(1) The permit to use industrial reuse water shall be the permit issued under chapter 90.48 RCW to the owner of the plant that is the source of the industrial process water, who may then distribute the water according to provisions in the permit governing the location, rate, water quality, and purpose. In cases where the department of ecology determines that a proposed use may pose a significant risk to public health, the department shall refer the permit application to the department of health for review and consultation.

(2) The owner of the industrial plant who obtains a permit under this section has the exclusive right to the use of any industrial reuse water generated from the plant and to the distribution of such water. Use and distribution of the water by the owner is exempt from the permit requirements of RCW 90.03.250, 90.03.380, 90.44.060, and 90.44.100.

(3) Nothing in this section affects any right to reuse industrial process water in existence on or before the effective date of this section.

Sec. 7. RCW 90.38.020 and 2001 c 237 s 28 are each amended to read as follows:

(1)(a) The department may acquire water rights, including but not limited to storage rights, by purchase, lease, gift, or other appropriate means other than by condemnation, from any person or entity or combination of persons or entities. Once acquired, such rights are trust water rights. A water right acquired by the state that is expressly conditioned to limit its use to instream purposes shall be administered as a trust water right in compliance with that condition.

(b) If ((an aquatic species is listed as threatened or endangered under federal law for a body of water, or is listed as depressed or threatened by reason of inadequate stream flows under state law,)) the holder of a right to water from ((the)) a body of water chooses to donate all or a portion of the person’s water right to the trust water system to assist in providing ((those)) instream flows on a temporary or permanent basis, the department shall accept the donation on such terms as the person may prescribe as long as the donation satisfies the requirements of subsection (4) of this section and the other applicable requirements of this chapter and the terms prescribed are relevant and material to protecting any interest in the water right retained by the donor. Once accepted, such rights are trust water rights within the conditions prescribed by the donor.

(2) The department may make such other arrangements, including entry into contracts with other persons or entities as appropriate to ensure that trust water rights acquired in accordance with this chapter can be exercised to the fullest possible extent.

(3) The trust water rights may be acquired on a temporary or permanent basis.

(4) A water right donated under subsection (1)(b) of this section shall not exceed the extent to which the water right was exercised during the five years before the donation nor may the total of any portion of the water right remaining with the donor plus the donated portion of the water right exceed the extent to which the water right was exercised during the five years before the donation. A water right holder who believes his or her water right has been impaired by a trust water right donated under subsection (1)(b) of this section may request that the department review the impairment claim. If the department determines that exercising the trust water right resulting from the donation or exercising a portion of that trust water right donated under subsection (1)(b) of this section is impairing existing water rights in violation of RCW 90.38.902, the trust water right shall be altered by the department to eliminate the impairment. Any decision of the department to alter or not alter a trust water right
donated under subsection (1)(b) of this section is appealable to the pollution control hearings board under RCW 43.21B.230. A donated water right’s status as a trust water right under this subsection is not evidence of the validity or quantity of the water right.

(5) Any water right conveyed to the trust water right system as a gift that is expressly conditioned to limit its use to instream purposes shall be managed by the department for public purposes to ensure that it qualifies as a gift that is deductible for federal income taxation purposes for the person or entity conveying the water right.

(6) If the department acquires a trust water right by lease (in an area in which a drought order has been issued under RCW 43.83B.405 and is in effect at the time the department leases the water right), the amount of the trust water right shall not exceed the extent to which the water right was exercised during the five years before the acquisition was made nor may the total of any portion of the water right remaining with the original water right holder plus the portion of the water right leased by the department exceed the extent to which the water right was exercised during the five years before the acquisition. A water right holder who believes his or her water right has been impaired by a trust water right leased under this subsection may request that the department review the impairment claim. If the department determines that exercising the trust water right resulting from the leasing or exercising (of a portion) of that trust water right leased under this subsection is impairing existing water rights in violation of RCW 90.38.902, the trust water right shall be altered by the department to eliminate the impairment. Any decision of the department to alter or not to alter a trust water right leased under this subsection is appealable to the pollution control hearings board under RCW 43.21B.230. The department’s leasing of a trust water right under this subsection is not evidence of the validity or quantity of the water right.

(7) For a water right donated to or acquired by the trust water rights program on a temporary basis, the full quantity of water diverted or withdrawn to exercise the right before the donation or acquisition shall be placed in the trust water rights program and shall revert to the donor or person from whom it was acquired when the trust period ends.

Sec. 8. RCW 90.42.040 and 2001 c 237 s 30 are each amended to read as follows:

(1) All trust water rights acquired by the state shall be placed in the state trust water rights program to be managed by the department. Trust water rights acquired by the state shall be held or authorized for use by the department for instream flows, irrigation, municipal, or other beneficial uses consistent with applicable regional plans for pilot planning areas, or to resolve critical water supply problems. To the extent practicable and subject to legislative appropriation, trust water rights acquired in an area with an approved watershed plan developed under chapter 90.82 RCW shall be consistent with that plan if the plan calls for such acquisition.

(2) The department shall issue a water right certificate in the name of the state of Washington for each permanent trust water right conveyed to the state indicating the reach or reaches of the stream, the quantity, and the use or uses to which it may be applied. A superseding certificate shall be issued that specifies the amount of water the water right holder would continue to be entitled to as a result of the water conservation project. The superseding certificate shall retain the same priority date as the original right. For nonpermanent conveyances, the department shall issue certificates or such other instruments as are necessary to reflect the changes in purpose or place of use or point of diversion or withdrawal.

(3) A trust water right retains the same priority date as the water right from which it originated, but as between them the trust right shall be deemed to be inferior in priority unless otherwise specified by an agreement between the state and the party holding the original right.

(4) Exercise of a trust water right may be authorized only if the department first determines that neither water rights existing at the time the trust water right is established, nor the public interest will be impaired. If impairment becomes apparent during the time a trust water right is being exercised, the department shall cease or modify the use of the trust water right to eliminate the impairment.

(5) Before any trust water right is created or modified, the department shall, at a minimum, require that a notice be published in a newspaper of general circulation published in the county or counties in which the storage, diversion, and use are to be made, and in other newspapers as the
department determines is necessary, once a week for two consecutive weeks. At the same time the department shall send a notice containing pertinent information to all appropriate state agencies, potentially affected local governments and federally recognized tribal governments, and other interested parties.

(6) RCW 90.14.140 through 90.14.230 have no applicability to trust water rights held by the department under this chapter or exercised under this section.

(7) RCW 90.03.380 has no applicability to trust water rights acquired by the state through the funding of water conservation projects.

(8) Subsections (4) and (5) of this section do not apply to a trust water right resulting from a donation for instream flows described in RCW 90.42.080(1)(b) or to a trust water right leased under RCW 90.42.080(8) if the period of the lease does not exceed five years. However, the department shall provide the notice described in subsection (5) of this section the first time the trust water right resulting from the donation is exercised.

(9) Where a portion of an existing water right that is acquired or donated to the trust water rights program will assist in achieving established instream flows, the department shall process the change or amendment of the existing right without conducting a review of the extent and validity of the portion of the water right that will remain with the water right holder.

Sec. 9. RCW 90.42.080 and 2001 c 237 s 31 are each amended to read as follows:

(1)(a) The state may acquire all or portions of existing water rights, by purchase, gift, or other appropriate means other than by condemnation, from any person or entity or combination of persons or entities. Once acquired, such rights are trust water rights. A water right acquired by the state that is expressly conditioned to limit its use to instream purposes shall be administered as a trust water right in compliance with that condition.

(b) If (((an aquatic species is listed as threatened or endangered under federal law for a body of water, or is listed as depressed or threatened by reason of inadequate stream flow under state law, and))) the holder of a right to water from (((the)))) a body of water chooses to donate all or a portion of the person’s water right to the trust water system to assist in providing (((those)))) instream flows on a temporary or permanent basis, the department shall accept the donation on such terms as the person may prescribe as long as the donation satisfies the requirements of subsection (4) of this section and the other applicable requirements of this chapter and the terms prescribed are relevant and material to protecting any interest in the water right retained by the donor. Once accepted, such rights are trust water rights within the conditions prescribed by the donor.

(2) The department may enter into leases, contracts, or such other arrangements with other persons or entities as appropriate, to ensure that trust water rights acquired in accordance with this chapter may be exercised to the fullest possible extent.

(3) Trust water rights may be acquired by the state on a temporary or permanent basis.

(4) A water right donated under subsection (1)(b) of this section shall not exceed the extent to which the water right was exercised during the five years before the donation nor may the total of any portion of the water right remaining with the donor plus the donated portion of the water right exceed the extent to which the water right was exercised during the five years before the donation. A water right holder who believes his or her water right has been impaired by a trust water right donated under subsection (1)(b) of this section may request that the department review the impairment claim. If the department determines that exercising the trust water right resulting from the donation or exercising a portion of that trust water right donated under subsection (1)(b) of this section is impairing existing water rights in violation of RCW 90.42.070, the trust water right shall be altered by the department to eliminate the impairment. Any decision of the department to alter or not to alter a trust water right donated under subsection (1)(b) of this section is appealable to the pollution control hearings board under RCW 43.21B.230. A donated water right’s status as a trust water right under this subsection is not evidence of the validity or quantity of the water right.

(5) The provisions of RCW 90.03.380 and 90.03.390 do not apply to donations for instream flows described in subsection (1)(b) of this section, but do apply to other transfers of water rights under this section.
(6) No funds may be expended for the purchase of water rights by the state pursuant to this section unless specifically appropriated for this purpose by the legislature.

(7) Any water right conveyed to the trust water right system as a gift that is expressly conditioned to limit its use to instream purposes shall be managed by the department for public purposes to ensure that it qualifies as a gift that is deductible for federal income taxation purposes for the person or entity conveying the water right.

(8) If the department acquires a trust water right by lease ((in an area in which a drought order has been issued under RCW 43.83B.405 and is in effect at the time the department leases the water right)), the amount of the trust water right shall not exceed the extent to which the water right was exercised during the five years before the acquisition was made nor may the total of any portion of the water right remaining with the original water right holder plus the portion of the water right leased by the department exceed the extent to which the water right was exercised during the five years before the acquisition. A water right holder who believes his or her water right has been impaired by a trust water right leased under this subsection may request that the department review the impairment claim. If the department determines that exercising the trust water right resulting from the leasing or exercising of a portion of that trust water right leased under this subsection is impairing existing water rights in violation of RCW 90.42.070, the trust water right shall be altered by the department to eliminate the impairment. Any decision of the department to alter or not to alter a trust water right leased under this subsection is appealable to the pollution control hearings board under RCW 43.21B.230. The department's leasing of a trust water right under this subsection is not evidence of the validity or quantity of the water right.

(9) For a water right donated to or acquired by the trust water rights program on a temporary basis, the full quantity of water diverted or withdrawn to exercise the right before the donation or acquisition shall be placed in the trust water rights program and shall revert to the donor or person from whom it was acquired when the trust period ends.

Sec. 10. RCW 90.03.370 and 2000 c 98 s 3 are each amended to read as follows:

(1)(a) All applications for reservoir permits ((shall be)) are subject to the provisions of RCW 90.03.250 through 90.03.320. But the party or parties proposing to apply to a beneficial use the water stored in any such reservoir shall also file an application for a permit, to be known as the secondary permit, which shall be in compliance with the provisions of RCW 90.03.250 through 90.03.320. Such secondary application shall refer to such reservoir as its source of water supply and shall show documentary evidence that an agreement has been entered into with the owners of the reservoir for a permanent and sufficient interest in said reservoir to impound enough water for the purposes set forth in said application. When the beneficial use has been completed and perfected under the secondary permit, the department shall take the proof of the water users under such permit and the final certificate of appropriation shall refer to both the ditch and works described in the secondary permit and the reservoir described in the primary permit. The department may accept for processing a single application form covering both a proposed reservoir and a proposed secondary permit or permits for use of water from that reservoir.

(b) The department shall expedite processing applications for the following types of storage proposals:

(i) Development of storage facilities that will not require a new water right for diversion or withdrawal of the water to be stored;

(ii) Adding or changing one or more purposes of use of stored water;

(iii) Adding to the storage capacity of an existing storage facility; and

(iv) Applications for secondary permits to secure use from existing storage facilities.

(c) A secondary permit for the beneficial use of water shall not be required for use of water stored in a reservoir where the water right for the source of the stored water authorizes the beneficial use.

(2)(a) For the purposes of this section, "reservoir" includes, in addition to any surface reservoir, any naturally occurring underground geological formation where water is collected and stored for subsequent use as part of an underground artificial storage and recovery project. To qualify
for issuance of a reservoir permit an underground geological formation must meet standards for review and mitigation of adverse impacts identified, for the following issues:

(i) Aquifer vulnerability and hydraulic continuity;
(ii) Potential impairment of existing water rights;
(iii) Geotechnical impacts and aquifer boundaries and characteristics;
(iv) Chemical compatibility of surface waters and ground water;
(v) Recharge and recovery treatment requirements;
(vi) System operation;
(vii) Water rights and ownership of water stored for recovery; and
(viii) Environmental impacts.

(b) Standards for review and standards for mitigation of adverse impacts for an underground artificial storage and recovery project shall be established by the department by rule. Notwithstanding the provisions of RCW 90.03.250 through 90.03.320, analysis of each underground artificial storage and recovery project and each underground geological formation for which an applicant seeks the status of a reservoir shall be through applicant-initiated studies reviewed by the department.

(3) For the purposes of this section, "underground artificial storage and recovery project" means any project in which it is intended to artificially store water in the ground through injection, surface spreading and infiltration, or other department-approved method, and to make subsequent use of the stored water. However, (a) this subsection does not apply to irrigation return flow, or to operational and seepage losses that occur during the irrigation of land, or to water that is artificially stored due to the construction, operation, or maintenance of an irrigation district project, or to projects involving water reclaimed in accordance with chapter 90.46 RCW; and (b) RCW 90.44.130 applies to those instances of claimed artificial recharge occurring due to the construction, operation, or maintenance of an irrigation district project or operational and seepage losses that occur during the irrigation of land, as well as other forms of claimed artificial recharge already existing at the time a ground water subarea is established.

(4) Nothing in chapter 98, Laws of 2000 changes the requirements of existing law governing issuance of permits to appropriate or withdraw the waters of the state.

(5) The department shall report to the legislature by December 31, 2001, on the standards for review and standards for mitigation developed under subsection (3) of this section and on the status of any applications that have been filed with the department for underground artificial storage and recovery projects by that date.

(6) Where needed to ensure that existing storage capacity is effectively and efficiently used to meet multiple purposes, the department may authorize reservoirs to be filled more than once per year or more than once per season of use.

NEW SECTION. Sec. 11. A new section is added to chapter 43.155 RCW to read as follows:

Sec. 3831 shall be deposited in the account. In addition, the legislature may appropriate money to the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. Expenditures from the account shall be used for the development and support of water conservation as defined by 16 U.S.C. Sec. 3831. SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:

The Senate receded from its amendments to ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2671, and under suspension of the rules returned ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2671 to second reading for purpose of amendments. The Senate further adopted the following amendment and passed the measure as amended:

Strike everything after the enacting clause and insert the following:

"NEW SECTION.  Sec. 1. (1) The legislature finds that the health and safety of its citizens, natural resources, and the environment are vital interests of the state that must be protected to preserve the state’s quality of life. The legislature also finds that the state’s economic well-being is a vital interest that depends upon the development of fair, coordinated environmental permitting processes that ensure that the state not only protects natural resources but also encourages appropriate activities that stimulate growth and development. The legislature further finds that Washington’s environmental protection programs have established strict standards to reduce pollution and protect public health and safety and the environment.

(2) The legislature also finds that, as the number of environmental and land use laws have grown in Washington, so have the number of permits required of business and government. The increasing number of individual permits and permit agencies has generated the potential for conflict, overlap, and duplication among various state, local, and federal permits. Lack of coordination in the processing of project applications may cause costly delays and frustration to applicants.

(3) The legislature further finds that not all project applicants require the same type of assistance. Applicants with small projects may merely need information about local and state permits and assistance in applying for those permits, while intermediate-sized projects may require a facilitated permit process, and large complex projects may need extensive coordination among local, state, and federal agencies and tribal governments.

(4) The legislature, therefore, finds that a range of assistance and coordination options should be available to project applicants from a state office independent of any local, state, or federal permit agency. The legislature finds that citizens, businesses, and project applicants should be provided with:

(a) A reliable and consolidated source of information concerning federal, state, and local environmental and land use laws and procedures that may apply to any given project;
(b) Facilitated interagency forums for discussion of significant issues related to the multiple permitting processes if needed for some project applicants; and
(c) Active coordination of all applicable regulatory and land use permitting procedures if needed for some project applicants.

(5) The legislature declares that the purpose of this chapter is to transfer the existing permit assistance center in the department of ecology to a new office of permit assistance in the office of financial management to:
(a) Assure that citizens, businesses, and project applicants will continue to be provided with vital information regarding environmental and land use laws and with assistance in complying with environmental and land use laws to promote understanding of these laws and to protect public health and safety and the environment;
(b) Ensure that facilitation of project permit decisions by permit agencies promotes both process efficiency and environmental protection;
(c) Allow for coordination of permit processing for large projects upon project applicants' request and at project applicants' expense to promote efficiency, ensure certainty, and avoid conflicts among permit agencies; and
(d) Provide these services through an office independent of any permit agency to ensure that any potential or perceived conflicts of interest related to providing these services or making permit decisions can be avoided.

(6) The legislature intends that establishing an office of permit assistance will provide these services without abrogating or limiting the authority of any permit agency to make decisions on permits that it issues. The legislature therefore declares that the office of permit assistance shall have authority to provide these services but shall not have any authority to make decisions on permits.

NEW SECTION. Sec. 2. (1) The office of permit assistance is created in the office of financial management and shall be administered by the office of the governor to assist citizens, businesses, and project applicants.

(2) The office shall:
(a) Maintain and furnish information as provided in section 5 of this act;
(b) Furnish facilitation as provided in section 6 of this act;
(c) Furnish coordination as provided in section 7 of this act;
(d) Coordinate cost reimbursement as provided in section 8 of this act;
(e) Work with state agencies and local governments to continue to develop a range of permit assistance options for project applicants;
(f) Review initiatives developed by the transportation permit efficiency and accountability committee established in chapter 47.06C RCW and determine if any would be beneficial if implemented for other types of projects;
(g) Work to develop informal processes for dispute resolution between agencies and permit applicants;
(h) Conduct customer surveys to evaluate its effectiveness; and
(i) Provide the following biennial reports to the governor and the appropriate committees of the legislature:
   (i) A performance report, based on the customer surveys required in (h) of this subsection;
   (ii) A report on any statutory or regulatory conflicts identified by the office in the course of its duties that arise from differing legal authorities and roles of agencies and how these were resolved. The report may include recommendations to the legislature and to agencies; and
   (iii) A report regarding use of outside independent consultants under section 8 of this act, including the nature and amount of work performed and implementation of requirements relating to costs.

(3) The office shall give priority to furnishing assistance to small projects when expending general fund moneys allocated to it.

NEW SECTION. Sec. 3. (1) The office shall operate on the principle that citizens of the state of Washington should receive the following information regarding permits:
NEW SECTION. Sec. 4. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Office" means the office of permit assistance in the office of financial management established in section 2 of this act.

NEW SECTION. Sec. 5. The office shall assist citizens, businesses, and project applicants by maintaining and furnishing information, including, but not limited to:

NEW SECTION. Sec. 6. At the request of a project applicant, the office shall assist the project applicant in determining what regulatory requirements, processes, and permits apply to the project, as provided in this section.

(1) The office shall assign a project facilitator who shall discuss applicable regulatory requirements, permits, and processes with the project applicant and explain the available options for obtaining required permits.

(2) If the project applicant and the project facilitator agree that the project would benefit from a project scoping, the project facilitator shall conduct a project scoping by the project applicant and the relevant state and local permit agencies. The project facilitator shall invite the participation of the relevant federal permit agencies and tribal governments.

(a) The purpose of the project scoping is to identify the issues and information needs of the project applicant and the participating permit agencies regarding the project, share perspectives, and jointly develop a strategy for the processing of required permits by each participating permit agency.

(b) The scoping shall address:

(i) The permits that are required for the project;

(ii) The permit application forms and other application requirements of the participating permit agencies;

(iii) The specific information needs and issues of concern of each participant and their significance;
(iv) Any statutory or regulatory conflicts that might arise from the differing authorities and roles of the permit agencies;
(v) Any natural resources, including federal or state listed species, that might be adversely affected by the project and might cause an alteration of the project or require mitigation; and
(vi) The anticipated time required for permit decisions by each participating permit agency, including the time required to determine if the permit application is complete, to conduct environmental review, and to review and process the application. In determining the time required, full consideration must be given to achieving the greatest possible efficiencies through any concurrent studies and any consolidated applications, hearings, and comment periods.
(c) The outcome of the project scoping shall be documented in writing, furnished to the project applicant, and be made available to the public.
(d) The project scoping shall be completed within sixty days of the project applicant’s request for a project scoping.
(e) Upon completion of the project scoping, the participating permit agencies shall proceed under their respective authority. The agencies are encouraged to remain in communication for purposes of coordination until their final permit decisions are made.
(3) This section does not create an independent cause of action, affect any existing cause of action, or establish time limits for purposes of RCW 64.40.020.

NEW SECTION. Sec. 7. (1) The office may coordinate the processing by participating permit agencies of permits required for a project, at the request of the project applicant through a cost reimbursement agreement as provided in subsection (3) of this section or with the agreement of the project applicant as provided in subsection (4) of this section.
(2) The office shall assign a project coordinator to perform any or all of the following functions, as specified by the terms of a cost reimbursement agreement under subsection (3) of this section or an agreement under subsection (4) of this section:
(a) Serve as the main point of contact for the project applicant;
(b) Conduct a project scoping as provided in section 6(2) of this act;
(c) Verify that the project applicant has all the information needed to complete applications;
(d) Coordinate the permit processes of the permit agencies;

(h) Coordinate with relevant federal permit agencies and tribal governments to the extent possible.
(3) At the request of a project applicant and as provided in section 8 of this act, the project coordinator shall coordinate negotiations among the project applicant, the office, and participating permit agencies to enter into a cost reimbursement agreement and shall coordinate implementation of the agreement, which shall govern coordination of permit processing by the participating permit agencies.
(4) The office may determine that it is in the public interest to coordinate the processing of permits for certain projects that are complex in scope, require multiple permits, involve multiple jurisdictions, or involve a significant number of affected parties. Upon such a determination, the office may enter into an agreement with the project applicant and the participating permit agencies to coordinate the processing of permits for the project. The office may limit the number of such agreements according to the resources available to the office and the permit agencies at the time.

NEW SECTION. Sec. 8. (1) The office may coordinate negotiation and implementation of a written agreement among the project applicant, the office, and participating permit agencies to recover from the project applicant the reasonable costs incurred by the office in carrying out the provisions of sections 6(2) and 7(2) of this act and by participating permit agencies in carrying out permit processing tasks specified in the agreement.
(2) The office may coordinate negotiation and implementation of a written agreement among the project applicant, the office, and participating permit agencies to recover from the project applicant the reasonable costs incurred by outside independent consultants selected by the office and participating permit agencies to perform permit processing tasks.

(3) Outside independent consultants may only bill for the costs of performing those permit processing tasks that are specified in a cost reimbursement agreement under this section. The billing process shall provide for accurate time and cost accounting and may include a billing cycle that provides for progress payments.

(4) The office shall adopt a policy to coordinate cost reimbursement agreements with outside independent consultants. Cost reimbursement agreements coordinated by the office under this section must be based on competitive bids that are awarded for each agreement from a prequalified consultant roster.

(5) Independent consultants hired under a cost reimbursement agreement, shall report directly to the permit agency. The office shall assure that final decisions are made by the permit agency and not by the consultant.

(6) The office shall develop procedures for determining, collecting, and distributing cost reimbursement for carrying out the provisions of this chapter.

(7) For a cost reimbursement agreement, the office and participating permit agencies shall negotiate a work plan and schedule for reimbursement. Prior to distributing scheduled reimbursement to the agencies, the office shall verify that the agencies have met the obligations contained in their work plan.

(8) Prior to commencing negotiations with the project applicant for a cost reimbursement agreement, the office shall request work load analyses from each participating permitting agency. These analyses shall be available to the public. The work load of a participating permit agency may only be modified with the concurrence of the agency and if there is both good cause to do so and no significant impact on environmental review.

(9) The office shall develop guidance to ensure that, in developing cost reimbursement agreements, conflicts of interest are eliminated.

(10) For project permit processes that it coordinates, the office shall coordinate the negotiation of all cost reimbursement agreements executed under RCW 43.21A.690, 43.30.420, 43.70.630, 43.300.080, and 70.94.085. The office and the permit agencies shall be signatories to the agreements. Each permit agency shall manage performance of its portion of the agreement.

NEW SECTION.  Sec. 2.  The following acts or parts of acts are each repealed:

(1) RCW 18.48.010 (Definitions) and 1996 c 81 s 2 & 1995 c 260 s 7;
(2) RCW 18.48.020 (Registration) and 2000 c 93 s 5, 1996 c 81 s 4, & 1995 c 260 s 8;
(3) RCW 18.48.030 (Application of uniform disciplinary act) and 1995 c 260 s 9;

(5) RCW 18.48.060 (Advisory committee--Composition--Vacancies--Meetings--Travel expenses--Civil immunity) and 2000 c 171 s 18 & 1998 c 272 s 8.

Sec. 3.  RCW 70.128.220 and 1998 c 272 s 9 are each amended to read as follows:

Adult family homes have developed rapidly in response to the health and social needs of the aging population in community settings, especially as the aging population has increased in proportion to the general population.  The growing demand for elder care with a new focus on issues affecting senior citizens, including persons with developmental disabilities, mental illness, or dementia, has prompted a growing professionalization of adult family home providers to address quality care and quality of life issues consistent with standards of accountability and regulatory safeguards for the health and safety of the residents.  The establishment of an advisory committee to the department of social and health services under section 4 of this act formalizes a stable process for discussing and considering these issues among residents and their advocates, regulatory officials, and adult family home providers.  The dialogue among all stakeholders interested in maintaining a healthy option for the aging population in community settings assures the highest regard for the well-being of these residents within a benign and functional regulatory environment.  The secretary shall be advised by an advisory committee on adult family homes established under section 4 of this act.  Establishment of the advisory committee shall not prohibit the department of social and health services from utilizing other advisory activities that the department of social and health services deems necessary for program development.

NEW SECTION.  Sec. 4.  A new section is added to chapter 70.128 RCW to read as follows:

(1) In an effort to ensure a cooperative process among the department, adult family home provider representatives, and resident and family representatives on matters pertaining to the adult family home program, the secretary, or his or her designee, shall designate an advisory committee.  The advisory committee must include:  Representatives from the industry including four adult family home providers, at least two of whom are affiliated with recognized adult family home associations;
one representative from the state long-term care ombudsman program; one representative from the
statewide resident council program; and two representatives of families and other consumers. The
secretary shall appoint a chairperson for the committee from the committee membership for a term of
one year. In appointing the chairperson, the secretary shall consult with members of the committee.
Depending on the topic to be discussed, the department may invite other representatives in addition to
the named members of the advisory committee. The secretary, or his or her designee, shall
periodically, but not less than quarterly, convene a meeting of the advisory committee to encourage
open dialogue on matters affecting the adult family home program. It is, minimally, expected that
the department will discuss with the advisory committee the department's inspection, enforcement,
and quality improvement activities, in addition to seeking their comments and recommendations on
matters described under subsection (2) of this section.

(2) The secretary, or his or her designee, shall seek comments and recommendations from
the advisory committee prior to the adoption of rules and standards, implementation of adult family
home provider programs, or development of methods and rates of payment.

(3) Establishment of the advisory committee shall not prohibit the department of social and
health services from utilizing other advisory activities that the department of social and health
services deems necessary for program development.

(4) Members of the advisory committee shall be reimbursed for travel expenses as provided
in RCW 43.03.050 and 43.03.060 from license fees collected under chapter 70.128 RCW.

NEW SECTION. Sec. 5. The department of health shall return the funds collected by the
department in connection with the power, functions, and duties repealed under section 2 of this act,
less actual program costs, to credentialed adult family home providers and resident managers
registered under chapter 18.48 RCW. The department of health shall determine the formula for
distribution of these funds based upon payment of registration fees during the previous two renewal
periods.

Sec. 201. 2001 2nd sp.s. c 7 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES. (1) Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose, except as expressly provided in subsection (3) of this section.
(2) The department of social and health services shall not initiate any services that will require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.
(3)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, 2002,
unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year 2002 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in subsection (3)(b) of this section.

(b) To the extent that transfers under subsection (3)(a) of this section are insufficient to fund actual expenditures in excess of fiscal year 2002 caseload forecasts and utilization assumptions in the medical assistance, long-term care, foster care, adoption support, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose after approval by the director of financial management.

(c) The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing prior to approving any allotment modifications.

(4) In the event the department receives additional unrestricted federal funds or achieves savings in excess of that anticipated in this act, the department shall use up to $5,000,000 of such funds to initiate a pilot project providing integrated support services to homeless individuals needing mental health services, alcohol or substance abuse treatment, medical care, or who demonstrate community safety concerns. Before such a pilot project is initiated, the department shall notify the fiscal committees of the legislature of the plans for such a pilot project including the source of funds to be used.

The study shall examine the prevalence and needs of families who are raising related children and shall compare services and policies of Washington state with other states that have a higher rate of kinship care placements in lieu of foster care placements. The study shall identify possible changes in services and policies that are likely to increase appropriate kinship care placements.

Within the amounts provided for foster care, the department shall increase the basic rate for foster care to an average of $420 per month on July 1, 2001 (and to an average of $440 per month on July 1, 2002). Sec. 204. 2001 2nd sp.s. c 7 s 204 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--MENTAL HEALTH PROGRAM

(1) COMMUNITY SERVICES/REGIONAL SUPPORT NETWORKS
General Fund--State Appropriation (FY 2002) $ ((191,089,000))
General Fund--State Appropriation (FY 2003) $ ((194,884,000))
General Fund--Federal Appropriation $ ((339,077,000))
General Fund--Local Appropriation $ ((4,363,000))
Health Services Account--State Appropriation $ 2,450,000
TOTAL APPROPRIATION $ ((731,863,000))

The appropriations in this subsection are subject to the following conditions and limitations:
(a) Regional support networks shall use portions of the general fund--state appropriation for implementation of working agreements with the vocational rehabilitation program which will maximize the use of federal funding for vocational programs.
(b) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and adult services program for the general fund--state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.
(c) $388,000 of the general fund--state appropriation for fiscal year 2002, ($1,927,000) $2,829,000 of the general fund--state appropriation for fiscal year 2003, and ($2,349,000) $3,157,000 of the general fund--federal appropriation are provided solely for development and operation of community residential and support services for persons whose treatment needs constitute substantial barriers to community placement and who no longer require active psychiatric treatment at an inpatient hospital level of care, no longer meet the criteria for inpatient involuntary commitment, and who are clinically ready for discharge from a state psychiatric hospital. In the event that enough patients are not transitioned or diverted from the state hospitals to close at least two hospital wards by July 2002, and (two) four additional wards by April 2003, a proportional share of these funds shall be transferred to the appropriations in subsection (2) of this section to support continued care of the patients in the state hospitals. Primary responsibility and accountability for provision of appropriate community support for persons placed with these funds shall reside with the mental health program and the regional support networks, with partnership and active support from the alcohol and substance abuse and from the aging and adult services programs. The department shall negotiate performance-based incentive contracts with those regional support networks which have the most viable plans for providing appropriate community support services for significant numbers of persons from their area who would otherwise be served in the state hospitals) to provide appropriate community support services for individuals leaving the state hospitals under this subsection. The department shall first seek to contract with regional support networks before offering a contract to any other party. The funds appropriated in this subsection shall not be considered "available resources" as defined in RCW 71.24.025 and are not subject to the standard allocation formula applied in accordance with RCW 71.24.035(13)(a).
(d) At least $1,000,000 of the federal block grant funding appropriated in this subsection shall be used for (i) initial development, training, and operation of the community support teams
which will work with long-term state hospital residents prior and subsequent to their return to the community; and (ii) development of support strategies which will reduce the unnecessary and excessive use of state and local hospitals for short-term crisis stabilization services. Such strategies may include training and technical assistance to community long-term care and substance abuse providers; the development of diversion beds and stabilization support teams; examination of state hospital policies regarding admissions; and the development of new contractual standards to assure that the statutory requirement that 85 percent of short-term detentions be managed locally is being fulfilled. The department shall report to the fiscal and policy committees of the legislature on the results of these efforts by November 1, 2001, and again by November 1, 2002.

(e) The department is authorized to implement a new formula for allocating available resources among the regional support networks. The distribution formula shall use the number of persons eligible for the state medical programs funded under chapter 74.09 RCW as the measure of the requirement for the number of acutely mentally ill, chronically mentally ill, severely emotionally disturbed children, and seriously disturbed in accordance with RCW 71.24.035(13)(a). The new formula shall be phased in over a period of no less than six years. Furthermore, the department shall increase the medicaid capitation rates which a regional support network would otherwise receive under the formula by an amount sufficient to assure that total funding allocated to the regional support network in fiscal year 2002 increases by up to ((2/3)) 3.5 percent over the amount actually paid to that regional support network in fiscal year 2001, and by up to an additional ((2/3)) 5.0 percent in fiscal year 2003, if total funding to the regional support network would otherwise increase by less than those percentages under the new formula, and provided that the nonfederal share of the higher medicaid payment rate is provided by the regional support network from local funds.

(f) Within funds appropriated in this subsection, the department shall contract with the Clark county regional support network for development and operation of a project demonstrating collaborative methods for providing intensive mental health services in the school setting for severely emotionally disturbed children who are medicaid eligible. Project services are to be delivered by teachers and teaching assistants who qualify as, or who are under the supervision of, mental health professionals meeting the requirements of chapter 275-57 WAC. The department shall increase medicaid payments to the regional support network by the amount necessary to cover the necessary and allowable costs of the demonstration, not to exceed the upper payment limit specified for the regional support network in the department’s medicaid waiver agreement with the federal government after meeting all other medicaid spending requirements assumed in this subsection. The regional support network shall provide the department with (i) periodic reports on project service levels, methods, and outcomes; and (ii) an intergovernmental transfer equal to the state share of the increased medicaid payment provided for operation of this project.

(g) The health services account appropriation is provided solely for implementation of strategies which the department and the affected regional support networks conclude will best assure continued availability of community-based inpatient psychiatric services in all areas of the state. Such strategies may include, but are not limited to, emergency contracts for continued operation of inpatient facilities otherwise at risk of closure because of demonstrated uncompensated care; start-up grants for development of evaluation and treatment facilities; and increases in the rate paid for inpatient psychiatric services for medically indigent and/or general assistance for the unemployed patients. The funds provided in this subsection must be: (i) Prioritized for use in those areas of the state which are at greatest risk of lacking sufficient inpatient psychiatric treatment capacity, rather than being distributed on a formula basis; (ii) prioritized for use by those hospitals which do not receive low-income disproportionate share hospital payments as of the date of application for funding; and (iii) matched on a one-quarter local, three-quarters state basis by funding from the regional support network or networks in the area in which the funds are expended. Payments from the amount provided in this subsection shall not be made to any provider that has not agreed that, except for prospective rate increases, the payment shall offset, on a dollar-for-dollar basis, any liability that may be established against, or any settlement that may be agreed to by the state, regarding the rate of state reimbursement for inpatient psychiatric care. The funds provided in this subsection shall not be considered "available resources" as defined in RCW 71.24.025 and are not subject to the distribution formula established pursuant to RCW 71.24.035.
(h) The department shall assure that no regional support network uses more than 8.0 percent of the state and federal funds received from appropriations in this subsection for regional support network administration.

(i) The department shall assure that each regional support network increases spending on direct client services in fiscal years 2002 and 2003 by at least the same percentage as the total state, federal, and local funds allocated to the regional support network in those years exceeds the amounts allocated to it in fiscal year 2001.

(j) The department shall reduce state funding otherwise payable to a regional support network in fiscal years 2002 and 2003 by the full amount by which the regional support network’s reserves and fund balances as of December 31, 2001, exceed the required risk reserve for that regional support network. The required reserve amount shall be calculated by applying the risk reserve percentage specified in the department’s contract with the regional support network to the total state and federal revenues for which the regional support network would otherwise be eligible in accordance with this subsection. As used in this subsection, “reserves” does not include capital project reserves established in accordance with state accounting and reporting standards before January 1, 2002.

(k) The department shall cooperate with the department of community, trade, and economic development to develop a proposal to create a structurally and functionally independent mental health ombudsman program. The proposal shall include recommendations about the statutory and administrative changes needed to establish a structurally and functionally independent ombudsman system. The departments shall report to the appropriate policy and fiscal committees of the legislature by November 1, 2002.

(2) INSTITUTIONAL SERVICES
General Fund--State Appropriation (FY 2002) $ ((85,836,000)) 84,878,000

General Fund--Private/Local Appropriation $ ((29,289,000)) 29,532,000
TOTAL APPROPRIATION $ ((337,224,000)) 335,015,000

(a) The state mental hospitals may use funds appropriated in this subsection to purchase goods and supplies through hospital group purchasing organizations when it is cost-effective to do so.
(b) The mental health program at Western state hospital shall continue to use labor provided by the Tacoma prerelease program of the department of corrections.
(c) The department shall seek to reduce the census of the two state psychiatric hospitals by ((120)) 178 beds by April 2003 by arranging and providing community residential, mental health, and other support services for long-term state hospital patients whose treatment needs constitute substantial barriers to community placement and who no longer require active psychiatric treatment at an inpatient hospital level of care, no longer meet the criteria for inpatient involuntary commitment, and who are clinically ready for discharge from a state psychiatric hospital. No such patient is to move from the hospital until a team of community professionals has become familiar with the person and their treatment plan; assessed their strengths, preferences, and needs; arranged a safe, clinically-appropriate, and stable place for them to live; assured that other needed medical, behavioral, and social services are in place; and is contracted to monitor the person’s progress on an ongoing basis. The department and the regional support networks shall endeavor to assure that hospital patients are able to return to their area of origin, and that placements are not concentrated in proximity to the hospitals.
For each month subsequent to the month in which a state hospital bed has been closed in accordance with (c) of this subsection, the mental health program shall transfer to the medical assistance program state funds equal to the state share of the monthly per capita expenditure amount estimated for categorically needy-disabled persons in the most recent forecast of medical assistance expenditures.

The department shall report to the appropriate committees of the legislature by November 1, 2001, and by November 1, 2002, on its plans for and progress toward achieving the objectives set forth in (c) of this subsection.

The appropriations in this subsection are subject to the following conditions and limitations:

(a) $113,000 of the general fund--state appropriation for fiscal year 2002, $125,000 of the general fund--state appropriation for fiscal year 2003, and $164,000 of the general fund--federal appropriation are provided solely for the institute for public policy to evaluate the impacts of chapter 214, Laws of 1999 (mentally ill offenders), chapter 217, Laws of 2000 (atypical anti-psychotic medications), chapter 297, Laws of 1998 (commitment of mentally ill persons), and chapter 334, Laws of 2001 (mental health performance audit).

(b) $168,000 of the general fund--state appropriation for fiscal year 2002, $243,000 of the general fund--state appropriation for fiscal year 2003, and $411,000 of the general fund--federal appropriation are provided solely for the development and implementation of a uniform outcome-oriented performance measurement system to be used in evaluating and managing the community mental health service delivery system consistent with the recommendations contained in the joint legislative audit and review committee's audit of the public mental health system. Once implemented, the use of performance measures will allow comparison of measurement results to established standards and benchmarks among regional support networks, service providers, and against other states. The department shall provide a report to the appropriate committees of the legislature on the development and implementation of the use of performance measures by October 2002.

(c) $125,000 of the general fund--state appropriation for fiscal year 2002, $125,000 of the general fund--state appropriation for fiscal year 2003, and $250,000 of the general fund--federal appropriation are provided solely for a study of the prevalence of mental illness among the state's regional support networks and the appropriate allocation of state hospital beds among the networks. The prevalence study shall examine how reasonable estimates of the prevalence of mental illness relate to the incidence of persons enrolled in medical assistance programs in each regional support network area. In conducting this prevalence study, the department shall consult with the joint legislative audit and review committee, regional support networks, community mental health providers, and mental health consumer representatives. The department shall submit a final report on the findings of the prevalence study to the fiscal, health care, and human services committees of the legislature by November 1, 2003. In preparing the report on allocation of state hospital beds, the department shall: (i) Utilize the most current and reliable applicable academic research, and shall consult with academic and other national experts on mental health inpatient care; (ii) estimate the relative need for short-term and long-term inpatient psychiatric care in each of the state's regions, based on the factors that the experts identify as the best predictors of need, including geographic proximity to the hospitals; and (iii) identify options for changing the current distribution of state hospital beds among the regional support networks. This report shall be prepared in consultation with representatives of people with mental illness and the regional support networks, and shall be submitted to appropriate committees of the legislature. The department shall maintain the same relative allocation of budgeted, nonforensic state hospital beds among the regional support networks as was in effect during fiscal year 2002 until at least thirty days after adjournment of the first regular legislative session following submission of the report on the appropriate allocation of these beds. This subsection does not prohibit the replacement of current state hospital beds with community alternatives as provided elsewhere in this section.

Sec. 205. 2001 2nd sp.s. c 7 s 205 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--DEVELOPMENTAL DISABILITIES PROGRAM

(1) COMMUNITY SERVICES

General Fund--State Appropriation (FY 2002) $((231,693,000)) 233,705,000

General Fund--State Appropriation (FY 2003) $((242,347,000)) 255,415,000
General Fund--Federal Appropriation $396,151,000

Health Services Account--State Appropriation $744,000

TOTAL APPROPRIATION $870,932,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) The legislature finds that comprehensive reform of the developmental disabilities program is required. Recent audits and litigation indicate a need to improve the quality of program data, strengthen program and fiscal management, and clarify the criteria and determination of eligibility for services. Additional resources are also needed to expand access to community services. The appropriations in this section are intended to address the most urgent needs while strengthening program and fiscal accountability. The department shall provide monthly progress reports to the appropriate committees of the legislature on actions taken in three areas: The implementation of expanded services, the development and implementation of a new home and community based medicaid waiver, and improvements in program and fiscal management.

(b) $10,050,000 of the fiscal year 2003 general fund--state appropriation and $3,550,000 of the general fund--federal appropriation are provided solely for expanded access to community services. A total of $7,800,000 is provided for additional residential services for persons on the home and community based waiver. A total of $3,600,000 is provided for family support and high school transition. A total of $2,700,000 is provided between this subsection and subsection (3) of this section for staffing and other costs to improve oversight of quality of care, program management, and fiscal management. New funding for family support and high school transition along with a portion of existing funding for these programs shall be provided as supplemental security income (SSI) state supplemental payments. The legislature finds that providing cash assistance to individuals and families needing these supports promotes self-determination and independence. It is the intent of the legislature that the department shall comply with federal requirements to maintain aggregate funding for SSI state supplemental payments while promoting self-determination and independence for persons with developmental disabilities in families with taxable incomes at or below 150 percent of median family income. Individuals receiving family support or high school transition payments shall not become eligible for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments. These amounts and the specified expansion of community services are intended to be the fiscal component of the negotiated settlement in the pending litigation on developmental disabilities services, ARC v. Quasim.

(c) The health services account appropriation and $753,000 of the general fund--federal appropriation are provided solely for health care benefits for home care workers with family incomes below 200 percent of the federal poverty level who are employed through state contracts for twenty hours per week or more. Premium payments for individual provider home care workers shall be made only to the subsidized basic health plan. Home care agencies may obtain coverage either through the basic health plan or through an alternative plan with substantially equivalent benefits.

(d) $902,000 of the general fund--state appropriation for fiscal year 2002, $3,372,000 of the general fund--state appropriation for fiscal year 2003, and $4,056,000 of the general fund--federal appropriation are provided solely for community services for residents of residential habilitation centers (RHCs) who are able to be adequately cared for in community settings and who choose to live in those community settings. The department shall ensure that the average cost per day for all program services other than start-up costs shall not exceed $280. If the number and timing of residents choosing to move into community settings is not sufficient to achieve the RHC cottage consolidation plan assumed in the appropriations in subsection (2) of this section, the department shall transfer sufficient appropriations from this subsection to subsection (2) of this section to cover the added costs incurred in the RHCs. The department shall report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of residents moving into community settings and the actual expenditures for all community services to support those residents.
and (c) $1,440,000 of the general fund--state appropriation for fiscal year 2002, $5,369,000 of the general fund--state appropriation for fiscal year 2003, and (d) $1,005,000 of the general fund--state appropriation for fiscal year 2002, $2,262,000 of the general fund--state appropriation for fiscal year 2003, and $2,588,000 of the general fund--federal appropriation are provided solely for expanded community services for persons with developmental disabilities who also have community protection issues or are diverted or discharged from state psychiatric hospitals. The department shall ensure that the average cost per day for all program services other than start-up costs shall not exceed $275. The department shall report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of persons served with these additional community services, where they were residing, what kinds of services they were receiving prior to placement, and the actual expenditures for all community services to support these clients.

(f) The department shall not increase total enrollment in home and community based waivers for persons with developmental disabilities except for ((increases)) changes assumed in additional funding provided in subsections (b) ((and (e))), (d), and (e) of this section. Prior to submitting to the health care financing authority any additional home and community based waiver request for persons with developmental disabilities, the department shall submit a summary of the waiver request to the appropriate committees of the legislature. The summary shall include eligibility criteria, program description, enrollment projections and limits, and budget and cost effectiveness projections that distinguish the requested waiver from other existing or proposed waivers.

The department shall report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of persons served with these additional community services, where they were residing, what kinds of services they were receiving prior to placement, and the actual expenditures for all community services to support these clients.

(g) $1,440,000, $1,153,000, and (h) $369,000 of the fiscal year 2002 general fund--state appropriation and $369,000 of the fiscal year 2003 general fund--state appropriation are provided solely for continuation of the autism pilot project started in 1999.

(i) $4,049,000 of the general fund--state appropriation for fiscal year 2002, $1,734,000 of the general fund--state appropriation for fiscal year 2003, and $5,369,000 of the general fund--federal appropriation are provided solely to increase compensation by an average of fifty cents per hour for low-wage workers providing state-funded services to persons with developmental disabilities. These funds, along with funding provided for vendor rate increases, are sufficient to raise wages an average of fifty cents and cover the employer share of unemployment and social security taxes on the amount of the wage increase. In consultation with the statewide associations representing such agencies, the department shall establish a mechanism for testing the extent to which funds have been used for this purpose, and report the results to the fiscal committees of the legislature by February 1, 2002.

(j) $1,310,000 of the general fund--state appropriation for fiscal year 2003 and $1,207,000 of the general fund--federal appropriation are provided solely for an increase of twenty-five cents per hour on October 1, 2002, for individual and agency home care workers who provide state-funded services to persons with developmental disabilities. The amount provided in this section also includes the funds needed for the employer share of unemployment and social security taxes on the amount of the wage increase required by this subsection. The wage increases for individual providers required by this subsection are subject to the collective bargaining provisions of Initiative Measure No. I-775 (chapter 3, Laws of 2002).

The appropriations in this section are subject to the following conditions and limitations:

1. By November 1, 2001, the secretary shall report to the fiscal committees of the legislature on the actions the secretary has taken, or proposes to take, within current funding levels to resolve the organizational problems identified in the department’s February 2001 report to the legislature on current systems for billing third-party payers for services delivered by the state psychiatric hospitals. The secretary is authorized to transfer funds from this section to the mental health program to the extent necessary to achieve the organizational improvements recommended in that report.

2. By November 1, 2001, the department shall report to the fiscal committees of the legislature with the least costly plan for assuring that billing and accounting technologies in the state psychiatric hospitals adequately and efficiently comply with standards set by third-party payers. In addition, the department shall seek input from health care providers and consumer organizations on modifications to the program. The department shall provide annual updates to the report to the fiscal committees of the legislature by September 1st of each year for the preceding fiscal year.

5. The department shall implement reductions in administrative expenditures assumed in these appropriations that achieve ongoing savings, reduce duplicative and redundant work processes, and, where possible, eliminate entire administrative functions and offices. The department may transfer amounts among sections and programs to achieve these savings provided that reductions in direct services to clients and recipients of the department shall not be counted as administrative reductions. The department shall report to the appropriate committees of the legislature a spending plan to achieve these reductions by July 1, 2002, and shall report actual achieved administrative savings and projected saving for the remainder of the biennium by December 1, 2002.

For purposes of documenting a district’s staff ratio under this section, funds used by the district to employ additional classified instructional assistants shall be converted to a certificated staff equivalent and added to the district’s actual certificated instructional staff ratio. Additional classified instructional assistants, for the purposes of this subsection, shall be determined using the 1989-90 school year as the base year;

(C) Any district maintaining a ratio in grades K-4 equal to or greater than 55.4 certificated instructional staff per thousand full-time equivalent students in the 2001-02 school year, and a ratio equal to or greater than 54.0 certificated instructional staff per thousand full-time equivalent students in the 2002-03 school year, may use allocations generated under this subsection (2)(a)(iv) and (v) in excess of that required to maintain the minimum ratio established under RCW 28A.150.260(2)(b) to employ additional basic education certificated instructional staff or classified instructional assistants in grades 5-6. Funds allocated under this subsection (2)(a)(iv) and (v) shall only be expended to reduce class size in grades K-6. No more than 1.3 of the certificated instructional funding ratio amount may be expended for provision of classified instructional assistants;

(b) For school districts with a minimum enrollment of 250 full-time equivalent students whose full-time equivalent student enrollment count in a given month exceeds the first of the month full-time equivalent enrollment count by 5 percent, an additional state allocation of 110 percent of the share that such increased enrollment would have generated had such additional full-time equivalent students been included in the normal enrollment count for that particular month;

(c)(i) On the basis of full-time equivalent enrollment in:

(A) Vocational education programs approved by the superintendent of public instruction, a maximum of 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 19.5 full-time equivalent vocational students; and

(B) Skills center programs meeting the standards for skills center funding established in January 1999 by the superintendent of public instruction, 0.92 certificated instructional staff units and 0.08 certificated administrative units for each 16.67 full-time equivalent vocational students; (and)

(ii) Vocational full-time equivalent enrollment shall be reported on the same monthly basis as the enrollment for students eligible for basic support, and payments shall be adjusted for reported vocational enrollments on the same monthly basis as those adjustments for enrollment for students eligible for basic support; and

(iii) For the 2002-03 school year, indirect cost charges by a school district to vocational-secondary programs shall not exceed 15 percent of the combined basic education and vocational enhancement allocations of state funds;

(d) For districts enrolling not more than twenty-five average annual full-time equivalent students in grades K-8, and for small school plants within any school district which have been judged to be remote and necessary by the state board of education and enroll not more than twenty-five average annual full-time equivalent students in grades K-8:
(i) For those enrolling no students in grades 7 and 8, 1.76 certificated instructional staff units and 0.24 certificated administrative staff units for enrollment of not more than five students, plus one-twentieth of a certificated instructional staff unit for each additional student enrolled; and

(ii) For those enrolling students in grades 7 or 8, 1.68 certificated instructional staff units and 0.32 certificated administrative staff units for enrollment of not more than five students, plus one-tenth of a certificated instructional staff unit for each additional student enrolled;

(e) For specified enrollments in districts enrolling more than twenty-five but not more than one hundred average annual full-time equivalent students in grades K-8, and for small school plants within any school district which enroll more than twenty-five average annual full-time equivalent students in grades K-8 and have been judged to be remote and necessary by the state board of education:

(i) For enrollment of up to sixty annual average full-time equivalent students in grades K-6, 2.76 certificated instructional staff units and 0.24 certificated administrative staff units; and

(ii) For enrollment of up to twenty annual average full-time equivalent students in grades 7 and 8, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units;

(f) For districts operating no more than two high schools with enrollments of less than three hundred average annual full-time equivalent students, for enrollment in grades 9-12 in each such school, other than alternative schools:

(i) For remote and necessary schools enrolling students in any grades 9-12 but no more than twenty-five average annual full-time equivalent students in grades K-12, four and one-half certificated instructional staff units and one-quarter of a certificated administrative staff unit;

(ii) For all other small high schools under this subsection, nine certificated instructional staff units and one-half of a certificated administrative staff unit for the first sixty average annual full-time equivalent students, and additional staff units based on a ratio of 0.8732 certificated instructional staff units and 0.1268 certificated administrative staff units per each additional forty-three and one-half average annual full-time equivalent students.

Units calculated under (f)(ii) of this subsection shall be reduced by certificated staff units at the rate of forty-six certificated staff units and four certificated administrative staff units per thousand vocational full-time equivalent students;

(g) For each nonhigh school district having an enrollment of more than seventy annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit; and

(h) For each nonhigh school district having an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-6 program or a grades 1-6 program, an additional one-half of a certificated instructional staff unit.

(3) Allocations for classified salaries for the 2001-02 and 2002-03 school years shall be calculated using formula-generated classified staff units determined as follows:

(a) For enrollments generating classified staff unit allocations under subsection (2)(d) through (h) of this section, one classified staff unit for each three classified staff units allocated under such subsections;

(b) For all other enrollment in grades K-12, including vocational full-time equivalent enrollments, one classified staff unit for each sixty average annual full-time equivalent students; and

(c) For each nonhigh school district with an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, an additional one-half of a classified staff unit.

(4) Fringe benefit allocations shall be calculated at a rate of ((44.27)) 10.76 percent in the 2001-02 school year and ((44.27)) 9.57 percent in the 2002-03 school year for certificated salary allocations provided under subsection (2) of this section, and a rate of ((42.92)) 12.73 percent in the 2001-02 school year and ((42.92)) 12.36 percent in the 2002-03 school year for classified salary allocations provided under subsection (3) of this section.

(5) Insurance benefit allocations shall be calculated at the maintenance rate specified in section 504(3) of this act, based on the number of benefit units determined as follows:

(a) The number of certificated staff units determined in subsection (2) of this section; and
(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2)(a), (b), and (d) through (h) of this section, there shall be provided a maximum of $8,519 per certificated staff unit in the 2001-02 school year and a maximum of (($8,715)) $8,604 per certificated staff unit in the 2002-03 school year.

(b) For nonemployee-related costs associated with each vocational certificated staff unit allocated under subsection (2)(c)(i)(A) of this section, there shall be provided a maximum of $20,920 per certificated staff unit in the 2001-02 school year and a maximum of (($21,401)) $21,129 per certificated staff unit in the 2002-03 school year.

(c) For nonemployee-related costs associated with each vocational certificated staff unit allocated under subsection (2)(c)(i)(B) of this section, there shall be provided a maximum of $16,233 per certificated staff unit in the 2001-02 school year and a maximum of (($16,606)) $16,395 per certificated staff unit in the 2002-03 school year.

(7) Allocations for substitute costs for classroom teachers shall be distributed at a maintenance rate of $494.34 for the 2001-02 and 2002-03 school years per allocated classroom teachers exclusive of salary increase amounts provided in section 504 of this act. Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported statewide for the prior school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district’s financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(9) The superintendent may distribute a maximum of ((($6,510,000)) $6,424,000 outside the basic education formula during fiscal years 2002 and 2003 as follows:

(a) For fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW, a maximum of $480,000 may be expended in fiscal year 2002 and a maximum of (($491,000)) $485,000 may be expended in fiscal year 2003;

(b) For summer vocational programs at skills centers, a maximum of $2,098,000 may be expended for programs providing skills training for secondary students who are enrolled in extended day school-to-work programs, as approved by the superintendent of public instruction. The funds shall be allocated at a rate not to exceed $500 per full-time equivalent student enrolled in those programs.

(d) A maximum of $500,000 (per) for fiscal year 2002 and $485,000 for fiscal year 2003 may be expended for programs providing skills training for secondary students who are enrolled in extended day school-to-work programs, as approved by the superintendent of public instruction. The funds shall be allocated at a rate not to exceed $500 per full-time equivalent student enrolled in those programs.

(10) For purposes of RCW 84.52.0531, the increase per full-time equivalent student in state basic education appropriations provided under this act, including appropriations for salary and benefits increases, is 2.5 percent from the 2000-01 school year to the 2001-02 school year.((and 3.3 percent from the 2000-01 school year to the 2002-03 school year)).

(11) For purposes of RCW 84.52.0531, the increase in appropriations per full-time equivalent student provided in this act, including appropriations for salary and benefits increases, is 2.9 percent from the 2001-02 school year to the 2002-03 school year.

(12) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (2)(b) through (h) of this section, the following shall apply:
(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and

(b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic education formula staff units after consolidation pursuant to subsection (2)(a) through (h) of this section shall be reduced in increments of twenty percent per year.

Sec. 503. 2001 2nd sp.s. c 7 s 503 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--BASIC EDUCATION EMPLOYEE COMPENSATION.  (1) The following calculations determine the salaries used in the general fund allocations for certificated instructional, certificated administrative, and classified staff units under section 502 of this act:

(a) For school year 2001-02, salary allocations for certificated instructional staff units shall be determined for each district by multiplying the district’s certificated instructional total base salary shown on LEAP Document 12E for the appropriate year, by the district’s average staff mix factor for basic education and special education certificated instructional staff in that school year, computed using LEAP Document 1S; and

(b) For school year 2002-03, salary allocations for certificated instructional staff units shall be determined for each district by multiplying the district’s certificated instructional total base salary shown on LEAP Document 12E for the appropriate year, by the district’s average staff mix factor for certificated instructional staff in that school year, computed using LEAP Document 1S; and

(c) Salary allocations for certificated administrative staff units and classified staff units for each district shall be based on the district’s certificated administrative and classified salary allocation amounts shown on LEAP Document 12E for the appropriate year.

(2) For the purposes of this section:

(a) "Basic education certificated instructional staff" is defined as provided in RCW 28A.150.100 and "special education certificated staff" means staff assigned to the state-supported special education program pursuant to chapter 28A.155 RCW in positions requiring a certificate;

(b) "LEAP Document 1S" means the computerized tabulation establishing staff mix factors for certificated instructional staff according to education and years of experience, as developed by the legislative evaluation and accountability program committee on March 25, 1999, at 16:55 hours; and

(c) "LEAP Document 12E" means the computerized tabulation of 2001-02 and 2002-03 school year salary allocations for certificated administrative staff and classified staff and derived and total base salaries for certificated instructional staff as developed by the legislative evaluation and accountability program committee on March 13, 2001, at 16:32 hours.

(3) Incremental fringe benefit factors shall be applied to salary adjustments at a rate of 10.12 percent for school year 2001-02 and 8.93 percent for school year 2002-03 for certificated staff and 9.23 percent for classified staff 9.23 percent for school year 2001-02 and 8.86 percent for the 2002-03 school year.

(4)(a) Pursuant to RCW 28A.150.410, the following state-wide salary allocation schedules for certificated instructional staff are established for basic education salary allocations:

(b) As used in this subsection, the column headings "BA+ (N)" refer to the number of credits earned since receiving the baccalaureate degree.

(c) For credits earned after the baccalaureate degree but before the masters degree, any credits in excess of forty-five credits may be counted after the masters degree. Thus, as used in this subsection, the column headings "MA+ (N)" refer to the total of:

(i) Credits earned since receiving the masters degree; and

(ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.

(5) For the purposes of this section:

(a) "BA" means a baccalaureate degree.

(b) "MA" means a masters degree.

(c) "PHD" means a doctorate degree.

(d) "Years of service" shall be calculated under the same rules adopted by the superintendent of public instruction.

(e) "Credits" means college quarter hour credits and equivalent in-service credits computed in accordance with RCW 28A.415.020 and 28A.415.023.

(6) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in this act, or any replacement schedules and documents, unless:

(a) The employee has a masters degree; or

(b) The credits were used in generating state salary allocations before January 1, 1992.

(7) The certificated instructional staff base salary specified for each district in LEAP Document 12E and the salary schedules in subsection (4)(a) of this section include three learning improvement days ((originally added in the 1999-00 school year)) for the 2001-02 school year and two days for the 2002-03 school year. A school district is eligible for the learning improvement day funds for school years 2001-02 and 2002-03, only if ((three)) the learning improvement days have been added to the 180-day contract year. If fewer ((than three)) days are added, the additional learning improvement allocation shall be adjusted accordingly. The additional days shall be for activities related to improving student learning consistent with education reform implementation, and shall not be considered part of basic education. The length of a learning improvement day shall not be less than the length of a full day under the base contract. The superintendent of public instruction shall ensure that school districts adhere to the intent and purposes of this subsection.

(8) The salary allocation schedules established in this section are for allocation purposes only except as provided in RCW 28A.400.200(2).

Sec. 504. 2001 2nd sp. s. c 7 s 504 (uncodified) is amended to read as follows:
FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL EMPLOYEE COMPENSATION ADJUSTMENTS

General Fund--State Appropriation (FY 2002) $ (124,130,000) 124,903,000

General Fund--State Appropriation (FY 2003) $ (274,529,000) 255,910,000

General Fund--Federal Appropriation (FY 2003) $ 191,000

TOTAL APPROPRIATION $ (298,659,000) 381,004,000

The appropriations in this section are subject to the following conditions and limitations:

1. A total of $329,316,000 is provided for a cost of living adjustment for state formula staff units of 3.7 percent effective September 1, 2001, and another salary adjustment 3.6 percent effective on September 1, 2002, (in a percentage amount to be determined by the 2002 legislature) consistent with the provisions of chapter 4, Laws of 2001 (Initiative Measure No. 732). The appropriations include associated incremental fringe benefit allocations at rates of (10.63) 10.12 percent for school year(s) 2001-02 and 8.93 percent for school year 2002-03 for certificated staff and (9.42) 9.23 percent for school year(s) 2001-02 and 8.86 for school year 2002-03 for classified staff.

(a) The appropriations in this section include the increased portion of salaries and incremental fringe benefits for all relevant state-funded school programs in part V of this act, in accordance with chapter 4, Laws of 2001 (Initiative Measure No. 732). Salary adjustments for state employees in the office of superintendent of public instruction and the education reform program are provided in part VII of this act. Increases for general apportionment (basic education) are based on the salary allocation schedules and methodology in section 502 of this act. Increases for special education result from increases in each district’s basic education allocation per student. Increases for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in section 502 of this act.

(b) The appropriations in this section provide cost-of-living and incremental fringe benefit allocations based on formula adjustments as follows:

Sec. 506. 2001 2nd sp. s. c 7 s 507 (uncodified) is amended to read as follows:
FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS

General Fund--State Appropriation (FY 2002) $ ((419,264,000)) 420,165,000
General Fund--State Appropriation (FY 2003) $ ((420,644,000)) 408,761,000
General Fund--Federal Appropriation $ ((256,092,000)) 256,407,000

TOTAL APPROPRIATION $ ((1,096,000,000)) 1,085,333,000

The appropriations in this section are subject to the following conditions and limitations:
(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.
(2)(a) Effective with the 2001-02 school year, the superintendent of public instruction shall change the S-275 personnel reporting system and all related accounting requirements to ensure that:
   (i) Special education students are basic education students first;
   (ii) As a class, special education students are entitled to the full basic education allocation; and
   (iii) Special education students are basic education students for the entire school day.
   (b) Effective with the 2001-02 school year, the S-275 and accounting changes shall supercede any prior excess cost methodologies and shall be required of all school districts.
(3) Each (general fund--state) fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.
(4) The superintendent of public instruction shall distribute state funds to school districts based on two categories: The optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.
(5)(a) For the 2001-02 and 2002-03 school years, the superintendent shall ((distribute state funds)) make allocations to each district based on the sum of:
   (i) A district's annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and
   (ii) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.
   (b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.
(6) The definitions in this subsection apply throughout this section.
   (a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).
   (b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age two enrollment, as a percent of the district's annual average full-time equivalent basic education enrollment.
(i) For the 2001-02 (and the 2002-03) school year(s), each district’s funded enrollment percent shall be the lesser of the district’s actual enrollment percent (for the school year for which the allocation is being determined) or 12.7 percent (for the 2001-02 school year or 13.0 percent for the 2002-03 school year).

(ii) For the 2002-03 school year, each district’s general fund--state funded special education enrollment shall be the lesser of the district’s actual enrollment percent or 12.7 percent. Increases in enrollment percent from 12.7 percent to 13.0 percent shall be funded from the general fund--federal appropriation.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be ((12.7 percent for the 2001-02 school year and 13.0 percent for the 2002-03 school year)) calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) Safety net funding shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) A maximum of ((($12,000,000)) $8,500,000 of the general fund--state appropriation and a maximum of $3,500,000 of the general fund--federal appropriation for fiscal year 2002 (and a maximum of $10,623,000 of the general fund--state appropriation for fiscal year 2003)) are provided as safety net funding for districts with demonstrated needs for state special education funding beyond the amounts provided in subsection (5) of this section. ((Safety net funding shall be awarded by the state safety net oversight committee.))

(b) The safety net oversight committee shall first consider the needs of districts adversely affected by the 1995 change in the special education funding formula. Awards shall be based on the lesser of the amount required to maintain the 1994-95 state special education excess cost allocation to the school district in aggregate or on a dollar per funded student basis.

(9) For fiscal year 2003 to the extent necessary, $12,873,000 of the general fund--federal appropriation is provided for safety net awards for districts with demonstrated needs for state special education funding beyond the amounts provided in subsection (5) of this section. If safety net awards exceed the amount appropriated in this subsection (9), the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal and local sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(b) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(c) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999.

(d) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(e) The superintendent may expend up to $120,000 (per year) of the amounts provided in this subsection (8) to provide staff assistance to the committee in analyzing applications for safety net funds received by the committee.
philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(d) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(f) The superintendent may expend up to $120,000 of the amount provided from the general fund--federal appropriation in this subsection (9) to provide staff assistance to the committee in analyzing applications for safety net funds received by the committee.

(((44)) (10) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(((44)) (11) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff from the office of superintendent of public instruction;
(b) Staff of the office of the state auditor;
(c) Staff of the office of the financial management; and
(d) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(((44)) (12) To the extent necessary, ($5,500,000) in fiscal year 2002, $2,250,000 of the general fund--federal appropriation shall be expended for safety net funding to meet the extraordinary needs of one or more individual special education students. If safety net awards to meet the extraordinary needs exceed ($5,500,000) $2,250,000 of the general fund--federal appropriation, the superintendent shall expend all available federal discretionary funds necessary to meet this need. General fund--state funds shall not be expended for this purpose.

(((42)) (13) A maximum of $678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children’s orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(((43)) (14) $1,000,000 of the general fund--federal appropriation is provided for projects to provide special education students with appropriate job and independent living skills, including work experience where possible, to facilitate their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

(((44)) (15) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent for the 2001-02 school year. For the 2002-03 school year, the superintendent shall allocate the federal funds as specified in this section and shall adjust federal flow-through funds accordingly. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(((45)) (16) A maximum of $1,200,000 of the general fund--federal appropriation may be expended by the superintendent for projects related to use of inclusion strategies by school districts for provision of special education services. The superintendent shall prepare an information database on laws, best practices, examples of programs, and recommended resources. The information may be disseminated in a variety of ways, including workshops and other staff development activities.

(((46)) (17) A school district may carry over from one year to the next year up to 10 percent of general fund--state funds allocated under this program; however, carry over funds shall be expended in the special education program.
The superintendent of public instruction shall implement the recommendations of the joint legislative audit and review committee study on special education (report 01-11) only to the extent that funds have been specifically provided therefor.

There is created a local fund known as the "financial services regulation fund" which shall consist of all moneys received by the divisions of the department of financial institutions, except for the division of securities which shall deposit thirteen percent of all moneys received, and which shall be used for the purchase of supplies and necessary equipment; the payment of salaries, wages, and utilities; the establishment of reserves; and other incidental costs required for the proper regulation of individuals and entities subject to regulation by the department. The state treasurer shall be the custodian of the fund. Disbursements from the fund shall be on authorization of the director of financial institutions or the director’s designee. In order to maintain an effective expenditure and revenue control, the fund shall be subject in all respects to chapter 43.88 RCW, but no appropriation is required to permit expenditures and payment of obligations from the fund.

**Sec. 913.** RCW 48.02.190 and 1987 c 505 s 54 are each amended to read as follows:

(1) As used in this section:

(a) "Organization" means every insurer, as defined in RCW 48.01.050, having a certificate of authority to do business in this state and every health care service contractor registered to do business in this state. "Class one" organizations shall consist of all insurers as defined in RCW 48.01.050. "Class two" organizations shall consist of all organizations registered under provisions of chapter 48.44 RCW.

(b) "Receipts" means (i) net direct premiums consisting of direct gross premiums, as defined in RCW 48.18.170, paid for insurance written or renewed upon risks or property resident, situated, or to be performed in this state, less return premiums and premiums on policies not taken, dividends paid or credited to policyholders on direct business, and premiums received from policies or contracts issued in connection with qualified plans as defined in RCW 48.14.021, and (ii) prepayments to health care service contractors as set forth in RCW 48.44.010(3) less experience rating credits, dividends, prepayments returned to subscribers, and payments for contracts not taken.

(2) The annual cost of operating the office of insurance commissioner shall be determined by legislative appropriation. A pro rata share of the cost shall be charged to all organizations. Each class of organization shall contribute sufficient in fees to the insurance commissioner’s regulatory account to pay the reasonable costs, including overhead, of regulating that class of organization.

(3) Fees charged shall be calculated separately for each class of organization. The fee charged each organization shall be that portion of the cost of operating the insurance commissioner’s office, for that class of organization, for the ensuing fiscal year that is represented by the organization’s portion of the receipts collected or received by all organizations within that class on business in this state during the previous calendar year: PROVIDED, That the fee shall not exceed one-eighth of one percent of receipts: PROVIDED FURTHER, That the minimum fee shall be one thousand dollars.
(4) The commissioner shall annually, on or before June 1, calculate and bill each organization for the amount of its fee. Fees shall be due and payable no later than June 15 of each year: PROVIDED, That if the necessary financial records are not available or if the amount of the legislative appropriation is not determined in time to carry out such calculations and bill such fees within the time specified, the commissioner may use the fee factors for the prior year as the basis for the fees and, if necessary, the commissioner may impose supplemental fees to fully and properly charge the organizations. The penalties for failure to pay fees when due shall be the same as the penalties for failure to pay taxes pursuant to RCW 48.14.060. The fees required by this section are in addition to all other taxes and fees now imposed or that may be subsequently imposed.

(5) All moneys collected shall be deposited in the insurance commissioner’s regulatory account in the state treasury which is hereby created.

(6) Unexpended funds in the insurance commissioner’s regulatory account at the close of a fiscal year shall be carried forward in the insurance commissioner’s regulatory account to the succeeding fiscal year and shall be used to reduce future fees. During the 2001-2003 fiscal biennium, the legislature may transfer from the insurance commissioner’s regulatory account to the state general fund such amounts as reflect excess fund balance in the account.

Sec. 914. RCW 50.16.010 and 1993 c 483 s 7 and 1993 c 226 s 10 are each reenacted and amended to read as follows:

There shall be maintained as special funds, separate and apart from all public moneys or funds of this state an unemployment compensation fund, an administrative contingency fund, and a federal interest payment fund, which shall be administered by the commissioner exclusively for the purposes of this title, and to which RCW 43.01.050 shall not be applicable.

The unemployment compensation fund shall consist of:

1. All contributions and payments in lieu of contributions collected pursuant to the provisions of this title,
2. Any property or securities acquired through the use of moneys belonging to the fund,
3. All earnings of such property or securities,

6. All money credited to this state’s account in the unemployment trust fund pursuant to section 903 of the social security act, as amended,
7. All money received from the federal government as reimbursement pursuant to section 204 of the federal-state extended compensation act of 1970 (84 Stat. 708-712; 26 U.S.C. Sec. 3304), and
8. All moneys received for the fund from any other source.

All moneys in the unemployment compensation fund shall be commingled and undivided.

The administrative contingency fund shall consist of all interest on delinquent contributions collected pursuant to this title, all fines and penalties collected pursuant to the provisions of this title, all sums recovered on official bonds for losses sustained by the fund, and revenue received under RCW 50.24.014: PROVIDED, That all fees, fines, forfeitures and penalties collected or assessed by a district court because of the violation of a state law shall be remitted as provided in chapter 3.62 RCW as now exists or is later amended.

Moneys available in the administrative contingency fund, other than money in the special account created under RCW 50.24.014, shall be expended upon the direction of the commissioner, with the approval of the governor, whenever it appears to him or her that such expenditure is necessary for:

a. The proper administration of this title and no federal funds are available for the specific purpose to which such expenditure is to be made, provided, the moneys are not substituted for appropriations from federal funds which, in the absence of such moneys, would be made available.

b. The proper administration of this title for which purpose appropriations from federal funds have been requested but not yet received, provided, the administrative contingency fund will be reimbursed upon receipt of the requested federal appropriation.
(c) The proper administration of this title for which compliance and audit issues have been identified that establish federal claims requiring the expenditure of state resources in resolution. Claims must be resolved in the following priority: First priority is to provide services to eligible participants within the state; second priority is to provide substitute services or program support; and last priority is the direct payment of funds to the federal government.

(d) During the 2001-2003 fiscal biennium, the cost of worker retraining programs at community and technical colleges as appropriated by the legislature.

Money in the special account created under RCW 50.24.014 may only be expended, after appropriation, for the purposes specified in RCW 50.62.010, 50.62.020, 50.62.030, 50.04.070, 50.04.072, 50.16.010, 50.29.025, 50.24.014, 50.44.053, and 50.22.010.

Sec. 915. RCW 50.20.190 and 2001 c 146 s 7 are each amended to read as follows:

(1) An individual who is paid any amount as benefits under this title to which he or she is not entitled shall, unless otherwise relieved pursuant to this section, be liable for repayment of the amount overpaid. The department shall issue an overpayment assessment setting forth the reasons for and the amount of the overpayment. The amount assessed, to the extent not collected, may be deducted from any future benefits payable to the individual: PROVIDED, That in the absence of a back pay award, a settlement affecting the allowance of benefits, fraud, misrepresentation, or willful nondisclosure, every determination of liability shall be mailed or personally served not later than two years after the close of or final payment made on the individual’s applicable benefit year for which the purported overpayment was made, whichever is later, unless the merits of the claim are subjected to administrative or judicial review in which event the period for serving the determination of liability shall be extended to allow service of the determination of liability during the six-month period following the final decision affecting the claim.

(2) The commissioner may waive an overpayment if the commissioner finds that the overpayment was not the result of fraud, misrepresentation, willful nondisclosure, or fault attributable to the individual and that the recovery thereof would be against equity and good conscience: PROVIDED, HOWEVER, That the overpayment so waived shall be charged against the individual’s applicable entitlement for the eligibility period containing the weeks to which the overpayment was attributed as though such benefits had been properly paid.

(3) Any assessment herein provided shall constitute a determination of liability from which an appeal may be had in the same manner and to the same extent as provided for appeals relating to determinations in respect to claims for benefits: PROVIDED, That an appeal from any determination covering overpayment only shall be deemed to be an appeal from the determination which was the basis for establishing the overpayment unless the merits involved in the issue set forth in such determination have already been heard and passed upon by the appeal tribunal. If no such appeal is taken to the appeal tribunal by the individual within thirty days of the delivery of the notice of determination of liability, or within thirty days of the mailing of the notice of determination, whichever is the earlier, the determination of liability shall be deemed conclusive and final. Whenever any such notice of determination of liability becomes conclusive and final, the commissioner, upon giving at least twenty days notice by certified mail return receipt requested to the individual’s last known address of the intended action, may file with the superior court clerk of any county within the state a warrant in the amount of the notice of determination of liability plus a filing fee under RCW 36.18.012(10). The clerk of the county where the warrant is filed shall immediately designate a superior court cause number for the warrant, and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of the person(s) mentioned in the warrant, the amount of the notice of determination of liability, and the date when the warrant was filed. The amount of the warrant as docketed shall become a lien upon the title to, and any interest in, all real and personal property of the person(s) against whom the warrant is issued, the same as a judgment in a civil case duly docketed in the office of such clerk. A warrant so docketed shall be sufficient to support the issuance of writs of execution and writs of garnishment in favor of the state in the manner provided by law for a civil judgment. A copy of the warrant shall be mailed to the person(s) mentioned in the warrant by certified mail to the person’s last known address within five days of its filing with the clerk.
(4) On request of any agency which administers an employment security law of another state, the United States, or a foreign government and which has found in accordance with the provisions of such law that a claimant is liable to repay benefits received under such law, the commissioner may collect the amount of such benefits from the claimant to be refunded to the agency. In any case in which under this section a claimant is liable to repay any amount to the agency of another state, the United States, or a foreign government, such amounts may be collected without interest by civil action in the name of the commissioner acting as agent for such agency if the other state, the United States, or the foreign government extends such collection rights to the employment security department of the state of Washington, and provided that the court costs be paid by the governmental agency benefiting from such collection.

(5) Any employer who is a party to a back pay award or settlement due to loss of wages shall, within thirty days of the award or settlement, report to the department the amount of the award or settlement, the name and social security number of the recipient of the award or settlement, and the period for which it is awarded. When an individual has been awarded or receives back pay, for benefit purposes the amount of the back pay shall constitute wages paid in the period for which it was awarded. For contribution purposes, the back pay award or settlement shall constitute wages paid in the period in which it was actually paid. The following requirements shall also apply:

(a) The employer shall reduce the amount of the back pay award or settlement by an amount determined by the department based upon the amount of unemployment benefits received by the recipient of the award or settlement during the period for which the back pay award or settlement was awarded;

(b) The employer shall pay to the unemployment compensation fund, in a manner specified by the commissioner, an amount equal to the amount of such reduction;

(c) The employer shall also pay to the department any taxes due for unemployment insurance purposes on the entire amount of the back pay award or settlement notwithstanding any reduction made pursuant to (a) of this subsection;

(d) If the employer fails to reduce the amount of the back pay award or settlement as required in (a) of this subsection, the department shall issue an overpayment assessment against the recipient of the award or settlement in the amount that the back pay award or settlement should have been reduced; and

(e) If the employer fails to pay to the department an amount equal to the reduction as required in (b) of this subsection, the department shall issue an assessment of liability against the employer which shall be collected pursuant to the procedures for collection of assessments provided herein and in RCW 50.24.110.

(6) When an individual fails to repay an overpayment assessment that is due and fails to arrange for satisfactory repayment terms, the commissioner shall impose an interest penalty of one percent per month of the outstanding balance. Interest shall accrue immediately on overpayments assessed pursuant to RCW 50.20.070 and shall be imposed when the assessment becomes final. For any other overpayment, interest shall accrue when the individual has missed two or more of their monthly payments either partially or in full. The interest penalty shall be used to fund detection and recovery of overpayment and collection activities and, during the 2001-2003 fiscal biennium, the cost of worker retraining programs at community and technical colleges as appropriated by the legislature.

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2338, with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. It is the intent of the legislature to increase the use of effective substance abuse treatment for defendants and offenders in Washington in order to make frugal use of state and local resources, thus reducing recidivism and increasing the likelihood that defendants and offenders will become productive and law-abiding persons. The legislature recognizes that substance abuse treatment can be effective if it is well planned and involves adequate monitoring, and that substance abuse and addiction is a public safety and public health issue that must be more effectively addressed if recidivism is to be reduced. The legislature intends that sentences for drug offenses accurately reflect the adverse impact of substance abuse and addiction on public safety, that the public must have protection from violent offenders, and further intends that such sentences be based on policies that are supported by research and public policy goals established by the legislature.

Sec. 2. RCW 9.94A.515 and 2001 2nd sp.s. c 12 s 361, 2001 c 300 s 4, 2001 c 217 s 12, and 2001 c 17 s 1 are each reenacted and amended to read as follows:

Sec. 3. RCW 9.94A.525 and 2001 c 264 s 5 are each amended to read as follows:
The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:
The offender score is the sum of points accrued under this section rounded down to the nearest whole number.
(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.589.

(2) Class A and sex prior felony convictions shall always be included in the offender score. Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction. Class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without committing any crime that subsequently results in a conviction. Serious traffic convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without committing any crime that subsequently results in a conviction. This subsection applies to both adult and juvenile prior convictions.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. Federal convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. If there is no clearly comparable offense under Washington law or the offense is one that is usually considered subject to exclusive federal jurisdiction, the offense shall be scored as a class C felony equivalent if it was a felony under the relevant federal statute.

(4) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

(5)(a) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

(i) Prior offenses which were found, under RCW 9.94A.589(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently or prior juvenile offenses for which sentences were served consecutively, whether those offenses shall be counted as one offense or as separate offenses using the "same criminal conduct" analysis found in RCW 9.94A.589(1)(a), and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender score shall be used. The current sentencing court may presume that such other prior offenses were not the same criminal conduct from sentences imposed on separate dates, or in separate counties or jurisdictions, or in separate complaints, indictments, or informations;

(ii) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction for the offense that yields the highest offender score.

(b) As used in this subsection (5), "served concurrently" means that: (i) The latter sentence was imposed with specific reference to the former; (ii) the concurrent relationship of the sentences was judicially imposed; and (iii) the concurrent timing of the sentences was not the result of a probation or parole revocation on the former offense.

(6) If the present conviction is one of the anticipatory offenses of criminal attempt, solicitation, or conspiracy, count each prior conviction as if the present conviction were a completed offense. These convictions are used as criminal history, score them the same as a completed crime.

(7) If the present conviction is for a nonviolent offense and not covered by subsection (11) or (12) of this section, count one point for each adult prior felony conviction and one point for each juvenile prior violent felony conviction and 1/2 point for each juvenile prior nonviolent felony conviction.
(8) If the present conviction is for a violent offense and not covered in subsection (9), (10), (11), or (12) of this section, count two points for each prior adult and juvenile violent felony conviction, one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(9) If the present conviction is for a serious violent offense, count three points for prior adult and juvenile convictions for crimes in this category, two points for each prior adult and juvenile violent conviction (not already counted), one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(10) If the present conviction is for Burglary 1, count prior convictions as in subsection (8) of this section; however count two points for each prior adult Burglary 2 or residential burglary conviction, and one point for each prior juvenile Burglary 2 or residential burglary conviction.

(11) If the present conviction is for a felony traffic offense count two points for each adult or juvenile prior conviction for Vehicular Homicide or Vehicular Assault; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; for each serious traffic offense, other than those used for an enhancement pursuant to RCW 46.61.520(2), count one point for each adult and 1/2 point for each juvenile prior conviction.

(12) If the present conviction is for ((a drug offense)) manufacture of methamphetamine count three points for each adult prior ((drug offense)) manufacture of methamphetamine conviction and two points for each juvenile ((drug) manufacture of methamphetamine conviction. If the present conviction is for a drug offense and the offender has a criminal history that includes a sex offense or serious violent offense, count three points for each adult prior felony drug offense conviction and two points for each juvenile drug offense. All other adult and juvenile felonies are scored as in subsection (8) of this section if the current drug offense is violent, or as in subsection (7) of this section if the current drug offense is nonviolent.

(13) If the present conviction is for Escape from Community Custody, RCW 72.09.310, count only prior escape convictions in the offender score. Count adult prior escape convictions as one point and juvenile prior escape convictions as 1/2 point.

(14) If the present conviction is for Escape 1, RCW 9A.76.110, or Escape 2, RCW 9A.76.120, count adult prior convictions as one point and juvenile prior convictions as 1/2 point.

(15) If the present conviction is for Burglary 2 or residential burglary, count priors as in subsection (7) of this section; however, count two points for each adult and juvenile prior Burglary 1 conviction, two points for each adult prior Burglary 2 or residential burglary conviction, and one point for each juvenile prior Burglary 2 or residential burglary conviction.

(16) If the present conviction is for a sex offense, count priors as in subsections (7) through (15) of this section; however count three points for each adult and juvenile prior sex offense conviction.

(17) If the present conviction is for an offense committed while the offender was under community placement, add one point.

**NEW SECTION. Sec. 4.** A new section is added to chapter 70.96A RCW to read as follows:

(1) The criminal justice treatment account is created in the state treasury. Moneys in the account may be expended solely for: (a) Substance abuse treatment and treatment support services for offenders with an addiction or a substance abuse problem that, if not treated, would result in addiction, against whom charges are filed by a prosecuting attorney in Washington state; and (b) the provision of drug and alcohol treatment services and treatment support services for nonviolent offenders within a drug court program. Moneys in the account may be spent only after appropriation.

(2) For purposes of this section:

(a) "Treatment" means services that are critical to a participant’s successful completion of his or her substance abuse treatment program, but does not include the following services: Housing other than that provided as part of an inpatient substance abuse treatment program, vocational training, and mental health counseling; and

(b) "Treatment support" means transportation to or from inpatient or outpatient treatment services when no viable alternative exists, and child care services that are necessary to ensure a participant’s ability to attend outpatient treatment sessions.
(3) Revenues to the criminal justice treatment account consist of: (a) Savings to the state general fund resulting from implementation of this act, as calculated pursuant to this section; and (b) any other revenues appropriated to or deposited in the account.

(4) (a) The department of corrections, the sentencing guidelines commission, the office of financial management, and the caseload forecast council shall develop a methodology for calculating the projected biennial savings under this section. Savings shall be projected for the fiscal biennium beginning on July 1, 2003, and for each biennium thereafter. By September 1, 2002, the proposed methodology shall be submitted to the governor and the appropriate committees of the legislature. The methodology is deemed approved unless the legislature enacts legislation to modify or reject the methodology.

(b) When the department of corrections submits its biennial budget request to the governor in 2002 and in each even-numbered year thereafter, the department of corrections shall use the methodology approved in (a) of this subsection to calculate savings to the state general fund for the ensuing fiscal biennium resulting from reductions in drug offender sentencing as a result of sections 2 and 3, chapter . . ., Laws of 2002 (sections 2 and 3 this act) and sections 7, 8, and 9, chapter . . ., Laws of 2002 (sections 7, 8, and 9 this act). The department shall report the dollar amount of the savings to the state treasurer, the office of financial management, and the fiscal committees of the legislature.

(c) For the fiscal biennium beginning July 1, 2003, and each fiscal biennium thereafter, the state treasurer shall transfer seventy-five percent of the amount reported in (b) of this subsection from the general fund into the criminal justice treatment account, divided into eight equal quarterly payments. However, the amount transferred to the criminal justice treatment account shall not exceed the limit of eight million two hundred fifty thousand dollars per fiscal year. After the first fiscal year in which the amount to be transferred equals or exceeds eight million two hundred fifty thousand dollars, this limit shall be increased on an annual basis by the implicit price deflator as published by the federal bureau of labor statistics.

(d) For the fiscal biennium beginning July 1, 2003, and each biennium thereafter, the state treasurer shall transfer twenty-five percent of the amount reported in (b) of this subsection from the general fund into the violence reduction and drug enforcement account, divided into eight quarterly payments. The amounts transferred pursuant to this subsection (4)(d) shall be used solely for providing drug and alcohol treatment services to offenders confined in a state correctional facility receiving a reduced sentence as a result of implementation of this act and who are assessed with an addiction or a substance abuse problem that if not treated would result in addiction. Any excess funds remaining after providing drug and alcohol treatment services to offenders receiving a reduced sentence as a result of implementation of this act may be expended to provide treatment for offenders confined in a state correctional facility and who are assessed with an addiction or a substance abuse problem that contributed to the crime.

(e) In each odd-numbered year, the legislature shall appropriate the amount transferred to the criminal justice treatment account in (c) of this subsection to the division of alcohol and substance abuse for the purposes of subsection (5) of this section.

(5) Moneys appropriated to the division of alcohol and substance abuse from the criminal justice treatment account shall be distributed as specified in this subsection. The department shall serve as the fiscal agent for purposes of distribution. Until July 1, 2004, the department may not use moneys appropriated from the criminal justice treatment account for administrative expenses and shall distribute all amounts appropriated under subsection (4)(e) of this section in accordance with this subsection. Beginning in July 1, 2004, the department may retain up to three percent of the amount appropriated under subsection (4)(e) of this section for its administrative costs.

(a) Seventy percent of amounts appropriated to the division from the account shall be distributed to counties pursuant to the distribution formula adopted under this section. The division of alcohol and substance abuse, in consultation with the department of corrections, the sentencing guidelines commission, the Washington state association of counties, the Washington state association of drug court professionals, the superior court judges’ association, the Washington association of prosecuting attorneys, representatives of the criminal defense bar, representatives of substance abuse treatment providers, and any other person deemed by the division to be necessary, shall establish a fair
and reasonable methodology for distribution to counties of moneys in the criminal justice treatment account. County or regional plans submitted for the expenditure of formula funds must be approved by the panel established in (b) of this subsection.

(b) Thirty percent of the amounts appropriated to the division from the account shall be distributed as grants for purposes of treating offenders against whom charges are filed by a county prosecuting attorney. The division shall appoint a panel of representatives from the Washington association of prosecuting attorneys, the Washington association of sheriffs and police chiefs, the superior court judges' association, the Washington state association of counties, the Washington defender’s association or the Washington association of criminal defense lawyers, the department of corrections, the Washington state association of drug court professionals, substance abuse treatment providers, and the division. The panel shall review county or regional plans for funding under (a) of this subsection and grants approved under this subsection. The panel shall attempt to ensure that treatment as funded by the grants is available to offenders statewide.

(6) The county alcohol and drug coordinator, county prosecutor, county sheriff, county superior court, a substance abuse treatment provider appointed by the county legislative authority, a member of the criminal defense bar appointed by the county legislative authority, and, in counties with a drug court, a representative of the drug court shall jointly submit a plan, approved by the county legislative authority or authorities, to the panel established in subsection (5)(b) of this section, for disposition of all the funds provided from the criminal justice treatment account within that county. The funds shall be used solely to provide approved alcohol and substance abuse treatment pursuant to RCW 70.96A.090 and treatment support services. No more than ten percent of the total moneys received under subsections (4) and (5) of this section by a county or group of counties participating in a regional agreement shall be spent for treatment support services.

(7) Counties are encouraged to consider regional agreements and submit regional plans for the efficient delivery of treatment under this section.

(8) Moneys allocated under this section shall be used to supplement, not supplant, other federal, state, and local funds used for substance abuse treatment.

(9) Counties must meet the criteria established in RCW 2.28.170(3)(b).

NEW SECTION. Sec. 5. A new section is added to chapter 43.135 RCW to read as follows: RCW 43.135.035(4) does not apply to the transfers established in section 4 of this act.

NEW SECTION. Sec. 6. A new section is added to chapter 43.20A RCW to read as follows: The department of social and health services shall annually review and monitor the expenditures made by any county or group of counties which is funded, in whole or in part, with funds provided by this act. Counties shall repay any funds that are not spent in accordance with the requirements of this act.

Sec. 7. RCW 9.94A.515 and 2001 2nd sp.s. c 12 s 361, 2001 c 300 s 4, 2001 c 217 s 12, and 2001 c 17 s 1 are each reenacted and amended to read as follows:

Numbers in the first horizontal row of each seriousness category represent sentencing midpoints in years (y) and months (m). Numbers in the second and third rows represent standard sentence ranges in months, or in days if so designated. 12+ equals one year and one day.

((2) For persons convicted of the anticipatory offenses of criminal attempt, solicitation, or conspiracy under chapter 9A.28 RCW, the standard sentence range is determined by locating the sentencing grid sentence range defined by the appropriate offender score and the seriousness level of the completed crime, and multiplying the range by 75 percent.

(3) The following additional times shall be added to the standard sentence range for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any firearm enhancements based on the classification of the completed felony crime. If the offender is being sentenced for more than one offense, the firearm enhancement or enhancements must be added to the total period of confinement for all offenses, regardless of which underlying offense is subject to a firearm enhancement. If the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection as eligible for any firearm enhancements, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(a) Five years for any felony defined under any law as a class A felony or with a statutory maximum sentence of at least twenty years, or both, and not covered under (f) of this subsection.
(b) Three years for any felony defined under any law as a class B felony or with a statutory maximum sentence of ten years, or both, and not covered under (f) of this subsection.
(c) Eighteen months for any felony defined under any law as a class C felony or with a statutory maximum sentence of five years, or both, and not covered under (f) of this subsection.
(d) If the offender is being sentenced for any firearm enhancements under (a), (b), and/or (c) of this subsection and the offender has previously been sentenced for any deadly weapon enhancements after July 23, 1995, under (a), (b), and/or (c) of this subsection or subsection (4)(a), (b), and/or (c) of this section, or both, all firearm enhancements under this subsection shall be twice the amount of the enhancement listed.
(e) Notwithstanding any other provision of law, all firearm enhancements under this section are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other firearm or deadly weapon enhancements, for all offenses sentenced under this chapter. However, whether or not a mandatory minimum term has expired, an offender serving a sentence under this subsection may be granted an extraordinary medical placement when authorized under RCW 9.94A.728(4).
(f) The firearm enhancements in this section shall apply to all felony crimes except the following: Possession of a machine gun, possessing a stolen firearm, drive-by-shooting, theft of a firearm, unlawful possession of a firearm in the first and second degree, and use of a machine gun in a felony.

(g) If the standard sentence range under this section exceeds the statutory maximum sentence for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender. If the addition of a firearm enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced.
(4) The following additional times shall be added to the standard sentence range for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a deadly weapon other than a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any deadly weapon enhancements based on the classification of the completed felony crime. If the offender is being sentenced for more than one offense, the deadly weapon enhancement or enhancements must be added to the total period of confinement for all offenses, regardless of which underlying offense is subject to a deadly weapon enhancement. If the offender or an accomplice was armed with a deadly weapon other than a firearm as defined in RCW 9.41.010 and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection as eligible for any deadly weapon enhancements, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(a) Two years for any felony defined under any law as a class A felony or with a statutory maximum sentence of at least twenty years, or both, and not covered under (f) of this subsection.
(b) One year for any felony defined under any law as a class B felony or with a statutory maximum sentence of ten years, or both, and not covered under (f) of this subsection.
(c) Six months for any felony defined under any law as a class C felony or with a statutory maximum sentence of five years, or both, and not covered under (f) of this subsection.
(d) If the offender is being sentenced under (a), (b), and/or (c) of this subsection for any deadly weapon enhancements and the offender has previously been sentenced for any deadly weapon enhancements after July 23, 1995, under (a), (b), and/or (c) of this subsection or subsection (3)(a), (b), and/or (c) of this section, or both, all deadly weapon enhancements under this subsection shall be twice the amount of the enhancement listed.
(e) Notwithstanding any other provision of law, all deadly weapon enhancements under this section are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other firearm or deadly weapon enhancements, for all offenses sentenced under this chapter. However, whether or not a mandatory minimum term has expired, an offender serving a sentence under this subsection may be granted an extraordinary medical placement when authorized under RCW 9.94A.728(4).
(f) The deadly weapon enhancements in this section shall apply to all felony crimes except the following: Possession of a machine gun, possessing a stolen firearm, drive-by shooting, theft of a firearm, unlawful possession of a firearm in the first and second degree, and use of a machine gun in a felony.

(g) If the standard sentence range under this section exceeds the statutory maximum sentence for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender. If the addition of a deadly weapon enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced.

(5) The following additional times shall be added to the standard sentence range if the offender or an accomplice committed the offense while in a county jail or state correctional facility and the offender is being sentenced for one of the crimes listed in this subsection. If the offender or an accomplice committed one of the crimes listed in this subsection while in a county jail or state correctional facility, and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section:

(a) Eighteen months for offenses committed under RCW 69.50.401(a)(1) (i) or (ii) or 69.50.410;
(b) Fifteen months for offenses committed under RCW 69.50.401(a)(1) (iii), (iv), and (v);
(c) Twelve months for offenses committed under RCW 69.50.401(d).

For the purposes of this subsection, all of the real property of a state correctional facility or county jail shall be deemed to be part of that facility or county jail.
NEW SECTION  Sec. 11. A new section is added to chapter 9.94A RCW to read as follows:

(1) The provisions of this section apply to the standard sentence ranges determined by RCW 9.94A.510 or section 8 of this act.

(2) For persons convicted of the anticipatory offenses of criminal attempt, solicitation, or conspiracy under chapter 9A.28 RCW, the standard sentence range is determined by locating the sentencing grid sentence range defined by the appropriate offender score and the seriousness level of the completed crime, and multiplying the range by seventy-five percent.

(3) The following additional times shall be added to the standard sentence range for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any firearm enhancements based on the classification of the completed felony crime. If the offender is being sentenced for more than one offense, the firearm enhancement or enhancements must be added to the total period of confinement for all offenses, regardless of which underlying offense is subject to a firearm enhancement. If the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection as eligible for any firearm enhancements, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(a) Five years for any felony defined under any law as a class A felony or with a statutory maximum sentence of at least twenty years, or both, and not covered under (f) of this subsection;

(b) Three years for any felony defined under any law as a class B felony or with a statutory maximum sentence of ten years, or both, and not covered under (f) of this subsection;

(c) Eighteen months for any felony defined under any law as a class C felony or with a statutory maximum sentence of five years, or both, and not covered under (f) of this subsection;

(d) If the offender is being sentenced for any firearm enhancements under (a), (b), and/or (c) of this subsection and the offender has previously been sentenced for any deadly weapon enhancements after July 23, 1995, under (a), (b), and/or (c) of this subsection or subsection (4)(a), (b), and/or (c) of this section, or both, all firearm enhancements under this subsection shall be twice the amount of the enhancement listed;

(e) Notwithstanding any other provision of law, all firearm enhancements under this section are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other firearm or deadly weapon enhancements, for all offenses sentenced under this chapter. However, whether or not a mandatory minimum term has expired, an offender serving a sentence under this subsection may be granted an extraordinary medical placement when authorized under RCW 9.94A.728(4);

(f) The firearm enhancements in this section shall apply to all felony crimes except the following: Possession of a machine gun, possessing a stolen firearm, drive-by shooting, theft of a firearm, unlawful possession of a firearm in the first and second degree, and use of a machine gun in a felony;

(g) If the standard sentence range under this section exceeds the statutory maximum sentence for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender. If the addition of a firearm enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced.

(4) The following additional times shall be added to the standard sentence range for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a deadly
weapon other than a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one
of the crimes listed in this subsection as eligible for any deadly weapon enhancements based on the
classification of the completed felony crime. If the offender is being sentenced for more than one
offense, the deadly weapon enhancement or enhancements must be added to the total period of
confinement for all offenses, regardless of which underlying offense is subject to a deadly weapon
enhancement. If the offender or an accomplice was armed with a deadly weapon other than a firearm
as defined in RCW 9.41.010 and the offender is being sentenced for an anticipatory offense under
chapter 9A.28 RCW to commit one of the crimes listed in this subsection as eligible for any deadly
weapon enhancements, the following additional times shall be added to the standard sentence range
determined under subsection (2) of this section based on the felony crime of conviction as classified
under RCW 9A.28.020:
   (a) Two years for any felony defined under any law as a class A felony or with a statutory
maximum sentence of at least twenty years, or both, and not covered under (f) of this subsection;
   (b) One year for any felony defined under any law as a class B felony or with a statutory
maximum sentence of ten years, or both, and not covered under (f) of this subsection;
   (c) Six months for any felony defined under any law as a class C felony or with a statutory
maximum sentence of five years, or both, and not covered under (f) of this subsection;
   (d) If the offender is being sentenced under (a), (b), and/or (c) of this subsection for any deadly
weapon enhancements and the offender has previously been sentenced for any deadly weapon
enhancements after July 23, 1995, under (a), (b), and/or (c) of this subsection or subsection (3)(a), (b),
and/or (c) of this section, or both, all deadly weapon enhancements under this subsection shall be twice
the amount of the enhancement listed;
   (e) Notwithstanding any other provision of law, all deadly weapon enhancements under this
section are mandatory, shall be served in total confinement, and shall run consecutively to all other
sentencing provisions, including other firearm or deadly weapon enhancements, for all offenses
sentenced under this chapter. However, whether or not a mandatory minimum term has expired, an
offender serving a sentence under this subsection may be granted an extraordinary medical placement
when authorized under RCW 9.94A.728(4);
   (f) The deadly weapon enhancements in this section shall apply to all felony crimes except the
following: Possession of a machine gun, possessing a stolen firearm, drive-by shooting, theft of a
firearm, unlawful possession of a firearm in the first and second degree, and use of a machine gun in a
felony;
   (g) If the standard sentence range under this section exceeds the statutory maximum sentence
for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender
is a persistent offender. If the addition of a deadly weapon enhancement increases the sentence so that
it would exceed the statutory maximum for the offense, the portion of the sentence representing the
enhancement may not be reduced.

(5) The following additional times shall be added to the standard sentence range if the offender
or an accomplice committed the offense while in a county jail or state correctional facility and the
offender is being sentenced for one of the crimes listed in this subsection. If the offender or an
accomplice committed one of the crimes listed in this subsection while in a county jail or state
correctional facility, and the offender is being sentenced for an anticipatory offense under chapter
9A.28 RCW to commit one of the crimes listed in this subsection, the following additional times shall
be added to the standard sentence range determined under subsection (2) of this section:
   (a) Eighteen months for offenses committed under RCW 69.50.401(a)(1) (i) or (ii) or
69.50.410;
   (b) Fifteen months for offenses committed under RCW 69.50.401(a)(1) (iii), (iv), and (v);
   (c) Twelve months for offenses committed under RCW 69.50.401(d).
For the purposes of this subsection, all of the real property of a state correctional facility or
county jail shall be deemed to be part of that facility or county jail.
(6) An additional twenty-four months shall be added to the standard sentence range for any
ranked offense involving a violation of chapter 69.50 RCW if the offense was also a violation of RCW
69.50.435 or 9.94A.605.
(7) An additional two years shall be added to the standard sentence range for vehicular homicide committed while under the influence of intoxicating liquor or any drug as defined by RCW 46.61.502 for each prior offense as defined in RCW 46.61.5055.

(8) This section expires December 31, 2003.
Sec. 13. RCW 2.28.170 and 1999 c 197 s 9 are each amended to read as follows:
(1) Counties may establish and operate drug courts.
(2) For the purposes of this section, "drug court" means a court that has special calendars or docket designs to achieve a reduction in recidivism and substance abuse among nonviolent, substance abusing offenders by increasing their likelihood for successful rehabilitation through early, continuous, and intense judicially supervised treatment; mandatory periodic drug testing; and the use of appropriate sanctions and other rehabilitation services.
(3)(a) Any jurisdiction that seeks a state appropriation to fund a drug court program must first:
((i)) (i) Exhaust all federal funding received from the office of national drug control policy that is available to support the operations of its drug court and associated services; and
((ii)) (ii) Match, on a dollar-for-dollar basis, state moneys allocated for drug court programs with local cash or in-kind resources. Moneys allocated by the state must be used to supplement, not supplant, other federal, state, and local funds for drug court operations and associated services.
(b) Any county that establishes a drug court pursuant to this section shall establish minimum requirements for the participation of offenders in the program. The drug court may adopt local requirements that are more stringent than the minimum. The minimum requirements are:
(i) The offender would benefit from substance abuse treatment;
(ii) The offender has not previously been convicted of a serious violent offense or sex offense as defined in RCW 9.94A.030; and
(iii) Without regard to whether proof of any of these elements is required to convict, the offender is not currently charged with or convicted of an offense:
(A) That is a sex offense;
(B) That is a serious violent offense;
(C) During which the defendant used a firearm; or
(D) During which the defendant caused substantial or great bodily harm or death to another person.

Sec. 14. RCW 9.94A.470 and 1995 c 129 s 4 are each amended to read as follows:
Notwithstanding the current placement or listing of crimes in categories or classifications of prosecuting standards for deciding to prosecute under RCW 9.94A.411(2), any and all felony crimes involving any deadly weapon special verdict under RCW 9.94A.602, any deadly weapon enhancements under (RCW 9.94A.510) section 11 (3) or (4) of this act, or both, and any and all felony crimes as defined in (RCW 9.94A.510) section 11 (3)(f) or (4)(f) of this act, or both, which are excluded from the deadly weapon enhancements shall all be treated as crimes against a person and subject to the prosecuting standards for deciding to prosecute under RCW 9.94A.411(2) as crimes against persons.

Sec. 15. RCW 9.94A.475 and 1997 c 338 s 48 are each amended to read as follows:
Any and all recommended sentencing agreements or plea agreements and the sentences for any and all felony crimes shall be made and retained as public records if the felony crime involves:
(1) Any violent offense as defined in this chapter;
(2) Any most serious offense as defined in this chapter;
(3) Any felony with a deadly weapon special verdict under RCW 9.94A.602;
(4) Any felony with any deadly weapon enhancements under (RCW 9.94A.510) section 11 (3) or (4) of this act, or both; and/or

Sec. 16. RCW 9.94A.480 and 1997 c 338 s 49 are each amended to read as follows:
(1) A current, newly created or reworked judgment and sentence document for each felony sentencing shall record any and all recommended sentencing agreements or plea agreements and the sentences for any and all felony crimes kept as public records under RCW 9.94A.475 shall contain the clearly printed name and legal signature of the sentencing judge. The judgment and sentence document as defined in this section shall also provide additional space for the sentencing judge’s reasons for
going either above or below the presumptive sentence range for any and all felony crimes covered as public records under RCW 9.94A.475. Both the sentencing judge and the prosecuting attorney’s office shall each retain or receive a completed copy of each sentencing document as defined in this section for their own records.

(2) The sentencing guidelines commission shall be sent a completed copy of the judgment and sentence document upon conviction for each felony sentencing under subsection (1) of this section and shall compile a yearly and cumulative judicial record of each sentencing judge in regards to his or her sentencing practices for any and all felony crimes involving:
   (a) Any violent offense as defined in this chapter;
   (b) Any most serious offense as defined in this chapter;
   (c) Any felony with any deadly weapon special verdict under RCW 9.94A.602;
   (d) Any felony with any deadly weapon enhancements under ((RCW 9.94A.510)) section 11 (3) or (4) of this act, or both; and/or
   (e) The felony crimes of possession of a machine gun, possessing a stolen firearm, drive-by shooting, theft of a firearm, unlawful possession of a firearm in the first or second degree, and/or use of a machine gun in a felony.

(3) The sentencing guidelines commission shall compare each individual judge’s sentencing practices to the standard or presumptive sentence range for any and all felony crimes listed in subsection (2) of this section for the appropriate offense level as defined in RCW 9.94A.515 or section 9 of this act, offender score as defined in RCW 9.94A.525, and any applicable deadly weapon enhancements as defined in ((RCW 9.94A.510)) section 11 (3) or (4) of this act, or both. These comparative records shall be retained and made available to the public for review in a current, newly created or reworked official published document by the sentencing guidelines commission.

(4) Any and all felony sentences which are either above or below the standard or presumptive sentence range in subsection (3) of this section shall also mark whether the prosecuting attorney in the case also recommended a similar sentence, if any, which was either above or below the presumptive sentence range and shall also indicate if the sentence was in conjunction with an approved alternative sentencing option including a first-time offender waiver, sex offender sentencing alternative, or other prescribed sentencing option.

(5) If any completed judgment and sentence document as defined in subsection (1) of this section is not sent to the sentencing guidelines commission as required in subsection (2) of this section, the sentencing guidelines commission shall have the authority and shall undertake reasonable and necessary steps to assure that all past, current, and future sentencing documents as defined in subsection (1) of this section are received by the sentencing guidelines commission.

Sec. 17. RCW 9.94A.505 and 2001 2nd sp.s. c 12 s 312 are each amended to read as follows:
(1) When a person is convicted of a felony, the court shall impose punishment as provided in this chapter.

(2)(a) The court shall impose a sentence as provided in the following sections and as applicable in the case:
   (i) Unless another term of confinement applies, the court shall impose a sentence within the standard sentence range established in RCW 9.94A.510 or section 8 of this act;
   (ii) RCW 9.94A.700 and 9.94A.705, relating to community placement;
   (iii) RCW 9.94A.710 and 9.94A.715, relating to community custody;
   (iv) RCW 9.94A.545, relating to community custody for offenders whose term of confinement is one year or less;
   (v) RCW 9.94A.570, relating to persistent offenders;
   (vi) RCW 9.94A.540, relating to mandatory minimum terms;
   (vii) RCW 9.94A.650, relating to the first-time offender waiver;
   (viii) RCW 9.94A.660, relating to the drug offender sentencing alternative;
   (ix) RCW 9.94A.670, relating to the special sex offender sentencing alternative;
   (x) RCW 9.94A.712, relating to certain sex offenses;
   (xi) RCW 9.94A.535, relating to exceptional sentences;
   (xii) RCW 9.94A.589, relating to consecutive and concurrent sentences.
(b) If a standard sentence range has not been established for the offender's crime, the court shall impose a determinate sentence which may include not more than one year of confinement; community service work; until July 1, 2000, a term of community supervision not to exceed one year and on and after July 1, 2000, a term of community custody not to exceed one year, subject to conditions and sanctions as authorized in RCW 9.94A.710 (2) and (3); and/or other legal financial obligations. The court may impose a sentence which provides more than one year of confinement if the court finds reasons justifying an exceptional sentence as provided in RCW 9.94A.535.

(3) If the court imposes a sentence requiring confinement of thirty days or less, the court may, in its discretion, specify that the sentence be served on consecutive or intermittent days. A sentence requiring more than thirty days of confinement shall be served on consecutive days. Local jail administrators may schedule court-ordered intermittent sentences as space permits.

(4) If a sentence imposed includes payment of a legal financial obligation, it shall be imposed as provided in RCW 9.94A.750, 9.94A.753, and 9.94A.760.

(5) Except as provided under RCW 9.94A.750(4) and 9.94A.753(4), a court may not impose a sentence providing for a term of confinement or community supervision, community placement, or community custody which exceeds the statutory maximum for the crime as provided in chapter 9A.20 RCW.

(6) The sentencing court shall give the offender credit for all confinement time served before the sentencing if that confinement was solely in regard to the offense for which the offender is being sentenced.

(7) The court shall order restitution as provided in RCW 9.94A.750 and 9.94A.753.

(8) As a part of any sentence, the court may impose and enforce crime-related prohibitions and affirmative conditions as provided in this chapter.

(9) The court may order an offender whose sentence includes community placement or community supervision to undergo a mental status evaluation and to participate in available outpatient mental health treatment, if the court finds that reasonable grounds exist to believe that the offender is a mentally ill person as defined in RCW 71.24.025, and that this condition is likely to have influenced the offense. An order requiring mental status evaluation or treatment must be based on a presentence report and, if applicable, mental status evaluations that have been filed with the court to determine the offender's competency or eligibility for a defense of insanity. The court may order additional evaluations at a later date if deemed appropriate.

(10) In any sentence of partial confinement, the court may require the offender to serve the partial confinement in work release, in a program of home detention, on work crew, or in a combined program of work crew and home detention.

(11) In sentencing an offender convicted of a crime of domestic violence, as defined in RCW 10.99.020, if the offender has a minor child, or if the victim of the offense for which the offender was convicted has a minor child, the court may, as part of any term of community supervision, community placement, or community custody, order the offender to participate in a domestic violence perpetrator program approved under RCW 26.50.150.

**Sec. 18.** RCW 9.94A.530 and 2000 c 28 s 12 are each amended to read as follows:

(1) The intersection of the column defined by the offender score and the row defined by the offense seriousness score determines the standard sentence range (see RCW 9.94A.510, (Table 1) and section 8 of this act, (Table 3)). The additional time for deadly weapon findings or for those offenses enumerated in ((RCW 9.94A.510)) section 11(4) of this act that were committed in a state correctional facility or county jail shall be added to the entire standard sentence range. The court may impose any sentence within the range that it deems appropriate. All standard sentence ranges are expressed in terms of total confinement.

(2) In determining any sentence, the trial court may rely on no more information than is admitted by the plea agreement, or admitted, acknowledged, or proved in a trial or at the time of sentencing. Acknowledgement includes not objecting to information stated in the presentence reports. Where the defendant disputes material facts, the court must either not consider the fact or grant an evidentiary hearing on the point. The facts shall be deemed proved at the hearing by a preponderance of the evidence. Facts that establish the elements of a more serious crime or additional crimes may not
be used to go outside the standard sentence range except upon stipulation or when specifically provided for in RCW 9.94A.535(2) (d), (e), (g), and (h).

**Sec. 19.** RCW 9.94A.585 and 2000 c 28 s 10 are each amended to read as follows:

1. A sentence within the standard sentence range, under RCW 9.94A.510 or section 8 of this act, for ((the)) an offense shall not be appealed. For purposes of this section, a sentence imposed on a first-time offender under RCW 9.94A.650 shall also be deemed to be within the standard sentence range for the offense and shall not be appealed.

2. A sentence outside the standard sentence range for the offense is subject to appeal by the defendant or the state. The appeal shall be to the court of appeals in accordance with rules adopted by the supreme court.

3. Pending review of the sentence, the sentencing court or the court of appeals may order the defendant confined or placed on conditional release, including bond.

4. To reverse a sentence which is outside the standard sentence range, the reviewing court must find: (a) Either that the reasons supplied by the sentencing court are not supported by the record which was before the judge or that those reasons do not justify a sentence outside the standard sentence range for that offense; or (b) that the sentence imposed was clearly excessive or clearly too lenient.

5. A review under this section shall be made solely upon the record that was before the sentencing court. Written briefs shall not be required and the review and decision shall be made in an expedited manner according to rules adopted by the supreme court.

6. The court of appeals shall issue a written opinion in support of its decision whenever the judgment of the sentencing court is reversed and may issue written opinions in any other case where the court believes that a written opinion would provide guidance to sentencing courts and others in implementing this chapter and in developing a common law of sentencing within the state.

7. The department may petition for a review of a sentence committing an offender to the custody or jurisdiction of the department. The review shall be limited to errors of law. Such petition shall be filed with the court of appeals no later than ninety days after the department has actual knowledge of terms of the sentence. The petition shall include a certification by the department that all reasonable efforts to resolve the dispute at the superior court level have been exhausted.

**Sec. 20.** RCW 9.94A.660 and 2001 c 10 s 4 are each amended to read as follows:

1. An offender is eligible for the special drug offender sentencing alternative if:

   a. The offender is convicted of a felony that is not a violent offense or sex offense and the violation does not involve a sentence enhancement under ((RCW 9.94A.510)) section 11 (3) or (4) of this act;

   b. The offender has no current or prior convictions for a sex offense or violent offense in this state, another state, or the United States;

   c. For a violation of the Uniform Controlled Substances Act under chapter 69.50 RCW or a criminal solicitation to commit such a violation under chapter 9A.28 RCW, the offense involved only a small quantity of the particular controlled substance as determined by the judge upon consideration of such factors as the weight, purity, packaging, sale price, and street value of the controlled substance; and

   d. The offender has not been found by the United States attorney general to be subject to a deportation detainer or order and does not become subject to a deportation order during the period of the sentence.

2. If the standard sentence range is greater than one year and the sentencing court determines that the offender is eligible for this alternative and that the offender and the community will benefit from the use of the alternative, the judge may waive imposition of a sentence within the standard sentence range and impose a sentence that must include a period of total confinement in a state facility for one-half of the midpoint of the standard sentence range. During incarceration in the state facility, offenders sentenced under this subsection shall undergo a comprehensive substance abuse assessment and receive, within available resources, treatment services appropriate for the offender. The treatment services shall be designed by the division of alcohol and substance abuse of the department of social and health services, in cooperation with the department of corrections.
The court shall also impose:
(a) The remainder of the midpoint of the standard range as a term of community custody which must include appropriate substance abuse treatment in a program that has been approved by the division of alcohol and substance abuse of the department of social and health services;
(b) Crime-related prohibitions including a condition not to use illegal controlled substances;
(c) A requirement to submit to urinalysis or other testing to monitor that status; and
(d) A term of community custody pursuant to RCW 9.94A.715 to be imposed upon failure to complete or administrative termination from the special drug offender sentencing alternative program.

The court may prohibit the offender from using alcohol or controlled substances and may require that the monitoring for controlled substances be conducted by the department or by a treatment alternatives to street crime program or a comparable court or agency-referred program. The offender may be required to pay thirty dollars per month while on community custody to offset the cost of monitoring. In addition, the court shall impose three or more of the following conditions:
(i) Devote time to a specific employment or training;
(ii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer before any change in the offender’s address or employment;
(iii) Report as directed to a community corrections officer;
(iv) Pay all court-ordered legal financial obligations;
(v) Perform community service work;
(vi) Stay out of areas designated by the sentencing court;
(vii) Such other conditions as the court may require such as affirmative conditions.

(3) If the offender violates any of the sentence conditions in subsection (2) of this section or is found by the United States attorney general to be subject to a deportation order, a violation hearing shall be held by the department unless waived by the offender.
(a) If the department finds that conditions have been willfully violated, the offender may be reclassified to serve the remaining balance of the original sentence.
(b) If the department finds that the offender is subject to a valid deportation order, the department may administratively terminate the offender from the program and reclassify the offender to serve the remaining balance of the original sentence.

(4) The department shall determine the rules for calculating the value of a day fine based on the offender’s income and reasonable obligations which the offender has for the support of the offender and any dependents. These rules shall be developed in consultation with the administrator for the courts, the office of financial management, and the commission.

(5) An offender who fails to complete the special drug offender sentencing alternative program or who is administratively terminated from the program shall be reclassified to serve the unexpired term of his or her sentence as ordered by the sentencing court and shall be subject to all rules relating to earned release time. An offender who violates any conditions of supervision as defined by the department shall be sanctioned. Sanctions may include, but are not limited to, reclassifying the offender to serve the unexpired term of his or her sentence as ordered by the sentencing court. If an offender is reclassified to serve the unexpired term of his or her sentence, the offender shall be subject to all rules relating to earned release time.

Application for funds shall be made in the form and manner as the board may prescribe. In making grants or loans the board shall conform to the following requirements:

(3) The board shall prioritize each proposed project according to:
   (a) The relative benefits provided to the community by the jobs the project would create, not just the total number of jobs it would create after the project is completed and according to the unemployment rate in the area in which the jobs would be located; and

SEXTATE AMENDMENTS TO HOUSE BILL

March 11, 2002

The Senate insists on its position to SUBSTITUTE SENATE BILL NO. 6257 and asks the House to concur.

Tony M. Cook, Secretary

There being no objection, the House insisted on its position regarding Senate amendments to Substitute Senate Bill No. 6257 and again asked the Senate to recede therefrom.

SECOND READING

ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6140, by Senate Committee on Transportation (originally sponsored by Senators McDonald, Prentice, Horn, Eide, Johnson, Finkbeiner, Patterson, Shin, Benton, Kastama, Costa, McAuliffe, Rossi, Long, Roach, Zarelli and Oke)

Authorizing creation of regional transportation investment districts.

The bill was read the second time.

With the consent of the House, amendment (603) was withdrawn.

Representative Cooper moved the adoption of striking amendment (552):

Strike everything after the enacting clause and insert the following:

"I. CREATION OF REGIONAL TRANSPORTATION INVESTMENT DISTRICT

NEW SECTION. Sec. 101. FINDINGS. The legislature finds that:
(1) The capacity of many of Washington state's transportation facilities have failed to keep up with the state's growth, particularly in major urban regions;
(2) The state cannot by itself fund, in a timely way, many of the major capacity and other improvements required on highways of statewide significance in the state's largest urbanized area;
(3) Providing a transportation system that provides efficient mobility for persons and freight requires a shared partnership and responsibility between the state, local, and regional governments and the private sector; and
(4) Timely construction and development of significant transportation improvement projects can best be achieved through enhanced funding options for governments at the county and regional levels, using already existing tax authority to address roadway and multimodal needs and new authority for regions to address critical transportation projects of statewide significance.

NEW SECTION. Sec. 102. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.
(1) "Board" means the governing body of a regional transportation investment district.
(2) "Department" means the Washington state department of transportation."
"Highway of statewide significance" means an existing or proposed state route or federal interstate designated as a highway of statewide significance by the transportation commission, its successor entity, or the legislature.

"Lead agency" means a public agency that by law can plan, design, and build a transportation project and has been so designated by the district.

"Regional transportation investment district" or "district" means a municipal corporation whose boundaries are coextensive with two or more contiguous counties and that has been created by county legislative authorities and a vote of the people under this chapter to implement a regional transportation investment plan.

"Regional transportation investment district planning committee" or "planning committee" means the advisory committee created under section 103 of this act to create and propose to county legislative authorities a regional transportation investment plan to develop, finance, and construct transportation projects.

"Regional transportation investment plan" or "plan" means a plan to develop, construct, and finance a transportation project or projects.

"Transportation project" means:

(a) A capital improvement or improvements to a highway that has been designated, in whole or in part, as a highway of statewide significance, including an extension, that:

(i) Adds a lane or new lanes to an existing state or federal highway;

(ii) Repairs or replaces a lane or lanes damaged by an event declared an emergency by the governor before January 1, 2002.

(b) A capital improvement or improvements to all or a portion of a highway of statewide significance, including an extension, and may include the following associated multimodal capital improvements:

(i) Approaches to highways of statewide significance;

(ii) High-occupancy vehicle lanes;

(iii) Flyover ramps;

(iv) Park and ride lots;

(v) Bus pullouts;

(vi) Vans for vanpools;

(vii) Buses; and

(viii) Signalization, ramp metering, and other transportation system management improvements.

(c) A capital improvement or improvements to all or a portion of a city street, county road, or existing highway or the creation of a new highway that intersects with a highway of statewide significance, if all of the following conditions are met:

(i) The project is included in a plan that makes highway improvement projects that add capacity to a highway or highways of statewide significance;

(ii) The secretary of transportation determines that the project would better relieve traffic congestion than investing that same money in adding capacity to a highway of statewide significance;

(iii) Matching money equal to one-third of the total cost of the project is provided by local entities, including but not limited to a metropolitan planning organization, county, city, port, or private entity in which a county participating in a plan is located. Local entities may use federal grants to meet this matching requirement;

(iv) In no case may the cumulative regional transportation investment district contribution to all projects constructed under this subsection (8)(c) exceed ten percent of the revenues generated by the district;

(v) In no case may the cumulative regional transportation investment district contribution to all projects constructed under this subsection (8)(c) exceed one billion dollars; and

(vi) The specific projects are included within the plan and submitted as part of the plan to a vote of the people.

(d) Operations, preservation, and maintenance are excluded from this definition and may not be included in a regional transportation investment plan.
"Weighted vote" means a vote that reflects the population each board or planning committee member represents relative to the population represented by the total membership of the board or planning committee. Population will be determined using the federal 2000 census or subsequent federal census data.

NEW SECTION. Sec. 103. PLANNING COMMITTEE FORMATION. Regional transportation investment district planning committees are advisory entities that are created, convened, and empowered as follows:

(1) A county with a population over one million five hundred thousand persons and any adjoining counties with a population over five hundred thousand persons may create a regional transportation investment district and shall convene a regional transportation investment district planning committee.

(2) The members of the legislative authorities participating in planning under this chapter shall serve as the district planning committee. Members of the planning committee receive no compensation, but may be reimbursed for travel and incidental expenses as the planning committee deems appropriate.

The secretary of transportation, or the appropriate regional administrator of the department, as named by the secretary, shall serve on the committee as a nonvoting member.

(3) A regional transportation investment district planning committee may be entitled to state funding, as appropriated by the legislature, for start-up funding to pay for salaries, expenses, overhead, supplies, and similar expenses ordinarily and necessarily incurred in selecting transportation projects and funding for those transportation projects under this chapter. Upon creation of a regional transportation investment district, the district shall within one year reimburse the state for any sums advanced for these start-up costs from the state.

(4) The planning committee shall conduct its affairs and formulate a regional transportation investment plan as provided under section 104 of this act, except that it shall elect an executive board of seven members to discharge the duties of the planning committee and formulate a regional transportation investment plan, subject to the approval of the full committee.

(5) At its first meeting, a regional transportation investment district planning committee may elect officers and provide for the adoption of rules and other operating procedures.

(6) Governance of and decisions by a regional transportation investment district planning committee must be by a sixty-percent weighted majority vote of the total membership.

(7) The planning committee may dissolve itself at any time by a two-thirds weighted majority vote of the total membership of the planning committee.

NEW SECTION. Sec. 104. PLANNING COMMITTEE DUTIES. (1) A regional transportation investment district planning committee shall adopt a regional transportation investment plan providing for the development, construction, and financing of transportation projects. The planning committee may consider the following factors in formulating its plan:

(a) Land use planning criteria;
(b) The input of cities located within a participating county; and
(c) The input of regional transportation planning organizations in which a participating county is located. A regional transportation planning organization in which a participating county is located shall review its adopted regional transportation plan and submit, for the planning committee’s consideration, its list of transportation improvement priorities.

(2) The planning committee may coordinate its activities with the department, which shall provide services, data, and personnel to assist in this planning as desired by the planning committee. In addition, the planning committee may coordinate with affected cities, towns, and other local governments that engage in transportation planning.

(3) The planning committee shall:

(a) Conduct public meetings that are needed to assure active public participation in the development of the plan;
(b) Adopt a plan proposing the creation of a regional transportation investment district and recommending the construction of transportation projects to improve mobility. Operations, maintenance, and preservation of facilities or systems may not be part of the plan; and

(c) Recommend sources of revenue authorized by section 105 of this act and a financing plan to fund selected transportation projects. The overall plan of the district must leverage the district’s financial contributions so that the federal, state, local, and other revenue sources continue to fund major congestion relief and transportation capacity improvement projects in the district. A combination of local, state, and federal revenues may be necessary to pay for transportation projects, and the planning committee shall consider all of these revenue sources in developing a plan.

(4) Before adopting the plan, the planning committee, with assistance from the department, shall work with the lead agency to develop accurate cost forecasts for transportation projects. This project costing methodology must be integrated with revenue forecasts in developing the plan and must at a minimum include estimated project costs in constant dollars as well as year of expenditure dollars, the range of project costs reflected by the level of project design, project contingencies, identification of mitigation costs, the range of revenue forecasts, and project and plan cash flow and bond analysis. The plan submitted to the voters must provide cost estimates for each project, including reasonable contingency costs. Plans submitted to the voters must provide that the maximum amount possible of the funds raised will be used to fund projects in the plan, including environmental improvements and mitigation, and that administrative costs be minimized. If actual revenue exceeds actual plan costs, the excess revenues must be used to retire any outstanding debt associated with the plan.

(5) If a county opts not to adopt the plan or participate in the regional transportation investment district, but two or more contiguous counties do choose to continue to participate, then the planning committee may, within ninety days, redefine the regional transportation investment plan and the ballot measure to be submitted to the people to reflect elimination of the county, and submit the redefined plan to the legislative authorities of the remaining counties for their decision as to whether to continue to adopt the redefined plan and participate. This action must be completed within sixty days after receipt of the redefined plan.

(6) Once adopted, the plan must be forwarded to the participating county legislative authorities to initiate the election process under section 107 of this act. The planning committee shall at the same time provide notice to each city and town within the district, the governor, the chairs of the transportation committees of the legislature, the secretary of transportation, and each legislator whose legislative district is partially or wholly within the boundaries of the district.

(7) If the ballot measure is not approved, the planning committee may redefine the selected transportation projects, financing plan, and the ballot measure. The county legislative authorities may approve the new plan and ballot measure, and may then submit the revised proposition to the voters at the next election or a special election. If no ballot measure is approved by the voters by the third vote, the planning committee is dissolved.

NEW SECTION. Sec. 105. TAXES AND FEES. (1) A regional transportation investment district planning committee may, as part of a regional transportation investment plan, recommend the imposition of some or all of the following revenue sources, which a regional transportation investment district may impose upon approval of the voters as provided in this chapter:

(a) A regional sales and use tax, as specified in section 405 of this act, of up to 0.5 percent of the selling price, in the case of a sales tax, or value of the article used, in the case of a use tax, upon the occurrence of any taxable event in the regional transportation investment district;

(b) A local option vehicle license fee, as specified under section 408 of this act, of up to one hundred dollars per vehicle registered in the district. As used in this subsection, "vehicle" means motor vehicle as defined in RCW 46.04.320. Certain classes of vehicles, as defined under chapter 46.04 RCW, may be exempted from this fee;

(c) A parking tax under RCW 82.80.030;

(d) A local motor vehicle excise tax under RCW 81.100.060 and chapter 81.104 RCW;

(e) An employer excise tax under RCW 81.100.030; and
(f) Vehicle tolls on new or reconstructed facilities. Unless otherwise specified by law, the department shall administer the collection of vehicle tolls on designated facilities, and the state transportation commission, or its successor, shall be the tolling authority.

(2) Taxes, fees, and tolls may not be imposed without an affirming vote of the majority of the voters within the boundaries of the district voting on a ballot proposition as set forth in section 107 of this act. Revenues from these taxes and fees may be used only to implement the plan as set forth in this chapter. A district may contract with the state department of revenue or other appropriate entities for administration and collection of any of the taxes or fees authorized in this section.

(3) Existing statewide motor vehicle fuel and special fuel taxes, at the distribution rates in effect on January 1, 2001, are not intended to be altered by this chapter.

NEW SECTION. Sec. 106. PERFORMANCE CRITERIA FOR REGIONAL TRANSPORTATION PROJECT SELECTION. (1) The planning committee shall consider the following criteria for selecting transportation projects to improve corridor performance:

(a) Reduced level of congestion and improved safety;
(b) Improved travel time;
(c) Improved air quality;
(d) Increases in daily and peak period person and vehicle trip capacity;
(e) Reductions in person and vehicle delay;
(f) Improved freight mobility; and
(g) Cost-effectiveness of the investment.

(2) These criteria represent only minimum standards that must be considered in selecting transportation improvement projects. The board shall also consider rules and standards for benchmarks adopted by the transportation commission or its successor.

NEW SECTION. Sec. 107. SUBMISSION OF PLAN TO THE VOTERS. Two or more contiguous county legislative authorities, upon receipt of the regional transportation investment plan under section 104 of this act, may certify the plan to the ballot, including identification of the tax options necessary to fund the plan. County legislative authorities may draft a ballot title, give notice as required by law for ballot measures, and perform other duties as required to put the plan before the voters of the proposed district for their approval or rejection as a single ballot measure that both approves formation of the district and approves the plan. Counties may negotiate interlocal agreements necessary to implement the plan. The electorate will be the voters voting within the boundaries of the participating counties. A simple majority of the total persons voting on the single ballot measure to approve the plan, establish the district, and approve the taxes and fees is required for approval.

NEW SECTION. Sec. 108. CERTIFICATION OF FORMATION. If the voters approve the plan, including creation of a regional transportation investment district and imposition of taxes and fees, the district will be declared formed. The county election officials of participating counties shall, within fifteen days of the final certification of the election results, publish a notice in a newspaper or newspapers of general circulation in the district declaring the district formed, and mail copies of the notice to the governor, the secretary of transportation, and the executive director of the regional transportation planning organization in which any part of the district is located. A party challenging the procedure or the formation of a voter-approved district must file the challenge in writing by serving the prosecuting attorney of the participating counties and the attorney general within thirty days after the final certification of the election. Failure to challenge within that time forever bars further challenge of the district’s valid formation.

NEW SECTION. Sec. 109. BOARD COMPOSITION. (1) The governing board of a district consists of the members of the legislative authority of each member county, acting ex officio and independently. The secretary of transportation or the appropriate regional administrator of the department, as named by the secretary, shall also serve as a nonvoting member of the board. The governing board may elect an executive board of seven members to discharge the duties of the governing board subject to the approval of the full governing board.
(2) A sixty-percent majority of the weighted votes of the total board membership is required to submit to the counties a modified plan under section 114 of this act or any other proposal to be submitted to the voters. The counties, may, with majority vote of each county legislative authority, submit a modified plan or proposal to the voters.

NEW SECTION. Sec. 110. BOARD ORGANIZATION. The board shall adopt rules for the conduct of business. The board shall adopt bylaws to govern district affairs, which may include:

(1) The time and place of regular meetings;
(2) Rules for calling special meetings;
(3) The method of keeping records of proceedings and official acts;
(4) Procedures for the safekeeping and disbursement of funds; and
(5) Any other provisions the board finds necessary to include.

NEW SECTION. Sec. 111. BOARD’S POWERS AND DUTIES. (1) The governing board of the district is responsible for the execution of the voter-approved plan. The board shall:

(a) Impose taxes and fees authorized by district voters;
(b) Enter into agreements with state, local, and regional agencies and departments as necessary to accomplish district purposes and protect the district’s investment in transportation projects;
(c) Accept gifts, grants, or other contributions of funds that will support the purposes and programs of the district;
(d) Monitor and audit the progress and execution of transportation projects to protect the investment of the public and annually make public its findings;
(e) Pay for services and enter into leases and contracts, including professional service contracts;
(f) Hire no more than ten employees, including a director or executive officer, a treasurer or financial officer, a project manager or engineer, a project permit coordinator, and clerical staff; and
(g) Exercise other powers and duties as may be reasonable to carry out the purposes of the district.

(2) It is the intent of the legislature that existing staff resources of lead agencies be used in implementing this chapter. A district may coordinate its activities with the department, which shall provide services, data, and personnel to assist as desired by the regional transportation investment district. Lead agencies for transportation projects that are not state facilities shall also provide staff support for the board.

(3) A district may not acquire, hold, or dispose of real property.

(4) A district may not own, operate, or maintain an ongoing facility, road, or transportation system.

(5) A district may accept and expend or use gifts, grants, or donations.

(6) It is the intent of the legislature that administrative and overhead costs of a regional transportation investment district be minimized. For transportation projects costing up to fifty million dollars, administrative and overhead costs may not exceed three percent of the total construction and design project costs per year. For transportation projects costing more than fifty million dollars, administrative and overhead costs may not exceed three percent of the first fifty million dollars in costs, plus an additional one-tenth of one percent of each additional dollar above fifty million. These limitations apply only to the district, and do not limit the administration or expenditures of the department.

(7) A district may use the design-build procedure for transportation projects developed by it. As used in this section “design-build procedure” means a method of contracting under which the district contracts with another party for that party to both design and build the structures, facilities, and other items specified in the contract. The requirements and limitations of RCW 47.20.780 and 47.20.785 do not apply to the transportation projects under this chapter.

NEW SECTION. Sec. 112. TREASURER. The regional transportation investment district, by resolution, shall designate a person having experience in financial or fiscal matters as treasurer of the district. The district may designate the treasurer of a county within which the district is located to
act as its treasurer. Such a treasurer has all of the powers, responsibilities, and duties the county treasurer has related to investing surplus funds. The district shall require a bond with a surety company authorized to do business in this state in an amount and under the terms and conditions the district, by resolution, from time to time finds will protect the district against loss. The district shall pay the premium on the bond.

In addition to the account established in section 401 of this act, the treasurer may establish a special account, into which may be paid district funds. The treasurer may disburse district funds only on warrants issued by the district upon orders or vouchers approved by the district.

If the treasurer of the district is the treasurer of a county, all district funds must be deposited with a county depositary under the same restrictions, contracts, and security as provided for county depositaries. If the treasurer of the district is some other person, all funds must be deposited in a bank or banks authorized to do business in this state qualified for insured deposits under any federal deposit insurance act as the district, by resolution, designates.

The district may provide and require a reasonable bond of any other person handling moneys or securities of the district, but the district shall pay the premium on the bond.

NEW SECTION. Sec. 113. DEBT AND BONDING. The district may borrow money, but may not issue any debt of its own for more than two years’ duration. A district may issue notes or other evidences of indebtedness with a maturity of not more than two years. A district may, when authorized by the plan, enter into agreements with the state or lead agencies to pledge taxes or other revenues of the district for the purpose of paying in part or whole principal and interest on bonds issued by the lead agency. The contracts pledging revenues and taxes are binding for the term of the agreement, but not to exceed twenty-five years, and no tax pledged by an agreement may be eliminated or modified if it would impair the pledge of the agreement.

NEW SECTION. Sec. 114. TRANSPORTATION PROJECT OR PLAN MODIFICATION—ACCOUNTABILITY. (1) A plan may be modified to change transportation projects or revenue sources if:

(a) Two or more participating counties adopt a resolution to modify the plan; and

(b) The counties submit to the voters in the district a ballot measure that redefines the scope of the plan, its projects, its schedule, its costs, or the revenue sources. If the voters fail to approve the redefined plan, the district shall continue to work on and complete the plan, and the projects in it, that was originally approved by the voters. If the voters approve the redefined plan, the district shall work on and complete the projects under the redefined plan.

(2) If a transportation project cost exceeds its original cost by more than twenty percent as identified in the plan:

(a) The board shall, in coordination with the county legislative authorities, submit to the voters in the district a ballot measure that redefines the scope of the transportation project, its schedule, or its costs. If the voters fail to approve the redefined transportation project, the district shall terminate work on that transportation project, except that the district may take reasonable steps to use, preserve, or connect any improvement already constructed. The remainder of any funds that would otherwise have been expended on the terminated transportation project must first be used to retire any outstanding debt attributable to the plan and then may be used to implement the remainder of the plan.

(b) Alternatively, upon adoption of a resolution by two or more participating counties:

(i) The counties shall submit to the voters in the district a ballot measure that redefines the scope of the plan, its transportation projects, its schedule, or its costs. If the voters fail to approve the redefined plan, the district shall terminate work on that plan, except that the district may take reasonable steps to use, preserve, or connect any improvement already constructed. The remainder of any funds must be used to retire any outstanding debt attributable to the plan; or

(ii) The counties may elect to have the district continue the transportation project without submitting an additional ballot proposal to the voters.

(3) To assure accountability to the public for the timely construction of the transportation improvement project or projects within cost projections, the district shall issue a report, at least annually, to the public and copies of the report to newspapers of record in the district. In the report,
the district shall indicate the status of transportation project costs, transportation project expenditures, revenues, and construction schedules. The report may also include progress towards meeting the performance criteria provided under this chapter.

NEW SECTION. Sec. 115. STATE DEPARTMENT OF TRANSPORTATION ROLE. (1) The department shall designate an office or division of dedicated staff and services whose primary responsibility is to coordinate the design, preliminary engineering, permitting, financing, and construction of transportation projects under consideration by a regional transportation investment district planning committee or that are part of a regional transportation investment plan being implemented by a regional transportation investment district.

(2) All of the powers granted the department under Title 47 RCW relating to highway construction may, at the request of a regional transportation investment district, be used to implement a regional transportation investment plan and construct transportation projects.

NEW SECTION. Sec. 116. STATE OWNS IMPROVEMENTS TO STATE FACILITIES. Any improvement to a state facility constructed under this chapter becomes and remains the property of this state.

NEW SECTION. Sec. 117. DISSOLUTION. Within thirty days of the completion of the construction of the transportation project or series of projects forming the regional transportation investment plan, the district shall terminate day-to-day operations and exist solely as a limited entity that oversees the collection of revenue and the payment of debt service or financing still in effect, if any. The district shall accordingly adjust downward its employees, administration, and overhead expenses. Any taxes, fees, or tolls imposed under an approved plan terminate when the financing or debt service on the transportation project or series of transportation projects constructed is completed and paid, thirty days from which point the district shall dissolve itself and cease to exist. If there is no debt outstanding, then the district shall dissolve within thirty days from completion of construction of the transportation project or series of transportation projects forming the regional transportation investment plan. Notice of dissolution must be published in newspapers of general circulation within the district at least three times in a period of thirty days. Creditors must file claims for payment of claims due within thirty days of the last published notice or the claim is extinguished.

NEW SECTION. Sec. 118. OTHER REGIONS. The legislature finds that regional solutions to the state’s transportation needs are of paramount concern. The legislature further recognizes that different areas of the state will need the flexibility to fashion local solutions to their transportation problems, and that regional transportation systems may evolve over time. Areas of the state outside of King, Snohomish, and Pierce counties are eligible for grants from the state of no more than two hundred thousand dollars each to study and develop regional transportation models. Regions receiving these grants shall:

(1) Develop a model that can be used within their region to select, fund, and administer regional transportation solutions;
(2) Adopt a county resolution approving the model proposed;
(3) Form interlocal agreements among counties as appropriate;
(4) Report to the transportation committees in the senate and house of representatives, petitioning the legislature to grant them authority to implement their proposed model.

II. JOINT BALLOT WITH RTA

NEW SECTION. Sec. 201. JOINT BALLOT MEASURE. At the option of the planning committee, and with the explicit approval of the regional transit authority, the participating counties may choose to impose any remaining high capacity transportation taxes under chapter 81.104 RCW that have not otherwise been used by a regional transit authority and submit to the voters a common ballot measure that creates the district, approves the regional transportation investment plan, implements the taxes, and implements any remaining high capacity transportation taxes within the boundaries of the
regional transportation investment district. Collection and expenditures of any high capacity transportation taxes implemented under this section must be determined by agreement between the participating counties or district and the regional transit authority electing to submit high capacity transportation taxes to the voters under a common ballot measure as provided in this section. If the measure fails, all such unused high capacity transportation taxes revert back to and remain with the regional transit authority. A project constructed with this funding is not considered a "transportation project" under section 102 of this act.

Sec. 202. RCW 81.104.140 and 1992 c 101 s 25 are each amended to read as follows:

(1) Agencies authorized to provide high capacity transportation service, including transit agencies and regional transit authorities, and regional transportation investment districts acting with the agreement of an agency, are hereby granted dedicated funding sources for such systems. These dedicated funding sources, as set forth in RCW 81.104.150, 81.104.160, and 81.104.170, are authorized only for agencies located in (a) each county with a population of two hundred ten thousand or more and (b) each county with a population of from one hundred twenty-five thousand to less than two hundred ten thousand except for those counties that do not border a county with a population as described under (a) of this subsection. In any county with a population of one million or more or in any county having a population of four hundred thousand or more bordering a county with a population of one million or more, these funding sources may be imposed only by a regional transit authority or a regional transportation investment district. Regional transportation investment districts may, with the approval of the regional transit authority within its boundaries, impose the taxes authorized under this chapter, but only upon approval of the voters and to the extent that the maximum amount of taxes authorized under this chapter have not been imposed.

(2) Agencies planning to construct and operate a high capacity transportation system should also seek other funds, including federal, state, local, and private sector assistance.

(3) Funding sources should satisfy each of the following criteria to the greatest extent possible:
   (a) Acceptability;
   (b) Ease of administration;
   (c) Equity;
   (d) Implementation feasibility;
   (e) Revenue reliability; and
   (f) Revenue yield.

(4) Agencies participating in regional high capacity transportation system development are authorized to levy and collect the following voter-approved local option funding sources:
   (a) Employer tax as provided in RCW 81.104.150, other than by regional transportation investment districts;
   (b) Special motor vehicle excise tax as provided in RCW 81.104.160; and
   (c) Sales and use tax as provided in RCW 81.104.170.

Revenues from these taxes may be used only to support those purposes prescribed in subsection (10) of this section. Before the date of an election authorizing an agency to impose any of the taxes enumerated in this section and authorized in RCW 81.104.150, 81.104.160, and 81.104.170, the agency must comply with the process prescribed in RCW 81.104.100 (1) and (2) and 81.104.110. No construction on exclusive right of way may occur before the requirements of RCW 81.104.100(3) are met.

(5) Authorization in subsection (4) of this section shall not adversely affect the funding authority of transit agencies not provided for in this chapter. Local option funds may be used to support implementation of interlocal agreements with respect to the establishment of regional high capacity transportation service. Except when a regional transit authority exists, local jurisdictions shall retain control over moneys generated within their boundaries, although funds may be commingled with those generated in other areas for planning, construction, and operation of high capacity transportation systems as set forth in the agreements.

(6) Agencies planning to construct and operate high capacity transportation systems may contract with the state for collection and transference of voter-approved local option revenue.
(7) Dedicated high capacity transportation funding sources authorized in RCW 81.104.150, 81.104.160, and 81.104.170 shall be subject to voter approval by a simple majority. A single ballot proposition may seek approval for one or more of the authorized taxing sources. The ballot title shall reference the document identified in subsection (8) of this section.

(8) Agencies shall provide to the registered voters in the area a document describing the systems plan and the financing plan set forth in RCW 81.104.100. It shall also describe the relationship of the system to regional issues such as development density at station locations and activity centers, and the interrelationship of the system to adopted land use and transportation demand management goals within the region. This document shall be provided to the voters at least twenty days prior to the date of the election.

(9) For any election in which voter approval is sought for a high capacity transportation system plan and financing plan pursuant to RCW 81.104.040, a local voter's pamphlet shall be produced as provided in chapter 29.81A RCW.

(10) Agencies providing high capacity transportation service shall retain responsibility for revenue encumbrance, disbursement, and bonding. Funds may be used for any purpose relating to planning, construction, and operation of high capacity transportation systems and commuter rail systems, personal rapid transit, busways, bus sets, and entrained and linked buses.

III. HIGHWAYS OF STATEWIDE SIGNIFICANCE

Sec. 301. RCW 47.05.021 and 1998 c 245 s 95 and 1998 c 171 s 5 are each reenacted and amended to read as follows:

LEGISLATURE MAY DESIGNATE HIGHWAYS OF STATEWIDE SIGNIFICANCE.

(1) The transportation commission is hereby directed to conduct periodic analyses of the entire state highway system, report thereon to the chairs of the transportation committees of the senate and house of representatives, including one copy to the staff of each of the committees, biennially and based thereon, to subdivide, classify, and subclassify according to their function and importance all designated state highways and those added from time to time and periodically review and revise the classifications into the following three functional classes:

(a) The "principal arterial system" shall consist of a connected network of rural arterial routes with appropriate extensions into and through urban areas, including all routes designated as part of the interstate system, which serve corridor movements having travel characteristics indicative of substantial statewide and interstate travel;

(b) The "minor arterial system" shall, in conjunction with the principal arterial system, form a rural network of arterial routes linking cities and other activity centers which generate long distance travel, and, with appropriate extensions into and through urban areas, form an integrated network providing interstate and interregional service; and

(c) The "collector system" shall consist of routes which primarily serve the more important intercounty, intracounty, and intraurban travel corridors, collect traffic from the system of local access roads and convey it to the arterial system, and on which, regardless of traffic volume, the predominant travel distances are shorter than on arterial routes.

(2) In making the functional classification the transportation commission shall adopt and give consideration to criteria consistent with this section and federal regulations relating to the functional classification of highways, including but not limited to the following:

(a) Urban population centers within and without the state stratified and ranked according to size;

(b) Important traffic generating economic activities, including but not limited to recreation, agriculture, government, business, and industry;

DISTRICT AUTHORITY TO IMPOSE HIGH-OCCUPANCY VEHICLE TAXES. Sec. 410. RCW 81.100.030 and 1991 c 363 s 153 are each amended to read as follows:
DISTRICT AUTHORITY TO IMPOSE HIGH-OCCUPANCY VEHICLE EMPLOYER TAX. (1) A county with a population of one million or more, or a county with a population of from two hundred ten thousand to less than one million that is adjoining a county with a population of one million or more, and having within its boundaries existing or planned high-occupancy vehicle lanes on the state highway system, or a regional transportation investment district for capital improvements, but only to the extent that the tax has not already been imposed by the county, may, with voter approval impose an excise tax of up to two dollars per employee per month on all employers or any class or classes of employers, public and private, including the state located in the agency’s jurisdiction, measured by the number of full-time equivalent employees. In no event may the total taxes imposed under this section exceed two dollars per employee per month for any single employer. The county or investment district imposing the tax authorized in this section may provide for exemptions from the tax to such educational, cultural, health, charitable, or religious organizations as it deems appropriate.

Counties or investment districts may contract with the state department of revenue or other appropriate entities for administration and collection of the tax. Such contract shall provide for deduction of an amount for administration and collection expenses.

(2) The tax shall not apply to employment of a person when the employer has paid for at least half of the cost of a transit pass issued by a transit agency for that employee, valid for the period for which the tax would otherwise be owed.

(3) A county or investment district shall adopt rules (which) that exempt from all or a portion of the tax any employer that has entered into an agreement with the county or investment district that is designed to reduce the proportion of employees who drive in single-occupant vehicles during peak commuting periods in proportion to the degree that the agreement is designed to meet the goals for the employer’s location adopted under RCW 81.100.040.

The agreement shall include a list of specific actions that the employer will undertake to be entitled to the exemption. Employers having an exemption from all or part of the tax through this subsection shall annually certify to the county or investment district that the employer is fulfilling the terms of the agreement. The exemption continues as long as the employer is in compliance with the agreement.
If the tax authorized in RCW 81.100.060 is also imposed (by the county), the total proceeds from both tax sources each year shall not exceed the maximum amount which could be collected under RCW 81.100.060.

Sec. 411. RCW 81.100.060 and 1998 c 321 s 34 are each amended to read as follows:

DISTRICT AUTHORITY TO IMPOSE HIGH-OCCUPANCY VEHICLE MOTOR VEHICLE EXCISE TAX. A county with a population of one million or more and a county with a population of from two hundred ten thousand to less than one million that is adjoining a county with a population of one million or more, having within their boundaries existing or planned high-occupancy vehicle lanes on the state highway system, or a regional transportation investment district for capital improvements, but only to the extent that the surcharge has not already been imposed by the county, may, with voter approval, impose a local surcharge of not more than (13.64 percent on the state motor vehicle excise tax paid under RCW 82.44.020(1)) three-tenths of one percent of the value on vehicles registered to a person residing within the county and not more than 13.64 percent on the state sales and use taxes paid under the rate in RCW 82.08.020(2) on retail car rentals within the county or investment district. A county may impose the surcharge only to the extent that it has not been imposed by the district. No surcharge may be imposed on vehicles licensed under RCW 46.16.070 except vehicles with an unladen weight of six thousand pounds or less, RCW 46.16.079, 46.16.085, or 46.16.090.

Counties or investment districts imposing a tax under this section shall contract, before the effective date of the resolution or ordinance imposing a surcharge, administration and collection to the state department of licensing, and department of revenue, as appropriate, which shall deduct an amount, as provided by contract, for administration and collection expenses incurred by the department. All administrative provisions in chapters 82.03, 82.32, and 82.44 RCW shall, insofar as they are applicable to (state) motor vehicle excise taxes, be applicable to surcharges imposed under this section. All administrative provisions in chapters 82.03, 82.08, 82.12, and 82.32 RCW shall, insofar as they are applicable to state sales and use taxes, be applicable to surcharges imposed under this section.

If the tax authorized in RCW 81.100.030 is also imposed (by the county), the total proceeds from tax sources imposed under this section and RCW 81.100.030 each year shall not exceed the maximum amount which could be collected under this section.

Sec. 412. RCW 82.80.030 and 1990 c 42 s 208 are each amended to read as follows:

DISTRICT AUTHORITY TO IMPOSE PARKING TAX. (1) Subject to the conditions of this section, the legislative authority of a county (or city, or district) may fix and impose a parking tax on all persons engaged in a commercial parking business within its respective jurisdiction. A city or county may impose the tax only to the extent that it has not been imposed by the district, and a district may impose the tax only to the extent that it has not been imposed by a city or county. The jurisdiction of a county, for purposes of this section, includes only the unincorporated area of the county. The jurisdiction of a city or district includes only the area within its (incorporated) boundaries.

(2) In lieu of the tax in subsection (1) of this section, a city (or), a county in its unincorporated area, or a district may fix and impose a tax for the act or privilege of parking a motor vehicle in a facility operated by a commercial parking business. The city (or), county, or district may provide that:

(a) The tax is paid by the operator or owner of the motor vehicle;
(b) The tax applies to all parking for which a fee is paid, whether paid or leased, including parking supplied with a lease of nonresidential space;
(c) The tax is collected by the operator of the facility and remitted to the city (or), county, or district;
(d) The tax is a fee per vehicle or is measured by the parking charge;
(e) The tax rate varies with zoning or location of the facility, the duration of the parking, the time of entry or exit, the type or use of the vehicle, or other reasonable factors; and
(f) Tax exempt carpools, vehicles with handicapped decals, or government vehicles are exempt from the tax.
(3) "Commercial parking business" as used in this section, means the ownership, lease, operation, or management of a commercial parking lot in which fees are charged. "Commercial parking lot" means a covered or uncovered area with stalls for the purpose of parking motor vehicles.

(4) The rate of the tax under subsection (1) of this section may be based either upon gross proceeds or the number of vehicle stalls available for commercial parking use. The rates charged must be uniform for the same class or type of commercial parking business.

(5) The county, city, or district levying the tax provided for in subsection (1) or (2) of this section may provide for its payment on a monthly, quarterly, or annual basis. Each local government may develop by ordinance or resolution rules for administering the tax, including provisions for reporting by commercial parking businesses, collection, and enforcement.

(6) The proceeds of the commercial parking tax fixed and imposed by a city or county under subsection (1) or (2) of this section shall be used strictly for transportation purposes in accordance with RCW 82.80.070. The proceeds of the parking tax imposed by a district must be used as provided in chapter 36.--RCW (sections 101 through 118, 201, and 401 of this act).

Sec. 413. RCW 82.80.070 and 1991 c 141 s 4 are each amended to read as follows:

REQUIRES THAT LOCAL OPTION TAXES IMPOSED BY DISTRICT BE USED FOR DISTRICT TRANSPORTATION PROJECTS. The proceeds collected from excise taxes on the sale, distribution, or use of motor vehicle fuel and special fuel under RCW 82.80.010 shall be used exclusively for "highway purposes" as that term is construed in Article II, section 40 of the state Constitution.

(2) The local option transportation revenues shall be expended for transportation uses consistent with the adopted transportation and land use plans of the jurisdiction expending the funds and consistent with any applicable and adopted regional transportation plan for metropolitan planning areas.

(3) Each local government with a population greater than eight thousand that levies or expends local option transportation funds, is also required to develop and adopt a specific transportation program that contains the following elements:
   (a) The program shall identify the geographic boundaries of the entire area or areas within which local option transportation revenues will be levied and expended.
   (b) The program shall be based on an adopted transportation plan for the geographic areas covered and shall identify the proposed operation and construction of transportation improvements and services in the designated plan area intended to be funded in whole or in part by local option transportation revenues and shall identify the annual costs applicable to the program.
   (c) The program shall indicate how the local transportation plan is coordinated with applicable transportation plans for the region and for adjacent jurisdictions.
   (d) The program shall include at least a six-year funding plan, updated annually, identifying the specific public and private sources and amounts of revenue necessary to fund the program. The program shall include a proposed schedule for construction of projects and expenditure of revenues. The funding plan shall consider the additional local tax revenue estimated to be generated by new development within the plan area if all or a portion of the additional revenue is proposed to be earmarked as future appropriations for transportation improvements in the program.

(4) Local governments with a population greater than eight thousand exercising the authority for local option transportation funds shall periodically review and update their transportation program to ensure that it is consistent with applicable local and regional transportation and land use plans and within the means of estimated public and private revenue available.

(5) In the case of expenditure for new or expanded transportation facilities, improvements, and services, priorities in the use of local option transportation revenues shall be identified in the
transportation program and expenditures shall be made based upon the following criteria, which are stated in descending order of weight to be attributed:

(a) First, the project serves a multijurisdictional function;
(b) Second, it is necessitated by existing or reasonably foreseeable congestion;
(c) Third, it has the greatest person-carrying capacity;
(d) Fourth, it is partially funded by other government funds, such as from the state transportation improvement board, or by private sector contributions, such as those from the local transportation act, chapter 39.92 RCW; and
(e) Fifth, it meets such other criteria as the local government determines is appropriate.

(6) It is the intent of the legislature that as a condition of levying, receiving, and expending local option transportation revenues, no local government agency use the revenues to replace, divert, or loan any revenues currently being used for transportation purposes to nontransportation purposes. The association of Washington cities and the Washington state association of counties, in consultation with the legislative transportation committee, shall study the issue of nondiversion and make recommendations to the legislative transportation committee for language implementing the intent of this section by December 1, 1990.

(7) Local governments are encouraged to enter into interlocal agreements to jointly develop and adopt with other local governments the transportation programs required by this section for the purpose of accomplishing regional transportation planning and development.

(8) Local governments may use all or a part of the local option transportation revenues for the amortization of local government general obligation and revenue bonds issued for transportation purposes consistent with the requirements of this section.

(9) Subsections (1) through (8) of this section do not apply to a regional transportation investment district imposing a tax or fee under the local option authority of this chapter. Proceeds collected under the exercise of local option authority under this chapter by a district must be used in accordance with chapter 36.--RCW (sections 101 through 118, 201, and 401 of this act).

**Sec. 414.** RCW 82.80.080 and 1998 c 281 s 2 are each amended to read as follows:

County population for purposes of this section is equal to one and one-half of the unincorporated population of the county. In calculating the distributions, the state treasurer shall use the population estimates prepared by the state office of financial management and shall further calculate the distribution based on information supplied by the departments of licensing and revenue, as appropriate.

(2) The state treasurer shall distribute revenues, less authorized deductions, generated by the local option taxes authorized in RCW 82.80.010 and 82.80.020 levied by qualifying cities and towns to the levying cities and towns.

Strike everything after the enacting clause and insert the following:

"PART I - ACCOUNTABILITY FOR TRANSPORTATION PROJECTS AND PROGRAMS

NEW SECTION, Sec. 101. It is essential that the legislature improve the accountability and efficiency of the department of transportation. Taxpayers must know that their tax dollars are being well spent to deliver critically needed transportation projects. To accomplish this, a transportation accountability process must be established to provide oversight on transportation projects. The legislative transportation accountability committee will replace and assume the duties and responsibilities of the legislative transportation committee and, additionally, in conjunction with an independent transportation accountability board, report to the public on how tax dollars are spent on projects funded by new transportation taxes under this act.

NEW SECTION, Sec. 102. In addition to the legislative transportation accountability committee’s other responsibilities under this chapter, the committee has the following responsibilities:
(1) Direct the department of transportation to submit a transportation accountability audit report as required under section 103 of this act;
(2) Report annually to the governor and the legislature on the department's progress on each project as further defined in section 103 of this act;
(3) When necessary, make policy recommendations for improving efficiencies, savings, or improvements in the department's project management, accountability measures, or project delivery mechanisms;
(4) Recommend any leading edge transportation project delivery strategies, oversight, accountability, or efficiency measures; and
(5) Appoint members of the transportation accountability board as nominated by the governor pursuant to section 106 of this act.

NEW SECTION.  Sec. 103. The department of transportation shall prepare and submit to the transportation commission once each quarter a comprehensive audit report on each transportation project funded by this act. The audit report shall be known as the "transportation accountability audit." For the purposes of this act, the audit must include the following elements:

1. Project status and any scope changes;
2. Estimated completion date and cost, noting any changes from past estimates;
3. Actual project expenditures as compared with projected expenditures;
4. Any changes in financing for each project;
5. Claim or change orders that result in greater than a five-percent cumulative increase in project cost, or greater than sixty days of delay;
6. Status of any required permits;
7. Mitigation efforts to relieve both traffic and environmental impacts;
8. Evaluation of work force effectiveness, including both state employees and contractors;
9. Outlook for the upcoming year, including projected accomplishments and challenges;
10. Copies of any accountability reports filed with the federal highway administration; and
11. Any other useful information the committee or commission requests.

NEW SECTION.  Sec. 104. The transportation commission must review the proposed transportation accountability audit submitted by the department. After reviewing the information contained therein, the commission may request additional information or data, or ask for clarifications. The commission is prohibited from changing any of the data contained in the audit report.

After conducting its review, the commission must forward the transportation accountability audit to the legislative transportation accountability committee and the transportation accountability board.

NEW SECTION.  Sec. 105. (1) Upon completion of its review under section 104 of this act, the transportation commission shall forward the transportation accountability audit to the transportation accountability board and the legislative transportation accountability committee. The transportation accountability board will accept or reject the report.

(a) In determining whether to accept or reject the report, the board:
   (i) Will analyze, investigate, and evaluate the data contained in the audit report;

   (iii) May request additional information or data from the department of transportation.

(b) As part of the evaluation process, the board may make recommendations to the legislative transportation accountability committee for efficiencies, savings, or improvements in the department’s project management, accountability measures, or project delivery mechanisms.

(2) After reviewing the report, the board must forward the transportation accountability audit and recommendations to the office of financial management and the legislative transportation accountability committee.

(3) The legislative transportation accountability committee must make the transportation accountability audit report available to the public.

(4) In addition to its regular staff, the legislative transportation accountability committee is authorized to contract out for planners, consultants, and other technical personnel to advise it, or the board at its request, in the performance of its duties, assist in the review of the transportation accountability audit, and to assist in other audits initiated by the committee.

(5) Staff support to the board must be provided by the legislative transportation accountability committee, which shall provide professional support for the duties, functions, responsibilities, and activities of the board, including but not limited to information technology systems; data collection, processing, analysis, and reporting; project management; and office space, equipment, and secretarial

(3) The legislative transportation accountability committee may not remove members from the board before the expiration of their terms unless for cause based upon a determination of incapacity, incompetence, neglect of duty, or malfeasance in office by the Thurston county superior court, upon petition and show cause proceedings brought for that purpose in that court and directed to the board member in question.
(4) No member may be appointed for more than three consecutive terms.

NEW SECTION. Sec. 107. (1) The board shall meet periodically. It may adopt its own rules and may establish its own procedures.    (2) The department shall issue a license to an adult family home if the department finds that the applicant and the home are in compliance with this chapter and the rules adopted under this chapter, unless (a) the applicant has prior violations of this chapter relating to the adult family home subject to the application or any other adult family home, or of any other law regulating residential care facilities within the past five years that resulted in revocation or nonrenewal of a license; or (b) the applicant has a history of significant noncompliance with federal, state, or local laws, rules, or regulations relating to the provision of care or services to vulnerable adults or to children.

SECOND SUBSTITUTE HOUSE BILL NO. 1646,
SUBSTITUTE HOUSE BILL NO. 2926,

SENATE AMENDMENTS TO HOUSE BILL

March 14, 2002

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2697, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 36.70A.020 and 1990 1st ex.s. c 17 s 2 are each amended to read as follows:

The following goals are adopted to guide the development and adoption of comprehensive plans and development regulations of those counties and cities that are required or choose to plan under RCW 36.70A.040. The following goals are not listed in order of priority and shall be used exclusively for the purpose of guiding the development of comprehensive plans and development regulations:

(1) Urban growth. Encourage development in urban areas where adequate public facilities and services exist or can be provided in an efficient manner.
(2) Reduce sprawl. Reduce the inappropriate conversion of undeveloped land into sprawling, low-density development.
(3) Transportation. Encourage efficient multimodal transportation systems that are based on regional priorities and coordinated with county and city comprehensive plans.
(4) Housing. Encourage the availability of affordable housing to all economic segments of the population of this state, promote a variety of residential densities and housing types, and encourage preservation of existing housing stock.
(5) Economic development. Encourage economic development throughout the state that is consistent with adopted comprehensive plans, promote economic opportunity for all citizens of this state, especially for unemployed and for disadvantaged persons, promote the retention and expansion of existing businesses and recruitment of new businesses, recognize regional differences impacting economic development opportunities, and encourage growth in areas experiencing insufficient economic growth, all within the capacities of the state's natural resources, public services, and public facilities.
(6) Property rights. Private property shall not be taken for public use without just compensation having been made. The property rights of landowners shall be protected from arbitrary and discriminatory actions.
(7) Permits. Applications for both state and local government permits should be processed in a timely and fair manner to ensure predictability.
(8) Natural resource industries. Maintain and enhance natural resource-based industries, including productive timber, agricultural, and fisheries industries. Encourage the conservation of productive forest lands and productive agricultural lands, and discourage incompatible uses."
(9) Open space and recreation. Encourage the retention of open space and development of recreation facilities, enhance recreational opportunities, conserve fish and wildlife habitat, increase access to natural resource lands and water, and develop parks and recreation facilities.

(10) Environment. Protect the environment and enhance the state’s high quality of life, including air and water quality, and the availability of water.

(11) Citizen participation and coordination. Encourage the involvement of citizens in the planning process and ensure coordination between communities and jurisdictions to reconcile conflicts.

(12) Public facilities and services. Ensure that those public facilities and services necessary to support development shall be adequate to serve the development at the time the development is available for occupancy and use without decreasing current service levels below locally established minimum standards.

(13) Historic preservation. Identify and encourage the preservation of lands, sites, and structures that have historical or archaeological significance.

Sec. 2. RCW 36.70A.070 and 1998 c 171 s 2 are each amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140.

Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of ground water used for public water supplies. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element ensuring the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs that identifies the number of housing units necessary to manage projected growth; (b) includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent. Park and recreation facilities shall be included in the capital facilities plan element.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.
(5) Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

(b) Rural development. The rural element shall permit rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities, uses, essential public facilities, and rural governmental services needed to serve the permitted densities and uses. In order to achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural densities and uses that are not characterized by urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

(i) Containing or otherwise controlling rural development;
(ii) Assuring visual compatibility of rural development with the surrounding rural area;
(iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;
(iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and ground water resources; and
(v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments. A commercial, industrial, residential, shoreline, or mixed-use area shall be subject to the requirements of (d)(iv) of this subsection, but shall not be subject to the requirements of (c)(ii) and (iii) of this subsection. An industrial area is not required to be principally designed to serve the existing and projected rural population;

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of isolated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where there is a logical boundary delineated predominately by
the built environment, but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl; 

(v) For purposes of (d) of this subsection, an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county’s population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element.

(a) The transportation element shall include the following subelements:

(i) Land use assumptions used in estimating travel;

(ii) Estimated traffic impacts to state-owned transportation facilities resulting from land use assumptions to assist the department of transportation in monitoring the performance of state facilities, to plan improvements for the facilities, and to assess the impact of land-use decisions on state-owned transportation facilities;

(iii) Facilities and services needs, including:

(A) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning. This inventory must include state-owned transportation facilities within the city or county’s jurisdiction boundaries;

(B) Level of service standards for all locally owned arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(C) For state-owned transportation facilities, level of service standards for highways, as prescribed in chapters 47.06 and 47.80 RCW, to gauge the performance of the system. The purposes of reflecting level of service standards for state highways in the local comprehensive plan are to monitor the performance of the system, to evaluate improvement strategies, and to facilitate coordination between the county’s or city’s six-year street, road, or transit program and the department of transportation’s six-year investment program. The concurrency requirements of (b) of this subsection do not apply to transportation facilities and services of statewide significance except for counties consisting of islands whose only connection to the mainland are state highways or ferry routes. In these island counties, state highways and ferry route capacity must be a factor in meeting the concurrency requirements in (b) of this subsection;

(D) Specific actions and requirements for bringing into compliance locally owned transportation facilities or services that are below an established level of service standard;

(E) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(F) Identification of state and local system needs to meet current and future demands.

Identified needs on state-owned transportation facilities must be consistent with the statewide multimodal transportation plan required under chapter 47.06 RCW;

(iv) Finance, including:

(A) An analysis of funding capability to judge needs against probable funding resources;

(B) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program
required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems. The multiyear financing plan should be coordinated with the six-year improvement program developed by the department of transportation as required by RCW 47.05.030:

(C) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(v) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(vi) Demand-management strategies.

(b) After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a locally owned transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6) "concurrent with the development" shall mean that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years.

(c) The transportation element described in this subsection (6), and the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, RCW 35.58.2795 for public transportation systems, and RCW 47.05.030 for the state, must be consistent.

(7) An economic development element establishing local goals, policies, objectives, and provisions for economic growth and vitality and a high quality of life. The element shall include:
(a) A summary of the local economy such as population, employment, payroll, sectors, businesses, sales, and other information as appropriate; (b) a summary of the strengths and weaknesses of the local economy defined as the commercial and industrial sectors and supporting factors such as land use, transportation, utilities, education, workforce, housing, and natural/cultural resources; and (c) an identification of policies, programs, and projects to foster economic growth and development and to address future needs. A city that has chosen to be a residential community is exempt from the economic development element requirement of this subsection.

(8) A park and recreation element that implements, and is consistent with, the capital facilities plan element as it relates to park and recreation facilities. The element shall include: (a) Estimates of park and recreation demand for at least a ten-year period; (b) an evaluation of facilities and service needs; and (c) an evaluation of intergovernmental coordination opportunities to provide regional approaches for meeting park and recreational demand.

(9) It is the intent that new or amended elements required after January 1, 2002, be adopted concurrent with the scheduled update provided in RCW 36.70A.130. Requirements to incorporate any such new or amended elements shall be null and void until funds sufficient to cover applicable local government costs are appropriated and distributed by the state at least two years before local government must update comprehensive plans as required in RCW 36.70A.130."

On page 1, line 2 of the title, after "planning:" strike the remainder of the title and insert "and amending RCW 36.70A.020 and 36.70A.070."

SENATE AMENDMENTS TO HOUSE BILL

March 14, 2002

Mr. Speaker:

The Senate receded from its amendment to SUBSTITUTE HOUSE BILL NO. 2807, and under suspension of the rules returned SUBSTITUTE HOUSE BILL NO. 2807 to second reading for purpose of amendment. The Senate further adopted amendment the following amendment and passed the measure as amended:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature intends to strengthen the link between postsecondary education and K-12 education by creating the Washington promise scholarship program for academically successful high school graduates from low and middle-income families. The legislature finds that, increasingly, an individual’s economic viability is contingent on postsecondary educational opportunities, yet the state’s full financial obligation is eliminated after the twelfth grade. Students who work hard in kindergarten through twelfth grade and successfully complete high school with high academic marks may not have the financial ability to attend college because they cannot obtain financial aid or the financial aid is insufficient.

NEW SECTION. Sec. 2. The higher education coordinating board shall design the Washington promise scholarship program based on the following parameters:

(1) Scholarships shall be awarded to students graduating from public and approved private high schools under chapter 28A.195 RCW and students participating in home-based instruction as provided in chapter 28A.200 RCW who meet both an academic and a financial eligibility criteria.

(a) Academic eligibility criteria shall be defined as follows:

(i) Beginning with the graduating class of 2002, students graduating from public and approved private high schools under chapter 28A.195 RCW must be in the top fifteen percent of their graduating class, as identified by each respective high school at the completion of the student’s senior year; or

(ii) Students graduating from public high schools, approved private high schools under chapter 28A.195 RCW, and students participating in home-based instruction as provided in chapter 28A.200 RCW must equal or exceed a cumulative scholastic assessment test I score of twelve
hundred on their first attempt or must equal or exceed a composite American college test score of twenty-seven on their first attempt.

(b) To meet the financial eligibility criteria, a student’s family income shall not exceed one hundred thirty-five percent of the state median family income adjusted for family size, as determined by the higher education coordinating board for each graduating class. Students not meeting the eligibility requirements for the first year of scholarship benefits may reapply for the second year of benefits, but must still meet the income standard set by the board for the student’s graduating class.

(2) Promise scholarships are not intended to supplant any grant, scholarship, or tax program related to postsecondary education. If the board finds that promise scholarships supplant or reduce any grant, scholarship, or tax program for categories of students, then the board shall adjust the financial eligibility criteria or the amount of scholarship to the level necessary to avoid supplanting.

(3) Within available funds, each qualifying student shall receive two consecutive annual awards, the value of each not to exceed the full-time annual resident tuition rates charged by Washington’s community colleges. The higher education coordinating board shall award scholarships to as many students as possible from among those qualifying under this section.

(4) By October 15th of each year, the board shall determine the award amount of the scholarships, after taking into consideration the availability of funds.

(5) The scholarships may only be used for undergraduate coursework at accredited institutions of higher education in the state of Washington.

(6) The scholarships may be used for undergraduate coursework at Oregon institutions of higher education that are part of the border county higher education opportunity project in RCW 28B.80.806 when those institutions offer programs not available at accredited institutions of higher education in Washington state.

(7) The scholarships may be used for college-related expenses, including but not limited to, tuition, room and board, books, and materials.

(8) The scholarships may not be awarded to any student who is pursuing a degree in theology.

(9) The higher education coordinating board may establish satisfactory progress standards for the continued receipt of the promise scholarship.

(10) The higher education coordinating board shall establish the time frame within which the student must use the scholarship.

NEW SECTION. Sec. 3. The higher education coordinating board, with the assistance of the office of the superintendent of public instruction, shall implement and administer the Washington promise scholarship program described in section 2 of this act as follows:

(1) The first scholarships shall be awarded to eligible students enrolling in postsecondary education in the 2002-03 academic year.

(2) The office of the superintendent of public instruction shall provide information to the higher education coordinating board that is necessary for implementation of the program. The higher education coordinating board and the office of the superintendent of public instruction shall jointly establish a timeline and procedures necessary for accurate and timely data reporting.

(a) For students meeting the academic eligibility criteria as provided in section 2(1)(a) of this act, the office of the superintendent of public instruction shall provide the higher education coordinating board with student names, addresses, birth dates, and unique numeric identifiers.

(b) Public and approved private high schools under chapter 28A.195 RCW shall provide requested information necessary for implementation of the program to the office of the superintendent of public instruction within the established timeline.

(c) All student data is confidential and may be used solely for the purposes of providing scholarships to eligible students.

(3) The higher education coordinating board may adopt rules to implement this chapter.

coordinating board shall first ensure that eligibility for state need grant recipients is at least fifty-five percent of state median family income.

NEW SECTION. Sec. 6. (1) The Washington promise scholarship account is created in the custody of the state treasurer. The account shall be a nontreasury account retaining its interest earnings in accordance with RCW 43.79A.040.
(2) The higher education coordinating board shall deposit in the account all money received for the program. The account shall be self-sustaining and consist of funds appropriated by the legislature for the Washington promise scholarship program, private contributions to the program, and refunds of Washington promise scholarships.
(3) Expenditures from the account shall be used for scholarships to eligible students.
(4) With the exception of the operating costs associated with the management of the account by the treasurer’s office as authorized in chapter 43.79A RCW, the account shall be credited with all investment income earned by the account.
(5) Disbursements from the account are exempt from appropriations and the allotment provisions of chapter 43.88 RCW.
(6) Disbursements from the account shall be made only on the authorization of the higher education coordinating board.

Sec. 7. RCW 43.79A.040 and 2001 c 201 s 4 and 2001 c 184 s 4 are each reenacted and amended to read as follows:
(1) Money in the treasurer’s trust fund may be deposited, invested, and reinvested by the state treasurer in accordance with RCW 43.84.080 in the same manner and to the same extent as if the money were in the state treasury.
(2) All income received from investment of the treasurer’s trust fund shall be set aside in an account in the treasury trust fund to be known as the investment income account.
(3) The investment income account may be utilized for the payment of purchased banking services on behalf of treasurer’s trust funds including, but not limited to, depository, safekeeping, and disbursement functions for the state treasurer or affected state agencies. The investment income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for payments to financial institutions. Payments shall occur prior to distribution of earnings set forth in subsection (4) of this section.
(4)(a) Monthly, the state treasurer shall distribute the earnings credited to the investment income account to the state general fund except under (b) and (c) of this subsection.
(b) The following accounts and funds shall receive their proportionate share of earnings based upon each account’s or fund’s average daily balance for the period: The Washington promise scholarship account, the college savings program account, the Washington advanced college tuition payment program account, the agricultural local fund, the American Indian scholarship endowment fund, the basic health plan self-insurance reserve account, the Washington international exchange scholarship endowment fund, the developmental disabilities endowment trust fund, the energy account, the fair fund, the game farm alternative account, the grain inspection revolving fund, the juvenile accountability incentive account, the rural rehabilitation account, the stadium and exhibition center account, the youth athletic facility account, the self-insurance revolving fund, the sulfur dioxide abatement account, and the children’s trust fund. Strike everything after the enacting clause and insert the following:

"PART I - ACCOUNTABILITY FOR TRANSPORTATION PROJECTS AND PROGRAMS

NEW SECTION. Sec. 101. It is essential that the legislature improve the accountability and efficiency of the department of transportation. Taxpayers must know that their tax dollars are being well spent to deliver critically needed transportation projects. To accomplish this, a transportation accountability process must be established to provide oversight on transportation projects. The legislative transportation accountability committee will replace and assume the duties and responsibilities of the legislative transportation committee and, additionally, in conjunction with an independent transportation accountability board, report to the public on how tax dollars are spent on projects funded by new transportation accountability taxes under this act."
NEW SECTION. **Sec. 102.** In addition to the legislative transportation accountability committee’s other responsibilities under this chapter, the committee has the following responsibilities:

1. Direct the department of transportation to submit a transportation accountability audit report as required under section 103 of this act;
2. Report annually to the governor and the legislature on the department’s progress on each project as further defined in section 103 of this act;
3. When necessary, make policy recommendations for improving efficiencies, savings, or improvements in the department’s project management, accountability measures, or project delivery mechanisms;
4. Recommend any leading edge transportation project delivery strategies, oversight, accountability, or efficiency measures; and
5. Appoint members of the transportation accountability board as nominated by the governor pursuant to section 106 of this act.

NEW SECTION. **Sec. 103.** The department of transportation shall prepare and submit to the transportation commission once each quarter a comprehensive audit report on each transportation project funded by this act. The audit report shall be known as the "transportation accountability audit." For the purposes of this act, the audit must include the following elements:

1. Project status and any scope changes;
2. Estimated completion date and cost, noting any changes from past estimates;
3. Actual project expenditures as compared with projected expenditures;
4. Any changes in financing for each project;
5. Claim or change orders that result in greater than a five-percent cumulative increase in project cost, or greater than sixty days of delay;
6. Status of any required permits;
7. Mitigation efforts to relieve both traffic and environmental impacts;
8. Evaluation of work force effectiveness, including both state employees and contractors;
9. Outlook for the upcoming year, including projected accomplishments and challenges;
10. Copies of any accountability reports filed with the federal highway administration; and
11. Any other useful information the committee or commission requests.

NEW SECTION. **Sec. 104.** The transportation commission must review the proposed transportation accountability audit submitted by the department. After reviewing the information contained therein, the commission may request additional information or data, or ask for clarifications. The commission is prohibited from changing any of the data contained in the audit report.

After conducting its review, the commission must forward the transportation accountability audit to the legislative transportation accountability committee and the transportation accountability board.

NEW SECTION. **Sec. 105.** (1) Upon completion of its review under section 104 of this act, the transportation commission shall forward the transportation accountability audit to the transportation accountability board and the legislative transportation accountability committee. The transportation accountability board will accept or reject the report.

   (a) In determining whether to accept or reject the report, the board:
      i. Will analyze, investigate, and evaluate the data contained in the audit report;
      ii. May, when authorized by the legislative transportation accountability committee, contract out for planners, consultants, and other technical personnel to assist in the audit review process; and
      iii. May request additional information or data from the department of transportation.

   (b) As part of the evaluation process, the board may make recommendations to the legislative transportation accountability committee for efficiencies, savings, or improvements in the department’s project management, accountability measures, or project delivery mechanisms.
(2) After reviewing the report, the board must forward the transportation accountability audit and recommendations to the office of financial management and the legislative transportation accountability committee.

(3) The legislative transportation accountability committee must make the transportation accountability audit report available to the public.

(4) In addition to its regular staff, the legislative transportation accountability committee is authorized to contract out for planners, consultants, and other technical personnel to advise it, or the board at its request, in the performance of its duties, assist in the review of the transportation accountability audit, and to assist in other audits initiated by the committee.

(5) Staff support to the board must be provided by the legislative transportation accountability committee, which shall provide professional support for the duties, functions, responsibilities, and activities of the board, including but not limited to information technology systems; data collection, processing, analysis, and reporting; project management; and office space, equipment, and secretarial support. The legislative evaluation and accountability program will provide data and information technology support consistent with the support currently supplied to existing legislative committees.

NEW SECTION.  Sec. 106.  (1) The transportation accountability board is created.

(4) No member may be appointed for more than three consecutive terms.

NEW SECTION.  Sec. 107.  (1) The board shall meet periodically. It may adopt its own rules and may establish its own procedures. It shall act collectively in harmony with recorded resolutions or motions adopted by a majority vote of the members. The board shall be compensated from the general appropriation for the legislative transportation accountability committee and in accordance with RCW 43.03.250.

(2) Each member of the board will be compensated in accordance with RCW 43.03.250 and reimbursed for actual necessary traveling and other expenses in going to, attending, and returning from meetings of the board or that are incurred in the discharge of duties requested by the chairman. However, in no event may a board member be compensated in any year for more than one hundred twenty days, except the chairman may be compensated for not more than one hundred fifty days. (2) The terminal operator is not a licensee;
(3) The position holder has an expired internal revenue service notification certificate issued under chapter 26, C.F.R. Part 48; or

Sec. 309. RCW 82.38.075 and 1983 c 212 s 1 are each amended to read as follows:
In order to encourage the use of nonpolluting fuels, an annual license fee in lieu of the tax imposed by RCW 82.38.030 shall be imposed upon the use of natural gas as defined in this chapter or on liquified petroleum gas, commonly called propane, which is used in any motor vehicle, as defined in RCW 46.04.320, which shall be based upon the following schedule as adjusted by the formula set out below:

<table>
<thead>
<tr>
<th>VEHICLE TONNAGE (GVW) FEE</th>

<tbody>
<tr>
<td>0 - 6,000</td>

<tr>
<td>6,001 - 10,000</td>

<tr>
<td>28,001 - 36,000</td>
</tr>
<tr>

</tbody>
</table>

To determine the actual annual license fee imposed by this section for a registration year, the appropriate dollar amount set out in the above schedule shall be multiplied by the motor vehicle special fuel tax rate in cents per gallon as established by RCW 82.38.030 effective on July 1st of the preceding calendar year and the product thereof shall be divided by 12 cents.

The department of licensing, in addition to the foregoing fee, shall charge a further fee of five dollars as a handling charge for each license issued.

The director of licensing shall be authorized to prorate the vehicle tonnage fee so that the annual license required by this section will correspond with the staggered vehicle licensing system.

A decal or other identifying device issued upon payment of these annual fees shall be displayed as prescribed by the department as authority to purchase this fuel.

Persons selling or dispensing natural gas or propane may not sell or dispense this fuel for their own use or the use of others into tanks of vehicles powered by this fuel which do not display a valid decal or other identifying device as provided in this section.

Vehicles registered in jurisdictions outside the state of Washington are exempt from this section.

Any person selling or dispensing natural gas or propane into the tank of a motor vehicle powered by this fuel, except as prescribed in this chapter, is subject to the penalty provisions of this chapter.

(1) From time to time, but at least once each year, the state treasurer shall refund from the motor vehicle fund one percent of the motor vehicle fuel tax revenues collected under chapter 82.36 RCW, based on the tax rate in effect January 1, 1990, less proper deductions for refunds and costs of collection as provided in RCW 46.68.090. The treasurer shall place these funds in the general fund as follows:
(a) Forty percent shall be credited to the ORV and nonhighway vehicle account and administered by the department of natural resources solely for planning, maintenance, and

(d) Fifty-four and one-half percent, together with the funds received by the interagency committee for outdoor recreation under RCW 46.09.110, shall be credited to the nonhighway and off-road vehicle activities program account to be administered by the committee for planning, acquisition, development, maintenance, and management of ORV recreation facilities and nonhighway road recreation facilities; ORV user education and information; and ORV law enforcement programs. The expenditures in this subsection (1)(d) shall be calculated on the motor vehicle fuel tax in effect January 1, 1990, until this subsection (1)(d) is amended to reflect the findings of the recreational fuel use study provided in section 346, chapter 8, Laws of 2001 2nd sp. sess. The funds under this subsection shall be expended in accordance with the following limitations:

(i) Not more than twenty percent may be expended for ORV education, information, and law enforcement programs under this chapter;
(ii) Not less than an amount equal to the funds received by the interagency committee for outdoor recreation under RCW 46.09.110 and not more than sixty percent may be expended for ORV recreation facilities;
(iii) Not more than twenty percent may be expended for nonhighway road recreation facilities.

(2) On a yearly basis an agency may not, except as provided in RCW 46.09.110, expend more than ten percent of the funds it receives under this chapter for general administration expenses incurred in carrying out this chapter.

Sec. 311. RCW 46.10.170 and 1994 c 262 s 4 are each amended to read as follows:
From time to time, but at least once each four years, the department shall determine the amount of moneys paid to it as motor vehicle fuel tax that is tax on snowmobile fuel. Upon expiration of the time limited by RCW 82.36.330 for claiming of refunds of tax on marine fuel, the state of Washington shall succeed to the right to such refunds. The director of licensing, after taking into account past and anticipated claims for refunds from and deposits to the marine fuel tax refund account and the costs of carrying out the provisions of RCW 79A.25.030, shall request the state treasurer to transfer monthly from the marine fuel tax refund account an amount equal to the proportion of the moneys in the account representing the motor vehicle fuel tax
rate under RCW 82.36.025 in effect on January 1, 2001, to the recreation resource account and the remainder to the motor vehicle fund.

PART IV - SALES AND USE TAXES

Sec. 401. RCW 82.08.020 and 2000 2nd sp.s. c 4 s 1 are each amended to read as follows:
(1) There is levied and there shall be collected a tax on each retail sale in this state equal to six and five-tenths percent of the selling price.
(2) There is levied and there shall be collected an additional tax on each retail car rental, regardless of whether the vehicle is licensed in this state, equal to five and nine-tenths percent of the selling price. The revenue collected under this subsection shall be deposited in the multimodal transportation account created in RCW 47.66.070.
(3) Beginning April 1, 2003, there is levied and collected an additional tax of one percent of the selling price on each retail sale of a motor vehicle in this state, other than retail car rentals taxed under subsection (2) of this section.
(4) For purposes of subsection (3) of this section, "motor vehicle" has the meaning provided in RCW 46.04.320, but does not include farm tractors or farm vehicles as defined in RCW 46.04.180 and 46.04.181, off-road and nonhighway vehicles as defined in RCW 46.09.020, and snowmobiles as defined in RCW 46.10.010.
(5) The revenue collected under subsection (3) of this section must be deposited into the multimodal transportation account under RCW 47.66.070.
(6) The taxes imposed under this chapter shall apply to successive retail sales of the same property.
(7) The rates provided in this section apply to taxes imposed under chapter 82.12 RCW as provided in RCW 82.12.020.

Sec. 402. RCW 82.12.020 and 1999 c 358 s 9 are each amended to read as follows:
(1) There is hereby levied and there shall be collected from every person in this state a tax or excise for the privilege of using within this state as a consumer: (a) Any article of tangible personal property purchased at retail, or acquired by lease, gift, repossession, or bailment, or extracted or produced or manufactured by the person so using the same, or otherwise furnished to a person engaged in any business taxable under RCW 82.04.280 (2) or (7); or (b) any canned software, regardless of the method of delivery, but excluding canned software that is either provided free of charge or is provided for temporary use in viewing information, or both.
(2) This tax shall apply to the use of every service defined as a retail sale in RCW 82.04.050(3)(a) and the use of every article of tangible personal property, including property acquired at a casual or isolated sale, and including byproducts used by the manufacturer thereof, except as hereinafter provided, irrespective of whether the article or similar articles are manufactured or are available for purchase within this state.
(3) Except as provided in RCW 82.12.0252, payment by one purchaser or user of tangible personal property or service of the tax imposed by chapter 82.08 or 82.12 RCW shall not have the effect of exempting any other purchaser or user of the same property or service from the taxes imposed by such chapters.
(4) The tax shall be levied and collected in an amount equal to the value of the article used by the taxpayer multiplied by the rates in effect for the retail sales tax under RCW 82.08.020.

Sec. 403. RCW 82.12.045 and 1996 c 149 s 19 are each amended to read as follows:
(1) In the collection of the use tax on motor vehicles, the department of revenue may designate the county auditors of the several counties of the state as its collecting agents. Upon such designation, it shall be the duty of each county auditor to collect the tax at the time an applicant applies for the registration of, and transfer of title to, the motor vehicle, except in the following instances:
(a) Where the applicant exhibits a dealer's report of sale showing that the retail sales tax has been collected by the dealer;
(b) Where the application is for the renewal of registration;

c) Where the applicant presents a written statement signed by the department of revenue, or its duly authorized agent showing that no use tax is legally due; or

d) Where the applicant presents satisfactory evidence showing that the retail sales tax or the use tax has been paid by (him) the applicant on the vehicle in question.

(2) The term "motor vehicle," as used in this section means and includes all motor vehicles, trailers and semitrailers used, or of a type designed primarily to be used, upon the public streets and highways, for the convenience or pleasure of the owner, or for the conveyance, for hire or otherwise, of persons or property, including fixed loads, facilities for human habitation, and vehicles carrying exempt licenses.

(3) It shall be the duty of every applicant for registration and transfer of certificate of title who is subject to payment of tax under this section to declare upon (his) the application the value of the vehicle for which application is made, which shall consist of the consideration paid or contracted to be paid therefor.

(4) Each county auditor who acts as agent of the department of revenue shall at the time of remitting license fee receipts on motor vehicles subject to the provisions of this section pay over and account to the state treasurer for all use tax revenue collected under this section, after first deducting as (his) a collection fee the sum of two dollars for each motor vehicle upon which the tax has been collected. All revenue received by the state treasurer under this section shall be credited to the general fund. The auditor's collection fee shall be deposited in the county current expense fund. A duplicate of the county auditor's transmittal report to the state treasurer shall be forwarded forthwith to the department of revenue.

(5) Any applicant who has paid use tax to a county auditor under this section may apply to the department of revenue for refund thereof if he or she has reason to believe that such tax was not legally due and owing. No refund shall be allowed unless application therefor is received by the department of revenue within the statutory period for assessment of taxes, penalties, or interest prescribed by RCW 82.32.050(3). Upon receipt of an application for refund the department of revenue shall consider the same and issue its order either granting or denying it and if refund is denied the taxpayer shall have the right of appeal as provided in RCW 82.32.170, 82.32.180 and 82.32.190.

(6) The provisions of this section shall be construed as cumulative of other methods prescribed in chapters 82.04 to 82.32 RCW, inclusive, for the collection of the tax imposed by this chapter. The department of revenue shall have power to promulgate such rules as may be necessary to administer the provisions of this section. Any duties required by this section to be performed by the county auditor may be performed by the director of licensing but no collection fee shall be deductible by said director in remitting use tax revenue to the state treasurer.

(7) The use tax revenue collected on the rate provided in RCW 82.08.020(3) will be deposited in the multimodal transportation account under RCW 47.66.070.

NEW SECTION. Sec. 404. A new section is added to chapter 43.135 RCW to read as follows:

A transfer from the general fund to the multimodal transportation account under section 405 of this act for taxes collected under chapters 82.08 and 82.12 RCW on new construction projects within the improvement program in RCW 47.05.030(2), does not require a corresponding lowering of the state expenditure limit to reflect this shift for purposes of RCW 43.135.035(4).

NEW SECTION. Sec. 405. A new section is added to chapter 82.32 RCW to read as follows:

(1) Effective for taxes collected in fiscal year 2006, the tax imposed and collected under chapters 82.08 and 82.12 RCW, less any credits allowed under chapter 82.14 RCW, on construction projects within the improvement program in RCW 47.05.030(2), except for those projects related to safety and environmental retrofit, shall be transferred from the general fund to the multimodal transportation account once each year as described by subsection (3) of this section.

(2) This transaction is exempt from the requirements in RCW 43.135.035(4).
(3) Government entities conducting construction projects within the improvement program in RCW 47.05.030(2), except for those projects related to safety and environmental retrofit, shall report to the department by August 1st of each year the amount of state sales or use tax attributable to the projects identified in this section from the previous fiscal year for purposes of transfer to the multimodal transportation account. The department shall notify the state treasurer of the amount of the transfer by September 30th of each year.

PART V - BOND AUTHORIZATION

NEW SECTION. Sec. 501. In order to provide funds necessary for the location, design, right of way, and construction of selected state and local highway improvements, there shall be issued and sold upon the request of the transportation commission a total of four billion five hundred million dollars of general obligation bonds of the state of Washington.

NEW SECTION. Sec. 502. Upon the request of the transportation commission, as appropriate, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds authorized by RCW 46.68.090 in accordance with chapter 39.42 RCW. Bonds authorized by this act shall be sold in the manner, at time or times, in amounts, and at the price as the state finance committee shall determine. No bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

The state finance committee shall consider the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purpose of retiring the bonds during the life of the project for which they were issued.

NEW SECTION. Sec. 503. The proceeds from the sale of bonds authorized by section 501 of this act shall be deposited in the motor vehicle fund. The proceeds shall be available only for the purposes enumerated in section 501 of this act, for the payment of bond anticipation notes, if any, and for the payment of bond issuance costs, including the costs of underwriting.

NEW SECTION. Sec. 504. Bonds issued under the authority of section 501 of this act shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal and interest on the bonds shall be first payable from the proceeds of the state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW. Proceeds of these excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the authority of sections 501 through 506 of this act, and the legislature agrees to continue to impose these excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of section 501 of this act.

NEW SECTION. Sec. 505. Both principal and interest on the bonds issued for the purposes of section 501 of this act shall be payable from the highway bond retirement fund. The state finance committee may provide that a special account be created in the fund to facilitate payment of the principal and interest. The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount required for principal and interest on the bonds in accordance with the bond proceedings. The state treasurer shall withdraw revenues from the motor vehicle fund and deposit in the highway bond retirement fund, or a special account in the fund, such amounts, and at such times, as are required by the bond proceedings.

Any funds required for bond retirement or interest on the bonds authorized by section 501 of this act shall be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and which is, or may be, appropriated to the department of transportation for state highway purposes. Funds required shall never constitute a charge against any other allocations of motor vehicle fuel and special fuel tax revenues to the state,
counties, cities, and towns unless the amount arising from excise taxes on motor vehicle and special
fuels distributed to the state in the motor vehicle fund proves insufficient to meet the requirements
for bond retirement or interest on any such bonds.

Any payments for bond retirement or interest on the bonds taken from other revenues from
the motor vehicle fuel or special fuel taxes that are distributable to the state, counties, cities, and
towns shall be repaid from the first revenues from the motor vehicle fuel or special fuel taxes
distributed to the motor vehicle fund not required for bond retirement or interest on the bonds.

NEW SECTION.  Sec. 506. Bonds issued under the authority of section 501 of this act and
this section and any other general obligation bonds of the state of Washington that have been or that
may be authorized and that pledge motor vehicle and special fuels excise taxes for the payment of
principal and interest thereon shall be an equal charge against the revenues from such motor vehicle
and special fuels excise taxes.

NEW SECTION.  Sec. 507. For the purpose of providing funds for the planning, design,
construction, reconstruction, and other necessary costs for transportation projects, including rail and
passenger-only ferry projects, the state finance committee is authorized to issue general obligation
bonds of the state of Washington in the sum of one hundred million dollars, or as much thereof as
may be required, to finance these projects and all costs incidental thereto. Bonds authorized in this
section may be sold at such price as the state finance committee shall determine. No bonds
authorized in this section may be offered for sale without prior legislative appropriation of the net
proceeds of the sale of the bonds.

NEW SECTION.  Sec. 508. The proceeds of the sale of the bonds authorized in section 507
of this act must be deposited in the multimodal transportation account and must be used exclusively
for the purposes specified in section 507 of this act and for the payment of expenses incurred in the
issuance and sale of the bonds.

NEW SECTION.  Sec. 509. (1) The nondebt-limit reimbursable bond retirement account
must be used for the payment of the principal and interest on the bonds authorized in section 507 of
this act.

(2)(a) The state finance committee must, on or before June 30th of each year, certify to the
state treasurer the amount needed in the ensuing twelve months to meet the bond retirement and
interest requirements on the bonds authorized in section 507 of this act.

(b) On or before the date on which any interest or principal and interest is due, the state
treasurer shall transfer from the multimodal transportation account for deposit into the nondebt-limit
reimbursable bond retirement account the amount computed in (a) of this subsection for bonds issued
for the purposes of section 507 of this act.

(3) If the multimodal transportation account has insufficient revenues to pay the principal and
interest computed in subsection (2)(a) of this section, then the debt-limit reimbursable bond
retirement account must be used for the payment of the principal and interest on the bonds authorized
in section 507 of this act from any additional means provided by the legislature.

(4) If at any time the multimodal transportation account has insufficient revenues to repay the
bonds, the legislature may provide additional means for the payment of the bonds.

NEW SECTION.  Sec. 510. (1) Bonds issued under section 507 of this act must state that
they are a general obligation of the state of Washington, must pledge the full faith and credit of the
state to the payment of the principal and interest, and must contain an unconditional promise to pay
the principal and interest as it becomes due.

(2) The owner and holder of each of the bonds or the trustee for the owner and holder of any
of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of
funds as directed in this section.
NEW SECTION. Sec. 511. The legislature may provide additional means for raising moneys for the payment of the principal and interest on the bonds authorized in section 507 of this act, and sections 509 and 510 of this act are not deemed to provide an exclusive method for their payment.

NEW SECTION. Sec. 512. The bonds authorized in section 507 of this act are a legal investment for all state funds or funds under state control and for all funds of any other public body.

Sec. 513. RCW 39.42.060 and 2001 2nd sp. s. c 9 s 18 are each amended to read as follows:
No bonds, notes, or other evidences of indebtedness for borrowed money shall be issued by the state which will cause the aggregate debt contracted by the state to exceed that amount for which payments of principal and interest in any fiscal year would require the state to expend more than seven percent of the arithmetic mean of its general state revenues, as defined in section 1(c) of Article VIII of the Washington state Constitution for the three immediately preceding fiscal years as certified by the treasurer in accordance with RCW 39.42.070. It shall be the duty of the state finance committee to compute annually the amount required to pay principal of and interest on outstanding debt. In making such computation, the state finance committee shall include all borrowed money represented by bonds, notes, or other evidences of indebtedness which are secured by the full faith and credit of the state or are required to be paid, directly or indirectly, from general state revenues and which are incurred by the state, any department, authority, public corporation or quasi public corporation of the state, any state university or college, or any other public agency created by the state but not by counties, cities, towns, school districts, or other municipal corporations, and shall include debt incurred pursuant to section 3 of Article VIII of the Washington state Constitution, but shall exclude the following:

(1) Obligations for the payment of current expenses of state government;
(2) Indebtedness incurred pursuant to RCW 39.42.080 or 39.42.090;
(3) Principal of and interest on bond anticipation notes;
(4) Any indebtedness which has been refunded;
(5) Financing contracts entered into under chapter 39.94 RCW;
(6) Indebtedness authorized or incurred before July 1, 1993, pursuant to statute which requires that the state treasury be reimbursed, in the amount of the principal of and the interest on such indebtedness, from money other than general state revenues or from the special excise tax imposed pursuant to chapter 67.40 RCW;
(7) Indebtedness authorized and incurred after July 1, 1993, pursuant to statute that requires that the state treasury be reimbursed, in the amount of the principal of and the interest on such indebtedness, from (a) moneys outside the state treasury, except higher education operating fees, (b) higher education building fees, (c) indirect costs recovered from federal grants and contracts, and (d) fees and charges associated with hospitals operated or managed by institutions of higher education;
(8) Any agreement, promissory note, or other instrument entered into by the state finance committee under RCW 39.42.030 in connection with its acquisition of bond insurance, letters of credit, or other credit support instruments for the purpose of guaranteeing the payment or enhancing the marketability, or both, of any state bonds, notes, or other evidence of indebtedness;
(9) Indebtedness incurred for the purposes identified in RCW 43.99N.020;
(10) Indebtedness incurred for the purposes of the school district bond guaranty established by chapter 39.98 RCW;
(11) Indebtedness incurred for the purposes of replacing the waterproof membrane over the east plaza garage and revising related landscaping construction pursuant to RCW 43.99Q.070;
((and))
(12) Indebtedness incurred for the purposes of the state legislative building rehabilitation, to the extent that principal and interest payments of such indebtedness are paid from the capitol building construction account pursuant to RCW 43.99Q.140(2)(b); and
(13) Indebtedness incurred for the purposes of financing projects under section 507 of this act.
To the extent necessary because of the constitutional or statutory debt limitation, priorities with respect to the issuance or guaranteeing of bonds, notes, or other evidences of indebtedness by the state shall be determined by the state finance committee.

NEW SECTION. Sec. 514. Sections 501 through 512 of this act are each added to chapter 47.10 RCW.
