**"NEW SECTION. Sec. 1.** It is declared to be the public policy of the state and a recognized governmental function to assist residents who are experiencing a temporary crisis in retaining stable housing, and by so doing to contribute to the general welfare. Decent housing for the people of Washington state is a most important public concern. An escalation of rents and scarcity of housing supply have made it difficult for many Washingtonians to obtain stable housing, especially if they lose housing after experiencing an extraordinary life event that temporarily leaves them without resources and income. It is the long-standing practice of the state to make rental assistance available in many such urgent situations, and it is the intent of the legislature to provide a payment on the tenant's behalf to the landlord in certain eviction proceedings to give the tenant additional time to access resources that allow the tenants to stay in their home.

**Sec. 2.** RCW 59.12.030 and 1998 c 276 s 6 are each amended to read as follows:

A tenant of real property for a term less than life is (~~(guilty of)~~) liable for unlawful detainer either:

(1) When he or she holds over or continues in possession, in person or by subtenant, of the property or any part thereof after the expiration of the term for which it is let to him or her. When real property is leased for a specified term or period by express or implied contract, whether written or oral, the tenancy shall be terminated without notice at the expiration of the specified term or period;

(2) When he or she, having leased property for an indefinite time with monthly or other periodic rent reserved, continues in possession thereof, in person or by subtenant, after the end of any such month or period, when the landlord, more than twenty days prior to the end of such month or period, has served notice (in manner in RCW 59.12.040 provided) requiring him or her to quit the premises at the expiration of such month or period;

(3) When he or she continues in possession in person or by subtenant after a default in the payment of rent, and after notice in writing requiring in the alternative the payment of the rent or the surrender of the detained premises, served (in manner in RCW 59.12.040 provided) (~~(it)~~) on behalf of the person entitled to the rent upon the person owing it, has remained uncomplied with for the period of three days after service (~~(thereof)~~), or for the period

of fourteen days after service for tenancies under chapter 59.18 RCW. The notice may be served at any time after the rent becomes due. For the purposes of this subsection and as applied to tenancies under chapter 59.18 RCW, "rent" has the same meaning as defined in RCW 59.18.030;

(4) When he or she continues in possession in person or by subtenant after a neglect or failure to keep or perform any (~~other~~) condition or covenant of the lease or agreement under which the property is held, including any covenant not to assign or sublet, other than one for the payment of rent, and after notice in writing requiring in the alternative the performance of such condition or covenant or the surrender of the property, served (in manner in RCW 59.12.040 provided) upon him or her, and if there is a subtenant in actual possession of the premises, also upon such subtenant, shall remain uncomplied with for ten days after service thereof. Within ten days after the service of such notice the tenant, or any subtenant in actual occupation of the premises, or any mortgagee of the term, or other person interested in its continuance, may perform such condition or covenant and thereby save the lease from such forfeiture. For the purposes of this subsection and as applied to tenancies under chapter 59.18 RCW, "rent" has the same meaning as defined in RCW 59.18.030;

(5) When he or she commits or permits waste upon the demised premises, or when he or she sets up or carries on thereon any unlawful business, or when he or she erects, suffers, permits, or maintains on or about the premises any nuisance, and remains in possession after the service (in manner in RCW 59.12.040 provided) upon him or her of three days' notice to quit;

(6) A person who, without the permission of the owner and without having color of title thereto, enters upon land of another and who fails or refuses to remove therefrom after three days' notice, in writing and served upon him or her in the manner provided in RCW 59.12.040. Such person may also be subject to the criminal provisions of chapter 9A.52 RCW; or

(7) When he or she commits or permits any gang-related activity at the premises as prohibited by RCW 59.18.130.

NEW SECTION. Sec. 3. A new section is added to chapter 59.18 RCW to read as follows:

Any failure to comply with this notice within fourteen (14) days after service of this notice may result in a judicial proceeding that leads to your eviction from the premises.

**The Washington state Office of the Attorney General has this notice in multiple languages on its web site. You will also find information there on how to find a lawyer or advocate at low or no cost and any available resources to help you pay your rent. (2) The form required in this section does not abrogate any additional notice requirements to tenants as required by federal, state, or local law.

Under this chapter:

(1) A landlord must first apply any payment made by a tenant toward rent before applying any payment toward late payments, damages, legal costs, or other fees, including attorneys' fees.

(2) Except as provided in RCW 59.18.410, the tenant's right to possession of the premises may not be conditioned on a tenant's payment or satisfaction of any monetary amount other than rent. However, this does not foreclose a landlord from pursuing other lawful remedies to collect late payments, legal costs, or other fees, including attorneys' fees.

(3) When, at the commencement of the tenancy, the landlord has provided an installment payment plan for nonrefundable fees or deposits for the security of the tenant's

obligations and the tenant defaults in payment, the landlord may treat the default in payment as rent owing. Any rights the tenant and landlord have under this chapter with respect to rent owing equally apply under this subsection.

**Sec. 7.** RCW 59.18.410 and 2011 c 132 s 20 are each amended to read as follows:

(1) If ~~((upon the))~~ at trial the verdict of the jury or, if the case ~~((be))~~ is tried without a jury, the finding of the court ~~((be))~~ is in favor of the ~~((plaintiff))~~ landlord and against the ~~((defendant))~~ tenant, judgment shall be entered for the restitution of the premises; and if the proceeding ~~((be))~~ is for unlawful detainer after neglect or failure to perform any condition or covenant of a lease or agreement under which the property is held, or after default in the payment of rent, the judgment shall also declare the forfeiture of the lease, agreement, or tenancy. The jury, or the court, if the proceedings ~~((be))~~ are tried without a jury, shall also assess the damages arising out of the tenancy occasioned to the ~~((plaintiff))~~ landlord by any forcible entry, or by any forcible or unlawful detainer, alleged in the complaint and proved ~~((on the))~~ at trial, and, if the alleged unlawful detainer ~~((be after))~~ is based on default in the payment of rent, find the amount of any rent due, and the judgment shall be rendered against the ~~((defendant guilty of))~~ tenant liable for the forcible entry, forcible detainer, or unlawful detainer for the amount of damages thus assessed ~~((and))~~ for the rent, if any, found due, and late fees if such fees are due under the lease and do not exceed seventy-five dollars in total. The court may award statutory costs ~~((and))~~ . The court may also award reasonable ((attorney's)) attorneys' fees as provided in RCW 59.18.290.

(2) When the ~~((proceeding))~~ tenant is liable for ~~((an))~~ unlawful detainer after a default in the payment of rent, ((and the lease or agreement under which the rent is payable has not by its terms expired,)) execution upon the judgment shall not ~~((be issued))~~ occur until the expiration of five court days after the entry of the judgment~~((, within which)).~~ Before such time has expired, the tenant or any subtenant, or any mortgagee of the term, or other party interested in the continuance of the tenancy, may pay into court ((for)) or to the landlord the amount of the ((judgment and costs, and thereupon the judgment shall be satisfied and the)) rent due, any court costs incurred at the time of payment, late fees if such fees are due under the lease and do not exceed seventy-five dollars in total, and attorneys' fees if awarded, in which event any judgment entered shall be satisfied and the tenant restored to his or her tenancy((; but)). If a judgment has been satisfied, the landlord shall file a satisfaction of judgment with the court. A tenant seeking to exercise rights under this subsection shall pay an additional fifty dollars for each time the tenant was reinstated after judgment pursuant to this subsection within the previous twelve months prior to payment. If payment((; as herein provided, be)) of the amount specified in this subsection is not made within five court days after the entry of the judgment, the judgment may be enforced for its full amount and for the possession of the premises.

(3)(a) Following the entry of a judgment in favor of the landlord and against the tenant for the restitution of the premises and forfeiture of the tenancy due to nonpayment of rent, the court, at the time of the show cause hearing or trial, or upon subsequent motion of the tenant but before the execution of the writ of restitution, may stay the writ of restitution upon good cause and on such terms that the court deems fair and just for both parties. In making this decision, the court shall consider evidence of the following factors:

(i) The tenant's willful or intentional default or intentional failure to pay rent;

(ii) Whether nonpayment of the rent was caused by exigent circumstances that were beyond the tenant's control and that are not likely to recur;

(iii) The tenant's ability to timely pay the judgment;

(iv) The tenant's payment history;

(v) Whether the tenant is otherwise in substantial compliance with the rental agreement;

(vi) Hardship on the tenant if evicted; and

(vii) Conduct related to other notices served within the last six months.

(b) The burden of proof for such relief under this subsection (3) shall be on the tenant. If the tenant seeks relief pursuant to this subsection (3) at the time of the show cause hearing, the court shall hear the matter at the time of the show cause hearing or as expeditiously as possible so as to avoid unnecessary delay or hardship on the parties.

(c) In any order issued pursuant to this subsection (3):

(i) The court shall not stay the writ of restitution more than ninety days from the date of order, but may order repayment of the judgment balance within such time. If the payment plan is to exceed thirty days, the total cumulative payments for each thirty-day period following the order shall be no less than one month of the tenant's share of the rent, and the total amount of the judgment and all additional rent that is due shall be paid within ninety days.

(ii) Within any payment plan ordered by the court, the court shall require the tenant to pay to the landlord or to the court one month's rent within five court days of issuance of the order. If the date of the order is on or before the fifteenth of the month, the tenant shall remain current with ongoing rental payments as they become due for the duration of the payment plan; if the date of the order is after the fifteenth of the month, the tenant shall have the option to apportion the following month's rental payment within the payment plan, but monthly rental payments thereafter shall be paid according to the rental agreement.

(iii) The sheriff may serve the writ of restitution upon the tenant before the expiration of the five court days of issuance of the order; however, the sheriff shall not execute the writ of restitution until after expiration of the five court days in order for payment to be made of one month's rent as required by (c)(ii) of this subsection. In the event payment is made as provided in (c)(ii) of this subsection for one month's rent, the court shall stay the writ of restitution ex parte without prior notice to the landlord upon the tenant filing and presenting a motion to stay with a declaration of proof of payment demonstrating full compliance with the required payment of one month's rent. Any order staying the writ of restitution under this subsection (3)(c)(iii) shall require the tenant to serve a copy of the order on the landlord by personal delivery, first-class mail, facsimile, or email if agreed to by the parties.

(A) If the tenant has satisfied (c)(ii) of this subsection by paying one month's rent within five court days, but defaults on a subsequent payment required by the court pursuant to this subsection (3)(c), the landlord may enforce the writ of restitution after serving a notice of default in accordance with RCW 59.12.040 informing the tenant that he or she has defaulted on rent due under the lease agreement or payment plan entered by the court. Upon service of the notice of default, the tenant shall have three calendar days from the date of service to vacate the premises before the sheriff may execute the writ of restitution.

(B) If the landlord serves the notice of default described under this subsection (3)(c)(iii), an additional day is not included in calculating the time before the sheriff may execute the writ of restitution. The notice of default must be in substantially the following form:

(iv) If a tenant seeks to satisfy a condition of this subsection (3)(c) by relying on an emergency rental assistance program provided by a government or nonprofit entity and provides an offer of proof, the court shall stay the writ of restitution as necessary to afford the tenant an equal opportunity to comply.

(v) The court shall extend the writ of restitution as necessary to enforce the order issued pursuant to this subsection (3)(c) in the event of default.

(d) A tenant who has been served with three or more notices to pay or vacate for failure to pay rent as set forth in RCW 59.12.040 within twelve months prior to the notice to pay or vacate upon which the proceeding is based may not seek relief under this subsection (3).

(e)(i) In any application seeking relief pursuant to this subsection (3), the court shall issue a finding as to whether the tenant is low-income, limited resourced, or experiencing hardship to determine if the parties would be eligible for disbursement through the landlord mitigation program account established within RCW 43.31.605(1)(c). In making this finding, the court may include an inquiry regarding the tenant's income relative to area median income, household composition, any extenuating circumstances, or other factors, and may rely on written declarations or oral testimony by the parties at the hearing.

(ii) After a finding that the tenant is low-income, limited resourced, or experiencing hardship, the court may issue an order: (A) Finding that the landlord is eligible to receive on behalf of the tenant and may apply for reimbursement from the landlord mitigation program; and (B) directing the clerk to remit, without further order of the court, any future payments made by the tenant in order to reimburse the department of commerce pursuant to RCW 43.31.605(1)(c)(iii). Nothing in this subsection (3)(c) shall be deemed to obligate the department of commerce to provide assistance in claim reimbursement through the landlord mitigation program if there are not sufficient funds.

(iii) If the department of commerce fails to disburse payment to the landlord for the judgment pursuant to this subsection (3)(e) within thirty days from submission of the application, the landlord may renew an application for a writ of restitution pursuant to RCW 59.18.370 and for other rent owed by the tenant since the time of entry of the prior judgment. In such event, the tenant may exercise rights afforded under this section.

(iv) Upon payment by the department of commerce to the landlord for the remaining or total amount of the judgment, as applicable, the judgment is satisfied and the landlord shall file a satisfaction of judgment with the court.

(v) Nothing in this subsection (3)(e) prohibits the landlord from otherwise applying for reimbursement for an unpaid judgment pursuant to RCW 43.31.605(1)(c) after the tenant defaults on a payment plan ordered pursuant to (c) of this subsection.

(4) If a tenant seeks to stay a writ of restitution issued pursuant to this chapter, the court may issue an ex parte stay of the writ of restitution provided the tenant or tenant's attorney submits a declaration indicating good faith efforts were made to notify the other party or, if no efforts were made, why notice could not be provided prior to the application for an ex parte stay, and describing the immediate or irreparable harm that may result if an immediate stay is not granted.

(5) In all other cases the judgment may be enforced immediately. If a writ of restitution shall have been executed prior to judgment no further writ or execution for the premises shall be required.

(6) This section also applies if the writ of restitution is issued pursuant to a final judgment entered after a show cause hearing conducted in accordance with RCW 59.18.380.

**Sec. 8.** RCW 59.18.390 and 2011 c 132 s 19 are each amended to read as follows:

(1) The sheriff shall, upon receiving the writ of restitution, forthwith serve a copy thereof upon the ~~((defendant))~~ tenant, his or her agent, or attorney, or a person in possession of the premises, and shall not execute the same

for three days thereafter (~~and the defendant, or person in possession of the premises within three days after the service of the writ of restitution may execute to the plaintiff a bond to be filed with and approved by the clerk of the court in such sum as may be fixed by the judge, with sufficient surety to be approved by the clerk of the court, conditioned that they will pay to the plaintiff such sum as the plaintiff may recover for the use and occupation of the premises, or any rent found due, together with all damages the plaintiff may sustain by reason of the defendant occupying or keeping possession of the premises, together with all damages which the court theretofore has awarded to the plaintiff as provided in this chapter, and also all the costs of the action. If the writ of restitution was issued after alternative service provided for in RCW 59.18.055, the court shall determine the amount of the bond after considering the rent claimed and any other factors the court deems relevant. The plaintiff, his or her agent or attorneys, shall have notice of the time and place where the court or judge thereof shall fix the amount of the defendant's bond, and shall have notice and a reasonable opportunity to examine into the qualification and sufficiency of the sureties upon the bond before the bond shall be approved by the clerk~~). After the issuance of a writ of restitution, acceptance of a payment by the landlord (~~or plaintiff~~) that only partially satisfies the judgment will not invalidate the writ unless pursuant to a written agreement executed by both parties. The eviction will not be postponed or stopped unless a copy of that written agreement is provided to the sheriff. It is the responsibility of the tenant (~~or defendant~~) to ensure a copy of the agreement is provided to the sheriff. Upon receipt of the agreement, the sheriff will cease action unless ordered to do otherwise by the court. The writ of restitution and the notice that accompanies the writ of restitution required under RCW 59.18.312 shall conspicuously state in bold face type, all capitals, not less than twelve points information about partial payments as set forth in subsection (2) of this section. If the writ of restitution has been based upon a finding by the court that the tenant, subtenant, sublessee, or a person residing at the rental premises has engaged in drug-related activity or has allowed any other person to engage in drug-related activity at those premises with his or her knowledge or approval, neither the tenant (~~or the defendant~~) nor a person in possession of the premises shall be entitled to post a bond in order to retain possession of the premises. The writ may be served by the sheriff, in the event he or she shall be unable to find the (~~defendant~~) tenant, an agent or attorney, or a person in possession of the premises, by affixing a copy of the writ in a conspicuous place upon the premises: PROVIDED, That the sheriff shall not require any bond for the service or execution of the writ. The sheriff shall be immune from all civil liability for serving and enforcing writs of restitution unless the sheriff is grossly negligent in carrying out his or her duty.

(2) The notice accompanying a writ of restitution required under RCW 59.18.312 shall be substantially similar to the following:

**IMPORTANT NOTICE - PARTIAL PAYMENTS**

**YOUR LANDLORD'S ACCEPTANCE OF A PARTIAL PAYMENT FROM YOU AFTER SERVICE OF THIS WRIT OF RESTITUTION WILL NOT AUTOMATICALLY POSTPONE OR STOP YOUR EVICTION. IF YOU HAVE A WRITTEN AGREEMENT WITH YOUR LANDLORD THAT THE EVICTION WILL BE POSTPONED OR STOPPED, IT IS YOUR RESPONSIBILITY TO PROVIDE A COPY OF THE AGREEMENT TO THE SHERIFF. THE SHERIFF WILL NOT CEASE ACTION UNLESS YOU PROVIDE A COPY OF THE AGREEMENT. AT THE DIRECTION OF THE COURT THE SHERIFF MAY TAKE FURTHER ACTION.**

may include any other additional information about how to reimburse the account it deems necessary to fully inform the tenant.

(vi) The department's duties with respect to obtaining reimbursement from the tenant to the account are limited to those specified within this subsection (1)(c).

(4) Claims pursuant to subsection (1)(b) of this section related to a tenancy must total at least five hundred dollars in order for a claim to be eligible for reimbursement from the program. While claims or damages may exceed five

thousand dollars, total reimbursement from the program may not exceed five thousand dollars per tenancy.

(5) Damages, beyond wear and tear, that are eligible for reimbursement include, but are not limited to: Interior wall gouges and holes; damage to doors and cabinets, including hardware; carpet stains or burns; cracked tiles or hard surfaces; broken windows; damage to household fixtures such as disposal, toilet, sink, sink handle, ceiling fan, and lighting. Other property damages beyond normal wear and tear may also be eligible for reimbursement at the department's discretion.

(6) All reimbursements for eligible claims shall be made on a first-come, first-served basis, to the extent of available funds. The department shall use best efforts to notify the tenant of the amount and the reasons for any reimbursements made.

(7) The department, in its sole discretion, may inspect the property and the landlord's records related to a claim, including the use of a third-party inspector as needed to investigate fraud, to assist in making its claim review and determination of eligibility.

The department may reimburse the landlord for that portion of such judgment that is based on damages reimbursable under the landlord mitigation program, subject to the limitations set forth in this section.

(10) Determinations regarding reimbursements shall be made by the department in its sole discretion.

(11) The department must establish a web site that advertises the landlord mitigation program, the availability of reimbursement from the landlord mitigation program account, and maintains or links to the agency rules and policies established pursuant to this section.

(1) The sheriff shall, upon receiving the writ of restitution, forthwith serve a copy thereof upon the defendant, his or her agent, or attorney, or a person in possession of the premises, and shall not execute the same for three days thereafter, and the defendant, or person in possession of the premises within three days after the service of the writ of restitution may execute to the plaintiff a bond to be filed with and approved by the clerk of the court in such sum as may be fixed by the judge, with sufficient surety to be approved by the clerk of the court, conditioned that they will pay to the plaintiff such sum as the plaintiff may recover for the use and occupation of the premises, or any rent found due, together with all damages the plaintiff may sustain by reason of the defendant occupying or keeping possession of the premises, together with all damages which the court theretofore has awarded to the plaintiff as provided in this chapter, and also all the costs of the action. If the writ of restitution was issued after alternative service provided for in RCW 59.18.055, the court shall determine the amount of the bond after considering the rent claimed and any other factors the court deems relevant. The plaintiff, his or her agent or attorneys, shall have notice of the time and place where the court or judge thereof shall fix the amount of the defendant's bond, and shall have notice and a reasonable opportunity to examine into the qualification and sufficiency of the sureties upon the bond before the bond shall be approved by the clerk. It is the responsibility of the tenant or defendant to ensure a copy of the agreement is provided to the sheriff. Upon receipt of the agreement the sheriff will cease action unless ordered to do otherwise by the court. The writ of restitution and the notice that accompanies the writ of restitution required under RCW 59.18.312 shall conspicuously state in bold face type, all capitals, not less than twelve points information about partial payments as set forth in subsection (2) of this section. If the writ of restitution has been based upon a finding by the court that the tenant, subtenant, sublessee, or a person residing at the rental premises has engaged in drug-related activity or has allowed

any other person to engage in drug-related activity at those premises with his or her knowledge or approval, neither the tenant, the defendant, nor a person in possession of the premises shall be entitled to post a bond in order to retain possession of the premises. The writ may be served by the sheriff, in the event he or she shall be unable to find the defendant, an agent or attorney, or a person in possession of the premises, by affixing a copy of the writ in a conspicuous place upon the premises: PROVIDED, That the sheriff shall not require any bond for the service or execution of the writ. The sheriff shall be immune from all civil liability for serving and enforcing writs of restitution unless the sheriff is grossly negligent in carrying out his or her duty.

(2) The notice accompanying a writ of restitution required under RCW 59.18.312 shall be substantially similar to the following:

(b) While other Washingtonians who are income-eligible for medicaid receive dental coverage through apple health, individuals enrolled in the COFA premium assistance program do not currently have affordable access to dental coverage;

(c) Affordable access to dental care, including preventative care, is critical to treating the whole body health of an individual and preventing systemic health problems such as stroke, heart attack, and diabetes. (d) Research shows that people living in households in which the primary language spoken at home is not English, seniors, people with disabilities, and people who

identify as Native Hawaiian or Pacific Islanders are disproportionately impacted by oral health inequities.

The report may also include other information available to the department including, but not limited to, place of origin, modes of transport, number of railroad cars delivering crude oil, and number and volume of spills during transport and delivery.

(4) To further strengthen rail safety and the transportation of crude oil, the department must provide to the utilities and transportation commission data reported by facilities on the characteristics, volatility, vapor pressure, and volume of crude oil transported by rail, as required under subsection (1)(a) of this section.

(5) A facility providing advance notice under this section is not responsible for meeting advance notice time frame requirements under subsection (1) of this section in the event that the schedule of arrivals of railroad cars carrying crude oil changes during a seven-day period.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 46.63.170 and 2015 3rd sp.s. c 44 s 406 are each amended to read as follows:

(1) The use of automated traffic safety cameras for issuance of notices of infraction is subject to the following requirements:

(a) Except for proposed locations used solely for the pilot program purposes permitted under subsection (6) of this section, the appropriate local legislative authority must prepare an analysis of the locations within the jurisdiction where automated traffic safety cameras are proposed to be located: (i) Before enacting an ordinance allowing for the initial use of automated traffic safety cameras; and (ii) before adding additional cameras or relocating any existing camera to a new location within the jurisdiction. Automated traffic safety cameras may be used to detect one or more of the following: Stoplight, railroad crossing, or school speed zone violations; ~~((e))~~ speed violations subject to (c) of this subsection; or violations included in subsection (6) of this section for the duration of the pilot program authorized under subsection (6) of this section. At a minimum, the local ordinance must contain the restrictions described in this section and provisions for public notice and signage. Cities and counties using automated traffic safety cameras before July 24, 2005, are subject to the restrictions described in this section, but are not required to enact an authorizing ordinance. Beginning one year after June 7, 2012, cities and

counties using automated traffic safety cameras must post an annual report of the number of traffic accidents that occurred at each location where an automated traffic safety camera is located as well as the number of notices of infraction issued for each camera and any other relevant information about the automated traffic safety cameras that the city or county deems appropriate on the city's or county's web site.

(b) Except as provided in (c) of this subsection and subsection (6) of this section, use of automated traffic safety cameras is restricted to the following locations only: (i) Intersections of two arterials with traffic control signals that have yellow change interval durations in accordance with RCW 47.36.022, which interval durations may not be reduced after placement of the camera; (ii) railroad crossings; and (iii) school speed zones.

(c) Any city west of the Cascade mountains with a population of more than one hundred ninety-five thousand located in a county with a population of fewer than one million five hundred thousand may operate an automated traffic safety camera to detect speed violations subject to the following limitations:

(i) A city may only operate one such automated traffic safety camera within its respective jurisdiction; and

(ii) The use and location of the automated traffic safety camera must have first been authorized by the Washington state legislature as a pilot project for at least one full year.

(d) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle. The primary purpose of camera placement is to take pictures of the vehicle and vehicle license plate when an infraction is occurring. Cities and counties shall consider installing cameras in a manner that minimizes the impact of camera flash on drivers.

(e) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter's name and address under subsection (3)(a) of this section. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, or electronic images produced by an automated traffic safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated traffic safety camera may respond to the notice by mail.

(f) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(d) unless the registered owner overcomes the presumption in RCW

46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (3) of this section. If appropriate under the circumstances, a renter identified under subsection (3)(a) of this section is responsible for an infraction.

(g) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(h) All locations where an automated traffic safety camera is used must be clearly marked at least thirty days prior to activation of the camera by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic safety camera. Signs placed in automated traffic safety camera locations after June 7, 2012, must follow the specifications and guidelines under the manual of uniform traffic control devices for streets and highways as adopted by the department of transportation under chapter 47.36 RCW.

(i) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

(2) Infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 3.50.100, 35.20.220, 46.16A.120, and 46.20.270(2). The amount of the fine issued for an infraction generated through the use of an automated traffic safety camera shall not exceed the amount of a fine issued for other parking infractions within the jurisdiction. However, the amount of the fine issued for a traffic control signal violation detected through the use of an automated traffic safety camera shall not exceed the monetary penalty for a violation of RCW 46.61.050 as provided under RCW 46.63.110, including all applicable statutory assessments.

(3) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(4) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(5)(a) For the purposes of this section, "automated traffic safety camera" means a device that uses a vehicle sensor installed to work in conjunction with an intersection traffic control system, a railroad grade crossing control system, or a speed measuring device, and a camera synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a motor vehicle at the time the vehicle fails to stop when facing a steady red traffic control signal or an activated railroad grade crossing control signal, or exceeds a speed limit as detected by a speed measuring device.

(b) For the purposes of the pilot program authorized under subsection (6) of this section, "automated traffic safety camera" also includes a device used to detect stopping when traffic obstructed violations; stopping at intersection or crosswalk violations; public transportation only lane violations; stopping or traveling in restricted lane violations; and stopping or parking violations at locations restricted for emergency response vehicle entry or exit or the boarding or disembarking of public transportation vehicles, including public ferries.

~~(6) ((During the 2011-2013 and 2013-2015 fiscal biennia, this section does not apply to automated traffic safety cameras for the purposes of section 216(5), chapter 367, Laws of 2011 and section 216(6), chapter 306, Laws of 2013.))~~ (a)(i) A city with a population greater than five hundred thousand may adopt an ordinance creating a pilot program authorizing automated traffic safety cameras to be used to detect one or more of the following violations: Stopping when traffic obstructed violations; stopping at intersection or crosswalk violations; public transportation only lane violations; stopping or traveling in restricted lane violations; and stopping or parking violations at locations restricted for emergency response vehicle entry or exit or the boarding or disembarking of public transportation vehicles, including public ferries. At a minimum, the local ordinance must contain the restrictions described in this section and provisions for public notice and signage.

(ii) Except where specifically exempted from them, all of the rules and restrictions applicable to the use of automated traffic safety cameras in this section apply to the use of automated traffic safety cameras in the pilot program established in this subsection (6).

(iii) As used in this subsection (6), "public transportation vehicle" means any motor vehicle, streetcar, train, trolley vehicle, ferry boat, or any other device, vessel, or vehicle that is owned or operated by a transit authority or an entity providing service on behalf of a transit authority that is used for the purpose of carrying passengers and that operates on established routes. "Transit authority" has the meaning provided in RCW 9.91.025.

(b) Use of automated traffic safety cameras as authorized in this subsection (6) is restricted to the following locations only: Locations authorized in subsection (1)(b) of this section; and midblock on arterials. Additionally, the use of automated traffic safety cameras as authorized in this subsection (6) is further limited to the following:

(i) The portion of state and local roadways in downtown areas of the city used for office and commercial activities, as well as retail shopping and support services, and that may include mixed residential uses;

(ii) The portion of state and local roadways in areas in the city within one-half mile of the boundaries of the area described in (b)(i) of this subsection;

(iii) Portions of roadway systems in the city that travel into and out of (b)(ii) of this subsection that are designated by the Washington state department of transportation as noninterstate freeways for up to three miles; and

(iv) Portions of roadway systems in the city connected to the portions of the noninterstate freeways identified in (b)(iii) of this subsection that are designated by the Washington state department of transportation as arterial roadways for up to one mile from the intersection of the arterial roadway and the noninterstate freeway.

(c) From the effective date of this section until January 1, 2020, a warning notice with no penalty must be issued to the registered owner of the vehicle for a violation generated through the use of an automated traffic safety camera authorized in this subsection (6). Beginning January 1, 2020, a notice of infraction must be issued in a manner consistent with subsections (1)(e) and (3) of this section for an infraction generated through the use of an automated traffic safety camera authorized in this subsection (6).

(d) For violations issued as authorized in this subsection (6), a city with a pilot program shall remit monthly to the state fifty percent of the noninterest money received under this subsection (6) in excess of the cost to install, operate, and maintain the automated traffic safety cameras for use in the pilot program. Money remitted under this subsection to the state treasurer shall be deposited in the highway safety fund created in RCW 46.68.060.

(e) A city that implements a pilot program under this subsection (6) must provide a report to the transportation committees of the legislature by June 30, 2021, on the pilot

program that includes the locations chosen for the automated traffic safety cameras used in the pilot program, the number of traffic infractions issued under the pilot program, safety and on-time performance statistics related to the impact on driver behavior of the use of automated traffic safety cameras in the pilot program, and any recommendations on the use of automated traffic safety cameras to enforce the violations that these cameras were authorized to detect under the pilot program.

NEW SECTION. Sec. 2. Section 1 of this act expires January 1, 2022."

Correct the title.

Representative Pollet moved the adoption of amendment (602) to the striking amendment (546):

On page 2, line 3, after "two" insert "or more"

On page 7, after line 7, insert the following:

"**Sec. 2.** RCW 46.63.170 and 2015 3rd sp.s. c 44 s 406 are each amended to read as follows:

(1) The use of automated traffic safety cameras for issuance of notices of infraction is subject to the following requirements:

(a) The appropriate local legislative authority must prepare an analysis of the locations within the jurisdiction where automated traffic safety cameras are proposed to be located: (i) Before enacting an ordinance allowing for the initial use of automated traffic safety cameras; and (ii) before adding additional cameras or relocating any existing camera to a new location within the jurisdiction. Automated traffic safety cameras may be used to detect one or more of the following: Stoplight, railroad crossing, or school speed zone violations; or speed violations subject to (c) of this subsection. At a minimum, the local ordinance must contain the restrictions described in this section and provisions for public notice and signage. Cities and counties using automated traffic safety cameras before July 24, 2005, are subject to the restrictions described in this section, but are not required to enact an authorizing ordinance. Beginning one year after June 7, 2012, cities and counties using automated traffic safety cameras must post an annual report of the number of traffic accidents that occurred at each location where an automated traffic safety camera is located as well as the number of notices of infraction issued for each camera and any other relevant information about the automated traffic safety cameras that the city or county deems appropriate on the city's or county's web site.

(b) Except as provided in (c) of this subsection, use of automated traffic safety cameras is restricted to the following locations only: (i) Intersections of two or more arterials with traffic control signals that have yellow change interval durations in accordance with RCW 47.36.022, which interval durations may not be reduced after placement

of the camera; (ii) railroad crossings; and (iii) school speed zones.

(c) Any city west of the Cascade mountains with a population of more than one hundred ninety-five thousand located in a county with a population of fewer than one million five hundred thousand may operate an automated traffic safety camera to detect speed violations subject to the following limitations:

(i) A city may only operate one such automated traffic safety camera within its respective jurisdiction; and

(ii) The use and location of the automated traffic safety camera must have first been authorized by the Washington state legislature as a pilot project for at least one full year.

(d) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle. The primary purpose of camera placement is to take pictures of the vehicle and vehicle license plate when an infraction is occurring. Cities and counties shall consider installing cameras in a manner that minimizes the impact of camera flash on drivers.

(e) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter's name and address under subsection (3)(a) of this section. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, or electronic images produced by an automated traffic safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated traffic safety camera may respond to the notice by mail.

(f) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(d) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (3) of this section. If appropriate under the circumstances, a renter identified under subsection (3)(a) of this section is responsible for an infraction.

(g) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be

used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(h) All locations where an automated traffic safety camera is used must be clearly marked at least thirty days prior to activation of the camera by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic safety camera. Signs placed in automated traffic safety camera locations after June 7, 2012, must follow the specifications and guidelines under the manual of uniform traffic control devices for streets and highways as adopted by the department of transportation under chapter 47.36 RCW.

(i) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

(2) Infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 3.50.100, 35.20.220, 46.16A.120, and 46.20.270(2). The amount of the fine issued for an infraction generated through the use of an automated traffic safety camera shall not exceed the amount of a fine issued for other parking infractions within the jurisdiction. However, the amount of the fine issued for a traffic control signal violation detected through the use of an automated traffic safety camera shall not exceed the monetary penalty for a violation of RCW 46.61.050 as provided under RCW 46.63.110, including all applicable statutory assessments.

(3) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(4) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(5) For the purposes of this section, "automated traffic safety camera" means a device that uses a vehicle sensor installed to work in conjunction with an intersection traffic control system, a railroad grade crossing control system, or a speed measuring device, and a camera synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a motor vehicle at the time the vehicle fails to stop when facing a steady red traffic control signal or an activated railroad grade crossing control signal, or exceeds a speed limit as detected by a speed measuring device.

(6) During the 2011-2013 and 2013-2015 fiscal biennia, this section does not apply to automated traffic safety cameras for the purposes of section 216(5), chapter 367, Laws of 2011 and section 216(6), chapter 306, Laws of 2013."

Renumber the remaining section consecutively and correct any internal references accordingly.

On page 7, after line 9, insert the following:

#### SPEAKER'S RULING

Mr. Speaker (Representative Lovick presiding): The title of the bill is an act relating to *"establishing additional uses for automated traffic safety cameras for traffic congestion reduction and increased safety."* The bill concerns the use of automated traffic safety cameras for issuance of civil traffic infractions. **"NEW SECTION. Sec. 1.** The legislature finds that with the increase in air traffic operations, combined with the projections for the rapid expansion of these operations in both the short and the long term, concerns regarding the environmental, health, social, and economic impacts of air traffic are increasing as well. The legislature also finds that advancing Washington's position as a national and international trading leader is dependent upon the development of a highly competitive, statewide passenger and cargo air transportation system. Therefore, the legislature seeks to identify a location for a new primary commercial aviation facility in Washington, taking into consideration the data and conclusions of appropriate air traffic studies, community representatives, and industry experts. Options for a new primary commercial aviation

facility in Washington may include expansion of an existing airport facility. It is the intent of the legislature to establish a state commercial aviation coordinating commission to provide a location recommendation by January 1, 2022.

**NEW SECTION. Sec. 2.** (1) The state commercial aviation coordinating commission is created to carry out the functions of this chapter. The commission shall consist of sixteen voting members.

(2) The governor shall appoint eleven voting members to represent the following interests:

(a) A representative from the department of commerce;

(b) A representative from the division of aeronautics of the department of transportation;

(f) A representative from a statewide environmental organization;

(g) A representative from an organization concerned with land and/or water use in the state;

(h) Congressional staff from the fourth and ninth congressional districts with expertise in aviation; and

(i) A representative from the division of aeronautics of the department of transportation.

(5) The governor may appoint additional nonvoting members as deemed appropriate. The commission shall allow additional nonvoting members at the request of the federal aviation administration.

(6) The commission shall select a chair from among its membership and shall adopt rules related to its powers and duties under this chapter.

(7) Legislative members of the commission are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW. The commission has all powers necessary to carry out its duties as prescribed by this chapter.

(8) The department of transportation shall provide staff support for coordinating and administering the commission and technical assistance as requested by commission members.

(9) At the direction of the commission, the department of transportation is authorized to hire a consultant to assist with the review and research efforts of the commission. The contract is exempt from the competitive procurement requirements in chapter 39.26 RCW.

(10) The governor or the governor's designee shall convene the initial meeting of the commission as soon as practicable.

(11) This section expires July 1, 2022.

**NEW SECTION. Sec. 3.** (1) The state commercial aviation coordinating commission will review existing data and conduct research to determine Washington's long-range commercial aviation facility needs and the site of a new primary commercial aviation facility. Research for each potential site must include the feasibility of constructing a commercial aviation facility in that location and its potential environmental, community, and economic impacts. Options

for a new primary commercial aviation facility in Washington may include expansion of an existing airport facility. The work of the commission shall include the following:

(2) This section expires July 1, 2022.

**"NEW SECTION. Sec. 1.** (1)(a) The legislature finds that forest managers, state agencies, and the broader community share an interest in minimizing human and environmental exposure to herbicides. Forestland owners have made significant gains in the protection of riparian and wetland areas along the state's waterways, as well as protecting the health and safety of the public and forest workers, through a combination of scientific advancements, ongoing education and training, improved technologies, and proper monitoring and regulation under the forests and fish statute and the associated forest practices rules.

(b) The legislature further finds that while the use of herbicides is an important tool to the timber industry, the use of chemicals should be integrated within a broader pest management approach. The legislature finds that the research, development, and feasibility of nontraditional control methods, along with methods already in use, could result in a more integrated pest management approach for forest management.

(2) This section expires December 31, 2020.

**NEW SECTION. Sec. 2.** (1) A work group on the aerial application of herbicides on state and private forestlands is established to review all existing best management practices and, if necessary, develop

recommendations for improving the best management practices for aerial application of herbicides on state and private forestlands, including the criteria to be used in evaluating best management practices.

(2) The work group shall:

(a) Review the roles of all management and regulatory agencies in approving herbicides for use and application on forestlands in Washington and review existing state and federal programs, policies, and regulations concerning aerial application of herbicides on forestlands;

(b) Review current herbicide application technology in the state and throughout the nation to increase herbicide application accuracy and other best management practices to minimize drift and exposure of humans, fish, and wildlife as well impact on drinking water, surface waters, and wetland areas;

(c) Review research, reports, and data from government agencies, research institutions, nongovernmental organizations, and landowners regarding the most frequently used herbicides in forest practices, to inform the development and update of strategies related to herbicides management on forestlands; and

(d) Develop recommendations, if appropriate, for managing working forestlands through an integrated pest management approach that combines traditional chemical and other vegetative control methods as well as other silvicultural practices to protect resource values from pests, while minimizing the effect on nontarget species as well as ensuring the protection of public safety and human health, while still offering effective control that is economically feasible on a commercial forestry scale. Recommendations must consider the toxicity, mobility, and bioaccumulation of any proposed alternatives as compared to traditional operations.

(3)(a) The work group is composed of:

(i) One member and one alternate from each of the two largest caucuses in the senate, who must be appointed by the majority leader and minority leader of the senate;

(ii) One member and one alternate from each of the two largest caucuses in the house of representatives, who must be appointed by the speaker and minority leader of the house of representatives;

(iii) One senior level management representative from each of the following agencies:

(A) The department of agriculture;

(B) The department of health;

(C) The department of natural resources;

(D) The department of fish and wildlife; and

(E) The department of ecology;

(iv) One representative of Washington State University pesticide safety education program;

(v) One representative from the Pacific Northwest agricultural safety and health center at the University of Washington; and

(vi) Representatives from the following groups, appointed by the consensus of the cochairs:

(E) Three representatives of environmental or community interests;

(F) One representative with expertise in noxious weed control; and

(G) One representative with pesticide registrant expertise in forest herbicides.

(b) Representatives of Washington tribes that are involved in timber production must be invited to participate on the work group.

(c) If a member has not been designated for a position set forth in this section, that position may not be counted for purposes of determining a quorum.

(4) The work group must be cochaired by one representative each from the department of agriculture and the department of natural resources.

(5) Staff support for the members of the work group must be provided by the departments of natural resources and agriculture.

(6) Legislative members of the work group are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members of the work group are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for nonlegislative members is subject to chapter 43.03 RCW.

(7) The work group shall provide a report that includes any findings, recommendations, and draft legislation, to the governor and the legislature consistent with RCW 43.01.036, by December 31, 2019.

~~((The state of Washington declares that there is no fundamental right to medication-assisted treatment for opioid use disorder.)) (1)(a) The state of Washington ((further)) declares that ((while medications used in the treatment of opioid use disorder are addictive substances, that they nevertheless have several legal, important, and justified uses and that one of their appropriate and legal uses is, in conjunction with other required therapeutic procedures, in the treatment of persons with opioid use disorder. The state of Washington recognizes as evidence-based for the management of opioid use disorder the medications approved by the federal food and drug administration for the treatment of opioid use disorder. Medication-assisted~~

~~treatment should only be used for participants who are deemed appropriate to need this level of intervention. Providers must inform patients of all treatment options available. The provider and the patient shall consider alternative treatment options, like abstinence, when developing the treatment plan. If medications are prescribed, follow up must be included in the treatment plan in order to work towards the goal of abstinence.)) substance use disorders are medical conditions. Substance use disorders should be treated in a manner similar to other medical conditions by using interventions that are supported by evidence, including medications approved by the federal food and drug administration for the treatment of opioid use disorder. It is also recognized that many individuals have multiple substance use disorders, as well as histories of trauma, developmental disabilities, or mental health conditions. As such, all individuals experiencing opioid use disorder should be offered evidence-supported treatments to include federal food and drug administration approved medications for the treatment of opioid use disorders and behavioral counseling and social supports to address them. For behavioral health agencies, an effective plan of treatment for most persons with opioid use disorder integrates access to medications and psychosocial counseling and should be consistent with the American society of addiction medicine patient placement criteria. Providers must inform patients with opioid use disorder or substance use disorder of options to access federal food and drug administration approved medications for the treatment of opioid use disorder or substance use disorder. Because some such medications are controlled substances in chapter 69.50 RCW, the state of Washington maintains the legal obligation and right to regulate the ((clinical)) uses of these medications in the treatment of opioid use disorder.~~

Additionally, by January 1, 2020, the authority must prioritize state resources for the provision of treatment and recovery support services to inpatient and outpatient treatment settings that allow patients to start or maintain their use of medications for opioid use disorder while engaging in services.

(3) The state declares that the main goals of ((opiate substitution treatment is total abstinence from substance use for the individuals who participate in the treatment program, but recognizes the additional goals of reduced morbidity, and restoration of the ability to lead a productive and fulfilling life. The state recognizes that a small percentage of persons who participate in opioid treatment programs require treatment for an extended period of time. Opioid treatment programs shall provide a comprehensive transition

program to eliminate substance use, including opioid use of program participants)) treatment for persons with opioid use disorder are the cessation of unprescribed opioid use, reduced morbidity, and restoration of the ability to lead a productive and fulfilling life.

(4) To achieve the goals in subsection (3) of this section, to promote public health and safety, and to promote the efficient and economic use of funding for the medicaid program under Title XIX of the social security act, the authority may seek, receive, and expend alternative sources of funding to support all aspects of the state's response to the opioid crisis.

Therefore the legislature intends to require a comprehensive review of all local government bid limits for public works projects and purchases, including the small works roster and limited public works processes, rather than amend procurement rules and contract thresholds on a case-by-case basis.

(2) Subject to funds appropriated for this purpose, the capital projects advisory review board must review the public works contracting processes for local governments, including the small works roster and limited public works processes provided in RCW 39.04.155, and report to the governor and appropriate committees of the legislature by November 1, 2020. (ii) Adjusting the bid limit dollar thresholds for inflation, on a regional basis, by the building cost index during that time period;

(e) Recommendations to increase uniformity and efficiency for local government public works contracting and procurement processes;

(f) Rates of participation of all contractor types, including qualified minority and women-owned and controlled businesses, in the small works roster and limited public works contracting processes; and

(g) Barriers to improving the participation rate in the small works roster and limited public works contracting processes.

(3) For purposes of this section:

(a) "Local governments" refers to all counties, cities, towns, other political subdivisions, and special purpose districts.

(b) "Building cost index" means the building cost index for Seattle, Washington, compiled by engineering news record, a nationally recognized professional construction trade periodical. Representative Macri moved the adoption of striking amendment (658):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds and declares:

(1) It is the public policy of this state to provide the maximum access to reproductive health care and reproductive health care coverage for all people in Washington state.

(2) In 2018, the legislature passed Substitute Senate Bill No. 6219. Along with reproductive health care coverage requirements, the bill mandated a literature review of barriers to reproductive health care. As documented by the report submitted to the legislature on January 1, 2019, young people, immigrants, people living in rural communities, transgender and gender nonconforming people, and people of color still face significant barriers to getting the reproductive health care they need.

(3) Washingtonians who are transgender and gender nonconforming have important reproductive health care needs as well. These needs go unmet when, in the process of seeking care, transgender and gender nonconforming people are stigmatized or are denied critical health services because of their gender identity or expression.

(4) The literature review mandated by Substitute Senate Bill No. 6219 found that, "[a]ccording to 2015 U.S. Transgender Survey data, thirty-two percent of transgender respondents in Washington State reported that in the previous year they did not see a doctor when needed because they could not afford it."

(5) Existing state law should be enhanced to ensure greater coverage of and timely access to reproductive health care for the benefit of all Washingtonians, regardless of gender identity or expression.

(6) Because stigma is also a key barrier to access to reproductive health care, all Washingtonians, regardless of gender identity, should be free from discrimination in the provision of health care services, health care plan coverage, and in access to publicly funded health coverage.

(7) All people should have access to robust reproductive health services to maintain and improve their reproductive health.

NEW SECTION. Sec. 2. A new section is added to chapter 74.09 RCW to read as follows:

(1) In the provision of reproductive health care services through programs under this chapter, the authority, managed care plans, and providers that administer or deliver such

services may not discriminate in the delivery of a service provided through a program of the authority based on the covered person's gender identity or expression.

(2) The authority and any managed care plans delivering or administering services purchased or contracted for by the authority, may not issue automatic initial denials of coverage for reproductive health care services that are ordinarily or exclusively available to individuals of one gender, based on the fact that the individual's gender assigned at birth, gender identity, or gender otherwise recorded in one or more government-issued documents, is different from the one to which such health services are ordinarily or exclusively available.

(3) Denials as described in subsection (2) of this section are prohibited discrimination under chapter 49.60 RCW.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Gender expression" means a person's gender-related appearance and behavior, whether or not stereotypically associated with the person's gender assigned at birth.

(b) "Gender identity" means a person's internal sense of the person's own gender, regardless of the person's gender assigned at birth.

(c) "Reproductive health care services" means any medical services or treatments, including pharmaceutical and preventive care service or treatments, directly involved in the reproductive system and its processes, functions, and organs involved in reproduction, in all stages of life. Reproductive health care services does not include infertility treatment.

(d) "Reproductive system" includes, but is not limited to: Genitals, gonads, the uterus, ovaries, fallopian tubes, and breasts.

(5) This section must not be construed to authorize discrimination on the basis of a covered person's gender identity or expression in the administration of any other medical assistance programs administered by the authority.

Sec. 3. RCW 48.43.072 and 2018 c 119 s 2 are each amended to read as follows:

(1) A health plan ((issued or renewed on or after January 1, 2019,)) or student health plan, including student health plans deemed by the insurance commissioner to have a short-term limited purpose or duration or to be guaranteed renewable while the covered person is enrolled as a regular full-time undergraduate or graduate student at an accredited higher education institution, shall provide coverage for:

(a) All contraceptive drugs, devices, and other products, approved by the federal food and drug administration, including over the counter contraceptive drugs, devices, and products, approved by the federal food and drug administration. This includes condoms, regardless of the gender or sexual orientation of the covered person, and regardless of whether they are to be used for contraception or exclusively for the prevention of sexually transmitted infections;

(b) Voluntary sterilization procedures;

(c) The consultations, examinations, procedures, and medical services that are necessary to prescribe, dispense, insert, deliver, distribute, administer, or remove the drugs, devices, and other products or services in (a) and (b) of this subsection((,));

(d) The following preventive services:

(i) Screening for physical, mental, sexual, and reproductive health care needs that arise from a sexual assault; and

(ii) Well-person preventive visits;

(e) Medically necessary services and prescription medications for the treatment of physical, mental, sexual, and reproductive health care needs that arise from a sexual assault; and

(f) The following reproductive health-related over-the-counter drugs and products approved by the federal food and drug administration: Prenatal vitamins for pregnant persons; and breast pumps for covered persons expecting the birth or adoption of a child.

(2) The coverage required by subsection (1) of this section:

(a) May not require copayments, deductibles, or other forms of cost sharing(,):

(i) Except for:

(A) The medically necessary services and prescription medications required by subsection (1)(e) of this section; and

(B) The drugs and products in subsection (1)(f) of this section; or

(ii) Unless the health plan is offered as a qualifying health plan for a health savings account. For such a qualifying health plan, the carrier must establish the plan's cost sharing for the coverage required by subsection (1) of this section at the minimum level necessary to preserve the enrollee's ability to claim tax exempt contributions and withdrawals from ((his or her)) the enrollee's health savings account under internal revenue service laws and regulations; and

(b) May not require a prescription to trigger coverage of over the counter contraceptive drugs, devices, and products, approved by the federal food and drug administration, except those reproductive health related drugs and products as set forth in subsection (1)(f) of this section.

(3) A health carrier may not deny the coverage required in subsection (1) of this section because an enrollee changed ((his or her)) the enrollee's contraceptive method within a twelve-month period.

(4) Except as otherwise authorized under this section, a health benefit plan may not impose any restrictions or delays on the coverage required under this section, such as medical management techniques that limit enrollee choice in accessing the full range of contraceptive drugs, devices, or other products, approved by the federal food and drug administration.

(5) Benefits provided under this section must be extended to all enrollees, enrolled spouses, and enrolled dependents.

(6) This section may not be construed to allow for denial of care on the basis of race, color, national origin, sex, sexual orientation, gender expression or identity, marital status, age, citizenship, immigration status, or disability.

(7) A health plan or student health plan, including student health plans deemed by the insurance commissioner to have a short-term limited purpose or duration or to be guaranteed renewable while the covered person is enrolled as a regular full-time undergraduate or graduate student at an accredited higher education institution, issued or renewed on or after January 1, 2021, may not issue automatic initial denials of coverage for reproductive health care services that

are ordinarily or exclusively available to individuals of one gender, based on the fact that the individual's gender assigned at birth, gender identity, or gender otherwise recorded in one or more government-issued documents, is different from the one to which such health services are ordinarily or exclusively available.

(8) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Gender expression" means a person's gender-related appearance and behavior, whether or not stereotypically associated with the person's gender assigned at birth.

(b) "Gender identity" means a person's internal sense of the person's own gender, regardless of the person's gender assigned at birth.

(10) The commissioner, under RCW 48.30.300, and the human rights commission, under chapter 49.60 RCW shall share enforcement authority over complaints of discrimination under this section as set forth in RCW 49.60.178.

(11) The commissioner may adopt rules to implement this section.

NEW SECTION. Sec. 4. A new section is added to chapter 48.43 RCW to read as follows:

(1) The legislature intends to codify the state's current practice of requiring health carriers to bill enrollees with a single invoice and to segregate into a separate account the premium attributable to abortion services for which federal funding is prohibited. Washington has achieved full compliance with section 1303 of the federal patient protection and affordable care act by requiring health carriers to submit a single invoice to enrollees and to segregate into a separate account the premium amounts attributable to coverage of abortion services for which federal funding is prohibited. Further, section 1303 states that the act does not preempt or otherwise have any effect on state laws regarding the prohibition of, or requirement of, coverage, funding, or procedural requirements on abortions.

(2) In accordance with RCW 48.43.073 related to requirements for coverage and funding of abortion services, an issuer offering a qualified health plan must:

(a) Bill enrollees and collect payment through a single invoice that includes all benefits and services covered by the qualified health plan; and

(b) Include in the segregation plan required under applicable federal and state law a certification that the issuer's billing and payment processes meet the requirements of this section.

NEW SECTION. Sec. 5. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2019, in the omnibus appropriations act, this act is null and void.

NEW SECTION. Sec. 6. This act may be known and cited as the reproductive health care access for all act.

NEW SECTION. Sec. 7. (1) Section 2 of this act takes effect January 1, 2020.

(2) Section 3 of this act takes effect January 1, 2021.

(9) "Vulnerable populations" means communities that experience disproportionate cumulative risk from environmental burdens due to:

(a) Adverse socioeconomic factors, including unemployment, high housing and transportation costs relative to income, access to food and health care, and linguistic isolation; and

(b) Sensitivity factors, such as low birth weight and higher rates of hospitalization.

NEW SECTION. **Sec. 2.** To ensure implementation and adherence to state policies of fostering and promoting the general welfare by ensuring that all people of Washington have a safe and healthful environment, state agencies shall use all practicable means and measures to promote environmental justice and fair treatment.

NEW SECTION. **Sec. 3.** (1) Subject to the availability of amounts appropriated for this specific purpose, a task force is established to recommend strategies for incorporating environmental justice principles into how state agencies discharge their responsibilities.

(2) The membership of the task force established under this section is as follows:

(a) The director of the department of commerce, or the director's designee;

(j) A member who is well-informed on the principles of environmental justice and with expertise in statewide environmental justice issues, appointed by the governor;

(k) Three members from community-based organizations, appointed by the cochair specified under subsection (3) of this section, the nominations of which are based upon maintaining a balanced and diverse distribution, where practicable, of: (i) Representation from census tracts that are ranked at an eight or higher on the cumulative impact analysis; and (ii) ethnic, geographic, gender, sexual orientation, age, socioeconomic status, and occupational representation;

(l) A tribal leader, invited by the governor;

(5) The task force must submit a final report of its findings and recommendations to the appropriate committees of the legislature and the governor by October 31, 2020, and in compliance with RCW 43.01.036. State agencies may not adopt rules, policies, or guidelines under section 4 of this act until after the legislature approves the recommendations of the task force through the amendment of this chapter or through specific reference in an appropriations act. The goal of the final report is to provide guidance to agencies, the legislature, and the governor, and at a minimum must include the following:

(a) Guidance for state agencies when adopting rules, policies, or guidelines regarding how to use the cumulative impact analysis, defined under section 1 of this act. Guidance must cover how agencies identify highly impacted communities and must be based on best practices and current demographic data. The guidance provided relating to the designation of a highly impacted community must utilize as a basis for this determination the cumulative impact analysis, and may use exposure scenarios developed by tribes for use in remediation decisions at, or to mitigate and address natural resource damage from, national priority list sites pursuant to the federal comprehensive environment response, compensation, and liability act, 42 U.S.C. 9601 et seq., or sites regulated under chapter 70.105D RCW, and additional factors as the task force deems appropriate;

(b) Best practices for increasing public participation and engagement by providing meaningful opportunities for involvement for all people, taking into account barriers to participation that may arise due to race, color, ethnicity, religion, income, or education level. In addition, a specific recommendation on how to best meaningfully consult

vulnerable populations, including how to consider exposure scenarios developed by tribes as described in (a) of this subsection, when periodically evaluating and updating the cumulative impact analysis;

(c) Recommendations for establishing measurable goals for reducing environmental health disparities for each community in Washington state and ways in which state agencies may focus their work towards meeting those goals;

(d) Guidelines for prioritizing highly impacted communities and vulnerable populations by identifying and implementing, where practicable, procedures, processes, applications, and reporting requirements so that inspections, enforcement actions, investment of resources, planning and permitting, and public participation are maximized for the purpose of reducing environmental health disparities and advancing a healthy environment for all residents;

(e) Best practices for how local governments that plan under RCW 36.70A.040 may incorporate environmental justice principles into the development of comprehensive plans to evaluate the ways in which the plans they propose or adopt disproportionately contribute to or threaten displacement of low-income communities and people of color particularly in urban areas, or exacerbate environmental burdens to vulnerable populations; and

(f) Recommendations for how to address the equity implications of historical applications of environmental and land use laws with respect to rural communities, including any disproportionate economic burdens placed on rural communities attributable to or correlated with the implementation of federal and state environmental or land use laws.

(6) If time and resources permit, the task force may also include in its final report:

(a) Recommendations for creating and implementing equity analysis into all significant planning, programmatic and policy decision making, and investments. The equity analysis methods may include a process for describing potential risks to, benefits to, and opportunities for highly impacted communities and vulnerable populations;

(b) Best practices and needed resources for cataloging and cross-referencing current research and data collection for programs within all state agencies relating to the health and environment of people of all races, cultures, and income levels, including minority populations and low-income populations of the state; and

(c) Recommendations for criteria for identifying and addressing gaps in current research and data collection to inform agency actions, to refine the common cumulative impact methodology, and to identify factors that may impede the achievement of environmental justice.

(7) By December 1, 2019, and in compliance with RCW 43.01.036, the task force must submit a preliminary report to the appropriate committees of the legislature and the governor if the task force is not able to complete the tasks required under this section because of insufficient funds

appropriated to implement this section. The preliminary report must include the following information:

(a) Tasks that could not be completed as a result of insufficient funds appropriated;

(b) The status of the task force's activities; and

(c) Additional resources the task force needs to complete all of the requirements under this section.

(8)(a) For attendance at meetings of the task force or in attending to such other business of the task force as may be authorized, legislative members of the task force shall be reimbursed and receive allowances in accordance with RCW 44.04.120.

(b) Nonlegislative members of the task force who are not state employees must be compensated in accordance with RCW 43.03.240 and are entitled to reimbursement individually for travel expenses incurred in the performance of their duties as members of the task force in accordance with RCW 43.03.050 and 43.03.060. Such expenses of the task force must be paid by the governor's interagency council on health disparities.

(9) The task force may form work groups or consult with stakeholders as necessary to assist the task force in carrying out its duties.

(10) The task force must hold four regional meetings to seek input from, present their work plan and proposals to, and receive feedback from communities throughout the state. The following locations must be considered for these meetings: Northwest Washington, central Puget Sound region, south Puget Sound region, southwest Washington, central Washington, and eastern Washington.

(11)(a) Upon adoption of rules, policies, or guidelines related to the cumulative impact analysis, as required under section 4 of this act, each state agency must notify the governor's interagency council on health disparities and submit a report to the appropriate committees of the legislature.

(b) One year after the effective date of rules, policies, or guidelines, and two years thereafter, each state agency must submit a report to the governor, governor's interagency council on health disparities, and appropriate committees of the legislature regarding progress made towards reducing disproportionate environmental burdens and attaining environmental health targets. The report must be submitted in compliance with RCW 43.01.036.

(12) Reports submitted under this section must be available for public inspection and copying through the governor's interagency council on health disparities and must be posted on its web site.

**NEW SECTION. Sec. 4.** (1) Upon the legislature's approval of the task force's recommendations pursuant to section 3 of this act:

(a) State agencies, through rules, policies, or guidelines, shall adopt the use of the cumulative impact analysis to identify highly impacted communities and vulnerable populations and reduce environmental health disparities in identified areas and populations. If the task force

created under section 3 of this act issues guidance on how to use the cumulative impact analysis, the rules, policies, or guidelines adopted pursuant to this subsection must be consistent with the task force's guidance, unless a state agency provides a compelling reason to deviate from the task force's guidance. A state agency that deviates from the task force's guidance when adopting a rule, policy, or guideline pursuant to this subsection must report such deviation in writing to the governor's interagency council on health disparities and the appropriate committees of the legislature;

(b) State agencies may issue policies, guidance, or adopt practices, guidelines, or rules as necessary to identify highly impacted communities, establish measurable goals for reducing environmental health disparities, and prioritize highly impacted communities and their vulnerable populations in the development, adoption, implementation, and enforcement of environmental laws, regulations, policies, and funding decisions; and

(c) If the task force created under section 3 of this act issues guidance on how to use the cumulative impact analysis, the department of health shall initiate a process, within sixty days after the issuance of the task force's guidance, to develop model policies for the purpose of providing uniform rules, policies, or guidelines to all state agencies implementing the task force guidance related to the cumulative impact analysis.

(2) To the extent that the recommendations, guidelines, or best practices of the task force conflict with standards or requirements established under other state statutes or federal law, those standards and requirements supersede, preempt, and take precedence over the recommendations of the task force.

**NEW SECTION. Sec. 5.** Sections 1 through 4 and 6 of this act constitute a new chapter in Title 43 RCW.

**NEW SECTION. Sec. 6.** This chapter may be known and cited as the HEAL act.

**NEW SECTION. Sec. 7.** Nothing in this act creates an entitlement to services or a private right of action or claim on the part of any individual, entity, or agency against the state or any state agency, officer, employee, or agent.

**NEW SECTION. Sec. 8.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION. Sec. 9.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2019, in the omnibus appropriations act, this act is null and void."

**THIRD READING****MESSAGE FROM THE SENATE**

April 15, 2019

MR. SPEAKER:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1112, with the following amendment(s):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 10.** (1) The legislature finds that hydrofluorocarbons are air pollutants that pose significant threats to our environment and that safer alternatives for the most damaging hydrofluorocarbons are readily available and cost-effective.

(2) Hydrofluorocarbons came into widespread commercial use as United States environmental protection agency-approved replacements for ozone-depleting substances that were being phased out under an international agreement. However, under a 2017 federal appeals court ruling, while the environmental protection agency had been given the power to originally designate hydrofluorocarbons as suitable replacements for the ozone-depleting substances, the environmental protection agency did not have clear authority to require the replacement of hydrofluorocarbons once the replacement of the original ozone-depleting substances had already occurred.

(3) Because the impacts of climate change will not wait until congress acts to clarify the scope of the environmental protection agency's authority, it falls to the states to provide leadership on addressing hydrofluorocarbons. Doing so will not only help the climate, but will help American businesses retain their positions as global leaders in air conditioning and refrigerant technologies. Although hydrofluorocarbons currently represent a small proportion of the state's greenhouse gas emissions, emissions of hydrofluorocarbons have been rapidly increasing in the United States and worldwide, and they are thousands of times more potent than carbon dioxide. However, hydrofluorocarbons are also a segment of the state's emissions that will be comparatively easy to reduce and eliminate without widespread implications for the way that power is produced, heavy industries operate, or people transport themselves. Substituting or reducing the use of hydrofluorocarbons with the highest global warming potential will provide a significant boost to the state's efforts to reduce its greenhouse gas emissions to the limits established in RCW 70.235.020.

(4) Therefore, it is the intent of the legislature to transition to the use of less damaging hydrofluorocarbons or suitable substitutes in various applications in Washington, in a manner similar to the regulations that were adopted by the environmental protection agency, and that have been subsequently adopted or will be adopted in several other states around the country.

**Sec. 11.** RCW 70.235.010 and 2010 c 146 s 1 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Carbon dioxide equivalents" means a metric measure used to compare the emissions from various greenhouse gases based upon their global warming potential.

(2) "Climate advisory team" means the stakeholder group formed in response to executive order 07-02.

(3) "Climate impacts group" means the University of Washington's climate impacts group.

(4) "Department" means the department of ecology.

(5) "Director" means the director of the department.

(6) "Greenhouse gas" and "greenhouse gases" includes carbon dioxide, methane, nitrous oxide, hydrofluorocarbons, perfluorocarbons, sulfur hexafluoride, and any other gas or gases designated by the department by rule.

(7) "Person" means an individual, partnership, franchise holder, association, corporation, a state, a city, a county, or any subdivision or instrumentality of the state.

(8) "Program" means the department's climate change program.

(9) "Western climate initiative" means the collaboration of states, Canadian provinces, Mexican states, and tribes to design a multisector market-based mechanism as directed under the western regional climate action initiative signed by the governor on February 22, 2007.

(10) "Class I substance" and "class II substance" means those substances listed in 42 U.S.C. Sec. 7671a, as it read on November 15, 1990, or those substances listed in Appendix A or B of Subpart A of 40 C.F.R. Part 82, as those read on January 3, 2017.

(11) "Hydrofluorocarbons" means a class of greenhouse gases that are saturated organic compounds containing hydrogen, fluorine, and carbon.

(12) "Manufacturer" includes any person, firm, association, partnership, corporation, governmental entity, organization, or joint venture that produces any product that contains or uses hydrofluorocarbons or is an importer or domestic distributor of such a product.

(13) "Residential consumer refrigeration products" has the same meaning as defined in section 430.2 of Subpart A of 10 C.F.R. Part 430 (2017).

(14) "Retrofit" has the same meaning as defined in section 152 of Subpart F of 40 C.F.R. Part 82, as that section existed as of January 3, 2017.

(15) "Substitute" means a chemical, product substitute, or alternative manufacturing process, whether existing or new, that is used to perform a function previously performed by a class I substance or class II substance and any substitute subsequently adopted to perform that function, including, but not limited to, hydrofluorocarbons. "Substitute" does not include 2-BTP or any compound as applied to its use in aerospace fire extinguishing systems.

**NEW SECTION. Sec. 12.** A new section is added to chapter 70.235 RCW to read as follows:

(1) A person may not offer any product or equipment for sale, lease, or rent, or install or otherwise cause any equipment or product to enter into commerce in Washington if that equipment or product consists of, uses, or will use a substitute, as set forth in appendix U and V, Subpart G of 40 C.F.R. Part 82, as those read on January 3, 2017, for the applications or end uses restricted by appendix U or V of the federal regulation, as those read on January 3, 2017, consistent with the deadlines established in subsection (2) of this section. Except where existing equipment is retrofit, nothing in this subsection requires a person that acquired a restricted product or equipment prior to the effective date of the restrictions in subsection (2) of this section to cease use of that product or equipment. Products or equipment manufactured prior to the applicable effective date of the restrictions specified in subsection (2) of this section may be

sold, imported, exported, distributed, installed, and used after the specified effective date.

(2) The restrictions under subsection (1) of this section for the following products and equipment identified in appendix U and V, Subpart G of 40 C.F.R. Part 82, as those read on January 3, 2017, take effect beginning:

(a) January 1, 2021, for:

(i) Propellants;

(ii) Rigid polyurethane applications and spray foam, flexible polyurethane, integral skin polyurethane, flexible polyurethane foam, polystyrene extruded sheet, polyolefin, phenolic insulation board, and bunstock;

(iii) Supermarket systems, remote condensing units, stand-alone units, and vending machines;

(b) January 1, 2022, for:

(i) Refrigerated food processing and dispensing equipment;

(ii) Compact residential consumer refrigeration products;

(iii) Polystyrene extruded boardstock and billet, and rigid polyurethane low-pressure two component spray foam;

(c) January 1, 2023, for residential consumer refrigeration products other than compact and built-in residential consumer refrigeration products;

(d) January 1, 2024, for cold storage warehouses;

(e) January 1, 2024, for built-in residential consumer refrigeration products;

(f) January 1, 2025, for centrifugal chillers and positive displacement chillers; and

(g) On either January 1, 2021, or the effective date of the restrictions identified in appendix U and V, Subpart G of 40 C.F.R. Part 82, as those read on January 3, 2017, whichever comes later, for all other applications and end uses for substitutes not covered by the categories listed in (a) through (f) of this subsection.

(3) The department may by rule:

(a) Modify the effective date of a prohibition established in subsection (2) of this section if the department determines that the rule reduces the overall risk to human health or the environment and reflects the earliest date that a substitute is currently or potentially available or, in the case of certain specific applications of vending machines addressed by subsection (2)(a)(iii) of this section, modify the effective date of the prohibition to a date no later than January 1, 2022, if the department determines that relevant safety standards including, but not limited to, those published by underwriters laboratories (UL) or the American society of heating, refrigerating and air-conditioning engineers (ASHRAE), do not permit the use of commercially available substitutes for hydrofluorocarbons in those specific applications;

(b) Prohibit the use of a substitute if the department determines that the prohibition reduces the overall risk to human health or the environment and that a lower risk substitute is currently or potentially available;

(c)(i) Adopt a list of approved substitutes, use conditions, or use limits, if any; and

(ii) Add or remove substitutes, use conditions, or use limits to or from the list of approved substitutes if the department determines those substitutes reduce the overall risk to human health and the environment; and

(d) Designate acceptable uses of hydrofluorocarbons for medical uses that are exempt from the requirements of subsection (2) of this section.

(4)(a) Within twelve months of another state's enactment or adoption of restrictions on substitutes applicable to new light duty vehicles, the department may adopt restrictions applicable to the sale, lease, rental, or other introduction into commerce by a manufacturer of new light duty vehicles consistent with the restrictions identified in appendix B, Subpart G of 40 C.F.R. Part 82, as it read on January 3, 2017. The department may not adopt restrictions that take effect prior to the effective date of restrictions adopted or enacted in at least one other state.

(b) If the United States environmental protection agency approves a previously prohibited hydrofluorocarbon blend with a global warming potential of seven hundred fifty or less for foam blowing of polystyrene extruded boardstock and billet and rigid polyurethane low-pressure two-component spray foam pursuant to the significant new alternatives policy program under section 7671(k) of the federal clean air act (42 U.S.C. Sec. 7401 et seq.), the department must expeditiously propose a rule consistent with RCW 34.05.320 to conform the requirements established under this section with that federal action.

(5) A manufacturer must disclose the substitutes used in its products or equipment. That disclosure must take the form of:

(a) A label on the equipment or product. The label must meet requirements designated by the department by rule. To the extent feasible, the department must recognize existing labeling that provides sufficient disclosure of the use of substitutes in the product or equipment.

(i) The department must consider labels required by state building codes and other safety standards in its rule making; and

(ii) The department may not require labeling of aircraft and aircraft components subject to certification requirements of the federal aviation administration.

(b) Submitting information about the use of substitutes to the department, upon request.

(i) By December 31, 2019, all manufacturers must notify the department of the status of each product class utilizing hydrofluorocarbons or other substitutes restricted under subsection (1) of this section that the manufacturer sells, offers for sale, leases, installs, or rents in Washington state. This status notification must identify the substitutes

used by products or equipment in each product or equipment class in a manner determined by rule by the department.

(ii) Within one hundred twenty days after the date of a restriction put in place under this section, any manufacturer affected by the restriction must provide an updated status notification. This notification must indicate whether the manufacturer has ceased the use of hydrofluorocarbons or substitutes restricted under this section within each product class and, if not, what hydrofluorocarbons or other restricted substitutes remain in use.

(iii) After the effective date of a restriction put in place under this section, any manufacturer must provide an updated status notification when the manufacturer introduces a new or modified product or piece of equipment that uses hydrofluorocarbons or changes the type of hydrofluorocarbons utilized within a product class affected by a restriction. Such a notification must occur within one hundred twenty days of the introduction into commerce in Washington of the product or equipment triggering this notification requirement.

(6) The department may adopt rules to administer, implement, and enforce this section. If the department elects to adopt rules, the department must seek, where feasible and appropriate, to adopt rules, including rules under subsection (4) of this section, that are the same or consistent with the regulatory standards, exemptions, reporting obligations, disclosure requirements, and other compliance requirements of other states or the federal government that have adopted restrictions on the use of hydrofluorocarbons and other substitutes. Prior to the adoption or update of a rule under this section, the department must identify the sources of information it relied upon, including peer-reviewed science.

(7) For the purposes of implementing the restrictions specified in appendix U of Subpart G of 40 C.F.R. Part 82, as it read on January 3, 2017, consistent with this section, the department must interpret the term "aircraft maintenance" to mean activities to support the production, fabrication, manufacture, rework, inspection, maintenance, overhaul, or repair of commercial, civil, or military aircraft, aircraft parts, aerospace vehicles, or aerospace components.

(8) The authority granted by this section to the department for restricting the use of substitutes is supplementary to the department's authority to control air pollution pursuant to chapter 70.94 RCW. Nothing in this section limits the authority of the department under chapter 70.94 RCW.

(9) Except where existing equipment is retrofit, the restrictions of this section do not apply to or limit any use of commercial refrigeration equipment that was installed or in use prior to the effective date of the restrictions established in this section.

**Sec. 13.** RCW 70.94.430 and 2011 c 96 s 49 are each amended to read as follows:

(1) Any person who knowingly violates any of the provisions of chapter 70.94 or 70.120 RCW, section 3 of this act, or any ordinance, resolution, or regulation in force

pursuant thereto is guilty of a gross misdemeanor and upon conviction thereof shall be punished by a fine of not more than ten thousand dollars, or by imprisonment in the county jail for up to three hundred sixty-four days, or by both for each separate violation.

(2) Any person who negligently releases into the ambient air any substance listed by the department of ecology as a hazardous air pollutant, other than in compliance with the terms of an applicable permit or emission limit, and who at the time negligently places another person in imminent danger of death or substantial bodily harm is guilty of a gross misdemeanor and shall, upon conviction, be punished by a fine of not more than ten thousand dollars, or by imprisonment for up to three hundred sixty-four days, or both.

(3) Any person who knowingly releases into the ambient air any substance listed by the department of ecology as a hazardous air pollutant, other than in compliance with the terms of an applicable permit or emission limit, and who knows at the time that he or she thereby places another person in imminent danger of death or substantial bodily harm, is guilty of a class C felony and shall, upon conviction, be punished by a fine of not less than fifty thousand dollars, or by imprisonment for not more than five years, or both.

(4) Any person who knowingly fails to disclose a potential conflict of interest under RCW 70.94.100 is guilty of a gross misdemeanor, and upon conviction thereof shall be punished by a fine of not more than five thousand dollars.

**Sec. 14.** RCW 70.94.431 and 2013 c 51 s 6 are each amended to read as follows:

(1)(a) Except as provided in RCW 43.05.060 through 43.05.080 and 43.05.150, and in addition to or as an alternate to any other penalty provided by law, any person who violates any of the provisions of this chapter, chapter 70.120 (~~RCW, chapter~~) or 70.310 RCW, section 3 of this act, or any of the rules in force under such chapters or section may incur a civil penalty in an amount not to exceed ten thousand dollars per day for each violation. Each such violation shall be a separate and distinct offense, and in case of a continuing violation, each day's continuance shall be a separate and distinct violation.

(b) Any person who fails to take action as specified by an order issued pursuant to this chapter shall be liable for a civil penalty of not more than ten thousand dollars for each day of continued noncompliance.

(2)(a) Penalties incurred but not paid shall accrue interest, beginning on the ninety-first day following the date that the penalty becomes due and payable, at the highest rate allowed by RCW 19.52.020 on the date that the penalty becomes due and payable. If violations or penalties are appealed, interest shall not begin to accrue until the thirty-first day following final resolution of the appeal.

(b) The maximum penalty amounts established in this section may be increased annually to account for

inflation as determined by the state office of the economic and revenue forecast council.

(3) Each act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the same penalty. The penalties provided in this section shall be imposed pursuant to RCW 43.21B.300.

(4) All penalties recovered under this section by the department shall be paid into the state treasury and credited to the air pollution control account established in RCW 70.94.015 or, if recovered by the authority, shall be paid into the treasury of the authority and credited to its funds. If a prior penalty for the same violation has been paid to a local authority, the penalty imposed by the department under subsection (1) of this section shall be reduced by the amount of the payment.

(5) To secure the penalty incurred under this section, the state or the authority shall have a lien on any vessel used or operated in violation of this chapter which shall be enforced as provided in RCW 60.36.050.

(6) Public or private entities that are recipients or potential recipients of department grants, whether for air quality related activities or not, may have such grants rescinded or withheld by the department for failure to comply with provisions of this chapter.

(7) In addition to other penalties provided by this chapter, persons knowingly under-reporting emissions or other information used to set fees, or persons required to pay emission or permit fees who are more than ninety days late with such payments may be subject to a penalty equal to three times the amount of the original fee owed.

(8) (~~By January 1, 1992,~~) The department shall develop rules for excusing excess emissions from enforcement action if such excess emissions are unavoidable. The rules shall specify the criteria and procedures for the department and local air authorities to determine whether a period of excess emissions is excusable in accordance with the state implementation plan.

**Sec. 15.** RCW 70.94.015 and 1998 c 321 s 33 are each amended to read as follows:

(1) The air pollution control account is established in the state treasury. All receipts collected by or on behalf of the department from RCW 70.94.151(2), and receipts from nonpermit program sources under RCW 70.94.152(1) and 70.94.154(7), and all receipts from RCW (~~70.94.650, 70.94.660, 82.44.020(2), and 82.50.405~~) 70.94.6528 and 70.94.6534 shall be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only to develop and implement the provisions of chapters 70.94 and 70.120 RCW and section 3 of this act.

(2) The amounts collected and allocated in accordance with this section shall be expended upon appropriation except as otherwise provided in this section and in accordance with the following limitations:

Portions of moneys received by the department of ecology from the air pollution control account shall be distributed by the department to local authorities based on:

(a) The level and extent of air quality problems within such authority's jurisdiction;

(b) The costs associated with implementing air pollution regulatory programs by such authority; and

(c) The amount of funding available to such authority from other sources, whether state, federal, or local, that could be used to implement such programs.

(3) The air operating permit account is created in the custody of the state treasurer. All receipts collected by or on behalf of the department from permit program sources under RCW 70.94.152(1), 70.94.161, 70.94.162, and 70.94.154(7) shall be deposited into the account. Expenditures from the account may be used only for the activities described in RCW 70.94.152(1), 70.94.161, 70.94.162, and 70.94.154(7). Moneys in the account may be spent only after appropriation.

**NEW SECTION. Sec. 16.** A new section is added to chapter 19.27 RCW to read as follows:

The building code council shall adopt rules that permit the use of substitutes approved under section 3 of this act and that do not require the use of substitutes that are restricted under section 3 of this act.

**NEW SECTION. Sec. 17.** The department of ecology, in consultation with the department of commerce and the utilities and transportation commission, must complete a report addressing how to increase the use of refrigerants with a low global warming potential in mobile sources, utility equipment, and consumer appliances, and how to reduce other uses of hydrofluorocarbons in Washington. The report must be submitted to the legislature consistent with RCW 43.01.036 by December 1, 2020, and must include recommendations for how to fund, structure, and prioritize a state program that incentivizes or provides grants to support the elimination of legacy uses of hydrofluorocarbons regulated under section 3 of this act or uses of hydrofluorocarbons not covered by section 3 of this act.

**NEW SECTION. Sec. 18.** A new section is added to chapter 39.26 RCW to read as follows:

(1) The department shall establish purchasing and procurement policies that provide a preference for products that:

(a) Are not restricted under section 3 of this act;

(b) Do not contain hydrofluorocarbons or contain hydrofluorocarbons with a comparatively low global warming potential;

(c) Are not designed to function only in conjunction with hydrofluorocarbons characterized by a comparatively high global warming potential; and

(d) Were not manufactured using hydrofluorocarbons or were manufactured using hydrofluorocarbons with a low global warming potential.

(2) No agency may knowingly purchase products that are not accorded a preference in the purchasing and procurement policies established by the department pursuant to subsection (1) of this section, unless there is no cost-effective and technologically feasible option that is accorded a preference.

(3) Nothing in this section requires the department or any other state agency to breach an existing contract or dispose of stock that has been ordered or is in the possession of the department or other state agency as of the effective date of this section.

(4) By December 1, 2020, and each December 1st of even numbered years thereafter, the department must submit a status report to the appropriate committees of the house of representatives and senate regarding the implementation and compliance of the department and state agencies with this section.

**NEW SECTION. Sec. 19.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

#### SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate amendment to ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1112 and asked the Senate to recede therefrom.

#### MESSAGE FROM THE SENATE

April 12, 2019

MR. SPEAKER:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1696, with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"Sec. 20. RCW 49.58.005 and 2018 c 116 s 1 are each amended to read as follows:

(1) The legislature finds that despite existing equal pay laws, there continues to be a gap in wages and advancement opportunities among workers in Washington, especially women. Income disparities limit the ability of women to provide for their families, leading to higher rates of poverty among women and children. The legislature finds that in order to promote fairness among workers, employees must be compensated equitably. Further, policies that encourage retaliation or discipline towards workers who discuss or inquire about compensation prevent workers from moving forward.

(2) The legislature intends to update the existing Washington state equal pay act, not modified since 1943, to address income disparities, employer discrimination, and retaliation practices, and to reflect the equal status of all workers in Washington state.

(3) The legislature finds that:

(a) The long-held business practice of inquiring about salary history has contributed to persistent earning inequalities;

(b) Historically, women have been offered lower initial pay than men for the same jobs even where their levels of education and experience are the same or comparable; and

(c) Lower starting salaries translate into lower pay, less family income, and more children and families in poverty.

(4) The legislature therefore intends to follow multiple other states and take the additional step towards gender equality by prohibiting an employer from seeking the wage or salary history of an applicant for employment in certain circumstances. Further, the legislature intends to require an employer to provide wage and salary information to applicants and employees.

NEW SECTION. Sec. 21. A new section is added to chapter 49.58 RCW to read as follows:

(1) An employer may not:

(a) Seek the wage or salary history of an applicant for employment from the applicant or a current or former employer; or

(b) Require that an applicant's prior wage or salary history meet certain criteria, except as provided in subsection (2) of this section.

(2) An employer may confirm an applicant's wage or salary history:

(a) If the applicant has voluntarily disclosed the applicant's wage or salary history; or

(b) After the employer has negotiated and made an offer of employment with compensation to the applicant.

(3) An individual is entitled to the remedies in RCW 49.58.060 and 49.58.070 for violations of this section.

Recovery of any wages and interest must be calculated from the first date wages were owed to the employee.

NEW SECTION. Sec. 22. A new section is added to chapter 49.58 RCW to read as follows:

(1) Upon the request of an applicant for employment, and after the employer has initially offered the applicant the position, the employer must provide the minimum wage or salary for the position for which the applicant is applying.

(2) Upon request of an employee offered an internal transfer to a new position or promotion, the employer must provide the wage scale or salary range for the employee's new position.

(3) If no wage scale or salary range exists, the employer must disclose the minimum wage or salary expectation set by the employer prior to posting the position, making a position transfer, or making the promotion.

(4) This section only applies to employers with fifteen or more employees.

(5) An individual is entitled to the remedies in RCW 49.58.060 and 49.58.070 for violations of this section. Recovery of any wages and interest must be calculated from the first date wages were owed to the employee.

NEW SECTION. Sec. 23. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 24. A new section is added to chapter 49.58 RCW to read as follows:

This chapter may be known and cited as the Washington equal pay and opportunities act."

On page 1, line 1 of the title, after "information;" strike the remainder of the title and insert "amending RCW 49.58.005; and adding new sections to chapter 49.58 RCW."

#### SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1696 and asked the Senate to recede therefrom.

#### MESSAGE FROM THE SENATE

April 13, 2019

MR. SPEAKER:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1923, with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 25.** A new section is added to chapter 36.70A RCW to read as follows:

(1) A city planning pursuant to RCW 36.70A.040 is encouraged to take the following actions in order to increase its residential building capacity:

(a) Authorize development in one or more areas of not fewer than five hundred acres that include at least one train station served by commuter rail or light rail with an average of at least fifty residential units per acre that require no more than an average of one on-site parking space per two bedrooms in the portions of multifamily zones that are located within the areas;

(b) Authorize development in one or more areas of not fewer than five hundred acres in cities with a population greater than forty thousand or not fewer than two hundred fifty acres in cities with a population less than forty thousand that include at least one bus stop served by scheduled bus service of at least four times per hour for twelve or more hours per day with an average of at least twenty-five residential units per acre that require no more than an average of one on-site parking space per two bedrooms in portions of the multifamily zones that are located within the areas;

(c) Authorize at least one duplex, triplex, or courtyard apartment on each parcel in one or more zoning districts that permit single-family residences unless a city documents a specific infrastructure of physical constraint that would make this requirement unfeasible for a particular parcel;

(d) Authorize cluster zoning or lot size averaging in all zoning districts that permit single-family residences;

(e) Authorize attached accessory dwelling units on all parcels containing single-family homes where the lot is at least three thousand two hundred square feet in size, and permit both attached and detached accessory dwelling units on all parcels containing single-family homes, provided lots are at least four thousand three hundred fifty-six square feet in size. Qualifying city ordinances or regulations may not provide for on-site parking requirements, owner occupancy requirements, or square footage limitations below one thousand square feet for the accessory dwelling unit, and must not prohibit the separate rental or sale of accessory dwelling units and the primary residence. Cities must set applicable impact fees at no more than the projected impact of the accessory dwelling unit. To allow local flexibility, other than these factors, accessory dwelling units may be subject to such regulations, conditions, procedures, and limitations as determined by the local legislative authority, and must follow all applicable state and federal laws and local ordinances;

(f) Adopt a subarea plan pursuant to RCW 43.21C.420;

(g) Adopt a planned action pursuant to RCW 43.21C.440(1)(b)(ii), except that an environmental impact statement pursuant to RCW 43.21C.030 is not required for such an action;

(h) Adopt increases in categorical exemptions pursuant to RCW 43.21C.229 for residential or mixed-use development;

(i) Adopt a form-based code in one or more zoning districts that permit residential uses. "Form-based code" means a land development regulation that uses physical form, rather than separation of use, as the organizing principle for the code;

(j) Authorize a duplex on each corner lot within all zoning districts that permit single-family residences;

(k) Allow for the division or redivision of land into the maximum number of lots through the short subdivision process provided in chapter 58.17 RCW; and

(l) Authorize a minimum net density of six dwelling units per acre in all residential zones, where the residential development capacity will increase within the city.

(2) A city planning pursuant to RCW 36.70A.040 may adopt a housing action plan as described in this subsection. The goal of any such housing plan must be to encourage construction of additional affordable and market rate housing in a greater variety of housing types and at prices that are accessible to a greater variety of incomes, including strategies aimed at the for-profit single-family home market. A housing action plan may utilize data compiled pursuant to section 3 of this act. The housing action plan should:

(a) Quantify existing and projected housing needs for all income levels, including extremely low-income households, with documentation of housing and household characteristics, and cost-burdened households;

(b) Develop strategies to increase the supply of housing, and variety of housing types, needed to serve the housing needs identified in (a) of this subsection;

(c) Analyze population and employment trends, with documentation of projections;

(d) Consider strategies to minimize displacement of low-income residents resulting from redevelopment;

(e) Review and evaluate the current housing element adopted pursuant to RCW 36.70A.070, including an evaluation of success in attaining planned housing types and units, achievement of goals and policies, and implementation of the schedule of programs and actions;

(f) Provide for participation and input from community members, community groups, local builders, local realtors, nonprofit housing advocates, and local religious groups; and

(g) Include a schedule of programs and actions to implement the recommendations of the housing action plan.

(3) If adopted by April 1, 2021, ordinances, amendments to development regulations, and other nonproject actions taken by a city to implement the actions specified in subsection (1) of this section, with the exception of the action specified in subsection (1)(f) of this section, are not subject to administrative or judicial appeal under chapter 43.21C RCW.

(4) Any action taken by a city prior to April 1, 2021, to amend their comprehensive plan solely to include actions taken under subsection (1) of this section is not subject to legal challenge under this chapter.

(5) In taking action under subsection (1) of this section, cities are encouraged to utilize strategies that increase residential building capacity in areas with frequent transit service and with the transportation and utility infrastructure that supports the additional residential building capacity.

(6) A city with a population over twenty thousand that is planning to take at least two actions under subsection (1) of this section, and that action will occur between the effective date of this section and April 1, 2021, is eligible to apply to the department for planning grant assistance of up to one hundred thousand dollars, subject to the availability of funds appropriated for that purpose. The department shall develop grant criteria to ensure that grant funds awarded are proportionate to the level of effort proposed by a city, and the potential increase in housing supply or regulatory streamlining that could be achieved. Funding may be provided in advance of, and to support, adoption of policies or ordinances consistent with this section. A city can request, and the department may award, more than one hundred thousand dollars for applications that demonstrate extraordinary potential to increase housing supply or regulatory streamlining.

(7) A city seeking to develop a housing action plan under subsection (2) of this section is eligible to apply to the department for up to one hundred thousand dollars.

(8) The department shall establish grant award amounts under subsections (6) and (7) of this section based on the expected number of cities that will seek grant assistance, to ensure that all cities can receive some level of grant support. If funding capacity allows, the department may consider accepting and funding applications from cities with a population of less than twenty thousand if the actions proposed in the application will create a significant amount of housing capacity or regulatory streamlining and are consistent with the actions in this section.

(9) In implementing this act, cities are encouraged to prioritize the creation of affordable, inclusive neighborhoods and to consider the risk of residential displacement, particularly in neighborhoods with communities at high risk of displacement.

**Sec. 26.** RCW 36.70A.030 and 2017 3rd sp.s. c 18 s 2 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Adopt a comprehensive land use plan" means to enact a new comprehensive land use plan or to update an existing comprehensive land use plan.

(2) "Agricultural land" means land primarily devoted to the commercial production of horticultural, viticultural, floricultural, dairy, apiary, vegetable, or animal products or of berries, grain, hay, straw, turf, seed, Christmas trees not subject to the excise tax imposed by RCW 84.33.100 through 84.33.140, finfish in upland hatcheries, or livestock, and that has long-term commercial significance for agricultural production.

(3) "City" means any city or town, including a code city.

(4) "Comprehensive land use plan," "comprehensive plan," or "plan" means a generalized coordinated land use policy statement of the governing body of a county or city that is adopted pursuant to this chapter.

(5) "Critical areas" include the following areas and ecosystems: (a) Wetlands; (b) areas with a critical recharging effect on aquifers used for potable water; (c) fish and wildlife habitat conservation areas; (d) frequently flooded areas; and (e) geologically hazardous areas. "Fish and wildlife habitat conservation areas" does not include such artificial features or constructs as irrigation delivery systems, irrigation infrastructure, irrigation canals, or drainage ditches that lie within the boundaries of and are maintained by a port district or an irrigation district or company.

(6) "Department" means the department of commerce.

(7) "Development regulations" or "regulation" means the controls placed on development or land use activities by a county or city, including, but not limited to, zoning ordinances, critical areas ordinances, shoreline master programs, official controls, planned unit development ordinances, subdivision ordinances, and binding site plan ordinances together with any amendments thereto. A development regulation does not include a decision to approve a project permit application, as defined in RCW 36.70B.020, even though the decision may be expressed in a resolution or ordinance of the legislative body of the county or city.

(8) "Forestland" means land primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, including Christmas trees subject to the excise tax imposed under RCW 84.33.100 through 84.33.140, and that has long-term commercial significance. In determining whether forestland is primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, the following factors shall be considered: (a) The proximity of the land to urban, suburban, and rural settlements; (b) surrounding parcel size and the compatibility and intensity of adjacent and nearby land uses; (c) long-term local economic conditions that affect the ability to manage for timber production; and (d) the availability of public facilities and services conducive to conversion of forestland to other uses.

(9) "Freight rail dependent uses" means buildings and other infrastructure that are used in the fabrication, processing, storage, and transport of goods where the use is dependent on and makes use of an adjacent short line railroad. Such facilities are both urban and rural development for purposes of this chapter. "Freight rail dependent uses" does not include buildings and other infrastructure that are used in the fabrication, processing, storage, and transport of coal, liquefied natural gas, or "crude oil" as defined in RCW 90.56.010.

(10) "Geologically hazardous areas" means areas that because of their susceptibility to erosion, sliding, earthquake, or other geological events, are not suited to the siting of commercial, residential, or industrial development consistent with public health or safety concerns.

(11) "Long-term commercial significance" includes the growing capacity, productivity, and soil composition of the land for long-term commercial production, in consideration with the land's proximity to population areas, and the possibility of more intense uses of the land.

(12) "Minerals" include gravel, sand, and valuable metallic substances.

(13) "Public facilities" include streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools.

(14) "Public services" include fire protection and suppression, law enforcement, public health, education, recreation, environmental protection, and other governmental services.

(15) "Recreational land" means land so designated under RCW 36.70A.1701 and that, immediately prior to this designation, was designated as agricultural land of long-term commercial significance under RCW 36.70A.170. Recreational land must have playing fields and supporting facilities existing before July 1, 2004, for sports played on grass playing fields.

(16) "Rural character" refers to the patterns of land use and development established by a county in the rural element of its comprehensive plan:

(a) In which open space, the natural landscape, and vegetation predominate over the built environment;

(b) That foster traditional rural lifestyles, rural-based economies, and opportunities to both live and work in rural areas;

(c) That provide visual landscapes that are traditionally found in rural areas and communities;

(d) That are compatible with the use of the land by wildlife and for fish and wildlife habitat;

(e) That reduce the inappropriate conversion of undeveloped land into sprawling, low-density development;

(f) That generally do not require the extension of urban governmental services; and

(g) That are consistent with the protection of natural surface water flows and groundwater and surface water recharge and discharge areas.

(17) "Rural development" refers to development outside the urban growth area and outside agricultural, forest, and mineral resource lands designated pursuant to RCW 36.70A.170. Rural development can consist of a variety of uses and residential densities, including clustered residential development, at levels that are consistent with the preservation of rural character and the requirements of the rural element. Rural development does not refer to agriculture or forestry activities that may be conducted in rural areas.

(18) "Rural governmental services" or "rural services" include those public services and public facilities historically and typically delivered at an intensity usually found in rural areas, and may include domestic water systems, fire and police protection services, transportation and public transit services, and other public utilities associated with rural development and normally not associated with urban areas. Rural services do not include storm or sanitary sewers, except as otherwise authorized by RCW 36.70A.110(4).

(19) "Short line railroad" means those railroad lines designated class II or class III by the United States surface transportation board.

(20) "Urban governmental services" or "urban services" include those public services and public facilities at an intensity historically and typically provided in cities, specifically including storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, public transit services, and other public utilities associated with urban areas and normally not associated with rural areas.

(21) "Urban growth" refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible with the primary use of land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources, rural uses, rural development, and natural resource lands designated pursuant to RCW 36.70A.170. A pattern of more intensive rural development, as provided in RCW 36.70A.070(5)(d), is not urban growth. When allowed to spread over wide areas, urban growth typically requires urban governmental services. "Characterized by urban growth" refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth.

(22) "Urban growth areas" means those areas designated by a county pursuant to RCW 36.70A.110.

(23) "Wetland" or "wetlands" means areas that are inundated or saturated by surface water or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial

wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas created to mitigate conversion of wetlands.

(24) "Affordable housing" means, unless the context clearly indicates otherwise, residential housing whose monthly costs, including utilities other than telephone, do not exceed thirty percent of the monthly income of a household whose income is:

(a) For rental housing, sixty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development; or

(b) For owner-occupied housing, eighty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

(25) "Extremely low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below thirty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

(26) "Low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below eighty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

(27) "Permanent supportive housing" is subsidized, leased housing with no limit on length of stay, paired with on-site or off-site voluntary services designed to support a person living with a disability to be a successful tenant in a housing arrangement, improve the resident's health status, and connect residents of the housing with community-based health care, treatment, and employment services.

(28) "Very low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below fifty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

**NEW SECTION. Sec. 27.** A new section is added to chapter 36.70A RCW to read as follows:

The Washington center for real estate research at the University of Washington shall produce a report every two

years that compiles housing supply and affordability metrics for each city planning under RCW 36.70A.040 with a population of ten thousand or more. The initial report, completed by October 15, 2020, must be a compilation of objective criteria relating to development regulations, zoning, income, housing and rental prices, housing affordability programs, and other metrics relevant to assessing housing supply and affordability for all income segments, including the percentage of cost-burdened households, of each city subject to the report required by this section. The report completed by October 15, 2022, must also include data relating to actions taken by cities under this act. The report completed by October 15, 2024, must also include relevant data relating to buildable lands reports prepared under RCW 36.70A.215, where applicable, and updates to comprehensive plans under this chapter. The Washington center for real estate research shall collaborate with the Washington housing finance commission and the office of financial management to develop the metrics compiled in the report. The report must be submitted, consistent with RCW 43.01.036, to the standing committees of the legislature with jurisdiction over housing issues and this chapter.

**NEW SECTION. Sec. 28.** A new section is added to chapter 43.21C RCW to read as follows:

If adopted by April 1, 2021, amendments to development regulations and other nonproject actions taken by a city to implement section 1 (1) or (4) of this act, with the exception of the action specified in section 1(1)(f) of this act, are not subject to administrative or judicial appeals under this chapter.

**NEW SECTION. Sec. 29.** A new section is added to chapter 36.70A RCW to read as follows:

In counties and cities planning under RCW 36.70A.040, minimum residential parking requirements mandated by municipal zoning ordinances for housing units constructed after July 1, 2019, are subject to the following requirements:

(1) For housing units that are affordable to very low-income or extremely low-income individuals and that are located within one-quarter mile of a transit stop that receives transit service at least four times per hour for twelve or more hours per day, minimum residential parking requirements may be no greater than one parking space per bedroom or .75 space per unit. A city may require a developer to record a covenant that prohibits the rental of a unit subject to this parking restriction for any purpose other than providing for housing for very low-income or extremely low-income individuals. The covenant must address price restrictions and household income limits and policies if the property is converted to a use other than for low-income housing. A city may establish a requirement for the provision of more than one parking space per bedroom or .75 space per unit if the jurisdiction has determined a particular housing unit to be in an area with a lack of access to street parking capacity, physical space impediments, or other reasons supported by

evidence that would make on-street parking infeasible for the unit.

(2) For housing units that are specifically for seniors or people with disabilities, that are located within one-quarter mile of a transit stop that receives transit service at least four times per hour for twelve or more hours per day, a city may not impose minimum residential parking requirements for the residents of such housing units, subject to the exceptions provided in this subsection. A city may establish parking requirements for staff and visitors of such housing units. A city may establish a requirement for the provision of one or more parking space per bedroom if the jurisdiction has determined a particular housing unit to be in an area with a lack of access to street parking capacity, physical space impediments, or other reasons supported by evidence that would make on-street parking infeasible for the unit. A city may require a developer to record a covenant that prohibits the rental of a unit subject to this parking restriction for any purpose other than providing for housing for seniors or people with disabilities.

**NEW SECTION. Sec. 30.** A new section is added to chapter 43.21C RCW to read as follows:

(1) A project action pertaining to residential, multifamily, or mixed use development evaluated under this chapter by a city or town planning under RCW 36.70A.040 is exempt from appeals under this chapter on the basis of the evaluation of or impacts to transportation elements of the environment, so long as the project does not present significant adverse impacts to the state-owned transportation system as determined by the department of transportation and the project is:

- (a)(i) Consistent with a locally adopted transportation plan; or
- (ii) Consistent with the transportation element of a comprehensive plan; and
- (b)(i) A project for which traffic or parking impact fees are imposed pursuant to RCW 82.02.050 through 82.02.090; or
- (ii) A project for which traffic or parking impacts are expressly mitigated by an ordinance, or ordinances, of general application adopted by the city or town.

(2) For purposes of this section, "impacts to transportation elements of the environment" include impacts to transportation systems; vehicular traffic; waterborne, rail, and air traffic; parking; movement or circulation of people or goods; and traffic hazards.

**Sec. 31.** RCW 43.21C.420 and 2010 c 153 s 2 are each amended to read as follows:

(1) Cities with a population greater than five thousand, in accordance with their existing comprehensive planning and development regulation authority under chapter 36.70A RCW, and in accordance with this section, may adopt optional elements of their comprehensive plans

and optional development regulations that apply within specified subareas of the cities, that are either:

(a) Areas designated as mixed-use or urban centers in a land use or transportation plan adopted by a regional transportation planning organization; or

(b) Areas within one-half mile of a major transit stop that are zoned to have an average minimum density of fifteen dwelling units or more per gross acre.

(2) Cities located on the east side of the Cascade mountains and located in a county with a population of two hundred thirty thousand or less, in accordance with their existing comprehensive planning and development regulation authority under chapter 36.70A RCW, and in accordance with this section, may adopt optional elements of their comprehensive plans and optional development regulations that apply within the mixed-use or urban centers. The optional elements of their comprehensive plans and optional development regulations must enhance pedestrian, bicycle, transit, or other nonvehicular transportation methods.

(3) A major transit stop is defined as:

- (a) A stop on a high capacity transportation service funded or expanded under the provisions of chapter 81.104 RCW;
- (b) Commuter rail stops;
- (c) Stops on rail or fixed guideway systems, including transitways;
- (d) Stops on bus rapid transit routes or routes that run on high occupancy vehicle lanes; or
- (e) Stops for a bus or other transit mode providing fixed route service at intervals of at least thirty minutes during the peak hours of operation.

(4)(a) A city that elects to adopt such an optional comprehensive plan element and optional development regulations shall prepare a nonproject environmental impact statement, pursuant to RCW 43.21C.030, assessing and disclosing the probable significant adverse environmental impacts of the optional comprehensive plan element and development regulations and of future development that is consistent with the plan and regulations.

(b) At least one community meeting must be held on the proposed subarea plan before the scoping notice for such a nonproject environmental impact statement is issued. Notice of scoping for such a nonproject environmental impact statement and notice of the community meeting required by this section must be mailed to all property owners of record within the subarea to be studied, to all property owners within one hundred fifty feet of the boundaries of such a subarea, to all affected federally recognized tribal governments whose ceded area is within one-half mile of the boundaries of the subarea, and to agencies with jurisdiction over the future development anticipated within the subarea.

(c) ~~(In cities with over five hundred thousand residents, notice of scoping for such a nonproject~~

~~environmental impact statement and notice of the community meeting required by this section must be mailed to all small businesses as defined in RCW 19.85.020, and to all community preservation and development authorities established under chapter 43.167 RCW, located within the subarea to be studied or within one hundred fifty feet of the boundaries of such subarea. The process for community involvement must have the goal of fair treatment and meaningful involvement of all people with respect to the development and implementation of the subarea planning process.~~

~~(d))~~ The notice of the community meeting must include general illustrations and descriptions of buildings generally representative of the maximum building envelope that will be allowed under the proposed plan and indicate that future appeals of proposed developments that are consistent with the plan will be limited. Notice of the community meeting must include signs located on major travel routes in the subarea. If the building envelope increases during the process, another notice complying with the requirements of this section must be issued before the next public involvement opportunity.

~~((e))~~ ~~(d)~~ Any person that has standing to appeal the adoption of this subarea plan or the implementing regulations under RCW 36.70A.280 has standing to bring an appeal of the nonproject environmental impact statement required by this subsection.

~~((f))~~ ~~Cities with over five hundred thousand residents shall prepare a study that accompanies or is appended to the nonproject environmental impact statement, but must not be part of that statement, that analyzes the extent to which the proposed subarea plan may result in the displacement or fragmentation of existing businesses, existing residents, including people living with poverty, families with children, and intergenerational households, or cultural groups within the proposed subarea plan. The city shall also discuss the results of the analysis at the community meeting.~~

~~((g))~~ ~~(e)~~ As an incentive for development authorized under this section, a city shall consider establishing a transfer of development rights program in consultation with the county where the city is located, that conserves county-designated agricultural and forestland of long-term commercial significance. If the city decides not to establish a transfer of development rights program, the city must state in the record the reasons for not adopting the program. The city's decision not to establish a transfer of development rights program is not subject to appeal. Nothing in this subsection (4)~~((g))~~ ~~(e)~~ may be used as a basis to challenge the optional comprehensive plan or subarea plan policies authorized under this section.

(5)(a) Until July 1, ~~((2018))~~ 2029, a proposed development that meets the criteria of (b) of this subsection may not be challenged in administrative or judicial appeals for noncompliance with this chapter as long as a complete application for such a development that vests the application or would later lead to vested status under city or state law is submitted to the city within a time frame established by the city, but not to exceed the following time frames:

(i) Nineteen years from the date of issuance of the final environmental impact statement, for projects that are consistent with an optional element adopted by a city as of the effective date of this section; or

(ii) Ten years from the date of issuance of the final environmental impact statement, for projects that are consistent with an optional element adopted by a city after the effective date of this section.

(b) A proposed development may not be challenged, consistent with the timelines established in (a) of this subsection, so long as the development:

(i) Is consistent with the optional comprehensive plan or subarea plan policies and development regulations adopted under subsection (1) or (2) of this section;

(ii) Sets aside or requires the occupancy of at least ten percent of the dwelling units, or a greater percentage as determined by city development regulations, within the development for low-income households at a sale price or rental amount that is considered affordable by a city's housing programs. This subsection (5)(b)(ii) applies only to projects that are consistent with an optional element adopted by a city pursuant to this section after the effective date of this section; and ~~((that))~~

(iii) Is environmentally reviewed under subsection (4) of this section ~~((may not be challenged in administrative or judicial appeals for noncompliance with this chapter as long as a complete application for such a development that vests the application or would later lead to vested status under city or state law is submitted to the city within a time frame established by the city, but not to exceed ten years from the date of issuance of the final environmental impact statement))~~

~~((b))~~ ~~(c)~~ After July 1, ~~((2018))~~ 2029, the immunity from appeals under this chapter of any application that vests or will vest under this subsection or the ability to vest under this subsection is still valid, provided that the final subarea environmental impact statement is issued by July 1, ~~((2018))~~ 2029. After July 1, ~~((2018))~~ 2029, a city may continue to collect reimbursement fees under subsection (6) of this section for the proportionate share of a subarea environmental impact statement issued prior to July 1, ~~((2018))~~ 2029.

(6) It is recognized that a city that prepares a nonproject environmental impact statement under subsection (4) of this section must endure a substantial financial burden. A city may recover or apply for a grant or loan to prospectively cover its reasonable expenses of preparation of a nonproject environmental impact statement prepared under subsection (4) of this section through access to financial assistance under RCW 36.70A.490 or funding from private sources. In addition, a city is authorized to recover a portion of its reasonable expenses of preparation of such a nonproject environmental impact statement by the assessment of reasonable and proportionate fees upon subsequent development that is consistent with the plan and development regulations adopted under subsection (5) of this section, as long as the development makes use of and benefits ~~((from))~~ from, as described in subsection (5) of

this section, ~~((from))~~ the nonproject environmental impact statement prepared by the city. Any assessment fees collected from subsequent development may be used to reimburse funding received from private sources. In order to collect such fees, the city must enact an ordinance that sets forth objective standards for determining how the fees to be imposed upon each development will be proportionate to the impacts of each development and to the benefits accruing to each development from the nonproject environmental impact statement. Any disagreement about the reasonableness or amount of the fees imposed upon a development may not be the basis for delay in issuance of a project permit for that development. The fee assessed by the city may be paid with the written stipulation "paid under protest" and if the city provides for an administrative appeal of its decision on the project for which the fees are imposed, any dispute about the amount of the fees must be resolved in the same administrative appeal process.

(7) If a proposed development is inconsistent with the optional comprehensive plan or subarea plan policies and development regulations adopted under subsection (1) of this section, the city shall require additional environmental review in accordance with this chapter.

**Sec. 32.** RCW 36.70A.490 and 2012 1st sp.s. c 1 s 309 are each amended to read as follows:

The growth management planning and environmental review fund is hereby established in the state treasury. Moneys may be placed in the fund from the proceeds of bond sales, tax revenues, budget transfers, federal appropriations, gifts, or any other lawful source. Moneys in the fund may be spent only after appropriation. Moneys in the fund shall be used to make grants or loans to local governments for the purposes set forth in RCW 43.21C.240, 43.21C.031, ~~((~~¶~~))~~ 36.70A.500, section 1 of this act, for costs associated with section 3 of this act, and to cover costs associated with the adoption of optional elements of comprehensive plans consistent with RCW 43.21C.420. Any payment of either principal or interest, or both, derived from loans made from this fund must be deposited into the fund.

**NEW SECTION. Sec. 33.** A new section is added to chapter 35.21 RCW to read as follows:

A city may not prohibit permanent supportive housing in areas where multifamily housing is permitted.

**NEW SECTION. Sec. 34.** A new section is added to chapter 35A.21 RCW to read as follows:

A code city may not prohibit permanent supportive housing in areas where multifamily housing is permitted.

**NEW SECTION. Sec. 35.** A new section is added to chapter 36.22 RCW to read as follows:

(1) Except as provided in subsection (2) of this section, a surcharge of two dollars and fifty cents shall be charged by the county auditor for each document recorded, which will be in addition to any other charge or surcharge allowed by law. The auditor shall remit the funds to the state treasurer to be deposited and used as follows:

(a) Through June 30, 2024, funds must be deposited into the growth management planning and environmental review fund created in RCW 36.70A.490 to be used first for grants for costs associated with section 1 of this act and for costs associated with section 3 of this act, and thereafter for any allowable use of the fund.

(b) Beginning July 1, 2024, sufficient funds must be deposited into the growth management planning and environmental review fund created in RCW 36.70A.490 for costs associated with section 3 of this act, and the remainder deposited into the home security fund account created in RCW 43.185C.060 to be used for maintenance and operation costs of: (i) Permanent supportive housing and (ii) affordable housing for very low-income and extremely low-income households. Funds may only be expended in cities that have taken action under section 1 of this act.

(2) The surcharge imposed in this section does not apply to: (a) Assignments or substitutions of previously recorded deeds of trust; (b) documents recording a birth, marriage, divorce, or death; (c) any recorded documents otherwise exempted from a recording fee or additional surcharges under state law; (d) marriage licenses issued by the county auditor; or (e) documents recording a federal, state, county, or city lien or satisfaction of lien.

(3) For purposes of this section, the terms "permanent supportive housing," "affordable housing," "very low-income households," and "extremely low-income households" have the same meaning as provided in RCW 36.70A.030.

**MESSAGE FROM THE SENATE**

April 3, 2019

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1041 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. This act may be known and cited as the new hope act.

**Sec. 2.** RCW 9.94A.637 and 2009 c 325 s 3 and 2009 c 288 s 2 are each reenacted and amended to read as follows:

(1)~~((+))~~ When an offender has completed all requirements of the sentence, including any and all legal financial obligations, and while under the custody ~~((and))~~ or supervision of the department, the secretary or the secretary's designee shall notify the sentencing court, which shall discharge the offender and provide the offender with a certificate of discharge by issuing the certificate to the offender in person or by mailing the certificate to the offender's last known address. A certificate of discharge issued under this subsection (1) is effective on the date the offender completed all conditions of his or her sentence.

~~((b)(i))~~ (2)(a) When an offender has reached the end of his or her supervision with the department and has completed all the requirements of the sentence except his or her legal financial obligations, the secretary's designee shall provide the county clerk with a notice that the offender has completed all nonfinancial requirements of the sentence. The notice must list the specific sentence requirements that have been completed, so that it is clear to the sentencing court that the offender is entitled to discharge upon completion of the legal financial obligations of the sentence.

~~((ii))~~ (b) When the department has provided the county clerk with notice under (a) of this subsection showing that an offender has completed all the requirements of the sentence and the offender subsequently satisfies all legal financial obligations under the sentence, the county clerk shall promptly notify the sentencing court ~~((, including the notice from the department, which)).~~ Upon receipt of the notice under this subsection (2)(b), the court shall discharge the offender and provide the offender with a certificate of discharge ((by issuing the certificate to the offender in person or by mailing the certificate to the offender's last known address)). A certificate of discharge issued under this subsection (2) is effective on the date the offender completed all conditions of his or her sentence.

~~((c) When an offender who is subject to requirements of the sentence in addition to the payment of~~

legal financial obligations either is not subject to supervision by the department or does not complete the requirements while under supervision of the department, it is the offender's responsibility to provide the court with verification of the completion of the sentence conditions other than the payment of legal financial obligations. When the offender satisfies all legal financial obligations under the sentence, the county clerk shall notify the sentencing court that the legal financial obligations have been satisfied. When the court has received both notification from the clerk and adequate verification from the offender that the sentence requirements have been completed, the court shall discharge the offender and provide the offender with))

(3) In the absence of a certificate of discharge issued under subsection (1) or (2) of this section, the offender may file a motion with the sentencing court for a certificate of discharge. The sentencing court shall issue a certificate of discharge upon verification of completion of all sentencing conditions, including any and all legal financial obligations. A certificate of discharge issued under this subsection (3) is effective on the date the offender completed all conditions of his or her sentence.

(4) In the absence of a certificate of discharge issued under subsection (1), (2), or (3) of this section, the offender may file a motion with the sentencing court for a certificate of discharge and shall provide verification of completion of all nonfinancial conditions of his or her sentence, unless the court finds good cause to waive this requirement. A certificate of discharge issued under this subsection (4) is effective on the later of: (a) Five years after completion of community custody, or if the offender was not required to serve community custody, after the completion of full and partial confinement; or (b) the date any and all legal financial obligations were satisfied.

(5) The court shall issue a certificate of discharge by issuing the certificate to the offender in person or by mailing the certificate to the offender's last known address.

~~((2))~~ (6)(a) ((For purposes of this subsection (2),)) Δ no-contact order is not a requirement of the offender's sentence. An offender who has completed all requirements of the sentence, including any and all legal financial obligations, is eligible for a certificate of discharge even if the offender has an existing no-contact order that excludes or prohibits the offender from having contact with a specified person or ~~((business))~~ entity or coming within a set distance of any specified location.

~~((b))~~ In the case of an eligible offender who has a no-contact order as part of the judgment and sentence, the offender may petition the sentencing court to issue a certificate of discharge and a separate no-contact order ~~((by filing a petition in the sentencing court and)), which must include paying the appropriate filing fee ((associated with the petition))~~ for the separate no-contact order. This filing fee does not apply to an offender seeking a certificate of discharge when the offender has a no-contact order separate from the judgment and sentence.

~~((i)(A) The court shall issue a certificate of discharge and a separate no contact order under this subsection (2) if the court determines that the offender has~~

~~completed all requirements of the sentence, including all legal financial obligations.))~~ The court shall reissue the no-contact order separately under a new civil cause number for the remaining term and under the same conditions as contained in the judgment and sentence.

~~((B))~~ (b) The clerk of the court shall send a copy of the new no-contact order to the individuals or entities protected by the no-contact order, along with an explanation of the reason for the change, if there is an address available in the court file. If no address is available, the clerk of the court shall forward a copy of the order to the prosecutor, who shall send a copy of the no-contact order with an explanation of the reason for the change to the last known address of the protected individuals or entities.

~~((ii) Whenever an order under this subsection (2) is issued,))~~ (c) The clerk of the court shall forward a copy of the order to the appropriate law enforcement agency specified in the order on or before the next judicial day. The clerk shall also include a cover sheet that indicates the case number of the judgment and sentence that has been discharged. Upon receipt of the copy of the order and cover sheet, the law enforcement agency shall enter the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. The order shall remain in this system until it expires. The new order, and case number of the discharged judgment and sentence, shall be linked in the criminal intelligence information system for purposes of enforcing the no-contact order.

~~((iii))~~ (d) A separately issued no-contact order may be enforced under chapter 26.50 RCW.

~~((iv))~~ (e) A separate no-contact order issued under this subsection ~~((2))~~ (6) is not a modification of the offender's sentence.

~~((3))~~ (7) Every signed certificate and order of discharge shall be filed with the county clerk of the sentencing county. In addition, the court shall send to the department a copy of every signed certificate and order of discharge for offender sentences under the authority of the department. The county clerk shall enter into a database maintained by the administrator for the courts the names of all felons who have been issued certificates of discharge, the date of discharge, and the date of conviction and offense.

~~((4))~~ (8) An offender who is not convicted of a violent offense or a sex offense and is sentenced to a term involving community supervision may be considered for a discharge of sentence by the sentencing court prior to the completion of community supervision, provided that the offender has completed at least one-half of the term of community supervision and has met all other sentence requirements.

~~((5))~~ (9) The discharge shall have the effect of restoring all civil rights not already restored by RCW 29A.08.520, and the certificate of discharge shall so state. Nothing in this section prohibits the use of an offender's prior record for purposes of determining sentences for later offenses as provided in this chapter. Nothing in this section affects or prevents use of the offender's prior conviction in a

later criminal prosecution either as an element of an offense or for impeachment purposes. A certificate of discharge is not based on a finding of rehabilitation.

~~((6))~~ (10) Unless otherwise ordered by the sentencing court, a certificate of discharge shall not terminate the offender's obligation to comply with an order that excludes or prohibits the offender from having contact with a specified person or coming within a set distance of any specified location that was contained in the judgment and sentence. An offender who violates such an order after a certificate of discharge has been issued shall be subject to prosecution according to the chapter under which the order was originally issued.

~~((7))~~ (11) Upon release from custody, the offender may apply to the department for counseling and help in adjusting to the community. This voluntary help may be provided for up to one year following the release from custody.

**Sec. 3.** RCW 9.94A.640 and 2012 c 183 s 3 are each amended to read as follows:

(1) Every offender who has been discharged under RCW 9.94A.637 may apply to the sentencing court for a vacation of the offender's record of conviction. If the court finds the offender meets the tests prescribed in subsection (2) of this section, the court may clear the record of conviction by: (a) Permitting the offender to withdraw the offender's plea of guilty and to enter a plea of not guilty; or (b) if the offender has been convicted after a plea of not guilty, by the court setting aside the verdict of guilty; and (c) by the court dismissing the information or indictment against the offender.

(2) An offender may not have the record of conviction cleared if:

(a) There are any criminal charges against the offender pending in any court of this state or another state, or in any federal court;

(b) The offense was a violent offense as defined in RCW 9.94A.030(~~;~~);

~~(e) the offense was a~~) or crime against persons as defined in RCW 43.43.830, except the following offenses may be vacated if the conviction did not include a firearm, deadly weapon, or sexual motivation enhancement: (i) Assault in the second degree under RCW 9A.36.021; (ii) assault in the third degree under RCW 9A.36.031 when not committed against a law enforcement officer or peace officer; and (iii) robbery in the second degree under RCW 9A.56.210;

~~((d))~~ (c) The offense is a class B felony and the offender has been convicted of a new crime in this state, another state, or federal court in the ten years prior to the application for vacation;

(d) The offense is a class C felony and the offender has been convicted of a new crime in this state, another state, or federal court (~~since the date of the offender's discharge~~

~~under RCW 9.94A.637))~~ in the five years prior to the application for vacation;

(e) The offense is a class B felony and less than ten years have passed since the (~~date the applicant was discharged under RCW 9.94A.637))~~ later of: (i) The applicant's release from community custody; (ii) the applicant's release from full and partial confinement; or (iii) the applicant's sentencing date;

(f) The offense was a class C felony, other than a class C felony described in RCW 46.61.502(6) or 46.61.504(6), and less than five years have passed since the (~~date the applicant was discharged under RCW 9.94A.637))~~ later of: (i) The applicant's release from community custody; (ii) the applicant's release from full and partial confinement; or (iii) the applicant's sentencing date; or

(g) The offense was a (~~class C~~) felony described in RCW 46.61.502(~~((6))~~) or 46.61.504(~~((6))~~).

(3)(a) Except as otherwise provided, once the court vacates a record of conviction under subsection (1) of this section, the fact that the offender has been convicted of the offense shall not be included in the offender's criminal history for purposes of determining a sentence in any subsequent conviction, and the offender shall be released from all penalties and disabilities resulting from the offense. For all purposes, including responding to questions on employment applications, an offender whose conviction has been vacated may state that the offender has never been convicted of that crime. A conviction that has been vacated under this section may not be disseminated or disclosed by the state patrol or local law enforcement agency to any person, except other criminal justice enforcement agencies. Nothing in this section affects or prevents the use of an offender's prior conviction in a later criminal prosecution, and nothing in this section affects the requirements for restoring a right to possess a firearm under RCW 9.41.040.

(b) A conviction vacated on or after the effective date of this section qualifies as a prior conviction for the purpose of charging a present recidivist offense occurring on or after the effective date of this section, and may be used to establish an ongoing pattern of abuse for purposes of RCW 9.94A.535.

**Sec. 4.** RCW 9.96.060 and 2017 c 336 s 2, 2017 c 272 s 9, and 2017 c 128 s 1 are each reenacted and amended to read as follows:

(1) Every person convicted of a misdemeanor or gross misdemeanor offense who has completed all of the terms of the sentence for the misdemeanor or gross misdemeanor offense may apply to the sentencing court for a vacation of the applicant's record of conviction for the offense. If the court finds the applicant meets the tests prescribed in subsection (2) of this section, the court may in its discretion vacate the record of conviction by: (a)(i) Permitting the applicant to withdraw the applicant's plea of guilty and to enter a plea of not guilty; or (ii) if the applicant has been convicted after a plea of not guilty, the court setting aside the verdict of guilty; and (b) the court dismissing the

information, indictment, complaint, or citation against the applicant and vacating the judgment and sentence.

(2) An applicant may not have the record of conviction for a misdemeanor or gross misdemeanor offense vacated if any one of the following is present:

(a) There are any criminal charges against the applicant pending in any court of this state or another state, or in any federal or tribal court, at the time of application;

(b) The offense was a violent offense as defined in RCW 9.94A.030 or an attempt to commit a violent offense;

(c) The offense was a violation of RCW 46.61.502 (driving while under the influence), 46.61.504 (actual physical control while under the influence), 9.91.020 (operating a railroad, etc. while intoxicated), or the offense is considered a "prior offense" under RCW 46.61.5055 and the applicant has had a subsequent alcohol or drug violation within ten years of the date of arrest for the prior offense or less than ten years has elapsed since the date of the arrest for the prior offense;

(d) The offense was any misdemeanor or gross misdemeanor violation, including attempt, of chapter 9.68 RCW (obscenity and pornography), chapter 9.68A RCW (sexual exploitation of children), or chapter 9A.44 RCW (sex offenses), except for failure to register as a sex offender under RCW 9A.44.132;

(e) The applicant was convicted of a misdemeanor or gross misdemeanor offense as defined in RCW 10.99.020, or the court determines after a review of the court file that the offense was committed by one family member or household member against another, or the court, after considering the damage to person or property that resulted in the conviction, any prior convictions for crimes defined in RCW 10.99.020, or for comparable offenses in another state or in federal court, and the totality of the records under review by the court regarding the conviction being considered for vacation, determines that the offense involved domestic violence, and any one of the following factors exist:

(i) The applicant has not provided written notification of the vacation petition to the prosecuting attorney's office that prosecuted the offense for which vacation is sought, or has not provided that notification to the court;

(ii) The applicant has ~~((previously had a conviction for domestic violence))~~ two or more domestic violence convictions stemming from different incidents. For purposes of this subsection, however, if the current application is for more than one conviction that arose out of a single incident, none of those convictions counts as a previous conviction;

(iii) The applicant has signed an affidavit under penalty of perjury affirming that the applicant has not previously had a conviction for a domestic violence offense, and a criminal history check reveals that the applicant has had such a conviction; or

(iv) Less than five years have elapsed since the person completed the terms of the original conditions of the

sentence, including any financial obligations and successful completion of any treatment ordered as a condition of sentencing;

(f) For any offense other than those described in (e) of this subsection, less than three years have passed since the person completed the terms of the sentence, including any financial obligations;

(g) The offender has been convicted of a new crime in this state, another state, or federal or tribal court ~~((since the date of conviction))~~ in the three years prior to the vacation application; or

(h) ~~((The applicant has ever had the record of another conviction vacated; or~~

~~((or has been restrained within five years prior to the vacation application;))~~ The applicant is currently restrained ~~((or has been restrained within five years prior to the vacation application;))~~ by a domestic violence protection order, a no-contact order, an antiharassment order, or a civil restraining order which restrains one party from contacting the other party or was previously restrained by such an order and was found to have committed one or more violations of the order in the five years prior to the vacation application.

(3) Subject to RCW 9.96.070, every person convicted of prostitution under RCW 9A.88.030 who committed the offense as a result of being a victim of trafficking, RCW 9A.40.100, promoting prostitution in the first degree, RCW 9A.88.070, promoting commercial sexual abuse of a minor, RCW 9.68A.101, or trafficking in persons under the trafficking victims protection act of 2000, 22 U.S.C. Sec. 7101 et seq. may apply to the sentencing court for vacation of the applicant's record of conviction for the prostitution offense. An applicant may not have the record of conviction for prostitution vacated if any one of the following is present:

(a) There are any criminal charges against the applicant pending in any court of this state or another state, or in any federal court, for any crime other than prostitution; or

(b) The offender has been convicted of another crime, except prostitution, in this state, another state, or federal court since the date of conviction. The limitation in this subsection (3)(b) does not apply to convictions where the offender proves by a preponderance of the evidence that he or she committed the crime as a result of being a victim of trafficking, RCW 9A.40.100, promoting prostitution in the first degree, RCW 9A.88.070, promoting commercial sexual abuse of a minor, RCW 9.68A.101, or trafficking in persons under the trafficking victims protection act of 2000, 22 U.S.C. Sec. 7101 et seq., according to the requirements provided in RCW 9.96.070 for each respective conviction.

(4) Every person convicted prior to January 1, 1975, of violating any statute or rule regarding the regulation of fishing activities, including, but not limited to, RCW 75.08.260, 75.12.060, 75.12.070, 75.12.160, 77.16.020, 77.16.030, 77.16.040, 77.16.060, and 77.16.240 who claimed to be exercising a treaty Indian fishing right, may apply to the sentencing court for vacation of the applicant's record of the misdemeanor, gross misdemeanor, or felony

conviction for the offense. If the person is deceased, a member of the person's family or an official representative of the tribe of which the person was a member may apply to the court on behalf of the deceased person. Notwithstanding the requirements of RCW 9.94A.640, the court shall vacate the record of conviction if:

(a) The applicant is a member of a tribe that may exercise treaty Indian fishing rights at the location where the offense occurred; and

(b) The state has been enjoined from taking enforcement action of the statute or rule to the extent that it interferes with a treaty Indian fishing right as determined under *United States v. Oregon 1969), and any posttrial orders of those courts, or any other state supreme court or federal court decision.

(5)(a) Except as provided in (c) of this subsection, once the court vacates a record of conviction under this section, the person shall be released from all penalties and disabilities resulting from the offense and the fact that the person has been convicted of the offense shall not be included in the person's criminal history for purposes of determining a sentence in any subsequent conviction. For all purposes, including responding to questions on employment or housing applications, a person whose conviction has been vacated under this section may state that he or she has never been convicted of that crime. However, nothing in this section affects the requirements for restoring a right to possess a firearm under RCW 9.41.040. Except as provided in (b) of this subsection, nothing in this section affects or prevents the use of an offender's prior conviction in a later criminal prosecution.

(b) When a court vacates a record of domestic violence as defined in RCW 10.99.020 under this section, the state may not use the vacated conviction in a later criminal prosecution unless the conviction was for: (i) Violating the provisions of a restraining order, no-contact order, or protection order restraining or enjoining the person or restraining the person from going on to the grounds of or entering a residence, workplace, school, or day care, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location (RCW 10.99.040, 10.99.050, 26.09.300, 26.10.220, ((26.26.138)) 26.26B.050, 26.44.063, 26.44.150, 26.50.060, 26.50.070, 26.50.130, 26.52.070, or 74.34.145); or (ii) stalking (RCW 9A.46.110). A vacated conviction under this section is not considered a conviction of such an offense for the purposes of 27 C.F.R. 478.11.

~~((6) All costs incurred by the court and probation services shall be paid by the person making the motion to vacate the record unless a determination is made pursuant to chapter 10.101 RCW that the person making the motion is indigent, at the time the motion is brought.~~

~~(7)) (c) A conviction vacated on or after the effective date of this section qualifies as a prior conviction for the purpose of charging a present recidivist offense as defined in RCW 9.94A.030 occurring on or after the effective date of this section.~~

(6) The clerk of the court in which the vacation order is entered shall immediately transmit the order vacating the conviction to the Washington state patrol identification section and to the local police agency, if any, which holds criminal history information for the person who is the subject of the conviction. The Washington state patrol and any such local police agency shall immediately update their records to reflect the vacation of the conviction, and shall transmit the order vacating the conviction to the federal bureau of investigation. A conviction that has been vacated under this section may not be disseminated or disclosed by the state patrol or local law enforcement agency to any person, except other criminal justice enforcement agencies.

**Sec. 5.** RCW 9.94A.030 and 2018 c 166 s 3 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Board" means the indeterminate sentence review board created under chapter 9.95 RCW.

(2) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department, means that the department, either directly or through a collection agreement authorized by RCW 9.94A.760, is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(3) "Commission" means the sentencing guidelines commission.

(4) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(5) "Community custody" means that portion of an offender's sentence of confinement in lieu of earned release time or imposed as part of a sentence under this chapter and served in the community subject to controls placed on the offender's movement and activities by the department.

(6) "Community protection zone" means the area within eight hundred eighty feet of the facilities and grounds of a public or private school.

(b) A conviction may be removed from a defendant's criminal history only if it is vacated pursuant to RCW 9.96.060, 9.94A.640, 9.95.240, or a similar out-of-state statute, or if the conviction has been vacated pursuant to a governor's pardon. However, when a defendant is charged with a recidivist offense, "criminal history" includes a vacated prior conviction for the sole purpose of establishing that such vacated prior conviction constitutes an element of the present recidivist offense as provided in RCW 9.94A.640(3)(b) and 9.96.060(5)(c).

(c) The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that was not included in an offender score calculated pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

(12) "Criminal street gang" means any ongoing organization, association, or group of three or more persons, whether formal or informal, having a common name or common identifying sign or symbol, having as one of its primary activities the commission of criminal acts, and whose members or associates individually or collectively engage in or have engaged in a pattern of criminal street gang activity. (a) To gain admission, prestige, or promotion within the gang;

For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

### MESSAGE FROM THE SENATE

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1065 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:

(a) Consumers receive surprise bills or balance bills for services provided at out-of-network facilities or by out-of-network health care providers at in-network facilities;

(b) Consumers must not be placed in the middle of contractual disputes between providers and health insurance carriers; and

(c) Facilities, providers, and health insurance carriers all share responsibility to ensure consumers have transparent information on network providers and benefit coverage, and the insurance commissioner is responsible for ensuring that provider networks include sufficient numbers and types of contracted providers to reasonably ensure consumers have in-network access for covered benefits.

(2) It is the intent of the legislature to:

(a) Ban balance billing of consumers enrolled in fully insured, regulated insurance plans and plans offered to public employees under chapter 41.05 RCW for the services described in section 6 of this act, and to provide self-funded group health plans with an option to elect to be subject to the provisions of this act;

(b) Remove consumers from balance billing disputes and require that out-of-network providers and carriers negotiate out-of-network payments in good faith under the terms of this act; and

(c) Provide an environment that encourages self-funded groups to negotiate out-of-network payments in good faith with providers and facilities in return for balance billing protections.

(a) A health carrier shall cover emergency services necessary to screen and stabilize a covered person if a prudent layperson acting reasonably would have believed that an emergency medical condition existed. In addition, a health carrier shall not require prior authorization of ~~((such))~~ emergency services provided prior to the point of stabilization if a prudent layperson acting reasonably would have believed that an emergency medical condition existed. With respect to care obtained from ~~((a nonparticipating))~~ an out-of-network hospital emergency department, a health carrier shall cover emergency services necessary to screen and stabilize a covered person ~~((if a prudent layperson would have reasonably believed that use of a participating hospital emergency department would result in a delay that would worsen the emergency, or if a provision of federal, state, or local law requires the use of a specific provider or facility)).~~ In addition, a health carrier shall not require prior authorization of ~~((such))~~ the services provided prior to the point of stabilization ~~((if a prudent layperson acting reasonably would have believed that an emergency medical condition existed and that use of a participating hospital emergency department would result in a delay that would worsen the emergency)).~~

(b) If an authorized representative of a health carrier authorizes coverage of emergency services, the health carrier shall not subsequently retract its authorization after the emergency services have been provided, or reduce payment for an item or service furnished in reliance on approval, unless the approval was based on a material misrepresentation about the covered person's health condition made by the provider of emergency services.

(c) Coverage of emergency services may be subject to applicable in-network copayments, coinsurance, and deductibles, ~~((and a health carrier may impose reasonable differential cost sharing arrangements for emergency services rendered by nonparticipating providers, if such differential between cost sharing amounts applied to emergency services rendered by participating provider versus nonparticipating provider does not exceed fifty dollars. Differential cost sharing for emergency services may not be applied when a covered person presents to a nonparticipating hospital emergency department rather than a participating hospital emergency department when the~~

health carrier requires preauthorization for postevaluation or poststabilization emergency services if:

~~(i) Due to circumstances beyond the covered person's control, the covered person was unable to go to a participating hospital emergency department in a timely fashion without serious impairment to the covered person's health; or~~

~~(ii) A prudent layperson possessing an average knowledge of health and medicine would have reasonably believed that he or she would be unable to go to a participating hospital emergency department in a timely fashion without serious impairment to the covered person's health)) as provided in chapter 48.-- RCW (the new chapter created in section 27 of this act).~~

~~((d))~~ (2) If a health carrier requires preauthorization for postevaluation or poststabilization services, the health carrier shall provide access to an authorized representative twenty-four hours a day, seven days a week, to facilitate review. In order for postevaluation or poststabilization services to be covered by the health carrier, the provider or facility must make a documented good faith effort to contact the covered person's health carrier within thirty minutes of stabilization, if the covered person needs to be stabilized. The health carrier's authorized representative is required to respond to a telephone request for preauthorization from a provider or facility within thirty minutes. Failure of the health carrier to respond within thirty minutes constitutes authorization for the provision of immediately required medically necessary postevaluation and poststabilization services, unless the health carrier documents that it made a good faith effort but was unable to reach the provider or facility within thirty minutes after receiving the request.

~~((e))~~ (3) A health carrier shall immediately arrange for an alternative plan of treatment for the covered person if ~~((a nonparticipating))~~ an out-of-network emergency provider and health ~~((plan))~~ carrier cannot reach an agreement on which services are necessary beyond those immediately necessary to stabilize the covered person consistent with state and federal laws.

~~((2))~~ (4) Nothing in this section is to be construed as prohibiting the health carrier from requiring notification within the time frame specified in the contract for inpatient admission or as soon thereafter as medically possible but no less than twenty-four hours. Nothing in this section is to be construed as preventing the health carrier from reserving the right to require transfer of a hospitalized covered person upon stabilization. Follow-up care that is a direct result of the emergency must be obtained in accordance with the health plan's usual terms and conditions of coverage. All other terms and conditions of coverage may be applied to emergency services.

NEW SECTION. **Sec. 6.** (1) An out-of-network provider or facility may not balance bill an enrollee for the following health care services:

(a) Emergency services provided to an enrollee; or

(b) Nonemergency health care services provided to an enrollee at an in-network hospital licensed under chapter 70.41 RCW or an in-network ambulatory surgical facility licensed under chapter 70.230 RCW if the services:

(i) Involve surgical or ancillary services; and

(ii) Are provided by an out-of-network provider.

(2) Payment for services described in subsection (1) of this section is subject to the provisions of sections 7 and 8 of this act.

(3)(a) Except to the extent provided in (b) of this subsection, the carrier must hold an enrollee harmless from balance billing when emergency services described in subsection (1)(a) of this section are provided by an out-of-network hospital in a state that borders Washington state.

(b)(i) Upon the effective date of federal legislation prohibiting balance billing when emergency services described in subsection (1)(a) of this section are provided by a hospital, the carrier no longer has a duty to hold enrollees harmless from balance billing under (a) of this subsection; or

(ii) Upon the effective date of an interstate compact with a state bordering Washington state or enactment of legislation by a state bordering Washington state prohibiting balance billing when emergency services described in subsection (1)(a) of this section are provided by a hospital located in that border state to a Washington state resident, the carrier no longer has a duty to hold enrollees harmless from balance billing under (a) of this subsection for services provided by a hospital in that border state. The commissioner shall engage with border states on appropriate means to prohibit balance billing by out-of-state hospitals of Washington state residents.

(4) This section applies to health care providers or facilities providing services to members of entities administering a self-funded group health plan and its plan members only if the entity has elected to participate in sections 6 through 8 of this act as provided in section 23 of this act.

NEW SECTION. **Sec. 7.** (1) If an enrollee receives emergency or nonemergency health care services under the circumstances described in section 6 of this act:

(a) The enrollee satisfies his or her obligation to pay for the health care services if he or she pays the in-network cost-sharing amount specified in the enrollee's or applicable group's health plan contract. The enrollee's obligation must

be determined using the carrier's median in-network contracted rate for the same or similar service in the same or similar geographical area. The carrier must provide an explanation of benefits to the enrollee and the out-of-network provider that reflects the cost-sharing amount determined under this subsection.

(b) The carrier, out-of-network provider, or out-of-network facility, and an agent, trustee, or assignee of the carrier, out-of-network provider, or out-of-network facility must ensure that the enrollee incurs no greater cost than the amount determined under (a) of this subsection.

(c) The out-of-network provider or out-of-network facility, and an agent, trustee, or assignee of the out-of-network provider or out-of-network facility may not balance bill or otherwise attempt to collect from the enrollee any amount greater than the amount determined under (a) of this subsection. This does not impact the provider's ability to collect a past due balance for that cost-sharing amount with interest.

(d) The carrier must treat any cost-sharing amounts determined under (a) of this subsection paid by the enrollee for an out-of-network provider or facility's services in the same manner as cost-sharing for health care services provided by an in-network provider or facility and must apply any cost-sharing amounts paid by the enrollee for such services toward the enrollee's maximum out-of-pocket payment obligation.

(e) If the enrollee pays the out-of-network provider or out-of-network facility an amount that exceeds the in-network cost-sharing amount determined under (a) of this subsection, the provider or facility must refund any amount in excess of the in-network cost-sharing amount to the enrollee within thirty business days of receipt. Interest must be paid to the enrollee for any unrefunded payments at a rate of twelve percent beginning on the first calendar day after the thirty business days.

(2) The allowed amount paid to an out-of-network provider for health care services described under section 6 of this act shall be a commercially reasonable amount, based on payments for the same or similar services provided in a similar geographic area. Within thirty calendar days of receipt of a claim from an out-of-network provider or facility, the carrier shall offer to pay the provider or facility a commercially reasonable amount. If the out-of-network provider or facility wants to dispute the carrier's payment, the provider or facility must notify the carrier no later than thirty calendar days after receipt of payment or payment notification from the carrier. If the out-of-network provider or facility disputes the carrier's initial offer, the carrier and provider or facility have thirty calendar days from the initial offer to negotiate in good faith. If the carrier and the out-of-network provider or facility do not agree to a commercially reasonable payment amount within thirty calendar days, and the carrier, out-of-network provider or out-of-network facility chooses to pursue further action to resolve the dispute, the dispute shall be resolved through arbitration, as provided in section 8 of this act.

(3) The carrier must make payments for health care services described in section 6 of this act provided by out-

of-network providers or facilities directly to the provider or facility, rather than the enrollee.

(4) Carriers must make available through electronic and other methods of communication generally used by a provider to verify enrollee eligibility and benefits information regarding whether an enrollee's health plan is subject to the requirements of this act.

(5) A health care provider, hospital, or ambulatory surgical facility may not require a patient at any time, for any procedure, service, or supply, to sign or execute by electronic means, any document that would attempt to avoid, waive, or alter any provision of this section.

(6) This section shall only apply to health care providers or facilities providing services to members of entities administering a self-funded group health plan and its plan members if the entity has elected to participate in sections 6 through 8 of this act as provided in section 23 of this act.

**NEW SECTION. Sec. 8.** (1)(a) Notwithstanding RCW 48.43.055 and 48.18.200, if good faith negotiation, as described in section 7 of this act does not result in resolution of the dispute, and the carrier, out-of-network provider or out-of-network facility chooses to pursue further action to resolve the dispute, the carrier, out-of-network provider, or out-of-network facility shall initiate arbitration to determine a commercially reasonable payment amount. To initiate arbitration, the carrier, provider, or facility must provide written notification to the commissioner and the noninitiating party no later than ten calendar days following completion of the period of good faith negotiation under section 7 of this act. The notification to the noninitiating party must state the initiating party's final offer. No later than thirty calendar days following receipt of the notification, the noninitiating party must provide its final offer to the initiating party. The parties may reach an agreement on reimbursement during this time and before the arbitration proceeding.

(b) Multiple claims may be addressed in a single arbitration proceeding if the claims at issue:

(i) Involve identical carrier and provider or facility parties;

(ii) Involve claims with the same or related current procedural terminology codes relevant to a particular procedure; and

(iii) Occur within a period of two months of one another.

(2) Within seven calendar days of receipt of notification from the initiating party, the commissioner must provide the parties with a list of approved arbitrators or entities that provide arbitration. The arbitrators on the list must be trained by the American arbitration association or the American health lawyers association and should have experience in matters related to medical or health care services. The parties may agree on an arbitrator from the list provided by the commissioner. If the parties do not agree on an arbitrator, they must notify the commissioner who must

provide them with the names of five arbitrators from the list. Each party may veto two of the five named arbitrators. If one arbitrator remains, that person is the chosen arbitrator. If more than one arbitrator remains, the commissioner must choose the arbitrator from the remaining arbitrators. The parties and the commissioner must complete this selection process within twenty calendar days of receipt of the original list from the commissioner.

(3)(a) Each party must make written submissions to the arbitrator in support of its position no later than thirty calendar days after the final selection of the arbitrator. The initiating party must include in its written submission the evidence and methodology for asserting that the amount proposed to be paid is or is not commercially reasonable. A party that fails to make timely written submissions under this section without good cause shown shall be considered to be in default and the arbitrator shall require the party in default to pay the final offer amount submitted by the party not in default and may require the party in default to pay expenses incurred to date in the course of arbitration, including the arbitrator's expenses and fees and the reasonable attorneys' fees of the party not in default. No later than thirty calendar days after the receipt of the parties' written submissions, the arbitrator must: Issue a written decision requiring payment of the final offer amount of either the initiating party or the noninitiating party; notify the parties of its decision; and provide the decision and the information described in section 9 of this act regarding the decision to the commissioner.

(b) In reviewing the submissions of the parties and making a decision related to whether payment should be made at the final offer amount of the initiating party or the noninitiating party, the arbitrator must consider the following factors:

(i) The evidence and methodology submitted by the parties to assert that their final offer amount is reasonable; and

(ii) Patient characteristics and the circumstances and complexity of the case, including time and place of service and whether the service was delivered at a level I or level II trauma center or a rural facility, that are not already reflected in the provider's billing code for the service.

(c) The arbitrator may not require extrinsic evidence of authenticity for admitting data from the Washington state all payer claims database data set developed under section 26 of this act into evidence.

(d) The arbitrator may also consider other information that a party believes is relevant to the factors included in (b) of this subsection or other factors the arbitrator requests and information provided by the parties that is relevant to such request, including the Washington state all payer claims database data set developed under section 26 of this act.

(4) Expenses incurred in the course of arbitration, including the arbitrator's expenses and fees, but not including attorneys' fees, must be divided equally among the parties to the arbitration. The enrollee is not liable for any of the costs of the arbitration and may not be required to

participate in the arbitration proceeding as a witness or otherwise.

(5) Within ten business days of a party notifying the commissioner and the noninitiating party of intent to initiate arbitration, both parties shall agree to and execute a nondisclosure agreement. The nondisclosure agreement must not preclude the arbitrator from submitting the arbitrator's decision to the commissioner under subsection (3) of this section or impede the commissioner's duty to prepare the annual report under section 9 of this act.

(6) Chapter 7.04A RCW applies to arbitrations conducted under this section, but in the event of a conflict between this section and chapter 7.04A RCW, this section governs.

(7) This section applies to health care providers or facilities providing services to members of entities administering a self-funded group health plan and its plan members only if the entity has elected to participate in sections 6 through 8 of this act as provided in section 23 of this act.

(8) An entity administering a self-funded group health plan that has elected to participate in this section pursuant to section 23 of this act shall comply with the provisions of this section.

**NEW SECTION. Sec. 9.** (1) The commissioner must prepare an annual report summarizing the dispute resolution information provided by arbitrators under section 8 of this act. The report must include summary information related to the matters decided through arbitration, as well as the following information for each dispute resolved through arbitration: The name of the carrier; the name of the health care provider; the health care provider's employer or the business entity in which the provider has an ownership interest; the health care facility where the services were provided; and the type of health care services at issue.

(2) The commissioner must post the report on the office of the insurance commissioner's web site and submit the report in compliance with RCW 43.01.036 to the appropriate committees of the legislature, annually by July 1st.

(3) This section expires January 1, 2024.

## TRANSPARENCY

**NEW SECTION. Sec. 10.** (1) The commissioner, in consultation with health carriers, health care providers, health care facilities, and consumers, must develop standard template language for a notice of consumer rights notifying consumers that:

(a) The prohibition against balance billing in this chapter is applicable to health plans issued by carriers in Washington state and self-funded group health plans that elect to participate in sections 6 through 8 of this act as provided in section 23 of this act;

(b) They cannot be balance billed for the health care services described in section 6 of this act and will receive the protections provided by section 7 of this act; and

(c) They may be balance billed for health care services under circumstances other than those described in section 6 of this act or if they are enrolled in a health plan to which this act does not apply, and steps they can take if they are balance billed.

(2) The standard template language must include contact information for the office of the insurance commissioner so that consumers may contact the office of the insurance commissioner if they believe they have received a balance bill in violation of this chapter.

(3) The office of the insurance commissioner shall determine by rule when and in what format health carriers, health care providers, and health care facilities must provide consumers with the notice developed under this section.

**NEW SECTION. Sec. 11.** (1)(a) A hospital or ambulatory surgical facility must post the following information on its web site, if one is available:

(i) The listing of the carrier health plan provider networks with which the hospital or ambulatory surgical facility is an in-network provider, based upon the information provided by the carrier pursuant to RCW 48.43.730(7); and

(ii) The notice of consumer rights developed under section 10 of this act.

(b) If the hospital or ambulatory surgical facility does not maintain a web site, this information must be provided to consumers upon an oral or written request.

(2) Posting or otherwise providing the information required in this section does not relieve a hospital or ambulatory surgical facility of its obligation to comply with the provisions of this chapter.

(3) Not less than thirty days prior to executing a contract with a carrier, a hospital or ambulatory surgical facility must provide the carrier with a list of the nonemployed providers or provider groups contracted to provide surgical or ancillary services at the hospital or ambulatory surgical facility. The hospital or ambulatory surgical facility must notify the carrier within thirty days of a removal from or addition to the nonemployed provider list. A hospital or ambulatory surgical facility also must provide an updated list of these providers within fourteen calendar days of a request for an updated list by a carrier.

**NEW SECTION. Sec. 12.** (1)(a) A health care provider must provide the following information on its web site, if one is available:

(i) The listing of the carrier health plan provider networks with which the provider contracts, based upon the information provided by the carrier pursuant to RCW 48.43.730(7); and

(ii) The notice of consumer rights developed under section 10 of this act.

(b) If the health care provider does not maintain a web site, this information must be provided to consumers upon an oral or written request.

(2) Posting or otherwise providing the information required in this section does not relieve a provider of its obligation to comply with the provisions of this chapter.

(3) An in-network provider must submit accurate information to a carrier regarding the provider's network status in a timely manner, consistent with the terms of the contract between the provider and the carrier.

**NEW SECTION. Sec. 13.** (1) A carrier must update its web site and provider directory no later than thirty days after the addition or termination of a facility or provider.

(2) A carrier must provide an enrollee with:

(a) A clear description of the health plan's out-of-network health benefits; and

(b) The notice of consumer rights developed under section 10 of this act;

(c) Notification that if the enrollee receives services from an out-of-network provider or facility, under circumstances other than those described in section 6 of this act, the enrollee will have the financial responsibility applicable to services provided outside the health plan's network in excess of applicable cost-sharing amounts and that the enrollee may be responsible for any costs in excess of those allowed by the health plan;

(d) Information on how to use the carrier's member transparency tools under RCW 48.43.007;

(e) Upon request, information regarding whether a health care provider is in-network or out-of-network, and whether there are in-network providers available to provide surgical or ancillary services at specified in-network hospitals or ambulatory surgical facilities; and

(f) Upon request, an estimated range of the out-of-pocket costs for an out-of-network benefit.

## ENFORCEMENT

**NEW SECTION. Sec. 14.** (1) If the commissioner has cause to believe that any health care provider, hospital, or ambulatory surgical facility, has engaged in a pattern of unresolved violations of section 6 or 7 of this act, the commissioner may submit information to the department of health or the appropriate disciplining authority for action. Prior to submitting information to the department of health or the appropriate disciplining authority, the commissioner may provide the health care provider, hospital, or ambulatory surgical facility, with an opportunity to cure the alleged violations or explain why the actions in question did not violate section 6 or 7 of this act.

(2) If any health care provider, hospital, or ambulatory surgical facility, has engaged in a pattern of unresolved violations of section 6 or 7 of this act, the department of health or the appropriate disciplining authority may levy a fine or cost recovery upon the health care provider, hospital, or ambulatory surgical facility in an amount not to exceed the applicable statutory amount per violation and take other action as permitted under the authority of the department or disciplining authority. Upon completion of its review of any potential violation submitted by the commissioner or initiated directly by an enrollee, the department of health or the disciplining authority shall notify the commissioner of the results of the review, including whether the violation was substantiated and any enforcement action taken as a result of a finding of a substantiated violation.

(3) If a carrier has engaged in a pattern of unresolved violations of any provision of this chapter, the commissioner may levy a fine or apply remedies authorized under chapter 48.02 RCW, RCW 48.44.166, 48.46.135, or 48.05.185.

(4) For purposes of this section, "disciplining authority" means the agency, board, or commission having the authority to take disciplinary action against a holder of, or applicant for, a professional or business license upon a finding of a violation of chapter 18.130 RCW or a chapter specified under RCW 18.130.040.

**NEW SECTION. Sec. 15.** The commissioner may adopt rules to implement and administer this chapter, including rules governing the dispute resolution process established in section 8 of this act.

**NEW SECTION. Sec. 16.** A new section is added to chapter 48.30 RCW to read as follows:

(1) It is an unfair or deceptive practice for a health carrier to initiate, with such frequency as to indicate a general business practice, arbitration under section 8 of this act with respect to claims submitted by out-of-network providers for services included in section 6 of this act that request payment of a commercially reasonable amount, based on payments for the same or similar services provided in a similar geographic area.

(2) As used in this section, "health carrier" has the same meaning as in RCW 48.43.005.

**Sec. 17.** RCW 18.130.180 and 2018 c 300 s 4 and 2018 c 216 s 2 are each reenacted and amended to read as follows:

The following conduct, acts, or conditions constitute unprofessional conduct for any license holder under the jurisdiction of this chapter:

(1) The commission of any act involving moral turpitude, dishonesty, or corruption relating to the practice of the person's profession, whether the act constitutes a crime or not. If the act constitutes a crime, conviction in a criminal proceeding is not a condition precedent to disciplinary

action. Upon such a conviction, however, the judgment and sentence is conclusive evidence at the ensuing disciplinary hearing of the guilt of the license holder of the crime described in the indictment or information, and of the person's violation of the statute on which it is based. For the purposes of this section, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for the conviction and all proceedings in which the sentence has been deferred or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW;

(2) Misrepresentation or concealment of a material fact in obtaining a license or in reinstatement thereof;

(3) All advertising which is false, fraudulent, or misleading;

(4) Incompetence, negligence, or malpractice which results in injury to a patient or which creates an unreasonable risk that a patient may be harmed. The use of a nontraditional treatment by itself shall not constitute unprofessional conduct, provided that it does not result in injury to a patient or create an unreasonable risk that a patient may be harmed;

(5) Suspension, revocation, or restriction of the individual's license to practice any health care profession by competent authority in any state, federal, or foreign jurisdiction, a certified copy of the order, stipulation, or agreement being conclusive evidence of the revocation, suspension, or restriction;

(6) Except when authorized by RCW 18.130.345, the possession, use, prescription for use, or distribution of controlled substances or legend drugs in any way other than for legitimate or therapeutic purposes, diversion of controlled substances or legend drugs, the violation of any drug law, or prescribing controlled substances for oneself;

(7) Violation of any state or federal statute or administrative rule regulating the profession in question, including any statute or rule defining or establishing standards of patient care or professional conduct or practice;

(8) Failure to cooperate with the disciplining authority by:

(a) Not furnishing any papers, documents, records, or other items;

(b) Not furnishing in writing a full and complete explanation covering the matter contained in the complaint filed with the disciplining authority;

(c) Not responding to subpoenas issued by the disciplining authority, whether or not the recipient of the subpoena is the accused in the proceeding; or

(d) Not providing reasonable and timely access for authorized representatives of the disciplining authority seeking to perform practice reviews at facilities utilized by the license holder;

(9) Failure to comply with an order issued by the disciplining authority or a stipulation for informal disposition entered into with the disciplining authority;

(10) Aiding or abetting an unlicensed person to practice when a license is required;

(11) Violations of rules established by any health agency;

(12) Practice beyond the scope of practice as defined by law or rule;

(13) Misrepresentation or fraud in any aspect of the conduct of the business or profession;

(14) Failure to adequately supervise auxiliary staff to the extent that the consumer's health or safety is at risk;

(15) Engaging in a profession involving contact with the public while suffering from a contagious or infectious disease involving serious risk to public health;

(16) Promotion for personal gain of any unnecessary or inefficacious drug, device, treatment, procedure, or service;

(17) Conviction of any gross misdemeanor or felony relating to the practice of the person's profession. For the purposes of this subsection, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for conviction and all proceedings in which the sentence has been deferred or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW;

(18) The procuring, or aiding or abetting in procuring, a criminal abortion;

(19) The offering, undertaking, or agreeing to cure or treat disease by a secret method, procedure, treatment, or medicine, or the treating, operating, or prescribing for any health condition by a method, means, or procedure which the licensee refuses to divulge upon demand of the disciplining authority;

(20) The willful betrayal of a practitioner-patient privilege as recognized by law;

(21) Violation of chapter 19.68 RCW or a pattern of violations of section 6 or 7 of this act;

(22) Interference with an investigation or disciplinary proceeding by willful misrepresentation of facts before the disciplining authority or its authorized representative, or by the use of threats or harassment against any patient or witness to prevent them from providing evidence in a disciplinary proceeding or any other legal action, or by the use of financial inducements to any patient or witness to prevent or attempt to prevent him or her from providing evidence in a disciplinary proceeding;

(23) Current misuse of:

(a) Alcohol;

(b) Controlled substances; or

(c) Legend drugs;

(24) Abuse of a client or patient or sexual contact with a client or patient;

(25) Acceptance of more than a nominal gratuity, hospitality, or subsidy offered by a representative or vendor of medical or health-related products or services intended for patients, in contemplation of a sale or for use in research

publishable in professional journals, where a conflict of interest is presented, as defined by rules of the disciplining authority, in consultation with the department, based on recognized professional ethical standards;

(26) Violation of RCW 18.130.420;

(27) Performing conversion therapy on a patient under age eighteen.

**NEW SECTION. Sec. 18.** A new section is added to chapter 70.41 RCW to read as follows:

If the insurance commissioner reports to the department that he or she has cause to believe that a hospital has engaged in a pattern of violations of section 6 or 7 of this act, and the report is substantiated after investigation, the department may levy a fine upon the hospital in an amount not to exceed one thousand dollars per violation and take other formal or informal disciplinary action as permitted under the authority of the department.

**NEW SECTION. Sec. 19.** A new section is added to chapter 70.230 RCW to read as follows:

If the insurance commissioner reports to the department that he or she has cause to believe that an ambulatory surgical facility has engaged in a pattern of violations of section 6 or 7 of this act, and the report is substantiated after investigation, the department may levy a fine upon the ambulatory surgical facility in an amount not to exceed one thousand dollars per violation and take other formal or informal disciplinary action as permitted under the authority of the department.

**NEW SECTION. Sec. 20.** A new section is added to chapter 70.42 RCW to read as follows:

If the insurance commissioner reports to the department that he or she has cause to believe that a medical testing site has engaged in a pattern of violations of section 6 or 7 of this act, and the report is substantiated after investigation, the department may levy a fine upon the medical testing site in an amount not to exceed one thousand dollars per violation and take other formal or informal disciplinary action as permitted under the authority of the department.

#### **APPLICABILITY**

**Sec. 21.** RCW 41.05.017 and 2016 c 139 s 4 are each amended to read as follows:

Each health plan that provides medical insurance offered under this chapter, including plans created by insuring entities, plans not subject to the provisions of Title 48 RCW, and plans created under RCW 41.05.140, are subject to the provisions of RCW 48.43.500, 70.02.045, 48.43.505 through 48.43.535, 48.43.537, 48.43.545, 48.43.550, 70.02.110, 70.02.900, 48.43.190, ~~((and))~~

48.43.083, and chapter 48.--- RCW (the new chapter created in section 27 of this act).

**NEW SECTION. Sec. 22.** This chapter does not apply to health plans that provide benefits under chapter 74.09 RCW.

**NEW SECTION. Sec. 23.** The provisions of this chapter apply to a self-funded group health plan governed by the provisions of the federal employee retirement income security act of 1974 (29 U.S.C. Sec. 1001 et seq.) only if the self-funded group health plan elects to participate in the provisions of sections 6 through 8 of this act. To elect to participate in these provisions, the self-funded group health plan shall provide notice, on an annual basis, to the commissioner in a manner prescribed by the commissioner, attesting to the plan's participation and agreeing to be bound by sections 6 through 8 of this act. An entity administering a self-funded health benefits plan that elects to participate under this section, shall comply with the provisions of sections 6 through 8 of this act.

**NEW SECTION. Sec. 24.** This chapter must be liberally construed to promote the public interest by ensuring that consumers are not billed out-of-network charges and do not receive additional bills from providers under the circumstances described in section 6 of this act.

**NEW SECTION. Sec. 25.** When determining the adequacy of a proposed provider network or the ongoing adequacy of an in-force provider network, the commissioner must consider whether the carrier's proposed provider network or in-force provider network includes a sufficient number of contracted providers of emergency and surgical or ancillary services at or for the carrier's contracted in-network hospitals or ambulatory surgical facilities to reasonably ensure enrollees have in-network access to covered benefits delivered at that facility.

**NEW SECTION. Sec. 26.** A new section is added to chapter 43.371 RCW to read as follows:

(1) The office of the insurance commissioner shall contract with the state agency responsible for administration of the database and the lead organization to establish a data set and business process to provide health carriers, health care providers, hospitals, ambulatory surgical facilities, and arbitrators with data to assist in determining commercially reasonable payments and resolving payment disputes for out-of-network medical services rendered by health care facilities or providers.

(a) The data set and business process must be developed in collaboration with health carriers, health care providers, hospitals, and ambulatory surgical facilities.

(b) The data set must provide the amounts for the services described in section 6 of this act. The data used to calculate the median in-network and out-of-network allowed

amounts and the median billed charge amounts by geographic area, for the same or similar services, must be drawn from commercial health plan claims, and exclude medicare and medicaid claims as well as claims paid on other than a fee-for-service basis.

(c) The data set and business process must be available beginning November 1, 2019, and must be reviewed by an advisory committee established under chapter 43.371 RCW that includes representatives of health carriers, health care providers, hospitals, and ambulatory surgical facilities for validation before use.

(2) The 2019 data set must be based upon the most recently available full calendar year of claims data. The data set for each subsequent year must be adjusted by applying the consumer price index-medical component established by the United States department of labor, bureau of labor statistics to the previous year's data set.

**NEW SECTION. Sec. 27.** Sections 4 through 15, 22 through 25, and 31 of this act constitute a new chapter in Title 48 RCW.

**Sec. 28.** RCW 48.43.055 and 2005 c 172 s 19 are each amended to read as follows:

(1) Except as provided by subsection (2) of this section, each health carrier as defined under RCW 48.43.005 shall file with the commissioner its procedures for review and adjudication of complaints initiated by health care providers. Procedures filed under this section shall provide a fair review for consideration of complaints. Every health carrier shall provide reasonable means allowing any health care provider aggrieved by actions of the health carrier to be heard after submitting a written request for review. If the health carrier fails to grant or reject a request within thirty days after it is made, the complaining health care provider may proceed as if the complaint had been rejected. A complaint that has been rejected by the health carrier may be submitted to nonbinding mediation. Mediation shall be conducted under chapter 7.07 RCW, or any other rules of mediation agreed to by the parties. This section is solely for resolution of provider complaints. Complaints by, or on behalf of, a covered person are subject to the grievance processes in RCW 48.43.530.

(2) For purposes of out-of-network payment disputes between a health carrier and health care provider covered under the provisions of chapter 48.--- RCW (the new chapter created in section 27 of this act), the arbitration provisions of chapter 48.--- RCW (the new chapter created in section 27 of this act) apply.

**Sec. 29.** RCW 48.18.200 and 1947 c 79 s .18.20 are each amended to read as follows:

(1) Except as provided by subsection (3) of this section, no insurance contract delivered or issued for delivery in this state and covering subjects located, resident,

or to be performed in this state, shall contain any condition, stipulation, or agreement

(a) requiring it to be construed according to the laws of any other state or country except as necessary to meet the requirements of the motor vehicle financial responsibility laws of such other state or country; or

(b) depriving the courts of this state of the jurisdiction of action against the insurer; or

(c) limiting right of action against the insurer to a period of less than one year from the time when the cause of action accrues in connection with all insurances other than property and marine and transportation insurances. In contracts of property insurance, or of marine and transportation insurance, such limitation shall not be to a period of less than one year from the date of the loss.

(2) Any such condition, stipulation, or agreement in violation of this section shall be void, but such voiding shall not affect the validity of the other provisions of the contract.

(3) For purposes of out-of-network payment disputes between a health carrier and health care provider covered under the provisions of chapter 48.--- RCW (the new chapter created in section 27 of this act), the arbitration provisions of chapter 48.--- RCW (the new chapter created in section 27 of this act) apply.

**Sec. 30.** RCW 48.43.730 and 2013 c 277 s 1 are each amended to read as follows:

(1) For the purposes of this section:

(a) "Carrier" means a:

(i) Health carrier as defined in RCW 48.43.005; and

(ii) Limited health care service contractor that offers limited health care service as defined in RCW 48.44.035.

(b) "Provider" means:

(i) A health care provider as defined in RCW 48.43.005;

(ii) A participating provider as defined in RCW 48.44.010;

(iii) A health care facility, as defined in RCW 48.43.005; and

(iv) Intermediaries that have agreed in writing with a carrier to provide access to providers under this subsection (1)(b) who render covered services to enrollees of a carrier.

(c) "Provider compensation agreement" means any written agreement that includes specific information about payment methodology, payment rates, and other terms that determine the remuneration a carrier will pay to a provider.

(d) "Provider contract" means a written contract between a carrier and a provider for any health care services rendered to an enrollee.

(2) A carrier must file all provider contracts and provider compensation agreements with the commissioner

thirty calendar days before use. When a carrier and provider negotiate a provider contract or provider compensation agreement that deviates from a filed agreement, the carrier must also file that specific contract or agreement with the commissioner thirty calendar days before use.

(a) Any provider contract and related provider compensation agreements not affirmatively disapproved by the commissioner are deemed approved, except the commissioner may extend the approval date an additional fifteen calendar days upon giving notice before the expiration of the initial thirty-day period.

(b) Changes to previously filed and approved provider compensation agreements modifying the compensation amount or related terms that help determine the compensation amount must be filed and are deemed approved upon filing if no other changes are made to the previously approved provider contract or compensation agreement.

(3) The commissioner may not base a disapproval of a provider compensation agreement on the amount of compensation or other financial arrangements between the carrier and the provider, unless that compensation amount causes the underlying health benefit plan to otherwise be in violation of state or federal law. This subsection does not grant the commissioner the authority to regulate provider reimbursement amounts.

(4) The commissioner may withdraw approval of a provider contract or provider compensation agreement at any time for cause.

(5) Provider compensation agreements are confidential and not subject to public inspection under RCW 48.02.120(2), or public disclosure under chapter 42.56 RCW, if filed in accordance with the procedures for submitting confidential filings through the system for electronic rate and form filings and the general filing instructions as set forth by the commissioner. In the event the referenced filing fails to comply with the filing instructions setting forth the process to withhold the compensation agreement from public inspection, and the carrier indicates that the compensation agreement is to be withheld from public inspection, the commissioner shall reject the filing and notify the carrier through the system for electronic rate and form filings to amend its filing to comply with the confidentiality filing instructions.

(6) In the event a provider contract or provider compensation agreement is disapproved or withdrawn from use by the commissioner, the carrier has the right to demand and receive a hearing under chapters 48.04 and 34.05 RCW.

(7) Provider contracts filed pursuant to subsection (2) of this section shall identify the network or networks to which the contract applies.

(8) The commissioner may adopt rules to implement this section.

**NEW SECTION. Sec. 31.** Except for section 26 of this act, this act takes effect January 1, 2020.

**NEW SECTION. Sec. 32.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION. Sec. 33.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2019, in the omnibus appropriations act, this act is null and void."

On page 1, line 2 of the title, after "services;" strike the remainder of the title and insert "amending RCW 48.43.005, 48.43.093, 41.05.017, 48.43.055, 48.18.200, and 48.43.730; reenacting and amending RCW 18.130.180; adding a new section to chapter 48.30 RCW; adding a new section to chapter 70.41 RCW; adding a new section to chapter 70.230 RCW; adding a new section to chapter 70.42 RCW; adding a new section to chapter 43.371 RCW; adding a new chapter to Title 48 RCW; creating new sections; prescribing penalties; providing an effective date; and providing an expiration date."

#### MESSAGE FROM THE SENATE

April 15, 2019

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1094 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 69.51A.030 and 2015 c 70 s 18 are each amended to read as follows:

(1) The following acts do not constitute crimes under state law or unprofessional conduct under chapter 18.130 RCW, and a health care professional may not be arrested, searched, prosecuted, disciplined, or subject to other criminal sanctions or civil consequences or liability under state law, or have real or personal property searched, seized, or forfeited pursuant to state law, notwithstanding any other provision of law as long as the health care professional complies with subsection (2) of this section:

(a) Advising a patient about the risks and benefits of medical use of marijuana or that the patient may benefit from the medical use of marijuana; or

(b) Providing a patient or designated provider meeting the criteria established under RCW 69.51A.010 with an authorization, based upon the health care professional's assessment of the patient's medical history and current medical condition, if the health care professional has complied with this chapter and he or she determines within a professional standard of care or in the individual health care professional's medical judgment the qualifying patient may benefit from the medical use of marijuana.

(2)(a) A health care professional may provide a qualifying patient or that patient's designated provider with an authorization for the medical use of marijuana in accordance with this section.

(b) In order to authorize for the medical use of marijuana under (a) of this subsection, the health care professional must:

(i) Have a documented relationship with the patient, as a principal care provider or a specialist, relating to the diagnosis and ongoing treatment or monitoring of the patient's terminal or debilitating medical condition;

(ii) Complete an in-person physical examination of the patient or a remote physical examination of the patient if

one is determined to be appropriate under (c)(iii) of this subsection;

(iii) Document the terminal or debilitating medical condition of the patient in the patient's medical record and that the patient may benefit from treatment of this condition or its symptoms with medical use of marijuana;

(iv) Inform the patient of other options for treating the terminal or debilitating medical condition and documenting in the patient's medical record that the patient has received this information;

(v) Document in the patient's medical record other measures attempted to treat the terminal or debilitating medical condition that do not involve the medical use of marijuana; and

(vi) Complete an authorization on forms developed by the department, in accordance with subsection (3) of this section.

(c)(i) For a qualifying patient eighteen years of age or older, an authorization expires one year after its issuance. For a qualifying patient less than eighteen years of age, an authorization expires six months after its issuance.

(ii) An authorization may be renewed upon completion of an in-person physical examination ~~((and))~~ or a remote physical examination of the patient if one is determined to be appropriate under (c)(iii) of this subsection and, in compliance with the other requirements of (b) of this subsection.

(iii) Following an in-person physical examination to authorize the use of marijuana for medical purposes, the health care professional may determine and note in the patient's medical record that subsequent physical examinations for the purposes of renewing an authorization may occur through the use of telemedicine technology if the health care professional determines that requiring the qualifying patient to attend a physical examination in person to renew an authorization would likely result in severe hardship to the qualifying patient because of the qualifying patient's physical or emotional condition.

(iv) When renewing a qualifying patient's authorization for the medical use of marijuana on or after the effective date of this section, the health care professional may indicate that the qualifying patient qualifies for a compassionate care renewal of his or her registration in the medical marijuana authorization database and recognition card if the health care professional determines that requiring the qualifying patient to renew a registration in person would likely result in severe hardship to the qualifying patient because of the qualifying patient's physical or emotional condition. A compassionate care renewal of a qualifying patient's registration and recognition card allows the qualifying patient to receive renewals without the need to be physically present at a retailer and without the requirement to have a photograph taken.

(d) A health care professional shall not:

(i) Accept, solicit, or offer any form of pecuniary remuneration from or to a marijuana retailer, marijuana processor, or marijuana producer;

(ii) Offer a discount or any other thing of value to a qualifying patient who is a customer of, or agrees to be a customer of, a particular marijuana retailer;

(iii) Examine or offer to examine a patient for purposes of diagnosing a terminal or debilitating medical condition at a location where marijuana is produced, processed, or sold;

(iv) Have a business or practice which consists primarily of authorizing the medical use of marijuana or authorize the medical use of marijuana at any location other than his or her practice's permanent physical location;

(v) Except as provided in RCW 69.51A.280, sell, or provide at no charge, marijuana concentrates, marijuana-infused products, or useable marijuana to a qualifying patient or designated provider; or

(vi) Hold an economic interest in an enterprise that produces, processes, or sells marijuana if the health care professional authorizes the medical use of marijuana.

(3) The department shall develop the form for the health care professional to use as an authorization for qualifying patients and designated providers. The form shall include the qualifying patient's or designated provider's name, address, and date of birth; the health care professional's name, address, and license number; the amount of marijuana recommended for the qualifying patient; a telephone number where the authorization can be verified during normal business hours; the dates of issuance and expiration; and a statement that an authorization does not provide protection from arrest unless the qualifying patient or designated provider is also entered in the medical marijuana authorization database and holds a recognition card.

~~((Until July 1, 2016, a health care professional who, within a single calendar month, authorizes the medical use of marijuana to more than thirty patients must report the number of authorizations issued.~~

~~((5)))~~ (5) The appropriate health professions disciplining authority may inspect or request patient records to confirm compliance with this section. The health care professional must provide access to or produce documents, records, or other items that are within his or her possession or control within twenty-one calendar days of service of a request by the health professions disciplining authority. If the twenty-one calendar day limit results in a hardship upon the health care professional, he or she may request, for good cause, an extension not to exceed thirty additional calendar days. Failure to produce the documents, records, or other items shall result in citations and fines issued consistent with RCW 18.130.230. Failure to otherwise comply with the requirements of this section shall be considered unprofessional conduct and subject to sanctions under chapter 18.130 RCW.

~~((6)))~~ (5) After a health care professional authorizes a qualifying patient for the medical use of marijuana, he or

she may discuss with the qualifying patient how to use marijuana and the types of products the qualifying patient should seek from a retail outlet.

**Sec. 2.** RCW 69.51A.230 and 2015 c 70 s 21 are each amended to read as follows:

(1) The department must contract with an entity to create, administer, and maintain a secure and confidential medical marijuana authorization database that, beginning July 1, 2016, allows:

(a) A marijuana retailer with a medical marijuana endorsement to add a qualifying patient or designated provider and include the amount of marijuana concentrates, useable marijuana, marijuana-infused products, or plants for which the qualifying patient is authorized under RCW 69.51A.210;

(b) Persons authorized to prescribe or dispense controlled substances to access health care information on their patients for the purpose of providing medical or pharmaceutical care for their patients;

(c) A qualifying patient or designated provider to request and receive his or her own health care information or information on any person or entity that has queried their name or information;

(d) Appropriate local, state, tribal, and federal law enforcement or prosecutorial officials who are engaged in a bona fide specific investigation of suspected marijuana-related activity that may be illegal under Washington state law to confirm the validity of the recognition card of a qualifying patient or designated provider;

(e) A marijuana retailer holding a medical marijuana endorsement to confirm the validity of the recognition card of a qualifying patient or designated provider;

(f) The department of revenue to verify tax exemptions under chapters 82.08 and 82.12 RCW;

(g) The department and the health care professional's disciplining authorities to monitor authorizations and ensure compliance with this chapter and chapter 18.130 RCW by their licensees; and

(h) Authorizations to expire six months or one year after entry into the medical marijuana authorization database, depending on whether the authorization is for a minor or an adult.

(2) A qualifying patient and his or her designated provider, if any, may be placed in the medical marijuana authorization database at a marijuana retailer with a medical marijuana endorsement. After a qualifying patient or designated provider is placed in the medical marijuana authorization database, he or she must be provided with a recognition card that contains identifiers required in subsection (3) of this section.

(3) The recognition card requirements must be developed by the department in rule and include:

(a) A randomly generated and unique identifying number;

(b) For designated providers, the unique identifying number of the qualifying patient whom the provider is assisting;

(c) A photograph of the qualifying patient's or designated provider's face taken by an employee of the marijuana retailer with a medical marijuana endorsement at the same time that the qualifying patient or designated provider is being placed in the medical marijuana authorization database in accordance with rules adopted by the department;

(d) The amount of marijuana concentrates, useable marijuana, marijuana-infused products, or plants for which the qualifying patient is authorized under RCW 69.51A.210;

(e) The effective date and expiration date of the recognition card;

(f) The name of the health care professional who authorized the qualifying patient or designated provider; and

(g) For the recognition card, additional security features as necessary to ensure its validity.

(4)(a) For qualifying patients who are eighteen years of age or older and their designated providers, recognition cards are valid for one year from the date the health care professional issued the authorization. For qualifying patients who are under the age of eighteen and their designated providers, recognition cards are valid for six months from the date the health care professional issued the authorization. Qualifying patients may not be reentered into the medical marijuana authorization database until they have been reexamined by a health care professional and determined to meet the definition of qualifying patient. After reexamination, a marijuana retailer with a medical marijuana endorsement must reenter the qualifying patient or designated provider into the medical marijuana authorization database and a new recognition card will then be issued in accordance with department rules.

(b) Beginning on the effective date of this section, a qualifying patient's registration in the medical marijuana authorization database and his or her recognition card may be renewed by a qualifying patient's designated provider without the physical presence of the qualifying patient at the retailer if the authorization from the health care professional indicates that the qualifying patient qualifies for a compassionate care renewal, as provided in RCW 69.51A.030. A qualifying patient receiving renewals under the compassionate care renewal provisions is exempt from the photograph requirements under subsection (3)(c) of this section.

(5) If a recognition card is lost or stolen, a marijuana retailer with a medical marijuana endorsement, in conjunction with the database administrator, may issue a new card that will be valid for six months to one year if the patient is reexamined by a health care professional and determined to meet the definition of qualifying patient and depending on whether the patient is under the age of eighteen or eighteen years of age or older as provided in subsection

(4) of this section. If a reexamination is not performed, the expiration date of the replacement recognition card must be the same as the lost or stolen recognition card.

(6) The database administrator must remove qualifying patients and designated providers from the medical marijuana authorization database upon expiration of the recognition card. Qualifying patients and designated providers may request to remove themselves from the medical marijuana authorization database before expiration of a recognition card and health care professionals may request to remove qualifying patients and designated providers from the medical marijuana authorization database if the patient or provider no longer qualifies for the medical use of marijuana. The database administrator must retain database records for at least five calendar years to permit the state liquor and cannabis board and the department of revenue to verify eligibility for tax exemptions.

(7) During development of the medical marijuana authorization database, the database administrator must consult with the department, stakeholders, and persons with relevant expertise to include, but not be limited to, qualifying patients, designated providers, health care professionals, state and local law enforcement agencies, and the University of Washington computer science and engineering security and privacy research lab or a certified cybersecurity firm, vendor, or service.

(8) The medical marijuana authorization database must meet the following requirements:

(a) Any personally identifiable information included in the database must be nonreversible, pursuant to definitions and standards set forth by the national institute of standards and technology;

(b) Any personally identifiable information included in the database must not be susceptible to linkage by use of data external to the database;

(c) The database must incorporate current best differential privacy practices, allowing for maximum accuracy of database queries while minimizing the chances of identifying the personally identifiable information included therein; and

(d) The database must be upgradable and updated in a timely fashion to keep current with state of the art privacy and security standards and practices.

(9)(a) Personally identifiable information of qualifying patients and designated providers included in the medical marijuana authorization database is confidential and exempt from public disclosure, inspection, or copying under chapter 42.56 RCW.

(b) Information contained in the medical marijuana authorization database may be released in aggregate form, with all personally ~~((identifying [identifiable]))~~ identifiable information redacted, for the purpose of statistical analysis and oversight of agency performance and actions.

(c) Information contained in the medical marijuana authorization database shall not be shared with the federal government or its agents unless the particular

~~((qualifying))~~ qualifying patient or designated provider is convicted in state court for violating this chapter or chapter 69.50 RCW.

(10)~~((a))~~ The department must charge a one dollar fee for each initial and renewal recognition card issued by a marijuana retailer with a medical marijuana endorsement. The marijuana retailer with a medical marijuana endorsement shall collect the fee from the qualifying patient or designated provider at the time that he or she is entered into the database and issued a recognition card. The department shall establish a schedule for marijuana retailers with a medical marijuana endorsement to remit the fees collected. Fees collected under this subsection shall be deposited into the health professions account created under RCW 43.70.320.

~~((b) By November 1, 2016, the department shall report to the governor and the fiscal committees of both the house of representatives and the senate regarding the cost of implementation and administration of the medical marijuana authorization database. The report must specify amounts from the health professions account used to finance the establishment and administration of the medical marijuana authorization database as well as estimates of the continuing costs associated with operating the medical marijuana [authorization] database. The report must also provide initial enrollment figures in the medical marijuana authorization database and estimates of expected future enrollment.))~~

(11) If the database administrator fails to comply with this section, the department may cancel any contracts with the database administrator and contract with another database administrator to continue administration of the database. A database administrator who fails to comply with this section is subject to a fine of up to five thousand dollars in addition to any penalties established in the contract. Fines collected under this section must be deposited into the health professions account created under RCW 43.70.320.

(12) The department may adopt rules to implement this section.

NEW SECTION. Sec. 3. A new section is added to chapter 69.51A RCW to read as follows:

The compassionate care renewals permitted in RCW 69.51A.030 and 69.51A.230 take effect November 1, 2019. The department may adopt rules to implement these renewals and to streamline administrative functions. However, the policy established in these sections may not be delayed until the rules are adopted."

On page 1, line 2 of the title, after "patients;" strike the remainder of the title and insert "amending RCW 69.51A.030 and 69.51A.230; and adding a new section to chapter 69.51A RCW."

and the same is herewith transmitted.

**MESSAGE FROM THE SENATE**

April 11, 2019

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1105 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 84.56.020 and 2017 c 142 s 1 are each amended to read as follows:

**Treasurers' tax collection duties.**

(1) The county treasurer must be the receiver and collector of all taxes extended upon the tax rolls of the county, whether levied for state, county, school, bridge, road, municipal or other purposes, and also of all fines, forfeitures or penalties received by any person or officer for the use of his or her county. No treasurer may accept tax payments or issue receipts for the same until the treasurer has completed the tax roll for the current year's collection and provided notification of the completion of the roll. Notification may be accomplished electronically, by posting a notice in the office, or through other written communication as determined by the treasurer. All real and personal property taxes and assessments made payable by the provisions of this title are due and payable to the county treasurer on or before the thirtieth day of April and, except as provided in this section, are delinquent after that date.

**Tax statements.**

(2)(a) Tax statements for the current year's collection must be distributed to each taxpayer on or before March 15th provided that:

(i) All city and other taxing district budgets have been submitted to county legislative authorities by November 30th per RCW 84.52.020;

(ii) The county legislative authority in turn has certified taxes levied to the county assessor by November 30th per RCW 84.52.070; and

(iii) The county assessor has delivered the tax roll to the county treasurer by January 15th per RCW 84.52.080.

(b) Each tax statement must include a notice that checks for payment of taxes may be made payable to "Treasurer of . . . . County" or other appropriate office, but tax statements may not include any suggestion that checks may be made payable to the name of the individual holding the office of treasurer nor any other individual.

(c) Each tax statement distributed to an address must include a notice with information describing the:

(i) Property tax exemption program pursuant to RCW 84.36.379 through 84.36.389; and

(ii) Property tax deferral program pursuant to chapter 84.38 RCW.

**Tax payment due dates.**

**On-time tax payments: First-half taxes paid by April 30th and second-half taxes paid by October 31st.**

(3) When the total amount of tax or special assessments on personal property or on any lot, block or tract of real property payable by one person is fifty dollars or more, and if one-half of such tax is paid on or before the thirtieth day of April, the remainder of such tax is due and payable on or before the following thirty-first day of October and is delinquent after that date.

**Delinquent tax payments for current year: First-half taxes paid after April 30th.**

(4) When the total amount of tax or special assessments on any lot, block or tract of real property or on any mobile home payable by one person is fifty dollars or more, and if one-half of such tax is paid after the thirtieth day of April but before the thirty-first day of October, together with the applicable interest and penalty on the full amount of tax payable for that year, the remainder of such tax is due and payable on or before the following thirty-first day of October and is delinquent after that date.

**Delinquent tax payments: Interest, penalties, and treasurer duties.**

(5) Except as provided in (c) of this subsection, delinquent taxes under this section are subject to interest at the rate of twelve percent per annum computed on a monthly basis on the amount of tax delinquent from the date of delinquency until paid. Interest must be calculated at the rate in effect at the time of the tax payment, regardless of when the taxes were first delinquent. In addition, delinquent taxes under this section are subject to penalties as follows:

(a) A penalty of three percent of the amount of tax delinquent is assessed on the tax delinquent on June 1st of the year in which the tax is due.

(b) An additional penalty of eight percent is assessed on the delinquent tax amount on December 1st of the year in which the tax is due.

(c) If a taxpayer is successfully participating in a payment agreement under subsection ~~((12))~~ (15)(b) of this section or a partial payment program pursuant to subsection

~~((13))~~ (15)(c) of this section, the county treasurer may not assess additional penalties on delinquent taxes that are included within the payment agreement. Interest and penalties that have been assessed prior to the payment agreement remain due and payable as provided in the payment agreement.

(6) A county treasurer must provide notification to each taxpayer whose taxes have become delinquent under subsections (4) and (5) of this section. The delinquency notice must specify where the taxpayer can obtain information regarding:

(a) Any current tax or special assessments due as of the date of the notice;

#### ((8)) State of emergency.

(10) During a state of emergency declared under RCW 43.06.010(12), the county treasurer, on his or her own motion or at the request of any taxpayer affected by the emergency, may grant extensions of the due date of any taxes payable under this section as the treasurer deems proper.

##### Electronic billings and payments.

(14) For purposes of this chapter, and in accordance with this section and RCW 36.29.190, the treasurer may collect taxes, assessments, fees, rates, interest, and charges by electronic billing and payment. **Sec. 2.** RCW 84.64.225 and 2015 c 95 s 11 are each amended to read as follows:

(1) In lieu of the sale procedure specified in RCW 84.56.070 or 84.64.080, the county treasurer may conduct a public auction sale by electronic media as provided in RCW 36.16.145.

(2) Notice of a public auction sale by electronic media must be substantially in the following form:

**Sec. 3.** RCW 36.35.110 and 2013 c 221 s 2 are each amended to read as follows:

(1) No claims are allowed against the county from any municipality, school district, road district or other taxing district for taxes levied on property acquired by the county by tax deed under the provisions of this chapter, but all taxes must at the time of deeding the property be thereby canceled. However, the proceeds of any sale of any property acquired by the county by tax deed must first be applied to reimburse the county for the costs of foreclosure and sale. The remainder of the proceeds, if any, must be applied to pay any amounts deferred under chapter 84.37 or 84.38 RCW on the property, including accrued interest, and outstanding at the

time the county acquired the property by tax deed. The remainder of the proceeds, if any, must be justly apportioned to the various funds existing at the date of the sale, in the territory in which such property is located, according to the tax levies of the year last in process of collection.

(2) For purposes of this section, "costs of foreclosure and sale" means those costs of foreclosing on the property that, when collected, are subject to RCW 84.56.020(~~(9)~~) (13), and the direct costs incurred by the county in selling the property.

**Sec. 4.** RCW 84.64.050 and 2013 c 221 s 12 are each amended to read as follows:

(1) Except as provided in subsection (7) of this section, after the expiration of three years from the date of delinquency, when any property remains on the tax rolls for which no certificate of delinquency has been issued, the county treasurer must proceed to issue certificates of delinquency on the property to the county for all years' taxes, interest, and costs. However, the county treasurer, with the consent of the county legislative authority, may elect to issue a certificate for fewer than all years' taxes, interest, and costs to a minimum of the taxes, interest, and costs for the earliest year.

(2) Certificates of delinquency are prima facie evidence that:

- (a) The property described was subject to taxation at the time the same was assessed;
- (b) The property was assessed as required by law;
- (c) The taxes or assessments were not paid at any time before the issuance of the certificate;
- (d) Such certificate has the same force and effect as a lis pendens required under chapter 4.28 RCW.

(3) The county treasurer may include in the certificate of delinquency any assessments which are due on the property and are the responsibility of the county treasurer to collect. However, if the department of revenue has previously notified the county treasurer in writing that the property has a lien on it for deferred property taxes, the county treasurer must include in the certificate of delinquency any amounts deferred under chapters 84.37 and 84.38 RCW that remain unpaid, including accrued interest and costs.

(4) The treasurer must file the certificates when completed with the clerk of the court at no cost to the treasurer, and the treasurer must thereupon, with legal assistance from the county prosecuting attorney, proceed to foreclose in the name of the county, the tax liens embraced in such certificates. Notice and summons must be served or notice given in a manner reasonably calculated to inform the owner or owners, and any person having a recorded interest in or lien of record upon the property, of the foreclosure action to appear within thirty days after service of such notice and defend such action or pay the amount due. Either (a) personal service upon the owner or owners and any person having a recorded interest in or lien of record upon

the property, or (b) publication once in a newspaper of general circulation, which is circulated in the area of the property and mailing of notice by certified mail to the owner or owners and any person having a recorded interest in or lien of record upon the property, or, if a mailing address is unavailable, personal service upon the occupant of the property, if any, is sufficient. If such notice is returned as unclaimed, the treasurer must send notice by regular first-class mail. The notice must include the legal description on the tax rolls, the year or years for which assessed, the amount of tax and interest due, and the name of owner, or reputed owner, if known, and the notice must include the local street address, if any, for informational purposes only. The certificates of delinquency issued to the county may be issued in one general certificate in book form including all property, and the proceedings to foreclose the liens against the property may be brought in one action and all persons interested in any of the property involved in the proceedings may be made codefendants in the action, and if unknown may be therein named as unknown owners, and the publication of such notice is sufficient service thereof on all persons interested in the property described therein, except as provided above. The person or persons whose name or names appear on the treasurer's rolls as the owner or owners of the property must be considered and treated as the owner or owners of the property for the purpose of this section, and if upon the treasurer's rolls it appears that the owner or owners of the property are unknown, then the property must be proceeded against, as belonging to an unknown owner or owners, as the case may be, and all persons owning or claiming to own, or having or claiming to have an interest therein, are hereby required to take notice of the proceedings and of any and all steps thereunder. However, prior to the sale of the property, the treasurer must order or conduct a title search of the property to be sold to determine the legal description of the property to be sold and the record title holder, and if the record title holder or holders differ from the person or persons whose name or names appear on the treasurer's rolls as the owner or owners, the record title holder or holders must be considered and treated as the owner or owners of the property for the purpose of this section, and are entitled to the notice provided for in this section. Such title search must be included in the costs of foreclosure.

(5) If the title search required by subsection (4) of this section reveals a lien in favor of the state for deferred taxes on the property under RCW 84.37.070 or 84.38.100 and such deferred taxes are not already included in the certificate of delinquency, the county treasurer must issue an amended certificate of delinquency on the property to include the outstanding amount of deferred taxes, including accrued interest. The amended certificate of delinquency must be filed with the clerk of the court as provided in subsection (4) of this section.

(6) The county treasurer may not sell property that is eligible for deferral of taxes under chapter 84.38 RCW but must require the owner of the property to file a declaration to defer taxes under chapter 84.38 RCW.

(7) Except those parcels where the local governing entity has declared and/or certified the parcel a nuisance

affecting public peace, safety, and welfare, or other similar code provision, in no case may a certificate of delinquency be filed on property where the tax delinquency under chapter 84.56 RCW is one hundred dollars or less in total excluding interest and penalties.

**NEW SECTION. Sec. 5.** A new section is added to chapter 84.56 RCW to read as follows:

(1) If a taxpayer requests assistance for payment of current year or delinquent taxes, the county assessor, if applicable:

(a) May assist the taxpayer in applying for a property tax exemption program under RCW 84.36.379 through 84.36.389;

(b) May assist the taxpayer in applying for the property tax deferral program under chapter 84.38 RCW; and

(c) Must refer the taxpayer to the statewide foreclosure hotline recommended by the Washington state housing finance commission.

(2) A county treasurer may also refer a taxpayer requesting tax payment assistance to the county assessor's office under subsection (1) of this section.

**NEW SECTION. Sec. 6.** A new section is added to chapter 36.29 RCW to read as follows:

(1) The county treasurer must post a notice describing the:

(a) Property tax exemption program pursuant to RCW 84.36.379 through 84.36.389; and

(b) Property tax deferral program pursuant to chapter 84.38 RCW.

(2) The notice required under subsection (1) of this section must be posted in a location visible to the public.

**NEW SECTION. Sec. 7.** A new section is added to chapter 36.21 RCW to read as follows:

(1) The county assessor must post a notice describing the:

(a) Property tax exemption program pursuant to RCW 84.36.379 through 84.36.389; and

(b) Property tax deferral program pursuant to chapter 84.38 RCW.

(2) The notice required under subsection (1) of this section must be posted in a location visible to the public.

**NEW SECTION. Sec. 8.** This act takes effect January 1, 2020."

On page 1, line 1 of the title, after "foreclosure;" strike the remainder of the title and insert "amending RCW

84.56.020, 84.64.225, 36.35.110, and 84.64.050; adding a new section to chapter 84.56 RCW; adding a new section to chapter 36.29 RCW; adding a new section to chapter 36.21 RCW; and providing an effective date."

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1105, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

#### MESSAGE FROM THE SENATE

April 13, 2019

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1114 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the wasting of food represents a misuse of resources, including the water, land, energy, labor, and capital that go into growing, harvesting, processing, transporting, and retailing food for human consumption. Wasting edible food occurs all along the food production supply chain, and reducing the waste of edible food is a goal that can be achieved only with the collective efforts of growers, processors, distributors, retailers, consumers of food, and food bankers and related charities. Inedible food waste can be managed in ways that reduce negative environmental impacts and provide beneficial results to the land, air, soil, and energy infrastructure. Efforts to reduce the waste of food and expand the diversion of food waste to beneficial end uses will also require the mindful support of government policies that shape the behavior and waste reduction opportunities of each of those participants in the food supply chain.

(2) Every year, American consumers, businesses, and farms spend billions of dollars growing, processing, transporting, and disposing of food that is never eaten. That represents tens of millions of tons of food sent to landfills annually, plus millions of tons more that are discarded or left unharvested on farms. Worldwide, the United Nations food and agriculture organization has estimated that if one-fourth of the food lost or wasted globally could be saved, it would be enough to feed eight hundred seventy million hungry people. Meanwhile, one in eight Americans is food insecure, including one in six children. Recent data from the department of ecology indicate that Washington is not immune to food waste problems, and recent estimates indicate that seventeen percent of all garbage sent to Washington disposal facilities is food waste, including eight percent that is food that was determined to be edible at the time of disposal. In recognition of the widespread benefits that would accrue from reductions in food waste, in 2015, the administrator of the United States environmental protection agency and the secretary of the United States department of agriculture announced a national goal of reducing food waste by fifty percent by 2030. The Pacific Coast collaborative recently agreed to a similar commitment of halving food waste by 2030, including efforts to prevent, rescue, and recover wasted food.

(3) By establishing state wasted food reduction goals and developing a state wasted food reduction strategy, it is the intent of the legislature to continue its national leadership in solid waste reduction efforts by:

(a) Improving efficiencies in the food production and distribution system in order to reduce the cradle to grave greenhouse gas emissions associated with wasted food;

(b) Fighting hunger by more efficiently diverting surplus food to feed hungry individuals and families in need; and

(c) Supporting expansion of management facilities for inedible food waste to improve access and facility performance while reducing the volumes of food that flow through those facilities.

**NEW SECTION. Sec. 2.** A new section is added to chapter 70.95 RCW to read as follows:

(1) A goal is established for the state to reduce by fifty percent the amount of food waste generated annually by 2030, relative to 2015 levels. A subset of this goal must include a prevention goal to reduce the amount of edible food that is wasted.

(2) The department may estimate 2015 levels of wasted food in Washington using any combination of solid waste reporting data obtained under this chapter and surveys and studies measuring wasted food and food waste in other jurisdictions. For the purposes of measuring progress towards the goal in subsection (1) of this section, the department must adopt standardized metrics and processes for measuring or estimating volumes of wasted food and food waste generated in the state.

(3) By October 1, 2020, the department, in consultation with the department of agriculture and the department of health, must develop and adopt a state wasted food reduction and food waste diversion plan designed to achieve the goal established in subsection (1) of this section.

(a) The wasted food reduction and food waste diversion plan must include strategies, in descending order of priority, to:

(i) Prevent and reduce the wasting of edible food by residents and businesses;

(ii) Help match and support the capacity for edible food that would otherwise be wasted with food banks and other distributors that will ensure the food reaches those who need it; and

(iii) Support productive uses of inedible food materials, including using it for animal feed, energy production through anaerobic digestion, or other commercial uses, and for off-site or on-site management systems including composting, vermicomposting, or other biological systems.

(b) The wasted food reduction and food waste diversion plan must be designed to:

(i) Recommend a regulatory environment that optimizes activities and processes to rescue safe, nutritious, edible food;

(ii) Recommend a funding environment in which stable, predictable resources are provided to wasted food prevention and rescue and food waste recovery activities in such a way as to allow the development of additional capacity and the use of new technologies;

(iii) Avoid placing burdensome regulations on the hunger relief system, and ensure that organizations involved in wasted food prevention and rescue, and food waste recovery, retain discretion to accept or reject donations of food when appropriate;

(iv) Provide state technical support to wasted food prevention and rescue and food waste recovery organizations;

(v) Support the development and distribution of equitable materials to support food waste and wasted food educational and programmatic efforts in K-12 schools, in collaboration with the office of the superintendent of public instruction, and aligned with the Washington state science and social studies learning standards; and

(vi) Facilitate and encourage restaurants and other retail food establishments to safely donate food to food banks and food assistance programs through education and outreach to retail food establishment operators regarding safe food donation opportunities, practices, and benefits.

(c) The wasted food reduction and food waste diversion plan must include suggested best practices that local governments may incorporate into solid waste management plans developed under RCW 70.95.080.

(d) The department must solicit feedback from the public and interested stakeholders throughout the process of developing and adopting the wasted food reduction and food waste diversion plan. To assist with its food waste reduction plan development responsibilities, the department may designate a stakeholder advisory panel. If the department designates a stakeholder advisory panel, it must consist of local government health departments, local government solid waste departments, food banks, hunger-focused nonprofit organizations, waste-focused nonprofit organizations, K-12 public education, and food businesses or food business associations.

(e) The department must identify the sources of scientific, economic, or other technical information it relied upon in developing the plan required under this section, including peer-reviewed science.

(f) In conjunction with the development of the wasted food reduction and food waste diversion plan, the department and the departments of agriculture and health must consider recommending changes to state law, including changes to food quality, labeling, and inspection requirements under chapter 69.80 RCW and any changes in laws relating to the donation of food waste or wasted food for animals, in order to achieve the goal established in subsection (1) of this section. Any such recommendations must be explained via a report to the legislature submitted consistent with RCW 43.01.036 by December 1, 2020. Prior to any implementation of the plan, for the activities, programs, or policies in the plan that would impose new obligations on state agencies, local governments, businesses, or citizens, the December 1, 2020, report must outline the plan for making regulatory changes identified in the report. This outline must include the department or the appropriate state agency's plan to make recommendations for statutory or administrative rule changes identified. In combination

with any identified statutory or administrative rule changes, the department or the appropriate state agency must include expected cost estimates for both government entities and private persons or businesses to comply with any recommended changes.

(4) In support of the development of the plan in subsection (3) of this section, the department of commerce must contract for an independent evaluation of the state's food waste and wasted food management system.

(5) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a)(i) "Food waste" means waste from fruits, vegetables, meats, dairy products, fish, shellfish, nuts, seeds, grains, and similar materials that results from the storage, preparation, cooking, handling, selling, or serving of food for human consumption.

(ii) "Food waste" includes, but is not limited to, excess, spoiled, or unusable food and includes inedible parts commonly associated with food preparation such as pits, shells, bones, and peels. "Food waste" does not include dead animals not intended for human consumption or animal excrement.

(b) "Prevention" refers to avoiding the wasting of food in the first place and represents the greatest potential for cost savings and environmental benefits for businesses, governments, and consumers.

(c) "Recovery" refers to processing inedible food waste to extract value from it, through composting, anaerobic digestion, or for use as animal feedstock.

(d) "Rescue" refers to the redistribution of surplus edible food to other users.

(e) "Wasted food" means the edible portion of food waste.

**Sec. 3.** RCW 70.93.180 and 2015 c 15 s 3 are each amended to read as follows:

(1) There is hereby created an account within the state treasury to be known as the waste reduction, recycling, and litter control account. Moneys in the account may be spent only after appropriation. Expenditures from the waste reduction, recycling, and litter control account shall be used as follows:

(a) Fifty percent to the department of ecology, for use by the departments of ecology, natural resources, revenue, transportation, and corrections, and the parks and recreation commission, for use in litter collection programs, to be distributed under RCW 70.93.220. The amount to the department of ecology shall also be used for a central coordination function for litter control efforts statewide; for statewide public awareness programs under RCW 70.93.200(7); and to support employment of youth in litter cleanup as intended in RCW 70.93.020, and for litter pick up using other authorized agencies. The amount to the department shall also be used to defray the costs of

administering the funding, coordination, and oversight of local government programs for waste reduction, litter control, recycling, and composting so that local governments can apply one hundred percent of their funding to achieving program goals. The amount to the department of revenue shall be used to enforce compliance with the litter tax imposed in chapter 82.19 RCW;

(b)(i) Twenty percent to the department for local government funding programs for waste reduction, litter control, recycling activities, and composting activities by cities and counties under RCW 70.93.250, to be administered by the department of ecology; (ii) any unspent funds under (b)(i) of this subsection may be used to create and pay for a matching fund competitive grant program to be used by local governments and nonprofit organizations for local or statewide education programs designed to help the public with litter control, waste reduction, recycling, and composting of primarily the products taxed under chapter 82.19 RCW. Recipients under this subsection include programs to reduce wasted food and food waste that are designed to achieve the goals established in section 2(1) of this act and that are consistent with the plan developed in section 2(3) of this act. Grants must adhere to the following requirements: (A) No grant may exceed sixty thousand dollars; (B) grant recipients shall match the grant funding allocated by the department by an amount equal to twenty-five percent of eligible expenses. A local government's share of these costs may be met by cash or contributed services; (C) the obligation of the department to make grant payments is contingent upon the availability of the amount of money appropriated for this subsection (1)(b); and (D) grants are managed under the guidelines for existing grant programs; and

(c) Thirty percent to the department of ecology to: (i) Implement activities under RCW 70.93.200 for waste reduction, recycling, and composting efforts; (ii) provide technical assistance to local governments for commercial business and residential recycling programs primarily for the products taxed under chapter 82.19 RCW designed to educate citizens about waste reduction, litter control, and recyclable and compostable products and programs; ~~((and))~~ (iii) increase access to waste reduction, composting, and recycling programs, particularly for food packaging and plastic bags and appropriate composting techniques; and (iv) for programs to reduce wasted food and food waste that are designed to achieve the goals established in section 2(1) of this act and that are consistent with the plan developed in section 2(3) of this act.

(2) All taxes imposed in RCW 82.19.010 and fines and bail forfeitures collected or received pursuant to this chapter shall be deposited in the waste reduction, recycling, and litter control account and used for the programs under subsection (1) of this section.

(3) Not less than five percent and no more than ten percent of the amount appropriated into the waste reduction, recycling, and litter control account every biennium shall be reserved for capital needs, including the purchase of vehicles for transporting crews and for collecting litter and solid waste. Capital funds shall be distributed among state agencies and local governments according to the same

criteria provided in RCW 70.93.220 for the remainder of the funds, so that the most effective waste reduction, litter control, recycling, and composting programs receive the most funding. The intent of this subsection is to provide funds for the purchase of equipment that will enable the department to account for the greatest return on investment in terms of reaching a zero litter goal.

(4) Funds in the waste reduction, recycling, and litter control account, collected under chapter 82.19 RCW, must be prioritized for the products identified under RCW 82.19.020 solely for the purposes of recycling, composting, and litter collection, reduction, and control programs.

**Sec. 4.** RCW 70.95.090 and 1991 c 298 s 3 are each amended to read as follows:

Each county and city comprehensive solid waste management plan shall include the following:

(1) A detailed inventory and description of all existing solid waste handling facilities including an inventory of any deficiencies in meeting current solid waste handling needs.

(6) A comprehensive waste reduction and recycling element that, in accordance with the priorities established in RCW 70.95.010, provides programs that (a) reduce the amount of waste generated, (b) provide incentives and mechanisms for source separation, and (c) establish recycling opportunities for the source separated waste.

(7) The waste reduction and recycling element shall include the following:

(a) Waste reduction strategies, which may include strategies to reduce wasted food and food waste that are designed to achieve the goals established in section 2(1) of this act and that are consistent with the plan developed in section 2(3) of this act;

(b) Source separation strategies, including:

(i) Programs for the collection of source separated materials from residences in urban and rural areas. In urban areas, these programs shall include collection of source separated recyclable materials from single and multiple-family residences, unless the department approves an alternative program, according to the criteria in the planning guidelines. Such criteria shall include: Anticipated recovery rates and levels of public participation, availability of environmentally sound disposal capacity, access to markets for recyclable materials, unreasonable cost impacts on the ratepayer over the six-year planning period, utilization of environmentally sound waste reduction and recycling technologies, and other factors as appropriate. In rural areas, these programs shall include but not be limited to drop-off boxes, buy-back centers, or a combination of both, at each solid waste transfer, processing, or disposal site, or at locations convenient to the residents of the county. (ii) Programs to monitor the collection of source separated waste at nonresidential sites where there is sufficient density to sustain a program;

(iii) Programs to collect yard waste and food waste, if the county or city submitting the plan finds that there are adequate markets or capacity for composted yard waste and food waste within or near the service area to consume the majority of the material collected; and

(iv) Programs to educate and promote the concepts of waste reduction and recycling;

(c) Recycling strategies, including a description of markets for recyclables, a review of waste generation trends, a description of waste composition, a discussion and description of existing programs and any additional programs needed to assist public and private sector recycling, and an implementation schedule for the designation of specific materials to be collected for recycling, and for the provision of recycling collection services;

(d) Other information the county or city submitting the plan determines is necessary.

(8) An assessment of the plan's impact on the costs of solid waste collection. The assessment shall be prepared in conformance with guidelines established by the utilities and transportation commission. The commission shall cooperate with the Washington state association of counties and the association of Washington cities in establishing such guidelines.

### MESSAGE FROM THE SENATE

April 12, 2019

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1130 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) It is the policy of the state to welcome and encourage the presence of diverse cultures and the use of diverse languages and modalities of communication in business, government, and private affairs in this state;

(2) Washington public schools' ability to effectively communicate with students and their family members who have language access barriers impacts the schools' ability to engage students and families effectively in the education process and contributes to inequalities and increased gaps in student achievement;

(3) Effective communication is not taking place for a variety of reasons, including: (a) Some school districts do not consistently assess the language needs of their communities or consistently evaluate the effectiveness of their language access services; (b) resources, including time and money, are often not prioritized to engage families with language access barriers; and even when language access is a priority, some districts do not know the best practices for engaging families with language access barriers; (c) school staff are often not trained on how to engage families with language access barriers, how to engage and use interpreters, or when to provide translated documents; and (d) there are not enough interpreters qualified to work in educational settings; and

(4) Providing meaningful, equitable access to students and their family members who have language access barriers will not only help schools meet their civil rights obligations, but will help students meet the state's basic education goals under RCW 28A.150.210 resulting in a decrease in the educational opportunity gap between learners with language access barriers and other students, because student outcomes improve when families are engaged in the student's education.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.630 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the office of the superintendent of public instruction and the office of the education ombuds must jointly convene a work group to improve meaningful, equitable access for public school

students and their family members who have language access barriers.

(2) The work group must advise the office of the superintendent of public instruction and the Washington state school directors' association on the following topics:

(a) The elements of an effective language access program for systemic family engagement and a plan for the implementation of this program;

(b) The components of a technical assistance program for language access and a plan for the implementation of this program;

(c) The development and sharing of a tool kit to help public schools:

(i) Assess the language needs of their communities; and

(ii) Develop, implement, and evaluate their language access plans and language services;

(d) The development and sharing of educational terminology glossaries that improve all families' access to the public school system; and

(e) The development and sharing of best practices or strategies for improving meaningful, equitable access for public school students and their family members who have language access barriers, including effective use of interpreters and when to provide translated documents in other formats.

(3) The work group must develop recommendations for practices and policies that should be adopted at the state or local level to improve meaningful, equitable access for public school students and their family members who have language access barriers, including recommendations on the following topics:

(a) Standards for interpreters working in education settings, including familiarity with legal concepts related to, and service requirements of, Part B of the federal individuals with disabilities education improvement act and section 504 of the federal rehabilitation act of 1973;

(b) Development and assessment of interpreters' knowledge of education terminology;

(c) The feasibility and cost-effectiveness of adapting another state agency's interpreter program to test, train, or both, interpreters for educational purposes;

(d) Updates to the Washington state school directors' association's model language access policy;

(e) Use of remote interpreter services, including the conditions under which remote interpreter services may be used to provide high quality interpreter services; and

(f) Data collection and use necessary to create and improve state and local language access programs.

(4) The office of the superintendent of public instruction and the office of the education ombuds must select up to twenty-five work group members who:

(a) Are geographically diverse and represent people with a variety of language access barriers; and

(b) Represent the following groups: The educational opportunity gap oversight and accountability committee; the state school for the blind; the childhood center for deafness and hearing loss; the special education advisory council at the office of the superintendent of public instruction; the Washington state school directors' association; a state association of teachers; a state association of principals; a state association of parents; the Washington state commissions on African-American affairs, Asian Pacific American affairs, and Hispanic affairs; the governor's office of Indian affairs; interpreters working in education settings; interpreter unions; families with language access barriers; and community-based organizations supporting families with language access barriers.

(5) The office of the superintendent of public instruction and the office of the education ombuds must provide staff support to the work group.

(6) The work group may form subcommittees and consult with necessary experts.

(7) By October 1, 2020, and in compliance with RCW 43.01.036, the work group must report its findings and recommendations to the appropriate committees of the legislature.

(8) This section expires December 31, 2020.

**NEW SECTION. Sec. 3.** A new section is added to chapter 28A.155 RCW to read as follows:

(1) Beginning in the 2019-20 school year, school districts must document the language in which families of special education students prefer to communicate and whether a qualified interpreter for the student's family was provided at any planning meeting related to a student's individualized education program or plan developed under section 504 of the rehabilitation act of 1973 and meetings related to school discipline and truancy.

(2) For the purposes of this section, "qualified interpreter" means someone who is able to interpret effectively, accurately, and impartially, both receptively and expressively using any necessary specialized vocabulary."

On page 1, line 1 of the title, after "schools;" strike the remainder of the title and insert "adding a new section to chapter 28A.630 RCW; adding a new section to chapter 28A.155 RCW; creating a new section; and providing an expiration date."

and the same is herewith transmitted.

Such summons and a copy of the indictment or information shall be at once delivered by such clerk to said sheriff and by the sheriff forthwith served and returned in the manner provided for service of summons upon such ~~((corporation))~~ entity in a civil action. Whenever a complaint against ~~((a corporation))~~ an entity, charging it with the commission of a crime, shall be made before any district or municipal judge, a like summons, signed by such judge, shall be issued, which, together with a copy of said complaint, shall be delivered to the sheriff at once and by the sheriff forthwith served as herein provided.

~~((If the corporation shall be found guilty and a fine imposed, it))~~ (1) An entity convicted of an offense may be ordered to pay legal financial obligations, including restitution, crime victims' assessments, costs, fines, penalties, and other assessments authorized or required by law. Legal financial obligations imposed upon an entity shall

be entered and docketed by the clerk, or district or municipal court as a judgment against the ~~((corporation))~~ entity, and it shall be of the same force and effect and be enforced against such ~~((corporation))~~ entity in the same manner as a judgment in a civil action. Notwithstanding any other provisions pertaining to legal financial obligations, all legal financial obligations imposed in a judgment against an entity under this section bear interest from the date of the judgment until payment at the rate applicable to civil judgments under RCW 4.56.110. ### MESSAGE FROM THE SENATE

April 15, 2019

Mr. Speaker:

The Senate has passed ENGROSSED THIRD SUBSTITUTE HOUSE BILL NO. 1257 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that state policy encouraging energy efficiency has been extremely successful in reducing energy use, avoiding costly investment in new generating capacity, lowering customer energy bills, and reducing air pollution and greenhouse gas emissions. The state's 2019 biennial energy report indicates that utility conservation investments under chapter 19.285 RCW, the energy independence act, now save consumers more than seven hundred fifty million dollars annually, helping to keep Washington's electricity prices among the lowest in the nation.

(2) Studies by the Northwest power and conservation council and by individual Washington utilities repeatedly show that efficiency is the region's largest, cheapest, lowest risk energy resource; that without it, the Northwest would have needed to invest in additional natural gas-fired generation; and that, looking ahead, efficiency can approach the size of the region's hydropower system as a regional resource. The Northwest power and conservation council forecasts that with an aggressive new energy efficiency policy, the region can potentially meet one hundred percent of its electricity load growth over the next twenty years with energy efficiency.

(3) Energy efficiency investments that reduce energy use in buildings bring cobenefits that directly impact Washingtonians' quality of life. These benefits include improved indoor air quality, more comfortable homes and workplaces, and lower tenant energy bills. The legislature notes that according to the United States department of energy's energy and employment report, 2017, the energy efficiency sector has created more than sixty-five thousand jobs in the state, more than two-thirds of which are in the construction sector, and that the number continues to grow.

(4) Considering the benefits of and the need for additional energy efficiency to meet regional energy demand, the legislature notes that attaining as much of this resource as possible from the buildings sector can have a significant effect on state greenhouse gas emissions by deferring or displacing the need for natural gas-fired electricity generation and reducing the direct use of natural gas. Buildings represent the second largest source of greenhouse gas emissions in Washington and emissions from the buildings sector have grown by fifty percent since 1990, far outpacing all other emission sources.

(5) The legislature therefore determines that it is in the state's interest to maximize the full potential of energy efficiency standards, retrofit incentives, utility programs, and building codes to keep energy costs low and to meet statutory goals for increased building efficiency and reduced greenhouse gas emissions.

(6) It is the intent of this act to provide incentives and regulations that encourage greater energy efficiency in all aspects of new and existing buildings, including building design, energy delivery, and utilization and operations. This act:

(a) Establishes energy performance standards for larger existing commercial buildings;

(b) Provides financial incentives and technical assistance for building owners taking early action to meet these standards before they are required to be met;

(c) Enhances access to commercial building energy consumption data in order to assist with monitoring progress toward meeting energy performance standards; and

(d) Establishes efficiency performance requirements for natural gas distribution companies, recognizing the significant contribution of natural gas to the state's greenhouse gas emissions, the role that natural gas plays in heating buildings and powering equipment within buildings across the state, and the greenhouse gas reduction benefits associated with substituting renewable natural gas for fossil fuels.

NEW SECTION. Sec. 2. A new section is added to chapter 19.27A RCW to read as follows:

The definitions in this section apply throughout sections 3 through 6 of this act unless the context clearly requires otherwise.

(1) "Agricultural structure" means a structure designed and constructed to house farm implements, hay, grain, poultry, livestock, or other horticultural products, and that is not a place used by the public or a place of human habitation or employment where agricultural products are processed, treated, or packaged.

(2) "Baseline energy use intensity" means a building's weather normalized energy use intensity measured the previous year to making an application for an incentive under section 4 of this act.

(3) "Building owner" means an individual or entity possessing title to a building.

(4) "Building tenant" means a person or entity occupying or holding possession of a building or premises pursuant to a rental agreement.

(5) "Conditional compliance" means a temporary compliance method used by building owners that demonstrate the owner has implemented energy use reduction strategies required by the standard, but has not demonstrated full compliance with the energy use intensity target.

(6) "Consumer-owned utility" has the same meaning as defined in RCW 19.27A.140.

(7) "Covered commercial building" means a building where the sum of nonresidential, hotel, motel, and dormitory floor areas exceeds fifty thousand gross square feet, excluding the parking garage area.

(8) "Department" means the department of commerce.

(9) "Director" means the director of the department of commerce or the director's designee.

(10) "Electric utility" means a consumer-owned utility or an investor-owned utility.

(11) "Eligible building owner" means: (a) The owner of a covered commercial building required to comply with the standard established in section 3 of this act; or (b) the owner of a multifamily residential building where the floor area exceeds fifty thousand gross square feet, excluding the parking garage area.

(12) "Energy" includes: Electricity, including electricity delivered through the electric grid and electricity generated at the building premises using solar or wind energy resources; natural gas; district steam; district hot water; district chilled water; propane; fuel oil; wood; coal; or other fuels used to meet the energy loads of a building.

(13) "Energy use intensity" means a measurement that normalizes a building's site energy use relative to its size. A building's energy use intensity is calculated by dividing the total net energy consumed in one year by the gross floor area of the building, excluding the parking garage. "Energy use intensity" is reported as a value of thousand British thermal units per square foot per year.

(14) "Energy use intensity target" means the net energy use intensity of a covered commercial building that has been established for the purposes of complying with the standard established under section 3 of this act.

(15) "Gas company" includes every corporation, company, association, joint stock association, partnership, and person, their lessees, trustees, or receiver appointed by any court whatsoever, and every city or town owning, controlling, operating, or managing any gas plant within this state.

(16) "Greenhouse gas" includes carbon dioxide, methane, nitrous oxide, hydrofluorocarbons, perfluorocarbons, and sulfur hexafluoride.

(17)(a) "Gross floor area" means the total number of square feet measured between the exterior surfaces of the enclosing fixed walls of a building, including all supporting functions such as offices, lobbies, restrooms, equipment storage areas, mechanical rooms, break rooms, and elevator shafts.

(b) "Gross floor area" does not include outside bays or docks.

(18) "Investor-owned utility" means a company owned by investors, that meets one of the definitions of RCW 80.04.010, and that is engaged in distributing electricity to more than one retail electric customer in the state.

(19) "Multifamily residential building" means a building containing sleeping units or more than two dwelling units where occupants are primarily permanent in nature.

(20) "Net energy use" means the sum of metered and bulk fuel energy entering the building, minus the sum of metered energy leaving the building.

(21) "Qualifying utility" means a consumer-owned or investor-owned gas or electric utility that serves more

than twenty-five thousand customers in the state of Washington.

(22) "Savings-to-investment ratio" means the ratio of the total present value savings to the total present value costs of a bundle of an energy or water conservation measure estimated over the projected useful life of each measure. The numerator of the ratio is the present value of net savings in energy or water and nonfuel or nonwater operation and maintenance costs attributable to the proposed energy or water conservation measure. The denominator of the ratio is the present value of the net increase in investment and replacement costs less salvage value attributable to the proposed energy or water conservation measure.

(23) "Standard" means the state energy performance standard for covered commercial buildings established under section 3 of this act.

(24) "Thermal energy company" has the same meaning as defined in RCW 80.04.550.

(25) "Weather normalized" means a method for modifying the measured building energy use in a specific weather year to energy use under normal weather conditions.

NEW SECTION. Sec. 3. A new section is added to chapter 19.27A RCW to read as follows:

(1)(a) By November 1, 2020, the department must establish by rule a state energy performance standard for covered commercial buildings.

(b) In developing energy performance standards, the department shall seek to maximize reductions of greenhouse gas emissions from the building sector. The standard must include energy use intensity targets by building type and methods of conditional compliance that include an energy management plan, operations and maintenance program, energy efficiency audits, and investment in energy efficiency measures designed to meet the targets. The department shall use ANSI/ASHRAE/IES standard 100-2018 as an initial model for standard development. The department must update the standard by July 1, 2029, and every five years thereafter. Prior to the adoption or update of the standard, the department must identify the sources of information it relied upon, including peer-reviewed science.

(2) In establishing the standard under subsection (1) of this section, the department:

(a) Must develop energy use intensity targets that are no greater than the average energy use intensity for the covered commercial building occupancy type with adjustments for unique energy using features. The department must also develop energy use intensity targets for additional property types eligible for incentives in section 4 of this act. The department must consider regional and local building energy utilization data, such as existing energy star benchmarking data, in establishing targets for the standard. Energy use intensity targets must be developed for two or more climate zones and be representative of energy use in a normal weather year;

(b) May consider building occupancy classifications from ANSI/ASHRAE/IES standard 100-2018 and the United States environmental protection agency's energy star portfolio manager when developing energy use intensity targets;

(c) May implement lower energy use intensity targets for more recently built covered commercial buildings based on the state energy code in place when the buildings were constructed;

(d)(i) Must adopt a conditional compliance method that ensures that covered commercial buildings that do not meet the specified energy use intensity targets are taking action to achieve reduction in energy use, including investment criteria for conditional compliance that ensure that energy efficiency measures identified by energy audits are implemented to achieve a covered commercial building's energy use intensity target. The investment criteria must require that a building owner adopt an implementation plan to meet the energy intensity target or implement an optimized bundle of energy efficiency measures that provides maximum energy savings without resulting in a savings-to-investment ratio of less than 1.0, except as exempted in (d)(ii) of this subsection. The implementation plan must be based on an investment grade energy audit and a life-cycle cost analysis that accounts for the period during which a bundle of measures will provide savings. The building owner's cost for implementing energy efficiency measures must reflect net cost, excluding any costs covered by utility or government grants. The implementation plan may exclude measures that do not pay for themselves over the useful life of the measure and measures excluded under (d)(ii) of this subsection. The implementation plan may include phased implementation such that the building owner is not required to replace a system or equipment before the end of the system or equipment's useful life;

(ii) For those buildings or structures that are listed in the state or national register of historic places; designated as a historic property under local or state designation law or survey; certified as a contributing resource with a national register listed or locally designated historic district; or with an opinion or certification that the property is eligible to be listed on the national or state registers of historic places either individually or as a contributing building to a historic district by the state historic preservation officer or the keeper of the national register of historic places, no individual energy efficiency requirement need be met that would compromise the historical integrity of a building or part of a building.

(3) Based on records obtained from each county assessor and other available information sources, the department must create a database of covered commercial buildings and building owners required to comply with the standard established in accordance with this section.

(4) By July 1, 2021, the department must provide the owners of covered buildings with notification of compliance requirements.

(5) The department must develop a method for administering compliance reports from building owners.

(6) The department must provide a customer support program to building owners including, but not limited to, outreach and informational material, periodic training, phone and email support, and other technical assistance.

(7) The building owner of a covered commercial building must report the building owner's compliance with the standard to the department in accordance with the schedule established under subsection (8) of this section and every five years thereafter. For each reporting date, the building owner must submit documentation to demonstrate that:

(a) The weather normalized energy use intensity of the covered commercial building measured in the previous calendar year is less than or equal to the energy use intensity target; or

(b) The covered commercial building has received conditional compliance from the department based on energy efficiency actions prescribed by the standard; or

(c) The covered commercial building is exempt from the standard by demonstrating that the building meets one of the following criteria:

(i) The building did not have a certificate of occupancy or temporary certificate of occupancy for all twelve months of the calendar year prior to the building owner compliance schedule established under subsection (8) of this section;

(ii) The building did not have an average physical occupancy of at least fifty percent throughout the calendar year prior to the building owner compliance schedule established under subsection (8) of this section;

(iii) The sum of the buildings gross floor area minus unconditioned and semiconditioned spaces, as defined in the Washington state energy code, is less than fifty thousand square feet;

(iv) The primary use of the building is manufacturing or other industrial purposes, as defined under the following use designations of the international building code: (A) Factory group F; or (B) high hazard group H;

(v) The building is an agricultural structure; or

(vi) The building meets at least one of the following conditions of financial hardship: (A) The building had arrears of property taxes or water or wastewater charges that resulted in the building's inclusion, within the prior two years, on a city's or county's annual tax lien sale list; (B) the building has a court appointed receiver in control of the asset due to financial distress; (C) the building is owned by a financial institution through default by a borrower; (D) the building has been acquired by a deed in lieu of foreclosure within the previous twenty-four months; (E) the building has a senior mortgage subject to a notice of default; or (F) other conditions of financial hardship identified by the department by rule.

(8) A building owner of a covered commercial building must meet the following reporting schedule for complying with the standard established under this section:

(a) For a building with more than two hundred twenty thousand gross square feet, June 1, 2026;

(b) For a building with more than ninety thousand gross square feet but less than two hundred twenty thousand and one gross square feet, June 1, 2027; and

(c) For a building with more than fifty thousand gross square feet but less than ninety thousand and one square feet, June 1, 2028.

(9)(a) The department may issue a notice of violation to a building owner for noncompliance with the requirements of this section. A determination of noncompliance may be made for any of the following reasons:

(i) Failure to submit a compliance report in the form and manner prescribed by the department;

(ii) Failure to meet an energy use intensity target or failure to receive conditional compliance approval;

(iii) Failure to provide accurate reporting consistent with the requirements of the standard established under this section; and

(iv) Failure to provide a valid exemption certificate.

(b) In order to create consistency with the implementation of the standard and rules adopted under this section, the department must reply and cite the section of law, code, or standard in a notice of violation for noncompliance with the requirements of this section when requested to do so by the building owner or the building owner's agent.

(10) The department is authorized to impose an administrative penalty upon a building owner for failing to submit documentation demonstrating compliance with the requirements of this section. The penalty may not exceed an amount equal to five thousand dollars plus an amount based on the duration of any continuing violation. The additional amount for a continuing violation may not exceed a daily amount equal to one dollar per year per gross square foot of floor area. The department may by rule increase the maximum penalty rates to adjust for the effects of inflation.

(11) Administrative penalties collected under this section must be deposited into the low-income weatherization and structural rehabilitation assistance account created in RCW 70.164.030.

(12) The department must adopt rules as necessary to implement this section, including but not limited to:

(a) Rules necessary to ensure timely, accurate, and complete reporting of building energy performance for all covered commercial buildings;

(b) Rules necessary to enforce the standard established under this section; and

(c) Rules that provide a mechanism for appeal of any administrative penalty imposed by the department under this section.

(13) Upon request by the department, each county assessor must provide property data from existing records to the department as necessary to implement this section.

(14) By January 15, 2022, and each year thereafter through 2029, the department must submit a report to the governor and the appropriate committees of the legislature on the implementation of the state energy performance standard established under this section. The report must include information regarding the adoption of the ANSI/ASHRAE/IES standard 100-2018 as an initial model, the financial impact to building owners required to comply with the standard, the amount of incentives provided under sections 4 and 5 of this act, and any other significant information associated with the implementation of this section.

**NEW SECTION. Sec. 4.** A new section is added to chapter 19.27A RCW to read as follows:

(1) The department must establish a state energy performance standard early adoption incentive program consistent with the requirements of this section.

(2) The department must adopt application and reporting requirements for the incentive program. Building energy reporting for the incentive program must be consistent with the energy reporting requirements established under section 3 of this act.

(3) Upon receiving documentation demonstrating that a building owner qualifies for an incentive under this section, the department must authorize each applicable entity administering incentive payments, as provided in section 6 of this act, to make an incentive payment to the building owner. When a building is served by more than one entity offering incentives or more than one type of fuel, incentive payments must be proportional to the energy use intensity reduction of each specific fuel provided by each entity.

(4) An eligible building owner may receive an incentive payment in the amounts specified in subsection (6) of this section only if the following requirements are met:

(a) The building is either: (i) A covered commercial building subject to the requirements of the standard established under section 3 of this act; or (ii) a multifamily residential building where the floor area exceeds fifty thousand gross square feet, excluding the parking garage area;

(b) The building's baseline energy use intensity exceeds its applicable energy use intensity target by at least fifteen energy use intensity units;

(c) At least one electric utility, gas company, or thermal energy company providing or delivering energy to the covered commercial building is participating in the incentive program by administering incentive payments as provided in section 6 of this act; and

(d) The building owner complies with any other requirements established by the department.

(5)(a) An eligible building owner who meets the requirements of subsection (4) of this section may submit an application to the department for an incentive payment in a form and manner prescribed by the department. The application must be submitted in accordance with the following schedule:

(i) For a building with more than two hundred twenty thousand gross square feet, beginning July 1, 2021, through June 1, 2025;

(ii) For a building with more than ninety thousand gross square feet but less than two hundred twenty thousand and one gross square feet, beginning July 1, 2021, through June 1, 2026; and

(iii) For a building with more than fifty thousand gross square feet but less than ninety thousand and one gross square feet, beginning July 1, 2021, through June 1, 2027.

(b) The department must review each application and determine whether the applicant is eligible for the incentive program and if funds are available for the incentive payment within the limitation established in section 5 of this act. If the department certifies an application, it must provide verification to the building owner and each entity participating as provided in section 6 of this act and providing service to the building owner.

(6) An eligible building owner that demonstrates early compliance with the applicable energy use intensity target under the standard established under section 3 of this act may receive a base incentive payment of eighty-five cents per gross square foot of floor area, excluding parking, unconditioned, or semiconditioned spaces.

(7) The incentives provided in subsection (6) of this section are subject to the limitations and requirements of this section, including any rules or procedures implementing this section.

(8) The department must establish requirements for the verification of energy consumption by the building owner and each participating electric utility, gas company, and thermal energy company.

(9) The department must provide an administrative process for an eligible building owner to appeal a determination of an incentive eligibility or amount.

(10) By September 30, 2025, and every two years thereafter, the department must report to the appropriate committees of the legislature on the results of the incentive program under this section and may provide recommendations to improve the effectiveness of the program.

(11) The department may adopt rules to implement this section.

**NEW SECTION. Sec. 5.** A new section is added to chapter 19.27A RCW to read as follows:

The department may not issue a certification for an incentive application under section 4 of this act if doing so

is likely to result in total incentive payments under section 4 of this act in excess of seventy-five million dollars.

**NEW SECTION. Sec. 6.** A new section is added to chapter 19.27A RCW to read as follows:

(1)(a) Each qualifying utility must administer incentive payments for the state energy performance standard early adoption incentive program established in section 4 of this act on behalf of its customers who are eligible building owners of covered commercial buildings or multifamily residential buildings, consistent with the requirements of this section. Any thermal energy company, electric utility, or gas company not otherwise required to administer incentive payments may voluntarily participate by providing notice to the department in a form and manner prescribed by the department.

(b) Nothing in this subsection (1) requires a qualifying utility to administer incentive payments for the state energy performance standard early adoption incentive program established in section 4 of this act for which the qualifying utility is not allowed a credit against taxes due under this chapter.

(2) An entity that administers the payments for the incentive program under this section must administer the program in a manner that is consistent with the standard established and any rules adopted by the department under sections 3 and 4 of this act.

(3) Upon receiving notification from the department that a building owner has qualified for an incentive payment, each entity that administers incentive payments under this section must make incentive payments to its customers who are eligible building owners of covered commercial buildings or multifamily residential buildings who qualify as provided under this section and at rates specified in section 4(6) of this act. When a building is served by more than one entity administering incentive payments, incentive payments must be proportional to the energy use intensity reduction of the participating entities' fuel.

(4) The participation by an entity in the administration of incentive payments under this section does not relieve the entity of any obligation that may otherwise exist or be established to provide customer energy efficiency programs or incentives.

(5) An entity that administers the payments for the incentive program under this section is not liable for excess payments made in reliance on amounts reported by the department as due and payable as provided under section 4 of this act, if such amounts are later found to be abnormal or inaccurate due to no fault of the business.

**NEW SECTION. Sec. 7.** This section is the tax preference performance statement for the tax preference contained in section 8, chapter . . . , Laws of 2019 (section 8 of this act). This performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party

or be used to determine eligibility for preferential tax treatment.

(1) The legislature categorizes this tax preference as one intended to induce implementation of building energy efficiency measures, as indicated in section 4 of this act.

(2) It is the legislature's specific public policy objective to increase energy efficiency and the use of renewable fuels that reduce the amount of greenhouse gas emissions in Washington. It is the legislature's intent to provide a credit against the taxes owing by utilities under chapter 82.16 RCW for the incentives provided for the implementation by eligible building owners of energy efficiency and renewable energy measures.

(3) If a review finds that measurable energy savings have increased in covered commercial buildings for which building owners are receiving an incentive payment from a qualifying utility, then the legislature intends to extend the expiration date of the tax preference.

(4) In order to obtain the data necessary to perform the review in subsection (3) of this section, the joint legislative audit and review committee may refer to the number of building owners receiving an incentive payment from qualifying utilities taking the public utility tax preference under section 8 of this act, the amount of the incentive payment, and the energy use intensity reduction of the buildings as a result of the incentive program, as reported by the department of commerce.

**NEW SECTION. Sec. 8.** A new section is added to chapter 82.16 RCW to read as follows:

(1) Subject to the requirements of this section, a light and power business or a gas distribution business is allowed a credit against taxes due under this chapter in an amount equal to:

(a) Incentive payments made in any calendar year under section 4 of this act; and

(b) Documented administrative cost not to exceed eight percent of the incentive payments.

(2) The credit must be taken in a form and manner as required by the department.

(3) Credit must be claimed against taxes due under this chapter for the incentive payments made and administrative expenses incurred. Credit earned in one calendar year may not be carried backward but may be claimed against taxes due under this chapter during the same calendar year and for the following two calendar years. The credit may not exceed the tax that would otherwise be due under this chapter. Refunds may not be granted in the place of a credit.

(4)(a) Except as provided in (c) of this subsection, any business that has claimed credit in excess of the amount of credit the business earned under subsection (1) of this section must repay the amount of tax against which the excess credit was claimed.

(b) The department must assess interest on the taxes due under this subsection. Interest must be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, retroactively to the date the credit was claimed, and accrues until the taxes against which the credit was claimed are repaid. The department must provide written notice of the amount due under this subsection and that the amount due must be paid within thirty days of the date of the notice. The department may not impose penalties as provided in chapter 82.32 RCW on taxes due under this subsection unless the amount due is not paid in full by the due date in the notice.

(c) A business is not liable for excess credits claimed in reliance on amounts reported to the business by the department of commerce as due and payable as provided under section 4 of this act, if such amounts are later found to be abnormal or inaccurate due to no fault of the business.

This data must be maintained for at least the most recent twelve months in a format compatible for uploading to the United States environmental protection agency's energy star portfolio manager.

(2) On and after January 1, 2010, upon the written authorization or secure electronic authorization of a nonresidential building owner or operator, a qualifying utility shall upload the energy consumption data for the accounts specified by the owner or operator for a building to the United States environmental protection agency's energy star portfolio manager in a form that does not disclose personally identifying information.

(3) In carrying out the requirements of this section, a qualifying utility shall use any method for providing the specified data in order to maximize efficiency and minimize overall program cost. Qualifying utilities are encouraged to consult with the United States environmental protection agency and their customers in developing reasonable reporting options.

(4) Disclosure of nonpublic nonresidential benchmarking data and ratings required under subsection (5) of this section will be phased in as follows:

(a) By January 1, 2011, for buildings greater than fifty thousand square feet; and

A building owner or operator, or their agent, who delivers United States environmental protection agency's energy star portfolio manager benchmarking data and ratings to a prospective buyer, lessee, or lender is not required to provide additional information regarding energy consumption, and the information is deemed to be adequate to inform the prospective buyer, lessee, or lender regarding the United States environmental protection agency's energy star portfolio manager benchmarking data and ratings for the most recent twelve-month period for the building that is being sold, leased, financed, or refinanced.

(6) Notwithstanding subsections (4) and (5) of this section, nothing in this section increases or decreases the duties, if any, of a building owner, operator, or their agent under this chapter or alters the duty of a seller, agent, or broker to disclose the existence of a material fact affecting the real property.

(7) An electric or gas utility that is not a qualifying utility must either offer the upload service specified in subsection (2) of this section or provide customers who are building owners of covered commercial buildings with consumption data in an electronic document formatted for direct upload to the United States environmental protection agency's energy star portfolio manager. (9) Each electric or gas utility must ensure that all data provided in compliance with this section does not contain personally identifiable information or customer-specific billing information about tenants of a covered commercial building.

**NEW SECTION. Sec. 11.** A new section is added to chapter 80.28 RCW to read as follows:

Each gas company must identify and acquire all conservation measures that are available and cost-effective. Each company must establish an acquisition target every two years and must demonstrate that the target will result in the acquisition of all resources identified as available and cost-effective. The cost-effectiveness analysis required by this section must include the costs of greenhouse gas emissions established in section 15 of this act. The targets must be

based on a conservation potential assessment prepared by an independent third party and approved by the commission. Conservation targets must be approved by order by the commission. The initial conservation target must take effect by 2022.

**NEW SECTION. Sec. 12.** (1) The legislature finds and declares that:

(a) Renewable natural gas provides benefits to natural gas utility customers and to the public; and

(b) The development of renewable natural gas resources should be encouraged to support a smooth transition to a low carbon energy economy in Washington.

(2) It is the policy of the state to provide clear and reliable guidelines for gas companies that opt to supply renewable natural gas resources to serve their customers and that ensure robust ratepayer protections.

**NEW SECTION. Sec. 13.** A new section is added to chapter 80.28 RCW to read as follows:

(1) A natural gas company may propose a renewable natural gas program under which the company would supply renewable natural gas for a portion of the natural gas sold or delivered to its retail customers. The renewable natural gas program is subject to review and approval by the commission. The customer charge for a renewable natural gas program may not exceed five percent of the amount charged to retail customers for natural gas.

(2) The environmental attributes of renewable natural gas provided under this section must be retired using procedures established by the commission and may not be used for any other purpose. The commission must approve procedures for banking and transfer of environmental attributes.

(3) As used in this section, "renewable natural gas" includes renewable natural gas as defined in RCW 54.04.190. The commission may approve inclusion of other sources of gas if those sources are produced without consumption of fossil fuels.

**NEW SECTION. Sec. 14.** A new section is added to chapter 80.28 RCW to read as follows:

(1) Each gas company must offer by tariff a voluntary renewable natural gas service available to all customers to replace any portion of the natural gas that would otherwise be provided by the gas company. The tariff may provide reasonable limits on participation based on the availability of renewable natural gas and may use environmental attributes of renewable natural gas combined with natural gas. The voluntary renewable natural gas service must include delivery to, or the retirement on behalf of, the customer of all environmental attributes associated with the renewable natural gas.

(2) For the purposes of this section, "renewable natural gas" includes renewable natural gas as defined in

RCW 54.04.190. The commission may approve inclusion of other sources of gas if those sources are produced without consumption of fossil fuels.

**NEW SECTION. Sec. 15.** A new section is added to chapter 80.28 RCW to read as follows:

For the purposes of section 11 of this act, the cost of greenhouse gas emissions resulting from the use of natural gas, including the effect of emissions occurring in the gathering, transmission, and distribution of natural gas to the end user is equal to the cost per metric ton of carbon dioxide emissions, using the two and one-half percent discount rate, listed in table 2, Technical Support Document: Technical update of the social cost of carbon for regulatory impact analysis under Executive Order 12866, published by the interagency working group on social cost of greenhouse gases of the United States government, August 2016. The commission must adjust the costs established in this section to reflect the effect of inflation.

**NEW SECTION. Sec. 16.** A new section is added to chapter 80.28 RCW to read as follows:

The commission must monitor the greenhouse gas emissions resulting from natural gas and renewable natural gas delivered by each gas company to its customers, relative to a proportionate share of the state's greenhouse gas emissions reduction goal. The commission must report to the governor by January 1, 2020, and every three years thereafter, an assessment of whether the gas companies are on track to meet a proportionate share of the state's greenhouse gas emissions reduction goal. The commission may rely on reports submitted by gas companies to the United States environmental protection agency or other governmental agencies in complying with this section.

**Sec. 17.** RCW 19.27A.025 and 1991 c 122 s 3 are each amended to read as follows:

(1) The minimum state energy code for new nonresidential buildings shall be the Washington state energy code, 1986 edition, as amended. The state building code council may, by rule adopted pursuant to chapter 34.05 RCW, amend that code's requirements for new nonresidential buildings provided that:

(a) Such amendments increase the energy efficiency of typical newly constructed nonresidential buildings; and

(b) Any new measures, standards, or requirements adopted must be technically feasible, commercially available, and ~~((cost effective to building owners and tenants))~~ developed to yield the lowest overall cost to the building owner and occupant while meeting the energy reduction goals established under RCW 19.27A.160.

(2) In considering amendments to the state energy code for nonresidential buildings, the state building code council shall establish and consult with a technical advisory committee including representatives of appropriate state agencies, local governments, general contractors, building

owners and managers, design professionals, utilities, and other interested and affected parties.

(3) Decisions to amend the Washington state energy code for new nonresidential buildings shall be made prior to December 15th of any year and shall not take effect before the end of the regular legislative session in the next year. Any disputed provisions within an amendment presented to the legislature shall be approved by the legislature before going into effect. A disputed provision is one which was adopted by the state building code council with less than a two-thirds majority vote. Substantial amendments to the code shall be adopted no more frequently than every three years.

**Sec. 18.** RCW 19.27.540 and 2009 c 459 s 16 are each amended to read as follows:

(1) The building code council shall adopt rules for electric vehicle infrastructure requirements. Rules adopted by the state building code council must consider applicable national and international standards and be consistent with rules adopted under RCW 19.28.281.

(2)(a) Except as provided in (b) of this subsection, the rules adopted under this section must require electric vehicle charging capability at all new buildings that provide on-site parking. Where parking is provided, the greater of one parking space or ten percent of parking spaces, rounded to the next whole number, must be provided with wiring or raceway sized to accommodate 208/240 V 40-amp or equivalent electric vehicle charging. Electrical rooms serving buildings with on-site parking must be sized to accommodate the potential for electrical equipment and distribution required to serve a minimum of twenty percent of the total parking spaces with 208/240 V 40-amp or equivalent electric vehicle charging. Load management infrastructure may be used to adjust the size and capacity of the required building electric service equipment and circuits on the customer facilities, as well as electric utility owned infrastructure, as allowed by applicable local and national electrical code. For accessible parking spaces, the greater of one parking space or ten percent of accessible parking spaces, rounded to the next whole number, must be provided with electric vehicle charging infrastructure that may also serve adjacent parking spaces not designated as accessible parking.

(b) For occupancies classified as assembly, education, or mercantile, the requirements of this section apply only to employee parking spaces. The requirements of this section do not apply to occupancies classified as residential R-3, utility, or miscellaneous.

(c) The required rules required under this subsection must be implemented by July 1, 2021."

On page 1, line 1 of the title, after "efficiency;" strike the remainder of the title and insert "amending RCW 19.27A.140, 19.27A.170, 19.27A.025, and 19.27.540; adding new sections to chapter 19.27A RCW; adding a new section to chapter 82.16 RCW; adding new sections to chapter 80.28 RCW; creating new sections; prescribing penalties; and providing an expiration date."

### MESSAGE FROM THE SENATE

April 12, 2019

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1311 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 28B.118.010 and 2018 c 204 s 1 and 2018 c 12 s 1 are each reenacted and amended to read as follows:

The office of student financial assistance shall design the Washington college bound scholarship program in accordance with this section and in alignment with the state need grant program in chapter 28B.92 RCW unless otherwise provided in this section.

(1) "Eligible students" are those students who:

(a) Qualify for free or reduced-price lunches.

(i) If a student qualifies in the seventh or eighth grade, the student remains eligible even if the student does not receive free or reduced-price lunches thereafter.

(ii) Beginning in the 2019-20 academic year, if a student qualifies for free or reduced-price lunches in the ninth grade and was previously ineligible during the seventh or eighth grade while he or she was a student in Washington, the student is eligible for the college bound scholarship program;

(b) Are dependent pursuant to chapter 13.34 RCW and:

(i) In grade seven through twelve; or

(ii) Are between the ages of eighteen and twenty-one and have not graduated from high school; or

(c) Were dependent pursuant to chapter 13.34 RCW and were adopted between the ages of fourteen and eighteen with a negotiated adoption agreement that includes continued eligibility for the Washington state college bound scholarship program pursuant to RCW 74.13A.025.

(2) Eligible students and the students' parents or guardians shall be notified of the student's eligibility for the Washington college bound scholarship program (~~(beginning in the student's seventh grade year)~~). Students and the students' parents or guardians shall also be notified of the requirements for award of the scholarship.

(3)(a) To be eligible for a Washington college bound scholarship, a student eligible under subsection (1)(a)(i) of this section must sign a pledge during seventh or eighth grade (~~(that includes)~~) or a student eligible under subsection (1)(a)(ii) of this section must sign a pledge during ninth grade. The pledge must include a commitment to graduate from high school with at least a C average and with no felony convictions. The pledge must be witnessed by a parent or guardian and forwarded to the office of student financial assistance by mail or electronically, as indicated on the pledge form.

(b)(i) Beginning in the 2018-19 academic year, the office of student financial assistance shall make multiple attempts to secure the signature of the student's parent or guardian for the purpose of witnessing the pledge.

(ii) If the signature of the student's parent or guardian is not obtained, the office of student financial assistance may partner with the school counselor or administrator to secure the parent's or guardian's signature to witness the pledge. The school counselor or administrator shall make multiple attempts via all phone numbers, email addresses, and mailing addresses on record to secure the parent's or guardian's signature. All attempts to contact the parent or guardian must be documented and maintained in the student's official file.

(iii) If a parent's or guardian's signature is still not obtained, the school counselor or administrator shall indicate to the office of student financial assistance the nature of the unsuccessful efforts to contact the student's parent or guardian and the reasons the signature is not available. Then the school counselor or administrator may witness the pledge unless the parent or guardian has indicated that he or she does not wish for the student to participate in the program.

(c) A student eligible under subsection (1)(b) of this section shall be automatically enrolled, with no action necessary by the student or the student's family, and the enrollment form must be forwarded by the department of social and health services to the office of student financial assistance by mail or electronically, as indicated on the form.

(4)(a) Scholarships shall be awarded to eligible students graduating from public high schools, approved private high schools under chapter 28A.195 RCW, or who received home-based instruction under chapter 28A.200 RCW.

(b)(i) To receive the Washington college bound scholarship, a student must graduate with at least a "C" average from a public high school or an approved private high school under chapter 28A.195 RCW in Washington or have received home-based instruction under chapter 28A.200 RCW, must have no felony convictions, and must be a resident student as defined in RCW 28B.15.012(2) (a) through (e). A student who is eligible to receive the Washington college bound scholarship because the student is a resident student under RCW 28B.15.012(2)(e) must provide the institution, as defined in RCW 28B.15.012, an affidavit indicating that the individual will file an application to become a permanent resident at the earliest opportunity the individual is eligible to do so and a willingness to engage in any other activities necessary to acquire citizenship, including but not limited to citizenship or civics review courses.

(ii) For eligible children as defined in subsection (1)(b) and (c) of this section, to receive the Washington college bound scholarship, a student must have received a high school equivalency certificate as provided in RCW 28B.50.536 or have graduated with at least a "C" average from a public high school or an approved private high school under chapter 28A.195 RCW in Washington or have received home-based instruction under chapter 28A.200 RCW, must have no felony convictions, and must be a

resident student as defined in RCW 28B.15.012(2) (a) through (e).

For a student who does not meet the "C" average requirement, and who completes fewer than two quarters in the running start program, under chapter 28A.600 RCW, the student's first quarter of running start course grades must be excluded from the student's overall grade point average for purposes of determining their eligibility to receive the scholarship.

(5) A student's family income will be assessed upon graduation before awarding the scholarship. ~~((6))~~ If at graduation from high school the student's family income does not exceed sixty-five percent of the state median family income, scholarship award amounts shall be as provided in this section.

~~(6)~~(a) For students attending two or four-year institutions of higher education as defined in RCW 28B.10.016, the value of the award shall be (i) the difference between the student's tuition and required fees, less the value of any state-funded grant, scholarship, or waiver assistance the student receives; (ii) plus five hundred dollars for books and materials.

(b) For students attending private four-year institutions of higher education in Washington, the award amount shall be the representative average of awards granted to students in public research universities in Washington or the representative average of awards granted to students in public research universities in Washington in the 2014-15 academic year, whichever is greater.

(c) For students attending private vocational schools in Washington, the award amount shall be the representative average of awards granted to students in public community and technical colleges in Washington or the representative average of awards granted to students in public community and technical colleges in Washington in the 2014-15 academic year, whichever is greater.

(7) Recipients may receive no more than four full-time years' worth of scholarship awards.

(8) Institutions of higher education shall award the student all need-based and merit-based financial aid for which the student would otherwise qualify. The Washington college bound scholarship is intended to replace unmet need, loans, and, at the student's option, work-study award before any other grants or scholarships are reduced.

(9) The first scholarships shall be awarded to students graduating in 2012.

(10) The state of Washington retains legal ownership of tuition units awarded as scholarships under this chapter until the tuition units are redeemed. These tuition units shall remain separately held from any tuition units owned under chapter 28B.95 RCW by a Washington college bound scholarship recipient.

(11) The scholarship award must be used within five years of receipt. Any unused scholarship tuition units revert to the Washington college bound scholarship account.

(12) Should the recipient terminate his or her enrollment for any reason during the academic year, the unused portion of the scholarship tuition units shall revert to the Washington college bound scholarship account.

**Sec. 2.** RCW 28B.118.040 and 2018 c 12 s 2 are each amended to read as follows:

The office of student financial assistance shall:

(1) With the assistance of the office of the superintendent of public instruction, implement and administer the Washington college bound scholarship program;

(3) Develop and implement a student application, selection, and notification process for scholarships, which includes working with other state agencies, law enforcement, or the court system to verify that eligible students do not have felony convictions;

(4) Annually in March, with the assistance of the office of the superintendent of public instruction, distribute to tenth grade college bound scholarship students and their families: (a) Notification that, to qualify for the scholarship, a student's family income may not exceed sixty-five percent of the state median family income at graduation from high school; (b) the current year's value for sixty-five percent of the state median family income; and (c) a statement that a student should consult their school counselor if their family makes, or is projected to make, more than this value before the student graduates;

(5) Develop comprehensive social media outreach with grade-level specific information designed to keep students on track to graduate and leverage current tools such as the high school and beyond plan required by the state board of education and the ready set grad web site maintained by the student achievement council;

(6) Track scholarship recipients to ensure continued eligibility and determine student compliance for awarding of scholarships;

(10) Distribute scholarship funds, in the form of tuition units purchased under the advanced college tuition

payment program in chapter 28B.95 RCW or through direct payments from the state educational trust fund, to institutions of higher education on behalf of scholarship recipients identified by the office, as long as recipients maintain satisfactory academic progress.

**Sec. 3.** RCW 28B.118.090 and 2015 c 244 s 6 are each amended to read as follows:

(1) Beginning January 1, 2015, and at a minimum every year thereafter, the student achievement council and all institutions of higher education eligible to participate in the college bound scholarship program shall ensure data needed to analyze and evaluate the effectiveness of the college bound scholarship program is promptly transmitted to the education data center created in RCW 43.41.400 so that it is available and easily accessible. The data to be reported should include but not be limited to:

(a) The number of students who sign up for the college bound scholarship program in seventh ~~((6<sup>th</sup>))~~, eighth, or ninth grade;

(b) The number of college bound scholarship students who graduate from high school;

(c) The number of college bound scholarship students who enroll in postsecondary education;

(d) Persistence and completion rates of college bound scholarship recipients disaggregated by institutions of higher education;

(e) College bound scholarship recipient grade point averages;

(g) College bound scholarship program costs; and

(h) Impacts to the state need grant program.

(2) Beginning May 12, 2015, and at a minimum every December 1st thereafter, the student achievement council shall submit student unit record data for the college bound scholarship program applicants and recipients to the education data center.

**Sec. 4.** RCW 28B.92.060 and 2012 c 229 s 558 are each amended to read as follows:

In awarding need grants, the office shall proceed substantially as follows: PROVIDED, That nothing contained herein shall be construed to prevent the office, in the exercise of its sound discretion, from following another procedure when the best interest of the program so dictates:

(1) The office shall annually select the financial aid award recipients from among Washington residents applying for student financial aid who have been ranked according to:

(a) College bound scholarship eligibility. Eligible students as defined in RCW 28B.118.010 who meet the

requirements in RCW 28B.118.010(4)(b)(i) for the college bound scholarship may not be denied state need grant funding due to institutional policies or delayed awarding of college bound scholarship students. College bound scholarship eligible students whose family income exceeds sixty-five percent of the state median family income, but who are eligible for the state need grant, shall be prioritized and awarded the maximum state need grant for which the student is eligible;

(b) Financial need as determined by the amount of the family contribution; and

~~((b))~~ (c) Other considerations, such as whether the student is a former foster youth, or is a placebound student who has completed an associate of arts or associate of science degree or its equivalent.

(2) The financial need of the highest ranked students shall be met by grants depending upon the evaluation of financial need until the total allocation has been disbursed. Funds from grants which are declined, forfeited or otherwise unused shall be reawarded until disbursed, except that eligible former foster youth shall be assured receipt of a grant. The office, in consultation with four-year institutions of higher education, the council, and the state board for community and technical colleges, shall develop award criteria and methods of disbursement based on level of need, and not solely rely on a first-come, first-served basis.

(3) A student shall be eligible to receive a state need grant for up to five years, or the credit or clock hour equivalent of five years, or up to one hundred twenty-five percent of the published length of time of the student's program. A student may not start a new associate degree program as a state need grant recipient until at least five years have elapsed since earning an associate degree as a need grant recipient, except that a student may earn two associate degrees concurrently. Qualifications for renewal will include maintaining satisfactory academic progress toward completion of an eligible program as determined by the office. Should the recipient terminate his or her enrollment for any reason during the academic year, the unused portion of the grant shall be returned to the state educational grant fund by the institution according to the institution's own policy for issuing refunds, except as provided in RCW 28B.92.070.

(4) In computing financial need, the office shall determine a maximum student expense budget allowance, not to exceed an amount equal to the total maximum student expense budget at the public institutions plus the current average state appropriation per student for operating expense in the public institutions. Any child support payments received by students who are parents attending less than half-time shall not be used in computing financial need.

(5)(a) A student who is enrolled in three to six credit-bearing quarter credits, or the equivalent semester credits, may receive a grant for up to one academic year before beginning a program that leads to a degree or certificate.

(b) An eligible student enrolled on a less-than-full-time basis shall receive a prorated portion of his or her state need grant for any academic period in which he or she is

enrolled on a less-than-full-time basis, as long as funds are available.

(c) An institution of higher education may award a state need grant to an eligible student enrolled in three to six credit-bearing quarter credits, or the semester equivalent, on a provisional basis if:

(i) The student has not previously received a state need grant from that institution;

(ii) The student completes the required free application for federal student aid;

(iii) The institution has reviewed the student's financial condition, and the financial condition of the student's family if the student is a dependent student, and has determined that the student is likely eligible for a state need grant; and

(iv) The student has signed a document attesting to the fact that the financial information provided on the free application for federal student aid and any additional financial information provided directly to the institution is accurate and complete, and that the student agrees to repay the institution for the grant amount if the student submitted false or incomplete information.

(6) As used in this section, "former foster youth" means a person who is at least eighteen years of age, but not more than twenty-four years of age, who was a dependent of the department of social and health services at the time he or she attained the age of eighteen.

Whenever traffic is controlled by traffic control signals exhibiting different colored lights, or colored lighted arrows, successively one at a time or in combination, only the colors green, red and yellow shall be used, except for special pedestrian signals carrying a word or legend, and said lights shall indicate and apply to drivers of vehicles (~~and~~), pedestrians, and personal delivery devices, as follows:

(1) Green indication

(a) Vehicle operators facing a circular green signal may proceed straight through or turn right or left unless a sign at such place prohibits either such turn. Vehicle operators turning right or left shall stop to allow other vehicles lawfully within the intersection control area to complete their movements. Vehicle operators turning right or left shall also stop for pedestrians who or personal delivery devices that are lawfully within the intersection control area as required by RCW 46.61.235(1).

(b) Vehicle operators facing a green arrow signal, shown alone or in combination with another indication, may enter the intersection control area only to make the movement indicated by such arrow, or such other movement as is permitted by other indications shown at the same time. Vehicle operators shall stop to allow other vehicles lawfully within the intersection control area to complete their movements. Vehicle operators shall also stop for pedestrians who or personal delivery devices that are lawfully within the intersection control area as required by RCW 46.61.235(1).

(c) Unless otherwise directed by a pedestrian control signal, as provided in RCW 46.61.060 as now or hereafter amended, pedestrians or personal delivery devices facing any green signal, except when the sole green signal is a turn arrow, may proceed across the roadway within any marked or unmarked crosswalk.

(2) Steady yellow indication

(a) Vehicle operators facing a steady circular yellow or yellow arrow signal are thereby warned that the related green movement is being terminated or that a red indication will be exhibited immediately thereafter when vehicular traffic shall not enter the intersection. Vehicle operators shall stop for pedestrians who or personal delivery devices that are lawfully within the intersection control area as required by RCW 46.61.235(1).

(b) Pedestrians or personal delivery devices facing a steady circular yellow or yellow arrow signal, unless otherwise directed by a pedestrian control signal as provided in RCW 46.61.060 shall not enter the roadway.

(3) Steady red indication

(a) Vehicle operators facing a steady circular red signal alone shall stop at a clearly marked stop line, but if none, before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection control area and shall remain standing until an indication to proceed is shown. However, the vehicle operators facing a steady circular red signal may, after stopping proceed to make a right turn from a one-way or two-way street into a two-way street or into a one-way street carrying traffic in the direction of the right turn; or a left turn from a one-way or two-way street into a one-way street carrying traffic in the direction of the left turn; unless a sign posted by competent authority prohibits such movement. Vehicle operators planning to make such turns shall remain stopped to allow other vehicles lawfully within or approaching the intersection control area to complete their movements. Vehicle operators planning to make such turns shall also remain stopped for pedestrians who or personal delivery devices that are lawfully within the intersection control area as required by RCW 46.61.235(1).

(b) Unless otherwise directed by a pedestrian control signal as provided in RCW 46.61.060 as now or hereafter amended, pedestrians or personal delivery devices facing a steady circular red signal alone shall not enter the roadway.

(c) Vehicle operators facing a steady red arrow indication may not enter the intersection control area to make the movement indicated by such arrow, and unless entering the intersection control area to make such other movement as is permitted by other indications shown at the same time, shall stop at a clearly marked stop line, but if none, before entering a crosswalk on the near side of the intersection control area, or if none, then before entering the intersection control area and shall remain standing until an indication to make the movement indicated by such arrow is shown. However, the vehicle operators facing a steady red arrow indication may, after stopping proceed to make a right turn from a one-way or two-way street into a two-way street or into a one-way street carrying traffic in the direction of the right turn; or a left turn from a one-way street or two-way street into a one-way street carrying traffic in the direction of the left turn; unless a sign posted by competent authority prohibits such movement. Vehicle operators planning to make such turns shall remain stopped to allow other vehicles lawfully within or approaching the intersection control area to complete their movements. Vehicle operators planning to make such turns shall also remain stopped for pedestrians

who or personal delivery devices that are lawfully within the intersection control area as required by RCW 46.61.235(1).

(d) Unless otherwise directed by a pedestrian signal, pedestrians or personal delivery devices facing a steady red arrow signal indication shall not enter the roadway.

(4) If an official traffic control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal.

**Sec. 11.** RCW 46.61.060 and 1993 c 153 s 3 are each amended to read as follows:

Whenever pedestrian control signals exhibiting the words "Walk" or the walking person symbol or "Don't Walk" or the hand symbol are operating, the signals shall indicate as follows:

Vehicle operators shall stop for pedestrians who or personal delivery devices that have begun to cross the roadway before the display of either signal as required by RCW 46.61.235(1).

(3) Pedestrian control signals having the "Wait" legend in use on August 6, 1965, shall be deemed authorized signals and shall indicate the same as the "Don't Walk" legend. Whenever such pedestrian control signals are replaced the legend "Wait" shall be replaced by the legend "Don't Walk" or the hand symbol.

**Sec. 12.** RCW 46.61.235 and 2010 c 242 s 1 are each amended to read as follows:

(1) The operator of an approaching vehicle shall stop and remain stopped to allow a pedestrian ~~((or))~~, bicycle, or personal delivery device to cross the roadway within an unmarked or marked crosswalk when the pedestrian ~~((or))~~, bicycle, or personal delivery device is upon or within one lane of the half of the roadway upon which the vehicle is traveling or onto which it is turning. For purposes of this section "half of the roadway" means all traffic lanes carrying traffic in one direction of travel, and includes the entire width of a one-way roadway.

(2) No pedestrian ~~((or))~~, bicycle, or personal delivery device shall suddenly leave a curb or other place of safety and walk, run, or otherwise move into the path of a vehicle which is so close that it is impossible for the driver to stop.

(3) Subsection (1) of this section does not apply under the conditions stated in RCW 46.61.240(2).

(4) Whenever any vehicle is stopped at a marked crosswalk or at any unmarked crosswalk at an intersection to permit a pedestrian ~~((or))~~, bicycle, or personal delivery device to cross the roadway, the driver of any other vehicle approaching from the rear shall not overtake and pass such stopped vehicle.

(5)(a) If a person is found to have committed an infraction under this section within a school, playground, or crosswalk speed zone created under RCW 46.61.440, the person must be assessed a monetary penalty equal to twice the penalty assessed under RCW 46.63.110. The penalty may not be waived, reduced, or suspended.

(b) Fifty percent of the moneys collected under this subsection must be deposited into the school zone safety account.

(1) Every pedestrian or personal delivery device crossing a roadway at any point other than within a marked crosswalk or within an unmarked crosswalk at an intersection shall yield the right-of-way to all vehicles upon the roadway.

(2) Where curb ramps exist at or adjacent to intersections or at marked crosswalks in other locations, ~~((disabled))~~ persons with disabilities or personal delivery devices may enter the roadway from the curb ramps and cross the roadway within or as closely as practicable to the crosswalk. All other pedestrian rights and duties as defined elsewhere in this chapter remain applicable.

(3) Any pedestrian crossing a roadway at a point where a pedestrian tunnel or overhead pedestrian crossing has been provided shall yield the right-of-way to all vehicles upon the roadway.

(4) Between adjacent intersections at which traffic-control signals are in operation pedestrians shall not cross at any place except in a marked crosswalk.

(5) No pedestrian or personal delivery device shall cross a roadway intersection diagonally unless authorized by official traffic-control devices; and, when authorized to cross diagonally, pedestrians and personal delivery devices shall cross only in accordance with the official traffic-control devices pertaining to such crossing movements.

(6) No pedestrian or personal delivery device shall cross a roadway at an unmarked crosswalk where an official sign prohibits such crossing.

**Sec. 14.** RCW 46.61.250 and 1990 c 241 s 6 are each amended to read as follows:

(1) Where sidewalks are provided it is unlawful for any pedestrian to walk or otherwise move along and upon an adjacent roadway. Where sidewalks are provided but

wheelchair access is not available, (~~(disabled)~~) persons with disabilities who require such access may walk or otherwise move along and upon an adjacent roadway until they reach an access point in the sidewalk.

(2) Where sidewalks are not provided, any pedestrian walking or otherwise moving along and upon a highway, and any personal delivery device moving along and upon a highway, shall, when practicable, walk or move only on the left side of the roadway or its shoulder facing traffic which may approach from the opposite direction and upon meeting an oncoming vehicle shall move clear of the roadway.

The rider of a bicycle shall yield the right-of-way to a pedestrian on a sidewalk or crosswalk. A personal delivery device must yield the right-of-way to a pedestrian or a bicycle on a sidewalk or crosswalk.

(2)(a) If a person is found to have committed an infraction under this section within a school, playground, or crosswalk speed zone created under RCW 46.61.440, the person must be assessed a monetary penalty equal to twice the penalty assessed under RCW 46.63.110. The penalty may not be waived, reduced, or suspended.

(b) Fifty percent of the moneys collected under this subsection must be deposited into the school zone safety account.

State agencies or local jurisdictions may regulate the use of class 3 electric-assisted bicycles on facilities and properties under their jurisdiction and control. Local regulation of the operation of class 3 electric-assisted bicycles, upon a shared use path designated for the use of bicycles that crosses jurisdictional boundaries of two or more local jurisdictions, must be consistent for the entire shared use path in order for the local regulation to be enforceable; however, this does not apply to local regulations of a shared use path in effect as of January 1, 2018.

(9) Except as otherwise provided in this section, an individual shall not operate an electric-assisted bicycle on a trail that is specifically designated as nonmotorized and that has a natural surface tread that is made by clearing and grading the native soil with no added surfacing materials. A local authority or agency of this state having jurisdiction over a trail described in this subsection may allow the operation of an electric-assisted bicycle on that trail.

(10) Subsections (1) and (4) of this section do not apply to motorized foot scooters. Subsection (2) of this section applies to motorized foot scooters when the bicycle path, trail, bikeway, equestrian trail, or hiking or recreational trail was built or is maintained with federal highway transportation funds. Additionally, any new trail or bicycle path or readily identifiable existing trail or bicycle path not built or maintained with federal highway transportation funds may be used by persons operating motorized foot scooters only when appropriately signed.

(11) A person operating an electric personal assistive mobility device (EPAMD) shall obey all speed limits and shall yield the right-of-way to pedestrians and human-powered devices at all times. An operator must also give an audible signal before overtaking and passing a pedestrian. Except for the limitations of this subsection, persons operating an EPAMD have all the rights and duties of a pedestrian.

(12) The use of an EPAMD may be regulated in the following circumstances:

(a) A municipality and the department of transportation may prohibit the operation of an EPAMD on public highways within their respective jurisdictions where the speed limit is greater than twenty-five miles per hour;

(b) A municipality may restrict the speed of an EPAMD in locations with congested pedestrian or nonmotorized traffic and where there is significant speed differential between pedestrians or nonmotorized traffic and

EPAMD operators. The areas in this subsection must be designated by the city engineer or designee of the municipality. Municipalities shall not restrict the speed of an EPAMD in the entire community or in areas in which there is infrequent pedestrian traffic;

(c) A state agency or local government may regulate the operation of an EPAMD within the boundaries of any area used for recreation, open space, habitat, trails, or conservation purposes.

#### MESSAGE FROM THE SENATE

April 12, 2019

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1344 with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds that child care is a sector that is critical to the vitality and economic security of our state and communities and families, and that families in Washington face significant barriers to accessing and affording high quality child care. The legislature finds that Washington's committed caregivers and state investments and advancements in our quality rating and improvement system ensure that quality, culturally relevant child care supports children's healthy development and prepares them for success in school and in life. The legislature recognizes that provider diversity and cultural relevance are fundamental components of quality, and that parent choice is a priority throughout the state's early learning system.

(2) The legislature finds that the cost of quality child care is unaffordable for many families and state support is needed to ensure that all children and families in Washington can access safe, enriching child care.

(3) The legislature recognizes that expanding access to quality child care requires preparing the market of child care providers to meet existing and expanded demand. The legislature finds that the market of child care providers is shrinking, that child care deserts are expanding, and that fewer providers are offering services to working connections child care subsidy recipients. The legislature additionally

finds that child care providers are unable to recruit and retain a qualified workforce; that wages in the industry remain among the lowest of all professions, at or near minimum wage; and that the relationship between a child and a qualified caregiver is of paramount importance to parents and, according to a rapidly accumulating body of brain science, is foundational to supporting healthy development.

(4) Further, while the system awaits systemic change, the legislature finds that steps must be taken to begin to preserve and expand access to child care for child care subsidy recipients, stabilize the child care industry, and reduce turnover in the workforce.

(5) Therefore, the legislature intends to promote high quality child care from diverse providers that is accessible and affordable to all families of Washington's children ages birth to twelve.

NEW SECTION. Sec. 2. A new section is added to chapter 43.330 RCW to read as follows:

(1)(a) The department shall enter into one or more contracts for the development of a regional assessment of the child care industry in Washington in order to better understand issues affecting child care access and affordability for families. The department shall collaborate with the office of innovation, alignment, and accountability within the department of children, youth, and families to ensure efficient use of available data and rigorous research methods and to assist with interpretation of data and report preparation.

(b) The department shall conduct one or more competitive solicitations in accordance with chapter 39.26 RCW to select a third-party entity or entities to conduct the industry assessment in partnership with a statewide organization representing parents. The third-party entity or entities selected by the department through the competitive process must have experience in national industry assessment and expertise in conducting facilities' needs assessments. The statewide organization representing parents must have experience conducting parent listening tours.

(c) The department may use a combination of private and public resources to support activities related to the child care industry assessment conducted under this section.

(2) The industry assessment must be submitted to the appropriate policy and fiscal committees of the legislature, the governor, and the members of the child care collaborative task force established in chapter 91, Laws of 2018 by July 1, 2020. The assessment may be developed using existing reports, studies, models, and analysis related to child care affordability and access. The assessment must, at a minimum:

The data must, to the extent possible, include a breakdown by provider type of the:

(ii) Number of children receiving exclusively private pay care;

(iii) Number of providers who are accepting state subsidy and, for providers who are not accepting subsidy, reasons why not;

(iv) Demographics of children served, including age, race, rates of developmental delays or disability, family income, home language, and population group trends. Demographic information must include military, homeless, and tribal families; and

(v) Demographics of providers, including age, race, family income, home language, number of years providing care, education levels, utilization rates of state assistance, and the number of times a provider has changed locations;

(b) Define and describe the characteristics of the informal child care market, including estimates of the children served in this market by age group;

(c) Identify family child care choices by family income bracket;

(d) Include a visual representation of child care supply and demand by region that identifies areas with the highest need related to child care accessibility and affordability;

(e) Identify trends in the relationship between private pay rates and subsidy rates for child care providers;

(f) Include, to the extent possible, an analysis of the industry's quantitative or qualitative contribution to the state's economy, including:

(i) Employment and wage information for self-employed licensed child care providers and the employees of licensed child care providers, including information about providers accessing public assistance;

(ii) Workforce pipeline data for early learning professions;

(iii) The estimated costs to the state economy of child care inaccessibility, including lost economic activity and reduced tax revenue; and

(iv) Direct and indirect effects on labor participation, workplace productivity, and household earnings of working parents who use child care. The analysis must include information related to the workplace productivity of workers using employer-supported child care; and

(g) Include a facilities needs assessment to determine the type and number of child care facilities necessary to address unmet capacity needs for high quality child care programs such as the early childhood education and assistance program, headstart, working connections child care, and early head start. (2) The survey must, at a minimum:

(a) Identify the number of children age twelve and under of state employees who are receiving care from child care or early learning providers. The survey must allow employees to differentiate, to the extent possible, the type of child care or early learning provider serving the family, including:

(i) Licensed and certified child care centers and family homes;

(ii) License-exempt providers who care for children for four hours or less per day;

(iii) Family, friend, and neighbor caregivers;

The requirements and powers of a district relating to the formation, assessment, collection, foreclosure, and other powers of a special assessment district are as set forth in chapters 35.43, 35.44, 35.49, and 35.50 RCW, except where otherwise addressed under this chapter. In any case where the provisions of this chapter conflict with the requirements under any other chapter that applies to the formation, assessment, collection, foreclosure, or other powers of a special assessment district, the provisions of this chapter control.

(2) Except as otherwise expressly provided under this chapter, the special assessments imposed and collected on property within a district may not exceed the amount set forth in a petition or amended petition approved in accordance with this chapter.

(3) The term of the special assessment is limited to the lesser of (a) ~~((twenty-eight))~~ thirty-five years or (b) ~~((two years less than))~~ the full term of any bonds issued by or on behalf of the district to which the assessments or other revenue of the district is specifically dedicated, pledged, or obligated.

(4) The computation of special assessments must follow the requirements of chapter 35.44 RCW, including the authority to use any method or combination of methods to compute assessments which may be deemed by the board of supervisors to fairly reflect the benefit to the properties being assessed. The method of assessment may utilize the supplemental authority granted under chapter 35.51 RCW. A petition meeting the requirements of RCW 36.145.020 may provide for the reduction or waiver of special

assessments for low-income households as that term is defined in RCW 36.130.010.

(5) The board must set a date, time, and place for hearing any objections to the assessment roll, which hearing must occur no later than one hundred twenty days from final approval of formation of the district. Petitioners or representatives thereof serving on the board of supervisors must not participate in the determination of the special assessment roll or vote on the confirmation of that assessment roll. The restriction in this subsection does not apply to members of the board of supervisors appointed from among the qualified professionals that petitioners may nominate under RCW 36.145.020(1)(h).

(6) The procedures and requirements for assessments, hearings on the assessment roll, filing of objections to the assessment roll, and appeals from the decision of the board approving or rejecting the assessment roll, must be as set forth in RCW 35.44.010 through 35.44.020, 35.44.080 through 35.44.110, and 35.44.190 through 35.44.270.

(7) At the hearing on the assessment roll, and ~~((;))~~ in no event later than thirty days after the day of the hearing, the board may adopt a resolution approving the assessment roll or may correct, revise, raise, lower, change, or modify the assessment roll or any part thereof, and provide the petitioner with a detailed explanation of the changes made by the board.

(8) If the assessment roll is revised by the board in any way, then, within thirty days of the board's decision, the petitioner(s) must unanimously make one of the following elections: (a) Rescind the petition; or (b) accept the changes made by the board, upon which occurrence the board must adopt a resolution approving the assessment roll as modified by the board.

(9) Reassessments, assessments on omitted property, and supplemental assessments are governed by the provisions set forth under chapter 35.44 RCW.

(10) Any assessment approved under the provisions of this chapter may be segregated upon a petition of one hundred percent of the owners of the property subject to the assessment to be segregated. The segregation must be made as nearly as possible on the same basis as the original assessment was levied and approved by the board. The board, in approving a petition for segregation and amendment of the assessment roll, must do so in a fashion such that the total of the segregated parts of the assessment equal the assessment before segregation. As to any property originally entered upon the roll the assessment upon which has not been raised, no objections to the approval of the petition for segregation, the resulting assessment, or the amended assessment roll may be considered by the jurisdiction in which the district is located, the board, or by any court on appeal. Assessments must be collected in districts pursuant to the district's previous assessment roll until the amendment to the assessment roll is finalized under this section.

(11) Except as provided under chapter 35.44 RCW, assessments may not be increased without the approval of

one hundred percent of the property owners subject to the proposed increase.

(12) Special assessments must be collected by the district treasurer determined in accordance with RCW 36.145.140.

(13) A notice of any special assessment imposed under this chapter must be provided to the owner of the assessed property, not less than once per year, with the following appearing at the top of the page in at least fourteen point, bold font:

\*\*\*\*NOTICE\*\*\*\*

**THIS PROPERTY IS SUBJECT TO THE ASSESSMENTS ITEMIZED BELOW AND APPROVED BY COMMUNITY FACILITIES DISTRICT #..... AS THE OWNER OR POTENTIAL BUYER OF THIS PROPERTY, YOU ARE, OR WOULD BE, RESPONSIBLE FOR PAYMENT OF THE AMOUNTS ITEMIZED BELOW.**

**PLEASE REFER TO RCW 36.145.110 OR CONTACT YOUR COUNTY AUDITOR FOR ADDITIONAL INFORMATION.**

(14) The district treasurer responsible for collecting special assessments may account for the costs of handling the assessments and may collect a fee not to exceed the measurable costs incurred by the treasurer.

NEW SECTION. Sec. 2. A new section is added to chapter 43.21C RCW to read as follows:

The formation of a community facilities district under chapter 36.145 RCW is exempted from compliance with this chapter, unless such formation constitutes a final agency decision to undertake construction of a structure or facility not otherwise exempt under state law or rule."

On page 1, line 2 of the title, after "districts;" strike the remainder of the title and insert "amending RCW 36.145.110; and adding a new section to chapter 43.21C RCW."

and the same is herewith transmitted.

#### MESSAGE FROM THE SENATE

April 13, 2019

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1391 with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds that a commitment to early learning quality was established through the passage of the early start act and creation of the early achievers program. The legislature recognizes that achieving the desired child outcomes from high quality early learning and child care requires additional financial support, including the payment of living wages to providers, and that the success of the early achievers system must continue to be supported through adequate funding. Further, the legislature finds that the federal administration of children and families advises states to set child care subsidy rates at the seventy-fifth percentile of private market rates in order to ensure equal access to high quality child care. The legislature further finds that objectives of the early achievers program include providing professional development and robust training and coaching opportunities that are available in geographically diverse areas to child care and early education providers who are often small business owners and as such play a critical role in our state's economy.

(2) The legislature further finds that the department of children, youth, and families has undertaken efforts to identify professional equivalencies for early learning providers that recognize the commitment and years of experience that much of the workforce demonstrates.

(3) Therefore, as recommended by the joint select committee on the early achievers program, the legislature intends to work toward raising base subsidy rates for licensed child care centers and family homes and further incentivize the provision of care for infants and toddlers by considering rates for providers serving these young children. Further, the legislature intends to look to increase needs-based grants, scholarships, and professional development assistance, as well as reduce early achievers coaching ratios, in order to support providers in continuous improvement. The legislature further intends to support the work of the department of children, youth, and families' professional equivalencies committee and the department's development of the proficiency review process.

**Sec. 2.** RCW 43.216.085 and 2017 3rd sp.s. c 6 s 113 are each amended to read as follows:

(1) The department, in collaboration with tribal governments and community and statewide partners, shall implement a quality rating and improvement system, called the early achievers program. The early achievers program provides a foundation of quality for the early care and education system. The early achievers program is applicable to licensed or certified child care centers and homes and early learning programs such as working connections child care and early childhood education and assistance programs.

(2) The objectives of the early achievers program are to:

(a) Improve short-term and long-term educational outcomes for children as measured by assessments including, but not limited to, the Washington kindergarten inventory of developing skills in RCW 28A.655.080;

(b) Give parents clear and easily accessible information about the quality of child care and early education programs;

(c) Support improvement in early learning and child care programs throughout the state;

(d) Increase the readiness of children for school;

(e) Close the disparities in access to quality care;

(f) Provide professional development and coaching opportunities to early child care and education providers; and

(g) Establish a common set of expectations and standards that define, measure, and improve the quality of early learning and child care settings.

(3)(a) Licensed or certified child care centers and homes serving nonschool-age children and receiving state subsidy payments must participate in the early achievers program by the required deadlines established in RCW 43.216.135.

(b) Approved early childhood education and assistance program providers receiving state-funded support must participate in the early achievers program by the required deadlines established in RCW 43.216.515.

(c) Participation in the early achievers program is voluntary for:

(i) Licensed or certified child care centers and homes not receiving state subsidy payments; and

(ii) Early learning programs not receiving state funds.

(d) School-age child care providers are exempt from participating in the early achievers program. By July 1, 2017, the department and the office of the superintendent of public instruction shall jointly design a plan to incorporate school-age child care providers into the early achievers program or other appropriate quality improvement system. To test implementation of the early achievers system for school-age child care providers the department and the office of the superintendent of public instruction shall implement a pilot program.

(4)(a) There are five primary levels in the early achievers program.

(b) In addition to the primary levels, the department must establish an intermediate level that is between level 3 and level 4 and serves to assist participants in transitioning to level 4.

(c) Participants are expected to actively engage and continually advance within the program.

(5) The department has the authority to determine the rating cycle for the early achievers program. The department shall streamline and eliminate duplication

between early achievers standards and state child care rules in order to reduce costs associated with the early achievers rating cycle and child care licensing.

(a) Early achievers program participants may request to be rated at any time after the completion of all level 2 activities.

(b) The department shall provide an early achievers program participant an update on the participant's progress toward completing level 2 activities after the participant has been enrolled in the early achievers program for fifteen months.

(c) The first rating is free for early achievers program participants.

(d) Each subsequent rating within the established rating cycle is free for early achievers program participants.

(6)(a) Early achievers program participants may request to be rerated outside the established rating cycle. A rerating shall reset the rating cycle timeline for participants.

(b) The department may charge a fee for optional rerating requests made by program participants that are outside the established rating cycle.

(c) Fees charged are based on, but may not exceed, the cost to the department for activities associated with the early achievers program.

(7)(a) The department must create a single source of information for parents and caregivers to access details on a provider's early achievers program rating level, licensing history, and other indicators of quality and safety that will help parents and caregivers make informed choices. The licensing history that the department must provide for parents and caregivers pursuant to this subsection shall only include license suspension, surrender, revocation, denial, stayed suspension, or reinstatement. No unfounded child abuse or neglect reports may be provided to parents and caregivers pursuant to this subsection.

(b) The department shall publish to the department's web site, or offer a link on its web site to, the following information:

(i) ~~((By November 1, 2015,))~~ Early achievers program rating levels 1 through 5 for all child care programs that receive state subsidy, early childhood education and assistance programs, and federal head start programs in Washington; and

(ii) New early achievers program ratings within thirty days after a program becomes licensed or certified, or receives a rating.

(c) The early achievers program rating levels shall be published in a manner that is easily accessible to parents and caregivers and takes into account the linguistic needs of parents and caregivers.

(d) The department must publish early achievers program rating levels for child care programs that do not receive state subsidy but have voluntarily joined the early achievers program.

(e) Early achievers program participants who have published rating levels on the department's web site or on a link on the department's web site may include a brief description of their program, contingent upon the review and approval by the department, as determined by established marketing standards.

(8)(a) The department shall create a professional development pathway for early achievers program participants to obtain a high school diploma or equivalency or higher education credential in early childhood education, early childhood studies, child development, or an academic field related to early care and education.

(b) The professional development pathway must include opportunities for scholarships and grants to assist early achievers program participants with the costs associated with obtaining an educational degree.

(c) The department shall address cultural and linguistic diversity when developing the professional development pathway.

(9) The early achievers quality improvement awards shall be reserved for participants offering programs to an enrollment population consisting of at least five percent of children receiving a state subsidy.

(10) In collaboration with tribal governments, community and statewide partners, and the early achievers review subcommittee created in RCW 43.216.075, the department shall develop a protocol for granting early achievers program participants an extension in meeting rating level requirement timelines outlined for the working connections child care program and the early childhood education and assistance program.

(a) The department may grant extensions only under exceptional circumstances, such as when early achievers program participants experience an unexpected life circumstance.

(b) Extensions shall not exceed six months, and early achievers program participants are only eligible for one extension in meeting rating level requirement timelines.

(c) Extensions may only be granted to early achievers program participants who have demonstrated engagement in the early achievers program.

(11)(a) The department shall accept national accreditation that meets the requirements of this subsection (11) as a qualification for the early achievers program ratings.

(b) Each national accreditation agency will be allowed to submit its most current standards of accreditation to establish potential credit earned in the early achievers program. The department shall grant credit to accreditation bodies that can demonstrate that their standards meet or exceed the current early achievers program standards. By December 1, 2019, and subject to the availability of amounts appropriated for this specific purpose, the department must submit a detailed plan to the governor and the legislature to implement a robust cross-accreditation process with multiple pathways that allows a provider to earn equivalent

early achievers credit resulting from accreditation by high quality national organizations.

(c) Licensed child care centers and child care home providers must meet national accreditation standards approved by the department for the early achievers program in order to be granted credit for the early achievers program standards. Eligibility for the early achievers program is not subject to bargaining, mediation, or interest arbitration under RCW 41.56.028, consistent with the legislative reservation of rights under RCW 41.56.028(4)(d).

(12) The department shall explore the use of alternative quality assessment tools that meet the culturally specific needs of the federally recognized tribes in the state of Washington.

(13) A child care or early learning program that is operated by a federally recognized tribe and receives state funds shall participate in the early achievers program. The tribe may choose to participate through an interlocal agreement between the tribe and the department. The interlocal agreement must reflect the government-to-government relationship between the state and the tribe, including recognition of tribal sovereignty. The interlocal agreement must provide that:

(a) Tribal child care facilities and early learning programs may volunteer, but are not required, to be licensed by the department;

(b) Tribal child care facilities and early learning programs are not required to have their early achievers program rating level published to the department's web site or through a link on the department's web site; and

(c) Tribal child care facilities and early learning programs must provide notification to parents or guardians who apply for or have been admitted into their program that early achievers program rating level information is available and provide the parents or guardians with the program's early achievers program rating level upon request.

(14) The department shall consult with the early achievers review subcommittee on all substantial policy changes to the early achievers program.

(15) Nothing in this section changes the department's responsibility to collectively bargain over mandatory subjects or limits the legislature's authority to make programmatic modifications to licensed child care and early learning programs under RCW 41.56.028(4)(d).

**Sec. 3.** RCW 43.216.515 and 2015 3rd sp.s. c 7 s 9 are each amended to read as follows:

(1) Approved early childhood education and assistance programs shall receive state-funded support through the department. Public or private organizations(;) including, but not limited to, school districts, educational service districts, community and technical colleges, local governments, or nonprofit organizations, are eligible to participate as providers of the state early childhood education and assistance program.

(2) Funds obtained by providers through voluntary grants or contributions from individuals, agencies, corporations, or organizations may be used to expand or enhance preschool programs so long as program standards established by the department are maintained.

(3) Persons applying to conduct the early childhood education and assistance program shall identify targeted groups and the number of children to be served, program components, the qualifications of instructional and special staff, the source and amount of grants or contributions from sources other than state funds, facilities and equipment support, and transportation and personal care arrangements.

~~(4) ((Existing early childhood education and assistance program providers must complete the following requirements to be eligible to receive state funded support under the early childhood education and assistance program:~~

~~(a) Enroll in the early achievers program by October 1, 2015;~~

~~(b) Rate at a level 4 or 5 in the early achievers program by March 1, 2016. If an early childhood education and assistance program provider rates below a level 4 by March 1, 2016, the provider must complete remedial activities with the department, and rate at a level 4 or 5 within six months of beginning remedial activities.~~

~~(5) Effective October 1, 2015,)~~ A new early childhood education and assistance program provider must complete the requirements in this subsection (~~((5))~~) to be eligible to receive state-funded support under the early childhood education and assistance program:

(a) Enroll in the early achievers program within thirty days of the start date of the early childhood education and assistance program contract;

(b)(i) Except as provided in (b)(ii) of this subsection, rate at a level 4 or 5 in the early achievers program within ~~((twelve))~~ twenty-four months of enrollment. If an early childhood education and assistance program provider rates below a level 4 within ~~((twelve))~~ twenty-four months of enrollment, the provider must complete remedial activities with the department, and rate at a level 4 or 5 within six months of beginning remedial activities.

(ii) Licensed or certified child care centers and homes that administer an early childhood education and assistance program shall rate at a level 4 or 5 in the early achievers program within ~~((eighteen))~~ twenty-four months of the start date of the early childhood education and assistance program contract. If an early childhood education and assistance program provider rates below a level 4 within ~~((eighteen))~~ twenty-four months, the provider must complete remedial activities with the department, and rate at a level 4 or 5 within six months of beginning remedial activities.

~~((6))~~ (5)(a) If an early childhood education and assistance program provider has successfully completed all of the required early achievers program activities and is waiting to be rated by the deadline provided in this section, the provider may continue to participate in the early achievers program as an approved early childhood education

and assistance program provider and receive state subsidy pending the successful completion of a level 4 or 5 rating.

(b) To avoid disruption, the department may allow for early childhood education and assistance program providers who have rated below a level 4 after completion of the six-month remedial period to continue to provide services until the current school year is finished.

(6)(a) When an early childhood education and assistance program in good standing changes classroom locations to a comparable or improved space within the same facility, a rerating is not required outside of the regular rerating and renewal cycle.

(b) When an early childhood education and assistance program in good standing moves to a new facility, the provider must notify the department of the move within six months of changing locations in order to retain their existing rating. The early achievers program must conduct an observational visit to ensure the new classroom space is of comparable or improved environmental quality. If a provider fails to notify the department within six months of a move, the early achievers rating must be changed from the posted rated level to "Participating, Not Yet Rated" and the provider will cease to receive tiered reimbursement incentives until a new rating is completed.

(7) The department shall collect data periodically to determine the demand for full-day programming for early childhood education and assistance program providers. The department shall analyze this demand by geographic region and shall include the findings in the annual report required under RCW ~~((43.215.102))~~ 43.216.089.

(ii) Whether or not increasing or decreasing the eligibility threshold for working connections child care would allow parents to grow professionally without losing affordable child care;

(iii) Whether further graduation of the copay scale would help alleviate the cliff that occurs at subsidy cutoff; and

(iv) Capping family child care expenses at seven percent of a family's income;

(b) Recommendations related to differential slot rates for the early childhood education and assistance program based on variable factors that may contribute to costs for providers when working to achieve positive child outcomes. When developing the recommendations, the department must:

#### MESSAGE FROM THE SENATE

April 10, 2019

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1428 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** 2000 c 213 s 1 (uncodified) is amended to read as follows:

(1) Consumer disclosure ensures that retail electric consumers purchasing electric energy receive basic information about the characteristics associated with their electric product in a form that facilitates consumer understanding of retail electric energy service and the development of new products responsive to consumer preferences.

(2) The legislature finds and declares that there is a need for reliable, accurate, and timely information regarding fuel source(s) that is consistently collected, for all electricity products offered for retail sale in Washington.

(3) The desirability and feasibility of such disclosure has been clearly established in nutrition labeling, uniform food pricing, truth-in-lending, and other consumer information programs.

(4) The legislature intends to establish a consumer disclosure standard under which retail suppliers in Washington disclose information on the fuel mix of the electricity products they sell. Fundamental to disclosure is a

label that promotes consistency in content and format, that is accurate, reliable, and simple to understand, and that allows verification of the accuracy of information reported.

(5) To ensure that consumer information is verifiable and accurate, certain characteristics of electricity generation must be tracked and compared with information provided to consumers.

(6) The legislature recognizes that the generation, transmission, and delivery of electricity occurs through a complex network of interconnected facilities and contractual arrangements. As a result, the legislature intends that the fuel characteristics disclosed under this chapter represent reasonable approximations that are suitable only for informational or disclosure purposes.

(7) The disclosures required by this chapter reflect the characteristics of electricity products offered by retail suppliers to customers. Nothing in this chapter prohibits a retail supplier from communicating to its customers, owners, taxpayers, or the general public information regarding its investment in or ownership of renewable or nonrenewable generating facilities, its production of electricity, or its wholesale market activities, as long as the information is provided separately from the electricity product content label.

**Sec. 2.** RCW 19.29A.010 and 2015 c 285 s 1 are each reenacted and amended to read as follows:

NEW SECTION. Sec. 5. (1) Each retail supplier must report to the department each year, based on actual and verified activity in the prior year, the following information on its sources and uses of electricity in Washington:

(a) Electricity delivered to retail electric customers;

(b) Purchases or receipts of electricity from declared resources used to serve retail electric customers, by generating facility and fuel type; and

(c) Purchases or receipts of electricity from unspecified sources used to serve retail electric customers.

(2) The following requirements and limitations apply to the reporting of declared resources:

(a) A retail supplier must report an electricity purchase or receipt as a declared resource if the retail supplier was the direct or indirect owner of the generating

facility or acquired the electricity in a transaction, supported by an auditable contract trail, in which the buyer and seller specified the source or set of sources of the electricity.

(b) A retail supplier may assign declared resources and unspecified resources to its retail service for purposes of this section using reasonable methods consistent with its business practices. A retail supplier must identify any change in method from the prior year in its report to the department.

(c) A retail supplier may not report a declared resource as a renewable resource if there exists a renewable energy certificate or other instrument representing the nonpower attributes of the electricity and the retail supplier does not own the renewable energy certificate or instrument.

(d) For an electricity product that is an optional product complying with RCW 19.29A.090, a retail supplier may report as a declared resource any combination of renewable energy certificates and electricity that meets the requirements of RCW 19.29A.090.

(3) Each retail supplier must report as an unspecified source any electricity source that was acquired in a transaction where the fuel attribute was not specified by the seller or provider or was not included in the transaction.

(4) A retail supplier that offers more than one electricity product must report the required source information separately for each product. Individual retail customer rate schedules do not constitute separate electricity products unless electricity sources are different.

(5) Each retail supplier must report the information required by this section as annual totals in megawatt-hours.

(6) The department must determine fuel mix percentages for each retail supplier based on the information provided in source and disposition reports. Each retail supplier's fuel mix percentages must reflect, to the extent possible, the declared resources reported by that retail supplier.

NEW SECTION. Sec. 6. (1) Any renewable energy certificate included in the source and disposition report must be created and retired within the certificate tracking system approved by the department and must represent renewable generation of a generating facility located in the region of the tracking system.

(2) A renewable energy certificate retired for any of the following purposes may not be included in the source and disposition report:

(a) Voluntary renewable energy programs, except where the electricity product is an optional product complying with RCW 19.29A.090;

(b) Compliance obligations not related to the provision of electricity service to retail customers in Washington; and

(c) Any other purpose established by rule by the department.

(3) A retail supplier must retire any renewable energy certificates included in its source and disposition report within one year after submitting its report.

NEW SECTION. Sec. 7. The department must develop and publish an estimate of the fuel characteristics of the generation sources reasonably available to serve Washington customers and not included as a declared resource of any retail supplier. The department may include or exclude any electricity source as it deems reasonable to accurately represent the characteristics of residual electricity supplies used by retail suppliers in Washington. The department must make available documentation of the inputs and calculations used in making the estimate.

Sec. 8. RCW 19.29A.080 and 2000 c 213 s 6 are each amended to read as follows:

(1) ~~((For the purpose of selecting the electricity information coordinator, the department shall form a work group of interested parties. The department shall invite interested parties, including, but not limited to, representatives from investor owned utilities, consumer owned utilities, the commission, the attorney general's office, consumer advocacy groups, and the environmental community to participate in the work group. In the event an appropriate regional entity is not selected by November 1, 2000, the department shall serve as the electricity information coordinator after notifying the committees of the senate and house of representatives with jurisdiction over energy matters))~~ The department may adopt administrative rules under chapter 34.05 RCW to implement the provisions of this chapter.

(2) The department may receive any lawful gifts, grants, or endowments from public or private sources that are made from time to time, in trust or otherwise, for the use and benefit of the department in implementing this section, and may spend such gifts, grants, or endowments for the purposes of implementing this section.

(3) ~~((As a condition for an appropriate regional entity to be selected under this section to serve as the electricity information coordinator, it must agree to compile the following information:~~

~~(a) Actual generation by fuel mix in the Northwest power pool for the prior calendar year, expressed in megawatt hours. This data will be compiled as it becomes available.~~

~~(b) Adjustments to the actual generation for the prior calendar year that are known and provided to the electricity information coordinator by the end of January of the current calendar year to reflect known changes in declared resources for the current year and changes due to interconnection of new generating resources or decommissioning or sale of existing resources or contracts. These adjustments shall include supporting documentation.~~

~~(c) The amount of electricity from declared resources that retail suppliers will identify in their fuel mix disclosures during the current calendar year. Retail suppliers~~

~~shall make this data available by the end of January each year.) The department must regularly seek input from retail providers, consumers, environmental advocates, the Bonneville power administration, other state disclosure programs, and other stakeholders regarding potential improvements to the disclosure program established by this act.~~

~~(4) ((Retail suppliers shall make available)) Each retail supplier must make available to the department upon request the following information to support the ownership or contractual rights to declared resources:~~

~~(a) Documentation of ownership of declared resources by retail suppliers; or~~

~~(b) Documentation of contractual rights by retail suppliers to a stated quantity of electricity from a specific generating facility.~~

~~((If the documentation referred to in either (a) or (b) of this subsection is not available, the retail supplier may not identify the electricity source as a declared resource and instead must report the net system power mix for the quantity of electric generation from that resource.~~

~~(5) If the documentation referred to in either subsection (4)(a) or (b) of this section is not available, the retail supplier may not identify the electricity source as a declared resource and instead must report the net system power mix for the quantity of electric generation from that resource.~~

~~(6) As a condition for an appropriate regional entity to be selected under this section to serve as the electricity information coordinator, it must agree to:~~

~~(a) Coordinate with comparable entities or organizations in the western interconnection;~~

~~(b) On or before May 1st of each year, or as soon thereafter as practicable once the data in subsection (3)(a) of this section is available, calculate and make available the net system power mix as follows:~~

~~(i) The actual Northwest power pool generation for the prior calendar year;~~

~~(ii) Plus any adjustments to the Northwest power pool generation as made available to the electricity information coordinator by the end of January of the current calendar year pursuant to RCW 19.29A.060(6);~~

~~(iii) Less the quantity of electricity associated with declared resources claimed by retail suppliers for the current calendar year;~~

~~(iv) Plus other adjustments necessary to ensure that the same resource output is not declared more than once;~~

~~(e) To the extent the information is available, verify that the quantity of electricity associated with the declared resources does not exceed the available generation from those resources.~~

~~(7) Subsections (3) and (6) of this section apply to the department in the event the department assumes the functions of the electricity information coordinator.)~~

NEW SECTION. Sec. 9. Sections 1 and 5 through 7 of this act are each added to chapter 19.29A RCW.

NEW SECTION. Sec. 10. RCW 19.29A.070 (Actions required of department—Convene work group—Report to legislature) and 2000 c 213 s 5 are each repealed."

On page 1, line 2 of the title, after "products;" strike the remainder of the title and insert "amending RCW 19.29A.050, 19.29A.060, and 19.29A.080; amending 2000 c 213 s 1 (uncodified); reenacting and amending RCW 19.29A.010; adding new sections to chapter 19.29A RCW; and repealing RCW 19.29A.070."

### MESSAGE FROM THE SENATE

April 15, 2019

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1444 with the following amendment:

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 19.260.010 and 2005 c 298 s 1 are each amended to read as follows:

The legislature finds that appliance standards and design requirements:

~~((1))~~ ~~((According to estimates of the department of community, trade, and economic development, the efficiency standards set forth in chapter 298, Laws of 2005 will save nine hundred thousand megawatt hours of electricity, thirteen million therms of natural gas, and one billion seven hundred million gallons of water in the year 2020, fourteen years after the standards have become effective, with a total net present value to buyers of four hundred ninety million dollars in 2020.~~

~~((2))~~ ~~Efficiency standards))~~ (2) Save energy and reduce pollution and other environmental impacts associated with the production, distribution, and use of electricity and natural gas.

~~((3))~~ ~~Efficiency standards))~~ (2) Save energy and reduce pollution and other environmental impacts associated with the production, distribution, and use of electricity and natural gas.

~~((4))~~ ~~Efficiency standards))~~ (3) Contribute to the economy of Washington by helping to better balance energy supply and demand, thus reducing pressure for higher natural gas and electricity prices. By saving consumers and businesses money on energy bills, efficiency standards help the state and local economy, since energy bill savings can be spent on local goods and services.

~~((5))~~ ~~Efficiency standards))~~ (4) Can make electricity systems more reliable by reducing the strain on the electricity grid during peak demand periods. Furthermore, improved energy efficiency can reduce or delay the need for new power plants, power transmission lines, and power distribution system upgrades.

(5) Help ensure renters have the same access to energy efficient appliances as homeowners.

**Sec. 2.** RCW 19.260.020 and 2009 c 565 s 18 and 2009 c 501 s 1 are each reenacted and amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

~~((1))~~ ~~("Automatic commercial ice cube machine" means a factory made assembly, not necessarily shipped in one package, consisting of a condensing unit and ice making section operating as an integrated unit with means for making and harvesting ice cubes. It may also include integrated components for storing or dispensing ice, or both.~~

~~((2))~~ (2)) "Bottle-type water dispenser" means a water dispenser that uses a bottle or reservoir as the source of potable water.

~~((3))~~ (2) "Commercial hot food holding cabinet" means a heated, fully enclosed compartment, with one or more solid or partial glass doors, that is designed to maintain the temperature of hot food that has been cooked in a separate appliance. (8) No new high CRI fluorescent lamps may be sold or offered for sale in the state after January 1, 2023, unless the efficiency of the new product meets or exceeds the efficiency standards set forth in RCW 19.260.040. The department may establish by rule an earlier effective date, not before January 1, 2022, if the state of California adopts a comparable standard with an effective date before January 1, 2023.

**Sec. 7.** RCW 19.260.060 and 2005 c 298 s 6 are each amended to read as follows:

(1) The department may adopt rules that incorporate by reference federal efficiency standards for federally covered products only as the standards existed on January 1, 2018. The department, in consultation with the office of the attorney general, must regularly submit a report to the appropriate committees of the legislature on federal standards that preempt the state standards set forth in RCW 19.260.040. Any report on federal preemption must be transmitted at least thirty days before the start of any regular legislative session.

(2) The department may recommend updates to the energy efficiency standards and test methods for products listed in RCW 19.260.030. The department may also recommend establishing state standards for additional nonfederally covered products. In making its recommendations, the department shall use the following criteria: ~~((1))~~ (a) Multiple manufacturers produce products that meet the proposed standard at the time of recommendation~~((2))~~; (b) products meeting the proposed standard are available at the time of recommendation~~((3))~~; (c) the products are cost-effective to consumers on a life-cycle cost basis using average Washington resource rates~~((4))~~; (d) the utility of the energy efficient product meets or exceeds the utility of the comparable product available for purchase~~((5))~~; and ~~((5))~~ (e) the standard exists in at least two other states in the United States. For recommendations concerning commercial clothes washers, the department must also consider the fiscal effects on the low-income, elderly, and student populations. Any recommendations shall be transmitted to the appropriate committees of the legislature sixty days before the start of any regular legislative session.

**Sec. 8.** RCW 19.260.070 and 2005 c 298 s 7 are each amended to read as follows:

(1) The manufacturers of products covered by this chapter must test samples of their products in accordance with the test procedures under this chapter or those specified in the state building code.

(2) Manufacturers of new products covered by RCW 19.260.030~~((, except for single voltage external AC to DC power supplies,))~~ shall certify to the department that the products are in compliance with this chapter. The department shall establish rules governing the certification of these products and may ~~((coordinate with))~~ rely on the certification programs of other states and federal agencies with similar standards.

(3) Manufacturers of new products covered by RCW 19.260.030 shall identify each product offered for sale or installation in the state as in compliance with this chapter by means of a mark, label, or tag on the product and packaging at the time of sale or installation. The department shall establish rules governing the identification of these products and packaging, which shall be coordinated to the greatest practical extent with the labeling programs of other states and federal agencies with equivalent efficiency standards. Manufacturers of general service lamps that meet the efficiency standards under RCW 19.260.040 are not required to label each individual lamp offered for sale or installation in the state.

(4) The department may test products covered by RCW 19.260.030 and may rely on the results of product testing performed by or on behalf of other governmental jurisdictions with comparable standards. If products so tested are found not to be in compliance with the minimum efficiency standards established under RCW 19.260.040, the department shall: (a) Charge the manufacturer of the product

for the cost of product purchase and testing; and (b) make information available to the public on products found not to be in compliance with the standards.

(5) The department shall obtain ~~((in paper form))~~ the test methods specified in RCW 19.260.040, which shall be available for public use at the department's energy policy offices.

(6) The department ~~((shall))~~ may investigate complaints received concerning violations of this chapter. Any manufacturer or distributor who violates this chapter shall be issued a warning by the director of the department for any first violation. Repeat violations are subject to a civil penalty of not more than two hundred fifty dollars a day. Penalties assessed under this subsection are in addition to costs assessed under subsection (4) of this section.

(7) The department may adopt rules as necessary to ensure the proper implementation and enforcement of this chapter.

(8) The proceedings relating to this chapter are governed by the administrative procedure act, chapter 34.05 RCW.

NEW SECTION. Sec. 9. RCW 19.27.170 (Water conservation performance standards—Testing and identifying fixtures that meet standards—Marking and labeling fixtures) and 1991 c 347 s 16 & 1989 c 348 s 8 are each repealed.

NEW SECTION. Sec. 10. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2019, in the omnibus appropriations act, this act is null and void.

NEW SECTION. Sec. 11. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

#### MESSAGE FROM THE SENATE

April 12, 2019

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1517 with the following amendment:

Strike everything after the enacting clause and insert the following:

#### "PART I - LEGISLATIVE FINDINGS

NEW SECTION. Sec. 101. The legislature recognizes that domestic violence treatment has been the most common, and sometimes only, legal response in domestic violence cases. There is a growing concern about

the "one size fits all" approach for domestic violence misdemeanors, felonies, and other cases. In 2012, the legislature directed the Washington state institute for public policy to update its analysis of the scientific literature on domestic violence treatment. The institute found traditional domestic violence treatment to be ineffective. Treatment needs to be differentiated and grounded in science, risk, and long-term evaluation. The institute's findings coincided with a wave of federal, state, and local reports highlighting concerns with the efficacy of traditional domestic violence treatment. A new approach was needed to reduce recidivism by domestic violence offenders, provide both victims and offenders with meaningful answers about what works, and close critical safety gaps. Subsequently, the legislature directed the gender and justice commission to establish work groups and make recommendations to improve domestic violence treatment and risk assessments. The work group recommended establishing sentencing alternatives for domestic violence offenders, integrated systems response, and domestic violence risk assessments. During this time, the department of social and health services repealed the administrative codes for domestic violence treatment, and issued new codes grounded in a differentiated approach and evidence-based practice. There is no easy answer to what works to reduce domestic violence recidivism, and offenders often present with co-occurring substance abuse and mental health issues, but new administrative codes and work group recommendations reflect the best available evidence in how best to respond and treat domestic violence criminal offenders.

Improving rehabilitation and treatment of domestic violence offenders, and those offenders with co-occurring substance and mental health issues, is critical, given how often practitioners and courts use treatment as the primary, and sometimes only, intervention for domestic violence. Given the pervasiveness of domestic violence and because of the link between domestic violence and many community issues including violent recidivism, victims and offenders are owed effective treatment and courts need better tools. State studies have found domestic violence crimes to be the most predictive of future violent crime.

The legislature intends to modify sentencing alternatives and other sentencing practices to require use of a validated risk assessment tool and domestic violence treatment certified under the Washington Administrative Code. These new practices should be consistently used when criminal conduct is based on domestic violence behavioral problems.

## **PART II - DEFINITION OF DOMESTIC VIOLENCE**

**NEW SECTION. Sec. 201.** The legislature intends to distinguish between intimate partner violence and other categories of domestic violence to facilitate discrete data analysis regarding domestic violence by judicial, criminal justice, and advocacy entities. The legislature does not intend for these modifications to definitions to substantively change the prosecution of, or penalties for, domestic

violence, or the remedies available to potential petitioners under the current statutory scheme.

**NEW SECTION. Sec. 202.** A new section is added to chapter 10.01 RCW to read as follows:

Whenever a prosecutor, or the attorney general or assistants acting pursuant to RCW 10.01.190, institutes or conducts a criminal proceeding involving domestic violence as defined in RCW 10.99.020, the prosecutor, or attorney general or assistants, shall specify whether the victim and defendant are intimate partners or family or household members within the meaning of RCW 26.50.010.

### PART III - CRIMINAL NO-CONTACT ORDERS

**NEW SECTION. Sec. 301.** (1) The legislature believes the existing language of RCW 10.99.050 has always authorized courts to issue domestic violence no-contact orders in adult and juvenile cases that last up to the adult statutory maximum in felony cases and up to the maximum period for which an adult sentence can be suspended or deferred in nonfelony cases. However, in *State v. Granath*, 200 Wn. App. 26, 401 P.3d 405 (2017), aff'd, 190 Wn.2d 548, 415 P.3d 1179 (2018), the court of appeals and supreme court recently interpreted this provision to limit domestic violence no-contact orders in nonfelony sentences to the duration of the defendant's conditions of sentence. The legislature finds that this interpretation inadequately protects victims of domestic violence. The legislature intends to clarify the trial courts' authority to issue no-contact orders that remain in place in adult and juvenile nonfelony cases for the maximum period of time that an adult sentence could be suspended, and in adult and juvenile felony cases for the adult statutory maximum.

(2) The legislature further finds that there is a discrepancy in which sentences for nonfelony domestic violence offenses can be suspended for up to five years in district and municipal courts, but only for up to two years in superior courts in most cases, creating inconsistent protection for victims. The legislature intends to rectify this discrepancy to allow nonfelony domestic violence sentences to be suspended for up to five years in all courts.

**Sec. 302.** RCW 9.95.210 and 2012 1st sp.s. c 6 s 10 are each amended to read as follows:

(1)(a) Except as provided in (b) of this subsection in granting probation, the superior court may suspend the imposition or the execution of the sentence and may direct that the suspension may continue upon such conditions and for such time as it shall designate, not exceeding the maximum term of sentence or two years, whichever is longer.

(b) For a defendant sentenced for a domestic violence offense, or under RCW 46.61.5055, the superior court may suspend the imposition or the execution of the

sentence and may direct that the suspension continue upon such conditions and for such time as the court shall designate, not to exceed five years. The court shall have continuing jurisdiction and authority to suspend the execution of all or any part of the sentence upon stated terms, including installment payment of fines. A defendant who has been sentenced, and who then fails to appear for any hearing to address the defendant's compliance with the terms of probation when ordered to do so by the court shall have the term of probation tolled until such time as the defendant makes his or her presence known to the court on the record. Any time before entering an order terminating probation, the court may modify or revoke its order suspending the imposition or execution of the sentence if the defendant violates or fails to carry out any of the conditions of the suspended sentence.

(2) In the order granting probation and as a condition thereof, the superior court may in its discretion imprison the defendant in the county jail for a period not exceeding one year and may fine the defendant any sum not exceeding the statutory limit for the offense committed, and court costs. As a condition of probation, the superior court shall require the payment of the penalty assessment required by RCW 7.68.035. The superior court may also require the defendant to make such monetary payments, on such terms as it deems appropriate under the circumstances, as are necessary: (a) To comply with any order of the court for the payment of family support; (b) to make restitution to any person or persons who may have suffered loss or damage by reason of the commission of the crime in question or when the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement; (c) to pay such fine as may be imposed and court costs, including reimbursement of the state for costs of extradition if return to this state by extradition was required; (d) following consideration of the financial condition of the person subject to possible electronic monitoring, to pay for the costs of electronic monitoring if that monitoring was required by the court as a condition of release from custody or as a condition of probation; (e) to contribute to a county or interlocal drug fund; and (f) to make restitution to a public agency for the costs of an emergency response under RCW 38.52.430, and may require bonds for the faithful observance of any and all conditions imposed in the probation.

(3) The superior court shall order restitution in all cases where the victim is entitled to benefits under the crime victims' compensation act, chapter 7.68 RCW. If the superior court does not order restitution and the victim of the crime has been determined to be entitled to benefits under the crime victims' compensation act, the department of labor and industries, as administrator of the crime victims' compensation program, may petition the superior court within one year of imposition of the sentence for entry of a restitution order. Upon receipt of a petition from the department of labor and industries, the superior court shall hold a restitution hearing and shall enter a restitution order.

(4) In granting probation, the superior court may order the probationer to report to the secretary of corrections

or such officer as the secretary may designate and as a condition of the probation to follow the instructions of the secretary for up to twelve months. If the county legislative authority has elected to assume responsibility for the supervision of superior court misdemeanor probationers within its jurisdiction, the superior court misdemeanor probationer shall report to a probation officer employed or contracted for by the county. In cases where a superior court misdemeanor probationer is sentenced in one county, but resides within another county, there must be provisions for the probationer to report to the agency having supervision responsibility for the probationer's county of residence.

(5) If the probationer has been ordered to make restitution and the superior court has ordered supervision, the officer supervising the probationer shall make a reasonable effort to ascertain whether restitution has been made. If the superior court has ordered supervision and restitution has not been made as ordered, the officer shall inform the prosecutor of that violation of the terms of probation not less than three months prior to the termination of the probation period. The secretary of corrections will promulgate rules and regulations for the conduct of the person during the term of probation. For defendants found guilty in district court, like functions as the secretary performs in regard to probation may be performed by probation officers employed for that purpose by the county legislative authority of the county wherein the court is located.

(6) The provisions of RCW 9.94A.501 and 9.94A.5011 apply to sentences imposed under this section.

(7) For purposes of this section, "domestic violence" means the same as in RCW 10.99.020.

**Sec. 303.** RCW 10.99.050 and 2000 c 119 s 20 are each amended to read as follows:

(1) When a defendant is found guilty of a crime and a condition of the sentence restricts the defendant's ability to have contact with the victim, such condition shall be recorded and a written certified copy of that order shall be provided to the victim.

(2)(a) Willful violation of a court order issued under this section is punishable under RCW 26.50.110.

(b) The written order shall contain the court's directives and shall bear the legend: Violation of this order is a criminal offense under chapter 26.50 RCW and will subject a violator to arrest; any assault, drive-by shooting, or reckless endangerment that is a violation of this order is a felony.

(c) An order issued pursuant to this section in conjunction with a misdemeanor or gross misdemeanor sentence or juvenile disposition remains in effect for a fixed period of time determined by the court, which may not exceed five years from the date of sentencing or disposition.

(d) An order issued pursuant to this section in conjunction with a felony sentence or juvenile disposition remains in effect for a fixed period of time determined by the

court, which may not exceed the adult maximum sentence established in RCW 9A.20.021.

(3) Whenever an order prohibiting contact is issued pursuant to this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order the law enforcement agency shall enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state.

(4) If an order prohibiting contact issued pursuant to this section is modified or terminated, the clerk of the court shall notify the law enforcement agency specified in the order on or before the next judicial day. Upon receipt of notice that an order has been terminated, the law enforcement agency shall remove the order from any computer-based criminal intelligence system.

#### **PART IV - RISK ASSESSMENT**

NEW SECTION. **Sec. 401.** A new section is added to chapter 9.94A RCW to read as follows:

(1) The Washington State University department of criminal justice shall develop a tool to be used in conjunction with the Washington one risk assessment that would specifically predict whether the offender will commit domestic violence in the future. The domestic violence tool may incorporate relevant court records into the prediction modeling, if practical within the resources allocated. The tool will be used by the department as part of the current risk, needs, and responsivity assessment process.

(2) The Washington State University department of criminal justice shall make the domestic violence risk assessment tool available for use by the department no later than July 1, 2020. Subject to funds appropriated for this specific purpose, the department shall start to implement the domestic violence risk assessment tool by July 1, 2020, and by July 1, 2021, the department shall use the domestic violence risk assessment tool when conducting a Washington one risk assessment for an offender with a current conviction where domestic violence was pleaded and proven.

(3) The harborview center for sexual assault and traumatic stress shall develop a training curriculum for domestic violence perpetrator treatment providers that incorporates evidence-based practices and treatment modalities consistent with the Washington Administrative Code provisions adopted by the department of social and health services. #### **PART V - SENTENCING**

**Sec. 501.** RCW 9.94A.500 and 2013 c 200 s 33 are each amended to read as follows:

(1) Before imposing a sentence upon a defendant, the court shall conduct a sentencing hearing. The sentencing hearing shall be held within forty court days following conviction. Upon the motion of either party for good cause shown, or on its own motion, the court may extend the time period for conducting the sentencing hearing.

Except in cases where the defendant shall be sentenced to a term of total confinement for life without the possibility of release or, when authorized by RCW 10.95.030 for the crime of aggravated murder in the first degree, sentenced to death, the court may order the department to complete a risk assessment report. If available before sentencing, the report shall be provided to the court.

Unless specifically waived by the court, the court shall order the department to complete a chemical dependency screening report before imposing a sentence upon a defendant who has been convicted of a violation of the uniform controlled substances act under chapter 69.50 RCW, a criminal solicitation to commit such a violation under chapter 9A.28 RCW, or any felony where the court finds that the offender has a chemical dependency that has contributed to his or her offense. In addition, the court shall, at the time of plea or conviction, order the department to complete a presentence report before imposing a sentence upon a defendant who has been convicted of a felony sexual offense. The department of corrections shall give priority to presentence investigations for sexual offenders. If the court determines that the defendant may be a mentally ill person as defined in RCW 71.24.025, although the defendant has not established that at the time of the crime he or she lacked the capacity to commit the crime, was incompetent to commit the crime, or was insane at the time of the crime, the court shall order the department to complete a presentence report before imposing a sentence.

Unless specifically waived by the court, the court shall order the department to complete a presentence investigation before imposing a drug offender sentencing alternative upon a defendant who has been convicted of a felony offense where domestic violence has been pleaded and proven.

The court shall consider the risk assessment report and presentence reports, if any, including any victim impact statement and criminal history, and allow arguments from the prosecutor, the defense counsel, the offender, the victim, the survivor of the victim, or a representative of the victim or survivor, and an investigative law enforcement officer as to the sentence to be imposed.

A criminal history summary relating to the defendant from the prosecuting authority or from a state, federal, or foreign governmental agency shall be prima facie evidence of the existence and validity of the convictions listed therein. If the court is satisfied by a preponderance of the evidence that the defendant has a criminal history, the court shall specify the convictions it has found to exist. All

of this information shall be part of the record. Copies of all risk assessment reports and presentence reports presented to the sentencing court and all written findings of facts and conclusions of law as to sentencing entered by the court shall be sent to the department by the clerk of the court at the conclusion of the sentencing and shall accompany the offender if the offender is committed to the custody of the department. Court clerks shall provide, without charge, certified copies of documents relating to criminal convictions requested by prosecuting attorneys.

(2) To prevent wrongful disclosure of information and records related to mental health services, as described in RCW 71.05.445 and 70.02.250, a court may take only those steps necessary during a sentencing hearing or any hearing in which the department presents information related to mental health services to the court. The steps may be taken on motion of the defendant, the prosecuting attorney, or on the court's own motion. The court may seal the portion of the record relating to information relating to mental health services, exclude the public from the hearing during presentation or discussion of information and records relating to mental health services, or grant other relief to achieve the result intended by this subsection, but nothing in this subsection shall be construed to prevent the subsequent release of information and records related to mental health services as authorized by RCW 71.05.445, 70.02.250, or 72.09.585. Any person who otherwise is permitted to attend any hearing pursuant to chapter 7.69 or 7.69A RCW shall not be excluded from the hearing solely because the department intends to disclose or discloses information related to mental health services.

**Sec. 502.** RCW 9.94A.660 and 2016 sp.s. c 29 s 524 are each amended to read as follows:

The residential chemical dependency treatment-based alternative is only available if the midpoint of the standard range is twenty-four months or less.

(4)(a) To assist the court in making its determination, the court may order the department to complete either or both a risk assessment report and a chemical dependency screening report as provided in RCW 9.94A.500.

(b) To assist the court in making its determination in domestic violence cases, the court shall order the department to complete a presentence investigation and a chemical dependency screening report as provided in RCW 9.94A.500, unless otherwise specifically waived by the court.

(iv) Whether the offender and the community will benefit from the use of the alternative.

(b) The examination report must contain:

(i) A proposed monitoring plan, including any requirements regarding living conditions, lifestyle

requirements, and monitoring by family members and others; and

(ii) Recommended crime-related prohibitions and affirmative conditions.

(6) When a court imposes a sentence of community custody under this section:

(a) The court may impose conditions as provided in RCW 9.94A.703 and may impose other affirmative conditions as the court considers appropriate. In addition, an offender may be required to pay thirty dollars per month while on community custody to offset the cost of monitoring for alcohol or controlled substances, or in cases of domestic violence for monitoring with global positioning system technology for compliance with a no-contact order.

(b) The department may impose conditions and sanctions as authorized in RCW 9.94A.704 and 9.94A.737.

(7)(a) The court may bring any offender sentenced under this section back into court at any time on its own initiative to evaluate the offender's progress in treatment or to determine if any violations of the conditions of the sentence have occurred.

(b) If the offender is brought back to court, the court may modify the conditions of the community custody or impose sanctions under (c) of this subsection.

(c) The court may order the offender to serve a term of total confinement within the standard range of the offender's current offense at any time during the period of community custody if the offender violates the conditions or requirements of the sentence or if the offender is failing to make satisfactory progress in treatment.

(d) An offender ordered to serve a term of total confinement under (c) of this subsection shall receive credit for any time previously served under this section.

(8) In serving a term of community custody imposed upon failure to complete, or administrative termination from, the special drug offender sentencing alternative program, the offender shall receive no credit for time served in community custody prior to termination of the offender's participation in the program.

(9) An offender sentenced under this section shall be subject to all rules relating to earned release time with respect to any period served in total confinement.

(10) Costs of examinations and preparing treatment plans under a special drug offender sentencing alternative may be paid, at the option of the county, from funds provided to the county from the criminal justice treatment account under RCW 71.24.580.

(b) When applicable for cases involving domestic violence, domestic violence treatment must be provided by a state-certified domestic violence treatment provider pursuant to chapter 26.50 RCW during the term of community custody.

(3) If the department finds that conditions of community custody have been willfully violated, the offender may be reclassified to serve the remaining balance of the original sentence. An offender who fails to complete the program or who is administratively terminated from the program shall be reclassified to serve the unexpired term of his or her sentence as ordered by the sentencing court.

(4) If an offender sentenced to the prison-based alternative under this section is found by the United States attorney general to be subject to a deportation order, a hearing shall be held by the department unless waived by the offender, and, if the department finds that the offender is subject to a valid deportation order, the department may administratively terminate the offender from the program and reclassify the offender to serve the remaining balance of the original sentence.

**Sec. 504.** RCW 9.94A.664 and 2009 c 389 s 5 are each amended to read as follows:

(1) A sentence for a residential chemical dependency treatment-based alternative shall include a term of community custody equal to one-half the midpoint of the standard sentence range or two years, whichever is greater,

## **PART VI - COMMUNITY CUSTODY AND REENTRY**

**Sec. 601.** RCW 9.94A.704 and 2016 c 108 s 1 are each amended to read as follows:

(1) Every person who is sentenced to a period of community custody shall report to and be placed under the supervision of the department, subject to RCW 9.94A.501.

(2)(a) The department shall assess the offender's risk of reoffense and may establish and modify additional conditions of community custody based upon the risk to community safety.

(b) Within the funds available for community custody, the department shall determine conditions on the basis of risk to community safety, and shall supervise offenders during community custody on the basis of risk to community safety and conditions imposed by the court. The secretary shall adopt rules to implement the provisions of this subsection (2)(b).

(3) If the offender is supervised by the department, the department shall at a minimum instruct the offender to:

If a victim or an immediate family member of a victim has requested that the offender not contact him or her after notice as provided in RCW 72.09.340, the department shall require the offender to refrain from contact with the requestor. Where the victim is a minor, the parent or guardian of the victim may make a request on the victim's behalf. This subsection is not intended to reduce the preexisting authority of the department to impose no-contact conditions regardless of the offender's crime and regardless of who is protected by the no-contact condition, where such condition is based on risk to community safety.

(b) Impose electronic monitoring. Within the resources made available by the department for this purpose, the department shall carry out any electronic monitoring using the most appropriate technology given the individual circumstances of the offender. As used in this section, "electronic monitoring" has the same meaning as in RCW 9.94A.030.

(b) By the close of the next business day after receiving notice of a condition imposed or modified by the department, an offender may request an administrative review under rules adopted by the department. (8) The department shall notify the offender in writing upon community custody intake of the department's violation process.

(9) The department may require offenders to pay for special services rendered including electronic monitoring, day reporting, and telephone reporting, dependent on the offender's ability to pay. The department may pay for these services for offenders who are not able to pay.

(10)(a) When an offender on community custody is under the authority of the board, the department shall assess the offender's risk of recidivism and shall recommend to the board any additional or modified conditions based upon the offender's risk to community safety and may recommend affirmative conduct or electronic monitoring consistent with subsections (4) through (6) of this section.

(b) The board may impose conditions in addition to court-ordered conditions. The board must consider and may impose department-recommended conditions. The board must impose a condition requiring the offender to refrain from contact with the victim or immediate family member of the victim as provided in subsection (5)(a) of this section.

(c) By the close of the next business day, after receiving notice of a condition imposed by the board or the department, an offender may request an administrative hearing under rules adopted by the board. The condition shall remain in effect unless the hearing examiner finds that it is not reasonably related to any of the following:

- (i) The crime of conviction;
- (ii) The offender's risk of reoffending;
- (iii) The safety of the community;
- (iv) The offender's risk of domestic violence reoffense.

(d) If the department finds that an emergency exists requiring the immediate imposition of additional conditions in order to prevent the offender from committing a crime, the department may impose such conditions. The department may not impose conditions that are contrary to those set by the board or the court and may not contravene or decrease court-imposed or board-imposed conditions. Conditions imposed under this subsection shall take effect immediately after notice to the offender by personal service, but shall not

remain in effect longer than seven working days unless approved by the board.

If an offender has received relief from disclosure pursuant to RCW 9.94A.562, 70.96A.155, or 71.05.132, the offender must provide the mental health ~~((or))~~, chemical dependency, or domestic violence treatment provider with a copy of the order granting the relief.

#### **PART VIII - DOMESTIC VIOLENCE WORK GROUPS**

NEW SECTION. Sec. 801. In 2017 the legislature established two work groups managed by the Washington state supreme court gender and justice commission to study domestic violence treatment and domestic violence risk. The work groups successfully pulled together stakeholders from across the state and published two reports with groundbreaking recommendations. The legislature finds that there is a need to continue the work groups. The work groups shall review best practices for alternatives to mandatory arrest in cases of domestic violence, and the work groups shall monitor implementation of prior recommendations for the purpose of promoting effective strategies to reduce domestic violence homicides, serious injuries, and recidivism.

**Sec. 802.** 2017 c 272 s 7 (uncodified) is amended to read as follows:

(1) The administrative office of the courts shall, through the Washington state gender and justice commission of the supreme court, convene a work group to address the issue of domestic violence perpetrator treatment and the role of certified perpetrator treatment programs in holding domestic violence perpetrators accountable.

(2) The work group must include a representative for each of the following organizations or interests: Superior court judges, district court judges, municipal court judges, court probation officers, prosecuting attorneys, defense attorneys, civil legal aid attorneys, domestic violence victim advocates, domestic violence perpetrator treatment providers, the department of social and health services, the department of corrections, the Washington state institute for public policy, and the University of Washington evidence based practice institute. At least two domestic violence perpetrator treatment providers must be represented as members of the work group.

~~((4))~~ (b) The work group shall report its recommendations to the affected entities and the appropriate committees of the legislature no later than June 30, 2018.

(4)(a) For its report in 2019, the work group shall:

(i) Provide guidance and additional recommendations with respect to how prior recommendations of the work group should be implemented for the purpose of promoting effective strategies to reduce domestic violence in Washington state;

(ii) Monitor, evaluate, and provide recommendations for the implementation of the newly established domestic violence treatment administrative codes;

(6) This section expires June 30, ~~((2019))~~ 2021.

**Sec. 803.** 2017 c 272 s 8 (uncodified) is amended to read as follows:

(1) ~~((The legislature finds that Washington state has a serious problem with domestic violence offender recidivism and lethality. The Washington state institute for public policy studied domestic violence offenders finding not just high rates of domestic violence recidivism but among the highest rates of general criminal and violent recidivism. The Washington state coalition against domestic violence has issued fatality reviews of domestic violence homicides in Washington under chapter 43.235 RCW for over fifteen years. These fatality reviews demonstrate the significant impact of domestic violence on our communities as well as the barriers and high rates of lethality faced by~~

victims. The legislature further notes there have been several high profile domestic violence homicides with multiple prior domestic violence incidents not accounted for in the legal response. Many jurisdictions nationally have encountered the same challenges as Washington and now utilize risk assessment as a best practice to assist in the response to domestic violence.)

The Washington domestic violence risk assessment work group is established to study how and when risk assessment can best be used to improve the response to domestic violence offenders and victims and find effective strategies to reduce domestic violence homicides, serious injuries, and recidivism that are a result of domestic violence incidents in Washington state.

(2)(a) The Washington state gender and justice commission, in collaboration with the Washington state coalition against domestic violence and the Washington State University criminal justice program, shall coordinate the work group and provide staff support.

(b) The work group must include a representative from each of the following organizations:

- (i) The Washington state gender and justice commission;

  - (v) The superior court judges' association;
  - (vi) The district and municipal court judges' association;
  - (vii) The Washington state association of counties;
  - (viii) The Washington association of prosecuting attorneys;
  - (ix) The Washington defender association;
  - (x) The Washington association of criminal defense lawyers;
  - (xi) The Washington state association of cities;
  - (xii) The Washington state coalition against domestic violence;
  - (xiii) The Washington state office of civil legal aid; and
  - (xiv) The family law section of the Washington state bar association.
- (c) The work group must additionally include representation from:
- (i) Treatment providers;
  - (ii) City law enforcement;
  - (iii) County law enforcement;
  - (iv) Court administrators; and

(v) Domestic violence victims or family members of a victim.

(3) ~~((At a minimum,))~~ (a) For its initial report in 2018, the work group shall research, review, and make recommendations on the following:

~~((a))~~ (i) How to best develop and use risk assessment in domestic violence response utilizing available research and Washington state data;

~~((b))~~ (ii) Providing effective strategies for incorporating risk assessment in domestic violence response to reduce deaths, serious injuries, and recidivism due to domestic violence;

~~((c))~~ (iii) Promoting access to domestic violence risk assessment for advocates, police, prosecutors, corrections, and courts to improve domestic violence response;

~~((d))~~ (iv) Whether or how risk assessment could be used as an alternative to mandatory arrest in domestic violence;

~~((e))~~ (v) Whether or how risk assessment could be used in bail determinations in domestic violence cases, and in civil protection order hearings;

~~((f))~~ (vi) Whether or how offender risk, needs, and responsivity could be used in determining eligibility for diversion, sentencing alternatives, and treatment options;

~~((g))~~ (vii) Whether or how victim risk, needs, and responsivity could be used in improving domestic violence response;

~~((h))~~ (viii) Whether or how risk assessment can improve prosecution and encourage prosecutors to aggressively enforce domestic violence laws; and

~~((i))~~ (ix) Encouraging private sector collaboration.

~~((j))~~ (b) The work group shall compile its findings and recommendations into ~~((a final))~~ an initial report and provide its report to the appropriate committees of the legislature and governor by June 30, 2018.

(4)(a) For its report in 2019, the work group shall:

(i) Research, review, and make recommendations on whether laws mandating arrest in cases of domestic violence should be amended and whether alternative arrest statutes should incorporate domestic violence risk assessment in domestic violence response to improve the response to domestic violence, and what training for law enforcement would be needed to implement an alternative to mandatory arrest;

(ii) Research, review, and make recommendations on how prior recommendations of the work group should be implemented in order to promote effective strategies to reduce domestic violence in Washington state;

(iii) Monitor, evaluate, and provide recommendations on the development and use of the risk assessment tool under section 401 of this act; and

(iv) Provide recommendations on other items deemed appropriate by the work group.

(b) The work group shall compile its findings and recommendations into a final report and provide its report to the appropriate committees of the legislature and governor by June 30, 2020.

(6) This section expires June 30, (~~2019~~) 2021.

(1) "Canadian domestic violence protection order" means a judgment or part of a judgment or order issued in a civil proceeding by a court of Canada under law of the issuing jurisdiction which relates to domestic violence and prohibits a respondent from:

(a) Being in physical proximity to a protected individual or following a protected individual;

### NEW SECTION. Sec. 903. ENFORCEMENT OF CANADIAN DOMESTIC VIOLENCE PROTECTION ORDER BY LAW ENFORCEMENT OFFICER.

(1) If a law enforcement officer determines under subsection (2) or (3) of this section that there is probable cause to believe a valid Canadian domestic violence protection order exists and the order has been violated, the officer shall enforce the terms of the Canadian domestic violence protection order as if the terms were in an order of a tribunal. Presentation to a law enforcement officer of a certified copy of a Canadian domestic violence protection order is not required for enforcement.

(2) Presentation to a law enforcement officer of a record of a Canadian domestic violence protection order that identifies both a protected individual and a respondent and on its face is in effect constitutes probable cause to believe that a valid order exists.

(3) If a record of a Canadian domestic violence protection order is not presented as provided in subsection (2) of this section, a law enforcement officer may consider other information in determining whether there is probable cause to believe that a valid Canadian domestic violence protection order exists.

(4) If a law enforcement officer determines that an otherwise valid Canadian domestic violence protection order cannot be enforced because the respondent has not been notified of or served with the order, the officer shall notify the protected individual that the officer will make reasonable efforts to contact the respondent, consistent with the safety of the protected individual. After notice to the protected individual and consistent with the safety of the individual, the officer shall make a reasonable effort to inform the respondent of the order, notify the respondent of the terms of the order, provide a record of the order, if available, to the respondent, and allow the respondent a reasonable opportunity to comply with the order before the officer enforces the order.

(5) If a law enforcement officer determines that an individual is a protected individual, the officer shall inform the individual of available local victim services.

**NEW SECTION. Sec. 904. ENFORCEMENT OF CANADIAN DOMESTIC VIOLENCE PROTECTION ORDER BY TRIBUNAL.** (1) A tribunal may issue an order enforcing or refusing to enforce a Canadian domestic violence protection order on application of:

(a) A person authorized by law of this state other than this chapter to seek enforcement of a domestic protection order; or

(b) A respondent.

(2) In a proceeding under subsection (1) of this section, the tribunal shall follow the procedures of this state for enforcement of a domestic protection order. An order entered under this section is limited to the enforcement of the terms of the Canadian domestic violence protection order as defined in section 902 of this act.

(3) A Canadian domestic violence protection order is enforceable under this section if:

(a) The order identifies a protected individual and a respondent;

(b) The order is valid and in effect;

(c) The issuing court had jurisdiction over the parties and the subject matter under law applicable in the issuing court; and

(d) The order was issued after:

(i) The respondent was given reasonable notice and had an opportunity to be heard before the court issued the order; or

(ii) In the case of an ex parte order, the respondent was given reasonable notice and had or will have an opportunity to be heard within a reasonable time after the order was issued, in a manner consistent with the right of the respondent to due process.

(4) A Canadian domestic violence protection order valid on its face is prima facie evidence of its enforceability under this section.

(5) A claim that a Canadian domestic violence protection order does not comply with subsection (3) of this section is an affirmative defense in a proceeding seeking enforcement of the order. If the tribunal determines that the order is not enforceable, the tribunal shall issue an order that the Canadian domestic violence protection order is not enforceable under this section and section 903 of this act and may not be registered under section 905 of this act.

**NEW SECTION. Sec. 905. REGISTRATION OF CANADIAN DOMESTIC VIOLENCE PROTECTION ORDER.** (1) A person entitled to protection who has a valid Canadian domestic violence protection order may file that order by presenting a certified, authenticated, or exemplified copy of the Canadian domestic violence protection order to a clerk of the court of a Washington court in which the person entitled to protection resides or to a clerk of the court of a Washington court where the person entitled to protection believes enforcement may be necessary. Any out-

of-state department, agency, or court responsible for maintaining protection order records, may by facsimile or electronic transmission send a reproduction of the foreign protection order to the clerk of the court of Washington as long as it contains a facsimile or digital signature by any person authorized to make such transmission.

(2) On receipt of a certified copy of a Canadian domestic violence protection order, the clerk of the court shall register the order in accordance with this section.

(3) An individual registering a Canadian domestic violence protection order under this section shall file an affidavit stating that, to the best of the individual's knowledge, the order is valid and in effect.

(4) After a Canadian domestic violence protection order is registered under this section, the clerk of the court shall provide the individual registering the order a certified copy of the registered order.

(5) A Canadian domestic violence protection order registered under this section may be entered in a state or federal registry of protection orders in accordance with law.

(6) An inaccurate, expired, or unenforceable Canadian domestic violence protection order may be corrected or removed from the registry of protection orders maintained in this state in accordance with law of this state other than this chapter.

(7) A fee may not be charged for the registration of a Canadian domestic violence protection order under this section.

(8) Registration in this state or filing under law of this state other than this chapter of a Canadian domestic violence protection order is not required for its enforcement under this chapter.

**NEW SECTION. Sec. 907. OTHER REMEDIES.** An individual who seeks a remedy under this chapter may seek other legal or equitable remedies.

**NEW SECTION. Sec. 908. UNIFORMITY OF APPLICATION AND CONSTRUCTION.** In applying and construing this uniform act, consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.

NEW SECTION. **Sec. 909.** RELATION TO ELECTRONIC SIGNATURES IN GLOBAL AND NATIONAL COMMERCE ACT. This chapter modifies, limits, or supersedes the electronic signatures in global and national commerce act, 15 U.S.C. Sec. 7001 et seq., but does not modify, limit, or supersede Section 101(c) of that act, 15 U.S.C. Sec. 7001(c), or authorize electronic delivery of any of the notices described in Section 103(b) of that act, 15 U.S.C. Sec. 7003(b).

NEW SECTION. **Sec. 910.** TRANSITION. This chapter applies to a Canadian domestic violence protection order issued before, on, or after the effective date of this section and to a continuing action for enforcement of a Canadian domestic violence protection order commenced before, on, or after the effective date of this section. A request for enforcement of a Canadian domestic violence protection order made on or after the effective date of this section for a violation of the order occurring before, on, or after the effective date of this section is governed by this chapter.

(1)(a) Whenever an order is granted under this chapter, chapter 7.92, 7.90, 9A.40, 9A.46, 9A.88, 9.94A, 10.99, 26.09, 26.10, ~~((26.26))~~ 26.26A, 26.26B, or 74.34 RCW, any temporary order for protection is granted under chapter 7.40 RCW pursuant to chapter 74.34 RCW, ~~((or))~~ there is a valid foreign protection order as defined in RCW

26.52.020, or there is a valid Canadian domestic violence protection order as defined in section 902 of this act, and the respondent or person to be restrained knows of the order, a violation of any of the following provisions of the order is a gross misdemeanor, except as provided in subsections (4) and (5) of this section:

(i) The restraint provisions prohibiting acts or threats of violence against, or stalking of, a protected party, or restraint provisions prohibiting contact with a protected party;

(ii) A provision excluding the person from a residence, workplace, school, or day care;

(iii) A provision prohibiting a person from knowingly coming within, or knowingly remaining within, a specified distance of a location;

(iv) A provision prohibiting interfering with the protected party's efforts to remove a pet owned, possessed, leased, kept, or held by the petitioner, respondent, or a minor child residing with either the petitioner or the respondent; or

(v) A provision of a foreign protection order or a Canadian domestic violence protection order specifically indicating that a violation will be a crime.

(b) Upon conviction, and in addition to any other penalties provided by law, the court:

(i) May require that the respondent submit to electronic monitoring. The court shall specify who shall provide the electronic monitoring services, and the terms under which the monitoring shall be performed. The order also may include a requirement that the respondent pay the costs of the monitoring. The court shall consider the ability of the convicted person to pay for electronic monitoring.

(ii) Shall impose a fine of fifteen dollars, in addition to any penalty or fine imposed, for a violation of a domestic violence protection order issued under this chapter. Revenue from the fifteen dollar fine must be remitted monthly to the state treasury for deposit in the domestic violence prevention account.

(2) A peace officer shall arrest without a warrant and take into custody a person whom the peace officer has probable cause to believe has violated an order issued under this chapter, chapter 7.92, 7.90, 9A.40, 9A.46, 9A.88, 9.94A, 10.99, 26.09, 26.10, ~~((26.26))~~ 26.26A, 26.26B, or 74.34 RCW, any temporary order for protection granted under chapter 7.40 RCW pursuant to chapter 74.34 RCW, ~~((or))~~ a valid foreign protection order as defined in RCW 26.52.020, or a valid Canadian domestic violence protection order as defined in section 902 of this act, that restrains the person or excludes the person from a residence, workplace, school, or day care, or prohibits the person from knowingly coming within, or knowingly remaining within, a specified distance of a location, if the person restrained knows of the order. Presence of the order in the law enforcement computer-based criminal intelligence information system is not the only means of establishing knowledge of the order.

(3) A violation of an order issued under this chapter, chapter 7.92, 7.90, 9A.40, 9A.46, 9A.88, 9.94A, 10.99,

The previous convictions may involve the same victim or other victims specifically protected by the orders the offender violated.

(6) Upon the filing of an affidavit by the petitioner or any peace officer alleging that the respondent has violated an order granted under this chapter, chapter 7.92, 7.90, 9A.40, 9A.46, 9A.88, 9.94A, 10.99, 26.09, 26.10, ~~((26.26))~~ 26.26A, 26.26B, or 74.34 RCW, ~~((or ef))~~ a valid foreign protection order as defined in RCW 26.52.020, or a valid Canadian domestic violence protection order as defined in section 902 of this act, the court may issue an order to the respondent, requiring the respondent to appear and show cause within fourteen days why the respondent should not be found in contempt of court and punished accordingly. The hearing may be held in the court of any county or municipality in which the petitioner or respondent temporarily or permanently resides at the time of the alleged violation.

When a guardian or the department of social and health services or department of children, youth, and families has petitioned for relief on behalf of an abused child, adult dependent person, or vulnerable adult, the name of the person on whose behalf relief was sought shall be included in the database as a party rather than the guardian or appropriate department;

(2) A criminal history of the parties; and

(3) Other relevant information necessary to assist courts in issuing orders under this chapter as determined by the judicial information system committee.

**Sec. 915.** RCW 36.28A.410 and 2017 c 261 s 5 are each amended to read as follows:

(1)(a) Subject to the availability of amounts appropriated for this specific purpose, the Washington association of sheriffs and police chiefs shall create and operate a statewide automated protected person notification system to automatically notify a registered person via the registered person's choice of telephone or email when a respondent subject to a court order specified in (b) of this subsection has attempted to purchase or acquire a firearm and been denied based on a background check or completed and submitted firearm purchase or transfer application that indicates the respondent is ineligible to possess a firearm under state or federal law. The system must permit a person to register for notification, or a registered person to update the person's registration information, for the statewide automated protected person notification system by calling a toll-free telephone number or by accessing a public web site.

(b) The notification requirements of this section apply to any court order issued under chapter 7.92 RCW and RCW 7.90.090, 9A.46.080, 10.14.080, 10.99.040, 10.99.045, 26.09.050, 26.09.060, 26.10.040, 26.10.115, ~~((26.26.130, 26.26.590))~~ 26.26B.020, 26.50.060, or 26.50.070, ~~((and))~~ any foreign protection order filed with a Washington court pursuant to chapter 26.52 RCW, and any Canadian domestic violence protection order filed with a Washington court pursuant to chapter 26.-- RCW (the new chapter created in section 1001 of this act), where the order prohibits the respondent from possessing firearms or where by operation of law the respondent is ineligible to possess firearms during the term of the order. The notification requirements of this section apply even if the respondent has

notified the Washington state patrol that he or she has appealed a background check denial under RCW 43.43.823.

(2) An appointed or elected official, public employee, or public agency as defined in RCW 4.24.470, or combination of units of government and its employees, as provided in RCW 36.28A.010, are immune from civil liability for damages for any release of information or the failure to release information related to the statewide automated protected person notification system in this section, so long as the release or failure to release was without gross negligence. The immunity provided under this subsection applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the general public.

(3) Information and records prepared, owned, used, or retained by the Washington association of sheriffs and police chiefs pursuant to chapter 261, Laws of 2017, including information a person submits to register and participate in the statewide automated protected person notification system, are exempt from public inspection and copying under chapter 42.56 RCW.

#### **MESSAGE FROM THE SENATE**

April 16, 2019

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1528 with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds that substance use disorder is a disease impacting the whole family and the whole society and requires a system of care that includes prevention, treatment, and recovery services that support and strengthen impacted individuals, families, and the community at large.

(2) The legislature further finds that access to quality recovery housing is crucial for helping individuals remain in recovery from substance use disorder beyond treatment. Furthermore, recovery housing serves to preserve the state's financial investment in a person's treatment. Without access to quality recovery housing, individuals are much less likely to recover from substance use disorder and more likely to face continued issues that impact their well-being, their families, and their communities. These issues include death by overdose or other substance use disorder-related medical complications; higher health care costs; high use of emergency departments and public health care systems; higher risk for involvement with law enforcement and incarceration; and an inability to obtain and maintain employment. These challenges are compounded by an overall lack of affordable housing nationwide.

(3) The legislature recognizes that recovery is a long-term process and requires a comprehensive approach. Recognizing the potential for fraudulent and unethical recovery housing operators, this act is designed to address the quality of recovery housing in the state of Washington.

**NEW SECTION. Sec. 2.** A new section is added to chapter 41.05 RCW to read as follows:

(1) The authority shall establish and maintain a registry of approved recovery residences. The authority may contract with a nationally recognized recovery residence certification organization based in Washington to establish and maintain the registry.

(2) The authority or the contracted entity described in subsection (1) of this section shall determine that a recovery residence is approved for inclusion in the registry if the recovery residence has been certified by a nationally recognized recovery residence certification organization based in Washington that is approved by the authority or if the recovery residence is a chapter of a national recovery residence organization with peer-run homes that is approved by the authority as meeting the following standards in its certification process:

(a) Peers are required to be involved in the governance of the recovery residence;

(b) Recovery support is integrated into the daily activities;

(c) The recovery residence must be maintained as a home-like environment that promotes healthy recovery;

(d) Resident activities are promoted within the recovery residence and in the community through work, education, community engagement, or other activities; and

(e) The recovery residence maintains an environment free from alcohol and illicit drugs.

(3) Nothing in this section requires that a recovery residence become certified by the certifying organization approved by the authority in subsection (2) of this section or be included in the registry, unless the recovery residence decides to participate in the recovery residence program activities established in this chapter.

(4) For the purposes of this section, "recovery residence" means a home-like environment that promotes healthy recovery from a substance use disorder and supports persons recovering from a substance use disorder through the use of peer recovery support.

**NEW SECTION. Sec. 3.** A new section is added to chapter 41.05 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the authority shall contract with the nationally recognized recovery residence organization based in Washington that is approved by the authority in section 2 of this act to provide technical assistance to recovery residences actively seeking certification. The technical assistance shall include, but not be limited to:

(a) New manager training;

(b) Assistance preparing facility operations documents and policies; and

(c) Support for working with residents on medication-assisted treatment.

(2) This section expires July 1, 2025.

**NEW SECTION. Sec. 4.** A new section is added to chapter 41.05 RCW to read as follows:

(1) The authority shall establish a revolving fund for loans to operators of new recovery residences or existing recovery residences actively seeking certification and registration under section 2 of this act. Approved uses of the funds include, but are not limited to:

(a) Facility modifications necessary to achieve certification; and

(b) Operating start-up costs, including rent or mortgage payments, security deposits, salaries for on-site staff, and minimal maintenance costs.

(2) This section expires July 1, 2025.

NEW SECTION. **Sec. 5.** A new section is added to chapter 71.24 RCW to read as follows:

Beginning January 1, 2023, a licensed or certified service provider may not refer a client who is appropriate for housing in a recovery residence, to support the client's recovery from a substance use disorder, to a recovery residence that is not included in the registry of approved recovery residences maintained by the authority under section 2 of this act. This section does not otherwise limit the discharge or referral options available for a person in recovery from a substance use disorder to any other appropriate placements or services.

**Sec. 6.** RCW 71.24.385 and 2018 c 201 s 4023 and 2018 c 175 s 6 are each reenacted and amended to read as follows:

(1) Within funds appropriated by the legislature for this purpose, behavioral health organizations shall develop the means to serve the needs of people:

(a) With mental disorders residing within the boundaries of their regional service area. Elements of the program may include:

- (i) Crisis diversion services;
- (ii) Evaluation and treatment and community hospital beds;
- (iii) Residential treatment;
- (iv) Programs for intensive community treatment;
- (v) Outpatient services, including family support;
- (vi) Peer support services;
- (vii) Community support services;
- (viii) Resource management services; and
- (ix) Supported housing and supported employment services.

(b) With substance use disorders and their families, people incapacitated by alcohol or other psychoactive chemicals, and intoxicated people.

(i) Elements of the program shall include, but not necessarily be limited to, a continuum of substance use disorder treatment services that includes:

- (A) Withdrawal management;
- (B) Residential treatment; and
- (C) Outpatient treatment.

(ii) The program may include peer support, supported housing, supported employment, crisis diversion, ~~((☞)) recovery support services, or technology-based recovery supports.~~

(iii) The authority may contract for the use of an approved substance use disorder treatment program or other individual or organization if the director considers this to be an effective and economical course to follow.

(2)(a) The behavioral health organization shall have the flexibility, within the funds appropriated by the legislature for this purpose and the terms of their contract, to design the mix of services that will be most effective within their service area of meeting the needs of people with behavioral health disorders and avoiding placement of such individuals at the state mental hospital. Behavioral health organizations are encouraged to maximize the use of evidence-based practices and alternative resources with the goal of substantially reducing and potentially eliminating the use of institutions for mental diseases.

(b) The behavioral health organization may allow reimbursement to providers for services delivered through a partial hospitalization or intensive outpatient program. Such payment and services are distinct from the state's delivery of wraparound with intensive services under the *T.R. v. Strange and McDermott*, formerly the *T.R. v. Dreyfus and Porter*, settlement agreement.

(3)(a) Treatment provided under this chapter must be purchased primarily through managed care contracts.

(b) Consistent with RCW 71.24.580, services and funding provided through the criminal justice treatment account are intended to be exempted from managed care contracting.

NEW SECTION. **Sec. 7.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2019, in the omnibus appropriations act, this act is null and void."

On page 1, line 1 of the title, after "services;" strike the remainder of the title and insert "reenacting and amending RCW 71.24.385; adding new sections to chapter 41.05 RCW; adding a new section to chapter 71.24 RCW; creating new sections; and providing expiration dates."

and the same is herewith transmitted.

SECOND SUBSTITUTE HOUSE BILL NO. 1528, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

#### MESSAGE FROM THE SENATE

April 15, 2019

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1543 with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds that:

(a) Recycling reduces greenhouse gas emissions, conserves energy and landfill space, provides jobs and valuable feedstock materials to industry, promotes health, and protects the environment;

(b) Washington has long been a leader in sound management of recyclable materials and solid waste;

(c) Waste import restrictions worldwide are having huge implications for state and local recycling programs and operations in Washington state, requiring immediate action by the legislature;

(d) In order to maintain our leadership in recycling and create regional domestic markets, Washington must be innovative and implement best practices for recycling and waste reduction;

(e) Washington's environment and economy will benefit from expanding the number of industries that process

recycled materials and use recycled feedstocks in their manufacturing;

(f) Washington recognizes the value of manufacturing incentives to encourage recycling industries to locate and operate in Washington and provide manufacturer incentives to improve the recyclability of their products;

(g) Many local governments and private entities cumulatively affect, and are affected by, the market for recycled commodities but have limited jurisdiction and cannot adequately address the problems of market development that are complex, wide-ranging, and regional in nature;

(h) A sustainable recycling system is one that is economically sustainable, in addition to environmentally sustainable;

(i) The private sector has the greatest capacity for creating and expanding markets for recycled commodities and the development of private markets for recycled commodities is in the public interest; and

(j) Washington must create a center to facilitate business assistance, provide basic and applied research and development, as well as policy analysis, to further the development of domestic processing and markets for recycled commodities.

(2) Therefore, it is the policy of the state to create the recycling development center to research, incentivize, and develop new markets and expand existing markets for recycled commodities and recycling facilities.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Center" means recycling development center.

(2) "Department" means the department of ecology.

(3) "Director" means the director of the department of ecology.

(4) "Local government" means a city, town, or county.

(5) "Recyclable materials" means those solid wastes that are separated for recycling or reuse, such as papers, metals, and glass, that are identified as recyclable material pursuant to a local comprehensive solid waste plan.

(6) "Recycling" means transforming or remanufacturing waste materials into usable or marketable materials for use other than landfill disposal or incineration.

(7) "Secondary materials" means any materials that are not the primary products from manufacturing and other industrial sectors. These materials may include scrap and residuals from production processes and products that have been recovered at the end of their useful life.

(8) "Solid waste" or "wastes" means all putrescible and nonputrescible solid and semisolid wastes including, but

not limited to, garbage, rubbish, ashes, industrial wastes, swill, sewage sludge, demolition and construction wastes, abandoned vehicles or parts thereof, and recyclable materials.

**NEW SECTION. Sec. 3.** (1) The recycling development center is created within the department of ecology.

(2) The purpose of the center is to provide or facilitate basic and applied research and development, marketing, and policy analysis in furthering the development of markets and processing for recycled commodities and products. As used in this chapter, market development consists of public and private activities that are used to overcome impediments preventing full and productive use of secondary materials diverted from the waste stream, and that encourage and expand use of those materials and subsequent products. In fulfilling this mission, the center must initially direct its services to businesses that transform or remanufacture waste materials into usable or marketable materials or products for use rather than disposal.

(3) The center must perform the following activities:

(a) Develop an annual work plan. The work plan must describe actions and recommendations for developing markets for commodities comprising a significant percentage of the waste stream and having potential for use as an industrial or commercial feedstock, with initial focus on mixed waste paper and plastics;

(b) Evaluate, analyze, and make recommendations on state policies that may affect markets for recyclable materials. Such recommendations must include explicit consideration of the costs and benefits of the market-affecting policies, including estimates of the anticipated: Rate impacts on solid waste utility ratepayers; impacts on the prices of consumer goods affected by the recommended policies; and impacts on rates of recycling or utilization of postconsumer materials;

(c) Work with manufacturers and producers of packaging and other potentially recyclable materials on their work to increase the ability of their products to be recycled or reduced in Washington;

(d) Initiate, conduct, or contract for studies relating to market development for recyclable materials, including but not limited to applied research, technology transfer, life-cycle analysis, and pilot demonstration projects;

(e) Obtain and disseminate information relating to market development for recyclable materials from other state and local agencies and other sources;

(f) Contract with individuals, corporations, trade associations, and research institutions for the purposes of this chapter;

(g) Provide grants or contracts to local governments, state agencies, or other public institutions to further the development or revitalization of recycling markets in accordance with applicable rules and regulations;

(h) Provide business and marketing assistance to public and private sector entities within the state;

(i) Represent the state in regional and national market development issues and work to create a regional recycling development council that will work across either state or provincial borders, or both;

(j) Wherever necessary, the center must work with: Material recovery facility operators; public and private sector recycling and solid waste industries; packaging manufacturers and retailers; local governments; environmental organizations; interested colleges and universities; and state agencies, including the department of commerce and the utilities and transportation commission; and

(k) Report to the legislature and the governor each even-numbered year on the progress of achieving the center's purpose and performing the center's activities, including any effects on state recycling rates or rates of utilization of postconsumer materials in manufactured products that can reasonably be attributed, at least in part, to the activities of the center.

Moneys in the account may be spent only after appropriation. Expenditures from the waste reduction, recycling, and litter control account shall be used as follows:

(a) ~~((Fifty))~~ Forty percent to the department of ecology, primarily for use by the departments of ecology, natural resources, revenue, transportation, and corrections, and the parks and recreation commission, for ~~((use in))~~ litter collection programs ~~((to be distributed))~~ under RCW 70.93.220. The amount to the department of ecology shall also be used for a central coordination function for litter control efforts statewide; to support employment of youth in litter cleanup as intended in RCW 70.93.020, and for litter pick up using other authorized agencies; and for statewide public awareness programs under RCW 70.93.200(7) ~~((and to support employment of youth in litter cleanup as intended in RCW 70.93.020, and for litter pick up using other authorized agencies))~~. The amount to the department shall also be used to defray the costs of administering the funding, coordination, and oversight of local government programs for waste reduction, litter control, recycling, and composting so that local governments can apply one hundred percent of their funding to achieving program goals. The amount to the department of revenue shall be used to enforce compliance with the litter tax imposed in chapter 82.19 RCW;

(b)(i) Twenty percent to the department for local government funding programs for waste reduction, litter control, recycling activities, and composting activities by cities and counties under RCW 70.93.250, to be administered by the department of ecology; (ii) any unspent funds under (b)(i) of this subsection may be used to create and pay for a matching fund competitive grant program to be used by local governments for the development and implementation of contamination reduction and outreach plans for inclusion in comprehensive solid waste management plans or by local governments and nonprofit organizations for local or statewide education programs designed to help the public with litter control, waste reduction, recycling, and composting of primarily the products taxed under chapter 82.19 RCW. Grants must adhere to the following requirements: (A) No grant may exceed sixty thousand dollars; (B) grant recipients shall match the grant funding allocated by the department by an amount equal to twenty-five percent of eligible expenses. A local government's share of these costs may be met by cash or contributed services; (C) the obligation of the department to make grant payments is contingent upon the availability of the amount of money appropriated for this subsection (1)(b); and (D) grants are managed under the guidelines for existing grant programs; and

(c) ~~((Thirty))~~ Forty percent to the department of ecology to: (i) Implement activities under RCW 70.93.200 for waste reduction, recycling, and composting efforts; (ii) provide technical assistance to local governments ~~((for))~~ and commercial ~~((business and residential))~~ businesses to increase recycling markets and recycling and composting

(2) All taxes imposed in RCW 82.19.010 and fines and bail forfeitures collected or received pursuant to this chapter shall be deposited in the waste reduction, recycling, and litter control account and used for the programs under subsection (1) of this section.

(3) Not less than five percent and no more than ten percent of the amount appropriated into the waste reduction, recycling, and litter control account every biennium shall be reserved for capital needs, including the purchase of vehicles for transporting crews and for collecting litter and solid waste. Capital funds shall be distributed among state agencies and local governments according to the same criteria provided in RCW 70.93.220 for the remainder of the funds, so that the most effective waste reduction, litter control, recycling, and composting programs receive the most funding. The intent of this subsection is to provide funds for the purchase of equipment that will enable the department to account for the greatest return on investment in terms of reaching a zero litter goal.

(4) Funds in the waste reduction, recycling, and litter control account, collected under chapter 82.19 RCW, must be prioritized for the products identified under RCW 82.19.020 solely for the purposes of recycling, composting, and litter collection, reduction, and control programs.

(3) A program for the orderly development of solid waste handling facilities in a manner consistent with the plans for the entire county which shall:

(a) Meet the minimum functional standards for solid waste handling adopted by the department and all laws and regulations relating to air and water pollution, fire prevention, flood control, and protection of public health;

(b) Take into account the comprehensive land use plan of each jurisdiction;

(4) A program for surveillance and control.

(5) A current inventory and description of solid waste collection needs and operations within each respective jurisdiction which shall include:

(a) Any franchise for solid waste collection granted by the utilities and transportation commission in the respective jurisdictions including the name of the holder of the franchise and the address of his or her place of business and the area covered by the franchise;

(b) Any city solid waste operation within the county and the boundaries of such operation;

(c) The population density of each area serviced by a city operation or by a franchised operation within the respective jurisdictions;

(d) The projected solid waste collection needs for the respective jurisdictions for the next six years.

(6) A comprehensive waste reduction and recycling element that, in accordance with the priorities established in RCW 70.95.010, provides programs that (a) reduce the amount of waste generated, (b) provide incentives and mechanisms for source separation, and (c) establish recycling opportunities for the source separated waste.

(7) The waste reduction and recycling element shall include the following:

(a) Waste reduction strategies;

(b) Source separation strategies, including:

(i) Programs for the collection of source separated materials from residences in urban and rural areas. In urban areas, these programs shall include collection of source separated recyclable materials from single and multiple-family residences, unless the department approves an alternative program, according to the criteria in the planning guidelines. Such criteria shall include: Anticipated recovery rates and levels of public participation, availability of environmentally sound disposal capacity, access to markets for recyclable materials, unreasonable cost impacts on the ratepayer over the six-year planning period, utilization of environmentally sound waste reduction and recycling technologies, and other factors as appropriate. In rural areas, these programs shall include but not be limited to drop-off boxes, buy-back centers, or a combination of both, at each solid waste transfer, processing, or disposal site, or at locations convenient to the residents of the county. The drop-off boxes and buy-back centers may be owned or operated by public, nonprofit, or private persons;

(ii) Programs to monitor the collection of source separated waste at nonresidential sites where there is sufficient density to sustain a program;

(iii) Programs to collect yard waste, if the county or city submitting the plan finds that there are adequate markets or capacity for composted yard waste within or near the

service area to consume the majority of the material collected; and

(iv) Programs to educate and promote the concepts of waste reduction and recycling;

(c) Recycling strategies, including a description of markets for recyclables, a review of waste generation trends, a description of waste composition, a discussion and description of existing programs and any additional programs needed to assist public and private sector recycling, and an implementation schedule for the designation of specific materials to be collected for recycling, and for the provision of recycling collection services;

(d) Other information the county or city submitting the plan determines is necessary.

(8) An assessment of the plan's impact on the costs of solid waste collection. The assessment shall be prepared in conformance with guidelines established by the utilities and transportation commission. The commission shall cooperate with the Washington state association of counties and the association of Washington cities in establishing such guidelines.

(9) A review of potential areas that meet the criteria as outlined in RCW 70.95.165.

(10) A contamination reduction and outreach plan. The contamination reduction and outreach plan must address reducing contamination in recycling. Except for counties with a population of twenty-five thousand or fewer, by July 1, 2021, a contamination reduction and outreach plan must be included in each solid waste management plan by a plan amendment or included when revising or updating a solid waste management plan developed under this chapter. Jurisdictions may adopt the state's contamination reduction and outreach plan as developed under RCW 70.95.100 in lieu of creating their own plan. A recycling contamination reduction and outreach plan must include the following:

(a) A list of actions for reducing contamination in recycling programs for single-family and multiple-family residences, commercial locations, and drop boxes depending on the jurisdictions system components;

(b) A list of key contaminants identified by the jurisdiction or identified by the department;

(c) A discussion of problem contaminants and the contaminants' impact on the collection system;

(d) An analysis of the costs and other impacts associated with contaminants to the recycling system; and

(e) An implementation schedule and details of how outreach is to be conducted. Contamination reduction education methods may include sharing community-wide messaging through newsletters, articles, mailers, social media, web sites, or community events, informing recycling drop box customers about contamination, and improving signage.

**Sec. 7.** RCW 70.95.100 and 1989 c 431 s 6 are each amended to read as follows:

(1) The department or the commission, as appropriate, shall provide to counties and cities technical assistance including, but not limited to, planning guidelines, in the preparation, review, and revision of solid waste management plans required by this chapter. Guidelines prepared under this section shall be consistent with the provisions of this chapter. Guidelines for the preparation of the waste reduction and recycling element of the comprehensive solid waste management plan shall be completed by the department by March 15, 1990. These guidelines shall provide recommendations to local government on materials to be considered for designation as recyclable materials. The state solid waste management plan prepared pursuant to RCW 70.95.260 shall be consistent with these guidelines.

(2) The department shall be responsible for development and implementation of a comprehensive statewide public information program designed to encourage waste reduction, source separation, and recycling by the public. The department shall operate a toll free hotline to provide the public information on waste reduction and recycling.

(3) The department shall provide technical assistance to local governments in the development and dissemination of informational materials and related activities to assure recognition of unique local waste reduction and recycling programs.

(4)(a) The department must create and implement a statewide recycling contamination reduction and outreach plan based on best management practices for recycling, developed with stakeholder input by July 1, 2020. Jurisdictions may use the statewide plan in lieu of developing their own plan.

(b) The department must provide technical assistance and create guidance to help local jurisdictions determine the extent of contamination in their regional recycling and to develop contamination reduction and outreach plans. Contamination means any material not included on the local jurisdiction's acceptance list.

(c) Contamination reduction education methods may include sharing community-wide messaging through newsletters, articles, mailers, social media, web sites, or community events, informing recycling drop box customers about contamination, and improving signage.

Any county may apply to the department on a form prescribed thereby for financial aid for the preparation and implementation of the comprehensive county plan for solid waste management required by RCW 70.95.080, including contamination reduction and outreach plans. Any city electing to prepare an independent city plan, a joint city plan, or a joint county-city plan for solid waste management for inclusion in the county comprehensive plan may apply for financial aid for such purpose through the county. Every city application for financial aid for planning shall be filed with the county auditor and shall be included as a part of the county's application for financial aid. Any city preparing an independent plan shall provide for disposal sites wholly within its jurisdiction.

The department shall allocate to the counties and cities applying for financial aid for planning and implementation, including contamination reduction and outreach plan development and implementation, such funds as may be available pursuant to legislative appropriations or from any federal grants for such purpose.

The department shall determine priorities and allocate available funds among the counties and cities applying for aid according to criteria established by regulations of the department considering population, urban development, environmental effects of waste disposal, existing waste handling practices, and the local justification of their proposed expenditures.

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1561 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.216.015 and 2018 c 58 s 76 and 2018 c 51 s 1 are each reenacted and amended to read as follows:

(1)(a) The department of children, youth, and families is created as an executive branch agency. The department is vested with all powers and duties transferred to it under chapter 6, Laws of 2017 3rd sp. sess. and such other powers and duties as may be authorized by law. The vision for the department is that Washington state's children and youth grow up safe and healthy—thriving physically, emotionally, and academically, nurtured by family and community.

(b) The department, in partnership with state and local agencies, tribes, and communities, shall protect children and youth from harm and promote healthy development with effective, high quality prevention, intervention, and early education services delivered in an equitable manner. An important role for the department shall be to provide preventative services to help secure and preserve families in crisis. The department shall partner with the federally recognized Indian tribes to develop effective services for youth and families while respecting the sovereignty of those tribes and the government-to-government relationship. Nothing in chapter 6, Laws of 2017 3rd sp. sess. alters the duties, requirements, and policies of the federal Indian child welfare act, 25 U.S.C. Secs. 1901 through 1963, as amended, or the Indian child welfare act, chapter 13.38 RCW.

(2) Beginning July 1, 2018, the department must develop definitions for, work plans to address, and metrics to measure the outcomes for children, youth, and families served by the department and must work with state agencies to ensure services for children, youth, and families are science-based, outcome-driven, data-informed, and collaborative.

(3)(a) Beginning July 1, 2018, the department must establish short and long-term population level outcome measure goals, including metrics regarding reducing disparities by family income, race, and ethnicity in each outcome.

(b) The department must report to the legislature on outcome measures, actions taken, progress toward these goals, and plans for the future year, no less than annually, beginning December 1, 2018.

(c) The outcome measures must include, but are not limited to:

(i) Improving child development and school readiness through voluntary, high quality early learning opportunities as measured by: (A) Increasing the number and proportion of children kindergarten-ready as measured by the Washington kindergarten inventory of developing skills (WAKids) assessment including mathematics; (B) increasing the proportion of children in early learning programs that have achieved the level 3 or higher early achievers quality standard; and (C) increasing the available supply of licensed child care in both child care centers and family homes, including providers not receiving state subsidy;

(ii) Preventing child abuse and neglect;

(iii) Improving child and youth safety, permanency, and well-being as measured by: (A) Reducing the number of children entering out-of-home care; (B) reducing a child's length of stay in out-of-home care; (C) reducing maltreatment of youth while in out-of-home care; (D) licensing more foster homes than there are children in foster care; (E) reducing the number of children that reenter out-of-home care within twelve months; (F) increasing the stability of placements for children in out-of-home care; and (G) developing strategies to demonstrate to foster families that their service and involvement is highly valued by the department, as demonstrated by the development of strategies to consult with foster families regarding future placement of a foster child currently placed with a foster family;

(iv) Improving reconciliation of children and youth with their families as measured by: (A) Increasing family reunification; and (B) increasing the number of youth who are reunified with their family of origin;

(v) In collaboration with county juvenile justice programs, improving adolescent outcomes including reducing multisystem involvement and homelessness; and increasing school graduation rates and successful transitions to adulthood for youth involved in the child welfare and juvenile justice systems;

(vi) Reducing future demand for mental health and substance use disorder treatment for youth involved in the child welfare and juvenile justice systems;

(vii) In collaboration with county juvenile justice programs, reducing criminal justice involvement and recidivism as measured by: (A) An increase in the number of youth who successfully complete the terms of diversion or alternative sentencing options; (B) a decrease in the number of youth who commit subsequent crimes; and (C) eliminating the discharge of youth from institutional settings into homelessness; and

(viii) Reducing racial and ethnic disproportionality and disparities in system involvement and across child and youth outcomes in collaboration with other state agencies.

(4) Beginning July 1, 2018, the department must:

(a) Lead ongoing collaborative work to minimize or eliminate systemic barriers to effective, integrated services in collaboration with state agencies serving children, youth, and families;

(b) Identify necessary improvements and updates to statutes relevant to their responsibilities and proposing legislative changes to the governor no less than biennially;

(c) Help create a data-focused environment in which there are aligned outcomes and shared accountability for achieving those outcomes, with shared, real-time data that is accessible to authorized persons interacting with the family, child, or youth to identify what is needed and which services would be effective;

(d) Lead the provision of state services to adolescents, focusing on key transition points for youth,

including exiting foster care and institutions, and coordinating with the office of homeless youth prevention and protection programs to address the unique needs of homeless youth; and

(e) Create and annually update a list of the rights and responsibilities of foster parents in partnership with foster parent representatives. The list of foster parent rights and responsibilities must be posted on the department's web site, provided to individuals participating in a foster parent orientation before licensure, provided to foster parents in writing at the time of licensure, and provided to foster parents applying for license renewal.

(5) The department is accountable to the public. ~~(8))~~ The department must execute all new and renewed contracts for services in accordance with this section and consistent with RCW 74.13B.020. When contracted services are managed through a network administrator or other third party, the department must execute data-sharing agreements with the entities managing the contracts to track provider performance measures. Contracts with network administrators or other third parties must provide the contract administrator the ability to shift resources from one provider to another, to evaluate individual provider performance, to add or delete services in consultation with the department, and to reinvest savings from increased efficiencies into new or improved services in their catchment area. Whenever possible, contractor performance data must be made available to the public, consistent with confidentiality laws and individual rights to privacy.

~~((9))~~ (8)(a) The ~~((oversight)) board ((for children, youth, and families))~~ shall begin its work and call the first meeting of the board on or after July 1, 2018. #### MESSAGE FROM THE SENATE

April 12, 2019

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1575 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 4.24 RCW to read as follows:

(1) The legislature finds and declares application of this section to pending claims and actions clarifies existing state law rather than changes it. Public employees who paid agency or fair share fees as a condition of public employment in accordance with state law and supreme court precedent before June 27, 2018, had no legitimate expectation of receiving that money under any available cause of action. Public employers and employee organizations who relied on, and abided by, state law and supreme court precedent in deducting and accepting those fees were not liable to refund them. Agency or fair share fees paid for collective bargaining representation that employee organizations were obligated by state law to provide to public employees. Application of this section to pending claims will preserve, rather than interfere with, important reliance interests.

(2) Public employers and an employee organization, or any of their employees or agents, are not liable for, and have a complete defense to, any claims or actions under the law of this state for requiring, deducting, receiving, or retaining agency or fair share fees from public employees, and current or former public employees do not have standing to pursue these claims or actions, if the fees were permitted at the time under the laws of this state then in force and paid, through payroll deduction or otherwise, before June 27, 2018.

(a) This section applies to all claims and actions pending on the effective date of this section, and to claims and actions filed on or after the effective date of this section.

(b) This section may not be interpreted to infer that any relief made unavailable by this section would otherwise be available.

(3) This section is necessary to provide certainty to public employers and employee organizations that relied on state law, and to avoid disruption of public employee labor relations, after the supreme court's decision in *Janus v. American Federation of State, County, and Municipal Employees, Council 31* (2018) 138 S.Ct. 2448.

(4) For purposes of this section:

(a) "Employee organization" means any organization that functioned as an exclusive collective bargaining representative for public employees under any statute, ordinance, regulation, or other state or local law, and any labor organization with which it was affiliated.

(b) "Public employer" means any public employer including, but not limited to, the state, a court, a city, a county, a city and county, a school district, a community college district, an institution of higher education and its board or regents, a transit district, any public authority, any public agency, any other political subdivision or public corporation, or any other entity considered a public employer for purposes of the labor relations statutes of Washington.

**Sec. 2.** RCW 28B.52.020 and 1991 c 238 s 146 are each amended to read as follows:

As used in this chapter:

(1) "Employee organization" means any organization which includes as members the academic employees of a college district and which has as one of its purposes the representation of the employees in their employment relations with the college district.

(2) "Academic employee" means any teacher, counselor, librarian, or department head, who is employed by any college district, whether full or part time, with the exception of the chief administrative officer of, and any administrator in, each college district.

(3) "Administrator" means any person employed either full or part time by the college district and who performs administrative functions as at least fifty percent or more of his or her assignments, and has responsibilities to hire, dismiss, or discipline other employees. Administrators shall not be members of the bargaining unit unless a majority of such administrators and a majority of the bargaining unit elect by secret ballot for such inclusion pursuant to rules as adopted in accordance with RCW 28B.52.080.

(4) "Commission" means the public employment relations commission.

(5) "Unfair labor practice" means any unfair labor practice listed in RCW 28B.52.073.

(6) ("~~Union security provision" means a provision in a collective bargaining agreement under which some or all employees in the bargaining unit may be required, as a condition of continued employment on or after the thirtieth~~

~~day following the beginning of such employment or the effective date of the provision, whichever is later, to become a member of the exclusive bargaining representative or pay an agency fee equal to the periodic dues and initiation fees uniformly required as a condition of acquiring or retaining membership in the exclusive bargaining representative.~~

~~(7))~~ "Exclusive bargaining representative" means any employee organization which has:

(a) Been certified or recognized under this chapter as the representative of the employees in an appropriate collective bargaining unit; or

(b) Before July 26, 1987, been certified or recognized under a predecessor statute as the representative of the employees in a bargaining unit which continues to be appropriate under this chapter.

~~((8))~~ (7) "Collective bargaining" and "bargaining" mean the performance of the mutual obligation of the representatives of the employer and the exclusive bargaining representative to meet at reasonable times to bargain in good faith in an effort to reach agreement with respect to wages, hours, and other terms and conditions of employment, such as procedures related to nonretention, dismissal, denial of tenure, and reduction in force. Prior law, practice, or interpretation shall be neither restrictive, expansive, nor determinative with respect to the scope of bargaining. A written contract incorporating any agreements reached shall be executed if requested by either party. The obligation to bargain does not compel either party to agree to a proposal or to make a concession.

In the event of a dispute between an employer and an exclusive bargaining representative over the matters that are terms and conditions of employment, the commission shall decide which items are mandatory subjects for bargaining.

**Sec. 3.** RCW 28B.52.030 and 1991 c 238 s 147 are each amended to read as follows:

Representatives of an employee organization, which organization shall by secret ballot have won a majority in an election to represent the academic employees within its college district, shall have the right to bargain (~~as defined in RCW 28B.52.020(8)~~).

**Sec. 4.** RCW 28B.52.025 and 1987 c 314 s 5 are each amended to read as follows:

Employees have the right to self-organization, to form, join, or assist employee organizations, to bargain collectively through representatives of their own choosing, and also have the right to refrain from any or all of these activities (~~except to the extent that employees may be required to make payments to an exclusive bargaining representative or charitable organization under a union security provision authorized in this chapter~~).

NEW SECTION. Sec. 5. A new section is added to chapter 28B.52 RCW to read as follows:

(1)(a) An employee's written, electronic, or recorded voice authorization to have the employer deduct membership dues from the employee's salary must be made by the employee to the exclusive bargaining representative. If the employer receives a request for authorization of deductions, the employer shall as soon as practicable forward the request to the exclusive bargaining representative.

(b) Upon receiving notice of the employee's authorization from the exclusive bargaining representative, the employer shall deduct from the employee's salary membership dues and remit the amounts to the exclusive bargaining representative.

(c) The employee's authorization remains in effect until expressly revoked by the employee in accordance with the terms and conditions of the authorization.

(2)(a) An employee's request to revoke authorization for payroll deductions must be in writing and submitted by the employee to the exclusive bargaining representative in accordance with the terms and conditions of the authorization.

(b) After the employer receives confirmation from the exclusive bargaining representative that the employee has revoked authorization for deductions, the employer shall end the deduction no later than the second payroll after receipt of the confirmation.

(3) The employer shall rely on information provided by the exclusive bargaining representative regarding the authorization and revocation of deductions.

**Sec. 6.** RCW 28B.52.045 and 2018 c 247 s 1 are each amended to read as follows:

~~(1)((a) A collective bargaining agreement may include union security provisions, but not a closed shop.~~

~~(b)) Upon ((written)) authorization of an employee within the bargaining unit and after the certification or recognition of the bargaining unit's exclusive bargaining representative, the employer must deduct from the payments to the employee the monthly amount of dues as certified by the secretary of the exclusive bargaining representative and must transmit the same to the treasurer of the exclusive bargaining representative.~~

~~((e)) (2) If the employer and the exclusive bargaining representative of a bargaining unit enter into a collective bargaining agreement that((:~~

~~(i) Includes a union security provision authorized under (a) of this subsection, the employer must enforce the agreement by deducting from the payments to bargaining unit members the dues required for membership in the exclusive bargaining representative, or, for nonmembers thereof, a fee equivalent to the dues; or~~

~~(ii)) includes requirements for deductions of other payments ((other than the deduction under (e)(i) of this~~

~~subsection)), the employer must make such deductions upon ((written)) authorization of the employee.~~

~~((2) An employee who is covered by a union security provision and who asserts a right of nonassociation based on bona fide religious tenets or teachings of a church or religious body of which such employee is a member shall pay to a nonreligious charity or other charitable organization an amount of money equivalent to the periodic dues and initiation fees uniformly required as a condition of acquiring or retaining membership in the exclusive bargaining representative. The charity shall be agreed upon by the employee and the employee organization to which such employee would otherwise pay the dues and fees. The employee shall furnish written proof that such payments have been made. If the employee and the employee organization do not reach agreement on such matter, the commission shall designate the charitable organization.))~~

**Sec. 7.** RCW 41.56.060 and 2005 c 232 s 1 are each amended to read as follows:

(1) The commission, after hearing upon reasonable notice, shall decide in each application for certification as an exclusive bargaining representative, the unit appropriate for the purpose of collective bargaining. In determining, modifying, or combining the bargaining unit, the commission shall consider the duties, skills, and working conditions of the public employees; the history of collective bargaining by the public employees and their bargaining representatives; the extent of organization among the public employees; and the desire of the public employees. The commission shall determine the bargaining representative by: (a) Examination of organization membership rolls; (b) comparison of signatures on organization bargaining authorization cards, as provided under section 8 of this act; or (c) conducting an election specifically therefor.

(2) For classified employees of school districts and educational service districts:

(a) Appropriate bargaining units existing on July 24, 2005, may not be divided into more than one unit without the agreement of the public employer and the certified bargaining representative of the unit; and

(b) In making bargaining unit determinations under this section, the commission must consider, in addition to the factors listed in subsection (1) of this section, the avoidance of excessive fragmentation.

NEW SECTION. Sec. 8. A new section is added to chapter 41.56 RCW to read as follows:

(1) Except as provided under subsection (2) of this section, if only one employee organization is seeking certification as the exclusive bargaining representative of a bargaining unit for which there is no incumbent exclusive bargaining representative, the commission may determine the question concerning representation by conducting a cross-check comparing the employee organization's membership records or bargaining authorization cards against the employment records of the employer. A

determination through a cross-check process may be made upon a showing of interest submitted in support of the exclusive bargaining representative by more than fifty percent of the employees. The commission may adopt rules to implement this section.

(2) This section does not apply to those employees under RCW 41.56.026, 41.56.028, 41.56.029, and 41.56.510.

**Sec. 9.** RCW 41.56.110 and 2018 c 247 s 2 are each amended to read as follows:

(1) Upon the ~~((written))~~ authorization of an employee within the bargaining unit and after the certification or recognition of the bargaining unit's exclusive bargaining representative, the employer shall deduct from the payments to the employee the monthly amount of dues as certified by the secretary of the exclusive bargaining representative and shall transmit the same to the treasurer of the exclusive bargaining representative.

(2)(a) An employee's written, electronic, or recorded voice authorization to have the employer deduct membership dues from the employee's salary must be made by the employee to the exclusive bargaining representative. If the employer receives a request for authorization of deductions, the employer shall as soon as practicable forward the request to the exclusive bargaining representative.

(b) Upon receiving notice of the employee's authorization from the exclusive bargaining representative, the employer shall deduct from the employee's salary membership dues and remit the amounts to the exclusive bargaining representative.

(c) The employee's authorization remains in effect until expressly revoked by the employee in accordance with the terms and conditions of the authorization.

(3)(a) An employee's request to revoke authorization for payroll deductions must be in writing and submitted by the employee to the exclusive bargaining representative in accordance with the terms and conditions of the authorization.

(b) After the employer receives confirmation from the exclusive bargaining representative that the employee has revoked authorization for deductions, the employer shall end the deduction no later than the second payroll after receipt of the confirmation.

(4) The employer shall rely on information provided by the exclusive bargaining representative regarding the authorization and revocation of deductions.

(5) If the employer and the exclusive bargaining representative of a bargaining unit enter into a collective bargaining agreement that(±

~~(a) Includes a union security provision authorized under RCW 41.56.122, the employer must enforce the agreement by deducting from the payments to bargaining unit members the dues required for membership in the~~

~~exclusive bargaining representative, or, for nonmembers thereof, a fee equivalent to the dues; or~~

~~(b))) includes requirements for deductions of other payments ((other than the deduction under (a) of this subsection)), the employer must make such deductions upon ((written)) authorization of the employee.~~

**Sec. 10.** RCW 41.56.113 and 2018 c 278 s 29 are each amended to read as follows:

(1) This subsection (1) applies only if the state makes the payments directly to a provider.

(a) Upon the ~~((written))~~ authorization of an individual provider who contracts with the department of social and health services, a family child care provider, an adult family home provider, or a language access provider within the bargaining unit and after the certification or recognition of the bargaining unit's exclusive bargaining representative, the state as payor, but not as the employer, shall, subject to (c) of this subsection, deduct from the payments to an individual provider who contracts with the department of social and health services, a family child care provider, an adult family home provider, or a language access provider the monthly amount of dues as certified by the secretary of the exclusive bargaining representative and shall transmit the same to the treasurer of the exclusive bargaining representative.

(b) If the commission determines that a serious unfair labor practice has been committed which interfered with the election process and precludes the holding of a fair election, the commission may determine the question concerning representation by conducting a cross-check comparing the employee organization's membership records or bargaining authorization cards against the employment records of the employer.

(c) The commission may adopt rules to implement this subsection (6).

(7) The representation election ballot must contain a choice for each employee organization qualifying under subsection (3) or (5) of this section, together with a choice for no representation. The representation election shall be determined by the majority of the valid ballots cast. If there are three or more choices on the ballot and none of the three or more choices receives a majority of the valid ballots cast, a runoff election shall be conducted between the two choices receiving the highest and second highest numbers of votes.

(8) The commission shall certify as the exclusive bargaining representative the employee organization that has been determined to represent a majority of faculty members in a bargaining unit.

**Sec. 14.** RCW 41.76.045 and 2018 c 247 s 4 are each amended to read as follows:

(c) Upon receiving notice of the employee's authorization from the exclusive bargaining representative, the employer shall deduct from the employee's salary membership dues and remit the amounts to the exclusive bargaining representative.

(d) The employee's authorization remains in effect until expressly revoked by the employee in accordance with the terms and conditions of the authorization.

(e) An employee's request to revoke authorization for payroll deductions must be in writing and submitted by the employee to the exclusive bargaining representative in accordance with the terms and conditions of the authorization.

(f) After the employer receives confirmation from the exclusive bargaining representative that the employee has revoked authorization for deductions, the employer shall end the deduction no later than the second payroll after receipt of the confirmation.

(g) The employer shall rely on information provided by the exclusive bargaining representative regarding the authorization and revocation of deductions.

(2) If the employer and the exclusive bargaining representative of a bargaining unit enter into a collective bargaining agreement that~~((:~~

~~(i) Includes a union security provision authorized under (a) of this subsection, the employer must enforce the agreement by deducting from the payments to bargaining unit members the dues required for membership in the exclusive bargaining representative, or, for nonmembers thereof, a fee equivalent to the dues; or~~

The charity shall be agreed upon by the faculty member and the employee organization to which such faculty member would otherwise pay the dues and fees. The faculty member shall furnish written proof that such payments have been made. If the faculty member and the employee organization do not reach agreement on such matter, the dispute shall be submitted to the commission for determination.))~~

**Sec. 15.** RCW 41.80.050 and 2002 c 354 s 306 are each amended to read as follows:

Except as may be specifically limited by this chapter, employees shall have the right to self-organization, to form, join, or assist employee organizations, and to bargain collectively through representatives of their own choosing for the purpose of collective bargaining free from interference, restraint, or coercion. Employees shall also have the right to refrain from any or all such activities (~~(except to the extent that they may be required to pay a fee to an exclusive bargaining representative under a union security provision authorized by this chapter)~~).

**NEW SECTION. Sec. 16.** A new section is added to chapter 41.80 RCW to read as follows:

If only one employee organization is seeking certification as exclusive bargaining representative of a bargaining unit for which there is no incumbent exclusive bargaining representative, the commission may determine the question concerning representation by conducting a cross-check comparing the employee organization's membership records or bargaining authorization cards against the employment records of the employer. A determination through a cross-check process may be made upon a showing of interest submitted in support of the exclusive bargaining representative by more than fifty percent of the employees. The commission may adopt rules to implement this section.

**Sec. 17.** RCW 41.80.080 and 2002 c 354 s 309 are each amended to read as follows:

(1) The commission shall determine all questions pertaining to representation and shall administer all elections and cross-check procedures, and be responsible for the processing and adjudication of all disputes that arise as a consequence of elections and cross-check procedures. The

- (d) Absentee voting;

- (g) Election observers.

(2)(a) If an employee organization has been certified as the exclusive bargaining representative of the employees of a bargaining unit, the employee organization may act for and negotiate master collective bargaining agreements that will include within the coverage of the agreement all employees in the bargaining unit as provided in RCW 41.80.010(2)(a). However, if a master collective bargaining agreement is in effect for the exclusive bargaining representative, it shall apply to the bargaining unit for which the certification has been issued. Nothing in this section requires the parties to engage in new negotiations during the term of that agreement.

(b) This subsection (2) does not apply to exclusive bargaining representatives who represent employees of institutions of higher education.

(3) The certified exclusive bargaining representative shall be responsible for representing the interests of all the employees in the bargaining unit. This section shall not be construed to limit an exclusive representative's right to exercise its discretion to refuse to process grievances of employees that are unmeritorious.

(4) No question concerning representation may be raised if:

- (a) Fewer than twelve months have elapsed since the last certification or election; or
- (b) A valid collective bargaining agreement exists covering the unit, except for that period of no more than one hundred twenty calendar days nor less than ninety calendar days before the expiration of the contract.

**Sec. 18.** RCW 41.80.100 and 2018 c 247 s 5 are each amended to read as follows:

(1) ~~((A collective bargaining agreement may contain a union security provision requiring as a condition of employment the payment, no later than the thirtieth day following the beginning of employment or July 1, 2004, whichever is later, of an agency shop fee to the employee organization that is the exclusive bargaining representative for the bargaining unit in which the employee is employed. The amount of the payments shall be equal to the periodic dues and fees uniformly required as a condition of acquiring or retaining membership in the employee organization minus any included monthly premiums for insurance programs sponsored by the employee organization. The employee shall not be a member of the employee organization but is entitled to all the representation rights of a member of the employee organization.~~

(e) An employee's request to revoke authorization for payroll deductions must be in writing and submitted by the employee to the exclusive bargaining representative in accordance with the terms and conditions of the authorization.

(f) After the employer receives confirmation from the exclusive bargaining representative that the employee has revoked authorization for deductions, the employer shall end the deduction no later than the second payroll after receipt of the confirmation.

(2) If a public transportation benefit area meeting the requirements of RCW 36.57A.200 has voter approval to operate passenger-only ferry service, it may enter into an agreement with Washington State Ferries to rent, lease, or purchase passenger-only vessels, related equipment, or terminal space for purposes of loading and unloading the passenger-only ferry. Charges for the vessels, equipment, and space must be fair market value taking into account the public benefit derived from the ferry service. A benefit area or subcontractor of that benefit area that qualifies under this subsection is not subject to the restrictions of subsection (1) of this section, but is subject to:

(a) The terms of those collective bargaining agreements that it or its subcontractors negotiate with the exclusive bargaining representatives of its or its subcontractors' employees under chapter 41.56 RCW or the National Labor Relations Act, as applicable;

Charges for the vessels, equipment, and space must be fair market value taking into account the public benefit derived from the ferry service. A ferry district or subcontractor of that district that qualifies under this subsection is not subject to the restrictions of subsection (1) of this section, but is subject to:

(a) The terms of those collective bargaining agreements that it or its subcontractors negotiate with the exclusive bargaining representatives of its or its subcontractors' employees under chapter 41.56 RCW or the national labor relations act, as applicable;

(b) Unless otherwise prohibited by federal or state law, a requirement that the ferry district and any contract with its subcontractors, give preferential hiring to former employees of the department of transportation who separated from employment with the department because of termination of the ferry service by the state of Washington; and

(c) Unless otherwise prohibited by federal or state law, a requirement that the ferry district and any contract with its subcontractors, on any questions concerning representation of employees for collective bargaining purposes, may be determined by conducting a cross-check comparing an employee organization's membership records or bargaining authorization cards against the employment records of the employer.

(4) The department of transportation shall make its terminal, dock, and pier space available to private operators of passenger-only ferries if the space can be made available without limiting the operation of car ferries operated by the department. These private operators are not bound by the provisions of subsection (1) of this section. #### MESSAGE FROM THE SENATE

April 12, 2019

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1578 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that a variety of existing policies designed to reduce the risk of oil spills have helped contribute to a relatively strong safety record for oil moved by water, pipeline, and train in recent years in Washington state. Nevertheless, gaps exist in our safety regimen, especially deriving from shifts in the modes of overwater transportation of oil and the increased transport of oils that may submerge or sink, contributing to an unacceptable threat to Washington waters, where a catastrophic spill would inflict potentially irreversible damage on the endangered southern resident killer whales. In addition to the unique marine and cultural resources in Puget Sound that would be damaged by an oil spill, the geographic, bathometric, and other environmental peculiarities of Puget Sound present navigational challenges that heighten the risk of an oil spill incident occurring. Therefore, it is the intent of the legislature to enact certain new safety requirements designed to reduce the current, acute risk from existing infrastructure and activities of an oil spill that could eradicate our whales, violate the treaty interests and fishing rights of potentially affected federally recognized Indian tribes, damage commercial fishing prospects, undercut many aspects of the economy that depend on the Salish Sea, and otherwise harm the health and well-being of Washington residents. In enacting such measures, however, it is not the intent of the legislature to mitigate, offset, or otherwise encourage additional projects or activities that would increase the frequency or severity of oil spills in the Salish Sea. Furthermore, it is the intent of the legislature for this act to assist in coordinating enhanced international discussions among federal, state, provincial, first nation, federally recognized Indian tribe, and industry leaders in the United States and Canada to develop an agreement for an additional emergency rescue tug available to vessels in distress in the narrow Straits of the San Juan Islands and other boundary waters, which would lessen oil spill risks to the marine environment in both the United States and Canada.

**Sec. 2.** RCW 88.16.190 and 1994 c 52 s 1 are each amended to read as follows:

(1) Any oil tanker, whether enrolled or registered, of greater than one hundred ((and)) twenty-five thousand deadweight tons shall be prohibited from proceeding beyond

a point east of a line extending from Discovery Island light south to New Dungeness light, unless authorized by the United States coast guard, pursuant to 33 C.F.R. Sec. 165.1303.

~~(2) ((An oil tanker, whether enrolled or registered, of forty to one hundred and twenty five thousand deadweight tons may proceed beyond the points enumerated in subsection (1) if such tanker possesses all of the following standard safety features:~~

~~(a) Shaft horsepower in the ratio of one horsepower to each two and one half deadweight tons; and~~

~~(b) Twin screws; and~~

~~(c) Double bottoms, underneath all oil and liquid cargo compartments; and~~

~~(d) Two radars in working order and operating, one of which must be collision avoidance radar; and~~

~~(e) Such other navigational position location systems as may be prescribed from time to time by the board of pilotage commissioners:~~

~~PROVIDED, That, if such forty to one hundred and twenty five thousand deadweight ton tanker is in ballast or is under escort of a tug or tugs with an aggregate shaft horsepower equivalent to five percent of the deadweight tons of that tanker, subsection (2) of this section shall not apply: PROVIDED FURTHER, That additional tug shaft horsepower equivalencies may be required under certain conditions as established by rule and regulation of the Washington utilities and transportation commission pursuant to chapter 34.05 RCW: PROVIDED FURTHER, That) (a)(i) An oil tanker of forty to one hundred twenty-five thousand deadweight tons may operate in the waters east of a line extending from Discovery Island light south to New Dungeness light and all points in the Puget Sound area, including but not limited to the San Juan Islands and connected waterways and the waters south of Admiralty Inlet, to the extent that these waters are within the territorial boundaries of Washington, only if the oil tanker is under the escort of a tug or tugs that have an aggregate shaft horsepower equivalent to at least five percent of the deadweight tons of the escorted oil tanker.~~

~~(ii) Effective September 1, 2020, the following may operate in Rosario Strait and connected waterways to the east only if under the escort of a tug or tugs that have an aggregate shaft horsepower equivalent to at least five percent of the deadweight tons of a forty thousand deadweight ton oil tanker: (A) Oil tankers of between five thousand and forty thousand deadweight tons; and (B) both articulated tug barges and towed waterborne vessels or barges that are: (I) Designed to transport oil in bulk internal to the hull; and (II) greater than five thousand deadweight tons.~~

~~(iii) The requirements of (a)(ii) of this subsection: (A) Do not apply to vessels providing bunkering or refueling services; (B) do not apply to a towed general cargo deck barge; and (C) may be adjusted or suspended by rule by the board of pilotage commissioners, consistent with section 3(1)(c) of this act.~~

(b) An oil tanker, articulated tug barge, or towed waterborne vessel or barge in ballast or when unladen is not required to be under the escort of a tug.

(c) A tanker assigned a deadweight of less than forty thousand deadweight tons at the time of construction or reconstruction as reported in Lloyd's Register of Ships is not subject to the provisions of RCW 88.16.170 ((through 88.16.190)) and 88.16.180.

(3) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Articulated tug barge" means a tank barge and a towing vessel joined by hinged or articulated fixed mechanical equipment affixed or connecting to the stern of the tank barge.

(b) "Oil tanker" means a self-propelled deep draft tank vessel designed to transport oil in bulk. "Oil tanker" does not include an articulated tug barge tank vessel.

(c) "Towed general cargo deck barge" means a waterborne vessel or barge designed to carry cargo on deck.

(d) "Waterborne vessel or barge" means any ship, barge, or other watercraft capable of traveling on the navigable waters of this state and capable of transporting any crude oil or petroleum product in quantities of ten thousand gallons or more for purposes other than providing fuel for its motor or engine.

NEW SECTION. Sec. 3. A new section is added to chapter 88.16 RCW to read as follows:

(1)(a) By December 31, 2025, the board of pilotage commissioners, in consultation with the department of ecology, must adopt rules regarding tug escorts to address the peculiarities of Puget Sound for the following:

(i) Oil tankers of between five thousand and forty thousand deadweight tons; and

(ii) Both articulated tug barges and towed waterborne vessels or barges that are: (A) Designed to transport oil in bulk internal to the hull; and (B) greater than five thousand deadweight tons.

(b) The requirements of this section do not apply to:

(i) A towed general cargo deck barge; or

(ii) A vessel providing bunkering or refueling services.

(c) The rule making pursuant to (a) of this subsection must be for operating in the waters east of the line extending from Discovery Island light south to New Dungeness light and all points in the Puget Sound area. This rule making must address the tug escort requirements applicable to Rosario Strait and connected waterways to the east established in RCW 88.16.190(2)(a)(ii), and may adjust or suspend those requirements based on expertise developed under subsection (5) of this section.

(d) To achieve the rule adoption deadline in (a) of this subsection, the board of pilotage commissioners must adhere to the following interim milestones:

(i) By September 1, 2020, identify and define the zones, specified in subsection (3)(a) of this section, to inform the analysis required under subsection (5) of this section;

(ii) By December 31, 2021, complete a synopsis of changing vessel traffic trends; and

(iii) By September 1, 2023, consult with potentially affected federally recognized Indian treaty fishing tribes, other federally recognized treaty tribes with potentially affected interests, and stakeholders as required under subsection (6) of this section and complete the analysis required under subsection (5) of this section. By September 1, 2023, the department of ecology must submit a summary of the results of the analysis required under subsection (5) of this section to the legislature consistent with RCW 43.01.036.

(2) When developing rules, the board of pilotage commissioners must consider recommendations from potentially affected federally recognized Indian treaty fishing tribes, other federally recognized treaty tribes with potentially affected interests, and:

(a) The results of the most recently completed vessel traffic risk assessments;

(b) The report developed by the department of ecology as required under section 206, chapter 262, Laws of 2018;

(c) The recommendations included in the southern resident orca task force report, November 2018, and any subsequent research or reports on related topics;

(d) Changing vessel traffic trends, including the synopsis required under subsection (1)(d)(ii) of this section; and

(e) For any formally proposed draft rules or adopted rules, identified estimates of expected costs and benefits of the rule to:

(i) State government agencies to administer and enforce the rule; and

(ii) Private persons or businesses, by category of type of person or business affected.

(3) In the rules adopted under this section, the board of pilotage commissioners must:

(a) Base decisions for risk protection on geographic zones in the waters specified in subsection (1)(c) of this section. As the initial foci of the rules, the board of pilotage commissioners must equally prioritize geographic zones encompassing: (i) Rosario Strait and connected waterways to the east; and (ii) Haro Strait and Boundary Pass;

(b) Specify operational requirements, such as tethering, for tug escorts;

(c) Include functionality requirements for tug escorts, such as aggregate shaft horsepower for tethered tug escorts;

(d) Be designed to achieve best achievable protection, as defined in RCW 88.46.010, as informed by consideration of:

(i) Accident records in British Columbia and Washington waters;

(ii) Existing propulsion and design standards for covered tank vessels; and

(iii) The characteristics of the waterways; and

(e) Publish a document that identifies the sources of information that it relied upon in developing the rules, including any sources of peer-reviewed science and information submitted by tribes.

(4) The rules adopted under this section may not require oil tankers, articulated tug barges, or towed waterborne vessels or barges to be under the escort of a tug when these vessels are in ballast or are unladen.

(5) To inform rule making, the board of pilotage commissioners must conduct an analysis of tug escorts using the model developed by the department of ecology under section 4 of this act. The board of pilotage commissioners may:

(a) Develop scenarios and subsets of oil tankers, articulated tug barges, and towed waterborne vessels or barges that could preclude requirements from being imposed under the rule making for a given zone or vessel;

(b) Consider the benefits of vessel safety measures that are newly in effect on or after July 1, 2019, and prior to the adoption of rules under this section; and

(c) Enter into an interagency agreement with the department of ecology to assist with conducting the analysis and developing the rules, subject to each of the requirements of this section.

(6) The board of pilotage commissioners must consult with the United States coast guard, the Puget Sound harbor safety committee, potentially affected federally recognized Indian treaty fishing tribes, other federally recognized treaty tribes with potentially affected interests, ports, local governments, state agencies, and other appropriate entities before adopting tug escort rules applicable to any portion of Puget Sound. Considering relevant information elicited during the consultations required under this subsection, the board of pilotage commissioners must also design the rules with a goal of avoiding or minimizing additional underwater noise from vessels in the Salish Sea, focusing vessel traffic into established shipping lanes, protecting and minimizing vessel traffic impacts to established treaty fishing areas, and respecting and preserving the treaty-protected interests and fishing rights of potentially affected federally recognized Indian tribes.

(7) Rules adopted under this section must be periodically updated consistent with section 5 of this act.

(8) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Articulated tug barge" means a tank barge and a towing vessel joined by hinged or articulated fixed mechanical equipment affixed or connecting to the stern of the tank barge.

(b) "Oil tanker" means a self-propelled deep draft tank vessel designed to transport oil in bulk. "Oil tanker" does not include an articulated tug barge tank vessel.

(c) "Towed general cargo deck barge" means a waterborne vessel or barge designed to carry cargo on deck.

(d) "Waterborne vessels or barges" means any ship, barge, or other watercraft capable of traveling on the navigable waters of this state and capable of transporting any crude oil or petroleum product in quantities of ten thousand gallons or more for purposes other than providing fuel for its motor or engine.

NEW SECTION. **Sec. 4.** A new section is added to chapter 88.46 RCW to read as follows:

(1) The department must develop and maintain a model to quantitatively assess current and potential future risks of oil spills from covered vessels in Washington waters, as it conducts ongoing oil spill risk assessments. The department must consult with the United States coast guard, potentially affected federally recognized Indian treaty fishing tribes, other federally recognized treaty tribes with potentially affected interests, and stakeholders to: Determine model assumptions; develop scenarios to show the likely impacts of changes to model assumptions, including potential changes in vessel traffic, commodities transported, and vessel safety and risk reduction measures; and update the model periodically.

(2) Utilizing the model pursuant to subsection (1) of this section, the department must quantitatively assess whether an emergency response towing vessel serving Haro Strait, Boundary Pass, Rosario Strait, and connected navigable waterways will reduce oil spill risk. The department must report its findings to the legislature by September 1, 2023.

NEW SECTION. **Sec. 5.** A new section is added to chapter 88.46 RCW to read as follows:

(1) By October 1, 2028, and no less often than every ten years thereafter, the board of pilotage commissioners and the department must together consider:

(a) The effects of rules established under RCW 88.16.190 and section 3 of this act on vessel traffic patterns and oil spill risks in the Salish Sea. Factors considered must include modeling developed by the department under section 4 of this act and may include: (i) Vessel traffic data; (ii) vessel accident and incident data, such as incidents where tug escorts or an emergency response towing vessel acted to reduce spill risks; and (iii) consultation with the United States coast guard, potentially affected federally recognized

Indian treaty fishing tribes, other federally recognized treaty tribes with potentially affected interests, and stakeholders; and

(b) Whether experienced or forecasted changes to vessel traffic patterns or oil spill risk in the Salish Sea necessitate an update to the tug escort rules adopted under section 3 of this act.

(2) In the event that the board of pilotage commissioners determines that updates are merited to the rules, the board must notify the appropriate standing committees of the house of representatives and the senate, and must thereafter adopt rules consistent with the requirements of section 3 of this act, including the consultation process outlined in section 3(6) of this act.

**Sec. 6.** RCW 88.46.240 and 2018 c 262 s 204 are each amended to read as follows:

(1) The department must establish the Salish Sea shared waters forum to address common issues in the cross-boundary waterways between Washington state and British Columbia such as: Enhancing efforts to reduce oil spill risk; addressing navigational safety; and promoting data sharing.

(2) The department must:

(a) Coordinate with provincial and federal Canadian agencies when establishing the Salish Sea shared waters forum; and

(b) Seek participation from each potentially affected federally recognized Indian treaty fishing tribe, other federally recognized treaty tribes with potentially affected interests, first nations, and stakeholders that, at minimum, includes representatives of the following: State, provincial, and federal governmental entities, regulated entities, and environmental organizations(~~(, tribes, and first nations)~~).

(3) The Salish Sea shared waters forum must meet at least once per year to consider the following:

(a) Gaps and conflicts in oil spill policies, regulations, and laws;

(b) Opportunities to reduce oil spill risk, including requiring tug escorts for oil tankers, articulated tug barges, and ~~((other))~~ towed waterborne vessels or barges;

(c) Enhancing oil spill prevention, preparedness, and response capacity; ~~((and))~~

(d) Beginning in 2019, whether an emergency response system in Haro Strait, Boundary Pass, and Rosario Strait~~((, similar to the system implemented by the maritime industry pursuant to RCW 88.46.130,))~~ will decrease oil spill risk ~~((and how to fund such a shared system))~~. In advance of the 2019 meeting, the department must discuss the options of an emergency response system with all potentially affected federally recognized Indian treaty tribes and, as relevant, with organizations such as, but not limited to, the coast Salish gathering, which provides a transboundary natural resource policy dialogue of elected officials representing federal, state, provincial, first nations, and tribal governments within the Salish Sea; and

(e) The impacts of vessel traffic on treaty-protected fishing.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Articulated tug barge" means a tank barge and a towing vessel joined by hinged or articulated fixed mechanical equipment affixed or connecting to the stern of the tank barge.

(b) "Waterborne vessel or barge" means any ship, barge, or other watercraft capable of traveling on the navigable waters of this state and capable of transporting any crude oil or petroleum product in quantities of ten thousand gallons or more for purposes other than providing fuel for its motor or engine.

(5) This section expires July 1, 2021.

**Sec. 7.** RCW 90.56.565 and 2015 c 274 s 8 are each amended to read as follows:

(1)(a) A facility that receives crude oil from a railroad car must provide advance notice to the department that the facility will receive crude oil from a railroad car, as provided in this section. The advance notice must include the route taken to the facility within the state, if known, and the scheduled time, location, volume, region per bill of lading, type, and gravity as measured by standards developed by the American petroleum institute, of crude oil received. Each week, a facility that provides advance notice under this section must provide the required information regarding the scheduled arrival of railroad cars carrying crude oil to be received by the facility in the succeeding seven-day period. A facility is not required to provide advance notice when there is no receipt of crude oil from a railroad car scheduled for a seven-day period.

(b) Twice per year, pipelines that transport crude oil must report to the department the following information about the crude oil transported by the pipeline through the state: The volume of crude oil, gravity of the crude oil as measured by standards developed by the American petroleum institute, type of crude oil, and the state or province of origin of the crude oil. This report must be submitted each year by July 31st for the period January 1st through June 30th and by January 31st for the period July 1st through December 31st.

(2) The department may share information provided by a facility through the advance notice system established in this section with the state emergency management division and any county, city, tribal, port, or local government emergency response agency upon request.

(3) The department must publish information collected under this section on a quarterly basis on the department's internet web site. With respect to the information reported under subsection (1)(a) of this section, the information published by the department must be aggregated on a statewide basis by route through the state, by week, and by type of crude oil. The report may also include other information available to the department

including, but not limited to, place of origin, modes of transport, number of railroad cars delivering crude oil, and number and volume of spills during transport and delivery.

(4) A facility providing advance notice under this section is not responsible for meeting advance notice time frame requirements under subsection (1) of this section in the event that the schedule of arrivals of railroad cars carrying crude oil changes during a seven-day period.

(5) Consistent with the requirements of chapter 42.56 RCW, the department and any state, local, tribal, or public agency that receives information provided under this section may not disclose any such information to the public or to nongovernmental entities that contains proprietary, commercial, or financial information unless that information is aggregated. The requirement for aggregating information does not apply when information is shared by the department with emergency response agencies as provided in subsection (2) of this section.

(6) The department shall adopt rules to implement this section. The advance notice system required in this section must be consistent with the oil transfer reporting system adopted by the department pursuant to RCW 88.46.165.

**Sec. 8.** RCW 88.46.165 and 2006 c 316 s 1 are each amended to read as follows:

(1) The department's rules authorized under RCW 88.46.160 and this section shall be scaled to the risk posed to people and to the environment, and be categorized by type of transfer, volume of oil, frequency of transfers, and such other risk factors as identified by the department.

(2) The rules may require prior notice be provided before an oil transfer, regulated under this chapter, occurs in situations defined by the department as posing a higher risk. The notice may include the time, location, and volume of the oil transfer, as well as the region per bill of lading, gravity as measured by standards developed by the American petroleum institute, and type of crude oil. The rules may not require prior notice when marine fuel outlets are transferring less than three thousand gallons of oil in a single transaction to a ship that is not a covered vessel and the transfers are scheduled less than four hours in advance.

(3) The department may require semiannual reporting of volumes of oil transferred to ships by a marine fuel outlet.

(4) The rules may require additional measures to be taken in conjunction with the deployment of containment equipment or with the alternatives to deploying containment equipment. However, these measures must be scaled appropriately to the risks posed by the oil transfer.

(5) The rules shall include regulations to enhance the safety of oil transfers over water originating from vehicles transporting oil over private roads or highways of the state.

**NEW SECTION. Sec. 9.** If any provision of this act or its application to any person or circumstance is held

invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

#### MESSAGE FROM THE SENATE

April 15, 2019

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1587 with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds that nearly eleven percent of Washington households, including more than two hundred eighty thousand children, are food insecure with limited or uncertain availability of nutritionally adequate and safe foods. The legislature further finds that food insecurity contributes to poor quality diets; chronic medical conditions such as diabetes, heart disease, and hypertension; and negative outcomes for children and families, including harmful effects on behavioral health. Further, food insecurity disproportionately affects people with low incomes, people of color, and rural residents.

(2) The legislature finds that food assistance programs such as the special supplemental nutrition program for women, infants, and children and the supplemental nutrition assistance program are effective in significantly reducing food insecurity; that participants report difficulty affording and accessing healthy foods; and that fruit and vegetable consumption among such food assistance program participants is far below national dietary guidelines.

(3) The legislature finds that the state department of health has successfully managed a food insecurity nutrition incentives grant from the United States department of agriculture that provides a framework for providing fruit and vegetable incentives for low-income shoppers and that those federal funds are set to expire in March 2020. Further, the legislature finds that more than two million dollars in fruit and vegetable incentives have been redeemed by food insecure Washingtonians through this grant, helping to alleviate food insecurity and increase fruit and vegetable consumption.

(4) Therefore, the legislature intends to create a state fruit and vegetable incentives program to benefit people who are food insecure, our agricultural industry, and retailers across the state.

**NEW SECTION. Sec. 2.** A new section is added to chapter 43.70 RCW to read as follows:

(1) The fruit and vegetable incentives program is established to increase fruit and vegetable consumption among food insecure individuals with limited incomes. The fruit and vegetable incentives program includes:

(a) Farmers market basic food incentives to provide eligible participants with extra benefits to purchase fruits and vegetables at authorized farmers markets when the participant uses basic food benefits;

(b) Grocery store basic food incentives to provide eligible participants with extra benefits to purchase fruits and vegetables at authorized grocery stores when the participant uses basic food benefits; and

(c) Fruit and vegetable vouchers provided by a health care provider, health educator, community health worker, or other health professional to an eligible participant for use at an authorized farmers market or grocery store.

(2) Subject to the availability of amounts appropriated for this specific purpose, the department shall administer the fruit and vegetable incentives program. As part of its duties, the department shall:

(a) Collaborate with other state agencies whose missions and programs closely align with the fruit and vegetable incentives program, including the department of social and health services and the department of agriculture, in the development and implementation of the program;

(b) Provide resources, coordination, and technical assistance to program partners for targeted outreach to food insecure populations and for administration of the program. Program partners may include farmers markets, grocery stores, government agencies, health care systems, and nonprofit organizations; and

(c) Adopt rules to implement this section.

(3) Farmers market basic food incentives may be provided to eligible participants for use at farmers markets authorized by the department. The incentives are additional funds that may be used to purchase eligible fruits and vegetables as defined by the department. When authorizing a participating farmers market, the department may give preference to a farmers market that accepts or has previously accepted supplemental nutrition assistance program benefits, has the capacity to accept supplemental nutrition assistance program benefits, or is located in a county with a high level of food insecurity, as defined by the department.

(4) Grocery store basic food incentives may be provided to eligible participants for use at a grocery store that is an authorized supplemental nutrition assistance program retailer and approved by the department. The incentives are additional funds that may be used to purchase eligible fruits and vegetables as defined by the department. When approving a participating grocery store, the department may give preference to a store that is located in a county with a high level of food insecurity.

(5) Fruit and vegetable vouchers are cash-value vouchers that may be distributed by a participating health care provider, health educator, community health worker, or other health professional to a patient who is eligible for basic food and has a qualifying health condition, as defined by the department, or is food insecure. The voucher may be redeemed at a participating retailer, including an authorized farmers market or grocery store. The department shall approve participating health care systems and may give preference to systems that have operated fruit and vegetable prescription programs, routinely screen patients for food insecurity, have a high percentage of patients who are

medicaid clients, or are located in a county with a high level of food insecurity.

(6) Subject to the availability of funds, the department must evaluate the fruit and vegetable incentives program effectiveness. When conducting the evaluation, the department must collect information related to fruit and vegetable consumption by eligible participants, levels of food security, and likely impacts on public health outcomes as a result of the program. By July 1, 2021, and in compliance with RCW 43.01.036, the department must submit a progress report to the governor and the legislature describing the results of the program and recommending any legislative or programmatic changes to improve the effectiveness of program delivery. By December 1, 2023, the department must submit a complete program evaluation describing the program's effectiveness and including any additional recommendations for program improvements.

(7) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Eligible participant" means:

(i) For the purposes of subsection (1)(a) and (b) of this section, a recipient of basic food benefits, including the supplemental nutrition assistance program and the food assistance program, as authorized under Title 74 RCW; or

(ii) For the purposes of subsection (1)(c) of this section, a person who is determined to be food insecure by a participating health care provider.

(b) "Food insecure" means a state in which consistent access to adequate food is limited by a lack of money and other resources at times during the year."

On page 1, line 2 of the title, after "incomes;" strike the remainder of the title and insert "adding a new section to chapter 43.70 RCW; and creating a new section."

and the same is herewith transmitted.

The above-named plaintiff has applied for a writ of garnishment against you, claiming that the above-named defendant is indebted to plaintiff and that the amount to be held to satisfy that indebtedness is \$ . . . . ., consisting of:

Balance on Judgment or Amount of Claim	\$ . . . .

Other	\$ . . . .

THIS IS A WRIT FOR A CONTINUING LIEN. THE GARNISHEE SHALL HOLD the nonexempt portion

of the defendant's earnings due at the time of service of this writ and shall also hold the defendant's nonexempt earnings that accrue through the last payroll period ending on or before SIXTY days after the date of service of this writ. HOWEVER, IF THE GARNISHEE IS PRESENTLY HOLDING THE NONEXEMPT PORTION OF THE DEFENDANT'S EARNINGS UNDER A PREVIOUSLY SERVED WRIT FOR A CONTINUING LIEN, THE GARNISHEE SHALL HOLD UNDER THIS WRIT only the defendant's nonexempt earnings that accrue from the date the previously served writ or writs terminate and through the last payroll period ending on or before sixty days after the date of termination of the previous writ or writs. IN EITHER CASE, THE GARNISHEE SHALL STOP WITHHOLDING WHEN THE SUM WITHHELD EQUALS THE AMOUNT STATED IN THIS WRIT OF GARNISHMENT.

YOU ARE HEREBY COMMANDED, unless otherwise directed by the court, by the attorney of record for the plaintiff, or by this writ, not to pay any debt, whether earnings subject to this garnishment or any other debt, owed to the defendant at the time this writ was served and not to deliver, sell, or transfer, or recognize any sale or transfer of, any personal property or effects of the defendant in your possession or control at the time when this writ was served. Any such payment, delivery, sale, or transfer is void to the extent necessary to satisfy the plaintiff's claim and costs for this writ with interest.

YOU ARE FURTHER COMMANDED to answer this writ according to the instructions in this writ and in the answer forms and, within twenty days after the service of the writ upon you, to mail or deliver the original of such answer to the court, one copy to the plaintiff or the plaintiff's attorney, and one copy to the defendant, at the addresses listed at the bottom of this writ.

If, at the time this writ was served, you owed the defendant any earnings (that is, wages, salary, commission, bonus, tips, or other compensation for personal services or any periodic payments pursuant to a nongovernmental pension or retirement program), the defendant is entitled to receive amounts that are exempt from garnishment under federal and state law. You must pay the exempt amounts to the defendant on the day you would customarily pay the compensation or other periodic payment. As more fully explained in the answer, the basic exempt amount is the greater of seventy-five percent of disposable earnings or a minimum amount determined by reference to the employee's pay period, to be calculated as provided in the answer. However, if this writ carries a statement in the heading of ~~((either:))~~ "This garnishment is based on a judgment or order for child support," the basic exempt amount is fifty percent of disposable earnings; ~~((or))~~ and if this writ carries a statement in the heading of "This garnishment is based on a judgment or order for private student loan debt," the basic exempt amount is the greater of eighty-five percent of disposable earnings or fifty times the minimum hourly wage of the highest minimum wage law in the state at the time the earnings are payable; and if this writ carries a statement in the heading of "This garnishment is based on a judgment or order for consumer debt," the basic exempt amount is the

greater of eighty percent of disposable earnings or thirty-five times the state minimum hourly wage.

YOU MAY DEDUCT A PROCESSING FEE FROM THE REMAINDER OF THE EMPLOYEE'S EARNINGS AFTER WITHHOLDING UNDER THIS WRIT. THE PROCESSING FEE MAY NOT EXCEED TWENTY DOLLARS FOR THE FIRST ANSWER AND TEN DOLLARS AT THE TIME YOU SUBMIT THE SECOND ANSWER.

If you owe the defendant a debt payable in money in excess of the amount set forth in the first paragraph of this writ, hold only the amount set forth in the first paragraph and any processing fee if one is charged and release all additional funds or property to defendant.

IF YOU FAIL TO ANSWER THIS WRIT AS COMMANDED, A JUDGMENT MAY BE ENTERED AGAINST YOU FOR THE FULL AMOUNT OF THE PLAINTIFF'S CLAIM AGAINST THE DEFENDANT WITH ACCRUING INTEREST, ATTORNEY FEES, AND COSTS WHETHER OR NOT YOU OWE ANYTHING TO THE DEFENDANT. IF YOU PROPERLY ANSWER THIS WRIT, ANY JUDGMENT AGAINST YOU WILL NOT EXCEED THE AMOUNT OF ANY NONEXEMPT DEBT OR THE VALUE OF ANY NONEXEMPT PROPERTY OR EFFECTS IN YOUR POSSESSION OR CONTROL.

JUDGMENT MAY ALSO BE ENTERED AGAINST THE DEFENDANT FOR COSTS AND FEES INCURRED BY THE PLAINTIFF.

Sec. 6. RCW 6.27.140 and 2018 c 199 s 206 are each amended to read as follows:

(1) The notice required by RCW 6.27.130(1) to be mailed to or served on an individual judgment debtor shall be in the following form, printed or typed in no smaller than size twelve point font:

NOTICE OF GARNISHMENT AND OF YOUR RIGHTS

A Writ of Garnishment issued in a Washington court has been or will be served on the garnishee named in the attached copy of the writ. After receipt of the writ, the garnishee is required to withhold payment of any money that was due to you and to withhold any other property of yours that the garnishee held or controlled. This notice of your rights is required by law.

YOU HAVE THE FOLLOWING EXEMPTION RIGHTS:

WAGES. If the garnishee is your employer who owes wages or other personal earnings to you, your employer is required to pay amounts to you that are exempt under state and federal laws, as explained in the writ of garnishment. You should receive a copy of your employer's answer, which will show how the exempt amount was calculated. If the garnishment is for child support, the exempt amount paid to you will be a percent of your disposable earnings, which is fifty percent of that part of your earnings remaining after your employer deducts those amounts which are required by law to be withheld. If the garnishment is for private student loan debt, the exempt amount paid to you will be the greater of the following: A percent of your disposable earnings,

which is eighty-five percent of the part of your earnings remaining after your employer deducts those amounts which are required by law to be withheld, or fifty times the minimum hourly wage of the highest minimum wage law in the state at the time the earnings are payable. If the garnishment is for consumer debt, the exempt amount paid to you will be the greater of the following: A percent of your disposable earnings, which is eighty percent of the part of your earnings remaining after your employer deducts those amounts which are required by law to be withheld, or thirty-five times the state minimum hourly wage.

BANK ACCOUNTS. If the garnishee is a bank or other institution with which you have an account in which you have deposited benefits such as Temporary Assistance for Needy Families, Supplemental Security Income (SSI), Social Security, veterans' benefits, unemployment compensation, or any federally qualified pension, such as a state or federal pension, individual retirement account (IRA), or 401K plan, you may claim the account as fully exempt if you have deposited only such benefit funds in the account. It may be partially exempt even though you have deposited money from other sources in the same account. An exemption is also available under RCW 26.16.200, providing that funds in a community bank account that can be identified as the earnings of a stepparent are exempt from a garnishment on the child support obligation of the parent.

OTHER EXEMPTIONS. If the garnishee holds other property of yours, some or all of it may be exempt under RCW 6.15.010, a Washington statute that exempts certain property of your choice (including up to \$2,500.00 in a bank account if you owe on private student loan debts; up to \$2,000.00 in a bank account if you owe on consumer debts; or up to \$500.00 in a bank account for all other debts) and certain other property such as household furnishings, tools of trade, and a motor vehicle (all limited by differing dollar values).

HOW TO CLAIM EXEMPTIONS. Fill out the enclosed claim form and mail or deliver it as described in instructions on the claim form. If the plaintiff does not object to your claim, the funds or other property that you have claimed as exempt must be released not later than 10 days after the plaintiff receives your claim form. If the plaintiff objects, the law requires a hearing not later than 14 days after the plaintiff receives your claim form, and notice of the objection and hearing date

will be mailed to you at the address that you put on the claim form.

THE LAW ALSO PROVIDES OTHER EXEMPTION RIGHTS. IF NECESSARY, AN ATTORNEY CAN ASSIST YOU TO ASSERT THESE AND OTHER RIGHTS, BUT YOU MUST ACT IMMEDIATELY TO AVOID LOSS OF RIGHTS BY DELAY.

(2)(a) If the writ is to garnish funds or property held by a financial institution, the claim form required by RCW 6.27.130(1) to be mailed to or served on an individual judgment debtor shall be in the following form, printed or typed in no smaller than size twelve point font:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds that the population of southern resident killer whales has declined in recent years and currently stands at a thirty-year low of seventy-four animals.

(2) The governor convened the southern resident killer whale task force after the 2018 legislative session to study and identify actions that could be taken to help sustain and recover this important species. In the course of its work, the task force found that chinook salmon compose the largest portion of the whales' diet, and are therefore critical to the recovery of the species. Further, several runs of chinook salmon in Washington state are listed under the federal endangered species act, making chinook recovery all the more urgent.

(3) The task force identified four overarching southern resident killer whale recovery goals and adopted several recommendations for specific actions under each goal. Goal one identified by the task force is to increase chinook abundance, and actions under that goal relate to habitat protection, protection of chinook prey, such as forage fish, and reducing impacts of nonnative chinook predators.

(4) To address the need identified by the task force to increase chinook abundance, the legislature intends to take initial, important steps consistent with recommendations made by the governor's southern resident killer whale task force.

**NEW SECTION. Sec. 2.** A new section is added to chapter 77.08 RCW to read as follows:

The commission shall adopt rules to liberalize bag limits for bass, walleye, and channel catfish in all anadromous waters of the state in order to reduce the predation risk to salmon smolts.

**Sec. 3.** RCW 77.32.010 and 2014 c 48 s 26 are each amended to read as follows:

(1) Except as otherwise provided in this chapter or department rule, a recreational license issued by the director is required to hunt, fish, or take wildlife or seaweed. A recreational fishing or shellfish license is not required for carp, freshwater smelt, and crawfish, and a hunting license is not required for bullfrogs.

(2) A pass or permit issued under RCW 79A.80.020, 79A.80.030, or 79A.80.040 is required to park or operate a motor vehicle on a recreation site or lands, as defined in RCW 79A.80.010.

(3) The commission may, by rule, indicate that a fishing permit issued to a nontribal member by the Colville Tribes shall satisfy the license requirements in subsection (1) of this section on the waters of Lake Rufus Woods and on the north shore of Lake Rufus Woods, and that a Colville Tribes tribal member identification card shall satisfy the license requirements in subsection (1) of this section on all waters of Lake Rufus Woods.

**NEW SECTION. Sec. 4.** A new section is added to chapter 77.55 RCW to read as follows:

(1) A person proposing construction or other work landward of the ordinary high water line that will use, divert, obstruct, or change the natural flow or bed of state waters shall submit a permit application to the department. However, if a person is unsure about whether the work requires a permit, they may request a preapplication determination from the department. The department must evaluate the proposed work and determine if the work is a hydraulic project and, if so, whether a permit from the department is required to ensure adequate protection of fish life.

(2) The preapplication determination request must be submitted through the department's online permitting system and must contain:

- (a) A description of the proposed project;
  - (b) A map showing the location of the project site;
- and

(c) Preliminary plans and specifications of the proposed construction or work, if available.

(3) The department shall provide tribes and local governments a seven calendar day review and comment period. The department shall consider all applicable written comments received before issuing a determination.

(4) The department shall issue a written determination, including the rationale for the decision, within twenty-one calendar days of receiving the request.

(5) Determinations made according to the provisions of this section are not subject to the requirements of chapter 43.21C RCW.

**NEW SECTION. Sec. 5.** A new section is added to chapter 77.55 RCW to read as follows:

(1) When the department determines that a violation of this chapter, or of any of the rules that implement this chapter, has occurred or is about to occur, it shall first attempt to achieve voluntary compliance. The department shall offer information and technical assistance to the project proponent, identifying one or more means to accomplish the project proponent's purposes within the framework of the law. The department shall provide a reasonable timeline to achieve voluntary compliance that takes into consideration factors specific to the violation, such as the complexity of the hydraulic project, the actual or potential harm to fish life or fish habitat, and the environmental conditions at the time.

(2) If a person violates this chapter, or any of the rules that implement this chapter, or deviates from a permit, the department may issue a notice of correction in accordance with chapter 43.05 RCW, a notice of violation in accordance with chapter 43.05 RCW, a stop work order, a notice to comply, or a notice of civil penalty as authorized by law and subject to chapter 43.05 RCW and RCW 34.05.110.

(3) For purposes of this section, the term "project proponent" means a person who has applied for a hydraulic project approval, a person identified as an authorized agent on an application for a hydraulic project approval, a person who has obtained a hydraulic project approval, or a person who undertakes a hydraulic project without a hydraulic project approval.

(4) This section does not apply to a project, or to that portion of a project, that has received a forest practices hydraulic project permit from the department of natural resources pursuant to chapter 76.09 RCW.

**NEW SECTION. Sec. 6.** A new section is added to chapter 77.55 RCW to read as follows:

(1) The department may serve upon a project proponent a stop work order, which is a final order of the department, if:

(a) There is any severe violation of this chapter or of the rules implementing this chapter or there is a deviation

from the hydraulic project approval that may cause significant harm to fish life; and

(b) Immediate action is necessary to prevent continuation of or to avoid more than minor harm to fish life or fish habitat.

(2)(a) The stop work order must set forth:

(i) A description of the condition that is not in compliance and the text of the specific section or subsection of this chapter or the rules that implement this chapter;

(ii) A statement of what is required to achieve compliance;

(iii) The date by which the department requires compliance;

(iv) Notice of the means to contact any technical assistance services provided by the department or others;

(v) Notice of when, where, and to whom the request to extend the time to achieve compliance for good cause may be filed with the department; and

(vi) The right to an appeal.

(b) A stop work order may require that any project proponent stop all work connected with the violation until corrective action is taken. A stop work order may also require that any project proponent take corrective action to prevent, correct, or compensate for adverse impacts to fish life and fish habitat.

(c) A stop work order must be authorized by senior or executive department personnel. The department shall initiate rule making to identify the appropriate level of senior and executive level staff approval for these actions based on the level of financial effect on the violator and the scope and scale of the impact to fish life and habitat.

(3) Within five business days of issuing the stop work order, the department shall mail a copy of the stop work order to the last known address of any project proponent, to the last known address of the owner of the land on which the hydraulic project is located, and to the local jurisdiction in which the hydraulic project is located. The department must take all measures reasonably calculated to ensure that the project proponent actually receives notice of the stop work order.

(4) Issuance of a stop work order may be informally appealed by a project proponent who was served with the stop work order or who received a copy of the stop work order from the department, or by the owner of the land on which the hydraulic project is located, to the department within thirty days from the date of receipt of the stop work order. Requests for informal appeal must be filed in the form and manner prescribed by the department by rule. A stop work order that has been informally appealed to the department is appealable to the board within thirty days from the date of receipt of the department's decision on the informal appeal.

(5) The project proponent who was served with the stop work order or who received a copy of the stop work order from the department, or the owner of the land on which

the hydraulic project is located, may commence an appeal to the board within thirty days from the date of receipt of the stop work order. If such an appeal is commenced, the proceeding is an adjudicative proceeding under the administrative procedure act, chapter 34.05 RCW. The recipient of the stop work order must comply with the order of the department immediately upon being served, but the board may stay, modify, or discontinue the order, upon motion, under such conditions as the board may impose.

(6) This section does not apply to a project, or to that portion of a project, that has received a forest practices hydraulic project permit from the department of natural resources pursuant to chapter 76.09 RCW.

(7) For the purposes of this section, "project proponent" has the same meaning as defined in section 5(3) of this act.

**NEW SECTION. Sec. 7.** A new section is added to chapter 77.55 RCW to read as follows:

(1)(a) If a violation of this chapter or of the rules implementing this chapter, a deviation from the hydraulic project approval, damage to fish life or fish habitat, or potential damage to fish life or fish habitat, has occurred and the department determines that a stop work order is unnecessary, the department may issue and serve upon a project proponent a notice to comply, which must clearly set forth:

(i) A description of the condition that is not in compliance and the text of the specific section or subsection of this chapter or the rules that implement this chapter;

(ii) A statement of what is required to achieve compliance;

(iii) The date by which the department requires compliance to be achieved;

(iv) Notice of the means to contact any technical assistance services provided by the department or others;

(v) Notice of when, where, and to whom a request to extend the time to achieve compliance for good cause may be filed with the department; and

(vi) The right to an appeal.

(b) The notice to comply may require that any project proponent take corrective action to prevent, correct, or compensate for adverse impacts to fish life or fish habitat.

(2) Within five business days of issuing the notice to comply, the department shall mail a copy of the notice to comply to the last known address of any project proponent, to the last known address of the owner of the land on which the hydraulic project is located, and to the local jurisdiction in which the hydraulic project is located. The department must take all measures reasonably calculated to ensure that the project proponent actually receives notice of the notice to comply.

(3) Issuance of a notice to comply may be informally appealed by a project proponent who was served with the

notice to comply or who received a copy of the notice to comply from the department, or by the owner of the land on which the hydraulic project is located, to the department within thirty days from the date of receipt of the notice to comply. Requests for informal appeal must be filed in the form and manner prescribed by the department by rule. A notice to comply that has been informally appealed to the department is appealable to the board within thirty days from the date of receipt of the department's decision on the informal appeal.

(4) The project proponent who was served with the notice to comply, the project proponent who received a copy of the notice to comply from the department, or the owner of the land on which the hydraulic project is located may commence an appeal to the board within thirty days from the date of receipt of the notice to comply. If such an appeal is commenced, the proceeding is an adjudicative proceeding under the administrative procedure act, chapter 34.05 RCW. The recipient of the notice to comply must comply with the notice to comply immediately upon being served, but the board may stay, modify, or discontinue the notice to comply, upon motion, under such conditions as the board may impose.

(5) This section does not apply to a project, or to that portion of a project, that has received a forest practices hydraulic project permit from the department of natural resources pursuant to chapter 76.09 RCW.

(6) For the purposes of this section, "project proponent" has the same meaning as defined in section 5(3) of this act.

**NEW SECTION. Sec. 8.** A new section is added to chapter 77.55 RCW to read as follows:

(1)(a) If section 13 of this act is enacted into law by June 30, 2019, the department may levy civil penalties of up to ten thousand dollars for every violation of this chapter or of the rules that implement this chapter. If section 13 of this act is not enacted into law by June 30, 2019, the department may levy civil penalties of up to one hundred dollars for every violation of this chapter or of the rules that implement this chapter. Each and every violation is a separate and distinct civil offense.

(b) Penalties must be authorized by senior or executive department personnel. The department shall initiate rule making to identify the appropriate level of senior and executive level staff approval for these actions based on the level of financial effect on the violator and the scope and scale of the impact to fish life and habitat.

(2) The penalty provided must be imposed by notice in writing by the department, provided either by certified mail or by personal service, to the person incurring the penalty and to the local jurisdiction in which the hydraulic project is located, describing the violation. The department must take all measures reasonably calculated to ensure that the project proponent actually receives notice of the notice of penalty. The civil penalty notice must set forth:

(a) The basis for the penalty;

(b) The amount of the penalty; and

(c) The right of the person incurring the penalty to appeal the civil penalty.

(3)(a) Except as provided in (b) of this subsection, any person incurring any penalty under this chapter may appeal the penalty to the board pursuant to chapter 34.05 RCW. Appeals must be filed within thirty days from the date of receipt of the notice of civil penalty in accordance with RCW 43.21B.230.

(b) Issuance of a civil penalty may be informally appealed by the person incurring the penalty to the department within thirty days from the date of receipt of the notice of civil penalty. Requests for informal appeal must be filed in the form and manner prescribed by the department by rule. A civil penalty that has been informally appealed to the department is appealable to the board within thirty days from the date of receipt of the department's decision on the informal appeal.

(4) The penalty imposed becomes due and payable thirty days after receipt of a notice imposing the penalty unless an appeal is filed. Whenever an appeal of any penalty incurred under this chapter is filed, the penalty becomes due and payable only upon completion of all review proceedings and the issuance of a final order confirming the penalty in whole or in part. When the penalty becomes past due, it is also subject to interest at the rate allowed by RCW 43.17.240 for debts owed to the state.

(5) If the amount of any penalty is not paid within thirty days after it becomes due and payable, the attorney general, upon the request of the director, shall bring an action in the name of the state of Washington in the superior court of Thurston county or of the county in which such a violation occurred, to recover the penalty. In all such actions, the rules of civil procedures and the rules of evidence are the same as in an ordinary civil action. The department is also entitled to recover reasonable attorneys' fees and costs incurred in connection with the penalty recovered under this section. All civil penalties received or recovered by state agency action for violations as prescribed in subsection (1) of this section must be deposited into the state's general fund. The department is authorized to retain any attorneys' fees and costs it may be awarded in connection with an action brought to recover a civil penalty issued pursuant to this section.

(6) The department shall adopt by rule a penalty schedule to be effective by January 1, 2020. The penalty schedule must be developed in consideration of the following:

(a) Previous violation history;

(b) Severity of the impact on fish life and fish habitat;

(c) Whether the violation of this chapter or of its rules was intentional;

(d) Cooperation with the department;

(e) Reparability of any adverse effects resulting from the violation; and

(f) The extent to which a penalty to be imposed on a person for a violation committed by another should be reduced if the person was unaware of the violation and has not received a substantial economic benefit from the violation.

(7) This section does not apply to a project, or to that portion of a project, that has received a forest practices hydraulic project permit from the department of natural resources pursuant to chapter 76.09 RCW.

**NEW SECTION. Sec. 9.** A new section is added to chapter 77.55 RCW to read as follows:

(1) The department may apply for an administrative inspection warrant in either Thurston county superior court or the superior court in the county in which the hydraulic project is located. The court may issue an administrative inspection warrant where:

(a) Department personnel need to inspect the hydraulic project site to ensure compliance with this chapter or with rules adopted to implement this chapter; or

(b) Department personnel have probable cause to believe that a violation of this chapter or of the rules that implement this chapter is occurring or has occurred.

(2) This section does not apply to a project, or to that portion of a project, that has received a forest practices hydraulic project permit from the department of natural resources pursuant to chapter 76.09 RCW.

**NEW SECTION. Sec. 10.** A new section is added to chapter 77.55 RCW to read as follows:

(1) The department may disapprove an application for hydraulic project approval submitted by a person who has failed to comply with a final order issued pursuant to section 6 or 7 of this act or who has failed to pay civil penalties issued pursuant to section 8 of this act. Applications may be disapproved for up to one year from the issuance of a notice of intent to disapprove applications under this section, or until all outstanding civil penalties are paid and all outstanding notices to comply and stop work orders are complied with, whichever is longer.

(2) The department shall provide written notice of its intent to disapprove an application under this section to the applicant and to any authorized agent or landowner identified in the application.

(3) The disapproval period runs from thirty days following the date of actual notice of intent or when all administrative and judicial appeals, if any, have been exhausted.

(4) Any person provided the notice may seek review from the board by filing a request for review within thirty days of the date of the notice of intent to disapprove applications.

**NEW SECTION. Sec. 11.** A new section is added to chapter 77.55 RCW to read as follows:

The remedies under this chapter are not exclusive and do not limit or abrogate any other civil or criminal penalty, remedy, or right available in law, equity, or statute.

**Sec. 12.** RCW 43.21B.110 and 2013 c 291 s 34 are each amended to read as follows:

(1) The hearings board shall only have jurisdiction to hear and decide appeals from the following decisions of the department, the director, local conservation districts, the air pollution control boards or authorities as established pursuant to chapter 70.94 RCW, local health departments, the department of natural resources, the department of fish and wildlife, the parks and recreation commission, and authorized public entities described in chapter 79.100 RCW:

**NEW SECTION. Sec. 13.** A new section is added to chapter 43.23 RCW to read as follows:

(1) The state conservation commission shall convene and facilitate the departments of ecology, agriculture, fish and wildlife, and natural resources, and the state conservation commission to work together cooperatively, efficiently, and productively on the expeditious construction of three demonstration projects. The legislature expects that the joint and contemporaneous participation of all these state agencies will expedite the permitting of these demonstration projects. The legislature further intends that the collaborative process that the stakeholder group creates, including local stakeholders among others, will be used as a model for river management throughout the state.

(2) The floodplain management strategies developed in the process in this section must address multiple benefits including: Reducing flood hazard to public infrastructure

and other land uses caused by sediment accumulation or for other causes; improving fish and wildlife habitat; sustaining viable agriculture; and public access.

(3) The state conservation commission and the departments of agriculture, natural resources, fish and wildlife, and ecology must jointly identify and assess three demonstration projects that test the effectiveness and costs of river management by using various management strategies and techniques as applied to accomplish the following goals:

(a) Protection of agricultural lands;

(b) Restoration or enhancement of fish runs; and

(c) Protection of public infrastructure and recreational access.

(4)(a) The state conservation commission must convene and facilitate a stakeholder group consisting of the departments of agriculture, natural resources, fish and wildlife, and ecology, and the state conservation commission, local and statewide agricultural organizations and conservation districts, land conservation organizations, and local governments with interest and experience in floodplain management techniques. The stakeholder group must develop and assess three demonstration projects, one located in Whatcom county, one located in Snohomish county, and one located in Grays Harbor county. The departments must also seek the participation and the views of the federally recognized tribes that may be affected by each pilot project.

(b) The disposition of any gravel resources removed as a result of these pilot projects that are owned by the state must be consistent with chapter 79.140 RCW, otherwise they must be: (i) Used at the departments' discretion in projects related to fish programs in the local area of the project or by property owners adjacent to the project; (ii) made available to a local tribe for its use; or (iii) sold and the proceeds applied to funding the demonstration projects.

(5) At a minimum, the pilot projects must examine the following management strategies and techniques:

(a) Setting back levees and other measures to accommodate high flow with reduced risk to property, while providing space for river processes that are vital to the creation of fish habitat;

(b) Providing deeper, cooler holes for fish life;

(c) Removing excess sediment and gravel that causes diversion of water and erosion of river banks and farmland;

(d) Providing off-channels for habitat as refuge during high flows;

(e) Ensuring that any management activities leave sufficient gravel and sediment for fish spawning and rearing;

(f) Providing stable river banks that will allow for long-term growth of riparian enhancement efforts, such as planting shade trees and hedgerows;

(g) Protecting existing mature treed riparian zones that cool the waters;

(h) Restoring previously existing bank contours that protect the land from erosion caused by more intense and more frequent flooding; and

(i) Developing management practices that reduce the amount of gravel, sediment, and woody debris deposited into farm fields.

(6) By December 31, 2020, the state conservation commission must coordinate the development of a report to the legislative committees with oversight of agriculture, water, rural economic development, ecology, fish and wildlife, and natural resources. The report should include the input of all state agencies, tribes, local entities, and stakeholders participating in, or commenting on, the process identified in this section. The report must include, but not be limited to, the following elements: (a) Their progress toward setting benchmarks and meeting the stakeholder group's timetable; (b) any decisions made in assessing the projects; and (c) agency recommendations for funding of the projects from federal grants, federal loans, state grants and loans, and private donations, or if other funding sources are not available or complete, submitting the three projects for consideration in the biennial capital budget request to the governor and the legislature. The departments must report annually thereafter by December 31st of each year.

(7) The stakeholder group must be staffed jointly by the departments.

(8) Within amounts appropriated in the omnibus operating appropriations act, the state conservation commission, the department of ecology, the department of agriculture, the department of fish and wildlife, and the department of natural resources shall implement all requirements in this section.

(9) This section expires June 30, 2030.

**NEW SECTION. Sec. 14.** The following acts or parts of acts are each repealed:

(1) RCW 77.55.141 (Marine beach front protective bulkheads or rockwalls) and 2010 c 210 s 28, 2005 c 146 s 501, & 1991 c 279 s 1; and

April 15, 2019

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1603 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 74.08.025 and 2011 1st sp.s. c 42 s 7 are each amended to read as follows:

(1) Public assistance may be awarded to any applicant:

(a) Who is in need and otherwise meets the eligibility requirements of department assistance programs; and

(b) Who has not made a voluntary assignment of property or cash for the purpose of qualifying for an assistance grant; and

(c) Who is not an inmate of a public institution except as a patient in a medical institution or except as an inmate in a public institution who could qualify for federal aid assistance: PROVIDED, That the assistance paid by the department to recipients in nursing homes, or receiving nursing home care, may cover the cost of clothing and incidentals and general maintenance exclusive of medical care and health services. #### **MESSAGE FROM THE SENATE**

April 15, 2019

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1646 with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature recognizes state and national efforts to reform policies that incarcerate youth and young adults in the adult criminal justice system. The legislature acknowledges that transferring youth and young adults to the adult criminal justice system is not effective in reducing future criminal behavior. Youth and young adults incarcerated in the adult criminal justice system are more likely to recidivate than their counterparts housed in juvenile facilities.

The legislature intends to enhance community safety by emphasizing rehabilitation of juveniles convicted even of

the most serious violent offenses under the adult criminal justice system. Juveniles adjudicated as adults should be served and housed within the facilities of the juvenile rehabilitation administration up until age twenty-five, but released earlier if their sentence ends prior to that. In doing so, the legislature takes advantage of recent changes made by congress during the reauthorization of the juvenile justice and delinquency prevention act by the juvenile justice reform act of 2018 that allow youth and young adults who at the time of their offense are younger than the maximum age of confinement in a juvenile correctional facility, to be placed in a juvenile correctional facility by operation of state law. The emphasis on rehabilitation up to age twenty-five reflects similar programming in other states, which has significantly reduced recidivism of juveniles confined in adult correctional facilities.

**Sec. 2.** RCW 72.01.410 and 2017 3rd sp.s. c 6 s 728 are each amended to read as follows:

(1) Whenever any ~~((child under the age of eighteen))~~ person is convicted as an adult in the courts of this state of a ~~((crime amounting to a))~~ felony offense committed under the age of eighteen, and is committed for a term of confinement, that ~~((child))~~ person shall be initially placed in a facility operated by the department of ~~((corrections to))~~ children, youth, and families. The department of corrections shall determine the ~~((child's))~~ person's earned release date.

~~(a) ((If the earned release date is prior to the child's twenty first birthday, the department of corrections shall transfer the child to the custody of the department of children, youth, and families, or to such other institution as is now, or may hereafter be authorized by law to receive such child, until such time as the child completes the ordered term of confinement or arrives at the age of twenty one years.~~

~~(i))~~ While in the custody of the department of children, youth, and families, the ~~((child))~~ person must have the same treatment, housing options, transfer, and access to program resources as any other ~~((child))~~ person committed ~~((directly))~~ to that juvenile correctional facility or institution pursuant to chapter 13.40 RCW. Except as provided under (d) of this subsection, treatment, placement, and program decisions shall be at the sole discretion of the department of children, youth, and families. The ((youth)) person shall ((only)) not be transferred ((back)) to the custody of the department of corrections ((with)) without the approval of the department of children, youth, and families ((or when the child)) until the person reaches the age of ((twenty one)) twenty-five.

~~((iii))~~ (b) If the ((child's)) person's sentence includes a term of community custody, the department of children, youth, and families shall not release the ((child)) person to community custody until the department of corrections has approved the ((child's)) person's release plan pursuant to RCW 9.94A.729(5)(b). If a ((child)) person is held past his or her earned release date pending release plan approval, the department of children, youth, and families shall retain custody until a plan is approved or the ((child)) person completes the ordered term of confinement prior to age ((twenty one)) twenty-five.

~~((iii))~~ (c) If the department of children, youth, and families determines that retaining custody of the ((child)) person in a facility of the department of children, youth, and families presents a significant safety risk, the ((child may be returned)) department of children, youth, and families may transfer the person to the custody of the department of corrections.

~~((b) If the child's earned release date is on or after the child's twenty first birthday, the department of corrections shall, with the consent of the secretary of children, youth, and families, transfer the child to a facility or institution operated by the department of children, youth, and families. Despite the transfer,))~~ (d) The department of corrections ((retains)) must retain authority over custody decisions relating to a person whose earned release date is on or after the person's twenty-fifth birthday and who is placed in a facility operated by the department of children, youth, and families under this section, unless the person qualifies for partial confinement under section 6 of this act, and must approve any leave from the facility. When the ((child)) person turns age ((twenty one)) twenty-five, he or she must be transferred ((back)) to the department of corrections, except as described under section 6 of this act. The department of children, youth, and families has all routine and day-to-day operations authority for the ((child)) person while the person is in its custody.

(2)(a) Except as provided in (b) and (c) of this subsection, ~~((an offender))~~ a person under the age of eighteen who is ~~((convicted in adult criminal court and who is committed to a term of confinement at))~~ transferred to the custody of the department of corrections must be placed in a housing unit, or a portion of a housing unit, that is separated from ~~((offenders))~~ other persons in custody who are eighteen years of age or older, until the ((offender)) person reaches the age of eighteen.

~~((An offender))~~ A person who is transferred to the custody of the department of corrections and reaches eighteen years of age may remain in a housing unit for ((offenders)) persons under the age of eighteen if the secretary of corrections determines that: (i) The ((offender's)) person's needs and the ((correctional)) rehabilitation goals for the ((offender)) person could continue to be better met by the programs and housing environment that is separate from ((offenders)) other persons in custody who are eighteen years of age and older; and (ii) the programs or housing environment for ((offenders)) persons under the age of eighteen will not be substantially affected by the continued placement of the ((offender)) person in that environment. The ((offender)) person may remain placed in a housing unit for ((offenders)) persons under the age of eighteen until such time as the secretary of corrections determines that the ((offender's)) person's needs and ((correctional)) goals are no longer better met in that environment but in no case past the ((offender's twenty first)) person's twenty-fifth birthday.

~~((An offender))~~ A person transferred to the custody of the department of corrections who is under the age of eighteen may be housed in an intensive management unit or administrative segregation unit containing offenders eighteen years of age or older if it is necessary for the safety

or security of the offender or staff. In these cases, the offender must be kept physically separate from other offenders at all times.

(3) The department of children, youth, and families must review the placement of a person over age twenty-one in the custody of the department of children, youth, and families under this section to determine whether the person should be transferred to the custody of the department of corrections. The department of children, youth, and families may determine the frequency of the review required under this subsection, but the review must occur at least once before the person reaches age twenty-three if the person's commitment period in a juvenile institution extends beyond the person's twenty-third birthday.

**Sec. 3.** RCW 13.40.300 and 2018 c 162 s 7 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, a juvenile offender may not be committed by the juvenile court to the department of children, youth, and families for placement in a juvenile ~~((correctional institution))~~ rehabilitation facility beyond the juvenile offender's twenty-first birthday.

(2) A juvenile offender ~~((convicted))~~ adjudicated of an A++ juvenile disposition category offense listed in RCW 13.40.0357, or found to be armed with a firearm and sentenced to an additional twelve months pursuant to RCW 13.40.193(3)(b), may be committed by the juvenile court to the department of children, youth, and families for placement in a juvenile ~~((correctional institution))~~ rehabilitation facility up to the juvenile offender's twenty-fifth birthday, but not beyond.

(3) A juvenile may be under the jurisdiction of the juvenile court or the authority of the department of children, youth, and families beyond the juvenile's eighteenth birthday only if prior to the juvenile's eighteenth birthday:

(a) Proceedings are pending seeking the adjudication of a juvenile offense and the court by written order setting forth its reasons extends jurisdiction of juvenile court over the juvenile beyond his or her eighteenth birthday, except:

(i) If the court enters a written order extending jurisdiction under this subsection, it shall not extend jurisdiction beyond the juvenile's twenty-first birthday;

(ii) If the order fails to specify a specific date, it shall be presumed that jurisdiction is extended to age twenty-one; and

(iii) If the juvenile court previously extended jurisdiction beyond the juvenile's eighteenth birthday, and that period of extension has not expired, the court may further extend jurisdiction by written order setting forth its reasons;

(b) The juvenile has been found guilty after a fact finding or after a plea of guilty and an automatic extension is necessary to allow for the imposition of disposition;

(c) Disposition has been held and an automatic extension is necessary to allow for the execution and enforcement of the court's order of disposition, subject to the following:

(i) If an order of disposition imposes commitment to the department, then jurisdiction is automatically extended to include a period of up to twelve months of parole, in no case extending beyond the offender's twenty-first birthday, except;

(ii) If an order of disposition imposes a commitment to the department for a juvenile offender ~~((convicted))~~ adjudicated of an A++ juvenile disposition category offense listed in RCW 13.40.0357, or found to be armed with a firearm and sentenced to an additional twelve months pursuant to RCW 13.40.193(3)(b), then jurisdiction for parole is automatically extended to include a period of up to twenty-four months of parole, in no case extending beyond the offender's twenty-fifth birthday;

(d) While proceedings are pending in a case in which jurisdiction is vested in the adult criminal court pursuant to RCW 13.04.030, the juvenile turns eighteen years of age and is subsequently found not guilty of the charge for which he or she was transferred, or is convicted in the adult criminal court of ~~((a lesser included))~~ an offense that is not also an offense listed in RCW 13.04.030(1)(e)(v), and an automatic extension is necessary to impose the juvenile disposition as required by RCW 13.04.030(1)(e)(v)(C)(II); or

(e) Pursuant to the terms of RCW 13.40.190 and 13.40.198, the juvenile court maintains jurisdiction beyond the juvenile offender's twenty-first birthday for the purpose of enforcing an order of restitution or penalty assessment.

(4) Except as otherwise provided herein, in no event may the juvenile court have authority to extend jurisdiction over any juvenile offender beyond the juvenile offender's twenty-first birthday.

(5) Notwithstanding any extension of jurisdiction over a person pursuant to this section, the juvenile court has no jurisdiction over any offenses alleged to have been committed by a person eighteen years of age or older.

**NEW SECTION. Sec. 4.** A new section is added to chapter 72.01 RCW to read as follows:

(1) Any person in the custody of the department of social and health services or the department of children, youth, and families on or before the effective date of this section, who was under the age of eighteen at the time of the commission of the offense and who was convicted as an adult, must remain in the custody of the department of children, youth, and families until transfer to the department of corrections or release pursuant to RCW 72.01.410.

(2) Any person in the custody of the department of corrections on the effective date of this section, who was under the age of eighteen at the time of the commission of the offense and who was convicted as an adult, and who has not yet reached the age of twenty-five, is eligible for transfer to the custody of the department of children, youth, and

families beginning January 1, 2020, subject to the process established in subsection (3) of this section.

(3) By February 1, 2020, the department of corrections and the department of children, youth, and families must review and determine whether a person identified in subsection (2) of this section should transfer from the department of corrections to the department of children, youth, and families through the following process:

(a) No later than September 1, 2019, the department of corrections and the department of children, youth, and families shall establish, through a memorandum of understanding, a multidisciplinary interagency team to conduct a case-by-case review of the transfer of persons from the department of corrections to the department of children, youth, and families pursuant to subsection (2) of this section. The multidisciplinary interagency team must include a minimum of three representatives from the department of corrections and three representatives from the department of children, youth, and families, and must provide the person whose transfer is being considered an opportunity to consent to the transfer. In considering whether a transfer to the department of children, youth, and families is appropriate, the multidisciplinary interagency team may consider any relevant factors including, but not limited to:

(i) The safety and security of the person, staff, and other persons in the custody of the department of children, youth, and families;

(ii) The person's behavior and assessed risks and needs;

(iii) Whether the department of children, youth, and families or the department of corrections' programs are better equipped to facilitate successful rehabilitation and reentry into the community; and

(iv) Any statements regarding the transfer made by the person whose transfer is being considered.

(b) After reviewing each proposed transfer, the multidisciplinary interagency team shall make a recommendation regarding the transfer to the secretaries of the department of children, youth, and families and the department of corrections. This recommendation must be provided to the secretaries of each department by January 1, 2020.

(c) The secretaries of the department of children, youth, and families and the department of corrections, or their designees, shall approve or deny the transfer within thirty days of receiving the recommendation of the multidisciplinary interagency team, and by no later than February 1, 2020.

(2) A person placed on electronic home monitoring under this section must otherwise continue to be subject to similar treatment, options, access to programs and resources, conditions, and restrictions applicable to other similarly situated persons under the jurisdiction of the department of children, youth, and families. ADJUDICA TIONS						

NOTE: References in the grid to days or weeks mean periods of confinement. "LS" means "local sanctions" as defined in RCW 13.40.020.

(1) The vertical axis of the grid is the current offense category. The current offense category is determined by the offense of adjudication.

(2) The horizontal axis of the grid is the number of prior adjudications included in the juvenile's criminal history. Each prior felony adjudication shall count as one point. Each prior violation, misdemeanor, and gross misdemeanor adjudication shall count as 1/4 point. Fractional points shall be rounded down.

(3) The standard range disposition for each offense is determined by the intersection of the column defined by the prior adjudications and the row defined by the current offense category.

(4) RCW 13.40.180 applies if the offender is being sentenced for more than one offense.

(5) A current offense that is a violation is equivalent to an offense category of E. However, a disposition for a violation shall not include confinement.

**OPTION B**

**SUSPENDED DISPOSITION ALTERNATIVE**

(1) If the offender is subject to a standard range disposition involving confinement by the department, the court may impose the standard range and suspend the disposition on condition that the offender comply with one or more local sanctions and any educational or treatment requirement. The treatment programs provided to the offender must be either research-based best practice programs as identified by the Washington state institute for public policy or the joint legislative audit and review committee, or for chemical dependency treatment programs or services, they must be evidence-based or research-based best practice programs. For the purposes of this subsection:

(a) "Evidence-based" means a program or practice that has had multiple site random controlled trials across heterogeneous populations demonstrating that the program or practice is effective for the population; and

(b) "Research-based" means a program or practice that has some research demonstrating effectiveness, but that does not yet meet the standard of evidence-based practices.

(2) If the offender fails to comply with the suspended disposition, the court may impose sanctions pursuant to RCW 13.40.200 or may revoke the suspended disposition and order the disposition's execution.

(3) An offender is ineligible for the suspended disposition option under this section if the offender:

(a) Is adjudicated of an A+ or A++ offense;

(b) Is fourteen years of age or older and is adjudicated of one or more of the following offenses:

(i) A class A offense, or an attempt, conspiracy, or solicitation to commit a class A offense;

(ii) Manslaughter in the first degree (RCW 9A.32.060);

(iii) Assault in the second degree (RCW 9A.36.021), extortion in the first degree (RCW 9A.56.120), kidnapping in the second degree (RCW 9A.40.030), drive-by shooting (RCW 9A.36.045), vehicular homicide (RCW 46.61.520), hit and run death (RCW 46.52.020(4)(a)), or manslaughter 2 (RCW 9A.32.070); or

(iv) Violation of the uniform controlled substances act (RCW 69.50.401(2) (a) and (b)), when the offense includes infliction of bodily harm upon another or when during the commission or immediate withdrawal from the offense the respondent was armed with a deadly weapon;

(c) Is ordered to serve a disposition for a firearm violation under RCW 13.40.193;

(d) Is adjudicated of a sex offense as defined in RCW 9.94A.030; or

(e) Has a prior option B disposition.

**OR**

**OPTION C**

**CHEMICAL DEPENDENCY/MENTAL HEALTH DISPOSITION ALTERNATIVE**

If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed a B++ or B+ offense, the court may impose a disposition under RCW 13.40.160(4) and 13.40.165.

**OR**

**OPTION D**

**MANIFEST INJUSTICE**

If the court determines that a disposition under option A, B, or C would effectuate a manifest injustice, the court shall impose a disposition outside the standard range under RCW 13.40.160(2).

**Sec. 9.** RCW 13.04.030 and 2018 c 162 s 2 are each amended to read as follows:

(1) Except as provided in this section, the juvenile courts in this state shall have exclusive original jurisdiction over all proceedings:

(a) Under the interstate compact on placement of children as provided in chapter 26.34 RCW;

(b) Relating to children alleged or found to be dependent as provided in chapter 26.44 RCW and in RCW 13.34.030 through 13.34.161;

(c) Relating to the termination of a parent and child relationship as provided in RCW 13.34.180 through 13.34.210;

(d) To approve or disapprove out-of-home placement as provided in RCW 13.32A.170;

(e) Relating to juveniles alleged or found to have committed offenses, traffic or civil infractions, or violations as provided in RCW 13.40.020 through 13.40.230, unless:

(i) The juvenile court transfers jurisdiction of a particular juvenile to adult criminal court pursuant to RCW 13.40.110;

(ii) The statute of limitations applicable to adult prosecution for the offense, traffic or civil infraction, or violation has expired;

(iii) The alleged offense or infraction is a traffic, fish, boating, or game offense, or traffic or civil infraction committed by a juvenile sixteen years of age or older and would, if committed by an adult, be tried or heard in a court of limited jurisdiction, in which instance the appropriate court of limited jurisdiction shall have jurisdiction over the alleged offense or infraction, and no guardian ad litem is

required in any such proceeding due to the juvenile's age. If such an alleged offense or infraction and an alleged offense or infraction subject to juvenile court jurisdiction arise out of the same event or incident, the juvenile court may have jurisdiction of both matters. The jurisdiction under this subsection does not constitute "transfer" or a "decline" for purposes of RCW 13.40.110 (1) or (2) or (e)(i) of this subsection. Courts of limited jurisdiction which confine juveniles for an alleged offense or infraction may place juveniles in juvenile detention facilities under an agreement with the officials responsible for the administration of the juvenile detention facility in RCW 13.04.035 and 13.20.060;

(iv) The alleged offense is a traffic or civil infraction, a violation of compulsory school attendance provisions under chapter 28A.225 RCW, or a misdemeanor, and a court of limited jurisdiction has assumed concurrent jurisdiction over those offenses as provided in RCW 13.04.0301; or

(v) The juvenile is sixteen or seventeen years old on the date the alleged offense is committed and the alleged offense is:

(A) A serious violent offense as defined in RCW 9.94A.030;

(B) A violent offense as defined in RCW 9.94A.030 and the juvenile has a criminal history consisting of: One or more prior serious violent offenses; two or more prior violent offenses; or three or more of any combination of the following offenses: Any class A felony, any class B felony, vehicular assault, or manslaughter in the second degree, all of which must have been committed after the juvenile's thirteenth birthday and prosecuted separately; or

(C) Rape of a child in the first degree.

(I) In such a case the adult criminal court shall have exclusive original jurisdiction, except as provided in (e)(v)(C)(II) and (III) of this subsection.

(II) The juvenile court shall have exclusive jurisdiction over the disposition of any remaining charges in any case in which the juvenile is found not guilty in the adult criminal court of the charge or charges for which he or she was transferred, or is convicted in the adult criminal court of ~~((a lesser included))~~ an offense that is not also an offense listed in (e)(v) of this subsection. The juvenile court shall maintain residual juvenile court jurisdiction up to age twenty-five if the juvenile has turned eighteen years of age during the adult criminal court proceedings but only for the purpose of returning a case to juvenile court for disposition pursuant to RCW 13.40.300(3)(d). ~~((However, once the case is returned to juvenile court, the court may hold a decline hearing pursuant to RCW 13.40.110 to determine whether to retain the case in juvenile court for the purpose of disposition or return the case to adult criminal court for sentencing.))~~

(III) The prosecutor and respondent may agree to juvenile court jurisdiction and waive application of exclusive adult criminal jurisdiction in (e)(v)(A) through (C) of this subsection and remove the proceeding back to juvenile court with the court's approval.

If the juvenile challenges the state's determination of the juvenile's criminal history under (e)(v) of this subsection, the state may establish the offender's criminal history by a preponderance of the evidence. If the criminal history consists of adjudications entered upon a plea of guilty, the state shall not bear a burden of establishing the knowing and voluntariness of the plea;

(f) Under the interstate compact on juveniles as provided in chapter 13.24 RCW;

(g) Relating to termination of a diversion agreement under RCW 13.40.080, including a proceeding in which the diveree has attained eighteen years of age;

(h) Relating to court validation of a voluntary consent to an out-of-home placement under chapter 13.34 RCW, by the parent or Indian custodian of an Indian child, except if the parent or Indian custodian and child are residents of or domiciled within the boundaries of a federally recognized Indian reservation over which the tribe exercises exclusive jurisdiction;

(i) Relating to petitions to compel disclosure of information filed by the department of social and health services pursuant to RCW 74.13.042; and

(j) Relating to judicial determinations and permanency planning hearings involving developmentally disabled children who have been placed in out-of-home care pursuant to a voluntary placement agreement between the child's parent, guardian, or legal custodian and the department of social and health services and the department of children, youth, and families.

(2) The family court shall have concurrent original jurisdiction with the juvenile court over all proceedings under this section if the superior court judges of a county authorize concurrent jurisdiction as provided in RCW 26.12.010.

(3) The juvenile court shall have concurrent original jurisdiction with the family court over child custody proceedings under chapter 26.10 RCW and parenting plans or residential schedules under chapter((s)) 26.09 ~~((and 26.26)), 26.26A, or 26.26B~~ RCW as provided for in RCW 13.34.155.

(4) A juvenile subject to adult superior court jurisdiction under subsection (1)(e)(i) through (v) of this section, who is detained pending trial, may be detained in a detention facility as defined in RCW 13.40.020 pending sentencing or a dismissal.

**Sec. 10.** RCW 13.40.110 and 2018 c 162 s 4 are each amended to read as follows:

(1) Discretionary decline hearing - The prosecutor, respondent, or the court on its own motion may, before a hearing on the information on its merits, file a motion requesting the court to transfer the respondent for adult criminal prosecution and the matter shall be set for a hearing on the question of declining jurisdiction only if:

(a) The respondent is, at the time of proceedings, at least fifteen years of age or older and is charged with a serious violent offense as defined in RCW 9.94A.030; ~~((or))~~

(b) The respondent is, at the time of proceedings, fourteen years of age or younger and is charged with murder in the first degree (RCW 9A.32.030), and/or murder in the second degree (RCW 9A.32.050); or

(c) The respondent is any age and is charged with custodial assault, RCW 9A.36.100, and, at the time the respondent is charged, is already serving a minimum juvenile sentence to age twenty-one.

(2) Mandatory decline hearing - Unless waived by the court, the parties, and their counsel, a decline hearing shall be held when the information alleges an escape by the respondent and the respondent is serving a minimum juvenile sentence to age twenty-one.

(3) The court after a decline hearing may order the case transferred for adult criminal prosecution upon a finding that the declination would be in the best interest of the juvenile or the public. The court shall consider the relevant reports, facts, opinions, and arguments presented by the parties and their counsel.

(4) When the respondent is transferred for criminal prosecution or retained for prosecution in juvenile court, the court shall set forth in writing its finding which shall be supported by relevant facts and opinions produced at the hearing.

**NEW SECTION. Sec. 11.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2019, in the omnibus appropriations act, sections 1 through 6 of this act are null and void."

The student achievement council shall adopt rules to define the terms for repayment, including applicable interest rates, fees, and deferments.

### MESSAGE FROM THE SENATE

April 16, 2019

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1668 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 28B.115.010 and 1989 1st ex.s. c 9 s 716 are each amended to read as follows:

The legislature finds that changes in demographics, the delivery of health care services, and an escalation in the cost of educating health professionals has resulted in shortages of health professionals. A poor distribution of health care professionals has resulted in a surplus of some professionals in some areas of the state and a shortage of others in other parts of the state, such as in the more rural areas and in behavioral health services. The high cost of health professional education requires that health care practitioners command higher incomes to repay the financial obligations incurred to obtain the required training. Health professional shortage areas are often areas that have troubled economies and lower per capita incomes. These areas often require more services because the health care needs are greater due to poverty or because the areas are difficult to service due to geographic circumstances. The salary potentials for shortage areas are often not as favorable when compared to nonshortage areas and practitioners are unable to serve. The legislature further finds that encouraging health professionals to serve in shortage areas is essential to assure continued access to health care for persons living in these parts of the state.

The legislature also finds that one in five adults in the United States experiences mental illness in any given year, but only forty-one percent of adults with a mental health condition received mental health services in 2016, according to the national institute of mental health. The children's mental health work group found that in 2013, only forty percent of children on medicaid with mental health treatment needs were receiving services. Individuals seeking behavioral health services may have trouble receiving the help they need from health care professionals because behavioral health services are limited due to workforce shortages of behavioral health providers. The legislature further finds that encouraging more health care professionals to practice behavioral health in areas with limited services would benefit the state by creating greater access to behavioral health services and by having more health care professionals experienced in providing behavioral health services.

Therefore, the legislature intends to establish the Washington health corps to encourage more health care professionals to work in underserved areas by providing loan repayment and conditional scholarships in return for completing a service commitment.

**Sec. 2.** RCW 28B.115.020 and 2013 c 19 s 46 are each amended to read as follows:

The department may provide technical assistance to rural communities desiring to become sponsoring communities for the purposes of identification of prospective students for the health professional loan repayment and scholarship program, assisting prospective students to apply to an eligible education and training program, making formal agreements with prospective students to provide credentialed health care services in the community, forming agreements between rural communities in a service area to share credentialed health care professionals, and fulfilling any matching requirements.

**Sec. 5.** RCW 28B.115.050 and 2011 1st sp.s. c 11 s 206 are each amended to read as follows:

The office shall establish a planning committee to assist it in developing criteria for the selection of participants for both the health professional loan repayment and scholarship program and the behavioral health loan repayment program. ~~((a))~~ (1) Determine eligible credentialed health care professions for the purposes of the health professional loan repayment and scholarship program and the behavioral health loan repayment program authorized by this chapter. The department shall consider the relative degree of shortages among professions when determining eligibility. The department may add or remove professions from eligibility based upon the determination that a profession is no longer in shortage. After June 1, 1992, the office, in consultation with the department and the department of social and health services, shall:

The annual award amount may be established at a level less than annual eligible expenses. The annual award amount shall be established by the office for each eligible health profession. The awards shall not be paid for more than a maximum of five years per individual;

(2) Determine any scholarship awards for prospective physicians in such a manner to require the recipients declare an interest in serving in rural areas of the state of Washington. Preference for scholarships shall be given to students who reside in a rural physician shortage area or a nonshortage rural area of the state prior to

admission to the eligible education and training program in medicine. Highest preference shall be given to students seeking admission who are recommended by sponsoring communities and who declare the intent of serving as a physician in a rural area. (3) Establish the required service obligation for each credentialed health care profession, which shall be no less than three years or no more than five years, for the health professional loan repayment and scholarship program and the behavioral health loan repayment program. (4) Determine eligible education and training programs for purposes of the scholarship portion of the health professional loan repayment and scholarship program;

(5) Honor loan repayment and scholarship contract terms negotiated between the office and participants prior to May 21, 1991, concerning loan repayment and scholarship award amounts and service obligations authorized under chapter 28B.115(~~(, 28B.104,)~~) or 70.180 RCW.

The office may grant loan repayment to eligible participants from the funds appropriated to the behavioral health loan repayment program or from any private or public funds given to the office for this purpose. Participants are ineligible to receive loan repayment under the health professional loan repayment and scholarship program or the behavioral health loan repayment program if they have received a scholarship from programs authorized under this chapter or chapter 70.180 RCW or are ineligible to receive a scholarship if they have received loan repayment authorized under this chapter or chapter 28B.115 RCW.

(2) Funds appropriated for the health professional loan repayment and scholarship program, including reasonable administrative costs, may be used by the office for the purposes of loan repayments or scholarships. The office shall annually establish the total amount of funding to be awarded for loan repayments and scholarships and such allocations shall be established based upon the best utilization of funding for that year.

(3) One portion of the funding appropriated for the health professional loan repayment and scholarship program shall be used by the office as a recruitment incentive for communities participating in the community-based recruitment and retention program as authorized by chapter

70.185 RCW; one portion of the funding shall be used by the office as a recruitment incentive for recruitment activities in state-operated institutions, county public health departments and districts, county human service agencies, federal and state contracted community health clinics, and other health care facilities, such as rural hospitals that have been identified by the department, as providing substantial amounts of charity care or publicly subsidized health care; one portion of the funding shall be used by the office for all other awards. The office shall determine the amount of total funding to be distributed between the three portions.

**Sec. 9.** RCW 28B.115.100 and 1991 c 332 s 23 are each amended to read as follows:

In providing health care services the participant shall not discriminate against a person on the basis of the person's ability to pay for such services or because payment for the health care services provided to such persons will be made under the insurance program established under part A or B of Title XVIII of the federal social security act or under a state plan for medical assistance including Title XIX of the federal social security act or under the state medical assistance program authorized by chapter 74.09 RCW and agrees to accept assignment under section 18.42(b)(3)(B)(ii) of the federal social security act for all services for which payment may be made under part B of Title XVIII of the federal social security act and enters into an appropriate agreement with the department of social and health services for medical assistance under Title XIX of the federal social security act to provide services to individuals entitled to medical assistance under the plan and enters into appropriate agreements with the department of social and health services for medical care services under chapter 74.09 RCW. Participants found by the (~~board~~) office or the department in violation of this section shall be declared ineligible for receiving assistance under the programs authorized by this chapter.

Participants in the Washington health (~~professional loan repayment and scholarship program~~) corps who are awarded loan repayments shall receive payment (~~from the program~~) for the purpose of repaying educational loans secured while attending a program of health professional training which led to a credential as a credentialed health professional in the state of Washington.

(1) Participants shall agree to meet the required service obligation (~~in a designated health professional shortage area~~).

(2) Repayment shall be limited to eligible educational and living expenses as determined by the office and shall include principal and interest.

to determine payments. Loans may not be renegotiated with lenders to accelerate repayment.

(4) Repayment of loans established pursuant to ~~((this program))~~ the Washington health corps shall begin no later than ninety days after the individual has become a participant. Payments shall be made quarterly, or more frequently if deemed appropriate by the office, to the participant until the loan is repaid or the participant becomes ineligible due to discontinued service in a health professional shortage area or an underserved behavioral health area after the required service obligation when eligibility discontinues, whichever comes first.

(5) Should the participant discontinue service in a health professional shortage area or an underserved behavioral health area, payments against the loans of the participants shall cease to be effective on the date that the participant discontinues service.

(6) Except for circumstances beyond their control, participants who serve less than the required service obligation shall be obligated to repay to the program an amount equal to ~~((twice))~~ the unsatisfied portion of the service obligation, or the total amount paid by the program on their behalf, whichever is less. This amount is due and payable immediately. Participants who are unable to pay the full amount due shall enter into a payment arrangement with the office, including an arrangement for payment of interest. The maximum period for repayment is ten years. The office shall determine the applicability of this subsection. The interest rate shall be determined by the office and be established by rule.

(7) The office is responsible for the collection of payments made on behalf of participants from the participants who discontinue service before completion of the required service obligation. (2) The interest rate shall be determined by the office and established by rule. Participants who fail to complete the service obligation shall incur an equalization fee based on the remaining unforgiven balance. The equalization fee shall be added to the remaining balance and repaid by the participant.

(3) The period for repayment shall coincide with the required service obligation, with payments of principal and interest commencing no later than six months from the date the participant completes or discontinues the course of study or completes or discontinues the required postgraduate training. Provisions for deferral of payment shall be determined by the office.

(4) The entire principal and interest of each payment shall be forgiven for each payment period in which the participant serves in a health professional shortage area until the entire repayment obligation is satisfied or the borrower ceases to so serve. Should the participant cease to serve in a health professional shortage area of this state before the participant's repayment obligation is completed, payment of the unsatisfied portion of the principal and interest is due and payable immediately.

~~((5) ((In addition to the amount determined in subsection (4) of this section, except for circumstances beyond their control, participants who serve less than the required service obligation shall be obliged to pay a penalty of an amount equal to twice the unsatisfied portion of the principal.~~

~~((6))~~ Participants who are unable to pay the full amount due shall enter into a payment arrangement with the office for repayment including interest. The office shall set the maximum period for repayment ((is ten years)) by rule.

~~((7))~~ (6) The office is responsible for collection of repayments made under this section and shall exercise due diligence in such collection, maintaining all necessary records to ensure that maximum repayments are made. Collection and servicing of repayments under this section shall be pursued using the full extent of the law, including wage garnishment if necessary, and shall be performed by entities approved for such servicing by the Washington student loan guaranty association or its successor agency. The office is responsible to forgive all or parts of such repayments under the criteria established in this section and shall maintain all necessary records of forgiven payments.

~~((8))~~ (7) Receipts from the payment of principal or interest or any other subsidies to which the office as administrator is entitled, which are paid by or on behalf of participants under this section, shall be deposited with the office and shall be used to cover the costs of granting the scholarships, maintaining necessary records, and making collections under subsection ~~((7))~~ (6) of this section. The office shall maintain accurate records of these costs, and all receipts beyond those necessary to pay such costs shall be used to grant scholarships to eligible students.

~~((9))~~ (8) Sponsoring communities who financially contribute to the eligible financial expenses of eligible medical students may enter into agreements with the student to require repayment should the student not serve the

required service obligation in the community as a primary care physician. The office may develop criteria for the content of such agreements with respect to reasonable provisions and obligations between communities and eligible students.

~~((40))~~ (9) The office may make exceptions to the conditions for participation and repayment obligations should circumstances beyond the control of individual participants warrant such exceptions. The office shall establish an appeal process by rule.

"**Sec. 1.** RCW 66.24.170 and 2017 c 238 s 1 are each amended to read as follows:

(1) There is a license for domestic wineries; fee to be computed only on the liters manufactured: Less than two hundred fifty thousand liters per year, one hundred dollars per year; and two hundred fifty thousand liters or more per year, four hundred dollars per year.

(2) The license allows for the manufacture of wine in Washington state from grapes or other agricultural products.

(3) Any domestic winery licensed under this section may also act as a retailer of wine of its own production. Any domestic winery licensed under this section may act as a distributor of its own production. Notwithstanding any

language in this title to the contrary, a domestic winery may use a common carrier to deliver up to one hundred cases of its own production, in the aggregate, per month to licensed Washington retailers. A domestic winery may not arrange for any such common carrier shipments to licensed retailers of wine not of its own production. Except as provided in this section, any winery operating as a distributor and/or retailer under this subsection must comply with the applicable laws and rules relating to distributors and/or retailers, except that a winery operating as a distributor may maintain a warehouse off the premises of the winery for the distribution of wine of its own production provided that: (a) The warehouse has been approved by the board under RCW 66.24.010; and (b) the number of warehouses off the premises of the winery does not exceed one.

(4)(a) A domestic winery licensed under this section, at locations separate from any of its production or manufacturing sites, may serve samples of its own products, with or without charge, may sell wine of its own production at retail, and may sell for off-premises consumption wines of its own production in kegs or sanitary containers meeting the applicable requirements of federal law brought to the premises by the purchaser or furnished by the licensee and filled at the tap at the time of sale, provided that: ~~((a))~~ (i) Each additional location has been approved by the board under RCW 66.24.010; ~~((b))~~ (ii) the total number of additional locations does not exceed four; ~~((c))~~ (iii) a winery may not act as a distributor at any such additional location; and ~~((d))~~ (iv) any person selling or serving wine at an additional location for on-premises consumption must obtain a class 12 or class 13 alcohol server permit. Each additional location is deemed to be part of the winery license for the purpose of this title. At additional locations operated by multiple wineries under this section, if the board cannot connect a violation of RCW 66.44.200 or 66.44.270 to a single licensee, the board may hold all licensees operating the additional location jointly liable. Nothing in this subsection may be construed to prevent a domestic winery from holding multiple domestic winery licenses.

(b) A customer of a domestic winery may remove from the premises of the domestic winery or from a tasting room location approved under (a) of this subsection, recorked or recapped in its original container, any portion of wine purchased for on-premises consumption.

(5)(a) A domestic winery licensed under this section may apply to the board for an endorsement to sell wine of its own production at retail for off-premises consumption at a qualifying farmers market. The annual fee for this endorsement is seventy-five dollars. An endorsement issued pursuant to this subsection does not count toward the four additional retail locations limit specified in this section.

(b) For each month during which a domestic winery will sell wine at a qualifying farmers market, the winery must provide the board or its designee a list of the dates, times, and locations at which bottled wine may be offered for sale. This list must be received by the board before the winery may offer wine for sale at a qualifying farmers market.

(c) The wine sold at qualifying farmers markets must be made entirely from grapes grown in a recognized Washington appellation or from other agricultural products grown in this state.

(d) Each approved location in a qualifying farmers market is deemed to be part of the winery license for the purpose of this title. The approved locations under an endorsement granted under this subsection include tasting or sampling privileges subject to the conditions pursuant to RCW 66.24.175. The winery may not store wine at a farmers market beyond the hours that the winery offers bottled wine for sale. The winery may not act as a distributor from a farmers market location.

(e) Before a winery may sell bottled wine at a qualifying farmers market, the farmers market must apply to the board for authorization for any winery with an endorsement approved under this subsection to sell bottled wine at retail at the farmers market. This application shall include, at a minimum: (i) A map of the farmers market showing all booths, stalls, or other designated locations at which an approved winery may sell bottled wine; and (ii) the name and contact information for the on-site market managers who may be contacted by the board or its designee to verify the locations at which bottled wine may be sold. Before authorizing a qualifying farmers market to allow an approved winery to sell bottled wine at retail at its farmers market location, the board must notify the persons or entities of such application for authorization pursuant to RCW 66.24.010 (8) and (9). An authorization granted under this subsection (5)(e) may be withdrawn by the board for any violation of this title or any rules adopted under this title.

(f) The board may adopt rules establishing the application and approval process under this section and such additional rules as may be necessary to implement this section.

(g) For the purposes of this subsection:

(i) "Qualifying farmers market" means an entity that sponsors a regular assembly of vendors at a defined location for the purpose of promoting the sale of agricultural products grown or produced in this state directly to the consumer under conditions that meet the following minimum requirements:

(A) There are at least five participating vendors who are farmers selling their own agricultural products;

(B) The total combined gross annual sales of vendors who are farmers exceeds the total combined gross annual sales of vendors who are processors or resellers. However, if a farmers market does not satisfy this subsection (5)(g)(i)(B), a farmers market is still considered a "qualifying farmers market" if the total combined gross annual sales of farmers and processors at the farmers market is one million dollars or more;

(C) The total combined gross annual sales of vendors who are farmers, processors, or resellers exceeds the total combined gross annual sales of vendors who are not farmers, processors, or resellers;

(D) The sale of imported items and secondhand items by any vendor is prohibited; and

(E) No vendor is a franchisee.

(ii) "Farmer" means a natural person who sells, with or without processing, agricultural products that he or she raises on land he or she owns or leases in this state or in another state's county that borders this state.

(iii) "Processor" means a natural person who sells processed food that he or she has personally prepared on land he or she owns or leases in this state or in another state's county that borders this state.

(iv) "Reseller" means a natural person who buys agricultural products from a farmer and resells the products directly to the consumer.

(6) Wine produced in Washington state by a domestic winery licensee may be shipped out-of-state for the purpose of making it into sparkling wine and then returned to such licensee for resale. Such wine is deemed wine manufactured in the state of Washington for the purposes of RCW 66.24.206, and shall not require a special license.

(7) During an event held by a nonprofit holding a special occasion license issued under RCW 66.24.380, a domestic winery licensed under this section may take orders, either in writing or electronically, and accept payment for wines of its own production under the following conditions:

(a) Wine produced by the domestic winery may be served for on-premises consumption by the special occasion licensee;

(b) The domestic winery delivers wine to the consumer on a date after the conclusion of the special occasion event;

(c) The domestic winery delivers wine to the consumer at a location different from the location at which the special occasion event is held;

(d) The domestic winery complies with all requirements in chapter 66.20 RCW for direct sale of wine to consumers;

(e) The wine is not sold for resale; and

(f) The domestic winery is entitled to all proceeds from the sale and delivery of its wine to a consumer after the conclusion of the special occasion event, but may enter into an agreement to share a portion of the proceeds of these sales with the special occasion licensee licensed under RCW 66.24.380.

**Sec. 2.** RCW 66.24.320 and 2007 c 370 s 9 are each amended to read as follows:

There shall be a beer and/or wine restaurant license to sell beer, including strong beer, or wine, or both, at retail, for consumption on the premises. A patron of the licensee may remove from the premises, recorked or recapped in its original container, any portion of wine or sake that was purchased for consumption with a meal.

(1) The annual fee shall be two hundred dollars for the beer license, two hundred dollars for the wine license, or four hundred dollars for a combination beer and wine license.

(2)(a) The board may issue a caterer's endorsement to this license to allow the licensee to remove from the liquor stocks at the licensed premises, only those types of liquor that are authorized under the on-premises license privileges for sale and service at event locations at a specified date and, except as provided in subsection (3) of this section, place not currently licensed by the board. If the event is open to the public, it must be sponsored by a society or organization as defined by RCW 66.24.375. If attendance at the event is limited to members or invited guests of the sponsoring individual, society, or organization, the requirement that the sponsor must be a society or organization as defined by RCW 66.24.375 is waived. Cost of the endorsement is three hundred fifty dollars.

(b) The holder of this license with ~~((f+))~~ a catering endorsement shall, if requested by the board, notify the board or its designee of the date, time, place, and location of any catered event. Upon request, the licensee shall provide to the board all necessary or requested information concerning the society or organization that will be holding the function at which the endorsed license will be utilized.

(c) The holder of this license with a caterer's endorsement may, under conditions established by the board, store liquor on the premises of another not licensed by the board so long as there is a written agreement between the licensee and the other party to provide for ongoing catering services, the agreement contains no exclusivity clauses regarding the alcoholic beverages to be served, and the agreement is filed with the board.

(d) The holder of this license with a caterer's endorsement may, under conditions established by the board, store liquor on other premises operated by the licensee so long as the other premises are owned or controlled by a leasehold interest by that licensee. A duplicate license may be issued for each additional premises. A license fee of twenty dollars shall be required for such duplicate licenses.

(3) Licensees under this section that hold a caterer's endorsement are allowed to use this endorsement on a domestic winery premises or on the premises of a passenger vessel and may store liquor at such premises under conditions established by the board under the following conditions:

(a) Agreements between the domestic winery or the passenger vessel, as the case may be, and the retail licensee shall be in writing, contain no exclusivity clauses regarding the alcoholic beverages to be served, and be filed with the board; and

(b) The domestic winery or passenger vessel, as the case may be, and the retail licensee shall be separately contracted and compensated by the persons sponsoring the event for their respective services.

(4) The holder of this license or its manager may furnish beer or wine to the licensee's employees free of charge as may be required for use in connection with instruction on beer and wine. The instruction may include the history, nature, values, and characteristics of beer or wine, the use of wine lists, and the methods of presenting, serving, storing, and handling beer or wine. The beer and/or wine licensee must use the beer or wine it obtains under its license for the sampling as part of the instruction. The instruction must be given on the premises of the beer and/or wine licensee.

(5) If the license is issued to a person who contracts with the Washington state ferry system to provide food and alcohol service on a designated ferry route, the license shall cover any vessel assigned to the designated route. A separate license is required for each designated ferry route.

**Sec. 3.** RCW 66.24.400 and 2011 c 119 s 401 are each amended to read as follows:

(1) There shall be a retailer's license, to be known and designated as a spirits, beer, and wine restaurant license, to sell spirituous liquor by the individual glass, beer, and wine, at retail, for consumption on the premises, including mixed drinks and cocktails compounded or mixed on the premises only. HOUSE BILL NO. 1730, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

#### MESSAGE FROM THE SENATE

April 10, 2019

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1732 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 9A.36.078 and 1993 c 127 s 1 are each amended to read as follows:

The legislature finds that crimes and threats against persons because of their race, color, religion, ancestry, national origin, gender, sexual orientation, gender expression or identity, or mental, physical, or sensory (~~(handicaps)~~) disabilities are serious and increasing. The legislature also finds that crimes and threats are often directed against interracial couples and their children or couples of mixed religions, colors, ancestries, or national origins because of bias and bigotry against the race, color, religion, ancestry, or national origin of one person in the couple or family. The legislature finds that the state interest in preventing crimes and threats motivated by bigotry and bias goes beyond the state interest in preventing other felonies or misdemeanors such as criminal trespass, malicious mischief, assault, or other crimes that are not motivated by hatred, bigotry, and bias, and that prosecution of those other crimes inadequately protects citizens from crimes and threats motivated by bigotry and bias. Therefore, the legislature finds that protection of those citizens from threats of harm due to bias and bigotry is a compelling state interest.

The legislature also finds that in many cases, certain discrete words or symbols are used to threaten the victims. Those discrete words or symbols have historically or traditionally been used to connote hatred or threats towards members of the class of which the victim or a member of the victim's family or household is a member. In particular, the legislature finds that cross burnings historically and traditionally have been used to threaten, terrorize, intimidate, and harass African Americans and their families. Cross burnings often preceded lynchings, murders, burning of homes, and other acts of terror. Further, Nazi swastikas historically and traditionally have been used to threaten, terrorize, intimidate, and harass Jewish people and their families. Swastikas symbolize the massive destruction of the Jewish population, commonly known as the holocaust. Therefore, the legislature finds that any person who burns or attempts to burn a cross or displays a swastika on the property of the victim or burns a cross or displays a swastika as part of a series of acts directed towards a particular person, the person's family or household members, or a particular group, knows or reasonably should know that the cross burning or swastika may create a reasonable fear of harm in the mind of the person, the person's family and household members, or the group.

The legislature also finds that attacks on religious places of worship and threatening defacement of religious texts have increased, as have assaults and attacks on those who visibly self-identify as members of a religious minority, such as by wearing religious head covering or other visible articles of faith. The legislature finds that any person who defaces religious real property with derogatory words, symbols, or items, who places a vandalized or defaced religious item or scripture on the property of a victim, or who attacks or attempts to remove the religious garb or faith-based attire of a victim, knows or reasonably should know that such actions create a reasonable fear of harm in the mind of the victim.

The legislature also finds that a hate crime committed against a victim because of the victim's gender

may be identified in the same manner that a hate crime committed against a victim of another protected group is identified. Affirmative indications of hatred towards gender as a class is the predominant factor to consider. Other factors to consider include the perpetrator's use of language, slurs, or symbols expressing hatred towards the victim's gender as a class; the severity of the attack including mutilation of the victim's sexual organs; a history of similar attacks against victims of the same gender by the perpetrator or a history of similar incidents in the same area; a lack of provocation; an absence of any other apparent motivation; and common sense.

The legislature recognizes that, since 2015, Washington state has experienced a sharp increase in malicious harassment offenses, and, in response, the legislature intends to rename the offense to its more commonly understood title of "hate crime offense" and create a multidisciplinary working group to establish recommendations for best practices for identifying and responding to hate crimes.

**Sec. 2.** RCW 9A.36.080 and 2010 c 119 s 1 are each amended to read as follows:

(1) A person is guilty of (~~(malicious harassment)~~) a hate crime offense if he or she maliciously and intentionally commits one of the following acts because of his or her perception of the victim's race, color, religion, ancestry, national origin, gender, sexual orientation, gender expression or identity, or mental, physical, or sensory (~~(handicap)~~) disability:

(a) Causes physical injury to the victim or another person;

(b) Causes physical damage to or destruction of the property of the victim or another person; or

(c) Threatens a specific person or group of persons and places that person, or members of the specific group of persons, in reasonable fear of harm to person or property. The fear must be a fear that a reasonable person would have under all the circumstances. For purposes of this section, a "reasonable person" is a reasonable person who is a member of the victim's race, color, religion, ancestry, national origin, gender, or sexual orientation, or who has the same gender expression or identity, or the same mental, physical, or sensory (~~(handicap)~~) disability as the victim. Words alone do not constitute (~~(malicious harassment)~~) a hate crime offense unless the context or circumstances surrounding the words indicate the words are a threat. Threatening words do not constitute (~~(malicious harassment)~~) a hate crime offense if it is apparent to the victim that the person does not have the ability to carry out the threat.

(2) In any prosecution for (~~(malicious harassment)~~) a hate crime offense, unless evidence exists which explains to the trier of fact's satisfaction that the person did not intend to threaten the victim or victims, the trier of fact may infer that the person intended to threaten a specific victim or group of victims because of the person's perception of the victim's or victims' race, color, religion, ancestry, national origin, gender, sexual orientation, gender expression or identity, or

mental, physical, or sensory (~~(handicap)~~) disability if the person commits one of the following acts:

(a) Burns a cross on property of a victim who is or whom the actor perceives to be of African American heritage; (~~(or)~~)

(b) Defaces property of a victim who is or whom the actor perceives to be of Jewish heritage by defacing the property with a swastika;

(c) Defaces religious real property with words, symbols, or items that are derogatory to persons of the faith associated with the property;

(d) Places a vandalized or defaced religious item or scripture on the property of a victim who is or whom the actor perceives to be of the faith with which that item or scripture is associated;

(e) Damages, destroys, or defaces religious garb or other faith-based attire belonging to the victim or attempts to or successfully removes religious garb or other faith-based attire from the victim's person without the victim's authorization; or

(f) Places a noose on the property of a victim who is or whom the actor perceives to be of a racial or ethnic minority group.

This subsection only applies to the creation of a reasonable inference for evidentiary purposes. This subsection does not restrict the state's ability to prosecute a person under subsection (1) of this section when the facts of a particular case do not fall within (a) (~~(or (b))~~) through (f) of this subsection.

(3) It is not a defense that the accused was mistaken that the victim was a member of a certain race, color, religion, ancestry, national origin, gender, or sexual orientation, had a particular gender expression or identity, or had a mental, physical, or sensory (~~(handicap)~~) disability.

(4) Evidence of expressions or associations of the accused may not be introduced as substantive evidence at trial unless the evidence specifically relates to the crime charged. Nothing in this chapter shall affect the rules of evidence governing impeachment of a witness.

(5) Every person who commits another crime during the commission of a crime under this section may be punished and prosecuted for the other crime separately.

(6) For the purposes of this section:

(a) "Gender expression or identity" means having or being perceived as having a gender identity, self-image, appearance, behavior, or expression, whether or not that gender identity, self-image, appearance, behavior, or expression is different from that traditionally associated with the sex assigned to that person at birth.

(b) "Sexual orientation" (~~has the same meaning as in RCW 49.60.040~~) means heterosexuality, homosexuality, or bisexuality.

(~~(b)~~) (c) "Threat" means to communicate, directly or indirectly, the intent to:

(i) Cause bodily injury immediately or in the future to the person threatened or to any other person; or

(ii) Cause physical damage immediately or in the future to the property of a person threatened or that of any other person.

(7) (~~(Malicious harassment)~~) Commission of a hate crime offense is a class C felony.

(8) The penalties provided in this section for (~~(malicious harassment)~~) hate crime offenses do not preclude the victims from seeking any other remedies otherwise available under law.

(9) Nothing in this section confers or expands any civil rights or protections to any group or class identified under this section, beyond those rights or protections that exist under the federal or state Constitution or the civil laws of the state of Washington.

**Sec. 3.** RCW 9A.36.083 and 1993 c 127 s 3 are each amended to read as follows:

In addition to the criminal penalty provided in RCW 9A.36.080 for committing a (~~(crime of malicious harassment)~~) hate crime offense, the victim may bring a civil cause of action for (~~(malicious harassment)~~) the hate crime offense against the (~~(harasser)~~) person who committed the offense. A person may be liable to the victim of (~~(malicious harassment)~~) the hate crime offense for actual damages, punitive damages of up to (~~(ten)~~) one hundred thousand dollars, and reasonable attorneys' fees and costs incurred in bringing the action.

**NEW SECTION. Sec. 4.** A new section is added to chapter 43.10 RCW to read as follows:

(4) The working group is encouraged to solicit participation and feedback from nonmember groups and individuals with relevant experience, as needed.

(c) The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that was not included in an offender score calculated pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

(12) "Criminal street gang" means any ongoing organization, association, or group of three or more persons, whether formal or informal, having a common name or common identifying sign or symbol, having as one of its primary activities the commission of criminal acts, and whose members or associates individually or collectively engage in or have engaged in a pattern of criminal street gang activity. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

**MESSAGE FROM THE SENATE**

April 12, 2019

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1746 with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that the cost of developing high-quality, commercial office space is prohibitive in cities located outside of a major metropolitan area. The legislature finds these cities plan to

locate commercial office space within those urban centers. The legislature also finds that solely planning for commercial office space within urban centers is inadequate and an incentive should be created to stimulate commercial office space development in urban centers outside major metropolitan areas. The legislature intends to provide these cities with local options to incentivize the development of commercial office space in urban centers with access to transit, transportation systems, and other amenities.

**NEW SECTION. Sec. 2.** A governing authority of a city may designate a commercial office space development area. Within the area, the city may:

(1) Adopt a local sales and use tax remittance program to incentivize the development of commercial office space; and

(2) Establish a local property tax reinvestment program to make public improvements that incentivize the development of commercial office space.

**NEW SECTION. Sec. 3.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Commercial office space" means a high quality building or buildings in the local market, as determined by a city's governing authority. High quality must be reflected in the finishes, construction, and infrastructure of the project building. The building or buildings must be at least fifty thousand square feet, and at least three stories. The building must be centrally located in a city, provide close access to available public transportation and freeways, be managed professionally, and offer amenities and advanced technology options to tenants.

(2) "Commercial office space development area" means an area that has been designated by the city legislative authority as a commercial office space development area. Each area is limited to contiguous tracts, lots, pieces, or parcels of land without the creation of islands of property not included in the commercial office space development area. The commercial office space development area or areas within a city cannot contain more than twenty-five percent of the total assessed value of the taxable real property within the boundaries of the city at the time the area is established.

(3) "County" means a county with a population of less than one million five hundred thousand.

(4) "Family living wage job" means a job with a wage that is sufficient for raising a family. A family living wage job must have an average wage of eighteen dollars an hour or more, working two thousand eighty hours per year, as adjusted annually by the consumer price index. The family living wage may be increased by the local authority based on regional factors and wage conditions.

(5) "Operationally complete" means that a certificate of occupancy has been issued for the building.

(6) "Public improvement" means infrastructure improvements to be owned by a public entity within the commercial office space development area that include:

(a) Street, road, bridge, and rail construction and maintenance;

(b) Water and sewer system construction and improvements;

(c) Sidewalks, streetlights, landscaping, and streetscaping;

(d) Parking, terminal, and dock facilities;

(e) Park and ride facilities of a transit authority;

Sec. 470) as now or hereafter amended;

(i) Electric, gas, fiber, and other utility infrastructures; and

(j) Expenditures for any of the following purposes:

(ii) Providing maintenance and security for common or public areas in the commercial office space development area.

(7) "Public improvement costs" means the costs of:

(a) Design; planning; acquisition, including land acquisition; site preparation, including land clearing; construction; reconstruction; rehabilitation; improvements; and installation of public improvements;

(b) Demolishing, relocating, maintaining, and operating property pending construction of public improvements;

(c) Relocating utilities as a result of public improvements;

(d) Financing public improvements, including interest during construction; legal, and other professional services; taxes; insurance; principal and interest costs on general indebtedness issued to finance public improvements; and any necessary reserves for general indebtedness; and

(e) Administrative expenses and feasibility studies reasonably necessary and related to these costs, including related costs that may have been incurred before adoption of the ordinance authorizing the public improvements and use of funds deposited into the commercial office development public improvement fund.

(8) "Qualifying project" means new construction or rehabilitation of a building or group of buildings intended for use as commercial office space. A "qualifying project" may include mixed-use buildings, not solely intended to be used as office space, but does not include any portion of a project intended for residential use or noncommercial use. A "qualifying project" may include new construction, or rehabilitation of an existing building, which included an area intended to be used for childcare facilities at or near the commercial office space. "Qualifying project" does not include the land associated with the new construction or rehabilitation.

(9) "Rehabilitation" and "rehabilitation improvements" means modifications to an existing building or buildings made to achieve substantial improvements such that the building or buildings can be categorized as commercial office space.

(10) "Rehabilitation improvements" means modifications to an existing building or buildings made to achieve substantial improvements such that the building or buildings can be categorized as commercial office space.

(11) "Urban center" means a compact identifiable district where urban residents may obtain a variety of products and services. An urban center must contain:

(a) Several existing or previous, or both, business establishments that may include but are not limited to shops, offices, banks, restaurants, and governmental agencies;

(b) Adequate public facilities including streets, sidewalks, lighting, transit, domestic water, and sanitary sewer systems; and

(c) A mixture of uses and activities that may include housing, recreation, and cultural activities in association with either commercial or office use, or both commercial and office use.

**NEW SECTION. Sec. 4.** (1) In order for a city to approve a qualifying project to receive a sales and use tax remittance and participate in a local property tax reinvestment program, the city legislative authority must adopt an ordinance designating a commercial office space development area or areas. In the ordinance, the city legislative authority must:

(a) Outline the boundaries of the commercial office space development area or areas, consistent with the definitions of this chapter;

(b) Find that the area is wholly within an urban center;

(c) Find that the area lacks sufficient available, desirable, high-quality, and convenient commercial office space to provide family living wage jobs in the urban center;

(d) Outline standards and guidelines consistent with section 5 of this act to accept and approve applications for qualifying projects to be considered for a local sales and use tax remittance or a property tax reinvestment program; and

(e) Establish a commercial office development public improvement fund in which to deposit property tax reinvestment revenues.

(2) The city legislative authority must hold a public hearing on the ordinance establishing the commercial office space development area or areas. The city legislative authority must give notice of a hearing held under this section by publication of the notice once each week for two consecutive weeks, not less than seven days, nor more than thirty days before the date of the hearing in a paper having a general circulation in the city where the proposed commercial office space development area or areas would be located. The notice must state the time, date, place, and purpose of the hearing and generally identify the area proposed to be designated as a commercial office space development area.

**NEW SECTION. Sec. 5.** (1) In order to approve the sales and use tax remittance and property tax reinvestment for a qualifying project under section 4 of this act, an owner of a qualifying project must, in coordination with the city, submit an application to the city consistent with the standards and guidelines provided in section 4 of this act. Additionally, the application must include:

(a) Whether the qualifying project is located within a commercial office space development area, in accordance with an adopted ordinance under section 4 of this act;

(b) Whether the qualifying project meets the definition of a qualifying project;

(c) The number of family living wage jobs estimated to be generated by the qualifying project;

(d) A description of the qualifying project, including a physical description of proposed building or buildings including estimated square footage, number of floors, and a list of features and amenities;

(e) The cost of construction or rehabilitation, and length of time that the qualifying project will be under construction;

(f) Whether the qualifying project is or will be, at the time of completion, in conformance with all local plans and regulations that apply at the time the application is approved; and

(g) A statement that the qualifying project is not anticipated to be used for the purpose of relocating a business from outside of the commercial office space development area, but within the state, to within the commercial office space development area. This does not exclude the incentives authorized under this chapter and section 11 of this act from being used for the expansion of a business, including the development of additional offices or satellite facilities.

(2) If the project applicant is seeking a sales and use tax remittance, the application must also include:

(a) A written agreement for the use of the local sales and use tax remittance from any taxing authority that

imposes a sales or use tax under chapter 82.14 RCW or RCW 81.104.170. The agreement must be authorized by the governing body of such participating taxing authorities. If a taxing authority does not provide a written agreement, the sales and use tax for that taxing authority may not be remitted and the revenue may not be estimated in the application;

(b) An estimate of the amount of local sales and use tax revenue that will be remitted to a taxpayer;

(c) The approximate date that the local sales and use tax revenue will be remitted to a taxpayer; and

(d) The criteria under this section by which a qualifying project can later receive certification under section 11(4) of this act confirming that a taxpayer is eligible for the remittance.

(3) If the city intends to approve the qualifying project for a property tax reinvestment, the application must also include:

(a) A written agreement of the participation of any taxing authority that collects a local property tax allocation. The agreement must be authorized by the governing body of such participating local taxing authorities. If a taxing authority does not provide written agreement, the local property tax for that taxing authority may not be remitted to the city legislative authority that established a commercial office development public improvement fund;

(b) An estimated amount of property tax to be deposited into a commercial office development public improvement fund resulting from the qualifying project; and

(c) A prioritized list of public improvements that support the development of the qualifying project, and the estimated public improvement costs.

**NEW SECTION. Sec. 6.** (1) The duly authorized administrative official or committee of the city may approve the application if it finds that:

(a) The proposed qualifying project meets the criteria as defined by the city in section 4 of this act;

(b) The proposed qualifying project is or will be, at the time of completion, in conformance with all local plans and regulations that apply at the time the application is approved;

(c) The owner has complied with all standards and guidelines adopted by the city in section 4 of this act; and

(d) The site is located in a commercial office space development area that has been designated by the city legislative authority in accordance with the procedures and guidelines indicated in section 4 of this act.

(2) If the application is approved, the city must issue the owner of the property a conditional certificate of acceptance of the project for the sales and use tax remittance and participation in a property tax reinvestment program.

(3) If the application is denied by the authorized administrative official or committee authorized by the city

legislative authority, the deciding administrative official or committee must state in writing the reasons for denial and send the notice to the applicant at the applicant's last known address within ten days of the denial.

(4) Upon denial by a duly authorized administrative official or committee, an applicant may appeal the denial to the city legislative authority within thirty days after receipt of the denial. The appeal before the governing authority must be based upon the record made before the administrative official or committee with the burden of proof on the applicant to show that there was no substantial evidence to support the administrative official's or committee's decision. The decision of the city legislative authority in denying or approving the application is final.

**NEW SECTION. Sec. 7.** (1) Once the city approves an application for a qualifying project to participate in a property tax reinvestment program, the city must deposit into a commercial office development public improvement fund, the equivalent of the city's share of the ad valorem property taxation on the value of new construction and rehabilitation improvements of real property for qualifying projects under this chapter for a period of ten successive years beginning January 1st of the calendar year immediately following the calendar year in which the application is initially approved.

(2) For a period of ten successive years beginning January 1st of the calendar year immediately following the calendar year in which the application is initially approved, taxing districts participating under this section that provide a written agreement under section 5 of this act must transfer to the city an amount equivalent to the portion of the taxing district's ad valorem property tax on the value of new construction and rehabilitation improvements of real property for qualifying projects for the city to deposit into a commercial office development public improvement fund.

**NEW SECTION. Sec. 8.** (1) The city may only make expenditures from the commercial office development public improvement fund that:

(a) Are to construct the public improvement that was identified in the approved application, requesting the property tax reinvestment submitted under section 5 of this act and approved under section 6 of this act;

(b) Transfer funding to the project applicant to construct the public improvement and transfer ownership of the public improvement to a public agency; and

(c) Meet any additional criteria established in an ordinance adopted under section 4 of this act.

(2) The city and the project applicant must enter into a written agreement outlining the specifics of the public improvement, associated public improvement costs, responsible parties, and any other information required by the city.

**NEW SECTION. Sec. 9.** If a qualifying project participating in the property tax reinvestment program under this chapter changes ownership, the property continues to qualify for the reinvestment, if the new owner complies with all of the application requirements, procedures, terms, conditions, and reporting requirements under this chapter, and meets all of the criteria established by the city to which the application was submitted under this chapter.

**NEW SECTION. Sec. 10.** (1) The joint legislative audit and review committee must study the effectiveness of the local sales and use tax remittance and the local property tax reinvestment programs authorized in this chapter, and submit a report as provided in subsection (3) of this section.

(2) The report must include, but is not limited to, an assessment of the local sales and use tax remittance and the property tax reinvestment programs authorized under this chapter and an evaluation of:

(a) The availability of quality office space;

(b) The effects on affordable housing;

(c) The effects on transportation, traffic congestion, and greenhouse gas emissions; and

(d) Job creation.

(3) By October 1, 2028, and in compliance with RCW 43.01.036, the joint legislative audit and review committee must submit to the appropriate committees of the legislature a final report with their findings and recommendations under this section.

(4) This section expires December 31, 2028.

**NEW SECTION. Sec. 11.** A new section is added to chapter 82.14 RCW to read as follows:

(1) Subject to the requirements of chapter 35---RCW (the new chapter created in section 12 of this act) and RCW 81.104.170, a project is eligible for a sales and use tax remittance under the authority of this chapter on:

(a) The sale of or charge made for labor and services rendered in respect to construction or rehabilitation of a qualifying project located in a city; and

(b) The sales or use of tangible personal property that will be incorporated as an ingredient or component of a qualifying project located in a city during the course of the constructing or rehabilitating.

(2)(a) A qualifying project owner claiming a remittance under this section must pay all applicable state and local sales and use taxes imposed or authorized under RCW 82.08.020, 82.12.020, and this chapter on all purchases and uses qualifying for the remittance.

(b) The amount of the remittance is one hundred percent of the local sales and use taxes paid under an ordinance enacted under the authority of this chapter for purchases or uses qualifying under subsection (1) of this section, if the taxing authorities imposing taxes under the

authority of this chapter have authorized the use of the remittance to the city legislative authority as provided under section 6 of this act.

(3) After the qualifying project has been operationally complete for eighteen months, but not more than thirty-six months, and after all local sales and use taxes for purchases and uses qualifying under subsection (1) of this section have been paid, a qualifying project owner who submits an application for a building permit for that qualifying project prior to July 1, 2027, may apply to the department for a remittance of local sales and use taxes.

(4) A qualifying project owner requesting a remittance under this section must obtain certification from the governing authority of a city verifying that the qualifying project has satisfied the criteria in section 6 of this act.

(5) A qualifying project owner must specify the amount of exempted tax claimed and the qualifying purchases or uses for which the exemption is claimed. The qualifying project owner must retain, in adequate detail, records to enable the department to determine whether the qualifying project owner is entitled to an exemption under this section, including invoices, proof of tax paid, and construction contracts.

(6) The department must determine eligibility under this section based on information provided by the qualifying project owner, which is subject to audit verification by the department.

(7)(a) A person otherwise eligible for a remittance under this section that transfers the ownership of the qualifying project before the requirements in subsection (3) of this section are met may assign the right to the remittance under this section to the subsequent owner of the qualifying project.

(b) Persons applying for the remittance as an assignee must provide the department the following documentation in a form and manner as provided by the department:

(i) The agreement that transfers the right to the remittance to the assignee;

(ii) Proof of payment of sales and use tax on the qualifying project; and

(iii) Any other documentation the department requires.

(8) The definitions in section 3 of this act apply to this section.

**Sec. 12.** RCW 81.104.170 and 2015 3rd sp.s. c 44 s 320 are each amended to read as follows:

(1) Cities that operate transit systems, county transportation authorities, metropolitan municipal corporations, public transportation benefit areas, high capacity transportation corridor areas, and regional transit authorities may submit an authorizing proposition to the voters and if approved by a majority of persons voting, fix and impose a sales and use tax in accordance with the terms

of this chapter, solely for the purpose of providing high capacity transportation service.

(2) The tax authorized pursuant to this section is in addition to the tax authorized by RCW 82.14.030 and must be collected from those persons who are taxable by the state pursuant to chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the taxing district.

(a) Except for the tax imposed under (b) of this subsection by regional transit authorities that include a county with a population of more than one million five hundred thousand, the maximum rate of such tax must be approved by the voters and may not exceed one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The maximum rate of such tax that may be imposed may not exceed nine-tenths of one percent in any county that imposes a tax under RCW 82.14.340, or within a regional transit authority if any county within the authority imposes a tax under RCW 82.14.340.

(b) The maximum rate of such tax that may be imposed by a regional transit authority that includes a county with a population of more than one million five hundred thousand must be approved by the voters and may not exceed 1.4 percent. If a regional transit authority imposes the tax authorized under this subsection (2)(b) in excess of 0.9 percent, the authority may not receive any state grant funds provided in an omnibus transportation appropriations act except transit coordination grants created in chapter 11, Laws of 2015 3rd sp. sess.

(3)(a) The exemptions in RCW 82.08.820 and 82.12.820 are for the state portion of the sales and use tax and do not extend to the tax authorized in this section.

(b) The exemptions in RCW 82.08.962 and 82.12.962 are for the state and local sales and use taxes and include the tax authorized by this section.

(c) The exemptions in section 11 of this act are for the local sales and use taxes and include the tax authorized by this section.

maximum speed of no greater than twenty miles per hour on level ground.

For purposes of this section, a motor-driven cycle, a moped, an electric-assisted bicycle, or a motorcycle is not a motorized foot scooter.

**Sec. 2.** RCW 46.04.670 and 2011 c 171 s 19 are each amended to read as follows:

Bicycles and motorized foot scooters are not considered vehicles for the purposes of chapter 46.12, 46.16A, or 46.70 RCW or RCW 82.12.045. Electric personal assistive mobility devices and motorized foot scooters are not considered vehicles or motor vehicles for the purposes of chapter 46.12, 46.16A, 46.29, 46.37, or 46.70 RCW. **Sec. 3.** RCW 46.61.710 and 2018 c 60 s 5 are each amended to read as follows:

(1) No person shall operate a moped upon the highways of this state unless the moped has been assigned a moped registration number and displays a moped permit in accordance with RCW 46.16A.405(2).

(2) Notwithstanding any other provision of law, a moped may not be operated on a bicycle path or trail, bikeway, equestrian trail, or hiking or recreational trail.

(3) Operation of a moped, electric personal assistive mobility device, or motorized foot scooter on a fully controlled limited access highway is unlawful. Operation of a moped on a sidewalk is unlawful. (8) Class 3 electric-assisted bicycles may be operated on facilities that are within or adjacent to a highway. Class 3 electric-assisted bicycles may not be operated on a shared-use path, except where local jurisdictions may allow the use of class 3 electric-assisted bicycles. (a) A municipality and the department of transportation may prohibit the operation of an EPAMD on public highways within their respective jurisdictions where the speed limit is greater than twenty-five miles per hour;

(b) A municipality may restrict the speed of an EPAMD in locations with congested pedestrian or nonmotorized traffic and where there is significant speed differential between pedestrians or nonmotorized traffic and EPAMD operators. The areas in this subsection must be designated by the city engineer or designee of the municipality. Municipalities shall not restrict the speed of an EPAMD in the entire community or in areas in which there is infrequent pedestrian traffic;

(c) A state agency or local government may regulate the operation of an EPAMD within the boundaries of any area used for recreation, open space, habitat, trails, or conservation purposes.

### MESSAGE FROM THE SENATE

April 16, 2019

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1784 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 76.06.200 and 2017 c 95 s 1 are each amended to read as follows:

(1) The department must establish a forest health assessment and treatment framework designed to proactively and systematically address the forest health issues facing the state. Specifically, the framework must endeavor to achieve an initial goal of assessing and treating one million acres of land by 2033.

(2) The department must utilize the framework to assess and treat acreage in an incremental fashion each biennium. The framework consists of three elements: Assessment; treatment; and progress review and reporting.

(a) Assessment. Each biennium, the department must identify and assess two hundred thousand acres of fire prone lands and communities that are in need of forest health treatment, including the use of prescribed fire or mechanical treatment, such as thinning.

(i) The scope of the assessment must include lands protected by the department as well as lands outside of the department's fire protection responsibilities that could pose a high risk to department protected lands during a fire.

(ii) The assessment must identify areas in need of treatment, the type or types of treatment recommended, data and planning needs to carry out recommended treatment, and the estimated cost of recommended treatment.

(b) Treatment. Each biennium, the department must review previously completed assessments and prioritize and conduct as many identified treatments as possible using appropriations provided for that specific purpose.

(c) Progress review and reporting. By December 1st of each even-numbered year, the department must provide the appropriate committees of the legislature and the office of financial management with:

(i) A request for appropriations designed to implement the framework in the following biennium,

including assessment work and conducting treatments identified in previously completed assessments;

(ii) A prioritized list and brief summary of treatments planned to be conducted under the framework with the requested appropriations, including relevant information from the assessment; and

(iii) A list and brief summary of treatments carried out under the framework in the preceding biennium, including total funding available, costs for completed treatment, and treatment outcomes. The summary must include any barriers to framework implementation and legislative or administrative recommendations to address those barriers.

(3) In developing and implementing the framework, the department must:

(a) Utilize and build on the forest health strategic planning initiated under section 308(11), chapter 36, Laws of 2016 sp. sess., to the maximum extent practicable, to promote the efficient use of resources; ~~(and)~~

(b) Prioritize, to the maximum extent practicable consistent with this section, forest health treatments that are strategically planned to serve the dual benefits of forest health maximization while providing geographically planned tools for wildfire response; and

(c) Establish a forest health advisory committee to assist in developing and implementing the framework. The committee may: (i) Include representation from large and small forest landowners, wildland fire response organizations, milling and log transportation industries, forest collaboratives that may exist in the affected areas, highly affected communities and community preparedness organizations, conservation groups, and other interested parties deemed appropriate by the commissioner; and (ii) consult with relevant local, state, and federal agencies, and tribes.

(4) In implementing subsection (3)(b) of this section, the department shall attempt to locate and design forest health treatments in such a way as to provide wildfire response personnel with strategically located treated areas to assist with managing fire response. These areas must attempt to maximize the firefighting benefits of natural and artificial geographic features and be located in areas that prioritize the protection of commercially managed lands from fires originating on public land.

(5) The department must establish and implement the forest health assessment and treatment framework within the appropriations specifically provided for this purpose.

**Sec. 2.** RCW 76.04.015 and 2016 c 109 s 1 are each amended to read as follows:

(1) The department may, at its discretion, appoint trained personnel possessing the necessary qualifications to carry out the duties and supporting functions of the department and may determine their respective salaries.

(2) The department shall have direct charge of and supervision of all matters pertaining to the forest fire service of the state.

(3) The department shall:

(a) Enforce all laws within this chapter;

(b) Be empowered to take charge of and, consistent with RCW 76.04.021, direct the work of suppressing forest fires;

(c)(i) Investigate the origin and cause of all forest fires to determine whether either a criminal act or negligence by any person, firm, or corporation caused the starting, spreading, or existence of the fire. In conducting investigations, the department shall work cooperatively, to the extent possible, with utilities, property owners, and other interested parties to identify and preserve evidence. Except as provided otherwise in this subsection, the department in conducting investigations is authorized, without court order, to take possession or control of relevant evidence found in plain view and belonging to any person, firm, or corporation. To the extent possible, the department shall notify the person, firm, or corporation of its intent to take possession or control of the evidence. The person, firm, or corporation shall be afforded reasonable opportunity to view the evidence and, before the department takes possession or control of the evidence, also shall be afforded reasonable opportunity to examine, document, and photograph it. If the person, firm, or corporation objects in writing to the department's taking possession or control of the evidence, the department must either return the evidence within seven days after the day on which the department is provided with the written objections or obtain a court order authorizing the continued possession or control.

(ii) Absent a court order authorizing otherwise, the department may not take possession or control of evidence over the objection of the owner of the evidence if the evidence is used by the owner in conducting a business or in providing an electric utility service and the department's taking possession or control of the evidence would substantially and materially interfere with the operation of the business or provision of electric utility service.

(iii) Absent a court order authorizing otherwise, the department may not take possession or control of evidence over the objection of an electric utility when the evidence is not owned by the utility but has caused damage to property owned by the utility. However, this subsection (3)(c)(iii) does not apply if the department has notified the utility of its intent to take possession or control of the evidence and provided the utility with reasonable time to examine, document, and photograph the evidence.

(iv) Only personnel qualified to work on electrical equipment may take possession or control of evidence owned or controlled by an electric utility;

(d) Furnish notices or information to the public calling attention to forest fire dangers and the penalties for violation of this chapter;

(e) Be familiar with all timbered and cut-over areas of the state, areas where forest health treatments were

undertaken on state, federal, or private land, public general transportation roads and public and private logging roads, water bodies, and other features on the landscape relevant in planning a fire response and include those features on a geographic information system for use by fire response personnel to assist in response decision making;

(f) Maximize the effective utilization of local fire suppression assets consistent with RCW 76.04.181; and

(g) Regulate and control the official actions of its employees, the wardens, and the rangers.

(4) The department may:

(a) Authorize all needful and proper expenditures for forest protection;

(b) Adopt rules consistent with this section for the prevention, control, and suppression of forest fires as it considers necessary including but not limited to: Fire equipment and materials; use of personnel; and fire prevention standards and operating conditions including a provision for reducing these conditions where justified by local factors such as location and weather;

(c) Remove at will the commission of any ranger or suspend the authority of any warden;

(d) Inquire into:

(i) The extent, kind, value, and condition of all timberlands within the state;

(ii) The extent to which timberlands are being destroyed by fire and the damage thereon;

(e) Provide fire detection, prevention, presuppression, or suppression services on nonforested public lands managed by the department or another state agency, but only to the extent that providing these services does not interfere with or detract from the obligations set forth in subsection (3) of this section. If the department provides fire detection, prevention, presuppression, or suppression services on nonforested public lands managed by another state agency, the department must be fully reimbursed for the work through a cooperative agreement as provided for in RCW 76.04.135(1).

(5) Any rules adopted under this section for the suppression of forest fires must include a mechanism by which a local fire mobilization radio frequency, consistent with RCW 43.43.963, is identified and made available during the initial response to any forest fire that crosses jurisdictional lines so that all responders have access to communications during the response. Different initial response frequencies may be identified and used as appropriate in different geographic response areas. If the fire radio communication needs escalate beyond the capability of the identified local radio frequency, the use of other available designated interoperability radio frequencies may be used.

(6) When the department considers it to be in the best interest of the state, it may cooperate with any agency of another state, the United States or any agency thereof, the Dominion of Canada or any agency or province thereof, and

any county, town, corporation, individual, or Indian tribe within the state of Washington in forest firefighting and patrol.

**Sec. 3.** RCW 70.94.6514 and 2009 c 118 s 103 are each amended to read as follows:

(1) Consistent with the policy of the state to reduce outdoor burning to the greatest extent practical, outdoor burning shall not be allowed in:

(a) Any area of the state where federal or state ambient air quality standards are exceeded for pollutants emitted by outdoor burning; or

(b) Any urban growth area as defined by RCW 36.70A.030, or any city of the state having a population greater than ten thousand people if such cities are threatened to exceed state or federal air quality standards, and alternative disposal practices consistent with good solid waste management are reasonably available or practices eliminating production of organic refuse are reasonably available.

(2) Notwithstanding any other provision of this section, outdoor burning may be allowed for the exclusive purpose of managing storm or flood-related debris. The decision to allow burning shall be made by the entity with permitting jurisdiction as determined under RCW 70.94.6534 or 70.94.6518. If outdoor burning is allowed in areas subject to subsection (1)(a) or (b) of this section, a permit shall be required, and a fee may be collected to cover the expenses of administering and enforcing the permit. All conditions and restrictions pursuant to RCW 70.94.6526(1) and 70.94.6512 apply to outdoor burning allowed under this section.

(3)(a) Outdoor burning that is normal, necessary, and customary to ongoing agricultural activities, that is consistent with agricultural burning authorized under RCW 70.94.6528 and 70.94.6532, is allowed within the urban growth area in accordance with RCW 70.94.6528(8)(a).

(b) Outdoor burning of cultivated orchard trees shall be allowed as an ongoing agricultural activity under this section in accordance with RCW 70.94.6528(8)(b).

(4) This section shall not apply to silvicultural burning used to improve or maintain fire dependent ecosystems for rare plants or animals within state, federal, and private natural area preserves, natural resource conservation areas, parks, and other wildlife areas.

(5) Notwithstanding any other provisions of this section, outdoor burning that reduces the risk of a wildfire, or is normal, necessary, and customary to ongoing silvicultural activities consistent with silvicultural burning authorized under RCW 70.94.6534(1), is allowed within the urban growth area in accordance with RCW 70.94.6534. Before issuing a burn permit within the urban growth area for any burn that exceeds one hundred tons of material, the department of natural resources shall consult with department of ecology and condition the issuance and use of such permits to comply with air quality standards established by the department of ecology.

**Sec. 4.** RCW 70.94.6524 and 2009 c 118 s 301 are each amended to read as follows:

(1) It shall be the responsibility and duty of the department of natural resources, department of ecology, department of agriculture, county fire marshals in consultation with fire districts, and local air pollution control authorities to establish, through regulations, ordinances, or policy, a limited burning permit program.

(2) The permit program shall apply to residential and land clearing burning in the following areas:

(a) In the nonurban areas of any county with an unincorporated population of greater than fifty thousand; and

(b) In any city and urban growth area that is not otherwise prohibited from burning pursuant to RCW 70.94.6514.

(3) The permit program shall apply only to land clearing burning in the nonurban areas of any county with an unincorporated population of less than fifty thousand.

(4) The permit program may be limited to a general permit by rule, or by verbal, written, or electronic approval by the permitting entity.

(5) Notwithstanding any other provision of this section, neither a permit nor the payment of a fee shall be required for outdoor burning for the purpose of disposal of tumbleweeds blown by wind. Such burning shall not be conducted during an air pollution episode or any stage of impaired air quality declared under RCW 70.94.715. This subsection (5) shall only apply within counties with a population less than two hundred fifty thousand.

(6) Burning shall be prohibited in an area when an alternate technology or method of disposing of the organic refuse is available, reasonably economical, and less harmful to the environment. It is the policy of this state to foster and encourage development of alternate methods or technology for disposing of or reducing the amount of organic refuse.

(7) Incidental agricultural burning must be allowed without applying for any permit and without the payment of any fee if:

(a) The burning is incidental to commercial agricultural activities;

(b) The operator notifies the local fire department within the area where the burning is to be conducted;

(c) The burning does not occur during an air pollution episode or any stage of impaired air quality declared under RCW 70.94.715; and

(d) Only the following items are burned:

(i) Orchard prunings;

(ii) Organic debris along fence lines or irrigation or drainage ditches; or

(iii) Organic debris blown by wind.

(8) As used in this section, "nonurban areas" are unincorporated areas within a county that are not designated as urban growth areas under chapter 36.70A RCW.

(9) Nothing in this section shall require fire districts to enforce air quality requirements related to outdoor burning, unless the fire district enters into an agreement with the department of ecology, department of natural resources, a local air pollution control authority, or other appropriate entity to provide such enforcement.

**Sec. 5.** RCW 70.94.6534 and 2010 1st sp.s. c 7 s 128 are each amended to read as follows:

(1) The department of natural resources (~~shall have the responsibility~~) is responsible for issuing and regulating burning permits required by it relating to the following activities for the protection of life or property (~~and/or~~) and for the public health, safety, and welfare:

(a) Abating or prevention of a forest fire hazard;

(b) (~~Prevention of a fire hazard~~) Reducing the risk of a wildfire under RCW 70.94.6514(5);

(c) Instruction of public officials in methods of forest firefighting;

(d) Any silvicultural operation to improve the forestlands of the state, including but not limited to forest health and resiliency, decreasing forest insect or disease susceptibility, maintaining or restoring native vegetation, or otherwise enhancing resiliency to fire; and

(e) Silvicultural burning used to improve or maintain fire dependent ecosystems for rare plants or animals within state, federal, and private natural area preserves, natural resource conservation areas, parks, and other wildlife areas.

(2) The department of natural resources shall not retain such authority, but it shall be the responsibility of the appropriate fire protection agency for permitting and regulating outdoor burning on lands where the department of natural resources does not have fire protection responsibility, except for the issuance of permits for reducing the risk of wildfire under RCW 70.94.6514(5). The department of natural resources may enter into cooperative agreements with local fire protection agencies to issue permits for reducing wildfire risk under RCW 70.94.6514(5).

(3) Permit fees shall be assessed for wildfire risk reduction and for silvicultural burning under the jurisdiction of the department of natural resources and collected by the department of natural resources as provided for in this section. All fees shall be deposited in the air pollution control account, created in RCW 70.94.015. The legislature shall appropriate to the department of natural resources funds from the air pollution control account to enforce and administer the program under this section and RCW 70.94.6536, 70.94.6538, and 70.94.6540. Fees shall be set by rule by the department of natural resources at the level necessary to cover the costs of the program after receiving recommendations on such fees from the public.

**Sec. 6.** RCW 70.94.6536 and 1995 c 143 s 1 are each amended to read as follows:

(1)(a) The department of natural resources shall administer a program to reduce statewide emissions from silvicultural forest burning so as to achieve the following minimum objectives:

~~((a))~~ (i) Twenty percent reduction by December 31, 1994, providing a ceiling for emissions until December 31, 2000; and

~~((b))~~ (ii) Fifty percent reduction by December 31, 2000, providing a ceiling for emissions thereafter.

(b) Reductions shall be calculated from the average annual emissions level from calendar years 1985 to 1989, using the same methodology for both reduction and base year calculations.

(2)(a) The department of natural resources, within twelve months after May 15, 1991, shall develop a plan, based upon the existing smoke management agreement to carry out the programs as described in this section in the most efficient, cost-effective manner possible. The plan shall be developed in consultation with the department of ecology, public and private landowners engaged in silvicultural forest burning, and representatives of the public.

(b) The plan shall recognize the variations in silvicultural forest burning including, but not limited to, a landowner's responsibility to abate an extreme fire hazard under chapter 76.04 RCW and other objectives of burning, including abating and preventing a fire hazard, geographic region, climate, elevation and slope, proximity to populated areas, ~~(and)~~ diversity of land ownership, improving forest health and resiliency, decreasing forest insect or disease susceptibility, maintaining or restoring native vegetation, or otherwise enhancing resiliency to fire. The plan shall establish priorities that the department of natural resources shall use to allocate allowable emissions, including but not limited to, forest health and resiliency, silvicultural burning used to improve or maintain fire dependent ecosystems for rare plants or animals within state, federal, and private natural area preserves, natural resource conservation areas, parks, and other wildlife areas. The plan shall also recognize the real costs of the emissions program and recommend equitable fees to cover the costs of the program.

(c) The emission reductions in this section are to apply to all forestlands including those owned and managed by the United States. If the United States does not participate in implementing the plan, the departments of natural resources and ecology shall use all appropriate and available methods or enforcement powers to ensure participation.

(d) The plan shall include a tracking system designed to measure the degree of progress toward the emission reductions goals set in this section. The department of natural resources shall report annually to the department of ecology and the legislature on the status of the plan, emission reductions and progress toward meeting the objectives specified in this section, and the goals of this chapter and chapter 76.04 RCW.

(3) If the December 31, 1994, emission reductions targets in this section are not met, the department of natural resources, in consultation with the department of ecology, shall use its authority granted in this chapter and chapter 76.04 RCW to immediately limit emissions from such burning to the 1994 target levels and limit silvicultural forest burning in subsequent years to achieve equal annual incremental reductions so as to achieve the December 31, 2000, target level. If, as a result of the program established in this section, the emission reductions are met in 1994, but are not met by December 31, 2000, the department of natural resources in consultation with the department of ecology shall immediately limit silvicultural forest burning to reduce emissions from such burning to the December 31, 2000, target level in all subsequent years.

(4) Emissions from silvicultural burning in eastern Washington that is conducted for the purpose of restoring forest health or preventing the additional deterioration of forest health are exempt from the reduction targets and calculations in this section if the following conditions are met:

(a) The landowner submits a written request to the department identifying the location of the proposed burning and the nature of the forest health problem to be corrected. The request shall include a brief description of alternatives to silvicultural burning and reasons why the landowner believes the alternatives not to be appropriate.

(b) The department determines that the proposed silvicultural burning operation is being conducted to restore forest health or prevent additional deterioration to forest health; meets the requirements of the state smoke management plan to protect public health, visibility, and the environment; and will not be conducted during an air pollution episode or during periods of impaired air quality in the vicinity of the proposed burn.

(c) Upon approval of the request by the department and before burning, the landowner is encouraged to notify the public in the vicinity of the burn of the general location and approximate time of ignition.

(5) The department of ecology may conduct a limited, seasonal ambient air quality monitoring program to measure the effects of forest health burning conducted under subsection (4) of this section. The monitoring program may be developed in consultation with the department of natural resources, private and public forest landowners, academic experts in forest health issues, and the general public.

**Sec. 7.** RCW 70.94.6538 and 2009 c 118 s 502 are each amended to read as follows:

The department of natural resources, in granting burning permits for fires for the purposes set forth in RCW 70.94.6534, shall condition the issuance and use of such permits to comply to the extent feasible with air quality standards established by the department of ecology (~~after full consultation with the department of natural resources~~). Such burning shall not cause the state air quality standards to be exceeded in the ambient air up to two thousand feet above ground level over critical areas designated by the

department of ecology, otherwise subject to air pollution from other sources. Air quality standards shall be established and published by the department of ecology which shall also establish a procedure for advising the department of natural resources when and where air contaminant levels exceed or threaten to exceed the ambient air standards over such critical areas. The air quality shall be quantitatively measured by the department of ecology or the appropriate local air pollution control authority at established monitoring stations over such designated areas. Further, such permitted burning shall not cause damage to public health or the environment. All permits issued under this section shall be subject to all applicable fees, permitting, penalty, and enforcement provisions of this chapter. The department of natural resources shall set forth smoke dispersal objectives designed consistent with this section to minimize any air pollution from such burning and the procedures necessary to meet those objectives.

The department of natural resources shall encourage more intense utilization in logging and alternative silviculture practices to reduce the need for burning. The department of natural resources shall, whenever practical, encourage landowners to develop and use alternative acceptable disposal methods subject to the following priorities: (1) Slash production minimization, (2) slash utilization, (3) nonburning disposal, (4) silvicultural burning. Such alternative methods shall be evaluated as to the relative impact on air, water, and land pollution, public health, and their financial feasibility.

The department of natural resources shall not issue burning permits and shall revoke previously issued permits at any time in any area where the department of ecology or local board has declared a stage of impaired air quality as defined in RCW 70.94.473.

**NEW SECTION. Sec. 8.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2019, in the omnibus appropriations act, this act is null and void."

### MESSAGE FROM THE SENATE

April 11, 2019

Mr. Speaker:

The Senate has passed SUBSTITUTION HOUSE BILL NO. 1798 with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1. DEFINITIONS.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Contact" means the operator or the operator's representative who is the point of contact for any short-term rental guest for the duration of the guest's stay in the short-term rental.

(2) "Department" means the department of revenue.

(3) "Dwelling unit" means a residential dwelling of any type, including a single-family residence, apartment, condominium, cooperative unit, or room, in which a person may obtain living accommodations for less than thirty days,

but not including duly licensed bed and breakfast, inn, hotel, motel, or timeshare property.

(4) "Fee" means remuneration or anything of economic value that is provided, promised, or donated primarily in exchange for services rendered.

(5) "Guest" means any person or persons renting a short-term rental unit.

(6) "Operator" or "short-term rental operator" means any person who receives payment for owning or operating a dwelling unit, or portion thereof, as a short-term rental unit.

(7) "Owner" means any person who, alone or with others, has title or interest in any building, property, dwelling unit, or portion thereof, with or without accompanying actual possession thereof, and including any person who as agent, executor, administrator, trustee, or guardian of an estate has charge, care, or control of any building, dwelling unit, or portion thereof. A person whose sole interest in any building, dwelling unit, or portion thereof is solely that of a lessee under a lease agreement is not considered an owner.

(8) "Person" has the same meaning as provided in RCW 82.04.030.

(9)(a) "Short-term rental" means a lodging use, that is not a hotel or motel or bed and breakfast, in which a dwelling unit, or portion thereof, that is offered or provided to a guest by a short-term rental operator for a fee for fewer than thirty consecutive nights.

(b) "Short-term rental" does not include any of the following:

(i) A dwelling unit that is occupied by the owner for at least six months during the calendar year and in which fewer than three rooms are rented at any time;

(ii) A dwelling unit, or portion thereof, that is used by the same person for thirty or more consecutive nights; or

(iii) A dwelling unit, or portion thereof, that is operated by an organization or government entity that is registered as a charitable organization with the secretary of state, state of Washington, or is classified by the federal internal revenue service as a public charity or a private foundation, and provides temporary housing to individuals who are being treated for trauma, injury, or disease, or their family members.

(10) "Short-term rental advertisement" means any method of soliciting use of a dwelling unit for short-term rental purposes.

(11) "Short-term rental platform" or "platform" means a person that provides a means through which an operator may offer a dwelling unit, or portion thereof, for short-term rental use, and from which the person or entity financially benefits. Merely publishing a short-term rental advertisement for accommodations does not make the publisher a short-term rental platform.

**NEW SECTION. Sec. 2. TAXES.** Short-term rental operators must remit all applicable local, state, and

federal taxes unless the platform does this on the operator's behalf. This includes occupancy, sales, lodging, and other taxes, fees, and assessments to which an owner or operator of a hotel or bed and breakfast is subject in the jurisdiction in which the short-term rental is located. If the short-term rental platform collects and remits an occupancy, sales, lodging, and other tax, fee, or assessment to which a short-term rental operator is subject on behalf of such operator, the platform must collect and remit such tax to the appropriate authorities.

**NEW SECTION. Sec. 3. CONSUMER SAFETY.**

(1) All short-term rental operators who offer dwelling units, or portions thereof, for short-term rental use in the state of Washington must:

(a) Provide contact information to all short-term rental guests during a guest's stay. The contact must be available to respond to inquiries at the short-term rental during the length of stay;

(b) Provide that their short-term rental is in compliance with RCW 19.27.530 and any rules adopted by the state building code council regarding the installation of carbon monoxide alarms; and

(c) Post the following information in a conspicuous place within each dwelling unit used as a short-term rental:

(i) The short-term rental street address;

(ii) The emergency contact information for summoning police, fire, or emergency medical services;

(iii) The floor plan indicating fire exits and escape routes;

(iv) The maximum occupancy limits; and

(v) The contact information for the operator or designated contact.

(2) Short-term rental platforms must provide short-term rental operators with a summary of the consumer safety requirements in subsection (1) of this section.

(3) For a first violation of this section, the city or county attorney must issue a warning letter to the owner or operator. An owner that violates this section after receiving a warning letter is guilty of a class 2 civil infraction under chapter 7.80 RCW.

**NEW SECTION. Sec. 4. SHORT-TERM RENTAL PLATFORMS.** (1) No short-term rental platform may engage in the business in the state of Washington unless the short-term rental platform is in compliance with the requirements of this chapter.

(2) A short-term rental platform must register with the department.

(3) Short-term rental platforms must inform all operators who use the platform of the operator's responsibilities to collect and remit all applicable local, state,

and federal taxes unless the platform does this on the operator's behalf.

(4) Short-term rental platforms must inform all operators who use the platform of short-term rental safety requirements required in this chapter.

(5) Short-term rental platforms must provide all operators who use the platform with written notice, delivered by mail or electronically, that the operator's personal insurance policy that covers their dwelling unit might not provide liability protection, defense costs, or first party coverage when their property is used for short-term rental stays.

**NEW SECTION. Sec. 5. LIABILITY INSURANCE.** A short-term rental operator must maintain primary liability insurance to cover the short-term rental dwelling unit in the aggregate of not less than one million dollars or conduct each short-term rental transaction through a platform that provides equal or greater primary liability insurance coverage. Nothing in this section prevents an operator or a platform from seeking contributions from any other insurer also providing primary liability insurance coverage for the short-term rental transaction to the extent of that insurer's primary liability coverage limits.

**NEW SECTION. Sec. 6.** Sections 1 through 5 of this act constitute a new chapter in Title 64 RCW."

On page 1, line 1 of the title, after "rentals;" strike the remainder of the title and insert "adding a new chapter to Title 64 RCW; and prescribing penalties."

and the same is herewith transmitted.

The Speaker (Representative Orwall presiding) stated the question before the House to be the final passage of Substitute House Bill No. 1798, as amended by the Senate.

#### MESSAGE FROM THE SENATE

April 10, 2019

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1803 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 28A.150.222 and 2018 c 177 s 503 are each amended to read as follows:

(1) In addition to waivers authorized under RCW 28A.300.750, the superintendent of public instruction, in accordance with the criteria in subsection (2) of this section and criteria adopted by the state board of education under subsection (3) of this section, may grant waivers of the requirement for a one hundred eighty-day school year under RCW 28A.150.220 to school districts that propose to operate one or more schools on a flexible calendar for purposes of economy and efficiency as provided in this section. The requirement under RCW 28A.150.220 that school districts offer minimum instructional hours may not be waived.

(2) A school district seeking a waiver under this section must submit an application to the superintendent of public instruction that includes:

(a) A proposed calendar for the school day and school year that demonstrates how the instructional hour requirement will be maintained;

(b) An explanation and estimate of the economies and efficiencies to be gained from compressing the instructional hours into fewer than one hundred eighty days;

(c) An explanation of how monetary savings from the proposal will be redirected to support student learning;

(d) A summary of comments received at one or more public hearings on the proposal and how concerns will be addressed;

(e) An explanation of the impact on students who rely upon free and reduced-price school child nutrition services and the impact on the ability of the child nutrition program to operate an economically independent program;

(f) An explanation of the impact on employees in education support positions and the ability to recruit and retain employees in education support positions;

(g) An explanation of the impact on students whose parents work during the missed school day; and

(h) Other information that the superintendent of public instruction may request to assure that the proposed flexible calendar will not adversely affect student learning.

(3) The state board of education shall adopt rules establishing the criteria to evaluate waiver requests under this section. A waiver may be effective for up to three years and may be renewed for subsequent periods of three or fewer years. After each school year in which a waiver has been granted under this section, the superintendent of public instruction must analyze empirical evidence to determine whether the reduction is affecting student learning. If the superintendent of public instruction determines that student learning is adversely affected, the school district must discontinue the flexible calendar as soon as possible but not later than the beginning of the next school year after the superintendent of public instruction's determination.

(4) The superintendent of public instruction may grant waivers authorized under this section to ~~((five))~~ ten or fewer school districts with student populations of less than five hundred students. Of the ~~((five))~~ ten waivers that may be granted, two must be reserved for districts with student populations of less than one hundred fifty students.

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1817 with the following amendment:

Strike everything after the enacting clause and insert the following:

(3) "On-site work" does not include ship and rail car support activities; environmental inspection and testing;

security guard services; work which is performed by an original equipment manufacturer for warranty, repair, or maintenance on the vendor's equipment if required by the original equipment manufacturer's warranty agreement between the original equipment manufacturer and the owner; industrial cleaning not related to construction; safety services requiring professional safety certification; nonconstruction catalyst loading, regeneration, and removal; chemical purging and cleaning; refinery byproduct separation and recovery; inspection services not related to construction; and work performed that is not in an apprenticeable occupation.

(4) "Prevailing hourly wage rate" has the meaning provided for "prevailing rate of wage" in RCW 39.12.010.

(5) "Registered apprentice" means an apprentice registered in an apprenticeship program approved by the Washington state apprenticeship and training council according to chapter 49.04 RCW.

(6) "Skilled and trained workforce" means a workforce that meets both of the following criteria:

(a) All the workers are either registered apprentices or skilled journeypersons; and

(b) The workforce meets the apprenticeship graduation and approved advanced safety training requirements established in section 3 of this act.

(7) "Skilled journeyperson" means a worker who meets all of the following criteria:

(a) The worker either graduated from an apprenticeship program for the applicable occupation that was approved by the Washington state apprenticeship and training council according to chapter 49.04 RCW, or has at least as many hours of on-the-job experience in the applicable occupation that would be required to graduate from an apprenticeship program approved by the Washington state apprenticeship and training council according to chapter 49.04 RCW; and

(b) The worker is being paid at least a rate commensurate with the wages typically paid for the occupation in the applicable geographic area, subject to the following provisions:

(i) The prevailing wage rate paid for a worker in the applicable occupation and geographic area on public works projects may be used to determine the appropriate rate of pay, however, this subsection (7)(b) does not require a contractor to pay prevailing wage rates; and

(ii) In no case may the worker be paid at a rate less than an hourly rate consistent with the seventy-fifth percentile in the applicable occupation and geographic area in the most recent occupational employment statistics published by the employment security department.

**NEW SECTION. Sec. 2.** (1) An owner or operator of a stationary source that is engaged in activities described in code 324110 or 325110 of the North American industry classification system, when contracting for the performance

This section shall not apply to oil and gas extraction operations.

(2)(a) The department in consultation with the Washington state apprenticeship and training council shall approve a curriculum of in-person classroom and laboratory instruction for approved advanced safety training for workers at high hazard facilities.

(c) Emergencies that make compliance impracticable because they require immediate action to prevent harm to public health or safety or to the environment. This section applies as soon as the emergency is over or it becomes practicable for contractors to obtain a qualified workforce.

(5) The requirements under subsection (1) of this section apply to each individual contractor's and subcontractor's on-site workforce.

NEW SECTION. **Sec. 4.** (1) Failure to comply with the skilled and trained workforce requirements of this chapter, except the requirement that a worker be paid at a rate commensurate with wages typically paid for the occupation, constitutes a violation of chapter 49.17 RCW.

NEW SECTION. **Sec. 5.** (1) The department in consultation with the Washington state apprenticeship and training council shall prioritize consideration of new apprenticeship programs for workers in high hazard facilities. The Washington state apprenticeship and training council shall issue a decision within six months of the acceptance of a completed application for consideration of a new state registered apprenticeship program for workers in high hazard facilities.

#### MESSAGE FROM THE SENATE

April 12, 2019

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1879 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 48.43 RCW to read as follows:

The definitions in this section apply throughout this section and sections 2 and 3 of this act unless the context clearly requires otherwise.

(1) "Clinical practice guidelines" means a systemically developed statement to assist decision making by health care providers and patients about appropriate health care for specific clinical circumstances and conditions.

(2) "Clinical review criteria" means the written screening procedures, decision rules, medical protocols, and clinical practice guidelines used by a health carrier or prescription drug utilization management entity as an element in the evaluation of medical necessity and appropriateness of requested prescription drugs under a health plan.

(3) "Emergency fill" means a limited dispensed amount of medication that allows time for the processing of prescription drug utilization management.

(4) "Medically appropriate" means prescription drugs that under the applicable standard of care are appropriate: (a) To improve or preserve health, life, or function; (b) to slow the deterioration of health, life, or function; or (c) for the early screening, prevention, evaluation, diagnosis, or treatment of a disease, condition, illness, or injury.

(5) "Prescription drug utilization management" means a set of formal techniques used by a health carrier or prescription drug utilization management entity, that are designed to monitor the use of or evaluate the medical necessity, appropriateness, efficacy, or efficiency of prescription drugs including, but not limited to, prior authorization and step therapy protocols.

(6) "Prescription drug utilization management entity" means an entity affiliated with, under contract with,

or acting on behalf of a health carrier to perform prescription drug utilization management.

(7) "Prior authorization" means a mandatory process that a carrier or prescription drug utilization management entity requires a provider or facility to follow to determine if a service is a benefit and meets the requirements for medical necessity, clinical appropriateness, level of care, or effectiveness in relation to the applicable plan.

(8) "Step therapy protocol" means a protocol or program that establishes the specific sequence in which prescription drugs for a specified medical condition will be covered by a health carrier.

NEW SECTION. Sec. 2. A new section is added to chapter 48.43 RCW to read as follows:

For health plans delivered, issued for delivery, or renewed on or after January 1, 2021, clinical review criteria used to establish a prescription drug utilization management protocol must be evidence-based and updated on a regular basis through review of new evidence, research, and newly developed treatments.

NEW SECTION. Sec. 3. A new section is added to chapter 48.43 RCW to read as follows:

For health plans delivered, issued for delivery, or renewed on or after January 1, 2021:

(1) When coverage of a prescription drug for the treatment of any medical condition is subject to prescription drug utilization management, the patient and prescribing practitioner must have access to a clear, readily accessible, and convenient process to request an exception through which the prescription drug utilization management can be overridden in favor of coverage of a prescription drug prescribed by a treating health care provider. A health carrier or prescription drug utilization management entity may use its existing medical exceptions process to satisfy this requirement. The process must be easily accessible on the health carrier and prescription drug utilization management entity's web site. Approval criteria must be clearly posted on the health carrier and prescription drug utilization management entity's web site. This information must be in plain language and understandable to providers and patients.

(2) Health carriers must disclose all rules and criteria related to the prescription drug utilization management process to all participating providers, including the specific information and documentation that must be submitted by a health care provider or patient to be considered a complete exception request.

(3) An exception request must be granted if the health carrier or prescription drug utilization management entity determines that the evidence submitted by the provider or patient is sufficient to establish that:

(a) The required prescription drug is contraindicated or will likely cause a clinically predictable adverse reaction by the patient;

(b) The required prescription drug is expected to be ineffective based on the known clinical characteristics of the patient and the known characteristics of the prescription drug regimen;

(c) The patient has tried the required prescription drug or another prescription drug in the same pharmacologic class or a drug with the same mechanism of action while under his or her current or a previous health plan, and such prescription drug was discontinued due to lack of efficacy or effectiveness, diminished effect, or an adverse event;

(d) The patient is currently experiencing a positive therapeutic outcome on a prescription drug recommended by the patient's provider for the medical condition under consideration while on his or her current or immediately preceding health plan, and changing to the required prescription drug may cause clinically predictable adverse reactions, or physical or mental harm to, the patient; or

(e) The required prescription drug is not in the best interest of the patient, based on documentation of medical appropriateness, because the patient's use of the prescription drug is expected to:

(i) Create a barrier to the patient's adherence to or compliance with the patient's plan of care;

(ii) Negatively impact a comorbid condition of the patient;

(iii) Cause a clinically predictable negative drug interaction; or

(iv) Decrease the patient's ability to achieve or maintain reasonable functional ability in performing daily activities.

(4) Upon the granting of an exception, the health carrier or prescription drug utilization management entity shall authorize coverage for the prescription drug prescribed by the patient's treating health care provider.

(5)(a) For nonurgent exception requests, the health carrier or prescription drug utilization management entity must:

(i) Within three business days notify the treating health care provider that additional information, as disclosed under subsection (2) of this section, is required in order to approve or deny the exception request, if the information provided is not sufficient to approve or deny the request; and

(ii) Within three business days of receipt of sufficient information from the treating health care provider as disclosed under subsection (2) of this section, approve a request if the information provided meets at least one of the conditions referenced in subsection (3) of this section or if deemed medically appropriate, or deny a request if the requested service does not meet at least one of the conditions referenced in subsection (3) of this section.

(b) For urgent exception requests, the health carrier or prescription drug utilization management entity must:

(i) Within one business day notify the treating health care provider that additional information, as disclosed under subsection (2) of this section, is required in order to approve

or deny the exception request, if the information provided is not sufficient to approve or deny the request; and

(ii) Within one business day of receipt of sufficient information from the treating health care provider as disclosed under subsection (2) of this section, approve a request if the information provided meets at least one of the conditions referenced in subsection (3) of this section or if deemed medically appropriate, or deny a request if the requested service does not meet at least one of the conditions referenced in subsection (3) of this section.

(c) If a response by a health carrier or prescription drug utilization management entity is not received within the time frames established under this section, the exception request is deemed granted.

(d) For purposes of this subsection, exception requests are considered urgent when an enrollee is experiencing a health condition that may seriously jeopardize the enrollee's life, health, or ability to regain maximum function, or when an enrollee is undergoing a current course of treatment using a nonformulary drug.

(6) Health carriers must cover an emergency supply fill if a treating health care provider determines an emergency fill is necessary to keep the patient stable while the exception request is being processed. This exception shall not be used to solely justify any further exemption.

(7) When responding to a prescription drug utilization management exception request, a health carrier or prescription drug utilization management entity shall clearly state in their response if the exception request was approved or denied. The health carrier must use clinical review criteria as referenced in section 2 of this act for the basis of any denial. Any denial must be based upon and include the specific clinical review criteria relied upon for the denial and include information regarding how to appeal denial of the exception request. If the exception request from a treating health care provider is denied for administrative reasons, or for not including all the necessary information, the health carrier or prescription drug utilization management entity must inform the provider what additional information is needed and the deadline for its submission.

(8) The health carrier or prescription drug utilization management entity must permit a stabilized patient to remain on a drug during an exception request process.

(9) A health carrier must provide sixty days' notice to providers and patients for any new policies or procedures applicable to prescription drug utilization management protocols. New health carrier policies or procedures may not be applied retroactively.

(10) This section does not prevent:

(a) A health carrier or prescription drug utilization management entity from requiring a patient to try an AB-rated generic equivalent or a biological product that is an interchangeable biological product prior to providing coverage for the equivalent branded prescription drug;

(b) A health carrier or prescription drug utilization management entity from denying an exception for a drug

that has been removed from the market due to safety concerns from the federal food and drug administration; or

(c) A health care provider from prescribing a prescription drug that is determined to be medically appropriate.

NEW SECTION. **Sec. 4.** The insurance commissioner shall adopt rules necessary for the implementation of this act."

On page 1, line 2 of the title, after "benefits;" strike the remainder of the title and insert "adding new sections to chapter 48.43 RCW; and creating a new section."

and the same is herewith transmitted.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1879, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

**MESSAGE FROM THE SENATE**

April 11, 2019

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1900 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 13.34.025 and 2018 c 284 s 1 are each amended to read as follows:

(1) The department and agencies shall develop methods for coordination of services to parents and children in child dependency cases. To the maximum extent possible under current funding levels, the department and agencies must:

(a) Coordinate and integrate services to children and families, using service plans and activities that address the children's and families' multiple needs, including ensuring that siblings have regular visits with each other, as appropriate. Assessment criteria should screen for multiple needs;

(b) Develop treatment plans for the individual needs of the client in a manner that minimizes the number of contacts the client is required to make; and

(c) Access training for department and agency staff to increase skills across disciplines to assess needs for mental health, substance abuse, developmental disabilities, and other areas.

(2) The department shall coordinate within the administrations of the department, and with contracted service providers, to ensure that parents in dependency proceedings under this chapter receive priority access to remedial services recommended by the department in its social study or ordered by the court for the purpose of correcting any parental deficiencies identified in the dependency proceeding that are capable of being corrected in the foreseeable future. Services may also be provided to caregivers other than the parents as identified in RCW 13.34.138.

(a) For purposes of this chapter, remedial services are those services defined in the federal adoption and safe families act as ~~((time limited))~~ family reunification services that facilitate the reunification of the child safely and appropriately within a timely fashion. Remedial services include individual, group, and family counseling; substance abuse treatment services; mental health services; assistance to address domestic violence; services designed to provide temporary child care and therapeutic services for families; and transportation to or from any of the above services and activities.

(b) The department shall provide funds for remedial services if the parent is unable to pay to the extent funding is appropriated in the operating budget or otherwise available to the department for such specific services. As a condition for receiving funded remedial services, the court may inquire into the parent's ability to pay for all or part of such services or may require that the parent make appropriate applications for funding to alternative funding sources for such services.

(c) If court-ordered remedial services are unavailable for any reason, including lack of funding, lack of services, or language barriers, the department shall promptly notify the court that the parent is unable to engage in the treatment due to the inability to access such services.

(d) This section does not create an entitlement to services and does not create judicial authority to order the provision of services except for the specific purpose of making reasonable efforts to remedy parental deficiencies identified in a dependency proceeding under this chapter.

Sec. 2. RCW 13.34.030 and 2018 c 284 s 3 and 2018 c 58 s 54 are each reenacted and amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Abandoned" means when the child's parent, guardian, or other custodian has expressed, either by statement or conduct, an intent to forego, for an extended period, parental rights or responsibilities despite an ability to exercise such rights and responsibilities. If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child's parent, guardian, or other custodian for a period of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon.

(2) "Child," "juvenile," and "youth" mean:

(a) Any individual under the age of eighteen years; or

(b) Any individual age eighteen to twenty-one years who is eligible to receive and who elects to receive the extended foster care services authorized under RCW 74.13.031. A youth who remains dependent and who receives extended foster care services under RCW 74.13.031 shall not be considered a "child" under any other statute or for any other purpose.

(3) "Current placement episode" means the period of time that begins with the most recent date that the child was removed from the home of the parent, guardian, or legal custodian for purposes of placement in out-of-home care and continues until: (a) The child returns home; (b) an adoption decree, a permanent custody order, or guardianship order is entered; or (c) the dependency is dismissed, whichever occurs first.

(4) "Department" means the department of children, youth, and families.

(5) "Dependency guardian" means the person, nonprofit corporation, or Indian tribe appointed by the court pursuant to this chapter for the limited purpose of assisting the court in the supervision of the dependency.

(6) "Dependent child" means any child who:

(a) Has been abandoned;

(b) Is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child;

(c) Has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child's psychological or physical development; or

(d) Is receiving extended foster care services, as authorized by RCW 74.13.031.

(7) "Developmental disability" means a disability attributable to intellectual disability, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary of the department of social and health services to be closely related to an intellectual disability or to require treatment similar to that required for individuals with intellectual disabilities, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial limitation to the individual.

(8) "Educational liaison" means a person who has been appointed by the court to fulfill responsibilities outlined in RCW 13.34.046.

(9) "Extended foster care services" means residential and other support services the department is authorized to provide under RCW 74.13.031. These services may include placement in licensed, relative, or otherwise approved care, or supervised independent living settings; assistance in meeting basic needs; independent living services; medical assistance; and counseling or treatment.

(10) "Guardian" means the person or agency that: (a) Has been appointed as the guardian of a child in a legal proceeding, including a guardian appointed pursuant to chapter 13.36 RCW; and (b) has the legal right to custody of the child pursuant to such appointment. The term "guardian" does not include a "dependency guardian" appointed pursuant to a proceeding under this chapter.

(11) "Guardian ad litem" means a person, appointed by the court to represent the best interests of a child in a proceeding under this chapter, or in any matter which may be consolidated with a proceeding under this chapter. A "court-appointed special advocate" appointed by the court to be the guardian ad litem for the child, or to perform substantially the same duties and functions as a guardian ad litem, shall be deemed to be guardian ad litem for all purposes and uses of this chapter.

(12) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior court of the county in which such

proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. Such management shall include but is not limited to: Recruitment, screening, training, supervision, assignment, and discharge of volunteers.

(13) "Housing assistance" means appropriate referrals by the department or other agencies to federal, state, local, or private agencies or organizations, assistance with forms, applications, or financial subsidies or other monetary assistance for housing. For purposes of this chapter, "housing assistance" is not a remedial service or ~~((time-limited))~~ family reunification service as described in RCW 13.34.025(2).

(14) "Indigent" means a person who, at any stage of a court proceeding, is:

(a) Receiving one of the following types of public assistance: Temporary assistance for needy families, aged, blind, or disabled assistance benefits, medical care services under RCW 74.09.035, pregnant women assistance benefits, poverty-related veterans' benefits, food stamps or food stamp benefits transferred electronically, refugee resettlement benefits, medicaid, or supplemental security income; or

(b) Involuntarily committed to a public mental health facility; or

(c) Receiving an annual income, after taxes, of one hundred twenty-five percent or less of the federally established poverty level; or

(d) Unable to pay the anticipated cost of counsel for the matter before the court because his or her available funds are insufficient to pay any amount for the retention of counsel.

(15) "Nonminor dependent" means any individual age eighteen to twenty-one years who is participating in extended foster care services authorized under RCW 74.13.031.

**NEW SECTION. Sec. 4.** A new section is added to chapter 13.34 RCW to read as follows:

A social study as defined in this chapter must contain the following information:

(1) A statement of the specific harm or harms to the child that intervention is designed to alleviate;

The description shall identify the services chosen and approved by the parent;

(3) If removal is recommended, a full description of the reasons why the child cannot be protected adequately in the home, including a description of any previous efforts to work with the parents and the child in the home; the in-home treatment programs that have been considered and rejected; the prevention services, including housing assistance, that have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home; and the parents' attitude toward placement of the child;

(4)(a) If the child is placed, for at least thirty days, in a qualified residential treatment program as defined in this chapter, a copy of the assessment described in section 3 of this act.

(iii) Whether the placement is consistent with the child's permanency plan;

(iv) What specific treatment or service needs will be met in the placement, and how long the child is expected to need the treatment or services; and

**Sec. 5.** RCW 26.44.020 and 2018 c 284 s 33 and 2018 c 171 s 3 are each reenacted and amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Abuse or neglect" means sexual abuse, sexual exploitation, or injury of a child by any person under circumstances which cause harm to the child's health, welfare, or safety, excluding conduct permitted under RCW 9A.16.100; or the negligent treatment or maltreatment of a child by a person responsible for or providing care to the child. An abused child is a child who has been subjected to child abuse or neglect as defined in this section.

(2) "Child" or "children" means any person under the age of eighteen years of age.

(3) "Child forensic interview" means a developmentally sensitive and legally sound method of gathering factual information regarding allegations of child abuse, child neglect, or exposure to violence. This interview is conducted by a competently trained, neutral professional utilizing techniques informed by research and best practice as part of a larger investigative process.

(4) "Child protective services" means those services provided by the department designed to protect children from child abuse and neglect and safeguard such children from future abuse and neglect, and conduct investigations of child abuse and neglect reports. Investigations may be conducted regardless of the location of the alleged abuse or neglect. Child protective services includes referral to services to ameliorate conditions that endanger the welfare of children, the coordination of necessary programs and services relevant to the prevention, intervention, and treatment of child abuse and neglect, and services to children to ensure that each child has a permanent home. In

determining whether protective services should be provided, the department shall not decline to provide such services solely because of the child's unwillingness or developmental inability to describe the nature and severity of the abuse or neglect.

(5) "Child protective services section" means the child protective services section of the department.

(6) "Child who is a candidate for foster care" means a child who the department identifies as being at imminent risk of entering foster care but who can remain safely in the child's home or in a kinship placement as long as services or programs that are necessary to prevent entry of the child into foster care are provided, and includes but is not limited to a child whose adoption or guardianship arrangement is at risk of a disruption or dissolution that would result in a foster care placement. The term includes a child for whom there is reasonable cause to believe that any of the following circumstances exist:

(a) The child has been abandoned by the parent as defined in RCW 13.34.030 and the child's health, safety, and welfare is seriously endangered as a result;

(b) The child has been abused or neglected as defined in chapter 26.44 RCW and the child's health, safety, and welfare is seriously endangered as a result;

(c) There is no parent capable of meeting the child's needs such that the child is in circumstances that constitute a serious danger to the child's development;

(d) The child is otherwise at imminent risk of harm.

(7) "Children's advocacy center" means a child-focused facility in good standing with the state chapter for children's advocacy centers and that coordinates a multidisciplinary process for the investigation, prosecution, and treatment of sexual and other types of child abuse. Children's advocacy centers provide a location for forensic interviews and coordinate access to services such as, but not limited to, medical evaluations, advocacy, therapy, and case review by multidisciplinary teams within the context of county protocols as defined in RCW 26.44.180 and 26.44.185.

~~((7))~~ (8) "Clergy" means any regularly licensed or ordained minister, priest, or rabbi of any church or religious denomination, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.

~~((8))~~ (9) "Court" means the superior court of the state of Washington, juvenile department.

~~((9))~~ (10) "Department" means the department of children, youth, and families.

~~((10))~~ (11) "Family assessment" means a comprehensive assessment of child safety, risk of subsequent child abuse or neglect, and family strengths and needs that is applied to a child abuse or neglect report. Family assessment does not include a determination as to whether child abuse or neglect occurred, but does determine the need for services to address the safety of the child and the risk of subsequent maltreatment.

~~((11))~~ (12) "Family assessment response" means a way of responding to certain reports of child abuse or neglect made under this chapter using a differential response approach to child protective services. The family assessment response shall focus on the safety of the child, the integrity and preservation of the family, and shall assess the status of the child and the family in terms of risk of abuse and neglect including the parent's or guardian's or other caretaker's capacity and willingness to protect the child and, if necessary, plan and arrange the provision of services to reduce the risk and otherwise support the family. No one is named as a perpetrator, and no investigative finding is entered in the record as a result of a family assessment.

~~((12))~~ (13) "Founded" means the determination following an investigation by the department that, based on available information, it is more likely than not that child abuse or neglect did occur.

~~((13))~~ (14) "Inconclusive" means the determination following an investigation by the department of social and health services, prior to October 1, 2008, that based on available information a decision cannot be made that more likely than not, child abuse or neglect did or did not occur.

~~((14))~~ (15) "Institution" means a private or public hospital or any other facility providing medical diagnosis, treatment, or care.

~~((15))~~ (16) "Law enforcement agency" means the police department, the prosecuting attorney, the state patrol, the director of public safety, or the office of the sheriff.

~~((16))~~ (17) "Malice" or "maliciously" means an intent, wish, or design to intimidate, annoy, or injure another person. Such malice may be inferred from an act done in willful disregard of the rights of another, or an act wrongfully done without just cause or excuse, or an act or omission of duty betraying a willful disregard of social duty.

~~((17))~~ (18) "Negligent treatment or maltreatment" means an act or a failure to act, or the cumulative effects of a pattern of conduct, behavior, or inaction, that evidences a serious disregard of consequences of such magnitude as to constitute a clear and present danger to a child's health, welfare, or safety, including but not limited to conduct prohibited under RCW 9A.42.100. When considering whether a clear and present danger exists, evidence of a parent's substance abuse as a contributing factor to negligent treatment or maltreatment shall be given great weight. The fact that siblings share a bedroom is not, in and of itself, negligent treatment or maltreatment. Poverty, homelessness, or exposure to domestic violence as defined in RCW 26.50.010 that is perpetrated against someone other than the child does not constitute negligent treatment or maltreatment in and of itself.

~~((18))~~ (19) "Pharmacist" means any registered pharmacist under chapter 18.64 RCW, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.

~~((19))~~ (20) "Practitioner of the healing arts" or "practitioner" means a person licensed by this state to

practice podiatric medicine and surgery, optometry, chiropractic, nursing, dentistry, osteopathic medicine and surgery, or medicine and surgery or to provide other health services. The term "practitioner" includes a duly accredited Christian Science practitioner. A person who is being furnished Christian Science treatment by a duly accredited Christian Science practitioner will not be considered, for that reason alone, a neglected person for the purposes of this chapter.

~~((20))~~ (21) "Prevention and family services and programs" means specific mental health prevention and treatment services, substance abuse prevention and treatment services, and in-home parent skill-based programs that qualify for federal funding under the federal family first prevention services act, P.L. 115-123. For purposes of this chapter, prevention and family services and programs are not remedial services or family reunification services as described in RCW 13.34.025(2).

(22) "Professional school personnel" include, but are not limited to, teachers, counselors, administrators, child care facility personnel, and school nurses.

~~((21))~~ (23) "Psychologist" means any person licensed to practice psychology under chapter 18.83 RCW, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.

~~((22))~~ (24) "Screened-out report" means a report of alleged child abuse or neglect that the department has determined does not rise to the level of a credible report of abuse or neglect and is not referred for investigation.

~~((23))~~ (25) "Sexual exploitation" includes: (a) Allowing, permitting, or encouraging a child to engage in prostitution by any person; or (b) allowing, permitting, encouraging, or engaging in the obscene or pornographic photographing, filming, or depicting of a child by any person.

~~((24))~~ (26) "Sexually aggressive youth" means a child who is defined in RCW 74.13.075(1)(b) as being a sexually aggressive youth.

~~((25))~~ (27) "Social service counselor" means anyone engaged in a professional capacity during the regular course of employment in encouraging or promoting the health, welfare, support, or education of children, or providing social services to adults or families, including mental health, drug and alcohol treatment, and domestic violence programs, whether in an individual capacity, or as an employee or agent of any public or private organization or institution.

~~((26))~~ (28) "Unfounded" means the determination following an investigation by the department that available information indicates that, more likely than not, child abuse or neglect did not occur, or that there is insufficient evidence for the department to determine whether the alleged child abuse did or did not occur.

**Sec. 6.** RCW 26.44.030 and 2018 c 77 s 1 are each amended to read as follows:

(1)(a) When any practitioner, county coroner or medical examiner, law enforcement officer, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, employee of the department of children, youth, and families, licensed or certified child care providers or their employees, employee of the department of social and health services, juvenile probation officer, placement and liaison specialist, responsible living skills program staff, HOPE center staff, state family and children's ombuds or any volunteer in the ombuds's office, or host home program has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(b) When any person, in his or her official supervisory capacity with a nonprofit or for-profit organization, has reasonable cause to believe that a child has suffered abuse or neglect caused by a person over whom he or she regularly exercises supervisory authority, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency, provided that the person alleged to have caused the abuse or neglect is employed by, contracted by, or volunteers with the organization and coaches, trains, educates, or counsels a child or children or regularly has unsupervised access to a child or children as part of the employment, contract, or voluntary service. No one shall be required to report under this section when he or she obtains the information solely as a result of a privileged communication as provided in RCW 5.60.060.

Nothing in this subsection (1)(b) shall limit a person's duty to report under (a) of this subsection.

For the purposes of this subsection, the following definitions apply:

(i) "Official supervisory capacity" means a position, status, or role created, recognized, or designated by any nonprofit or for-profit organization, either for financial gain or without financial gain, whose scope includes, but is not limited to, overseeing, directing, or managing another person who is employed by, contracted by, or volunteers with the nonprofit or for-profit organization.

(ii) "Organization" includes a sole proprietor, partnership, corporation, limited liability company, trust, association, financial institution, governmental entity, other than the federal government, and any other individual or group engaged in a trade, occupation, enterprise, governmental function, charitable function, or similar activity in this state whether or not the entity is operated as a nonprofit or for-profit entity.

(iii) "Reasonable cause" means a person witnesses or receives a credible written or oral report alleging abuse, including sexual contact, or neglect of a child.

(iv) "Regularly exercises supervisory authority" means to act in his or her official supervisory capacity on an ongoing or continuing basis with regards to a particular person.

(v) "Sexual contact" has the same meaning as in RCW 9A.44.010.

(c) The reporting requirement also applies to department of corrections personnel who, in the course of their employment, observe offenders or the children with whom the offenders are in contact. If, as a result of observations or information received in the course of his or her employment, any department of corrections personnel has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report the incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(d) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(e) The reporting requirement also applies to guardians ad litem, including court-appointed special advocates, appointed under Titles 11 and 13 RCW and this title, who in the course of their representation of children in these actions have reasonable cause to believe a child has been abused or neglected.

(f) The reporting requirement in (a) of this subsection also applies to administrative and academic or athletic department employees, including student employees, of institutions of higher education, as defined in RCW 28B.10.016, and of private institutions of higher education.

(g) The report must be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child has suffered abuse or neglect. The report must include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section does apply.

(3) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse,

shall report such incident to the proper law enforcement agency, including military law enforcement, if appropriate. In emergency cases, where the child's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report must also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered privileged by statute and not directly related to reports required by this section must not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left

in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving a report that a child is a candidate for foster care as defined in RCW 26.44.020, the department may provide prevention and family services and programs to the child's parents, guardian, or caregiver. The department may not be held civilly liable for the decision regarding whether to provide prevention and family services and programs, or for the provision of those services and programs, for a child determined to be a candidate for foster care.

(11) Upon receiving a report of alleged abuse or neglect, the department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which:

(a) The department believes there is a serious threat of substantial harm to the child;

(b) The report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or

(c) The department has a prior founded report of abuse or neglect with regard to a member of the household that is within three years of receipt of the referral.

~~((44))~~ (12)(a) Upon receiving a report of alleged abuse or neglect, the department shall use one of the following discrete responses to reports of child abuse or neglect that are screened in and accepted for departmental response:

- (i) Investigation; or
- (ii) Family assessment.

(b) In making the response in (a) of this subsection the department shall:

(i) Use a method by which to assign cases to investigation or family assessment which are based on an array of factors that may include the presence of: Imminent danger, level of risk, number of previous child abuse or neglect reports, or other presenting case characteristics, such as the type of alleged maltreatment and the age of the alleged victim. Age of the alleged victim shall not be used as the sole criterion for determining case assignment;

(ii) Allow for a change in response assignment based on new information that alters risk or safety level;

(iii) Allow families assigned to family assessment to choose to receive an investigation rather than a family assessment;

(iv) Provide a full investigation if a family refuses the initial family assessment;

(v) Provide voluntary services to families based on the results of the initial family assessment. If a family refuses voluntary services, and the department cannot identify specific facts related to risk or safety that warrant assignment to investigation under this chapter, and there is not a history of reports of child abuse or neglect related to the family, then the department must close the family assessment response case. However, if at any time the department identifies risk or safety factors that warrant an investigation under this chapter, then the family assessment response case must be reassigned to investigation;

(vi) Conduct an investigation, and not a family assessment, in response to an allegation that, the department determines based on the intake assessment:

(A) ~~((Poses a risk of "imminent harm" consistent with the definition provided in RCW 13.34.050, which includes,))~~ Indicates a child's health, safety, and welfare will be seriously endangered if not taken into custody for reasons including, but ((is)) not limited to, sexual abuse and sexual exploitation of the child as defined in this chapter;

(B) Poses a serious threat of substantial harm to a child;

(C) Constitutes conduct involving a criminal offense that has, or is about to occur, in which the child is the victim;

(D) The child is an abandoned child as defined in RCW 13.34.030;

(E) The child is an adjudicated dependent child as defined in RCW 13.34.030, or the child is in a facility that is licensed, operated, or certified for care of children by the department under chapter 74.15 RCW.

(c) In addition, the department may use a family assessment response to assess for and provide prevention and family services and programs, as defined in RCW 26.44.020, for the following children and their families, consistent with requirements under the federal family first prevention services act and this section:

(i) A child who is a candidate for foster care, as defined in RCW 26.44.020; and

(ii) A child who is in foster care and who is pregnant, parenting, or both.

(d) The department may not be held civilly liable for the decision to respond to an allegation of child abuse or neglect by using the family assessment response under this section unless the state or its officers, agents, or employees acted with reckless disregard.

~~((42))~~ (13)(a) For reports of alleged abuse or neglect that are accepted for investigation by the department, the investigation shall be conducted within time frames established by the department in rule. In no case shall the investigation extend longer than ninety days from the date the report is received, unless the investigation is being conducted under a written protocol pursuant to RCW 26.44.180 and a law enforcement agency or prosecuting

attorney has determined that a longer investigation period is necessary. At the completion of the investigation, the department shall make a finding that the report of child abuse or neglect is founded or unfounded.

(b) If a court in a civil or criminal proceeding, considering the same facts or circumstances as are contained in the report being investigated by the department, makes a judicial finding by a preponderance of the evidence or higher that the subject of the pending investigation has abused or neglected the child, the department shall adopt the finding in its investigation.

~~((43))~~ (14) For reports of alleged abuse or neglect that are responded to through family assessment response, the department shall:

(a) Provide the family with a written explanation of the procedure for assessment of the child and the family and its purposes;

(b) Collaborate with the family to identify family strengths, resources, and service needs, and develop a service plan with the goal of reducing risk of harm to the child and improving or restoring family well-being;

(c) Complete the family assessment response within forty-five days of receiving the report(~~(; however,)~~) except as follows:

(I) Upon parental agreement, the family assessment response period may be extended up to one hundred twenty days. The department's extension of the family assessment response period must be operated within the department's appropriations;

(II) For cases in which the department elects to use a family assessment response as authorized under subsection (12)(c) of this section, and upon agreement of the child's parent, legal guardian, legal custodian, or relative placement, the family assessment response period may be extended up to one year. The department's extension of the family assessment response must be operated within the department's appropriations.

(d) Offer services to the family in a manner that makes it clear that acceptance of the services is voluntary;

(e) Implement the family assessment response in a consistent and cooperative manner;

(f) Have the parent or guardian agree to participate in services before services are initiated. The department shall inform the parents of their rights under family assessment response, all of their options, and the options the department has if the parents do not agree to participate in services.

~~((44))~~ (15)(a) In conducting an investigation or family assessment of alleged abuse or neglect, the department or law enforcement agency:

(i) May interview children. If the department determines that the response to the allegation will be family assessment response, the preferred practice is to request a parent's, guardian's, or custodian's permission to interview the child before conducting the child interview unless doing so would compromise the safety of the child or the integrity

of the assessment. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. If the allegation is investigated, parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation; and

(ii) Shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(b) The Washington state school directors' association shall adopt a model policy addressing protocols when an interview, as authorized by this subsection, is conducted on school premises. In formulating its policy, the association shall consult with the department and the Washington association of sheriffs and police chiefs.

~~((45))~~ (16) If a report of alleged abuse or neglect is founded and constitutes the third founded report received by the department within the last twelve months involving the same child or family, the department shall promptly notify the office of the family and children's ombuds of the contents of the report. The department shall also notify the ombuds of the disposition of the report.

~~((46))~~ (17) In investigating and responding to allegations of child abuse and neglect, the department may conduct background checks as authorized by state and federal law.

~~((47))~~ (18)(a) The department shall maintain investigation records and conduct timely and periodic reviews of all founded cases of abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(b) In the family assessment response, the department shall not make a finding as to whether child abuse or neglect occurred. No one shall be named as a perpetrator and no investigative finding shall be entered in the department's child abuse or neglect database.

~~((48))~~ (19) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor.

~~((49))~~ (20) Upon receipt of a report of alleged abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

~~((20))~~ (21) Upon receiving a report of alleged abuse or neglect involving a child under the court's jurisdiction under chapter 13.34 RCW, the department shall promptly notify the child's guardian ad litem of the report's contents. The department shall also notify the guardian ad litem of the disposition of the report. For purposes of this subsection, "guardian ad litem" has the meaning provided in RCW 13.34.030.

~~((21))~~ (22) The department shall make efforts as soon as practicable to determine the military status of parents whose children are subject to abuse or neglect allegations. If the department determines that a parent or guardian is in the military, the department shall notify a department of defense family advocacy program that there is an allegation of abuse and neglect that is screened in and open for investigation that relates to that military parent or guardian.

~~((22))~~ (23) The department shall make available on its public web site a downloadable and printable poster that includes the reporting requirements included in this section. The poster must be no smaller than eight and one-half by eleven inches with all information on one side. The poster must be made available in both the English and Spanish languages. Organizations that include employees or volunteers subject to the reporting requirements of this section must clearly display this poster in a common area. At a minimum, this poster must include the following:

- (a) Who is required to report child abuse and neglect;
- (b) The standard of knowledge to justify a report;
- (c) The definition of reportable crimes;
- (d) Where to report suspected child abuse and neglect; and
- (e) What should be included in a report and the appropriate timing.

**Sec. 7.** RCW 74.13.020 and 2018 c 284 s 36, 2018 c 58 s 51, and 2018 c 34 s 3 are each reenacted and amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(5) "Child who is a candidate for foster care" means a child who the department identifies as being at imminent risk of entering foster care but who can remain safely in the child's home or in a kinship placement as long as services or programs that are necessary to prevent entry of the child into foster care are provided, and includes but is not limited to a child whose adoption or guardianship arrangement is at risk of a disruption or dissolution that would result in a foster care placement. The term includes a child for whom there is reasonable cause to believe that any of the following circumstances exist:

~~((14))~~ (16) "Secretary" means the secretary of the department.

~~((15))~~ (17) "Supervised independent living" includes, but is not limited to, apartment living, room and board arrangements, college or university dormitories, and shared roommate settings. Supervised independent living settings must be approved by the department or the court.

**Sec. 8.** RCW 74.13.031 and 2018 c 284 s 37, 2018 c 80 s 1, and 2018 c 34 s 5 are each reenacted and amended to read as follows:

(1) The department shall develop, administer, supervise, and monitor a coordinated and comprehensive plan that establishes, aids, and strengthens services for the protection and care of runaway, dependent, or neglected children.

(2) Within available resources, the department shall recruit an adequate number of prospective adoptive and foster homes, both regular and specialized, i.e. homes for children of ethnic minority, including Indian homes for Indian children, sibling groups, handicapped and emotionally disturbed, teens, pregnant and parenting teens, and the department shall annually report to the governor and the legislature concerning the department's success in: (a) Meeting the need for adoptive and foster home placements; (b) reducing the foster parent turnover rate; (c) completing home studies for legally free children; and (d) implementing and operating the passport program required by RCW 74.13.285. The report shall include a section entitled "Foster Home Turn-Over, Causes and Recommendations."

(3) The department shall investigate complaints of any recent act or failure to act on the part of a parent or caretaker that results in death, serious physical or emotional harm, or sexual abuse or exploitation, or that presents an imminent risk of serious harm, and on the basis of the findings of such investigation, offer child welfare services in relation to the problem to such parents, legal custodians, or persons serving in loco parentis, and/or bring the situation to the attention of an appropriate court, or another community agency. An investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child's parents, legal custodians, or persons serving in loco parentis. If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.

(4) As provided in RCW 26.44.030(11), the department may respond to a report of child abuse or neglect by using the family assessment response.

(5) The department shall offer, on a voluntary basis, family reconciliation services to families who are in conflict.

(6) The department shall monitor placements of children in out-of-home care and in-home dependencies to assure the safety, well-being, and quality of care being provided is within the scope of the intent of the legislature as defined in RCW 74.13.010 and 74.15.010. Under this section children in out-of-home care and in-home dependencies and their caregivers shall receive a private and individual face-to-face visit each month. The department shall randomly select no less than ten percent of the caregivers currently providing care to receive one unannounced face-to-face visit in the caregiver's home per year. No caregiver will receive an unannounced visit through the random selection process for two consecutive years. If the caseworker makes a good faith effort to conduct the unannounced visit to a caregiver and is unable to do so, that month's visit to that caregiver need not be unannounced. The department is encouraged to group monthly visits to caregivers by geographic area so that in the event an unannounced visit cannot be completed, the caseworker may complete other required monthly visits. The department shall use a method of random selection that does not cause a fiscal impact to the department.

The department shall conduct the monthly visits with children and caregivers to whom it is providing child welfare services.

(7) The department shall have authority to accept custody of children from parents and to accept custody of children from juvenile courts, where authorized to do so under law, to provide child welfare services including placement for adoption, to provide for the routine and necessary medical, dental, and mental health care, or necessary emergency care of the children, and to provide for the physical care of such children and make payment of maintenance costs if needed. Except where required by Public Law 95-608 (25 U.S.C. Sec. 1915), no private adoption agency which receives children for adoption from the department shall discriminate on the basis of race, creed, or color when considering applications in their placement for adoption.

(8) The department shall have authority to provide temporary shelter to children who have run away from home and who are admitted to crisis residential centers.

(9) The department shall have authority to purchase care for children.

(10) The department shall establish a children's services advisory committee which shall assist the secretary in the development of a partnership plan for utilizing resources of the public and private sectors, and advise on all matters pertaining to child welfare, licensing of child care agencies, adoption, and services related thereto. At least one member shall represent the adoption community.

(11)(a) The department shall provide continued extended foster care services to nonminor dependents who are:

(i) Enrolled in a secondary education program or a secondary education equivalency program;

(ii) Enrolled and participating in a postsecondary academic or postsecondary vocational education program;

(iii) Participating in a program or activity designed to promote employment or remove barriers to employment;

(iv) Engaged in employment for eighty hours or more per month; or

(v) Not able to engage in any of the activities described in (a)(i) through (iv) of this subsection due to a documented medical condition.

(b) To be eligible for extended foster care services, the nonminor dependent must have been dependent at the time that he or she reached age eighteen years. If the dependency case of the nonminor dependent was dismissed pursuant to RCW 13.34.267, he or she may receive extended foster care services pursuant to a voluntary placement agreement under RCW 74.13.336 or pursuant to an order of dependency issued by the court under RCW 13.34.268. A nonminor dependent whose dependency case was dismissed by the court may request extended foster care services before reaching age twenty-one years. Eligible nonminor dependents may unenroll and reenroll in extended foster care through a voluntary placement agreement an unlimited number of times between ages eighteen and twenty-one.

(c) The department shall develop and implement rules regarding youth eligibility requirements.

(d) The department shall make efforts to ensure that extended foster care services maximize medicaid reimbursements. This must include the department ensuring that health and mental health extended foster care providers participate in medicaid, unless the condition of the extended foster care youth requires specialty care that is not available among participating medicaid providers or there are no participating medicaid providers in the area. The department shall coordinate other services to maximize federal resources and the most cost-efficient delivery of services to extended foster care youth.

(e) The department shall allow a youth who has received extended foster care services, but lost his or her eligibility, to reenter the extended foster care program an unlimited number of times through a voluntary placement agreement when he or she meets the eligibility criteria again.

(12) The department shall have authority to provide adoption support benefits, or relative guardianship subsidies on behalf of youth ages eighteen to twenty-one years who achieved permanency through adoption or a relative guardianship at age sixteen or older and who meet the criteria described in subsection (11) of this section.

(13) The department shall refer cases to the division of child support whenever state or federal funds are expended for the care and maintenance of a child, including a child with a developmental disability who is placed as a result of an action under chapter 13.34 RCW, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child. Cases involving individuals age eighteen through twenty shall not be referred to the division of child support unless required by federal law.

(14) The department shall have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order. The purchase of such care is exempt from the requirements of chapter 74.13B RCW and may be purchased from the federally recognized Indian tribe or tribally licensed child-placing agency, and shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200, 43.185C.295, 74.13.035, and 74.13.036, or of this section all services to be provided by the department under subsections (4), (7), and (8) of this section, subject to the limitations of these subsections, may be provided by any program offering such services funded pursuant to Titles II and III of the federal juvenile justice and delinquency prevention act of 1974.

(15) Within amounts appropriated for this specific purpose, the department shall provide preventive services to families with children that prevent or shorten the duration of an out-of-home placement.

(16) The department shall have authority to provide independent living services to youths, including individuals who have attained eighteen years of age, and have not attained ~~((twenty one))~~ twenty-three years of age, who are or have been in ~~((foster))~~ the department's care and custody, or who are or were nonminor dependents.

(17) The department shall consult at least quarterly with foster parents, including members of the foster parent association of Washington state, for the purpose of receiving information and comment regarding how the department is performing the duties and meeting the obligations specified in this section and RCW 74.13.250 regarding the recruitment of foster homes, reducing foster parent turnover rates, providing effective training for foster parents, and administering a coordinated and comprehensive plan that strengthens services for the protection of children. Consultation shall occur at the regional and statewide levels.

(18)(a) The department shall, within current funding levels, place on its public web site a document listing the duties and responsibilities the department has to a child subject to a dependency petition including, but not limited to, the following:

- (i) Reasonable efforts, including the provision of services, toward reunification of the child with his or her family;
- (ii) Sibling visits subject to the restrictions in RCW 13.34.136(2)(b)(ii);
- (iii) Parent-child visits;
- (iv) Statutory preference for placement with a relative or other suitable person, if appropriate; and

(v) Statutory preference for an out-of-home placement that allows the child to remain in the same school or school district, if practical and in the child's best interests.

(b) The document must be prepared in conjunction with a community-based organization and must be updated as needed.

(19)(a) The department shall have the authority to purchase legal representation for parents or kinship caregivers, or both, of children who are at risk of being dependent, or who are dependent, to establish or modify a parenting plan under RCW 13.34.155 or chapter 26.09 or 26.26 RCW or secure orders establishing other relevant civil legal relationships authorized by law, when it is necessary for the child's safety, permanence, or well-being. The department's purchase of legal representation for kinship caregivers must be within the department's appropriations. This subsection does not create an entitlement to legal representation purchased by the department and does not create judicial authority to order the department to purchase legal representation for a parent or kinship caregiver. Such determinations are solely within the department's discretion. The term "kinship caregiver" as used in this section means a caregiver who meets the definition of "kin" in RCW 74.13.600(1), unless the child is an Indian child as defined in RCW 13.38.040 and 25 U.S.C. Sec. 1903. For an Indian child as defined in RCW 13.38.040 and 25 U.S.C. Sec. 1903, the term "kinship caregiver" as used in this section means a caregiver who is an "extended family member" as defined in RCW 13.38.040(8).

(b) The department is encouraged to work with the office of public defense parent representation program and the office of civil legal aid to develop a cost-effective system for providing effective civil legal representation for parents and kinship caregivers if it exercises its authority under this subsection.

(e) Services help families locate and use additional assistance including, but not limited to, the development and maintenance of community support systems, counseling and treatment services, housing, child care, education, job training, emergency cash grants, state and federally funded public assistance, and other basic support services.

(4) The department may offer or provide family preservation services or preservation services to families as remedial services pursuant to proceedings brought under chapter 13.34 RCW. If the department elects to do so, these services are not considered remedial services as defined in chapter 13.34 RCW, and the department may extend the duration of such services for a period of up to fifteen months following the return home of a child under chapter 13.34 RCW. The purpose for extending the duration of these services is to, whenever possible, facilitate safe and timely reunification of the family and to ensure the strength and stability of the reunification.

A street youth whose parent wants him or her returned to home may remain in a HOPE center until his or her parent arranges return of the youth, not longer. All other street youth must have court approval under chapter 13.34 or 13.32A RCW to remain in a HOPE center up to thirty days;

**Sec. 11.** RCW 13.34.065 and 2018 c 284 s 4 are each amended to read as follows:

(1)(a) When a child is taken into custody, the court shall hold a shelter care hearing within seventy-two hours, excluding Saturdays, Sundays, and holidays. The primary

purpose of the shelter care hearing is to determine whether the child can be immediately and safely returned home while the adjudication of the dependency is pending.

(b) Any parent, guardian, or legal custodian who for good cause is unable to attend the shelter care hearing may request that a subsequent shelter care hearing be scheduled. The request shall be made to the clerk of the court where the petition is filed prior to the initial shelter care hearing. Upon the request of the parent, the court shall schedule the hearing within seventy-two hours of the request, excluding Saturdays, Sundays, and holidays. The clerk shall notify all other parties of the hearing by any reasonable means.

(2)(a) If it is likely that the child will remain in shelter care longer than seventy-two hours, the department shall submit a recommendation to the court as to the further need for shelter care in all cases in which the child will remain in shelter care longer than the seventy-two hour period. In all other cases, the recommendation shall be submitted by the juvenile court probation counselor.

(b) All parties have the right to present testimony to the court regarding the need or lack of need for shelter care.

(c) Hearsay evidence before the court regarding the need or lack of need for shelter care must be supported by sworn testimony, affidavit, or declaration of the person offering such evidence.

(3)(a) At the commencement of the hearing, the court shall notify the parent, guardian, or custodian of the following:

(i) The parent, guardian, or custodian has the right to a shelter care hearing;

(ii) The nature of the shelter care hearing, the rights of the parents, and the proceedings that will follow; and

(iii) If the parent, guardian, or custodian is not represented by counsel, the right to be represented. If the parent, guardian, or custodian is indigent, the court shall appoint counsel as provided in RCW 13.34.090; and

(b) If a parent, guardian, or legal custodian desires to waive the shelter care hearing, the court shall determine, on the record and with the parties present, whether such waiver is knowing and voluntary. A parent may not waive his or her right to the shelter care hearing unless he or she appears in court and the court determines that the waiver is knowing and voluntary. Regardless of whether the court accepts the parental waiver of the shelter care hearing, the court must provide notice to the parents of their rights required under (a) of this subsection and make the finding required under subsection (4) of this section.

(4) At the shelter care hearing the court shall examine the need for shelter care and inquire into the status of the case. The paramount consideration for the court shall be the health, welfare, and safety of the child. At a minimum, the court shall inquire into the following:

(a) Whether the notice required under RCW 13.34.062 was given to all known parents, guardians, or legal custodians of the child. The court shall make an express finding as to whether the notice required under RCW

13.34.062 was given to the parent, guardian, or legal custodian. If actual notice was not given to the parent, guardian, or legal custodian and the whereabouts of such person is known or can be ascertained, the court shall order the department to make reasonable efforts to advise the parent, guardian, or legal custodian of the status of the case, including the date and time of any subsequent hearings, and their rights under RCW 13.34.090;

(b) Whether the child can be safely returned home while the adjudication of the dependency is pending;

(c) What efforts have been made to place the child with a relative. The court shall ask the parents whether the department discussed with them the placement of the child with a relative or other suitable person described in RCW 13.34.130(1)(b) and shall determine what efforts have been made toward such a placement;

(d) What services were provided to the family to prevent or eliminate the need for removal of the child from the child's home. If the dependency petition or other information before the court alleges that homelessness or the lack of suitable housing was a significant factor contributing to the removal of the child, the court shall inquire as to whether housing assistance was provided to the family to prevent or eliminate the need for removal of the child or children;

(e) Is the placement proposed by the department the least disruptive and most family-like setting that meets the needs of the child;

(f) Whether it is in the best interest of the child to remain enrolled in the school, developmental program, or child care the child was in prior to placement and what efforts have been made to maintain the child in the school, program, or child care if it would be in the best interest of the child to remain in the same school, program, or child care;

(g) Appointment of a guardian ad litem or attorney;

(h) Whether the child is or may be an Indian child as defined in RCW 13.38.040, whether the provisions of the federal Indian child welfare act or chapter 13.38 RCW apply, and whether there is compliance with the federal Indian child welfare act and chapter 13.38 RCW, including notice to the child's tribe;

(i) Whether, as provided in RCW 26.44.063, restraining orders, or orders expelling an allegedly abusive household member from the home of a nonabusive parent, guardian, or legal custodian, will allow the child to safely remain in the home;

(j) Whether any orders for examinations, evaluations, or immediate services are needed. The court may not order a parent to undergo examinations, evaluation, or services at the shelter care hearing unless the parent agrees to the examination, evaluation, or service;

(k) The terms and conditions for parental, sibling, and family visitation.

(5)(a) The court shall release a child alleged to be dependent to the care, custody, and control of the child's

parent, guardian, or legal custodian unless the court finds there is reasonable cause to believe that:

(i) After consideration of the specific services that have been provided, reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home; and

(ii)(A) The child has no parent, guardian, or legal custodian to provide supervision and care for such child; or

(B) The release of such child would present a serious threat of substantial harm to such child, notwithstanding an order entered pursuant to RCW 26.44.063; or

(C) The parent, guardian, or custodian to whom the child could be released has been charged with violating RCW 9A.40.060 or 9A.40.070.

(b) If the court does not release the child to his or her parent, guardian, or legal custodian, the court shall order placement with a relative or other suitable person as described in RCW 13.34.130(1)(b), unless there is reasonable cause to believe the health, safety, or welfare of the child would be jeopardized or that the efforts to reunite the parent and child will be hindered. If such relative or other suitable person appears otherwise suitable and competent to provide care and treatment, the fingerprint-based background check need not be completed before placement, but as soon as possible after placement. The court must also determine whether placement with the relative or other suitable person is in the child's best interests. The relative or other suitable person must be willing and available to:

(i) Care for the child and be able to meet any special needs of the child;

(ii) Facilitate the child's visitation with siblings, if such visitation is part of the department's plan or is ordered by the court; and

(iii) Cooperate with the department in providing necessary background checks and home studies.

(c) If the child was not initially placed with a relative or other suitable person, and the court does not release the child to his or her parent, guardian, or legal custodian, the department shall make reasonable efforts to locate a relative or other suitable person pursuant to RCW 13.34.060(1). In determining placement, the court shall weigh the child's length of stay and attachment to the current provider in determining what is in the best interest of the child.

(d) If a relative or other suitable person is not available, the court shall order continued shelter care and shall set forth its reasons for the order. If the court orders placement of the child with a person not related to the child and not licensed to provide foster care, the placement is subject to all terms and conditions of this section that apply to relative placements.

(e) Any placement with a relative, or other suitable person approved by the court pursuant to this section, shall be contingent upon cooperation with the department's or agency's case plan and compliance with court orders related to the care and supervision of the child including, but not

limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order is grounds for removal of the child from the home of the relative or other suitable person, subject to review by the court.

(f) If the child is placed in a qualified residential treatment program as defined in this chapter, the court shall, within sixty days of placement, hold a hearing to:

(i) Consider the assessment required under section 3 of this act and submitted as part of the department's social study, and any related documentation;

(ii) Determine whether placement in foster care can meet the child's needs or if placement in another available placement setting best meets the child's needs in the least restrictive environment; and

(iii) Approve or disapprove the child's placement in the qualified residential treatment program.

(g) Uncertainty by a parent, guardian, legal custodian, relative, or other suitable person that the alleged abuser has in fact abused the child shall not, alone, be the basis upon which a child is removed from the care of a parent, guardian, or legal custodian under (a) of this subsection, nor shall it be a basis, alone, to preclude placement with a relative or other suitable person under (b) of this subsection.

(6)(a) A shelter care order issued pursuant to this section shall include the requirement for a case conference as provided in RCW 13.34.067. However, if the parent is not present at the shelter care hearing, or does not agree to the case conference, the court shall not include the requirement for the case conference in the shelter care order.

(b) If the court orders a case conference, the shelter care order shall include notice to all parties and establish the date, time, and location of the case conference which shall be no later than thirty days before the fact-finding hearing.

(c) The court may order another conference, case staffing, or hearing as an alternative to the case conference required under RCW 13.34.067 so long as the conference, case staffing, or hearing ordered by the court meets all requirements under RCW 13.34.067, including the requirement of a written agreement specifying the services to be provided to the parent.

(7)(a) A shelter care order issued pursuant to this section may be amended at any time with notice and hearing thereon. The shelter care decision of placement shall be modified only upon a showing of change in circumstances. No child may be placed in shelter care for longer than thirty days without an order, signed by the judge, authorizing continued shelter care.

(b)(i) An order releasing the child on any conditions specified in this section may at any time be amended, with notice and hearing thereon, so as to return the child to shelter care for failure of the parties to conform to the conditions originally imposed.

(ii) The court shall consider whether nonconformance with any conditions resulted from circumstances beyond the control of the parent, guardian, or legal custodian and give weight to that fact before ordering return of the child to shelter care.

(8)(a) If a child is returned home from shelter care a second time in the case, or if the supervisor of the caseworker deems it necessary, the multidisciplinary team may be reconvened.

(b) If a child is returned home from shelter care a second time in the case a law enforcement officer must be present and file a report to the department.

**Sec. 12.** RCW 13.34.130 and 2018 c 284 s 10 are each amended to read as follows:

If, after a fact-finding hearing pursuant to RCW 13.34.110, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030 after consideration of the social study prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

(1) The court shall order one of the following dispositions of the case:

(a) Order a disposition that maintains the child in his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In determining the disposition, the court should choose services to assist the parents in maintaining the child in the home, including housing assistance, if appropriate, that least interfere with family autonomy and are adequate to protect the child.

(b)(i) Order the child to be removed from his or her home and into the custody, control, and care of a relative or other suitable person, the department, or agency responsible for supervision of the child's placement. If the court orders that the child be placed with a caregiver over the objections of the parent or the department, the court shall articulate, on the record, his or her reasons for ordering the placement. The court may not order an Indian child, as defined in RCW 13.38.040, to be removed from his or her home unless the court finds, by clear and convincing evidence including testimony of qualified expert witnesses, that the continued custody of the child by the parent or Indian custodian is likely to result in serious emotional or physical damage to the child.

(ii) The department has the authority to place the child, subject to review and approval by the court (A) with a relative as defined in RCW 74.15.020(2)(a), (B) in the home of another suitable person if the child or family has a preexisting relationship with that person, and the person has completed all required criminal history background checks and otherwise appears to the department to be suitable and competent to provide care for the child, or (C) in a foster

family home or group care facility licensed pursuant to chapter 74.15 RCW.

(iii) The department may also consider placing the child, subject to review and approval by the court, with a person with whom the child's sibling or half-sibling is residing or a person who has adopted the sibling or half-sibling of the child being placed as long as the person has completed all required criminal history background checks and otherwise appears to the department to be competent to provide care for the child.

(2) Absent good cause, the department shall follow the wishes of the natural parent regarding the placement of the child in accordance with RCW 13.34.260.

(3) The department may only place a child with a person not related to the child as defined in RCW 74.15.020(2)(a), including a placement provided for in subsection (1)(b)(iii) of this section, when the court finds that such placement is in the best interest of the child. Unless there is reasonable cause to believe that the health, safety, or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, the child shall be placed with a person who is willing, appropriate, and available to care for the child, and who is: (I) Related to the child as defined in RCW 74.15.020(2)(a) with whom the child has a relationship and is comfortable; or (II) a suitable person as described in subsection (1)(b) of this section. The court shall consider the child's existing relationships and attachments when determining placement.

(4) If the child is placed in a qualified residential treatment program as defined in this chapter, the court shall, within sixty days of placement, hold a hearing to:

(i) Consider the assessment required under section 3 of this act and submitted as part of the department's social study, and any related documentation;

(ii) Determine whether placement in foster care can meet the child's needs or if placement in another available placement setting best meets the child's needs in the least restrictive environment; and

(iii) Approve or disapprove the child's placement in the qualified residential treatment program.

(5) When placing an Indian child in out-of-home care, the department shall follow the placement preference characteristics in RCW 13.38.180.

~~((5))~~ (6) Placement of the child with a relative or other suitable person as described in subsection (1)(b) of this section shall be given preference by the court. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home, specifying the services, including housing assistance, that have been provided to the child and the child's parent, guardian, or legal custodian, and that ~~((preventive))~~ prevention services have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home, and that:

(a) There is no parent or guardian available to care for such child;

(b) The parent, guardian, or legal custodian is not willing to take custody of the child; or

(c) The court finds, by clear, cogent, and convincing evidence, a manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger.

~~((6))~~ (7) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court shall consider whether it is in a child's best interest to be placed with, have contact with, or have visits with siblings.

(a) There shall be a presumption that such placement, contact, or visits are in the best interests of the child provided that:

(i) The court has jurisdiction over all siblings subject to the order of placement, contact, or visitation pursuant to petitions filed under this chapter or the parents of a child for whom there is no jurisdiction are willing to agree; and

(ii) There is no reasonable cause to believe that the health, safety, or welfare of any child subject to the order of placement, contact, or visitation would be jeopardized or that efforts to reunite the parent and child would be hindered by such placement, contact, or visitation. In no event shall parental visitation time be reduced in order to provide sibling visitation.

(b) The court may also order placement, contact, or visitation of a child with a stepbrother or stepsister provided that in addition to the factors in (a) of this subsection, the child has a relationship and is comfortable with the stepsibling.

~~((7))~~ (8) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section and placed into nonparental or nonrelative care, the court shall order a placement that allows the child to remain in the same school he or she attended prior to the initiation of the dependency proceeding when such a placement is practical and in the child's best interest.

~~((8))~~ (9) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court may order that a petition seeking termination of the parent and child relationship be filed if the requirements of RCW 13.34.132 are met.

~~((9))~~ (10) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative or other suitable person, the child shall remain in foster care and the court shall direct the department to conduct necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative or other person appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before

placement, but as soon as possible after placement. Any placements with relatives or other suitable persons, pursuant to this section, shall be contingent upon cooperation by the relative or other suitable person with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the relative's or other suitable person's home, subject to review by the court.

**Sec. 13.** RCW 13.34.138 and 2018 c 284 s 14 are each amended to read as follows:

(1) The status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first. The purpose of the hearing shall be to review the progress of the parties and determine whether court supervision should continue.

(a) The initial review hearing shall be an in-court review and shall be set six months from the beginning date of the placement episode or no more than ninety days from the entry of the disposition order, whichever comes first. The requirements for the initial review hearing, including the in-court review requirement, shall be accomplished within existing resources.

(b) The initial review hearing may be a permanency planning hearing when necessary to meet the time frames set forth in RCW 13.34.145(1)(a) or 13.34.134.

(2)(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision by the department shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) Prior to the child returning home, the department must complete the following:

(i) Identify all adults residing in the home and conduct background checks on those persons;

(ii) Identify any persons who may act as a caregiver for the child in addition to the parent with whom the child is being placed and determine whether such persons are in need of any services in order to ensure the safety of the child, regardless of whether such persons are a party to the dependency. The department may recommend to the court and the court may order that placement of the child in the parent's home be contingent on or delayed based on the need for such persons to engage in or complete services to ensure the safety of the child prior to placement. If services are recommended for the caregiver, and the caregiver fails to engage in or follow through with the recommended services, the department must promptly notify the court; and

(iii) Notify the parent with whom the child is being placed that he or she has an ongoing duty to notify the department of all persons who reside in the home or who may act as a caregiver for the child both prior to the placement of the child in the home and subsequent to the placement of the child in the home as long as the court retains jurisdiction of the dependency proceeding or the department is providing or monitoring either remedial services to the parent or services to ensure the safety of the child to any caregivers.

Caregivers may be required to engage in services under this subsection solely for the purpose of ensuring the present and future safety of a child who is a ward of the court. This subsection does not grant party status to any individual not already a party to the dependency proceeding, create an entitlement to services or a duty on the part of the department to provide services, or create judicial authority to order the provision of services to any person other than for the express purposes of this section or RCW 13.34.025 or if the services are unavailable or unsuitable or the person is not eligible for such services.

(c) If the child is not returned home, the court shall establish in writing:

(i) Whether the department is making reasonable efforts to provide services to the family and eliminate the need for placement of the child. If additional services, including housing assistance, are needed to facilitate the return of the child to the child's parents, the court shall order that reasonable services be offered specifying such services;

(ii) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;

(iii) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;

(iv) Whether the services set forth in the case plan and the responsibilities of the parties need to be clarified or modified due to the availability of additional information or changed circumstances;

(v) Whether there is a continuing need for placement;

(vi) Within sixty days of the placement of a child in a qualified residential treatment program as defined in this chapter, and at each review hearing thereafter if the child remains in such a program, the following:

(A) Whether ongoing assessment of the child's strengths and needs continues to support the determination that the child's needs cannot be met through placement in a foster family home;

(B) Whether the child's placement provides the most effective and appropriate level of care in the least restrictive environment;

(C) Whether the placement is consistent with the child's permanency plan;

(D) What specific treatment or service needs will be met in the placement, and how long the child is expected to need the treatment or services; and

(E) What efforts the department has made to prepare the child to return home or be placed with a fit and willing relative as defined in RCW 13.34.030, a Title 13 RCW legal guardian, an adoptive parent, or in a foster family home.

(vii) Whether a parent's homelessness or lack of suitable housing is a significant factor delaying permanency for the child by preventing the return of the child to the home of the child's parent and whether housing assistance should be provided by the department;

~~((viii))~~ (viii) Whether the child is in an appropriate placement which adequately meets all physical, emotional, and educational needs;

~~((viiii))~~ (ix) Whether preference has been given to placement with the child's relatives if such placement is in the child's best interests;

~~((x))~~ (x) Whether both in-state and, where appropriate, out-of-state placements have been considered;

~~((xi))~~ (xi) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;

~~((xii))~~ (xii) Whether terms of visitation need to be modified;

~~((xiii))~~ (xiii) Whether the court-approved long-term permanent plan for the child remains the best plan for the child;

~~((xiv))~~ (xiv) Whether any additional court orders need to be made to move the case toward permanency; and

~~((xv))~~ (xv) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(d) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

(3)(a) In any case in which the court orders that a dependent child may be returned to or remain in the child's home, the in-home placement shall be contingent upon the following:

(i) The compliance of the parents with court orders related to the care and supervision of the child, including compliance with the department's case plan; and

(ii) The continued participation of the parents, if applicable, in available substance abuse or mental health treatment if substance abuse or mental illness was a contributing factor to the removal of the child.

(b) The following may be grounds for removal of the child from the home, subject to review by the court:

(i) Noncompliance by the parents with the department's case plan or court order;

(ii) The parent's inability, unwillingness, or failure to participate in available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect; or

(iii) The failure of the parents to successfully and substantially complete available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect.

(c) In a pending dependency case in which the court orders that a dependent child may be returned home and that child is later removed from the home, the court shall hold a review hearing within thirty days from the date of removal to determine whether the permanency plan should be changed, a termination petition should be filed, or other action is warranted. The best interests of the child shall be the court's primary consideration in the review hearing.

(4) The court's authority to order housing assistance under this chapter is: (a) Limited to cases in which a parent's homelessness or lack of suitable housing is a significant factor delaying permanency for the child and housing assistance would aid the parent in providing an appropriate home for the child; and (b) subject to the availability of funds appropriated for this specific purpose. Nothing in this chapter shall be construed to create an entitlement to housing assistance nor to create judicial authority to order the provision of such assistance to any person or family if the assistance or funding are unavailable or the child or family are not eligible for such assistance.

(5) The court shall consider the child's relationship with siblings in accordance with RCW 13.34.130(6).

**NEW SECTION. Sec. 14.** A new section is added to chapter 13.34 RCW to read as follows:

If a child is placed in a qualified residential treatment program as defined in this chapter, the court shall, within sixty days of placement, hold a hearing to:

(1) Consider the assessment required under section 3 of this act and submitted as part of the department's social study, and any related documentation;

(2) Determine whether placement in foster care can meet the child's needs or if placement in another available placement setting best meets the child's needs in the least restrictive environment; and

(3) Approve or disapprove the child's placement in the qualified residential treatment program.

**Sec. 15.** RCW 13.34.145 and 2018 c 284 s 15 are each amended to read as follows:

(1) The purpose of a permanency planning hearing is to review the permanency plan for the child, inquire into the welfare of the child and progress of the case, and reach decisions regarding the permanent placement of the child.

(a) A permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree, guardianship order, or permanent custody order has not previously been entered. The hearing shall take place no later than twelve months following commencement of the current placement episode.

(b) Whenever a child is removed from the home of a dependency guardian or long-term relative or foster care provider, and the child is not returned to the home of the parent, guardian, or legal custodian but is placed in out-of-home care, a permanency planning hearing shall take place no later than twelve months, as provided in this section, following the date of removal unless, prior to the hearing, the child returns to the home of the dependency guardian or long-term care provider, the child is placed in the home of the parent, guardian, or legal custodian, an adoption decree, guardianship order, or a permanent custody order is entered, or the dependency is dismissed. Every effort shall be made to provide stability in long-term placement, and to avoid disruption of placement, unless the child is being returned home or it is in the best interest of the child.

(c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(2) No later than ten working days prior to the permanency planning hearing, the agency having custody of the child shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties and their legal counsel, if any.

(3) When the youth is at least age seventeen years but not older than seventeen years and six months, the department shall provide the youth with written documentation which explains the availability of extended foster care services and detailed instructions regarding how the youth may access such services after he or she reaches age eighteen years.

(4) At the permanency planning hearing, the court shall conduct the following inquiry:

(a) If a goal of long-term foster or relative care has been achieved prior to the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remain appropriate. The court shall find, as of the date of the hearing, that the child's placement and plan of care is the best permanency plan for the child and provide compelling reasons why it continues to not be in the child's best interest to (i) return home; (ii) be placed for adoption; (iii) be placed with a legal guardian; or (iv) be placed with a fit and willing relative. If the child is present at the hearing, the court should ask the child about his or her desired permanency outcome.

(b) In cases where the primary permanency planning goal has not been achieved, the court shall inquire regarding

the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal. The court shall review the permanency plan prepared by the agency and make explicit findings regarding each of the following:

(i) The continuing necessity for, and the safety and appropriateness of, the placement;

(ii) The extent of compliance with the permanency plan by the department and any other service providers, the child's parents, the child, and the child's guardian, if any;

(iii) The extent of any efforts to involve appropriate service providers in addition to department staff in planning to meet the special needs of the child and the child's parents;

(iv) The progress toward eliminating the causes for the child's placement outside of his or her home and toward returning the child safely to his or her home or obtaining a permanent placement for the child;

(v) The date by which it is likely that the child will be returned to his or her home or placed for adoption, with a guardian or in some other alternative permanent placement; and

(vi) If the child has been placed outside of his or her home for fifteen of the most recent twenty-two months, not including any period during which the child was a runaway from the out-of-home placement or the first six months of any period during which the child was returned to his or her home for a trial home visit, the appropriateness of the permanency plan, whether reasonable efforts were made by the department to achieve the goal of the permanency plan, and the circumstances which prevent the child from any of the following:

(A) Being returned safely to his or her home;

(B) Having a petition for the involuntary termination of parental rights filed on behalf of the child;

(C) Being placed for adoption;

(D) Being placed with a guardian;

(E) Being placed in the home of a fit and willing relative of the child; or

(F) Being placed in some other alternative permanent placement, including independent living or long-term foster care.

(c) Regardless of whether the primary permanency planning goal has been achieved, for a child who remains placed in a qualified residential treatment program as defined in this chapter for at least sixty days, and remains placed there at subsequent permanency planning hearings, the court shall establish in writing:

(i) Whether ongoing assessment of the child's strengths and needs continues to support the determination that the child's needs cannot be met through placement in a foster family home;

(ii) Whether the child's placement provides the most effective and appropriate level of care in the least restrictive environment;

(iii) Whether the placement is consistent with the child's short and long-term goals as stated in the child's permanency plan;

(iv) What specific treatment or service needs will be met in the placement, and how long the child is expected to need the treatment or services; and

(v) What efforts the department has made to prepare the child to return home or be placed with a fit and willing relative as defined in RCW 13.34.030, a Title 13 RCW legal guardian, an adoptive parent, or in a foster family home.

(5) Following this inquiry, at the permanency planning hearing, the court shall order the department to file a petition seeking termination of parental rights if the child has been in out-of-home care for fifteen of the last twenty-two months since the date the dependency petition was filed unless the court makes a good cause exception as to why the filing of a termination of parental rights petition is not appropriate. Any good cause finding shall be reviewed at all subsequent hearings pertaining to the child.

(a) For purposes of this subsection, "good cause exception" includes but is not limited to the following:

(i) The child is being cared for by a relative;

(ii) The department has not provided to the child's family such services as the court and the department have deemed necessary for the child's safe return home;

(iii) The department has documented in the case plan a compelling reason for determining that filing a petition to terminate parental rights would not be in the child's best interests;

(iv) The parent is incarcerated, or the parent's prior incarceration is a significant factor in why the child has been in foster care for fifteen of the last twenty-two months, the parent maintains a meaningful role in the child's life, and the department has not documented another reason why it would be otherwise appropriate to file a petition pursuant to this section;

(v) Where a parent has been accepted into a dependency treatment court program or long-term substance abuse or dual diagnoses treatment program and is demonstrating compliance with treatment goals; or

(vi) Where a parent who has been court ordered to complete services necessary for the child's safe return home files a declaration under penalty of perjury stating the parent's financial inability to pay for the same court-ordered services, and also declares the department was unwilling or unable to pay for the same services necessary for the child's safe return home.

(b) The court's assessment of whether a parent who is incarcerated maintains a meaningful role in the child's life may include consideration of the following:

(i) The parent's expressions or acts of manifesting concern for the child, such as letters, telephone calls, visits, and other forms of communication with the child;

(ii) The parent's efforts to communicate and work with the department or other individuals for the purpose of complying with the service plan and repairing, maintaining, or building the parent-child relationship;

(iii) A positive response by the parent to the reasonable efforts of the department;

(iv) Information provided by individuals or agencies in a reasonable position to assist the court in making this assessment, including but not limited to the parent's attorney, correctional and mental health personnel, or other individuals providing services to the parent;

(v) Limitations in the parent's access to family support programs, therapeutic services, and visiting opportunities, restrictions to telephone and mail services, inability to participate in foster care planning meetings, and difficulty accessing lawyers and participating meaningfully in court proceedings; and

(vi) Whether the continued involvement of the parent in the child's life is in the child's best interest.

(c) The constraints of a parent's current or prior incarceration and associated delays or barriers to accessing court-mandated services may be considered in rebuttal to a claim of aggravated circumstances under RCW 13.34.132(4)(h) for a parent's failure to complete available treatment.

(6)(a) If the permanency plan identifies independent living as a goal, the court at the permanency planning hearing shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial, personal, social, educational, and nonfinancial affairs prior to approving independent living as a permanency plan of care. The court will inquire whether the child has been provided information about extended foster care services.

(b) The permanency plan shall also specifically identify the services, including extended foster care services, where appropriate, that will be provided to assist the child to make a successful transition from foster care to independent living.

(c) The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

(7) If the child has resided in the home of a foster parent or relative for more than six months prior to the permanency planning hearing, the court shall:

(a) Enter a finding regarding whether the foster parent or relative was informed of the hearing as required in RCW 74.13.280, 13.34.215(6), and 13.34.096; and

(b) If the department is recommending a placement other than the child's current placement with a foster parent,

relative, or other suitable person, enter a finding as to the reasons for the recommendation for a change in placement.

(8) In all cases, at the permanency planning hearing, the court shall:

(a)(i) Order the permanency plan prepared by the department to be implemented; or

(ii) Modify the permanency plan, and order implementation of the modified plan; and

(b)(i) Order the child returned home only if the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists; or

(ii) Order the child to remain in out-of-home care for a limited specified time period while efforts are made to implement the permanency plan.

(9) Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the dependency is dismissed, whichever occurs first.

(10) Prior to the second permanency planning hearing, the agency that has custody of the child shall consider whether to file a petition for termination of parental rights.

(11) If the court orders the child returned home, casework supervision by the department shall continue for at least six months, at which time a review hearing shall be held pursuant to RCW 13.34.138, and the court shall determine the need for continued intervention.

(12) The juvenile court may hear a petition for permanent legal custody when: (a) The court has ordered implementation of a permanency plan that includes permanent legal custody; and (b) the party pursuing the permanent legal custody is the party identified in the permanency plan as the prospective legal custodian. During the pendency of such proceeding, the court shall conduct review hearings and further permanency planning hearings as provided in this chapter. At the conclusion of the legal guardianship or permanent legal custody proceeding, a juvenile court hearing shall be held for the purpose of determining whether dependency should be dismissed. If a guardianship or permanent custody order has been entered, the dependency shall be dismissed.

(13) Continued juvenile court jurisdiction under this chapter shall not be a barrier to the entry of an order establishing a legal guardianship or permanent legal custody when the requirements of subsection (12) of this section are met.

(14) Nothing in this chapter may be construed to limit the ability of the agency that has custody of the child to file a petition for termination of parental rights or a guardianship petition at any time following the establishment of dependency. Upon the filing of such a petition, a fact-finding hearing shall be scheduled and held in accordance with this chapter unless the department requests dismissal of the petition prior to the hearing or unless the parties enter an agreed order terminating parental

rights, establishing guardianship, or otherwise resolving the matter.

(15) The approval of a permanency plan that does not contemplate return of the child to the parent does not relieve the department of its obligation to provide reasonable services, under this chapter, intended to effectuate the return of the child to the parent, including but not limited to, visitation rights. The court shall consider the child's relationships with siblings in accordance with RCW 13.34.130.

(16) Nothing in this chapter may be construed to limit the procedural due process rights of any party in a termination or guardianship proceeding filed under this chapter.

**NEW SECTION. Sec. 16.** A new section is added to chapter 26.44 RCW to read as follows:

Nothing in this chapter may be construed to limit the department's authority to offer or provide prevention services or primary prevention services as defined in chapters 13.34 and 74.13 RCW, respectively.

**NEW SECTION. Sec. 17.** A new section is added to chapter 13.34 RCW to read as follows:

Nothing in this chapter may be construed to limit the department's authority to offer or provide prevention services or primary prevention services as defined in this chapter and chapter 74.13 RCW, respectively.

**NEW SECTION. Sec. 18.** A new section is added to chapter 74.13 RCW to read as follows:

Nothing in this chapter may be construed to limit the department's authority to offer or provide prevention services or primary prevention services as defined in chapter 13.34 RCW and this chapter, respectively.

**NEW SECTION. Sec. 19.** Sections 3, 4, and 10 through 15 of this act take effect October 1, 2019."

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1953 with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** In 2016, the legislature directed state parks to develop options and recommendations to improve the consistency, equity, and simplicity in recreational access fee systems. This process identified the layering of park permit requirements that apply to sno-parks, and so the legislature intends to address this issue.

The discover pass or the day-use permit are not required, for persons who have a valid sno-park ~~((seasonal))~~ permit issued by the state parks and recreation commission, at designated sno-parks between November 1st through March 31st.

**Sec. 3.** RCW 79A.80.010 and 2013 2nd sp.s. c 23 s 22 are each amended to read as follows:

### MESSAGE FROM THE SENATE

April 15, 2019

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1973 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 28B.76 RCW to read as follows:

(1) The legislature recognizes that dual credit programs reduce both the cost and time of attendance to obtain a postsecondary degree. The legislature intends to reduce barriers and increase access to postsecondary educational opportunities for low-income students by removing the financial barriers for dual enrollment programs for students.

(2) The office, in consultation with the institutions of higher education and the office of the superintendent of public instruction, shall create the Washington dual enrollment scholarship pilot program. The office shall administer the Washington dual enrollment scholarship pilot program and may adopt rules as necessary.

(3) Eligible students are those who meet the following requirements:

(a) Qualify for the free or reduced-price lunch program;

(b) Are enrolled in one or more dual credit programs, as defined in RCW 28B.15.821, such as college in the high school and running start; and

(c) Have at least a 2.0 grade point average.

(4) Subject to availability of amounts appropriated for this specific purpose, beginning with the 2019-20 academic year, the office may award scholarships to eligible students. The scholarship award must be as follows:

(a) For eligible students enrolled in running start:

(i) Mandatory fees, as defined in RCW 28A.600.310(2), prorated based on credit load;

(ii) Course fees or laboratory fees as determined appropriate by college or university policies to pay for specified course related costs; and

(iii) A textbook voucher to be used at the institution of higher education's bookstore where the student is enrolled. For every credit per quarter the student is enrolled, the student shall receive a textbook voucher for ten dollars, up to a maximum of fifteen credits per quarter, or the equivalent, per year.

(b) An eligible student enrolled in a college in the high school program may receive a scholarship for tuition fees as set forth under RCW 28A.600.290(5)(a).

(5) The Washington dual enrollment scholarship pilot program must apply after the fee waivers for low-income students under RCW 28A.600.310 and subsidies under RCW 28A.600.290 are provided for.

**Sec. 2.** RCW 28A.600.310 and 2015 c 202 s 4 are each amended to read as follows:

(1)(a) Eleventh and twelfth grade students or students who have not yet received the credits required for the award of a high school diploma and are eligible to be in the eleventh or twelfth grades may apply to a participating institution of higher education to enroll in courses or programs offered by the institution of higher education.

(b) The course sections and programs offered as running start courses must also be open for registration to matriculated students at the participating institution of higher education and may not be a course consisting solely of high school students offered at a high school campus.

(c) A student receiving home-based instruction enrolling in a public high school for the sole purpose of participating in courses or programs offered by institutions of higher education shall not be counted by the school district in any required state or federal accountability reporting if the student's parents or guardians filed a declaration of intent to provide home-based instruction and the student received home-based instruction during the school year before the school year in which the student intends to participate in courses or programs offered by the institution of higher education. Students receiving home-based instruction under chapter 28A.200 RCW and students attending private schools approved under chapter 28A.195 RCW shall not be required to meet the student learning goals, obtain a certificate of academic achievement or a certificate of individual achievement to graduate from high school, or to master the essential academic learning requirements. However, students are eligible to enroll in courses or programs in participating universities only if the board of directors of the student's school district has decided to participate in the program. Participating institutions of higher education, in consultation with school districts, may establish admission standards for these students. If the institution of higher education accepts a secondary school pupil for enrollment under this section, the institution of higher education shall send written notice to the pupil and the pupil's school district within ten days of acceptance. The

notice shall indicate the course and hours of enrollment for that pupil.

(2)(a) In lieu of tuition and fees, as defined in RCW 28B.15.020 and 28B.15.041:

(i) Running start students shall pay to the community or technical college all other mandatory fees as established by each community or technical college and, in addition, the state board for community and technical colleges may authorize a fee of up to ten percent of tuition and fees as defined in RCW 28B.15.020 and 28B.15.041; and

(ii) All other institutions of higher education operating a running start program may charge running start students a fee of up to ten percent of tuition and fees as defined in RCW 28B.15.020 and 28B.15.041 in addition to technology fees.

(b) The fees charged under this subsection (2) shall be prorated based on credit load.

(c) Students may pay fees under this subsection with advanced college tuition payment program tuition units at a rate set by the advanced college tuition payment program governing body under chapter 28B.95 RCW.

(3)(a) The institutions of higher education must make available fee waivers for low-income running start students. ~~((Each institution must establish a written policy for the determination of low-income students before offering the fee waiver.))~~ A student shall be considered low income and eligible for a fee waiver upon proof that the student is currently qualified to receive free or reduced-price lunch. Acceptable documentation of low-income status may also include, but is not limited to, documentation that a student has been deemed eligible for free or reduced-price lunches in the last five years, or other criteria established in the institution's policy.

(b)(i) By the beginning of the 2020-21 school year, school districts, upon knowledge of a low-income student's enrollment in running start, must provide documentation of the student's low-income status, under (a) of this subsection, directly to institutions of higher education.

(ii) Subject to the availability of amounts appropriated for this specific purpose, the office of the superintendent of public instruction, in consultation with the Washington student achievement council, shall develop a centralized process for school districts to provide students' low-income status to institutions of higher education to meet the requirements of (b)(i) of this subsection.

(c) Institutions of higher education, in collaboration with relevant student associations, shall aim to have students who can benefit from fee waivers take advantage of these waivers. Institutions shall make every effort to communicate to students and their families the benefits of the waivers and provide assistance to students and their families on how to apply. Information about waivers shall, to the greatest extent possible, be incorporated into financial aid counseling, admission information, and individual billing statements. Institutions also shall, to the greatest extent possible, use all means of communication, including but not limited to web sites, online catalogues, admission and registration forms,

mass email messaging, social media, and outside marketing to ensure that information about waivers is visible, compelling, and reaches the maximum number of students and families that can benefit.

(4) The pupil's school district shall transmit to the institution of higher education an amount per each full-time equivalent college student at statewide uniform rates for vocational and nonvocational students. The superintendent of public instruction shall separately calculate and allocate moneys appropriated for basic education under RCW 28A.150.260 to school districts for purposes of making such payments and for granting school districts seven percent thereof to offset program related costs. The calculations and allocations shall be based upon the estimated statewide annual average per full-time equivalent high school student allocations under RCW 28A.150.260, excluding small high school enhancements, and applicable rules adopted under chapter 34.05 RCW. The superintendent of public instruction, participating institutions of higher education, and the state board for community and technical colleges shall consult on the calculation and distribution of the funds. The funds received by the institution of higher education from the school district shall not be deemed tuition or operating fees and may be retained by the institution of higher education. A student enrolled under this subsection shall be counted for the purpose of meeting enrollment targets in accordance with terms and conditions specified in the omnibus appropriations act.

NEW SECTION. Sec. 3. A new section is added to chapter 43.131 RCW to read as follows:

The Washington dual enrollment scholarship pilot program is terminated July 1, 2025, as provided in section 4 of this act.
