(ii) When, in the opinion of the court, the rights and interests of the respondent cannot otherwise be adequately protected and represented, the court on its own motion must appoint an attorney at any time to represent the respondent.

(iii) An attorney must be provided under this subsection (1)(c) as soon as practicable after a petition is filed and long enough before any final hearing to allow adequate time for consultation and preparation. Absent a convincing showing in the record to the contrary, a period of less than three weeks is presumed by a reviewing court to be inadequate time for consultation and preparation.

(2) An attorney representing the respondent in a proceeding for appointment of a conservator shall:

(a) Make reasonable efforts to ascertain the respondent's wishes;
(b) Advocate for the respondent's wishes to the extent reasonably ascertainable; and
(c) If the respondent's wishes are not reasonably ascertainable, advocate for the result that is the least restrictive in type, duration, and scope, consistent with the respondent's interests.

(3) The court is not required, but may appoint an attorney to represent a parent of a minor who is the subject of a proceeding under section 402 of this act if:

(a) The parent objects to appointment of a conservator;
(b) The court determines that counsel is needed to ensure that consent to appointment of a conservator is informed; or
(c) The court otherwise determines the parent needs representation.

NEW SECTION. Sec. 407. PROFESSIONAL EVALUATION. (1) At or before a hearing on a petition for conservatorship for an adult, the court shall order a professional evaluation of the respondent:

(a) If the respondent requests the evaluation; or
(b) In other cases, unless the court finds it has sufficient information to determine the respondent's needs and abilities without the evaluation.

(2) If the court orders an evaluation under subsection (1) of this section, the respondent must be examined by a physician licensed to practice under chapter 18.71 or 18.57 RCW, psychologist licensed under chapter 18.83 RCW, or advanced registered nurse practitioner licensed under chapter 18.79 RCW selected by the visitor who is qualified to evaluate the respondent's alleged cognitive and functional abilities and limitations and will not be advantaged or disadvantaged by a decision to grant the petition or otherwise have a conflict of interest. The individual conducting the evaluation promptly shall file a report in a
record with the court. Unless otherwise directed by the court, the report must contain:

(a) A description of the nature, type, and extent of the respondent's cognitive and functional abilities and limitations with regard to the management of the respondent's property and financial affairs;

(b) An evaluation of the respondent's mental and physical condition and, if appropriate, educational potential, adaptive behavior, and social skills;

(c) A prognosis for improvement with regard to the ability to manage the respondent's property and financial affairs; and

(d) The date of the examination on which the report is based.

(3) A respondent may decline to participate in an evaluation ordered under subsection (1) of this section.

NEW SECTION. Sec. 408. ATTENDANCE AND RIGHTS AT HEARING. (1) Except as otherwise provided in subsection (2) of this section, a hearing under section 403 of this act may not proceed unless the respondent attends the hearing. If it is not reasonably feasible for the respondent to attend a hearing at the location court proceedings typically are held, the court shall make reasonable efforts to hold the hearing at an alternative location convenient to the respondent or allow the respondent to attend the hearing using real-time audio-visual technology.

(2) A hearing under section 403 of this act may proceed without the respondent in attendance if the court finds by clear and convincing evidence that:

(a) The respondent consistently and repeatedly has refused to attend the hearing after having been fully informed of the right to attend and the potential consequences of failing to do so;

(b) There is no practicable way for the respondent to attend and participate in the hearing even with appropriate supportive services or technological assistance; or

(c) The respondent is a minor who has received proper notice and attendance would be harmful to the minor.

(3) The respondent may be assisted in a hearing under section 403 of this act by a person or persons of the respondent's choosing, assistive technology, or an interpreter or translator, or a combination of these supports. If assistance would facilitate the respondent's participation in the hearing, but is not otherwise available to the respondent, the court shall make reasonable efforts to provide it.

(4) The respondent has a right to choose an attorney to represent the respondent at a hearing under section 403 of this act.

(5) At a hearing under section 403 of this act, the respondent may:

(a) Present evidence and subpoena witnesses and documents;

(b) Examine witnesses, including any court-appointed evaluator and the visitor; and

(c) Otherwise participate in the hearing.

(6) Unless excused by the court for good cause, a proposed conservator shall attend a hearing under section 403 of this act.

(7) A hearing under section 403 of this act must be closed on request of the respondent and a showing of good cause.

(8) Any person may request to participate in a hearing under section 403 of this act. The court may grant the request, with or without a hearing, on determining that the best interest of the respondent will be served. The court may impose appropriate conditions on the person's participation.

NEW SECTION. Sec. 409. CONFIDENTIALITY OF RECORDS. (1) The existence of a proceeding for or the existence of conservatorship is a matter of public record unless the court seals the record after:

(a) The respondent, the individual subject to conservatorship, or the parent of a minor subject to conservatorship requests the record be sealed; and

(b) Either:

(i) The petition for conservatorship is dismissed; or

(ii) The conservatorship is terminated.

(2) An individual subject to a proceeding for a conservatorship, whether or not a conservator is appointed, an attorney designated by the individual, and a person entitled to notice under section 411(6) of this act or a subsequent order may access court records of the proceeding and resulting conservatorship, including the conservator's plan under section 419 of this act and the conservator's report under section 423 of this act. A person not otherwise entitled access to court records under this section for good cause may petition the court for access to court records of the conservatorship, including the conservator's plan and report. The court shall grant access if access is in the best interest of the respondent or individual subject to conservatorship or furthers the public interest and does not endanger the welfare or financial interests of the respondent or individual.

(3) A report under section 405 of this act of a visitor or professional evaluation under section 407 of this act is confidential and must be sealed on filing, but is available to:

(a) The court;

(b) The individual who is the subject of the report or evaluation, without limitation as to use;

(c) The petitioner, visitor, and petitioner's and respondent's attorneys, for purposes of the proceeding;

(d) Unless the court directs otherwise, an agent appointed under a power of attorney for finances in which the respondent is identified as the principal; and
NEW SECTION. Sec. 410. WHO MAY BE CONSERVATOR—ORDER OF PRIORITY. (1) Except as otherwise provided in subsection (3) of this section, the court in appointing a conservator shall consider persons qualified to be a conservator in the following order of priority:

(a) A conservator, other than a temporary or emergency conservator, currently acting for the respondent in another jurisdiction;

(b) A person nominated as conservator by the respondent, including the respondent's most recent nomination made in a power of attorney for finances;

(c) An agent appointed by the respondent to manage the respondent's property under a power of attorney for finances;

(d) A spouse or domestic partner of the respondent;

(e) A relative or other individual who has shown special care and concern for the respondent; and

(f) A certified professional guardian or conservator or other entity the court determines is suitable.

(2) If two or more persons have equal priority under subsection (1) of this section, the court shall select as conservator the person the court considers best qualified. In determining the best qualified person, the court shall consider the person's relationship with the respondent, the person's skills, the expressed wishes of the respondent, the extent to which the person and the respondent have similar values and preferences, and the likelihood the person will be able to perform the duties of a conservator successfully.

(3) The court, acting in the best interest of the respondent, may decline to appoint as conservator a person having priority under subsection (1) of this section and appoint a person having a lower priority or no priority.

(4) A person that provides paid services to the respondent, or an individual who is employed by a person that provides paid services to the respondent or is the spouse, domestic partner, parent, or child of an individual who provides or is employed to provide paid services to the respondent, may not be appointed as conservator unless:

(a) The individual is related to the respondent by blood, marriage, or adoption; or

(b) The court finds by clear and convincing evidence that the person is the best qualified person available for appointment and the appointment is in the best interest of the respondent.

(5) An owner, operator, or employee of a long-term care facility at which the respondent is receiving care may not be appointed as conservator unless the owner, operator, or employee is related to the respondent by blood, marriage, or adoption.

NEW SECTION. Sec. 411. ORDER OF APPOINTMENT OF CONSERVATOR. (1) A court order appointing a conservator for a minor must include findings to support appointment of a conservator and, if a full conservatorship is granted, the reason a limited conservatorship would not meet the identified needs of the minor.

(2) A court order appointing a conservator for a minor may dispense with the requirement for the conservator to file reports with the court under section 423 of this act if all the property of the minor subject to the conservatorship is protected by a verified receipt.

(3) A court order appointing a conservator for an adult must:

(a) Include a specific finding that clear and convincing evidence has established that the identified needs of the respondent cannot be met by a protective arrangement instead of conservatorship or other less restrictive alternatives, including use of appropriate supportive services, technological assistance, or supported decision making; and

(b) Include a specific finding that clear and convincing evidence established the respondent was given proper notice of the hearing on the petition.

(4) A court order establishing a full conservatorship for an adult must state the basis for granting a full conservatorship and include specific findings to support the conclusion that a limited conservatorship would not meet the functional needs of the adult.

(5) A court order establishing a limited conservatorship must state the specific property placed under the control of the conservator and the powers granted to the conservator.

(6) The court, as part of an order establishing a conservatorship, shall identify any person that subsequently is entitled to:

(a) Notice of the rights of the individual subject to conservatorship under section 412(2) of this act;

(b) Notice of a sale of or surrender of a lease to the primary dwelling of the individual;

(c) Notice that the conservator has delegated a power that requires court approval under section 414 of this act or substantially all powers of the conservator;

(d) Notice that the conservator will be unavailable to perform the conservator's duties for more than one month;

(e) A copy of the conservator's plan under section 419 of this act and the conservator's report under section 423 of this act;

(f) Access to court records relating to the conservatorship;

(g) Notice of a transaction involving a substantial conflict between the conservator's fiduciary duties and personal interests;
(h) Notice of the death or significant change in the condition of the individual;

(i) Notice that the court has limited or modified the powers of the conservator; and

(j) Notice of the removal of the conservator.

(7) If an individual subject to conservatorship is an adult, the spouse, domestic partner, and adult children of the adult subject to conservatorship are entitled under subsection (6) of this section to notice unless the court determines notice would be contrary to the preferences or prior directions of the adult subject to conservatorship or not in the best interest of the adult.

(8) If an individual subject to conservatorship is a minor, each parent and adult sibling of the minor is entitled under subsection (6) of this section to notice unless the court determines notice would not be in the best interest of the minor.

(9) All orders establishing a conservatorship for an adult must contain:

(a) A conservatorship summary placed directly below the case caption or on a separate cover page in the form or substantially the same form as set forth in section 606 of this act;

(b) The date which the limited conservator or conservator must file the conservator's plan under section 419 of this act;

(d) The date by which the court will review the conservator's plan as required by section 419 of this act;

(e) The report interval which the conservator must file its report under section 423 of this act. The report interval may be annual, biennial, or triennial;

(f) The date the limited conservator or conservator must file its report under section 423 of this act. The due date of the filing of the report shall be within ninety days after the anniversary date of the appointment;

(g) The date for the court to review the report under section 423 of this act and enter its order. The court shall conduct the review within one hundred twenty days after the anniversary date of the appointment.

NEW SECTION.  Sec. 412.  NOTICE OF ORDER OF APPOINTMENT—RIGHTS.  (1) A conservator appointed under section 411 of this act shall give to the individual subject to conservatorship and to all other persons given notice under section 403 of this act a copy of the order of appointment, together with notice of the right to request termination or modification. The order and notice must be given not later than fourteen days after the appointment.

(2) Not later than thirty days after appointment of a conservator under section 411 of this act, the conservator shall give to the individual subject to conservatorship and any other person entitled to notice under section 411(6) of this act a statement of the rights of the individual subject to conservatorship and procedures to seek relief if the individual is denied those rights. The statement must be in plain language, in at least sixteen-point font, and to the extent feasible, in a language in which the individual subject to conservatorship is proficient. The statement must notify the individual subject to conservatorship of the right to:

(a) Seek termination or modification of the conservatorship, or removal of the conservator, and choose an attorney to represent the individual in these matters;

(b) Participate in decision making to the extent reasonably feasible;

(c) Receive a copy of the conservator's plan under section 419 of this act, the conservator's inventory under section 420 of this act, and the conservator's report under section 423 of this act; and

(d) Object to the conservator's inventory, plan, or report.

(3) If a conservator is appointed for the reasons stated in section 401(2)(a)(ii) of this act and the individual subject to conservatorship is missing, notice under this section to the individual is not required.

NEW SECTION.  Sec. 413.  EMERGENCY CONSERVATOR.  (1) On its own or on petition by a person interested in an individual's welfare after a petition has been filed under section 402 of this act, the court may appoint an emergency conservator for the individual if the court finds:

(a) Appointment of an emergency conservator is likely to prevent substantial and irreparable harm to the individual's property or financial interests;

(b) No other person appears to have authority and willingness to act in the circumstances; and

(c) There is reason to believe that a basis for appointment of a conservator under section 401 of this act exists.

(2) The duration of authority of an emergency conservator may not exceed sixty days and the emergency conservator may exercise only the powers specified in the order of appointment. The emergency conservator's authority may be extended once for not more than sixty days if the court finds that the conditions for appointment of an emergency conservator under subsection (1) of this section continue.

(3) Immediately on filing of a petition for an emergency conservator, the court shall appoint an attorney to represent the respondent in the proceeding. Except as otherwise provided in subsection (4) of this section, reasonable notice of the date, time, and place of a hearing on the petition must be given to the respondent, the respondent's attorney, and any other person the court determines.

(4) The court may appoint an emergency conservator without notice to the respondent and any attorney for the respondent only if the court finds from an
affidavit or testimony that the respondent's property or financial interests will be substantially and irreparably harmed before a hearing with notice on the appointment can be held. If the court appoints an emergency conservator without giving notice under subsection (3) of this section, the court must give notice of the appointment not later than forty-eight hours after the appointment to:

(a) The respondent;
(b) The respondent's attorney; and
(c) Any other person the court determines.

(5) Not later than five days after the appointment, the court shall hold a hearing on the appropriateness of the appointment.

(6) Appointment of an emergency conservator under this section is not a determination that a basis exists for appointment of a conservator under section 401 of this act.

(7) The court may remove an emergency conservator appointed under this section at any time. The emergency conservator shall make any report the court requires.

NEW SECTION. Sec. 414. POWERS OF CONSERVATOR REQUIRING COURT APPROVAL. (1) Except as otherwise ordered by the court, a conservator must give notice to persons entitled to notice under section 403(4) of this act and receive specific authorization by the court before the conservator may exercise with respect to the conservatorship the power to:

(a) Make a gift, except a gift of de minimis value;
(b) Sell, encumber an interest in, or surrender a lease to the primary dwelling of the individual subject to conservatorship;
(c) Convey, release, or disclaim a contingent or expectant interest in property, including marital property and any right of survivorship incident to joint tenancy or tenancy by the entirety;
(d) Exercise or release a power of appointment;
(e) Create a revocable or irrevocable trust of property of the conservatorship estate, whether or not the trust extends beyond the duration of the conservatorship, or revoke or amend a trust revocable by the individual subject to conservatorship;
(f) Exercise a right to elect an option or change a beneficiary under an insurance policy or annuity or surrender the policy or annuity for its cash value;
(g) Exercise a right to an elective share in the estate of a deceased spouse or domestic partner of the individual subject to conservatorship or renounce or disclaim a property interest;
(h) Grant a creditor priority for payment over creditors of the same or higher class if the creditor is providing property or services used to meet the basic living and care needs of the individual subject to conservatorship and preferential treatment otherwise would be impermissible under section 428(5) of this act; and

(i) Make, modify, amend, or revoke the will of the individual subject to conservatorship in compliance with chapter 11.12 RCW.

(2) In approving a conservator's exercise of a power listed in subsection (1) of this section, the court shall consider primarily the decision the individual subject to conservatorship would make if able, to the extent the decision can be ascertained.

(3) To determine under subsection (2) of this section the decision the individual subject to conservatorship would make if able, the court shall consider the individual's prior or current directions, preferences, opinions, values, and actions, to the extent actually known or reasonably ascertainable by the conservator. The court also shall consider:

(a) The financial needs of the individual subject to conservatorship and individuals who are in fact dependent on the individual subject to conservatorship for support, and the interests of creditors of the individual;
(b) Possible reduction of income, estate, inheritance, or other tax liabilities;
(c) Eligibility for governmental assistance;
(d) The previous pattern of giving or level of support provided by the individual;
(e) Any existing estate plan or lack of estate plan of the individual;
(f) The life expectancy of the individual and the probability the conservatorship will terminate before the individual's death; and
(g) Any other relevant factor.

(4) A conservator may not revoke or amend a power of attorney for finances executed by the individual subject to conservatorship. If a power of attorney for finances is in effect, a decision of the agent takes precedence over that of the conservator, unless the court orders otherwise.

NEW SECTION. Sec. 415. PETITION FOR ORDER AFTER APPOINTMENT. An individual subject to conservatorship or a person interested in the welfare of the individual may petition for an order:

(1) Requiring the conservator to furnish a bond or collateral or additional bond or collateral or allowing a reduction in a bond or collateral previously furnished;
(2) Requiring an accounting for the administration of the conservatorship estate;
(3) Directing distribution;
(4) Removing the conservator and appointing a temporary or successor conservator;
(5) Modifying the type of appointment or powers granted to the conservator, if the extent of protection or
management previously granted is excessive or insufficient to meet the individual's needs, including because the individual's abilities or supports have changed;

(6) Rejecting or modifying the conservator's plan under section 419 of this act, the conservator's inventory under section 420 of this act, or the conservator's report under section 423 of this act; or

(7) Granting other appropriate relief.

NEW SECTION. Sec. 416. BOND—ALTERNATIVE VERIFIED RECEIPT. (1) Except as otherwise provided in subsections (3) and (4) of this section, the court shall require a conservator to furnish a bond with a surety the court specifies, or require a verified receipt, conditioned on faithful discharge of all duties of the conservator. The court may waive the requirement only if the court finds that a bond or other verified receipt is not necessary to protect the interests of the individual subject to conservatorship. Except as otherwise provided in subsections (3) and (4) of this section, the court may not waive the requirement if the conservator is in the business of serving as a conservator and is being paid for the conservator's service.

(2) Unless the court directs otherwise, the bond required under this section must be in the amount of the aggregate capital value of the conservatorship estate, plus the estimated income for the accounting and report review interval, less the value of property deposited under a verified receipt requiring a court order for its removal and real property the conservator lacks power to sell or convey without specific court authorization. The court, in place of surety on a bond, may accept collateral for the performance of the bond, including a pledge of securities or a mortgage of real property.

(3) A regulated financial institution qualified to do trust business in this state is not required to give a bond under this section.

(4) In all conservatorships where the person subject to conservatorship has total assets of a value of less than three thousand dollars, the court may dispense with the requirement of a bond: PROVIDED, That the conservator swears to report to the court any changes in the total assets of the person subject to conservatorship increasing their value to over three thousand dollars: PROVIDED FURTHER, That the conservator files a yearly statement showing the monthly income of the person subject to conservatorship if such monthly income, excluding moneys from state or federal benefits, is over the sum of five hundred dollars per month for any three consecutive months.

NEW SECTION. Sec. 417. TERMS AND REQUIREMENTS OF BOND. (1) The following rules apply to the bond required under section 416 of this act:

(a) Except as otherwise provided by the bond, the surety and the conservator are jointly and severally liable.

(b) By executing a bond provided by a conservator, the surety submits to the personal jurisdiction of the court that issued letters of office to the conservator in a proceeding relating to the duties of the conservator in which the surety is named as a party. Notice of the proceeding must be given to the surety at the address shown in the records of the court in which the bond is filed and any other address of the surety then known to the person required to provide the notice.

(c) On petition of a successor conservator or person affected by a breach of the obligation of the bond, a proceeding may be brought against the surety for breach of the obligation of the bond.

(d) A proceeding against the bond may be brought until liability under the bond is exhausted.

(2) A proceeding may not be brought under this section against a surety of a bond on a matter as to which a proceeding against the conservator is barred.

(3) If a bond under section 416 of this act is not renewed by the conservator, the surety or sureties immediately shall give notice to the court and the individual subject to conservatorship.

NEW SECTION. Sec. 418. DUTIES OF CONSERVATOR. (1) A conservator is a fiduciary and has duties of prudence and loyalty to the individual subject to conservatorship.

(2) A conservator shall promote the self-determination of the individual subject to conservatorship and, to the extent feasible, encourage the individual to participate in decisions, act on the individual's own behalf, and develop or regain the capacity to manage the individual's personal affairs.

(3) In making a decision for an individual subject to conservatorship, the conservator shall make the decision the conservator reasonably believes the individual would make if able, unless doing so would fail to preserve the resources needed to maintain the individual's well-being and lifestyle or otherwise unreasonably harm or endanger the welfare or personal or financial interests of the individual. To determine the decision the individual would make if able, the conservator shall consider the individual's prior or current directions, preferences, opinions, values, and actions, to the extent actually known or reasonably ascertainable by the conservator.

(4) If a conservator cannot make a decision under subsection (3) of this section because the conservator does not know and cannot reasonably determine the decision the individual subject to conservatorship probably would make if able, or the conservator reasonably believes the decision the individual would make would fail to preserve resources needed to maintain the individual's well-being and lifestyle or otherwise unreasonably harm or endanger the welfare or personal or financial interests of the individual, the conservator shall act in accordance with the best interests of the individual. In determining the best interests of the individual, the conservator shall consider:
(a) Information received from professionals and persons that demonstrate sufficient interest in the welfare of the individual;

(b) Other information the conservator believes the individual would have considered if the individual were able to act; and

(c) Other factors a reasonable person in the circumstances of the individual would consider, including consequences for others.

(5) Except when inconsistent with the conservator's duties under subsections (1) through (4) of this section, a conservator shall invest and manage the conservatorship estate as a prudent investor would, by considering:

(a) The circumstances of the individual subject to conservatorship and the conservatorship estate;

(b) General economic conditions;

(c) The possible effect of inflation or deflation;

(d) The expected tax consequences of an investment decision or strategy;

(e) The role of each investment or course of action in relation to the conservatorship estate as a whole;

(f) The expected total return from income and appreciation of capital;

(g) The need for liquidity, regularity of income, and preservation or appreciation of capital; and

(h) The special relationship or value, if any, of specific property to the individual subject to conservatorship.

(6) The propriety of a conservator's investment and management of the conservatorship estate is determined in light of the facts and circumstances existing when the conservator decides or acts and not by hindsight.

(7) A conservator shall make a reasonable effort to verify facts relevant to the investment and management of the conservatorship estate.

(8) A conservator that has special skills or expertise, or is named conservator in reliance on the conservator's representation of special skills or expertise, has a duty to use the special skills or expertise in carrying out the conservator's duties.

(9) In investing, selecting specific property for distribution, and invoking a power of revocation or withdrawal for the use or benefit of the individual subject to conservatorship, a conservator shall consider any estate plan of the individual known or reasonably ascertainable to the conservator and may examine the will or other donative, nominative, or appointive instrument of the individual.

(10) A conservator shall maintain insurance on the insurable real and personal property of the individual subject to conservatorship, unless the conservatorship estate lacks sufficient funds to pay for insurance or the court finds:

(a) The property lacks sufficient equity; or

(b) Insuring the property would unreasonably dissipate the conservatorship estate or otherwise not be in the best interest of the individual.

(11) If a power of attorney for finances is in effect, a conservator shall cooperate with the agent to the extent feasible.

(12) A conservator has access to and authority over a digital asset of the individual subject to conservatorship to the extent provided by the revised uniform fiduciary access to digital assets act (chapter 11.120 RCW) or court order.

(13) A conservator for an adult shall notify the court if the condition of the adult has changed so that the adult is capable of exercising rights previously removed. The notice must be given immediately on learning of the change.

(14) A conservator shall notify the court within thirty days of any substantial change in the value of the property of the person subject to conservatorship and shall provide a copy of the notice to the person subject to guardianship, a person entitled to notice under section 403 of this act or a subsequent order, and any other person the court has determined is entitled to notice and schedule a hearing for the court to review the adequacy of the bond or other verified receipt under sections 416 and 417 of this act.

NEW SECTION. Sec. 419. CONSERVATOR'S PLAN. (1) A conservator, not later than ninety days after appointment, shall file with the court a plan for protecting, managing, expending, and distributing the assets of the conservatorship estate. The plan must be based on the needs of the individual subject to conservatorship and take into account the best interest of the individual as well as the individual's preferences, values, and prior directions, to the extent known to or reasonably ascertainable by the conservator. The conservator shall include in the plan:

(a) A budget containing projected expenses and resources, including an estimate of the total amount of fees the conservator anticipates charging per year and a statement or list of the amount the conservator proposes to charge for each service the conservator anticipates providing to the individual;

(b) How the conservator will involve the individual in decisions about management of the conservatorship estate;

(c) Any step the conservator plans to take to develop or restore the ability of the individual to manage the conservatorship estate; and

(d) An estimate of the duration of the conservatorship.

(2) A conservator shall give notice of the filing of the conservator's plan under subsection (1) of this section, together with a copy of the plan, to the individual subject to conservatorship, a person entitled to notice under section 411(6) of this act or a subsequent order, and any other person the court determines. The notice must include a statement of the right to object to the plan and be given not later than fourteen days after the filing.
(3) An individual subject to conservatorship and any person entitled under subsection (2) of this section to receive notice and a copy of the conservator's plan may object to the plan.

(4) The court shall review the conservator's plan filed under subsection (1) of this section and determine whether to approve the plan or require a new plan. In deciding whether to approve the plan, the court shall consider an objection under subsection (3) of this section and whether the plan is consistent with the conservator's duties and powers. The court may not approve the plan until thirty days after its filing.

(5) After a conservator's plan under this section is approved by the court, the conservator shall provide a copy of the plan to the individual subject to conservatorship, a person entitled to notice under section 411(6) of this act or a subsequent order, and any other person the court determines.

NEW SECTION. Sec. 420. INVENTORY—RECORDS. (1) Not later than sixty days after appointment, a conservator shall prepare and file with the appointing court a detailed inventory of the conservatorship estate, together with an oath or affirmation that the inventory is believed to be complete and accurate as far as information permits.

(2) A conservator shall give notice of the filing of an inventory to the individual subject to conservatorship, a person entitled to notice under section 411(6) of this act or a subsequent order, and any other person the court determines. The notice must be given not later than fourteen days after the filing.

(3) A conservator shall keep records of the administration of the conservatorship estate and make them available for examination on reasonable request of the individual subject to conservatorship, a guardian for the individual, or any other person the conservator or the court determines.

NEW SECTION. Sec. 421. ADMINISTRATIVE POWERS OF CONSERVATOR NOT REQUIRING COURT APPROVAL. (1) Except as otherwise provided in section 414 of this act or qualified or limited in the court's order of appointment and stated in the letters of office, a conservator has all powers granted in this section and any additional power granted to a trustee by law of this state other than this chapter.

(2) A conservator, acting reasonably and consistent with the fiduciary duties of the conservator to accomplish the purpose of the conservatorship, without specific court authorization or confirmation, may with respect to the conservatorship estate:

(a) Collect, hold, and retain property, including property in which the conservator has a personal interest and real property in another state, until the conservator determines disposition of the property should be made;

(b) Receive additions to the conservatorship estate;

(c) Continue or participate in the operation of a business or other enterprise;

(d) Acquire an undivided interest in property in which the conservator, in a fiduciary capacity, holds an undivided interest;

(e) Invest assets;

(f) Deposit funds or other property in a financial institution, including one operated by the conservator;

(g) Acquire or dispose of property, including real property in another state, for cash or on credit, at public or private sale, and manage, develop, improve, exchange, partition, change the character of, or abandon property;

(h) Make ordinary or extraordinary repairs or alterations in a building or other structure, demolish any improvement, or raze an existing or erect a new party wall or building;

(j) Enter for any purpose into a lease of property as lessor or lessee, with or without an option to purchase or renew, for a term within or extending beyond the term of the conservatorship;

(k) Enter into a lease or arrangement for exploration and removal of minerals or other natural resources or a pooling or unitization agreement;

(l) Grant an option involving disposition of property or accept or exercise an option for the acquisition of property;

(m) Vote a security, in person or by general or limited proxy;

(n) Pay a call, assessment, or other sum chargeable or accruing against or on account of a security;

(o) Sell or exercise a stock subscription or conversion right;

(p) Consent, directly or through a committee or agent, to the reorganization, consolidation, merger, dissolution, or liquidation of a corporation or other business enterprise;

(q) Hold a security in the name of a nominee or in other form without disclosure of the conservatorship so that title to the security may pass by delivery;

(r) Insure:

(i) The conservatorship estate, in whole or in part, against damage or loss in accordance with section 418(10) of this act; and

(ii) The conservator against liability with respect to a third person;

(s) Borrow funds, with or without security, to be repaid from the conservatorship estate or otherwise;
(t) Advance funds for the protection of the conservatorship estate or the individual subject to conservatorship and all expenses, losses, and liability sustained in the administration of the conservatorship estate or because of holding any property for which the conservator has a lien on the conservatorship estate;

(u) Pay or contest a claim, settle a claim by or against the conservatorship estate or the individual subject to conservatorship by compromise, arbitration, or otherwise, or release, in whole or in part, a claim belonging to the conservatorship estate to the extent the claim is uncollectible;

(iii) If there is no guardian, custodian, or custodial trustee, to a relative or other person having physical custody of the distributee;

(x) Bring or defend an action, claim, or proceeding in any jurisdiction for the protection of the conservatorship estate or the conservator in the performance of the conservator's duties;

(y) Structure the finances of the individual subject to conservatorship to establish eligibility for a public benefit, including by making gifts consistent with the individual's preferences, values, and prior directions, if the conservator's action does not jeopardize the individual's welfare and otherwise is consistent with the conservator's duties; and

(z) Execute and deliver any instrument that will accomplish or facilitate the exercise of a power of the conservator.

NEW SECTION. Sec. 422. DISTRIBUTION FROM CONSERVATORSHIP ESTATE. Except as otherwise provided in section 414 of this act or qualified or limited in the court's order of appointment and stated in the letters of office, and unless contrary to a conservator's plan under section 419 of this act, the conservator may expend or distribute income or principal of the conservatorship estate without specific court authorization or confirmation for the support, care, education, health, or welfare of the individual subject to conservatorship or an individual who is in fact dependent on the individual subject to conservatorship, including the payment of child or spousal support, in accordance with the following rules:

(1) The conservator shall consider a recommendation relating to the appropriate standard of support, care, education, health, or welfare for the individual subject to conservatorship or individual who is dependent on the individual subject to conservatorship, made by a guardian for the individual subject to conservatorship, if any, and, if the individual subject to conservatorship is a minor, a recommendation made by a parent of the minor.

(2) The conservator acting in compliance with the conservator's duties under section 418 of this act is not liable for an expenditure or distribution made based on a recommendation under subsection (1) of this section unless the conservator knows the expenditure or distribution is not in the best interest of the individual subject to conservatorship.

(3) In making an expenditure or distribution under this section, the conservator shall consider:

(a) The size of the conservatorship estate, the estimated duration of the conservatorship, and the likelihood the individual subject to conservatorship, at some future time, may be fully self-sufficient and able to manage the individual's financial affairs and the conservatorship estate;

(b) The accustomed standard of living of the individual subject to conservatorship and individual who is dependent on the individual subject to conservatorship;

(c) Other funds or source used for the support of the individual subject to conservatorship; and

(d) The preferences, values, and prior directions of the individual subject to conservatorship.

(4) Funds expended or distributed under this section may be paid by the conservator to any person, including the individual subject to conservatorship, as reimbursement for expenditures the conservator might have made, or in advance for services to be provided to the individual subject to conservatorship or individual who is dependent on the individual subject to conservatorship if it is reasonable to expect the services will be performed and advance payment is customary or reasonably necessary under the circumstances.

NEW SECTION. Sec. 423. CONSERVATOR'S REPORT AND ACCOUNTING—MONITORING. (1) A conservator shall file with the court by the date established by the court a report in a record regarding the administration of the conservatorship estate unless the court otherwise directs, on resignation or removal, on termination of the conservatorship, and at any other time the court directs.

(2) A report under subsection (1) of this section must state or contain:

(a) An accounting that lists property included in the conservatorship estate and the receipts, disbursements, liabilities, and distributions during the period for which the report is made;

(b) A list of the services provided to the individual subject to conservatorship;

(c) A copy of the conservator's most recently approved plan and a statement whether the conservator has
deviated from the plan and, if so, how the conservator has deviated and why;

(d) A recommendation as to the need for continued conservatorship and any recommended change in the scope of the conservatorship;

(e) To the extent feasible, a copy of the most recent reasonably available financial statements evidencing the status of bank accounts, investment accounts, and mortgages or other debts of the individual subject to conservatorship with all but the last four digits of the account numbers and social security number redacted;

(f) Anything of more than de minimis value which the conservator, any individual who resides with the conservator, or the spouse, domestic partner, parent, child, or sibling of the conservator has received from a person providing goods or services to the individual subject to conservatorship;

(g) Any business relation the conservator has with a person the conservator has paid or that has benefited from the property of the individual subject to conservatorship;

(h) Whether any co-conservator or successor conservator appointed to serve when a designated event occurs is alive and able to serve.

(3) The court may appoint a visitor to review a report under this section or conservator's plan under section 419 of this act, interview the individual subject to conservatorship or conservator, or investigate any other matter involving the conservatorship. In connection with the report, the court may order the conservator to submit the conservatorship estate to appropriate examination in a manner the court directs.

(4) Notice of the filing under this section of a conservator's report, together with a copy of the report, must be provided to the individual subject to conservatorship, a person entitled to notice under section 411(6) of this act or a subsequent order, and other persons the court determines. The notice and report must be given not later than fourteen days after filing.

(5) The court shall establish procedures for monitoring a report submitted under this section and review each report at least annually to determine whether:

(a) The reports provide sufficient information to establish the conservator has complied with the conservator's duties;

(b) The conservatorship should continue; and

(c) The conservator's requested fees, if any, should be approved.

(6) If the court determines there is reason to believe a conservator has not complied with the conservator's duties or the conservatorship should not continue, the court:

(a) Shall notify the individual subject to conservatorship, the conservator, and any other person entitled to notice under section 411(6) of this act or a subsequent order;

(b) May require additional information from the conservator;

(c) May appoint a visitor to interview the individual subject to conservatorship or conservator or investigate any matter involving the conservatorship; and

(d) Consistent with sections 430 and 431 of this act, may hold a hearing to consider removal of the conservator, termination of the conservatorship, or a change in the powers granted to the conservator or terms of the conservatorship.

(7) If the court has reason to believe fees requested by a conservator are not reasonable, the court shall hold a hearing to determine whether to adjust the requested fees.

(8) A conservator must petition the court for approval of a report filed under this section. The court after review may approve the report. If the court approves the report, there is a rebuttable presumption the report is accurate as to a matter adequately disclosed in the report.

(9) An order, after notice and hearing, approving an interim report of a conservator filed under this section adjudicates liabilities concerning a matter adequately disclosed in the report, as to a person given notice of the report or accounting.

(10) If the court approves a report filed under this section, the order approving the report shall set the due date for the filing of the next report to be filed under this section. The court may set the review at annual, biennial, or triennial intervals with the report due date to be within ninety days of the anniversary date of appointment. When determining the report interval, the court can consider: The length of time the conservator has been serving the person under conservatorship; whether the conservator has timely filed all required reports with the court; whether the conservator is monitored by other state or local agencies; the income of the person subject to conservatorship; the value of the property of the person subject to conservatorship; the adequacy of the bond and other verified receipt; and whether there have been any allegations of abuse, neglect, or a breach of fiduciary duty against the conservator.

(11) If the court approves a report filed under this section, the order approving the report shall contain a conservatorship summary or accompanied by a conservatorship summary in the form or substantially in the same form as set forth in section 606 of this act.

(12) If the court approves a report filed under this section, the order approving the report shall direct the clerk of the court to reissue letters of office in the form or substantially in the same form as set forth in section 605 of this act to the conservator containing an expiration date which will be within one hundred twenty days after the date the court directs the conservator file its next report.

(13) An order, after notice and hearing, approving a final report filed under this section discharges the conservator from all liabilities, claims, and causes of action by a person given notice of the report and the hearing as to a matter adequately disclosed in the report.
(14) Any requirement to establish a monitoring program under this section is subject to appropriation.

NEW SECTION. Sec. 424. ATTEMPTED TRANSFER OF PROPERTY BY INDIVIDUAL SUBJECT TO CONSERVATORSHIP. (1) The interest of an individual subject to conservatorship in property included in the conservatorship estate is not transferable or assignable by the individual and is not subject to levy, garnishment, or similar process for claims against the individual unless allowed under section 428 of this act.

(2) If an individual subject to conservatorship enters into a contract after having the right to enter the contract removed by the court, the contract is void against the individual and the individual's property but is enforceable against the person that contracted with the individual.

(3) A person other than the conservator that deals with an individual subject to conservatorship with respect to property included in the conservatorship estate is entitled to protection provided by law of this state other than this chapter.

NEW SECTION. Sec. 425. TRANSACTION INVOLVING CONFLICT OF INTEREST. A transaction involving a conservatorship estate which is affected by a substantial conflict between the conservator's fiduciary duties and personal interests is voidable unless the transaction is authorized by court order after notice to persons entitled to notice under section 411(6) of this act or a subsequent order. A transaction affected by a substantial conflict includes a sale, encumbrance, or other transaction involving the conservatorship estate entered into by the conservator, an individual with whom the conservator resides, the spouse, domestic partner, descendant, sibling, agent, or attorney of the conservator, or a corporation or other enterprise in which the conservator has a substantial beneficial interest.

NEW SECTION. Sec. 426. PROTECTION OF PERSON DEALING WITH CONSERVATOR. (1) A person that assists or deals with a conservator in good faith and for value in any transaction, other than a transaction requiring a court order under section 414 of this act, is protected as though the conservator properly exercised any power in question. Knowledge by a person that the person is dealing with a conservator alone does not require the person to inquire into the existence of authority of the conservator or the propriety of the conservator's exercise of authority, but restrictions on authority stated in letters of office, or otherwise provided by law, are effective as to the person. A person that pays or delivers property to a conservator is not responsible for proper application of the property.

(2) Protection under subsection (1) of this section extends to a procedural irregularity or jurisdictional defect in the proceeding leading to the issuance of letters of office and does not substitute for protection for a person that assists or deals with a conservator provided by comparable provisions in law of this state other than this chapter relating to a commercial transaction or simplifying a transfer of securities by a fiduciary.

NEW SECTION. Sec. 427. DEATH OF INDIVIDUAL SUBJECT TO CONSERVATORSHIP. (1) If an individual subject to conservatorship dies, the conservator shall deliver to the court for safekeeping any will of the individual in the conservator's possession and inform the personal representative named in the will if feasible, or if not feasible, a beneficiary named in the will, of the delivery.

(2) If forty days after the death of an individual subject to conservatorship no personal representative has been appointed and no application or petition for appointment is before the court, the conservator may apply to exercise the powers and duties of a personal representative to administer and distribute the decedent's estate. The conservator shall give notice of his or her appointment and the pendency of any probate proceedings as provided in RCW 11.28.237 and shall also give notice to a person nominated as personal representative by a will of the decedent of which the conservator is aware. The court may grant the application if there is no objection and endorse the letters of office to note that the individual formerly subject to conservatorship is deceased and the conservator has acquired the powers and duties of a personal representative.

(3) On the death of an individual subject to conservatorship, the conservator shall conclude the administration of the conservatorship estate as provided in section 431 of this act.

NEW SECTION. Sec. 428. PRESENTATION AND ALLOWANCE OF CLAIM. (1) A conservator may pay, or secure by encumbering property included in the conservatorship estate, a claim against the conservatorship estate or the individual subject to conservatorship arising before or during the conservatorship, on presentation and allowance in accordance with the priorities under subsection (4) of this section. A claimant may present a claim by:

(a) Sending or delivering to the conservator a statement in a record of the claim, indicating its basis, the name and address of the claimant, and the amount claimed; or

(b) Filing the claim with the court, in a form acceptable to the court, and sending or delivering a copy of the claim to the conservator.

(2) A claim under subsection (1) of this section is presented on receipt by the conservator of the statement of the claim or the filing with the court of the claim, whichever first occurs. A presented claim is allowed if it is not disallowed in whole or in part by the conservator in a record sent or delivered to the claimant not later than sixty days after its presentation. Before payment, the conservator may change an allowance of the claim to a disallowance in whole or in part, but not after allowance under a court order or order directing payment of the claim. Presentation of a claim tolls until thirty days after disallowance of the claim the running
of a statute of limitations that has not expired relating to the claim.

(3) A claimant whose claim under subsection (1) of this section has not been paid may petition the court to determine the claim at any time before it is barred by a statute of limitations, and the court may order its allowance, payment, or security by encumbering property included in the conservatorship estate. If a proceeding is pending against the individual subject to conservatorship at the time of appointment of the conservator or is initiated thereafter, the moving party shall give the conservator notice of the proceeding if it could result in creating a claim against the conservatorship estate.

(4) If a conservatorship estate is likely to be exhausted before all existing claims are paid, the conservator shall distribute the estate in money or in kind in payment of claims in the following order:

(a) Costs and expenses of administration;
(b) A claim of the federal or state government having priority under law other than this chapter;
(c) A claim incurred by the conservator for support, care, education, health, or welfare previously provided to the individual subject to conservatorship or an individual who is in fact dependent on the individual subject to conservatorship;
(d) A claim arising before the conservatorship; and
(e) All other claims.

(5) Preference may not be given in the payment of a claim under subsection (4) of this section over another claim of the same class. A claim due and payable may not be preferred over a claim not due unless:

(a) Doing so would leave the conservatorship estate without sufficient funds to pay the basic living and health care expenses of the individual subject to conservatorship; and
(b) The court authorizes the preference under section 414(1)(h) of this act.

(6) If assets of a conservatorship estate are adequate to meet all existing claims, the court, acting in the best interest of the individual subject to conservatorship, may order the conservator to grant a security interest in the conservatorship estate for payment of a claim at a future date.

NEW SECTION. Sec. 429. PERSONAL LIABILITY OF CONSERVATOR. (1) Except as otherwise agreed by a conservator, the conservator is not personally liable on a contract properly entered into in a fiduciary capacity in the course of administration of the conservatorship estate unless the conservator fails to reveal the conservator's representative capacity in the contract or before entering into the contract.

(2) A conservator is personally liable for an obligation arising from control of property of the conservatorship estate or an act or omission occurring in the course of administration of the conservatorship estate only if the conservator is personally at fault.

(3) A claim based on a contract entered into by a conservator in a fiduciary capacity, an obligation arising from control of property included in the conservatorship estate, or a tort committed in the course of administration of the conservatorship estate may be asserted against the conservatorship estate in a proceeding against the conservator in a fiduciary capacity, whether or not the conservator is personally liable for the claim.

(4) A question of liability between a conservatorship estate and the conservator personally may be determined in a proceeding for accounting, surcharge, or indemnification or another appropriate proceeding or action.

NEW SECTION. Sec. 430. REMOVAL OF CONSERVATOR—APPOINTMENT OF SUCCESSOR. (1) The court may remove a conservator for failure to perform the conservator's duties or other good cause and appoint a successor conservator to assume the duties of the conservator.

(2) The court shall hold a hearing to determine whether to remove a conservator and appoint a successor on:

(a) Petition of the individual subject to conservatorship, conservator, or person interested in the welfare of the individual which contains allegations that, if true, would support a reasonable belief that removal of the conservator and appointment of a successor may be appropriate, but the court may decline to hold a hearing if a petition based on the same or substantially similar facts was filed during the preceding six months;
(b) Communication from the individual subject to conservatorship, conservator, or person interested in the welfare of the individual which supports a reasonable belief that removal of the conservator and appointment of a successor may be appropriate; or
(c) Determination by the court that a hearing would be in the best interest of the individual subject to conservatorship.

(3) Notice of a hearing under subsection (2)(a) of this section and notice of the individual's right to be represented at the hearing by counsel of the individual's choosing must be given to the individual subject to conservatorship, the conservator, and any other person the court determines.

(4) An individual subject to conservatorship who seeks to remove the conservator and have a successor appointed has the right to choose an attorney to represent the individual in this matter. The court shall award reasonable attorneys' fees to the attorney as provided in section 120 of this act.

(5) In selecting a successor conservator, the court shall follow the priorities under section 410 of this act.
NEW SECTION. Sec. 431. TERMINATION OR MODIFICATION OF CONSERVATORSHIP. (1) A conservatorship for a minor terminates on the earliest of:

(a) A court order terminating the conservatorship;
(b) The minor becoming an adult or, if the minor consents or the court finds by clear and convincing evidence that substantial harm to the minor's interests is otherwise likely, attaining twenty-one years of age;
(c) Emancipation of the minor; or
(d) Death of the minor.

(2) A conservatorship for an adult terminates on order of the court or when the adult dies.

(3) An individual subject to conservatorship, the conservator, or a person interested in the welfare of the individual may petition for:

(a) Termination of the conservatorship on the ground that a basis for appointment under section 401 of this act or a subsequent order.
(b) Modification of the conservatorship on the ground that the extent of protection or assistance granted is not appropriate or for other good cause.

(4) The court shall hold a hearing to determine whether termination or modification of a conservatorship is appropriate on:

(a) Petition under subsection (3) of this section that contains allegations that, if true, would support a reasonable belief that termination or modification of the conservatorship may be appropriate, but the court may decline to hold a hearing if a petition based on the same or substantially similar facts was filed within the preceding six months;
(b) A communication from the individual subject to conservatorship, conservator, or person interested in the welfare of the individual which supports a reasonable belief that termination or modification of the conservatorship may be appropriate, including because the functional needs of the individual or supports or services available to the individual have changed;
(c) A report from a guardian or conservator which indicates that termination or modification may be appropriate because the functional needs or supports or services available to the individual have changed or a protective arrangement instead of conservatorship or other less restrictive alternative is available; or
(d) A determination by the court that a hearing would be in the best interest of the individual.

(5) Notice of a petition under subsection (3) of this section must be given to the individual subject to conservatorship, the conservator, and any such other person the court determines.

(6) On presentation of prima facie evidence for termination of a conservatorship, the court shall order termination unless it is proven that a basis for appointment of a conservator under section 401 of this act exists.

(7) The court shall modify the powers granted to a conservator if the powers are excessive or inadequate due to a change in the abilities or limitations of the individual subject to conservatorship, the individual's supports, or other circumstances.

(8) Unless the court otherwise orders for good cause, before terminating a conservatorship, the court shall follow the same procedures to safeguard the rights of the individual subject to conservatorship which apply to a petition for conservatorship.

(9) An individual subject to conservatorship who seeks to terminate or modify the terms of the conservatorship has the right to choose an attorney to represent the individual in this matter. The court shall award reasonable attorneys' fees to the attorney as provided in section 120 of this act.

(10) On termination of a conservatorship other than by reason of the death of the individual subject to conservatorship, property of the conservatorship estate passes to the individual. The order of termination must direct the conservator to file a final report and petition for discharge on approval by the court of the final report.

(11) On termination of a conservatorship by reason of the death of the individual subject to conservatorship, the conservator shall file a final report and petition for discharge on approval by the court of the final report within ninety days of death of the person subject to conservatorship. On approval of the final report, the conservator shall proceed expeditiously to distribute the conservatorship estate to the individual's estate or as otherwise ordered by the court. The conservator may take reasonable measures necessary to preserve the conservatorship estate until distribution can be made.

(12) The court shall issue a final order of discharge on the approval by the court of the final report and satisfaction by the conservator of any other condition the court imposed on the conservator's discharge.

NEW SECTION. Sec. 432. TRANSFER FOR BENEFIT OF MINOR WITHOUT APPOINTMENT OF CONSERVATOR. (1) Unless a person required to transfer funds or other property to a minor knows that a conservator for the minor has been appointed or a proceeding is pending for conservatorship, the person may transfer an amount or value not exceeding fifteen thousand dollars in a twelve-month period to:

(a) A person that has care or custody of the minor and with whom the minor resides;
(b) A guardian for the minor;
(c) A custodian under the uniform transfers to minors act (chapter 11.114 RCW); or

(d) A financial institution as a deposit in an interest-bearing account or certificate solely in the name of the minor and shall give notice to the minor of the deposit.

(2) A person that transfers funds or other property under this section is not responsible for its proper application.

(3) A person that receives funds or other property for a minor under subsection (1)(a) or (b) of this section may apply it only to the support, care, education, health, or welfare of the minor, and may not derive a personal financial benefit from it, except for reimbursement for necessary expenses. Funds not applied for these purposes must be preserved for the future support, care, education, health, or welfare of the minor, and the balance, if any, transferred to the minor when the minor becomes an adult or otherwise is emancipated.

ARTICLE 5
OTHER PROTECTIVE ARRANGEMENTS

NEW SECTION. Sec. 501. AUTHORITY FOR PROTECTIVE ARRANGEMENT. (1) Under this article, a court:

(a) On receiving a petition for a guardianship for an adult may order a protective arrangement instead of guardianship as a less restrictive alternative to guardianship; and

(b) On receiving a petition for a conservatorship for an individual may order a protective arrangement instead of conservatorship as a less restrictive alternative to conservatorship.

(2) A person interested in an adult's welfare, including the adult or a conservator for the adult, may petition under this article for a protective arrangement instead of guardianship.

(3) The following persons may petition under this article for a protective arrangement instead of conservatorship:

(a) The individual for whom the protective arrangement is sought;

(b) A person interested in the property, financial affairs, or welfare of the individual, including a person that would be affected adversely by lack of effective management of property or financial affairs of the individual; and

(c) The guardian for the individual.

NEW SECTION. Sec. 502. BASIS FOR PROTECTIVE ARRANGEMENT INSTEAD OF GUARDIANSHIP FOR ADULT. (1) After the hearing on a petition under section 302 of this act for a guardianship or under section 501(2) of this act for a protective arrangement instead of guardianship, the court may issue an order under subsection (2) of this section for a protective arrangement instead of guardianship if the court finds by clear and convincing evidence that:

(a) The respondent lacks the ability to meet essential requirements for physical health, safety, or self-care because the respondent is unable to receive and evaluate information or make or communicate decisions, even with appropriate supportive services, technological assistance, or supported decision making; and

(b) The respondent's identified needs cannot be met by a less restrictive alternative.

(2) If the court makes the findings under subsection (1) of this section, the court, instead of appointing a guardian, may:

(a) Authorize or direct a transaction necessary to meet the respondent's need for health, safety, or care, including:

(i) A particular medical treatment or refusal of a particular medical treatment;

(ii) A move to a specified place of dwelling; or

(iii) Visitation or supervised visitation between the respondent and another person;

(b) Restrict access to the respondent by a specified person whose access places the respondent at serious risk of physical, psychological, or financial harm; and

(c) Reorder other arrangements on a limited basis that are appropriate.

(3) In deciding whether to issue an order under this section, the court shall consider the factors under sections 314 and 315 of this act that a guardian must consider when making a decision on behalf of an adult subject to guardianship.

NEW SECTION. Sec. 503. BASIS FOR PROTECTIVE ARRANGEMENT INSTEAD OF CONSERVATORSHIP FOR ADULT OR MINOR. (1) After the hearing on a petition under section 402 of this act for conservatorship for an adult or under section 501(3) of this act for a protective arrangement instead of a conservatorship for an adult, the court may issue an order under subsection (3) of this section for a protective arrangement instead of conservatorship for the adult if the court finds by clear and convincing evidence that:

(a) The adult is unable to manage property or financial affairs because:

(i) Of a limitation in the ability to receive and evaluate information or make or communicate decisions, even with appropriate supportive services, technological assistance, or supported decision making; or

(ii) The adult is missing, detained, or unable to return to the United States;
(b) An order under subsection (3) of this section is necessary to:

(i) Avoid harm to the adult or significant dissipation of the property of the adult; or

(ii) Obtain or provide funds or other property needed for the support, care, education, health, or welfare of the adult or an individual entitled to the adult's support; and

(c) The respondent's identified needs cannot be met by a less restrictive alternative.

(2) After the hearing on a petition under section 402 of this act for conservatorship for a minor or under section 501(3) of this act for a protective arrangement instead of conservatorship for a minor, the court may issue an order under subsection (3) of this section for a protective arrangement instead of conservatorship for the respondent if the court finds by a preponderance of the evidence that the arrangement is in the minor's best interest, and:

(a) If the minor has a parent, the court gives weight to any recommendation of the parent whether an arrangement is in the minor's best interest;

(b) Either:

(i) The minor owns money or property requiring management or protection that otherwise cannot be provided;

(ii) The minor has or may have financial affairs that may be put at unreasonable risk or hindered because of the minor's age; or

(iii) The arrangement is necessary or desirable to obtain or provide funds or other property needed for the support, care, education, health, or welfare of the minor; and

(iv) The order under subsection (3) of this section is necessary or desirable to obtain or provide money needed for the support, care, education, health, or welfare of the minor.

(3) If the court makes the findings under subsection (1) or (2) of this section, the court, instead of appointing a conservator, may:

(a) Authorize or direct a transaction necessary to protect the financial interest or property of the respondent, including:

(i) An action to establish eligibility for benefits;

(ii) Payment, delivery, deposit, or retention of funds or property;

(iii) Sale, mortgage, lease, or other transfer of property;

(iv) Purchase of an annuity;

(v) Entry into a contractual relationship, including a contract to provide for personal care, supportive services, education, training, or employment;

(vi) Addition to or establishment of a trust;

(vii) Ratification or invalidation of a contract, trust, will, or other transaction, including a transaction related to the property or business affairs of the respondent; or

(viii) Settlement of a claim; or

(b) Restrict access to the respondent's property by a specified person whose access to the property places the respondent at serious risk of financial harm.

(4) After the hearing on a petition under section 501(1)(b) or (3) of this act, whether or not the court makes the findings under subsection (1) or (2) of this section, the court may issue an order to restrict access to the respondent or the respondent's property by a specified person that the court finds by clear and convincing evidence:

(a) Through fraud, coercion, duress, or the use of deception and control caused or attempted to cause an action that would have resulted in financial harm to the respondent or the respondent's property; and

(b) Poses a serious risk of substantial financial harm to the respondent or the respondent's property.

(5) Before issuing an order under subsection (3) or (4) of this section, the court shall consider the factors under section 418 of this act a conservator must consider when making a decision on behalf of an individual subject to conservatorship.

(6) Before issuing an order under subsection (3) or (4) of this section for a respondent who is a minor, the court also shall consider the best interest of the minor, the preference of the parents of the minor, and the preference of the minor, if the minor is twelve years of age or older.

NEW SECTION. Sec. 504. PETITION FOR PROTECTIVE ARRANGEMENT. (1) All petitions filed under section 504 of this act for appointment of a guardian for an adult shall be heard within sixty days unless an extension of time is requested by a party or the visitor within such sixty-day period and granted for good cause shown.

(2) A copy of a petition under section 501 of this act and notice of a hearing on the petition must be served personally on the respondent and the visitor appointed under section 506 of this act not more than five court days after the petition under section 504 of this act has been filed. The notice must inform the respondent of the respondent's rights at the hearing, including the right to an attorney and to attend the hearing. The notice must include a description of the nature, purpose, and consequences of granting the petition. The court may not grant the petition if notice substantially complying with this subsection is not served on the respondent.

(3) In a proceeding on a petition under section 501 of this act, the notice required under subsection (2) of this section must be given to the persons required to be listed in the petition under section 504 (1) through (3) of this act and any other person interested in the respondent's welfare the court determines. Failure to give notice under this subsection does not preclude the court from granting the petition.

(4) After the court has ordered a protective arrangement under this article, notice of a hearing on a petition filed under this chapter, together with a copy of the petition, must be given to the respondent and any other person the court determines.

NEW SECTION. Sec. 506. APPOINTMENT AND ROLE OF VISITOR. (1) On filing of a petition under section 501 of this act for a protective arrangement instead of guardianship, the court shall appoint a visitor. The visitor

The visitor must be an individual with training or experience in the types of abilities, limitations, and needs alleged in the petition.

(4) The court, in the order appointing visitor, shall specify the hourly rate the visitor may charge for his or her services, and shall specify the maximum amount the visitor may charge without additional court review and approval.

(5)(a) The visitor appointed under subsection (1) or (3) of this section shall within five days of receipt of notice of appointment file with the court and serve, either personally or by certified mail with return receipt, the respondent or his or her legal counsel, the petitioner or his or her legal counsel, and any interested party entitled to notice under section 116 of this act with a statement including: His or her training relating to the duties as a visitor; his or her hourly rate, if compensated; whether the guardian ad litem has had any contact with a party to the proceeding prior to his or her appointment; and whether he or she has an apparent conflict of interest. Within three days of the later of the actual service or filing of the visitor's statement, any party may set a hearing and file a motion for an order to show cause why the visitor should not be removed for one of the following three reasons:

(i) Lack of expertise necessary for the proceeding;
(ii) An hourly rate higher than what is reasonable for the particular proceeding; or
(iii) A conflict of interest.

(b) Notice of the hearing shall be provided to the visitor and all parties. If, after a hearing, the court enters an order replacing the visitor, findings shall be included, expressly stating the reasons for the removal. If the visitor is not removed, the court has the authority to assess to the moving party attorneys' fees and costs related to the motion. The court shall assess attorneys' fees and costs for frivolous motions.

(6) A visitor appointed under subsection (1) or (3) of this section shall interview the respondent in person and in a manner the respondent is best able to understand:

(c) Inform the respondent that all costs and expenses of the proceeding, including respondent's attorneys' fees, may be paid from the respondent's assets;

(d) If the petitioner seeks an order related to the dwelling of the respondent, visit the respondent's present dwelling and any dwelling in which it is reasonably believed the respondent will live if the order is granted;

(e) If a protective arrangement instead of guardianship is sought, obtain information from any physician or other person known to have treated, advised, or assessed the respondent's relevant physical or mental condition;

(f) If a protective arrangement instead of conservatorship is sought, review financial records of the respondent, if relevant to the visitor's recommendation under subsection (7)(b) of this section; and

(g) Investigate the allegations in the petition and any other matter relating to the petition the court directs.

(7) A visitor under this section promptly shall file a report in a record with the court, which must include:

(c)(i) The court must appoint an attorney to represent the respondent at public expense when either:

(A) The respondent is represented by an attorney; or

(B) The expense of an attorney would result in substantial hardship to the respondent; or

(C) The respondent does not have practical access to funds with which to pay an attorney. If the respondent can afford an attorney but lacks practical access to funds, the court must provide an attorney and may impose a reimbursement requirement as part of a final order.

(ii) When, in the opinion of the court, the rights and interests of the respondent cannot otherwise be adequately protected and represented, the court on its own motion must appoint an attorney at any time to represent the respondent.

(iii) An attorney must be provided under this subsection (1)(c) as soon as practicable after a petition is filed and long enough before any final hearing to allow adequate time for consultation and preparation. Absent a convincing showing in the record to the contrary, a period of less than three weeks is presumed by a reviewing court to be inadequate time for consultation and preparation.

(2) An attorney representing the respondent in a proceeding under this article shall:

(a) Make reasonable efforts to ascertain the respondent's wishes;

(b) Advocate for the respondent's wishes to the extent reasonably ascertainable; and

(c) If the respondent's wishes are not reasonably ascertainable, advocate for the result that is the least restrictive alternative in type, duration, and scope, consistent with the respondent's interests.

(a) The parent objects to the entry of an order for a protective arrangement instead of guardianship or conservatorship;

(c) The court otherwise determines the parent needs representation.

NEW SECTION. Sec. 508. PROFESSIONAL EVALUATION. (1) At or before a hearing on a petition under this article for a protective arrangement, the court shall order a professional evaluation of the respondent:

(a) If the respondent requests the evaluation; or

(b) In other cases, unless the court finds that it has sufficient information to determine the respondent's needs and abilities without the evaluation.

(2) If the court orders an evaluation under subsection (1) of this section, the respondent must be examined by a licensed physician, psychologist, social worker, or other individual appointed by the court who is qualified to evaluate the respondent's alleged cognitive and functional abilities and limitations and will not be advantaged or disadvantaged by a decision to grant the petition or otherwise have a conflict of interest. The individual conducting the evaluation promptly shall file a report in a record with the court. Unless otherwise directed by the court, the report must contain:

(a) A description of the nature, type, and extent of the respondent's cognitive and functional abilities and limitations;

(b) An evaluation of the respondent's mental and physical condition and, if appropriate, educational potential, adaptive behavior, and social skills;

(c) A prognosis for improvement, including with regard to the ability to manage the respondent's property and financial affairs if a limitation in that ability is alleged, and recommendation for the appropriate treatment, support, or habilitation plan; and

(d) The date of the examination on which the report is based.

(3) The respondent may decline to participate in an evaluation ordered under subsection (1) of this section.
(c) The respondent is a minor who has received proper notice and attendance would be harmful to the minor.

(3) The respondent may be assisted in a hearing under this article by a person or persons of the respondent's choosing, assistive technology, or an interpreter or translator, or a combination of these supports. If assistance would facilitate the respondent's participation in the hearing, but is not otherwise available to the respondent, the court shall make reasonable efforts to provide it.

(4) The respondent has a right to choose an attorney to represent the respondent at a hearing under this article.

(5) At a hearing under this article, the respondent may:

(a) Present evidence and subpoena witnesses and documents;

(b) Examine witnesses, including any court-appointed evaluator and the visitor; and

(c) Otherwise participate in the hearing.

(6) A hearing under this article must be closed on request of the respondent and a showing of good cause.

(7) Any person may request to participate in a hearing under this article. The court may grant the request, with or without a hearing, on determining that the best interests of the respondent will be served. The court may impose appropriate conditions on the person's participation.

NEW SECTION. Sec. 510. NOTICE OF ORDER.
The court shall give notice of an order under this article to the individual who is subject to the protective arrangement instead of guardianship or conservatorship, a person whose access to the individual is restricted by the order, and any other person the court determines.

NEW SECTION. Sec. 511. CONFIDENTIALITY OF RECORDS. (1) The existence of a proceeding for or the existence of a protective arrangement instead of guardianship or conservatorship is a matter of public record unless the court seals the record after:

(a) The respondent, the individual subject to the protective arrangement, or the parent of a minor subject to the protective arrangement requests the record be sealed; and

(b) Either:

(i) The proceeding is dismissed;

(ii) The protective arrangement is no longer in effect; or

(iii) An act authorized by the order granting the protective arrangement has been completed.

(2) A respondent, an individual subject to a protective arrangement instead of guardianship or conservatorship, an attorney designated by the respondent or individual, a parent of a minor subject to a protective arrangement, and any other person the court determines are entitled to access court records of the proceeding and resulting protective arrangement. A person not otherwise entitled access to court records under this subsection for good cause may petition the court for access. The court shall grant access if access is in the best interest of the respondent or individual subject to the protective arrangement or furthers the public interest and does not endanger the welfare or financial interests of the respondent or individual.

(3) A report of a visitor or professional evaluation generated in the course of a proceeding under this article must be sealed on filing but is available to:

(a) The court;

(b) The individual who is the subject of the report or evaluation, without limitation as to use;

NEW SECTION. Sec. 512. APPOINTMENT OF SPECIAL AGENT. The court may appoint a special agent, to assist in implementing a protective arrangement under this article. The special agent has the authority conferred by the order of appointment and serves until discharged by court order.

The court may also order a protective arrangement instead of conservatorship that restricts access to an individual or an individual's property by a person that the court finds: (1) Through fraud, coercion, duress, or the use of deception and control, caused, or attempted to cause, an action that would have resulted in financial harm to the individual or the individual's property; and (2) poses a serious risk of substantial financial harm to the individual or the individual's property.

Notification of Rights

You are getting this notice because a guardian, conservator, or both have been appointed for you. It tells you about some important rights you have. It does not tell you about all your rights. General rights:

You have the right to exercise any right the court has not given to your guardian or conservator.

You also have the right to ask the court to:

End your guardianship, conservatorship, or both;

Increase or decrease the powers granted to your guardian, conservator, or both;

Make other changes that affect what your guardian or conservator can do or how they do it; and

Replace the person that was appointed with someone else.

You also have a right to hire an attorney to help you do any of these things.

Additional rights for persons for whom a guardian has been appointed:

As an adult subject to guardianship, you have a right to:

(1) Be involved in decisions affecting you, including decisions about your care, where you live, your activities, and your social interactions, to the extent reasonably feasible;

(2) Be involved in decisions about your health care to the extent reasonably feasible, and to have other people help you understand the risks and benefits of health care options;

(3) Be notified at least fourteen days in advance of a change in where you live or a permanent move to a nursing home, mental health facility, or other facility that places restrictions on your ability to leave or have visitors, unless the guardian has proposed this change in the guardian's plan or the court has expressly authorized it;

(4) Ask the court to prevent your guardian from changing where you live or selling or surrendering your primary dwelling by following the appropriate process for objecting to such a move in compliance with section 314(5) of this act;

(5) Vote and get married unless the court order appointing your guardian states that you cannot do so;

(6) Receive a copy of your guardian's report and your guardian's plan; and

(7) Communicate, visit, or interact with other people (this includes the right to have visitors, to make and receive telephone calls, personal mail, or electronic communications) unless:

(1) The certified professional guardianship board must resolve grievances against professional guardians and/or conservators within a reasonable time for alleged violations of the certified professional guardianship board’s standards of practice.

(a) All grievances must initially be reviewed within thirty days by certified professional guardianship board members, or a subset thereof, to determine if the grievance is complete, states facts that allege a violation of the standards of practice, and relates to the conduct of a professional guardian and/or conservator, before any investigation or response is requested from the professional guardian or the superior court. (b) Move for the court to resolve the grievance instead of being resolved by the certified professional guardianship board.

The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. By December 15, 2019, the authority in collaboration with each accountable community of health shall demonstrate how it will be self-sustaining by the end of the demonstration waiver period, including sources of outside funding, and provide this reporting to the joint select committee on health care oversight. If by the third year of the demonstration waiver there are not measurable, improved patient outcomes and financial returns, the Washington state institute for public policy will conduct an audit of the accountable communities of health, in addition to the process set in place through the independent evaluation required by the agreement with centers for medicare and medicaid services. The director shall also report to the fiscal committees of the legislature all of the expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees. Beginning May 1, 2019, the authority shall freeze participation in initiatives 3a and 3b at the current level of enrollment. No new participants may be added without further federal approval.

(7) Sufficient amounts are appropriated in this subsection to implement the medicaid expansion as defined in the social security act, section 1902(a)(10)(A)(i)(VIII).

(8) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(9) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(10) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(11) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(12) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the health care authority shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(13) $4,261,000 of the general fund—state appropriation for fiscal year 2020, $4,261,000 of the general fund—state appropriation for fiscal year 2021, and $8,522,000 of the general fund—federal appropriation are provided solely for low-income disproportionate share hospital payments.

(15) $6,000,000 of the general fund—federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2020 and fiscal year 2021, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable
hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2019-2021 biennial operating appropriations act and in effect on July 1, 2015, (b) one-half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2019-2021 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. The appropriations in this section are subject to the following conditions and limitations:

(1) For the purposes of this section, "behavioral health entities" means managed care organizations and administrative services organizations in regions where the authority is purchasing medical and behavioral health services through fully integrated contracts pursuant to RCW 71.24.380 and behavioral health organizations in regions that have not yet transitioned to fully integrated managed care.

The authority may allow behavioral health entities which have nonmedicaid reimbursable costs that are higher than the nonmedicaid allocation they receive under this section to supplement these funds with local dollars or funds received under subsection (4) of this section. The authority and behavioral health entities shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

The authority must include the following language in medicaid contracts with behavioral health entities unless they are provided formal notification from the center for medicaid and medicare services that the language will result in the loss of federal medicaid participation: "The contractor may voluntarily provide services that are in addition to those covered under the state plan, although the cost of these services cannot be included when determining payment rates unless including these costs are specifically allowed under federal law or an approved waiver."

(5) The authority is authorized to continue to contract directly, rather than through contracts with behavioral health entities for children's long-term inpatient facility services.

Additionally, behavioral health entities may use a portion of the state funds allocated in accordance with subsection (4) of this section to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

The authority must monitor and ensure that behavioral health entity reserves do not exceed maximum levels. The authority must monitor behavioral health entity revenue and expenditure reports and must require a behavioral health entity to submit a corrective action plan on how it will spend its excess reserves within a reasonable period of time, when its reported reserves exceed maximum levels established under the contract. The authority must review and approve
such plans and monitor to ensure compliance. If the authority

settings for the purpose of providing care in lieu of beds at
the state hospitals and be incorporated in their allocation of
state hospital patient days of care for the purposes of
calculating reimbursements pursuant to RCW 71.24.310. It

For the military department enhanced 911 next generation project, the amount retained is increased to at least twenty percent of total funding allocated for any stage of that project.

(4)(a) Each project must have a technology budget. The technology budget must use a method similar to the state capital budget, identifying project costs, each fund source, and anticipated deliverables through each stage of the entire project investment and across fiscal periods and biennia from project onset through implementation and close out.

(b) As part of the development of a technology budget and at each request for funding, the agency shall submit detailed financial information to the office of financial management and the office of the state chief information officer. (iii) An implementation schedule covering activities, critical milestones, and deliverables at each stage of the project for the life of the project at each agency affected by the project;
(iv) Performance measures used to determine that the project is on time, within budget, and meeting expectations for quality of work product;
(v) Ongoing maintenance and operations cost of the project post implementation and close out delineated by

agency staffing, contracted staffing, and service level agreements; and

(vi) Financial budget coding to include at least discreet program index and subobject codes.

(6) Projects with estimated costs greater than one hundred million dollars from initiation to completion and implementation may be divided into discrete subprojects as determined by the office of the state chief information officer. Each subproject must have a technology budget and investment plan as provided in this section.

(7)(a) The office of the state chief information officer shall maintain an information technology project dashboard that provides updated information each fiscal month on projects subject to this section. This includes:

(i) Project changes each fiscal month;
(ii) Noting if the project has a completed market requirements document;

(iv) Coordination with agencies.

(b) The dashboard must retain a roll up of the entire project cost, including all subprojects, that can be displayed the subproject detail.

(8) If the project affects more than one agency:

(a) A separate technology budget and investment plan must be prepared for each agency; and
(b) The dashboard must contain a statewide project technology budget roll up that includes each affected agency at the subproject level.

(a) Quality assurance for the project must report independently the office of the chief information officer;
(b) The office of the chief information officer must review, and, if necessary, revise the proposed project to ensure it is flexible and adaptable to advances in technology;
(c) The technology budget must specifically identify the uses of any financing proceeds. No more than thirty percent of the financing proceeds may be used for payroll-related costs for state employees assigned to project management, installation, testing, or training;
(d) The agency must consult with the office of the state treasurer during the competitive procurement process to evaluate early in the process whether products and services to be solicited and the responsive bids from a solicitation may be financed; and
(e) The agency must consult with the contracting division of the department of enterprise services for a review of all contracts and agreements related to the project's information technology procurements.
(10) The office of the state chief information officer must evaluate the project at each stage and certify whether the project is planned, managed, and meeting deliverable targets as defined in the project's approved technology budget and investment plan.

(11) The office of the state chief information officer may suspend or terminate a project at any time if it determines that the project is not meeting or not expected to meet anticipated performance and technology outcomes. Once suspension or termination occurs, the agency shall unallot any unused funding and shall not make any expenditure for the project without the approval of the office of financial management.

(12) The office of the state chief information officer, in consultation with the office of financial management, may identify additional projects to be subject to this section, including projects that are not separately identified within an agency budget.

(13) Any cost to administer or implement this section for projects listed in subsection (1) of this section, must be paid from the information technology investment revolving account. The sum so credited to the University of Washington bond retirement fund shall be used for the payment of principal of and interest on bonds outstanding as provided by chapter 28B.20 RCW except for any sums transferred as authorized in RCW 28B.20.725(5). (During the 2015-2017 biennium, sums credited to the University of Washington building account shall also be used for routine facility maintenance, utility costs, and facility condition assessments.) The amounts so certified by each regional university and The Evergreen State College shall be a prior lien and charge against all building fees and above described normal school fund revenues of such institution. The state treasurer shall thereupon deposit the amounts so certified in the Eastern Washington University capital projects account, the Central Washington University capital projects account, the Western Washington University capital projects account, or The Evergreen State College capital projects account respectively, which accounts are hereby created in the state treasury. The amounts deposited in the respective capital projects accounts shall be used to pay and secure the payment of the principal of and interest on the building bonds issued by such regional universities and The Evergreen State College as authorized by law. If in any twelve-month period it shall appear that the amount certified by any such board of trustees is insufficient to pay and secure the payment of the principal of and interest on the outstanding building and above described normal school fund revenue bonds of its institution, the state treasurer shall notify the board of trustees and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal of and interest on such bonds then outstanding shall be fully met at all times.

(2) All normal school fund revenue pursuant to RCW 28B.35.751 shall be deposited in the Eastern Washington University capital projects account, the Central Washington University capital projects account, the Western Washington University capital projects account, or The Evergreen State College capital projects account respectively, which accounts are hereby created in the state treasury. Sec. 959. RCW 28B.50.515 and 2011 c 274 s 3 are each amended to read as follows:

(1) The community and technical college innovation account is created in the custody of the state treasurer. All receipts from operating fees in RCW 28B.15.031(2) must be deposited into the account. Expenditures from the account may be used only as provided in subsection (2) of this section. During the 2019-2021 fiscal biennium, moneys in the community and technical college innovation account may be used for compensation for community and technical college employees. Only the director of the college board or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2) Funds in the community and technical college innovation account may be used solely to:

(a) Pay and secure the payment of the principal of and interest on financing contracts, such as certificates of participation issued for the innovation account under chapter 39.94 RCW and authorized by the legislature; and

(b) Implement the college board’s strategic technology plan to improve student achievement, student services, and increase systemwide administrative efficiencies. The college board must approve projects under the strategic technology plan to improve student achievement, student services, and increase systemwide administrative efficiencies before the director authorizes expenditures to be made. For large enterprise resource planning projects, the college board shall develop a technical and operational business plan and submit it to the legislature for approval before the project can be implemented.

(3) Consistent with the implementation of the strategic technology plan, the college board and the community and technical colleges shall engage in substantial business process reengineering and adopt systemwide approaches to admissions, financial aid, student identification numbers, student transcripts, and other systemwide processes.

(4) If the community and technical college system pursues an enterprise resource planning solution, (they) it
shall consider adoption of existing solutions already deployed at institutions of higher education in the state; short and long-term total costs of ownership; opportunities for partnerships, collaboration, coordination and consolidation with other entities in higher education; technical flexibility; and other requirements that support costs efficiencies. If the college board adopts a plan for an enterprise solution that is not coordinated with other institutions of higher education, authorization of expenditure of funds by the legislature must be approved by the office of financial management.

(5) The legislature encourages the college board to reduce future deposits of operating fees into the community and technical college innovation account to the extent possible.

The state treasurer shall thereupon deposit the amounts so certified in the community and technical college capital projects account. Such amounts of the funds deposited in the community and technical college capital projects account as are necessary to pay and secure the payment of the principal of and interest on the building bonds issued by the college board as authorized by this chapter shall be devoted to that purpose. If in any twelve-month period it shall appear that the amount certified by the college board is insufficient to pay and secure the payment of the principal of and interest on the outstanding building bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

(2) The community and technical college capital projects account is hereby created in the state treasury. The sums deposited in the capital projects account shall be appropriated and expended to pay and secure the payment of the principal of and interest on bonds payable out of the building fees and for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets owned by the state board for community and technical colleges in the name of the state of Washington, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto, engineering and architectural services provided by the department of enterprise services, and for the payment of principal of and interest on any bonds issued for such purposes. ((However, during the 2013-2017 biennium, sums in the capital projects account shall also be used for routine facility maintenance and utility costs.)) However, during the 2017-2019 ((biennium)) and 2019-

2021 biennia, sums in the capital projects account shall also be used for routine facility maintenance and utility costs.

The state educational trust fund is hereby established in the state treasury. The primary purpose of the trust is to pledge statewide available college student assistance to needy or disadvantaged students, especially middle and high school youth, considered at-risk of dropping out of secondary education who participate in approved early awareness and outreach programs and who enter any accredited Washington institution of postsecondary education within two years of high school graduation.

The office shall deposit refunds and recoveries of student financial aid funds expended in prior fiscal periods in such account. The office may also deposit moneys that have been contributed from other state, federal, or private sources.

Expenditures from the fund shall be for financial aid to needy or disadvantaged students. The office may annually expend such sums from the fund as may be necessary to fulfill the purposes of this section, including not more than three percent for the costs to administer aid programs supported by the fund. All earnings of investments of balances in the state educational trust fund shall be credited to the trust fund. Expenditures from the fund shall not be subject to appropriation but are subject to allotment procedures under chapter 43.88 RCW. During the 2019-2021 fiscal biennium, moneys in the state educational trust fund may be used for state need grants under this chapter.

(1) After June 1, 1992, the department, in consultation with the office and the department of social and health services, shall:

(a) Determine eligible credentialed health care professions for the purposes of the loan repayment and scholarship program authorized by this chapter. Eligibility shall be based upon an assessment that determines that there is a shortage or insufficient availability of a credentialed profession so as to jeopardize patient care and pose a threat to the public health and safety. The department shall consider the relative degree of shortages among professions when determining eligibility. The department may add or remove professions from eligibility based upon the determination that a profession is no longer in shortage. Should a profession no longer be eligible, participants or eligible students who have received scholarships shall be eligible to continue to receive scholarships or loan repayments until they are no longer eligible or until their service obligation has been completed;

(b) Determine health professional shortage areas for each of the eligible credentialed health care professions.
For the 2017-2019 and 2019-2021 fiscal biennia, consideration for eligibility shall also be given to registered nursing students who have been accepted into an eligible nursing education program and have declared an intention to teach nursing upon completion of the nursing education program.

It is the intent of the legislature to continue the policy of not granting the Washington award for vocational excellence in the 2019-20 and 2020-21 school years. The workforce training and education coordinating board shall notify the students receiving the award, their vocational instructors, local chambers of commerce, the legislators of their respective districts, and the governor, after final selections have been made. The disaster response account is created in the state treasury. Moneys may be placed in the account from legislative appropriations and transfers, federal appropriations, or any other lawful source. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for support of state agency and local government disaster response and recovery efforts and to reimburse the workers' compensation funds and self-insured employers under RCW 51.16.220. During the 2009-2011 fiscal biennium, the legislature may transfer from the disaster response account to the state drought preparedness account such amounts as reflect the excess fund balance of the account to support expenditures related to a state drought declaration. During the 2009-2011 fiscal biennium, the legislature may transfer from the disaster response account to the state general fund such amounts as reflect the excess fund balance of the account. During the 2015-2017 and 2017-2019 fiscal biennia, expenditures from the disaster response account may be used for military department operations and to support wildland fire suppression preparedness, prevention, and restoration activities by state agencies and local governments. During the 2017-2019 and 2019-2021 fiscal ((biennium)) biennia, the legislature may direct the treasurer to make transfers of moneys in the disaster response account to the state general fund. It is the intent of the legislature that this policy will be continued into the 2021-2023 fiscal biennium.

Sec. 965. RCW 41.26.450 and 2017 3rd sp.s. c 1 s 963 are each amended to read as follows:

(2) Institutions of higher education shall contribute both the employer and the state shares of the cost of the retirement system for any of their employees who are firefighters.

(3) During fiscal years 2018 and 2019 and during the 2019-2021 fiscal biennium:

When an employer charges a fee or recovers costs for work performed by a plan member where:

(a) The member receives compensation that is includable as basic salary under RCW 41.26.030(4)(b); and

(b) The service is provided, whether directly or indirectly, to an entity that is not an "employer" under RCW 41.26.030(14)(b);

the employer shall contribute both the employer and state shares of the cost of the retirement system contributions for that compensation. Nothing in this subsection prevents an employer from recovering the cost of the contribution from the entity receiving services from the member.

Sec. 966. RCW 41.60.050 and 2017 3rd sp.s. c 1 s 965 are each amended to read as follows:

The legislature shall appropriate from the personnel service fund for the payment of administrative costs of the productivity board. However, during the 2015-2017 ((and)) 2017-2019, and 2019-2021 fiscal biennia, the operations of the productivity board shall be suspended.

Sec. 967. RCW 41.80.010 and 2017 3rd sp.s. c 23 s 3 are each amended to read as follows:

(1) For the purpose of negotiating collective bargaining agreements under this chapter, the employer shall be represented by the governor or governor's designee, except as provided for institutions of higher education in subsection (4) of this section.

(2) If an exclusive bargaining representative represents more than one bargaining unit, the exclusive bargaining representative shall negotiate with each employer representative as designated in subsection (1) of this section one master collective bargaining agreement on behalf of all the employees in bargaining units that the exclusive bargaining representative represents. For those exclusive bargaining representatives who represent fewer than a total of five hundred employees each, negotiation shall be by a coalition of all those exclusive bargaining representatives. The coalition shall bargain for a master collective bargaining agreement covering all of the employees represented by the coalition. The governor's designee and the exclusive bargaining representative or representatives are authorized to enter into supplemental bargaining of agency-specific issues for inclusion in or as an addendum to the master collective bargaining agreement, subject to the parties' agreement regarding the issues and procedures for supplemental bargaining. This section does not prohibit cooperation and coordination of bargaining between two or more exclusive bargaining representatives.
(b) This subsection (2) does not apply to exclusive bargaining representatives who represent employees of institutions of higher education, except when the institution of higher education has elected to exercise its option under subsection (4) of this section to have its negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section.

(c) If five hundred or more employees of an independent state elected official listed in RCW 43.01.010 are organized in a bargaining unit or bargaining units under RCW 41.80.070, the official shall be consulted by the governor or the governor's designee before any agreement is reached under (a) of this subsection concerning supplemental bargaining of agency specific issues affecting the employees in such bargaining unit.

(3) The governor shall submit a request for funds necessary to implement the compensation and fringe benefit provisions in the master collective bargaining agreement or for legislation necessary to implement the agreement. Requests for funds necessary to implement the provisions of bargaining agreements shall not be submitted to the legislature by the governor unless such requests:

(a) Have been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the requests are to be considered; and

(b) Have been certified by the director of the office of financial management as being feasible financially for the state.

The legislature shall approve or reject the submission of the request for funds as a whole. The legislature shall not consider a request for funds to implement a collective bargaining agreement unless the request is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 41.80.090.

(4)(a)(i) For the purpose of negotiating agreements for institutions of higher education, the employer shall be the respective governing board of each of the universities, colleges, or community colleges or a designee chosen by the board to negotiate on its behalf.

(ii) A governing board of a university or college may elect to have its negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section, except that:

(A) The governor or the governor's designee and an exclusive bargaining representative shall negotiate one master collective bargaining agreement for all of the bargaining units of employees of more than one university or college that the representative represents.

(B) If the parties mutually agree, the governor or the governor's designee and an exclusive bargaining representative shall negotiate one master collective bargaining agreement for all of the bargaining units of employees of more than one university or college that the representative represents.

(iii) A governing board of a community college may elect to have its negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section.

(b) Prior to entering into negotiations under this chapter, the institutions of higher education or their designees shall consult with the director of the office of financial management regarding financial and budgetary issues that are likely to arise in the impending negotiations.

(c)(i) In the case of bargaining agreements reached between institutions of higher education other than the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of the bargaining agreements, the governor shall submit a request for such funds to the legislature according to the provisions of subsection (3) of this section, except as provided in (c)(iii) of this subsection.

(ii) In the case of bargaining agreements reached between the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of a bargaining agreement, the governor shall submit a request for such funds to the legislature according to the provisions of subsection (3) of this section, except as provided in this subsection (4)(c)(ii) and as provided in (c)(iii) of this subsection.

(A) If appropriations of less than ten thousand dollars are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered.

(B) If appropriations of ten thousand dollars or more are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request:

(I) Has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered; and

(II) Has been certified by the director of the office of financial management as being feasible financially for the state.

(C) If the director of the office of financial management does not certify a request under (c)(ii)(B) of this subsection as being feasible financially for the state, the parties shall enter into collective bargaining solely for the purpose of reaching a mutually agreed upon modification of the agreement necessary to address the absence of those
requested funds. The legislature may act upon the compensation and fringe benefit provisions of the modified collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(ii) In the case of a bargaining unit of employees of institutions of higher education in which the exclusive bargaining representative is certified during or after the conclusion of a legislative session, the legislature may act upon the compensation and fringe benefit provisions of the unit’s initial collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(5) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(6) After the expiration date of a collective bargaining agreement negotiated under this chapter, all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement any law.

(7) For the 2015-2017 fiscal biennium, a collective bargaining agreement related to employee health care benefits negotiated between the employer and coalition pursuant to RCW 41.80.020(3) regarding the dollar amount expended on behalf of each employee shall be a separate agreement for which the governor may request funds necessary to implement the agreement. The legislature may act upon a 2015-2017 collective bargaining agreement related to employee health care benefits if an agreement is reached and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating appropriations act by the sitting legislature.

(8)(a) For the 2015-2017 fiscal biennium, the governor may request funds to implement:

(b) For the 2015-2017 fiscal biennium, the legislature may act upon the request for funds for modifications to a 2015-2017 collective bargaining agreement under (a)(i), (ii), (iii), and (iv) of this subsection if funds are requested by the governor before final legislative action on the supplemental omnibus appropriations act by the sitting legislature.

(c) The legislature may act upon the request for funds for modifications to a 2015-2017 collective bargaining agreement if the requested funds are not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement any law.

(d) Modifications to collective bargaining agreements as set forth in a memorandum of understanding shall be considered approved by the legislature and may be retroactive to December 1, 2015.

(d) Fifty percent to the state basic health plan trust account to be administered by the Washington basic health plan administrator and used as provided under chapter 70.47 RCW;

(i) Beginning in fiscal year 2018, if marijuana excise tax collections deposited into the general fund in the prior
fiscal year exceed twenty-five million dollars, then each fiscal year the legislature must appropriate an amount equal to thirty percent of all marijuana excise taxes deposited into the general fund the prior fiscal year to the treasurer for distribution to counties, cities, and towns as follows:

(A) Thirty percent must be distributed to counties, cities, and towns where licensed marijuana retailers are physically located. Each jurisdiction must receive a share of the revenue distribution under this subsection (2)(g)(i)(A) based on the proportional share of the total revenues generated in the individual jurisdiction from the taxes collected under RCW 69.50.535, from licensed marijuana retailers physically located in each jurisdiction. (B) Seventy percent must be distributed to counties, cities, and towns ratably on a per capita basis. Counties must receive sixty percent of the distribution, which must be disbursed based on each county's total proportional population. It is the intent of the legislature that the policy for the maximum distributions in the subsequent fiscal biennia will be no more than fifteen million dollars per fiscal year.

For the purposes of this section, "marijuana products" means "useable marijuana," "marijuana concentrates," and "marijuana-infused products" as those terms are defined in RCW 69.50.101.

Sec. 984. RCW 70.155.120 and 2016 sp.s c 38 s 2 are each amended to read as follows:

(1) The youth tobacco and vapor products prevention account is created in the state treasury. All fees collected pursuant to RCW 82.24.520, 82.24.530, 82.26.160, and 82.26.170 and funds collected by the liquor and cannabis board from the imposition of monetary penalties shall be deposited into this account, except that ten percent of all such fees and penalties shall be deposited in the state general fund.

(2) Moneys appropriated from the youth tobacco and vapor products prevention account to the department of health shall be used by the department of health for implementation of this chapter, including collection and reporting of data regarding enforcement and the extent to which access to tobacco products and vapor products by youth has been reduced.

(3) The department of health shall enter into interagency agreements with the liquor and cannabis board to pay the costs incurred, up to thirty percent of available funds, in carrying out its enforcement responsibilities under this chapter. Such agreements shall set forth standards of enforcement, consistent with the funding available, so as to reduce the extent to which tobacco products and vapor products are available to individuals under the age of eighteen. The agreements shall also set forth requirements for data reporting by the liquor and cannabis board regarding its enforcement activities. During the 2019-2021 fiscal biennium, the department of health shall pay the costs incurred, up to twenty-three percent of available funds, in carrying out its enforcement responsibilities.

(4) The department of health, the liquor and cannabis board, and the department of revenue shall enter into an interagency agreement for payment of the cost of administering the tobacco retailer licensing system and for the provision of quarterly documentation of tobacco wholesaler, retailer, and vending machine names and locations.

(5) The department of health shall, within up to seventy percent of available funds, provide grants to local health departments or other local community agencies to develop and implement coordinated tobacco and vapor product intervention strategies to prevent and reduce tobacco and vapor product use by youth. During the 2019-2021 fiscal biennium, the department of health shall, within up to seventy-seven percent of available funds, provide grants to local health departments or other local community agencies to develop and implement coordinated tobacco and vapor product intervention strategies to prevent and reduce tobacco and vapor product use by youth.

Sec. 985. RCW 71.24.580 and 2018 c 205 s 2 and 2018 c 201 s 4044 are each reenacted and amended to read as follows:

(1) The criminal justice treatment account is created in the state treasury. Moneys in the account may be expended solely for: (a) Substance use disorder treatment and treatment support services for offenders with a substance use disorder that, if not treated, would result in addiction, against whom charges are filed by a prosecuting attorney in Washington state; (b) the provision of substance use disorder treatment services and treatment support services for nonviolent offenders within a drug court program; and (c) the administrative and overhead costs associated with the operation of a drug court. Amounts provided in this subsection must be used for treatment and recovery support services for criminally involved offenders and authorization of these services shall not be subject to determinations of medical necessity. During the 2017-2019 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the criminal justice treatment account to the state general fund. ((It is the intent of the legislature to continue in the 2019-2021 biennium the policy of transferring to the state general fund such amounts as reflect the excess fund balance of the account.)) During the 2019-
2021 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the criminal justice treatment account to the home security fund account created in RCW 43.185C.060. It is the intent of the legislature to continue the policy of transferring moneys from the criminal justice treatment account to the home security fund account in subsequent biennia. Moneys in the account may be spent only after appropriation.

(2) For purposes of this section:

(a) "Treatment" means services that are critical to a participant's successful completion of his or her substance use disorder treatment program, including but not limited to the recovery support and other programmatic elements outlined in RCW 2.30.030 authorizing therapeutic courts; and

(b) "Treatment support" includes transportation to or from inpatient or outpatient treatment services when no viable alternative exists, and child care services that are necessary to ensure a participant's ability to attend outpatient treatment sessions.

(3) Revenues to the criminal justice treatment account consist of: (a) Funds transferred to the account pursuant to this section; and (b) any other revenues appropriated to or deposited in the account.

(4)(a) For the fiscal year beginning July 1, 2005, and each subsequent fiscal year, the state treasurer shall transfer eight million two hundred fifty thousand dollars from the general fund to the criminal justice treatment account, divided into four equal quarterly payments. For the fiscal year beginning July 1, 2006, and each subsequent fiscal year, the amount transferred shall be increased on an annual basis by the implicit price deflator as published by the federal bureau of labor statistics.

(b) In each odd-numbered year, the legislature shall appropriate the amount transferred to the criminal justice treatment account in (a) of this subsection to the department for the purposes of subsection (5) of this section.

(5) Moneys appropriated to the authority from the criminal justice treatment account shall be distributed as specified in this subsection. The authority may retain up to three percent of the amount appropriated under subsection (4)(b) of this section for its administrative costs.

(a) Seventy percent of amounts appropriated to the authority from the account shall be distributed to counties pursuant to the distribution formula adopted under this section. The authority, in consultation with the department of corrections, the Washington state association of counties, the Washington state association of drug court professionals, the superior court judges' association, the Washington association of prosecuting attorneys, representatives of the criminal defense bar, representatives of substance use disorder treatment providers, and any other person deemed by the authority to be necessary, shall establish a fair and reasonable methodology for distribution to counties of moneys in the criminal justice treatment account. County or regional plans submitted for the expenditure of formula funds must be approved by the panel established in (b) of this subsection.

(b) Thirty percent of the amounts appropriated to the authority from the account shall be distributed as grants for purposes of treating offenders against whom charges are filed by a county prosecuting attorney. The authority shall appoint a panel of representatives from the Washington association of prosecuting attorneys, the Washington association of sheriffs and police chiefs, the superior court judges' association, the Washington state association of counties, the Washington defender's association or the Washington association of criminal defense lawyers, the department of corrections, the Washington state association of drug court professionals, and substance use disorder treatment providers. The panel shall review county or regional plans for funding under (a) of this subsection and grants approved under this subsection. The panel shall attempt to ensure that treatment as funded by the grants is available to offenders statewide.

(6) The county alcohol and drug coordinator, county prosecutor, county sheriff, county superior court, a substance abuse treatment provider appointed by the county legislative authority, a member of the criminal defense bar appointed by the county legislative authority, and, in counties with a drug court, a representative of the drug court shall jointly submit a plan, approved by the county legislative authority or authorities, to the panel established in subsection (5)(b) of this section, for disposition of all the funds provided from the criminal justice treatment account within that county. The funds shall be used solely to provide approved alcohol and substance abuse treatment pursuant to RCW 71.24.560 and treatment support services. No more than ten percent of the total moneys received under subsections (4) and (5) of this section by a county or group of counties participating in a regional agreement shall be spent for treatment support services.

(7) Counties are encouraged to consider regional agreements and submit regional plans for the efficient delivery of treatment under this section.

(8) Moneys allocated under this section shall be used to supplement, not supplant, other federal, state, and local funds used for substance abuse treatment.

(9) Counties must meet the criteria established in RCW 2.30.030(3).

Sec. 986. RCW 76.04.610 and 2018 c 299 s 912 are each amended to read as follows:

(1)(a) If any owner of forestland within a forest protection zone neglects or fails to provide adequate fire protection as required by RCW 76.04.600, the department shall provide such protection and shall annually impose the following assessments on each parcel of such land: (i) A flat fee assessment of seventeen dollars and fifty cents; and (ii) twenty-seven cents on each acre exceeding fifty acres.

(b) Assessors may, at their option, collect the assessment on tax exempt lands. If the assessor elects not to collect the assessment, the department may bill the landowner directly.
(2) An owner who has paid assessments on two or more parcels, each containing fewer than fifty acres and each within the same county, may obtain the following refund:

(a) If all the parcels together contain less than fifty acres, then the refund is equal to the flat fee assessments paid, reduced by the total of (i) seventeen dollars and (ii) the total of the amounts retained by the county from such assessments under subsection (5) of this section.

(b) If all the parcels together contain fifty or more acres, then the refund is equal to the flat fee assessments paid, reduced by the total of (i) seventeen dollars, (ii) twenty-seven cents for each acre exceeding fifty acres, and (iii) the total of the amounts retained by the county from such assessments under subsection (5) of this section.

Applications for refunds shall be submitted to the department on a form prescribed by the department and in the same year in which the assessments were paid. The department may not provide refunds to applicants who do not provide verification that all assessments and property taxes on the property have been paid. Applications may be made by mail.

In addition to the procedures under this subsection, property owners with multiple parcels in a single county who qualify for a refund under this section may apply to the department on an application listing all the parcels owned in order to have the assessment computed on all parcels but billed to a single parcel. Property owners with the following number of parcels may apply to the department in the year indicated:

<table>
<thead>
<tr>
<th>Year</th>
<th>Number of Parcels</th>
</tr>
</thead>
<tbody>
<tr>
<td>2002</td>
<td>10 or more parcels</td>
</tr>
<tr>
<td>2003</td>
<td>8 or more parcels</td>
</tr>
<tr>
<td>2004 and thereafter</td>
<td>6 or more parcels</td>
</tr>
</tbody>
</table>

The department must compute the correct assessment and allocate one parcel in the county to use to collect the assessment. The county must then bill the forest protection assessment on that one allocated identified parcel. The landowner is responsible for notifying the department of any changes in parcel ownership.

(3) Beginning January 1, 1991, under the administration and at the discretion of the department up to two hundred thousand dollars per year of this assessment shall be used in support of those rural fire districts assisting the department in fire protection services on forestlands.

(4) For the purpose of this chapter, the department may divide the forestlands of the state, or any part thereof, into districts, for fire protection and assessment purposes, may classify lands according to the character of timber prevailing, and the fire hazard existing, and place unprotected lands under the administration of the proper district. Amounts paid or contracted to be paid by the department for protection of forestlands from funds at its disposal shall be a lien upon the property protected, unless reimbursed by the owner within ten days after October 1st of the year in which they were incurred. The department shall be prepared to make statement thereof, upon request, to a forest owner whose own protection has not been previously approved as to its adequacy, the department shall report the same to the assessor of the county in which the property is situated. The assessor shall extend the amounts upon the tax rolls covering the property, and upon authorization from the department shall levy the forest protection assessment against the amounts of unimproved land as shown in each ownership on the county assessor's records. The assessor may then segregate on the records to provide that the improved land and improvements thereon carry the millage levy designed to support the rural fire protection districts as provided for in RCW 52.16.170.

(5) The amounts assessed shall be collected at the time, in the same manner, by the same procedure, and with the same penalties attached that general state and county taxes on the same property are collected, except that errors in assessments may be corrected at any time by the department certifying them to the treasurer of the county in which the land involved is situated. Assessments shall be known and designated as assessments of the year in which the amounts became reimbursable. Upon the collection of assessments the county treasurer shall place fifty cents of the total assessments paid on a parcel for fire protection into the county current expense fund to defray the costs of listing, billing, and collecting these assessments. The treasurer shall then transmit the balance to the department. Collections shall be applied against expenses incurred in carrying out the provisions of this section, including necessary and reasonable administrative costs incurred by the department in the enforcement of these provisions. The department may also expend sums collected from owners of forestlands or received from any other source for necessary administrative costs in connection with the enforcement of RCW 76.04.660. During the 2017-2019 and 2019-2021 fiscal (biennia) the legislature may appropriate money from the account for department of natural resources wildfire response and forest health activities. It is the intent of the legislature that this policy will be continued in subsequent fiscal biennia.

(6) When land against which forest protection assessments are outstanding is acquired for delinquent taxes and sold at public auction, the state shall have a prior lien on the proceeds of sale and above the amount necessary to satisfy the county's delinquent tax judgment. The county treasurer, in case the proceeds of sale exceed the amount of the delinquent tax judgment, shall immediately remit to the department the amount of the outstanding forest protection assessments.

(7) All nonfederal public bodies owning or administering forestland included in a forest protection zone shall pay the forest protection assessments provided in this section and the special forest fire suppression account assessments under RCW 76.04.630. The forest protection assessments and special forest fire suppression account assessments shall be payable by nonfederal public bodies from available funds within thirty days following receipt of the written notice from the department which is given after October 1st of the year in which the protection was provided.
Unpaid assessments are not a lien against the nonfederal publicly owned land but shall constitute a debt by the nonfederal public body to the department and are subject to interest charges at the legal rate. During the 2011-2013 fiscal biennium, the forest fire protection assessment account may be appropriated to The Evergreen State College for analysis and recommendations to improve the efficiency and effectiveness of the state's mechanisms for funding fire prevention and suppression activities.

(8) A public body, having failed to previously pay the forest protection assessments required of it by this section, which fails to suppress a fire on or originating from forestlands owned or administered by it, is liable for the costs of suppression incurred by the department or its agent and is not entitled to reimbursement of costs incurred by the public body in the suppression activities.

(9) The department may adopt rules to implement this section, including, but not limited to, rules on levying and collecting forest protection assessments.

Sec. 987. RCW 76.09.405 and 2007 c 54 s 3 and 2007 c 48 s 1 are each reenacted and amended to read as follows:

The forest and fish support account is hereby created in the state treasury. Receipts from appropriations, the surcharge imposed under RCW 82.04.261, and other sources must be deposited into the account. Expenditures from the account shall be used for activities pursuant to the state's implementation of the forests and fish report as defined in this chapter and related activities including, but not limited to, adaptive management, monitoring, and participation grants to tribes, state and local agencies, and not-for-profit public interest organizations. Expenditures from the account may be made only after appropriation by the legislature. During the 2019-2021 fiscal biennium, the legislature may appropriate moneys from the account for activities to implement this chapter.

Sec. 988. RCW 77.12.201 and 2017 3rd sp.s. c 1 s 983 are each amended to read as follows:

The legislative authority of a county may elect, by giving written notice to the director and the treasurer prior to January 1st of any year, to obtain for the following year an amount in lieu of real property taxes on game lands as provided in RCW 77.12.203. Upon the election, the county shall keep a record of all fines, forfeitures, reimbursements, and costs assessed and collected, in whole or in part, under this title for violations of law or rules adopted pursuant to this title, with the exception of the 2015-2017 (and), 2017-2019 and 2019-2021 fiscal biennia, and shall monthly remit an amount equal to the amount collected to the state treasurer for deposit in the state general fund. The election shall continue until the department is notified differently prior to January 1st of any year.

Sec. 989. RCW 77.12.203 and 2018 c 299 s 913 are each amended to read as follows:

(1) Except as provided in subsections (5) through (7) of this section and notwithstanding RCW 84.36.010 or other statutes to the contrary, the director must pay by April 30th of each year on game lands, regardless of acreage, in each county, if requested by an election under RCW 77.12.201, an amount in lieu of real property taxes equal to that amount paid on similar parcels of open space land taxable under chapter 84.34 RCW or the greater of seventy cents per acre per year or the amount paid in 1984 plus an additional amount for control of noxious weeds equal to that which would be paid if such lands were privately owned. This amount may not be assessed or paid on department buildings, structures, facilities, game farms, fish hatcheries, water access sites, tidelands, or public fishing areas.

(2) "Game lands," as used in this section and RCW 77.12.201, means those tracts, regardless of acreage, owned in fee by the department and used for wildlife habitat and public recreational purposes. All lands purchased for wildlife habitat, public access, or recreation purposes with federal funds in the Snake River drainage basin are considered game lands regardless of acreage.

(3) This section does not apply to lands transferred after April 23, 1990, to the department from other state agencies.

(4) The county must distribute the amount received under this section in lieu of real property taxes to all property taxing districts except the state in appropriate tax code areas the same way it would distribute local property taxes from private property. The county must distribute the amount received under this section for weed control to the appropriate weed district.

(5) For the 2013-2015 and 2015-2017 fiscal biennia, the director must pay by April 30th of each year on game lands in each county, if requested by an election under RCW 77.12.201, an amount in lieu of real property taxes and must be distributed as follows:

These amounts may not be assessed or paid on department buildings, structures, facilities, game farms, fish hatcheries, water access sites, tidelands, or public fishing areas. The department must provide to the state treasurer the amounts to be distributed under this subsection by April 1st of each fiscal year.

Sec. 990. RCW 79.64.040 and 2017 3rd sp.s. c 1 s 985 and 2017 c 248 s 5 are each reenacted and amended to read as follows:

(1) The board shall determine the amount deemed necessary in order to achieve the purposes of this chapter and shall provide by rule for the deduction of this amount from the moneys received from all leases, sales, contracts, licenses, permits, easements, and rights-of-way issued by the department and affecting state lands and aquatic lands, except as provided in RCW 79.64.130, provided that no deduction shall be made from the proceeds from agricultural college lands.

(2) Moneys received as deposits from successful bidders, advance payments, and security under RCW 79.15.100, 79.15.080, and 79.11.150 prior to December 1, 1981, which have not been subjected to deduction under this section are not subject to deduction under this section.

(3) Except as otherwise provided in subsection (5) of this section, the deductions authorized under this section shall not exceed twenty-five percent of the moneys received by the department in connection with any one transaction pertaining to state lands and aquatic lands other than second-class tide and shore lands and the beds of navigable waters, and fifty percent of the moneys received by the department pertaining to second-class tide and shore lands and the beds of navigable waters.

(4) In the event that the department sells logs using the contract harvesting process described in RCW 79.15.500 through 79.15.530, the moneys received subject to this section are the net proceeds from the contract harvesting sale.

(5) During the 2015-2017 and 2019-2021 fiscal biennia, the board may increase the twenty-five percent limitation up to thirty-two percent.

Sec. 991. RCW 79.64.110 and 2017 3rd sp.s. c 13 s 315, 2017 3rd sp.s. c 1 s 986, and 2017 c 248 s 6 are each reenacted and amended to read as follows:

(1) Any moneys derived from the lease of state forestlands or from the sale of valuable materials, oils, gases, coal, minerals, or fossils from those lands, except as provided in RCW 79.64.130, or the appraised value of these resources when transferred to a public agency under RCW 79.22.060, except as provided in RCW 79.22.060(4), must be distributed as follows:

(a) For state forestlands acquired through RCW 79.22.040 or by exchange for lands acquired through RCW 79.22.040:

(i) The expense incurred by the state for administration, reforestation, and protection, not to exceed twenty-five percent, which rate of percentage shall be determined by the board, must be returned to the forest development account created in RCW 79.64.100. During the 2015-2017 and 2019-2021 fiscal biennia,
the board may increase the twenty-five percent limitation up to twenty-seven percent.

(ii) Any balance remaining must be paid to the county in which the land is located or, for counties participating in a land pool created under RCW 79.22.140, to each participating county proportionate to its contribution of asset value to the land pool as determined by the board. Payments made under this subsection are to be paid, distributed, and prorated, except as otherwise provided in this section, to the various funds in the same manner as general taxes are paid and distributed during the year of payment.

PART XI
SUPPLEMENTAL
HUMAN SERVICES
Sec. 1101. 2018 c 299 s 201 (uncodified) is
amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND
HEALTH SERVICES

(1) The appropriations to the department of social
and health services in this act shall be expended for the
programs and in the amounts specified in this act.
Appropriations made in this act to the department of social
and health services shall initially be allotted as required by
this act. Subsequent allotment modifications shall not
include transfers of moneys between sections of this act
except as expressly provided in this act, nor shall allotment
modifications permit moneys that are provided solely for a
specified purpose to be used for other than that purpose.

(2) The department of social and health services
shall not initiate any services that require expenditure of
state general fund moneys unless expressly authorized in this
act or other law. The department may seek, receive, and
spend, under RCW 43.79.260 through 43.79.282, federal
moneys not anticipated in this act as long as the federal
funding does not require expenditure of state moneys for the
program in excess of amounts anticipated in this act. If the
department receives unanticipated unrestricted federal
moneys, those moneys shall be spent for services authorized
in this act or in any other legislation providing appropriation
authority, and an equal amount of appropriated state general
fund moneys shall lapse. Upon the lapsing of any moneys
under this subsection, the office of financial management
shall notify the legislative fiscal committees. As used in this
subsection, "unrestricted federal moneys" includes block
grants and other funds that federal law does not require to be
spent on specifically defined projects or matched on a
formula basis by state funds.

(3) The legislature finds that medicaid payment
rates, as calculated by the department pursuant to the
appropriations in this act, bear a reasonable relationship to
the costs incurred by efficiently and economically operated
facilities for providing quality services and will be sufficient
to enlist enough providers so that care and services are
available to the extent that such care and services are
available to the general population in the geographic area.
The legislature finds that cost reports, payment data from the
federal government, historical utilization, economic data,
and clinical input constitute reliable data upon which to
determine the payment rates.

(4) The department shall to the maximum extent
practicable use the same system for delivery of spoken-
language interpreter services for social services appointments as the one established for medical appointments in the health care authority. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state
standards, including interpreters in other states.

(5) Information technology projects or investments
and proposed projects or investments impacting time
capture, payroll and payment processes and systems,
eligibility, case management, and authorization systems
within the department of social and health services are
subject to technical oversight by the office of the chief
information officer.

(6)(a) The department shall facilitate enrollment
under the medicaid expansion for clients applying for or
receiving state funded services from the department and its
contractors. Prior to open enrollment, the department shall
coordinate with the health care authority to provide referrals
to the Washington health benefit exchange for clients that
will be ineligible for medicaid.

(b) To facilitate a single point of entry across public
and medical assistance programs, and to maximize the use
of federal funding, the health care authority, the department
of social and health services, and the health benefit exchange
will coordinate efforts to expand HealthPlanfinder access to
public assistance and medical eligibility staff. The
department shall complete medicaid applications in the
HealthPlanfinder for households receiving or applying for
public assistance benefits.

(7) In accordance with RCW 71.24.380, the health
care authority and the department are authorized to purchase
medical and behavioral health services through integrated
contracts upon request of all of the county authorities in a
regional service area to become an early adopter of fully
integrated purchasing of medical and behavioral health
services. The department may combine and transfer such
amounts appropriated under sections 204, 208, and 213 of
this act as may be necessary to fund early adopter contracts.
The amount of medicaid funding transferred from each
program may not exceed the average per capita cost assumed
in this act for individuals covered by that program,
actuarially adjusted for the health condition of persons
enrolled, times the number of clients enrolled. The amount
of non-medicaid funding transferred from sections 204 and
208 may not exceed the amount that would have been
contracted with a behavioral health organization if the
county authorities had not requested to become an early
adopter of fully integrated purchasing. These limits do not
apply to the amounts provided in section 204(1)(s) of this
act. If any funding that this act provides solely for a specific
purpose is transferred under this subsection, that funding
must be used consistently with the provisions and conditions
for which it was provided.
(8) In accordance with RCW 71.24.380, the department is authorized to purchase mental health and substance use disorder services through integrated contracts with behavioral health organizations. The department may combine and transfer such amounts appropriated under sections 204 and 208 of this act as may be necessary to finance these behavioral health organization contracts. If any funding that this act provides solely for a specific purpose is transferred under this subsection, that funding must be used consistently with the provisions and conditions for which it was provided.

(9)(a) The appropriations to the department of social and health services in this act must be expended for the programs and in the amounts specified in this act. However, after May 1, (2018) 2019, unless prohibited by this act, the department may transfer general fund—state appropriations for fiscal year (2018) 2019 among programs and subprograms after approval by the director of the office of financial management. However, the department may not transfer state appropriations that are provided solely for a specified purpose except as expressly provided in (b) through (d) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year (2018) 2019 caseload forecasts and utilization assumptions in the long-term care, developmental disabilities, foster care, adoption support, and public assistance programs, the department may transfer state appropriations that are provided solely for a specified purpose.

(c) Within the mental health program, the department may transfer appropriations that are provided solely for a specified purpose within and between subprograms as needed to fund actual expenditures through the end of fiscal year (2018) 2019.

(d) Within the developmental disabilities program, the department may transfer appropriations that are provided solely for a specified purpose within and between subprograms as needed to fund actual expenditures through the end of fiscal year (2018) 2019.

(e) The department may not transfer appropriations, and the director of the office of financial management may not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of the office of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

Under the stop-loss policy, funding formula changes may not result in a funding loss for any juvenile court of more than two percent from one year to the next. The committee in (d) of this subsection must establish a minimum base level of funding for juvenile courts with lower numbers of at-risk youth age 10 – 17. The administration must report to the legislature by December 1, 2018, about how funding is used for referred youth and the impact of that use on overall use of funding. The committee will be co-chaired by the juvenile rehabilitation administration and the juvenile courts, who will also have the ability to change members of the committee as needed to achieve its purpose. The committee may make changes to the formula categories in (b) of this subsection if it determines the changes will increase statewide service delivery or effectiveness of evidence-based program or disposition alternative resulting in increased cost/benefit savings to the state, including long-term cost/benefit savings. TOTAL APPROPRIATION .................................................. $39,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) For the purposes of this subsection, amounts provided for behavioral health organizations shall also be available for the health care authority to contract with entities that assume the responsibilities of behavioral health organizations in regions in which the health care authority is purchasing medical and behavioral health services through fully integrated contracts pursuant to RCW 71.24.380.

(b) $6,590,000 of the general fund—state appropriation for fiscal year 2018 and $3,810,000 of the general fund—federal appropriation are provided solely for the department and behavioral health organizations to continue to contract for implementation of high-intensity programs for assertive community treatment (PACT) teams. In determining the proportion of medicaid and nonmedicaid funding provided to behavioral health organizations with PACT teams, the department shall consider the differences between behavioral health organizations in the percentages of services and other costs associated with the teams that are not reimbursable under medicaid. The department may allow behavioral health organizations which have nonmedicaid reimbursable costs that are higher than the nonmedicaid allocation they receive under this section to supplement these funds with local dollars or funds received under (f) of this subsection. The department and behavioral health organizations shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

(c) From the general fund—state appropriations in this subsection, the department shall assure that behavioral health organizations reimburse the department of social and health services aging and long term support administration for the general fund—state cost of medicaid personal care services that enrolled behavioral health organization consumers use because of their psychiatric disability.

(d) $1,760,000 of the general fund—federal appropriation is provided solely for the department to maintain a pilot project to put peer bridging staff into each behavioral health organization as part of the state psychiatric liaison teams to promote continuity of service as individuals return to their communities. The department must collect data and submit a report to the office of financial management and the appropriate committees of the legislature on the impact of peer staff on state hospital discharges and community placements by December 1, 2017.

(e) $11,405,000 of the general fund—state appropriation for fiscal year 2018 is provided solely to assist behavioral health organizations with the costs of providing services to medicaid clients receiving services in psychiatric facilities classified as institutions of mental diseases. The department must distribute these amounts proportionate to the number of bed days for medicaid clients in institutions for mental diseases that were excluded from behavioral
health organization fiscal year 2018 capitation rates because they exceeded the amounts allowed under federal regulations. The department must also use these amounts to directly pay for costs that are ineligible for medicaid reimbursement in institutions of mental disease facilities for American Indian and Alaska Natives who opt to receive behavioral health services on a fee for service basis. The amounts used for these individuals must be reduced from the allocation of the behavioral health organization where the individual resides. If a behavioral health organization receives more funding through this subsection than is needed to pay for the cost of their medicaid clients in institutions for mental diseases, they must use the remainder of the amounts to provide other services not covered under the medicaid program. The department must apply for a waiver from the center for medicaid and medicare services to allow for the full cost of stays in institutions of mental diseases to be included in fiscal year 2019 behavioral health organization capitation rates. The department may tailor the fiscal year 2019 waiver to specific populations for which the center for medicaid and medicare services has indicated they are likely to approve and work to further expand the waiver to other populations in fiscal year 2020. The department must submit a report on the status of the waiver to the office of financial management and the appropriate committees of the legislature by December 1, 2017.

(f) $81,930,000 of the general fund—state appropriation for fiscal year 2018 is provided solely for persons and services not covered by the medicaid program. To the extent possible, levels of behavioral health organization spending shall be maintained in the following priority order: Crisis and commitment services; community inpatient services; and residential care services, including personal care and emergency housing assistance. These amounts must be distributed to behavioral health organizations proportionate to the fiscal year 2017 allocation of flexible nonmedicaid funds. The department must include the following language in medicaid contracts with behavioral health organizations unless they are provided formal notification from the center for medicaid and medicare services that the language will result in the loss of federal medicaid participation: "The contractor may voluntarily provide services that are in addition to those covered under the state plan, although the cost of these services cannot be included when determining payment rates unless including these costs are specifically allowed under federal law or an approved waiver."

(g) The department is authorized to continue to contract directly, rather than through contracts with behavioral health organizations for children's long-term inpatient facility services.

(h) $1,125,000 of the general fund—state appropriation for fiscal year 2018 is provided solely for the Spokane county behavioral health organization to implement services to reduce utilization and the census at eastern state hospital. Such services shall include:

(A) High intensity treatment team for persons who are high utilizers of psychiatric inpatient services, including those with co-occurring disorders and other special needs;

(B) Crisis outreach and diversion services to stabilize in the community individuals in crisis who are at risk of requiring inpatient care or jail services;

(C) Mental health services provided in nursing facilities to individuals with dementia, and consultation to facility staff treating those individuals; and

(D) Services at the sixteen-bed evaluation and treatment facility.

At least annually, the Spokane county behavioral health organization shall assess the effectiveness of these services in reducing utilization at eastern state hospital, identify services that are not optimally effective, and modify those services to improve their effectiveness.

(i) $1,204,000 of the general fund—state appropriation for fiscal year 2018 is provided solely to reimburse Pierce and Spokane counties for the cost of conducting 180-day commitment hearings at the state psychiatric hospitals.

(j) Behavioral health organizations may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, behavioral health organizations may use a portion of the state funds allocated in accordance with (f) of this subsection to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

(k) $2,291,000 of the general fund—state appropriation for fiscal year 2018 is provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement. The department must collect information from the behavioral health organizations on their plan for using these funds, the numbers of individuals served, and the types of services provided and submit a report to the office of financial management and the appropriate fiscal committees of the legislature by December 1st of each year of the biennium.

(l) Within the amounts appropriated in this section, funding is provided for the department to develop and phase in intensive mental health services for high needs youth consistent with the settlement agreement in T.R. v. Dreyfus and Porter.

(m) The department must establish minimum and maximum funding levels for all reserves allowed under behavioral health organization contracts and insert contract language that clearly states the requirements and limitations. The department must monitor and ensure that behavioral health organization reserves do not exceed maximum levels. The department must monitor behavioral health organization revenue and expenditure reports and must require a behavioral health organization to submit a corrective action
plan on how it will spend its excess reserves within a reasonable period of time, when its reported reserves exceed maximum levels established under the contract. The department must review and approve such plans and monitor to ensure compliance. If the department determines that a behavioral health organization has failed to provide an adequate excess reserve corrective action plan or is not complying with an approved plan, the department must reduce payments to the behavioral health organization in accordance with remedial actions provisions included in the contract. These reductions in payments must continue until the department determines that the behavioral health organization has come into substantial compliance with an approved excess reserve corrective action plan.

(n) $2,309,000 of the general fund—state appropriation for fiscal year 2018 and $2,169,000 of the general fund—federal appropriation are provided solely for the department to increase rates for community hospitals that provide a minimum of 200 medicaid psychiatric inpatient days. The department must increase both medicaid and nonmedicaid psychiatric per-diem reimbursement rates for these providers within these amounts. The amounts in this subsection include funding for additional hold harmless payments resulting from the rate increase. The department shall prioritize increases for hospitals not currently paid based on provider specific costs using a similar methodology used to set rate for existing inpatient facilities and the latest available cost report information. Rate increases for providers must be set so as not to exceed the amounts provided within this subsection. The rate increase related to nonmedicaid clients must be done to maintain the provider at the same percentage as currently required under WAC 182-550-4800.

(o) $100,000 of the general fund—state appropriation for fiscal year 2018 is provided solely for the department to collaborate with tribal governments and develop a plan for establishing an evaluation and treatment facility that will specialize in providing care specifically to the American Indian and Alaska Native population. The plan must include options for maximizing federal participation and, ensure that utilization will be based on medical necessity, and identify a specific geographic location where a tribal evaluation and treatment facility will be built.

(p) $1,466,000 of the general fund—state appropriation for fiscal year 2018 and $1,663,000 of the general fund—federal appropriation are provided solely for the department to contract with community hospitals or freestanding evaluation and treatment centers to provide up to forty-eight long-term inpatient care beds as defined in RCW 71.24.025. The department must seek proposals and contract directly for these services rather than contracting through behavioral health organizations. The department must coordinate with the department of social and health services in developing the contract requirements, selecting contractors, and establishing processes for identifying patients that will be admitted to these facilities. The department must not use any of the amounts provided under this subsection for contracts with facilities that are subject to federal funding restrictions that apply to institutions of mental diseases, unless they have received a waiver that allows for full federal participation in these facilities.

(q) $4,983,000 of the general fund—state appropriation for fiscal year 2018 and $10,849,000 of the general fund—federal appropriation are provided solely for the department to increase medicaid capitation payments for behavioral health organizations. The department must work with the actuaries responsible for certifying behavioral health capitation rates to adjust average salary assumptions in order to implement this increase. In developing further updates for medicaid managed care rates for behavioral health services, the department must include and make available all applicable documents and analysis to legislative staff from the fiscal committees throughout the process. The department must require the actuaries to develop and submit rate ranges for each behavioral health organization prior to certification of specific rates.

(r) The number of beds allocated for use by behavioral health organizations at eastern state hospital shall be 192 per day. The number of nonforensic beds allocated for use by behavioral health organizations at western state hospital shall be 557 per day. In fiscal year 2019, the department must reduce the number of beds allocated for use by behavioral health organizations at western state hospital by 30 beds to allow for the repurposing of a civil ward at western state hospital to provide forensic services. The contracted beds provided under (p) of this subsection shall be allocated to the behavioral health organizations in lieu of beds at the state hospitals and be incorporated in their allocation of state hospital patient days of care for the purposes of calculating reimbursements pursuant to RCW 71.24.310. It is the intent of the legislature to continue the policy of expanding community based alternatives for long term civil commitment services that allow for state hospital beds to be prioritized for forensic patients.

(s) $11,405,000 of the general fund—state appropriation for fiscal year 2018 and $8,840,000 of the general fund—federal appropriation are provided solely to maintain enhancements of community mental health services. In contracting for community evaluation and treatment services, the
department may not use these resources in facilities that meet the criteria to be classified under federal law as institutions for mental diseases. If the department is unable to come to a contract agreement with a designated behavioral health organization for any of the services identified above, it may consider contracting for that service in another region that has the need for such service.

Except in areas where only a single plan is available, the authority must contract with at least two plans at a single rate not to exceed the average cost of the two lowest cost apparently successful bidders in order to ensure overall cost savings are achieved in 2019-2021 under this section. The authority shall include in the awarded contracts from the recently completed competitive procurement process directed in the 2017-2019 Omnibus Appropriations act: (i) Quarterly reporting requirements to include Medicaid utilization and encounter data by current dental technology (CDT) code; (ii) a direction to increase the dental provider network; (iii) a commitment to retain innovative programs that improve access and care such as the access to baby and child dentistry program; (iv) a program to reduce emergency room use for dental purposes; (v) a direction to ensure that dental care is being coordinated with the primary care provider of the patient to ensure integrated care; (vi) a provision that no less than eighty-five percent of the contracting fee may be used to directly offset the cost of providing direct patient care as opposed to administrative costs; and (vii) a provision to ensure the contracting fee shall be sufficient to compensate county health departments and federally qualified health centers for dental patient care. The plan(s) awarded this contract must absorb all start-up costs associated with moving the program from fee-for-service to managed care and shall commit to achieving an overall savings to the program based on 2016 fee-for-service experience. In order to comply with state insurance underwriting standards, the authority shall ensure that savings offered by dental plans are actuarially sound. In order to ensure compliance with the provisions of this subsection, any contracts awarded must be reviewed and signed by the director of the office of financial management or their designee. Starting January 31, (2019) 2020, and every year thereafter through December (2024) 2025, the

The report shall include specific information to include utilization, how the contracted entities have increased their dental provider networks, how the emergency room use for dental purposes has been reduced, and how dental care has been integrated with patients' primary care providers. If after the end of five years the data reported does not demonstrate sufficient progress to address the stated contracted goals, the legislature will reevaluate whether carved-out dental managed care needs to be replaced with a different delivery model. The authority is authorized to seek any necessary state plan amendments or federal waivers to implement this subsection. Additional dental program savings achieved by the plans beyond those assumed in the (2017-2019) 2019-2021 omnibus appropriations act will be used to increase dental provider reimbursement rates. By October 30, 2018, the authority shall report to the governor and the appropriate committees of the legislature anticipated savings related to reduction in dental emergency department visits and utilization once managed care dental coverage begins.

However, the authority shall not accept or expend any federal funds received under a Medicaid transformation waiver under healthier Washington except as described in (e) and (f) of this subsection until specifically approved and appropriated by the legislature. To ensure compliance with legislative directive budget requirements and terms and conditions of the waiver, the authority shall implement the waiver and reporting requirements with oversight from the office of financial management. The legislature finds that appropriate management of the innovation waiver requires better analytic capability, transparency, consistency, timeliness, accuracy, and lack of redundancy with other established measures and that the patient must be considered first and foremost in the implementation and execution of the demonstration waiver. In order to effectuate these goals, the authority shall: (i) Require the Dr. Robert Bree collaborative and the health technology assessment program to reduce the administrative burden upon providers by only requiring performance measures that are non-duplicative of other nationally established measures. The joint select committee on health care oversight will evaluate the measures chosen by the collaborative and the health technology assessment program for effectiveness and appropriateness; (ii) develop a patient satisfaction survey with the goal to gather information about whether it was beneficial for the patient to use the center of excellence location in exchange for additional out-of-pocket savings; (iii) ensure patients and health care providers have significant input into the implementation of the demonstration waiver, in order to ensure improved patient health outcomes; and (iv) in cooperation with the department of social and health services, consult with and provide notification of work on applications for federal waivers, including details on waiver duration, financial implications, and potential future impacts on the state budget, to the joint select committee on health care oversight prior to submitting waivers for federal approval. By federal standards, the Medicaid transformation demonstration waiver shall not exceed the duration originally granted by the centers for Medicare and Medicaid services and any programs created or funded by this waiver do not create an entitlement.

(e) No more than $486,683,000 of the general fund—federal appropriation and no more than $129,103,000 of the general fund—local appropriation may be expended for transformation through accountable communities of health described in initiative 1 of the Medicaid transformation demonstration waiver under healthier Washington, including preventing youth drug use, opioid prevention and treatment, and physical and behavioral health integration. Under this initiative, the authority shall take into account local input regarding community needs. In order to ensure transparency to the appropriate fiscal committees of the legislature, the authority shall provide fiscal staff of the legislature query ability into any database of the fiscal intermediary that authority staff would be authorized to access. The authority shall not increase general fund—state expenditures under this initiative. The director shall report to the joint select committee on health care oversight no less than quarterly, and include details for each accountable community of health, on the financial status and measurable health outcomes. The director shall also report to the fiscal committees of the legislature all of the expenditures under this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees. By December 15, 2019, the authority in collaboration with each accountable community of health shall demonstrate how it will be self-sustaining by the end of the demonstration waiver period, including sources of outside funding, and provide this reporting to the joint select committee on health care oversight. If by the third year of the demonstration waiver there are not measurable, improved patient outcomes and financial returns, the Washington state institute for public policy will conduct an audit of the accountable communities of health, in addition to the process set in place through the independent evaluation required by the agreement with centers for Medicare and Medicaid services. Prior to the 2018 legislative session, the human services, health care, and judiciary committees of the legislature will convene a joint work session to review models in the delivery system and the impacts on medical liability. The work sessions should include integrated delivery models with multiple health care providers and medical malpractice insurance carriers.

Beginning May 1, 2019, participation in all initiatives under the Medicaid transformation demonstration waiver is frozen at current participation levels. No new participants may be added to any initiative under this demonstration waiver without further federal approval.

(f) No more than $38,425,000 of the general fund—federal appropriation may be expended for supported housing and employment services described in initiative 3a and 3b of the Medicaid transformation demonstration waiver under healthier Washington. or its third party administrator. The authority and the department in consultation with the medicaid forecast work group, shall ensure that reasonable reimbursements are established for services deemed necessary within an identified limit per individual. The authority shall not increase general fund—state expenditures under this initiative. The director shall report to the joint select committee on health care oversight no less than quarterly on financial and health outcomes. The director shall also report to the fiscal committees of the legislature all of the expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees. Beginning May 1, 2019, the authority shall freeze participation in initiatives 3a and 3b at their current level of enrollment. No new participants may be added without further federal approval.

(h) Sufficient amounts are appropriated in this subsection to implement the medicaid expansion as defined in the social security act, section 1902(a)(10)(A)(ii)(VIII).

(i) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiency and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(j) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(k) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(l) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(m) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the health care authority shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(n) $4,261,000 of the general fund—state appropriation for fiscal year 2018, $4,261,000 of the general fund—state appropriation for fiscal year 2019, and $8,522,000 of the general fund—federal appropriation are provided solely for low-income disproportionate share hospital payments.

(p) $6,000,000 of the general fund—federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. The baseline amount will be determined by the total of (i) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2017-2019 biennial operating appropriations act and in effect on July 1, 2015, (ii) one-half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (iii) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2017-2019 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. 2) In addition to salary allocations specified in this subsection (1) funding in this subsection includes one day of professional learning for each of the funded full-time equivalent certificated instructional staff units in school year 2018-19. Nothing in this section entitles an individual certificated instructional staff to any particular number of professional learning days.

3)(a) The appropriations in this section include associated incremental fringe benefit allocations at 22.85 percent for the 2017-18 school year and (23.04%) 23.06 percent for the 2018-19 school year for certificated instructional and certificated administrative staff and 21.10 percent for the 2017-18 school year and (21.17 %) 21.20 percent for the 2018-19 school year for classified staff.

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(b) Funding provided within this section is sufficient for districts to provide school principals and lead special education teachers annual professional development on the best-practices for special education instruction and strategies for implementation. Districts shall annually provide a summary of professional development activities to the office of the superintendent of public instruction.

(2)(a) The superintendent of public instruction shall ensure that:

(i) Special education students are basic education students first;

(ii) As a class, special education students are entitled to the full basic education allocation; and

(iii) Special education students are basic education students for the entire school day.

(b) The superintendent of public instruction shall continue to implement the full cost method of excess cost accounting, as designed by the committee and recommended by the superintendent, pursuant to section 501(1)(k), chapter 372, Laws of 2006.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(b) From July 1, 2017, to August 31, 2017, the superintendent shall allocate funding to school district programs for special education students as provided in section 507, chapter 4, Laws of 2015 3rd sp. sess., as amended.

(5) The following applies throughout this section: The definitions for enrollment and enrollment percent are as specified in RCW 28A.150.390(3). Each district's general fund—state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 13.5 percent.

(6) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with RCW 28A.150.390(3) (c) and (d), and shall be calculated in the aggregate rather than individual district units. At the conclusion of each school year, the superintendent shall recover safety net funds that were distributed prospectively but for which districts were not subsequently eligible.

(a) For the 2017-18 and 2018-19 school years, safety net funds shall be awarded by the state safety net oversight committee as provided in section 109(1) chapter 548, Laws of 2009 (ESHB 2261).

(b) The office of the superintendent of public instruction shall make award determinations for state safety net funding in August of each school year, except that the superintendent of public instruction shall make award determinations for state safety net funding in July of each school year for the Washington state school for the blind and for the center for childhood deafness and hearing loss. Determinations on school district eligibility for state safety net awards shall be based on analysis of actual expenditure data from the current school year.

(8) A maximum of $931,000 may be expended from the general fund—state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(9) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(10) A school district may carry over from one year to the next year up to 10 percent of the general fund—state funds allocated under this program; however, carryover funds shall be expended in the special education program.

(4)(a) The department shall use moneys deposited in the local toxics control account for grants or loans to local governments for the following purposes in descending order of priority:

(i) Extended grant agreements entered into under (((f) (e)(i)) (e)(iv) of this subsection)

(ii) Remedial actions, including planning for adaptive reuse of properties as provided for under (((e)) (e)(iv)) of this subsection. The department must prioritize funding of remedial actions at:

(A) Facilities on the department's hazardous sites list with a high hazard ranking for which there is an approved remedial action work plan or an equivalent document under federal cleanup law;

(B) Brownfield properties within a redevelopment opportunity zone if the local government is a prospective purchaser of the property and there is a department-approved remedial action work plan or equivalent document under the federal cleanup law;

(b) Funds for plans and programs must be allocated consistent with the priorities and matching requirements established in chapters 70.105, 70.95C, 70.95I, and 70.95 RCW.

(c) During the 2013-2015 fiscal biennium, the local toxics control account may also be used for local government stormwater planning and implementation activities.

(d) During the 2013-2015 fiscal biennium, the legislature may transfer from the local toxics control account to the state general fund, such amounts as reflect the excess fund balance in the account.

(e) To expedite cleanups throughout the state, the department may use the following strategies when providing grants to local governments under this subsection:

(i) Enter into an extended grant agreement with a local government conducting remedial actions at a facility where those actions extend over multiple biennia and the total eligible cost of those actions exceeds twenty million dollars. The agreement is subject to the following limitations:

(A) The initial duration of such an agreement may not exceed ten years. The department may extend the duration of such an agreement upon finding substantial progress has been made on remedial actions at the facility;

(B) Extended grant agreements may not exceed fifty percent of the total eligible remedial action costs at the facility; and

(C) The department may not allocate future funding to an extended grant agreement unless the local government has demonstrated to the department that funds awarded under the agreement during the previous biennium have been substantially expended or contracts have been entered into to substantially expend the funds;

(ii) Enter into a grant agreement with a local government conducting a remedial action that provides for periodic reimbursement of remedial action costs as they are incurred as established in the agreement;

(iii) Enter into a grant agreement with a local government prior to it acquiring a property or obtaining necessary access to conduct remedial actions, provided the agreement is conditioned upon the local government acquiring the property or obtaining the access in accordance with a schedule specified in the agreement;

(iv) Provide integrated planning grants to local governments to fund studies necessary to facilitate remedial actions at brownfield properties and adaptive reuse of properties following remediation. Eligible activities include, but are not limited to: Environmental site assessments; remedial investigations; health assessments; feasibility studies; site planning; community involvement; land use and regulatory analyses; building and infrastructure assessments; economic and fiscal analyses; and any environmental analyses under chapter 43.21C RCW;

(v) Provide grants to local governments for remedial actions related to area-wide groundwater contamination. To receive the funding, the local government does not need to be a potentially liable person or be required to seek reimbursement of grant funds from a potentially liable person;

(vi) The director may alter grant matching requirements to create incentives for local governments to expedite cleanups when one of the following conditions exists:

(A) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;

(B) Funding would create new substantial economic development, public recreational opportunities, or habitat restoration opportunities that would not otherwise occur; or

(C) Funding would create an opportunity for acquisition and redevelopment of brownfield property under RCW 70.105D.040(5) that would not otherwise occur;

(vii) When pending grant applications under (e)(iv) and (v) of this subsection (4) exceed the amount of funds available, designated redevelopment opportunity zones must receive priority for distribution of available funds.

(f) To expedite multiparty clean-up efforts, the department may purchase remedial action cost-cap insurance. For the 2013-2015 fiscal biennium, moneys in the local toxics control account may be spent on projects in sections 3024, 3035, 3036, and 3059, chapter 19, Laws of 2013 2nd sp. sess.

(5) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(6) No moneys deposited into either the state or local toxics control account may be used for: Natural disasters where there is no hazardous substance contamination; high performance buildings; solid waste incinerator facility feasibility studies, construction, maintenance, or operation; or projects designed to address the restoration of Puget Sound, funded in a competitive grant process, that are in conflict with the action agenda developed by the Puget
Sound partnership under RCW 90.71.310. However, this subsection does not prevent an appropriation from the state toxics control account to the department of revenue to enforce compliance with the hazardous substance tax imposed in chapter 82.21 RCW.

(7) Except during the 2011-2013 and the 2015-2017 fiscal biennia, one percent of the moneys collected under RCW 82.21.030 shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation that are not expended at the close of any biennium revert to the state toxics control account.

(8) The department shall adopt rules for grant or loan issuance and performance. To accelerate both remedial action and economic recovery, the department may expedite the adoption of rules necessary to implement chapter 1, Laws of 2013 2nd sp. sess. using the expedited procedures in RCW 34.05.333. The department shall initiate the award of financial assistance by August 1, 2013. To ensure the adoption of rules will not delay financial assistance, the department may administer the award of financial assistance through interpretive guidance pending the adoption of rules through July 1, 2014.

(9) Except as provided under subsection (3)(k) and (q) of this section, nothing in chapter 1, Laws of 2013 2nd sp. sess. affects the ability of a potentially liable person to receive public funding.

(10) During the 2015-2017 fiscal biennium the local toxics control account may also be used for the centennial clean water program and for the stormwater financial assistance program administered by the department of ecology.

(11) During the 2017-2019 fiscal biennium:

(a) The state toxics control account, the local toxics control account, and the environmental legacy stewardship account may be used for interchangeable purposes and funds may be transferred between accounts to accomplish those purposes.

(b) The legislature may direct the state treasurer to make transfers of moneys in the state toxics control account to the water pollution control revolving account.

(c) The legislature may direct the state treasurer to make transfers of money in the state toxics control account and the local toxics control account to the general fund.

The appropriations in this section are subject to the

1) Except as provided otherwise in this section, the
entire connecting Washington account—state appropriation
and the entire transportation partnership account—state
appropriation are provided solely for the projects and activities
as listed by fund, project, and amount in LEAP Transportation
Document 2019-2 ALL PROJECTS as developed March 26,
2019, Program - Highway Improvements Program (I). Any
federal funds gained through efficiencies, adjustments to the
federal funds forecast, additional congressional action not
related to a specific project or purpose, or the federal funds
redistribution process must then be applied to highway and
bridge preservation activities.

3) Within the motor vehicle account—state
appropriation and motor vehicle account—federal
appropriation, the department may transfer funds between
programs I and P, except for funds that are otherwise
restricted in this act. The department shall submit a report on
fiscal year funds transferred in the prior fiscal year using this
subsection as part of the department's annual budget
submittal.

4) The connecting Washington account—state
appropriation includes up to $1,515,533,000 in proceeds
from the sale of bonds authorized in RCW 47.10.889.

replacement project account—state appropriation, and
$1,838,000 of the multimodal transportation account—state
appropriation are provided solely for the SR 99/Alaskan
Way Viaduct Replacement project (809936Z).

9) $3,000,000 of the multimodal transportation
account—state appropriation is provided solely for transit
mitigation for the SR 99/Viaduct Project - Construction
Mitigation project (809940B).

10) $164,000,000 of the connecting Washington
account—state appropriation is provided solely for the US
395 North Spokane Corridor project (M00800R).

11) $22,195,000 of the transportation partnership
account—state appropriation, $12,805,000 of the
transportation 2003 account (nickel account)—state
appropriation, and $27,000,000 of the Interstate 405 express
toll lanes operations account—state appropriation are
provided solely for the I-405/522 to I-5 Capacity
Improvements project (L2000234) for activities related to
adding capacity on Interstate 405 between state route
number 522 and Interstate 5, with the goals of increasing
vehicle throughput and aligning project completion with
the implementation of bus rapid transit in the vicinity of the
project. The transportation partnership account—state appropriation and transportation 2003 account (nickel account)—state appropriation are a transfer or a reappropriation of a transfer from the I-405/Kirkland Vicinity Stage 2 - Widening project (8B11002) due to savings.

(12)(a) $395,822,000 of the connecting Washington account—state appropriation and $342,000 of the motor vehicle account—local appropriation are provided solely for the SR 520 Seattle Corridor Improvements - West End project (M00400R).

(b) Recognizing that the department of transportation requires full possession of parcel number 1-23190 to complete the Montlake Phase of the West End project, the department is directed to:

(i) Work with the operator of the Montlake boulevard market located on parcel number 1-23190 to negotiate a lease allowing continued operations up to January 1, 2020. After that time, the department shall identify an area in the vicinity of the Montlake property for a temporary market or other food service to be provided during the period of project construction. Should the current operator elect not to participate in providing that temporary service, the department shall then develop an outreach plan with the city to solicit community input on the food services provided, and then advertise the opportunity to other potential vendors. Further, the department shall work with the city of Seattle and existing permit processes to facilitate vendor access to and use of the area in the vicinity of the Montlake property.

(ii) Upon completion of the Montlake Phase of the West End project (current anticipated contract completion of 2023), WSDOT shall sell that portion of the property not used for permanent transportation improvements and initiate a process to convey that surplus property to a subsequent owner.

(13) It is the intent of the legislature that for the I-5 JBLM Corridor Improvements project (M00100R), the department shall actively pursue $50,000,000 in federal funds to pay for this project to supplant state funds in the future. $50,000,000 in connecting Washington account funding must be held in unallotted status during the 2021-2023 fiscal biennium. These funds may only be used after the department has provided notice to the office of financial management that it has exhausted all efforts to secure federal funds from the federal highway administration and the department of defense.

(14) $265,100,000 of the connecting Washington account—state appropriation is provided solely for the SR 167/SR 509 Puget Sound Gateway project (M00600R).

(a) Any savings on the project must stay on the Puget Sound Gateway corridor until the project is complete.

(b) Proceeds from the sale of any surplus real property acquired for the purpose of building the SR 167/SR 509 Puget Sound Gateway (M00600R) project must be deposited into the motor vehicle account for the purpose of constructing the project.

(c) In making budget allocations to the Puget Sound Gateway project, the department shall implement the project's construction as a single corridor investment. The department shall develop a coordinated corridor construction and implementation plan for state route number 167 and state route number 509 in collaboration with affected stakeholders. Specific funding allocations must be based on where and when specific project segments are ready for construction to move forward and investments can be best optimized for timely project completion. Emphasis must be placed on avoiding gaps in fund expenditures for either project.

(d) It is the legislature's intent that the department shall construct a full single-point urban interchange at the junction of state route number 161 (Meridian avenue) and state route number 167 and a full single-point urban interchange at the junction of state route number 509 and 188th Street. If the department receives additional funds from an outside source for this project after the funding gap on the base project is closed, the funds must first be applied toward the completion of these two full single-point urban interchanges.

(15) It is the intent of the legislature that, for the I-5/North Lewis County Interchange project (L2000204), the department develop and design the project with the objective of significantly improving access to the industrially zoned properties in north Lewis county. The design must consider the county's process of investigating alternatives to improve such access from Interstate 5 that began in March 2015.

(16) $950,000 of the transportation partnership account—state appropriation is provided solely for the U.S. 2 Trestle IJR project (L1000158).

(17) The legislature finds that there are sixteen companies involved in wood preserving in the state that employ four hundred workers and have an annual payroll of fifteen million dollars. Before the department's switch to steel guardrails, ninety percent of the twenty-five hundred mile guardrail system was constructed of preserved wood and one hundred ten thousand wood guardrail posts were produced annually for state use. Moreover, the policy of using steel posts requires the state to use imported steel. Given these findings, where practicable, and until June 30, 2021, the department shall include the design option to use wood guardrail posts, in addition to steel posts, in new guardrail installations. The selection of posts must be consistent with the agency design manual policy that existed before December 2009.

(18)(a) For projects funded as part of the 2015 connecting Washington transportation package listed on the LEAP transportation document identified in subsection (1) of this section, if the department expects to have substantial reappropriations for the 2021-2023 fiscal biennium, the department may, on a pilot basis, apply funding from a project in this section with an appropriation that cannot be used for the current fiscal biennium to advance one or more of the following projects:

(i) I-82 Yakima - Union Gap Economic Development Improvements (T21100R);
(ii) I-5 Federal Way - Triangle Vicinity Improvements (T20400R); or

(iii) SR 522/Paradise Lk Rd Interchange & Widening on SR 522 (Design/Engineering) (NPARADI).

(b) At least ten business days before advancing a project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2021-2023 fiscal biennium.

(c) For connecting Washington projects that have already begun and are eligible for the authority granted in section 601 of this act, the department shall prioritize advancing the following projects if expected reappropriations become available:

(i) SR 14/I-205 to SE 164th Ave - Auxiliary Lanes (L2000102);

(ii) SR 305 Construction - Safety Improvements (N30500R);

(iii) SR 14/Bingen Overpass (L2220062);

(iv) I-405/NE 132nd Interchange - Totem Lake (L1000110);

(v) US Hwy 2 Safety (N00200R); or

(vi) US-12/Walla Walla Corridor Improvements (T209000R).

(d) To the extent practicable, the department shall use the flexibility and authority granted in this section and in section 601 of this act to minimize the amount of reappropriations needed each biennium.

(19) The legislature continues to prioritize the replacement of the state’s aging infrastructure and recognizes the importance of reusing and recycling construction aggregate and recycled concrete materials in our transportation system. To accomplish Washington state’s sustainability goals in transportation and in accordance with RCW 70.95.805, the legislature reaffirms its determination that recycled concrete aggregate and other transportation building materials are natural resource construction materials that are too valuable to be wasted and landfilled, and are a commodity as defined in WAC 173-350-100.

Further, the legislature determines construction aggregate and recycled concrete materials substantially meet widely recognized international, national, and local standards and specifications referenced in American society for testing and materials, American concrete institute, Washington state department of transportation, Seattle department of transportation, American public works association, federal aviation administration, and federal highway administration specifications, and are described as necessary and desirable products for recycling and reuse by state and federal agencies.

As these recyclable materials have well established markets, are substantially a primary or secondary product of necessary construction processes and production, and are managed as an item of commercial value, construction aggregate and recycled concrete materials are exempt from chapter 173-350 WAC.

(20) $8,500,000 of the motor vehicle account—state appropriation is provided solely for staffing of a project office to replace the Interstate 5 bridge across the Columbia river (G2000088). The work of this project office should include, but is not limited to, the reevaluation of the purpose and need identified for the project previously known as the Columbia river crossing, the reevaluation of permits and development of a finance plan, the reengagement of key stakeholders, and the reevaluation of scope, schedule, and budget for a reinvigorated interstate effort for replacement of the Interstate 5 Columbia river bridge. When reevaluating the finance plan for the project, the department shall assume that some costs of the new facility may be covered by tolls. Within the amount provided in this subsection, the department must implement chapter . . . (Engrossed Substitute House Bill No. 1994) (projects of statewide significance), Laws of 2019. The project office must also study the possible different governance structures for a bridge authority that would provide for the joint administration of the bridges over the Columbia river between Oregon and Washington. As part of this study, the project office must examine the feasibility and necessity of an interstate compact in conjunction with the national center for interstate compacts. The department shall reengage project stakeholders, and reevaluate the purpose and need and environmental permits by July 1, 2020. The department must have developed a finance plan by December 1, 2020, and have made significant progress towards beginning the supplemental environmental impact statement process by June 30, 2021. The department shall provide a progress report on these activities to the governor and the transportation committees of the legislature by December 1, 2019, and a final report to the governor and the transportation committees of the legislature by December 1, 2020.

(21) $6,823,000 of the motor vehicle account—state appropriation, $36,500,000 of the connecting Washington account—state appropriation, $44,961,000 of the motor vehicle account—federal appropriation, and $185,716,000 of the forward Washington account—state appropriation are provided solely for the Fish Passage Barrier project (0BI4001) with the intent of fully complying with the court injunction by 2030. The department shall coordinate with the Brian Abbott fish passage barrier removal board to use a watershed approach to maximize habitat gain by replacing both state and local culverts.

(22) $14,750,000 of the connecting Washington account—state appropriation and $8,900,000 of the motor vehicle account—local appropriation are provided solely for the I-90/Barker to Harvard – Improve Interchanges & Local Roads project (L2000122). The connecting Washington appropriation may only be expended if the city of Liberty Lake agrees to cover any project costs above the $18,000,000 of state appropriation provided for the total project in LEAP Transportation Document 2019-1 as developed March 26, 2019, Program – Highway Improvements (I).

The department shall issue FRIB program loans with a repayment period of no more than ten years, and charge only so much interest as is necessary to recoup the department's costs to administer the loans. The department shall report annually to the transportation committees of the legislature and the office of financial management on all FRIB loans issued.

(3) $8,112,000 of the multimodal transportation account—state appropriation, $51,000 of the transportation infrastructure account—state appropriation, and $135,000 of the essential rail assistance account—state appropriation are provided solely for new statewide emergent freight rail assistance projects identified in the LEAP transportation document referenced in subsection (1) of this section.

The value of the public benefit of this project is expected to meet or exceed the cost of this project in: Shipper savings on transportation costs; jobs saved in rail-dependent industries; and/or reduced future costs to repair wear and tear on state and local highways due to fewer annual truck trips (reduced vehicle miles traveled). The amounts provided in this subsection are not a commitment for future legislatures, but it is the legislature's intent that future legislatures will work to approve biennial appropriations until the full $7,337,000 cost of this project is reimbursed.

(5)(a) $365,000 of the essential rail assistance account—state appropriation is provided solely for the purpose of the rehabilitation and maintenance of the Palouse river and Coulee City railroad line (F01111B).

(6) The department shall issue a call for projects for the freight rail assistance program, and shall evaluate the applications in a manner consistent with past practices as specified in section 309, chapter 367, Laws of 2011. By November 15, 2020, the department shall submit a prioritized list of recommended projects to the office of financial management on all FRIB loans issued.
financial management and the transportation committees of the legislature.

(7) $10,000,000 of the multimodal transportation account—state appropriation is provided solely as expenditure authority for any insurance proceeds received by the state for Passenger Rail Equipment Replacement (project 700010C.) IMPLEMENTING PROVISIONS

NEW SECTION. Sec. 601. FUND TRANSFERS

(1) The 2005 transportation partnership projects or improvements and 2015 connecting Washington projects or improvements are listed in the LEAP Transportation Document 2019-1 as developed March 26, 2019, which consists of a list of specific projects by fund source and amount over a sixteen-year period. Current fiscal biennium funding for each project is a line-item appropriation, while the outer year funding allocations represent a sixteen-year plan. The department of transportation is expected to use the flexibility provided in this section to assist in the delivery and completion of all transportation partnership account and connecting Washington account projects on the LEAP transportation document referenced in this subsection. For the 2019-2021 project appropriations, unless otherwise provided in this act, the director of the office of financial management may provide written authorization for a transfer of appropriation authority between projects funded with transportation partnership account appropriations or connecting Washington account appropriations to manage project spending and efficiently deliver all projects in the respective program under the following conditions and limitations:

(a) Transfers may only be made within each specific fund source referenced on the respective project list;

(b) Transfers from a project may not be made as a result of the reduction of the scope of a project or be made to support increases in the scope of a project;

(c) Transfers from a project may be made if the funds appropriated to the project are in excess of the amount needed in the current fiscal biennium;

(d) Transfers may not occur for projects not identified on the applicable project list;

(e) Transfers may not be made while the legislature is in session;

(f) Transfers to a project may not be made with funds designated as attributable to practical design savings as described in RCW 47.01.480;

(g) Each transfer between projects may only occur if the director of the office of financial management finds that any resulting change will not hinder the completion of the projects as approved by the legislature. Until the legislature reconvenes to consider the 2020 supplemental omnibus transportation appropriations act, any unexpended 2017-2019 appropriation balance as approved by the office of financial management, in consultation with the legislative staff of the house of representatives and senate transportation committees, may be considered when transferring funds between projects; and

(b) Transfers between projects may be made by the department of transportation without the formal written approval provided under this subsection (1), provided that the transfer amount does not exceed two hundred fifty thousand dollars or ten percent of the total project, whichever is less. These transfers must be reported quarterly to the director of the office of financial management and the chairs of the house of representatives and senate transportation committees.

(2) The department of transportation must submit quarterly all transfers authorized under this section in the transportation executive information system. The office of financial management must maintain a legislative baseline project list identified in the LEAP transportation documents.
referenced in this act, and update that project list with all authorized transfers under this section.

(3) At the time the department submits a request to transfer funds under this section, a copy of the request must be submitted to the transportation committees of the legislature.

(4) Before approval, the office of financial management shall work with legislative staff of the house of representatives and senate transportation committees to review the requested transfers in a timely manner.

(5) No fewer than ten days after the receipt of a project transfer request, the director of the office of financial management must provide written notification to the department of any decision regarding project transfers, with copies submitted to the transportation committees of the legislature.

(1) The allocation of costs between the employer and members of the Washington state patrol retirement system shall be made only after the application of any minimum total contribution rate that may be in effect for the system under subsection (4) of this section. For benefit improvements effective on or after July 1, 2007, costs shall be shared equally by members and the employer, and any cap on member contributions shall be adjusted accordingly. The member contribution rate shall be based on the adjusted total contribution rate described in subsection (2) of this section. Beginning July 1, 2007, the required member contribution rate for members of the Washington state patrol retirement system shall be the lesser of the following: (a) One-half of the adjusted total contribution rate for the system; or (b) seven percent, plus fifty percent of the contribution rate increase caused by any benefit improvements effective on or after July 1, 2007.

(2) The employer shall continue to pay for all costs attributable to distributions under RCW 43.43.270(2) for survivors of members who became disabled under RCW 43.43.040(2) prior to July 1, 2006, until such costs are fully paid. In order to avoid charging members for these costs, the total required contribution rate shall be adjusted to exclude these costs. The result of the adjustment shall be the adjusted total contribution rate that is to be used to calculate the required member contribution rate.

(3) The employer rate shall be the contribution rate required to cover all total system costs that are not covered by the member contribution rate.

(4) Beginning July 1, 2009, a minimum total contribution rate is established for the Washington state patrol retirement system. The total Washington state patrol retirement system contribution rate may exceed, but may not drop below, the established minimum total contribution rate. From July 1, 2009, through June 30, 2011, the minimum total contribution rate shall equal the total contribution rate required to fund fifty percent of the Washington state patrol retirement system's normal cost as calculated under the entry age normal cost method. Beginning July 1, 2011, the minimum total contribution rate shall equal the total contribution rate required to fund seventy percent of the Washington state patrol retirement system's normal cost as calculated under the entry age normal cost method. This minimum rate, when applicable, shall be collected in addition to any contribution rate required to amortize any unfunded costs attributable to distributions under RCW 43.43.270(2) for survivors of members who became disabled under RCW 43.43.040(2) prior to July 1, 2006.

(5) Upon completion of each biennial actuarial valuation, the state actuary shall review the appropriateness of this minimum total contribution rate and recommend to the council any adjustments as may be needed. Any changes adopted by the council shall be subject to revision by the legislature.

(6) The legislature recognizes the short-term volatility of projected employer contribution rates for the Washington state patrol retirement system and intends to phase-in the increase in contribution rates from the 2017-2019 biennium to the 2019-2021 biennium over three successive biennia. The phase-in shall be calculated by the state actuary and shall not result in an expected funding shortfall when measured over the entire phase-in period. Consistent with this intent, the legislature revises the basic employer contribution rate for the Washington state patrol retirement system from 22.13 percent to 17.5 percent during the 2019-2021 biennium. By June 30, 2020, the state actuary shall calculate and report to the council the expected change to the basic employer contribution rates for the 2021-2023 and 2023-2025 biennia that continue this phase-in.

The appropriations in this section are subject to the following conditions and limitations:

1. $6,000,000 of the motor vehicle account—state appropriation is provided solely for low-cost enhancements. The department shall give priority to low-cost enhancement projects that improve safety or provide congestion relief. By December 15th of each odd-numbered year, the department shall provide a report to the legislature listing all low-cost enhancement projects completed in the prior fiscal biennium.

2. When regional transit authority construction activities are visible from a state highway, the department shall allow the regional transit authority to place safe and appropriate signage informing the public of the purpose of the construction activity.

3. The department must make signage for low-height bridges a high priority.

4. $50,000 of the motor vehicle account—state appropriation is provided solely for the department to coordinate with the appropriate local jurisdictions for development and implementation of a historic route 10 signage program on Interstate 90 from the Columbia River to the Idaho state border.

5(a) During the 2017-2019 fiscal biennium, the department shall continue a pilot program that expands private transportation providers' access to high occupancy vehicle lanes. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, the following vehicles must be authorized to use the reserved portion of the highway if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle: (i) Auto transportation company vehicles regulated under Chapter 81.68 RCW; (ii) passenger charter carrier vehicles regulated under Chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (iii) private nonprofit transportation provider vehicles regulated under Chapter 81.66 RCW; and (iv) private employer transportation service vehicles. For purposes of this subsection, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees. Nothing in this subsection is intended to authorize the conversion of public infrastructure to private, for-profit purposes or to otherwise create an entitlement or other claim by private users to public infrastructure.

(b) The department shall expand the high occupancy vehicle lane access pilot program to vehicles that deliver or collect blood, tissue, or blood components for a blood-collecting or distributing establishment regulated under Chapter 70.335 RCW. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, blood-collecting or distributing establishment vehicles that are clearly and identifiably marked as such on all sides of the vehicle are considered emergency vehicles and must be authorized to use the reserved portion of the highway.

(c) The department shall expand the high occupancy vehicle lane access pilot program to private, for hire vehicles regulated under Chapter 81.72 RCW that have been specially manufactured, designed, or modified for the transportation of a person who has a mobility disability and uses a wheelchair or other assistive device. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, wheelchair-accessible taxicabs that are clearly and identifiably marked as such on all sides of the vehicle are considered public transportation vehicles and must be authorized to use the reserved portion of the highway.

(d) Nothing in this subsection (5) is intended to exempt these vehicles from paying tolls when they do not meet the occupancy requirements established by the department for high occupancy toll lanes.

A report on the process and outcomes is due to the transportation committees of the legislature no later than December 1, 2017.

(2) $100,000 of the motor vehicle account—state appropriation and $250,000 of the motor vehicle account—federal appropriation are provided solely for a study that details a cost estimate for replacing the westbound U.S. 2 trestle and recommends a series of financing options to address that cost and to satisfy debt service requirements.

In conducting the study, the department shall work in close collaboration with a stakeholder group that includes, but is not limited to, Snohomish county, the Port of Everett, Snohomish County, the cities of Everett, Lake Stevens, Marysville, Snohomish, and Monroe, and affected transit agencies.

The department shall quantify both the cost of replacing the westbound trestle structure and making mobility and capacity improvements to maximize the use of the structure in the years leading up to full replacement. Financing options that should be examined and quantified include public-private partnerships, public-public partnerships, a transportation benefit district tailored to the specific incorporated and unincorporated area, loans and grants, and other alternative financing measures available at the state or federal level.

The department shall also evaluate ways in which the costs of alternative financing can be debt financed.

The department shall complete the study and submit a final report and recommendations to the transportation committees of the legislature, including recommendations on statutory changes needed to implement available financing options, by January 8, 2018.

(3) $181,000 of the motor vehicle account—state appropriation is provided solely for the department, in coordination with the University of Washington department of mechanical engineering, to study measures to reduce noise impacts from bridge expansion joints. The study must examine testing methodologies and project timelines and costs. A final report must be submitted to the transportation committees of the legislature by October 15, 2018.

(4) $200,000 of the motor vehicle account—state appropriation is provided solely for implementation of a practical solutions study for the state route number 162 and state route number 410 interchange, based on the recommendations of the SR-162 Study/Design project (L2000107). (5) $500,000 of the motor vehicle account—state appropriation is provided solely for implementation of a state route number 518 corridor study to be conducted in partnership with the Port of Seattle, Sound Transit and other regional entities. The department must study practical solutions to address high vehicle volumes and delays in the corridor including evaluation of solutions to the rapid growth
of traffic in the corridor and how that growth impacts access to the Seattle-Tacoma international airport and the surrounding communities. ((The study must be submitted to the transportation committees of the legislature by June 30, 2019.))

(6) (($500,000)) $370,000 of the motor vehicle account—state appropriation and $50,000 of the motor vehicle account—local appropriation are provided solely for implementation of a corridor study to identify potential improvements between exit 116 and exit 99 of Interstate 5. The study should further develop mid- and long-term strategies from the corridor sketch, and identify potential US 101/I-5 interchange improvements, a strategic plan for the Nisqually River bridges, regional congestion relief options, and ecosystem benefits to the Nisqually River estuary for salmon productivity and flood control.

(7) Among the options studied as part of the SR 410 Corridor Study, the department shall examine the mobility and safety benefits of replacing or expanding the White River bridge between Enumclaw and Buckley to four lanes and removing the trestle.

(8) Within existing resources, the department shall meet with local stakeholders in south Pierce county and North Thurston county to discuss potential solutions to traffic congestion; emergency management concerns regarding routes away from natural disasters and around incidents similar to the train derailment that occurred on December 18, 2017; and what state transportation investments would benefit the economic development of the area. The department shall provide regular updates on its progress to the joint transportation committee.

(11) $12,500,000 of the multimodal transportation account—state appropriation is provided solely for transit mitigation for the SR 99/Viaduct Project - Construction Mitigation project (809940B).

(12) Within existing resources, during the regular sessions of the legislature, the department of transportation shall participate in work sessions, before the transportation committees of the house of representatives and senate, on the Alaskan Way viaduct replacement project. These work sessions must include a report on current progress of the project, timelines for completion, outstanding claims, the financial status of the project, and any other information necessary for the legislature to maintain appropriate oversight of the project. The parties invited to present may include the department of transportation, the Seattle tunnel partners, and other appropriate stakeholders.

(13) $7,769,000 of the transportation partnership account—state appropriation, $6,744,000 of the transportation 2003 account (nickel account)—state appropriation, $215,000 of the motor vehicle account—federal appropriation, and $5,000,000 of the special category C account—state appropriation are provided solely for the US 395/North Spokane Corridor project (600010A). Any future savings on the project must stay on the US 395/Interstate 90 corridor and be made available to the current phase of the North Spokane corridor project or any future phase of the project in 2017-2019.

(14) (($27,415,000)) $4,220,000 of the transportation partnership account—state appropriation, $16,000 of the motor vehicle account—local appropriation, and (($12,158,000)) $353,000 of the transportation 2003 account (nickel account)—state appropriation are provided solely for the I-405/Kirkland Vicinity Stage 2 - Widening project (8B11002). This project must be completed as soon as practicable as a design-build project. Any future savings on this project or other Interstate 405 corridor projects must
stay on the Interstate 405 corridor and be made available to either the I-405/SR 167 Interchange - Direct Connector project (140504C), the I-405 Renton to Bellevue project (M00900R), or the I-405/SR 522 to I-5 Capacity Improvements project (L2000234) in the 2017-2019 fiscal biennium.

(15) $4,960,000 of the transportation partnership account—state appropriation and $3,000,000 of the Interstate 405 express toll lanes operations account—state appropriation are provided solely for the I-405/SR 522 to I-5 Capacity Improvements project (L2000234) for activities related to adding capacity on Interstate 405 between state route number 522 and Interstate 5, with the goals of increasing vehicle throughput and aligning project completion with the implementation of bus rapid transit in the vicinity of the project. The transportation partnership account—state appropriation funding is a transfer or a reappropriation of a transfer from the I-405/Kirkland Vicinity Stage 2 - Widening project due to savings, and will start an additional phase of this I-405 project.

(16)(a) The SR 520 Bridge Replacement and HOV project (8BI1003) is supported over time from multiple sources, including a $300,000,000 TIFIA loan, $924,615,000 in Garvee bonds, toll revenues, state bonds, interest earnings, and other miscellaneous sources.

(b) (($78,958,000)) $49,353,000 of the transportation partnership account—state appropriation, $12,296,000 of the motor vehicle account—federal appropriation, and (($232,000)) $50,000 of the motor vehicle account—local appropriation are provided solely for the SR 520 Bridge Replacement and HOV project (8BI1003).

(c) When developing the financial plan for the project, the department shall assume that all maintenance and operation costs for the new facility are to be covered by tolls collected on the toll facility and not by the motor vehicle account.

(17) The department shall itemize all future requests for the construction of buildings on a project list and submit them through the transportation executive information system as part of the department's annual budget submittal. It is the intent of the legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

(18) Any advisory group that the department convenes during the 2017-2019 fiscal biennium must consider the interests of the entire state of Washington.

(19) It is the intent of the legislature that for the I-5 JBLM Corridor Improvements project (M00100R), the department shall actively pursue $50,000,000 in federal funds to pay for this project to supplant state funds in the future. $50,000,000 in connecting Washington account funding must be held in unallotted status during the 2021-2023 fiscal biennium. These funds may only be used after the department has provided notice to the office of financial management that it has exhausted all efforts to secure federal funds from the federal highway administration and the department of defense.

(20) (($93,651,000)) $133,651,000 of the connecting Washington account—state appropriation is provided solely for the SR 167/SR 509 Puget Sound Gateway project (M00600R).

(a) Any savings on the project must stay on the Puget Sound Gateway corridor until the project is complete.

(b) Proceeds from the sale of any surplus real property acquired for the purpose of building the SR 167/SR 509 Puget Sound Gateway (M00600R) project must be deposited into the motor vehicle account for the purpose of constructing the project.

(21)(a) In making budget allocations to the Puget Sound Gateway project, the department shall implement the project's construction as a single corridor investment. The department shall develop a coordinated corridor construction and implementation plan for state route number 167 and state route number 509 in collaboration with affected stakeholders. Specific funding allocations must be based on where and when specific project segments are ready for construction to move forward and investments can be best optimized for timely project completion. Emphasis must be placed on avoiding gaps in fund expenditures for either project.

(b) The secretary of transportation must develop a memorandum of understanding with local project stakeholders that identifies a schedule for stakeholders to provide local matching funds for the Puget Sound Gateway project. Criteria for eligibility of local match includes matching funds and equivalent in-kind contributions including, but not limited to, land donations. The memorandum of understanding must be finalized by July 1, 2018. The department must submit a copy of the memorandum of understanding to the transportation committees of the legislature and report regularly on the status of the requirements outlined in this subsection (21)(b) and (c) of this subsection.

(c) During the course of developing the memorandum of understanding, the department must evaluate the project schedules to determine if there are any benefits to be gained by moving the project schedule forward. It is the legislature's intent that if the department identifies any savings after the funding gap on the base project is closed as part of the proposal to expedite the project, that these cost savings shall go toward construction of a full single-point urban interchange at the junction of state route number 161 (Meridian avenue) and state route number 167 and a full single-point urban interchange at the junction of state route number 509 and 188th Street. If the department receives additional funds from an outside source for this project after the funding gap on the base project is closed, the funds must be applied toward the completion of these two full single-point urban interchanges.

(d) For the SR 167/SR 509 Puget Sound Gateway project (M00600R) the department is strongly encouraged to work to relocate any significant businesses currently located within the planned path of the state route number 509/Interstate 5 under-crossing to a location within the Kent city limits. The department shall provide regular updates on
its progress to the joint transportation committee and affected stakeholders.

   (c) In designing the state route number 509/state route number 516 interchange component of the SR 167/SR 509 Puget Sound Gateway project (M00600R), the department shall make every effort to utilize the preferred "4B" design.

   (22) It is the intent of the legislature that, for the I-5/North Lewis County Interchange project (L2000204), the department develop and design the project with the objective of significantly improving access to the industrially zoned properties in north Lewis county. The design must consider the county's process of investigating alternatives to improve such access from Interstate 5 that began in March 2015.

   (23)(a) $1,050,000 of the transportation partnership account—state appropriation and $942,000 of the motor vehicle account—state appropriation are provided solely for the U.S. 2 Trestle IJR project (L1000158).

   (b) Of the amounts provided in this subsection, $942,000 of the motor vehicle account—state appropriation is provided solely for the department to complete an interchange justification report (IJR) for the U.S. 2 trestle, covering the state route number 204 and 20th Street interchanges at the end of the westbound structure.

   (24)(a) The legislature recognizes that the city of Mercer Island has unique access issues that require the use of Interstate 90 to leave the island and that this access may be affected by the I-90/Two-Way Transit and HOV Improvements project. One of the most heavily traveled on-ramps from Mercer Island to the westbound Interstate 90 general purpose lanes is from Island Crest Way. The department must continue to consult with the city of Mercer Island and the other signatories to the 1976 memorandum of agreement to preserve access provided to Mercer Island by the Island Crest Way on-ramp, and thus grandfather in the current use of the on-ramp for both high occupancy vehicles as well as vehicles seeking to access the general purpose lanes of Interstate 90. The department must consider all reasonable access solutions, including allowing all vehicles to use the Island Crest Way on-ramp to access the new high occupancy vehicle lane with a reasonable and safe distance provided for single-occupancy vehicles to merge into the general purpose lanes.

   (b) A final access solution for Mercer Island must consider the following criteria: Safety; operational effects on all users, including maintaining historic access to Interstate 90 provided from Mercer Island by Island Crest Way; enforcement requirements; and compliance with state and federal law.

   (c) The department may not restrict by occupancy the westbound on-ramp from Island Crest Way until a final access solution that meets the criteria in (b) of this subsection has been reached.

   (25) $3,222,000 of the Interstate 405 express toll lanes operations account—state appropriation is provided solely for the I-405 NB Hard Shoulder Running – SR 527 to I-5 project (L1000163).

   (26) The legislature finds that there are sixteen companies involved in wood preserving in the state that employ four hundred workers and have an annual payroll of fifteen million dollars. Before the department's switch to steel guardrails, ninety percent of the twenty-five hundred mile guardrail system was constructed of preserved wood and one hundred ten thousand wood guardrail posts were produced annually for state use. Moreover, the policy of using steel posts requires the state to use imported steel. Given these findings, where practicable, and until June 30, 2019, the department shall include the design option to use wood guardrail posts, in addition to steel posts, in new guardrail installations. The selection of posts must be consistent with the agency design manual policy that existed before December 2009.

   (27) For the SR 526 Corridor Improvements project (N52600R), the department shall look holistically at the state route number 526 corridor from the state route number 526/Interstate 5 interchange at the east end to the southwest Everett industrial area and Boeing's west access road on the west end. The department, working with affected jurisdictions and stakeholders, shall select project elements that best maximize mobility and congestion relief in the corridor and draw from project elements identified in a practical solutions process.

   (28)(a) For projects funded as part of the 2015 connecting Washington transportation package listed on the LEAP transportation document identified in subsection (1) of this section, if the department expects to have substantial reappropriations for the 2019-2021 fiscal biennium, the department may, on a pilot basis, apply funding from a project with an appropriation that cannot be used for the current fiscal biennium to advance one or more of the following projects:

   (i) SR 20/Sharpes Corner Vicinity Intersection (L1000112);

   (ii) I-5/Marvin Road/SR 510 Interchange (L1100110);

   (iii) I-5/Northbound On-ramp at Bakerview (L2000119);

   (iv) US 395/Ridgeline Intersection (L2000127);

   (v) I-90/Eastside Restripe Shoulders (L2000201);

   (vi) SR 240/Richland Corridor Improvements (L2000202);
(vii) SR 14/Bingen Overpass (L2220062);
(viii) US Hwy 2 Safety (N00200R);
(ix) SR 520/148th Ave NE Overlake Access Ramp (L1100101);
(x) SR 28/SR 285 North Wenatchee Area Improvements (L2000061);
(xi) I-5/Rebuild Chamber Way Interchange Improvements (L2000223);
(xii) SR 28 East Wenatchee Corridor Improvements (T10300R);
(xiii) SR 3 Freight Corridor (T30400R); or
(xiv) SR 510/Yelm Loop Phase 2 (T32700R).

(b) At least ten business days before advancing a project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2019-2021 fiscal biennium.

(29) Within existing resources and in consultation with local communities, the department shall begin planning efforts, including traffic data collection, analysis and evaluation, scoping, and environmental review, for roundabouts at the intersection of state route number 900 and SE May Valley Road and at the intersection of state route number 169 and Cedar Grove Road SE.

(30) The legislature continues to prioritize the replacement of the state's aging infrastructure and recognizes the importance of reusing and recycling construction aggregate and recycled concrete materials in our transportation system.

To accomplish Washington state's sustainability goals in transportation and in accordance with RCW 70.95.805, the legislature reaffirms its direction to the department to lead the way in advancing the reuse and recycling of construction aggregate and recycled concrete materials whenever readily available, to use these recycled products when cost competitive, and to work with industry implementation partners to remove obstacles that unnecessarily preclude or inhibit their use and implement strategies for the reuse and recycling of construction aggregate and recycled concrete materials.

Specific steps and efforts made to achieve these objectives and accomplishments shall be included in the annual report to the legislature as required by RCW 70.95.807.

(31) Within existing resources, the department shall implement a safety solution after evaluating barrier and mitigation options on state route number 167 between the intersections with 50th Ave E and E 40th Street in Pierce county to prevent vehicles from leaving the roadway and entering private property below the grade of the highway.

(32) $350,000 of the motor vehicle account—state appropriation is provided solely for implementation of chapter 288 (Substitute Senate Bill No. 5806), Laws of 2017 (I-5 Columbia river bridge), listed as Replacement Bridge on Interstate 5 across the Columbia River project number (L2000259).

(33) For the SR 520 Seattle Corridor Improvements – West End project (M00400R), the legislature recognizes the department must acquire the entirety of parcel number 1-23190 for construction of the project. The department shall work with its design-build contractor to ensure to the maximum extent practicable that the building housing any grocery store or market currently located on parcel number 1-23190 will be preserved. The legislature recognizes the city of Seattle has requirements in the project area that the department must address and that those requirements may affect the use of parcel number 1-23190 and may affect the ability of the department to preserve any grocery store or market currently located on the property. The department shall meet and confer regularly with residents in the vicinity of the parcel regarding the status of the project and its effects on any grocery store or market currently located on the property. The legislature strongly encourages the city to utilize maximum flexibility in how the department meets the city's requirements and to be an equal partner in efforts to preserve any grocery store or market on parcel number 1-23190.

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate Amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1160 and asked the Senate for a conference thereon. The Speaker (Representative Lovick presiding) appointed Representatives Fey, Wylie and Barkis as conferees.

CONFERENCE COMMITTEE REPORT

April 25, 2019
Senate Bill No. 5380

Mr. President:
Mr. Speaker:

We of your Conference Committee, to whom was referred SUBSTITUTE SENATE BILL NO. 5380, concerning opioid use disorder treatment, prevention, and related services, have had the same under consideration and we recommend that:

All previous amendments not be adopted and that the attached striking amendment (H-3087.1/19) be adopted and that the bill do pass as recommended by the Conference Committee:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature declares that opioid use disorder is a public health crisis. State agencies must increase access to evidence-based opioid use disorder treatment services, promote coordination of services within the substance use disorder treatment and recovery support system, strengthen partnerships between opioid use disorder treatment providers and their allied community partners, expand the use of the Washington state prescription drug monitoring program, and support comprehensive school and community-based substance use prevention services.

This act leverages the direction provided by the Washington state interagency opioid working plan in order to address the opioid epidemic challenging communities throughout the state.

Agencies administering state purchased health care programs, as defined in RCW 41.05.011, shall coordinate activities to implement the provisions of this act and the Washington state interagency opioid working plan, explore opportunities to address the opioid epidemic, and provide status updates as directed by the joint legislative executive committee on health care oversight to promote legislative and executive coordination."
Sec. 2. 2005 c 70 s 1 (uncodified) is amended to read as follows:

The legislature finds that drug use among pregnant individuals is a significant and growing concern statewide. (The legislature further finds that methadone, although an effective alternative to other substance use treatments, can result in babies who are exposed to methadone while in utero being born addicted and facing the painful effects of withdrawal.) Evidence-informed group prenatal care reduces preterm birth for infants, and increases maternal social cohesion and support during pregnancy and postpartum, which is good for maternal mental health.

It is the intent of the legislature to notify all pregnant individuals who are receiving medication for the treatment of opioid use disorder of the risks and benefits such medication could have on their baby during pregnancy through birth and to inform them of the potential need for the newborn baby to be treated in a hospital setting or in a specialized supportive environment designed specifically to address and manage neonatal opioid or other drug withdrawal syndromes.

NEW SECTION. Sec. 3. A new section is added to chapter 18.22 RCW to read as follows:

(b) Administration of an opioid in an inpatient or outpatient treatment setting.

(7) This section does not apply to practitioners licensed under chapter 18.92 RCW.

(8) The department shall review this section by March 31, 2026, and report to the appropriate committees of the legislature on whether this section should be retained, repealed, or amended.

Sec. 18. RCW 70.41.480 and 2015 c 234 s 1 are each amended to read as follows:

(1) The legislature finds that high quality, safe, and compassionate health care services for patients of Washington state must be available at all times. The legislature further finds that there is a need for patients being released from hospital emergency departments to maintain access to emergency medications when community or hospital pharmacy services are not available, including medication for opioid overdose reversal and for the treatment for opioid use disorder as appropriate. It is the
intent of the legislature to accomplish this objective by allowing practitioners with prescriptive authority to prescribe limited amounts of prepackaged emergency medications to patients being discharged from hospital emergency departments when access to community or outpatient hospital pharmacy services is not otherwise available.

(2) A hospital may allow a practitioner to prescribe prepackaged emergency medications and allow a practitioner or a registered nurse licensed under chapter 18.79 RCW to distribute prepackaged emergency medications to patients being discharged from a hospital emergency department in the following circumstances:

(a) During times when community or outpatient hospital pharmacy services are not available within fifteen miles by road; or

(b) When, in the judgment of the practitioner and consistent with hospital policies and procedures, a patient has no reasonable ability to reach the local community or outpatient pharmacy; or

(c) When, in the judgment of the practitioner and consistent with hospital policies and procedures, a patient is at risk of opioid overdose and the prepackaged emergency medication being distributed is an opioid overdose reversal medication. The labeling requirements of RCW 69.41.050 and 18.64.246 do not apply to opioid overdose reversal medications dispensed, distributed, or delivered pursuant to a prescription, collaborative drug therapy agreement, standing order, or protocol issued in accordance with this section. The individual or entity that dispenses, distributes, or delivers an opioid overdose reversal medication as authorized by this section must ensure that directions for use are provided.

(3) A hospital may only allow this practice if: The director of the hospital pharmacy, in collaboration with appropriate hospital medical staff, develops policies and procedures regarding the following:

(a) Development of a list, preapproved by the pharmacy director, of the types of emergency medications to be prepackaged and distributed;

(b) Assurances that emergency medications to be prepackaged pursuant to this section are prepared by a pharmacist or under the supervision of a pharmacist licensed under chapter 18.64 RCW;

(c) Development of specific criteria under which emergency prepackaged medications may be prescribed and distributed consistent with the limitations of this section;

(d) Assurances that any practitioner authorized to prescribe prepackaged emergency medication or any nurse authorized to distribute prepackaged emergency medication is trained on the types of medications available and the circumstances under which they may be distributed;

(e) Procedures to require practitioners intending to prescribe prepackaged emergency medications pursuant to this section to maintain a valid prescription either in writing or electronically in the patient's records prior to a medication being distributed to a patient;

(f) Establishment of a limit of no more than a forty-eight hour supply of emergency medication as the maximum to be dispensed to a patient, except when community or hospital pharmacy services will not be available within forty-eight hours. In no case may the policy allow a supply exceeding ninety-six hours be dispensed;

(g) Assurances that prepackaged emergency medications will be kept in a secure location in or near the emergency department in such a manner as to preclude the necessity for entry into the pharmacy; and

(b) Assurances that nurses or practitioners will distribute prepackaged emergency medications to patients only after a practitioner has counseled the patient on the medication.

(((4))) (4) The delivery of a single dose of medication for immediate administration to the patient is not subject to the requirements of this section.

(((4))) (5) Nothing in this section restricts the authority of a practitioner in a hospital emergency department to distribute opioid overdose reversal medication under RCW 69.41.095.

(6) For purposes of this section:

(a) "Emergency medication" means any medication commonly prescribed to emergency department patients, including those drugs, substances or immediate precursors listed in schedules II through V of the uniform controlled substances act, chapter 69.50 RCW, as now or hereafter amended.

(b) "Distribute" means the delivery of a drug or device other than by administering or dispensing.

(c) "Practitioner" means any person duly authorized by law or rule in the state of Washington to prescribe drugs as defined in RCW 18.64.011(29).

(d) "Nurse" means a registered nurse as defined in RCW 18.79.020.

Sec. 19. RCW 70.168.090 and 2010 c 52 s 5 are each amended to read as follows:

(1)(a) By July 1991, the department shall establish a statewide data registry to collect and analyze data on the incidence, severity, and causes of trauma, including traumatic brain injury. The department shall collect additional data on traumatic brain injury should additional data requirements be enacted by the legislature. The registry shall be used to improve the availability and delivery of prehospital and hospital trauma care services. Specific data elements of the registry shall be defined by rule by the department. To the extent possible, the department shall coordinate data collection from hospitals for the trauma registry with the health care data system authorized in chapter 70.170 RCW. Every hospital, facility, or health care provider authorized to provide level I, II, III, IV, or V trauma care services, level I, II, or III pediatric trauma care services, level I, level I-pediatric, II, or III trauma-related
rehabilitative services, and prehospital trauma-related services in the state shall furnish data to the registry. All other hospitals and prehospital providers shall furnish trauma data as required by the department by rule.

(b) The department may respond to requests for data and other information from the registry for special studies and analysis consistent with requirements for confidentiality of patient and quality assurance records. The department may require requestors to pay any or all of the reasonable costs associated with such requests that might be approved.

(2) The department must establish a statewide electronic emergency medical services data system and adopt rules requiring licensed ambulance and aid services to report and furnish patient encounter data to the electronic emergency medical services data system. The data system must be used to improve the availability and delivery of prehospital emergency medical services. The department must establish in rule the specific data elements of the data system and secure transport methods for data. The data collected must include data on suspected drug overdoses for the purposes of including, but not limited to, identifying individuals to engage substance use disorder peer professionals, patient navigators, outreach workers, and other professionals as appropriate to prevent further overdoses and to induct into treatment and provide other needed supports as may be available.

(3) In each emergency medical services and trauma care planning and service region, a regional emergency medical services and trauma care systems quality assurance program shall be established by those facilities authorized to provide levels I, II, and III trauma care services. The systems quality assurance program shall evaluate trauma care delivery, patient care outcomes, and compliance with the requirements of this chapter. The systems quality assurance program may also evaluate emergency cardiac and stroke care delivery. The emergency medical services medical program director and all other health care providers and facilities who provide trauma and emergency cardiac and stroke care services within the region shall be invited to participate in the regional emergency medical services and trauma care quality assurance program.

(((4))) (4) Data elements related to the identification of individual patient's, provider's and facility's care outcomes shall be confidential, shall be exempt from RCW 42.56.030 through 42.56.570 and 42.17.350 through 42.17.450, and shall not be subject to discovery by subpoena or admissible as evidence.

(((5))) (5) Patient care quality assurance proceedings, records, and reports developed pursuant to this section are confidential, exempt from chapter 42.56 RCW, and are not subject to discovery by subpoena or admissible as evidence in any civil action, except, after in camera review, pursuant to a court order which provides for the protection of sensitive information of interested parties including the department: (a) In actions arising out of the department's designation of a hospital or health care facility pursuant to RCW 70.168.070; (b) in actions arising out of the department's revocation or suspension of designation status of a hospital or health care facility under RCW 70.168.070; (c) in actions arising out of the department's licensing or verification of an ambulance or aid service pursuant to RCW 18.73.030 or 70.168.080; (d) in actions arising out of the certification of a medical program director pursuant to RCW 18.71.212; or (((6))) (e) in actions arising out of the restriction or revocation of the clinical or staff privileges of a health care provider as defined in RCW 7.70.020 (1) and (2), subject to any further restrictions on disclosure in RCW 42.24.250 that may apply. Information that identifies individual patients shall not be publicly disclosed without the patient's consent.

Sec. 20. RCW 70.225.010 and 2007 c 259 s 42 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Controlled substance" has the meaning provided in RCW 69.50.101.

(2) "Department" means the department of health.

(3) "Patient" means the person or animal who is the ultimate user of a drug for whom a prescription is issued or for whom a drug is dispensed.

(4) "Dispenser" means a practitioner or pharmacy that delivers a Schedule II, III, IV, or V controlled substance to the ultimate user, but does not include:

(a) A practitioner or other authorized person who administers, as defined in RCW 69.41.010, a controlled substance; or

Sec. 21. RCW 70.225.020 and 2013 c 36 s 2 and 2013 C 19 S 126 are each reenacted and amended to read as follows:

(1) The department shall establish and maintain a prescription monitoring program to monitor the prescribing and dispensing of all Schedules II, III, IV, and V controlled substances and any additional drugs identified by the pharmacy quality assurance commission as demonstrating a potential for abuse by all professionals licensed to prescribe or dispense such substances in this state. The program shall be designed to improve health care quality and effectiveness by reducing abuse of controlled substances, reducing duplicative prescribing and overprescribing of controlled substances, and improving controlled substance prescribing practices with the intent of eventually establishing an electronic database available in real time to dispensers and prescribers of controlled substances. As much as possible, the department should establish a common database with
other states. This program's management and operations shall be funded entirely from the funds in the account established under RCW 74.09.215. Nothing in this chapter prohibits voluntary contributions from private individuals and business entities as defined under Title 23, 23B, 24, or 25 RCW to assist in funding the prescription monitoring program.

(2) Except as provided in subsection (4) of this section, each dispenser shall submit to the department by electronic means information regarding each prescription dispensed for a drug included under subsection (1) of this section. Drug prescriptions for more than one day use should be reported. The information submitted for each prescription shall include, but not be limited to:

(a) Patient identifier;
(b) Drug dispensed;
(c) Date of dispensing;
(d) Quantity dispensed;
(e) Prescriber; and
(f) Dispenser.

(3) (a) Until January 1, 2021, each dispenser shall submit the information in accordance with transmission methods established by the department, not later than one business day from the date of dispensing or at the interval required by the department in rule, whichever is sooner.

(b) Beginning January 1, 2021, each dispenser must submit the information as soon as readily available, but no later than one business day from the date of distributing, and in accordance with transmission methods established by the department.

(4) The data submission requirements of subsections (1) through (3) of this section do not apply to:

(a) Medications provided to patients receiving inpatient services provided at hospitals licensed under chapter 70.41 RCW; or patients of such hospitals receiving services at the clinics, day surgery areas, or other settings within the hospital's license where the medications are administered in single doses;

(b) Pharmacies operated by the department of corrections for the purpose of providing medications to offenders in department of corrections institutions who are receiving pharmaceutical services from a department of corrections pharmacy, except that the department of corrections must submit data related to each offender's current prescriptions for controlled substances upon the offender's release from a department of corrections institution; or

(c) Veterinarians licensed under chapter 18.92 RCW. The department, in collaboration with the veterinary board of governors, shall establish alternative data reporting requirements for veterinarians that allow veterinarians to report:

(i) By either electronic or nonelectronic methods;
(ii) Only those data elements that are relevant to veterinary practices and necessary to accomplish the public protection goals of this chapter; and
(iii) No more frequently than once every three months and no less frequently than once every six months.

(5) The department shall continue to seek federal grants to support the activities described in chapter 259, Laws of 2007. The department may not require a practitioner or a pharmacist to pay a fee or tax specifically dedicated to the operation and management of the system.

NEW SECTION. Sec. 22. A new section is added to chapter 70.225 RCW to read as follows:

(1) In order to expand integration of prescription monitoring program data into certified electronic health record technologies, the department must collaborate with health professional and facility associations, vendors, and others to:

(a) Conduct an assessment of the current status of integration;
(b) Provide recommendations for improving integration among small and rural health care facilities, offices, and clinics;
(c) Comply with federal prescription drug monitoring program qualification requirements under 42 U.S.C. Sec. 1396w-3a to facilitate eligibility for federal grants and establish a program to provide financial assistance to small and rural health care facilities and clinics with integration as funding is available, especially under federal programs;
(d) Conduct security assessments of other commonly used platforms for integrating prescription monitoring program data with certified electronic health records for possible use in Washington; and
(e) Assess improvements to the prescription monitoring program to establish a modality to identify patients that do not wish to receive opioid medications in a manner that allows an ordering or prescribing physician to be able to use the prescription monitoring program to identify patients who do not wish to receive opioids or patients that have had an opioid-related overdose.

(2)(a) By January 1, 2021, a facility, entity, office, or provider group identified in RCW 70.225.040 with ten or more prescribers that is not a critical access hospital as defined in RCW 74.60.010 that uses a federally certified electronic health records system must demonstrate that the facility's or entity's federally certified electronic health record is able to fully integrate data to and from the prescription monitoring program using a mechanism approved by the department under subsection (3) of this section.

(b) The department must develop a waiver process for the requirements of (a) of this subsection for facilities, entities, offices, or provider groups due to economic hardship, technological limitations that are not reasonably in the control of the facility, entity, office, or provider group, or other exceptional circumstance demonstrated by the
facility, entity, office, or provider group. The waiver must be limited to one year or less, or for any other specified time frame set by the department.

(3) Electronic health record system vendors who are fully integrated with the prescription monitoring program in Washington state may not charge an ongoing fee or a fee based on the number of transactions or providers. Total costs of connection must not impose unreasonable costs on any facility, entity, office, or provider group using the electronic health record and must be consistent with current industry pricing structures. For the purposes of this subsection, “fully integrated” means that the electronic health records system must:

(a) Send information to the prescription monitoring program without provider intervention using a mechanism approved by the department;

(b) Make current information from the prescription monitoring program available to a provider within the workflow of the electronic health record system; and

(c) Make information available in a way that is unlikely to interfere with, prevent, or materially discourage access, exchange, or use of electronic health information, in accordance with the information blocking provisions of the federal twenty-first century cures act, P.L. 114-255.

Sec. 23. RCW 70.225.040 and 2017 c 297 s 9 are each amended to read as follows:

(2) The department must maintain procedures to ensure that the privacy and confidentiality of ((patients and patient)) all information collected, recorded, transmitted, and maintained including, but not limited to, the prescriber, requestor, dispenser, patient, and persons who received prescriptions from dispensers, is not disclosed to persons except as in subsections (3)(((,[ (4), and (5)]])) through (6) of this section.

(k) A health care facility or entity for the purpose of providing medical or pharmaceutical care to the patients of the facility or entity, or for quality improvement purposes if((

(ii) Notice to local health officers who have made opioid-related overdose a notifiable condition under RCW 70.05.070 as authorized by rules adopted under RCW 43.20.050, providers, appropriate care coordination staff, and prescribers listed in the patient's prescription monitoring program record that the patient has experienced a controlled substance overdose event. The department shall determine the content and format of the notice in consultation with the Washington state hospital association, Washington state medical association, and Washington state health care authority, and the notice may be modified as necessary to reflect current needs and best practices.

((4)) The department shall, on at least a quarterly basis, and pursuant to a schedule determined by the department, provide a facility or entity identified under subsection (3)((((m))) (k)) of this section or a provider group identified under subsection (3)((((m))) (l)) of this section with facility or entity and individual prescriber information if the facility, entity, or provider group:

(a) Uses the information only for internal quality improvement and individual prescriber quality improvement feedback purposes and does not use the information as the sole basis for any medical staff sanction or adverse employment action; and

(b) Provides to the department a standardized list of current prescribers of the facility, entity, or provider group. The specific facility, entity, or provider group information provided pursuant to this subsection and the requirements under this subsection must be determined by the department in consultation with the Washington state hospital association, Washington state medical association, and Washington state health care authority, and may be modified as necessary to reflect current needs and best practices.

(5)(a) The department may publish or provide data to public or private entities for statistical, research, or educational purposes after removing information that could be used directly or indirectly to identify individual patients, requestors, dispensers, prescribers, and persons who received prescriptions from dispensers. Direct and indirect patient identifiers may be provided for research that has been approved by the Washington state institutional review board and by the department through a data-sharing agreement.

(b)(i) The department may provide dispenser and prescriber data and data that includes indirect patient identifiers to the Washington state hospital association for use solely in connection with its coordinated quality improvement program maintained under RCW 43.70.510 after entering into a data use agreement as specified in RCW 43.70.052(8) with the association. The department may provide dispenser and prescriber data and data that includes indirect patient identifiers to the Washington state medical association for use solely in connection with its coordinated quality improvement program maintained under RCW 43.70.510 after entering into a data use agreement with the association.

((ii) The department may provide data including direct and indirect patient identifiers to the Washington state hospital association for use solely in connection with its coordinated quality improvement program maintained under RCW 43.70.510 as authorized by the Washington state hospital association. The department may provide data to the Washington state medical association for use solely in connection with its coordinated quality improvement program maintained under RCW 43.70.510.

((iii) The department may provide a prescriber feedback report to the largest health professional association representing each of the prescribing professions. The health professional associations must distribute the feedback report to prescribers engaged in the professions represented by the associations for quality improvement purposes, so long as the reports contain no direct patient identifiers that could be used to identify individual patients, dispensers, and persons who received prescriptions from dispensers, and the association enters into a written data-sharing agreement with the department. However, reports may include indirect patient identifiers as agreed to by the department and the association in a written data-sharing agreement.

((c) For the purposes of this subsection((i)):

((i)) "Indirect patient identifiers" means data that may include: Hospital or provider identifiers, a five-digit zip code, county, state, and country of resident; dates that include month and year; age in years; and race and ethnicity; but does not include the patient's first name; middle name; last name; social security number; control or medical record number; zip code plus four digits; dates that include day,

Data the department receives from other jurisdictions must be retained, used, protected, and destroyed as provided by the agreements to the extent consistent with the laws in this state.

(2) Persons authorized in subsections (3)(a), (4), and (5)) through (6) of this section to receive data in the prescription monitoring program from the department, acting in good faith, are immune from any civil, criminal, disciplinary, or administrative liability that might otherwise be incurred or imposed for acting under this chapter.

Sec. 24. RCW 71.24.011 and 1982 c 204 s 1 are each amended to read as follows:

This chapter may be known and cited as the community (mental) behavioral health services act.

NEW SECTION. Sec. 25. A new section is added to chapter 71.24 RCW to read as follows:

(1) Recognizing that treatment strategies and modalities for the treatment of individuals with opioid use disorder and their newborns continue to evolve, and that improved health outcomes are seen when birth parents and their infants are allowed to room together, the authority must provide recommendations to the office of financial management by October 1, 2019, to better support the care of individuals who have recently delivered and their newborns.

(2) These recommendations must support:

(a) Successful transition from the early postpartum and newborn period for the birth parent and infant to the next level of care;
(b) Reducing the risk of parental infant separation; and
(c) Increasing the chance of uninterrupted recovery of the parent and foster the development of positive parenting practices.

Sec. 26. RCW 71.24.560 and 2017 c 297 s 11 are each amended to read as follows:

(1) All approved opioid treatment programs that provide services to (women) individuals who are pregnant are required to disseminate up-to-date and accurate health education information to all their pregnant (clients) individuals concerning the (possible addiction and health risks that their treatment may have on their baby) effects opioid use and opioid use disorder medication may have on their baby, including the development of dependence and subsequent withdrawal. All pregnant (clients) individuals must also be advised of the risks to both themselves and their (baby) babies associated with (not remaining on the) discontinuing an opioid treatment program. The information must be provided to these (clients) individuals both verbally and in writing. The health education information provided to the pregnant (clients) individuals must include referral options for (the substance-exposed baby) a child who has been exposed to opioids in utero.

(2) The department shall adopt rules that require all opioid treatment programs to educate all pregnant (women) individuals in their program on the benefits and risks of medication-assisted treatment to (their) a developing fetus before they are (provided) prescribed these medications, as part of their treatment. The department shall also adopt rules requiring all opioid treatment programs to educate individuals who become pregnant about the risks to both the expecting parent and the fetus of not treating opioid use disorder. The department shall meet the requirements under this subsection within the appropriations provided for opioid treatment programs. The department, working with treatment providers and medical experts, shall develop and disseminate the educational materials to all certified opioid treatment programs.

(3) For pregnant individuals who participate in medicaid, the authority, through its managed care organizations, must ensure that pregnant individuals receive outreach related to opioid use disorder when identified as a person at risk.

Sec. 27. RCW 71.24.580 and 2018 c 205 s 2 and 2018 c 201 s 4044 are each reenacted and amended to read as follows:

(1) The criminal justice treatment account is created in the state treasury. Moneys in the account may be expended solely for: (a) Substance use disorder treatment and treatment support services for offenders with a substance use disorder that, if not treated, would result in addiction, against whom charges are filed by a prosecuting attorney in Washington state; (b) the provision of substance use disorder treatment services and treatment support services for
nonviolent offenders within a drug court program; and (e) the administrative and overhead costs associated with the operation of a drug court. Amounts provided in this subsection must be used for treatment and recovery support services for criminally involved offenders and authorization of these services shall not be subject to determinations of medical necessity. During the 2017-2019 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the criminal justice treatment account to the state general fund. It is the intent of the legislature to continue in the 2019-2021 biennium the policy of transferring to the state general fund such amounts as reflect the excess fund balance of the account. Moneys in the account may be spent only after appropriation.

(2) For purposes of this section:

(a) "Treatment" means services that are critical to a participant's successful completion of his or her substance use disorder treatment program, including but not limited to the recovery support and other programmatic elements outlined in RCW 2.30.030 authorizing therapeutic courts; and

(b) "Treatment support" includes transportation to or from inpatient or outpatient treatment services when no viable alternative exists, and child care services that are necessary to ensure a participant's ability to attend outpatient treatment sessions.

(3) Revenues to the criminal justice treatment account consist of: (a) Funds transferred to the account pursuant to this section; and (b) any other revenues appropriated to or deposited in the account.

(4)(a) For the fiscal year beginning July 1, 2005, and each subsequent fiscal year, the state treasurer shall transfer eight million two hundred fifty thousand dollars from the general fund to the criminal justice treatment account, divided into four equal quarterly payments. For the fiscal year beginning July 1, 2006, and each subsequent fiscal year, the amount transferred shall be increased on an annual basis by the implicit price deflator as published by the federal bureau of labor statistics.

(b) In each odd-numbered year, the legislature shall appropriate the amount transferred to the criminal justice treatment account in (a) of this subsection to the department for the purposes of subsection (5) of this section.

(5) Moneys appropriated to the authority from the criminal justice treatment account shall be distributed as specified in this subsection. The authority may retain up to three percent of the amount appropriated under subsection (4)(b) of this section for its administrative costs.

(a) Seventy percent of amounts appropriated to the authority from the account shall be distributed to counties pursuant to the distribution formula adopted under this section. The authority, in consultation with the department of corrections, the Washington state association of counties, the Washington state association of drug court professionals, the superior court judges' association, the Washington association of prosecuting attorneys, representatives of the criminal defense bar, representatives of substance use disorder treatment providers, and any other person deemed by the authority to be necessary, shall establish a fair and reasonable methodology for distribution to counties of moneys in the criminal justice treatment account. County or regional plans submitted for the expenditure of formula funds must be approved by the panel established in (b) of this subsection.

(b) Thirty percent of the amounts appropriated to the authority from the account shall be distributed as grants for purposes of treating offenders against whom charges are filed by a county prosecuting attorney. The authority shall appoint a panel of representatives from the Washington association of prosecuting attorneys, the Washington association of sheriffs and police chiefs, the superior court judges' association, the Washington state association of counties, the Washington defender's association or the Washington association of criminal defense lawyers, the department of corrections, the Washington state association of drug court professionals, and substance use disorder treatment providers. The panel shall review county or regional plans for funding under (a) of this subsection and grants approved under this subsection. The panel shall attempt to ensure that treatment as funded by the grants is available to offenders statewide.

If appropriate medication-assisted treatment resources are not available or accessible within the jurisdiction, the health care authority's designee for assistance must assist the court with acquiring the resource.
(10) Counties must meet the criteria established in RCW 2.30.030(3).

Sec. 28. RCW 71.24.585 and 2017 c 297 s 12 are each amended to read as follows:

((The state of Washington declares that there is no fundamental right to medication-assisted treatment for opioid use disorder)) (1) (a) The state of Washington ((further)) declares that ((while medications used in the treatment of opioid use disorder are addictive substances, that they nevertheless have several legal, important, and justified uses and that one of their appropriate and legal uses is, i)) in conjunction with other required therapeutic procedures, in the treatment of persons with opioid use disorder. The state of Washington recognizes as evidence-based for the management of opioid use disorder, the medications approved by the federal food and drug administration for the treatment of opioid use disorder. Medication assisted treatment should only be used for participants who are deemed appropriate to need this level of intervention. Providers must inform patients of all treatment options available. The provider and the patient shall consider alternative treatment options, like abstinence, when developing the treatment plan. If medications are prescribed, follow-up must be included in the treatment plan in order to work towards the goal of abstinence.)) substance use disorders are medical conditions. Substance use disorders should be treated in a manner similar to other medical conditions by using interventions that are supported by evidence, including medications approved by the federal food and drug administration for the treatment of opioid use disorder. It is also recognized that many individuals have multiple substance use disorders, as well as histories of trauma, developmental disabilities, or mental health conditions. As such, all individuals experiencing opioid use disorder should be offered evidence-supported treatments to include federal food and drug administration approved medications for the treatment of opioid use disorders and behavioral counseling and social supports to address them. For behavioral health agencies, an effective plan of treatment for most persons with opioid use disorder integrates access to medications and psychosocial counseling and should be consistent with the American society of addiction medicine patient placement criteria. Providers must inform patients with opioid use disorder or substance use disorder of options to access federal food and drug administration approved medications for the treatment of opioid use disorder or substance use disorder. Because some such medications are controlled substances in chapter 69.50 RCW, the state of Washington maintains the legal obligation and right to regulate the ((clinical)) uses of these medications in the treatment of opioid use disorder.

((Further))) (b) The authority must work with other state agencies and stakeholders to develop value-based payment strategies to better support the ongoing care of persons with opioid and other substance use disorders.

(c) The department of corrections shall develop policies to prioritize services based on available grant funding and funds appropriated specifically for opioid use disorder treatment.

(2) The authority must promote the use of medication therapies and other evidence-based strategies to address the opioid epidemic in Washington state. Additionally, by January 1, 2020, the authority must prioritize state resources for the provision of treatment and recovery support services to inpatient and outpatient treatment settings that allow patients to start or maintain their use of medications for opioid use disorder while engaging in services.

(3) The state declares that the main goals of ((opiate substitution treatment is total abstinence from substance use for the individuals who participate in the treatment program, but recognizes the additional goals of reduced morbidity, and restoration of the ability to lead a productive and fulfilling life.)) (i) Increase patient choice in receiving medication and counseling; (ii) Strengthen relationships between opioid use disorder providers.

(4) To achieve the goals in subsection (3) of this section, to promote public health and safety, and to promote the efficient and economic use of funding for the medicare program under Title XIX of the social security act, the authority may seek, receive, and expend alternative sources of funding to support all aspects of the state's response to the opioid crisis.

(5) The authority must partner with the department of social and health services, the department of corrections, the department of health, the department of children, youth, and families, and any other agencies or entities the authority deems appropriate to develop a statewide approach to leveraging medicare funding to treat opioid use disorder and provide emergency overdose treatment. Such alternative sources of funding may include:

(a) Seeking a section 1115 demonstration waiver from the federal centers for medicare and medicaid services to fund opioid treatment medications for persons eligible for medicare at or during the time of incarceration and juvenile detention facilities; and

(b) Soliciting and receiving private funds, grants, and donations from any willing person or entity.

(6)(a) The authority shall work with the department of health to promote coordination between medication-assisted treatment prescribers, federally accredited opioid treatment programs, substance use disorder treatment facilities, and state-certified substance use disorder treatment agencies to:

(i) Increase patient choice in receiving medication and counseling;

(ii) Strengthen relationships between opioid use disorder providers.
(iii) Acknowledge and address the challenges presented for individuals needing treatment for multiple substance use disorders simultaneously; and

(iv) Study and review effective methods to identify and reach out to individuals with opioid use disorder who are at high risk of overdose and not involved in traditional systems of care, such as homeless individuals using syringe service programs, and connect such individuals to appropriate treatment.

(b) The authority must work with stakeholders to develop a set of recommendations to the governor and the legislature that:

(i) Propose, in addition to those required by federal law, a standard set of services needed to support the complex treatment needs of persons with opioid use disorder treated in opioid treatment programs;

(ii) Outline the components of and strategies needed to develop opioid treatment program centers of excellence that provide fully integrated care for persons with opioid use disorder;

(iii) Estimate the costs needed to support these models and recommendations for funding strategies that must be included in the report;

(iv) Outline strategies to increase the number of waivered health care providers approved for prescribing buprenorphine by the substance abuse and mental health services administration; and

(v) Outline strategies to lower the cost of federal food and drug administration approved products for the treatment of opioid use disorder;

(7) State agencies shall review and promote positive outcomes associated with the accountable communities of health funded opioid projects and local law enforcement and human services opioid collaborations as set forth in the Washington state interagency opioid working plan.

(8) The authority must partner with the department and other state agencies to replicate effective approaches for linking individuals who have had a nonfatal overdose with treatment opportunities, with a goal to connect certified peer counselors with individuals who have had a nonfatal overdose.

(9) State agencies must work together to increase outreach and education about opioid overdoses to non-English-speaking communities by developing a plan to conduct outreach and education to non-English-speaking communities. The department must submit a report on the outreach and education plan with recommendations for implementation to the appropriate legislative committees by July 1, 2020.

(2) Under the pilot project, the authority must partner with the law enforcement assisted diversion national support bureau to award a contract, subject to appropriation, for two or more geographic areas in the state of Washington for law enforcement assisted diversion. Cities, counties, and tribes may compete for participation in a pilot project.

(3) The pilot projects must provide for comprehensive technical assistance from law enforcement assisted diversion implementation experts to develop and implement a law enforcement assisted diversion program in the pilot project's geographic areas in a way that ensures fidelity to the research-based law enforcement assisted diversion model.

(4) The key elements of a law enforcement assisted diversion pilot project must include:

(a) Long-term case management for individuals with substance use disorders;

(b) Facilitation and coordination with community resources focusing on overdose prevention;

(c) Facilitation and coordination with community resources focused on the prevention of infectious disease transmission;

(d) Facilitation and coordination with community resources providing physical and behavioral health services;

(e) Facilitation and coordination with community resources providing medications for the treatment of substance use disorders;

(f) Facilitation and coordination with community resources focusing on housing, employment, and public assistance;

(g) Twenty-four hours per day and seven days per week response to law enforcement for arrest diversions; and

(f) Consider the transportation systems that would provide service to the program and whether the systems will provide reasonable opportunities to access the program for persons in need of treatment;

(g) Consider whether the applicant has, or has demonstrated in the past, the capability to provide the appropriate services to assist the persons who utilize the program in meeting goals established by the legislature in RCW 71.24.585. The department shall prioritize licensing or certification to applicants who have demonstrated such capability and are able to measure their success in meeting such outcomes;

(h) Hold one public hearing in the community in which the facility is proposed to be located. The hearing shall be held at a time and location that are most likely to permit the largest number of interested persons to attend and present testimony. The department shall notify all appropriate media outlets of the time, date, and location of the hearing at least three weeks in advance of the hearing.

MESSAGE FROM THE SENATE

April 25, 2019

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1195 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that passage of chapter 304, Laws of 2018 (Engrossed Substitute House Bill No. 2938) and chapter 111, Laws of 2018 (Substitute Senate Bill No. 5991) was an important step in achieving the goals of reforming campaign finance reporting and oversight, including simplifying the reporting and enforcement processes to promote administrative efficiencies. Much has been accomplished in the short time the public disclosure commission has implemented these new laws. However, some additional improvements were identified by the legislature, stakeholders, and the public disclosure commission, that are necessary to further implement these goals and the purpose of the state campaign finance law. Additional refinements to the law will help to ensure the public disclosure commission may continue to provide transparency of election campaign funding activities, meaningful guidance to participants in the political process, and enforcement that is timely, fair, and focused on improving compliance.

Sec. 2. RCW 42.17A.001 and 1975 1st ex.s. c 294 s 1 are each amended to read as follows:

It is hereby declared by the sovereign people to be the public policy of the state of Washington:

(1) That political campaign and lobbying contributions and expenditures be fully disclosed to the public and that secrecy is to be avoided.

(2) That the people have the right to expect from their elected representatives at all levels of government the utmost of integrity, honesty, and fairness in their dealings.

(3) That the people shall be assured that the private financial dealings of their public officials, and of candidates for those offices, present no conflict of interest between the public trust and private interest.

(4) That our representative form of government is founded on a belief that those entrusted with the offices of government have nothing to fear from full public disclosure of their financial and business holdings, provided those officials deal honestly and fairly with the people.

(5) That public confidence in government at all levels is essential and must be promoted by all possible means.

(6) That public confidence in government at all levels can best be sustained by assuring the people of the impartiality and honesty of the officials in all public transactions and decisions."
(7) That the concept of attempting to increase financial participation of individual contributors in political campaigns is encouraged by the passage of the Revenue Act of 1971 by the Congress of the United States, and in consequence thereof, it is desirable to have implementing legislation at the state level.

(8) That the concepts of disclosure and limitation of election campaign financing are established by the passage of the Federal Election Campaign Act of 1971 by the Congress of the United States, and in consequence thereof it is desirable to have implementing legislation at the state level.

(9) That small contributions by individual contributors are to be encouraged, and that not requiring the reporting of small contributions may tend to encourage such contributions.

(10) That the public's right to know of the financing of political campaigns and lobbying and the financial affairs of elected officials and candidates far outweighs any right that these matters remain secret and private.

(11) That, mindful of the right of individuals to privacy and of the desirability of the efficient administration of government, full access to information concerning the conduct of government on every level must be assured as a fundamental and necessary precondition to the sound governance of a free society.

The provisions of this chapter shall be liberally construed to promote complete disclosure of all information respecting the financing of political campaigns and lobbying, and the financial affairs of elected officials and candidates, and full access to public records so as to assure continuing public confidence of fairness of elections and governmental processes, and so as to assure that the public interest will be fully protected. In promoting such complete disclosure, however, this chapter shall be enforced so as to ensure that the information disclosed will not be misused for arbitrary and capricious purposes and to ensure that all persons reporting under this chapter will be protected from harassment and unfounded allegations based on information they have freely disclosed.

(5) The treasurer shall maintain books of account, current within five business days, that accurately reflect all contributions and expenditures. During the ten calendar days immediately preceding the date of any election that the committee has received any contributions or made any expenditures, the books of account shall be kept current within one business day and shall be open for public inspection in the same manner as provided for candidates and other political committees in RCW 42.17A.235(6).

(1)(a) In addition to the information required under RCW 42.17A.205 and 42.17A.210, each candidate or political committee must file with the commission a report of all contributions received and expenditures made as a political committee on the next reporting date pursuant to the timeline established in this section.

(b) In addition to the information required under RCW 42.17A.205 and 42.17A.207 and 42.17A.210, on the day an incidental committee files a statement of organization with the commission, each incidental committee must file with the commission a report of any election campaign expenditures under RCW 42.17A.240(6), as well as the source of the ten largest cumulative payments of ten thousand dollars or greater it received in the current calendar year from a single person, including any persons tied as the tenth largest source of payments it received, if any.

(2) Each treasurer of a candidate or political committee or an incidental committee required to file a statement of organization under this chapter, shall file with the commission a report, for each election in which a candidate or a political committee is participating, containing the information required by RCW 42.17A.240 at the following intervals:

(a) On the twenty-first day and the seventh day immediately preceding the date on which the election is held; and

(b) On the tenth day of the first full month after the election.

(3)(a) Each treasurer of a candidate or political committee shall file with the commission a report on the tenth day of each month during which the candidate or political committee is not participating in an election campaign, only if the committee has received a contribution or made an expenditure in the preceding calendar month and whether the total contributions received or total expenditures made since the last such report exceed two hundred dollars.

(b) Each incidental committee shall file with the commission a report on the tenth day of each month during which the incidental committee is not otherwise required to report under this section only if the committee has:

(i) Received a payment that would change the information required under RCW 42.17A.240(6)((c)) as included in its last report; or

(ii) Made any election campaign expenditure reportable under RCW 42.17A.240(6) since its last report, and the total election campaign expenditures made since the last report exceed two hundred dollars.

Reports filed on the tenth day of the month shall report all contributions received and expenditures made from the closing date of the last report filed through the last day of the month preceding the date of the current report.

(5) For the period beginning the first day of the fourth month preceding the date of the special election, or for the period beginning the first day of the fifth month before the date of the general election, and ending on the date of that special or general election, each Monday the treasurer for a candidate or a political committee shall file with the commission a report of each bank deposit made during the previous seven calendar days. However, persons who contribute no more than twenty-five dollars in the aggregate are not required to be identified in the report. A copy of the report shall be retained by the treasurer for the treasurer’s records. In the event of deposits made by candidates, political committee members, or paid staff other than the treasurer, the copy shall be immediately provided to the treasurer for the treasurer’s records. Each report shall be certified as correct by the treasurer.

(6)(a) The treasurer for a candidate or a political committee shall maintain books of account accurately reflecting all contributions and expenditures on a current basis within five business days of receipt or expenditure. The appointment
must be allowed at an authorized time and day for such inspections that is within forty-eight hours of the time and day that is requested for the inspection. The treasurer may provide digital access or copies of the books of account in lieu of scheduling an appointment at a designated place for inspection. (b) At the time of making the appointment, a person wishing to inspect the books of account must provide the treasurer the name and telephone number of the person wanting to inspect the books of account. c) A treasurer may refuse to show the books of account to any person who does not make an appointment or provide the required identification. The commission may issue limited rules to modify the requirements set forth in this section in consideration of other technology and best practices.

(7) Copies of all reports filed pursuant to this section shall be readily available for public inspection by appointment, pursuant to subsection (6) of this section.

(8) The treasurer or candidate shall preserve books of account, bills, receipts, and all other financial records of the campaign or political committee for not less than (two) five calendar years following the year during which the transaction occurred or for any longer period as otherwise required by law.

(9) All reports filed pursuant to subsection (1) or (2) of this section shall be certified as correct by the candidate and the treasurer.

(10) Where there is not a pending complaint concerning a report, it is not evidence of a violation of this section to submit an amended report, within twenty-one days of filing an underlying initial report.

(b) The corrected amended report is filed more than thirty days before an election;

(c) The total aggregate dollar amount of the adjustment for the individual amended report is within three times the contribution limit per election or two hundred dollars, whichever is greater; and

(d) The committee reported all information that was available to it at the time of filing, or made a good-faith effort to do so, or if a refund of a contribution or expenditure is being reported.

(11)(a) When there is no outstanding debt or obligation, the campaign fund is closed, the campaign is concluded in all respects, and the political committee has ceased to function and intends to dissolve, the treasurer shall file a final report. Upon submitting a final report, the political committee so intending to dissolve must file notice of intent to dissolve with the commission and the commission must post the notice on its web site.

(b) Any political committee may dissolve sixty days after it files its notice to dissolve, only if:

(i) The political committee does not make any expenditures other than those related to the dissolution process or engage in any political activity or any other activities that generate additional reporting requirements under this chapter after filing such notice;

Dissolution does not absolve the candidate or board of the committee from responsibility for any future obligations resulting from the finding after dissolution of a violation committed prior to dissolution.

(((9))) (12) The commission must adopt rules for the dissolution of incidental committees.

Any action to void an election shall be commenced within one year of the date of the election in question. It is intended that this remedy be imposed freely in all appropriate cases to protect the right of the electorate to an informed and knowledgeable vote.

(b) If any lobbyist or sponsor of any grass roots lobbying campaign violates any of the provisions of this chapter, ((his or her)) the lobbyist's or sponsor's registration may be revoked or suspended and ((he or she)) the lobbyist or sponsor may be enjoined from receiving compensation or making expenditures for lobbying. The imposition of a sanction shall not excuse the lobbyist from filing statements and reports required by this chapter.

(c) A person who violates any of the provisions of this chapter may be subject to a civil penalty of not more than ten thousand dollars for each violation. However, a person or entity who violates RCW 42.17A.405 may be subject to a civil penalty of ten thousand dollars or three times the amount of the contribution illegally made or accepted, whichever is greater.

(d) When assessing a civil penalty, the court may consider the nature of the violation and any relevant circumstances, including the following factors:

(i) The respondent's compliance history, including whether the noncompliance was isolated or limited in nature, indicative of systematic or ongoing problems, or part of a pattern of violations by the respondent, resulted from a knowing or intentional effort to conceal, deceive or mislead, or from collusive behavior, or in the case of a political committee or other entity, part of a pattern of violations by the respondent's officers, staff, principal decision makers, consultants, or sponsoring organization;

(ii) The impact on the public, including whether the noncompliance deprived the public of timely or accurate information during a time-sensitive period or otherwise had a significant or material impact on the public;

(iii) Experience with campaign finance law and procedures or the financing, staffing, or size of the respondent's campaign or organization;

(iv) The amount of financial activity by the respondent during the statement period or election cycle;

(v) Whether the late or unreported activity was within three times the contribution limit per election, including in proportion to the total amount of expenditures by the respondent in the campaign or statement period;

(vi) Whether the respondent or any person benefited politically or economically from the noncompliance;

(vii) Whether there was a personal emergency or illness of the respondent or member of ((his or her)) the respondent's immediate family;

(viii) Whether other emergencies such as fire, flood, or utility failure prevented filing;

(ix) Whether there was commission staff or equipment error, including technical problems at the commission that prevented or delayed electronic filing;

(x) The respondent's demonstrated good-faith uncertainty concerning commission staff guidance or instructions;

(xi) Whether the respondent is a first-time filer;

(xii) Good faith efforts to comply, including consultation with commission staff prior to initiation of enforcement action and cooperation with commission staff during enforcement action and a demonstrated wish to acknowledge and take responsibility for the violation;
(xiii) Penalties imposed in factually similar cases; and
(xiv) Other factors relevant to the particular case.

(e) A person who fails to file a properly completed statement or report within the time required by this chapter may be subject to a civil penalty of ten dollars per day for each day each delinquency continues.

(f) Each state agency director who knowingly fails to file statements required by RCW 42.17A.635 shall be subject to personal liability in the form of a civil penalty in the amount of one hundred dollars per statement. These penalties are in addition to any other civil remedies or sanctions imposed on the agency.

(g) A person who fails to report a contribution or expenditure as required by this chapter may be subject to a civil penalty equivalent to the amount not reported as required.

(h) Any state agency official, officer, or employee who is responsible for or knowingly directs or expends public funds in violation of RCW 42.17A.635 (2) or (3) may be subject to personal liability in the form of a civil penalty in an amount that is at least equivalent to the amount of public funds expended in the violation.

(i) The court may enjoin any person to prevent the doing of any act herein prohibited, or to compel the performance of any act required herein.

(2) The commission may refer the following violations for criminal prosecution:

(a) A person who, with actual malice, violates a provision of this chapter is guilty of a misdemeanor under chapter 9.92 RCW;

(b) A person who, within a five-year period, with actual malice, violates three or more provisions of this chapter is guilty of a gross misdemeanor under chapter 9.92 RCW; and

(c) A person who, with actual malice, procures or offers any false or forged document to be filed, registered, or recorded with the commission under this chapter is guilty of a class C felony under chapter 9.94A RCW.

Sec. 38. RCW 42.17A.755 and 2018 c 304 s 13 are each amended to read as follows:

(1) The commission may initiate or respond to a complaint, request a technical correction, or otherwise resolve matters of compliance with this chapter, in accordance with this section. If a complaint is filed with or initiated by the commission, the commission must:

(a) Dismiss the complaint or otherwise resolve the matter in accordance with subsection (2) of this section, as appropriate under the circumstances after conducting a preliminary review;

(b) Initiate an investigation to determine whether (an actual) a violation has occurred, conduct hearings, and issue and enforce an appropriate order, in accordance with chapter 34.05 RCW and subsection (3) of this section; or

(c) Refer the matter to the attorney general, in accordance with subsection (4) of this section.

(2)(a) For complaints of (remedial) remediable violations or requests for technical corrections, the commission may, by rule, delegate authority to its executive director to resolve these matters in accordance with subsection (1)(a) of this section, provided the executive director consistently applies such authority.

(b) The commission shall, by rule, develop additional processes by which a respondent may agree by stipulation to any allegations and pay a penalty subject to a schedule of violations and penalties, unless waived by the commission as provided for in this section. Any stipulation must be referred to the commission for review. If approved or modified by the commission, agreed to by the parties, and the respondent complies with all requirements set forth in the stipulation, the matter is then considered resolved and no further action or review is allowed.

(3) If the commission initiates an investigation, an initial hearing must be held within ninety days of the complaint being filed. Following an investigation, in cases where it chooses to determine whether (an actual) a violation has occurred, the commission shall hold a hearing pursuant to the administrative procedure act, chapter 34.05 RCW. Any order that the commission issues under this section shall be pursuant to such a hearing.

(a) The person against whom an order is directed under this section shall be designated as the respondent. The order may require the respondent to cease and desist from the activity that constitutes a violation and in addition, or alternatively, may impose one or more of the remedies provided in RCW 42.17A.750(1) (b) through (h), or other requirements as the commission determines appropriate to effectuate the purposes of this chapter.

(b) The commission may assess a penalty in an amount not to exceed ten thousand dollars per violation, unless the parties stipulate otherwise. Any order that the commission issues under this section that imposes a financial penalty must be made pursuant to a hearing, held in accordance with the administrative procedure act, chapter 34.05 RCW.

(c) The commission has the authority to waive a penalty for a first-time (actual) violation. A second (actual) violation of the same requirement by the same person, regardless if the person or individual committed the (actual) violation for a different political committee or incidental committee, shall result in a penalty. Successive (actual) violations of the same requirement shall result in successively increased penalties. The commission may suspend any portion of an assessed penalty contingent on future compliance with this chapter. The commission must create a schedule to enhance penalties based on repeat (actual) violations by the person.

(d) Any order issued by the commission is subject to judicial review under the administrative procedure act, chapter 34.05 RCW. If the commission's order is not satisfied and no petition for review is filed within thirty days, the commission may petition a court of competent
jurisdiction of any county in which a petition for review could be filed under that jurisdiction, for an order of enforcement. Proceedings in connection with the commission's petition shall be in accordance with RCW 42.17A.760.

(4) In lieu of holding a hearing or issuing an order under this section, the commission may refer the matter to the attorney general consistent with this section, when the commission believes:

(a) Additional authority is needed to ensure full compliance with this chapter;

(b) An apparent violation potentially warrants a penalty greater than the commission's penalty authority; or

(c) The maximum penalty the commission is able to levy is not enough to address the severity of the violation.

(5) Prior to filing a citizen's action under RCW 42.17A.775, a person who has filed a complaint pursuant to this section must provide written notice to the attorney general if the commission does not, within 90 days of the complaint being filed with the commission, take action pursuant to subsection (1) of this section. A person must simultaneously provide a copy of the written notice to the commission.

Sec. 39. RCW 42.17A.765 and 2018 c 304 s 14 are each amended to read as follows:

(1)(a) The commission shall provide written notice to the attorney general if the commission does not, within 90 days of the complaint being filed with the commission, take action pursuant to subsection (1) of this section. A person must simultaneously provide a copy of the written notice to the commission.

(b) An appeared violation potentially warrants a penalty greater than the commission's penalty authority; or

(c) The maximum penalty the commission is able to levy is not enough to address the severity of the violation.

(5) Prior to filing a citizen's action under RCW 42.17A.775, a person who has filed a complaint pursuant to this section must provide written notice to the attorney general if the commission does not, within 90 days of the complaint being filed with the commission, take action pursuant to subsection (1) of this section. A person must simultaneously provide a copy of the written notice to the commission.

Sec. 40. RCW 42.17A.775 and 2018 c 304 s 16 are each amended to read as follows:

(1) A person who has reason to believe that a provision of this chapter is being or has been violated may bring a citizen's action in the name of the state, in accordance with the procedures of this section.

(2) A citizen's action may be brought and prosecuted only if the person first has filed a complaint with the commission and:

(a) The commission has not taken action authorized under RCW 42.17A.755(1) within ninety days of the complaint being filed with the commission(1); and

(b) For matters referred to the attorney general within ninety days of the commission receiving the complaint, the attorney general has not commenced an action, or published a decision whether to commence an action pursuant to RCW 42.17A.765(1)(b), within forty-five days of receiving referral from the commission; and
(c) The person who initially filed the complaint with the commission has provided notice of a citizen's action in accordance with subsection (3) of this section and the commission or the attorney general has not commenced action within the ten days provided under subsection (3) of this section.

(3) To initiate the citizen's action, after meeting the requirements under subsection (2) (a) and (b) of this section, a person must notify the attorney general and the commission that (he or she) the person will commence a citizen's action within ten days if the commission does not take action authorized under RCW 42.17A.755(1), or (if applicable) the attorney general does not commence an action or publish a decision whether to commence an action pursuant to RCW 42.17A.765(1)(b). The attorney general and the commission must notify the other of its decision whether to commence an action.

(4) The citizen's action must be commenced within two years after the date when the alleged violation occurred and may not be commenced against a committee or incidental committee before the end of such period if the committee or incidental committee has received an acknowledgment of dissolution.

(5) If the person who brings the citizen's action prevails, the judgment awarded shall escheat to the state, but he or she shall be entitled to be reimbursed by the state for reasonable costs and reasonable attorneys' fees the person incurred. In the case of a citizen's action that is dismissed and that the court also finds was brought without reasonable cause, the court may order the person commencing the action to pay all trial costs and reasonable attorneys' fees incurred by the defendant.

Sec. 41. RCW 42.17A.785 and 2018 c 304 s 18 are each amended to read as follows:

(1) The public disclosure transparency account is created in the state treasury. All receipts from penalties, sanctions, or other remedies collected pursuant to enforcement actions (whether), settlements, judgments, or otherwise under this chapter, including any fees or costs awarded to the state, must be deposited into the account. Moneys in the account may be spent only after appropriation. Moneys in the account may be used only for the implementation of chapter 304, Laws of 2018 and duties under this chapter, and may not be used to supplant general fund appropriations to the commission.

With the consent of the House, ENGROSSED SUBSTITUTE HOUSE BILL NO. 1667 was immediately transmitted to the Senate.

RESOLUTION

WHEREAS, On February 25, 1963, the Beatles released their first record in the United States and almost missed out on stardom because an even bigger star, Greg Payne, was born on that same day; and

WHEREAS, Greg grew up in Olympia and is a proud Bear from Olympia High School; and

WHEREAS, In 1985, Greg took what was supposed to be a temporary job (just to tide him over until he got something good) as a driver, supply clerk, security guard, and bill room supervisor for the Washington State House of Representatives; and

WHEREAS, Greg met and, in 1988, married the wonderful Michele Dorian, a terrific woman of great humor and even greater patience, who has somehow managed to stay married to Greg all of these years, beating the odds and surely earning some kind of sainthood for her sheer stick-with-tiness, and they eventually settled in Mason County; and

WHEREAS, Greg promised Michele that he would leave the House and go and get a real job many, many times, but he somehow kept getting talked into staying and ended up in the Chief Clerk's Office for over 22 years; and

WHEREAS, No one really knows what Greg did in the Chief Clerk's Office all those years, but, at the same time, no one can really imagine the Chief Clerk's Office working without him, as he has worked on everything from office coordination, computer support, data updating, proofreading legislative documents, and serving the public both in person and on the phone with his tireless work and inexhaustible supplies of state government knowledge and goodwill; and

WHEREAS, Greg and Michele have two children, a wonderful daughter named Katy and another equally wonderful daughter named Sammi, and they have virtually grown up around the legislature and probably don't even know that the hijinks their father gets up to aren't technically a part of any specific legislative business; and

WHEREAS, Greg is a never-ending source of jokes, puns, weird trivia, anecdotes, and informal histories about what happened back in the day, all of which proves surprisingly useful in the fast-paced and stressful legislative work environment; and

WHEREAS, Greg's absolute inability to resist a dare has gotten him into trouble but also into fun many times with details that cannot be mentioned in light of good taste and strict decorum rules; and

WHEREAS, Greg is always first in line to volunteer his time and talents to numerous legislative projects, teambuilding, and charitable events, fundraising for a variety of good causes and even helping to build a house with Habitat for Humanity, still finding time to help host the National Conference of State Legislatures at least three times in Seattle; and

WHEREAS, Greg is a great conversationalist, making small talk or engaging in humorous exchanges, philosophical discourse, or sports lectures with anyone, from babies to the state patrol to dignitaries to clergy to sports
stars, although always with the crucial ability to know which topics suit which audiences; and

WHEREAS, Greg can find funny monkey pictures to add and insert into any email on any subject, which is apropos to nothing, but he can, so why leave it out?; and

WHEREAS, In addition to knowing everything about how to do anything in the legislature, Greg also knows how to fix just about anything from eyeglasses to cars to cellphones and, if he can't fix it, he can at least break it worse; and

WHEREAS, Greg has been known to work miracles when providing meals for 98 hungry people working late, but is himself a picky eater, in particular refusing to eat food prepared in a home with cats because you just know that cat hair gets into everything; and

WHEREAS, Greg is such a Seahawks fan that this whole resolution could be just about that, but it's not, because we're not getting him started on that right now or he'll never get to retire; and

WHEREAS, Greg has always shown grace under fire, handling pressure with a smile and laugh that you cannot forget; and

WHEREAS, Seriously, Greg has many friends on both sides of the aisle and both sides of the rotunda and all four floors of the Legislative Building and beyond who appreciate him and will greatly miss him;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES, That Greg Payne be persuaded to change his mind and stay on for at least another decade or two; and

BE IT FURTHER RESOLVED, That, if his continued employment with the House of Representatives cannot be secured, he should leave with the grateful thanks of each and every member, as well as countless staff, all of whom would identify themselves not just as his colleagues, but also as his friends; and

BE IT FURTHER RESOLVED, That we wish Greg the best of times with his wonderful family and know that he will enjoy spending time with them at the lake, traveling the world, eating flat tacos from Jack in the Box, fixing and racing cars, boating, hiking, fishing, shrimping, crabbing, tinkering with things, and waging war against geese that befoul his lawn; and

BE IT FURTHER RESOLVED, That Greg will have the decency to return to us periodically so that, with this resolution, we do not say goodbye, but instead simply say see you later.

PRESENTED WITH HEARTFELT THANKS AND APPRECIATION ON THIS 26th DAY OF APRIL, 2019, ON BEHALF OF HOUSE OF REPRESENTATIVES.

Representative Pettigrew moved adoption of HOUSE RESOLUTION NO. 4639

Sec. 18. RCW 71.34.720 and 2018 c 201 s 5017 are each amended to read as follows:

(1) Each minor approved by the facility for inpatient admission shall be examined and evaluated by a children's mental health specialist, for minors admitted as a result of a mental disorder, or by a substance use disorder professional or co-occurring disorder specialist, for minors admitted as a result of a substance use disorder, as to the child's mental condition and by a physician, physician assistant, or psychiatric advanced registered nurse practitioner as to the child's physical condition within twenty-four hours of admission. Reasonable measures shall be taken to ensure medical treatment is provided for any condition requiring immediate medical attention.

(2) If, after examination and evaluation, the children's mental health specialist or substance use disorder specialist and the physician, physician assistant, or psychiatric advanced registered nurse practitioner determine that the initial needs of the minor, if detained to an evaluation and treatment facility, would be better served by placement in a substance use disorder treatment program or, if detained to a secure detoxification facility or approved substance use disorder treatment program, would be better served in an evaluation and treatment facility, then the minor shall be referred to the more appropriate placement; however a minor may only be referred to a secure detoxification facility or approved substance use disorder treatment program if there is a secure detoxification facility or approved substance use disorder treatment program available and that has adequate space for the minor.

(3) The admitting facility shall take reasonable steps to notify immediately the minor's parent of the admission.

(4) During the initial seventy-two hour treatment period, the minor has a right to associate or receive communications from parents or others unless the
professional person in charge determines that such communication would be seriously detrimental to the minor's condition or treatment and so indicates in the minor's clinical record, and notifies the minor's parents of this determination. In no event may the minor be denied the opportunity to consult an attorney.

(5) If the evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program admits the minor, it may detain the minor for evaluation and treatment for a period not to exceed seventy-two hours from the time of provisional acceptance. The computation of such seventy-two hour period shall exclude Saturdays, Sundays, and holidays. This initial treatment period shall not exceed seventy-two hours except when an application for voluntary inpatient treatment is received or a petition for fourteen-day commitment is filed.

(6) Within twelve hours of the admission, the facility shall advise the minor of his or her rights as set forth in this chapter.

Sec. 19. RCW 71.34.720 and 2018 c 201 s 5018 are each amended to read as follows:

(1) Each minor approved by the facility for inpatient admission shall be examined and evaluated by a children's mental health specialist, for minors admitted as a result of a mental disorder, or by a ((chemical dependency)) substance use disorder professional or co-occurring disorder specialist, for minors admitted as a result of a substance use disorder, as to the child's mental condition and by a physician, physician assistant, or psychiatric advanced registered nurse practitioner as to the child's physical condition within twenty-four hours of admission. Reasonable measures shall be taken to ensure medical treatment is provided for any condition requiring immediate medical attention.

(2) If, after examination and evaluation, the children's mental health specialist or substance use disorder specialist and the physician, physician assistant, or psychiatric advanced registered nurse practitioner determine that the initial needs of the minor, if detained to an evaluation and treatment facility, would be better served by placement in a substance use disorder treatment program or, if detained to a secure detoxification facility or approved substance use disorder treatment program, would be better served in an evaluation and treatment facility, then the minor shall be referred to the more appropriate placement.

(3) The admitting facility shall take reasonable steps to notify immediately the minor's parent of the admission.

(4) During the initial seventy-two hour treatment period, the minor has a right to associate or receive communications from parents or others unless the professional person in charge determines that such communication would be seriously detrimental to the minor's condition or treatment and so indicates in the minor's clinical record, and notifies the minor's parents of this determination. In no event may the minor be denied the opportunity to consult an attorney.

(5) If the evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program admits the minor, it may detain the minor for evaluation and treatment for a period not to exceed seventy-two hours from the time of provisional acceptance. The computation of such seventy-two hour period shall exclude Saturdays, Sundays, and holidays. This initial treatment period shall not exceed seventy-two hours except when an application for voluntary inpatient treatment is received or a petition for fourteen-day commitment is filed.

(6) Within twelve hours of the admission, the facility shall advise the minor of his or her rights as set forth in this chapter.

Sec. 20. RCW 71.34.760 and 2018 c 201 s 5019 are each amended to read as follows:

(1) If a minor is committed for one hundred eighty-day inpatient treatment and is to be placed in a state-supported program, the director shall accept immediately and place the minor in a state-funded long-term evaluation and treatment facility or state-funded approved substance use disorder treatment program.

(2) The director's placement authority shall be exercised through a designated placement committee appointed by the director and composed of children's mental health specialists and ((chemical dependency)) substance use disorder professionals, including at least one child psychiatrist who represents the state-funded, long-term, evaluation and treatment facility for minors and one ((chemical dependency)) substance use disorder professional who represents the state-funded approved substance use disorder treatment program. The responsibility of the placement committee will be to:

(a) Make the long-term placement of the minor in the most appropriate, available state-funded evaluation and treatment facility or approved substance use disorder treatment program, having carefully considered factors including the treatment needs of the minor, the most appropriate facility able to respond to the minor's identified treatment needs, the geographic proximity of the facility to the minor's family, the immediate availability of bed space, and the probable impact of the placement on other residents of the facility;

(b) Approve or deny requests from treatment facilities for transfer of a minor to another facility;

(c) Receive and monitor reports required under this section;

(d) Receive and monitor reports of all discharges.

(3) The director may authorize transfer of minors among treatment facilities if the transfer is in the best interests of the minor or due to treatment priorities.

(4) The responsible state-funded evaluation and treatment facility or approved substance use disorder treatment program shall submit a report to the authority's designated placement committee within ninety days of admission and no less than every one hundred eighty days thereafter, setting forth such facts as the authority requires, including the minor's individual treatment plan and progress,
recommendations for future treatment, and possible less restrictive treatment.

Sec. 21. RCW 18.130.175 and 2006 c 99 s 7 are each amended to read as follows:

(1) In lieu of disciplinary action under RCW 18.130.160 and if the disciplining authority determines that the unprofessional conduct may be the result of substance abuse, the disciplining authority may refer the license holder to a voluntary substance abuse monitoring program approved by the disciplining authority.

The cost of the treatment shall be the responsibility of the license holder, but the responsibility does not preclude payment by an employer, existing insurance coverage, or other sources. Primary alcoholism or other drug addiction treatment shall be provided by approved treatment programs under RCW 70.96A.020 or by any other provider approved by the entity or the commission. However, nothing shall prohibit the disciplining authority from approving additional services and programs as an adjunct to primary alcoholism or other drug addiction treatment. The disciplining authority may also approve the use of out-of-state programs. Referral of the license holder to the program shall be done only with the consent of the license holder. Referral to the program may also include probationary conditions for a designated period of time. If the license holder does not consent to be referred to the program or does not successfully complete the program, the disciplining authority may take appropriate action under RCW 18.130.160 which includes suspension of the license unless or until the disciplining authority, in consultation with the director of the voluntary substance abuse monitoring program, determines the license holder is able to practice safely. The secretary shall adopt uniform rules for the evaluation by the disciplining authority of a relapse or program violation on the part of a license holder in the substance abuse monitoring program. The evaluation shall encourage program participation with additional conditions, in lieu of disciplinary action, when the disciplining authority determines that the license holder is able to continue to practice with reasonable skill and safety.

(2) In addition to approving substance abuse monitoring programs that may receive referrals from the disciplining authority, the disciplining authority may establish by rule requirements for participation of license holders who are not being investigated or monitored by the disciplining authority for substance abuse. License holders voluntarily participating in the approved programs without being referred by the disciplining authority shall not be subject to disciplinary action under RCW 18.130.160 for their substance abuse, and shall not have their participation made known to the disciplining authority, if they meet the requirements of this section and the program in which they are participating.

(3) The license holder shall sign a waiver allowing the program to release information to the disciplining authority if the licensee does not comply with the requirements of this section or is unable to practice with reasonable skill or safety. The substance abuse program shall report to the disciplining authority any license holder who fails to comply with the requirements of this section or the program or who, in the opinion of the program, is unable to practice with reasonable skill or safety. License holders shall report to the disciplining authority if they fail to comply with this section or do not complete the program's requirements. License holders may, upon the agreement of the program and disciplining authority, reenter the program if they have previously failed to comply with this section.

(4) The treatment and pretreatment records of license holders referred to or voluntarily participating in approved programs shall be confidential, shall be exempt from chapter 42.56 RCW, and shall not be subject to discovery by subpoena or admissible as evidence except for monitoring records reported to the disciplining authority for cause as defined in subsection (3) of this section. Monitoring records relating to license holders referred to the program by the disciplining authority or relating to license holders reported to the disciplining authority by the program for cause, shall be released to the disciplining authority at the request of the disciplining authority. Records held by the disciplining authority under this section shall be exempt from chapter 42.56 RCW and shall not be subject to discovery by subpoena except by the license holder.

(5) "Substance abuse," as used in this section, means the impairment, as determined by the disciplining authority, of a license holder's professional services by an addiction to, a dependency on, or the use of alcohol, legend drugs, or controlled substances.

(6) This section does not affect an employer's right or ability to make employment-related decisions regarding a license holder. This section does not restrict the authority of the disciplining authority to take disciplinary action for any other unprofessional conduct.

(7) A person who, in good faith, reports information or takes action in connection with this section is immune from civil liability for reporting information or taking the action.

(a) The immunity from civil liability provided by this section shall be liberally construed to accomplish the purposes of this section and the persons entitled to immunity shall include:

(i) An approved monitoring treatment program;

(ii) The professional association operating the program;

(iii) Members, employees, or agents of the program or association;

(iv) Persons reporting a license holder as being possibly impaired or providing information about the license holder's impairment; and

(v) Professionals supervising or monitoring the course of the impaired license holder's treatment or rehabilitation.

(b) The courts are strongly encouraged to impose sanctions on clients and their attorneys whose allegations under this subsection are not made in good faith and are
without either reasonable objective, substantive grounds, or both.

(c) The immunity provided in this section is in addition to any other immunity provided by law.

(8) In the case of a person who is applying to be a substance use disorder professional or substance use disorder professional trainee certified under chapter 18.205 RCW, if the person is:

(a) Less than one year in recovery from a substance use disorder, the duration of time that the person may be required to participate in the voluntary substance abuse monitoring program may not exceed the amount of time necessary for the person to achieve one year in recovery; or

(b) At least one year in recovery from a substance use disorder, the person may not be required to participate in the substance abuse monitoring program.

Sec. 22. RCW 43.43.842 and 2014 c 88 s 1 are each amended to read as follows:

(1)(a) The secretary of social and health services and the secretary of health shall adopt additional requirements for the licensure or relicensure of agencies, facilities, and licensed individuals who provide care and treatment to vulnerable adults, including nursing pools registered under chapter 18.52C RCW. These additional requirements shall ensure that any person associated with a licensed agency or facility having unsupervised access with a vulnerable adult shall not be the respondent in an active protective order under RCW 74.34.130, nor have been: (i) Convicted of a crime against persons as defined in RCW 43.43.830, except as provided in this section; (ii) convicted of crimes relating to financial exploitation as defined in RCW 43.43.830, except as provided in this section; or (iii) found in any disciplinary board final decision to have abused a vulnerable adult under RCW 43.43.830.

(b) A person associated with a licensed agency or facility who has unsupervised access with a vulnerable adult shall make the disclosures specified in RCW 43.43.834(2). The person shall make the disclosures in writing, sign, and swear to the contents under penalty of perjury. The person shall, in the disclosures, specify all crimes against children or other persons, all crimes relating to financial exploitation, and all crimes relating to drugs as defined in RCW 43.43.830, committed by the person.

(2) The rules adopted under this section shall permit the licensee to consider the criminal history of an applicant for employment in a licensed facility when the applicant has one or more convictions for a past offense and:

(a) The offense was simple assault, assault in the fourth degree, or the same offense as it may be renamed, and three or more years have passed between the most recent conviction and the date of application for employment;

(b) The offense was prostitution, or the same offense as it may be renamed, and three or more years have passed between the most recent conviction and the date of application for employment;

(c) The offense was theft in the third degree, or the same offense as it may be renamed, and three or more years have passed between the most recent conviction and the date of application for employment;

(d) The offense was theft in the second degree, or the same offense as it may be renamed, and five or more years have passed between the most recent conviction and the date of application for employment;

(e) The offense was forgery, or the same offense as it may be renamed, and five or more years have passed between the most recent conviction and the date of application for employment;

(f) The department of social and health services reviewed the employee's otherwise disqualifying criminal history through the department of social and health services' background assessment review team process conducted in 2002, and determined that such employee could remain in a position covered by this section; or

(g) The otherwise disqualifying conviction or disposition has been the subject of a pardon, annulment, or other equivalent procedure.

The offenses set forth in (a) through (g) of this subsection do not automatically disqualify an applicant from employment by a licensee. Nothing in this section may be construed to require the employment of any person against a licensee's judgment.

(3) The rules adopted pursuant to subsection (2) of this section may not allow a licensee to automatically deny an applicant with a conviction for an offense set forth in subsection (2) of this section for a position as a substance use disorder professional or substance use disorder professional trainee certified under chapter 18.205 RCW if:

(a) At least one year has passed between the applicant's most recent conviction for an offense set forth in subsection (2) of this section and the date of application for employment;

(b) The offense was committed as a result of the applicant's substance use or untreated mental health symptoms; and

(c) The applicant is at least one year in recovery from a substance use disorder, whether through abstinence or stability on medication-assisted therapy, or in recovery from a mental health disorder.

(4) In consultation with law enforcement personnel, the secretary of social and health services and the secretary of health shall investigate, or cause to be investigated, the conviction record and the protection proceeding record information under this chapter of the staff of each agency or facility under their respective jurisdictions seeking licensure or relicensure. An individual responding to a criminal background inquiry request from his or her employer or potential employer shall disclose the information about his or her criminal history under penalty of perjury. The secretaries shall use the information solely for the purpose of determining eligibility for licensure or relicensure. Criminal justice agencies shall provide the secretaries such
information as they may have and that the secretaries may require for such purpose.

NEW SECTION. Sec. 23. A new section is added to chapter 18.205 RCW to read as follows:

The department may not automatically deny an applicant for certification under this chapter for a position as a substance use disorder professional or substance use disorder professional trainee based on a conviction history consisting of convictions for simple assault, assault in the fourth degree, prostitution, theft in the third degree, theft in the second degree, or forgery, the same offenses as they may be renamed, or substantially equivalent offenses committed in other states or jurisdictions if:

1. At least one year has passed between the applicant's most recent conviction for an offense set forth in this section and the date of application for employment;

3. The applicant is at least one year in recovery from a substance use disorder, whether through abstinence or stability on medication-assisted therapy, or in recovery from mental health challenges.

Sec. 24. RCW 18.130.055 and 2016 c 81 s 12 are each amended to read as follows:

1. The disciplining authority may deny an application for licensure or grant a license with conditions if the applicant:

For purposes of this section, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for the conviction and all proceedings in which the prosecution or sentence has been deferred or suspended. At the request of an applicant for an original license whose conviction is under appeal, the disciplining authority may defer decision upon the application during the pendency of such a prosecution or appeal;

   d. Fails to prove that he or she is qualified in accordance with the provisions of this chapter, the chapters identified in RCW 18.130.040(2), or the rules adopted by the disciplining authority; or

   e. Is not able to practice with reasonable skill and safety to consumers by reason of any mental or physical condition.

   1. The disciplining authority may require the applicant, at his or her own expense, to submit to a mental, physical, or psychological examination by one or more licensed health professionals designated by the disciplining authority. The disciplining authority shall provide written notice of its requirement for a mental or physical examination that includes a statement of the specific conduct, event, or circumstances justifying an examination and a statement of the nature, purpose, scope, and content of the intended examination. If the applicant fails to submit to the examination or provide the results of the examination or any required waivers, the disciplining authority may deny the application.

   2. An applicant governed by this chapter is deemed to have given consent to submit to a mental, physical, or psychological examination when directed in writing by the disciplining authority and further to have waived all objections to the admissibility or use of the examining health professional's testimony or examination reports by the disciplining authority on the grounds that the testimony or reports constitute privileged communications.

   2. The provisions of RCW 9.95.240 and chapter 9.96A RCW do not apply to a decision to deny a license under this section.

   3. The disciplining authority shall give written notice to the applicant of the decision to deny a license or grant a license with conditions in response to an application for a license. The notice must state the grounds and factual basis for the action and be served upon the applicant.

The application for adjudicative proceeding must be in writing, state the basis for contesting the adverse action, include a copy of the adverse notice, and be served on and received by the department within twenty-eight days of the decision. The license applicant has the burden to establish, by a preponderance of evidence, that the license applicant is qualified in accordance with the provisions of this chapter, the chapters identified in RCW 18.130.040(2), and the rules adopted by the disciplining authority.

   NEW SECTION. Sec. 25. A new section is added to chapter 18.205 RCW to read as follows:

(ii) A federally qualified health center; or

(iii) A hospital; and

(b) Following an initial intake or assessment, the co-occurring disorder specialist may provide substance use disorder treatment only to clients who are also diagnosed with a mental health disorder.

(8) The secretary shall establish by rule what constitutes adequate proof of meeting the criteria.

This section sets forth the major fiscal duties and responsibilities of officers and agencies of the executive branch. The regulations issued by the governor pursuant to this chapter shall provide for a comprehensive, orderly basis for fiscal management and control, including efficient accounting and reporting therefor, for the executive branch of the state government and may include, in addition, such requirements as will generally promote more efficient public management in the state.

(1) Governor; director of financial management. The governor, through the director of financial management, shall devise and supervise a modern and complete accounting system for each agency to the end that all revenues, expenditures, receipts, disbursements, resources, and obligations of the state shall be properly and systematically accounted for. The accounting system shall include the development of accurate, timely records and reports of all financial affairs of the state. The system shall also provide for central accounts in the office of financial management at the level of detail deemed necessary by the director to perform central financial management. The director of financial management shall adopt and periodically update an accounting procedures manual. Any agency maintaining its own accounting and reporting system shall comply with the updated accounting procedures manual and the rules of the director adopted under this chapter. An agency may receive a waiver from complying with this requirement if the waiver is approved by the director. Waivers expire at the end of the fiscal biennium for which they are granted. The director shall forward notice of waivers granted to the appropriate legislative fiscal committees. The director of financial management may require such financial, statistical, and other reports as the director deems necessary from all agencies covering any period.

(2) Except as provided in chapter 43.88C RCW, the director of financial management is responsible for quarterly reporting of primary operating budget drivers such as applicable workloads, caseload estimates, and appropriate
unit cost data. These reports shall be transmitted to the legislative fiscal committees or by electronic means to the legislative evaluation and accountability program committee. Quarterly reports shall include actual monthly data and the variance between actual and estimated data to date. The reports shall also include estimates of these items for the remainder of the budget period.

(3) The director of financial management shall report at least annually to the appropriate legislative committees regarding the status of all appropriated capital projects, including transportation projects, showing significant cost overruns or underruns. If funds are shifted from one project to another, the office of financial management shall also reflect this in the annual variance report. Once a project is complete, the report shall provide a final summary showing estimated start and completion dates of each project phase compared to actual dates, estimated costs of each project phase compared to actual costs, and whether or not there are any outstanding liabilities or unsettled claims at the time of completion.

(4) In addition, the director of financial management, as agent of the governor, shall:

(a) Develop and maintain a system of internal controls and internal audits comprising methods and procedures to be adopted by each agency that will safeguard its assets, check the accuracy and reliability of its accounting data, promote operational efficiency, and encourage adherence to prescribed managerial policies for accounting and financial controls. The system developed by the director shall include criteria for determining the scope and comprehensiveness of internal controls required by classes of agencies, depending on the level of resources at risk.

(i) For those agencies that the director determines internal audit is required, the agency head or authorized designee shall be assigned the responsibility and authority for establishing and maintaining internal audits following professional audit standards including generally accepted government auditing standards or standards adopted by the institute of internal auditors, or both.

(ii) For those agencies that the director determines internal audit is not required, the agency head or authorized designee may establish and maintain internal audits following professional audit standards including generally accepted government auditing standards or standards adopted by the institute of internal auditors, or both, but at a minimum must comply with policies as established by the director to assess the effectiveness of the agency's systems of internal controls and risk management processes.

(b) Make surveys and analyses of agencies with the object of determining better methods and increased effectiveness in the use of manpower and materials; and the director shall authorize expenditures for employee training to the end that the state may benefit from training facilities made available to state employees;

(c) Establish policies for allowing the contracting of child care services;

(d) Report to the governor with regard to duplication of effort or lack of coordination among agencies;

(e) Review any pay and classification plans, and changes thereunder, developed by any agency for their fiscal impact: PROVIDED, That none of the provisions of this subsection shall affect merit systems of personnel management now existing or hereafter established by statute relating to the fixing of qualifications requirements for recruitment, appointment, or promotion of employees of any agency. The director shall advise and confer with agencies including appropriate standing committees of the legislature as may be designated by the speaker of the house and the president of the senate regarding the fiscal impact of such plans and may amend or alter the plans, except that for the following agencies no amendment or alteration of the plans may be made without the approval of the agency concerned: Agencies headed by elective officials;

(f) Fix the number and classes of positions or authorized employee years of employment for each agency and during the fiscal period amend the determinations previously fixed by the director except that the director shall not be empowered to fix the number or the classes for the following: Agencies headed by elective officials;

(g) Adopt rules to effectuate provisions contained in (a) through (f) of this subsection.

(5) The office of financial management and institutions of higher education as defined in RCW 28B.10.016 shall update the accounting procedures manual under subsection (1) of this section to include appropriate standards and procedures to allow institutions of higher education to report to the accounting system under subsection (1) of this section information of interest to the legislature. The office of financial management shall notify the fiscal committees of the legislature of these standards and procedures and any future updates. The standards and procedures must allow, at a minimum, institutions of higher education to report detail in the following areas:

It shall be unlawful for the treasurer to disburse public funds in the treasury except upon forms or by alternative means duly prescribed by the director of financial management. These forms or alternative means shall provide for authentication and certification by the agency head or the agency head's designee that the services have been rendered or the materials have been furnished; or, in the case of loans or grants, that the loans or grants are authorized by law; or, in the case of payments for periodic maintenance services to be performed on state owned equipment, that a written contract for such periodic maintenance services is currently in effect; and, the treasurer shall not be liable under the treasurer's surety bond for erroneous or improper payments so made. The responsibility for recovery of erroneous or improper payments made under this section shall lie with the agency head or the agency head's designee in accordance with rules issued pursuant to this chapter. The auditor may make such a report to a legislative committee only if the auditor has determined that the agency has been given an opportunity and has failed to resolve the management or performance issues raised by the auditor. If the auditor makes a report to a legislative committee, the agency may submit to the committee a response to the report. This subsection (((6))) (7) shall not be construed to authorize the auditor to allocate other than de minimis resources to performance audits except as expressly authorized in the appropriations acts or in the performance audit work plan. The results of a performance audit conducted by the state auditor that has been requested by the joint legislative audit and review committee must only be transmitted to the joint legislative audit and review committee.

(d) Be empowered to take exception to specific expenditures that have been incurred by any agency or to take exception to other practices related in any way to the agency's financial transactions and to cause such exceptions to be made a matter of public record, including disclosure to the agency concerned and to the director of financial management. The joint legislative audit and review committee may:

(3) Subsection (1)(a) and (b) of this section does not apply to an appropriations bill that makes net reductions in general fund and related funds appropriations and is enacted between July 1st and February 15th of any fiscal year.

For purposes of this subsection, "gross amount reportable" means the total value of products, gross proceeds of sales, and gross income of the business, reportable to the department before application of any tax deductions.

(ii) If a person was not primarily engaged within this state in any combination of the activities described in subsection (2) of this section during the immediately preceding year, and the person is unsure whether the person will be subject to the workforce investment surcharge for the current calendar year until the close of the current calendar year, the person must, if necessary, file corrected returns with the department of revenue to pay any additional tax due under this section for the current calendar year. Payment of additional tax, along with corrected returns, is due and payable when the person's last return for the calendar year during which the tax liability accrued is due and payable. Additional tax due under this section is subject to penalties and interest as provided under chapter 82.32 RCW only if the tax is not paid in full by the date due as provided in this subsection (3)(a)(ii).

(b) The entire amount of gross income of the business received by a person pursuant to a contract under
which the person is obligated to perform any activity described under subsection (2) of this section is deemed to be generated from engaging in any one or more of the activities described in subsection (2) of this section.

(4)(a) Beginning with business activities occurring on or after January 1, 2020, in addition to the taxes imposed under RCW 82.04.290(2), a workforce education investment surcharge is imposed on select advanced computing businesses as follows:

(i) For an affiliated group that has worldwide gross revenue of more than twenty-five billion dollars, but not more than one hundred billion dollars, during the entire current or immediately preceding calendar year, the surcharge is equal to the total amount of tax payable by each member of the affiliated group on all business activities taxed under RCW 82.04.290(2), before application of any tax credits, multiplied by the rate of thirty-three and one-third percent.

(ii) For an affiliated group that has worldwide gross revenue of more than one hundred billion dollars during the entire current or immediately preceding calendar year, the surcharge is equal to the total amount of tax payable by each member of the affiliated group on all business activities taxed under RCW 82.04.290(2), before application of any tax credits, multiplied by the rate of sixty-six and two-thirds percent.

(b) In no case will the combined surcharge imposed under this subsection (4) paid by all members of an affiliated group be less than four million dollars or more than seven million dollars annually.

(c) For persons subject to the surcharge imposed under this subsection (4) that report under one or more tax classifications, the surcharge applies only to business activities taxed under RCW 82.04.290(2).

(d) The surcharge imposed under this subsection (4) must be reported and paid in a manner and frequency as required by the department.

(e) To aid in the effective administration of the surcharge in this subsection (4), the department may require persons believed to be engaging in advanced computing or affiliated with a person believed to be engaging in advanced computing to disclose whether they are a member of an affiliated group and, if so, to identify all other members of the affiliated group subject to the surcharge. If the department determines that a person, with intent to evade the surcharge under this subsection (4), failed to fully comply with this subsection (4)(e), the seven million dollar limitation in (b) of this subsection (4) does not apply to the person's affiliated group.

(f) For the purposes of this subsection (4) the following definitions apply:

(vi) "Select advanced computing business" means a person who is a member of an affiliated group with at least one member of the affiliated group engaging in the business of advanced computing, and the affiliated group has worldwide gross revenue of more than twenty-five billion dollars during the entire current or immediately preceding calendar year. A person who is primarily engaged within this state in the provision of commercial mobile service, as that term is defined in 47 U.S.C. Sec. 332(d)(1), shall not be considered a select advanced computing business. A person who is primarily engaged in this state in the operation and provision of access to transmission facilities and infrastructure that the person owns or leases for the transmission of voice, data, text, sound, and video using wired telecommunications networks shall not be considered a select advanced computing business.

(6) Revenues from the surcharges under this section must be deposited directly into the workforce education investment account established in section 2 of this act.

(7) The department has the authority to determine through an audit or other investigation whether a person is subject to the surcharges imposed in this section. The department's determination that a person is subject to the surcharge is presumed to be correct unless the person shows by clear, cogent, and convincing evidence that the department's determination was incorrect.

(8) Revenue from this account shall be transferred to the institution of higher education operating fees account. With the funds provided by this transfer to the account, OFM shall allocate to each institution of higher education an amount sufficient to reduce tuition for resident undergraduates at each institution of higher education by 25 percent and keep the amount available to institutions from the account the same.

(3)(a) In the 2015-16 and 2016-17 academic years, tuition operating fees for resident undergraduates at community and technical colleges excluding applied baccalaureate degrees as defined in RCW 28B.50.030, shall be five percent less than the 2014-15 academic year tuition operating fee.

(b) Beginning in the 2019-20 academic year, tuition operating fees for resident undergraduates at community and technical colleges excluding applied baccalaureate degrees as defined in RCW 28B.50.030, shall be twenty-five percent less than the 2018-19 academic year tuition operating fees.

Percentage increases in full-time tuition fees may exceed the fiscal growth factor. Reductions or increases may be made for all or portions of an institution's programs, campuses, courses, or students; however, during the 2013-2015 fiscal biennium, reductions or increases in tuition must be uniform among resident undergraduate students.

(b) Prior to reducing or increasing tuition for each academic year, the governing boards of the state universities, the regional universities, and The Evergreen State College shall consult with existing student associations or organizations with student undergraduate and graduate representatives regarding the impacts of potential tuition increases. Each governing board shall make public its proposal for tuition and fee increases twenty-one days before the governing board of the institution considers adoption and allow opportunity for public comment. However, the requirement to make public a proposal for tuition and fee increases twenty-one days before the governing board considers adoption shall not apply if the omnibus appropriations act has not passed the legislature by May 15th. Governing boards shall be required to provide data regarding the percentage of students receiving financial aid, the sources of aid, and the percentage of total costs of attendance paid for by aid.

(c) Prior to reducing or increasing tuition for each academic year, the state board for community and technical college system shall consult with existing student associations or organizations with undergraduate student representation regarding the impacts of potential tuition increases. The state board for community and technical colleges shall provide data regarding the percentage of students receiving financial aid, the sources of aid, and the percentage of total costs of attendance paid for by aid.

The office of the superintendent of public instruction shall develop accounting guidelines for these transfers in accordance with internal revenue service regulations.

(g) Major equipment repair, painting of facilities, and other major preventative maintenance purposes. If the superintendent of public instruction receives a report of findings from the state auditor that an expenditure of a school district is out of compliance with the requirements of RCW 28A.150.276, and the finding is not resolved in the subsequent audit, the maximum taxes levied for collection by the school district under RCW 84.52.0531 in the following calendar year shall be reduced by the expenditure amount identified by the state auditor.

"NEW SECTION. Sec. 5. A new section is added to chapter 28A.150 RCW to read as follows:

Subject to amounts appropriated for this specific purpose, school districts shall receive additional funding for students that are eligible for safety net awards under RCW 28A.150.392. Additional funds allocated under this section shall be the difference between:

1. The base allocation as defined in RCW 28A.150.390(3)(a), multiplied by the excess cost multiplier under RCW 28A.150.390(2)(b); and

2. The safety net eligibility threshold designated by the office of the superintendent of public instruction in the annual special education safety net application.

NEW SECTION. Sec. 6. The legislature finds that professional development for certificated instructional staff and other school district employees is an important aspect of the state's program of basic education because it allows educators to grow as professionals and gain skills to better implement the instructional program. At the same time, the state finds that children learn best when their regular instructional program is provided consistently by the same instructors and is not unduly disrupted by substitute instructors or interruptions to the daily school schedule.

For these reasons, the legislature intends to provide funding for one day of professional development for certificated instructional staff as part of the state's program of basic education, to limit use of state-funded professional development to evenings, weekends, or days outside the regular school year.

Sec. 7. RCW 28A.150.200 and 2017 3rd sp.s. c 13 s 401 are each amended to read as follows:

(1) The program of basic education established under this chapter is deemed by the legislature to comply with the requirements of Article IX, section 1 of the state Constitution, which states that "It is the paramount duty of the state to make ample provision for the education of all children residing within its borders, without distinction or preference on account of race, color, caste, or sex," and is adopted pursuant to Article IX, section 2 of the state Constitution, which states that "The legislature shall provide for a general and uniform system of public schools."

(2) The legislature defines the program of basic education under this chapter as that which is necessary to provide the opportunity to develop the knowledge and skills necessary to meet the state-established high school graduation requirements that are intended to allow students to have the opportunity to graduate with a meaningful diploma that prepares them for postsecondary education, gainful employment, and citizenship. Basic education by necessity is an evolving program of instruction intended to reflect the changing educational opportunities that are
needed to equip students for their role as productive citizens and includes the following:

(a) The instructional program of basic education the minimum components of which are described in RCW 28A.150.220;

(b) The program of education provided by chapter 28A.190 RCW for students in residential schools as defined by RCW 28A.190.020 and for juveniles in detention facilities as identified by RCW 28A.190.010;

(c) The program of education provided by chapter 28A.193 RCW for individuals under the age of eighteen who are incarcerated in adult correctional facilities;

(d) Transportation and transportation services to and from school for eligible students as provided under RCW 28A.160.150 through 28A.160.180; and

(e) Statewide salary allocations necessary to hire and retain qualified staff for the state's statutory program of basic education, including allocations for professional development for certificated instructional staff under RCW 28A.150.415.

Sec. 8. RCW 28A.150.415 and 2017 3rd sp.s. c 13 s 105 are each amended to read as follows:

(1) Beginning with the 2018-19 school year, the legislature shall (begin phasing in) allocate state funding for professional learning days for state-funded certificated instructional staff. (At a minimum) Beginning with the 2019-20 school year, as part of the state's program of basic education, the state must (allocate funding for:

(a)) fund one professional learning day (in the 2018-19 school year;

(b) Two professional learning days in the 2019-20 school year; and

(c) Three professional learning days in the 2020-21 school year) for each full-time equivalent certificated instructional staff unit in the state's funding formulas.

(2) School districts must schedule state-funded professional development activities outside regular instructional time and the minimum instructional days and hours specified in RCW 28A.150.220(2). School districts may not use early-release or late-start days to provide state-funded professional development.

(3) School districts must use state professional development allocations under this section only for professional development for state-funded certificated instructional staff. Nothing in this section entitles an individual certificated instructional staff to any particular number of professional learning days. Nothing in this section prevents the state from allocating funding for additional professional learning days as a supplement to basic education allocations.

((4))) (4) The professional learning days must meet the definitions and standards provided in RCW 28A.415.430, 28A.415.432, and 28A.415.434.

Sec. 9. RCW 28A.400.200 and 2018 c 266 s 205 are each amended to read as follows:

(1) Every school district board of directors shall fix, alter, allow, and order paid salaries and compensation for all district employees in conformance with this section.

(2)(a) Through the 2017-18 school year, salaries for certificated instructional staff shall not be less than the salary provided in the appropriations act in the statewide salary allocation schedule for an employee with a baccalaureate degree and zero years of service;

(b) Salaries for certificated instructional staff with a master's degree shall not be less than the salary provided in the appropriations act in the statewide salary allocation schedule for an employee with a master's degree and zero years of service; and

(c) Beginning with the 2018-19 school year:

(i) Salaries for full-time certificated instructional staff must not be less than forty thousand dollars, to be adjusted for regional differences in the cost of hiring staff as specified in RCW 28A.150.410, and to be adjusted annually by the same inflationary measure as provided in RCW 28A.400.205;

(ii) Salaries for full-time certificated instructional staff with at least five years of experience must exceed by at least ten percent the value specified in (c)(i) of this subsection;

(iii) A district may not pay full-time certificated instructional staff a salary that exceeds ninety thousand dollars, subject to adjustment for regional differences in the cost of hiring staff as specified in RCW 28A.150.410. This maximum salary is adjusted annually by the inflationary measure in RCW 28A.400.205;

(iv) These minimum and maximum salaries apply to the services provided as part of the state's statutory program of basic education and exclude supplemental contracts for additional time, responsibility, or incentive pursuant to this section or for enrichment pursuant to RCW 28A.150.276;

(v) A district may pay a salary that exceeds this maximum salary by up to ten percent for full-time certificated instructional staff: Who are educational staff associates; who teach in the subjects of science, technology, engineering, or math; or who teach in the transitional bilingual instruction or special education programs.

(3)(a)(i) Through the 2017-18 school year the actual average salary paid to certificated instructional staff shall not exceed the district's average certificated instructional staff salary used for the state basic education allocations for that school year as determined pursuant to RCW 28A.150.410.

(ii) For the 2018-19 school year, salaries for certificated instructional staff are subject to the limitations in RCW 41.59.800.

(iii) Beginning with the 2019-20 school year, for purposes of subsection (4) of this section, RCW 28A.150.276, and 28A.505.100, each school district must annually identify the actual salary paid to each certificated
instructional staff for services rendered as part of the state's program of basic education.

(iv) Beginning with the 2019-20 school year, compensation for state-funded professional development must comply with RCW 28A.150.410 and 28A.150.415.

(b) Through the 2018-19 school year, fringe benefit contributions for certificated instructional staff shall be included as salary under (a)(i) of this subsection only to the extent that the district's actual average benefit contribution exceeds the amount of the insurance benefits allocation, less the amount remitted by districts to the health care authority for retiree subsidies, provided per certificated instructional staff unit in the state operating appropriations act in effect at the time the compensation is payable. For purposes of this section, fringe benefits shall not include payment for unused leave for illness or injury under RCW 28A.400.210; employer contributions for old age survivors insurance, workers' compensation, unemployment compensation, and retirement benefits under the Washington state retirement system; or employer contributions for health benefits in excess of the insurance benefits allocation provided per certificated instructional staff unit in the state operating appropriations act in effect at the time the compensation is payable. A school district may not use state funds to provide employer contributions for such excess health benefits.

(c) Salary and benefits for certificated instructional staff in programs other than basic education shall be consistent with the salary and benefits paid to certificated instructional staff in the basic education program.

(4)(a) Salaries and benefits for certificated instructional staff may exceed the limitations in subsection (3) of this section only by separate contract for additional time, for additional responsibilities, or for incentives. Supplemental contracts shall not cause the state to incur any present or future funding obligation. Supplemental contracts must be accounted for by a school district when the district is developing its four-year budget plan under RCW 28A.505.040.

(b) Supplemental contracts shall be subject to the collective bargaining provisions of chapter 41.59 RCW and the provisions of RCW 28A.405.240, shall not exceed one year, and if not renewed shall not constitute adverse change in accordance with RCW 28A.405.300 through 28A.405.380. No district may enter into a supplemental contract under this subsection for the provision of services which are a part of the basic education program required by Article IX, section 1 of the state Constitution and RCW 28A.150.220.

(c) (i) Beginning September 1, 2019, supplemental contracts for certificated instructional staff are subject to the following additional restrictions: School districts may enter into supplemental contracts only for enrichment activities as defined in and subject to the limitations of RCW 28A.150.276.

(ii) For a supplemental contract, or portion of a supplemental contract, that is time-based, the hourly rate the district pays may not exceed the hourly rate provided to that same instructional staff for services under the basic education salary identified under subsection (3)(a)(iii) of this section. For a supplemental contract, or portion of a supplemental contract that is not time-based, the contract must document the additional duties, responsibilities, or incentives that are being funded in the contract.

(5) Employee benefit plans offered by any district shall comply with RCW 28A.400.350, 28A.400.275, and 28A.400.280.

Sec. 10. RCW 28A.413.060 and 2018 c 153 s 3 are each amended to read as follows:

(1) School districts must implement this section only in school years for which state funding is appropriated specifically for the purposes of this section and only for the number of days that are funded by the appropriation.

(2) School districts must provide a four-day fundamental course of study on the state standards of practice, as defined by the board, to paraeducators who have not completed the course, either in the district or in another district within the state. School districts must use best efforts to provide the fundamental course of study before the paraeducator begins to work with students and their families, and at a minimum by the deadlines provided in subsection (3) of this section.

(3) Except as provided in (b) of this subsection, school districts must provide the fundamental course of study required in subsection (2) of this section by the deadlines provided in (a) of this subsection:

(a)(i) For paraeducators hired on or before September 1st, by September 30th of that year, regardless of the size of the district; and

(ii) For paraeducators hired after September 1st:

(A) For districts with ten thousand or more students, within four months of the date of hire; and

(B) For districts with fewer than ten thousand students, no later than September 1st of the following year.

(b)(i) For paraeducators hired for the 2018-19 school year, by September 1, 2020; and

(ii) For paraeducators not hired for the 2018-19 school year, but hired for the 2019-20 school year, by September 1, 2021.

(4) School districts may collaborate with other school districts or educational service districts to meet the requirements of this section.

(5) School districts must schedule state-funded paraeducator professional development activities outside regular instructional time and the minimum instructional days and hours specified in RCW 28A.150.220(2).

Sec. 11. RCW 28A.150.260 and 2018 c 266 s 101 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under
RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2)(a) The distribution formula under this section shall be for allocation purposes only. Except as may be required under subsections (4)(b) and (c) and (9) of this section, RCW 28A.150.415, chapter 28A.155, 28A.165, 28A.180, or 28A.185 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(b) To promote transparency in state funding allocations, the superintendent of public instruction must report state per-pupil allocations for each school district for the general apportionment, special education, learning assistance, transitional bilingual, highly capable, and career and technical education programs. The superintendent must also report state general apportionment per-pupil allocations by grade for each school district. The superintendent must report this information in a user-friendly format on the main page of the office's web site and on school district apportionment reports. School districts must include a link to the superintendent's per-pupil allocations report on the main page of the school district's web site. In addition, the budget documents published by the legislature for the enacted omnibus operating Appropriations Act must report statewide average per-pupil allocations for general apportionment and the categorical programs listed in this subsection.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.

(b) For the purposes of this section, prototypical schools are defined as follows:

(i) A prototypical high school has six hundred average annual full-time equivalent students in grades nine through twelve;

(ii) A prototypical middle school has four hundred thirty-two average annual full-time equivalent students in grades seven and eight; and

(iii) A prototypical elementary school has four hundred average annual full-time equivalent students in grades kindergarten through six.

(4)(a)(i) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on the following general education average class size of full-time equivalent students per teacher:

(ii) The minimum class size allocation for each prototypical high school shall also provide for enhanced funding for class size reduction for two laboratory science classes within grades nine through twelve per full-time equivalent high school student multiplied by a laboratory science course factor of 0.0833, based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours in RCW 28A.150.220, and providing at least one teacher planning period per school day:

(b)(i) Beginning September 1, 2019, funding for average K-3 class sizes in this subsection (4) may be provided only to the extent of, and proportionate to, the school district's demonstrated actual class size in grades K-3, up to the funded class sizes.

(ii) The office of the superintendent of public instruction shall develop rules to implement this subsection (4)(b).

(c)(i) The minimum allocation for each prototypical middle and high school shall also provide for full-time
equivalent classroom teachers based on the following number of full-time equivalent students per teacher in career and technical education:

**Career and technical education average class size**

(ii) Funding allocated under this subsection (4)(c) is subject to RCW 28A.150.265.

(d) In addition, the omnibus appropriations act shall at a minimum specify:

(i) A high-poverty average class size in schools where more than fifty percent of the students are eligible for free and reduced-price meals; and

(ii) A specialty average class size for advanced placement and international baccalaureate courses.

(b) The minimum allocation of staff units for each school district to support certificated and classified staffing of central administration shall be 5.30 percent of the staff units generated under subsections (4)(a) and (5) of this section and (a) of this subsection.

(7) The distribution formula shall include staffing allocations to school districts for career and technical education and skill center administrative and other school-level certificated staff, as specified in the omnibus appropriations act.

(8)(a) Except as provided in (b) of this subsection, the minimum allocation for each school district shall include allocations per annual average full-time equivalent student for the following materials, supplies, and operating costs as provided in the 2017-18 school year, after which the allocations shall be adjusted annually for inflation as specified in the omnibus appropriations act:

Per annual average
full-time equivalent student in grades K-12

Technology .......................................................... $130.76
Utilities and insurance ........................................... $355.30
Curriculum and textbooks ....................................... $140.39
Other supplies ...................................................... $278.05

Instructional professional development for certificated and classified staff ........................................ $21.71
Facilities maintenance ........................................... $176.01
Security and central office administration .............. $121.94

(b) In addition to the amounts provided in (a) of this subsection, beginning in the 2014-15 school year, the omnibus appropriations act shall provide the following minimum allocation for each annual average full-time equivalent student in grades nine through twelve for the following materials, supplies, and operating costs, to be adjusted annually for inflation:

Per annual average full-time equivalent student in grades 9-12

Technology .......................................................... $36.35
Curriculum and textbooks ....................................... $39.02
Other supplies ...................................................... $77.28
Library materials ................................................... $5.56
Instructional professional development for certificated and classified staff ........................................ $6.04

(9) In addition to the amounts provided in subsection (8) of this section and subject to RCW 28A.150.265, the omnibus appropriations act shall provide an amount based on full-time equivalent student enrollment in each of the following:

(a) Exploratory career and technical education courses for students in grades seven through twelve;

(b) Preparatory career and technical education courses for students in grades nine through twelve offered in a high school; and

(c) Preparatory career and technical education courses for students in grades eleven and twelve offered through a skill center.

(10) In addition to the allocations otherwise provided under this section, amounts shall be provided to support the following programs and services:

(a)(i) To provide supplemental instruction and services for students who are not meeting academic standards through the learning assistance program under RCW 28A.165.005 through 28A.165.065, allocations shall be based on the district percentage of students in grades K-12 who were eligible for free or reduced-price meals in the prior school year. The minimum allocation for the program shall provide for each level of prototypical school resources to provide, on a statewide average, 2.3975 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher.

(ii) In addition to funding allocated under (a)(i) of this subsection, to provide supplemental instruction and services for students who are not meeting academic standards in qualifying schools. A qualifying school means a school in which the three-year rolling average of the prior year total annual average enrollment that qualifies for free or reduced-price meals equals or exceeds fifty percent or more of its total annual average enrollment. The minimum allocation for each additional high poverty-based allocation must provide for each level of prototypical school resources to provide, on a statewide average, 1.1 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher, under RCW 28A.165.055, school districts must distribute the high poverty-based allocation to the schools that generated the funding allocation.

(b)(i) To provide supplemental instruction and services for students whose primary language is other than English, allocations shall be based on the head count number of students in each school who are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080. The minimum allocation for each level of prototypical school shall provide resources to provide, on a statewide average, 4.7780 hours per week in extra instruction for students in grades kindergarten through six and 6.7780 hours per week in extra instruction for students in grades seven through twelve, with fifteen transitional bilingual instruction program students per teacher. Notwithstanding other provisions of this subsection (10), the actual per-student allocation may be scaled to provide a larger allocation for students needing more intensive intervention and a commensurate reduced allocation for students needing less intensive intervention, as detailed in the omnibus appropriations act.

(ii) To provide supplemental instruction and services for students who have exited the transitional bilingual program, allocations shall be based on the head count number of students in each school who have exited the transitional bilingual program within the previous two years based on their performance on the English proficiency assessment and are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.040(1)(g). The minimum allocation for each prototypical school shall provide resources to provide, on a statewide average, 3.0 hours per week in extra instruction with fifteen exited students per teacher.

(c) To provide additional allocations to support programs for highly capable students under RCW 28A.185.010 through 28A.185.030, allocations shall be based on 5.0 percent of each school district's full-time equivalent basic education enrollment. The minimum allocation for the programs shall provide resources to provide, on a statewide average, 2.1590 hours per week in
extra instruction with fifteen highly capable program students per teacher.

(11) The allocations under subsections (4)(a), (5), (6), and (8) of this section shall be enhanced as provided under RCW 28A.150.390 on an excess cost basis to provide supplemental instructional resources for students with disabilities.

(12)(a) For the purposes of allocations for prototypical high schools and middle schools under subsections (4) and (10) of this section that are based on the percent of students in the school who are eligible for free and reduced-price meals, the actual percent of such students in a school shall be adjusted by a factor identified in the omnibus appropriations act to reflect underreporting of free and reduced-price meal eligibility among middle and high school students.

(b) Allocations or enhancements provided under subsections (4), (7), and (9) of this section for exploratory and preparatory career and technical education courses shall be provided only for courses approved by the office of the superintendent of public instruction under chapter 28A.700 RCW.

(13)(a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature.

(b) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect.

(b) The budget must set forth by detailed items or classes the estimated expenditures for the ensuing fiscal year, the estimated expenditures for the fiscal year current at the time of budget preparation, and the actual expenditures for the last completed fiscal year.

(b) The budget must set forth:

(i) The state-funded basic education salary amounts, including state-funded professional development, locally funded salary amounts, total salary amounts, and full-time equivalency for each individual certificated instructional staff, certificated administrative staff, and classified staff; and

(ii) The high, low, and average annual salaries, which shall be displayed by job classification within each budget classification.

(3) In districts where negotiations have not been completed, the district may budget the salaries at the current year's rate and restrict fund balance for the amount of anticipated increase in salaries, so long as an explanation is attached to the budget on such restriction of fund balance.

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2)(a) The distribution formula under this section shall be for allocation purposes only. Except as may be required under subsections (4)(b) and (c) and (9) of this section, chapter 28A.155, 28A.165, 28A.180, or 28A.185 RCW, or federal laws and regulations, nothing in this section
requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(b) To promote transparency in state funding allocations, the superintendent of public instruction must report state per-pupil allocations for each school district for the general apportionment, special education, learning assistance, transitional bilingual, highly capable, and career and technical education programs. (9) In addition to the amounts provided in subsection (8) of this section and subject to RCW 28A.150.265, the omnibus appropriations act shall provide an amount based on full-time equivalent student enrollment in each of the following:

(a) Exploratory career and technical education courses for students in grades seven through twelve;
(b) Preparatory career and technical education courses for students in grades nine through twelve offered in a high school; and
(c) Preparatory career and technical education courses for students in grades eleven and twelve offered through a skill center.

(10) In addition to the allocations otherwise provided under this section, amounts shall be provided to support the following programs and services:

(a)(i) To provide supplemental instruction and services for students who are not meeting academic standards through the learning assistance program under RCW 28A.165.005 through 28A.165.065, allocations shall be based on the district percentage of students in grades K-12 who were eligible for free or reduced-price meals in the prior school year. The minimum allocation for the program shall provide for each level of prototypical school resources to provide, on a statewide average, 2.3975 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher.

(ii) In addition to funding allocated under (a)(i) of this subsection, to provide supplemental instruction and services for students who are not meeting academic standards in qualifying schools. A qualifying school means a school in which the three-year rolling average of the prior year total annual average enrollment that qualifies for free or reduced-price meals equals or exceeds fifty percent or more of its total annual average enrollment. The minimum allocation for this additional high poverty-based allocation must provide for each level of prototypical school resources to provide, on a statewide average, 1.1 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher, under RCW 28A.165.055, school districts must distribute the high poverty-based allocation to the schools that generated the funding allocation.

(b)(i) To provide supplemental instruction and services for students whose primary language is other than English, allocations shall be based on the head count number of students in each school who are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080. The minimum allocation for each level of prototypical school shall provide resources to provide, on a statewide average, 4.7780 hours per week in extra instruction for students in grades kindergarten through six and 6.7780 hours per week in extra instruction for students in grades seven through twelve, with fifteen transitional bilingual instruction program students per teacher. Notwithstanding other provisions of this subsection (10), the actual per-student allocation may be scaled to provide a larger allocation for students needing more intensive intervention and a commensurate reduced allocation for students needing less intensive intervention, as detailed in the omnibus appropriations act.

(ii) To provide supplemental instruction and services for students who have exited the transitional bilingual program, allocations shall be based on the head count number of students in each school who have exited the transitional bilingual program within the previous two years based on their performance on the English proficiency assessment and are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.040(1)(g). The minimum allocation for each prototypical school shall provide resources to provide, on a statewide average, 3.0 hours per week in extra instruction with fifteen exited students per teacher.

(c) To provide additional allocations to support programs for highly capable students under RCW 28A.185.010 through 28A.185.030, allocations shall be based on 5.0 percent of each school district's full-time equivalent basic education enrollment. The minimum allocation for the programs shall provide resources to provide, on a statewide average, 2.1590 hours per week in extra instruction with fifteen highly capable program students per teacher.

(11) The allocations under subsections (4)(a), (5), (6), and (8) of this section shall be enhanced as provided under RCW 28A.150.390 on an excess cost basis to provide supplemental instructional resources for students with disabilities.

(12)(a) For the purposes of allocations for prototypical high schools and middle schools under subsections (4) and (10) of this section that are based on the
percent of students in the school who are eligible for free and reduced-price meals, the actual percent of such students in a school shall be adjusted by a factor identified in the omnibus appropriations act to reflect underreporting of free and reduced-price meal eligibility among middle and high school students.

(b) Allocations or enhancements provided under subsections (4), (7), and (9) of this section for exploratory and preparatory career and technical education courses shall be provided only for courses approved by the office of the superintendent of public instruction under chapter 28A.700 RCW.

(13)(a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature.

(b) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect.

(c) The enrollment of any district shall be the annual average number of full-time equivalent students and part-time students as provided in RCW 28A.150.350, enrolled on the first school day of each month, including students who are in attendance pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district. The definition of full-time equivalent student shall be determined by rules of the superintendent of public instruction and shall be included as part of the superintendent's biennial budget request. The definition shall be based on the minimum instructional hour offerings required under RCW 28A.150.220. Any revision of the present definition shall not take effect until approved by the house ways and means committee and the senate ways and means committee.

(d) The office of financial management shall make a monthly review of the superintendent's reported full-time equivalent students in the common schools in conjunction with RCW 43.62.050.

"Sec. 5. RCW 28A.150.410 and 2018 c 266 s 202 are each amended to read as follows:

(1) ((Through the 2017-18 school year, the legislature shall establish for each school year in the appropriations act a statewide salary allocation schedule, for allocation purposes only, to be used to distribute funds for basic education certificated instructional staff salaries under RCW 28A.150.260. For the purposes of this section, the staff allocations for classroom teachers, teacher librarians, guidance counselors, and student health services staff under RCW 28A.150.260 are considered allocations for certificated instructional staff.

(2) Through the 2017-18 school year, salary allocations for state-funded basic education certificated instructional staff shall be calculated by the superintendent of public instruction by determining the district's average salary for certificated instructional staff, using the statewide salary allocation schedule and related documents, conditions, and limitations established by the omnibus appropriations act.

(3) Through the 2017-18 school year, no more than sixty-nine college quarter-hour credits received by an employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in the omnibus appropriations act, or any replacement schedules and documents.

(a) The employee has a master's degree;

(b) The credits were used in generating state salary allocations before January 1, 1992.

(4) Beginning in the 2007-08 school year and through the 2017-18 school year, the calculation of years of service for occupational therapists, physical therapists, speech language pathologists, audiologists, nurses, social workers, counselors, and psychologists regulated under Title 18 RCW may include experience in schools and other nonschool positions as occupational therapists, physical therapists, speech-language pathologists, audiologists, nurses, social workers, counselors, or psychologists. The calculation shall be that one year of service in a nonschool position counts as one year of service for purposes of this chapter, up to a limit of two years of nonschool service. Nonschool years of service included in calculations under this subsection shall not be applied to service credit totals for purposes of any retirement benefit under chapter 41.32, 41.35, or 41.40 RCW, or any other state retirement system benefits.

(5))) By the 2018-19 school year, the minimum state allocation for salaries for certificated instructional staff in the basic education program must be increased to provide a statewide average allocation of sixty-four thousand dollars adjusted for inflation from the 2017-18 school year.

(6))) By the 2018-19 school year, the minimum state allocation for salaries for certificated administrative staff in the basic education program must be increased to provide a statewide average allocation of ninety-five
thousand dollars adjusted for inflation from the 2017-18 school year.

(((7))) (3) By the 2018-19 school year, the minimum state allocation for salaries for classified staff in the basic education program must be increased to provide a statewide average allocation of forty-five thousand nine hundred twelve dollars adjusted by inflation from the 2017-18 school year.

(((8))) (4) For school year 2018-19, a district's minimum state allocation for salaries is the greater of the district's 2017-18 state salary allocation, adjusted for inflation, or the district's allocation based on the state salary level specified in subsections (((5))) (1) through (((7))) (3) of this section, and as further specified in the omnibus appropriations act.

(((9))) (5) The full-time equivalent allocations in this section for certificated instructional staff are equivalent to a ten-month salary allocation and are sufficient for the usual and customary duties of certificated instructional staff necessary to provide the state's program of basic education, including one day of state-funded professional development as provided in RCW 28A.150.415. Usual and customary duties include professional responsibilities, time and effort beyond the minimum instructional program hours specified in RCW 28A.150.220, and include but are not limited to the following services needed to support those minimum instructional hours: Direct instruction; preparation, planning, and coordination; meeting with and collaborating with parents, teachers, and other staff; and the evaluation of student learning.

(6) Beginning with the 2018-19 school year, state allocations for salaries for certificated instructional staff, certificated administrative staff, and classified staff must be adjusted for regional differences in the cost of hiring staff. Adjustments for regional differences must be specified in the omnibus appropriations act for each school year through at least school year 2022-23. For school years 2018-19 through school year 2022-23, the school district regionalization factors are based on the median single-family residential value of each school district and proximate school district median single-family residential value as described in RCW 28A.150.412.

(((10))) (7) Beginning with the 2023-24 school year and every four years thereafter, the minimum state salary allocations and school district regionalization factors for certificated instructional staff, certificated administrative staff, and classified staff must be reviewed and rebased, as provided under RCW 28A.150.412, to ensure that state salary allocations continue to align with staffing costs for the state's program of basic education.

(((11))) (8) For the purposes of this section, "inflation" has the meaning provided in RCW 28A.400.205 for "inflationary adjustment index."

Representative Harris spoke in favor of the adoption of the amendment (820) to the striking amendment.

Representative Dolan spoke against the adoption of the amendment (820) to the striking amendment.

Representative Caldier moved the adoption of amendment (815) to the striking amendment (812):

On page 9, after line 2, insert the following:

"NEW SECTION. Sec. 7. The legislature finds that special education services are an essential part of basic education and are required to be provided by districts or public schools for every student who qualifies pursuant to state and federal law. The legislature finds that the thirteen and five-tenths percent cap on the percentage of special education students funded by the state is not consistent with the state's obligation to pay for basic education for every student. The legislature intends to provide additional state funding, remove funding limitations, and improve access to educational opportunities and outcomes for students enrolled in special education programs. The legislature intends to improve outcomes by providing resources and supports for students to be in the least restrictive environment as part of general education classrooms, offering services and therapies recommended by qualified professionals regardless of whether the district directly employs professionals for such therapeutic services, and training educators.

Sec. 8. RCW 28A.150.390 and 2018 c 266 s 102 are each amended to read as follows:

(1) The superintendent of public instruction shall submit to each regular session of the legislature during an odd-numbered year a programmed budget request for special education programs for students with disabilities. Funding for programs operated by local school districts shall be on an excess cost basis from appropriations provided by the legislature for special education programs for students with disabilities and shall take account of state funds accruing through RCW 28A.150.260 (4)(a), (5), (6), and (8) and 28A.150.415.

(2) The excess cost allocation to school districts shall be based on the following:

(a) A district's annual average headcount enrollment of students ages birth through four and those five year olds not yet enrolled in kindergarten who are eligible for and enrolled in special education, multiplied by the district's base allocation per full-time equivalent student, multiplied by 1.15; and

(b) A district's resident special education annual average ((full-time equivalent basic education)) enrollment, excluding students ages birth through four and those five year olds not yet enrolled in kindergarten, multiplied (by the district's funded enrollment percent, multiplied) by the district's base allocation per full-time equivalent student, multiplied by ((0.9609)) 1.07.

Renumber the remaining sections consecutively, correct any internal references accordingly, and correct the title.
(3) As used in this section:

(a) "Base allocation" means the total state allocation to all schools in the district generated by the distribution formula under RCW 28A.150.260 (4)(a), (5), (6), and (8) and 28A.150.415, to be divided by the district's full-time equivalent enrollment.

(b) "Basic education enrollment" means enrollment of resident students including nonresident students enrolled under RCW 28A.225.225 and students from nonhigh districts enrolled under RCW 28A.225.210 and excluding students residing in another district enrolled as part of an interdistrict cooperative program under RCW 28A.225.250.

(c) "Enrollment percent" means the district's resident special education annual average enrollment, excluding students ages birth through four and those five year olds not yet enrolled in kindergarten, as a percent of the district's annual average full-time equivalent basic education enrollment.

(d) "Funded enrollment percent" means the lesser of the district's actual enrollment percent or fifteen and five-tenths percent.

Sec. 9. RCW 28A.150.392 and 2018 c 266 s 106 are each amended to read as follows:

(1)(a) To the extent necessary, state funds shall be made available for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided through the special education funding formula under RCW 28A.150.390.

(b) If the federal safety net awards based on the federal eligibility threshold exceed the federal appropriation in any fiscal year, then the superintendent shall expend all available federal discretionary funds necessary to meet this need.

(2) Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall award additional funds for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state special education funding formulas.

(b) In the determination of need, the committee shall consider additional available revenues from federal sources.

(c)(i) Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(ii) Differences in program costs attributable to a district's best practical efforts to provide services and accommodations included in an individualized education program or to meet goals for including students in the least restrictive environment are a legitimate basis for awards and are consistent with the legislature's intent.

(d) In the determination of need, the committee shall require that districts demonstrate that they are maximizing their eligibility for all state revenues related to services for special education-eligible students and all federal revenues from federal impact aid, medicaid, and the individuals with disabilities education act-Part B and appropriate special projects. Awards associated with (e) and (f) of this subsection shall not exceed the total of a district's specific determination of need.

(e)(i) The committee shall then consider the extraordinary high cost needs of one or more individual ((special education)) students with disabilities under the individuals with disabilities education act. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(ii) Differences in program costs attributable to a district's best practical efforts to provide services and accommodations included in an individualized education program or to meet goals for including students in the least restrictive environment are a legitimate basis for awards and are consistent with the legislature's intent.

(f) Using criteria developed by the committee, the committee shall then consider extraordinary costs associated with communities that draw a larger number of families with children in need of special education services, which may include consideration of proximity to group homes, military bases, and regional hospitals. Safety net awards under this subsection (2)(f) shall be adjusted to reflect amounts awarded under (e) of this subsection.

(g) The committee shall then consider the extraordinary high cost needs of one or more individual ((special education)) students with disabilities under the individuals with disabilities education act served in residential schools as defined in RCW 28A.190.020, programs for juveniles under the department of corrections, and programs for juveniles operated by city and county jails to the extent they are providing a program of secondary education ((for students enrolled in special education)).

(h) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(i) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent of public instruction in accordance with chapter 318, Laws of 1999.

(j) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(3) The superintendent of public instruction shall adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. By December 1, 2018, the superintendent shall review and revise the rules to achieve full and complete implementation of the requirements of this subsection and subsection (4) of this section including revisions to rules that provide additional flexibility to access community impact awards. Before revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature. In adopting and revising the rules, the superintendent shall ensure the application process to access safety net funding is
streamlined, timelines for submission are not in conflict, feedback to school districts is timely and provides sufficient information to allow school districts to understand how to correct any deficiencies in a safety net application, and that there is consistency between awards approved by school district and by application period. The office of the superintendent of public instruction shall also provide technical assistance to school districts in preparing and submitting special education safety net applications.

(4) On an annual basis, the superintendent shall survey districts regarding their satisfaction with the safety net process and consider feedback from districts to improve the safety net process. Each year by December 1st, the superintendent shall prepare and submit a report to the office of financial management and the appropriate policy and fiscal committees of the legislature that summarizes the survey results and those changes made to the safety net process as a result of the school district feedback.

(5) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff member from the office of the superintendent of public instruction;

(b) Staff of the office of the state auditor who shall be nonvoting members of the committee; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(6) Beginning in fiscal year 2020, safety net appropriations provided in the omnibus operating appropriations act may not include federal funding thereby eliminating the federal expenditure ratio requirement for districts to expend three times the statewide average per pupil to qualify for state safety net awards. A state expenditure ratio requirement may be identified in the omnibus operating appropriations act but, if identified, it must be less than the federal expenditure ratio requirement.

(iii) In the case of a taxpayer that sells vapor products only to affiliated distributors or affiliated retailers, the price, determined as nearly as possible according to the actual price, that other distributors sell similar vapor products of like quality and character to unaffiliated distributors, unaffiliated retailers, or ultimate consumers;

(iv) In the case of a taxpayer that is a manufacturer selling vapor products directly to ultimate consumers, the actual price for which the taxpayer sells those vapor products to ultimate consumers;

(v) In the case of a taxpayer that has acquired vapor products under a sale as defined in RCW 70.345.010(16)(b), the price, determined as nearly as possible according to the actual price, that the taxpayer or other distributors sell the same vapor products or similar vapor products of like quality and character to unaffiliated distributors, unaffiliated retailers, or ultimate consumers;

(vi) In cases where section 102(2)(b) of this act applies, the value of the article used as defined in RCW 82.12.010; or

(b) For purposes of (a)(i) and (ii) of this subsection only, "person" includes both persons as defined in this section and any person immune from state taxation, including the United States or its instrumentalities, and federally recognized Indian tribes and enrolled tribal members, conducting business within Indian country.

(c) In any case where the taxable sales price is not indicative of a vapor product's true value at the time and place of the taxable event as provided in section 102(2)(a) of this act, "taxable sales price" means the true value of the vapor product as determined by the department. For purposes of this subsection, "true value" means market value based on sales at comparable locations in this state of the same or similar vapor product of like quality and character sold under comparable conditions of sale by comparable sellers to comparable purchasers.

(15) "Taxpayer" means a person liable for the tax imposed by this chapter.

(a) The term does not include:

(i) Any product approved by the United States food and drug administration for sale as a tobacco cessation product, medical device, or for other therapeutic purposes when such product is marketed and sold solely for such an approved purpose;

(ii) Any product that will become an ingredient or component in a vapor product manufactured by a distributor; or

(iii) Any product that meets the definition of marijuana, useable marijuana, marijuana concentrates, marijuana-infused products, cigarette, or tobacco products.

(b) For purposes of this subsection (18):

(i) "Cigarette" has the same meaning as provided in RCW 82.24.010; and

(ii) "Marijuana," "useable marijuana," "marijuana concentrates," and "marijuana-infused products" have the same meaning as provided in RCW 69.50.101.

NEW SECTION. Sec. 102. (1) There is levied and collected a tax upon the sale, use, consumption, handling, possession, or distribution of all vapor products in this state in an amount equal to ten cents per milliliter of solution and a proportionate tax at the like rate on all fractional parts of a milliliter thereof. The tax on vapor products must be imposed based on the volume of the solution as listed by the manufacturer.

(2)(a) The tax under this section must be collected at the time the distributor: (i) Brings, or causes to be brought, into this state from without the state vapor products for sale; (ii) makes, manufactures, fabricates, or stores vapor products in this state for sale in this state; (iii) ships or transports vapor products to retailers or consumers in this state; or (iv) handles for sale any vapor products that are within this state but upon which tax has not been imposed.

(b) The tax imposed under this section must also be collected by the department from the consumer of vapor products where the tax imposed under this section was not paid by the distributor on such vapor products.

(3)(a) The moneys collected under this section must be deposited as follows:

(i) Fifty percent into the Andy Hill cancer research fund created in RCW 43.348.060; and

(ii) Fifty percent into the foundational public health services account created in section 104 of this act.

(b) The funding provided under this subsection is intended to supplement and not supplant general fund investments in cancer research and foundational public health services.
NEW SECTION. Sec. 103. (1) A bundled transaction that includes a vapor product is subject to the tax imposed under this chapter on only the milliliters, or portion of milliliters, of vapor products included in the bundled transaction.

(2) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Bundled transaction" means:

(i) The sale of two or more products where the products are otherwise distinct and identifiable, are sold for one nonitemized price, and at least one product is a vapor product subject to the tax under this chapter; and

(ii) A vapor product provided free of charge with the required purchase of another product. A vapor product is provided free of charge if the sales price of the product purchased does not vary depending on the inclusion of the vapor product provided free of charge.

(b) "Distinct and identifiable products" does not include packaging such as containers, boxes, sacks, bags, and bottles, or materials such as wrapping, labels, tags, and instruction guides, that accompany the sale of the products and are incidental or immaterial to the sale thereof.

NEW SECTION. Sec. 104. (1) The foundational public health services account is created in the state treasury. Fifty percent of the revenues from the tax collected under section 102 of this act and fifty percent of the revenues from the tax collected on heated tobacco products under RCW 82.26.020 must be deposited into the account for the purpose of promoting governmental public health.

(2) To determine the funding for foundational public health services pursuant to subsection (1) of this section, the governmental public health system must work together to:

(a) Arrive at a mutually acceptable allocation and distribution of funds from the account using the process established in chapter 14, Laws of 2019; and (b) determine the best accountability measures to ensure efficient and effective use of funds, emphasizing use of shared services where appropriate.

NEW SECTION. Sec. 105. It is the intent and purpose of this chapter to levy a tax on all vapor products sold, used, consumed, handled, possessed, or distributed within this state. It is the further intent and purpose of this chapter to impose the tax only once on all vapor products in this state. Nothing in this chapter may be construed to exempt any person taxable under any other law or under any other tax imposed under this title.

NEW SECTION. Sec. 106. The tax imposed by section 102 of this act does not apply with respect to any vapor products which under the Constitution and laws of the United States may not be made the subject of taxation by this state.

NEW SECTION. Sec. 107. (1) Every distributor must keep at each place of business complete and accurate records for that place of business, including itemized invoices, of vapor products held, purchased, manufactured, brought in or caused to be brought in from without the state, or shipped or transported to retailers in this state, and of all sales of vapor products made.

(2) These records must show the names and addresses of purchasers, the inventory of all vapor products, and other pertinent papers and documents relating to the purchase, sale, or disposition of vapor products. All invoices and other records required by this section to be kept must be preserved for a period of five years from the date of the invoices or other documents or the date of the entries appearing in the records.

(3) At any time during usual business hours the department, board, or its duly authorized agents or employees may enter any place of business of a distributor, without a search warrant, and inspect the premises, the records required to be kept under this chapter, and the vapor products contained therein, to determine whether or not all the provisions of this chapter are being fully complied with.

NEW SECTION. Sec. 108. Every person required to be licensed under chapter 70.345 RCW who sells vapor products to persons other than the ultimate consumer must render with each sale itemized invoices showing the seller's name and address, the purchaser's name and address, the date of sale, and all prices. The person must preserve legible copies of all such invoices for five years from the date of sale.

NEW SECTION. Sec. 109. (1) Every retailer must procure itemized invoices of all vapor products purchased. The invoices must show the seller's name and address, the date of purchase, and all prices and discounts.

(2) The retailer must keep at each retail outlet copies of complete, accurate, and legible invoices for that retail outlet or place of business. All invoices required to be kept under this section must be preserved for five years from the date of purchase.

(3) At any time during usual business hours the department, board, or its duly authorized agents or employees may enter any retail outlet without a search warrant, and inspect the premises for invoices required to be kept under this section and the vapor products contained in the retail outlet, to determine whether or not all the provisions of this chapter are being fully complied with.

NEW SECTION. Sec. 110. (1)(a) Where vapor products upon which the tax imposed by this chapter has
been reported and paid are shipped or transported outside this state by the distributor to a person engaged in the business of selling vapor products, to be sold by that person, or are returned to the manufacturer by the distributor or destroyed by the distributor, or are sold by the distributor to the United States or any of its agencies or instrumentalities, or are sold by the distributor to any Indian tribal organization, credit of such tax may be made to the distributor in accordance with rules prescribed by the department.

(b) For purposes of this subsection (1), the following definitions apply:

(i) "Indian distributor" means a federally recognized Indian tribe or tribal entity that would otherwise meet the definition of "distributor" under section 101 of this act, if federally recognized Indian tribes and tribal entities were not excluded from the definition of "person" in section 101 of this act.

(ii) "Indian retailer" means a federally recognized Indian tribe or tribal entity that would otherwise meet the definition of "retailer" under section 101 of this act, if federally recognized Indian tribes and tribal entities were not excluded from the definition of "person" in section 101 of this act.

(iii) "Indian tribal organization" means a federally recognized Indian tribe, or tribal entity, and includes an Indian distributor or retailer that is owned by an Indian who is an enrolled tribal member conducting business under tribal license or similar tribal approval within Indian country.

(2) Credit allowed under this section must be determined based on the tax rate in effect for the period for which the tax imposed by this chapter, for which a credit is sought, was paid.

NEW SECTION. Sec. 111. All of the provisions contained in chapter 82.32 RCW not inconsistent with the provisions of this chapter have full force and application with respect to taxes imposed under the provisions of this chapter.

NEW SECTION. Sec. 112. The department must authorize, as duly authorized agents, enforcement officers of the board to enforce provisions of this chapter. These officers are not employees of the department.

NEW SECTION. Sec. 113. (1) The department may by rule establish the invoice detail required under section 107 of this act for a distributor and for those invoices required to be provided to retailers under section 109 of this act.

(2) If a retailer fails to keep invoices as required under section 109 of this act, the retailer is liable for the tax owed on any un invoices vapor products but not penalties and interest, except as provided in subsection (3) of this section.

(3) If the department finds that the nonpayment of tax by the retailer was willful or if in the case of a second or plural nonpayment of tax by the retailer, penalties and interest must be assessed in accordance with chapter 82.32 RCW.

NEW SECTION. Sec. 114. (1) No person may transport or cause to be transported in this state vapor products for sale other than: (a) A licensed distributor under chapter 70.345 RCW, or a manufacturer's representative authorized to sell or distribute vapor products in this state under chapter 70.345 RCW; (b) a licensed retailer under chapter 70.345 RCW; (c) a seller with a valid delivery sale license under chapter 70.345 RCW; or (d) a person who has given notice to the board in advance of the commencement of transportation.

(2) When transporting vapor products for sale, the person must have in his or her actual possession, or cause to have in the actual possession of those persons transporting such vapor products on his or her behalf, invoices or delivery tickets for the vapor products, which must show the true name and address of the consignor or seller, the true name and address of the consignee or purchaser, and the quantity and brands of the vapor products being transported.

(3) In any case where the department or the board, or any peace officer of the state, has knowledge or reasonable grounds to believe that any vehicle is transporting vapor products in violation of this section, the department, board, or peace officer is authorized to stop the vehicle and to inspect it for contraband vapor products.

(4) This section does not apply to a motor carrier or freight forwarder as defined in Title 49 U.S.C. Sec. 13102 or an air carrier as defined in Title 49 U.S.C. Sec. 40102.

NEW SECTION. Sec. 115. The board must compile and maintain a current record of the names of all distributors, retailers, and delivery sales licenses under chapter 70.345 RCW and the status of their license or licenses. The information must be updated on a monthly basis and published on the board's official internet web site. This information is not subject to the confidentiality provisions of RCW 82.32.330 and must be disclosed to manufacturers, distributors, retailers, and the general public upon request.

NEW SECTION. Sec. 116. (1) No person engaged in or conducting business as a distributor or retailer in this state may:

(a) Make, use, or present or exhibit to the department or the board any invoice for any of the vapor products taxed under this chapter that bears an untrue date or falsely states the nature or quantity of the goods invoiced; or

(b) Fail to produce on demand of the department or the board all invoices of all the vapor products taxed under this chapter within five years prior to such demand unless the person can show by satisfactory proof that the nonproduction of the invoices was due to causes beyond the person's control.

(2)(a) No person, other than a licensed distributor, retailer or delivery sales licensee, or manufacturer's representative, may transport vapor products for sale in this state for which the taxes imposed under this chapter have not been paid unless:
(i) Notice of the transportation has been given as required under section 114 of this act;

(ii) The person transporting the vapor products actually possesses invoices or delivery tickets showing the true name and address of the consignor or seller, the true name and address of the consignee or purchaser, and the quantity and brands of vapor products being transported; and

(iii) The vapor products are consigned to or purchased by a person in this state who is licensed under chapter 70.345 RCW.

(b) A violation of this subsection (2) is a gross misdemeanor.

(3) Any person licensed under chapter 70.345 RCW as a distributor, and any person licensed under chapter 70.345 RCW as a retailer, may not operate in any other capacity unless the additional appropriate license is first secured, except as otherwise provided by law. A violation of this subsection (3) is a misdemeanor.

(4) The penalties provided in this section are in addition to any other penalties provided by law for violating the provisions of this chapter or the rules adopted under this chapter.

(5) This section does not apply to a motor carrier or freight forwarder as defined in Title 49 U.S.C. Sec. 13102 or an air carrier as defined in Title 49 U.S.C. Sec. 40102.

NEW SECTION. Sec. 117. (1) A retailer that obtains vapor products from an unlicensed distributor or any other person that is not licensed under chapter 70.345 RCW must be licensed both as a retailer and a distributor and is liable for the tax imposed under section 102 of this act with respect to the vapor products acquired from the unlicensed person that are held for sale, handling, or distribution in this state. For the purposes of this subsection, "person" includes both persons defined in this act and any person immune from state taxation, such as the United States or its instrumentalities, and federally recognized Indian tribes and enrolled tribal members, conducting business within Indian country.

(2) Every distributor licensed under chapter 70.345 RCW may sell vapor products to retailers located in Washington only if the retailer has a current retailer's license under chapter 70.345 RCW.

NEW SECTION. Sec. 118. A manufacturer that has manufacturer's representatives who sell or distribute the manufacturer's vapor products in this state must provide the board a list of the names and addresses of all such representatives and must ensure that the list provided to the board is kept current. A manufacturer's representative is not authorized to distribute or sell vapor products in this state unless the manufacturer that hired the representative has a valid distributor's license under chapter 70.345 RCW and that manufacturer provides the board a current list of all of its manufacturer's representatives as required by this section. A manufacturer's representative must carry a copy of the distributor's license of the manufacturer that hired the representative at all times when selling or distributing the manufacturer's vapor products.

NEW SECTION. Sec. 119. (1) Any vapor products in the possession of a person selling vapor products in this state acting as a distributor or retailer and who is not licensed as required under chapter 70.345 RCW, or a person who is selling vapor products in violation of RCW 82.24.550(6), may be seized without a warrant by any agent of the department, agent of the board, or law enforcement officer of this state. Any vapor products seized under this subsection are deemed forfeited.

(2) Any vapor products in the possession of a person who is not a licensed distributor, delivery seller, manufacturer's representative, or retailer and who transports vapor products for sale without having provided notice to the board required under section 114 of this act, or without invoices or delivery tickets showing the true name and address of the consignor or seller, the true name and address of the consignee or purchaser, and the quantity and brands of vapor products being transported may be seized and are subject to forfeiture.

(3) All conveyances, including aircraft, vehicles, or vessels that are used, or intended for use to transport, or in any manner to facilitate the transportation, for the purpose of sale or receipt of vapor products under subsection (2) of this section, may be seized and are subject to forfeiture except:

(a) A conveyance used by any person as a common or contract carrier having in actual possession invoices or delivery tickets showing the true name and address of the consignor or seller, the true name of the consignee or purchaser, and the quantity and brands of the vapor products transported, unless it appears that the owner or other person in charge of the conveyance is a consenting party or privy to a violation of this chapter;

(b) A conveyance subject to forfeiture under this section by reason of any act or omission of which the owner establishes to have been committed or omitted without his or her knowledge or consent; or

(c) A conveyance encumbered by a bona fide security interest if the secured party neither had knowledge of nor consented to the act or omission.

(4) Property subject to forfeiture under subsections (2) and (3) of this section may be seized by any agent of the department, the board, or law enforcement officer of this state upon process issued by any superior court or district court having jurisdiction over the property. Seizure without process may be made if:

(a) The seizure is incident to an arrest or a search warrant or an inspection under an administrative inspection warrant; or

(b) The department, board, or law enforcement officer has probable cause to believe that the property was used or is intended to be used in violation of this chapter and exigent circumstances exist making procurement of a search warrant impracticable.

(5) This section may not be construed to require the seizure of vapor products if the department's agent, board's agent, or law enforcement officer reasonably believes that
the vapor products are possessed for personal consumption by the person in possession of the vapor products.

(6) Any vapor products seized by a law enforcement officer must be turned over to the board as soon as practicable.

(7) This section does not apply to a motor carrier or freight forwarder as defined in Title 49 U.S.C. Sec. 13102 or an air carrier as defined in Title 49 U.S.C. Sec. 40102.

NEW SECTION. Sec. 120. (1) In all cases of seizure of any vapor products made subject to forfeiture under this chapter, the department or board must proceed as provided in RCW 82.24.135.

(2) When vapor products are forfeited under this chapter, the department or board may:

(a) Retain the property for official use or upon application by any law enforcement agency of this state, another state, or the District of Columbia, or of the United States for the exclusive use of enforcing this chapter or the laws of any other state or the District of Columbia or of the United States; or

(b) Sell the vapor products at public auction to the highest bidder after due advertisement. Before delivering any of the goods to the successful bidder, the department or board must require the purchaser to pay the proper amount of any tax due. The proceeds of the sale must be first applied to the payment of all proper expenses of any investigation leading to the seizure and of the proceedings for forfeiture and sale, including expenses of seizure, maintenance of custody, advertising, and court costs. The balance of the proceeds and all money must be deposited in the general fund of the state. Proper expenses of investigation include costs incurred by any law enforcement agency or any federal, state, or local agency.

(3) The department or the board may return any property seized under the provisions of this chapter when it is shown that there was no intention to violate the provisions of this chapter. When any property is returned under this section, the department or the board may return the property to the parties from whom they were seized if and when such parties have paid the proper amount of tax due under this chapter.

NEW SECTION. Sec. 121. When the department or the board has good reason to believe that any of the vapor products taxed under this chapter are being kept, sold, offered for sale, or given away in violation of the provisions of this chapter, it may make affidavit of facts describing the place or thing to be searched, before any judge of any court in this state, and the judge must issue a search warrant directed to the sheriff, any deputy, police officer, or duly authorized agent of the department or the board commanding him or her diligently to search any building, room in a building, place, or vehicle as may be designated in the affidavit and search warrant, and to seize the vapor products and hold them until disposed of by law.

NEW SECTION. Sec. 122. (1)(a) Where vapor products upon which the tax imposed by this chapter has been reported and paid are shipped or transported outside this state by the distributor to a person engaged in the business of selling vapor products, to be sold by that person, or are returned to the manufacturer by the distributor or destroyed by the distributor, or are sold by the distributor to the United States or any of its agencies or instrumentalities, or are sold by the distributor to any Indian tribal organization, credit of such tax may be made to the distributor in accordance with rules prescribed by the department.

(b) For purposes of this subsection (1), the following definitions apply:

(i) "Indian distributor" means a federally recognized Indian tribe or tribal entity that would otherwise meet the definition of "distributor" under section 101 of this act, if federally recognized Indian tribes and tribal entities were not excluded from the definition of "person" in section 101 of this act.

(ii) "Indian retailer" means a federally recognized Indian tribe or tribal entity that would otherwise meet the definition of "retailer" under section 101 of this act, if federally recognized Indian tribes and tribal entities were not excluded from the definition of "person" in section 101 of this act.

(iii) "Indian tribal organization" means a federally recognized Indian tribe, or tribal entity, and includes an Indian distributor or retailer that is owned by an Indian who is an enrolled tribal member conducting business under tribal license or similar tribal approval within Indian country.

(2) Credit allowed under this section must be determined based on the tax rate in effect for the period for which the tax imposed by this chapter, for which a credit is sought, was paid.

NEW SECTION. Sec. 123. (1) Preexisting inventories of vapor products are subject to the tax imposed in section 102 of this act. All retailers and other distributors must report the tax due under section 102 of this act on preexisting inventories of vapor products on a form, as prescribed by the department, on or before October 31, 2019, and the tax due on such preexisting inventories must be paid on or before January 31, 2020.

(2) Reports under subsection (1) of this section not filed with the department by October 31, 2019, are subject to a late filing penalty equal to the greater of two hundred fifty dollars or ten percent of the tax due under section 102 of this act on the taxpayer's preexisting inventories.

(3) The department must notify the taxpayer of the amount of tax due under section 102 of this act on preexisting inventories, which is subject to applicable penalties under RCW 82.32.090 (2) through (7) if unpaid after January 31, 2020. Amounts due in accordance with this section are not considered to be substantially underpaid for the purposes of RCW 82.32.090(2).

(4) Interest, at the rate provided in RCW 82.32.050(2), must be computed daily beginning February 1, 2020, on any remaining tax due under section 102 of this act on preexisting inventories until paid.
(5) A retailer required to comply with subsection (1) of this section is not required to obtain a distributor license as otherwise required under chapter 70.345 RCW as long as the retailer:

(a) Does not sell vapor products other than to ultimate consumers; and

(b) Does not meet the definition of "distributor" in section 101 of this act other than with respect to the sale of that retailer's preexisting inventory of vapor products.

(6) Taxes may not be collected under section 102 of this act from consumers with respect to any vapor products acquired before the effective date of this section.

(7) For purposes of this section, "preexisting inventory" means an inventory of vapor products located in this state as of the moment that section 102 of this act takes effect and held by a distributor for sale, handling, or distribution in this state.

Sec. 203. RCW 82.24.510 and 2013 c 144 s 50 are each amended to read as follows:

(1) The licenses issuable under this chapter are as follows:

(a) A wholesaler's license.

(b) A retailer's license.

(2) Application for the licenses must be made through the business licensing system under chapter 19.02 RCW. The board must adopt rules regarding the regulation of the licenses. The board may refrain from the issuance of any license under this chapter if the board has reasonable cause to believe that the applicant has willfully withheld information requested for the purpose of determining the eligibility of the applicant to receive a license, or if the board has reasonable cause to believe that information submitted in the application is false or misleading or is not made in good faith. In addition, for the purpose of reviewing an application for a wholesaler's license or retailer's license and for considering the denial, suspension, or revocation of any
such license, the board may consider any prior criminal conduct of the applicant, including an administrative violation history record with the board and a criminal history record information check within the previous five years, in any state, tribal, or federal jurisdiction in the United States, its territories, or possessions, and the provisions of RCW 9.95.240 and chapter 9.96A RCW do not apply to such cases. The board may, in its discretion, grant or refuse the wholesaler's license or retailer's license, subject to the provisions of RCW 82.24.550.

(3) No person may qualify for a wholesaler's license or a retailer's license under this section without first undergoing a criminal background check. The background check must be performed by the board and must disclose any criminal conduct within the previous five years in any state, tribal, or federal jurisdiction in the United States, its territories, or possessions. A person who possesses a valid license on July 22, 2001, is subject to this subsection and subsection (2) of this section beginning on the date of the person's business license expiration under chapter 19.02 RCW, and thereafter. If the applicant or licensee also has a license issued under chapter 66.24 (([2])) or 70.345 RCW, the background check done under the authority of chapter 66.24 (([2])) or 70.345 RCW satisfies the requirements of this section.

(4) Each such license expires on the business license expiration date, and each such license must be continued annually if the licensee has paid the required fee and complied with all the provisions of this chapter and the rules of the board made pursuant thereto.

(5) Each license and any other evidence of the license that the board requires must be exhibited in each place of business for which it is issued and in the manner required for the display of a business license.

(1) There is levied and collected a tax upon the sale, handling, or distribution of all tobacco products in this state at the following rate:

(a) For cigars except little cigars, ninety-five percent of the taxable sales price of cigars, not to exceed sixty-five cents per cigar;

(b) For all tobacco products except those covered under separate provisions of this subsection, ninety-five percent of the taxable sales price;

(c) For moist snuff, as established in this subsection (1)(c) and computed on the net weight listed by the manufacturer:

(i) On each single unit consumer-sized can or package whose net weight is one and two-tenths ounces or less, a rate per single unit that is equal to the greater of 2.526 dollars or eighty-three and one-half percent of the cigarette tax under chapter 82.24 RCW multiplied by twenty; or
(ii) On each single unit consumer-sized can or package whose net weight is more than one and two-tenths ounces, a proportionate tax at the like rate on any fractional parts of an ounce. The tax on heated tobacco products is imposed based on the net weight of tobacco as listed by the manufacturer.

(2) The tax imposed on a product under this chapter must be reduced by fifty percent if that same product is issued a modified risk tobacco product order by the secretary of the United States department of health and human services pursuant to Title 21 U.S.C. Sec. 387k(g)(1).

(3) Taxes under this section must be imposed at the time the distributor (a) brings, or causes to be brought, into this state from without the state tobacco products for sale, (b) makes, manufactures, fabricates, or stores tobacco products in this state for sale in this state, (c) ships or transports tobacco products to retailers in this state, to be sold by those retailers, or (d) handles for sale any tobacco products that are within this state but upon which tax has not been imposed.

(((3) The moneys collected under this section must be deposited into the state general fund.)) (4)(a) Except as provided in (b) of this subsection, the moneys collected under this section must be deposited into the state general fund.

(b) The moneys collected on heated tobacco products under subsection (1)(c) of this section must be deposited as follows:

(i) Fifty percent into the Andy Hill cancer research fund created in RCW 43.348.060; and

(ii) Fifty percent into the foundational public health services account created in section 104 of this act.

(c) The funding provided under (b) of this subsection is intended to supplement and not supplant general fund investments in cancer research and foundational public health services.

Part IV

Tribal Compacting

Sec. 401. RCW 43.06.450 and 2001 c 235 s 1 are each amended to read as follows:

The legislature intends to further the government-to-government relationship between the state of Washington and Indians in the state of Washington by authorizing the governor to enter into contracts concerning the sale of cigarettes and vapor products. The legislature finds that these cigarette tax and vapor product tax contracts will provide a means to promote economic development, provide needed revenues for tribal governments and Indian persons, and enhance enforcement of the state's cigarette tax (law) and vapor product tax, ultimately saving the state money and reducing conflict. In addition, it is the intent of the legislature that the negotiations and the ensuing contracts (shall) have no impact on the state's share of the proceeds under the master settlement agreement entered into on November 23, 1998, by the state. Chapter 235, Laws of 2001 ((does)) and this act do not constitute a grant of taxing authority to any Indian tribe nor ((does it)) do they provide precedent for the taxation of non-Indians on fee land.

NEW SECTION. Sec. 402. A new section is added to chapter 43.06 RCW to read as follows:

(1) The governor may enter into vapor product tax contracts concerning the sale of vapor products. All vapor product tax contracts must meet the requirements for vapor product tax contracts under this section.

(2) Vapor product tax contracts must be in regard to retail sales in which Indian retailers make delivery and physical transfer of possession of the vapor products from the seller to the buyer within Indian country, and are not in regard to transactions by non-Indian retailers. In addition, contracts may address the legal age of sale for vapor products pursuant to section 11, chapter 15, Laws of 2019.

(3) A vapor product tax contract with a tribe must provide for a tribal vapor product tax in lieu of all state vapor product taxes and state and local sales and use taxes on sales of vapor products in Indian country by Indian retailers. The tribe may allow an exemption for sales to tribal members.

(4) Vapor product tax contracts must provide that retailers must purchase vapor products only from:

(a) Wholesalers or manufacturers licensed to do business in the state of Washington;

(b) Out-of-state wholesalers or manufacturers who, although not licensed to do business in the state of Washington, agree to comply with the terms of the vapor product tax contract, are certified to the state as having so agreed, and do in fact so comply. However, the state may in its sole discretion exercise its administrative and enforcement powers over such wholesalers or manufacturers to the extent permitted by law;

(c) A tribal wholesaler that purchases only from a wholesaler or manufacturer described in (a), (b), or (d) of this subsection; and

(d) A tribal manufacturer.

(5) Vapor product tax contracts must be for renewable periods of no more than eight years.

(6) Vapor product tax contracts must include provisions for compliance, such as transport and notice requirements, inspection procedures, recordkeeping, and audit requirements.

(7) Tax revenue retained by a tribe must be used for essential government services. Use of tax revenue for subsidization of vapor products and food retailers is prohibited.
(8) The vapor product tax contract may include provisions to resolve disputes using a nonjudicial process, such as mediation.

(9) The governor may delegate the power to negotiate vapor product tax contracts to the department of revenue. The department of revenue must consult with the liquor and cannabis board during the negotiations.

(10) Information received by the state or open to state review under the terms of a contract is subject to the provisions of RCW 82.32.330.

(11) It is the intent of the legislature that the liquor and cannabis board and the department of revenue continue the division of duties and shared authority under chapter 82.-- RCW (the new chapter created in section 506 of this act) and therefore the liquor and cannabis board is responsible for enforcement activities that come under the terms of chapter 82.-- RCW (the new chapter created in section 506 of this act).

(12) Each vapor product tax contract must include a procedure for notifying the other party that a violation has occurred, a procedure for establishing whether a violation has in fact occurred, an opportunity to correct such violation, and a provision providing for termination of the contract if resolution of a dispute does not occur within twenty-four months from the time notification of a violation has occurred. Intervening violations do not extend this time period. In addition, the contract must include provisions delineating the respective roles and responsibilities of the tribe, the department of revenue, and the liquor and cannabis board.

(13) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Essential government services" means services such as tribal administration, public facilities, fire, police, public health, education, job services, sewer, water, environmental and land use, transportation, utility services, and economic development.

(b) "Indian country" has the same meaning as provided in RCW 82.24.010.

(c) "Indian retailer" or "retailer" means:

(i) A retailer wholly owned and operated by an Indian tribe;

(ii) A business wholly owned and operated by a tribal member and licensed by the tribe; or

(iii) A business owned and operated by the Indian person or persons in whose name the land is held in trust.

(d) "Indian tribe" or "tribe" means a federally recognized Indian tribe located within the geographical boundaries of the state of Washington.

(e) "Vapor products" has the same meaning as provided in section 101 of this act.

NEW SECTION. Sec. 403. A new section is added to chapter 43.06 RCW to read as follows:

(1) The governor is authorized to enter into vapor product tax contracts with federally recognized Indian tribes located within the geographical boundaries of the state of Washington. Each contract adopted under this section must provide that the tribal vapor product tax rate be one hundred percent of the state vapor product tax and state and local sales and use taxes. The tribal vapor product tax is in lieu of the state vapor product tax and state and local sales and use taxes, as provided in section 402(3) of this act.

(2) A vapor product tax contract under this section is subject to section 402 of this act.

NEW SECTION. Sec. 404. A new section is added to chapter 43.06 RCW to read as follows:

(1) The governor may enter into a vapor product tax agreement with the Puyallup Tribe of Indians concerning the sale of vapor products, subject to the limitations in this section. The legislature intends to address the uniqueness of the Puyallup Indian reservation and its selling environment through pricing and compliance strategies, rather than through the imposition of equivalent taxes. The governor may delegate the authority to negotiate a vapor product tax agreement with the Puyallup Tribe to the department of revenue. The department of revenue must consult with the liquor and cannabis board during the negotiations.

(2) Any agreement must require the tribe to impose a tribal vapor product tax with a tax rate that is ninety percent of the state vapor product tax. This tribal tax is in lieu of the combined state and local sales and use taxes and the state vapor product tax, and as such these state taxes are not imposed during the term of the agreement on any transaction governed by the agreement. The tribal vapor product tax must increase or decrease at the time of any increase or decrease in the state vapor product tax so as to remain at a level that is ninety percent of the rate of the state vapor product tax.

(3) The agreement must include a provision requiring the tribe to transmit thirty percent of the tribal tax revenue on all vapor products sales to the state. The funds must be transmitted to the state treasurer on a quarterly basis for deposit by the state treasurer into the general fund. The remaining tribal tax revenue must be used for essential government services, as that term is defined in section 402 of this act.

(4) The agreement is limited to retail sales in which Indian retailers make delivery and physical transfer of possession of the vapor products from the seller to the buyer within Indian country, and are not in regard to transactions by non-Indian retailers. In addition, agreements may address the legal age of sale for vapor products pursuant to section 11, chapter 15, Laws of 2019.

(5)(a) The agreement must include a provision to price and sell the vapor products so that the retail selling price is not less than the price paid by the retailer for the vapor products.
(b) The tribal tax is in addition to the retail selling price.

c) The agreement must include a provision to assure the price paid to the retailer includes the tribal tax.

d) If the tribe is acting as a distributor to tribal retailers, the retail selling price must not be less than the price the tribe paid for such vapor products plus the tribal tax.

(6)(a) The agreement must include provisions regarding enforcement and compliance by the tribe in regard to enrolled tribal members who sell vapor products and must describe the individual and joint responsibilities of the tribe, the department of revenue, and the liquor and cannabis board.

(b) The agreement must include provisions for tax administration and compliance, such as transport and notice requirements, inspection procedures, recordkeeping, and audit requirements.

c) The agreement must include provisions for sharing of information among the tribe, the department of revenue, and the liquor and cannabis board.

(7) The agreement must provide that retailers must purchase vapor products only from distributors or manufacturers licensed to do business in the state of Washington.

(8) The agreement must be for a renewable period of no more than eight years.

(9) The agreement must include provisions to resolve disputes using a nonjudicial process, such as mediation, and must include a dispute resolution protocol. The protocol must include a procedure for notifying the other party that a violation has occurred, a procedure for establishing whether a violation has in fact occurred, an opportunity to correct such violation, and a provision providing for termination of the agreement should the violation fail to be resolved through this process, such termination subject to mediation should the terms of the agreement so allow. An agreement must provide for termination of the agreement if resolution of a dispute does not occur within twenty-four months from the time notification of a violation has occurred. Intervening violations do not extend this time period.

(10) Information received by the state or open to state review under the terms of an agreement is subject to RCW 82.32.330.

(11) It is the intent of the legislature that the liquor and cannabis board and the department of revenue continue the division of duties and shared authority under chapter 82.-- RCW (the new chapter created in section 506 of this act).

(12) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Indian country" has the same meaning as provided in RCW 82.24.010.

(b) "Indian retailer" or "retailer" means:

(i) A retailer wholly owned and operated by an Indian tribe; or

d) "Vapor products" has the same meaning as provided in section 101 of this act.

NEW SECTION. Sec. 405. A new section is added to chapter 82.08 RCW to read as follows:

(1) The tax levied by RCW 82.08.020 does not apply to sales of vapor products by an Indian retailer during the effective period of a vapor product tax contract subject to section 403 of this act or a vapor product tax agreement under section 404 of this act.

(2) The definitions in section 402 of this act apply to this section.

NEW SECTION. Sec. 406. A new section is added to chapter 82.12 RCW to read as follows:

(1) The provisions of this chapter do not apply in respect to the use of vapor products sold by an Indian retailer during the effective period of a vapor product tax contract subject to section 403 of this act or a vapor product tax agreement under section 404 of this act.

(2) The definitions in section 402 of this act apply to this section.

Sec. 407. 2019 c 15 s 11 (uncodified) is amended to read as follows:

In recognition of the sovereign authority of tribal governments, the governor may seek government-to-government consultations with federally recognized Indian tribes regarding raising the minimum legal age of sale in compacts entered into pursuant to RCW 43.06.455, 43.06.465, (and) 43.06.466, and sections 402 through 404 of this act. The office of the governor ((shall)) must report to the appropriate committees of the legislature regarding the status of such consultations no later than December 1, 2020.

"Part I

Findings

NEW SECTION. Sec. 101. (1) The legislature finds that the use of vapor inhalation products, such as e-cigarettes, e-devices, electronic nicotine delivery systems, and vape pens, has risen at an alarming rate both among adults and youth. The vaping epidemic has reversed decades of progress in reducing youth use of nicotine. Vapor products pose a serious public health risk because of the addictiveness of nicotine, the impact of nicotine on fetal development and adolescent brain development, the risk of liquid nicotine poisoning, and exposure to carcinogens and other toxic chemicals. Although these products have been documented as being interchangeably used by consumers with cigarettes or other tobacco products, and there is nicotine produced or derived from tobacco in the product intended for human consumption and absorption into the human body, the manufacturers, wholesalers, and retailers have not been paying the tax levied on tobacco products pursuant to chapter 82.26 RCW. The legislature intends to transition from no tobacco or cigarette tax having been paid on these products to adopting a specific tax rate for tobacco products classified as vapor products in this act. Adoption of this specific tax will resolve claims of nonpayment of tobacco product taxes pursuant to chapter 82.26 RCW. The legislature believes that vapor products containing nicotine have always been subject to taxation pursuant to chapter 82.26 RCW, and passage of this act may not be interpreted as an indication otherwise.

(2) Specifically, the legislature finds that:

(a) Vapor products are battery-operated devices with cartridges or refillable tanks that contain a mixture of various liquids, such as propylene glycol, glycerol, nicotine, and chemical flavorings. The devices atomize the liquid mixture, producing an aerosol that the user inhales and that bystanders can also breathe in when the user exhales into the air. The aerosol can contain harmful and potentially harmful
substances, including volatile organic compounds, ultrafine particles, cancer-causing chemicals, heavy metals, and flavoring such as diacetyl, which has been linked to a serious lung disease. Vapor products may also be used to deliver marijuana or other drugs;

(b) In 2016, the federal food and drug administration finalized a rule to extend its regulatory authority to all tobacco products, including e-cigarettes, to improve public health. The food and drug administration’s regulatory authority over noncombustible tobacco products includes e-cigarette components and parts, such as e-liquids, cartridges, tank systems, and flavorings;

(c) Vapor products are heavily promoted as being far less costly than consuming the equivalent nicotine through cigarettes, with one industry estimate that vapor products are over eighty percent less expensive. Legislative testimony has indicated that refillable nicotine liquid and disposable e-cigarettes are as low as ten and twenty percent of the cost of a pack of cigarettes in Washington. For Washington residents, industry promotions note thousands of dollars in individual savings annually, compared to smoking cigarettes, due in part to consumers and retailers of vapor products not paying the taxes which the state places on cigarettes or other tobacco products;

(d) The sale and use of vapor products has rapidly increased over the past several years. The 2018 national youth tobacco survey found that use of e-cigarettes increased seventy-eight percent among high school students and forty-eight percent among middle school students from 2017 to 2018. Last year more than 3.6 million youth used e-cigarettes, making them the most commonly used tobacco products. The legislature finds that vapor products are heavily promoted to attract youth to purchase them, with concomitant addiction to nicotine. Research shows that most young e-cigarette and vapor product users also smoke cigarettes, and that the attraction and low cost availability of vapor products is mitigating the positive benefits from the decline in cigarette use among youth;

(e) In Washington, the 2018 healthy youth survey found that thirty percent of twelfth graders, twenty-one percent of tenth graders, and ten percent of eighth graders had used an e-cigarette in the past month. These rates are alarming because an overwhelming majority of smokers begin smoking and become addicted to nicotine as teenagers, and the equipment used may be sold and used interchangeably for marijuana and nicotine. State law now prohibits the sale of vapor products containing nicotine to persons under the age of twenty-one, but the availability of vapor products online and equipment sold separately at retail stores pose enforcement challenges;

(f) The low cost of e-cigarettes and nicotine liquids for vapor products, particularly compared to cigarettes, is a key factor in youth access and use. E-cigarettes are advertised as saving smokers thousands of dollars. One survey of adult users has shown that the low price of e-cigarettes compared to other tobacco products is a key reason for their use, and youth are even more sensitive to price than adults. Increasing the price of vapor products will provide parity with the price of other harmful substances. Moreover, a price increase of vapor products will decrease youth access and addiction, just as raising taxes on cigarettes to discourage youth and adult smoking decreased youth access and addiction; and

(g) Public health infrastructure and enforcement to prevent youth access to tobacco, including vapor products, in Washington will benefit from the investment of tax revenues and fees established or increased by this act.

(3) The legislature finds, therefore, that this act is necessary to protect the public health, safety, and welfare by providing consumers with information about products that are potentially dangerous, providing support for programs that reduce youth access to addictive nicotine products, preventing nicotine poisonings of children, and providing support for many essential public health services and educational programs for which needs and cost are increased due to increased consumption of vapor products.

Part II
Tax on Vapor Products

NEW SECTION. Sec. 201. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise. The definitions in chapters 82.04 and 82.08 RCW apply to this chapter unless the term is defined in this chapter or the context clearly requires otherwise.

The term also includes any cartridge or other container of liquid nicotine, solution, or other consumable substance, regardless of whether it contains nicotine, that is intended to be used with or in a device that can be used to deliver aerosolized or vaporized nicotine to a person inhaling from the device and is sold for such purpose.

(ii) "Marijuana," "useable marijuana," "marijuana concentrates," and "marijuana-infused products" have the same meaning as provided in RCW 69.50.101.

NEW SECTION. Sec. 202. (1) There is levied and collected a vapor products excise tax equal to thirty-seven percent of the selling price on each retail sale in this state of any vapor product on which the retail sales tax imposed under RCW 82.08.020 is also levied. This tax is:

(a) Separate and in addition to the general state retail sales tax imposed in RCW 82.08.020; and

(b) Not part of the selling price or gross proceeds of sales for purposes of the taxes imposed under RCW 82.08.020 and chapter 82.04 RCW.

(3) Sellers are solely liable for the vapor products excise tax under this section, regardless of whether they have collected the tax from the buyer.

(4) The tax under this section must be collected by all sellers required to collect the tax imposed in RCW 82.08.020 on retail sales of vapor products.

(5) The frequency of reporting and paying the tax imposed in this section must coincide with the seller's reporting frequency for purposes of the taxes imposed in chapters 82.04 and 82.08 RCW.

NEW SECTION. Sec. 203. To the extent not inconsistent with the provisions of this chapter, the provisions of RCW 82.08.037, 82.08.040, RCW 82.08.050 (1) and (2), 82.08.054, 82.08.060, 82.08.120, and 82.08.145 and chapter 82.32 RCW apply to the tax imposed in section 202 of this act.

(2) All of the moneys collected from the tax imposed under section 202 of this act must be deposited into the foundational public health services account.

NEW SECTION. Sec. 205. (1) A bundled transaction that includes a vapor product is subject to the tax imposed under this chapter on the entire selling price of the bundled transaction.

(2) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Bundled transaction" means:

(i) The sale of two or more products where the products are otherwise distinct and identifiable, are sold for one nonitemized price, and at least one product is a vapor product subject to the tax under this chapter; and

(ii) A vapor product provided free of charge with the required purchase of another product. A vapor product is provided free of charge if the sales price of the product purchased does not vary depending on the inclusion of the vapor product provided free of charge.

(b) "Distinct and identifiable products" does not include packaging such as containers, boxes, sacks, bags, and bottles, or materials such as wrapping, labels, tags, and instruction guides, that accompany the sale of the products and are incidental or immaterial to the sale thereof.

or through the internet to any person unless such seller has a
valid delivery sale license as required under this chapter.

(2) No person may conduct a delivery sale or
otherwise ship or transport, or cause to be shipped or
transported, any vapor product ordered or purchased by mail
or through the internet to any person under the minimum age

(5) A delivery sale licensee must accept payment only through a credit or debit card issued in the purchaser’s own name. The licensee must verify that the card is issued to the same person identified through identity and age verification procedures in subsection (4) of this section.

The purchaser must return the signed certification form to the licensee before the initial shipment of product. Certification forms are not required for repeat customers. In the alternative, before a seller delivers an initial purchase to any person, the seller must first obtain from the prospective customer an electronic certification, such as by email, that includes a declaration that, at a minimum, the prospective customer is over the minimum age required for the legal sale of a vapor product, and the credit or debit card used for payment has been issued in the purchaser’s name.

(8) A delivery sale licensee must include on shipping documents a clear and conspicuous statement which includes, at a minimum, that the package contains vapor products, Washington law prohibits sales to those under the minimum age established by this chapter, and violations result in sanctions to both the licensee and the purchaser.

(12) Any violation of this section is not reasonable in relation to the development and preservation of business and is an unfair and deceptive act or practice and an unfair method of competition in the conduct of trade or commerce in violation of RCW 19.86.020. Standing to bring an action to enforce RCW 19.86.020 for violation of this section lies solely with the attorney general. Remedies provided by chapter 19.86 RCW are cumulative and not exclusive.

(13) In any action brought under this section, the state is entitled to recover, in addition to other relief, the costs of investigation, expert witness fees, costs of the action, and reasonable attorneys’ fees.

(3) For the purpose of enforcing the provisions of this chapter, a peace officer or enforcement officer of the board who has reasonable grounds to believe a person observed by the officer purchasing, attempting to purchase, or in possession of vapor products is under eighteen years of age, may detain such person for a reasonable period of time and in such a reasonable manner as is necessary to determine the person's true identity and date of birth. Further, vapor products possessed by persons under eighteen years of age are considered contraband and may be seized by a peace officer or enforcement officer of the board.

(4) The board may work with local county health departments or districts and local law enforcement agencies to conduct random, unannounced, inspections to assure compliance.
(5) Upon a determination by the secretary of health or a local health jurisdiction that a vapor product may be injurious to human health or poses a significant risk to public health:

(a) The board, in consultation with the department of health and local county health jurisdictions, may cause a vapor product substance or solution sample, purchased or obtained from any vapor product retailer, distributor, or delivery sale licensee, to be analyzed by an analyst appointed or designated by the board;

(b) If the analyzed vapor product contains an ingredient, substance, or solution present in quantities injurious to human health or posing a significant risk to public health, as determined by the secretary of health or a local health jurisdiction, the board may suspend the license of the retailer or delivery sale licensee unless the retailer or delivery sale licensee agrees to remove the product from sale; and

(c) If upon a finding from the secretary of health or local health jurisdiction that the vapor product poses an injurious risk to public health or significant public health risk, the retailer or delivery sale licensee does not remove the product from sale, the secretary of health or local health officer may file for an injunction in superior court prohibiting the sale or distribution of that specific vapor product substance or solution.

(1) The licenses issuable under this chapter are as follows:

(a) A wholesaler's license.

(b) A retailer's license.

(2) Application for the licenses must be made through the business licensing system under chapter 19.02 RCW. The board must adopt rules regarding the regulation of the licenses. The board may refrain from the issuance of any license under this chapter if the board has reasonable cause to believe that the applicant has willfully withheld information requested for the purpose of determining the eligibility of the applicant to receive a license, or if the board has reasonable cause to believe that information submitted in the application is false or misleading or is not made in good faith. In addition, for the purpose of reviewing an application for a wholesale's license or retailer's license and for considering the denial, suspension, or revocation of any such license, the board may consider any prior criminal conduct of the applicant, including an administrative violation history record with the board and a criminal history record information check within the previous five years, in any state, tribal, or federal jurisdiction in the United States, its territories, or possessions, and the provisions of RCW 9.95.240 and chapter 9.96A RCW do not apply to such cases. The board may, in its discretion, grant or refuse the wholesaler's license or retailer's license, subject to the provisions of RCW 82.24.550.

(3) No person may qualify for a wholesaler's license or a retailer's license under this section without first undergoing a criminal background check. The background check must be performed by the board and must disclose any criminal conduct within the previous five years in any state, tribal, or federal jurisdiction in the United States, its territories, or possessions. A person who possesses a valid license on July 22, 2001, is subject to this subsection and subsection (2) of this section beginning on the date of the person's business license expiration under chapter 19.02 RCW, and thereafter. If the applicant or licensee also has a license issued under chapter 66.24 ((66.54)), 82.26, or 70.345 RCW, the background check done under the authority of chapter 66.24 ((66.54)), 82.26, or 70.345 RCW satisfies the requirements of this section.

(4) Each such license expires on the business license expiration date, and each such license must be continued annually if the licensees have paid the required fee and complied with all the provisions of this chapter and the rules of the board made pursuant thereto.

(5) Each license and any other evidence of the license that the board requires must be exhibited in each place of business for which it is issued and in the manner required for the display of a business license.

Sec. 306. RCW 82.24.550 and 2015 c 86 s 307 are each amended to read as follows:

(1) The board must enforce the provisions of this chapter. The board may adopt, amend, and repeal rules necessary to enforce the provisions of this chapter.

(2) The department may adopt, amend, and repeal rules necessary to administer the provisions of this chapter. The board may revoke or suspend the license or permit of any wholesale or retail cigarette dealer in the state upon sufficient cause appearing of the violation of this chapter or upon the failure of such licensee to comply with any of the provisions of this chapter.

(3) A license may not be suspended or revoked except upon notice to the licensee and after a hearing as prescribed by the board. The board, upon finding that the licensee has failed to comply with any provision of this chapter or any rule adopted under this chapter, must, in the case of the first offense, suspend the license or licenses of the licensee for a period of not less than thirty consecutive business days, and, in the case of a second or further offense, must suspend the license or licenses for a period of not less than ninety consecutive business days nor more than twelve months, and, in the event the board finds the licensee has been guilty of willful and persistent violations, it may revoke the license or licenses.

(4) Any licenses issued under chapter 82.26 or 70.345 RCW to a person whose license or licenses have been suspended or revoked under this section must also be
suspended or revoked during the period of suspension or revocation under this section.

(5) Any person whose license or licenses have been revoked under this section may reapply to the board at the expiration of one year from the date of revocation of the license or licenses. The license or licenses may be approved by the board if it appears to the satisfaction of the board that the licensee will comply with the provisions of this chapter and the rules adopted under this chapter.

(6) A person whose license has been suspended or revoked may not sell cigarettes, vapor products, or tobacco products or permit cigarettes, vapor products, or tobacco products to be sold during the period of such suspension or revocation on the premises occupied by the person or upon other premises controlled by the person or others or in any other manner or form whatever.

(7) Any determination and order by the board, and any order of suspension or revocation by the board of the license or licenses issued under this chapter, or refusal to reinstate a license or licenses after revocation is reviewable by an appeal to the superior court of Thurston county. The superior court must review the order or ruling of the board and may hear the matter de novo, having due regard to the provisions of this chapter and the duties imposed upon the board.

All invoices and other records required by this section to be kept ((shall)) must be preserved for a period of five years from the date of the invoice or other documents or the date of the entries appearing in the records.

(3) At any time during usual business hours the department, board, or its duly authorized agents or employees, may enter any place of business of a distributor, without a search warrant, and inspect the premises, the records required to be kept under this chapter, and the tobacco products contained therein, to determine whether or not all the provisions of this chapter are being fully complied with. If the department, board, or any of its agents or employees, are denied free access or are hindered or interfered with in making such examination, the registration certificate issued under RCW 82.32.030 of the distributor at such premises ((shall be)) is subject to revocation, and any licenses issued under this chapter or chapter 82.24 or 70.345 RCW are subject to suspension or revocation by the department or board.

Part IV
Tribal Compacting

**Sec. 401.** RCW 43.06.450 and 2001 c 235 s 1 are each amended to read as follows:

The legislature intends to further the government-to-government relationship between the state of Washington and Indians in the state of Washington by authorizing the governor to enter into contracts concerning the sale of cigarettes and vapor products. The legislature finds that these cigarette tax and vapor product tax contracts will provide a means to promote economic development, provide needed revenues for tribal governments and Indian persons, and enhance enforcement of the state's cigarette tax [(law)] and vapor product tax, ultimately saving the state money and reducing conflict. In addition, it is the intent of the legislature that the negotiations and the ensuing contracts [(shall)] have no impact on the state's share of the proceeds under the master settlement agreement entered into on November 23, 1998, by the state. Chapter 235, Laws of 2001 [(does)] and this act do not constitute a grant of taxing authority to any Indian tribe nor [(does)] do they provide precedent for the taxation of non-Indians on fee land.

**NEW SECTION.** Sec. 402. A new section is added to chapter 43.06 RCW to read as follows:

(1) The governor may enter into vapor product tax contracts concerning the sale of vapor products. All vapor product tax contracts must meet the requirements for vapor product tax contracts under this section.

(2) Vapor product tax contracts must be in regard to retail sales in which Indian retailers make delivery and physical transfer of possession of the vapor products from the seller to the buyer within Indian country, and are not in regard to transactions by non-Indian retailers. In addition, contracts may address the legal age of sale for vapor products pursuant to section 11, chapter 15, Laws of 2019.

(3) A vapor product tax contract with a tribe must provide for a tribal vapor product tax in lieu of all state vapor product taxes and state and local sales and use taxes on sales of vapor products in Indian country by Indian retailers. The tribe may allow an exemption for sales to tribal members.

(4) Vapor product tax contracts must provide that retailers must purchase vapor products only from:

(a) Wholesalers or manufacturers licensed to do business in the state of Washington;

(b) Out-of-state wholesalers or manufacturers who, although not licensed to do business in the state of Washington, agree to comply with the terms of the vapor product tax contract, are certified to the state as having so agreed, and do in fact so comply. However, the state may in its sole discretion exercise its administrative and enforcement powers over such wholesalers or manufacturers to the extent permitted by law;

(c) A tribal wholesaler that purchases only from a wholesaler or manufacturer described in (a), (b), or (d) of this subsection; and

(d) A tribal manufacturer.

(5) Vapor product tax contracts must be for renewable periods of no more than eight years.

(6) Vapor product tax contracts must include provisions for compliance, such as transport and notice requirements, inspection procedures, recordkeeping, and audit requirements.

(7) Tax revenue retained by a tribe must be used for essential government services. Use of tax revenue for subsidization of vapor products and food retailers is prohibited.

(8) The vapor product tax contract may include provisions to resolve disputes using a nonjudicial process, such as mediation.

(9) The governor may delegate the power to negotiate vapor product tax contracts to the department of revenue. The department of revenue must consult with the liquor and cannabis board during the negotiations.

(10) Information received by the state or open to state review under the terms of a contract is subject to the provisions of RCW 82.32.330.

(11) It is the intent of the legislature that the liquor and cannabis board and the department of revenue continue the division of duties and shared authority under chapter 82.-- RCW (the new chapter created in section 603 of this act) and therefore the liquor and cannabis board is responsible for enforcement activities that come under the terms of chapter 82.-- RCW (the new chapter created in section 603 of this act).

(12) Each vapor product tax contract must include a procedure for notifying the other party that a violation has occurred, a procedure for establishing whether a violation has in fact occurred, an opportunity to correct such violation, and a provision providing for termination of the contract should the violation fail to be resolved through this process, such termination subject to mediation should the terms of the contract so allow. A contract must provide for termination of the contract if resolution of a dispute does not occur within twenty-four months from the time notification of a violation has occurred. Intervening violations do not extend this time period. In addition, the contract must include provisions delineating the respective roles and responsibilities of the tribe, the department of revenue, and the liquor and cannabis board.

(13) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Essential government services" means services such as tribal administration, public facilities, fire, police, public health, education, job services, sewer, water, environmental and land use, transportation, utility services, and economic development.

Each contract adopted under this section must provide that the tribal vapor product tax rate be one hundred percent of the state vapor product tax and state and local sales and use taxes. The tribal vapor product tax is in lieu of the state vapor product tax and state and local sales and use taxes, as provided in section 402(3) of this act.

(2) A vapor product tax contract under this section is subject to section 402 of this act and is separate from a cigarette tax contract subject to RCW 43.06.455 or 43.06.466.

NEW SECTION. Sec. 404. A new section is added to chapter 43.06 RCW to read as follows:

(1) The governor may enter into a vapor product tax agreement with the Puyallup Tribe of Indians concerning the sale of vapor products, subject to the limitations in this section. The legislature intends to address the uniqueness of the Puyallup Indian reservation and its selling environment through pricing and compliance strategies, rather than through the imposition of equivalent taxes. The governor may delegate the authority to negotiate a vapor product tax agreement with the Puyallup Tribe to the department of revenue. The department of revenue must consult with the liquor and cannabis board during the negotiations. An agreement under this section is separate from an agreement under RCW 43.06.465.

(2) Any agreement must require the tribe to impose a tribal vapor product tax with a tax rate that is ninety percent of the state vapor product tax. This tribal tax is in lieu of the combined state and local sales and use taxes and the state vapor product tax, and as such these state taxes are not imposed during the term of the agreement governed by the agreement. The tribal vapor product tax must increase or decrease at the time of any increase or decrease in the state vapor product tax so as to remain at a level that is ninety percent of the rate of the state vapor product tax.

(3) The agreement must include a provision requiring the tribe to transmit thirty percent of the tribal tax revenue on all vapor products sales to the state. The funds must be transmitted to the state treasurer on a quarterly basis for deposit by the state treasurer into the general fund. The remaining tribal tax revenue must be used for essential government services, as that term is defined in section 402 of this act.

(4) The agreement is limited to retail sales in which Indian retailers make delivery and physical transfer of possession of the vapor products from the seller to the buyer within Indian country, and are not in regard to transactions by non-Indian retailers. In addition, agreements may address the legal age of sale for vapor products pursuant to section 11, chapter 15, Laws of 2019.

(5)(a) The agreement must include a provision to price and sell the vapor products so that the retail selling price is not less than the price paid by the retailer for the vapor products.

(b) The tribal tax is in addition to the retail selling price.

(c) The agreement must include a provision to assure the price paid to the retailer includes the tribal tax.

(d) If the tribe is acting as a distributor to tribal retailers, the retail selling price must not be less than the price the tribe paid for such vapor products plus the tribal tax.

(6)(a) The agreement must include provisions regarding enforcement and compliance by the tribe in regard to enrolled tribal members who sell vapor products and must describe the individual and joint responsibilities of the tribe, the department of revenue, and the liquor and cannabis board.

(b) The agreement must include provisions for tax administration and compliance, such as transport and notice requirements, inspection procedures, recordkeeping, and audit requirements.

(c) The agreement must include provisions for sharing of information among the tribe, the department of revenue, and the liquor and cannabis board.

(7) The agreement must provide that retailers must purchase vapor products only from distributors or manufacturers licensed to do business in the state of Washington.

(8) The agreement must be for a renewable period of no more than eight years.

(9) The agreement must include provisions to resolve disputes using a nonjudicial process, such as mediation, and must include a dispute resolution protocol. The protocol must include a procedure for notifying the other party that a violation has occurred, a procedure for establishing whether a violation has in fact occurred, an opportunity to correct such violation, and a provision providing for termination of the agreement should the violation fail to be resolved through this process, such termination subject to mediation should the terms of the agreement so allow. An agreement must provide for termination of the agreement if resolution of a dispute does not occur within twenty-four months from the time...
(10) Information received by the state or open to state review under the terms of an agreement is subject to RCW 82.32.330.
