MESSAGE FROM THE SECRETARY OF STATE

Department of State, Office of the Secretary,
Olympia, Washington, July 17, 1950.

To the Honorable the President of the Senate, The Legislature of the State of Washington, Olympia, Washington.

SIR:

I have the honor to transmit herewith pursuant to Section 12, Article III of the Constitution of the State of Washington, for the consideration of the State Senate, the following bills passed by the House and Senate in the Legislative Session of 1949, and vetoed by the Governor, together with his veto message attached thereto.

They are Senate Bills Nos. 165 and 167.

Respectfully,

EARL COE, *Secretary of State.*

State of Washington, Executive Department,
Olympia, March 21, 1949.

*To the Honorable The Senate of the State of Washington
(Through the Secretary of State)*

GENTLEMEN:

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval, Senate Bill No. 165, entitled: "AN ACT creating a division of livestock identification in the department of agriculture; creating a state brand board; providing for the appointment, compensation, powers and duties of certain officers; and amending section 83, chapter 7, Laws of 1921."

While the objects sought to be accomplished by this bill are no doubt desirable in the interest of preventing cattle theft, the bill is so drafted as to create considerable doubt concerning the general powers and duties of the state director of agriculture, not only with respect to the new "division of livestock identification", but also with respect to his powers and duties as to the entire department of agriculture.

Section 1 of the bill amends section 83, chapter 7, Laws of 1921, by adding a division to be known as "the division of livestock identification", but, in so doing, the drafters of the bill omitted the language of the 1921 act providing that "the director of agriculture shall have charge and general supervision of the department."

The bill in its other sections provides for the appointment by the director of a "state brand board" which board is directed to establish rules and regulations, prescribe policies for procedure and generally supervise and control the operation of the division. The board is directed to appoint a chief brand inspector and fix his salary, thus effectively removing from the director control and supervision over the new division of livestock identification. The bill further casts upon this chief brand inspector a number of existing duties which are now vested in the department's division of dairy and livestock.

The whole tenor of the bill is such that I cannot approve it in its present form. It undertakes to amend or repeal certain portions of the present law without directly saying so, and apparently attempts to establish a new and, to all intents and purposes, independent department within the department of agriculture.

Another defect in the bill is that it provides that the chief brand inspector shall employ and fix the compensation of necessary assistants and clerical help "within the limits of the funds collected under the provisions of this act as inspection fees" and nowhere in the bill is there any provision for the collection of any inspection fees.

For these reasons Senate Bill No. 165 is vetoed.

Respectfully submitted,
ARTHUR B. LANGLEIE, Governor.

State of Washington, Executive Department,
Olympia, March 21, 1949.

*To the Honorable, the Senate of the State of Washington
(Through the Secretary of State)*

GENTLEMEN:

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval, Senate Bill No. 167, entitled:

"An Act relating to the office of lieutenant governor; amending section 1, chapter 118, Laws of 1919; and declaring an emergency."

This bill increases the per diem expense allowance of the Lieutenant Governor from ten to fifty dollars, while acting as Governor. Subsequent to the passage of this bill the legislature increased the salary of the Lieutenant Governor to \$6,000 per year.

According to available information this combination of duplicatory salary payments would make the office of Lieutenant Governor in this state the highest paid part time position of its kind in the United States. Moreover, it would make his compensation in relation to services rendered out of all proportion to the income received by other elective state officials.

The situation might well be the grounds for proposals in the future by other elective officials for a rescaling of their salaries, with attendant legislative turmoil.

I am also aware that when the Secretary of State is called upon to perform the duties of Governor he does not receive extra compensation.

Therefore I do not believe that the five hundred per cent increase in the per diem expense of the Lieutenant Governor is justified.

For these reasons Senate Bill No. 167 is vetoed.

Respectfully submitted,
ARTHUR B. LANGLEIE, Governor.

Senator Parker moved that the message be received and spread upon the journal and that the vetoed bills be referred to the Committee on Rules and Joint Rules.

Senator Lee seconded the motion.

The motion carried.

The Secretary read:

GENTLEMEN:

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval as to section 34, Senate Bill No. 164, entitled:

"An Act relating to unemployment compensation; providing for experience rating credit; providing for relief from unemployment caused by sickness, accident, or injury; providing for benefits, contributions, funds, and the receipt of monies; amending chapter 35, Laws of 1945; repealing sections 108, 109 and 136 to 179, inclusive, chapter 35, Laws of 1945, and chapter 50, Laws of 1947; making an appropriation; declaring an emergency and providing effective dates."

Section 34 declares that "An emergency exists and this act is necessary for the preservation of the public peace, health, safety and welfare, and the provisions of sections 6 to 33, inclusive, shall take effect on the first day of April, 1949."

I can see no reason why this bill should take effect at any date other than ninety days after the adjournment of the legislature as provided in the constitution. Under this bill deductions for disability compensation do not begin until July 1, 1949 and benefits are not payable until January 1, 1950, and it appears to me that the Employment Security Department, with or without the emergency clause, will have sufficient time to set up the necessary machinery for the administration of the provisions of the bill.

I am further prompted in this decision by the fact that, if section 34 is not vetoed, the people of the state will be deprived of the opportunity, if they so desire, to petition for a referendum of the bill. It is my belief that the provisions of this bill are so important and of such far reaching effect upon the rank and file of our people that it would be unwise to close the door to a popular vote on the measure if it should be desired.

For these reasons, section 34 is vetoed and the remainder of the bill is approved.

Respectfully submitted,

ARTHUR B. LANGLEY, Governor.

State of Washington, Executive Department,
Olympia, March 21, 1949.

To the Honorable, the Senate of the State of Washington
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval as to section 1, Senate Bill No. 250, entitled:

"An Act relating to motor vehicles; the operators' fees thereof; and to motor vehicle fuel and the tax thereon; prescribing penalties; amending section 17, chapter 58, Laws of 1933, as last amended by section 4, chapter 84, Laws of 1943; and amending section 19, chapter 58, Laws of 1933, and section 32, chapter 188, Laws of 1937, as last amended by section 9, chapter 164, Laws of 1947."

The passage of this bill presents the possibility of serious conflict between statutes because Section 1 of this bill amends section 17, chapter 58, Laws of 1933 as last amended by section 4, chapter 84, Laws of 1943. This identical section is also amended by section 13 of House Bill No. 217. With the approval of this bill the question might well arise as to which amendment controls.

In order to avoid such conflict it is necessary that section 1 be vetoed. For this reason section 1 is vetoed and the remainder of the bill is approved.

Respectfully submitted,

ARTHUR B. LANGLEY, Governor.

State of Washington, Executive Department,
Olympia, March 22, 1949.

To the Honorable, the Senate of the State of Washington
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval as to certain items, Substitute Senate Bill No. 270, entitled:

"An Act making appropriations and reappropriations for the payment of salaries of certain officers and employees of the state and for the operation, maintenance and other expenses of certain state institutions, departments and offices, for the purchase, condemnation and improvement of land, the construction of buildings and improvements for the various state institutions designated and mentioned, and for emergencies, and for refunds, and for the relief of certain individuals, corporations, counties and municipalities, and for transfers, and for deficiencies, and for appropriation of revolving funds, and for sundry civil expenses of the state government, and for public assistance, and for purposes specified in certain acts of Congress, and for miscellaneous purposes, for the fiscal biennium beginning April 1, 1949, and ending March 31, 1951, except as otherwise provided, defining terms, limiting allowances and payments, prescribing penalties, and declaring that this act shall take effect immediately."

I disapprove and veto the items "Corporation Field Examiner, Salary and Expenses \$13,620.00" and "To carry out the provisions of House Bill No. 305: Salaries, Wages and Operations \$18,000.00" for the reason that in my opinion sufficient funds have been provided in the regular appropriations for the Secretary of State to carry on these functions.

I disapprove and veto the item "Maryland Casualty Company, assignee of G. R. Kirk, in settlement of judgment, Mason County Superior Court No. 4622 \$1,241.98" for the reason that in my opinion this judgment should be paid from the State Forest Development Fund and Kitsap County which received the funds involved.

I disapprove and veto the item "From the Accident Fund. Albert Zimprick, compensation for injury received while engaged in extra-hazardous employment \$4,000.00" for the reason that our Supreme Court has decided that the Legislature is without authority to appropriate for a claim of this nature from the Accident Fund.

I disapprove and veto the item "For the purpose of paying the expenses of the Thirty-first Legislature of the State of Washington \$50,000.00" for the reason that I am informed there is sufficient balance remaining from the appropriation by chapter 1, Laws of 1949 to meet all legislative expenses until the next session of the Legislature.

With the exception of the foregoing items, which are vetoed, the remainder of Substitute Senate Bill No. 270 is approved.

Respectfully submitted,
ARTHUR B. LANGLIE, *Governor.*

Senator Parker moved that the message be received and spread upon the journal and that the copies of the partially vetoed bills be referred to the Committee on Rules and Joint Rules.

Senator Copeland seconded the motion.

The motion carried.

MESSAGE OF GOVERNOR ARTHUR B. LANGLEIE TO THE LEGISLATURE

MR. PRESIDENT, MR. SPEAKER, LADIES AND GENTLEMEN OF THE LEGISLATURE:

It is with great reluctance that I have called you together in this Extraordinary Session, because I realize the imposition upon your time, particularly at this season of the year.

I have sought, through all possible means, to make the \$206 million allocated for welfare by the last legislature, do the job. Percentage reductions were made in the allowances to welfare recipients; other governmental units were invited to assist the state in carrying the burden, so that this Extraordinary Session might be avoided. It was only after these alternative efforts had failed that I felt obliged to convene you here today.

The basic problem you and I face is a financial one imposed upon us primarily by Initiative Measure No. 172, known as the Citizens' Security Act of 1948. This measure has caused such a severe strain upon the state's General Fund that the \$32 million surplus with which we began this biennium has been exhausted, and the General Fund today stands approximately \$30 million in the red.

The General Fund budget adopted by the 1949 legislature, as you know, carried an operating deficit—even assuming the welfare costs could be kept within the \$206 million allocation. Unfortunately, these costs could not be so reduced. Certain of the appropriations are on the verge of exhaustion. Additional appropriations must be made immediately to save our physically handicapped, our unemployables, and others, who are in need of immediate medical care, from dire suffering.

It is for this reason we are assembled here.

These obligations were mandated to us on November 2, 1948, when the people of this state, by their vote, indicated their approval of the provisions of Initiative 172. These responsibilities were before us in January, 1949, when this legislature last convened in regular session. At that time careful estimates indicated that allocations totalling \$229 million—rather than the \$206 million which was finally provided—would be necessary to carry out in full the provisions of the law.

Since January's responsibilities were not met fully at that time, they must be faced again today. To do this and to permit the Department of Social Security to carry on at 100 per cent of the levels prescribed in Initiative 172, additional appropriations totalling

\$22½ million dollars will be necessary. This sum should carry the program to the end of the biennium.

Out of this \$22½ million, \$3 million will go for Aid to Dependent Children and Foster Care. The largest appropriation, one of \$8¼ million, will finance the General Assistance program for unemployable persons. An additional \$3¼ million will be used to aid the employables. The remaining \$7½ million will be needed to carry out the medical program. All of this, as I indicated earlier, is based on following the levels set forth in 172 without ratable reduction. Sufficient funds remain in the appropriations for Old Age Assistance and for Aid to the Blind to carry out the provisions of the initiative. These two categories, therefore, need not claim your attention. Ratable reductions are in effect now in the other categories I have discussed.

Aid to Dependent Children is being supplied at 75 per cent of the levels prescribed in the initiative. With a very few exceptions, in families where there are small children and food only is being provided, all employable persons have been removed from the General Assistance rolls and only those who cannot be employed are receiving aid at approximately 75 per cent of the Initiative No. 172 level. Should the legislature choose to carry on the program as presently administered, the appropriation would then need be but \$15 to \$15½ million. The \$3 million for Aid to Dependent Children would not be necessary and the total assistance load, primarily for the benefit of unemployables, could be carried on for approximately \$8 million. This sum, together with \$7 to \$7½ million for the medical program, would call for appropriations totalling \$15 or \$15½ million as compared to the \$22½ million mentioned earlier. Other estimates have been prepared for your information by the staff of the Department of Social Security, which stands ready at all times to assist you with such information as you may require.

Since issuing my proclamation, other matters of emergent nature have been called to my attention and I feel that I must suggest them for your action.

The Department of Labor and Industries is in urgent need of an appropriation of \$450,000 to carry out pension obligations under Chapter 233, Laws of 1947. The department's original request of \$4 million for this purpose was reduced \$500,000 at the last regular session, and now an additional \$450,000 must be found.

The Supreme Court of the State of Washington, in a recent decision in *Columbia Steel Company v. State*, has held that the state cannot tax receipts from sales by persons engaging in business in this state wherein the goods were shipped from out-of-state points. In effect, the decision states that taxation of such sales is not invalid, but merely cannot be permitted because other provisions of Title II of the Revenue Act of 1935 discriminate against such interstate sales. This means a serious loss in revenue. A minor change in the wording of the law will remedy the defect of which our court complained. This remedial action, if taken, will mean a recovery of from \$2 to \$5 million before the end of this current biennium and thereafter will provide revenue totalling about \$10 million each biennium. In view of our urgent need, I commend this also to your attention.

Next, I feel that I should point out a legislative error of our last meeting which has annoyed many of our citizens. I refer to the increased taxes imposed on light trucks and trailers. In the rush and the pull and haul of the last hours of the regular session, these provisions, for various reasons, were not removed from the original and tentative drafts of this legislation. When the measure reached my desk, it was so drawn that I could not veto these provisions without also vetoing others which it was highly desirable to retain. Therefore, I signed the measure and the increase became law. I now recommend to you that Section 10, Chapter 220, Laws of 1949, be amended to restore the lower level of fees prevailing for such vehicles prior to its enactment.

This matter deserves emergency treatment, in my opinion, because we will start receiving applications for new licenses on November 15 and only confusion and injustice can result, if the matter of this amendment is delayed until the next regular session.

Certain other corrective action to remedy technical and other legal defects in existing law is deserving of your study. The bond issue bills passed at the last regular session are in need of attention at this time, also the question of enlarging eligibility for bonus benefits under certain circumstances should be considered.

In order that we may deal adequately with the problems as they develop in the Puget Sound ferry situation and to insure the ultimate utilization of bridges now being constructed and to be constructed in the future, it is essential that any ferry operation on Puget Sound be under the regulation of the Public Service Commission. There is a decision now pending in Thurston County Superior Court which may resolve this question. But, because of uncertainties of litigation there still remains a strong possi-

bility that the statutory law of the state is not sufficiently broad to cover the situation that has arisen and, therefore, a simple amendment to our existing law has been prepared and is being submitted to you.

In view of the war in Korea and the potentialities it presents, a minor correction in the voter registration laws is in order to permit members of the armed forces who reach their majority after leaving the state to register by mail. Except for this, it appears that there is enough statutory authority to take care of other war emergency problems for the time being.

Numerous other suggestions have been made to me, as they no doubt have been made to you, concerning matters which might receive your consideration. I have refrained from presenting many of them to you for the reason that in my opinion their consideration at the regular session would be more appropriate.

I do not believe it possible for this special session to really come to grips with the basic problem of balancing revenues with outgo in so limited a period. Also the course of future expenditures and the amount of future revenue needs are most uncertain. Much depends upon the decision of the people in the coming election when they mandate to us their welfare program through their ballot on Initiatives 176 and 178. Their decision, rather than any we can make now, will determine the extent to which this legislative body will have to go in its next regular session to raise additional taxes and plan the long range finances of the state. I expect, of course, that things I have omitted from this message will receive some of your attention and I have no desire to attempt, in any way, to inhibit the deliberations of this free legislative body. I do wish very much to be of assistance to you and I am glad to place the facilities of my office and staff and those of the heads of the code departments at your disposal.

The President of the Senate requested the Sergeant-at-Arms of the Senate to escort the special joint committee to the rostrum.

The special joint committee appeared before the bar of the House, and the President of the Senate requested the committee to escort His Excellency, Governor Arthur B. Langlie, from the Chamber. (Applause.)

On motion of Representative Ford, the Joint Session was dissolved.

President Meyers called the Senate to order at 2:47 p. m.

SENATE RESOLUTION

By Senator Greive:

Be It Resolved, By the Senate of the State of Washington, in legislative session assembled; that

WHEREAS, The City of Seattle is now engaged in establishing a sewer system with an outlet on Alki Beach and the shore lands adjacent thereto; and

WHEREAS, Such city has expended and contemplates expending large sums of money on such sewer system; and

WHEREAS, As such sewer system will inevitably result in the pollution of the waters immediately adjacent to the outlet of said sewer unless adequate preventional methods are adopted and put into effect before such sewer system is installed; and

WHEREAS, Alki Beach and the shore lands adjacent thereto are widely used by the people of that vicinity as a resort for purposes of swimming and other recreational facilities; and

WHEREAS, The Association of Washington Cities in its convention assembled at Walla Walla, Washington, June 17, 1950, adopted a resolution that the Association sponsor legislation to amend the pollution control law to limit the powers of the Pollution Control Commission to the extent that the Commission would no longer have the authority to establish the degree of sewage treatment necessary to protect the waters of the state and to eliminate from the law the review and approval of plans for the construction of sewers and sewage treatment plants; and

WHEREAS, The Pollution Control Commission is attempting to administer the pollution control law in a reasonable manner and in conformity with the apparent desires of the Legislature; and

WHEREAS, It is the universal prerogative of all pollution control agencies in other states to establish the degree of sewage treatment necessary for the protection of state waters; and

WHEREAS, The review and approval of plans by competent engineering staff is necessary for the protection of city administrations and their citizens against incompetent and irresponsible practices; and

WHEREAS, If the resolution of the Association of Washington Cities adopted June 17, 1950, be enacted into law it would seriously hamper the possible master plan for the City of Seattle as presently required by state law and would result in the almost certain elimination of a sewage treatment plan for the Alki area,

Now, Therefore, Be It Resolved, By the Senate of the State of Washington, in Legislative session assembled:

That the Senate hereby opposes the resolution adopted by the Association of Washington Cities, and commends the past efforts of the Pollution Control Commission in its efforts to adequately care for this problem, and that said Commission be asked to enforce the present law to its full extent, even to the requiring of a sewage disposal plant for the Alki area.

MOTION

Senator Zednick moved that Reed's Rules of Order be adopted as the rules of the Senate pending the adoption of permanent rules of the Senate.

The motion carried.

MOTIONS

Senator Zednick moved that at this time the Senate proceed with the election of the officers of the Senate, the President Pro Tempore, the Sergeant-at-Arms, and the Secretary.

Senator Rosellini moved that the Senate proceed to elect a Secretary of the Senate at this time; that Senator Zednick's motion be amended and that the election of Secretary come before the election of President Pro Tempore.

Senator Rogers moved that the motion to amend be laid on the table.

The motion by Senator Rogers carried.

Senator Rosellini spoke on personal privilege.

The President declared the question to be on the motion by Senator Zednick that the Senate proceed with the election of its officers.

The motion carried.

Senator Rosellini:

"At this time I would like to present to the Senate a man who has served since 1935, several sessions in the House of Representatives and with distinction in the Senate for the past six or seven years. He is a man entitled to this recognition, a man who has proven his capabilities and qualifications. I would like to place before the Senate for the position of President Pro Tem, Senator Gerald Dixon."

Senator Bargreen:

"I wish to second the nomination of Senator Gerald Dixon."

The President:

"At this time, if there is no objection, the Chair will entertain a motion to suspend Rule 63."

Senator Zednick:

"We have no Rule 63. We are operating under Reed's Rules."

Senator Cowen:

"Mr. President, Members of the Senate: I wish to nominate a young man who has served a great many times in this body, also in the House; who has served this state honorably and faithfully—Senator Ted F. Schroeder."

Senator Edwards:

"I also would like to put in nomination a man for President Pro Tem who has served here continuously since 1935. He was a little struggling dentist at that time. I was at that time chairman of Appropriations in the House, and the Senate saw fit to cut our appropriation by twelve million dollars, and this young dentist served on a Free Conference Committee and saw that we got back our twelve million dollars and three million more for the good of the State of Washington. Gentlemen, it was a wonderful gesture on the part of this same man that I am going to nominate, for him to nominate another—but Gentlemen, I am putting in nomination the name of Senator Dave Cowen."

Senator Cowen:

"I wish to thank Senator Edwards for this honor and his faith in me and the kind words he has said about me, but I decline the honor."

The Acting Secretary called the roll on the election of the President Pro Tempore of the Senate, and Senator Schroeder was elected by the following vote: Senator Dixon, 16; Senator Schroeder, 26; Senator Cowen, 2; absent or not voting, 2.

Those voting for Senator Cowen were: Senators Edwards, Lindstrom—2.

Those absent or not voting were: Senators Raugust, Schroeder—2.

The President:

"Senator Schroeder, having received the majority vote, is hereby declared elected President Pro Tempore." (Applause).

Senator Rosellini spoke on personal privilege.

The President declared that nominations for Secretary of the Senate were now in order.

Senator Zednick:

"It gives me great pleasure and it is indeed a privilege to place in nomination for Secretary of the Senate Mr. Herbert H. Sieler, and I hope the Senate will grant its indulgence to my reviewing briefly his experience and capabilities for this position.

"Mr. Sieler first began to gain his experience in the secretarial work of the Senate back in 1919 when I was Secretary. I appointed him my assistant at that time, and he served as Assistant Secretary of the Senate for five sessions. At that time I withdrew, and Mr. Sieler was then elected Secretary of the Senate, which position he held for two sessions. Thereafter, he became a candidate and was elected a member of the Senate of the State of Washington.

"Session before last, as some of you recall, Joe Sharkey had a heart attack the first part of the session, and Mr. Sieler carried on from there as Secretary of the Senate, and last year he was unanimously elected Secretary and served during the last session.

"I think you will all recall the efficient service he gave, with absolutely no prejudice, fair to the interests of both parties, making out the vouchers during the past two year interim, sending them to you, having you return the vouchers to him, and sending you your compensation.

"In my opinion Herbert Sieler is an outstanding citizen of the State of Washington, a wonderful assistant during the terms I have had contact with him, and a splendid Secretary. I want to reiterate my nomination of Senator Sieler as Secretary of the Senate."

Senator Riley:

"I want to place before you for the position of Secretary of the Senate the name of James T. Sullivan. Mr. Sullivan served as a Senator here and served with distinction. As a former member, Mr. Sullivan is acquainted with the requirements of the position. He knows the work that has to be done. He is the type of an individual that works well with everyone, having a delightful humorous way with him, and the staff which Mr. Sullivan gathers around him will be the type of staff that will serve you Senators well. Therefore I want to make you sure that when I place the name of James T. Sullivan before you in nomination, I want you to know he comes to us as a qualified candidate."

MESSAGE FROM THE HOUSE

A committee from the House of Representatives, composed of Representatives Anderson (B. Roy), Ridgway and Jones (John R.) appeared before the bar of the Senate, and Mrs. Ridgway announced that the House was organized and ready to proceed with business.

Mr. President:

"Mr. Herbert H. Sieler, having received the majority vote of the Senate, is declared as having been duly elected as its Secretary during this coming session.

"Mr. Sieler, I know this comes as a big surprise to you."

Mr. Sieler:

"Yes, indeed. I want to thank you members of the Senate for your confidence in me, and at the appropriate time when we adopt our permanent rules I will move to suspend that portion of Rule 40." (Applause).

The President declared that nominations for Sergeant-at-Arms were now in order.

Senator Dixon:

"Mr. President: For Sergeant-at-Arms of the Senate, I would like to place in nomination the name of a man you all know and have known for quite a number of years. He has been a sort of institution around the legislative hall, has held the job several times before and has served well, is well liked, and I deem it a privilege to place in nomination the name of Joseph Mehan as Sergeant-at-Arms."

Senator Rogers:

"It gives me great pleasure to second the nomination of Joseph Mehan as Sergeant-at-Arms. We all know he has served well and faithfully for many years, and that he is going to serve us well and faithfully again in this session."

The Secretary called the roll on the election of Joseph Mehan as Sergeant-at-Arms, and he was unanimously elected by the following vote: Yeas, 46; nays, 0; absent or not voting, 0.

The Secretary read:

REPORT OF SELECT COMMITTEE

REPORT OF THE INTERIM COMMITTEE ON PUBLIC INSTITUTIONS

To the Members of the Legislature of the State of Washington:

By joint resolution in the final days of the 31st legislative session the Senate and House authorized an interim committee on State Institutions composed of Senators Zednick, Sears and Hutchinson, and Representatives Knoblauch, Hoopingarner and Cory. This group elected Representative Reuben Knoblauch as its chairman and Representative Cory as secretary. In the resolution was an \$8,000 appropriation which was vetoed by the Governor. Mr. Cory and Mr. Knoblauch made a trip to Olympia a few days after the session adjourned asking him to appropriate that sum of money from his emergency fund. The request was denied by Governor Langlie. The committee members were then forced to work with no funds and it very definitely lessened the effectiveness of their work. We are proud to present this report to you and feel that our work these past two years has been successful.

It was the agreed policy of the committee to hold public hearings only when some constructive proposal appeared likely of accomplishment. As a result of newspaper publicity concerning the alleged mismanagement at the state reformatory at Monroe, our committee held a formal hearing at that institution with all members present. All witnesses were sworn and their testimony was recorded. The employee who accused Superintendent Lee of mismanagement was given a fair hearing. After said hearing, the committee made a thorough inspection of the institution and we found a great many things which we thought should be improved. We especially felt that the lack of a vocational training program was a distinct draw-back to the attitude of the men there because many of them were idle, and idle hands breed trouble. Many of those who would like to learn a vocation while inmates at Monroe cannot do so because there simply is not the room for such a program. We are most anxious that an increased vocational training program be established at once; and also, that an educational guidance and rehabilitation program should be instituted.

The following statement was issued to the press upon the completion of our day spent at Monroe Reformatory:

"We have concluded there is a great need at the reformatory for an increased vocational training, education, guidance, and rehabilitation program. And further that there exists inadequate facilities for segregation of inmates as to age, seriousness and type of crime.

"It is the finding of this joint committee that the inadequacy of vocational training, education, rehabilitation and proper segregation is not due to any fault of the administration of the reformatory, past or present, but follows directly from lack of funds, equipment and buildings.

"The committee recommends that the only solution for the above problem presented at Monroe reformatory and other state institutions is the passage of the 20 million dollar bond issue to be voted upon in the November general elections, and more adequate appropriations by the next legislature for salaries and operations."

The next morning the committee made the trip on up to the Northern State Hospital at Sedro Woolley where we again found many conditions that we thought should be improved. However, we are not blaming the superintendent of Northern

State for those conditions. Dr. Jones appears to be a promising young superintendent and the committee felt that he was doing a wonderful job. As in all other institutions, buildings are over-crowded at Northern State and many of them should be replaced. Incidentally, our committee worked hard for the passage of the bond issue and we know that this is going to bring improvements in all of our 13 state institutions. An increasing population in the State of Washington has been reflected by all-time peaks in nearly all the institutional programs. In the 1947-1949 biennium the average population in all of our 13 state institutions was 12,145. The average population for the first year of the 1949-1951 biennium was 12,553. As of August, 1950, the population of these same institutions was 13,180. The estimated population average for 1951-1953 biennium is 14,197. This estimated population increase is conservative. It is obvious, therefore, that we must plan in the neighborhood of a 13% increase in appropriations for food and clothing just to take care of the population increase. (We would appreciate it if you would give this last sentence careful study.)

As of April 1, at the start of the present biennium, Dunn and Bradstreet, commodity price index was \$5.868. As of August, 1950 this same price was \$6.568 (increase of 12%). As of December 19, this commodity index was \$6.80 or an increase over the start of the present biennium of approximately 15.8%. It is obvious that current appropriations for food stuffs must be increased by 15.8% to be on a basis with present day costs, leaving out any consideration for future price increases. The Department is requesting \$5,642,775 increased appropriations from the general fund, which increase is to take care of 13% increase in population and 15.8% commodity price increase to date for cost of feeding and clothing institutional inmates, plus some necessary increase in employee wage scales, plus some improvements essential to bringing some of our institutional standards to a higher level. Appropriation increases are essential if we are to achieve reasonably high standards.

Your committee held a hearing at the Rainier State School at Buckley immediately after the resignation of Dr. Rudolph Depner had been submitted to the Governor. Dr. Depner informed the committee that because of insecurity on the job and because of political implications he decided to accept a position in Washington, D. C. which would put him under civil service. We felt as though Dr. Depner had done a fine job the few months he was with us and commended him for his work. Similar hearings were held at my home when the prior superintendent, Dr. Frederick M. Lash had apparently resigned the position he had held at Rainier State School since its inception. The committee went on record asking the Governor not to accept the resignation of Dr. Lash, feeling that his work had been outstanding and support came in behalf of Dr. Lash from many fine organizations. Because the Governor, in the final analysis, has complete control over whom he appoints as superintendents of the 13 institutions, the matter was dropped by our committee.

A few months ago a meeting of the committee was called for an investigation of the many escapes at the Chehalis State Training School. This investigation would have been held except for the fact that the then superintendent, Mr. A. E. Murphy, was replaced by his assistant, Robert Venemon. Your chairman decided that in all fairness to Mr. Venemon, the investigation should be called off in order to give him a chance to install a new security system and attempt to better conditions at that institution. Because of the bond issue which was to be voted on at the November 7 election, your chairman felt it unwise to bring forward any unfavorable publicity which might tend towards the defeat of this all-important bond issue. Since Mr. Venemon has taken over the state training school your committee has received many fine pieces of correspondence from him and feel that he is sincerely trying to do an excellent job. We feel that he surely deserves a fair chance. Mr. Hoopingarner and Mr. Cory made inspections at the Eastern State Hospital at Medical Lake and at Lakeland Village and reported back their findings to the entire committee. Again, it was the same old thing; over-crowded conditions and dilapidated buildings.

Though the bond issue will probably take care of the two institutions in most dire need of new construction, you might be interested to know that there is a waiting list of over 700 children at the Rainier State School at Buckley and at Lakeland Village. Your committee has been informed that these two institutions will receive priority for new construction and we are in complete agreement with the decision of the Director of State Institutions.

One question oftentimes asked is "How do State of Washington institutions stand in comparison with other like institutions in the matter of per capita cost of operations?" The Council of State Governments has just this year made a survey of annual expenditures for maintenance per resident patient in state hospitals for *the mentally ill*.

It will be noted that in the year 1939, Washington ranked 25th in the nation; in 1949, 20th; and in 1950, 21st. The 1951 reports are as yet incomplete. Many of those states ranking below Washington in per capita expenditures are southern states having low cost operation and in many instances sub-standard programs, some of which are referred to as of the "snake pit" variety. By comparison, our penal and correctional school programs do not begin to rank with our mental hospital programs. Therefore, it is quite obvious that our institutional programs in the State of Washington, on the basis of per capita expenditure, are substantially below those of other states maintaining reasonably high standards. The point is that standards of institutional operation in the State of Washington have in some programs been sub-standard for so long that any effort to bring them to a reasonable basis appears to bring a substantial increase in budgeted expenditures. So long as we fail to recognize this fact and provide for some reasonable increase in cost—so long will we continue to be bedeviled by the discontent, dissatisfaction and demand to set up new commissions and other agencies to try to rectify the situation. It is more economical in the long run to provide more adequately for doing a better job.

The committee recommends to this session that the salaries of state institutional employees should be raised in accordance with increased cost of living standards, responsibilities and duties. You will be surprised to know that 1,022 out of the 2,400 employees in the Department of Institutions receive from \$150 to \$200 per month and in many cases the employee must take out of that sum money for food costs while he is on his job. How we can secure the best of employees at this low wage schedule is beyond our own imaginations. Some of our guards at the state penitentiary at Walla Walla are paid \$190 per month, with a deduction to be taken out of that sum for their food and maintenance costs. We feel that a raise in salary for these employees is a **MUST** at this time.

Along with a raise in salary for institutional employees our committee is recommending a merit system for all employees in these institutions. We feel that it is not good government for the administration in power to make a political football out of those who are residing in our institutions. We are making this recommendation because we have given this close study for the past two years. We are dealing with human beings and must give them the best supervision and treatment possible. We feel that the merit system and salary increases go hand in hand.

Your committee is recommending a change in the mental hygiene law that was passed in the 1949 session. Without going into further detail, the new measure will be submitted very shortly. We ask that it be given your very careful consideration. These recommendations came out of our meeting that was held at the Western State Hospital a few weeks ago.

Your chairman received a letter dated December 28, 1950 from Harold Van Eaton, Director of Public Institutions, and I would like to quote you one paragraph from his communication:

"I want to take this opportunity to express appreciation to the Interim Committee for their very sincere and excellent cooperation in the consideration of the needs of our institutional program."

The committee strongly recommends the creation of another Interim Committee on State Institutions, with an adequate appropriation to do the necessary work.

May I express our appreciation to Senator Tom Hall. Though Senator Hall was not a member of our Interim Committee, he took part in nearly every one of our investigations and inspections and was a fine addition to our group. Also, may I thank Mrs. Vincent F. Jones and Mr. R. E. (Ray) Morris, both members of the House, for their assistance. We, of the committee, appreciate the transportation that was furnished by the Department of Institutions and thank them for their cooperation.

We, of the committee, hope that you will give this report your most earnest consideration. We have been sincere in our duties and feel that our findings should receive favorable action.

WHEREAS, it now further appears that the chief prerequisite for the position is that the appointee be "just a great big warmhearted guy" who takes his occasional rap on the knuckles with much public gusto but with little private embarrassment; and

Now, Therefore, Be It Resolved, that the Senate of the State of Washington being composed of baseball fans of the dyed-in-the-wool hue and anxious to aid the national pastime do hereby recommend as the next high commissioner of baseball the Honorable Victor A. The Secretary called the roll and announced to the Temporary President that all Senators were present, except Senators Schroeder and Miller.

On motion of Senator Cowen, Senator Schroeder was excused.

On motion of Senator Rosellini, Senator Miller was excused.

The Temporary President directed the Sergeant-at-Arms to notify Lieutenant Governor Victor A. Meyers that the Senate was in order and awaited his attendance.

The Sergeant-at-Arms escorted the President to the rostrum, where he assumed the chair.

The Temporary President announced the result of the attendance roll call to the President.

Reverend J. Burton Salter, Rector of the St. John's Episcopal Church of Olympia, offered prayer.

On motion of Senator Lindsay, the reading of the journal of the previous day was dispensed with and it was approved.

MOTION

Senator Rogers:

"Inasmuch as the President Pro Tempore is ill and in the hospital, I wish at this time to suggest that the Senate nominate and elect an acting President Pro Tempore.

"For that purpose, I wish to place in nomination the name of Dave Cowen of Spokane."

Senator Keefe seconded the motion.

POINT OF ORDER

Senator Rosellini:

"Is there any provision for the election of a temporary acting President Pro Tempore?"

RULING BY THE PRESIDENT

The President:

"As the President understands it, the President Pro Tempore as elected by the Senate acted as the President of the Senate during the absence of the Governor, and at that time there was an election held and Senator Zednick was elected to replace the President Pro Tempore, Senator Schroeder. In view of that, in the opinion of the chair, the President who was elected to replace the President Pro Tempore would serve during his absence while he is on the disability list."

POINT OF ORDER

Senator Greive:

"I don't think that there is any provision for the election of a temporary President Pro Tempore. The rule under which Senator Zednick was elected was Senate Rule 7. I think it is urgent changing the rule to do as Senator Rogers suggests."

Senator Rogers:

"The legislative body can do those things it wishes to go by majority vote. I do not think it transcends our wishes in any manner. I think it would be well to fill this position to expedite the work of the session."

Senator Greive:

"I move the rules be suspended to permit us to elect a temporary President Pro Tempore."

Senator Rosellini:

"Point of inquiry. Senator Schroeder is ill. Is there any indication to show how long he is going to be laid up?"

Senator Rogers:

"Senator Schroeder was operated on for stomach ulcers on Sunday, and I think he will be laid up for quite a while."

Senator Edwards:

"The first day of the session I nominated Senator Cowen for President Pro Tempore. There were two other men nominated. That only goes to show I was right and you were wrong. If you had voted for Senator Cowen on the first day, you would not have had to wait until this time to elect the man I nominated on the first day of the session."

Senator Lee:

"I think we are proceeding out of order. I think we already have a President Pro Tempore. We elected Senator Victor Zednick and I think he is still in office. We haven't kicked him out yet, as far as I know of."

POINT OF ORDER

Senator Rogers:

"I think under Rule 7 the acting President Pro Tempore served as President only on the day the Lieutenant Governor was absent. I wouldn't have moved the nomination of another person if I had known Senator Zednick was still in office."

Senator Zednick:

"I did speak of myself as 'King for a day'. I think Rule 7 is quite clear, when it states: 'In the event that the lieutenant governor is acting as governor the senate shall also elect one of its members temporary president.' Now that does not say that the temporary president is only going to act for that one period of time. This was gone over this morning.

"I did not want to call the Senate to order but it seemed to be the consensus that we have a President, a President Pro Tempore and a Temporary President, and those I talked to convinced me as Temporary President I was acting in the absence of the President elected by the Senate, and the elected President of the Senate is Senator Schroeder. Those I consulted convinced me this morning that when I was elected Temporary President, it was for such an occasion as this."

Senator Rosellini:

"I take it we are speaking on the point of order?"

The President:

"That is correct."

Senator Rosellini:

"I want to concur with the remarks set forth by Senator Zednick. After all we have to interpret those rules with some degree of common sense and strictly logically, and also we want to bear in mind we should do so to avoid a multiplicity of elections here. So I think, keeping these matters in mind, the only logical thing is once you have elected a temporary President, he should act as temporary President when the occasion arises, in either of these events—when the Lieutenant Governor is acting as Governor, or in the absence of the President elected by the Senate. I think the temporary President is temporary President Pro Tempore during the absence of the President Pro Tempore."

MOTION

Senator Riley moved that the matter of the selection or election of Temporary President be made a special order for the first item of business tomorrow.

POINT OF ORDER

Senator Greive:

"According to rule 21, the motion by Senator Riley is an incidental motion, whereas the motion to suspend the rule is of primary importance. I move that the rules be suspended and the Senate elect a President immediately."

The President:

"We have two motions before the Senate at this time—one that we make it a special order, and one that we proceed with the election."

POINT OF ORDER

Senator Dixon:

"Under the procedure of the Senate, we, on a previous day, went through this proposition where the President Pro Tempore was absent. We elected in order, one of the Senators to take his place. That question has been settled. That point is still before us. Now, Mr. President, in your wisdom I think you should rule right now whether we are proceeding in order or not, or whether Senator Zednick, elected by the Senate at a previous date, still holds that position in the absence of the President Pro Tempore."

RULING BY THE PRESIDENT

The President:

"I will have to rule that in my opinion the question of electing a Temporary President is out of order, for the reason we have a Temporary President in the person of Senator Zednick."

MEMORIAL TRIBUTE

By Eva Anderson

We pause, in the midst of a busy day—at a time of crisis in state and nation—to honor our recently departed fellow-legislators.

Enshrined on the Roll of Memory today, are the names of forty men and one woman. They, too, once sat in these legislative halls even as you and I now sit here. As the clock on the wall ticked, and the calendar days flitted past with kaleidoscopic swiftness, they, too, dreamed of building a better world. But when the Reaper declares that "Life's session is ended," no mortal can stay the clock for a single instant. No one can say, "Give me a few more minutes; a few more hours. My bill didn't pass."

Eventually for all, time itself runs out. Those first steps in immortality, which every human craves, must be taken now.

Those whom we honor today used some of life's shining hours, we know, for Humanity and for the State of Washington. To them, we are deeply grateful.

To you in the galleries—friends and relatives of our comrades—we extend our warmest sympathy. Upon you falls the great burden of this loneliness.

Here and now, may you and I—all of us—rededicate our own lives to perpetuating their dream:

"The dream of a brotherhood coming to birth
 The dream of a Christ for a Christlike earth."

Representative Arthur H. Bassett delivered the following eulogy on the life of Henry Drum:

Henry Drum, one of the few remaining pioneer leaders of Tacoma and the State of Washington, whose life spanned the period from pioneer days through transitional growth to the present state industrial maturity, died March 19, 1950. Death came at the

family home near Gravelly Lake, where he had lived in retirement for many years. He was 92.

Mr. Drum was born in Macoupin County, Illinois, November 21, 1857. After attending the University of Illinois he located in Hebron, Nebraska and became associated in the banking business with the late Walter J. Thompson, pioneer Tacoman. In 1883 he followed Mr. Thompson to Tacoma and became associated with him in Merchants National Bank of New Tacoma.

In 1884 he married Jessie M. Thompson, Mr. Thompson's sister, and last fall they celebrated their 65th wedding anniversary at the family home.

From the time of his arrival in the pioneer settlement of Tacoma Mr. Drum took an active interest in community affairs. He served on the park board, was a member and president of the Tacoma school board and in 1886 was elected for one term as mayor.

His interest in state affairs was even more varied. He took an active part in the formation of the state from a territory and in 1889 was elected a member of the first state Legislature, serving in the upper house. In politics he was a Democrat, and he was the only Democrat to have a seat in the first state Senate. He kept up his Democratic affiliations throughout his life and for many years took a prominent part in the state Democratic circles.

In 1893 he was named by Governor Ferry to represent the state at the Chicago world's fair, and later that year was appointed deputy collector of customs for the Port of Tacoma at a time when the port was starting to handle large quantities of goods from the Orient.

In 1900 he was named to the state board of control, in charge of state penal and corrective institutions. Then, after some years in Alaska and in business activity in Seattle, he was appointed in 1912, by his longtime friend, Governor Ernest Lister, as warden of the state penitentiary at Walla Walla. In this position he inaugurated much of the rehabilitation program which is now standard practice at the institution. Opposed to capital punishment, he resigned his position in 1921 shortly after capital punishment was returned to the statute books.

Mr. Drum was prominent in Masconic circles in Tacoma for many years. He was initiated into the lodge in Girard, Illinois some years before coming to Tacoma, and at the time of his death he had been a Mason for more than 70 years, a record exceeded by but few members of the order throughout the United States. He was a member of Tacoma Lodge No. 22, and of the York Rite and Scottish Rite Bodies, and was a charter member of Affii Temple of the Shrine. As a charter member of Chapter No. 4, Royal Arch Masons, established in 1884, he served as the first elected high priest. In recent years he has been honored by a number of the Masonic Bodies, and the York Rite reunion on September 1, 1948, was dedicated to him.

He was a nestor of all Scottish Rite Masons of Tacoma and his patent was signed by Albert Pike.

Besides his wife, Mr. Drum leaves one son, William Howard Drum, at the family home, and three daughters, Mrs. Homer Post of Tacoma, Mrs. Fred G. Wills of Seattle and Mrs. H. W. Lyman of Gravelly Lake. He also leaves six grandchildren and three great grandchildren.

Representative Eva Anderson delivered the following eulogy on the life of M. E. Field:

At the head of a massive stairway, in the Chelan County Courthouse, hangs, in a position of honor, the picture of M. E. Field, "Father of Chelan County."

In 1899, at the sixth session of the state legislature, Senator M. E. Field introduced the bill which carved Chelan from Okanogan and Kittitas counties.

This new county came as a surprise to the home people. Only a few knew that he intended to present such a bill. "We went to sleep in one county," said home folks, "and woke up in another."

Field's "provisional bill" gave status to Chelan County, on the condition that at least 2,500 people be found within the new county borders, and still leave a minimum of 2,500 in Kittitas County.

Frank Reeves, distinguished pioneer, took the census. At that time there were practically no roads within the county. The Columbia River served as transportation route between Wenatchee and Chelan, the two "sizable towns" within the county. The bill went through the legislature without a dissenting vote. This was M. E. Field's first session. He again served as Senator in 1903.

Until his death, half a century later, M. E. Field was the guardian angel of Chelan County, a county that he boasted possessed: the most scenic beauty in the State of

Washington; more timber than any other county in Eastern Washington; more game; more lakes in the Cascades; more fertile soil for fruit, vegetables and agricultural products; and a big stake in the world's greatest source of potential power.

Without previous preparation, M. E. Field could give a stem-winder of a patriotic speech. In fact, he could talk fluently any time, anywhere, on practically any subject.

He possessed tremendous vitality. With his own hands, largely, in 1893, he built the "Field Hotel" at Stehekin, head of Lake Chelan. Much mining was being done at that time, at Horseshoe Basin and Thunder Creek, now Holden, and today the biggest mining project within the state.

Field's resort was a mecca for summer tourists from many parts of the United States. With his string of pack horses and camping equipment, he outfitted fishermen and hunters. Chartering such boats as "The Lady of the Lake", many conventioners and merrymakers spent happy days there at the head of the lake, in the shadow of the towering Cascades.

In 1915, the Great Northern acquired his property which was flooded with the building of the power plant at Chelan Falls. Originally, the power plant called for raising the water three feet. Field, through legislative enactment, changed the water line to two feet, thus conserving much of the natural beauty of Lake Chelan.

"The Cascade Pass Road" was another objective, for which M. E. Field worked, both east and west of the Cascades.

He helped put the first dock at Manson, and tried to develop a park at the lower end of Wapato Lake.

Born in Iowa on June 15, 1862, he came to Washington in 1889. At that time it took three weeks by wagon to reach Waterville from Ellensburg, if roads were bad. Succeeding trips on horseback, netted him "riches"—twelve whole dollars for packing in supplies.

When M. E. Field married Martha Ohlhausen, a Colorado girl who came West, he had to travel on horseback to Concanully for the marriage license. The trip required four days. With his wife, the mother of two sons and daughters, he celebrated his fiftieth wedding day. His children are: Mrs. J. H. Gills of Wenatchee; Hal M. Field of Holden; Walter R. Field of Lakeside. His daughter, Mrs. Olive Buckner, preceded him in death by just a few months. Of these children, and a host of grandchildren and great grandchildren, he was always extremely proud.

On the day of his death, March 10, 1949, Rufus Woods, publisher of the Wenatchee Daily World, said: "One of the great men who helped make Central Washington one of the best places on earth just left us. M. E. Field loved Chelan County, Lake Chelan, the woods, the hills, the valleys, forests, and streams. He had many friends because he himself was a friend to others. The Field Hotel at the head of Lake Chelan became one of the delightful spots of this entire Northwest. It was a delightful region, and M. E. Field a delightful host, fine citizen, helpful neighbor, outstanding American citizen. He always helped make life worth living for others."

John A. Gellatly, fellow pioneer, says: "M. E. Field practiced what he taught and MORE. He lived by the Golden Rule, and demonstrated that it is more blessed to give than to receive. We are told that the strongest trees are found not in the sheltered nooks, but on the mountain side in close proximity to glacier and snow. Our M. E. Field was no nothouse plant. He carved his way in the rugged hills surrounding the lands he chose to claim as his home. I think I have almost looked through the window of his soul, and found that he had a 'heart of gold.'"

In offering this eulogy to M. E. Field, one-time legislator, I proudly proclaim that he has earned his niche among Washington's immortals. Forever, in the annals of history, M. E. Field is to be known as: "THE FATHER OF CHELAN COUNTY".

Senator F. Stuart Foster delivered the following eulogy on the life of Leslie V. Morgan:

Leslie V. Morgan, 60, pioneer orchardist who served Yakima County many years as State Senator and County Commissioner, passed away November 3, 1950.

Born in Yakima, Mr. Morgan was the son of the late Mr. and Mrs. Robert S. Morgan, who came to the valley in 1886. He attended the Yakima schools, was a graduate of Yakima high school and attended Washington State College. The college awarded him an honorary degree in agriculture for his outstanding accomplishments in this field.

Mr. Morgan first served this district in the state legislature in 1935 as a member of the House of Representatives. He was elected to the State Senate in 1944, and served until his recent resignation. He served two terms as County Commissioner from January 1939 until January 1945.

Mr. Morgan was a past president of the State Association of County Commissioners and also a past president of the State Association of School Directors. He was a director of the Nob Hill school district for many years. He was active in horticultural groups in the county and in the state, and took a prominent part in several community activities.

Mr. Morgan was a member of the First Methodist church, of which his father was one of the founders. He belonged to the Elks lodge, the Eagles lodge, the Nob Hill grange and other groups.

F. Stuart Foster, who was appointed to succeed Mr. Morgan in the State Senate, learned with sadness of his passing.

"Yakima County and particularly the 14th District has lost a faithful and capable public servant," said Foster. "He had a splendid record of service to his district as school director, county commissioner and as a member of the State Legislature. His colleagues in the State Senate regarded him highly as an honest, conscientious legislator."

At the last regular session of the legislature, Mr. Morgan was chairman of the committee on education. He also served on the agriculture and livestock committee, the reclamation and irrigation committee, the roads and bridges, towns and counties, and parks and public buildings committees.

Members of the family are the widow, Mabel; three daughters, Mrs. Lois Zaremba of Yakima, Mrs. Frances Ramsey of Butte, Montana, and Mrs. Arlene Briggs of Alhambra, California; two sisters, Mrs. Flora Wayenberg of Yakima and Mrs. Albert Dean of Long Beach, California; two brothers, R. H. Morgan of Yakima, and H. A. Morgan of Seattle. Another brother, W. F. Morgan of Yakima, died last year.

Senator Dayton A. Witten delivered the following eulogy on the life of Ralph D. Nichols:

In addition to his early athletic endeavors, Ralph D. Nichols, lawyer, business man, city official and legislator, will be remembered for his progressive work in assisting to lay out the beginning of our present highway system.

Mr. Nichols was born in Panora, Iowa in 1874, came to the state of Washington in 1889 with his family, and settled on a homestead in Lewis County. When he was 16 he went to Tacoma to work for a newspaper. Later he moved to Olympia, where he carried newspapers in the morning and went to school the rest of the day.

In 1892 Mr. Nichols came to Seattle and entered the University of Washington. He played football on the University team and was captain in 1894. He coached the team in 1895 and 1896, and again in 1898. He also was manager of the athletic association. After his graduation in 1896, he studied law in the firm of Stratton, Lewis & Gilman and passed the state bar examination.

Mr. Nichols' first public office was as city attorney of Columbia City in Rainier Valley. He served as clerk of the state Senate and then as state senator for the 33rd District, from 1907 to 1919. He served as chairman of the senate roads and bridges committee during the 1913, 1915, 1917 and 1919 sessions.

Mr. Nichols was elected to the Seattle City Council in 1924, serving until 1927. He served another term from 1931 to 1934. He was known as a staunch supporter of City Light.

In addition to his public offices, Mr. Nichols was manager of the Rainier Heat & Power Company many years and maintained his own retail fuel business. He lived at 4815 37th Avenue South.

Mr. Nichols was a member of Ark Lodge No. 126, F. & A. M.; a charter member and past patron of Ark Chapter No. 86, O. E. S., and a member of the Rainier Council of the Royal Arcanum Lodge No. 1399.

Mr. Nichols passed away July 20, 1949, at the age of 75. Surviving are his wife, Madge; a son, Ralph D. Nichols, Jr.; two daughters, Mrs. Madge Brauner and Miss Helen F. Nichols, all of Seattle; and a sister, Mrs. George T. Wood, Tracyton, Kitsap County.

Senator William C. Goodloe delivered the following eulogy on the life of Percy H. Ridgway:

Percy H. Ridgway, 74, former State Senator and a prominent Seattle resident passed away October 8, 1949.

Mr. Ridgway was born in England in 1875, and came to Seattle with his parents in 1889. He attended the old Central school and also graduated from the University of Washington.

In the early 1900's, Mr. Ridgway was superintendent of the city lighting department. He later installed lighting systems for South Bend and Raymond, Pacific County towns. During the first world war, Mr. Ridgway served as a captain and later as major with the 104th engineers in France.

For the past twenty-five years, Mr. Ridgway had been an engineer and designer for the Bethlehem Pacific Coast Steel Company.

In 1933 he was appointed to the legislature to fill the vacancy created by the death of Senator Dan Landon of the 32nd District.

Mr. Ridgway was a member of the Military Engineers' Association and American Legion Post No. 11.

Surviving are his wife, Cora; two sons, Perry P. Ridgway and W. D. Ridgway, both of Seattle; two daughters, Miss Mary Lou Ridgway, Seattle, and Mrs. Donald Faset, Port Blakely; two sisters, Mrs. C. O. Curtiss and Mrs. R. C. Erskine, both of Seattle, and a brother, Dr. Ralph H. Ridgway of Sedro Woolley.

Senator Robert M. French delivered the following eulogy on the life of Horace E. Smith:

Horace E. Smith, formerly state senator from Okanogan County, passed away June 13, 1950.

Mr. Smith had been a resident of Okanogan County for nearly forty years but Spokane was his home during school and college days. His father was A. L. Smith, who served as county treasurer in the early years of this century.

Mr. Smith was born November 27, 1885, in Toledo, Ohio. His parents moved to Spokane in 1886 and he graduated from the old Spokane high school in 1905. He played on his high school baseball team and was a member of a school fraternity, Gamma Eta Kappa, many of whose members have long been prominent in business and civic affairs.

At Washington State College he was a charter member of Sigma Nu fraternity. He studied mining engineering with the class of 1912. After college he practiced railroad and mining engineering until he located in Okanogan County in 1913, doing private engineering work.

After serving several terms as county engineer, he became associated with the Biles-Coleman Lumber Company at Omak, and remained with that firm until 1945. Since that time he has been associated with his brother in operating orchards in the Okanogan and Brewster areas.

In 1924 he was elected to the state Senate and served twelve years. Here he met Miss Lucille Buck of Spokane, and shortly thereafter they were married. He served in the Senate during the 1925, 1925 special session, 1927, 1929, 1931, 1933, 1933 special session, and 1935 sessions. As a member of the roads and bridges committee he was influential during that period in obtaining increased appropriations for road improvement projects in eastern and central Washington.

He handled legislation for the first state appropriation for the Columbia Basin project and enabling acts which led to its official creation. He was also a member of the state board of consulting engineers in the early development of the Grand Coulee Dam.

During the last war, Mr. Smith served as a member of the Okanogan County selective service board. He was a past master of the Okanogan Masonic lodge, was active in the various orders and was a member of the Scottish Rite.

He is survived by his wife, Lucille, two sons, Horace W. and Roger S., a brother, Roy R. Smith of Brewster, and a sister, Mrs. John B. Adams of Wenatchee.

Senator Albert D. Rosellini delivered the following eulogy on the life of George E. Steiner:

George E. Steiner, 81, chairman of the board of the Prudential Mutual Savings Bank, died September 1, 1950, in Seattle.

Born in Lima, Ohio, Mr. Steiner moved to Waterville, Washington, in 1889 and came to Seattle ten years later. He received his law degree from the University of Washington in 1901 as a member of the University's first graduating law class.

Mr. Steiner served as state senator from the 36th District from 1912 to 1918. As a member of the Senate, Mr. Steiner was known as the fisheries expert in the upper House, not because he was a fisherman, but for the fact of his careful study of the problems of the commercial fisheries of the state, which hold high rank among the productive resources of the State of Washington. While Senator Steiner was a lawyer and a most capable one, he knew the industry's problems and the laws applicable to

their development, and was devoted to the work of developing the already excellent system of fish propagation, meanwhile protecting the supply so that the industry would continue to flourish and grow.

In 1931 he became president of the Prudential Savings and Loan Association, now called the Prudential Mutual Savings Bank. He retained this position until 1944 when he assumed the office of chairman of the board.

He also served as secretary of the Lake Washington Shipyards from 1940 until 1943, and as director of the Pacific Marine Supply Company from 1910 until his death. He was a member of the Arctic Club and the Inglewood Golf Club. He was married in 1909 to Miss Jessie Cunningham.

Mr. Steiner is survived by a daughter, Mrs. F. F. Wittenberg, Jr., Spokane; a son, John E. Steiner, Seattle; two sisters, Mrs. H. D. McMillan, Spokane, and Mrs. S. W. Hensel, Wenatchee; a brother, C. Otto Steiner, Menlo Park, California, and four grandchildren.

Senator Clyde V. Tisdale delivered the following eulogy on the life of Percy L. Sinclair:

Percy Loner Sinclair, born in Canada on November 17, 1861, died on February 1, 1950 at Seattle. This is the beginning and end of the life story of a fiery little red-head who served his adopted state as Republican Senator from Pacific County between 1919 to 1923. What he lacked in stature he made up in devotion to the task of developing a great state from the wild and muddy territory he came to in 1888.

Through his long business career he was a railroad man, a banker, and estate manager. During his official career he served on the Roads and Bridges, Fisheries, Banking, Higher Education and many other committees. He was very active in the promotion of highways throughout the state, particularly the Ocean Beach highway. For many years he was treasurer of the Washington Good Roads Association.

Failing eyesight forced his retirement in 1933, but he retained an active interest in the political life of the state.

Mr. Sinclair is survived by his wife, Mary C., a son, Myron E. of Portland, two grandchildren and five great grandchildren.

FORTIETH DAY

MORNING SESSION

SENATE CHAMBER,

On motion of Senator Cowen, Senator Schroeder was excused.

APPOINTMENT OF SPECIAL COMMITTEE

The President appointed Senator Jones and Senator Bargreen a committee to escort a distinguished visitor to the rostrum.

Thereupon Senator Jones and Senator Bargreen escorted the Honorable John A. Gellatly to the rostrum.

The President:

"Members of the Senate: It is my great pleasure to present the Honorable John A. Gellatly, the most distinguished of the Lieutenant Governors in the history of the state." (Applause).

The Honorable John A. Gellatly:

"President Meyers, Members of the Senate: I come down every two years to renew my acquaintance somewhat, and I enjoy being here this morning. I don't know what was wrong with me that I couldn't hold onto the job a little longer than I did. If I had my way I would like to be a member of the Senate this morning, in order to introduce a few bills myself. The first one I would introduce would be to give Vic a deed to this job. He began eighteen years ago, and is entitled to one.

"If I had my way down there for fifteen minutes in one of those seats, there are two or three other bills I would like to introduce. I am just one of those fellows down in the hinterland worried about where we are headed, the way we spend money nowadays. And if I had authority to introduce bills, I would introduce a bill to buy about forty-six big blue pencils, and when those bills came in asking for this and this and this, I would run that blue pencil through about three-fifths of them. I would buy a big blackboard and put a big 'NO' on it.

"I would like to see a bill appropriating four-wheel brakes for you fellows, so you could put on the brakes and then you can stop a lot of things. I am just old fashioned enough to believe we are going hay-wire on spending money. Something has got to be done, Fellows, to stop this enormous expense of running the government. I know what I am talking about. That's the message I want to leave with you." (Applause).

The President:

"Thank you very much, Governor Gellatly. For your information, there is an election coming up in the next two years. If you can learn to play the fiddle, you can take the job."

On motion of Senator Jones, Rule 40 was suspended.

On motion of Senator Riley, the rules were suspended and a group of students from the Garfield High School, Seattle, seated in the gallery, were asked to stand and be recognized by the Senate.

The Secretary read:

REPORT OF STANDING COMMITTEE

Senate Chamber,
Olympia, Wash., January 31, 1951.

MR. PRESIDENT:

We, your Committee on Parks and Public Buildings, to whom was referred Re-Engrossed House Bill No. 35, entitled: "An Act relating to state government; authorizing the issuance of bonds against the capitol building construction fund for the construction of a new office building on or near the state capitol grounds in the city of Olympia and alterations to the legislative building; prescribing the purposes for which the proceeds shall be used; defining the powers of the state capitol committee in connection therewith; making an appropriation, and declaring an emergency," have had the same under consideration, and we respectfully report the same back to the Senate with the recommendation that it do pass with the following amendments:

Amend Re-Engrossed House Bill No. 35 by striking everything following the enacting clause and inserting in lieu thereof the following:

"Section 1. The state capitol committee may issue coupon or registered bonds of the state in an amount not to exceed two million four hundred fifty thousand dollars. The bonds shall bear interest at a rate not to exceed three per cent per annum, both principal and interest to be payable only from revenues hereafter received from leases and contracts of sale heretofore or hereafter made of lands, timber, and other products from the surface or beneath the surface of the lands granted to the state by the United States pursuant to the act of congress approved February 22, 1889, for capitol building purposes.

"Sec. 2. Such bonds may be sold in such manner and in such amount, in such denominations, and at such times as the capitol committee shall determine, at the best price obtainable, but not for a sum so low as to make the net interest return to the purchaser exceed three per cent per annum as computed by standard tables upon such sums.

"Sec. 3. Bonds issued under this act shall mature serially and annually beginning with the second and ending with the tenth year after the date of issue in such amounts as nearly as practicable, as will, together with the interest, require an equal amount of money for the payment of said principal and interest, with the option to redeem any or all of said bonds at par in inverse order of number on any semiannual interest paying date on and after five years from the date of issue. The principal and interest of said bonds shall be payable at the office of the state treasurer, or at the office of the fiscal agent of the state in New York City at the option of the holder of any such bond or bonds.

"Sec. 4. The bonds shall be signed by the governor and state auditor under the seal of the state. The signature of the governor and that of the state auditor may be a facsimile printed upon the bonds and any coupons attached thereto shall be signed by the same officers whose signatures thereupon may be printed facsimile. Any of such bonds may be registered in the name of the holder upon presentation to the state treasurer, or at the fiscal agency of the state in New York City, as to principal alone, or as to both principal and interest, under such regulations as the treasurer may prescribe.

"Sec. 5. For the purpose of paying the principal and interest of said bonds as the same shall become due, or as said bonds shall become callable at the option of the capitol committee, there is hereby created a fund to be denominated the 'capitol building bond redemption fund'. While any of said bonds remain outstanding and unpaid, it shall be the duty of the capitol committee annually on or before the first day of January of each year to determine the amount that will be required for the redemption of bonds and the payment of interest during the twelve month period next succeeding the date of such determination, and certify said amount to the state treasurer in writing. The state treasurer shall forthwith and thereafter during said twelve month period deposit into the capitol building bond redemption fund all receipts that would otherwise be deposited in the capitol building construction fund until the amount certified to said treasurer by the said capitol committee has accrued to the capitol building bond redemption fund.

"The owner and holder of any of said bonds or the trustee for any of said bonds may by mandamus or other appropriate proceeding require and compel the deposit and payment of funds as directed herein.

"The proceeds from the sale of the bonds hereby authorized shall be paid into the capitol building construction fund.

"Sec. 6. Bonds authorized by this act shall be accepted by the state, counties, cities, towns, school districts, and other political subdivisions as security for the deposit of any of their funds in any banking institution. Any officer of this state, or any county, city, town, school district, or other political subdivision may invest surplus funds, which he is authorized to invest in securities, and where such authorization is not limited or restricted as to the class of securities in which he may invest, in bonds issued under this act.

"Sec. 7. Proceeds of the bonds issued hereunder shall be expended by the state capitol committee in the selection and acquisition, by purchase or condemnation of suitable grounds adjacent to the present capitol grounds in the construction thereon of a modern office-type building and in furnishing the same. Said building shall be of reinforced concrete construction, but devoid of stone facing or decorative features. The building shall contain not less than one hundred ten thousand square feet of floor space and shall include an auditorium or hearing room of reasonable size. Provision shall be made for adequate garage and parking facilities. The plans for the building shall make provision for the later addition if necessary of another wing to the building.

"The public printer, the state library and such other state offices, as may from time to time be assigned by the director of public institutions, shall be housed in said building. In selecting plans for the construction of the building and use of the grounds the committee shall consider recommendations of the director of public institutions for the purpose of coordinating such plans with the over-all office space needs of the various state departments.

"Sec. 8. There is hereby appropriated to the state capitol committee from the capitol building construction fund for the biennium ending March 31, 1953, for the purpose of carrying out the provisions of this act, the sum of two million four hundred fifty thousand dollars or so much thereof as may be necessary.

"Sec. 9. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

Amend the title, line 4, page 1 of the original bill, same being line 3 of the title of the printed bill, after the word "Olympia" and before the semicolon (;), by striking the words "and alterations to the legislative building".

Senator Rosellini:

"Rule 31 provides that after the final vote on any resolution or bill, before the adjournment of that day's session, and at such time only, any member who voted with the prevailing side may give notice of reconsideration. The question in my mind is whether you consider this motion of Senator Rogers a final vote on any resolution or bill. A resolution is nothing more than a motion. Rule 31 says such a motion shall be in order only under the order of motions of the day immediately following the day upon which such notice of reconsideration is given, and may be made by any member who voted with the prevailing side. That rule is specific as to when the motion shall be made. The only question is whether the motion by Senator Rogers was a final vote on the resolution or motion."

RULING BY THE PRESIDENT

The President:

"The Chair is going to have to rule there is nothing before the Senate at this time. However, Senator Greive has given notice of reconsideration, and at the proper time tomorrow we will give Senator Greive a chance to make his motion. After the Chair has had a chance to confer on the rules, at the proper time tomorrow I suppose the Chair will have to rule whether that motion is in order or not; not at this time."

"We can still appeal?"

Relating to ratifying the 22nd Amendment to the Constitution of the United States regarding the terms of office of the President.

WHEREAS, The House of Representatives on February 6th, 1947, and the United States Senate on March 12th, 1947, both by the constitutional two-thirds thereof passed a proposed constitutional amendment to be known as the 22nd amendment to the Constitution; and

WHEREAS, Said proposed amendment was submitted to the states for ratification upon March 26th, 1947, and said proposed amendment to the Constitution of the United States of America, is in the following words, to wit:

Section 1. No person shall be elected to the office of the President more than twice, and no person who held the office of President, or acted as President, for more than two years of a term to which some other person was elected President, shall be elected to the office of President more than once. But this article shall not apply to any person holding the office of President when this article was proposed by the Congress, and shall not prevent any person who may be holding the office of President, or acting as President, during the term within which this article becomes operative from holding the office of President or acting as President during the remainder of such term.

Sec. 2. This article shall be inoperative unless it shall have been ratified as an amendment to the Constitution by the legislatures of three-fourths of the several states within seven years from the date of its submission to the states by the Congress.

The President Pro Tempore assumed the chair.

Senator Lee demanded the previous question, and the demand was sustained by Senators Rogers and Lindsay.

The previous question was ordered.

President Meyers assumed the chair.

POINT OF ORDER

Senator Rogers:

"I have been trying to find out whether an attempt to amend the constitution requires a two-thirds or a majority vote. I hear some say it takes a majority, and some a two-thirds vote, and I think the point of order should be sustained or possibly a motion made here to give us enough time to search the records and decide what is the precedent on the subject."

Senator Zednick:

"It is not a resolution to amend our State Constitution. It requires only a majority vote. There isn't any ground to stand on which requires a two-thirds majority."

Senator Schroeder:

"I think our rules state specifically that the resolution takes the same course as a bill."

RULING BY THE PRESIDENT

President Meyers:

"I think the President is going to have to sustain that ruling that a majority vote is sufficient. The previous question has been ordered."

MR. PRESIDENT:

We, your Committee on Cities, Towns and Counties, to whom was referred Senate Bill No. 34, entitled: "An Act relating to townships, and authorizing and providing procedure for disorganization of townships," have had the same under consideration, and we respectfully report the same back to the Senate with the recommendation that it do pass with the following amendment:

Amend the bill by striking everything after the enacting clause and insert in lieu thereof the following:

"Section 1. Proceedings for disorganization of a township may be commenced by petition for an election therein upon the question. A petition for such election shall be filed with the county auditor. It must be signed by registered voters residing within the township sufficient in number to equal twenty per cent of the vote of the township at the last general election.

"Sec. 2. The county auditor shall canvass the petition for an election to vote upon the question of disorganization:

"(1) By ascertaining the number of votes cast at the last general election by persons residing within such township; and

"(2) By ascertaining by comparison whether the handwriting of each signer on the petition and on the registration card bearing his name were made by the same person.

"Sec. 3. If the number of valid signatures on the petition are sufficient, the county auditor shall fix a date for holding the election and give at least twenty days notice thereof. Notices of elections shall contain a statement of the purpose for which the election is called, the time at which it will be held and the location of the voting place or voting places. Regular voting precincts may be divided or combined, or both. The notices shall be posted in ten of the most public places within the township sought to be disorganized.

"Sec. 4. Ballots for elections to be held under the provisions of this act shall have printed thereon the words 'for disorganization' on one line, followed by a printed square bounded on all sides by a line one quarter of an inch long, and the words 'against disorganization' on another line, followed by a similar printed square. At the top of the ballot shall appear directions to the voter advising him to place a cross in the square opposite the decision of his choice, or words to that effect.

"Sec. 5. Elections held under the provisions of this act shall be conducted by the county auditor and canvassed by the county election board conformable as nearly as

practicable to the requirements for conducting and canvassing the returns of general elections.

"Sec. 6. If, in an election held under the provisions of this act, a majority of the votes cast thereat favor disorganization, the county auditor shall certify the results to the presiding judge of the superior court for the county, who shall enter an order of disorganization and shall appoint the chairman of the board of county commissioners who shall act as receiver to wind up the affairs of the disorganized township.

"Sec. 7. The chairman of the board of county commissioners shall take possession of all the property, moneys, vouchers, records and books of the former township, including those in any manner pertaining to its business, and proceed to wind up its affairs. He shall have the right to sue and be sued in all cases necessary or proper for the purpose of winding up the affairs of the former township. He is authorized to sell at public auction, after such public notice as the sheriff is required to give as to property sold on execution, all the property of the former township, except such as is necessary for his use in winding up its affairs. Any personal property may be sold for cash. Real property may be sold for all cash or for one-half cash and deferred payments, the last payment not to be later than one year from date of sale. Title shall not pass until all deferred payments have been fully paid.

"Sec. 8. In the same manner and to the same extent as the proper authorities of the former township could have done had it not been disorganized, the chairman of the board of county commissioners may be authorized by the court when necessary to levy taxes on all taxable property therein, to receive the taxes when collected and to apply them together with the proceeds arising from any sales of property to the extinguishment of the obligations of the former township.

"Sec. 9. Upon the payment of all lawful demands against the former township, the chairman of the board of county commissioners shall file a final account, together with all vouchers, with the clerk of the superior court and pay any funds remaining in his hands to the county treasurer to be placed to the credit of any school district or districts within whose boundaries the township is located, said money to be prorated to such school districts in proportion to their share of assessed value of the real estate located therein. Upon the approval of the court by said final account the court shall sign proper orders dissolving such township."

MESSAGE FROM THE GOVERNOR

State of Washington, Executive Department,
Olympia, February 23, 1951.

To the Honorable, The Senate of the State of Washington.

GENTLEMEN:

I am returning herewith, without my approval, Senate Bill No. 46, entitled:

"An Act creating and establishing a legislative budget committee and providing for its selection, terms, powers, duties, rules, findings and reports; and declaring an emergency."

I am in accord with the general purposes of the act. In fact, this type of legislation has proven its merit in other states, such as California, Kansas and Pennsylvania where such legislative budget committees are now in operation.

In examining this bill, however, there appears to be a serious question as to the exact function of the committee. This act seems to go so far beyond the authority of the act set up by other states that it should be reconsidered and the purposes and responsibilities of the committee clarified.

There is now in the House of Representatives a companion bill (House Bill No. 77) which could be used as the basis of a clearer definition of function of the committee. In view of this and in the hope that it can be enacted in form to more nearly conform with the acts successfully utilized in other states Senate Bill No. 46 is vetoed.

Respectfully submitted,

ARTHUR B. LANGLEY, *Governor.*

MOTION

On motion of Senator Zednick, the veto message of the Governor, together with the vetoed bill, were referred to the Committee on Rules and Joint Rules.

Senate Bill No. 427:

The Secretary read:

REPORT OF STANDING COMMITTEE

Senate Chamber,
Olympia, Wash., February 23, 1951.

MR. PRESIDENT:

We, your Committee on Reclamation and Irrigation, to whom was referred Senate Bill No. 427, entitled: "An Act relating to irrigation districts and the dissolution thereof," have had the same under consideration, and we respectfully report the same back to the Senate with the recommendation that it do pass with the following amendments:

Amend the bill by striking everything after the enacting clause and inserting in lieu thereof the following:

"Section 1. An irrigation district may be dissolved and its affairs liquidated as herein prescribed. If there are outstanding bonds of the district the acknowledged uniform consent in writing of at least two thirds in amount of the holders of the bonds must be recorded in the office of the auditor of the county in which the district board has its office.

"Sec. 2. The acknowledged uniform written consent of one hundred per cent of the holders of bonds may provide for cancellation of part of the bonds and for the manner and terms of payment of the balance. The bondholders may also make a firm offer for all property and rights of the district, except property in the district sold for taxes and district assessments, to be paid for by turning over for cancellation an appropriate amount in bonds with accrued interest.

"Sec. 3. At least one third of the electors of the district shall sign and file with the auditor a petition, reciting the substance of the uniform text of the bondholders' consent, that the consent has been filed, and praying that the district be dissolved and its affairs liquidated.

"Sec. 4. The board of commissioners of the county shall at their present or next regular meeting, call an election to submit to the electors of the district the question of whether the district shall be so dissolved. They shall direct the auditor to give notice of the election and shall appoint the election officials.

"Sec. 5. The election shall be called upon the same notice and conducted in like manner as other elections of the district: *Provided*, That when the bondholder's consent to dissolution provides for an adjustment of the bonded debt and/or the terms and method of its payment the notice of election shall recite the substance thereof.

"The ballots shall contain the words 'For dissolution, Yes' and 'For dissolution, No'. No person not a qualified elector under the general election laws and a freeholder of the district shall be deemed a qualified elector under this chapter.

"Sec. 6. The election officials shall file with the auditor the returns within ten days of the election, and at their next meeting the commissioners shall canvass the returns, and if a majority of the votes cast favor dissolution, the commissioners shall

declare the election carried. All records of the district shall, upon demand, be delivered to the auditor.

"Sec. 7. The auditor shall deliver to the county clerk a certified copy of the transcript of the proceedings of the commissioners on the matter together with a statement of the district's cash assets, segregated as to the bond fund and the total of all other funds, and a statement of the debts of the district as they appear on the records, taking into account any reduction in bond debt offered by the bondholders in their consent to dissolution; also a general inventory of the district property segregated only as to main classes, together with any offer for same submitted in the bondholders' consent to dissolution.

"Sec. 8. The clerk shall docket the proceedings entitled 'In the matter of the dissolution of irrigation district', and the court shall direct the clerk to give notice thereof. The notice shall contain a general statement of the nature of the proceedings, and notify all persons having claims against the district to present them on or before a day specified therein, and shall be published once a week for at least six weeks in a newspaper published in the county. Any claim not so filed shall be barred.

"Sec. 9. If the court finds that the provisions of this chapter have been complied with, it shall then determine the validity and amount of the claims so filed. No claim barred by the statute of limitations shall be allowed. It shall separately determine the validity and amount of outstanding bonds with accrued interest, making allowances for any offer of adjustments contained in the bondholders' consent to dissolution, and shall order that all cash in the district's bond fund together with the proceeds from a sale of all the property and rights of the district shall be first applied to the redemption of outstanding bonds with interest; that other cash funds of the district be applied on payment of valid unsecured claims, and the remainder on the redemption of any balance of outstanding bonds with interest. The court shall further order that in the event the district's cash funds together with proceeds from the sale of district property and rights shall prove insufficient to discharge all valid obligations of the district, one or more annual assessments shall be made against the assessable property in the district, as herein provided, sufficient in amounts to discharge all valid debt. The district or any person affected by the judgment may appeal therefrom within ten days of the entry of judgment.

"Sec. 10. Upon the entry of final judgment, the court shall issue an order appointing a trustee for the district and shall deliver to him a certified copy of the order. The court shall fix the compensation of the trustee and the amount of his bond to be obtained at the cost of the district.

"Sec. 11. The trustee shall give notice that all the property and rights of the district, except property in the district sold for taxes or district assessments, will be sold pursuant to order of the court. The notice shall be given in the same manner and for the same time as for sale of real property on execution, except that it need not be posted.

"The sale shall be made at public auction at the front door of the court house and may be adjourned from time to time not exceeding three weeks in all, by public announcement at the time and place of the sale.

"Any claim established by the previous judgment of the court or any securities of the district may be accepted at face value on the purchase price: *Provided*, That any offer made in the bondholder's written consent to dissolution shall be considered a bid and shall be accepted in the absence of a better offer. No bid shall be considered nor shall any sale be made for less than all the property and rights of the district. The trustee shall forthwith disburse the cash funds of the district in accordance with the order of the court.

"Sec. 12. The trustee shall file with the clerk a report of the disposition made of the cash funds and of the sale and if the court finds the sale was fairly conducted, it shall enter an order confirming the sale, and the trustee shall execute and deliver to the purchaser an instrument conveying to him all property and rights of the district, free from all claims of the district or its creditors, which shall entitle the purchaser to immediate possession.

"Sec. 13. Upon verification of the disposition of the cash funds and confirmation of the sale the court shall enter an order dissolving the district and discharging the trustee, and a certified copy of the order shall be recorded in the office of the auditor. Thereupon the district shall cease to exist, except for the purpose of collecting its indebtedness. All records of the proceedings shall be delivered to the auditor.

"Sec. 14. Upon the dissolution of the district the county commissioners shall determine from the records the remaining bond and other indebtedness of the district and shall determine the proper number of annual assessments, not over five, necessary to discharge the debt. They shall cause the county assessor to prepare the annual assessment roll for the lands in the district, based upon the acreages shown on the last district assessment roll. The commissioners shall levy annual assessments, not exceeding five, upon all property in the district assessed for the bond fund on the district's last assessment roll and according to the ratios of benefits there shown, sufficient to pay any remaining claims, including bonds. They shall levy and equalize the assessments, after the same notice of hearing as are required of district directors on irrigation assessments. The county auditor shall perform the duties of the secretary of the district and the county treasurer shall be ex-officio treasurer of the district and shall collect the assessments. In all other respects the general irrigation district laws shall govern.

"Any funds remaining after all assessments have been collected and all indebtedness and costs liquidated shall be paid over to the bondholders in cases where they have accepted a compromise settlement. Otherwise the surplus shall be distributed as by law provided.

"Sec. 15. Whenever any bonds of the district are held in the state reclamation revolving fund, and, in the opinion of the director of conservation and development, the district is or will be unable to meet its obligations, and that the state's investment can be best preserved by the dissolution of the district the director may give his consent to dissolution under such stipulations and adjustments of the indebtedness as he deems best for the state.

"Sec. 16. Chapter 87.15 R.C.W., same being chapter CII, Laws of 1899, is hereby repealed."

POINT OF ORDER

Senator Rogers:

"You cannot speak on the motion to suspend the rules."

The President:

"You can make a brief explanation, but it must be brief, Senator."

Senator Rosellini proceeded to speak on the motion.

POINT OF ORDER

Senator Rogers:

"The Senator is obligated to speak on the suspension of the rules, not on the merits of the bill."

PARLIAMENTARY INQUIRY

Senator Greive:

"I would like to have the chair rule as to whether Senator Rosellini could move to have his name stricken from the bill."

Senator Rosellini:

"No such motion has been made."

The President:

"And the Senator is not inclined to make the motion."

Senator Rosellini continued.

The President:

"I think it was the intention when we said a brief explanation could be made, that it would be a brief explanation, Senator."

Senator Zednick:

"There is another point involved here. Argument is not explanation. He is arguing the merits of certain phases of the bill."

The President:

"I am going to have to put the question."

PERSONAL PRIVILEGE

Senator Rosellini:

"The bill happens to have my name on the top of it."

MOTION

Senator Zednick moved that the Senate recess for fifteen minutes.

RULING BY THE PRESIDENT

The President:

"I am going to have to rule that motion out of order because the Senator still has the floor."

POINT OF ORDER

Senator Rosellini:

"Under personal privilege I have a right, with my name on this bill, to object strenuously to the provisions put on my bill."

POINT OF ORDER

Senator Greive:

"Rule 61 is very specific." (Reads from Rule 61.) "When a committee reports out a substitute bill * * *"

POINT OF ORDER

Senator Zednick:

"It seems that Rule 25 is very definite. Any Senator may rise on a matter of personal privilege and explain a matter personal to himself by leave of the President, but he may not discuss any pending question in such explanation."

Senator Rosellini:

"I think it is reasonable to allow me to explain this matter personal to myself."

RULING BY THE PRESIDENT

The President:

"The chair is going to sustain that contention—that the Senator, inasmuch as his name is on the bill, in his attempt to move to indefinitely postpone the bill, it is only logical he be given the privilege of going into the merits of the bill somewhat in giving his reason."

MOTION

Senator Zednick moved that the Senate do now recess for twenty minutes. Division was called for, and the motion carried on a rising vote.

The President called the Senate to order at 12:10 p. m.

Those absent or not voting were: Senator Miller—1.

MOTION

Senator Dixon moved that the minority report be adopted.

The President:

"It takes a suspension of the rules, according to the rules. This is a committee report, and the bill with the report goes to general file, and if it takes any other course it requires a two-thirds majority."

Senator Rosellini:

"I move that the rules be suspended and my name be stricken from the bill, and the names of Senator Lee and Senator Rogers be substituted."

Senator Rogers:

"Why substitute our names?"

Senator Rosellini moved that the rules be suspended and his name be taken off the bill.

Senator Hall:

"If the rule is suspended for this purpose, could anything else be done at the time it was suspended for that purpose?"

RULING OF THE PRESIDENT

The President:

"By the suspension of the rules the Senate can take any such action as it desires to take."

POINT OF INQUIRY

Senator Hall:

"If we suspend the rules to take off Senator Rosellini's name from it, could it be indefinitely postponed while the rules were suspended?"

The President:

"The chair will put the question that the rules be suspended for the purpose of taking off Senator Rosellini's name."

Senator Hall moved as an amendment that the rules be suspended for the purpose of taking off Senator Rosellini's name, and substitute in lieu thereof the names of Senator Hall and Senator Foster.

The amended motion carried.

MOTION

Senator Rogers:

"May we have a division on the motion to suspend the rules and that the bill be referred to the Committee on Education?"

The President:

"To take any action on this bill it requires a suspension of the rules. Division has been called for."

Senator Rogers demanded a roll call, and the demand was sustained by Senators Sapp, Bargreen, Lindstrom, Greive, Winberg, Washington, Tisdale and Pearson.

The Secretary called the roll on the motion by Senator Rosellini, and the motion lost by the following vote: Yeas, 15; nays, 30; absent or not voting 1.

PERSONAL PRIVILEGE

Senator Hall commenced to explain the bill under personal privilege.

POINT OF ORDER

Senator Rosellini:

"I think there is a distinction between my explanation of the bill under personal privilege, and Senator Hall's explanation."

MESSAGE FROM THE GOVERNOR

State of Washington, Executive Department,
Olympia, March 1, 1951.

To the Honorable, The Senate of the State of Washington.

GENTLEMEN:

Time is short as this Session is growing rapidly to a close. Since there are a number of bills that the Administration feels are pertinent to the people of the state that have not yet been passed out of the Senate, I am taking this opportunity of calling your attention to some of these measures which I feel sufficiently important to merit your immediate consideration and action.

Senate Bill No. 68—Warrant Funding Act:

This bill provides for the issuance of general obligation bonds of the state. The purpose of the issue would be to provide funds to place the state on a current financial basis.

Upon further review of this problem, it would appear that a better method of accomplishing this purpose would be to allow the state finance committee to invest current funds of the state in state warrants. This would allow the yield of the present current funds to be nearly doubled. Furthermore, in the event that it became necessary to liquidate any of the funds so invested, the warrants could undoubtedly be sold to the banks, as is now being done.

It is suggested that the proposed act might be amended to amend Chapter 91 of the Laws of 1935 to allow the finance committee to invest current funds in state warrants.

Senate Bill No. 141—Merit Bill:

Of approximately 10,082 total state employees in executive branch departments, some 6,198 are now participating in some form of merit system. The state now has four existing personnel merit systems.

The proposed act was drafted by Louis J. Kroeger, a national authority on personnel administration. He was selected to eliminate any local, controversial or political issue and to provide a sound and practical measure.

The value of this legislation lies in providing one sound over-all system applying generally to state employees under the executive branch departments. Such a system leads to fair, impartial and uniform treatment of employees. In addition, it assists in providing permanent and competent employees for the state. I strongly urge your favorable consideration of this proposed legislation.

Senate Bill No. 244—Civil Defense:

Another important measure before you is the Civil Defense Bill, Senate Bill No. 244. The need for civil defense planning is imperative, and urgent. Congress has already moved, within recent weeks, to provide organization on the national level. Both to bring the State of Washington into a position of having adequate and coordinated facilities and to take advantage of matching funds to be made available through other legislation, it is of the most immediate importance that legislation be passed which will place this state in the best possible position of readiness.

Under the proposed legislation a relatively small state civil defense administrative agency is anticipated. This, of course, would form a nucleus to assist the people of the state at both local and state levels in planning and organizing for defense. The measure also provides for cooperation with other states in mutual aid agreements.

The administrative agency created by the act would be a key agency with broad responsibility and authority in the vital fields of public information, training, operations and administration. It would also be equipped to coordinate law enforcement, fire protection, medical assistance, welfare, engineering, transportation and utilities.

I cannot urge upon you too strongly what in my opinion is the urgent necessity for adequate and immediate legislation on the subject of civil defense.

Senate Bill No. 441—Power Bill:

This measure is necessary to provide against the possibility of needing a supplemental supply of power to provide up to 200,000 KWs of additional firm power during years of short supply water. It authorizes the State Power Commission to establish steam generating facilities that will be self-liquidating. This additional power supply will support the Northwest Power Pool and provide a reserve against breakdown shortages.

The small levy on consumer power assures low financing costs and expedites the setting up of the program. The commission has authority to suspend this charge and will in all likelihood be able to follow that procedure relatively soon after the plants have been constructed.

This is sound legislation and I urge your passage of it.

Senate Bill No. 199—Safety Council:

This measure setting up a permanent safety council, is the result of the experience of over a year of voluntary council work. In a country that annually sees over 30,000 of its citizens killed in automobile accidents and a rising traffic death rate in this state, it seems unthinkable that some definite approach should not be settled upon to attack the problem. This would provide a permanent council to study this serious problem and assist in developing a long term program to reduce traffic fatalities and accidents. I earnestly commend this legislation as worthy of your approval.

Senate Bill No. 306—Act Providing for Federal Old Age and Survivors Insurance Coverage to Be Made Available to State Employees:

Several acts have been proposed which provide for the coverage under the Federal Social Security Act of certain employees only, such as the employees of the ferry system, for example. I feel that a comprehensive act covering all branches of state government is necessary in order to make a uniform approach to this subject. Under the present system of the state retirement act, any employees covered by that act are not eligible for coverage under the Federal Act. However, I feel the act should be available for all those employees not under the state retirement act, and an over-all legislative program enacted covering the method of coverage.

I therefore recommend this act for immediate consideration and passage.

Senate Bill No. 163—Child Care and Placing Agencies:

This legislation provides a comprehensive act for the protection of children who are receiving care away from their own parents or relatives. This act is to be administered under the department of social security and provides for the licensing of placing agencies and facilities. I feel this measure is necessary to provide for such children and should be given immediate and favorable attention.

Senate Bill No. 341—Real Estate Transaction Tax:

This act has for its purpose the levy of an excise tax on the sale of real property after the approval of school districts. This act, as presently amended, provides for a one per cent tax on such transactions upon resolution of county commissioners when authorized by school districts containing more than 60 per cent of the registered voters of a given county.

The proceeds of such excise tax are to be apportioned by the county school superintendent to the various school districts on the basis of proportionate school attendance.

I am of the opinion that this act will provide additional revenue to the schools at the local level upon approval of the districts as provided, and should properly be supported as a much needed measure for raising funds for school purposes. I recommend your approval of this measure.

Respectfully submitted,

ARTHUR B. LANGLIE, *Governor.*

MOTION

Rev. J. Edgar Pearson:

"O God, speak to our hearts on this Sabbath day, as these men have come to legislate toward the welfare of thy people.

"Speak to our hearts when we would waver in our sense of that which is right, when pressed with the urgency of time we are tempted to compromise with our principles. Keep us resolute and steadfast in the things that cannot be shaken, those things of the spirit out of which should grow our actions. Take from us the restrictions of the selfish mind, that would keep us from seeing the good in others.

"Give us a deeper sense of our purpose in being here, that we may not seek to serve ourselves and our interests as much as Thee and the interest of our people. May we not grow weary in our fighting for that which is true and honest, but in the Spirit

of Thy Son whom we would serve, give us patience sufficient for our tasks. These things we ask in the name of our Saviour. Amen."

POINT OF ORDER

Senator Greive:

"Mr. President, we are not on the proper order of business to consider this resolution. Wouldn't it take a suspension of the rules?"

The President stated that the motion would have to be divided, and that the question was now on the motion to suspend the rules.

Division was called for.

Senator Rosellini demanded a roll call, and the demand was sustained by Senators Todd, Sapp, Bargreen, Winberg, Brown, Greive, Tisdale and Hutchinson.

May I read Senate Rule 28: 'No standing rule or order of this Senate shall be rescinded or changed without a vote of two-thirds of the members, and one day's notice of the motion thereof.' If this resolution is adopted, does that mean this rule will hold for the balance of the session?"

"Furthermore we have a precedent when in 1945 Senator Bargreen attempted to limit debate to five minutes, and at that time you ruled it took thirty-one votes to do so."

RULING OF THE PRESIDENT

The President:

"Senator, your point is not well taken. A motion can be adopted by a majority present, or in the case of a vote requiring two-thirds majority, by a vote of two-thirds present, not a constitutional majority.

"Under the constitution there is a constitutional majority for the passage of a bill, or in either case it takes two-thirds majority to excuse or expel a member."

Reverend J. Edgar Pearson, Jr.:

"Eternal God, who makest all things new, and abidest forever, hear us as we convene this Senate.

"Speak to us of those things that are eternal, that we may not be misled by the increasing pressure of the moment.

"Oftentimes we are tempted to compromise our moral judgments in favor of those things that are expedient. Give to each of us the courage to vote convictions. Remind us again that we cannot talk of freedom in the abstract and deny it in specific things. Remind us, too, that we can become so tolerant in our thinking that we lose all sense of value. Teach us that some things are wrong, and should not be condoned, no matter what the circumstances.

"Above all, give us faith in the things that make for good living, that out of that faith may come our courage to stand firm in the face of opposition. Keep us in the

fellowship of Him whose very life was a testimony to love and service, even Jesus Christ our Lord. Amen."

The President Pro Tempore:

"The Chair is going to rule, and you are perfectly at liberty to appeal from the decision of the Chair, that the amendment is not germane to the bill."

Senator Hall:

"I will appeal from the decision of the Chair and see where we get."

Senator Zednick, Temporary President, assumed the chair.

Senator Zednick, Temporary President:

"The question is, shall the decision of the chair be the decision of the Senate? A vote 'aye' sustains the decision of the Chair. A vote 'no' does not."

Senator Hall:

"Is this debatable?"

Senator Zednick, presiding:

"Yes, it is."

Senator Rosellini:

"To permit an amendment of this type would permit us to scalpel almost any bill. On reading through these bills, I find that one definitely deals with property taxation, and not with public assistance; while this other act he is trying to incorporate is Senate Bill No. 236, which is an act relating to public assistance. Certainly the amendment is not germane at the present time."

Division was called for, and the Chair was sustained on a rising vote.

MR. PRESIDENT:

We, a part of your Committee on Constitution, Elections and Apportionment, to whom was referred Engrossed House Bill No. 227, have had the same under consideration, and we respectfully report the same back to the Senate with the recommendation that it do pass.

....., *Chairman.*

We concur in this report: E. J. Flanagan, J. H. Rogers, Gerald G. Dixon.

Engrossed House Bill No. 227 was read the second time by sections.

Senator Zednick moved the adoption of the amendment to sec. 1 by the part of the committee composed of Senators Kimball, Eastvold and Zednick.

Senator Gallagher:

"There are three amendments on the Secretary's desk. Will my amendment to Senator Zednick's amendment be in order to present now?"

The President:

"An amendment to an amendment is always in order."

Senator Rogers:

"Is Senator Zednick's amendment now before the Senate?"

Senator Gallagher moved the adoption of the amendment to sec. 1, by the part of the committee composed of Senator Brown and Senator Gallagher.

POINT OF ORDER

Senator Rogers:

"The motion before the Senate is on the amendment offered by Senator Zednick. Has Senator Gallagher moved the adoption of an amendment to the amendment?"

The President:

"No, he submitted an amendment to the amendment. The amendment to the amendment would naturally be the thing before the Senate, if the amendment to the amendment was in the proper form."

Senator Dixon:

"We had one yesterday when an amendment to an amendment was offered. I submitted an amendment to the amendment. That is exactly what Senator Gallagher is doing."

Senator Schroeder:

"As I understand it, there are three reports."

The President:

"Yes."

Senator Schroeder:

"What would be wrong then? Each one of these reports tends to change the district and make a new district."

The President:

"That is right."

Senator Schroeder:

"Then why shouldn't we have all these on our desks."

The President:

"I understand they are on your desk."

Senator Gallagher:

"If my amendment to Senator Zednick's amendment is not before the Senate, what will happen if his amendment is adopted?"

Senator Dahl:

"I think we have a situation here on an amendment to an amendment to an amendment."

Senator Rogers:

"I don't think Senator Dahl is quite correct. We have a situation where Senator Zednick wishes to amend the bill, and Senator Gallagher has an amendment, but the report I signed has no amendment."

Senator Zednick:

"Senator Gallagher's amendment is to the bill, but not an amendment to my amendment. It should be considered in due course, but not until my amendment has been acted upon."

RULING BY THE CHAIR

The President:

"The Chair is going to rule that the matter before the Senate at this time is the amendment of Senator Zednick; that the amendment by Senator Gallagher is not properly an amendment to the amendment, but is a separate amendment to the bill and will be acted upon at such time as the other amendment has been disposed of."

The President declared the question to be on the adoption of the amendment by the part of the committee composed of Senators Zednick, Kimball and Eastvold.

Division was called for, and the amendment was adopted on a rising vote.

"O God, our Father, history and experience have given us so many evidences of Thy guidance to nations and individuals that we should not doubt Thy power, or Thy willingness, to direct us.

"Give us the faith to believe that when Thou dost want us to do, or not to do a particular thing, that Thou will find a way of letting us know it.

"May we not make it more difficult for Thee to guide us, but be willing to be led of Thee, that Thy will may be done in us and through us for the good of this state and all mankind.

"Some of us are haunted by our mistakes and blunderings; by our seeming inability to do those things we feel we should. We confess our shortcomings, even as we ask Thee for strength equal to our tasks; and a faith equal to the challenge before us. May Thy will be done here, beyond party and personalities, for the good of our nation and the peace of our world, we ask in the name of the Prince of Peace, even Christ our Saviour—Amen."

QUESTION OF CONSIDERATION

Senator Rogers raised the question of consideration.

The President:

"The question is, the support of the motion raising the question of consideration."

Senator Rogers asked the President to explain the vote.

The President:

"In effect, the Senator is protesting the consideration of this matter. A vote 'aye' will support his contention that a majority does not want to consider the amendment. A vote 'no' means you do wish to consider the amendment."

Division was called for, and the motion raising the question of consideration carried on a rising vote.

POINT OF ORDER

Senator Eastvold:

"I understood earlier in the session we agreed not to raise the question of consideration while anyone was on his feet."

The President:

"Senator Hall, you may proceed."

Senator Hall spoke on the amendment.

POINT OF ORDER

Senator Lindsay:

"I was under the impression that the purpose of the question of consideration was to close debate."

RULING OF THE PRESIDENT

The President:

"That was the purpose of the question of consideration—that the Senate might, without listening to debate, decline to hear any debate at all. However, under Rule 68 we have a ruling that the amendment must be read. Prior to that time the question of consideration could interrupt the reading of a bill or take an amendment off the floor if the majority of the Senate decided they did not want to hear the debate."

POINT OF ORDER

Senator Rogers:

"The rule says the amendment must be read, but there is nothing in Rule 68 allowing the Senator to pass around pictures."

POINT OF ORDER

Senator Zednick:

"Senator Hall had the floor when the question of consideration was raised."

POINT OF ORDER

Senator Lindsay:

"The question of consideration can be raised at any time."

RULING OF THE PRESIDENT

The President:

"That is what I understand. According to Senator Eastvold, there is a new rule that the amendment must be read before the question is put."

The President explained the vote:

"A vote 'aye' means you do not wish to consider the matter; a vote 'no' means that you do wish to consider the matter."

"Just to satisfy all the members, the best method of procedure when a question of whether an amendment to an amendment or a bill is germane or compatible to the subject, is for the members themselves to decide, rather than the presiding officer. If you will refer to your Reed's Rules, it is usually left to the membership themselves. The Chair will put the question as to whether this amendment is compatible or germane, or whether it can be considered."

HOUSE AMENDMENTS TO ENGROSSED SENATE BILL NO. 156

House of Representatives,
Olympia, Wash., March 6, 1951.

MR. PRESIDENT:

The House has passed Engrossed Senate Bill No. 156 with the following amendments:

Strike everything after the enacting clause and insert in lieu thereof the following:

"Section 1. Reconstruction of Primary State Highway No. 1 from Oregon to British Columbia, construction of four traffic lanes at Snoqualmie Pass, construction of an adequate highway bridge from Pasco to Kennewick and construction of county arterial highways and farm to market roads in Grant, Franklin and Adams counties to coincide with the opening of lands for settlement in the Columbia Basin irrigation project, are declared to be highway projects of the first priority. The construction of such projects is required in the interest of the public safety and for the orderly development of the state. The reimbursement of the motor vehicle fund for money used to purchase Agate Pass Bridge bonds will also make possible other war emergency or high priority highway construction. The threat of war makes acceleration of construction a vital necessity at this time.

"Sec. 2. To provide funds for accelerating construction of these first priority projects, and to reimburse the motor vehicle fund for money expended for Agate Pass Bridge construction, there shall be issued and sold limited obligation bonds of the state of Washington in the sum of sixty-six million seven hundred three thousand, six hundred and twenty-five dollars. The issuance, sale and retirement of said bonds shall be under the general supervision and control of the state finance committee. The state finance committee shall, when notified by the director of highways, provide for the issuance of coupon or registered bonds to be dated, issued and sold from time to time in such amounts as may be necessary to the orderly progress of construction of the first priority projects.

"Sec. 3. Each of such bonds shall be made payable at any time not exceeding twenty-five years from the date of its issuance, with such reserved rights of prior redemption as the state finance committee may prescribe to be specified therein. The bonds shall be signed by the governor and the state auditor under the seal of the state, one of which signatures shall be made manually and the other signature may be in printed facsimile, and any coupons attached to such bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued under authority of this act shall be fully negotiable instruments.

"Sec. 4. Bonds issued under the provisions of this chapter shall distinctly state that they are not a general obligation of the state, but are payable in the manner provided in this chapter from the proceeds of all state excise taxes on motor vehicle fuels imposed by chapter 82.10 and sections 82.36.020, 82.36.230, 82.36.250, and 82.36.400, R.C.W., as derived from chapter 58, Laws of 1933, as amended, and as last amended by chapter 220, Laws of 1949; and chapter 82.11 and section 82.40.020, R.C.W., as derived from chapter 127, Laws of 1941, as amended, and as last amended by chapter 220, Laws of 1949. The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of this chapter, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay the principal and interest on all bonds issued under the provisions of this chapter when due.

"Sec. 5. The bonds issued hereunder shall be in denominations to be prescribed by the state finance committee and may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. If bonds are sold to any purchaser other than the state of Washington, they shall be sold at public sale, and it shall be the duty of the state finance committee to cause such sale to be advertised in such manner as it shall deem sufficient. Bonds issued under the provisions of this chapter shall be legal investment for any of the funds of the state,

except the permanent school fund: *Provided*, That bonds authorized herein to reimburse the motor vehicle fund for the cost of the Agate Pass Bridge construction shall be sold at the earliest date which the committee finds feasible.

"Sec. 6. The money arising from the sale of said bonds shall be deposited in the state treasury to the credit of the motor vehicle fund and such money shall be available only for the construction of such first priority projects, reimbursement of the motor vehicle fund for money expended for construction of the Agate Pass Bridge in order to make such money available for war emergency highway projects or other high priority highway uses, and payment of the expense incurred in the printing, issuance and sale of any such bonds.

"Sec. 7. Any funds required to repay such bonds, or the interest thereon when due, subject to the proviso of this section, shall be taken from that portion of the motor vehicle fund which results from the imposition of all excise taxes on motor vehicle fuels and which is, or may be, appropriated to the highway department for state highway purposes, and shall never constitute a charge against any allocations of such funds to counties, cities and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle fuels and available for state highway purposes proves insufficient to meet the requirements for bond retirement or the interest on any bonds: *Provided*, That money required hereunder to pay interest on or to retire any bonds issued for Columbia Basin county arterial highways or farm to market roads shall be repaid by any such county or counties wherein such highways or roads are constructed in the manner set forth in section 9 of this act.

"Sec. 8. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any bonds, the state finance committee shall estimate, subject to the provisions of section 7, the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which will be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the highway bond retirement fund, which is hereby established, and which fund shall be available solely for payment of such interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times.

"Sec. 9. The director of highways shall report separately to the state finance committee all sums expended from funds resulting from the sale of bonds for Columbia Basin county arterial highways and farm to market roads in Grant, Franklin and Adams counties under the provisions of this chapter. Such counties shall repay to the state all the cost of any Columbia Basin highway or road facilities actually constructed under the provisions of this chapter within each of such counties as follows: The state finance committee, at least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any such bonds, shall ascertain the percentage of the motor vehicle funds arising from the excise taxes on motor vehicle fuels, which is to be transferred to such counties under the provisions of law which will be necessary to pay all of the interest upon or retire when due all of the portion of said bonds chargeable to expenditures incurred under the provisions of this chapter in each of said counties. The state finance committee shall notify the state treasurer of this estimate and the treasurer shall thereafter, when distributions are made from the motor vehicle fund to counties, retain such percentage of the total sums credited to such counties as aforesaid in the motor vehicle fund arising from the excise taxes on motor vehicle fuels until such fund is fully reimbursed for all expenditures under this chapter in Grant, Adams and Franklin counties. Any money so retained shall be available for state highway purposes.

"Sec. 10. The sums retained from motor vehicle funds arising from the excise taxes on motor vehicle fuel, of any such counties shall not exceed in any distribution period fifty per cent of the total amount to be credited to such county. If there shall be a deficit in the amount available for reimbursement of the motor vehicle fund, due to this provision, then such deficit shall continue to be a charge against any sums due any such county from the motor vehicle fund from such excise taxes until the full cost of such Columbia Basin highway facilities is paid.

"Sec. 11. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor fuels, payable into the highway bond retirement fund, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period.

"Sec. 12. The bonds authorized herein are allocated to the first priority projects as follows:

"(1) Forty-nine million two hundred fifty thousand dollars (\$49,250,000) of the total issue for the acceleration of the reconstruction of Primary State Highway No. 1, said amount to be expended on said Primary State Highway No. 1 as follows: Thirty-three million five hundred thousand dollars (\$33,500,000) between Everett, Seattle, Tacoma, Olympia, Chehalis, Centralia, Kelso, Vancouver, and the Oregon boundary line, and fifteen million seven hundred fifty thousand dollars (\$15,750,000) between Everett and the Canadian boundary line;

"(2) Six million five hundred thousand dollars (\$6,500,000) of the total issue for the construction of the highway bridge from Pasco to Kennewick;

"(3) Four million two hundred fifty thousand dollars (\$4,250,000) of the total issue for the construction of a four lane highway at Snoqualmie Pass;

"(4) Five million dollars (\$5,000,000) of the total issue for the construction of Columbia Basin county arterial highways and farm to market roads in Grant, Franklin and Adams counties, for which the state must be reimbursed as provided in section 9; and

HOUSE AMENDMENTS TO ENGROSSED SENATE BILL NO. 199

House of Representatives,
Olympia, Wash., March 6, 1951.

MR. PRESIDENT:

The House has passed Engrossed Senate Bill No. 199 with the following amendments: Amend the bill by inserting immediately following the enacting clause the following:

"Section 1. The administration of highway affairs has become a matter of major public importance involving vast sums of money, the development of commerce and resources, the employment of great numbers of persons, the promotion of recreation and the welfare of every citizen of the state. It demands the highest order of business and technical administration, accompanied by continuity of sound long range highway policies, freedom from political interference and changes of personnel, and an organization attracting the services of qualified talented administrators and meriting the confidence of the people.

"Sec. 2. There is hereby created a state highway commission consisting of five members, all of whom shall be residents of this state and who shall be appointed by the governor with the consent of the senate for terms of office as herein provided, and with the qualifications herein specified. Within ninety days after the passage of this act the governor shall appoint the first members of said state highway commission: One member to serve two years; one member to serve three years; one member to serve four years; one member to serve five years; and one member to serve six years from the first day of July, 1951. Upon expiration of said original terms subsequent appointments shall be for six years except in the case of a vacancy, in which event appointment shall be only for the remainder of the unexpired term in which the vacancy has occurred.

"Sec. 3. No two members of said state highway commission shall at the time of appointment or thereafter during their respective terms of office be residents of the same congressional district, and not more than three members of said state highway commission shall reside at the time of appointment or thereafter in one part of the state divided north and south by the summit of the Cascade Mountains. Not more than three members of said state highway commission shall at the time of appointment or thereafter during their respective terms of office be members of the same major political party. No elective state official or state officer during the term of office to which he was elected or appointed or state employee shall be a member of said commission. No state highway commissioner shall be removed from office by the governor before the expiration of his term unless for a disqualifying change of residence or for cause based upon a determination of incapacity, incompetence, neglect of duty or malfeasance in office by the superior court of the state of Washington in and for Thurston county upon petition and show cause proceedings duly brought therefor in said court and directed to the commissioner in question.

"Sec. 4. The state highway commission is hereby vested with all powers, authority, functions and duties now vested in or required to be performed by the director of highways or the state department of highways. Full and complete jurisdiction and authority over the administration of state highways and all matters connected therewith or related thereto is hereby granted the said state highway commission except only insofar as the same may have been heretofore or may be hereafter specifically granted to the director or department of licenses, the public service commission, the state commission on equipment, the Washington state patrol or its chief, the Washington toll bridge authority, or the governing bodies of cities and towns.

"Sec. 5. In all situations wherein the director of highways is now designated as a member of any board, commission, committee, or authority, the state highway commission shall hereafter determine who shall serve as such member.

"Sec. 6. The first appointed members of the state highway commission shall meet in the offices of the department of highways at the state capitol and organize as a state highway commission during the first week in July, 1951, or as soon thereafter as possible. At the first annual meeting and at each annual meeting thereafter the commission shall elect a secretary who may be, but need not be, a member of said commission, and the commission shall elect a chairman from its own membership who shall hold office for one year. Election as chairman shall not interfere with the member's right to vote on all matters before the commission. The commission shall meet at such other times as it deems advisable, but at least once every thirty days, and shall from time to time adopt rules and regulations not inconsistent with the provisions of this act for its own government, and to regulate and discharge its duties, and to exercise its powers under this act.

"Sec. 7. On and after July 1, 1951, the state highway commission shall take over, assume and exercise all of the powers, authority and functions and perform all of the duties now vested in or required to be performed by the director of highways and the department of highways. Thereafter the state highway commission shall assume and exercise full and complete jurisdiction and authority over the administration of the

state highways and all matters connected therewith or related thereto as hereinabove set forth in section 4 of this act. The state highway commission shall establish such rules and regulations as may be deemed wise and lay down policies of procedure and generally supervise and control the operation of said functions within the terms of this act and pursuant to the laws of this state, and the said commission is hereby clothed with all necessary powers to carry out the terms of this act.

"Sec. 8. The commission shall act collectively in harmony with recorded resolutions or motions adopted by a majority of the commission at regular or special meetings, notice of which meetings shall be given to all members pursuant to the rules of said commission. Three members shall constitute a quorum at any meeting, but no resolution, motion, or other decision of the commission shall be adopted or passed without the favorable vote of at least three members.

"Sec. 9. The state highway commission shall select and appoint the director of highways who after appointment shall be an ex officio member of the commission without a vote. He shall be the chief executive officer of the commission responsible only to it, and shall carry into effect the commission's order and shall be guided by policies laid down by it. As the executive head, he shall direct all activities and supervise the work of the staff of the department.

"Sec. 10. The director of highways shall be fully competent as a highway engineer and as an executive. He shall be a registered professional engineer and shall be a graduate in engineering of an accredited university or college or have in lieu thereof experience as a civil engineer in responsible charge of work equivalent to such education, and in addition experience in highway or road construction for a period of not less than five years. He need not be a resident of the state at the time of his appointment.

"Sec. 11. The director of highways shall hold office indefinitely but may be dismissed by the commission at any time for incompetence, neglect of duty, malfeasance in office or failure to carry out the commission's policies. Before a motion for dismissal shall be acted upon by the state highway commission, the director of highways shall be granted a hearing on formal written charges before the full commission.

"Sec. 12. The salary of the director of highways shall be ten thousand dollars per year: *Provided, however,* That the commission may increase said salary to a maximum of fifteen thousand dollars (\$15,000) per year.

"Sec. 13. Each member of the state highway commission shall receive twenty-five dollars per diem for each day actually spent in the performance of his duties and his actual necessary traveling and other expenses in going to, attending and returning from meetings of the commission, and his actual and necessary traveling and other expenses incurred in the discharge of such duties as may be requested of him by a majority vote of the commission, but in no event shall a commissioner's per diem payments exceed three thousand dollars in any one year.

Such fund shall be deemed to be for a municipal purpose and may be maintained by transfer thereto of moneys derived from regular or special lawful levies for slide control purposes, moneys which may be lawfully transferred to it from any other municipal fund; and gifts and contributions received for slide control purposes. Such participation shall be made from state appropriations for slide control maintenance purposes and shall not exceed, except in cases of emergency, fifty per cent of the approved cost of any project. No warrant shall be drawn by the state auditor to the credit of the slide control maintenance account of any participating local agency except a voucher for reimbursement of expenditures therefor made and properly supported and approved by the local slide control engineer and by the supervisor of flood control.

"Sec. 8. For the biennium ending March 31, 1953, there is hereby appropriated from the general fund, to the department of conservation and development for research and for participation in slide control maintenance, the sum of fifty thousand dollars (\$50,000)."

S. R. HOLCOMB, *Chief Clerk.*

House of Representatives,
Olympia, Wash., March 8, 1951.

MR. PRESIDENT:

The House has adopted the report of the Conference Committee to whom was referred Engrossed House Bill No. 130, and has granted the powers of Free Conference to said committee.
S. R. HOLCOMB, *Chief Clerk.*

House of Representatives,
Olympia, Wash., March 8, 1951.

MR. PRESIDENT:

The House has adopted the report of the Conference Committee to whom was referred Engrossed House Bill No. 190, and has granted the powers of Free Conference to said committee.
S. R. HOLCOMB, *Chief Clerk.*

House of Representatives,
Olympia, Wash., March 8, 1951.

MR. PRESIDENT:

The House has refused to recede from its amendments to Senate Bill No. 69, and insists upon a conference thereon; and the Speaker has appointed as House Members of said Conference Committee, Representatives Henry (A1), Hess and Anderson (B. Roy).
S. R. HOLCOMB, *Chief Clerk.*

MOTION

Senator Rosellini moved that the Senate grant the request of the House for a conference on Senate Bill No. 69, and that the President appoint a Conference Committee thereon.

RULING OF THE PRESIDENT

The President:

"The Chair is going to rule that the message has been received and we will appoint a committee. According to our joint rules, it is mandatory for the other House to appoint a committee. By putting a motion, if that motion is defeated, one House would take individual action which is contrary to our joint rules. So I am going to accept the report, and the Conference Committee will be appointed without any motion."

MESSAGE FROM THE HOUSE

House of Representatives,
Olympia, Wash., March 8, 1951.

MR. PRESIDENT:

The House has refused to recede from its amendments to Engrossed Senate Bill No. 333, and insists upon a conference thereon; and the Speaker has appointed as House Members of said Conference Committee, Representatives Adams, Carty and Roderick.
S. R. HOLCOMB, *Chief Clerk.*

MOTION

Senator Goodloe moved that the House recede from its amendments to Engrossed Senate Bill No. 333.

RULING OF THE PRESIDENT

The President:

"The Chair is going to rule the message has been received and the conference committee will be appointed."

APPEAL FROM DECISION OF THE CHAIR

Senator Goodloe:

"I am going to appeal from the ruling of the Chair."

Senator Cowen assumed the Chair.

POINT OF ORDER

Senator Greive:

"Under joint rules of Senate and House, Rule 4, it stated: 'In every case of difference between the two houses, upon any subject of legislation, either house may request a conference and appoint a committee of three for that purpose, and the other house also shall appoint a like committee to confer.'"

POINT OF ORDER

Senator Rogers:

"I would like to cite Reed's Rules, page 188: 'Reed's Rules, Rule 253, To Adhere: If, however, either House desires to notify the other that its determination is fixed to make or reject the proposed amendment, even if it causes the loss of the bill, a motion to adhere is the proper motion. After both Houses have adopted the motion to adhere, the bill is lost.

"Nevertheless, if one House asks a committee of conference, even after the other House has voted to adhere it is usual to grant the request.'"

RULING OF THE CHAIR

The Chair: (Senator Cowen, presiding)

"The position of the Chair is that inasmuch as this bill has been amended, it becomes joint property, and no individual action by either House is proper. That is why Reed's Rules sets up the five motions:

1. To concur
2. To non-cur
3. To recede
4. To insist
5. To adhere

"This bill, being amended, immediately becomes joint property. Each House has definite interests in the property, and any individual action by any one House would be in violation of our joint rules which provide that where there is a difference, it must be settled by conference. So when one House asks for conference, under our joint rules it is mandatory to grant it."

POINT OF ORDER

Senator Goodloe:

"Joint Rule 4 provides that in case of difference between the two houses, upon any subject of legislation, either house may request a conference and appoint a committee of three for that purpose, and the other house also shall appoint a like committee to confer."

The Chair: (Senator Cowen, presiding)

"Senator, the time when that motion was in order was when it first came over. Then you could have concurred or could have receded. Now it is too late."

Senator Goodloe:

"Will you cite your authority?"

The Chair: (Senator Cowen, presiding)

"There is a precedent established on page 186 of Reed's Rules, Rule 247.

"To concur. If you concur, you are no longer in disagreement. Then you pass by roll call the same bill that the House passed.

"To non-cur: Then you come into disagreement.

"To recede: You can ask the House to recede. If the House does not wish to recede, it can change its position.

"To insist: If, however, the originating House desires to continue its rejection of the amendment, a motion to insist is the proper motion.

"To adhere: If the Senate does wish to adhere, even if it causes the loss of the bill, a motion to adhere is the proper motion.

"According to our joint rules it is mandatory to appoint a conference committee. We are at a point now where this thing has to be settled by a Conference Committee.

"Senator, you passed up your rights. You could have concurred at the time, but you refused to do it then."

Senator Zednick:

"I believe the ruling of the Chair is correct, but I would suggest at another session that we change the rule. Let us just report back that we have appointed a Conference Committee thereon."

Senator Goodloe objected.

The Chair: (Senator Cowen, presiding)

"Senator, I would like to correct you. They have already appointed a Conference Committee. Now, as I understand the message, it is up to us to appoint one. One House may appoint a Conference Committee, and the other House shall appoint one."

Senator Goodloe:

"What would be the interpretation of Rule 254 in Reed's Rules?"

The Chair:

"Senator your point is well taken provided we have not passed that order of business. So when one House appoints a conference committee, it is mandatory for the other House to appoint one. We have been settling these things by motion. I have been wrong on that. According to our joint rules it is absolutely mandatory and no motion is necessary from the floor at all. If we accept the message from the House, it is mandatory to appoint a conference committee."

The Chair:

"Has the appeal been sustained by three Senators?"

POINT OF ORDER

Senator Rosellini:

"I don't know whether the appeal was ever properly before the Senate."

The Chair:

"The question before the Senate is: Shall the appeal from the decision of the Chair be sustained?"

Senator Lee:

"The presiding officer has convinced me that his ruling is correct, and he has been very fair in all his rulings this session. It seems to me this is no time to appeal from the decision of the Chair. I would appreciate it if Senator Goodloe would withdraw his motion."

With the consent of the Senate, Senator Goodloe withdrew his motion. President Meyers assumed the Chair.

REPORT OF FREE CONFERENCE COMMITTEE

Olympia, Wash., March 8, 1951.

MR. PRESIDENT:

We, of your Free Conference Committee, to whom was referred Engrossed House Bill No. 190, relating to certain "spendthrift" trusts, have had the same under consideration, and we recommend that Engrossed House Bill No. 190 be amended to read as follows and that the amended bill do pass:

"An Act relating to trusts; to certain 'spendthrift' trusts, to accounting by trustees, and repealing chapter 11.21, R.C.W.

Be it enacted by the Legislature of the State of Washington:

"Section 1. Nothing in section 6.08.25, R.C.W., as derived from section 25, chapter CXXXIII (133), Laws of 1893, shall forbid execution upon the income of any trust created by a person other than the judgment debtor for debt arising through the furnishing of the necessities of life to the beneficiary of such trust; or as to such income forbid the enforcement of any order of the superior court requiring the payment of support for the children under the age of eighteen of any beneficiary; or forbid the enforcement of any order of the superior court subjecting the vested remainder of any such trust upon its expiration to execution for the debts of the remainderman.

"Sec. 2. The trustee or trustees appointed by any will, deed or agreement heretofore or hereafter executed shall mail or deliver at least annually to each adult income trust beneficiary a written itemized statement of all current receipts and disbursements made by the trustee of the funds of the trust both principal and income, and upon the request of any such beneficiary shall furnish him an itemized statement of all property then held by such trustee, and may also file any such statement in the superior court of the county in which the trustee or one of the trustees resides.

"Sec. 3. In addition thereto any such trustee or trustees whenever it or they so desire, may file in the superior court of the county in which the trustees or one of the trustees resides an intermediate account under oath showing:

- "(1) The period covered by the account;
- "(2) The total principal with which the trustee is chargeable according to the last preceding account or the inventory if there is no preceding account;
- "(3) An itemized statement of all principal funds received and disbursed during such period;
- "(4) An itemized statement of all income received and disbursed during such period, unless waived;
- "(5) The balance of such principal and income remaining at the close of such period and how invested;
- "(6) The names and addresses of all living beneficiaries, including contingent beneficiaries, of the trust, and a statement as to any such beneficiary known to be under legal disability;
- "(7) A description of any possible unborn or unascertained beneficiary and his interest in the trust fund.

"In addition thereto, after the time for termination of the trust shall have arrived, the trustee or trustees may file a final account in similar manner.

"Sec. 4. Upon the petition of any settlor or of any beneficiary of such a trust after due notice thereof to the trustee the superior court in the county where the trustee or one of the trustees resides may direct the trustee or trustees thereof to file in said court such an account at any time subsequent to one year from the day on which such a report was last filed, or if none, then after one year from the inception of the trust.

"Sec. 5. When any such account shall have been filed the clerk of the court where filed shall fix a return day therefor, and issue a notice as provided for herein. If each of the beneficiaries and the guardians and guardians ad litem, if any, appointed pursuant to section 6 hereof, is personally served with a copy of the notice, whether within or outside the state of Washington, at least twenty-five days prior to the return day, then no publication of the notice shall be required; otherwise the trustees shall cause notice as provided for herein to be given by publishing the same at least once a week for three successive weeks preceding the return day, the first publication to be at least twenty-five days preceding the return day, such publication to be in a newspaper of general circulation in the county, or if none then in an adjoining county. And in any event at least twenty-five days prior to the return day a copy of the notice shall be either served upon each beneficiary not represented by guardian or guardian ad litem or mailed to each such beneficiary not so served at such beneficiary's address last known to the trustee; and shall be either served upon each guardian and guardian ad litem appointed pursuant to section 6 hereof, or mailed to each such guardian and guardian ad litem not so served at such guardian or guardian ad litem's address last known to the trustee. Proof of service of the notice may be made by affidavit as provided for service of summons in civil actions, or by written admission of service signed by the person served. The notice shall state the time and place for the return day, the name or names of the trustee or trustees who have filed the account, that the account has been filed, that the court is asked to settle such account, and that any objections or exceptions thereto must be filed with the clerk of said court on or before such return day.

"Sec. 6. Upon or before the return day any beneficiary of the trust may file his written objections or exceptions to the account filed or to any action of the trustee or trustees set forth therein. The court shall appoint either the legal guardian of a beneficiary, or a guardian ad litem to represent the interests of any such beneficiary who is an infant or of unsound mind or otherwise legally incompetent, or who is yet unborn or unascertained, and such beneficiary shall be bound by any action taken by such representative. Every unborn or unascertainable beneficiary shall be concluded by any action taken by the court for or against any living beneficiary of the same class or whose interests are similar to the interests of such unborn or unascertainable beneficiary.

"Sec. 7. At the same time or at some later date fixed by the court if so requested by one or more of the parties, the court without the intervention of a jury and after hearing all of the evidence submitted shall determine the correctness of the account and the validity and propriety of all actions of the trustee or trustees set forth therein including the purchase, retention and disposition of any of the property and funds of the trust, and shall render its decree either approving or disapproving the same or any part thereof, and surcharging the trustee or trustees for all losses, if any, caused by negligent or wilful breaches of trust.

"Sec. 8. The decree so rendered shall be deemed final, conclusive and binding upon all the parties interested including all incompetent, unborn and unascertained beneficiaries of the trust subject only to the right of appeal hereinafter stated.

"Sec. 9. The decree so rendered shall be a final order from which any party in interest may appeal as in civil actions to the supreme court of the state of Washington.

"Sec. 10. This act shall not apply to resulting trusts, constructive trusts, business trusts where certificates of beneficial interest are issued to the beneficiaries, investment trusts, voting trusts, insurance trusts prior to the death of the insured, trusts in the nature of mortgages or pledges, trusts created by judgment or decree of a federal court or of the superior court when not sitting in probate, liquidation trusts or trusts for the sole purpose of paying dividends, interests or interest coupons, salaries, wages or pensions; nor shall this act apply to executors, administrators or guardians.

"Sec. 11. The settlor of any trust governed by this act may waive any or all of the provisions of section 2 of this act requiring periodical statements to beneficiaries, or may add additional duties, in the instrument creating the trust; and any adult beneficiary entitled to an accounting under either section 2 or section 3 of this act may waive such an accounting by a separate instrument delivered to the trustee.

"Sec. 12. This act is declared to be of similar import to the uniform trustees' accounting act. A provision in any will, deed or agreement heretofore or hereafter executed which provides in substance:

"(1) That the requirements or provisions of the uniform trustees' accounting act, whether by name or other reference thereto are waived, or that the trustee shall not be required to comply therewith; or

"(2) That the requirements or provisions of any other act of like or similar import are waived, or that the trustee shall not be required to comply therewith; shall constitute a waiver by the settlor pursuant to section 11 of this act.

"Sec. 13. If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared severable.

"Sec. 14. Chapter 11.21, R.C.W., as derived from chapter 229, Laws of 1941, as amended, is repealed."

SECOND READING OF BILLS

Engrossed House Bill No. 408:

The Secretary read:

REPORT OF STANDING COMMITTEE

Senate Chamber,
Olympia, Wash., March 8, 1951.

MR. PRESIDENT:

We, your Committee on Revenue and Taxation to whom was referred Engrossed House Bill No. 408, entitled: "An Act relating to revenue and taxation; providing for a tax according to or measured by the net income of banks and corporations; adding a new chapter to title 82, R.C.W.; repealing sections 84.10.27 to 84.10.31, inclusive, R.C.W., and sections 159 to 184, both inclusive, of chapter 180, Laws of 1935 (uncodified); making an appropriation; declaring an emergency and providing when this act shall take effect," have had the same under consideration, and we respectfully report the same back to the Senate with the recommendation that it do pass with the following amendments:

Amend the bill by striking everything after the enacting clause and inserting in lieu thereof the following:

"Section 1. Section 82.20.010, R.C.W., as derived from section 12, chapter 228, Laws of 1949, is amended to read as follows:

"There is levied and there shall be collected a tax upon * * * * each sale of real property or any estate or interest in real property (unless the deed, instrument, or writing is deposited in escrow before May 1, 1951) in the amount of one dollar for each fifty dollars or fractional part thereof of the purchase price. The tax shall be the obligation of the purchaser, but must in any event be paid by the time required in sec. 5 hereof.

"Sec. 2. The term 'sale' shall have its ordinary meaning and shall include any conveyance, grant, assignment, quit-claim, or transfer of the ownership of or title to real property or any estate or interest in real property for a valuable consideration, and any contract for such conveyance, grant, assignment, quit-claim, or transfer, and any lease with an option to purchase real property or any estate or interest in real property or other contract under which possession of the property is given to the purchaser, or any other person by his direction, while title is retained by the vendor as security for the payment of the purchase price.

"The term shall not include a transfer by gift, devise, or inheritance, a transfer of any leasehold interest other than of the type mentioned above, a transfer of an interest

in real property merely to secure a debt, nor a transfer in compliance with the terms of any contract upon which the tax as imposed by this chapter has been paid.

"Sec. 3. The term 'purchase price' means the consideration, including money or anything of value, paid or delivered or contracted to be paid or delivered in return for the transfer of the real property or estate or interest in real property, and shall include the amount of any lien, mortgage, or other incumbrance, either given to secure the purchase price, or any part thereof, or remaining unpaid on such property at the time of sale. In the case of leases with option to purchase, the tax commission may provide by regulation for payment of this tax upon the total amount of the installments or rentals contracted to be paid, or upon the portion thereof representing the true market value of the real property or estate or interest in real property subject to transfer under the option. In any case where the purchase price is not separately stated, or does not reflect the true market value of the real property or estate or interest transferred or to be transferred, the tax commission may render its order establishing the purchase price, which shall correspond as nearly as possible to the true market value at the time of sale.

"Sec. 4. The term 'purchaser' includes all persons included within the meaning of the word 'buyer' in section 82.02.01, R.C.W., except that it shall not include the United States or the State of Washington.

"Sec. 5. Every deed, instrument, or writing providing for the sale of real property or any estate or interest in real property must be filed for recording or registry in the office of the auditor of the county in which the real estate is situated within thirty days of the date of such instrument or date of delivery thereof, whichever is earlier: *Provided*, That if the tax herein imposed shall be paid and sufficient stamps shall be affixed to the deed, instrument, or other writing and cancelled as herein provided within the said thirty days, the filing for record or registry shall not be required.

"Failure to comply with the above requirement shall result in the imposition of a penalty in the amount of ten per cent of the purchase price, which penalty shall be paid in the same manner as provided for the payment of this tax: *Provided*, That the tax commission may, upon good cause shown for failure to comply therewith, waive all or any part of such penalty, and may permit the payment of the tax without filing. Further failure to file such deed, instrument, or writing and pay the tax and any penalty and interest after notice has been given by the tax commission or its agent to the purchaser or owner, his agent, or any transferee or assign, shall result in the imposition of a further penalty in the amount of ten per cent of the purchase price.

"In addition, for failure to file and to pay this tax, interest shall accrue on the purchase price at the rate of one-half of one per cent for each thirty days or portion thereof from the date when the filing is required to be made under this section.

"Sec. 6. At the time of filing with the county auditor the purchaser, owner, or his agent, shall certify in writing on the instrument the true amount of the purchase price. Any person who shall make any false or fraudulent statement, with intent to defraud the state or evade the payment of this tax or any part thereof shall be guilty of perjury in the second degree; and any corporation or company for which such a false or fraudulent statement is made shall be punished, on conviction thereof, by a fine of not more than one thousand dollars.

"Sec. 7. Section 82.06.03, R.C.W., as derived from section 56, chapter 180, Laws of 1935, is amended to read as follows:

" * * * * The tax, and any penalty or interest which may be due, shall be collected by the tax commission, the various county auditors, or by any other agent authorized by the tax commission by means of the sale of stamps. Any stamps sold shall thereupon be affixed to the deed, instrument, or other writing by the county auditor or other agent of the tax commission making the sale, and he shall at the same time cancel the stamps by writing in ink or stamping thereon the date the stamps are sold and his initials, or by any other method of cancellation provided by the tax commission, so that the stamps may not again be used.

"Sec. 8. Section 82.06.02, R.C.W., as derived from section 55, chapter 180, Laws of 1935, is amended to read as follows:

"The tax commission * * * * shall cause to be prepared and distributed suitable stamps for the payment of the tax. An initial supply of such stamps shall be furnished to the county auditor for the accounting of which he shall be liable upon his bond. Notwithstanding the provisions of section 43.01.05, R.C.W., the auditor shall on the first day of every month, or oftener if necessary, replenish his supply by purchase of such stamps for face value from the tax commission out of the proceeds of the sale of the

stamps. Stamps may also be sold by the tax commission to any agent authorized by it to sell such stamps.

"Sec. 9. It shall be unlawful for the county auditor to accept the filing for record or registry of any deed, instrument, or writing without there being affixed thereto stamps in an amount sufficient to pay the tax due on the purchase price certified thereon.

"Sec. 10. The tax, and any penalties or interest thereon, shall be a specific lien upon each piece of real property sold from the time of the sale until the tax shall have been paid, which lien may be foreclosed in the manner provided for the foreclosure of mortgages.

"Sec. 11. The tax, and any penalties or interest thereon, may be collected by the state by an action of debt against the purchaser, by the issuance of and by collection upon a warrant as provided for in sections 82.32.210, 82.32.220, and 82.09.24, or by foreclosure of the lien provided for in the preceding section, and resort to one course shall not be an election not to pursue the others.

"Sec. 12. It shall be the duty of every licensed real estate broker or real estate salesman to report all sales of real property negotiated by him to the tax commission at such intervals and in such manner as the commission shall prescribe. Failure to comply with this section shall be cause for the revocation of his license by the director of licenses.

"Sec. 13. The various sections of this act shall constitute a part of chapter 82.20, R.C.W., as derived from Title VIII, chapter 180, Laws of 1935, as amended, and such chapter shall hereafter be known as the 'Real Estate Transactions Tax.'

"Sec. 14. All proceeds of the tax levied by this chapter shall be paid into the current school fund in the state treasury.

"Sec. 15. This act is necessary for the immediate support of the state government and its existing institutions and shall take effect May 1, 1951, and shall remain in effect until March 31, 1953."

Amend the title by striking everything after the semicolon (;) following the word "taxation" and inserting in lieu thereof the following:

"amending sections 82.20.010, 82.06.02, and 82.06.03, R.C.W., and declaring an emergency together with an effective and termination date."

MOTION

Senator Kimball moved that the report of the Free Conference Committee on Engrossed House Bill No. 305 be adopted.

POINT OF INQUIRY

Senator Rogers:

"Can three members from one House and one from the other House ask for a new committee?"

RULING OF THE CHAIR

The President Pro Tempore:

"I think it has to be two from each house. Rule 8 of the Joint Rules states that 'the report of a free conference committee must be unanimously agreed to, and the original and two copies must be signed personally by all members of the committee: Provided, however, That in the event the members of a free conference committee cannot unanimously agree on the bill or measure referred to the committee, a majority of the committee may report that the committee cannot agree, and request the appointment of another committee.'"

PARLIAMENTARY INQUIRY

Senator Rogers:

"What does Reed's have to say?"

RULING OF THE PRESIDENT

"Section 1. Section 11.52.010, R.C.W., as derived from section 103, chapter 156, Laws of 1917, as last amended by section 1, chapter 102, Laws of 1949, is divided into sections 2 to 5, inclusive, herein, and is amended to read as follows:

"Sec. 2. If it is made to appear to the satisfaction of the court that no homestead has been claimed in the manner provided by law, either prior or subsequent to the death of the person whose estate is being administered, then the court, after hearing and upon being satisfied that the funeral expenses, of last sickness and of administration have been paid or provided for, and upon petition for that purpose, shall award and set off to the surviving spouse, if any, property of the estate, either community or separate, not exceeding the value of * * * * six thousand dollars exclusive of general taxes and special assessments which were liens at the time of the death of the deceased spouse, and exclusive of any mortgage or mechanic's, laborer's or materialmen's or vendor's liens upon the property so set off, and exclusive of funeral expenses, expenses of last sickness and administration, which expenses may be deducted from the gross value in determining the value to be set off to the surviving spouse.

"Sec. 3. The property so set off shall include the home and household goods, if any, and such award shall be made by an order or judgment of the court and shall vest the absolute title, and thereafter there shall be no further administration upon such portion of the estate so set off, but the remainder of the estate shall be settled as other estates: *Provided*, That no property of the estate shall be awarded or set off, as in this * * * * act provided, to a surviving spouse who has feloniously killed the deceased spouse: *Provided further*, That if it shall appear to the court, either (1) that there are minor or incompetent children of the deceased by a former marriage or by adoption prior to decedent's marriage to petitioner, or (2) that the petitioning surviving spouse has abandoned his or her minor children or wilfully and wrongfully failed to provide for them, or (3) if such surviving spouse is entitled to

receive insurance on the life of the deceased spouse in the sum of five thousand dollars, or more, then the award in lieu of homestead and exemptions shall lie in the discretion of the court, and that whether there shall be an award and the amount thereof shall be determined by the court, who shall enter such decree as shall be just and equitable but not in excess of the award provided herein.

"Sec. 4. Notice of such hearing shall be given by posting a notice in three public places in the county in which the hearing is to be held. Said notice may be posted by the clerk of the superior court of the county in which the hearing is to be held, or may be posted by any person qualified to serve a summons in a civil action. Said notices shall be posted at least ten days prior to the date fixed for the hearing. If there be any minor child or incompetent heir of the decedent, the court shall appoint a guardian ad litem for such minor child or incompetent heir, who shall appear at the hearing and represent the interest of such minor child or incompetent heir.

"Sec. 5. The order of judgment of the court making the award or awards provided for in this * * * act shall be conclusive and final, except on appeal and except for fraud. The awards in this * * * act provided shall be in lieu of all homestead provisions of the law and of exemptions. The said property, when set aside as herein provided, shall be exempt from all claims for the payment of any debt of the deceased or of the surviving spouse existing at the time of death, whether such debt be individual or community. Under this * * * act, the court shall not award more property than could be awarded under the law in effect at the time of the death of the deceased spouse.

"The awards provided for in this * * * act shall not be taken from separate property of the deceased which is otherwise disposed of by will.

"Sec. 6. Section 11.52.020, R.C.W., as derived from section 104, chapter 156, Laws of 1917, as last amended by section 2, chapter 102, Laws of 1949, is divided into sections 7 to 9, inclusive herein, and is amended to read as follows:

"Sec. 7. In event a homestead has been, or shall be selected in the manner provided by law, whether the selection of such homestead results in vesting the complete or partial title in the survivor, it shall be the duty of the court, upon petition of any person interested, and upon being satisfied that the value thereof does not exceed * * * six thousand dollars, exclusive of general taxes and special assessments which were liens at the time of the death of the deceased and exclusive of mortgages, mechanic's, laborer's, materialmen's or vendor's liens thereon, and exclusive of funeral expenses, expenses of last sickness and of administration, which expenses may be deducted from the gross value in determining the value to be set off to the surviving spouse, to enter a decree, upon such notice as the court may determine, setting off and awarding such homestead to the survivor, thereby vesting the title thereto in fee simple in the survivor.

"Sec. 8. If the value of the homestead, exclusive of all such liens, be less than * * * six thousand dollars, the court, upon being satisfied that the funeral expenses, expenses of last sickness and of administration, have been paid or provided for, shall set off and award additional property, either separate or community, in lieu of such deficiency, so that the value of the homestead, exclusive of all liens and expenses when added to the value of the other property awarded, exclusive of all such liens and expenses shall equal * * * six thousand dollars: *Provided*, That if it shall appear to the court, either (1) there are minor or incompetent children of the deceased by a former marriage or by adoption prior to decedent's marriage to petitioner, or (2) that the petitioning surviving spouse has abandoned his or her minor children or wilfully and wrongfully failed to provide for them, or (3) if such surviving spouse is entitled to receive insurance on the life of the deceased spouse in the sum of five thousand dollars, or more, then the award of property in addition to the homestead, where the homestead is of less than * * * six thousand dollars in value, shall lie in the discretion of the court, and that whether there shall be an award in addition to the homestead and the amount thereof shall be determined by the court, who shall enter such decree as shall be just and equitable, but not in excess of the award provided herein.

"Sec. 9. Said decree shall particularly describe the said homestead and other property so awarded, and such homestead and other property so awarded shall not be subject to further administration, and such decree shall be conclusive and final, except on appeal, and except for fraud, and such awards shall be in lieu of all further homestead rights and of all exemptions. The property in addition to the homestead, when set aside as herein provided, shall be exempt from all claims for the payment of any debt of deceased or of the surviving spouse existing at the time of death, whether

such debt be individual or community. Under this * * * * act, the court shall not award more property than could be awarded under the law in effect at the time of the death of the deceased spouse.

"The awards provided for in this * * * * act shall not be taken from separate property of the deceased which is otherwise disposed of by will.

MESSAGE FROM THE HOUSE

House of Representatives,
Olympia, Wash., March 8, 1951.

MR. PRESIDENT:

The House has refused to adopt the report of the Free Conference Committee on Engrossed House Bill No. 305, which recommends the appointment of a new Free Conference Committee.

S. R. HOLCOMB, *Chief Clerk.*

The President:

"The Chair has not appointed a new committee, although a majority of the Senate adopted the report that a new committee be appointed."

APPOINTMENT OF NEW FREE CONFERENCE COMMITTEE

The President appointed the following members as a new Free Conference Committee on:

Engrossed House Bill No. 305: Senators Witten, Brown, Roup.

CONFIRMATION OF NEW FREE CONFERENCE COMMITTEE APPOINTMENTS

Senator Rosellini moved that the new Free Conference Committee appointments as announced be confirmed.

PERSONAL PRIVILEGE

Senator Kimball:

"I don't care what you do. You have done a good job of sabotaging on a job you should have done."

PERSONAL PRIVILEGE

Senator Goodloe:

"As I understand it, we have sent over a request that they appoint a new conference committee, and, as I understand it, they will not. So what is the use of our appointing a new Senate committee? My idea is we should let the matter drop and let the responsibility rest on the House."

PERSONAL PRIVILEGE

Senator Rogers:

"We are showing our good faith by appointing a new committee. Certainly any onus for killing the bill rests on the House if they do not appoint a new committee. I would like to see the differences between the two houses resolved."

PERSONAL PRIVILEGE

Senator Riley:

"I don't see why we should give up now. If we thought it was important enough on about the 55th day to pass it, it seems to me it is important enough now to appoint the new Free Conference Committee."

RULING OF THE PRESIDENT

The President:

"The Chair will put the question again. The question is on the matter of confirmation, unless the Senate desires to reconsider."

The motion that the new Free Conference Committee appointments be confirmed, was carried.

The Secretary read:

MESSAGE FROM THE HOUSE

MR. PRESIDENT:

The House has adopted the report of the Free Conference Committee on Senate Bill No. 173 but has failed to pass the bill as amended by the Free Conference Committee.

Senate Bill No. 173 and the report of the Free Conference Committee are herewith transmitted.
S. R. HOLCOMB, *Chief Clerk.*

REPORT OF FREE CONFERENCE COMMITTEE

Olympia, Wash., March 8, 1951.

MR. PRESIDENT:

We, of your Free Conference Committee, to whom was referred Senate Bill No. 173, entitled: "An Act relating to judges of the superior court of Walla Walla County, and providing for the appointment and election of two judges in said county," have had the same under consideration, and we recommend that the bill do pass with the following amendments:

Amend the bill by striking everything after the enacting clause and inserting in lieu thereof the following:

"Section 1. Section 2.08.090 R.C.W., as derived from section 2, chapter 48, Laws of 1949, is amended to read as follows: Each judge of the superior court shall receive an annual salary of * * * * ten thousand dollars.

superior court judge or judges in any class A county may be increased by order of the board of county commissioners over the amount provided by statute by an amount not exceeding one thousand five hundred dollars per annum. Whenever the salary of any judge shall be so increased as herein provided the amount of such increase shall be paid by the county authorizing the same, and not otherwise; *Provided*, That any increase ordered pursuant to this act shall not be effective prior to the second Monday in January, 1953 nor ordered during the term for which a judge is elected or appointed."

Amend the title by striking everything after the word "superior" and inserting in lieu thereof the following:

"courts; providing for salaries; and amending section 2.08.090 R.C.W."

We, of your Conference Committee, to whom was referred Engrossed House Bill No. 552, entitled: "An Act making an appropriation and acknowledging an obligation of the capitol construction fund to the general fund for expenditures therefrom for state capitol purposes pursuant to chapter 167, Laws of 1917," have had the same under consideration, and we recommend that the Senate do recede from its amendments and that the engrossed bill do pass.

MOTION

Senator Sears moved that the report of the Conference Committee on Engrossed House Bill No. 552 be adopted.

PARLIAMENTARY INQUIRY

Senator Rogers:

"Isn't it necessary that the report be unanimous?"

RULING OF THE PRESIDENT

The President:

"I think your point is well taken. The Conference Committee, unless it is granted the powers of Free Conference, can come in with the recommendation that the report as between the two houses be adopted. But I don't think they can recommend that we recede."

POINT OF ORDER

Senator Rogers:

"I think on a conference report you have to have unanimous agreement and ask for the powers of Free Conference."

RULING OF THE PRESIDENT

The President:

"Until such time as the powers of Free Conference are granted, the Conference Committee can get together. As far as I understand the rule, a majority of the committee can bring in the report and make a recommendation."

POINT OF ORDER

Senator Rogers:

"May I cite the rule? Rule 6, under the Joint Rules."

RULING OF THE PRESIDENT

The President:

"Rule 4 takes up the conference committees. Rule 5 takes up how conference committees are made up. Rule 6 says: (Reads Rule 6)."

Senator Rogers:

"There is a failure to agree. I don't agree that the Senate should recede from its amendments. Now we should go on to Free Conference. I am disagreeing. Certainly the only alternative is to appoint a new Free Conference Committee."

Senator Schroeder:

"If we took this report in now and the Senate did not agree, then we would have to start all over again."

Senator Riley:

"I believe the rule provides in a conference committee it takes two from each side. Then the procedure from there would be to ask for the powers of Free Conference."

RULING OF THE PRESIDENT

The President:

"The Chair is going to confer on the rule and we will defer action on this report until the Chair has had time to confer on the rules."

S. R. HOLCOMB, Chief Clerk.

Senator Lindsay moved that the Senate resolve itself into a Committee of the Whole for the purpose of considering the House amendments to Engrossed Senate Bill No. 316.

The motion carried.

COMMITTEE OF THE WHOLE

Senator Schroeder presiding:

On motion of Senator Zednick, the Committee of the Whole was dissolved. President Meyers resumed the Chair.

The President:

"I feel that the Chair was in error in asking the Senate to resolve itself into a Committee of the Whole. If you are in disagreement on one item, you must go to conference."

MOTION

Senator Zednick moved that the Senate do not concur in the House amendments to Engrossed Senate Bill No. 316, and that the House be asked to recede therefrom.

MOTION

Senator Hall moved that the Senate do concur in the House amendments to Engrossed Senate Bill No. 316.

Extended debate ensued.

PERSONAL PRIVILEGE

Senator Zednick:

"I will vote to concur primarily on account of my knowledge of the need of these state institutions, but I deplore the action of the House in cutting out the items incurred by the Un-American Activities Committee two years ago."

On motion of Senator Rosellini, sustained by Senators Ganders and Sapp, the previous question was ordered.

The President declared the question to be on the motion that the Senate do concur in the House amendments.

The motion to concur carried.

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 316, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 29; nays, 9; absent or not voting, 8.

Those voting yea were: Senators Bargreen, Brown, Clark, Dixon, Edwards, Foster, French, Gallagher, Ganders, Hall, Happy, Hutchinson, Keefe, Lee, Lindstrom, McMullen, Raugust, Riley, Rosellini, Sapp, Sears, Shank, Shannon, Sutherland, Tisdale, Todd, Washington, Witten, Zednick—29.

Those voting nay were: Senators Copeland, Cowen, Flanagan, Goodloe, Jones, Kimball, Lindsay, Rogers, Roup—9.

Those absent or not voting were: Senators Barlow, Dahl, Eastvold, Greive, Miller, Pearson, Schroeder, Winberg—8.

Engrossed Senate Bill No. 316, as amended by the House, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

RULING OF THE PRESIDENT

The President:

"At this time the Chair is prepared to rule on the matter of the Conference Committee on Engrossed House Bill No. 552.

"There is a distinct difference between a conference committee and a free conference committee. The purpose of a conference committee is to endeavor to iron out any differences between the two houses. They do not have the powers to change any items, where the free conference committee may.

"Now Rule 6, as read by Senator Rogers, refers to a free conference committee. It says the report of a free conference committee must be unanimous. In Reed's Rule 244, page 183, it provides: 'The report of a conference committee must be in writing and signed by those agreeing thereto, and must have the signatures of a majority of the representatives of each House.'

"In view of this authority as expressed in Reed's the Chair will sustain its original contention that the committee report is in order, in that it is signed by two members from the Senate and two from the House, and not a Free Conference Committee."

PARLIAMENTARY COMMENT

Senator Zednick:

"I rise to a point of parliamentary comment. I cannot see how a committee can agree unless they are unanimous. I am not appealing from your decision, but I do say these joint rules need clarifying before another session. They cannot agree unless all of them agree. Senator Rogers has not agreed. I just cannot understand the ruling of the Chair."

RULING OF THE PRESIDENT

The President:

"Rule 8 in our Joint Rules says the report of a Free Conference should be unanimous."

POINT OF ORDER

Senator Zednick:

"But it uses the wrong word when it says about conference committees 'they must agree'."

PERSONAL PRIVILEGE

Senator Rogers:

"Mr. President, I have just signed the report. It isn't important enough to take up the time of the Senate."

On motion of Senator Sears, the report of the Conference Committee on Engrossed House Bill No. 552 was adopted.

The Secretary called the roll on the final passage of Engrossed House Bill No. 552, without the Senate amendments, and the bill passed the Senate by the following vote: Yeas, 31; nays, 5; absent or not voting, 10.

Those voting nay were: Senators Dixon, Goodloe, Kimball, Schroeder, Shannon—5.

Those absent or not voting were: Senators Barlow, Dahl, Eastvold, Foster, Greive, Lindsay, Miller, Pearson, Sutherland, Winberg—10.

Engrossed House Bill No. 552, without the Senate amendments, having received the constitutional majority, was declared passed.

**GOVERNOR'S MESSAGES ON SENATE BILLS VETOED
OR PARTIALLY VETOED**

February 23, 1951.

To the Honorable
The Senate of the State of Washington

Gentlemen:

I am returning herewith, without my approval, **Senate Bill No. 46**, entitled:
"An Act creating and establishing a legislative budget committee and providing for its selection; terms, powers, duties, rules, findings and reports; and declaring an emergency."

I am in accord with the general purposes of the act. In fact, this type of legislation has proven its merit in other states, such as California, Kansas and Pennsylvania where such legislative budget committees are now in operation.

In examining this bill, however, there appears to be a serious question as to the exact function of the committee. This act seems to go so far beyond the authority of the acts set up by other states that it should be reconsidered and the purposes and responsibilities of the committee clarified.

There is now in the House of Representatives a companion bill (House Bill No. 77) which could be used as the basis of a clearer definition of function of the committee. In view of this and in the hope that it can be enacted in form to more clearly conform with the acts successfully utilized in other states Senate Bill No. 46 is vetoed.

Respectfully submitted,
(Signed) ARTHUR B. LANGLIE,
Governor.

March 19, 1951.

To the Honorable
The Senate of the State of Washington
(Through the Secretary of State)

Gentlemen:

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval, **Senate Bill No. 72**, entitled:

"An Act relating to the Washington Toll Bridge Authority; regulating the operation of the Puget Sound ferry and toll bridge system by such Authority; providing for the settlement or disposal of certain claims arising during the course of such operations; establishing a permanent revolving fund for certain engineering investigations thereby; and making an appropriation from the motor vehicle fund therefor; and making a further appropriation from the motor vehicle fund for an investigation by said Authority into projects for the solution of the cross-sound transportation problem; amending sections 47.60.140, 47.64.070, and 47.60.100, R.C.W.; adding new sections to chapter 47.60, R.C.W.; and declaring an emergency."

After this Senate bill was engrossed, the House amended it further by adding new sections. The sections 1 to 6 inclusive in the engrossed bill became sections 14 to 19 in the bill as amended.

In the engrossed bill reference was made to the provisions of sections 1 and 3 of the act but these references were not changed in making the amendments. The act as passed, therefore, contained a number of erroneous references.

When this was discovered, a new act was passed to correct these errors (House Bill No. 626). Senate Bill No. 72 is therefore unnecessary and should not be allowed to become law. For that reason Senate Bill No. 72 is vetoed.

Respectfully submitted,

(Signed) ARTHUR B. LANGLEIE,

Governor.

March 19, 1951.

To the Honorable
The Senate of the State of Washington
(Through the Secretary of State)

Gentlemen:

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval, **Senate Bill No. 85**, entitled:

"An Act relating to pinball machines; providing for the licensing thereof; defining crimes; and prescribing penalties."

Either by inadvertence or design the act contains this peculiar provision:

"Provided, no person not a resident of the state for a period of less than five consecutive years prior to the date of application may apply for license. . . ."

This would appear to make the act available only to those who have lived in the state less than five years, which is clearly a discriminatory provision.

This bill attempts to legalize and would license pinball machines in the State of Washington.

I am opposed to allowing the return of these gambling devices. Instead of adding to the economic life of our people these machines have become a means of diverting large sums of money from the legitimate channels of business and industry.

Some argue that these devices will contribute substantial amounts of taxes and fees to our cities and counties. Great as our financial needs may be, I am convinced that there are sufficient, legitimate and proper means of taxation yet available to balance our budgets without legalizing organized gambling.

For the above reasons Senate Bill No. 85 is vetoed.

Respectfully submitted,

(Signed) ARTHUR B. LANGLEIE,

Governor.

March 19, 1951.

To the Honorable
The Senate of the State of Washington
(Through the Secretary of State)

Gentlemen:

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval, **Senate Bill No. 211**, entitled:

"An Act relating to absentee voting; and amending chapter 29.12, R.C.W."

This act materially lessens the present statutory requirements with respect to absentee voting. It eliminates the affidavit, dispenses with the necessity of marking the ballot in secret, and relaxes the requirement of returning the ballot by mail.

To relax the present requirements of law applicable to absentee voting to the extent permitted by this act seems a dangerous procedure and might well tend to encourage election frauds and loose practice.

For these reasons Senate Bill No. 211 is vetoed.

Respectfully submitted,
(Signed) ARTHUR B. LANGLIE,
Governor.

March 20, 1951.

To the Honorable
The Senate of the State of Washington
(Through the Secretary of State)

Gentlemen:

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval, **Senate Bill No. 316**, entitled:

"An Act making appropriations and reappropriations for the purchase, condemnation and improvement of land, construction of buildings and improvements at designated state institutions; for the payment of salaries of certain officers and employees of the state and for the operation, maintenance and other expenses of certain state institutions, departments and offices; for the relief of certain individuals, corporations, counties and municipalities; for refunds and for deficiencies and for emergencies, and for appropriation of revolving funds, and for purposes specified in certain acts of Congress, and for miscellaneous purposes designated for the fiscal biennium beginning April 1, 1951, and ending March 31, 1953, except as otherwise provided; defining terms, declaring a crime, providing a punishment therefor, limiting allowances and payments, and declaring that this act shall take effect immediately."

In my veto message on House Bill No. 425, the Omnibus Appropriation Bill, I said, "We have analyzed this bill and other appropriation acts and compared them with the anticipated revenues for the next biennium. The moneys

appropriated by this bill exceed anticipated revenue by \$45 million. The operating deficit of the current biennium is about \$49 million, which together with the deficit resulting from this bill would place the state \$94 million in the red at the end of the next two year period.

"Without substantial increases in revenue it will be impossible for state government to operate under the appropriation bills as passed by the legislature. The banks have indicated that they will refuse to accept state warrants in a relatively short time if the legislature does not balance the budget for the next biennium. If additional revenues are not provided, drastic reductions will have to be made in the moneys allocated to the aged and those in need. The appropriations made available to the schools will fail if sufficient funds are not in the state treasury.

"Obviously, the legislature must therefore either revise this budget or provide tax revenues sufficient to meet the desired appropriations. Appropriations and revenues must be considered together. For six years the State of Washington has been spending more money through the state government's general fund than we have been taking in. We have dissipated a \$72 million surplus and are now \$49 million in the red. We cannot longer continue in that direction. It is time that we faced the necessity of operating on a balanced budget.

"It is unrealistic and unfair to deceive the people by making specific appropriations to support specific services and then to deny those services by failing and refusing to provide the revenue necessary to make such services financially possible. When the credit of the state is exhausted, appropriations without supporting revenues are meaningless."

These reasons apply equally to this measure. Therefore Senate Bill No. 316 is vetoed.

Respectfully submitted,

(Signed) ARTHUR B. LANGLIE,

Governor.

March 19, 1951.

To the Honorable
The Senate of the State of Washington
(Through the Secretary of State)

Gentlemen:

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval as to sections 6, 7, 8, 10 and 21, **Senate Bill No. 379**, entitled:

"An Act to be known as the 'Subversive Activities Act,' defining the crime of sedition and of being a subversive person or organization and prescribing the punishment and penalties thereof; relating to the loyalty of candidates for public office and prescribing procedures of filing for election to public office; relating to the loyalty of officers and employees of the state or of any political subdivision thereof; prescribing procedures and providing for employment and discharge thereof; providing for the appointment of a special assistant attorney general, prescribing the duties thereof; making an appropriation; and declaring an emergency."

My disapproval of sections 6, 7, 8 and 10 is for the purpose of avoiding redundancy and the setting up of new administrative machinery which I deem unnecessary. Existing law provides ample means for enforcement of the provisions of this act and for this reason I disapprove and veto the provisions for the appointment of a special assistant attorney general charged with its enforcement.

I disapprove and veto section 21 for the reason that the \$50,000.00 appropriation provided therein is unnecessary since existing law also provides adequate support for the officials regularly charged with law enforcement who, under their oaths of office, will also have the responsibility of enforcing Senate Bill No. 379.

With the exceptions of the foregoing items, which are vetoed, the remainder of Senate Bill No. 379 is approved.

Respectfully submitted,
(Signed) ARTHUR B. LANGLIE,
Governor.

March 20, 1951.

To the Honorable . .
The Senate of the State of Washington
(Through the Secretary of State)

Gentlemen:

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval, as to the last unnumbered item of section 4, **Senate Bill No. 393**, entitled:

“An Act relating to public highways; establishing certain primary and secondary state highways; providing for flight strips; and amending certain sections of the highway code in regard thereto; making appropriations for public highways from the motor vehicle and highway equipment funds; making appropriations for surveys and studies of highways; providing for flight strips; declaring an emergency; and that sections 12 to 29, inclusive, of this act shall take effect April 1, 1951.”

The last unnumbered item of section 4 of the act establishes Secondary State Highway No. 21 from Virden to Woldale. This is an attempt to load an unnecessary and expensive piece of highway on the state.

For this reason the last unnumbered item of section 4 of the act is vetoed and the remainder of the bill is approved.

Respectfully submitted,
(Signed) ARTHUR B. LANGLIE,
Governor.

MESSAGE FROM THE SECRETARY OF STATE

**DEPARTMENT OF STATE
OFFICE OF THE SECRETARY**

Olympia, Washington, March 27, 1951.

To the Honorable The President of the Senate, The Legislature of the State of Washington, Olympia, Washington.

SIR:

I have the honor to transmit herewith pursuant to section 12, Article III of the Constitution of the State of Washington for the consideration of the State Senate, certified copies of the following bills passed by the House and Senate in the Legislative Session of 1951, and *partially* vetoed by the Governor, together with his veto message attached thereto.

They are Senate Bills Nos. 379 and 393.

Respectfully

EARL COE,

Secretary of State.

State of Washington, Executive Department,
Olympia, March 19, 1951.

*To the Honorable The Senate of the State of Washington
(Through the Secretary of State)*

GENTLEMEN:

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval as to sections 6, 7, 8, 10 and 21, Senate Bill No. 379, entitled:

"An Act to be known as the "Subversive Activities Act," defining the crime of sedition and of being a subversive person or organization and prescribing the punishment and penalties thereof; relating to the loyalty of candidates for public office and prescribing procedures of filing for election to public office; relating to the loyalty of officers and employees of the state or of any political subdivision thereof; prescribing procedures and providing for employment and discharge thereof; providing for the appointment of a special assistant attorney general, prescribing the duties thereof; making an appropriation; and declaring an emergency."

My disapproval of sections 6, 7, 8 and 10 is for the purpose of avoiding redundancy and the setting up of new administrative machinery which I deem unnecessary. Existing law provides ample means for enforcement of the provisions of this act and for this reason I disapprove and veto the provisions for the appointment of a special assistant attorney general charged with its enforcement.

I disapprove and veto section 21 for the reason that the \$50,000.00 appropriation provided therein is unnecessary since existing law also provides adequate support for the officials regularly charged with law enforcement who, under their oaths of office, will also have the responsibility of enforcing Senate Bill No. 379.

With the exceptions of the foregoing items, which are vetoed, the remainder of Senate Bill No. 379 is approved.

Respectfully submitted,

ARTHUR B. LANGLIE, *Governor.*

State of Washington, Executive Department,
Olympia, March 20, 1951.

*To the Honorable The Senate of the State of Washington
(Through the Secretary of State)*

GENTLEMEN:

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval, as to the last unnumbered item of section 4, Senate Bill No. 393, entitled:

"An Act relating to public highways; establishing certain primary and secondary state highways; providing for flight strips; and amending certain sections of the highway code in regard thereto; making appropriations for public highways from the motor vehicle and highway equipment funds; making appropriations for surveys and studies of highways; providing for flight strips; declaring an emergency; and that sections 12 to 29, inclusive, of this act shall take effect April 1, 1951."

The last unnumbered item of section 4 of the act establishes Secondary State Highway No. 21 from Virden to Woldale. This is an attempt to load an unnecessary and expensive piece of highway on the state.

For this reason the last unnumbered item of section 4 of the act is vetoed and the remainder of the bill is approved.

Respectfully submitted,

ARTHUR B. LANGLEIE, *Governor.*

MESSAGE FROM THE SECRETARY OF STATE

DEPARTMENT OF STATE
OFFICE OF THE SECRETARY

Olympia, Washington, March 27, 1951.

To the Honorable the President of the Senate, The Legislature of the State of Washington, Olympia, Washington.

SIR:

I have the honor to transmit herewith pursuant to section 12, article III of the Constitution of the State of Washington, for the consideration of the State Senate, the following bills passed by the House and Senate in the Legislative Session of 1951, and vetoed by the Governor, together with his veto message attached thereto.

They are Senate Bills Nos. 72, 85, 211 and 316.

Respectfully,

EARL COE, *Secretary of State.*

State of Washington, Executive Department,
Olympia, March 19, 1951.

*To the Honorable The Senate of the State of Washington
(Through the Secretary of State)*

GENTLEMEN:

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval, Senate Bill No. 72, entitled:

"An Act relating to the Washington Toll Bridge Authority; regulating the operation of the Puget Sound ferry and toll bridge system by such Authority; providing for the settlement or disposal of certain claims arising during the course of such operations; establishing a permanent revolving fund for certain engineering investigations thereby; and making an appropriation from the motor vehicle fund therefor; and making a further appropriation from the motor vehicle fund for an investigation by said Authority into projects for the solution of the cross-sound transportation problem; amending sections 47.60.140, 47.64.070, and 47.60.100, R.C.W.; adding new sections to chapter 47.60, R.C.W.; and declaring an emergency."

After this Senate bill was engrossed, the House amended it further by adding new sections. The sections 1 to 6 inclusive in the engrossed bill became sections 14 to 19 in the bill as amended.

In the engrossed bill reference was made to the provisions of sections 1 and 3 of the act but these references were not changed in making the amendments. The act as passed, therefore, contained a number of erroneous references.

When this was discovered, a new act was passed to correct these errors (House Bill No. 626). Senate Bill No. 72 is therefore unnecessary and should not be allowed to become law. For that reason Senate Bill No. 72 is vetoed.

Respectfully submitted,

ARTHUR B. LANGLEIE, *Governor.*

State of Washington, Executive Department,
Olympia, March 19, 1951.

*To the Honorable The Senate of the State of Washington
(Through the Secretary of State)*

GENTLEMEN:

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval, Senate Bill No. 85, entitled:

"An Act relating to pinball machines; providing for the licensing thereof; defining crimes; and prescribing penalties."

Either by inadvertence or design the act contains this peculiar provision:

"Provided, no person not a resident of the state for a period of less than five consecutive years prior to the date of application may apply for license"

This would appear to make the act available only to those who have lived in the state less than five years, which is clearly a discriminatory provision.

This bill attempts to legalize and would license pinball machines in the State of Washington.

I am opposed to allowing the return of these gambling devices. Instead of adding to the economic life of our people these machines have become a means of diverting large sums of money from the legitimate channels of business and industry.

Some argue that these devices will contribute substantial amounts of taxes and fees to our cities and counties. Great as our financial needs may be, I am convinced that there are sufficient legitimate and proper means of taxation yet available to balance our budgets without legalizing organized gambling.

For the above reasons Senate Bill No. 85 is vetoed.

Respectfully submitted,

ARTHUR B. LANGLE, Governor.

State of Washington, Executive Department,
Olympia, March 19, 1951.

To the Honorable The Senate of the State of Washington
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval, Senate Bill No. 211, entitled: "An Act relating to absentee voting; and amending chapter 29.12, R.C.W."

This act materially lessens the present statutory requirements with respect to absentee voting. It eliminates the affidavit, dispenses with the necessity of marking the ballot in secret, and relaxes the requirement of returning the ballot by mail.

To relax the present requirements of law applicable to absentee voting to the extent permitted by this act seems a dangerous procedure and might well tend to encourage election frauds and loose practice.

For these reasons Senate Bill No. 211 is vetoed.

Respectfully submitted,

ARTHUR B. LANGLE, Governor.

State of Washington, Executive Department,
Olympia, March 20, 1951.

To the Honorable The Senate of the State of Washington
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval, Senate Bill No. 316, entitled:

"An Act making appropriations and reappropriations for the purchase, condemnation and improvement of land, construction of buildings and improvements at designated state institutions; for the payment of salaries of certain officers and employees of the state and for the operation, maintenance and other expenses of certain state institutions, departments and offices; for the relief of certain individuals, corporations, counties and municipalities; for refunds and for deficiencies and for emergencies, and for appropriation of revolving funds, and for purposes specified in certain acts of Congress, and for miscellaneous purposes designated for the fiscal biennium beginning April 1, 1951, and ending March 31, 1953, except as otherwise provided; defining terms, declaring a crime, providing a punishment therefor, limiting allowances and payments, and declaring that this act shall take effect immediately."

In my veto message on House Bill No. 425, the Omnibus Appropriation Bill, I said, "We have analyzed this bill and other appropriation acts and compared them with the anticipated revenues for the next biennium. The moneys appropriated by this bill exceed anticipated revenue by \$45 million. The operating deficit of the current biennium is about \$49 million, which together with the deficit resulting from this bill would place the state \$94 million in the red at the end of the next two year period."

Without substantial increases in revenues it will be impossible for state government to operate under the appropriation bills as passed by the legislature. The banks have indicated that they will refuse to accept state warrants in a relatively short time if the legislature does not balance the budget for the next biennium. If additional revenues are not provided, drastic reductions will have to be made in the moneys allocated to the aged and those in need. The appropriations made available to the schools will fail if sufficient funds are not in the state treasury.

Obviously, the legislature must therefore either revise this budget or provide tax revenues sufficient to meet the desired appropriations. Appropriations and revenues must be considered together. For six years the State of Washington has been spending more money through the state government's general fund than we have been taking in. We have dissipated a \$72 million surplus and are now \$49 million in the red. We cannot longer continue in that direction. It is time that we faced the necessity of operating on a balanced budget.

It is unrealistic and unfair to deceive the people by making specific appropriations to support specific services and then to deny those services by failing and refusing to provide the revenue necessary to make such services financially possible. When the credit of the state is exhausted, appropriations without supporting revenues are meaningless."

These reasons apply equally to this measure. Therefore Senate Bill No. 316 is vetoed.

Respectfully submitted,

ARTHUR B. LANGLEY, *Governor.*

MOTION

On motion of Senator Rogers, the veto messages were received, ordered spread upon the journal, and the vetoed bills and partially vetoed bills were referred to the Committee on Rules and Joint Rules.

MESSAGE OF GOVERNOR ARTHUR B. LANGLIE TO THE EXTRAORDINARY SESSION OF THE THIRTY-SECOND LEGISLATURE MARCH 27, 1951

MR. PRESIDENT, MR. SPEAKER, LADIES AND GENTLEMEN OF THE LEGISLATURE:

Your return to the legislative halls of the state has not only meant a great deal of inconvenience to all of you, but has involved considerable personal sacrifice. This I could not help but realize when I called you back so soon after the adjournment of your 32nd session. Nevertheless, the problems and policies of state finance are so serious that I felt in all honesty no other course was open to me than to ask that you return while these matters are fresh in your minds.

Moreover, the problems become more serious with each passing week. If expenditures are to be made on the basis of the appropriation bills you passed—then any

delay in providing new revenue means higher imposition of taxes to be collected in an ever-shortening period of time. Even now we have lost one month of the twenty-four in the next biennium.

If on the other hand appropriations are to be reduced, all agencies of government should know at once, so that plans can properly be laid for dealing with problems these reductions will bring as the new biennium begins.

Then there is the problem of issuing bonds. The people by their votes and you by legislative act have authorized the issuance of over 100 million dollars worth of state bonds. The obligations to be issued by the state, if and when the Supreme Court approves their legality, are dependent for a favorable sale on the general conditions surrounding the marketing of these bonds. In the interest of sound business for the people of this state, it is incumbent on us to create the most favorable market conditions possible. In doing so we can save hundreds of thousands of dollars over the redemption period of the bonds in interest rates alone. A most important step in that direction is to put our financial house in order at once.

You are familiar with the figures in connection with the general fund. You know that at the close of this biennium we will be approximately 49 million dollars in the red. You know too that on the basis of the appropriation bills that you passed and without new revenues, this deficit would have increased 94 million. In all probability state government could have operated only a few months when serious credit limitations would have been imposed, thus jeopardizing all agencies of government that would depend upon the appropriations made at the 32nd session of the legislature. Since your adjournment we have carefully reviewed the estimates of revenue for the next two years and despite all that has been said to the contrary we are satisfied that our estimates are as close to being accurate, as careful calculation and forecasting can make them.

The scope of matters for your deliberations is not known to me. You, of course, are not limited in this special session. However, I shall not now make any recommendations to you except with respect to the fiscal policies of the state.

In that connection I can but reiterate the essential points of my message to you on January 10, at which time I recommended the moderate budget and the broadening of revenue opportunities for local government. I believe that this is the best answer to the 94 million dollar question which confronts you.

Every consideration since the general session has also strengthened our belief that such a program presents the greatest opportunities for the long range well-being of state and local government, and for giving the people a better opportunity to understand the needs and the responsibilities of these times.

Many years ago, because of the disproportionate tax load that property was carrying, our state embarked upon a policy of tax limitation which took a great burden—almost an overbearing burden of taxes—off of the property owners. As a result of that, the responsibility for raising revenues to support local government shifted rapidly to state government. That burden has been increasing through the years to the point where now the share of taxes raised by state government is completely out of line with proper responsibilities on the local level of government. The error of shifting taxes to the state is being evidenced as each biennium passes. Proper controls and the responsibility for expenditure of funds has been difficult and has developed expansive ideas of spending without the corresponding responsibility for raising revenue. This is not an easy matter to adjust. As I pointed out in my January message, a first step must be to free local government to the maximum extent in allowing them responsibilities not only of administration, but responsibilities for raising funds.

In the regular session of the 32nd legislature just completed, it was evident that it was most difficult for legislators to decide on a proper additional tax source for the State of Washington. Everyone with an interest to protect pressed upon the legislature arguments—whether true, half true, or false—why taxes should not be passed; or why some other tax that would not affect them was better than the one proposed. The legislators were in no position, in many instances, to evaluate accurately this information and on many occasions were unwilling to rely upon the factual information of technicians who had spent considerable time in studying the problem.

The whole question of taxation and revenue as now applied to the poorly defined responsibilities of state and local governments demands objective study. The tax structure and revenue raising procedures of governments in this state are becoming more and more inconsistent with sound principles of effective, representative government.

The problem of basic tax reform, however, is long range in scope and does not

solve our immediate obligations. We must, however, make a start now and that start must be made in the area of local government. If local government continues to look more and more to the state for the financial support of its services, or if the responsibilities of local governments are continuously shifted to the state, the cost to the taxpayer will inevitably be more. More than this, the necessary understanding and cooperation in government deteriorates as the bickering and quarreling over state funds becomes more intensified at each session of the legislature. We must not weaken local self government by keeping from local officials the responsibilities for raising the money they spend for the local services the people want. The myth that the money being spent through the state or federal government does not come out of the pockets of local taxpayers must be exploded now.

In view of the need for a redefinition of financial responsibility, it is necessary that an extensive study be made during the next two years. This study should be made by a well balanced and representative commission of outstanding citizens. In my judgment, the method used by the federal government in setting up the Hoover Commission might well be followed. I therefore suggest that four members be appointed by the House of Representatives, four by the Senate—and that of these eight members not more than two be appointed from each house; and the remaining four members of the twelve man commission be appointed by the governor.

We should furnish sufficient funds to such a commission to enable it to employ the best skills available to give this subject the most careful and painstaking study and review. Surely there are enough able, thoughtful and respected citizens in the State of Washington to make such a study and to establish the integrity of their recommendations. The results of such a study will serve as a guide for all interests in the state in the building of a sound tax structure, consistent with the best in representative government—a guide which places responsibilities where they properly belong and insures the future in the development of constructive government.

There is one problem that requires your immediate attention. Public assistance payments should suffer no delay if severe hardships upon our aged citizens are to be avoided. Therefore, an emergency appropriation is required providing the necessary funds for the month of April. This bill is prepared and I am requesting that you act upon it without delay.

As in the past, the Governor's office and all administrative offices under my jurisdiction are prepared to give you the fullest cooperation and assistance. Let us work together, as servants of all the people, adopt a balanced budget and continue the search for a wise and far-sighted fiscal policy for our state.

Let us be seekers after truth, for it is the truth that keeps us free.

The President announced that the special committee would escort His Excellency, Governor Arthur B. Langlie, to the Governor's Chambers.

The Special Committee thereupon escorted the Governor from the House chamber.

On motion of Mr. Adams, the Joint Session was dissolved.

RULING OF THE PRESIDENT

The President:

"So that the Chair may make its position clear, I refer to Rule 20: 'Messages from the governor, other state officers, and from the House of Representatives may be considered at any time by consent of the Senate.'

"That would only apply to the veto messages themselves, and I think the Senator's point is well taken, that it would not apply to a bill referred to in the veto message. The veto messages themselves can be brought up any time. That is, a particular bill vetoed can be acted upon. But the way this concurrent resolution is drawn up, I don't think you could consider any other bill although it pertains to the same subject. I think that is the purpose of the resolution—to eliminate other bills on the same subject."

Senator Zednick:

"I think the special session was intended only to consider revenue bills and appropriation bills, and not to open the field of legislation. If you are going to consider the subject matter of all the vetoes, you might as well open up the entire field of legislation. I think it would be disastrous to open the field to other legislation, or legislation covered by the bills vetoed."

PARLIAMENTARY INQUIRY

Senator Pearson:

"Could not the Senate consider a certain bill under suspension of the rules?"

RULING OF THE PRESIDENT

The President:

"It would take only a majority vote of both houses. You can by majority vote adopt a concurrent resolution to consider a certain bill."

Senator Zednick moved the previous question, and was sustained by Senators Lee and Rogers.

The previous question was ordered.

Senator Dixon moved the adoption of the following amendment:

Amend the resolution at the end of line 2 after the words "from the Governor", by adding the following: "veto messages or the subject matter covered by such vetoed bills"

On motion of Senator Zednick, the amendment by Senator Dixon was laid on the table.

Senator Rosellini moved the adoption of the following amendment:

Amend line 8 of the original resolution, after the comma (,) and before the word "matters", insert the following: "matters relating to congressional reapportionment,"

Senator Zednick moved that the amendment by Senator Rosellini be laid on the table.

The motion lost.

Senator Sapp moved the previous question, and was sustained by Senators Rosellini and Schroeder.

The amendment by Senator Rosellini was adopted.

The resolution, as amended, was adopted.

"Section 1. Section 82.20.010, R.C.W., as derived from section 12, chapter 228, Laws of 1949, is amended to read as follows:

"There is levied and there shall be collected a tax upon * * * * each sale of real property or any estate or interest in real property (unless the deed, instrument, or writing is deposited in escrow before May 1, 1951) in the amount of one dollar for each one hundred dollars or fractional part thereof of the purchase price. The tax shall be the obligation of the purchaser, but the lien provided for in sec. 7 hereof shall in any event attach at the time of any sale.

"Sec. 2. The term 'sale' shall have its ordinary meaning and shall include any conveyance, grant, assignment, quit-claim, or transfer of the ownership of or title to real property or any estate or interest in real property for a valuable consideration, and any contract for such conveyance, grant, assignment, quit-claim, or transfer, and any lease with an option to purchase real property or any estate or interest in real property or other contract under which possession of the property is given to the purchaser, or any other person by his direction, while title is retained by the vendor as security for the payment of the purchase price.

"The term shall not include a transfer by gift, devise, or inheritance, a transfer of any leasehold interest other than of the type mentioned above, a mortgage or other transfer of an interest in real property merely to secure a debt, nor a transfer in compliance with the terms of any lease or contract upon which the tax as imposed by this chapter has been paid.

"Sec. 3. The term 'purchase price' means the consideration, including money or anything of value, paid or delivered or contracted to be paid or delivered in return for the transfer of the real property or estate or interest in real property, and shall include the amount of any lien, mortgage, or other incumbrance, either given to secure the purchase price, or any part thereof, or remaining unpaid on such property at the time of sale. In the case of leases with option to purchase, the tax commission may provide by regulation for payment of this tax upon the total amount of the installments or rentals contracted to be paid, upon the portion thereof representing the true market value of the real property or estate or interest in real property subject to transfer under the option, or payment on the purchase price at the time of the execution of the option. In any case where the purchase price is not separately stated, or does not reflect the true market value of the real property or estate or interest transferred or to be transferred, the tax commission may render its order establishing the purchase price, which shall correspond as nearly as possible to the true market value at the time of sale.

"Sec. 4. The term 'purchaser' includes all persons included within the meaning of the

word 'buyer' in section 82.02.01, R.C.W., except that it shall not include the United States or the State of Washington.

"Sec. 5. At the time of filing with the county auditor the purchaser, owner, or his agent, shall certify in writing on the instrument the true amount of the purchase price. Any person who shall make any false or fraudulent statement, with intent to defraud the state or evade the payment of this tax or any part thereof shall be guilty of perjury in the second degree; and any corporation or company for which such a false or fraudulent statement is made shall be punished, on conviction thereof, by a fine of not more than one thousand dollars.

"Sec. 6. It shall be unlawful for the county auditor to accept the filing for record or registry of any deed, instrument, or writing without there being affixed thereto stamps in an amount sufficient to pay the tax due on the purchase price certified thereon.

"Sec. 7. The tax shall be a specific lien upon each piece of real property sold from the time of the sale until the tax shall have been paid, which lien may be foreclosed in the manner provided for the foreclosure of mortgages. The lien shall be removed if the deed, instrument, or other writing shall have been filed with the county auditor with stamps affixed thereto in an amount equal to the tax due on the purchase price certified thereon or if the purchaser has obtained from the tax commission or its authorized agent a satisfaction of such lien, which satisfaction may be obtained by proof that sufficient stamps have been affixed to the deed, instrument, or other writing and cancelled as provided in this act.

"Sec. 8. The tax, and any penalties or interest thereon, may be collected by the state by an action of debt against the purchaser, by the issuance of and by collection from the purchaser upon a warrant as provided for in sections 82.32.210, 82.32.220, and 82.09.24, R.C.W., or by foreclosure of the lien provided for in the preceding section, and resort to one course shall not be an election not to pursue the others.

"Sec. 9. It shall be the duty of every licensed real estate broker to report all sales of real property negotiated by him to the tax commission at such intervals and in such manner as the commission shall prescribe. Failure to comply with this section shall be cause for the revocation of his license by the director of licenses.

"Sec. 9-A. Sections 1 to 9, inclusive, of this act shall constitute a part of chapter 82.20, R.C.W., as derived from title VIII, chapter 180, Laws of 1935, as amended, and such chapter shall hereafter be known as the 'Real Estate Transaction Tax.'"

S. R. HOLCOMB, *Chief Clerk.*

REPORT OF FREE CONFERENCE COMMITTEE

Olympia, Wash., April 3, 1951.

MR. PRESIDENT:

We, of your Free Conference Committee, to whom was referred Engrossed Senate Bill No. 9, entitled: "An Act relating to the support of the common schools, providing for the levy by counties of excise taxes upon the sale of real estate for the support thereof, repealing sections 28.47.030 and 28.47.040, R.C.W., and declaring an emergency," have had the same under consideration and we recommend that the attached Senate Bill No. 9 be amended to read as follows, and that the amended bill do pass.

"Section 1. Whenever the boards of directors of more than a majority of the school districts in any county shall adopt resolutions declaring that a need exists for additional funds for the support of the schools, such resolution to be adopted after a public hearing after reasonable notice in each of the respective districts, and shall file the same with the board of county commissioners prior to the first day of May of any year, it shall be the duty of the board of county commissioners to pay to each school district during the ensuing year a sum equal to seventeen cents per day of the attendance credit as determined pursuant to section 28.41.070, R.C.W., for the last completed school year prior to the first day of May of any year. The year during which the payments herein required are to be made shall be from the first day of May to the last day of April, inclusive: *Provided*, That in the event a county, for a period of twelve months prior to the first

day of May of any year, levies a tax of not less than one per cent on the sales of real estate in the county as permitted and provided for in this act and assigns the entire proceeds of one per cent or so much as necessary to make the above payment to the county school fund for distribution to the various school districts, there shall be no further liability upon the county for this purpose.

"Sec. 2. The county commissioners of any county are authorized by ordinance to levy an excise tax upon sales of real estate not exceeding one per cent of the selling price. The rate of the levy shall be determined annually by the commissioners. The proceeds of the tax provided for in this act shall be placed in the county school fund and shall be used exclusively for the support of the common schools: *Provided*, That one-half of one per cent of the proceeds of the tax provided for herein may be placed in the current expense fund of the county.

"Sec. 3. If the excise tax herein authorized shall be levied in any county for a period of twelve or any lesser number of months and it shall appear upon the first day of May of any year that such tax has not produced seventeen cents per day's attendance credit or such proportion thereof as such lesser number of months, or major fraction thereof, during which the tax was levied, bears to twelve, the deficit shall be certified by the board of county commissioners to the State Superintendent of Public Instruction as a charge against the state school equalization fund for the schools of such county. The sum so certified shall be paid to the county treasurer from the state school equalization fund and allotted to the school districts in the same manner as other money is distributed from the county school fund.

"Sec. 4. Sections 28.47.030 and 28.47.040 of the Revised Code of Washington, derived from section 5, subchapter 9, title 3, chapter 97 of the Laws of 1909, as last amended by section 1 of chapter 31 of the Laws of 1949, are hereby repealed.

"Sec. 5. The real estate sales tax provided for herein shall be levied upon each sale of real property located within the county.

"Sec. 6. As used in this act and in any ordinance enacted pursuant thereto, the term 'seller', unless otherwise indicated by the context, shall mean any individual, receiver, assignee, trustee in bankruptcy, trust, estate, firm, co-partnership, joint venture, club, company, joint stock company, business trust, municipal corporation, quasi-municipal corporation, corporation, association, society, or any group of individuals acting as a unit, whether mutual, co-operative, fraternal non-profit or otherwise; but it shall not include the United States or the State of Washington.

"Sec. 7. As so used, the term 'sale' shall have its ordinary meaning and shall include any conveyance, grant, assignment, quit-claim, or transfer of the ownership of or title to real property or any estate or interest in real property for a valuable consideration, and any contract for such conveyance, grant, assignment, quit-claim, or transfer, and any lease with an option to purchase real property or any estate or interest in real property or other contract under which possession of the property is given to the purchaser, or any other person by his direction, while title is retained by the vendor as security for the payment of the purchase price.

"The terms shall not include a transfer by gift, devise, or inheritance, a transfer of any leasehold interest other than of the type mentioned above, a mortgage or other transfer of an interest in real property merely to secure a debt, nor a transfer in compliance with the terms of any lease or contract upon which the tax as imposed by this act has been paid, nor the sale of any grave or lot in an established cemetery.

"Sec. 8. As so used, the term 'selling price' shall mean the consideration, including money or anything of value, paid or delivered or contracted to be paid or delivered in return for the transfer of the real property or estate or interest in real property, and shall include the amount of any lien, mortgage, or other incumbrance, either given to secure the purchase price, or any part thereof, or remaining unpaid on such property at the time of sale.

"Sec. 9. The tax herein provided for and any interest or penalties thereon shall be a specific lien upon each piece of real property sold from the time of sale until the tax shall have been paid, which lien may be enforced in the manner prescribed for the foreclosure of mortgages.

"Sec. 10. The tax levied under this act shall be the obligation of the seller and the county treasurer may, at his option, enforce the obligation through an action of debt against the seller or he may proceed in the manner prescribed for the foreclosure of mortgages and resort to one course of enforcement shall not be an election not to pursue the other.

"Sec. 11. The tax hereby imposed shall be paid to and collected by the county treasurer who shall cause a stamp evidencing satisfaction of the lien to be affixed to the

conveyance prior to its recording. A receipt issued by the county treasurer for the payment of the tax imposed under this act shall be evidence of the satisfaction of the lien imposed hereunder and may be recorded in the manner prescribed for recording satisfactions of mortgages.

"Sec. 12. The board of county commissioners may provide the rate of interest to be levied against delinquent taxes provided for under this act and may prescribe the manner in which sales of real property shall be reported to the county treasurer and the tax paid thereon. The county commissioners may prescribe procedures supplementary to this act.

"Sec. 13. This act is necessary for the immediate support of the state government and its existing public institutions and shall take effect immediately."

POINT OF ORDER

Senator Lindsay:

"It seems to me this embraces two subjects—appropriations and taxes, and is therefore out of order. I would like to direct your attention to Rule 6, of the Joint Rules."

POINT OF ORDER

Senator Rogers:

"Earlier in this special session the President ruled on a matter involving two subjects. The President sustained the point of order that the two subjects could not be contained in the same resolution. The reason for the limitation of a bill containing one subject places the member in an embarrassing position of having to vote for something he does not desire, in order to vote for something he does desire. The revenue part of this bill is not germane to the subject. I propose to submit to the Senate, to be inserted in the journal, a brief directed to the Supreme Court."

The President Pro Tempore assumed the chair.

POINT OF ORDER

Senator Rosellini:

"I think we should wait until the President returns. If he is going to make the ruling, he should hear the arguments."

President Meyers assumed the Chair.

RULING OF THE PRESIDENT

The President:

"The point of order has been raised and the Chair sustained the point of order. These are definitely two distinct questions. Article II, Section 19, of the State Constitution provides: 'No bill shall embrace more than one subject, and that shall be expressed in the title.'"

APPEAL FROM THE DECISION OF THE CHAIR

Senator Greive moved that the Senate appeal from the decision of the Chair, and was sustained by Senators Washington and Sapp.

The President Pro Tempore assumed the Chair.

The President Pro Tempore:

"The question is, shall the decision of the Chair stand as the judgment of the Senate?"

The President in defense of his ruling spoke as follows:

"Because of a provision in the constitution which provides that no bill shall embody more than one subject, obviously it would be distinctly unfair for the Chair to rule that this question would be in order—that of appropriating money and spending money—when we have a parliamentary law that any question can be divided.

"You may be for one thing but against the other. As has been pointed out by Senator Rogers, you may be for appropriating money for schools, but not for collecting the sales tax to provide that money. When you vote for one thing, you vote for both of them. That is the subject of parliamentary law—that a subject can be divided so you can express your approval on one, but dissent on the other.

"A bill cannot embrace two subjects, for that very reason. You would be putting yourself in the embarrassing position of voting against the schools and for the sales tax, or vice versa. You have a right to express yourselves on individual subjects.

"In all my experience these eighteen years the Chair has never seen a conference committee appointed to take care of both the appropriation matter and the taxation matter and bring in a single report which either had to be adopted or rejected without amendment."

POINT OF ORDER

Senator Hall:

"There is ample precedent for a case like this, illustrated in a social security bill with an appropriation in it."

Senator Hall referred to Rule 6, of the Senate Rules and stated:

"I think the ruling of the Chair is in error, and we should not sustain his ruling."

Senator Rosellini:

"Reluctantly I must oppose the decision of the Chair."

Senators Lindsay and Foster spoke in favor of the ruling of the Chair.

Senator Greive spoke against the ruling of the Chair.

Senator Happy:

"What was this Committee asked to do? They were asked to bring in an appropriation bill and not hang onto it a revenue bill that we might object to."

Senators Rogers, Kimball and Eastvold moved the previous question, and the demand was sustained.

The previous question was ordered.

Senator Rogers demanded a roll call, and the demand was sustained by Senators Greive, Lindsay, Foster, Happy, Rosellini, Lindstrom, O'Keefe and Bargreen.

The President Pro Tempore declared the question to be:

"Shall the decision of the Chair stand as the judgment of the Senate? A vote 'aye' sustains the Chair."

The Secretary called the roll on the appeal from the decision of the Chair, and the Senate failed to sustain the decision of the Chair on the following vote: Yeas, 20; nays, 25; absent or not voting, 1.

Those voting yea were: Senators Barlow, Copeland, Cowen, Flanagan, Foster, Ganders, Goodloe, Happy, Jones, Kimball, Lee, Lindsay, McMullen, O'Keefe, Raugust, Riley, Roup, Schroeder, Shannon, Witten—20.

Those voting nay were: Senators Bargreen, Brown, Clark, Dahl, Dixon, Eastvold, Edwards, French, Gallagher, Greive, Hall, Hutchinson, Lindstrom, Pearson, Rogers, Rosellini, Sapp, Sears, Shank, Sutherland, Tisdale, Todd, Washington, Winberg, Zednick—25.

WHEREAS, The most recent public disclosure of organized criminal activities has taken place since the enactment of Senate Concurrent Resolution No. 2 which restricted the matters to be considered by the legislature;

Now, Therefore, *Be It Resolved, By the Senate of the State of Washington, the House concurring, in legislative session assembled:*
