ARTICLE III

REGULATION OF MANUFACTURE, DISTRIBUTION AND DISPENSING OF CONTROLLED SUBSTANCES

NEW SECTION. Sec. 69.50.301. Rules. The state board of pharmacy may promulgate rules and charge reasonable fees of not less than ten dollars or more than fifty dollars relating to the registration and control of the manufacture, distribution, and dispensing of controlled substances within this state.

NEW SECTION. Sec. 69.50.302. Registration Requirements. (a) Every person who manufactures, distributes, or dispenses any controlled substance within this state or who proposes to engage in the manufacture, distribution, or dispensing of any controlled substance within this state, must obtain annually a registration issued by the state board of pharmacy in accordance with its rules.

(b) Persons registered by the board under this act to manufacture, distribute, dispense, or conduct research with controlled substances may possess, manufacture, distribute, dispense, or conduct research with those substances to the extent authorized by their registration and in conformity with the other provisions of this Article.

(c) The following persons need not register and may lawfully possess controlled substances under this act:

(1) an agent or employee of any registered manufacturer, distributor, or dispenser of any controlled substance if he is acting in the usual course of his business or employment; PROVIDED, That this exemption shall not include any agent or employee distributing sample controlled substances to practitioners without an order;

(2) a common or contract carrier or warehouseman, or an employee thereof, whose possession of any controlled substance is in the usual course of business or employment;

(3) an ultimate user or a person in possession of any controlled substance pursuant to a lawful order of a practitioner or in lawful possession of a Schedule V substance.

(d) The board may waive by rule the requirement for registration of certain manufacturers, distributors, or dispensers if it finds it consistent with the public health and safety; PROVIDED, That personal practitioners licensed or registered in the state of Washington under the respective professional licensing acts shall not be required to be registered under this act unless the specific exemption is denied pursuant to section 69.50.305 for violation of any provisions of this act.

(e) A separate registration is required at each principal place of business or professional practice where the applicant manufactures, distributes, or dispenses controlled substances.

(f) The board may inspect the establishment of a registrant or applicant for registration in accordance with the board's rule.

NEW SECTION. Sec. 69.50.303. Registration. (a) The state board of pharmacy shall register an applicant to manufacture or distribute controlled substances included in sections 69.50.204, 69.50.206, 69.50.208, 69.50.210, and 69.50.212 unless it determines that the issuance of that registration would be inconsistent with the public interest. In determining the public interest, the board shall consider the following factors:

(1) maintenance of effective controls against diversion of controlled substances into other than legitimate medical, scientific, or industrial channels;

(2) compliance with applicable state and local law;

(3) any convictions of the applicant under any federal and state laws relating to any controlled substance;

(4) past experience in the manufacture or distribution of controlled substances, and the existence in the applicant's establishment of effective controls against diversion;

(5) furnishing by the applicant of false or fraudulent material in any application filed under this act;

(6) suspension or revocation of the applicant's federal registration to manufacture, distribute, or dispense controlled substances as authorized by federal law; and

(7) any other factors relevant to and consistent with the public health and safety.

(b) Registration under subsection (a) does not entitle a registrant to manufacture and distribute controlled substances in Schedule I or II other than those specified in the registration.

(c) Practitioners must be registered, or exempted under section 69.50.302(d) of this act, to dispense any controlled substances or to conduct research with controlled substances in Schedules II through V if they are authorized to dispense or conduct research under the law of this state. The board need not require separate registration under this Article for practitioners engaging in research with nonnarcotic controlled substances in Schedules II through V where the registrant is already registered under this Article in another capacity. Practitioners registered under federal law to conduct research with Schedule I substances may conduct research with Schedule I substances within this state upon furnishing the board evidence of that federal registration.

(d) Compliance by manufacturers and distributors with the provisions of the federal

law respecting registration entitles them to be registered under this act upon application and payment of the required fee.

NEW SECTION. Sec. 69.50.304. Revocation and Suspension of Registration. (a) A registration, or exemption from registration, under section 69.50.303 to manufacture, distribute, or dispense a controlled substance may be suspended or revoked by the state board of pharmacy upon a finding that the registrant:

(1) has furnished false or fraudulent material information in any application filed under this act;

(2) has been found guilty of a felony under any state or federal law relating to any controlled substance; or

(3) has had his federal registration suspended or revoked to manufacture, distribute, or dispense controlled substances.

(b) The board may limit revocation or suspension of a registration to the particular controlled substance or schedule of controlled substances, with respect to which grounds for revocation or suspension exist.

(c) If the board suspends or revokes a registration, all controlled substances owned or possessed by the registrant at the time of suspension or the effective date of the revocation order may be placed under seal. No disposition may be made of substances under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application therefor, orders the sale of perishable substances and the deposit of the proceeds of the sale with the court. Upon a revocation order becoming final, all controlled substances may be forfeited to the state.

(d) The board shall promptly notify the Bureau of all orders suspending or revoking registration and all forfeitures of controlled substances.

NEW SECTION. Sec. 69.50.305. Procedure for Denial, Suspension or Revocation of Registration. (a) Any registration, or exemption from registration, issued pursuant to the provisions of this act shall not be denied, suspended, or revoked unless the board denies, suspends, or revokes such registration, or exemption from registration, by proceedings consistent with the administrative procedure act, chapter 34.04 RCW.

(b) The board may suspend any registration simultaneously with the institution of proceedings under section 69.50.304, or where renewal of registration is refused, if it finds that there is an imminent danger to the public health or safety which warrants this action. The suspension shall continue in effect until the conclusion of the proceedings, including judicial review thereof, unless sooner withdrawn by the board or dissolved by a court of competent jurisdiction.

NEW SECTION. Sec. 69.50.306. Records of Registrants. Persons registered, or exempted from registration under 69.50.302(d), to manufacture, distribute, dispense, or administer controlled substances under this act shall keep records and maintain inventories in conformance with the record-keeping and inventory requirements of federal law and with any additional rules the state board of pharmacy issues.

NEW SECTION. Sec. 69.50.307. Order Forms. Controlled substances in Schedule I and II shall be distributed by a registrant or person exempt from registration under 69.50.302(d) to another registrant, or person exempt from registration under 69.50.302(d), only pursuant to an order form. Compliance with the provisions of federal law respecting order forms shall be deemed compliance with this section.

NEW SECTION. Sec. 69.50.308. Prescriptions. (a) Except when dispensed directly by a practitioner authorized to prescribe or administer a controlled substance to an ultimate user, no controlled substance in Schedule II may be dispensed without the written prescription of a practitioner.

(b) In emergency situations, as defined by rule of the state board of pharmacy, Schedule II drugs may be dispensed upon oral prescription of a practitioner, reduced promptly to writing and filed by the pharmacy. Prescriptions shall be retained in conformity with the requirements of section 69.50.306. No prescription for a Schedule II substance may be refilled.

(c) Except when dispensed directly by a practitioner authorized to prescribe or administer a controlled substance to an ultimate user, a controlled substance included in Schedule III or IV, which is a prescription drug as determined under RCW 69.04.560, shall not be dispensed without a written or oral prescription of a practitioner. Any oral prescription must be promptly reduced to writing. The prescription shall not be filled or refilled more than six months after the date thereof or be refilled more than five times, unless renewed by the practitioner.

(d) A valid prescription or lawful order of a practitioner, in order to be effective in legalizing the possession of controlled substances, must be issued in good faith for a legitimate medical purpose by one authorized to prescribe the use of such controlled substance. An order purporting to be a prescription not in the course of professional treatment is not a valid prescription or lawful order of a practitioner within the meaning and intent of this act; and the person who knows or should know that he is filling such an order, as well as the person issuing it, can be charged with a violation of this chapter.

(e) A controlled substance included in Schedule V shall not be distributed or dispensed other than for a medical purpose.

NEW SECTION. Sec. 69.50.309. Containers. A person to whom or for whose use any controlled substance has been prescribed, sold, or dispensed by a practitioner, and the owner of any animal for which such controlled substance has been prescribed, sold, or dispensed may lawfully possess it only in the container in which it was delivered to him by the person selling or dispensing the same.

NEW SECTION. Sec. 69.50.500. Powers of Enforcement Personnel.

(a) It is hereby made the duty of the state board of pharmacy, its officers, agents, inspectors and representatives, and all law enforcement officers within the state, and of all prosecuting attorneys, to enforce all provisions of this act, except those specifically delegated, and to cooperate with all agencies charged with the enforcement of the laws of the United States, of this state, and all other states, relating to controlled substances as defined in this act.

(b) Employees of the Washington state board of pharmacy, who are so designated by the board as enforcement officers are declared to be peace officers and shall be vested with police powers to enforce the drug laws of this state, including this act.

NEW SECTION. Sec. 69.50.501. Administrative Inspections. The state board of pharmacy may make administrative inspections of controlled premises in accordance with the following provisions:

(1) For purposes of this section only, "controlled premises" means:

(a) places where persons registered or exempted from registration requirements under this act are required to keep records; and

(b) places including factories, warehouses, establishments, and conveyances in which persons registered or exempted from registration requirements under this act are permitted to hold, manufacture, compound, process, sell, deliver, or otherwise dispose of any controlled substance.

(2) When authorized by an administrative inspection warrant issued pursuant to section 69.50.502 of this act an officer or employee designated by the board, upon presenting the warrant and appropriate credentials to the owner, operator, or agent in charge, may enter controlled premises for the purpose of conducting an administrative inspection.

(3) When authorized by an administrative inspection warrant, an officer or employee designated by the board may:

(a) inspect and copy records required by this act to be kept;

(b) inspect, within reasonable limits and in a reasonable manner, controlled premises and all pertinent equipment, finished and unfinished material, containers and labeling found therein, and, except as provided in subsection (5) of this section, all other things therein, including records, files, papers, processes, controls, and facilities bearing on violation of this act; and

(c) inventory any stock of any controlled substance therein and obtain samples thereof;

(4) This section does not prevent the inspection without a warrant of books and records pursuant to an administrative subpoena issued in accordance with chapter 34.04 RCW, nor does it prevent entries and administrative inspections, including seizures of property, without a warrant:

(a) if the owner, operator, or agent in charge of the controlled premises consents;

(b) in situations presenting imminent danger to health or safety;

(c) in situations involving inspection of conveyances if there is reasonable cause to believe that the mobility of the conveyance makes it impracticable to obtain a warrant;

(d) in any other exceptional or emergency circumstance where time or opportunity to apply for a warrant is lacking; or,

(e) in all other situations in which a warrant is not constitutionally required;

(5) An inspection authorized by this section shall not extend to financial data, sales data, other than shipment data, or pricing data unless the owner, operator, or agent in charge of the controlled premises consents in writing.

NEW SECTION. Sec. 69.50.502. Warrants for Administrative Inspections. Issuance and execution of administrative inspection warrants shall be as follows:

(1) A judge of a superior court, or a judge of a district court within his jurisdiction, and upon proper oath or affirmation showing probable cause, may issue warrants for the purpose of conducting administrative inspections authorized by this act or rules hereunder, and seizures of property appropriate to the inspections. For purposes of the issuance of administrative inspection warrants, probable cause exists upon showing a valid public interest in the effective enforcement of this act or rules hereunder, sufficient to justify administrative inspection of the area, premises, building or conveyance in the circumstances specified in the application for the warrant;

(2) A warrant shall issue only upon an affidavit of a designated officer or employee having knowledge of the facts alleged, sworn to before the judge and establishing the grounds for issuing the warrant. If the judge is satisfied that grounds for the application exist or that there is probable cause to believe they exist, he shall issue a warrant identifying the area, premises, building, or conveyance to be inspected, the purpose of the inspection, and, if appropriate, the type of property to be inspected, if any. The warrant shall:

(a) state the grounds for its issuance and the name of each person whose affidavit has been taken in support thereof;

(b) be directed to a person authorized by section 69.50.500 to execute it;

(c) command the person to whom it is directed to inspect the area, premises, building, or conveyance identified for the purpose specified and, if appropriate, direct the seizure of the property specified;

(d) identify the item or types of property to be seized, if any;

(e) direct that it be served during normal business hours and designate the judge to whom it shall be returned;

(3) A warrant issued pursuant to this section must be executed and returned within ten days of its date unless, upon a showing of a need for additional time, the court orders otherwise. If property is seized pursuant to a warrant, a copy shall be given to the person from whom or from whose premises the property is taken, together with a receipt for the property taken. The return of the warrant shall be made promptly, accompanied by a written inventory of any property taken. The inventory shall be made in the presence of the person executing the warrant and of the person from whose possession or premises the property was taken, if present, or in the presence of at least one credible person other than the person executing the warrant. A copy of the inventory shall be delivered to the person from whom or from whose premises the property was taken and to the applicant for the warrant;

(4) The judge who has issued a warrant shall attach thereto a copy of the return and all papers returnable in connection therewith and file them with the clerk of the court in which the inspection was made.

NEW SECTION. Sec. 69.50.503. Injunctions. (a) The superior courts of this state have jurisdiction to restrain or enjoin violations of this act.

(3) all property which is used, or intended for use, as a container for property described in paragraphs (1) or (2);

(4) all conveyances, including aircraft, vehicles or vessels, which are used, or intended for use, to transport, or in any manner to facilitate the transportation, for the purpose of sale or receipt of property described in paragraph (1) or (2), but:

(i) no conveyance used by any person as a common carrier in the transaction of business as a common carrier is subject to forfeiture under this section unless it appears that the owner or other person in charge of the conveyance is a consenting party or privy to a violation of this act;

(ii) no conveyance is subject to forfeiture under this section by reason of any act or omission established by the owner thereof to have been committed or omitted without his knowledge or consent;

(iii) a conveyance is not subject to forfeiture for a violation of section 69.50.401(c); and

(iv) a forfeiture of a conveyance encumbered by a bona fide security interest is subject to the interest of the secured party if he neither had knowledge of nor consented to the act or omission.

(5) all books, records, and research products and materials, including formulas, microfilm, tapes, and data which are used, or intended for use, in violation of this act.

(b) Property subject to forfeiture under this act may be seized by any board inspector or law enforcement officer of this state upon process issued by any superior court having jurisdiction over the property. Seizure without process may be made if:

(1) the seizure is incident to an arrest or a search under a search warrant or an inspection under an administrative inspection warrant;

(2) the property subject to seizure has been the subject of a prior judgment in favor of the state in a criminal injunction or forfeiture proceeding based upon this act;

(3) a board inspector or law enforcement officer has probable cause to believe that the property is directly or indirectly dangerous to health or safety; or

(4) the board inspector or law enforcement officer has probable cause to believe that the property was used or is intended to be used in violation of this act.

(c) In the event of seizure pursuant to subsection (b), proceedings under subsection (d) shall be instituted promptly.

(d) Property taken or detained under this section shall not be subject to replevin, but is deemed to be in the custody of the board or seizing law enforcement agency subject only to the orders and decrees of the superior court having jurisdiction over the forfeiture proceedings. When property is seized under this act, the board or seizing law enforcement agency may:

(1) place the property under seal;

(2) remove the property to a place designated by it; or

(3) request the appropriate sheriff or director of public safety to take custody of the property and remove it to an appropriate location for disposition in accordance with law.

(e) When property is forfeited under this act the board or seizing law enforcement agency may:

(1) retain it for official use or upon application by any law enforcement agency of this state release such property to such agency for the exclusive use of enforcing the provisions of this act;

(2) sell that which is not required to be destroyed by law and which is not harmful to the public. The proceeds shall be used for payment of all proper expenses of the proceedings for forfeiture and sale, including expenses of seizure, maintenance of custody, advertising and court costs;

(3) request the appropriate sheriff or director of public safety to take custody of the property and remove it for disposition in accordance with law; or

(4) forward it to the Bureau for disposition.

(f) Controlled substances listed in Schedule I, II, III, IV and V that are possessed, transferred, sold, or offered for sale in violation of this act are contraband and shall be seized and summarily forfeited to the state. Controlled substances listed in Schedule I, II, III, IV and V, which are seized or come into the possession of the board, the owners of which are unknown, are contraband and shall be summarily forfeited to the board.

(g) Species of plants from which controlled substances in Schedules I and II may be derived which have been planted or cultivated in violation of this act, or of which the owners or cultivators are unknown, or which are wild growths, may be seized and summarily forfeited to the board.

(h) The failure, upon demand by a board inspector or law enforcement officer, of the person in occupancy or in control of land or premises upon which the species of plants are growing or being stored, to produce an appropriate registration, or proof that he is the holder thereof, constitutes authority for the seizure and forfeiture of the plants.

NEW SECTION. Sec. 69.50.506. Burden of Proof; Liabilities. (a) It is not necessary for the state to negate any exemption or exception in this act in any complaint, information, indictment or other pleading or in any trial, hearing, or other proceeding under this act. The burden of proof of any exemption or exception is upon the person claiming it.

(b) In the absence of proof that a person is the duly authorized holder of an appropriate registration or order form issued under this act, he is presumed not to be the holder of the registration or form. The burden of proof is upon him to rebut the presumption.

(c) No liability is imposed by this act upon any authorized state, county or municipal officer, engaged in the lawful performance of his duties.

NEW SECTION. Sec. 69.50.507. Judicial Review. All final determinations, findings and conclusions of the state board of pharmacy under this act are final and conclusive decisions of the matters involved. Any person aggrieved by the decision may obtain review of the decision in the superior court wherein he resides or in the superior court of Thurston county, such review to be in conformity with the administrative procedure act, chapter 34.04 RCW.

NEW SECTION. Sec. 69.50.508. Education and Research. (a) The state board of pharmacy may carry out educational programs designed to prevent and deter misuse and abuse of controlled substances. In connection with these programs it may:

(c) The board may enter into contracts for educational and research activities without performance bonds.

(d) The board may authorize persons engaged in research on the use and effects of controlled substances to withhold the names and other identifying characteristics of individuals who are the subjects of the research. Persons who obtain this authorization are not compelled in any civil, criminal, administrative, legislative, or other proceeding to identify the individuals who are the subjects of research for which the authorization was obtained.

(e) The board may authorize the possession and distribution of controlled substances by persons engaged in research. Persons who obtain this authorization are exempt from state prosecution for possession and distribution of controlled substances to the extent of the authorization.

NEW SECTION. Sec. 69.50.509. Search and Seizure of Controlled Substances. MOTION

On motion of Senator Greive, the Senate immediately commenced consideration of Engrossed House Bill No. 463.

SECOND READING

ENGROSSED HOUSE BILL NO. 463, by Representatives Brown, Kilbury and Kiskaddon (by executive and Secretary of State request):

Providing for annual general elections and prorating costs thereof between state and governmental subdivisions.

The bill was read the second time by sections.

Senator Greive moved adoption of the following amendment:

On page 1, line 9, of the engrossed bill, being line 7 of the printed bill, following the enacting clause, insert a new section as follows:

"*NEW SECTION.* Section 1. It is a major consideration and purpose of the legislature in enacting an annual election measure at this time to facilitate and achieve legislative redistricting in compliance with the requirements of the constitution of the United States and of the state of Washington."

Remember the succeeding sections.

POINT OF INQUIRY

Senator Holman: "Will Senator Greive yield to a question? Senator, I believe you said you had three amendments. Could you tell us briefly what they are? Are they all about the same thing?"

Senator Greive: "No, they do several things to this particular piece of legislation. One declares the intention and that is designed to satisfy the federal courts and is in line with what we believe the federal decisions are, after considerable research. One strikes down the sentence including '1973' which means that there would be no restrictions as far as an immediate initiative. The final one is, final two really, is one is a nonseverable clause. Now we realize that it is something new. We are thoroughly convinced that the courts will uphold that, and finally we have an emergency clause."

Senator Holman: "Is it fair to say then that they all are intended for the purpose of solving this problem of getting to redistricting?"

Senator Greive: "Yes, we feel that having tried every conceivable method of compromise, having begged somebody to talk to us, having been down there one hundred and twenty days and talked to virtually every member of the legislature, having been getting a constant stream of Republicans telling me how much fairer this is and how they would like to vote for it but by some magic hold their party will not let them vote for it, having to get a lot of guff from Democrats who do not like it but most of whom would go along, because they feel that it is the only way out. We feel it is time to submit this matter to the people and let them make the decision."

Senator Holman: "Mr. President, I would like to ask Senator Greive one more question. I believe you said in your main remarks that you are opposed to annual elections generally but for this purpose you felt it would be a good idea?"

Senator Greive: "I said that it is a matter of equity. If I did not I should have said my position simply is that I have always felt that annual elections, for a variety of reasons, were not a very good thing but I feel if it is necessary to redistrict for this next ten years, that is just one of the compromises that a man has to make in this body."

Debate ensued.

The motion by Senator Greive carried and the amendment was adopted.

On motion of Senator Greive, the following amendments were adopted:

On page 2, section 1, line 16, of the engrossed bill, being page 2, line 9 of the printed bill, after "law." strike all the matter down to and including "1973." on line 17 of the engrossed bill.

On page 4, line 27, following section 6, add two new sections to read as follows:

"*NEW SECTION.* Sec. 7. The legislature intends that the provisions of this act shall be nonseverable. If any provisions of this act, or any part thereof, or its application to any person or circumstance is held invalid by any court or if the governor should veto any of the sections, provisions or items of this act, including this section or any provision or item of this section the entire act and all provisions thereof shall be inoperative and null and void.

NEW SECTION. Sec. 8. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

On motion of Senator Greive, the following amendment to the title was adopted:

On line 6 of the title, following "29.13 RCW" insert "adding new sections;"

MOTIONS

On motion of Senator Woodall, the rules were suspended, and Senator Woodall was excused to attend a Conference Committee meeting.

On motion of Senator Greive, the rules were suspended, Engrossed House Bill No. 463,

as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

On motion of Senator Greive, Engrossed House Bill No. 463, as amended by the Senate, was ordered placed at the end of today's third reading calendar.

On motion of Senator Greive, the Senate dispensed with the Call of the Senate.

There being no objection, the Senate returned to the second order of business.

NEW SECTION. Sec. 94. The word "agency" used herein means and includes every state government office, officer, each institution, whether educational, correctional, or other, and every department, division, board and commission, except as otherwise provided in this act.

The phrase "agencies headed by elective officials" used herein shall mean those executive offices or departments of the state which are directly supervised, administered, or controlled by the governor, lieutenant governor, secretary of state, treasurer, auditor, attorney general, superintendent of public instruction, commissioner of public lands, or insurance commissioner, but it shall not include those boards, commissions, or committees on which one or more of the above-named officials serve.

NEW SECTION. Sec. 95. In order to carry out the provisions of these appropriations and the state budget, the director of the office of program planning and fiscal management with the approval of the governor, may:

(1) Allot all of any portion of the funds herein appropriated or included in the state budget, to the various agencies by such periods as he shall determine and may place any funds not so allotted in reserve available for subsequent allotment: *Provided*, That the director of the office of program planning and fiscal management shall not alter allotment requests filed with him, nor shall he place in reserve any funds, for the following: Washington State Apple Advertising Commission; Washington State Fruit Commission, Washington Dairy Products Commission or any agricultural commodity commission created under the provisions of Chapter 15.66 RCW; the legislative branch of state government including the legislative council, the legislative budget committee, the statute law committee, and any legislative interim committee; or the judicial branch of state government: *Provided*, That the director of the office of program planning and fiscal management may alter the allotment requests of state colleges and universities in the following cases: (a) When necessary to reflect legislative intent as set forth in the executive budget as accepted or modified by the legislature in the Senate or House Journals or in any formal communication from the Legislative Budget Committee; (b) When necessary to limit total state expenditures to available revenues as required by RCW 43.88.110(2); (c) When an agency proposes the expenditure of a resource not disclosed in the budget request submitted to the Governor and Legislature: *Provided, however*, That the aggregate of allotments for any agency shall not exceed the total of applicable appropriations and local funds available to the agency concerned. It shall be unlawful for any officer or employee to incur obligations in excess of approved allotments or to incur a deficiency and any obligation so made shall be deemed invalid. Nothing in this section or in chapter 328, Laws of 1959, shall prevent revision of any allotment when necessary to prevent the making of expenditures under appropriations in this act in excess of available revenues.

(2) Issue rules and regulations to establish uniform standards and business practices throughout the state service, including regulation of travel by officers and employees and the conditions under which per diem shall be paid, so as to improve efficiency and conserve funds.

(3) Prescribe procedures and forms to carry out the above.

(4) Allot funds from appropriations in this act in advance of July 1, 1971; for the sole purpose of authorizing agencies to order goods, supplies, or services for delivery after July 1, 1971: *Provided*, That no expenditures may be made from the

appropriations contained in this act, except as otherwise provided, until after July 1, 1971.

NEW SECTION. Sec. 96. The Legislative Budget Committee shall review the methods and procedures used by the state's colleges, universities, community colleges, and the state board for community college education in determining and reporting student enrollments to the office of program planning and fiscal management and the council on higher education. The Legislative Budget Committee shall also, each fiscal year, make periodic field audits of the accuracy of such procedures and information.

NEW SECTION. Sec. 97. For the public four-year colleges and universities and community colleges, it is the intent of the legislature that the minimum average weekly faculty classroom contact hours beginning academic year 1971-72 equal the following:

It shall be the responsibility of the Council on Higher Education to develop uniform definitions and guidelines to carry out the provisions of this section and to report during the interim to the Legislative Budget Committee on the status of its report. The Council shall submit a comprehensive report to the 1973 session of the legislature concerning the implementation of these provisions on faculty classroom contact hours.

NEW SECTION. Sec. 98. Any receipts from federal sources, gifts or grants, or other sources in excess of those estimated in the budget may be received by the governor and deposited in the state treasury or other depository provided by law. Any proposal to expend moneys from an appropriated fund or account in excess of appropriations provided by law, based on the receipt of unanticipated revenues, shall be submitted to the state legislature, if it is in session, or to the legislative budget committee during the interim between legislative sessions. The legislative budget committee may authorize the expenditure of unanticipated receipts during the legislative interim arising from federal sources, gifts or grants, by a majority of the members of the committee. Whenever possible, unanticipated federal or other revenues which were not anticipated by the governor's budget or in the appropriations enacted by the legislature shall be used to support regular agency programs instead of using funds appropriated from state taxes or similar revenue sources.

NEW SECTION. Sec. 99. In the event that receipts shall be less than those estimated in the budget from any source expenditures shall be limited to the amount received and allotments made as provided in section 95. Receipts for purposes of this section shall include amounts realized within one calendar month following the close of a fiscal period and applicable to expenditures of that period. The amount of such payment shall be credited to and shall be treated for all purposes as having been collected during the fiscal period.

NEW SECTION. Sec. 100. Agencies are authorized to make refunds of erroneous or excessive payments and in the case of other refunds, which may be provided by law, without express appropriation therefor.

NEW SECTION. Sec. 101. Whenever allocations are made from the governor's emergency appropriation to an agency which is financed by other than general fund moneys, the director of the office of program planning and fiscal management may direct the repayment of such allocated amount to the general fund from any balance in the fund or funds which finance such agency. No appropriations shall be necessary to effect such repayment.

NEW SECTION. Sec. 102. In addition to the amounts appropriated in this act for revenue for distribution and bond retirement and interest, and interest on registered warrants, there is also appropriated such further amounts as may be required or available for these purposes under any statutory formula or under any proper bond covenant made in accordance with law.

NEW SECTION. Sec. 103. Amounts received by an agency as reimbursements

pursuant to RCW 43.09.210 shall be considered as returned loans of materials supplied or services rendered. Such amounts may be expended as a part of the original appropriation of the fund to which it belongs, without further or additional appropriation, subject to conditions and procedures prescribed by the director of the office of program planning and fiscal management which shall provide for determination of full costs, disclosure of such reimbursements in the governor's budget, maximum interagency usage of data processing equipment and services and such restrictions as will promote more economical operations of state government without incurring continuing costs beyond those reimbursed.

NEW SECTION. Sec. 104. In order to obtain maximum interagency use of aircraft, the Aeronautics Commission, in accordance with RCW 43.09.210 and chapter 39.34 RCW is hereby authorized to lease, purchase or otherwise acquire suitable aircraft which shall be utilized for the purposes of the Aeronautics Commission and also by other state agencies which have a need for an aircraft to carry out agency assigned responsibilities: *Provided*, That the Aeronautics Commission is further authorized to enter into contractual agreements with other state agencies in order to acquire aircraft, establish rental rates for aircraft under their control, provide pilot services, aircraft maintenance and make such other provisions as necessary to provide aircraft and related services for multi-agency use: *Provided further*, That in order to achieve economy in the use of the appropriations contained within this act no state agency may purchase an aircraft or enter into a flying service or aircraft rental contract without first seeking such service from the Aeronautics Commission and without prior approval of the director of the office of program planning and fiscal management.

NEW SECTION. Sec. 105. All Contract personal services contracts except those for medical and health care and such other contracts which the director of the office of program planning and fiscal management may exempt after consultation with the Legislative Budget Committee shall be filed with the Office of Program Planning and Fiscal Management and the Legislative Budget Committee prior to obligating any portion of the appropriations approved in this act.

NEW SECTION. Sec. 106. Within the rules and regulations of the Department of Personnel, as applicable, in the filling of vacant positions and in the filling of new positions of employment in state government, including the four-year institutions of higher learning and the community colleges and positions in the offices of elective officials, preference shall be given, where necessary, to nonwhite and Mexican-American applicants in order to attain the same minority employment ratio in each agency as obtains in the population of the state at large.

NEW SECTION. Sec. 107. It is the intent of the Legislature that no salary increase be granted in the same job classification to any individual in the employ of the state whose salary is funded by the provisions of this act, including those individuals employed by the six units of higher education, those employed by elected officials or those employed by the community colleges throughout the 1971-73 fiscal period.

NEW SECTION. Sec. 108. Each state agency, from its general fund appropriation, shall transmit each month to the Washington public employees' retirement system the amount of its total monthly expenditures for salaries and wages as required by law for employees covered by the Washington public employees' retirement system, such amount to constitute the employer contribution during the 1971-73 biennium: *Provided*, That in order to comply with the provisions of this section the following appropriations from the following funds and accounts, or such amounts as are required by law, are hereby appropriated for the 1971-73 employer portion of the public employees' retirement system contributions:

NEW SECTION. Sec. 109. It is the intention of the legislature that the expenditure of funds for out of state travel by state employees in executive branch agencies be held to a minimum level consistent with economy, frugality and effectiveness in state government. No funds from appropriations to executive branch agencies made by this act shall be expended for out of state travel costs or related per diem expense of state employees other than elected state officials in executive branch agencies without the prior written approval of the

Director of the Office of Program Planning and Fiscal Management or his designee. The Director of the Office of Program Planning and Fiscal Management, or his designee, shall grant such approval only on his finding that the proposed travel is consistent with the economic, efficient and effective management of state agencies and programs. For the purposes of this section, "out-of-state travel" does not include travel between the State of Washington and the contiguous states of Idaho and Oregon. Each state agency shall submit a monthly report to the Office of Program Planning and Fiscal Management of each out-of-state trip which has occurred during the previous month, including the name of the traveler, the destination, the period of absence from the state, the cost of the trip from state, federal, or other funds, and the specific benefit to the state which justified the trip. The Director of the Office of Program Planning and Fiscal Management shall submit this information, together with any comments he believes appropriate with regard to out-of-state travel to the 1973 session of the legislature, through the Legislative Budget Committee.

NEW SECTION. Sec. 110. There is appropriated to the public school building bond redemption fund of 1965 established by RCW 28A.47.777 from the common school construction fund established by Article IX, section 3 of the Washington Constitution for the biennium ending June 30, 1973, the sum of six hundred five thousand one hundred and ninety-four dollars: PROVIDED, That the sum appropriated shall come only from that portion of the common school construction fund derived from interest on the permanent common school fund during the 1971-73 biennium.

NEW SECTION. Sec. 111. There is appropriated to the state parks and recreation commission from the general fund, for the biennium ending June 30, 1973, the sum of one million three hundred twenty-two thousand nine hundred sixty-eight dollars: PROVIDED, That the sum appropriated shall be used by the commission either for the payment of rentals to the department of natural resources as may be required by law for the use of state trust lands withdrawn for state park purposes or for the acquisition of such lands: PROVIDED, FURTHER, That the sum appropriated by this section shall be in addition to all other moneys appropriated to the state parks and recreation commission during the 1971-73 biennium. Any rent or acquisition payments on such park lands received by the department of natural resources during the 1971-73 biennium shall be deposited to the applicable trust land account without any deduction by the department of natural resources for management or other purposes.

NEW SECTION. Sec. 112. It is the intent of the legislature that no state funds appropriated in this act shall be used to finance summer or interim student internships in state government.

NEW SECTION. Sec. 113. It is the intent of the legislature that no funds from any appropriation contained in this act shall be used to pay yearly merit increments resulting from employee longevity during the 1971-73 biennium for those employees whose salary computed on an annual basis as of July 1, 1971 exceeds \$15,000 per annum.

NEW SECTION. Sec. 114. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 115. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

Signed by: Senators Durkan, Atwood and Dore; Representatives Goldsworthy, Kopet and Brouillet.

MOTION

Senator Durkan moved that the report of the Free Conference Committee on Engrossed Substitute House Bill No. 151 be adopted.

Debate ensued.

POINT OF INQUIRY

Senator Lewis: "Would Senator Dore yield to a question? Senator, is it the intent of Section 107 to preclude the granting of merit or longevity increases during the 1971-73 biennium?"

Senator Dore: "No. The intent incorporated in Section 107 applies only to salary increases in the same job classification and not to normal step increases or to increments resulting from employee longevity, except longevity increases for those individuals earning in excess of \$15,000 per annum as expressed in Section 113."

Further debate ensued.

Senators Henry, Bailey and Clarke demanded the previous question and the demand was sustained.

The President declared the question before the Senate to be the motion by Senator Durkan that the Free Conference Committee report on Engrossed Substitute House Bill No. 151 be adopted.

The motion carried.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 151, as amended by the Free Conference Committee, and the bill passed the Senate by the following vote: Yeas, 31; nays, 16; absent or not voting, 1; excused, 1.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Clarke, Connor, Day, Donohue, Dore, Durkan, Elicker, Foley, Gardner, Greive, Henry, Herr, Jolly, Keefe, Lewis, McCutcheon, Murray, Odegaard, Peterson (Lowell), Peterson (Ted), Sandison, Scott, Talley, Twigg, Walgren, Whetzel, Wilson—31.

Voting nay: Senators Cooney, Fleming, Francis, Gissberg, Guess, Holman, Huntley, Knoblauch, McDougall, Mardesich, Metcalf, Newschwander, Ridder, Stortini, Washington, Woodall—16.

Absent or not voting: Senator Matson—1.

Excused: Senator Stender—1.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 151, as amended by the Free Conference Committee, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

PERSONAL PRIVILEGE

Senator Fleming: "Mr. President, since the Chair did not see me, I did not get to make a couple of remarks on the budget. There are a couple of provisos in that budget that have to do with federal funding that I think the members of this body should have known about because it might create some problems when we have to come back here in January and come up with eleven million dollars or more because of the proviso itself, and the members of the committee, I think, are in doubt whether they would actually take place or be appropriate or not. So I would like to indicate a protest now that I will enter a statement in the Journal."

PERSONAL PRIVILEGE

Senator Durkan: "Mr. President, the other day I was so busy I did not have a chance but I heard some busher talking about switch hitters always striking out. I have not had a chance to check all the records but just talking to my colleagues here today they pointed out that probably two of the great baseball players of all time, Mickey Mantle and Frankie Frisch, were switch hitters. If I am considered a switch hitter in this class, Mr. President, I feel honored and I would just like to let any busher who did not recognize baseball and was confused about fiscal matters be aware of this."

On page 10 after section 16, and the foregoing amendment insert the following new sections:

"NEW SECTION. Sec. 19. The legislature hereby declares it to be in the public interest, and for the protection of the health, welfare and property of the residents of the state of Washington to provide for the orderly and lawful conduct of outdoor music festivals by assuring that proper sanitary, health, fire, safety, and police measures are provided and maintained. This invocation of the police power is prompted by and based upon prior experience with outdoor music festivals where the enforcement of the existing laws and regulations on dangerous and narcotic drugs, indecent exposure, intoxicating liquor, and sanitation has been rendered most difficult by the flagrant violations thereof by a large number of festival patrons.

NEW SECTION. Sec. 20. Nothing in this act shall be construed as precluding counties, cities and other political subdivisions of the state of Washington from enacting ordinances or regulations for the control and regulation of outdoor music festivals nor shall this act repeal any existing ordinances or regulations.

NEW SECTION. Sec. 21. For the purposes of this act the following words and phrases shall have the indicated meanings:

(1) "Outdoor music festival" or "music festival" or "festival" means an assembly of persons gathered primarily for outdoor, live or recorded musical entertainment, where the predicted attendance is two thousand persons or more and where the duration of the program is five hours or longer: PROVIDED, That this definition shall not be applied to any regularly established permanent place of worship, stadium, athletic field, arena, auditorium, coliseum, or other similar permanently established places of assembly for assemblies which do not exceed by more than two hundred fifty people the maximum seating capacity of the structure where the assembly is held: PROVIDED, FURTHER, That this definition shall not apply to government sponsored fairs held on regularly established fairgrounds nor to assemblies required to be licensed under other laws or regulations of the state.

(2) "Promoter" means any person or other legal entity issued a permit to conduct an outdoor music festival.

(3) "Applicant" means the promoter who has the right of control of the conduct of an outdoor music festival who applies to the appropriate legislative authority for a license to hold an outdoor music festival.

(4) "Issuing authority" means the legislative body of the local governmental unit where the site for an outdoor music festival is located.

(5) "Participate" means to knowingly provide or deliver to the festival site supplies, materials, food, lumber, beverages, sound equipment, generators, or musical entertainment and/or to attend a music festival. A person shall be presumed to have knowingly provided as that phrase is used herein after he has been served with a court order.

NEW SECTION. Sec. 22. No person or other legal entity shall knowingly allow, conduct, hold, maintain, cause to be advertised or permit an outdoor music festival unless a valid permit has been obtained from the issuing authority for the operation of such music festival as provided for by this act. One such permit shall be required for each outdoor

music festival. A permit may be granted for a period not to exceed sixteen consecutive days and a festival may be operated during any or all of the days within such period. Any person, persons, partnership, corporation, association, society, fraternal or social organization, failing to comply with the rules, regulations or conditions contained in this act shall be subject to the appropriate penalties as prescribed by this act.

NEW SECTION. Sec. 23. Application for an outdoor music festival permit shall be in writing and filed with the clerk of the issuing authority wherein the festival is to be held. Said application shall be filed not less than sixty days prior to the first scheduled day of the festival and shall be accompanied with a permit fee in the amount of two thousand five hundred dollars. Said application shall include:

(1) The name of the person or other legal entity on behalf of whom said application is made: **PROVIDED**, That a natural person applying for such permit shall be eighteen years of age or older;

(7) The scheduled performances and program;

(8) Written confirmation from the local health officer that he has reviewed and approved plans for site and development in accordance with rules, regulations and standards adopted by the state board of health. Such rules and regulations shall include criteria as to the following and such other matters as the state board of health deems necessary to protect the public's health:

(a) Submission of plans

(b) Site

(d) Sewage disposal

(e) Food preparation facilities

(f) Toilet facilities

(g) Solid waste

(h) Insect and rodent control

(i) Shelter

(j) Dust control

(9) A written confirmation from the appropriate law enforcement agency from the area where the outdoor music festival is to take place, showing that traffic control and crowd protection policing have been contracted for or otherwise provided by the applicant meeting the following conditions:

(a) One person for each two hundred persons reasonably expected to be in attendance at any time during the event for purposes of traffic and crowd control.

(b) The names and addresses of all traffic and crowd control personnel shall be provided to the appropriate law enforcement authority: **PROVIDED**, That not less than twenty percent of the traffic and crowd control personnel shall be commissioned police officers or deputy sheriffs.

(c) During the hours that the festival site shall be open to the public there shall be at least one police officer for every one thousand persons in attendance and said officer shall be on duty within the confines of the actual outdoor music festival site: **PROVIDED**, That the local enforcement authority may authorize an additional or lesser number of police officers to be in attendance at the festival site at such times or in such numbers as he deems necessary in keeping with the provisions of this act. The officers referred to by this subsection shall be counted as part of the twenty percent quota referred to in subsection (b) of subsection (9).

(d) All law enforcement personnel shall be charged with enforcing the provisions of this act and all existing statutes, ordinances and regulations.

(10) A written confirmation from the appropriate law enforcement authority that sufficient access roads are available for ingress and egress to the parking areas of the outdoor music festival site and that parking areas are available which are capable of accommodating one auto for every four persons in estimated attendance at the outdoor music festival site.

(11) A written confirmation from the department of natural resources, where applicable, and the office of the state fire marshal that all fire prevention requirements have been complied with.

(12) A written statement of the applicant that all state and local law enforcement officers, fire control officers and other necessary governmental personnel shall have free access to the site of the outdoor music festival.

(13) A statement that the applicant will abide by the provisions of this act.

(14) The verification of the applicant warranting the truth of the matters set forth in the application to the best of the applicant's knowledge, under the penalty of perjury.

NEW SECTION. Sec. 24. Within twenty-one days after the filing of the application the issuing authority shall either approve or deny the permit to the applicant. Any denial shall set forth in detail the specific grounds therefor. The applicant shall have ten days after the receipt of such denial or such additional time as the issuing authority shall grant to correct

the deficiencies set forth and the issuing authority shall within fourteen days after receipt of such corrections either approve or deny the permit. Any denial shall set forth in detail the specific grounds therefor.

After the applicant has filed corrections and the issuing authority has thereafter again denied the permit, the applicant may within five days after receipt of such second denial seek judicial review of such denial by filing a petition in the superior court for the county of the issuing authority. The review shall take precedence over all other civil actions and shall be conducted by the court without a jury. The court shall, upon request, hear oral argument and receive written briefs and shall either affirm the denial or order that the permit be issued. An applicant may not use any other procedure to obtain judicial review of a denial.

NEW SECTION. Sec. 25. Any local agency requested by an applicant to give written approval as required by section 23 of this act may within fifteen days after the applicant has filed his application apply to the issuing authority for reimbursement of expenses reasonably incurred in reviewing such request. Upon a finding that such expenses were reasonably incurred the issuing authority shall reimburse the local agency therefor from the funds of the permit fee. The issuing authority shall prior to the first scheduled date of the festival return to the applicant that portion of the permit fee remaining after all such reimbursements have been made.

NEW SECTION. Sec. 26. After the application has been approved the promoter shall deposit with the issuing authority, a cash deposit or surety bond in the amount of one hundred fifty thousand dollars. The bond or deposit shall be used to pay any costs or charges incurred to regulate health or to clean up afterwards outside the festival grounds or any extraordinary costs or charges incurred to regulate traffic or parking. The bond or other deposit shall be returned to the promoter when the issuing authority is satisfied that no claims for damage or loss will be made against said bond or deposit, or that the loss or damage claimed is less than the amount of the deposit, in which case the uncommitted balance thereof shall be returned: PROVIDED, That the bond or cash deposit or the uncommitted portion thereof shall be returned not later than thirty days after the last day of the festival.

In addition, the promoter shall be required to furnish evidence that he has in full force and effect a liability insurance policy in an amount of not less than one hundred thousand dollars bodily injury coverage per person covering any bodily injury negligently caused by any officer or employee of the festival while acting in the performance of his or her duties. The policy shall name the issuing authority of the permit as an additional named insured.

In addition, the promoter shall be required to furnish evidence that he has in full force and effect a one hundred thousand dollar liability property damage insurance policy covering any property damaged due to negligent failure by any officer or employee of the festival to carry out duties imposed by this act. The policy shall have the issuing authority of the permit as an additional named insured.

NEW SECTION. Sec. 27. Revocation of any permit granted pursuant to this act shall not preclude the imposition of penalties as provided for in this act and the laws of the state of Washington. Any permit granted pursuant to the provisions of this act to conduct a music festival shall be summarily revoked by the issuing authority when it finds that by reason of emergency the public peace, health, safety, morals or welfare can only be preserved and protected by such revocation.

Any permit granted pursuant to the provisions of this act to conduct a music festival may otherwise be revoked for any material violation of this act or the laws of the state of Washington after a hearing held upon not less than three days notice served upon the promoter personally or by certified mail.

Every permit issued under the provisions of this act shall state that such permit is issued as a measure to protect and preserve the public peace, health, safety, morals and welfare, and that the right of the appropriate authority to revoke such permit is a consideration of its issuance.

NEW SECTION. Sec. 28. No person, persons, partnership, corporation, association, society, fraternal or social organization to whom a music festival permit has been granted shall, during the time an outdoor music festival is in operation, knowingly permit or allow any person to bring upon the premises of said music festival, any narcotic or dangerous drug as defined by chapters 69.33 or 69.40 RCW, or knowingly permit or allow narcotic or dangerous drug to be consumed on the premises, and no person shall take or carry onto said premises any narcotic or dangerous drug.

NEW SECTION. Sec. 29. No music festival shall be operated in a location which is closer than one thousand yards from any schoolhouse or church, or five hundred yards from any house, residence or other human habitation unless waived by occupants.

NEW SECTION. Sec. 30. No person under the age of sixteen years shall be admitted to any outdoor music festival without the escort of his or her parents or legal guardian and proof of age shall be provided upon request.

NEW SECTION. Sec. 31. Any permit granted pursuant to this act shall be posted in a conspicuous place on the site of the outdoor music festival and such permit shall be not transferable or assignable without the consent of the issuing authority.

NEW SECTION. Sec. 32. Any person who shall violate any provision of this act or knowingly participate in a music festival, or who shall, having obtained a permit pursuant to this act, wilfully fail to comply with the rules, regulations and conditions set forth in this act or who shall aid or abet such a violation or failure to comply, shall be deemed guilty of a gross misdemeanor.

NEW SECTION. Sec. 33. Sections 19 through 32 of this act shall be added to Title 70 RCW."

Renumber the remaining sections accordingly.,
and the same is herewith transmitted. MALCOLM McBEATH, Chief Clerk.

MOTION

Senator Gissberg moved that the Senate concur in the House amendments to Engrossed Substitute Senate Bill No. 441.

Debate ensued.

POINT OF ORDER

Senator Francis: "I would like to raise the issue of scope and object on this bill. Is this a Senate bill? If so, I think the things that they have done in the House have certainly enlarged the scope and object of the bill. I understand that the bill originally was a very narrow scope having to do with—it was interfering with courts was all the bill related to. Now we have a rock festival bill, a narcotics agent in the state patrol; these are things I am told of. I do not know since we do not have it on the desk in front of me which is another thing I find highly objectionable about this procedure of bringing us a so-called omnibus bill that we do not have in front of us and I would, of course, ask that it be put over another day if we do not find that it is beyond the scope and object but I think it is clearly beyond the scope and object of the original bill that was sent to the House."

MOTION

On motion of Senator Francis, Engrossed Substitute Senate Bill No. 441, the pending House amendments and the Point of Order by Senator Francis were ordered held until an appropriate time.

PROTEST

We, the undersigned, protest the tactics of the Democrats in binding, gagging and muzzling the Republicans on reconsideration of the free conference report on the budget.

The Democrats cut off debate, choking off argument on the merits, without explanation or opportunity for response. The reconsideration, itself, spiteful, useless, admittedly a ploy, irresponsibly delayed the legislative process, deliberately exacerbated a Democrat log jam, killed many meritorious bills and placed in jeopardy the winding up of the special session's work within the constitutional sixty days, reducing the time available to resolve differences between conference committees, and give consideration to the fiscal measures necessary.

Our constituents deserve better, especially in this race against the clock.

Signed by: Senators Newschwander, McDougall, Elicker, Clarke, Holman, Metcalf, Atwood, Andersen, Huntley, Matson, Twigg, Lewis, Scott, Murray, Peterson (Ted), Whetzel and Canfield.

SECOND READING

ENGROSSED HOUSE BILL NO. 747, by Representatives Brown and Morrison:

Reapportioning and redistricting the legislature.

The bill was read the second time by sections.

Senator Greive moved adoption of the following amendment:

Strike everything after the enacting clause and insert:

"*NEW SECTION.* Section 1. For election of members of the legislature, the territory of the state shall be divided into forty-nine legislative districts as described in sections 2 through 50 of this act.

(1) The plan represented by this act is based on the 1970 United States Census with the data being adjusted according to the formula established by the attorney general of Washington in order to reflect the presence of transient military personnel. The legislature attempted to achieve precise mathematical equality in the populations of the various legislative districts. Any variation in the populations of the districts is inadvertent and resulted from the policy of following to the extent possible existing political subdivision boundaries, from the policy of choosing other easily identifiable boundaries, or from the necessity of subdividing the smallest census data division and interpolating the percentage of the population total in each portion.

It is legislative policy that census lines should rank no more than equally with other lines available for use in defining districts. The legislature finds that census unit lines are often hard to read on census maps; that the lines used in the 1970 census are often holdovers from earlier censuses and do not reflect urban and suburban growth, new roads, new communities, newly established ethnic groups, or additions to existing political subdivisions; that census unit sizes vary so greatly that it is impossible to use consistent sizes; that in some cases the smallest census units were unreadable or unit lines were missing, which would have forced the use of the larger census units as boundaries; and that voters and election officials find it difficult to determine their district boundaries if only census units are used in descriptions. In summary the legislature rejects the notion that state redistricting plans must be forced into the pattern established by the federal census lines since the federal census lines were arbitrarily created for the convenience of the federal government in enumerating persons and are not necessarily related to or effective for the process of state legislative redistricting.

(2) In order to provide the best possible representation for all persons the legislature established the policy of dividing a legislative district into two representative districts if significant factors dissimilarity were found to exist within a district and where a division of

the district would serve to provide more effective representation for the different communities of interest. The factors examined by the legislature included the following:

- (a) The combination of urban, suburban, or rural components within a district;
- (b) Presence of ethnic, racial, religious, nationality, or other cultural subgroups;
- (c) Presence of academic communities around colleges and universities;
- (d) Historical political subdivisions;
- (e) Significant transient populations;
- (f) Geographic factors such as isolation due to distance, mountains, or water barriers;
- (g) Special housing areas;
- (h) Variations in industrial, commercial and agricultural land use or zoning;
- (i) Patterns of home ownership and property taxation;
- (j) Communications and transportation patterns with particular reference to centers

of distribution of information, goods, and services;

(k) Age, income, occupation, family size, number of children in schools, and other demographic factors.

(3) A single three member district is maintained to accommodate the Washington legislative tradition of an uneven number in each house to guarantee that one party will have a majority. This has proven to be in the best interest of the people of the state of Washington.

A formula was devised which provides for proportional representation with the representation value of one of forty-nine senators being correlated with the representation value of one of ninety-nine representatives. Thus in the three house member district a slight under-representation in the senate is balanced by a slight over-representation in the house but in terms of representation units the two member districts and the three member district are equal under the one man, one vote concept.

(4) For the purposes of this act the following guides to interpretation shall apply:

(a) Road and street descriptions follow the centerline of the named or numbered streets and roads, and a straight line extension thereof where such named or numbered streets or roads have not been cut through, except where the context expressly indicates otherwise. Road and street descriptions are based to the extent possible on 1970 census maps.

(b) Water boundaries follow the main thread of a river or stream and the centerline of other bodies of water unless the context indicates otherwise.

(c) Municipal and district boundaries are those boundaries of the political subdivisions of the state as they appear on the 1970 census maps.

(d) Census tract and enumeration district boundaries are as they appear on the 1970 census maps.

(e) Boundary descriptions making reference to the boundaries of other legislative districts shall refer to the districts established by this act.

NEW SECTION. Sec. 2. The first legislative district shall consist of the area in King and Snohomish counties encompassed by the following boundaries:

(a) In King county beginning in the city of Seattle at the intersection of Aurora Ave. N. and N. 157th St.; proceed generally north and west along the boundary of the forty-fourth legislative district; east along the King-Snohomish county line; south along 244th Ave. NE; west along NE 8th St.; generally northwest along Ingewood Mill Rd. to Lake Sammamish; generally northwest along Lake Sammamish and the Sammamish River; west along NE 57th St.; generally north along State Highway 901; east along NE 87th St.; north along the Burlington Northern Railroad; west along NE 145th St.; north along 84th Ave. NE; generally northwest along Simonds Rd.; generally west along NE 170th St. to the centerline of Lake Washington; south along Lake Washington; generally west along the boundary of the forty-sixth, forty-fifth and forty-fourth legislative districts to the point of origin.

If the inclusion in this act of any set or sets of separate representative districts within a legislative district or districts shall render this chapter invalid, the whole legislative district or districts shall be treated as a district or districts with two representatives elected at large and without separate representative districts. If any other provisions of this chapter, or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 62. This act shall be submitted to the people for their adoption and ratification, or rejection, at the general election to be held in this state on the Tuesday next succeeding the first Monday in November, 1972 in accordance with the provisions of section 1, Article II of the state Constitution, as amended, and the laws adopted to facilitate the operation thereof.

If any court of competent jurisdiction, in a proper action, invalidates the present redistricting plan or directs that the state be redistricted prior to the referendum vote on this act, then the plan contained in this act shall be the plan which shall become effective.

If the legislature enacts a second legislative redistricting act which is signed into law by the governor then this act shall not be referred to a vote of the people."

On motion of Senator Greive, the rules were suspended, Engrossed House Bill No. 747, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Murray: "Would Senator Greive yield to a question? Senator, in all of these court cases, what was the basis for determining the mathematical accuracy of the plan involved?"

Senator Greive: "Almost invariably it was the investigation of the legislative body that drew the plan. In other words, as we have in this plan and as all of the people have in the other plan, they issue and publish statistics and the statistical statistics were always there and were made by the body that made the investigation. Rather interesting in the Republican plan, you have a floating population of twelve hundred. Now it is easy to laugh that off and say, well you have only twelve hundred; who is worrying about the twelve hundred? But how do you know you added things up right? How do you know that there is not a six thousand mistake one place, seven thousand another, four thousand and five thousand? All you have is the total. It is like trying to add an account. In other words, if you do not properly account you never really know because you are looking at a gross total and one error might offset another, you cannot really determine how far off you are. It is absolutely essential in any of these plans, as we have done, to locate every piece of population and account for it. It is also quite interesting that in the Republican plan the very . . ."

POINT OF ORDER

Senator Atwood: "I believe the Senator answered Senator Murray's question. He has already spoken once on the matter and that should be, under our rules, all he is entitled to."

Senator Greive: "And continuing, it is also quite obvious, I think, that when you look at the Republican plan that their variance is more than two and one-half percent where ours is two-tenths of one percent."

POINT OF INQUIRY

Senator McDougall: "Mr. President, will Senator Elicker yield to a question? Senator, what is the basis for determining any plan that might come before the court?"

Senator Elicker: "I would point to the best evidence rule and say that when there is absolutely incontrovertible evidence of the exact population of an area, the court will look to that rather than to some sort of an artificial counter interpolation. I would submit, if I may, Mr. President, the telegram which we have received from the bureau of census, which was signed by George Brown, the director of the census, in which he says, 'In regard to the plan that is before us or its antecedent plan, the first draft, it is our considered opinion that the stated legislative policy objections to census boundaries are not valid. In view of these circumstances the bureau of the census will not be able to verify the population of any district if the districts do not conform to census enumeration district boundaries, they split individual blocks.' I think this pretty well joins the issue."

Senator McDougall: "Another question. Under this premise then, could you relate to the Senate what the Republicans have used in their determinations as opposed to what Senator Greive has used?"

Senator Elicker: "The Republican bill, Engrossed House Bill No. 747, as it originally came over from the House is couched exactly in census language, enumeration districts and census tracts. Senator Greive makes some objections because this does not always lead to straight lines. Of course it does not. There are little wiggly lines that the tracts and blocks go up but we have achieved within the best perimeters that we have at this point a precise mathematical equality. When the verified block group data becomes available which will presumably be in August or September, then we can straighten out those lines, Senator Greive, and make that pretty colored map that you seem to think is so important."

Senators Talley, Atwood and Huntley demanded the previous question and the demand was sustained.

The President declared the question before the Senate to be the final passage of Engrossed House Bill No. 747, as amended by the Senate.

POINT OF INQUIRY

Senator Guess: "That is right."

Senator Huntley: "Now I am asking you at this late a date, are you willing to sacrifice the entire bill to try to put this amendment on again when you know that the House will not buy it?"

Senator Guess: "Senator Huntley, I think you can accomplish wonders in conference committee sometimes. They get the idea that if we lie down and play dead on this one, then they will run roughshod. Now I do not believe that the bill will die. I think it will go to conference and I think we can work something out."

Further debate ensued.

MOTIONS

On motion of Senator Bailey, Engrossed House Bill No. 501 and the pending amendment by Senator Guess was ordered held on the second reading calendar for Monday, May 10, 1971.

Senator Fleming: "We have not reconsidered it? I just want to alert the President that when it gets on final passage I would like to speak on it."

REPLY BY THE PRESIDENT

The President: "It is on final passage, Senator."
Debate ensued.

POINT OF INQUIRY

Senator Fleming: "Would Senator Atwood yield? Senator, when you say, 'or as necessary to meet the cost of caseloads which exceed current estimates,' can we assume that you are indicating that that money, if the federal government will not accept this, can be used for other categories such as the blind people and the disabled people and other people who have been out of unemployment compensation and are receiving assistance?"

Senator Atwood: "Senator, this proviso was drawn after we saw the department's letter to us about the possible conflict with the federal regulations. It means exactly what it says. If the caseload projection increases, it can be used to meet the increased caseload which undoubtedly is going to occur. This is a contingency fund."

Senator Fleming: "Okay, but this would mean every recipient on. . . ."

Senator Atwood: "Every category if it increases. OAA is not going to increase. The only ones that probably will increase are ADCR and ADCE and GA."

Senator Fleming: "Okay. I just want that portion in the record in case we come up short of funds."

Further debate ensued.

Senators Peterson (Lowell), Bailey and Donohue demanded the previous question and the demand was sustained.

HOUSE BILL NO. 992, by Representatives Wojahn, Berentson and Thompson:
Implementing law relating to the prevention of air pollution.

REPORT OF STANDING COMMITTEE

April 22, 1971.

HOUSE BILL NO. 992, implementing law relating to the prevention of air pollution (reported by Committee on Medicine, Dentistry and Health Care, Air and Water Pollution): MAJORITY recommendation: Do pass with the following amendments:

Strike everything after the enacting clauses and substitute the following:

NEW SECTION. Section 1. The legislature finds that whenever meteorological conditions occur which reduce the effective volume of air into which air contaminants are introduced, there is a high danger that normal operations at air contaminant sources in the area affected will be detrimental to public health or safety. Whenever such conditions, herein denominated as air pollution episodes, are forecast, there is a need for rapid short-term emission reduction in order to avoid adverse health or safety consequences.

Therefore, it is declared to be the policy of this state that an episode avoidance plan should be developed and implemented for the temporary reduction of emissions during air pollution episodes.

It is further declared that power should be vested in the governor to issue emergency orders for the reduction or discontinuance of emissions when such emissions and weather combine to create conditions imminently dangerous to public health and safety.

NEW SECTION. Sec. 2. The department of ecology is hereby authorized to develop an episode avoidance plan providing for the phased reduction of emissions wherever and whenever an air pollution episode is forecast. Such an episode avoidance plan shall conform with any applicable federal standards and shall be effective state-wide. The episode avoidance plan may be implemented on an area basis in accordance with the occurrence of air pollution episodes in any given area.

The department of ecology may delegate authority to adopt source emission reduction plans and authority to implement all stages of occurrence up to and including the warning stage, and all intermediate stages up to the warning stage, in any area of the state, to the air pollution control authority with jurisdiction therein.

The episode avoidance plan, which shall be established by regulation in accordance with chapter 34.04 RCW, shall include, but not be limited to the following:

(1) The designation of episode criteria and stages, the occurrence of which will require the carrying out of preplanned episode avoidance procedures. The stages of occurrence shall be (a) forecast, (b) alert, (c) warning, (d) emergency, and such intermediate stages as the department shall designate. "Forecast" means the presence of meteorological conditions that are conducive to accumulation of air contaminants and is the first stage of an episode. "Alert" means concentration of air contaminants at levels at which short-term health effects may occur, and is the second stage of an episode. "Warning" means concentrations are continuing to degrade, contaminant concentrations have reached a level which, if maintained, can result in damage to health, and additional control actions are needed and is the third level of an episode. "Emergency" means the air quality is posing an imminent and substantial endangerment to public health and is the fourth level of an episode;

(2) The requirement that persons responsible for the operation of air contaminant sources prepare and obtain approval from the director of source emission reduction plans, consistent with good operating practice and safe operating procedures, for reducing emissions during designated episode stages;

(3) Provision for the director of the department of ecology or his authorized representative, or the air pollution control officer if implementation has been delegated, on the satisfaction of applicable criteria, to declare and terminate the forecast, alert, warning and all intermediate stages, up to the warning episode stage, such declarations constituting orders for action in accordance with applicable source emission reduction plans;

(4) Provision for the governor to declare and terminate the emergency stage and all intermediate stages above the warning episode stage, such declarations constituting orders in accordance with applicable source emission reduction plans;

(5) Provisions for enforcement by state and local police, personnel of the departments of ecology and social and health services, and personnel of local air pollution control agencies; and

(6) Provisions for reduction or discontinuance of emissions immediately, consistent with good operating practice and safe operating procedures, under an air pollution emergency as provided in section 3 of this 1971 act.

Source emission reduction plans shall be considered orders of the department and shall be subject to appeal to the pollution control hearings board according to the procedure in chapter 43.21B RCW.

NEW SECTION. Sec. 3. Whenever the governor finds that emissions from the operation of one or more air contaminant sources is causing imminent danger to public health or safety, he may declare an air pollution emergency and may order the person or persons responsible for the operation of such air contaminant source or sources to reduce or discontinue emissions consistent with good operating practice, safe operating procedures and source emission reduction plans, if any, adopted by the department of ecology or any local air pollution control authority to which the department of ecology has delegated authority to adopt emission reduction plans. Orders authorized by this section shall be in writing and may be issued without prior notice or hearing. In the absence of the governor, any findings, declarations and orders authorized by this section may be made and issued by his authorized representative.

NEW SECTION. Sec. 4. Whenever any order has been issued pursuant to this act, the attorney general, upon request from the governor, the director of the department of ecology, an authorized representative of either, or the attorney for a local air pollution control authority upon request of the control officer, shall petition the superior court of the county in which is located the air contaminant source for which such order was issued for a temporary restraining order requiring the immediate reduction or discontinuance of emissions from such source.

Upon request of the party to whom a temporary restraining order is directed, the court shall schedule a hearing thereon at its earliest convenience, at which time the court may withdraw the restraining order or grant such temporary injunction as is reasonably necessary to prevent injury to the public health or safety.

NEW SECTION. Sec. 5. Orders issued to declare any stage of an air pollution episode avoidance plan under section 2 of this 1971 act, and to declare an air pollution emergency, under section 3 of this 1971 act, and orders to persons responsible for the operation of an air contaminant source to reduce or discontinue emissions, according to sections 2 and 3 of this 1971 act shall be effective immediately and shall not be stayed pending completion of review.

NEW SECTION. Sec. 6. Sections 1 through 5 of this 1971 act are added to chapter 232, Laws of 1957 and to chapter 70.94 RCW.

NEW SECTION. Sec. 7. Section 57, chapter 238, Laws of 1967, section 43, chapter 168, Laws of 1969 ex. sess. and RCW 70.94.415 are each repealed."

Strike all the title and substitute the following:

"An Act relating to air pollution; authorizing the issuance of orders; authorizing episode avoidance plans; adding new sections to chapter 232, Laws of 1957 and to chapter

70.94 RCW; and repealing section 57, chapter 238, Laws of 1967, section 43, chapter 168, Laws of 1969 ex. sess. and RCW 70.94.415.”

ENGROSSED HOUSE BILL NO. 863, by Representatives Jones, Costanti and Gilleland:

Defining school day for common school purposes.

REPORT OF STANDING COMMITTEE

May 4, 1971.

ENGROSSED HOUSE BILL NO. 863, defining school day for common school purposes (reported by Committee on Education):

MAJORITY recommendation: Do pass with the following amendment:

On page 2, section 2, line 5 of the engrossed bill after “Day;” strike “*the fourth Friday in November*” and insert “*the Friday immediately following Thanksgiving Day*”

Signed by: Senators Francis, Chairman; Fleming, Gardner, Metcalf, Murray, Odegaard, Peterson (Ted), Ridder, Stender, Washington.

The bill was read the second time by sections.

On motion of Senator Francis, the committee amendment was adopted.

Senator Wilson moved adoption of the following amendment by Senators Wilson and Ridder:

On page 2, section 2, following line 26 of the engrossed bill, add the following new sections:

“Sec. 3. Section 28A.01.025, chapter 223, Laws of 1969 ex. sess. and RCW 28A.01.025 are each amended to read as follows:

The school year for all matters pertaining to teacher certification or for computing experience in teaching shall consist of not fewer than one hundred eighty school days, except during the 1971-73 biennium in those school districts which maintain a school year of fewer days pursuant to section 3 of this 1971 amendatory act.

Sec. 4. Section 28A.58.180, chapter 223, Laws of 1969 ex. sess. and RCW 28A.58.180 are each amended to read as follows:

All school districts in this state shall maintain school at least one hundred eighty days each school year as defined in RCW 28A.01.020, except that during the 1971-73 biennium should a school lose a maintenance and operation levy twice consecutively, the school year may be reduced to not less than 160 days provided the district’s plan has been approved by the superintendent of public instruction. The salaries of certificated and non-certificated personnel shall be ratably reduced on a ratio equal to the reduction in the number of days. State funds shall be apportioned as if the school operated on a regular basis except that the

superintendent may revise the monthly distribution percentage to coincide with the district's expenditure pattern. This section shall not be deemed a limitation on the duty of the superintendent of public instruction to distribute moneys appropriated by the legislature for apportionment under RCW 28A.41.130 nor shall it be deemed a limitation on the duty of the board of county commissioners of each county to distribute the proceeds of the excise tax on real estate sales pursuant to RCW 28A.44.040 and 28A.45.040.

NEW SECTION. Sec. 5. Section 3 and 4 of this 1971 amendatory act are necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

POINT OF ORDER

Senator Atwood: "This particular amendment enlarges the scope and object of the bill and deals with the school year, not the school day, and is far beyond the scope or the original intention of this bill. This is the second section, with some variations, of a bill we had out here before and I think it also has some legal problems in it on ratably reducing a teacher's contract, especially for the year of 1972-73, where the contracts in many school districts probably have been renewed even though they have lost a levy twice and I think it is beyond the scope and object of the bill."

RULING BY THE PRESIDENT

The President: "The President in ruling upon the point as presented by Senator R. Frank Atwood finds that the Senator's remarks are essentially correct and that the amendment does change the scope and object of the measure."

The amendment by Senators Wilson and Ridder was ruled out of order.

Senator Fleming moved adoption of the following amendment:

On page 2, section 2, beginning on line 5, strike all of the underlined material and insert "*the third Monday in January, being the anniversary of the birth of Martin Luther King, Jr.*"

POINT OF ORDER

Senator Atwood: "I raise the same point here. This is transferring a different day entirely to a single person. I appreciate Senator Fleming's concern but I think it does change the scope and object of the particular bill to a different date, taking out a whole series of names and an entirely different holiday."

RULING BY THE PRESIDENT

The President: "The President in ruling on the point of order as presented by Senator Atwood finds that Engrossed House Bill No. 863 is a measure which in part sets forth which days shall be school holidays and sets forth specifically a certain day to honor famous Americans. The amendment proposed by Senator Fleming also pertains to a school holiday in honor of a famous American, Martin Luther King, Jr., who is also mentioned in Engrossed House Bill No. 863. The amendment therefore does not change the scope and object of the bill and the point of order is not well taken."

The President declared the question before the Senate to be the adoption of the amendment by Senator Fleming.

Senator Woodall demanded a roll call and the demand was sustained by Senators Metcalf, Greive, Cooney, Lewis, Guess, Peterson (Ted), Canfield, Murray and Newschwander.

MOTION

On motion of Senator Greive, Engrossed House Bill No. 863, as amended, and the pending amendment by Senator Fleming was ordered to hold its place on the second reading calendar for Monday, May 10, 1971.

Absent or not voting: Senators Connor, Gissberg—2.

Excused: Senators Dore, McCutcheon, Stender—3.

ENGROSSED HOUSE BILL NO. 743, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

The bill was read the second time by sections.

On motion of Senator Atwood, the rules were suspended, House Bill No. 672 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Ridder: "I would like to ask a question of someone, if anybody knows anything about it. It has to do with a commission on equipment and I notice here that 'commission' is in here but 'state' and 'on equipment' has been added and I wonder if there is a state commission on equipment?"

Senator Lewis: "Mr. President, there is presently a commission on equipment, and it is my understanding that this bill is required on federal standards and it is the reason for its late entry and rapid passage. Maybe Senator Guess can add to that."

Senator Guess: "Very recently, Senator Ridder, the federal government has reviewed the safety standards in the state of Washington and this is one of two deficiencies in the state law. The other is the vehicular inspection. The reason that there was a bill before us to spot check twenty-four hours a day was because of the report written by the department of transportation."

POINT OF INQUIRY

Senator Francis: "Mr. President, would Senator Guess yield? Senator, does the federal government also require the wearing of a helmet when you are operating a motorcycle?"

Senator Guess: "Yes, sir."

ROLL CALL

Voting nay: Senators Francis, Metcalf, Odegaard, Walgren, Wilson—5.

Absent or not voting: Senators Elicker, Twigg—2.

Excused: Senators Dore, McCutcheon, Stender—3.

HOUSE BILL NO. 672, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

ENGROSSED HOUSE BILL NO. 225, by Representatives Bluechel, McCormick and Conway (by Secretary of State request):

Deleting the requirement that notice to a corporation failing to pay the annual license fee shall be by certified mail.

The bill was read the second time by sections.

Senator Scott moved adoption of the following amendment:

Insert as sections 2-7 the following:

"Sec. 2. Section 9-407, chapter 157, Laws of 1965 ex. sess. as amended by section 10, chapter 114, Laws of 1967 and RCW 62A.9-407 are each amended to read as follows:

POINT OF ORDER

Senator Gissberg: "On the amendment by Senator Scott, I raise the question on the point of order of enlarging the scope and object of the bill. This amendment relates to fees and the bill relates to filing financing statements."

RULING BY THE PRESIDENT

The President: "The President in ruling upon the point of order presented by Senator Gissberg, finds that the measure merely requires the secretary of state to send out certain notices by first class mail rather than certified mail and that the amendment proposed by Senator Scott changes the fees on the filing of various documents in the secretary of state's office and various services rendered by the secretary of state. Therefore the amendment does change the scope and object of the bill and the point of order is well taken."

The amendment by Senator Scott was ruled out of order.

On motion of Senator Walgren, the rules were suspended, Engrossed House Bill No. 225 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Wilson: "Would Senator Walgren yield? What is the need for this legislation?"

Senator Walgren: "It makes it a lot easier for the secretary of state to get these notices off and saves a little money. Probably first class mail will arrive there just as accurately as will certified mail."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed House Bill No. 225, and the bill passed the Senate by the following vote: Yeas, 43; nays, 1; absent or not voting, 2; excused, 3.

On motion of Senator Gissberg, the rules were suspended, Engrossed Substitute House Bill No. 309, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Bailey: "Will Senator Gissberg yield? Senator, is there any provision for eighteen-year-olds buying liquor in this bill?"

Senator Gissberg: "No, there are none, Senator Bailey. The only thing we did to that section was to amend it so that the eighteen-year-olds could buy cigarettes."

POINT OF INQUIRY

Senator Canfield: "Would Senator Gissberg yield? Senator, the amendment on page 49, purports to allow the sale of liquor to eighteen-year-olds. As I read it it does allow the sale of beer to eighteen-year-olds. Is that correct?"

Senator Gissberg: "No, it is not correct, Senator Canfield."

Senator Canfield: "Is the amendment then correct?"

Senator Gissberg: "Yes. We spent a lot of hours on this in the Senate Judiciary Committee trying to unwind the thing to make very, very certain that they were not able to do so, Senator."

Senator Canfield: "As I read this amendment, it would prevent the sale of beer to seventeen-year-olds but not to eighteen-year-olds."

Senator Gissberg: "All I can say is we are at issue. But my best judgment is that the Judiciary Committee is correct in connection with it because we had this clerk and all of us, our collective judgment at the time we did it, was such that we were convinced that we had straightened out the measure as it came over from the House."

Further debate ensued.

ENGROSSED HOUSE JOINT RESOLUTION NO. 21, by Representatives Smythe, Haussler, North, Bauer, Blair, Litchman, Marsh and May (by Legislative Council request):

Proposing constitutional amendment authorizing new form of city-county government in lieu of present city and county government.

REPORT OF STANDING COMMITTEE

May 5, 1971.

ENGROSSED HOUSE JOINT RESOLUTION NO. 21, proposing constitutional amendment authorizing new form of city-county government in lieu of present city and county government (reported by Committee on Cities, Towns and Counties):

MAJORITY recommendation: Do pass with the following amendments:

On page 1, beginning on line 8, after "section 16." strike all of the material down to and including "city-county." on line 15 and insert "[The legislature shall, by general law, provide for the formation of combined city and county municipal corporations, and for the manner of determining the territorial limits thereof, each of which shall be known as a "city and county," and, when organized, shall contain a population of at least three hundred thousand (300,000) inhabitants.] Any county may frame a "Home Rule" charter subject to the Constitution and laws of this state to provide for the formation and government of combined city and county municipal corporations, each of which shall be known as "city-county". Registered voters equal in number to ten (10) percent of the voters of any such county voting at the last preceding general election may at any time propose by a petition the calling of an election of freeholders. The provisions of section 4 of this Article with respect to a petition calling for an election of freeholders to frame a county home rule charter, the election of freeholders, and the framing and adoption of a county home rule charter pursuant to such petition shall apply to a petition proposed under this section for the election of freeholders to frame a city-county charter, the election of freeholders, and to the framing and adoption of such city-county charter pursuant to such petition. Except as otherwise provided in this section, the provisions of section 4 applicable to a county home rule charter shall apply to a city-county charter. If there are not sufficient legal newspapers published in the county to meet the requirements for publication of a proposed charter under section 4 of this Article, publication in a legal newspaper circulated in the county may be substituted for publication in a legal newspaper published in the county."

On page 1, beginning on line 25, after "county" strike "PROVIDED [FURTHER]". That every such" and insert [PROVIDED FURTHER, That every such]. The"

On page 2, beginning on line 12, after the period following "counties" strike the remainder of the paragraph

On page 3, line 31, after "to" and before "without" strike "any amount" and insert "an amount exceeding one and one-half percentum of the taxable property in such municipal corporation"

Signed by: Senators Connor, Chairman; Stortini, Vice Chairman; Clarke, Dore, Elicker, Fleming, Mardesich, McDougall, Peterson (Ted), Ridder, Talley, Walgren, Whetzel, Wilson.

The resolution was read the second time in full.

Senator Whetzel moved adoption of the committee amendments.

Debate ensued.

POINT OF INQUIRY

Senator Mardesich: "Will Senator Whetzel yield? Senator, I thought I heard you say that the joinder of the city and county would allow the imposition of tax that would be the sum of what the county and the city now have rather than an amount equal to what each has now."

Senator Whetzel: "Let us take an example. If you live in a city you can be subjected to the bonding limits of the city and also the bonding limits of the county, the overlapping debt limit. This was what was not in the Constitution and what we are authorizing is that the combined city-county would have what would be the total of the present existing overlapping debt limitation. We have not changed those. A city can have one and one-half percent inside and five percent outside. The county can have the same, and those would be limits on, say a piece of property inside a city at the present time. When you combine the city and the county you in effect have made the county into a city and the city into a county so this amendment would give the overlapping debt limits that now exist for a city and a county on the same piece of property."

Senator Mardesich: "Is it overlapping in all cases?"

Senator Whetzel: "No—well, if you are in an unincorporated area, you probably would have some overlapping indebtedness of some of the special districts which have the same debt limits in the Constitution as a city, so that these would be retained also. In other words, I do not think this really would in any particular instance increase any of the overlapping limits because of the fact that most areas that are likely to use this are in either special districts or municipalities that already have these total overlapping debt limits. In any event, these are restricted also by the legislature and we have cut back the constitutional limits to fifty percent."

Senator Mardesich: "Do I understand then that you could have a three percent on the inside and ten on the outside?"

Senator Whetzel: "That is precisely what this would do and it is precisely without that kind of provision there would be absolutely no inducement for a city and county to get together to combine because one or the other would be cut back on their limits in much of their area. That has been the problem."

Senator Mardesich: "I am not exactly sure that they would in all cases be able to today apply the three percent inside."

Senator Whetzel: "For example, if you live in a city like Everett in Snohomish county, that is what you are subjected to now under the Constitution. You have one and one-half percent inside for Everett, one and one-half percent for Snohomish county and five percent for each of them outside. There may be portions of Everett that have special districts that have another limit on that too."

MOTION

On motion of Senator Mardesich, Engrossed House Joint Resolution No. 21, and the pending committee amendments, was ordered to hold its place on the second reading calendar for Monday, May 10, 1971.

SECOND READING

MAJORITY recommendation: Do pass with the following amendments:

Debate ensued.

POINT OF INQUIRY

Senator Wilson: "Would Senator Day yield? Could you tell me what effect this legislation will have with respect to hospital rates?"

Senator Day: "It will allow the comprehensive health planning commission through, I believe, the department in its rule-making power, to adopt rules relative to the reporting of rate changes and the reasons therefor."

Senator Wilson: "But not to establish or regulate rates?"

Senator Day: "Not to establish or regulate, unfortunately."

"Our Father in Heaven, as we pray for Thy blessings upon the members of this legislature we are not unmindful of those in the gallery and the constituents at home who join us in this prayer. We give Thee thanks for the youth of America, our leaders of tomorrow who are the 'now' generation. We thank You, our Father, for the keen insight of this 'now' generation who, raised in an affluent society, have reminded us that we are to love each other and use things, not use each other and love things. We pray, our Father, that the high idealism of these young people shall be vindicated by the true purpose and actions of this vital legislative session. May there blow a fresh wind of Thy Spirit over the members of this body that may touch off a great new awakening that Thou art the God of the 'now' whose Love is the same yesterday, today and forever. We thank You that this love has permeated the committees, the caucuses, the floor sessions, and the long ponderings in the offices through the long night hours, so that the generations to come will rise up and call these blessed because they were faithful to the leadings of Thy Almighty Spirit. Now bring these Senators safely to their homes as they are reunited in joy and love with their families. Amen."

Upon the filing of such application accompanied by such proper plans, drawings or other data, the department shall forthwith investigate the same and if it shall determine that the proposed work or improvement is in the public interest and reasonably adequate for the public needs, it shall by order fix the terms and conditions and the rate of rental for such new lease, such rate of rental to be a [fixed] percentage [during the term of such lease on] of the true and fair value in money of such harbor area [.] *The percentage of value shall be determined from time to time by the department of natural resources as provided in RCW 79.01.520.* The department may propose modifications of the proposed wharf, dock or other convenience or extensions, enlargements or improvements thereon. In cases where the state owns the improvements the rental attributable to the improvements shall go to the capitol purchase and development account after deduction of the amounts prescribed by chapter 79.64 RCW.*

In all other cases twenty-five percent of the rents shall be paid by the state treasurer into the county treasury of the county in which the leased harbor areas or tidelands are situated, the same to go into a special fund known as the "harbor improvement fund", and to be disbursed only for harbor or harbor improvement purposes; and the remaining seventy-five percent shall be deposited in the capitol purchase and development account of the general fund of the state treasury. In cases where any leased harbor area or tideland is situated within the limits of any incorporated city or town and is not embraced within the area of any port district, the county commissioners of the county shall allocate the funds received from the lease thereof to the municipal authorities of such city or town, to be expended by said authorities for harbor or waterfront purposes. The state treasurer being hereby authorized and directed to make such payments to the respective county treasurers for the use of such port districts or counties, as the case may be, on the first days of July and January of each year, of all moneys in his hands on such dates payable under the terms of this section to such port district and counties respectively.

NEW SECTION. Sec. 5. There is added to chapter 79.16 RCW a new section to read as follows:

At the end of any lease of harbor area on tidal waters all improvements on such leased area shall become the property of the state of Washington; except that where a port district has itself constructed or otherwise acquired improvements on the harbor area, the rental payable upon release by such port district for such improvements shall recognize the port's investment in these improvements and the port district shall be responsible for any taxes or payments in lieu thereof otherwise directed by law.

Sec. 6. Section 5, chapter 65, Laws of 1955 as amended by section 1, chapter 131, Laws of 1967 and RCW 53.08.040 are each amended to read as follows:

A district may improve its lands by dredging, filling, bulkheading, providing waterways or otherwise developing such lands for sale or lease for industrial and commercial purposes. Where sewer and water utilities are constructed and operated by the port as an incident to servicing port lands, property owners in areas adjacent to such system may be permitted to connect thereto under terms, conditions and rates to be fixed and approved by the port

commission. A district may also acquire, by purchase, construction, lease, or in any other manner, and may maintain and operate facilities for the control or elimination of air or water pollution, including, but not limited to, facilities for the treatment and/or disposal of industrial wastes, and may make such facilities available to others under terms, conditions and rates to be fixed and approved by the port commission. Such conditions and rates shall be sufficient to reimburse the port for all costs, including reasonable amortization of capital outlays caused by or incidental to providing such utilities or pollution control facilities: PROVIDED, That no part of such costs of providing any pollution control facility to others shall be paid out of any tax revenues of the port: AND PROVIDED FURTHER, That no port shall enter into an agreement or contract to provide sewer and/or water utilities or pollution control facilities if substantially similar utilities or facilities are available [to such adjacent property owners] from another source (or sources) which is able and willing to provide such utilities or facilities on a reasonable and nondiscriminatory basis unless such other source (or sources) expressly consents thereto. In the event that a port elects to make pollution control facilities available to others, it shall do so by lease or agreement binding such user to pay for the use of said facilities for the full term of the revenue bonds issued by the port for the acquisition of said facilities, and said payments shall at least fully reimburse the port for all principal and interest paid by it on said bonds and for all operating or other costs, if any, incurred by the port in connection with said facilities: PROVIDED, HOWEVER, That where there is more than one user of any such facilities, each user shall be responsible for its pro rata share of such costs and payment of principal and interest. Any port intending to provide pollution control facilities to others shall first survey the port district to ascertain the potential users of such facilities and the extent of their needs. The port shall conduct a public hearing upon the proposal and shall give each potential user an opportunity to participate in the use of such facilities upon equal terms and conditions.", and the same is herewith transmitted. MALCOLM McBEATH, Chief Clerk.

MOTION

Senator Peterson (Lowell) moved that the Senate do concur in the House amendments to Substitute Senate Bill No. 147.

POINT OF INQUIRY

Senator Mardesich: "I wonder if Senator Lowell Peterson would yield to a question? I have not had time to re-read all of this bill. As I understand this now, it provides the least value shall be established by the prime rate of the commercial banks doing business in the metropolitan areas. Is that correct?"

Senator Peterson (Lowell): "What section are you referring to, Senator?"

Senator Mardesich: "Section 3, page 3."

Senator Peterson (Lowell): "Senator, there was no change in that particular section of the measure."

Senator Mardesich: "Have they amended into this, then, Senate Bill No. 771 in substance? Is that what they are doing?"

Senator Peterson (Lowell): "Senator, if you are referring to section 6, it just broadens the port's authority on revenue bonds and I do not think this affects the subject matter of the original bill."

Senator Mardesich: "Mr. President, with respect to section 6, that may be true but I think this is an attempt to set the values which shall be paid with respect to not only pollution control facilities but with respect to the whole of Pier 67 question and I am not certain what it does with respect to that question is what is bothering me."

MOTION

On motion of Senator Mardesich, the motion by Senator Peterson (Lowell) to concur in the House amendments to Substitute Senate Bill No. 147 was made a special order of business for 2:00 p.m. today.

Senator Murray demanded a roll call and the demand was sustained by Senators Guess, Stortini, Keefe, Gissberg, Odegaard, McDougall, Woodall, Lewis and Canfield.

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 176, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 41; absent or not voting, 4; excused, 4.

Voting yea: Senators Atwood, Bailey, Canfield, Clarke, Connor, Cooney, Day, Durkan, Elicker, Fleming, Francis, Gardner, Gissberg, Greive, Guess, Henry, Herr, Holman, Huntley, Jolly, Keefe, Knoblauch, Lewis, McCutcheon, McDougall, Mardesich, Matson, Metcalf, Murray, Newschwander, Odegaard, Peterson (Lowell), Ridder, Scott, Stortini, Talley, Walgren, Washington, Whetzel, Wilson, Woodall—41.

Absent or not voting: Senators Dore, Foley, Peterson (Ted), Twigg—4.

Excused: Senators Andersen, Donohue, Sandison, Stender—4.

ENGROSSED SENATE BILL NO. 176, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

Senator Francis moved adoption of the following resolution:

SENATE RESOLUTION: 1971-EX-89

By Senators Francis, Newschwander, Ridder and Murray:

WHEREAS, The Dupont-Fort Lewis School District's tax base and other revenue sources have been subject to erratic fluctuations;

WHEREAS, This fluctuating, in the past, has resulted in serious financial difficulties and necessitated intervention by the State to provide needed funds;

WHEREAS, The population of the Dupont School District is very mobile and heavily dependent upon federal activities;

WHEREAS, This mobility of population may result in uncertainty as to enrollment and hence encumber budgetary assumptions;

WHEREAS, The Clover Park School District, contiguous to the Dupont-Fort Lewis School District, is a High School District operating an approved program;

WHEREAS, The Dupont-Fort Lewis School District is a non-high school district operating an unapproved high school;

WHEREAS, Testimony to the Senate Education Committee has expressed that the students of the Dupont-Fort Lewis School District may profit from a consolidation of the Dupont-Fort Lewis School District and the adjacent Clover Park School District;

WHEREAS, Other testimony to the Senate Education Committee has indicated that the State Board of Education should approve the high school program in the Dupont-Fort Lewis School District;

NOW, THEREFORE, BE IT RESOLVED, By the Senate, That the Joint Committee on Education is requested to create a special subcommittee to study the issues of concern regarding the Dupont-Fort Lewis School District, including the question of high school program approval and the possibility of consolidating the Dupont-Fort Lewis School District with the Clover Park School District and that the subcommittee recommend to a subsequent legislative session remedy which would be advantageous to all parties involved;

BE IT FURTHER RESOLVED, That this special subcommittee of the Joint Committee on Education consist of at least one Senator and one Representative and one appointee each by the Washington Education Association, the Washington State School Directors Association, the Washington Association of School Administrators, and the Washington Federation of Teachers;

AND BE IT FURTHER RESOLVED, That a copy of this resolution be transmitted to the Executive Secretary of the Joint Committee on Education.

POINT OF INQUIRY

Senator Huntley: "Would Senator Francis yield? Senator, I was on the joint committee on education a biennium or two ago and we made a study of that very problem at that time. What do you expect to learn now that we did not learn at the time we studied it before?"

Senator Francis: "Senator Woodall has suggested a proposed answer to the question but, seriously, I could only answer the question with a question by saying that if the materials are available I would like to review them and perhaps that would be all we would need for the study."

"I personally have had enough questions raised; you were with me the night that we brought the board of education over. I felt that there were really two sides to the thing and that we needed to explore it further to get a sound determination, I think not only on the facts but on what kinds of policies we should adhere to in the legislature and I think that we could come up with some fairly sound recommendations that are well grounded in reason and fact."

Senator Huntley: "I do not have any objections to the study. I just hope that you come up with something this time that will stick and will solve the problem because it is one that certainly should be solved. I just wondered if you had some new avenues open to you that we did not have at the previous time."

Senator Francis: "I am not familiar with the old study and I would certainly think that that should be the starting point."

POINT OF INQUIRY

Senator Guess: "Would Senator Francis yield? Senator, we have as a special order of business at eleven o'clock this morning, Engrossed House Bill No. 479. Have the passage of House Bill No. 479 and this resolution anything to do with each other?"

Senator Francis: "Senator Guess, I would say that I had thought they should. However, this body acted on the Dupont amendment by adopting the committee's amendment against my recommendation and against my vote. I do not propose to raise that again. I will accept the decision of this body as to what was done a few days ago in regard to that amendment on Engrossed House Bill No. 479. So I do not propose to rebattle that issue again. I do think though that we should study it and maybe we will simply conclude that we made the right decision here and I would hope so. I think that would save everybody time and effort but I think that we ought to look at this thing in the interim."

Further debate ensued.

SPECIAL ORDER OF BUSINESS

SECOND READING

ENGROSSED HOUSE BILL NO. 479, by Representatives Hoggins, Randall and Cunningham (by Joint Committee on Education request):

Changing law relating to nonhigh school district aid to high school districts.

The time having arrived, the Senate resumed consideration of Engrossed House Bill No. 479, as amended, and the pending amendment by Senator Ridder adding a new section.

There being no objection, the amendment by Senator Ridder was withdrawn.

Senator Atwood moved adoption of the following amendment:

On page 8, section 9, line 1, add a new section to read as follows:

"Sec. 9. Section 15, chapter 15, Laws of 1970 ex. sess. and RCW 28A.48.010 are each amended to read as follows:

On or before the last business day of September [1969] 1971 and each month thereafter, the superintendent of public instruction shall apportion from the current state school fund and/or the state general fund to the several intermediate school districts of the state the proportional share of the total annual amount due and apportionable to such intermediate school districts for the school districts thereof as follows:

September	10 %
October	8 %
November	6.5%
December	[6.5] 8.5%
January	13 %
February	13 %
March	11 %
April	5 %
May	5 %
June	[5] 1.5%

July	[8.5] 10.0%
August	8.5%

The annual amount due and apportionable shall be the amount apportionable for all apportionment credits estimated to accrue to the schools during a year beginning September first and continuing through August thirty-first. Appropriations made for school districts for the biennium beginning July 1, [1969] 1971, and ending June 30, [1971] 1973, shall consist of the monthly apportionments due for July and August of [1969] 1971 plus the apportionments due for twenty-two months beginning with September, [1969] 1971 and ending with June, [1971] 1973. The apportionment from the state general fund for each month shall be an amount which together with the revenues of the current state school fund will equal the amount due and apportionable to the several intermediate school districts during such month: PROVIDED, That any school district may, through its intermediate school district superintendent, petition the superintendent of public instruction for an emergency advance of funds which may become apportionable to it but not to exceed [five] ten percent of the total amount to become due and apportionable during the school districts' fiscal year. The superintendent of public instruction shall determine if the emergency warrants such advance, and if the funds are available therefor, and if he determines in the affirmative he may approve such advance and at the same time add such an amount to the apportionment for the intermediate school district in which the district is located: PROVIDED, That the interest earned by school districts on the investment of temporary cash surpluses, resulting from obtaining such advance of state funds, shall be deducted from the remaining amount apportionable to said districts during that year and/or the year immediately following."

Debate ensued.

POINT OF INQUIRY

Senator Washington: "Would Senator Atwood yield? The title on the bill is relating to non-high school districts. Does this only relate to non-high school districts?"

Senator Atwood: "Not the amendment."

The motion by Senator Atwood carried and the amendment was adopted.

On motion of Senator Atwood, the following amendments were adopted:

On page 8, section 11, line 19 of the engrossed bill, strike "and 9"

On line 29, after "1973" and before the period insert "and section 9 of this 1971 amendatory act shall take effect July 1, 1971"

Senator Ridder: "Senator Atwood, would you yield to a question? This would mean that this new switch in the apportionment formula would take effect at that time?"

Senator Atwood: "Yes, but wouldn't have any effect this year because the law as it presently reads is July, will be next July."

Senator Murray moved adoption of the following amendment:

In new section 6 after "district" add ": PROVIDED, That any school district qualifying under this section shall not be eligible for state capital construction matching funds prior to January 1, 1977"

Senator Odegaard moved adoption of the following amendment to the amendment by Senator Murray:

¹ On line 3 of the Murray amendment following "funds" insert "for high school buildings"

Debate ensued.

POINT OF INQUIRY

Senator Gissberg: "Would Senator Murray yield? Senator, if your amendment is adopted as amended, would this prohibit any non-high district from building a new high school?"

Senator Murray: "The understanding when we passed the committee amendment was that the only school covered by this amendment was the Dupont high school. So that the intent here is merely to say to Dupont that they cannot come in and apply for capital construction funds for a new high school building until January 1, 1977."

Senator Gissberg: "The intent yes, but the amendment as drawn, it certainly sounds to me as though it would affect all school districts that are in—even though they may have received the approval of their superintendent or the board of education, it might preclude them from building a new high school."

Senator Murray: "My amendment to the amendment is attached directly and has a proviso to that amendment. If the representation was correct and we adopted the amendment that the only school district affected was the Dupont school district, then that is what I am talking to, is that only the Dupont school district is affected."

MOTION

On motion of Senator Woodall, Engrossed House Bill No. 479 and the pending amendment, and the amendment to the amendment, was made a special order of business immediately after the noon recess.

On motion of Senator Whetzel, the rules were suspended, Engrossed House Joint Resolution No. 21, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Guess: "Will Senator Whetzel yield? Senator, the language that is struck in the amendment strikes out the requirement that this shall not be done in counties unless they have at least three hundred thousand people?"

Senator Whetzel: "Yes."

Senator Guess: "Then will you describe to the body how the charter is proposed?"

Senator Whetzel: "Yes. There is only one method and that is the method that is set forth in this constitutional provision. Registered voters in the county equal to ten percent at the last general election must sign a petition to the county legislative authority calling for an election of freeholders. At that time the county legislative authority sets an election of freeholders, following the same procedures that are in the Constitution for a county charter. The freeholders then frame a charter which is like a constitution or a governing document for the combined municipality. This then goes back and is submitted to all the voters in the county to accept or reject."

MESSAGE FROM THE HOUSE

May 10, 1971.

Mr. President: The House has passed ENGROSSED SENATE BILL NO. 485 with the following amendments:

In line 1 of the title after "agencies;" and before "repealing" insert "amending section 3, chapter 237, Laws of 1967 and RCW 34.04.025;"

Strike everything after the enacting clause and insert the following:

"**NEW SECTION.** Section 1. The legislature finds and declares that all public commissions, boards, councils, committees, subcommittees, departments, divisions, offices, and all other public agencies of this state and subdivisions thereof exist to aid in the conduct of the people's business. It is the intent of this act that their actions be taken openly and that their deliberations be conducted openly.

The people of this state do not yield their sovereignty to the agencies which serve them. The people, in delegating authority, do not give their public servants the right to decide what is good for the people to know and what is not good for them to know. The people insist on remaining informed so that they may retain control over the instruments they have created.

NEW SECTION. Sec. 2. As used in this act unless the context indicates otherwise:

(1) "Public agency" means:

(a) Any state board, commission, committee, department, educational institution or other state agency which is created by or pursuant to statute, other than courts and the legislature.

(b) Any county, city, school district, special purpose district or other municipal corporation or political subdivision of the state of Washington.

(c) Any subagency of a public agency which is created by or pursuant to statute, ordinance or other legislative act, including but not limited to planning commissions, library or park boards, and other boards, commissions and agencies.

(2) "Governing body" means the multimember board, commission, committee, council or other policy or rule-making body of a public agency.

(3) "Action" means the transaction of the official business of a public agency by a governing body including but not limited to a collective decision made by a majority of the members of a governing body, a collective commitment or promise by a majority of the members of a governing body to make a positive or negative decision, or an actual vote by a majority of the members of a governing body when sitting as a body or entity, upon a motion, proposal, resolution, order, or ordinance.

(4) "Meeting" means meetings at which action is taken.

NEW SECTION. Sec. 3. All meetings of the governing body of a public agency shall be open and public and all persons shall be permitted to attend any meeting of the governing body of a public agency, except as otherwise provided in this act.

NEW SECTION. Sec. 4. A member of the public shall not be required, as a condition to attendance at a meeting of a governing body, to register his name and other information, to complete a questionnaire, or otherwise to fulfill any condition precedent to his attendance.

NEW SECTION. Sec. 5. In the event that any meeting is interrupted by a group or groups of persons so as to render the orderly conduct of such meeting unfeasible and order cannot be restored by the removal of individuals who are interrupting the meeting, the members of the governing body conducting the meeting may order the meeting room cleared and continue in session or may adjourn the meeting and reconvene at another location selected by majority vote of the members. In such a session, final disposition may be taken only on matters appearing on the agenda. Representatives of the press or other

news media, except those participating in the disturbance, shall be allowed to attend any session held pursuant to this section. Nothing in this section shall prohibit the governing body from establishing a procedure for readmitting an individual or individuals not responsible for disturbing the orderly conduct of the meeting.

NEW SECTION. Sec. 6. No governing body of a public agency shall adopt any ordinance, resolution, rule, regulation, order, or directive, except in a meeting open to the public and then only at a meeting, the date of which is fixed by law or rule, or at a meeting of which notice has been given according to the provisions of this act. Any action taken at meetings failing to comply with the provisions of this section shall be null and void.

NEW SECTION. Sec. 7. The governing body of a public agency shall provide the time for holding regular meetings by ordinance, resolution, bylaws, or by whatever other rule is required for the conduct of business by that body. Unless otherwise provided for in the act under which the public agency was formed, meetings of the governing body need not be held within the boundaries of the territory over which the public agency exercises jurisdiction. If at any time any regular meeting falls on a holiday, such regular meeting shall be held on the next business day. If by reason of fire, flood, earthquake, or other emergency, it shall be unsafe to meet in the place designated, the meetings may be held for the duration of the emergency at such place as is designated by the presiding officer of the governing body: PROVIDED, That the notice requirements of this act shall be suspended during such emergency.

NEW SECTION. Sec. 8. A special meeting may be called at any time by the presiding officer of the governing body of a public agency or by a majority of the members of the governing body by delivering personally or by mail written notice to each member of the governing body; and to each local newspaper of general circulation and to each local radio or television station which has on file with the governing body a written request to be notified of such special meeting or of all special meetings. Such notice must be delivered personally or by mail at least twenty-four hours before the time of such meeting as specified in the notice. The call and notice shall specify the time and place of the special meeting and the business to be transacted. Final disposition shall not be taken on any other matter at such meetings by the governing body. Such written notice may be dispensed with as to any member who at or prior to the time the meeting convenes files with the clerk or secretary of the governing body a written waiver of notice. Such waiver may be given by telegram. Such written notice may also be dispensed with as to any member who is actually present at the meeting at the time it convenes. The notices provided in this section may be dispensed with in the event a special meeting is called to deal with an emergency involving injury or damage to persons or property or the likelihood of such injury or damage, when time requirements of such notice would make notice impractical and increase the likelihood of such injury or damage.

NEW SECTION. Sec. 9. The governing body of a public agency may adjourn any regular, adjourned regular, special or adjourned special meeting to a time and place specified in the order of adjournment. Less than a quorum may so adjourn from time to time. If all members are absent from any regular or adjourned regular meeting the clerk or secretary of the governing body may declare the meeting adjourned to a stated time and place. He shall cause a written notice of the adjournment to be given in the same manner as provided in section 8 of this act for special meetings, unless such notice is waived as provided for special meetings. Whenever any meeting is adjourned a copy of the order or notice of adjournment shall be conspicuously posted immediately after the time of the adjournment on or near the door of the place where the regular, adjourned regular, special or adjourned special meeting was held. When a regular or adjourned regular meeting is adjourned as provided in this section, the resulting adjourned regular meeting is a regular meeting for all purposes. When an order of adjournment of any meeting fails to state the hour at which the adjourned meeting is to be held, it shall be held at the hour specified for regular meetings by ordinance, resolution, bylaw, or other rule.

NEW SECTION. Sec. 10. Any hearing being held, noticed, or ordered to be held by a governing body at any meeting may by order or notice of continuance be continued or reconvened to any subsequent meeting of the governing body in the same manner and to the same extent set forth in section 9 of this act for the adjournment of meetings.

NEW SECTION. Sec. 11. Nothing contained in this act shall be construed to prevent a governing body from holding executive sessions during a regular or special meeting to consider matters affecting national security; the selection of a site or the purchase of real estate, when publicity regarding such consideration would cause a likelihood of increased price; the appointment, employment, or dismissal of a public officer or employee; or to hear complaints or charges brought against such officer or employee by another public officer, person, or employee unless such officer or employee requests a public hearing. The governing body also may exclude from any such public meeting or executive session, during the examination of a witness on any such matter, any or all other witnesses in the matter being investigated by the governing body.

NEW SECTION. Sec. 12. Each member of the governing body who attends a meeting of such governing body where action is taken in violation of any provision of this act applicable to him, with knowledge of the fact that the meeting is in violation thereof, shall be subject to personal liability in the form of a civil penalty in the amount of one hundred dollars. The civil penalty shall be assessed by a judge of the superior court and an action to enforce this penalty may be brought by any person. A violation of this act does not constitute a crime and assessment of the civil penalty by a judge shall not give rise to any

disability or legal disadvantage based on conviction of a criminal offense. Reasonable expenses, including attorney's fees, shall be awarded the person bringing the action if the suit results in assessment of the civil penalty. The members held to be in violation shall be personally liable only for their pro rata share of the expenses.

NEW SECTION. Sec. 13. Any person may commence an action either by mandamus or injunction for the purpose of stopping violations or preventing threatened violations of this act by members of a governing body.

NEW SECTION. Sec. 14. If any provision of this 1971 amendatory act conflicts with the provisions of any other statute, the provisions of this 1971 amendatory act shall control: PROVIDED, That this act shall not apply to:

(1) the proceedings concerned with the formal issuance of an order granting, suspending, revoking, or denying any license, permit, or certificate to engage in any business, occupation or profession or to any disciplinary proceedings involving a member of such business, occupation or profession, or to receive a license for a sports activity or to operate any mechanical device or motor vehicle where a license or registration is necessary; or

(2) that portion of a meeting of a quasi-judicial body which relates to a quasi-judicial matter between named parties as distinguished from a matter having general effect on the public or on a class or group; or

(3) matters governed by Title 34 RCW, the administrative procedures act, except as expressly provided in section 17 of this 1971 amendatory act.

NEW SECTION. Sec. 15. The following acts or parts thereof are each hereby repealed:

(1) Section 1, chapter 216, Laws of 1953 and RCW 42.32.010;

(2) Section 2, chapter 216, Laws of 1953 and RCW 42.32.020.

NEW SECTION. Sec. 16. This act may be cited as the "Open Public Meetings Act of 1971".

Sec. 17. Section 3, chapter 237, Laws of 1967 and RCW 34.04.025 are each amended to read as follows:

(1) Prior to the adoption, amendment or repeal of any rule, each agency shall:

(a) Give at least twenty days notice of its intended action by filing the notice with the code reviser, mailing the notice to all persons who have made timely request of the agency for advance notice of its rule-making proceedings, and giving public notice as provided in [RCW 42.32.010] *this 1971 amendatory act*, as now or hereafter amended. Such notice shall include (i) reference to the authority under which the rule is proposed, (ii) a statement of either the terms or substance of the proposed rule or a description of the subjects and issues involved, and (iii) the time when, the place where, and the manner in which interested persons may present their views thereon.

(b) Afford all interested persons reasonable opportunity to submit data, views, or arguments, orally or in writing. In case of substantive rules, opportunity for oral hearing must be granted if requested by twenty-five persons, by a governmental subdivision or agency, or by an association having not less than twenty-five members. The agency shall consider fully all written and oral submissions respecting the proposed rule. Upon adoption of a rule, the agency, if requested to do so by an interested person either prior to adoption or within thirty days thereafter, shall issue a concise statement of the principal reasons for and against its adoption, incorporating therein its reasons for overruling the considerations urged against its adoption.

(2) No rule hereafter adopted is valid unless adopted in substantial compliance with this section, or, if an emergency rule designated as such, adopted in substantial compliance with RCW 34.04.030, as now or hereafter amended. In any proceeding a rule cannot be contested on the ground of noncompliance with the procedural requirements of this section, or of RCW 34.04.030, as now or hereafter amended, after two years have elapsed from the effective date of the rule.

NEW SECTION. Sec. 18. The purposes of this 1971 amendatory act are hereby declared remedial and shall be liberally construed.

NEW SECTION. Sec. 19. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." and the same is herewith transmitted. MALCOLM McBEATH, Chief Clerk.

Such additional allowances shall be permitted by a special permit to be issued by the state highway commission valid only on state [,] primary [,] or secondary highways authorized by the state highway commission and under such rules, regulations, terms and conditions prescribed by the state highway commission. The fee for such special permit shall be fifty dollars for a twelve-month period beginning and ending on April 1st of each calendar year. Permits may be issued at any time but if issued after July 1st of any year the fee shall be thirty-seven dollars and fifty cents. The vehicle covered by such canceled special permit shall not be eligible for a new special permit until thirty days after the cancellation of the special permit issued to said vehicle. The fee for such renewal shall be at the same rate as set forth in this section which covers the original issuance of such special permit. Each special permit shall be assigned to a three-axle truck tractor in combination with a two-axle pole trailer and may be transferred upon application to the department of highways with payment of a two dollar fee.

The special permit provided for herein shall be known as a "[county] log tolerance permit" and shall designate the route or routes to be used, which shall first be approved by the *city* or county engineer involved. Authorization of additional route or routes may be made at the discretion of the *city* or county by amending the original permit or by issuing a new permit. Said permits shall be issued on a yearly basis expiring on March 31st of each calendar year. Any person, firm or corporation who uses any *city street* or county road for the purpose of transporting logs with weights authorized by state highway log tolerance permits, to reach or *leave* a state highway route, without first obtaining a *city* or county permit when required by the *city* or board of county commissioners shall be subject to the penalties prescribed by RCW 46.44.045. For the purpose of determining gross weight the actual scale weight taken by the officer shall be prima facie evidence of such total gross weight. In the event the gross weight is in excess of the weight permitted by law, the officer may, within his discretion, permit the operator to proceed with his vehicles in combination.

An Act establishing a retirement system for judges of courts of record; and creating new sections.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. This act shall be known and cited as the Washington Judicial Retirement System Act.

NEW SECTION. Sec. 3. (1) "Retirement system" means the "Washington judicial retirement system" provided herein.

(2) "Judge" means a person elected or appointed to serve as judge of a court of record as provided in chapters 2.04, 2.06, and 2.08 RCW. Said word shall not include a person serving as a judge pro tempore.

(3) "Retirement board" means the "Washington judicial retirement board" established herein.

(4) "Surviving spouse" means the surviving widow or widower of a judge. The word shall not include the divorced spouse of a judge.

(6) "Beneficiary" means any person in receipt of a retirement allowance, disability allowance or any other benefit described herein.

(7) "Monthly salary" means the monthly salary of the position held by the judge.

(8) "Service" means all periods of time served as a judge, as herein defined. Any calendar month at the beginning or end of a term in which ten or more days are served shall be counted as a full month of service: PROVIDED, That no more than one month's service may be granted for any one calendar month. Only months of service will be counted in the computation of any retirement allowance or other benefit provided for in this 1971 act. Years of service shall be determined by dividing the total months of service by twelve. Any fraction of a year of service as so determined shall be taken into account in the computation of such retirement allowance or benefit.

(9) "Final average salary" means (a) for a judge in service in the same court for a minimum of twelve consecutive months preceding the date of retirement, the salary attached to the position held by the judge immediately prior to retirement; (b) for any other judge, the average monthly salary paid over the highest twenty-four month period in the last ten years of service.

All judges first appointed or elected to the courts covered by these chapters on or after the effective date of this 1971 act shall be members of this system. Any person serving as a judge on the effective date of this 1971 act and who is covered under the provisions of chapter 2.12 RCW shall have the option of transferring to this system. Said transfer shall be in writing and received by the Washington judicial retirement board not later than one calendar year after the effective date of this 1971 act.

NEW SECTION. Sec. 5. The Washington judicial retirement board is hereby established. This board shall be responsible for making effective the provisions of this 1971 act, and the authority to make all rules and regulations necessary therefor are hereby vested in the retirement board. All such rules and regulations shall be governed by the provisions of chapter 34.04 RCW, as now or hereafter amended. The administration of the retirement system is hereby vested in the director and staff of the Washington public employees' retirement system established pursuant to chapter 41.40 RCW.

NEW SECTION. Sec. 6. The retirement board shall consist of seven members.

(1) Three members shall be elected by the judges of the respective courts. One member shall be elected by and serve as a representative of the supreme court, one from the court of appeals and one from the superior court. The elected board members shall serve a three-year term except that the first member from the supreme court shall serve a one-year term and the first member from the court of appeals shall serve a two-year term.

(2) The governor shall appoint four members, only one of whom may be a member of the Washington state bar association. These members shall serve a four-year term with one member appointed each July 1. Original terms of office of the appointees shall be one, two, three and four years as designated by the governor.

(3) The terms of all members shall commence on the first of July following their

election or appointment. Any vacancy occurring by reason of resignation, death, disability or retirement ninety days or more before the expiration of the term of office of any elected board member shall be filled by election as provided in (1) above. If it is less than ninety days before the end of the term of office, the office shall remain vacant until the election for the next term is final. The newly elected member shall then take office immediately and fill out the remainder of the unexpired term in addition to the term to which he was elected.

If a vacancy occurs in the office of an appointed member for any reason, the governor shall appoint a replacement for the remainder of the term.

(4) The retirement board shall annually at its July meeting or the first meeting after July if there is no July meeting, elect a chairman and a vice chairman, one of whom must be a judge and one an appointed board member.

NEW SECTION. Sec. 7. The retirement board shall perform the following duties:

(1) Keep in convenient form such data as shall be deemed necessary for actuarial evaluation purposes;

(2) As of July 1 of every even-numbered year have an actuarial evaluation made as to the mortality and service experience of the beneficiaries under this 1971 act and the various accounts created for the purpose of showing the financial status of the retirement fund;

(3) Adopt for the retirement system the mortality tables and such other tables as shall be deemed necessary;

(4) Keep a record of its proceedings, which shall be open to inspection by the public;

(5) Serve without compensation but shall be reimbursed for expense incident to service as individual members thereof;

(6) From time to time adopt such rules and regulations not inconsistent with this 1971 act for the administration of this 1971 act and for the transaction of the business of the board.

No member of the board shall be liable for the negligence, default or failure of any employee or of any member of the board to perform the duties of his office and no member of the board shall be considered or held to be an insurer of the funds or assets of the retirement system, but shall be liable only for his own personal default or individual failure to perform his duties as such member and to exercise reasonable diligence in providing for safeguarding of the funds and assets of the system.

NEW SECTION. Sec. 8. (1) The state treasurer shall be the custodian of all funds and securities of the retirement system. Disbursements from this fund shall be made by the state treasurer upon receipt of duly authorized vouchers.

(2) The state treasurer is hereby authorized and directed to deposit any portion of the funds of the retirement system not needed for immediate use in the same manner and subject to all the provisions of law with respect to the deposit of state funds by such treasurer, and all interest earned by such portion of the retirement system's funds as may be deposited by the state treasurer in pursuance of authority herewith given shall be collected by him and placed to the credit of the retirement fund.

(3) The public employees' retirement board established by chapter 41.40 RCW shall have full power to invest or reinvest the funds of this system in those classes of investments authorized by RCW 41.40.071 as now or hereafter amended.

(4) For the purpose of providing amounts to be used to defray the cost of administration and investment, the judicial retirement board shall ascertain at the beginning of each biennium and request from the legislature an appropriation sufficient to cover estimated expenses for the said biennium.

NEW SECTION. Sec. 9. The total liability, as determined by the actuary, of this system shall be funded as follows:

(1) Every judge shall have deducted from his monthly salary an amount equal to seven and one-half percent of said salary.

(2) The state as employer shall contribute an equal amount on a quarterly basis.

(3) The state shall in addition guarantee the solvency of said fund and the legislature shall make biennial appropriations from the general fund of amounts sufficient to guarantee the making of retirement payments as herein provided for if the money in the judicial retirement fund shall become insufficient for that purpose, but such biennial appropriation may be conditioned that sums appropriated may not be expended unless the money in the judicial retirement fund shall become insufficient to meet the retirement payments.

NEW SECTION. Sec. 10. Retirement of a member for service shall be made by the retirement board as follows:

(1) Any judge who, on the effective date of this 1971 act or within one year thereafter, shall have completed as a judge the years of actual service required under chapter 2.12 RCW and who shall elect to become a member of this system, shall in all respects be deemed qualified to retire under this retirement system upon his written request.

(2) Any member who has completed fifteen or more years of service and has attained the age of sixty years may be retired upon his written request.

(3) Any member who attains the age of seventy-five years shall be retired at the end of the calendar year in which he attains such age.

(4) Any judge who involuntarily leaves service at any time after having served an aggregate of twelve years shall be eligible to a partial retirement allowance computed according to section 11 of this 1971 act and shall receive this allowance upon the attainment of the age of sixty years and fifteen years after the beginning of his judicial service.

NEW SECTION. Sec. 11. A member upon retirement for service shall receive a monthly retirement allowance computed according to his completed years of service, as follows: Ten years, but less than fifteen years, three percent of his final average salary for each year of service; fifteen years and over, three and one-half percent of his final average salary for each year of service: PROVIDED, That in no case shall any retired member receive more than seventy-five percent of his final salary except as increased as a result of the cost of living increases as provided by this 1971 act.

NEW SECTION. Sec. 12. Any judge who has served as a judge for a period of ten or more years, and who shall believe he has become physically or otherwise permanently incapacitated for the full and efficient performance of the duties of his office, may file with the retirement board an application in writing, asking for retirement. Upon receipt of such application the retirement board shall appoint one or more physicians of skill and repute, duly licensed to practice their professions in the state of Washington, who shall, within fifteen days thereafter, for such compensation as may be fixed by the board, to be paid out of the fund herein created, examine said judge and report in writing to the board their findings in the matter. If the physicians appointed by the board find the judge to be so disabled and the retirement board concurs in this finding the judge shall be retired.

NEW SECTION. Sec. 13. Upon a judge being retired for disability as provided in section 12 of this 1971 act, he shall receive from the fund an amount equal to one-half of his final average salary.

NEW SECTION. Sec. 14. A surviving spouse of any judge holding such office, or if he dies after having retired and who, at the time of his death, has served ten or more years in the aggregate, shall receive a monthly allowance equal to fifty percent of the retirement allowance the retired judge was receiving, or fifty percent of the retirement allowance the active judge would have received had he been retired on the date of his death, but in no event less than twenty-five percent of the final average salary that the deceased judge was receiving: PROVIDED, That said surviving spouse had been married to the judge for a minimum of three years at time of death: AND PROVIDED FURTHER, That if the surviving spouse remarries all benefits under this 1971 act shall cease.

NEW SECTION. Sec. 15. Every judge retired either for service or disability under the provisions of this 1971 act shall file a statement of income with the retirement board. Any retired judge who is receiving income from employment of any kind shall have his retirement allowance reduced by the amount that his combined retirement allowance and employment income exceed the current monthly salary being paid a judge of the same court in which the retired judge served immediately prior to his retirement.

Failure to file or the filing of a false statement shall be grounds for cancellation of all benefits payable under this 1971 act.

NEW SECTION. Sec. 16. Any surviving spouse who is receiving a monthly benefit under the provisions of this 1971 act and who is employed in any capacity shall file with the retirement board a statement of earnings. If said earnings are in excess of fifty percent of the monthly allowance being received the board shall reduce the allowance payable by the amount of said excess.

Failure to file or the filing of a false statement shall be grounds for cancellation of all benefits payable under this 1971 act.

NEW SECTION. Sec. 17. Effective July 1, 1972, and of each succeeding year, every retirement allowance which has been in effect for one year or more shall be adjusted to that dollar amount which bears the ratio to its original dollar amount which the retirement board finds to exist between the index for the previous calendar year and the index for the calendar year prior to the date the retirement allowance became payable: PROVIDED, That the amount of increase or decrease in any one year shall not exceed three percent of the then payable retirement allowance: AND PROVIDED FURTHER, That this cost of living adjustment shall not reduce any pension below that amount which was payable at time of retirement.

NEW SECTION. Sec. 18. The right of a person to a retirement allowance, disability allowance, or death benefit, the retirement, disability or death allowance itself, any optional benefit, any other right accrued or accruing to any person under the provisions of this 1971 act, and the moneys in the fund created under this 1971 act, are hereby exempt from any state, county, municipal, or other local tax and shall not be subject to execution, garnishment, or any other process of law whatsoever.

NEW SECTION. Sec. 19. Any person aggrieved by any final decision of the retirement board must, before petitioning for judicial review, file with the director of the retirement system by mail or personally within sixty days from the day such decision was communicated to such person, a notice for a hearing before the retirement board. The notice of hearing shall set forth in full detail the grounds upon which such person considers such decision unjust or unlawful and shall include every issue to be considered by the retirement board, and it must contain a detailed statement of facts upon which such person relies in support thereof. Such persons shall be deemed to have waived all objections or irregularities concerning the matter on which such appeal is taken other than those records of the retirement system.

NEW SECTION. Sec. 20. A hearing shall be held by members of the retirement board, or its duly authorized representatives, in the county of the residence of the claimant at a time and place designated by the retirement board. Such hearings shall be de novo and shall conform to the provisions of chapter 34.04 RCW, as now or hereafter amended. The retirement board shall be entitled to appear in all such proceedings and introduce testimony

in support of the decision. Judicial review of any final decision by the retirement board shall be governed by the provisions of chapter 34.04 RCW as now law or hereafter amended.

NEW SECTION. Sec. 21. No bond of any kind shall be required of a claimant appealing to the superior court, the court of appeals, or the supreme court from a finding of the retirement board affecting such claimant's right to retirement or disability benefits.

- NEW SECTION. Sec. 22. (1) Any member of the Washington public employees' retirement system who is eligible to participate in the judicial retirement system may, by written request filed with the retirement boards of the two systems respectively, transfer such membership to the judicial retirement system. Upon the receipt of such request, the board of the Washington public employees' retirement system shall transfer to the board of the Washington judicial retirement system (1) all employee's contributions and interest thereon belonging to such member in the employees' savings fund and all employer's contributions credited or attributed to such member in the benefit account fund and (2) a record of service credited to such member. One-half of such service shall be computed and not more than nine years shall be credited to such member as though such service was performed as a member of the judicial retirement system. Upon such transfer being made the state treasurer shall deposit such moneys in the judicial retirement fund. In the event that any such member should terminate judicial service prior to his entitlement to retirement benefits under any of the provisions of this 1971 act, he shall upon request therefor be repaid from the judicial retirement fund an amount equal to the amount of his employee's contributions to the Washington public employees' retirement system and interest plus interest thereon from the date of the transfer of such moneys.

(2) Any member of the judicial retirement system who was formerly a member of the Washington public employees' retirement system but who has terminated his membership therein under the provisions of chapter 41.40 RCW, may reinstate his membership in the Washington public employees' retirement system, for the sole purpose of qualifying for a transfer of membership in the judicial retirement system in accordance with subsection (1) above by making full restoration of all withdrawn funds to the employees' savings fund prior to January 1, 1972. Upon reinstatement in accordance with this subsection, the provisions of subsection (1) and the provisions of RCW 41.40.120 (3) shall then be applicable to the reinstated member in the same manner and to the same extent as they are to the present members of the Washington public employees' retirement system who are eligible to participate in the judicial retirement system.

(3) Any member of the judicial retirement system who has served as a judge for one or more years and who has rendered service for the state of Washington, or any political subdivision thereof, prior to October 1, 1947, or the time of the admission of the employer into the Washington public employees' retirement system, may—upon his payment into the judicial retirement fund of a sum equal to 5% of his compensation earned for such prior public service—request and shall be entitled to have one-half of such service computed and not more than six years immediately credited to such member as though such service had been performed as a member of the judicial retirement system, provided that any such prior service so credited shall not be claimed for any pension system other than a judicial retirement system.

POINT OF INQUIRY

Senator Atwood: "Would Senator Dore yield? Senator, this is way beyond the current level of this committee, is it not?"

Senator Dore: "No, the current level is going to be one hundred and ten thousand."

Senator Atwood: "The current level, Senator, not the..."

Senator Dore: "The last biennium was fifty thousand but I think the lieutenant governor has a lot of plans in mind and needs, wants at least to have the same level of spending as the insurance committee. They passed eleven measures this year and just got geared up and the short session, of course, prevented a lot of bills from passing through but I am sure that in the interim they will have them ready by next January when we come back."

POINT OF INQUIRY

Senator Atwood: "Senator Greive, what plans do you have? Is this going to be used for redistricting purposes?"

Senator Greive: "First, may I answer your first question and then I will answer your second one because I happen to have the facts."

Senator Atwood: "The current level of the committee. . . ."

Senator Greive: "The current level of the committee was fifty-seven thousand of which approximately sixteen thousand five hundred was reverted. They passed seventeen bills so far and I think two or three more passed today. It completely reorganized the department of personnel on the question of sabbaticals. We wrote the rules and regulations that the department followed and it has new regulations as far as purchasing is concerned and it has probably been the hardest working—and they had twenty-seven hearings on seacoast management and provided the background for the seacoast management act that Senator Gissberg drafted. In other words, they used all of the notes in the work that they did and they had fifty-seven thousand last year for one year. They asked for one hundred and ten thousand this year and there has always been a reversion as far as I know from Governor Cherberg. He is very frugal with his funds."

Senator Atwood: "I am not questioning that, Senator. You did all that on fifty thousand dollars though."

Senator Greive: "For one year."

Senator Atwood: "For two years."

Senator Greive: "No, I am talking about a one year budget, since the last session."

Senator Atwood: "Okay. And what do you plan for next year that would be double this increase?"

Senator Greive: "We expect this for the biennium, I would expect one hundred and ten thousand dollars is double what he had and that is how come we got it."

Senator Atwood: "One more question. You do not plan to do redistricting in this committee?"

Senator Greive: "No. Senator, you are going to find very presently that it is our feeling that redistricting should be done by both houses by their facilities and operations committee, that there should be a sizeable appropriation made to each house and we have just come, Senator Bailey and myself, from the Speaker's office and he has agreed that we will put twenty-five thousand in each house's budget, that each house will work out through their caucuses on the facilities operation and it will be done that way."

Senator Atwood: "All right."

The motion by Senator Dore carried and the amendment was adopted.

On motion of Senator Mardesich, the following amendment was adopted:

On page 10, line 29, strike "Transportation" and insert "Regulated Agencies".

On motion of Senator Durkan, the following amendment was adopted:

On page 11, section 4, after line 3 and before line 4 insert:

"General Fund Appropriation of Mobile Home Excise Tax to be distributed:
PROVIDED, These funds will be used to maintain the current guarantee per weighted pupil through 1970-71 \$490,077"

Senator Durkan moved adoption of the following amendment:

On page 11 of the second draft, line 21, following section 5, insert a new section as follows:

"NEW SECTION. Sec. 6. Legislative redistricting in the nature of the case because of the numerical differences existing in the composition of the membership of the House of Representatives and the Senate of the Legislature of the State of Washington is a matter peculiarly within the special province of each house of the legislature. It is therefore the intention of the legislature that each house utilize for legislative redistricting purposes during the 1971-73 biennium funds appropriated to it for interim expenses.

None of the moneys appropriated pursuant to the provisions of this act or pursuant to

the provisions of Engrossed Substitute House Bill No. 151 or appropriated pursuant to any other bill or statute enacted or in the process of being enacted by the regular or extraordinary sessions of the 1971 legislature making an appropriation to the legislative council or any other interim permanent or temporary legislative committee shall be used directly or indirectly for the purpose of preparing, collecting or assembling data for any legislative or congressional redistricting measure during the 1971-73 biennium."

Renumber the succeeding section.

Senator Durkan moved adoption of the following amendment to the amendment by Senator Durkan:

Following the second paragraph and before "Renumber the succeeding section" insert the following:

"HOUSE OF REPRESENTATIVES

General Fund Appropriation: To carry out the provisions of
NEW SECTION 6 \$25,000

SENATE

General Fund Appropriation: To carry out the provisions of
NEW SECTION 6 \$25,000"

Debate ensued.

POINT OF INQUIRY

Senator Atwood: "What is the amendment to the amendment? Is it on our desks?"

Senator Durkan: "Senator Greive just explained to me on the floor that the Speaker of the House, and of course the Senate has to agree, has agreed with the leadership on our side. We have not had a chance to convey it to you and I apologize. They have agreed that twenty-five thousand dollars would be made available to each of the facility committees of the respective houses to work on redistricting and that the other committees of the legislature would be prohibited from working on redistricting and my amendment to the amendment provides that the twenty-five thousand should be appropriated to each of the facility committees of the separate houses for this purpose. The main amendment will then prevent the other interim committees from working on redistricting."

The amendment to the amendment by Senator Durkan was adopted.

The amendment by Senator Durkan, as amended, was adopted.

POINT OF INQUIRY

Senator Lewis: "Would Senator Durkan yield? Senator, in reading the amendment that we adopted just a minute ago on the twenty-five thousand dollars, I see that it is, the way it is written it appears to me it is appropriated to the Senate of the state of Washington and to the House. There is nothing here that indicates it is going to the Senate facilities committee. My second question that either you or Senator Greive might answer, is this intended to mean that each house will write its own redistricting bill or is this to the joint facilities committee?"

Senator Greive: "Mr. President, Senator Bailey and I had extensive talks with the various leaders in the House, particularly Speaker Swayze and Representative Copeland, and it was finally agreed that both houses would not only work on redistricting but we would meet regularly and negotiate. It is the responsibility of each house to work as a unit with the minority caucuses on both sides being represented and we would have regular meetings and it would be done by the facilities and operations committee of each house."

Senator Lewis: "Further question. I did not clearly understand, Senator Greive. Did you say that each house will operate separately and. . ."

Senator Greive: "No, no, no. That we will attempt to come up with one bill. You see we will do our statistical work and we will have to come together and the statistical work will be done through the House and the Senate."

Senator Lewis: "But with this appropriation then, the inference in the appropriation that it is to go to the Senate facilities committee for their. . ."

Senator Greive: "That is correct and you will have to decide who you want to designate as your representative on the facilities committee and we will have to do the same."

On motion of Senator Durkan, the rules were suspended, Engrossed Substitute Senate Bill No. 926 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

An Act relating to narcotic drugs, dangerous drugs, and alcohol; amending section 2, chapter 111, Laws of 1967 ex. sess. and RCW 71.24.020; amending section 3, chapter 111,

Laws of 1967 ex. sess. and RCW 71.24.020; amending section 3, chapter 111, Laws of 1967 ex. sess. and RCW 71.24.030; and creating new sections.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. It is the purpose of this 1971 amendatory act to provide the financial assistance necessary to enable the department of social and health services to offer a meaningful program of rehabilitation for those persons suffering problems related to narcotic drugs, dangerous drugs, and alcohol and to develop a community educational program as to those problems for the benefit of the state's population generally. Such programs can develop in the people of this state a knowledge of the problems caused by alcohol and drug abuse, an acceptance of responsibility for alcohol and drug related problems, an understanding of the causes and consequences of the use and abuse of alcohol and drugs, and thus may prevent many problems from occurring.

It is the further purpose of this 1971 amendatory act to provide for qualified drug treatment centers approved by the department of social and health services.

NEW SECTION. Sec. 2. The following words and phrases shall have the following meaning when used in this 1971 amendatory act:

(7) Any other information required by rule or regulation of the secretary of social and health services pertaining to the qualifications of such drug treatment center.

The secretary of social and health services may either grant or deny approval or revoke or suspend approval previously granted after investigation to ascertain whether or not such center is adequate to the care, treatment, and rehabilitation of such persons who have voluntarily submitted themselves to the care of such center; such grant, denial or revocation of approval shall be in accordance with standards as set forth in rules and regulations promulgated by the secretary.

Such approval shall be effective for one calendar year from the date of such approval. Renewal of approval shall be made in accordance with the provisions of this section for initial approval and in accordance with the standards set forth in rules and regulations promulgated by the secretary.

NEW SECTION. Sec. 4. The secretary shall establish within the department a program designed to aid and rehabilitate persons suffering from problems relating to narcotic drugs, dangerous drugs, and alcohol. Without duplicating, and in coordination with the programs established by the state superintendent of public instruction, the secretary shall establish community educational programs outside of the kindergarten through twelve programs in the schools relating to alcohol and drug use and abuse. NEW SECTION. Sec. 5. Pursuant to the provisions of the Interlocal Cooperation Act, chapter 39.34 RCW, the department may enter into agreements as provided therein to accomplish the purposes of this 1971 amendatory act.

Sec. 6. Section 2, chapter 111, Laws of 1967 ex. sess. and RCW 71.24.020 are each amended to read as follows:

(7) *Such services as are set forth in subsection (4) which pertain to the education and information about and prevention of problems of drug and alcohol abuse.*

Such inservice training as may be necessary in providing any of the foregoing services shall be proper items of expenditure in connection therewith.

NEW SECTION. Sec. 8. Any person fourteen years of age or older may give consent for himself to the furnishing of counseling, care, treatment or rehabilitation by an approved drug treatment center or person licensed or certified by the state related to conditions and problems caused by drug or alcohol abuse. Consent of the parent, parents, or legal guardian of a person less than eighteen years of age shall not be necessary to authorize such care, except that such person shall not become a resident of such treatment center without parental permission. The parent, parents or legal guardian of a person less than eighteen years of age shall not be liable for payment of care for such persons pursuant to this 1971 amendatory act, unless they have joined in the consent to such counseling, care, treatment or rehabilitation.

No such person, organization, institution or corporation or their agents acting in the scope and course of their duties, providing such care, treatment, counseling or rehabilitation shall divulge nor shall they be required to provide any specific information concerning individuals being cared for, treated, counseled or rehabilitated, nor shall pharmacists or their agents provide such information when or if they become aware of or receive such information when requested to or for the purpose of providing products or performing services relevant to said care, treatment, counseling or rehabilitation. Should any person, organization, institution or corporation, or their agents, breach confidentiality as provided for in this section, such information and any product thereof shall not be admissible as evidence or be considered in any criminal proceeding. The fact of an individual of authorized age being cared for, treated, counseled or rehabilitated pursuant to this 1971 amendatory act shall likewise be held confidential and shall not be admissible as evidence or be considered in any criminal proceeding.

Any confidentiality provided for by this section may be waived by the individual, provided such waiver is freely and voluntarily made, and with full prior information as to the consequences thereof.

NEW SECTION. Sec. 10. Nothing contained in this 1971 amendatory act shall prohibit or be construed to prohibit the divulging or providing of statistical or other substantive information pertaining to care, treatment, counseling or rehabilitation, pursuant to this 1971 amendatory act, so long as no individual is identified or reasonably identifiable, and individual privacy and confidentiality is retained.

NEW SECTION. Sec. 11. Nothing contained in this 1971 amendatory act shall relieve any person or firm from the requirements under federal and state drug laws and regulations for the keeping of records and the responsibility for the accountability of drugs received and dispensed. Such records, insofar as they contain confidential information under this 1971 amendatory act, shall only be available to state and federal drug inspectors who shall not divulge such information as is contained in these records, including the identification of individuals, except (1) upon subpoena in a court or administrative proceeding to which the person to whom such prescription, orders or other records relate is a party, or (2) when the information reasonably leads to the conclusion that there has been a violation of RCW 69.33.380 or 69.40.090, then the information may be referred to other law enforcement officers.

NEW SECTION. Sec. 12. There shall be paid to each county on account of expenditures made for community mental health programs defined in section 7 of this 1971 amendatory act not more than fifty percent of the amount expended for such programs, exclusive of the expenditure of funds secured by a community mental health program from federal sources. Where it is determined by the secretary to be necessary for the expansion of existing mental health services or for the development of new mental health services, as described in section 7 of this 1971 amendatory act, and after consultation with the department of revenue regarding the extent to which local funds for the support of mental health services have been exhausted, the state share in any community mental health program may exceed fifty percent of the total expenditures: PROVIDED, That the state share shall be reduced to not more than fifty percent of the total expenditures within two years from the starting date of such new services. Reimbursement shall be made on a monthly basis, upon submission to the secretary of such information as he may require: PROVIDED, FURTHER, That when deemed necessary to maintain proper standards of care in the program, within the discretion of the secretary, the counties shall be required to provide up to fifty percent of the total expended for such program through fees, gifts, contributions, and volunteer services.

On page 1, after the enacting clause on line 24, strike the remainder of the bill and insert the following:

May 7, 1971.

"Section 1. Section 84.40.030, chapter 15, Laws of 1961 as last amended by section 1, chapter 43, Laws of 1971 first ex. sess. and RCW 84.40.030 are each amended to read as follows:

All property shall be assessed fifty percent of its true and fair value in money. [In determining the true and fair value of real or personal property, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation; nor shall he adopt as a criterion of value the price for which the said property would sell at auction, or at a forced sale, or in the aggregate with all the property in the town or district; but he shall value each article or description of property by itself, and at such price as he believes the same to be fairly worth in money at the time such assessment is made. The true cash value of property shall be that value at which the property would be taken in payment of a just debt from a solvent debtor. In assessing any tract or lot of real property, the value of the land, exclusive of improvements, shall be determined; also, the value of all improvements and structures thereon and the aggregate value of the property, including all structures and other improvements, excluding the value of crops growing on cultivated lands. In valuing any real property on which there is a coal or other mine, or stone or other quarry, the land shall be valued at such price as such land would sell at a fair, voluntary sale for cash; any improvements thereon shall be separately valued and assessed as hereinabove provided; and any personal property connected therewith shall be listed, valued and assessed separately as other personal property is assessed under general law.]

Taxable leasehold estates shall be valued at such price as they would bring at a fair, voluntary sale for cash. Notwithstanding any other provisions of this section or of any other statute, when the value of any taxable leasehold estate created prior to January 1, 1971 is being determined for assessment years prior to the assessment year 1973, there shall be deducted from what would otherwise be the value thereof the present worth of the rentals and other consideration which may be required of the lessee by the lessor for the unexpired term thereof: PROVIDED, That the foregoing provisions of this sentence shall not apply to any extension or renewal, made after December 31, 1970 of the term of any such estate, or to any such estate after the date, if any, provided for in the agreement for rental renegotiation.

The true and fair value of real property for taxation purposes (including property upon which there is a coal or other mine, or stone or other quarry) shall be based upon the following criteria:

(1) (a) Any sales of the property being appraised or similar property with respect to sales made within the past five years, made for cash or adjusted to a cash value by appropriate discounts for sale conditions other than for cash, and less a percentage equal to the average, ordinary and usual direct costs of sale of that type of property, including but not limited to costs of title insurance, legal services, recording fees and taxes levied against such sales that are borne by the seller, and an amount equal to the customary fees payable to a licensed real estate broker for handling such a sale, such percentage to be determined by studies conducted by the department of revenue. Similar sales, for the purpose of this subsection, shall be sales of property in the same general or comparable area that are devoted to or to be devoted to the same use as the majority of the property in the area or the property being valued, whichever value is greater. The appraisal shall take into consideration political restrictions such as zoning as well as physical and environmental influences. Sales involving deed releases or similar seller-developer financing arrangements shall not be used as sales of similar property.

(b) In addition to sales as defined in subsection (1) (a), consideration may be given to cost, cost less depreciation, reconstruction costs less depreciation, or capitalization of income that would be derived from prudent use of the property. In the case of property of a complex nature, or being used under terms of a franchise from a public agency, or operating as a public utility, or property not having a record of sale within five years and not having a significant number of sales of similar property in the general area, the provisions of this subsection (1) (b) shall be the dominant factors in valuation. When provisions of this subsection (1) (b) are relied upon for establishing values the property owner shall be advised upon request of the factors used in arriving at such value.

(c) In valuing any tract or parcel of real property, the value of the land, exclusive of structures thereon shall be determined; also the value of structures thereon, but the valuation shall not exceed the value of the total property as it exists. In valuing agricultural land, growing crops shall be excluded: PROVIDED, That the provisions of this subsection (1) shall be applicable to all values for use in computing property taxes for the assessment year 1972 for taxes payable in 1973 and subsequent years.

(2) Notwithstanding the the provisions of (1) (a), (b) and (c) above, whenever any person has a parcel of real property, said parcel to be determined by including all contiguous real property in the same ownership, the value of which he believes to be less than one hundred thousand dollars, he may establish the value of such property for taxation purposes by unconditionally offering such property for sale for cash through a licensed real estate broker for a period of at least ninety days at ten percent over his own stated value: PROVIDED, That this shall not be his only or sole defense against overvaluation. The ninety day period shall commence to run following publication by the broker of the first advertisement of the offer including the location of the property, which advertisement shall appear in a newspaper of general circulation in the county where the property is situated and at least once each week for four successive weeks. A person electing to proceed under provisions of this subsection shall file a notice of such intent with the assessor prior to July 15 and proof of the sale offering on or before October 15.

NEW SECTION. Sec. 2. There is added to chapter 15, Laws of 1961 and to chapter 84.40 RCW, a new section to read as follows:

(1) Upon review by any court, or appellate body, of a determination of the valuation of property for purposes of taxation, it shall be presumed that the determination of the public official charged with the duty of establishing such value is correct but this presumption shall not be a defense against any correction indicated by clear, cogent and convincing evidence.

(2) In any administrative or judicial proceeding pending upon the effective date of this 1971 amendatory act or arising from the property revaluation under the provisions of section 4, chapter 282, Laws of 1969 ex. sess., and section 1, chapter 95, Laws of 1970 ex. sess., the provisions of this section will apply. This paragraph shall not be construed so as to limit in any way the provisions of subsection (1) of this section. In the event any final court decision holds any action of a county in valuing real property to have been performed illegally or unconstitutionally, the county assessor shall notify all property owners within that county whose property valuation may be affected by the court's decision. The notification required by this section may be by publication in a newspaper of general circulation in the county.

Sec. 3. Section 84.56.020, chapter 15, Laws of 1961 as amended by section 3, chapter 216, Laws of 1969 ex. sess. and RCW 84.56.020 are each amended to read as follows:

The county treasurer shall be the receiver and collector of all taxes extended upon the tax rolls of the county, whether levied for state, county, school, bridge, road, municipal or other purposes, and also of all fines, forfeitures or penalties received by any person or officer for the use of his county. All taxes upon real and personal property made payable by the provisions of this title shall be due and payable to the treasurer as aforesaid on or before the thirtieth day of April in each year, after which date they shall become delinquent, and interest at the rate of *five percent per annum on not more than five hundred dollars of delinquent taxes on real property for a single year in any county shall be charged and interest at the rate of ten percent per annum shall be charged upon the balance of such unpaid taxes and upon unpaid personal property taxes from the date of delinquency until paid*: PROVIDED, That when the total amount of tax on any lot, block or tract of real property payable by one person is ten dollars or more, and if one-half of such tax be paid on or before the said thirtieth day of April, then the time for payment of the remainder thereof shall be extended and said remainder shall be due and payable on or before the thirty-first day of October following, after which date such remaining one-half shall become delinquent, and interest at the rate of *five percent per annum on not more than five hundred dollars of delinquent taxes for a single year in any county shall be charged and interest at the rate of ten percent per annum shall be charged upon the balance of said remainder from the date of delinquency until paid*: PROVIDED, FURTHER, That when the total amount of personal property taxes falling due in any year, payable by one person, is ten dollars or more, and if one-half of such taxes be paid on or before said thirtieth day of April then the time for payment of the remainder thereof shall be extended and said remainder shall be due and payable on or before the thirty-first day of October following, after which date such remaining one-half shall become delinquent, and interest at the rate of ten percent per annum shall be charged upon said remainder from the date of delinquency until paid. All collections of interest on delinquent taxes shall be credited to the county current expense fund; but the cost of foreclosure and sale of real property, and the fees and costs of distraint and sale of personal property, for delinquent taxes, shall, when collected, be credited to the operation and maintenance fund of the county treasurer prosecuting the foreclosure or distraint or sale; and shall be used by the county treasurer as a revolving fund to defray the cost of further foreclosure, distraint and sale for delinquent taxes without regard to budget limitations.

NEW SECTION. Sec. 4. There is added to chapter 15, Laws of 1961 and to chapter 84.36 RCW a new section to read as follows:

A person shall be exempt from any legal obligation to pay a percentage of the amount of real property taxes due and payable in 1972 and subsequent years as the result of the levy of additional taxes in excess of regular property tax levies as that term is defined in section 13 of this 1971 amendatory act, as now or hereafter amended, and/or from such regular property tax levies in accordance with the following conditions:

(1) The property taxes must have been imposed upon a residence which has been regularly occupied by the person claiming the exemption during the two calendar years preceding the year in which the exemption claim is filed; or the property taxes must have been imposed upon a residence which has been regularly occupied by the person claiming the exemption during the preceding calendar year and the person claiming the exemption must also have been a resident of the state of Washington for the last three calendar years preceding the year in which the claim is filed.

(2) The person claiming the exemption must have owned, at the time of filing, in fee, or by contract purchase, the residence on which the property taxes have been imposed. For purposes of this subsection, a residence owned by a marital community shall be deemed to be owned by each spouse.

(3) The person claiming the exemption must have been sixty-two years of age or older on January 1st of the year in which the exemption claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of physical disability.

(4) No person who, during the preceding calendar year, has regularly occupied the residence on which the taxes have been imposed shall have received during the preceding

calendar year any earnings of the type and amount which would cause any deduction from social security benefits for a recipient of such benefits pursuant to 42 U.S.C. 403 as in effect on the effective date of this 1971 amendatory act: PROVIDED, That the earnings of any occupant living with and paying rent to the person claiming exemption shall not be included in the determination of the eligibility of such person for the exemption.

(5) The amount that the person shall be exempt from an obligation to pay shall be calculated, on the basis of the combined income, from all sources whatsoever, of the person claiming the exemption and his or her spouse for the preceding calendar year, in accordance with the following schedule:

Income Range	Percentage of Excess Levies Exemption
\$4,000 or less	One hundred percent
\$4,001 — \$6,000	Fifty percent

PROVIDED, HOWEVER, That, solely with respect to a person within the income range of \$4,000 or less, in the event that taxes due and payable include no excess levies or include excess levies less than \$50.00, the amount of the exemption shall be \$50.00 and the difference shall be attributed pro rata to regular property tax levies of each of the taxing districts.

This section shall be effective as to claims made in 1971 and subsequent years with respect to taxes due and payable in 1972 and subsequent years.

NEW SECTION. Sec. 5. There is added to chapter 15, Laws of 1961 and to chapter 84.36 RCW a new section to read as follows:

For the purposes of section 4 of this 1971 amendatory act:

(1) The term "residence" shall mean a single family dwelling unit whether such unit be separate or part of a multiunit dwelling, including the land on which the dwelling stands not to exceed one acre. The term shall also include a single family dwelling situated upon lands the fee of which is vested in the United States or any instrumentality thereof including an Indian tribe or in the state of Washington, and notwithstanding the provisions of RCW 84.04.080, 84.04.090 or 84.40.250, such a residence shall be deemed real property.

(2) The term "preceding calendar year" shall mean the calendar year preceding the year in which the claim for exemption is to be made.

All claims for exemption shall be made and signed by the person entitled to the exemption, by his or her attorney in fact or in the event the residence of such person is under mortgage or purchase contract requiring accumulation of reserves out of which the holder of the mortgage or contract is required to pay real estate taxes, by such holder or by the owner, either before a notary public or the county assessor or his deputy in the county where the real property is located. Any person signing a false claim shall be subject to perjury.

Claims for exemption under section 4 of this 1971 amendatory act shall be made annually and filed between January 2 and July 1 of the year in which the property tax levies are imposed and solely upon forms as prescribed and furnished by the department of revenue: PROVIDED, That for 1971 such claims shall be filed between January 2 and August 1.

The department is hereby directed to publicize the qualifications and manner of making claims pursuant to sections 4 and 5, through communications media, including such paid advertisements or notices as it deems appropriate.

Sec. 6. Section 84.41.030, chapter 15, Laws of 1961 and RCW 84.41.030 are each amended to read as follows:

[Each county assessor shall commence, immediately if possible, but no later than January 1, 1956, a comprehensive program of revaluation of all taxable property within his respective county. Such program shall progress at a rate which will result in the revaluation of all taxable property within the county before June 1, 1958.] Each county assessor shall [thereafter] maintain an active and systematic program of revaluation on a continuous basis, and shall establish a revaluation schedule which will result in revaluation of all taxable real property within the county at least once each four years. [A copy of such schedule shall be filed by each assessor with the tax commission before October 15, 1956.]

Sec. 7. Section 84.41.040, chapter 15, Laws of 1961 and RCW 84.41.040 are each amended to read as follows:

Each county assessor shall cause real property being valued to be physically inspected [and shall require such examination as will] *at least once every four years in order to provide adequate data from which to make accurate valuations.* [Property which may have been revalued after physical examination by the assessor subsequent to May 31, 1954, shall be considered to have been revalued pursuant to the requirements of this chapter.] *During the intervals between each physical inspection of real property, the valuation of such property may be adjusted to its current true and fair value, such adjustments to be based upon appropriate statistical data: PROVIDED, That such adjustments shall not be made with respect to property revalued in 1970 for taxes payable in 1971, when such property was revalued in accordance with a cyclical revaluation program approved by the department of revenue except such adjustments may be made to reduce values of such revalued property to reflect decreased true and fair value or to reflect the use of the criteria for valuation provided in this 1971 amendatory act: PROVIDED FURTHER, That such adjustments may be made with respect to such revalued property in a county without restriction after all the property within the county has been revalued in accordance with such cyclical revaluation program.*

The assessor may require property owners to submit pertinent data respecting taxable property in their control including data respecting any sale or purchase of said property within the past five years, the cost and characteristics of any improvement on the property and other facts necessary for appraisal of property.

NEW SECTION. Sec. 8. There is added to chapter 15, Laws of 1961 and to chapter 84.48 RCW a new section to read as follows:

The board of equalization shall reconvene on the first Monday of August for the purpose of equalizing valuations of real property within the county. Such equalization shall be accomplished in the following manner:

(1) The department of revenue shall certify to the board the ratio of the assessed valuation of locally assessed property in the county to the true and fair value of such property, based upon assessed values established without regard to equalization accomplished pursuant to this section (hereinafter referred to as the "tentative county indicated ratio"). The department shall also certify the ratio of the assessed valuation of locally assessed property in those geographical areas in the county which have been revalued pursuant to a cyclical revaluation program approved by the department of revenue to the true and fair value of such property (hereinafter referred to as the "revaluation ratio"). If, pursuant to the cyclical revaluation program, land alone or improvements alone have been revalued for any assessment year, the revaluation ratio shall be for land alone, or improvements alone, as appropriate, or such combination thereof as is appropriate. The board shall review the revaluation ratio so certified, and may accept, reject, or modify the ratio.

(2) If the revaluation ratio, as determined by the board, exceeds one hundred and ten percent of the tentative county indicated ratio, the board shall order the assessor, in accordance with the provisions of section 7 of this 1971 amendatory act, to reduce by a uniform percentage the true and fair values of land, improvements, or both as appropriate, within the geographical areas covered by the revaluation ratio by a uniform percentage such that the revaluation ratio shall equal the tentative county indicated ratio. The board shall also order the assessor to make appropriate similar adjustments to properties valued in the same year. For the purpose of administrative convenience, such reductions may be accomplished, in lieu of actual changes in the assessment rolls, by the assessor certifying to the treasurer the percentage adjustment for the geographical areas involved, on the basis of which the treasurer shall adjust the amount of taxes otherwise payable.

Sec. 9. Section 84.48.080, chapter 15, Laws of 1961 and RCW 84.48.080 are each amended to read as follows:

[The members of the tax commission shall constitute the state board of equalization; the chairman of the tax commission shall be the president of the board, and the secretary of the tax commission shall be the secretary thereof. The board shall remain in session not to exceed thirty days; it may adjourn from day to day, and employ such clerical assistance as may be deemed necessary to facilitate its labors. Except as provided in sections 20 through 23 of this 1971 amendatory act, the levy in 1973 and years subsequent thereto for a taxing district other than the state or a school district in any year shall be set so that the regular property taxes payable in the following year shall not exceed one hundred six percent of the amount of regular property taxes lawfully levied for such district in the highest of the three most recent years in which such taxes were levied for such district plus an additional dollar amount calculated by multiplying the increase in assessed value in that district resulting from new construction and improvements to property by the regular property tax levy rate of that district for the preceding year.

NEW SECTION. Sec. 20. Notwithstanding the limitation set forth in section 19 of this act, the first levy for a taxing district created from consolidation of similar taxing districts shall be set so that the regular property taxes payable in the following year shall not exceed one hundred six percent of the sum of the amount of regular property taxes lawfully levied for each component taxing district in the highest of the three most recent years in which such taxes were levied for such district plus the additional dollar amount calculated by multiplying the increase in assessed value in each component district resulting from new construction and improvements to property by the regular property tax rate of each component district for the preceding year.

NEW SECTION. Sec. 21. For the first levy for a taxing district following annexation of additional property, the limitation set forth in section 19 of this 1971 amendatory act shall be increased by an amount equal to (1) the aggregate assessed valuation of the newly annexed property as shown by the current completed and balanced tax rolls of the county or counties within which such property lies, multiplied by (2) the millage rate that would have been used by the annexing unit in the absence of such annexation, plus (3) the additional dollar amount calculated by multiplying the increase in assessed value in the annexing district resulting from new constructions and improvements to property by the regular property tax levy rate of that annexing taxing district for the preceding year.

NEW SECTION. Sec. 23. Subject to any otherwise applicable statutory millage limitations, regular property taxes may be levied by or for a taxing district in an amount exceeding the limitations provided for in Sections 19 through 22 of this 1971 amendatory act if such levy is authorized by a proposition approved by a majority of the voters of the taxing district voting on the proposition at a general election held within the district or at a special election within the taxing district called by the district for the purpose of submitting such proposition to the voters. Any election held pursuant to this section shall be held not more than twelve months prior to the date on which the proposed levy is to be made. MOTION

Senator Walgren moved the report of the Free Conference Committee on Engrossed House Bill No. 291 be adopted.

POINT OF INQUIRY

Senator Woodall: "Mr. President, would Senator Walgren yield? Senator, have you examined the bill that passed the House relative to annual elections? Would it bar a referendum?"

Senator Walgren: "Senator Woodall, to answer your first question, the answer is no."

Senator Woodall: "My point again is that if it would be possible to go the referendum route as suggested by Senator Mardesich, do you not think that would be worthy of exploring rather than having this particular matter at the mercy of the 'item veto' where you pick words out and end up with a different kind of a bill?"

Senator Walgren: "Senator Woodall, I have always thought that that was a matter that was worth exploring, yes."

Senator Woodall: "May I ask, Senator Walgren, have you seen the version of the bill as passed by the House?"

Senator Walgren: "No."

POINT OF INQUIRY

Senator Woodall: "Would Senator Mardesich care to answer that question?"

Senator Mardesich: "Senator Woodall, I have here before me that measure and it does allow for annual elections with respect to constitutional amendments, initiatives, referendum and everything. But it says 'Those sections of this act that apply to questions referred to the people shall not be effective until January 1, 1973.' So it could have no effect with respect to this question."

Senator Woodall: "So the idea is then we either take the bill in this form and leave it to the tender mercies of the executive or we take no bill. Is that the position we are in?"

Senator Mardesich: "I do not know as I would put it quite that way, the tender mercies of the executive."

Senator Woodall: "You would move to strike the word 'tender'?"

Debate ensued.

The motion by Senator Walgren carried and the Free Conference Committee report on Engrossed House Bill No. 291 was adopted.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed House Bill No. 291, as amended by the Free Conference Committee, and the bill passed the Senate by the following vote: Yeas, 33; nays, 12; absent or not voting, 2; excused, 2.

(2) Application for the renewal of a mobile home identification tag shall be made to the director or his agents, including county auditors, by the owner of a mobile home on a form prescribed by the director. The application must be accompanied by proof of ownership deemed sufficient by the director unless the applicant submits a preprinted application mailed from Olympia and the payment of fees and taxes as may be required by law. Such application shall be handled in the same manner and the fees and taxes transmitted in the same manner as in the case of an original application. Any such application which upon validation becomes a renewal certificate need not have entered on it the name of the lienholder, if any, of the mobile home concerned.

(3) Persons expecting to be out of the state during the period from January first through February first may, not earlier than December first but prior to January first, secure renewal of a mobile home identification tag and have such tag preissued by making application to the director or his agents, including county auditors, upon forms prescribed by the director. The application must be accompanied by proof of ownership deemed sufficient by the director and be accompanied by the payment of such fees as may be required by law including a special handling fee of one dollar, fifty cents to be retained by the issuing agency and fifty cents to be deposited in the highway safety fund and property tax as may be required by law.

The director of highways shall issue a copy of such permit to the assessor of the county where such mobile home was located and to the assessor of the county where such mobile home will be located: PROVIDED, That when a mobile home is to enter this state, a copy of such permit shall only be sent to the assessor of the county where such mobile home will be located and when a mobile home is to leave this state, a copy of such permit shall only be sent to the assessor of the county where such mobile home was located.

NEW SECTION. Sec. 21. When any mobile home, as defined in section 4 of this 1971 amendatory act, except those displaying dealer license plates or transporter license number plates is to be moved upon the public highways of this state from one point to another, the department of highways may issue a special mobile home movement permit therefor upon an application presented to it in such form as approved by the director of the department of highways and upon payment therefor of a fee of five dollars. Such permit shall be for one transit only between the points of origin and destination as set forth in the application: PROVIDED, That no special mobile home movement permit shall be issued for movement of a mobile home unless the applicant therefor can prove to the satisfaction of the director

of highways that all taxes and fees have been paid on such mobile home. All mobile home movement permit fees received by the director of highways under the provisions of this section shall be forwarded to the state treasurer, accompanied by a proper identifying detailed report and be by him credited to the motor vehicle fund.

(2) Sections 8 through 22 of this 1971 amendatory act shall take effect on January 1, 1973.

SECOND READING

SENATE BILL NO. 371, by Senators Greive, Stortini, Connor, Stender, Peterson (Ted), Francis, Dore, Cooney, Ridder, Keefe, Mardesich, Bailey and Walgren:

Enacting a "Washington State Labor Relations Act."

POINT OF INQUIRY

Senator Durkan: "Mr. President, would Senator Matson yield? Senator, before you begin, would you please tell us, so that we will be able to absorb it, who was in on the discussion and specifically if you could, the names. And I would like to know who represented the Mexican-Americans on the discussion."

Senator Matson: "Senator Durkan, we have not discussed this matter with the, as you say, Mexican-Americans today. However, we have several times in the past. I cannot say that these matters they are in agreement with and I cannot say that they are in disagreement. I assume they are in disagreement with some and perhaps in agreement with others. Our final negotiations today were with Mr. Sam Kinville and Joe Davis of the Washington State Labor Council and Dave Stipek of the Teamsters."

POINT OF INQUIRY

Senator Fleming: "Mr. President, would Senator Matson yield? Senator, I was off the floor when you started your comments and you were indicating the individuals that were in on this agreement and the names that I caught were a couple of Representatives, yourself, Dave Stipek and Joe Davis. At any time during these conversations that you were holding to come up with this compromise, was anybody there from the majority of the people that are going to be affected by this, namely the farm workers? Were they at any time involved in this compromise?"

Senator Matson: "As I explained, Senator Fleming, before you came on the floor, we have talked to them in the past. We have not talked to them today."

Debate ensued.

POINT OF INQUIRY

Senator Greive: "There is one question that has been asked by a number of Senators here, Senator Washington in particular, and I would like Senator Matson to yield if he would, please. Senator, I know the answer but I want to hear it from you."

"Is there anything here about a no strike provision as far as this bill?"

Senator Matson: "As you know, Senator Greive, representatives of agriculture were very desirous to have an arbitration procedure in lieu of strike. We have stricken that section out of the bill entirely."

MOTIONS

On motion of Senator Bailey, Senate Bill No. 371 was made a special order of business immediately following caucus.

On motion of Senator Gissberg, the Senate immediately commenced consideration of Engrossed House Bill No. 865.

At the beginning of the 1971-1973 state fiscal biennium and conditioned upon recovery of the advances made for the previous biennium, the state department of social and health services shall advance to the county an amount equal to the amount paid by the department to the county for the care of public assistance recipients in a county infirmary for the preceding two months of February and March, which amount may be used to defray costs in the first month's operation of the state fiscal biennium. Such advisory committee shall counsel the commission with respect to commission powers and duties under sections 5 through 14 of this 1971 amendatory act. Failure of any member to continue in public office shall result in a commission vacancy which shall be filled as in the case of original appointment or election.

The district commission shall appoint and determine the compensation of a hospital superintendent for the district who shall serve at the pleasure of the commission and be a physician duly licensed in this state and qualified in public health and/or specializing in the care of tuberculosis and respiratory diseases. Commission members shall be reimbursed for reasonable expenses incurred in

connection with commission business and meetings, including subsistence and lodging and travel while away from their place of residence. Commission organization and proceedings shall be in accordance with that for public hospital district commissions under RCW 70.44.050.

NEW SECTION. Sec. 11. Tuberculosis is a communicable disease and tuberculosis control, including hospitalization, case finding, prevention and follow-up of known cases of tuberculosis represent the basic step in the conquest of this major health problem. In addition, environmental conditions today make vital the advancement of remedies relating to respiratory diseases. In order to carry on work effectively in these fields there shall be levied for tuberculosis and respiratory disease hospital district purposes in the district annually a tax in a sum equal to the amount which would be raised by a levy of one-eighth of a mill against the actual value of the taxable property in the district, or the equivalent thereof, such levy to be made by the board of county commissioners in each county constituting the district, the receipts therefrom to be forwarded by the treasurers of such county to the treasurer of the headquarters district county, who shall be treasurer for the district. The commission shall return a total of thirty-five percent of moneys received from the levy provided under this section to the chief health officers of the counties, other than the headquarters county, which funds are to be allocated to specific counties based on caseload in the counties pursuant to standards promulgated by the district commission. Such returned funds are to be used by the chief health officers to carry out tuberculosis control and respiratory disease treatment on a local county level. The sum herein provided for, and any income that may occur from miscellaneous receipts in connection with the aforesaid programs shall be placed in a special fund in the treasury of the headquarters county and obligations incurred for such programs shall be paid from such fund upon order of the district commissioners by the treasurer in the same manner as general county obligations are paid.

NEW SECTION. Sec. 12. The district created by section 6 of this 1971 amendatory act shall not participate in any distributions made pursuant to chapter 70.32 RCW on and after the effective date of sections 5 through 14 of this 1971 amendatory act. On and after January 1, 1972 the provisions of chapter 70.32 RCW as now or hereafter amended shall not apply to the eastern district created by section 6 of this 1971 amendatory act.

NEW SECTION. Sec. 13. The department of social and health services shall have the same authority over the hospital of a tuberculosis and respiratory disease hospital district as its authority over any privately administered hospital in this state.

NEW SECTION. Sec. 14. Until January 1, 1972, counties and the state shall continue to pay for the treatment of county patients at Edgecliff in Spokane, Washington, in the same manner as they have during this 1969-1971 fiscal biennium prior to the effective date of sections 5 through 14 of this amendatory act.

NEW SECTION. Sec. 15. The following words and phrases shall have the designated meanings in section 15 through 25 of this 1971 amendatory act unless the context clearly indicated otherwise:

NEW SECTION. Sec. 16. From and after the effective date of sections 15 through 25 of this 1971 amendatory act, the secretary shall have sole administrative responsibility and control for all tuberculosis hospital facilities in the state operated pursuant to sections 15 through 25 of this 1971 amendatory act. Pursuant to that responsibility, the secretary shall have the following powers and duties:

- (2) To appoint a medical director for each tuberculosis hospital facility operated pursuant to section 15 through 25 of this 1971 amendatory act.
- (3) Adopt such rules and regulations as are necessary to assure effective patient care and treatment, and to provide for the general administration of the tuberculosis hospital facilities operated pursuant to sections 15 through 25 of this 1971 amendatory act.

NEW SECTION. Sec. 17. The medical director of any tuberculosis hospital facility operated pursuant to sections 15 through 25 of this 1971 amendatory act shall be a qualified and licensed practitioner of medicine and shall have the following powers and duties:

- (1) To provide for the administration of the hospital according to the rules and regulations adopted by the department;
- (2) To adopt and publish such rules and regulations governing the administration of the hospital as are deemed necessary: PROVIDED, That such rules and regulations are not in conflict with those adopted by the department and have the written approval of the secretary.

Upon collection such sum shall be paid to the state general fund to be used for the cost of maintaining and operating tuberculosis hospital facilities operated pursuant to sections 15 through 25 of this 1971 amendatory act. All other sources of revenue payable for the cost of hospitalization in tuberculosis hospital facilities operated pursuant to sections 15 through 25 of this 1971 amendatory act shall be collected by such tuberculosis hospital facilities and paid into the general fund of the state.

There is hereby appropriated from the state general fund to the department such revenue as is collected and paid over to the general fund resulting from the one-sixteenth mill levy provided for herein, and the collections made by the tuberculosis hospital facilities for the cost of hospitalization. Such appropriations to the department shall be used for the cost of maintaining and operating tuberculosis hospital facilities pursuant to sections 15 through 25 of this 1971 amendatory act: PROVIDED, That in the event that the revenues collected under this section exceed the cost of hospitalization, surplus revenues will be returned to the counties in proportion to the property taxes collected from those counties.

NEW SECTION. Sec. 19. During the period from the effective date of sections 15 through 25 of this 1971 amendatory act to January 1, 1972 each of the respective counties enumerated in section 18 of this 1971 amendatory act will be responsible for the cost of care for hospitalization of patients with tuberculosis from the respective counties, when such patients are unable to pay all or any of the hospitalization costs: PROVIDED, That no county enumerated in section 18 of this 1971 amendatory act shall be liable for payment for such cost of care beyond the amount budgeted and collected in each such county for tuberculosis hospitalization and control as a result of revenue from previous levied tuberculosis taxes or payments in lieu of taxes.

NEW SECTION. Sec. 20. From the effective date of sections 15 through 25 of this 1971 amendatory act in any county enumerated in section 18 of this 1971 amendatory act currently maintaining a tuberculosis hospital facility, the department will assume all assets and liabilities relating to such hospitals and the counties and the department are authorized and directed to take all steps required by law to effect such transfer.

RULING BY THE PRESIDENT

The President: "The President in ruling on the point of order as presented by Senator Scott, finds that Engrossed Senate Bill No. 192 is a measure which has as its sole object the elimination of unnecessary elections to fill vacancies in nonpartisan positions. The amendment of the House of Representatives is basically a measure which calls for annual general elections and setting forth precisely which offices and measures may be considered in odd numbered years. The amendment further requires the Secretary of State to publish in a voters' pamphlet various items to assist the voters with regard to Initiative 43 which pertains to the regulation of shoreline use and development. The House amendment therefore does enlarge the scope and object of the bill and the point of order presented by Senator Scott is well taken."

The motion by Senator Stortini to concur in the House amendment to Engrossed Senate Bill No. 192 was ruled out of order.

On motion of Senator Woodall, the Senate refused to concur in the House amendment to Engrossed Senate Bill No. 192 and asks the House to recede therefrom.

(2) Compensation for amputation of a member or part thereof at a site other than those above specified, and for loss of central visual acuity and loss of hearing other than complete, shall be in proportion to that which such other amputation or partial loss of visual acuity or hearing most closely resembles and approximates. Compensation for any other permanent partial disability not involving amputation shall be in [an amount equal to eighty-five percent of] the proportion which the extent of such other disability, called unspecified disability, shall bear to that above specified, which most closely resembles and approximates in degree of disability such other disability, [but not in any case to exceed the sum of twelve thousand seven hundred and fifty dollars] compensation for any other unspecified permanent partial disability shall be in an amount as measured and compared to total bodily impairment: PROVIDED, That in order to reduce litigation and establish more certainty and uniformity in the rating of unspecified permanent partial disabilities, the department shall enact rules having the force of law classifying such disabilities in the proportion which the department shall determine such disabilities reasonably bear to total bodily impairment. In enacting such rules, the department shall give consideration to, but need not necessarily adopt, any nationally recognized medical standards or guides for determining various bodily impairments. For purposes of calculating monetary benefits, the amount payable for total bodily impairment shall be deemed to be thirty thousand dollars: PROVIDED, That the total compensation for all unspecified permanent partial disabilities resulting from the same injury shall not exceed the sum of [twelve thousand seven hundred and fifty] thirty-thousand dollars: PROVIDED FURTHER, That in case permanent partial disability compensation is followed by permanent total disability compensation, any portion of the permanent partial disability compensation which exceeds the amount that would have been paid the injured workman if permanent total disability compensation had been paid in the first instance, shall be deducted from the pension reserve of such injured workman and his monthly compensation payments shall be reduced accordingly.

(3) Should a workman receive an injury to a member or part of his body already, from whatever cause, permanently partially disabled, resulting in the amputation thereof or in an aggravation or increase in such permanent partial disability but not resulting in the permanent total disability of such workman, his compensation for such partial disability shall be adjudged with regard to the previous disability of the injured member or part and the degree or extent of the aggravation or increase of disability thereof.

(4) When the compensation provided for in subsections (1) and (2) exceeds [one thousand dollars] three times the average monthly wage for all workmen entitled to compensation under this title, payment shall be made in monthly payments in accordance with the schedule of temporary total disability payments set forth in RCW 51.32.090 until such compensation is paid to the injured workman in full, except that the first monthly payment shall be in [the amount of one thousand dollars] an amount equal to three times the average monthly wage for all workmen entitled to compensation under this title and interest shall be paid at the rate of [five] six percent on the unpaid balance of such compensation commencing with the second monthly payment: PROVIDED, That [interest so paid shall not be charged to the cost experience of any employer but shall be borne wholly by the applicable class account: PROVIDED FURTHER, That] upon application of the injured workman the monthly payment may be converted, in whole or in part, into a lump sum payment, in which event the monthly payment shall cease in whole or in part. Such conversion may be made only upon written application of the injured workman to the department and shall rest in the discretion of the department depending upon the merits of each individual application: PROVIDED FURTHER, That upon death of a workman all unpaid installments accrued, less interest, shall be paid in a lump sum amount to the widow or widower, or if there is no widow or widower surviving, to the dependent children of such claimant, and if there are no such dependent children, then to such other dependents as defined by this title.

Sec. 11. Section 51.32.090, chapter 23, Laws of 1961 as last amended by section 3, chapter 122, Laws of 1965 ex. sess. and RCW 51.32.090 are each amended to read as follows:

(1) When the total disability is only temporary, the schedule of payments contained in subdivisions (1) [, (2), (3) and (4)] through (13) of RCW 51.32.060 as amended shall apply, so long as the total disability continues.

(2) [But if the injured workman has a wife or husband and has no child or, being a widow or widower, with one or more children, the compensation for the case during such

period of time as the total temporary disability continues, shall be per month as follows, to wit: (a) Injured workman with wife or invalid husband and no child, two hundred fifteen dollars; injured workman with able-bodied husband, but no child, one hundred seventy-five dollars; injured workman with wife or invalid husband and one child, or being a widow or widower and having one child, two hundred fifty-two dollars; (b) injured workman with able-bodied husband and one child, two hundred twelve dollars; (c) injured workman with wife or invalid husband and two children, or being a widow or widower and having two children, two hundred eighty-three dollars; (d) injured workman with able-bodied husband and two children, two hundred forty-three dollars; and twenty-three dollars for each additional child, but the total monthly payments shall not exceed three hundred fifty-two dollars to an injured workman with a wife or invalid husband, or being a widow or widower, and having children, and shall not exceed three hundred twelve dollars to an injured workman with children and having an able-bodied husband and any deficit shall be deducted proportionately among the beneficiaries.]

Any compensation payable under this section for children not in the custody of the injured workman as of the date of injury shall be payable only to such person as actually is providing the support for such child or children pursuant to the order of a court of record providing for support of such child or children.

(3) As soon as recovery is so complete that the present earning power of the workman, at any kind of work, is restored to that existing at the time of the occurrence of the injury, the payments shall cease. If and so long as the present earning power is only partially restored, the payments shall continue in the proportion which the new earning power shall bear to the old. No compensation shall be payable out of the accident fund unless the loss of earning power shall exceed five percent.

(4) No workman shall receive compensation out of the accident fund for or during the day on which injury was received or the three days following the same, unless his disability shall continue for a period of [thirty] *fourteen* consecutive calendar days from date of injury.

(5) Should a workman suffer a temporary total disability and should his employer at the time of the injury continue to pay him the wages which he was earning at the time of such injury, such injured workman shall not receive any payment provided in subsection (1) of this section from the accident fund during the period his employer shall so pay such wages.

(6) *In no event shall the monthly payments provided in this section exceed seventy-five percent of the average monthly wage of the state as computed under the provisions of section 14 of this 1971 amendatory act.*

NEW SECTION. Sec. 12. There is added to chapter 51.32 RCW a new section to read as follows:

One of the primary purposes of this title is the restoration of the injured workman to gainful employment. To this end, the department shall utilize the services of individuals whose experience, training, and interests in vocational rehabilitation and retraining qualify them to lend expert assistance to the supervisor of industrial insurance in such programs of vocational rehabilitation or retraining as may be reasonable to qualify the workman for employment consistent with his physical and mental status. Where, after evaluation and recommendation by such individuals and prior to final evaluation of the workman's permanent disability and in the sole opinion of the supervisor, vocational rehabilitation or retraining is both necessary and likely to restore the injured workman to a form of gainful employment, the supervisor may, in his sole discretion, continue the temporary total disability compensation under RCW 51.32.090 while the workman is actively and successfully undergoing a formal program of vocational rehabilitation or retraining: **PROVIDED**, That such compensation may not be authorized for a period of more than fifty-two weeks: **PROVIDED FURTHER**, That such period may, in the sole discretion of the supervisor after his review, be extended for an additional fifty-two weeks or portion thereof by written order of the supervisor.

In cases where the workman is required to reside away from his customary residence, the reasonable cost of board and lodging shall also be paid. Said costs shall not be chargeable to the employer's cost experience but shall be paid out of the accident fund and charged back to each class on June 30th and December 31st of each year in proportion to its premium contribution for the preceding calendar year or shall be paid by the self-insurer for workmen to whom he is liable for compensation and benefits under the provisions of this title.

Sec. 13. Section 51.32.110, chapter 23, Laws of 1961 and RCW 51.32.110 are each amended to read as follows:

Any workman entitled to receive compensation or *claiming compensation* under this title shall, if requested by the department or *self-insurer*, submit himself for medical examination, at a time and from time to time, at a place reasonably convenient for the workman and as may be provided by the rules of the department. If the workman refuses to submit to [any such] medical examination, or obstructs the same, [his rights to monthly payments shall be suspended until such examination has taken place and no compensation shall be payable during or for such period] or, if any injured workman shall persist in unsanitary or injurious practices which tend to imperil or retard his recovery, or shall refuse to submit to such medical or surgical treatment as is reasonably essential to his recovery, the department or the *self-insurer upon approval by the department, with notice to the workman* may reduce or suspend the compensation of such workman *so long as such refusal*

or practice continues. If the workman necessarily incurs traveling expenses in attending for examination pursuant to the request of the department or self-insurer, such traveling expenses shall be repaid to him out of the accident fund upon proper voucher and audit.

If the medical examination required by this section causes the workman to be absent from his work without pay he shall be paid for such time lost in accordance with the schedule of payments provided in RCW 51.32.090 as amended notwithstanding the provisions of subdivision (3) of such section as amended.

NEW SECTION. Sec. 14. There is added to chapter 51.08 RCW a new section to read as follows:

(1) For the purposes of this title, the monthly wages the workman was receiving from all employment at the time of injury shall be the basis upon which compensation is computed unless otherwise provided specifically in the statute concerned. In cases where the workman's wages are not fixed by the month, they shall be determined by multiplying the daily wage the workman was receiving at the time of injury:

- (a) By five, if the workman was normally employed one day a week;
- (b) By nine, if the workman was normally employed two days a week;
- (c) By thirteen, if the workman was normally employed three days a week;
- (d) By eighteen, if the workman was normally employed four days a week;
- (e) By twenty-two, if the workman was normally employed five days a week;
- (f) By thirty, if the workman was normally employed seven days a week.

The term "wages" shall include the reasonable value of board, housing, fuel, or other consideration of like nature received from the employer, but shall not include overtime pay, tips, or gratuities. The daily wage shall be eight times the hourly wage unless the workman is normally employed for less than eight hours.

(2) In cases where a wage has not been fixed or cannot be reasonable and fairly be determined, the monthly wage shall be computed on the basis of the usual wage paid other employees engaged in like or similar occupations where the wages are fixed.

NEW SECTION. Sec. 15. There is added to chapter 51.08 RCW a new section to read as follows:

For the purposes of this 1971 amendatory act, the average monthly wage in the state shall be determined by the department as follows: On or before the first day of December of each year, the total wages reported on contribution reports to the department of labor and industries for the four calendar quarters ending on the thirtieth of June of such year shall be divided by the average monthly number of insured workmen (determined by dividing the total insured workmen reported for the same period by twelve). The average annual wage thus obtained shall be divided by twelve and the average monthly wage thus determined rounded to next higher multiple of one dollar. The average monthly wage as so determined shall be applicable for the full period during which compensation is payable, when the date of occurrence of injury or of disability in the case of disease falls within the calendar year commencing the first day of January following the determination made on the first day of December: PROVIDED, That from July 1, 1971 until and including December 31, 1972, the average monthly wage in the state shall be the average annual wage as determined under RCW 50.04.355 divided by twelve.

NEW SECTION. Sec. 16. There is added to chapter 51.16 RCW a new section to read as follows:

The department shall classify all occupations or industries in accordance with their degree of hazard and fix therefor basic rates of premium which shall be the lowest necessary to maintain actuarial solvency of the accident and medical aid funds in accordance with recognized insurance principles. The department shall formulate and adopt rules and regulations governing the method of premium calculation and collection and providing for a rating system consistent with recognized principles of workmen's compensation insurance which shall be designed to stimulate and encourage accident prevention and to facilitate collection. The department may annually, or at such other times as it deems necessary to maintain solvency of the funds, readjust rates in accordance with the rating system to become effective on such dates as the department may designate.

NEW SECTION. Sec. 17. There is added to chapter 51.32 RCW a new section to read as follows:

Each employer shall retain from the earnings of each workman that number of cents as shall be fixed from time to time by the director for each day or part thereof the workman is employed. The money so retained shall be matched in an equal amount by each employer, and all such moneys shall be remitted to the department at such intervals as the department directs and shall be placed in the supplemental pension fund created by this 1971 amendatory act. The moneys so collected shall be used exclusively for the additional payments prescribed in RCW 51.32.070 and shall be no more than necessary to make such payments on a current basis.

NEW SECTION. Sec. 18. There is added to chapter 51.44 RCW a new section to read as follows:

There shall be, in the office of the state treasurer, a fund to be known and designated as the "supplemental pension fund". The director shall be the administrator thereof. Said fund shall be used for the sole purpose of making the additional payments prescribed in RCW 51.32.070.

NEW SECTION. Sec. 19. There is added to chapter 51.44 RCW a new section to read as follows:

Any moneys remaining from funds appropriated by the legislature for the purposes of making additional payments to prior pensioners under prior provisions of RCW 51.32.070,

and any liabilities in connection therewith, are transferred to the supplemental pension fund on the effective date of this new 1971 section.

Sec. 20. Section 51.48.060, chapter 23, Laws of 1961 and RCW 51.48.060 are each amended to read as follows:

Sec. 24. Section 51.52.110, chapter 23, Laws of 1961 as amended by section 122, chapter 81, Laws of 1971 and RCW 51.52.110 are each amended to read as follows:

Within thirty days after a decision of the board to deny the petition or petitions for review upon such appeal has been communicated to such workman, beneficiary, employer or other person, or within thirty days after the final decision and order of the board upon such appeal has been communicated to such workman, beneficiary, employer or other person, or within thirty days after the appeal is deemed denied as herein provided, such workman, beneficiary, employer or other person aggrieved by the decision and order of the board may appeal to the superior court.

In cases involving injured workmen such appeal shall be to the superior court of the county of residence of the workman or beneficiary, as shown by the department's records, the superior court for Thurston county, or to the superior court of the county wherein the injury occurred. Such appeal shall be perfected by filing with the clerk of the court a notice of appeal and by serving a copy thereof by mail, or personally, on the director and on the board. The department shall, within twenty days after the receipt of such notice of appeal, serve and file its notice of appearance and such appeal shall thereupon be deemed at issue. The board shall serve upon the appealing party, the director and any other party appearing at the board's proceeding, and file with the clerk of the court before trial, a certified copy

of the board's official record which shall include the notice of appeal and other pleadings, testimony and exhibits, and the board's decision and order, which shall become the record in such case. No bond shall be required on appeals to the superior court or on appeals to the supreme court or the court of appeals, except that an appeal by the employer from a decision and order of the board under RCW 51.48.070, shall be ineffectual unless, within five days following the service of notice thereof, a bond, with surety satisfactory to the court, shall be filed, conditioned to perform the judgment of the court. Except in the case last named an appeal shall not be a stay: PROVIDED, HOWEVER, That whenever the board has made any decision and order reversing an order of the supervisor of industrial insurance on questions of law or mandatory administrative actions of the director, the department shall have the right of appeal to the superior court.

NEW SECTION. Sec. 25. There is added to Title 51 RCW a new chapter as set forth in sections 26 through 36 of this 1971 amendatory act.

NEW SECTION. Sec. 26. Every employer under this title shall secure the payment of compensation under this title by:

- (1) Insuring and keeping insured the payment of such benefits with the state fund; or
- (2) Qualifying as a self-insurer under this title.

NEW SECTION. Sec. 27. (1) An employer may qualify as a self-insurer by establishing to the director's satisfaction that he has sufficient financial ability to make certain the prompt payment of all compensation under this title and all assessments which may become due from such employer.

(2) A self-insurer may establish sufficient financial ability by depositing in an escrow account in a depository designated by the director, money and/or corporate or governmental securities approved by the director, or a surety bond written by any company admitted to transact surety business in this state filed with the department. The money, securities, or bond shall be in an amount reasonably sufficient in the director's discretion to insure payment of reasonably foreseeable compensation and assessments but not less than the employer's normal expected annual claim liabilities and in no event less than one hundred thousand dollars. In arriving at the amount of money, securities, or bond required under this subsection, the director shall take into consideration the financial ability of the employer to pay compensation and assessments and his probable continuity of operation. The money, securities, or bond so deposited shall be held by the director to secure the payment of compensation by the self-insurer and to secure payment of his assessments. The amount of security may be increased or decreased from time to time by the director. The income from any securities deposited may be distributed currently to the self-insurer.

(3) Securities or money deposited by an employer pursuant to subsection (2) of this section shall be returned to him upon his written request provided the employer files the bond required by such subsection.

(4) If the employer seeking to qualify as a self-insurer has previously insured with the state fund, the director shall require the employer to make up his proper share of any deficit or insufficiency in the employer's class account as a condition to certification as a self-insurer.

(5) A self-insurer may reinsure a portion of his liability under this title with any reinsurer authorized to transact such reinsurance in this state: PROVIDED, That the reinsurer may not participate in the administration of the responsibilities of the self-insurer under this title. Such reinsurance may not exceed eighty percent of the liabilities under this title.

NEW SECTION. Sec. 28. The director may issue a certification that an employer is qualified as a self-insurer when such employer meets the following requirements:

- (1) He has fulfilled the requirements of section 27 of this 1971 amendatory act.
- (2) He has submitted to the department a payroll report for the preceding consecutive twelve month period.
- (3) He has submitted to the department a sworn itemized statement indicating that the employer has sufficient liquid assets to meet his estimated liabilities as a self-insurer.
- (4) He has submitted to the department a description of the safety organization maintained by him within his establishment that indicates a record of accident prevention.
- (5) He has submitted to the department a description of the administrative organization to be maintained by him to manage industrial insurance matters including:
 - (a) The reporting of injuries;
 - (b) The authorization of medical care;
 - (c) The payment of compensation;
 - (d) The handling of claims for compensation;
 - (e) The name and location of each business location of the employer; and
 - (f) The qualifications of the personnel of the employer to perform this service.

Such certification shall remain in effect until withdrawn by the director or surrendered by the employer with the approval of the director. An employer's qualification as a self-insurer shall become effective on the date of certification or any date specified in the certificate after the date of certification.

NEW SECTION. Sec. 29. (1) The surety on a bond filed by a self-insurer pursuant to this title may terminate its liability thereon by giving the director written notice stating when, not less than thirty days thereafter, such termination shall be effective.

(2) In case of such termination, the surety shall remain liable, in accordance with the terms of the bond, with respect to future compensation for injuries to employees of the self-insurer occurring prior to the termination of the surety's liability.

(3) If the bond is terminated for any reason other than the employer's terminating his status as a self-insurer, the employer shall, prior to the date of termination of the surety's liability, otherwise comply with the requirements of this title.

(4) The liability of a surety on any bond filed pursuant to this section shall be released and extinguished and the bond returned to the employer or surety provided either such liability is secured by another bond filed, or money or securities deposited as required by this title.

NEW SECTION. Sec. 30. (1) Any employer may at any time terminate his status as a self-insurer by giving the director written notice stating when, not less than thirty days thereafter, such termination shall be effective, provided such termination shall not be effective until the employer either shall have ceased to be an employer or shall have filed with the director for state industrial insurance coverage under this title.

(2) An employer who ceases to be a self-insurer, and who so files with the director, must maintain money, securities or surety bonds deemed sufficient in the director's discretion to cover the entire liability of such employer for injuries or occupational diseases to his employees which occurred during the period of self-insurance: PROVIDED, That the director may agree for the medical aid and accident funds to assume the obligation of such claims, in whole or in part, and shall adjust the employer's premium rate to provide for the payment of such obligations on behalf of the employer.

NEW SECTION. Sec. 31. (1) The director may, in cases of default upon any obligation under this title by the self-insurer, after ten days notice by certified mail to the defaulting self-insurer of his intention to do so, bring suit upon such bond or collect the interest and principal of any of the securities as they may become due or sell the securities or any of them as may be required or apply the money deposited, all in order to pay compensation, discharge the obligations of the self-insurer under this title, and pay premiums for future insurance of the employer's obligations.

(2) The director shall be authorized to fulfill the defaulting self-insured employer's obligations under this title, paying the necessary premium from the defaulting employer's deposit or from other funds provided under this title for the satisfaction of claims against the defaulting employer, and having subrogation rights against the defaulting employer to the extent of any funds, other than the employer's deposit, expended for the payment of premiums or compensation in performance of the defaulting employer's obligations.

NEW SECTION. Sec. 32. Certification of a self-insurer shall be withdrawn by the director upon one or more of the following grounds:

(1) The employer no longer meets the requirements of a self-insurer; or
 (2) The self-insurer's deposit is insufficient; or
 (3) The self-insurer intentionally or repeatedly induces employees to fail to report injuries, induces claimants to treat injuries in the course of employment as off-the-job injuries, persuades claimants to accept less than the compensation due, or unreasonably makes it necessary for claimants to resort to proceedings against the employer to obtain compensation; or

(4) The self-insurer habitually fails to comply with rules and regulations of the director regarding reports or other requirements necessary to carry out the purposes of this title; or

(5) The self-insurer habitually engages in a practice of arbitrarily or unreasonably refusing employment to applicants for employment or discharging employees because of nondisabling bodily conditions.

NEW SECTION. Sec. 33. (1) Upon the petition of any employee, union or association having a substantial number of employees in the employ of said self-insurer the director shall hold a hearing to determine whether or not there are grounds for the withdrawal of certification of a self-insurer. He shall serve upon the self-insurer and upon any employee union or association having a substantial number of employees in the employ of said self-insurer, personally or by certified mail, a notice of intention to withdraw, or not to withdraw, certification of the self-insurer, which notice shall describe the nature and location or locations of the plants or operations involved; and the specific nature of the reasons for his decision. If the decision is to withdraw certification, it shall include the period of time within which the ground or grounds therefor existed or arose; a directive to the self-insurer specifying the manner in which the grounds may be eliminated; and the date, not less than thirty days after the self-insurer's receipt of the notice, when the certification will be withdrawn in the absence of a satisfactory elimination of the grounds for withdrawal of the certificate.

(2) An appeal of such notice of intention to withdraw, or not to withdraw, certification of a self-insurer may be taken by the self-insurer, or by any employee, or union, or association having a substantial number of employees in the employ of said self-insurer. Proceedings on such appeal shall be as prescribed in this title. Appeal by a self-insurer of notice of intention to withdraw certification shall not act as a stay of the withdrawal, unless the board, or court, for good cause shown, orders otherwise.

NEW SECTION. Sec. 34. (1) Every employer subject to the provisions of this title shall post and keep posted in a conspicuous place or places in and about his place or places of business a reasonable number of typewritten or printed notices of compliance substantially identical to a form prescribed by the director, stating that such employer is subject to the provisions of this title. Such notice shall advise whether the employer is self-insured or has insured with the department, and shall designate a person or persons on the premises to whom report of injury shall be made.

(2) Any employer who has failed to open an account with the department or qualify as a self-insurer shall not post or permit to be posted on or about his place of business or premises any notice of compliance with this title and any willful violation of this subsection by any officer or supervisory employee of an employer shall be a misdemeanor.

NEW SECTION. Sec. 35. Every self-insurer shall maintain a record of all payments of compensation made under this title. The self-insurer shall furnish to the director all information he has in his possession as to any disputed claim, upon forms approved by the director.

NEW SECTION. Sec. 36. (1) Whenever compensation due under this title is not paid because of an uncorrected default of a self-insurer, such compensation shall be paid from the medical aid and accidents funds only after the moneys available from the bonds or other security provided under section 27 of this 1971 amendatory act have been exhausted.

(2) Such defaulting self-insurer or surety, if any, shall be liable for payment into the appropriate fund of the amounts paid therefrom by the director, and for the purpose of enforcing this liability the director, for the benefit of the appropriate fund, shall be subrogated to all of the rights of the person receiving such compensation.

Sec. 37. Section 51.24.010, chapter 23, Laws of 1961 as amended by section 7, chapter 274, Laws of 1961 and RCW 51.24.010 are each amended to read as follows:

If the injury to a workman is due to negligence or wrong of another not in the same employ, the injured workman or, if death results from the injury, his widow, children, or dependents, as the case may be, shall elect whether to take under this title or seek a remedy against such other, such election to be in advance of any suit under this section and, if he takes under this title, the cause of action against such other shall be assigned to the [state for the benefit of the accident fund and the medical aid fund] *department or self-insurer*; if the other choice is made, the [accident fund and the medical aid fund] *department or self-insurer* shall contribute only the deficiency, if any, between the amount of recovery against such third person actually collected and the compensation provided or estimated by this title for such case: PROVIDED, That the injured workman or if death results from his injury, his widow, children or dependents as the case may be, electing to seek a remedy against such other person, shall receive benefits payable under this title as if such election had not been made, and the [department for the benefit of the accident fund and the medical aid fund] *department or self-insurer* to the extent of such payments having been made by the *department or self-insurer* to the injured workman or if death results from his injury, his widow, children or dependents as the case may be shall be subrogated to the rights of such person or persons against the recovery had from such third party and shall have a lien thereupon. Any such cause of action assigned to the [state] *department or self-insurer* may be prosecuted or compromised by the *department or self-insurer* in its discretion in the name of the workman, beneficiaries, or legal representative. Any compromise by the workman of any such suit, which would leave a deficiency to be made good [out of the accident fund or the medical aid fund] by the *department or self-insurer* may be made only with the written approval of the *department or self-insurer*. If such approval is not obtained, claim for the deficiency will be deemed to have been waived.

Any third party action brought under this title by such workman or beneficiary must be duly prosecuted; if the action is not filed or settled within one year of the notice of election, the cause of action shall be deemed assigned to the department or self-insurer if after thirty days notice the action is neither filed nor settled. If a cause of action which has been filed is not diligently prosecuted, the department or self-insurer shall have the right to petition the court in which the action is pending for an order assigning the cause of action to the department or self-insurer. Upon sufficient showing in the court's discretion of a lack of diligent prosecution, such an order shall issue.

In any action brought under this section wherein recovery is made by compromise and settlement or otherwise, the [amount to be repaid to the state of Washington as a result of said action] *department or self-insurer, to the extent of the benefits paid or payable under this title*, shall bear its proportionate share of attorney's fees and costs incurred by the injured workman or his widow, children, or dependents, as the case may be, and the court shall approve the amount of attorney's fees.

Sec. 38. Section 51.28.020, chapter 23, Laws of 1961 and RCW 51.28.020 are each amended to read as follows:

Where a workman is entitled to compensation under this title he shall file with the *department or his self-insuring employer, as the case may be*, his application for such, together with the certificate of the physician who attended him, and it shall be the duty of the physician to inform the injured workman of his rights under this title and to lend all necessary assistance in making this application for compensation and such proof of other matters as required by the rules of the department without charge to the workman. *If application for compensation is made to a self-insuring employer, he shall forthwith send a copy thereof to the department.*

NEW SECTION. Sec. 39. There is added to chapter 51.28 RCW a new section to read as follows:

Each workman injured in the course of his employment, or his family or dependents in case of death of the workman, shall receive [out of the accident fund] compensation in accordance with this chapter, and, except as in this title otherwise provided, such payment shall be in lieu of any and all rights of action whatsoever against any person whomsoever: PROVIDED, That if an injured workman, or the surviving spouse of an injured workman shall not have the custody of a child for, or on account of whom payments are required to be made under this chapter, such payment or payments shall be made to the person having the lawful custody of such child.

Sec. 41. Section 1, chapter 107, Laws of 1961 and RCW 51.32.015 are each amended to read as follows:

The benefits of Title 51 shall be provided to each workman receiving an injury, as defined therein, during the course of his employment and also during his lunch period as established by the employer while on the jobsite. The jobsite shall consist of the premises as are occupied, used or contracted for by the employer for the business or work process in which the employer is then engaged: PROVIDED, That if a workman by reason of his employment leaves such jobsite under the direction, control or request of the employer and if such workman is injured during his lunch period while so away from the jobsite, the workman shall receive the benefits as provided herein: AND PROVIDED FURTHER, That the employer need not consider the lunch period in [workman hours] *his payroll* for the purpose of reporting to the department unless the workman is actually paid for such period of time.

Sec. 42. Section 51.32.020, chapter 23, Laws of 1961 and RCW 51.32.020 are each amended to read as follows:

If injury or death results to a workman from the deliberate intention of the workman himself to produce such injury or death, or while the workman is engaged in the attempt to commit, or the commission of, a [crime] *felony*, neither the workman nor the widow, widower, child, or dependent of the workman shall receive any payment [whatsoever out of the accident fund] *under this title*.

An invalid child, while being supported and cared for in a state institution, shall not receive compensation under this chapter.

No payment shall be made to or for a natural child of a deceased workman and, at the same time, as the stepchild of a deceased workman.

Sec. 43. Section 51.32.040, chapter 23, Laws of 1961 as amended by section 2, chapter 165, Laws of 1965 ex. sess. and RCW 51.32.040 are each amended to read as follows:

No money paid or payable under this title [out of the accident fund or out of the medical aid fund] shall, prior to the issuance and delivery of the *check* or warrant therefor, be capable of being assigned, charged, or ever be taken in execution or attached or garnished, nor shall the same pass, or be paid, to any other person by operation of law, or by any form of voluntary assignment, or power of attorney. Any such assignment or charge shall be void: PROVIDED, That if any workman suffers a permanent partial injury, and dies from some other cause than the accident which produced such injury before he shall have received payment of his award for such permanent partial injury, or if any workman suffers any other injury and dies from some other cause than the accident which produced such injury before he shall have received payment of any monthly installment covering any period of time prior to his death, the amount of such permanent partial award, or of such monthly payment or both, shall be paid to his widow, if he leaves a widow, or to his child or children if he leaves a child or children and does not leave a widow: PROVIDED FURTHER, That if any workman suffers an injury and dies therefrom before he shall have received payment of any monthly installment covering time loss for any period of time prior to his death, the amount of such monthly payment shall be paid to his widow, if he leaves a widow, or to his child or children, if he leaves a child or children and does not leave a widow: PROVIDED FURTHER, That any application for compensation under the foregoing provisos of this section shall be filed with the department or self-insuring employer within one year of the date of death: PROVIDED FURTHER, That if the injured workman resided in the United States as long as three years prior to the date of the injury, such payment shall not be made to any widow or child who was at the time of the injury a nonresident of the United States: PROVIDED FURTHER, That any workman receiving benefits under this title who is subsequently confined in, or who subsequently becomes eligible therefor while confined in any institution under conviction and sentence shall have all payments of such compensation canceled [by the department] during the period of confinement but after discharge from the institution payment of benefits thereafter due shall be paid if such workman would, but for the provisions of this proviso, otherwise be entitled thereto: PROVIDED FURTHER, That if such incarcerated workman has during such confinement period, any beneficiaries, they shall be paid directly the monthly benefits which would have been paid to him for himself and his beneficiaries had he not been so

confined. Any lump sum benefits to which the workman would otherwise be entitled but for the provisions of this proviso shall be paid on a monthly basis to his beneficiaries.

Sec. 44. Section 51.32.100, chapter 23, Laws of 1961 and RCW 51.32.100 are each amended to read as follows:

If it is determined [by the department] that an injured workman had, at the time of his injury, a preexisting disease and that such disease delays or prevents complete recovery from such injury, [the said department] it shall be ascertained, as nearly as possible, the period over which the injury would have caused disability were it not for the diseased condition and the extent of permanent partial disability which the injury would have caused were it not for the disease, and [award] compensation shall be awarded only therefor.

Sec. 45. Section 51.32.140, chapter 23, Laws of 1961 and RCW 51.32.140 are each amended to read as follows:

No payment shall be made to any beneficiary residing in any country with which the United States does not maintain diplomatic relations when such payment is due.

NEW SECTION. Sec. 46. There is added to chapter 51.32 RCW a new section to read as follows:

(1) One purpose of this title is to restore the injured workman as near as possible to the condition of self-support as an able-bodied workman. Benefits for permanent disability shall be determined under the director's supervision only after the injured workman's condition becomes fixed.

(2) All determinations of permanent disabilities shall be made by the department. Either the workman, employer, or self-insurer may make a request or such inquiry may be initiated by the director on his own motion. Such determinations shall be required in every instance where permanent disability is likely to be present. All medical reports and other pertinent information in the possession of or under the control of the employer or self-insurer shall be forwarded to the director with such requests.

(3) A request for determination of permanent disability shall be examined by the department and an order shall issue in accordance with RCW 51.52.050.

(4) The department may require that the workman present himself for a special medical examination by a physician, or physicians, selected by the department, and the department may require that the workman present himself for a personal interview. In such event the costs of such examination or interview, including payment of any reasonable travel expenses, shall be paid by the department or self-insurer as the case may be.

(5) The director may establish a medical bureau within the department to perform medical examinations under this section. Physicians hired or retained for this purpose shall be grounded in industrial medicine and in the assessment of industrial physical impairment. Self-insurers shall bear a proportionate share of the cost of such medical bureau in a manner to be determined by the department.

(6) Where dispute arises from the handling of any claims prior to the condition of the injured workman becoming fixed, the workman, employer, or self-insurer may request the department to resolve the dispute or the director may initiate an inquiry on his own motion. In such cases the department shall proceed as provided in this section and an order shall issue in accordance with RCW 51.52.050.

NEW SECTION. Sec. 47. There is added to chapter 51.32 RCW a new section to read as follows:

(1) Written notice of acceptance or denial of a claim for benefits shall be mailed by a self-insurer to the claimant and the director within seven days after the self-insurer has notice of the claim.

(2) If the self-insurer denies a claim for compensation, written notice of such denial, clearly informing the claimant of the right of appeal under this title shall be mailed or given to the claimant and the director within seven days after the self-insurer has notice of the claim.

(3) Until such time as the department has entered an order in a disputed case acceptance of compensation by the claimant shall not be considered a binding determination of his rights under this title. Likewise the payment of compensation shall not be considered a binding determination of the obligations of the self-insurer as to future compensation payments.

(4) Upon making the first payment of income benefits, and upon stopping or changing of such benefits except where a determination of the permanent disability has been made as elsewhere provided in this title, the self-insurer shall immediately notify the director in accordance with a form to be prescribed by the director that the payment of income benefits has begun or has been stopped or changed.

(5) If, after the payment of compensation without an award, the self-insurer elects to convert the right to compensation, the payment of compensation shall not be considered a binding determination of the obligations of the self-insurer as to future compensation payments. The acceptance of compensation by the workman or his beneficiaries shall not be considered a binding determination of their rights under this title.

(6) The director (a) may, upon his own initiative at any time in a case in which payments are being made without an award, and (b) shall, upon receipt of information from any person claiming to be entitled to compensation, from the self-insurer, or otherwise that the right to compensation is controverted, or that payment of compensation has been opposed, stopped or changed, whether or not claim has been filed, promptly make such inquiry as circumstances require, cause such medical examinations to be made, hold such hearings, make such orders, decisions or awards, and take such further action as he considers will properly determine the matter and protect the rights of all parties.

(7) The director, upon his own initiative, may make such inquiry as circumstances require or is necessary to protect the rights of all the parties and he may enact rules and regulations providing for procedures to ensure fair and prompt handling by self-insurers of the claims of workmen and beneficiaries.

NEW SECTION. Sec. 48. There is added to chapter 51.32 RCW a new section to read as follows:

(1) If a self-insurer fails, refuses, or neglects to comply with a compensation order which has become final and is not subject to review or appeal, the director or any person entitled to compensation under the order may institute proceedings for injunctive or other appropriate relief for enforcement of the order. These proceedings may be instituted in the superior court for the county in which the claimant resides, or, if the claimant is not then a resident of this state, in the superior court for the county in which the self-insurer may be served with process.

(2) The court shall enforce obedience to the order by proper means, enjoining compliance upon the person obligated to comply with the compensation order. The court may issue such writs and processes as are necessary to carry out its orders.

(3) A proceeding under this section does not preclude other methods of enforcement provided for in this title.

PERSONAL PRIVILEGE

Senator Andersen: "I note by the clock that it is just before midnight on the sixtieth day of this special session. There are some of us who have been working night and day on these budget and tax bills that have to pass, apparently at least, according to our Constitution, in sixty days. The Conference Committee on taxes, of which I was a member until just a short time ago, came out with a joint conference report on taxes. That report was read in in the House because the House had possession of the bill. I believe this was under the title of Senate Bill No. 897, the conference vehicle. Unfortunately, as things sometimes go, the electronic voting machine in the House broke down, which left the taxation bill under consideration and the budget bill, I understand, is also under consideration at this same time. There has been some concern that these bills would be dead as of the magic witching hour of twelve o'clock. On the other hand, I have conferred with the attorney general of the state of Washington concerning these matters, and while of course nothing is clear in a field like this or in a situation like this, I have reason to believe, as an attorney, as a legislator, and after having conferred with the attorney general, that if we continue on with these bills that are under consideration, that very possibly, or very likely perhaps would be a better expression, if the bills pass they will not be subject to constitutional attack as not having been passed within sixty days.

"In other words, Mr. President, I wish to put into the record for the information of the President of the Senate and the members of the Senate that despite everything we could do, and it has been a long night and a long week and a long several weeks and a long session, these bills are on the desks under consideration in the House of Representatives and so far as I am concerned I think that if we can pass these bills that are actively under consideration while we remain in session and continue to act on them, rather than skipping a day or stopping the clock for a day or something like that, that courts of this state and the law of this state, being in essence common sense, would very likely uphold the budget bill and the tax bill. I do not guarantee this because no one can do that, but I do believe that this is something I should point out for the members and for the President's information, I do in my own humble opinion believe we should continue on with these bills until we can pass them or defeat them and hopefully end this session on a productive note."

MOTIONS

On motion of Senator Woodall, all reference to time is to be expunged from the record.

On motion of Senator Greive, the Senate recessed subject to the Call of the Chair.

WHEREAS, Information which the consumer needs to determine true unit price can be provided in various ways; and

WHEREAS, The proposed legislation could place an additional burden on the general fund of the state, in the form of costs of enforcement, at a time when the resources of the general fund are already extended to their fullest limits;

NOW, THEREFORE, BE IT RESOLVED, By the Senate, That the Legislative Council is hereby directed and authorized to undertake a study of consumer protection, and especially as unit pricing relates thereto, and to make recommendations to the 1972 extraordinary session of the Legislature.

SENATE RESOLUTION: 1971-EX-101

By Senator Durkan:

WHEREAS, The establishment and continuation of harmonious relations between employers and employees in all areas of commerce, industry and agriculture in the state of Washington is a recognized need; and

WHEREAS, Legislation designed to prescribe the rights of employers and employees and to provide orderly procedures for preventing interference by either with the legitimate rights of the other; and

WHEREAS, Such legislation would delegate to a department of state government the authority and duty to formulate and enforce such rules and regulations as may be deemed necessary to accomplish the desired goals; and

WHEREAS, The apparent lack of unity among some of the groups which would be affected by such legislation, rules and regulations emphasizes the necessity for a continued and thorough study of the presentations made by the affected segments of our economy;

NOW, THEREFORE, BE IT RESOLVED, That the Legislative Council, through its committee on labor, is requested by the Senate to undertake a study of the problems outlined in proposed legislation currently before the 42nd Legislature and to present the results of the study, together with recommendations, to the next regular session of the Legislature, or to the next ensuing session if such study and recommendations are completed at the time of the calling of such ensuing session.

On motion of Senator Bailey, the following resolution was adopted:

SENATE RESOLUTION: 1971-EX-102

By Senators Durkan, Atwood and Foley:

WHEREAS, In pursuance of a viable system of state government, the related activities of budget preparation and money appropriation are close to the essence of public policy; and

WHEREAS, Current practice in our state places control over budget preparation in the hands of the executive, and over appropriations in the legislative branch; and

WHEREAS, Each branch, therefore, has a major obligation of carrying out its functions thoroughly and effectively, for the public good; and

WHEREAS, Washington's 1959 Budget and Accounting Act, despite being considered a step forward in state budgetary matters has, nevertheless, provided only the executive the

necessary authority leading to a strong budget, while failing to make commensurate reforms in the legislative branch; and

WHEREAS, The appropriation process, to be effective, involves, among other activities, reviewing executive budget presentations, examining reports on past fiscal operations, and bringing all information to bear as the appropriation bill is undergoing legislative consideration; and

WHEREAS, Despite a statutory mandate providing the Legislature with authority to participate in the executive budget hearings and to receive agency budget requests immediately upon their receipt by the executive budget office, the Legislature of the State of Washington is actually only involved in the adoption stage of the budgetary cycle; and

WHEREAS, Unless there is direct involvement during the budget formulation stage, it is usually too late to accomplish the extensive pre-session analysis necessary to assure that the legislative budget review does not either attenuate under a mass of minor detail or become superficial and ineffectual; and

WHEREAS, It has become abundantly clear that the appropriation process in both Houses of the Legislature has devolved into an inadequate procedure which has satisfied no worthwhile objective; and

WHEREAS, That reaction has led to the establishment of separate organizations and procedures in both Houses directed toward budgetary analysis and appropriation, which has resulted in an overlap and duplication of organization and effort with respect to both legislators and staff, and in direct contravention to the time and facilities available; and

WHEREAS, In order to assure that the prerogatives and decisions from both Houses will be considered independently, several official versions of the legislative budget are actually printed and disseminated together with the substantiating and explanatory detail required in each case; and

WHEREAS, It is evident the same objectives can be accomplished, and the same prerogatives can be maintained with far less difficulty in the modes and procedures, and at far less expense with regard to time and effort by the adoption of joint hearing procedures acceptable to both Houses; and

WHEREAS, Such joint efforts and legislative budget and appropriation procedures have been proven successful in several states of the nation, with cooperative procedures allowing far greater in-depth consideration and critical scrutiny, at less cost and effort, than presently being accomplished in Washington State;

NOW, THEREFORE, BE IT RESOLVED, By the Senate that the Legislative Budget Committee be requested to undertake a study of the procedures utilized in selected states to determine the criteria involved in successful legislative budget analysis and appropriation procedures, and to develop an acceptable organization and procedural plan for pre-session executive budget analysis and in-session legislative appropriation functions; and

BE IT FURTHER RESOLVED, That the Legislative Budget Committee shall seek the advice and consultation of the Secretary of the Senate and the Chief Clerk of the House, both of whom will serve in an ex-officio capacity in the deliberations of the Committee, and that the results of such study together with conclusions and recommendations, and suggested legislation if any, be presented to the next session of the Legislature for its consideration; and

BE IT FURTHER RESOLVED, That a copy of this resolution be transmitted to the Chief Clerk of the House, and to the Legislative Budget Committee.

SENATE RESOLUTION: 1971-EX-103

By Senator Mardesich:

WHEREAS, Mobile homes are serving as permanent residences and as recreation vehicles in rapidly increasing numbers across this state; and

WHEREAS, The multiplicity of zoning standards and building codes, and the fragmentation of regulatory authority among state agencies, counties, cities, and other political subdivisions are creating extreme confusion and frustration for mobile home owners, park operators, and manufacturers alike; and

WHEREAS, Uniform laws and regulations relating to the construction of mobile homes are essential to provide manufacturers with uniform, reasonable standards and to provide residents with safe and habitable mobile homes; and

WHEREAS, Correlation and coordination of state, county, and city regulatory authority, including zoning powers, are necessary to protect the interests of mobile home owners, mobile home park operators, and the other property owners and residents of the state;

NOW, THEREFORE, BE IT RESOLVED, That the Senate hereby requests the Joint Interim Committee on Banking, Insurance, and Utility Regulation to study the problems of mobile home owners, mobile home park operators, and mobile home manufacturers and the advisability and feasibility of establishing uniform laws and regulations regarding all aspects of mobile homes which would provide for the coordinated application of state and local regulatory authority;

WHEREAS, Several of the private schools have not provided retirement benefits which are vested upon the transfer from private to public school teaching; and

WHEREAS, Upon retirement the reduction in benefits caused by lack of credit for private school service causes hardships on retirees;

NOW, THEREFORE, BE IT RESOLVED, By the Senate, That the State Public Pension Commission be requested to conduct a study as to the feasibility of granting service credit for private school teaching by the Washington State Teachers' Retirement System and to make a full report of such study, together with recommendations for action, to the Forty-third Regular Session of the Legislature. Any employee desiring to become a candidate to represent employees in his classification may during the first two weeks of [May] April of the year in which the vacancy in the classification occurs, file with the director of the system a typewritten statement that he desires to be a candidate for the board. Ballots in order to be counted shall be received by the director not later than the second Monday in June. The board shall thereupon proceed to count the ballots and shall certify to the secretary of state the candidate receiving the highest number of votes.

(13) *Persons employed by or appointed or elected as an official of a first class city that has its own retirement system: PROVIDED, That if a member is elected to an office in such city, the member shall have the option of continuing his membership in this system in lieu of becoming a member of the city system. Sec. 5. Section 20, chapter 274, Laws of 1947 as last amended by section 8, chapter 128, Laws of 1969 and RCW 41.40.190 are each amended to read as follows:

Upon retirement from service, as provided for in RCW 41.40.180, a member shall be eligible for a service retirement allowance computed on the basis of the law in effect at the time of retirement, together with such post-retirement pension increases as may from time to time be expressly authorized by the legislature. The service retirement allowance payable to members retiring on and after the effective date of this [1969] 1971 amendatory act shall consist of:

(1) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of his retirement; and

(2) A basic service pension of one hundred dollars per annum; and

(3) A membership service pension, subject to the provisions of subdivision (4) of this section, which shall be equal to one one-hundredth of his average final compensation for each year or fraction of a year of membership service credited to his service account; and

(4) A prior service pension which shall be equal to one-seventieth of his average final compensation for each year or fraction of a year of prior service not to exceed thirty years credited to his service accounts. In no event shall any original member upon retirement at age seventy with ten or more years of service credit receive less than nine hundred dollars per annum as a retirement allowance, nor shall any member upon retirement at any age receive a retirement allowance of less than nine hundred dollars per annum if such member has twelve or more years of service credit, or less than one thousand and two hundred dollars per annum if such member has sixteen or more years of service credit, or less than one thousand five hundred and sixty dollars per annum if such member has twenty or more years of service credit. In the event that the retirement allowance as to such member provided by subdivisions (1), (2), (3), and (4) hereof shall amount to less than the aforesaid minimum retirement allowance, the basic service pension of the member shall be increased from one hundred dollars to a sum sufficient to make a retirement allowance of the applicable minimum amount: PROVIDED, That in order to be eligible to receive the annuity portion derived from the member's accumulated contributions under subdivision (1) and the pension portions provided by the employer under subdivisions (2) and (3) of this section, a new member must have at least five years of membership service credited to his service account, unless he becomes eligible for benefits provided for herein under RCW 41.40.200, 41.40.210 and 41.40.220.

(5) *Notwithstanding the provisions of subsections (1) through (4) of this section, the retirement allowance payable for service where a member was elected or appointed pursuant to Articles II or III of the Constitution of the state of Washington or RCW 48.02.010 and the implementing statutes shall be a combined pension and annuity. Said retirement allowance shall be equal to three percent of the average final compensation for each year of such service. Any member covered by this subsection who upon retirement has served ten or more years shall receive a retirement allowance of at least one thousand two hundred dollars per annum; such member who has served fifteen or more years shall receive a retirement allowance of at least one thousand eight hundred dollars per annum; and such member who has served twenty or more years shall receive a retirement allowance of at least two thousand four hundred dollars per annum: PROVIDED, That the initial retirement allowance of a member retiring only under the provisions of this subsection shall not exceed*

the average final compensation upon which the retirement allowance is based. The minimum benefits provided in this subsection shall apply to all retired members or to the surviving spouse of deceased members who were elected under the provisions of Article II of the Washington State Constitution.

(6) Upon making application for a service retirement allowance under RCW 41.40.180, a member who is eligible therefor shall make an election as to the manner in which such service retirement shall be paid from among the following designated options, calculated so as to be actuarially equivalent to each other:

Option IA. A member electing this option shall receive a retirement allowance payable throughout his life only with termination at death, which shall be computed as provided for in subsections (1) through (4) or (5) of this section.

Option I. If he dies before the total of the annuity portions of the retirement allowance paid to him equals the amount of his accumulated contributions at the time of retirement, then the balance shall be paid to such person or persons having an insurable interest in his life, as he shall have nominated by written designation duly executed and filed with the retirement board, or if there be no such designated person or persons, still living at the time of his death, then to his surviving spouse, or if there be neither such designated person or persons still living at the time of his death nor a surviving spouse, then to his legal representative; or

Option II. Upon his death his reduced retirement allowance shall be continued throughout the life of and paid to such person, having an insurable interest in his life, as he shall have nominated by written designation duly executed and filed with the retirement board at the time of his retirement. Unless payment shall be made under RCW 41.40.270, option II shall automatically be given effect as if selected for the benefit of the surviving spouse upon the death in service, or while on authorized leave of absence for a period not to exceed one hundred and twenty days from the date of payroll separation, of any member who is qualified for a service retirement allowance or has completed ten years of service at the time of death, except that if the member is not then qualified for a service retirement allowance, such option II benefit shall be based upon the actuarial equivalent of the sum necessary to pay the accrued regular retirement allowance commencing when the deceased member would have first qualified for a service retirement allowance; or

Option III. Upon his death, one-half of his reduced retirement allowance shall be continued throughout the life of and paid to such person, having an insurable interest in his life, as he shall have nominated by written designation duly executed and filed with the retirement board at the time of his retirement.

[(6)] (7) Retirement allowances paid to members eligible to retire under the provisions of RCW 41.40.180 (2), 41.40.200, 41.40.210, 41.40.220, 41.40.230, 41.40.240 and 41.40.250 shall accrue from the first day of the calendar month immediately following the calendar month during which the member is separated from service. Retirement allowances paid to members eligible to retire under any other provisions of this chapter shall accrue from the first day of a calendar month but in no event earlier than the first day of the calendar month immediately following the calendar month during which the member is separated from service.

Sec. 6, Section 1, chapter 68, Laws of 1970 ex. sess. and RCW 41.40.195 are each amended to read as follows:

(1) "Index" for the purposes of this section, shall mean, for any calendar year, that year's annual average consumer price index for urban wage earners and clerical workers, all items (1957-1959 equal one hundred)—compiled by the Bureau of Labor Statistics, United States Department of Labor [.] ;

(3) Effective July 1, [1970] 1971, every prior pension which is then being paid to any retired member or his designated beneficiary shall be adjusted to that dollar amount which bears the ratio to its original dollar amount which the retirement board finds to exist between the index for [1969] 1970 and the index for the calendar year prior to the effective retirement date of the person to whom, or on behalf of whom, such retirement allowance is being paid.

Sec. 7, Section 19, chapter 274, Laws of 1947 as last amended by section 5, chapter 127, Laws of 1967 and RCW 41.40.180 are each amended to read as follows:

(1) On and after April 1, 1949, any member who has attained age sixty or over may retire upon his written application to the retirement board, setting forth at what time, not less than thirty days, nor more than ninety days subsequent to the execution and filing thereof, he desires to be retired: PROVIDED, That in the national interest, during time of war engaged in by the United States, the retirement board may extend beyond age sixty, subject to the provisions of subsection (2) of this section, the age at which any member may be eligible to retire.

(2) On and after April 1, 1949, any member who has attained age seventy shall be retired forthwith on the first day of the calendar month next succeeding that in which the said member shall have attained the age of seventy: PROVIDED, That a member who has attained the age of seventy is possessed of special skill in the performance of particular duties, the retirement board shall continue such member in service for such period or

periods as may be applied for by the governing body of the political subdivision where the member is employed or the head of the department, agency, commission, board and offices of the state: PROVIDED FURTHER, That any member holding elective office, having a fixed term to which he has been elected; who has attained age seventy may, at any time thereafter while still in office, apply for and receive a retirement allowance under RCW 41.40.190 and RCW 41.40.290, if otherwise eligible therefor, while continuing to serve as an elective official but such person shall no longer be a member of the retirement system after his retirement as provided for in this subsection.

(3) On and after April 1, 1953, any member who has completed thirty years of service may retire on his written application to the retirement board setting forth at what time, not less than thirty days, nor more than ninety days subsequent to the execution and filing thereof, he desires to be retired, subject to war measures.

(4) On and after [July 1, 1967] *the effective date of this 1971 amendatory act* any member who has completed twenty-five years of service and attained age fifty-five may retire on his written application to the retirement board setting forth at which time, not less than thirty days, nor more than ninety days subsequent to the execution and filing thereof, he desires to be retired, subject to war measures. [; PROVIDED, That any member retiring under the provisions of this subsection shall receive a reduced retirement allowance, which allowance shall be the actuarial equivalent of the sum necessary to pay regular retirement benefits as of the earliest date upon which he could otherwise retire under subsections (1) or (3) of this section.]

(5) The retirement board is authorized to waive advance notice of retirement upon good cause shown.

Sec. 8. Section 23, chapter 274, Laws of 1947 as last amended by section 7, chapter 291, Laws of 1961, and RCW 41.40.220 are each amended to read as follows:

Upon retirement for disability, as provided in RCW 41.40.200, a member who has not attained age sixty shall receive the following benefits, subject to the provisions of RCW 41.40.310 and 41.40.320:

(1) A disability retirement pension of two-thirds of his average final compensation to his attainment of age sixty, subject to the provisions of RCW 41.40.310. The disability retirement pension provided by the employer shall not exceed [twenty-four] *forty-two* hundred dollars per annum, and

(2) Upon attainment of age sixty, the disabled member shall receive a pension, as provided for in RCW 41.40.190, subdivisions (2), (3), and (4), together with an annuity which shall be the equivalent of the annuity he would have received had he continued contributions to the employees' savings fund; said contributions to be based upon his final compensation at the time of his disability.

(3) During the period a disabled member is receiving a disability pension, as provided for in subdivision (1) of this section, his contributions to the employees' savings fund shall be suspended and his balance in the employees' savings fund, standing to his credit as of the date his disability pension is to begin, shall remain in the employees' savings fund: PROVIDED, That if the disabled member should die before attaining age sixty, while a disability beneficiary, upon receipt by the retirement board of proper proof of death, his accumulated contributions standing to his credit in the employees' savings fund, shall be paid to such person or persons, having an insurable interest in his life, as he shall have nominated by written designation duly executed and filed with the retirement board: PROVIDED, HOWEVER, That if there be no such designated person or persons still living at the time of the member's death, his accumulated contributions standing to his credit in the employees' savings fund shall be paid to his surviving spouse as if in fact such spouse had been nominated by written designation as aforesaid, or if there be no such surviving spouse, then to his legal representative.

Sec. 9. Section 27, chapter 274, Laws of 1947 as last amended by section 12, chapter 174, Laws of 1963, and RCW 41.40.260 are each amended to read as follows:

Subject to the provisions of RCW 41.40.280, should a member cease to be an employee, he may request upon a form provided by the retirement board a refund of all or part of the funds standing to his credit in the employees' savings fund and this amount shall be paid to him: PROVIDED, That withdrawal of all or part of the funds by a member who is eligible for a service retirement allowance in RCW 41.40.180 or a disability retirement allowance in RCW 41.40.200, 41.40.210, 41.40.220, 41.40.230, 41.40.240, or 41.40.250 shall constitute a waiver of any service or disability retirement allowance: PROVIDED FURTHER, *That the withdrawal of all or part of additional contributions made pursuant to RCW 41.40.330(2) shall not constitute a waiver.*

Sec. 10. Section 34, chapter 274, Laws of 1947 as last amended by section 12, chapter 128, Laws of 1969, and RCW 41.40.330 are each amended to read as follows:

(1) Beginning October 1, 1947, each employee who is a member of the retirement system shall contribute five percent of that part of his compensation earnable, not in excess of thirty-six hundred dollars in a calendar year, except as provided herein and in subsection (2) hereof, to the employees' savings fund, and shall contribute one dollar and fifty cents per annum to the retirement system expense fund: PROVIDED, HOWEVER, That beginning January 1, 1950, such retirement system expense fund contribution shall be increased to the amount of two dollars and fifty cents per annum and shall be made by semiannual payments of one dollar and twenty-five cents beginning January 1, 1950, and thereafter each employee entering membership shall contribute the sum of one dollar and twenty-five cents to the retirement system expense fund for the fractional portion of the

semiannual period during which he enters or reenters membership: AND PROVIDED FURTHER, That beginning July 1, 1969, the expense fund contributions shall be transferred from all employee account balances in the employees' savings fund to the retirement expense fund account, as set forth in this section. On and after April 1, 1953, each employee who is a member of the retirement system shall contribute five percent of his total compensation earnable. The officer responsible for making up the payroll shall deduct from the compensation of each member, on each and every payroll of such member for each and every payroll period subsequent to the date on which he became a member of the retirement system, an amount equal to five percent of such member's compensation earnable, as provided by this section. [In determining the amount earnable by a member in a payroll period, the retirement board and the employer may consider the rate of compensation payable to such member on the first day of the payroll period as continuing through such payroll period, and deductions may be omitted from such compensation for any period less than a full payroll period, if an employee was not a member on the first day of the payroll period.]

(2) Any member may, pursuant to regulations formulated from time to time by the board, provide for himself, by means of an increased rate of contribution to his account in the employees' savings fund, an *increased* prospective retirement allowance [not to exceed one-half of his prospective average final compensation].

(3) *The officer responsible for making up the payroll shall deduct from the compensation of each member covered by the provisions of RCW 41.40.190 (5) on each and every payroll of such member for each and every payroll period subsequent to the date on which he thereafter becomes a member of the retirement system, an amount equal to seven and one-half percent of such member's compensation earnable.*

Sec. 11. Section 37, chapter 274, Laws of 1947 as last amended by section 15, chapter 174, Laws of 1963, and RCW 41.40.361 are each amended to read as follows:

(1) For the purpose of this section, the "fundable employer liability" at any date shall be the present value of

(a) all future pension benefits payable in respect of all members in the retirement system at that date, and

(b) all future benefits in respect of beneficiaries then receiving retirement allowances or pensions.

(2) The contributions by the employer for benefits under the retirement system shall consist of the sum of a percentage of the compensation of members to be known as the "normal contribution", a percentage of such compensation to be known as the "unfunded liability contribution" and in the case of employers admitted to the retirement system after April 1, 1949, a percentage of such compensation to be known as the "additional contribution". The rates of such contributions shall be determined by the retirement board on the basis of assets and liabilities as shown by actuarial valuation: PROVIDED, That as to state employers the total combined contributions of the normal contribution and unfunded liability contribution shall not exceed a total combined percentage rate of six percent for each employer unless authorized by the legislature.

(3) After the completion of each actuarial valuation subsequent to the first actuarial valuation of June 30, 1953, the retirement board shall determine the normal contribution rate and such contribution rate shall become effective in the ensuing biennium. *In addition the board shall determine the additional employer contribution rate necessary to fund the benefits granted officials holding office pursuant to Articles II and III of the Constitution of the state of Washington and RCW 48.02.010. Said additional employer contribution rate shall be paid in the same manner as the normal contribution and the unfunded liability contribution. Until the unfunded liability contribution shall have been discontinued, such normal contribution rate shall be computed to be sufficient, when applied to the present value of the future compensation of the average new member entering the system, to provide for the payment of all prospective pension benefits in respect of such member. After the unfunded liability contributions have been discontinued, such normal contribution rate shall be determined as the uniform and constant percentage of the prospective compensation of all members of the retirement system at the date of such valuation which is equivalent to the excess of the fundable employer liability over the amount of funds currently standing to the credit of the benefit account fund.*

(4) After the completion of each actuarial valuation subsequent to the first actuarial valuation of June 30, 1953, the retirement board shall determine the unfunded liability contribution, and such rate shall become effective in the ensuing biennium. The unfunded liability contribution rate shall not be less than [that percentage of annual compensation of all members in the retirement system at the date of such subsequent valuation which is equivalent to four percent of the unfunded liability of the system] *the uniform and constant percentage of the prospective compensation of all members of the retirement system for the forty-year period following the date of such valuation which is equivalent to the unfunded liability.* The unfunded liability shall be determined at such date as the excess of the fundable employer liability over the sum of the present value of the future normal contributions payable in respect of all members in the retirement system at that date, and the amount of all funds currently standing to the credit of the benefit account fund. The unfunded liability contributions shall continue until there remains no unfunded liability.

(5) Any employer admitted to the retirement system after April 1, 1949, shall make an additional contribution until such time as the sum of such additional contributions equals the amount of contributions which such employer would have been required to

contribute between April 1, 1949, and the date of such employer's admission to the retirement system: PROVIDED, All additional contributions hereunder and under the provisions of RCW 41.40.160(2) must be completed within fifteen years from the date of the employer's admission.

(6) For the biennium beginning July 1, 1971, and ending June 30, 1973, only, and notwithstanding any other provision of the chapter, the rate determined by the board for state employer contributions shall be only the percentage of compensation for members equal to the "normal contribution" computed to be four and thirty-six one-hundredths percent of compensation.

Sec. 12. Section 43, chapter 274, Laws of 1947 as last amended by section 13, chapter 128, Laws of 1969, and RCW 41.40.410 are each amended to read as follows:

The employees and appointive and elective officials of any political subdivision or association of political subdivisions of the state may become members of the retirement system by the approval of the local legislative authority: PROVIDED, That on and after September 1, 1965, every school district of the state of Washington shall be an employer under this chapter and every employee of the school district who is eligible for membership under RCW 41.40.120 shall be a member of the retirement system and participate on the same basis as a person who first becomes a member through the admission of any employer into the retirement system on and after April 1, 1949. Each such political subdivision becoming an employer under the meaning of this chapter shall make contributions to the funds of the retirement system as provided in RCW 41.40.080, 41.40.361 and 41.40.370 and its employees shall contribute to the employees' savings fund at the rate established under the provisions of RCW 41.40.330. In addition to the foregoing requirement, where the political subdivision becoming an employer hereunder has its own retirement plan any of the employee members thereof who may elect to transfer to this retirement system may, [upon withdrawal of] if permitted by said plan, withdraw all or any part of their employees' contributions to the former plan[,] and transfer such funds to the employees' savings fund at the time of their transfer of membership. Any portion of the employees' savings fund not withdrawn shall be transferred by the employer to the retirement system over a period not to exceed fifteen years. The length of the transfer period and the method of payment to be utilized during that period shall be established by agreement between the retirement board and the political subdivision. Employers making deferred payments of employee funds under this section shall transfer an additional amount equal to the interest that would have been credited to each employee's savings fund had his contributions been transferred to the state retirement system's employee savings fund on the date the political subdivision became an employer hereunder. Any funds remaining in the employer's former retirement plan after all obligations of such plan have been provided for, as evidenced by appropriate actuarial study, shall be disposed of by the governing body of the political subdivision in such manner as it deems appropriate. For the purpose of administering and interpreting this chapter the board may substitute the names of political subdivisions of the state for the "state" and employees of the subdivisions for "state employees" wherever such terms appear in this chapter. The board may also alter any dates mentioned in this chapter for the purpose of making the provisions of the chapter applicable to the entry of any political subdivisions into the system. Any member transferring employment to another employer which is covered by the retirement system may continue as a member without loss of previously earned pension and annuity benefits. The board shall keep such accounts as are necessary to show the contributions of each political subdivision to the benefit account fund and shall have the power to debit and credit the various accounts in accordance with the transfer of the members from one employer to another.

Employees of a political subdivision, maintaining its own retirement system, who have been transferred to a health district formed pursuant to chapter 70.46 RCW, but who have been allowed to remain members of the political subdivision's retirement system may be transferred as a group to the Washington public employees' retirement system. Such transfer may be made by the action of the legislative authority of such political subdivision maintaining its own retirement system. Such transfer shall include employer's and member's funds in the transferring municipalities' retirement system.

Employees of a political subdivision, maintaining its own retirement system, heretofore transferred to a joint airport operation of two municipalities pursuant to chapter 182, Laws of 1945, may be transferred as a group to the Washington public employees' retirement system. Such transfer may be made by the action of the legislative authority of such political subdivision maintaining its own retirement system. Such transfer shall include employer's and member's funds in the transferring municipalities' retirement system.

Sec. 13. Section 5, chapter 71, Laws of 1947 and RCW 41.44.050 are each amended to read as follows:

Any city or town of the first, second, third or fourth class may elect to participate in the retirement system established by this chapter: PROVIDED, That a first class city may establish or maintain any other retirement system authorized by any other law or its charter. The manner of election to participate in a retirement system under this chapter shall be as follows:

- (1) The legislative body therein by ordinance making such election;
- (2) Approval by vote of the people of an ordinance initiated by the voters making such election;
- (3) Approval by vote of the people of an ordinance making such election referred to the people by the legislative body.

Any ordinance providing for participation therein may on petition of the voters be referred to the voters for approval or disapproval.

The referendum or initiative herein provided for shall be exercised under the law relating to legislative initiative or referendum of the particular city; and if the city be one for which the law does not now provide such initiative or referendum, it shall be exercised in the manner provided for legislative initiative and referendum of cities having a commission form of government under chapter 116, Laws of 1911, the city council performing the duties and functions under that law devolving on the commission. A majority vote in the legislative body or by the electorate shall be sufficient to carry or reject. Whenever any city has elected to join the retirement system proper authorities in such city shall immediately file with the board an application for participation under the conditions included in this chapter on a form approved by the board. In such application the city shall agree to make the contributions required of participating cities in the manner prescribed herein and shall state which employee group or groups are to originally have membership in the system.

In the case of a state association of cities and towns, election to participate shall be by majority vote of the board of directors of the association.

Sec. 14, Section 11, chapter 71, Laws of 1947 as last amended by section 2, chapter 99, Laws of 1965 ex. sess. and RCW 41.44.110 are each amended to read as follows:

(1) Subject to subsection (2) of this section, membership of this retirement system shall be composed of the following groups of employees in any participating city or cities:

(a) Miscellaneous personnel as defined in this chapter;

(b) Uniformed personnel as defined in this chapter;

(c) Elective officials, who shall have the right to membership in this retirement system upon filing written notice of such election with the board of trustees;

(d) Employees of the retirement system itself shall be entitled to membership and any costs in connection with such membership shall be a part of the cost of administration.

(e) Employees of any state association of cities and towns shall be entitled to membership, upon election to participate made by the board of directors pursuant to section 13 of this 1971 amendatory act, and any costs in connection with such membership which would be borne by a city in the case of employees of a city shall be borne by the association.

(2) Any city may, when electing to participate in this retirement system in the manner set forth in RCW 41.44.050, include any one group or combination of the groups mentioned in subsection (1) of this section. For an initial period not to exceed one year from the effective date of any city's entry into this system, if so provided at the time of its election to participate, only a majority of the employees of any group or combination of groups must be members of the system.

At all times subsequent to the effective date of the city's entry into this system, or at all times after expiration of such initial period, if such initial period is established at the time of the city's election to participate, all employees of any group or combination of groups must be included or excluded as members of this system. Groups (c) and (d) shall be considered as being composed of miscellaneous personnel as far as benefits and obligations are concerned except when the contrary is clearly indicated.

(3) Subject to subsection (2) of this section, membership in the retirement system shall be compulsory for all employees in groups (a) and (b), after qualification as provided in subsection (4) of this section.

(4) Subject to subsection (2) of this section, all employees in city service, on the effective date, or on June 9, 1949, or on expiration of the initial period therein provided if they have completed six consecutive months' service or six months' service in any calendar year prior to the expiration of such initial period, shall be members of the system, provided that such employees who are not regular full time employees and are earning less than one hundred dollars per month, or are part time employees serving in an official or special capacity may with the acquiescence of the legislative body of the city or town in which they are employed, elect on or before January 1, 1950, to discontinue membership by giving written notice of such election to the board. All other regular employees earning more than one hundred dollars per month shall become members upon the completion of six consecutive months' service or six months' service in any calendar year. Any employee otherwise eligible, employed in a permanent position, may elect in writing to become a member of the system at any time during the initial period, or at any time prior to completing such six months' service. Such individual employees other than regular employees, who are earning less than one hundred dollars per month or who are serving in an official or special capacity may elect to become members with the acquiescence of the legislative body of the city or town in which they are employed upon the completion of six months of consecutive service or six months' service in any calendar year.

(5) It shall be the duty of the proper persons in each city to immediately report to the board routine changes in the status of personnel and immediately furnish such other information regarding the employment of members as the board may from time to time require.

(6) Should any member withdraw more than one-quarter of his accumulated contributions, or should he die or be retired, he shall thereupon cease to be a member.

(7) Transfer of any employee from one city to another shall not cause the employee to lose membership in the system providing the city to which he transfers participates in the retirement system created herein.

Sec. 15. Section 12, chapter 71, Laws of 1947 as last amended by section 2, chapter 70, Laws of 1959, and RCW 41.44.120 are each amended to read as follows:

Such certificate shall be final and conclusive as to his prior service unless hereafter modified by the board, upon application of the member.

(2) Each city joining the system shall have the privilege of selecting the rate at which prior service pensions shall be calculated for its employees and may select any one of the three rates set forth below:

(a) 1.33% of final compensation multiplied by the number of years of prior service credited to the member. This rate may be referred to as "full prior service credit."

(b) 1.00% of final compensation multiplied by the number of years of prior service credited to the member. This rate may be referred to as "full prior service credit."

(c) .667% of final compensation multiplied by the number of years of prior service credited to the member. This rate may be referred to as "one-half prior service credit."

(3) The above rates shall apply at the age of sixty-two or over for members included in the miscellaneous personnel and at age sixty or over for members in the uniformed personnel: PROVIDED, That if a member shall retire before attaining either of the ages above referred to, the total prior service pension shall be reduced to the percentages computed and established in accordance with the following tables, to wit:

There shall be granted to any person who was an employee of any state association of cities and towns, which association elects to participate in the retirement system established by this chapter, credit for prior service for the period such person was actually employed by such association, except that this shall apply only to those persons who shall be employees of such association on the effective date of this 1971 amendatory act.

Credit for such prior service shall be given only if payment for the additional cost of including such service has been made or if payment of such additional cost or reimbursement therefor has been otherwise provided for to the satisfaction of the board or if such person be entitled to any private pension or retirement benefits as a result of such service with such private enterprise, credit will be given only if he agrees at the time of his employment by the municipality to accept a reduction in the payment of any benefits payable under this chapter that are based in whole or in part on such added and accredited service by the amount of these private pension or retirement benefits received. The conditions and limitations provided for in this subsection (5) shall be embodied in any certificate of prior service issued or granted by the board where any portion of the prior service credited under this subsection is included therein.

The city may receive payments for these purposes from a third party and shall make from such payments contributions with respect to such prior service as may be necessary to enable the fund to assume its obligations.

Sec. 2. Section 2, chapter 272, Laws of 1959 and RCW 73.32.130 are each amended to read as follows:

For the purpose of creating the fund for the retirement of such bonds upon maturity and the payment of interest thereon as it falls due, all proceeds hereafter received from the excise tax on cigarettes imposed by chapter 82.24 as now or hereafter amended, shall, so long as any part of principal or interest of the bonds herein provided for remains outstanding, be paid into the war veterans' compensation bond retirement fund hereinafter provided for.

All money derived from such tax shall be paid to the state treasurer and credited to a special trust fund to be known as the war veterans' compensation bond retirement fund, which shall be kept segregated from all money in the state treasury and shall, while any of the bonds herein authorized or any interest thereon remain unpaid, be available solely for the payment thereof.

Whenever the receipts into the war veterans' compensation bond retirement fund during any year exceed [four million five hundred thousand dollars, all sums received above that amount] *the annual amounts required for debt service, the balance* shall be transferred by the state treasurer to the state general fund, and whenever there has accumulated in the war veterans' compensation bond retirement fund [four million one hundred thousand dollars] *a sum* in excess of the amount required in any year, as determined by the state finance committee, to meet obligations during that year for bond retirement and interest, the state treasurer shall transfer from such fund to the *state* general fund all money in excess of such amount.

"Sale at retail" or "retail sale" means every sale of tangible personal property

(including articles produced, fabricated, or imprinted) to all persons irrespective of the nature of their business and including, among others, without limiting the scope hereof, persons who install, repair, clean, alter, improve, construct, or decorate real or personal property of or for consumers other than a sale to a person who (a) purchases for the purpose of resale as tangible personal property in the regular course of business without intervening use by such person, or (b) installs, repairs, cleans, alters, imprints, improves, constructs, or decorates real or personal property of or for consumers, if such tangible personal property becomes an ingredient or component of such real or personal property without intervening use by such person, or (c) purchases for the purpose of consuming the property purchased in producing for sale a new article of tangible personal property or substance, of which such property becomes an ingredient or component or is a chemical used in processing, when the primary purpose of such chemical is to create a chemical reaction directly through contact with an ingredient of a new article being produced for sale. The term shall include every sale of tangible personal property which is used or consumed or to be used or consumed in the performance of any activity classified as a "sale at retail" or "retail sale" even though such property is resold or utilized as provided in (a), (b), or (c) above following such use. The term also means every sale of tangible personal property to persons engaged in any business which is taxable under RCW 82.04.280, subsection (2), and 82.04.290.

The term "sale at retail" or "retail sale" shall include the sale of or charge made for tangible personal property consumed and/or for labor and services rendered in respect to the following: (a) The installing, repairing, cleaning, altering, imprinting, or improving of tangible personal property of or for consumers, including charges made for the mere use of facilities in respect thereto, but excluding charges made for the use of coin operated laundry facilities when such facilities are situated in an apartment house, hotel, motel, rooming house, trailer camp or tourist camp for the exclusive use of the tenants thereof, and excluding services rendered in respect to live animals, birds and insects; (b) the constructing, repairing, decorating, or improving of new or existing buildings or other structures under, upon, or above real property of or for consumers, including the installing or attaching of any article of tangible personal property therein or thereto, whether or not such personal property becomes a part of the realty by virtue of installation, and shall also include the sale of services or charges made for the clearing of land and the moving of earth excepting the mere leveling of land used in commercial farming or agriculture; (c) the sale of or charge made for labor and services rendered in respect to the cleaning, fumigating, razing or moving of existing buildings or structures, but shall not include the charge made for janitorial services; and for purposes of this section the term "janitorial services" shall mean those cleaning and caretaking services ordinarily performed by commercial janitor service businesses including, but not limited to, wall and window washing, floor cleaning and waxing, and the cleaning in place of rugs, drapes and upholstery. The term "janitorial services" does not include painting, papering, repairing, furnace or septic tank cleaning, snow removal or sandblasting; (d) the sale of or charge made for labor and services rendered in respect to automobile towing and similar automotive transportation services, but not in respect to those required to report and pay taxes under chapter 82.16; (e) the sale of and charge made for the furnishing of lodging and all other services by a hotel, rooming house, tourist court, motel, trailer camp, and the granting of any similar license to use real property, as distinguished from the renting or leasing of real property, and it shall be presumed that the occupancy of real property for a continuous period of one month or more constitutes a rental or lease of real property and not a mere license to use or enjoy the same; (f) the sale of or charge made for tangible personal property, labor and services to persons taxable under (a), (b), (c), (d), and (e) above when such sales or charges are for property, labor and services which are used or consumed in whole or in part by such persons in the performance of any activity defined as a "sale at retail" or "retail sale" even though such property, labor and services may be resold after such use or consumption. Nothing contained in this paragraph shall be construed to modify the first paragraph of this section and nothing contained in the first paragraph of this section shall be construed to modify this paragraph.

Sec. 6. Section 26, chapter 173, Laws of 1965 as last amended by section 1, chapter 257, Laws of 1969 ex. sess. and RCW 82.04.435 are each amended to read as follows:

In computing tax under this chapter there may be credited against the amount of the tax the following items:

As to persons engaging in activities defined in RCW 82.04.120 (the definition of the term "to manufacture"), an amount not to exceed the tax actually paid under chapter 82.08 RCW (Retail Sales Tax) or chapter 82.12 RCW (Use Tax) by such persons or their lessors or their contract vendors, on materials, labor and services in the construction of new buildings or the enlarging of existing buildings directly used in such activities. Where a building is used partly for manufacturing and partly for other purposes the applicable tax credit shall be determined by apportionment of the costs of construction under such rules as the department of revenue shall provide. For purposes of this section the term "buildings" shall mean and include only those structures used to house or shelter manufacturing activities, including the usual lighting, heating, ventilating and sanitary plumbing facilities. The term shall include plant offices and warehouses or other storage facilities for the storage of raw materials or finished goods when such facilities are essential to and an integral part of a factory, mill or manufacturing plant, but shall not include manufacturing or industrial fixtures or equipment such as tanks, conveyor systems, cranes, industrial machinery and related facilities irrespective of whether or not such fixtures or equipment are affixed to the realty. Notwithstanding the foregoing, the term "buildings" shall also include potlines and furnaces used directly in the manufacturing of metals. The phrase "construction of buildings" refers only to new or enlarged buildings and not to the repair or renovation of existing buildings.

This credit shall be allowable only against tax payable by the manufacturer and measured by the value of products or gross proceeds of sales of articles, substances or commodities manufactured in this state, and shall be allowable only against any tax payable which is attributable to manufacturing occurring in the particular factory, mill or manufacturing plant in which such buildings are located.

No tax credit claimed shall be deducted on any return until such claim has been approved by the department of revenue or until ninety days after such claim has been submitted to the department of revenue for approval. This credit shall not be allowable for tax paid on purchases of material, labor or services on which the supplier thereof became entitled to compensation prior to July 1, 1964 or subsequent to January 1, 1971: PROVIDED, That the credit shall be allowable for the tax paid on such purchases pursuant to any contract entered into prior to January 1, 1971 if such tax is paid on such contract purchases prior to July 1, 1972: AND PROVIDED FURTHER, That with respect only to the construction of buildings used directly in the manufacturing of metals, this credit shall be allowable for tax paid on all purchases pursuant to construction which was in progress on January 1, 1971, and was completed after that date.

Any credits granted prior to July 1, 1969 pursuant to this section shall not be affected by this 1969 amendatory act.

Sec. 7. Section 82.08.050, chapter 15, Laws of 1961, as amended by section 15, chapter 173, Laws of 1965 ex. sess., and RCW 82.08.050 are each amended to read as follows:

The tax hereby imposed shall be paid by the buyer to the seller, and each seller shall collect from the buyer the full amount of the tax payable in respect to each taxable sale in accordance with the schedule of collections adopted by the [tax commission] department pursuant to the provisions of RCW 82.08.060. The tax required by this chapter, to be collected by the seller, shall be deemed to be held in trust by the seller until paid to the [commission] department, and any seller who appropriates or converts the tax collected to his own use or to any use other than the payment of the tax to the extent that the money required to be collected is not available for payment on the due date as prescribed in this chapter shall be guilty of a gross misdemeanor.

In case any seller fails to collect the tax herein imposed or having collected the tax, fails to pay it to the [commission] department in the manner prescribed by this chapter, whether such failure is the result of his own acts or the result of acts or conditions beyond his control, he shall, nevertheless, be personally liable to the state for the amount of the tax.

The amount of tax, until paid by the buyer to the seller or to the [commission] department, shall constitute a debt from the buyer to the seller and any seller who fails or refuses to collect the tax as required with intent to violate the provisions of this chapter or to gain some advantage or benefit, either direct or indirect, and any buyer who refuses to pay any tax due under this chapter shall be guilty of a misdemeanor. The tax required by this chapter to be collected by the seller shall be stated separately from the selling price and for purposes of determining the tax due from the buyer to the seller and from the seller to the [commission] department it shall be conclusively presumed that the selling price quoted in any price list, sales document, contract or other agreement between the parties does not include the tax imposed by this chapter.

Where a buyer has failed to pay to the seller the tax imposed by this chapter and the seller has not paid the amount of the tax to the [commission] department, the [commission] department may, in its discretion, proceed directly against the buyer for collection of the tax, in which case a penalty of ten percent may be added to the amount of the tax for failure of the buyer to pay the same to the seller, regardless of when the tax may be collected by the [commission] department; and all of the provisions of chapter 82.32, including those relative to interest and penalties, shall apply in addition; and, for the sole

purpose of applying the various provisions of chapter 82.32, the fifteenth day of the month following the tax period in which the purchase was made shall be considered as the due date of the tax.

Sec. 8. Section 82.08.070, chapter 15, Laws of 1961, as amended by section 8, chapter 293, Laws of 1961, and RCW 82.08.070 are each amended to read as follows:

Each seller, on or before the fifteenth day of the month succeeding the end of each monthly period, shall make out a return for the preceding monthly period, upon forms to be provided by the [commission] department, setting forth the amount of all sales, nontaxable sales, taxable sales, the amount of tax thereon, and such other information as the [commission] department may require, sign, and transmit the same to the [commission] department: PROVIDED, That any such taxpayer may elect to remit each month on such forms as the [tax commission] department shall in its discretion prescribe, an estimate of the tax to be due for each month on or before the fifteenth day of the month next succeeding the end of the monthly period in which the tax accrued, and a quarterly return to the [commission] department on or before the fifteenth day of the month next succeeding the end of each quarter of every year and shall remit therewith the balance of the actual tax due for the period of the report: PROVIDED FURTHER, That every person who shall elect to remit a monthly "estimate of the tax to be due" as hereinabove described shall remit each month at least one-third of the tax paid during the previous quarter or, at least ninety percent of the tax actually collected or owing during the month.

The [tax commission] department may also relieve any taxpayer or class of taxpayers from the obligation of filing monthly returns and may require the return to cover other reporting periods, but in no event shall returns be filed for a period greater than one year.

The [tax commission] department may also, by general rule or regulation, establish conditions for submission of annual or semiannual reconciling returns by such taxpayers or class of taxpayers in lieu of quarterly returns.

The [tax commission] department may also require verified annual returns from any taxpayer, setting forth such additional information as it may deem necessary to correctly determine tax liability.

The [commission] department shall, by rule or regulation, establish procedures and forms for reporting consonant with efficient tax administration and accounting procedure to carry into effect the provisions of this chapter.

The [commission] department may also require annual returns from any taxpayer, setting forth such additional information as it may deem necessary to correctly determine tax liability. The tax accrued under the provisions of this chapter, whether or not collected from the buyer shall be paid by the seller to the [commission] department in installments at the time of transmitting the return above provided for.

Upon receipt of such moneys the state treasurer shall deposit them in the state general fund and the provisions of RCW 82.08.160 and 82.08.170, and the

provisions of chapter 66.08 relating to deposits, apportionment and distribution, shall have no application to the collections under this paragraph.

(4) As used in this section, the terms, "spirits," "wine," "strong beer," and "package" shall have the meaning ascribed to them in chapter 66.04.

Sec. 15. Section 82.32.040, chapter 15, Laws of 1961 and RCW 82.32.040 are each amended to read as follows:

Each [vending machine and each coin operated machine, except where used in conducting a public utility business, and each] mechanical device, the operator of which is taxable under chapter 82.28, shall be considered a separate place of business and a separate registration certificate shall be obtained for each such [machine or] device. The issuance of any certificate for such [machines or] devices to any applicant therefor may be denied by the [tax commission] department, if the [commission] department, after hearing, finds that the conditions of the applicant's business or prior record as a taxpayer place in jeopardy the collection of the tax. The [commission] department may require that any applicant for a certificate of registration for any such [machine or] device furnish a proper surety bond sufficient to secure the payment of any tax imposed. It shall be unlawful for any person to operate such [machine or] device or permit it to be operated on his premises unless a certificate of registration has been obtained and is conspicuously displayed upon such [machine or] device, or for any person to operate any such [machine or] device under a forged certificate of registration or under a certificate of registration not issued for such [machine or] device or to the operator thereof or under a certificate of registration which has been revoked, or for any person upon making application for a certificate of registration to fail or refuse to give any information requested by the [commission] department or to give false information with intent to conceal the true name or address of the owner or operator of such [machine] device.

Any person violating the provisions of this section shall be guilty of a misdemeanor.

Any [machine or] device described herein which does not display a certificate of registration, or any [machine or] device which displays a forged certificate of registration or a certificate of registration not issued for such [machine] device or to the operator thereof or revoked certificate of registration, is hereby declared to be contraband and may be seized

by the [tax commission] department, or by any peace officer of the state, when directed by the [commission] department so to do, without warrant, and shall be offered for sale by the [commission] department in the same manner as property distrained under warrant for the satisfaction of delinquent taxes. The proceeds of sale shall be paid to the [commission] department and credited to the account of miscellaneous revenue: PROVIDED, That the costs of the seizure and sale shall be paid out of the proceeds before making remittance.

Any money contained in such [machines or] devices may be removed before the [machine or] device is offered for sale and the amount thereof shall be considered as part of the proceeds of the sale.

Sec. 16. Section 82.32.050, chapter 15, Laws of 1961, as amended by section 1, chapter 141, Laws of 1965 ex. sess., and RCW 82.32.050 are each amended to read as follows:

If upon examination of any returns or from other information obtained by the [tax commission] department it appears that a tax or penalty has been paid less than that properly due, the [commission] department shall assess against the taxpayer such additional amount found to be due and as to assessments made on and after May 1, 1965, including assessments for additional tax or penalties due prior to that date shall add thereto interest at the rate of [six] nine percent per annum from the last day of the year in which the deficiency is incurred until date of payment. The [commission] department shall notify the taxpayer by mail of the additional amount and the same shall become due and shall be paid within ten days from the date of the notice, or within such further time as the [commission] department may provide. If payment is not received by the [commission] department by the due date specified in the notice, or any extension thereof, the [commission] department shall add a penalty of ten percent of the amount of the additional tax found due. If the [commission] department finds that all or any part of the deficiency resulted from an intent to evade the tax payable hereunder, a further penalty of fifty percent of the additional tax found to be due shall be added.

No assessment or correction of an assessment for additional taxes due may be made by the [commission] department more than four years after the close of the tax year, except (1) against a taxpayer who has not registered as required by this chapter, (2) upon a showing of fraud or of misrepresentation of a material fact by the taxpayer, or (3) where a taxpayer has executed a written waiver of such limitation.

Sec. 17. Section 82.32.060, chapter 15, Laws of 1961, as last amended by section 27, chapter 173, Laws of 1965 ex. sess., and RCW 82.32.060 are each amended to read as follows:

If, upon application by a taxpayer for a refund or for an audit of his records, or upon an examination of the returns or records of any taxpayer, it is determined by the [tax commission] department that within the two years immediately preceding the receipt [of] by the [commission] department of the application by the taxpayer for a refund or for an audit, or, in the absence of such an application, within the two years immediately preceding the commencement by the [commission] department of such examination, a tax has been paid in excess of that properly due, the excess amount paid within such period of two years shall be credited to the taxpayer's account or shall be refunded to the taxpayer, at his option. Except as to the utilization by the taxpayer of the credits in computing tax authorized by RCW 82.04.435, application for which credits must be made within two years of payment of the taxes giving rise to such credits, no refund or credit shall be allowed with respect to any payments made to the [commission] department more than two years before the date of such application or examination. Where a refund or credit may not be made because of the lapse of said two year period, the amount of the refund or credit which would otherwise be allowable for the portion of the statutory assessment period preceding the two year period may be offset against the amount of any tax deficiency which may be determined by the [commission] department for such statutory assessment period. [Notwithstanding the foregoing, no refund or credit shall be granted with respect to taxes paid prior to May 1, 1950, but where a refund or credit may not be made because the tax was paid prior to May 1, 1950, the amount of the refund or credit which would otherwise be allowable for the portion of the statutory assessment period preceding May 1, 1950, may be offset against the amount of any tax deficiency which may be determined by the commission for such preceding period.]

Notwithstanding the foregoing limitations there shall be refunded or credited to taxpayers engaged in the performance of United States government contracts or subcontracts the amount of any tax paid, measured by that portion of the amounts received from the United States, which taxpayer is required by contract or applicable federal statute to refund or credit to the United States, if claim for such refund is filed by the taxpayer with the [tax commission] department within one year of the date that the amount of the refund or credit due to the United States is finally determined and filed within four years of the date on which the tax was paid: PROVIDED, That no interest shall be allowed on such refund.

Any such refunds shall be made by means of vouchers approved by the [tax commission] department and by the issuance of state warrants drawn upon and payable from such funds as the legislature may provide.

Any judgment for which a recovery is granted by any court of competent jurisdiction, not appealed from, for tax, penalties, and interest which were paid by the taxpayer, and costs, in a suit by any taxpayer shall be paid in like manner, upon the filing with the [tax commission] department of a certified copy of the order or judgment of the court. Except

as to the credits in computing tax authorized by RCW 82.04.435, interest at the rate of three percent per annum shall be allowed by the [tax commission] *department* and by any court on the amount of any refund or recovery allowed to a taxpayer for taxes, penalties, or interest paid by him after May 1, 1949, and interest at the same rate shall be allowed on any judgment recovered by a taxpayer for taxes, penalties, or interest paid after such date.

Sec. 18. Section 82.32.080, chapter 15, Laws of 1961, as last amended by section 2, chapter 141, Laws of 1965 ex. sess., and RCW 82.32.080 are each amended to read as follows:

Payment of the tax may be made by uncertified check under such regulations as the [commission] *department* shall prescribe, but, if a check so received is not paid by the bank on which it is drawn, the taxpayer, by whom such check is tendered, shall remain liable for payment of the tax and for all legal penalties, the same as if such check had not been tendered.

A return or remittance which is transmitted to the [tax commission] *department* by United States mail shall be deemed filed or received on the date shown by the post office cancellation mark stamped upon the envelope containing it.

The [tax commission] *department*, for good cause shown, may extend the time for making and filing any return, and may grant such reasonable additional time within which to make and file returns as it may deem proper, but any permanent extension granting the taxpayer a reporting date without penalty more than ten days beyond the due date, and any extension in excess of thirty days shall be conditional on deposit with the [commission] *department* of an amount to be determined by the [commission] *department* which shall be approximately equal to the estimated tax liability for the reporting period or periods for which the extension is granted. In the case of a permanent extension or a temporary extension of more than thirty days the deposit shall be deposited within the state treasury with other tax funds and a credit recorded to the taxpayer's account which may be applied to taxpayer's liability upon cancellation of the permanent extension or upon reporting of the tax liability where an extension of more than thirty days has been granted.

The [commission] *department* shall review the requirement for deposit at least annually and may require a change in the amount of the deposit required when it believes that such amount does not approximate the tax liability for the reporting period or periods for which the extension is granted.

The [commission] *department* shall keep full and accurate records of all funds received and disbursed by it. *Subject to the provisions of RCW 82.32.105 and 82.32.350, the department shall apply the payment of the taxpayer first against penalties and interest, and then upon the tax, without regard to any direction of the taxpayer.*

The [commission] *department* may refuse to accept any return which is not accompanied by a remittance of the tax shown to be due thereon. When such return is not accepted, the taxpayer shall be deemed to have failed or refused to file a return and shall be subject to the procedures provided in RCW 82.32.100 and to the penalties provided in RCW 82.32.090.

Sec. 19. Section 82.32.090, chapter 15, Laws of 1961, as last amended by section 26, chapter 149, Laws of 1967 ex. sess. and RCW 82.32.090 are each amended to read as follows:

If payment of any tax due is not received by the department of revenue by the last day of the month in which the tax becomes due, there shall be assessed a penalty of [two] *five* percent of the amount of the tax; and if the tax is not received by the last day of the month next succeeding the month in which the due date falls, there shall be assessed a total penalty of ten percent of the amount of the tax; and if the tax is not received by the last day of the second month next succeeding the month in which the due date falls, there shall be assessed a total penalty of twenty percent of the amount of the tax. No penalty so added shall be less than two dollars.

If payment of any tax is received within the first ten days of the month next succeeding the month in which the due date falls, the amount of such payment shall be credited to, and shall be treated for all purposes as having been collected during, the fiscal year in which such due date falls.

If a warrant be issued by the department of revenue for the collection of taxes, increases, and penalties, there shall be added thereto a penalty of five percent of the amount of the tax, but not less than five dollars.

Notwithstanding the foregoing, the aggregate of penalties imposed under this chapter for failure to file a return, late payment of any tax, increase, or penalty, or issuance of a warrant shall not exceed twenty-five percent of the tax due, or seven dollars, whichever is greater.

Sec. 20. Section 82.32.100, chapter 15, Laws of 1961, as amended by section 4, chapter 141, Laws of 1965 ex. sess. and RCW 82.32.100 are each amended to read as follows:

If any person fails or refuses to make any return or to make available for examination the records required by this chapter, the [tax commission] *department* shall proceed, in such manner as it may deem best, to obtain facts and information on which to base its estimate of the tax; and to this end the [commission] *department* may examine the books, records, and papers of any such person and may take evidence, on oath, of any person, relating to the subject of inquiry.

As soon as the [commission] *department* procures such facts and information as it is able to obtain upon which to base the assessment of any tax payable by any person who has

failed or refused to make a return, it shall proceed to determine and assess against such person the tax and penalties due, but such action shall not deprive such person from appealing to the superior court as hereinafter provided. To the assessment the [commission] department shall add, the penalties provided in RCW 82.32.090. The [commission] department shall notify the taxpayer by mail of the total amount of such tax, penalties, and interest, and the total amount shall become due and shall be paid within ten days from the date of such notice.

No assessment or correction of an assessment may be made by the [commission] department more than four years after the close of the tax year, except (1) against a taxpayer who has not registered as required by this chapter, (2) upon a showing of fraud or of misrepresentation of a material fact by the taxpayer, or (3) where a taxpayer has executed a written waiver of such limitation.

Sec. 21. Section 82.32.190, chapter 15, Laws of 1961, as amended by section 6, chapter 141, Laws of 1965 ex. sess., and RCW 82.32.190 are each amended to read as follows:

The [tax commission] department, by its order, may hold in abeyance the collection of tax from any taxpayer or any group of taxpayers when a question bearing on their liability for tax hereunder is pending before the courts: PROVIDED, That the [commission] department may impose such conditions as may be deemed just and equitable and shall require the payment of interest at the rate of [one-half] three-quarters of one percent of the amount of the tax for each thirty days or portion thereof from the date upon which such tax became due.

Sec. 22. Section 11, chapter 28, Laws of 1963 ex. sess. and RCW 82.32.235 are each amended to read as follows:

In addition to the remedies provided in this chapter the [tax commission] department is hereby authorized to issue to any person, or to any political subdivision or department of the state, a notice and order to withhold and deliver property of any kind whatsoever when there is reason to believe that there is in the possession of such person, political subdivision or department, property which is or shall become due, owing, or belonging to any taxpayer against whom a warrant has been filed.

The notice and order to withhold and deliver shall be served by the sheriff of the county wherein the service is made, or by his deputy, or by any duly authorized representative of the [tax commission] department. Any person, or any political subdivision or department upon whom service has been made is hereby required to answer the notice within twenty days exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired of in the notice.

In the event there is in the possession of any such person or political subdivision or department, any property which may be subject to the claim of the [tax commission] department, such property shall be delivered forthwith to the commission or its duly authorized representative upon demand to be held in trust by the [commission] department for application on the indebtedness involved or for return, without interest, in accordance with final determination of liability or nonliability, or in the alternative, there shall be furnished a good and sufficient bond satisfactory to the [tax commission] department conditioned upon final determination of liability.

Should any person or political subdivision fail to make answer to an order to withhold and deliver within the time prescribed herein, it shall be lawful for the court, after the time to answer such order has expired, to render judgment by default against such person or political subdivision for the full amount claimed by the [tax commission] department in the notice to withhold and deliver, together with costs.

Sec. 23. Section 82.32.350, chapter 15, Laws of 1961 and RCW 82.32.350 are each amended to read as follows:

The [tax commission, with concurrence of all three members,] department may enter into an agreement in writing with any person relating to the liability of such person in respect of any tax imposed by any of the preceding chapters of this title for any taxable period or periods.

Sec. 24. Section 84.52.050, chapter 15, Laws of 1961 as last amended by section 5, chapter 92, Laws of 1970 ex. sess. and RCW 84.52.050 are each amended to read as follows:

Except as hereinafter provided, the aggregate of all tax levies upon real and personal property by the state, municipal corporations, taxing districts and governmental agencies, now existing or hereafter created, shall not exceed twenty-two mills on the dollar of assessed valuation with respect to levies made in 1970 and 1971 and 1972 and twenty-one mills on the dollar of assessed valuation with respect to levies made in subsequent years, which assessed valuation shall be fifty percent of the true and fair value of such property in money: PROVIDED, That if an amendment to Article VII, section 2 of the state Constitution, as amended by Amendment 17, imposing a limit on property taxes of, in effect, one percent of the true and fair value of property is approved by the voters, such aggregate of all tax levies shall not exceed twenty mills on the dollar of assessed valuation with respect to levies made in years subsequent to such voter approval; and within and subject to the aforesaid limitation the levy by the state shall not exceed two mills to be used exclusively for the public assistance program of the state and the levy by any county shall not exceed four mills: PROVIDED, That if such constitutional amendment is so approved, the authority of the state to levy not to exceed two mills to be used exclusively for the public assistance program of the state shall be reduced to not to exceed one mill [; and upon

and after the effective date of the provisions of chapter 262, Laws of 1969 ex. sess., which impose a tax upon net income, such authority of the state shall expire and the levy by any county may exceed four mills but shall not exceed five mills; the levy by or for any school district shall not exceed seven mills: PROVIDED, That in each of the years 1967 and 1968 and 1969 and 1970 and 1971 and 1972 the state shall levy a property tax of four mills of which two mills shall be used exclusively for the public assistance program of the state and of which two mills shall be used exclusively for the support of the common schools; and in such years in which the state shall validly levy a property tax of two mills for the support of the common schools, the levy by or for any school district shall not exceed six mills: PROVIDED FURTHER, That the levy by or for any union high school district shall not exceed two-fifths of the maximum levy permissible for any school district without a vote of the electors thereof and the levy by or for any component district within a union high school district shall not exceed three-fifths of the maximum levy permissible for any school district without a vote of the electors thereof: PROVIDED FURTHER, That the levy against any nonhigh school district for the high school district fund shall not exceed two-fifths of the maximum levy permissible for any school district without a vote of the electors thereof and the levy by or for any such nonhigh school district shall not exceed the balance of such maximum permissible levy; the levy for any road district shall not exceed five mills; and the levy by or for any city or town shall not exceed seven and one-half mills: PROVIDED FURTHER, That counties of the fifth class and under are hereby authorized to levy from four to five and one-half mills for general county purposes and from three and one-half to five mills for county road purposes if the total levy for both purposes does not exceed nine mills: PROVIDED FURTHER, That counties of the fourth and the ninth class are hereby authorized to levy four and one-half mills until such time as the junior taxing agencies are utilizing all the millage available to them.

Nothing herein shall prevent levies at the rates provided by existing law by or for any port or power district.

Sec. 25. Section 1, chapter 133, Laws of 1967 ex. sess. as amended by section 2, chapter 216, Laws of 1969 ex. sess. and RCW 84.52.065 are each amended to read as follows:

In each of the years 1967 and 1968 and 1969 and 1970 and 1971 and 1972 the state shall levy for collection in 1968 and 1969 and 1970 and 1971 and 1972 and 1973 respectively for the support of common schools of the state a tax of two mills upon the assessed valuation of all taxable property within the state adjusted to fifty percent of true and fair value of such property in money in accordance with the ratio fixed by the state department of revenue. Such levy shall be in addition to the levy [of two mills] for public assistance purposes as provided in RCW 74.04.150 and 84.52.050, as now or hereafter amended.

NEW SECTION. Sec. 26. Sections 27 through 31 of this 1971 amendatory act are added to chapter 15, Laws of 1961 and to Title 82 RCW and shall constitute a new chapter therein to be known as chapter 82.13 RCW.

NEW SECTION. Sec. 27. It is the intent of this chapter to impose a compensating excise tax upon the consumption or use of electrical energy, with respect to the retail sale of which the tax imposed by chapter 82.16 RCW is not applicable, at the same rate and measure as the tax imposed under the provisions of chapter 82.16 RCW upon persons engaged in the light and power business.

NEW SECTION. Sec. 28. There is hereby levied and shall be collected from every person in this state a tax or excise for the privilege of consuming or using within this state, as a consumer or user, electrical energy.

NEW SECTION. Sec. 29. The tax imposed in section 28 of this chapter shall not apply to the use or consumption of electrical energy with respect to which tax liability is specifically imposed on the seller under the provisions of chapter 82.16 RCW.

NEW SECTION. Sec. 30. The tax shall be levied and collected in an amount equal to the selling price of the electrical energy multiplied by the rate of 3.6 percent. For purposes of this section, the term "selling price of the electrical energy" shall mean the consideration paid by the buyer to the seller with respect to the electrical energy used or consumed.

NEW SECTION. Sec. 31. The provisions of chapter 82.32 RCW, insofar as applicable, shall have full force and application with respect to taxes imposed under the provisions of sections 28 through 31 of this 1971 amendatory act.

Sec. 32. Section 8, chapter 214, Laws of 1963 and RCW 84.28.065 are each amended to read as follows:

Whenever any land is removed from classification as reforestation land it shall thereafter be assessed and taxed without regard to the provisions of this chapter, and there shall thereupon become due and owing to the county in which such land is situated the taxes set forth in this section.

(a) A yield tax equal to [twelve and one-half] *twenty-five* percent of the value of the timber or forest crop remaining on the land, based upon full current stumpage rates fixed by the assessor: PROVIDED, That whenever, within a period of twelve years following the classification of any lands as reforestation lands, any such lands shall be removed from classification, the owner thereof shall be required to pay a yield tax upon the timber of [one] *two* percent for each year that has expired from the date of such classification until such removal from classification.

(b) A sum of money equivalent to the amount, if any, by which the tax paid on the land and forest crop because of classification under this chapter is less than the tax paid during the same period on similar land and forest crop that was not classified.

The assessor shall prepare a roll of lands to be removed from classification and shall extend against such lands the taxes computed as provided in this section, and shall forthwith transmit to the county treasurer a record of such taxes; and the county treasurer shall thereupon enter the amount of such taxes upon his records against such lands and their owner; and such taxes shall thereupon become a lien against such lands and timber and also against any forest material that may be cut thereon and against any other real or personal property owned by such owner. Such taxes shall become delinquent on the fifteenth day of March next following the effective date of the commission's order. The lien of such taxes shall be superior, and shall be enforceable, in the same manner and to the same effect as provided in RCW 84.28.140 for collection of yield taxes on materials removed from classified lands: PROVIDED, That payment of such taxes shall be a condition precedent to issuance of an order removing lands from classification pursuant to provisions of RCW 84.28.063: PROVIDED FURTHER, That an order classifying lands or removing lands from classification shall not be retroactive, but the effective date of such order shall not be earlier than the first day of January next following the date of issuance of such order.

Sec. 33. Section 84.28.090, chapter 15, Laws of 1961, as amended by section 10, chapter 214, Laws of 1963 and RCW 84.28.090 are each amended to read as follows:

All lands classified as reforestation lands as provided in this chapter and lying west of the summit of the Cascade range of mountains in the state of Washington shall, after the date of such classification, be assessed for purposes of taxation at [two] eight dollars per acre, which is hereby declared to be the assessed value thereof; and all lands so classified lying east of the summit of the Cascade range of mountains shall be assessed for purposes of taxation at [one] four dollars per acre, which is hereby declared to be the assessed value thereof. The above values shall apply as the actual basis for taxation of such lands, without regard to any percentages of value which may apply for taxation of other classes of property; and the taxation of such lands on the basis herein provided shall be separate and distinct from and in addition to the cost of protecting such lands from fire as provided under the laws of Washington.

Sec. 34. Section 84.28.110, chapter 15, Laws of 1961, as last amended by section 153, chapter 81, Laws of 1971 and RCW 84.28.110 are each amended to read as follows:

Whenever the whole or any part of the forest crop shall be cut upon any lands classified and assessed as reforestation lands under the provisions of this chapter, the owner of such lands shall, on or before the fifteenth day of February of each year, report under oath to the assessor of the county in which such lands are located, the amount of such timber or other forest crop cut during the preceding twelve months, in units of measure in conformity with the usage for which the cutting was made, together with a description, by government legal subdivisions, of the lands upon which the same were cut. If no such report of cutting is made, or if the assessor shall believe the report to be inaccurate, incorrect or mistaken, the assessor may by such methods as shall be deemed advisable, determine the amount of timber or other forest product cut during such period. As soon as the report is filed, if the assessor is satisfied with the accuracy of the report, or if dissatisfied, as soon as the assessor shall have determined the amount of timber or forest crop cut as herein provided, the assessor shall determine the full current stumpage rates for the timber or forest crop cut and shall thereupon compute, and there shall become due and payable from the owner, a yield tax equal to [twelve and one-half] twenty-five percent of the market value of the timber or forest crop so cut, based upon the full current stumpage rates so fixed by the assessor: PROVIDED, Whenever within the period of twelve years following the classification of any lands as reforestation lands, any forest material shall be cut on such lands, the owner thereof shall be required to pay a yield tax of [one] two percent for each year that has expired from the date of such classification until such cutting: PROVIDED, FURTHER, That no yield tax need be paid on any forest material cut for domestic use of the owner of such lands, or on materials necessarily used in harvesting the forest crop.

Whenever the owner is dissatisfied with the determination of the amount cut as made by the assessor, or with the full current stumpage rates as fixed by the assessor, and shall pay the tax based thereon under protest, such owner may maintain an action in the superior court of the county in which the lands are located for recovery of the amount of the tax paid in excess of what the owner alleges the tax would be if based upon a cutting or stumpage rate which the owner alleges to be correct. In any such action the county involved and the county assessor of the county, shall be joined as parties defendant, but in case a recovery is allowed, judgment shall be entered against the county only, to be charged against the funds to which the collected tax was paid. In such action the court shall determine, in accordance with the issues, the true and correct amount of timber and forest crop which has been cut, and if an issue in the case, the true and correct full current stumpage rates, and shall enter judgment accordingly, either dismissing the action, or allowing recovery based upon its determination of the amount of timber or forest crop cut and if in issue, the full current stumpage rate. The judgment of the superior court shall be subject to appeal to the supreme court or the court of appeals in the same manner and by the same procedure as appeals are taken and perfected in civil actions at law.

Sec. 35. Section 82.50.010, chapter 15, Laws of 1961 as amended by section 44, chapter 149, Laws of 1967 ex. sess. and RCW 82.50.010 are each amended to read as follows:

An annual excise tax is imposed on the owner of any mobile home [or], travel trailer, or camper for the privilege of using such mobile home [or], travel trailer, or camper in this state. The tax shall be collected for each calendar year by the department of motor vehicles or the county auditor of the county in which the mobile home [or], travel trailer, or camper is located at the time payment is made and shall be due on and after January 1st or on the date the mobile home [or], travel trailer, or camper is first purchased or brought into this state, and paid on or before February 4th of each calendar year or thirty days after the mobile home [or], travel trailer, or camper is first purchased or brought into this state, whichever is later. No additional tax shall be imposed under this chapter upon any mobile home [or], travel trailer, or camper upon the transfer of ownership thereof, if the tax imposed by this chapter with respect to such mobile home [or], travel trailer, or camper has already been paid for the calendar year or fractional part thereof in which such transfer occurs.

Sec. 37. Section 82.50.030, chapter 15, Laws of 1961 as last amended by section 46, chapter 149, Laws of 1967 ex. sess. and RCW 82.50.030 are each amended to read as follows:

MOTION

On motion of Senator Atwood, the report of the Free Conference Committee on Substitute Senate Bill No. 897 was adopted.

PERSONAL PRIVILEGE

Senator Greive: "I wanted to note we are well past midnight and I want it also clearly understood that after the redistricting bill was voted down by the House and its return was requested by the Secretary of the Senate, but they refused to send it over to us. Because it was a House bill, after the Senate amended the bill it was sent over for them to concur, but they did not concur and instead of returning it to the Senate, the bill was held as a matter of policy, and other bills were sent over subsequently. I think that that has to be in the record for this reason, that if we go to the district court it is going to be very interesting to establish that fact. I am sorry to have to make that statement but I think it has to be said."

PERSONAL PRIVILEGE

Senator Bailey: "I am not going to make any comment on time. I think we have had a long day. I would like to make one comment, that hours ago the State Senate of the state of

Washington passed a budget bill for the state of Washington; it passed a supplemental budget bill for the state of Washington; it passed the capital budget bill for the state of Washington; it passed property tax relief for the citizens of the state of Washington; it passed industrial insurance for the workers of the state of Washington; it probably has done many other things that I cannot think of right off hand. These are the main things that we have done in this State Senate.

"If there is anything blown here in this session tonight or any other time, it was blown in the House of Representatives. I think our caucus was willing to go along and play the game, that was the way we were going, and I am very sorry that some of our members have not seen fit to follow the dictates of the caucus as I understood it as chairman of the caucus, and come out and try to, at this time, wreck a bill that we are going to consider.

"I notice that one bill we passed that probably might have been passed a few minutes after midnight was a bill, Senate Bill No. 59 relating to judges' pensions. I think it might be a very interesting case to see if there is going to be anything go to court just how far and how legal and how limited the legislature is. But I think we should proceed at this time and pass this bill, wind up the session and go home."

PERSONAL PRIVILEGE

Senator Atwood: "I am not going to talk about the legal matters here, but the House of Representatives did pass Substitute House Bill No. 283 some weeks ago. The House did pass the capital budget some weeks ago. We have had the capital budget here; we just ran it out this afternoon. They bought the Senate version. They bought the Senate version of the supplemental. I do not think this is the time for acrimony but I think if anybody blew it, it was fooling around with redistricting for one hundred and twenty days when it was known we could not do the job without the verified census tapes."

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 897, as amended by the Free Conference Committee, and the bill passed the Senate by the following vote: Yeas, 25; nays, 20; absent or not voting, 3; excused, 1.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Clarke, Connor, Donohue, Durkan, Francis, Gissberg, Greive, Guess, Henry, Herr, Jolly, Murray, Peterson (Lowell), Peterson (Ted), Ridder, Sandison, Scott, Twigg, Walgren, Washington, Whetzel—25.

Voting nay: Senators Cooney, Day, Dore, Elicker, Fleming, Foley, Gardner, Holman, Huntley, Keefe, Knoblauch, Lewis, McDougall, Mardesich, Matson, Newschwander, Odegaard, Stortini, Talley, Wilson—20.

Absent or not voting: Senators McCutcheon, Metcalf, Woodall—3.

Excused: Senator Stender—1.

SUBSTITUTE SENATE BILL NO. 897, as amended by the Free Conference Committee, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

STATEMENT

May 10, 1971.

This will state that at approximately 11:00 p.m. on Monday, May 10, 1971, the sixtieth day of the extraordinary session of the forty-second legislature, I was working on the rostrum during the evening session, when Senator R. R. Bob Greive inquired of the President if Engrossed House Bill No. 747 had been returned from the House with a Message that the House had refused to concur in the Senate amendments and asked the Senate to recede therefrom.

Senator Greive indicated that if the message was there he wanted the Senate to insist on the Senate amendments and once again ask the House to concur in the Senate amendments. He felt that he had sufficient votes to pass the bill if it was returned to the House for another vote.

I called the House Work Room to find out how soon Engrossed House Bill No. 747 would be returned to the Senate. I was informed by Ellen Hansen, Supervisor of the House Work Room, that the message was ready to go but the House leadership was holding the bill.

The Senate never received the message or the bill during the remaining hours of the session.

Signed: SIDNEY R. SNYDER, Secretary of the Senate.

At 2:45 a.m., there being no objection, the Senate was declared to be at ease.

The President called the Senate to order at 3:42 a.m.

There being no objection, the Senate returned to the fourth order of business.

EXPLANATION OF FAILURE TO VOTE ON SENATE BILL NO. 522,
 AS AMENDED BY THE FREE CONFERENCE COMMITTEE

Due to the fact that I was in a conference committee meeting, I did not have an opportunity to cast my vote against this measure. I had been assured that I would be informed when this measure was going to be brought to the floor. Unfortunately, no one communicated to me that said measure was being voted upon. I had previously expressed my opinion publicly that, while I felt the pension program should be upgraded, I also felt strongly the matter should be debated on the floor of the Senate and that such a measure should not be spirited through the Legislature at the last minute in an effort to avoid debate. Had I been present when this conference report was submitted to the Senate, I would have spoken against it and voted against it.

(Signed) SENATOR MARTIN J. DURKAN

On motion of Senator Greive, the Senate Journal of the Sixtieth Day of the Forty-Second Legislature, First Extraordinary Session, was approved.

At 4:06 a.m., on motion of Senator Greive, the Senate of the Forty-Second Legislature, First Extraordinary Session, adjourned *SINE DIE*.

**GOVERNOR'S MESSAGES ON SENATE BILLS
VETOED AND PARTIALLY VETOED**

May 21, 1971.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to one section, SENATE BILL NO. 52, entitled:

"An Act relating to solid waste collection."

This bill pertains to solid waste management.

Section 5 provides that any county or municipality which extends public solid waste collection service to any area already served by a refuse collection company must acquire by purchase or condemnation the operating authority and equipment of the private operator.

I have determined to veto section 5. The provisions of section 5 do not answer such questions as how a total "operating authority" would be valued or condemned, or how, if at all, the operating authority and equipment can be severed, if a municipality desires to serve a portion (either geographical or by class of customer) of an area.

Further, the impact of section 5 on cities and towns on one hand and counties on the other is unclear. Cities and towns presently have full authority to collect garbage and refuse and to contract with a company for that purpose. Outside of cities and towns certificates of public convenience and necessity are issued to operators by the state. These relationships are not made clear since there is no precise meaning to the phrase "extend public solid waste collection", as used in section 5. If section 5 is applied within a city it may well convert a standard contract for garbage service into one with a guaranteed settlement procedure requiring the city to buy equipment it may not need or use along with goodwill, etc., which may be of no value to the city. If section 5 is applied to areas outside of a city then that territory is being served by a bonafide certificate holder and his property may not now be taken from him without just compensation under law.

Consequently, section 5 is unnecessary outside of cities and towns because the parties are protected under law already and there does not appear to be any clear justification for its application within cities and towns.

For these reasons, I have vetoed section 5. The remainder of Senate Bill No. 52 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

May 20, 1971.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval, SENATE BILL NO. 68, entitled:

"An Act relating to industrial insurance."

Section 1 of this bill relates to RCW 51.32.090, the present statutory section governing payment of time loss compensation. However, this same statutory section was extensively and more satisfactorily amended by section 11 of Engrossed House Bill No. 735. Therefore, section 1 of Senate Bill No. 68 is unnecessary.

Section 2 which authorizes a program of vocational rehabilitation and retraining and continuation of time loss compensation while undergoing such retraining, is unnecessary since it is virtually identical to section 12 of Engrossed House Bill No. 735, which accomplishes the same purposes.

I have accordingly vetoed Senate Bill No. 68 in its entirety.

Respectfully submitted,
DANIEL J. EVANS
Governor.

May 21, 1971.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am returning herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to one item, SENATE BILL NO. 108, entitled:

“An Act relating to crimes and punishment.”

Section one of this bill clarifies and makes more equitable the law relating to concurrent and consecutive sentencing when persons are convicted of two or more offenses.

Section 2 of the bill provides that no court shall suspend or defer the sentence of any person having been convicted of selling or attempting to sell narcotic or dangerous drugs for profit. I have determined to veto section 2; however, in so doing, I wish to make very clear that I have no sympathy for those who sell or attempt to sell narcotic or dangerous drugs, nor do I, in any way, mean to infer that the law should not deal strictly with such persons. However, I have had to veto this section for technical reasons. Senate Bill No. 146, the Uniform Controlled Substances Act, which I have signed into law, replaces and repeals the previous laws of this state relating to narcotic or dangerous drugs. The new law does not define narcotic or dangerous drugs but sets up five classifications of controlled substances. There is, as a consequence, no definition to which section 2 of SB 108 can refer. Furthermore, SB 146 does not at any point define sale or attempted sale either for profit or without profit as a crime. Delivery is defined as a criminal violation but sale is not. As a consequence, once again, there is nothing in this aspect to which section 2 of SB 108 can refer. Section 2 is thus technically deficient and would create confusion and ambiguity in the law.

For those reasons, but with the hope that appropriate controls of the problems of drug trafficking and drug abuse will continue to be acted upon by the legislature, as done in SB 146 and SB 273, I have vetoed section 2 of SB 108 and have approved section 1.

Respectfully submitted,
DANIEL J. EVANS
Governor.

May 21, 1971.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to two sections, SECOND SUBSTITUTE SENATE BILL NO. 146 entitled:

“An Act relating to controlled substances.”

I am vetoing section 69.50.510 which pertains to recording of private communications and conversations. While a change in the law of this state with regard to wiretapping and the use of recording devices by law enforcement officers may be necessary, I am of the opinion that such changes must, in the interest of safeguarding the citizens' right to privacy, be taken in the context of comprehensive revision with provisions for proper judicial supervision. The partial revision represented by this section can only delay and frustrate such efforts while opening the door to possible abuse.

I have also vetoed section 69.50.511 which provides for immunity from prosecution

for witnesses when such immunity is necessary in the enforcement of the Controlled Substances Act. Enactment of the new grand jury bill with its immunity provisions and its provision for inquiry judges will insure availability of immunity as a law enforcement tool in combating drug abuse. It would be unwise to jeopardize this tool through possible conflict of two bills dealing with the same subject.

Respectfully submitted,
DANIEL J. EVANS
Governor.

May 20, 1971.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to one item, SENATE BILL NO. 179, entitled:
"An Act relating to public assistance."

This bill provides for recovery by the Department of Social and Health Services for medical expenses it has paid where a public assistance recipient has been injured by a third party. The act further provides that the department will bear its proportionate share of attorney's fees and costs where an injured party has obtained his own attorney and has recovered from the third party. Court approval of such attorney's fees is required by the act, with the proviso that if the attorney's fees conform to the applicable minimum bar fee schedule, court approval is not necessary.

The Department of Labor and Industries has had similar legislation for some time which has provided for that department bearing its proportionate share of attorney's fees and costs, provided that there is court approval. There has been no exemption from court approval even where there was conformity to the applicable minimum bar fee schedule. Without that exemption the act has proven quite workable, to the public, the bar and the department. There would not appear to be any reason to deviate from the already successful statutory formula which has applied to the Department of Labor and Industries.

It would appear the present law relating to the Department of Social and Health Services should, in the absence of substantial reason for difference, be consistent with the law related to the Department of Labor and Industries. Furthermore, there may well be times when the minimum bar fee schedule may not be appropriate and the court should have the opportunity to review such situations. I have therefore vetoed the item in section one, page two, lines 9 through 11.

The remainder of Senate Bill No. 179 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

May 20, 1971.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to a certain item, SENATE BILL NO. 188, entitled:

"An Act relating to the practice of medicine and surgery."

This bill enacts a program of emergency life-saving services and further, in section four provides for immunity from liability for physicians or hospitals rendering emergency services based solely upon failure to obtain consent where the individuals served are unable by reason of age or condition to give consent and when there is no other person reasonably available who is legally authorized to give such consent.

I have vetoed the sentence in section 4 on page 3, lines 17 through 19, which provides

that the state board of health shall adopt rules and regulations defining situations which may be considered emergent for the purposes of this act. Unfortunately, no one, including the state board of health has sufficient foresight to define emergency situations in a manner which would include all emergencies. Having such defined codified regulations might well at times require an additional expenditure of time by the physician or hospital personnel on the scene while they try to assure that the situation falls within rules and regulations. In such circumstances, time is of the essence and the judgment of a qualified and licensed physician and hospital personnel on the scene is the best judgment which must be relied upon. No one would be protected by rules and regulations defining emergencies, and at times someone might well be harmed thereby avoiding the very purpose of this act. The public is well protected from inappropriate judgments by the requirement of "good faith" action and the other limitations in the statute.

Since the opportunity for harm to persons in emergency situations due to delay or misunderstanding would be increased and no off-setting benefit either to the public or the individuals involved would accrue, this item has been vetoed. The remainder of the bill is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

May 19, 1971.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to two sections, SENATE BILL NO. 214, entitled:

"An Act relating to alcoholism."

This bill was intended to strengthen alcoholism programs in the state, and to assure local financial participation in such programs. These are purposes with which I agree. Sections one and two are appropriate to the intentions of the bill.

However, sections three and four, because of the manner in which they are drafted, instead of assuring expanded alcoholism programs with local participation, provide a substantial potential for harming the effort against alcoholism by giving cities, towns and counties the ability to prevent an alcoholism control program from being initiated or continued even without city, town or county liquor tax or profit money. These sections essentially give cities, towns or counties a veto power over the initiation or continuation of alcoholism programs. I have therefore vetoed sections three and four with the hope that a statute with language more appropriate will be enacted at the next session.

Respectfully submitted,
DANIEL J. EVANS
Governor.

(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to certain items, SENATE BILL NO. 273, entitled:

"An Act relating to narcotic drugs, dangerous drugs, and alcohol."

This bill enacts a comprehensive approach to drug and alcohol education and rehabilitation.

There are certain inconsistencies between the present act and two other acts which passed this legislature: House Bill No. 277 relating to Community Mental Health programs and Senate Bill No. 146, the Uniform Controlled Substances Act relating to dangerous and

narcotic drugs. I have therefore exercised certain vetoes in this act to alleviate any problems of inconsistency.

Senate Bill No. 146, the Uniform Controlled Substances Act repeals chapters 69.33 and 69.40 RCW. Section 2, page 2, lines 12, 13 and 14 of Senate Bill No. 273 has reference to those chapters. Reference to those same chapters are also contained in section 7, page 5, lines 5 and 6 of Senate Bill No. 273. As a consequence I have vetoed the inappropriate words in those sections, recognizing that the Uniform Controlled Substances Act relating to narcotic and dangerous drugs is a new chapter, RCW 69.50, and that the intention of the legislature is that the definitions contained in the new RCW chapter will apply to Senate Bill No. 273.

Section 12 of S.B. 273 was included in the event that H.B. 277 did not pass. Section 2 of H.B. 277 provides for funding of community mental health services as contained in sections 6 and 7 of S.B. 273.

It was understood by the legislators involved that in the event H.B. 277 did pass, section 12 would be vetoed out of S.B. 273. As a consequence, since H.B. 277 did pass, I have vetoed section 12 of S.B. 273 in order to avoid duplication, ambiguity and confusion in the funding mechanism related to community mental health services and drug treatment programs.

Respectfully submitted,
DANIEL J. EVANS
Governor.

(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval, SENATE BILL NO. 391, entitled:

"An Act relating to boundaries and plats."

A comprehensive platting and subdivision statute was passed by the legislature in 1969. A key provision of that statute requires notice to be published not less than ten days before a public hearing on the proposed plat. The requirement of notice is essential to the effective operation of the platting and subdivision statute and to protect the public.

Without a compelling public interest being shown it would be inappropriate to change the effective date of the notice provision to a date later than the effective date of the act itself. No such compelling public interest has been shown.

If there are individuals who may have been inadvertently harmed by the operations of the notice provision subsequent to the effective date of the act and prior to January 1, 1971, this problem might perhaps be corrected by more narrowly focused legislation rather than the approach taken in Senate Bill No. 391.

I have accordingly vetoed Senate Bill No. 391 in its entirety.

Respectfully submitted,
DANIEL J. EVANS
Governor.

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to one section, SENATE BILL NO. 408; entitled:

"An Act relating to public assistance; concerning the committee on vendor's rates."

This bill provides that the governor's committee on vendor rates shall investigate and

consider various items in developing its recommendations for vendor rates to the Department of Social and Health Services.

However, section 6 of the bill purports to define the principal function of the committee, and while that section does define one of the functions of the committee there are other functions which are also of substantial importance, such as content of services purchased, assurance of adequate service delivery, and conformity to appropriate state and federal laws and regulations.

I have therefore vetoed section 6. I have approved the remainder of the bill which is, in any event, the operative portion of the legislation.

Respectfully submitted,
DANIEL J. EVANS
Governor.

(Through the Secretary of State)

GENTLEMEN:

I am returning herewith to be transmitted to the Senate at the next session of the legislature without my approval as to one item, SENATE BILL NO. 428, entitled:

“An Act relating to the public welfare; providing for a litter control act.”

This bill is a comprehensive litter control act. It established new litter control powers in the Department of Ecology, and imposes a tax upon those businesses which produce or sell items relating to the litter problem, in order to finance the administration of the act. However, by reason of the fact that the definition of “person” in section 3(7) includes state and local government, the act would by its terms impose the tax upon the State Liquor Control Board, and possibly upon certain local governmental agencies. I believe this result to be unwarranted, and accordingly have vetoed that item from section 3(7) of the act.

With the exception of the above item, Senate Bill No. 428 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to certain items and sections, SUBSTITUTE SENATE BILL NO. 441, entitled:

“An Act relating to crimes and criminal procedure; providing for the regulation of outdoor music festivals.”

In three separate sections, the legislature provided for mandatory minimum sentences, actions which are contrary to current trends in the criminal justice field, and which take away discretion from the judiciary, the parole board, and the administrators of our correctional programs. Furthermore, veto of these sections is consistent with the Legislative Council’s proposed comprehensive revision of the State Criminal Code which does not contain mandatory minimum sentences, despite dealing with the most serious types of crimes.

I have vetoed Section 6 of the act which expands the crime of first degree murder to include homicides occurring during commission of, or withdrawal from, the scene of any crime involving incendiary devices or explosives. My reasons for this action arise from my well-known opposition to expansion of applicability of the death penalty. It is unwise automatically to attach such a sanction to acts regardless of surrounding circumstances,

particularly when under present law, murder in the first degree encompasses any homicide resulting from an act imminently dangerous to human life. Also, present law, coupled with provisions in this bill which I have approved will classify as second degree murder, with the possibility of application of the life sentence penalty, the acts contained in this vetoed section.

I have removed from the bill sections which provide for up to a \$5,000 reward for the apprehension, bringing back and securing of any alleged or convicted felon. I have done so in the belief that the specific language in these provisions amounts to enabling legislation for bounty hunters and vigilante action by citizens untrained in the specialized techniques of law enforcement. This could only increase the danger to citizens and law enforcement officials alike.

I have vetoed in its entirety the provision in the act authorizing the police in their discretion to fingerprint and photograph juveniles. Not only may fingerprints and photographs be obtained under present law simply by securing the permission of the juvenile court, but this subject is directly covered in the nearly completed revision of the juvenile code undertaken by a committee of broad representation, including the judicial council, prosecuting attorneys, juvenile court judges, juvenile probation officers, law enforcement officials, Department of Social and Health Services staff, the Attorney General and others. It would be untimely to adopt this single provision when a comprehensive treatment of juvenile court law and the law relating to juvenile offenders will be presented to the 1972 session of the Legislature.

In hope of preserving its constitutionality, I have vetoed portions of Section 16 dealing with demonstrations and picketing in or near courthouses. Legislation regulating conduct in the areas of thought or expression must stay within the bounds of our basic constitutional framework. As revised by veto action, the bill now punishes acts which amount to obstruction of or interference with the judicial process. Such conduct is not protected under the first amendment and should not go unregulated if we are to preserve for each citizen the orderly processes of government.

The State Patrol and many police chiefs and sheriffs throughout the state have communicated to me their displeasure with Section 17, which grants statewide powers to local law enforcement officials for enforcement of drug laws in certain situations. This state has a strong history of combating statewide crime problems through cooperation and coordination which would be seriously weakened by this increase in power to local law enforcement without proper checks or controls when cross-jurisdictional problems occur. Rather than cooperation, this section would inevitably foster conflict among local police agencies. A further problem exists in that the investigation authority under this provision may well be repealed by the Uniform Controlled Substances Act, Senate Bill No. 146.

Included in this bill is an excellent piece of legislation providing for comprehensive regulation of outdoor music festivals which have presented the state with grave law enforcement and health problems in recent years. Inasmuch as music festivals have presented problems to local governmental units which are beyond their ability to respond, and to assure a consistent, planned, statewide approach, the state must assume a necessarily pre-emptive regulatory role. I have therefore vetoed Section 20 of this bill.

I have vetoed those portions of the bill as to outdoor music festivals which set fixed amounts for required bonds and evidence of insurance. I have taken this action to insure flexibility in the state's efforts at control. Fixed amounts may well prove too low for some poorly conceived activities, yet be far too high for relatively well-organized activities.

The veto action taken in Section 32 is technical, to correct an obvious drafting error making it an offense to participate in a music festival regardless of its legality. The section as vetoed now makes it a crime, as I am sure was the legislative intent, to fail to comply with the rules and conditions of the act.

Respectfully submitted,
DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to one item, SENATE BILL NO. 465, entitled:

"An Act relating to pilotage on Puget Sound."

While the apparent purpose of section 3, that of insuring greater environmental protection to the waters of Puget Sound, is commendable, the unfortunate effect of the section is to delete the provision of state law making pilotage compulsory with respect to vessels not specifically exempted by the legislature. If section 3 is enacted into law, certain described vessels will be exempted from all the provisions of the Pilotage Act. All vessels not so exempt will "be subject to rules and regulations promulgated by the Washington Pilotage Commission", but there will be no legislative enactment making pilotage compulsory as to any vessels whatsoever.

While the pilotage commission might, and probably would, adopt rules and regulations requiring that a pilot be engaged for all vessels not specifically exempted by the legislature, there is a serious question as to the constitutionality and thus the enforceability of such a regulation.

The provision in section 3 does require the pilotage commission, immediately after the effective date of the act, to conduct a study relative to the need to require pilots licensed under the provisions of state law on all vessels entering Puget Sound and adjacent waters. I will instruct the chairman of the pilotage commission to make such a study the prime order of business of the commission so a comprehensive report will be available for the next session of the legislature.

Rather than run the risk of seriously weakening the present law relative to pilotage on Puget Sound I am vetoing certain portions of section 3 with the belief that after the submission of the report by the pilotage commission to the next session of the legislature the entire matter will be reviewed and the legislature will be able to determine what, if any, amendments are needed to the pilotage act.

The remainder of Senate Bill No. 465 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval, SUBSTITUTE SENATE BILL NO. 553, entitled:

"An Act relating to the Department of Social and Health Services."

This bill provides for placement of any child adjudicated delinquent in agencies, foster homes or group care facilities by both the Department of Social and Health Services which licenses such facilities or by the juvenile court directly.

This act also mandates the method of rate setting and payment to agencies in which children adjudicated delinquent are placed either by the department or by the juvenile court.

While I am strongly in favor of local and community treatment and rehabilitation of children adjudicated either delinquent or dependent, I must reluctantly veto this entire bill because of the procedures and criteria it contains.

As the bill is written, although the state is required to pay for the children placed, there is no method by which the state can control costs. In addition, the state could well be making double payment in many instances. The state would pay the facility for the services rendered and, since the child is kept in the community thus lowering the county commitment rate, the state would make a probation subsidy payment as well. This is duplicate and inappropriate state financing.

There is a further problem in that as this bill is written, it might well tend to encourage

courts to make findings of delinquency rather than dependency even where inappropriate, since there would be higher rates paid for children adjudicated delinquent than would be the case for children adjudicated dependent. No such irrelevant factor should be permitted to enter into the adjudication of delinquency or dependency which should rest on the particular facts of each individual case.

This bill has the effect of providing that agencies caring for delinquent children will be treated differently from those who are caring for dependent children. There appears to be no reason to treat such agencies differently; indeed, there is clear inequity where similar services result in different payments, a situation might well be out of compliance with federal requirements for equal treatment of vendors.

I have therefore reluctantly vetoed this bill, but would hope that further study of these issues and the proper financing of local community treatment programs will be undertaken, and a statute encouraging such programs and providing appropriate payment will be passed by the legislature and presented for signature.

Respectfully submitted,
DANIEL J. EVANS
Governor.

(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to certain items, SENATE BILL NO. 690, entitled:

“An Act relating to metropolitan municipal corporations.”

Senate Bill No. 690 amends the Metropolitan Municipal Corporations Act to establish county-wide metro boundaries, enlarge the metropolitan council and strengthen its capacity to operate an area-wide transportation system.

Section 2 (14) defines “metropolitan public transportation” to exclude the operation of “chartered bus”, “sight-seeing bus” or any other “motor vehicle” not operating on an individual fare-paying basis. This subsection is intended to protect the position of the private charter carriers. However, the subsection appears to go further than was intended since it may have the inadvertent effect, by the terms of the final proviso, of preventing the use of people-moving systems other than those using “motor vehicles”.

In addition, this subsection limits the municipality to providing school bus service for the transportation of the pupils between their homes and schools. Because public education involves the transportation of students in an educational context on a broader basis than merely between homes and school this limitation upon the municipality is not appropriate.

I have accordingly item vetoed these limitations from subsection (14) of section 2.

The remainder of the bill is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

May 21, 1971.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am returning herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to certain items, SENATE BILL NO. 691, entitled:

“An Act relating to revenue and taxation and public transportation.”

This bill permits the voters within the boundaries of a metropolitan municipal corporation to authorize a local sales tax of three-tenths of a percent in lieu of the local household tax in Class AA Counties. It provides the funding mechanism for the financing of

a public transportation system to be operated by a metropolitan municipal corporation. Monies raised at the local level through the imposition of the additional sales tax are matchable, with certain limitations, with state funds.

Section 2 provides that the metro council may submit an authorizing proposition to the voters with respect to the issue of the imposition of the sales tax. There is an ambiguity in the first sentence of section 2 with respect to the reference to ownership of a public transportation system. In order to avoid any uncertainty I have, for clarification purposes, item vetoed that reference.

Section 2 also contains a requirement that the proposition submitted to the voters shall include language stating that such proposition shall be partially financed by the levying of an additional three-tenths of one percent per dollar on sales transactions "within King County". The reference to "King County" creates internal inconsistencies within the bill since the bill pertains to a city within a Class AA County, a Class AA County, or any metropolitan municipal corporation within a Class AA County. Since the tax authorization will, in any event, be included in the ballot proposition the clause is functionally superfluous. Accordingly, this item has been vetoed.

Section 2 contains a proviso that after June 30, 1973, no sales or use tax levied and collected pursuant to this act may be used as qualifying matching funds. The effect of this proviso will be that a Class AA County which approves a sales tax will lose state matching funds after 1973 even though cities in all other counties would continue to be eligible to receive state matching funds for public transportation systems. After careful consideration of this question, I have determined to item veto this proviso. With this matching capability restored, the needed long-term funding support for public transportation within a Class AA County will be provided.

With the exception of the items referred to above, the remainder of the bill is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am returning herewith to be submitted to the Senate at the next session of the legislature, without my approval of three items, SUBSTITUTE SENATE BILL NO. 849, entitled:

"An Act relating to revenue and taxation of timber and forest lands."

This bill constitutes a comprehensive new program for the taxation of timber and timber lands, by phasing out the taxation of timber under the property tax system and placing timber on an excise tax system based upon yield. The bill also provides that timber lands shall remain under the property tax system, but that the valuation of such lands shall be on the basis of their actual use, i.e., the growing and harvesting of timber.

The act further provides, with respect to the valuation of such lands and the timber thereon that responsibility for making the valuations will be in the Department of Revenue. However, it is also provided that the decisions of the department in carrying out its responsibility under the bill can become effective only upon approval of the forest tax committee established pursuant to section 18 of the bill.

I believe that the full responsibility for the valuation process should be solely with a department of the executive branch of government, and that the functions of the forest tax committee, the majority of which will consist of legislators and representatives of the timber industry, should be limited to those specified in sections 7(10) and 18. Undoubtedly the committee will be in a position to give valuable advice to the department with respect to the valuation process, and I believe that the role of the committee in the valuation process should be limited to that function.

In addition it should be noted that the eligibility of members of the 42nd Legislature

to serve as members of the forest tax committee is open to serious constitutional question without these vetoes; see *Oceanographic Commission v. O'Brien*, 74 Wn.2d 904 (1968).

For these reasons, I have vetoed those items of the bill which give the committee the approval function described above.

With the exception of these three items, Substitute Senate Bill No. 849 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to a section, SENATE BILL NO. 884 entitled:

“An Act relating to housing authorities.”

The proviso in SB 884, “That the governing body of any class A county east of the Cascade mountains and of any city within such county shall only make such determination after referendum thereon to the people of such city or county, as the case may be.” is narrowly drawn to apply to only one county in the state. Such a limitation to the general requirements of existing statutes relative to housing authorities is inappropriate and contrary to sound public policy. I have therefore vetoed this proviso and approved the remainder of the bill.

Respectfully submitted,
DANIEL J. EVANS
Governor.

May 21, 1971.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am returning herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to certain sections, SUBSTITUTE SENATE BILL NO. 897, entitled:

“An Act relating to revenue and taxation.”

Section 19 of this bill is an amendment to RCW 82.32.090, and provides for an increase in the penalty for delinquent state excise taxes from 2% to 5%. The effective date of this section is, in accordance with section 79 of the bill, July 1, 1971.

RCW 82.32.090 was also amended by section 1 of Substitute House Bill No. 461 which I have already signed. Section 1 of Substitute House Bill No. 461 not only increases the penalty from 2% to 5%, but also provides that taxes accrued, though not collected, in the last month of the fiscal year shall be credited to that fiscal year rather than the succeeding fiscal year. Further, the effective date of these provisions is June 1, 1971.

In order to avoid any inconsistency between section 19 of Engrossed Substitute Senate Bill No. 897 and section 1 of Substitute House Bill No. 461 as to effective dates, I have vetoed section 19.

I have also vetoed sections 26 through 31, which establish a 3.6% compensating excise tax upon the use of electrical energy sold at retail by the Bonneville Power Administration to its industrial customers. The purpose of these provisions is an excellent one, in that they compensate for the fact that these sales of electrical energy cannot be made subject to the 3.6% public utility tax imposed upon retail sales of electrical energy by other sellers, such as private power companies, public utility districts, and municipal utility systems.

However, special circumstances require a veto of these provisions at this time. For

these industrial customers of the Bonneville Power Administration will be making contributions in the amount of approximately three million dollars annually as part of the additional costs of keeping in operation the "N" Reactor at Hanford. This will allow continuous operation of the Hanford No. 1 steam generating plant of Washington Public Power Supply System, which is essential for the economic welfare of the state.

In view of this unexpected and heavy burden upon these industrial customers, I feel the additional burden of the proposed compensating tax is unwarranted at this time. However, consideration must certainly be given to imposing this tax at the expiration of the agreements providing for the contributions from these industrial customers, approximately three years hence.

I have also vetoed section 32 and 34, which raise the yield tax applicable to timber on classified reforestation lands under chapter 84.28 RCW from twelve and one-half to twenty-five percent of the timber value. Pursuant to Substitute Senate Bill No. 849, which I have signed today, a study is to be made of the problem of integrating taxation of land and timber now classified under chapter 84.28 RCW into the provisions of Substitute Senate Bill No. 849. I believe that any legislative action with respect to changing the rates of the yield tax under chapter 84.28 RCW should await the results of this study.

With the exception of sections 19, 26 through 32, and 34, the remainder of the bill is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

May 20, 1971.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval, SENATE BILL NO. 903, entitled:

"An Act relating to public contracts."

In 1967 the legislature repealed section 1, chapter 34, Laws of 1933, RCW 39.24.010 which provided for a five percent differential in the purchase by governmental agencies of materials, supplies, goods, wares, merchandise or produce grown, produced or manufactured in the State of Washington. The policy adopted by the legislature in 1967 is of economic advantage to the state in selling its goods in other states.

I see no compelling reason to change our present policy as this bill would do. This legislation is unnecessary for the industry involved and would be harmful to the general interests of the people of this state.

I have accordingly vetoed Senate Bill No. 903 in its entirety.

Respectfully submitted,
DANIEL J. EVANS
Governor.

May 21, 1971.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am returning herewith to be transmitted to the Senate at the next session of the legislature, without my approval, SUBSTITUTE SENATE BILL NO. 915, entitled:

"An Act relating to the Washington State Ferry System."

This bill establishes the Puget Sound Ferry Operations Account within the Motor Vehicle Fund. Money in this account would be used to supplement the revenue of the ferry system in meeting the operation and maintenance expenses of the system. The account is funded from the Motor Vehicle Fund. The formula for distribution of these funds is

changed to reduce the percentages allocated to cities and towns, counties and the state in order to make a portion of the fund available for funding of the new ferry account.

I have determined to veto Substitute Senate Bill No. 915. In so doing, it is not my intent to permit an increase in ferry fares. At the present time there is some operating profit in the ferry system and therefore no further subsidy is presently required. Wage contract renewal negotiations will be determined by July of this year so that the amount of subsidy needed, if any, is presently unknown.

If a substantial fiscal problem arises this can be addressed in the 1972 Session without the need for fare increases. Prior to the 1972 Session the comprehensive study of cross-sound transportation financing authorized by the legislature will be completed. This study will address the issue of the level of support required for ferry subsidies and the other interrelated issues of cross-sound transportation.

Respectfully submitted,
DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to certain items, SENATE BILL NO. 926 entitled:

"An Act adopting the supplemental budget; making appropriations for miscellaneous purposes; and declaring an emergency."

The specific items I have vetoed are as follows:

1. Department of Social and Health Services

On page 8, beginning on line 27, I have vetoed the following language: "For the Division of Health: PROVIDED, That this appropriation, or so much as will be necessary, will be utilized for the operation of Firland Sanatorium from January 1, 1972 for the remainder of the biennium."

This appropriation is necessary to provide interim financing until the revenue provided for in the passage of HB 313 becomes available to operate the Sanatorium. The effect of removing this language is to enable the Department to utilize a portion of these funds for interim financing of Firland and to fund other mandatory legislation for which an appropriation was not provided in the rush of passing a supplemental budget in the last moments of the session. Any remaining balance will be placed in unallotted status and reverted at the end of the biennium.

2. State Treasurer—State Revenue for Distribution

On page 9, beginning on line 14, I have vetoed the following language: "not to exceed 15% of revenues." This language is inconsistent with SB 156 which requires the Treasurer to distribute 25% of the snowmobile registration fees to county treasurers. I believe the intent of the substantive legislation should be followed, rather than the erroneous provision in a hastily considered supplemental appropriations bill.

3. Interim Committee on Water Resources

On page 10, on lines 32 and 33, I have vetoed the appropriation to the Interim Committee on Water Resources. I have been advised by the Speaker of the House and other legislators that such an interim committee was not appointed.

With the exception of the items described above, the remainder of the bill is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.
