JOURNAL OF THE SENATE

STATE OF WASHINGTON

FIRST EXTRAORDINARY SESSION

OF THE

FORTY-SECOND LEGISLATURE

FIRST DAY

MORNING SESSION

Senate Chamber, Olympia, Wash., Friday, March 12, 1971.

The Senate was called to order at 9:00 a.m. by President Cherberg. The Secretary called the roll and announced to the President that all Senators were present.

The Color Guard, consisting of Pages Terri Bean, Color Bearer, and Jim Talley, presented the Colors. Reverend Arthur I. Anderson, pastor of Gloria Dei Lutheran Church of Olympia, offered prayer as follows:

“Creator God, without Whose support we cannot exist and without Whose favor we cannot prosper, at the beginning of this new day and of this special session we lift up our eyes unto Thee from whence our help must come. We invoke Thy blessing now upon each of our state legislators, upon our Governor and Lieutenant Governor. Help them to know assuredly: that this is Thy world, the object of Thy love, the arena of man’s achievements, the scene of man’s struggles; that this is Thy time, filled with new opportunities; and that we are Thy people, called to live under Thee in Thy kingdom and to serve. Keep their minds and hearts open to new revelations of truth and to new opportunities for serving. Make them yielded instruments of Thy Spirit that they may be more effectively wielded by Thee—to Thy glory and to the good of our great Commonwealth. Amen.”

MESSAGE FROM THE SECRETARY OF STATE

Office of the Secretary, March 11, 1971.

**TO THE HONORABLE, THE PRESIDENT OF THE SENATE,
THE LEGISLATURE OF THE STATE OF WASHINGTON,
OLYMPIA, WASHINGTON.**

MR. PRESIDENT:

I, A. Ludlow Kramer, Secretary of State of the state of Washington and custodian of the Seal of the said State, do hereby certify that: I have carefully compared the annexed copy of a proclamation by the Governor calling an extraordinary session of the Legislature to convene on the 12th day of March, 1971, with the original copy of said proclamation by the Governor calling an extraordinary session of the Legislature to convene on the 12th day

of March, 1971, with the original copy of said proclamation now on file in this office, and find the same to be a full, true and correct copy of said original, and the whole thereof, together with all official endorsements thereon.

IN TESTIMONY WHEREOF, I have set my hand and affixed hereto the seal of the state of Washington. Done at the Capitol at Olympia on this the date of March 11, 1971.

(SEAL OF THE STATE OF WASHINGTON)

A. LUDLOW KRAMER
Secretary of State.

PROCLAMATION BY THE GOVERNOR

Office of the Governor, March 11, 1971.

The 1971 Session of the Washington State Legislature now has before it substantial legislation, touching a wide variety of issues, and of critical importance to the citizens of our State. Certain bills have received much public discussion, and legislative deliberation at the committee stage or by one house has been completed. Other bills, no less significant and in many ways far more sweeping in scope and impact, have not yet been given adequate legislative consideration. Because much of the work required of this Legislature is still to be completed, I am convening this first extraordinary session for the reasons listed below.

Those areas of major concern to which the Legislature should focus its attention include the following:

1. *Economic Recovery and Fiscal Affairs.* The present economic condition of the state, coupled with a need to avoid improvident tax increases, makes it incumbent that this Legislature consider various proposals for improving the state's economic condition in the short-run and providing a more workable and equitable fiscal framework for governmental operations in the future. Proposals for constitutional amendments which would permit a variable debt ceiling on state obligations and a procedure for lending the state's credit in certain instances must be deliberated. In addition, the JOBS NOW and WASHINGTON FUTURE programs should be adopted. The Legislature should consider bills which would permit the establishment of a regional development authority to foster a healthy economy in areas of our state which are experiencing a slow rate of growth or high unemployment. No set of bills in front of this Legislature are as important, in my view, as these proposals designed to stimulate economic recovery in our State. We cannot depend solely on support from Washington, D.C., or from any other source if we are to achieve economic progress. It must come from our own efforts, and the measures now before you, if adopted, will indicate legislative leadership in achieving prosperity for our State. Finally, and obviously, the Legislature must adopt a budget for the 1971-73 biennium.
2. *Environment.* This is not a time for the Legislature to arrest the substantial progress made in previous sessions toward protecting the environmental attributes which are an integral part of this state's heritage. Legislation to adopt a plan for management of our seacoasts and shorelines and of interior land areas, bills to preserve our natural rivers and protect our coastal waters, to enact a state Environmental Protection Act, to regulate the placement of billboards and the operation of vehicles on our ocean beaches, and to strengthen 1970 legislation relating to oil spills in our waters must receive the prompt consideration of this Legislature.
3. *Human Resources.* This Legislature must carefully consider proposals which have been introduced to provide comprehensive health planning for this state, modify and modernize the state industrial insurance system, provide a state housing corporation and extend substantial rights and responsibilities to our Indian citizens.
4. *Citizen and Consumer Affairs.* Many bills have been introduced which will offer this State's citizens needed protection and substantive rights which are absent in our present laws. Among these are bills relating to the law of landlord and tenant, requiring the unit pricing of certain grocery items, adopting a statewide building code and a housing standards act, including sex as a prohibited discrimination under the laws of the State Board Against Discrimination, making substantial changes in the laws of community property and authorizing a study of various no-fault automobile insurance plans as an alternative to the present tort liability system.
5. *Government Improvement.* The Legislature should adopt a plan for reporting of campaign contributions and expenditures by candidates for political office and campaign committees in this state. It should consider proposals to authorize annual sessions of the Legislature and annual general elections in this state. Additionally it should permit an evaluation of the present system of providing transportation across Puget Sound, with recommendations of the means best suited to attaining a high level of cross-sound service in the future.
6. *Governmental Reorganization.* The Legislature has before it bills which would create a new Department of Transportation, a Department of Finance and Business Regulation, a Department of Natural Resources and a Department of Justice. It

should also consider expanding and modernizing the Department of Revenue in order to better serve the revenue collection needs of the State. Finally, it should review a proposal giving the Governor authority to make executive reorganization, subject to legislative approval.

As a result of these conditions, an emergency exists constituting an extraordinary occasion within the meaning of Article III, Section 7, of the Constitution of the State of Washington:

NOW, THEREFORE, I, Daniel J. Evans, Governor of the State of Washington, by virtue of the authority vested in me by the Constitution, do hereby convene the Legislature of the State of Washington in Extraordinary Session in the Capitol at Olympia on the twelfth day of March, A.D. 1971, at the hour of nine o'clock a.m., and

I DO HEREBY SPECIFY, in accordance with the requirements of the Constitution that the purposes for which the Legislature is convened are:

To appropriate sufficient funds, and raise sufficient revenues, to carry on the necessary functions and services of state government; and

To consider the enactment of the several other measures specified above for the benefit of the people of the State of Washington.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the State of Washington to be affixed at Olympia, this 11th day of March, A.D., Nineteen Hundred and Seventy-one.

DANIEL J. EVANS
Governor of Washington.

BY THE GOVERNOR:
A. LUDLOW KRAMER
Secretary of State.

"Our Heavenly Father, we come to You at the opening of this session of the Senate of the state of Washington as those who seek and depend upon Your guidance and direction in our daily work. Grant that our seeking You may be more than a perfunctory act, that it may indeed represent our openness to Your spirit and our desire to walk in Your ways. Help us to work for justice and equal opportunity for all the citizens of this state. Bless with Your love and favor the members of the Senate. When the pressures of duty and the loyalty to partisan ways conflict within them, may they remember that they represent those who work for the welfare of all the people of this state. Give them compassion, O Lord, to hear the voice of those who have no one else to speak for them; give them courage that they may do the right regardless of personal cost; give them wisdom that they may discern the truth and do it. Hear our prayer, Our Father, for we offer it to You in the name and faith of Jesus Christ our Lord. Amen."

On motion of Senator Greive, the reading of the journal of the previous day was dispensed with and it was approved.

MESSAGES FROM THE GOVERNOR

Office of the Governor, March 11, 1971.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I return herewith, without my approval, SENATE BILL NO. 311, entitled:

"An Act relating to housing authorities; and amending section 35.82.020, chapter 7, Laws of 1965 and RCW 35.82.020."

This bill allows work performed by a housing authority in this state to provide land, buildings and appurtenances "for recreational or other community purposes" to be included, for purposes of the Housing Authorities Law, within the definition of the term "housing project." In order to be so included, the location of this type of project must be within a one mile radius of conditions which will probably require additional housing projects within the next ensuing ten-year period.

This bill significantly expands the permissible range of activities which may be undertaken by housing authorities. Under this bill, housing authorities could engage in many ventures which were wholly unrelated to the original purpose for which such bodies were created—the provision of safe and sanitary dwelling accommodations for persons of low income. I have concluded that conferring upon a housing authority the unfettered discretion to expend resources for purposes other than the meeting of low-income housing needs within its jurisdiction does not further the stated purpose of the housing authority law and, unless limited to instances in which a surplus of funds exists after such housing needs are being adequately met, opens the way to a further lessening of the availability of low cost accommodations at a time in this state's development when this type of housing is desperately needed.

I am fully aware of the unique fiscal posture of the Vancouver Housing Authority and I commend the manner in which it has provided housing for persons of limited means. I appreciate its desire to provide additional services for the people of that area and would support narrowly drafted legislation to permit housing authorities to engage in non-housing projects when the low-income housing needs of the area were being adequately met. I cannot justify, however, a blanket expansion of the powers of a housing authority by permitting its involvement in projects having no relationship to its primary function in the absence of safeguards designed to protect and give first priority to the legitimate needs of persons who would benefit from low-cost living facilities.

For these reasons, I have returned this bill without my approval and I urge the Legislature to give further consideration to this subject with the view of precisely defining under what circumstances a housing authority should be permitted to undertake projects unrelated to housing.

Respectfully submitted,
DANIEL J. EVANS
Governor.

MOTION

On motion of Senator Greive, the veto message from the Governor together with Senate Bill No. 311 were returned to the Committee on Rules and Joint Rules.

Senator Newschwander: "I think the original commission was appointed by the Governor and as I remember the chairman originally was a man from the University of Washington. I think labor and business and different professional people make up the committee. It has been about four years since I have been before the committee so I am not quite sure of the makeup. They are supposed to come in with a recommendation to the Governor on vendors' rates. This commission has been in at least six or eight years to my memory but we have not heard much from them in the last biennium, or two bienniums really."

Senator Day: "Their recommendations are confined strictly to vendors' rates?"

POINT OF INQUIRY

Senator Canfield: "Will Senator Guess yield to a question? Senator, would you please define what is a revenue warrant?"

Senator Guess: "A revenue warrant is a warrant which is given to the bank stating that the local airport board will redeem the money at a schedule that is agreed to by the bank. It saves them from going through all the problems of having to issue revenue bonds. It is a short cut in procedure and one more economical of operation."

Senator Canfield: "I can understand it is a short cut but is it a good cut? Does this not take the place of bond financing? Could not this be extended to a point where there would not be any bond issues at all?"

Senator Guess: "Senator Canfield, when they want a small amount of money, they can get it locally. If they want a large amount of money, they have to go into the national market."

Debate ensued.

POINT OF INQUIRY

Senator Mardesich: "Will Senator Guess yield to a question? Senator, would the provisions of law requiring bids in the issuance of revenue bonds apply to revenue warrants so the interest might be other than negotiable? I am saying, would interest be negotiable?"

Senator Guess: "Yes, sir."

Senator Mardesich: "Rather than requiring a call for bid?"

Senator Guess: "This is correct. And it will be within the state statute, sir."

POINT OF INQUIRY

Senator Andersen: "Will Senator Ridder yield to a question? Senator, with the amendment that has been made, is it the intention of this bill that the department be not involved in the adoption procedure, that is, be not involved in approving or not approving adoption as a general principle except for the very specific duties that have been delegated to them in the case of these unfortunate children by this bill?"

Senator Ridder: "There is no intent whatsoever that the department of social and health services get into the adoption field. They have no desire to okay these. We took out that one section that specifically said 'approval of these cases'. There is no intent to do this."

Senators Durkan, Greive and Sandison demanded a Call of the Senate.

A Call of the Senate was ordered.

CALL OF THE SENATE

The Sergeant at Arms locked the doors of the Senate Chamber.

The Secretary called the roll on the Call of the Senate, all members being present except Senator Foley who had previously been excused.

On motion of Senator Durkan, the Senate proceeded under the Call of the Senate.

POINT OF INQUIRY

Senator Ridder: "Would Senator Metcalf define neighborhood?"

Senator Metcalf: "The neighborhood—we read it in the dictionary—it is a specific area

in which neighbors reside and they have a community of interests. That is the definition from the dictionary."

POINT OF INQUIRY

Senator Whetzel: "Will Senator Metcalf yield? Senator, in trying to understand the thrust of this amendment, would any funds be used for transporting any student outside his neighborhood if there is written objection by the parents or guardian?"

"I wonder how this would apply in the case of handicapped children? We have a bill coming up on the calendar, Senate Bill No. 66, of which you are one of the sponsors. If that bill passes, where education is mandated for handicapped children, and if the parent or the guardian objected to transporting, then the school district would have to provide appropriate facilities in the neighborhood for handicapped children?"

Senator Metcalf: "Specifically, Senator Whetzel, Senate Bill No. 66 on the handicapped children came from my subcommittee. The problem there is not the parents objecting to transportation. They want that; they want this opportunity and they want the school district to, if they do not have a program, be able to transport their student to a place where it is available. I do not see any conflict there at all. Senate Bill No. 66 is dealing with a problem where these children have no education at all now and we are opening it up for them. I just do not think we would run into that problem."

Further debate ensued.

POINT OF INQUIRY

Senator Scott: "Senator Metcalf, I wonder what effect this bill in total and amendment in particular is going to have on the case of a remote and necessary school district where an individual is transferred perhaps twenty or thirty miles a day beyond what might be interpreted his neighborhood and yet this action is necessary on a daily basis?"

Senator Metcalf: "The bill provides and states that it only applies where there is a school within his neighborhood, so the bill satisfies the problem that you raised."

MOTION

Senator Ridder moved that the amendment by Senator Metcalf be laid upon the table.

Senator Metcalf demanded a roll call and the demand was sustained by Senators Dore, Woodall, Canfield, McDougall, Matson, Odegaard, Cooney, Twigg, Murray and Elicker.

ROLL CALL

The Secretary called the roll and the motion by Senator Ridder failed by the following vote: Yeas, 14; nays, 34; excused, 1.

Voting yea: Senators Durkan, Elicker, Fleming, Gissberg, Herr, McCutcheon, Mardesich, Murray, Peterson (Lowell), Ridder, Talley, Walgren, Washington, Wilson—14.

Senator Ridder moved adoption of the following amendment:

On page 1, section 1, line 17, after "in" and before the period insert "and that classroom space and facilities are available without overcrowding in that school according to standards set by the state board of education"

Debate ensued.

On motion of Senator Durkan, the following amendment to the amendment by Senator Ridder was adopted:

On line 5 of the Ridder Amendment, strike "standards" and insert "rules"

The amendment by Senator Ridder as amended by Senator Durkan was adopted.

Senator Fleming moved adoption of the following amendment:

On page 1, section 1, line 17, after "in" add the following:

"PROVIDED, That nothing in this act shall apply to cases where the local school board takes action to meet state or federal standards of racial integration."

POINT OF ORDER

Senator Woodall: "The amendment by Senator Fleming says, following the word 'in' in section 1, add certain language. The prior amendments of Senators Metcalf and Ridder have already added language at that particular portion."

RULING BY THE PRESIDENT

The President: "The President in ruling upon the point of order presented by Senator Woodall; the President finds that the proviso or amendment proposed by Senator Fleming if adopted would be placed after the Senator Ridder amendment which is now a part of the bill. In other words, after the word 'education'. Therefore the amendment as proposed by Senator Fleming is in order and the point of order by Senator Woodall is not well taken."

Debate ensued.

POINT OF INQUIRY

Senator Murray: "Will Senator Dore yield to a question? Senator, as one of the sponsors of Senate Bill No. 317, is it your intention to stop, through this measure, the action currently being planned by the Seattle school board to have integration within the Seattle school system?"

Senator Dore: "I do not think I can go beyond the language of the bill. This bill merely says that in those cases where the parent files a written objection as to the mandatory transporting of their child from one school to another, as the plan is in Seattle at the present time, then state money will not be available to reimburse for that purpose. This would similarly only apply if we appropriate money for that purpose.

"As yet we have not done this so it may have no impact whatsoever. In answer to your question, I assume by passage of this bill we would say that the state will not contribute to finance mandatory busing and if the Seattle school board or any other school board wants to do it, they will have to look for local funds.

"That is the best I can answer you. Of course, it has no impact in itself because right now there is no money available or appropriated for mandatory busing so actually we are just passing an act which may or may not have effect in the event we do appropriate money for that purpose."

Further debate ensued.

Senators Bailey, Greive and Atwood demanded the previous question and the demand was sustained.

The President declared the question before the Senate to be the adoption of the amendment by Senator Fleming.

Senator Dore demanded a roll call and the demand was sustained by Senators Elicker, Connor, Bailey, Canfield, Cooney, Day, Woodall, Peterson (Ted), Greive and Herr.

Voting nay: Senators Andersen, Atwood, Canfield, Clarke, Cooney, Day, Donohue, Dore, Francis, Gissberg, Guess, Herr, Holman, Knoblauch, Lewis, McDougall, Mardesich, Matson, Metcalf, Newschwander, Peterson (Ted), Stender, Talley, Twigg, Walgren, Woodall—26.

Revising the Washington public employees' retirement system.

MOTION

Senator Durkan moved that Senate Bill No. 67 be referred to the Committee on Ways and Means.

Debate ensued.

POINT OF INQUIRY

Senator Lewis: "Will Senator Durkan yield to a question? Senator, is it your specific plan to amend the bill to include the solving of the problem you just described on Senate Bill No. 67?"

Senator Durkan: "No, it is not, Senator Lewis. But one of the amendments that is proposed on Senate Bill No. 67 takes out the purpose of the bill and that was to permit the state employees to update within their system to give the post-retirement to those people who are already retired and if the House's version of using the interest is accepted, it means obviously that we cannot—that the bill is of no effect. But if we in the Senate in our wisdom should change, Senator, then we should be able to do something about it."

The motion carried and Senate Bill No. 67 was referred to the Committee on Ways and Means.

MOTION

On motion of Senator Durkan, Senate Bill No. 66 was ordered held at the beginning of the second reading calendar for Wednesday, March 17, 1971.

NOTICE OF RECONSIDERATION

Having voted on the prevailing side, Senator Mardesich served notice that he would, at the proper time move that the Senate reconsider the vote by which Senate Bill No. 526 passed the Senate.

SUBSTITUTE SENATE BILL NO. 128, by Senators Ridder, Peterson (Ted) and Washington:

Providing financial aid for the adoption of certain children.

The Senate resumed consideration of Substitute Senate Bill No. 128 on second reading.

On motion of Senator Gardner, the following amendment was adopted:

On page 2, section 5, beginning on line 30, after "department" strike all the matter down to and including "determine" on line 32, and insert "shall require the adopting parents to submit a report once a year for the first three years following the date of adoption as to such matters relating to the child as the department may determine"

MOTION

Senator Mardesich moved that Substitute Senate Bill No. 128 as amended be referred to the Committee on Ways and Means.

Debate ensued.

POINT OF INQUIRY

Senator Bailey: "Would Senator Ridder yield? Senator, I am very much in favor of this bill but what would be the cost, not of the people that you are taking care of from now on, but the people that have already been adopted that may now go back to the welfare rolls and claim to have a subsidy or whatever you want to call it? What would that cost be?"

Senator Ridder: "We did not see this as happening. The way we drafted the bill was that this is from this point on. There was no intent to pick up prior cases."

The President declared the question before the Senate to be the motion by Senator Mardesich that Substitute Senate Bill No. 128 be referred to the Committee on Ways and Means.

The motion lost.

On motion of Senator Ridder, the rules were suspended, Engrossed Substitute Senate Bill No. 128 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Guess: "Would Senator Ridder yield? Senator, you made a statement just now that says that the department is going to pick up the cost of schooling of these youngsters. Do you mean that they are now going to pay the ad valorem tax on property for the purpose of school bond issues?"

Senator Ridder: "The department of social and health services certainly would not pay an ad valorem tax."

Senator Guess: "You said that they would pay the schooling costs. What schooling costs are you talking about?"

Senator Ridder: "In a case where a youngster depended on, we will say, going to the school for the deaf or school for the blind or some special education program such as that. The ones that we have are in special schools in Seattle and must be transported and they are paid now for transportation over to Green Lake to the special education unit over there. This takes a little special cost to get them to that school."

Senator Guess: "Senator Ridder, then you will go on the record as saying that this is not to pay for the school levies that a parent may be subject to because they have a child in . . ."

Senator Ridder: "No, no absolutely not. This is merely to take care of that necessary education."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 128, and the bill passed the Senate by the following vote: Yeas, 46; absent or not voting, 1; excused, 2.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Clarke, Connor, Cooney, Day, Donohue, Dore, Durkan, Elicker, Fleming, Francis, Gardner, Gissberg, Greive, Guess, Henry, Herr, Holman, Huntley, Jolly, Keefe, Knoblauch, Lewis, McCutcheon, McDougall, Mardesich, Matson, Metcalf, Newschwander, Odegaard, Peterson (Lowell), Peterson (Ted), Ridder, Sandison, Scott, Stender, Stortini, Talley, Twigg, Walgren, Washington, Wilson, Woodall-46.

Senator Washington moved that Substitute Senate Bill No. 226 be held on the second reading calendar for Wednesday, March 17, 1971.

Debate ensued.

POINT OF INQUIRY

Senator Woodall: "Will Senator Washington yield to a question? What is the purpose of holding this bill over?"

Senator Washington: "I would like to check on the possibility of an amendment and I would check with you or anyone else after the session is over."

POINT OF INQUIRY

Senator Gissberg: "Will Senator Washington yield? Senator, do you have any thought about preparing amendments which go beyond, not the legal scope, but the intent of this bill which simply has to do with calling a special jury for state condemnation cases?"

Senator Washington: "No, I have no basic large amendments to put on the bill. It came up faster than I thought and I did have several questions in mind and very possibly after looking at them, I would not have any amendments for tomorrow."

The motion carried. Substitute Senate Bill No. 226 was ordered placed on the second reading calendar for Wednesday, March 17, 1971.

Mr. President: The House has passed ENGROSSED SENATE BILL NO. 380 with the following amendments:

On page 1, line 1 of the title, after "insurance:" and before "adding" insert "amending section .13.26, chapter 79, Laws of 1947 and RCW 48.13.260; adding new sections to chapter 79, Laws of 1947 and a new chapter to Title 48 RCW;"

On page 1, following section 2, add new sections to read as follows:

"NEW SECTION. Sec. 3. As used in this 1971 act, unless the context otherwise requires:

(1) "Affiliate" of, or a person "affiliated" with, a specified person, shall mean a person who directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, the person specified.

(2) "Control", including "controlling", "controlled by", and "under common control with", shall mean the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract other than a commercial contract for goods or nonmanagement services, or otherwise, unless the power is solely the result of an official position with or a corporate office held by the person. Control shall be presumed to exist if any person, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing, ten percent or more of the voting securities of any other person. This presumption may be rebutted by showing that control does not exist in fact.

(3) "Insurance holding company system" shall consist of two or more affiliated persons, one or more of which is an insurer.

(4) "Insurer" shall have the same meaning given it in RCW 48.01.050.

(5) "Person" shall mean an individual, a corporation, a partnership, an association, a joint stock company, a business trust, an unincorporated organization, any similar entity or any combination of the foregoing acting in concert.

(6) "Subsidiary" of a specified person shall mean an affiliate controlled by such person directly, or indirectly through one or more intermediaries.

(7) "Commissioner" shall mean the insurance commissioner.

NEW SECTION. Sec. 4. No person other than the issuer or an affiliate of the issuer shall make a tender offer for a request or invitation for tenders of, or agreement to exchange securities for or otherwise acquire, any voting security or any security convertible into a voting security of a domestic insurer or of any other person controlling a domestic insurer if, as a result of the consummation thereof, the person making such tender offer, request or agreement, would directly or indirectly, acquire actual control of such insurer, unless:

(1) Such person has filed with the commissioner a statement containing such of the following information, and such additional information as the commissioner may by rule or regulation prescribe as necessary or appropriate in the public interest or for the protection of policyholders:

(a) The background and identity of all persons by whom or on whose behalf the purchases or the exchange, merger, or other acquisition of control are to be effected;

(b) The source and amount of the funds or other consideration used or to be used in making the purchases or in effecting the exchange, merger or other acquisition of control, and, if any part of such funds or other consideration has been or is to be borrowed or otherwise obtained for the purpose of making the purchases or effecting the exchange, merger, or other acquisition of control, a description of the transaction and the names of the parties thereto;

(c) Any plans or proposals which such persons may have to liquidate such insurer, to sell its assets or merge it with any person, or to make any other major change in its business or corporate structure or management;

(d) The amount of each class of voting securities, or securities which may be converted into voting securities of such insurer or such controlling person which are beneficially owned, and the amount of each class of voting securities or securities which may be converted into voting securities of such insurer or such controlling person concerning which there is a right to acquire beneficial ownership, by each such person and by each such affiliate;

(e) Information as to any contracts, arrangements or understandings with any person with respect to any securities of such insurer, including but not limited to transfer of any of the securities, joint ventures, loan or option arrangements, puts or calls, guarantees of loans, guarantees against loss or guarantees of profits, division of losses or profits, or the giving or withholding of proxies, naming the persons with whom such contracts, arrangements or understandings have been entered into, and giving the details thereof; and

(f) A copy of any such agreement, and any amendments thereto, to exchange or otherwise acquire securities or to merge with or otherwise to acquire control of such insurer; and

(2) The time for disapproval, as provided in section 7 of this 1971 amendatory act, including any agreed extensions, has elapsed or approval has been given by the commissioner.

NEW SECTION. Sec. 5. All requests or invitations for tenders or advertisements making a tender offer or requesting or inviting tenders of such voting securities for actual control of a domestic insurer made by or on behalf of any such person shall contain such of the information specified in section 4 of this 1971 amendatory act as the commissioner may prescribe, and shall be filed with the commissioner at least ten days prior to the time such material is first published or sent or given to security holders. Copies of any additional material soliciting or requesting such tender offers subsequent to the initial solicitation or request shall contain such information as the commissioner may prescribe as necessary or appropriate in the public interest or for the protection of policyholders and stockholders, and shall be filed with the commissioner at least ten days prior to the time copies of such material are first published or sent or given to security holders.

NEW SECTION. Sec. 6. If the person required to file the statement referred to in section 4 of this 1971 amendatory act is a partnership, limited partnership, syndicate or other group, the commissioner may require that the information called for by section 4 of this 1971 amendatory act shall be given with respect to each partner of such partnership or limited partnership, each member of such syndicate or group and each person who controls such partner or member. If the person required to file the statement referred to in section 4

of this 1971 amendatory act is a corporation, the commissioner may require that the information called for by section 4 of this 1971 amendatory act shall be given with respect to such corporation and each officer and director of such corporation and each person who is directly or indirectly the beneficial owner of more than ten percent of the outstanding securities of such corporation.

NEW SECTION. Sec. 7. (1) In the absence of approval by the commissioner the purchases, exchanges, mergers or other acquisitions of control referred to in section 4 of this 1971 amendatory act may be made unless the commissioner, within twenty days after the statement required by section 4 of this 1971 amendatory act has been filed with him, disapproves the purchases, exchanges, mergers or other acquisitions of control. The commissioner may disapprove any such transaction within twenty days after such filing if he finds that:

(a) After the change of control the domestic insurer could not satisfy the requirements for the issuance of a certificate of authority according to requirements in force at the time of the issuance of its last certificate of authority to do the insurance business which it intends to transact in this state;

(b) The effect of the purchases, exchanges, mergers, or other acquisitions of control may be substantially to lessen competition in insurance in this state or tend to create a monopoly therein; or would violate the laws of this state or the United States relating to monopolies or restraint of trade;

(c) The financial condition of an acquiring person is such as would jeopardize the financial stability of the insurer, or prejudice the interest of its policyholders or, in the case of an acquisition of control, the interest of any remaining shareholders who are unaffiliated with the acquiring person;

(d) The plans or proposals which the acquiring person has to liquidate the insurer, to sell its assets, or to merge it with any person, or to make any other major change in its business or corporate structure or management, are unfair or prejudicial to policyholders; or

(e) The competence, experience and integrity of those persons who would control the operation of the insurer indicate that it would not be in the interest of policyholders, shareholders, or the public to permit them to do so.

(2) The provisions of sections 4 through 7 of this 1971 amendatory act apply to any change of control if and to the extent that the commissioner, by rule or regulation or by order, shall exempt the same from the provisions of such sections as not comprehended within the purpose of this section.

NEW SECTION. Sec. 8. (1) Every insurer which is authorized to do business in this state and which is a member of an insurance holding company system shall register with the commissioner, except that such requirements shall not apply to a foreign insurer domiciled in a jurisdiction which has adopted by statute or regulation disclosure requirements and standards substantially similar to those contained in this 1971 amendatory act. Any insurer which is subject to registration under the provisions of this section shall register within sixty days after the effective date of this act or fifteen days after it becomes subject to registration, whichever is later, unless the commissioner, for good cause shown, extends the time for registration, and then within such extended time. Nothing in this section shall be construed to prohibit the commissioner from requesting any authorized insurer, which is a member of a holding company system, which is not subject to registration under the provisions of this section for a copy of the registration statement or other information filed by such insurance company with the insurance regulatory authority of its state of domicile.

(2) Every insurer subject to registration shall file a registration statement on a form provided by the commissioner, which shall contain current information about:

(a) The capital structure, general financial condition, ownership and management of the insurer and any person controlling the insurer;

(b) The following transactions currently outstanding between such insurer and its affiliates:

(i) Loans, other investments, or purchases, sales or exchanges of securities of the affiliate by the insurer or of the insurer by its affiliates;

(ii) Purchases, sales, or exchanges of assets;

(iii) Transactions not in the ordinary course of business;

(iv) Guarantees or undertakings for the benefit of an affiliate which result in an actual contingent exposure of the insurer's assets to liability, other than insurance contracts entered into in the ordinary course of the insurer's business;

(v) All management and service contracts and all cost-sharing arrangements, other than cost allocation arrangements, based upon generally accepted accounting principles, and

(vi) Reinsurance agreements covering all or substantially all of one or more lines of insurance of the ceding company; and

(c) Other matters concerning transactions between a registered insurer and any affiliate as may be required by the commissioner.

(3) No information need be disclosed on the registration statement filed pursuant to the provisions of this section if such information is not material for the purposes of this 1971 amendatory act. Unless the commissioner by rule, regulation or order provides otherwise, sales, purchases, exchanges, loans or extensions of credit, or investments, involving one half of one percent or less of an insurer's admitted assets as of December 31 immediately preceding shall not be deemed material for purposes of this section.

(4) Each registered insurer shall keep current the information required to be disclosed in its registration statement by reporting all material changes or additions on forms provided

by the commissioner on or before the fifteenth day of the following month in which it learns of each such change or addition.

(5) The commissioner shall terminate the registration of any insurer which demonstrates that it no longer is a member of an insurance holding company system.

(6) Two or more affiliated insurers subject to registration hereunder may file a consolidated registration statement or consolidated reports amending their respective consolidated statements or their individual registration statements so long as such consolidated filings correctly reflect the condition of and transactions between such persons.

(7) The commissioner may allow any insurer which is authorized to do business in this state and which is part of an insurance holding company system to register on behalf of any affiliated insurer which is required to register under subsection (1) of this section, and to file all information and material required to be filed under the provisions of this 1971 amendatory act.

(8) The provisions of this section shall not apply to any insurer, information or transaction if and to the extent that the commissioner by rule, regulation, or order shall exempt the same from the provisions of this section as not comprehended within the purposes thereof.

(9) Any person may file with the commissioner a disclaimer of affiliation with any authorized insurer or such a disclaimer may be filed by such insurer or any member of an insurance holding company system. The disclaimer shall fully disclose all material relationships and basis for affiliation between such person and such insurer as well as the basis for disclaiming such affiliation. After a disclaimer has been filed, the insurer shall be relieved of any duty to register or report under this section which may arise out of the insurer's relationship with such person unless and until the commissioner disallows such a disclaimer. The commissioner shall disallow such a disclaimer only after furnishing all parties in interest with notice and opportunity to be heard, and after making specific findings of fact to support such disallowance.

NEW SECTION. Sec. 9. Material transactions by registered insurers with their affiliates occurring after the effective date of this 1971 amendatory act shall be subject to the following standards:

(1) The term shall be fair and reasonable;

(2) The books, accounts, and records of each party shall be so maintained as to clearly and accurately disclose the precise nature and details of the transaction; and

(3) The insurer's surplus to policyholders following any dividends or distributions to shareholders or affiliates shall be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs.

NEW SECTION. Sec. 10. For purposes of this 1971 amendatory act, in determining whether an insurer's surplus to policyholders is reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs, the following factors, among others, shall be considered:

(1) The size of the insurer as measured by its assets, capital and surplus, reserves, premium writings, insurance in force, and other appropriate criteria;

(2) The extent to which the insurer's business is diversified among the several lines of insurance;

(3) The number and size of risks insured in each line of business;

(4) The extent of the geographical dispersion of the insurer's insured risks;

(5) The nature and extent of the insurer's reinsurance program;

(6) The quality, diversification, and liquidity of the insurer's investment portfolio;

(7) The recent past and projected future trend in the size of the insurer's surplus to policyholders;

(8) The surplus to policyholders maintained by other comparable insurers;

(9) The adequacy of the insurer's reserves; and

(10) The quality and liquidity of investments in subsidiaries.

NEW SECTION. Sec. 11. No insurer subject to registration under the provisions of this 1971 amendatory act shall pay any extraordinary dividend or make any other extraordinary distribution to its stockholders until sixty days after the commissioner has received notice of the intent to declare such dividend or distribution and has not within such period disapproved such payment, or the commissioner shall have approved such payment within such sixty-day period. For purposes of this section, an extraordinary dividend or distribution is any dividend or distribution which, together with other dividends or distributions made within the preceding twelve months, exceeds the greater of ten percent of such insurer's surplus to policyholders as of December 31 of the year immediately preceding, or the net gain from operations of such insurer if such insurer is a life insurer, or the net investment income if such insurer is not a life insurer, for the twelve-month period ending December 31 of the year immediately preceding. Notwithstanding any other provision of law, an insurer may declare an extraordinary dividend or distribution which is conditional upon the commissioner's approval thereof, and such a declaration shall confer no rights upon stockholders until the commissioner has approved the payment of such dividend or distribution or the commissioner has not disapproved such payment within the thirty-day period referred to above.

NEW SECTION. Sec. 12. (1) Subject to the limitations contained in this section and in addition to the powers which the commissioner has under chapter 48.03 RCW, relating to the examination of insurers, the commissioner shall also have the power to order any insurer

registered under the provisions of this 1971 amendatory act to produce such records, books, or papers in the possession of the insurer or affiliates as shall be necessary to verify the information required to be contained in the insurer's registration statement, and any additional information pertinent to transactions between insurer and affiliates. WHEREAS, The nature of the message brought to this assembly by the Vice President of the United States was of transcendent importance to all members of the Legislature and to all people of the State of Washington; and

WHEREAS, Any partisan posturing in the question and answer interchange which followed Vice President Agnew's formal remarks would have detracted both from the impact of his visit to this state and from the serious attention which his subject matter merits; and

WHEREAS, The skillful functioning of the presiding officer, Lieutenant Governor Cherberg, in maintaining his own highest traditions of impartial, courteous, fair and personable parliamentary guidance dissuaded any adventures into partisanship and contributed greatly to the traditionally warm welcome extended to this most distinguished guest by the people and their legislators in this Joint Session of the Washington State Legislature;

SECOND READING

SENATE BILL NO. 66, by Senators Durkan, Metcalf, Dore, Francis, Huntley, Odegaard, Scott and Ridder (by Joint Committee on Education, executive and Superintendent of Public Instruction request):

Implementing law relating to education of all handicapped children.

MOTION

On motion of Senator Durkan, Senate Bill No. 66 was made a special order of business immediately following noon recess today.

SENATE BILL NO. 485, by Senators Washington, Greive, Bailey, Francis, Wilson and Murray (by Lieutenant Governor request):

Enacting an open public meetings act.

The Senate resumed consideration of Senate Bill No. 485 on second reading.

On motion of Senator Stender, the following amendment was adopted:

On page 2, section 3, line 23, after "act" and before the period insert ": PROVIDED, That a public meeting may be closed when the business of the meeting is being disrupted by a member or members of the public"

Senator Stender moved adoption of the following amendment:

On page 2, section 4, line 28, after "attendance" and before the period insert ": PROVIDED, That all persons attending a public meeting shall comply with the rules of conduct uniformly established for such meetings"

POINT OF INQUIRY

Senator Mardesich: "Would Senator Stender yield to a question? Senator, did I understand you to say that the rules of conduct would be established by the members of the committee? If so, would it not be proper that there would be language to clarify that fact?"

Senator Stender: "I assume the chairman would announce the rules of conduct. I do not know that he would in fact make the rules, but he would announce them to the public in the event of a meeting being held where the public was in attendance. I do not think this says who will make the rules, it just says they shall comply with the rules of conduct uniformly established for such meetings."

Senator Mardesich: "Then it is your intention that it should be the chairman who should provide that rules be established and those rules be followed?"

Senator Stender: "If there is not any other authority then probably the body themselves would have rules of conduct that they would adopt for the general public."

The motion by Senator Stender carried and the amendment was adopted.

On motion of Senator Atwood, the following amendment was adopted:

On page 3, section 5, line 8, after "body" and before the period insert ": PROVIDED, That the notice requirements of this act shall be suspended during such emergency"

Senator Stender moved adoption of the following amendment:

On page 5, section 10, line 15, after "all" insert "standing"

POINT OF INQUIRY

Senator Gissberg: "I think the amendment is a good one, but it does raise another question. Senator Woodall, do you have the bill before you so we can get something in the record on this? For instance, I have appointed a subcommittee of the Judiciary Committee to do certain technical work in connection with reporting back to the entire Judiciary

Committee with a recommendation. We have held extensive hearings on the matter on which I have appointed the subcommittee and it would serve no useful purpose to have that subcommittee meet in open deliberation with members of the public present. In other words, it is a working subcommittee trying to come up with draft of rather technical language and so forth.

"Now then, if Senator Stender's amendment were adopted, it would mean all meetings of the state legislature and all standing committees and subcommittees thereof. Senator Woodall, would it be intended that the word 'standing' not only modify the word 'committee' but also modify the word 'subcommittee'?"

Senator Woodall: "Senator Gissberg, it certainly would be my construction that it would modify and certainly a special subcommittee to perform the sort of task as outlined by your question certainly should be excluded from the act because such a matter would impair the function of the legislature. So it would be my construction that it would modify both the word 'committee' and 'subcommittee'."

POINT OF INQUIRY

Senator Elicker: "Would Senator Washington yield to a question? Senator, as I read the act, twenty-four hour notice provision is in section 8 and applies to public bodies. Public bodies are not the legislature as I read section 1. Now is my understanding correct that under section 11, section 12 which specifically apply to the state legislature, there is no notice provision?"

Senator Washington: "That is my understanding."

POINT OF INQUIRY

Senator Holman: "Will Senator Washington yield? Senator, the Committee on Rules and Joint Rules is a standing committee of this body, is it not?"

Senator Washington: "Yes, it is."

Senator Holman: "And therefore I assume that if this act becomes a law that all Rules Committee meetings will be open to the public."

Senator Washington: "This is true."

POINT OF INQUIRY

Senator Canfield: "Will Senator Washington yield? Section 11, says that any of the members of the legislature who do anything against this bill are guilty of a misdemeanor. I am not a lawyer but isn't that a sort of a crime?"

Senator Washington: "Yes, it is."

Senator Canfield: "Does not the Constitution give a certain immunity to legislators?"

Senator Washington: "It gives you immunity from arrest, not immunity to commit crimes."

Senator Canfield: "Would you please elaborate on that a little bit?"

Senator Washington: "It is my understanding, I notice a head shake from one of our great constitutional lawyers, but as I understand it, we cannot be arrested or detained during our service in the legislature. However, we can be arrested and detained for any crimes that we may commit during the legislative session after the session is over."

The motion by Senator Stender carried and the amendment was adopted.

MOTIONS

On motion of Senator Wilson, Senate Bill No. 485 as amended was made a special order of business immediately following consideration of Senate Bill No. 66.

Senator Bailey moved that Senate Bill No. 317 be held on the second reading calendar for Thursday, March 18, 1971.

POINT OF INQUIRY

Senator Metcalf: "Would Senator Bailey yield to a question? I have no objection but what is the reason for holding the bill over?"

Senator Bailey: "Senator, there is no ulterior motive. Senator Greive is going to be in this afternoon but Senator Ridder had to leave this afternoon on a committee assignment. He will be back in the morning. He would like to be able to vote on the bill, but we could hold it over until this afternoon if you do not want it held until tomorrow."

The motion by Senator Bailey carried and Senate Bill No. 317 was ordered to hold its place on the second reading calendar for Thursday, March 18, 1971.

MOTION

ENGROSSED SENATE BILL NO. 209, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SENATE BILL NO. 51, by Senators Day, Murray and Ridder (by departmental request):

Providing for changes in certain licensing regulations.

MOTION

On motion of Senator Day, Substitute Senate Bill No. 51 was substituted for Senate Bill No. 51 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Gardner, the following amendment was adopted:

On page 8, section 11, line 10, strike “, associate broker, or salesmen”

On motion of Senator Day, the following amendments were adopted:

On page 10, section 15, line 17, strike “twenty” and restore “ten”

On page 11, line 5, following section 15, add two new sections to read as follows:

NEW SECTION. Sec. 16. Every registered pharmacist who desires to continue the practice of his profession shall secure from the board a renewal registration license, the fee for which shall be fifteen dollars payable on or before June 1, 1972 and thereafter whenever the present license of the registered pharmacist expires, and shall continue to be payable on or before June 1 of each and every year thereafter. Pharmacists shall pay an additional fifteen dollars for the late renewal of their license. Every certificate of registration or the current renewal thereof shall be conspicuously displayed in the drug store, pharmacy or dispensary to which it applies.

NEW SECTION. Sec. 17. The following acts, or parts of acts, are hereby repealed: Section 9, chapter 38, Laws of 1963 and RCW 18.64.140 are each repealed.

On page 1, line 22 of the title, following “RCW 18.64.043” insert “; adding new sections and repealing section 9, chapter 38, Laws of 1963 and RCW 18.64.140”

On motion of Senator Day, the rules were suspended, Engrossed Substitute Senate Bill No. 51 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Gissberg: “Would Senator Day yield? Is two hundred fifty thousand dollars a net figure?”

Senator Day: “Yes.”

Senator Gissberg: “That includes the decrease of the nursing home fees as well?”

Senator Day: “Yes.”

Senator Gissberg: “Are nursing home fees paid to the department of licenses?”

Senator Day: “Yes. Now what this nursing home decrease was about is that they originally passed their nursing home operators’ licensing act last session and it was estimated then that they would need one hundred dollars from each license to carry their freight and actually they did not need half that much. So the reduction to fifty dollars is actually a compromise with the nursing home operators. They want it reduced to twenty-five dollars but reducing it to fifty dollars, we still have a very positive fiscal impact, Senator.”

POINT OF INQUIRY

Senator Canfield: “Will Senator Day yield to a question? Senator, since this is a license fee increase for a number of professions, I would like to have it in the record that the various people concerned have agreed to these license increases.”

Senator Day: “I think that in the main they have agreed to them that there is always some question. For example, the medical fee which has been seven dollars is being raised to fifteen; the osteopathic fee which has been five dollars is being raised to fifteen; the barbers have been paying nine dollars.”

“The original bill that came over from the department wanted to raise the barbers to ten dollars but the committee in its wisdom took that out of the bill. I believe that it is just. I do not say that everyone is completely agreed that this is the fee they would like to pay but it is standardized now. Optometrists, chiropractors, podiatrists, all pay fifteen dollars to have their license renewed. This will make osteopaths and physicians pay fifteen dollars and it will standardize it. There was a deficiency in the board of pharmacy of quite a bit of money. They have taken on quite a number of additional problems with drug abuse and so forth. The pharmacists actually are on ancillary service to the physician and the other healing arts that use drugs.”

Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 51, and the bill passed the Senate by the following vote: Yeas, 43; nays, 1; absent or not voting, 2; excused, 3.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Clarke, Connor, Cooney, Day, Donohue, Dore, Fleming, Foley, Francis, Gardner, Gissberg, Greive, Guess, Henry, Herr, Holman, Huntley, Jolly, Keefe, Knoblauch, Lewis, McDougall, Mardesich, Matson, Metcalf, Murray, Odegaard, Peterson (Lowell), Peterson (Ted), Sandison, Scott, Stender, Stortini, Talley, Twigg, Walgren, Washington, Wilson, Woodall—43.

Voting nay: Senator Durkan—1.

Absent or not voting: Senators Elicker, Ridder—2.

Excused: Senators McCutcheon, Newschwander, Whetzel—3.

ENGROSSED SUBSTITUTE SENATE BILL NO. 51, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

Debate ensued.

The motion carried and the amendment was adopted on a rising vote.

POINT OF INQUIRY

Senator Canfield: "Mr. President, I was just wondering if Senator Francis would read the way that should read now that his amendment has been adopted. I cannot quite make it clear. Would you mind reading it the way you have amended it?"

Senator Francis: "Starting on line 4 of page 17, the bill will now read, 'The cost of board and room in facilities approved by the department of social and health services shall be provided by the department of social and health services for those handicapped students eligible for such aid under programs of the department. The cost of approved board and room shall be provided for those handicapped students deemed in need of the same by the superintendent of public instruction.'"

Senator Canfield: "There is no conflict there in those where it says the cost of room and board in one case is paid by the department of social and health services and in the other case it is paid by the superintendent of public instruction? There is no conflict there?"

Senator Francis: "No. In other words, only in those cases where they are not eligible for department of social and health services funds would it be paid for by the superintendent of public instruction."

On motion of Senator Francis, the following amendments by Senators Francis and Dore were adopted:

On page 4, section 4, line 18, after "Students" and before "deemed" insert, "*not eligible under programs of the department of social and health services, but*"

On page 4, section 4, line 22, after "by" strike "the division of institutions of"

The time having arrived, the Senate resumed consideration of the House message and amendment to Engrossed Senate Bill No. 380.

MOTION

On motion of Senator Mardesich, the House message and amendment to Engrossed Senate Bill No. 380 was ordered held for consideration on Thursday, March 18, 1971.

SPECIAL ORDER OF BUSINESS

SENATE BILL NO. 485, by Senators Washington, Greive, Bailey, Francis, Wilson and Murray (by Lieutenant Governor request):

Enacting an open public meetings act.

The time having arrived, the Senate resumed consideration of Senate Bill No. 485 on second reading.

Senator Scott moved adoption of the following amendment:

On page 4, section 8, line 17, strike "No other business shall be considered" and insert "Final disposition shall not be taken on any other matter"

Debate ensued.

POINT OF INQUIRY

Senator Greive: "Would Senator Scott yield to a question? Senator, what would prevent a particular board, say the board of regents or somebody from just simply

transacting all of their business privately and then coming forth and officially ratifying with no debate, no discussion or no understanding as far as the public is concerned as to how they arrived at it under this amendment?"

Senator Scott: "In Senator Washington's bill that would be illegal. Of course they could do it and perhaps one of the larger implications of this bill is that they will hold private sessions for purposes of prearrangement and the meetings will be strictly formalized, but my amendment does not change the overall implications of the bill."

Senator Greive: "Senator, I do not really understand what you are attempting to do here."

Senator Scott: "If you will notice beginning on line 12, it says that in a special meeting the local radio or television station has to be given at least twenty-four hours' advance notice. If you have an emergent situation, and I use the instance of a public utility district operation where you had a flash flood, you would not be able to bring that up on the next day for discussion. It would be considered business that had been stated twenty-four hours before. This would allow it to be discussed, testimony to be taken, the public to offer their opinion, although you could not make a final disposition on the matter."

POINT OF INQUIRY

Senator Woodall: "Would Senator Scott yield further? Senator, has any thought been given under this bill as to what happens in a county where you have a weekly newspaper? How do you give a twenty-four hour notice? It seems to me that in those counties it is going to have to be a week's notice. Although your particular amendment improves it some, it seems to me you still are placing a small county that has only a weekly newspaper in quite a bind. Has any thought been given as to how they get out from under this particular bind?"

Senator Scott: "Senator Woodall, as you indicate, I am simply trying to improve Senator Washington's bill and I suggest your question be directed to him."

Senator Washington: "I did discuss this amendment with Senator Scott and believe it does take care of a problem when an individual comes in and wants to raise a matter that was not on the agenda. There might be some questions. You have to give notice to each local newspaper but you are bringing the point that they would not be able to act except within a week. Of course at the present time, we have to give notice for special meetings to the press."

Senator Woodall: "My point, Senator Washington, is that you have the twenty-four hour notice. Now if you are in a county that has a daily paper, they can do this but if you are in a county that has only a weekly and a matter has come up to your attention and the weekly paper has just come out, then you have tied up the governing bodies of that county for a period of a whole week, not just twenty-four hours as in the case of some of the other counties."

Senator Washington: "I do not understand that that could be the case. You have to give a twenty-four hour notice. You give a twenty-four hour notice to each individual and you give it to a local newspaper but I do not think there is anything in here that states that you still could not hold an emergency meeting."

POINT OF INQUIRY

Senator Stender: "I would like to ask Senator Washington a question. Senator, in these notices, are these going to be political ads or are these going to be news notices? Are they going to be paid?"

Senator Washington: "You only have to notify the press. The press does not have to publish. The press just has to know that a meeting is going to be held. They are notified of it. At the present time this is not uncommon. You would have roughly the same procedure that you have now; in order to hold a special meeting you have to call the press and the news media and tell them that you are holding a meeting and they can then either come or not. They do not publish an actual notice. They just have to be told of it."

POINT OF ORDER

Senator McDougall: "Did not Senator Greive move that this bill be held over? Is that before us at the present time?"

RULING BY THE PRESIDENT

The President: "That has not been determined as yet, Senator McDougall. As the President understood Senator Greive, he suggested. The President has directed a query to Senator Greive as to his intentions. Then Senator Stender rose, was recognized, and wishes to ask Senator Washington a question, which the President believes is in order."

MOTION

On motion of Senator Greive, Senate Bill No. 485 and the pending amendment by

Senator Scott was ordered held on the second reading calendar for Thursday, March 18, 1971.

SECOND READING

SENATE BILL NO. 465, by Senators Andersen and Greive (by departmental request):
Amending certain provisions for pilotage on Puget Sound.

The bill was read the second time by sections.

On motion of Senator Greive, the following amendments were adopted:

On page 3, section 3, beginning on line 2, strike all the underlined material on lines 2 and 3.

On page 3, section 3, line 3, beginning with "[All" restore all the stricken language down to and including "action.]" on line 13.

On motion of Senator Gardner, the following amendment was adopted:

On page 3, section 4, line 17, after "*corporation*" and before "*the*" strike "*which requests*" and insert "*requiring*"

Senator Elicker moved adoption of the following amendment:

On page 3, line 23, insert as Sections 5 and 6 the following:

"*NEW SECTION. Sec. 5. There is added to chapter 88.16 RCW a new section to read as follows:*

Every licensed pilot boarding any vessel navigating Puget Sound and adjacent inland waters or Grays Harbor and Willapa Bay shall present to the master of such vessel a copy of the statutes of the state of Washington and the regulations of the department of ecology concerning water pollution including a list of the penalties for violation of such statutes and regulations. The copy of such statutes, regulations, and penalties shall be prepared by the department of ecology. Failure of a licensed pilot to present a copy of the aforementioned statutes, regulations, and penalties as herein provided shall be grounds for the board to suspend or revoke the pilot's license.

NEW SECTION. Sec. 6. There is added to chapter 88.16 RCW a new section to read as follows:

Every licensed pilot boarding any vessel navigating Puget Sound and adjacent inland waters or Grays Harbor and Willapa Bay shall report to the department of ecology any violation of the water pollution laws of this state by such vessel which he observes or has knowledge of, including but not limited to the dumping of garbage, pumping of ballast and the transfer of bunkers in the waters of this state. Failure of a licensed pilot to report such violations shall be grounds for the board to suspend or revoke the pilot's license."

POINT OF INQUIRY

Senator Peterson (Ted): "Will Senator Elicker yield to a question? Senator, do the freighters of this type of vessel have holding tanks for both liquid and solid waste such as garbage?"

Senator Elicker: "As far as holding tanks for liquid waste is concerned, this is a subject all of itself. The federal government has probably preempted anything that we can do in this area. It is not against the law in the state of Washington to dump raw garbage from a vessel. As far as I am aware, there are no rules and regulations of the department of ecology. As far as garbage is concerned, this can be a rather bad thing. A lot of the vessels that come into Puget Sound and tie up for any substantial length of time stack their garbage on the fantail and then when the vessel is under way, they dump the garbage. If they want to dump that garbage two or three hundred miles out at sea, I guess that is their business. If they want to dump it off of Carkeet park, Senator, I do not think that is their business."

Senator Peterson (Ted): "Further on that, on the new ferries that are being built, since you are from Bremerton I thought you might know, do they have holding tanks in the specifications and plans?"

Senator Elicker: "The new ferries that are being built will have holding tanks and we have every hope that this legislature will see fit to appropriate money to begin a holding tank program for the existing ferries."

POINT OF INQUIRY

Senator Greive: "Would Senator Stortini yield to a question? I do not understand this amendment by Senator Elicker. All I know is what I have heard from the floor. Was anything of this sort discussed in your committee?"

Senator Stortini: "Senator Greive, we had a hearing about two weeks ago in regard to this bill. At that time we had a number of representatives there. The big concern was that there would be some overlapping in regards to some of the amendments that were proposed along these lines. Senator Elicker did not propose these amendments at that time though. As a result, we had a second hearing and decided that the bill would go into the Committee on Rules and Joint Rules under the original form. The Coast Guard felt that any of the amendments that we had were overlapping, were covered in the federal laws."

POINT OF INQUIRY

Senator Greive: "Would Senator Elicker yield to a question? Senator, what is your comment upon that?"

Senator Elicker: "All I am saying is that it has come to my attention, particularly on the west coast of Puget Sound, the area in which I live, that a great deal of garbage floats up on the beach. I have been told by pilots in the state of Washington that it is common practice at night for certain foreign vessels, one nation in particular, to dump garbage. The captain just says, 'Go back on the fantail and dump the garbage, get rid of it' and off it goes.

"All I am saying is that if this is against the laws of the state of Washington, which I think it is, and the pilot observes this, then he says to the department of ecology, 'The master of so and so dumped garbage off Kingston at 1:15 on Thursday, April 13.'"

Senator Guess moved that the amendment by Senator Elicker be laid upon the table.

POINT OF ORDER

Senator Talley: "The way I read this amendment and read the bill, I think the amendment by Senator Elicker extends the scope and object of this bill far beyond the title it carries."

MOTION

Senator Mardesich moved that Senate Bill No. 465 and the pending amendment by Senator Elicker be held on the second reading calendar for Thursday, March 18, 1971.

POINT OF INQUIRY

Senator Atwood: "Mr. President, we do not have any rules today. They expired yesterday."

Senator Greive: "Mr. President, I think when we went back some years to the rule of the majority, we finally concluded that Reed's Rules govern and Reed's Rules are the same as our rules on that particular matter."

REPLY BY THE PRESIDENT

The President: "In the absence of rules, the President will place the motions in the order in which they have been presented."

The President declared the question before the Senate to be the motion by Senator Guess to lay upon the table the amendment by Senator Elicker.

The motion carried on a rising vote and the amendment was laid upon the table.

The motion by Senator Mardesich carried. Senate Bill No. 465 was ordered held on the second reading calendar for Thursday, March 18, 1971.

PERSONAL PRIVILEGE

Senator Andersen: "As one of the sponsors I just thought on the point of personal privilege I would pay tribute to the unknown but often repeated author of the following statement: 'I know you believe you understand what you think I said. However, I am not sure you realize that what I think you heard is not what I meant.' Hopefully in the next day we can straighten this bill out."

SECOND READING

SENATE BILL NO. 469, by Senators Sandison, Atwood, Foley, Holman and Gissberg: Establishing an administrative procedures act for state institutions of higher education and providing for delegation of certain powers.

REPORT OF STANDING COMMITTEE

March 3, 1971.

SENATE BILL NO. 469, establishing an administrative procedures act for state institutions of higher education and providing for delegation of certain powers (reported by Committee on Higher Education and Libraries):

Recommendation: Do pass with the following amendment:

On page 4, section 3, following the period on line 4 insert a new paragraph to read as follows:

"(3) When twenty days notice of intended action to adopt, amend or repeal a rule has not been filed with the code reviser, as required by subsection (1)(a) of this section, the code reviser shall not publish such rule and such rule shall not be effective for any purpose."

Signed by: Senators Sandison, Chairman; Atwood, Dore, Durkan, Foley, Francis, Gardner, Guess, Henry, Holman, Huntley, Lewis, Metcalf, Scott, Wilson.

The bill was read the second time by sections.

On motion of Senator Sandison, the committee amendment was adopted.

On motion of Senator Sandison, the rules were suspended, Engrossed Senate Bill No. 469 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Stender: "Mr. President, would Senator Sandison yield? Senator, is this bill limited to state colleges and universities?"

Senator Sandison: "That is correct, Senator."

Senator Stender: "They have rules and regulations now. How does this affect that particular principle?"

Senator Sandison: "It adopts the principle set up under the administrative procedures act and brings it into the universities and colleges, but because of their differing function it makes changes in the act so that it fits within those functions so that they can carry on their traditional university activities."

Senator Stender: "One further question. Would the present rules and regulations, if this were to pass and become law, would they have to be re-enacted under this act?"

Senator Sandison: "Yes, they are going to have to re-enact and change if necessary every rule and regulation they have. I think that is one of the beneficial and purgative benefits of this particular bill because it will force them to look over a lot of disused and a lot of archaic and obsolete regulations they have that I think in the past have led to a lot of the dissention on the campus."

Senator Stender: "Then one further question. Why then, if they at the university level have to have this type of an approach, could not the other institutions like the common schools be covered under the same act?"

Senator Sandison: "I would not be prepared to speak to the problem of the common schools. We were only working on higher education here. But it seems to me that the common school problems are more solid and static and require less change than do our universities and our colleges."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 469, and the bill passed the Senate by the following vote: Yeas, 43; nays, 1; absent or not voting, 2; excused, 3.

MOTION

At 3:05 p.m., on motion of Senator Greive, the Senate adjourned until 11:00 a.m., Thursday, March 18, 1971.

JOHN A. CHERBERG, President of the Senate.
SIDNEY R. SNYDER, Secretary of the Senate.

SEVENTH DAY

MORNING SESSION

Senate Chamber, Olympia, Wash., Thursday, March 18, 1971.

The Senate was called to order at 11:00 a.m. by President Cherberg. The Secretary called the roll and announced to the President that all Senators were present except Senator Durkan. On motion of Senator Keefe, Senator Durkan was excused.

The Color Guard, consisting of Pages Paul Zellinsky, Color Bearer, and Mary Jenne, presented the Colors. Doctor Charles Howard Perry, rector of St. John's Episcopal Church of Olympia, offered prayer as follows:

"How great Thou art, our God. You create the stars and the sun, You send the rain and You give us the air and the earth to make our food; You dwell in the hearts of Your people. Help us to be still this day and know ourselves in Your presence. May we, in Your presence, know that our life is but a speck in time compared to Your eternal purpose for Your creation and Your companionship with men. May we use the energies of our lives to serve those ends that do not pass away, and give ourselves to those causes which transcend self-centered desire and selfish gain. Hard as it is for us, our Heavenly Father, help us to be honest, sincere and fair in our dealings with other people, obeying Your laws as we give ourselves to the task of making laws which govern the men and women of this state. Though we know the danger of uncontrolled power, help us not to be afraid of using power responsibly to achieve those conditions which lead to brotherhood, decency and survival for all in this world. We thank You that You have put it into the hands of men to govern themselves, we ask only that You would help us to govern with love, not hate; with mercy, not meanness; with wisdom, not foolishly. O Great God, make us great as we share in Your life, through faith, hope and steadfastness in the use we make of Your gifts, through Jesus Christ our Lord. Amen."

On motion of Senator Greive, the reading of the journal of the previous day was dispensed with and it was approved.

MOTION

Senator Mardesich moved that the House message on Engrossed Senate Bill No. 380 and the amendment thereto be held for consideration on Friday, March 19, 1971.

POINT OF INQUIRY

Senator Day: "Mr. President, as the prime sponsor of the bill, I would like to ask the Senator to yield to a question. Senator Mardesich, is it the Senate bill which is comparable to this that you are holding the hearing on? Have you discussed with the insurance commissioner his feelings on this House amendment?"

Senator Mardesich: "Not directly. They are going to be at the meeting today though, because we are hearing four insurance bills today and he will be there. I take it that he has no great objection to this, although as I say, we have not heard anything on it in committees yet. It is scheduled for today."

Senator Day: "But this bill is not in your committee."

Senator Mardesich: "Not this bill but a similar one."

Senator Day: "I would like to state for the benefit of the floor that I have discussed this House amendment with the insurance commissioner's office and they are in favor of the bill. The industry is in favor of the bill and I have no objection to the good chairman of the committee holding a hearing and completely clarifying the issue for tomorrow."

The motion carried and Engrossed Senate Bill No. 380 and the House message were ordered held for consideration on Friday, March 19, 1971.

SECOND READING

SENATE BILL NO. 109, by Senators Washington, Elicker, Bailey, Odegaard, Durkan, Peterson (Ted), Greive, Metcalf, McCutcheon, Stortini, Donohue, Canfield, Connor, Wilson, Murray, Newschwander, Talley, Mardesich, Henry, Knoblauch, Woodall, Sandison, Cooney, Jolly and Walgren:

Providing for modifiable basic school building plans.

MOTION

On motion of Senator Washington, Substitute Senate Bill No. 109 was substituted for Senate Bill No. 109, and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Washington, the following amendment was adopted:

On page 1, section 1, line 10, after "instruction" strike "shall" and insert "is hereby established and required to"

Senator Gardner moved adoption of the following amendment:

On page 2, section 2, line 16, after "1973," delete the balance of subsection (5) and insert "the director shall make available the Washington state school building system to all school districts in the state which may participate on a voluntary basis."

Debate ensued.

Senators Talley, Walgren and Atwood demanded the previous question and the demand was sustained.

Senator Washington demanded a roll call and the demand was sustained by Senators Cooney, Andersen, Peter (Ted), Lewis, Ridder, Scott, Holman and Knoblauch.

The President declared the question to be the adoption of the amendment by Senator Gardner.

ROLL CALL

The Secretary called the roll, and the amendment was adopted by the following vote: Yeas, 29; nays, 19; excused, 1.

Voting yea: Senators Andersen, Atwood, Canfield, Clarke, Dore, Elicker, Fleming, Foley, Francis, Gardner, Gissberg, Greive, Guess, Holman, Huntley, Keefe, Lewis, McDougall, Mardesich, Matson, Metcalf, Murray, Newschwander, Ridder, Scott, Stender, Twigg, Whetzel, Wilson—29.

Voting nay: Senators Bailey, Connor, Cooney, Day, Donohue, Henry, Herr, Jolly,

Knoblauch, McCutcheon, Odegaard, Peterson (Lowell), Peterson (Ted), Sandison, Stortini, Talley, Walgren, Washington, Woodall—19.

Excused: Senator Durkan—1.

Senator Washington moved adoption of the following amendment to the title:

On page 1, line 1 of the title, after "government;" insert "creating a new division in the office of superintendent of public instruction;"

POINT OF INQUIRY

Senator Stender: "Senator Washington, would you yield? When you are creating this new division, won't that do away with the savings you have contemplated?"

Senator Washington: "It would be absolutely essential that we have the new division or we could not carry it out at all, Senator."

Senator Stender: "That was not the question. Is not this going to do away with that savings you contemplated under these plans?"

Senator Washington: "I would not believe that it would. It is necessary that these basic plans be established. We are not actually creating a new division. This division is in existence in the superintendent's office at the present time. It has been functioning for a long time at the direction, and was organized by the superintendent of public instruction. We thought that it was a statutory division. Then we checked the statutes and found that it was not a statutory division so in order to make it official, we did create it in this bill although it has been functioning for a long time. This is the division that supervises the construction of school buildings over the entire state and has been doing so for many years."

Senator Stender: "This is not going to be for free, will it, Senator? This is going to cost a lot of money. You know when you set up new divisions what that runs into? Have you any idea how much is involved with that kind of approach?"

Senator Washington: "It is very possible that the cost of developing the system components plan could cost somewhere up to two hundred thousand dollars in order to establish the plan and to get them moving. Now this is a cost, there is no doubt about it. Much of the cost, of course, which is done here will result in savings as it has done in the other areas that have tried it."

The motion carried and the amendment to the title was adopted.

On motion of Senator Washington, the rules were suspended, Engrossed Substitute Senate Bill No. 109 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Holman: "Will Senator Washington yield? Senator, did I understand you correctly a little while ago to say that the bidding agency under paragraph 6 on page 2 of the bill will be the superintendent of public instruction?"

Senator Washington: "Yes, and through the school plant facilities division."

Senator Holman: "Then the contracts that are signed with the suppliers and contractors for these components would be with the state of Washington?"

Senator Washington: "Yes, they would be."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 109, and the bill passed the Senate by the following vote: Yeas, 46; nays, 1; absent or not voting, 1; excused, 1.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Clarke, Connor, Cooney, Day, Donohue, Dore, Elicker, Fleming, Foley, Francis, Gardner, Gissberg, Greive, Guess, Henry, Herr, Holman, Huntley, Jolly, Keefe, Knoblauch, McCutcheon, Mardesich, Matson, Metcalf, Murray, Newschwander, Odegaard, Peterson (Lowell), Peterson (Ted), Ridder, Sandison, Scott, Stender, Stortini, Talley, Twigg, Walgren, Washington, Whetzel, Wilson, Woodall—46.

POINT OF INQUIRY

Senator Huntley: "Would Senator Twigg yield? Senator, as memory serves me, the Seattle World's Fair issued gold free passes to all the members of the legislature, to all of the concessions and one thing and another. I assume this is forthcoming now. I would not have brought this up before we voted on it, but since we have already voted on it, I am just wondering what your position is."

Senator Twigg: "Now that the bills have passed both the House and the Senate, I can assure you, Senator Huntley, and all of the rest of you, even the 'no' voters, that you will have free passes to the World's Fair in 1974 in Spokane."

PRESIDENT'S REMARKS

The President: "Senator Huntley, the President should like to express a remark to the effect that we hope the gold pass of Expo '74 will not be like the gold pass for the World's

Fair in Seattle. That one and two dollars would get you in any time you wanted to go. Is that not right, Senator Foley?"

Senator Foley: "That is correct."

Adopting cut-off dates for introduction and consideration of bills.
Referred to the Committee on Rules and Joint Rules.

SECOND READING

SENATE BILL NO. 485, by Senators Washington, Greive, Bailey, Francis, Wilson and Murray (by Lieutenant Governor request):
Enacting an open public meetings act.

The Senate resumed consideration of Senate Bill No. 485 and the pending motion by Senator McDougall to refer Senate Bill No. 485 to the Judiciary Committee.

MOTIONS

There being no objection, Senator McDougall withdrew his motion.
On motion of Senator Greive, Senate Bill No. 485 was ordered held on the second reading calendar for Wednesday, March 24, 1971.

PERSONAL PRIVILEGE

Senator Bailey: "On a point of personal privilege. Last year when North River High School came to Olympia, I asked the superintendent if this was the senior class and he said, 'No, Senator, this is the whole student body.'

"I want Senator Ridder to note that this is one of the truly remote and necessary districts in the state of Washington and it has quality education. I think, Mr. Superintendent, it is the whole high school student body. Thank you very much."

SENATE BILL NO. 317, by Senators Metcalf, Dore and Peterson (Ted):
Denying state reimbursement to school districts for certain compulsory bussing.

MOTION

Senator Greive moved that Senate Bill No. 317 be ordered held on the second reading calendar for Tuesday, March 23, 1971.

Debate ensued.

POINT OF INQUIRY

Senator Woodall: "Would Senator Fleming yield? What bill was held three weeks for me?"

Senator Fleming: "I think that you were holding it for a different reason. I can find the number of that bill but I think you were holding it because you did not have enough votes at that time."

POINT OF INQUIRY

Senator Woodall: "Would Senator Greive yield? Senator, you say Senator Durkan cannot be here on Monday?"

Senator Greive: "Tuesday will be the day he will be here."

Senator Woodall: "Then, can we have an understanding now that everyone knows that it is going to be on Tuesday and we get no additional continuances and if anyone is absent the word is out and we cannot . . ."

Senator Greive: "We will vote on that even if Senator Dore is not here."

The President declared the question before the Senate to be the motion by Senator Greive to hold Senate Bill No. 317 on the second reading calendar for Tuesday, March 23, 1971.

Senator Dore demanded a roll call and the demand was sustained by Senators Metcalf, Stender, Scott, Peterson (Ted), Francis, Lewis, Atwood, Andersen and Murray.

ROLL CALL

The Secretary called the roll, and the motion carried by the following vote: Yeas, 35; nays, 11; absent or not voting, 1; excused, 2.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Clarke, Connor, Cooney, Day, Donohue, Elicker, Fleming, Foley, Gardner, Gissberg, Greive, Herr, Huntley, Jolly, Keefe, Knoblauch, McCutcheon, McDougall, Mardesich, Matson, Murray, Newschwander, Odegaard, Sandison, Stender, Twigg, Walgren, Washington, Whetzel, Wilson, Woodall—35.

Excused: Senators Durkan, Stortini—2.

Senate Bill No. 317 was ordered to hold its place on the second reading calendar for Tuesday, March 23, 1971.

MOTION

Senator Greive moved that Senate Joint Resolution No. 22 be ordered held on the second reading calendar for Monday, March 22, 1971.

POINT OF INQUIRY

Senator Scott: "Mr. President, would Senator Greive yield? Senator, I wonder if I could have the same sort of assurance you gave Senator Woodall on the bill he questioned. Senate Joint Resolution No. 22 has been on the calendar now for at least two weeks. It has been set over at least a half a dozen times. I think that whatever else it is, it is at best questionable procedure to have a bill on the calendar that long and be waiting around until one sorts out enough votes. Now some of us view that measure in a way different than you do and we would like to have an opportunity to have the measure settled."

Senator Greive: "My attitude in that is far different. It happens that Senate Joint Resolution No. 22 needs a two-thirds majority. We have always had a majority. There has never been a time in this party we did not have a majority. I have always felt that in any kind of an argument we would have the majority. We simply did not have the two-thirds and

it seems to me that the majority should have the right to do anything they want with a piece of legislation.

"Now I have no knowledge as to how many votes Senate Bill No. 485 has but quite obviously any time you have something recommended by the legislative council, fully and completely endorsed by the Governor and by the industrial leaders of the state of Washington, it may be right or it may be wrong but I think it is in a little different category."

The motion by Senator Greive carried. Senate Joint Resolution No. 22 was ordered to hold its place on the second reading calendar for Monday, March 22, 1971.

MOTION

At 12:35 p.m., on motion of Senator Greive, the Senate recessed until 1:30 p.m.

AFTERNOON SESSION

The President called the Senate to order at 1:30 p.m.

SECOND READING

SENATE BILL NO. 110, by Senators Peterson (Ted), Knoblauch and Lewis:
Declaring a policy relative to steelhead trout.

The bill was read the second time by sections.

On motion of Senator Peterson (Ted), the rules were suspended, Senate Bill No. 110 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

MOTIONS

Senator Peterson (Lowell) moved that Senate Bill No. 110 be held on the third reading calendar for Tuesday, March 23, 1971.

Debate ensued.

There being no objection, Senator Peterson (Lowell) withdrew his motion.

Senator Fleming moved that Senate Bill No. 110 be made a special order of business for 2:00 p.m. today.

Debate ensued.

On motion of Senator Gissberg, the motion by Senator Fleming was amended that the Senate would continue in session until completion of the action on Senate Bill No. 110.

The motion by Senator Fleming as amended by Senator Gissberg carried. Senate Bill No. 110 was made a special order of business for 2:00 p.m. today.

SUBSTITUTE SENATE BILL NO. 16, by Committee on Constitution, Elections and Legislative Processes:

Providing the powers of initiative and referendum to county electors.

The Senate resumed consideration of Substitute Senate Bill No. 16 on second reading.

On motion of Senator Atwood, the following amendment by Senators Atwood, Walgren and Wilson was adopted:

On page 1, section 2, line 16, after "than" strike "twelve" and insert "twenty-five"

Senator McDougall moved adoption of the following amendment:

On page 1, section 2, line 20, after "shall" strike rest of line 20, lines 21-23 down to but not including "on" on line 23 and insert "place the proposed ordinance or resolution"

Debate ensued.

The motion lost and the amendment was not adopted.

On motion of Senator Atwood, the following amendment was adopted:

On page 2, section 4, line 24, after "Within" strike "fifteen" and insert "forty-five"

On motion of Senator Atwood, the following amendment by Senators Atwood, Walgren and Wilson was adopted:

On page 4, section 13, line 24, after "than" strike "six" and insert "twenty-five"

On motion of Senator Atwood, the rules were suspended, Engrossed Substitute Senate Bill No. 16 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Day: "Mr. President would Senator Atwood yield to a question? Senator, does this mean then that the county-wide tax would not go into effect if the county commissioners initiated it? They would still have the opportunity of referendum?"

Senator Atwood: "They would if they did not put an emergency clause like any other body."

POINT OF INQUIRY

Senator Gissberg: "Would Senator Atwood yield? Senator, let us assume that the people of a county were dissatisfied with the amount of mills that was being levied on the property tax in view of the doubling, tripling and quadrupling of the valuation and that the people thought there was too much money being expended in the county. By this device, could the citizenry reduce the millage that was the subject matter of the levy and the property tax?"

Senator Atwood: "It may be possible. I could not answer that. I do not know whether the commissioners have the power to adjust the millage. They do not do that by ordinance or resolution."

POINT OF INQUIRY

Senator Washington: "Will Senator Atwood yield? Senator, I have forgotten the number of signatures required when an initiative and a referendum are acted on or presented in a city. Could you give me those numbers?"

Senator Atwood: "It depends on the city. The charter cities have different provisions. Most of the big cities have twelve and six and I think the optional municipal code may have the same figure. I think some of them do have twenty, twenty-five. They vary from city to city. Senator Walgren probably could tell you what the optional municipal code has in it. This bill was a copy of that, primarily."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 16, and the bill passed the Senate by the following vote: Yeas, 41; nays, 4; absent or not voting, 2; excused, 2.

Voting yea: Senators Andersen, Atwood, Canfield, Clarke, Connor, Cooney, Day, Donohue, Elicker, Fleming, Foley, Francis, Gardner, Gissberg, Greive, Henry, Herr, Holman, Huntley, Jolly, Keefe, Knoblauch, Lewis, McDougall, Mardesich, Matson, Metcalf, Murray, Newschwander, Odegard, Peterson (Lowell), Peterson (Ted), Ridder, Sandison, Scott, Talley, Twigg, Walgren, Washington, Whetzel, Wilson—41.

Voting nay: Senators Bailey, Guess, Stender, Woodall—4.

Absent or not voting: Senators Dore, McCutcheon—2.

Excused: Senators Durkan, Stortini—2.

ENGROSSED SUBSTITUTE SENATE BILL NO. 16, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SPECIAL ORDER OF BUSINESS

SENATE BILL NO. 110, by Senators Peterson (Ted), Knoblauch and Lewis:
Declaring a policy relative to steelhead trout.

The Senate resumed consideration of Senate Bill No. 110 on third reading.

POINT OF INQUIRY

Senator Fleming: "Would Senator Washington yield? Senator, I know you mentioned

many of these Indians that you have talked to and many of the Indians that you are friends with. Is this the majority of the Indians or are these the Indians that are nice little Indians and stay in their place or the ones that are demanding their equal rights?"

Senator Washington: "I think it is a little hard to determine. The ones I am particularly talking about are the Wanapum Indians who have never signed a treaty with the white man and have refused to go on any reservation of the white man, perhaps they have not fought the white man and a part of their basic religion is a refusal to adopt the ways of the white man. They do fish in the Columbia river. They do fish in the Yakima river but they use spears, they use dip nets, they use tackle. They use the basic old methods of fishing. They do not use nets and motor boats."

POINT OF INQUIRY

Senator Day: "Would Senator Gissberg yield? Senator, will this bill in any way affect any litigation that I understand is in process?"

Senator Gissberg: "I really cannot answer that question. I am not aware that it would, but on the other hand I am not specifically informed that there is any."

Senator Day: "The next question, Senator Gissberg, is it possible that this would actually protect future Indian fishing in any way?"

Senator Gissberg: "In my judgment it does, simply because it would assure of the fact that gill netting is not allowed on off-reservation fisheries and to the extent that you assume that if this off-reservation fishery continues and is abused to the extent that that would deplete the run, yes. Then of course it would be of long range benefit to the Indians themselves."

ROLL CALL

The Secretary called the roll on the final passage of Senate Bill No. 110, and the bill passed the Senate by the following vote: Yeas, 42; nays, 4; absent or not voting, 1; excused, 2.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Clarke, Connor, Cooney, Day, Donohue, Dore, Elicker, Foley, Gardner, Gissberg, Greive, Guess, Henry, Herr, Holman, Huntley, Jolly, Keefe, Knoblauch, Lewis, McDougall, Mardesich, Matson, Metcalf, Murray, Neschwander, Odegaard, Peterson (Lowell), Peterson (Ted), Scott, Stender, Talley, Twigg, Walgren, Washington, Whetzel, Wilson, Woodall—42.

Voting nay: Senators Fleming, Francis, Ridder, Sandison—4.

Absent or not voting: Senator McCutcheon—1.

Excused: Senators Durkan, Stortini—2.

SENATE BILL NO. 110, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Talley, Senate Bill No. 465 was ordered to hold its place on the second reading calendar for Monday, March 22, 1971.

SENATE BILL NO. 203, by Senators Donohue, Walgren, Woodall and Canfield:
Providing appeals from board against discrimination hearings by political subdivisions.

REPORT OF STANDING COMMITTEE

March 4, 1971.

SENATE BILL NO. 203, providing appeals from board against discrimination hearings by political subdivisions (reported by Judiciary Committee):

MAJORITY recommendation: Do pass with the following amendments:

After the enacting clause, strike the remainder of the bill and insert "Section 1. The following act is repealed: Section 25, chapter 37, Laws of 1957 and RCW 49.60.300."

In line 1 of the title, after the semicolon strike all of the material down to and including "RCW" on line 2 and insert "and repealing section 25, chapter 37, Laws of 1957 and RCW 49.60.300"

Signed by: Senators Gissberg, Chairman; Clarke, Foley, Francis, Holman, Twigg, Walgren, Woodall.

The bill was read the second time by sections.

Senator Gissberg moved adoption of the first committee amendment.

POINT OF INQUIRY

Senator Canfield: "Will Senator Gissberg yield? Senator, in the first place your amendment would, in effect, do the same thing as the proposed bill. Is that correct?"

Senator Gissberg: "Yes."

Senator Canfield: "My second question is, what right has this administrative procedures board to make such a ruling which appears to be illegal? At least to one not trained in law. How can you deny by resolution an appeal to the court?"

Senator Gissberg: "You are talking about existing law now. The existing law does in deed and in fact prohibit in the discrimination area at least, an appeal to orders issued against a political subdivision by that political subdivision. I think the legislature had that authority and has the authority to tell a political subdivision when it can and when it cannot appeal from anything. In other words, if we have the power to create the political subdivision, we also have the power to abolish all political subdivisions of the state of Washington. Clearly if we have that very broad power, we have the power to deny them an appeal. However, we are now saying that we want to give the political subdivision the right of appeal."

Senator Canfield: "Senator, you are no doubt right but I still do not quite follow the reasoning that we can deny any citizen the right of appeal. If he feels that he is aggrieved, do we have a right to deny an appeal?"

Senator Gissberg: "No, I doubt that we do insofar as a citizen's right of redress to a court is concerned. I doubt that we do."

The motion carried and the first committee amendment was adopted.

Senator Fleming moved adoption of the following amendment:

On page 1, following section 1 add the following new section:

"NEW SECTION. Sec. 2. There is added to chapter 270, Laws of 1955 as amended by chapter 37, Laws of 1957 and RCW 49.60 a new section to read as follows:

From and after the effective date of this act the 'Washington State Board Against Discrimination' shall be known and designated as the 'Washington State Human Rights Commission'."

Debate ensued.

POINT OF ORDER

Senator Stender: "I am no constitutional lawyer but I just thought our Constitution said that we could only have one subject in a bill. Does this enlarge the scope of the bill? I would raise that point of order because of this amendment."

PRESIDENT'S RULING

The President: "The President believes that the point of order by Senator Stender is not well taken, that the amendment does not enlarge upon the scope and object of the measure."

The motion by Senator Fleming carried and the amendment was adopted.

On motion of Senator Gissberg, the committee amendment to the title was adopted.

On motion of Senator Gissberg, the rules were suspended, Engrossed Senate Bill No. 203 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 203, and the bill passed the Senate by the following vote: Yeas, 47; excused, 2.

Excused: Senators Durkan, Stortini—2.

SECOND READING

SENATE BILL NO. 182, by Senators Wilson, Elicker, Durkan, Henry, Bailey, Atwood, Day, Donohue, Gissberg, Stender, Odegaard, Peterson (Lowell), Fleming, Foley, Peterson (Ted), Cooney, Holman, McDougall, Twigg, Knoblauch, Guess, Keefe, Washington, Newschwander, Metcalf and Talley:

Authorizing the use of physicians' assistants.

REPORT OF STANDING COMMITTEE

March 5, 1971.

SENATE BILL NO. 182, authorizing the use of physicians' assistants (reported by Committee on Medicine, Dentistry and Health Care, Air and Water Pollution):

MAJORITY recommendation: Do pass with the following amendment:

On page 3, following section 5, insert a new section to read as follows:

"NEW SECTION. Sec. 6. No health care services may be performed under this chapter in any of the following areas:

(a) The measurement of the powers or range of human vision, or the determination of the accommodation and refractive state of the human eye or the scope of its functions in general, or the fitting or adaptation of lenses or frames for the aid thereof.

(b) The prescribing or directing the use of, or using, any optical device in connection with ocular exercises, visual training, vision training or orthoptics.

(c) The prescribing of contact lenses for, or the fitting or adaptation of contact lenses to, the human eye.

(d) Nothing in this section shall preclude the performance of routine visual screening.

(e) The practice of dentistry or dental hygiene as defined in Chapter 18.32 and 18.29 RCW respectively.

(f) The practice of chiropractic as defined in Chapter 18.25 RCW including the adjustment or manipulation of the articulations of the spine.

Remember the remaining section consecutively.

Signed by: Senators Day, Chairman; Cooney, Elicker, Francis, Keefe, Newschwander, Odegaard.

The bill was read the second time by sections.

Senator Day moved adoption of the committee amendment.

On motion of Senator Day, the following amendment to the committee amendment was adopted:

On line 2 of subsection (e) after "respectively" insert "The exemptions set forth in RCW 18.32.030, paragraphs (1) and (8), shall not apply to a physician's assistant."

The motion by Senator Day carried and the committee amendment, as amended, was adopted.

POINT OF INQUIRY

Senator Wilson: "Would Senator Day yield to a question? Senator, is it the intent with respect to the amendments now under consideration to prohibit the physician's assistant such as the medics from doing routine visual screening or any other procedures that might be necessary in providing a person medical care or a physical examination?"

Senator Day: "In answer to your question, Senator Wilson, it is not the intent of the amendment in regard to vision to preclude the physician's assistant from doing routine testing of visual capacity such as the school nurse does or the cursory examination in the physician's office, etc. This would only preclude him from getting into the actual practice of optometry or ophthalmology."

On motion of Senator Day, the following amendment to the title was adopted:

On line 1 of the title, after "physician's assistants" insert "and osteopathic physician's assistants"

On motion of Senator Day, the rules were suspended, Engrossed Senate Bill No. 182

was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 182, and the bill passed the Senate by the following vote: Yeas, 43; absent or not voting, 2; excused, 4.

PERSONAL PRIVILEGE

Senator Woodall: "Under a point of personal privilege, I would like the 4-H Club members seated in the gallery to know that as of 1930 I was State 4-H Club President."

SECOND READING

SENATE BILL NO. 465, by Senators Andersen and Greive (by departmental request): Amending certain provisions for pilotage on Puget Sound.

The Senate resumed consideration of Senate Bill No. 465.

Senator Mardesich moved adoption of the following amendment:

On page 1, section 2, strike section 2 and renumber the remaining sections consecutively.

Debate ensued.

POINT OF INQUIRY

Senator Greive: "What Senator Mardesich talked about and as I read the amendment seems to me totally two different subjects. Are you sure you and I are talking about the same bill? Is this Senate Bill No. 465, the pilot bill?"

Senator Mardesich: "Right, section 2."

Senator Greive: "As I understood it, section 2, that where the ship is engaged entirely in service to Alaska that the provisions of this act does not apply."

Senator Mardesich: "This is the section that says all vessels under enrollment and all vessels engaged exclusively in the coasting trade, on the west coast of the continental United States and that includes Alaska. This is the exclusionary section. Now, what this would do would insert the words 'of the United States or Canadian registry' so that they would be the only vessels excluded from the operation of this law.

"Now if Alaska were to prevail in getting the Congress to enact a law authorizing them to use vessels constructed outside of the United States, those vessels would not be United States or Canadian registry."

Senator Greive: "Now the reason for this particular exclusion in the beginning as far as taking on a pilot, and that is what this is discussing, as I had always understood it was

because theoretically at least those on a regular run between Alaska and the state of Washington were people who generally had a pilot's license, a federal pilot's license, were familiar with the territory and traditionally had the exclusion. Now I cannot see any possible reason why for the amendment we would want to remove that exclusion. Then, if I read it correctly, all vessels, or no vessel would be exempt, or would all vessels be exempt? What is your theory?"

Further debate ensued.

PARLIAMENTARY INQUIRY

Senator Andersen: "I am not certain this is a proper parliamentary inquiry but I would address the Chair, or the President's attorney perhaps as to a ruling as to whether or not the effect of this amendment by Senator Mardesich, if it were adopted, be to strike out the existing portion of the law; that is, section 2 of this particular bill or would the effect of the amendment be just to delete the new language that this would put through. I would like to have that clear for the record before we vote on it."

MOTION

At 12:30 p.m., on motion of Senator Greive, the Senate recessed until 1:30 p.m.

AFTERNOON SESSION

The President called the Senate to order at 1:30 p.m.

MOTIONS

On motion of Senator Keefe, Senator Cooney was excused.

SECOND READING

SENATE BILL NO. 465, by Senators Andersen and Greive (by departmental request):
Amending certain provisions for pilotage on Puget Sound.

The Senate resumed consideration of Senate Bill No. 465, the pending amendment by Senator Mardesich and parliamentary inquiry by Senator Andersen.

RULING BY THE PRESIDENT

The President: "Senator Mardesich's amendment strikes section 2 of Senate Bill No. 465. This section amends the code by adding the words '*of United States or Canadian registry*'. If Senator Mardesich's amendment is adopted it will eliminate the amendatory words in the section and RCW 88.16.070 will remain as it now appears in the code."

MOTION

On motion of Senator Andersen, Senate Bill No. 465 and the pending amendment by Senator Mardesich were ordered placed at the end of the second reading calendar for today.

SENATE BILL NO. 515, by Senators Lewis, Jolly and McDougall:

Clarifying property tax exemption for nursery stock.

The bill was read the second time by sections.

On motion of Senator Holman, the following amendment was adopted:

On page 1, section 1, line 21 after "nurserymen," strike all the remaining language down to and including "land" on line 22 and insert "*which is owned by the original producer thereof or which has been held or possessed by the nurserymen for 180 days or more, shall, whether personal or real property, be considered the same as [other] growing crops on cultivated lands: PROVIDED, That the nurserymen be licensed by the department of agriculture.*"

On motion of Senator Donohue, the rules were suspended, Engrossed Senate Bill No.

15 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 515, and the bill passed the Senate by the following vote: Yeas, 41; absent or not voting, 3; excused, 5.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Clarke, Connor, Day, Donohue, Elicker, Fleming, Foley, Francis, Gardner, Greive, Guess, Henry, Herr, Holman, Huntley, Jolly, Keefe, Knoblauch, Lewis, McDougall, Mardesich, Matson, Metcalf, Murray, Newschwander, Odegaard, Peterson (Ted), Ridder, Scott, Stender, Stortini, Talley, Twigg, Walgren, Washington, Wilson, Woodall—41.

Absent or not voting: Senators McCutcheon, Peterson (Lowell), Sandison—3.

Excused: Senators Cooney, Dore, Durkan, Gissberg, Whetzel—5.

ENGROSSED SENATE BILL NO. 515, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SIGNED BY THE PRESIDENT

The President signed:

SENATE BILL NO. 49,

SENATE BILL NO. 56,

SENATE BILL NO. 151,

SENATE BILL NO. 172,

SENATE BILL NO. 302,

SUBSTITUTE SENATE BILL NO. 352,

SENATE BILL NO. 380,

SENATE BILL NO. 496.

SECOND READING

SENATE BILL NO. 629, by Senators Henry, Washington and Huntley:

Providing for the emergency protection and restoration of highways.

The bill was read the second time by sections.

On motion of Senator Henry, the rules were suspended, Senate Bill No. 629 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Fleming: "Senator Henry, would you yield? Senator, I am not much of an expert in terms of the bids that are let out by the highway department. If you do not have published the bid and you receive three bids, how do these individual firms know about these bids being let?"

Senator Henry: "I will defer to Senator Guess but it is my understanding that there is a group of contractors that are already certified with the state highway commission, but Senator Guess can answer that more fully."

Senator Guess: "Senator Fleming, the highway department maintains a list of prequalified contractors and in order to prequalify, the contractor has to show that (1) he has a sufficient staff with the skills to do the work and (2) he has to supply the highway department with a financial statement so the highway department knows that he has the capability of financing the work until he gets his payment."

Senator Fleming: "So in other words, those that are on this list, all of those members would be notified and not just a few?"

Senator Guess: "No. The contractors closest to the area, those with the equipment that are available and capable of doing the job."

POINT OF INQUIRY

Senator Atwood: "Would Senator Henry yield? Senator, in section 4, line 27, there is a word there that says that the contractors may be required to furnish a bid deposit or

performance bond. Is there any law now in effect that allows the highway department discretion on calling for a performance bond?"

Senator Henry: "All bids that I know of, particularly on the municipal level I know that is true and I think it is on the state level, Senator."

Senator Atwood: "This is a departure then, allowing the department discretion to do away with performance bonds?"

Senator Henry: "If they are already prequalified contractors and they have the ability and the financial background to do it, and this is a presumption on my part, that because they take the ones most qualified, the closest to the emergency area and rather than make them go through the delay of several days for a bonding procedure, immediately let them go to work."

"Now in my particular company where we have to put up bonds with the highway department for doing construction, burying cables and so forth alongside of highways, in place of doing it for each individual job, we worked out a deal with the state and my company is large enough that we maintain a performance bond the year around to take care of any jobs that might come up."

POINT OF INQUIRY

Senator Atwood: "Would Senator Washington care to enlarge on the answer by Senator Henry?"

Senator Washington: "It is difficult for them to know the amount of work that is going to be done on that basis and in that event a bond would not have to be used. I believe also when you are in an emergent situation this particular law does cut across the overall bidding law and sometimes the matter of bonding could be a very difficult thing to try to arrange in a hurry. I think under those circumstances we have given the highway department some discretion in this matter."

ROLL CALL

The Secretary called the roll on the final passage of Senate Bill No. 629, and the bill passed the Senate by the following vote: Yeas, 43; absent or not voting, 1; excused, 5.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Clarke, Connor, Day, Donohue, Elicker, Fleming, Foley, Francis, Gardner, Greive, Guess, Henry, Herr, Holman, Huntley, Jolly, Keefe, Knoblauch, Lewis, McDougall, Mardesich, Matson, Metcalf, Murray, Newschwander, Odegard, Peterson (Lowell), Peterson (Ted), Ridder, Sandison, Scott, Stender, Stortini, Talley, Twigg, Walgren, Washington, Wilson, Woodall—43.

Absent or not voting: Senator McCutcheon—1.

Excused: Senators Cooney, Dore, Durkan, Gissberg, Whetzel—5.

SENATE BILL NO. 629, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SENATE BILL NO. 188, by Senators Walgren, Andersen, Ridder and Day:
Establishing physician's trained mobile intensive care paramedics.

REPORT OF STANDING COMMITTEE

March 5, 1971.

SENATE BILL NO. 188, establishing physician's trained mobile intensive care paramedics (reported by Committee on Medicine, Dentistry and Health Care, Air and Water Pollution):

MAJORITY recommendation: Do pass with the following amendment:

On page 2, line 6, strike all of Section 2 and insert the following:

"NEW SECTION. Sec. 2. There is added to chapter 192, Laws of 1909 and to chapter 18.71 RCW a new section to read as follows:

As used in section 1 of this 1971 amendatory act, "physician's trained mobile intensive care paramedic" means a person who:

(1) has successfully completed an advanced first aid course equivalent to the advanced industrial first aid course prescribed by the Division of Safety, Department of Labor and Industries; and

(2) is trained by a licensed physician:

(a) to carry out all phases of cardio-pulmonary resuscitation;

(b) to administer drugs under written or oral authorization of a licensed physician;

and

(c) to administer intravenous solutions under written or oral authorization of a licensed physician; and

(3) has been examined and certified as a physician's trained mobile intensive care paramedic by a county health officer or by the University of Washington's School of Medicine or by their designated representatives."

Signed by: Senators Day, Chairman; Cooney, Elicker, Francis, Greive, Keefe, Newschwander, Odegaard.

The bill was read the second time by sections.

On motion of Senator Day, the committee amendment was adopted.

On motion of Senator Day, the rules were suspended, Engrossed Senate Bill No. 188 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Odegaard: "Mr. President, would Senator Day yield to a question? Senator, does this bill or the amendment that has just been placed on the bill have any effect at all upon the local ambulance services as we know them today in many of the volunteer fire districts? Does it change the qualifications of those volunteer firemen in regard to ambulance services?"

Senator Day: "It authorizes anyone who has qualified by this minimal requirement to perform these services. Now presently a lot of people have been performing such services who really have no qualifications. As I understand the law, and I am not a lawyer, in an emergency anyone can do just about anything and not necessarily have to be legally licensed so to do. I feel that what this will do is to allow for some very fundamental knowledge on the part of people who qualify under this and it is not too difficult to qualify; to provide these services with possibly a little higher grade of understanding of what they are doing."

POINT OF INQUIRY

Senator Wilson: "Will Senator Day yield further? Senator, to pursue Senator Odegaard's question, there has been a bill or proposal floating around somewhere which in terms of the equipment required of ambulances and the training required of the operators thereof would make it somewhat difficult to retain the present form of volunteer ambulance services in rural areas. My question is whether or not this is that bill and if it is not, to repeat Senator Odegaard's query, would this in any significant way make it more difficult to continue operating volunteer ambulances in rural areas as they are presently operated?"

Senator Day: "Senator, in answer to your question, I believe that the amendment that the committee placed on this bill allows, and let us read the section: 'As used in section 1 of this 1971 amendatory act, physician's trained mobile intensive care paramedic means a person who: (1) has successfully completed an advanced first aid course equivalent to the advanced industrial first aid course prescribed by the Division of Safety, Department of Labor and Industries; and in other words he can also be accredited this way (2) is trained by a licensed physician'. Dr. Bratwood in your area could do this. '(a) to carry out these three phases'.

"So it provides the vehicle for the people in voluntary fire fighting and for the people who operate ambulance services in a small community to have their people become qualified under this act and makes it very easy for them to do so."

Senator Wilson: "In other words then, the personnel involved in these ambulances could receive their training from a local doctor. Is that correct?"

Senator Day: "That is exactly what it says. It continues on '(3) has been examined and certified as a physician's trained mobile intensive care paramedic by a county health officer or by the University of Washington's School of Medicine or by their designated representatives'. So your county health officer could designate a representative who had specific training. For example, a fire fighter from a first class district could come out if he had this training and was certified by your county health officer or the University of Washington and could put on this course for them to certify these people."

Senator Wilson: "And this bill requires no additional equipment on the sort of ambulances that I am speaking of other than that already required?"

Senator Day: "I think that the bill does not require additional equipment because it does not address itself to equipment. If the utilization in the course of some equipment were advantageous, I think that they probably would be trained in its use but it does not mandate any specific utilization of equipment."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 188, and the bill passed the Senate by the following vote: Yeas, 40; absent or not voting, 4; excused, 5.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Clarke, Day, Donohue, Elicker, Fleming, Foley, Francis, Gardner, Greive, Guess, Herr, Holman, Huntley, Jolly, Keefe, Knoblauch, Lewis, McDougall, Mardesich, Matson, Metcalf, Murray, Newschwander, Odegaard, Peterson (Lowell), Ridder, Sandison, Scott, Stender, Stortini, Talley, Twigg, Walgren, Washington, Wilson, Woodall—40.

Absent or not voting: Senators Conner, Henry, McCutcheon, Peterson (Ted)—4.

Excused: Senators Cooney, Dore, Durkan, Gissberg, Whetzel—5.

ENGROSSED SENATE BILL NO. 188, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SENATE BILL NO. 514, by Senators Holman, Whetzel and Francis (by departmental request):

Enacting the uniform criminal extradition act.

The bill was read the second time by sections.

On motion of Senator Woodall, the following amendments were adopted:

On page 12, section 28, line 20, before "act" strike "This" and insert "Sections 1 through 26 of this"

On page 12, beginning on line 24, insert as section 30:

"Sec. 30. Section 6, chapter 196, Laws of 1951 as amended by section 4, chapter 45, Laws of 1963, and RCW 26.21.050 are each amended to read as follows:

(1) Before making the demand of the governor of any other state for the surrender of a person charged in this state with the crime of failing to provide for the support of any person, the governor of this state may require any prosecuting attorney of this state to satisfy him that at least sixty days prior thereto the obligee brought an action for [the] support under this chapter, or that the bringing of an action would be of no avail.

(2) When under this or a substantially similar act, a demand is made upon the governor of this state by the governor of another state for the surrender of a person charged in the other state with the crime of failing to provide support, the governor may call upon any prosecuting attorney to investigate or assist in investigating the demand, and to report to him whether any action for support has been brought under this chapter or would be effective: *PROVIDED, That in the event that the obligor has never resided in the demanding state, then, before honoring such demand the governor shall require proof of a debt arising from a decree of divorce or separate maintenance.*

(3) *Except as is provided for in the proviso to subsection (2) of this section, if an action for [the] support would be effective and no action has been brought, the governor may delay honoring the demand for a reasonable time to permit prosecution of an action for support.*

(4) If an action for support has been brought and the person demanded has prevailed in that action, the governor [may] *shall* decline to honor the demand.

(5) If an action for support has been brought and pursuant thereto the person demanded is subject to a support order, the governor [may] *shall* decline to honor the demand so long as the person demanded is complying with the support order."

Renumber old section 30 as section 31, and renumber the following sections consecutively.

On page 1, line 15 of the title, after "RCW 10.88.060;" insert "amending section 6, chapter 196, Laws of 1951 as amended by section 4, chapter 45, Laws of 1963, and RCW 26.21.050;"

On motion of Senator Holman, the rules were suspended, Engrossed Senate Bill No. 514 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 514, and the bill passed the Senate by the following vote: Yeas, 42; absent or not voting, 2; excused, 5.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Clarke, Connor, Day, Donohue, Elicker, Fleming, Foley, Francis, Gardner, Greive, Guess, Henry, Herr, Holman, Huntley, Jolly, Keefe, Knoblauch, Lewis, McDougall, Mardesich, Matson, Metcalf, Murray, Newschwander, Odegaard, Peterson (Lowell), Ridder, Sandison, Scott, Stender, Stortini, Talley, Twigg, Walgren, Washington, Wilson, Woodall—42.

Absent or not voting: Senators McCutcheon, Peterson (Ted)—2.

Excused: Senators Cooney, Dore, Durkan, Gissberg, Whetzel-5.

ENGROSSED SENATE BILL NO. 514, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTIONS

On motion of Senator Woodall, Senate Bill No. 65 was referred to the Committee on Rules and Joint Rules.

On motion of Senator Bailey, Senate Joint Resolution No. 36 was ordered to hold its place on the second reading calendar for Tuesday, March 23, 1971.

SENATE BILL NO. 465, by Senators Andersen and Greive (by departmental request): Amending certain provisions for pilotage on Puget Sound.

The Senate resumed consideration of Senate Bill No. 465 on second reading and the pending amendment by Senator Mardesich.

Debate ensued.

POINT OF INQUIRY

Senator Woodall: "Will Senator Mardesich yield? Senator, coming from east of the mountains, it is a little hard to follow all of this discussion. At the present time, say one of these Japanese vessels which comes down to the Port of Puyallup to load up logs, are they somewhere along the line coming through the Straits at some point, are they boarded by American pilots or do they come in on their own. What is the procedure?"

Senator Mardesich: "If it is a foreign vessel, they have to pick up American pilots. If they are not engaged in the coasting trade, which is American port to American port up and down our coast, if they are coming from any foreign port, they have to pick up American pilots."

Senator Woodall: "And this would not change?"

Senator Mardesich: "No."

Senator Woodall: "At the present time an Alaskan ship, if I understand it, does not have to pick up a Washingtonian pilot. Is that correct?"

Senator Mardesich: "An Alaskan ship is required to have American personnel aboard, American licensed personnel, but they are not required to pick a masters mate from the Puget Sound Pilots' Association. That is the people outside, when they come into our patrolled waters."

Senator Woodall: "And the proposed bill would require the Alaska ships to put a Washington pilot on. Is that correct?"

Senator Mardesich: "That is correct."

Senator Woodall: "And your amendment in effect would leave the law as it now is?"

Senator Mardesich: "My amendment would simply leave the law as it now is and any vessel in the coasting trade with American personnel aboard could operate without the use of Puget Sound pilots."

Further debate ensued.

POINT OF INQUIRY

Senator Andersen: "It is my understanding that any vessel constructed in this country has to be constructed according to the existing coast guard standards. Now if I am in error, please correct me, but it is my understanding that the Wickersham can register here but it has to first bring itself up to the applicable coast guard standards. The reason Canada is an exception as was explained to me a little while ago, was that traditionally there is this comity between Canadian and American ships that goes back to the Treaty of the Great Lakes, so that these registries can go back and forth without exchanging pilots. I understand that a vessel that is built in America has to be built to higher standards than the vessel that is built on a foreign shore and under foreign registry. Is this correct?"

Senator Mardesich: "Mr. President, in response, you are absolutely correct, with respect to construction features, but not with respect to the personnel running the vessel. If a vessel were American bottom and she had her own crew aboard, American crew, she could come in irrespective of this law, even under the amendment, without picking up a pilot. Correct? So how is the safety involved? You are talking about the physical aspects of the construction and that is an entirely different question. The Wickersham, even after this law is adopted without my amendment, will run as it does today, but they will be required to pick up pilots when they come from Vancouver, B.C. to Seattle. That is the only difference. It does not affect the safety of the people so far as the construction of the boat is concerned at all. So the only thing this applies to is a jurisdictional question."

Senators Scott, Clarke and Greive demanded the previous question and the demand was sustained.

MOTION

On motion of Senator Lewis, Senator Peterson (Ted) was excused.

The President declared the question before the Senate to be the adoption of the amendment by Senator Mardesich.

The motion by Senator Mardesich failed and the amendment was not adopted on a rising vote.

Senator Greive moved adoption of the following amendment by Senators Elicker and Greive:

On page 3, line 22, following section 4, add two new sections to read as follows:

NEW SECTION. Sec. 5. There is added to chapter 88.16 a new section to read as follows:

Every licensed pilot boarding any vessel navigating Puget Sound and adjacent inland waters or Grays Harbor and Willapa Bay shall present to the master of such vessel a copy of the statutes of the state of Washington and the regulations of the department of ecology concerning water pollution including a list of the penalties for violation of such statutes and regulations. The copy of such statutes, regulations, and penalties shall be prepared by the department of ecology.

NEW SECTION. Sec. 6. There is added to chapter 88.16 RCW a new section to read as follows:

Every licensed pilot boarding any vessel navigating Puget Sound and adjacent inland waters or Grays Harbor and Willapa Bay shall report to the department of ecology any violation of the water pollution laws of this state by such vessel which he observes or has knowledge of, including but not limited to the dumping of garbage, discharging of dirty or oily ballast and the discharging of oily bilges into the waters of this state."

Debate ensued.

POINT OF INQUIRY

Senator Guess: "Senator Greive, it appears to me that section 6 enlarges the scope and object of the act. I will ask the question of the Chair in a minute but what I would like for you to do is to tell me how in the world we could enforce a law which would make the pilots marine stool pigeons, because that is all it does."

Senator Greive: "Number one, you are not talking to the person that is the most enthusiastic about this. I think we had better refer that particular question to Senator Elicker. Number two, if it is not within the scope and object, I will rejoice. Number three, it seems to me that anything that is required here is already being required of the pilots and they are doing it and they are already making these reports and while they may not be enthusiastic about it if we are going to solve the ecological problem as raised by Senator Elicker, it is a good amendment."

POINT OF ORDER

Senator Guess: "I raise the question that section 6 enlarges the scope and object of the act."

MOTIONS

There being no objection, Senate Bill No. 465 was ordered held on the second reading calendar for Tuesday, March 23, 1971.

At 2:45 p.m., on motion of Senator Greive, the Senate adjourned until 10:30 p.m., Tuesday, March 23, 1971.

JOHN A. CHERBERG, President of the Senate.
SIDNEY R. SNYDER, Secretary of the Senate.

TWELFTH DAY

MORNING SESSION

The Senate was called to order at 10:30 a.m. by President Cherberg. The Secretary called the roll and announced to the President that all Senators were present.

The Color Guard, consisting of Pages Dave Dorman, Color Bearer, and Cathy Eldridge, presented the Colors. Father James J. McGreal, pastor of St. Michael's Catholic Church of Olympia, offered prayer as follows:

"Almighty Father, from whom all authority emanates, in Your unscrutable design look kindly upon the Senators here assembled. Their challenges are many and the charge of representing the people of this state is a responsible one. Be pleased to sustain them. Teach them to relish what is right and strengthen them to continue to work with the public trust in mind. This we ask in Christ's name. Amen."

On motion of Senator Greive, the reading of the journal of the previous day was dispensed with and it was approved.

Ratifying the eighteen-year-old voting rights amendment to the federal Constitution.

The resolution was read the second time in full.

On motion of Senator Knoblauch, the following amendment by Senators Knoblauch, Holman and Washington was adopted:

On page 1, line 7 of the Joint Resolution, strike all of the remaining matter on page 1 to and including all of the matter on page 2, line 4 and insert the following:

"RESOLVED, BY THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES OF AMERICA in Congress Assembled: (two-thirds of each House concurring therein), That the following article is proposed as an amendment to the Constitution of the United States, which shall be valid to all intents and purposes as part of the Constitution when ratified by the legislatures of three-fourths of the several States within seven years from the date of its submission by the Congress:

"ARTICLE—

SECTION 1. The right of citizens of the United States, who are eighteen years of age or older, to vote shall not be denied or abridged by the United States or by a State on account of age.

AND BE IT FURTHER RESOLVED, That certified copies of this joint resolution be forwarded by the Secretary of State of the State of Washington to the Secretary of State of the United States, to the presiding officer of the United States Senate, and to the Speaker of the House of Representatives of the United States."

PARLIAMENTARY INQUIRY

Senator Andersen: "I noticed that this is a Senate Joint Resolution and Rule 18 of the Joint Rules, at least in the bound volume, provides and I quote 'All memorials and resolutions from the legislature addressed to the President of the United States, to the Congress or either house thereof, or to the heads of any other branch of the federal government shall be in the form of joint memorials'.

"I was wondering if under this provision of the rule this should not be amended to make it a Senate Joint Memorial inasmuch as it is being forwarded to the Secretary of State of the United States."

Senator Holman: "In commenting on the parliamentary inquiry by Senator Andersen, this question came up in the preparation of this and we found that the last time this state ratified a constitutional amendment which was the anti-poll tax amendment four or five years ago, it was done through the medium of Senate Joint Resolution No. 15 and on the basis of that the code reviser in checking other ratifications, that is the way it has always been done in this state."

PRESIDENT'S REMARKS

The President: "The President believes that the remarks by Senator Holman are correct, Senator Andersen."

On motion of Senator Knoblauch, the rules were suspended, Engrossed Senate Joint Resolution No. 36 was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

Debate ensued.

THIRD READING

ENGROSSED SENATE BILL NO. 66, by Senators Durkan, Metcalf, Dore, Francis, Huntley, Odegaard, Scott and Ridder (by Joint Committee on Education, executive and Superintendent of Public Instruction request):

Implementing law relating to education of all handicapped children.

POINT OF INQUIRY

Senator Atwood: "Would Senator Durkan yield? Senator, you changed the date the other day. It was my understanding that the date was supposed to have been 1973 rather than 1972."

Senator Durkan: "Mr. President and members of the Senate, I have checked on that and you are correct, Senator Atwood. However, rather than move the bill back to second reading I have no objections, I have gone to the House and asked them to take it off when it gets over there."

The bill was read the third time and placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 66, and the bill passed the Senate by the following vote: Yeas, 48; nays, 1.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Clarke, Connor, Cooney, Day, Donohue, Dore, Durkan, Elicker, Fleming, Foley, Francis, Gardner, Gissberg, Greive, Guess, Henry, Herr, Holman, Huntley, Jolly, Keefe, Knoblauch, Lewis, McCutcheon, McDougall, Mardesich, Matson, Metcalf, Murray, Odegaard, Peterson (Lowell), Peterson (Ted), Ridder, Sandison, Scott, Stender, Stortini, Talley, Twigg, Walgren, Washington, Whetzel, Wilson, Woodall—48.

Voting nay: Senator Newschwander—1.

ENGROSSED SENATE BILL NO. 66, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

There being no objection, the Senate returned to the seventh order of business.

Senators Fleming, Greive and Washington demanded a Call of the Senate.

A Call of the Senate was ordered.

CALL OF THE SENATE

The Sergeant at Arms locked the doors of the Senate Chamber.

The Secretary called the roll on the Call of the Senate, all members being present.

On motion of Senator Greive, the Senate proceeded under the Call of the Senate.

SECOND READING

SENATE BILL NO. 317, by Senators Metcalf, Dore and Peterson (Ted):

Denying state reimbursement to school districts for certain compulsory bussing.

The Senate resumed consideration of Senate Bill No. 317, as amended on March 16, 1971.

Senator Donohue moved adoption of the following amendment:

On page 1, section 1, after "education" in the Ridder amendment following the word "in." on line 17, insert the following: "PROVIDED FURTHER, That this section shall not apply to those students being transported for extracurricular activities"

Debate ensued.

POINT OF INQUIRY

Senator Donohue: "Mr. President, would Senator Ridder yield? Senator, isn't it true that not all funds for transportation of extracurricular activity buses come from student body funds and athletic funds. Isn't there state funds also that are spent in this area?"

Senator Ridder: "It is most certainly true that in the school districts in the state of Washington there is considerable money in transportation sports-wise and extracurricular-wise that comes from state support. In some cases some school districts use a portion of their student body funds to do this to subsidize the program."

Further debate ensued.

The motion by Senator Donohue failed and the amendment was not adopted on a rising vote.

Senator Dore moved adoption of the following amendment by Senators Dore and Peterson (Ted):

On line 18, following section 1, add the following new sections:

"NEW SECTION. Sec. 2. There is added to chapter 223, Laws of 1969 ex. sess. and to chapter 28A.24 RCW a new section to read as follows:

Notwithstanding any other provision of law, after the effective date of this 1971 amendatory act, no school district board of directors shall require any student or pupil to be transported or assigned to another school for any purpose or for any reason without the written permission of the parent or guardian.

NEW SECTION. Sec. 3. If any provision of this 1971 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected."

Renumber the remaining section as section 4.

POINT OF ORDER

Senator Holman: "My point of order is that this amendment is beyond the scope and object of the bill and also embraces more than one subject. Speaking to the point of order, Mr. President, the bill which we have before us, Senate Bill No. 317, relates to the reimbursement by the state for certain activities of the school district and states that they shall not be reimbursed with state funds in the case of mandatory bussing. That is what it says and that is what the prime sponsor, Senator Metcalf, said just a moment ago.

"The amendment attempting to be put on the bill by Senators Dore and Peterson (Ted) is actually Senate Bill No. 9, if you will look in your bill book, which is an entirely different matter and has to do with the actual assignment for attendance by a school district and makes it illegal to do so. This is an entirely different question and for that reason I contend that it is beyond the scope and object of the original bill and therefore out of order."

MOTIONS

On motion of Senator Greive, the Senate dispensed with the Call of the Senate.

At 12:00 noon, on motion of Senator Greive, the Senate recessed until 1:45 p.m.

AFTERNOON SESSION

The President called the Senate to order at 1:45 p.m.

The President declared the Senate to be at ease until 2:10 p.m.

The President called the Senate to order at 2:10 p.m.

Senators Fleming, Holman and Greive demanded a Call of the Senate.

A Call of the Senate was ordered.

CALL OF THE SENATE

The Sergeant at Arms locked the doors of the Senate Chamber.

The Secretary called the roll on the Call of the Senate, all members being present.

On motion of Senator Greive, the Senate proceeded under the Call of the Senate.

SECOND READING

SENATE BILL NO. 317, by Senators Metcalf, Dore and Peterson (Ted):

Denying state reimbursement to school districts for certain compulsory bussing.

The Senate resumed consideration of Senate Bill No. 317 on second reading, the Point of Order as raised by Senator Holman on the pending amendment by Senators Dore and Peterson (Ted).

PRESIDENT'S RULING

The President: "The President in ruling on the point of order as raised by Senator Holman, finds that both Senate Bill No. 317 and the amendment proposed by Senators Dore and Peterson (Ted) pertains to the issue of mandatory bussing by school districts. The bill withholds state funds if the district buses students outside of the geographical area in which the student resides if the parent objects, and the amendment expressly forbids such bussing without parental consent. Although the approach to the subject is slightly different, the scope and object of the bill and the amendment are the same. The point of order is therefore not well taken."

Senator Francis moved adoption of the following amendment to the amendment by Senators Dore and Peterson (Ted):

Amend new section 2 of the amendment as follows: On the next to the last line of section 2, strike "without" and insert "over" and strike "permission" and insert "objection" Debate ensued.

The motion by Senator Francis carried and the amendment to the amendment was adopted.

Senator Holman moved adoption of the following amendment to the amendment by Senators Dore and Peterson (Ted):

On page 1, section 2, line 8, strike "or assigned"

POINT OF ORDER

Senator Dore: "I raise the point of order on the amendment to the amendment. It has been amended once and I think the matter is now before us. The subject of the amendment is to merely delete out one of the words, the word 'assignment' and of course that is very necessary to having teeth in this particular bill. Therefore I would raise the point of order if that is the amendment of Senator Holman that is now before us. It is an amendment to the bill and this is the second amendment that has been offered and so now it is proper at this time to bring forth before the body the amendment as amended for action."

PRESIDENT'S RULING

The President: "Senator Dore, the President finds that the amendment to the amendment proposed by Senator Holman is in order."

Debate ensued.

POINT OF INQUIRY

Senator Woodall: "Would Senator Holman yield to a question? Senator, for the record, is the purpose of this amendment to allow districts some latitude for reassignment under a limited set of conditions? Is that the purpose of the amendment?"

Senator Holman: "Yes, sir."

Senator Woodall: "You do not intend this amendment to give a school board a right to have someone transferred twenty miles away to comply with some kind of racial imbalance? That is not the purpose of your amendment?"

Senator Holman: "I do not have any intention on what the school board should do. I just simply object to the words 'or assign for any purpose' and the purpose that I want to cover here and specifically address myself to was the situation I outlined. I was not getting at any other situation."

Senator Woodall: "Which is when you have an overcrowding of numbers?"

Senator Holman: "That is one."

Senator Woodall: "And what is the other?"

Senator Holman: "Any time you want to change attendance areas for what seems to be valid reasons to the board of directors."

Senator Woodall: "Then you are saying that under your amendment if they suddenly say, 'We have a particular reason of our own we can do the very same thing that we are talking about.' In other words, under a broad construction then they could do anything they are doing now, under your amendment."

Senator Holman: "I think what you are getting at, you would like to say this: They may not be assigned to another school for purposes of redressing racial imbalances."

Senator Woodall: "Yes."

Senator Holman: "I am not getting at that. I am getting at the reasons you spoke to."

Senator Woodall: "All right. Thank you. That is in the record."

Further debate ensued.

POINT OF INQUIRY

Senator Canfield: "Will Senator Holman yield? Senator, not being an expert with words as you are, I would like to have you explain the real significance or the difference between striking 'assigned' or striking 'transported'. Do not they really mean about the same thing? Isn't the impact about the same, whether you transport them or whether you assign them?"

Senator Holman: "No, Senator, I do not consider those synonymous in any way. It seems to me assignment relates to establishment of attendance areas. My child is assigned to the Lake Forest Park Elementary School, we will say. That is a far different thing than saying that my child has to be transported at public expense to that school. That involves bussing and in other words just transportation. Assignment has to do with the legal structure of the school district into attendance areas. I think the way it reads in the amendment by Senators Dore and Peterson (Ted), it says you cannot assign them to another school for any purpose."

Further debate ensued.

POINT OF INQUIRY

Senator Stortini: "Will Senator Dore yield? Senator, I am concerned about how this amendment will affect Tacoma. In Tacoma we have voluntary bussing. We bus in and out fifteen hundred children. But in our central area we have forty-five students that are on a waiting list because they are new to that area and they are bussed out. It is mandatory bussing, and how will it affect these forty-five students? Are we going to lose our entire funds or are we going to lose the funds for the . . . ?"

Senator Dore: "Are the forty-five students willing to be bussed?"

Senator Stortini: "Not all of them are, but they are on that waiting list until."

Senator Dore: "Are they in the neighborhood school? Can they go to their own?"

Senator Stortini: "Some live right across the street."

Senator Dore: "Why cannot they go to their own school? But if they do not object, under this bill, then you can. This only under Senator Francis' amendment only applies to those parents who think it is not desirable for their child to be placed in mandatory bussing and if they do not object, you can bus them just as you are now. If they do object and they happen to be living within that particular neighborhood school, they have the right to go to school in that particular neighborhood school. That is all there is to it."

Senators Fleming, Bailey and Sandison demanded the previous question and the demand was sustained.

Senator Dore demanded a roll call and the demand was sustained by Senators Scott, Sandison, Mardesich, Gissberg, Murray, Francis, Twigg, Cooney and Connor.

The President declared the question before the Senate to be the adoption of the amendment by Senator Holman to the amendment by Senators Dore and Peterson (Ted).

ROLL CALL

The Secretary called the roll, and the amendment to the amendment was not adopted by the following vote: Yeas, 18; nays, 31.

Voting yea: Senators Atwood, Bailey, Clarke, Connor, Durkan, Elicker, Fleming, Foley, Gardner, Greive, Holman, McCutcheon, McDougall, Murray, Sandison, Washington, Whetzel, Wilson—18.

Voting nay: Senators Andersen, Canfield, Cooney, Day, Donohue, Dore, Francis, Gissberg, Guess, Henry, Herr, Huntley, Jolly, Keefe, Knoblauch, Lewis, Mardesich, Matson, Metcalf, Newschwander, Odegaard, Peterson (Lowell), Peterson (Ted), Ridder, Scott, Stender, Stortini, Talley, Twigg, Walgren, Woodall—31.

Senator Holman moved adoption of the following amendment to the amendment by Senators Dore and Peterson (Ted):

On page 1, section 2, line 8, after "directors" and before "shall" insert " , except as authorized or ordered by a court of competent jurisdiction."

Debate ensued.

The motion lost and the amendment to the amendment was not adopted.

The President declared the question before the Senate to be the adoption of the amendment by Senators Dore and Peterson (Ted) as amended.

POINT OF INQUIRY

Senator Ridder: "Would Senator Dore yield to a question?"

Senator Dore: "I will not yield."

Senator Ridder: "I am going to ask the question anyway. The question here is that I previously amended this to read 'for purposes of overcrowding' and now we find the words in the new amendment 'for any purpose or any reason' and it sounds to me like there is an inconsistency now within the bill that we allow for transportation when there is overcrowdedness and in this case would this take care of the overcrowded situation? Could you assign because of overcrowdedness because you are taking away the power of the previous amendment. That is why I am asking you."

Senator Washington demanded a roll call on the adoption of the amendment as amended and the demand was sustained by Senators Cooney, Woodall, Guess, Fleming, Donohue, Connor, Greive, Holman and Scott.

ROLL CALL

The Secretary called the roll, and the amendment by Senators Dore and Peterson (Ted), as amended, was adopted by the following vote: Yeas, 32; nays, 17.

Voting yea: Senators Andersen, Atwood, Canfield, Clarke, Cooney, Day, Dore, Francis, Gissberg, Greive, Guess, Herr, Holman, Huntley, Keefe, Knoblauch, Lewis, McDougall, Mardesich, Matson, Metcalf, Newschwander, Odegaard, Peterson (Ted), Scott, Stender, Stortini, Talley, Twigg, Walgren, Washington, Woodall-32.

Voting nay: Senators Bailey, Connor, Donohue, Durkan, Elicker, Fleming, Foley, Gardner, Henry, Jolly, McCutcheon, Murray, Peterson (Lowell), Ridder, Sandison, Whetzel, Wilson-17.

Senator Bailey moved adoption of the following amendment:

On page 1, section 1, line 11 after "district" and before "for" add "in class AA counties"

Debate ensued.

POINT OF INQUIRY

Senator Fleming: "Would Senator Woodall yield to a question? Senator, I am not too familiar with all the school districts and so forth in Yakima but you continue to express the concern about Granger. Are these school districts multi-high school districts? Do they have two or three high schools in them or are they that large?"

Senator Woodall: "No, the town of Granger has one high school. It is not a big city."

Senator Fleming: "Is it consolidated with some other school district?"

Senator Woodall: "No, they have . . ."

Senator Fleming: "Why would they be bussing kids away from their homes unless they are already bussing them there because that is the only high school in that school district?"

Senator Woodall: "I explained to you because they do come from rural areas. I explained to you the other day on the floor that so many of our Mexican people have seen fit to move in there that someone has now come out with a concept that because so many have moved in, they are now fifty percent of one race, that maybe they have to start bussing them out. They are talking of making them bus some students to Zillah and bus some from Zillah back. Do they have to have people from another district bussed in and others bussed out?"

Senator Bailey demanded a roll call and the demand was sustained by Senators Talley, Sandison, Connor, Greive, Washington, Stender, McDougall, Metcalf and Cooney.

ROLL CALL

The Secretary called the roll, and the amendment by Senator Bailey was not adopted by the following vote: Yeas, 21; nays, 28.

Voting yea: Senators Connor, Donohue, Durkan, Elicker, Fleming, Foley, Gardner, Greive, Henry, Jolly, McCutcheon, Murray, Odegaard, Peterson (Lowell), Sandison, Stortini, Talley, Walgren, Washington, Whetzel, Wilson-21.

Voting nay: Senators Andersen, Atwood, Bailey, Canfield, Clarke, Cooney, Day, Dore, Francis, Gissberg, Guess, Herr, Holman, Huntley, Keefe, Knoblauch, Lewis, McDougall, Mardesich, Matson, Metcalf, Newschwander, Peterson (Ted), Ridder, Scott, Stender, Twigg, Woodall-28.

NOTICE OF RECONSIDERATION

Having voted on the prevailing side, Senator Bailey served notice that he would at the

proper time move for reconsideration of the vote by which the amendment by Senator Bailey was not adopted.

REMARKS BY SENATOR MARDESICH

Senator Mardesich: "Should not the motion be made for immediate reconsideration in view of the fact that it is an amendment rather than the main question?"

Senator Andersen: "Speaking on the point—wasn't a point of order made or the equivalent of it?"

PRESIDENT'S REMARKS

The President: "The President believes that Senator Mardesich did make a point of order, Senator Andersen."

Senator Andersen: "It is my understanding that under Senate Rule 31 a motion to reconsider a vote on an amendment has to be made and decided at once."

PRESIDENT'S RULING

The President: "The President believes that reconsideration of a vote upon amendments may be made and decided at once. However, Senator Bailey wished to move that the matter be held on second reading calendar for tomorrow. Is that correct, Senator Bailey?"

REMARKS BY SENATOR BAILEY

Senator Bailey: "Mr. President, I withdraw my motion. Senator Greive, my parliamentarian, advises me that I am on shaky ground. I will withdraw it and then when we see how the vote comes out, I may ask for reconsideration of the final vote tomorrow."

There being no objection, the notice of reconsideration by Senator Bailey was withdrawn.

On motion of Senator Dore, the following amendment to the title by Senators Dore and Peterson (Ted) was adopted:

On line 3 of the title, after "RCW;" insert "adding a new section to chapter 223, Laws of 1969 ex. sess. and to chapter 28A.24 RCW;"

On motion of Senator Francis, the rules were suspended, Engrossed Senate Bill No. 317 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

Senators Stender, Greive and Holman demanded the previous question and the demand was sustained.

The President declared the question before the Senate to be final passage of Engrossed Senate Bill No. 317.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 317, and the bill passed the Senate by the following vote: Yeas, 33; nays, 16.

Voting yea: Senators Andersen, Atwood, Canfield, Clarke, Cooney, Day, Donohue, Dore, Francis, Gissberg, Greive, Guess, Herr, Holman, Huntley, Keefe, Knoblauch, McDougall, Mardesich, Matson, Metcalf, Newschwander, Odegaard, Peterson (Lowell), Peterson (Ted), Ridder, Scott, Stender, Stortini, Talley, Twigg, Walgren, Woodall—33.

Voting nay: Senators Bailey, Connor, Durkan, Elicker, Fleming, Foley, Gardner, Henry, Jolly, Lewis, McCutcheon, Murray, Sandison, Washington, Whetzel, Wilson—16.

ENGROSSED SENATE BILL NO. 317, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

EXPLANATION OF VOTE

March 23, 1971.

We, the undersigned, wish to explain our nay vote on Senate Bill No. 317, mandatory bussing, which passed the Senate today.

Without passing on the merits or lack of merits of mandatory bussing in the central city areas for purposes of racial integration, we are deeply concerned over the broad provisions of the bill which could possibly be used to deter (by objection of one or a small group of parents) the use of bussing of pupils to consolidated schools in rural areas. It is our fear that the minority, even though outvoted in a previous election, could disrupt the decision of the majority in the transportation of students in consolidated districts, and for that reason we have voted no.

Signed: Senator Robert C. Bailey, Senator Gordon Sandison.

MOTION

On motion of Senator Greive, the Senate returned to the fourth order of business.

Senator Woodall: "What is the amendment? Just adding House members to the Senate sponsored amendment?"

Senator Greive: "Senator, there reached a little problem of agreement between the House and the Senate as to who was to have the honor of being the sponsors and it was finally determined that we would pass their bill with all of their sponsors and then Senator Knoblauch would open up his bill. Next time around we are going to consider it immediately, all the Senate can sponsor it and everybody can be a sponsor."

A Call of the Senate was ordered.

CALL OF THE SENATE

The Sergeant at Arms locked the doors of the Senate Chamber.

The Secretary called the roll on the Call of the Senate, all members being present except Senator Foley who had previously been excused.

On motion of Senator Greive, the Senate proceeded under the Call of the Senate.

INTRODUCTION AND FIRST READING

SENATE BILL NO. 879, by Senators Durkan and Sandison:

An Act relating to the expenses and costs of the legislature including subsistence payments and expenses of members; making appropriations; and declaring an emergency.

Senate Bill No. 879 was read on March 23, 1971 and held.

MOTIONS

On motion of Senator Durkan, the rules were suspended and Senate Bill No. 879 was read the second time in full.

Senator Durkan moved the rules be suspended, Senate Bill No. 879 be advanced to third reading, the second reading considered the third and the bill be placed on final passage.

Debate ensued.

The motion failed on a rising vote.

At 11:55 a.m., on motion of Senator Greive, the Senate was declared to be at ease.

The President called the Senate to order at 12:05 p.m.

SENATE BILL NO. 879, by Senators Durkan and Sandison:

Making appropriations for expenses and costs of the legislature.

The Senate resumed consideration of Senate Bill No. 879 and the motion by Senator Durkan to suspend the rules and advance the bill to third reading.

POINT OF ORDER

Senator Clarke: "Under Rule 61 it is provided that each bill shall be read on three separate days unless the Senate deems it expedient to suspend this rule. Would it not take a suspension of rules under that rule?"

REMARKS BY SENATOR GREIVE

Senator Greive: "I think that Senator Clarke's motion is premature. I would suggest that we proceed with the consideration of this bill and if he wants to raise it just prior to the vote, that is his privilege, but there is no reason for raising it at this particular time."

REMARKS BY SENATOR ANDERSEN

Senator Andersen: "I object to this bill being considered out of order. According to the Senate rules we are on the fifth order of business which relates to introductions, first reading, reference of bills, memorials and resolutions and it takes a suspension of the rules to advance and we are objecting to it being advanced."

RULING BY THE PRESIDENT

The President: "Senator Andersen, your point is well taken but not timely. The Senate advanced to the eighth order of business when the President did not receive any objection."

REMARKS BY SENATOR WHETZEL

Senator Whetzel: "Mr. President, I objected. Perhaps you did not hear that way back here in the deep recesses of the chamber."

RULING BY THE PRESIDENT

The President: "I am sorry that the acoustics are so bad in here, Senator Whetzel, but the President did not hear you and besides the Senate could advance to the eighth order upon a simple motion."

POINT OF ORDER

Senator Clarke: "I do urge my point of order at this time under Rule 61."

RULING BY THE PRESIDENT

The President: "Under the provisions as designated in Rule 61, the point of order as presented by Senator Clarke is well taken. Senator Durkan, it would take a suspension of the rules to advance the measure."

MOTION

Senator Durkan moved that the rules be suspended and that the Senate do immediately consider Senate Bill No. 879.

REMARKS BY SENATOR ANDERSEN

Senator Andersen: "I would like to speak against the motion to suspend the rules when that is in order."

RULING BY THE PRESIDENT

The President: "Debate is not permitted on suspension of the rules, Senator Andersen. It has been moved by Senator Durkan that the rules be suspended, that the second reading be considered the third and that Senate Bill No. 879 be advanced to final passage."

PARLIAMENTARY INQUIRY

Senator Durkan: "Simple majority or two-thirds?"

REPLY BY THE PRESIDENT

The President: "Two-thirds majority is necessary to advance."

The motion by Senator Durkan that the rules be suspended, that the second reading be considered the third and that Senate Bill No. 879 be advanced to final passage lost on a rising vote.

PARLIAMENTARY INQUIRY

Senator Day: "We are under a Call of the Senate, Mr. President. Does not everyone have to vote?"

REPLY BY THE PRESIDENT

The President: "This was a standing vote, Senator Day. If there had been a roll call, all forty-eight Senators would have been required to vote. Senator Foley has been excused previously."

PARLIAMENTARY INQUIRY

Senator Andersen: "There is a Senate floor resolution on the Secretary's desk by Senators Elicker, Newschwander and myself and I am wondering if we have reached the point of order where that may be considered inasmuch as it relates to matters pertinent to the consideration of the budget bill. In other words, we want to consider that resolution prior to considering the budget bill."

MOTION

On motion of Senator Greive, the Senate returned to the fifth order of business.
Senator Andersen moved adoption of the following resolution:

SENATE RESOLUTION: 1971-EX-39

By Senators Andersen, Elicker and Newschwander:

WHEREAS, It is wrong to use state funds to handle the partisan political aspects of redistricting; and

WHEREAS, It is inappropriate to involve a publicly supported state university in such manner of redistricting; and

WHEREAS, It is improper to enter into a secret agreement involving the expenditure of tax monies;

NOW THEREFORE, It is hereby resolved that the annexed agreement dated February 2, 1971, between the Senate of this state and Washington State University be and it hereby is rescinded and declared null and void.

Dated this 2nd day of February, 1971.

By V. L. SHELTON
Vice President—Finance
Washington State University

By SIDNEY R. SNYDER
Washington State Senate.

POINT OF ORDER

Senator Dore: "I notice that the resolve asks the legislature to abrogate a private contract between parties, and under Article I, section 23, civil attainders, this legislature has never allowed, that is one of the founding tenets of our Constitution, to abrogate the right of contract. I will just read it to you briefly, 'No bill of attainder, ex post facto law, or law impairing the obligations of contracts shall ever be passed.' This being the case, the remedy, of course, is not possible here and we are wasting the Senate's time even suggesting this type of procedure."

REMARKS BY SENATOR ANDERSEN

Senator Andersen: "Speaking on the point of order, Senator Dore probably is better aware than anybody in the state of Washington that the courts decide questions of law. He has been in the courts on a number of matters and dealing in the supreme court across the street in a case yesterday. I do not believe the time has come when the President of the Senate rules on points of law. Whether this would be valid or invalid would be a question we would come to only after the resolution was passed. Therefore, the point of order is improper."

POINT OF INQUIRY

Senator Dore: "Senator Andersen, are you not trying to abrogate a private contract by this resolution?"

Senator Andersen: "It is a public contract and we do not believe it is a proper contract, or a legal contract and that is why we have put the resolution before this body. We would be pleased to point out our reasons when and if we have the opportunity to do so, Senator Dore."

Senator Dore: "Would not the proper way to do this be to take it to court and try to do it and not through a legislative act which is forbidden by the Constitution?"

Senator Andersen: "I believe it is appropriate that the Senate make a decision as to what the Senate's action will be."

RULING BY THE PRESIDENT

The President: "Senator Andersen, the President was considering the remarks made by the various Senators and was going to offer a ruling upon the point of order that you presented. Senator Dore may very well be right in his point of constitutional law but the President believes this is not a matter for him to decide."

Debate ensued.

POINT OF INQUIRY

Senator Clarke: "Will Senator Sandison yield? Senator, I understand then that you were privy to this agreement and participated in its preparation and negotiation."

Senator Sandison: "Yes, I was."

Senator Clarke: "Did you at any time discuss this with any member of the Republican side of the Senate?"

Senator Sandison: "No, I do not recall anyone being interested. It was a matter of

administration. When the request was made, the caucus was brought into it but there was no one from the Republican side that asked about it, but it would not have been withheld from them had they asked. It just did not seem that important. It was no more important than our telephone bill or our janitorial bill or anything else. As a matter of fact, it is much smaller."

Senator Clarke: "Is it not customary to discuss matter of expenditure with the other side of the aisle?"

Senator Sandison: "I have never known it to be. As a matter of fact, this is the first personal service contract that I have seen here as such. I do not think it is customary."

Senator Clarke: "Senator, are you prepared to say on the floor at this time that you feel that Republican members did have knowledge prior to the time that it was discovered in the last day or two of the existence of this contract?"

Senator Sandison: "I would say you certainly must have had some knowledge. As I recall it was debated in the first budget bill and it was also in the press but I do not think each of you received a letter or anything like that."

Senator Clarke: "Did I understand you to say, Senator, that this particular contract was discussed or debated in connection with the first budget bill?"

Senator Sandison: "No, I think the whole process of redistricting was and this was a part of it."

Senator Clarke: "Now my specific question, Senator, was as to whether you had any reason to believe that any member of the Republican side of the Senate had any knowledge of this particular contract."

Senator Sandison: "I do not know what went on in the Committee on Constitutions, Elections and Apportionment. That was the committee involved with this and I have no knowledge of whether or not anyone was involved in that committee. As far as I am concerned, when the Secretary of the Senate, Senator Bailey and some of the others of us looked at it, we did not even think of talking to anyone else about it. It was a fairly simple contract."

Senator Clarke: "Well, Senator, again to be a little more specific, can you specifically name any Senator on our side of the aisle who did have specific knowledge of this particular contract?"

Senator Sandison: "You might ask that question of Senator Greive or someone on the committee that was involved in it, but no, I have no knowledge but as I say it was a simple procedural matter and so we did not think it was necessary."

Senators Ridder, Greive and Day demanded the previous question and the demand was sustained on a rising vote.

Senator Andersen demanded a roll call and the demand was sustained by Senators Andersen, Lewis, Peterson (Ted), Whetzel, Murray, Metcalf, Clarke, Scott and Newschwander.

The President declared the question before the Senate to be the adoption of Senate Resolution 1971-EX-39.

ROLL CALL

The Secretary called the roll, and the resolution was not adopted by the following vote: Yeas, 20; nays, 29.

Voting yea: Senators Andersen, Atwood, Canfield, Clarke, Elicker, Guess, Holman, Huntley, Lewis, McDougall, Matson, Metcalf, Murray, Newschwander, Peterson (Ted), Scott, Stender, Twigg, Whetzel, Woodall—20.

Voting nay: Senators Bailey, Connor, Cooney, Day, Donohue, Dore, Durkan, Fleming, Foley, Francis, Gardner, Gissberg, Greive, Henry, Herr, Jolly, Keefe, Knoblauch, McCutcheon, Mardesich, Odegard, Peterson (Lowell), Ridder, Sandison, Stortini, Talley, Walgren, Washington, Wilson—29.

MOTION

On motion of Senator Greive, the Senate dispensed with the Call of the Senate.

NOTICE OF INTENT

Notice was received from Senator Andersen that he will file a protest for the record on Senate Resolution 1971-EX-39.

PERSONAL PRIVILEGE

Senator Ridder: "It seems to me at the rate of three hundred and fifty dollars an hour, this is a damned silly way to run a ship."

MOTION

At 12:50 p.m., on motion of Senator Greive, the Senate recessed until 2:00 p.m.

AFTERNOON SESSION

The President called the Senate to order at 2:00 p.m.

PARLIAMENTARY INQUIRY

Senator Holman: "Mr. President, in view of the action taken by the Senate just before lunch, would it be the President's ruling as presiding officer of the Senate that we have in effect formally ratified the contract between the Senate and Washington State University?"

REPLY BY THE PRESIDENT

The President: "The President does not believe any action of that particular type has been taken, Senator Holman."

PARLIAMENTARY INQUIRY

Senator Holman: "Mr. President, I had in mind the analogy of when we are voting on a question of not concurring with a House amendment to a Senate bill when that fails to pass, it is taken as a concurrence. Since this was a vote on rescinding a contract and it failed to pass by twenty-nine to twenty, I was wondering if you would rule whether we had in effect formally ratified that contract."

REPLY BY THE PRESIDENT

The President: "The President has made no such ruling, Senator. But that does not necessarily mean that the President does not approve of the Senate action."

PARLIAMENTARY INQUIRY

Senator Holman: "Then it would be open in case of litigation arising over this contract to assert that it has not been formally ratified or even approved by the Senate?"

REPLY BY THE PRESIDENT

The President: "The President believes that is something for the courts to decide, Senator, if litigation does ensue."

Senator Holman: "Thank you, Mr. President."

POINT OF INQUIRY

Senator Canfield: "I think there is always a great temptation to build some kind of a protective wall around one's own business and we are having it on an international scale where the United States is having some problems or where we are not willing to accept foreign competition. We would rather keep our wage scales and our working conditions to a point where we cannot compete with places like Japan in the making of automobiles and cameras and technical electrical equipment and the like.

"I would like to point out that California does have that advantage of climate and there is no use denying that, Senator Stender. They always have had it and every time I have been down in California they seem to be booming in the building of new facilities and people are moving in there in droves because largely of the climate and working conditions which is a natural advantage of the state of California.

"I wanted to point out one little incident that illustrates what happens when we try to make these protective deals. Quite a number of years ago the state of Oregon used to sell quite a few strawberries in the state of California and California did not like the competition so they proposed a bill in the California legislature to prevent any importation of strawberries unless the bottom of the strawberry box was on the bottom. Now that seems kind of a phony but most strawberry boxes, you know, hold about a pint and the bottom is up inside it. The strawberries can bounce. It takes the shock of the berries rattling around and they do not get bruised. Anyway, California says, no you cannot ship them in anymore, you have to put the bottom on the bottom or you cannot send them into California.

"Now that distressed the Oregon people because they would have had to change all their milling practices and all their packing practices and all their marketing practices and they did not know what to do until finally they hit on a bright idea. No citrus fruits coming into the state of Oregon unless each individual fruit is stamped with the name of its variety and its weight to the nearest gram. Well, that cooled off the California strawberry deal in a hurry and the point of it was, they compromised.

"Senator Stender, I am wondering if maybe the Washington hiring conditions on labor for instance, the cost of labor and things like that could not be considered so that the state of Washington could get a real competitive bid. I would like to have you point an answer to that if you would. Why cannot we give a competitive bid?"

Senator Stender: "Senator, I thought I had spoken to that subject. I will try to cover it again and maybe I can make it a little clearer. First, you have already read the bill and you understand that the triggering is, that is based on the question of unemployment as it, Washington state's unemployment relates to the national average. I think you already understand that the statistics from the employment security department report, unemployment is over twelve percent in this state. I think we would all feel pretty bad if our responsible bidders in this state lost this job by ten thousand dollars. Under the law the way it is now written, if a California bidder was ten thousand dollars lower than our bidder, we would lose.

"Now let us talk about the question that has to do with competitive bidding. The salary and wage question. I happen to be very close to that for the last twenty-five years. The agreement that covers the shipbuilders in Seattle covers the Pacific coast as far south as San Francisco. The shipbuilders below that line are under a different agreement. I should make it clear the two in Seattle that have capability are Lockheed and Todd shipyards. Todd has a shipyard in San Diego and they have one in Galveston and also in New York. But this bill, as you will see, this amendment provides they must build here if they get this bid. San Diego is in a low pay wage area. We are in a high wage area in San Francisco and in Seattle and Portland and this Pacific slope is basically a high wage area in relation to other areas, particularly the Gulf area and the southern California area.

"Now in answer to your other question on cost. Weather makes a great difference in shipbuilding. I think you know the weather in western Washington just as I do. You have

been over here now quite a bit and this erecting of a ship out in the open with the water, rain and sometimes snow, wind, adversely affects costs in production. No way we can control that. Those are the factors that are involved and I say that this measure is not what Senator McDougall says. Senator McDougall is talking about apples. We are talking about ships and there is a difference. This measure is an emergency measure. We are in emergent times economically and it should be supported."

POINT OF INQUIRY

Senator Bailey: "Mr. President, I would like to ask Senator Wilson a question? Senator, I am not trying to foul up your bill but does this give veteran's preference rights to those veterans that do not qualify under the federal act? In other words, do they have to have a certain period of time in service before they qualify for veteran's benefits? Does this give

state veteran's benefits to those people that are less than one year or six months and give them rights in the state they do not get out of the federal government?"

Senator Wilson: "Senator Bailey, if I understand your question correctly, my answer would be that the language in this amendment pertains only to determining the total length of an individual's service and state affiliation for purposes of determining his place in the layoff register."

The motion by Senator Wilson carried and the amendment was adopted.

On motion of Senator Wilson, the following amendment was adopted:

On page 5, section 2, line 20 after "States" and before "who" insert "or who has less than one year's service and is discharged with a disability incurred in the line of duty or is discharged at the convenience of the government and"

SIGNED BY THE PRESIDENT

The President signed:
 SENATE BILL NO. 163,
 SENATE BILL NO. 219,
 SENATE BILL NO. 249,
 SENATE BILL NO. 515,
 HOUSE JOINT MEMORIAL NO. 15.

SPECIAL ORDER OF BUSINESS

The time having arrived, the Senate commenced consideration of the motion for reconsideration by Senator Holman.

Having voted on the prevailing side and having given prior notice, Senator Holman moved that the Senate do now reconsider the vote by which Engrossed Senate Bill No. 317 passed the Senate.

Debate ensued.

POINT OF INQUIRY

Senator Murray: "Will Senator Holman yield to a question? Senator, as one of our leading constitutional authorities, what do you feel that the courts will probably react if this is brought in front of the courts?"

Senator Holman: "Senator Murray, trying to predict how a court would act on any given piece of legislation is risky business. However, in addition to the constitutional arguments that were made a few days ago, we were there talking about the interpretation by the United States Supreme Court of an implementation of their famous opinion in Brown vs. Board of Education in 1954. That of course is a question that we all realize is before the supreme court at the present time. We do not know how they are going to rule on this specific question but there are other constitutional problems besides that one.

"In our own state, for example, our courts have many times thrown out statutes on the ground of vagueness and I cannot think of any better candidate for being thrown out on the ground of vagueness than Engrossed Senate Bill No. 317, particularly section 2. I think Senator Metcalf made the best argument that I could possibly make. We just do not know how it would be interpreted. The words are: You cannot be transported or assigned to another school. Another school—what is that: Do you mean other than in his neighborhood? You do not say that. Do you mean other than in his district? You do not say that.

"I think this is a beautiful instance where the supreme court of our state would throw that one out. Now just to make perfectly clear what I am trying to do here so you all know, section 1 of this bill I could have supported because as I said many times, I do not believe in forced transportation but section 2 is another matter and there we are dealing with the power and authority of a school district to assign children around as circumstances require for various purposes. I do not think you have this nailed down as to what you are really getting at and for that reason I hope you will support the motion to reconsider."

Further debate ensued.

POINT OF INQUIRY

Senator Washington: "Would Senator Holman yield? Senator, as I understand it, the reason for your motion is to put this bill back on second reading for the sole and specific purpose of removing the amendment by Senator Dore. Is that correct?"

Senator Holman: "Either removing it or making an amendment to it."

Further debate ensued.

POINT OF INQUIRY

Senator Ridder: "Would Senator Metcalf yield? Senator, you know at the beginning of the hearing on this bill we placed an amendment on it dealing with the overcrowding."

Senator Metcalf: "Yes."

Senator Ridder: "And now we find that in the new amendment that was passed, 'for any purpose or any reason.' Now this produces an ambiguity. Is it your understanding that with this new material that still the overcrowding exists, we will bus past that school?"

Senator Metcalf: "It is my understanding that the overcrowding issue is handled in section 1. Section 2 did not deal with the overcrowding specifically and in section 2 does

say 'transported or assigned to another school for any purpose or any reason'. So it does not take into consideration the measure of overcrowding. I believe the bill is all right the way it is."

Senator Ridder: "I would like to settle this problem of intent before a vote on a reconsideration. Would you feel that that second section, or the first amendment would carry over into this one in this bill?"

Senator Metcalf: "I am no lawyer but I think that it would not. Section 2 would stand by itself."

Senators Greive, Atwood and Sandison demanded the previous question and the demand was sustained.

Senators Holman, Greive and Ridder demanded a Call of the Senate.

A Call of the Senate was ordered.

CALL OF THE SENATE

The Sergeant at Arms locked the doors of the Senate Chamber. The Secretary called the roll on the Call of the Senate, all members being present.

On motion of Senator Greive, the Senate proceeded under the Call of the Senate.

Senator Holman demanded a roll call and the demand was sustained by Senators Greive, Ridder, Woodall, Peterson (Ted), McDougall, Cooney, Clarke, Newschwander and Murray.

The President declared the question before the Senate to be the motion for reconsideration by Senator Holman by which the Senate passed Engrossed Senate Bill No. 317.

ROLL CALL ON MOTION FOR RECONSIDERATION

The Secretary called the roll and the motion for reconsideration failed by the following vote: Yeas, 18; nays, 31.

Voting yea: Senators Bailey, Clarke, Connor, Durkan, Elicker, Fleming, Foley, Gardner, Henry, Holman, Jolly, McDougall, Murray, Ridder, Sandison, Washington, Whetzel, Wilson-18.

SECOND READING

SPECIAL ORDER OF BUSINESS

SENATE BILL NO. 857, by Senator Wilson:

The time having arrived, the Senate resumed consideration of Senate Bill No. 857, as amended on March 24, 1971.

MAJORITY recommendation: Do pass with the following amendment:

The resolution was read the second time in full.

On motion of Senator Greive, the committee amendment was not adopted.

Senator Gardner moved adoption of the following amendment by Senators Gardner, Lewis, Greive, Elicker and Andersen:

The provisions of Article XII, section 9 [, and Article VIII, section 1.] insofar as they are inconsistent herewith are hereby repealed."

POINT OF INQUIRY

Senator Stender: "Would Senator Gardner yield? Senator, as I understand the amendment, you have added 'except for a public purpose as authorized by law'. That is the underlined language in this proposed amendment. How do you define public purpose under law?"

"In other words, it is my understanding that we were going to lend the credit of the state, it could very well be for a private corporation. Is that language going to bar that private corporation from getting the credit of the state?"

Senator Gardner: "No, Senator Stender, it was just our feeling, Senator Holman may wish to speak on this because he has his opinion also, but by putting the words 'except for a public purpose' in the amendment, it would be clearly understood by the voters that if the state's credit is lent, it would be for a public purpose and not necessarily to further private interests. It would be in the interest of the state that this measure was taken."

Senator Stender: "Maybe Senator Holman would like to answer my question. Would a private profit-making corporation qualify in the language you have here as a public purpose?"

Senator Holman: "I believe, Senator Stender, that the answer is that they would qualify as a recipient or a borrower or a party to whom a loan is guaranteed. The public purpose though would have to be, in my opinion, identified in the law as being something for the good of the state. It just could not be the good of the corporation. It would have to be something like an industrial development to build up the state job force.

"I think the answer to your question is that any individual firm, corporation or municipal corporation can be the object of what is going to be done but the subject of it must be for a public purpose."

POINT OF INQUIRY

Senator Stender: "Would Senator Greive yield to a question? Senator Greive, would you care to answer my previous question to Senator Holman?"

Senator Greive: "The answer to this is that what we hope to institute is something that I have been working on for almost eleven years and that is basically a public finance corporation. Now there are various types in various states. Some twenty-six states have one version or another of this. Just as the bill you and I sponsored yesterday was in the public interest to give a little edge to a local firm because we have a lot of unemployment. So the Washington State Senate passed a bill in which it said that notwithstanding the fact that some of the highway people and that Senators McDougall and Canfield felt that this might not be a good thing, it was in the public purpose to permit them to get a little advantage so that we could put some boilermakers to work and so that we could help our sagging economy.

"Now the same sort of action would have to be taken by another session of the legislature in which we would find that the lending of the credit namely making certain loans, restricted loans under certain circumstances, are in the public interest. Under those circumstances then we could extend the credit, namely the legislature could, we or some successors."

Senator Greive moved adoption of the following amendment to the amendment by Senators Gardner, Lewis, Greive, Elicker and Andersen:

On the 8th line of the amendment after "law" and before the period insert:

"*PROVIDED, HOWEVER, That the amount of such credit shall not exceed two percent of the arithmetic mean of general state revenues for the three preceding biennia, and the amount of credit extended in aid of any individual, association, company or corporation shall not exceed ten percent of the aggregate amount authorized pursuant to this section: PROVIDED, FURTHER, That the term "general state revenues" when used in this section, shall include all state money received in the treasury from each and every source whatsoever except: (1) Fees and revenues derived from the ownership or operation of any undertaking, facility, or project; (2) Moneys received as gifts, grants, donations, aid, or assistance or otherwise from the United States or any department, bureau, or corporation thereof, or any person, firm, or corporation, public or private, when the terms and conditions of such gift, grant, donation, aid, or assistance require the application and disbursement of such moneys otherwise than for the general purposes of the state of Washington; (3) Retirement system funds, and performance bonds and deposits; (4) Trust funds including but not limited to moneys received from taxes levied for specific purposes and the several permanent and irreducible funds of the state and the moneys derived therefrom but excluding bond redemption funds; (5) Proceeds received from the sale of bonds or other evidences of indebtedness.*"

Debate ensued.

POINT OF INQUIRY

Senator Canfield: "Senator Gardner, as I read your amendment, the state's credit shall not in any manner be loaned except for public purpose as authorized by law. My question to you then is this, cannot we by law authorize any loan for any purpose if we so say in the law?"

"Senator Gardner: "The answer is yes. However, the reason that we have restored the language and put it as it is in my amendment is that when we ran a small sample of the language we came across the problem that Senator Ridder referred to which was that people were nervous about the openness of it.

"So we came to the conclusion, and somewhat reluctantly, Senator Canfield, that if we restored the negative language and put 'except as provided for public purposes authorized by law,' it would lend a confidence to the bill and help its passage."

Senator Canfield: "As I get it from your answer then that the legislature could loan to any organization, to any individual for any purpose as long as they say it is a public purpose, they could do that and according to Senator Greive's amendment they could only do it to a limited extent."

Senator Gardner: "That is correct."

Further debate ensued.

POINT OF INQUIRY

Senator Washington: "Could Senator Gardner yield to a question? I am sorry but I had way too many copies of amendments on my desk and was not able to follow the initial talks that were given. As I read your amendment you do not want Article VIII, section 1, removed from the Constitution?"

Senator Gardner: "That is correct."

Senator Washington: "One other question. You would leave in the present debt limit of four hundred thousand dollars?"

Senator Gardner: "That is correct."

The motion by Senator Greive carried and the amendment to the amendment by Senators Gardner, Lewis, Greive, Elicker and Andersen was adopted.

On motion of Senator Whetzel, the following amendment to the amendment by Senators Gardner, Lewis, Greive, Elicker and Andersen was adopted:

Following the amendment to the amendment by Senators Gardner, Lewis, Greive, Elicker and Andersen, insert the following:

“: PROVIDED FURTHER, The amount of such credit may exceed the limits specified herein if, at a general election, a proposal to exceed such limits for some single work or object to be distinctly specified therein and for a period not to exceed thirty years from the time the credit is given or loaned, receives a majority of all votes cast for and against it at such election.”

Senator Holman moved adoption of the following amendment to the amendment by Senators Gardner, Lewis, Greive, Elicker and Andersen:

On line 8 of the amendment, after *“authorized”* strike *“by law”* and insert *“upon the affirmative vote of sixty percent of the members of each house of the legislature”*

Debate ensued.

PARLIAMENTARY INQUIRY

Senator Stender: “We passed the Greive amendment to the Andersen amendment but as I understand it we have not as yet acted on the Gardner, Lewis, Greive, Elicker and Andersen amendment. Is that correct?”

REPLY BY THE PRESIDENT

The President: “That is true. This is still an amendment to the Gardner, Lewis, Greive, Elicker, Andersen amendment, Senator Stender.”

The motion by Senator Holman carried and the amendment to the amendment by Senators Gardner, Lewis, Greive, Elicker and Andersen was adopted.

Senator Holman moved adoption of the following amendment to the amendment by Senators Gardner, Lewis, Greive, Elicker and Andersen:

After the amendment to the amendment by Senators Gardner, Lewis, Greive, Elicker and Andersen insert:

“: PROVIDED FURTHER, That where the state makes direct loans to any individual, association, company, or corporation for the financing of such public purpose, they may be extended only upon such terms with respect to security and repayment as are no less favorable to the state than any other credit obtained by such individual, association, company, or corporation for the financing of said public purpose.”

Debate ensued.

POINT OF INQUIRY

Senator Guess: “Would Senator Greive yield? Senator, your comments and those of Senator Washington leave me somewhat in a quandary. I am generally in favor of these amendments that you have but how can you have a double first mortgage, if you please?”

Senator Greive: “You cannot.”

Senator Guess: “Senator Washington was saying that you have first mortgages, second mortgages. That I understand. But how do you have a mortgage with repayment no less favorable to the state than anybody else? Somebody has to come first.”

Senator Greive: “The difference is that we are dealing here with a direct loan and not with a guarantee. In other words, if this bill were a guarantee, if we make a guarantee, the bank will lend the money. Our idea is never that—now mind you when I say ‘our’ I am not saying I speak for all of the committee and we have been considering this thing for a number of years. Basically the question is whether you make direct loans.

The motion by Senator Holman carried and the amendment to the amendment by Senators Gardner, Lewis, Greive, Elicker and Andersen was adopted.

“Now for instance, in Pennsylvania they make direct loans. In a number of southern states, Mississippi, maybe you are familiar with, they make direct loans there. We are not even talking about direct loans. It is quite another thing to have an emotional situation. We have a lot of unemployment and as people concerned and we might get wrought up and grant two hundred million dollars to build the SST if we had that kind of money. So this cuts out that prerogative and it makes it just that much tighter. You cannot have any direct loan. This does not mean that you cannot have a guarantee and it does not mean that you could not have interim financing because if the interim financing had to be paid back exactly the same as your long term financing, you would never have any interim financing and you would never have any business at all.

"So this is just another good firm restriction. Now what Senator Washington said is a little different attitude and it is certainly a legitimate attitude. Approximately fifteen states take the very attitude he espouses. They say, 'We should have a right to participate with the federal government. We should have the right to make direct loans. We should have the right to get all federal money.' But the point is that his approach is just a trifle more risky than what we are proposing, or at least Senator Holman is proposing. I say, as I have said before, let us make it restrictive but let us be able to do it."

Senator Guess: "Question. Senator Greive, you have confused me now. This says further that where the state makes direct loans."

Senator Greive: "Maybe I did confuse you and it is probably my fault. What I meant to say, if I did not say it, was that if the state makes direct loans, they have to pay it back just like any other loan. Furthermore the state will not make very many direct loans to business because then that means that the business could not go out and get a ninety-day loan because if they had to pay that in ninety days, they would have to pay this back so this in effect kills direct loans."

POINT OF INQUIRY

Senator Atwood: "Would Senator Holman yield? Senator, I have been looking at this provision and I was thinking about the student loan program."

"Is Senator Greive right in his statement that this would preclude the state from making any individual loan in this area where one agency or one student has a security instrument and he has not gotten anything else to give security on, it would seem to me this would preclude the state from making any loan to that particular student."

Senator Holman: "No, I do not think Senator Greive meant that. I do not think he said that. I think this says that when a person has a direct loan from the state and also a direct loan from some other source for the same public purpose, then they have to be paid back together. In other words, let us take an example. Suppose a student borrowed a thousand dollars from the bank and he also was entitled to a thousand dollars from the state under some student loan program such as Senator Whetzel might hope to provide. Then what this would do would be to say that as he pays back the one he will pay back the other. In other words, the terms will be *pari passu*, a Latin phrase meaning in equal steps."

Senator Atwood: "One further question. The way I read your particular amendment, it contemplates the loan being made by the state and the other financing agency at the same time. Is that a fair statement?"

Senator Holman: "It has to be in connection with the same public purpose, the same particular thing."

Senator Atwood: "What about the interest rates? If the student was paying six percent to the bank, he would have to pay six percent to the . . ."

Senator Holman: "No, I did not say anything about interest. I very carefully said just security and repayment."

The motion by Senator Holman carried and the amendment to the amendment by Senators Gardner, Lewis, Greive, Elicker and Andersen was adopted.

The President declared the question before the Senate to be the adoption of the amendment as amended.

The motion by Senator Gardner carried and the amendment, as amended, was adopted.

On motion of Senator Greive, the rules were suspended, Engrossed Senate Joint Resolution No. 22 was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Walgren: "Would Senator Greive yield to a question? Senator, is it your intent and belief that the term 'corporation' includes municipal corporations?"

Senator Greive: "Certainly. I think this is almost inherent."

Further debate ensued.

POINT OF INQUIRY

Senator Andersen: "Will Senator Durkan yield to a question? Senator Durkan, with your leave and the leave of the Senate, I would like to read a brief statement by way of preface to my question."

"This is from the Seattle Times. It is an article entitled 'Could State Finance SST Project' and this is what the article says in the Seattle Times, March 19. 'Two top state political leaders say it is possible Washington may temporarily finance the supersonic transport development project if federal appropriations are withheld. Both Governor Evans and a leading contender for his office in 1972, Senator Martin Durkan, Issaquah Democrat, said yesterday it was possible the state could partially bankroll the Boeing Company project.'

Durkan in San Francisco said it would be necessary to pass a state constitutional amendment removing prohibitions against use of the state's credit by private industry. If that were passed we could provide temporary aid for the project,' Durkan said. 'It would obviously permit us to do something.' "

"In other words, Senator Durkan, you said as I understood it when it appeared the SST was going to go down the tube, as it now appears to have done in the federal Congress, that a measure such as the one presently before us would obviously permit us to do something.

"Now my question to you, Senator, after that preface is: Is a fair interpretation of that comment that you made the other day and of your present position which you have expressed as being against this measure, which of course would permit us to do something about the SST, that you now do not want the state to do anything about the SST program?"

Senator Durkan: "Mr. President and members of the Senate and the minority leader of the Republican Party, I appreciate your concern, and while I cannot speak directly for the Governor, I understand that the Governor has already informed the Associated Press that he was misquoted, or out of context as to the intent of what he meant by it.

"When I was questioned in San Francisco, and I think that if you will read on there, Senator, which you did not, I pointed out that before any such undertaking would ever be had by this Senate, there would be much in depth debate and long hearings held on the matter.

"Also in the article, at no time did I say that I was going to vote for it, I said if Senate Joint Resolution No. 22 passes and that is what I meant, there are some here on the floor and Senator Greive was under the impression that I had agreed to vote for Senate Joint Resolution No. 22 and I am sorry that he had that impression because I do not recall telling him that I was going to vote for it and if I did misimpress him or you, Senator, I am sorry.

"What I said before are my statements on the Senate floor. I think that what I said to the Associated Press, and it reflected my feelings is that if Senate Joint Resolution No. 22 passed perhaps this would be a method by which we could help. If you are asking me do I think that we can fund the SST over Bellevue Community College where you come from, my answer would be no. I do not think we can. If you are asking me do you think that we can fund the SST over the problems of shelter and medical aid to the working poor, my answer is no, I do not think we can. But if you are asking me, Senator, am I willing to do everything I can to help those people who are going to be affected by the termination of the SST, my answer is yes. I have in the past and will continue."

Senators Huntley, Talley and Greive demanded the previous question and the demand was sustained.

The President declared the question to be the final passage of Engrossed Senate Joint Resolution No. 22.

The Secretary called the roll on the final passage of Engrossed Senate Joint Resolution No. 22, and the resolution failed to pass the Senate by the following vote: Yeas, 23; nays, 26.

PROTEST FOR THE SENATE JOURNAL

(Filed with the Secretary of the Senate on March 25, 1971, pursuant to Senate Rule 26)

We fear that a prevailing symptom of our times is that many people have become so cynical as to shrug off the expenditure of public monies for a private purpose as a matter unworthy of notice.

An instance of this kind occurred in the Senate on March 24, 1971, when the Democratic majority voted down Senate Floor Resolution 1971-EX-39, after also voting to gag the Republican Senators to prevent their being able to fully discuss the matter on the floor of the Senate. The undersigned Senators protest both such vote and such gag action.

These events occurred in this fashion. Republican Senators discovered the existence of a secret agreement entered into by the Secretary of the Senate at the direction of the Senate's majority leadership and Washington State University almost two months earlier. Not one Republican Senator was privy to the agreement or had knowledge of it.

The agreement called for a down payment expenditure of \$6,654 in public funds for phase one of work on the political aspects of redistricting. Phase two of the agreement was completely open ended as to the amount to be spent and is to be paid for at cost plus 10%.

The mentioned Resolution by Senators Andersen, Elicker and Newschwander called for the Senate to rescind this agreement and to declare it null and void.

The tactics used by the Democratic majority to sweep this unpleasant disclosure under the rug were: first, to allow a number of Democratic members of the Senate to be recognized for the purpose of asking a number of questions of the Republicans; secondly, to close off debate without giving the Republicans (who were trying to be recognized) the opportunity to answer; and thirdly, to promptly vote down the Resolution without permitting further debate.

As a part of our protest against such actions, we hereby list the questions posed to us together with our answers which the majority by its gag rule prevented us from stating on the floor of the Senate:

Question: What's wrong with using public funds for redistricting purposes; the Constitution requires us to redistrict, doesn't it?

Answer: Art. II, Sec. 3 of our State Constitution requires that after each census the Legislature redistrict "according to the number of inhabitants". The Constitution does *not* require or permit us to redistrict according to Republicans or Democrats. The census data with regard to population is public business and that is why it is already on state computers and available to all members of the Legislature. The putting of information as to numbers of Republicans and Democrats in each precinct or census tract into computers is a purely private function of the respective political parties and should not be paid for with public monies.

Question: Well, the Republicans are using a computer to work on the partisan aspects of redistricting aren't they, so why shouldn't the Democrats do the same?

Answer: The Republican State Central Committee has a contract with a private computer firm for which it is paying. The whole point is that the Democratic State Central Committee can do exactly the same thing, but will not do so as long as nobody objects to the taxpayer reaching into his somewhat tattered jeans to pick up the tab to do this.

Question: Why all the fuss? After all, its only \$6,654.

Answer: No it isn't! In such brief debate as the Democrats permitted, they admitted that over \$11,000 had already been expended under this contract and that there was no end in sight. The \$6,654 figure is only the down payment. The contract is a "cost plus" contract and has *no limit* on the funds that can be spent. Also, we doubt that anyone really needs reminding that the state of Washington is in the throes of a severe economic slump, and that the Legislature has a mighty struggle just to come up with enough money to provide for schools, colleges, institutions and old folks.

Question: But why the big flap about WSU being involved?

Answer: Because it is a tax supported university, using a tax purchased computer, tax purchased supplies, and tax paid operators and statisticians. One of the Democratic Senators stated on the floor that they had checked with private computer companies and found that these were over five times as expensive as WSU. This indicates the extent of state subsidization of the WSU computer operation. Thus, the true cost to the taxpayers of this project to date is not \$11,000 at all but is closer to \$55,000 and is apparently just getting started.

Question: But after all, the Republican controlled House has an appropriation for contract services and computers, don't they?

Answer: Yes, they do, but they aren't using it for private, partisan redistricting purposes. This Senate-WSU contract probably explains why the Senate's Budget has 85% more money for contract services, than does that of the House. It also goes a long way toward explaining why the Senate's operating expenses budgeted during the Regular Session were some \$28,000 per member as compared with the House's operating expenses per member of well less than half that.

Question: But isn't it true that several years ago a former employee of the Republican State Central Committee used the WSU computer to work on a thesis he was writing on redistricting when he was studying at WSU for an advanced degree in political science?

Answer: If one man uses a wooden match to light a cigarette, does this justify another in burning down a building? The work done at WSU was part of a University approved research project aimed at discovering a method of programming a computer so that votes in a given county or legislative district could be scientifically "weighted" to discover the political complexion of the area involved. After much trial and error such a formula was developed and was widely disseminated and commented on by political scientists. It has subsequently been used by both political parties. This was done long before the last Federal Census had been taken and which is the basis for current redistricting efforts and at no time were any funds, public or private, used to make any political analysis of census data.

Question: Be candid now, aren't your complaints just so much "Politics"?

Answer: And that my friends, demonstrates exactly what the majority party here in the Senate appears to completely have lost sight of—that "politics" is "government"—that government is by and for the people—and that it is just such little tricks as this secret contract that is causing the people to distrust their government and its institutions.

Dated at Olympia, Washington this 25th Day of March, 1971.

STATEMENT FOR THE JOURNAL IN REPLY TO PROTEST FILED BY REPUBLICAN SENATORS MARCH 25, 1971

In the "protest" filed with the Secretary of the Senate on March 25, 1971, signed by fifteen Republican Senators, the accusation is made that Democrats attempted to "gag" the Republicans in their presentation of Senate Resolution No. 1971-EX-39.

The minutes will clearly show that this charge is untrue. Several Republicans were recognized by the President of the Senate and allowed to speak on the matter, as well as to question Senator Sandison. The answers to these questions, as well as the unrecorded remarks of Senator Bailey and Senator Greive, pointed out that the contract referred to was not secret. As a matter of fact, at the time the contract in question was negotiated with Washington State University, the matter was even publicized in the press. For instance, the following article appeared in the *Spokane Chronicle* on February 4, 1971:

"COMPUTERS AT W.S.U. TO ASSIST LEGISLATURE

"Computers at Washington State University will help the legislature with its redistricting problems. Senator R. R. Greive, Democrat, Seattle, Majority Floor Leader in the Senate said today.

"A contract is being signed this week, he said, to process a considerable amount of material through the university computer dealing with factors other than population count.

"We have to consider things other than mere census figures if we are going to maintain a representative legislature," Greive said.

"He pointed out that partisan, political considerations are an important phase of the redistricting process, but consideration also must be given to community interest among persons represented by the same individual in either the state legislature or the U.S. Congress. By that, he said, he feels that an urban dweller would not consider himself properly represented by someone engaged in farming fifty miles away.

"Should there be three cities whose major source of income is commercial fishing it would be wise to put them within the same legislative district, Greive said.

"It is that sort of material, plus figures on voting experience within certain geographical areas that Greive said they hope to feed into the W.S.U. computer to match with material from the Census Bureau being fed into computers at Olympia.

"The cost of the computer service at W.S.U. will come out of the Senate operational budget and that has drawn criticism from the Republicans in both the House and the Senate.

"Greive's reply was that the Republicans will also benefit from the material developed."

In further repudiation of the secrecy charge, records will show that the intention to contract for the use of computers was discussed fully in a meeting of the Senate Committee on Constitution, Elections and Legislative Processes, with all members of the committee in attendance, including six Republican Senators. The methods and procedures to be used in the redistricting effort, including the use of computers and census material, was brought out, with no dissent nor protest from any Republican present. It was stressed at that meeting that the entire redistricting procedure would be conducted openly and without secrecy. An offer was made at this time to allow the Republican members of the committee to employ their own staff people to work with our redistricting staff, or separately, but this offer was turned down, not by the members of the committee, but as a political decision of

the entire Republican Caucus, in spite of the fact that four members of the committee had requested this assistance.

It is a well-known fact to both Republicans and Democrats that redistricting cannot be accomplished without having at hand the political information as well as the population statistics of each legislative district. Redistricting has never been accomplished in this state or any other state without consideration of the political makeup of the areas to be redistricted. Before the time of computers the work was compiled manually and required much more time than can be done with the help of the computer.

The contract referred to was a simple administrative matter, handled no differently than the ordering of telephones for the members' desks, a procedure first instituted by Republicans in the House of Representatives, at a cost considerably higher than the amount of this contract.

The presentation of the Republican resolution and the ensuing remarks by the Republicans were of a purely political nature, and the time wasted was, itself, costly to the taxpayers of the state, when based on the cost per day, in an amount of approximately \$1,400.

The Resolution was merely another attempt by the Republicans to prevent redistricting at this session and force the matter into a special session in 1972, as has been suggested repeatedly by the Republican Governor and Attorney General, as well as many Republican legislators. If redistricting of the state, required by our State Constitution at this session of the legislature, were to be put off until a special session in 1972 called expressly for this purpose, the cost of only one day of such a session would be approximately \$34,000, considerably more than the entire cost of the redistricting effort at this session, to date, which now totals only slightly over \$25,000, with the bulk of the work completed. This figure includes all computer work, maps, census bureau tapes, and staff.

Republicans are known to have legislative staff, paid by the legislature, working on the political aspects of redistricting, which we think is entirely proper, with the work being done at the Republican Central Committee Headquarters in Olympia. These legislative employees have been engaged in coloring maps to reflect the political complexion of the various precincts in the legislative districts. The only reason we can think of for the work to be done at the Republican Headquarters is to allow members of the Republican Party who are not members of the Legislature to have a direct hand in shaping the districts (such as former State Representative Mary Ellen McCaffree and Attorney General Slade Gorton, who have worked on this matter in previous years). It is also well known that in 1965 when the State of Washington was last redistricted, the analysis of the political makeup of the state's legislative districts was done in the office of Lud Kramer, the Republican Secretary of State.

In direct answer to the charge that computer work is being done at a tax-supported university, the following facts are known:

Two or three years ago the Republican Central Committee entered into a contract with Ed Nichols Associates, Wheaton, Maryland, a politically oriented analyst firm, to work on the political diagnosis of the legislative districts of this state. An employee of this firm, Richard H. Schweitzer, Jr., subsequently left their employ and enrolled at Washington State University as a doctoral candidate. Mr. Schweitzer worked on the political analysis of the 1968 state of Washington elections, to be used, supposedly, for his doctoral thesis. He made extensive use of W.S.U. computer equipment, as confirmed in the Republican "Protest," making computer run after run on purely political statistics to determine the political complexion of the state's legislative districts.

However, Mr. Schweitzer abandoned his doctorate, and, instead, accepted employment with the Washington State Republican Central Committee. The material he had compiled at W.S.U. was not "widely disseminated" but, in fact, became the basis for the statistical analysis prepared and published by the Republican State Central Committee of Washington, entitled "The 1968 Election in the State of Washington," by Richard H. Schweitzer, Jr., Research Director. Copies of this publication were disseminated only to Republicans through their Central Committee. Our copy was obtained from someone who thought we were justified in having it, but who advised us that it was "highly confidential" and intended for Republican leaders only.

It becomes quite obvious that the material, compiled substantially at our tax-supported university in anticipation of the 1970 election and the redistricting required following the 1970 census, is presently being used in the Republican redistricting effort. (A copy of this report has been filed with the Secretary of the Senate).

Following publication of the report, Mr. Schweitzer left the Republican Central Committee to accept employment with the Republican-controlled Federal Census Bureau. He is now the very man we must deal with and who can decide what census information we may have, all-in-all a very nearly contrived plan by the Republicans to impede the redistricting efforts of the Democrats.

Before the 1971 regular session began, inquiry was made into the availability of state computer time for redistricting purposes, but we were informed that the state's machines were too heavily loaded with other work and would not be available. However, after the Senate had made arrangements for the use of the W.S.U. computer, the governor's O.P.P. & F.M. did, in fact, put the population figures on their computer.

In our search for a computer that could supply the necessary information at the least possible cost, we found that W.S.U., because much of the necessary "soft-ware" or programming had already been done in connection with Mr. Schweitzer's project, could provide the service at a cost much below that of any private computer firm.

Much of the material gathered by our redistricting staff, as well as the material compiled at W.S.U., has been furnished to the Republican caucuses of both the House and the Senate, at their request. All material, computer print-outs, and maps have been available to members of both parties at all times, and many Republican legislators have visited the redistricting offices to discuss their particular districts from time-to-time.

Work on redistricting at this session has proceeded rapidly without delaying the action on any other legislation or prolonging the session in any way. If Republicans will cooperate in the passage of the redistricting bill at this session, it may be possible to avoid the necessity of a special session called for this purpose, or to avoid the possibility of the court holding up the passage of any legislation for forty-six days as occurred in 1965, thus saving the taxpayers of this state well over a million dollars.

MESSAGE FROM THE GOVERNOR

Office of the Governor, March 25, 1971.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
GENTLEMEN:

The failure of numerous special property tax levies earlier this year and again on Tuesday, March 23, emphasizes the urgent need for the Legislature to submit to the people a proposed amendment to Article VII, Section 2, of the State Constitution as it pertains to the quorum requirement of special levy elections of 40% of the vote cast in the taxing district at the last preceding general election. The effect of this provision has been to cause the defeat of 15 special levy issues for operation and maintenance of school district programs to be collected in 1972. The value of these 15 levies is in excess of \$50 million. In addition, three bond issues slated for collection beginning in 1972 have also been invalidated by the 40% quorum requirement. For collection in 1971, a total of seven operation and maintenance issues, thirteen bond issues and two building fund issues were similarly defeated due to this provision.

The effect of the 40% quorum requirement is to provide an unfair advantage to those who, through refusal to vote, decline to fulfill their citizenship obligation. It is tragic to have the future of our schools decided by those who refuse to vote. The voting privilege is a precious one, the very basis for our free society. I find it abhorrent that we have in our constitution a provision which discourages citizens from exercising this privilege.

Obviously, voters have the right to vote "no" on special levies as on any other issue. But no one should be able to vote "no" by staying at home. A "yes" vote and a "no" vote alike should be registered only by those who go to the polls.

I urge the Legislature to promptly address this issue. I will support any proposal which provides a responsible solution. There presently is pending before the Legislature HOUSE JOINT RESOLUTION NQ. 47 which addresses this issue and deserves the serious attention of the Legislature. It is time to act so that responsible voter participation will be assured in special levy elections. Incentive must be placed on the act of voting rather than a premium being given to those who stay away from the polls. Only in this way can the basic principles of our free society apply in this vital area of public interest.

Sincerely,
DANIEL J. EVANS
Governor.

PERSONAL PRIVILEGE

Senator Ridder: "At the moment I would like to react to this letter from Governor Evans. I feel that we have seen in this state a gradual disintegration of the education

program from the state level to the local level and the Governor addresses his letter to the fact that we should make it easier to fund the state school system by referring it to the people and make it easier for the people to support on the local level what should be supported at the state level.

"For instance, in this legislature we see a bill that would take the excise tax on trailer homes and we would take this off of the county allocation to the schools and we would put it in the local intake of the schools. By doing this, you will note that this means that you subtract more money at the local level; the local level has to go out and ask for more special levies; the state puts less money into the program.

"We have seen in the last ten years a gradual disintegration from almost a sixty percent level of support on the state level to less than forty percent support on the state level by the state. In the Constitution of this state it says the state shall provide and not the local taxpayers.

"If we are to go ahead with this idea of constantly making it easier to go to the people to pass special levies, we are just constantly putting the problem back on the local taxpayer. At this present moment some districts in this state are running thirty-five percent of their budget, which is necessary budget, not frills, at the local level. It seems to me that such a letter asking us to do even more on the local taxpayer level is the thing that is getting this taxpaying situation all out of gear. I think that we should change our whole stress here."

SECOND READING

SENATE BILL NO. 485, by Senators Washington, Greive, Bailey, Francis, Wilson and Murray (by Lieutenant Governor request):

Enacting an open public meetings act.

The Senate resumed consideration of Senate Bill No. 485 on second reading. The committee report having been adopted on March 16, 1971.

Senator Washington moved adoption of the following amendment by Senators Washington and Wilson:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Section 1. The legislature finds and declares that all public commissions, boards, councils, committees, subcommittees, departments, divisions, offices, and all other public agencies of this state and subdivisions thereof exist to aid in the conduct of the people's business. It is the intent of this act that their actions be taken openly and that their deliberations be conducted openly.

The people of this state do not yield their sovereignty to the agencies which serve them. The people, in delegating authority, do not give their public servants the right to decide what is good for the people to know and what is not good for them to know. The people insist on remaining informed so that they may retain control over the instruments they have created.

NEW SECTION. Sec. 2. As used in this act unless the context indicates otherwise:

(1) "Public agency" means any state agency other than courts or any county, city, town, school district, municipal corporation, special purpose district, political subdivision, state college or university, community college, or any board, commission, committee, subcommittee, department, division, or agency thereof, or other public agency.

(2) "Administrative body" means the governing board, directors, trustees, or body of a public agency or subdivision thereof and shall include any board, commission, committee, subcommittee, department, division, or other body on which the officers of a public agency serve in their official capacity as members and which is supported in whole or in part by funds provided by such agency. Administrative body also includes but is not limited to planning commissions, library boards, recreational commissions, and other permanent boards or commissions of a public agency.

(3) "Action taken" means a collective decision made by a majority of the members of an administrative body, a collective commitment or promise by a majority of the members of an administrative body to make a positive or negative decision, or an actual vote by a majority of the members of an administrative body when sitting as a body or entity, upon a motion, proposal, resolution, order, or ordinance.

(4) "Meeting" means meetings at which public business is transacted or deliberated.

NEW SECTION. Sec. 3. All meetings of the administrative body of a public agency shall be open and public and all persons shall be permitted to attend any meeting of the administrative body of a public agency, except as otherwise provided in this act.

NEW SECTION. Sec. 4. A member of the public shall not be required, as a condition to attendance at a meeting of an administrative body of a public agency, to register his name and other information, to complete a questionnaire, or otherwise to fulfill any condition precedent to his attendance.

NEW SECTION. Sec. 5. In the event that any meeting is wilfully interrupted by a group or groups of persons so as to render the orderly conduct of such meeting unfeasible and order cannot be restored by the removal of individuals who are wilfully interrupting the meeting, the members of the administrative body conducting the meeting may order the meeting room cleared and continue in session. In such a session, final disposition may be taken only on matters appearing on the agenda. Duly accredited representatives of the press or other news media, except those participating in the disturbance shall be allowed to attend any session held pursuant to this section. Nothing in this section shall prohibit the administrative body from establishing a procedure for readmitting an individual or individuals not responsible for wilfully disturbing the orderly conduct of the meeting.

NEW SECTION. Sec. 6. No administrative body of a public agency shall adopt any ordinance, resolution, rule, regulation, order, or directive, except in a meeting open to the public and then only at a meeting, the date of which is fixed by law or rule, or at a meeting of which notice has been given according to the provisions of this act. Any action taken at meetings failing to comply with the provisions of this section shall be null and void.

NEW SECTION. Sec. 7. The administrative body of a public agency shall provide the time for holding regular meetings by ordinance, resolution, bylaws, or by whatever other rule is required for the conduct of business by that body. Unless otherwise provided for in the act under which the public agency was formed, meetings of the administrative body of a public agency need not be held within the boundaries of the territory over which the public agency exercises jurisdiction. If at any time any regular meeting falls on a holiday, such regular meeting shall be held on the next business day. If by reason of fire, flood, earthquake, or other emergency, it shall be unsafe to meet in the place designated, the meetings may be held for the duration of the emergency at such place as is designated by the presiding officer of the public administrative body: PROVIDED, That the notice requirements of this act shall be suspended during such emergency.

NEW SECTION. Sec. 8. A special meeting may be called at any time by the presiding officer of the administrative body of a public agency or by a majority of the members of the administrative body by delivering personally or by mail written notice to each member of the administrative body and to each local newspaper of general circulation and to each local radio or television station requesting notice in writing. Such notice must be delivered personally or by mail at least twenty-four hours before the time of such meeting as specified in the notice. The call and notice shall specify the time and place of the special meeting and the business to be transacted. Final disposition shall not be taken on any other matter at such meetings by the administrative body. Such written notice may be dispensed with as to any member who at or prior to the time the meeting convenes files, with the clerk or secretary of the administrative body a written waiver of notice. Such waiver may be given by telegram. Such written notice may also be dispensed with as to any member who is actually present at the meeting at the time it convenes. The notices provided in this section may be dispensed with in the event a special meeting is called to deal with an emergency involving injury or damage to persons or property or the likelihood of such injury or damage.

NEW SECTION. Sec. 9. The administrative body of a public agency may adjourn any regular, adjourned regular, special or adjourned special meeting to a time and place specified in the order of adjournment. Less than a quorum may so adjourn from time to time. If all members are absent from any regular or adjourned regular meeting the clerk or secretary of the administrative body may declare the meeting adjourned to a stated time and place. He shall cause a written notice of the adjournment to be given in the same manner as provided in section 8 of this act for special meetings, unless such notice is waived as provided for special meetings. Whenever any meeting is adjourned a copy of the order or notice of adjournment shall be conspicuously posted immediately after the time of the adjournment on or near the door of the place where the regular, adjourned regular, special or adjourned special meeting was held. When a regular or adjourned regular meeting is adjourned as provided in this section, the resulting adjourned regular meeting is a regular meeting for all purposes. When an order of adjournment of any meeting fails to state the hour at which the adjourned meeting is to be held, it shall be held at the hour specified for regular meetings by ordinance, resolution, bylaw, or other rule.

NEW SECTION. Sec. 10. Any hearing being held, noticed, or ordered to be held by an administrative body of a public agency at any meeting may by order or notice of continuance be continued or reconvened to any subsequent meeting of the administrative body in the same manner and to the same extent set forth in section 9 of this act for the adjournment of meetings.

NEW SECTION. Sec. 11. Nothing contained in this act shall be construed to prevent the administrative body of a public agency from holding executive sessions during a regular or special meeting to consider the appointment, employment, or dismissal of a public officer or employee; or to hear complaints or charges brought against such officer or employee by another public officer, person, or employee unless such officer or employee requests a public hearing. The administrative body also may exclude from any such public or private meeting, during the examination of a witness, any or all other witnesses in the matter being investigated by the administrative body.

Nothing in this act shall be construed to prevent any board, commission, committee, subcommittee, department, division, or other body as defined in section 2 of this act from holding executive sessions to consider (1) matters affecting the national security, or (2) the appointment, employment, or dismissal of an officer or employee or to hear complaints or

charges brought against such officer or employee by another officer, person, or employee unless such officer or employee requests a public hearing. Said body also may exclude from any such public or private meeting during the examination of a witness any or all other witnesses in the matter being investigated by the administrative body.

NEW SECTION. Sec. 12. Each member of an administrative body who attends a meeting of such administrative body where action is taken in violation of any provision of this act applicable to him, with knowledge of the fact that the meeting is in violation thereof, shall be subject to personal liability in the form of a civil penalty in the amount of one hundred dollars. The civil penalty shall be assessed by a judge of the superior court and an action to enforce this penalty may be brought by any person. A violation of this act does not constitute a crime and assessment of the civil penalty by a judge shall not give rise to any disability or legal disadvantage based on conviction of a criminal offense. Reasonable expenses, including attorney's fees, shall be awarded the person bringing the action if the suit results in assessment of the civil penalty. The members held to be in violation shall be personally liable only for their pro rata share of the expenses.

NEW SECTION. Sec. 13. Any person may commence an action either by mandamus or injunction for the purpose of stopping or preventing violations or threatened violations of this act by members of the administrative body of a public agency.

NEW SECTION. Sec. 14. The provisions of this act shall apply to the administrative body of every public agency notwithstanding the conflicting provisions of any other state or local law: **PROVIDED,** That this act shall not apply to: (1) the formal issuance of an order granting, suspending, revoking, or denying any license, permit, or certificate to engage in any business or occupation or to receive a license for a sports activity or to operate any mechanical device or motor vehicle where a license or registration is necessary; or

(2) that portion of a meeting of a quasi-judicial body which relates to a quasi-judicial matter between named parties as distinguished from a matter having general effect on the public or on a class or group.

NEW SECTION. Sec. 15. (1) All meetings of the state legislature and all standing committees and subcommittees thereof shall be open and public and all persons shall be permitted to attend any such meetings: **PROVIDED,** That nothing in this section shall prevent the legislature or any committees and subcommittees thereof from holding executive sessions to consider appointment, employment, or dismissal of an officer or employee of the legislature or committee or subcommittee thereof or to hear complaints or charges brought against such officer or employee unless such officer or employee requests a public hearing. The legislature or any committee or subcommittee thereof may also exclude from any such meeting, during the examination of a witness, any or all witnesses in the matter being investigated: **PROVIDED FURTHER,** That nothing in this section shall be construed to prevent the legislature or any committee or subcommittee thereof from holding executive sessions to consider matters affecting the national security or the security of the legislature or its committees or subcommittees.

(2) Each member of a legislative body who attends a meeting of such legislative body where action is taken in violation of any provision of this act applicable to him, with knowledge of the fact that the meeting is in violation thereof, shall be subject to personal liability in the form of a civil penalty in the amount of one hundred dollars. The civil penalty shall be assessed by a judge of the superior court and an action to enforce this penalty may be brought by any person. A violation of this act does not constitute a crime and assessment of the civil penalty by a judge shall not give rise to any disability or legal disadvantage based on conviction of a criminal offense. Reasonable expenses, including attorney's fees, shall be awarded the person bringing the action if the suit results in assessment of the civil penalty. The members held to be in violation shall be personally liable only for their pro rata share of the expenses.

Any person may commence an action either by mandamus or injunction for the purpose of stopping or preventing violations or threatened violations of this act by members of the legislature or any standing committee or subcommittee thereof.

(3) In the event that any meeting of the legislature or any standing committee or subcommittee thereof is wilfully interrupted by a group or groups of persons so as to render the orderly conduct of such meeting unfeasible and order cannot be restored by the removal of individuals who are wilfully interrupting the meeting, the members of the legislative body conducting the meeting may order the meeting room cleared and continue in session. Only matters appearing on the agenda may be considered in such a session. Duly accredited representatives of the press or other news media, except those participating in the disturbance, shall be allowed to attend any session held pursuant to this subsection. Nothing in this subsection shall prohibit the legislative body from establishing a procedure for readmitting an individual or individuals not responsible for wilfully disturbing the orderly conduct of the meeting.

(4) The provisions of this act shall apply to the state legislature and any standing committee or subcommittee thereof notwithstanding the conflicting provisions of any other state law.

NEW SECTION. Sec. 16. The following acts or parts thereof are each hereby repealed:

(1) Section 1, chapter 216, Laws of 1953 and RCW 42.32.010;

(2) Section 2, chapter 216, Laws of 1953 and RCW 42.32.020.

NEW SECTION. Sec. 17. This act may be cited as the "Open Public Meetings Act of 1971".

NEW SECTION. Sec. 18. If any provision of this act, or its application to any person

or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected."

Senator Metcalf moved adoption of the following amendment to the amendment by Senators Washington and Wilson:

On page 3, section 6, line 12 after "void", insert "": PROVIDED, That in order to insure compliance with this section, any gathering of any two or more members of an administrative body of a public agency, during the week immediately preceding any official meeting of the body, whether held at any place public or private, at which any discussion takes place of any subject to come before the official meeting, shall be in violation of this act".

Debate ensued.

MOTION

Senator Holman moved that Senate Bill No. 485 be referred to the Judiciary Committee.

Debate ensued.

POINT OF INQUIRY

Senator Peterson (Ted): "Would Senator Ridder yield? Senator, I would back Senator Holman on this motion because of your remarks when you returned from the Oregon legislature. You were quite impressed the way everything was taken care of in committee. All amendments were taken care of in committee and bills were not amended on the floor. Have you reversed your opinion on the operation of the Oregon legislature?"

Senator Ridder: "Senator Peterson, when I spoke of the Oregon legislature, I spoke of the budgetary process. Of course when their budget bill comes out on the floor, they do not argue about those amounts. They send the bill back to committee.

"In this situation we are discussing a problem of various input of ideas and this, of course, is an idea bill. When this bill gets on to the floor, it is not a question of changing an amount or allocating funds. It is a way of how you think about this bill and there are forty-nine Senators on this floor and forty-nine viewpoints of what should go into it or what should come out of it.

"I would suggest that right here and now we take this in our teeth and bite the bullet, so to speak, and solve these problems, vote them down if we must, and move on. The bill is a good one as it stands."

Further debate ensued.

MOTIONS

On motion of Senator Keefe, the motion by Senator Holman to refer Senate Bill No. 485 to the Judiciary Committee was laid upon the table on a rising vote.

On motion of Senator Washington, the amendment by Senator Metcalf to the amendment by Senators Washington and Wilson was laid upon the table.

On motion of Senator Clarke, the following amendment to the amendment by Senators Washington and Wilson was adopted:

On page 1, section 2, line 24, after "agency" strike the period and insert a comma and add: "except for the state legislature which shall be subject to section 15 only of this act."

On motion of Senator Mardesich, the following amendment to the amendment by Senators Washington and Wilson was adopted:

On page 6, section 14, line 18, after "public agency" insert " , as defined in section 2 herein,"

Senator Metcalf moved adoption of the following amendment to the amendment by Senators Washington and Wilson:

On page 6, section 15, line 30, at the end of line 30, following "thereof" add "and all party caucuses"

Debate ensued.

POINT OF INQUIRY

Senator Atwood: "Would Senator Metcalf yield? Senator, the way I read this bill, it already covers party caucuses. Have you an opinion that it does not?"

Senator Metcalf: Senator Atwood, I am not an attorney. I read the bill and I did not pick that up although I did read it quite carefully. If it does already cover party caucuses, then I think that improves the bill immensely. I still think we should put in my amendment just to be positive."

The motion by Senator Metcalf failed and the amendment to the amendment by Senators Washington and Wilson was not adopted.

Senator Woodall moved adoption of the following amendment to the amendment by Senators Washington and Wilson:

Strike section 15, and renumber remaining sections consecutively.

POINT OF INQUIRY

Senator Metcalf: "Would Senator Woodall yield to a question? Senator, you are a very competent attorney and I am trying to get some free legal advice here. I thought before we strike section 15 in its application to the legislature, I would like your opinion. You mentioned the Governor and as I read this bill the Governor's office is specifically included in it and let me read it to you. It says, 'The legislature finds and declares that all public commissions, boards, councils, committees, subcommittees, departments, divisions, offices, and all other paid public agencies of this state and subdivision thereof exist to aid in the conduct of the people's business. It is the intent of this act that their actions be taken openly and that their deliberations be conducted openly.' Now when it says public offices, does not that include the Governor and would not that preclude the Governor from meeting with any department head in private if this bill is passed?"

Senator Woodall: "I have not analyzed it in depth and I would not want to give an off the cuff opinion. I think it clearly would apply to any commission that he was a member of, ex officio or otherwise. I am not prepared to say that merely to call his own people in that he would be barred as now written. I do want to add one thing. The California act to which Senator Washington alludes excludes the legislature."

Debate ensued.

Senators Bailey, Washington and Elicker demanded the previous question and the demand was sustained.

The President declared the question to be the adoption of the amendment by Senator Woodall to the amendment by Senators Washington and Wilson.

Senator Washington demanded a roll call and the demand was sustained by Senators Connor, Scott, Murray, Gardner, Knoblauch, Peterson (Lowell), Mardesich, Newschwander and Clarke.

The Secretary called the roll, and the amendment by Senator Woodall to the amendment by Senators Washington and Wilson was adopted by the following vote: Yeas, 36; nays, 8; absent or not voting, 2; excused, 3.

On motion of Senator Peterson (Lowell), Senator Day was excused.

On motion of Senator Keefe, Senator Cooney was excused.

The Senate resumed consideration of Senate Bill No. 485 on second reading.

MOTION FOR RECONSIDERATION

Having voted on the prevailing side, Senator Clarke moved that the Senate immediately reconsider the vote by which Senator Clarke's amendment to page 1, section 2, line 24 to the amendment by Senators Washington and Wilson was adopted.

The motion for reconsideration carried.

MOTIONS

On motion of Senator Clarke, there being no objection, the amendment to page 1, section 2, line 24 to the amendment by Senators Washington and Wilson was withdrawn.

On motion of Senator Clarke, the following amendment to the amendment by Senators Washington and Wilson was adopted:

On page 1, section 2, line 19, after "courts" add "and the state legislature."

On motion of Senator Andersen, the following amendments to the amendment by Senators Washington and Wilson were adopted:

On page 2, section 5, line 26, strike "wilfully", and on line 28, section 5, strike "wilfully"

On page 3, section 5, line 4, strike "wilfully"

MOTION

Senator Newschwander moved that Senate Bill No. 485 be referred to the Committee on Medicine, Dentistry and Health Care, Air and Water Pollution.

Debate ensued.

MOTION

Senator Mardesich moved that the motion by Senator Newschwander be laid upon the table.

POINT OF ORDER

Senator Woodall: "My point of order is that the mover of the motion had been recognized and moved its adoption and was standing to be recognized to speak as to the merits of it and Senator Mardesich was recognized prior to the mover of the motion, hence we were not given an opportunity to hear the reasons back of Senator Newschwander's motion."

RULING BY THE PRESIDENT

The President: "The President would be very happy to extend that privilege to Senator Newschwander."

QUESTION OF CONSIDERATION

Senator Mardesich raised the question of consideration.

MOTION

On motion of Senator Greive, the rules were suspended and Senator Newschwander was permitted to proceed.

The motion by Senator Newschwander to refer Senate Bill No. 485 to the Committee on Medicine, Dentistry and Health Care, Air and Water Pollution failed.

The President declared the question before the Senate to be the adoption of the amendment by Senators Washington and Wilson as amended.

The motion by Senator Washington carried and the amendment by Senators Washington and Wilson, as amended, was adopted.

On motion of Senator Washington, the rules were suspended, Engrossed Senate Bill No.

485 was advanced to third reading, the second reading considered the third, and the bill was passed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Holman: "Would Senator Washington yield? Senator, as sponsor of the bill, would it be your opinion that the definition of public agency now applies to, with the exception of the courts and the legislature, to all types of public boards and commissions as listed in that section?"

Senator Washington: "Yes, I do."

Senator Holman: "My question relates to—I am not sure whether it is a public agency or not but it is established by statute—and that is the Washington State Bar Association. Would the board of governors of the Washington State Bar Association which is an integrated bar association be covered by this in your opinion?"

Senator Washington: "I do not believe they are paid for by public funds and I think that is the distinction."

Senator Holman: "I am asking you the question because I want it in the record as to whether meetings of the board of governors can be attended by anybody."

Senator Washington: "It was my impression and my feeling that they would not be covered and it was not the intention of the sponsors of the bill that an agency of that kind be covered."

Senator Holman: "Thank you."

POINT OF INQUIRY

Senator Mardesich: "Would Senator Washington yield? Senator, do you intend section 2 to mean anything other than the clear and literal interpretation of the language as it now exists?"

Senator Washington: "No, I feel that the language is very specific in declaring that they have to be a public agency and I do not think it would be liberally construed. It would be strictly construed."

Further debate ensued.

POINT OF INQUIRY

Senator Greive: "I would like Senator Walgren to yield to a question. Senator Walgren, you made a statement that I presume would not be on the record and so I would like to have you repeat that statement in answer to this question. You are an attorney and do you understand that the rules of the board of governors of the Washington State Bar Association would be open to public inspection and view and the meetings could be attended if this bill were passed?"

Senator Walgren: "Yes, that would be my understanding of the law if this bill would be passed and that would be my intent upon voting upon it."

Further debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 485, and the bill passed the Senate by the following vote: Yeas, 31; nays, 10; absent or not voting, 1; excused, 7.

Voting yea: Senators Andersen, Bailey, Connor, Dore, Elicker, Fleming, Foley, Francis, Gardner, Greive, Henry, Herr, Holman, Jolly, Keefe, Knoblauch, Lewis, McCutcheon, Mardesich, Murray, Odegaard, Peterson (Lowell), Peterson (Ted), Sandison, Scott, Stortini, Talley, Walgren, Washington, Whetzel, Wilson—31.

Voting nay: Senators Atwood, Canfield, Clarke, Guess, Matson, Metcalf, Neuschwander, Stender, Twigg, Woodall—10.

Absent or not voting: Senator Ridder—1.

Excused: Senators Cooney, Day, Donohue, Durkan, Gissberg, Huntley, McDougall—7.

ENGROSSED SENATE BILL NO. 485, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SENATE BILL NO. 465, by Senators Andersen and Greive (by departmental request): Amending certain provisions for pilotage on Puget Sound.

The Senate resumed consideration of Senate Bill No. 465 on second reading, the point of order raised by Senator Guess on March 22, 1971 on the amendment by Senators Elicker and Greive.

RULING BY THE PRESIDENT

The President: "The President in ruling on the point of order raised by Senator Guess, the President finds that Senate Bill No. 465 modifies the definition of 'Puget Sound and adjacent inland waters'; excludes from certain provisions of the law, vessels of the United States or Canadian registry; modifies some of the powers of and procedures before the Board of Pilotage Commissioners, and extends liabilities for pilot's compensation to persons requesting the pilot's service.

"The amendment proposed by Senators Elicker and Guess requires the pilot's boarding vessels navigating in Puget Sound and adjacent waters and other waters to provide the master of the vessel with copies of certain laws and regulations and requires pilots to report certain violations to the department of ecology.

"The amendment therefore does increase the scope and object of the bill and the point of order raised by Senator Guess is well taken."

The amendment by Senators Elicker and Guess was ruled out of order.

On motion of Senator Mardesich, the following amendment was adopted:

On page 2, section 2, line 2 after "enrollment and all" insert "*private*"

On motion of Senator Greive, the rules were suspended, Engrossed Senate Bill No. 465 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 465, and the bill passed the Senate by the following vote: Yeas, 38; nays, 3; absent or not voting, 2; excused, 6.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Clarke, Connor, Cooney, Dore, Elicker, Fleming, Foley, Francis, Gardner, Greive, Henry, Herr, Holman, Jolly, Keefe, Knoblauch, McCutcheon, Metcalf, Murray, Newschwander, Odegaard, Peterson (Lowell), Peterson (Ted), Ridder, Sandison, Scott, Stender, Stortini, Twigg, Walgren, Washington, Whetzel, Wilson, Woodall—38.

Voting nay: Senators Guess, Mardesich, Talley—3.

Absent or not voting: Senators Lewis, Matson—2.

Excused: Senators Day, Donohue, Durkan, Gissberg, Huntley, McDougall—6.

ENGROSSED SENATE BILL NO. 465, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Greive, Engrossed Senate Bill No. 465 was ordered immediately transmitted to the House.

HOUSE BILL NO. 215, by Representatives Smythe, Marsh, Hoggins, Zimmerman, Charette, Bauer, Backstrom, Chatalas, Curtis, Mentor and Moon (by Secretary of State request):

Providing for use of voting devices and vote tally systems in all elections and for listing of candidates thereat.

The bill was read the second time by sections.

Senator Dore moved adoption of the following amendment:

On page 1, section 1, line 23, after "shall" restore the material on lines 23 to 25 within the parentheses and beginning on line 25 after the parentheses strike all of the rest of the language on page 1 and continuing on page 2 down to and including line 10.

Debate ensued.

POINT OF ORDER

Senator Bailey: "Is Senator Ridder speaking on the amendment or the bill?"

REPLY BY THE PRESIDENT

The President: "Senator Ridder will confine his remarks to the subject of the amendment."

Further debate ensued.

POINT OF INQUIRY

Senator Mardesich: "Would Senator Henry yield to a question? Senator, where is the language, if anywhere, that would provide that the single column form of which you had a sample that you showed to us, would be held rather than that double column form?"

Senator Henry: "It is not in the bill. You mean the single column voting or the straight party line voting?"

Senator Mardesich: "The single column as differentiated from the double. It could affect my thinking as to how I would vote on this amendment."

Senator Henry: "I can demonstrate it to you Senator. It is hard to show you from here but it is strictly in the mechanics of the card. Where you have all the candidates for one office on one card, there is only a single row of holes. But where you have them on adjacent cards, then there are two rows of holes down that same center section."

Senator Mardesich: "Where in the law does it provide that this particular form will be used is the question?"

Senator Henry: "That is the language that Senator Dore is trying to strike out and replace the other language."

Senator Mardesich: "No, I do not think that is the same question."

Senator Henry: "All I can tell you is what has been told to me by the superintendent of elections."

Senator Mardesich: "Do any of these other RCW's, 29.30.030 or 29.30.020 apply or direct themselves to this particular question?"

Senator Henry: "I cannot answer that question, Senator. All I can tell you is that Ken Gilbert who has been superintendent of elections for many years testified on this particular bill and on this particular method of voting and told me as late as this morning that this amendment would certainly do a great disservice to the votomatic voting."

Debate ensued.

MOTION

Senator Mardesich moved that House Bill No. 215 be ordered held on the second reading calendar for Monday, March 29, 1971.

POINT OF ORDER

Senator Henry: "I raise a point of order that on Senator Mardesich's motion he made a speech before he made his motion. Maybe while we are thinking that point of order over I will have a chance to get the information. The purpose of this today, gentlemen of the Senate, there is an election being held Tuesday that is based on this particular bill and otherwise I would not be holding you here this afternoon."

REMARKS BY SENATOR MARDESICH

Senator Mardesich: "Mr. President, the point of order is not correct because after I spoke I sat down and rose to be recognized again and what happens next Tuesday is no consequence to me in view of the fact that this bill will be affecting us all and will be affecting us for many years to come."

RULING BY THE PRESIDENT

The President: "Senator Mardesich, the President believes that you sat down to listen to Senator Henry's reply and that you still maintained your position on the floor therefore the point of order presented by Senator Henry is well taken."

On motion of Senator Henry, the amendment by Senator Dore was laid upon the table on a rising vote.

Senator Dore moved adoption of the following amendment:

On page 2, section 2, line 16 following the parenthesis mark, insert "except Class AA counties"

Debate ensued.

On motion of Senator Atwood, the amendment by Senator Dore was laid upon the table on a rising vote.

On page 2, after section 3, add a new section to read as follows:

Senator Mardesich moved adoption of the following amendments:

On page 1, section 1, line 27, after the colon insert the following: "PROVIDED, That no page having a listing of candidates shall have opposite it any more than a single column of punch holes by which a person may indicate his vote."

Debate ensued.

MOTION

Senator Mardesich moved that House Bill No. 215, as amended by the Senate, be indefinitely postponed.

Debate ensued.

The motion by Senator Mardesich failed.

The motion by Senator Henry carried on a rising vote.

POINT OF INQUIRY

Senator Fleming: "Would Senator Henry yield to question? I would like to know whether or not if this measure would affect Seattle in the immediate future? Do you know whether King county is planning on using this in the outlying areas to some time in the distant future?"

Senator Henry: "Senator Fleming, the only information I have, is that they have no intention of replacing their voting machines in King county proper. The only thing is, as I understand it, that in some school elections and so forth the voting machines that they have are too heavy to be moved around and hard to store and so forth. A lot of smaller precincts have been using paper ballots and that is what they plan to replace them for if they replace any. Anybody in their right mind is not going to scrap a bunch of two thousand dollar voting machines until they are worn out."

ROLL CALL

The Secretary called the roll on the final passage of House Bill No. 215, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 34; nays, 7; excused, 8.

MOTION

On motion of Senator Bailey, Senate Bill No. 686 was made a special order of business immediately following the noon recess.

SENATE BILL NO. 176, by Senators Wilson, Huntley and Peterson (Lowell):

Allowing municipal officers to contract with that municipality for up to thirty-six hundred dollars of business annually.

The bill was read the second time by sections.

On motion of Senator Wilson, the rules were suspended, Senate Bill No. 176 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

Voting yea: Senators Bailey, Canfield, Clarke, Connor, Cooney, Day, Donohue, Elicker, Fleming, Foley, Francis, Gardner, Henry, Herr, Jolly, Keefe, Knoblauch, McCutcheon, McDougall, Matson, Metcalf, Murray, Newschwander, Peterson (Lowell), Peterson (Ted), Ridder, Sandison, Scott, Stender, Stortini, Talley, Washington, Whetzel, Wilson—34.

Excused: Senators Dore, Durkan, Huntley, Lewis—4.

SENATE BILL NO. 176, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

NOTICE OF RECONSIDERATION

Having voted on the prevailing side, Senator Whetzel served notice that he would, on the next working day move that the Senate reconsider the vote by which Senate Bill No. 176 passed the Senate.

ENGROSSED HOUSE BILL NO. 86, by Representatives Zimmerman, Brouillet and Hoggins (by Joint Committee on Education request):

Reorganizing powers, duties and functions within intermediate school districts.

The Senate resumed consideration of Engrossed House Bill No. 86 on second reading. The committee amendment to page 4 having been adopted on March 10, 1971.

Senator Francis moved adoption of the committee amendment to page 5.

Debate ensued.

POINT OF INQUIRY

Senator Canfield: "Will Senator Francis yield to a question? Senator, I am kind of curious about this weighting formula and I am wondering if that is in accordance with various court decisions on equal representation. If you are allowing one electoral vote for a thousand, and if a director represents a thousand and one, he gets three votes. Now I would like to have your answer to that if you will please."

Senator Francis: "Senator Canfield, there is no attempt here to make a precise compliance with any one-man one-vote idea. Again this is not a matter of representing the people, this is a matter of having a little more, we felt, weight given to some of the larger school districts but we did not want the larger school districts to be able to completely out vote the smaller ones either. So you will find that the weighting does not represent the true proportions at all in that sense. We felt that we could go with simply one school director one vote but that was not precisely fair either and we considered all of the different points of view and felt that this was fair enough that it would be acceptable. I think that we have had no complaints from any of the school directors as far as what kind of weighting they would get to their vote. It is a situation in which you do not need precise one-man one-vote representation and therefore we just felt that it would be better to have it in this simple breakdown."

Further debate ensued.

MOTION

At 11:40 a.m., on motion of Senator Greive, the Senate recessed until 1:30 p.m.

AFTERNOON SESSION

The President called the Senate to order at 1:30 p.m.

MOTION

On motion of Senator Atwood, there being no objections, the special order of business,

Senate Bill No. 686 on second reading, was ordered to hold its place on the calendar for Tuesday, March 30, 1971.

SECOND READING

ENGROSSED HOUSE BILL NO. 86, by Representatives Zimmerman, Brouillet and Hoggins (by Joint Committee on Education request):

Reorganizing powers, duties and functions within intermediate school districts.

The Senate resumed consideration of Engrossed House Bill No. 86 and the pending committee amendment to page 5.

POINT OF INQUIRY

Senator Canfield: "Will Senator Francis yield? Senator, I was going to ask you a question but maybe the answer is in the statement that was laid on our desks since lunch, which I think is signed by Senator Walgren, but at any rate we have had that same communication. My question to you is this, has this amendment taken care of the problem raised by the county commissioners?"

Senator Francis: "To what problem do you refer, Senator Canfield?"

Senator Canfield: "I am referring to the expenditures for this program which are pushed onto the county commissioners against their objection."

Senator Francis: "Senator Canfield, I would like to yield to Senator Ridder on that if I may."

Senator Ridder: "Many of these expenses they are talking about such as free telephone service, free computer time, free janitorial service, free heat and lights, free maintenance service by county motor pool, free use of county cars, voting expenses and so on are now already assumed by the counties. This is sort of a spurious discussion but this is not a discussion for this immediate amendment."

Senator Walgren: "In answer to Senator Canfield, the answer is no."

Senator Canfield: "I just wanted to thank Senator Walgren for a specific answer to a specific question. Thank you, Senator Walgren."

Further debate ensued.

POINT OF INQUIRY

Senator Atwood: "Would Senator Bailey yield? Senator, would it not be better to put the bill into the committee on cities, towns and counties after we vote on this amendment and get a more favorable consideration from that committee on the amendments that are pending on our desks?"

Senator Bailey: "Mr. President, the committee on education has studied this bill and I feel it should go back to that committee but the heart of the bill is right in this amendment. The committee cannot really act on the other amendments until they see the wish of the body as to whether or not we want to eliminate public election or weighted election of the intermediate school district directors and a few of those things that are in this monumental amendment."

The motion by Senator Francis failed and the committee amendment to page 5, was not adopted on a rising vote.

MOTION

On motion of Senator Bailey, Engrossed House Bill No. 86, as amended by the Senate, was referred to the Committee on Education with instructions to the committee to report back to the Senate on Tuesday, April 6, 1971.

SENATE BILL NO. 627, by Senators Francis, Durkan, Peterson (Ted), Stender and Stortini:

Adding changes to the law relating to the collective bargaining of public employees.

The bill was read the second time by sections.

On motion of Senator Matson, the following amendment was adopted:

On page 1, section 1, line 10, strike "*quasi municipal corporation*,"

Senator Stender moved adoption of the following amendment:

On page 2, section 3, line 23, following "bargaining agreement." add a new subsection (3) as follows: "*(3) Contain provisions for retroactive wages.*"

Debate ensued.

The motion failed and the amendment was not adopted on a rising vote.

On motion of Senator Francis, the rules were suspended, Engrossed Senate Bill No. 627 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Canfield: "Mr. President, will Senator Stortini yield? Senator, you will remember when we had Senate Bill No. 162 before your committee providing for arbitration of certain disputes in irrigations districts, it apparently could not get out of your committee and apparently it is included in this bill. Is that correct?"

Senator Stortini: "Yes, you are right there, Senator."

Senator Canfield: "Can you tell me why it is included in this bill and yet the other bill could not move?"

Senator Stortini: "There is no arbitration, Senator."

Senator Canfield: "There is no binding arbitration in the bill we are now voting on?"

Senator Stortini: "No compulsory binding arbitration."

Senator Canfield: "That is not the way I read it. Maybe I am mistaken but I thought this arbitration was binding."

Senator Stortini: "No, Senator, it is not."

Senator Canfield: "I thought in line 21 on page 2, it says 'provide for binding arbitration'."

Senator Stortini: "That is only if both parties agree, Senator."

Senator Canfield: "I will go back to my original question. Why is this bill a good bill and Senate Bill No. 162 is a bad bill?"

Senator Stortini: "Senator, Senate Bill No. 162 is a completely different bill dealing with irrigation districts and in order to get the bill out of committee you have to have four signatures and we just were not able to get four signatures."

Senator Canfield: "It was a good bill but you could not get four signatures, is that what you mean?"

Senator Stortini: "That is the only answer I have, Senator Canfield."

POINT OF INQUIRY

Senator Wilson: "Mr. President, would Senator Francis yield to a question? Senator, does this bill, Substitute Senate Bill No. 627, include any provisions under which there would be compulsory binding arbitration and by that I mean that a dispute could be submitted to binding arbitration without the voluntary agreement of both parties concerning the submission?"

Senator Francis: "Senator Wilson, you are referring to Senate Bill No. 627 and the answer is no, there is binding arbitration provided for but it is not compulsory. It is only in case both parties agree to submit to the arbitration."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 627, and the bill passed the Senate by the following vote: Yeas, 30; nays, 16; absent or not voting, 2; excused, 1.

Voting yea: Senators Bailey, Connor, Cooney, Day, Donohue, Dore, Durkan, Fleming, Foley, Francis, Gardner, Gissberg, Greive, Herr, Jolly, Keefe, Knoblauch, McCutcheon, Mardesich, Odegard, Peterson (Lowell), Peterson (Ted), Ridder, Sandison, Stender, Stortini, Talley, Walgren, Washington, Wilson—30.

Voting nay: Senators Andersen, Atwood, Canfield, Clarke, Elicker, Guess, Holman, Lewis, McDougall, Metcalf, Murray, Newschwander, Scott, Twigg, Whetzel, Woodall—16.

Absent or not voting: Senators Henry, Matson—2.

Excused: Senator Huntley—1.

ENGROSSED SENATE BILL NO. 627, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SENATE BILL NO. 354, by Senators Walgren, Holman and Durkan:

Establishing minimum standards for law enforcement officers and fire fighters.

MOTION

On motion of Senator Walgren, Substitute Senate Bill No. 354 was substituted for Senate Bill No. 354 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Walgren, the rules were suspended, Substitute Senate Bill No. 354 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 354, and the bill passed the Senate by the following vote: Yeas, 46; absent or not voting, 2; excused, 1.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Clarke, Connor, Cooney, Day, Donohue, Dore, Durkan, Elicker, Fleming, Foley, Francis, Gardner, Gissberg, Greive, Guess, Henry, Herr, Holman, Jolly, Keefe, Knoblauch, Lewis, McCutcheon, McDougall, Mardesich, Murray, Newschwander, Odegaard, Peterson (Lowell), Peterson (Ted), Ridder, Sandison, Scott, Stender, Stortini, Talley, Twigg, Walgren, Washington, Whetzel, Wilson, Woodall—46.

Absent or not voting: Senators Matson, Metcalf—2.

Excused: Senator Huntley—1.

SUBSTITUTE SENATE BILL NO. 354, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SENATE BILL NO. 441, by Senators Andersen, Walgren and Newschwander:
Making it a crime to interfere with any court.

MOTION

On motion of Senator Gissberg, Substitute Senate Bill No. 441 was substituted for Senate Bill No. 441 and the substitute bill was placed on second reading and read the second time in full.

Senator Durkan moved adoption of the following amendments:

On page 3, section 2, line 2, strike "One dollar" and insert "Two dollars"

On page 3, section 2, line 5, strike "Three dollars" and insert "Two dollars"

POINT OF INQUIRY

Senator Woodall: "Will Senator Durkan yield? Senator, does this raise the fee the way the bill was or the way it was amended in the Senate judiciary committee?"

Senator Durkan: "My amendment does nothing more than distribute the amount of dollars. The Senate judiciary committee had one dollar going to the general fund and three dollars to the issuing agency. I am saying two dollars should go to the general fund and two dollars to the issuing agency and both of them will then receive substantial amounts and at the same time it accomplishes what the department request bill is in the House bill that was sent over from the House and is now before the Senate."

Senator Woodall: "Your bill in and of itself then does not increase the fees?"

Senator Durkan: "No, it does not. All I do, Senator, is we distribute it."

The motion carried and the amendments were adopted.

On motion of Senator Gissberg, the following amendment was adopted:

On page 3, section 2, beginning on line 7, underline all the material down to and including "chapter" on line 11.

On motion of Senator Gissberg, the following amendment by Senators Gissberg and Andersen was adopted:

On page 10, section 16, line 10, after "be" strike the remainder of line 10 and all of line 11, and insert "guilty of a gross misdemeanor."

On motion of Senator Gissberg, the rules were suspended, Engrossed Substitute Senate

Bill No. 441 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Donohue: "Mr. President, would Senator Walgren yield to a question? Senator, I notice that now we are going to fingerprint all those people who, if I understand it correctly, wish to have a permit.

"I have a lot of letters from people in my district and from gun clubs that are opposed to this particular bill because they say it is the beginning of the infringement of their right to bear arms. In the past they have never had to be fingerprinted. They have always gone in and paid their fee for a permit and have never had any problems.

"I understand, and you might correct me on this, that it is necessary for people who belong to gun clubs transporting small arms in automobiles to have a permit. Are we really beginning on a program of trying to tie down these people who do use small arms for sport and so forth to the point where we are going to completely eliminate anyone from having the right to have a small arm?"

Senator Walgren: "Senator Donohue, what we are trying to tie down is those persons who are using small arms for felonious purposes, for murder and for assault and things of this nature in this bill.

"I think that you perhaps misquote your constituents when they said they were necessarily against the bill. They may have raised some question in regard to fingerprinting. I know that with regard to persons who are applying for federal employment in various agencies, that there is no difficulty at all and no problem has been raised by them when they are asked to be fingerprinted at this time. This is simply to provide some identification facilities in case there is a situation where criminal activity is present."

Senator Andersen: "If I may be permitted to, I would like to expand Senator Walgren's answers to Senator Donohue's questions so that the record be extremely clear. I appreciate the concern that you have evinced, Senator Donohue. I have had some people write me letters and say, is this going to require registration of firearms? It is definitely not. This is very clearly delineated as to what it does. It does three things. One, it says that no person who has been guilty of a felony shall be able to bear a concealed weapon or get a license. It says that no person who has committed a crime, a gross misdemeanor involving force or violence, shall be entitled to get a gun permit. This is a guy that goes off half cocked and beats somebody up with a baseball bat or something like that. It says, thirdly, that a fingerprint is required and the only reason that a fingerprint is required on the license is to keep the felon and the person who has been convicted of crimes and violence who should not under anybody's definition be carrying a concealed weapon or have a permit to, seeing to it that that person does not simply give the name Joe Jones and then get a permit under an assumed name.

"So the idea is aimed entirely and completely, it is the intent of the sponsors of the bill, that this law insofar as it relates to carrying concealed weapons, shall be aimed at the person who has been convicted of felonies or crimes involving violence and seeing to it that people like that, who have not any business in the world carrying a concealed weapon, do not get a permit to carry a concealed weapon, must carry it unlawfully and therefore be guilty of a felony in carrying it unlawfully."

Further debate ensued.

POINT OF INQUIRY

Senator Day: "Thank you, Mr. President. Would Senator Andersen yield? Senator, does this change the application requirement in any other way than requiring fingerprint identification as to cost or method of application?"

Senator Andersen: "Yes, there is a little bit of a change as far as the cost is concerned. Senator Durkan addressed himself to that here on the floor of the Senate. There was some discussion of it in the judiciary committee.

"The way it is now it increases the cost a few dollars. Presently, local government who fills out the license and prepares it does not get anything for this. This gives a little bit back to them to approximately the amount they spend on the service. In other words, local government has been burdened with providing these licenses, doing the work in connection with issuing these licenses and without being given any compensation for it. The money went to the state but now enough of it goes back to the local government to permit the police department to, and so on, get paid for the work that they do."

Senator Day: "Presently, Senator, the cost of it is a dollar and it has to be renewed annually. Do you know what the new requirement is?"

Senator Andersen: "I might just add, Senator Day, that the testimony of the various local officials and the other people before the judiciary committee was that the present fee did not pay the actual cost of processing the license. None of it came back to the local people. So that has been taken care of and there were some pretty penetrating questions asked in order to keep the cost of that down because nobody wanted to make a general increase."

Senator Day: "One more question. If a person applies for a gun permit and they find in checking his record that he is not entitled to a gun permit, how is this going to help in the apprehension of the criminal who goes out and steals a gun? So what we are really doing is tightening down the legal use of handguns. Is that correct, Senator?"

Senator Andersen: "No, I do not think so. What this bill is doing is a simple thing.

"The intent is to see to it that a person of the prohibited class, namely, convicted felons, persons guilty of gross misdemeanors involving force and violence, that these people cannot legally carry a gun. They are the kind of people that are not fit to carry guns in my judgment and hopefully in the judgment of the Senate and the rest of the members of the legislature.

"The only way we can be sure that those people cannot get guns is to require a fingerprint so the fingerprint can be checked and if they have been convicted of a crime. So far as the individual citizen is concerned, I have no doubt that we will probably be getting to fingerprints on driver's licenses, just simply because people who do not have licenses change the names and go in and get licensed. It is merely an identification problem designed to screen out the convicted felons and persons convicted of crimes of violence.

"As far as any apprehension is concerned, if they found the fingerprints of a felon on a gun, that person's fingerprints are already going to be on record someplace anyway. Just to see to it that a man that has committed armed robbery or assault or something like that does not go in and pick up a gun legally and then go off on the spur of the moment and commit some additional crime of violence."

POINT OF INQUIRY

Senator Donohue: "Mr. President, would Senator Andersen yield? Is there a waiting period between application and issuance of the permit, and how long is that?"

Senator Andersen: "It is a period, to my recollection, that it is twenty-four hours. I stand subject to correction, but it is at least twenty-four hours. Then what they do is, I believe, run the name through the identification records. In my home town, Bellevue, the Bellevue police would check it and they would check it out probably with the Seattle police department and King county sheriff. Senator Peterson (Ted) advises me that it is seventy-two hours."

Senator Donohue: "Senator, if I want a gun permit and I haven't been convicted as a felon or anything, like in my community where the sheriff issues a gun permit and he knows the individual and he knows that this particular individual belongs to a gun club then he cannot issue the permit for seventy-two hours and he is going to have to take this individual's fingerprints and he is going to have to check out to see whether this fellow is a good citizen. It seems a little bit odd that in some communities there is nothing left to the issuing officer in any way. Could you comment on that?"

Senator Gissberg: "Let me try to answer that question, if I may, Senator Donohue. We are not changing the existing law in any respect on that particular issue except, if you will allow me to indicate what the present law is. That is, that subject to the seventy-two hour rule mentioned by Senator Peterson, anyone who has the existing authority to issue a permit for a concealed weapon, that is a judge, chief of police or the sheriff of the county, must within thirty days after the filing of that application, issue the license. I am talking about existing law now and that part is not changed in this unless, the existing law says, there exists a record of his prior court conviction of a crime of violence. Now that is the existing law.

"So that your question would be equally applicable to the existing law. So all we have done in that particular connection is change the wording, the prohibition of issuing a license to one convicted of a crime of violence to one who is convicted of a felony or another crime involving violence. So that we do not change that aspect of it in any way, shape or form. But it is true, of course, that the existing law is such and I am confident that the practical administration of it is, that if the sheriff knows the individual, he would know whether the guy had a record in any event, undoubtedly, that they do not wait the thirty days before they get their fingerprints back to see whether the fellow had been convicted of a felony now, nor do I believe they would under this new language."

POINT OF INQUIRY

Senator Canfield: "Would Senator Woodall yield? Senator, as I read this bill, if you had a collection of these guns, then would you have to pay a three dollar license each year on each of those guns in your collection?"

Senator Woodall: "I do not read it that way. As long as they stayed in a fixed abode you would not need it anyway. This I think just has to do with the carrying of them."

Senator Canfield: "I think it says here if it is in your possession. I am kind of curious about that. I would like to have an answer from some of these legal beagles."

Senator Gissberg: "As I understand your question, if you have a gun collection, as such, whether or not you would have to pay a license each year on each of those guns?"

Senator Canfield: "Yes, Senator, if you had a collection."

Senator Gissberg: "I would say if you wanted it, and this is a curbstone opinion which is probably worthy as much as you are paying for it, Senator, but the act does say that the

permit is necessary for such person to carry a pistol concealed on his person. I do not think under the fact that you have given that the gun collection would be concealed on his person.

"Now you read further, concealed on his person for the purposes of protection or while engaged in business, sport or while traveling. Those clauses modify that portion of it which says concealed on his person. Therefore, I do not believe the situation that you put would require the permit because they would not be concealed on your person."

Further debate ensued.

POINT OF INQUIRY

Senator Fleming: "Mr. President and fellow members, would Senator Walgren elaborate on section 16?"

Senator Walgren: "Yes, Senator Fleming, and in response to your inquiry and also to the statement of Senator Ridder, I think that you have to read the first three lines particularly, Senator Ridder. Anybody or whoever, 'with the intent of interfering with, obstructing or impeding the administration of justice'. Now nobody has the right to do that, Senator Ridder. The example that you set forth where you can gather peaceably outside the courtroom is entirely different than what this particular section of the bill is aimed for.

"Now the question of proving intent, Senator Fleming, of course is always a problem for attorneys in the prosecution of any criminal case because one of the basic elements of a criminal violation is an intent to commit the particular crime. Of course this is a matter of gathering the various evidence, the remarks that are made, the actions that are done by the person who is accused and presenting it to a jury as to whether or not those acts, those remarks, the witnesses that testify, can show that there is the intent to impede and obstruct."

Senator Fleming: "In regard to the University of Washington, could not it be in fact that just by the mere gathering, as Senator Ridder has mentioned, in front of the court with a demonstration, could that or could that not, without blocking something and forcefully keeping people out or trying to force themselves in, could that not be construed as the intent?"

Senator Walgren: "I think that there is a good possibility that it might very well have that result if there was indeed the intent on the part of the people that are doing it to obstruct or to impede the administration of justice."

Senator Andersen: "Just so the record is completely clear, and I think it is necessary and important that when we are talking about these criminal statutes that the record be clear.

"In further response to your question, Senator Fleming, and the one that was really posed by Senator Ridder also, two points: One, this section that we are referring to here, relative to picketing with the intent to disrupt the court proceedings is presently the law relating to federal courts. It has been construed in numerous cases. It has been upheld.

"The law that we are putting in here is not something that Senator Walgren and I sat down and figured out might be good language. We took the federal statute. We lowered the penalty somewhat simply to accord with our gross misdemeanor classification.

"The second point, and I think this is something that we all understand here, is that we believe that a lot of the attacks that are made on the republic and its institutions today have shifted from the ones that have customarily been made on legislative assemblies and things like that, shifted directly to the court system. We see that in some of the trials that we have, whether a person agrees or disagrees with a particular case or the offense charged, we see intentional disrupting for the first time in history of our courts. We see the same thing being carried on outside of the court. Inside the courtroom, the judge has the power of contempt. He can say, 'Bailiff, sheriff, or so and so, pick that man up and throw him out', or 'pick him up and put him in the jailhouse and we are going to charge him with contempt and try him with that', because the contempt is committed in the presence of the judge. However, you get out in the corridor outside of the court, you get into the lobby of the courthouse, get out in the street where they are standing committing the most outrageous acts.

"We, at the present time in the state of Washington, do not have a legal tool that our law enforcement people can use to protect the courts and the juries and the witnesses. This whole judicial institution, this whole third branch of government, of the court, is right now in this state very vulnerable to this particular problem and you cannot find a single judge, I do not believe, in this state, that will say that this statute is not necessary. They have not talked about it because once you talk about it you reveal the weakness.

"Here I think where we are debating the matter in the Senate and we are considering enacting this into part of the substantive criminal law of this state, we have to lay that on the line. We do not have a law now to deal with what is a very big and very major and very real problem in our judicial system in this state."

Senators Keefe, Gissberg and Francis demanded the previous question and the demand was sustained.

The President declared the question before the Senate to be the final passage of Engrossed Substitute Senate Bill No. 441.

JOHN A. CHERBERG, President of the Senate.
SIDNEY R. SNYDER, Secretary of the Senate.

NINETEENTH DAY

MORNING SESSION

Senate Chamber, Olympia, Wash., Tuesday, March 30, 1971.

The Senate was called to order at 11:00 a.m. by President Cherberg. The Secretary called the roll and announced to the President that all Senators were present except Senators Francis, Greive and Huntley. On motion of Senator Fleming, Senator Francis was excused. On motion of Senator McDougall, Senator Huntley was excused.

The Color Guard, consisting of Pages David Petrich, Color Bearer, and Ann Bammert, presented the Colors. Reverend Charles Loyer, pastor of Westminster United Presbyterian Church of Olympia, offered prayer as follows:

"Eternal Spirit who at the first didst brood over chaos and bring order out of it, brood, we pray, over our souls. For amid the pressures of this present age our lives become disordered and lose their meaning, direction and aim. Give unto our legislators wisdom and perseverance as they wrestle with budgetary matters. Amid the give and take of political encounter keep before them the despairing faces of those in want. Help our Senators find the best possible solution to the problem of great needs and limited resources. Amen."

On motion of Senator Bailey, the reading of the journal of the previous day was dispensed with and it was approved.

SECOND READING

SENATE BILL NO. 884, by Senator Foley:

Authorizing housing authorities to undertake supplemental projects.

The bill was read the second time by sections.

On motion of Senator Foley, the rules were suspended, Senate Bill No. 884 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Metcalf: "Mr. President, will Senator Foley yield to a question? Does this apply specifically just to that one case or is this a general enactment for other areas of the state?"

Senator Foley: "This is a general enactment. I might state that the situation in Vancouver, Washington, the housing authority there happens to be one of the few housing authorities in the state of Washington that has any substantial local funds to expend and they have to be expended in particular ways after hearings with the cooperation of the school board. What we are attempting to do is find out manners and means in which we can spend the money for the good of the order down there. The funds are more or less tied up now. We gained that money through the sale of wartime housing and now we want to do something toward getting rid of it."

MESSAGES FROM THE GOVERNOR

Office of the Governor, March 29, 1971.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I have the honor to advise that Governor Evans has approved the following Senate Bills, entitled:

SENATE BILL NO. 49: Providing certain changes in the regulation of motor vehicle wreckers.

SENATE BILL NO. 56: Providing certain changes relating to the department of civil defense.

SENATE BILL NO. 172: Providing for changes in the law relating to highway relocation payments.

SUBSTITUTE SENATE BILL NO. 352: Providing use tax exemption for certain motor vehicles and trailers.

SENATE BILL NO. 496: Implementing law relating to homesteads, including awards in addition to or awards in lieu of.

Sincerely,

CHARLES B. WIGGINS
Legislative Counsel.

Office of the Governor, March 29, 1971.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I return herewith without my approval as to one item, ENGROSSED SENATE BILL NO. 380, entitled:

"An Act relating to insurance; amending section .13.26, chapter 79, Laws of 1947 and RCW 48.13.260; adding new sections to chapter 79, Laws of 1947 and a new chapter to Title 48 RCW; adding a new section to chapter 48.20 RCW; and adding a new section to chapter 48.21 RCW."

This bill adopts a comprehensive scheme for the regulation of insurance holding company systems. Section 11 of this bill requires that insurers notify the Insurance Commissioner at least sixty days prior to making certain extraordinary dividends or distributions to stockholders. Insurers may, by the last sentence of this section, declare such dividends conditional upon the Commissioner's approval "within the thirty-day period referred to above."

Clearly this is a drafting error in that the period referred to earlier in this section is a sixty day period. A veto of the words, "thirty days", will cure this inconsistency with no change in substance.

With the exception of the item in section 11, the remainder of the bill is approved.
 Respectfully submitted,
 DANIEL J. EVANS
 Governor.

MOTIONS

On motion of Senator Day, Engrossed Senate Bill No. 380 and the Governor's partial veto message was ordered immediately transmitted to the Secretary of State.

Senator Gissberg moved that the Senate concur in the House amendments, as contained in the House Message read on March 30, 1971, to Engrossed Senate Bill No. 47. Debate ensued.

PARLIAMENTARY INQUIRY

Senator Holman: "As I read Senate Bill No. 47 in my book it indicates that we adopted a committee amendment on the floor when this bill was before us where we struck all of sections 2 and 3 of this bill. Section 3 having to do with the implied consent so it seems to me that both Senators Woodall and Metcalf are in error so that Senator Metcalf could easily vote for the bill and Senator Woodall probably would not have concurred. Am I correct in that?"

REPLY BY THE PRESIDENT

The President: "The President believes it advisable to read the entire bill, Senator Holman. There are only two paragraphs. The Secretary will please read."

The motion by Senator Gissberg carried and the Senate concurred in the House amendments to Engrossed Senate Bill No. 47.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 47, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 43; nays, 4; excused, 2.

A Call of the Senate was ordered.

INTRODUCTION AND FIRST READING

SENATE CONCURRENT RESOLUTION NO. 24, by Senator Guess:

Permitting the consideration of a bill to correct a manifest clerical error.

On motion of Senator Guess, the rules were suspended, Senate Concurrent Resolution No. 24 was advanced to second reading and read the second time in full.

POINT OF INQUIRY

Senator Bailey: "Would Senator Guess yield? Senator, this resolution merely opens our resolution relating to the introduction of bills but this is a Senate resolution only?"

Senator Guess: "No sir, it is a concurrent resolution, Senator Bailey. It has to be concurrent in order to correct the inadvertance."

POINT OF INFORMATION

Senator Bailey: "The fact is that the only resolution we have which closes off the introduction of bills which you are trying to suspend, is the resolution of the Senate itself. No joint resolution. Now the point is whether or not you need a joint resolution or whether you need a Senate resolution."

REPLY BY THE PRESIDENT

The President: "The Secretary will please re-read the Senate Concurrent Resolution and the explanation may be offered in the resolution."

MOTIONS

On motion of Senator Guess, the rules were suspended, Senate Concurrent Resolution No. 24 was advanced to third reading, the second reading considered the third and the resolution was adopted.

On motion of Senator Guess, Senate Concurrent Resolution No. 24 was ordered immediately transmitted to the House.

INTRODUCTION AND FIRST READING

"Section 51.04.010, chapter 23, Laws of 1961 and RCW 51.04.010 are each amended to read as follows:

The common law system governing the remedy of workmen against employers for injuries received in [hazardous work] *employment* is inconsistent with modern industrial conditions. In practice it proves to be economically unwise and unfair. Its administration has produced the result that little of the cost of the employer has reached the workman and that little only at large expense to the public. The remedy of the workman has been uncertain, slow and inadequate. Injuries in such works, formerly occasional, have become frequent and inevitable. The welfare of the state depends upon its industries, and even more upon the welfare of its wage worker. The state of Washington, therefore, exercising herein its police and sovereign power, declares that all phases of the premises are withdrawn from private controversy, and sure and certain relief for workmen, injured in [extrahazardous] *their work*, and their families and dependents is hereby provided regardless of questions of fault and to the exclusion of every other remedy, proceeding or compensation, except as otherwise provided in this title; and to that end all civil actions and civil causes of action for such personal injuries and all jurisdiction of the courts of the state over such causes are hereby abolished, except as in this title provided.

Sec. 2. Section 51.04.020, chapter 23, Laws of 1961 as amended by section 1, chapter 29, Laws of 1963 and RCW 51.04.020 are each amended to read as follows:

The director shall:

- (1) Establish and promulgate rules governing the administration of this title;
- (2) [Ascertain and establish the amounts to be paid into and out of the accident fund] *Establish such branch offices, sections, and advisory committees as he deems necessary to the effective administration of this title;*
- (3) Regulate the proof of accident and extent thereof, the proof of death and the proof of relationship and the extent of dependency;
- (4) Supervise the medical, surgical, and hospital treatment to the intent that it may be in all cases efficient and up to the recognized standard of modern surgery;
- (5) Issue proper receipts for moneys received and certificates for benefits accrued or accruing;
- (6) Investigate the cause of all serious injuries and report to the governor from time to time any violations or laxity in performance of protective statutes or regulations coming under the observation of the department;
- (7) Create a division of statistics within which shall be compiled such statistics as will afford reliable information upon which to base operations of all divisions under the department;
- (8) Make annual report to the governor (one of them not more than sixty nor less than thirty days prior to each regular session of the legislature) of the workings of the department, and showing the financial status and the outstanding obligations of the [accident] *various funds and the statistics aforesaid;*
- (9) Be empowered to enter into agreements with the appropriate agencies of other states relating to conflicts of jurisdiction where the contract of employment is in one state and injuries are received in the other state, and insofar as permitted by the Constitution and Laws of the United States, to enter into similar agreements with the provinces of Canada;
- (10) *Make such expenditures as may be necessary for the adequate administration of this title by the department. Such expenditures shall be paid out of the administrative fund;*
- (11) *Maintain records of all injuries and occupational diseases and the costs thereof and may require the submission of reports to this end.*

Sec. 3. Section 51.04.030, chapter 23, Laws of 1961 and RCW 51.04.030 are each amended to read as follows:

The director shall [, through the division of industrial insurance, provide] *supervise* prompt and efficient care and treatment to workmen injured in [extrahazardous] *their work* at the least cost consistent with promptness and efficiency, without discrimination or favoritism, and with as great uniformity as the various and diverse surrounding circumstances and locations of industries will permit and to that end shall, from time to time, establish and promulgate and supervise the administration of printed forms, rules, regulations, and practices for the furnishing of such care and treatment.

The director shall make and, from time to time, change as may be, and promulgate a fee bill of the maximum charges to be made by any physician, surgeon, hospital, druggist, or other agency or person rendering services to injured workmen. No service covered [by such fee bill] *under this title* shall be charged or paid [for out of the medical aid fund] at a rate or rates exceeding those specified in such fee bill, and no contract providing for greater fees shall be valid as to the excess.

[The director shall make a record of the commencement of every disability and the termination thereof and, when bills are rendered for the care and treatment of injured workmen, he shall approve and certify those which conform to the promulgated rules, regulations, and practices of the director and the director may reject any bill or item thereof incurred in violation of the principles laid down in this section or the rules and regulations promulgated under it.]

Sec. 6. Section 51.04.060, chapter 23, Laws of 1961 and RCW 51.04.060 are each amended to read as follows:

No employer, *carrier or workman* shall exempt himself from the burden or waive the benefits of this title by any contract, agreement, rule or regulation, and any such contract, agreement, rule or regulation shall be *pro tanto* void.

Workmen shall not pay any of the costs of providing compensation as required by this title except as provided in section 101 of this 1971 amendatory act.

In the event payments are due to an injured minor workman under the age of eighteen, such benefits shall be paid to his guardian, or person having custody of his person until he reaches the age of eighteen. Upon the submission of express written authorization by any such guardian, or person having custody of an injured minor workman, any such benefits may be paid directly to such injured minor workman. In the event it should become necessary to appoint a legal guardian to receive such benefits, the carrier shall pay toward the expenses of such guardianship a sum not to exceed one hundred fifty dollars.*

NEW SECTION. Sec. 8. There is added to chapter 23, Laws of 1961 and to chapter 51.04 RCW a new section to read as follows:

Sec. 32. Section 51.12.080, chapter 23, Laws of 1961 and RCW 51.12.080 are each amended to read as follows:

Inasmuch as it has proved impossible in the case of employees of common carriers by railroad, engaged in maintenance and operation of railways doing interstate, foreign and intrastate commerce, and in maintenance and construction of their equipment, to separate and distinguish the connection of such employees with interstate or foreign commerce from their connection with intrastate commerce, and such employees have, in fact, received no compensation under this title, the provisions of this title shall not apply to work performed by such employees in the maintenance and operation of such railroads or performed in the maintenance or construction of their equipment, or to the employees of such common

carriers by railroad engaged therein, but nothing herein shall be construed as excluding from the operation of this title railroad construction work, or the employees engaged thereon: PROVIDED, That common carriers by railroad engaged in such interstate or foreign commerce and in intrastate commerce shall, in all cases where liability does not exist under the laws of the United States, be liable in damages to any person suffering injury while employed by such common carrier, or in case of the death of such employee, to his surviving wife and child, or children, and if no surviving wife or child or children, then to the parents, sisters, or minor brothers, residents of the United States at the time of such death, and who were dependent upon such deceased for support, to the same extent and subject to the same limitations as the liability now existing, or hereafter created, by the laws of the United States governing recoveries by railroad employees injured while engaged in interstate commerce: PROVIDED FURTHER, That if any interstate common carrier by railroad shall also be engaged in one or more intrastate enterprises or industries (including street railways and power plants) other than its railroad, the foregoing provisions of this section shall not exclude from the operation of the other sections of this title or bring under the foregoing proviso of this section any [extrahazardous] work of such other enterprise or industry, the payroll of which may be clearly separable and distinguishable from the payroll of the maintenance or operation of such railroad, or of the maintenance or construction of its equipment: PROVIDED FURTHER, That nothing in this section shall be construed as relieving an independent contractor engaged through or by his employees in performing [extrahazardous] work for a common carrier by railroad, from the duty of complying with the terms of this title, nor as depriving any employee of such independent contractor of the benefits of this title.

Sec. 33. Section 51.12.090, chapter 23, Laws of 1961 and RCW 51.12.090 are each amended to read as follows:

The provisions of this title shall apply to employers and workmen (other than railways and their workmen) engaged in intrastate and also in interstate or foreign commerce, for whom a rule of liability or method of compensation now exists under or may hereafter be established by the congress of the United States, only to the extent that the payroll of such workmen may and shall be clearly separable and distinguishable from the payroll of workmen engaged in interstate or foreign commerce: PROVIDED, That as to workmen whose payroll is not so clearly separable and distinguishable the employer shall in all cases be liable in damages for injuries to the same extent and under the same circumstances as is specified in the case of railroads in the first proviso of RCW 51.12.080: PROVIDED FURTHER, That nothing in this title shall be construed to exclude goods or materials and/or workmen brought into this state for the purpose of engaging in [extrahazardous] work.

NEW SECTION. Sec. 34. There is added to chapter 23, Laws of 1961 and chapter 51.12 RCW a new section to read as follows:

(1) The liability of each employer under this title shall be exclusive and in place of all other liability of such employer to the employee, his legal representative, husband or wife, parents, dependents, next of kin, and anyone otherwise entitled to recover damages from such employer at law or in admiralty on account of such injury. For purposes of this section, the term "employer" shall include a "contractor" covered by subsection (2) of section 36 of this 1971 amendatory act, whether or not the subcontractor has in fact secured the payment of compensation. The liability of an employer to another person who may be liable for or who has paid damages on account of injury of an employee of such employer in the course of employment and caused by a breach of any duty or obligation owed by such employer to such other shall be limited to the amount of compensation and other benefits for which such employer is liable under this title on account of such injury, unless such other and the employer by written contract have agreed to share liability in a different manner.

(2) The exemption from liability given an employer by this section shall also extend to such employer's carrier and to all employees, officers, or directors of such employer or carrier, provided the exemption from liability given an employee, officer, or director of an employer or carrier shall not apply in any case where the injury is proximately caused by the willful and unprovoked physical aggression of such employee, officer, or director.

Sec. 35. Section 51.12.110, chapter 23, Laws of 1961 and RCW 51.12.110 are each amended to read as follows:

Any employer [engaged in any occupation other than those enumerated or declared to be under this title, may make written application to the director to fix rates of contribution for such occupation for industrial insurance and for medical aid, and thereupon the director, through the division of industrial insurance, shall fix such rates, which shall be based on the hazard of such occupation in relation to the hazards of the occupations for which rates are prescribed. When such rate is fixed the applicant] *who has in his employment any exempt person may file notice in writing with the [supervisor of industrial insurance] director of his [or its] election to [contribute under] be subject to this title, and shall forthwith display in a conspicuous manner about his [or its] works and in a sufficient number of places to reasonably inform his [or its] workmen of the fact, printed notices furnished by the department stating that he [or it] has so elected [to contribute to the accident fund and the medical aid fund] and stating when said election will become effective. Any workman in the employ of such applicant shall be entitled at any time within five days after the posting of said notice by his employer, or within five days after he has been employed by an employer who has elected to become subject to this title as herein provided, to give a written notice to*

such employer and to the department of his election not to become subject to this title. At the expiration of the time fixed by the notice of the employer, the employer and such of his [or its] workmen as shall not have given such written notice of their election to the contrary shall be subject to all the provisions of this title and entitled to all of the benefits thereof: PROVIDED, That those who have heretofore complied with the foregoing conditions and are carried and considered by the department as within the purview of this title shall be deemed and considered as having fully complied with its terms and shall be continued by the department as entitled to all of the benefits and subject to all of the liabilities without other or further action.

Any employer who has complied with this section may withdraw his acceptance of liability under this title by filing written notice with the director of the withdrawal of his acceptance. Such withdrawal shall become effective thirty days after the filing of such notice or on the date of the termination of the security for payment of compensation, whichever last occurs. The employer shall, at least thirty days before the effective date of the withdrawal, post reasonable notice of such withdrawal where the affected workman or workmen work and shall otherwise notify personally the affected workmen, withdrawal of acceptance of this title shall not affect the liability of the carrier for compensation for any injury occurring during the period of acceptance.

NEW SECTION. Sec. 36. There is added to chapter 23, Laws of 1961 and to chapter 51.12 RCW a new section to read as follows:

(1) Every employer subject to this act shall be liable for compensation for injury or death without regard to fault as a cause of the injury or death.

(2) A contractor who subcontracts all or any part of a contract and his carrier shall be liable for the payment of compensation to the employees of the subcontractor unless the subcontractor primarily liable for the payment of such compensation has secured the payment of compensation as provided for in this act. Any contractor or his carrier who shall become liable for such compensation may recover the amount of such compensation paid and necessary expenses from the subcontractor primarily liable therefor. A person who contracts with another (1) to have work performed consisting of (a) the removal, excavation or drilling of soil, rock or minerals, or (b) the cutting or removal of timber from land, or (2) to have work performed of a kind which is a regular or recurrent part of the work of the trade, business, occupation or profession of such person, shall for the purposes of this section be deemed a contractor, and such other person a subcontractor. This subsection shall not apply to the owner or lessee of land principally used for agriculture who contracts for removal of timber from such land.

NEW SECTION. Sec. 37. There is added to chapter 23, Laws of 1961 and to chapter 51.12 RCW a new section to read as follows:

(1) Any person who is a sole proprietor, or a member of a partnership subject to this title as an employer, may make written application to the state fund or an insurance company to become entitled as a subject workman to the compensation benefits thereof. Thereupon, the state fund or the insurance company may accept such application and fix a classification and an assumed monthly wage at which such person shall be carried on the payroll as a workman for purposes of computations under this title. If the person making application to the state fund under this section is an employer of subject workmen his application shall not be accepted unless he has insured his workmen with the state fund.

(2) When the application is accepted and the assumed wage is fixed, such person may file in writing with the state fund or insurance company his election to become a subject workman at the assumed wage so fixed and thereupon he shall be subject to the provisions and entitled to the benefits of this title.

(3) No claim shall be allowed or paid under this section, except upon corroborative evidence in addition to the evidence of the claimant.

(4) Any person subject to this title as a workman as provided in this section may cancel such election by giving written notice to the state fund or insurance company. The cancellation shall become effective at midnight ending the day of filing the notice with the state fund or insurance company.

NEW SECTION. Sec. 38. There is added to chapter 23, Laws of 1961 and to chapter 51.12 RCW a new section to read as follows:

(1) If a workman, while working outside the territorial limits of this state, suffers an injury on account of which he, or his beneficiaries, would have been entitled to compensation under this title had such injury occurred within this state, such workman, or his beneficiaries, shall be entitled to compensation under this title: PROVIDED, That at the time of such injury:

(a) His employment is principally localized in this state; or

(b) He is working under a contract of hire made in this state for employment not principally localized in any state; or

(c) He is working under a contract of hire made in this state for employment principally localized in another state whose workmen's compensation law is not applicable to his employer; or

(d) He is working under a contract of hire made in this state for employment outside the United States and Canada.

(2) The payment or award of compensation under the workmen's compensation law of another state, territory, province, or foreign nation to a workman or his beneficiaries otherwise entitled on account of such injury to compensation under this title shall not be a bar to a claim for compensation under this title: PROVIDED, That claim under this title is

timely filed. If compensation is paid or awarded under this title, the total amount of compensation paid or awarded the workman or beneficiary under such other workmen's compensation law shall be credited against the compensation due the workman or beneficiary under this title.

(3) If a workman is entitled to compensation under this title by reason of an injury sustained in this state in the employ of an employer who is domiciled in another state and who has not secured the payment of compensation as required by this title, the carrier may file with the director a certificate, issued by the commission or agency of such other state having jurisdiction over workmen's compensation, certifying that such employer has secured the payment of compensation under the workmen's compensation law of such other state and that with respect to said injury such workman is entitled to the benefits provided under such law. In such event:

(a) The filing of such certificate shall constitute an appointment by the carrier of the director as its agent for acceptance of the service of process in any proceeding brought by any claimant to enforce rights under this title;

(b) The director shall send to such carrier, by registered or certified mail to the address shown on such certificate, a true copy of any notice of claim or other process served on the director by the claimant in any proceeding brought to enforce rights under this title;

(c) (i) If the employer is a qualified self-insurer under the workmen's compensation law of such other state, such employer shall, upon submission of evidence, satisfactory to the director, of his ability to meet his liability to such claimant under this title, be deemed to be a qualified self-insurer under this title;

(ii) If such employer's liability under the workmen's compensation law of such other state is insured, such employer's carrier, as to such claimant only, shall be deemed to be an insurer authorized to write insurance under and be subject to this title: PROVIDED, That unless its contract with said employer requires it to pay an amount equivalent to the compensation benefits provided by this title, the insurer's liability for compensation shall not exceed its liability under the workmen's compensation law of such other state;

(d) If the total amount for which such employer's insurer is liable under (c) above is less than the total of the compensation to which such claimant is entitled under this title, the director may require the employer to file security, satisfactory to the director, to secure the payment of compensation under this title; and

(e) Upon compliance with the preceding requirements of this subsection, such employer, as to such claimant only, shall be deemed to have secured the payment of compensation under this title.

(4) As used in this section:

(a) A person's employment is principally localized in this or another state when (i) his employer has a place of business in this or such other state and he regularly works at or from such place of business, or (ii) if clause (i) foregoing is not applicable, he is domiciled in and spends a substantial part of his working time in the service of his employer in this or such other state;

(b) "Workmen's compensation law" includes "occupational disease law" for the purposes of this section.

(5) A workman whose duties require him to travel regularly in the service of his employer in this and one or more other states may agree in writing with his employer that his employment is principally localized in this or another state, and, unless such other state refuses jurisdiction, such agreement shall govern as to any injury occurring after the effective date of the agreement.

(6) The director shall be authorized to agree with the workmen's compensation administrators of other states with respect to conflicts of jurisdiction, boundaries between states and the assumption of jurisdiction in cases where the contract of employment arises in one state and the injury occurs in another, and when such an agreement has been executed and promulgated as a regulation of the department, under chapter 34.04 RCW, it shall bind all carriers, employers, and workmen subject to this title, and the jurisdiction of this title shall be governed by such regulation.

NEW SECTION. Sec. 39. There is added to chapter 23, Laws of 1961 and to chapter 51.12 RCW a new section to read as follows:

If an employer is engaged in an occupation in which he employs one or more subject employees and also is engaged in a separate occupation in which there are no subject employees, such employer is not subject to this title as to that separate occupation, nor are his employees wholly engaged in that occupation subject to this title.

NEW SECTION. Sec. 40. There is added to chapter 23, Laws of 1961 and to chapter 51.12 RCW a new section to read as follows:

(1) If an employer fails to secure payment of compensation as required by this title, an injured workman, or his beneficiaries in case death results from the injury, may claim compensation under this title as provided in subsection (2) of this section and, in the event such failure is willful, may maintain an action for damages on account of such injury or death: PROVIDED, That the amount of compensation shall be credited against the amount received in such action: PROVIDED FURTHER, That if the amount of compensation is larger than the amount of damages received, the amount of damages less the employee's legal fees and expenses shall be credited against the amount of compensation. In such action the defendant may not plead as a defense that the injury was caused by the negligence of a fellow servant, that the employee assumed the risks of his employment, or that the injury was due to the contributory negligence of the employee.

(2) The injured employee of the noncomplying employer, or his beneficiary, may make claim for the compensation due by written application to any office of the department: PROVIDED, That proper notice of the injury has been given the noncomplying employer by the employee or his beneficiary.

(3) The cost of such claim, but not less than one hundred dollars, shall be paid by the administrative fund and shall be a liability of the noncomplying employer. The administrative fund shall recover the costs of such claim from the employer and, in addition, the noncomplying employer shall be required to pay premiums, assessments, and fees for the time during which he engaged as a subject employer to the same extent as if he had secured payment of compensation by insuring with the state fund.

NEW SECTION. Sec. 41. There is added to chapter 23, Laws of 1961 and to chapter 51.16 RCW a new section to read as follows:

(1) There shall be established a state workmen's compensation fund, hereinafter called the "state fund", for the purpose of transacting workmen's compensation insurance and for the legal and administrative expenses arising out of claims made by workmen or their dependents for benefits fixed by the workmen's compensation laws of the state of Washington pursuant to coverage obtained from said state fund by employers.

(2) The state fund may enter into any contract or obligation relating to the transaction of its business which is permitted by law.

(3) The functions of the state fund shall be:

(b) To receive, handle, and process the claims of workmen and beneficiaries of workmen injured in the employ of employers insured with it; or

(c) To perform all other functions which the laws of this state specifically authorize or which are necessary or appropriate to carry out the functions expressly authorized.

(4) The state fund in its own name may sue and be sued in all actions arising out of any act or omission in connection with its business affairs, and shall be entitled to appear as a party in any proceedings involving claims payable by the fund under this title.

(5) The attorney general shall be the legal advisor of the state fund and shall represent it in all legal proceedings. Any employer may also join in any legal proceedings arising from claims for which he has secured coverage from the state fund.

The manager shall make a periodic report to the insurance commissioner of the business done by the state fund and a statement of the fund's resources and liabilities. The manager shall provide for an annual independent audit of the books and records of the state fund and an abstract summary thereof shall be published by the insurance commissioner pursuant to RCW 48.02.170.

The manager shall classify all occupations or industries in accordance with their degree of hazard and fix therefor basic rates of premiums which shall be the lowest necessary to maintain actuarial solvency of the state fund in accordance with recognized insurance principles. The manager shall formulate and adopt rules and regulations governing the method of premium calculation and collection and providing for a rating system consistent with recognized principles of workmen's compensation insurance, designed to stimulate and encourage accident prevention and to facilitate collection. The manager may annually, or at such times as he deems necessary to maintain solvency of the state fund, readjust rates in accordance with the rating system, to become effective on such dates as he may designate.

NEW SECTION. Sec. 44. There is added to chapter 23, Laws of 1961 and to chapter 51.16 RCW a new section to read as follows:

It is the intent that the [accident] *state* fund shall ultimately become neither more nor less than self-supporting [, except as provided in RCW 51.16.105 and, if in the adjustment of premium rates by the director the moneys paid into the fund by any class or classes shall be insufficient to properly and safely distribute the burden of accidents occurring therein, the department may divide, rearrange, or consolidate such class or classes, making such adjustment or transfer of funds as it may deem proper. The director shall make corrections of classifications or subclassifications or changes in rates, classes and subclasses when the best interest of such classes or subclasses will be served thereby]. *To accomplish this objective, loss experience and expenses shall be ascertained and dividends and credits may be made as provided under this title.*

NEW SECTION. Sec. 53. There is added to chapter 23, Laws of 1961 and to chapter 51.16 RCW a new section to read as follows:

The actual loss experience and expense of the state fund shall be ascertained annually. [The administrative expense paid from the accident fund shall not exceed four percent, and from the medical aid fund it shall not exceed one and one-half percent. But in no case shall the total expense paid from the combined receipts of both funds exceed five percent. The percentage shall be computed on the combined average annual receipts for the five previous fiscal years.]

NEW SECTION. Sec. 55. There is added to chapter 23, Laws of 1961 and to chapter 51.16 RCW a new section to read as follows:

(1) Every employer insured with the state fund shall keep a true and accurate record of the number of his workmen, the occupations at which and the number of days or parts of days any of his workmen are employed, and such other records as may be necessary for the administration of this title.

(2) The records required by subsection (1) of this section shall be open to inspection by the state fund for the purpose of ascertaining the correctness of the payroll, the number of workmen, and such other information as may be necessary for the administration of the state fund. Every employer shall furnish a sworn statement to the state fund upon request.

NEW SECTION. Sec. 56. There is added to chapter 23, Laws of 1961 and to chapter 51.16 RCW a new section to read as follows:

In every case where an employer insured with the state fund fails or refuses to file any report of payroll required by the state fund and fails or refuses to pay the premiums due on such unreported payroll, the state fund shall have authority to estimate such payroll and collect premiums on the basis of such estimate.

If the report required and the premiums due thereon are not made within ten days from the mailing of such demand, the employer shall be in default as provided by this title and the state fund may have and recover judgment or file liens for such estimated premium or the actual premium, whichever is greater.

NEW SECTION. Sec. 57. There is added to chapter 23, Laws of 1961 and to chapter 51.16 RCW a new section to read as follows:

Whenever the manager finds it necessary for the protection of the state fund, he may require any employer insured with the state fund to deposit and keep on deposit a sum equal to fifty percent of such employer's estimated annual premium due the state fund.

The manager may, in his discretion and in lieu of such deposit, accept a surety bond adequate to secure payment of premiums to become due the state fund. The deposit or

posting of the bond shall not relieve the employer from paying premiums to the state fund based on his actual payroll.

If an employer ceases to be insured with the state fund, the manager, upon receipt of all payments due the state fund, shall refund to the employer all deposits and shall cancel any surety bond given under this section.

If an employer fails to comply with the requirements of this title for depositing cash or supplying surety bonds to protect the state fund, the superior court of the county in which the employer resides or in which he employs workmen shall, upon the commencement of a suit by the state fund for that purpose, enjoin the employer from further employing workmen until compliance therewith is accomplished.

NEW SECTION. Sec. 58. There is added to chapter 23, Laws of 1961 and to chapter 51.16 RCW a new section to read as follows:

In the event of a default of timely payment of premium, interest at the rate of one percent per month or fraction thereof shall be added to the amount of principal due the state fund commencing with the first day of the month following the date upon which such payment became due.

If any employer fails to make payment of premiums due within ten days after receipt of a written demand by the state fund or fails to make and maintain any deposit required by the manager, such employer is in default and is also subject to a penalty of ten percent of the amount of the premium then due. The amount of such premium at any time due, together with interest thereon, and penalty for nonpayment thereof, may be collected by the state fund in the same action.

Every employer in default, as provided in this section, upon receipt of notice thereof shall display such notice of said default by posting one or more facsimiles in places accessible to his workmen in such manner and number as reasonably to inform them of such default.

NEW SECTION. Sec. 59. There is added to chapter 23, Laws of 1961 and to chapter 51.16 RCW a new section to read as follows:

The manager may consider the experience of an employer who has previously secured workman's compensation from another carrier or who has been self-insured and any carrier for such an employer or such self-insured employer shall make available to the manager all materials relevant to the prior accident experience of such employer.

Sec. 60. Section 51.16.140, chapter 23, Laws of 1961 and RCW 51.16.140 are each amended to read as follows:

[The employer shall deduct from the pay of each of his workmen engaged in extrahazardous work one-half of the amount the employer is required to pay into the medical aid fund for or on account of the employment of such workman, but] *It shall be unlawful for the employer to deduct or obtain any part of the premium required to be by him paid [into the accident fund] under this title from the wages or earnings of any of his workmen, and the making of or attempt to make any such deduction shall be a gross misdemeanor.*

Sec. 61. Section 51.16.150, chapter 23, Laws of 1961 and RCW 51.16.150 are each amended to read as follows:

If any employer shall default in any payment to the [accident fund or the medical aid] *state fund*, the sum due shall be collected by action at law in the name of the state as plaintiff, and such right of action shall be in addition to any other right of action or remedy. If such default occurs after demand, there shall also be collected a penalty equal to twenty-five percent of the amount of the defaulted payment or payments, and the [director] *manager* may require from the defaulting employer a bond to the state for the benefit of the [accident and medical aid funds] *state fund*, with surety to the [director's] *manager's* satisfaction, in the penalty of double the amount of the estimated payments which will be required from such employer into the [said funds] *state fund* for and during the ensuing one year, together with any penalty or penalties incurred. In case of refusal or failure after written demand personally served to furnish such bond, the state shall be entitled to an injunction restraining the delinquent from prosecuting [an extrahazardous occupation or] work until such bond is furnished, and until all delinquent premiums, penalties, interest and costs are paid, conditioned for the prompt and punctual making of all payments into said funds during such periods, and any sale, transfer, or lease attempted to be made by such delinquent during the period of any of the defaults herein mentioned, of his works, plant, or lease thereto, shall be invalid until all past delinquencies are made good, and such bond furnished.

Sec. 62. Section 51.16.160, chapter 23, Laws of 1961 and RCW 51.16.160 are each amended to read as follows:

All actions for the recovery of delinquent premiums and penalties *therefor due the state fund* shall be brought in the superior court and in all cases of probate, insolvency, assignment for the benefit of creditors, or bankruptcy, the claim of the state *fund* for the payments due shall be a lien prior to all other liens or claims and on a parity with prior tax liens and the mere existence of such cases or conditions shall be sufficient to create such lien without any prior or subsequent action by the state, and all administrators, receivers, or assignees for the benefit of creditors shall notify the [department] *state fund* of such administration, receivership, or assignment within thirty days from date of their appointment and qualification. In any action or proceeding brought for the recovery of payments due upon the payroll of an employer, the certificate of the [department] *state fund* that an audit has been made of the payroll of such employer pursuant to the direction

of the [department] *state fund* and the amount of such payroll for the period stated in the certificate shall be prima facie evidence of such fact.

Sec. 63. Section 51.16.170, chapter 23, Laws of 1961 and RCW 51.16.170 are each amended to read as follows:

Separate and apart from and in addition to the foregoing provisions in this chapter, the claims of the state *fund* for payments and penalties *therefor* due under this title shall be a lien prior to all other liens or claims and on a parity with prior tax liens not only against the interests of any employer, but against the interests of all others, in real estate, plant, works, equipment, and buildings improved, operated, or constructed by any employer, and also upon any products or articles manufactured by such employer.

The lien created by this section shall attach from the date of the commencement of the labor upon such property for which such premiums are due. In order to avail itself of the lien hereby created, the [department] *state fund* shall, within four months after the employer has made report of his payroll and has defaulted in the payment of his premiums thereupon, file with the county auditor of the county within which such property is then situated, a statement in writing describing in general terms the property upon which a lien is claimed and stating the amount of the lien claimed by the [department] *state fund*. If any employer fails or refuses to make report of his payroll, the lien hereby created shall continue in full force and effect, although the amount thereof is undetermined and the four months' time within which the [department] *state fund* shall file its claim of lien shall not begin to run until the actual receipt by the [department] *state fund* of such payroll report. From and after the filing of such claim of lien, the [department] *state fund* shall be entitled to commence suit to cause such lien to be foreclosed in the manner provided by law for the foreclosure of other liens on real or personal property, and in such suit the certificate of the [department] *state fund* stating the date of the actual receipt by the [department] *state fund* of such payroll report shall be prima facie evidence of such fact.

Sec. 64. Section 51.16.180, chapter 23, Laws of 1961 and RCW 51.16.180 are each amended to read as follows:

The [director] *manager* shall have the custody of all property acquired by the state at execution sale upon judgments obtained for delinquent [industrial insurance] *state fund* premiums [or medical aid contributions,] and penalties *therefor* and costs, and may sell and dispose of the same at private sales for the sale purchase price, and shall pay the proceeds into the state treasury to the credit of the [accident fund, or medical aid fund, as the case may be] *state fund*. In case of the sale of real estate the [director] *manager* shall execute the deed in the name of the state.

NEW SECTION. Sec. 65. There is added to chapter 23, Laws of 1961 and to chapter 51.16 RCW a new section to read as follows:

All premiums, interest charges, penalties, or amounts due the state fund from any employer insured with it are taxes and are collectible as taxes.

NEW SECTION. Sec. 66. There is added to chapter 23, Laws of 1961 and to chapter 51.16 RCW a new section to read as follows:

(1) The director shall promulgate rules and regulations to implement a subsequent injury program to encourage employers to employ and retain in employment handicapped persons, in accordance with this section.

(2) If an employee who has a permanent physical disability from any cause or origin incurs a permanent total disability by reason of the combined effects of the preexisting disability and a subsequent injury under this title or by reason of the aggravation of the preexisting disability by the subsequent injury, the carrier shall in the first instance pay all awards of compensation provided by this title, but such carrier shall be reimbursed from the second injury fund for all pension payments subsequent to those payable for the first two years of total permanent disability.

(3) If the subsequent injury of such employee shall result in the death of the employee and it shall be determined that the death would not have occurred except for such preexisting permanent physical disability, the carrier shall in the first instance pay the compensation prescribed by this title, but he shall be reimbursed from the second injury fund for all pension benefits payable in excess of two years.

(4) The second injury fund shall not be bound as to any question of law or fact by reason of an award or an adjudication to which it was not a party or in relation to which it was not notified. A carrier shall notify the director of any possible claim against the second injury fund as soon as practicable, but in no event later than one hundred weeks after the death or the beginning of the payment of pension benefits.

(5) The director shall be charged with the conservation of the assets of the fund. In furtherance of this purpose, the director shall be entitled to participate as a party and be represented by the attorney general in all proceedings brought to enforce claims against the fund.

NEW SECTION. Sec. 67. There is added to chapter 23, Laws of 1961 and to chapter 51.16 RCW a new section to read as follows:

The records of the state fund, excepting payrolls and claim files, shall be open to public inspection. The accident experience records of the state fund, for periods prior and subsequent to July 1, 1971, shall be available to a bona fide rating organization to assist in making workmen's compensation rates providing any costs involved in making the records available shall be borne by the rating organization.

NEW SECTION. Sec. 68. There is added to chapter 23, Laws of 1961 and to Title 51 RCW a new chapter as set forth in sections 69 through 88 of this act.

NEW SECTION. Sec. 69. (1) Every employer under this title shall secure the payment of compensation under this title by:

- (a) Insuring and keeping insured the payment of such benefits with the state fund; or
- (b) Insuring and keeping insured the payment of such benefits with any insurer authorized to transact workmen's compensation insurance in this state; or
- (c) Qualifying as a self-insurer under this title.

(2) Any employer required by statutes of this state, or by the rules, regulations, contracts, or procedures of any agency of this state or a political subdivision therein to provide or agree to provide the payment of compensation, either directly or through bond requirements, shall have the right to provide such compensation by any of the methods provided in subsection (1) of this section.

NEW SECTION. Sec. 70. (1) An employer may qualify as a self-insurer by establishing to the director's satisfaction that he has sufficient financial ability to be able to make certain the prompt payment of all compensation under this title and is and will be able to pay all assessments which may become due from such employer.

(2) A self-insurer may establish sufficient financial ability by depositing in a depository, designated by the director, money, corporate or governmental securities, or a surety bond written by any company admitted to transact surety business in this state. The money, securities, or bond shall be in an amount reasonably sufficient in the director's discretion to insure payment of reasonably foreseeable compensation and assessments but not less than the employer's normal expected annual claim liabilities and in no event less than one hundred thousand dollars. In arriving at the amount of money, securities, or bond required under this subsection, the director shall take into consideration the financial ability of the employer to pay compensation and assessments and his probable continuity of operation. The money, securities, or bond so deposited shall be held by the director to secure the payment of compensation by the self-insurer and to secure payment of his assessments. The amount of security may be increased or decreased from time to time by the director. The income from any securities deposited shall be distributed currently to the self-insurer.

(3) A self-insurer may insure or reinsure any portion of his liability under this title with an insurer authorized to transact workmen's compensation insurance in this state.

(4) Securities deposited by an employer pursuant to subsection (2) of this section shall be returned to him upon his written request provided the employer either files the bond required by subsection (2) of this section, or files with the director the policy of insurance specified in this title.

NEW SECTION. Sec. 71. Upon determination that an employer is qualified as a self-insurer, the director shall issue a certification to that effect, which shall remain in effect until withdrawn by the director or surrendered by the employer with the approval of the director. An employer's qualification as a self-insurer shall become effective on the date of certification or any date specified in the certificate.

NEW SECTION. Sec. 72. (1) The surety on a bond filed by a self-insurer pursuant to this title may terminate its liability thereon by giving the director written notice stating when, not less than thirty days thereafter, such termination shall be effective.

(2) In case of such termination, the surety shall remain liable, in accordance with the terms of the bond, with respect to future compensation for injuries to employees of the self-insurer occurring prior to the termination of the surety's liability.

(3) If the bond is terminated for any reason other than the employer's terminating his status as a self-insurer, the employer shall, prior to the date of termination of the surety's liability, otherwise comply with the requirements of this title.

(4) The liability of a surety on any bond filed pursuant to this section shall be released and extinguished and the bond returned to the employer or surety provided either such liability is secured by another bond filed or money or securities deposited as required by this title, or the employer files with the director the policy of insurance as specified in this title.

NEW SECTION. Sec. 73. (1) Any employer may at any time terminate his status as a self-insurer by giving the director written notice stating when, not less than thirty days thereafter, such termination shall be effective, provided such termination shall not be effective until the employer either shall have ceased to be an employer or shall have otherwise secured the payment of compensation under this title.

(2) If an employer who ceases to be a self-insurer files with the director a policy of insurance on a form approved by the insurance commissioner and issued by an insurer authorized to transact workmen's compensation insurance in this state, and covering the entire liability of such employer for injuries to his employees which occurred during the period of self-insurance, the money, surety bond, or securities securing such liability and filed or deposited by the employer pursuant to this title shall forthwith be returned to him. The policy of insurance shall be noncancellable for any cause during the continuance of the liability secured and so covered.

NEW SECTION. Sec. 74. (1) The director may, in cases of default upon any obligation under this title by the self-insurer, after notice by certified mail to the defaulting self-insurer of his intention to do so, bring suit upon such bond or collect the interest and principal of any of the securities as they may become due or sell the securities or any of them as may be required or apply the money deposited, all in order to pay compensation, discharge the obligations of the self-insurer under this title, and pay premiums for future insurance of the employer's obligations.

(2) The director shall be authorized to contract with the state fund or any insurer authorized to write workmen's compensation insurance in this state for the fulfillment of the defaulting employer's obligations under this title, paying the necessary premium from the defaulting employer's deposit or from other funds provided under this title for the satisfaction of claims against the defaulting employers, and having subrogation rights against the defaulting employer to the extent of any funds, other than the employer's deposit, expended for the payment of premiums or compensation in performance of the defaulting employer's obligations.

(3) Whenever the director deems it advisable or necessary, he may require an employer who has not secured the payment of compensation to his workmen as required by this title to make a deposit of money, securities, or a surety bond with the state treasurer to secure the prompt payment of compensation. Payments therefrom shall be made by order of the director.

NEW SECTION. Sec. 75. Certification of a self-insurer may be withdrawn by the director upon one or more of the following grounds:

(1) The employer no longer meets the requirements of a self-insurer; or
 (2) The self-insurer's deposit is insufficient; or
 (3) The self-insurer intentionally or repeatedly induces employees to fail to report injuries, induces claimants to treat injuries in the course of employment as off-the-job injuries, persuades claimants to accept less than the compensation due, or unreasonably makes it necessary for claimants to resort to proceedings against the employer to obtain compensation; or

(4) The employer habitually fails to comply with rules and regulations of the director regarding reports or other requirements necessary to carry out the purposes of this title; or

(5) The employer habitually engages in a practice of arbitrarily or unreasonably refusing employment to applicants for employment or discharging employees because of nondisabling bodily conditions.

NEW SECTION. Sec. 76. (1) Upon the director's determination that grounds for the withdrawal of certification of a self-insurer exist and that the certification should be withdrawn, he shall serve upon the self-insurer, personally or by certified mail, a notice of intention to withdraw certification of self-insurer, which notice shall describe the nature and location or locations of the plants or operations involved; the specific nature of the grounds for withdrawal of the certification, including the period of time within which the ground or grounds existed or arose; a directive to the self-insurer specifying the manner in which the grounds may be eliminated; and the date, not less than thirty days after the self-insurer's receipt of the notice, when the certification will be withdrawn in the absence of a satisfactory elimination of the grounds for withdrawal of the certificate.

(2) Any hearing, review, or appeal of such a notice of intention to withdraw certification of a self-insurer shall act as a stay of the withdrawal proceedings, unless the hearing officer, board, or court, for good cause shown, orders otherwise.

NEW SECTION. Sec. 77. (1) Every employer subject to the provisions of this title shall post and keep posted in a conspicuous place or places in and about his place or places of business a reasonable number of typewritten or printed notices of compliance substantially identical to a form prescribed by the director, stating that such employer has secured the payment of compensation in accordance with the provisions of this title. Such notice shall contain the name and Washington address of the carrier with which the employer has secured payment of compensation, and shall designate a person or persons on the premises with whom notice of claim may be filed.

(2) Any employer who has failed to secure the payment of compensation shall not post or permit to be posted on or about his place of business or premises any notice of compliance with this title and any wilful violation of this subsection by any officer or supervisory employee of an employer shall be a misdemeanor.

NEW SECTION. Sec. 78. The director may, by regulation, require that every employer present evidence satisfactory to the director that the payment of compensation has been secured, as required by this title and any rules or regulations thereunder, and may issue a certificate of compliance with this section, which certification may be withdrawn upon notice and specification of grounds, under the procedure provided in this title for the withdrawal of certification of a self-insurer, and any such notice by the director shall specify the grounds for his determination that the employer has not secured the payment of compensation and the manner in which the employer can satisfy the director that he has secured the payment of compensation for his employees.

NEW SECTION. Sec. 79. Every carrier shall maintain a record of all payments of compensation made under this title. The carrier shall furnish to the director evidence as to any disputed claim upon forms approved by the director.

NEW SECTION. Sec. 80. (1) Every insurer other than a self-insurer shall issue a policy or contract of insurance in writing which specifies the provisions, insuring agreements and exclusions thereto. Such policy or contract shall be made subject to the provisions of this title, and any provisions thereof inconsistent with this title are deemed to be reformed to conform with this title.

(2) Any insurer insuring the liability of an employer under this title shall be the insurer of employees of the employer within the protection of this title: PROVIDED, That with the consent of the director, a separate insurance policy may be issued for a specified plant or work location if the liability of such employer under this title to all other employees is otherwise secured.

(3) For the purposes of this title, as between the employee and the insurer, notice or knowledge of the injury to the employer shall be notice or knowledge to the insurer; jurisdiction over the employer shall be jurisdiction over the insurer; and the insurer shall be bound by and subject to any findings, judgments of fact, conclusions of law, awards, decrees, orders, or decisions rendered against the employer in the same manner and to the same extent as the employer.

(4) Every policy or contract of insurance issued pursuant to this title shall be reformed to contain a provision carrying out the provisions of subsection (3) of this section and a provision that insolvency or bankruptcy of the employer or his estate or discharge therein or both or any default of the employer shall not relieve the insurer from liability for compensation resulting from an injury otherwise covered under the policy with the insurer, during the policy period.

(5) The insurer shall be directly liable to any claimant, which liability may be enforced by such claimant against both the insurer and the employer, jointly and severally.

(6) As between any claimant and the insurer, no defense on the ground of breach of warranty or misrepresentation by the insured employer may be raised by the insurer.

(7) No statement in an employer's application for a policy of workmen's compensation insurance shall void such policy as between insurer and employer unless such statement shall be false and would materially have affected the acceptance of the risk if known by the insurer: PROVIDED, That in no case shall the invalidation of such policy as between the insurer and employer affect the insurer's obligation to provide compensation to claimants arising prior to the cancellation of such policy. In the event the insurer is required under this subsection to provide compensation under an invalid policy, the insurer shall be subrogated to the claimant's rights against the employer.

NEW SECTION. Sec. 81. (1) The state fund and private carriers may issue workmen's compensation insurance policies insuring an organization or association of employers as a dividend group if such organization or association complies with the following conditions:

(a) The organization was formed for a purpose other than that of obtaining workmen's compensation coverage;

(b) The occupations of the employers in the organization are substantially similar, taking into consideration the nature of the services being performed by workmen of such employers;

(c) The formation and operation of a group program in the organization will substantially improve accident prevention and claims handling for the employers in the group.

(2) Each member of an organization insured under a dividend group program shall be treated as a single and separate entity as respects rates, classifications, and rating plans.

(3) Private insurers insuring such groups shall be subject to the provisions of this title relating to rate making and rating organizations. The director shall certify such employers as a single employer group.

NEW SECTION. Sec. 82. If the director finds, after due notice and hearing at which the insurer shall be entitled to be heard and present evidence, that such insurer repeatedly has failed to comply with its obligations under this title, he may request the insurance commissioner to suspend or revoke the authority of such insurer to transact workmen's compensation insurance in this state. Such suspension or revocation shall not affect the liability of such insurer under policies in force prior to the suspension or revocation.

NEW SECTION. Sec. 83. Every private insurer desiring admission to transact workmen's compensation insurance under this title shall, as a prerequisite to admission, qualify under the insurance commissioner under the general provisions of chapter 48.05 RCW, except that no certificate of authority shall be issued to, or exist with respect to, the state fund. The limitation of RCW 48.05.330(1) shall not apply to workmen's compensation insurance. After admission every insurer shall deposit with the insurance commissioner security of the kind described in RCW 48.13.040 and 48.13.050 in an amount provided by this title in favor of the director as trustee for the payment of compensation to employees employed by employers insured by it.

NEW SECTION. Sec. 84. The security required by this title shall be in an amount:

(1) Not less than the sum of the following amounts computed, less credits and deductions allowable with respect to reinsurance in admitted insurers, as of the close of the last preceding December 31st in respect to workmen's compensation insurance written subject to the workmen's compensation laws of this state:

(a) The aggregate of the present values at four percent interest, of the determined and estimated future payments upon claims under compensation policies written more than three years prior to such date;

(b) The aggregate of the amounts computed as follows: For each of the preceding three years take sixty-five percent of the earned compensation premiums for that year and deduct all loss and loss expense payments made upon claims under policies written in the corresponding year from such sixty-five percent; except that the amount of each such year shall not be less than the present value at four percent interest of the determined and estimated unpaid claims under compensation policies written in that year.

(2) Not less than one hundred thousand dollars.

(3) If the aggregate amount computed under subsection (1) exceeds fifty thousand dollars, not more than double such aggregate amount.

NEW SECTION. Sec. 85. (1) The provisions of chapter 48.19 RCW relating to rate making and rating organizations shall apply to all private insurers qualifying under this title.

(2) Every such private insurer shall be a member of a workmen's compensation insurance rating organization. Such organization shall have as members not less than five insurers authorized to transact and transacting workmen's compensation insurance in this state, and whose combined experience shall be determined by the insurance commissioner to be reasonably adequate for rate-making purposes.

(3) The state fund may, at the discretion of the manager, be a member of a workmen's compensation insurance rating organization. Where the state fund is such a member, the state fund shall be entitled without election to membership on any committee thereof established in connection with the operation of such rating organization in this state.

NEW SECTION. Sec. 86. (1) Whenever compensation due under this title is not paid because of an uncorrected default of the insurer, self-insurer, or employer, such compensation shall be paid from the administrative fund.

(2) Where the default is the failure of the employer to secure the payment of compensation pursuant to section 69 of this 1971 amendatory act, the compensation required under this section shall be paid from the administrative fund in accordance with section 40 of this 1971 amendatory act.

(3) Where the default is the failure of an insurer or self-insurer to make payments, the compensation required by this section shall be paid from the administrative fund only after the moneys available from the bonds or other security provided under section 70 or section 83 of this 1971 amendatory act have been exhausted.

(4) Such defaulting employer, carrier or surety, if any, shall be liable for payment into the administrative fund of the amounts paid therefrom by the director, and for the purpose of enforcing this liability the director, for the benefit of the administrative fund, shall be subrogated to all of the rights of the person receiving such compensation.

NEW SECTION. Sec. 87. The powers, duties and functions of the industrial insurance division relating to insurance coverage, actuarial computations, claims settlement, collection, accounting, and all other powers necessary to administer the state fund as an insurer, which are not otherwise transferred by this 1971 amendatory act, are vested in the state fund as of the effective date of this 1971 amendatory act.

NEW SECTION. Sec. 88. Every carrier authorized to transact the business of workmen's compensation insurance must write and carry all risks or insurance for which application is made to it, and any such carrier assuming such a risk shall carry it unless canceled, either by agreement between the director and the employer or in case of nonpayment of premium, upon approval by the director after thirty days' notice by such carrier to the director and the employer. Such approval shall rest in the sound discretion of the director.

Sec. 89. Section 51.24.010, chapter 23, Laws of 1961 as amended by section 7, chapter 274, Laws of 1961 and RCW 51.24.020 are each amended to read as follows:

If the injury to a workman is due to negligence or wrong of another not in the same employ, the injured workman or, if death results from the injury, his widow, children, or dependents, as the case may be, shall elect whether to take under this title or seek a remedy against such other, such election to be in advance of any suit under this section and, if he takes under this title, the cause of action against such other shall be assigned to the [state for the benefit of the accident fund and the medical aid fund] *carrier*; if the other choice is made, the [accident fund and the medical aid fund] *carrier* shall contribute only the deficiency, if any, between the amount of recovery against such third person actually collected and the compensation provided or estimated by this title for such case: **PROVIDED**, That the injured workman or if death results from his injury, his widow, children or dependents as the case may be, electing to seek a remedy against such other person, shall receive benefits payable under this title as if such election had not been made, and the [department for the benefit of the accident fund and the medical aid fund] *carrier* to the extent of such payments having been made by the [department] *carrier* to the injured workman or if death results from his injury, his widow, children or dependents as the case may be shall be subrogated to the rights of such person or persons against the recovery had from such third party and shall have a lien thereupon. Any such cause of action assigned to the [state] *carrier* may be prosecuted or compromised by the [department] *carrier* in its discretion in the name of the workman, beneficiaries, or legal representative. Any compromise by the workman of any such suit, which would leave a deficiency to be made good [out of the accident fund or the medical aid fund] by the *carrier* may be made only with the written approval of the [department] *carrier*. If such approval is not obtained, claim for the deficiency will be deemed to have been waived.

Any third party action brought under this title by such workman or beneficiary must be duly prosecuted; if the action is not filed or settled within one year of the notice of election, the cause of action shall be deemed assigned to the carrier if after thirty days' notice the action is neither filed nor settled. If a cause of action which as been filed is not diligently prosecuted, the carrier shall have the right to petition the court in which the action is pending for an order assigning the cause of action to the carrier. Upon sufficient showing in the court's discretion of a lack of diligent prosecution, such an order shall issue.

In any action brought under this section wherein recovery is made by compromise and settlement or otherwise, the amount to be repaid to the [state of Washington] *carrier* as a result of said action shall bear its proportionate share of attorney's fees and costs incurred by the injured workman or his widow, children, or dependents, as the case may be, and the court shall approve the amount of attorney's fees.

Sec. 90. Section 51.28.020, chapter 23, Laws of 1961 and RCW 51.28.020 are each amended to read as follows:

Where a workman is entitled to compensation under this title he shall file with the department, his application for such, together with the certificate of the physician who attended him, and it shall be the duty of the physician to inform the injured workman of his rights under this title and to lend all necessary assistance in making this application for compensation and such proof of other matters as required by the rules of the department without charge to the workman. *The department shall forthwith send a copy of such claim to the workman's employer and carrier, if known.*

NEW SECTION. Sec. 91. There is added to chapter 23, Laws of 1961 and to chapter 51.28 RCW a new section to read as follows:

(1) Whenever an employer has notice or knowledge of an injury or occupational disease, he shall immediately report the same to the director on forms prescribed by the director and send a copy thereof to the employer's insurer, if any. The report shall include:

- (a) The name, address, and business of the employer;
- (b) The name, address, and occupation of the employee;
- (c) The date, time, cause, and nature of the injury;
- (d) Whether the injury or occupational disease arose in the course of the injured

employee's occupation; and

(e) Such other pertinent information as the director may prescribe by regulation.

(2) Wilful failure or refusal to file the report required by subsection (1) shall subject the offending employer to a penalty of one hundred dollars for each offense, to be collected in a civil action in the name of the director and paid into the administrative fund.

NEW SECTION. Sec. 92. There is added to chapter 23, Laws of 1961 and to chapter 51.28 RCW a new section to read as follows:

(1) Notice of an injury shall be given immediately by the claimant or his agent to the employer, but not later than thirty days after the injury. Notice of claims for occupational disease or infection to be valid and collectible must also be given within thirty days following the date the employee had notice from a physician of the existence of his occupational disease. The employer shall acknowledge forthwith receipt of such notice.

(2) The notice shall be in writing and shall apprise the employer when and where and how the injury or disease occurred. A report or statement secured from an employee concerning an injury in the course of employment shall constitute notice from the employee and the employer shall forthwith furnish the employee a copy of any such report or statement.

(3) Notice shall be given to the employer by mail, addressed to the employer at his last known place of business, or by personal delivery to the employer or to a foreman or superintendent of the employer. If for any reason it is not possible so to notify the employer, notice may be given by certified mail to the director at Olympia, who shall send a copy to the employer.

- (12) *If unmarried at the time of injury with five or more children, seventy percent of wages.*

(13) *The maximum benefits payable under this section shall not exceed sixty-six and two-thirds percent of the state's average monthly wage to be determined by dividing the state's average annual wage calculated under RCW 50.04.355 by twelve and rounding to the nearest lower multiple of one dollar.*

(15) *For purpose of this section, the monthly wages the workman was receiving from all employment at the time of injury shall be the basis upon which compensation is computed. In cases where the workman's wages are not fixed by the month, they shall be determined by multiplying the daily wage the workman was receiving at the time of injury:*

[(3)] (18) *As soon as recovery is so complete that the present earning power of the workman, at any kind of work, is restored to that existing at the time of the occurrence of the injury, the payments shall cease. If and so long as the present earning power is only partially restored, the payments shall continue in the proportion which the new earning power shall bear to the old. No compensation shall be payable [out of the accident fund] unless the loss of earning power shall exceed five percent.*

[(4)] (19) *No workman shall receive compensation [out of the accident fund] for or during the day on which injury was received or the three days following the same, unless his disability shall continue for a period of [thirty] fourteen consecutive calendar days from date of injury.*

[(5)] (20) *Should a workman suffer a temporary total disability and should his employer at the time of the injury continue to pay him the wages which he was earning at the time of such injury, such injured workman shall not receive any payment provided in*

The director shall appoint advisory committees or councils whose membership shall consist of individuals whose experience, training, and interests in vocational rehabilitation or retraining qualify them to lend valuable assistance to the supervisor of industrial insurance in all phases of a program of vocational rehabilitation or retraining as may be reasonable to qualify the workman for employment consistent with his physical and mental status. Where, after evaluation and recommendation by such a committee or council and prior to final evaluation of the workman's permanent disability and in the sole opinion of the supervisor, vocational rehabilitation or retraining is both necessary and likely to restore the injured workman to a form of gainful employment, the supervisor may, in his sole discretion, continue the temporary total disability compensation under this title while the workman is actively and successfully undergoing a formal program of vocational rehabilitation or retraining: **PROVIDED**, That such compensation may not be authorized for a period of more than fifty-two weeks: **PROVIDED FURTHER**, That such period may, in the sole discretion of the director after his review, be extended for an additional twenty-six weeks or portion thereof by written order of the director.

In cases where the workman is required to reside away from his regular residence, the reasonable cost of board and lodging shall also be paid. Said costs shall not be chargeable to the employer's cost experience but shall be paid out of the accident fund and charged back to each class on June 30th and December 31st of each year in proportion to its premium contributions for the preceding calendar year. Effective on January 1, 1973, said costs shall be paid out of the administrative fund.

Sec. 105. Section 51.32.100, chapter 23, Laws of 1961 and RCW 51.32.100 are each amended to read as follows:

If it is determined [by the department] that an injured workman had, at the time of his injury, a preexisting disease and that such disease delays or prevents complete recovery from such injury, [the said department] *it shall be ascertained*, as nearly as possible, the period over which the injury would have caused disability were it not for the diseased condition and the extent of permanent partial disability which the injury would have caused were it not for the disease, and [award] compensation *shall be awarded* only therefor.

Sec. 106. Section 51.32.110, chapter 23, Laws of 1961 and RCW 51.32.110 are each amended to read as follows:

Any workman entitled to receive compensation under this title shall, if requested by the department *or carrier*, submit himself for medical examination, at a time and from time to time, at a place reasonably convenient for the workman and as may be provided by the rules of the department. If the workman refuses to submit to [any such] *medical* examination, or obstructs the same, [his rights to monthly payments shall be suspended until such examination has taken place and no compensation shall be payable during or for such period] or, if any injured workman shall persist in unsanitary or injurious practices which tend to imperil or retard his recovery, or shall refuse to submit to such medical or surgical treatment as is reasonably essential to his recovery, the [department] *carrier with notice to the director and the workman and upon approval by the director may [reduce or] suspend the compensation of such workman so long as such refusal or practice continues*. If the workman necessarily incurs traveling expenses in attending for examination pursuant to the request of the department, such traveling expenses shall be repaid to him out of the [accident] *administrative* fund upon proper voucher and audit.

Sec. 107. Section 51.32.140, chapter 23, Laws of 1961 and RCW 51.32.140 are each amended to read as follows:

Except as otherwise provided by treaty, whenever compensation is payable to a beneficiary who is an alien not residing in the United States, [the department] *there shall [pay] be paid* fifty percent of the compensation herein otherwise provided to such beneficiary. But if a nonresident alien beneficiary is a citizen of a government having a compensation law which excludes citizens of the United States, either resident or nonresident, from partaking in the benefit of such law in as favorable a degree as herein extended to nonresident aliens, he shall receive no compensation. No payment shall be made to any beneficiary residing in any country with which the United States does not maintain diplomatic relations when such payment is due.

NEW SECTION Sec. 108. There is added to chapter 23, Laws of 1961 and to chapter 51.32 RCW a new section to read as follows:

If there is uncertainty as to which of several employers is the true employer of the claimant, the director shall designate by order which employer shall pay the claim, if the claim is otherwise compensable. Payment of income benefits under these circumstances must begin within thirty days after the director has been notified of the accident. When a determination of the true employer or employers has been made, the director shall direct any necessary monetary adjustment between the parties involved.

NEW SECTION Sec. 109. There is added to chapter 23, Laws of 1961 and to chapter 51.32 RCW a new section to read as follows:

(1) One purpose of this title is to restore the injured workman as near as possible to the condition of self-support as an able-bodied workman. Income benefits for permanent disability shall be determined under the director's supervision only after the injured workman's condition becomes fixed.

(2) All requests for determination of permanent disabilities shall be made to the department. Either the workman, employer, or carrier may make such requests or such inquiry may be initiated by the director on his own motion. Such requests shall be made on a form prescribed by the director and shall be required in every instance where permanent disability is likely to be present. All medical reports and other pertinent information in the possession of or under the control of the employer, and carrier shall be forwarded to the director with such requests.

(3) A request for determination of permanent disability shall be examined by the department and an order shall issue in accordance with RCW 51.52.050.

(4) The department may require that the workman present himself for a special medical examination by a physician, or physicians, selected by the department and for a personal interview. In such event the costs of such examination, and interview including payment of any reasonable travel expenses shall be paid out of the administrative fund. The director may establish a medical bureau within the department to perform medical examinations under this section. Physicians hired or retained for this purpose shall be grounded in industrial medicine and in the assessment of industrial physical impairment.

(5) Where dispute arises from the handling of any claims prior to the condition of the injured workman becoming fixed, the workman, employer, or carrier may request the department to resolve the dispute or the director may initiate an inquiry on his own motion. In such cases the department shall proceed as provided in this section and an order shall issue in accordance with RCW 51.52.050.

(6) There shall be a presumption that in any case where the director or department is empowered to enter an order or make a determination that such order or determination is well founded and such presumption may be overcome only if the party appealing therefrom shows by substantial evidence that such order or determination is in error.

NEW SECTION. Sec. 110. There is added to chapter 23, Laws of 1961 and to chapter 51.32 RCW a new section to read as follows:

(1) Written notice of acceptance or denial of a claim for benefits shall be mailed to the claimant and the director within sixty days after the employer has notice of the claim.

(2) If the employer denies a claim for compensation, written notice of such denial, informing the claimant of hearing rights under this title shall be mailed or given to the claimant and the director within sixty days after the employer has notice of the claim.

(3) Until such time as the department has entered an order in a disputed case acceptance of compensation by the claimant shall not be considered a binding determination of his rights under this title. Likewise the payment of compensation shall not be considered a binding determination of the obligations of the employer or carrier as to future compensation payments.

(4) Upon making the first payment of income benefits, and upon stopping or changing of such benefits except where a determination of the permanent disability has been made as elsewhere provided in this title, the employer or carrier shall immediately notify the director in accordance with a form to be prescribed by the director that the payment of income benefits has begun or has been stopped or changed.

(5) If, after the payment of compensation without an award, the employer elects to controvert the right to compensation, the payment of compensation shall not be considered a binding determination of the obligations of the employer as to future compensation payments. The acceptance of compensation by the employee or his dependents shall not be considered a binding determination of their rights under this act.

(6) The director (a) may, upon his own initiative at any time in a case in which payments are being made without an award, and (b) shall, upon receipt of information from any person claiming to be entitled to compensation, from the employer, or otherwise that the right to compensation is controverted, or that payment of compensation has been opposed, stopped or changed, whether or not claim has been filed, promptly make such inquiry as circumstances require, cause such medical examinations to be made, hold such hearings, make such determinations or awards, and take such further action as he considers will properly protect the rights of all parties.

(7) The director, upon his own initiative, may make such inquiry as circumstances require or is necessary to protect the rights of all the parties and he may enact rules and regulations providing for procedures to ensure fair and prompt handling by employers or carriers of the claims of workmen and beneficiaries.

NEW SECTION. Sec. 111. There is added to chapter 23, Laws of 1961 and to chapter 51.32 RCW a new section to read as follows:

(1) If an employer or carrier fails, refuses, or neglects to comply with a compensation order which has become final and is not subject to review or appeal, the director or any person entitled to compensation under the order may institute proceedings for injunctive or other appropriate relief for enforcement of the order. These proceedings may be instituted in the superior court for the county in which the employee resides, or, if the employee is not then a resident of this state, in the superior court for the county in which the employer or carrier may be served with process.

(2) In the absence of a showing of fraud in the procurement of the compensation order, and if it is found that the order was served in accordance with the provisions of this title, does not contain clerical error, and has not been complied with by the employer or carrier, the court shall enforce obedience to the order by proper means, enjoining compliance upon the person obligated to comply with the compensation order.

(3) The court may issue such writs and processes as are necessary to carry out its orders.

(4) A proceeding under this section does not preclude other methods of enforcement provided for in this title.

Sec. 112. Section 51.32.180, chapter 23, Laws of 1961 and RCW 51.32.180 are each amended to read as follows:

Every workman who suffers disability from an occupational disease in the course of employment under the mandatory or elective adoption provisions of this title, or his family and dependents in case of death of the workman from such disease or infection, shall receive the same compensation benefits and medical, surgical and hospital care and treatment as would be paid and provided for a workman injured or killed in employment under [the industrial insurance and medical aid acts of the state] *this title*: PROVIDED, HOWEVER, That this section and RCW 51.16.040 shall not apply where the last exposure to the hazards of the disease or infection occurred prior to January 1, 1937.

In the case of permanent partial disability, not to extend beyond the date when compensation shall be awarded him, except when the workman returned to work before permanent partial disability award is made, in such case not to extend beyond the time when monthly allowances to him [out of the accident fund] shall cease; in case of temporary disability not to extend beyond the time when monthly allowances to him [out of the accident fund] shall cease: PROVIDED, That after any injured workman has returned to his work his medical and surgical treatment may be continued if, and so long as such continuation is deemed necessary by the supervisor of industrial insurance to be necessary to his more complete recovery; in case of a permanent total disability not to extend beyond the date on which a lump sum settlement is made with him or he is placed upon the permanent pension roll: PROVIDED, HOWEVER, That the supervisor of industrial insurance, solely in his discretion, may authorize continued medical and surgical treatment for conditions previously accepted by the department when such medical and surgical treatment is deemed necessary by the supervisor of industrial insurance to protect such workman's life. In order to authorize such continued treatment the written order of the supervisor of industrial insurance issued in advance of the continuation shall be necessary.

Every workman whose injury results in the loss of one or more limbs or eyes shall be provided with proper artificial substitutes to be purchased by the [department at the expense of the accident fund] *employer or carrier*. Every workman, who suffers an injury to an eye producing an error of refraction, shall be once provided [, at the expense of the accident fund,] proper and properly equipped lenses to correct such error of refraction and his disability rating shall be based upon the loss of sight before correction. Every workman, whose accident results in damage to or destruction of an artificial limb, eye or tooth, shall have same repaired or replaced [at the expense of the accident fund]. Every workman whose eyeglasses or lenses are damaged, destroyed, or lost as a result of an industrial accident shall have the same restored or replaced [at the expense of the accident fund]. The [accident fund] *employer or carrier* shall be liable only for the cost of restoring damaged eyeglasses to their condition at the time of the accident. All mechanical appliances necessary in the treatment of an injured workman, such as braces, belts, casts and crutches, may be provided [at the expense of the medical aid fund] and all mechanical appliances required as permanent equipment after treatment has been completed shall continue to be provided or replaced without regard to the date of injury or date treatment was completed, notwithstanding any other provision of law [, at the expense of the accident fund]. A workman, whose injury is of such short duration as to bring him within the provisions of subsection [(4)] (19) of RCW 51.32.090 shall nevertheless receive during the omitted period medical, surgical and hospital care and service and transportation under the provisions of this chapter.

[Such annuities shall be based upon tables to be prepared for that purpose by the state insurance commissioner and by him furnished to the state treasurer, calculated upon standard mortality tables with an interest assumption of three percent per annum.] *Such annuity values shall be based upon rates of mortality, disability, remarriage and interest as determined by the state insurance commissioner, taking into account the experience of the reserve fund in such respects.*

As soon as possible after [October 1st] *June 30th* of each year the state insurance commissioner shall expert the reserve fund of each class to ascertain its standing as of [October 1st] *June 30th* of that year and the relation of its outstanding annuities at their then value *on the bases currently employed for new cases* to the cash on hand or at interest belonging to that fund. He shall promptly report the result of his examination to the [department] *state fund* and to the state treasurer in writing not later than [December 31st] *September 30th* following. If the report shows that there was on said [October 1st] *June 30th*, in the reserve fund of any class in cash or at interest, a greater sum than the then annuity value of the outstanding pension obligations of that class, the surplus shall be forthwith turned over to the [accident] fund of that class but, if the report shows the contrary condition of any class reserve, the deficiency shall be forthwith made good out of the [accident] fund of that class.

The copy, in case the same is a final order, decision, or award, shall bear on the same side of the same page on which is found the amount of [the] *any* award, a statement, set in black faced type of at least ten point body or size, that such final order, decision, or award must be appealed to the board, Olympia, within sixty days, or the same shall become final.

Whenever the department has taken any action or made any decision relating to any phase of the administration of this title the workman, beneficiary, employer, [or] *carrier*, other person, or party aggrieved thereby may appeal to the board, and if there is an election under section 161 of this 1971 amendatory act to proceed with the appeal before the board, the proceedings shall be as prescribed in the *administrative procedure act*, chapter 34.04 RCW, except insofar as that chapter may be inconsistent with this section and RCW 51.52.060 through 51.52.106; and any [such person] party [aggrieved by] may appeal from the final decision and order of the board [may thereafter appeal] to the [superior court, as prescribed in this chapter] *court of appeals or the supreme court as in other civil cases*.

Within ten days of the date on which an appeal has been granted by the board, the board shall notify the other interested parties thereto of the receipt thereof and shall forward a copy of said notice of appeal to such other interested parties. Within twenty days of the receipt of such notice of the board, the workman [or the], employer, *carrier*, other person, or party aggrieved may file with the board a cross-appeal from the order of the department from which the original appeal was taken: [PROVIDED, That nothing contained in this section shall be deemed to change, alter or modify the practice or procedure of the department for the payment of awards pending appeal: AND] PROVIDED, That failure to file notice of appeal with both the board and the department shall not be ground for denying the appeal if the notice of appeal is filed with either the board or the department: AND PROVIDED, That, if within the time limited for filing a notice of appeal to the board from an order, decision, or award of the department, the department shall direct the submission of further evidence or the investigation of any further fact, the time for filing such notice of appeal shall not commence to run until such person shall have been advised in writing of the final decision of the department in the matter: PROVIDED, FURTHER, That the department, either within the time limited for appeal or within thirty days after receiving a notice of appeal, may modify, reverse or change any order, decision, or award, or may hold any such order, decision, or award in abeyance pending further investigation in light of the allegations of the notice of appeal, and the board shall thereupon deny the appeal, without prejudice to the appellant's right to appeal from any subsequent determinative order issued by the department.

The workman, beneficiary, employer, [or] *carrier*, other person, or party shall be deemed to have waived all objections or irregularities concerning the matter on which such appeal is taken other than those specifically set forth in such notice of appeal or appearing in the records of the department. The department shall promptly transmit [its original record] *all its records* in such matter to the board.

Sec. 158. Section 51.52.080, chapter 23, Laws of 1961 as amended by section 2, chapter 148, Laws of 1963 and RCW 51.52.080 are each amended to read as follows:

If the notice of appeal raises no issue or issues of fact and the board finds that the department properly and lawfully decided all matters raised by such appeal it may, without further hearing, deny the same and confirm the department's decision or award, or if the department's record sustains the contention of the person appealing to the board, it may, without further hearing, allow the relief asked in such appeal; otherwise, it shall grant the appeal [and order a hearing to decide the issues raised].

Sec. 159. Section 51.52.090, chapter 23, Laws of 1961 and RCW 51.52.090 are each amended to read as follows:

If the appeal is not [granted] *denied* within thirty days after the notice is filed with the board, the appeal shall be deemed to have been [denied] *granted*: PROVIDED, That the board may extend the time within which it may act upon such appeal, not exceeding thirty days.

Sec. 160. Section 51.52.095, chapter 23, Laws of 1961 as last amended by section 3, chapter 148, Laws of 1963 and RCW 51.52.095 are each amended to read as follows:

The board [, upon request of the workman, beneficiary, or employer, or upon its own motion, may] *shall* direct all parties interested in an appeal, together with their [attorneys] *representatives*, if any, to appear before it, a member of the board, or an authorized hearing examiner, for a conference for the purpose of determining the feasibility of settlement [, the simplification of issues of law and fact, the necessity of amendments to the notice of appeal or other pleadings, the possibility of obtaining admissions of fact and of documents which will avoid unnecessary proof, the limitation of the number of expert witnesses, and such other matters as may aid in the disposition of the appeal. Such conference may be held prior to the hearing, or it may be held during the hearing, at the discretion of the board member or hearing examiner conducting the same, in which case the hearing will be recessed for such conference. Following the conference, the board member or hearing examiner conducting the same, shall state on the record the results of such conference, and the parties present or their representatives shall state their concurrence on the record. Such agreement as stated on the record shall control the subsequent course of the proceedings, unless modified at a subsequent hearing to prevent manifest injustice]. If agreement concerning final disposition of the appeal is reached by the parties present at the conference, [or by the employer and workman or beneficiary,] the board may enter a final decision and order in accordance therewith, providing the board finds such agreement is in conformity with the law and the facts.

NEW SECTION. Sec. 161. There is added to chapter 23, Laws of 1961 and to chapter 51.52 RCW a new section to read as follows:

If no agreement for settlement of the appeal is reached at the conference provided for by RCW 51.52.095, the workman or beneficiary, if he is a party to the appeal, or, if not, the appealing party, shall make an election whether to proceed with the appeal before the board pursuant to the provisions of this chapter, or, in the alternative, to proceed before the superior court by filing an appeal to the superior court of the county of residence of the workman or beneficiary, the superior court of the county wherein the injury occurred, or the superior court of Thurston county. Such election shall govern the jurisdictional forum and venue for the further adjudication of the appeal and cross-appeal: PROVIDED, That where the workman or beneficiary fails to appear in person or by representative at the conference at the time and place designated after due notice thereof, the jurisdictional forum and venue for all such appeals shall be governed by the election of the appealing party present, or by agreement of the appealing parties present, and if no agreement is reached in the latter case, or if no appealing party is present in person or by representative at the designated time and place after due notice thereof, all further proceedings in such appeals shall be held before and adjudicated by the board in accordance with the provisions of this chapter.

Where a workman or beneficiary is not represented by counsel at the conference, it shall be the duty of the hearing examiner to fully explain to him on the record his right of election as well as the law and procedure applicable thereto. The proceedings and results of the conference shall be duly placed upon the record.

An election made under the provisions of this section shall be final and conclusive. Where an election is made to proceed before the superior court, the board shall thereupon issue an order to that effect and shall immediately and simultaneously transmit the same to all the parties to the appeal. Any party whose appeal is governed by such election must perfect the same by filing a notice of appeal with the clerk of the appropriate superior court within thirty days after the date the board's order concerning the governing election has been communicated to such party. A copy thereof shall be served by mail, or personally, on the other parties and on the board, whereupon the board shall transmit its record to the clerk of the appropriate superior court. The other parties shall, within twenty days after the receipt of such notice of appeal, serve and file their notices of appearance and such appeal shall thereupon be deemed at issue and thereafter litigated and adjudicated by the court in the same manner as provided for a trial in civil cases. Any party shall be entitled to a trial by jury upon demand, and the jury verdict shall have the same force and effect as in actions at law. Appeal shall lie from the judgment of the superior court as in other civil cases: PROVIDED, That where neither an appeal or cross-appeal is perfected to the superior court as prescribed herein, then all such appeals shall be held before and adjudicated by the board in accordance with the provisions of this chapter.

Sec. 162. Section 51.52.100, chapter 23, Laws of 1961 as amended by section 4, chapter 148, Laws of 1963 and RCW 51.52.100 are each amended to read as follows:

Hearings [shall be held in the county of the residence of the workman or beneficiary, or in the county where the injury occurred, at a place designated by the board. Such hearing shall be de novo and summary, but no witness' testimony shall be received unless he shall first have been sworn to testify the truth, the whole truth and nothing but the truth in the matter being heard, or unless his testimony shall have been taken by deposition according to the statutes and rules relating to superior courts of this state. The department shall be entitled to appear in all proceedings before the board and introduce testimony in support of its order. The board shall cause all oral testimony to be stenographically reported and thereafter transcribed, and when transcribed, the same, with all depositions, shall be filed in, and remain a part of, the record on the appeal. Such hearings on appeal to the board] may be conducted by one or more of [its] the board members, or a duly authorized hearing examiner, and depositions may be taken by a person duly commissioned for the purpose by the board.

Members of the board, its duly authorized hearing examiners, and all persons duly commissioned by it for the purpose of taking depositions, shall have power to administer oaths; to preserve and enforce order during such hearings; to issue subpoenas for, and to compel the attendance and testimony of, witnesses, or the production of books, papers, documents, and other evidence, or the taking of depositions before any designated individual competent to administer oaths, and it shall be their duty so to do to examine witnesses; and to do all things conformable to law which may be necessary to enable them, or any of them, effectively to discharge the duties of his office.

If any person in proceedings before the board disobeys or resists any lawful order or process, or misbehaves during a hearing or so near the place thereof as to obstruct the same, or neglects to produce, after having been ordered so to do, any pertinent book, paper or document, or refuses to appear after having been subpoenaed, or upon appearing refuses to take oath as a witness, or after having the oath refused to be examined according to law, the board or any member or duly authorized hearing examiner may certify the facts to the superior court having jurisdiction in the place in which said board or member or hearing examiner is sitting; the court shall thereupon, in a summary manner, hear the evidence as to the acts complained of, and, if the evidence so warrants, punish such person in the same manner and to the same extent as for a contempt committed before the court, or commit such person upon the same conditions as if the doing of the forbidden act had occurred with reference to the proceedings, or in the presence, of the court.

Sec. 163. Section 51.52.102, chapter 23, Laws of 1961 as amended by section 5, chapter 148, Laws of 1963 and RCW 51.52.102 are each amended to read as follows:

At the time and place fixed for hearing each party shall present all his evidence with respect to the issues raised in the notice of appeal, and if any party fails so to do, the board may determine the issues upon such evidence as may be presented to it at said hearing, or if an appealing party who has the burden of going forward with the evidence fails to present any evidence, the board may dismiss the appeal: PROVIDED, That for good cause shown in the record to prevent hardship, the board may grant continuances upon application of any party, but such continuances, when granted, shall be to a time and place certain within the county where the initial hearing was held unless it shall appear that a continuance elsewhere is required in justice to interested parties: AND PROVIDED FURTHER, That the board may continue hearings or order additional hearings on its own motion, either before or after the entry of a proposed decision and order under RCW 51.52.104, to secure in an impartial manner such evidence, in addition to that presented by the parties, as the board, in its opinion, deems necessary to decide the appeal fairly and equitably, but such additional evidence shall be received subject to any objection as to its admissibility, and, if admitted in evidence all parties shall be given full opportunity for cross-examination and to present rebuttal evidence.

NEW SECTION. Sec. 164. There is added to chapter 23, Laws of 1961 and to chapter 51.52 RCW a new section to read as follows:

The attorney general shall be the legal advisor to the board and the department. Upon request of the board or the department, the attorney general shall institute or prosecute actions or proceedings for the enforcement of provisions of this title, and shall defend in like manner all suits, actions, and proceedings brought against the board, any member thereof, the director, or the department, in an official capacity.

Where this title does not provide a procedure for administrative or judicial review of actions and orders of the board or director, the provisions of chapter 34.04 RCW shall apply.

Sec. 166. Section 51.52.120, chapter 23, Laws of 1961 as amended by section 1, chapter 63, Laws of 1965 ex. sess. and RCW 51.52.120 are each amended to read as follows:

(1) It shall be unlawful for an attorney engaged in the representation of any workman or beneficiary to charge for services in the department any fee in excess of a reasonable fee, of not more than thirty percent of the increase in the award secured by the attorney's services. Such reasonable fee shall be fixed by the director for services performed by an attorney for such workman or beneficiary, prior to the notice of appeal to the board if written application therefor is made by the attorney, workman or beneficiary.

(2) If, on appeal to the board, the order, decision or award of the department is reversed or modified and additional relief is granted to a workman or beneficiary, or in cases

where a party other than the workman or beneficiary is the appealing party and the workman's or beneficiary's right to relief is sustained by the board, the board shall fix a reasonable fee for the services of his attorney in proceedings before the board if written application therefor is made by the attorney, workman or beneficiary. In fixing the amount of such attorney's fee, the board shall take into consideration the fee allowed, if any, by the director, for services before the department, and the board may review the fee fixed by said director. Any attorney's fee set by the department or the board may be reviewed by the superior court upon application of such attorney, *workman or beneficiary*. Where the board, pursuant to this section, fixes the attorney's fee, it shall be unlawful for an attorney to charge or receive any fee for services before the board in excess of that fee fixed by the board. Any person who violates any provision of this section shall be guilty of a misdemeanor.

Sec. 167. Section 51.52.130, chapter 23, Laws of 1961 and RCW 51.52.130 are each amended to read as follows:

If, on appeal *directly* to the court of appeals or the supreme court from the final decision and order of the board, said decision and order is reversed or modified and additional relief is granted to a workman or beneficiary, or in cases where a party other than the workman or beneficiary is the appealing party and the workman's or beneficiary's right to relief is sustained by the court, a reasonable fee for the services of the workman's or beneficiary's attorney shall be fixed by the court. In fixing the fee the court shall take into consideration the fee or fees, if any, fixed by the director and the board for such attorney's services before the department and the board. If the court finds that the fee fixed by the director or by the board is inadequate for services performed before the department or board, or if the director or the board has fixed no fee for such services, then the court shall fix a fee for the attorney's services before the department, or the board, as the case may be, in addition to the fee fixed for the services in the court. If the decision and order of the board is reversed or modified and if [the accident fund is affected by the litigation] *the court orders further income benefits be paid* then the attorney's fee fixed by the court for services before the court only, and the fees of medical and other witnesses and the costs shall be payable [out of the administrative fund of] by the department.

If, after summary hearing, the board or court finds that failure to make payments may jeopardize the health or physical well being of the workman or his beneficiaries, the board or court in its discretion may order payment in whole or in part. Such payment shall be subject to restitution if the final decision is adverse to the workman or beneficiary.

SENATE RESOLUTION: 1971-EX-44

By Senators Henry and Woodall:

Whereas, Freedom of the press has always been the cornerstone upon which this great Democracy was founded; and

WHEREAS, Freedom of the press depends upon the integrity of the men and women who choose journalism as their profession; and

WHEREAS, The area of governmental operations and the methods by which it is reported to the people through the eyes of said men and women journalists is the most sensitive of all areas; and

WHEREAS, In recent years the press has rightly demanded more and better responsibility from their elected officials in the area of campaign disclosures, personal income and conflict of interest; and

WHEREAS, By setting this high plane of achievement, the press and media must equal or excel such standards; and

WHEREAS, Political journalists should remain free of any possible conflict of interest as to partnership between parties; and

WHEREAS, Such conflict of interests could easily arise where members of the press and/or media enter into proprietary partnership with elected officials which might affect such journalistic credibility with the legislature and the public, and could conceivably give undue advantage to such elected official;

NOW, THEREFORE, BE IT RESOLVED, By the Washington State Senate, that political writers who have a proprietary interest or partnership with elected public officials should fully disclose such interest to the Executive Committee of the Capitol Press Corps, in addition to the Secretary of the Senate, and refrain from covering incidents in which the proprietary interest or the said public official is subject to the journalist's professional opinion.

Debate ensued.

POINT OF INQUIRY

Senator Murray: "Mr. President and members of the Senate, I was off the floor when Senator Henry addressed this question. I understand he made the statement that it was

specifically not aimed at me but wearing two hats makes it a little bit of a problem. I would like to point out that this does create some problems for the press in general. Senator Wilson has pointed out the specific problems. Number one, its constitutionality and number two, its effect. But I think that this, because of the very complexity of the situation, we should not adopt to date. I might point out that those measures having to do with the disclosure that we now have required by Senators, by elected public officials, was something that was debated long and hard from a great deal of time and we still are debating the issue, deciding whether we should expand it or contract it. I think that this is not something that should be brought up as a floor resolution suddenly presented to the body and ask us to pass on.

"Just as my immediate interpretation of the resolution as it is currently before us would put me in a very questionable position, put one of my papers possibly if not out of business at least would have a major effect upon the results and the normal action that we have in that paper and I am referring to the Argus. I think that this has so many questions about it at the present time that we should not pass this resolution without a thorough investigation of the effect it would have. I would urge you to vote against it."

Senator Henry: "Senator Murray, my reference to you, as everybody on this floor can tell you, I always keep my word and you asked me a question yesterday and I said that I would see that it got in the record that this does not refer to weekly papers or any other reporting of any papers that you are interested in. It only refers to those political writers and political reporters and others that are completely here at the sufferance, I suppose you would say in the absence of a better word, of the Senate of the Capitol Press Corps. When you were off the floor I endeavored to get into the record the statement that I made to you yesterday so that you would feel that you were protected. I am not going to belabor this point. I think that it is not a law as Senator Woodall has pointed out but I do think that everybody should have a chance to know where the other guy stands. Believe me, if I was not a gentle soul and always at a loss for words, I can think of a lot of things I would get in the record here today."

MOTIONS

Senator Newschwander moved that Senate Resolution No. 1971-EX-44 be indefinitely postponed.

Debate ensued.

The motion by Senator Newschwander failed.

The motion by Senator Henry carried and the resolution was adopted.

On page 1, line 6 of the title, after "RCW 23A.20.050;" and before "and" insert "amending section 2, chapter 83, Laws of 1969, 1st ex. session and RCW 23A.08.480;"

SENATE BILL NO. 269, by Senators Donohue, Woodall and Durkan:

Pertaining to fire district levies.

The bill was read the second time by sections.

On motion of Senator Donohue, the rules were suspended, Senate Bill No. 269 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Canfield: "Will Senator Donohue yield? What relation does this have to the forty mill limit?"

Senator Donohue: "It has no relation, Senator. A fire district now normally takes two mills. Then it is possible that if the other taxing districts are not using the two extra mills they can use this. Now this millage vote that we are talking about would be in the area of the nineteen mills that are available."

Senator Canfield: "In other words, if your millage total is over forty mills could you still do this?"

Senator Donohue: "I do not think so, Senator."

Senator Canfield: "I would like to be assured of that because it looks to me like this would be unconstitutional if you are over the forty mill limit. If it is within the forty mills it would be all right."

Senator Donohue: "To my knowledge, Senator, it is within the forty mills."

POINT OF INQUIRY

Senator Canfield: "Mr. President, would Senator Bailey answer my question if you will permit him to do so?"

Senator Bailey: "Senator Canfield, this is not in excess of the forty mills but it is in excess of the twenty-two mills that we have established, twenty mills say at fifty percent and you are talking now about the forty mills at twenty-five percent, but it is in excess of that so until we get up to forty mills at fifty percent, we are not in violation of the Constitution."

"So what this says in effect is that where we have twenty-two mills right now they could conceivably pass the extra mill in there and put it on the fire district and make twenty-three mills that would be levied in the county and we are not exceeding the Constitution but one thing we are doing is making it possible for fifteen percent of those people who are against it to come in and petition and then have it placed on the next election ballot. If we followed it to a logical conclusion eventually it would be forty mills at fifty percent which I hope we do not ever do but this is within the Constitution."

POINT OF INQUIRY

Senator Odegaard: "Would Senator Donohue yield to another question? Senator, where would the forty-sixty requirement fit in to this? Forty validation, sixty percent majority?"

Senator Donohue: "A simple majority vote."

POINT OF INQUIRY

Senator Bailey: "Would Senator Donohue yield? Senator Gissberg has a bill in the Committee on Rules and Joint Rules which deals with excess levies to be voted by fire districts for capital purposes and there is some doubt whether they can do that now. Would you have any objection to holding this bill over until tomorrow so that we can see about putting three lines on the bill that would do the same job in one bill instead of two different bills?"

Senator Donohue: "No Senator, that is fine with me."

President Pro Tempore Henry assumed the Chair.

MOTION

On motion of Senator Bailey, Senate Bill No. 269 was ordered placed on the third reading calendar for Thursday, April 1, 1971.

SENATE BILL NO. 308, by Senators Knoblauch, Stortini and Peterson (Ted):
Providing veterans with public employment preferences.

REPORT OF STANDING COMMITTEE

March 9, 1971.

SENATE BILL NO. 308, providing veterans with public employment preferences (reported by Committee on Parks, Tourism, Capitol Grounds and Veterans' Affairs):

MAJORITY recommendation: Do pass with the following amendments:

On page 2, section 1, line 9, after "rating" and before the colon insert the following:

"(1) For purple heart veterans and those ex-service men and women who have served on active duty in any branch of the armed forces of the United States and have been separated therefrom under honorable conditions and who have established the present existence of a service-connected disability disabling to an ascertainable degree as determined by the Veterans Administration or who are receiving compensation, disability retirement benefits, or pension by reason of public laws administered by the Veterans Administration, the War Department or the Navy Department;

(2) For the wives of such service-connected disabled ex-servicemen who have themselves because of such service connected disability been unable to qualify for any civil service appointment;

(3) For the unmarried widows of deceased ex-servicemen who served on active duty in any branch of the armed forces of the United States during any war or in any campaign or expedition and for which a campaign badge has been authorized;

(4) For mothers of deceased ex-servicemen or ex-service women who lost their lives under honorable conditions while on active duty in any branch of the armed forces of the United States during any war or in any campaign or expedition for which a campaign badge has been authorized; and

(5) Five percent to his final earned test rating for all other veterans."

On page 2, section 1, line 17 add a new paragraph to read as follows:

"The provisions of this section shall not apply to any veteran who used the veteran's preference provided for herein to gain employment in public service and who, after becoming employed in the public service subsequently is separated for cause."

Signed by: Senators Wilson, Chairman; Canfield, Durkan, Henry, Jolly, Lewis, Mardesich, Murray, Whetzel.

The bill was read the second time by sections.

Senator Wilson moved adoption of the committee amendments.

Debate ensued.

POINT OF INQUIRY

Senator Woodall: "Will Senator Wilson yield? Is there any length of time that one of these widows has to have been married to a veteran? Now in our judges' retirement we put in a period of time. I am thinking of a situation where a very young girl may have married a very old veteran for a very short period of time and I am wondering whether or not she should have this lifelong preference. Should she not have been married for at least some minimal period of time in order to enjoy these preferential rights?"

Senator Wilson: "In reply to your question, Senator Woodall, there is no such time limit in the proposed amendment which refers to 'for the unmarried widows of deceased ex-servicemen', etc."

Senator Woodall: "So as written, a young gal, if she caught the old boy in his dotage, was married for a short period she would then have this particular benefit."

Senator Wilson: "Of course this deceased ex-serviceman we are speaking about would have had to have lost his life during a war or any campaign or expedition for which a campaign badge had been authorized. In other words it pertains to veterans who were killed during their course of service."

Senator Woodall: "I see. The preference does not apply to natural death later on?"

Senator Wilson: "That is correct."

POINT OF INQUIRY

Senator Wilson: "Would Senator Woodall yield? Senator, I think I answered the last question improperly. The phrase is 'for the unmarried widows of deceased ex-servicemen who served on active duty in any branch of the armed forces of the United States during any war or in any campaign or expedition and for which a campaign badge had been authorized.' Upon a more careful re-reading, I am inclined to agree with you even though it opens up again this very delicate and emotional subject."

Senator Woodall: "Would you have any objection to holding this and working out an amendment that provided for some minimal period that she must have been married to this particular man?"

Senator Wilson: "I would have no objection whatsoever."

MOTION

On motion of Senator Woodall, Engrossed Senate Bill No. 308 and the pending committee amendments was ordered placed on the second reading calendar for Thursday, April 1, 1971.

SENATE BILL NO. 450, by Senators Guess, Keefe and Henry:

Providing penalties for violation of the conditions of an additional gross load special permit.

REPORT OF STANDING COMMITTEE

March 18, 1971.

SENATE BILL NO. 450, providing penalties for violation of the conditions of an additional gross load special permit (reported by Committee on Transportation):

MAJORITY recommendation: Do pass with the following amendment:

On page 2, section 1, line 8, after "canceled" and before the period insert "*and the canceled permit shall be immediately transmitted by the court or the arresting officer to the department of highways, and for the purposes of this section bail forfeiture shall be considered as a conviction*"

Signed by: Senators Washington, Chairman; Henry, Vice Chairman; Bailey, Connor, Donohue, Elicker, Foley, Guess, Herr, Huntley, Keefe, Knoblauch, McDougall, Peterson (Lowell), Stender, Talley.

The bill was read the second time by sections.

On motion of Senator Guess, the committee amendment was adopted.

Senator Lewis moved adoption of the following amendment:

On page 2, section 1, line 6, after "*conviction*" insert "*within a calendar year*"

POINT OF INQUIRY

Senator Whetzel: "Senator Lewis, would you yield to a question? Senator, what about the situation of two convictions in December and the third one in January of the next year? You would be exempting that person out from losing the permit if I understand your amendment."

Senator Lewis: "I do not think we can be perfect, Senator Whetzel."

The motion by Senator Lewis carried and the amendment was adopted.

On motion of Senator Guess, the rules were suspended, Engrossed Senate Bill No. 450 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

MOTION

On motion of Senator Twigg, Senator Matson was excused.

POINT OF INQUIRY

Senator Woodall: "Would Senator Guess yield? Senator, it was pointed out here by Senator Washington some time ago the little matter of the beet hauler. At the present time the language is permissive as to having to take it away. You are now making it mandatory if there are three occasions when the total beet load on the farmer's truck exceeds the license. Instead of being 'it may be taken away' you are now mandating that it be taken away, are you not by this language?"

Senator Guess: "Yes we are, Senator."

Senator Woodall: "So that if the farmer in Senator Washington's area was overloaded three times, why then his license has to go in where at the present time it does not necessarily have to be taken."

Senator Guess: "Senator, I think if you will look at the stricken language in the bill it says that any state patrol officer who shall find any person operating a vehicle in violation of the permit issued may confiscate such permit and forward the same to the state highway commission which may return it to the permittee or revoke, cancel or suspend it without refund."

"You have a 'may' situation on both ends of this. The patrol 'may' take it up and they 'may' reissue it but now when he has made three violations it is sent in and then he can, and the procedure is available here where he can then get it back."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 450, and the bill passed the Senate by the following vote: Yeas, 43; nays, 1; absent or not voting, 2; excused, 3.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Clarke, Connor, Cooney, Day, Donohue, Dore, Durkan, Elicker, Fleming, Francis, Gardner, Greive, Guess, Henry, Herr, Holman, Jolly, Keefe, Knoblauch, Lewis, McDougall, Mardesich, Matson, Metcalf, Murray, Newschwander, Odegaard, Peterson (Lowell), Peterson (Ted), Ridder, Sandison, Scott, Stortini, Talley, Twigg, Walgren, Washington, Whetzel, Wilson—43.

On motion of Senator Peterson (Ted), the rules were suspended, Engrossed Substitute

Senate Bill No. 105 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

ROLL CALL

Voting yea: Senators Bailey, Connor, Cooney, Durkan, Francis, Gardner, Greive, Herr, Mardesich, Peterson (Lowell), Peterson (Ted), Ridder—12.

Voting nay: Senators Andersen, Atwood, Canfield, Clarke, Day, Donohue, Dore, Elicker, Fleming, Gissberg, Guess, Henry, Holman, Jolly, Knoblauch, Lewis, McDougall, Matson, Metcalf, Murray, Newschwander, Odegaard, Sandison, Scott, Stortini, Talley, Twigg, Walgren, Washington, Whetzel, Wilson, Woodall—32.

Minister to their personal needs even as they seek to serve the needs of our state. Be with us constituents, O Lord. If budgetary deficits ordain that we be subjected to yet another shearing, grant that we be spared a stubble of fleece to protect us from the cold economic weather of our times. Amen."

Senators Greive, Connor and Ridder demanded a Call of the Senate.

A Call of the Senate was ordered.

CALL OF THE SENATE

The Sergeant at Arms locked the doors of the Senate Chamber.

The Secretary called the roll on the Call of the Senate, all members being present except Senator Foley who had previously been excused.

On motion of Senator Greive, the Senate proceeded under the Call of the Senate.

Debate ensued.

POINT OF INQUIRY

Senator Peterson (Ted): "Mr. President, would Senator Guess yield to a question? Senator, you are with the AGC contractors and we know what organization you have but you keep referring to the fact that you are putting the people in the small towns out of business. You are not putting them out of business at all and I just want you to clarify why you keep saying that. Just how do you put them out of business? They are not going out of business because of this at all. They are still independent small entrepreneurs' or businessmen. There is no thought of putting them out of business.

"Now you have to give us a better explanation than what you have as to why they are going out of business. You have not done this."

Senator Guess: "Senator Peterson, the reason that they went out of business was because they could not put up the bond and without the bond they could not make any collections and the records are there.

"I have talked to several of these people who were small contractors before the act came into being and I know that this is their personal statement to me. I have had a letter already that one man says that the insurance companies are now refusing to write the bonds for the small contractor because the yield has not been sufficiently high to justify writing that kind of business. He wanted me this time to see if I could not get some kind of different bond arrangement so that the small contractor in Spokane even could stay in business."

Further debate ensued.

Senator Greive demanded a roll call on the motion for reconsideration and the demand was sustained by Senators Herr, Peterson (Lowell), Newschwander, Stortini, Donohue, Mardesich, Metcalf, Connor and Cooney.

ROLL CALL ON MOTION FOR RECONSIDERATION

The Secretary called the roll and the motion for reconsideration by Senator Dore carried by the following vote: Yeas, 29; nays, 19; excused, 1.

Voting yea: Senators Bailey, Connor, Cooney, Day, Donohue, Dore, Durkan, Fleming, Francis, Gardner, Greive, Henry, Herr, Jolly, Keefe, Knoblauch, McCutcheon, Mardesich, Odegaard, Peterson (Lowell), Peterson (Ted), Ridder, Sandison, Stender, Stortini, Talley, Walgren, Washington, Wilson—29.

Voting nay: Senators Andersen, Atwood, Canfield, Clarke, Elicker, Gissberg, Guess, Holman, Huntley, Lewis, McDougall, Matson, Metcalf, Murray, Newschwander, Scott, Twigg, Whetzel, Woodall—19.

Excused: Senator Foley—1.

MOTION

Senator Dore moved that Engrossed Substitute Senate Bill No. 105 be returned to second reading.

POINT OF ORDER

Senator Greive: "In looking at Rule 12, it is my understanding that an order of business established by this rule may be changed and any order of business already dealt with may be reverted to advance by a majority of those present and I ask that that be kept in mind in light of the vote."

POINT OF ORDER

Senator Woodall: "My point of order is that we have not let the vote be announced yet."

REPLY BY THE PRESIDENT

The President: "Twenty-nine yeas, nineteen nays, Senator."

RULING BY THE PRESIDENT

The President: "Senator Greive, the order of business is not the item in question. The measure is on final passage. It took a suspension of the rules to advance it to that point, therefore the President believes that it takes a suspension of the rules to revert or return. The President believes your point of order is not well taken."

MOTION

Senator Greive moved that Engrossed Substitute Senate Bill No. 105 be referred to the Committee on Rules and Joint Rules.

POINT OF ORDER

Senator Woodall: "The President has not officially announced whether or not this motion by Senator Dore has lost or carried."

RULING BY THE PRESIDENT

The President: "Your point of order is well taken. The motion to return the measure to second reading has failed."

The motion by Senator Greive to refer Engrossed Substitute Senate Bill No. 105 to the Committee on Rules and Joint Rules carried on a rising vote.

MOTION

At 2:15 p.m., on motion of Senator Greive, the Senate recessed until 2:30 p.m.

MOTIONS

Senator Woodall moved that the Senate dispense with the Call of the Senate.

The motion by Senator Woodall failed.

The motion by Senator Bailey carried.

MOTION

At 2:35 p.m., on motion of Senator Greive, the Senate was declared to be at ease subject to the Call of the Chair.

The President called the Senate to order at 3:10 p.m.

MOTIONS

On motion of Senator Greive, the Senate returned to the first order of business.

REPORT OF STANDING COMMITTEE

April 1, 1971.

ENGROSSED SUBSTITUTE SENATE BILL NO. 105, providing an automotive repair responsibility act (reported by Committee on Commerce and Regulatory Agencies):

MAJORITY recommendation: Do pass with the following amendments:

On page 3, section 7, line 33 after the word "be" strike "fifty" and insert "ten"

On page 4, section 7, line 2, strike "twenty-five" and insert "ten"

Signed by: Senators Mardesich, Chairman; Cooney, Day, Dore, Fleming, Gardner, Keefe, Knoblauch, Peterson (Lowell), Stortini, Walgren.

The bill was read the second time by sections.

Senator Mardesich moved adoption of the committee amendment to page 3, section 7, line 33.

POINT OF INQUIRY

Senator Guess: "Will Senator Mardesich yield? Senator, this bill has not been in the Committee on Ways and Means and it has been declared to be a self-financing bill. If it was self-financing on fifty dollars, I cannot understand how it would be self-financing on ten dollars."

Senator Mardesich: "It was a revenue measure before and now it is simply self-financing."

The motion by Senator Mardesich carried and the committee amendment to page 3, section 7, line 33 was adopted.

On motion of Senator Mardesich, the committee amendment to page 4, section 7, line 2 was adopted.

On motion of Senator Bailey, the following amendment was adopted:

On page 7, section 21, line 7, after "act" and before the period insert "": PROVIDED, That this shall not affect any person holding a business license in any city or county or with the state department of revenue for the twelve months preceding the effective date of this act"

Senator Greive moved that the rules be suspended, Engrossed Substitute Senate Bill No. 105 be advanced to third reading, the second reading considered the third and the bill be placed on final passage.

POINT OF ORDER

Senator Gissberg: "I raise the point of order that after second reading Rule 61 says 'shall be referred to the Rules Committee' referring to suspension of the rules."

Debate ensued.

RULING BY THE PRESIDENT

The President: "The President in ruling upon the point of order presented by Senator Gissberg rules that the point of order as presented by Senator Gissberg is well taken as outlined in paragraph 4 of the section entitled 'Amendments' under Rule 61. Upon your inquiry the President will rule when that particular point comes up. The measure is passed to third reading."

MOTION

Senator Greive requested the Senate be at ease subject to the Call of the President.

POINT OF ORDER

Senator Guess: "I would like to ask the President if a motion is required for us to be put at ease to have a Rules Committee meeting or is this operated on a courtesy basis of a simple request? Parliamentary-wise, should not we have a motion to that effect?"

RULING BY THE PRESIDENT

The President: "No, sir, the President does not believe a motion is necessary, Senator Guess. The President believes it is within the discretionary powers of the President to put the Senate at ease when such occasion arises in his mind."

At 3:25 p.m. the President declared the Senate to be at ease subject to the Call of the President.

The President called the Senate to order at 3:30 p.m.

POINT OF ORDER

Senator Clarke: "Point of order, Mr. President. My point, Mr. President, simply is that Rule 61 in substance means that there must be an interval of one day between each reading, applying it to the particular case in point here, there has been an amendment on second reading and under the rule the intent is that a day shall elapse in order to allow the members to consider the effect of that amendment in order that they may be better informed as to how they wish to vote on third reading."

RULING BY THE PRESIDENT

The President: "The President, in ruling upon the point of order presented by Senator Clarke, believes that Senator Clarke's logic in that the Senate deliberation of a bill upon three separate days is proper and correct. However, this is a very unusual situation and that the record shows that the bill has been read upon three separate days and yesterday the Senate voted to suspend the third reading. Therefore, the President believes that in order to expedite the business of the Senate that the Senate at this time should consider whether it wishes to pass the bill or not."

PARLIAMENTARY INQUIRY

Senator Holman: "Are we on third reading then?"

REPLY BY THE PRESIDENT

The President: "Yes, Senator."

POINT OF INQUIRY

Senator Holman: "I wonder than, would Senator Bailey yield to a question? Senator, during the interim while the Rules Committee was meeting, I went up to the desk and read your amendment that you placed on this bill during second reading and I see what you are getting at but I do not think you did it by the language you used. You said that, in effect, this act does not apply to anyone who had a business license in the preceding twelve months. That could be a lot of people, it could include barbers and hairdressers and lawyers. I am sure you probably meant auto mechanics but do you not think in view of the fact this purports to be a criminal statute, it would be a good idea to return this to second reading and possibly fix it up?"

Senator Bailey: "I am sure that our Supreme Court would hold this constitutional. I just feel sure."

Senator Holman: "Then may I ask you one more question, Senator Bailey. The title of the bill says, 'An act relating to motor vehicle repairs and prescribing penalties'. Can you point out anything in this bill where any penalties are prescribed?"

Senator Bailey: "I have no answer to that, Senator Holman. I am not the author of the bill. I was only trying to protect the little people—if we could be guaranteed that you would make a corrective amendment and let it pass, come back to third reading, I would have no objection to any technical correction. But if we are going to have this same mickey mouse show all over again and waste another day on it, well I would object to moving it back."

ROLL CALL

The Secretary called the roll on the final passage of Reengrossed Second Substitute Senate Bill No. 105, and the bill passed the Senate by the following vote: Yeas, 25; nays, 23; excused, 1.

Voting yea: Senators Bailey, Connor, Cooney, Donohue, Dore, Durkan, Francis, Gardner, Greive, Henry, Herr, Jolly, Keefe, Knoblauch, McCutcheon, Mardesich, Odegaard, Peterson (Lowell), Peterson (Ted), Ridder, Sandison, Stender, Stortini, Walgren, Washington—25.

Voting nay: Senators Andersen, Atwood, Canfield, Clarke, Day, Elicker, Fleming, Gissberg, Guess, Holman, Huntley, Lewis, McDougall, Matson, Metcalf, Murray, Newschwander, Scott, Talley, Twigg, Whetzel, Wilson, Woodall—23.

Excused: Senator Foley—1.

On motion of Senator Greive, the Senate dispensed with the Call of the Senate.

SENATE BILL NO. 82, by Senators Peterson (Ted), Francis and Murray:

Authorizing conveyance of certain tidelands in King county to state board for community college education.

The bill was read the second time by sections.

On motion of Senator Peterson (Ted), the rules were suspended, Senate Bill No. 82 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Whetzel: "Will Senator Peterson (Ted) yield? Senator, this waterway where this college is going to put these facilities, is the outlet of Lake Union. One of the things we have been concerned about there over the years is the creeping filling in of that area. This is inside the locks, I believe, isn't it?"

Senator Peterson (Ted): "Yes, it is."

Senator Whetzel: "One of the problems is the quality of the water and the whole character of the waterway; the ship canal and the lake is suffering from extensive filling. The question to you, is the purpose of this deed to acquire the tidelands for the purpose of filling for construction other than of a dock or a wharf or such kind of facility as that?"

Senator Peterson (Ted): "Senator, you answered your question. They did not have to fill in at all. They had to put some rip rap in and some sheathing and some supporting piles. It was an old sawmill, the last sawmill in Ballard out of eighteen was located here and rather than have the ground slough into the canal, they put this sheathing in with pilings and then put dolphins in and then they dredged out in that area. Instead of filling in, they dredged this out so that she could lay there at thirty-five feet in low mean water so there was no filling, in fact we deepened and took a little more of the shore away so that we could have the proper area to berth her and she would be out of the way of the transportation which comes through the Ballard bridge when the bridge is up."

Senator Whetzel: "Then to pursue this question, if all this has been done, what is the purpose of getting a deed for the tidelands?"

Senator Peterson (Ted): "They purchased the property next to it, Senator, and it is like for instance you had property on the beach somewhere, you would like to have the tideland rights. In most cases when you have property up to the accreted area and down, you would like to have the tideland rights because in that way you control the property and as long as it is property of the Seattle Community College, they rightfully should have that and acquire, at least have a deed to the property."

Senator Mardesich: "The answer to the question is that the abutting owner has the right to fill in."

POINT OF INQUIRY

Senator Whetzel: "Will Senator Mardesich yield? If the law provides the abutting owner has the right to acquire the tidelands, why is it necessary for us to pass a bill transferring this deed to the community college?"

Senator Mardesich: "I do not say that the law says that. I say that the law provides that the abutting owner has the right to fill in. I assume that this would give the community college the right to fill in more territory if they so desired."

Debate ensued.

MAJORITY recommendation: Do pass with the following amendments:

On page 2, section 3, line 15, strike "The privilege of attending" and insert "Attending"

On page 3, section 8, line 8, after "expulsion" and before the period insert " PROVIDED, That in interpreting this section the highest consideration shall be given to the judgment of the teacher or administrator regarding conditions necessary to maintain the optimum learning atmosphere"

Signed by: Senators Francis, Chairman; Fleming, Gardner, Metcalf, Murray, Ridder, Washington.

The bill was read the second time by sections.

On page 1, section 1, line 25 after "conduct" and before the comma, insert "pursuant to RCW 28A.72"

Debate ensued.

POINT OF INQUIRY

Senator Mardesich: "As I gather then, what we are doing is making the conduct of children mandatorily a subject for negotiation whereas it was prior to this time unless being negotiated otherwise by agreement, unless had been negotiated, it was a matter for the administrative officials to make determination with respect to. Is this correct and this would now mandate that conduct is a negotiable item?"

Senator Ridder: "Under the present law, school boards shall not adopt any written policy until the problem has been submitted for negotiation with the teacher. Of course, it says that the present policies to be negotiated are unlimited and this, of course, is one of the policies that would have to be taken up before it became a policy and consequently would be negotiated. I am merely adding this amendment to clarify for a certain organization. If you want it taken out, I am more than willing to have it dropped but I am putting it before the body and let them use their wisdom to whether place it or not place it."

The motion by Senator Ridder failed and the amendment was not adopted.

Senator Odegaard moved adoption of the following amendment:

On page 4, section 12, line 9, after "witnesses," strike all the material down to and including "5.56.020." on line 12.

POINT OF INQUIRY

Senator Woodall: "Will Senator Ridder yield? Senator, are there any guidelines in your subpoena power as to what conditions it can be issued or is it solely the caprice of someone who thinks it ought to be done?"

Senator Ridder: "Over the number of hearings that we had, Senator, we have had counsel present. The counsel has told us that this is sufficient and that this does not need guidelines. Now if you have some guidelines, I certainly would like to have you put them in. I am more than willing to see that guidelines be put in if you want to utilize this power under certain perimeters but I hope that. . ."

Senator Woodall: "What your answer at the moment is that as of now there are no guidelines. That is your answer to my question. There are no guidelines. That was your answer?"

Senator Ridder: "It must be used by the appropriate school authorities. That is your guideline."

Senator Woodall: "That is the sole guideline. Now secondly, who serves this process on the parents? Do you call in the sheriff and he has to serve it, who is the process server in this case?"

Senator Ridder: "I am not familiar, as not being a lawyer, with the process of subpoena."

Senator Woodall: "The third and last question, if they do not respond, who punishes for contempt? Are there fines, does the school authority sentence a person to the county jail? How is punishment for failing to answer the subpoena taken care of in your bill?"

Senator Ridder: "You are the expert on the law but I would say that there are normal subpoena rules and if you file a serving of a subpoena through the sheriff, those people must show up and if they do not, they are in contempt."

The motion by Senator Odegaard carried and the amendment was adopted.

On motion of Senator Metcalf, the following amendment was adopted:

On page 5, section 15, line 4, after "ceases" insert "the danger to the optimum learning atmosphere has ended,"

MOTIONS

JOHN A. CHERBERG, President of the Senate.
SIDNEY R. SNYDER, Secretary of the Senate.

TWENTY-SECOND DAY

MORNING SESSION

Senate Chamber, Olympia, Wash., Friday, April 2, 1971.

The Senate was called to order at 11:00 a.m. by President Cherberg. The Secretary called the roll and announced to the President that all Senators were present except Senators Herr, Peterson (Ted) and Foley. On motion of Senator Peterson (Lowell), Senator Herr was excused. On motion of Senator McDougall, Senator Peterson (Ted) was excused. On motion of Senator Keefe, Senator Foley was excused.

The Color Guard, consisting of Pages Tom Sawyer, Color Bearer, and Nancy Moulton, presented the Colors. Reverend Daniel Y. Quello, pastor of Our Saviour's Lutheran Church of Olympia, offered prayer as follows:

"Our Kind Heavenly Father, You have asked us to manage this 'good earth'. You have put its order within our dominion. You have made us partners in this task of government. Concern Yourself, this day, with what happens in these chambers. Let us not shrink back from the task that is ours, but rather allow 'good government' to happen through us. Let us be attentive to Your counsel . . . responsive to Your word . . . and sensitive to the need of others. Let our judgments spring from our convictions and let our convictions spring from Your Truth. Temper our ideas with Your ideals, and grant us the luxury to live at peace with a decision once made.

"Mindful of the partnership that is ours, let us go forward this day with the confidence and trust that You go with us. Knowing as we go, that 'here on earth Your work must truly be Your own.' Grant, Heavenly Father, when this day be over, that each one present may hear Your words of approval, 'Well done good and faithful servant!'

"Let this be our prayer this day, in Christ's Name. Amen."

On motion of Senator Greive, the reading of the journal of the previous day was dispensed with and it was approved.

PERSONAL PRIVILEGE

Senator Canfield: "Mr. President and members of the Senate, it is not very often we have a pleasant report to make. We are having a lot of economic distress in this state. We have had some real haymaker blows against the economy of this state and I wanted to speak in regard to the latest announcement from the White House that the Hanford reactor will be kept open for a period of three years.

"When the closure announcement was first made by the government, we lost round number one. We sent a task force back to Washington, D. C. and the report that came back was 'No'. We lost the second round. We did not give up. We sent another task force back and this time we won the battle.

"Although the terms of the contract had to be modified somewhat, industry and all concerned have agreed to those terms and under those terms the reactor will be kept going.

"Under my remarks of personal privilege, I would like to thank the Senate for the support they have given in the past few years to the nuclear program. You have supported the Western Nuclear Interstate Compact which was a fine step forward. You have supported the formation of the Joint Committee on Nuclear Energy composed of members of the Senate and the House and we have all worked as a team to do the things that are necessary in this area.

"I wanted to commend everyone concerned, the leadership of the Governor, the leadership of the task force, the leadership of this Senate and the House in all cooperating to further this most worthwhile program, and the people of the State of Washington are grateful for this action. Thank you, Mr. President."

PRESIDENT'S INQUIRY

The President: "Which airline did the task force fly and did the members get along okay with each other?"

Senator Canfield: "I have no comment. We flew on two airlines and I think the trip was most harmonious from every angle."

The President: "The reason the President asked the question is because we have a number of airline representatives present in the north gallery, Senator."

SENATE BILL NO. 98, by Senators Francis, Metcalf and Ridder (by Joint Committee on Education and executive request):

Setting out guidelines for pupil conduct, discipline and rights in the common schools.

The Senate resumed consideration of Senate Bill No. 98, as amended, on second reading.

Senator Stender moved adoption of the following amendment:

On page 1, section 1, line 20, restore stricken material on lines 20-23 and on page 2, line 3, strike the remainder of the bill.

PARLIAMENTARY INQUIRY

Senator Ridder: "Yesterday we had the almost identical amendment by Senator Stender in which he attempted to strike the remainder of the bill. In this case a little extra has been added but the same amendment is in force, it seems to me. How long can one go on striking the remainder of the bill?"

REPLY BY THE PRESIDENT

The President: "Senator Ridder, in answer to your inquiry, the amendment proposed by Senator Stender yesterday providing for the striking of certain material, this particular amendment restores certain material and strikes others. Therefore it is in order."

Debate ensued.

Senator Ridder demanded a roll call and the demand was sustained by Senators Stender, Scott, Sandison, Stortini, Francis, Fleming, Washington, Metcalf, Cooney and Connor.

ROLL CALL

The Secretary called the roll and the amendment by Senator Stender was not adopted by the following vote: Yeas, 20; nays, 25; absent or not voting, 1; excused, 3.

On motion of Senator Francis, the rules were suspended, Engrossed Senate Bill No. 98 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

President Pro Tempore Henry assumed the Chair.
Debate ensued.

POINT OF INQUIRY

Senator Gissberg: "Would either Senator Francis or Senator Ridder respond to an inquiry for the record? This bill would purport to set up hearing procedures as you have indicated but section 5 constitutes a prohibition against expelling, suspending or disciplining in any manner for the performance of or failure to perform any act not directly related to the orderly operation of the school or school sponsored activities, the optimum learning atmosphere at school or any other aspect of the educational process.

"Now that says that the school cannot discipline except in that very limited area. My question is, if a student comes upon the campus and smokes a marijuana cigarette or if a student comes upon the campus, we are talking about common school now, with a bottle of alcohol, that is intoxicants, and does not display it particularly to other students but actually takes a couple drinks of it; now then in your opinion and under this section 5, would the smoking of the marijuana cigarette, it having no effect on the student as such, would either of those two acts relate to his failure to perform any act not directly related to the orderly operation of the school or school sponsored activities, the optimum learning atmosphere at school or any other aspect of the educational process?"

Senator Francis: "Senator Gissberg, my answer to your question is yes. I would like to elaborate my answer a little bit.

"The focus of school discipline has to be somehow related to the educational process and that is what we are saying here. In the past we have said, 'you cannot set up rules which are unreasonable'. Or to put it another way, 'Your rules have to be reasonable'. We go to court and fight over what is reasonable. Here we are elaborating a little more. We are saying that in order to be reasonable, a rule has to be somehow or another related to the orderly operation of school or school sponsored activities, the optimum learning atmosphere or some other aspect of the educational process. We can always argue, of course, over whether these things are related or not but it seems to me quite clear that when you are setting forth standards for behavior in school, you are talking about marijuana or talking about tobacco. If you are telling someone they will not smoke, you are setting up a standard of behavior which is reasonably related to the educational process. That especially, of course, and I have talked with Senator Stortini about this before, could very well be related to a school sponsored activity such as athletics. So that even taking place off the school grounds if it were a violation of a training rule, would certainly be related to a school sponsored activity. I think very clearly these would be reasonable rules within the focus that section 5 puts on it."

POINT OF INQUIRY

Senator Woodall: "Would the Senator yield further? Now I am seriously interested in whether or not we are curtailing the power of the teacher to teach and the instructor to instruct. The matter of dress, length of dress, cleanliness, personal habits as to dress and mode and so forth. Are they restricted under this or will we have a lawsuit over each time when they attempt to make some rule as to how the student must dress?"

Senator Francis: "Senator Woodall, as an attorney you are used to having to go to court over the question of what is reasonable. You have found in the past that that is best determined on a case by case basis. The Tinker case, the United States Supreme Court, 1969 said that if students can wear buttons and iron crosses and other things, you cannot kick them out of school for wearing a black armband in protest of the Viet Nam war. Now that is all it said as far as specific things. It did not go into hemlines on girl students' skirts or anything else.

"I personally think that a high hemline could be very disruptive or certainly distracting to boy students but I think that this is the kind of thing that has to be decided on a case by case basis.

"The thing that we are doing in the law is saying, these things have to be focused upon the question of whether or not it relates to school. If you are not disrupting school to wear your hair long and you are a boy, it is no school administrator's business, in my opinion, and I suppose you could argue to the contrary and say that is distracting too. We are not deciding that case here either. We are deciding that the question has to be, the issue has to be, whether or not it relates to the educational process or whether it tends to disrupt school discipline and administration.

"In connection with that also, of course, are providing some procedures to try to get those things resolved within the school rather than encouraging anybody to go to court."

Senators Matson, Clarke and Metcalf demanded the previous question and the demand was sustained.

President Pro Tempore Henry declared the question before the Senate to be Engrossed Senate Bill No. 98 on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 98 and the bill failed to pass the Senate by the following vote: Yeas, 14; nays, 31; absent or not voting, 1; excused 3.

Voting yea: Senators Bailey, Connor, Elicker, Francis, Gardner, Greive, Metcalf, Murray, Ridder, Sandison, Stortini, Talley, Washington, Wilson—14.

Voting nay: Senators Andersen, Atwood, Canfield, Clarke, Cooney, Day, Donohue, Dore, Durkan, Fleming, Gissberg, Guess, Henry, Holman, Huntley, Jolly, Keefe, Knoblauch, Lewis, McDougall, Mardesich, Matson, Newschwander, Odegaard, Peterson (Lowell), Scott, Stender, Twigg, Walgren, Whetzel, Woodall—31.

Implementing law relating to that tax on cigarettes, the proceeds from which go into the school building bond redemption fund.

REPORT OF STANDING COMMITTEE

March 25, 1971.

SENATE BILL NO. 262, implementing law relating to that tax on cigarettes, the proceeds from which go into the school building bond redemption fund (reported by Committee on Ways and Means):

MAJORITY recommendation: Do pass with the following amendment:

Following section 1 add a new section as follows:

NEW SECTION. Sec. 2. This 1971 amendatory act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

Signed by: Senators Durkan, Chairman; Atwood, Bailey, Canfield, Day, Donohue, Dore, Fleming, Foley, Gissberg, Guess, Huntley, Jolly, Lewis, Mardesich, Odegaard, Peterson (Lowell), Peterson (Ted), Ridder, Sandison, Washington, Wilson.

The bill was read the second time by sections.

On motion of Senator Durkan, the committee amendment was adopted.

On motion of Senator Durkan, the following amendment to the title was adopted:

On page 1, line 3 of the title, after "28A.47.440" insert "; and declaring an emergency"

On motion of Senator Durkan, Engrossed Senate Bill No. 262 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Mardesich: "Will Senator Durkan yield? Senator, this question summarized in one capsule word is, preceded by a few comments, how do we know whether it is necessary to do this without having some idea of what that budget is going to be? How do we know that the expenditures which the Governor has given to us in the recommended budget, one which he terms balanced which is out of balance in my opinion to the tune of three hundred and fifty million dollars or thereabouts, how do we know that all these things are necessary without having a final look at what we are going to do with our budget?"

"Now it has been said that this is a very austere budget and that all these series of acts, some thirty or thirty-five that the Governor has proposed relating to this same type of thing, transferring of monies from one reporting period into another, bills such as this, the tax increase he has proposed, how do we know that all these things are going to be necessary and why should we start with this particular bill at this time instead of taking all of those measures as a package at one time?"

Senator Durkan: "Members of the Senate, it is quite obvious to me as chairman of the Senate Ways and Means Committee that all the measures that the Governor has proposed are going to be necessary to balance this budget and in addition to that, the chairman of the Senate Ways and Means Committee is going to propose a few more.

"These transfers, while many of us who have dealt in the fiscal field are not the type of balancing procedures we would like to use, are an attempt to avoid a general increase in taxes. Whether or not we are going to be able to do that with these transfers, I do not know but without the transfers I can assure you that there would have to be a substantial increase in the amount of taxes. I do not particularly subscribe to the views of this budget and the method by which it is being balanced but at the same time, being perfectly honest about it, I recognize that unless we do use these bookkeeping measures which were initiated by one of our governors, that we are going to have a substantial tax bill before us."

Voting nay: Senator Francis—1.

Absent or not voting: Senators McCutcheon, Talley—2.

Excused: Senators Foley, Herr, Peterson (Ted)—3.

MOTION FOR RECONSIDERATION

Having voted on the prevailing side and Senator Stender having given prior notice, Senator Fleming moved that the Senate do now reconsider the vote by which Engrossed Senate Bill No. 98 failed to pass the Senate.

POINT OF ORDER

Senator Atwood: "Can Senator Fleming make the motion? He was not the member who gave the notice."

RULING BY THE PRESIDENT

The President: "The President believes that inasmuch as Senator Fleming voted upon the prevailing side that he can move to reconsider."

Senator Atwood: "Is it the ruling of the Chair that any member, after notice is given, may make the motion?"

The President: "Yes, Senator Atwood."

Further debate ensued.

POINT OF INQUIRY

Senator Canfield: "Will Senator Francis yield? Would you mind telling the purpose of your amendment? Would you mind telling what the amendment is going to be?"

Senator Francis: "Senator Canfield, at least section 5 would be stricken. It is certainly my intention that section 5 be stricken out of the bill. Senator Holman, Senator Gissberg and numerous others have told me that that would satisfy them. I am not sure that would satisfy Senator Stender and I am not sure that will be enough but I can assure you that I will so move that section 5 be taken out since that raised most of the doubts. I think this is something we are going to have to try to work out between now and Tuesday, though, and we simply want to have a chance to put it together."

The motion by Senator Fleming carried.

MOTIONS

Debate ensued.

POINT OF INQUIRY

Senator Mardesich: "Senator Atwood, would you look to line 26, page 1? Is that any conflict with what attempts to be done in section 1?"

Senator Atwood: "No, I do not think so. You are talking about the legal interest from and including that date until five days. The five days was formerly ten. Section 1 is five days from and after the date of the first publication of the call."

Senator Mardesich: "Legal interest would apply for that other period or what? Let them figure it out?"

Senator Atwood: "No, they set the interest rate, the treasurer does."

Senator Mardesich: "Then that would become the legal rate?"

Senator Atwood: "No, for those particular warrants that he has already issued. I do not think it is conflict, Senator."

On motion of Senator Woodall, Senate Bill No. 59 was ordered to hold its place on the second reading calendar for Monday, April 5, 1971.

SIGNED BY THE PRESIDENT

The President signed:

SENATE BILL NO. 918.

SENATE BILL NO. 553, by Senators Day and Twigg:

Providing for the placement and care of adjudicated delinquents.

MOTIONS

On motion of Senator Day, Substitute Senate Bill No. 553 was substituted for Senate Bill No. 553, the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Day, the rules were suspended, Substitute Senate Bill No. 553 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Gissberg: "Senator Day, would you yield? Let us assume that a court of law, a juvenile court, has made the adjudication that a child is delinquent. Of course, there is no showing of any kind that the parents have mistreated or maltreated the child or neglected the child but simply a finding that because of the child's own conduct he perhaps has been found to be delinquent. Then this bill would give the department of social and health services absolute power then to take that child from his parents and place the child with somebody else?"

Senator Day: "No, as I understand it the court is the one that adjudicates and directs where the child should go."

Senator Gissberg: "If I thought that were the case there would not be any problem but if you look at section 1, the department of social and health services may place any child adjudicated delinquent. So it is the department that actually places the child. Now section 2 says the court can do it which is fine, but I have some trepidation about giving to the department that broad authority without going to the court that has made that adjudication of delinquency in the first instance and procuring the approval of the court for placing that child."

Senator Day: "I would have no objection to an amendment which would make the department act in concert with the court. The court has already adjudicated him delinquent."

As I understand your concern, Senator, it is that after he has been adjudicated delinquent that the first section would then give the department the sole right possible to. . . ."

Senator Gissberg: "Yes it would, and I am trying to see how the amendment would fit in."

MOTIONS

On motion of Senator Gissberg, the rules were suspended and Substitute Senate Bill No. 553 was returned to second reading.

On motion of Senator Gissberg, the following amendment was adopted:

On page 1, section 1, line 7, after "may" insert "subject to prior approval by the appropriate court"

Debate ensued.

POINT OF INQUIRY

Senator Canfield: "Senator Bailey, would you please yield to a question? I just want to get on the record if I may a restatement of testimony you gave a moment ago. I want to get in the record your answer to this question. What is the attitude of the county commissioners on this bill?"

Senator Bailey: "Senator, there is mixed attitude on this bill. I would say that half of the commissioners are for it and half of them are against it. I come from two counties, one of them all three county commissioners are against it and the county engineer is for it. In the other county, three county commissioners are for it and the county engineer is against it, so I am tied, four to four. The ones that are against it only tell me this, they are only against it because they are afraid the pressure is going to be on them to spend the money. Now I just still reiterate the fact that they are elected people. If they cannot stand the pressure maybe they ought to let somebody come in the court house that can take it."

Senators Talley, Peterson (Lowell) and Bailey demanded the previous question.

POINT OF ORDER

Senator Stender: "The previous question should not be applied to a motion of reconsideration. Equal motions."

ENGROSSED HOUSE BILL NO. 300, by Representatives Randall, Gallagher and Litchman (by Joint Committee on Governmental Cooperation request):

Relating to right of entry by department of natural resources employees.

REPORT OF STANDING COMMITTEE

March 17, 1971.

ENGROSSED HOUSE BILL NO. 300, relating to right of entry by department of natural resources employees (reported by Committee on Natural Resources, Fisheries and Game):

MAJORITY recommendation: Do pass with the following amendments:

On page 1, section 1, line 13 of the printed and engrossed bill after "*premises*" and before "*in*" insert "*except the dwelling house or appurtenant buildings*" Amend the House Committee Amendment by the Committee on Natural Resources and Ecology on page 1, section 1, line 17, being page 1, section 1, line 17 of the engrossed bill, after "*after*" and before "*notice*" insert "*five days written*"

Signed by: Senators Peterson (Lowell), Chairman; Clarke, Gissberg, Matson, Metcalf, Peterson (Ted), Sandison.

The bill was read the second time by sections.

On motion of Senator Peterson (Lowell), the committee amendments were adopted.

POINT OF INQUIRY

Senator Canfield: "Mr. President, before we advance this, would Senator Peterson (Lowell) yield to a question? Senator, in reading this bill it appears to restrict its authority to section 76 which has to do with the lands and properties of the department of natural resources. First, is that correct?"

Senator Peterson (Lowell): "No, that is not my interpretation. It is both public and private for right of entry for the purposes of examinations and surveys."

Senator Canfield: "Then you are opening up this authority to enter into any private property of whatever kind?"

Senator Peterson (Lowell): "This is true. With five days' written notice to the property owner."

Senator Canfield: "I just checked with our caucus attorney and he says that is not correct in his opinion. I would like to have that corrected because if we are allowing the right of entry into all private property of all kinds whatsoever, I think we had better take a look at this bill. It was my understanding it was restricted to the department of natural resources."

Senator Peterson (Lowell): "The bill reads on line 11, 'in this state, whether public or private'. I do not know how you could take any other interpretation."

INTRODUCTION AND FIRST READING

REENGROSSED HOUSE BILL NO. 869, by Representative Gladder:
 Providing for licensing of hotels and motels.
 Referred to Committee on Commerce and Regulatory Agencies.

MOTIONS

On motion of Senator McDougall, Senate Bill No. 635 was ordered to hold its place on the second reading calendar for Friday, April 9, 1971.

The motion was amended by Senator Mardesich to include that should a cutoff date be established before Friday, April 9, 1971, Senate Bill No. 635 would be considered prior to that time.

On motion of Senator Greive, Senate Bill No. 690 was ordered to hold its place on the second reading calendar for Wednesday, April 7, 1971.

On motion of Senator Mardesich, Senate Bill No. 59 was ordered held following consideration of Senate Bill No. 353 on today's calendar.

On motion of Senator Greive, Senate Bill No. 72 was ordered returned to the Committee on Rules and Joint Rules.

On motion of Senator Peterson (Lowell), Engrossed House Bill No. 300 was ordered placed on the calendar following consideration of Senate Bill No. 817.

SECOND READING

SENATE BILL NO. 372, by Senators Ridder, Canfield and Stortini:
 Establishing a state recreation and fire protection trail system.

On motion of Senator Wilson, Substitute Senate Bill No. 372 was substituted for Senate Bill No. 372 and the substitute bill was placed on second reading and read the second time in full.

Senator Ridder moved adoption of the following amendment:

On page 2, section 3, line 31, strike "*access to and along private utility rights of way,*"
 Debate ensued.

POINT OF INQUIRY

Senator Metcalf: "Will Senator Ridder yield to a question? Did I understand you to say that there was general agreement to have these used for recreational use in the immediate future?"

Senator Ridder: "Yes, the idea of the bill was to encourage the use of these and the way the bill is written perhaps is just a little too strong. The encouragement is still there and the methodology will be carried out and it will be done but it will not be in the law."

Further debate ensued.

The motion by Senator Ridder carried and the amendment was adopted.

On motion of Senator Ridder, the rules were suspended, Engrossed Substitute Senate Bill No. 372 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Guess: "Mr. President, would Senator Ridder yield? Senator, in section 23 it says all-terrain vehicles as used in this 1971 amendatory act shall include snowmobiles unless the 1971 legislature specifically provides for the registration and regulation of snowmobiles."

Senator Ridder: "Right."

Senator Guess: "As you know, Senate Bill No. 156 has passed the Senate and is on the House calendar today. I understand from you that this will have nothing to do with the provisions contained in Senate Bill No. 156 in the event that the bill passes and is signed by the Governor."

Senator Ridder: "Absolutely. We drew this bill around snowmobiles. We have no intent whatsoever to have anything to do with the snowmobiles except in the event that if your snowmobile bill lost and did not get through, this would then cover it but if your snowmobile bill passes, this then effectively just works around it."

Senator Guess: "One more question, Senator. In the section which has to do with the description of the outlining and describing what an all-terrain vehicle is, section 7 does not mention that I have been able to find, the word 'snowmobile' and I just want to make sure that the body understands when passing this that it does not have anything to do with snowmobiles."

Senator Ridder: "Right. It was not our intention. Snowmobiles travel on snow and not on dirt and our idea is to provide more miles of dirt trail and that is quite a different situation."

POINT OF INQUIRY

Senator Wilson: "Would Senator Ridder yield? Senator, I have two or three questions I would like to ask for the purpose of placing your reply in the record as a matter of helping to establish legislative intent with respect to the passage of this bill.

"My first question I think you have already covered in your preliminary remarks but is it not our intent that the revenues which would be derived under this bill through a license fee on four-wheel drive and two-wheel drive trail vehicles will be used substantially or entirely for the development and maintenance of trails rather than going into the administrative budget of some state agency?"

Senator Ridder: "Right. And the bill was drawn in such a way that the money would go on a miles of trail basis so if you did not add any miles of trail you would not get the money to handle it. So you would have to institute a new trail to get the money."

Senator Wilson: "Thank you. My second question is this, in developing this state-wide recreational trail system, is it not the intent of the sponsor that a certain and reasonable separation should be achieved with respect to trails designed primarily for mechanized travel and trails designed primarily for back packing and horseback travel?"

Senator Ridder: "The idea in this bill is to draw some differential here so that the four-wheel all-terrain vehicles and the motorcycles have a place to go and that they do not conflict with the back packers and the bicyclists and the walkers and this is one of the ideas of the bill, to set aside."

Senator Wilson: "My final question concerns for example the large number of cattlemen in my district and elsewhere in the state who lease state lands for grazing purposes and my question would be: Is there any possibility under this bill that certain recreational trails might be run across these leased properties or across private property, as far as that is concerned, with the result that life would be made more difficult for these cattlemen, the fire hazards might be increased and that problems would be created for them by the injection of an increased amount of recreational track across lands which they are using for cattle raising."

Senator Ridder: "We are very much interested in not touching whatsoever private lands, and private lands are not involved in this. Only lands owned by the parks, the game and the natural resources. So it is only state lands, except in cases where easements have been legally obtained and arrived at that would allow the passage of such vehicles. If these easements are gained then we could allow them to get to state land.

"Secondly, we had the agreement of the bodies involved that they would in no way allow these vehicles to bother the leasing of land for grazing and that it was completely out of their ken to allow any of these vehicles across land that was used for grazing."

POINT OF INQUIRY

Senator Peterson (Ted): "Would Senator Ridder yield? Senator, what kind of a license do you have to have for this type of vehicle?"

Senator Ridder: "This is going to be a large decal type that can be noted at long distances and it is as much for identification of the vehicle from loss and finding them as it is for noticing them on the trail and picking up those that break rules."

POINT OF INQUIRY

Senator Lewis: "Would Senator Ridder yield to a question? Senator, I notice that the provisions of the bill, at least as they appear, apply only to land trails."

Senator Ridder: "Right."

Senator Lewis: "Why did you exclude water trails from this?"

Senator Ridder: "That is another part of the inter-agency council and when they agreed to draw up scenic trails, these are trails only for land vehicles, all-terrain vehicles."

POINT OF INQUIRY

Senator Andersen: "Another question of Senator Ridder. I just wanted to clarify one answer that you gave in response to a question by Senator Wilson. You mentioned that there is a desire to keep these trails separate, the back packing trails as I gather that you said from trails where you have four-wheel vehicles and motorcycles and so on. I just want to make sure that you are referring to motorcycles, you are referring to the generic very broad term that encompasses all the little snorting, belching, smoking things that louse up the trails for those of us who like to hike."

Senator Ridder: "It does, and it has specific noise levels in it to keep this noise level down and it deals with three-wheel, four-wheel, six-wheel, all-terrain vehicles."

MESSAGE FROM THE HOUSE

April 3, 1971.

Mr. President: The House has passed SENATE BILL NO. 906 with the following amendments:

On page 1, beginning on line 7, insert a new section as follows:

"NEW SECTION. Sec. 1. The legislature finds the award of contracts to construct new

ferries to persons intending to construct such ferries within the state will serve not only the public transportation needs of the state but also generate an increase in employment, salaries, wages, purchases, and general business activity which will cause a general increase in the tax revenues of the state. It is the intent of this act to effectively recognize all the benefits to the people of the state when contracts for the construction of ferries are awarded to persons intending to construct such ferries within the state and to provide for the consideration of such benefits in awarding a contract for construction. It is the further intent of this act to respond to the severe and extraordinary problem of unemployment which presently faces the citizens of the state and which diminishes the strength of the public institutions which serve the welfare of all the people of the state."

Remember the remaining section consecutively.

On page 1, section 1, line 18, strike everything from "AND" down through and including "offered" on line 27 and insert "AND PROVIDED FURTHER, That notwithstanding any other provision of law, the highway commission, in awarding contracts for which bids have been accepted prior to July 1, 1971, for construction of ferries for the Washington state ferry system, may consider the bid of the lowest responsible bidder operating shipbuilding facilities and proposing to build such ferries in the state of Washington by evaluating and including the projected direct and indirect tax revenues generated by construction of the ferries within the state. Moneys expended to meet the added cost incurred as a consequence of the award of an contract authorized by this proviso shall come from such funds as may be available"

and the same is herewith transmitted. MALCOLM McBEATH, Chief Clerk.

Providing changes in the sentencing of persons convicted of more than one crime.

On page 2, after section 1, add a new section as follows:

"Sec. 2. Section 46.20.270, chapter 12, Laws of 1961 as last amended by section 55, chapter 145, Laws of 1967 ex. sess. and RCW 46.20.270 are each amended to read as follows:

(1) Whenever any person is convicted of any offense for which this title makes mandatory the suspension or revocation of the driver's license of such person by the department, the privilege of the person to operate a vehicle is suspended until the department takes the action required by this chapter, and the court in which such conviction is had shall forthwith secure the immediate forfeiture of the driver's license of such convicted person and immediately forward such driver's license to the department, and on failure of such convicted person to deliver such driver's license the judge shall cause such person to be confined for the period of such suspension or revocation or until such driver's license is delivered to such judge: PROVIDED, That in the event such convicted person shall testify that he does not and at the time of the offense did not have a current and valid vehicle driver's license, then the judge shall cause such person to be charged with the operation of a motor vehicle without a current and valid driver's license and on conviction punished as by law provided, and the department shall not issue a driver's license to such persons during the period of such suspension or revocation: PROVIDED, ALSO, That in the event that the driver's license of such convicted person has been lost or destroyed and such convicted person shall make an affidavit to that effect, sworn to before the judge, he shall not be so confined, but the department shall not issue or reissue a driver's license for such convicted person during the period of such suspension or revocation: PROVIDED, That perfection of notice of appeal shall stay the execution of sentence including the suspension and/or revocation of the driver's license.

(2) Every court having jurisdiction over offenses committed under this chapter, or any other act of this state or municipal ordinance adopted by a local authority regulating the operation of motor vehicles on highways, shall forward to the department within ten days of the date of a forfeiture of bail or collateral deposited to secure a defendant's appearance in court, or the payment of a fine or a plea of guilty, or a finding of guilt on a traffic violation charge, an abstract of the court record in the form prescribed by rule of the supreme court, showing the forfeiture of bail or collateral deposited to secure the defendant's appearance in court, or the payment of the fine or the plea of guilty, or the finding of guilt [conviction of any person] in said court for a violation of any said laws other than regulations governing standing or parking, and may recommend the suspension of the driver's license of the person [so convicted].

(3) For the purposes of Title 46 the term "conviction" shall mean a final conviction in either a state or municipal court. An unvacated forfeiture of bail or collateral deposited to secure a defendant's appearance in court, the payment of a fine, a plea of guilty or a finding of guilt on a traffic law violation charge, shall be equivalent to a conviction, under Title 46 regardless of whether the imposition of sentence is deferred or the penalty is suspended."

Debate ensued.

POINT OF INQUIRY

Senator Metcalf: "I wonder if Senator Woodall would yield to a question? Senator, I know the dangerous ground upon which I am walking but the law as it appears here, the present law requires the court to forward to the department within ten days an abstract and so forth showing conviction of any person. My question—is a deferred sentence, is this not a conviction? You have to be guilty before you can have a deferred sentence, don't you?"

Senator Woodall: "No, that is the idea of a deferred sentence so that if you comply with the terms of the deferment you are then entitled to substitute your plea or to change it from guilty to not guilty, whereupon the case is dismissed and you have no record. That is the idea of a deferred sentence. So if you wipe that out and make them send in the report, then forever you have him found guilty down here but the record will show him not guilty back up in court. There is no need of this particular thing. You are going to get some crossed up records. You are going to have a man with a clean record up in the court that sent it down but you are going to have him showing guilty of something down here in the department of licenses. Let us just leave the courts alone."

POINT OF ORDER

Senator Atwood: "I raise the point of order that the proposed amendment by Senator Metcalf enlarges the scope and object of this particular bill. This bill deals with sentencing of felons on when they are going to serve consecutive or concurrent sentences. It has nothing to do with drivers' convictions or forfeitures or anything else and it is a very tender spot in the law. If you will look at the title of Senate Bill No. 108, it deals with the criminal code, 9,92,080 and other sections in the criminal code. Senator Metcalf's amendment deals strictly with driving offenses in district courts and JP courts and I would hate to see this departmental request bill fouled up with a new and different subject matter."

RULING BY THE PRESIDENT

The President: "The President in ruling upon the point of order presented by Senator Atwood; the President believes the remarks just made by Senator Atwood are correct, therefore the amendment does change the scope and object of the bill."

The amendment by Senator Metcalf was ruled out of order.

On motion of Senator Andersen, the following amendment by Senators Durkan and Andersen was adopted:

On page 2, following line 13, add a new section to read as follows:

"NEW SECTION. Sec. 2. No court shall suspend or defer the sentence of any person having been convicted of selling narcotic or dangerous drugs."

On motion of Senator Andersen, the rules were suspended, Engrossed Senate Bill No. 108, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 108, and the bill passed the Senate by the following vote: Yeas, 47; absent or not voting, 1; excused, 1.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Clarke, Connor, Cooney, Day, Donohue, Dore, Durkan, Elicker, Fleming, Foley, Francis, Gardner, Gissberg, Greive, Guess, Henry, Herr, Holman, Huntley, Jolly, Keefe, Knoblauch, Lewis, McDougall, Mardesich, Metcalf, Murray, Newschwander, Odegaard, Peterson (Lowell), Peterson (Ted), Ridder, Sandison, Scott, Stender, Stortini, Talley, Twigg, Walgren, Washington, Whetzel, Wilson, Woodall—47.

Renumber the remaining section.

In line 4 of the title after "thereto;" and before "amending" insert "amending section 46.08.100, chapter 12, Laws of 1961 as last amended by section 14, chapter 156, Laws of 1965 and RCW 46.01.140; amending section 61, chapter 170, Laws of 1965 ex. sess. and RCW 46.37.520; amending section 5, chapter 119, Laws of 1965 ex. sess. and RCW 46.52.085;"

POINT OF INQUIRY

Senator Lewis: "Will Senator Peterson (Lowell) yield? Senator, for the record, the amendment says 'no person shall dump mill waste, chips, sawdust or forest debris of any kind on forest or range lands'. My question has to do with the forest and range lands. Do you intend by this language and do you mean only department of natural resource land and/or other state lands only?"

Senator Peterson (Lowell): "It was not the intent of the committee on natural resources to include any private lands or any lands other than that under direct control or ownership of the state. Now perhaps if it is desirable, well we could clarify the language further by an additional amendment, but this was not the intent of the committee."

Senator Lewis: "Senator, to pursue this a little further for the record, do I understand you to say then that this is not intended to apply to privately held lands, industrial sites, etc., but only to the forest or range lands held by the department of natural resources or other state lands?"

Senator Peterson (Lowell): "This is true, Senator Lewis. That is the intent."

Senator Woodall moved adoption of the following amendment:

Beginning on page 5, section 9, line 31, after "in addition" strike all the material down to and including "1971 act.", on page 6, line 4, and insert "make biennial appropriations from the general fund of an amount sufficient to guarantee the making of retirement payments as herein provided."

Debate ensued.

POINT OF INQUIRY

Senator Bailey: "Mr. President, would Senator Woodall yield? What is the fiscal impact of this?"

Senator Woodall: "None, because the system they are under now is funded. This is merely putting the same provision in. This amendment has no fiscal impact."

Senator Bailey: "If it has no impact, is it necessary to put it in? This is the point."

Senator Woodall: "Yes, because at the present time the judges' pensions are guaranteed by statute. This is providing a different act. No judge will leave a guaranteed system and come into a non-guaranteed. That is the reason that we are putting the same clause in this as now exists in the system they presently are under."

Senator Bailey: "Senator Woodall, what is the name of the act?"

Senator Woodall: "The present judges' retirement act that we fund every year by the appropriations. We fund the difference between what is paid in and what the actual costs are, and this is merely saying we do the same thing here."

MOTION

There is added to 46.16 RCW a new section to read as follows: Every person who desires a license plate containing his initials or any other combination of letters or numbers, that is consistent with the existing format of three letters and three numbers as prescribed by the director of motor vehicles may apply to the director for such license plates, and if the director is satisfied that such license plates as requested would be reasonable and proper and would not be a duplication of any other valid license plates, may receive in lieu of regular motor vehicle license plates similar plates bearing the letters or numbers, or combination thereof requested. No combination shall be issued with fewer than six letters and numbers. All sequences of letters and numbers must be approved by a committee of five members appointed to serve at the pleasure of the director to be known as the license plate advisory committee.

Original applicants shall be issued temporary license plates which will serve until such a time as the "personalized plates" can be manufactured by the Washington state prison industries, and processed by the department of motor vehicles. The temporary license plates shall be surrendered to the department at the time the "personalized plates" are issued. Any previously issued license plates assigned to the vehicle involved must be surrendered to the department at the time of issuance of the "personalized plates".

Each time that "personalized plates" are transferred from one vehicle to another, by the owner, a special transfer fee of five dollars shall be collected by the department from that owner. Such special fee shall be deposited in the motor vehicle fund.

In addition to the annual license fee collected under chapter 46.16 and chapter 82.44, there shall be collected from each applicant for such special license plates an additional license fee of thirty dollars in the case of personalized plates."

MOTION

On motion of Senator Huntley, Senate Bill No. 720, as amended, and the pending amendment by Senator Metcalf was ordered held on the second reading calendar for Wednesday, April 7, 1971.

SENATE BILL NO. 817, by Senators Ridder and Peterson (Ted):

Providing for the licensing of game farmers.

The bill was read the second time by sections.

On motion of Senator Peterson (Lowell), the rules were suspended, Senate Bill No. 817 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Woodall: "Will Senator Ridder yield to a question? Are there quite a few of these farms in your Seattle district? I know you give us the bird quite often, but I mean do you raise quite a few in your area?"

Senator Ridder: "No. Strangely the young man that brought this bill to me is an old fifth grade student of mine who has, for all of his years, raised these birds. It is his hobby and it has been a lifelong hobby and they have a national association that he is president and this is the reason that this bill came up. They feel that this enables their organization to raise game birds and it is meritorious."

POINT OF INQUIRY

Senator Canfield: "Isn't there something in this bill besides game birds?"

Senator Ridder: "Yes, it has the raising of, some people raise peculiar type of deer or strange species of deer and it says here that they can raise twenty-five of these wild animals without being charged the full forty dollar fee."

Senator Canfield: "My reaction to this bill is favorable but I am wondering if you could not draw a little better line between commercial and noncommercial farms to meet the objection of Senator Henry?"

Senator Ridder: "I would presume right now that this would meet the approval of gentlemen in Senator Henry's district. I think that the gentleman, if he raises more than this right now, the number of twenty-five animals or one hundred birds, then he is in business and he should come under the forty dollar fee."

POINT OF INQUIRY

Senator Talley: "Senator Ridder, would you yield? Are you telling me that if I take a setting of eggs and put it under a bantam chicken you are going to charge me four dollars a piece for it?"

Senator Ridder: "If you are doing this commercially and selling the product, very possibly you could come under the commercial license."

POINT OF INQUIRY

Senator Woodall: "Will Senator Canfield yield? Senator, I know you have been connected with the fair and with the poultry business for years. What is your construction the way this is worded, if a person has ornamental bantams or anything of that nature that they exhibit at the fair. Would they come under this act or not?"

Senator Canfield: "I think they would be excluded from this. I do not believe they would be called exotic fowl within the terms of the game farm definition."

MOTION

On motion of Senator Canfield, Senate Bill No. 817 was ordered placed on the third reading calendar for Wednesday, April 7, 1971.

PRESIDENT'S REMARKS

The President: "Senator Dore, Senate Bill No. 682 was referred to the full committee on Ways and Means just prior to the noon recess on motion of Senator Walgren."

MOTION

On motion of Senator Bailey, the rules were suspended and Engrossed House Bill No. 86 was made a special order of business immediately following the noon recess, Thursday, April 8, 1971.

SENATE BILL NO. 176, by Senators Wilson, Huntley and Peterson (Lowell):

Allowing municipal officers to contract with that municipality for up to thirty-six hundred dollars of business annually.

The Senate resumed consideration of Senate Bill No. 176 on second reading.

Senator Whetzel moved adoption of the following amendment by Senators Whetzel and Wilson:

Strike everything after the enacting clause, including the amendment by Senator Whetzel, and insert the following:

"Section 1. Section 4, chapter 268, Laws of 1961 and RCW 42.23.030 are each amended to read as follows:

No municipal officer shall be beneficially interested, directly or indirectly, in any contract which may be made by, through or under the supervision of such officer, in whole or in part, or which may be made for the benefit of his office, or accept, directly or indirectly, any compensation, gratuity or reward in connection with such contract from any other person beneficially interested therein. This section shall not apply in the following cases:

- (1) The furnishing of electrical, water or other utility services by a municipality

engaged in the business of furnishing such services, at the same rates and on the same terms as are available to the public generally;

(2) The designation of public depositaries for municipal funds;

(3) The publication of legal notices required by law to be published by any municipality, upon competitive bidding or at rates not higher than prescribed by law for members of the general public;

(4) The designation of a school director as clerk or as both clerk and purchasing agent of a school district;

(5) The employment of any person by a municipality, other than a county of the first class or higher, a city of the first or second class, or a first class school district, for unskilled day labor at wages not exceeding one hundred dollars in any calendar month; [and]

(6) *The letting of any other contract [in such a municipality] (except a sale or lease [by the municipality] as seller or (lessor) by a municipality, other than a county of the first class or higher, a city of the first or second class, or a first class school district: PROVIDED, That the total volume of business represented by such contract or contracts in which a particular officer is interested, singly or in the aggregate, as measured by the dollar amount of the municipality's liability thereunder, shall not exceed two hundred dollars in any calendar month: PROVIDED FURTHER, That in the case of a particular officer of a city or town of the second, third, or fourth class, or a noncharter optional code city, the total volume of such contract or contracts authorized in this subsection may exceed two hundred dollars in any calendar month but shall not exceed thirty-six hundred dollars in any calendar year;*

(7) *The leasing by a port district as lessor [may lease] of port district property to a municipal officer or to a contracting party in which a municipal officer may be beneficially interested, if in addition to all other legal requirements, a board of three disinterested appraisers, who shall be appointed from members of the American institute of real estate appraisers by the presiding judge of the superior court in the county where the property is situated, shall find and the court finds that all terms and conditions of such lease are fair to the port district and are in the public interest."*

POINT OF INQUIRY

Senator Talley: "I wonder if Senator Whetzel would yield to a question? I think by your amendment, Senator Whetzel, you have brought the port districts and things like that under this bill."

Senator Whetzel: "This is a searching question. It was not the intention of the bill to cover port districts by this extension of thirty-six hundred dollars a year, and the amendment that I have does not do that."

"Now port districts have an exclusion which is repeated in my amendment."

Senator Talley: "You have no intention of bringing them under it? I know they are not under it now but I did not quite understand your amendment."

Senator Whetzel: "If you will look at subsection 7 of the amendment, it carries on the present language that does permit certain leases by a port district to a municipal officer or a contracting party. That is present law and that is unchanged in my amendment."

"The only thing that we have done with this amendment is to do what the bill was designed to do, is to allow those officers of second, third and fourth class or non-charter optional code cities to be permitted to increase the dollar amount of their contract from two hundred a month to thirty-six hundred dollars a year. The intention is not to extend that to any other special district or any other municipality or county or unit of government."

Senator Talley: "Thank you very much."

The motion carried and the amendment was adopted.

On motion of Senator Wilson, the rules were suspended, Engrossed Senate Bill No. 176 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

The bill was read the second time by sections.

On motion of Senator Gissberg, the rules were suspended, Senate Bill No. 677 was

advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Canfield: "Will Senator Gissberg yield? Senator, not being a banker and quite unqualified to speak on this subject, I do recall however that when Senator Ryder brought up this question that is being raised now as to whether there is undue infringement upon the rights of the regular banks. So my question to you is this: Is this a further erosion of these rights of normal banks?"

Senator Gissberg: "No, it is not in any way, shape or form. As I say, I can best explain it very simply: it allows a treasurer of your city or your county to deposit his surplus funds that he has as public moneys into not only a commercial bank if he wishes to do so but he can deposit them in a mutual savings bank. That is all it does. That deposit is subject to the same safeguards, the same guarantee fund pooling and pooling of collateral as is required by the other terms of the act. It does not encroach in any way, shape or form upon a commercial bank."

Senator Canfield: "We do not have any big banks in my area but the ones I have heard from do not seem to like this bill very well for some reason."

Senator Gissberg: "I would assume that the reason they do not is the same reason that the lobbyists for the commercial banks just explained to me and he was fearful that a treasurer might take advantage of this act and deposit some of his public funds in a mutual savings bank. Of course, the commercial banks being as they are, wish to have as much of those public funds in their particular bank by the exclusion of any other banks, namely the mutual banks. That is the reason they are opposed to it."

POINT OF INQUIRY

Senator Lewis: "Will Senator Gissberg yield? Senator, is it true that normally mutual savings banks pay higher interest rates on savings of this type than commercial banks?"

Senator Gissberg: "It is true that the mutual savings banks would on your deposit, Senator. But it is not true that the mutual savings bank would pay a higher interest rate on the deposit of public funds."

"As a matter of fact, the act that was passed last time, at the request of the commercial banks, carries on it a limitation of the maximum interest that can be paid by the bank to the public depository. I am not sure that that was in the public interest to limit that as it did. If we took that out we might be able to raise another million and a half dollars for various of the public funds. But the bank's rate is limited in the public depository act by not in excess of ninety day bill rate."

ROLL CALL

The Secretary called the roll on the final passage of Senate Bill No. 677, and the bill passed the Senate by the following vote: Yeas, 27; nays, 18; absent or not voting, 2; excused, 2.

"He that dwelleth in the secret place of the most high shall abide in the shadow of the Almighty. Therefore, Father, we come to Thee today with this desire to dwell in the secret place that we might have the blessing of the shadow of the Almighty upon us. We thank You for this great land of liberty that we have. We thank You, Father, for brave fighting men in Viet Nam and we pray for them today that You give them grace.

"Give, we pray, leadership to this nation, President Nixon, and for his cabinet. We pray that You guide them, we pray that You protect them. We pray, Father, for this legislative body today, that You deliver them from the pressures from without and pride and presumption from within. Give them the discernment, Father, of things that would be good for the citizenry of the State of Washington. Give them diagnosis of those things which would be evil or bad. Help them to weed out the good from the evil and to guide this people. Be with this speaker and be with every one of these who are doing business for Thee under God this day. Cleanse us from secret motives and deliver us from ourselves. In Jesus' name we pray. Amen."

NEW SECTION. Sec. 2. (1) "Business" as used in this act means all types of business, including professions.

(2) "Legislative authority" as used in this act means the legislative authority of any city or town including unclassified cities or towns operating under special charters or the legislative authority of any county.

NEW SECTION. Sec. 3. For the purpose of establishing a parking and business improvement area, an initiation petition shall be presented to the legislative authority having jurisdiction of the area in which the proposed parking and business improvement area is to be located. The initiation petition shall contain the following:

(2) A description of the boundaries of the proposed area;

Proceedings shall terminate if protest is made by businesses in the proposed area which would pay a majority of the proposed special assessments.

NEW SECTION. Sec. 7. If the legislative authority decides to change the boundaries of the proposed area, the hearing shall be continued to a time at least fifteen days after such decision and notice shall be given as prescribed in section 5 of this act, showing the boundary amendments, but no resolution of intention is required.

NEW SECTION. Sec. 8. For purposes of the special assessments to be imposed pursuant to this act, the legislative authority may make a reasonable classification of businesses, giving consideration to various factors, including the degree of benefit received from parking only.

NEW SECTION. Sec. 9. The legislative authority may contract with a chamber of commerce or other similar business association operating primarily within the boundaries of the legislative authority to administer the operation of a parking and business improvement area, including any funds derived pursuant thereto: PROVIDED, That such administration must comply with all applicable provisions of law including this act, with all county, city, or town resolutions and ordinances, and with all regulations lawfully imposed by the state auditor or other state agencies.

NEW SECTION. Sec. 12. The special assessments levied hereunder must be for the purposes specified in the ordinances and the proceeds shall not be used for any other purpose.

NEW SECTION. Sec. 13. Collections of assessments imposed pursuant to this act shall be made at the same time and in the same manner as otherwise prescribed by Title 35 RCW or in such other manner as the legislative authority shall determine.

The legislative authority shall adopt a resolution of intention to change the rate or additional rate of special assessment at least fifteen days prior to the hearing required by this section. This resolution shall specify the proposed change and shall give the time and place of the hearing: PROVIDED, That proceedings to change the rate or impose an additional rate of special assessments shall terminate if protest is made by businesses in the proposed area which would pay a majority of the proposed increase or additional special assessments.

NEW SECTION. Sec. 15. The legislative authority may, for each of the purposes set out in section 1 of this act, establish and modify one or more separate benefit zones based upon the degree of benefit derived from the purpose and may impose a different rate of special assessment within each such benefit zone.

NEW SECTION. Sec. 16. All provisions of this act applicable to establishment or disestablishment of an area also apply to the establishment, modification, or disestablishment of benefit zones pursuant to section 13 of this act. The establishment or the modification of any such zone shall follow the same procedure as provided for the establishment of a parking and business improvement area and the disestablishment shall follow the same procedure as provided for disestablishment of an area.

NEW SECTION. Sec. 17. Businesses established after the creation of an area within the area may be exempted from the special assessments imposed pursuant to this act for a period not exceeding one year from the date they commenced business in the area.

NEW SECTION. Sec. 18. The legislative authority may disestablish an area by ordinance after a hearing before the legislative authority. The legislative authority shall adopt a resolution of intention to disestablish the area at least fifteen days prior to the hearing required by this section. SECOND READING

SENATE BILL NO. 98, by Senators Francis, Metcalf and Ridder (by Joint Committee on Education and executive request):

Setting out guidelines for pupil conduct, discipline and rights in the common schools.
The Senate resumed consideration of Senate Bill No. 98 on second reading.

Senator Francis moved adoption of the following amendment by Senators Stender, Francis, Odegaard and Ridder:

On page 1, following the enacting clause, strike the remainder of the act and substitute:

“Section 1. Section 28A.58.101, chapter 223, Laws of 1969 ex. sess. and RCW 28A.58.101 are each amended to read as follows:

Every board of directors, unless otherwise specifically provided by law, shall:

(1) Enforce the rules and regulations prescribed by the superintendent of public instruction and the state board of education for the government of schools, pupils, and certificated employees[, and].

(2) [Suspend or expel pupils from school or discipline such pupils upon their refusal to obey the reasonable rules or regulations of such school or as promulgated by the superintendent of public instruction and the state board of education.] *Adopt and distribute to each pupil and parent in the district reasonable written rules and regulations regarding pupil conduct, discipline, and rights. Debate ensued.

Senator Clarke moved adoption of the following amendment to the amendment by Senators Stender, Francis, Odegaard and Ridder:

On page 1, section 1 (2), after “pupil” strike “and parent” and insert “in the fifth grade and above”

Debate ensued.

POINT OF INQUIRY

Senator Francis: “Would Senator Clarke yield? Senator, in your experience, have any second or third graders ever created any disciplinary problems or chosen to wear arm bands

in protest of the war or in any other way seemed to need to know a little bit about the rules and regulations of conduct in their school?"

Senator Clarke: "Not that I can recall. I might say that this particular amendment which related to fifth grade and above was arrived at after discussion with Senator Ridder. Now if you feel it should go below that, I would be quite happy to make whatever change you think is desirable. It just seemed to me from a practical standpoint that it was a little silly to be passing out to first, second and third graders, these rules and regulations. You are making them available to parents."

Further debate ensued.

The motion by Senator Clarke failed and the amendment to the amendment was not adopted.

On motion of Senator Clarke, the following amendment to the amendment by Senators Stender, Francis, Odegaard and Ridder was adopted:

Amend line 4 of section 1 (4) of the amendment as follows:

After "Adopt and" strike "distribute" and insert "make available"

POINT OF INQUIRY

Senator Canfield: "Will Senator Ridder yield? Senator, when the school sends home information on special levies, do they give this information to kids below the fifth grade?"

Senator Ridder: "I have known them to pin it on the blouses of the children and on the shirts of the children to get it home but even then it does not get there."

The motion of Senator Francis carried and the amendment by Senators Stender, Francis, Odegaard and Ridder, as amended by Senator Clarke was adopted on a rising vote.

On motion of Senator Francis, the following amendment to the title by Senators Stender, Francis, Odegaard and Ridder was adopted:

On page 1, line 3 of the title, beginning with "amending", strike the remainder of the title and add "and adding a new section to Title 28A RCW."

On motion of Senator Francis, the rules were suspended, Engrossed Senate Bill No. 98 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

SECOND READING

SENATE BILL NO. 720, by Senators Washington and Andersen:

Authorizing special license plates for vehicles of historic value.

The Senate resumed consideration of Senate Bill No. 720 on second reading. The committee amendment having been adopted on April 6, 1971 and an amendment pending by Senator Metcalf.

There being no objection, the pending amendment by Senator Metcalf was withdrawn.

Senator Metcalf moved adoption of the following amendment:

On page 2, section 4, line 24 insert as Section 4:

"NEW SECTION. Sec. 4. There is added to 46.16 RCW a new section to read as follows:

Every person who desires a license plate containing his initials or any other combination of letters or numbers, that is consistent with the existing format of three letters and three numbers as prescribed by the director of motor vehicles, may apply to the director for such license plates, and if the director is satisfied that such license plates as requested would be reasonable and proper and would not be a duplication of any other valid license plates, may receive in lieu of regular motor vehicle license plates similar plates bearing the letters or numbers, or combination thereof requested. No combination shall be issued with fewer than six letters and numbers.

Original applicants shall be issued temporary license plates which will serve until such a time as the "personalized plates" can be manufactured by the Washington state prison industries, and processed by the department of motor vehicles. The temporary license plates shall be surrendered to the department at the time the "personalized plates" are issued. Any previously issued license plates assigned to the vehicle involved must be surrendered to the department at the time of issuance of the "personalized plates".

Each time that "personalized plates" are transferred from one vehicle to another, by the owner, a special transfer fee of five dollars shall be collected by the department from that owner. Such special fee shall be deposited in the motor vehicle fund.

In addition to the annual license fee collected under chapter 46.16 and chapter 82.44, there shall be collected from each applicant for such special license plates an additional license fee of thirty dollars in the case of personalized plates.

NEW SECTION. Sec. 5. There is hereby appropriated from the motor vehicles fund the sum of five thousand dollars to carry out the provisions of this act."

Re-number section 4 of the bill as section 6.

POINT OF INQUIRY

Senator Talley: "I wonder if Senator Metcalf would yield to a question? Senator, I would imagine the state patrol would have more objection to this than anybody else. When they make a radio check on a license number, this is going to cause one of the most confused messes I have ever seen. Because most of your counties have it set up and have their license numbers down there. You will be running these to odd numbers, odd letters into the system. I think it is going to be one heck of a mess."

Senator Metcalf: "I am informed that they will be able to check it through their system with their computer just as simple as it is today. The only difference is this; at the present time if you see a license that starts, for example with a 'B', you know that that is probably a Tacoma license, a Pierce county license. That would not always be true under this bill, in the case that someone might have a personalized plate that starts with a 'B' but that this will not be a major problem. I do not believe it will be a major problem and the highway department did not indicate any problem to us this morning as we discussed it."

Senator Talley: "Have you checked it with the state patrol?"

Senator Metcalf: "I have not discussed this specifically with the state patrol."

Senator Talley: "I would have imagined, and still imagine that they would be very concerned about this."

Senator Metcalf: "They were not against it. The state patrol was not against it two years ago when this did pass the Senate. They did not mention to me at all and that after assignment it passed the Senate and was in a conference committee."

The motion by Senator Metcalf carried and the amendment was adopted on a rising vote.

On motion of Senator Metcalf, the following amendments to the title were adopted:

On page 1, line 2 of the title, after "value;" insert "authorizing personalized plates;"

On page 1, line 3 of the title, strike "and creating new sections" and insert "creating new sections; and making an appropriation"

On motion of Senator Washington, the rules were suspended, Engrossed Senate Bill No.

720 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 720, and the bill passed the Senate by the following vote: Yeas, 41; absent or not voting, 6; excused, 2.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Clarke, Connor, Day, Donohue, Dore, Elicker, Fleming, Foley, Francis, Gardner, Gissberg, Guess, Henry, Holman, Huntley, Jolly, Keefe, Knoblauch, McDougall, Mardesich, Matson, Metcalf, Murray, Newschwander, Odegaard, Peterson (Lowell), Peterson (Ted), Ridder, Scott, Stortini, Talley, Twigg, Walgren, Washington, Whetzel, Wilson, Woodall—41.

SENATE BILL NO. 903, by Senators Peterson (Lowell) and Peterson (Ted):

Permitting a five percent differential on Washington produced fish feed.

The bill was read the second time by sections.

Senator Metcalf moved adoption of the following amendment:

On page 1, section 1, line 13, after "considered" and before the period insert "":
PROVIDED, That this section shall only apply when feed produced elsewhere has a reciprocal bid preference"

Debate ensued.

POINT OF INQUIRY

Senator Mardesich: "Would Senator Metcalf yield? Senator, are you aware of any other state that has the reciprocal bid preference?"

Senator Metcalf: "It was my understanding, Senator Mardesich, that this bill is in response to a bid preference granted in Oregon. That was my understanding as to the purpose of the bill, is that we were responding to bid preference granted in Oregon."

The motion carried and the amendment was adopted.

On motion of Senator Peterson (Lowell), the rules were suspended, Engrossed Senate Bill No. 903 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Guess: "Would Senator Ted Peterson yield? Senator, you just said something that sort of pricked my imagination here. My curiosity is that if this goes into effect, is this in effect going to raise the price of the fish food used by the department of natural resources and game and game fish in their fish hatcheries by 4.99 percent?"

Senator Peterson (Ted): "No, Senator, it is not. It is all on open bid and the quality of inspection through our men from the fisheries department. No, it is not going to raise the price at all. In fact, on true and fair bidding, they can possibly be better off than they would on the same quality of fish food."

MOTION

On motion of Senator McDougall, Senator Lewis was excused.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 903, and

the bill passed the Senate by the following vote: Yeas, 26; nays, 16; absent or not voting, 5; excused, 2.

Absent or not voting: Senators Cooney, Fleming, Herr, McCutcheon, Stender—5.

Excused: Senators Durkan, Lewis—2.

ENGROSSED SENATE BILL NO. 903, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTIONS

On motion of Senator Guess, Senate Bill No. 383 was ordered placed at the beginning of the second reading calendar for Thursday, April 8, 1971.

On motion of Senator Greive, Senate Bill No. 419 was ordered placed at the end of the second reading calendar for today.

SECOND READING

SENATE BILL NO. 298, by Senators Washington, Peterson (Ted) and Dore:

Requiring certain insurance coverage for employees of school districts and institutions of higher learning.

REPORT OF STANDING COMMITTEE

March 18, 1971.

SENATE BILL NO. 298, requiring certain insurance coverage for employees of school districts and institutions of higher learning (reported by Committee on Education):

MAJORITY recommendation: Do pass with the following amendments:

On page 1, section 1, line 14, after "property," strike all language through line 15 up to and including "salary insurance."

On page 2, section 2, line 1, after "property," strike all language through line 2 up to and including "salary insurance."

Signed by: Senators Francis, Chairman; Fleming, Metcalf, Newschwander, Odegaard, Peterson (Ted), Ridder, Stender.

The bill was read the second time by sections.

Senator Francis moved adoption of the committee amendments.

POINT OF INQUIRY

Senator Mardesich: "Do I understand that this would cover personal injury as well?"

Senator Francis: "Are you referring now to the personal injury to the covered employee or to an injury he might inflict through negligence on someone else?"

Senator Mardesich: "To the covered employee."

Senator Francis: "No, that is what this amendment does is strike out that language that gives him medical, hospital, disability and loss of salary coverage. This strikes that out."

Senator Mardesich: "In lines 7 and 8 and so on, it says they shall provide their employees with insurance protection covering those employees while in the performance of their duties. There is no limitation there as to what type of insurance. I grant you are striking them below but I wonder whether the language above includes every type of insurance."

Senator Francis: "I think that the language on lines 14 through 17 modifies the prior language, in other words describes what kind of coverage they have in connection with their employment. The language you are describing says 'while in the performance of their duties they should be covered'. On lines 14 through 17 we say what kind of coverage they should have in the performance of their duties and we are saying, in effect if you get hurt yourself, that is something that can be resolved in some other way, but if you hurt somebody else and you get sued, you will have insurance coverage for your liability."

Senator Mardesich: "One further question then. Is this a type of coverage required for

state employees? What I am referring to is the language 'shall' on line 7. This is mandating the school boards that they shall provide it."

Senator Francis: "In discussing it in committee and at the hearings, we concluded that there was some basic coverage that we felt any employee was entitled to have. We did not check as to whether everybody else had it. We just felt that as a matter of policy, it is our job to determine what somebody ought to have. We felt that they ought to be covered against suit for personal injury liabilities as a matter of something that was incurred during the course of their employment. It may be that one of the sponsors of the bill would have a more direct answer to your question. I do not know the answer to that."

MOTION

On motion of Senator Francis, Senate Bill No. 298 and the pending committee amendments was ordered placed immediately following consideration of Senate Bill No. 383 on the second reading calendar for Thursday, April 8, 1971.

SIGNED BY THE PRESIDENT

The President signed:
 SENATE BILL NO. 35,
 SENATE BILL NO. 95,

Authorizing tuition supplement program for resident students attending private institutions of higher education.

REPORT OF STANDING COMMITTEE

March 30, 1971.

SENATE BILL NO. 419, authorizing tuition supplement program for resident students attending private institutions of higher education (reported by Committee on Ways and Means):

MAJORITY recommendation: Do pass with the following amendment:

On page 2, section 3, line 15, after "defined in" and before " , as" strike "RCW 28B.15.010" and insert "chapter 28B.15 RCW"

Signed by: Senators Durkan, Chairman; Connor, Day, Dore, Fleming, Gissberg, Guess, Herr, Jolly, Lewis, Metcalf, Odegaard, Peterson (Lowell), Ridder, Sandison, Scott, Stortini, Washington, Wilson.

The bill was read the second time by sections.

On motion of Senator Sandison, the committee amendment was adopted.

On motion of Senator Sandison, the rules were suspended, Engrossed Senate Bill No. 419 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Canfield: "Mr. President, will Senator Sandison yield? I would like to ask you a question for the record as to whether this bill has been pronounced legal by your committee and by any court of jurisdiction?"

Senator Sandison: "Number one, I am not sure that my committee would be competent to speak to the legality of any bill. However, I might say that this is a bill that came from the council on higher education which as you know is composed of seven lay people, four legislators and the college presidents and the head of community colleges. There was a special committee that worked on this and on that committee was the attorney general, Slade Gorton, and another attorney that was on the committee was the constitutional law professor, Mr. Fletcher from the University of Washington. Both of them were on the committee that referred this to the council for action and in referring it to the council for action they spoke to its legality and said that they felt that this would stand a court test."

POINT OF INQUIRY

Senator Newschwander: "I wonder if Senator Sandison would yield to another question? Senator, under the terms of this bill, the hundred dollars goes to the student. Is that automatically then endorsed over to the college?"

Senator Sandison: "No, it is not. It goes to the student, again as a tuition supplement and he makes his ordinary tuition payment and fee payment to the institution."

Senator Newschwander: "Then that student can use that money for any means that he sees fit?"

Senator Sandison: "Correct. It could be for books or it could be for clothing or anything. We would presume it would be to aid his college education."

Senator Mardesich: "Will Senator Sandison yield? Senator, in looking to the direct language in the bill on page 2, line 1, it says, 'student eligibility shall be determined upon admission to an independent or a private institution' and so on. So his eligibility is determined when a student is 'admitted' and I would like you to tell me or to define what that term means. Does that mean that when I, as a student, get a letter back from a university indicating that I am an acceptable candidate for next year beginning next fall, am I then admitted and does that at that time qualify me to make application for this fund?"

Senator Sandison: "This question was asked before as to what is 'admission'. When a student applies to an institution of higher education and he receives notification of admittance, this is treated as a tentative admittance. When he finally enrolls, pays his tuition, then he becomes an admitted student and of course I would guess would be physically on the campus."

Senator Mardesich: "So that there is no doubt that it is the intent of this law that the

term 'admitted' shall mean after the beginning of a quarter, once a student has paid his fees and classes have begun."

Senator Sandison: "This would be the intent of the sponsors of the bill and the bill drafters, yes."

POINT OF INQUIRY

Senator Stender: "Would Senator Sandison further yield to a question? Senator, could you tell me just what the purpose is of making these grants? Is this to financially help the private schools get out of their apparent financial dilemma? Is that part of the reason or all of the reason?"

Senator Sandison: "No, it is not all of the reason, Senator Stender. It is part of the reason. There is now in the private schools of the state of Washington about thirteen thousand Washington state residents that are attending private institutions. It has been a financial drain on them. It has been tough. At the same time, and it can be argued among other things, that their parents have been paying for the cost of the students and other post-high school educational institutions. So there certainly was a desire, I think, to help those students and to try to keep them in these institutions rather than to put them into the already overloaded public institutions. At the same time there was a feeling that these private institutions were in trouble, some of them, and would certainly, anything that would keep students there or might attract more Washington state students to them would not only render a service to the state but would render a financial service to them."

Senators Keefe, Sandison and Holman demanded the previous question and the demand was sustained.

The President declared the question before the Senate to be the final passage of Engrossed Senate Bill No. 419.

POINT OF INQUIRY

Senator Bailey: "Mr. President, a question of Senator Atwood. Senator, isn't it true that you do not reduce in like manner as the Governor does but up to the amount of reduction?"

Senator Atwood: "Right."

Senator Bailey: "In other words, you have the leeway if they come in and make the comment they have to have this in the program, you have the leeway to. . ."

Senator Atwood: "That is right. We also struck the word 'equally', so we will have discretion on how much we want to cut out up to that amount of reduction so it is not in equal proportion. We can take a lesser proportion, say of the insurance commissioner or the treasurer or the attorney general's office or whatever we want to do on that."

Senator Bailey: "And, Senator Atwood, then is it not the intention then of the amendment to make certain that the Governor does not, by setting one standard of cutting, impose his will on the other elected officials?"

Senator Atwood: "That is true. He cannot now, but it does give the budget committee discretion in all of these areas."

"Eternal God and our Father, Thou hast been our dwelling place in all generations. Before the earth came into being or the world ever formed, even from everlasting to everlasting, Thou art God. Great is Thy name in the earth and greatly is it to be praised. We thank You for bringing us to this hour for the business that is before us and we pray for every Senator here this morning. Give them divine insight and grace concerning the business that is set before them on their desks. Be with their families and watch over them. As we have had this demonstration of lights out we realize, Father, that we need light from heaven. We depend upon the power that comes from God because Jesus said, 'Without me you can do nothing'. Cause us, Lord, to remember that we are in divine presence and that He, the One who gives that strength and gives that illumination to our own hearts and intellects and minds and souls that we cannot move or live or have any being without the strength and the mercy and the grace of God.

"Therefore, Father, we pray this day that no time will be lost now, giving grace now to make up for lost time with wisdom and quick action. In Jesus' name. Amen."

On motion of Senator Greive, the reading of the journal of the previous day was dispensed with and it was approved.

POINT OF INQUIRY

Senator Bailey: "Mr. President, would Senator Francis yield? Senator, you have mentioned the transfer of county property to the intermediate school districts and it says prior to the year 1969, any property acquired prior to that time would be transferred to the intermediate school district. Would this include automobiles and office equipment?"

Senator Francis: "Senator Bailey, I do not know about automobiles. It does include office equipment. The amendment that we adopted was the one which, I can read you, it is very brief: 'PROVIDED FURTHER, if necessary to order an equitable transfer of property or equity in such property, the arbitration committee may waive any of the provisions of this section regarding use or possession of such property.' You may recall most of that was handled in the original bill and in the pre-existing legislation. Senator Odegaard I think may be prepared to answer in more detail but I do not know about automobiles at all."

POINT OF INQUIRY

Senator Bailey: "Mr. President, would Senator Odegaard yield? Senator, it was my understanding this bill was to provide for the transfer of educational type of equipment or whatever it was that was used for educational purposes to the intermediate school district after so long a time and if it was used prior to 1969. In your interpretation of it, does this mean that they would transfer county owned automobiles, county owned desks and typewriters and things of that sort to the intermediate district?"

Senator Odegaard: "Senator Bailey, I believe that automobiles would be included. It does state 'possession entitled to any and all personal property or equity in such property purchased in whole or in part with county', and so on. Whether automobiles for sure, I cannot say but I do know my main concern was and a particular problem we had in Lewis county was not an automobile and so I have not checked into that to be specific but we had a concern with other equipment. That is why I recommended to the committee the proposed amendment that Senator Francis spoke to here, that the arbitration committee could waive provisions of this section to try to keep everybody happy here, the county and the intermediate school district. Without this provision it could mean that a county or an intermediate school district might take possession of something that was in joint ownership with the county, even though the county had half interest in it. That has been a particular case in Lewis county. The county has half interest in an offset press and has paid for the upkeep, paid half the cost, and so it was the thought that the intermediate school district should not take over the offset press entirely without some arbitration allowed with the county. That was my reason for this particular amendment."

Debate ensued.

Senator Gardner moved adoption of the following amendment to the amendment by Senators Francis, Fleming, Gardner, Metcalf, Murray, Newschwander, Odegaard and Washington:

On page 2, section 2, line 22 after "amended" strike all of the material down to and including "eliminated" on line 25.

Debate ensued.

The motion failed and the amendment to the amendment was not adopted.

Senator Gissberg moved adoption of the following amendment to the amendment by Senators Francis, Fleming, Gardner, Metcalf, Murray, Newschwander, Odegaard and Washington:

On page 13, strike lines 6 through 13.

The motion carried and the amendment to the amendment was adopted.

POINT OF INQUIRY

Senator Stender: "Mr. President, I had a question I would like to ask Senator Francis. On page 9 of the bill, section 10 provides for the appointment of the intermediate superintendent and I notice that the language of the old bill or the present bill has been stricken. This is the part that is stricken on line 19: 'and have three or more years experience in educational administration in the common schools or in the office of the county or intermediate district superintendent or office of the intermediate school district superintendent'. That is stricken out and new language is added to provide that only presently certified and trained, special training and qualifications for the superintendent's office would be eligible for appointment as intermediate. What purpose does this quick change in our law have?"

Senator Francis: "Senator, this issue has not been raised before but the way I see it is that it gives a little more discretion, a little more flexibility to the board that is making the appointment. Instead of tying their hands so completely and instead of spelling out so many requirements, simply saying they have to meet all legal requirements and have a superintendent's credential. Other than that they can pick the person they think is the best man and I always believe in allowing them some discretion in this area and I think that was the purpose."

Senator Stender: "The old language, or the present law, says a candidate must have completed five years of regular and accredited work in one or more recognized institutions of higher learning and have a valid principal's or a superintendent's credentials in the state of Washington."

"Now this amendment has the effect of cutting out any consideration of any principal. Isn't that true?"

Senator Francis: "No, I think, as a matter of fact I think you have to have a principal's credential before you can have a superintendent's credential, I may be wrong on that but I believe that is correct and I think that is why that language was regarded as surplus. In addition, the five years of accredited work in an institution of higher learning is also surplus for the same reason."

Senator Stender: "My question is, presently the law allows a principal who has had experience to be considered as an intermediate superintendent but that is closed off by this amendment. Isn't that true?"

Senator Francis: "If we are doing away with county superintendents, of course, that thing is going to eventually be obsolete and having had to have experience as an intermediate district superintendent before you can be appointed to an intermediate school superintendent would make it kind of impossible to bring anybody new in."

MOTION

On motion of Senator Atwood, Engrossed House Bill No. 86 and the pending amendment, as amended, was ordered to hold its place on the second reading calendar for Monday, April 12, 1971.

SECOND READING

SENATE BILL NO. 383, by Senators Holman, Guess and Day:
Implementing law relating to community college bonding authority.

REPORT OF STANDING COMMITTEE

March 18, 1971.

SENATE BILL NO. 383, implementing law relating to community college bonding authority (reported by Committee on Higher Education and Libraries):

MAJORITY recommendation: Do pass with the following amendments:

On page 6, section 3, line 27, after "trustees" and before the comma insert "of community colleges"

On page 6, section 3, line 30, after "facilities" and before the period insert "other than dormitories"

Signed by: Senators Sandison, Chairman; Atwood, Foley, Gardner, Guess, Henry, Holman, Huntley, Lewis, Metcalf, Scott, Wilson.

The bill was read the second time by sections.

On motion of Senator Sandison, the committee amendments were adopted.

Senator Peterson (Ted) moved adoption of the following amendment:

On page 6, section 3, line 28, after the word "fees" add the following: ", or may utilize all or a portion of the student and activities fee"

Debate ensued.

POINT OF INQUIRY

Senator Bailey: "Will Senator Ted Peterson yield? Senator, if this is necessary why wasn't it proposed in the bill when the bonding people were consulted on the bill? Does this come from expert testimony?"

Senator Peterson (Ted): "Yes, it does, Senator. In Spokane on their parking facilities there, they were not sure that the bonding company would accept the funds as they were and this just assured the bonding company on that parking facilities that it would be full coverage and that the student fees will back this amount of money to cover this parking utility."

Senator Bailey: "Mr. President, I would like to hear from Senator Sandison as to what this might do to the other community colleges in addition to just the parking lot at Spokane."

Senator Sandison: "Mr. President, would Senator Ted Peterson yield to a question? As I understand the amendment, having glanced at it again, it means that they could use the entire student fee that they charge for this parking facility in Spokane?"

Senator Peterson (Ted): "That is right. It just assures them they can go right up to the full fee for that facility."

Senator Sandison: "What would be the situation then, if I might ask a second question, if they had already committed part of the fee?"

Senator Peterson (Ted): "They would agree, and I agree that that would be the case but this just assures them that they can go up to the full, the additional part of the fees, to cover this so that the bond would be covered and protected. This is just an insurance for the bonding company is all."

Senator Sandison: "Again, if I might ask another question, is there fear that the board of trustees would not allocate sufficient moneys to render debt service to the bonds? Is that it?"

Senator Peterson (Ted): "It was just the fear that they would not be fully protected on the bonds. This is the way the bonding company wanted it and for that reason they wrote it in this way, Senator."

MOTIONS

On motion of Senator Sandison, Senate Bill No. 383, and the pending amendment by Senator Peterson (Ted) was held for the second reading calendar, Monday, April 12, 1971.

On motion of Senator McDougall, Senators Newschwander and Whetzel were excused.

SENATE BILL NO. 298, by Senators Washington, Peterson (Ted) and Dore:

Requiring certain insurance coverage for employees of school districts and institutions of higher learning.

The Senate resumed consideration of Senate Bill No. 298 on second reading from Tuesday, April 7, 1971 and the pending amendments by the Committee on Education.

On motion of Senator Washington, the committee amendments were adopted.

Senator Mardesich moved adoption of the following amendments:

On page 1, section 1, line 8, after "while" strike all the matter down to and including "part thereof," on line 10 and insert "engaged in"

On page 1, section 1, line 17, after "property" insert "incurred while so engaged"

Debate ensued.

POINT OF INQUIRY

Senator Stender: "Will Senator Mardesich yield? Senator, my question is, you apparently are limiting the liability coverage to employees to the particular maintenance of order and discipline. Could not there be other liabilities arise otherwise that an employee would normally be protected for in other areas?"

Senator Mardesich: "For one, it was my impression when the purposes of this measure were explained, it was that we were to protect employees against damages caused to their properties or to damages they might do while incurred in the preservation of order and discipline, and to merely limit it to that particular area is what I am doing with my amendment."

"Now further, with respect to your question, it would seem to me that any liabilities they might incur outside of doing this type of thing would be strictly minimal in nature. The real danger, if any, lies while trying to maintain order and discipline."

Senator Stender: "One further question. You are a lawyer, Senator, and as I recall some four years ago we took the exemptions off of schools as far as the tort acts of the state are concerned and if an employee of the school were sued otherwise, would the school district now be obligated to defend in relation to any act of an employee of the school?"

Senator Mardesich: "Sure. As a practical matter, my lawyer tells me right offhand, and I agree with him, that the suit would be joined. The person who was injured would sue both

the school board and the individual. I would see very rare instance when a good lawyer on the opposition side would choose to sue the individual and not include the board because he has not broadened the full scope of the potential assets. Which any good lawyer does."

Senator Stender: "Then one more question. If this bill with your amendment is passed, or with or without the amendment, the school district would still be named in any suit where there is a liability on the part of an employee, wouldn't it? Then why do we have to have another provision for liability insurance when the school district is going to have to cover themselves as well as employees when they get their policies, aren't they?"

Senator Mardesich: "My suggestion is again that you vote against the entire bill. I was merely trying to limit it to what the stated purpose was. I think as a practical matter that the school districts do insure themselves against liability of this sort."

Senator Stender: "For itself as well as its employees?"

Senator Mardesich: "Right. Now there could in fact arise a situation where a person injured might sue just the employee of the school district and not the school district in that event, this would be insurance which would cover that employee as distinguished from covering the employer as well. However, I would say that would be a rare instance where a lawyer would not sue both."

The motion by Senator Mardesich carried and the amendments were adopted.

On motion of Senator Mardesich, the following amendments were adopted:

On page 1, section 2, line 22, after "while" strike all the matter down to and including "thereof," on line 24 and insert "engaged in"

On page 2, line 3, after "property" insert "incurred while so engaged"

In all cases where the court shall grant a divorce or annulment, it shall be for cause distinctly stated in the complaint, proved, and found by the court. Upon the conclusion of a divorce or annulment trial, the court must make and enter findings of fact and conclusions of law. If the court determines that either party, or both, is entitled to a divorce or annulment, judgment shall be entered accordingly, granting the party in whose favor the court decides a decree of full and complete divorce or annulment, and making such disposition of the property of the parties, either community or separate, as shall appear just and equitable, having regard to the respective merits of the parties, to the condition in which they will be left by such divorce or annulment, to the party through whom the property was acquired, and to the burdens imposed upon it for the benefit of the children, and shall make provision for costs, and for the custody, support and education of the minor children of such marriage. Such decree as to alimony and the care, custody, support and education of children may be modified, altered and revised by the court from time to time as circumstances may require. Such decree, however, as to the dissolution of the marital relation and to the custody, management and division of property shall be final and conclusive upon both parties subject only to the right to appeal as in civil cases, and provided that the trial court shall at all times including the pendency of any appeal, have the power to grant any and all restraining orders that may be necessary to protect the parties and secure justice. *In all cases where the court must determine the custody of minor children there shall be no presumption that the welfare of the minor children will be best served by awarding such custody to one parent rather than the other.*"

PERSONAL PRIVILEGE

Senator Durkan: "Mr. President, the proposed Senate Ways and Means Committee budget has been printed. There are copies of the bill, a copy of the Legislative Budget Committee memo on the bill, a memorandum on the public assistance section of the bill, and the spread sheet of the bill. It is my intention to deliver twenty copies to the minority caucus room and twenty-nine copies of each to the majority caucus room. Various members of the Senate have expressed to me their concern that they be given an opportunity to examine the bill in depth. I have talked with Senator Atwood and I have agreed that we will handle the bill on Monday. You will have an opportunity between now and Monday to examine the bill and determine the issues that you would like to raise in the Senate Ways and Means Committee at such time. There will be no meeting of the Senate Ways and Means Committee until Monday afternoon."

POINT OF INQUIRY

Senator Atwood: "Would Senator Durkan yield? Senator Durkan, when do you plan to take up the bill in the Ways and Means Committee?"

Senator Durkan: "I will take it up Monday afternoon. I am going to ask the majority leader and Senator Bailey that we come in and come on the floor and then recess to handle the bill."

SIGNED BY THE PRESIDENT

The President signed:
SENATE BILL NO. 182.

MOTIONS

On motion of Senator Bailey, Senate Bill No. 781 was ordered to hold its place on the second reading calendar for Monday, April 12, 1971.

On motion of Senator Washington, Senate Bill No. 280 was ordered to hold its place on the second reading calendar for Friday, April 9, 1971.

SPECIAL ORDER OF BUSINESS

SENATE BILL NO. 298, by Senators Washington, Peterson (Ted) and Dore:

Requiring certain insurance coverage for employees of school districts and institutions of higher learning.

The time having arrived, the Senate resumed consideration of Senate Bill No. 298 on second reading.

Senator Day moved adoption of the following amendment:

Following section 1, insert the following:

"Sec. 2. Section 28A.58.420, chapter 223, Laws of 1969 ex. sess. as last amended by section 3, chapter 8, Laws of 1971 and RCW 28A.58.420 are each amended to read as follows:

The board of directors of any of the state's school districts may make available liability, life, health, *health care*, accident, disability and salary *protection or insurance* or any one of, or a combination of the enumerated types of insurance, or any other type of insurance or protection, for the members of the boards of directors, the students, and employees of the school district, and their dependents. Whenever funds shall be available for these purposes the board of directors of the school district may contribute [toward] *all or a part of the cost of such [life, health, accident, disability and salary] protection or insurance [, including hospitalization and medical aid] for the employees of their respective school districts and their dependents [in an amount not to exceed ten dollars per month per employee covered.]*, except the premiums on such liability insurance shall be borne by the school district. The premiums due on such [life, health, accident, or disability and salary] protection or insurance shall be borne by the assenting school board member or student. *All contracts for insurance or protection written to take advantage of the provisions of this section shall provide that the beneficiaries of such contracts may utilize on an equal participation basis the services of those practitioners licensed pursuant to chapters 18.22, 18.25, 18.53, 18.57 and 18.71 RCW.*

Sec. 3. Section 28B.10.660, chapter 223, Laws of 1969 ex. sess. as amended by section 4, chapter 237, Laws of 1969 ex. sess. and RCW 28B.10.660 are each amended to read as follows:

The regents or trustees of any of the state's institutions of higher education may make available liability, life, health, *health care*, accident, disability and salary *protection or insurance* or any one of, or a combination of, the enumerated types of insurance, or any other type of insurance or protection, for the regents or trustees, students and employees of the institution, and their dependents. Whenever funds shall be available for these purposes, the regents or trustees of any of the state's institutions of higher education may contribute [toward] *all or a part of the cost of such [life, health, accident, disability and salary] protection or insurance [, including hospitalization and medical aid,] for the employees of their respective institutions and their dependents [in an amount not to exceed ten dollars per month per employee covered.]*, except the premiums due on such liability insurance shall be borne by the university or college. The premiums due on such [life, health, accident, or disability and salary] protection or insurance shall be borne by the assenting regent, trustee or student. *All contracts for insurance or protection written to take advantage of the provisions of this section shall provide that the beneficiaries of such contracts may utilize on an equal participation basis the services of those practitioners licensed pursuant to chapters 18.22, 18.25, 18.53, 18.57 and 18.71 RCW."*

Renumber old section 3 as section 4.

POINT OF INQUIRY

Senator Gissberg: "Senator Day, as I read this for the first time, it would appear that you are removing the restriction on the amount of contributions by the school board toward the premiums. The existing law proscribes that amount to be not in excess of ten dollars per month per employee covered.

"Now then I am afraid with this kind of thing we are going to be putting more cost on the school district, more pressures on the school district, to fund this on behalf of the employee, to bear the full cost of the premium and it will result, I would guess, in a tremendously difficult financial problem for the school district. Or at least another added burden on the school district to fund this type of an insurance policy. Obviously they would not cancel one out."

Senator Day: "Of course, it was optional to go up to the ten dollars. It is optional if they go over the ten dollars. I would like to point out that by giving a school teacher, just the same as we have done for state employees, by giving an employee the premium in this fashion, not only does the employee not have to pay taxes on this request but in addition, the employee and the employer do not have to pay social security on the money so it gives the school board an option to provide this type of increment or additional insurance really

without expending as much fund. It also gives the teacher the option of taking it and as I said, circumventing any taxes that are paid on it and so forth. I feel that it is a good amendment and I think it will allow the school board the discretion and if they do not want to do it, they do not have to."

POINT OF INQUIRY

Senator Jolly: "Would Senator Day yield? Senator, as I read this, the school board could insure everyone, students, dependents, everything."

Senator Day: "Of course, it has to do with health care and when you buy a health care package, the health care package may include the wife or husband of the school teacher and the children. Of course, I believe the reason it is written that way is because the health care contract usually extends itself to other than the employee himself."

Senator Jolly: "As I read this, this takes in more than health care. It takes in liability, life, health, health care, accident, disability and salary protection. Could they take it out for this whole group?"

Senator Day: "Of course what you are looking at is the old language in the law. The underlined language, that is presently in the law. You now have added health care to accident and disability and salary protection which were already in the law."

POINT OF INQUIRY

Senator Mardesich: "Would Senator Day yield? Senator, in view of the fact that this is not the matter which we have been discussing in the Ways and Means Committee and its budgetary effect, would you have any strong feeling if we were to restore the language on lines 24 and 25 placing a limitation of ten dollars per month per employee covered, which would in effect then allow the broadening of the insurance but not allow, at this time at least without knowing where we are going, the broadening in the spending authority?"

Senator Day: "Yes, I would object to that. I think that if we want to write additional restrictions in there that we could restrict it possibly at fifteen or twenty dollars but I believe it really destroys one of the major components of the bill if you restrict it to the identical language that is in it at the moment. I point again that at least the first section pertains to local school boards so that it would give them an option in awarding this type of protection to the employee."

Senator Mardesich: "Since we will be considering this matter on Monday in the Committee on Ways and Means, would you have any objection to a motion to hold it until Monday?"

Senator Day: "Is it in the Ways and Means Committee now?"

Senator Mardesich: "Oh no, Monday is the big Ways and Means Committee meeting."

Senator Day: "All right. I will agree to holding it over until Monday."

MOTION

On motion of Senator Mardesich, Senate Bill No. 298 and the pending amendment by Senator Day was ordered held on the second reading calendar for Monday, April 12, 1971.

SENATE BILL NO. 59, by Senators Woodall, Cooney, Twigg and Greive (by Legislative Council request):

Establishing a judicial retirement system.

On page 6, section 10, line 9, after "of" strike "actual"

Senator Woodall moved adoption of the following amendment by Senators Woodall and Dore:

On page 9, section 22, line 29, beginning with the words "Any member" strike the remainder of the section and insert the following language:

"(1) Any member of the Washington public employees' retirement system who is eligible to participate in the judicial retirement system may, by written request filed with the retirement boards of the two systems respectively, transfer such membership to the judicial retirement system. Upon the receipt of such request, the board of the Washington public employees' retirement system shall transfer to the board of the Washington judicial retirement system (1) all employee's contributions and interest thereon belonging to such member in the employees' savings fund and all employer's contributions credited or attributed to such member in the benefit account fund and (2) a record of service credited to such member. One-half of such service shall be computed and not more than twelve years shall be credited to such member as though such service was performed as a member of the

judicial retirement system. Upon such transfer being made the state treasurer shall deposit such moneys in the judicial retirement fund. In the event that any such member should terminate judicial service prior to his entitlement to retirement benefits under any of the provisions of this 1971 act, he shall upon request therefor be repaid from the judicial retirement fund an amount equal to the amount of his employee's contributions to the Washington public employees' retirement system and interest plus interest thereon from the date of the transfer of such moneys.

(2) Any member of the judicial retirement system who was formerly a member of the Washington public employees' retirement system but who has terminated his membership therein under the provisions of chapter 41.40 RCW, may reinstate his membership in the Washington public employees' retirement system, for the sole purpose of qualifying for a transfer of membership in the judicial retirement system in accordance with subsection (1) above by making full restoration of all withdrawn funds to the employees' savings fund. Upon reinstatement in accordance with this subsection, the provisions of subsection (1) and the provisions of RCW 41.40.120 (3) shall then be applicable to the reinstated member in the same manner and to the same extent as they are to the present members of the Washington public employees' retirement system who are eligible to participate in the judicial retirement system.

(3) Any member of the judicial retirement system who has served as a judge for one or more years and who has rendered service for the state of Washington, or any political subdivision thereof, prior to October 1, 1947, or the time of the admission of the employer into the Washington public employees' retirement system, may—upon his payment into the judicial retirement fund of a sum equal to 5% of his compensation earned for such prior public service—request and shall be entitled to have one-half of such service computed and not more than six years immediately credited to such member as though such service had been performed as a member of the judicial retirement system, provided that any such prior service so credited shall not be claimed for any pension system other than a judicial retirement system."

Debate ensued.

The motion by Senator Woodall carried and the amendment was adopted.

On motion of Senator Woodall, the rules were suspended, Engrossed Senate Bill No. 59 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

SECOND READING

SENATE BILL NO. 537, by Senators Francis, Odegaard and Scott (by Superintendent of Public Instruction request):

Authorizing funds for proper student body purposes.

The Senate resumed consideration of Senate Bill No. 537 and the pending committee amendment from April 7, 1971 on second reading.

On motion of Senator Ridder, the committee amendment was adopted.

On motion of Senator Ridder, the rules were suspended, Engrossed Senate Bill No. 537 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Gissberg: "I think the bill does more than that, Senator, it might be all right, but of course now student body fees are outside the control of any board of directors of any school district and you are putting those fees under the control of the board of directors. What the reason for it I have not heard explained yet but perhaps somebody has some reason that it ought to be. For instance, I would suppose that the football proceeds and that sort of thing is different from the ASUW, but I would think that they do have some activities fees that the students control themselves but why do they want to place it under the board of directors?"

Senator Ridder: "This is the board of directors of any school district. It has nothing to do with the university or any higher education. Personally, this is not my bill, it is Senator Francis' bill and I just rose to assist. I would presume that it would be better to wait unless one of the sponsors would speak on it."

Further debate ensued.

ROLL CALL

Absent or not voting: Senators McCutcheon, Twigg-2.

Excused: Senators Donohue, Durkan, Gardner, Keefe, Matson-5.

ENGROSSED SENATE BILL NO. 537, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SENATE BILL NO. 567, by Senators Talley, Washington and Huntley:

commission shall pay to Wahkiakum county from monies appropriated for such purpose the sum of one thousand dollars per month to be used in the operation and maintenance of the Puget Island ferry, commencing July 1, 1971.

Additionally, the Washington state highway commission is authorized to include in the continuing agreement a provision to reimburse Wahkiakum county for sixty percent of the deficit incurred during each previous fiscal year in the operation and maintenance of the ferry, commencing with the fiscal year ending June 30, 1972. The state's sixty percent share of the annual operating and maintenance deficit shall include the one thousand dollars per month authorized in this subsection.

(3) The annual deficit, if any, incurred in the operation and maintenance of the ferry shall be determined by Wahkiakum county. If sixty percent of the deficit for the preceding fiscal year exceeds the total amount paid to the county for that year, the additional amount shall be paid to the county by the Washington state highway commission upon the receipt of a properly executed voucher: PROVIDED, That the total of all payments to the county in any biennium shall not exceed the amount appropriated for that biennium.

(4) There is appropriated from the motor vehicle fund to the Washington state highway commission for the biennium ending June 30, 1973, the sum of forty thousand dollars or so much thereof as may be necessary to carry out the provisions of this section."

SECOND READING

SENATE BILL NO. 594, by Senators Sandison, Holman, Matson, Atwood, Wilson and Foley (by Joint Committee on Higher Education request):
Defining "resident" and "non-resident" for college and university fee purposes.

REPORT OF STANDING COMMITTEE

March 18, 1971.

SENATE BILL NO. 594, defining "resident" and "non-resident" for college and university fee purposes (reported by Committee on Higher Education and Libraries):

MAJORITY recommendation: Do pass with the following amendments:

On page 2, section 2, line 7, strike the words "has not attained the age of twenty-one years" and substitute therefor the words "is not deemed and taken to be of full age and majority for all purposes under RCW 26.28.010, as now law or hereafter amended"

On page 5, section 4, strike all of subsection (3) on lines 7 and 8 and insert the following:

"(3) All veterans, as defined in RCW 41.04.005, whose final permanent duty station was in the state of Washington so long as such veteran is receiving federal vocational or educational benefits conferred by virtue of his military service."

On page 5 add a new section following section 6 as follows:

"NEW SECTION. Sec. 7. This 1971 amendatory act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

In line 3 of the title after the semicolon and before "repealing" strike "and"

In line 4 of the title after "RCW 28B.15.010" and before the period insert "; and declaring an emergency"

Signed by: Senators Sandison, Chairman; Atwood, Foley, Gardner, Guess, Henry, Holman, Lewis, Metcalf, Scott, Wilson.

The bill was read the second time by sections.

Senator Sandison moved adoption of the committee amendments.

POINT OF INQUIRY

Senator Woodall: "Would Senator Sandison yield? You say, 'for all purposes'. Then as long as you have the beer disability or the liquor disability, I take it they would still be classified in the same category they are now in or did you mean to say if they attained voting rights? It seems to me when you say full privileges, the way you have it worded, it would not apply as long as they were denied the right of drinking. Perhaps you would want to consider changing that so it would reflect voting rights."

Senator Sandison: "Thank you, Senator Woodall. It may be that your point is well taken on that. Perhaps Senator Holman who also worked on the bill and worked on this particular amendment will respond."

Senator Holman: "Senator Woodall, we had a great deal of difficulty with this because the bill as it originally was presented to the committee, trying to define the term 'minor', originally said a person who has attained the age of twenty-one. Obviously that language will not work under present conditions. Then we decided to make it eighteen. The trouble with eighteen is that under our legislation there are several things that an eighteen-year-old cannot do. So we decided that the best way to handle it was to say that it is the age at which you are taken to be of full age and majority for all purposes. Now that may not be eighteen at the moment but it might be some day."

Senator Woodall: "Senator Holman, then I take it the present language is meaningless until such future date as eighteen-year olds both vote and have the right to go into taverns and beer parlors because they do not have all the privileges of adults at this moment."

Senator Holman: "That is the way I would understand it and therefore they would continue to be minors for this limited purpose of this bill."

The motion by Senator Sandison carried and the committee amendments were adopted.

Senator Mardesich moved adoption of the following amendment:

On page 1, section 2, line 25, after "institution" and before the period insert "and has established an intention to become a bona fide resident of this state for other than educational purposes"

Senator Andersen moved adoption of the following amendment to the amendment by Senator Mardesich:

In line 4 of the Mardesich amendment strike "resident" and insert "domiciliary"

POINT OF INQUIRY

Senator Guess: "I would like to ask Senator Mardesich if this amendment is adopted, will we only have freshmen out-of-state students paying tuition? Does this mean that we blanket in all sophomores, juniors and seniors and graduate students to be residents of the state of Washington?"

Senator Mardesich: "I am saying that I think if you do not adopt an amendment such as this you have eliminated the non-resident student except for the new one who has come in as a freshman and he has only been eliminated under the supreme court decision for one month because on page 4 you establish that registration to vote is prima facie evidence of an establishment of a domicile so one month of residency, a registration for vote, and you are qualified."

The motion by Senator Andersen carried and the amendment to the amendment by Senator Mardesich was adopted.

The amendment by Senator Mardesich, as amended, was adopted.

On motion of Senator Sandison, the committee amendment to the title was adopted.

On motion of Senator Sandison, the rules were suspended, Engrossed Senate Bill No. 594 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Andersen: "Before the roll is called, would Senator Sandison yield to a question? Senator, as chairman of the committee that has been in contact with these institutions of higher learning, I would like to ask you a question.

"I have been concerned in the past over some of the college people just closing their eyes to who is a non-resident student and who is a resident student. In effect a non-resident student, on the campus just says, 'I am a resident,' and then everybody closes his eyes to it and so he becomes a resident.

"Now I understand that this particular bill is aimed at getting some uniformity and some specificity into the law relating to this particular subject. Do you feel, Senator, from your contacts with these institutions that they are going to really try to do what the legislature wants them to do, to make sure that a non-resident student pays a non-resident tuition fee and the actual resident student is the only one who pays a resident fee?"

Senator Sandison: "Yes, Senator Andersen. First, let me say I agree with you that there probably have been abuses in all the institutions of higher education. Because of lack of guidelines they have taken a great deal of liberty in their interpretations of an out-of-state student and they sometimes made him a resident very easily. I think if we can depend on what the people who were representative of the institutions can say, that they all have agreed with this and have told us in the hearing that they would go along, or their representatives have. I think that frankly the interim Committee on Higher Education, and also the Council on Higher Education are going to watch this very closely, as I am sure the Budget Committee will in the future."

Senator Andersen: "Perhaps, Senator Sandison, in further elucidation of my question to you, I might suggest that maybe a transcript of these questions and answers at the time this bill is being passed, along with a copy of the bill, might perhaps appropriately be addressed by you to the various members of the college administrations here in this state so that they understand that this is the intent of the legislature and we are very serious about this."

Senator Sandison: "I think it is a good idea, yes."

POINT OF INQUIRY

Senator Metcalf: "Will Senator Sandison yield? Senator, I am concerned about non-resident students coming in who are real—well, the kind we call the crazies, the real disruptors, and I thought of trying to put an amendment on this bill to require that those students be not registered if there is an indication that they are in fact what they are. This is an important bill and I did not want to get into that controversy on the bill, but at the present time do the universities have the power to refuse admission to anyone they consider to be a disruptive student or one who has been expelled from another institution?"

Senator Sandison: "I have asked this question, Senator Metcalf. They are not sure whether or not their power will hold up in court but they have all exercised this to some extent."

Senator Metcalf: "Then in following that up, would it help them in their court proceedings if we would move this bill back to second reading and put on an amendment such as 'PROVIDED, That no student shall be admitted whose transcript or record indicates expulsion from any institution of higher learning in the past two years?' Would this help them in court?"

Senator Sandison: "I would not think this would be the proper vehicle to do it. As you know that is a problem of grave constitutionality and I think it should be a bill all of its own."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 594, and the bill passed the Senate by the following vote: Yeas, 42; absent or not voting, 1; excused, 6.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Clarke, Connor, Cooney, Day, Dore, Elicker, Fleming, Foley, Francis, Gissberg, Greive, Guess, Henry, Herr, Holman, Jolly, Knoblauch, Lewis, McDougall, Mardesich, Metcalf, Murray, Newschwander, Odegaard, Peterson (Lowell), Peterson (Ted), Ridder, Sandison, Scott, Stender, Stortini, Talley, Twigg, Walgren, Washington, Whetzel, Wilson, Woodall—42.

Absent or not voting: Senator McCutcheon—1.

Excused: Senators Donohue, Durkan, Gardner, Huntley, Keefe, Matson—6.

ENGROSSED SENATE BILL NO. 594, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SENATE BILL NO. 605, by Senators Day, Mardesich and Twigg:
Providing for the licensing and regulation of hulk haulers.

REPORT OF STANDING COMMITTEE

April 2, 1971.

SENATE BILL NO. 605, providing for the licensing and regulation of hulk haulers (reported by Committee on Commerce and Regulatory Agencies):

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert:

"NEW SECTION. Section 1. As used in this chapter and unless the context indicates otherwise, words and phrases shall mean:

(1) "Abandoned vehicle" means any vehicle left within the limits of any highway or upon the property of another without the consent of the owner of such property for a period of twenty-four hours, or longer except that a vehicle shall not be considered abandoned if its owner or operator is unable to remove it from the place where it is located and so notifies law enforcement officials and requests assistance.

(2) "Abandoned automobile hulk" means the abandoned remnant or remains of a motor vehicle which is inoperative and cannot be made mechanically operative without the addition of vital parts of mechanisms and the application of a substantial amount of labor to effect repairs.

(3) "Scrap processor" means a licensed establishment that maintains a hydraulic baler and shears, or a shredder for recycling salvage.

(4) "Demolish" means to destroy completely by use of a hydraulic baler and shears, or a shredder.

(5) "Hulk hauler" means any person who deals in vehicles for the sole purpose of transporting and/or selling them to a licensed motor vehicle wrecker or scrap processor in substantially the same form in which they are obtained and who may not sell second-hand motor vehicle parts to anyone other than a scrap processor.

(6) "Director" means the director of the department of motor vehicles.

NEW SECTION. Sec. 2. Any hulk hauler licensed under the provisions of this chapter may:

(1) Notwithstanding any other provision of law, transport any abandoned automobile hulk in a flattened condition, whether such hulk is from in state or out of state, to a scrap processor upon obtaining the certificate of title and/or registration and/or any release of interest from the owner or custodian of such hulk. The scrap processor shall forward such document(s) to the department of motor vehicles, together with a monthly report of all vehicles acquired from other than a licensed automobile wrecker, and no further identification shall be necessary.

(2) Transport any vehicle upon obtaining ownership thereof as otherwise required by law.

NEW SECTION. Sec. 3. Application for a hulk hauler's license or a scrap processor's license or renewal of a hulk hauler's license or a scrap processor's license shall be made on a form for this purpose, furnished by the director, and shall be signed by the hulk hauler or his authorized agent and shall include the following information:

(1) Name and address of the person, firm, partnership, association or corporation under which name the business is to be conducted;

(2) Names and residence address of all persons having an interest in the business or, if the owner is a corporation, the names and addresses of the officers thereof;

(3) Certificate of approval of the chief of police of any city or town, wherever located, having a population of over five thousand persons and in all other instances a member of the state patrol certifying that the applicant can be found at the address shown on the application, and;

(4) Any other information that the director may require.

NEW SECTION. Sec. 4. Application for a hulk hauler's license, together with a fee of ten dollars, or application for a scrap processor's license, together with a fee of twenty-five dollars, shall be forwarded to the director. Upon receipt of the application the director shall, if the application be in order issue a hulk hauler's license authorizing him to do business as such and forward the fee, together with an itemized and detailed report, to the state treasurer, to be deposited in the motor vehicle fund. Upon receiving the certificate the owner shall cause it to be prominently displayed at the address shown in his application, where it may be inspected by an investigating officer at any time.

NEW SECTION. Sec. 5. A license issued on this application shall remain in force until suspended or revoked and may be renewed annually upon reapplication according to section 2 of this act and upon payment of a fee of ten dollars.

Whenever a hulk hauler shall cease to do business as such or his license has been suspended or revoked, he shall immediately surrender such license to the director.

NEW SECTION. Sec. 6. The hulk hauler shall obtain a special set of license plates in addition to the regular licenses and plates required for the operation of vehicles owned and/or operated by him and used in the conduct of his business. Such special license shall be displayed on the operational vehicles and shall be in lieu of a trip permit or current license on any vehicle being transported. The fee for these plates shall be five dollars for the original plates and two dollars for each additional set of plates bearing the same license number.

NEW SECTION. Sec. 7. If for a good and sufficient cause the director has reason to believe that the application for a hulk hauler's license or renewal of a hulk hauler's license should be denied, he may refuse to issue such license and shall notify the applicant to that effect. The director may suspend or revoke a hulk hauler's license whenever he shall have reason to believe that such hulk hauler has:

(1) Wilfully misrepresented the physical condition of any motor vehicle transported;

(2) Sold or disposed of a motor vehicle or trailer or any part thereof when he knows that such vehicle or part has been stolen, or appropriated without the consent of the owner;

(3) Committed forgery on a certificate of title, registration, or document releasing any interest in a vehicle;

(4) Committed any dishonest act or omission which the director has reason to believe has caused loss or serious inconvenience as a result of a sale of a motor vehicle, trailer or part thereof;

(5) Failed to comply with any of the provisions of this chapter or other applicable law relating to registration and certificates of title of vehicles and any other document releasing any interest in a vehicle;

Notice of the intent of the director to refuse, suspend or cancel a license shall be given in writing, by registered mail, to the holder of or applicant for such license, and shall designate a time and place for the hearing before the director, which shall be not less than ten days from the date of said notice. Should the director, after such hearing, decide that the applicant is not entitled to a license or that an existing license should be revoked, the applicant or holder may, within thirty days from the date of the decision of the director, appeal to the superior court of Thurston county for a review of such decision, filing a notice of such appeal with the clerk of said superior court and a copy of said notice in the office of the director. Said court shall set the matter down for hearing with the least possible delay.

NEW SECTION. Sec. 8. The director is hereby authorized to promulgate and adopt reasonable rules and regulations not in conflict with provisions hereof for the proper operation and enforcement of this chapter.

NEW SECTION. Sec. 9. It shall be the duty of the chiefs of police in cities having a population of over five thousand persons, and in all other cases members of the Washington state patrol, to make periodic inspection of the hulk hauler's or scrap processor's premises and records provided for in this chapter, and furnish a certificate of inspection to the director in such manner as may be determined by the director: PROVIDED, That the above inspection in any instance can be made by an authorized representative of the department.

The department is hereby authorized to enlist the services and cooperation of any law enforcement officer or state agency of another state to inspect the premises of any hulk hauler or scrap processor whose established place of business is in that other state but who is licensed to transport automobile hulks within Washington state.

NEW SECTION. Sec. 10. Any municipality or political subdivision of this state which now has or subsequently makes provision for the regulation of hulk haulers or scrap processors shall comply strictly with the provisions of this chapter.

NEW SECTION. Sec. 11. Nothing contained in this chapter shall be construed to

prohibit any individual from towing any vehicle owned by him to any junk yard or scrap processor.

NEW SECTION. Sec. 12. Sections 1 through 11 of this act shall constitute a new chapter in Title 46 RCW.

Signed by: Senators Mardesich, Chairman; Cooney, Day, Dore, Fleming, Gissberg, Keefe, Knoblauch, Peterson (Lowell), Stortini, Twigg, Walgren.

The bill was read the second time by sections.

On motion of Senator Day, the committee amendment was adopted.

On motion of Senator Mardesich, the following amendment to the title was adopted:

On line 2 of the title, after "haulers" insert "and scrap processors"

On motion of Senator Day, the rules were suspended, Engrossed Senate Bill No. 605 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Peterson (Ted): "Would Senator Day yield? Senator, who is responsible then to report to the department of motor vehicles?"

Senator Day: "That is the reason we put the processor in the amendment and licensed him also. He is responsible to report."

POINT OF INQUIRY

Senator Andersen: "Will Senator Day yield to a question? Senator Day, I have seen, and I am sure everybody here has, some of these hulk haulers as you call them, driving down the highway with these flattened cars piled with some rather extreme heights and held on with one or two cables or chains and the load just sways back and forth to the point where you go past it, you hold back and go by him at ninety miles an hour just to get the heck out of the way.

"Now, do I understand the terms of this act that the department is being given full authority to make rules and regulations in order to see to it that the safety of the highway users are protected by these people?"

Senator Day: "I believe they already have that power and this would not abrogate any of those existing rules. It would be up to the state patrol to enforce the proper hauling. All this will do is allow them to haul this particular type of material. So they definitely would be under all the regulations concerning the hauling of any type of heavy freight. They would have to be properly battened down."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 605, and the bill passed the Senate by the following vote: Yeas, 41; absent or not voting, 2; excused, 6.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Clarke, Connor, Cooney, Day, Dore, Elicker, Fleming, Foley, Gissberg, Greive, Guess, Henry, Herr, Holman, Jolly, Knoblauch, Lewis, McDougall, Mardesich, Metcalf, Murray, Newschwander, Odegaard, Peterson (Lowell), Peterson (Ted), Ridder, Sandison, Scott, Stender, Stortini, Talley, Twigg, Walgren, Washington, Whetzel, Wilson, Woodall—41.

Absent or not voting: Senators Francis, McCutcheon—2.

Excused: Senators Donohue, Durkan, Gardner, Huntley, Keefe, Matson—6.

ENGROSSED SENATE BILL NO. 605, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator McDougall, Senator Newschwander was excused.

SENATE BILL NO. 606, by Senators Day, Twigg and Mardesich:
Providing for the removal of abandoned junk motor vehicles.

REPORT OF STANDING COMMITTEE

April 1, 1971.

SENATE BILL NO. 606, providing for the removal of abandoned junk motor vehicles (reported by Committee on Commerce and Regulatory Agencies):

MAJORITY recommendation: Do pass with the following amendments:

On page 1, section 1, line 13, after "the" and before "of way" strike "righty" and insert "right"

On page 2, line 3 after "means" strike the remainder of the sentence and insert: "a licensed establishment that maintains a hydraulic baler and shears, or a shredder for recycling automobile salvage."

On page 2, line 6 after "law," strike the remainder of the section and insert: "any law enforcement officer having jurisdiction or any person authorized by the director of motor vehicles shall inspect and may authorize the disposal of an abandoned junk motor vehicle. The officer or authorized person shall record the make of such motor vehicle, the serial number if available, and shall also detail the damage or missing equipment to substantiate the value at fifty dollars or less."

On page 2, line 19, strike all of section 3.

Renumber the remaining section consecutively.

Signed by: Senators Mardesich, Chairman; Cooney, Day, Dore, Fleming, Gissberg, Keefe, Knoblauch, Peterson (Lowell), Stortini, Twigg, Walgren.

The bill was read the second time by sections.

Senator Day moved adoption of the committee amendment.

POINT OF INQUIRY

Senator Wilson: "Senator Day, I was not aware that you were combining all these amendments under one consideration and before you advance the bill, I wonder if, with your permission, if Senator Mardesich would yield to a question?"

"Senator Mardesich, on innumerable occasions you have corrected errors and mistakes in bills of mine. I notice that you are not only a sponsor of this one but also that it went through your committee. Therefore I would imagine you would assume full responsibility for its present content as well as the content of the amendments. My question is relating to the amendment which seeks to authorize persons appointed by the director of motor vehicles as well as local officials to authorize the disposal of junk cars. That phase of the amendment strikes the entire remainder of the section after the first few words. By striking the entire remainder of the section, are you not also deleting a requirement that local officials report these activities to the state to clear its records and are you not also deleting the provision that the moneys arising from the disposal of junk cars should be deposited in the county general fund? If so, was it your intent to delete those provisions or do we have here an instance of sloppy draftsmanship?"

Senator Mardesich: "I think you are absolutely correct. I think maybe we should have not stricken the balance of the section but the balance of the paragraph and we could correct it by rewording that to read paragraph rather than section."

On motion of Senator Day, the following amendment to the committee amendment was adopted:

Amend the committee amendment to page 2, line 6 by striking "section" in the second line and inserting "paragraph".

The committee amendment, as amended, was adopted.

There being no objection, Senate Bill No. 606, as amended, was ordered held on today's second reading calendar following consideration of Senate Bill No. 648.

SENATE BILL NO. 619, by Senators Stortini and McDougall (by Department of Social and Health Services request):

Relating to employee's records.

REPORT OF STANDING COMMITTEE

March 22, 1971.

SENATE BILL NO. 619, relating to employee's records (reported by Committee on State Government):

MAJORITY recommendation: Do pass with the following amendments:

On page 1, section 1, line 14, after "duties" and before the period insert "when authorized by the director of the state agency by which they are employed"

On page 1, section 1, line 19, after "authorization" and before the comma insert "from the director of the state agency by which they are employed" section 2, line 2, after "duties" insert "when authorized by the director of the state agency by which they are employed"

Signed by: Senators Walgren, Chairman; Day, Gardner, Gissberg, Henry, Jolly.

The bill was read the second time by sections.

On motion of Senator Stortini, the committee amendments were adopted.

On motion of Senator Stortini, the rules were suspended, Engrossed Senate Bill No. 619 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Guess: "Mr. President, would Senator Stortini yield? Senator, in the past I have had some connection with the department of labor and industries where a person was injured, he had a back injury for instance, and would go into a non-covered employment such as working in agricultural pursuits. Will this enable the department to go in to those types of non-covered jobs and examine the books to determine whether or not a man who is on industrial insurance, on industrial compensation, has in fact been working for a non-covered agency?"

Senator Stortini: "Yes, Senator Guess, RCW 51.28.070 already covers this and this simply puts it down and brings it into conformity itself."

Senator Guess: "Fine, thank you."

Debate ensued.

POINT OF INQUIRY

Senator Woodall: "Will Senator Ridder yield? Senator, in the volunteer fire department is there any relationship in the nearness that you want them near where the engine is? Would this bill require them to live within a certain distance from where the fire engine is kept in order to be on the fire department, or can you move twenty or thirty miles away? How far away from the area can you move?"

Senator Ridder: "We are talking about a fully paid fire department in a fire protection district."

Senator Woodall: "He would have regular shifts then?"

Senator Ridder: "Right, and in this case the civil service commission in that area may set residence requirements but you cannot be discharged for this reason."

POINT OF INQUIRY

Senator Stender: "Will Senator Ridder further yield? Senator, are you sure that the volunteer firemen are not covered under this bill?"

Senator Ridder: "Right. It says, 'having a full paid fire department shall have authority by resolution of the board of fire commissioners to provide for civil service' and these pertain to those districts alone."

MESSAGE FROM THE HOUSE

April 9, 1971.

Mr. President: The Speaker has signed SENATE BILL NO. 182, and the same is herewith transmitted. MALCOLM McBEATH, Chief Clerk.

MOTION FOR RECONSIDERATION

Having voted on the prevailing side and having given prior notice, Senator Day moved that the Senate do now reconsider the vote by which Engrossed Senate Bill No. 619 passed the Senate.

Debate ensued.

The motion carried.

MOTION

On motion of Senator Day, the rules were suspended, Engrossed Senate Bill No. 619 was returned to second reading.

Senator Stortini moved adoption of the following amendment:

Strike all of section 1. Renummer section 2 as section 1.

POINT OF INQUIRY

Senator Canfield: "Will Senator Stortini yield? Senator, we are looking to some of you experts on labor for guidance on these things but Senator McDougall is not here and I am just wondering if you would discuss this amendment a little bit. Why are you striking section 1?"

Senator Stortini: "The confusion the other day, Senator, was that this would open the door for any one of the three departments, labor and industries, employment security and the public assistance department, by the director to just appoint a representative and get any records they may desire. This brings to the real intent of the bill where the director of public assistance can get anything that is on the record in the department of employment security to eliminate any duplication that might take place that is already on record and file. It is there; the department in fact is doing this at the present time. This is just to put it in statute."

Senator Canfield: "I was just wondering if this is in accordance with Senator McDougall's thinking."

Senator Stortini: "I am sure it is. Senator McDougall and I both sponsored the bill and there is no doubt that he will go along with it."

Senator Canfield: "I knew you were co-sponsors and I was just hoping Senator McDougall had been consulted on this amendment."

Senator Stortini: "Yes, we discussed this last Friday with the department and Senator McDougall."

The motion by Senator Stortini carried and the amendment was adopted.

On motion of Senator Stortini, the rules were suspended, Engrossed Senate Bill No. 619 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Metcalf: "Will Senator Stortini yield to a question? Senator, I am in the process of trying to get back an answer from the department as to a change that they may have made in their operations in the last some months but I am aware of a problem that did exist with a police officer that wanted to get information from the department in the pursuit of his duty on an investigation that he was carrying out and was unable to get information from the department. Do you know anything about this particular matter? Did this kind of thing come up in any of the hearings on this bill?"

Senator Stortini: "No, not at all. In fact this was not in my committee. It was in another committee."

MOTION

On motion of Senator Metcalf, Engrossed Senate Bill No. 619 was ordered placed on third reading following consideration of Senate Concurrent Resolution No. 20 today.

Senator Durkan moved adoption of the following resolution:

SENATE RESOLUTION: 1971-EX-46

By Senators Durkan, Bailey, Metcalf, Walgren and Sandison:

WHEREAS, The people of the state of Washington have expressed concern about alleged disparities in the salary structure for state employees; and

WHEREAS, For the purpose of setting salaries, state employees are in two categories: Classified and exempt; and

WHEREAS, RCW 41.06.110 establishes the Washington State Personnel Board and RCW 28B.16.060 establishes the Higher Education Personnel Board, which boards are authorized to study and set salaries for all classified employees; and

WHEREAS, Those employees exempt from the jurisdiction of the Washington State Personnel Board or the Higher Education Personnel Board receive salaries set by various statutorily established agencies, boards, committees, and commissions;

NOW, THEREFORE, BE IT RESOLVED, By the Senate that the Legislative Council is authorized and directed to undertake a study to determine criteria for identification of positions to be placed in the exempt category and to develop procedures for independent salary-setting authorities to set salaries for exempt employees.

BE IT FURTHER RESOLVED, That the results of the study and any recommendations be presented to the next session of the legislature for its consideration.

Debate ensued.

POINT OF INQUIRY

Senator Foley: "Would Senator Durkan yield? Senator, why did you pick the legislative council rather than the legislative budget committee? This appears to me to be strictly within the field of the legislative budget committee."

Senator Durkan: "Frankly, Senator Foley, I claim no pride of authorship in the resolution. I had no objection to the budget committee doing it. My best judgment at the time was that the budget committee is going to be overwhelmed with the amount of studies that they have already. However, I would accept an amendment; if the body so feels that the legislative budget committee should make the study. I have no objection to it."

On motion of Senator Foley, the following amendment was adopted:

On line 15, strike "Council" and insert "Budget Committee"

On motion of Senator Andersen, the following amendments were adopted:

On line 15, strike "authorized and directed" and insert "hereby requested"

On line 19, after "results of" strike "the" and insert "any such"

POINT OF INQUIRY

Senator Woodall: "Would Senator Durkan yield? Senator, some time back this body passed a resolution asking for the executive to give us a list of some of these salaries. Do you know whether there has been any list prepared or has there been anything in the mill so that somewhere in this vale of tears we will know how much we are paying to whom?"

Senator Durkan: "Senator, to the best of my knowledge, they submitted them to the Appropriations Committee. I think that they prepared the list for all the members of that committee plus one copy which I think is kept in Senator Bailey's office for the entire membership. I think the resolution we passed previously applied to the next time the executive prepares the budget."

The motion by Senator Durkan carried and the resolution, as amended, was adopted.

SECOND READING

SENATE BILL NO. 789, by Senator Wilson (by Parks and Recreation Commission request):

Allowing recreation commission and concessionaire to mutually alter terms of concession or lease.

The bill was read the second time by sections.

On motion of Senator Mardesich, the following amendment was adopted:

On page 2, section 1, line 10, after "lease" insert "": *PROVIDED FURTHER, That no such alteration or amendment shall extend the term of any such lease or concession*"

POINT OF INQUIRY

Senator Woodall: "Will Senator Wilson yield? Senator, I would like an explanation as to the purpose of this bill. I understand that these concessions are let by competitive bid. Now did someone make a bad bid and wants the department to go in and let him off the hook and give him more favorable terms than he himself bid for? What is the purpose of the bill?"

Senator Wilson: "Senator, if there are specific incidents throughout the state park system which led to the request for the introduction of this bill, I am not familiar with them. The bill was introduced by me at the request of the state parks and recreation commission. The commission previously had a twenty-year limit on leases which it could sign with respect to private concessionaires. A while back this limit was amended to the extent that in the Columbia basin area and in Mt. Spokane park, leases up to forty years could be signed.

"It is my understanding that this was done so that leases longer than twenty years of duration could be executed at Dry Falls state park and also at Mt. Spokane state park. Now the commission is coming back to us with this bill which accomplishes two things. First, it eliminates the forty-year lease authority with respect to these two areas and returns the status to one in which the commission would be limited to a twenty-year lease maximum anywhere in the state. Secondly, the commission is asking for the authority to alter or amend provisions of existing leases when it would be in the public interest and then with Senator Mardesich's amendment, however, the commission would be prohibited, even if it did alter the terms of a lease, from extending it beyond its present period that it was an active lease.

"Now beyond this, Senator Woodall, I do not know what incidents may have led to the request for this legislation or anything else other than what I have recited."

MOTION

On motion of Senator Wilson, Senate Bill No. 789 was ordered to hold its place on the second reading calendar for Tuesday, April 13, 1971.

SENATE BILL NO. 858, by Senator Talley:

Providing for additions to Seaquest State Park by exchange of public land.

REPORT OF STANDING COMMITTEE

March 25, 1971.

SENATE BILL NO. 858, providing for additions to Seaquest State Park by exchange of public land (reported by Committee on Natural Resources, Fisheries and Game):

MAJORITY recommendation: Do pass with the following amendments:

On page 1, section 1, line 4, after "Section 1." strike the remainder of the section and insert "The department of natural resources is authorized, with the advice and approval of the state board of natural resources, to exchange any lands acquired pursuant to RCW 76.12.030 located in Cowlitz county for lands of equal value owned by the International Paper Company which are adjacent to Seaquest State Park in Cowlitz county. In the event of such exchange the lands acquired by the state shall be held and administered in the same manner as were the lands exchanged therefor."

Strike all of the title and substitute the following:

"An Act relating to the exchange of certain forest lands adjacent to Seaquest State Park."

Signed by: Senators Peterson (Lowell), Chairman; Clarke, Matson, Metcalf, Peterson (Ted), Sandison.

The bill was read the second time by sections.

On motion of Senator Talley, the committee amendments were adopted.

On motion of Senator Talley, the rules were suspended, Engrossed Senate Bill No. 858 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 858, and the bill passed the Senate by the following vote: Yeas, 44; absent or not voting, 2; excused, 3.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Clarke, Connor, Cooney,

Day, Donohue, Dore, Durkan, Elicker, Fleming, Foley, Francis, Gardner, Gissberg, Greive, Guess, Henry, Herr, Holman, Huntley, Jolly, Keefe, Knoblauch, Lewis, Mardesich, Matson, Metcalf, Murray, Newschwander, Odegaard, Peterson (Lowell), Peterson (Ted), Ridder, Sandison, Scott, Stortini, Talley, Walgren, Washington, Wilson, Woodall-44.

Absent or not voting: Senators McCutcheon, Stender-2.

Excused: Senators McDougall, Twigg, Whetzel-3.

ENGROSSED SENATE BILL NO. 858, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SENATE BILL NO. 866, by Senators Ridder, Clarke and Bailey:
Setting financial responsibility standards for residents of state residential schools.

MOTIONS

On motion of Senator Odegaard, Substitute Senate Bill No. 866 was substituted for Senate Bill No. 866, the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Ridder, the rules were suspended, Substitute Senate Bill No. 866 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Mardesich: "Will Senator Ridder yield? Senator, page 5, new section 4, provides for the funeral arrangements and I would assume that the proviso means that the total of the resident's account funds which may be used for funeral purposes. It does not say that so I wonder if that could cause problems later."

Senator Ridder: "In the new section itself the language 'at the time of his death to provide funeral and burial expenses for such deceased resident' and the proviso that the total of the resident's funds plus the state's supplementation shall not exceed the thousand dollars. . . ."

MOTION

On motion of Senator Ridder, the rules were suspended and Substitute Senate Bill No. 866 was returned to second reading.

Senator Mardesich moved adoption of the following amendment:

On page 5, section 4, line 6, after "funds" insert "which may be used for funeral and burial purposes."

POINT OF INQUIRY

Senator Clarke: "Will Senator Mardesich yield? Senator, I do not exactly get the purpose of your amendment. The total of the resident's account fund which presumably at the time of death should all be applicable to funeral plus the state supplementation shall not exceed one thousand dollars. To me this reads properly as is but maybe I am missing something. Could you elaborate on the specific reason for your amendment?"

Senator Mardesich: "Are you suggesting that it should be placed after 'supplementation' rather than 'purpose' of the amendment?"

Senator Clarke: "No, I really am not. I missed your apprehension as to the present wording."

Senator Mardesich: "I thought that if the proviso were to be read, which would be a stretching of it, I admit, to apply to anything other than section 4 in and of itself, it would be placing effective limitation upon the fund, the trust fund.

"I am sure there is no such reasoning behind it and just to clarify that trust funds could be in excess of a thousand dollars and still provide for this funeral and burial problem, I think the proviso would clarify. Although I do say I do think it could be a stretching if the language of the proviso in subsection 4, section 4, were to be applied to the trust fund in and of itself."

On motion of Senator Mardesich, the following corrected amendment was adopted:

On page 5, section 4, line 6, after "supplementation" insert "which may be used for funeral and burial purposes"

MOTION

At 12:50 p.m., on motion of Senator Greive, the Senate recessed until 2:00 p.m.

AFTERNOON SESSION

The President called the Senate to order at 2:00 p.m.

SECOND READING

SUBSTITUTE SENATE BILL NO. 866, by Senators Ridder, Clarke and Bailey:

ENGROSSED SUBSTITUTE SENATE BILL NO. 866, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

On motion of Senator Francis, the rules were suspended, Engrossed House Bill No. 86,

as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Bailey: "Would Senator Francis yield? Senator, I was concerned and I spoke to you about the per diem allowance of members of the intermediate school directors as they went to attend meetings, either of their association or of their board. Did I understand you to say that it was twenty-five dollars a day, up to twenty-five dollars a day?"

Senator Francis: "Senator Bailey, we have referred to state law governing state employees generally. In effect we have an actual expense with a top limit of twenty-five dollars a day but they are going to have to demonstrate their expenses. Thirty-five dollars a day out of state, twenty-five dollars a day within the state. This is at variance with the way it passed the House and I am not sure that the House will accept that aspect of it but that is what we have done here."

Senator Bailey: "I merely wanted to ask this question to be sure that it was in the record of Senator Francis' intent. However, I know that will not change the law a bit as we pass it but it did concern me. There was some doubt that maybe these directors would only be paid fifteen dollars a day and all of us know that when you go away from your business and you are donating your time in the first place that you cannot possibly pay your expenses on fifteen dollars a day and I therefore did not offer an amendment directly raising that because Senator Francis has assured me that this was done in effect by reference to the RCW."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed House Bill No. 86, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 45; nays, 1; absent or not voting, 3.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Clarke, Connor, Cooney, Day, Donohue, Durkan, Elicker, Fleming, Foley, Francis, Gardner, Gissberg, Greive, Guess, Henry, Holman, Huntley, Jolly, Keefe, Knoblauch, Lewis, McDougall, Mardesich, Matson, Metcalf, Murray, Odegaard, Peterson (Lowell), Peterson (Ted), Ridder, Sandison, Scott, Stender, Stortini, Talley, Twigg, Walgren, Washington, Whetzel, Wilson, Woodall—45.

Voting nay: Senator Newschwander—1.

Absent or not voting: Senators Dore, Herr, McCutcheon—3.

ENGROSSED HOUSE BILL NO. 86, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SENATE BILL NO. 383, by Senators Holman, Guess and Day:

Implementing law relating to community college bonding authority.

The Senate resumed consideration of Senate Bill No. 383 and a pending amendment by Senator Peterson (Ted) to page 6, section 3, line 28, proposed on April 8, 1971.

There being no objection, the amendment by Senator Peterson (Ted) was withdrawn.

On motion of Senator Guess, the following amendment was adopted:

On page 6, section 3, after line 30, insert: "*The board of trustees shall authorize no expenditure of funds from student tuition and fees for the purpose of paying the expenses or fees of speakers from outside the state of Washington unless such speaker is contracted with as a lecturer as part of the normal academic curriculum.*"

Senator Ridder moved adoption of the following amendment by Senators Ridder, Odegaard and Fleming:

On page 7, after section 4 add a new section as follows:

"Sec. 5. Section 28B.50.100, chapter 223, Laws of 1969 ex. sess. as amended by section 22, chapter 261, Laws of 1969 ex. sess. and RCW 28B.50.100 are each amended to read as follows:

There is hereby created a community college board of trustees for each community college district as set forth in this chapter. Each community college board of trustees shall be composed of *six members*, five trustees [,] who shall be appointed by the governor from a list of nominees submitted by the nominating committee in accordance with RCW 28B.50.110 and one trustee who shall be a full time student at the community college selected in such manner as the associated students of the community college shall determine. In making [such] appointments the governor shall give consideration to geographical exigencies, and the interests of labor, industry, agriculture, the professions and ethnic groups.

The initial gubernatorial appointees to the board of trustees shall draw lots at the first meeting thereof to determine their respective initial terms. One gubernatorial trustee shall serve for one year, one for two years, one for three years, one for four years, and one for five years.

Thereafter the successors of the trustees initially appointed shall be appointed by the governor to serve for a term of five years except that any person appointed to fill a vacancy occurring prior to the expiration of any term shall be appointed only for the remainder of the term: *PROVIDED, That the student trustee shall hold his office from September 1st of the year of his selection until August 31st of the following year.*

Every gubernatorial trustee shall be a resident and qualified elector of his community college district. No gubernatorial trustee may be an employee of the community college system, a member of the board of directors of any school district, a member of the governing board of any public or private educational institution, or an elected officer or member of the legislative authority of any municipal corporation.

Each board of trustees shall organize itself by electing a chairman from its members. The board shall adopt a seal and may adopt such bylaws, rules and regulations as it deems necessary for its own government. Three members of the board shall constitute a quorum, but a lesser number may adjourn from time to time and may compel the attendance of absent members in such manner as prescribed in its bylaws, rules, or regulations. The district president, or if there be none, the president of the community college, shall serve as, or may designate another person to serve as, the secretary of the board, who shall not be deemed to be a member of the board.

The student trustee shall be entitled to vote only on any matter which would impose special student fees to provide funds to acquire, construct and equip, improve, maintain and operate nonacademic services and facilities.

POINT OF ORDER

Senator Woodall: "I rise to state a point of order. It is my opinion that this proposed amendment enlarges the scope and object of this bill. While it is true that it is germane in that it deals with the general subject matter, a reading of the bill will disclose that the purpose of the bill was to set up certain bonding procedures and to set certain fees. This particular amendment attempts to change and alter the composition of the board of trustees and while it is part of the overall main section 28B.50, it does deal with a different sub-portion being than the ones which are involved in this particular matter. We are dealing here with generally subsection 300, this deals with subsection 100 and raises a question of changing the composition of the board of trustees. It is for those reasons that it is my belief that it goes beyond the scope and object of the purposes as stated in this bill."

RULING BY THE PRESIDENT

The President: "The President in ruling upon the point of order as presented by Senator Woodall finds that Senate Bill No. 383 authorizes community college trustees to issue revenue bonds for capitol construction and enter into contracts for building and maintenance. Also the measure permits the charging of student fees for non-academic purposes.

"The amendment proposed by Senators Ridder, Odegaard and Fleming, however, changes the make-up of the community college boards of trustees and the method of selection thereof, and therefore does increase the scope and object of the bill.

"The point of order as presented by Senator Woodall is well taken."

The amendment proposed by Senators Ridder, Odegaard and Fleming was ruled out of order.

Senator Metcalf moved adoption of the following amendment:

On page 6, section 3, line 30, after "facilities," insert the following: "*PROVIDED, That such special fees shall be subject to the approval of a majority of those students voting on the issue at a special student election called for this purpose.*"

Debate ensued.

The motion failed and the amendment was not adopted.

On motion of Senator Holman, the rules were suspended, Engrossed Senate Bill No. 383 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Wilson: "Would Senator Guess yield to a question? Senator, earlier today an amendment which you sponsored was adopted which says "The board of trustees shall authorize no expenditure of funds from student tuition and fees for the purpose of paying

the expenses or fees of speakers from outside the state of Washington unless such speaker is contracted with as a lecturer as part of the normal academic curriculum'.

"Now I realize, of course, that many speakers which are brought on to campuses under student fee programs are extremely worthwhile and some, to some people, are objectionable. This amendment frankly went on more rapidly than I was able to follow it and I am sorry that my comments are so tardy.

"My question is, under terms of this amendment which is now part of the bill, would it be impossible then for a lecture series financed by student tuition and fees, impossible for the persons operating that program to bring in, for example Governor Reagan from California or a nationally known poet or a syndicated newspaper columnist from out of state and cover his expenses through student fees and tuition?"

Senator Guess: "In answering your question, Senator Wilson, I want to say this amendment was prepared by Mr. Furman who is the executive secretary of the higher education advisory committee, and it changed the original language of an amendment which was suggested and he thought that this did provide the necessary leeway for the bringing in of those speakers who come as a part of the lyceum course. It is not intended in any way to cut down on the viability of the programs brought to the campus but when it is a non-academic purpose it will stop the use. This is for academic pursuits."

Senator Wilson: "Then, Senator, it is obviously very unlikely that Governor Reagan, for example, would be a member of a lyceum course and in effect he would not be speaking really as part of a normal academic curriculum but simply as a special speaker brought in for a particular occasion and I assume that under terms of this amendment that if this were a program financed by student tuition and fees, he could not be reimbursed for his expenses." tuition and fees, he could not be reimbursed for his expenses."

Senator Guess: "I would imagine he would come in free in the first place because he has been to Spokane and he did not charge anything. I do not know whether the question is really germane as far as he is concerned or not."

POINT OF INQUIRY

Senator Odegaard: "Mr. President, would Senator Holman yield to a question? Senator, since the passage of the Community College Act in 1967, we usually talk about courses either being academic or vocational or related thereto and we are to place equal emphasis upon both. On page 6, line 29, it uses the word 'non-academic'. Do you mean by this usage that vocational would not be included here and non-academic or do you mean in the sense the way it is used here that vocational is included in non-academic?"

Senator Holman: "In answer to your question, Senator, it is my view and I believe the view of the committee that we are using the word 'non-academic' in its broad sense. It means 'other than related to the school program'. It is not intended to differentiate between academic transfer and vocational tech-type courses. They would all be included because they are the type of things that the state, in its capital funding program, assists the community colleges with. This means something over and above that, something that is student related but not part of the course. . . . extra-curricular, that type of thing."

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 383, and the bill failed to pass the Senate by the following vote: Yeas, 20; nays, 24; absent or not voting, 5.

THIRD READING

ENGROSSED SENATE BILL NO. 619, by Senators Stortini and McDougall (by Department of Social and Health Services request):

Relating to employee's records.
The bill was read the third time.

MOTION

On motion of Senator Guess, the rules were suspended and Engrossed Senate Bill No. 619 was returned to second reading.

Senator Metcalf moved adoption of the following amendment:

On page 2, section 1, line 15 of the printed bill, being page 2, section 1, line 18 of the engrossed bill, after "prosecution" and before the period insert "*PROVIDED FURTHER, That records of unemployment insurance claims, disclosure of which is not prohibited by federal law, which are material to the apprehension of one who has been charged with a crime, may be made available for inspection to a governmental law enforcement officer upon the presentation of a subpoena for such records issued by a court of competent jurisdiction*"

Debate ensued.

POINT OF INQUIRY

Senator Stortini: "Would Senator Metcalf yield to a question? Senator, on line 4 of your amendment you say, 'which are material to the apprehension of'. Could you explain that please?"

Senator Metcalf: "Specifically, trying to locate where he is; the address is the most important thing. That is the main thing that they want. Here the state is mailing him unemployment compensation checks and the law enforcement people in the local county are looking for him and they cannot get the address that he is receiving the checks.

"This particular individual to whom I am referring was smart enough to go and change his address about every third week just so he was not taking any chances. He had the checks coming at different places in order to evade the law."

The motion by Senator Metcalf carried and the amendment was adopted.

Senator Guess moved adoption of the following amendment:

On page 2, following section 2, add a new section to read as follows:

"*NEW SECTION. Sec. 3. There is added to chapter 35, Laws of 1945 and to title 50 RCW a new section to read as follows:*

Any individual registered at and attending an established school in a course of study providing academic instruction of twelve or more hours per week, or the equivalent thereof, shall be disqualified from receiving benefits or waiting period credit for any week during the school year commencing with the first week of academic instruction or the week of leaving employment to return to school, whichever is the earlier, and ending with the week immediately prior to the first full week in which he is no longer attending classes: PROVIDED, That such nonattendance will be for a period of sixty days or longer. The term "school" includes primary schools, secondary schools and "institutions of higher education" as that phrase is defined in section 22 of chapter 3, Laws of 1971.

This disqualification shall not apply to any individual who is in approved training within the meaning of section 12, chapter 3, Laws of 1970."

POINT OF INQUIRY

Senator Holman: "Would Senator Guess yield? Senator, in reading this amendment, I am wondering how it would be administered because of the proviso about half way through it which says 'PROVIDED, That such nonattendance will be for a period of sixty days or

longer'. In that event it would seem to me difficult for them to administer it, in the first week of going to school or the second week until they had found out whether he really was going to go sixty days. I have a problem with seeing how this would be handled."

Senator Guess: "Senator Holman, I think that when a man makes application for unemployment compensation he has to level with the department and say whether or not he is going to school. There is a blank on the application 'Are you going to school?' If he fills it in 'yes' then they will disqualify him."

POINT OF ORDER

Senator Stender: "My question of order is in regard to this amendment enlarging the scope and object of the Senate Bill No. 619. I have looked at the bill, the purpose has to do with records, inspection of books and payrolls and so forth, in performance of their official duties and this amendment purports to establish or disqualify by establishing separate rules for the drawing of unemployment compensation by students. I respectfully suggest that the proposed amendment by Senator Guess enlarges the scope and object of the bill."

RULING BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Henry: "The President, in ruling upon the point of order, believes that Engrossed Senate Bill No. 619 which refers to any state agency, the records thereof, is pretty well limited in its scope as to the disclosure of records. The amendment by Senator Guess adds a new section which provides a method of disqualification for one certain department from receiving unemployment compensation. The President believes that Senator Stender's point of order is well taken and that this amendment does enlarge the scope and object of the bill."

The amendment by Senator Guess was ruled out of order.

On motion of Senator Stortini, the following amendment to the title was adopted:

On page 1, line 1 of the title, after "records;" strike all the matter down to and including "RCW 51.48.040;" on line 2.

On motion of Senator Stortini, the rules were suspended, Engrossed Senate Bill No. 619 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 619, and the bill passed the Senate by the following vote: Yeas, 41; absent or not voting, 3; excused, 5.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Clarke, Connor, Cooney, Day, Donohue, Dore, Durkan, Elicker, Fleming, Foley, Francis, Gardner, Greive, Guess, Henry, Holman, Jolly, Knoblauch, Lewis, McDougall, Mardesich, Matson, Metcalf, Murray, Newschwander, Odegaard, Peterson (Lowell), Peterson (Ted), Ridder, Scott, Stender, Stortini, Walgren, Washington, Whetzel, Wilson, Woodall—41.

Absent or not voting: Senators Huntley, McCutcheon, Talley—3.

Excused: Senators Gissberg, Herr, Keefe, Sandison, Twigg—5.

ENGROSSED SENATE BILL NO. 619, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Greive, Senate Bills Nos. 318 and 415 were ordered held on the second reading calendar for Wednesday, April 14, 1971 preceding consideration of Engrossed Substitute House Bill No. 151.

SPECIAL ORDER OF BUSINESS

SENATE BILL NO. 298, by Senators Washington, Peterson (Ted) and Dore:

Requiring certain insurance coverage for employees of school districts and institutions of higher learning.

The time having arrived, the Senate resumed consideration of Senate Bill No. 298 on second reading and the amendment proposed by Senator Day on April 8, 1971.

On motion of Senator Day, the following amendments to the amendment by Senator Day were adopted:

On page 2, section 1, line 5, after "contracts" and before "utilize" strike "must" and insert "may"

On page 2, section 2, line 30, after "contracts" and before "utilize" strike "must" and insert "may"

The amendment by Senator Day, as amended, was adopted.

Senator Washington moved adoption of the following amendment:

On page 1, section 2, line 18, strike all of section 2. Renumber remaining sections accordingly.

Debate ensued.

POINT OF INQUIRY

Senator Stender: "Would Senator Washington yield? Senator, as I understand, you say that your amendment would not create any cost?"

Senator Washington: "I said it would not create a cost to the general fund. It will create a cost somewhat less than the estimate of one hundred and forty-three thousand dollars to the school districts of the state."

Senator Stender: "Where are they going to get the money?"

Senator Washington: "We are only talking here about the general fund. Now there is no doubt that this will have a financial impact upon school districts. The estimate is, throughout the state, one hundred and forty-three thousand eight hundred and fifty-two dollars as an additional cost to the school districts."

Senator Stender: "Are not the school districts coming here for money?"

Senator Washington: "Yes, they are."

Senator Stender: "How could you say then that it has no impact?"

Senator Washington: "In order to carry this out, much of their expense is covered by taxes at the local level and as far as our budget is concerned, we do not have any particular amount set aside for this insurance. The insurance cost is ordinarily one which is handled at the local level."

POINT OF INQUIRY

Senator Stender: "Would Senator Day yield to a question? Senator, as I understand from the Secretary your amendment was to add the provisions of Substitute Senate Bill No. 396 onto Senate Bill No. 298, is that correct?"

Senator Day: "That is correct, as amended."

Senator Stender: "And that includes all of these various different types of insurance that are enumerated in that bill?"

Senator Day: "Yes."

Senator Stender: "So that in fact if the school board was to purchase this type of insurance it would be considerable cost to the board then. Isn't that correct?"

Senator Day: "It would be up to their discretion whether they wanted to spend the money or not, at the local level."

Senator Stender: "If they did in fact buy all this insurance it could amount to a considerable amount of money."

Senator Day: "It could amount to a considerable amount of money but I would point out that it would be money in lieu of salary which would not be federally taxed and which would accrue as a direct benefit to the employee or the teacher and would in effect make better utilization of the dollar spent by the local school authority."

POINT OF INQUIRY

Senator Canfield: "Will Senator Day yield to a question? Senator, you remarked I believe about this being a permissive. . . ."

Senator Day: "I am talking about the amendment that has already been adopted, not about the amendment that is before us. The amendment that is before us is a good amendment because it takes out the mandatory aspect of purchasing liability insurance which does have a fiscal impact."

Senator Canfield: "Is that the other bill that you are referring to, not Senate Bill No. 298 but the other bill?"

Senator Day: "No, that is in Senate Bill No. 298 that we are referring to right now, section 2."

Senator Canfield: "I thought you were referring to this other bill that you. . . ."

Senator Day: "I did, because it has been continually bantered about here even though

it has already been adopted and both on line 14 of the amendment, page 1, and on line 12, page 2. It very clearly states that it is discretionary, that they may purchase the insurance."

Senator Canfield: "I just wanted to point out, Senator Day, whether it is pertinent or not that when we give these 'may' clauses in here, then through the bargaining procedures, do not they become 'shall' in effect because if a bargaining group agrees upon a certain settlement, as for instance in insurance, does not that commit the board to adopt the 'shall'?"

Senator Day: "No. I would like to also point out in answer to the question that that is existing law. We are not amending that portion of it at all. It is discretionary now. The only thing this does is remove the ten dollar ceiling so that if the board, in its wisdom, wants to purchase more than ten dollars worth of premium for the employee, they may do so."

Senator Ridder demanded a roll call on the amendment by Senator Washington and the demand was not sustained.

The motion by Senator Washington failed and the amendment was not adopted on a riling vote.

POINT OF INQUIRY

Senator Durkan: "Mr. President, will Senator Washington yield? Was the amendment excluding higher institutions adopted?"

Senator Washington: "No, it was not."

MOTION FOR RECONSIDERATION

Having voted on the prevailing side, Senator Durkan moved that the Senate immediately reconsider the vote by which the amendment by Senator Washington was not adopted.

Debate ensued.

POINT OF INQUIRY

Senator Guess: "Would Senator Day yield? Senator, to put the bill in proper perspective, in the original form that we find in Senate Bill No. 298, we find that the term is 'shall'. Is this correct?"

Senator Day: "Yes, but of course this is the amendment that Senator Washington is trying to have adopted, to strike section 2 and strike 'shall' in the same process."

Senator Guess: "All right. Now, Senator Day, if we strike 'shall' then what is the effect of the amendment we added the other day on Substitute Senate Bill No. 396 which says 'may'?"

Senator Day: "Then it is discretionary and does not have a fiscal impact and will not have to go to the committee on ways and means."

POINT OF ORDER

Senator Durkan: "My point of order, Mr. President, is that we are considering the amendment by Senator Washington not by Senator Day."

RULING BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Henry: "Your point of order is well taken, Senator Durkan."

Further debate ensued.

POINT OF INQUIRY

Senator Metcalf: "Would Senator Durkan yield? Senator, if we struck the word 'shall' and replaced it with 'may' on line 20, would this not remove the financial impact and remove the problem here so we could leave section 2 in the bill?"

Senator Durkan: "The only difference is on the local level, it does not make any difference to me—I am not concerned about it—but in the general fund area, by using the word 'may' it still becomes an area of negotiations in which the universities are going to have to use their funds to do it. I do not think that we should—if we are going to put the burden on them, I think we should pay for it. That is why I think Senator Washington's motion is in order and that we should support it."

The motion for reconsideration by Senator Durkan carried.

The President declared the question before the Senate to be the adoption of the amendment proposed by Senator Washington.

The amendment by Senator Washington on reconsideration was adopted.

On motion of Senator Day, the following amendment to the title was adopted:

On page 1, line 1 of the title, after "AN ACT" strike the balance of the title and insert "Relating to education and insurance or protection programs for certain college and university regents, trustees, school district board members, students and employees, and their dependents; amending section 28A.58.420, chapter 223, Laws of 1969 ex. sess. as last amended by section 3, chapter 8, Laws of 1971 and RCW 28A.58.420; and amending section 28B.10.660, chapter 223, Laws of 1969 ex. sess. as amended by section 4, chapter 237, Laws of 1969 ex. sess. and RCW 28B.10.660."

On motion of Senator Washington, the rules were suspended, Engrossed Senate Bill No. 298 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Holman: "Would Senator Washington yield? Senator, is that in section 2 of the part that was put on by Senator Day, Senate Bill No. 396? I am confused by the language in that section which says, as I read it, that the provisions for liability insurance shall be borne by the university or college. In line 24 of the substitute bill on page 2 it says, 'except the premiums due on such liability insurance shall be borne by the university or college', and I am confused because it seems to me that that does exactly what section 2 of Senate Bill No. 298 did which we just struck."

Senator Washington: "Section 2, as it was struck, was a mandatory provision which had in it the word 'shall' which required the institutions of higher education to provide the prescribed insurance. Now if I understand Senator Day's amendment, it is one which is permissive only."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 298, and the bill passed the Senate by the following vote: Yeas, 26; nays, 19; absent or not voting, 2; excused, 2.

Voting yea: Senators Andersen, Bailey, Canfield, Connor, Day, Donohue, Dore, Fleming, Foley, Francis, Gardner, Greive, Henry, Jolly, Knoblauch, McCutcheon, Metcalf, Odegaard, Peterson (Lowell), Peterson (Ted), Ridder, Sandison, Stortini, Talley, Walgren, Washington—26.

ENGROSSED SENATE BILL NO. 298, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTIONS

On motion of Senator Woodall, Senate Bill No. 789 was ordered placed at the beginning of the second reading calendar for Wednesday, April 14, 1971.

At 3:20 p.m., on motion of Senator Greive, the Senate adjourned until 11:00 a.m., Wednesday, April 14, 1971.

JOHN A. CHERBERG, President of the Senate.

SIDNEY R. SNYDER, Secretary of the Senate.

THIRTY-FOURTH DAY

MORNING SESSION

Senate Chamber, Olympia, Wash., Wednesday, April 14, 1971.

The Senate was called to order at 11:00 a.m. by President Cherberg. The Secretary called the roll and announced to the President that all Senators were present except Senators Greive and Herr.

The Color Guard, consisting of Pages Dave Spurgeon, Color Bearer, and Becky Carden, presented the Colors. Reverend Maurice Hæhlen, pastor of The United Churches of Olympia, offered prayer as follows:

"Almighty God and Eternal Father of us all, Thou who has made of one blood all peoples to dwell together in peace, forgive us and all mankind for our foolish ways and grant that we might do those things that will enable all families of men to live in a true spirit of brotherhood. Be with the youth of this land so that their idealism and dreams may not be crushed because of our inability to hear and understand their yearnings. Let, we pray Thee, our great state be as one serving Thee. To that end fill our minds and hearts with understanding love that will enable us to do well the duties that now are at hand. Amen."

On motion of Senator Henry, the reading of the journal of the previous day was dispensed with and it was approved.

PERSONAL PRIVILEGE

Senator Dore: "I would like to rise under personal privilege in reference to a remark made in the state House on the floor by Representative Robert Charette the other day saying that I had advised taxpayers not to pay their taxes in protest. This is entirely false. I never at any occasion ever said that. In fact, just the contrary. I have advised them to protest by paying their taxes and filing a protest and I have said that at least on three different occasions. In fact at one public meeting with eight hundred people present, a resolution was offered to the effect that they not pay their taxes and I spoke against it and based on my representation, the group withdrew the resolution where they went in favor of paying their taxes and if they had an objection, then they should file a written protest so they would be available for a refund in the event a later judicial decision or a legislative act might give some relief. I want to make that crystal clear because it was in both the Seattle papers and hopefully now they will print my statement in refutation of that statement of Representative Charette on the floor of the House of Representatives the other day."

NEW SECTION. Sec. 109. It is the intention of the legislature that the expenditure of funds for out of state travel by state employees in executive branch agencies be held to a minimum level consistent with economy, frugality and effectiveness in state government. No funds from appropriations to executive branch agencies made by this act shall be expended for out of state travel costs or related per diem expense of state employees other than elected state officials in executive branch agencies without the prior written approval of the Director of the Office of Program Planning and Fiscal Management. The Director of the office of Program Planning and Fiscal Management shall grant such approval only on his finding that the proposed travel is consistent with the economic, efficient and effective management of state agencies and programs. For the purposes of this section, "out of state travel" does not include travel between the State of Washington and the contiguous states of Idaho and Oregon.

NEW SECTION. Sec. 110. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 111. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

Strike all of the title and insert the following:

"AN ACT relating to expenditures by state agencies for the fiscal biennium beginning July 1, 1971, and ending June 30, 1973; designating effective dates for certain appropriations; and declaring an emergency."

Signed by: Senators Durkan, Chairman; Bailey, Connor, Cooney, Day, Donohue, Fleming, Foley, Francis, Gissberg, Greive, Jolly, Mardesich, Peterson (Lowell), Ridder, Sandison, Stortini, Talley, Walgren, Wilson.

On motion of Senator Greive, the Senate resolved itself into a Committee of the Whole, Senator Henry in the Chair, for the purpose of considering Engrossed Substitute House Bill No. 151.

COMMITTEE OF THE WHOLE

Engrossed Substitute House Bill No. 151 was considered in the Committee of the Whole and reported back to the Senate, Senator Henry presiding, with the recommendation that it do pass as amended.

On motion of Senator Henry, the report of the committee was adopted.

On motion of Senator Greive, the reading had in the Committee of the Whole was considered the second reading of Engrossed Substitute House Bill No. 151.

On motion of Senator Greive, the following amendments to Engrossed Substitute House Bill No. 151 adopted in the Committee of the Whole were adopted by the Senate:

On page 1, section 1, line 14 of the amendment after "named" and before the period insert "PROVIDED, That no moneys appropriated to agencies or departments of the state may be used or spent for any sabbatical leaves for any employee of the state or any subdivisions receiving state appropriations"

On page 3, section 12, line 12 after "Appropriation:" insert "PROVIDED, That expenditures should only be used for the purpose of carrying out his statutory or constitutional duties:"

Senator Holman moved adoption of the following amendment:

On page 43, section 76, line 2, after "Attorney General" strike all the matter down to and including "declines" on line 7

POINT OF ORDER

Senator Greive: "Mr. President, I think obviously this particular amendment involves a change in the appropriation or money matters and I think under Rule 65 cannot be made outside the Committee of the Whole."

Debate ensued.

RULING BY THE PRESIDENT

The President: "The President in ruling upon the point of order presented by Senator Greive, the President finds that a suspension of the rules is not required although Senate Rule 65 does require a two-thirds favorable majority to adopt an amendment proposed to the measure, so-called budget measure, when considered out of the Committee of the Whole."

PARLIAMENTARY INQUIRY

Senator Elicker: "On Rule 65 as applied to your ruling on two-thirds, it says 'no amendment to the general appropriation bill adding any new item or items thereto not incorporated in the budget shall be adopted except by two-thirds'. My parliamentary inquiry is that Senator Holman's motion is not to add a new item but to strike. I would wonder if the two-thirds would apply to striking as well as to the clear language of addition?"

REPLY BY THE PRESIDENT

The President: "The President interprets Rule 65 to mean that any amendment that is added to the budget bill would require a two-thirds majority to be adopted in the event it is considered outside the Committee of the Whole."

POINT OF INQUIRY

Senator Dore: "Would Senator Holman yield to a question? Isn't this the same amendment we rejected in the Committee of the Whole? This concept?"

Senator Holman: "Quite similar."

Senator Dore: "It is identical, isn't it?"

Senator Holman: "It is written differently but it has the same effect."

POINT OF ORDER

Senator Dore: "Point of order. We have already considered this amendment. Senator Holman did not vote on the prevailing side on the motion to start with and he is not asking to have it reconsidered and therefore I do not think it is proper for him to try to, in effect, negate what he failed on originally."

RULING BY THE PRESIDENT

The President: "Senator Dore, the President has no records to which to refer and the ruling on your particular point. . . ."

PARLIAMENTARY INQUIRIES

Senator Dore: "The record is the question and answer on the journal but we are now out of the Committee of the Whole, before the body, I asked Senator Holman a question; he answered it; it is on the record; and therefore, Mr. President, you have that in order to make your ruling."

Senator Greive: "Obviously you do not keep a journal for the Committee of the Whole but what I would like to inquire then, this particular motion and I want to be very clear, then would require a two-thirds vote?"

REPLY BY THE PRESIDENT

The President: "Senator Greive, in answer to your inquiry, the Senate in its wisdom could elect to suspend the rules and consider such measures outside of the Committee of the Whole which would require a two-thirds vote, in the lack of such motion any amendment to the budget according to Rule 65 would require a two-thirds favorable vote to be adopted."

RULING BY THE PRESIDENT

The President: "To clarify the situation, the rules provide that a two-thirds vote of the members elected will be required to adopt this amendment."

Senator Holman demanded a roll call and the demand was sustained by Senators Stender, Greive, Atwood, Andersen, Metcalf, Newschwander, Bailey, Ridder and Connor.

ROLL CALL

The Secretary called the roll and the amendment by Senator Holman was not adopted by the following vote: Yeas, 22; nays, 27.

Senator Woodall moved adoption of the following amendment by Senators Woodall, Twigg and Matson:

On page 12, section 44, line 30, after "assistance:" insert: "PROVIDED, That an applicant for public assistance shall file, in addition to the standard form required by RCW 74.08.050, an affidavit showing for himself and all dependent members of his household on behalf of whom assistance is being applied for or is being received, the total of net incomes for the twelve month period immediately preceding the date of application. When the total of net incomes shall exceed an amount equal to seven thousand dollars for the applicant or for the applicant and one such dependent, plus six hundred dollars for each additional such dependent not to exceed five, the applicant shall as a condition of receiving public assistance agree in writing to repay to the department of social and health services up to eighty percent of the value in money of public assistance received during the calendar year of application, such repayment to be required only to the extent that net incomes of the applicant and the dependent members of his household on behalf of whom assistance was received total in excess of an amount equal to seven thousand dollars for the applicant or for the applicant and one such dependent plus six hundred dollars for each additional such dependent not to exceed five during the calendar year following the calendar year in which application is made. In the event of failure or refusal to repay, the amounts agreed to be repaid shall be collectible as provided in RCW 74.04.300 through 74.04.306 for recovery of payments improperly received, except that the lien provided for in RCW 74.04.300 shall not be imposed:"

Debate ensued.

Senator Whetzel moved adoption of the following amendment:

On page 18, section 53, line 3, strike "10,225,544" and insert "11,746,210"

POINT OF ORDER

Senator Gissberg: "I now raise the point of order on Rule 65, that bills appropriating money shall be considered in the Committee of the Whole Senate and no change in the amount appropriated shall be made outside the Committee of the Whole.

"Now the amendments that you are heretofore dealing with had to do with language and perhaps were proper but in this instance Senator Whetzel is attempting to change the amount appropriated and the rule is specific. No change in the amount appropriated shall be made outside the Committee of the Whole."

MOTION

Senator Whetzel moved that the rules be suspended to consider the amendment.

QUESTION OF CONSIDERATION

Senator Mardesich raised the question of consideration on Senator Whetzel's motion to suspend the rules to consider the amendment.

Debate ensued.

RULING BY THE PRESIDENT

The President: "The President in ruling upon the points presented, Senator Whetzel did make a motion, Senator Mardesich did immediately raise the question of consideration. The President believes that the question of consideration is in order."

PARLIAMENTARY INQUIRY

Senator Greive: "Point of parliamentary inquiry, Mr. President, but you cannot, rule 117 and 102 of Reed's—a motion to suspend rules, if you look at rule 21 it is higher and we just could not have that. It would establish a precedent that would dog us for the rest of our days. One is an ordinary motion, the other is an incidental motion."

REPLY BY THE PRESIDENT

The President: "The President believes the remarks as given by Senator Greive are in order, therefore the motion is in order."

Senator Whetzel demanded a roll call on the motion to suspend the rules to consider the amendment by Senator Whetzel and the demand was sustained by Senators Atwood, Lewis, Scott, Canfield, Peterson (Ted), Matson, Murray, Stender, Newschwander and Clarke.

ROLL CALL

The Secretary called the roll and the motion by Senator Whetzel to suspend the rules to consider the amendment by Senator Whetzel failed by the following vote: Yeas, 20; nays, 29.

Voting nay: Senators Bailey, Connor, Cooney, Day, Donohue, Dore, Durkan, Fleming, Foley, Francis, Gardner, Gissberg, Greive, Henry, Herr, Jolly, Keefe, Knoblauch, McCutcheon, Mardesich, Odegaard, Peterson (Lowell), Ridder, Sandison, Stortini, Talley, Walgren, Washington, Wilson—29.

On motion of Senator Durkan, the rules were suspended, Engrossed Substitute House Bill No. 151, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

Senators Keefe, Talley and Durkan demanded the previous question and the demand was sustained.

THIRTY-FIFTH DAY

MORNING SESSION

Senate Chamber, Olympia, Wash., Thursday, April 15, 1971.

The Senate was called to order at 11:00 a.m. by President Cherberg. The Secretary called the roll and announced to the President that all Senators were present except Senator Gardner. On motion of Senator Keefe, Senator Gardner was excused.

The Color Guard, consisting of Pages Tim Day, Color Bearer, and Mary Martonik, presented the Colors. Reverend Maurice L. Haehlen, pastor of The United Churches of Olympia, offered prayer as follows:

"Almighty God, Thou Eternal Father of us all, let not the beauty of this day nor the blow of good health, nor the apparent luxury of our surroundings deceive us into a false reliance on only our own wit and wisdom. Make us sensitive to all those who have no one to lobby for them. Do Thou join the 'third house' and in their behalf and put on the pressure so that here the greatest good can be done, to the greatest number. Make us all good sports so that we will abide by the hard compromises that must be made so that government can function in our state. We ask Thy blessing this day not only upon the members of this Senate but also forget not those who do the tedious work at typewriters and mimeograph machines behind these scenes without those faithful labors this body could not function. Amen."

On motion of Senator Greive, the reading of the journal of the previous day was dispensed with and it was approved.

SECOND READING

SENATE BILL NO. 690, by Senators Greive, Andersen, Durkan, Holman, Connor, Whetzel, Washington, Murray and Scott:

Pertaining to metropolitan municipal corporations.

The bill was read the second time by sections.

Senator Mardesich moved adoption of the following amendment:

On page 2, section 1, line 19, after "as" insert "*these functions*" and after "approved" place a period and strike the remainder of that sentence.

POINT OF INQUIRY

Senator Canfield: "On the proposed amendment by Senator Mardesich, Senator Greive, to this same bill which authorizes the corporation to perform certain functions, my question is whether or not your amendment conflicts with Senator Mardesich's?"

Senator Greive: "Mr. President and Senator Canfield, I really can see no reason for Senator Mardesich's amendment. That is the thing that is confusing me. I would like to explain to everyone that I think both Senator Ridder and myself have two different amendments up that would permit the people to vote, so that this particular function would not be added to King county or to the metro council of King county without a vote of the people, so we do not have any problem with that.

"At this point, as I see the words, he wants 'as may be approved by resolution of the respective metropolitan councils in the event of such consolidation and the component city

within the largest population shall be the central city of such consolidation, metropolitan municipal corporation and the corporation county with the largest population shall be the central county of such consultant metropolitan corporation.' Now I do not understand for the life of me why that needs to be struck if we adopt one of the amendments that provides for the words."

Senator Canfield: "What I am trying to do is to reconcile your proposed amendment with that of Senator Mardesich and according to your amendment as I read it, I have this question. Does your amendment authorize the body to act as a policy making board only or does it allow them the authority as a policy making board to sell bonds without a vote of the people to finance the transit system?"

Senator Greive: "My particular amendment, if it is submitted to the vote of the people, would permit nothing to be done unless the people authorize it. It has to be an authorized function. Now they already have a number of functions that presently exist. For instance, they have sewer and water and they can do some other things and I would not want to in any way jeopardize that or in any way interfere with the bonds."

Senator Canfield: "Senator, when you authorize a function, would you please tell me, does that authorize them to levy bonds without a vote of the people?"

Senator Greive: "No, we have to have another bill, 691, that is presently residing in the Committee on Ways and Means, that would eventually permit a three-eighths of a cent sales tax, local sales tax, for this function. There is nothing in this bill presently anywhere that would permit bonds to be floated against the people."

Debate ensued.

MOTION

At 11:55 a.m., on motion of Senator Greive, the Senate recessed until 1:30 p.m.

AFTERNOON SESSION

The President called the Senate to order at 1:30 p.m.

SECOND READING

SENATE BILL NO. 690, by Senators Greive, Andersen, Durkan, Holman, Connor, Whetzel, Washington, Murray and Scott:

Pertaining to metropolitan municipal corporations.

The Senate resumed consideration of Senate Bill No. 690 and the pending amendment by Senator Mardesich.

MOTIONS

On motion of Senator Mardesich, there being no objection, the pending amendment was withdrawn.

Senator Greive rose to move adoption of an amendment.

Debate ensued.

POINT OF ORDER

Senator Greive: "I have no objection, if you put any amendment of mine at a different place in the bill and it is proper, I want it to go just whatever way the bill is supposed to go. I am with Senator Ridder. On the other hand, I do not know all the amendments. If mine comes I do not want it put aside either."

Further debate ensued.

MOTION

Senator Stender moved that the Senate immediately consider the amendment by Senator Greive.

Debate ensued.

PARLIAMENTARY INQUIRY

Senator Dore: "As I understand it under Reed's rules you must put the largest figure first and the most embracive amendment. Under Senator Ridder's amendment, as I understand it, this embraces all the functions, while the one that Senator Greive is offering embraces only transportation so under Reed's rules we would first vote on the Ridder amendment and if that passes there would be no necessity for the Greive amendment.

"I was one of the chief sponsors of the original metro bill and we enabled the people to adopt six functions but the people have only voted in one, the sewerage function to clean up Lake Washington. They have on two other occasions, one recently, Senator Greive, as you know, defeated the expansion of the metro concept. I think that in order to put it again before the people in the proper perspective, they should again have the right to say whether they vote for it or not and not try to sneak it through.

"So my point of order is, and it is merely a parliamentary one, is that the amendment by Senator Ridder embraces all functions. The amendment by Senator Greive embraces only one so if the first one was passed then there would be no necessity to take up the amendment by Senator Greive. On the other hand, if it failed then we could go into the amendment by Senator Greive to get the voting just for metro."

MOTION

Senator Talley moved that Senate Bill No. 690 be held for the second reading calendar on Monday, April 19, 1971.

Debate ensued.

PARLIAMENTARY INQUIRY

Senator Greive: "Mr. President, the two motions are of the same rank. A motion to immediately consider is exactly the same rank as a motion to put over and the motion made first under rule 196 of Reed's governs."

Senator Mardesich: "The motion was to consider immediately an amendment. This motion is superior but it set off to a date certain to hold a bill."

Further debate ensued.

The motion by Senator Talley carried on a rising vote. Senate Bill No. 690 was ordered to hold its place on the second reading calendar on Monday, April 19, 1971.

Debate ensued.

POINT OF ORDER

Senator Mardesich: "There is no subject matter before the Senate at this time."

RULING BY THE PRESIDENT

The President: "The Senator's point of order is well taken."

On motion of Senator Mardesich, the following amendment was adopted.

On page 2, section 5, line 23, after "for" and before "damages" strike "treble"

ENGROSSED HOUSE BILL NO. 660, by Representatives Sawyer, Bagnariol and Pardini:

Exempting credit cards from small loan regulations.

REPORT OF STANDING COMMITTEE

April 14, 1971.

ENGROSSED HOUSE BILL NO. 660, exempting credit cards from small loan regulations (reported by Committee on Commerce and Regulatory Agencies):

The bill was read the second time by sections.

Senator Mardesich moved adoption of the committee amendment to page 1, section 1, line 13.

POINT OF INQUIRY

Senator Canfield: "Will Senator Mardesich yield to a question? Senator, does this mean that the credit cards we have would be exempt from any interest ceiling except under the Usury Act?"

Senator Mardesich: "Right, that would be twelve percent. They would be under the twelve percent act and there is a distinct possibility that you may now, by virtue of the California decision, come under the Small Loan Act to the thirty-six percent level."

Senator Canfield: "Would this bill as amended then put the ceiling at twelve percent on credit cards?"

Senator Mardesich: "Yes, it would have you then falling under the general usury laws, and make the ceiling twelve percent. If I might interject, this is that little consumer protection bill that was on the floor once and we had such a rhubarb about it and all you members sent it back to the Committee on Rules and Joint Rules."

The motion carried and the committee amendment was adopted.

On motion of Senator Mardesich, the remainder of the committee amendments were adopted.

The bill was read the second time by sections.

Senator Scott moved adoption of the committee amendment to page 2, section 1, line 2.

POINT OF INQUIRY

Senator Woodall: "Will Senator Scott yield? Will this have the effect of reducing the revenue to the next biennium by the same amount?"

Senator Scott: "Senator Woodall, the funds are currently redistributed or at least the interest from moneys held is distributed in January of each year. This provides for a second distribution in July which is credited back to the previous fiscal biennium. And there is no subtraction as such from the general fund during the succeeding biennium."

Senator Woodall: "My question was, do you reduce the earnings for the next biennium to the extent that you pick it up in this one, is my question."

JOHN A. CHERBERG, President of the Senate.

SIDNEY R. SNYDER, Secretary of the Senate.

THIRTY-SIXTH DAY

MORNING SESSION

Senate Chamber, Olympia, Wash., Friday, April 16, 1971.

The Senate was called to order at 11:00 a.m. by President Cherberg.

The President declared the Senate to be at ease. The President called the Senate to order at 12:15 p.m. The Secretary called the roll and announced to the President that all Senators were present except Senators Gardner and Peterson (Lowell). On motion of Senator Knoblauch, Senators Gardner and Peterson (Lowell) were excused.

The Color Guard, consisting of Pages Gordon Esborg, Color Bearer, and Kathy Traylor, presented the Colors. Reverend Maurice Haehlen, pastor of The United Churches of Olympia, offered prayer as follows:

"Deliver us O Lord from the foolishness of impatience that there is never need for hurry but also from the blindness that would make us think we know that it takes time to grow a tree and that fruit does not ripen in an afternoon. Help us to remember that Thou didst take only a week to make the whole universe. So, dear Father, temper our spirits so that we are able to accept the compromises that must now be made in the interest of getting on with life. Forgive our slowness to see the good in our fellows and their ideas and also our slowness in seeing the evil in ourselves and our ideas. In our difference may we be kind; in our agreements may we be humble; that Thy will may be done in us and through us in our beloved land. Amen."

On motion of Senator Greive, the reading of the journal of the previous day was dispensed with and it was approved.

MESSAGE FROM THE GOVERNOR

Office of the Governor, April 14, 1971.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I return herewith without my approval as to one item SENATE BILL NO. 95, entitled: "An Act relating to motor vehicles; amending section 46.37.420, chapter 12, Laws of 1961 as amended by section 1, chapter 7, Laws of 1969 ex. sess. and RCW 46.37.420; and declaring an emergency."

This bill permits school buses and fire department vehicles to use studded tires between November 1 and April 1 of each year. Since this law will have no substantive effect until next November, I cannot conceive that an emergency exists and have therefore vetoed the emergency clause.

Respectfully submitted,
DANIEL J. EVANS
Governor.

MOTION

On motion of Senator Talley, Senate Bill No. 95 together with the Governor's veto message was ordered transmitted to the Secretary of State.

Office of the Governor, April 14, 1971.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I return herewith, without my approval as to certain items SENATE BILL NO. 410, entitled:

"An Act relating to agriculture."

This bill enacts a comprehensive scheme for the regulation of horticultural plants and the licensing of nursery dealers. A clerical error resulted in the omission of certain words from the definition of "nursery dealer" in subsection 8 of section 1. It was apparently the intent of the draftsman to include within this definition persons who used horticultural plants as an inducement for the sale of another article or product. Because of the omitted language, however, this definition makes no grammatical sense. I have therefore vetoed the phrase from which the intended language was omitted. Because of the inclusion of proper language in the definition of "sell" in subsection 9 of section 1, those persons intended to be covered as nursery dealers in the definition of subsection 8 will be so included and this veto makes no substantive change in the bill as passed by the Legislature.

Section 7, subsection 1, of this bill levies an annual assessment on fruit trees, fruit tree seedlings and fruit tree root stocks sold within this state. The bill as passed by the Legislature contains two references to the manner in which the assessments so collected shall be distributed. These funds should be deposited in the Northwest Nursery Fund as provided for in section 25 of the bill. Section 10 of the bill directs that these same funds shall be deposited in a Northwest Nursery Fund account in the General Fund. No such fund exists, and I have therefore vetoed this inapt reference to such a fund. The monies collected from these fruit tree assessments shall therefore be properly distributed in accordance with the provisions of section 25 of the bill.

Respectfully submitted,
DANIEL J. EVANS
Governor.

MOTION

On motion of Senator Greive, Senate Bill No. 410 together with the Governor's veto message was ordered transmitted to the Secretary of State.

Office of the Governor, April 16, 1971.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I have the honor to advise that on April 15, Governor Evans approved the following Senate Bills, entitled:

SENATE BILL NO. 182: Authorizing the use of physicians' assistants.

SENATE BILL NO. 196: Creating aid program for paroled, discharged prisoners and felons granted probation.

Sincerely,
CHARLES B. WIGGINS
Legislative Counsel
to the Governor.

MOTION

At 12:45 p.m., on motion of Senator Greive, the Senate recessed until 1:45 p.m.

AFTERNOON SESSION

The President called the Senate to order at 1:45 p.m.

MOTIONS

On motion of Senator Atwood, Senator McDougall was excused.

On motion of Senator Mardesich, Senator Durkan was excused.

On motion of Senator Greive, Senator Foley was excused.

On motion of Senator Fleming, Senator Stortini was excused.

On motion of Senator Walgren Senate Bill No. 668 was placed on the second reading calendar immediately following consideration of Senate Bill No. 612.

MOTION

Senator Holman moved that the Senate do now consider the House message on Engrossed Senate Bill No. 227.

POINT OF ORDER

Senator Woodall: "My point of order is, your honor, that this particular bill left the Senate and has had added to it two measures . . ."

POINT OF ORDER

Senator Holman: "My point of order is that the message has not yet been read in so how does Senator Woodall know what is on it?"

Senator Woodall: "My answer to that, Senator Holman, would be I have two very good eyes, it was argued and discussed at our Republican caucus this morning and you yourself . . . yesterday . . ."

Senator Holman: "I believe the message should be read in and then I believe you should recognize Senator Woodall on his point of order."

The Secretary completed reading the Message from the House.

POINT OF ORDER

Senator Woodall: "After a moment's delay, we will now continue with the point of order. My point is that this measure left the Senate, contained one bill. There has been added to it by the House two other bills which were pending in the Senate Judiciary Committee. Under the rules that we have, once this measure has had added to it two existing measures which are pending before the body, it must then take the course of a bill. Although yesterday Senator Gissberg made a motion, I think it more properly the point of order should have been raised and in view of the fact that two pending bills have been added to it, under our rules it must take the course of a bill and should go to the Judiciary Committee."

Senator Holman: "Mr. President, when this bill was before us yesterday the point of

order was raised. It was raised by Senator Henry. I am reading from the journal of the Senate, with the consent of the Senate. 'After Senator Gissberg had made his motion, debate ensued. Point of Order—Senator Henry: "I apologize for being off the floor but as I understand the Senate Rules when a bill comes back with an extraneous matter attached to it from the House it automatically takes the course of a new bill. It must be referred to a committee under our rules" 'Further debate ensued. Senator Holman demanded a roll call on Senator Gissberg's motion and then the roll call.'

"Now the point of order was made, was not sustained. Senator Gissberg's motion in effect raised the issue identically raised by Senator Henry yesterday and by Senator Woodall right now. Debate on the matter, and this body, by a vote of twenty-five to twenty-one by roll call vote, voted not to send it back to committee. And it is submitted therefor, Mr. President, that the point of order is entirely academic. The bill is before us now. It is certainly germane. It has to do with civil liability for emergency care and treatment and I think it is entirely proper that the Senate debate it.

"This bill has two concepts added to it by the House of Representatives one of which, the first part, is a bill which appeared in the Senate Judiciary Committee and was passed out by that committee with an amendment. The House has put that bill, with the Senate Judiciary Committee amendment, so it is identical with the way we passed it out, in the first part of this bill. This has to do with the withdrawal of blood. The other part, to which Senator Woodall objects, is the Good Samaritan law, the first opportunity I think ever for this Senate representing the people of the state of Washington to pass on that measure, because it never could get out of the Senate Judiciary Committee as we all know. You check the list of those who voted to recommit, you will find that seventeen attorneys in the body, eleven of them voted to recommit. . . ."

POINT OF ORDER

Senator Woodall: "He is not speaking to the point of order. The point of order is whether or not two bills have been hung on, not whether they are good bills, bad bills, lawyer bills or doctor bills."

Senator Holman: "Very well, Senator Woodall, I speak to the point of order directly. I do not think there is any point of order to be made that two bills or one bill or any number of bills have been hung on. The question is whether it changed the scope and object. I maintain it does. We had one here the other day, it was 298, to which Senator Day attached 296. Nobody made a point of order about that. What I am saying is this simply is a move to keep the Senate from voting on this vitally important social issue, the Good Samaritan law."

Senator Gissberg: "Speaking to the point of order now raised by Senator Holman, I understand that, to keep the issues separated, that his point of order is that the point of order raised by Senator Woodall has in effect been decided yesterday by the presiding officer. As authority for that proposition, Senator Holman read the journal. But the presiding officer yesterday, I would respectfully call to the President's attention, did not decide nor rule upon the point of order that was raised by Senator Henry at that time. Having not ruled upon the point of order, of course it can now properly be raised. The fact that the Senate voted as it did yesterday would have no bearing upon the point of order and that is properly before the President at this time. It would be my opinion that the point of order raised by Senator Holman is not a valid point of order. Now then, once the President has ruled upon the point of order raised by Senator Holman, then I would like to speak on the point of order raised by Senator Woodall."

RULING BY THE PRESIDENT

The President: "Senator Gissberg and gentlemen of the Senate, the President would be the last person in the world to doubt the accuracy of the Senate Journal but the President recalls that Senator Henry mentioned that any bill that left the Senate and went to the House, came back with extraneous material it would be referred to the proper committee. But such is really not the case until the point of order is raised as to whether or not the extraneous material changed the scope and object of the measure. That has not been done and the President, in his recollection of today's proceedings, does not believe that anyone has necessarily and directly raised the point as to whether or not the House amendments changes the scope and object of the measure.

"Senator Woodall, who is, the President considers, one of the finest parliamentarians ever to serve in the Senate, has also made reference to the fact that a bill returned to the Senate with extraneous material would be referred to the proper committee but this is not so until the point of order relating to the scope and object has been decided."

POINT OF ORDER

Senator Gissberg: "Mr. President, I now raise the point of order that Senate Bill No. 227, as amended by the House, violates Rule 62 of the Senate standing rules in that it changes the scope and object of the bill.

"Now speaking upon the point of order, I think that it is most germane in matters of this type in examining whether in fact a House amendment does indeed change the scope

and object of the bill. I think one of the first clues that the presiding officer should look to is whether or not the title itself to the measure has been amended. The title of this bill as it left the Senate said 'An act relating to the provision of emergency medical care and limiting the liability of licensed physicians or hospitals'.

"Now section 1 of the bill then, of the Senate, spoke solely and as a matter of fact the Senate Judiciary Committee amended the original Senate bill by limiting this exclusion from liability to a physician or a hospital. Based solely upon failure to obtain consent and so on. Now the House then, desiring to enlarge the scope and object of this bill, necessarily had to change the title and the House did that by adding the two sections which are the subject of this debate and further, to implement that desire of theirs, struck from the title, 'and limiting the liability of licensed physicians or hospitals'.

"The second amendment put on by the House is in no respect limited to physicians or hospitals. It applies to any individual. The bill as it left here applied only to physicians and hospitals; now we have a greatly enlarged bill which does change the scope and object of the bill."

REMARKS BY SENATOR HOLMAN

Senator Holman: "Speaking to Senator Gissberg's point of order directly, I would like to say first that I think his argument first of all should be, the same argument could well be appropriate to a vote on the question of concurrence or not. And secondly, it is more properly addressed to the body across the street, the Supreme Court. I imagine it will be in due time if this bill is passed in its present form. But the question that the Chair has to decide is whether it is so clearly beyond the scope and object of the original bill that we have to recommit it to a committee under our rules and under the Constitution. I say that it is by no means clear, that clear. I think the Supreme Court itself, in my opinion which is only my opinion, would hold it to be within the scope and object of a bill which has to do with the removal of certain civil liabilities that now exist under our common law. And what we are doing here is to remove civil liability under this House amendment, the Good Samaritan law, from not only physicians but anybody else who happens to be on the scene.

"As I reminded Senator Gissberg this morning, the original Good Samaritan was not a licensed physician by any manner or means. He may be thinking of St. Luke or somebody like that but that was not the Good Samaritan.

"So I believe, Mr. President, it would not be appropriate if I may respectfully say so, for the Chair to make a ruling on a matter of this kind which is really a matter of law and allow this to be debated fully, on concurrence or non-concurrence and then if it is necessary, let the lawyers handle it over in the Supreme Court."

REMARKS BY SENATOR CLARKE

Senator Clarke: "Mr. President and members of the Senate, speaking on the point of order, as I understand, the point of order as now raised is not with respect to whether the bill should or should not go back to the Judiciary Committee but it is as to whether the amendments offered change the scope and object of the bill contrary to our rule and the Constitution.

"In this connection, I would respectfully suggest to the President that the question should be divided. In that respect I call attention to this first amendment as suggested by the House relates specifically to physicians and hospitals and simply changes the bill as we passed it originally exempting physicians and hospitals from liability as to infants who were not in a position to give their consent. The first amendment as proposed by the House simply extends that similar exemption from liability, not only as to infants but as to persons who are unconscious and who are—as to which the physician or hospital is requested by a law officer to draw blood. Now this relates very definitely and very closely to the concept of the original bill, so that I submit that at least as to that portion of the amendment, the point of order as to scope and object does not properly apply and I would move for that reason that the matter be divided."

POINT OF ORDER

Senator Woodall: "You cannot stand and make a speech on a point of order and then make a motion while you are still standing."

RULING BY THE PRESIDENT

The President: "Senator Woodall's point is well taken."

REMARKS BY SENATOR WOODALL

Senator Woodall: "Addressing myself to the remarks of Senator Clarke, the rule is that if the scope and object have been changed it takes the course of a bill which means it goes to the Judiciary Committee. So it is one and the same thing.

"Yesterday the simple procedure would have been to have followed the motion of the Judiciary Committee chairman. We would not now be raising the point. The point of order as raised by Senator Gissberg is indeed valid because a bill starts out for one purpose. In the case of an infant, a doctor, or a nurse can go ahead and perform certain types of assistance. The House has added to it two bills. One bill says that if a law enforcement man comes in and tells someone, 'I want you to take blood out of this man' the man does it. That is a brand new bill and certainly is a different concept than the one in the book. That brings in the law enforcement, gets them in the medical business.

"The second one does get into this matter of all kinds of people rendering alleged aid and what their respective liabilities are under certain conditions. Now clearly to put in the so-called Good Samaritan and whether he be St. Francis or St. Luke makes no difference. The point of it is that it does bring into the bill matters entirely additional to the limited bill to begin with which applied solely to what registered nurses and doctors could do and clearly new matter has been added and under the rules you have no choice but to send it to the regular committee."

MOTION

Senator Clarke moved that the question on the point of order be divided with respect to the two specific amendments.

POINT OF ORDER

Senator Woodall: "The Chair is going to rule whether there has been any addition or not and if there has been any, then of course it has to go to the committee so I think the particular motion is out of order."

PARLIAMENTARY INQUIRY

Senator Canfield: "Mr. President, may a layman make an inquiry? As I read the original bill it uses the word 'hospital' and the amendatory section enlarges that to include registered nurses, qualified technicians and the like. Now I just wonder if a hospital really, if you want to get down to technicalities and points of order, isn't a hospital just a building? A hospital by itself means nothing. It is nothing of any service. If a hospital means anything it means what goes with the hospital, the nurses, the technicians, the equipment, the facilities, the availability of physicians and the like. It seems to me that under that kind of an interpretation, Mr. President, there would not be any conflict in the original bill or in the amended and therefore no necessity for this point of order being raised as to two bills being in one act, or three bills as the case may be. Senator Gissberg, I qualified my remarks by saying that I am just a layman, just a curbstone lawyer who has no conflict of interest in this bill."

REMARKS BY SENATOR HOLMAN

Senator Holman: "May I respectfully make the suggestion that you not sustain the point of order and then on the concurrence I will move that we concur separately or non-concur separately so that it will take care of the point of order raised by Senator Gissberg."

RULING BY THE PRESIDENT

The President: "The President in ruling upon the point of order presented by Senator Clarke finds that a point of order cannot be divided."

RULING BY THE PRESIDENT

The President: "The President in ruling upon the point of order as presented by Senator Gissberg finds that Senate Bill No. 227 is a measure dealing solely with the responsibility of physicians and hospitals for services rendered without consent under limited circumstances. The amendments attached by the House of Representatives pertain to the limited liability of nurses and technicians for taking blood from an individual at the request of a law enforcement officer. Also the House amendments add a new section which is in effect the Good Samaritan Act which relieves any individual from liability under some circumstances.

"The amendments, therefore, do increase the scope and object of the bill and, pursuant to Rule 62, the President is obliged by the Senate Rules to assign the bill to the proper committee to take its course as a new measure. Therefore, the President assigns Engrossed Senate Bill No. 227 to the Senate Committee on Judiciary."

APPEAL FROM RULING BY THE PRESIDENT

Senator Elicker appealed the decision of the Chair on the point of order as presented by Senator Gissberg.

Senators Greive, Ridder and Holman demanded a Call of the Senate.

A Call of the Senate was ordered.

CALL OF THE SENATE

The Sergeant at Arms locked the doors of the Senate Chamber.

The Secretary called the roll on the Call of the Senate, all members being present except Senators Durkan, Foley, Gardner, McDougall, Peterson (Lowell) and Stortini, who had previously been excused.

On motion of Senator Greive, the Senate proceeded under the Call of the Senate.

President Pro Tempore Henry presiding.

PARLIAMENTARY INQUIRY

Senator Holman: "Is a roll call necessary to be demanded on an appeal from the ruling of the Chair?"

President Pro Tempore Henry: "Yes, Senator, I think it is."

Senator Holman demanded a roll call and the demand was sustained by Senators Woodall, Talley, Stender, Scott, Wilson, Metcalf, Lewis, Newschwander and Knoblauch.

Debate ensued.

POINT OF INQUIRY

Senator Metcalf: "Would Senator Elicker yield to a question? Senator, I would like to know what the other motion would be if this motion were withdrawn."

Senator Elicker: "I would move not to appeal the ruling of the Chair but to suspend the rules and immediately consider the bill under discussion."

MOTION

There being no objection, on motion of Senator Elicker the appeal from the decision of the Chair was withdrawn.

MOTION

Senator Elicker moved that the rules be suspended and the Senate immediately consider Engrossed Senate Bill No. 227.

Debate ensued.

POINT OF ORDER

Senator Atwood: "Point of order. I think the motion should be that the Judiciary Committee be relieved of the bill. That is where it is now; it is not before us."

Senator Metcalf demanded a roll call and the demand was sustained by Senators Murray, Stender, Washington, Whetzel, Scott, Greive, Holman, Knoblauch and Odegaard.

Senator Holman demanded the previous question.

PARLIAMENTARY INQUIRY

Senator Whetzel: "Would you tell us the motion that we are voting on and whether it takes a majority or a two-thirds vote?"

REPLY BY PRESIDENT PRO TEMPORE

President Pro Tempore Henry: "The question as presented by Senator Elicker is that the rules be suspended and that the Judiciary Committee be relieved of further consideration of Engrossed Senate Bill No. 227."

PARLIAMENTARY INQUIRY

Senator Elicker: "I think, at least as I understood Senator Atwood, we are only relieving the Judiciary Committee of the bill and this does not require a suspension of the rules and a majority vote."

Senator Woodall: "The rule clearly says it shall go to this committee and take the course of a bill. Now when you jerk it out of there you are suspending the rules. Your motion was to suspend the rules, hence it takes two-thirds."

Senator Washington: "I think to keep the records straight so that we do not establish a precedent that we have to have a two-thirds vote to discharge the committee, this is taking the path of a bill. It has already been referred to the committee which is the ordinary course. It is now in the committee. We always have the right to remove a bill from the committee by a majority vote. It is in the committee; we do not want it in the committee; those who do not want it there may vote by majority vote to take it out of the committee in the ordinary course of a bill."

REPLY BY PRESIDENT PRO TEMPORE

President Pro Tempore Henry: "Senator Washington, I did not make a ruling on whether it required a two-thirds majority or not. I said, if you listened carefully, that Senator Elicker had made a motion that the rules be suspended. Rule 46 says it can be taken away by a simple majority."

PARLIAMENTARY INQUIRIES

Senator Woodall: "There was another facet to his motion and that was that it immediately be placed on today's calendar, which takes it past the Committee on Rules and Joint Rules and past the ordinary procedure. Now if you have the combination of the two, I submit it does require a suspension."

Senator Elicker: "I do not think it was my intention to move the second part. I think this was stated by the Chair and I would say that my motion is just to relieve the committee of further consideration of Engrossed Senate Bill No. 227."

INQUIRY BY PRESIDENT PRO TEMPORE

President Pro Tempore Henry: "Is it your intention then that the bill go to the Committee on Rules and Joint Rules?"

REPLY BY SENATOR ELICKER

Senator Elicker: "My intention is that it be before the body."

REPLY BY PRESIDENT PRO TEMPORE

President Pro Tempore Henry: "When a bill comes out of committee, Senator, it goes to the Committee on Rules and Joint Rules."

REPLY BY SENATOR ELICKER

Senator Elicker: "It would be perfectly proper with me, sir. I think another motion would then lie."

REPLY BY PRESIDENT PRO TEMPORE

President Pro Tempore Henry: "Unless perhaps you were not recognized."

REPLY BY SENATOR MARDESICH

Senator Mardesich: "Mr. President, I submit that the motion was made. We all heard it. The motion was to suspend and also the previous question had been demanded and accepted by the President. The only business in order now is a vote."

REPLY BY PRESIDENT PRO TEMPORE

President Pro Tempore Henry: "Senator Mardesich, I was asked for a clarification and that is exactly what I am trying to do."

"The President believes that the motion should be that the Senate Committee on Judiciary be relieved of Engrossed Senate Bill No. 227, that it be placed on today's calendar by a majority vote."

PARLIAMENTARY INQUIRY

Senator Gissberg: "Are you saying that that is the motion that is now before the Senate?"

REPLY BY PRESIDENT PRO TEMPORE

President Pro Tempore Henry: "I said that is what it should be."

MOTION

Senator Gissberg moved that the motion by Senator Elicker to relieve the Judiciary Committee of consideration of Engrossed Senate Bill No. 227 be laid upon the table.

Senator Gissberg demanded a roll call and the demand was sustained by Senators Scott, Murray, Fleming, Elicker, Ridder, Connor, Knoblauch, Atwood and Stender.

President Cherberg resumed the Chair.

ROLL CALL

The Secretary called the roll and the motion by Senator Elicker was laid upon the table by the following vote: Yeas, 26; nays, 17; excused, 6.

Voting yea: Senators Atwood, Bailey, Connor, Cooney, Day, Donohue, Dore, Gissberg, Greive, Guess, Henry, Herr, Jolly, Keefe, Knoblauch, Lewis, McCutcheon, Mardesich, Matson, Odegaard, Peterson (Ted), Stender, Twigg, Walgren, Wilson, Woodall—26.

The bill was read the second time by sections.

Senator Mardesich moved that the committee amendments to page 1, sections 1 and 2 not be adopted.

POINT OF INQUIRY

Senator Woodall: "Will Senator Mardesich yield? As I understand it, I notice the words 'regulatory agencies' occurs three times. Are you taking out all three of these?"

Senator Mardesich: "Yes, but the first one, Senator Woodall, relates to the title. I am asking that the second and third amendments be not adopted."

POINT OF INQUIRY

Senator Bailey: "Mr. President, will Senator Mardesich yield? Senator, this probably comes in another amendment but what do you intend to do about transportation?"

Senator Mardesich: "Strike that later."

Senator Bailey: "That will be taken out so it has no conflict with the joint committee on highways?"

Senator Mardesich: "Right."

The motion by Senator Mardesich carried and the committee amendments to page 1, sections 1 and 2 were not adopted.

On motion of Senator Mardesich, the committee amendments to page 1, section 3, lines 11, 14, 19 and 23 were adopted. The committee amendment to page 3, section 11, line 16 was adopted.

On motion of Senator Mardesich, the committee amendment to page 3, section 11, line 17 was not adopted.

On motion of Senator Mardesich, the following amendment was adopted:

On page 1, section 1, line 6, strike "transportation" and insert "utility regulation"

Senator Mardesich moved adoption of the following amendment:

On page 1, section 2, line 9, strike "transportation" and insert "utility regulation"

POINT OF INQUIRY

Senator Woodall: "Will Senator Mardesich yield? Senator, do I understand that you are writing into the statute that you will be investigating the various state utilities as a function of this committee?"

Senator Mardesich: "No, it is utility regulation."

Senator Woodall: "You will be examining what, under this?"

Senator Mardesich: "For instance, Mr. President, we are at this time in the committee engaged in a study relating to the question of the rate structure in the Bellevue-Seattle area. We did prepare a bill and submit it and the department has agreed that the bill gets to the matter but they are not sure that it goes as far as it should. I do not know that we have received the letters yet but they have agreed to sending us a letter requesting that we delay action and continue this particular problem as a study the next session. That is the type of thing to which we are referring, Senator Woodall."

Senator Woodall: "One further question. Then we will have by statute a permanent committee then that will be kind of a complaint department against the utilities?"

Senator Mardesich: "No, it is those matters that are suggested for changes in the approaches made by utility regulation such as this, the rate structure. There has been a complaint up there that the whole rate structure system should be changed and we did begin a study of that and as I say, come up with a bill.

"It is a very complicated area and the department has asked that we continue it, the industry has asked that we continue it. Everyone recognizes that there is a problem and I think that they may solve the problem as a result of the prodding that we are giving them eventually but nevertheless that is the type of thing to which this refers."

Senator Woodall: "Then you mean that after our present public utilities commission holds their hearings and decides what the rates are, then this committee will check up to see if they came out with the right answer?"

Senator Mardesich: "No, the question would be rather, should we adopt some new method of rate regulation, rather than that currently in existence. This is rather the type of material which we would be getting into. Not whether the rate is adequate or inadequate, that is the utility department question but rather whether some other structure should be used and that is the type of thing that we are thinking of here."

Senator Woodall: "Would that then envision going in to the financial operations of utilities to find out if they are earning the proper rates or what?"

Senator Mardesich: "No, it does not. For instance in Seattle right now there is a real problem with respect to the rate structure as it pertains to the hauling out of Bellevue and going east into the eastern part of the state. Under the regulations as they are set up today, the shipper out of Bellevue has the problem of having to ship into Seattle before he gets going out to eastern Washington, out of the central area. So they are all complaining and wondering what can be done about it.

"The committee studied the matter and we suggested that we adopt a new procedure that we establish a larger trade area, a zone from which all shipping rates going east would be the same. That was the solution we came up with for that particular problem. We are not concerned with whether the rate as applied to any particular company is adequate or inadequate. That is up to the utilities department. But problems such as that, can we come up with new thoughts as this one was, we should expand and name something a trade area, set particular boundaries which would in this case include Bellevue, and then provide that rates out of that particular area would be one and the same for all goods going east."

Senator Woodall: "Does not the public service commission do that now?"

Senator Mardesich: "They haven't until we started prodding them. Now they are reacting to this and they have set up a study themselves and come up with a new rating structure in response to this bill.

"Now we are still not certain that they will solve the problem with this new rate structure they have come up with but nevertheless they have asked us to continue the study and they think it is a good idea that perhaps we establish this larger trade area and use that as the operating unit from which rates would be determined going east or west from that area.

"That type of thing rather than getting into any particular setting of rates, certainly,

which this committee nor for that matter any committee should be interested in as long as we have a utilities commission."

Senator Woodall: "The matter of tariff rates is now handled by the public utilities commission?"

Senator Mardesich: "That is right."

Senator Woodall: "And you post with them and you describe the route and the territory and the mileage and you post your tariff rates, correct?"

Senator Mardesich: "Right."

Senator Woodall: "Now then, what does this committee do to the tariff rates?"

Senator Mardesich: "We did nothing to the tariff rates. We heard testimony on this particular subject. It is obvious that there is a problem and so we tried to come up with a new idea and the idea was that we should apply, rather from Seattle to east being the rate, which would set all traffic going east to west, or west to east, rather than having the Bellevue people have to ship down to Seattle and pick up that extra charge, having to ship into town and then ship back out, we approached that question and addressed ourself to it and came up with a new thought that perhaps we should establish some trade areas and have the utilities department then consider whether or not trade areas could be established and the commission would then set rates from a trade area rather than from particular towns like Kent, Seattle, Bellevue. That is the type of thing that we had envisioned."

Senator Woodall: "One final question and I shall cease. Cannot that be accomplished by the interim committee approach rather than putting it permanently in the statute books?"

Senator Mardesich: "The problem we got into here is that I had no objection to the naming Commerce and Regulatory Agencies which I felt covers all but Senator Greive felt that this would be infringing on his sub-committee in the legislative council and so to avoid that conflict we are trying to be more specific here with respect to what this committee can do and also to yet hold the door open with this type of language so that we can continue the type of study we are doing. But it is not intended to in any way affect rates or try to change rates in any particular area."

POINT OF INQUIRY

Senator Canfield: "Will Senator Mardesich yield? Senator, I thought that over the years we have been trying to tie these committees into a kind of unified group under the general direction of the legislative council and this bill would create a new standing permanent committee with twelve members and a staff. I do not see any appropriation in the bill but probably would call for, I would say at least a hundred thousand dollars or maybe two hundred thousand dollars per biennium. I am just wondering if that is the direction we ought to go to create a number of unrelated committees rather than tie them into the legislative council or standing committees."

Senator Mardesich: "Mr. President, if I might, Senator Canfield, you are referring, rather than to the particular amendment which I am seeking to adopt, to the philosophical question as to what committee or interim committee structure we should have."

Senator Canfield: "Yes, I am perhaps a little off base but I thought that Senator Woodall was directing his remarks in the same line and I thought maybe this was an appropriate time to raise the question."

Senator Mardesich: "Then that is as I say an entirely different question and you settle that one, I guess, when you get to the final passage. We can discuss that portion of it then."

The motion carried and the amendment was adopted.

On motion of Senator Mardesich, the following amendments were adopted:

On page 1, section 3, line 11, strike "five" and insert "six" and on line 12, strike "five" and insert "six"

On page 1, section 3, line 13, after "legislature" insert "or any extraordinary session thereof"

On page 1, section 3, line 14, after "PROVIDED," insert "That there shall be no more than three senators or three representatives appointed from any one political party: AND PROVIDED FURTHER,"

On page 1, section 3, line 19, strike "five" and insert "six"

On page 1, section 3, line 23, strike "five" and insert "six"

On page 3, section 11, after "insurance" on line 16, insert "commerce and regulatory agencies"

On page 3, section 11, line 117, strike "and transportation"

On page 3, section 11, line 19 after "regulations" insert a period and strike all the matter down to and including "industries" on line 20.

On page 3, section 11, line 19, after "regulations" and before the period insert "PROVIDED, HOWEVER, That the authority herein granted pertaining to area of study shall not be exclusive and imply no prohibition against study of matters relating to commerce and regulatory agencies by other legislative interim committees"

Senator Dore moved adoption of the following amendment:

On page 4, section 15, strike section 15 and renumber the following sections.

Debate ensued.

MOTION

On motion of Senator Mardesich, Senate Bill No. 668 and the pending amendment by Senator Dore was ordered to hold its place on the second reading calendar for Monday, April 19, 1971.

SENATE BILL NO. 338, by Senators Sandison, Peterson (Lowell) and Clarke (by departmental and Joint Committee on Governmental Cooperation request):

Establishing a board on geographic names.

The bill was read the second time by sections.

On motion of Senator Day, the following amendment was adopted:

On page 3, section 8, line 29, after "publication" strike "attempt to"

On motion of Senator Whetzel, the following amendment was adopted:

On page 3, section 8, beginning on line 28, strike all of section 8.

POINT OF INQUIRY

Senator Canfield: "Will Senator Sandison yield to a question? Senator, on page 1, when it uses this word 'representative' several times, is that the same as 'designee' in your opinion? Usually in most of these bills it says 'or his designee' and this just says 'representative'. I am just wondering if they mean the same thing."

Senator Sandison: "Yes, that question was asked and evidently the terms are interchangeable in departmentalese jargon."

Senator Canfield: "I just wanted to be sure that somebody did not come in and say, 'I represent the department' when he has not been designated to represent the department."

Senator Sandison: "According to the department, this is a departmental request, or the joint committee on governmental cooperation, they felt these terms were interchangeable."

On motion of Senator Sandison, the rules were suspended, Engrossed Senate Bill No. 338 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 338, and the bill passed the Senate by the following vote: Yeas, 36; nays, 2; absent or not voting, 3; excused, 8.

SENATE RESOLUTION: 1971-EX-47

By Senators Day, Talley and Peterson (Ted):

WHEREAS, State services to the blind are supervised by the department of social and health services; and

WHEREAS, The overall organizational structure of services to the blind is important to the Legislature in the exercise of its responsibilities; and

WHEREAS, The Legislature requires information as to how programs and policies affecting the blind are developed and determined within the department; and

WHEREAS, The Legislature desires to examine the delivery of services to the blind; and

WHEREAS, The Legislature desires to evaluate the overall effectiveness of all services to the blind;

NOW, THEREFORE, BE IT RESOLVED, By the Senate, That the Public Health Committee of the Legislative Council in conjunction with the Institutions Committee of the Council is requested to make a comprehensive study of the department of social and health services with regard to the entire program of services to the blind including but not limited to organizational structure, program and policy formulation, delivery of services, and the overall effectiveness thereof; and

BE IT FURTHER RESOLVED, That the results of the study and any recommendations be presented to the extraordinary session of the Legislature in January, 1972 for its consideration.

MOTION

The Senate resumed consideration of the following proposed Senate rule change by Senator Whetzel:

AMENDMENT TO CHANGE SENATE RULES

On page 291 of the 1971 Legislative Manual add a new paragraph to Rule 58 as follows:

"A member or members of the House of Representatives may join in sponsoring a senate bill, resolution, or memorial endorsed by a senator as the principal sponsor."

Debate ensued.

POINT OF INQUIRY

Senator Woodall: "Will Senator Whetzel yield? As I take it, the House would have to get the consent of the prime sponsor? They could not just add them on to us without our knowledge or our consent?"

Senator Whetzel: "That is correct. This does not change our rule that only permits three sponsors. To get more than three sponsors would still require a suspension of the rules and this amendment has provided that the prime sponsor must be a Senator."

Senator Woodall: "But what I am asking you, suppose I send a bill over with only my name on. Can two House members jump on the bill and add two names without getting my consent?"

Senator Whetzel: "I think in getting Senators or Representatives to sponsor a bill, that is something that the prime sponsor controls and if you were so unwise as to leave a bill in the custody or possession of someone else over in the House without any instructions as to what would happen, I think you have to assume the responsibility for who signs on it and how many. Most people, when they sponsor bills, are pretty careful as to who they get on as sponsors and try to limit it to the people that they think will be most interested in the bill."

Senator Woodall: "What I am asking you, just the other day there was a bill that Senator Mardesich was the sole sponsor. Now under your proposed rule, could two House members on motion over on the House side add their names after the bill passed and went over there?"

Senator Whetzel: "No."

The motion by Senator Whetzel failed and the amendment to the Senate Rules was not adopted.

MOTION

On motion of Senator Woodall, the amendment to the Senate Rules by Senator Whetzel was referred to the legislative council.

On motion of Senator Greive, the Senate proceeded under the Call of the Senate.

SECOND READING

SENATE BILL NO. 690, by Senators Greive, Andersen, Durkan, Holman, Connor, Whetzel, Washington, Murray and Scott:

Pertaining to metropolitan municipal corporations.

The Senate resumed consideration of Senate Bill No. 690 on second reading.

Senator Greive moved adoption of the following amendment and asked that the amendment by Senator Ridder on the Secretary's desk be read.

"On page 1, section 1, line 19, insert as section 1 the following:

NEW SECTION. Section 1. Notwithstanding any other provision of chapter 35.58 RCW a metropolitan municipal corporation may perform the function of metropolitan public transportation only if the performance of such function is authorized by election. The metropolitan council may call such election and certify the ballot proposition. The election shall be conducted and canvassed as provided in RCW 35.58.090 and the municipality shall be authorized to perform the function of metropolitan public transportation if a majority of the persons voting on the proposition shall vote in favor."

Remember the following sections consecutively.

Debate ensued.

POINT OF INQUIRY

Senator Guess: "Would Senator Greive yield? Senator, in section 2, which would be stricken by the Ridder amendment, at the bottom of the page beginning at line 33, it has a proviso. It says 'The Metropolitan Council may at any time by resolution determine on the function of the transit.' Then it says, 'PROVIDED, That the resolution by the Metropolitan Transit Transportation function with an appointed commission pursuant to the RCW, shall not become effective until approved by the voters residing within the boundaries of the metropolitan municipal corporation.'

"Now actually does not that say the same thing that your amendment says, section 1, line 1, 'Notwithstanding any other provisions of the chapter, the municipal corporation may perform the function of metropolitan public transportation only if authorized by an election.' Now is there a conflict of the two sections there?"

Senator Greive: "Yes, I believe there is. As I said before, I do not think, it is my judgment that Senator Ridder's amendment does not do what he says it will do. Actually what it says on page 2, line 25, following section 1, strike all of section 2. So we look down to line 25."

Senator Day: "You are on the wrong amendment."

Senator Greive: "That is what I thought it meant. So what he does is repeals any control had by the county council. He sets it up in such a way that you would have to have a manager and all the little people that he keeps talking about would have no protection whatsoever. That is the very point that I want to make."

Senator Day moved adoption of the following amendment to the amendment by Senator Greive:

Amend the Greive Amendment to page 1, section 1, line 19, as follows:

Before the period on the last line of the amendment insert "": PROVIDED FURTHER, That any function as provided for in RCW 35.58 shall be performed only if initiated by a vote of the people. The metropolitan council may call such election and certify the ballot proposition. The result of such election shall be binding for a period of no less than one year."

Debate ensued.

MOTIONS

Senator Greive moved that the amendment by Senator Day to the amendment be laid upon the table.

Senator Mardesich moved that Senate Bill No. 690 hold its place on the second reading calendar for Tuesday, April 20, 1971.

POINT OF ORDER

Senator Mardesich: "Point of order. Is not the motion to hold in order at any time in the proceedings?"

RULING BY THE PRESIDENT

The President: "The President feels obliged to place Senator Greive's motion, which has been done but the President is in doubt as to the outcome of the vote."

The motion by Senator Greive carried and the amendment by Senator Day to the amendment by Senator Greive was laid upon the table on a rising vote.

MOTIONS

Senator Mardesich again moved that Senate Bill No. 690 be ordered to hold its place on the second reading calendar for Tuesday, April 20, 1971.

Senator Day moved that the amendment by Senator Greive be laid upon the table.

REPLY BY THE PRESIDENT

The President: "The President believes, in order to keep the situation as straight as possible, that we will put Senator Mardesich's motion. If that is defeated then yours, Senator Day."

The motion by Senator Mardesich failed on a rising vote.

The motion by Senator Day to lay upon the table the amendment by Senator Greive failed on a rising vote.

The amendment by Senator Greive was adopted on a rising vote.

Senator Ridder moved adoption of the following amendment:

On page 11, add a new section following section 8 as follows:

"NEW SECTION. Sec. 9. Section 35.58.110, chapter 7, Laws of 1965 and RCW 35.58.110 are each repealed."

Renumber the remaining sections consecutively.

Debate ensued.

POINT OF INQUIRY

Senator Canfield: "In reading this explanation of this amendment which was passed over by some supposed authorities, it says here that although the Greive amendment provided a vote of the people, the alternative method does not and simply requires a two-thirds vote of the council. Now what I am trying to get at, Mr. President, and I would like to have this settled clearly and definitely so there will not be any confusion, does this entry into mass transit require a vote of the people or does it not? I think we should make that crystal clear and not beat around the bush on it. Could we get a flat answer from Senator Ridder and Senator Greive? I would like to know a definite answer to this question."

Senator Ridder: "My amendment makes it necessary to go to a vote of the people to adopt any one of the following functions: the adopting of the function of sewage disposal, the adoption of the function of water supply, the adoption of the function of public transportation, which is mass transit, the adoption of garbage disposal, parks and parkways, or metropolitan comprehensive planning. Each one of these authorized functions must, if you repeal this section that I am asking you to repeal, must all go to a vote of the people.

"Now contrary to what Senator Clarke said, when you adopt the function you adopt the taxing program. When you adopt this function, whether it be any one of these six functions, without a vote of the people the taxing comes right along with it. That is what is the hidden one that we should be watching for. The case that once you adopt the function you have adopted the whole ball of wax.

"Senator Greive says in his amendment, the only one of these functions affected is transportation. Fine. I like that part of the loaf, I am willing for that but we should do this for all these functions, not just for transportation. The repeal of this section, which is my amendment, would merely put all of these functions to a vote of the people and no taxing, no bonding, until it goes to a vote of the people for that function and that is what we are after."

POINT OF INQUIRY

Senator Atwood: "Mr. President, Senator Ridder, would you answer Senator Canfield's question? With the Greive amendment, transportation, the assumption of that function by metro requires a vote of the people. Is that not true? Yes or no?"

Senator Ridder: "Yes. In answering this is exactly the same thing when a lawyer asks a person to say yes or no. Okay, I will agree. That one thing is taken care of in Senator Greive's amendment. In mine, all six functions are taken care of and that is the thing we are after. All six functions, not just one. Why is it that metro was willing to take transit? They are willing to get in on transit but they do not want to get in on the other five. Why? I would like to answer that question sometime."

Further debate ensued.

Senator Greive moved that the amendment by Senator Ridder be laid upon the table.

Senator Ridder demanded a roll call and the demand was sustained by Senators Connor, Dore, Washington, Metcalf, McDougall, Canfield, Stender, Newschwander and Talley.

ROLL CALL

The Secretary called the roll and the motion by Senator Greive failed by the following vote: Yeas, 22; nays, 23; excused, 4.

Voting yea: Senators Andersen, Atwood, Clarke, Connor, Elicker, Foley, Francis, Greive, Henry, Holman, Lewis, McCutcheon, McDougall, Matson, Murray, Peterson (Ted), Scott, Stortini, Twigg, Washington, Whetzel, Wilson—22.

Voting nay: Senators Bailey, Canfield, Cooney, Day, Donohue, Dore, Fleming, Gissberg, Guess, Herr, Jolly, Keefe, Knoblauch, Mardesich, Metcalf, Newschwander, Odegaard, Ridder, Sandison, Stender, Talley, Walgren, Woodall—23.

Excused: Senators Durkan, Gardner, Huntley, Peterson (Lowell)—4.

Debate ensued.

Senators McDougall, Matson and Greive demanded the previous question and the demand was sustained.

Senator Ridder demanded a roll call and the demand was sustained by Senators Dore, Greive, Talley, Stender, McDougall, Cooney, Day, Francis and Washington.

The President declared the question before the Senate to be the adoption of the amendment by Senator Ridder.

ROLL CALL

The Secretary called the roll and the amendment by Senator Ridder was not adopted by the following vote: Yeas, 22; nays, 23; excused, 4.

Voting yea: Senators Bailey, Canfield, Cooney, Day, Donohue, Dore, Gissberg, Guess, Herr, Keefe, Knoblauch, Mardesich, Metcalf, Newschwander, Odegaard, Ridder, Sandison, Stender, Talley, Twigg, Walgren, Woodall—22.

Excused: Senators Durkan, Gardner, Huntley, Peterson (Lowell)—4.

Senator Ridder moved adoption of the following amendment:

On page 2, line 25, following section 1, strike all of section 2. Renumber the following sections.

POINT OF INQUIRY

Senator Greive: "Would Senator Ridder yield? Senator, I would like to agree with you if what you say is true but would you explain to me how the words as I read them here come out with what is your explanation?"

Senator Ridder: "Any resolution to perform the metropolitan transportation function with an appointed commission, pursuant to the regular RCW, shall not become effective until approved by the voters residing within the boundaries of the metropolitan municipal corporation. If this is left, then the council is the one that is chosen. You do not put it to a vote. You just keep right on with the council.

"Now if you put it to a vote, then the commission has a chance to be voted on. The rationale for this is that they said they have put this up to a vote, twice, to the people and the people have chosen twice to go by council rather than commission. Therefore we might as well erase this provision for people to vote on it because they have already voted to go council anyway. I do not go along with this rationale. I think the people still have the right to choose whether they want to go by commission or by council."

Senator Greive: "I have no serious objection to that amendment."

Further debate ensued.

Senator Ridder demanded a roll call and the demand was sustained by Senators Greive, Metcalf, Washington, Stender, Day, Cooney, Talley, Keefe and Knoblauch.

ROLL CALL

The Secretary called the roll and the amendment by Senator Ridder was not adopted by the following vote: Yeas, 21; nays, 24; excused, 4.

Voting yea: Senators Cooney, Day, Donohue, Dore, Foley, Gissberg, Guess, Henry, Herr, Jolly, Keefe, Knoblauch, Mardesich, Metcalf, Odegaard, Ridder, Stender, Stortini, Talley, Walgren, Woodall—21.

Voting nay: Senators Andersen, Atwood, Bailey, Canfield, Clarke, Connor, Elicker, Fleming, Francis, Greive, Holman, Lewis, McCutcheon, McDougall, Matson, Murray, Newschwander, Peterson (Ted), Sandison, Scott, Twigg, Washington, Whetzel, Wilson—24.

Excused: Senators Durkan, Gardner, Huntley, Peterson (Lowell)—4.

We know that we are expected to do our part, for You have made us not as puppets, but as persons with minds to think and to decide. Make us willing to think and to think hard, clearly, and honestly. May we never fail to do the very best we can. We pray for a new spirit to come upon us that we may be able to do more and better work, through Jesus Christ our Lord. Amen."

Strike all the matter after the enacting clause and insert the following:

"Section 1. Section 51.08.070, chapter 23, Laws of 1961 and RCW 51.08.070 are each amended to read as follows:

"Employer" means any person, body of persons, corporate or otherwise, and the legal representatives of a deceased employer, all while engaged in this state in any [extrahazardous] work covered by the provisions of this title, by way of trade or business, or who contracts with one or more workmen, the essence of which is the personal labor of such workman or workmen [, in extrahazardous work].

There is a hazard in all employment [, but certain employments have come to be, and to be recognized as being inherently constantly dangerous. This title is intended to apply to all such inherently hazardous works and occupations,] and it is the purpose of this title to embrace all [of them] employments which are within the legislative jurisdiction of the state [, in the following enumeration, and they are intended to be embraced] within the term "extrahazardous" wherever used in this title [, to wit:

Factories, mills and workshops where machinery is used; printing, electrotyping, photoengraving and stereotyping plants where machinery is used; foundries, blast furnaces, mines, wells, gas works, waterworks, reduction works, breweries, elevators, wharves, docks, dredges, smelters, powder works; laundries operated by power, quarries, engineering works; logging, lumbering and shipbuilding operations; logging, street and interurban railroads; buildings being constructed, repaired, moved, or demolished; telegraph, telephone, electric light or power plants or lines, steam heating or power plants, steamboats, tugs, ferries and railroads; installing and servicing radios and electrical refrigerators; general warehouse and storage; teaming, truck driving, and motor delivery, including drivers and helpers, in connection with any occupation except agriculture; stage, taxicab and for hire driving; restaurants, taverns, clubs, and establishments; employees supplying service to the public in hotels, clubs furnishing sleeping accommodations, apartment hotels; janitors, chambermaids, porters, bellmen, pinsetters, elevators operators and maintenance men employed in apartment houses, office buildings, stores, mercantile establishments, theaters and bowling alleys employing one or more employees; bunkhouses, kitchens, and eating houses in connection with extrahazardous occupations or conducted primarily for employees in extrahazardous occupations; transfer, drayage, and hauling; warehousing and transfer; fruit warehouse and packing houses; and work performed by salaried peace officers of the state, the counties, and the municipal corporations].

This title shall be liberally construed for the purpose of reducing to a minimum the

suffering and economic loss arising from injuries and/or death occurring in the cause of employment.

The director may, in his discretion and in lieu of such deposit, accept a bond, in an amount which he deems sufficient, to secure payment of premiums due or to become due to the accident fund and medical aid fund. The deposit or posting of a bond shall not relieve the employer from paying premiums [to the accident fund and medical aid fund based on his actual workmen hours as provided by RCW 51.16.010 and 51.16.060] *subsequently due.*

Should the employer acquire sufficient assets to assure the payment of premiums due to the accident fund and the medical aid fund the director may, in his discretion, refund the deposit or cancel the bond.

If the employer ceases to be an employer under RCW 51.08.070, the director shall, upon receipt of all payments due the accident fund and medical aid fund [based on the actual workmen hours], refund to the employer all deposits remaining to the employer's credit and shall cancel any bond given under this section.

[Every such employer shall pay the full basic rate until such time as an experience rating in excess of a one, two, three, or four year period may be computed as of a first succeeding July 1st date, which said cost experience shall be computed in accordance with the provisions of RCW 51.16.020, and shall be liable for a premium of at least two dollars per month irrespective of the amount of his workmen hours reported during said month to the department: PROVIDED, That where an employer is now or has prior to January 1, 1958, been covered under the provisions of this title for a period of at least two years and subsequent thereto the legal structure of such employer changes by way of incorporation, disincorporation, merger, consolidation, transfer of stock ownership, or by any other means, the director may continue, increase, or decrease such experience rating which existed prior to such change in the employer's legal structure.]

Upon receipt of such notice of accident, the director shall immediately forward to the workman and/or his dependents notification, in nontechnical language, of his rights under this title.

(2) Compensation for amputation of a member or part thereof at a site other than those above specified, and for loss of central visual acuity and loss of hearing other than complete, shall be in proportion to that which such other amputation or partial loss of visual acuity or hearing most closely resembles and approximates. Compensation for any other permanent partial disability not involving amputation shall be in [an amount equal to eight-five percent of] the proportion which the extent of such other disability, called unspecified disability, shall bear to that above specified, which most closely resembles and approximates in degree of disability such other disability, but not in any case to exceed the sum of [twelve thousand seven hundred and fifty] *thirty thousand* dollars: PROVIDED, That the total compensation for all unspecified permanent partial disabilities resulting from the same injury shall not exceed the sum of [twelve thousand seven hundred and fifty] *thirty thousand* dollars: PROVIDED FURTHER, That in case permanent partial disability compensation is followed by permanent total disability compensation, any portion of the permanent partial disability compensation which exceeds the amount that would have been paid the injured workman if permanent total disability compensation had been paid in the first instance, shall be deducted from the pension reserve of such injured workman and his monthly compensation payments shall be reduced accordingly.

(3) Should a workman receive an injury to a member or part of his body already, from whatever cause, permanently partially disabled, resulting in the amputation thereof or in an aggravation or increase in such permanent partial disability but not resulting in the permanent total disability of such workman, his compensation for such partial disability shall be adjudged with regard to the previous disability of the injured member or part and the degree or extent of the aggravation or increase of disability thereof.

(4) When the compensation provided for in subsections (1) and (2) exceeds [one thousand dollars] *three times the average monthly wage for all workmen entitled to compensation under this title*, payment shall be made in monthly payments in accordance with the schedule of temporary total disability payments set forth in RCW 51.32.090 until such compensation is paid to the injured workman in full, except that the first monthly payment shall be in [the amount of one thousand dollars] *an amount equal to three times the average monthly wage for all workmen entitled to compensation under this title* and

Sec. 11. Section 51.32.090, chapter 23, Laws of 1961 as last amended by section 3, chapter 122, Laws of 1965 ex. sess. and RCW 51.32.090 are each amended to read as follows:

(1) When the total disability is only temporary, the schedule of payments contained in subdivisions (1) [, (2), (3) and (4)] *through (13)* of RCW 51.32.060 as amended shall apply, so long as the total disability continues.

(2) [But if the injured workman has a wife or husband and has no child or, being a widow or widower, with one or more children, the compensation for the case during such period of time as the total temporary disability continues, shall be per month as follows, to wit: (a) Injured workman with wife or invalid husband and no child, two hundred fifteen dollars; injured workman with able-bodied husband, but no child, one hundred seventy-five dollars; injured workman with wife or invalid husband and one child, or being a widow or widower and having one child, two hundred fifty-two dollars; (b) injured workman with able-bodied husband and one child, two hundred twelve dollars; (c) injured workman with wife or invalid husband and two children, or being a widow or widower and having two children, two hundred eighty-three dollars; (d) injured workman with able-bodied husband and two children, two hundred forty-three dollars; and twenty-three dollars for each additional child, but the total monthly payments shall not exceed three hundred fifty-two dollars to an injured workman with a wife or invalid husband, or being a widow or widower, and having children, and shall not exceed three hundred twelve dollars to an injured workman with children and having an able-bodied husband and any deficit shall be deducted proportionately among the beneficiaries.]

Any compensation payable under this section for children not in the custody of the injured workman as of the date of injury shall be payable only to such person as actually is providing the support for such child or children pursuant to the order of a court of record providing for support of such child or children.

(3) [As soon as] *Where vocational rehabilitation or retraining is likely to restore the injured workman to a form of gainful employment, the director shall authorize continued benefits under this section while the workman is actively and successfully undergoing a formal program of vocational rehabilitation or retraining and until recovery is so complete that the present earning power of the workman, at any kind of work, is restored to that existing at the time of the occurrence of the injury, the payments shall [cease] continue.* If and so long as the present earning power is only partially restored, the payments shall continue in the proportion which the new earning power shall bear to the old. No compensation shall be payable out of the accident fund unless the loss of earning power shall exceed five percent.

(4) No workman shall receive compensation out of the accident fund for or during the day on which injury was received or the three days following the same, unless his disability shall continue for a period of [thirty] *fourteen* consecutive calendar days from date of injury.

(5) Should a workman suffer a temporary total disability and should his employer at the time of the injury continue to pay him the wages which he was earning at the time of such injury, such injured workman shall not receive any payment provided in subsection (1) of this section from the accident fund during the period his employer shall so pay such wages.

(6) *In no event shall the monthly payments provided in this section exceed the average monthly wage of the state as computed under the provisions of section 14 of this 1971 amendatory act.*

Sec. 12. Section 51.32.110, chapter 23, Laws of 1961 and RCW 51.32.110 are each amended to read as follows:

Any workman entitled to receive compensation under this title shall, if requested by the department, submit himself for medical examination, at a time and from time to time, at a place reasonably convenient for the workman and as may be provided by the rules of the department. If the workman refuses to submit to any such examination, or obstructs the same, his rights to monthly payments shall be suspended until such examination has taken place and no compensation shall be payable during or for such period or, if any injured workman shall persist in unsanitary or injurious practices which tend to imperil or retard his recovery, or shall refuse to submit to such medical or surgical treatment as is reasonably essential to his recovery, the department may reduce or suspend the compensation of such workman. If the workman necessarily incurs traveling expenses in attending for examination pursuant to the request of the department, such traveling expenses shall be repaid to him out of the accident fund upon proper voucher and audit.

If the medical examination required by this section causes the workman to be absent from his work without pay he shall be paid for such time lost in accordance with the schedule of payments provided in RCW 51.32.090 as amended notwithstanding the provisions of subdivision (3) of such section as amended.

NEW SECTION. Sec. 13. There is added to chapter 51.08 RCW a new section to read as follows:

(1) For the purposes of this title, the monthly wages the workman was receiving from all employment at the time of injury shall be the basis upon which compensation is computed unless otherwise provided specifically in the statute concerned. In cases where the workman's wages are not fixed by the month, they shall be determined by multiplying the daily wage the workman was receiving at the time of injury:

- (a) By five, if the workman was normally employed one day a week;
- (b) By nine, if the workman was normally employed two days a week;
- (c) By thirteen, if the workman was normally employed three days a week;

The daily wage shall be eight times the hourly wage unless the workman is normally employed for less than eight hours.

(2) In cases where a wage has not been fixed or cannot reasonably and fairly be determined, the monthly wage shall be computed on the basis of the usual wage paid other employees engaged in like or similar occupations where the wages are fixed.

NEW SECTION. Sec. 14. There is added to chapter 51.08 RCW a new section to read as follows:

For the purposes of this 1971 amendatory act, the average monthly wage in the state shall be determined by the department as follows: On or before the first day of December of each year, the total wages reported on contribution reports to the department of labor and industries for the four calendar quarters ending on the thirtieth of June of such year shall be divided by the average monthly number of insured workmen (determined by dividing the total insured workmen reported for the same period by twelve). The average annual wage thus obtained shall be divided by twelve and the average monthly wage thus determined rounded to next higher multiple of one dollar. The average monthly wage as so determined shall be applicable for the full period during which compensation is payable, when the date of occurrence of injury or of disability in the case of disease falls within the calendar year commencing the first day of January following the determination made on the first day of December.

NEW SECTION. Sec. 15. There is added to chapter 51.16 RCW a new section to read as follows:

The department shall classify all occupations or industries in accordance with their degree of hazard and fix therefor basic rates of premium which shall be the lowest necessary to maintain actuarial solvency of the accident and medical aid funds in accordance with recognized insurance principles. The department shall formulate and adopt rules and regulations governing the method of premium calculation and collection and providing for a rating system consistent with recognized principles of workmen's compensation insurance which shall be designed to stimulate and encourage accident prevention and to facilitate collection. The department may annually, or at such other times as it deems necessary to maintain solvency of the funds, readjust rates in accordance with the rating system to become effective on such dates as the department may designate.

NEW SECTION. Sec. 16. There is added to chapter 51.32 RCW a new section to read as follows:

Each employer shall retain from the earnings of each workman that number of cents as shall be fixed from time to time by the director for each day or part thereof the workman is employed. The money so retained shall be matched in an equal amount by each employer, and all such moneys shall be remitted to the department at such intervals as the department directs and shall be placed in the supplemental pension fund created by this 1971 amendatory act. The moneys so collected shall be used exclusively for the additional payments prescribed in RCW 51.32.070 and shall be no more than necessary to make such payments on a current basis.

NEW SECTION. Sec. 17. There is added to chapter 51.44 RCW a new section to read as follows:

There shall be, in the office of the state treasurer, a fund to be known and designated as the "supplemental pension fund". The director shall be the administrator thereof. Said fund shall be used for the sole purpose of making the additional payments prescribed in RCW 51.32.070.

NEW SECTION. Sec. 18. There is added to chapter 51.44 RCW a new section to read as follows:

Any moneys remaining from funds appropriated by the legislature for the purposes of making additional payments to prior pensioners under prior provisions of RCW 51.32.070, and any liabilities in connection therewith, are transferred to the supplemental pension fund on the effective date of this new 1971 section.

NEW SECTION. Sec. 19. The following acts or parts of acts are each hereby repealed:

Pertaining to metropolitan municipal corporations.

The Senate resumed consideration of Senate Bill No. 690 on second reading.

On page 4, section 3, line 31, insert a new subsection (7) as follows:

"(7) Ten additional members elected at large from the area embracing the boundaries of the metropolitan municipal corporation."

Renumber the remaining subsections.

Debate ensued.

POINT OF INQUIRY

Senator Washington: "Would Senator Greive yield to a question? Senator, it is my understanding that the people who live outside of organized cities and towns are now represented on the metro council by seven members of the city council, that they actually therefore do have representation now. Is this correct?"

Senator Greive: "The reason for the amendment in this particular bill of the number that they had, before I think it was twenty-seven, is so that every member of the county council could be on the board. You see, originally when this was passed, the county commissioners, they only had three county commissioners so they are represented."

Further debate ensued.

Senator Dore demanded a roll call and the demand was sustained by Senators Greive, Fleming, Stender, Lewis, Day, Mardesich, Connor, Canfield and Gardner.

Senator Greive moved adoption of the following amendment to the amendment by Senator Ridder:

MOTION

At 12:40 p.m., on motion of Senator Greive, the Senate recessed until 2:00 p.m.

AFTERNOON SESSION

The President called the Senate to order at 2:00 p.m.

Pertaining to metropolitan municipal corporations.

Debate ensued.

POINT OF INQUIRY

Senator Mardesich: "Would Senator Atwood yield? Senator, is it your thinking then

that my amendment at the bottom of that page could be an adjunct to what you are doing here?"

Senator Atwood: "That is exactly what I say, Senator. Senator Day has confused the charter service with the auto transportation service, so he is wrong in what he says. If we adopt your amendment that will protect the situation he is talking about and I support your amendment."

The motion by Senator Greive carried and the amendment was adopted.

On motion of Senator Mardesich, the following amendment was adopted:

On page 8, section 6, line 28, after line 28 add a new paragraph as follows:

"In the event any metropolitan municipal corporation shall extend its metropolitan transportation function to any area or service already offered by any company holding a certificate of public convenience and necessity from the Washington utilities and transportation commission, under RCW 81.68.040 it shall by purchase or condemnation acquire at the fair market value, from the person holding the existing certificate for providing the services, that portion of the operating authority and equipment representing the services within the area of public operation."

Senator Mardesich moved adoption of the following amendment:

On page 10, section 7, line 8, after "bonds shall" strike all the matter down to and including "council" on line 9, and insert "[bear interest at a rate or rates as authorized by the metropolitan council] be sold by calling for public bids therefor"

On motion of Senator Whetzel, the following amendment to the amendment by Senator Mardesich was adopted:

The motion by Senator Mardesich carried and the amendment, as amended, was adopted.

Senator Mardesich moved adoption of the following amendment:

On page 11, section 8, lines 1 and 2, strike "whether made" on line 1 and "or during prior years" on line 2.

On motion of Senator Whetzel, the following amendment to the amendment by Senator Mardesich was adopted:

Amend the Mardesich amendment to page 11, section 8, lines 1 and 2 as follows: In the last line of the amendment strike "during prior years" and insert "any year prior to the effective date of this act"

The motion by Senator Mardesich carried and the amendment, as amended, was adopted

MOTIONS

On motion of Senator Keefe, Senator Foley was excused.

Senator Day moved adoption of the following amendment:

On page 11, beginning on line 23, strike all of section 10.

Debate ensued.

POINT OF INQUIRY

Senator Day: "Of course, having been around here a couple of years I am not so naive as to believe that the amendment by Senator Greive which allows a vote, Senator Stender, will not be removed in the House and then when the bill comes back here it will be impossible to amend and take the emergency clause off of it. Just so we all understand the mechanics of the thing. I would like to have someone answer the question, where is the money coming from that the federal funds will match?"

Senator Greive: "This contemplates an additional one-third of a cent sales tax to be levied locally. That is Senate Bill No. 691, and it is in Senator Durkan's committee. They were two subjects and therefore they could not be in the same bill. So you will have a chance to talk about that later. But that is where the money will come from, we will have to tax ourselves."

The motion by Senator Day failed and the amendment was not adopted.

On motion of Senator Guess, the following amendment was adopted:

On page 2, section 1, line 7, after "class A" and before "or" insert "county contiguous to a class AA county"

On motion of Senator Greive, the following amendment to the title was adopted:

On page 1, line 17 of the title, after "35.58.560;" insert "adding a new section;"

POINT OF INQUIRY

Senator Mardesich: "Senator Atwood or Senator Greive, will someone yield to a question? I am wondering in view of the fact that this is an open ended appropriation whether there might be any objection to holding the measure so that we could develop an amendment calling for a proration of the funds actually appropriated so that we do not come up against this problem of an open end budget that could put us eight or ten million out of kilter here in a heck of a hurry?"

Senator Greive: "I would object very strenuously to that. It seems to me that we have had this bill around now for a week or so, we had a chance to study it. We have the problem. The solution to this problem certainly is not holding the bill over. The solution to this problem is in a separate piece of legislation as Senator Atwood has already pointed out, and whether we do or do not do that is not going to be this bill alone.

"You understand that the bill he has reference to affects a great number of funds and is much more extensive than this and it would be unfair to single out this one particular problem and raise it. Eventually, I would expect that money to be paid back and it is a bookkeeping problem and it is one that should be solved by the legislation and I do not think that we should pick on this particular bill."

Senator Atwood: "Unfortunately, Senator Mardesich, I do not think we can do it in this bill. That is a separate title, it affects many cities and Senator Guess and I tried to amend the bill. It goes into effect on July first of this year and I do not think we could very well hang it in here. Senator Washington had the bill in his committee and I do not think we can affect the open-endedness here because the bill provides that a certain percentage of the motor vehicle excise will be diverted to those cities that have publicly-owned transit so I think it would probably be beyond the scope and object of this particular bill. It not only affects the Seattle Transit but affects Bremerton, Vancouver and Spokane, incidentally."

On motion of Senator Greive, the rules were suspended, Engrossed Senate Bill No. 690 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 690, and the bill passed the Senate by the following vote: Yeas, 44; nays, 1; absent or not voting, 1; excused, 3.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Clarke, Connor, Cooney, Day, Donohue, Dore, Durkan, Elicker, Fleming, Francis, Gardner, Gissberg, Greive, Guess, Henry, Herr, Holman, Huntley, Jolly, Keefe, Knoblauch, Lewis, McCutcheon, McDougall, Mardesich, Matson, Metcalf, Murray, Newschwander, Odegaard, Peterson (Ted), Sandison, Scott, Stender, Stortini, Talley, Twigg, Washington, Whetzel, Wilson—44.

Voting nay: Senator Ridder—1.

Absent or not voting: Senator Woodall—1.

Excused: Senators Foley, Peterson (Lowell), Walgren—3.

ENGROSSED SENATE BILL NO. 690, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

On motion of Senator Mardesich, the following amendments by Senator Mardesich to the amendment were adopted:

On page 4, section 15, line 10, after "duties" and before "may" strike the comma and insert "and", and after "hearings," on line 10, and before "and" insert "as defined in section 11."

On motion of Senator Dore, the following amendment to the amendment by Senator Mardesich was adopted:

On page 4, strike all of section 17, and renumber the remaining sections.

The motion by Senator Mardesich carried, and the amendment, as amended, was adopted.

On motion of Senator Mardesich, the committee amendment to the title as proposed on April 16, 1971 was not adopted.

On motion of Senator Mardesich, the following amendment to the title was adopted:

In line 2 of the title, strike "transportation" and insert "utility regulation"

MOTION

On motion of Senator McDougall, Senator Andersen was excused.

On motion of Senator Mardesich, the rules were suspended, Engrossed Senate Bill No. 668 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ENGROSSED SENATE BILL NO. 668, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SENATE BILL NO. 755, by Senators Woodall, Sandison, Ridder and Scott (by Attorney General request):

Enacting the "Franchise Investment Protection Act."

The Senate resumed consideration of Senate Bill No. 755 on second reading.

On motion of Senator Gissberg, the following amendments were adopted:

On page 1, section 1, line 19, after "characteristic" and before "in" strike "and"

On page 1, line 21 before the period insert the following:

"and in which the franchisee is required to pay, directly or indirectly, a franchise fee"

On page 2, section 1, line 6, after "franchises," strike subsection (10) and insert a new subsection (10) to read as follows:

"(10) "Franchise fee" means any fee or charge that a franchisee or subfranchisor is required to pay or agrees to pay for the right to enter into a business or to continue a business under a franchise agreement, including, but not limited to, the payment either in lump sum or by installments of an initial capital investment fee, any fee or charges based upon a percentage of gross or net sales whether or not referred to as royalty fees, any payment for goods or services, or any training fees or training school fees or charges; however, the following shall not be considered payment of a franchise fee: (a) the purchase or agreement to purchase goods at a bonafide wholesale price; (b) the purchase or agreement to purchase goods by consignment; if, and only if the proceeds remitted by the franchisee from any such sale shall reflect only the bonafide wholesale price of such goods; (c) a bonafide loan to the franchisee from the franchisor; (d) the purchase or agreement to purchase goods at a bonafide retail price subject to a bonafide commission or compensation plan that in substance reflects only a bonafide wholesale transaction; (e) the purchase or agreement to purchase supplies or fixtures necessary to enter into the business or to continue the business under the franchise agreement at their fair market value; (f) the purchase or lease or agreement to purchase or lease real property necessary to enter into the business or to continue the business under the franchise agreement at the fair market value."

On page 10, section 11, line 10, following "Sec. 11," strike all of the material down to and including the period on line 26 and insert the following:

"No person shall publish in this state any advertisement concerning a franchise subject to the registration requirements of this act after the director finds that the advertisement contains any statements that are false or misleading or omits to make any statement necessary in order to make the statements made in the light of the circumstances in which they were made not misleading and so notifies the person in writing. Such notification may be given summarily without notice or hearing. At any time after the issuance of a notification under this section the person desiring to use the advertisement may in writing request the order be rescinded. Upon receipt of such a written request, the matter shall be set down for hearing to commence within 15 days after such receipt unless the person making the request consents to a later date. After such hearing, which shall be conducted in accordance with the provisions of the administrative procedure act, the director shall determine whether to affirm and to continue or to rescind such order and the director shall have all powers granted under such act."

On page 15, section 18, line 31, following "(i)" strike all of the material to and including the period on line 32 and insert the following:

"to fail to renew a franchise except for just cause, or in accordance with the current terms and standards established by the franchisor then equally applicable to all franchisees."

On page 15, section 18, line 33, following "(j)" strike all of the material to and including the period on line 2, page 16, and insert the following:

"to terminate a franchise or to restrict the transfer of a franchise except for just cause, or in accordance with the current terms and standards established by the franchisor then equally applicable to all franchisees. Upon termination the franchisee shall receive a fair and reasonable compensation for the value of the franchisee's inventory, supplies, equipment, furnishings and prepaid costs and expenses."

Senator Gissberg moved adoption of the following amendment:

On page 16, section 18, line 11, following "(4)" strike all of the material to and including the period on line 14 and insert the following: "In any proceedings damages may be based on reasonable approximations but not on speculation."

POINT OF INQUIRY

Senator Atwood: "Would Senator Gissberg yield? Senator, I think that that is what they meant to say but if you will look at the way they have it worded, it does not say 'reasonable approximations' of what. It is just totally unlimited and I have never heard of the rule of reasonable approximations in the law of damages. It has always been the law that you cannot speculate. But it is just that 'reasonable approximations' hanging there by itself without the language that was originally in the bill leaves a great gap, in my opinion."

Senator Gissberg: "I do not have any specific brief for the language. It was drawn by the attorney general's office and when I questioned them about that very thing they gave me the example of an accountant, where the franchisor has had in his possession the inventory control. All interested parties have looked at it and I have no pride of authorship in the amendment. But the attorney general's office felt that it would stand up."

"The problem is, the 'reasonable approximations' is that no other way can the franchisee get into evidence, exact evidence, because the franchisor has that information in his possession."

Senator Atwood: "I take it from what you have said that you intend, or this language is intended to include, 'reasonable approximations' of the fair valuation of the franchise itself and anything that goes with it, any inventory or any noncompetitive covenants and things of that nature."

Senator Gissberg: "I really cannot answer that. I do not know if they have an intent on it. My specific intent was to cover the inventory problem, Senator."

Senator Atwood: "That is what this 'fair approximation' is really aimed at?"

Senator Gissberg: "Yes."

Senator Atwood: "The inventory on hand in the franchisee's hands or in the warehouse of the franchisor?"

Senator Gissberg: "It would be in the franchisee's hands but the franchisor would have the only information with respect to what the actual inventory was at any one time. But that is what I intend to cover."

POINT OF INQUIRY

Senator Holman: "May I ask Senator Gissberg a question? Senator, I think there is something wrong here because the language you are inserting in subsection (4) is the identical language that is already in subsection (5). It seems to me that what you are really doing is just striking subsection (4) and renumbering (5) as (4)."

Senator Gissberg: "I think you are one hundred percent correct."

Senator Holman: "So why don't you just strike subsection (4)?"

MOTION

On motion of Senator Gissberg, the rules were suspended and the following correction made on the amendment to page 16, section 18, line 11: "Strike all of subsection (4) and renumber the remaining subsection consecutively."

POINT OF INQUIRY

Senator Ridder: "Would Senator Gissberg yield? Senator, I am just noticing here in subsection (4), 'non-competitive covenants'. Now I am not a lawyer but does not this extend to the advantage one has for marketing a certain product with a certain name on it, and that the non-competitive covenant would be worth something? In this case, if you struck subsection (4), there is no provision here for the worth of a name, such as a trade name. It seems to me that you would be striking something that is worth quite a bit in the losing of a franchise."

Senator Gissberg: "We have provided up above for what is felt would be reasonable for the compensation of the franchisee in the event of cancellation."

POINT OF INQUIRY

Senator Sandison: "Would Senator Gissberg yield? Senator, you can probably straighten this out. We speak on this amendment that you have offered to inventory. What about the situation where two things would enter into it. Number one, they build a building that is unique and usable only for the purveyance of that particular franchise and, number two, where they have to buy equipment that is usable only for that particular franchise? Would that come under this section? You spoke only of inventory."

Senator Gissberg: "That question goes beyond the scope of these amendments. You might ask the sponsor of the bill that question, Senator. But nowhere do these amendments treat the building or lease type of thing that you just talked about."

Senator Sandison: "Now my question is whether your amendment dealt with that?"

Senator Gissberg: "No, it does not."

POINT OF INQUIRY

Senator Guess: "Senator Gissberg, On page 5, line 25 it excludes any motor vehicle dealer franchise subject to the provisions of RCW 46.70. Now I am wondering about the farm machinery dealers who are in my area and they operate John Deere and other franchise dealerships similar to that and I wonder, are they going to be exempt in this and what is going to be their status under the bill?"

Senator Gissberg: "It may very well be that they are subject to the provisions if they are in the franchising business as such, and otherwise are not excluded by the provisions of it. There are substantial exclusions from the bill for those who are engaged in franchises if their business is large enough to warrant it. There is, we call it a General Motors kind of a franchise but you look on page 3, beginning on line 12. Those would be excluded from registration under the terms of the act. Now bear in mind all this act is a registration requirement with Mr. Loncot's department, and requires a disclosure. This is all."

Senator Guess: "Does it require a payment of any fee?"

Senator Gissberg: "It could very well be that they would be covered."

Senator Guess: "Do you think that it would be possible to add a provision, a subparagraph 6 after 5 and say that farm machinery dealers subject to the provisions of whatever particular RCW are excluded also?"

Senator Gissberg: "I think it would be very possible if the sponsors of the bill agreed to

it but I, as I say, do not have any great pride of authorship in the entire thing but we could take that up, however, after we consider these amendments.”

On motion of Senator Gissberg, the following amendment was adopted:

On page 19, section 28, line 29, following “Sec. 28.” strike all of the material to and including the period on page 20, line 6, and insert the following:

“The provisions of this act shall be applicable to all franchises and contracts existing between franchisors and franchisees and to all future franchises and contracts.”

On motion of Senator Holman, the following amendments were adopted:

On page 17, beginning on line 17, strike all the matter down to and including “PROVIDED, That the” on line 19 and insert: “NEW SECTION, Sec. 20. The”

On page 17, line 26, strike “AND” and on line 27, strike “FURTHER”

MOTIONS

On motion of Senator Gissberg, Senate Bill No. 755, as amended, was ordered placed immediately following consideration of Senate Bill No. 382 on today's second reading calendar.

FORTY-FIRST DAY

“Our Father, we in this place are weighed down by the problems of our State and the communities which we represent. Convict us of our share of personal responsibility for the situations in which we find ourselves, and help us to confess our part in creating our dilemmas, lest we feel no obligation to help solve them. And so we pray, O God, that you will help us to quit waiting for the other fellow to change his attitude and his ways, lest we never give Thee the chance for which Thou has been waiting, to change us. This we ask in the name of Him who came to change us all, even Jesus Christ Our Lord. Amen.”

On motion of Senator Greive, the reading of the journal of the previous day was dispensed with and it was approved.

ENGROSSED SENATE BILL NO. 137,
ENGROSSED SENATE BILL NO. 203,
and the same are herewith transmitted. MALCOLM McBEATH, Chief Clerk.

INTRODUCTION AND FIRST READING

SENATE JOINT MEMORIAL NO. 18, by Senator Metcalf:
Calling for a convention to amend the Constitution of the United States.
Referred to the Committee on Constitution, Elections and Legislative Processes.

SENATE JOINT MEMORIAL NO. 19, by Senators Stortini and McDougall:
Requesting additional funds for the employment supplement program.
On motion of Senator Stortini, the rules were suspended, Senate Joint Memorial No. 19 was advanced to second reading and read the second time in full.

POINT OF INQUIRY

Senator Mardesich: "Will Senator Stortini and/or McDougall yield to a question? Senator, would you object to an additional 'Now, therefore' being added to this bill which would provide for an additional thirteen weeks extended benefits under the unemployment compensation law?"

Senator Stortini: "Yes, I would object. This program here that you received a copy of was placed on your desk by Maxine Daly, the commissioner of the department of employment security, on Monday and the program actually has not only exhausted its funds but in many areas of the five counties mentioned it has terminated. For example, in my district with one agency that I talked to yesterday, seventeen jobs were terminated last weekend. I would like to see this memorial passed through, sent to Congress urging them to continue what allocation can be sent to this state as immediately as possible. I just wonder whether or not it would deter the chances by extending unemployment compensation indefinitely according to the unemployment problem within your state itself?"

On motion of Senator Stortini, the rules were suspended, Senate Joint Memorial No. 19 was advanced to third reading, the second reading considered the third, and the memorial was placed on final passage.

ROLL CALL

The Secretary called the roll on the final passage of Senate Joint Memorial No. 19, and the memorial passed the Senate by the following vote: Yeas, 42; absent or not voting, 4; excused, 3.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Clarke, Connor, Cooney, Day, Donohue, Dore, Durkan, Elicker, Fleming, Foley, Francis, Gardner, Greive, Guess,

Henry, Herr, Holman, Huntley, Jolly, Keefe, Knoblauch, Lewis, McDougall, Mardesich, Matson, Metcalf, Newschwander, Peterson (Ted), Ridder, Sandison, Scott, Stender, Stortini, Talley, Twigg, Walgren, Whetzel, Wilson—42.

Absent or not voting: Senators Gissberg, McCutcheon, Murray, Woodfall—4.

Excused: Senators Odegaard, Peterson (Lowell), Washington—3.

SENATE JOINT MEMORIAL NO. 19, having received the constitutional majority, was declared passed.

HOUSE CONCURRENT RESOLUTION NO. 39, by Representatives Smythe, Thompson, North, Haussler and Marsh:

Providing for advisory committee to study alternative statutory optional model county charters.

Referred to Committee on Cities, Towns and Counties.

Senator Stender moved adoption of the following resolution:

SENATE RESOLUTION: 1971-EX-49

By Senators Stender and Talley:

WHEREAS, Public safety and industrial safety are very important to the well being of our citizens; and

WHEREAS, The Department of Labor and Industries, through its Division of Building and Construction Safety Inspection Services, has the responsibility of assuring safety in the area of pressure vessel construction and the use of such vessels; and

WHEREAS, The new methods and advanced technology have developed very high pressure systems fired by conventional, as well as nuclear, fuels; and

WHEREAS, The Washington State pressure vessel construction and inspection codes have not been revised for a great many years;

NOW, THEREFORE BE IT RESOLVED, By the Senate, that the Legislative Council make a comprehensive study of all aspects of the field of pressure vessel construction, maintenance, and inspection.

BE IT FURTHER RESOLVED, That the results of the study and any recommendations be presented to the next session of the Legislature.

Senator Bailey moved adoption of the following amendment to the resolution:

On page 1, line 15 of the resolution, prior to "BE IT FURTHER RESOLVED" insert the following: "That it review the ridiculous practice of inspections of ordinary hot water tanks as well as the present practice of charging exorbitant fees for inspecting the same, as now practiced by the department of labor and industries"

Debate ensued.

POINT OF INQUIRY

Senator Peterson (Ted): "Would Senator Stender yield? Senator, you referred to a pressure vessel. Are you referring to boilers in vessels or actually is a tank in your description a vessel?"

Senator Stender: "All pressure vessels is kind of a broad area. There are fired vessels, unfired vessels. They all get their rating through a code known as the ASME code that is a national code that covers construction of pressure vessels and actually they all come together under some of the technology that we have. I do not know whether I follow your question, Senator?"

Senator Peterson (Ted): "What is your definition of vessel then?"

Senator Stender: "A pressure vessel is something that contains something under pressure and I do not know what more I could say."

The motion by Senator Bailey carried and the amendment was adopted.

The motion by Senator Stender carried and the resolution, as amended, was adopted.

There being no objection, the Senate returned to the fourth order of business.

On motion of Senator Greive, the rules were suspended, Engrossed Senate Bill No. 382 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Peterson (Ted): "Mr. President, would Senator Greive yield? I was off the floor and I noticed this one amendment you have which would allow an attorney to go right in and apply for a broker's license. You mean that this is acceptable with the real estate board? You would not have to take the real estate salesman's license? You would directly go into a broker's license?"

Senator Greive: "Let me explain again. The legal profession and the real estate profession are two professions. The bar association will not let a man be both a real estate man and a lawyer in the sense that he can advertise. In other words, if you are going to have a law office, it is a law office. If you start advertising real estate you would have some trouble. However, there are a number of lawyers who may really want to be real estate men and to practice a little law on the side. Even some of the judges can have some small practice on the side so this would permit a man to have some practice in the law business and still be in the real estate business. Then the question comes, how does he get into the business? The

theory being that when you become a doctor you are also presumed to know everything that a nurse would know and presumed to be qualified to be a physical therapist because you have all of the training for any of those included in your business.

"The same would be for a lawyer. But it says that if you are going to practice real estate, you are subject in every way to the real estate regulations and the real estate responsibilities. In other words, you have to pay the license fee like anyone else, you have all of the other requirements that they have, you have to account in the way that they set up because as a lawyer you may not have any standard accounting procedure but the real estate commission does provide some. You have the responsibility of adhering to all their rules and regulations and being subject to their discipline so they could even discipline the lawyer and put him right out of the real estate business if he was not doing the right thing. It is sort of a happy compromise. The only thing he gets out of, he does not have to take the examination. But as Senator Woodall pointed out previously, he is subject to a malpractice suit where the real estate man would not be."

Defining crime of dog and/or cat theft and creating penalties.

REPORT OF STANDING COMMITTEE

April 6, 1971.

SENATE BILL NO. 332, defining crime of dog and/or cat theft and creating penalties (reported by Judiciary Committee):

MAJORITY recommendation: Do pass with the following amendment:

In section 1, beginning on line 7, strike the remainder of the bill and insert "Any person who, with intent to deprive or defraud the owner thereof:

(1) Takes, leads away, confines, secretes or converts any cat or dog; or

(2) Conceals the identity of any cat or dog or its owner by obscuring or removing from the cat or dog any collar, tag, license, tattoo or other identifying device or mark; or

(3) Kills or injures any cat or dog, unless excused by law, shall be guilty of a gross misdemeanor and shall be punished by imprisonment in the county jail for not more than one year or by a fine of not more than one thousand dollars, or both such fine and imprisonment."

Signed by: Senators Gissberg, Chairman; Andersen, Atwood, Clarke, Francis, Holman, Twigg, Walgren, Woodall.

The bill was read the second time by sections.

Senator Gissberg moved adoption of the committee amendment.

On motion of Senator Woodall, the following amendment to the committee amendment was adopted:

On page 1, line 10 of the amendment, after "of a" and before "misdemeanor" strike "gross"

On motion of Senator Gissberg, the following amendment to the committee amendment was adopted:

On page 1, line 10 of the amendment, after "misdemeanor" insert a period and strike the rest of the amendment.

POINT OF INQUIRY

Senator Canfield: "I would like to ask Senator Gissberg a question, if I may. It says, 'any person who with intent to deprive the owner thereof'. Now in our community we have a dogcatcher—they used to call them dogcatchers, I think they call them animal control officers now. Does this animal control officer, alias the dogcatcher, intend to deprive the

owner thereof, if he catches these dogs that are running around and he impounds them? Now is he guilty of a misdemeanor?"

Senator Gissberg: "No, I would not think so. I take it that you are talking about some official under a county or city ordinance which is otherwise authorized under the general law of the state that is typical of the authority granted to counties and cities, that section on dogs at least. I do not think that this would be construed to interfere with the power of the city to regulate those dogs running at large. That is my curbstone opinion at least."

Senator Canfield: "I hope you will excuse my legal ignorance but I thought that a special law took precedence over a general law."

Senator Gissberg: "You have asked me for my opinion and my opinion is that this act would in no way interfere with the power of an official of a city or a county who is acting pursuant to ordinance or resolution otherwise authorized by a general state statute in the same fashion that a police officer, of course, can take somebody against his will although we have criminal statutes that prohibit that to be done and we pass them every day but still the police officer is certainly not guilty of a crime by taking somebody against his will."

Senator Canfield: "May I ask you a second question then? In our community we have a leash law which requires that dogs be kept under leash or confined to keep them from running over neighbor's property. Now, if a dog would go on your property and you would just catch that dog and put it in a coop so that the owner could come and retrieve the same, would you be depriving the owner thereof while you confined it and would you be guilty of a misdemeanor?"

Senator Gissberg: "I do not think so. I do not think you would have the requisite intent to deprive or defraud the owner. All of those prohibited acts of conduct are prefaced, as you will see with the admonition that any person who, with intent to deprive or defraud the owner. I do not think under the factual situation you give me that you would have the requisite intent to sustain a conviction of misdemeanor, although Judge Woodall would probably be able to answer that better because he is an expert in that particular court of jurisdiction."

The committee amendment, as amended, was adopted.

POINT OF INQUIRY

Senator Metcalf: "Before we advance the bill, I have a question I would like to ask Senator Talley. Perhaps it has been taken care of by the amendment but I am not sure and I want to relate a case and get an answer.

"A neighbor who lives down the street has a female cat that is quite prolific and about every spring it brings forth a litter of kittens and he waits until—and I am not commenting on whether or not he should be doing this—but he takes the kittens and he puts them in a bag with a rock when he goes on a fishing trip. When he gets in about forty fathoms off Mukilteo he sets it overside. Now that is taking the life of a cat or kitten and how does he stand in relation to this bill?"

Senator Talley: "Senator Metcalf, I would think you would be happy. He could put it on your yard and then you might be in charge of them. I do not think it would apply to that at all. It is not the intent of the bill. If you drowned those kittens you would not be depriving any owner of those kittens. He certainly has the ownership of those kittens."

Senator Metcalf: "The caucus digest says, 'makes it a gross misdemeanor' and we have taken care of that now; 'makes it a misdemeanor to kill or injure a dog or cat unless excused by law'."

Senator Talley: "If it belonged to some other person."

Senator Canfield: "Will Senator Talley yield to a further question? I have heard, Senator Talley, of people being converted but what does it mean here if you convert a dog or a cat?"

Senator Talley: "I think from a legal term, I hear and listen to these lawyers, it means to steal."

On motion of Senator Talley, the rules were suspended, Engrossed Senate Bill No. 332 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

On motion of Senator Ridder, the following amendment to the committee amendment was adopted:

On line 4 of the Senate Committee amendment after "such programs" strike the remainder of the amendment and insert "and shall also adopt rules and regulations for such programs authorized by RCW 28A.58.245 and RCW 28B.59.770."

The motion by Senator Ridder carried and the committee amendment, as amended, was adopted.

POINT OF INQUIRY

Senator Bailey: "I would like to ask Senator Sandison or Senator Ridder a question before this bill is advanced. Senator Ridder, is there anything in this bill that would mandate the state board to adopt rules and regulations? Is there anything in this bill that would mandate the state board to mandate a small school district so they must have vocational education at a terrific expense to the local district and with no recourse except to the state board?"

Senator Ridder: "This is not at all the intent of this bill. The intent of the bill is to allow them to set some rules and regulations that now two facets of our vocational education are completely without."

Senator Bailey: "Senator Ridder, is there any intent to use this as a means of twisting curricula requirements around as imposed by the board to the local school district such as they do many times on music appreciation and other junk such as that?"

Senator Ridder: "No, this is not the intent either."

On motion of Senator Ridder, the rules were suspended, Engrossed Senate Bill No. 539 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

On page 3, section 4, line 14, after "junkyard," strike the remainder of the section and insert "the highway commission shall acquire by purchase, gift or condemnation an interest in the real property used for junkyard purposes which is visible from the main traveled way of such highway, restricting any owner of the remaining interest to use of such real estate for purposes other than a junkyard. In addition to compensation for such real property interest, the operator of a junkyard shall receive the actual reasonable expenses in moving his business personal property to a location within the same general area where a junkyard may be lawfully established, operated and maintained. This section shall be interpreted as in addition to all other rights and remedies of a junkyard owner or operator and shall not be interpreted as a limitation on or alteration of the law of compensation in eminent domain."

Senator Mardesich: "I would assume that it would come out of the motor vehicle fund. At least that was the intention of the committee. There was no thought that it would come from anywhere other than that."

Senator Henry: "I think that is covered, Senator Mardesich, under the Highway Beautification Act of 1965."

We come asking Thy special blessing upon these Senators as they think together and work together in this Chamber, in committee rooms and in their offices. Help them to stand up under the strains and tensions of problems and decisions, of meetings and conferences, and the endless demands placed upon them by constituents and pressure groups. MESSAGES FROM THE GOVERNOR

Office of the Governor, April 21, 1971.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON:

GENTLEMEN:

I have the honor to advise that Governor Evans has today approved the following Senate Bill, entitled:

SENATE BILL NO. 394: Establishing the Washington Commission on Mexican-American Affairs.

Sincerely,

CHARLES B. WIGGINS

Legislative Counsel to the Governor.

Office of the Governor, April 21, 1971.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I have today signed Senate Bill No. 394, creating a Washington State Commission on Mexican-American Affairs. Because the bill is fraught with substantive and procedural

problems, I seriously considered vetoing it, allowing the Legislature to enact properly drafted legislation before the end of this session. On balance, however, I feel that the need for the creation of such a commission is sufficiently great to outweigh the deficiencies I see in this legislation. I would hope that the Legislature will choose to act to correct these defects by another bill.

The following modifications to the bill as adopted would appear warranted:

1. A House floor amendment raised membership on the commission from seven to eleven. Subsection (f) of subsection 1 was also added to comply with this increased membership. This amendment has created an awkwardly drafted section. It would appear that this drafting deficiency could be cured by raising the number of members provided for in subsection (b) of this section from two to six and by deleting subsection (f).
2. Subsection (2) of section 3 provides for the staggering of terms of members of the commission. Unfortunately, this subsection was not amended when the membership was raised. Therefore, provision should be made for staggering the terms of the additional members.
3. Because of the increased membership, the Legislature should also consider changing the number of members who constitute a quorum under subsection (4) of section 3.
4. I question the advisability of section 4 of this bill. The commission is given the unusual authority for an advisory committee to appoint a full-time executive secretary and a staff who shall be subject to civil service. Since the commission is not attached to any existing department or agency it may be difficult for it to relate programmatically in the areas where it is concerned. I believe it would be preferable to have staff assistance provided to the commission by a coordinating agency such as the Office of Economic Opportunity or the Planning and Community Affairs Agency.
5. Subsection (4) of section 4 permits this commission to adopt rules and regulations pursuant to the Administrative Procedures Act. I understand that it was the intent of the House to delete this authorization by floor amendment, but the engrossed bill still contains this curious reference. Rulemaking procedures are governed by the APA only when the adoption of a rule will directly affect substantial rights of the public. Since the commission is purely advisory, it would seem that the granting of rulemaking authority is particularly inappropriate in this instance. The Legislature should delete this reference by a subsequent enactment.
6. Subsection (3) of section 5 compels the establishment of an interagency advisory council on Mexican-American affairs. If each state department and agency is required to contribute the services of one staff member the council will be composed of at least 80 members. Not only would this council be unwieldy and involve agencies of state government with little to contribute directly to the solution of the problems of Mexican-Americans, it would also result in a substantial increase in the fiscal impact of the bill. I would hope that legislation could be enacted which would limit membership on this commission to those state agencies having a direct interest in or relationship to the increased involvement of Mexican-Americans in state government.

The Washington Commission on Mexican-American Affairs will be of material assistance in providing a body capable of advising and assisting in the betterment of opportunities for these citizens of our state. For this reason I have approved the bill in its present form. Because of the serious deficiencies in the effect and the implementation of this bill, however, I would urge the Legislature to reassess the bill and enact remedial legislation designed to cure the problems referred to above.

Sincerely,
DANIEL J. EVANS
Governor.

MESSAGE FROM THE HOUSE

April 21, 1971.

Mr. President: The House has adopted the report of the Conference Committee on REENGROSSED SENATE BILL NO. 130, and has granted said committee the powers of Free Conference, and the report of the Conference Committee is herewith transmitted. MALCOLM McBEATH, Chief Clerk.

REPORT OF CONFERENCE COMMITTEE

April 21, 1971.

Mr. President:

Mr. Speaker:

We, of your Conference Committee, to whom was referred REENGROSSED SENATE BILL NO. 130, authorizing parking and business improvement areas and special assessments therefor, have had the same under consideration, and we report that we are unable to agree and respectfully request the powers of Free Conference.

Signed by: Senators Connor, McDougall and Talley; Representatives Curtis, Blair and Merrill.

MOTION

On motion of Senator McDougall, the report of the Conference Committee was adopted and the committee was granted the powers of Free Conference.

MESSAGE FROM THE HOUSE

April 20, 1971.

Mr. President: The House has passed ENGROSSED SENATE BILL NO. 37 with the following amendment:

On page 1, section 1, line 12 after "PROVIDED, *That*" and before "no" strike "*excepting when property is being acquired for public use*", and the same is herewith transmitted. MALCOLM McBEATH, Chief Clerk.

MOTION

Senator Wilson moved that the Senate do not concur in the House amendment to Engrossed Senate Bill No. 37 and that the House be asked to recede therefrom.

POINT OF INQUIRY

Senator Mardesich: "Will Senator Wilson yield? Senator, let us take the opposite of the example you used where the highway department takes the minuscule portion of the property. Let us assume that the highway department took ninety-nine percent of the property. Would we then have the situation where it would justify no requirement that the taxes be paid?"

Senator Wilson: "The justification for the amendment in that instance would be considerably mitigated because in truth, virtually the entire amount of the delinquency would have to be paid up. That is a rare instance compared to the many instances in which the department is seeking to purchase only a small portion of the tract."

Senator Mardesich: "Then I would raise the question, rather than asking the House to recede, could we arrange a conference and perhaps work something out that a pro rata part of taxes should be paid with relation, a portion of the value taken as compared to total value?"

Senator Wilson: "Yes, it would be entirely possible to arrange a conference, Senator. However, I discussed this matter in some detail with Mr. Andrews, the director of the highway department, yesterday and it was certainly his feeling that the retention of the amendment would leave no additional problems from the highway department's standpoint."

The motion by Senator Wilson carried and the Senate refused to concur in the House amendment to Engrossed Senate Bill No. 37 and the House was asked to recede therefrom.

MESSAGE FROM THE HOUSE

April 16, 1971.

Mr. President: The House has passed SENATE BILL NO. 125 with the following amendments:

On page 1, line 1 of the title after "programs" insert the words "and furloughs" and on line 2 after "RCW 72.65.130" insert "; creating new sections; and declaring an effective date"

On page 1, after line 12 insert:

"NEW SECTION. Sec. 2. As used in this act the following terms shall have the following meanings:

"Department" means the department of social and health services.

"Secretary" means the secretary of the department of social and health services, or his designee.

NEW SECTION. Sec. 3. The secretary is authorized to grant furloughs to persons convicted of a felony and serving a sentence for a term of confinement in a state correctional institution, except those persons who are serving mandatory minimum terms of confinement as now or hereafter provided by law. Any furlough granted by the secretary shall authorize the release of the convicted person from confinement by the superintendent of a state correctional institution and may require the supervision of the prisoner by a state probation and parole officer at a place designated in the order of furlough within this state for a period not to exceed thirty days under such terms and conditions as the secretary may deem appropriate: PROVIDED, That no more than sixty days of furlough shall be granted in any one year.

NEW SECTION. Sec. 4. Any prisoner eligible to be granted a furlough by the secretary may make application to the superintendent of the state correctional institution of confinement upon forms supplied by the department. The application shall set forth the place of proposed residence of the applicant and the names of the persons with whom the applicant will be residing and the relationship to the applicant; a proposed plan or program to be followed during the period of furlough and the reasons why the applicant believes such plan or program will be of aid in his rehabilitation and enhance his prospects for a successful parole if granted by the board of prison terms and paroles. The application shall also include a statement to be executed by such prisoner that if his application be approved and he is granted a furlough, he agrees to abide by all terms and conditions of the furlough plan adopted for him. The application shall also contain such other information as the secretary may require. The superintendent of the state correctional institution to whom application has been made by a prisoner for a furlough shall review the prisoner's conduct, attitude and behavior within all of the institutions under the jurisdiction of the department, his criminal history and all other pertinent case history material and shall determine whether or not there is reasonable cause to believe that the prisoner will honor his trust if granted a furlough by the secretary. After having made such determination, the superintendent, in his discretion, may, subject to the concurrence of the secretary, deny the prisoner's application for a furlough or recommend to the secretary that the prisoner be granted a furlough.

NEW SECTION. Sec. 5. The secretary, after such investigation as he may deem necessary, may approve, reject, modify, or defer action on a recommendation for furlough. In the event of approval, the secretary shall adopt a furlough plan for the prisoner, and the terms and conditions of such furlough plan shall be set forth in the order of furlough with such other terms and conditions as may be deemed necessary and proper under the circumstances. The order of furlough may grant more than one furlough at such intervals and with such conditions as may be deemed appropriate and such furloughs may be granted on the basis of a single application. The order of furlough shall be signed by the prisoner under oath that he will faithfully abide by all terms and conditions of the order of furlough.

NEW SECTION. Sec. 6. At any time after approval has been granted for a furlough to any prisoner, such approval or order of furlough may be revoked, and if the prisoner has been released on an order of furlough, he may be returned to a state correctional institution, or the plan may be modified, in the discretion of the secretary. Any prisoner whose furlough application is rejected may reapply for a furlough after such period of time has elapsed as shall be determined at the time of rejection by the superintendent or secretary, whichever person initially rejected the application for furlough, such time period being subject to modification.

NEW SECTION. Sec. 7. Any furloughed prisoner who wilfully fails to return to the designated place of confinement at the time specified in the order of furlough shall be deemed an escapee and fugitive from justice, and upon conviction shall be guilty of a felony and sentenced to a term of confinement of not more than ten years. The provisions of this section shall be incorporated in every order of furlough granted by the department.

NEW SECTION. Sec. 8. The department may provide or arrange for transportation for furloughed prisoners to the designated place of residence within the state and may, in addition, supply funds not to exceed forty dollars and suitable clothing, such clothing to be returned to the institution on the expiration of furlough.

NEW SECTION. Sec. 9. The secretary may enter into agreements with any agency of the state, a county, a municipal corporation or any person, corporation or association for the purpose of implementing furlough plans, and, in addition, may make such rules and regulations in furtherance of this act as he may deem necessary.

NEW SECTION. Sec. 10. The secretary may issue warrants for the arrest of any prisoner granted a furlough, at the time of the revocation of such furlough, or upon the failure of the prisoner to report as designated in the order of furlough. Such arrest warrants shall authorize any law enforcement, probation and parole or peace officer of this state, or any other state where such prisoner may be located, to arrest such prisoner and to place him in physical custody pending his return to confinement in a state correctional institution. Any state probation and parole officer, if he has reasonable cause to believe that a person granted a furlough has violated a condition of his furlough, may suspend such person's furlough and arrest or cause the arrest and detention in physical custody of the furloughed prisoner, pending the determination of the secretary whether the furlough should be revoked. The probation and parole officer shall report to the secretary all facts and circumstances and the reasons for the action of suspending such furlough. Upon the basis of the report and such other information as the secretary may obtain, he may revoke, reinstate or modify the conditions of furlough, which shall be by written order of the secretary. If the furlough is revoked, the secretary shall issue a warrant for the arrest of the furloughed prisoner and his return to a state correctional institution.

NEW SECTION. Sec. 11. This act shall become effective on July 1, 1971," and the same is herewith transmitted. MALCOLM McBEATH, Chief Clerk.

MOTION

Senator Odegaard moved that the Senate concur in the House amendments to Senate Bill No. 125.

Debate ensued.

POINT OF ORDER

Senator Andersen: "My point of order, Mr. President, is that the House amendment to Senate Bill No. 125 engrafted an entire new bill on to the old bill which I believe, as I understood the President's ruling of the other day, was beyond the scope and object and should be referred to a committee.

"Speaking in connection with the point of order, I note that this new amendment has all the evils that Senator Woodall has pointed out very fluently and at length and frequently about paper hanging and that this new bill, for example, as I read it in a rather hasty fashion would provide that the secretary of the department of social and health services could turn any, or almost anybody out of the penitentiary anytime he wanted to. I do not think that this should be done without a committee reviewing it."

Debate ensued.

MOTION

On motion of Senator Woodall, Senate Bill No. 125, the pending house amendment and the point of order by Senator Andersen was made a special order of business immediately following the noon recess.

MESSAGE FROM THE HOUSE

April 20, 1971.

INTRODUCTION AND FIRST READING

SENATE CONCURRENT RESOLUTION NO. 29, by Senators Walgren and Twigg:
Establishing municipal committee as an interim committee of the legislature.

Referred to Committee on State Government.

On motion of Senator Durkan, the following resolution was adopted:

SENATE RESOLUTION: 1971-EX-50

By Senators Durkan and Atwood:

WHEREAS, The Legislative Budget Committee has been involved in the study of the deposit practices of public agencies, as directed by the 1969 resolution of the Senate of the Washington State Legislature (Senate Resolution 1969-22); and

WHEREAS, It became necessary during the course of the study to request from all commercial banks in Washington certain workload data associated with the deposit accounts of public agencies, the results of which in some cases were forwarded to the committee later than anticipated, making it impossible to record, verify, and assimilate the requested information as part of a final report to the 1971 Legislature; and

WHEREAS, The study of deposit practices to date has amassed considerable data and testimony which points to possible revision in state law which may result in a larger return to public agencies from such funds as are now resting in both active and inactive deposit accounts in commercial banks throughout the state;

NOW, THEREFORE, BE IT RESOLVED, By the Senate, that the Legislative Budget Committee be requested to continue its study of the deposit practices of public agencies in order to determine what changes in depository practices and revisions in current law relating thereto would result in larger returns to the state and other public agencies, and further that the Legislative Budget Committee shall report the findings, conclusions, and recommendations to the legislature not later than January 1, 1972.

On motion of Senator Metcalf, the following resolution was adopted:

SENATE RESOLUTION: 1971-EX-51

By Senators Metcalf, Gissberg, Mardesich and Walgren:

MOTION

On motion of Senator McDougall, Senate Bill No. 635 was made a special order of business for 2:30 p.m. today.

HOUSE BILL NO. 270, by Representatives Barden, Spanton, Litchman and Kilbury (by Joint Committee on Governmental Cooperation request):
Exempting agency vendors of liquor from civil service.

REPORT OF STANDING COMMITTEE

March 24, 1971.

HOUSE BILL NO. 270, exempting agency vendors of liquor from civil service (reported by Committee on State Government):

MAJORITY recommendation: Do pass with the following amendments:

On page 3, section 1 (20), line 13, strike the period and insert "*PROVIDED, That this subsection shall apply only to liquor vendors appointed after the effective date of this 1971 amendatory act.*"

On page 3, section 1, subsection 20, line 13, after "*RCW 66.08.050*" and before the period add the following: "*PROVIDED, HOWEVER, That rules and regulations adopted by the state personnel board pursuant to RCW 41.06.150 regarding the basis for, and procedures to be followed for, the dismissal, suspension, or demotion of an employee, and appeals therefrom shall be fully applicable to liquor vendors except those part-time agency vendors employed by the liquor control board when, in addition to the sale of liquor for the state, they sell goods, wares, merchandise or services as a self-sustaining private retail business*"

Signed by: Senators Walgren, Chairman; Atwood, Elicker, Gardner, Henry, Jolly.

The bill was read the second time by sections.

On motion of Senator Walgren, the committee amendment to page 3, section 1 (20) was not adopted.

On motion of Senator Walgren, the committee amendment to page 3, section 1, subsection 20, line 13 was adopted.

On motion of Senator Walgren, the rules were suspended, House Bill No. 270, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Wilson: "Will Senator Walgren yield? Is there a grandfather clause in this bill with respect to the existing part-time liquor vendors?"

Senator Walgren: "They have never been covered by civil service except by virtue of a ruling of the state personnel board. Now what we have done by virtue of the amendment is to ensure that in the future and as to those persons who are covered according to the personnel board that they will continue to have the rights as far as hearings are concerned, as far as having any appeal for any hearing, and the full rights regarding their employment as far as an automatic dismissal is concerned. But they will not have various other employment benefits paid to them as they might have if they were a full time employee of the state."

Senator Wilson: "But all of the full time liquor vendors, those now holding office and those who might come into it in the future, would remain under the state civil service act?"

Senator Walgren: "Only to the extent of this bill."

POINT OF INQUIRY

Senator Mardesich: "Will Senator Walgren yield? Senator, do I understand then that there would be, by virtue of the adoption of the amendment, tenure and those other rights existent under civil service running to these people?"

Senator Walgren: "As to the persons who are the full time or almost full time liquor vendors for the state, yes, they would have the benefits of civil service. Those benefits under 41.06.150 regarding the benefits of any procedures for dismissal and appeals therefrom."

Senator Mardesich: "Why would we guarantee that to them when they are operating under an agency arrangement which could well and ordinarily does, put them in a much better position than a state employee with respect to income?"

Senator Walgren: "I think I might dispute your premise that they are put in a much better situation. Some of them might be but I think the majority, in the testimony that we had in the state government committee, indicated that on the contrary they had a very small margin of profit, and that they should be entitled to this type of a benefit which is very similar—not the entire benefits that a regular state employee has but certainly gives them these benefits as far as dismissal is concerned so they cannot just automatically be dismissed from their position. That is what we were concerned about."

POINT OF INQUIRY

Senator Bailey: "Would Senator Walgren yield? Senator, you say that if a person is devoting full time as a vendor to the sale of liquor that he then would be protected by a grandfather clause in this bill, but what of the person that is not devoting full time and has a sport fishing line or something along with it? Does this give a license then to the liquor commission, to turn around and fire him tomorrow and hire somebody of their own political choosing?"

Senator Walgren: "Senator Bailey, as to those persons, they were never covered by the civil service law, and they were not covered under the personnel board ruling of January 9, so they would have then exactly the same status as they had prior to the personnel board ruling and I assume would be subject to removal, yes."

Senator Bailey: "Your answer then is that they have no status now under civil service."
Senator Walgren: "That is correct."

MOTION

On motion of Senator Mardesich, House Bill No. 270, as amended by the Senate, was ordered placed at the end of the third reading calendar today.

SECOND READING

SENATE BILL NO. 368, by Senators Fleming, Ridder and Elicker (by Public Pension Commission request):

Integrating retirement plan laws for state universities and state colleges.

REPORT OF STANDING COMMITTEE

March 24, 1971.

On motion of Senator Fleming, the committee amendment was adopted.

On motion of Senator Fleming, the rules were suspended, Engrossed Senate Bill No. 368 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Mardesich: "Will Senator Fleming yield to a question? Senator, this bill would appear to possibly have substantial fiscal impact because it does alter the retirement system and I am wondering if a fiscal note was attached and what that note indicates."

Senator Fleming: "The only cost item in the bill would have been the one-time cost of living adjustment in section 6 and the committee struck that. That was the only cost."

Senator Mardesich: "Is there a potential fiscal impact where it authorizes retirement for age at the earliest time specified by social security? Now if they should drop the age on social security, would not that then immediately have a fiscal impact on the state as a result of this law?"

Senator Fleming: "It might be a fiscal impact in the future but not in this next biennium."

(3) In no event, however, shall compensation be paid for the taking or removal of signs adjacent to the interstate system and the scenic system which became subject to removal pursuant to chapter 96, Laws of 1961 as amended by section 55, chapter 3, Laws of 1963 ex. sess. prior to the effective date of this 1971 amendatory act.

(1) Compensation as required by section 12 of this 1971 amendatory act shall be paid to the person or persons entitled thereto for the removal of such signs. If no agreement is reached on the amount of compensation to be paid, the commission may institute an action by summons and complaint in the superior court for the county in which the sign is located to obtain a determination of the compensation to be paid. If the owner of the sign is unknown and cannot be ascertained after diligent efforts to do so, the commission may remove the sign upon the payment of compensation only to the owner of the real property on which the sign is located. Thereafter the owner of such sign may file an action at any time within one year after the removal of the sign to obtain a determination of the amount of compensation he should receive for the loss of the sign. If either the owner of the sign or the owner of the real property on which the sign is located cannot be found within the state, service of the summons and complaint on such person for the purpose of obtaining a determination of the amount of compensation to be paid may be by publication in the manner provided by RCW 4.28.100.

(2) In the event compensation is determined by judicial proceedings, the sum so determined shall be paid into the registry of the court to be disbursed upon removal of the sign by its owner or by the owner of the real property on which the sign is located. If the amount of compensation is agreed upon the commission may pay the agreed sum into escrow to be released upon the removal of the sign by its owner or the owner of the real property on which the sign is located.

(3) The state's share of compensation shall be paid from the motor vehicle fund, or if a court having jurisdiction enters a final judgment declaring that motor vehicle funds may not be used, then from the general fund.
