I can assure you that I will do my best to recognize you in the order in which you address the chair, regardless of which side of the chamber you are on, and I will only tell you this that I will make the rulings in my own fashion at times, perhaps, but I will try to get on to another subject before you find out whether or not I am wrong. If you do not know, for the newer members, you will soon learn that he will do a very fine job for you and take care of all those little details and problems. I do not think I really need to say any more about Sid. He has been around here many years doing a great job in both houses, and we are honored to have him before us today to serve us in the next two year period."

### REMARKS BY PRESIDENT CHERBERG

President Cherberg: "Honored members of the Senate, ladies and gentlemen, prior to the opening of business today, the President should like your permission to exercise the privilege of calling your attention to the fact that forty years ago, less possibly an hour and a half, the Honorable Edward J. "Freshwater" Riley of Spokane, Washington, rose on the floor of the House of Representatives and placed in nomination the name of the Honorable John M. Sylvester for Speaker of the House of Representatives. Subsequent action proved that the Honorable Mr. Sylvester was elected Speaker as the youngest man in the history of the State of Washington to serve in that distinguished and honorable capacity. The President should like to call your attention to his presence. Mr. Sylvester will you please stand in order that the members may properly recognize you."

## MESSAGE FROM THE SECRETARY OF STATE

January 8, 1979.

TO THE HONORABLE, THE PRESIDENT OF THE SENATE,  
THE LEGISLATURE OF THE STATE OF WASHINGTON,  
OLYMPIA, WASHINGTON,

MR. PRESIDENT:

We are herewith respectfully transmitting two Initiatives to the Legislature, the sponsors of which have filed supporting signatures with my office on or before the Constitutional and statutory deadline of December 29, 1978. The measures and their official ballot titles as prepared by the Attorney General are as follows:

No. 61: Shall a system requiring a minimum five cent refund on sales of beer, malt and carbonated beverage containers be established?

No. 62: Shall state tax revenues be limited so that increases do not exceed the growth rate of total state personal income?

My statutory duty is now to cause the signatures supporting these initiatives to be compared against the signatures of registered voters on file in my office to determine whether or not the respective sponsors have submitted the necessary minimum number of valid and unduplicated signatures for certification.

The sponsors of these two initiatives have filed a sufficient number of signatures to permit the application of the statistical sampling technique and for this reason I anticipate that the status of both measures will be determined on or before January 19, 1979. Upon completion of the canvassing of both initiatives, an official report will be given simultaneously to both branches of the Legislature.

Respectfully,  
BRUCE K. CHAPMAN  
Secretary of State.

### MOTION

On motion of Senator Marsh, the Senate returned to the fifth order of business.

### POINT OF INFORMATION

Senator Newschwander: "Mr. President, I would like to ask Senator Marsh a question. You are changing the procedures, and we have stopped the confirmations, and we still have three. I am just wondering, with our short sixty day session, whether we are going to not finish the calendar each day, or are we going to proceed each and every day and finish the calendar and get the work of the Senate done?"

Senator Marsh: Senator Newschwander, we are going to handle the most important business of the day everyday that we are here on the floor, and Senator Benitz has told us that House Joint Memorial No. 3 is very emergent. It needs to be considered immediately, and so we have moved back to the fifth order of business to afford him that opportunity."

### INTRODUCTION AND FIRST READING

HOUSE JOINT MEMORIAL NO. 3, by Representatives Oliver, Hastings, Isaacson, Clayton, Struthers, Flanagan and Patterson:

Requesting passage of federal price support legislation for sugar beets.

### MOTIONS

On motion of Senator Marsh, the rules were suspended, House Joint Memorial No. 3 was advanced to second reading and read the second time in full.

On motion of Senator Marsh, the rules were suspended, House Joint Memorial No. 3 was advanced to third reading, the second reading considered the third, and the memorial was placed on final passage.

### POINT OF INQUIRY

Senator Rasmussen: "Mr. President, I would like to ask a question of either Senator Benitz or Senator Hansen. You indicate here that they need to know whether they will be able to afford to grow sugar beets. In the event that Congress does not pass this subsidy, what crop would they replace it with?"

Senator Benitz: "The most likely crop would be one that is in surplus now, and that is wheat in the area I live. Perhaps Senator Hansen would like to add his comment."

### REMARKS BY SENATOR HANSEN

Senator Hansen: "Wheat, corn beans, and if we were fortunate enough to get an oil processing cracking plant then there would be sunflower and safflower and things like that raised. If we do not come up with the sugar act, those are the types of crops that this land will have to be put into."

### POINT OF INQUIRY

Senator Rasmussen: "One further question, Senator Hansen. Domestically, we grow also, cane sugar in the Hawaiian Islands, and Louisiana. What I am wondering is, what is the difference in the production costs in that and in sugar beets?"

Senator Hansen: "The cane sugar, labor costs are much higher in the continental United States than they are in Cuba. If we rely strictly on imports, cane sugar is just as big a problem as your beet sugar at the present time."

Senator Rasmussen: "Senator, the last question would be, what difference will this make in the retail price if they go to seventeen cents a pound for sugar beets?"

Senator Hansen: "I will have to rely on Senator Benitz for that. About three cents increase over the retail price?"

Senator Benitz: "Yes."

Senator Hansen: "But, you understand the import of foreign sugar is charged tariff which is used to subsidize the American grown product. It is not out of the general fund."

Senator Rasmussen: "That is what I was trying to resolve in my mind, Mr. President, is whether we would be helping the sugar beet growers penalizing the purchaser in the extent of more millions, and I understand that it is a very important industry and I am all for keeping the industry going. But with the millions of dollars involved I am wondering what the trade-off would be, and if some of you have some figures on that."

Senator Hansen: "It will raise about three cents a pound on the American market, but the subsidy is paid out of the import tariff on foreign sugar."

Debate ensued.

## REMARKS BY SENATOR BENITZ

Senator Benitz: "Mr. President, and members of the body, in thinking through I would like to make one bit of a correction in a statement I made. Actually, it will not increase the price of sugar to the retailer at all because import sugar there is a fee charged. A tax charged on that which takes care of it, and that is where it is. Indirectly something has to go up, but the housewife would not be paying it on the shelf. It would be paid back at the production level, as it has been done for many, many years. That is the way the Sugar Act has worked for a long, long time."

Further debate ensued.

Be it holiday, be it memorial services and so forth.

"I think this man, a leader of our nation as he was, one without title; governor, president and any other titles of the world, I think this man had more effect on this world in the area of human dignity and the right of our fellow men than anyone in the last century. I think it would be befitting if you, as men and women, who seek out justice in this august body, along with me, would stand in a moment of silence in honor of this great leader. I would appreciate it very much."

#### REMARKS BY SENATOR MOORE

Senator Moore: "Mr. President, fellow members of the Senate, friends in the gallery, I would like to speak on behalf of this resolution.

"I was a very old and close friend and ally of Father Lemieux. We worked for many years on things pertaining to civil rights, open housing, and I received the Man-of-the-Year award from the B'Nai Brith Lodge the year before he did. The year I received it, he was the man that spoke for me, and I couldn't believe the nice things he said, but I forgave him and we had many laughs after that. I would like to move the adoption of the resolution."

#### REMARKS BY SENATOR LYSEN

Senator Lysen: "Thank you, Mr. President. Ladies and gentlemen of the Senate. I had an opportunity of being a student at Seattle University under Father Lemieux and my wife and I have many fond memories of him and the great contributions he made to our lives and our future.

"Father Lemieux, as you recall, gave the invocation, last Sunday night at the Restaurant Association "Gala". At the time, I commented to my wife that I thought it was very appropriate.

"I have taken the liberty to have his invocation distributed to your desk and I think it might be fitting now to read this prayer which most of us here in this body heard two days before his death. In some ways it is memorable and prophetic.

"With leave of the President I would like to read Father Lemieux's invocation:

'Loving Father, tonight we are gathered in a very gracious and beautiful setting. As we relax in this atmosphere of warmth and celebration, we first turn our hearts to You to offer deep-felt thanks and praise for the gifts of food and drink, the work of human hands, the fruit of the earth and the vine. We also praise and thank You for the companionship we will share at table this evening and ask Your blessing on our lives.

'We praise and thank You for our public servants, our governor, members of the 1979 Washington State Legislature and the 96th Congress. We pray that You will guide them in their forthcoming deliberations and help them to solve with wisdom the complex problems they will face in the public cause.

'We praise and thank You for our distinguished guest from France and the beautiful country of his birth. On this joyful evening, we acknowledge with gratitude our long historic friendship with the French people that has gifted us with so many cultural riches. We are particularly mindful this evening of the superb and unique cuisine — that magic *joie de vivre* — that is so wonderfully French.

'Look with favor especially on all the members of the Hospitality Industry who have made this evening possible. It is industries such as these that with Your guidance have made us a great State, O Lord.

'May the heady wine of Your bounty never dull our senses to the just and to the good. May we all strive to make gentle the harsh realities of human selfishness. You are, indeed, the center of our lives — beginning and end of our journeys; the One alone who will satisfy our deepest hungers and thirst; who will bind us together as brothers and sisters in the hospitality of Your great banquet at the end of time.

'Grant us Your love and blessing as we enter this new year of hope and promise.'

"I thought it might be appropriate just to remind us, because it was just one week ago last evening that this was read to us, and now his funeral will be this afternoon. I think it was a rather remarkable invocation.

"Thank you very much, Mr. President."

The motion by Senator Moore carried and the resolution was adopted.

## MESSAGE FROM THE SECRETARY OF STATE

January 16, 1979.

TO THE HONORABLE, THE PRESIDENT OF THE SENATE,  
THE LEGISLATURE OF THE STATE OF WASHINGTON,  
OLYMPIA, WASHINGTON,

MR. PRESIDENT:

My office has completed a statistical sample of signatures filed in support of Initiative to the Legislature No. 61. According to the provisions of RCW 29.79.200, that sampling procedure must indicate that the petition contains at least one hundred ten percent of the requisite number of legal voters.

The statistical sample used in canvassing Initiative Measure No. 61 indicates that whereas the petition appears to contain a number of signatures in excess of the minimum required by the State Constitution, it does not contain one hundred ten percent of the requisite number.

Therefore, in accordance with RCW 29.79.200 and WAC 434-79-010, I have directed that a full canvass be made of the signatures filed in support of the measure. I anticipate that this process will be completed on or before February 21, 1979,

at which time an official report will be given simultaneously to both branches of the Legislature.

Respectfully,  
**BRUCE K. CHAPMAN**  
 Secretary of State

## GOVERNOR'S ADDRESS

## THE DOORWAY TO THE 80'S

The Governor: "President Cherberg, Senators Walgren and Henry, Speakers Bagnariol and Berentson, ladies and gentlemen of the Legislature, distinguished Justices of the Supreme Court, elected officials, fellow citizens, I bid you a full and good afternoon.

"Although we are embarked on a most important legislative session this year—just ten years short of our centennial—I am confident we can conduct the state's business in a spirit of good will and good humor; we are going to need a lot of both.

We'll need them because we are about to make a bit of history as we operate for the first time with the 49ers of the House of Representatives.

"We have heard and read so much about the impossibility of working with co-speakers and co-chairmen and co-clerks and co-this and co-that. Let's confound all those experts and demonstrate to the self-proclaimed oracles that the most important 'co' in Olympia this session will be 'co-operation,' and when frowns appear and tempers shorten, I hope the peacemakers among us will be the only truly effective majority.

"Two years ago I appeared before you with a maximum supply of political innocence and a minimum store of gubernatorial experience. I hope that after two years of attention to duty, and with your continuing messages of encouragement and assistance, that I may have reversed that situation. As I look around I can see that you, too, have changed and so at this time, we're starting off even.

"In fulfillment of the requirement that the Governor communicate to the Legislature at each session the condition of the affairs of state and recommend action on such measures as are deemed expedient, I am pleased to make this report. On the basis of a number of significant yardsticks, Washington State is prospering to an extent greater than ever before in its history. A financial report, the first of its kind and planned as an annual document, has been provided to you.

"Employment, personal income, business volume—these as well as other measures point to new highs in economic performance. Some 85,000 new jobs were created in our state's economy just in the twelve months preceding last October. This raises total state employment to well over one million, six hundred thousand—the highest that any governor has ever been able to report. For the first time in a decade, monthly unemployment rates have frequently been below the national average. High employment across the state has allowed my administration to repay the final installment of the \$137 million borrowed from the federal government to fund unemployment compensation during the drastic employment decline in the early 1970's. While inflation has pushed up the consumer price index by eight percent, compared with one year ago, personal income in the state has increased by fifteen percent in the same period, reaching \$8,200 on a per capita basis. Industry has flourished in this state with a net gain of 12,000 new businesses accounting for a total manufacturing investment increase in excess of \$650 million.

"The advantages of life in Washington are becoming more and more apparent to people all across the nation. Large numbers visited the Evergreen State in 1977–78, with revenues from the travel industry increasing by thirteen percent to approximately \$2.7 billion. Substantial net in-migration over the past five years contributed to the forecast population increment between April 1978 and April 1979 of 129,000, reflecting the fact that Washington is undergoing, and probably will sustain, growth unparalleled in its history. Based on a June 1978 study, we can probably expect an additional 450,000 new citizens between now and 1985 and an additional 800,000 between then and the year 2000.

"Not only has our population increased in size, but its distribution, composition and disposition have changed as well. Seattle showed a seven percent loss in population, and Spokane and Tacoma posted only small increases compared to 1970. Whereas overall incorporated population increased by six percent, population in unincorporated areas of the state rose by over sixteen percent. For the fifth year in a row, births in Washington increased and persons 65 years of age and older now represent more than ten percent of the state's population. We are entering the era of a four-generation society.

"Controlling the size and cost of state government while still providing needed services is a major undertaking of this administration. Substantial population changes, such as I have reported, exert never-ending pressures to expand and extend government services and their delivery. During the last two years, however, state

government growth has been held down to one percent per year as compared to seven and a half percent per year during the ten years preceding my first term in office.

"Nationwide inflation that erodes the purchasing power of citizens has severely affected state services. Maintenance of present service levels, plus the numerous instances of improved performance, have come about through enhanced management and greater employee efficiency. Examples of improvements abound. I will mention only three. Vehicle title transfer time which stood at a high of forty-seven days when I took office has been reduced to ten days; it remains at that level today, despite a nine percent increase in volume. The employment needs of the increasing population have caused us to place greater emphasis on helping people find jobs. Last year 98,000 individuals were placed and that's a record. The number of injured workers eligible for industrial insurance benefits who are paid within the fourteen days required by law rose from twenty-five to ninety percent—our aim is one hundred percent.

"Improved management has served to ameliorate, but cannot do away with, the problems of inflation in the public, as well as, the private sectors. Although we will continue to direct the government enterprise according to the best management standards, always seeking more cost-effective methods of service delivery, we must deal with the reality of spiraling costs. Our responsibility to govern efficiently cannot mitigate our responsibility to meet the needs of all the people.

"In Washington State, as in other states, care for the aged, the infirm and those recovering from protracted illness is frequently provided by private nursing homes. Sixty percent of the private nursing home facilities are occupied by patients who receive residential care under provisions of the Medicaid program administered by the state. As mandated by the federal government, nursing home operators are reimbursed for the costs of stipulated services. Patient care continues to be a primary consideration.

"Although we have practiced cost containment to assure the maximum provision of care for every tax dollar, we recognize the upward trend of operators' legitimate costs, and so, beyond the Medicaid program, I commend to you a number of alternatives.

"Provision of these alternatives would allow and encourage senior citizens to continue to live rewarding lives in the homes which seventy percent of them own. Your authorization of a \$59 million increase for funding these measures would promote the availability of home health care services, increase the property tax exemption for seniors and provide state funding for continuation of the nationally acclaimed Senior Citizens' Service Act.

"All retired citizens are particularly affected by the inflationary burden on fixed retirement incomes. Although enhanced management of retirement systems now produces an additional \$700,000 in investment income, six to eight percent inflation rates for the last four years have severely impacted retired members of the Teachers' and Public Employees' Retirement System. Retired teachers, in particular, have not received a cost of living increase for four years. I strongly recommend that you support my proposal to establish minimum benefits for retired teachers and public employees and provide a three percent cost of living increase.

"Although many of the buildings at Western and Eastern State Hospitals for the mentally ill have been updated over the years, patient treatment and rehabilitation programs are limited by functionally outdated structures. I urge your support in my request for \$34 million to construct new facilities for the nonoffender parts of both hospitals.

"Throughout the state today there exists a serious shortage of decent, safe and affordable housing for families of low and moderate means. The average price of a new residence now exceeds \$55,000. Some 120,000 citizens are paying more than

twenty-five percent of their income for housing alone. Ninety-five thousand housing units are substandard, endangering their occupants' health and safety. To face up to this responsibility, I recommend that we establish a state housing finance agency similar to that found already in forty of the fifty states. This agency could begin to alleviate housing problems without long term costs to taxpayers. By selling tax exempt bonds, home mortgages would be made available through banks, savings and loan associations and mortgage companies to qualified individuals. Both the agency and financial institutions would use a small portion of bond proceeds to pay for administrative costs. Operation of the state housing finance agency could extend the benefits of home ownership or reduced rentals to people earning as little as nine thousand dollars to fifteen thousand dollars per year and it would also serve to dampen the effects of recession should we face that problem again here in Washington.

"Perhaps nowhere in state government have we worked harder to improve efficiency and effectiveness than in the provision of human services. Prudent management does demand, wherever possible, that we avoid unnecessary and fruitless cost, but provide public help to those with legitimate need. Humanity confirms also the need that we immunize children against preventative disease.

"Washington has always been dedicated to full educational opportunity for every child. Our Constitution stipulates that it is the paramount duty of the state to make ample provision for the education of all children.' It does not equivocate or limit this duty. We have already delayed too long in assuming our legitimate responsibility. September of 1978 saw confirmation of this and full funding of K-12 is mandated by the courts.

"We should do it now. Accelerated full funding, such as I propose, is not simply a further shift of money from local to state sources. It heralds establishment of greater equality of educational opportunity for all children in the state wherever they may live, whatever their community's economic status. Today we have the opportunity to make Washington the first state in the continental United States to define and fully fund basic education. Such action would be an estimable hallmark for the 46th Legislature and I earnestly solicit your support for this measure.

"Washington citizens join others across the nation in calling for a tax relief. The budget proposed for the 1979-81 biennium includes a significant number of tax relief measures. I am proposing major tax reduction for the first time since the administration of Governor Mon Walgren, some thirty-two years ago. These tax programs, if enacted, will provide tax relief for all citizens, for senior citizens, for property owners and for the state's business community. Let me emphasize again, accelerated full funding of the common schools would provide significant property tax relief for homeowners this year.

"Resolution of the complex fisheries' management programs constitutes another important problem for state government. United States Supreme Court review of the Boldt decision in the next sixty to ninety days will not realistically solve all the issues.

"Accordingly, we are working with our Congressional Delegation on a Washington State Resource Management Plan designed to increase the availability and quality of salmon and steelhead fish for all citizens on an equal opportunity basis.

"Looking to the future, we must make adequate provision for the state's identified building needs. My proposed capital budget calls for legislative endorsement of eleven bond issues. Each of these is amply justified and clearly needed. I particularly urge your support of a \$111 million bond issue for capital improvements in DSHS which would, if approved, provide for a new five hundred bed medium security adult correction facility. This construction would constitute an integral part of the effort toward relieving overcrowding in the penal institutions. It will also provide capital

improvements at Eastern and Washington State Mental Hospitals and other DSHS facilities.

"Our northwestern way of living and the growing population demands additional recreation facilities. These can frequently be provided with the assistance of federal funding where the state is willing to provide matching funds. Availability of these matching funds requires your authorization of a \$16 million bond issue for the Outdoor Recreation Account.

"Two other bond issues—one for universities, the other for the community college system—amount, in total, to \$57.5 million. These are not pointed to substantial new construction, but to improvement of existing structures.

"This is only my second opportunity to present my budget and legislative proposals to this august body. My proposals are designed to meet the basic needs of our citizens while remaining consistent with my administration's philosophy and the temper of the times—that is to move toward minimizing the burden of taxes, minimizing the involvement of government in the lives of its citizens, and providing essential government services in an efficient, professional and businesslike manner. The proposals I bring you are not designed to solve all problems. They are, for the most part, modest proposals for incremental improvements to meet basic and immediate needs. I request your help in considering these proposals with dispatch so that we may work together to face some far more compelling and far-ranging problems. I speak to you now of just two such problems: These are the need for (1) adequate supplies of energy to sustain the healthy economic conditions we now enjoy, (2) the need for expansion, maintenance and improvement of the public transportation systems upon which we all depend so heavily and which will soon be strained to overcapacity with our increasing population. We will not emerge from this legislative session with permanent solutions to either of these problems. This decade may end without such solutions, but let us not open the door to the eighties unless it can be said that this state government—the Governor and the Legislature working together—have begun to deal with the pressures and problems that population and economic growth will bring. Let it not be said that this government lacked the foresight to tackle the problems of energy supply and diversification, so that viable energy resources will be available for transportation, environment, and economic opportunity for the citizens of this state as they begin the next decade. Let us then work together to complete this legislative session with harmony and efficiency, but let this, too, be the beginning of a determined effort to work more closely to prepare the way to the eighties, to ensure that the next decade in this state will be as prosperous and as promising for our citizens as we expect the completion of this decade to be. Let us demonstrate our ability to tackle these long range needs by the success with which we complete our work in this legislative session.

"Thank you."

## POINT OF INFORMATION

Senator Rasmussen: "Mr. President, was that Senate Concurrent Resolution 102 that the House adopted?"

President Cherberg: "Yes, Senator Rasmussen."

Senator Rasmussen: "And that contains a cutoff date for introduction of bills?"

President Cherberg: "Yes, Senator Rasmussen."

President Cherberg: "The request must be in the Code Reviser's office no later than the twenty-ninth day of the session, Senator Rasmussen. Two weeks from next Monday, Senator."

Senator Rasmussen: "Twenty-ninth day of, what would be the calendar date?"

President Cherberg: "The Secretary is going to do a little research, Senator Rasmussen."

Senator Rasmussen: "There is a little confusion here as to what the actual cut-off date is. The reason I asked that question, Mr. President, is, it sometimes flies by and people are not aware of the exact cutoff date when the request has to be on the Code Reviser."

President Cherberg: "That is true, Senator Rasmussen."

Senator Rasmussen: "I am informed by the caucus chairman that it will be February the fifth. The requests then have to be at the Code Reviser's desk by what time?"

President Cherberg: "The normal cutoff time is 3:00 p.m., but the Code Reviser will accept requests until 5:00 p.m."

Senator Rasmussen: "On February the fifth? Thank you, Mr. President."

#### SECOND READING

SENATE BILL NO. 2119, by Senators Marsh, Talmadge, Clarke, Hayner, Bottiger, and Woody:

Revising the business corporation act.

#### REPORT OF STANDING COMMITTEE

January 12, 1979.

SENATE BILL NO. 2119, revising the business corporation act (reported by Committee on Judiciary):

MAJORITY recommendation: Do pass with the following amendments:

On page 21, line 4, after "shareholder" and before the comma, insert "for a writ of mandamus"

On page 62, line 26, after "sections" strike "53" and insert "52"

On page 62, line 27, after "and" strike "54" and insert "53"

Signed by: Senators Marsh, Chairman; Talmadge, Vice Chairman; Clarke, Gallagher, Hayner, Jones, Van Hollebeke, Woody.

The bill was read the second time by sections.

#### POINT OF INQUIRY

Senator Pullen: "Article II, section 1, of the State Constitution says that initiatives to the legislature take priority over all other bills except for appropriation bills. I was wondering why we weren't considering Initiative 62 first?"

Senator Walgren: "It is my understanding that the Secretary of State has failed in his own constitutional duty in certifying the signatures with regard to that particular matter."

Senator Pullen: "Well, Article II, section 1, doesn't say the signatures have to be certified."

President Cherberg: "The measure is not properly before the Senate, Senator, inasmuch as it has not been certified as yet."

Senator Pullen: "Does that mean that when it is certified that we must consider that measure before any other bills?"

President Cherberg: "The President regrets that he does not make constitutional decisions."

On motion of Senator Marsh, the committee amendments were adopted.

Senator Lysen moved adoption of the following amendment:

On page 12, following line 18, insert:

"(8) Any corporation or its agent, who in good faith, provides requested information to a state elected official regarding state government contracts shall have absolute and complete immunity from any civil action, suit or proceeding, but such immunity shall not extend to criminal actions or proceedings."

Senator Pullen moved adoption of the following amendment to the amendment by Senator Lysen:

Amend the Lysen Amendment to page 12, line 18 as follows: On line 3 of the amendment, before "to" insert "regarding ferry construction".

### POINT OF INFORMATION

Senator Lysen: "Is this amendment too narrow and restrictive for statutory language? Is it acceptable statutorily, statutorial structure—or is it too narrow and specific?"

### REPLY BY THE PRESIDENT

President Cherberg: "Senator Lysen, in reply to your inquiry, the President believes that the amendment is properly before the Senate, and it is not necessarily, it is a limitation, however."

Debate ensued.

The motion by Senator Pullen carried and the amendment to the amendment was adopted on a rising vote.

Further debate ensued.

Senator Talmadge moved adoption of the following amendment to the amendment by Senator Lysen:

Amend the Lysen Amendment to page 12, line 18 as follows: On line 2 of the amendment, strike "requested" and on line 3, after "official" insert "requested pursuant to legislative subpoena", and on line 5 strike "absolute and complete".

### POINT OF INQUIRY

Senator Clarke: "It is my impression that there presently exists immunity for any information that would be furnished pursuant to a legislative subpoena and if that is so, then I have some apprehension about putting an amendment of this kind into a technical bill, which has been worked on by the Bar Association and the various judiciary people for a long period of time for amendments to the corporate code. And this is something that they have not had an opportunity to consider, so my question is in reality, whether or not by adding your amendment, you are not in effect, simply restating current law?"

Senator Talmadge: "Mr. President, I fully appreciate Senator Clarke's remarks with respect to the addition of an amendment after the model business corporation act has been considered in full by many groups outside of this body. My understanding is, there is an immunity granted to legislators...I am not certain there is an immunity granted to people who testify pursuant to subpoena. I may be wrong in that regard, but I believe that that is true. I would be willing to stand corrected if anyone could supply that information."

Debate ensued.

## POINT OF INQUIRY

Senator Rasmussen: "Senator Talmadge, you are in effect requiring a subpoena before, and as Senator Clarke spoke, that is available now in the law. But what you are requiring is a subpoena before you have enough information to justify the request, and you are aware of course of the general administration scandals in Washington, D.C. and numerous other agencies, where it has been some person, either in a corporation or a government employee, that has given this information that has then sparked the investigation. I think we should leave it so that you may get this information in advance without jeopardizing the person that is giving it to you, and that is the intention of Senator Lysen's amendment."

Senator Talmadge: "Senator, I have looked upon the requirement of a legislative subpoena as an additional protection that the adequacy of the situation may be assured. One of the problems that we have identified in discussing this amendment is that there may be situations in which the very transmission of information could result in liability outside of the legislative context and could result in severe problems to corporations doing business in this state. I would suggest that that is an additional, and as I said before, an additional protection, and would simply take care of the problem that Senator Lysen is attempting to deal with, at the same time providing that additional insurance."

Further debate ensued.

The motion by Senator Talmadge carried and the amendment to the amendment was adopted.

The motion by Senator Lysen failed and the amendment, as amended, was not adopted.

Senator Marsh moved adoption of the following amendment by Senators Marsh and Hayner:

On page 13, line 18, after "name" and before the comma insert "as determined by the secretary of state"

## POINT OF INQUIRY

Senator Van Hollebeke: "I haven't had time to get back to the bill to see what this does. Is this the position opposite of what the Bar Association had taken on this?"

Senator Marsh: "It is a modification of the Bar's position. It doesn't go as far as the Bar Association would have liked us to have gone."

The motion by Senator Marsh carried and the amendment was adopted.

On motion of Senator Marsh, the following amendment by Senators Marsh and Hayner was adopted:

On page 57, line 31, after "name" and before the semicolon insert "as determined by the secretary of state"

On motion of Senator Hayner, the following amendment was adopted:

On page 60, beginning on line 7, strike all of the material down to and including the period on line 27.

Renumber the remaining sections consecutively.

On motion of Senator Gallagher, the following amendment by Senators Gallagher and Hayner was adopted:

On page 68, after line 8, add the following:

"(7) Section 155, chapter 53, Laws of 1965 and RCW 23A.44.080."

On motion of Senator Hayner the following amendment by Senators Gallagher and Hayner to the title was adopted:

On page 3 of the title, line 24, after "RCW 23A.40.130;" strike "and", and on line 25, after "RCW 23A.40.140, insert "; and repealing section 155, chapter 53, Laws of 1965 and RCW 23A.44.080".

### MOTIONS

On motion of Senator Jones, Senator Gould was excused.

On motion of Senator Marsh, the rules were suspended, Engrossed Senate Bill No. 2119 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

### MOTION

Senator Marsh moved that Senate Bill No. 2333 be referred to the Judiciary Committee.

Debate ensued.

### POINT OF INQUIRY

Senator Goltz: "Senator Marsh, I think many of us feel that this bill is probably the most important substantive bill which this session of the legislature may have to deal with as new legislation. And I think we are committed to facing up to the issues in this bill and therefore we want, those of us who are not in either of these committees, to be sure that it be given a fair hearing, that it be worked and that if at all possible, it be brought back to this floor for our consideration here.

"When I asked you earlier today, what predisposition you had toward this bill you were very reassuring to me, and it might be reassuring to the other members if you would state your commitment to getting that series of actions done."

Senator Marsh: "Yes, thank you, Senator Goltz. I have committed to my caucus, and to you, and to others who have asked me, to a hearing on this bill on February 14th. I can assure you that it will be a fair hearing and that we will hear all the parties that are concerned. If it is the will of the majority of that committee, a majority of which are non-practicing attorneys we will get the bill out, back to this floor and hopefully the bill will be in such shape that it will be in the public interest. I really feel that something needs to be done in this area. I am committed to doing something in this area, but I want to be sure that we preserve the right of injured consumers to have their day in court."

## POINT OF INQUIRY

Senator Fleming: "Senator, how many members serve on your committee?"

Senator Marsh: "Nine."

Senator Fleming: "Nine. And you said the majority of the members are non-practicing attorneys."

Senator Marsh: "That is correct."

Senator Fleming: "Isn't it also a fact two of those members might be considered lawyers if they had passed the bar, or they got their license in some other state?"

Senator Marsh: "Two of the additional members are legally trained."

Senator Fleming: "So the majority of the committee would be legally trained in the field of law."

Senator Marsh: "That is correct. And I think that is a plus that people are legally trained."

## MOTION

On motion of Senator Talmadge a roll call was demanded. The demand was sustained.

The President declared the question before the Senate to be the motion by Senator Marsh that Senate Bill No. 2333 be referred to the Judiciary Committee.

## ROLL CALL

### MOTION

Senator Day moved the appointment of Gerald Thompson as Secretary of the Department of Social and Health Services be confirmed.

### POINT OF INQUIRY

Senator von Reichbauer: "Senator Day, in the hearing before your committee, and the interview of the director designee, did he address himself to the question of separating the Department of Institutions from the Department of Social and Health Services?"

Senator Day: "I don't believe he addressed himself to that issue. He did address himself to the issue of the separation of Corrections and said he felt that the thing could be managed without separation."

Senator von Reichbauer: "Without separation."

Senator Day: "Yes."

Senator von Reichbauer: "Thank you."

### POINT OF INQUIRY

Senator Lysen: "Sometime ago, I think it was in December, I received a letter from Mr. Thompson saying that he wanted all inquiries from legislators to go through his office if it had anything to do with the department. I see there is a proliferation of legislative liaison in all the departments. But what I like to do, I like to talk to people on my own to find out information and I don't think it should be necessary for myself, as an elected state official, to have to file every single one of my inquiries through his office. I think that is inappropriate and I would oppose that. Did that issue come up in the confirmation hearing?"

Senator Day: "No, it didn't. However, I spoke to him previously on that subject. And I think what he was attempting to convey to the legislature was that if you did not acquire the information that you needed, and the action that you needed, that you were then to direct the things directly to him and he would give them his attention."

The motion by Senator Day carried and the appointment of Gerald Thompson as Secretary of the Department of Social and Health Services was confirmed.

### APPOINTMENT OF GERALD THOMPSON

The Secretary called the roll. The appointment was confirmed by the Senate by the following vote: Yeas, 42; nays, 4; excused, 3.

Voting yea: Senators Bausch, Benitz, Bluechel, Clarke, Day, Fleming, Gallagher, Gaspard, Goltz, Gould, Guess, Hansen, Hayner, Henry, Jones, Lee, Lewis, Marsh, Matson, McDermott, Moore, Morrison, Newschwander, North, Odegaard, Peterson, Pullen, Quigg, Rasmussen, Ridder, Scott, Sellar, Shinpoch, Talley, Talmadge, Vogniild, Walgren, Wanamaker, Wilson, Wojahn, Woody—42.

Voting nay: Senators Conner, Donohue, Lysen, Van Hollebeke, von Reichbauer—4.

Excused: Senators Bottiger, Keefe, Williams—3.

The Color Guard, consisting of Pages Teresa Fry and Mark Saltvig, presented the Colors. Reverend Charles Loyer, pastor of the Westminster United Presbyterian Church of Olympia, offered the following prayer:

"ETERNAL GOD, AS THIS LEGISLATURE AGAIN CONVENES, THE WORLD EVENTS OF RECENT WEEKS REMIND US OF THE FRIGHTFUL PRICE PEOPLE ARE STILL WILLING TO PAY FOR A TRULY REPRESENTATIVE GOVERNMENT. FORGIVE US THAT WE TOO READILY TAKE FOR GRANTED OUR OWN. RESTORE TO OUR PEOPLE A PRIDE IN THEIR DEMOCRATIC INSTITUTIONS AND A WILLINGNESS TO SUPPORT THEM. CREATE BETWEEN LEGISLATOR AND CONSTITUENT A SPIRIT OF MUTUAL RESPECT AND TRUST: THE CONSTITUENT GRANTING TO THE LEGISLATOR THE FREEDOM TO REPRESENT, AND THE LEGISLATOR FULFILLING FOR THE CONSTITUENT HIS RIGHT TO BE REPRESENTED.

"OUR FATHER, BLESS OUR LEGISLATORS AS THEY FACE ANOTHER ROUND OF COMPLEX ISSUES. OUT OF THE GIVE AND TAKE OF COMMITTEE ACTIONS MAY THERE SURFACE A WISDOM GREATER EVEN THAN THAT PREDICATED BY THE SUM OF THEIR IQ'S. AMEN."

MESSAGE FROM THE SECRETARY OF STATE

DEPARTMENT OF STATE  
OFFICE OF THE SECRETARY

January 18, 1979

TO THE HONORABLE, THE PRESIDENT OF THE SENATE,  
THE LEGISLATURE OF THE STATE OF WASHINGTON,  
OLYMPIA, WASHINGTON

DEAR SIR:

We herewith respectfully transmit for your consideration, pursuant to Article II, Section 1, of the state constitution and RCW 29.79.200, the certification of the sufficiency of Initiative to the Legislature 62 together with a copy of the full, true and complete text of the Initiative as filed in this office on June 9, 1978.

Sincerely,  
BRUCE K. CHAPMAN  
Secretary of State  
/s/CARMELA M. BOWNS  
Assistant Secretary of State.

CERTIFICATION OF INITIATIVE TO THE LEGISLATURE 62

Pursuant to Article II, Section 1A of the Washington State Constitution, RCW 29.79.200, and WAC 434-79-010, the Office of the Secretary of State has caused the signatures submitted in support of Initiative to the Legislature 62 to be examined in the following manner:

(1) It was determined that 169,456 signatures were submitted by the sponsors thereof. A random sample of 6,748 signatures was taken from those submitted;

(2) Each sampled signature was examined to determine the following: (a) if the signer was a registered voter of the state at the address indicated on the petition; (b) if the signature was proper as to form; and (c) if the same signature appeared more than once in the sample. We found 6,270 valid signatures, 464 signatures invalid due to not being registered or being improper in form, and 14 pairs of duplicated signatures in the sample; (3) We calculated an allowance for the chance of error of sampling (33) by multiplying the square root of the number of invalid signatures by 1.5;

(4) We estimated the upper limit of the number of signatures on the initiative petition which were invalid (12,482) by dividing the sum of the number of invalid signatures in the sample and the allowance for the chance error of sampling by the sampling ratio;

(5) We determined the maximum allowable number of pairs of signatures on the petition (20,891) by subtracting the sum of 110% of the number of signatures required by Article II, Section 1A of the Washington State Constitution (136,083) and the estimate of the upper limit of the number of invalid signatures in the population from the number of signatures submitted;

(6) We determined the expected number of pairs of signatures in the sample (33) by multiplying the square of the sampling ratio by the maximum allowable number of pairs of signatures on the initiative petition;

(7) We determined the acceptable number of pairs of signatures in the sample (23) by subtracting 1.65 times the square root of the expected number of pair of signatures in the sample from the expected number of pairs of signatures in the sample; and

(8) Since the number of pairs of signatures in the sample is less than the acceptable number of pairs of signatures in the sample, I hereby declare Initiative to the Legislature 62 to be sufficient.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the State of Washington to be affixed this 18th day of January, A.D., 1979.

BRUCE K. CHAPMAN,  
Secretary of State

by  
/s/CARMELA M. BOWNS  
Assistant Secretary of State.

(Seal of the State of Washington)

### INITIATIVE TO THE LEGISLATURE 62

AN ACT Relating to revenue and taxation; adding a new chapter to Title 43 RCW; and providing an effective date.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. The people of the state of Washington hereby find and declare:

(1) The continuing increases in our state tax burden and the corresponding growth of state government is contrary to the interest of the people of the state of Washington.

(2) It is necessary to limit the rate of growth of state government while assuring adequate funding of essential services, including basic education as defined by the legislature.

(3) It is therefore the intent of this chapter to:

(a) Establish a limit which will assure that the growth rate of state tax revenue does not exceed the growth rate of state personal income;

(b) Assure that local governments are provided funds adequate to render those services deemed essential by their citizens;

(c) Assure that the state does not impose, on any taxing district, responsibility for new programs or increased levels of service under existing programs unless the costs thereof are paid by the state;

(1) "State tax revenue" means all state moneys received in the treasury from every source except those revenues excluded for the term "general state revenues" by Article VIII, section (1)(c) of the state Constitution other than the state property tax levied for the support of the common schools under RCW 84.52.065, as now or hereafter amended.

(2) "State personal income" means the dollar amount published as total personal income of persons of the state for the calendar year by the United States department of commerce or its successor agency.

(3) "State tax revenue limit" or "limit" means the state tax revenue limit created by this chapter.

(4) "Taxing district" means those districts included within the term "taxing district" under RCW 84.04.120, as now or hereafter amended.

(5) "State personal income ratio" for any calendar year means the quotient formed by dividing (a) state personal income for the calendar year under consideration by (b) the state personal income for the immediately preceding calendar year.

**NEW SECTION.** Sec. 3. (1) The state tax revenue limit for any fiscal year shall be the previous fiscal year's state tax revenue limit multiplied by the average state personal income ratio for the three calendar years immediately preceding the beginning of the fiscal year for which the limit is being computed.

(2) For purposes of computing the state tax revenue limit for the fiscal year beginning July 1, 1980, the phrase "the previous fiscal year's state tax revenue limit" means the state tax revenue collected in the fiscal year beginning July 1, 1978, multiplied by the average state personal income ratio for the calendar years 1976, 1977, and 1978.

**NEW SECTION.** Sec. 4. Except as provided in section 5 of this act, taxes, fees, and charges on persons, property, and activities shall be imposed, levied, or set by the legislature in such a manner that the estimated state tax revenue for each fiscal year of the next biennium will not exceed the state tax revenue limit for that fiscal year: **PROVIDED**, The legislature may at any time adjust such taxes, fees, and charges for the second fiscal year of the biennium.

**NEW SECTION.** Sec. 5. (1) The state tax revenue limit for any fiscal year may be exceeded in order to meet an emergency as declared by the legislature by two-thirds vote of each house. The legislature, by two-thirds vote of each house, shall set forth the circumstances constituting the emergency and the amount of state tax revenue in excess of the applicable state tax revenue limit necessary to meet the emergency.

(2) Any amount of state tax revenue authorized by subsection (1) of this section in excess of the state tax revenue limit shall be authorized only for the fiscal year in which the vote is taken and/or the next succeeding fiscal year, as directed by the legislature.

(3) Except where the emergency results from a court order, the amount of state tax revenue authorized under subsection (1) of this section in excess of the limit shall not be used in the revenue base used to compute the state tax revenue limit for subsequent years.

**NEW SECTION.** Sec. 6. (1) The legislature shall not impose responsibility for new programs or increased levels of service under existing programs on any taxing district unless the districts are reimbursed for the costs thereof by the state.

(2) That proportion of state tax revenue which consists of direct state appropriations to taxing districts taken as a group shall not be decreased below that proportion appropriated in the biennium immediately preceding the effective date of this act: **PROVIDED**, This proportion shall be decreased in any fiscal year only if: (a) The legislature decreases the state tax revenue limit for that fiscal year by an amount equal to the dollar amount of any decrease in direct state appropriations to taxing districts taken as a whole; or (b) the state tax revenue limit has been increased under section 5(3) or 6(3) of this act and the decrease of the proportion is commensurate with the increase in the state tax revenue limit.

(3) If by order of any court, or legislative enactment, the costs of a federal or taxing district program are transferred to or from the state, the otherwise applicable state tax revenue limit shall be increased or decreased, as the case may be, by the dollar amount of the costs of the program.

(4) The legislature, in consultation with the office of financial management or its successor agency, shall determine the costs of any new programs or increased levels of service under existing programs imposed on any taxing district or transferred to or from the state.

**NEW SECTION.** Sec. 7. The legislature shall, prior to any other appropriation, provide for the payment of the principal and interest of the indebtedness of the

state. State tax revenue collected in any fiscal year in excess of the state tax revenue limit for that fiscal year shall be included as part of the state tax revenue for the succeeding fiscal year.

**NEW SECTION.** Sec. 8. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION.** Sec. 9. This act shall take effect on January 1, 1980: **PROVIDED,** That the first fiscal year for which the state tax revenue limit shall be in effect is the fiscal year beginning on July 1, 1980.

## SIXTEENTH DAY

---

### MORNING SESSION

---

Senate Chamber, Olympia, Tuesday, January 23, 1979.

The Senate was called to order at 10:20 a.m. by President Cherberg. The Secretary called the roll and announced to the President that all Senators were present except Senators Keefe, Talley and Williams. On motion of Senator Wilson, Senators Keefe, Talley and Williams were excused.

The Color Guard, consisting of Pages Nancy Sanglier and Chris Van Hollebeke, presented the Colors. Reverend Jesse Jackson offered the following prayer:

"OUR FATHER AND OUR GOD, WE THANK THEE FOR THE PRIVILEGE OF LIFE AND HEALTH AND STRENGTH. WE DO NOT WANT TO TAKE FOR GRANTED THE FACT WE HAVE THIS OPPORTUNITY TO SERVE AND TO SHARE, TO BE A GREATER GENERATION BY WORKING HARDER BY HAVING MORE FAITH AND TRUST IN THEE. WE THANK YOU FOR THE VERY FOUNDATION OF OUR NATION. WE GIVE GLORY AND HONOR BECAUSE OF OUR RELIGIOUS HERITAGE. LET US BE TRUE TO THAT HERITAGE. A COMMITMENT TO SOMEONE OTHER THAN OURSELVES. A COMMITMENT TO FEED THE HUNGRY, TO CLOTHE THE NAKED, TO LIBERATE THE TESTED. AS AS WE WRESTLE WITH THE GREAT DECISIONS OF OUR DAY, HELP US TO STRIVE EARNESTLY AND HONESTLY, FORGIVE US FOR OUR SINS, PROTECT US, PROTECT OUR FAMILIES, GIVE US THE STRENGTH OF OUR CONVICTIONS AND THE JOY OF OUR SALVATION. BLESS THE GOVERNOR, THE LIEUTENANT GOVERNOR, THE SENATORS, THE HOUSE MEMBERS, THE OFFICIALS WHOM MUST ASSUME THE RESPONSIBILITIES FOR THE AFFAIRS OF THE PEOPLE OF THIS STATE. BLESS THEM IN A MIGHTY WAY. GIVE THEM THAT SOMETHING WITHIN THAT WILL KEEP THEM ABOVE DESPAIR AND HOPELESSNESS. KINDLE THE FLAME THAT IS WITHIN EACH OF US SO WE CAN ALLOW THE LIGHT THAT WE HAVE TO SHINE, THAT THOSE IN THE DARK MIGHT HAVE LIGHT AND THAT OUR LIGHT WOULD SHINE SO BRIGHTLY, THAT IT WILL BURN IN SUCH A WAY, THAT WE WILL GIVE OFF HEAT, AND EVEN THOSE WHO ARE IN PROXIMITY TO US WILL GET THE FEELING THAT IT CAN HAPPEN, THAT IT CAN BE DONE. AND IT IS WITHIN THIS SPIRIT, EVEN THOUGH WE WALK IN THE VALLEYS AND SHADOWS OF DEATH WE FEAR NO EVIL FOR THOU ART WITH US. THIS IS OUR PRAYER, AMEN."

### MOTION

On motion of Senator Marsh, the reading of the journal was dispensed with and it was approved.

## APPOINTMENT OF SPECIAL COMMITTEE

Prior to formal convening of the Senate, the President announced to members and guests the presence of Reverend Jesse Jackson. The President appointed Senators Fleming, Newschwander, Sellar, von Reichbauer and Walgren as a committee of honor to escort the Reverend Jesse Jackson to a seat on the rostrum.

Reverend Jackson addressed the members of the Senate as well as guests prior to convening of the Senate.

## REMARKS BY SENATOR WALGREN

Senator Walgren: "Mr. President, I don't know that there are any questions, apparently not. Reverend Jackson carried on, of course, in his usual traditional manner. I had the opportunity of hearing him at the National Council of State Legislatures in Denver. He is an inspirational speaker, he carries a message of great import to, not only this legislature, but the legislatures, I think of every state in this country, and we are very, very pleased and proud that you were able to join with us this morning. Thank you very much."

## REMARKS BY SENATOR FLEMING

Senator Fleming: "Mr. President and members of the Senate, I would like to take this opportunity to join Senator Walgren in thanking the Senate in allowing the Reverend Jesse Jackson to appear before us and deliver such an outstanding message. I would like to also take this opportunity to once again greet and say 'hello' to the Reverend Jesse Jackson. I have been in his presence several times, but I think the most memorable one was when they had the first National Black Political Convention back in Gary, Indiana. We shared on the coordinating committee together. I would just like to say that it is indeed a pleasure to see you again, hope that this won't be the last time. Come back and see us. Thank you."

## REMARKS BY SENATOR GOLTZ

Senator Goltz: "I think that we should thank Reverend Jesse Jackson for having some influence and affect upon Senator Fleming, because it seems to be doing some good."

## REMARKS BY SENATOR SCOTT

Senator Scott: "To say, Mr. President, there isn't some room for improvement."

## REMARKS BY PRESIDENT CHERBERG

President Cherberg: "Thank you once again, Reverend."

## REMARKS BY REVEREND JESSE JACKSON

Reverend Jesse Jackson: "I do want to thank all of you again for being so kind and so generous, and I want to once again express my thanks to the state superintendent of education, who has maintained the sensitivity in my judgment, that is adequate to make this state indeed a leader. There is no natural reason why this can't be the number one state in education in this nation. So many of our educational leaders for some reason or the other have given up on the unexplored and exploited images of those who are economically left out. The fact that this state superintendent is willing to go beneath the soil to get some unused sources of energy in this state, in a real sense, says much for his insight and sensitivity and I am

grateful for having had the opportunity to be invited here, by him, and for your kind reception. Thank you very much."

The committee of honor escorted Reverend Jesse Jackson from the Senate Chamber.

Senator Rasmussen: "The Asian-American Affairs is composed of a large number of individuals, and they do an excellent job working with the community. The Mexican Affairs also does an excellent job and they have a field man in their employ who works out in the field in Eastern Washington."

Senator Van Hollebeke: "Senator, I appreciate that help, but that is not what I was looking for. The number of members is what I was looking for, and is there a statutory limit to the number? Perhaps you do not have that available to you right now, it might be some other member here does have it."

Senator Rasmussen: "If it is very important to Senator Hollebeke I will get the exact detail of that and provide him with that, yes."

But, also I think that he would have the right, in effect, to consent that his vote would relate to the entire group. Excused: Senators Keefe, McDermott, Scott—3.

SENATE BILL NO. 2143, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

## SECOND READING

SENATE BILL NO. 2165, by Senators Talley, Henry and Guess:

Replacing authority for the department of transportation to approve airport sites.

The bill was read the second time by sections.

On motion of Senator Talley, the rules were suspended, Senate Bill No. 2165 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

## POINT OF INQUIRY

Senator Bottiger: "Senator Talley, I have a constituent that has a helicopter and he lands his helicopter in his pasture, in an area zoned general. That is the only aircraft that operates there and it is his helicopter. Would he be required to go down and get an approval under that circumstance?"

Senator Talley: "Yes, I think it would require approval, because you may think, in your opinion think it doesn't clear the hazards and maybe it does. I think there should be some checking on it at least. A notification that the airport is being established there. I don't think this bill was aimed at anybody in particular or anything in particular. Just says that if you want to put an airport in and you can show that it doesn't create any hazards, then they will go ahead an issue you a permit."

Senator Bottiger: "Senator, I am not opposed to the bill. I know if I vote yes I am going to have a mad constituent. I was hoping that you would say that it didn't apply to a single helicopter landing in a pasture, but apparently it does."

Senator Talley: "It certainly is not aimed at anything like that. It is not aimed at your county, Senator."

## REMARKS BY SENATOR HENRY

Senator Henry: "Further explanation. This of course was in effect though we repealed it because it seemingly wasn't being used. We repealed it in 1977, but the main thrust of this bill other than permitting an airport to build across the front of another airport some place is that federal funds are available to help small airports, and unless they are certificated airports, those federal funds will not be available."

## POINT OF INQUIRY

Senator Donohue: "Senator Henry, I think there is a difference between a landing strip, in your and my definition at least, and an airport. And I see nothing wrong with Senator Talley's bill. I am just asking so that we understand. Will this

have any effect upon someone who desires to have a landing strip on his farm or in a rural area? That is, 'in our definition not be considered an airport as such.' What about the fee? Are we going to license the airport for commercial or private, or what are we really talking about?"

Senator Henry: "The only thing you have to worry about, Senator, is dodging the cows when you come in on your landing strip. It will not be necessary to certificate yours unless you anticipate some federal funds in making a general airport."

#### POINT OF INQUIRY

Senator Wilson: "Senator Talley, this bill calls for annual licensing fees."

Senator Talley: "It says there can be a license fee. A fund to operate the thing, It doesn't have to be there, it is just permissive."

Senator Wilson: "Well, with respect to all of the small city airports that are around the state, are they presently paying any kind of an annual state license fee?"

Senator Talley: "I think they are paying seventy-five dollars."

Senator Wilson: "Well, I would be interested in knowing whether we are giving the Department of Transportation authority to collect fees from small town airports which are not presently being collected."

Senator Talley: "Well, if they provide inspection service and services to the strip, don't you think they should pay a little bit to cover the cost of the manpower and things like that? It is not a revenue bill, designed to collect a lot of revenue. It just operates the bill. Now I would have assured Senator Donohue when we flew into Dayton, if they would have moved that water tank, we wouldn't have had jump over it."

#### POINT OF INQUIRY

Senator Lewis: "The sole purpose, as I understand the remarks, then would be to get federal funds. Because already there exists in counties and cities the right to deny an airport building permit to go in any place."

Senator Talley: "There is in some areas, they have zoning orders, but we have some areas that don't have it."

Senator Lewis: "Wouldn't the county have the power, if they so desired, to have such control; they have that power now."

Senator Talley: "If they had it, they probably would have it yet, and if they handle it I don't think the state is interested. We just want to be able to move in if it is necessary."

Senator Lewis: "Has there been any problem with anyone wanting to build an airport in the counties denying them that right, or the cities?"

Senator Talley: "I don't think we want to get into the place where we are trying to override local authority."

Senator Lewis: "It would appear that this removes from local authority to the state and creates another layer of bureaucracy."

Senator Talley: "With the protection that is there now, yes."

Debate ensued.

### THIRD READING

SENATE BILL NO. 2165, by Senators Talley, Henry and Guess:

Replacing authority for the department of transportation to approve airport sites.

## MOTIONS

On motion of Senator Bottiger, the rules were suspended and Senate Bill No. 2165 was returned to second reading.

On motion of Senator Bottiger, the following amendment was adopted:

On page 3, line 1, after "States" insert ", or private airports not opened for public use, unless the owner of such airport shall request licensing by the department, or the department determines after a public hearing held upon the request of an affected or interested person or upon the department's own motion that licensure of a private airport is necessary to protect the public interest"

Senator Gould moved adoption of the following amendment:

On page 3, after line 7, insert the following:

"**NEW SECTION.** Sec. 3. The provisions of this act do not take precedence over nor preempt county and/or city zoning ordinances or regulations now in existence or hereinafter enacted."

Renumber the remaining sections consecutively.

## POINT OF INQUIRY

Senator Clarke: "Senator, what is your intent if there is an inconsistency between the local and this particular enactment? You say that this shall not take precedent, but you leave me in somewhat of a quandary as to what happens in the view that they are conflicting."

Senator Gould: "The intent is that the local zoning ordinances will take precedent."

## POINT OF INQUIRY

Senator Talley: "Senator Gould, I can recognize what you are trying to do and I can agree with it in principle, but does it take precedent over state law? A local ordinance might do it, but it still might create a hazard which all of the people will be exposed to. Do you intend that to be?"

Senator Gould: "Well, if the local people are opposed to it, it is my belief that local government would be receptive to that and provide ordinances or zoning regulations to that effect. That they are very responsive to the local people."

Senator Talley: "Well this could take place over county lines and things like that outside of the city. The city could legalize zoning laws and that wouldn't hurt us a bit, but what if this flight pattern, created by an airport, goes over and creates a hazard for somebody else. I mean they are up in the air...up there that air space does not belong to one city or another."

Senator Gould: "That is what we are talking about. One on the edge of the county border or something of that sort. In that case the two counties could work it out together."

Senator Talley: "What if they don't?"

Senator Gould: "Then they have a problem. But that happens in a lot of issues these days."

Debate ensued.

## POINT OF INQUIRY

Senator Wilson: "Senator, I suspect, if I am not presuming too much, that what Senator Gould is trying to accomplish is to say that the state should not authorize the creation of a new airport site which would not be in harmony with the existing local zoning at the time. If this is correct, we would not be getting into the business of flashing lights and so on, but simply would be saying that the county zoning ordinance prevailing at the time would govern the location of new airports."

Senator Bottiger: "Senator Wilson if that is what it did, I wouldn't have any problems. I think that is already the law. But I am afraid it goes beyond that and does more than that."

"Senator Talley, I regret that I would like to have this held until we could have somebody check it and make sure what this amendment does. I am afraid it does more than is intended."

#### MOTION

On motion of Senator Talley, Senate Bill No. 2165, together with the adopted amendment by Senator Bottiger and the pending amendment by Senator Gould, was ordered held on the second reading calendar for Tuesday, January 30, 1979.

#### SENATE RESOLUTION 1979-13

By Senators Walgren, Odegaard, Matson, Newschwander, Gaspard and Bottiger:

WHEREAS, During the 45th session of the Washington State Legislature, the legislature passed into law: A definition of basic education, a limitation on excess special levies, and a biennial budget that funded the first two years of a proposed four year phase-in, to meet its constitutional mandate to fully fund basic education in this state; and

WHEREAS, The Supreme Court in September of 1978 accepted the legislature's proposed four year phase-in to fully fund basic education, and extended the date for compliance to 1981; and

WHEREAS, The Governor, in her 1979-81 biennial budget request, proposed fully funding our common schools in 1979-80 rather than 1980-81; and

WHEREAS, This is a meritorious proposal and deserves due consideration by the Legislature; however, the Legislature has not had sufficient time to evaluate its implication; and

WHEREAS, Local school districts are currently facing special levy elections prior to the time the legislature has made a determination of the merits of the proposal, local districts have no alternative but to assume that the state will continue the phasing plan for 100% funding of basic education by the 1980-81 school year:

NOW, THEREFORE, BE IT RESOLVED, By the Senate, That we wish to make aware to the voters of this state that special levies are still important to the operation and maintenance of our common schools for basic education as well as special programs, and that we encourage voters to support special levy elections; and

BE IT FURTHER RESOLVED, That if the legislature should decide to approve full funding of schools in 1979-80 any special levy taxes approved that would be in excess of the amount local districts should receive will be returned to the taxpayers of this state; and

BE IT FURTHER RESOLVED, That the Secretary of the Senate shall transmit copies of this Senate Resolution to members of the communications media for the information of the public.

### POINT OF INQUIRY

Senator Rasmussen: "Senator Henry, I was just curious about your moped and mine, but the question I have is, we need two, Senator, one for each foot, Roman style.

"On page two of the bill, it states that 'except that mopeds shall be considered vehicles or motor vehicles for the purposes of chapter 46.12 RCW but not for the purposes of chapter 46.70 RCW.' This is a little vague for the average person reading it. Of course we are very intelligent and we will understand that, but I presume

it relates to freeways and that mopeds will not be permitted on the freeways only in certain sections where bicycles are permitted now. So that section out by Fort Lewis where they say 'This is a bicycle trail'—mopeds can buzz out there?"

Senator Henry: "There is a short stretch in the freeway near Senator Talley's home where they are permitted too because there is no other way to get within the city limits, but otherwise they are prohibited from freeways and sidewalks."

Senator Rasmussen: "Thank you, Senator Henry."

### MOTION

On motion of Senator Walgren, the Senate commenced consideration of Senate Bill No. 2015.

### SECOND READING

SENATE BILL NO. 2015, by Senator Talley:

Designating an official dance for the state.

The bill was read the second time by sections.

On motion of Senator Talley, the rules were suspended, Senate Bill No. 2015 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

### POINT OF INQUIRY

Senator Rasmussen: "I have no objection to designate this as square dance. My question would be, would this require this dance to be performed at every official function of the state if we designate the square dance as the official dance? Some of us like to do the Black Bottom and other things, you know.

"The reason I am asking that question, Mr. President and members of the Senate, sometime ago we arrived at what was to be the State Song and nobody has liked it ever since, no person ever sings it and I am wondering about the dance."

Senator Talley: "I think you will find that this is a little different than the song. It is keeping up with the times. It used to be Turkey In The Straw and everything like that and now you will find these square dancers are keeping up with the growth of the State and our music today."

### POINT OF INQUIRY

Senator Van Hollebeke: "Senator Talley, what other dances were considered before the decision was made to choose this one and promote it as the State Dance?"

Senator Talley: "Senator Van Hollebeke, I think every dance that was known was mentioned."

Senator Van Hollebeke: "Senator Talley, I have another question or two. Wasn't it true that this was found to be extremely popular and that there was really no objection to this being the State Dance?"

Senator Talley: "As far as I know, sir, yes."

Senator Van Hollebeke: "My third question is, Senator, why didn't you invite me to be a sponsor with you on this bill?"

Senator Talley: "Senator Van Hollebeke, I apologize that I didn't ask you."

### POINT OF INQUIRY

Senator Fleming: "Senator Talley, you said that they were trying to keep in tune with the times and I was just wondering on this matter. In the square dancing arenas, do they also have songs in the square dancing arenas with a little disco beat to it?"

Senator Talley: "Yes, I think they will have. Yes, I think so."

## POINT OF INQUIRY

Senator Peterson: "Senator, I have been getting a terrific amount of mail, I have had to put on an extra person on my secretarial staff, from my district. I am wondering if you would object if we struck 'square dancing' and inserted 'tar heel stomp'?"

Senator Talley: "I can see your point but I would be very reluctant to do it, Senator Peterson."

Debate ensued.

## POINT OF INQUIRY

Senator Quigg: "Senator Talley, I have received quite a bit of mail and comments from the nineteenth district in support of the square dance as a state dance but true to the district's form, there is some concern about the cost of government and ask that I check to see that there not be any commissions set up to inspect callers or designate steps and so forth thereby expand the large burden of government we are saddled with already. What can I tell my constituents?"

Senator Talley: "I think you can assure your constituency we have no intention of that. The only consideration, you should tell the people in your district that you have a square dance that goes on every low tide, they get out there and stomp the clams."

## ROLL CALL

The Secretary called the roll on the final passage of Senate Bill No. 2015, and the bill passed the Senate by the following vote: Yeas, 46; nays, 2; excused, 1.

Voting yea: Senators Bausch, Benitz, Bluechel, Bottiger, Clarke, Conner, Day, Donohue, Gallagher, Gaspard, Goltz, Gould, Guess, Hansen, Hayner, Henry, Jones, Lee, Lewis, Lysen, Marsh, Matson, McDermott, Moore, Morrison, Newschwander, North, Odegaard, Peterson, Pullen, Quigg, Rasmussen, Ridder, Sellar, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Williams, Wilson, Wojahn, Woody—46.

### APPOINTMENT OF SPECIAL COMMITTEE

The President announced the presence in the Senate Chamber of Consul General Hans Jorgen Assing of Denmark. The President appointed Senators Walgren, Newschwander, Woody, Hayner, Hansen and Quigg as a committee of honor to escort the distinguished guest to a place of honor on the Senate rostrum.

### REMARKS BY THE PRESIDENT

President Cherberg: Respected and esteemed members of the Senate, ladies and gentlemen, it is indeed a pleasure for all of us, I am sure, to be able to welcome such an outstanding personality as our welcome visitor this morning. The Honorable Consul General Hans J. Assing is the new Danish Consul General and is responsible for Danish Affairs in the thirteen Western States. Queen Margareta appointed Mr. Assing Consul General in 1978 but prior to that this fine gentleman has served in the legal department ministry of foreign affairs for five years in Copenhagen before starting his residence in Los Angeles, California. Even before that this person who is so young in appearance has served as Deputy Counsel General in Chicago, Illinois; served as Secretary of Embassy in Belgrade, Yugoslavia and Charge of Affairs in Athens, Greece. He has a wonderful family of three beautiful daughters, two are with him in America and one of which is an American citizen. He is also accompanied by his wife, Bertha.

"It is my pleasure and distinct privilege at this time to present to you The Honorable Consul General Hans J. Assing of Denmark."

### REMARKS BY CONSUL GENERAL HANS JORGEN ASSING

Consul General Assing: "Thank you very much, Lieutenant Governor Cherberg for the more than kind words and Honorable Members of the Washington State Senate, ladies and gentlemen, I am very pleased to have this opportunity to visit—I have, with shame to admit for the first time in my life—your beautiful state and to speak briefly about some of Denmark's attributes which could become of significance not only for Denmark but also for Alaska and the State of Washington.

"Denmark and the State of Washington have had the opportunity to host trade missions from each others countries on several occasions in the past year. I think this is a very positive, wonderful sign for growing friendship and relationship between two states that really in a number of ways have a lot in common.

"The Danish Trade Mission which traveled to Alaska in March and June, 1978 held a symposium here on bottom fisheries and made subsequent business contracts in the Seattle areas on both occasions. As recently as November of last year, Lieutenant Governor Cherberg led the Washington State Trade Mission which visited Denmark and several other European countries and also included members of this legislature, business leaders and representatives from the State of Washington.

"In the past two years, the Danish government has become increasingly aware of the potential of developing the bottom fishing industry in Alaska. With the 200-mile territorial limit and depreciating catches of salmon and other food fish, American fishermen have been looking to bottom fisheries as a viable addition to their catch and to the food source and to lucrative interest rates for them to enter.

"Danish fishing industry, we feel, can offer American fishermen the expertise, the fishing equipment, and the processing and marketing knowledge to catch and utilize what has been called, rightfully so, Alaska's renewable resource. The effect of increased fishing activity in the Alaska waters will, of course, be an important economic impact also here in Seattle and in the whole State of Washington. Many of the Alaska seafood processors operate boats in Alaska and in Washington and during my first visit to the State of Washington, I will be meeting with heads of industry firms connected with the fishing industry to discuss the know-how which the Danish fishing industry hopes to be able to provide.

"Again, thank you very much for this opportunity to meet with you. I hope and trust that I will have many more opportunities in the future to become acquainted with you, with the State of Washington, and to meet more of you on a personal basis.

"I have just been in the Chambers of the Lieutenant Governor where I met so many open, kind, friendly people that I felt it was more or less like a homecoming. So many persons of Scandinavian background even Danish background were there also that I felt more than on any previous occasion since my arrival that I was in a wonderful, relaxed and friendly atmosphere so I have all kinds of good reasons to come back and I realize now the truth of what I saw in a Welcome Address in a Tourist Book in my hotel this morning when your Honorable Governor ended by saying 'wonderful things happen in Washington'. I felt it was true and I will certainly come back to explore it still further because there is no end to wonders.

"Thank you very much and thank you for welcoming me to this fine place."

### MOTIONS

Senator Clarke moved the following amendments by Senators Clarke and Marsh be considered and adopted simultaneously:

(iii) Whose conduct evidences a substantial likelihood of degenerating into serious delinquent behavior if not corrected; and

(iv) Who is in need of custodial treatment in a diagnostic and treatment facility:))

(d) Who upon written complaint of a parent, guardian, or custodian is found to have habitually refused to accept reasonable discipline or supervision to the extent that the welfare of the child is in substantial danger; or

(e) Who refuses to remain in any nonsecure residential placement ordered by a court pursuant to RCW 13.32.040; or

(f) Whose conduct evidences a substantial likelihood of degenerating into serious delinquent behavior if not corrected; or

(g) Who is in need of custodial treatment in a diagnostic and treatment facility."

On page 22, line 13, after "13.34.030 (2)" strike "(a), (b), or (c)" and insert "((a), (b), or (c))".

On page 22, strike all material on line 17 and 18 and insert:

"((A child alleged to be dependent pursuant to RCW 13.34.030 (2) (d) shall have the right to appointed counsel:))"

On page 24, line 27, strike "(a), (b), or (c)" and insert "((a), (b), or (c)))".

On page 27, line 14, after "13.34.030(2)" strike "(a) ((~~σ~~)), (b), or (c)" and insert "((~~(a)~~ or (~~b~~)))"

On page 66, line 7, after "subsection" strike "and RCW 13.34.140" and insert "~~((and RCW 13.34.140))~~".

On page 67, after line 31, add a new subsection (3) as follows:

"(3) Section 42, chapter 291, Laws of 1977 ex. sess. and RCW 13.34.140."

#### POINT OF INQUIRY

Senator Bottiger: "Senator Clarke, I would first like to say I agree. I wish that I knew exactly how to make this even stronger, but I compliment you and Senator Marsh for the attempt, I guess my question would be, could we insert in (d), 'parents, guardian, school administrator or custodian'?"

"What I am after there is the kid that just absolutely refuses to go along with the program at school and becomes a burden. He is entitled to due process and notice of the parent before they can kick him out but here would be a way that the school administrator could petition for a hearing on the refusal to obey reasonable discipline or supervision."

Senator Clarke: "Senator, I am in accord with the aim which you desire to accomplish but one of the reasons why I restricted this to a 'parent, guardian or custodian' is because you might have situations where there was a difference of opinion between the school authorities and the parent and I wanted to keep this as noncontroversial as possible and I think that it is up to either the parent or legal custodian to make the determination. If, under your circumstances, the school was having that kind of trouble, I would think that by contacting the custodian or parent, it could be remedied in that way."

Debate ensued.

#### POINT OF INQUIRY

Senator Ridder: "Senator Clarke, your amendment on page 22 where you are striking 'a child alleged to be dependent' et cetera 'shall have the right to appointed counsel', could you explain to me your reasoning for that striking?"

Senator Clarke: "Senator Ridder, would you tell me again your question?"

Senator Ridder: "Excuse me . . . on page 22 you have stricken the right of the child to appointed counsel over and above or in addition to the right of the parents to appointed counsel."

Senator Clarke: "The reason for that was that this is not a criminal type of proceeding. This is simply a dependency definition wherein the court is requested to find whether or not the child is not receiving the type of parental supervision that they should receive. Under those circumstances, I think that there is adequate protection for the child by the court proceeding itself. Again, I refer to the distinction between a 'delinquency' proposition and a 'dependency'."

Senator Ridder: "I understand that. You do not feel that the interest of the parent and the child might be divergent enough that if one should have appointed counsel or should have counsel at all that the child should be guaranteed the right to counsel?"

Senator Clarke: "I think that is safe to leave within the discretion of the court in this kind of a case. I think that in the past before we passed this first act, the court had almost unlimited discretion on matters of this kind. I frankly don't think that your suggestion is necessary."

Senator Ridder: "You felt in other words that the striking of this was rather germane to the whole thrust of your amendment?"

Senator Clarke: "In maintaining the distinction between 'delinquency' and 'dependency' and the rights that would exist under the two different situations."

Senator Ridder: "Thank you."

The motion by Senator Clarke carried and the amendments were adopted simultaneously.

On motion of Senator Clarke, the following amendment to the title was adopted:

On page 3 of the title, after line 8, insert "repealing section 42, chapter 291, Laws of 1977 ex. sess. and RCW 13.34.140;"

On motion of Senator Marsh, the rules were suspended, Engrossed Substitute Senate Bill No. 2213 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

FOR US, THE PROCESS IS MUCH MORE DIFFICULT, OUT OF THE CHAOS OF LEGISLATIVE POSSIBILITY WE ARE CALLED TO BRING ORDER AND SOUND JUDGMENT. TIME, LEFT TO ITSELF, WILL RETURN ORDER INTO CHAOS. TO KEEP GOOD ORDER, WE STUDY THE ACTS OF PAST SESSIONS, REFLECTING THE NEEDS OF THIS DAY AND OF THIS HOUR.

"WE THANK YOU FOR THE PERCEPTIVENESS OF THIS BODY, FOR ITS AWARENESS OF THE NEW WAVE OF SENTIMENT WHICH INSISTS THAT SOCIAL SERVICES BE PROVIDED IN INCREASING MEASURE BY PRIVATE, NON-PROFIT SOCIAL SERVICE ORGANIZATIONS. PROPOSED EXEMPTION FROM TAXATION WILL PERMIT A FREE FLOW OF THEIR GOOD ACTS FOR OUR FELLOW CITIZENS.

"HONE OUR SENSES AND MINDS, TO CONTINUE THE PROCESS OF STUDY AND RESHAPING OF THE LAWS BY WHICH WE ARE GOVERNED."

Senator Van Hollebeke: "That is correct, yes."

Senator Wilson: "The second question is, would anything in this bill prevent a party involved in the amounts of money described in this bill from taking his case directly into superior court rather than first going into district court?"

Senator Van Hollebeke: "No, this does not."

### SECOND READING

**SENATE BILL NO. 2033**, by Senators Rasmussen, Bluechel, Newschwander and Conner (by Legislative Budget Committee request):

Relating to state purchasing.

The bill was read the second time by sections.

On motion of Senator Rasmussen, the rules were suspended, Senate Bill No. 2033 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

## POINT OF INQUIRY

Senator Odegaard: "Senator Rasmussen, I would assume by the transfer of this authority that the general administration must not be doing a very good job with our inventory. Is that the reason for the bill or is there some other reason we don't know about?"

Senator Rasmussen: "No. Each of the institutions maintain their own inventory so there is no central inventory at the present time. This would allow OFM to set rules and regulations regarding the inventory."

Senator Odegaard: "Doesn't the general administration now have the responsibility for inventory?"

Senator Rasmussen: "No. Each institution and division of government maintain their own inventories."

Senator Odegaard: "Then our digest must be incorrect."

Senator Rasmussen: "That could be."

## ROLL CALL

The Secretary called the roll on the final passage of Senate Bill No. 2033 and the bill passed the Senate by the following vote: Yeas, 47; excused, 2.

Voting yea: Senators Bausch, Benitz, Bluechel, Bottiger, Clarke, Conner, Day, Donohue, Fleming, Gallagher, Gaspard, Goltz, Gould, Guess, Hansen, Hayner, Henry, Jones, Lee, Lewis, Lysen, Marsh, Matson, McDermott, Moore, Morrison, Newschwander, North, Odegaard, Peterson, Pullen, Quigg, Rasmussen, Ridder, Scott, Sellar, Shipoch, Talley, Talmadge, Van Hollebeke, von Reichbauer, Walgren, Wanamaker, Williams, Wilson, Wojahn, Woody—47.

## SECOND READING

SENATE BILL NO. 2118, by Senators Quigg, Sellar and Talley:

Modifying the definition of public agency in the Interlocal Cooperation Act.

## MOTIONS

On motion of Senator Wilson, Substitute Senate Bill No. 2118 was substituted for Senate Bill No. 2118 and substitute bill was placed on second reading and read the second time in full.

Senator Wilson moved adoption of the following amendment by Senators Wilson, Lee, Talley and Quigg:

On page 1, beginning on line 10, after "any" strike all material down to and including "States;" on line 22 and insert the following:

"((city, town, county, public utility district, irrigation district, port district, fire protection district, school district, educational service district, air pollution control authority, rural county library districts, intercounty rural library districts, public hospital districts, regional planning agency created by any combination of county and city governments, health department or district, weed control district, county transit authority, Indian tribe recognized as such by the federal government, or metropolitan municipal corporation of this state, any agency of the state government or of) agency, political subdivision, or unit of local government of this state including, but not limited to, special purpose and local service districts; any agency of the state government; any agency of the United States; any Indian tribe recognized as such by the federal government;"

## POINT OF INQUIRY

Senator Rasmussen: "Senator Wilson, this is a pretty broad amendment. We have operating, of course, numerous public corporations that operate without actual government supervision. Have you had the opportunity to review this and to see just what broad powers we are granting?"

Senator Wilson: "We are granting no powers by adoption of this amendment other than permitting these entities to cooperate with each other by engaging in projects of mutual benefit. An entity's ability to participate in the interlocal cooperation act does not permit it to do anything that it is not otherwise authorized to do by law."

## MOTION

Senator Rasmussen moved that Substitute Senate Bill No. 2118 together with the pending amendment by Senators Wilson, Lee, Talley, and Quigg be held for further consideration on Friday, February 8, 1979.

The motion by Senator Rasmussen carried.

## MOTION

At 10:55 a.m., on motion of Senator Walgren, the Senate recessed until 11:50 a.m.

## SECOND MORNING SESSION

The President called the Senate to order at 11:50 a.m.

## SECOND READING

SENATE BILL NO. 2147, by Senators Williams, Lee, Talmadge and Conner: Limiting liability of persons donating food items to nonprofit organizations.

## REPORT OF STANDING COMMITTEE

January 26, 1979.

SENATE BILL NO. 2147, limiting liability of persons donating food items to nonprofit organizations (reported by Judiciary Committee):

Recommendation do pass with the following amendment:

On line 12, after "Sale" insert "or distribution".

Signed by: Senators Marsh, Chairman; Talmadge, Vice Chairman; Bottiger, Clarke, Gallagher, Hayner, Jones, Van Hollebeke, Woody.

The bill was read the second time by sections.

On motion of Senator Williams, the committee amendment was not adopted.

On motion of Senator Clarke, the following amendment by Senators Clarke, Marsh and Williams was adopted:

On page 1, line 12, after "RCW." strike all material down through "standards." on line 16.

On motion of Senator Williams, the rules were suspended, Engrossed Senate Bill No. 2147 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

## POINT OF INQUIRY

Senator Wilson: "Senator Williams, I approve entirely of the concept of this bill. As you know, we are attempting to divest ourselves of the habit, however, of dumping too many additional responsibilities on local government without putting

up the resources to accommodate those responsibilities. It is unclear to me as to whether county health departments or any other local government entities might become involved in what would be for them a new inspection obligation. A local government fiscal note has been requested in connection with this bill but is not yet available. Rather than holding up its passage, I would ask whether you might arrange for the House members involved in moving this bill to give consideration to the local government fiscal note bill if it should show an additional impact on local government of any consequence?"

Senator Williams: "Yes, Senator Wilson. The latter section of the bill does allow for appropriate state and/or local agencies to inspect food for wholesomeness and establish procedures and so forth. Though I personally believe that this will not be a problem, there is the potential, I suppose, for this and I would certainly do as you have suggested and insure that the sponsors in the House are fully cognizant of any impact that might show up."

### ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2147 and the bill passed the Senate by the following vote: Yeas, 48; excused, 1.

Voting yea: Senators Bausch, Benitz, Bluechel, Bottiger, Clarke, Conner, Day, Donohue, Fleming, Gallagher, Gaspard, Goltz, Gould, Guess, Hansen, Hayner, Henry, Jones, Lee, Lewis, Lysen, Marsh, Matson, McDermott, Moore, Morrison, Newschwander, North, Odegaard, Peterson, Pullen, Quigg, Rasmussen, Ridder, Scott, Sellar, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Williams, Wilson, Wojahn, Woody—48.

Excused: Senator Keefe—1.

ENGROSSED SENATE BILL NO. 2147, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

### SECOND READING

SENATE BILL NO. 2191, by Senators Bottiger, Benitz, Hayner and Lee:

Declaring geothermal resources to be the private property of owner of the surface land.

The bill was read the second time by sections.

Senator Goltz moved adoption of the following amendment by Senators Goltz and Talmadge:

On page 1, line 9, strike "to be" down to and including "resource" on line 10 and insert "public property".

### POINT OF INQUIRY

Senator Guess: "Senator Goltz, in the case of most of the gravels of the streams of the state of Washington, the department of natural resources and the managing of those sources for the state requires a payment of a royalty. Now, can you tell me that this would then make that private person who goes to the expense of developing a thermal source on his own property, pay in perpetuity to the department of natural resources a separation tax?"

Senator Goltz: "I would like to yield to Senator Bottiger to answer that question."

Senator Bottiger: "Senator Guess and members of the Senate, in the committee hearings we were reminded several times by staff and by those that testified that we are talking about geothermal sources capable of producing electricity. We got into a discussion about the person that puts the heat pump down and extracts hot water, digs a deep well and uses a heat pump to exchange the heat of the water for a

resource, but unless it was for the use of generating electricity, this bill would not apply. That falls under the water resource act. If you are withdrawing water then you would have to go natural resources under present law."

Senator Guess: "But this now establishes that whoever goes in for geothermal purposes is going to have to pay the department of natural resources a separations tax on bringing that material out of the ground when he owns the surface. He goes to the expense of developing the well, he digs the other well to put that water back in the ground as required. Now you are going to make him pay for it. Is that right?"

Senator Bottiger: "If you adopt the amendment then there would be a royalty or severance tax payable to the state of Washington. Without the amendment, there would be a royalty . . . I would presume the surface owner isn't going to give it away. There would be a royalty just like you contract with oil.

"This is the choice. In the committee there is a third choice and that is you can give it to the mineral right owner which is generally the railroads or the oil companies and we all decided we didn't want to do that."

Debate ensued.

### MOTION

On motion of Senator Bluechel, Senate Bill No. 2191 together with the pending amendment by Senators Goltz and Talmadge was ordered held for the second reading calendar on Friday, February 9, 1979.

### MOTIONS

On motion of Senator Jones, Senator Gallagher was excused.

On motion of Senator Wilson, Senator Fleming was excused.

### SECOND READING

SENATE BILL NO. 2133, by Senators McDermott and Gould:

Allowing costs incurred relating to sale and issuance of school district bonds to be deducted from the bond proceeds.

The bill was read the second time by sections.

On motion of Senator McDermott, the rules were suspended, Senate Bill No. 2133 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

### POINT OF INQUIRY

Senator Morrison: "Senator McDermott, we don't mean to mislead anyone. These are not the costs of bonds, these are the costs of the sale and issuance of bonds. Is that correct?"

Senator McDermott: "Yes."

### ROLL CALL

The Secretary called the roll on the final passage of Senate Bill No. 2133 and the bill passed the Senate by the following vote: Yeas, 44; nays, 2; excused, 3.

Voting yea: Senators Bausch, Benitz, Bluechel, Bottiger, Clarke, Conner, Day, Donohue, Gaspard, Goltz, Gould, Guess, Hansen, Hayner, Henry, Jones, Lee, Lewis, Marsh, Matson, McDermott, Moore, Morrison, Newschwander, North, Odegard, Peterson, Pullen, Quigg, Rasmussen, Ridder, Scott, Sellar, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Wilson, Wojahn, Woody—44.

Voting nay: Senators Lysen, Williams—2.

Excused: Senators Fleming, Gallagher, Keefe—3.

SENATE BILL NO. 2133, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

At 12:15 p.m., on motion of Senator Marsh, the Senate adjourned until 10:00 a.m., Friday, February 9, 1979.

### MOTION

On motion of Senator Walgren, the Senate resumed consideration of Substitute Senate Bill No. 2118 which had been held on the second reading calendar from February 8, 1979.

### SECOND READING

**SUBSTITUTE SENATE BILL NO. 2118**, by Committee on Local Government (originally sponsored by Senators Quigg, Sellar and Talley):

Modifying the definition of public agency in the Interlocal Cooperation Act.

The Senate resumed consideration of Substitute Senate Bill No. 2118 and the following pending amendment by Senators Wilson, Lee, Talley and Quigg which was held from Thursday, February 8, 1979.

On page 1, beginning on line 10, after "any" strike all material down to and including "States;" on line 22 and insert the following: "~~((city, town, county, public utility district, irrigation district, port district, fire protection district, school district, educational service district, air pollution control authority, rural county library districts, intercounty rural library districts, public hospital districts, regional planning agency created by any combination of county and city governments, health department or district, weed control district, county transit authority, Indian tribe recognized as such by the federal government, or metropolitan municipal corporation of this state, any agency of the state government or of))~~ agency, political subdivision, or unit of local government of this state including, but not limited to, special purpose and local service districts; any agency of the state government; any agency of the United States; any Indian tribe recognized as such by the federal government;"

### POINT OF INQUIRY

Senator Gould: "Senator Wilson, I have a couple of questions, if I may. One is the use of the word 'agency of a local government'. I am one that believes very strongly in local government and giving them as much local powers as possible. However, I wonder how far or what the intention is of using the word 'agency'? That is my first question."

"The second one is, later on line 28, it says 'local service districts'. I would like to know what a 'local service district' is—if that is defined in law and what is meant by 'local service district'. This is more for clarification than anything else.

"My third request is to understand what the reason for including Indian tribes is so that we can specifically have that in the Journal."

Senator Wilson: "Senator Gould, in response to your first question. The word 'agency' which would appear on line 10 of the bill, according to my understanding would simply refer not only to any agency in the general sense of the scene involved in local government but also a state agency that wished to cooperate with a local entity and that is an authority which had previously been contained in the intergovernmental cooperation act.

"Your second question pertains to a definition of 'local service district' and it is my understanding that that reference simply pertains—is a general expression of local entities of government that provides services such as sewer districts, water districts, and what have you.

"Your third question pertained to why Indian tribes are included. Indian tribes were amended into this act about four years ago specifically on the basis of a request from the Spokane Indian tribe which wished to cooperate with the county there in a recreational development. The definition of Indian tribes as you will observe is limited to those which are recognized as such by the federal government."

Senator Gould: "If I may pursue it just one point further. When I asked about 'agency', I wasn't talking about line 10. I was talking about the amendment on line 25. The word is not 'public agency' but it is 'an agency of a local government'. It says, 'agency, political subdivision or unit of local government'. How would you define that agency?"

Senator Wilson: "Line 25 of the amendment would come in at line 10 of the bill . . . 'the term public agency shall mean any agency, political subdivision' and so forth. I would have to confess I am not sure what that word refers to. I don't believe it is needed and if it causes you to feel uneasy, I can't see anything wrong with taking it out."

Senator Gould: "It is not a matter of uneasiness, I guess it is, I just wondered how far down into the structure of a city, for instance, you would go by establishing

that a fact an agency itself within a city without really, as I see it, the authority or final decision made by the city council, how that agency can work into an interlocal agreement."

Senator Wilson: "I would have to agree there may be a certain vagueness about the employment of this term. However, I would emphasize again and I have a copy of the interlocal cooperation act here that it is very clear that no entity of any kind, whether you want to call it an agency, a commission, a board, a district, or whatever. No entity of any kind can exceed the authority it has been given under statute by virtue of the conclusion in the intergovernmental cooperation act. It can't do anything in partnership with another entity that it is not already authorized to do by law."

Senator Gould: "Thank you."

The motion by Senator Wilson carried and the amendment was adopted.

On motion of Senator Wilson, the rules were suspended, Engrossed Substitute Senate Bill No. 2118 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

## SECOND READING

SENATE BILL NO. 2191, by Senators Bottiger, Benitz, Hayner and Lee:

Declaring geothermal resources to be the private property of owner of the surface land.

The Senate resumed consideration of Senate Bill No. 2191 and the following pending amendment by Senators Goltz and Talmadge which was held from Thursday, February 8, 1979.

On page 1, section 1, line 9, strike "to be" down to and including "resource" on line 10 and insert "public property"

Debate ensued.

#### POINT OF INQUIRY

Senator Guess: "Senator Bottiger, do you think that putting this in the hands of the public would facilitate the exploration and development of energy sources if they have to go through all the department and perhaps the department would discourage the use of the land because it belonged to the state?"

Senator Bottiger: "It was not my impression from Mr. Cole's presentation that they were discouraging at all. They wanted to get the issue resolved so that this development could occur."

Debate ensued.

#### POINT OF INQUIRY

Senator Goltz: "I think in response in part to Senator Bluechel's statement that I would like to say that I believe he made an argument for the amendment.

"The problem of having private owners below the surface of the ground having the right to heat which is not stable and does not stay under the surface of the particular owner and then to expect that you have to restore the property to its original condition, I would like to ask Senator Bluechel how a developer of that energy in the private sector pulling the heat out of the earth is going to put it back in within five years. It seems to me that there is no possibility of restoring the private property right or the private property that is taken from under the surface of one owner by the taking of it from the surface of another owner."

Senator Bluechel: "Senator Goltz, if you are asking me the question how you restore the underground minerals or underground geothermal energy, that is not the issue. The law as it pertains to mineral rights says that you restore the surface area to its prior condition but there is also a substantial body of law pertaining to mineral rights and oil and gas that says you can't literally steal from somebody else's property—you can't slant drill into somebody else's property—you can't take what doesn't belong to you.

"It is a complicated set of laws that has been developed over quite a few years in all of the countries where underground minerals are taken, especially gas and oil. We would have to make an assumption unless we wanted to establish new statutory law in a complete new field that the law pertain to gas and oil would have some bearing on this type of thing and that has all been worked out and it worked satisfactory in every field around the world."

Further debate ensued.

Senator Pullen demanded a roll call and the demand was sustained.

## POINT OF INQUIRY

Senator Rasmussen: "Senator Day, are embalmers qualified to remove the eyes and keep them in the necessary condition that it may be used?"

Senator Day: "Yes, I think they are, and I think what will happen here is that they will do it in cooperation with whoever their donee is going to be and with probably the eye bank and, of course what they will do is grossly remove the eye. They won't attempt to remove the lens, which is the part which is utilized."

Senator Rasmussen: "I understand that, but even such a simple thing as the removing and care of fish eggs requires some expertise so that they do not get destroyed and I am wondering if we are not opening it up to people that are not qualified. The eyes are needed badly, the cornea . . ."

Senator Day: "We are not attempting to open this up to anything. I think I will let Senator Sellar answer this."

Senator Sellar: "Thank you, Mr. President. Senator Rasmussen, the bill does address that and it says that the embalmer must have some additional or special training in order to do this. And, yes, they will, they do have to be removed using skilled technique in a skilled field, but it is being used in Oregon at the present time and several of the embalmers in that area have taken this type of training and in talking with the ophthalmology group in Oregon they say they have received donor eyes from that source and they are very enthused about it. So, in answer to your question, they do need some special training and I am sure none of them will embark upon this, but it is not that difficult to do as long as you do take a little special training in that area."

#### POINT OF INQUIRY

Senator Donohue: "Senator Marsh, we are continually receiving amendments here on our desks and I haven't had time to add up the number of judges that these amendments reflect. Can you give me some kind of an idea as to how many judges we are going to be working on here this afternoon, or before lunch, whenever — what is the number?"

Senator Marsh: "Well, Senator, there is an additional judge for Clark county; there is an additional judge for the counties of Chelan and Douglas; there is an

additional one for Kitsap county; there is an additional one for Snohomish county; two additional ones for Pierce county; additional one for Spokane; and an additional one for Yakima."

Senator Donohue: "The total of that amounts to about 13 or 14 new judges, I suppose, totally. Nine, including the ones that are in the bill? That doesn't add up right. Do we have a fiscal note if we adopt all these, put all these new judges to work, what is it going to cost?"

Senator Marsh: "The Constitution provides that the cost of superior court judges is borne one-half by the state and one-half by the county."

Senator Donohue: "Senator, we do not have a fiscal note for these amendments."

### PARLIAMENTARY INQUIRY

Senator Clarke: "Parliamentary inquiry. Senator Matson has an amendment on the desk which would apparently amend an earlier section in an earlier page RCW 20.50.63 and the amendment now purports to amend 20.80.65. I just want to be certain that the earlier consideration of this amendment will not prevent Senator Matson's amendment being considered on an earlier section."

### REPLY BY THE PRESIDENT

President Cherberg: "The entire bill is opened up, Senator, when the bottom line is read."

### MOTION

On motion of Senator Matson, the following amendment was adopted:

On page 2, after line 1, insert:

Renumber subsequent sections consecutively.

On motion of Senator Day, the following amendment by Senators Day, Marsh, Guess, Lewis and Keefe was adopted:

On page 1, line 15, strike "nine" and insert "~~nine~~ ten".

The additional superior court judge position created by this 1979 act shall be for Grant county alone, which shall retain the judge in position one previously serving jointly in the counties of Grant and Douglas.

The governor shall appoint a person to fill the new position for a term beginning on the second Monday in January, 1980, until a successor is elected and qualified. At the general election to be held on the second Tuesday of November, 1980, a judge for the new position shall be elected to a four-year term beginning on the second Monday in January, 1981."

Senator Marsh moved the rules be suspended, Engrossed Substitute Senate Bill No. 2095 be advanced to third reading, the second reading considered the third, and the bill be placed on final passage.

### POINT OF INQUIRY

Senator Goltz: "Senator Marsh, the other day we had a bill before us to increase the authority by the district court and there was a statement made, I believe, on the floor at that time, that this would in some way reduce the load in superior court. I wonder if that reduced load was taken into account when these judgeships were recommended?"

Senator Marsh: "Yes, it was. That particular authorization will not relieve the increased load caused by the juvenile code passed two years ago. It will not relieve the load of cases above the three thousand dollars jurisdictional amount in that particular bill. Actually, but for that bill the areas such as Pierce county are probably asking for even more than are in this particular bill. Senator Bottiger has mentioned

they can justify actually four rather than two, so there has been an effort to keep down the number of new judge requests. I think they are all justified — the ones that are in this particular bill. I certainly hope we will pass this bill."

The motion by Senator Marsh carried.

The President declared the question before the Senate to be the roll call on Engrossed Substitute Senate Bill No. 2095.

#### ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 2095 and the bill passed the Senate by the following vote: Yeas, 29; nays, 16; excused, 4.

On motion of Senator Jones, Senator Newschwander was excused.

### POINT OF INQUIRY

Senator Odegaard: "Mr. President, I wonder, Senator Henry, we passed legislation such as this if it could mean that there would be more speeding on our highways and more problems for the state patrol in that now when we are going down the highway there are two things to think about. One is that we had better abide by the speed limit or we will very possibly have a speeding ticket against our record, and also that that would go against our insurance record, which could mean a higher premium to pay, and if we do away with this one part of it and this could not be against our insurance record, it could be that some people might just tend to speed a little more and it seems, like we have enough speeding now on our highways."

Senator Henry: "In response to Senator Odegaard's question, I think the state patrol has enough problems with the 55 mile speed limit as it is, but most people vote with their right foot so 66% of the people are not observing. I am not concerned with trying to protect drunken drivers, reckless drivers or people who are habitual offenders, but I am concerned with those people who pick up a speeding ticket for a

few miles over the limit and then their insurance company uses it as an excuse to cancel out their insurance or fail to renew it and then they go and build themselves another twenty story building someplace. I don't believe it will have any effect whatsoever on the driving habits."

Debate ensued.

### POINT OF INQUIRY

Senator Talley: "Senator Henry, will you yield to a question? I want it on the record, Senator Henry, if possible. Is it true that the state is receiving thousands of dollars for revealing to the insurance companies records of drivers?"

Senator Henry: "I don't know how much they are receiving, I am sure that they get paid for these transcripts and certainly this would have no effect on transcripts of those who have serious traffic offenses or make a habit of exceeding the twenty percent over."

### ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 2418, and the bill passed the Senate by the following vote: Yeas, 32; nays, 15; excused, 2.

Voting yea: Senators Bausch, Benitz, Bottiger, Conner, Day, Donohue, Fleming, Gallagher, Gaspard, Goltz, Guess, Hansen, Hayner, Henry, Jones, Lewis, Marsh, Matson, Moore, Morrison, Peterson, Quigg, Rasmussen, Sellar, Shipoch, Talley, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Woody—32.

Senator McDermott: "That is not an economic condition? You call that an economic condition, a grievance procedure?"

Senator Pullen: "Virtually all the grievance procedures that I have ever encountered are either directly economic related or at least indirectly so."

## POINT OF INQUIRY

Senator Odegaard: "Mr. President, members of the Senate, it is my understanding that by fact finding by other public employees that there are not shared costs. I may be incorrect on that, maybe Senator Morrison can correct me if I am wrong, but if that is correct that they do not share costs, I was wondering why this particular group then should be picked out to share costs?"

Debate ensued.

## REMARKS BY SENATOR MORRISON

Senator Morrison: "Mr. President, in answer to Senator Odegaard, and also in part of the exchange between us here, part of the public employees' collective bargaining process does include fact finding paid for by the state and I, personally, feel that that is a mistake and that it is a mistake we do not want to perpetuate as we extend to this new area of higher education. I suppose that you could say that the board of trustees of the college has unlimited money with which to pay for fact finding, but I do not believe that to be true. They were appointed and I find most of them very zealous and enthusiastic and eager to fulfill their obligations from the Governor and their approval by this body, the Senate, because for every dollar that is spent on fact finding or any of the provisions of collective bargaining, it cuts into other programs and there need to be reductions because these are budgeted funds we are talking about and I think we have an opportunity here through this one very short amendment to help force the parties to reach conclusions very quickly and settle the disputes that I think the public is just fed up with when we look at the public arena and the fact that we are now bickering between employers and employees at great expense. There is no fooling them; they know who is paying the tab."

Senator Walgren demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on the amendment by Senator Morrison.

## ROLL CALL

The Secretary called the roll and the amendment was not adopted by the following vote: Yeas, 20; nays, 25; absent or not voting, 1; excused, 3.

Voting yea: Senators Benitz, Bluechel, Clarke, Gallagher, Gould, Guess, Hansen, Hayner, Jones, Lewis, Matson, Morrison, North, Pullen, Quigg, Scott, Sellar, Shinpoch, Wanamaker, Woody—20.

Voting nay: Senators Bausch, Bottiger, Conner, Day, Donohue, Fleming, Gaspard, Goltz, Lee, Lysen, Marsh, McDermott, Moore, Odegaard, Rasmussen, Ridder, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Williams, Wilson, Wojahn—25.

Absent or not voting: Senator Henry—1.

Excused: Senators Keefe, Newschwander, Peterson—3.

Senator North moved adoption of the following amendment:

On page 14, after line 36, insert a new section as follows:

"NEW SECTION. Sec. 21. This act shall be submitted to the people for their adoption and ratification, or rejection, at a special election hereby ordered by the legislature, which election shall be held in conjunction with the next succeeding general election to be held in this state, all in accordance with the provisions of Article II, section 1 of the state Constitution, as amended, and the laws adopted to facilitate the operation thereof."

Renumber subsequent sections consecutively.

Debate ensued.

### POINT OF INQUIRY

Senator Bottiger: "Senator Clarke, you and I disagree on several issues down here and I am just wondering if a product liability bill should come out, would you join me in putting a referendum on it?"

Senator Clarke: "My response is that almost every time you arise I think that you seek to inject a political inference into motivation on any particular legislation and how one piece of legislation related to another. I would appreciate your further explanation. Incidentally, in further responding to your question, I would have no hesitation whatsoever in feeling that the public would support reasonable and proper improvement of the law with respect to product liability."

Senator Bottiger: "The comments that were made by you, as I understood them, was that the public has a deep interest in this bill and there are sixteen thousand people out there who are employed and covered by it. I was thinking of something like five hundred thousand people that would be covered by the product liability bill, especially as to employees, and there is a direct relationship to the public's interest. Now, if we delegate to the public at the slightest political whim, and I suggest that is what this exercise is here today, then we ought to do it on, say, all the bills."

Further debate ensued.

Senator Jones demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on the amendment by Senator North.

### ROLL CALL

The Secretary called the roll and the amendment was not adopted by the following vote: Yeas, 16; nays, 29, absent or not voting, 1; excused, 3.

Voting nay: Senators Bausch, Bottiger, Conner, Day, Donohue, Fleming, Gaspard, Goltz, Lee, Lysen, Marsh, McDermott, Moore, Morrison, Odegaard, Pullen, Quigg, Rasmussen, Ridder, Shinpoch, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Williams, Wilson, Wojahn, Woody.—29.

Absent or not voting: Senator Henry—1.

Excused: Senators Keefe, Newschwander, Peterson—3.

On motion of Senator Day, the rules were suspended, Engrossed Senate Bill No. 2272 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

### POINT OF INQUIRY

Senator Wilson: "I would just like to get a portion of your preceding remarks in the record as to legislative intent—particularly with respect to rural areas. These examinations insofar as possible be conducted at the convenience of the local nurses so they do not have to make long drives, sometimes over hazardous roads to attend these courses."

Senator Day: "Yes. The way you stated your question you said these examinations, you meant these educational symposia, and it is my understanding, it is the intent of the nurses' board to make these so they facilitate the availability of these educational symposia for the benefit of nurses and then we put the additional protection in here that for good cause shown they can have the requirements."

## POINT OF INQUIRY

Senator Rasmussen: "Senator Day, I have in my hand the communication that you had also which stated that the dues would be three hundred sixty dollars every two years for belonging to the nurses' association. Many of the nurses do not belong to the association and they have grave concerns. Number one, that the regulations that we adopted would say that the in-service training will not count as continuing education. Is it your opinion that it will count?"

Senator Day: "I don't know how, I can't anticipate how the nurses' board is going to do this, but in relation to the comment on dues there is absolutely no requirement in this bill that anyone pay dues to any organization. This, in fact, substitutes for the registered nurses' association continuing education plan that has presently been utilized and allows the board of examiners to set these places and it has absolutely nothing to do with belonging to a nurses' association, so dues do not even enter into it, Senator."

Senator Rasmussen: "What about in-service training?"

Senator Day: "Well, certainly it gives the latitude in here that the nurses' board could adopt any in-service training program and, in fact, it is my understanding that many of these training programs will be conducted in hospitals or health facilities or community colleges, something that is in the approximal area of the practicing nurse, so it could be in-service, yes."

Senator Rasmussen: "Well, that is a grave concern also. There are many, many nurses that are overworked, as you know, and do not belong to the nurses' association, but do take in-service training and they would like to continue that way, especially in rural areas, without having to leave their place of occupation to take this training and pay any extra fees for training that probably is not nearly as good as what the hospital gives them."

Senator Day: "It is my understanding that there will not be any demand by any association involved in this, just the nurses' board making available for nurses all types of training and included in that could be the consideration of in-service, which I certainly think they would consider."

Senator Rasmussen: "Thank you."

## POINT OF INQUIRY

Senator Bluechel: "Senator Day, is it possible under this bill that the nurses' board could contract out for this additional in-service training?"

Senator Day: "Well, I don't think that they will be contracting, necessarily, I think what they will do is they will provide through rules and regulations what criteria should be met, what minimum hours, if any, should be involved, this type of thing and there will be a great latitude, I believe, in the actual availability and giving of different types of programs. The nurses' practice covers a broad spectrum and, certainly they for certain, are not going to demand that all nurses take the same training."

Senator Bluechel: "Yes, Senator Day, that was the issue that was brought to me last night by various people in the profession and they thought that if it remained under the administration of the nursing board, it would be fine. But, they could get into serious difficulty and stray from their original intent if it was contracted out."

Senator Day: "I don't believe that constitutionally the nurses' board could delegate this authority to someone else. I think they would have to make very tight rules about what was going to occur relative to nurses' education. Our board just went through a situation where they delegated specific educational symposia and the court threw it out."

## MOTION

On motion of Senator Bluechel, Engrossed Senate Bill No. 2272 was held on the third reading calendar for later today.

## MOTION

Senator Clarke moved that the Senate resume consideration of the motion made by Senator Clarke on Wednesday, February 14, 1979 and Thursday, February 15, 1979 that the Committee on Ways and Means be relieved from further consideration of Substitute House Bill No. 505.

## POINT OF ORDER

Senator Donohue: "What order of business are we under, Mr. President?"

## REPLY BY THE PRESIDENT

President Cherberg: "The sixth order of business, Senator."

## PARLIAMENTARY INQUIRY

Senator Donohue: "Mr. President, is that motion appropriate under the sixth order of business?"

## REPLY BY THE PRESIDENT

President Cherberg: "The President believes that the motion is in order, Senator Donohue."

Debate ensued.

There being no objection, Senator Clarke withdrew his motion.

## MOTION

On motion of Senator Wilson, Senator Fleming was excused.

## SECOND READING

SENATE BILL NO. 2142, by Senators Gaspard, Bottiger, Goltz and Woody: Changing the penalty for causing physical damage to animals.

## MOTIONS

On motion of Senator Gaspard, Substitute Senate Bill No. 2142 was substituted for Senate Bill No. 2142 and the substitute bill was placed on second reading and read the second time in full.

Senator Gaspard moved adoption of the following amendment:

On page 2, add a section following section 3 as follows:

"Sec. 4. Section 4, chapter 146, Laws of 1901 and RCW 16.52.070 are each amended to read as follows:

Except as provided in RCW 9A.48.080, every person who cruelly overdrives, overloads, drives when overloaded, overworks, tortures, torments, deprives of necessary sustenance, cruelly beats, mutilates or cruelly kills, or causes, procures, authorizes, requests or encourages so to be overdriven, overloaded, driven when overloaded, overworked, tortured, tormented, deprived of necessary sustenance, cruelly beaten or mutilated or cruelly killed, any animal; and whoever having the charge or custody of any animal, either as owner or otherwise, inflicts unnecessary suffering or pain upon

the same, or unnecessarily fails to provide the same with the proper food, drink, air, light, space, shelter or protection from the weather, or who wilfully and unreasonably drives the same when unfit for labor or with yoke or harness that chafes or galls it, or check rein or any part of its harness too tight for its comfort, or at night when it has been six consecutive hours without a full meal, or who cruelly abandons any animal, shall be guilty of a misdemeanor."

#### POINT OF INQUIRY

Senator Benitz: "Senator Gaspard, I believe I have seen part of this before. I didn't realize that in the statute as I read it I believe this would outlaw pulling contests that we had. Certainly they fall in the category of being overloaded, they are overworked. I wonder if there is an exception granted in the statutes someplace for that kind of a thing?"

Senator Gaspard: "Senator Benitz, that is not the intent of why we are proposing this amendment, nor the bill we are proposing. Again, this is current statute. We are not doing anything different that is in our law in the state of Washington right now. We do have some intent questions that we are going to offer once we get to the final passage of the bill. I will say right now that is not our intent. We have had court cases that have held and been decided as a result of our current statutes. We have had testimony from prosecutors of the various counties and they have never brought up the subject matter that you are bringing up now that concerns them and that would be affected by what we are doing today."

The motion by Senator Gaspard carried and the amendment was adopted.

On motion of Senator Gaspard, the following amendments to the title were adopted:

On page 1, line 4 of the title, strike "and"

On page 1, line 6 of the title, after "9A.48.100" and before the period insert "; and amending section 4, chapter 146, Laws of 1901 and RCW 16.52.070"

On motion of Senator Gaspard, the rules were suspended, Engrossed Substitute Senate Bill No. 2142 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

#### POINT OF INQUIRY

Senator Donohue: "Senator Hansen, this bill as written has no affect, I assume, on a normal cow-calf operation that we know of over in Eastern Washington."

Senator Hansen: "No, and I think for the journal that we should specify that it has no affects on the normal practices of the industry in the branding, castration and carrying on the normal practices on the ranch, and it also has no affect in the events that are now being used in the sport of rodeo."

#### ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 2142, and the bill passed the Senate by the following vote: Yeas, 45; excused, 4.

"NEW SECTION. Sec. 3. There is added to chapter 56.02 RCW a new section to read as follows:

(1) The board of commissioners of a sewer district may notify the owner or reputed owner of any tract, parcel of land, or other property located within the area included in a petition for a local improvement district being circulated under chapter 56.20 RCW or in a petition for annexation being circulated under chapter 56.24 RCW.

(2) Upon the request of any person, the board of commissioners of a sewer district may:

(a) Review a proposed petition to check if the petition is properly drafted; and  
 (b) Provide information regarding the effects of the adoption of any proposed petition."

Renumber the remaining section consecutively.

## POINT OF ORDER

Senator Quigg: "Mr. President, I would like to get a ruling on whether or not the amendment is within the scope and object of the bill. I feel it might be a little bit broader than the people would have in mind."

## REPLY BY THE PRESIDENT

President Cherberg: "Senator Quigg, I presume the point of order that the amendment proposed by Senator Pullen changed the scope and object of the bill."

There being no objection, Substitute Senate Bill No. 2117 was ordered held pending a Ruling By The President on the Point of Order raised by Senator Quigg.

## SECOND READING

## SECOND READING

SENATE BILL NO. 2024, by Senators Donohue, Matson, Odegaard, Scott and Conner:

Extending the 106% limit to state levies for schools.

## MOTIONS

On motion of Senator Donohue, Substitute Senate Bill No. 2024 was substituted for Senate Bill No. 2024 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Donohue, the rules were suspended, Substitute Senate Bill No. 2024 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

## POINT OF INQUIRY

Senator Goltz: "I do not feel this is a question that needs to go into the journal. It is an informational question for myself. Senator Donohue, with the levy lid bill in effect, which places the limitation on levies at ten percent of the school's budget, an

additional ten percent on the school's budget. If this bill goes into effect my mathematics is not good enough to work it out in my head, with one hundred six percent maximum of the value, assessed value, for the determination of the next levy, will it be possible for a school to be restricted by the one hundred six percent below the ten percent of the levy lid? Or haven't I made that question clear?"

Senator Donohue: "I think what we are talking about is the fact that special levies do not fall into this particular category and are based upon the full value. We talk about the one hundred six percent provision, we are actually talking about that amount of money in dollars and I don't know whether I have answered your question or not. Maybe there is somebody else who can answer it better."

Senator Goltz: "Then, to clarify it in my own mind, the special levy for the ten percent lid is not covered by this and, furthermore, when we phase out the regular levies altogether, this bill in effect, will be sunsetted."

Senator Donohue: "I think that is correct."

### POINT OF INQUIRY

Senator Bottiger: "Senator Donohue, property taxes do not go up equally within the state, within the county, or even within a single school district and my concern is that if in a particular school district you had, say a shopping mall being developed, that is new construction, and it created a conversion from agricultural land to industrial land immediately adjacent to the shopping mall, but no new construction, just land, do I understand this bill then would limit the increase in value, or in the tax levy on that appreciated land to six percent?"

Senator Donohue: "Regardless of whether it is re-valued at a higher level, that is correct, in dollars. The dollars would increase not more than one hundred and six percent per year."

Senator Bottiger: "Under the one hundred six percent limitation per city we are there directed at the budget of the city, they could not raise the levy against the property city-wide by more than six percent of their budget, but we allowed fluctuation for values within that city as to how the burden of the taxes were shared amongst the several taxpayers. Does this do the same thing?"

Senator Donohue: "That is right. They can raise the limit, there is a way to raise the limit under the old law and this also applies at that as by vote of the people. You can raise the one hundred and six percent by vote of the people, it has been done. Fire districts have done this."

Senator Bottiger: "One more question. In Grays Harbor county where a nuclear power plant is being built which will have a value in excess of all of the rest of the property in the county, at least according to testimony we heard, if this bill is in effect a state's share, the fifty percent that goes to the state for schools, would be limited to that county, to that school district by six percent, would then lose the money at the state level for the new nuclear power plant by reducing the other property taxes in the county?"

Senator Donohue: "It is new construction and the new construction comes on at one hundred percent so those dollars you are saying, would it reduce the dollars to the other taxing districts, is that what you are asking?"

Senator Bottiger: "The testimony we heard was that the existence of that power plant doubles the assessed value of Grays Harbor county. Now, if everybody else's property, I am talking about just a farm owner in that particular school district paying the fifty percent of his property taxes to the state for education, would his tax burden then go down because of this substantial increase?"

Senator Donohue: "In dollars I think it would yes, Senator."

Debate ensued.

## REMARKS BY SENATOR ODEGAARD

Senator Odegaard: "In answer to Senator Bottiger's question. Since the plant such as the Satsop nuclear plant would be considered new construction, that would be on top and there should not be any effect on the other taxpayers within the district for the state collected portion, I would think. Also, something else this bill does is allows a new taxing district to get started presently. For example, if a library district would like to get started I think there is one in Jefferson county, or a new fire district, they are caught under the one hundred six percent lid. This bill corrects that problem."

## POINT OF INQUIRY

Senator Ridder: "Senator Donohue, you mentioned that in districts such as fire districts, it was possible to raise a levy by the vote of the people, but in fact have we not already set a levy lid in terms of education? We would not be allowing any kind of additional voting."

Senator Donohue: "We are talking about regular property taxes now, we are not talking about special levies."

Senator Ridder: "I understand that, but you referred to the possibility of raising extra funds through special districts."

Senator Donohue: "Well, if a fire district determines that the one hundred six percent limitation which they fall under does not raise enough money for them to buy new fire trucks or new equipment, or build a fire house, or something like that and they need more money, they can go before the people and present a proposition to raise the one hundred six percent limitation to bring in so many dollars, and they can do that. This can be done by cities, it can be done by counties and it can be done by port districts and it can be done by anyone who falls under the one hundred six percent limitation."

Senator Ridder: "That's right, but we have already exceeded that. There will undoubtedly be special levies for special purposes, but this is the same ten percent lid that we are talking about, is that not right? Excuse me, perhaps I am not making my question clear. I understand you would be setting a lid of one hundred six percent over which any special district in other circumstances, other units of government have the opportunity of raising a levy, we have already essentially incorporated that school levy into school district planning by saying that at any time they can have up to ten percent and so that lid we are talking about that already. Thank you."

Further debate ensued.

## REMARKS BY SENATOR MORRISON

Senator Morrison: "Mr. President, I believe that one mistake still is floating around. It was in response to Senator Goltz's question in which he felt that this bill could be sunsetted out after the levy lid went into place fully, and that is not accurate. The one hundred and six percent ceiling, in fact, should stay on place because it impacts only those school dollars now collected by the state and returned back to the apportionment formula. The levy lid is a totally different thing and it is based on the total assessed valuation of the district and is ten percent keyed to that local district's budget and has nothing to do with the basic property tax which we distribute back to the district in hopefully, a new procedure that is going to work for the benefit of everyone."

## SECOND READING

SENATE BILL NO. 2511, by Senators Van Hollebeke, Walgren, Matson, Morrison, Quigg, Wojahn and Jones:

Making the recovery and recycling of waste materials part of litter control.

## REPORT OF STANDING COMMITTEE

February 5, 1979.

SENATE BILL NO. 2511, making the recovery and recycling of waste materials part of litter control (reported by Committee on Commerce):

MAJORITY recommendation: Do pass with the following amendments:

On page 5, line 19, after "cities" add a comma, strike the words "and towns" and insert "towns, and counties"

On page 5, line 21 strike "municipalities" and insert "local government involved"

Signed by: Senators Van Hollebeke, Chairman; Wojahn, Vice Chairman; Morrison, Quigg.

The bill was read the second time by sections.

Senator Van Hollebeke moved the committee amendments be considered and adopted simultaneously.

## POINT OF INQUIRY

Senator Day: "I note here in the explanation of the bill that it changes the director's authority to designate enforcement personnel from discretionary to mandatory. What, specifically, does that do?"

Senator Van Hollebeke: "Where are you reading from, Senator Day?"

Senator Day: "I'm reading from the analysis of 2511."

Senator Van Hollebeke: "It is just the opposite, I believe unless we are reading two different things. There is one area on top of page six, 'the department instead of may, shall design and produce a litter bag, etc.' and instead of 'may' 'shall' provide litter bags at no charge at points of entry into state, etc.' that was agreed upon by the department. Is that the area you are getting at, or was there another?"

Senator Day: "No, it's two paragraphs preceding that, not in the bill, but in the explanation where it says, 'it changes the director's authority to designate enforcement personnel for litter control from discretionary to mandatory.'"

Senator Van Hollebeke: "At the top of page four in the bill, which is in section four, 'the director is changed from discretionary to mandatory', it reads now, 'instead of the director may' it reads 'director shall' designate trained employees of the department to be vested with police powers to enforce and administer the provisions of this chapter'. I think that is probably what the writer of the analysis is getting at. That is the one that the analysis referred to. At the top of page 4 in your bill book, and that would be page 125 of the bill book."

Senator Day: "What I am wondering here, I find it now, but when it is mandated before it was discretionary for the director, but now it is mandated, what is the fiscal impact of such a change?"

Senator Van Hollebeke: "I think I feel safe in saying there is no fiscal impact, they are just saying how the money shall be spent. This is one of the ways it shall be spent."

The motion by Senator Van Hollebeke carried and the committee amendments were adopted.

On motion of Senator Wilson, the following amendment was adopted:

On page 5, line 21, after "municipalities" and before "shall be" on line 22, insert "electing to participate in this program"

On motion of Senator Van Hollebeke, the rules were suspended, Engrossed Senate Bill No. 2511 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Limiting the application of nuisance laws to agricultural activities.

The bill was read the second time by sections.

On motion of Senator Gaspard, the following amendment was adopted:

On page 1, line 16, strike "conclusively"

## POINT OF INQUIRY

Senator Rasmussen: "Senator Gaspard, I am a little bit concerned, and it may need a further amendment with this bill. It provides that agricultural activities conducted on farm land if consistent with good agricultural practices and established prior to surrounding non-agricultural activities are, conclusively presumed to be reasonable and therefore do not constitute a nuisance. I can have a place right adjacent to this farm land, you might scatter right up to my fence some very fresh, fragrant fertilizer which might be consistent with good agricultural practices, it might not be detrimental to health, though you think you are going to die anyway when you smell it, and yet this would not constitute a nuisance activity and this is what you are saying in this law, that it is not a nuisance as long as it is used for agricultural purposes. Is that correct?"

Senator Gaspard: "Senator Rasmussen, that is one of the reasons we took out 'conclusively'. There is a presumption here and, of course, with the presumption to be reasonable you have a certain amount of proof to overcome that presumption. If we would have had 'conclusively presumed' then it would have been much harder to overcome that and it would in all effect probably been very hard to overcome a 'conclusively presumed' situation. That is why we took out 'conclusively'."

Senator Rasmussen: "Well, then take another instance: I might have a very lively and some people would call them vicious pack of dogs which are running on my farm land and they might be yapping all night long and would constitute a nuisance to me, or my neighbors also, yet there would be nothing we could do. We couldn't call up the sheriff and ask anybody to quiet the dogs under this law."

Senator Gaspard: "Senator Rasmussen, I don't think that is necessarily the case. It goes beyond that. If you don't get satisfaction with calling up the sheriff, or whoever it may be about some noise and it does go to court, then whoever takes it to court will have to show beyond what is an assumption here that is presumed to be reasonable and I don't think we deny anything that you can do right now. We are really trying to state a policy that farm lands are disappearing from this Puget Sound region and those farm lands that have been established before urban areas and suburban areas have surrounded them are having a very difficult time staying where they are. I think that it is more a statement of policy by the state than anything else."

Senator Rasmussen: "Well, if I held a disco dance on my farm and I give each one of them a hoe and they were going pretty good all night long, it would constitute

agricultural activities and this would be presumed. Now you have taken 'conclusively' out, but it would be presumed that that was not a nuisance to adjacent neighbors. Is that right?"

Senator Gaspard: "Senator Rasmussen, there are other statutes that apply other than nuisance statutes. We do have some noise regulations by the department of ecology and a few other things like that and I imagine you can probably state before us about any situation and I can get up and try to answer any situations that you can come up with, but I don't think we are doing anything that is going to prevent you from complaining about noisy dogs, or whatever it could be."

Debate ensued.

#### REMARKS BY SENATOR BOTTIGER

Senator Bottiger: "An answer that Senator Gaspard didn't give, and that I think turns the case against Senator Rasmussen, is the question who was there first. If the dog kennel was there first and you chose to come with your subdivision and build all around it, then you bought with the dog kennel next door to you and you can't bring a nuisance action to get rid of them. The same would go with a mink farm. Down the road from me where we came out and joined a neighbor, who is a very good neighbor, at mating season the mink make a lot of noise. I knew it when I moved out there and if I don't like it I can move again."

#### REMARKS BY SENATOR GOLTZ

Senator Goltz: "I think another answer, Mr. President, which Senator Gaspard failed to give and the example that Senator Rasmussen used, that would be a hoe-down and would come under the provisions of the State dance, which we legalized in this Chamber several weeks ago."

Further debate ensued.

On motion of Senator Gaspard, the rules were suspended, Engrossed Senate Bill No. 2180 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

#### ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2180, and the bill passed the Senate by the following vote: Yeas, 46; nays, 1; excused, 2.

Voting yea: Senators Bausch, Benitz, Bluechel, Bottiger, Clarke, Conner, Day, Donohue, Fleming, Gallagher, Gaspard, Goltz, Gould, Guess, Hansen, Henry, Jones, Lee, Lewis, Lysen, Marsh, Matson, McDermott, Moore, Morrison, Newschwander, North, Odegaard, Peterson, Pullen, Quigg, Ridder, Scott, Sellar, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Williams, Wilson, Wojahn, Woody—46.

Voting nay: Senator Rasmussen—1.

Excused: Senators Hayner, Keefe—2.

ENGROSSED SENATE BILL NO. 2180, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

#### SECOND READING

SENATE BILL NO. 2186, by Senators Bottiger, Benitz and North:  
Regulating attachments to utility poles.

## MOTION

On motion of Senator Marsh, Senate Bill No. 2186 was ordered held on the second reading calendar for Monday, February 19, 1979.

## SECOND READING

SENATE BILL NO. 2141, by Senators Day and Moore:  
Revising the regulations of the practice of pharmacy.

## MOTIONS

On motion of Senator Day, Substitute Senate Bill No. 2141 was substituted for Senate Bill No. 2141 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Day, the rules were suspended, Substitute Senate Bill No. 2141 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

## POINT OF INQUIRY

Senator McDermott: "Senator Day, on page 6 of the bill in the definitions on line 28, it says 'practitioner means a physician, dentist, nurse, veterinarian or other persons duly authorized by law, or by rule'. The new language is 'or rule in the state of Washington to prescribe drugs'. Could you explain what the legislative intent of that is?"

Senator Day: "Yes, it is my understanding that physicians' assistants, there was some question about their capability relative to this law and that the board of medical examiners adopted rules and I think that is intended to extend those rules through the board of pharmacy so that they could do what, in effect, the legislature intended at the time of the passage of the law. Now, there may be a better answer, but that is the only one I know of."

Senator McDermott: "It is not intended for any other group then to do it by rule than the physicians' assistants."

Senator Day: "It is not the intention of this law to in any way extend the authority for any practitioner other than that instance which we thought was inferred in the law before to prescribe any legend or controlled substance."

## POINT OF INQUIRY

Senator Wilson: "Senator Day, in connection with your last question, physicians' assistants, of course, have become of some importance in rural areas in Eastern Washington. Does your remark suggest in any way that the present authorities extended to physicians' assistants would be diminished?"

Senator Day: "No."

## POINT OF INQUIRY

Senator North: "Senator Day, what is the difference between an 'inspector' and an 'investigator'?"

Senator Day: "An inspector comes in on a routine basis and inspects for certain rule to see if certain rules are being complied with. An investigator may investigate some type of an activity which and where there is a violation of the act, or an impropriety by one of the practitioners authorized under the act, etc."

Senator North: "Would the investigator be bearing a gun?"

Senator Day: "I think they are authorized to because one of the things that we have allowed the board of pharmacy to do is regulate controlled substances. I am

not certain about that. At the moment this thing has been out here long enough now that I have forgotten some of these things."

Senator North: "All right. Senator Day, it would appear that if these investigators are going to be bearing guns, we are giving a great deal of additional authority to the pharmacy board. I can't quite understand what the investigator is, or why the inspector can't really carry out the mandates the legislature has given to that board in the past. This seems quite an expanded step for that board to take."

Senator Day: "Mr. President, I am advised by my counsel that investigators in this particular position do not carry firearms. No."

### POINT OF INQUIRY

Senator Rasmussen: "Senator Odegaard, this is a very worthwhile measure but I am wondering if it goes far enough. This provides only that the teacher training in the institutions of higher education. What would it do in a case of a person coming in from out of state without being able to show the necessary ten hours of training?"

Senator Odegaard: "Well, Senator Rasmussen, this bill does not correct all ills, with this particular problem I would be the first to admit that and similar questions came up in committee. The only thing, I did not want to bite more than we could chew at this time. I have been discussing with Senator Donohue possibly including some in-service training for teachers in our K-12 system so that not only the teachers who come from out of state who don't have this kind of training, but also our present teachers who haven't had the training coming out of our own colleges and universities and could receive some kind of in-service training and I would appreciate your support of that."

Senator Rasmussen: "That was my next question. You are contemplating writing in continuing education and this would be part of the ten hour course?"

Senator Odegaard: "We are contemplating that, Senator Rasmussen. I don't know what the end result will be."

Senator Rasmussen: "Thank you."

### ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 2055 and the bill passed the Senate by the following vote: Yeas, 46; absent or not voting, 1; excused, 2.

On motion of Senator McDermott, Substitute Senate Bill No. 2132 was substituted for Senate Bill No. 2132 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator McDermott, the rules were suspended, Substitute Senate Bill No. 2132 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

## POINT OF INQUIRY

Senator Guess: "Senator McDermott, one of the things that standardization of plans and component parts has done is that in certain instances it has caused a great deal of delay because the component parts were not available. Does this contemplate that the school board might buy the component parts in advance, maybe for three or four years and put them in a warehouse and then turn them over to the successful bidder for the buildings?"

Senator McDermott: "This bill itself is merely to give the school board the opportunity, the state school board, the possibility of going on with the program. It has no implications in terms of what must or must not occur. I think those kinds of proposals make sense perhaps, but that is not the intention. This bill is merely to keep the program going."

Senator Guess: "Thank you very much."

## ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 2132 and the bill passed the Senate by the following vote: Yeas, 47; absent or not voting, 1; excused, 1.

Absent or not voting: Senator Matson—1.

#### MOTION

Senator Walgren moved that Senate Bill No. 2229, as amended, be rereferred to the Committee on Rules.

#### POINT OF INQUIRY

Senator Rasmussen: "Senator Walgren, would you mind putting this over to the fighting calendar rather than sending it back to the rules committee? That would be a saving motion which would allow this body to complete its action on this bill, which is very important bill and the amendments as offered by Senator Pullen are also very important. Sometimes the rules committee, though most of the time they work very expeditiously, they sometimes have a delay. If you would just put this over to the regular calendar, then we would have time to discuss the amendments and also work on the bill earlier."

Senator Walgren: "I believe that we probably will have perhaps one or two other bills of this nature. You will note that I am the prime sponsor of this measure, Senator Rasmussen, and I certainly want to have the bill to come out here just as quickly as possible for consideration."

On motion of Senator Odegaard, the rules were suspended, Substitute Senate Bill No. 2393 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Senator Odegaard, I realize that tansy ragwort is a problem, but one question would be, does this apply also to the county right-of-way, that they may be cited by the control board? A second question would be, do you provide a specified time of at least ten days from the issuance of the notice and it could be such a thing that the person owning the land and a lot of his pasture land probably is owned by absentee owners who have it leased or rented, but the fine would be assessed against the owner. Do you think ten days is enough time and when the control board themselves do the spraying or the removal of the weeds of whatever shape, it is usually very expensive, by the time they send their crews out. What are the answers to those questions?"

Senator Odegaard: "In the question of the ten days, that is why it says at least ten days, so it would be at the discretion of the board to be reasonable in that case and where there are so many absentee owners I would imagine that they would use good discretion on that and that is why it does say at least ten days from issuance of the notice. On your first question, does it apply to public right-of-ways, I don't know the answer to that for sure. It probably ought to, we do have the problem in not only private, but also public right-of-ways and along the highways, and so forth and I can't answer your question for sure. Maybe there is someone else who knows the answer to that."

The Secretary called the roll on the final passage of Substitute Senate Bill No. 2393 and the bill passed the Senate by the following vote: Yeas, 47; nays, 1; excused, 1.

Senator Van Hollebeke: "Senator Odegaard, in reading the amendatory language, it says 'the funds used for purposes providing scholarships,' and so forth . . . 'shall include but not be limited to monies received as contributors, donated funds or revenue derived from performing arts events, including admission receipts,' . . . do you read that as making those all revenue from that or directing that all revenues from such events mandatorially be used for this?"

Senator Odegaard: "No, Senator Van Hollebeke, the way the original bill was drafted, there was some concern about that. In fact, that very question came up by Senator Guess. And, in committee, at Senator Guess' suggestion, we came up with this language so that not all of the funds would have to be used for such type scholarships and that is why it says 'shall include but not be limited to'."

Senator Van Hollebeke: "I don't think that language does that. I think it at least leaves a question. The wording 'that it not be limited to' merely provides that additional funds may be used but it doesn't speak to the matter of whether or not

these funds derived from gate revenue and so forth . . . have to be included. I think it is a little ambiguous."

Senator Odegaard: "Well, if you would like, Senator, we could hold the bill until two o'clock and you and I could discuss that."

Senator Van Hollebeke: "All right, thank you."

### SECOND READING

SENATE BILL NO. 2204, by Senators Woody, Odegaard, Conner, Peterson, Newschwander, von Reichbauer and Talley:

Modifying the provisions for free hunting and fishing licenses.

### MOTION

Senator Clarke moved that Senate Bill No. 2204 be rereferred to the Committee on Rules.

Debate ensued.

### POINT OF INQUIRY

Senator Peterson: "Senator Walgren, does this mean now that we are operating under the assumption that if any member in this body has one objection to any particular bill on the consent calendar, does that mean that all of the bills that would be raised would be going back to rules?"

Senator Walgren: "Well, I suppose that if there was one member with a violent objection to a particular measure that it would go back to rules. These are supposed to be consent for all of us with little debate, with very few if any amendments and they would then have to go through the regular course. I would assume that a measure as good as this one, and as beneficial as this one, is going to come out very rapidly, Senator Peterson."

Senator Peterson: "I don't see any amendments on the desk and the chairman of the committee that passed the bill out and that sponsored the bill, I haven't heard any objections to having this on the calendar except from Senator Clarke. Maybe Senator Clarke can respond."

REMARKS BY SENATOR CLARKE

Senator Clarke: "Under the understanding that we had, our members did not feel it was necessary to place amendments on the desk because it was understood that if there was substantial objection, the bill would go back to rules."

POINT OF INQUIRY

Senator Peterson: "Senator Walgren, I still don't understand and you haven't clarified my point. If one person in this body can object to any particular measure and I am sure that I can object to most of them, or a lot of them. If an individual on either side of the aisle can send a bill back to rules when there are not amendments on the desk there is nothing in opposition to the bill except one member on the Senate floor stands up and says he wants it sent back to rules."

Senator Walgren: "As I understand it, first there is more than one member who has an objection to this particular matter, and that there are a number of persons who are objecting to it. This is no different than the procedure that we have followed on consent calendars before that either if the measure ran into difficulty because it had a number of amendments or if there were members who objected to its being on the consent calendar it would go back to rules."

REMARKS BY SENATOR WOODY

Senator Woody: "I will certainly bow to the will of the body in this matter, but may I simply state that I feel it is regrettable if there is a substantial disagreement with the provisions of this bill which would essentially grant a free fishing license to all residents of our state of at least one year who are sixty-five years of age and older."

The motion by Senator Clarke carried. Senate Bill No. 2204 was rereferred to the Committee on Rules.

#### REMARKS BY SENATOR BAUSCH

Senator Bausch: "Thank you, Mr. President. Just briefly, most of the statements have been made concerning these types of amendments that would substantially change the bill and make it very controversial.

"We need this bill in its present form to get this issue settled, if we can, not hold it up.

"The bill relates to tax. It does not relate to processing of any specific type of wood fiber and I would urge that you join me, at least I hope, in getting a Ruling that it is outside of scope."

#### RULING BY THE PRESIDENT

President Cherberg: "Senator Bausch has raised a point of order that the proposed amendments changes the scope and object of the bill.

"In ruling upon the Point of Order as presented by Senator Bausch, the President finds that Senate Bill 2111 is a measure which extends the six and one-half percent timber tax, revises the manner in which such tax is distributed and creates a forest tax committee.

"The amendments proposed by Senator Quigg levies an additional excise tax on harvesters of western red cedar alone and provides for an exemption from such tax.

"The President therefore finds that the proposed amendments do expand the scope and object of the bill and that the point of order is well taken."

The amendments proposed by Senator Quigg were ruled out of order.

Senator Benitz moved the following amendments be considered and adopted simultaneously:

On page 1, line 29 strike "1981" and insert: "1980".

On page 1, line 29 after "percent." insert: "Commencing July 1, 1980 the rate shall be five percent."

'FATHER IN HEAVEN. WHAT IS A MAN WITHOUT THEE! WHAT IS ALL THAT HE KNOWS, VAST ACCUMULATION THOUGH IT BE, BUT A CHIPPED FRAGMENT IF HE DOES NOT KNOW THEE! WHAT IS ALL HIS STRIVING, COULD IT EVER ENCOMPASS A WORLD, BUT A HALF-FINISHED WORK IF HE DOES NOT KNOW THEE; THEE THE ONE, WHO ART ONE THING AND WHO ART ALL! SO MAY THOU GIVE TO THE INTELLECT WISDOM TO COMPREHEND THAT ONE THING; TO THE HEAR, SINCERITY TO RECEIVE THIS UNDERSTANDING; TO THE WILL, PURITY THAT WILLS ONLY ONE THING. IN PROSPERITY MAY THOU GRANT PERSEVERANCE TO WILL ONE THING; AMID DISTRACTIONS, COLLECTEDNESS TO WILL ONE THING; IN SUFFERING, PATIENCE TO WILL ONE THING. OH, THOU THAT GIVEST BOTH THE BEGINNING AND THE COMPLETION, MAY THOU EARLY AT THE DAWN OF DAY GIVE TO THE YOUNG MAN THE RESOLUTION TO WILL ONE THING. AS THE DAY WANES MAY THOU GIVE TO THE OLD MAN A RENEWED REMEMBRANCE OF HIS FIRST RESOLUTION, THAT THE FIRST MAY BE LIKE THE LAST, THE LAST LIKE THE FIRST, IN POSSESSION OF A LIFE THAT HAS WILLED ONLY ONE THING.' AMEN."

It was used for many major crops, but not minor crops. Will this bill help us in any way to keep the feds from coming in and saying that we can't use it on a minor crop?"

Senator Hansen: "Yes, there is some stipulation in the law that the pesticide applicators can go through and get the permission to use some of these that are not on the label for the minor crops."

Senator Guess: "Thank you very much, Senator."

## POINT OF INQUIRY

Senator Rasmussen: "Senator Bottiger, there is nothing in this bill that gives the right of exclusive franchise to any particular cable company?"

Senator Bottiger: "No, Senator, not that I have known of or anybody has brought to my attention. I have read the bill carefully and I find nothing that says anything about franchises in it."

## POINT OF INQUIRY

Senator Peterson: "Senator Bottiger, is there anything in this measure, Senator, that would tend to increase the rates in rural areas? I know you are concerned and you have been speaking mostly to metropolitan areas. We have cable television in rural areas throughout the state, particularly in my district. Is this going in any way to increase their rates, or the rates that they are going to have to pay the utilities?"

Senator Bottiger: "It is obviously not the purpose of this bill to get into the rate that a cable television company would charge for its service. Any time we can provide some stability and a contract term with a right of appeal in the case of a private utility area, or at least the semblance of no unfair charges in a public utility area, we are going to help hold the cost of a cable television service down. The problem in a very rural area like you and I represent, is getting enough customers out there to make it worth running a line out at a price people could pay and the bill simply does not address that question."

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 2186, and the bill passed the Senate by the following vote: Yeas, 47; nays, 1; excused, 1.

REPORT OF STANDING COMMITTEE

February 14, 1979.

SENATE BILL NO. 2602, authorizing licensed beer distributors to act as agents of manufacturers of distilled spirits (reported by Committee on Commerce):

Recommendation: Do pass with the following amendment:

#### POINT OF INQUIRY

Senator Rasmussen: "Senator Van Hollebeke, on page one, line twenty-seven, 'no manufacturer or wholesaler or person otherwise dealing in distilled spirits shall be eligible or receive or hold a license as a wine importer or wine wholesaler, or beer importer'. Did the committee consider striking that section of the bill also to make it free trade?"

Senator Van Hollebeke: "They did not. The effect of the bill is to make it so that all the beer and wine wholesalers can deal in distilled spirits."

Senator Rasmussen: "Does this also allow a dealer in distilled spirits to become a beer wholesaler?"

Senator Van Hollebeke: "This does not effect that. Does not effect that area of law."

Senator Rasmussen: "Maybe you could explain a little bit, are you going only one way? I can't see why you restrict or you propose now to allow beer wholesalers to sell distilled spirits."

Senator Van Hollebeke: "That's right."

Senator Rasmussen: "But, you do not propose at present a person handling distilled spirits to sell beer wholesale?"

Senator Van Hollebeke: "Well, we are not changing that area of the law, is what I am saying. There was no request to do so. Nobody in the industry indicated any desire for a change in that area."

### SECOND READING

SENATE BILL NO. 2492, by Senators Day, Marsh and Van Hollebeke: Requiring emergency teletypewriters to aid persons with hearing defects.

REPORT OF STANDING COMMITTEE

February 7, 1979.

SENATE BILL NO. 2492, requiring emergency teletypewriters to aid persons with hearing defects (reported by Committee on Social and Health Services):

MAJORITY recommendation: Do pass with the following amendments:

On page 1, line 22, after "device" insert "which is compatible with existing devices used"

On page 1, line 23, after "office" insert "or central dispatch office"

Signed by: Senators Day, Chairman; Moore, Vice Chairman; Gould, Quigg, Talmadge, Vognild.

The bill was read the second time by sections.

On motion of Senator Day, the committee amendments were adopted.

POINT OF INQUIRY

Senator Rasmussen: "Senator Day, I am not very familiar with what you are proposing here, but would a person without a telephone be able to communicate with this teleprompter, or device?"

Senator Day: "He would not, because of course, what it is is a device that attaches to the telephone so that a person who normally cannot use a telephone because he can't hear, can communicate over those lines. Now, example, my daughter and my son-in-law are both deaf. They have a ten year old daughter that hears and they have a telephone and they have one of these devices. Now, the problem is that if the house is on fire they couldn't notify the fire department for the simple reason, unless they got the daughter up. Now, in some families they aren't as fortunate as we are, they have deaf parents and deaf children, so they not only don't have a telephone, or if they had one they couldn't use it.

"Now what this does, and I am speaking on the bill now to save us a minute later, what this does, it is a little device that fits on the phone which works something like a teletype and we have seen devices which both have readouts and printouts. My daughter has the old fashioned one that has a printout. She is fortunate. She has had hers for a long time. She can call another deaf person who has one of these devices and it comes printed out just about like a telegram. She types into it and it types out on the other end. This would be in the sheriff's department and in the fire departments or in a central communications system and they would have one of these and she could get up in the middle of the night and if there was a burglar or something was threatening them, she could teletype to the sheriff and the sheriff would know the address which she could give and that she was having a problem."

Senator Rasmussen: "Well, I am not opposed to the bill, Senator, I just wanted to know, can a person speak into the telephone and then have the printed message come out on the other end at the sheriff's office?"

Senator Day: "No. What would happen if you could speak into the telephone, the sheriff could listen on the other end. But, in this instance, what happens is the telephone fits on the device and then the teleprompter transmits the message over the phone and it is interpreted by the teleprompter on the other end in either a writeout or a readout."

Senator Rasmussen: "This solves part of the problem then."

Senator Day: "Yes."

Senator Rasmussen: "Thank you, Senator Day."

On motion of Senator Day, the rules were suspended, Engrossed Senate Bill No. 2492 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

#### PERSONAL PRIVILEGE

Senator Wilson: "Mr. President, I should just like to remind the members of this body that this morning we have passed the first four sunset bills that have come to our attention. These entities were examined and it was found that there was a legitimate reason to continue their existence and the bills are on the way to the House. Later this session we will be considering further amendments to the sunset bill itself which will add into the sunset review process agencies and programs of far greater consequence than the minor entities we have been dealing with this morning.

"Each time we attempt to add entities into the sunset review process, certain proponents, in many cases, do their best to keep their favorite pet programs and agencies out of the review process. I am bringing all of this to your attention only to try to assure them and you also, to point out that I feel the legislature is dealing with the sunset obligations in a responsible manner. And, if those entities which deserve to be continued and are serving a worthwhile public purpose need have no fear that they will be put out of existence."

#### POINT OF INQUIRY

Senator Guess: "Senator Wilson, would you tell me how much it has cost us to remove from the statutory language of the state of Washington, the grist mill commission?"

Senator Wilson: "Senator Guess, I was absolutely certain you would arise to ask a question like this and the answer is, 'I don't know'. But, I do wish to point out that grist mills and these various small commissions we are dealing with today are the beginnings of the sunset process and they were held to a minor level so the legislature could become acquainted with how to make the sunset review process work. Now if you, Senator Guess, will support me and others in building far more major programs and agencies into the sunset review process when the bill comes up in state government there will be a considerable potential savings to the taxpayer."

Senator Guess: "I believe the appropriation was for one hundred ninety thousand dollars for this sunseting procedures and if the net results were to do away with only the grist mill commission and I can remember riding the old mule to the grist mill, and I don't think it had to take a state one hundred ninety thousand dollars to say that the grist mills didn't need anybody to regulate them. Can you figure out how much a commission now is going to cost us to sunset all these other commissions you are going to come up with?"

## POINT OF ORDER

Senator Marsh: "Mr. President, I raise the question of scope and object."

## RULING BY THE PRESIDENT

President Cherberg: "The President in ruling upon the point of order presented by Senator Marsh, finds that Senate Bill 2229 is a very broad bill bordering on being an omnibus bill dealing with revising the criminal code. Therefore, the President believes that the amendment proposed by Senators Pullen, Day, Rasmussen, Sellar, Morrison, Conner, Guess and Vognild fits within the scope and object of the bill. The point of order by Senator Marsh is not well taken."

The amendment was ruled in order.

The motion by Senator Pullen carried and the amendment was adopted.

A person sentenced pursuant to this provision shall not be released under any circumstances from the correctional institution prior to serving the entire three-year sentence. A person sentenced pursuant to this provision shall not be released under any circumstances from the correctional institution prior to serving the entire three-year sentence. The department of social and health services shall not permit any such convicted person to participate in any work release or furlough program or to be released from the correctional institution for any reason during the three-year mandatory minimum period."

Renumber the remaining sections consecutively and correct internal references accordingly.

Senator Talmadge: "Senator, is it not also something that appears to be a deadly weapon?"

Senator Pullen: "Not according to my recollection of the definition of RCW 9A that you are referring to."

Debate ensued.

Senator Bottiger moved adoption of the following amendments to the amendment by Senator Pullen and others:

Amend the amendment to page 7 as follows:

On page 1, lines 25 and 31 of the amendment, and lines 33 and 34, strike "three years" and insert "twenty-two months"

Amend the amendment to page 7 as follows:

On page 2, lines 2 and 9, strike "three years" and insert "twenty-two months"  
Debate ensued.

### POINT OF INQUIRY

Senator Van Hollebeke: "Senator Marsh, if with these mandatory sentences as passed in the previous amendments and the present one, what would happen if somebody was convicted of one of these crimes and, therefore, received the mandatory sentence which states that they must be confined to state correctional institutions for that length of time, what about if one of these persons was deemed to need psychiatric care or other mental assistance? How would that be treated? How would that person be treated?"

Senator Marsh: "Apparently that person would have to be treated within the facility."

Debate ensued.

The amendments by Senator Bottiger to the amendment by Senator Pullen and others were not adopted.

The motion by Senator Pullen carried and the amendment was adopted.

On motion of Senator Pullen, the following amendment was adopted:

On motion of Senator Fleming, the rules were suspended, Senate Bill No. 2339 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

## POINT OF INQUIRY

Senator Rasmussen: "Senator Day, this requires fifty hours of instruction and what are they particularly, you are talking about now of the nurses' aides or are they just ordinary attendants?"

Senator Day: "That is correct, they are nurses' aides."

Senator Rasmussen: "At the present time they are not licensed?"

Senator Day: "No."

Senator Rasmussen: "Once they get this training, do they become licensed?"

Senator Day: "No, this does not license them."

Senator Rasmussen: "That is the next step?"

Senator Day: "No, they have two other levels of nurses: The licensed practical nurses and registered nurses. These are nurses' aides. These are people who have had no training, Senator, to this point necessarily."

Senator Rasmussen: "The complaint that I have heard from the nursing homes, and I do not know if this has been approved by the nursing homes' association at the present time, is that the legislature constantly upgrades, in fact we specified the minimum wage and I presume we will be specifying the minimum wage for this educated group now, but we do not provide the money and yet the demand is there that we bring them up to that level. Are the other bills that are following going to provide enough money so that they can pay this advanced wage?"

Senator Day: "It is my understanding that the bill demands that the department reimburse for the cost of this training. Also, the pay bill which has gone through ways and means will pay it, I believe, the ninety percentile level of state employees so they are going to get a substantial raise in their pay and so, yes, they are going to get paid more and, yes, the department is going to pay for the training through the legislature, that is correct. They are going to be authorized through the legislature, Senator Donohue reminds me, and that is correct."

Senator Rasmussen: "Thank you, Senator Day, we have high thoughts and I hope we follow with the money."

Senator Day: "One other thing that you queried me about and I failed to answer is that this is the one bill that I have had no objection to from the nursing home industry."

## ROLL CALL

The Secretary called the roll on the final passage of Senate Bill No. 2339, and the bill passed the Senate by the following vote: Yeas, 47; excused, 2.

Excused: Senators Keefe, Lysen—2.

SENATE BILL NO. 2339, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

### MOTION

On motion of Senator Marsh, the Senate commenced consideration of Senate Bill No. 2336.

### SECOND READING

SENATE BILL NO. 2336, by Senators Fleming, Jones, McDermott, Morrison, Ridder, Day and North (by Senate Select Committee on Nursing Homes of the 45th Legislature request):

On motion of Senator Fleming, the following amendment by Senators Fleming and Jones was adopted:

On page 7, line 8, after "professional" insert "or agency"

Senator McDermott moved adoption of the following amendment by Senators Fleming and Jones:

On page 8, line 18 after "attendance" strike all the material down to and including "same" on line 20

### POINT OF INQUIRY

Senator Rasmussen: "Senator McDermott, as I read that, you are striking the part that says, 'This section shall not prohibit a resident who is self-administering medication from keeping the same'. You don't spell out whether it is a prescription drug or not. This in effect would say that my relatives in a nursing home perfectly competent mentally to keep the bottle of aspirin, would say they may not keep that bottle of aspirin. Now, that is not a prescribed medicine—medication. But, you do not say that. You just merely say 'who is self-administering medication'. I think you should clarify that to a prescription drug of some sort."

Senator McDermott: "Well, the line above it, Senator Rasmussen, says 'all drugs shall be kept under lock and key, unless an authorized individual is in attendance'. What that says is that medications, drugs, things that are prescribed, have to be handled by authorized personnel in nursing homes who are responsible and this section does not speak to whether or not somebody has aspirin, anything that can be bought over the counter, I think the nursing home will have to deal with this on their own, but certainly as a public policy, which this law is, I do not think that we want to allow the nursing homes to have medication, that is prescribed medication, in the possession of various patients because one patient gets another patient's medication, or it gets mixed up or is not taken, and we left open the question of whether or not they want to have aspirin. That can be a nursing home's decision on their own."

Debate ensued.

The motion by Senator Fleming carried and the amendment was adopted.

Senator Fleming moved adoption of the following amendment by Senators Fleming and Jones:

Senator McDermott: "Senator Day, would you define 'repeatedly' for me, please?"

Senator Day: "Well, 'repeatedly' means if it happens more than once."

Senator McDermott: "Will you define 'wilfully' for me, please?"

Senator Day: "Well, 'wilfully' means that you intended to do it."

Senator McDermott: "Would that mean that . . . ."

Senator Day: "You did it with intent."

Senator McDermott: "So, if you hired an employee and did not supervise them properly and they administered medication wrongfully, that would not be something that you wilfully did, would it?"

Senator Day: "No, I do not think it would."

### POINT OF INQUIRY

Senator Rasmussen: "Senator Fleming, on line 28 you specify, or line 27, 'the Advisory Nursing Home Council shall consult with the legislature and the department', but you are not striking that out. Your amendment is down below that. It is very hard for me to conceive that the Advisory Council consult with the whole legislature. You do not specify legislative committee, you say legislature, so if they have not contacted everyone of us in the House and Senate, it is questionable that they will have any validity. And, then where you are proposing to amend out there you are amending out the part that review and approve the rules."

Senator Fleming: "Okay, that is not my language, Senator Rasmussen, that is Senator Day's language, but we have this in black and white all over the place that certain bodies are consulting with the legislative branch of government and they might only consult with your committee, but they have consulted with somebody in the legislative branch. Like I said, that is not my language, but the thing I am trying to say as relates to Senator Day's arguments, it is not a question of here whether in fact you are going to have more or less confidence in the department, the question is that we are going to have some monitoring of this thing and that if you are going to have anybody approving which we still have the final say so if you are going to have anybody approve it you will probably have the legislature approve it and not a third body that we have no control over."

The motion by Senator Fleming carried and the amendment was adopted on a rising vote.

Senator Fleming moved adoption of the following amendment by Senators Fleming and Jones:

On page 21, line 23 after "(3)", insert

"~~((No later than January 1, 1978, all payments made to nursing homes by the department shall meet the reasonable cost of:~~

(a) Complying with the revised licensing standards:

(b) Complying with federal standards; and

(c) Meeting client needs:

~~as the reasonable costs are determined under federal regulations))"~~

Debate ensued.

The motion by Senator Fleming carried and the amendment was adopted.

Senator Fleming moved adoption of the following amendment by Senators Fleming and Jones:

On page 14, line 10, after "facility" insert ", with the cooperation of the residents,"

Debate ensued.

## POINT OF INQUIRY

Senator Guess: "Senator Jones, there is a brand new nursing home going into the Cheney area without any patients whatsoever. This is a home that that department closed and all the people were scattered to the four winds and now they are going to be coming back. How is the nursing home administrator going to design the interior decor of the rooms in keeping of this?"

Senator Jones: "In fact they are not residents, Senator, is that right?"

Senator Guess: "That's right."

Senator Jones: "Then they won't have to be sought out, right? That answers your question."

Senator Guess: "When the patients move into the place are those rooms going to have to be redecorated according to the desires of the residents?"

Senator Jones: "Absolutely not."

## POINT OF INQUIRY

Senator Rasmussen: "Senator Jones, what I would like to know is, with the cooperation of the residents, I have a number of people in my nursing home, they are flat on their back and they are out of this world most of the time."

Senator Jones: "They should be very cooperative, then, I would think."

Senator Rasmussen: "How would I get the cooperation of these people in how I would design the facilities if they probably didn't like it in the first place when they went there and it would seem to me that if the department would spell out what shall be the minimum requirements that then you might have something. But, to say I am going to go to Tacoma General Hospital and I am going to be a resident there and I have a right to ask them to design the room to suit my particular convenience and it just won't work. I don't know how you can do it. That is my question."

Senator Jones: "Naturally, we are only speaking of those people who are able and willing to cooperate, Senator Rasmussen."

The motion by Senator Fleming failed and the amendment was not adopted.

There being no objection, on motion of Senator Fleming the amendment to page 14, line 26 on the desk of the Secretary of the Senate, was withdrawn.

Senator Fleming moved adoption of the following amendment by Senators Fleming and Jones:

On page 15, line 9, after "to" strike "the effective date of the 1979 act" and insert "July 1, 1976 pursuant to RCW 70.92.110"

Debate ensued.

The motion by Senator Fleming failed and the amendment was not adopted on a rising vote.

On motion of Senator McDermott, the following amendment was adopted:

## SECOND READING

SENATE BILL NO. 2335, by Senators Fleming, Jones, Ridder, Morrison, Day, McDermott, North and Lee (by Senate Select Committee on Nursing Homes of the 45th Legislature request):

Establishing a nursing home audit and cost reimbursement system.

## MOTIONS

On motion of Senator Fleming, Substitute Senate Bill No. 2335 was substituted for Senate Bill No. 2335 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Fleming, the following amendments by Senators Fleming and Jones were adopted:

On page 6, line 18, after "activities" strike "coordinator" and insert "specialist"

On page 13, line 32, after "summarizing the" strike "adjustment" and insert "adjustments"

On page 34, line 20, insert a new subsection as follows:

"(5) Whenever a patient is assessed as requiring six hours or more of nursing care per patient day, the department shall reimburse for the full cost of nursing care, ancillary care and direct care supplies for such patient. Such costs shall be stated on a per patient day basis and added to the facility's nursing services rate as determined in subsection (4) of this section."

On motion of Senator Fleming, the rules were suspended, Engrossed Substitute Senate Bill No. 2335 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

## POINT OF INQUIRY

Senator Goltz: "Senator Fleming, with regard to the audit section, there were some rumors or statements being made that the audit procedure as outlined in this particular bill do not conform to the audit requirements of the federal government and that by following the audit requirements in this bill that we stand to lose some federal dollars that would otherwise be available to us. I just wanted you to verify on the floor that this does, in fact, meet those federal requirements."

Senator Fleming: "Senator Goltz, there have been various rumors floating around here today and other days and quite naturally those people feel as though they are being infringed upon that have maybe more to gain if this measure does not

pass, have begun to start some of those rumors. We heard some of those rumors as to the kinds of things that HEW would not accept, we had our people touch base with HEW and they indicated in those areas of rumor, they have said that they have not made any informal or formal ruling on this and as we know unless something is in black and white and they don't have that, because we have not passed it, that they would not make a ruling on that. They also indicated that some of the other questions that were raised about (1) depreciation, (2) about the eighty-five percentile, they had indicated on those measures that (1) a couple of states are already involved in that process and they have never demanded that a state have a study as to the eighty-five percentile, and the regional director said that he would like to know who that individual is that is spreading those rumors from region ten because he is the head man and he doesn't know anything about that."

Debate ensued.

### POINT OF INQUIRY

Senator Rasmussen: "Senator Fleming, I want to congratulate you and your subcommittee on all of the work that they have done during the interim and I think that you have approached the problem in a fair minded basis. I have one or two questions. 'The department shall pay any amount it owes to the contractor as a result of the rate adjustment within thirty days after it notifies the contractor of the rate adjustment.' I am on page 39, line 17. My question would be this: in the event that the department does not pay the contractor within the thirty days, is there a penalty attached any place in this legislation? I cannot find it. I might say further that I know that the Governor has proposed and we have put a bill out of state government committee which would require one percent per month, but I do not see it in this bill."

(Senator Fleming deferred to Senator McDermott.)

Senator McDermott: "Mr. President, Senator Rasmussen, I think that bill which we have in state government committee would be welcomed by all the vendors of the state. There is nothing specifically in this bill, as there has never been in any bill, that anybody got paid within thirty days. If that was true, some of the departments would be broke paying the penalty and I think it would be good for us to move that out as a bill which affects all the vendors who receive money from the department of social and health services and I support you in the state government committee if you want to move that out."

Senator Rasmussen: "Senator McDermott, it is out. It is in rules and I was hoping it would be out on the floor as a consent bill. My question was related of course, but it does not say much if you don't say they are going to pay within thirty days and they don't do it. This is one of the complaints of the nursing homes that with their payroll they are thirty, sixty, ninety days behind and they have to go and borrow money at fourteen percent to meet their payroll, so there should be a penalty, but hopefully we can get the other bill passed.

"Then, the other one would be to Senator Fleming or Senator McDermott, whomever is capable of answering this. You provided for appeal but . . . I have lost that page, but I will find it. Well, it is immaterial, if the contractor has difference of opinion, you provided that they go to appeal with the department. Now this is a large department and spends a big sum of money. The revenue department used to settle appeals so you are appealing to the people who made the ruling in the first place, and it would appear to me in this bill that the contractor has to go to appeal to the people that he first is fighting their opinion on. They made the rule adjustment. We should have a separate appeals board separate from the department so these people may appeal to independent or unbiased people. After all if I tell you something, I am going to back it up, I am going to say, well your appeal is no good.

That is my question. I am not running down the work you did, because you have done a tremendous job and I appreciate it."

Further debate ensued.

#### POINT OF INQUIRY

Senator Guess: "Senator Fleming, there is one area that I am not satisfied yet, and that was explained properly awhile ago. Where the nursing home that has been in operation has a depreciation schedule because of death or some other reason is sold, goes into the hands of new operators, is it possible for a new depreciation schedule to be created under the new ownership?"

Senator Fleming: "Senator Guess, the theory behind this measure is that we hope that we are setting up and it is our intent to set up a system here, that (1) we are encouraging an industry whereas that we will encourage investment, we hope to discourage real estate speculation whereas if you are having a turnover, a rapid turnover of facilities in paperwork or whatever it is, to gain monetary gain on the property aspect of it.

"Under this measure nothing precludes a nursing home under the regular IRS system from depreciating as many times as they want to. Under this system, we think, as far as the amount of dollars that the state is willing to pay as an expense that we should not pay over the life of that facility more than once. Now, why? One is that we should not be in the business of promoting real estate speculation, dealing with one way or another how people are financing their operation. What we have done up to now under the present system is we have encouraged related party leases which no longer are there because of the feds. We have encouraged a rapid turnover in terms of leases. There have been eighteen leases in '78. We have one we looked at the other day value 1.5 million dollars, but the state is paying them two hundred sixty plus thousand dollars a year and within less than five years they will have the cost of that investment back and we will continue to pay them that kind of dollars for the next fifteen or twenty years, however long it is that they have that place. And, so we think that is wrong."

Senator Guess: "I would agree, Senator Fleming that it is wrong for them to pay that much. But, it is not possible for the legislature to repeal the inflation factor. We cannot stop inflation. A property is going to increase in value regardless of what we do. All right, in a legitimate honest to goodness transaction that is an arm's length transaction all the way through no fault of the existing owner, or a future owner, but what I am concerned about is, it is going to be a very vast disincentive for the maintenance of nursing homes if five years down the line when inflation has gone up at a rate of nine percent a year, property is worth fifty percent more, goes on the market and that person cannot depreciate that property at the then current value. He has got to use the 1979 values."

Senator Fleming: "Senator Guess, we are seventy-plus percent. Between seventy and eighty percent of that market. I think we are the market, the State of Washington, and I think we should like in any other area, have something to say since we are the principal purchaser of those services as to what that current level would be. Now you speak of inflation, our system is set up that if at any time we feel as though there is a lack of investment into the nursing home and it begins to fall down, then we have the ability to re-set the levelable rate of return that we are offering for those organizations to receive. We have that ability. We can come back into session any time to do that, and that is what we ought to do. We should not leave that up to the department and rules and regulations to do the kinds of things that they have done before.

"So, I think that we have that ability if, in fact we feel as though the market is going down, we can come back in and raise what we think is a reasonable rate of return to try to continue to attract capital.

"The second point of that is your statement seemed to go on the assumption that nothing is going to happen in the industry. We hope that if they are able to earn up to fifteen percent rate of return, or what have you, we would hope that those organizations that are involved in nursing homes would re-invest some of that money. And, if they re-invest those dollars then you do get a depreciation schedule on that remodeling or whatever it is. If you don't do anything in twenty years, you are not going to be meeting standards anyway. So, we think you have a concern there and you have a valid concern, but we think that we are in a position with this measure to deal with that. If, in fact, like anything else there are some problems, we can come back and correct those problems. We have asked at the least hearing we had in ways and means, one of the representatives of, a lobbyist for a nursing home organization . . . association, we had said if you think there are some problems we have run some checks on some of our figures and we feel as though things are going to be okay. But, if you think they are not, run some figures on some of those nursing homes that you think are going to run out of business and get back to us with those figures. We never heard from him."

Senator Guess: "Okay, the thing that caused my concern was page 27 and sub (4) in the middle of the page and you did fairly well explaining that to me. Now, earlier in debate, I understood you to say and you have just changed what I heard through my ear. I thought you said that profit allowed would be between one and five percent. You just mentioned the figure fifteen percent. Would you clarify it?"

Senator Fleming: "In a total rate of return are two different things. The rest of the bill has two sections. The bill has two areas that are dealing with the property. There is an allowance, the pool of dollars that are set up that would react to the average cost of money at any given time and from that, those dollars, you would get your finance dollars. There is also . . ."

Senator Guess: "Wait a minute. Are we going to loan the money?"

Senator Fleming: "No, no. A fund will be set up and it is based on a formula dealing with the hospital trust fund and you use a formula and you come out with the number of dollars that you have in this pool of money to pay finance allowances. Maybe that is a bad terminology, but you understand what I am saying. Then, you also have a pool of dollars and that is the one I talked about where you have got a pool of dollars over here, this is the profit so to speak, and within those dollars there is a variance not less than one percent, not more than five percent profit that one could make on efficiency, the efficient operating of their business. Quite naturally if you are not very efficient, then you are not going to make as much profit and so with that pool and the first pool, you would be looking at a total reasonable rate of return of about fifteen percent and that is the difference in what we were talking about. We were talking about profit versus total rate of return on your investment."

Senator Guess: "Thank you very much."

#### REMARKS BY SENATOR McDERMOTT

Senator McDermott: "Mr. President, I would like to say one thing to Senator Guess. Those of us who worked on the committee, and I would like to give credit to the Republicans who worked long and hard also, we haven't mentioned Senator Jones who was the co-chairman and Senator Morrison and Senator North. We worked hard to try and develop bills that were balanced, that gave people a return on investment and we talked to one of the nursing home lobbyists who ran the figures with our consultant, Touche Ross, and on the three homes that we ran the costs on, or ran the profit on, none of them got less than fifteen percent. One got as much as thirty-eight percent, so if you get the operators quieted down a little bit and get them to sit down with their CPA, some of them may find out that it isn't such a bad bill. There has been a lot of concern about the bill, and what we would suggest is that people come and bring their figures. We would be glad to help them look at it

because it is not our intention to drive people out of the business, or take away the investment. We are going to need more nursing home beds as time goes on. And, I think when you have got the vote you are not supposed to give a speech so I will stop."

#### REMARKS BY SENATOR JONES

Senator Jones: "Yes, I would urge a positive vote on this measure. I will be brief. I think Senator McDermott said it. If you have the votes you had better get on with it. Bottom line dollar figure on this Senate Bill 2335, is 39.4 million dollars. That is additional funding that we are putting into this industry. That is an auditing requirement, nursing services, wages, food standard payments and return on investment and property changes. This is four million, sixteen million, six million and 13.4 million for a total of 39.4 million dollars. Those are today's dollars uninflated. They represent, I think, a very substantial commitment that we have made and, in answer to Senator Day, I am in agreement with him. It is about time we put our money where our mouth is, and I think that this is what Senate Bill 2335 does."

#### REMARKS BY SENATOR GOLTZ

Senator Goltz: "Mr. President, members of the Senate, last Christmas we had a meeting in the Whatcom county area with some of the nursing home operators and nursing home patients and one of the things that the nursing home operators was asked was, 'How much more money would it take for you to have at least a successful operation?' And, the answer came back at least from one of the better nursing home operators, about fifteen hundred dollars per patient per year would be required to get that nursing home up to a sort of a break-even feeling for the year. And, so if you divide the number of dollars in this bill by the number of nursing home patients that the state is responsible for, you will find that instead of fifteen hundred dollars, we are talking in excess of two thousand dollars per patient per year to be added to the public charge nursing home patients. When I hear all of the kind of complaining that still occurs from this effort, I sometimes get the feeling that there just is not enough happiness to go around."

#### REMARKS BY SENATOR FLEMING

Senator Fleming: "Mr. President, I am going to be very brief, I would be derelict because I might not get an opportunity to do this again. Senator McDermott started it and I would just like to say that we have worked long and hard on this measure. Senator McDermott, Senator Ridder, Senator Morrison, Senator North, Senator Jones, Senator Day, myself, Senator Buffington when she was on the select committee. I want to thank those individuals. Secondly, I want to thank the committee on social and health services under the chairmanship of Senator Day for the good, expedient job that he has done with an open mind on receiving these bills and in trying to perfect them. Secondly, also, I would like to thank Senator Donohue, the chairman of ways and means, to allow us to continue so there was a unison on the subcommittee to try and work with this measure. Lastly, but not least, I would like to thank the staff of ways and means, social and health services and those from the research center and the majority leader's office who spent a lot of long hours in trying to get a job done. I think well done.

"In closing, I think we have done a good job here. It has been a bi-partisan, Senator Jones has worked as hard as I have on that side of the aisle and I think that is why we are progressing the way we have. I hope that the House will take heed to that and do the same thing. This is above politics. This is one of the biggest problems that we have in this State at this point of time. If we can resolve this we can walk away feeling pretty good. I know that there has been moves with some of the

people that are against the measures to go into the House and maybe get what they want in terms of additional dollars and kill the property area and I think that that is irresponsible and I think we have a piece of legislation we can work with here. I hope that Senator Jones and other members of this body will join with me in going over to the House and trying to do whatever we can to try to show our philosophy in these bills and hope that we can come out of this legislature once and for all trying to resolve some of the nursing home industry problems. Thank you very much."

PERSONAL PRIVILEGE

Senator Guess: "Mr. President, this is one of those times that I have changed my mind because of the very clear and lucid remarks made by Senator Fleming and I want to compliment him for the work he did. I was going to vote 'no'. I was convinced during debate that I should vote 'yes'."

Senator Day moved adoption of the committee amendment to page 6, beginning on line 16.

Senator McDermott moved that the committee amendment not be adopted.

The positive motion by Senator Day would be in order.

Debate ensued.

#### POINT OF INQUIRY

Senator Guess: "Senator McDermott, in the face of the lack of the department's adopting rules and regulations for four full years by your own words, how in heaven's name could you expect the nursing home operator to comply with rules and regulations if they are only in their mind and it hasn't been written? Now, if they haven't been paid to carry out those rules and regulations, are you going to let the department fine the nursing home operator for not carrying those things out?"

Senator McDermott: "I don't want there to be any question in the department's mind that we intend to force them to follow the law. At our committee hearings recently, well in fact in the 1977 session we passed a simple little law, House Bill 1189. House Bill 1189 said that the department should do one thing, among others, that is establish a uniform year of reporting for nursing homes. They then, members of the department, write letters to certain operators and say, 'well in your case we won't require that.' That is breaking the law and Secretary Thompson, when I asked him that question in our hearings said he intended to obey the law and I expect he is going to obey the law and I don't want there to be any question about whether he is going to do it, and put the money there. If he has to shift it from other places, that is fine. They shift it from all over the place in other issues and in this issue there can't be any question about whether they are going to fund the system the way we have talked about it."

Debate ensued.

#### POINT OF INQUIRY

Senator Rasmussen: "Senator McDermott, it would appear to me that this amendment is reinstating, reinserting the old law that has been in effect for some time. Can you tell me what problems they have had with this in the old law?"

Senator McDermott: "Senator Rasmussen, you are looking at a law which was passed in 1975. The department never implemented it, they never even wrote the rules and regulations because they knew they weren't paying for what they were requiring of people. Now, we are putting together a system that is going to pay for what we require, and therefore, this is not a needed amendment and it gives the department a way around doing what we are requiring them to do. This amendment is really language that was put in in 1975 when we weren't certain. In fact, the whole reason for this nursing home select committee was to determine what the department was actually doing in this area. We worked for a year and a half and the Senate select committee took this language out. After this hearing it was a unanimous move, oh, I don't know if it was unanimous, but there was a large majority in our committee, and it is our intention to give a very clear message to put the burden of proof on the nursing home operator through the appeals process that he didn't get

money to do a particular thing, rather than to give the department any slack in terms of not writing rules and regs because they feel they are not fulfilling the law."

Further debate ensued.

### POINT OF INQUIRY

Senator Fleming: "Senator McDermott, we are talking about costs, fully funded, and all this. Could you share with the members on the floor information you have relating to the federal regs?"

Senator McDermott: "Yes. The federal rules and regs provide that the state shall pay for the reasonable cost. There is nothing that says, either in federal or state law that it shall be fully funded, and this amendment says fully funded and I am going to read you from the federal register of rules. 'It is appropriate to set a ceiling on reasonable cost related payment rates.' The Senate finance committee report at the same time it noted that some providers were being paid too little, also expressed concern that other providers were being paid too much. Moreover, many other specific provisions and much of the legislative history of public law 92.602 evidenced Congress great concern with the need to control the escalating cost of the medicaid program by encouraging efficiency in economy. Like the floor on acceptable payment rates the ceiling may not be arbitrary, but must be reasonable cost-related. Now when you put an amendment in like this, essentially what it is saying is, they will never assess a fine because there is no guarantee that there will ever be full funding of costs submitted. There will be full funding of reasonable costs. That is the distinction and that is why this amendment will absolutely wipe out the department's ability to discipline any operator who doesn't provide the care that we are paying the reasonable costs of."

Further debate ensued.

The motion by Senator Day carried and the committee amendment to page 6, beginning on line 16 was adopted.

On motion of Senator Day, the rules were suspended, Engrossed Senate Bill No. 2338 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

#### MOTIONS

On motion of Senator Walgren, the Senate advanced to the sixth order of business.

On motion of Senator Walgren, the Senate commenced consideration of Senate Bill No. 2299.

### SECOND READING

SENATE BILL NO. 2299, by Senators Gaspard, Bottiger and Moore:  
Requiring railroads to provide first aid training for certain employees.

### MOTIONS

On motion of Senator Gaspard, Substitute Bill No. 2299 was substituted for Senate Bill No. 2299 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Gaspard, the rules were suspended, Substitute Senate Bill No. 2299 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

### POINT OF INQUIRY

Senator Lewis: "Senator Gaspard, I really recognize that this is a simple little bill, but why is this necessary for the legislature to mandate that a particular industry provide first aid training and if it is necessary for one, why isn't it much broader?"

Senator Gaspard: "Senator Lewis, the bill was changed substantially in the transportation committee. The reason that it was introduced is that many of the railroad industry are not providing first aid training for their employees. A number of employees work directly with the public and it was felt by many that they would like to have some training in the first aid that could better serve the employees."

### ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 2299 and the bill passed the Senate by the following vote: Yeas, 41; nays, 4; absent or not voting, 2; excused, 2.

Voting yea: Senators Bausch, Benitz, Bottiger, Clarke, Conner, Day, Donohue, Fleming, Gallagher, Gaspard, Goltz, Gould, Guess, Hansen, Henry, Lee, Marsh, McDermott, Moore, Morrison, Newschwander, North, Odegaard, Peterson, Pullen, Quigg, Rasmussen, Ridder, Scott, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Williams, Wilson, Wojahn, Woody—41.

SUBSTITUTE SENATE BILL NO. 2299, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

### MOTION

On motion of Senator Walgren, the Senate commenced consideration of Senate Bill No. 2149.

### SECOND READING

SENATE BILL NO. 2149, by Senators McDermott, Matson, Ridder and Talmadge:

Providing for bilingual instruction in the common schools.

## MOTIONS

On motion of Senator McDermott, Substitute Senate Bill No. 2149 was substituted for Senate Bill No. 2149 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator McDermott, the rules were suspended, Substitute Senate Bill No. 2149 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

## POINT OF INQUIRY

Senator Rasmussen: "Senator McDermott, I just read something in the bill here that I was concerned with. It is an excellent piece of legislation, but I am wondering about 'school officials shall insure communication to parents emanating from the schools, shall be appropriately bilingual.'"

Senator McDermott: "Could you point out where you are?"

Senator Rasmussen: "I am on page 2, and I am just wondering with my young children in school what kind of communication they are going to give me in bilingual?"

Senator McDermott: "One of the problems with getting children involved in the educational process is involving their parents and if you send a note home to a parent who is essentially monolingual, for instance Spanish, and they get the note in English they don't know whether they are supposed to come to school or send fifty cents for milk, or whatever. So, what this is trying to do is to say that communications that will be sent home to the parent must be sent in the language that they understand, that the child is being taught. It is really to try and involve the parent at the level that the child is so that they can be helpful in the process."

Senator Rasmussen: "The other question, it was mentioned this will be a three-year program, but provides that in-service training for all teachers and further provides in section five the superintendent of public instruction shall prepare and submit biannually to the Governor and the legislature budget request. It sounds like a long time continuing program, rather than just a three-year shot."

Senator McDermott: "Well, you know America from the very earliest days has been accepting immigrants and I don't suppose that we are going to close the borders in 1979, so as long as we continue to take immigrants I suspect that there will be some need for this kind of thing to continue in our country, so I don't expect that the system will go away, but what we are trying to do is to limit the time that a child spends in a program. So, the emphasis is on bringing them up to speak English as quickly as possible, but not allowing the rest of their education to lag behind. If you make it purely to teach them English and don't begin teaching them basic concepts when they are competent in English, say in the third grade, they suddenly are three years behind their peers and have a difficult time at that point beginning to pick up because you have got them in first grade math, but they are old enough to be in third or fourth grade, so it is really an attempt to be teaching them basic concepts as they are learning English."

Senator Rasmussen: "Thank you, Senator McDermott."

Further debate ensued.

## MOTION

Senator Guess moved that Substitute Senate Bill No. 2149 be rereferred to the Committee on Ways and Means.

Debate ensued.

There being no objection, the motion by Senator Guess was withdrawn.

Further debate ensued.

## POINT OF INQUIRY

Senator Scott: "Senator McDermott, generally how many languages do we have presently in the State of Washington, and are we going to be able to get teachers to teach all of them, and how much is it going to cost us?"

Senator McDermott: "Well, it is a little bit hard to say the exact number, but I can give you sort of a ball park figure from Seattle. It is something in excess of fifty different languages they are dealing with there and I think probably the number of languages across the state would not be any more than that. The fiscal note provided by the superintendent of public instruction for the next biennium is 4.8 million dollars and the question you asked about the availability of teachers, it is one of the difficulties of this and we have left flexibility in the law so that it doesn't have to be certified people. It is very difficult some languages to find somebody who is certified as a teacher who is also bilingual, so that is hard to find somebody, for instance Senator Donohue's example of the Arabic speaker, but it is possible to find people who can give that kind of tutoring help. This does not say that a child whose primary language is Arabic, for instance, or Vietnamese following the Vietnamese war, a lot of Vietnamese came in. Many of them were skilled both in English and in Vietnamese because they had worked in Saigon with the American troupes. Some of them have been hired by the school districts to work as tutors for children who are making the transition into English. They are not certified people in the ordinary sense that we think of teachers and they come in and work a few hours a day to work with students to get them going in the English language. So, it is a problem, but it is one that can be handled reasonably well."

Further debate ensued.

## POINT OF INQUIRY

Senator Odegaard: "Senator McDermott, as I understand it these rules and regulations have already been adopted by the superintendent of public instruction's office, so I question why we need to pass a bill that costs money and takes time when we have a lot of other bills on the calendar and we have a cut-off today, why do we need a bill to do this when this is already in rule and regulation by the SPI, as I understand it. Now, maybe I am wrong?"

Senator McDermott: "In answer to Senator Odegaard's question, the rules and regulations have not been written by the SPI, and in fact the reason for this bill is to set the general guidelines that the state wants to have in the program. What has been written are the office of civil rights rules as a response to the federal suit in San Francisco and that is what we are sort of tentatively operating under. The bilingual programs presently are in the ERD program and have been on a competitive grant basis. They have not been under any control of the state, they have been whatever districts submitted as a bilingual program then the SPI might agree with it.

"What this bill tries to do is to set into law what we think is the basic policy of limiting the program to three years so this bill has a very important usefulness in that it states the policy that we want the SPI to use when he is administering this money rather than what has presently been going on in the past."

Further debate ensued.

The President declared the question before the Senate to be the roll call on final passage of Substitute Senate Bill No. 2149.

## ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 2149 and the bill failed to pass the Senate by the following vote: Yeas, 22; nays 24; absent or not voting, 1; excused, 2.

Voting yea: Senators Bottiger, Conner, Fleming, Gallagher, Gaspard, Goltz, Gould, Lee, Marsh, Matson, McDermott, Morrison, North, Odegaard, Ridder, Shipoch, Talmadge, Van Hollebeke, Vognild, Walgren, Williams, Wojahn—22.

Voting nay: Senators Bausch, Benitz, Bluechel, Clarke, Day, Donohue, Guess, Hansen, Hayner, Jones, Lewis, Moore, Newschwander, Peterson, Pullen, Quigg, Rasmussen, Scott, Sellar, Talley, von Reichbauer, Wanamaker, Wilson, Woody—24.

Absent or not voting: Senator Henry—1.

Excused: Senators Keefe, Lysen—2.

SUBSTITUTE SENATE BILL NO. 2149, having failed to receive the constitutional majority, was declared lost.

### NOTICE OF RECONSIDERATION

Having voted on the prevailing side, Senator von Reichbauer served notice that he would, at the proper time, move for reconsideration of the vote by which Substitute Senate Bill No. 2149 failed to pass the Senate.

### SECOND READING

SENATE BILL NO. 2300, by Senators Van Hollebeke, Conner, Wanamaker, Quigg and Morrison:

Making certain changes in gambling act as respect bowling centers.

### MOTIONS

On motion of Senator Van Hollebeke, Substitute Senate Bill No. 2300 was substituted for Senate Bill No. 2300 and the substitute bill was placed on second reading and read the second time in full.

On motion of Senator Van Hollebeke, the following amendments by Senators Van Hollebeke, Lewis, Bottiger and Wojahn were adopted:

On page 14, line 33, after "thereto" and before the period insert:

": PROVIDED, That bowling centers or establishments shall not be authorized to conduct social card games".

On page 19, line 18 after "commission" and before ";" insert ": AND PROVIDED FURTHER, That bowling centers or establishments shall not be authorized to conduct social card games".

There being no objection, on motion of Senator Pullen, the two amendments on the Secretary of the Senate's desk by Senators Pullen, North, Lee and Hayner were withdrawn.

On motion of Senator Van Hollebeke, the following amendment was adopted:

On page 23, beginning on line 27, strike all of section 4, and renumber the remaining section consecutively.

On motion of Senator Van Hollebeke, the following amendment to the title was adopted:

On page 1, line 12 of the title, after "9.46.070;" insert "and", and on line 13, strike ": and declaring and emergency".

On motion of Senator Van Hollebeke, the rules were suspended, Engrossed Substitute Senate Bill No. 2300 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

### POINT OF INQUIRY

Senator Rasmussen: "Senator Van Hollebeke, is it the intent of this bill to permit gambling in the bowling alleys without having it off in an enclosed room?"

Senator Van Hollebeke: "It is not the intent of this bill."

Senator Rasmussen: "Well, let's turn it around, then. Will this permit?"

Senator Van Hollebeke: "I am not certain. The gambling commission has told me I think that they can possibly be, these machines do not have to be in an enclosed room, but I am not certain. This is one thing I asked about and asked proprietors that I trust, apparently it is not a problem with having people who are not eligible to gamble, gamble. That would be one of my concerns, too, and I did ask about that. I don't remember whether it has to be in a separate room. I am just as interested in protecting anybody from these things that shouldn't be doing it as you are."

Further debate ensued.

#### REMARKS BY SENATOR WOJAHN

Senator Wojahn: "In response, Mr. President, to Senator Rasmussen's question, I did ask the question in committee, Senator Rasmussen, and the other committee members may not have heard, but I did ask about it being in a separate room and the response was yes, that it would be because they have foos ball games and various games that you see in taverns or bars and they would be planned to be placed in a separate room because I was concerned about children inhabiting the area where these were to be displayed. Thank you."

Further debate ensued.

#### ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 2300 and the bill failed to pass the Senate by the following vote: Yeas, 26; nays, 21, excused, 2.

POINT OF INQUIRY

Senator Rasmussen: "Senator Bausch, on page 4, line 31, you are declaring part of the plant is intangible. That would be, I presume, their files. How much is included in that intangible declaration? Once it becomes intangible it is not subject to tax, at least yet in Washington State."

Senator Bausch: "There are a lot of things concerned in there that really have nothing to do with title insurance. There is everything from T.V.s, to campers to various things that are listed that are charged for that really don't have anything to do with title insurance under the plant tax."

Senator Rasmussen: "We are not talking about that."

REMARKS BY SENATOR CLARKE

Senator Clarke: "If I may respond, the premium tax is in lieu of all other taxes except taxes on real and tangible personal property, which all companies continue to pay. In title insurance they have their indices which are the documents that they prepare in order to help them give these title policies and this does say that those indices are not regarded as tangible personal property. So, as to be taxed that way. In other words, that is in reality part of their business situation and not a tangible personal property that should be taxed. If that were not put in there, it was felt that the assessor might place some sort of a value on these indices that the title companies prepare and tax that as personal property. The intent was that that really was not personal property. It is a type of record that, of course title insurance is a unique type of insurance. Their records pertaining to title are in substance what they are selling."

REMARKS BY SENATOR RASMUSSEN

Senator Rasmussen: "Thank you Senator Bausch and Senator Clarke. That clears it up. The intent is only those records, not the files and things that they keep them in. Thank you."

We had this in the REA debates where we tried to add a couple of words and at that time I was on the other side and I made eloquent speeches about how we could fix a memorial and make it sound better, but they caught me, we had Gissberg and Durkan and those people, they exposed me for what I was trying to do."

Senator Fleming: "No, I cannot tell you why. Since you are looking at the amendment, maybe you can tell us why, I can't tell you why."

Senator Rasmussen: "Well, there are a lot of things sneak into the legislation that you have to ask questions about to see what their purpose was and I thought you knew what the intent was. Thank you Senator Fleming."

"That 23rd Amendment provides for combined city and county. The legislature shall by general law provide for the formation of combined city and county and at this time of consolidation when we are thinking of that, I can't understand why they would repeal this very important amendment. We have Dade County, I think King County and the City of Seattle are thinking along those lines and many other communities are. This would repeal outright that provision. But aside from that, Mr. President and members of the Senate, listening to the arguments, you answered me Senator Fleming, you can wait now until I get through."

Senator Fleming: "I think you are looking at the wrong Constitution, that is the State Constitution."

Senator Rasmussen: "That is entirely possible. However, it doesn't forego the rest of my speech, Senator Fleming. I wanted to know how closely you had read this. Mr. President, may I have the floor?"

### POINT OF INQUIRY

Senator Rasmussen: "Senator Wojahn, we are working on this together as sponsors and it is needed legislation, but my concern is if you would look on page 2, and I don't know if this is the section Senator Day proposed to amend or not, but I am concerned with page 2, line 15, where a displaced homemaker means an individual who has worked in the home for ten or more years providing unsalaried household services for family members. True, that the wives of course, or the spouses where they are staying home do not get rewarded properly, but my concern is with this tight a definition Washington state being a community property state, if this would eliminate those people who you specified unsalaried.

"Now, if a person earns twenty thousand dollars a year it is assumed that ten thousand dollars of that is the wife's. What I am asking you to do is to check this, I think it is too tight a definition and it may by reason of its very tightness eliminate some of those people that should get these services and do need the services."

Senator Wojahn: "I don't believe I understand your question. The definition is dealing with a displaced homemaker in which the wage earner in the family is gone, either because of divorce or death."

Senator Rasmussen: "My concern is you specify 'is unsalaried.' How do you prove that it is unsalaried? What you are trying to cover is the people who need this extra job assistance, but you have tied it down very tightly with your unsalaried definition."

Senator Wojahn: "We are talking about as far as benefits are concerned for future support after the death of a spouse. If they are unsalaried they have not gained any unemployment credits with the department of employment security, they have no W-2 form that credits them with social security on their own if they have been married less than ten years, Senator Rasmussen, they cannot get social security, that is a threshold amount with social security and if they have been married ten or more years, once they reach sixty-two, or the threshold, they could get a portion of their husband's social security, but many of these women are fifty-five, forty to fifty-five, sixty years old and they are not eligible yet. Eventually they would get it, but they are not eligible at this time."

Senator McDermott: "Yes, Senator Rasmussen, on line 26, it says 'they shall pay such fees for services and use of instructional materials as may be established by the ESD.' #### POINT OF INQUIRY

Senator Talmadge: "Senator Peterson, I noticed in the bill that there is a possibility that state lands can be leased by negotiation. Could you please describe that process and how that departs from the ordinary public bidding process?"

Senator Peterson: "What section are you referring to, Senator?"

Senator Talmadge: "Section 9."

Senator Peterson: "Section 9 basically it redirects the power to lease the state lands to the highest bidder and it discards requirements that the NR may seek in favor of proposals for recreational use of public lands. I don't think it changes basically anything that isn't already in present statutes."

Senator Talmadge: "Senator, my concern was then in Section 10 that it indicates the department may authorize the use of state land by lease at state auction, or by negotiation, provided that the media is given notice of the negotiation process. What kinds of process is that? I am just curious."

Senator Peterson: "It restricts the department entirely on a fair market return so I don't see any room for any question as to what their motives might be. It allows, really, in Section 10, it basically empowers them to lease it for the maximum rate of return, and that is what we really are talking about."

SPECIAL ORDER OF BUSINESS  
MOTION FOR RECONSIDERATION

The time having arrived, the Senate resumed consideration on the motion for reconsideration by Senator von Reichbauer on the following bill:

SUBSTITUTE SENATE BILL NO. 2149, by Committee on Education (originally sponsored by Senators McDermott, Matson and Ridder):

Providing for bilingual instruction in the common schools.

Prior to the noon recess, Senator McDermott had asked for a roll call on the motion for reconsideration.

## PARLIAMENTARY INQUIRY

Senator Pullen: "Does this take a two-thirds vote to reconsider the measure, pursuant to rule number 31?"

## REPLY BY THE PRESIDENT

President Cherberg: "It does not take a two-thirds vote to reconsider a measure, however, in this particular instance it calls for a suspension of the rules and that would take a two-thirds vote."

## PARLIAMENTARY INQUIRY

Senator Newschwander: "Did you say that we had to suspend the rules to have this roll call?"

## REPLY BY THE PRESIDENT

President Cherberg: "No, not to have the roll call. It takes a two-thirds majority of the members present to suspend the rules in order to reconsider the measure immediately."

Senator Newschwander: "Aren't we suspending the rules in doing that?"

President Cherberg: "You have to take the roll call to determine the outcome, Senator."

## POINT OF INQUIRY

Senator Woody: "Mr. President, are we voting for the motion to reconsider, or are we voting for a motion to suspend the rules?"

## REPLY BY THE PRESIDENT

President Cherberg: "You are voting for both. The President will restate the motion: The motion before the Senate is to suspend the rules in order to reconsider immediately the vote by which Substitute Senate Bill No. 2149 failed."

The President declared the question before the Senate to be the motion by Senator von Reichbauer to reconsider the vote by which Substitute Senate Bill No. 2149 failed to pass the Senate.

## ROLL CALL ON MOTION FOR RECONSIDERATION

The Secretary called the roll and the motion by Senator von Reichbauer carried by the following vote: Yeas, 37; nays, 10; excused, 2.

Voting yea: Senators Bausch, Bottiger, Clarke, Conner, Day, Fleming, Gallagher, Gaspard, Goltz, Gould, Hansen, Henry, Jones, Lee, Lewis, Marsh, Matson, McDermott, Moore, Morrison, North, Odegaard, Quigg, Ridder, Sellar, Shinpoch, Talley, Talmadge, Van Hollebeke, Vognild, von Reichbauer, Walgren, Wanamaker, Williams, Wilson, Wojahn, Woody—37.

Voting nay: Senators Benitz, Bluechel, Donohue, Guess, Hayner, Newschwander, Peterson, Pullen, Rasmussen, Scott—10.

Excused: Senators Keefe, Lysen—2.

## MOTIONS

On motion of Senator McDermott, the rules were suspended, Substitute Senate Bill No. 2149 was returned to second reading.

Senator McDermott moved adoption of the following amendment by Senators McDermott and Matson:

On page 2, line 9, after "shall provide" strike the remainder of the subsection and insert "that any school district with a limited number of pupils of the same non-English dominant language shall not be required to activate a new bilingual program but may carry on an alternative instructional program utilizing resources available within the district."

Debate ensued.

#### POINT OF INQUIRY

Senator Pullen: "Senator McDermott, I was wondering if you could define the words 'a limited number of pupils'."

Senator McDermott: "Under the federal guidelines, the office of civil rights says that if you have twenty people of a single language, then you have to provide a program. I would interpret this to mean that less than twenty would be a limited number."

Senator Pullen: "For each language?"

Senator McDermott: "Surely. If you had less than twenty Arabic or less than something else, then you would not have to provide class rooms."

#### POINT OF INQUIRY

Senator Marsh: "Senator McDermott, how would you define 'an alternative instructional program' as referred to in your amendment?"

Senator McDermott: "This language was designed to give the districts the flexibility to use somebody in the community who speaks both the English and the language in question and allowing them to come into the school to provide some kind of tutoring for one or two students. We wanted to make it flexible because we are working with the district where they have very few and we don't want to require a classroom and a teacher and all the things that go with that, but merely an alternative program that is available within the district."

Senator Marsh: "Well, just what would that alternative instructional program consist of?"

Senator McDermott: "Work in learning English so that they can then become proficient in the subjects of the average school, with the basis from their foreign language."

Senator Marsh: "Senator McDermott, looking further at the amendment, I note that it says it is to, on page 2, line 10, 'it is to be inserted after the words 'shall provide'. I look on line 10 and I do not see those words. I wonder if perhaps you misplaced the designation of your amendment?"

Senator McDermott: "You are correct, it should be line 9. I would move an oral amendment to line 9."

#### POINT OF INQUIRY

Senator Rasmussen: "Senator McDermott, I understand this is a proposed four and a half million dollar program?" Is that a biennium, or annually?"

Senator McDermott: "That is a biennium program."

Senator Rasmussen: "Is this going to come out of the ERD funds?"

Senator McDermott: "It has been in the past. The Governor put it in the budget, but did not put any bilingual funds in. She essentially wiped out the ERD program and made a remedial program, but our ways and means committee chairman and the rest of the committee members will decide where this money should go."

Senator Rasmussen: "This is part of my concern, Senator McDermott. Maybe you can solve the problem. If it is the Governor proposed remedial program and then we are going to have this program, which will be alternative now, apparently, and

under the ERD funds we are going to have approximately seven million ERD funds, four and a half million bilingual and then the remedial, I don't know what the amount is in the budget for remedial, but we will have up around twenty million dollars for what you might say is correctional programs.

"Then this goes to your amendment, Senator McDermott, in accord with the rules of the superintendent of public instruction, which is still in the body of the bill, my concern is that the rules in accordance with the rules of the superintendent of public instruction, that he can say you are not following my rules, you are going to have to go into this program or we are going to short you on some other money. Now that is the way the federal government works. We will take away all your public assistance money if you go over sixty-five miles and hour on the highways. My concern is you have still left those rules in the new rules he is going to draw on top of the ERD rules and the remedial program. Is that true?"

Senator McDermott: "There are presently no rules about the bilingual program. We are now telling him the guidelines that we want him to use in setting up the rules and regulation for bilingual programs. Presently he has no guidance whatsoever and this is a very tightly drawn program compared to what is presently possible.

"If you are worried about a program that will spend a lot of money, you ought to be worried about what is going on now. This says it is going to be limited to three years and at that point there is a cutoff, so this is much more conservative. I would think it would appeal to your sort of basic sense of the way things ought to go."

Senator Rasmussen: "My concern, Senator McDermott, is with what is going on now and the amount of money that we are pouring into it and now we are putting more programs on the top. But I would like to have your interpretation of the intent. Is it your intent that this provide the program in addition to the one that the Governor has suggested on remedial, and in addition to the ERD fund?"

Senator McDermott: "Well, it is a hard question to answer because the Governor made no . . . ."

Senator Rasmussen: "Leave the Governor out, take the ERD funds."

Senator McDermott: "Well, she took the ERD funds out, too, so it is a little bit hard. She said the only money we are going to put in is through remediation. She didn't say what kind of remediation, nothing, and there are no rules and regs about the remediation she is talking about, so it is very hard for me to tell. We are operating off the necessity to have a program, otherwise we are going to have a law suit and we will be forced to put a program in as defined by court. If we don't act, the courts will act, so it is really a question whether we want to wait and be forced, or whether we want to take the initiative and put in what I think is an adequate program to do the job."

Senator Rasmussen: "Thank you, Senator McDermott."

Further debate ensued.

#### POINT OF INQUIRY

Senator Benitz: "Senator McDermott, I heard you make a statement, I did not catch the last word of it about a federal definition saying that twenty students related to what, classroom, school district, or what?"

Senator McDermott: "If a school district has twenty students in it who speak a language other than English, the school district is required to provide a teacher and a classroom to teach the children in that language as well as in English."

Senator Benitz: "Thank you. I would only comment that under limited number definition then a school district such as Patterson with seventeen or eighteen Spanish speaking students might be denied this."

The motion by Senator McDermott carried and the amendment was adopted.

On motion of Senator Quigg, the following amendment was adopted:

On page 3, line 18, after "skills" insert:

## FORTY-SEVENTH DAY

---

### MORNING SESSION

---

Senate Chamber, Olympia, Friday, February 23, 1979.

The Senate was called to order at 10:00 a.m. by President Cherberg. The Secretary called the roll and announced to the President that all Senators were present except Senators Benitz, Day and Keefe. On motion of Senator Wilson, Senators Day and Keefe were excused. On motion of Senator Jones, Senator Benitz was excused.

The Color Guard, consisting of Pages Michelle Wheeler and Brock Williams, presented the Colors. Reverend Paul F. McCann, pastor of United Churches of Olympia, offered the following prayer:

"GOD OF ALL PLANETS AND ALL PEOPLES, WE PRAY TODAY FOR PERSPECTIVE ON OUR TASKS AND ON OURSELVES. WE CONFESS A NEED FOR THE CORRECTIVE VISION OF THE PSALMIST, WHO FOUND THE NIGHT SKY A MIRROR FOR HIS OWN INSIGNIFICANCE, AND WHO CRIED OUT IN WONDER, 'WHAT IS A MAN, THAT THOU ART MINDFUL OF HIM?' KEEP OUR EGOS IN LINE, O GOD, THROUGH A HEALTHY SENSE OF OUR SMALLNESS IN THE GRAND SCHEME OF THINGS. HELP US NOT TO TAKE OURSELVES TOO SERIOUSLY, LEST WE BEGIN TO BELIEVE THAT THE WORLD REVOLVES AROUND US. YET, O GOD, WE ACKNOWLEDGE THAT YOU HAVE ENTRUSTED US WITH THE CARE OF ONE SMALL SEGMENT OF YOUR CREATION, AND OF THE HUMAN ORDER IN IT. YOU HAVE VALUED US ENOUGH TO MAKE US STEWARDS OF THE LAND, THE WATER, THE AIR, THE QUALITY OF HUMAN LIFE.

"HELP US THEREFORE, WE PRAY, TO CARRY OUT OUR TASKS TODAY HUMBLLY, WITH SPIRITS GLAD FOR THE PRIVILEGE OF HAVING EVEN A SMALL PART IN YOUR CONTINUING CREATION. WE PRAY IN THE NAME OF THE ONE WHO EXALTED ALL HUMANKIND THROUGH HIS HUMILITY AND SELF-GIVING LOVE—EVEN JESUS THE CHRIST. AMEN."

Debate ensued.

## POINT OF INQUIRY

Senator Lysen: "Senator Donohue, on line 19 . . . 'and may grant to retired property owners or renters additional property tax relief on such property'. So, would this be regardless of income, retired people would get a tax break or would be eligible for tax break even though their income may not be low?"

Senator Donohue: "The implementing legislation, of course, will determine exactly, in answer to your question, but at the present time we cannot give relief to renters. There is nothing in the Constitution that allows us to give relief . . . ."

Senator Lysen: "I said retired property owners, line 19."

Senator Donohue: ". . . 'may grant to retired property owners or renters additional property tax relief on such property'. I guess I just don't understand what you are asking."

Senator Lysen: "Just the first portion of the question. I am concerned about the renters also, but the retired property owners, if they would be eligible for a tax credit on their taxes paid on other income or if their income is not low income, but say, high income, just because they are retired, they would be eligible for tax credit or tax payment."

Senator Donohue: "I would assume that that would be up to the provision of the statute that passes this legislature. I would assume that someone will not receive

in good judgment at least, that the legislature is surely not going to, for instance, give a lot of property tax relief to someone who owns a one hundred thousand dollar home and spends six months at Palm Spring. I do not envision that happening. They may be retired, too."

Senator Lysen: "With inflation the way it is, a one hundred thousand dollar home may in a few years be a very middle income or modest home the way inflation is going."

Senator Donohue: "That is possible."

Senator Lysen: "I guess I have some real concerns here about allowing this kind of possibility in the Constitution where the implementing statutes could be wide open here. Also, I do not understand, Senator, how the mechanism would work in terms of passing this on to renters. I would really like some explanation of that."

### REMARKS BY SENATOR RIDDER

Senator Ridder: "Mr. President, perhaps I can address some of Senator Lysen's concerns because I think we would share some of those same concerns."

"While property owning has been an objective of those of us who are Democrats and I think those of us who are Republicans alike, circumstances dictate, particularly in these times of inflation that property owning may be a privilege of fewer and fewer members of our population. That means that there are many people who are going to be hit by the rising cost of property who are not able to own that property but are using the effects of that inflation in the rental payments that they must make.

"The determination of the level of income would be a product of an implementing bill and I think it is intended that it be essentially a low income measure. But, it cannot always be granted simply to retired folks. We passed out a bill the other day, the displaced homemakers, if you will, to make it a more generic term, who no longer are able to own property because the expenses are too great and the problems of keeping that property in good condition are too great. They, therefore, are seeking rental accommodations that may be far beyond a very limited income in those late middle years in which they are not entitled to any kind of pension program and have a very limited work skill in order to draw employment wages.

"This measure would allow the legislature to develop enabling legislation to either give those particular people credit, which then could be established against the tax on that property assessed against the property owner. There need not be a cash payment of any kind which would fall into what Senator Rasmussen states as 'a negative income tax', but would allow those people to use that as a credit against their rent. I am not saying that is how it would happen, but that would be the possibility of how it could be handled.

"I think that we should definitely consider the problems of renters in our society. There are young people, but there are a lot of older people who are getting absolutely no tax relief and yet they are paying their rents now on a basis in the inflated economy that we have."

### POINT OF INQUIRY

Senator Guess: "Senator Donohue, I had a telephone call this morning from Spokane. The gentleman that called me had just received his tax notice. His tax bill went from nine hundred to two thousand dollars. Some of that tax bill came on houses that are rented to welfare recipients, two of them, in fact. Now, how would we return under this law to that renter any reimbursement?"

(Senator Donohue deferred to Senator Bottiger)

Senator Bottiger: "Senator Guess, our state is one of the most restrictive constitutional states and I think that you have heard that many times that our Constitution really lays it to the legislative body as to authority to do things. Twenty-three states have provisions for refunds to renters of a portion of their property tax . . . excuse me . . . twenty-three states have provisions for senior citizens. Eight other states include seniors and non-seniors, so we have a total of thirty-one of the fifty states handle this problem currently.

"I can envision and that is what you are really asking someone to do . . . envision . . . how you would do it. The legislature could make a choice of either providing tax relief to the rental property owner and he passing it through on the competitive market to the renters, or we could leave the rental market alone, leave the rent receipt alone and pass the refund by actual direct check to the property owner. I would prefer the first situation, but eight of our states do it a different way.

"Now, the purpose of this constitution law, while I am on my feet and in addition to the answer to your question, if you will look at the problems that each of us has faced at home trying to explain to people why we cannot do anything for them. The first one is the personal property and that is the mobile home situation. How do you get property tax relief to senior citizens living in mobile homes. You have got to add the words 'personal property'. We have not restricted this and tightened this down to only mobile homes because who knows what tomorrow's system will bring. We have left that discretion in the legislature. We have also provided that the legislature may determine the method of doing this, whether it is direct cash pay back, or whether it is credit against some other tax, we have left that discretion in the legislature. We have joined thirty-one of our other states in giving, if this constitutional amendment is approved, of giving the legislature the authority to respond to these problems. With the restrictive Constitution, our hands are tied. There is nothing we can do.

"So what this constitutional amendment would propose to the people is that their legislative body had the authority to make these discretionary decisions."

"Now, obviously these are the arguments that will be in the voters' pamphlet, these are the arguments that will be debated on the stump when the people decide this, but without an affirmative two-thirds vote here we will continue to go home and say, 'I am sorry—under our Constitution there is nothing we can do to solve these problems'."

SENATE RESOLUTION 1979-17

By Senators Henry, Marsh and Talley:

WHEREAS, There are at least fourteen commercial television stations currently in use in Washington State; and

WHEREAS, At least two additional regions of the state are covered by auxiliary transmitters sending commercial programming into their areas; and

WHEREAS, The Yakima transmitters reach westward only to parts of Skamania and Kittitas counties; and

WHEREAS, There are approximately 290,000 persons in households in the southwest region of the state without commercial television coverage from Washington State channels; and

WHEREAS, This entire Southwest Washington region is dependent upon Portland, Oregon for all of its television coverage, most of its radio coverage, and a good portion of its newspaper market; and

WHEREAS, KLRK Broadcasting Corporation in Clark County has applied to the Federal Communications Commission for a commercial broadcasting license and channel assignment;

NOW, THEREFORE, BE IT RESOLVED, That the Washington State Senate, in its collective wisdom, agrees with the basic effort of providing Clark County and Southwest Washington its own commercial television channel for the primary purpose of keeping the region's ever-increasing numbers of Washingtonians informed of our state's news; and

BE IT FURTHER RESOLVED, That the Federal Communications Commission be encouraged to act positively and with all due haste on the license application of KLRK or any other local applicant; and

BE IT FURTHER RESOLVED, That a copy of this resolution be quickly transmitted by the Secretary of the Senate to the Federal Communications Commission.

Presiding: President of the Senate John A. Cherberg

**INVOCATION**

by

Representative Earl F. Tilly

"This afternoon I have chosen a portion of Scripture that I feel addresses some of the social concerns that we all have; some of the governance concerns and some of our religious concerns. I'll read Psalms 112.

"Praise ye the Lord. Blessed is the man that feareth the Lord, that delighteth greatly in his commandments.

"His seed shall be mighty upon earth: the generation of the upright shall be blessed.

"Wealth and riches shall be in his house: and his righteousness endureth forever.

"Unto the upright there ariseth light in the darkness: he is gracious, and full of compassion, and righteous.

"A good man sheweth favour, and lendeth: he will guide his affairs with discretion.

"Surely he shall not be moved forever: the righteous shall be in everlasting remembrance.

"He shall not be afraid of evil tidings: his heart is fixed, trusting in the Lord.

"He hath dispersed, he hath given to the poor; his righteousness endureth forever; his horn shall be exalted with honour.

"The wicked shall see it, and be grieved; he shall gnash with his teeth, and melt away: the desire of the wicked shall perish."

"Let us pray: Dear Heavenly Father, we thank You today for sending a select group of people to this Legislature to serve their fellow citizens in the decisions of Washington State. Lord, You have blessed each of us in so many ways. Likewise, our state has been blessed by the dedicated members who we are honoring today. Lord help us to be a blessing to others. You have said, Lord, that one of the great commandments is to love your neighbor as yourself. We pray that You grant us the spirit of humbleness to sincerely carry this out. In this special mission that we are commissioned to carry on for Your people, help us to remember Your Son's words to his disciples, that whoever would be great among you, must first be Your servant. Thank You, Lord, for servants past. We pray that patience and understanding and love will continue in each of us current members. Lord help us serve. Amen."

**MEDITATION**

by

Senator Sam Guess

"It is a great honor for me to be asked to speak today. I feel quite humble to address this memorial service. We pause to pay honor to those former members who have preceded us. I have given much thought that my words would be appropriate.

"Down through the ages men have paid honor to their ancestors: Plato's orations stand out; Washington's farewell address, the Gettysburg address by Lincoln—all come to mind, but we do not live in an era when much oratory is given. Simple statements suffice. In recent years these halls have known the likes of a John McCutcheon, a Perry Woodall, and an Ella Wintler. It was my honor to have heard their aspirational speeches. My memory goes back, especially to 1965, when Senator

Lenhart said that, '...inspired speakers were indeed unique; they were creatures of providence, baffling the wit of man to fathom, then passing from our midst with their jobs well done.' Few of us aspire to attain those lofty heights, but all aspire to serve. As we walk the hall above us, on both the wings, and look on the photographs of our predecessors, we know that a common bond of service binds us to them. It is to them this day we pay honor in this service."

**CANDLE SERVICE**

**IN MEMORIAM**

In tribute to the memories of our distinguished members of the House and Senate who have passed from among us during the preceding biennium, the Forty-sixth Legislative Session of the State of Washington conveys its respects on behalf of the people of our State. May the memory of their dedicated service remain in our hearts.

## FIFTIETH DAY

---

### MORNING SESSION

---

Senate Chamber, Olympia, Monday, February 26, 1979.

The Senate was called to order at 11:00 a.m. by President Cherberg. The Secretary called the roll and announced to the President that all Senators were present except Senators Fleming, Hayner, Keefe and Scott. On motion of Senator Jones, Senators Hayner and Scott were excused. On motion of Senator Wilson, Senators Fleming and Keefe were excused.

The Color Guard, consisting of Pages Rhonda Middleton and Lise Pippenger, presented the Colors. Reverend Richard Hart, pastor of the First Baptist Church of Olympia, offered the following prayer:

"ETERNAL GOD, WE PAUSE IN THIS SACRED MOMENT TO ACKNOWLEDGE THAT YOU ARE THE GIVER OF LIFE AND FREEDOM. THERE IS A DESIRE THAT BURNS DEEP WITHIN EACH OF US TO EXPERIENCE LIFE AT ITS BEST AND TO SING THE JOYFUL SONGS OF FREEDOM. LORD, WE PRAY ESPECIALLY IN THIS MOMENT FOR MEMBERS OF THE SENATE. THE WEEKEND IS PAST AND THEY HAVE RETURNED ONCE MORE TO STRUGGLE WITH AND SEEK SOLUTIONS TO THE PROBLEMS OF THE PEOPLE OF THIS STATE. GRANT TO THEM INSIGHT, WISDOM, AND COURAGE SUFFICIENT TO COMPLETE THE RESPONSIBILITIES BEFORE THEM. AS THEY PROCEED THROUGH THE WORK OF THIS DAY MAY THEY KNOW THAT SPECIAL AND UNIQUE INNER SENSE OF WORKING IN PARTNERSHIP WITH YOU. AMEN."

### MOTION

On motion of Senator Walgren, the reading of the journal of the previous day was dispensed with and it was approved.

### REPORT OF STANDING COMMITTEE

February 26, 1979.

SENATE BILL NO. 2224, establishing a schedule of early retirement pensions for volunteer firemen (reported by Committee on Ways and Means):

MAJORITY recommendation: Do pass.

Signed by: Senators Donohue, Chairman; Bausch, Clarke, Gaspard, Goltz, Jones, Morrison, Odegaard, Rasmussen, Sellar, Wojahn.

Passed to Committee on Rules for second reading.

There being no objection, the Senate advanced to the sixth order of business.

### SECOND READING

SENATE BILL NO. 2275, by Senators Keefe, Matson and Morrison:  
Revising laws regulating horse racing.

## MOTIONS

On motion of Senator Morrison, Substitute Senate Bill No. 2275 was substituted for Senate Bill No. 2275 and the substitute bill was placed on second reading and read the second time in full.

Senator Woody moved adoption of the following amendment:

On page 5, line 29, after "section," strike "one-half of one percent" and insert "at least fifty percent".

## POINT OF INQUIRY

Senator Van Hollebeke: "Senator Woody, which tracks in this state would that amendment affect?"

Senator Woody: "That affects all tracks, as I understand it excepting at Longacres."

Senator Van Hollebeke: "Do you know what is the reason for excepting any tracks?"

Senator Woody: "As I understand the bill, the amount over ten percent only refers to tracks excepting Longacres. This bill does not refer to Longacres."

Senator Van Hollebeke: "I am saying, what is the reason for excepting in any amendment the purse structure from any track in this amendment or the bill? Why do you wish to amend the bill in such a way that it affects some of the tracks in the state and not others?"

Senator Woody: "Senator Van Hollebeke, may I refer your question to Senator Morrison? It is, after all, his bill. He is one of the sponsors of the bill."

(Senator Woody deferred to Senator Morrison)

Senator Morrison: "Mr. President and members of the Senate, Senator Van Hollebeke is raising a philosophical question that relates to the entire bill and not just specifically to this amendment. I would suggest perhaps that we handle this amendment and debate the philosophy of the application of some of these rules to tracks all across the state, and I believe you have an amendment pending, Senator Van Hollebeke?"

Senator Van Hollebeke: "Yes, I have, and it just arrived on the desk now. With permission of the body, I would like to ask that this bill be moved down two places and held on second reading on the calendar."

## MOTION

Senator Van Hollebeke moved that further consideration of Substitute Senate Bill No. 2275 together with the proposed amendment by Senator Woody be considered following Senate Bill No. 2768 on today's second reading calendar.

Debate ensued.

The motion by Senator Van Hollebeke failed.

The motion by Senator Woody carried and the amendment was adopted.

Senator Van Hollebeke moved that further consideration of Substitute Senate Bill No. 2275, as amended, be considered following Senate Bill No. 2768.

Debate ensued.

There being no objection, the motion by Senator Van Hollebeke was withdrawn.

## MOTION

At 11:20 a.m., on motion of Senator Walgren, the Senate recessed until 11:58 a.m.

## SECOND MORNING SESSION

The President called the Senate to order at 11:58 a.m.

## SECOND READING

**SUBSTITUTE SENATE BILL NO. 2275**, by Committee on Ways and Means (originally sponsored by Senators Keefe, Matson and Morrison):

Revising laws regulating horse racing.

The Senate resumed consideration from earlier today of Substitute Senate Bill No. 2275, as amended.

There being no objection, an amendment by Senator Van Hollebeke to page 6, line 5 on the desk of the Secretary of the Senate was withdrawn.

Senator Shinpoch moved adoption of the following amendment by Senators Shinpoch and Morrison:

On page 5, line 23, after "retain" insert "eleven percent".

## POINT OF INQUIRY

Senator Odegaard: "Senator Shinpoch, would this have any effect on the fiscal note that we have, the revenue impact to these different funds, your amendment?"

Senator Shinpoch: "My understanding is that it will be about two hundred sixty-six thousand dollars less when we take this one percent off the exotic wagering. It comes to just the amount that the state will be, what would you say, making available for all tracks except Longacres. This will be just under a half million dollars.

Senator Odegaard: "So there would be lesser loss of revenue with your amendment?"

Senator Shinpoch: "It will reduce the amount of revenue going from the public to the horsemen and the tracks, yes."

Senator Odegaard: "Thank you."

The motion by Senator Shinpoch carried and the amendment was adopted.

On motion of Senator Shinpoch, the following amendments by Senators Shinpoch and Morrison were considered and adopted simultaneously:

On page 5, line 24, after "machine" strike the colon and insert a period.

On page 5, beginning on line 25, strike all the material down through the period on line 27.

Senator Talley moved adoption of the following amendment:

On page 6, line 13, insert a new section as follows:

**"NEW SECTION.** Section 7. There is added to chapter 67.16 RCW a new section to read as follows:

Notwithstanding any other provision of chapter 67.16 to the contrary, one third of all races authorized by this chapter shall be exclusively for quarter horses."

Re-number the remaining section consecutively.

Debate ensued.

The motion by Senator Talley failed and the amendment was not adopted.

Senator Rasmussen moved adoption of the following amendment:

On page 6, line 13, insert a new section as follows:

**"NEW SECTION.** Section. 7. There is added to chapter 67.16 RCW a new section to read as follows:

Notwithstanding any other provision of chapter 67.16 to the contrary, on and after the effective date of this act all breakage shall be paid to the state general fund."

Re-number the remaining section consecutively.

Debate ensued.

## POINT OF INQUIRY

Senator Rasmussen: "Senator Morrison, why would you say that this would break the tracks when they are handling a million dollar a day handle. Why would a few odd cents break the tracks?"

Senator Morrison: "Well, Senator Rasmussen, for the tracks that are handling a million dollar a day handle, such as Longacres, it perhaps would not break the tracks. But, this bill is really before us because we are concerned about all the other race tracks in the state that are much smaller operations and they have to count every penny, every nickle just to keep the doors open. In fact our figures show that if we do not pass the measure before us that they will very likely be closing their doors. As a consequence, the breakage amount that they now get to keep is important to their fiscal health and your amendment would remove that particular incentive for them and we would have to adjust the figures in the rest of the bill if we are going to keep the doors open."

Senator Rasmussen: "Well, thank you, Senator Morrison."

Further debate ensued.

The motion by Senator Rasmussen failed and the amendment was not adopted.

Senator Talley moved adoption of the following amendment:

On page 6, line 13, insert a new section as follows:

"NEW SECTION. Sec. 7. There is added to chapter 67.16 RCW a new section to read as follows:

Notwithstanding any other provision of chapter 67.16 to the contrary, dog racing shall be permitted during such times as the race tracks are not being used for thoroughbred horse racing meets."

## POINT OF INQUIRY

Senator Talley: "Senator Morrison, would you join me in a dog racing bill, Sir?"

Senator Morrison: "No, I would choose not to, Senator Talley, we are having enough trouble with horse racing right now. I was just encouraging you to introduce the bill on your own. You are pretty good at some of these specialized bills, Senator Talley, and you are able to get them through here, so I encourage you to follow through on your right as a legislator, but don't expect me to join you."

The motion by Senator Talley failed and the amendment was not adopted.

## MOTION

On motion of Senator Morrison, the rules were suspended, Engrossed Substitute Senate Bill No. 2275 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

## POINT OF INQUIRY

Senator Odegaard: "Senator Morrison, you stated that the race tracks are heavily regulated on their charges, does that mean then that they could not increase their charge—their admission charge?"

Senator Morrison: "No, that portion of their income is not regulated, but it really regulated on a very practical basis and that is what the traffic will allow. Longacres now charging two dollars and twenty-five cents and if you can get into the grandstand there is room for you at that price; Yakima Meadows is a dollar fifty, including the grandstand; Playfair is at a dollar, but you pay extra to get into the grandstand. I talked to all the tracks and they feel this is the maximum amount

of admission income that they can charge and a lot of folks just like to go to those races without actually participating in betting."

Senator Odegaard: "Mr. President, may I ask one other question of Senator Morrison? You stated something about towards the end of your talk on this bill, that it would increase revenue to around eight hundred thousand dollars. The fiscal note I have shows a loss of seven hundred and forty-eight thousand dollars. The additional racing days adds some funds to that and then Senator Shinpoch's amendment apparently also helps so there would not be such a loss in revenue. Could you elaborate a little more on how you come up with the eight hundred thousand dollar increase?"

Senator Morrison: "The eight hundred thousand dollar figure that I mentioned, Senator Odegaard, relates to only one year's operation, so you would have to double that to relate to the biennium. Senator Shinpoch's amendment we cooperated on, in fact meant a loss of revenue to the tracks, but did not impact the dollars coming to the general fund, so the figures you have looked at, the loss to the general fund of this measure, again if the world just stood still, is about seven hundred thousand dollars per biennium. However, if the tracks closed, or if everything proceeds as normally will, that is the increased racing days, the increased betting on those racing days, normal growth from one year to the next, that the net gain to the general fund would be 1.6 million dollars. The eight hundred thousand dollar figure I gave you was for just one year.

"Mr. President, while I am still on my feet, Senator Shinpoch has corrected me, I have heard that discussions on the racing commission of the lack of overlap in California, they have changed that so that now there is no overlap between race tracks within southern California and those within the northern California area, so Senator Van Hollebeke is accurate."

Further debate ensued.

#### POINT OF INQUIRY

Senator Rasmussen: "Senator Morrison, I do not understand on page 5, subsection (3), 'the remaining increase above ten percent shall be utilized for maintenance of the running surface, parking areas and training and barn facilities.' Is that the state specifying what amount of money they shall pay on private property improvements in that section?"

Senator Morrison: "No, Senator Rasmussen, that is the state saying that of the extra one percent that is available to the tracks under this bill, that there is an agreement as to how the money can be spent. Half of it goes to improve the general purse structure, the other half, indeed, goes to provide for these certain track improvements. This was the request of the horse owners and breeders within the State of Washington, so I am just saying that money belongs to the track and the state is specifying on how they can spend this particular portion."

Senator Rasmussen: "Thank you, Senator Morrison."

Further debate ensued.

#### REMARKS BY SENATOR SHINPOCH

Senator Shinpoch: "Mr. President, if I might add one additional word of explanation to Senator Rasmussen, relative to the language starting on line 31, on page 5, relative to maintenance of running surfaces, parking areas, training and barn facilities. Some of us were concerned that the bill was designed to pay for the recently completed Turf Club, if you will at Yakima, and that language was specifically inserted to satisfy our concerns that that was not what the bill was designed to do.

That we were not just putting out a state subsidy to pay for some capital improvements for some private gain, if you will. So the language that is there was inserted for that purpose."

### ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 2275 and the bill passed the Senate by the following vote: Yeas, 36; nays, 10; absent or not voting, 1; excused, 2.

Voting yea: Senators Bausch, Benitz, Bluechel, Bottiger, Clarke, Day, Fleming, Gallagher, Gaspard, Goltz, Gould, Guess, Hansen, Henry, Jones, Lee, Lewis, Marsh, Matson, McDermott, Moore, Morrison, Newschwander, North, Peterson, Quigg, Ridder, Scott, Sellar, Shinpoch, Talley, Vognild, Walgren, Wanamaker, Wojahn, Woody—36.

### MOTION

On motion of Senator Marsh, the rules were suspended, House Bill No. 341 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

### POINT OF INQUIRY

Senator Rasmussen: "Senator Marsh, my concern is you said we should proceed in haste with these. Evidently we proceeded in haste at the last session when we made all these mistakes and they came out of the code reviser's office, by virtue of us sometimes amending on the floor. Are you sure there are no mistakes in these now? Do we have your word of do or die on it?"

Senator Marsh: "To the best of my knowledge there are no mistakes in any of these. I am not going to die on any bill, Senator."

Senator Rasmussen: "Thank you, Senator Marsh."

### REMARKS BY SENATOR BOTTIGER

Senator Bottiger: "Mr. President, Senator Rasmussen, every session we have the same problem and that is why many of us are a little reluctant to accept floor amendments because we do not do these double checkings."

## REMARKS BY SENATOR CLARKE

Senator Clarke: "Further response to Senator Rasmussen, neither Senator Marsh nor I have undertaken the technical job of checking each one of these amendments because in the past we have been able to rely on the code reviser and we are, in substance, doing that again. If we find a mistake, then we are going to have to be after him to change his method of making these presentations to us."

MESSAGE FROM THE  
SECRETARY OF STATE

February 26, 1979.

SECRETARY OF THE SENATE,  
THE LEGISLATURE OF THE STATE OF WASHINGTON,  
OLYMPIA, WASHINGTON

DEAR SIR:

On February 19, 1979, this office certified Initiative 61 to both houses of the state legislature and forwarded copies of the initiative to each house.

On page 6 of the Initiative, in section 16, subsection D. the words "or other assistance" appear in pencil following the words "equitable compensation". These words were inserted in error. The sponsor had considered inserting that additional language at one time but subsequently reconsidered, and the Initiative, as officially filed in this office on April 24, 1978, does not contain these additional words. The correct text of the Initiative is as appears in the enclosed copy.

We regret any confusion this may have caused the legislature in their consideration of Initiative 61.

Sincerely,  
BRUCE K. CHAPMAN  
Secretary of State  
Donald F. Whiting  
Supervisor of Elections

## INITIATIVE TO THE LEGISLATURE 61

AN ACT Relating to solid waste management, establishing a minimum refundable deposit on beverage containers to promote their reuse and recycling; adding a new chapter to Title 70 RCW; and prescribing penalties.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

NEW SECTION. Section 1. This chapter shall be known and may be cited as the Returnable Beverage Container Act.

NEW SECTION. Sec. 2. The people of the state of Washington find that the failure to reuse and recycle empty beverage containers represents a significant and unnecessary waste of important energy and material resources. The littering of empty beverage containers constitutes a public nuisance, a safety hazard, and esthetic blight and imposes upon public and private agencies in this state unnecessary costs for the removal and collection of such containers. Empty beverage containers constitute a significant and rapidly growing proportion of municipal solid waste, whose disposal imposes a severe financial burden on municipal governments. The reuse and recycling of empty beverage containers would eliminate these unnecessary burdens on individuals, local governments, and the environment. A uniform system for requiring a refund value on the sale of all beverage containers in this state would result in a high level of reuse and recycling of such containers when empty.

NEW SECTION. Sec. 3. Unless the context clearly requires otherwise, the definitions in this section shall apply throughout this chapter.

(1) "Beverage" means beer, ale, or other malt drink of whatever alcoholic content, and mineral water, soda water, and similar carbonated soft drinks of any variety, in liquid form and intended for human consumption, but does not include dairy products, fruit juices, wine, or spirits.

(2) "Beverage container" means an airtight container sealed by the manufacturer and designed to contain a beverage under pressure of carbonation, including,

but not limited to, containers of metal, glass, plastic, or a combination of these, but does not include cups and other open receptacles.

(3) "Consumer" means any person who purchases a beverage in a beverage container for any use other than resale.

(4) "Dealer" means any person, including the operator of a vending machine, who sells, offers to sell, or engages in the sale of beverages in beverage containers to consumers in this state.

(5) "Department" means the department of ecology of the state of Washington.

(6) "Distributor" means any person who sells or offers for sale beverages in beverage containers to a dealer in this state, including any manufacturer who engages in such sales.

(7) "Manufacturer" means any person bottling, canning, or otherwise filling beverage containers for sale to distributors or dealers.

(8) "Recycling center" means an operation at a specific location, or a related service established pursuant to section 8 or 9 of this act, where any person may redeem the amount of the deposit for any empty beverage container.

NEW SECTION. Sec. 4. (1) Every beverage container sold or offered for sale to a consumer in this state shall have a refund value of not less than five cents.

(2) Except as provided in subsection (3) of this section, every beverage container sold or offered for sale in this state by a dealer shall clearly and prominently indicate by embossing, stamping, labeling, or other method of secure attachment to the beverage container on a place other than the bottom: (a) The refund value; (b) the words "return for deposit"; and (c) the name of this state. Metal beverage containers shall be clearly and prominently embossed or stamped on the top of the container.

(3) The requirement in subsection (2) of this section does not apply to refillable glass beverage containers manufactured before the effective date of this act which have a brand name permanently marked on them and a refund value of not less than five cents.

NEW SECTION. Sec. 5. Except as provided in sections 6 and 10 of this act:

(1) A dealer, or a recycling center established under section 9 of this act to provide the total refund service for a dealer, may not refuse to accept from any person any empty beverage container of the kind, size, and brand sold by the dealer, or refuse to pay in cash upon request to that person, the refund value of the beverage container as established by section 4 of this act.

(2) A distributor may not refuse to accept from a dealer or a recycling center any empty beverage container of the kind, size, or brand sold by the distributor in this state, or refuse to pay the dealer or recycling center the refund value of the beverage container as established by section 4 of this act.

(3) A manufacturer may not refuse to accept from a dealer, recycling center, or distributor any empty beverage container of the kind, size, and brand sold by the manufacturer, or refuse to pay the dealer, recycling center, or distributor the full refund value as established by section 4 of this act.

(4) In addition to the payment of the refund value, the distributor accepting beverage containers under subsection (2) of this section and the manufacturer accepting beverage containers under subsection (3) of this section, shall reimburse the dealer or recycling center for handling the beverage containers in an amount to be set by the Washington state legislature that is not less than one cent per returned container. If the legislature does not set this amount prior to the effective date of this act, the minimum amount of one cent per container shall be the handling reimbursement fee.

(5) The department shall review the adequacy of the amount of reimbursement given to recycling centers and dealers in subsection (4) of this section and shall submit any recommended changes to the regular sessions of the Washington state legislature.

**NEW SECTION.** Sec. 6. A dealer, recycling center, distributor, or manufacturer may refuse to accept any empty beverage container which does not state thereon the name of this state and a refund value as established by section 4 of this act, which contains material foreign to the normal contents of the container, or which, if glass, is broken. Cans may be crushed but must be intact and the brand name must be recognizable to qualify for refund.

**NEW SECTION.** Sec. 7. No beverage shall be sold or offered for sale to consumers in this state in a metal beverage container a part of which is designed to be detached in order to open such container.

**NEW SECTION.** Sec. 8. Recycling centers to refund deposits on beverage containers, at which consumers may return empty beverage containers and receive payment of the refund value, may be established and operated by any person. Persons wishing to operate such a recycling center shall register with the department.

**NEW SECTION.** Sec. 9. (1) A dealer, group of dealers, or a recycling center established under section 8 of this act may file an application with the department for approval of a recycling center or centers to provide the total refund service for the dealer or dealers. The application shall state: The name and address of the person or persons responsible for the establishment and operation of the center; the kinds, sizes, and brand names of beverage containers which will be accepted; and the names and addresses of dealers to be served and their distances from the recycling center.

(2) The department shall give due notice to the public and other affected parties of the application and, if petitioned by ten or more people, shall hold a public hearing in the area affected. If after investigation and hearing the department determines that the recycling center would provide a convenient service to both the dealer and consumers for the return of empty beverage containers, the application shall be approved. The order of the department approving the recycling center shall state the dealers to be served and the kind, size, and brand names of empty beverage containers which the recycling center must accept. The order may contain such other reasonable provisions as the department may determine to be necessary to ensure that the recycling center will provide a convenient service to the public.

(3) A list of the dealers served and the kind, sizes, and brand names of empty beverage containers accepted shall be prominently displayed at each recycling center.

(4) A dealer served by a recycling center shall prominently display within the view of the consumer at the time of sale of a beverage in a beverage container the location, distance from the dealer, hours of operation, and the name of the recycling center that serves the dealer.

(5) The department may review the approval of a recycling center established under this section at any time. After written notice to the person or persons responsible for the establishment and operation of the recycling center and to the dealers served by the recycling center, the department may, after hearing, withdraw approval of the recycling center if the department finds that there has not been compliance with the approval order or if the recycling center no longer provides a convenient service to the public.

**NEW SECTION.** Sec. 10. A dealer may refuse to accept from a consumer or other person and to pay the refund value of any beverage container, if the place of business of the dealer and the kind, size, and brand of beverage container are included in an order of the department approving a recycling center under section 9 of this act.

NEW SECTION. Sec. 11. Any dealer selling a beverage in a beverage container solely for consumption on the premises of the dealer may elect not to charge a deposit at the time of sale, and if so electing, shall not be required to pay a refund for accepting that empty beverage container back.

NEW SECTION. Sec. 12. Every operator of a vending machine which sells beverages in beverage containers shall post a conspicuous notice on each vending machine indicating that a refund value of not less than five cents is available on each beverage container purchased and where, how far away, and from whom that refund may be obtained.

WE PRAY FOR PEACE FOR THOSE WHO SUFFER FROM THE DEVASTATING HORRORS OF THE STRUGGLE OF OTHERS TO BE IN A POSITION OF POWER AND CONTROL. EASE THE UNWELCOMED BURDEN OF THOSE WHO ARE SIMPLY TRAPPED. BUT WE ALSO WANT TO PRAY FOR OURSELVES THAT WE NOT MISUSE OR TAKE FOR GRANTED THIS GREAT FREEDOM WHICH SURROUNDS US. EVEN HERE IN THE SENATE, FREE US FROM THE DULL ROUTINENESS THAT SLOWLY BUT SURELY TAKES ITS TOLL. CALL FORTH IN EACH OF THESE OUR LEADERS SHARPNESS OF MIND, FULLNESS OF TALENT, AND PURITY OF MOTIVE, IN ORDER THAT THEY MIGHT FULFILL THE HIGH PURPOSE TO WHICH THEY WERE ELECTED, BEING SERVANTS OF THE PEOPLE. ADD YOUR BLESSING TO EACH OF THEM THIS DAY. IN THE NAME OF JESUS THE CHRIST. AMEN."

#### MESSAGE FROM JOINT COMMITTEES ON TRANSPORTATION

February 28, 1979.

TO: Washington State Senate  
FROM: Senate Committee on Transportation  
SUBJECT: Sunset report on vessel regulation

In accordance with the Sunset Act of 1977, the Senate and House Transportation Committees met jointly to discuss the vessel regulation activities of the Department of Labor and Industries.

In the past, the department has applied these regulations to both passenger carrying and work boats which ply the inland lakes of the state. The program has consisted of vessel inspection and an examination and licensing program for operators of those vessels.

After reviewing the report of the Legislative Budget Committee and discussing the situation with the department and the affected vessel operators, the Committees recommended a considerable modification of the program. The vessel inspection program is appropriate for vessels carrying passengers for hire. The work boats are already subject to workplace inspection under WISHA, and should not be subject to redundant regulation. Vessel operators can be licensed by the United States Coast Guard, and at the recommendation of the Office of Financial Management, we recommend that licensing of vessel operators be handled by that organization. These concepts are embodied into SSB 3100, which passed on the Senate Consent Calendar, and is now before the House.

Signed by: Senators Al Henry, Chairman; Talley, Bluechel, Conner, Gallagher, Guess, Hansen, Lee, Peterson, Van Hollebeke, von Reichbauer, Wanamaker.

#### MESSAGE FROM THE HOUSE

February 27, 1979.

Mr. President: The House has passed: ENGROSSED SENATE BILL NO. 2111 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Section 1. Section 7, chapter 294, Laws of 1971 ex. sess. as last amended by section 1, chapter 347, Laws of 1977 ex. sess. and RCW 82.04.291 are each amended to read as follows and, as amended, shall be recodified as a section of chapter 84.33 RCW:

(1) Upon every person engaging within this state in business as a harvester of timber; as to such persons the amount of tax with respect to such business shall be equal to the stumpage value of timber harvested for sale or for commercial or industrial use multiplied by the appropriate rate as follows:

(a) For timber harvested between October 1, 1972 and September 30, 1973 inclusive, the rate shall be one and three-tenths percent;

(b) For timber harvested between October 1, 1973 and September 30, 1974 inclusive, the rate shall be two and nine-tenths percent and between October 1, 1974 and (~~December 31, 1978~~) June 30, 1981, inclusive, six and one-half percent.

(2) For purposes of this section:

(a) "Harvester" means every person who from his own privately owned land or from the privately owned land of another under a right or license granted by lease or

contract, either directly or by contracting with others for the necessary labor or mechanical services fells, cuts or takes timber for sale or for commercial or industrial use. It does not include persons performing under contract the necessary labor or mechanical services for a harvester.

(b) "Timber" means forest trees, standing or down on privately owned land, and except as provided in RCW 84.33.170 includes Christmas trees.

(c) "Stumpage value of timber" means the appropriate stumpage value shown on tables to be prepared by the department of revenue pursuant to subsection (3) of this section.

(d) Timber shall be considered harvested at the time when in the ordinary course of business the quantity thereof by species is first definitely determined. The amount harvested shall be determined by the Scribner Decimal C Scale or other prevalent measuring practice adjusted to arrive at substantially equivalent measurements, as approved by the department of revenue.

(3) The department of revenue shall designate areas containing timber having similar growing, harvesting and marketing conditions to be used as units for the preparation and application of stumpage values. Each year on or before December 31 for use the following January through June 30, and on or before June 30 for use the following July through December 31, the department shall prepare tables of stumpage values of each species or subclassification of timber within such units, which values shall be the amount that each such species or subclassification would sell for at a voluntary sale made in the ordinary course of business for purposes of immediate harvest. Such stumpage values, expressed in terms of a dollar amount per thousand board feet or other unit measure, shall be determined from (a) gross proceeds from sales on the stump of similar timber of like quality and character at similar locations, and in similar quantities, or from (b) gross proceeds from sales of logs adjusted to reflect only the portion of such proceeds attributable to value on the stump immediately prior to harvest, or from a combination of (a) and (b), and shall be determined in a manner which makes reasonable and adequate allowances for age, size, quality, costs of removal, accessibility to point of conversion, market conditions and all other relevant factors. Upon application from any person who plans to harvest damaged timber, the stumpage values for which have been materially reduced from the values shown in the applicable tables due to damage resulting from fire, blow down, ice storm, flood or other sudden unforeseen cause, the department shall revise such tables for any area in which such timber is located and shall specify any additional accounting or other requirements to be complied with in reporting and paying such tax. The preliminary area designations and stumpage value tables and any revisions thereof shall be subject to review by the ways and means committees of the house and senate prior to finalization. Tables of stumpage values shall be signed by the director or his designee and authenticated by the official seal of the department. A copy thereof shall be mailed to anyone who has submitted to the department a written request therefor.

(4) On or before the sixtieth day after the date of final adoption of any stumpage value tables, any harvester may appeal to the board of tax appeals for a revision of stumpage values for an area determined pursuant to subsection (3) of this section.

(5) There are hereby created in the state treasury a state timber tax account A and a state timber tax reserve account in the state general fund and any interest earned on the investment of cash balances shall be deposited in these accounts. The revenues from the tax imposed by subsection (1) of this section shall be deposited in state timber tax account A and state timber tax reserve account as follows:

YEAR OF COLLECTION	ACCOUNT A	RESERVE ACCOUNT
1973 through 1982	100%	0%
1983 and thereafter	0%	100%

(6) In addition to the rates specified in subsection (1) of this section, there shall be imposed upon such persons a surtax at a rate of .5% of the stumpage value of timber as specified in such subsection (1) upon timber harvested between October 1, 1972 and September 30, 1974 inclusive. The revenues from such surtax shall be deposited in the state timber tax reserve account. Such surtax shall be reimposed for one year upon timber harvested in any calendar year following any fourth quarter during which transfers from such reserve account pursuant to subsection (3) of RCW 84.33.080 reduce the balance in such account to less than five hundred thousand dollars, but in no event shall such surtax be imposed in any year after 1980.

(7) The tax imposed under this section shall be computed with respect to timber harvested each calendar quarter and shall be due and payable in quarterly installments and remittance therefor shall be made on or before the last day of the month next succeeding the end of the quarterly period in which the tax accrued. The taxpayer on or before such date shall make out a return, upon such forms and setting forth such information as the department of revenue may require, showing the amount of the tax for which he is liable for the preceding quarterly period, and shall sign and transmit the same to the department of revenue, together with a remittance for such amount.

(8) The taxes imposed by this section shall be in addition to any taxes imposed upon the same persons pursuant to one or more of sections RCW 82.04.230 to 82.04.290, inclusive, and RCW 82.04.440, and none of such sections shall be construed to modify or interact with this section in any way, except RCW 82.04.450 and 82.04.490 shall not apply to the taxes imposed by this section.

(9) Any harvester incurring less than ten dollars tax liability under this section in any calendar quarter shall be excused from the payment of such tax, but may be required by the department of revenue to file a return even though no tax may be due.

Sec. 2. Section 6, chapter 294, Laws of 1971 ex. sess. as last amended by section 2, chapter 347, Laws of 1977 ex. sess. and RCW 84.33.060 are each amended to read as follows:

In each year commencing with 1972 (~~and ending with 1981~~), solely for the purpose of determining, calculating and fixing, pursuant to chapter 84.52 RCW, the dollar rates for all regular and excess levies for the state and each timber county and taxing district lying wholly or partially in such county within which there was timber on January 1 of such year, the assessor of such timber county shall, for each such district, add to the amount of the "assessed valuation of the property" of all property other than timber the product of:

(a) The portion indicated below for each year of the value of timber therein as shown on the timber roll prepared in accordance with RCW 84.33.050 for such year; and

(b) The assessment ratio applied generally by such assessor in computing the assessed value of other property in his county:

YEAR	PORTION OF TIMBER ROLL
1972 through 1977	100%
1978 <u>and thereafter</u>	80%
<del>((1979</del>	<del>60%</del>
<del>1980</del>	<del>40%</del>
<del>1981</del>	<del>20%</del>
<del>1982 and thereafter</del>	<del>None))</del>

Sec. 3. Section 8, chapter 294, Laws of 1971 ex. sess. as last amended by section 3, chapter 347, Laws of 1977 ex. sess. and RCW 84.33.080 are each amended to read as follows:

(1) On or before December 15 of each year commencing with 1972 (~~and ending with 1981~~), the assessor of each timber county shall deliver to the treasurer of such county and to the department of revenue a schedule setting forth for each taxing district or portion thereof lying within such county:

(a) The value of timber as shown on the timber roll for such year;

(b) The aggregate dollar rate calculated pursuant to RCW 84.33.060 and actually utilized the immediately preceding October in extending real property taxes upon the tax rolls for collection in the following year;

(c) A "timber factor" which is the product of such aggregate dollar rate, the assessment ratio applied generally by such assessor in computing the assessed value of other property in his county and the appropriate portion listed below of the timber roll for such year ((a) above):

YEAR	PORTION OF TIMBER ROLL
1972	25%
1973	55%
1974 through 1977	100%
1978 and thereafter	80%
<del>((1979</del>	<del>60%</del>
<del>1980</del>	<del>40%</del>
<del>1981</del>	<del>20%</del> )

On or before December 31 of each year commencing with 1972 (~~and ending with 1981~~), the department of revenue shall determine the proportion that each taxing district's timber factor bears to the sum of the timber factors for all taxing districts in the state, and shall deliver a list to the assessor and the treasurer of each timber county and to the state treasurer showing the factor and proportion for each taxing district.

(2) On the twentieth day of the second month of each calendar quarter, commencing February 20, 1974 (~~and ending November 20, 1982~~), the state treasurer shall pay to the treasurer of each timber county for the account of each taxing district such district's proportion and pay into the state general fund for the support of the common schools the state's proportion (determined in December of the preceding year pursuant to subsection (1) of this section) of the amount in state timber tax account A collected upon timber harvested in the preceding calendar quarter, but in no event shall any such quarterly payment to a taxing district, when added to such payments made to such district the previous quarters of the same year, exceed, respectively one-fourth, one-half, three-fourths, or the full amount of the timber factor for such district determined in December of the preceding year.

The balance in state timber tax account A, if any, on the twentieth day of the second month of each calendar quarter commencing February 20, 1975 and ending November 20, 1982 shall be transferred to the state timber tax reserve account.

(3) If the balance in state timber tax account A immediately prior to such twentieth day of the second month of each calendar quarter is not sufficient to permit a payment of one-fourth, one-half, three-fourths, or the full amount, as the case may be, which, when added to the payments made to any taxing district the previous quarters of the same year, will equal the timber factor for such district determined in December of the preceding year, the necessary additional amount shall be transferred from the state timber tax reserve account to state timber tax account A.

(4) If, after the transfer, if any, from the state timber tax account A (pursuant to subsection (2) of this section) in August of any year commencing with 1974, the balance in the state timber reserve account exceeds two million dollars, the amount

of the excess shall be applied first, subject to legislative appropriation of funds allocated from the state timber reserve account, for activities undertaken by the department of revenue forest tax division and for the activities undertaken by the department of natural resources relating to classification of lands as required by this chapter. If following the transfer, if any, from the state timber tax account A (pursuant to subsection (2) of this section) in November of 1977 and each year thereafter, the balance in the state timber tax reserve account exceeds two million dollars, the department of revenue shall determine on or before December 31 of such year, an amount to be distributed to the taxing districts the following calendar year, which distribution shall be determined in the following manner: PROVIDED, That the amount of such excess reserve account distribution shall be limited to that amount which, when added to the total account A distribution for the same calendar year, will allow a percentage increase or decrease in total calendar year distributions equal to the percentage increase or decrease in excise tax collections between the preceding calendar year and the current calendar year:

(a) The department of revenue shall calculate a harvest factor and a harvest factor proportion for each taxing district, in the manner provided in subsection (5) of this section except that for years before 1978 there shall be used the aggregate value of timber harvested for as many quarters for which information is available;

(b) By multiplying the amount of such excess by the harvest factor proportion for each taxing district respectively, the department of revenue shall calculate the amount to be distributed to each local taxing district and to the state and shall certify such amounts to the respective county assessors and state;

(c) Along with each quarterly payment pursuant to subsection (2) of this section, the state treasurer shall pay, out of the state timber reserve account, to the treasurer of each timber county for the account of each local taxing district one-fourth of such district's portion (determined pursuant to (b) above) of such excess and the state treasurer shall pay into the state's general fund for the support of the common schools out of the state timber tax reserve account such additional one-fourth amount due the state.

(5) On or before December 31 of each year commencing with 1978, the department of revenue shall deliver to the treasurer of each timber county a schedule setting forth for each taxing district or portion thereof lying within such county:

(a) The average of the aggregate value of all timber harvested within such district in each of the immediately preceding five years as determined from the excise tax returns filed with the department of revenue;

(b) The aggregate dollar rate calculated pursuant to RCW 84.33.060 and chapter 84.52 RCW and actually utilized the immediately preceding October in extending real property taxes upon the tax rolls for collection the following year;

(c) A "harvest factor" which is the product of such five year average and such aggregate dollar rate;

(d) The proportion that each taxing district's harvest factor bears to the sum of the harvest factors for all taxing districts in the state.

Sec. 4. Section 9, chapter 187, Laws of 1974 ex. sess. and RCW 84.33.200 are each amended to read as follows:

(1) The legislature shall review the system of distribution and allocation of all timber excise tax revenues in January, 1975 and each year thereafter to provide a uniform and equitable distribution and allocation of such revenues to the state and local taxing districts.

(2) In order to allow legislative review of the rules and regulations to be adopted by the department of revenue establishing the stumpage value index provided for in RCW 82.04.291(3), such rules and regulations shall be effective not less than sixty days after transmitting to the staffs of the senate and house ways and

means committees (or their successor committees) the same proposed rules and regulations as shall have been previously filed with the office of the code reviser pursuant to RCW 34.04.025(1)(a).

~~((3) The ways and means committees of the house and senate, with the advice of the department of revenue, the department of natural resources, office of the superintendent of public instruction, county government, and affected landowners, shall review the yield tax rate and rate structure prior to December 31, 1978, and shall recommend modification of the rate and rate structure as necessary so that timber bears an equitable and proportionate tax share in conformance with the provisions of this chapter:)~~

(3) In the event that a permanent timber tax rate is not set in 1979, a joint timber tax advisory committee shall be established. The joint advisory committee shall be composed of members of the house of representatives and the senate and co-chaired by a member of the house revenue committee and a member of the senate ways and means committee. The joint advisory committee shall recommend a rate level and distribution system on or before the convening of the forty-seventh legislature.

(4) The department of revenue and the department of natural resources shall make available to the revenue committees of the senate and house of representatives of the state legislature information and data, as it may be available, pertaining to the status of forest land grading throughout the state, the collection of timber excise tax revenues, the distribution and allocation of timber excise tax revenues to the state and local taxing districts, and any other information as may be necessary for the proper legislative review and implementation of the timber excise tax system, and in addition, the departments shall provide an annual report of such matters in January of each year to such committees.

NEW SECTION. Sec. 5. Section 9, chapter 123, Laws of 1975-'76 2nd ex. sess. (uncodified) is repealed.

NEW SECTION. Sec. 6. The tax rate provided in RCW 82.04.291 applies retrospectively to January 1, 1979.

NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.", and the same is herewith transmitted.

Mr. President: The House has passed ENGROSSED SENATE BILL NO. 2119 with the following amendment:

On page 3, line 29, strike everything after the enacting clause and insert the following:

"Section 1. Section 3, chapter 53, Laws of 1965 and RCW 23A.04.010 are each amended to read as follows:

As used in this title, unless the context otherwise requires, the term:

(1) "Corporation" or "domestic corporation" means a corporation for profit (~~organized for a purpose for which a corporation may be organized under~~) subject to the provisions of this title, except a foreign corporation.

(2) "Foreign corporation" means a corporation for profit organized under laws other than the laws of this state for a purpose or purposes for which a corporation may be organized under this title.

(3) "Articles of incorporation" means the original or restated articles of incorporation or articles of consolidation and all amendments thereto including articles of merger.

(4) "Shares" means the units into which the proprietary interests in a corporation are divided.

(5) "Subscriber" means one who subscribes for one or more shares in a corporation, whether before or after incorporation.

(6) "Shareholder" means one who is a holder of record of one or more shares in a corporation (~~(, except as provided by RCW 23A.12.040)~~). If the articles of incorporation or the bylaws so provide, the board of directors may adopt by resolution a procedure whereby a shareholder of the corporation may certify in writing to the corporation that all or a portion of the shares registered in the name of such shareholder are held for the account of a specified person or persons. The resolution shall set forth:

(a) The classification of shareholder who may certify;

(b) The purpose or purposes for which the certification may be made;

(c) The form of certification and information to be contained therein;

(d) If the certification is with respect to a record date or closing of the stock transfer books within which the certification must be received by the corporation; and

(e) Such other provisions with respect to the procedure as are deemed necessary or desirable.

Upon receipt by the corporation of a certification complying with the procedure, the persons specified in the certification shall be deemed, for the purpose or purposes set forth in the certification, to be the holders of record of the number of shares specified in place of the shareholder making the certification.

(7) "Authorized shares" means the shares of all classes which the corporation is authorized to issue.

(8) "Treasury shares" means shares of a corporation which have been issued, have been subsequently acquired by and belong to the corporation, and have not, either by reason of the acquisition or thereafter, been canceled or restored to the status of authorized but unissued shares. Treasury shares shall be deemed to be "issued" shares but not "outstanding" shares.

(9) "Net assets" means the amount by which the total assets of a corporation (~~(, excluding treasury shares,)~~) exceed the total debts of the corporation.

(10) "Stated capital" means, at any particular time, the sum of (a) the par value of all shares of the corporation having a par value that have been issued, (b) the amount of the consideration received by the corporation for all shares of the corporation without par value that have been issued, except such part of the consideration therefor as may have been allocated to capital surplus in a manner permitted by law, and (c) such amounts not included in clauses (a) and (b) of this paragraph as have been transferred to stated capital of the corporation, whether upon the issue of shares as a share dividend or otherwise, minus all reductions from such sum as have been effected in a manner permitted by law. Irrespective of the manner of designation thereof by the laws under which a foreign corporation is organized, the stated capital of a foreign corporation shall be determined on the same basis and in the same manner as the stated capital of a domestic corporation, for the purpose of computing fees and other charges imposed by this title.

(11) "Surplus" means the excess of the net assets of a corporation over its stated capital.

(12) "Earned surplus" means the portion of the surplus of a corporation equal to the balance of its net profits, income, gains and losses from the date of incorporation, or from the latest date when a deficit was eliminated by an application of its capital surplus or stated capital or otherwise, after deducting subsequent distributions to shareholders and transfers to stated capital and capital surplus to the extent such distributions and transfers are made out of earned surplus. Earned surplus shall include also any portion of surplus allocated to earned surplus in mergers, consolidations or acquisitions of all or substantially all of the outstanding shares or of the property and assets of another corporation, domestic or foreign.

(13) "Capital surplus" means the entire surplus of a corporation other than its earned surplus.

(14) "Insolvent" means inability of a corporation to pay its debts as they become due in the usual course of its business.

(a) "Stock" means shares.

(b) "Capital" and "capital stock" and "authorized capital stock" mean the sum of (i) the par value of all shares of the corporation having a par value that the corporation is authorized to issue, and (ii) the amount expected to be allocated to stated capital out of the amount of the consideration expected to be received by the corporation in return for the issuance of all the shares without par value which the corporation is authorized to issue.

(c) "Capitalization" means stated capital.

(d) "Value of the assets received and to be received by such corporation in return for the issuance of its nonpar value stock" and "value of the assets represented by nonpar shares" mean the amount expected to be allocated to stated capital out of the amount of consideration expected to be received by the corporation in return for the issuance of all the shares without par value which the corporation is authorized to issue.

(e) "Value of the assets received in consideration of the issuance of such nonpar value stock" means the stated capital represented by the nonpar value shares issued by the corporation.

(f) "The number of shares of capital stock of the company" means the number of shares of the corporation.

(16) "Duplicate originals" means two copies, original or otherwise, each with original signatures.

Sec. 4. Section 2, chapter 58, Laws of 1969 ex. sess. and RCW 23A.08.025 are each amended to read as follows:

For the purposes of this section, "agent" includes any person who is or was a director, trustee, officer, employee, or other agent of the corporation or is or was serving at the request of the corporation as a director, trustee, officer, employee, or agent of another corporation, partnership, joint venture, trust, or other enterprise, or

was a director, trustee, officer, employee, or agent of a corporation which was a predecessor corporation of the corporation or of another enterprise at the request of such predecessor corporation, and "expenses" includes attorneys' fees and any expense of establishing a right to indemnification under subsection (3) of this section.

(1) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that he is or was (~~(a director, trustee, officer, employee or)~~ an agent of the corporation (~~(; or is or was serving at the request of the corporation as a director, trustee, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise;)~~) against expenses (~~((including attorneys' fees))~~), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful.

(2) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that he is or was (~~(a director, trustee, officer, employee or)~~ an agent of the corporation (~~(; or is or was serving at the request of the corporation as a director, trustee, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise)~~) against expenses (~~((including attorneys' fees))~~) actually and reasonably incurred by him in connection with the defense or settlement of such action or suit if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable for negligence or misconduct in the performance of his duty to the corporation unless and only to the extent that the court in which such action or suit was brought shall determine upon application, that, despite the adjudication of liability but in view of all circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which such court shall deem proper.

(3) To the extent that (~~(a director, trustee, officer, employee or)~~ an agent of a corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in subsections (1) and (2), or in defense of any claim, issue or matter therein, he shall be indemnified against expenses (~~((including attorneys' fees))~~) actually and reasonably incurred by him in connection therewith.

(4) Any indemnification under subsections (1) and (2) above (unless ordered by a court) shall be made by the corporation only as authorized in the specific case upon a determination that indemnification of the (~~(director, trustee, officer, employee or)~~ agent) is proper in the circumstances because he has met the applicable standard of conduct set forth in subsections (1) and (2) above. Such determination shall be made (a) by the board of directors by a majority vote of a quorum consisting of directors who were not parties to such action, suit or proceeding, or (b) if such a quorum is not obtainable, or, even if obtainable a quorum of disinterested

directors so directs, by independent legal counsel in a written opinion, or (c) by the shareholders.

(5) Expenses incurred in defending a civil or criminal action suit or proceeding may be paid by the corporation in advance of the final disposition of such action, suit or proceeding as authorized in the manner provided in subsection (4) upon receipt of an undertaking by or on behalf of the (~~director, trustee, officer, employee or~~) agent to repay such amount unless it shall ultimately be determined that he is entitled to be indemnified by the corporation as authorized in this section.

(6) The indemnification provided by this section shall not be deemed exclusive of any other rights to which those indemnified may be entitled under any bylaw, agreement, vote of shareholders or disinterested directors or otherwise, both as to action in his official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be (~~a director, trustee, officer, employee or~~) an agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

(7) A corporation shall have power to purchase and maintain insurance on behalf of any (~~person who is or was a director, trustee, officer, employee or~~) agent of the corporation(~~(, or is or was serving at the request of the corporation as a director, trustee, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise)~~) against any liability asserted against him and incurred by him in any such capacity or arising out of his status as such, whether or not the corporation would have the power to indemnify him against such liability under the provisions of this section.

Sec. 5. Section 8, chapter 53, Laws of 1965 and RCW 23A.08.050 are each amended to read as follows:

(1) The corporate name:

~~(i) such other domestic or foreign corporation is about to change its name, or to cease to do business, or is being wound up, or such foreign corporation is about to withdraw from doing business in this state, and~~

~~(ii) the written consent of such other domestic or foreign corporation to the adoption of its name or a deceptively similar name has been given and is filed with the articles of incorporation, provided, a deceptively similar name shall not be used if the secretary of state finds that the use of such name shall be against public interest)) except that this provision shall not apply if the applicant files with the secretary of state either of the following: (i) The written consent of the other corporation or holder of a reserved or a registered name to use the same or deceptively similar name and one or more words are added or deleted to make the name distinguishable from the other name as determined by the secretary of state, or (ii) a certified copy of a final decree of a court of competent jurisdiction establishing the prior right of the applicant to the use of the name in this state.~~

(2) No corporation formed under this chapter shall include in its corporate name any of the following words or phrases: "Bank," "banking," "banker," "trust," "cooperative," or any combination of the words "industrial" and "loan," or any combination of any two or more words "building," "savings," "loan," "home," "association," "society," "room," "lounge" or any other words or phrases prohibited by any statute of this state.

(4) A corporation with which another corporation, domestic or foreign, is merged, or which is formed by the reorganization or consolidation of one or more domestic or foreign corporations or upon a sale, lease, or other disposition to or exchange with a domestic corporation of all or substantially all the assets of another corporation, domestic or foreign, including its name, may have the same name as that used in this state by any of the corporations involved if the other corporation was engaged under the laws of or is authorized to transact business in this state.

Sec. 6. Section 9, chapter 53, Laws of 1965 as amended by section 1, chapter 83, Laws of 1969 ex. sess. and RCW 23A.08.060 are each amended to read as follows:

If the secretary of state finds that the name is available for corporate use, he shall reserve the same for the exclusive use of the applicant for a period of one hundred and eighty days. Such reservation shall be limited to one filing and (~~shall not be renewable~~) one renewal for a like period.

The right to the exclusive use of a specified corporate name so reserved may be transferred to any other person or corporation by filing in the office of the secretary of state, a notice of such transfer, executed by the applicant for whom the name was reserved, and specifying the name and address of the transferee.

Sec. 7. Section 13, chapter 53, Laws of 1965 as last amended by section 1, chapter 193, Laws of 1977 ex. sess. and RCW 23A.08.100 are each amended to read as follows:

~~((8) The date such change is to become effective.))~~

Such statement shall be executed in duplicate by the corporation by its president or a vice-president, and verified by him and delivered to the secretary of state ~~((on or before the date such change is to become effective))~~. If the secretary of state finds that such statement conforms to the provisions of this title he shall endorse on ~~((each of))~~ such duplicate originals the word "Filed," and the month, day, and year of the filing thereof, file one original in his office, and return the other original to the corporation or its representative. The change of address of the registered office, or the appointment of a new registered agent, or both, as the case may be, shall become effective upon filing unless a later date is specified.

Any registered agent of a corporation may resign as such agent upon filing a written notice thereof, executed in duplicate, with the secretary of state, who shall forthwith mail one copy thereof to the corporation or its representative. The appointment of such agent shall terminate upon the expiration of thirty days after receipt of such notice by the secretary of state.

If a registered agent changes his or its business address to another place within the same county, he or it may change such address and the address of the registered office of any corporation of which he or it is a registered agent by filing a statement as required by this section, except that it need be signed only by the registered agent, it need not be responsive to subsections (5) or (7) of this section, and it must recite that a copy of the statement has been mailed to the corporation.

Sec. 8. Section 15, chapter 53, Laws of 1965 and RCW 23A.08.120 are each amended to read as follows:

Each corporation shall have power to create and issue the number of shares stated in its articles of incorporation. Such shares may be divided into one or more classes, any or all of which classes may consist of shares with par value or shares without par value, with such designations, preferences, limitations, and relative rights as shall be stated in the articles of incorporation. The articles of incorporation may limit or deny the voting rights of or provide special voting rights for the shares of any class to the extent not inconsistent with the provisions of this title.

Without limiting the authority herein contained, a corporation, when so provided in its articles of incorporation, may issue shares of preferred or special classes:

(1) Subject to the right of the corporation to redeem any of such shares at the price fixed by the articles of incorporation for the redemption thereof.

(2) Entitling the holders thereof to cumulative, noncumulative or partially cumulative dividends.

(3) Having preference over any other class or classes of shares as to the payment of dividends.

(4) Having preference in the assets of the corporation over any other class or classes of shares upon the voluntary or involuntary liquidation of the corporation.

(5) Convertible into shares of any other class or into shares of any series of the same or any other class, except a class having prior or superior rights and preferences as to dividends or distribution of assets upon liquidation, but shares without par value shall not be converted into shares with par value unless that part of the stated capital of the corporation represented by such shares without par value is, at the time of conversion, at least equal to the aggregate par value of the shares into which the shares without par value are to be converted or the amount of any deficiency is transferred from surplus to stated capital.

Sec. 9. Section 18, chapter 53, Laws of 1965 and RCW 23A.08.150 are each amended to read as follows:

Shares having a par value may be issued for such consideration expressed in dollars, not less than the par value thereof, as shall be fixed from time to time by the board of directors.

Shares without par value may be issued for such consideration expressed in dollars as may be fixed from time to time by the board of directors unless the articles of incorporation reserve to the shareholders the right to fix the consideration. In the event that such right be reserved as to any shares, the shareholders shall, prior to the issuance of such shares, fix the consideration to be received for such shares, by a vote of the holders of a majority of all shares entitled to vote thereon.

Treasury shares may be disposed of by the corporation for such consideration expressed in dollars as may be fixed from time to time by the board of directors.

That part of the surplus of a corporation which is transferred to stated capital upon the issuance of shares as a share dividend shall be deemed to be the consideration for the issuance of such shares.

In the event of ~~((a conversion of shares, or in the event of an exchange of shares with or without par value for the same or a different number of shares with or without par value, whether of the same or a different class or classes, the consideration for the shares so issued in exchange or conversion shall be deemed to be (1) the stated capital then represented by the shares so exchanged or converted,))~~ the issuance of shares upon the conversion or exchange of indebtedness or shares, the consideration for the shares so issued shall be (1) the principal sum of, and accrued interest on, the indebtedness so exchanged or converted, or the stated capital then represented by the shares so exchanged or converted, and (2) that part of surplus, if any, transferred to stated capital upon the issuance of shares for the shares so exchanged or converted, and (3) any additional consideration paid to the corporation upon the issuance of shares for the indebtedness or shares so exchanged or converted.

Sec. 10. Section 22, chapter 53, Laws of 1965 and RCW 23A.08.190 are each amended to read as follows:

The shares of a corporation shall be represented by certificates signed by the president or a vice president and the secretary or an assistant secretary of the corporation, and may be sealed with the seal of the corporation or a facsimile thereof. The signatures of the president or vice president and the secretary or assistant secretary upon a certificate may be facsimiles if the certificate is ~~((countersigned by))~~ manually signed on behalf of a transfer agent, or registered by a registrar, other than the corporation itself or an employee of the corporation. In case any officer who has signed or whose facsimile signature has been placed upon such certificate shall have ceased to be such officer before such certificate is issued, it may be issued by the corporation with the same effect as if he were such officer at the date of its issue.

Every certificate representing shares issued by a corporation which is authorized to issue shares of more than one class shall set forth upon the face or back of the certificate, or shall state that the corporation will furnish to any shareholder upon request and without charge, a full statement of the designations, preferences, limitations, and relative rights of the shares of each class authorized to be issued and, if the corporation is authorized to issue any preferred or special class in series, the variations in the relative rights and preferences between the shares of each such series so far as the same have been fixed and determined and the authority of the board of directors to fix and determine the relative rights and preferences of subsequent series.

Each certificate representing shares shall state upon the face thereof:

- (1) That the corporation is organized under the laws of this state.
- (2) The name of the person to whom issued.

(3) The number and class of shares, and the designation of the series, if any, which such certificate represents.

(4) The par value of each share represented by such certificate, or a statement that the shares are without par value.

No certificate shall be issued for any share until such share is fully paid.

Sec. 11. Section 23, chapter 53, Laws of 1965 and RCW 23A.08.200 are each amended to read as follows:

A certificate for a fractional share shall, but scrip shall not unless otherwise provided therein, entitle the holder to exercise voting rights, to receive dividends thereon, and to participate in any of the assets of the corporation in the event of liquidation. The board of directors may cause such scrip to be issued subject to the condition that it shall become void if not exchanged for certificates representing full shares before a specified date, or subject to the condition that the shares for which such scrip is exchangeable may be sold by the corporation and the proceeds thereof distributed to the holders of such scrip, or subject to any other conditions which the board of directors may deem advisable.

Sec. 12. Section 26, chapter 53, Laws of 1965 and RCW 23A.08.230 are each amended to read as follows:

The initial bylaws of a corporation shall be adopted by its board of directors. The power to ((adopt,)) alter, amend or repeal the bylaws or adopt new bylaws, subject to repeal or change by action of the shareholders, shall be vested in the ((shareholders unless vested in the)) board of directors unless reserved to the shareholders by the articles of incorporation. The bylaws may contain any provisions for the regulation and management of the affairs of the corporation not inconsistent with law or the articles of incorporation.

Sec. 13. Section 28, chapter 53, Laws of 1965 and RCW 23A.08.250 are each amended to read as follows:

An annual meeting of the shareholders shall be held at such time as may be ((provided in)) stated in or fixed in accordance with the bylaws. ((Failure to hold the annual meeting at the designated time shall not work a forfeiture or dissolution of the corporation.)) If the annual meeting is not held within any thirteen-month period the superior court may, on the application of any shareholder for a writ of mandamus, summarily order a meeting to be held.

Special meetings of the shareholders may be called by ((the president,)) the board of directors, the holders of not less than one-tenth of all the shares entitled to vote at the meeting, or such other ((officers or)) persons as may be ((provided)) authorized in the articles of incorporation or the bylaws.

NEW SECTION. Sec. 14. There is added to chapter 23A.08 RCW a new section to read as follows:

Any action required by this title to be taken at a meeting of the shareholders of a corporation, or any action which may be taken at a meeting of the shareholders, may be taken without a meeting if a consent in writing, setting forth the action so

taken, is signed by all of the shareholders entitled to vote with respect to the subject matter thereof.

The consent shall have the same force and effect as a unanimous vote of shareholders, and may be stated as such in any articles or document filed under this title with the secretary of state.

Sec. 15. Section 31, chapter 53, Laws of 1965 and RCW 23A.08.280 are each amended to read as follows:

The officer or agent having charge of the stock transfer books for shares of a corporation shall make, at least ten days before each meeting of shareholders, a complete ~~((hist))~~ record of the shareholders entitled to vote at such meeting or any adjournment thereof, arranged in alphabetical order, with the address of and the number of shares held by each, which ~~((hist))~~ record, for a period of ten days prior to such meeting, shall be kept on file at the registered office of the corporation. Such ~~((hist))~~ record shall be produced and kept open at the time and place of the meeting and shall be subject to the inspection of any shareholder during the whole time of the meeting for the purposes thereof. ~~((The original stock transfer books shall be prima facie evidence as to who are the shareholders entitled to examine such list or transfer books or to vote at any meeting of shareholders.))~~

Failure to comply with the requirements of this section shall not affect the validity of any action taken at such meeting.

An officer or agent having charge of the stock transfer books who shall fail to prepare the ~~((hist))~~ record of shareholders, or keep it on file for a period of ten days, or produce and keep it open for inspection at the meeting, as provided in this section, shall be liable to any shareholder suffering damage on account of such failure, to the extent of such damage.

Sec. 16. Section 32, chapter 53, Laws of 1965 and RCW 23A.08.290 are each amended to read as follows:

~~((Unless otherwise provided in the articles of incorporation, a majority of the shares entitled to vote, represented in person or by proxy, shall constitute a quorum at a meeting of shareholders. If a quorum is present, the affirmative vote of the majority of the shares represented at the meeting and entitled to vote on the subject matter shall be the act of the shareholders, unless the vote of a greater number or voting by classes is required by this title or the articles of incorporation or bylaws.))~~

(1) A quorum at a meeting of shareholders is constituted by the representation in person or by proxy of:

(a) The percentage of shares entitled to vote set forth in the articles of incorporation, except that no such percentage shall be less than thirty-three percent; or

(b) In the absence of any provision in the articles of incorporation, a majority of shares entitled to vote.

(2) If a quorum is present, the affirmative vote of the majority of the shares represented at the meeting and entitled to vote on the subject matter shall be the act of the shareholders, unless the vote of a greater number or voting by classes is required by this title or the articles of incorporation or bylaws.

Sec. 17. Section 33, chapter 53, Laws of 1965 and RCW 23A.08.300 are each amended to read as follows:

Each outstanding share, regardless of class, shall be entitled to one vote on each matter submitted to a vote at a meeting of shareholders, except ~~((to the extent that the voting rights of the shares of any class or classes are limited or denied by the articles of incorporation as permitted by this title))~~ as may be otherwise provided in the articles of incorporation. If the articles of incorporation provide for more or less than one vote for any share, on any matter, every reference in this title to a majority or other proportion of shares shall refer to such a majority or other proportion of votes entitled to be cast.

Neither treasury shares, nor shares held by another corporation if a majority of the shares entitled to vote for the election of directors of such other corporation is held by the corporation, shall be voted at any meeting or counted in determining the total number of outstanding shares at any given time.

A shareholder may vote either in person or by proxy executed in writing by the shareholder or by his duly authorized attorney-in-fact. No proxy shall be valid after eleven months from the date of its execution, unless otherwise provided in the proxy. Unless the articles of incorporation otherwise provide, at each election for directors every shareholder entitled to vote at such election shall have the right to vote in person or by proxy, the number of shares owned by him for as many persons as there are directors to be elected and for whose election he has a right to vote, or to cumulate his votes by giving one candidate as many votes as the number of such directors multiplied by the number of his shares shall equal, or by distributing such votes on the same principle among any number of such candidates.

Shares standing in the name of another corporation, domestic or foreign, may be voted by such officer, agent or proxy as the bylaws of such corporation may prescribe, or, in the absence of such provision, as the board of directors of such corporation may determine.

Shares held by an administrator, executor, guardian or conservator may be voted by him, either in person or by proxy, without a transfer of such shares into his name. Shares standing in the name of a trustee may be voted by him, either in person or by proxy, but no trustee shall be entitled to vote shares held by him without a transfer of such shares into his name.

Shares standing in the name of a receiver may be voted by such receiver, and shares held by or under the control of a receiver may be voted by such receiver without the transfer thereof into his name if authority so to do be contained in an appropriate order of the court by which such receiver was appointed.

A shareholder whose shares are pledged shall be entitled to vote such shares until the shares have been transferred into the name of the pledgee, and thereafter the pledgee shall be entitled to vote the shares so transferred.

On and after the date on which written notice of redemption of redeemable shares has been mailed to the holders thereof and a sum sufficient to redeem such shares has been deposited with a bank or trust company with irrevocable instruction and authority to pay the redemption price to the holders thereof upon surrender of certificates therefor, such shares shall not be entitled to vote on any matter and shall not be deemed to be outstanding shares.

Sec. 18. Section 1, chapter 176, Laws of 1967 and RCW 23A.08.345 are each amended to read as follows:

Unless otherwise provided by the articles of incorporation or bylaws, any action required by this title to be taken at a meeting of the directors of a corporation, or any action which may be taken at a meeting of the directors or of a committee, may be taken without a meeting if a consent in writing, setting forth the action so ((to be)) taken, shall be signed ((before such action)) by all of the directors, or all of the members of the committee, as the case may be. Such consent shall have the same effect as a unanimous vote.

Sec. 19. Section 38, chapter 53, Laws of 1965 as amended by section 2, chapter 264, Laws of 1975 1st ex. sess. and RCW 23A.08.350 are each amended to read as follows:

The ~~((number))~~ board of directors of a corporation shall ~~((be not less than three, except that in cases where all shares of a corporation are owned of record by fewer than three shareholders, the number of directors may be less than three but not less than the number of such shareholders. Subject to such limitation;))~~ consist of one or more members. The number of directors shall be fixed by or in the manner

provided in the articles of incorporation or the bylaws, except as to the number constituting the initial board of directors, which number shall be fixed by the articles of incorporation. The number of directors may be increased or decreased from time to time by amendment to or in the manner provided in the articles of incorporation or the bylaws, but no decrease shall have the effect of shortening the term of any incumbent director. In the absence of a bylaw ((fixing)) providing for the number of directors, the number shall be the same as that ((stated)) provided for in the articles of incorporation. The names and addresses of the members of the first board of directors shall be stated in the articles of incorporation. Such persons shall hold office until the first annual meeting of shareholders, and until their successors shall have been elected and ((are)) qualified((, unless removed in accordance with the provisions of the bylaws)). At the first annual meeting of shareholders and at each annual meeting thereafter the shareholders shall elect directors to hold office until the next succeeding annual meeting, except in case of the classification of directors as permitted by this title. Each director shall hold office for the term for which he is elected and until his successor shall have been elected and ((is)) qualified((, unless removed in accordance with the provisions of the bylaws)).

Sec. 20. Section 41, chapter 53, Laws of 1965 and RCW 23A.08.380 are each amended to read as follows:

At a meeting of shareholders called expressly for that purpose, directors may be removed in the manner provided in this section. Any director or the entire board of directors may be removed, with or without cause, by a vote of the holders of a majority of the shares then entitled to vote at an election of directors.

In the case of a corporation having cumulative voting, if less than the entire board is to be removed, no one of the directors may be removed if the votes cast against his removal would be sufficient to elect him if then cumulatively voted at an election of the entire board of directors, or, if there be classes of directors, at an election of the class of directors of which he is a part.

Whenever the holders of the shares of any class are entitled to elect one or more directors by the provisions of the articles of incorporation, the provisions of this section shall apply, in respect ((of)) to the removal of a director or directors so elected, to the vote of the holders of the outstanding shares of that class and not to the vote of the outstanding shares as a whole.

Sec. 21. Section 42, chapter 53, Laws of 1965 and RCW 23A.08.390 are each amended to read as follows:

A majority of the number of directors fixed by or in the manner provided in the bylaws, or in the absence of a bylaw fixing or providing for the number of directors, then of the number ((stated)) fixed by or in the manner provided in the articles of incorporation, shall constitute a quorum for the transaction of business unless a greater number is required by the articles of incorporation or the bylaws. The act of the majority of the directors present at a meeting at which a quorum is present shall be the act of the board of directors, unless the act of a greater number is required by the articles of incorporation or the bylaws.

Sec. 22. Section 44, chapter 53, Laws of 1965 as amended by section 3, chapter 264, Laws of 1975 1st ex. sess. and RCW 23A.08.410 are each amended to read as follows:

Meetings of the board of directors, regular or special, may be held either within or without this state.

Regular meetings of the board of directors or of any committee designated ((by the bylaws or appointed)) by the board of directors may be held with or without notice as prescribed in the bylaws. Special meetings of the board of directors or any committee designated by the board of directors shall be held upon such notice as is prescribed in the bylaws. Attendance of a director or a committee member at a meeting shall constitute a waiver of notice of such meeting, except where a director
