ELECTION OF PRESIDENT PRO TEMPORE

The President declared nominations to be open for President Pro Tempore of the Senate.

REMARKS BY SENATOR AMONDSON

Senator Amondson: "Mr. President and members of the Senate. I nominate Senator Ellen Craswell to the office of President Pro Tempore. I would like to speak on the behalf of Senator Craswell.

"Mr. President and ladies and gentlemen of the Senate. It is with a great deal of honor that I nominate Senator Craswell for this position. I think the Senator from the twenty-third district qualifies and upholds the tributes we look for in a person for this position.

"She is fair, she is honest, she is competent and she believes in those things that many others believe in as well and to uphold those values as well. She uses quite good judgment and has sound policy abilities and has a great deal of tenacity to stick with the issues she believes in.

"As the Senate looks forward to the 1991 Session and the bi-partisan cooperation, I think we can all look to Senator Craswell for her leadership and for her helping hand. It gives me a great deal of pleasure--and I urge all of you members to elect the first woman President Pro Tempore."

REMARKS BY SENATOR McCASLIN

Senator McCaslin: "Thank you Mr. President and ladies and gentlemen of the Senate. Senator Craswell and I came into the Senate together--we were elected in 1980 and our first term was in 1981. However, she served four terms in the House, so she was house broken and it took me a few years to get used to the Senate and some of the people from the House.

"She has done an outstanding job as a State Representative and as a State Senator. She holds a special place in my heart because we work together so well. She has been wrong on a few occasions, but after all some of you are wrong on a few occasions. She has done an outstanding job as Vice President Pro Tempore the previous two years.

"She is honest, she is intelligent, she is dedicated and hard working and above all she is fair. I think that is critical and important for the woman or man who is either acting as President or is President Pro Tempore. I believe she is well respected on both sides of the aisle. She may be the first woman elected, but she is a fine outstanding Senator and will do an excellent job. I am extremely proud to second the nomination of State Senator Ellen Craswell as President Pro Tempore."

REMARKS BY SENATOR THORSNESS

Senator Thorsness: "I, too, would like to add my support and second for Senator Craswell. Certainly last year, without doubt, she proved that she is qualified to do the job and we get the side benefit of dignity and eloquence and certainly some gentle firmness and most importantly fairness. I am proud to support her, also, and urge your support."

REMARKS BY SENATOR GASPARD

Senator Gaspard: "Mr. President, it is with honor and pleasure that I place the name of Senator Lorraine Wojahn to be nominated as the President Pro Tempore of the Senate.

"Mr. President and members of the Senate. Lorraine is a colleague of ours in which we have had a great deal of trust and developed friendship, but most important a great deal of admiration over the years. Lorraine, for many years, has served, I think, as the conscience of the Legislature, not only when she has served here in the Senate, but in the House of Representatives. She has always asked the question, 'Is it right,' as the final test, not only for her support, but also for our support for issues and certainly for the critical debates that take place.

"Lorraine has been a long-time advocate--consumer advocate--from the time that she was instrumental in banning the use of flammable fabrics in the

manufacture of childrens' clothing. There was a time when she required inserts in the bacon packages to show the product's lean and fat content.

"She also has a distinguished career on a number of other issues that are too many to name. Lorraine was the prime sponsor of the land mark education gender bill in 1975. She authored the successful displaced homemaker's act to prepare older women left alone and ineligible for social security benefits to compete in the workplace. She won health care insurance coverage for mastectomy reconstruction surgery, a procedure that she has insisted, and rightly so, is not cosmetic but essential to recovery. She has served on the Governor's task force for community protection and has helped draft that piece of legislation for predatory offenders--those offenders can now be locked up for life--and Lorraine was instrumental in that legislation.

"I think we can all look back to all the rolls of achievement through the years, but it is her dogged commitment to fairness and the common sense approach that she uses to solutions to the state's increasing complex issues that make her well qualified to represent the Senate as its President Pro Tempore."

"Lorraine Wojahn, it is an honor to place your name in nomination."

MOTION

On motion of Senator Newhouse, the nominations for President Pro Tempore were closed.

ROLL CALL

The Acting Secretary called the roll and Senator Ellen Craswell was elected President Pro Tempore by the following vote: Craswell, 25, Wojahn, 24.

Voting Craswell: Senators Amondson, Anderson, Bailey, Barr, Bluechel, Cantu, Craswell, Erwin, Hayner, Johnson, Matson, McCaslin, McDonald, Metcalf, Nelson, Newhouse, Oke, Patterson, Roach, Saling, Sellar, L. Smith, Thorsness, von Reichbauer, West - 25.

ELECTION OF VICE PRESIDENT PRO TEMPORE

The President declared nominations to be open for Vice President Pro Tempore of the Senate.

REMARKS BY SENATOR NELSON

Senator Nelson: "Mr. President, I would place in nomination the name of Senator Alan Bluechel for the office of Vice President Pro Tempore.

"Thank you, Mr. President and members of the Senate. Senator Bluechel is beginning his twenty-fifth year in the Washington State Legislature and is beginning his seventeenth year in the State Senate. He did an outstanding job in the prior three years of being the President Pro Tempore in this Chamber. He has extended his abilities and his activity beyond just the internal workings of our Senate.

"He has been exceptionally instrumental in forming the Pacific Northwest Economic Region, which we know has a prior name of Pacific Northwest Legislative Leader's Forum. In addition, he has been the person who inaugurated the Washington Two Thousand Activity that the Legislature has been following over the past few years. Not only has Senator Bluechel presided in an outstanding fashion within these Chambers and in these two groups, but he has been recognized nationally for the work that he has done in performing work within national organizations that represent Legislatures across this country. He has done so with distinction and I am sure that he will continue with the same distinction in the office of Vice President Pro Tempore."

REMARKS BY SENATOR McDONALD

Senator McDonald: "Mr. President and fellow members of the Senate, I will be short. I think that Alan Bluechel's energy, his ability and his fairness make him a candidate for the Vice President Pro Tempore and he ought to be elected unanimously by the State Senate."

REMARKS BY SENATOR McMULLEN

Senator McMullen: "Thank you, Mr. President and ladies and gentlemen. I would also like to second the nomination of Senator Bluechel. I think we are all aware of how well he performed the job the last couple of years. His length of service, his experience and his ability to handle this body, I think is well known to us all and we would ask for an unanimous vote for Senator Bluechel at this time."

MOTION

On motion of Senator Newhouse, the nominations for Vice President Pro Tempore were closed.

ROLL CALL

The Acting Secretary called the roll and Senator Bluechel was elected Vice President Pro Tempore by the following vote: Yeas, 49; Nays, 0; Absent, 0; Excused, 0.

The committee of honor escorted Vice President Pro Tempore Bluechel to his seat in the Senate Chamber and the committee was discharged.

ELECTION OF SECRETARY OF THE SENATE

The President declared nominations to be open for Secretary of the Senate.

REMARKS BY SENATOR SELLAR

Senator Sellar: "Thank you, Mr. President. It is with a great honor that I place the name of Gordon Golob in nomination for the office of Secretary of the Senate. Gordon has a law degree from the Willamette University. He has a distinguished record both in private practice of law as well as governmental practice of law. He has served us as the Secretary of the Senate in the last few years, I think, with distinction. He has a distinguished military career and he is currently a Colonel in the United States Air Force Reserve. He has authored a number of manuscripts and it is with a great deal of pleasure that I nominate Gordon Golob for the office of Secretary of the Senate."

REMARKS BY SENATOR SNYDER

Senator Snyder: "Mr. President and members of the Senate. I rise to second the nomination of Gordon Golob as Secretary of the Senate. Having had some experience in the job myself, I know that I felt that Gordon was the best choice three years ago that the Republicans could have made for the job and I feel the same way today. He has administered the office in a fair and just manner. He learned well; he worked his way up through the ranks around here and I am very proud to join Senator Sellar in seconding the nomination of Gordon Golob."

MOTION

On motion of Senator Newhouse, the nominations for Secretary of the Senate were closed.

There being no objection, the President declared that Gordon Golob was elected as Secretary of the Senate.

"Thank you, Mr. President. Ladies and gentlemen, most of us in the Chamber do know who John is. He has been with the Senate as an Assistant Sergeant at Arms since 1985. Prior to that, John has had a long service in law enforcement. John was with the Washington State Patrol for approximately thirty-eight years, having worked his way up through the ranks of the State Patrol to retire as a Captain in 1984.

"I think as we have worked with John over the last few years, we have found that he is very very responsive to the requests of the members. He is a very honorable person and has served us well and I am very pleased today to place his name in nomination for the new Sergeant at Arms."

There being no objection, the President declared that John Colwill was elected Sergeant At Arms of the Senate.

MESSAGE FROM THE SECRETARY OF STATE

The Honorable President of the Senate
Legislature of the State of Washington
Olympia, Washington
Mr. President:

We herewith respectfully transmit for your consideration a copy of Initiative to the Legislature Number 119, originally filed with this office on March 14, 1990. On January 2, 1991, the sponsor of the proposed initiative filed 12,103 signature petition sheets in support of the measure. We have completed our preliminary canvass of these petitions and have determined that they contain 218,317 signatures.

Accordingly, pursuant to the provisions of Article 2, section 1 of the State Constitution, we are provisionally certifying Initiative to the Legislature Number 119 to you at this time. We expect to complete verification of signatures no later than February 15, 1991 and we will provide the Legislature with a final certification as soon as possible thereafter.

IN WITNESS WHEREOF, I have set my hand and affixed the Seal of the state of Washington, this fourteenth day of January, 1991.

(Seal)

RALPH MUNRO,
Secretary of State

INITIATIVE TO THE LEGISLATURE NUMBER 119

AN ACT Relating to the natural death act; and amending RCW 70.122.010, 70.122.020, 70.122.030, 70.122.040, 70.122.050, 70.122.060, 70.122.070, 70.122.080, 70.122.090, 70.122.100, and 70.122.900.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

Sec. 1. RCW 70.122.010 and 1979 c 112 s 2 are each amended to read as follows:

The ((legislature)) people find((s)) that adult persons have the fundamental right to control the decisions relating to the rendering of their own medical care, including the decision to have all life-sustaining procedures withheld or withdrawn in instances of a terminal condition, and including the right to death with dignity through voluntary aid-in-dying if suffering from a terminal condition.

The ((legislature)) people further find((s)) that modern medical technology has made possible the artificial prolongation of human life beyond natural limits.

The ((legislature)) people further find((s)) that, in the interest of protecting individual autonomy, such prolongation of life for persons with a terminal condition may cause loss of patient dignity, and unnecessary pain and suffering, while providing nothing medically necessary or beneficial to the patient.

The ((legislature)) people further find((s)) that there exists considerable uncertainty in the medical and legal professions as to the legality of terminating the use or application of life-sustaining procedures where the

patient has voluntarily and in sound mind evidenced a desire that such procedures be withheld or withdrawn.

The people further find that existing law does not allow willing physicians to render aid-in-dying to qualified patients who request it.

In recognition of the dignity and privacy which patients have a right to expect, the ~~((legislature))~~ people hereby declare~~((s))~~ that the laws of the state of Washington shall recognize the right of an adult person to make a written directive instructing such person's physician to withhold or withdraw life-sustaining procedures in the event of a terminal condition, and/or to request and receive aid-in-dying under the provisions of this chapter.

Sec. 2. RCW 70.122.020 and 1979 c 112 s 3 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions contained in this section shall apply throughout this chapter.

(1) "Attending physician" means the physician selected by, or assigned to, the patient who has primary responsibility for the treatment and care of the patient.

(2) "Directive" means a written document voluntarily executed by the declarer in accordance with the requirements of RCW 70.122.030.

(3) "Health facility" means a hospital as defined in RCW ~~((70.38.020(7) or))~~ 70.41.020(2), a nursing home as defined in RCW ~~((70.38.020(8)))~~ 18.51.010, or a home health agency or hospice agency as defined in RCW 70.126.010.

(4) "Life-sustaining procedure" means any medical or surgical procedure or intervention which utilizes mechanical or other artificial means to sustain, restore, or supplant a vital function, which, when applied to a qualified patient, would serve only to artificially prolong the moment of death ~~((and where, in the judgment of the attending physician, death is imminent whether or not such procedures are utilized))~~. "Life-sustaining procedure" includes, but is not limited to, cardiac resuscitation, respiratory support, and artificially administered nutrition and hydration, but shall not include the administration of medication to relieve pain or the performance of any medical procedure deemed necessary to alleviate pain.

(5) "Physician" means a person licensed under chapter~~((s))~~ 18.71 or 18.57 RCW.

(6) "Qualified patient" means a patient diagnosed and certified in writing to be afflicted with a terminal condition by two physicians one of whom shall be the attending physician, who have personally examined the patient.

(7) "Terminal condition" means an incurable ~~((condition caused by injury, disease, or illness, which, regardless of the application of life-sustaining procedures, would, within reasonable medical judgment, produce death, and where the application of life-sustaining procedures serve only to postpone the moment of death of the patient))~~ or irreversible condition which, in the written opinion of two physicians having examined the patient and exercising reasonable medical judgment, will result in death within six months, or a condition in which the patient has been determined in writing by two physicians as having no reasonable probability of recovery from an irreversible coma or persistent vegetative state.

(8) "Adult person" means a person attaining the age of majority as defined in RCW 26.28.010 and 26.28.015.

(9) "Aid-in-dying" means aid in the form of a medical service provided in person by a physician that will end the life of a conscious and mentally competent qualified patient in a dignified, painless and humane manner, when requested voluntarily by the patient through a written directive in accordance with this chapter at the time the medical service is to be provided.

Sec. 3. RCW 70.122.030 and 1979 c 112 s 4 are each amended to read as follows:

(1) Any adult person may execute at any time a directive directing the withholding or withdrawal of life-sustaining procedures and/or requesting the provision of aid-in-dying when in a terminal condition. The directive shall be signed by the declarer in the presence of two witnesses not related to the declarer by blood or marriage and who would not be entitled to any portion of the estate of the declarer upon declarer's decease under any will of the declarer or codicil thereto then existing or, at the time of the directive, by operation of law then existing. In addition, a witness to a directive shall not be the attending physician, an employee of the attending physician or a health facility in which the declarer is a patient, or any person who has a claim against any portion of the estate of the declarer upon declarer's decease at the time of the execution of the directive. The directive, or a copy thereof, shall be made part of the patient's medical records retained by the attending physician, a copy of which shall be forwarded to the health facility upon the withdrawal of life-sustaining procedures, and/or provision of aid-in-dying. No person shall be required to execute a directive in accordance with this chapter. Any person who has not executed such a directive is ineligible for aid-in-dying under any circumstances. The directive shall be essentially in the following form, but in addition may include other specific directions:

DIRECTIVE TO PHYSICIANS

Directive made this day of (month, year).

I, being of sound mind, willfully, and voluntarily make known my desire that my life shall not be artificially prolonged under the circumstances set forth below, and do hereby declare that:

(a) If at any time I should have an incurable injury, disease, or illness certified to be a terminal condition by two physicians, and where the application of life-sustaining procedures would serve only to artificially prolong the moment of my death (~~and where my physician determines that my death is imminent whether or not life sustaining procedures are utilized,~~).

Declarant must initial one or both of the following:

..... I direct that such procedures be withheld or withdrawn, and that I be permitted to die naturally.

..... I direct that upon my request my physician provide aid-in-dying so that I might die in a dignified, painless and humane manner.

(b) In the absence of my ability to give directions regarding the use of such life-sustaining procedures, such as while in an irreversible coma or persistent vegetative state, it is my intention that this directive shall be honored by my family and physician(s) as the final expression of my legal right to refuse medical or surgical treatment and I accept the consequences (~~of~~) of such refusal.

(c) If I have been diagnosed as pregnant and that diagnosis is known to my physician, this directive shall have no force or effect during the course of my pregnancy.

(d) I understand the full import of this directive and I am emotionally and mentally competent to make this directive.

(e) I understand that I may add to or delete from or otherwise change the wording of this directive before I sign it, and that I may revoke this directive at any time.

Signed.....

City, County, and State of Residence

The declarer has been personally known to me and I believe him or her to be of sound mind.

Witness.....

Witness.....

(2) Prior to effectuating a directive the diagnosis of a terminal condition by two physicians shall be verified in writing, attached to the directive, and made a permanent part of the patient's medical records.

(3) Similar directives to physicians lawfully executed in other states shall be recognized within Washington state as having the same authority as in the state where executed.

Sec. 4. RCW 70.122.040 and 1979 c 112 s 5 are each amended to read as follows:

(1) A directive may be revoked at any time by the declarer, without regard to declarer's mental state or competency, by any of the following methods:

(a) By being canceled, defaced, obliterated, burned, torn, or otherwise destroyed by the declarer or by some person in declarer's presence and by declarer's direction.

(b) By a written revocation of the declarer expressing declarer's intent to revoke, signed, and dated by the declarer. Such revocation shall become effective only upon communication to the attending physician by the declarer or by a person acting on behalf of the declarer. The attending physician shall record in the patient's medical record the time and date when said physician received notification of the written revocation.

(c) By a verbal expression by the declarer of declarer's intent to revoke the directive. Such revocation shall become effective only upon communication to the attending physician by the declarer or by a person acting on behalf of the declarer. The attending physician shall record in the patient's medical record the time, date, and place of the revocation and the time, date, and place, if different, of when said physician received notification of the revocation.

(2) There shall be no criminal ((~~or~~), civil, or administrative liability on the part of any person for failure to act upon a revocation made pursuant to this section unless that person has actual or constructive knowledge of the revocation.

(3) If the declarer becomes comatose or is rendered incapable of communicating with the attending physician, the directive shall remain in effect for the duration of the comatose condition or until such time as the declarer's condition renders declarer able to communicate with the attending physician.

Sec. 5. RCW 70.122.050 and 1979 c 112 s 6 are each amended to read as follows:

No physician or health facility which, acting in good faith in accordance with the requirements of this chapter, causes the withholding or withdrawal of life-sustaining procedures from a qualified patient, shall be subject to civil liability therefrom. No licensed health personnel, acting under the direction of a physician, who participates in good faith in the withholding or withdrawal of life-sustaining procedures in accordance with the provisions of this chapter shall be subject to any civil liability. No physician, or licensed health personnel acting under the direction of a physician, or health facility ethics committee member who participates in good faith in the withholding or withdrawal of life-sustaining procedures and no physician who provides aid-in-dying to a qualified patient in accordance with the provisions of this chapter shall be subject to prosecution for or be guilty of any criminal act or of unprofessional conduct.

Sec. 6. RCW 70.122.060 and 1979 c 112 s 7 are each amended to read as follows:

(1) Prior to effectuating a withholding or withdrawal of life-sustaining procedures from or provision of aid-in-dying to a qualified patient pursuant to the directive, the attending physician shall make a reasonable effort to determine that the directive complies with RCW 70.122.030 and, if the patient is mentally competent, that the directive and all steps proposed by the attending physician to be undertaken are currently in accord with the desires of the qualified patient.

(2) The directive shall be conclusively presumed, unless revoked, to be the directions of the patient regarding the withholding or withdrawal of life-sustaining procedures and/or the provision of aid-in-dying. No physician, and no licensed health personnel acting in good faith under the direction of a physician, shall be criminally or civilly liable for failing to effectuate the directive of the qualified patient pursuant to this subsection, and no health facility may be required to permit the provision of aid-in-dying within its facility. If the physician or health care facility refuses to effectuate the directive, such physician or facility shall make a good faith effort to transfer the qualified patient to another physician who will effectuate the directive of the qualified patient or to another facility.

Sec. 7. RCW 70.122.070 and 1979 c 112 s 8 are each amended to read as follows:

(1) The withholding or withdrawal of life-sustaining procedures from or the provision of aid-in-dying to a qualified patient pursuant to the patient's directive in accordance with the provisions of this chapter shall not, for any purpose, constitute a suicide.

(2) The making of a directive pursuant to RCW 70.122.030 shall not restrict, inhibit, or impair in any manner the sale, procurement, or issuance of any policy of life insurance, nor shall it be deemed to modify the terms of an

existing policy of life insurance. No policy of life insurance shall be legally impaired or invalidated in any manner by the withholding or withdrawal of life-sustaining procedures from or the provision of aid-in-dying to an insured qualified patient, notwithstanding any term of the policy to the contrary.

(3) No physician, health facility, or other health provider, and no health ((care)) service plan, insurer issuing disability insurance, self-insured employee welfare benefit plan, or nonprofit hospital service plan, shall require any person to execute a directive as a condition for being insured for, or receiving, health care services.

Sec. 8. RCW 70.122.080 and 1979 c 112 s 10 are each amended to read as follows:

The act of withholding or withdrawing life-sustaining procedures or providing aid-in-dying, when done pursuant to a directive described in RCW 70.122.030 and which causes the death of the declarer, shall not be construed to be an intervening force or to affect the chain of proximate cause between the conduct of any person that placed the declarer in a terminal condition and the death of the declarer.

Sec. 9. RCW 70.122.090 and 1979 c 112 s 9 are each amended to read as follows:

Any person who willfully conceals, cancels, defaces, obliterates, or damages the directive of another without such declarer's consent shall be guilty of a gross misdemeanor. Any person who falsifies or forges the directive of another((;)) or willfully conceals or withholds personal knowledge of a revocation as provided in RCW 70.122.040, with the intent to cause a withholding or withdrawal of life-sustaining procedures or the provision of aid-in-dying contrary to the wishes of the declarer((;)) and thereby, because of any such act, directly causes life-sustaining procedures to be withheld or withdrawn or aid-in-dying to be provided and death to thereby be hastened, shall be subject to prosecution for murder in the first degree as defined in RCW 9A.32.030.

Sec. 10. RCW 70.122.100 and 1979 c 112 s 11 are each amended to read as follows:

Nothing in this chapter shall be construed to condone, authorize, or approve mercy killing, or to permit any affirmative or deliberate act or omission to end life other than to permit the natural process of dying and to permit death with dignity through the provision of aid-in-dying only by a physician when voluntarily requested in writing as provided in this chapter by a conscious and mentally competent qualified patient at the time aid-in-dying is to be provided.

Sec. 11. RCW 70.122.900 and 1979 c 112 s 1 are each amended to read as follows:

This act shall be known and may be cited as the "~~((Natural))~~ Death With Dignity Act((("))."

NEW SECTION. Sec. 12. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

If the state provides, directly or by contract, maternity care benefits, services, or information to women through any program administered or funded in whole or in part by the state, the state shall also provide women otherwise eligible for any such program with substantially equivalent benefits, services, or information to permit them to voluntarily terminate their pregnancies.

NEW SECTION. Sec. 8. For purposes of this chapter:

(1) "Viability" means the point in the pregnancy when, in the judgment of the physician on the particular facts of the case before such physician, there is a reasonable likelihood of the fetus's sustained survival outside the uterus without the application of extraordinary medical measures.

The President of the Senate presented Speaker King.

REMARKS BY SPEAKER KING

Speaker King: "Thank you, Lieutenant Governor. It is a great honor for me today to introduce the Governor. I certainly wish the honor had come at a happier time. On the other hand, it is at times like this that people feel the greatest need for state and national leadership, a need for leadership that comes from moral character as well as intellectual ability. I think we can all be grateful that, at this critical moment in history, we could not have a more decent, caring, honorable or trusted state executive than Governor Booth Gardner or a more gracious or personally dedicated First Lady than Jean Gardner.

"The hardest thing about praising Governor Gardner and his accomplishments is knowing exactly where to begin. Some people would focus on his Chairmanship of the National Governors' Association, because that shows how much his peers respect him. Others would highlight his Chairmanship of the Education Commission of the States, because that shows he is a national leader on the issue that will ultimately make or break our children's future. Still others would emphasize the Governor's commitment to equity and fairness, because he has made Washington a national leader in reaching out to women and minorities and in giving them access to the highest reaches of state government. A great many people regard Governor Gardner's trade and economic development successes as his finest accomplishments. The Governor would be the last to claim personal credit for the remarkable progress of our state economy. But, fair is fair, and we know who would have gotten the blame had things progressed in the wrong direction.

"To my mind, Governor Gardner's greatest accomplishment is the love and respect felt for him by the overwhelming majority of the people of the state of Washington. I think Governor Gardner's extraordinary popularity is a tribute both to him and to our state, because it shows that the people of Washington know both decency and integrity when they see it. It shows that the people of Washington know compassion and humanity when they see it. In a word, people see that Booth Gardner has that rare combination of qualities that Dr. Martin Luther King, Jr. called "a tough mind and a tender

heart." That's just exactly the combination we need in difficult times such as these.

"Please join me in welcoming, and expressing our appreciation for, a world class Governor and a first class man, Governor Booth Gardner."

STATE OF THE STATE ADDRESS
BY GOVERNOR BOOTH GARDNER

Governor Gardner: "Thank you, Mr. Speaker, for that kind introduction. Mr. President, Mr. Chief Justice, distinguished Justices of the Supreme Court, members of the Legislature, honored elected officials and citizens of the state of Washington.

"This morning around nine o'clock, along with Lieutenant Governor Pritchard and Speaker King, I had the opportunity to share with the Supreme Court the taking of their oath of office and the swearing in of their Chief Justice Dore. That's tradition—it's been done for some time around here. Around one o'clock this afternoon eight members of the Legislature came to my office and announced that the Legislature was organized and ready to do business. That's tradition. We're here tonight for the State of the State Address—also tradition.

"Tradition is a powerful force. I know that it would lead you to believe that I will take the next thirty minutes to brag about the achievements of my administration and to sell you on my legislative agenda for the upcoming session. But even the powerful force of tradition could not persuade me to do that today, because to do so, to follow tradition, would imply that these are normal times and that we should continue to do business as usual. That is not the message that I wish to leave with you today.

"These are not normal times. Every one of us is holding our breath, praying for peace and worrying about the thousands of Washington women and men who are in Saudi Arabia. But no matter how much we worry about events so far from home, we have to stay focused on keeping the home fires burning. What worries me is that the home fire of democracy has burned too low.

"In our last election only thirty-nine percent of the eligible citizens of this state voted--the lowest percentage in our history. And that sad percentage wasn't just an aberration; it was part of an alarming trend of public disengagement from democracy itself. Democracy won't run on auto-pilot. Cynicism won't solve our problems. And people who believe that the world can get by without their help are suffering from a dangerous delusion.

"It's not hard for any of us to understand why people are worried--about the war, about the economy, about the future of our environment, our schools and our children. But it is really hard to understand why so many of us in this country take for granted our freedom when we read every day about the fate of Kuwait and the heroic struggles of the nations in Eastern Europe that are trying to create democracy after decades of tyranny.

"We must not let times such as these become normal. Our mission here in Olympia is to defend democracy with as much honor and courage as we demand from the young men and women we have sent overseas. That's why the coming legislative session will require something from each of us that is

beyond tradition. This is a time for soul-searching--a time for reaching deeper into ourselves to find the values that bind us together and for acting in ways that rebuild the bonds of trust between us.

"We are all in this together. We are all Americans, bound together by our belief in freedom and equality. We have our differences and disagreements. It's important that we talk openly and honestly about them. That has to be a part of how we govern ourselves. But the message that I want to leave with you tonight is a message about what we all have in common and how we must work together for our common future.

"In this legislative session, the most obvious challenge is our ability to find and sustain unity and, in doing that, the task of balancing our budget and living within our means. Balance is the key word.

"Let me say this specifically and directly to the one hundred forty-seven senators and representatives seated in front of me today. In the next one hundred and five days, we must agree on a budget that balances the needs of our schools, our colleges and universities, our environment and our social service system. The budget which I have submitted to you strikes such a balance. That's because I've already been through a process similar to the one which you're about to begin. I have read, studied, listened and agonized over how to be fair to everyone, how to preserve the gains we've made in the past few years, and how to keep our state both economically and socially healthy.

"I am confident that, when you listen to the public, study the numbers and think through the challenges, you'll come to the same conclusions I have. You will conclude that we cannot ask state employees and teachers to subsidize programs by going without salary increases. And you will conclude that, while we must cut expenditures to meet our commitments, we must do so carefully and in ways that make sense.

"But what we do with the budget is no more important than how we do it. Balancing the budget and planning for our future are not just matters of numbers and dollars. These are matters that affect whether people perceive us as agents of democracy or buffoonery. If we use this budget as a weapon with which to attack each other or as a vehicle for partisan advantage, we will earn the public's contempt. If we miss our deadline for getting the job done, we will face the public's wrath. In a year when we are forced to cut spending, voters expect us to use every available dollar wisely--not to spend money on keeping the Legislature in special sessions.

"When people compare our budget process to the federal budget process, we want them to talk about the contrasts, not the similarities. If we want to raise the public's esteem for politicians, we had better plan on finishing the public's business amicably and on time. We must act to restore public confidence in us and in the covenant between government and the people. We can do that only if we recognize the alienation so many citizens expressed during the federal budget debate and during the last election because that was an expression of longing for moral leadership. What we saw was the disaffection of people who hunger not for deals, but for a sense of national, democratic purpose. What they want from us is evidence that we listen and that we hear their message. And their message is plain and here it is:

'If you want us to believe in you and participate in governing, show us that it's worth our while. Give us some solid evidence that you really care about our lives, our children and our future. And more than that, show us that you understand that you are the stewards of our resources--our tax dollars, our economy and our beautiful natural environment.'

"As elected representatives, each of us is called not only to manage government, but to lead people. Whether we intend to or not, we lead by example. And so, my colleagues, let us make our example worthy of those we ask to follow us and vote for us.

"Now I would like to speak to the citizens of this state. I want you to know why we're here in Olympia and why the work of state government should be important to you.

"As Governor, my job requires me to see a lot of things that most of you do not see. Most of you have never seen nor held a crack baby in your arms. You have probably never toured a prison and felt the overwhelming weight of being surrounded by so many lost and empty lives. And most of you have never walked on a beach that has just been fouled by an oil spill. But you know in your bones that the challenges facing state government are more complicated and more critical than they have ever been before.

"For all of us, economic competition is keener. The world is getting smaller as the population is getting larger. It's no longer enough to respond to crises; we have to think ahead and take action to prevent them. You send us here to Olympia to deal with the hardest problems our society faces--problems that are getting worse at the same time that the federal budget is necessarily being pared back and the federal contribution to solving our problems is shrinking.

"Yet those of us who live in Washington State are the lucky ones. Our natural environment is the envy of other states. We live in the midst of a landscape of mountains, forests, farmlands and shorelines that inspire us with both awe and humility. With the exception of timber country, our state is in better shape economically than much of the rest of the country. We have our share of cynics and non-voters, but we have more than our share of citizens who are actively engaged in making democracy work. That's a strength that we can build on.

"All citizens have a right to expect that their voices will be heard and that their actions will make a difference. That's why I wanted all of you to meet some of your fellow citizens who have made themselves heard and are making a difference. I will ask each of the individuals that I am introducing to stand when they hear their name.

"First is Jim Coates from Aberdeen, Washington. Jim is a timber worker who now spends all his time helping his unemployed colleagues. He helps local food banks; he organizes community gardens; he gets together crews to cut firewood for people who need it; he makes sure that timber workers know what government resources are available to them. Here is an important local hero.

"Second is Lane Premo. Lane is an executive with the Southland Corporation, who volunteers his time to work with the state's Efficiency Commission. His work and the work of the other volunteers who help with

the Commission have resulted in savings of over one hundred and fifty million of our tax dollars. Thank you, Lane.

"Third is Darlene Madenwald, the President of the Washington Environmental Council. She leads an organization of citizens that has had a powerful impact not only on the laws we pass here, but also on the way we think and feel about wetlands, wild animals, clean air and water, and a host of other issues. There's a saying that "environmentalists may be hell to live with, but they make great ancestors." Think about it. Thank you, Darlene.

"Fourth is a group of students from the Moses Lake School District: Ronda Woinowsky, Sonya Garza, Laurie Vailancourt, Heather Mason, Kyla Delgado and Mary Mahaney. These are students who tutor other students, teach foreign language classes and help in the district's day-care program for latch-key kids. Now they may not be old enough to vote, but these students have learned an essential lesson--they know that their community needs them.

"These are citizens who have hope for the future because they are actively involved in shaping it. These are citizens who help govern themselves and their communities. We should all--elected officials and citizens alike--find both inspiration and common sense in their examples. I wanted you to meet them and to look them in the eye because these are people who know what every American ought to know: that each of us--every one of us--makes a difference.

"Every vote makes a difference. If you don't believe that ask Representative Evan Jones. But more than that, every person makes a difference when we recycle, when we take time to be with children and when we speak up in defense of what we believe.

"Our most precious and abundant resource lies in the hearts of people like these. And those of us who serve the public here in --elected officials and our staffs alike--should take note that these are the people we represent, and we are therefore challenged to be as good as they are.

"While I'm speaking to everyone, I also want to take a few moments and say a few words to all the reporters and the media executives in Washington state. Democracy depends on a continuing, open conversation between elected leaders and the citizens. In this age, you have become the intermediaries--the interpreters, if you will--in that conversation. This confers on you responsibilities to the citizens of this state no less serious than the responsibilities conferred on us. You are more than observers of the process; you are an essential part of it. Your work, your integrity, as much as ours, shapes citizens' sense of their own ability to participate in creating our common future.

"Democracy is hard work. For all of us--elected officials, citizens, press--democracy is hard work. It is especially hard work in times such as these when we don't have enough money to meet all of our needs, in times when the national economy is faltering, and in times when we fear for the lives of our loved ones on a faraway desert.

"These are times when we must draw on our deepest strengths. All of us--elected officials, citizens of every age and reporters alike--need to remember that, while politics and religion are necessarily separate, they are not unrelated. We are, after all, a part of a long chain of life. We are linked, every one of us to each other, and all of us to the land that has sustained the

progress of our ancestors, both through human history and through evolution. And God is not finished with us yet.

"Our future depends on our willingness to think of ourselves as the keepers and the creators of a civic and political culture that values every citizen, as the protectors of the land that nourishes us and as human beings whose life work is to learn to live together in peace.

"Peace be with us. Thank you very much."

The President of the Senate instructed the special committee to escort Governor Gardner to his chamber.

The President of the Senate instructed the special committee to escort the State Elected Officials from the House Chamber.

The President of the Senate instructed the special committee to escort the Supreme Court Justices from the House Chamber.

MOTION

On motion of Representative Ebersole, the Joint Session was dissolved.

TENTH DAY

MORNING SESSION

Senate Chamber, Olympia, Wednesday, January 23, 1991

The Senate was called to order at 10:00 a.m. by President Pritchard. The Secretary called the roll and announced to the President that all Senators were present except Senators Bauer, Matson and Roach. On motion of Senator Murray, Senator Bauer was excused.

The Sergeant at Arms Color Guard, consisting of Pages Danessa Kenfield and Eric Gerst, presented the Colors. Reverend Dr. Dimino, pastor of the Emmanuel Baptist Church of Olympia, offered the prayer.

MOTION

On motion of Senator Newhouse, the reading of the Journal of the previous day was dispensed with and it was approved.

PERSONAL PRIVILEGE

Senator Pelz: "Mr. President, may I rise to make a point of personal privilege? I want to thank the Senate once again for the humble opportunity that was provided for me to make my first speech on this floor. I immediately called my wife and asked her to help me on this venture. Senator Anderson was a little worried that I had done that, but my wife insisted that I point out that she is not only a great cookie baker, but a feminist and a member of the bar.

"I particularly want to thank Senator Vognild for reminding me of this opportunity. Senator Vognild has shown me a great deal of friendship and as a pathetic and unwashed rookie in this august Chamber, I am particularly grateful and would just like to say 'hats off to Larry.'"

REPORT OF SELECT COMMITTEE

STATE OF WASHINGTON
WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION
1300 S. Evergreen Park Drive, S.W.
Olympia, Washington 98504
November 29, 1990

Gordon Golob
Secretary of the Senate
306 Legislative Building
Olympia, Washington 98504

Alan Thompson
Chief Clerk
House of Representatives
Olympia, Washington 98504

Dear Mr. Golob and Mr. Thompson:

Section 8, Chapter 21, Laws of 1990 requires that the Commission report to the Legislature on the need for procedures to regulate the rates for disposal at the Hanford low-level radioactive water site. The Commission is pleased to submit the following report.

In order to fulfill the legislative directive, the Commission used a structured negotiation process which involved all stakeholder interests. This collaborative process resulted in a consensus view which is shared by the commission. The recommendations of this study committee are incorporated as the Commission's report.

The Commission finds that regulation is called for under the conditions which will most likely exist in 1993. Therefore, we recommend that legislation be enacted which will establish the regulatory framework to meet these conditions. This framework should provide the Commission with authority to conduct an initial case to establish fair, just, reasonable, and sufficient rates. After the initial case, the rates would be subject to adjustment for certain specified cost changes. The entire regulatory framework could also be changed if the site operator or another party petitioned the Commission and established that monopoly conditions no longer exist.

Although there are elements of traditional regulation in the recommended framework, it is unique and specifically suited to this industry. The commission believes that this approach will mutually protect and benefit the interests of the general public, the site operator, and the waste generators. We have tried to minimize costly regulatory involvement, while providing a full opportunity for oversight when needed.

Sharon L. Nelson
Chairman

Richard D. Casad
Commissioner

Sincerely,
A. J. "Bud" Pardini
Commissioner

The Select Committee Report is on file in the Office of the Secretary of the Senate.

PERSONAL PRIVILEGE

Senator Snyder: "A point of personal privilege, Mr. President. On the first day of the session as a freshman, I made my maiden speech, and kind of like Senator Pelz, I needed to go home and prepare something on the weekend.

"Those of you who know my wife know that I didn't dare ask her, so I did ask my daughter. Since I come from cranberry country--and we are very proud of our cranberry growers and our industry--I spent the weekend helping her make these cranberry products and then brought them to Olympia and spent the evenings labeling and packaging and now we are delighted to share them. My daughter quit working for me as manager in one of my stores a couple of years ago and she started a gourmet cranberry business, and I hope you will enjoy her products.

"Also, you know, the apple growers always pass out an apple when anything happens, and I thought passing out one cranberry would not be appropriate, even though there is probably as much good and strength in one cranberry as there is in one apple. Thank you very kindly and we do hope you enjoy the products."

INTRODUCTION OF SPECIAL GUESTS

The President introduced the 1991 Hubert H. Humphrey Fellows who were seated in the gallery.

MOTION

At 10:11 a.m., on motion of Senator Newhouse, the Senate was declared to be at ease.

The Senate was called to order at 11:41 a.m. by President Pritchard.

There being no objection the President advanced the Senate to the sixth order of business.

SECOND READING

SENATE BILL NO. 5195, by Senators McDonald, Hayner, Bluechel, Cantu, Roach, von Reichbauer, Oke, Thorsness, Metcalf, Johnson, Erwin, West, Nelson and Conner.

Using 1989 property valuations and assessments for 1991 property taxes.

The bill was read the second time.

MOTION

Senator Murray moved that the following amendment by Senators Murray and Niemi be adopted:

On page 2, line 18, after "authority" strike everything down through and including "county" on line 20

Debate ensued.

Senator McMullen demanded a roll call and the demand was sustained.

POINT OF INQUIRY

Senator Vognild: "Senator McDonald, in our caucus, we discussed this issue, and since the first amendment is the one that we are going to be voting on, would you please tell me what the definition of 'substantial volatility' is?"

Senator McDonald: "Let me tell you that we are going to have--Senator Smith and I are going to have a question and answer on this. Let me tell you that 'volatility' is defined as changeable, inconstant, and explosive. 'Substantial' is defined as considerable in quantity and significantly larger. Those are the definitions of those two words and I think they do fall into the category of defining what the legislative intent was."

Further debate ensued.

The President declared the question before the Senate to be the roll call on the adoption of the amendment by Senators Murray and Niemi on page 2, line 18, to Senate Bill No. 5195.

ROLL CALL

The Secretary called the roll and the amendment was not adopted by the following vote: Yeas, 24; Nays, 25.

Voting yea: Senators Bauer, Conner, Gaspard, Hansen, Jesernig, L. Kreidler, Madsen, McMullen, Moore, Murray, Niemi, Owen, Pelz, Rasmussen, Rinehart, Skratek, A. Smith, Snyder, Stratton, Sutherland, Talmadge, Vognild, Williams, Wojahn - 24.

Voting nay: Senators Amondson, Anderson, Bailey, Barr, Bluechel, Cantu, Craswell, Erwin, Hayner, Johnson, Matson, McCaslin, McDonald, Metcalf, Nelson, Newhouse, Oke, Patterson, Roach, Saling, Sellar, L. Smith, Thorsness, von Reichbauer, West - 25.

MOTION

Senator McMullen moved that the following amendment by Senators McMullen and Gaspard be adopted:

On page 2, line 20, after "county," insert "For taxes levied for collection in 1991 each taxpayer may pay the lesser of either 1991 taxes based on 1990 assessments or 1991 taxes based on 1989 assessments."

Debate ensued.

POINT OF INQUIRY

Senator Bauer: "Senator McDonald, explain to me why is the constitutional question any different from giving a tax break to some people in this state, if the counties do elect to adopt that and other counties don't and there is a constitutional question, as you just indicated here responding to Senator McMullen. If we were to tamper with giving those people who had a lower tax assessment as a consequence and now because of this are going to get a higher assessment, then that is a constitutional question, but it is not a constitutional question when it comes to giving a break of those people in the higher categories?"

"You also mentioned that it would be devastating to the counties and cities to give a tax break to the low income type homes that are now going to end up with a high tax, by going back to 1989, because their taxes were lowered from 1989 to 1990--they had a lower rate--because their property values went down.

"Now, what this is going to do is kick them back up and give them a tax increase--then that is going to have an effect on county and city government--but yet giving a break to the higher home is not going to. That is the implication that I hear here. I don't quite understand the constitutional question on it and I don't understand the rationale for one being a devastation to the county and cities and the other not being."

Senator McDonald: "Let me tell you that I am not a constitutional lawyer, but I have learned quite a bit about this issue in the time that I have dealt with it. First off, I would like to read you the amendment which says, 'for taxes levied for collection in 1991 each taxpayer may pay the lesser of either 1991 taxes based on 1990 assessments or 1991 taxes based on 1989 assessments.'

"This doesn't have anything to do with the cost of the home. So, your assertion that it was for high value homes as opposed to low value homes is not at all contained within this amendment. What I have found out, Senator Bauer, and I will share it with you is that we meet the constitutional test if within a taxing district you are uniform as far as everybody that you deal with, whether it be business, whether it be residence, whether it be agricultural or the like. You can't give somebody one break and not give it to the other person. That is the constraint that we are under for this short-term fix. That is not a constraint this body is under for a long-term fix, because we can change, with the majority of the people, the Constitution. We can certainly change the laws under which we deal. That is what I know about it.

"Finally, answering your question, as far as what will happen to cities. If you take a look at the Ways and Means analysis, city by city, county by county, you will find that there are only a few cities or a few counties that would be affected. Those are counties and cities that probably wouldn't have the substantial volatility and secondly, we simply changed the assessment practices.

"The one hundred and six percent will allow those cities and counties to collect the full amount. If you change, however, the lesser of 1991 taxes to 1990 or 1989, the lesser of the two, that will have a substantial impact. I hope that you can see it. I certainly would like to graph it out for you, but I think that you will find that in the analysis."

Senator Bauer: "You don't need to graph it out for me. The state's bottom line is that some of those are poorer people, out there that have had tax reductions because of property values decreased, because of employment or people left town. There are one hundred thousand dollar houses that are now eighty thousand dollar houses. Now, we suddenly go back to the 1989 assessment and we go back to where it was a hundred thousand; now they are going to get a tax increase as opposed to the decrease. That is what I understand and I think that is an injustice."

Senator McMullen demanded a roll call and the demand was sustained. Further debate ensued.

The President declared the question before the Senate to be the roll call on the adoption of the amendment by Senators McMullen and Gaspard on page 2, line 20, to Senate Bill No. 5195.

ROLL CALL

The Secretary called the roll and the amendment was not adopted by the following vote: Yeas, 24; Nays, 25.

Voting yea: Senators Bauer, Conner, Gaspard, Hansen, Jesernig, L. Kreidler, Madsen, McMullen, Moore, Murray, Niemi, Owen, Pelz, Rasmussen, Rinehart, Skratek, A. Smith, Snyder, Stratton, Sutherland, Talmadge, Vognild, Williams, Wojahn - 24.

Voting nay: Senators Amondson, Anderson, Bailey, Barr, Bluechel, Cantu, Craswell, Erwin, Hayner, Johnson, Matson, McCaslin, McDonald, Metcalf, Nelson, Newhouse, Oke, Patterson, Roach, Saling, Sellar, L. Smith, Thorsness, von Reichbauer, West - 25.

MOTION

Senator Adam Smith moved that the following amendments by Senators Adam Smith and Gaspard be considered simultaneously and be adopted:

On page 3, after line 2, insert a new subsection as follows:

"(3) The application of this section shall not result in a loss of revenues to any hospital district. Any hospital district that suffers a loss of revenues may make application to the state department of revenue for a grant equal to the difference between what that hospital district levy would have been using 1990 assessments compared to using 1989 assessments."

Renumber the remaining subsection.

On page 3, after line 13, add a new section as follows:

NEW SECTION. Sec. 5. One million dollars, or as much thereof as may be necessary, is appropriated from the general fund to the department of revenue for the fiscal biennium ending June 30, 1991, for the purpose of making grants under section 2 of this act.

Renumber the remaining sections.

Debate ensued.

POINT OF INQUIRY

Senator McMullen: "I thank Senator McDonald for giving us those figures on King and Snohomish Counties. I come from a county, from some of the figures, that ranks number four in growth. Of course, the folks up my way are concerned about whether this bill passes--are they included or not included. If they are eligible to use it, what form it should take and that is part of the reason why we are participating in this debate and maybe Senator McDonald could answer me with an answer that I can take back to my County Commissioners in Skagit County and the County Prosecuting Attorney. Is Skagit County definitely in or definitely out of this bill, so that I can tell them to go accordingly?"

I would ask Senator McDonald if he could answer that question."

Senator McDonald: "Basically, if they meet the test of substantial volatility, then the Commissioners of Skagit County decide that they are going to do it, then yes, they would be in. If they don't vote to do it, they are out and if they don't meet the test of substantial volatility, then they don't. You will have to answer that question. I know that you are awfully good at understanding these things, Senator McMullen."

Further debate ensued.

Senator McMullen demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the adoption of the amendments by Senators Adam Smith and Gaspard on page 3, after lines 2 and 13, to Senate Bill No. 5195.

MOTION

Senator Skratek moved that the following amendments by Senators Skratek, Snyder, Gaspard, Murray, Wojahn and Adam Smith be considered simultaneously and be adopted:

On page 3, after line 2, insert a new subsection as follows:

(3) The application of this section shall not result in a loss of revenues to any fire district. Sec. 5. RCW 84.36.381 and 1987 c 301 s 1 are each amended to read as follows:

A person shall be exempt from any legal obligation to pay all or a portion of the amount of excess and regular real property taxes due and payable in the two years following the year in which a claim is filed(~~(, and thereafter,)~~) in accordance with the following:

(1) The property taxes must have been imposed upon a residence which was occupied by the person claiming the exemption as a principal place of residence as of January 1st of the year for which the exemption is claimed: PROVIDED, That any person who sells, transfers, or is displaced from his or her residence may transfer his or her exemption status to a replacement residence, but no claimant shall receive an exemption on more than one residence in any year: PROVIDED FURTHER, That confinement of the person to a hospital or nursing home shall not disqualify the claim of exemption if the residence is temporarily unoccupied or if the residence is occupied by a spouse and/or a person financially dependent on the claimant for support;

(2) The person claiming the exemption must have owned, at the time of filing, in fee, as a life estate, or by contract purchase, the residence on which the property taxes have been imposed or if the person claiming the exemption lives in a cooperative housing association, corporation, or partnership, such person must own a share therein representing the unit or portion of the structure in which he or she resides. For purposes of this subsection, a residence owned by a marital community or owned by cotenants shall be deemed to be owned by each spouse or cotenant, and any lease for life shall be deemed a life estate;

(3) The person claiming the exemption must have been sixty-one years of age or older on January 1st of the year in which the exemption claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of physical disability: PROVIDED, That any surviving spouse of a person who was receiving an exemption at the time of the person's death shall qualify if the surviving spouse is fifty-seven years of age or older and otherwise meets the requirements of this section;

(b) (i) A person who otherwise qualifies under this section and has a combined disposable income of eighteen thousand dollars or less but greater than fourteen thousand dollars shall be exempt from all regular property taxes on the greater of forty thousand dollars or thirty percent of the valuation of his or her residence, but not to exceed one hundred thousand dollars of the valuation of his or her residence; or

Renumber the remaining sections consecutively and correct any internal references accordingly.

POINT OF ORDER

Senator Cantu: "A point of order, Mr. President. I rise to challenge the amendment on scope and object. Speaking on the challenge, this bill, Senate Bill No. 5195, is a measure relating to the use of 1989 property valuations and assessments for the 1991 property taxes. The Niemi/Talmadge amendment is designed to increase the property tax exemptions accorded to Washington Seniors. The Niemi/Talmadge amendment has nothing to do with 1989 assessments. I think moreover that anyone reading the title of this bill, Senate Bill No. 5195, would ever expect to find in that bill the materials contained in the Niemi/Talmadge amendment."

Further debate ensued.

At 12:45 p.m., there being no objection, the President declared the Senate to be at ease.

The Senate was called to order at 12:50 p.m. by President Pritchard.

There being no objection the Senate resumed consideration of Senate Bill No. 5195 and the pending point of order to the amendment by Senators Niemi, Talmadge and Gaspard on page 3, after line 13.

RULING BY THE PRESIDENT

President Pritchard: "In ruling upon the point of order raised by Senator Cantu, the President finds that Senate Bill No. 5195 is a measure which, among other things, temporarily grants county legislative authorities the ability to utilize 1989 real property assessments, in lieu of 1990 real property assessments, for 1991 tax collections, in certain circumstances.

"The amendment proposed by Senators Niemi, Talmadge and Gaspard would raise the real property tax exemption for certain taxpayers with differing levels of income.

"The President, therefore, finds that the proposed amendment does change the scope and object of the bill and the point of order is well taken."

The amendment by Senators Niemi, Talmadge and Gaspard on page 3, after line 13, to Senate Bill No. 5195 was ruled out of order.

MOTION

On motion of Senator Newhouse, Senate Bill No. 5195 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Linda Smith: "Senator McDonald, the bill authorizes the freeze for counties in which 1990 property tax assessments reflect substantial

volatility in the real estate market in the county. What does 'substantial volatility' mean?"

Senator McDonald: "Substantial volatility is not defined in the legislation in order to provide some flexibility to the counties. This allows county legislative authorities to make the determination on a county by county basis.

"Substantial volatility itself, though, is the standard. A court would interpret 'substantial volatility' according to its common meaning. 'Volatile' is defined as changeable, inconstant and explosive. 'Substantial' is defined as considerable in quantity and significantly large. The intent is to authorize relief where there have been dramatic swings in values.

"The legislation is an attempt to assist counties where the market was so volatile that it was difficult to truly assess market values."

Further debate ensued.

PERSONAL PRIVILEGE

Senator McCaslin: "A point of personal privilege, Mr. President. When Senator Snyder was Secretary of the Senate and I was a freshman, he was of tremendous help to me. Now, that he is a freshman, Senator Snyder, on your desk you will find a 1991 Senate Seating Chart and on there it will point out that Senator Talmadge is just to your left there. This might be helpful in your speeches, Senator. You made a great speech except when you got to 'whatchamacallit.'"

Further debate ensued.

The President declared the question before the Senate to be the roll call on the final passage of Senate Bill No. 5195.

ROLL CALL

The Secretary called the roll on the final passage of Senate Bill No. 5195 and the bill passed the Senate by the following vote: Yeas, 34; Nays, 15.

Voting yea: Senators Amondson, Anderson, Bailey, Barr, Bauer, Bluechel, Cantu, Conner, Craswell, Erwin, Gaspard, Hayner, Jesernig, Johnson, Madsen, McCaslin, McDonald, McMullen, Metcalf, Murray, Nelson, Newhouse, Oke, Owen, Pelz, Roach, Sellar, Skratek, A. Smith, L. Smith, Sutherland, Thorsness, von Reichbauer, West - 34.

Voting nay: Senators Hansen, L. Kreidler, Matson, Moore, Niemi, Patterson, Rasmussen, Rinehart, Saling, Snyder, Stratton, Talmadge, Vognild, Williams, Wojahn - 15.

SENATE BILL NO. 5195, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

REPORT OF SELECT COMMITTEE

WASHINGTON ECONOMIC DEVELOPMENT FINANCE AUTHORITY
YEAR END REPORT 1990

December 15, 1990

BACKGROUND

The Washington Economic Development Finance Authority (WEDFA) was created by the State Legislature in 1989 by passage of Substitute House Bill No. 1553, RCW 43.163. WEDFA is required to report each December on its activities to the House Trade and Economic Development Committee and to the Senate Economic Development and Labor Committee.

The original statute authorized WEDFA to help small and medium-sized businesses and farms gain access to capital. WEDFA is directed by statute to develop and conduct three programs: 1) small business export financing, 2) loans for conservation reserve program (CRP) advances for eligible farmers, and 3) loan pooling programs for eligible businesses or farms.

WEDFA is comprised of a board of eighteen members including the State Treasurer, the Directors of the Departments of Trade and Economic Development, Community Development, and Agriculture, two Senators appointed by the President of the Senate, two Representatives appointed by the Speaker of the House and a majority of business and financial practitioners appointed by the Governor. The private sector members must include a representative of a minority-owned small business and a representative of a woman-owned small business. The members participate in committees to advance specific activities. The existing standing committees are: Export Finance Committee, Conservation Reserve Program Committee, Loan Pooling Committee, Reserve Fund Committee, General Plan Committee and Legal Committee.

The Select Committee Report is on file in the Office of the Secretary of the Senate.

MESSAGES FROM SECRETARY STATE

CERTIFICATION OF INITIATIVE TO LEGISLATURE 119

Pursuant to Article II, Section 1 of the Washington State Constitution, RCW 29.79.200, and WAC 434-79-010, the office of the Secretary of State has caused the signatures submitted in support of Initiative to the Legislature 119 to be examined in the following manner:

1) It was determined that 218,327 signatures were submitted by the sponsors of the initiative. A random sample of 21,689 signatures was taken from those submitted;

2) Each sampled signature was examined to determine if the signer was a registered voter of the state at the address indicated on the petition, if the signature was reasonably similar to the one appearing on the record of that voter, and if the same signature appeared more than once in the sample. We found 19,151 valid signatures, 2,452 signatures invalid due to non-registration or improper form, and 86 pairs of duplicated signatures in the sample;

3) We calculated an allowance for the chance error of sampling (75) by multiplying the square root of the number of invalid signatures by 1.5;

4) We estimated the upper limit of the number of signatures on the initiative petition which were invalid (25,438) by dividing the sum of the number of invalid signatures in the sample and the allowance for the chance error of sampling by the sampling ratio;

5) We determined the maximum allowable number of pairs of signatures on the petition (27,887) by subtracting the sum of 110% of the number of signatures required by Article II, section 1 of the Washington State Constitution (165,002) and the estimate of the upper limit of the number of invalid signatures on the petition from the number of signatures submitted;

6) We determined the expected number of pairs of signatures in the sample (275) by multiplying the square of the sampling ratio by the maximum allowable number of pairs of signatures on the initiative petition;

7) We determined the acceptable number of pairs of signatures in the sample (247) by subtracting 1.65 times the square root of the expected number of pairs of signatures in the sample from the expected number of pairs of signatures in the sample; and

8) Since the number of pairs of signatures in the sample is less than the acceptable number of pairs of signature in the sample, I hereby declare Initiative to the Legislature 119 to be sufficient.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the Seal of the State of Washington, this 30th day of January, 1991.

Secretary of State

CERTIFICATION OF INITIATIVE TO LEGISLATURE 120

Pursuant to Article II, Section 1 of the Washington State Constitution, RCW 29.79.200, and WAC 434-79-010, the office of the Secretary of State has caused the signatures submitted in support of Initiative to the Legislature 120 to be examined in the following manner:

1) It was determined that 242,004 signatures were submitted by the sponsors of the initiative. A random sample of 11,794 signatures was taken from those submitted;

2) Each sampled signature was examined to determine if the signer was a registered voter of the state at the address indicated on the petition, if the

signature was reasonably similar to the one appearing on the record of that voter, and if the same signature appeared more than once in the sample. We found 10,085 valid signatures, 1,677 signatures invalid due to non-registration or improper form, and 32 pairs of duplicated signatures in the sample;

3) We calculated an allowance for the chance error of sampling (63) by multiplying the square root of the number of invalid signatures by 1.5;

4) We estimated the upper limit of the number of signatures on the initiative petition which were invalid (36,361) by dividing the sum of the number of invalid signatures in the sample and the allowance for the chance error of sampling by the sampling ratio;

5) We determined the maximum allowable number of pairs of signatures on the petition (40,641) by subtracting the sum of 110% of the number of signatures required by Article II, section 1 of the Washington State Constitution (165,002) and the estimate of the upper limit of the number of invalid signatures on the petition from the number of signatures submitted;

6) We determined the expected number of pairs of signatures in the sample (96) by multiplying the square of the sampling ratio by the maximum allowable number of pairs of signatures on the initiative petition;

7) We determined the acceptable number of pairs of signatures in the sample (79) by subtracting 1.65 times the square root of the expected number of pairs of signatures in the sample from the expected number of pairs of signatures in the sample; and

8) Since the number of pairs of signatures in the sample is less than the acceptable number of pairs of signature in the sample, I hereby declare Initiative to the Legislature 120 to be sufficient.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the Seal of the State of Washington, this 31st day of January, 1991.

MOTION

On motion of Senator McCaslin, the rules were suspended, Senate Bill No. 5047 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Conner: "Mr. President, I would like to ask Senator Bauer a question. I note where you say that this particular tartan is associated with Pacific Scottish and Irish Clans and yet you are going to have this authorized with the Scottish Tartan Society in Scotland and you don't say anything about the Irish who are part of it."

Senator Bauer did not respond.

Further debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Senator Bauer, I am not sure, even though I want Secretary of State Munro to wear the proper kilts and tartans, would this be what you would call using our brains too much? We might be insulting some of the nations that might be buying Washington apples that may have their own colors and designs. This is a serious question. I know you don't wear kilts very often, but by declaring that this is the Washington State authorized tartan, I am wondering.

"My question is if we would be--not defaming somebody--but giving the wrong impression to all the other countries of the world that we do business with and export, too, regardless of what business they are engaged in. That is my question. I don't think it is particularly good that we just designate one country--Scotchs and Irish--and as Senator Conner raised the question, you are not registering it all over, you are just registering it with the Scots--the Scottish Tartan Society. Those are very fine people, I agree with you, but I don't think we should be designating a certain item as a state item. We usually designate something within this state. Unless you can give me a satisfactory answer, I presume I will vote 'no,' and I don't know if everybody will vote 'yes,' but I think it is a bad precedent."

Senator Bauer: "I will try to convince you, Senator, and that may be impossible, but this individual, Fred van Nus, says that he is a Scottish country dancer and a member of The Friendship Force who will be wearing this tartan as a kilt, tie or golf trousers on his visits to countries and states. The Washington State Tartan has the possibility of helping to further international relations, so I think the overall objective of it is to improve international relations to all countries. I believe it is for a good objection, Senator."

Further debate ensued.

REPORT OF SELECT COMMITTEE

STATE OF WASHINGTON
DEPARTMENT OF ECOLOGY
Olympia, Washington 98504

February 7, 1991

The Honorable Gordon Golob
Secretary of the Senate
306 Legislative Building
Olympia, Washington 98504

Dear Secretary Golob:

The Department of Ecology is pleased to transmit the final Washington State Solid Waste Management Plan. Ecology was directed to prepare this plan under ESHB 1671, the "Waste Not Washington Act."

This State Solid Waste Management Plan was developed cooperatively, and in a spirit of goodwill, by representatives of the private sector, government

and citizens. This effort reflects the importance and achievability of the new priorities for solid waste management established by ESHB 1671.

The State Plan establishes goals for the next twenty years for managing solid waste in Washington. Recommendations are made for action by state and local government, by citizens, by the private sector and by the Legislature, that will help move the state toward these goals. Implementing the recommendations and moving toward the proper management of solid waste will require additional resources at the state and local level, as well as a commitment of additional time and resources by citizens and the private sector.

The State Plan recognizes several key concepts:

Decreasing waste generation per capita over the next twenty years is achievable. Society must shift from dealing with the problem of waste disposal, to avoiding the production of waste in the first place. This is the type of sustainable thinking needed for the 21st century.

There is a need to educate all citizens, including the public and private sectors, in ways to reduce waste and recycle.

There is a critical need to focus more attention on improving waste reduction and recycling of the commercial waste stream. The commercial sector is strongly encouraged to achieve this through its own initiatives.

It will be possible to meet a 50% recycling goal by 1995 if all citizens and businesses in Washington are actively involved in recycling and waste reduction and if markets for recyclable materials are established and reliable.

The public needs to be involved earlier, more effectively and more completely in solid waste management planning and implementation.

The State Solid Waste Management Plan has identified achievable goals and recommends ways to reach these goals. To meet these goals will take effort and involvement from all sectors of Washington State.

As you know, our state is a nationally recognized leader in recycling. Your passage of the "Waste Not Washington Act" provides the necessary goals and policy direction for Washington to assume the role of national leader in waste reduction as well.

If you have any questions about this plan, please contact me or Ellen Caywood in the Solid and Hazardous Waste Program (206-438-7605).

Sincerely,
Christine O. Gregoire
Director

The Select Committee Report is on file in the Office of the Secretary of the Senate.

Senators Newhouse, Gaspard and Rasmussen spoke to House Concurrent Resolution No. 4409.

POINT OF INQUIRY

Senator Rasmussen: "Senator Newhouse, I see my name is on the resolution, but many other Senators aren't. I wondered if the Senators names could be put on the resolution, also, without making it an amendment?"

Senator Newhouse: "Yes, Senator Rasmussen. Any member, for an hour or two after session, may go to the desk and add their name to anything introduced on that particular day."

Senator Rasmussen: "Thank you, that wasn't clear when we have a resolution with all the names on it here. I would like to have my name be added, Mr. President, and I always want to add a word of warning that we do not abolish the job that the Governor is finally considering George Fleming for. I read in the paper where he is in line for the Liquor Board and I understand the Governor is trying to abolish the Liquor Board and I don't know---that is walking on both sides of the street. But, anyway the resolution is very appropriate and I wish to have my name added to it. Thank you, Mr. President."

Senator Newhouse: "Mr. President, in reviewing the measure before us I find that it is a House Concurrent Resolution, Senator Rasmussen, and we are unable to add our names as sponsors to that resolution. However, I believe we did pass something the other day honoring Senator Fleming which all members could have been involved on."

The President declared the question before the Senate to be the adoption of House Concurrent Resolution No. 4409.

House Concurrent Resolution No. 4409 was adopted by voice vote.

Debate ensued.

POINT OF INQUIRY

Senator Metcalf: "In the case you gave, Senator McMullen, are you referring to a case where a drunk driver comes across the road and hits you and you haven't been drinking at all, because the way I understand it is that this law only applies if you are arrested for DWI? That is the only time--you are already violating the law in order to have this kick in. I think that the case that you made would not be true unless you were found later to have been driving while under the influence."

Senator McMullen: "You have pin pointed exactly my problem with this bill. It says under Subsection 8, if you have the bill in front of you, that if a person dies and you are arrested while driving under the influence of intoxicating liquor, you can go after them, but it also says if you are arrested for driving with disregard for the safety of others, therefore the tail light being out, the burden of proof is on you to prove that you didn't kill that drunk driver. It doesn't limit itself only to drunk drivers. It has to be a fleeing felon that crosses the center line to meet your car. If that person dies and you have a tail light out, under this statute, if the prosecutor chose to charge you, you have the burden of proof, so we have gone too far. You have made my point precisely."

Further debate ensued.

The President declared the question before the Senate to be the roll call on the final passage of Senate Bill No. 5068.

SENATOR PHIL TALMADGE, 34th District

PERSONAL PRIVILEGE

Senator Oke: "Mr. President, I rise to a point of personal privilege. I am truly honored to stand here before you. Being in the back of the room, I will keep my place. I have seen tradition--and we changed a good one--we've gone from the cigar to what is now cupcakes and cookies. I look at the robust appearances and I think we need to change that tradition.

"What I have in front of you--and if you will pay attention to the little yellow piece of paper with this cup in front of you--and inside that cup there is a little acorn. That little acorn will grow sturdy and tall in the years to

come. I likewise, from the back of this room would like to grow sturdy and tall for you.

"There are planting instructions in the last paragraph of that yellow piece of paper. We gave you a planting tool--a little stick. You need to go in about an inch and a half and put that acorn in there and you shall see it sprout. This will strongly encourage wildlife in the outdoors, etc.

"I want to express appreciation to Rob Cavanaugh who provided these acorns and a special moment to my family and staff who put this together for me. I thank you for your time and I thank you for putting up with my voice on this microphone."

SENATE RESOLUTION 1991-8612

By Senators Skratek, Murray, Niemi, Anderson, Rinehart, Hayner, Craswell, Roach, L. Kreidler, Wojahn, L. Smith, Stratton, A. Smith, Pelz, Oke, Rasmussen, Bluechel, Bailey, Williams and Gaspard

WHEREAS, Friday, February 15, 1991, marks the one hundred seventy-first anniversary of the birth of Susan Brownell Anthony, reformer and leader of women's suffrage, who defied male electioneers and faced indictment for illegally voting in 1872; and

WHEREAS, Susan B. Anthony was director of the Female Department of the Canajoharie Academy in New York until she abandoned her career in education to devote her life to social reform, first organizing the Woman's State Temperance Society of New York; and

WHEREAS, Susan B. Anthony, along with Elizabeth Cady Stanton, founded, in 1863, the Woman's Loyal National League to petition Congress to advocate full civil and political rights for women, as well as for blacks, when the Civil War ended; and

WHEREAS, In 1866, Susan B. Anthony and other reformers formed the Equal Rights Association to further their campaign for women's suffrage; and

WHEREAS, The reformers took their suffrage campaign, in 1867, to the New York State Constitutional Convention, where the state legislature refused to consider the issue, but instead gave considerable support to legislation legalizing prostitution; and

WHEREAS, Susan B. Anthony and her suffragettes fought back with lobbying efforts that killed the prostitution bill in committee and eventually secured the first laws in New York State to guarantee women's rights over their children and control over their property and wages; and

WHEREAS, Susan B. Anthony organized the National Woman Suffrage Association that later united with the American Woman Suffrage Association to form the National American Woman Suffrage Association; and

WHEREAS, During the presidential campaign in 1872, Susan B. Anthony urged women in every state in the union to claim their rights under the Fourteenth and Fifteenth Amendments of the United States Constitution by registering and voting; and

WHEREAS, In a colorful display of her remarkable courage, Susan B. Anthony and her three sisters boldly entered a stronghold of men in a Rochester, New York, barbershop in 1872 and insisted that they be registered to vote under provisions of the Fourteenth Amendment; and

WHEREAS, On November 5, 1872, Susan B. Anthony entered her polling place, voted the Republican ticket, then was charged and indicted for voting illegally; and

WHEREAS, In another display of determination, Susan B. Anthony refused to pay her streetcar fare when the deputy marshal carted her off to jail, announcing loudly enough for all passengers to hear, "I'm travelling at the expense of this government. This gentleman is taking me to jail. Ask him for my fare!";

NOW, THEREFORE, BE IT RESOLVED, That the Senate honor Susan B. Anthony and remember her for and emulate her in her dedication to social reform that led to the passage of the women's suffrage amendment (Nineteenth Amendment) to the United States Constitution in 1920; and

BE IT FURTHER RESOLVED, That Susan B. Anthony be remembered for her courage and determination to work for equal rights for all citizens of America as reflected in her statement: "It was we the people, not we the white male citizens, nor yet we the male citizens, but we the whole people, who formed this Union. And we formed it not to give the blessings of liberty, but to secure them, not to the half of ourselves and the half of our posterity, but to the whole people -- women as well as men."

NOTICE OF PROTEST

February 18, 1991

Pursuant to Senate Rule No. 34, I request the following statement of protest be entered in the Senate Journal.

To date, I have chosen to not vote on confirmations on the floor of the Senate. The present method of consideration of gubernatorial appointees is a matter of concern to me and should be of concern to the Legislature and to the public. Too many appointees are subject to the confirmation process. The Senate has little or no time to appropriately consider the candidates. Those appointments which should be carefully and methodically reviewed are usually rushed through the system and, to make matters worse, the formal floor vote is generally viewed as a "roll taker"--something to do until we get to the important issues.

In the past, I have taken the position that I would not be a party to this process. A process which doesn't even have to be followed because we allow an appointee to assume office without voting, up or down, on the appointment. A vote should be required.

I have decided that the appointees who are before us deserve that vote. It is not their fault we are marching in a nonsensical, rubber-stamping parade. I have decided to reverse my position on not voting on confirmation issues--out of respect for the appointees, not the process.

I will continue to press for meaningful changes which are needed to restore credibility to the role of the Senate in its deliberations on the Governor's appointees.

SENATOR BOB McCASLIN, 4th District

Speaker O'Brien: "We are assembled today to pay tribute to the lives and services of distinguished former members of the Senate and House of Representatives of the state of Washington who have passed from among us.

"On behalf of the people of our state, the Fifty-Second Legislative Session of the state of Washington conveys its respect to these deceased legislators who once sat in the hallowed Chambers of the House and Senate, like we are doing today, answered roll calls on sometimes critical and perplexing bills, attended committee meetings, and above all else served to the best of their abilities in order to make our state a better and more enjoyable place to live. While they have passed to the great beyond, their achievements, records and valued services have been recorded in the Journals of the Senate and House and are now and forever more a permanent part of the history of the state of Washington.

"We express our sympathies to the bereaved families and their friends and also share with them on this memorable occasion the fond and happy memories of these legislators, who served beyond their call of duty and responsibilities and truly loved the state of Washington. They have left a legacy of dedicated services that will remain forever etched in our hearts, our memories and our legislative records."

to the property owner, but it never gets in the file, it seems to me then you are creating a real problem in the future for passage of title."

POINT OF INQUIRY

Senator Talmadge: "Senator Nelson, actually this is not about this substantive provision with the corporation law, but in Section 55 of the bill, the Secretary of State is presently authorized to print and distribute certain statutory segments. For example, the list of active corporations, the corporation law, etc. and those are of substantial benefit for a lot of smaller business owners across the state. Two of the items that are deleted under this proposal are the Uniform Commercial Code and also the Public Disclosure Act. Why did the committee authorize the elimination of the authority to the Secretary of State to distribute the Public Disclosure Act to citizens and also the Uniform Commercial Code?"

Senator Nelson: "Senator Talmadge, the basic reason being that the substance and the volume of information under both of those is so great that we felt it would be more proper for the individual, if they choose to have copies of that, they can effectively get them directly by going to a library or call for them specifically, but this--having the Secretary of State printing and reprinting for distribution all of this material in the case of what might be provided under 42.17--they can actually call the PDC and obtain what parts they wish rather than--"

Senator Talmadge: "Was this actually recommended by the Bar Association?"

Senator Nelson: "Yes, it was."

Senator Talmadge: "Was not, or was?"

Senator Nelson: "It was."

INTRODUCTION OF SPECIAL GUESTS

The Sergeant at Arms escorted the Honorable Dr. David J. Carter, Speaker of the Legislative Assembly of Alberta, and his Sergeant at Arms, Oscar J. Lacombe to the Senate Rostrum.

The President introduced the honored guests from Alberta, Canada.

With permission of the Senate, business was suspended to permit Speaker Carter to address the Senate.

REMARKS BY THE HONORABLE DR. DAVID J. CARTER
SPEAKER OF THE LEGISLATIVE ASSEMBLY OF ALBERTA

Speaker Carter: "Thank you, Mr. President and members of the Senate. I am pleased to bring greetings from the Honorable Donald Getty, the Premier of the Province of Alberta, and from all members of the Legislative Assembly.

"As you can see from the entrance and dress of my Sergeant at Arms and myself, we in Canada have retained many of the symbols and procedures of the British Parliamentary System. The robes I am wearing and the ceremonial sword our Sergeant at Arms is carrying are both symbols of these British traditions, as is his shouting out 'Order, Mr. Speaker,' and it doesn't mean ordering--what will you have, french fries or hamburgers.

"I was intrigued to learn that the British Flag still flies over a small corner of your state on San Juan Island, a site which marks a unique chapter in our shared history. It seems that the treaty defining the border between British and American territories was vague when it came to dividing the San Juans, so both countries claimed the Islands.

"Such a dispute could easily have led to war, instead, in 1859, a plan was worked out for joint occupation. British and American settlers were able to use this to their advantage. When the British tax collector came to call, he was told he was on American soil; and when the American collector came along and made his rounds, he was told he was trespassing on British territory. This peaceful and useful arrangement continued for thirteen years, with the only casualty of conflict being a single British pig.

"Finally, the German Kaiser was asked to arbitrate and in 1872, he awarded the Islands to the United States. With no apparent sign of animosity, the British packed their bags and headed north. The story of the San Juan Islands illustrates the point that borders need not be barriers.

"The outbreak of war in the Persian Gulf underlines our joint achievement as two nations in sharing the world's longest undefended and peaceful border. I would note some other ties which join us as neighbors. Cable TV in Alberta provides me with coverage of the Washington State Legislature via Spokane. I also happen to pick up Michigan politics from Detroit and with CNN in Atlanta, it also gives me coverage of Washington, D.C. politics and throughout the country, as well as coverage of the Gulf War.

"On another level, the main farm team of the Seattle Mariners is the Calgary Cannons of the Pacific Coast League--and my home constituency is Calgary. So, many of us in Alberta are fans, not only of the Mariners, but also the NFL Seahawks.

"But, of course, our ties run far deeper than that. We are united not only by our geographic location, but by our histories, language, pioneering traditions, cultures and customs.

"The Province of Alberta is more than three times larger than Washington State, but we have only 2.5 million people. Yet, both Washington and Alberta face many of the same challenges and opportunities.

"Washington State is especially fortunate; you have an ocean on your doorstep. The Pacific is beautiful, but it is also a vital water highway to the world. Alberta is land-locked. We need the Ports of Seattle, Tacoma and Portland, in addition to Vancouver, British Columbia.

"Both of our countries expect to derive substantial benefits from the Free Trade Agreement. Under the energy provision, Canada will gain greater security of access to your markets and in return you will gain greater access to secure Canadian energy supplies to meet your long-term needs.

"The magnitude of Alberta's energy resource base is incredible. Alberta has seventy-seven percent of Canada's conventional oil, ninety-one percent of Canada's natural gas and all of its bitumen and synthetic oil reserves. Now here is a mind-boggling figure--an estimated one trillion, six hundred and eighty billion barrels of bitumen lie in our oil sands deposits.

"The benefits of working together in key areas should be apparent to us, not only for Washington and Alberta, but for the states and provinces which comprise the Pacific Northwest Region. In the world of trade, the increasing globalization of the international economy is making regional economic cooperation a matter of vital necessity.

"Since becoming Alberta's Speaker in June of 1986, I have ensured the Alberta Legislature's participation in the National Conference of State Legislatures as a means of education and mutual understanding. In October 1988, I visited this Capitol building to familiarize myself with your facility and as a means of making contact across the border.

"However, it was my friend, Senator Bluechel, who pulled together the first meeting of the legislators and staff of the Pacific Northwest Legislative Leadership Forum in Seattle of October 1989.

"Over the past sixteen months, leaders and elected representatives have met several times to explore areas where a new regional approach may prove invaluable to all of us. Washington, Oregon, Idaho, Montana, Alaska, British Columbia and Alberta share traditions of cooperation. However, we are now challenged to use them as a springboard to a shared future.

"The goals of the Pacific Northwest Economic Region are to promote greater collaboration to enhance the competitiveness of our region in international and domestic affairs. Tremendous opportunities exist for all seven members of the Pacific Northwest Economic Region, both individually and collectively, as the initial building blocks identified in Seattle last December indicate.

"Working together, we will capture a larger share of the international travel market. Working together, we will develop an even more highly-educated and productive workforce. Working together, we will meet the challenges facing our forestry industry. Working together, we will enhance the quality of education we provide.

"These are ambitious goals, but by joining forces, we can and will achieve results in our five action areas that exceed the capability of any single state or province, working alone. Alberta is proud to be a part of this new initiative together with you.

"And so to return to the San Juan Islands, the coastal region of your state can exemplify the historic spirit of cooperation among our nations. The Islands stand as a lasting example of the value of regional and international cooperation. The cooperative traditions which unite us are strong. As neighbors, we face many of the same challenges and share many of the same opportunities.

"Our pasts are intertwined, and so too are our dreams of the future. Our borders need not be barriers, but rather gateways to a stronger and more prosperous future. Together we have the enthusiasm, backed by ability, energy and resources, so that we can see the Pacific Northwest Economic Region become a significant force for the future.

"Thank you for your welcome today, especially, thank you for welcoming our 'Gilbert and Sullivan' delegation to the great State of Washington."

Speaker Carter presented President Pritchard with a gift.

The Sergeant at Arms escorted the guests from the Senate Chamber.

PERSONAL PRIVILEGE

Senator Roach: "Thank you, Mr. President. I rise to a point of personal privilege. I would like to thank you and members of the Senate for welcoming me to the Senate--and last week for attentively listening to my first floor speech. To commemorate that event, each of you has a bag of Tim's Cascade Potato Chips in front of you. These chips are a product of Auburn, Washington. I want the members to know that there is absolutely no correlation at all between Senatorial styles and those who have received packages marked 'hot' or 'jesty.' Thank you."

PERSONAL PRIVILEGE

Senator Lela Kreidler: "I would like to rise to a point of personal privilege, also. I would like to thank this distinguished body for giving me the opportunity to make my first floor speech on Monday. I went home and relayed Senator Vognild's message to my husband and he was very excited about baking up something for you. Although he does very well in the kitchen, as far as cooking, his baking has something to be desired, so I decided to spare you from that treat."

"You will find on your desks, some little badges and I think all of you know the reason why I am here. It has been kind of a stressful and cruel count-down of my political career, but the War in the Persian Gulf is on all of our minds all the time. So, I decided to bring to you now some Peace Badges and it can also go along with the support of our troops. Even though things look great, as well, in the Persian Gulf, it may be a while before our troops are home and I think they do deserve our support. Thank you."

by noon of the day before the convening of the session at which said bill, joint resolution or joint memorial is to be introduced.

After the expiration of deadlines for bill introductions provided for by resolution, no bill shall be introduced, except as the legislature shall direct by a vote of two-thirds of all the members elected to each house, said vote to be taken by yeas and nays and entered upon the journal, or unless the same be at a special session. Concurrent resolutions authorizing investigations and authorizing the expenditure or allocation of any money must be adopted by roll call and the yeas and nays recorded in the journal. Concurrent resolutions are subject to final passage on the day of the first reading without regard to Senate Rule 62.

SECOND: A select committee.

Reading of Bills

Rule 62. Every bill shall be read on three separate days unless the senate deems it expedient to suspend this rule. On and after the tenth day preceding adjournment sine die of any session, or three days prior to any cut-off date for consideration of bills, as determined pursuant to Article 2, Section 12 of the Constitution or concurrent resolution, this rule may be suspended by a majority vote. (See also Rule 59).

After the first reading, bills shall be referred to an appropriate committee pursuant to Rule 61.

Upon being reported back by committee, all bills shall be referred to the committee on rules for second reading, unless otherwise ordered by the senate. (See Rule 49.)

A bill shall be reported back by the committee chairman upon written petition therefor signed by a majority of its members. The petition shall designate the recommendation as provided in Rule 45, Sub. 4.

No committee chairman shall exercise a pocket veto of any bill.

Should there be a two-thirds majority report of the committee membership against the bill, a vote shall be immediately ordered for the indefinite postponement of the bill.

Second Reading/Amendments

Rule 64. Upon second reading, the bill shall be read section by section, in full, and be subject to amendment.

Any member may, if sustained by three members, remove a bill from the consent calendar as constituted by the committee on rules. A bill removed from the consent calendar shall take its place as the last bill in the order of consideration of bills on the second reading calendar.

No amendment shall be considered by the senate until it shall have been sent to the secretary's desk in writing and read by the secretary.

All amendments adopted on the second reading shall then be securely fastened to the original bill.

All amendments rejected by the senate shall be spread upon the journal, and the journal shall show the disposition of all amendments.

When no further amendments shall be offered, the president shall declare the bill has passed its second reading, and shall be referred to the committee on rules for third reading.

Scope and Object of Bill Not to be Changed

Rule 66. No amendment to any bill shall be allowed which shall change the scope and object of the bill. (See also Art. 2, Sec. 38, State Constitution.)

- To concur
- To non-concur
- To recede
- To insist
- To adhere

These motions are in order as to any single amendment or to a series of amendments. (See Reed's Rules 247 through 254.)

A senate bill, passed by the house with amendment or amendments which shall change the scope and object of the bill, upon being received in the senate, shall be referred to an appropriate committee and shall take the same course as for original bills, unless a motion to ask the house to recede, to insist or to adhere is made prior to the measure being referred to committee.

Bills Committed for Special Amendment

Rule 68. A bill may be committed with or without special instructions to amend at any time before taking the final vote.

Confirmation of Gubernatorial Appointees

Rule 69. When the names of appointees to state offices are transmitted to the Secretary of the Senate for senate confirmation, the communication

from the governor shall be recorded and referred to the appropriate standing committee.

The standing committee, or subcommittee, pursuant to rule 42, shall require each appointee referred to the committee for consideration to complete the standard questionnaire to be used to ascertain the appointee's general background and qualifications. The committee may also require the appointee to complete a supplemental questionnaire related specifically to the qualifications for the position to which he has been appointed.

The standing committee, or subcommittees, pursuant to rule 42, shall hold a public hearing on the appointment. The appointee may be required to appear before the committee on request. When appearing, the appointee shall be required to testify under oath or affirmation. The chairman of the committee or the presiding member shall administer the oath or affirmation in accordance with RCW 44.16. (See also Article 2, Sec. 6 of the State Constitution.)

Nothing in this rule shall be construed to prevent a standing committee, or subcommittee, pursuant to rule 42, upon a two-thirds vote of its members, from holding executive sessions when considering an appointment.

When the committee on rules presents the report of the standing committee before the senate, the question shall be the confirmation of the name proposed, and the roll shall then be called and the yeas and nays entered upon the journal. In the event a message is received from the governor requesting return of an appointment or appointments to the office of the governor prior to confirmation, the senate shall vote upon the governor's request and the appointment or appointments shall be returned to the governor if the request is approved by a majority of the senators elected. (Article 13 of the State Constitution.)

Senator Metcalf: "O.K., then it seems to me that a substitute bill really should have the same--should be treated the same way. I cannot see the distinction. If one is subject to scope and object, I cannot really see the

Smith on page 27, lines 12 and 14, to Substitute Senate Bill No. 5256 were adopted.

POINT OF ORDER

Senator Adam Smith: "A point of order, Mr. President. When we get to reconsideration of an amendment, Senate Rule 37 does permit the reconsideration of an amendment, but is silent when that needs to happen. Reeds Rule No. 205 says it has to happen on the same day as the amendment occurs. This happened weeks ago; therefore, I am asking you if this motion is out of order and I would like a ruling on that."

REMARKS BY SENATOR NEWHOUSE

Senator Newhouse: "Mr. President and ladies and gentlemen. In answering the point of order, I would like to point out that precedent says that the bill that is before us on second reading is considered to still be before us even though previous action had been considered earlier. I have in my hand a ruling by the President, Lieutenant Governor Cherberg, some years ago, in which he so ruled."

PARLIAMENTARY INQUIRY

Senator Adam Smith: "A parliamentary inquiry, Mr. President. If we vote 'yes,' is this still supporting my amendments or are we supporting--"

REPLY BY THE PRESIDENT

President Pritchard: "That is correct. Your amendments are before the body as they were before and the body now will vote 'yea' or 'nay' on those amendments."

ROLL CALL

The Secretary called the roll on the amendments on page 27, lines 12 and 14, to Substitute Senate Bill No. 5256, on reconsideration, and the amendments were not adopted by the following vote: Yeas, 24; Nays, 25.

POINT OF INQUIRY

Senator Vognild: "Senator West, as we all know on the floor, we have had a great deal of problems getting DSHS to pay some of their bills, particularly to the small business people and it seems to me like the one hundred-twenty days is one of the arguments that I've heard that they had to wait a hundred and twenty days to make sure that all the bills are in and then

they get around to eventually paying it. In your opinion would this bill give them license to extend that further and not pay those bills?"

Senator West: "No, I don't believe so. This takes the opposite approach. They say if you don't submit the bill within a hundred and twenty days, they won't pay it at all. This gives you up to a year to submit it. Their excuse in the past for having an early submission was so that they could then get reimbursed from the federal government. They don't need that anymore. They can do it in another fashion."

STATEMENT FOR THE JOURNAL

Mary Wiley
Senate Journal/Clerk

Comment on SB No. 5148 Final Vote

I would like to state, for the record, the reasons why I voted against SB No. 5148, making multiple revisions concerning limited partnerships. Although I was an original sponsor of the bill, upon further reflection I realized that there were certain items of the bill that were not acceptable. My specific concerns were related in sections 8 and 9 of the bill. Under these two sections, the general partner would have gained the advantages of a limited power (limited liability for example) while being able to maintain management and control. Such a major change in our commercial law and customs needs more discussion.

POINT OF INQUIRY

Senator Rasmussen: "Senator Saling, I detect a very good purpose in this bill, but I want to clarify it. This goes to highly qualified persons--this honorary degree--not those that are highly qualified by making a donation to the particular institution?"

Senator Saling: "Senator Rasmussen, that is absolutely correct. There is a prohibition in this bill that does not allow an honorary degree to be given to anyone that gives some gift to the university, either a monetary gift or something of other value."

Senator Rasmussen: "Say that again. They are not allowed to give a gift to the university?"

Senator Saling: "Not in exchange for an honorary degree."

Senator Rasmussen: "Not in exchange?"

Senator Saling: "That is correct."

Senator Rasmussen: "That is a clear dividing line."

PARLIAMENTARY INQUIRY

Senator Snyder: "A parliamentary inquiry, please. If we allow the two bills, Senate Bill No. 5042 and Senate Bill No. 5226, to be read in and held on the desk, will we still retain the right to raise a point of order on those two bills tomorrow? We just want to know if we can properly raise a point of order on those--"

REPLY BY THE VICE PRESIDENT PRO TEMPORE

Vice President Pro Tempore Bluechel: "Yes, Senator Snyder, the rules state that all points of order can be raised at the appropriate time. The question of the validity of the two bills being before the body would not be able to be raised in the point of order."

Senator Snyder: "Is the ruling that we cannot raise that tomorrow?"

Vice President Pro Tempore Bluechel: "You could tomorrow."

Senator Snyder: "That is what I am saying. Otherwise, we will raise a point of order on them now and I think it would make better sense if we waited until tomorrow to do that."

Vice President Pro Tempore Bluechel: "You could raise them tomorrow."

POINT OF ORDER

Senator Snyder: "Mr. President, I would like to raise a point of order on those two measures at this time and then hold it over until tomorrow."

Vice President Pro Tempore Bluechel: "Senator Snyder, we are acting on a motion by Senator Newhouse--"

Senator Snyder: "I'm sorry, I thought the motion to adjourn was here."

Vice President Pro Tempore Bluechel: "No, no. With the consent of the Senate, Senate Bill No. 5193 is rereferred from Ways and Means to the Rules Committee. Senator Snyder, please raise your point of order."

Senator Snyder: "I'll raise a point of order on Senate Bill No. 5226, whether the bill is properly before the Senate and proper action was taken in the committee meeting. I'll make that point of order and we will make our arguments on that tomorrow. Also, just on the safe side, I'll make a point of order on Senate Bill No. 5042--the same thing as we made on the other bill."

Vice President Pro Tempore Bluechel: "Senator Snyder has raised the point of order on Senate Bill No. 5226 as to whether it is properly before the Senate and he has done the same thing on Senate Bill No. 5042. The President will take action on those points of order tomorrow."

MOTION

At 6:25 p.m., on motion of Senator Newhouse, the Senate adjourned until 9:00 a.m., Thursday, March 7, 1991.

(5) Alternative enterprises available to producers.

Sec. 8. RCW 15.35.110 and 1971 ex.s. c 230 s 11 are each amended to read as follows:

(1) The director, either upon his or her own motion or upon petition by ten percent of the producers in any proposed area, shall conduct a hearing to determine whether to establish or discontinue a market area pooling arrangement. Upon determination by the director that in order to satisfy the purposes of this chapter a pooling arrangement should ~~((either))~~ be established ~~((or terminated))~~, a referendum of affected individual producers and milk dealers shall be conducted by the department.

(2) In order for the director to establish a market area and pooling plan:

(a) Sixty-six and two-thirds percent of the producers that vote must be in favor of establishing a market area and pooling plan ~~((before it can be put into effect by the director)); and~~

(b) Sixty-six and two-thirds percent of the milk dealers that vote must be in favor of establishing a market area and pooling plan.

The director, within ~~((one hundred twenty))~~ sixty days from the date the results of the referendum are filed with the secretary of state, shall establish a market pool in the market area, as provided for in this chapter.

~~((b))~~ (3) If fifty-one percent of ~~((those))~~ the producers voting representing fifty-one percent of the milk produced in the market area vote to terminate a pooling plan, the director, within one hundred twenty days, shall terminate all the provisions of said market area and pooling arrangement.

(4) A referendum of affected producers and milk dealers shall be conducted only when a market area pooling arrangement is to be established or terminated.

Sec. 9. RCW 15.35.120 and 1971 ex.s. c 230 s 12 are each amended to read as follows:

(1) The producers qualified to sign a petition, or to vote in any referendum concerning a market pool, shall be all those producers shipping milk to the market area on a regular supply basis and who would or do receive or pay equalization in an existing market pool in a market area, or in a market pool if established in such market area.

(2) The milk dealers qualified to vote in any referendum establishing a market pool shall be all those milk dealers who operate a plant which is located within the state and who would receive milk priced under a market pool if established in such market area.

(3) The director is authorized during business hours to review the books and records of (~~handlers~~) milk dealers to obtain a list of the producers qualified to sign petitions or to vote in referendums and to verify that such milk dealers are qualified to vote in a referendum.

Sec. 10. RCW 15.35.140 and 1971 ex.s. c 230 s 14 are each amended to read as follows:

(1) The director shall establish a system of classifying, pricing, and pooling of all milk used in each market area established under RCW 15.35.110.

Such prices may reflect adjustments based on the value of component parts of each producer's milk.

Sec. 11. RCW 15.35.150 and 1971 ex.s. c 230 s 15 are each amended to read as follows:

(1) Under a market pool and as used in this section, "quota" means a producer's portion of the total sales of (~~class-I~~) milk in fluid form in a market area plus a reserve determined by the director.

(2) The director (~~shall~~) may in each market area subject to a market plan establish each producer's initial quota in the market area. Such initial quota shall be determined by the department after due notice and the opportunity for a hearing as provided in chapter 34.05 RCW. In making this determination, consideration shall be given to a history of the producer's production record.

In any system of establishing quotas, provision shall be made for new producers to qualify for allocation of quota in a reasonable proportion and for old and new producers to participate in any new (~~class-I~~) increase in fluid milk sales in a reasonable proportion. The director may establish a method to proportionately decrease quota allocations in the event decreases in fluid milk consumption occur.

All subsequent changes or new quota issued shall be determined by the department after due notice and the opportunity for a hearing as provided in chapter 34.05 RCW.

Sec. 12. RCW 15.35.170 and 1971 ex.s. c 230 s 17 are each amended to read as follows:

Quotas provided for in this chapter may not in any way be transferred without the consent of the director. Regulations regarding transfer of quotas shall be determined by the department after due notice and the opportunity for a hearing as provided in chapter 34.05 RCW. Any contract for the transfer of quotas, unless the transfer has previously been approved by the director, shall be null and void. The director shall make rules and regulations to preclude any person from using a corporation as a device to evade the provisions of this section. The quotas assigned

to any ~~((corporation))~~ producer shall become null and void as of any time the ~~((corporation))~~ producer does not own the means of production to which the quotas pertain. Quotas shall in no event be considered as property ~~((not to))~~ and may be taken or abolished by the state without compensation.

Sec. 13. RCW 15.35.180 and 1971 ex.s. c 230 s 18 are each amended to read as follows:

The director shall examine and audit not less than one time each year or at any other such time ~~((he))~~ the director considers necessary, the books and records, and may photostat such books, records, and accounts of milk dealers and cooperatives licensed or believed subject to license under this chapter for the purpose of determining:

(1) How payments to producers for the milk handled are computed and whether the amount of such payments are in accordance with the applicable marketing plan;

(2) If any provisions of this chapter affecting such payments directly or indirectly have been or are being violated.

No person shall in any way hinder or delay the director in conducting such examination.

The director may accept and use for the purposes of this section any audit made for or by a federal milk market order administrator which provides the information necessary for such purposes.

Sec. 14. RCW 15.35.230 and 1971 ex.s. c 230 s.23 are each amended to read as follows:

(1) Application for each milk dealer's license shall be accompanied by an annual license fee ~~((of five dollars))~~ to be established by the director by rule.

(2) If an application for the renewal of a milk dealer's license is not filed on or before the first day of an annual licensing period a late fee of ((three dollars)) up to one-half of the license fee shall be assessed and added to the original fee and shall be paid by the applicant before the renewal license shall be issued: PROVIDED, That such additional assessment shall not apply if the applicant furnishes an affidavit that ((he)) the applicant has not acted as a milk dealer subsequent to the expiration of his or her prior license.

Sec. 15. RCW 15.35.250 and 1971 ex.s. c 230 s 25 are each amended to read as follows:

There is hereby levied upon all milk sold or received in any marketing area subject to a marketing plan established under the provisions of this chapter an assessment, not to exceed five cents per one hundred pounds of all such milk, to be paid by the producer of such milk. Such assessment shall be collected by the first milk dealer who receives or handles such milk from any producer or his agent subject to such marketing plan and shall be paid to the director for deposit into the agricultural local fund.

The amount to be assessed and paid to the director under any marketing plan shall be determined by the director within the limits prescribed by this section and shall be determined according to the necessities required to carry out the purpose and provisions of this chapter under any such marketing plan.

Upon the failure of any dealer to withhold out of amounts due to or to become due to a producer at the time a dealer is notified by the director of the amounts to be withheld and upon failure of such dealer to pay such amounts, the director subject to the provisions of RCW 15.35.260, may revoke the license of the dealer required by RCW 15.35.230. The director may commence an action against the dealer in a court of competent jurisdiction in the county in which the dealer resides or has his principal place of business to collect such amounts. If it is determined upon such action that the dealer has wrongfully refused to pay the amounts the dealer shall be required to pay, in addition to such amounts, all the costs and disbursements of the action, to the director as determined by the court. If the director's contention in such action is not

sustained, the director shall pay to the dealer all costs and disbursements of the action as determined by the court.

Sec. 16. RCW 15.35.310 and 1971 ex.s. c 230 s 31 are each amended to read as follows:

(1) The provisions of this chapter shall not apply to ((a producer who acts as a milk dealer only for milk he produces on his own dairy farm from cows which he owns or is purchasing: PROVIDED, That such producer shall lease or own his processing facilities, or that he shall not have more than seventy five percent of the milk he produces processed, bottled, or packaged by another milk dealer or producer who acts as a dealer: PROVIDED FURTHER, That such milk producer shall remain exempt from the provisions of this chapter if he purchases not more than ten percent of the milk he handled from another producer or milk dealer and if he sells any excess production from his farm or farms to the pool at the lowest use classification price)) persons designated as producer-dealers, except that:

(a) The director may require pursuant to RCW 15.35.100 any information deemed necessary to verify a producer-dealer's status as a producer-dealer; and

(b) A producer-dealer shall comply with all requirements of this chapter applicable to milk dealers, except those which the director may deem unnecessary.

(2) The director shall upon request designate producer-dealers and adopt rules governing eligibility for designation of a producer-dealer and cancellation of such designation. To receive such designation, a producer-dealer shall, at a minimum:

(a) In its capacity as a handler, have and exercise complete and exclusive control over the operation and management of a plant at which it handles and processes milk received from its own milk production resources and facilities as designated in subsection (4)(a) of this section, the operation and management of which are under the complete and exclusive control of the producer-dealer in its capacity as a dairy farmer;

(b) Neither receive at its designated milk production resources and facilities nor receive, handle, process, or distribute at or through any of its milk handling, processing, or distributing resources and facilities, as designated in subsection (4)(b) of this section, milk products for reconstitution into fluid milk products, or fluid milk products derived from any source other than (i) its designated milk production resources and facilities, (ii) other milk dealers within the limitation specified in subsection (2)(e) of this section, or (iii) nonfat milk solids which are used to fortify fluid milk products;

(e) Not handle fluid milk products derived from sources other than the designated milk production facilities and resources, except for fluid milk product purchased from pool plants which do not exceed in the aggregate a daily average during the month of one hundred pounds.

(3) Designation of any person as a producer-dealer following a cancellation of its prior designation shall be preceded by performance in accordance with subsection (2) of this section for a period of one month.

(4) Designation of a person as a producer-dealer shall include the determination and designation of the milk production, handling, processing, and distributing resources and facilities, all of which shall be deemed to constitute an integrated operation, as follows:

(a) As milk production resources and facilities: All resources and facilities, milking herd, buildings housing such herd, and the land on which such buildings are located, used for the production of milk:

(i) Which are directly, indirectly, or partially owned, operated, or controlled by the producer-dealer;

(ii) In which the producer-dealer in any way has an interest including any contractual arrangement; and

(iii) Which are directly, indirectly, or partially owned, operated, or controlled by any partner or stockholder of the producer-dealer. However, for purposes of this item (4)(a)(iii) any such milk production resources and facilities which the producer-dealer proves to the satisfaction of the director do not constitute an actual or potential source of milk supply for the producer-dealer's operation as such shall not be considered a part of the producer-dealer's milk production resources and facilities; and

(b) As milk handling, processing, and distributing resources and facilities: All resources and facilities including store outlets used for handling, processing, and distributing any fluid milk product:

(i) Which are directly, indirectly, or partially owned, operated, or controlled by the producer-dealer; or

(ii) In which the producer-dealer in any way has an interest, including any contractual arrangement, or with respect to which the producer-dealer directly or indirectly exercises any degree of management or control.

(5) Designation as a producer-dealer shall be canceled automatically upon determination by the director that any of the requirements of subsection (2) of this section are not continuing to be met, such cancellation to be effective on the first day of the month following the month in which the requirements were not met, or the conditions for cancellation occurred.

NEW SECTION. Sec. 17. The following acts or parts of acts are each repealed:

On motion of Senator Barr, the rules were suspended, Engrossed Senate Bill No. 5476 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Senator Bailey, I was listening quite intently and I heard you say that the consumers were going to benefit."

Senator Bailey: "Yes."

Senator Rasmussen: "I'm not so sure, but I want to ask you a question. It says, 'Establish classification of processed milk and milk products'-nothing wrong with that--and a minimum price.' Now, my question to you, Senator Bailey, is that a price that controls other states importing milk into this state?"

Senator Bailey: "No, it will be for the producers in the state of Washington. It does not control price of milk imported into this state."

Senator Rasmussen: "So, if I am a producer in Idaho or Oregon and you set the minimum price here for those people having cows, I can come in with my milk to the market or the consumer at any price that I wish?"

Senator Bailey: "Yes, however, I should add that the state of Oregon has a state process similar to what we are discussing here; the state of California also has that process. Idaho does not."

Senator Rasmussen: "So, this would mean that we would have price fixing all along the coast?"

Senator Bailey: "No, I think this would provide for the dairy farmers of Washington a stable market for their product. I think it would provide for the consumers, a stable price of the product. I think it is important in the state of Washington that we have our family dairy farms allowed to remain established in this state and not go to the large factory producers that we see in other areas."

Senator Rasmussen: "That has not relieved my mind, Senator Bailey. Your intentions are good. I'm not sure that price fixing is ever good for the consumer. Thank you for the information."

Senator Bailey: "I would like to say that this is not price fixing."

Further debate ensued.

POINT OF INQUIRY

Senator Niemi: "Senator Bailey, actually I have two questions. First, will this pricing bear any relationship to the cost of producing the milk and secondly, will these people that are in the pool hold their discussions in public or will they make their decisions privately as to what the price of milk will be?"

Senator Bailey: "The discussions will be in public. I think that all the meetings that I know amongst the dairy farmers have been public for a long, long time and I think it will continue to be that way. Your second question, Senator Niemi, was--"

Senator Niemi: "Will the price bear any relationship to the cost of production?"

Senator Bailey: "Well, we hope that the price will be such that the family farms can survive in the state of Washington. I feel, and I hope you feel, that family farms in this state, and I am thinking not only in western Washington, but the eastern part of our state, that those family farms can

survive. I hope that the price will be adequate to meet the market needs and be adequate so they can survive."

Further debate ensued.

POINT OF INQUIRY

Senator Talmadge: "I would appreciate it if Senator Barr and Senator Bailey would yield to a question with respect as to whether or not the Office of the Attorney General has reviewed this from the standpoint of whether we have a serious risk or exposure for anti-trust liability, if the state condones the establishment of a fixed price for various kinds of milk products--and then someone decides at a later date that type of price fixing might be a violation of our states' Consumer Protection Act or the Federal Anti-trust Law?"

REMARKS BY SENATOR NEWHOUSE

Senator Newhouse: "Madam President and ladies and gentlemen. Having had some experience in the area of dairying, this would be a two-price system, in effect, and it is common in certain commodities where there are different uses of the same commodity. In effect, you try to have a guaranteed supply so that the babies around the state always have milk. It doesn't always happen, because milk production increases seasonally.

"What does not go into the bottle, then must be used for manufacturing purposes and under the lower price. We have a situation on the west coast where California has such a two-priced system and their manufacturers have an advantage over our manufacturers. The fresh market situation is not much different. We are going to be in a market situation where we are producing surplus almost year around and certainly in the summer season and spring. If we don't have a two-priced situation like this, where the bottle milk, to a certain extent, subsidizes the manufacturing milk, our dairy men are going to be going out of business.

"It has been such a two priced system, a little price fixing under the federal order, up until this 1991--I believe it is--farm bill which Congress really never completed. We are in a tough situation in our dairying in this state unless we have some kind of a situation that will get us a market for our manufacturing products--an assured market--and that is being developed. We have a large plant in my area that is being built by Darigold, but we dearly need this two-priced system, so that the bottle milk will, to a certain extent, subsidize the manufacturing milk and we can be competitive in the products we put out with other states, such as Wisconsin and California where they produce an awful lot of milk."

Further debate ensued.

The President Pro Tempore declared the question before the Senate to be the roll call on the final passage of Engrossed Senate Bill No. 5476.

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Senator Cantu, what you are indicating is that if I have a small business and I come into and I wish to talk to them and see where I can get some help financing exports, that I may not want my competition in there looking over my shoulder when I'm talking to them, is that right?"

Senator Cantu: "That is correct."

Limiting the strict liability of pharmacists.

MOTIONS

On motion of Senator Nelson, Substitute Senate Bill No. 5466 was substituted for Senate Bill No. 5466 and the substitute bill was placed on second reading and read the second time.

Senator Talmadge moved that the following amendment by Senators Talmadge and McMullen be adopted:

On page 1, line 13, after "prescriptions." insert the following:

NEW SECTION. Sec. 2. A new section is added to chapter 18.64. RCW to read as follows:

All nonlegend or nonprescription drugs as defined by RCW 18.64.011(5) which are available in capsule form shall be stored and secured in such manner to be safe from public access except to a person purchasing such drugs who shall request a

pharmacist licensed under chapter 18.64 RCW to inspect such product for evidence of tampering or alteration prior to permitting the drug to be sold.

POINT OF ORDER

Senator Nelson: "Madam Chair, I rise to a point of order. I would ask the President to rule on scope and object of this amendment. This measure deals primarily with the licensing provisions of pharmacists in the state of Washington and only in one part of the bill does it open up Chapter 18.64. As much as I sympathize with the area that the proposer of this amendment wishes to carry us, the amendment is, in itself, the basis for a measure that could be introduced and discussed by this body.

"This particular issue that is before us in the bill primarily deals with licensing and the particular liability of a licensed pharmacist relative to the legend drugs that are being provided, not non-legend drugs. I would point out to the President that in this amendment the requirement on the part of the purchaser is expressly pointed out by saying that the person purchasing such drugs who shall request a pharmacist licensed under this chapter to open up the package. There certainly is a certain degree of freedom of choice here where the person may not wish to have that happen and we are, all of a sudden, demanding that the purchasers of packaged pills and the rest, have the pharmacists open them up. I think the amendment goes well beyond what the intent of this measure is."

Further debate ensued.

On motion of Senator Newhouse, further consideration of Substitute Senate Bill No. 5466 was deferred.

MOTION

On motion of Senator McMullen, the following amendment by Senators Gaspard, Murray, McMullen and Snyder was adopted:

On page 1, line 6, after "on the" strike "fifteenth" and insert "thirtieth"

POINT OF INQUIRY

Senator Vognild: "Before we bump this bill, I wonder if I could ask the sponsor of intent, because I have a little concern that the bill does not do what a lot of us thought it did. Senators, as I am reading this bill and I've read it about four or five times and I get a little bit different application each time. It would appear to me that we have included state-wide officials, and I'm not sure that we really meant to. They are here year round; they have nothing to do with session. More importantly, it appears to me that if you had a hotly contested legislative race that a candidate for that position could raise money during an entire session before us--a year round type thing--yet a legislator would be prohibited. Was it your intention that no legislative candidates, incumbent or otherwise, could raise money before, during and immediately after a session?"

Senator Erwin: "Senator Vognild, no it was not. My intent was to simply clarify existing law and to restore some public confidence in what we are doing down here and I think this bill, and I don't speak to the historical perspective, but I think this bill does just that."

Senator Vognild: "Senator, I'm not opposed to that--to what you are trying--but what I am concerned about is, let's take the state-wide race. Many state-wide races last over a year. Now, what this means, the way I read it, is that in a hotly contested state race that an individual who was connected with the Legislature or presently elected would be prohibited from raising any funds for a period of one hundred and five plus sixty--a hundred and sixty five day period--while his opponent could be raising funds the whole time and I think we should have a more level playing field and I think we can do it with a simple amendment if you wish."

MOTION

Senator Nelson moved that the rules be suspended and Engrossed Senate Bill No. 5424 be advanced to third reading, the second reading considered the third and the bill be placed on final passage.

OBJECTION TO MOTION

Senator Vognild objected to the motion to advance Engrossed Senate Bill No. 5424 to third reading and final passage.

SECOND READING

SENATE BILL NO. 5116, by Senators Murray, Bailey, Thorsness, Gaspard, A. Smith, Rinehart, Madsen, Talmadge, Bauer and Erwin (by request of Task Force on Student Transportation Safety)

Allowing school bus drivers to report violators.

MOTIONS

On motion of Senator Bailey, Substitute Senate Bill No. 5116 was substituted for Senate Bill No. 5116 and the substitute bill was placed on second reading and read the second time.

On motion of Senator Bailey, the rules were suspended, Substitute Senate Bill No. 5116 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator McCaslin: "Senator Murray, I really support the bill, but I guess I have a question as far as the legality. If a video camera takes a picture of a car that goes by a school bus, do we also have one synchronized taking a picture of the bus stop with the red lights flashing? The first question--I guess if I was Senator Talmadge who is an extremely wonderful and talented attorney--is that when you take a picture of the car, was it actually passing the bus while it was stopped with the red lights on?"

Senator Murray: "Senator McCaslin, what we heard from bus drivers is when they see a car passing them illegally, the first thing they need to do is to stop the kids who are getting off the bus, so they want to stop the doors, call the kids and yell at them to stop and they can't turn around and watch for that license plate number and write it down at the same time. The picture will just be taken of that license plate, the same as if they were writing it down so that they can use it to turn in to the police, to go after that violator. I'll let Senator Talmadge answer that. I think he has had some interesting experience with the same type of incident."

REMARKS BY SENATOR TALMADGE

Senator Talmadge: "Thank you, Mr. President. Actually, in response to Senator McCaslin's question, in Seattle, we had the problem with kids cruising down Alki Beach that raised some real serious problems. The city of Seattle, passed an anti-cruising ordinance and as part of their enforcement efforts, they installed video cameras that have time, date, etc. in the actual picture. If people pass that camera more than a couple of times--you know--in such and such period of time, then they would be susceptible to conviction under that anti-cruising ordinance. It stopped the cruising problem in Alki altogether.

"I suspect that the same kind of thing, from a technical standpoint, would be present for Senator Murray's proposed camera on the busses. You have the time, place and location, and I think you could synchronize it to some extent with what would be happening externally to the bus."

POINT OF INQUIRY

Senator Patterson: "Senator Bailey, how many video cameras does forty-five thousand dollars buy?"

Senator Bailey: "I would like you to ask that question of Senator Murray, because she served on the technical committee for school bus safety, but it is with one school district. Senator Murray, would you--"

REMARKS BY SENATOR MURRAY

Senator Murray: "I will and my recollection was that it would cover one hundred and sixty busses. I can find that out for you if you would like for me to. We were going to try that out in one school district to start with."

Senator Patterson: "I guess this leads me to my next question--whether or not the Superintendent of Public Instruction--receiving a state grant of forty-five thousand dollars, whether or not we are saying that if the test proves successful, which I hope it does, who will carry the liability for providing video cameras for every school district in the state of Washington? That is my concern."

Senator Murray: "Mr. President, I would respond to that in that we do not require busses to put this on, nor are we asking that we require busses to do it. What we are trying to do is do a pilot project to see whether it works or not and my assumption is that if it does that other school districts will do it afterwards on their own or perhaps through SPI."

Senator Patterson: "In other words, we are suggesting that if it proves to be successful, and as I say, I hope it does, that it would be prudent for every school district to budget to cover the cost of putting video cameras on everyone of their school busses, but out of their funds?"

The Vice President Pro Tempore declared the question before the Senate to be the roll call on the final passage of Substitute Senate Bill No. 5116.

There being no objection, the Senate resumed consideration of Substitute Senate Bill No. 5466 and the pending amendment by Senators Talmadge and McMullen on page 1, line 13, deferred earlier today.

RULING BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Craswell: "In ruling upon the point of order raised by Senator Nelson, the President finds that Substitute Senate Bill No. 5466 is a measure which relates to civil liability of pharmacists as a result of dispensing prescription products manufactured by commercial manufacturers.

"The amendment proposed by Senators Talmadge and McMullen would limit public access to all nonlegend or nonprescription drugs in capsule form, and would require pharmacists to inspect such drugs prior to sale.

"The President, therefore, finds that the proposed amendment does change the scope and object of the bill and that the point of order is well taken."

The amendment by Senators Talmadge and McMullen on page 1, line 13, to Substitute Senate Bill No. 5466 was ruled out of order.

MOTION

On motion of Senator Nelson, the rules were suspended, Substitute Senate Bill No. 5466 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

POINT OF INQUIRY

Senator Talmadge: "Senator Nelson, I am a supporter of the bill, but I wanted a clarification of two points specifically with respect to this legislation. The first is, if the pharmacist is dispensing legend drugs or non-prescription drugs, I presume under those circumstances that the pharmacist would remain a product seller. This is only designed to deal with circumstances where the pharmacist is dispensing drugs pursuant to a prescription from a physician."

Senator Nelson: "Could you repeat the question--say that again?"

Senator Talmadge: "I would presume, Senator Nelson, under this legislation that where the pharmacist is one who is dispensing a non-prescription product and is not dealing with a set of circumstances where there is a physician's prescription that that pharmacist would be a product seller under the product liability act."

Senator Nelson: "That is correct."

Senator Talmadge: "The second question is, with respect to this bill, if the pharmacist does anything in the way of a negligent act with respect to how that pharmacist responds to the physician's written prescription, then the pharmacist remains liable for any fault that the pharmacist might have in dispensing the prescription?"

Senator Nelson: "That is correct, as well."

POINT OF INQUIRY

Senator Rasmussen: "Senator Nelson, maybe I heard wrong, did you say that this had an emergency clause? We deleted it in the substitute."

Senator Nelson: "I beg your pardon, Senator Rasmussen. You are absolutely correct. We deleted the emergency clause in the substitute bill and I stand corrected."

MOTION

Senator Newhouse moved that the Committee on Governmental Operations be relieved of further consideration of Senate Bill No. 5337 and that Senate Bill No. 5337 be referred to the Committee on Ways and Means.

POINT OF ORDER

Senator Gaspard: "Mr. President, I would like to raise a point of order on that motion. I believe that bill would be in violation of House Concurrent Resolution No. 4402 which the two bodies of the Legislature have passed, which established a cut off date for bills to be out of committee. This particular measure did not come out of the committee by the cut-off date that we had for March 6, the fifty-second day, which states that all committee reports in the house of origin have to come out except those that are reports from the Ways and Means Committee. Therefore, I would argue that would be in violation of the concurrent resolution and in order to have this motion properly before us, we would have to amend the House Concurrent Resolution, which would take both bodies to do so."

Further debate ensued.

REPLY BY THE PRESIDENT

President Pritchard: "Senator Gaspard, the Chair feels that the body can refer a bill to any committee it wants to and the point of order then would be raised when it comes from that committee to the floor for consideration. At that time, the Chair will rule."

REMARKS BY SENATOR RASMUSSEN

Senator Rasmussen: "Well, Mr. President, I am not going to challenge your suggestion--and you are not making a ruling as yet--but it would seem to me that we all went home and went to sleep with a comfortable thought that if a bill did not come out of the committee that it had been referred to, that there they stayed, unless they were suddenly reincarnated and come up in an amendment or something, but this is not an amendment, but this is clearly a violation of our joint rules that we agreed to--bold faced--that it would be abided by. I would ask the President to take a long look to see whether or not we want to keep moving around bills that are dead."

REPLY BY THE PRESIDENT

President Pritchard: "Senator Rasmussen, we will certainly take a long look at it when it comes to the floor. If it does come to the floor, then we would rule on it, but as long as the body wants to move them from committee to committee, that is their business. As I am advised, it says under the rules that we are operating under right now that we can do that."

Senator Gaspard demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on the motion by Senator Newhouse to relieve the Committee on Governmental Operations of Senate Bill No. 5337 and that Senate Bill No. 5337 be referred to the Committee on Ways and Means.

ROLL CALL

The Secretary called the roll and the motion by Senator Newhouse to relieve the Committee on Governmental Operations of Senate Bill No. 5337 carried by the following vote: Yeas, 25; Nays, 20; Absent, 0; Excused, 4.

Voting yea: Senators Amondson, Anderson, Bailey, Barr, Bluechel, Cantu, Craswell, Erwin, Hayner, Johnson, Matson, McCaslin, McDonald, Metcalf, Nelson, Newhouse, Oke, Patterson, Roach, Saling, Sellar, L. Smith, Thorsness, von Reichbauer, West - 25.

Voting nay: Senators Bauer, Conner, Gaspard, Jesernig, L. Kreidler, Madsen, McMullen, Murray, Niemi, Pelz, Rasmussen, Rinehart, Skratek, A. Smith, Snyder, Stratton, Sutherland, Vognild, Williams, Wojahn - 20.

Excused: Senators Hansen, Moore, Owen, Talmadge - 4.

The Committee on Governmental Operations was relieved of further consideration of Senate Bill No. 5337 and Senate Bill No. 5337 was referred to the Committee on Ways and Means.

MOTION

At 10:36 a.m., on motion of Senator Newhouse, the Senate adjourned until 9:00 a.m., Monday, March 11, 1991.

I don't think so; I don't think that is the intent and I would like to have some clarification of this before this bill is passed."

MOTION

On motion of Senator von Reichbauer, the rules were suspended, Engrossed Substitute Senate Bill No. 5590 was advanced to third reading, the second reading considered the third and the bill was placed on final passage. Debate ensued.

MOTION

Excused: Senator Snyder - 1.

ENGROSSED SUBSTITUTE SENATE BILL NO. 5590, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

SENATE BILL NO. 5797, by Senators McCaslin, Thorsness, L. Smith, Matson, Amondson, Hayner, Newhouse, Oke, Anderson, Barr, Sellar, Johnson, Cantu and Patterson

Requiring that compensation be paid when private property is diminished in value for a public purpose.

The bill was read the second time.

MOTIONS

On motion of Senator McCaslin, the following amendment was adopted:

On page 2, at the beginning of line 23, strike all material through "days" on line 25, and insert "~~((in excess of those allowed by applicable regulations in effect on the date an application for a permit is filed))~~"

Senator Pelz moved that the following amendment be adopted:

On page 3, line 20, after "interest" insert ". "Acts of an agency" include but are not limited to site authorization to build a power-plant, power-plant transmission lines, prisons, new highways or roads, airports, or new airplane factories"

Debate ensued.

POINT OF INQUIRY

Senator Pelz: "Senator McCaslin, if a nuclear power plant was built in a community or a coal-fired powered power plant, would not the people in the vicinity of that plant be able to claim that the economic value of their property was diminished and would they be able to seek relief under this bill?"

Senator McCaslin: "They might claim it, but, of course, I don't think we are going to have any more nuke plants. We've got several sitting now and perhaps you might come up with a better example."

Senator Pelz: OK, how about an airport?"

Senator McCaslin: "An airport?"

Senator Pelz: "Right."

Senator McCaslin: "Well, I think it would be a long, drawn out affair as far as EIS statements and getting approval by either the county or by the state."

Senator Pelz: "But, if an airport were sited--say if we had to build another airport in the Puget Sound metropolitan area--would not all the home owners, in this bill, in the flight path, which as we know is a very broad area, would not all the home owners in the flight path of that new airport be able to seek relief under this bill?"

Senator McCaslin: "They may or not. You know we can seek relief under any bill--but whether or not--it could be summarily dismissed in court, too, so I can't predict what the courts are going to do until the actual signing of the bill becomes statute. I really can't say. That is conjecture and I think it is good merit and good meat for discussion, but I don't think either one of us can make that decision here."

The President declared the question before the Senate to be the adoption of the amendment by Senator Pelz on page 3, line 20 to Senate Bill No. 5797.

The motion by Senator Pelz failed and the amendment was not adopted.

MOTION

On motion of McCaslin, the rules were suspended, Engrossed Senate Bill No. 5797 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Skratek: "Senator McCaslin, I somewhat like this bill. I come from an area where we have a lot of growth concerns and I just want to make sure that it is going to cover the types of things I have heard raised. I have a group--Covington Neighbors Council--that is very concerned about an area that is being zoned urban. That zoning as urban has raised questions in their mind about the value of their property interest. They moved there to be in a rural community. As I read this bill, they would have the right now to sue for the loss of the value of their property as a rural community. Is that accurate?"

Senator McCaslin: "If there is a diminishing of value caused by an agency, then they would have the right to sue."

Senator Skratek: "So, they could sue King County then, for example?"

Senator McCaslin: "I'm not saying, they'd win, though. I want that clearly understood."

Senator Skratek: "I understand that, but this bill would allow them to pursue that in court, then?"

Senator McCaslin: "If they could prove that because of the act of King County, their property lost value--because of their actions--they would have the right to sue. However, as we all know, you have a right to sue now and there are all kinds of attorneys out there happy to take your case, whether you have merit or not."

Further debate ensued.

The President declared the question before the Senate to be the roll call on the final passage of Engrossed Senate Bill No. 5797.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 5797 and the bill passed the Senate by the following vote: Yeas, 39; Nays, 9; Absent, 0; Excused, 1.

Smith, L. Smith, Stratton, Sutherland, Thorsness, Vognild, von Reichbauer, West - 39.

Voting nay: Senators Conner, L. Kreidler, Moore, Niemi, Pelz, Rinehart, Talmadge, Williams, Wojahn - 9.

There being no objection, the Senate resumed consideration of Senate Bill No. 5424, deferred on second reading March 7, 1991, after an amendment by Senators Gaspard, Murray, McMullen and Snyder on page 1, line 6, was adopted.

MOTION

Senator Vognild moved that the following amendment be adopted:

On page 1, line 10 after "adjourns," insert "no candidate as defined by RCW 42.17.020(5),"

On page 36, after line 5, insert the following:

Sec. 31. RCW 36.70A.070 and 1990 1st ex.s. c 17 s 7 are each amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140.

Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of ground water used for public water supplies. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound. The land use element shall provide for the prevention and management of storm waters caused by land uses, and shall include level of service standards for storm water management. The standards shall address storm water detention and retention facilities, density controls, and other means to prevent increases in peak flood flows that exceed the capacity of natural watercourses receiving such waters.

(2) A housing element recognizing the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs; (b) includes a statement of goals, policies, and objectives for the preservation, improvement, and development of housing; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement

to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The rural element shall permit land uses that are compatible with the rural character of such lands and provide for a variety of rural densities.

(6) A transportation element that implements, and is consistent with, the land use element. The transportation element shall include the following subelements:

(a) Land use assumptions used in estimating travel;

(b) Facilities and services needs, including:

(i) An inventory of air, water, and land transportation facilities and services, including transit alignments, to define existing capital facilities and travel levels as a basis for future planning;

(ii) Level of service standards for all arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(iii) Specific actions and requirements for bringing into compliance any facilities or services that are below an established level of service standard;

(iv) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(v) Identification of system expansion needs and transportation system management needs to meet current and future demands;

(c) Finance, including:

(i) An analysis of funding capability to judge needs against probable funding resources;

(ii) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems;

(iii) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(d) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(e) Demand-management strategies.

After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6) "concurrent with the development" shall mean that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years.

The transportation element described in this subsection, and the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, must be consistent.

Renumber the remaining sections consecutively and correct any internal references accordingly.

Debate ensued.

The President declared the question before the Senate to be the adoption of the amendment by Senator Talmadge on page 36, after line 5, to Substitute Senate Bill No. 5411.

The motion by Senator Talmadge failed and the amendment was not adopted.

MOTION

Senator Metcalf moved that the following amendment by Senators Metcalf and Skratek be adopted:

On page 38, after line 25, insert the following:

NEW SECTION. Sec. 32. (1) The legislature finds that:

(a) Washington state is characterized by high annual rainfall including locally exceptional precipitation causing high flood peaks;

(b) Such events cause enormous property damage and personal injury that are devastating to many individuals and present high costs to the state for emergency services, disaster assistance, and the repair and replacement of roads, bridges, utilities, and other public works;

(c) Inadequate storm water planning and controls contribute to the magnitude of flooding events, and, additionally, cause damage on a more frequent basis during lesser storm events;

(d) Many land uses alter the pattern of storm water runoff by decreasing the ability of upstream lands to store storm waters, thus increasing the rate of runoff and attendant downstream impacts; and

(e) Many land use developments for residential, commercial, or industrial activities employ natural watercourses for storm water conveyance, and if such systems are not properly designed, the capacity of the watercourse may be exceeded, causing downstream damage;

(2) It is the intent of the legislature to:

(a) Define a minimum standard to guide all land use development activities employing natural watercourses for storm water conveyance; and

(b) Overrule the "common enemy" doctrine adopted by the Washington courts which often works to preclude the recovery of damages by landowners against upstream landowners whose actions have exceeded the natural storm water conveyance capacity of a natural watercourse.

NEW SECTION. Sec. 33. A new section is added to chapter 90.03 RCW to read as follows:

(1) No person may divert, impound, or otherwise alter the natural flow of surface waters or water flowing in a natural watercourse, or permit a diversion, impounding, or alteration to continue, in a manner that damages the property of another by the overflow of the water diverted, impounded, or altered.

(2) A person unlawfully diverting, impounding, or altering the natural flow of surface waters or water flowing in a natural watercourse shall be liable in an action for property damages to a person whose property is damaged by such unlawful diversion, impoundment, or alteration. Such person shall not be liable under this section where the action was taken in compliance with a permit issued by a state agency or local government that includes requirements for management of storm water.

(3) For purposes of this section, "natural watercourse" means a channel with a defined bed and banks or a depression or swale that in its natural condition acts to drain water flowing perennially or intermittently.

(4) This section shall not apply to the diversion and collection of water for irrigation of agricultural lands, including the discharge of used irrigation water.

(5) This section shall apply only to actions taken subsequent to the effective date of this act.

Sec. 34. RCW 36.70A.150 and 1990 1st ex.s. c 17 s 15 are each amended to read as follows:

Each county and city that is required or chooses to prepare a comprehensive land use plan under RCW 36.70A.040 shall identify lands useful for public purposes such as utility corridors, transportation corridors, landfills, sewage treatment facilities, storm water retention, recreation, schools, and other public uses. The county shall work with the state and the cities within its borders to identify areas of shared need for public facilities. The jurisdictions within the county shall prepare a prioritized list of lands necessary for the identified public uses including an estimated date by which the acquisition will be needed.

The respective capital acquisition budgets for each jurisdiction shall reflect the jointly agreed upon priorities and time schedule.

Sec. 35. RCW 82.02.090 and 1990 1st ex.s. c 17 s 48 are each amended to read as follows:

Unless the context clearly requires otherwise, the following definitions shall apply in RCW 82.02.050 through 82.02.090:

(1) "Development activity" means any construction or expansion of a building, structure, or use, any change in use of a building or structure, or any changes in the use of land, that creates additional demand and need for public facilities.

(2) "Development approval" means any written authorization from a county, city, or town which authorizes the commencement of development activity.

(3) "Impact fee" means a payment of money imposed upon development as a condition of development approval to pay for public facilities needed to serve new growth and development, and that is reasonably related to the new development that creates additional demand and need for public facilities, that is a proportionate share of the cost of the public facilities, and that is used for facilities that reasonably benefit the new development. "Impact fee" does not include a reasonable permit or application fee.

(4) "Owner" means the owner of record of real property, although when real property is being purchased under a real estate contract, the purchaser shall be considered the owner of the real property if the contract is recorded.

(5) "Proportionate share" means that portion of the cost of public facility improvements that are reasonably related to the service demands and needs of new development.

(6) "Project improvements" mean site improvements and facilities that are planned and designed to provide service for a particular development project and that are necessary for the use and convenience of the occupants or users of the project, and are not system improvements. No improvement or facility included in a capital facilities plan approved by the governing body of the county, city, or town shall be considered a project improvement.

(7) "Public facilities" means the following capital facilities owned or operated by government entities: (a) Public streets and roads; (b) publicly owned parks, open space, and recreation facilities; (c) storm water management facilities; (d) school facilities; and ~~((d))~~ (e) fire protection facilities in jurisdictions that are not part of a fire district.

(8) "Service area" means a geographic area defined by a county, city, town, or intergovernmental agreement in which a defined set of public facilities provide service

to development within the area. Service areas shall be designated on the basis of sound planning or engineering principles.

(9) "System improvements" mean public facilities that are included in the capital facilities plan and are designed to provide service to service areas within the community at large, in contrast to project improvements.

NEW SECTION. Sec. 36. A new section is added to chapter 36.70A RCW to read as follows:

Within one year of the adoption of comprehensive plans by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, such jurisdictions shall adopt ordinances that require the provision of storm water management facilities concurrently with development approval and that meet the standards for level of service provided in the comprehensive plan.

NEW SECTION. Sec. 37. Sections 32, 33, 34, 35, and 36 of this act shall apply only to actions and jurisdictions west of the crest of the Cascade Mountains, and shall not apply within any portion of Skamania county.

POINT OF ORDER

Senator Barr: "A point of order, Mr. President. If that is the proper time to do this I would like to raise the point of order and raise the point of scope and object of this amendment to this bill. I definitely believe that this amendment is outside of the scope of the bill. It deals with developmental regulations--definitely deals with developmental regulations--while the flood bill deals with the retention of water and controlling floods in the state of Washington. It overrules the common enemy doctrine. Now, sometimes we wish that could be done, but I think in doing that, in this case, under this bill, that it is out of order. It deals with liability--liability of who is liable to who--and I think that would be another reason why it would be outside the scope of this measure."

Further debate ensued.

POINT OF ORDER

Senator Newhouse: "A point of order, Mr. President. The understanding was that one member could speak on each side of a point of order only, as I understand it."

REPLY BY THE PRESIDENT

President Pritchard: "Well, we hadn't been going by that at this point. Is this in the rules? It is the procedure we've followed, but it is not in the rules, so at this point we will allow Senator Talmadge to continue and then I'll talk to you about that Senator. Go ahead."

Further debate ensued.

MOTION

On motion of Senator Newhouse, further consideration of Substitute Senate Bill No. 5411 was deferred.

MOTION

At 12:07 p.m., on motion of Senator Newhouse, the Senate recessed until 1:00 p.m.

RULING BY THE PRESIDENT

President Pritchard: "In ruling upon the point of order raised by Senator Barr, the President finds that Substitute Senate Bill No. 5411 is a measure which requires state and local agencies to adopt policies to prevent and minimize flood damage. The bill expands the definition of damages in the Flood Plain Management Act. The bill further changes several statutes to provide priority treatment and/or time limits for action on flood control projects and establishes a Watercourse Management Task Force to be coordinated by the Department of Community Development.

"The amendment proposed by Senator Metcalf and Skratek in a number of aspects is consistent with the bill. However, it also sets forth a new standard for property damage liability between private property owners.

"The President, therefore, finds that the proposed amendment does change the scope and object of the bill and the point of order is well taken."

The amendment by Senators Metcalf and Skratek on page 38, after line 25, to Substitute Senate Bill No. 5411 was ruled out of order.

On motion of Senator Bailey, the rules were suspended, Engrossed Senate Concurrent Resolution No. 8400 was advanced to third reading, the second

reading considered the third and the concurrent resolution was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: "Senator Bailey, I can see far-sighted, too. I can't see what is going to happen in the year 2001 and I am wondering what this vision is going to do for education. I thought the Doran decision down here in the court had a little vision, but I can't see anything in this one that tells me anything. What are we doing to assist in educating children and reducing the class load and I suppose you missed the dollar sign on this vision. I don't see it anywhere. Just explain to me what we are doing with this vision of 2001. A lot of us won't be here then, but we would like to know what is going to happen."

Senator Bailey: "Well, Senator Rasmussen, for the first time, all of the education community has sat down together to develop visions. The first part of the vision has been outlined here and you see the Vision Education 2001. That is the just the beginning--the scope, the vision of education for the state of Washington. If you just look at some of the areas of concern--responsibility for learning, learning communities, strategic direction, and then it breaks it down into attitudes, knowledge and skills. So, the knowledge command of English language proficiency and additional language, technological and informational management and several others. Those are all the beginning of the design--the vision of all the folks that are involved in the education development in the state of Washington. I think it is important, while this is a first step, and I agree with you, it is important that all these public and private bodies are sitting down together to develop a vision. The next step is to put some meat on the bones, if I can use that term, and thresh out the next direction for K-12 education in this state."

Senator Rasmussen: "I would assume, Senator Bailey, that this is something that we have not been doing for the last one hundred years and it is going to be something that we are going to do in the next one hundred years."

Senator Bailey: "Well, we haven't been doing what we need to do to provide adequate education for all children in the state of Washington. When, and I don't mean to spend too much time on this, but when we look at what is happening in our education program and if we look at the ninth grade class, of the fifty-nine thousand seven hundred odd students in the ninth grade class, about fifteen thousand of those will not graduate out of the twelfth grade. Another fourteen thousand will not have the work skills or academic skills to get a decent job in society. I don't think that tells us that we are doing things as well as we should do them."

The Vice President Pro Tempore declared the question before the Senate to be the adoption of Engrossed Senate Concurrent Resolution No. 8400.

Engrossed Senate Concurrent Resolution No. 8400 was adopted by voice vote.

Senator Nelson: "Yes."

Senator Talmadge: "And it sets up three classifications? We're not establishing a classification for those individuals who drive without insurance that is substantially more lenient than present law?"

Senator Nelson: "Senator Talmadge, I would have to quickly review whether or not the list of additional crimes such as driving while not having insurance is included within the section beginning on page eight of the bill. I would have to run through all those RCWs to make sure that the reference is or is not. Frankly, I can't answer your question."

Senator Talmadge: "Perhaps, we can talk about that a little bit later. My concern is that in certain circumstances where individuals had been convicted of DWI, as you may know, they drive without a license. They drive without proof of insurance, which will frequently be ordered by the court. I wanted to make sure that we don't lose sight of that particular problem."

(1) The legislature shall establish for each school year in the appropriations act a state-wide salary allocation schedule, for allocation purposes only, to be used to distribute funds for basic education certificated instructional staff salaries under RCW 28A.150.260.

(2) The superintendent of public instruction shall calculate salary allocations for state funded basic education certificated instructional staff by determining the district average salary for basic education instructional staff using the salary allocation schedule established pursuant to this section. However, no district shall receive an allocation based upon an average basic education certificated instructional staff salary which is less than the average of the district's 1986-87 actual basic education certificated instructional staff salaries, as reported to the superintendent of public instruction prior to June 1, 1987, and the legislature may grant minimum salary increases on that base: PROVIDED, That the superintendent of public instruction may adjust this allocation based upon the education and experience of the district's certificated instructional staff.

~~((3) Beginning January 1, 1992, no more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in the biennial appropriations act, or any replacement schedules and documents, unless:~~

~~(a) The employee has a masters degree; or~~

~~(b) The credits were used in generating state salary allocations before January 1, 1992.))~~

POINT OF ORDER

Senator Anderson: "Mr. President, a point of order. I would like to raise the question of scope and object on this amendment. Senate Bill No. 5375 is a measure with one purpose, eliminating the requirement from mandatory master's degree. Senate Bill No. 5375 has only two sections on the bill amending a single chapter of the RCWs, Chapter 28A.410. The amendment before us deals with a different subject, that is the subject of teacher's salaries. It goes to an entirely different chapter of the statutes, 28A.150, giving the salary allocation schedules. The underlying bill was not intended to affect teacher's salaries. The sole aim of this is to form the teacher certification requirements. The amendment, I believe, is clearly outside the scope and object of Senate Bill No. 5375."

Further debate ensued.

MOTION

On motion of Senator Newhouse, further consideration of Senate Bill No. 5375 was deferred.

PARLIAMENTARY INQUIRY

Senator Talmadge: "A point of parliamentary inquiry, Mr. President. You have ruled that a committee chair may rule with respect to the question of scope and object in the committee. If a member of the Senate refuses or fails to raise the point of order of scope and object in the committee, before the appropriate committee chair, does that constitute a waiver of the point of

order with respect to scope and object for consideration by the full Senate out on the floor?"

REPLY BY THE PRESIDENT

President Pritchard: "We haven't made a ruling on that, Senator. It was a proposed rule change, but we haven't made a ruling on that."

Senator Talmadge: "If I might follow up. In light of the decision of the body to continue to permit committee chairs of the Senate to rule with respect to the point of order of scope and object, would the failure of a member of the Senate to raise scope and object in the committee, before the appropriate committee chair, would that constitute a waiver of the point of order of scope and object out on the floor of the Senate?"

President Pritchard: "The ruling is, it doesn't bind the President."

There being no objection, the Senate resumed consideration of Substitute Senate Bill No. 5121, deferred on second reading March 7, 1991, after the amendments by Senator Skratek on page 1, after line 4 and line 12; page 2, line 4; and page 8, line 8; were adopted.

or"

On page 3, line 1, after "to" insert "a legislator, a member of the news media
or"

On page 3, line 5, after "information" insert "from a whistleblower, a legislator
or a member of the news media"

Debate ensued.

Senator McMullen demanded a roll call and the demand was sustained.

POINT OF INQUIRY

Senator Rasmussen: "Senator Madsen, the case that you explained where they talked to a reporter or they come to a legislator with information, will that legislator then turn that over to the auditor?"

Senator Madsen: "Under the bill, the individual--the person who is defined as a whistleblower--under this bill would have to go to the auditor. We would have to tell them to go to the auditor."

Further debate ensued.

MOTION

On motion of Senator Murray, Senator Hansen was excused.

The President declared the question before the Senate to be the roll call on the adoption of the amendments by Senators Madsen on page 2, lines 23, 27, 29, and page 3, lines 1 and 5, to Substitute Senate Bill No. 5121.

STATEMENT FOR THE JOURNAL

March 13, 1991

Gordon A. Golob
Secretary of the Senatē
306 Legislative Building
Olympia, Washington 98504

Dear Secretary Golob:

Early today, two constituents from Klickitat County requested an impromptu meeting with me about some current timber problems in my legislative district.

While meeting with them, I missed voting on Substitute Senate Bill No. 5576, Substitute Senate Bill No. 5577 and Senate Bill No. 5586. Had I been

present, I would have voted 'yes' on all three. All three were on the consent calendar and passed overwhelmingly.

I would like this explanation entered into the Journal.

Thank you.

Sincerely,
DEAN SUTHERLAND, State Senator, 17th District

Specifying liability for oil spill response.

MOTIONS

On motion of Senator Amondson, Substitute Senate Bill No. 5876 was substituted for Senate Bill No. 5876 and the substitute bill was placed on second reading and read the second time.

On motion of Senator Amondson, the rules were suspended, Substitute Senate Bill No. 5876 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Talmadge: "Senator Amondson, there is one aspect of this bill that is troubling me. I think it is a good bill, but what if you have a set of circumstances, say as occurred in the Exxon Valdez, where Exxon was the party responsible because it was the vessel owner and the oil spill occurred and Exxon, also, was a party doing some of the cleanup. I just wanted to make clear that insofar as Exxon was responsible in both capacities, it was going to be responsible and would not have any limitation on its liability when it did the clean up?"

Senator Amondson: "Those two issues would have to be separated. The liability with respect to allowing the oil to occur, or the damage to occur, is one separate incident, separate from the actual cleanup."

Senator Talmadge: "Would Exxon, in that situation, be immunized from any liability if it was faulty in its cleanup of its own oil spill?"

Senator Amondson: "I would see that they would be held as two separate actions."

The Vice President Pro Tempore declared the question before the Senate to be the roll call on the final passage of Substitute Senate Bill No. 5876.

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 5876 and the bill passed the Senate by the following vote: Yeas, 47; Nays, 0; Absent, 0; Excused, 2.

Voting yea: Senators Amondson, Anderson, Bailey, Barr, Bauer, Bluechel, Cantu, Conner, Craswell, Erwin, Gaspard, Hansen, Hayner, Jesernig, Johnson, L. Kreidler, Madsen, McCaslin, McDonald, McMullen, Metcalf, Moore, Murray, Nelson, Newhouse, Niemi, Oke, Owen, Patterson, Pelz, Rasmussen, Rinehart, Roach, Saling, Sellar, Skratek, A. Smith, L. Smith, Stratton, Sutherland, Talmadge, Thorsness, Vognild, von Reichbauer, West, Williams, Wojahn - 47.

Excused: Senators Matson, Snyder - 2.

SUBSTITUTE SENATE BILL NO. 5876, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

PERSONAL PRIVILEGE

Senator McCaslin: "Mr. President a point of personal privilege. I want to point out to the body that for the first time, in the history of the Senate, we have a row of Irishmen back here, starting with Senator McRinehart, Senator McGaspard, Senator McMullen--Senator McMullen has a bit of impish Irish Leprechaun in him, I believe. He put me up to this, but he will also represent me in court in case I end up there. Then we have Senator McNeil, who is on the phone to his mother-in-law and then Senator McDonald and the famous Senator from the Fourth District, Senator McCaslin. We are a little early on this, but when McMullen gets an idea, I want to help him out, because you know he gets in a bit early. The seventeenth, I believe, is St. Patrick's Day, so I do wish to point out to the body that we have all of these fine Irishmen, starting from the left, of course, and coming over to the right."

PERSONAL PRIVILEGE

Senator McMullen: "Also, rising to a point of personal privilege, we now have the full row of Big Macs here. As we read everyday, going through the roll call, it is always McCaslin, McDonald and McMullen. We thought we might as well fill the roll out which we have done. This week is to remind folks that St. Patty's Day is really a three day holiday and for some of us, it is a full week. So, we are starting early for some, but on time and a little late for some of us as a matter of fact. Working up to St. Patty's Day, we wish you all the best and God speed and thank you."

POINT OF INQUIRY

Senator Rasmussen: "Senator McCaslin, there was a recent case where a juror was covered by Industrial Insurance and the court decided that it was in the course of his travel he was covered. Does this exclude, in a case like that where jurors--lets say jurors are impounded in a different county and

brought in to get a neutral point of view--does this exclude that juror from Industrial Insurance?"

Senator McCaslin: "To my understanding it does, and that's the reason this bill came before us. It places counties and cities in a very precarious position financially and insurance-wise if this were to continue, so that was the reason for this bill."

Further debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Senator Talmadge, what is the penalty now for shoplifting?"

Senator Talmadge: "I believe the bill states that the penalty, Senator, for those crimes of theft--shoplifting--is addressed within the definitions of theft in the first, second and third degree. You will find those on page, I believe it is, five of the bill--that's where it starts."

Senator Rasmussen: "Isn't the practice when you are picked up for shoplifting that they go to the parents and settle for two hundred or two hundred and fifty dollars on a shoplifting charge--the stores automatically assess it?"

Senator Talmadge: "Senator, I think, if you recall, we have provided for

some civil penalties and some communities have availed themselves of those kinds of penalties. This was at the request of Bremerton, as I recall, some years ago. I think it depends on the local jurisdiction, under their local ordinances, with respect to shoplifting and also under state statutes with respect to shoplifting, but I would remind you that the bill that we have before us on pages five and six deals, not only with shoplifting, but all other forms of theft in the state in the numbers we are talking about--the dollar numbers--we are talking about have not been updated for two decades."

Further debate ensued.

The President declared the question before the Senate to be the adoption of the amendments by Senator Talmadge on page 5, line 25; page 6, line 13; page 7, lines 12, 19 and 21; to Substitute Senate Bill No. 5438.

On page 3, after line 28, insert the following:

Sec. 3. RCW 46.63.151 and 1981 c 19 s 4 are each amended to read as follows:

Each party to a traffic infraction case is responsible for costs incurred by that party. No costs or attorney fees may be awarded to either party in a traffic infraction case, except as provided for in RCW 46.30.020(2).

POINT OF INQUIRY

Senator Rasmussen: "Senator von Reichbauer, in the event that my wife inadvertently leaves her insurance card in another purse--or can't find it--she get's cited--now, she can go to court and present evidence that she does have insurance and there is no cost. Is that correct?"

Senator von Reichbauer: "Senator Rasmussen, at no time would Eleanor Rasmussen forget anything, but anybody else if they were faced with that circumstance, the court would have the opportunity to push on to that person who fails to follow the current law on holding a card identifying that you have mandatory auto insurance, the court costs relating to that. The current court administrator advises us that they are not now having to impose that penalty, because of the funds that are currently available."

Senator Rasmussen: "They dismiss the charges of criminal violation of the law without any costs to the person and does it cost twenty-five dollars for them to look at that letter and say that you do have insurance; you are not guilty?"

Senator von Reichbauer: "We established the fee of twenty-five dollars, because it relates to current policy and practice where one does not have a driver's license on them when they are stopped. If they do indeed have a driver's license, that is the general policy figure used by the magistrate of courts for individuals who do not have the license when they are stopped, but indeed have a license and can give proof of possession later on. They have generally been charged twenty-five dollars."

RULING BY THE PRESIDENT

President Pritchard: "In ruling upon the point of order raised by Senator Barr, the President finds that Second Substitute Senate Bill No. 5096 is a measure which requires the Department of Agriculture to establish and conduct an agricultural impact assessment review program for all state agency rules that have an impact on agriculture.

Are they going to go into farming or is this just a study?"

Senator Barr: "I expect that you are probably looking at one of the first fiscal impacts that was put out before the bill was changed. I believe that the most recent fiscal impact now is very minimal, because the bill, as it was drafted and as we dealt with in committee, required a lot more state agencies working together, but now that is out of the bill and I think that fiscal impact is not based on the bill as it is written now. It is very minimal."

POINT OF INQUIRY

Senator Rasmussen: "Senator Metcalf, I'm looking at the original bill where it says that each one should have a container. Now, this is going to say that they have to provide separate containers for each apartment? I can see a four-unit apartment with three stacks of these plastic boxes in the hall and the hallway is dark and they will be stumbling over them. Is that what the intent of this bill is?"

Senator Metcalf: "It was my understanding that it didn't mean separate containers for each apartment, but to be sure that the apartment complex was provided with sufficient containers. That was my understanding."

Senator Rasmussen: "Not single, but they may have one for all the apartments?"

Senator Metcalf: "Or several depending on how it is laid out, I think. We didn't try to micro-manage, but we did say that they should have a recycling opportunity."

Senator Rasmussen: "For each apartment?"

Senator Metcalf: "Yes."

NEW SECTION. Sec. 2. A new section is added to chapter 42.17 RCW under the subchapter heading of "campaign financing" to read as follows:

(1) Under no circumstances may a candidate receive during an election cycle in the aggregate more than:

(a) For a candidate for the office of governor, two million two hundred thousand dollars;

(b) For a candidate for state executive office other than the office of governor, eight hundred thousand dollars;

(c) For a candidate for the office of a member of the state senate, ninety-five thousand dollars; and

(d) For a candidate for the office of a member of the state house of representatives, fifty-five thousand dollars.

(2) For the purposes of this section, "election cycle" means the period beginning on the first day of December following the date of the last previous general election for the office which the candidate seeks and ending on November thirtieth following the next election for the office. In the case of a special election to fill a vacancy in an office, "election cycle" means the period beginning on the day the vacancy occurs and ending on November thirtieth following the special election."

Renumber the remaining sections consecutively and correct any internal references accordingly.

POINT OF ORDER

Senator Nelson: "Mr. President, I rise to a point of order. I believe this amendment is out of scope and object. The original bill deals with an act relating to gifts and public office funds. This particular amendment deals with campaign expenditure limitations and I haven't, perhaps, seen all of it; I figured there would be public financing in here someplace, but I note that it isn't, which would actually put it in jeopardy, as well.

"This particular amendment is meritorious, but it is meritorious in a separate bill and this body may have an ample opportunity to vote on campaign finance reform as it deals with the public contributions and expenditures. For the President's need here, I believe I have outlined why it is outside of the scope and object and would hope that the President would rule accordingly."

Further debate ensued.

REPORT OF SELECT COMMITTEE

THE STATE OF WASHINGTON
 WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION
 1300 S. Evergreen Park Drive, S.W.
 OLYMPIA, WASHINGTON 98504

February 15, 1991

Dear Member of the Energy and Utilities Committee:

The Washington Utilities and Transportation Commission is pleased to submit its 1991 Report on the Status of the Washington State Telecommunications Industry. This report was prepared pursuant to the requirements of the Telecommunications Regulatory Flexibility Act of 1985 (Laws of 1985, ch. 450) as amended (Laws of 1987, ch 505, sec. 78 and Laws of 1987, ch. 293, sec. 6).

The report addresses regulatory activity under the Regulatory Flexibility Act; telecommunications network and market trends; services, rates and infrastructure in the state; the competitiveness of telecommunications markets; and current and emerging issues. As the fourth periodic report in the series, this report updates the information provided in the 1986, 1987 and 1989 volumes, emphasizing trends over the years 1989-1990.

The 1991 report is the final report contemplated under the current statute. We recommend that the Legislature continue requiring the Commission to produce these reports on a biennial basis. We believe the report is useful for our staff, the industry and the public. If the Legislature concurs, we would require additional fiscal resources of \$55,000 during the period 1991 through 1992 for preparation of a report to be submitted in early 1993.

SHARON NELSON
 Chairman

RICHARD CASAD
 Commissioner

Sincerely,
 A.J."BUD" PARDINI
 Commissioner

POINT OF INQUIRY

Senator McCaslin: "Senator Nelson, as chairman of the Governmental Operations Committee, I am always curious about local government--county and city. Are they, at the present time, obeying the statutes and the law as written?"

Senator Nelson: "Thank you for asking the question, Senator McCaslin. No, they are not. We have one prominent city, the largest city in this state, who has chosen to defy the law and not even follow what is in 9.41 today. They have not held one of these private auctions to register firearm dealers since the law was enacted and there is no creditable record keeping on the destruction that is mandatory on all illegal firearms. Now, I would submit to this Legislature, the amendment now specifically states--"

REPLY BY THE PRESIDENT

President Pritchard: "Well, it isn't the three minute rule. I think that everybody knows if we are going to follow these rules with one person speaking on an amendment and the mover speaking twice, I would hope that

the members would follow. Senator McCaslin, you asked the question. Has your question been answered?"

Senator McCaslin: "No, I'm still waiting."

President Pritchard: "Well, sometimes, you can wait a long time. I would hope, Senator Nelson, that we don't get clever, because then the Chair is going to have to start cutting down a little bit here."

SECOND READING

SENATE BILL NO. 5364, by Senators Roach, McCaslin and Stratton

Authorizing the state board of education to review public school siting decisions.

The bill was read the second time.

MOTION

Senator Rinehart moved that the following amendments be considered simultaneously and be adopted:

On page 1, line 11, after "appealed" insert "by the school district board of directors"

On page 2, line 8, after "appealed" insert "by the school district board of directors"

On page 2, line 19, after "appealed" insert "by the school district board of directors"

Debate ensued.

The President declared the question before the Senate to be the adoption of the amendments by Senator Rinehart on page 1, line 11, page 2, lines 8 and 19, to Senate Bill No. 5364.

The motion by Senator Rinehart carried and the amendments were adopted.

MOTION

Senator Rinehart moved that the following amendments be considered simultaneously and be adopted:

Beginning on page 1, line 12 after "education." insert "The school district board of directors may appeal the decision, within sixty days after all municipal administrative procedures have been exhausted, only if the board by majority vote adopts a resolution to appeal the decision and submits a statement that all municipal administrative procedures have been exhausted."

On page 2, line 9, after "education." insert "The school district board of directors may appeal the decision, within sixty days after all municipal administrative procedures have been exhausted, only if the board by majority vote adopts a resolution to appeal the decision and submits a statement that all municipal administrative procedures have been exhausted."

On page 2, line 20, after "education." insert "The school district board of directors may appeal the decision, within sixty days after all county or regional administrative procedures have been exhausted, only if the board by majority vote

adopts a resolution to appeal the decision and submits a statement that all county or regional administrative procedures have been exhausted."

POINT OF INQUIRY

Senator Roach: "Senator Rinehart, does the failure of a municipal, county or regional jurisdiction to consider a school siting proposal constitute an exhaustion of all available administrators procedures?"

Senator Rinehart: "Senator Roach, if the school board has made a request and there is evidence of that request, that would constitute exhausting remedies. In the situation that I believe you are referring to, if they made a request for a hearing and they were denied that hearing, then they would have done their part to exhaust the procedures."

Senator Roach: "Does available administrative procedure constitute anything other than review by local elected city, municipal or county authorities?"

Senator Rinehart: "Senator Roach, that would, I think, depend on the jurisdiction. The intention is that in each jurisdiction whatever local ordinances are available--whatever local procedures exist--that a school board would be obliged to go through those normal processes. It does not anticipate any extraordinary procedures or any requirement outside simple normal--"

Senator Roach: "Would you consider that the court system would be outside the normal? I would; I am hoping that you would agree."

Senator Rinehart: "A municipal administrative procedure would not include court action."

Further debate ensued.

The President declared the question before the Senate to be the adoption of the amendments by Senator Rinehart on page 1, line 12, page 2, lines 9, and 20, to Senate Bill No. 5364.

On page 2, line 20, after "determines" insert "under section 3 of this act"

On page 3, line 5, after "ordinances." insert "In making a decision under sections 1, 2, or 3 of this act, the state board of education shall consider whether the location is best suited to meet the educational needs of students and is situated in a manner that will help provide students with safe walking conditions between school and home. The state board of education may also consider the availability of other sites and the concerns of the municipal, county or regional authority in refusing to permit the school to be located on a specific site."

The state board may adopt rules to carry out its duties under this section."

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Senator Rinehart, isn't this a new approach? Haven't the local school boards always determined where the site was, assisted by the local planning commission?"

Senator Rinehart: "Yes, this is an unusual--"

Senator Rasmussen: "Now, you are proposing to change that?"

Senator Rinehart: "Senator Roach proposes to change that."

Senator Rasmussen: "Part of an appeal?"

Senator Rinehart: "Yes."

Senator Rasmussen: "I don't know; I think you better leave it with the local board."

Further debate ensued.

The motion by Senator Rinehart failed and the amendment was not adopted.

MOTION

Senator Rinehart moved that the following amendment be adopted:

MOTION

On motion of Senator Roach, the rules were suspended, Engrossed Senate Bill No. 5364 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Pelz: "Senator Roach, you stated that currently elected school boards have been making the decision on where to site schools and this is being overridden by non-elected people. Are we not talking about locally elected city and county officials making zoning decisions that are disagreeing with the school boards as to where to site these schools?"

Senator Roach: "Well, Senator Pelz, I appreciate your question and the opportunity to respond. The local school board directors are elected by those individuals who are most affected by those decisions. In the case that I might quote you, and there are several of them, let me just say that the overriding authority--yes, they are elected officials--take the King County Council, for example, but only one of nine actually represent the individuals in the given school district. Clearly, by keeping the decision on a local level--local school board level--those five to seven or eight individuals, however many, those people will be able to be closer to the people and closer to the decision-making process."

Further debate ensued.

MOTION

At 11:59 a.m., on motion of Senator Newhouse, the Senate recessed until 1:00 p.m.

The Senate was called to order at 1:11 p.m. by President Pritchard.

PERSONAL PRIVILEGE

Senator Erwin: "A point of personal privilege, Mr. President. I made my maiden floor speech the other day and in spite of Larry's threshing, I made my way through it. As a token for tradition, I present you with this gift of sockeye salmon. The salmon came from Distinctively Yours in the Country Village Store in my home district. The proprietor's name there is Davie Schonwald. The package designer is Russ Lamb, a local person and part owner of the Kasilof Fish Company and won the 1990 national award for the best design of food packaging. Now, this guy doesn't live in my district anymore. You might notice that it says 'Marysville.'"

POINT OF ORDER

Senator Vognild: "A point of order, Mr. President. Senator Erwin made his maiden speech and we appreciate very much what he has done. However, somebody has failed to tell him that one of the rules of the Senate is that we do not allow commercials on the Senate floor. Having started into a commercial, I think we should simply warn him that if goes much further, it might cost him even more."

Senator Erwin: "Thank you, Senator Vognild. Anyway, I just wanted to present you with this. It does come from the district, even though the packaging says it does not. Thank you."

There being no objection, the President advanced the Senate to the eighth order of business.

MOTIONS

On page 2, line 21, after "62A.3-522." insert "No agent of a law enforcement agency may release or disclose the information except to its principal, nor retain a copy in whole or in part of the information received from the financial institution."

POINT OF INQUIRY

Senator Talmadge: "Senator Pelz, the question I have is whether this information can be used by the law enforcement agency in a criminal investigation to prosecute someone for passing the bad check. My concern is that normally the fourth amendment would require and the state's counterpart to the fourth amendment would require a search warrant or a subpoena to obtain these records that the person might have with a financial institution. If you permit access to these records by this notice procedure, without complying with the normal protections of the search warrant or a subpoena and the law enforcement agency uses the records in a criminal prosecution, wouldn't that evidence be inadmissible?"

Senator Pelz: "Senator Talmadge, my understanding is that the language in this bill merely clarifies a current practice, which is underway by which the law enforcement agencies are getting information from the financial institution and that the main intent of this language is to indemnify the financial institution from liability."

Senator Talmadge: "I don't have any trouble with that, Senator. I have no trouble with the idea of this being used in a civil kind of proceeding where someone is using this for purposes of collecting on a civil judgment because the check was dishonored. My concern is if this is used as a device to circumvent the normal kinds of search warrant and subpoena requirements in a criminal prosecution and I envision that it could be."

Senator Pelz: "This legislation grew out of difficulties that merchants were having in actually convincing the prosecutors to launch a criminal procedure. The legislation clarifies the ability of the holder of the bad check--the merchant--to, shall we say 'prod' the prosecutor into launching a criminal investigation against the issuer of the bad check. I'm not sure that answers your question or not."

The President Pro Tempore declared the question before the Senate to be the adoption of the amendments by Senators Pelz and von Reichbauer on page 2, lines 10 and 21, to Substitute Senate Bill No. 5494.

The motion by Senator Pelz carried and the amendments were adopted.

POINT OF INQUIRY

Senator Skratek: "Senator McCaslin, I hope you can help me. I am struggling through this. In King County, and particularly in my district, we have experienced a number of moratoriums just because of the amount of growth that we have been seeing. Does this bill prohibit the placement of moratoriums? What does it do? Does it make it more restrictive?"

Senator McCaslin: "It doesn't prohibit, but once the moratorium or restriction occurs, there is an opportunity for more input and that, during that period, they can meet and make mitigated findings so that things can continue. You know, when you have--Spokane Valley, for instance--they talked about a moratorium on building on anything less than an acre. It would have shut down the entire valley and I don't think anyone wants to do that, so that these groups can work together and come together and find a solution. I don't think it is going to shut down anyone. The cities and counties objected to this initially. I don't know if they are really a hundred percent in favor of it with the substitute bill, but I think the substitute bill is much better than the original bill."

The Vice President Pro Tempore declared the question before the Senate to be the roll call on the final passage of Engrossed Substitute Senate Bill No. 5727.

Senator Bauer moved that the following amendment be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature declares that it is a policy of the state of Washington that workers receive consideration for entering into employee noncompetition agreements that affect their future working and business activities.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply to sections 1 through 3 of this act.

(1) "Employee" has the meaning of "worker" as defined in RCW 51.08.180, and also includes businesses and professionals regulated in Title 18 RCW, except as provided under RCW 51.08.180.

(2) "Employer" has the meaning in RCW 51.08.070.

(3) "Employee noncompetition agreement" means a reasonable agreement, written or oral, express or implied, between an employer and employee under which the employee agrees not to compete, either alone or as an employee of another, with the employer in providing products, processes, or services after termination of employment.

NEW SECTION. Sec. 3. (1) Employee noncompetition agreements entered into in the state of Washington after December 31, 1991, are void and unenforceable by any court of this state unless:

(a)(i) The agreement is entered into on initial employment of the employee by the employer; or

(ii) Additional consideration is provided by the employer to the employee for entering into the agreement; and

(b) The agreement is fair and reasonable under prior decisions of the courts of this state.

(2) Continued employment by itself shall not be considered additional consideration for the purposes of subsection (1)(a)(ii) of this section.

(3) Subsection (1) of this section applies only to employee noncompetition agreements made in the context of an employment relationship or contract.

NEW SECTION. Sec. 4. Nothing in sections 1 through 3 of this act restricts the right of a person to protect trade secrets or other proprietary information by lawful means in equity or under applicable law.

NEW SECTION. Sec. 5. The enactment of sections 1 through 3 of this act does not have the effect of terminating, or in any way modifying, any liability that is already in existence on the effective date of this act.

NEW SECTION. Sec. 6. Unless there is a specific conflict with sections 1 through 3 of this act, the principles of law and equity shall be supplementary to these provisions.

NEW SECTION. Sec. 7. Sections 1 through 6 of this act are each added to chapter 49.44 RCW.

POINT OF INQUIRY

Senator Talmadge: "Senator Bauer, could you perhaps explain to us why this legislation is even needed in light of the fact that the courts of the state of Washington have been fairly clear about when employee noncompete agreements are or are not enforceable?"

Senator Bauer: "People came to me with a problem after they had been an employee for some time and they never asked to sign a noncompete agreement. If they wanted to continue their job, they either signed or lost their job. Had they had the opportunity to sign that noncompete agreement at the beginning of employment or maybe not even take the employment under those conditions, it would have saved the problem of having to go to court or any other problems between employee and employer."

The President Pro Tempore declared the question before the Senate to be the adoption of the striking amendment by Senator Bauer to Substitute Senate Bill No. 5526.

The motion by Senator Bauer carried and striking amendment was adopted.

SECOND READING

SENATE BILL NO. 5929, by Senators Cantu and McDonald

Providing tax exemptions for nonprofit organizations serving meals for fundraising purposes.

MOTIONS

On motion of Senator Cantu, Substitute Senate Bill No. 5929 was substituted for Senate Bill No. 5929 and the substitute bill was placed on second reading and read the second time.

Senator Hansen moved that the following amendment by Senators Hansen and Nelson be adopted:

On page 2, line 8, after "(3)" insert "This chapter does not apply to amounts derived from the sale of food products by a nonprofit organization operating an area, district, county, or community fair, or an agricultural fair or exhibition as defined in chapters 15.76 and 36.37 RCW.

(4)"

POINT OF ORDER

Senator McDonald: "Madam President, I would raise the question of scope and object of this amendment. This amendment deals with sales tax on food products for nonprofit organizations, dealing with county fairs, community fairs and agricultural fairs, whereas the bill is entitled an act relating to exemption for retail sales tax and business and occupational tax--B&O tax--for meals served no more frequently than once a week by a nonprofit organization for a fund raising purpose. If you look at the gist of the bill and read through it, you will find that it is isolated to things along that line and this amendment certainly wouldn't fit within the scope and object."

Further debate ensued.

There being no objection, the President Pro Tempore deferred further consideration of the amendment by Senators Hansen and Nelson on page 2, line 8, to Substitute Senate Bill No. 5929.

MOTION

Senator Cantu moved that the following amendment by Senators Cantu, McDonald, von Reichbauer and West be adopted:

On page 3, after line 7, strike the remainder of the bill and insert the following: NEW SECTION. Sec. 4. A new section is added to chapter 82.04 RCW to read as follows:

(1) This chapter does not apply to amounts derived by a nonprofit organization as a result of conducting or participating in a fundraising auction.

(2) For purposes of this section, "nonprofit organization" means an organization that meets all of the following criteria:

(a) The members, stockholders, officers, directors, or trustees of the organization do not receive any part of the organization's gross income, except as payment for services rendered;

(b) The compensation received by any person for services rendered to the organization does not exceed an amount reasonable under the circumstances; and

(c) The activities of the organization do not include a substantial amount of political activity, including but not limited to influencing legislation and participation in any campaign on behalf of any candidate for political office.

NEW SECTION. Sec. 5. A new section is added to chapter 82.08 RCW to read as follows:

(1) The tax levied by RCW 82.08.020 shall not apply to fundraising auction sales conducted or participated in by nonprofit organizations.

(2) For purposes of this section, "nonprofit organization" means an organization that meets all of the following criteria:

(a) The members, stockholders, officers, directors, or trustees of the organization do not receive any part of the organization's gross income, except as payment for services rendered;

(b) The compensation received by any person for services rendered to the organization does not exceed an amount reasonable under the circumstances; and

(c) The activities of the organization do not include a substantial amount of political activity, including but not limited to influencing legislation and participation in any campaign on behalf of any candidate for political office.

NEW SECTION. Sec. 6. A new section is added to chapter 82.12 RCW to read as follows:

(1) The provisions of this chapter shall not apply in respect to the use of tangible personal property that has been purchased from a nonprofit organization at a fundraising auction sale that was conducted by the nonprofit organization or in which the nonprofit organization participated.

(2) For purposes of this section, "nonprofit organization" means an organization that meets all of the following criteria:

(a) The members, stockholders, officers, directors, or trustees of the organization do not receive any part of the organization's gross income, except as payment for services rendered;

(b) The compensation received by any person for services rendered to the organization does not exceed an amount reasonable under the circumstances; and

(c) The activities of the organization do not include a substantial amount of political activity, including but not limited to influencing legislation and participation in any campaign on behalf of any candidate for political office.

NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

POINT OF ORDER

Senator Talmadge: "A point of order, Madam President. I raise the point of order that the amendment that is before us expands the scope and object of the bill. My belief is that if the Chair's ruling is that the amendment offered by Senator Hansen expands the scope and object, then certainly the amendment that is before us would do so as well insofar as it relates to an entirely different type of activity that may or may not be within the title of the bill that is before us. My suspicion is that if one fails, the other would do so as well. I think the bill that is before us deals with meals, does not specify in the title of the bill nor the original purpose of the bill that it pertains to auctions as well."

Further debate ensued.

MOTION

On motion of Senator Newhouse, further consideration of Substitute Senate Bill No. 5929 was deferred.

MOTION

On motion of Senator Anderson, Senator Matson was excused.

MOTIONS

On motion of Senator Linda Smith, Substitute Senate Bill No. 5864 was substituted for Senate Bill No. 5864 and the substitute bill was placed on second reading and read the second time.

Senator Skratek moved that the following amendment be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. INTENT. The legislature finds and declares that:

(1) The integrity of the electoral process is essential to the preservation of a free and democratic society. The central element of this process is the unfettered exchange of ideas between citizens and candidates for public office.

(2) In recent years, the cost of conducting a campaign for state office has become alarmingly and unacceptably high.

(3) The pressure on candidates to raise and spend large sums of money has created a political climate where the financial strength of an individual or special interest group may permit it to exercise a potentially corrupting influence on the electoral process.

(4) The public perception of such corruption and the potential for actual corruption undermines the credibility and integrity of our public officials and candidates for public office, and thus undermines the public's faith that they are being fairly and honestly represented.

(5) It is incumbent upon the legislature to address the increasing role of money in political campaigns and to ensure the preservation of an electoral process where each vote carries equal weight and every candidate can be heard.

For these reasons, the legislature enacts this law to govern the financing of election campaigns for state office.

"CAMPAIGN EXPENDITURE LIMITATIONS AND MATCHING FUNDS"

NEW SECTION. Sec. 2. DEFINITIONS. The definitions under RCW 42.17.020 apply to sections 2 through 27 and 42 of this act except as modified by this section. Unless the context clearly requires otherwise, the definitions in this section apply throughout sections 2 through 27 and 42 of this act:

(b) The expenditure pays in whole or in part for any political advertising which either specifically names the candidate supported or opposed, or clearly and beyond any doubt identifies such candidate without using the candidate's name; and

(c) The expenditure, alone or in conjunction with another expenditure or other expenditures of the same person in support of or opposition to that candidate, has a value of five hundred dollars or more. A sequence of expenditures each of which is under five hundred dollars shall constitute one independent expenditure as of the time that the last expenditure brings the total value of the sequence to five hundred dollars or more, and no expenditure in the sequence which has been reported to the board under section 13 of this act shall be considered as part of any future independent expenditure.

(17) "State legislative office" means the office of a member of the state house of representatives and the office of a member of the state senate.

(18) "State office" means the office of a member of the state legislature or of any elective state executive officer.

(19) "State official" means a person who holds a state office.

(b) Agree in writing that the candidate and the authorized committee of the candidate:

(i) Will fully comply with the fair campaign practices code adopted by the public disclosure commission as it now exists or is hereafter amended;

(ii) Have not made and will not make expenditures during the election cycle which exceed any expenditure limitation applicable to the candidate under section 4 of this act for the office sought by the candidate;

(iii) Will deposit all payments received under section 10 of this act in a separate checking account which shall contain only funds so received, and will make no expenditures of funds received under this section except by checks drawn on that account. The account shall be in a financial institution located in this state whose deposits are insured by the federal deposit insurance corporation, federal savings and loan insurance corporation, or national credit union administration;

(iv) Will furnish to the election board campaign records, evidence of contributions, and other appropriate information as may be required by the board; and

(v) Will cooperate in the case of any audit and examination by or for the board under section 18 of this act.

(2) The agreement required by subsection (1) of this section must be filed with the election board by the third business day after the candidate has first received during the election cycle contributions, less loan repayments, in an aggregate amount of:

(a) For a candidate for the office of governor, twenty-five thousand dollars;

(b) For a candidate for state executive office other than the office of governor, seven thousand five hundred dollars;

(c) For a candidate for the state senate, five thousand dollars; and

(d) For a candidate for the state house of representatives, two thousand five hundred dollars.

Such aggregate contributions include both those which satisfy and those which do not satisfy the provisions of section 11 of this act.

(3) The provisions of this section shall not be construed as preventing a candidate from filing a statement of intent with the board at any time. Such a statement shall include a promise signed by the candidate that the candidate has not and will not exceed the expenditure limitation applicable to the candidate under section 4 of this act.

(4) Nothing in this chapter requires any candidate to apply for or accept public funding under section 10 or 12 of this act.

(5) A candidate for state office who enters and abides by an agreement under subsection (1) of this section is entitled to display a good campaign practices seal in the political advertising and communications of the candidate during the election cycle to which the agreement applies. The board shall design the good campaign practices seal.

NEW SECTION. Sec. 4. EXPENDITURE LIMITS FOR CANDIDATES UNDER AGREEMENT.

(1) Except as provided in subsection (4) of this section, the expenditure limit for the election cycle for a candidate for state office who agrees to the limitations established in this chapter is the greater of: (a) The base amount established for the office sought under subsection (2) of this section; or (b) the base amount plus the

amount applicable to the candidate under subsection (3) of this section regarding independent expenditures.

(2) The base amount referred to in subsection (1) of this section is:

- (a) For the office of governor, two million two hundred thousand dollars;
- (b) For state executive office other than the office of governor, eight hundred thousand dollars;
- (c) For the office of a member of the state senate, ninety-five thousand dollars; and
- (d) For the office of a member of the state house of representatives, fifty-five thousand dollars.

(3) If, during the twelve months preceding the election in which the candidate is seeking office, independent expenditures by any person or persons are made in opposition to the candidate or for any other candidate for the office sought by the candidate, the expenditure limitation applicable to the candidate (not the other candidate) during the election cycle shall be increased by an amount equal to the amount of the independent expenditures under the following circumstances:

- (a) The candidate is a candidate for state executive office and the aggregate of such independent expenditures exceeds an amount equal to five percent of the base amount established in subsection (2) of this section for the office sought; or
- (b) The candidate is a candidate for state legislative office and the aggregate of such independent expenditures exceeds an amount equal to ten percent of the base amount established in subsection (2) of this section for the office sought.

(4) A candidate for an office is not subject to an expenditure limitation under this chapter, if during the election cycle another candidate for that office:

- (a) Enters an expenditure limitation and eligibility agreement under section 3 of this act for an election cycle but expends during the election cycle more than the expenditure limit applicable to that other candidate; or
- (b)(i) Receives contributions, less any loan repayments, aggregating more than the amount listed in section 3(2) of this act for that office; and
- (ii) Has not filed with the board the expenditure limitation and eligibility agreement under section 3 of this act within three business days of receiving that aggregate amount in contributions.

NEW SECTION. Sec. 5. RULES FOR COUNTING CONTRIBUTIONS AND EXPENDITURES. For the purposes of this chapter:

(1) The expenditures made by and the contributions received by a candidate and the expenditures made by and the contributions received by the authorized committee of the candidate are considered to be expenditures made by and contributions received by the candidate.

(2) Payments made by a candidate to repay loans made to the candidate shall be reported but shall not be counted when determining the total expenditures made by the candidate and the candidate's authorized committee with regard to any of the expenditure limitations provided by this chapter.

(3) A contribution received within the twelve-month period following a general election for a state office shall be considered to be a contribution during the election cycle for the state office ending with that election. This subsection only applies to the extent the contribution is used to pay any debt or obligation incurred to influence the outcome of that election or the primary conducted for that election.

NEW SECTION. Sec. 6. ADDITIONAL RULES FOR COUNTING EXPENDITURES--CHAPTER APPLIES TO ELECTIONS TO FILL VACANCIES.

(1) The expenditure limitations imposed by this chapter are limitations on a candidate's expenditures for the candidate's own campaign for state office.

(2) The provisions of this chapter apply to a special election conducted to fill a vacancy in a state office. However, the contributions received by a candidate and the expenditures made by a candidate for a primary or special election conducted to fill

such a vacancy shall not be counted toward any of the limitations which apply to the candidate under this chapter for the election cycle for any other election.

(3) This chapter does not apply to the recall of a state official. The contributions received by a state official against whom recall charges have been filed under chapter 29.82 RCW and the expenditures made by the official, which contributions and expenditures are made with regard to the recall and during the recall campaign, shall not be counted toward any of the limitations which apply under this chapter to the official as a candidate for the election cycle for any other election.

(4) An expenditure shall be considered to be an expenditure of the candidate if it is made by (a) the candidate or an authorized committee of the candidate; (b) a person who has received, expressly or impliedly, the candidate's encouragement or approval to make the expenditure, if the expenditure pays in whole or in part for any political advertising supporting the candidate or promoting the defeat of any other candidate or candidates for that office; or (c) a person with whom the candidate has collaborated for the purpose of making the expenditure, if the expenditure pays in whole or in part for any political advertising supporting the candidate or promoting the defeat of any other candidate or candidates for that office.

(5) A contribution, donation, or gift voluntarily made by a candidate or the candidate's authorized committee to the state election board for deposit in the state election campaign account shall not be considered to be an expenditure by the candidate for the purposes of this chapter.

NEW SECTION. Sec. 7. LIMITATIONS ON EXPENDITURES FROM PERSONAL OR FAMILY FUNDS.

(1) A candidate who enters an expenditure limitation and eligibility agreement under section 3 of this act for an election cycle shall not make, during the election cycle, expenditures from the personal funds of the candidate, or the funds contributed by any member of the immediate family of the candidate, aggregating in excess of the following:

- (a) For a candidate for the office of governor, thirty thousand dollars;
- (b) For a candidate for state executive office other than the office of governor, ten thousand dollars;
- (c) For a candidate for the office of a member of the state senate, six thousand dollars; and
- (d) For a candidate for the office of a member of the state house of representatives, three thousand dollars.

For the purposes of this subsection, a loan by a candidate or a member of the immediate family of the candidate to the campaign of the candidate shall be considered to be a campaign expenditure by the candidate.

(2) A candidate who enters an expenditure limitation and eligibility agreement under section 3 of this act for an election cycle and the authorized committee of the candidate shall not make expenditures during the election cycle which in the aggregate exceed any expenditure limit applicable to the candidate under section 4 of this act.

NEW SECTION. Sec. 8. LIMITATIONS ON EMPLOYERS OR LABOR ORGANIZATIONS.

(1) No employer or labor organization may increase the salary of an officer or employee, or give an emolument to an officer, employee, or other person or entity, with the intention that the increase in salary, or the emolument, or a part of it, be contributed or spent to support or oppose any candidate, ballot proposition, political party, or political committee.

(2) No employer or labor organization may discriminate against an officer or employee in the terms or conditions of employment: For (a) the failure to contribute to, (b) the failure in any way to support or oppose, or (c) in any way supporting or opposing a candidate, ballot proposition, political party, or political committee.

(3) No employer or other person or entity responsible for the disbursement of funds in payment of wages or salaries may withhold or divert any portion of an employee's wages or salaries for contributions to political committees except upon the written request of the employee. The request must be made on a form prescribed by the commission informing the employee of the prohibition against employer and labor organization discrimination described in subsection (2) of this section. The request shall be valid for no more than twelve months from the date it is made by the employee.

(4) Each person or entity who withholds contributions under subsection (3) of this section shall maintain open for public inspection for a period of no less than three years, during normal business hours, documents and books of accounts that shall include a copy of each employee's request, the amounts and dates funds were actually withheld, and the amounts and dates funds were transferred to a political committee. Copies of such information shall be delivered to the commission upon request.

NEW SECTION. Sec. 9. VARIOUS CONTRIBUTION AND EXPENDITURE AMOUNTS ADJUSTED FOR INFLATION.

The threshold amounts established in section 3(2) of this act, the base amounts established in section 4(2) of this act, the amounts in section 7(1) of this act, and the campaign contribution limitations established in section 22 of this act shall be increased or decreased by the board by rule at the beginning of each odd-numbered year based on changes in economic conditions as reflected in the inflationary index used by the public disclosure commission under RCW 42.17.370. The base year to be used for revisions made under this section is 1991.

The board may also adjust the base amounts in section 7(1) of this act applicable to a particular legislative office if the board finds that, as a result of changes in population since the latest decennial census, the population in the legislative district for that office differs significantly from the average population of a legislative district in the state. In such a case, the board may adjust the base amount applicable to that office to reflect that difference in populations.

NEW SECTION. Sec. 10. AMOUNT OF STATE FINANCIAL ASSISTANCE--NO ASSISTANCE IF OPPOSITION IS PARTY TO EXPENDITURE LIMIT AGREEMENT.

(1) Except as provided in subsections (3) and (4) of this section, an eligible candidate is entitled to payments from the state campaign account equal to:

(a) Four dollars for each qualifying dollar received by the candidate as a contribution for the campaign of the candidate; and

(b) The aggregate total amount of independent expenditures made or obligated to be made during the twelve months preceding the election by any person or persons in opposition to the candidate or for any other candidate for the office sought by the candidate if:

(i) The candidate is a candidate for state executive office and the aggregate of such independent expenditures exceeds an amount equal to five percent of the base amount established in section 4(2) of this act for the office sought; or

(ii) The candidate is a candidate for state legislative office and the aggregate of such independent expenditures exceeds an amount equal to ten percent of the base amount established in section 4(2) of this act for the office sought.

A qualifying dollar is one which satisfies all of the provisions of section 11 of this act regarding contributions.

(2) Payments received by a candidate under this section shall be deposited as required in section 3(1)(b)(iii) of this act and shall be used to pay for goods and services furnished during the election cycle for which the payments were received. Such payments shall not be used:

(a) To make any payments, directly or indirectly, to the candidate or to any member of the immediate family of the candidate;

(b) To make any expenditure other than expenditures to further the nomination or election of the candidate; or

(c) To repay any loan to any person except to the extent the proceeds of such loan were used to further the nomination or election of the candidate.

(3) A candidate shall not be eligible to receive payments from the state campaign account for a primary or election for an office unless:

(a) At least one other candidate for the office sought by the candidate: (i) Enters an expenditure limitation and eligibility agreement under section 3 of this act for an election cycle but expends during the election cycle more than the expenditure limit applicable to that other candidate; or (ii)(A) has not filed an expenditure limitation and eligibility agreement under section 3 of this act with the board in a timely manner; and (B) has received during the election cycle contributions, less loan repayments, which, in the aggregate, exceed twice the amount listed in section 3(2) of this act for the office sought. For the purposes of (a)(ii)(B) of this subsection, "contribution" does not include a contribution made by a candidate for state office; and

(b) The candidate and the authorized committee of the candidate have received contributions, less loan repayments, in an aggregate threshold amount of at least the amount listed in section 3(2) (a), (b), or (c) of this act for the office sought and all of the contributions received for this purpose satisfy the provisions of section 11 of this act.

(4)(a) Except as provided in (b) of this subsection, the sum of all payments from the state campaign account to a candidate for an election cycle may not exceed the following amounts for the office sought:

(i) For the office of governor, two hundred twenty thousand dollars;

(ii) For state executive office other than the office of governor, eighty thousand dollars;

(iii) For the office of a member of the state senate, fifty thousand dollars; and

(iv) For the office of a member of the state house of representatives, twenty-five thousand dollars.

(b) If the expenditure limitation applicable to the candidate is increased under section 4(3) of this act as a result of independent expenditures, the amount listed for the office sought by the candidate in (a) of this subsection, as it applies to the candidate, shall be increased by an amount equal to those independent expenditures.

NEW SECTION. Sec. 11. RULES FOR DETERMINING WHETHER CONTRIBUTIONS WILL COUNT FOR DETERMINING THRESHOLD AMOUNT AND FOR STATE MATCHING FUNDS.

For a contribution received by a candidate or the candidate's authorized committee to qualify as being one which satisfies the requirements of section 10(3)(b) of this act for raising a threshold amount of contributions or to qualify to be matched by public moneys from the state campaign account under section 10 of this act, the contribution must satisfy each of the following requirements:

(1) The contribution shall be a gift of money made by a written instrument which identifies the individual making the contribution;

(2) The contribution shall be made directly to the candidate or the candidate's authorized committee. Contributions made through any other person shall not qualify. The provisions of this subsection do not disqualify money received through bona fide joint fund-raising efforts conducted solely for the purpose of sponsorship of a fund-raising reception, dinner, or other event, under rules prescribed by the board, by: (a) Two or more candidates, or (b) one or more candidates and one or more national, state, or local committees of a political party acting on their own behalf;

(3) The contribution shall have come from an individual. However, the contribution shall not have come from a candidate for any office;

(4)(a) Of the total amount of all contributions made by a person to the candidate and the authorized committee of the candidate or for the benefit of the candidate, not

more than the amount listed in (b) of this subsection for the office sought may be counted toward the threshold amount or be matched by moneys from the state campaign account. The provisions of this subsection shall not be construed as limiting the total amount of contributions that may be made by a person to or for the benefit of a candidate or that may be accepted by the candidate or the candidate's authorized committee from the person;

(b) The amount referred to in (a) of this subsection is: (i) For the office of governor, one thousand dollars; (ii) for state executive office other than the office of governor, five hundred dollars; (iii) for the state senate, four hundred dollars; and (iv) for the state house of representatives, two hundred dollars;

(c) For the purposes of this subsection (4), all contributions by one person who is controlled by any other person shall be considered to have been made by such other person. The provisions of this subsection (c) shall not be construed as applying to the relationship between an individual and the spouse of the individual;

(d) The provisions of section 24 (2) and (3) of this act apply in determining whether a person is controlled by any other person for the purposes of (c) of this subsection; and

(5) The contribution shall be received during the election cycle.

NEW SECTION. **Sec. 12. PROCEDURES FOR REQUESTING PAYMENT UNDER EXPENDITURE LIMIT AGREEMENT.**

A candidate desiring payments from the state campaign account shall file a request with the board which shall contain:

(1) Such information and be made in accordance with such procedures as the board may provide by rule; and

(2) A verification signed by the candidate and the treasurer of the authorized committee of the candidate stating that the information furnished in support of the request, to the best of the knowledge of each, is correct and fully satisfies the requirements of this chapter.

No later than two business days after an eligible candidate files a request with the board to receive payments under this section, the board shall determine whether the candidate is eligible to receive payments from the state campaign account and, if the candidate is eligible to receive such payments, disburse to the candidate from the account the full amount to which the candidate is entitled.

A candidate is not limited to filing only one request for payments under this section during each election cycle. After filing an original request, a candidate may file one or more supplemental requests to receive the payments to which the candidate is entitled.

The board may permit its executive director to approve requests submitted under this section and make the disbursements authorized by this chapter on behalf of the board and within guidelines adopted by the board by rule.

NEW SECTION. **Sec. 13. DISCLOSURE OF INDEPENDENT EXPENDITURES.**

Within two days after the date of entering into a contract to make or otherwise making an independent expenditure, the person making the expenditure shall file with the board a report, on a form prescribed by the board, providing the date and amount of the expenditure; what the expenditure purchased; the name of the candidate supported or opposed; the office sought by that candidate; and any other information which the board believes will assist it in carrying out its responsibilities under this chapter. The person entering into a contract to make or otherwise making the independent expenditure shall also mail, within two days of entering into the contract or otherwise making the expenditure, a copy of the report to each candidate for the office or offices for which the expenditure is made.

NEW SECTION. **Sec. 14. ELECTION BOARD CREATED.**

There is hereby created the state election board, which shall be composed of six members appointed by the governor. Each member shall be appointed to a permanently assigned position number on the board.

Initially, the legislative leader of each of the two largest political parties in each house of the state legislature shall submit a list of three nominees for appointment to the board. The governor shall appoint one member of the board from each of the four lists submitted by the four legislative leaders. These shall be positions one through four. Appointment of a successor for a full term for any one of these four positions or for filling a vacancy in any one of these four positions shall be made from a list of three persons nominated by the legislative leader of the same political party in the legislature which nominated the person first appointed to the position.

Positions five and six shall be appointed by the governor to represent the public interest generally. Any person or organization may submit recommendations to the governor, which may be considered by the governor in making the appointments to these two positions. A person appointed to position five or six shall not also be an elected public official nor may the person have held the office of an elected public official in any of the six years prior to his or her appointment.

The term of office of each member of the board is four years, except that the term of office of one of the initial members shall be one year, the term of two initial members shall be two years, and the term of one other initial member shall be three years as designated by the governor. The board shall notify the governor and any appropriate nominating legislative leader regarding a vacancy created on the board or the impending conclusion of a member's full term of office. The governor shall make appointments to fill vacancies within thirty days of their being created and shall make appointments to fill full terms within thirty days of the expiration of a member's term.

Four members constitute a quorum for conducting the business of the board.

The board is a class four group under the provisions of RCW 43.03.250 and members shall be compensated accordingly. In addition, the members shall be reimbursed for travel expenses incurred while engaged in the business of the board as provided in RCW 43.03.050 and 43.03.060.

NEW SECTION. Sec. 15. ELECTION BOARD DUTIES. The state election board shall:

(1) Administer this chapter and adopt such rules and make such orders as it finds appropriate for such administration;

(2) Enforce the provisions of this chapter and the rules adopted by the board under this chapter, and administer oaths and affirmations, issue subpoenas, and compel attendance, take evidence and require the production of any books, papers, correspondence, memorandums, or other records relevant or material for the purpose of any investigation under this chapter;

(3) Develop and provide forms for the applications and reports filed with the board under this chapter;

(4) Prepare and publish, jointly with the public disclosure commission, a manual setting forth uniform methods of bookkeeping by candidates who have accepted public funding;

(5) Compile and maintain a current list of all filed reports and statements filed under this chapter;

(6) Upon complaint or upon its own motion, investigate possible violations of this chapter and of rules adopted under this chapter;

(7) Employ staff, including an executive director who shall perform such duties and have such powers as the board may prescribe. However, the board may not delegate its authority to adopt, amend, or rescind rules or to determine whether a violation of this chapter has occurred or to assess penalties for such violation; and

(8) Prepare and publish such reports and technical studies as in its judgment will tend to promote the purposes of this chapter.

The board may accept contributions, donations, or gifts from any person or entity on behalf of the state election campaign account. The money value of any such contribution, donation, or gift received by the board shall be promptly deposited in the account.

NEW SECTION. Sec. 16. ELECTION BOARD PROVIDES CAMPAIGN FINANCING PAYMENTS--APPEAL FROM ADVERSE BOARD DECISION.

(1) The board shall decide all applications for payment from the state campaign account. Each application shall be decided in accordance with rules adopted by the board, and the board's decision on the application shall be final unless appealed as provided in subsection (2) of this section. The board's review of applications, and all actions taken by the board on applications, shall be exempt from chapter 34.05 RCW.

(2) Any person adversely affected by the board's decision and who believes the decision to be unlawful may appeal to the superior court of Thurston county by petition setting forth his or her reasons why the decision is unlawful. A copy of the petition on appeal together with a notice that an appeal has been taken shall be served upon the board, upon the attorney general, and upon each candidate for the office sought by the applicant. The decision of the superior court shall be final. Such appeal shall be heard without costs to either party.

NEW SECTION. Sec. 17. CREATION OF STATE ELECTION CAMPAIGN ACCOUNT. The state election campaign account is hereby created in the custody of the state treasurer. All moneys appropriated to the board for deposit in the account, all moneys received under RCW 29.15.050 or 29.18.050, and all earnings of investments of balances in the account shall be credited to the account. Moneys may be disbursed from the account only in the form of payments to eligible candidates as authorized by this chapter. Only the board, or the board's executive director if permitted to do so by rules adopted by the board, may authorize disbursements from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for disbursements.

NEW SECTION. Sec. 18. EXAMINATION AND AUDITS--RETURN OF UNSPENT MATCHING FUNDS.

(1) The public disclosure commission and the board shall jointly develop and approve a program for auditing the campaign accounts of candidates who accept public funding under this chapter.

(2) After each general election, the public disclosure commission shall conduct, on behalf of the board, such examinations and audits of the campaign accounts of eligible candidates and of authorized committees as are sufficient to determine, among other things, whether candidates have complied with the expenditure limits and other conditions of eligibility and requirements of this chapter.

(3) The board shall review the examinations and audits conducted by the commission on its behalf and may conduct any additional investigations it believes to be warranted. The board shall require candidates to return to the board any unexpended funds received by the candidates under this chapter. The board may adopt exceptions to this requirement for instances where debts are in dispute.

(4) Examinations and audits shall not be made by the commission under this section with respect to an election cycle more than three years after the cycle.

NEW SECTION. Sec. 19. VIOLATIONS.

(1) It is a violation of this chapter for any candidate to accept public payments under this chapter which are in excess of the aggregate payments to which the candidate is entitled.

(b) To fail to furnish to the board or the commission any records, books, or information requested by it for purposes of this chapter.

(4) It is a violation of this chapter for any person to accept any payment if the person knows, or has reason to know, that the payment is in violation of section 10(2) of this act.

NEW SECTION. Sec. 20. BOARD TO REPORT TO GOVERNOR AND LEGISLATURE--RULE-MAKING POWERS.

(1) The board shall, as soon as practicable after each election, submit a full report to the governor and the legislature setting forth:

The board shall design the good campaign practices seal.

NEW SECTION. Sec. 31. EXPENDITURE LIMITS FOR CANDIDATES UNDER AGREEMENT.

(1) Except as provided in subsection (4) of this section, the expenditure limit for the election cycle for a candidate for state office who agrees to the limitations established in this chapter is the greater of: (a) The base amount established for the office sought under subsection (2) of this section; or (b) the base amount plus the amount applicable to the candidate under subsection (3) of this section regarding independent expenditures.

(2) The base amount referred to in subsection (1) of this section is:

(a) For the office of governor, two million two hundred thousand dollars;

(b) For state executive office other than the office of governor, eight hundred thousand dollars;

(c) For the office of a member of the state senate, ninety-five thousand dollars; and

(d) For the office of a member of the state house of representatives, fifty-five thousand dollars.

(3) If, during the twelve months preceding the election in which the candidate is seeking office, independent expenditures by any person or persons are made in opposition to the candidate or for any other candidate for the office sought by the candidate, the expenditure limitation applicable to the candidate (not the other candidate) during the election cycle shall be increased by an amount equal to the amount of the independent expenditures under the following circumstances:

(a) The candidate is a candidate for state executive office and the aggregate of such independent expenditures exceeds an amount equal to five percent of the base amount established in subsection (2) of this section for the office sought; or

(b) The candidate is a candidate for state legislative office and the aggregate of such independent expenditures exceeds an amount equal to ten percent of the base amount established in subsection (2) of this section for the office sought.

(4) A candidate for an office is not subject to an expenditure limitation under this chapter, if during the election cycle another candidate for that office:

(a) Enters an expenditure limitation and eligibility agreement under section 30 of this act for an election cycle but expends during the election cycle more than the expenditure limit applicable to that other candidate; or

(b)(i) Receives contributions, less any loan repayments, aggregating more than the amount listed in section 30(2) of this act for that office; and

(ii) Has not filed with the board the expenditure limitation and eligibility agreement under section 30 of this act within three business days of receiving that aggregate amount in contributions.

NEW SECTION. Sec. 32. RULES FOR COUNTING CONTRIBUTIONS AND EXPENDITURES. For the purposes of this chapter:

(1) The expenditures made by and the contributions received by a candidate and the expenditures made by and the contributions received by the authorized committee of the candidate are considered to be expenditures made by and contributions received by the candidate.

(2) Payments made by a candidate to repay loans made to the candidate shall be reported but shall not be counted when determining the total expenditures made by the candidate and the candidate's authorized committee with regard to any of the expenditure limitations provided by this chapter.

(3) A contribution received within the twelve-month period following a general election for a state office shall be considered to be a contribution during the election cycle for the state office ending with that election. This subsection only applies to the extent the contribution is used to pay any debt or obligation incurred to influence the outcome of that election or the primary conducted for that election.

NEW SECTION. Sec. 33. ADDITIONAL RULES FOR COUNTING EXPENDITURES--CHAPTER APPLIES TO ELECTIONS TO FILL VACANCIES.

(1) The expenditure limitations imposed by this chapter are limitations on a candidate's expenditures for the candidate's own campaign for state office.

(2) The provisions of this chapter apply to a special election conducted to fill a vacancy in a state office. However, the contributions received by a candidate and the expenditures made by a candidate for a primary or special election conducted to fill such a vacancy shall not be counted toward any of the limitations which apply to the candidate under this chapter for the election cycle for any other election.

(3) This chapter does not apply to the recall of a state official. The contributions received by a state official against whom recall charges have been filed under chapter 29.82 RCW and the expenditures made by the official, which contributions and expenditures are made with regard to the recall and during the recall campaign, shall not be counted toward any of the limitations which apply under this chapter to the official as a candidate for the election cycle for any other election.

(4) An expenditure shall be considered to be an expenditure of the candidate if it is made by (a) the candidate or an authorized committee of the candidate; (b) a

person who has received, expressly or impliedly, the candidate's encouragement or approval to make the expenditure, if the expenditure pays in whole or in part for any political advertising supporting the candidate or promoting the defeat of any other candidate or candidates for that office; or (c) a person with whom the candidate has collaborated for the purpose of making the expenditure, if the expenditure pays in whole or in part for any political advertising supporting the candidate or promoting the defeat of any other candidate or candidates for that office.

(5) A contribution, donation, or gift voluntarily made by a candidate or the candidate's authorized committee to the state election board for deposit in the state election campaign account shall not be considered to be an expenditure by the candidate for the purposes of this chapter.

NEW SECTION. Sec. 34. LIMITATIONS ON EXPENDITURES FROM PERSONAL OR FAMILY FUNDS.

(1) A candidate who enters an expenditure limitation and eligibility agreement under section 30 of this act for an election cycle shall not make, during the election cycle, expenditures from the personal funds of the candidate, or the funds contributed by any member of the immediate family of the candidate, aggregating in excess of the following:

(a) For a candidate for the office of governor, thirty thousand dollars;

(b) For a candidate for state executive office other than the office of governor, ten thousand dollars;

(c) For a candidate for the office of a member of the state senate, six thousand dollars; and

(d) For a candidate for the office of a member of the state house of representatives, three thousand dollars.

For the purposes of this subsection, a loan by a candidate or a member of the immediate family of the candidate to the campaign of the candidate shall be considered to be a campaign expenditure by the candidate.

(2) A candidate who enters an expenditure limitation and eligibility agreement under section 30 of this act for an election cycle and the authorized committee of the candidate shall not make expenditures during the election cycle which in the aggregate exceed any expenditure limit applicable to the candidate under section 31 of this act.

NEW SECTION. Sec. 35. LIMITATIONS ON EMPLOYERS OR LABOR ORGANIZATIONS.

(1) No employer or labor organization may increase the salary of an officer or employee, or give an emolument to an officer, employee, or other person or entity, with the intention that the increase in salary, or the emolument, or a part of it, be contributed or spent to support or oppose any candidate, ballot proposition, political party, or political committee.

(2) No employer or labor organization may discriminate against an officer or employee in the terms or conditions of employment: For (a) the failure to contribute to, (b) the failure in any way to support or oppose, or (c) in any way supporting or opposing a candidate, ballot proposition, political party, or political committee.

(3) No employer or other person or entity responsible for the disbursement of funds in payment of wages or salaries may withhold or divert any portion of an employee's wages or salaries for contributions to political committees except upon the written request of the employee. The request must be made on a form prescribed by the commission informing the employee of the prohibition against employer and labor organization discrimination described in subsection (2) of this section. The request shall be valid for no more than twelve months from the date it is made by the employee.

(4) Each person or entity who withholds contributions under subsection (3) of this section shall maintain open for public inspection for a period of no less than three years, during normal business hours, documents and books of accounts that shall

include a copy of each employee's request, the amounts and dates funds were actually withheld, and the amounts and dates funds were transferred to a political committee. Copies of such information shall be delivered to the commission upon request.

NEW SECTION. Sec. 36. VARIOUS CONTRIBUTION AND EXPENDITURE AMOUNTS ADJUSTED FOR INFLATION.

The threshold amounts established in section 30(2) of this act, the base amounts established in section 31(2) of this act, and the amounts in section 34(1) of this act shall be increased or decreased by the board by rule at the beginning of each odd-numbered year based on changes in economic conditions as reflected in the inflationary index used by the public disclosure commission under RCW 42.17.370. The base year to be used for revisions made under this section is 1991.

The board may also adjust the base amounts in section 34(1) of this act applicable to a particular legislative office if the board finds that, as a result of changes in population since the latest decennial census, the population in the legislative district for that office differs significantly from the average population of a legislative district in the state. In such a case, the board may adjust the base amount applicable to that office to reflect that difference in populations.

NEW SECTION. Sec. 37. AMOUNT OF STATE FINANCIAL ASSISTANCE--NO ASSISTANCE IF OPPOSITION IS PARTY TO EXPENDITURE LIMIT AGREEMENT.

(1) Except as provided in subsections (3) and (4) of this section, an eligible candidate is entitled to payments from the state campaign account equal to:

(a) Four dollars for each qualifying dollar received by the candidate as a contribution for the campaign of the candidate; and

(b) The aggregate total amount of independent expenditures made or obligated to be made during the twelve months preceding the election by any person or persons in opposition to the candidate or for any other candidate for the office sought by the candidate if:

(i) The candidate is a candidate for state executive office and the aggregate of such independent expenditures exceeds an amount equal to five percent of the base amount established in section 31(2) of this act for the office sought; or

(ii) The candidate is a candidate for state legislative office and the aggregate of such independent expenditures exceeds an amount equal to ten percent of the base amount established in section 31(2) of this act for the office sought.

A qualifying dollar is one which satisfies all of the provisions of section 38 of this act regarding contributions.

(2) Payments received by a candidate under this section shall be deposited as required in section 30(1)(b)(iii) of this act and shall be used to pay for goods and services furnished during the election cycle for which the payments were received. Such payments shall not be used:

(a) To make any payments, directly or indirectly, to the candidate or to any member of the immediate family of the candidate;

(b) To make any expenditure other than expenditures to further the nomination or election of the candidate; or

(c) To repay any loan to any person except to the extent the proceeds of such loan were used to further the nomination or election of the candidate.

(3) A candidate shall not be eligible to receive payments from the state campaign account for a primary or election for an office unless:

(a) At least one other candidate for the office sought by the candidate: (i) Enters an expenditure limitation and eligibility agreement under section 30 of this act for an election cycle but expends during the election cycle more than the expenditure limit applicable to that other candidate; or (ii)(A) has not filed an expenditure limitation and eligibility agreement under section 30 of this act with the board in a timely manner; and (B) has received during the election cycle contributions, less loan repayments,

which, in the aggregate, exceed twice the amount listed in section 30(2) of this act for the office sought. For the purposes of (a)(ii)(B) of this subsection, "contribution" does not include a contribution made by a candidate for state office; and

(b) The candidate and the authorized committee of the candidate have received contributions, less loan repayments, in an aggregate threshold amount of at least the amount listed in section 30(2) (a), (b), or (c) of this act for the office sought and all of the contributions received for this purpose satisfy the provisions of section 38 of this act.

(4)(a) Except as provided in (b) of this subsection, the sum of all payments from the state campaign account to a candidate for an election cycle may not exceed the following amounts for the office sought:

(i) For the office of governor, two hundred twenty thousand dollars;

(ii) For state executive office other than the office of governor, eighty thousand dollars;

(iii) For the office of a member of the state senate, fifty thousand dollars; and

(iv) For the office of a member of the state house of representatives, twenty-five thousand dollars.

(b) If the expenditure limitation applicable to the candidate is increased under section 31(3) of this act as a result of independent expenditures, the amount listed for the office sought by the candidate in (a) of this subsection, as it applies to the candidate, shall be increased by an amount equal to those independent expenditures.

NEW SECTION. Sec. 38. RULES FOR DETERMINING WHETHER CONTRIBUTIONS WILL COUNT FOR DETERMINING THRESHOLD AMOUNT AND FOR STATE MATCHING FUNDS.

For a contribution received by a candidate or the candidate's authorized committee to qualify as being one which satisfies the requirements of section 37(3)(b) of this act for raising a threshold amount of contributions or to qualify to be matched by public moneys from the state campaign account under section 37 of this act, the contribution must satisfy each of the following requirements:

(1) The contribution shall be a gift of money made by a written instrument which identifies the individual making the contribution;

(2) The contribution shall be made directly to the candidate or the candidate's authorized committee. Contributions made through any other person shall not qualify. The provisions of this subsection do not disqualify money received through bona fide joint fund-raising efforts conducted solely for the purpose of sponsorship of a fund-raising reception, dinner, or other event, under rules prescribed by the board, by: (a) Two or more candidates, or (b) one or more candidates and one or more national, state, or local committees of a political party acting on their own behalf;

(3) The contribution shall have come from an individual. However, the contribution shall not have come from a candidate for any office;

(4)(a) Of the total amount of all contributions made by a person to the candidate and the authorized committee of the candidate or for the benefit of the candidate, not more than the amount listed in (b) of this subsection for the office sought may be counted toward the threshold amount or be matched by moneys from the state campaign account. The provisions of this subsection shall not be construed as limiting the total amount of contributions that may be made by a person to or for the benefit of a candidate or that may be accepted by the candidate or the candidate's authorized committee from the person;

(b) The amount referred to in (a) of this subsection is: (i) For the office of governor, one thousand dollars; (ii) for state executive office other than the office of governor, five hundred dollars; (iii) for the state senate, four hundred dollars; and (iv) for the state house of representatives, two hundred dollars;

(c) For the purposes of this subsection (4), all contributions by one person who is controlled by any other person shall be considered to have been made by such other

person. The provisions of this subsection (c) shall not be construed as applying to the relationship between an individual and the spouse of the individual; and

(5) The contribution shall be received during the election cycle.

NEW SECTION. Sec. 39. PROCEDURES FOR REQUESTING PAYMENT UNDER EXPENDITURE LIMIT AGREEMENT.

A candidate desiring payments from the state campaign account shall file a request with the board which shall contain:

(1) Such information and be made in accordance with such procedures as the board may provide by rule; and

(2) A verification signed by the candidate and the treasurer of the authorized committee of the candidate stating that the information furnished in support of the request, to the best of the knowledge of each, is correct and fully satisfies the requirements of this chapter.

No later than two business days after an eligible candidate files a request with the board to receive payments under this section, the board shall determine whether the candidate is eligible to receive payments from the state campaign account and, if the candidate is eligible to receive such payments, disburse to the candidate from the account the full amount to which the candidate is entitled.

A candidate is not limited to filing only one request for payments under this section during each election cycle. After filing an original request, a candidate may file one or more supplemental requests to receive the payments to which the candidate is entitled.

The board may permit its executive director to approve requests submitted under this section and make the disbursements authorized by this chapter on behalf of the board and within guidelines adopted by the board by rule.

NEW SECTION. Sec. 40. ELECTION BOARD CREATED.

There is hereby created the state election board, which shall be composed of six members appointed by the governor. Each member shall be appointed to a permanently assigned position number on the board.

Initially, the legislative leader of each of the two largest political parties in each house of the state legislature shall submit a list of three nominees for appointment to the board. The governor shall appoint one member of the board from each of the four lists submitted by the four legislative leaders. These shall be positions one through four. Appointment of a successor for a full term for any one of these four positions or for filling a vacancy in any one of these four positions shall be made from a list of three persons nominated by the legislative leader of the same political party in the legislature which nominated the person first appointed to the position.

Positions five and six shall be appointed by the governor to represent the public interest generally. Any person or organization may submit recommendations to the governor, which may be considered by the governor in making the appointments to these two positions. A person appointed to position five or six shall not also be an elected public official nor may the person have held the office of an elected public official in any of the six years prior to his or her appointment.

The term of office of each member of the board is four years, except that the term of office of one of the initial members shall be one year, the term of two initial members shall be two years, and the term of one other initial member shall be three years as designated by the governor. The board shall notify the governor and any appropriate nominating legislative leader regarding a vacancy created on the board or the impending conclusion of a member's full term of office. The governor shall make appointments to fill vacancies within thirty days of their being created and shall make appointments to fill full terms within thirty days of the expiration of a member's term.

Four members constitute a quorum for conducting the business of the board.

The board is a class four group under the provisions of RCW 43.03.250 and members shall be compensated accordingly. In addition, the members shall be

reimbursed for travel expenses incurred while engaged in the business of the board as provided in RCW 43.03.050 and 43.03.060.

NEW SECTION. Sec. 41. ELECTION BOARD DUTIES. The state election board shall:

(7) Employ staff, including an executive director who shall perform such duties and have such powers as the board may prescribe. However, the board may not delegate its authority to adopt, amend, or rescind rules or to determine whether a violation of this chapter has occurred or to assess penalties for such violation; and

(8) Prepare and publish such reports and technical studies as in its judgment will tend to promote the purposes of this chapter.

The board may accept contributions, donations, or gifts from any person or entity on behalf of the state election campaign account. The money value of any such contribution, donation, or gift received by the board shall be promptly deposited in the account.

NEW SECTION. Sec. 42. ELECTION BOARD PROVIDES CAMPAIGN FINANCING PAYMENTS--APPEAL FROM ADVERSE BOARD DECISION.

(1) The board shall decide all applications for payment from the state campaign account. Each application shall be decided in accordance with rules adopted by the board, and the board's decision on the application shall be final unless appealed as provided in subsection (2) of this section. The board's review of applications, and all actions taken by the board on applications, shall be exempt from chapter 34.05 RCW.

(2) Any person adversely affected by the board's decision and who believes the decision to be unlawful may appeal to the superior court of Thurston county by petition setting forth his or her reasons why the decision is unlawful. A copy of the petition on appeal together with a notice that an appeal has been taken shall be served upon the board, upon the attorney general, and upon each candidate for the office sought by the applicant. The decision of the superior court shall be final. Such appeal shall be heard without costs to either party.

NEW SECTION. Sec. 43. CREATION OF STATE ELECTION CAMPAIGN ACCOUNT.

The state election campaign account is hereby created in the custody of the state treasurer. All moneys appropriated to the board for deposit in the account, all moneys received under RCW 29.15.050 or 29.18.050, and all earnings of investments of balances in the account shall be credited to the account. Moneys may be disbursed from the account only in the form of payments to eligible candidates as authorized by this chapter. Only the board, or the board's executive director if permitted to do so by rules adopted by the board, may authorize disbursements from the account. The

account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for disbursements.

NEW SECTION. Sec. 44. EXAMINATION AND AUDITS--RETURN OF UNSPENT MATCHING FUNDS.

(1) The public disclosure commission and the board shall jointly develop and approve a program for auditing the campaign accounts of candidates who accept public funding under this chapter.

(2) After each general election, the public disclosure commission shall conduct, on behalf of the board, such examinations and audits of the campaign accounts of eligible candidates and of authorized committees as are sufficient to determine, among other things, whether candidates have complied with the expenditure limits and other conditions of eligibility and requirements of this chapter.

(3) The board shall review the examinations and audits conducted by the commission on its behalf and may conduct any additional investigations it believes to be warranted. The board shall require candidates to return to the board any unexpended funds received by the candidates under this chapter. The board may adopt exceptions to this requirement for instances where debts are in dispute.

(4) Examinations and audits shall not be made by the commission under this section with respect to an election cycle more than three years after the cycle.

NEW SECTION. Sec. 45. VIOLATIONS.

(1) It is a violation of this chapter for any candidate to accept public payments under this chapter which are in excess of the aggregate payments to which the candidate is entitled.

MOTION

"PART I
FINDINGS AND INTENT"

NEW SECTION. Sec. 1. FINDINGS. The legislature finds and declares that:

(1) Monetary contributions to political campaigns are a legitimate form of participation in the political process, but the financial strength of certain individuals or organizations should not permit them to exercise a disproportionate or controlling influence on the election of candidates.

(2) Rapidly increasing political campaign costs have led many candidates to raise larger percentages of money from organizational contributors with a specific financial stake in matters before state government. This has caused the public perception that

decisions of elected officials are being improperly influenced by monetary contributions. This perception undermines the credibility and integrity of the governmental process.

(3) Candidates are raising less money in small contributions from individuals and more money in organizational contributions. This has created the public perception that small contributions have an insignificant role to play in the political campaigns.

NEW SECTION. Sec. 2. INTENT. By limiting campaign contributions, the legislature intends to:

- (1) Ensure that individuals and interest groups have fair and equal opportunity to influence elective and governmental processes;
- (2) Reduce the influence of large organizational contributors; and
- (3) Help restore public trust in governmental institutions and the electoral process.

"PART II DEFINITIONS"

NEW SECTION. Sec. 3. DEFINITIONS. The definitions under RCW 42.17.020 apply to sections 4 through 20 of this act except as modified by this section. Unless the context clearly requires otherwise, the definitions in this section apply throughout sections 4 through 20 of this act.

(1) "Authorized committee" means the political committee authorized by a candidate, or by the state official against whom recall charges have been filed, to accept contributions or make expenditures on behalf of the candidate or state official.

(2) "Bona fide political party" means:

(a) An organization which has filed a valid certificate of nomination with the secretary of state under chapter 29.24 RCW; or

(b) The governing body of the state organization of a major political party, as defined in RCW 29.01.090, which is the body authorized by the charter or bylaws of the party to exercise authority on behalf of the state party; or

(c) The county central committee or legislative district committee of a major political party.

(3) "Candidate" means an individual seeking nomination for election or seeking election to a state office. An individual shall be deemed to be seeking nomination for election or seeking election when the individual first:

(a) Announces publicly or files for the office;

(b) Purchases commercial advertising space or broadcast time to promote his or her candidacy;

(c) Receives contributions or makes expenditures for facilities with intent to promote his or her candidacy for the office; or

(d) Gives his or her consent to another person to take on behalf of the individual any of the actions in (b) or (c) of this subsection.

(4) "Caucus of the state legislature" means the caucus of the members of a major political party in the state house of representatives or in the state senate.

(5)(a) "Contribution" includes a loan, gift, deposit, subscription, forgiveness of indebtedness, donation, advance, pledge, payment, transfer of funds between political committees, or transfer of anything of value, including personal and professional services for less than full consideration.

(b) Subject to further definition by the commission, "contribution" shall not include the following:

(i) Interest on moneys deposited in a political committee's account;

(ii) Ordinary home hospitality;

(iii) A contribution received by a candidate or political committee that is returned to the contributor within five business days of the date on which it is received by the candidate or political committee;

(iv) An expenditure or contribution earmarked for voter registration, for absentee ballot information, for precinct caucuses, for get-out-the-vote campaigns, for precinct judges or inspectors, for sample ballots, or for ballot counting, all without promotion of or political advertising for individual candidates;

(v) Any news, feature, commentary, or editorial in a regularly scheduled news medium that is of primary interest to the general public, that is in a news medium controlled by a person whose primary business is that news medium, and that is not controlled by any candidate or political committee;

(vi) An expenditure by a political committee for its own internal organization or fund raising without direct association with individual candidates;

(vii) An internal political communication primarily limited to the contributors to a political party organization or political action committee, or the officers, management staff, and stockholders of a corporation or similar enterprise, or the members of a labor organization or other membership organization; or

(viii) The rendering of personal services of the sort commonly performed by volunteer campaign workers, or incidental expenses personally incurred by volunteer campaign workers not in excess of fifty dollars personally paid for by the worker. "Volunteer services," for the purposes of this section, means services or labor for which the individual is not compensated by any person and that are performed outside the individual's normal working hours.

My question is, are not most of these cases decided in the court and the jury would say, 'you know or you should have known that it was dangerous?'"

Senator McDonald: "Let's take, for example, Senator Rasmussen, that you have a facility that was totally in conformance with the codes as they were written when it was built. A day after new codes are adopted, then presumably, you could come in and sue, because now somebody was injured because it isn't in conformance with the present codes. I think that is wrong. What Senator Murray's amendment would do is take us back to the days when government became the deep pocket and came to be treated differently than virtually everybody else. I think that is a bad idea and I don't think this amendment should be adopted."

MOTION

Senator McMullen moved that the following amendment be adopted:

On page 2, after line 25 insert the following:

NEW SECTION. Sec. 5. The provisions of sections 1 through 3 of this bill shall not apply to public facilities which are in competition with, or provide essentially identical services as, facilities owned by nonpublic persons.

POINT OF INQUIRY

Senator McDonald: "Senator McMullen, the way I understand this is that if you adopted this amendment, then you would be saying that any facility that was providing a service to the state that could be construed to be in competition with the state would then fall under the joint and several liability such that if they built something that was conforming with the codes as it was when they built it, they would be able to be sued even if it didn't conform now--ten years later. Is that the gist?"

Senator McMullen: "The underlying bill itself goes to the codes at the time of construction. All I am talking about in this amendment, and we used public and private hospitals for example, is that public hospitals will be immune from the lawsuit when they construct the hospital. Therefore, when they go to buy their insurance, the public hospitals need not purchase insurance to cover this type of liability, but the private hospitals will still have to maintain liability insurance for this type of an injury. If there is a code change and a private hospital doesn't keep up with the code change and the patient is injured, they may be liable, depending on the facts of the case, and they are going to have to carry insurance for that liability. This is an increased cost that private hospitals have to bear."

POINT OF INQUIRY

Senator Newhouse: "Senator Hansen, is the intent of this amendment that if a food processor or other facility dumps their waste water into a municipal system that then the company is not billed double--once for discharge from the municipal system and once for discharge into the municipal system?"

Senator Hansen: "Yes, the essence of this amendment is the city of Quincy built a municipal system to handle this waste water and the biodegradables that are in the processing plant. They brought two big plants in there to dump into their municipal plant. Now, the Department of Ecology is coming out and saying that not only the city of Quincy pays this fee, but each one of them that dumps into the municipal plant that is already being paid for by Quincy are also liable for a full fee on each one of them, so this is just a triple charge that they have come up with and I think one charge is enough."

At the time that draw-bridge section suddenly popped up in front of the poor lady that got killed and there were several that got injured over there in Seattle on the bridge crossing, that was constructed a number of years ago. You're telling us that the state shouldn't be liable for that because it was constructed several years ago and they had been testing it for years in the same fashion and all of a sudden, it pops up. The poor woman who got killed--there is no consideration then for her and the fact that it was caused by construction years ago?"

Senator McDonald: "Senator Rasmussen, I think in that case, and I am not a lawyer, as you know, but I know that it was the result of maintenance and of a maintenance contract. Therefore, I think that this would not apply and it would be very much still a liability of the state."

No person may hold any office subject to RCW 42.17.240 or any combination of such offices for more than twelve years, whether such office or offices are held consecutively or nonconsecutively. A person may not file for or be appointed to the office if serving the term or remainder of the term would violate the twelve-year limitation of this section. Service in an office before Wednesday after the second Monday in January 1993, shall not be used when applying the twelve-year limitation of this section.

POINT OF ORDER

Senator Metcalf: "Mr. President, I suggest that this amendment is outside the scope and object of the bill. It obviously goes into areas that the bill did not consider."

RULING BY THE PRESIDENT

President Pritchard: "In ruling upon the point of order raised by Senator Metcalf, the President finds that Senate Bill No. 5226 is a measure which limits the terms of office of elected state officials and legislators.

"The amendment proposed by Senator Madsen would limit the length of employment of executive state officers, the Governor's staff, legislative staff, boards of trustees, commission members, etc.

Senator Thorsness: "Well, I would imagine if they were sworn in their name that they would get to serve in their own name and would not be a duplication."

Further debate ensued.

POINT OF INQUIRY

Senator Moore: "Senator Thorsness, I have a House member who has served more than twelve years; I obviously have served more than twelve. Now, let us assume that somewhere along the line I decide to run for the House and she decides to run for the Senate, would we be eligible to do that?"

Senator Thorsness: "I believe, Senator Moore, the Talmadge amendment would prohibit that, if I understand it correctly."

Senator Moore: "What I am trying to get at is obvious, but let's not consider the Talmadge amendment, legitimate as it is. Let's go back to the bill itself. Was your intent to prohibit me from running for the House after I get weary of this body?"

Senator Thorsness: "I believe that the way the bill was written was twelve years total or consecutive service."

Senator Moore: "In this body, but would I not be able to run for anything, then?"

Senator Thorsness: "The original bill, the way it is written, Senator Moore, is that twelve years total in any of those offices--twelve years aggregate would be the max."

Further debate ensued.

MOTION

On motion of Senator Newhouse, and there being no objection, further consideration of Engrossed Senate Bill No. 5226 was deferred.

On page 3, line 11, after "(D)" strike "Physical neglect" and insert "Negligent treatment"

POINT OF INQUIRY

Senator Talmadge: "Senator Craswell, the question I have is that I want to understand the first two of the amendments. In this bill is a list of items that will essentially qualify, automatically, for the removal of a child who is subject of abuse and neglect from the household. The way your proposed amendment does--is to say that if you have a circumstance where someone is so mentally ill that they can't function and they can't provide care to their children that child will not be removed unless the other parent is incapable of providing proper care and protection for the children. Does that imply that this child will remain in the household if one of those two parents is within the definition of the bill, that is that they are so mentally ill that they can't function and care for the child?"

Senator Craswell: "As this is drafted, the department must first prove that a manifest danger exists and then the example of the emotional illness or mental illness. It has to be a situation where one of the parents is able to provide and protect as parents. If they are not able to, then 'yes,' the child is removed from the home."

Senator Talmadge: "But does this mean that the parent that is impaired, the parent who is dysfunctional, stays in the family home and the child does as well?"

Senator Craswell: "If the other parent is able to provide for them. There are many mentally ill people who do not provide a manifest danger and this clarifies that when one parent is providing the protection and care for them, the other--that isn't reason alone. If the child is not protected and provided for, then 'yes,' the child would be removed from the home."
