SENATE BILL NO. 5063, by Senators Nelson, Hayner and Thorsness

Setting an award cap for mandatory arbitration.

The bill was read the second time.

MOTION

Senator Talmadge moved that the following amendment be adopted:

On page 2, after line 10, add new sections to read as follows:

NEW SECTION. Sec. 2. A new section is added to chapter 7.06 RCW to read as follows:

Any arbitrator appointed under this chapter is immune from suit in any civil action based on any proceedings or other official acts performed in their capacity as arbitrators, except for acts of willful or wanton misconduct.

NEW SECTION. Sec. 3. A new section is added to chapter 7.06 RCW to read as follows:

All memoranda, work notes or products, or case files of an arbitrator are confidential and privileged and are not subject to disclosure in any civil judicial or administrative proceeding, except when the willful or wanton misconduct of the arbitrator is at issue.

POINT OF INQUIRY

Senator Nelson: "Senator Talmadge, in the measure that we passed earlier today which was Senate Bill No. 5147 on confidentiality, we permitted the disclosure of work papers or discussions or anything if the two people or two sides of an issue agreed to permit the disclosure. Does your amendment, in any way, prohibit that from occurring?"

Senator Talmadge: "I don't believe it would, Senator, necessarily, that I can see. I think that the amendment that we adopted earlier or the bill that we adopted earlier actually permitted access to the information of the mediator if the persons who are going through mediation or the mediator were suing one another for the fee involved. In other words, if the mediator failed to pay, people going through mediation could sue and then all confidentiality was lifted. This is not necessary here, because the compensation of civil arbitrators is paid for by the county in part and by the state in part, so the necessity of breaking the confidentiality under those circumstances is not present."

Further debate ensued.

MOTION

On motion of Senator Newhouse, and there being no objection, further consideration of Senate Bill No. 5063 was deferred.

Debate ensued.

POINT OF ORDER

Senator Talmadge: "I rise to a point of order, Mr. President. I believe the amendment expands the scope and object of Substitute Senate Bill No. 5837. I believe the principal purpose of Substitute Senate Bill No. 5837 was to define with greater precision the circumstances under which a person was an employee for purposes of worker compensation. Also, to define those circumstances where you have an independent contractor relationship that would come within the meaning of the Industrial Insurance Act. I note that the amendment proposed exempts from the definition of employment certain circumstances involving people of age sixty-two and over. I don't believe that fits within the purpose of the legislation which was to define with precision

the circumstances of coverage for employment and for independent contractor status. Therefore, it would expand the scope and object."

Further debate ensued.

There being no objection, the President deferred further consideration of Substitute Senate Bill No. 5837.

caused in whole or in part by the procuring general contractor, subcontractor, or specialty contractor, or its agents or employees or its sub-subcontractors, or its suppliers. Nothing contained herein shall prohibit an owner from procuring insurance which covers liability for damage arising out of bodily injury to persons or damage to property for a general contractor, subcontractor, specialty contractor, or other person or entity.

NEW SECTION. Sec. 92. The legislature finds that a vocational institute in the central area of the city of Seattle provides civic, social, and economic benefits to the people of the state of Washington.

Economic development is enhanced by increasing the number of skilled individuals who enter the labor market and social welfare costs are reduced by the training of individuals lacking marketable skills. The students at the institute are historically economically disadvantaged, and include racial and ethnic minorities, recent immigrants, single-parent heads of households, and persons who are dislocated workers or without specific occupational skills. The institute presents a unique opportunity for business, labor, and community-based organizations, and educators to work together to provide effective vocational-technical training to the economically disadvantaged of urban Seattle, and to serve as a national model of such cooperation. Moreover, a trained work force is a major factor in attracting new employers, and with greater minority participation in the work force, the institute is uniquely located to deliver training and education to the individuals employers must increasingly turn to for their future workers.

NEW SECTION. Sec. 93. The mission of the institute shall be to provide occupational, basic skills, and literacy education opportunities to economically disadvantaged populations in urban areas of the college district it serves. The board of trustees of the sixth college district shall appoint a nine-member advisory committee consisting of equal representation from business, labor, and community representatives to provide advice and counsel to the administration of the institute and the district administration.

NEW SECTION. Sec. 94. Funding for the institute shall be included in a separate allocation to the Washington institute for applied technology, and funds allocated for the institute shall be used only for purposes of the institute.

NEW SECTION. Sec. 95. The Washington institute for applied technology shall conduct a survey of the capital facilities and equipment necessary to operate the program at the institute. The district shall present the survey to the state board for community college education by December 1, 1991. The board shall include the survey in its budget request to the legislature which shall consider a supplementary appropriation for the 1992-93 fiscal year to the sixth college district based on the results of this survey.

NEW SECTION. Sec. 96. The Washington institute for applied technology may provide for waivers of tuition and fees and provide scholarships for students at the institute. The Washington institute for applied technology may negotiate with applicable public or private service providers to conduct the instructional activities of the institute, however, the Washington institute for applied technology shall not hire instructional staff or faculty. In order to allow the Washington institute for applied technology flexibility in its personnel policies with the institute, the Washington institute for applied technology and the institute, with reference to employees of the institute employed during an initial two-year period until July 1, 1993, are exempt from chapters 28B.16, 28B.52 (relating to collective bargaining), 41.04, 41.05, 41.06, and 41.40 RCW; from RCW 43.01.040 through 43.01.044; and from RCW 28B.50.551 and 28B.50.850 through 28B.50.875 (relating to faculty tenure).

Debate ensued.

The President declared the question before the Senate to be the adoption of the amendment by Senator Pelz on page 76, after line 6, to Substitute Senate Bill No. 5184.

The motion by Senator Pelz failed and the amendment was not adopted.

MOTION

Senator Thorsness moved that the following amendment be adopted:

On page 88, line 26, after "education." insert "Grounds that have been used primarily as a playground for children shall continue to be made available for such use."

Debate ensued.

The President declared the question before the Senate to be the adoption of the amendment by Senator Thorsness on page 88, line 26, to Substitute Senate Bill No. 5184.

The motion by Senator Thorsness carried and the amendment was adopted.

MOTION

Senator Rasmussen moved that the following amendment by Senators Rasmussen and Wojahn be adopted:

On page 90, line 3, after "purposes" insert ", except that facilities used during school construction and remodeling periods to house vocational-technical institute programs temporarily are not subject to this requirement"

PARLIAMENTARY INQUIRY

Senator Saling: "Mr. President, a point of parliamentary inquiry. Did Senator Rasmussen move both amendments on this or just the top one?"

REPLY BY THE PRESIDENT

President Pritchard: "Just the top one for now."

Further debate ensued.

The President declared the question before the Senate to be the adoption of the amendment by Senators Rasmussen and Wojahn on page 90, line 3, to Substitute Senate Bill No. 5184.

The motion by Senator Rasmussen carried and the amendment was adopted.

MOTION

Senator Skratek moved that the following amendment by Senators Skratek, Bluechel, Wojahn, Cantu, Niemi, Johnson, Rasmussen, Anderson, McDonald and Hansen be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that the state's system of work force training and education is inadequate for meeting the needs of the state's workers, employers, and economy. A growing shortage of skilled workers is already hurting the state's economy. There is a shortage of available workers and too often prospective employees lack the skills and training needed by employers. Moreover, with demographic changes in the state's population employers will need to employ a more culturally diverse work force in the future.

The legislature further finds that the state's current work force training and education system is fragmented among numerous agencies, councils, boards, and committees, with inadequate overall coordination. No comprehensive strategic plan guides the different parts of the system. There is no single point of leadership and responsibility. There is insufficient guidance from employers and workers built into the system to ensure that the system is responsive to the needs of its customers. Adult work force education lacks a uniform system of governance, with an inefficient division in governance between community colleges and vocational technical institutes, and inadequate local authority. The parts of the system providing adult basic skills and literacy education are especially uncoordinated and lack sufficient visibility to adequately address the needs of the large number of adults in the state who are functionally illiterate. The work force training and education system's data and evaluation methods are inconsistent and unable to provide adequate information for determining how well the system is performing on a regular basis so that the system may be held accountable for the outcomes it produces. Much of the work force training and education system provides inadequate opportunities to meet the needs of people from culturally diverse backgrounds. Finally, our educational institutions are not producing the number of people educated in vocational/technical skills needed by employers.

The legislature recognizes that we must make certain that our institutions of education place appropriate emphasis on the needs of employers and on the needs of approximately eighty percent of our young people who enter the world of work without completing a four-year program of higher education. We must make our work force education and training system better coordinated, more efficient, more responsive to the

needs of business and workers and local communities, more accountable for its performance, and more open to the needs of a culturally diverse population.

NEW SECTION. Sec. 29. Community colleges may contract with local common school districts to provide occupational programs for high school students.

NEW SECTION. Sec. 30. The college board personnel administering state and federally funded programs for adult basic skills and literacy education shall be known as the state office for adult literacy.

NEW SECTION. Sec. 31. The legislature finds that a vocational institute in the central area of the city of Seattle provides civic, social, and economic benefits to the people of the state of Washington.

Economic development is enhanced by increasing the number of skilled individuals who enter the labor market and social welfare costs are reduced by the training of individuals lacking marketable skills. The students at the institute are historically economically disadvantaged, and include racial and ethnic minorities, recent immigrants, single-parent heads of households, and persons who are dislocated workers or without specific occupational skills. The institute presents a unique opportunity for business, labor, and community-based organizations, and educators to work together to provide effective vocational-technical training to the economically disadvantaged of urban Seattle, and to serve as a national model of such cooperation. Moreover, a trained work force is a major factor in attracting new employers, and with greater minority participation in the work force, the institute is uniquely located to deliver training and education to the individuals employers must increasingly turn to for their future workers.

NEW SECTION. Sec. 32. The mission of the institute shall be to provide occupational, basic skills, and literacy education opportunities to economically disadvantaged populations in urban areas of the college district it serves. The board of trustees of the sixth college district shall appoint a nine-member advisory committee consisting of equal representation from business, labor, and community representatives to provide advice and counsel to the administration of the institute and the district administration.

NEW SECTION. Sec. 33. Funding for the institute shall be included in a separate allocation to the Washington institute for applied technology, and funds allocated for the institute shall be used only for purposes of the institute.

NEW SECTION. Sec. 34. The Washington institute for applied technology shall conduct a survey of the capital facilities and equipment necessary to operate the program at the institute. The district shall present the survey to the state board for community college education by December 1, 1991. The board shall include the survey in its budget request to the legislature which shall consider a supplementary appropriation for the 1992-93 fiscal year to the sixth college district based on the results of this survey.

NEW SECTION. Sec. 35. The Washington institute for applied technology may provide for waivers of tuition and fees and provide scholarships for students at the institute. The Washington institute for applied technology may negotiate with applicable public or private service providers to conduct the instructional activities of the institute, however, the Washington institute for applied technology shall not hire instructional staff or faculty. In order to allow the Washington institute for applied technology flexibility in its personnel policies with the institute, the Washington institute for applied technology and the institute, with reference to employees of the institute employed during an initial two-year period until July 1, 1993, are exempt from chapters 28B.16, 28B.52 (relating to collective bargaining), 41.04, 41.05, 41.06, and 41.40 RCW; from RCW 43.01.040 through 43.01.044; and from RCW 28B.50.551 and 28B.50.850 through 28B.50.875 (relating to faculty tenure).

NEW SECTION. Sec. 36. A new section is added to chapter 41.06 RCW to read as follows:

Employees of the Seattle Vocational Institute are exempt from the provisions of this chapter until July 1, 1993.

NEW SECTION. Sec. 37. A new section is added to chapter 41.05 RCW to read as follows:

Employees of the Seattle Vocational Institute are exempt from the provisions of this chapter until July 1, 1993.

NEW SECTION. Sec. 40. A new section is added to chapter 41.40 RCW to read as follows:

Employees of the Seattle Vocational Institute are exempt from the provisions of this chapter until July 1, 1993.

NEW SECTION. Sec. 41. A new section is added to chapter 28B.52 RCW to read as follows:

Employees of the Seattle Vocational Institute are exempt from the provisions of this chapter until July 1, 1993.

NEW SECTION. **Sec. 42.** A new section is added to chapter 43.01 RCW to read as follows:

Employees of the Seattle Vocational Institute are exempt from RCW 43.01.040 through 43.01.044 until July 1, 1993.

NEW SECTION. **Sec. 43.** Related and supplemental instruction for apprentices, coordination of instruction with job experiences, and the selection and training of teachers and coordinators for such instruction shall be the responsibility of the work force training and education coordinating board.

NEW SECTION. **Sec. 44.** The legislature finds that the needs of the work force and the economy necessitate enhanced vocational education opportunities in secondary education including curriculum which integrates vocational and academic education. In order for the state's work force to be competitive in the world market, employees need competencies in both vocational/technical skills and in core essential competencies such as English, math, science/technology, geography, history, and critical thinking. Curriculum which integrates vocational and academic education reflects that many students learn best through applied learning, and that students should be offered flexible education opportunities which prepare them for both the world of work and for higher education.

NEW SECTION. **Sec. 45.** A new section is added to chapter 28A.300 RCW to read as follows:

The superintendent of public instruction shall with the advice of the work force training and education coordinating board develop model curriculum integrating vocational and academic education at the secondary level. The curriculum shall integrate vocational education for gainful employment with education in the academic subjects of English, math, science/technology, geography, and history, and with education in critical thinking. Upon completion, the model curriculum shall be provided for consideration and use by school districts.

NEW SECTION. **Sec. 46.** Sections 16 and 17 of this act shall constitute a new chapter in Title 50 RCW.

NEW SECTION. **Sec. 47.** Sections 2 through 9 of this act shall constitute a new chapter in Title 28C RCW.

NEW SECTION. **Sec. 48.** Sections 18 through 20 of this act shall constitute a new chapter in Title 28C RCW.

NEW SECTION. **Sec. 49.** Sections 21, 29, 30, 32, 33, 35, and 43 of this act are each added to chapter 28B.50 RCW.

NEW SECTION. **Sec. 50.** If specific funding for the purposes of this act, referencing this act by bill number, is not provided for sections 31 through 33 of this act by June 30, 1991, in the omnibus appropriations act, sections 31 through 33 of this act shall be null and void.

NEW SECTION. **Sec. 51.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1991.

MESSAGE FROM THE GOVERNOR
COMMUTATION OF PARDON

March 18, 1991

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON
Ladies and Gentlemen:

In compliance with the provision of Section 11 of Article III of the Constitution of the state of Washington, the Governor hereby submits his report of each case of reprieve, commutation or pardon that he has granted since the adjournment of the 1990 Second Special Session of the Fifty-first Legislature, copy of which is attached.

Respectfully submitted,
THOMAS J. FELNAGLE, Legal Counsel to the Governor

PARDON

TO ALL TO WHOM THESE PRESENTS SHALL COME, GREETING:

Nas Imran, formerly known as Clarence O'Dell Willis, pleaded guilty to the crime of burglary in the second degree in Pierce County Superior Court, Washington Cause No. 37549. Judgment and sentence was entered on August 4, 1969, and Mr. Imran was given a two year deferred sentence. Mr. Imran later violated the terms and conditions of his probation and on March 31, 1970, the probation was revoked and Mr. Imran was sentenced to the Department of Institutions for a period of fifteen years. On September 24, 1971, Mr. Imran was paroled. On June 6, 1975, he was granted a conditional discharge from supervision and on August 18, 1989, he was granted a final discharge and restoration of civil rights.

Since his release from prison, Mr. Imran has been privately employed in the field of community corrections. His work has included the position of director of two sixty bed work release facilities. For the past twenty years, Mr. Imran has also volunteered his services to a variety of criminal justice organizations, including recently chairing the regional conference of the National Association of Blacks in Criminal Justice. His petition for pardon is supported by numerous individuals in the community, including the Secretary of the Washington State Department of Corrections.

This pardon is based on the passage of a substantial amount of time since the original conviction, Mr. Imran's excellent work history and his community involvement. The pardon also removes any impediment to future employment opportunities in the field of criminal justice.

NOW, THEREFORE, I, Booth Gardner, Governor of the state of Washington, do hereby pardon Nas Imran, formerly known as Clarence O'Dell Willis, from the judgment and sentence of burglary in the second degree, cause No. 37549, entered on August 4, 1969, by the Superior Court of the state of Washington for Pierce County.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia this 6th day of March, A.D., nineteen hundred and ninety-one.

(SEAL)

BOOTH GARDNER, Governor

POINT OF INQUIRY

Senator Lela Kreidler: "Senator West, in Senate Bill No. 5684, Sections 7 through 10 are insurance sections. In each of those sections, the insurance entity is restricted to only provide prescription drugs from licensed nonresident pharmacies. Does that mean that pharmacies licensed to do business in the state of Washington cannot be used?"

Senator West: "No, that phrase means that the insurance entity, if they contract with a nonresident pharmacy, may only contract with a licensed nonresident pharmacy. If the nonresident pharmacy is not licensed in Washington, the pharmacy could not provide this contractual service. That language does not have any effect on the business done by the insurance entity with pharmacies licensed to do business within the state of Washington."

Senator Lela Kreidler: "In these same insurance sections, the insurance entity can be asked to provide a full or partial customer list to the Department of Health. Is that list a patient list and does partial refer to a list limited to the patients covered in the relevant contract?"

Senator West: "No, the list which is referred to in this context is a full or partial list of customers that have purchased prescription drug coverage to be provided by the licensed nonresident pharmacy. Customers means employers, companies, health and welfare trusts or similar types of buying groups. This information may be requested by the Department of Health, but all of this information is exempt from public disclosure under RCW 42.17.310."

SECOND READING

SENATE BILL NO. 5756, by Senators Hayner, Jesernig and Thorsness
(by request of Utilities and Transportation Commission)

Providing rate regulation for low-level waste sites.

MOTION

On motion of Senator Hayner, Substitute Senate Bill No. 5756 was substituted for Senate Bill No. 5756 and the substitute bill was placed on second reading and read the second time.

POINT OF ORDER

Senator Williams: "I would like to raise the point of order that the Substitute Bill is outside the scope and object."

REPLY BY THE PRESIDENT

President Pritchard: "The President has previously ruled that he does not rule scope and object on substitute bills. It is a new bill."

Senator Williams: "I understand that, Mr. President, but if I might, I would like to at least raise my arguments on this."

President Pritchard: "That's fine. Go ahead."

Senator Williams: "The original bill was an act relating to low level waste sites and it dealt with conditions under which a monopoly might occur and the conditions under which, then, UTC would regulate such a monopoly. It modified the B & O tax on the site operator for that low level waste site. There was a Utilities and Transportation Commission request bill and much of the bill itself was very sensitively negotiated because there are a couple of lawsuits that are involved in this.

"Now, the substitute bill adds a totally different subject. It adds a Hanford area economic investment fund; it adds a Hanford area economic investment fund committee to disburse those funds and it adds a surcharge on rates charged to the generators who bring waste to that site. The three items that I mentioned, I think, are totally--were not discussed whatsoever in the original bill--and are totally outside the scope, in my opinion.

"What they do now, I think, is bring to us the potential for disrupting those two lawsuits that the original bill depended on and may open the door to an additional lawsuit now. I suggest that one of the additional ingredients of that lawsuit might be the fact that this new language may be outside the scope and object, so I bring this to the body, because I think at issue is the underlying concern about whether substitute bills are, in fact, amendments to the original bill or, in fact, original amendments."

MOTION

Senator Hayner moved that the following amendment by Senators Hayner and Thorsness be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. State and national policy directs that the management of low-level radioactive waste be accomplished by a system of interstate compacts and the development of regional disposal sites. The Northwest regional compact, comprised of the states of Alaska, Hawaii, Idaho, Montana, Oregon, Utah, and Washington, has as its disposal facility the low-level radioactive waste disposal site located near Richland, Washington. This site is expected to be the sole site for disposal of low-level radioactive waste for compact members effective January 1, 1993. Future closure of this site will require significant financial resources.

Low-level radioactive waste is generated by essential activities and services that benefit the citizens of the state. Washington state's low-level radioactive waste disposal site has been used by the nation and the Northwest compact as a disposal site since 1965. The public has come to rely on access to this site for disposal of low-level radioactive waste, which requires separate handling from other solid and hazardous wastes. The price of disposing of low-level radioactive waste at the Washington state low-level radioactive waste disposal site is anticipated to increase when the federal low-level radioactive waste policy amendments act of 1985 is implemented and waste generated outside the Northwest compact states is excluded.

When these events occur, to protect Washington and other Northwest compact states' businesses and services, such as electrical production, medical and university research, and private industries, upon which the public relies, there will be a need to regulate the rates charged by the operator of Washington's low-level radioactive waste disposal site. This chapter is adopted pursuant to section 8, chapter 21, Laws of 1990.

NEW SECTION. Sec. 2. Definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Commission" means the Washington utilities and transportation commission.

(2) "Effective rate" means the highest permissible rate, calculated as the lowest contract rate plus an administrative fee, if applicable, determined pursuant to section 5 of this act.

(3) "Extraordinary volume" means volumes of low-level radioactive waste delivered to a site caused by nonrecurring events, outside normal operations of a generator, that are in excess of twenty thousand cubic feet or twenty percent of the preceding year's total volume at such site, whichever is less.

(4) "Extraordinary volume adjustment" means a mechanism that allocates the potential rate reduction benefits of an extraordinary volume between all generators and the generator responsible for such extraordinary volume as described in section 8 of this act.

(5) "Generator" means a person, partnership, association, corporation, or any other entity whatsoever that, as a part of its activities, produces low-level radioactive waste.

(6) "Inflation adjustment" means a mechanism that adjusts the maximum disposal rate by a percentage equal to the change in price levels in the preceding period, as measured by a common, verifiable price index as determined in section 5 of this act.

(7) "Initial rate proceeding" means the proceeding described in section 5 of this act.

(8) "Maximum disposal rate" means the rate described in section 6 of this act.

(9) "Site" means a location, structure, or property used or to be used for the storage, treatment, or disposal of low-level radioactive waste for compensation within the state of Washington.

(10) "Site operator" means a low-level radioactive waste site operating company as defined in RCW 81.04.010.

(11) "Volume adjustment" means a mechanism that adjusts the maximum disposal rate in response to material changes in volumes of waste deposited at the site during the preceding period so as to provide a level of total revenues sufficient to recover the costs to operate and maintain the site.

Sec. 3. RCW 81.04.010 and 1981 c 13 s 2 are each amended to read as follows: As used in this title, unless specially defined otherwise or unless the context indicates otherwise:

NEW SECTION. Sec. 4. (1) The commission shall have jurisdiction over the sites and site operators as set forth in this chapter.

(2)(a) The commission shall establish rates to be charged by site operators. In establishing the rates, the commission shall assure that they are fair, just, reasonable, and sufficient considering the value of the site operator's leasehold and license interests, the unique nature of its business operations, the site operator's liability associated with the site, its investment incurred over the term of its operations, and the rate of return equivalent to that earned by comparable enterprises. Such rates shall only take effect following a finding that the site operator is a monopoly pursuant to section 11 of this act.

(b) In exercising the power in this subsection the commission may use any standard, formula, method, or theory of valuation reasonably calculated to arrive at the objective of prescribing and authorizing fair, just, reasonable, and sufficient rates. The relation of site operator expenses to site operator revenues may be deemed the proper test of a reasonable return.

(3) In all respects in which the commission has power and authority under this chapter, applications and complaints may be made and filed with it, process issued, hearings held, opinions, orders, and decisions made and filed, petitions for rehearing filed and acted upon, and petitions for review to the superior court filed therewith, appeals filed with the appellate courts of this state, considered and disposed of by said courts in the manner, under the conditions, and subject to the limitations, and with the effect specified in this title for public service companies generally.

(4) At any time after January 1, 1992, the commission may: (a) Prescribe a system of accounts for site operators using as a starting point the existing system used by site operators; (b) audit the books of site operators; (c) obtain books and records from site operators; (d) assess penalties; and (e) require semiannual reports regarding the results of operations for the site.

(5) The commission may adopt rules necessary to carry out its functions under this chapter.

NEW SECTION. Sec. 5. (1) On or before March 1, 1992, site operators shall file a request with the commission to establish an initial maximum disposal rate. The filing shall include at a minimum testimony, exhibits, workpapers, summaries, annual reports, cost studies, proposed tariffs, and other documents as required by the commission in rate cases generally under its jurisdiction.

(2) After receipt of a request, the commission shall set the request for a hearing and require the site operator to provide for notice to all known customers that ship or deliver waste to the site. The proceedings before the commission shall be conducted in accordance with chapter 34.05 RCW and rules of procedure established by the commission.

(3) No later than January 1, 1993, the commission shall establish the initial maximum disposal rates that may be charged by site operators.

(4) In the initial rate proceeding the commission also shall determine the factors necessary to calculate the inflation, volume, and extraordinary volume adjustments.

(5) The commission also shall determine the administrative fee, which shall be a percentage or an amount that represents increased administrative costs associated with acceptance of small volumes of waste by a site operator. The administrative fee may be revised by the commission from time to time upon its own motion or upon the petition of an interested person.

(6) The rates specified in this section shall only take effect following a finding that the site operator is a monopoly pursuant to section 11 of this act.

NEW SECTION. Sec. 6. (1) The maximum disposal rates that a site operator may charge generators shall be determined in accordance with this section. The rates shall include all charges for disposal services at the site.

(2) Initially, the maximum disposal rates shall be the initial rates established pursuant to section 5 of this act.

(3) Subsequently, the maximum disposal rates shall be adjusted semiannually in January and July of each year to incorporate inflation and volume adjustments. Such adjustments shall take effect thirty days after filing with the commission unless the commission authorizes that the adjustments take effect earlier, or the commission contests the calculation of the adjustments, in which case the commission may suspend the filing. A site operator shall provide notice to its customers concurrent with the filing.

(4)(a) Subsequently, a site operator may also file for revisions to the maximum disposal rates due to:

(i) Changes in any governmentally imposed fee, surcharge, or tax assessed on a volume or a gross revenue basis against or collected by the site operator, including site closure fees, perpetual care and maintenance fees, business and occupation taxes, site surveillance fees, leasehold excise taxes, commission regulatory fees, municipal taxes, and a tax or payment in lieu of taxes authorized by the state to compensate the county in which a site is located for that county's legitimate costs arising out of the presence of that site within that county; or

(ii) Factors outside the control of the site operator such as a material change in regulatory requirements regarding the physical operation of the site.

(b) Revisions to the maximum disposal rate shall take effect thirty days after filing with the commission unless the commission suspends the filing or authorizes the proposed adjustments to take effect earlier.

(5) Upon establishment of a contract rate pursuant to section 7 of this act for a disposal fee, the site operator may not collect a disposal fee that is greater than the effective rate. The effective rate shall be in effect so long as such contract rate remains in effect. Adjustments to the maximum disposal rates may be made during the time an effective rate is in place. Contracts for disposal of extraordinary volumes pursuant to section 8 of this act shall not be considered in determining the effective rate.

(6) The site operator may petition the commission for new maximum disposal rates at any time. Upon receipt of such a petition, the commission shall set the matter for hearing and shall issue an order within seven months of the filing of the petition. The petition shall be accompanied by the documents required to accompany the filing

for initial rates. The hearing on the petition shall be conducted in accordance with the commission's rules of practice and procedure.

(7) This section shall only take effect following a finding that the site operator is a monopoly pursuant to section 11 of this act.

NEW SECTION. Sec. 7. (1) At any time, a site operator may contract with any person to provide a contract disposal rate lower than the maximum disposal rate.

(2) A contract or contract amendment shall be submitted to the commission for approval at least thirty days before its effective date. The commission may approve the contract or suspend the contract and set it for hearing. If the commission takes no action within thirty days of filing, the contract or amendment shall go into effect according to its terms. Each contract filing shall be accompanied with documentation to show that the contract does not result in discrimination between generators receiving like and contemporaneous service under substantially similar circumstances and provides for the recovery of all costs associated with the provision of the service.

(3) This section shall only take effect following a finding that the site operator is a monopoly pursuant to section 11 of this act.

NEW SECTION. Sec. 8. (1) In establishing the extraordinary volume adjustment, unless the parties agree to a contract disposal rate, one-half of the extraordinary volume delivery shall be priced at the maximum disposal rate and one-half shall be priced at the site operator's incremental cost to receive the delivery. Such incremental cost shall be determined in the initial rate proceeding.

(2) For purposes of the subsequent calculation of the volume adjustment, one-half of the total extraordinary volume shall be included in the calculation.

(3) This section shall only take effect following a finding that the site operator is a monopoly pursuant to section 11 of this act.

NEW SECTION. Sec. 9. (1) At any time, the commission or an interested person may file a complaint against a site operator alleging that the rates established pursuant to section 5 or 6 of this act are not in conformity with the standards set forth in section 4 of this act or that the site operator is otherwise not acting in conformity with the requirements of this chapter. Upon filing of the complaint, the commission shall cause a copy thereof to be served upon the site operator. The complaining party shall have the burden of proving that the maximum disposal rates determined pursuant to section 6 of this act are not just, fair, reasonable, or sufficient. The hearing shall conform to the rules of practice and procedure of the commission for other complaint cases.

(2) The commission shall encourage alternate forms of dispute resolution to resolve disputes between a site operator and any other person regarding matters covered by this chapter.

NEW SECTION. Sec. 10. (1) A site operator shall, on or before May 1, 1992, and each year thereafter, file with the commission a statement showing its gross operating revenue from intrastate operations for the preceding calendar year, or portion thereof, and pay to the commission a fee equal to one percent of the amount of the gross operating revenue, exclusive of site surveillance fees, perpetual care and maintenance fees, site closure fees, and state or federally imposed out-of-region surcharges.

(2) Fees collected under this chapter shall reasonably approximate the cost of supervising and regulating site operators. The commission may order a decrease in fees by March 1st of any year in which it determines that the moneys then in the radioactive waste disposal companies account of the public service revolving fund and the fees currently to be paid will exceed the reasonable cost of supervising and regulating site operators.

(3) Fees collected under this section or under any other provision of this chapter shall be paid to the commission and shall be transmitted to the state treasurer within thirty days to be deposited to the credit of the public service revolving fund.

NEW SECTION. Sec. 11. (1) A low-level waste disposal site operator is exempt as specified in sections 4(2)(a), 5(6), 6(7), 7(3), and 8(3) of this act unless a monopoly situation exists with respect to the site operated by such site operator. A monopoly situation exists if either of the following is present:

(a) No disposal facility is available to Northwest compact generators of low-level radioactive waste other than the site or sites operated by such site operator or its affiliates; or

(b) Disposal rates at other sites are not reasonable alternatives for Northwest compact generators, considering: Disposal rates at other facilities; current disposal rates charged by the site operator; historic relationships between the site operator's rates and rates at other facilities; and changes in the operator's rates considering changes in waste volumes, taxes, and fees: PROVIDED, HOWEVER, That a monopoly situation does not exist if either of the following facilities operates or is projected to operate after December 31, 1992:

(i) Any existing low-level radioactive waste disposal site outside the state of Washington, other than facilities operated by affiliates of a site operator, provided that such site or sites do not charge disposal rates that discriminate against Northwest compact generators, except to the extent, through December 31, 1994, such discrimination is authorized by amendment of current federal law.

(ii) An existing facility within the Northwest compact not receiving low-level radioactive waste offers to receive such waste under substantially similar terms and conditions.

(2) Such exemption shall be in effect until such time as the commission finds, after notice and hearing, upon motion by the commission or upon petition by any interested party, that a monopoly situation exists or will exist as of January 1, 1993. Such finding shall be based upon application of the criteria set forth in this section. The commission may assess a site operator for all of the commission's costs of supervision and regulation prior to and relative to determining whether such exemption applies to the site operator. If the commission determines that a site operator is not subject to such exemption, it shall collect its costs of supervision and regulation under section 10 of this act.

(3) When such an exemption is in effect, any increase in the rates charged by the operator effective January 1, 1993, for services other than the base rate for disposal of solid material in packages of twelve cubic feet or less shall be no more than the percentage increase in said base rate in effect on January 1, 1993.

NEW SECTION. Sec. 12. (1) At any time after this chapter has been implemented with respect to a site operator, such site operator may petition the commission to be classified as competitive. The commission may initiate classification proceedings on its own motion. The commission shall enter its final order with respect to classification within seven months from the date of filing of a company's petition or the commission's motion.

(2) The commission shall classify a site operator as a competitive company if the commission finds, after notice and hearing, that the disposal services offered are subject to competition because the company's customers have reasonably available alternatives. In determining whether a company is competitive, the commission's consideration shall include, but not be limited to:

(a) Whether the system of interstate compacts and regional disposal sites established by federal law has been implemented so that the Northwest compact site located near Richland, Washington is the exclusive site option for disposal by customers within the Northwest compact states;

(b) Whether waste generated outside the Northwest compact states is excluded; and

(c) The ability of alternative disposal sites to make functionally equivalent services readily available at competitive rates, terms, and conditions.

(3) The commission may reclassify a competitive site operator if reclassification would protect the public interest as set forth in this section.

(4) Competitive low-level radioactive waste disposal companies shall be exempt from commission regulation and fees during the time they are so classified.

NEW SECTION. Sec. 13. Nothing in this chapter shall be construed to affect the jurisdiction of another state agency.

Sec. 14. RCW 82.16.010 and 1989 c 302 s 203 are each amended to read as follows:

Sec. 16. RCW 43.200.080 and 1990 c 21 s 6 are each amended to read as follows:

The director of ecology shall, in addition to the powers and duties otherwise imposed by law, have the following special powers and duties:

(1) To fulfill the responsibilities of the state under the lease between the state of Washington and the federal government executed September 10, 1964, covering one thousand acres of land lying within the Hanford reservation near Richland, Washington. The department of ecology may sublease to private or public entities all or a portion

of the land for specific purposes or activities which are determined, after public hearing, to be in agreement with the terms of the lease and in the best interests of the citizens of the state consistent with any criteria that may be developed as a requirement by the legislature;

(2) To assume the responsibilities of the state under the perpetual care agreement between the state of Washington and the federal government executed July 29, 1965 and the sublease between the state of Washington and the site operator of the Hanford low-level radioactive waste disposal facility. In order to finance perpetual surveillance and maintenance under the agreement and ensure site closure under the sublease, the department of ecology shall impose and collect fees from parties holding radioactive materials for waste management purposes. The fees shall be established by rule adopted under chapter 34.05 RCW and shall be an amount determined by the department of ecology to be necessary to defray the estimated liability of the state. Such fees shall reflect equity between the disposal facilities of this and other states. All such fees, when received by the department of ecology, shall be transmitted to the state treasurer, who shall act as custodian. The perpetual maintenance fund is created in the state treasury. The treasurer shall place the money in a special fund which may be designated the "perpetual maintenance fund." The perpetual maintenance fund shall be comprised of a site closure account and a perpetual surveillance and maintenance account. The site closure account shall be exclusively available to reimburse, to the extent that moneys are available in the account, the site operator for its costs plus a reasonable profit as agreed by the operator and the state, or to reimburse the state licensing agency and any agencies under contract to the state licensing agency for their costs in final closure and decommissioning of the Hanford low-level radioactive waste disposal facility. If a balance remains in the account after satisfactory performance of closure and decommissioning, this balance shall be transferred to the perpetual surveillance and maintenance account. The perpetual surveillance and maintenance account shall be used exclusively by the state to meet post-closure surveillance and maintenance costs, or for otherwise satisfying surveillance and maintenance obligations. Appropriations are required to permit expenditures and payment of obligations from the site closure account and the perpetual surveillance and maintenance account. Moneys which on July 23, 1989, are in the perpetual maintenance account shall be transferred to the perpetual surveillance and maintenance account. All moneys currently administered by the department of ecology for closure of the Hanford low-level radioactive waste disposal facility shall be transferred to the site closure account within the perpetual maintenance fund. All future moneys, including interest, contributed to the perpetual maintenance fund shall be directed to the site closure account until December 31, 1992. Thereafter receipts shall be directed to the perpetual maintenance fund as specified by the department. Moneys in the perpetual maintenance fund shall be invested by the state investment board in the same manner as other state moneys. Any interest accruing as a result of investment shall accrue to the perpetual maintenance fund. Additional moneys specifically appropriated by the legislature or received from any public or private source may be placed in the perpetual maintenance fund;

(3) To collect after January 1, 1993, as an added charge on each cubic foot of waste disposed at any facility in the state a surcharge of seven dollars. The surcharge shall be made specifically on the generator of the waste and shall not be considered applicable in any way to the low-level site operator's disposal activities. Five dollars of the surcharge shall be deposited in the fund created in section 17 of this act and two dollars of the surcharge shall be remitted monthly to a county in which a low-level radioactive waste disposal facility is located.

(4) To assure maintenance of such insurance coverage by state licensees, lessees, or sublessees as will adequately, in the opinion of the director, protect the citizens of

the state against nuclear accidents or incidents that may occur on privately or state-controlled nuclear facilities;

((4)) (5) To institute a user permit system and issue site use permits, consistent with regulatory practices, for generators, packagers, or brokers using the Hanford low-level radioactive waste disposal facility. The costs of administering the user permit system shall be borne by the applicants for site use permits. The site use permit fee shall be set at a level that is sufficient to fund completely the executive and legislative participation in activities related to the Northwest Interstate Compact on Low-Level Radioactive Waste Management; and

((5)) (6) To make application for or otherwise pursue any federal funds to which the state may be eligible, through the federal resource conservation and recovery act or any other federal programs, for the management, treatment or disposal, and any remedial actions, of wastes that are both radioactive and hazardous at all Hanford low-level radioactive waste disposal facilities; and

((6)) (7) To develop contingency plans for duties and options for the department and other state agencies related to the Hanford low-level radioactive waste disposal facility based on various projections of annual levels of waste disposal. These plans shall include an analysis of expected revenue to the state in various taxes and funds related to low-level radioactive waste disposal and the resulting implications that any increase or decrease in revenue may have on state agency duties or responsibilities. The initial set of plans shall be completed by October 1, 1989, and shall be updated annually. The department shall report annually on the plans and on the balances in the site closure and perpetual surveillance accounts to the energy and utilities committees of the senate and the house of representatives.

NEW SECTION. Sec. 17. A new section is added to chapter 43.200 RCW to read as follows:

There is established the radioactive waste disposal host area economic development account in the state treasury. All payments received under RCW 43.200.080(3) shall be deposited in the account. Moneys in the account shall be transferred monthly to the regional revolving loan fund of an economic development district which is a component of any local government conference authorized by RCW 36.64.080 that included the county or city in which a low-level radioactive waste disposal site is located. Moneys in the account may be spent without legislative appropriation. Expenditures of these moneys shall conform to applicable federal law.

NEW SECTION. Sec. 18. Sections 1, 2, and 4 through 13 of this act shall constitute a new chapter in Title 81 RCW.

NEW SECTION. Sec. 19. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and section 15 shall take effect immediately and remaining sections shall take effect July 1, 1991.

Providing for additional enrollments at state institutions of higher education.

MOTIONS

On motion of Senator Saling, Substitute Senate Bill No. 5174 was substituted for Senate Bill No. 5174 and the substitute bill was placed on second reading and read the second time.

Senator Cantu moved that the following amendment by Senators Cantu, Skratek, Bluechel, McDonald, Metcalf, Erwin and Oke be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. This act shall be known as the higher education opportunity act of 1991.

NEW SECTION. Sec. 2. The state of Washington has historically given high priority to the higher education needs of its citizens. As we move to the twenty-first century and to the more competitive world economy that it brings, it is imperative that we provide access to all of the types of higher education that are needed by the citizens of Washington. Washington has developed one of the finest community college systems in the country. The higher education coordinating board has determined that there is a need in this state for increased participation at the upper-division and graduate levels and that baccalaureate and graduate degrees need to be earned at an increased rate for our citizens to maintain competitiveness in the world economy. There is also a need to increase the opportunity for citizens to learn entry-level skills and trades resulting in their ability to become productive individuals in our society and not depend on the state for subsistence grants.

It is the intent of this act to modify the present enrollment lids which limit the size of the student population on the public higher education campuses in the state. This act will be the first step toward meeting the educational needs of our citizens in the 1990's. It is further the intent of this act to endorse the long-term enrollment goals established by the higher education coordinating board. This act moves toward achieving the goals of a participation rate equal to the 70th percentile of national participation rates for upper-division and graduate students and a participation rate equal to the 90th percentile of national participation rates for all students.

The legislature finds that the present enrollment lids at the public institutions are artificially set and that an increase in the number of full-time equivalent enrollments on the campuses can be accomplished without additional capital construction. The legislature further finds that at many of our state institutions of higher education there is the physical capacity available to accept new students, and there is also a desire among the institutions to accept new enrollments in the coming biennium. It is the intent of this act to remain sensitive to the capability and capacity of each institution to accept additional enrollments.

It is not the intent of this act to emphasize access to the detriment of quality in the educational programs of our institutions. Therefore, it is the intent of this act to provide a funding level for additional enrollments that is based on the 1990 higher education coordinating board cost study and will include both the direct and indirect costs associated with additional student enrollments. It is the intent of this act to begin the process of affording a place in the higher education system for all citizens of Washington who are qualified for and desirous of earning a college degree, and to assure that the quality of those degrees are not jeopardized by inadequate funding levels.

NEW SECTION. Sec. 3. The new enrollments authorized in sections 4 through 10 of this act are additional state-funded enrollments at our state institutions of higher education above the level established for each institution during the 1989-91 biennium: PROVIDED, That should the level of funding for enrollment increases, in the omnibus appropriations act or in Senate Bill 5814, be insufficient to provide for the full level of enrollment increases set forth in sections 4 through 10 of this act the enrollment increases set forth in those sections shall be reduced proportionate to the actual level of funding provided in either of the aforementioned acts.

NEW SECTION. Sec. 4. Subject to the provisions of section 3 of this act, the state-funded enrollment level at the University of Washington, including the branches at Tacoma and Bothell, shall be increased by six hundred four full-time equivalent students during the 1991-92 fiscal year plus an additional six hundred three full-time

equivalent students during the 1992-93 fiscal year. The new enrollments authorized in this section shall be distributed by the university to its main campus, evening program, and branch campuses.

NEW SECTION. **Sec. 5.** Subject to the provisions of section 3 of this act, the state-funded enrollment level at Washington State University, including the branches at Spokane, Tri-Cities, and Southwest Washington, shall be increased by two hundred ninety-five full-time equivalent students during the 1991-92 fiscal year plus an additional two hundred ninety-four full-time equivalent students during the 1992-93 fiscal year. The new enrollments authorized in this section shall be distributed by the university to its main campus and branch campuses.

NEW SECTION. **Sec. 6.** Subject to the provisions of section 3 of this act, the state-funded enrollment level at Central Washington University shall be increased by one hundred fifty-two full-time equivalent students during the 1991-92 fiscal year plus an additional one hundred fifty-one full-time equivalent students during the 1992-93 fiscal year.

NEW SECTION. **Sec. 7.** Subject to the provisions of section 3 of this act, the state-funded enrollment level at Eastern Washington University shall be increased by fifty-nine full-time equivalent students during the 1991-92 fiscal year plus an additional fifty-eight full-time equivalent students during the 1992-93 fiscal year.

NEW SECTION. **Sec. 8.** Subject to the provisions of section 3 of this act, the state-funded enrollment level at The Evergreen State College shall be increased by sixty-nine full-time equivalent students during the 1991-92 fiscal year plus an additional sixty-nine full-time equivalent students during the 1992-93 fiscal year.

NEW SECTION. **Sec. 9.** The state-funded enrollment level at Western Washington University shall be increased by two hundred twenty-six full-time equivalent students during the 1991-92 fiscal year plus an additional two hundred twenty-five full-time equivalent students during the 1992-93 fiscal year.

NEW SECTION. **Sec. 10.** The state-funded enrollment in the state community college system shall be increased by three thousand five hundred sixty full-time equivalent students during the 1991-92 fiscal year plus an additional three thousand five hundred fifty-five full-time equivalent students during the 1992-93 fiscal year. These new enrollments shall be distributed throughout the system by the state board for community college education consistent with the state board's weighted prorated distribution methodology.

NEW SECTION. **Sec. 11.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1991.

NEW SECTION. **Sec. 12.** If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1991, through the passage of Senate Bill No. 5814, or in the omnibus appropriations act, this act shall be null and void.

SENATE BILL NO. 5380, by Senators Saling, Bauer, Nelson, Moore, Rasmussen, Niemi, Bailey, Gaspard, West, Amondson, Owen, Talmadge, A. Smith, Snyder, McMullen, Wojahn, Vognild, Murray, Rinehart, Williams, L. Kreidler, Conner, Jesernig, Roach and L. Smith

Providing an adjusted retirement allowance for certain retirees.

MOTIONS

On motion of Senator Metcalf, Substitute Senate Bill No. 5380 was substituted for Senate Bill No. 5380 and the substitute bill was placed on second reading and read the second time.

Senator Metcalf moved that the following amendments be considered simultaneously and be adopted:

On page 2, after line 21, insert the following:

"No adjustment shall be made if the benefit age retirement allowance is greater than three hundred percent of the poverty income level for a family of two as published annually by the United States department of health and human services."

On page 4, after line 23, insert the following:

"No adjustment shall be made if the benefit age retirement allowance is greater than three hundred percent of the poverty income level for a family of two as published annually by the United States department of health and human services."

POINT OF INQUIRY

Senator Rasmussen: "Senator Metcalf, I don't quite understand what your proposed amendment is doing. You are proposing that we tax the retirees at the poverty level?"

Senator Metcalf: "At three times the poverty level, three hundred percent of the poverty level. For two people, it is twenty-one hundred and five dollars a month. That is the cap. I don't think that at a time when we are trying to help those at the very lowest level that it is right to allow the ones at the highest level to receive increases."

Senator Rasmussen: "Well, I thought that we were trying to give them a percentage of the amount that they retired at. When it decreased down to that level, they got the increase. Maybe, Senator Saling can explain a little bit better. I don't understand why they are putting a cap on."

Senator Metcalf: "Well, we checked and there were only a couple of hundred that were in this category and it is my feeling, and I am familiar more with the teacher's retirement system, but it is my feeling that we should have a cap because the cost of this is substantial and we are trying to help those that are at the very lowest level. I believe that this is completely justified. Only a few people would be capped, but the ones that we are trying to help and that really deserved to be helped, of course, would not be affected by this."

Further debate ensued.

The Vice President Pro Tempore declared the question before the Senate to be the adoption of the amendments by Senator Metcalf on page 2, after line 21, and page 4, after line 23, to Substitute Senate Bill No. 5380.

(1) Cutbacks in allowable sales of old growth timber in Washington state pose a substantial threat to the region and the state with massive layoffs, loss of personal income, and declines in state revenues;

(3) There are key opportunities to broaden the economic base in the timber-impacted communities including agriculture, high-technology, tourism, and regional exports; and

(4) A coordinated state, local, and private sector effort offers the greatest potential to promote economic diversification and to provide support for new projects within the region.

The legislature further finds that if a special state effort does not take place the decline in allowable timber sales may result in a loss of six thousand logging and milling jobs; two hundred million dollars in direct wages and benefits; twelve thousand indirect jobs; and three hundred million dollars in indirect wages and benefits.

It is the intent of the legislature to develop comprehensive programs to provide diversified economic development and promote job creation and employment opportunities for the citizens of the timber-impacted communities.

Sec. 19. RCW 28B.15.740 and 1989 c 340 s 2 are each amended to read as follows:

(1) The boards of trustees or regents of each of the state's regional universities, The Evergreen State College, or state universities, and the various community colleges, consistent with regulations and procedures established by the state board for community college education, may waive, in whole or in part, tuition and services and activities fees subject to the limitations set forth in subsections (2) and (3) of this section.

(2) Except as provided in subsection (3) of this section, the total dollar amount of tuition and fee waivers awarded by any state university, regional university, or state college, shall not exceed four percent, and for the community colleges considered as a whole, such amount shall not exceed three percent of an amount determined by estimating the total collections from tuition and services and activities fees had no such waivers been made and deducting the portion of that total amount which is attributable to the difference between resident and nonresident fees: PROVIDED, That at least three-fourths of the dollars waived shall be for needy students who are eligible for resident tuition and fee rates pursuant to RCW 28B.15.012 through 28B.15.015: PROVIDED FURTHER, That the remainder of the dollars waived, not to exceed one-fourth of the total, may be applied to other students at the discretion of the board of trustees or regents, except on the basis of participation in intercollegiate athletic programs: PROVIDED FURTHER, That the waivers for undergraduate and graduate students of foreign nations under RCW 28B.15.556 and the waivers for unemployed forest industry workers under section 18 of this act are not subject to the limitation under this section.

(3) In addition to the tuition and fee waivers provided in subsection (2) of this section and subject to the provisions of RCW 28B.15.455 and 28B.15.460, a total dollar amount of tuition and fee waivers awarded by any state university, regional university, or state college, not to exceed one percent, as calculated in subsection (2) of this section, may be used for the purpose of achieving or maintaining gender equity in intercollegiate athletic programs. At any institution that has an underrepresented gender class in intercollegiate athletics, any such waivers shall be awarded:

(a) First, to members of the underrepresented gender class who participate in intercollegiate athletics, where such waivers result in saved or displaced money that can be used for athletic programs for the underrepresented gender class. Such saved or displaced money shall be used for programs for the underrepresented gender class; and

(b) Second, (i) to nonmembers of the underrepresented gender class who participate in intercollegiate athletics, where such waivers result in saved or displaced money that can be used for athletic programs for members of the underrepresented gender class. Such saved or displaced money shall be used for programs for the underrepresented gender class; or (ii) to members of the underrepresented gender class who participate in intercollegiate athletics, where such waivers do not result in any saved or displaced money that can be used for athletic programs for members of the underrepresented gender class.

Sec. 20. RCW 70.47.010 and 1987 1st ex.s. c 5 s 3 are each amended to read as follows:

(1) The legislature finds that:

(a) A significant percentage of the population of this state does not have reasonably available insurance or other coverage of the costs of necessary basic health care services;

(b) This lack of basic health care coverage is detrimental to the health of the individuals lacking coverage and to the public welfare, and results in substantial expenditures for emergency and remedial health care, often at the expense of health care providers, health care facilities, and all purchasers of health care, including the state; and

(c) The use of managed health care systems has significant potential to reduce the growth of health care costs incurred by the people of this state generally, and by low-income pregnant women who are an especially vulnerable population, along with their children, and who need greater access to managed health care.

(2) The purpose of this chapter is to provide necessary basic health care services in an appropriate setting to working persons and others who lack coverage, at a cost to these persons that does not create barriers to the utilization of necessary health care services. To that end, this chapter establishes a program to be made available to those residents under sixty-five years of age not otherwise eligible for medicare with gross family income at or below two hundred percent of the federal poverty guidelines or who have been dislocated from their jobs as a result of changes in the local economy where they work, who share in the cost of receiving basic health care services from a managed health care system.

(3) It is not the intent of this chapter to provide health care services for those persons who are presently covered through private employer-based health plans, nor to replace employer-based health plans. Further, it is the intent of the legislature to expand, wherever possible, the availability of private health care coverage and to discourage the decline of employer-based coverage.

(4) The program authorized under this chapter is strictly limited in respect to the total number of individuals who may be allowed to participate and the specific areas within the state where it may be established. All such restrictions or limitations shall remain in full force and effect until quantifiable evidence based upon the actual operation of the program, including detailed cost benefit analysis, has been presented to the legislature and the legislature, by specific act at that time, may then modify such limitations.

Sec. 21. RCW 70.47.020 and 1987 1st ex.s. c 5 s 4 are each amended to read as follows:

As used in this chapter:

(1) "Washington basic health plan" or "plan" means the system of enrollment and payment on a prepaid capitated basis for basic health care services, administered by the plan administrator through participating managed health care systems, created by this chapter.

(2) "Administrator" means the Washington basic health plan administrator.

(3) "Managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, or any combination thereof, that provides directly or by contract basic health care services, as defined by the administrator and rendered by duly licensed providers, on a prepaid capitated basis to a defined patient population enrolled in the plan and in the managed health care system.

(4) "Enrollee" means an individual, or an individual plus the individual's spouse and/or dependent children, all under the age of sixty-five and not otherwise eligible for medicare, who resides in an area of the state served by a managed health care system participating in the plan, whose gross family income at the time of enrollment does not exceed twice the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services, or who has been dislocated from his or her job as a result of changes in the local economy where he or she works, who chooses to obtain basic health care coverage from a particular managed health care system in return for periodic payments to the plan.

(5) "Subsidy" means the difference between the amount of periodic payment the administrator makes, from funds appropriated from the basic health plan trust account, to a managed health care system on behalf of an enrollee and the amount determined to be the enrollee's responsibility under RCW 70.47.060(2).

(6) "Premium" means a periodic payment, based upon gross family income and determined under RCW 70.47.060(2), which an enrollee makes to the plan as consideration for enrollment in the plan.

(7) "Rate" means the per capita amount, negotiated by the administrator with and paid to a participating managed health care system, that is based upon the enrollment of enrollees in the plan and in that system.

(8) "Dislocated workers" means workers in timber-impacted areas who (a) have been terminated or laid off or received a notice of termination or layoff from employment and are eligible for or have exhausted their entitlement to benefits under Title 50 RCW; (b) have been terminated as a result of any permanent plant closure; or (c) are long-term unemployed and are unlikely to return to employment in a timber-related occupation because of a diminishing demand for their skills in that occupation.

Sec. 22. RCW 70.47.060 and 1987 1st ex.s. c 5 s 8 are each amended to read as follows:

The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, and other services that may be necessary for basic health care, which enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care, shall include all services necessary for prenatal, postnatal, and well-child care, and shall include a separate schedule of basic health care services for children, eighteen years of age and younger, for those enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.42.080, and such other factors as the administrator deems appropriate.

(2) To design and implement a structure of periodic premiums due the administrator from enrollees that is based upon gross family income, giving appropriate consideration to family size as well as the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan.

(3) To design and implement a structure of nominal copayments due a managed health care system from enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

(4) To design and implement, in concert with a sufficient number of potential providers in a discrete area, an enrollee financial participation structure, separate from that otherwise established under this chapter, that has the following characteristics:

(a) Nominal premiums that are based upon ability to pay, but not set at a level that would discourage enrollment;

(b) A modified fee-for-services payment schedule for providers;

(c) Coinsurance rates that are established based on specific service and procedure costs and the enrollee's ability to pay for the care. However, coinsurance rates for families with incomes below one hundred twenty percent of the federal poverty level shall be nominal. No coinsurance shall be required for specific proven prevention programs, such as prenatal care. The coinsurance rate levels shall not have a measurable negative effect upon the enrollee's health status; and

(d) A case management system that fosters a provider-enrollee relationship whereby, in an effort to control cost, maintain or improve the health status of the enrollee, and maximize patient involvement in her or his health care decision-making process, every effort is made by the provider to inform the enrollee of the cost of the specific services and procedures and related health benefits.

The potential financial liability of the plan to any such providers shall not exceed in the aggregate an amount greater than that which might otherwise have been incurred by the plan on the basis of the number of enrollees multiplied by the average of the prepaid capitated rates negotiated with participating managed health care systems under RCW 70.47.100 and reduced by any sums charged enrollees on the basis of the coinsurance rates that are established under this subsection.

(5) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists.

(6) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080.

In the selection of any area of the state for the initial operation of the plan, the administrator shall take into account the levels and rates of unemployment in different areas of the state, the need to provide basic health care coverage to a population reasonably representative of the portion of the state's population that lacks such coverage, and the need for geographic, demographic, and economic diversity.

Before July 1, 1988, the administrator shall endeavor to secure participation contracts with managed health care systems in discrete geographic areas within at least five congressional districts.

(7) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state.

(8) To receive periodic premiums from enrollees, employers, and the department of labor and industries, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(9) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and at least annually thereafter, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums or status as a dislocated worker. An enrollee who remains current in payment of the sliding-scale premium, as determined under subsection (2) of this section, and whose gross family income has risen above twice the federal poverty level or whose status as a dislocated worker has changed, may continue enrollment unless and until the enrollee's gross family income has remained above ~~((twice))~~ four times the poverty level for six consecutive months, by making payment at the unsubsidized rate required for the managed health care system in which he or she may be enrolled. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level, who is a dislocated worker, or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to re-enroll in the plan.

(10) To require that prospective enrollees who may be eligible for categorically needy medical coverage under RCW 74.09.510 or whose income does not exceed the medically needy income level under RCW 74.09.700 apply for such coverage, but the administrator shall enroll the individuals in the plan pending the determination of eligibility under chapter 74.09 RCW.

(11) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

(12) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the administrator. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the ~~((hospital commission))~~ department of health, to minimize duplication of effort.

(13) To monitor the access that state residents have to adequate and necessary health care services, determine the extent of any unmet needs for such services or lack of access that may exist from time to time, and make such reports and recommendations to the legislature as the administrator deems appropriate.

(14) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

(15) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

(16) To provide, consistent with available resources, technical assistance for rural health activities that endeavor to develop needed health care services in rural parts of the state.

Sec. 23. RCW 70.47.080 and 1987 1st ex.s. c 5 s 10 are each amended to read as follows:

On and after July 1, 1988, the administrator shall accept for enrollment applicants eligible to receive covered basic health care services from the respective managed health care systems which are then participating in the plan. The administrator shall not allow the total enrollment of those eligible for subsidies to exceed thirty thousand.

Thereafter, total enrollment shall not exceed the number established by the legislature in any act appropriating funds to the plan.

Before July 1, 1988, the administrator shall endeavor to secure participation contracts from managed health care systems in discrete geographic areas within at least five congressional districts of the state and in such manner as to allow residents of both urban and rural areas access to enrollment in the plan. The administrator shall make a special effort to secure agreements with health care providers in one such area that meets the requirements set forth in RCW 70.47.060(4).

The administrator shall at all times closely monitor growth patterns of enrollment so as not to exceed that consistent with the orderly development of the plan as a whole, in any area of the state or in any participating managed health care system.

This section shall not apply to those areas where there are enrollees designated as dislocated workers.

NEW SECTION. Sec. 24. (1) The Pacific Northwest export assistance project is hereby created for the following purposes:

(a) To assist small to medium-sized manufacturers relatively new to exporting with gross annual revenues less than twenty-five million dollars with comprehensive services for designing and managing introductory export strategies and in securing financing and credit guarantees for export transactions;

(b) To provide, in cooperation with the export promotion services offered by the department of trade and economic development and the Washington state department of agriculture, information and assistance to businesses with gross annual revenues less than twenty-five million dollars about the methods and procedures of structuring company specific export financing and credit guarantee alternatives; or

(c) To provide information to their clients about opportunities in organizing cooperative export networks, foreign sales corporations, or export trading companies under the United States export trading company act of 1982, for the purpose of increasing their comparative sales volume and ability to export their products to foreign markets.

(2) The Pacific Northwest export assistance project is a separate branch of the small business export finance assistance center for accounting and auditing purposes.

(3) The Pacific Northwest export assistance project is subject to the authority of the small business export finance assistance center, under RCW 43.210.020, and shall be governed and managed by the board of directors, under RCW 43.210.030.

NEW SECTION. Sec. 25. (1) The small business export finance assistance center has the following powers and duties when exercising its authority under section 24(3) of this act:

(a) Solicit and accept grants, contributions, and any other financial assistance from the federal government, federal agencies, and any other public or private sources to carry out its purposes;

(b) Offer comprehensive export assistance and counseling to manufacturers relatively new to exporting with gross annual revenues less than twenty-five million dollars. As close to ninety percent as possible of each year's new cadre of clients must have gross annual revenues of less than five million dollars at the time of their initial contract. Counseling may include, but not be limited to, helping clients obtain debt or equity financing, in constructing competent proposals, and assessing federal guarantee and/or insurance programs that underwrite exporting risk; assisting clients in evaluating their international marketplace by developing marketing materials, assessing and selecting targeted markets; assisting firms in finding foreign customers by conducting foreign market research, evaluating distribution systems, selecting and assisting in identification of and/or negotiations with foreign agents, distributors, retailers, and by promoting products through attending trade shows abroad; advising companies on their products, guarantees, and after sales service requirements necessary to compete effectively in a foreign market; designing a competitive strategy for a firm's products in targeted markets and methods of minimizing their commercial and political risks; securing for clients specific assistance as needed, outside the center's field of expertise, by referrals to other public or private organizations. The Pacific Northwest export assistance project shall focus its efforts on facilitating export transactions for its clients, and in doing so, provide such technical services as are appropriate to accomplish its mission either with staff or outside consultants;

(c) Sign three-year counseling agreements with its clients that provide for termination if adequate funding for the Pacific Northwest export assistance project is

not provided in future appropriations. Counseling agreements shall not be renewed unless there are compelling reasons to do so, and under no circumstances shall they be renewed for more than two additional years. A counseling agreement may not be renewed more than once. The counseling agreements shall have mutual performance clauses, that if not met, will be grounds for releasing each party, without penalty, from the provisions of the agreement. Clients shall be immediately released from a counseling agreement with the Pacific Northwest export assistance project, without penalty, if a client wishes to switch to a private export management service and produces a valid contract signed with a private export management service, or if the president of the small business export finance assistance center determines there are compelling reasons to release a client from the provisions of the marketing agreement;

(d) May contract with private or public international trade education services to provide Pacific Northwest export assistance project clients with training in international business. The president and board of directors shall decide the amount of funding allocated for educational services based on the availability of resources in the operating budget of the budget of the Pacific Northwest export assistance project;

(e) May contract with the Washington state international trade fair to provide services for Pacific Northwest export assistance project clients to participate in one trade show annually. The president and board of directors shall decide the amount of funding allocated for trade fair assistance based on the availability of resources in the operating budget of the Pacific Northwest export assistance project;

(f) Provide biennial assessments of its performance. The Pacific Northwest export assistance project is an innovative program for the promotion of international trade. As such, the project personnel shall work with the department of revenue and employment security department to confidentially track the performance of the project's clients in increasing tax revenues to the state, increasing gross sales revenues and volume of products destined to foreign clients, and in creating new jobs for Washington citizens. A biennial report shall be prepared for the governor and legislature to assess the costs and benefits to the state from creating the project. The president of the small business export finance assistance center shall design an appropriate methodology for biennial assessments in consultation with the director of the department of trade and economic development and the director of the Washington state department of agriculture. The department of revenue and the employment security department shall provide data necessary to complete this biennial evaluation, if the data being requested is available from existing data bases. Client-specific information generated from the files of the department of revenue and the employment security department for the purposes of this evaluation shall be kept strictly confidential by each department and the small business export finance assistance center;

(g) Take whatever action may be necessary to accomplish the purposes set forth in sections 24 through 27 of this act; and

(h) Limit its assistance to promoting the exportation of value-added manufactured goods. The project shall not provide counseling or assistance, under any circumstances, for the importation of foreign made goods into the United States.

(2) The Pacific Northwest export assistance project shall not, under any circumstances, assume ownership or take title to the goods of its clients.

(3) The Pacific Northwest export assistance project may not use any Washington state funds which come from the public treasury of the state of Washington to make loans or to make any payment under a loan guarantee agreement. Under no circumstances may the center use any funds received under RCW 43.210.050 to make or assist in making any loan or to pay or assist in paying any amount under a loan guarantee agreement. Debts of the center shall be center debts only and may be satisfied only from the resources of the center. The state of Washington shall not in any way be liable for such debts.

(4) The Pacific Northwest export assistance project shall make every effort to seek nonstate funds to supplement its operations.

(5) The Pacific Northwest export assistance project shall take whatever steps are necessary to provide its services, if requested, to the states of Oregon, Idaho, Montana, Alaska, and the Canadian provinces of British Columbia and Alberta. Interstate services shall not be provided by the Pacific Northwest export assistance project during its first biennium of operation. The provision of services may be temporary and subject to the payment of fees, or each state may request permanent services contingent upon a level of permanent funding adequate for services provided. Temporary services and fees may be negotiated by the small business export finance assistance center's president subject to approval of the board of directors. The president of the small business export finance assistance center may enter into negotiations with neighboring states to contract for delivery of the project's services. Final contracts for providing the project's counseling and services outside of the state of Washington on a permanent basis shall be subject to approval of the governor, appropriate legislative oversight committees, and the small business export finance assistance center's board of directors.

(6) The small business export finance assistance center may receive such gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, for the use and benefit of the purposes of the Pacific Northwest export assistance project and expend the same or any income therefrom according to the terms of the gifts, grants, or endowments.

(7) The president of the small business export finance assistance center, in consultation with the board of directors, may use the following formula in determining the number of clients that can be reasonably served by the Pacific Northwest export assistance project relative to its appropriation. Divide the amount appropriated for administration of the Pacific Northwest export assistance project by the marginal cost of adding each additional Pacific Northwest export assistance project client. For the purposes of this calculation, and only for the first biennium of operation, the biennial marginal cost of adding each additional Pacific Northwest export assistance project client shall be fifty-seven thousand ninety-five dollars. The biennial marginal cost of adding each additional client after the first biennium of operation shall be established from the actual operating experience of the Pacific Northwest export assistance project.

(8) All receipts from the Pacific Northwest export assistance project shall be deposited into the general fund.

NEW SECTION. Sec. 26. The department of trade and economic development shall adopt rules under chapter 34.05 RCW as necessary to carry out the purposes of sections 24 through 27 of this act.

NEW SECTION. Sec. 27. The small business export finance assistance center fund is created in the custody of the state treasurer. Expenditures from the fund may be used only for the purposes of funding the services of the small business export finance assistance center and its projects under this chapter. Only the director of the department of trade and economic development or the director's designee may authorize expenditures from the fund. The director of the department of trade and economic development shall not withhold funds appropriated for the administration of the small business export finance assistance center and its projects, if the small business export finance assistance center complies with the provisions of its contract under RCW 43.210.050 and section 24 of this act. Funding appropriated by the state of Washington shall not be used to provide services to other states or provinces. The fund is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

Sec. 28. RCW 43.210.030 and 1985 c 231 s 3 are each amended to read as follows:

The small business export finance assistance center and its branches shall be governed and managed by a board of (~~seventeen~~) nineteen directors appointed by the

governor and confirmed by the senate. The directors shall serve terms of six years except that two of the original directors shall serve for two years and two of the original directors shall serve for four years. The directors may provide for the payment of their expenses. The directors shall include a representative of a not-for-profit corporation formed for the purpose of facilitating economic development, at least two representatives of state financial institutions engaged in the financing of export transactions, a representative of a port district, and a representative of organized labor. Of the remaining board members, there shall be ~~((a representative of the governor,))~~ one representative of business from the area west of Puget Sound, one representative of business from the area east of Puget Sound and west of the Cascade range, one representative of business from the area east of the Cascade range and west of the Columbia river, ~~((and))~~ one representative of business from the area east of the Columbia river, the director of the department of trade and economic development, and the director of the department of agriculture. One of the directors shall be a representative of the public selected from the area in the state west of the Cascade mountain range and one director shall be a representative of the public selected from that area of the state east of the Cascade mountain range. One director shall be a representative of the public at large. The directors shall be broadly representative of geographic areas of the state, and the representatives of businesses shall represent at least four different industries in different sized businesses as follows: (a) One representative of a company employing fewer than one hundred persons; (b) one representative of a company employing between one hundred and five hundred persons; ~~((and))~~ (c) ~~((two))~~ one representative~~((s))~~ of companies employing more than five hundred persons; (d) one representative from an export management company; and (e) one representative from an agricultural or food processing company. Any vacancies on the board due to the expiration of a term or for any other reason shall be filled by appointment by the governor for the unexpired term.

Sec. 29. RCW 43.210.050 and 1985 c 466 s 64 and 1985 c 231 s 5 are each reenacted and amended to read as follows:

The small business export finance assistance center formed under RCW 43.210.020 and 43.210.030 ~~((is eligible to receive consideration for))~~ shall enter into a contract under this chapter ~~((from the))~~ with the department of trade and economic development or its statutory successor. The contract shall require the center to provide export assistance services, ~~((may not have a duration of longer than two years,))~~ consistent with sections 24 through 27 of this act, shall have a duration of two years, and shall require the center to aggressively seek to fund its continued operation from nonstate funds. The contract shall also require the center to report ~~((at least twice))~~ annually to the department on its success in obtaining nonstate funding. Upon expiration of the contract, any provisions within the contract applicable to the Pacific Northwest export assistance project shall be automatically renewed without change provided the legislature appropriates funds for administration of the small business export assistance center and the Pacific Northwest export assistance project. The provisions of the contract related to the Pacific Northwest export assistance project may be changed at any time if the director of the department of trade and economic development or the president of the small business export finance assistance center present compelling reasons supporting the need for a contract change to the board of directors and a majority of the board of directors agrees to the changes. The department of agriculture shall be included in the contracting negotiations with the department of trade and economic development and the small business export finance assistance center when the Pacific Northwest export assistance project provides export services to industrial sectors within the administrative domain of the Washington state department of agriculture. The department of trade and economic development, the small business export finance assistance center, and, if appropriate, the department of

agriculture, shall report annually, as one group, to the appropriate legislative oversight committees on the progress of the Pacific Northwest export assistance project.

Sec. 41. RCW 43.160.010 and 1989 c 431 s 61 are each amended to read as follows:

(1) The legislature finds that it is the public policy of the state of Washington to direct financial resources toward the fostering of economic development through the stimulation of investment and job opportunities and the retention of sustainable existing employment for the general welfare of the inhabitants of the state. Reducing unemployment and reducing the time citizens remain jobless is important for the economic welfare of the state. A valuable means of fostering economic development is the construction of public facilities which contribute to the stability and growth of the state's economic base. Strengthening the economic base through issuance of industrial development bonds, whether single or umbrella, further serves to reduce unemployment. Consolidating issues of industrial development bonds when feasible to reduce costs additionally advances the state's purpose to improve economic vitality. Expenditures made for these purposes as authorized in this chapter are declared to be in the public interest, and constitute a proper use of public funds. A community economic revitalization board is needed which shall aid the development of economic opportunities. The general objectives of the board should include:

- (a) Strengthening the economies of areas of the state which have experienced or are expected to experience chronically high unemployment rates or below average growth in their economies;
- (b) Encouraging the diversification of the economies of the state and regions within the state in order to provide greater seasonal and cyclical stability of income and employment;
- (c) Encouraging wider access to financial resources for both large and small industrial development projects;
- (d) Encouraging new economic development or expansions to maximize employment;
- (e) Encouraging the retention of viable existing firms and employment; and
- (f) Providing incentives for expansion of employment opportunities for groups of state residents that have been less successful relative to other groups in efforts to gain permanent employment.

(2) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to improve state highways in the vicinity of new industries considering locating in this state or existing industries that are considering significant expansion.

(a) The legislature finds it desirable to provide a process whereby the need for diverse public works improvements necessitated by planned economic development can be addressed in a timely fashion and with coordination among all responsible governmental entities.

(b) It is the intent of the legislature to create an economic development account within the motor vehicle fund from which expenditures can be made by the department of transportation for state highway improvements necessitated by planned economic development. All such improvements must first be approved by the state transportation commission and the community economic revitalization board in accordance with the procedures established by RCW 43.160.074 and 47.01.280. It is further the intent of the legislature that such improvements not jeopardize any other planned highway construction projects. The improvements are intended to be of limited size and cost, and to include such items as additional turn lanes, signalization, illumination, and safety improvements.

(3) The legislature also finds that the state's economic development efforts can be enhanced by providing funds to improve markets for those recyclable materials representing a large fraction of the waste stream. The legislature finds that public facilities which result in private construction of processing or remanufacturing facilities for recyclable materials are eligible for consideration from the board.

(4) The legislature finds that sharing economic growth state-wide is important to the welfare of the state. Distressed areas and timber-dependent counties do not share in the economic vitality of the Puget Sound region. Infrastructure is one of several ingredients that are critical for economic development. Distressed areas and timber-dependent counties generally lack the infrastructure necessary to diversify and revitalize their economies. It is, therefore, the intent of the legislature to increase the availability of funds to help provide infrastructure to distressed areas and timber-dependent counties.

(1) A process to equitably compare and evaluate applications from competing communities.

(2) Criteria to ensure that approved projects will have a high probability of success and are likely to provide long-term economic benefits to the community. The criteria shall include: (a) A minimum amount of local participation, determined by the board per application, to verify community support for the project; (b) an analysis that establishes the project is feasible using standard economic principles; and (c) an explanation from the applicant regarding how the project is consistent with the communities', economic strategy and goals.

(3) A method of evaluating the impact of the loans or grants on the economy of the community and whether the loans or grants achieved their purpose.

Sec. 45. RCW 43.160.076 and 1985 c 446 s 6 are each amended to read as follows:

(1) Except as authorized to the contrary under subsection (2) of this section, from all funds available to the board for loans and grants, the board shall spend at least ~~((twenty))~~ fifty percent for grants and loans for projects in distressed counties or federal timber impact areas. For purposes of this section, the term "distressed counties"

includes any county, in which the average level of unemployment for the three years before the year in which an application for a loan or grant is filed, exceeds the average state employment for those years by twenty percent or federal timber impact areas.

(3) The loans may have a deferred payment of up to five years but shall be repaid within twenty years. The community economic revitalization board may require other terms and conditions and may charge such rates of interest on its loans as it deems appropriate to carry out the purposes of this section. Repayments shall be made to the public works assistance account.

Debate ensued.

POINT OF INQUIRY

Senator Matson: "Senator Owen, when we first started discussing this bill some two months ago, I expressed some concern about the broad base of areas that might avail themselves of some of this help. In this fifty-seven page amendment, is there anything to change that?"

Senator Owen: "No, your concern was that the areas, when we discussed that before, that Tier one and Tier two counties be eligible for some of the assistance in the program and also that the community colleges and the communities that have displaced timber workers be eligible for some of those funds. There are some specific things in the bill, but there are also, for instance in the case of the community colleges--the money will go into a fund--then your community college will apply, after demonstrating that you have displaced timber workers in that area. Nothing has changed in that area. Our intent is to provide assistance state-wide to those areas that are affected by the federal forest service decision."

Senator Matson: "Can you briefly list for me those statutory things that you mentioned?"

Sec. 2. RCW 44.04.021 and 1987 c 13 s 1 are each amended to read as follows:

This act shall be submitted to the people for their adoption and ratification, or rejection, at the next succeeding general election to be held in this state, in accordance with Article II, section 1 of the state Constitution, as amended, and the laws adopted to facilitate the operation thereof."

POINT OF ORDER

Senator Talmadge: "A point of order, Mr. President. I raise the point of order as to whether or not the present bill is properly before the Senate. I raise the point of order in light of the question of whether or not the Senate could, by a majority vote, suspend the rules and permit this bill to be considered, moving it from the third reading calendar to the second reading calendar.

"Specifically, Mr. President, my concern is that Rule 62 of the Senate Rules permits the suspension of the three day rule, that is the bill must be read on three separate days, and facilitates action by the Senate prior to the cut-off on the final consideration of a piece of legislation. What we are talking here is not that, but rather we are talking about suspending the rules to enable the Senate to consider further amendments to a piece of legislation, which I believe falls within the normal suspension of the rules requirements of Rule 35. Therefore, it would be my contention, Mr. President, that this bill absent of a two-thirds vote of the Senate was not properly before the Senate on second reading."

REPLY BY THE PRESIDENT

President Pritchard: "Well, it was moved to second reading and I was informed by our able staff here that we are back on second reading. The motion was made to move it back to second reading and it was carried at an earlier time--when we moved it back to second reading--before we brought it back up on the eighteenth. That is according to Mary and I guess she has gone out to check it."

Senator Talmadge: "Mr. President, if I could, I would note that an objection was made with respect to the suspension of the rules. An objection was lodged on this side of the aisle to suspend the rules and take the matter back to the second reading calendar."

President Pritchard: "Senator Talmadge, Rule 62 says a majority may suspend within three days before cut-off. The Senate has always interpreted that this is allowing a majority to suspend and return a bill to second reading. I am informed that has been the custom in the past here in the Senate."

MOTION

Senator Talmadge moved that the following amendments to the striking amendment by Senators Metcalf and Thorsness be considered simultaneously and be adopted:

On page 1, line 17 of the amendment, after "subsection." strike all material down through and including "subsection." on line 20.

On page 1, line 31 of the amendment, after "subsection." strike all material down to and including "subsection." on line 34

Debate ensued.

Senator McMullen demanded a roll call and the demand was sustained. Further debate ensued.

On motion of Senator Metcalf, the rules were suspended, Reengrossed Senate Bill No. 5226 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator McCaslin: "Senator Snyder, my attention was diverted there, I think, because of the Page and then your remarking about Senator Sellar. Was that a public endorsement of Senator Sellar?"

Senator Snyder: "I think Senator Sellar has served his district too well and they ought to be given an opportunity if they want him to serve or not. Maybe, they will turn him down. That is up to the voters in his district."

Senator McCaslin: "Oh, I see. I thought maybe you were making a public endorsement and that we could use it in his brochure the next time he ran."

Senator Snyder: "I'll be glad to talk to you about that on the side."

Senator McCaslin: "Oh, on the side? You don't want it in the public record; you are just complimenting him superficially and not permanently?"

Senator Snyder: "I said that the voters, evidently, in his district have done a fine job and they should have the opportunity to continue to do that. That is why I think this is a lousy bill and you should join me in voting 'no.'"

Further debate ensued.

Senator Saling moved that the following amendment by Senators Saling, Bauer, Anderson, Stratton, Patterson, Hansen, Nelson, Bailey and Hayner be adopted:

NEW SECTION. **Sec. 1.** A new section is added to chapter 28B.15 RCW to read as follows:

(1) The boards of trustees of the community college districts may operate summer schools on either a self-supporting or a state-funded basis.

If summer school is operated on a self-supporting basis, the fees charged shall be retained by the colleges, and shall be sufficient to cover the direct costs, which are instructional salaries and related benefits, supplies, publications, and records.

Community colleges that have self-supporting summer schools shall continue to receive general fund state support for vocational programs that require that students enroll in a four quarter sequence of courses that includes summer quarter due to clinical or laboratory requirements and for ungraded courses limited to adult basic education, vocational apprenticeship, aging and retirement, small business management, industrial first aid, and parent education.

(2) The boards of trustees of the community college districts may exceed state-funded, full-time equivalent enrollment limits by four percent each fiscal year and charge those students a fee equivalent to the amount of tuition and fees that are charged students enrolled in state-funded courses. These fees shall be retained by the colleges.

Any community college which in 1990-91 has excess enrollments which are less than the four percent limit in this subsection may increase its excess enrollments to the four percent limit in this subsection.

Community colleges that currently have excess enrollments more than four percent above the state-funded limit, by means of enrollments that would have otherwise been eligible for state funding, shall reduce those excess enrollments to four percent above the state-funded full-time equivalent enrollment limits by September 1, 1995, in at least equal annual reductions, commencing with the 1991-92 fiscal year.

Should the number of student supported, full-time equivalent enrollments exceed in any fiscal year the limits established in this section, the colleges shall return by September 1st to the state general fund, an amount equal to the college's full average state appropriations per full-time equivalent student for such student funded full-time equivalent in excess of the limit.

(3) The state board for community college education shall ensure compliance with this section.

Sec. 2. RCW 28B.15.502 and 1985 c 390 s 25 are each amended to read as follows:

Tuition fees and services and activities fees at each community college other than at summer quarters shall be as follows:

(1) For full time resident students, the total tuition fees shall be twenty-three percent of the per student educational costs at the community colleges computed as provided in RCW 28B.15.067 and 28B.15.070: PROVIDED, That the building fees for each academic year shall be one hundred and twenty-seven dollars and fifty cents.

(2) For full time nonresident students, the total tuition fees shall be one hundred percent of the per student educational costs at the community colleges computed as provided in RCW 28B.15.067 and 28B.15.070: PROVIDED, That the building fees for each academic year shall be four hundred and three dollars and fifty cents.

(3) The boards of trustees of each of the state community colleges shall charge and collect equally from each of the students registering at the particular institution and included in subsections (1) and (2) hereof a services and activities fee which for each year of the 1981-83 biennium shall not exceed sixty-four dollars and fifty cents. In subsequent biennia the board of trustees may increase the existing fee, consistent with budgeting procedures set forth in RCW 28B.15.045, by a percentage not to exceed the percentage increase in tuition fees authorized in subsection (1) above: PROVIDED, That such percentage increase shall not apply to that portion of the services and activities fee previously committed to the repayment of bonded debt. The services and activities fee committee provided for in RCW 28B.15.045 may initiate a request to the governing board for a fee increase.

(4) Tuition and services and activities fees consistent with the above schedule will be fixed by the state board for community colleges for summer school students unless the community college charges fees in accordance with section 1 of this 1991 act.

The board of trustees shall charge such fees for ungraded courses, noncredit courses, community services courses, and self-supporting short courses as it, in its discretion, may determine, not inconsistent with the rules and regulations of the state board for community college education.

POINT OF INQUIRY

Senator Talmadge: "Senator Anderson, the question that I have about this bill is this is a bill that purports to enhance the network for referrals of people for child care. The cost is one point six million dollars, as I recall. Wouldn't it be more appropriate to spend one point six million dollars for actual provision of child care rather than telling people where they need to go to get it?"

Senator Anderson: "Senator Talmadge, that has been discussed in committee. The proponents of the bill and, indeed, I am in support of the concept to establish a resource and referral in each of the thirty-nine counties and make sure that they are going strong. They, then, can work with the local communities and enhance child care without direct state dollars, so I think we are getting more for our money by enhancing the resource and referrals."

POINT OF INQUIRY

Senator Rasmussen: "Senator McDonald, this is not so you could reply, but for my curiosity. If we are going to make the schools whole, as your previous amendment did, and it relates to what Senator Vognild was saying,

some of these junior taxing districts are pretty strapped all the time, because of the fine and the over-lapping levies. These amendments relate to the junior taxing districts. Are they going to lose money, and if they do, who will make them whole and let them continue to operate?"

Senator McDonald: "Once again, I think it is very similar to the case that we had dealing with the bill, Senate Bill No. 5195, which passed here with, I think, with thirty-five votes. What that did was, yes, there were some junior taxing districts that would not have gotten as big an increase as they had anticipated, but they certainly got substantially more money than they had last year. So, Senator Rasmussen, to answer your question, the only time, this bill comes into effect is when you have substantial increases in your property values. That means that you will have a reduction in the increase, not a reduction in the total budget for junior taxing districts."

The President declared the question before the Senate to be the roll call on the adoption of the amendment by Senators Murray, McMullen, Snyder, Madsen and Gaspard on page 29, after line 23, to Substitute Senate Bill No. 5849.

(ii) Subject to subsection (1)(c)(i) of this section, the commission may allow a licensee to conduct satellite wagering at a satellite location within fifty (~~(air)~~) ground miles of the racing facility of another licensee who conducts race meets of under thirty days, but only if the licensee seeking to conduct satellite wagering suspends its satellite program during the conduct of the meets of all licensees within fifty (~~(air)~~) ground miles.

MOTIONS

On motion of Senator McDonald, the following title amendment was adopted:

On page 1, line 1 of the title, after "racing;" strike the remainder of the title and insert "amending RCW 67.16.014, 67.16.102, 67.16.105, 67.16.130, 67.16.170, and 67.16.200; reenacting and amending RCW 67.16.100 and 67.16.175; repealing RCW 67.16.210, 67.16.220, 67.16.910, and 67.16.911; and declaring an emergency."

On motion of Senator McDonald, Engrossed Substitute House Bill No. 1120, as amended by the Senate, was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Senator McDonald, we took the white bill up to the caucus and I read it thoroughly up there and I didn't see anything in it that prohibits giving free passes to the legislators and that was one of the main concerns. What changes were made in the pink addition from the white addition?"

Senator McDonald: "Is that the Ways and Means committee striking amendment?"

Senator Rasmussen: "Yes, that is the pink here."

Senator McDonald: "Basically, the only change was that we said that there would be no increase in the number of satellite betting facilities--that it would remain at the one per county. What this bill does is reduce the radius around the race track from fifty miles to twenty miles--"

Senator Rasmussen: "In a straight line?"

Senator McDonald: "In a straight line; therefore Pierce County, Kitsap County and Snohomish County could then qualify for their one facility--one satellite betting facility. As it was, because of the fifty miles, there was no way you could put one in."

Senator Rasmussen: "I'm not familiar--are race tracks taxed at open space--farm land--or what is it--or like tax rates like on my house?"

Senator McDonald: "You got me on that one. I'll find out."

Senator Rasmussen: "The other question is, what rate of B & O tax do they pay?"

Senator McDonald: "Senator Rasmussen, before we do a question and answer give me a little head start and I will see if I can have the answers, because on that one I don't know, but I will have it very quickly."

Senator Rasmussen: "I knew you would have that information because you are very much concerned with what money comes in and what goes out and it can't go out unless it comes in."

Senator McDonald: "That is correct, but the facts are, by this bill, there are no changes to the B & O tax rate and no changes to the property tax, therefore it was not a consideration."

Further debate ensued.

The President declared the question before the Senate to be the roll call on the final passage of Engrossed Substitute House Bill No. 1120, as amended by the Senate.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 1120, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 39; Nays, 4; Absent, 0; Excused, 6.

Voting yea: Senators Amondson, Anderson, Bailey, Barr, Bauer, Bluechel, Conner, Erwin, Gaspard, Hayner, Jesernig, Johnson, L. Kreidler, Madsen, Matson, McDonald, Moore, Murray, Nelson, Newhouse, Niemi, Oke, Owen, Patterson, Pelz, Rasmussen, Rinehart, Roach, Saling, Sellar, Skratek, A. Smith, Snyder, Stratton, Talmadge, Thorsness, Vognild, von Reichbauer, Wojahn - 39.

Voting nay: Senators Cantu, Craswell, Metcalf, L. Smith - 4.

MESSAGE FROM THE HOUSE

March 27, 1991

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5806 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature recognizes as a fundamental government purpose the need to protect the environment and human health and safety. To that end the state has enacted laws designed to limit and prevent environmental damage and risk to public health and safety caused by underground petroleum storage tank leaks. Because of the costs associated with compliance with such laws and the high costs associated with correcting past environmental damage, many owners and operators of underground petroleum storage tanks have discontinued the use of or have planned to discontinue the use of such tanks. As a consequence, isolated communities face the loss of their source of motor vehicle fuel and face the risk that the owner or operator will have insufficient funds to take corrective action for pollution caused by past leaks from the tanks. In particular, rural communities face the risk that essential emergency, medical, fire and police services may be disrupted through the diminution or elimination of local sellers of petroleum products and by the closure of underground storage tanks owned by local government entities serving these communities.

The legislature also recognizes as a fundamental government purpose the need to preserve a minimum level of economic viability in rural communities so that public revenues generated from economic activity are sufficient to sustain necessary governmental functions. The closing of local service stations adversely affects local economies by reducing or eliminating reasonable access to fuel for agricultural, commercial, and transportation needs.

The legislature intends to assist small communities within this state by authorizing:

(1) Cities, towns, and counties to certify that a local private owner or operator of an underground petroleum storage tank meets a vital local government, public health

or safety need thereby qualifying the owner or operator for state financial assistance in complying with environmental regulations and assistance in taking needed corrective action for existing tank leaks; and

(2) Local government entities to obtain state financial assistance to bring local government underground petroleum storage tanks into compliance with environmental regulations and to take needed corrective action for existing tank leaks.

NEW SECTION. Sec. 2. (1) Subject to the conditions and limitations of sections 1 through 6 of this act, the director shall establish and manage a program for providing financial assistance to public and private owners and operators of underground storage tanks who have been certified by the governing body of the county, city, or town in which the tanks are located as meeting a vital local government, public health or safety need. In providing such financial assistance the director shall:

(a) Require owners and operators, including local government owners and operators, to demonstrate serious financial hardship;

(b) Limit assistance to only that amount necessary to supplement applicant financial resources;

(c) Limit assistance to no more than one hundred fifty thousand dollars in value for any one underground storage tank site of which amount no more than seventy-five thousand dollars in value may be provided for corrective action; and

(d) Whenever practicable, provide assistance through the direct payment of contractors and other professionals for labor, materials, and other services.

(2) Except as otherwise provided in sections 1 through 6 of this act, no grant of financial assistance may be used for any purpose other than for corrective action and repair, replacement, reconstruction, and improvement of underground storage tanks and tank sites. If at any time prior to providing financial assistance or in the course of providing such assistance, it appears to the director that corrective action costs may exceed seventy-five thousand dollars, the director may not provide further financial assistance until the owner or operator has developed and implemented a corrective action plan with the department of ecology.

(3) When requests for financial assistance exceed available funds, the director shall give preference to providing assistance first to those underground storage tank sites which constitute the sole source of petroleum products in remote rural communities.

(4) The director shall consult with the department of ecology in approving financial assistance for corrective action to ensure compliance with regulations governing underground petroleum storage tanks and corrective action.

(5) The director shall approve or disapprove applications for financial assistance within sixty days of receipt of a completed application meeting the requirements of sections 1 through 6 of this act. The certification by local government of an owner or operator shall not preclude the director from disapproving an application for financial assistance if the director finds that such assistance would not meet the purposes of sections 1 through 6 of this act.

(6) The director may adopt all rules necessary to implement the financial assistance program and shall consult with the technical advisory committee established under RCW 70.148.030 in developing such rules and in reviewing applications for financial assistance.

NEW SECTION. Sec. 3. (1) To qualify for financial assistance, a private owner or operator retailing petroleum products to the public must:

(a) First apply for insurance from the pollution liability insurance program and request financial assistance in a form and manner required by the director;

(b) If the director makes a preliminary determination of possible eligibility for financial assistance, apply to the appropriate governing body of the city or town in which the tanks are located or in the case where the tanks are located outside of the

jurisdiction of a city or town, then to the appropriate governing body of the county in which the tanks are located, for a determination by the governing body of the city, town, or county that the continued operation of the tanks meets a vital local government, or public health or safety need; and

(c) Qualify for insurance coverage from the pollution liability insurance program if such financial assistance were to be provided.

(2) In consideration for financial assistance and prior to receiving such assistance the owner and operator must enter into an agreement with the state whereby the owner and operator agree:

(a) To sell petroleum products to the public;

(b) To maintain the tank site for use in the retail sale of petroleum products for a period of not less than fifteen years from the date of agreement;

(c) To sell petroleum products to local government entities within the affected community on a cost-plus basis periodically negotiated between the owner and operator and the city, town, or county in which the tanks are located; and

(d) To maintain compliance with state underground storage tank financial responsibility and environmental regulations.

(3) The agreement shall be filed as a real property lien against the tank site with the county auditor in which the tanks are located. If the owner or operator transfers his or her interest in such property, the new owner or operator must agree to abide by the agreement or any financial assistance provided under sections 1 through 6 of this act shall be immediately repaid to the state by the owner or operator who received such assistance.

(4) As determined by the director, if an owner or operator materially breaches the agreement, any financial assistance provided shall be immediately repaid by such owner or operator.

(5) The agreement between an owner and operator and the state required under this section shall expire fifteen years from the date of entering into the agreement.

NEW SECTION. Sec. 4. (1) To qualify for financial assistance, a public owner or operator must:

(a) First apply for insurance from the pollution liability insurance program and request financial assistance in a form and manner required by the director;

(b) Provide to the director a copy of the resolution by the governing body of the city, town, or county having jurisdiction, finding that the continued operation of the tanks is necessary to maintain vital local public health, education, or safety needs;

(c) Qualify for insurance coverage from the pollution liability insurance program if such financial assistance were to be provided.

(2) The director shall give priority to and shall encourage local government entities to consolidate multiple operational underground storage tank sites into as few sites as possible. For this purpose, the director may provide financial assistance for the establishment of a new local government underground storage tank site contingent upon the closure of other operational sites in accordance with environmental regulations. Within the per site financial limits imposed under sections 1 through 6 of this act, the director may authorize financial assistance for the closure of operational sites when closure is for the purpose of consolidation.

NEW SECTION. Sec. 5. To qualify for financial assistance, a rural hospital as defined in RCW 18.89.020, owning or operating an underground storage tank must:

(1) First apply for insurance from the pollution liability insurance program and request financial assistance in a form and manner required by the director;

(2) Apply to the governing body of the city, town, or county in which the hospital is located for certification that the continued operation of the tank or tanks is necessary to maintain vital local public health or safety needs;

(3) Qualify for insurance coverage from the pollution liability insurance program if such financial assistance were to be provided; and

(4) Agree to provide charity care as defined in RCW 70.39.020 in an amount of equivalent value to the financial assistance provided under sections 1 through 6 of this act. The director shall consult with the department of health to monitor and determine the time period over which such care should be expected to be provided in the local community.

NEW SECTION. Sec. 6. (1) The director shall develop and distribute to appropriate cities, towns, and counties a form for use by the local government in making the certification required for all private owner and operator financial assistance along with instructions on the use of such form.

(2) In certifying a private owner or operator retailing petroleum products to the public as meeting vital local government, public health or safety needs, the local government shall:

(a) Consider and find that other retail suppliers of petroleum products are located remote from the local community;

(b) Consider and find that the owner or operator requesting certification is capable of faithfully fulfilling the agreement required for financial assistance;

(c) Designate the local government official who will be responsible for negotiating the price of petroleum products to be sold on a cost-plus basis to the local government entities in the affected communities and the entities eligible to receive petroleum products at such price; and

(d) State the vital need or needs that the owner or operator meets.

(3) In certifying a hospital as meeting local public health and safety needs the local government shall:

(a) Consider and find that the continued use of the underground storage tank by the hospital is necessary; and

(b) Consider and find that the hospital provides health care services to the poor and otherwise provides charity care.

(4) The director shall notify the governing body of the city, town, or county providing certification when financial assistance for a private owner or operator has been approved.

Sec. 7. RCW 70.148.020 and 1990 c 64 s 3 are each amended to read as follows:

All funds appropriated for this chapter and all premiums collected for reinsurance shall be deposited in the account. (3) Each calendar quarter the director shall report to the chairs of the senate ways and means, senate financial institutions, house of representatives revenue, and house of representatives financial institutions and insurance committees, the amount of reserves necessary to fund commitments made to provide financial assistance under section 2 of this act to the extent that the financial assistance reserves do not jeopardize the operations and liabilities of the pollution liability insurance program. The director shall

notify the department of revenue of this amount by the fifteenth day of each calendar quarter. The director may immediately establish an initial financial assistance reserve of five million dollars from available revenues. The director may not expend more than fifteen million dollars for the financial assistance program.

(3) Chapter 82.32 RCW applies to the tax imposed in this chapter. The tax due dates, reporting periods, and return requirements applicable to chapter 82.04 RCW apply equally to the tax imposed in this chapter.

(4) Within thirty days after the end of each calendar quarter the department shall determine the "quarterly balance," which shall be the cash balance in the pollution liability insurance program trust account as of the last day of that calendar quarter, after excluding the reserves determined for that quarter under RCW 70.148.020(2) and (3). NEW SECTION. Sec. 4. A new section is added to chapter 47.60 RCW to read as follows:

No restaurant, retail food vendor, food packager, nonprofit food provider, or other food service operation located aboard a ferryboat or within a ferry terminal operating within the boundaries of the state of Washington, may serve or package prepared food in containers or wrappers made in whole or in part of polystyrene foam products. A restaurant, retail food vendor, food packager, nonprofit food provider, or food service operator who violates this section is guilty of a misdemeanor punishable under chapter 9A.20 RCW.

NEW SECTION. Sec. 5. A new section is added to chapter 81.84 RCW to read as follows:

No restaurant, retail food vendor, food packager, nonprofit food provider, or other food service operation located aboard a ferryboat or within a ferry terminal operating within the boundaries of the state of Washington, may serve or package prepared food in containers or wrappers made in whole or in part of polystyrene foam products. A violation of this section is a misdemeanor punishable under chapter 9A.20 RCW.

POINT OF ORDER

Senator Metcalf: "A point of order, Mr. President. Regretfully, I would raise the question of scope and object on this amendment. The bill is requiring recycling in state parks, marinas and airports. This relates to ferry boats and the other thing is the bans are a problem. We're more into the era of being able to utilize--well this is a ban instead of a recycling effort and is clearly beyond the scope and object of the bill."

Debate ensued.

On motion of Senator Newhouse, further consideration of Substitute House Bill No. 1304 was deferred.

HOUSE BILL NO. 1024, by Representatives Zellinsky, Broback, Dellwo, Haugen, Kremen, Day, Wineberry, Mielke, Orr, Inslee, Ebersole, R. Meyers, Paris, Schmidt, May, Edmondson, Van Luven, Sheldon, Pruitt, Winsley, Forner and Anderson

Excluding certain driving record information pertaining to law enforcement officers and fire fighters from abstracts of driving records.

The bill was read the second time.

MOTION

On motion of Senator von Reichbauer, the rules were suspended, House Bill No. 1024 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

POINT OF INQUIRY

Senator Talmadge: "When we took this bill up in caucus, Senator von Reichbauer, I was looking at the language of the bill and I can understand the need for exemptions for the law enforcement officers and fire fighters if they are engaged in emergency duty and they have not done anything that is evidenced as negligence in nature. My reading of the bill as it is presently drafted suggests that if a law enforcement officer or a fire fighter were guilty of a DWI while on the course of their official duty, this would not appear in the abstract that would go to the insurance carrier, and I just don't think that is right. If the officer is doing something that amounts to emergency duty and doing it in a non-negligent fashion, that should not be something that appears on his or her record, but if you had a law enforcement officer that was doing something that looked to be like misconduct, I have problems with the insurance carrier not knowing that. I just wondered if that is something that the committee looked at in considering this bill?"

MOTION

On motion of Senator von Reichbauer, further consideration of House Bill No. 1024 was deferred.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 1771, by House Committee on Transportation (originally sponsored by Representatives Rasmussen, R. Fisher, Dorn, Brumsickle, Betrozoff, Basich, Cantwell, Fraser, R. Meyers, Belcher and Ebersole)

On motion of Senator Patterson, the rules were suspended, Substitute House Bill No. 1771, as amended by the Senate, was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

SUBSTITUTE HOUSE BILL NO. 1200, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

There being no objection, the Senate resumed consideration of Substitute House Bill No. 1954, and the pending amendment by Senators Murray and Skratek on page 1, line 18, to the Committee on Agriculture and Water Resources striking amendment deferred April 3, 1991.

Debate ensued.

The President declared the question before the Senate to be the adoption of the amendment by Senator Murray on page 1, line 18, to the Committee on Agriculture and Water Resources striking amendment to Substitute House Bill No. 1954.

The motion by Senator Murray failed and the amendment to the committee amendment was not adopted.

MOTION

Senator Metcalf moved the following amendments to the Committee on Agriculture and Water Resources striking amendment be considered simultaneously and be adopted:

On page 2, line 17, after "aquacultural," strike "marine shellfish,"

On page 2, beginning on line 23, strike "marine commercial production of shellfish,"

Debate ensued.

POINT OF INQUIRY

Senator Rasmussen: "Senator Metcalf, I am a little concerned, although Senator Barr said the amendments were all right, but it says, 'marine commercial.' How would you define that? That doesn't indicate salt water. That is striking out any production, whatever it may be--you say 'marine,' but it doesn't say, 'marine salt water.' You have fresh water--the Columbia River and several lakes in other areas that are marine and can be used for production

of farm-raised shell fish and regular fish. Now, I think it is pretty broad when you strike out the marine if you confine it to salt water."

Senator Metcalf: "Senator Rasmussen, to answer your question, we are not hurting or doing anything to the marine production of shell fish. We are just not extending this bill, you know,--elimination of nuisance bill--to that area. Where it says, 'marine commercial production of shell fish,' the marine does signify salt water; we are talking about salt water. I am not aware of a lot of commercial production of shell fish in fresh water, although there may be some. What we are saying is that this particular bill, which extends the protections of agriculture to these things--to extend those protections to the marine areas without a lot of thought and a lot of investigation, I think is unwise. I'd be willing to work on a bill next year to do that, but we shouldn't do that in this bill."

Further debate ensued.

The President declared the question before the Senate to be the adoption of the amendments by Senator Metcalf on page 1, line 17, and page 2, beginning on line 23, to the Committee on Agriculture and Water Resources striking amendment to Substitute House Bill No. 1954.

The motion by Senator Metcalf carried and the amendments to the committee amendment were adopted.

The President declared the question before the Senate to be the adoption of the Committee on Agriculture and Water Resources striking amendment, as amended, to Substitute House Bill No. 1954.

The Committee on Agriculture and Water Resources striking amendment, as amended, was adopted.

MOTIONS

On motion of Senator Barr, the following title amendment was adopted:

On page 1, line 1 of the title, after "nuisances;" strike the remainder of the title and insert "and amending RCW 7.48.305 and 7.48.310."

Senator Barr moved that the rules be suspended and Substitute House Bill No. 1954, as amended by the Senate, be advanced to third reading, the second reading considered the third and the bill be placed on final passage.

Debate ensued.

There being no objection, the President deferred further consideration of Substitute House Bill No. 1954, as amended by the Senate.

There being no objection, the Senate resumed consideration of Substitute Senate Bill No. 5149 and the pending amendment by Senators Murray and Gaspard, on page 8, after line 12, deferred March 14, 1991.

RULING BY THE PRESIDENT

President Pritchard: "In ruling upon the point of order raised by Senator Nelson, the President finds that Substitute Senate Bill No. 5149 is a measure which amends the laws on public disclosure by defining "gift" and providing

for the reporting of gifts. The bill also allows surplus campaign funds to be transferred to a public office fund under certain conditions.

"The amendment proposed by Senators Murray and Gaspard would place limitations on the amount of money which may be contributed to state-wide and legislative candidates.

"The President, therefore, finds the proposed amendment does change the scope and object of the bill and the point of order is well taken."

The amendment by Senators Murray and Gaspard on page 8, after line 12, to Substitute Senate Bill No. 5149 was ruled out of order.

POINT OF ORDER

Senator McMullen: "Thank you, Mr. President, at this point, we would like to raise a point of order of whether or not this bill is properly before us at this time, considering our cutoff resolution."

REPLY BY THE PRESIDENT

President Pritchard: "I think that Senator McMullen's point is well taken. However, Senator, they are distributing a resolution and I think that under your point it would be proper to take the resolution up first before we take up the bill. Do you have any comment on that?"

Senator McMullen: "Mr. President, our concern is amending the cutoff resolution. Historically, it has been my understanding, that the cutoff resolution would be amended by both bodies before we act, as if the House were going to go ahead and concur. My concern is that other people may have amendments to the cutoff resolution amendment; the House may have amendments to the cutoff resolution amendment and it may never be adopted. My understanding is that, historically, until the resolution has been adopted by both bodies, we do not then go ahead and proceed with the bill that would be covered by the cutoff resolution."

REMARKS BY SENATOR NEWHOUSE

Senator Newhouse: "Mr. President, ladies and gentlemen, the practice over the past several years, under the previous Lieutenant Governor, too, has been that the resolution and the bill were sent over together and then when and if the resolution were passed by both bodies, the second body could also consider the bill."

REMARKS BY PRESIDENT PRITCHARD

President Pritchard: "I think the remarks made by Senator Newhouse are well taken. I think the Chair would like to pass the resolution first and I think that is the next thing that we should be doing."

MOTION

At 10:53 a.m., on motion of Senator Newhouse, the Senate was declared to be at ease.

The Senate was called to order at 11:42 a.m. by President Pritchard.

NOTICE FOR RECONSIDERATION

Having voted on the prevailing side, Senator Owen served notice that he would move to reconsider the vote by which the amendments by Senator Metcalf on page 2, line 17, and beginning on line 23 to the Committee on Agriculture and Water Resources striking amendment were adopted to Substitute House Bill No. 1954.

MOTION

At 11:43 a.m., on motion of Senator Newhouse, the Senate recessed until 6:00 p.m.

The Senate was called to order at 6:01 p.m. by President Pritchard.

MOTION

On motion of Senator Newhouse, the Senate returned to the first order of business.

If it is what is the UTC's attitude toward the technology in the options of blocking--we had a lot of discussion on that--they have said that they will provide blocking if in a tariff--free of charge. Also, we will have resolution on this same issue later this morning. I don't know if that answers your question, but I'm not sure I understood it either."

Basically, this bill only authorizes the services which have been approved by the UTC. NEW SECTION. Sec. 2. The legislature finds that there are barriers to providing residents of rural areas with access to affordable health care coverage through both public and private programs. The legislature further finds that the report on these barriers requested by the legislature in 1990 was prepared by the insurance commissioner's committee on the availability of affordable health insurance in rural areas of Washington state and declares that the regulatory and voluntary actions identified in this report should be pursued within the public and private sectors. The legislature intends through this act to foster the development and implementation of one community-based pilot project aimed at demonstrating the viability of providing health care services to residents of a rural area within the state.

NEW SECTION. Sec. 3. A new section is added to chapter 70.175 RCW to read as follows:

In administering and making awards for rural health projects under RCW 70.175.050, the secretary shall establish a process for selecting and making an award to a single participant for the development, design, and implementation of a project designed to provide a rural health care services program to residents of a rural community. Applications for rural health care services pilot programs shall include only contiguous health care catchment areas of the state that are designated as rural. Project funds may be used for any purposes related to the development, design, implementation, or introduction of a rural health care services program except that funds shall not be used to directly contribute to any program reserves used to assure the financial viability of the program. Final approval of a project funded and authorized under this section must be obtained from the secretary before final implementation. No liability may attach or otherwise accrue to the state for the provision of or charges for services under the rural health care services program authorized under this chapter.

Sec. 4. RCW 70.175.020 and 1989 1st ex.s. c 9 s 702 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(13) "Rural health care services program" means an arrangement sponsored by a health care organization, municipal corporation, or combination of public and private entities that provides, exclusively for rural residents of its health care catchment area, access to primary, acute, or secondary health care services, either by contract or through the direct delivery of the services.

Sec. 5. RCW 70.175.030 and 1989 1st ex.s. c 9 s 703 are each amended to read as follows:

Nothing in this chapter requires the

secretary to follow any specific recommendation contained in ~~((that))~~ those reports except as it may also be included in this chapter.

(7) The secretary shall appoint a special advisory committee for the purpose of assisting in establishing standards, making awards, designing the final project, coordinating technical assistance, and providing oversight of the demonstration project authorized under section 3 of this act. This committee shall include the director of the medical assistance program of the department of social and health services, the administrator of the state health care authority, the administrator of the basic health plan, and the director of the department of labor and industries, and may include any other representatives deemed necessary by the secretary.

(8) The successful applicant for implementation of a project under section 3 of this act is exempt from all provisions of Title 48 RCW after the secretary makes a specific determination that the applicant:

(a) Has obtained an actuarial study through a consultant approved by the secretary which concludes that the rural health care services program is financially viable;

(b) Has demonstrated public support from the citizens residing within the catchment area of the rural health care services program through an affirmative vote on that issue presented to them at a general or special election; and

(c) Has verified that all provider contracts within the rural health care services program hold individual beneficiaries harmless for charges for services arising in the event of a failure of the plan.

(9) The secretary, in consultation with the special advisory committee authorized in subsection (7) of this section, shall evaluate the project authorized under section 3 of this act. The secretary shall report to the legislature and the governor within four years of the initial commencement of health care service delivery. The evaluation shall assess whether the program has maintained financial viability, improved access to health care services, and increased utilization of local health care providers. The evaluation shall also include recommendations to continue or expand the program, including any necessary legislative changes.

(10) The secretary may authorize enrollment limits to the program provided such limits do not jeopardize its financial viability.

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1426, by House Committee on Agriculture and Rural Development (originally sponsored by Representatives Grant, Ballard, Rayburn, Nealey, Rust, Belcher, Ludwig, Prince, Heavey, Inslee, Bray, Rasmussen, Jacobsen, Lisk, Kremen, Spanel and Edmondson)

Establishing the center for sustaining agriculture and natural resources, and the food and environmental quality laboratory as research and extension programs of Washington State University.

The bill was read the second time.

MOTIONS

Senator Barr moved that the following Committee on Agriculture and Water Resources amendment be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. **Sec. 1.** The legislature finds that public concerns are increasing about the need for significant efforts to develop sustainable systems in agriculture. The sustainable systems would address many anxieties, including the erosion of agricultural lands, the protection and wise utilization of natural resources, and the safety of food production. Consumers have demonstrated their apprehension in the marketplace by refusing to purchase products whose safety is suspect and consumer confidence is essential for a viable agriculture in Washington. Examples of surface and ground water contamination by pesticides and chemical fertilizers raise concerns about deterioration of environmental quality. Reducing soil erosion would maintain water quality and protect the long-term viability of the soil for agricultural productivity. Both farmers and farm labor are apprehensive about the effects of pesticides on their health and personal safety. Development of sustainable farming systems would strengthen the economic viability of Washington's agricultural production industry.

Public anxieties over the use of chemicals in agriculture have resulted in congress amending the federal insecticide, fungicide and rodenticide act which requires all pesticides and their uses registered before November 1984 to be reregistered, complying with present standards, by the end of 1997. The legislature finds that the pesticide reregistration process and approval requirements could reduce the availability of chemical pesticides for use on minor crops in Washington and may jeopardize the farmers' ability to grow these crops in Washington.

The legislature recognizes that Washington State University supports research and extension programs that can lead to reductions in pesticide use where viable alternatives are both environmentally and economically sound. Yet, the legislature finds that a focused and coordinated program is needed to develop possible alternatives, increase public confidence in the safety of the food system, and educate farmers and natural resource managers on land stewardship.

The legislature further finds that growers, processors, and agribusiness depend upon pesticide laboratories associated with manufacturers, regional universities, state departments of agriculture, and the United States department of agriculture to provide residue data for registering essential pesticides. The registration of uses for minor crops, which include vegetables, fruits, nuts, berries, nursery and greenhouse crops, and reregistration of needed chemicals, are activities of particular concern to ensure crop production. Furthermore, public demands for improved information and education on pesticides and risk assessment efforts justify these efforts.

The legislature further finds that multiple alternatives are needed for pest control, including programs for integrated pest management, genetic resistance to pests, biological control, cultural practices, and the use of appropriate approved chemicals.

NEW SECTION. **Sec. 2.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Center" means the center for sustaining agriculture and natural resources established at Washington State University.

(2) "Laboratory" means the food and environmental quality laboratory established at Washington State University at Tri-Cities.

(3) "Integrated pest management" is a strategy that uses various combinations of pest control methods, biological, cultural, and chemical, in a compatible manner to achieve satisfactory control and ensure favorable economic and environmental consequences.

(4) "IR-4 program" means interregional research project number four, clearances of chemicals and biologics for minor or special uses, established in 1963 by the cooperative state research service of the United States department of agriculture, the coordinated national program involving land-grant universities and the United States department of agriculture to provide data required for the registration of pesticides needed for the production of minor crops.

(5) "Natural resources" means soil, water, air, forests, wetlands, wildlands, and wildlife.

(6) "Pesticide" means chemical or biologic used to control pests such as insect, rodent, nematode, snail, slug, weed, virus, or any organism the director of agriculture may declare to be a pest.

(7) "Registration" means use of a pesticide approved by the state department of agriculture.

(8) "Sustainable agriculture" means a systems approach to farming, ranching, and natural resource production that builds on and supports the physical, biological, and ecological resource base upon which agriculture depends. The goals of sustainable agriculture are to provide human food and fiber needs in an economically viable manner for the agriculture industry and in a manner which protects the environment and contributes to the overall safety and quality of life.

NEW SECTION. Sec. 3. A center for sustaining agriculture and natural resources is established at Washington State University. The center shall provide state-wide leadership in research, extension, and resident instruction programs to sustain agriculture and natural resources.

NEW SECTION. Sec. 11. The sum of one million two hundred thousand dollars, or as much thereof as may be necessary, is appropriated for the biennium ending June 30, 1993, from the general fund to Washington State University for purposes of carrying out sections 6 through 8 of this act.

NEW SECTION. Sec. 12. If by June 30, 1991, the omnibus operating budget appropriations act for the 1991-93 biennium does not provide specific funding for section 10 of this act, referencing the specific section of this act by bill number and section number, section 10 of this act is null and void.

NEW SECTION. Sec. 13. If by June 30, 1991, the omnibus operating budget appropriations act for the 1991-93 biennium does not provide specific funding for sections 6 through 8 and 11 of this act, referencing those specific sections of this act by bill number and section numbers, those sections of this act are null and void.

NEW SECTION. Sec. 14. Sections 1 through 9 of this act shall constitute a new chapter in Title 15 RCW.

NEW SECTION. Sec. 15. A new section is added to chapter 15.58 RCW to read as follows:

The legislature finds that agriculture is the largest industry in the state of Washington largely due to the tremendous diversity of agricultural crops produced in the state. The tremendous public benefit from this diversity takes many forms, including greater selection and quality of foods for consumers. This crop diversity is heavily reliant on the ability of producers to effectively control pests. While new technologies are being developed to aid in pest control, their effectiveness has yet to

be proven, and immediate needs can only be met through the use of plant protection products.

The legislature further finds that in order to preserve the agricultural diversity of the state and the availability of abundant, high quality food for consumers, it is vital that the registration and production of plant protection products for minor uses be maintained. The high cost of developing the necessary scientific information to support registration for these products for minor uses has caused many manufacturers to discontinue their involvement in these product development areas. As a result, growers who depend on the products for minor uses must now attempt to produce the necessary scientific information for product registration through other means to maintain an adequate array of products to produce the high quality crops demanded by processors and the consuming public. The registration procedure is so complex that it is beyond the ability of most small grower organizations to complete without technical assistance.

The purpose of this chapter is to enable the various agencies involved in pesticide registration to coordinate their activities to ensure the continued availability of plant protection products for minor uses. This coordination will promote the public welfare of the state of Washington by assuring the viability of farm operations, preventing the erosion of the tax base in rural areas, and enhancing the financial stability of the agricultural industry.

NEW SECTION. **Sec. 16.** A new section is added to chapter 15.58 RCW to read as follows:

(1) The minor uses advisory committee is created in the department. The committee shall consist of the coordinator of the interregional project number 4 program at Washington State University, who shall be a permanent member, and six members appointed by the director.

(2) The director shall make appointments to the advisory committee so that the committee is representative of affected segments of agriculture.

(3) Each appointed member shall serve a term of three years, and one-third shall be appointed every year. The entire committee shall be appointed the first year: One-third for a term of one year, one-third for a term of two years, and one-third for a term of three years. A member shall continue to serve until a successor is appointed. Vacancies shall be filled by appointment for the unexpired term.

(4) The committee shall meet at the call of the chairperson or the director. A majority of the members present at any meeting shall constitute a quorum, and a majority vote of the quorum at any meeting shall constitute an official act of the committee. At the first meeting of each calendar year, the committee shall select a chairperson.

(5) The dean of the college of agriculture of Washington State University and the director, or their representatives, shall be ex officio members without the right to vote.

(6) No person appointed to the minor uses advisory committee shall receive a salary or other compensation as a member of the committee. Each member shall receive travel expenses in accordance with RCW 43.03.050 and 43.03.060 for each day spent in actual attendance at or traveling to and from meetings of the committee or special assignments for the committee.

(7) The committee shall:

POINT OF INQUIRY

Senator Rasmussen: "Senator Patterson, did I hear right, did you say that this would permit bicycles to use the highways?"

Senator Patterson: "That is correct."

Senator Rasmussen: "All the highways? I'm glad that we adopted that amendment then, because they will probably need head phones to block out the traffic noise. They are going to be a hazard on the highways if we allow them free use. I thought they were rather restricted at the present time."

Senator Patterson: "I think, Senator, that there are certain highways that have been restricted. That is the purpose of the awareness program to try and identify for bicyclists, particularly those that are going to go across the state and into other states, the routes that probably are the safer routes for them to be on. I personally wouldn't want to be on the freeways myself on a bike. I'm not sure that will be an approved area. This bill provides for a lot of education in the use of a bicycle on the highways and the streets of the urban areas that are primarily addressed. I think that when you get out on the freeway and in the areas where you are going across country that there will still remain a lot of restricted highways. My guess is that some of the highways that do not have marked shoulders will probably be restricted in their use. It is primarily, from the beginning, to try to utilize, particularly in the congested areas of the cities--greater utilization of bicycles since it does reduce pollution, etc."

The bill was read the second time.

MOTION

On motion of Senator West, the rules were suspended, Substitute House Bill No. 1915 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

POINT OF INQUIRY

Senator Talmadge: "Senator West, the way I read the bill, however, suggests that it is mandatory that each county provide vocational rehabilitation services to mentally ill people as part of their community mental health effort. While I think that is worthy, I do have the concern that you raised about the fiscal issue. Can you assure me that each county does not then have to make provision for mandatory vocational rehabilitation services to mentally ill people if this bill passes?"

Senator West: "The way I understand it, Senator Talmadge, is that the counties will have the same discretion they do now in the manner in which they allocate the priorities for the services required by the state. This will be an additional service required, but they will be contracted with by the department for the level of the services provided. Each county can be different; some providing, essentially, very minimal or almost nothing and other counties providing very much. It is regionalized to the needs of that area. This is all done through a contracting process."

Further debate ensued.

The President Pro Tempore declared the question before the Senate to be the roll call on the final passage of Substitute House Bill No. 1915.

MOTION

On motion of Senator Newhouse, the Senate refuses to concur in the House amendments to Senate Bill No. 5170 and asks the House to recede therefrom.

Creating the office of international relations and protocol.

The bill was read the second time.

MOTION

On motion of Senator McCaslin, the rules were suspended, Substitute House Bill No. 1800 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

POINT OF INQUIRY

Senator Talmadge: "Senator McCaslin, my question about this bill is, I want to make sure, I guess, that we are not transferring any of the international trade and economic development functions of the Department of Trade and Economic Development to the office of Governor. If you could, I guess, confirm for me that the only thing that is transferring from the DTED head to the Governor is the responsibility for protocol and kind of social relations between the state of Washington and foreign governments. It would certainly lay to rest some of the concerns I might have."

Senator McCaslin: "Thank you for the question, Senator Talmadge. That is my understanding of this bill that in dealing with foreign governments a protocol officer from the Governor's office would carry more weight and more esteem and prestige in dealing with those people."

Senator Talmadge: "So, if there was some question, say for example, about the marketing of apples or the marketing of wheat, or whatever, those kinds of functions would remain with the DTED head and the commodities commissions and would not be transferred, in any way, to the Governor's office?"

Senator McCaslin: "It is my understanding that he would have nothing to do with that. That would go back to the agency or the committee or whatever that handles that at the present time."

MOTION

On motion of Senator Murray, Senator Moore was excused.

The President Pro Tempore declared the question before the Senate to be the roll call on the final passage of Substitute House Bill No. 1800.

(1) The director may at any time correct errors appearing in the records of the retirement systems listed in RCW 41.50.030. Should any error in such records result in any member or beneficiary receiving more or less than he or she would have been entitled to had the records been correct, the director, subject to the conditions set forth in this section, shall adjust the payment in such a manner that the benefit to which such member or beneficiary was correctly entitled shall be paid in accordance with the following:

However, except in the case of actual employer fraud, the overpayments charged to the employer under this subsection shall not exceed five thousand dollars for each year of overpayments received by a retiree. The retiree's benefits upon rereirement shall not be reduced because of such overpayment except as necessary to recapture contributions required for periods of employment.

Senator Niemi: "I know that, but I just wondered since it doesn't fit in, since it is stuck in the middle of a sentence, is that an error or am I missing something?"

Senator West: "Stuck in the middle of a sentence?"

Senator Niemi: "O.K., I would like to speak to the underlying bill. The amendment is a bill that is just fine, I think, with all of us, so I guess I don't have a question. I might have been in the wrong place."

On page 4, after line 4, insert the following:

NEW SECTION. Sec. 5. The legislature finds and declares that sudden and unexplained child deaths are a leading cause of death for children under age three. The public interest is served by research and study of the potential causes and indications of such unexplained child deaths and the prevention of inaccurate and inappropriate designation of sudden infant death syndrome (SIDS) as a cause of death. The legislature further finds and declares that law enforcement officers, fire fighters, emergency medical technicians, and other first responders in emergency situations are not adequately informed regarding sudden, unexplained death in young children including but not limited to sudden infant death syndrome, its signs and typical history, and as a result may compound the family and child care provider's grief through conveyed suspicions of a criminal act. Coroners, investigators, and prosecuting attorneys are also in need of updated training on the identification of unexplained death in children under the age of three, including but not limited to sudden infant death syndrome awareness and sensitivity and the establishment of a state-wide uniform protocol in cases of sudden, unexplained child death.

NEW SECTION. Sec. 6. A new section is added to chapter 43.103 RCW to read as follows:

The council shall research and develop an appropriate training component on the subject of sudden, unexplained child death, including but not limited to sudden infant death syndrome. The training component shall include, at a minimum:

(1) Medical information on sudden, unexplained child death for first responders, including awareness and sensitivity in dealing with families and child care providers, and the importance of forensically competent death scene investigation;

(2) Information on community resources and support groups available to assist families who have lost a child to sudden, unexplained death, including sudden infant death syndrome;

(3) Development and adoption of an up-to-date protocol of investigation in cases of sudden, unexplained child death, including the importance of a consistent policy of thorough death scene investigation, and an autopsy in unresolved cases as appropriate;

(4) The value of timely communication between the county coroner or medical examiner and the public health department, when a sudden, unexplained child death occurs, in order to achieve a better understanding of such deaths, and connecting families to various community and public health support systems to enhance recovery from grief.

The council shall work with volunteer groups with expertise in the area of sudden, unexplained child death, including but not limited to the SIDS Northwest Regional Center at Children's Hospital, the Washington chapter of the national SIDS foundation, and the Washington association of county officials.

Upon development of an appropriate curriculum, agreed upon by the council, the training module shall be offered to first responders, coroners, medical examiners, prosecuting attorneys serving as coroners, and investigators, both voluntarily through their various associations and as a course offering at the criminal justice training center.

POINT OF INQUIRY

Senator Vognild: "Senator, I believe I understand the underlying need for this bill or at least the request for it, but we have had an ongoing problem with DSHS in paying their bills to their vendors. It concerns me a little bit that the one-hundred and twenty day extension to twelve months might tend to extend that time even longer. Is there anything in this bill or any intent that it would allow the department any longer time to pay their bills once they had been billed?"

Senator West: "No, Senator Vognild, they are still governed by the rules that require prompt payment. This simply allows the vendors to submit their billing on a more timely fashion."

By Senator Thorsness

WHEREAS, Advances in telecommunications technology should be encouraged to provide benefits to consumers in the state of Washington; and

WHEREAS, New technology enables caller identification services that include the ability to identify the name, number, and location of the person making an incoming call; and

WHEREAS, These services have the capability to lessen illegal and harassing calls and protect the privacy of those who receive telephone calls; and

WHEREAS, These services also have the potential to affect the privacy of individuals who may have a legitimate need to keep private their telephone number or location when they make a call, such as people who have unlisted numbers, victims of harassment or abuse, law enforcement officials, and others involved in sensitive occupations; and

WHEREAS, Concern exists over the capability of building a data base of personal information keyed to a telephone number as an identification number; and

WHEREAS, The Utilities and Transportation Commission has indicated that they will consider requiring any caller identification service to offer the ability of a caller to block sending the caller's identifying information to the number being called; and

WHEREAS, This type of technology is evolving quickly and products have already been developed that in some cases can override the caller's ability to block outgoing identifying information and other products exist that will prevent the completion of a call in which the caller is blocking the caller's identifying information;

NOW, THEREFORE, BE IT RESOLVED, That the Senate support the efforts of the Utilities and Transportation Commission to report to the Legislature, on at least an annual basis, any requests by telecommunications companies to offer caller identification services, the amount of consumer interest in these services, and the extent to which new telecommunications technology related to these services may pose a threat to the privacy of telephone users.

Sec. 1. RCW 47.12.242 and 1969 ex.s. c 197 s 6 are each amended to read as follows:

The term "advance right of way acquisition" means the acquisition of property and property rights, generally not (~~less than two nor~~) more than (~~seven~~) ten years in advance of programmed highway construction projects, together with the engineering costs necessary for such advance right of way acquisition. Any property or property rights purchased must be in designated highway transportation corridors and be for projects approved by the commission as part of the state's six-year plan or included in the state's route development planning effort.

Sec. 2. RCW 47.12.244 and 1984 c 7 s 125 are each amended to read as follows:

There is created the "advance right of way revolving fund" in the custody of the treasurer, into which the department is authorized to deposit directly and expend without appropriation:

(1) An initial deposit of ten million dollars from the motor vehicle fund included in the department of transportation's 1991-93 budget;

(2) All moneys received by the department as rental income from real properties that are not subject to federal aid reimbursement, except moneys received from rental of capital facilities properties as defined in chapter 47.13 RCW; and

(3) Any federal moneys available for acquisition of right of way for future construction under the provisions of section 108 of Title 23, United States Code.

Sec. 3. RCW 47.12.125 and 1961 c 13 s 47.12.125 are each amended to read as follows:

All moneys paid to the state of Washington under any of the provisions of RCW 47.12.120 shall be deposited in the department's advance right of way revolving fund, except moneys that are subject to federal aid reimbursement, which shall be deposited in the motor vehicle fund, and except that moneys received from rental of capital facilities properties shall be deposited in the transportation capital facilities account as defined in chapter 47.13 RCW.

Sec. 4. RCW 47.12.246 and 1984 c 7 s 126 are each amended to read as follows:

((Whenever,)) (1) After any properties or property rights are acquired from funds in the advance right of way revolving fund, the department shall manage the properties in accordance with sound business practices. Funds received from interim management of the properties shall be deposited in the advance right of way revolving fund.

(2) When the department proceeds with the construction of a highway which will require the use of any of the property so acquired, the department shall reimburse the advance right of way revolving fund, from other funds available to it, the ~~((amount of the prior expenditures for advance right of way acquisition for))~~ current appraised value of the property or property rights required for the project together with damages caused to the remainder by the acquisition after offsetting against all such compensation and damages the special benefits, if any, accruing to the remainder by reason of the state highway being constructed. ~~((Such))~~

(3) When the department determines that any properties or property rights acquired from funds in the advance right of way revolving fund will not be required for a highway construction project the department may sell the property at fair market value in accordance with requirements of RCW 47.12.063. All proceeds of such sales shall be deposited in the advance right of way revolving fund.

(4) Deposits in the fund may be reexpended as provided in RCW 47.12.180, 47.12.200 through 47.12.230, and 47.12.242 through 47.12.248 without further or additional appropriations.

MOTION

POINT OF INQUIRY

Senator Talmadge: "Senator Patterson, with respect to the amendments adopted by the committee, it limits the advance monies only to highway right-of-way acquisition."

Senator Patterson: "Right."

Senator Talmadge: "Is there another fund that is available for right-of-way acquisition, say for public mass transit projects, because, as you know, for example with respect to heavy rail or light rail, one of the major costs is right-of-way acquisition for such transportation systems."

Senator Patterson: "I think in this case, as long as the right-of-way was adjacent to a highway right-of-way that there wouldn't be any question about utilizing fuel tax dollars for purchase of right-of-way dealing with, in this case would be transit--if it is transit, then that is a legitimate expenditure for that type fund."

Senator Talmadge: "For example, if somebody required a right-of-way on--"

Senator Patterson: "For HOB lanes, for example, that would be a legitimate purpose for the use of this fund."

Senator Talmadge: "But, it would be your view that aside from having these right-of-way funds be, I guess, affixed to the highway, that they were not available for public mass transits kinds of projects before, in any event?"

Senator Patterson: "In the discussions, I don't believe the question of mass transit was really entered into it. It was more a matter of purchasing something other than a right-of-way, like buildings, equipment, etc. That is a good point. I think that maybe we should consider that. I will investigate it and we will look into it and I think that is a good point that you made--that we should be able to do that."

The Vice President Pro Tempore declared the question before the Senate to be the roll call on the final passage of House Bill No. 1992, as amended by the Senate.

These less populous counties are, nonetheless, encouraged to secure as expeditiously as possible voting equipment which would satisfy the requirements of subsection (1) of this section established for more populous counties. The secretary of state shall report to the legislature by January 1st of each odd-numbered year through 1997 on the progress of such less populous counties in replacing equipment which does not satisfy the requirements of subsection (1) of this section established for more populous counties.

(2) Any balance remaining shall be paid to the county in which the land is located to be paid, distributed, and prorated, except as hereinafter provided, to the various funds in the same manner as general taxes are paid and distributed during the year of payment: PROVIDED, That any such balance remaining paid to a county (~~of the seventh, eighth, or ninth class~~) with a population of less than nine thousand shall first be applied to the reduction of any indebtedness existing in the current expense fund of such county during the year of payment.

Sec. 110. RCW 79.08.170 and 1983 c 3 s 201 are each amended to read as follows:

The duties of the county auditor in (~~class AA and class A counties~~) each county with a population of two hundred ten thousand or more, with regard to sales and leases of the state lands dealt with under Title 79 RCW except RCW 79.01.100, 79.01.104, and 79.94.040, are transferred to the county treasurer.

Sec. 111. RCW 81.100.030 and 1990 c 43 s 14 are each amended to read as follows:

(1) A (~~class AA~~) county with a population of one million or more, or a (~~class A~~) county with a population of from two hundred ten thousand to less than one million that is adjoining a (~~class AA~~) county with a population of one million or more, and having within its boundaries existing or planned high occupancy vehicle lanes on the state highway system, may, with voter approval impose an excise tax of up to two dollars per employee per month on all employers or any class or classes of employers, public and private, including the state located in the agency's jurisdiction, measured by the number of full-time equivalent employees. The county imposing the tax authorized in this section may provide for exemptions from the tax to such educational, cultural, health, charitable, or religious organizations as it deems appropriate.

Counties may contract with the state department of revenue or other appropriate entities for administration and collection of the tax. Such contract shall provide for deduction of an amount for administration and collection expenses.

(2) The tax shall not apply to employment of a person when the employer has paid for at least half of the cost of a transit pass issued by a transit agency for that employee, valid for the period for which the tax would otherwise be owed.

(3) A county shall adopt rules which exempt from all or a portion of the tax any employer that has entered into an agreement with the county that is designed to reduce the proportion of employees who drive in single-occupant vehicles during peak commuting periods in proportion to the degree that the agreement is designed to meet the goals for the employer's location adopted under RCW 81.100.040.

The agreement shall include a list of specific actions that the employer will undertake to be entitled to the exemption. Employers having an exemption from all or part of the tax through this subsection shall annually certify to the county that the

employer is fulfilling the terms of the agreement. The exemption continues as long as the employer is in compliance with the agreement.

If the tax authorized in RCW 81.100.060 is also imposed by the county, the total proceeds from both tax sources each year shall not exceed the maximum amount which could be collected under RCW 81.100.060.

Sec. 112. RCW 81.100.060 and 1990 c 43 s 17 are each amended to read as follows:

A (~~class AA~~) county with a population of one million or more and a (~~class A~~) county with a population of from two hundred ten thousand to less than one million that is adjoining a (~~class AA~~) county with a population of one million or more, having within their boundaries existing or planned high occupancy vehicle lanes on the state highway system may, with voter approval, impose a local surcharge of not more than fifteen percent on the state motor vehicle excise tax paid under RCW 82.44.020(1) on vehicles registered to a person residing within the county. No surcharge may be imposed on vehicles licensed under RCW 46.16.070 except vehicles with an unladen weight of six thousand pounds or less, RCW 46.16.079, 46.16.080, 46.16.085, or 46.16.090.

Counties imposing a tax under this section shall contract, before the effective date of the resolution or ordinance imposing a surcharge, administration and collection to the state department of licensing, which shall deduct an amount, as provided by contract, for administration and collection expenses incurred by the department. All administrative provisions in chapters 82.03, 82.32, and 82.44 RCW shall, insofar as they are applicable to state motor vehicle excise taxes, be applicable to surcharges imposed under this section.

If the tax authorized in RCW 81.100.030 is also imposed by the county, the total proceeds from both tax sources each year shall not exceed the maximum amount which could be collected under this section.

Sec. 113. RCW 81.104.030 and 1990 c 43 s 24 are each amended to read as follows:

(1) In any (~~class A~~) county with a population of from two hundred ten thousand to less than one million that is not bordered by a (~~class AA~~) county with a population of one million or more, and in (~~counties of the first class and smaller~~) each county with a population of less than two hundred ten thousand, city-owned transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas may elect to establish high capacity transportation service. Such agencies shall form a regional policy committee with proportional representation based upon population distribution within the designated service area and a representative of the department of transportation.

(a) City-owned transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas participating in joint regional policy committees shall seek voter approval within their own service boundaries of a high capacity transportation system plan and an implementation program including a financing program.

(b) An interim regional authority may be formed pursuant to RCW 81.104.040(2) and shall seek voter approval of a high capacity transportation plan and financing program within its proposed service boundaries.

(2) City-owned transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas in counties adjoining state or international boundaries are authorized to participate in the regional high capacity transportation programs of an adjoining state or nation.

Sec. 114. RCW 81.104.040 and 1990 c 43 s 25 are each amended to read as follows:

(1) Agencies in (~~a class AA~~) each county with a population of one million or more, and in (~~class A counties~~) each county with a population of from two hundred

ten thousand to less than one million bordering a (~~class-AA~~) county with a population of one million or more that are currently authorized to provide high capacity transportation planning and operating services, including but not limited to city-owned transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas, must establish through interlocal agreements a joint regional policy committee with proportional representation based upon the population distribution within each agency's designated service area, as determined by the parties to the agreement.

(a) The membership of the joint regional policy committee shall consist of locally elected officials who serve on the legislative authority of the existing transit systems and a representative from the department of transportation. Nonvoting membership for elected officials from adjoining counties may be allowed at the committee's discretion.

(b) The joint regional policy committee shall be responsible for the preparation and adoption of a regional high capacity transportation system plan and an implementation program including a financing package. This plan shall be in conformance with the metropolitan planning organization's regional transportation plan.

(c) Interlocal agreements shall be executed within two years of March 14, 1990. The joint regional policy committee shall present a high capacity transportation plan and local funding program to the boards of directors of the transit agencies within the service area for adoption.

(d) Transit agencies shall present the adopted plan and financing program for voter approval within four years of the execution of the interlocal agreements. A simple majority vote is required for approval of the high capacity transportation plan and financing program in any service district within each county. Implementation of the program may proceed in any service area approving the plan and program.

(2) If interlocal agreements have not been executed within two years from March 14, 1990, the designated metropolitan planning organization shall convene within one hundred eighty days a conference to be attended by an elected representative selected by the legislative authority of each city and county in a (~~class-AA~~) county with a population of one million or more, and in (~~class-A-counties~~) each county with a population of from two hundred ten thousand to less than one million bordering a (~~class-AA~~) county with a population of one million or more.

(a) Public notice of the conference shall occur thirty days before the date of the conference.

(b) The purpose of the conference is to evaluate the need for developing high capacity transportation service in a (~~class-AA~~) county with a population of one million or more and in (~~class-A-counties~~) each county with a population of from two hundred ten thousand to less than one million bordering a (~~class-AA~~) county with a population of one million or more and to determine the desirability of a regional approach to developing such service.

(c) The conference may elect to continue high capacity transportation efforts on a subregional basis through existing transit planning and operating agencies.

(d) The conference may elect to pursue regional development by creating a multicounty interim regional high capacity transportation authority. Conference members shall determine the structure and composition of any interim regional authority.

(i) The interim regional authority shall propose a permanent authority or authorities for voter approval. Permanent regional authorities shall become the responsible agencies for planning, construction, operations, and funding of high capacity transportation systems within their service boundaries. Funding sources for a regional high capacity transportation authority or authorities are separate from currently authorized funding sources for city-owned transit systems, county transportation authorities, metropolitan municipal authorities, or public transportation benefit areas.

(ii) State and local jurisdictions, county transportation authorities, metropolitan municipal corporations, or public transportation benefit areas shall retain responsibility

for existing facilities and/or services, unless the responsibility is transferred to the high capacity transportation authority or authorities by interlocal agreement.

(3) If, within four years of the execution of the interlocal agreements, a high capacity transportation plan and financing program has been approved by a simple majority vote within a participating jurisdiction, that jurisdiction may proceed with high capacity transportation development. If within four years of the execution of the interlocal agreements, a high capacity transportation plan and program has not been approved by a simple majority vote within one or more of the participating jurisdictions, the joint regional policy committee shall convene within one hundred eighty days, a conference to be attended by participating jurisdictions within which a plan and financing program have not been approved. Such a conference shall be for the same purpose and shall be subject to the same conditions as described in subsection (2) of this section.

(4) High capacity transportation service planning, construction, operations, and funding shall be governed through the interlocal agreement process, including but not limited to provision for a cost allocation and distribution formula, service corridors, station area locations, right of way transfers, and feeder transportation systems. The interlocal agreement shall include a mechanism for resolving conflicts among parties to the agreement.

Sec. 115. RCW 81.104.140 and 1990 c 43 s 35 are each amended to read as follows:

(1) Agencies authorized to provide high capacity transportation service, including city-owned transit systems, county transportation authorities, metropolitan municipal corporations and public transportation benefit areas, are hereby granted dedicated funding sources for such systems. These dedicated funding sources, as set forth in RCW 81.104.150, 81.104.160, and 81.104.170, are authorized only for agencies located in ~~((class AA counties, class A counties, counties of the first class which border another state, and counties which, on March 14, 1990, are of the second class and which adjoin class A counties))~~ each county with a population of two hundred ten thousand or more and each county with a population of from one hundred twenty-five thousand to less than two hundred ten thousand, that both borders a county with a population of five hundred thousand or more and has a portion of its common boundary with that county intersected by an interstate highway.

(2) Agencies providing high capacity transportation service should also seek other funds, including federal, state, local, and private sector assistance.

(3) Funding sources should satisfy each of the following criteria to the greatest extent possible:

- (a) Acceptability;
- (b) Ease of administration;
- (c) Equity;
- (d) Implementation feasibility;
- (e) Revenue reliability; and
- (f) Revenue yield.

(4) Agencies participating in regional high capacity transportation system development through interlocal agreements or a conference-approved interim regional rail authority or subregional process as defined in RCW 81.104.040 are authorized to levy and collect the following voter-approved local option funding sources:

- (a) Employer tax as provided in RCW 81.104.150;
- (b) Special motor vehicle excise tax as provided in RCW 81.104.160; and
- (c) Sales and use tax as provided in RCW 81.104.170.

Revenues from these taxes may be used only to support those purposes prescribed in subsection (8) of this section. Before an agency may impose any of the taxes enumerated in this section and authorized in RCW 81.104.150, 81.104.160, and

81.104.170, it must comply with the process prescribed in RCW 81.104.100 and 81.104.110.

(5) Authorization in subsection (4) of this section shall not adversely affect the funding authority of existing transit agencies. Local option funds may be used to support implementation of interlocal agreements with respect to the establishment of regional high capacity transportation service. Local jurisdictions shall retain control over moneys generated within their boundaries, although funds may be commingled for planning, construction, and operation of high capacity transportation systems as set forth in the agreements.

(6) Agencies providing high capacity transportation service may contract with the state for collection and transference of local option revenue.

(7) Dedicated high capacity transportation funding shall be subject to voter approval by a simple majority.

(8) Agencies providing high capacity transportation service shall retain responsibility for revenue encumbrance, disbursement, and bonding. Funds may be used for any purpose relating to planning, construction, and operation of high capacity transportation, commuter rail, and feeder transportation systems.

Sec. 116. RCW 82.14.045 and 1984 c 112 s 1 and 1983 c 3 s 216 are each reenacted and amended to read as follows:

(1) The legislative body of any city pursuant to RCW 35.92.060, of any county which has created an unincorporated transportation benefit area pursuant to RCW 36.57.100 and 36.57.110, of any public transportation benefit area pursuant to RCW 36.57A.080 and 36.57A.090, of any county transportation authority established pursuant to chapter 36.57 RCW, and of any metropolitan municipal corporation within a ((class AA)) county with a population of one million or more pursuant to chapter 35.58 RCW, may, by resolution or ordinance for the sole purpose of providing funds for the operation, maintenance, or capital needs of public transportation systems and in lieu of the excise taxes authorized by RCW 35.95.040, submit an authorizing proposition to the voters or include such authorization in a proposition to perform the function of public transportation and if approved by a majority of persons voting thereon, fix and impose a sales and use tax in accordance with the terms of this chapter: PROVIDED, That no such legislative body shall impose such a sales and use tax without submitting such an authorizing proposition to the voters and obtaining the approval of a majority of persons voting thereon: PROVIDED FURTHER, That where such a proposition is submitted by a county on behalf of an unincorporated transportation benefit area, it shall be voted upon by the voters residing within the boundaries of such unincorporated transportation benefit area and, if approved, the sales and use tax shall be imposed only within such area. The rate of such tax shall be one-tenth, two-tenths, three-tenths, four-tenths, five-tenths, or six-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of such tax shall not exceed the rate authorized by the voters unless such increase shall be similarly approved.

(2)(a) In the event a metropolitan municipal corporation shall impose a sales and use tax pursuant to this chapter no city, county which has created an unincorporated transportation benefit area, public transportation benefit area authority, or county transportation authority wholly within such metropolitan municipal corporation shall be empowered to levy and/or collect taxes pursuant to RCW 35.58.273, 35.95.040, and/or 82.14.045, but nothing herein shall prevent such city or county from imposing sales and use taxes pursuant to any other authorization.

(b) In the event a county transportation authority shall impose a sales and use tax pursuant to this section, no city, county which has created an unincorporated transportation benefit area, public transportation benefit area, or metropolitan municipal corporation, located within the territory of the authority, shall be empowered to levy or collect taxes pursuant to RCW 35.58.273, 35.95.040, or 82.14.045.

(3) Any local sales and use tax revenue collected pursuant to this section by any city or by any county for transportation purposes pursuant to RCW 36.57.100 and 36.57.110 shall not be counted as locally generated tax revenues for the purposes of apportionment and distribution, in the manner prescribed by chapter 82.44 RCW, of the proceeds of the motor vehicle excise tax authorized pursuant to RCW 35.58.273.

Sec. 117. RCW 82.44.150 and 1990 c 42 s 308 are each amended to read as follows:

(1) The director of licensing shall, on the twenty-fifth day of February, May, August, and November of each year, advise the state treasurer of the total amount of motor vehicle excise taxes remitted to the department during the preceding calendar quarter ending on the last day of March, June, September, and December, respectively, except for those payable under RCW 82.44.030, from motor vehicle owners residing within each municipality which has levied a tax under RCW 35.58.273, which amount of excise taxes shall be determined by the director as follows:

The total amount of motor vehicle excise taxes remitted to the department, except those payable under RCW 82.44.030, from each county shall be multiplied by a fraction, the numerator of which is the population of the municipality residing in such county, and the denominator of which is the total population of the county in which such municipality or portion thereof is located. The product of this computation shall be the amount of excise taxes from motor vehicle owners residing within such municipality or portion thereof. Where the municipality levying a tax under RCW 35.58.273 is located in more than one county, the above computation shall be made by county, and the combined products shall provide the total amount of motor vehicle excise taxes from motor vehicle owners residing in the municipality as a whole. Population figures required for these computations shall be supplied to the director by the office of financial management, who shall adjust the fraction annually.

(2) On the first day of the months of January, April, July, and October of each year, the state treasurer based upon information provided by the department shall, from motor vehicle excise taxes deposited in the general fund, under RCW 82.44.110(7), make the following deposits:

(a) To the high capacity transportation account created in RCW 47.78.010, a sum equal to four and five-tenths percent of the special excise tax levied under RCW 35.58.273 by those municipalities authorized to levy a special excise tax within a ~~((class AA county, or within a class A county contiguous to a class AA county, or within a second class county contiguous to a class A county that is contiguous to a class AA county))~~ county with a population of one million or more, or within a county with a population of from two hundred ten thousand to less than one million bordering

a county with a population of one million or more, or within a county with a population of from one hundred twenty-five thousand to less than two hundred thousand that both borders a county with a population of five hundred thousand or more and has a portion of its common boundary with that county intersected by an interstate highway;

(b) To the central Puget Sound public transportation account created in RCW 82.44.180, for revenues distributed after December 31, 1992, within a ~~((class AA county or within a class A county contiguous to a class AA))~~ county with a population of one million or more and a county with a population of from two hundred thousand to less than one million bordering a county with a population of one million or more, a sum equal to the difference between (i) the special excise tax levied and collected under RCW 35.58.273 by those municipalities authorized to levy and collect a special excise tax subject to the requirements of subsections (3) and (4) of this section and (ii) the special excise tax that the municipality would otherwise have been eligible to levy and collect at a tax rate of .815 percent and been able to match with locally generated tax revenues, other than the excise tax imposed under RCW 35.58.273, budgeted for any public transportation purpose. Before this deposit, the sum shall be reduced by an amount equal to the amount distributed under (a) of this subsection for each of the municipalities within the counties to which this subsection (2)(b) applies; however, any transfer under this subsection (2)(b) must be greater than zero;

(c) To the public transportation systems account created in RCW 82.44.180, for revenues distributed after December 31, 1992, within counties not described in (b) of this subsection, a sum equal to the difference between (i) the special excise tax levied and collected under RCW 35.58.273 by those municipalities authorized to levy and collect a special excise tax subject to the requirements of subsections (3) and (4) of this section and (ii) the special excise tax that the municipality would otherwise have been eligible to levy and collect at a tax rate of .815 percent and been able to match with locally generated tax revenues, other than the excise tax imposed under RCW 35.58.273, budgeted for any public transportation purpose. Before this deposit, the sum shall be reduced by an amount equal to the amount distributed under (a) of this subsection for each of the municipalities within the counties to which this subsection (2)(c) applies; however, any transfer under this subsection (2)(c) must be greater than zero; and

(d) To the transportation fund created in RCW 82.44.180, for revenues distributed after June 30, 1991, a sum equal to the difference between (i) the special excise tax levied and collected under RCW 35.58.273 by those municipalities authorized to levy and collect a special excise tax subject to the requirements of subsections (3) and (4) of this section and (ii) the special excise tax that the municipality would otherwise have been eligible to levy and collect at a tax rate of .815 percent notwithstanding the requirements set forth in subsections (3) through (6) of this section, reduced by an amount equal to distributions made under (a), (b), and (c) of this subsection.

(3) On the first day of the months of January, April, July, and October of each year, the state treasurer, based upon information provided by the department, shall remit motor vehicle excise tax revenues imposed and collected under RCW 35.58.273 as follows:

(a) The amount required to be remitted by the state treasurer to the treasurer of any municipality levying the tax shall not exceed in any calendar year the amount of locally-generated tax revenues, excluding the excise tax imposed under RCW 35.58.273 for the purposes of this section, which shall have been budgeted by the municipality to be collected in such calendar year for any public transportation purposes including but not limited to operating costs, capital costs, and debt service on general obligation or revenue bonds issued for these purposes; and

(b) In no event may the amount remitted in a single calendar quarter exceed the amount collected on behalf of the municipality under RCW 35.58.273 during the calendar quarter next preceding the immediately preceding quarter.

(4) At the close of each calendar year accounting period, but not later than April 1, each municipality that has received motor vehicle excise taxes under subsection (3) of this section shall transmit to the director of licensing and the state auditor a written report showing by source the previous year's budgeted tax revenues for public transportation purposes as compared to actual collections. Any municipality that has not submitted the report by April 1 shall cease to be eligible to receive motor vehicle excise taxes under subsection (3) of this section until the report is received by the director of licensing. If a municipality has received more or less money under subsection (3) of this section for the period covered by the report than it is entitled to receive by reason of its locally-generated collected tax revenues, the director of licensing shall, during the next ensuing quarter that the municipality is eligible to receive motor vehicle excise tax funds, increase or decrease the amount to be remitted in an amount equal to the difference between the locally-generated budgeted tax revenues and the locally-generated collected tax revenues. In no event may the amount remitted for a calendar year exceed the amount collected on behalf of the municipality under RCW 35.58.273 during that same calendar year. At the time of the next fiscal audit of each municipality, the state auditor shall verify the accuracy of the report submitted and notify the director of licensing of any discrepancies.

(5) The motor vehicle excise taxes imposed under RCW 35.58.273 and required to be remitted under this section shall be remitted without legislative appropriation.

(6) Any municipality levying and collecting a tax under RCW 35.58.273 which does not have an operating, public transit system or a contract for public transportation services in effect within one year from the initial effective date of the tax shall return to the state treasurer all motor vehicle excise taxes received under subsection (3) of this section.

Senator Bailey: "Yes, as we consider them now, they may be obsolete, but I just wanted to alert the Senate that if we deregulate education in House Bill No. 1023 or Senate Bill No. 5119, that we may take another look at some of these changes we make."

Senator Rasmussen: "This doesn't have an emergency clause, so they can't start working on them until ninety days from now. Do you think that they will be able to handle that?"

Senator Bailey: "I think we can handle it, yes."

Senator Rasmussen: "What has me wondering is that growth management that we passed--2929--we are getting letters in from the counties now that say please don't unload anymore on us; we haven't found out what they did to us last time. I am wondering about the education deal the same way."

Senator Bailey: "I think we are o.k. on this one."

Senator Bailey: "However, you have my word that we will keep you abreast of changes as they are being made."

Changing provisions relating to the housing trust fund.

The bill was read the second time.

MOTIONS

On motion of Senator Matson, the following Committee on Commerce and Labor amendment was adopted:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 43.185.010 and 1986 c 298 s 1 are each amended to read as follows:

The legislature finds that current economic conditions, federal housing policies and declining resources at the federal, state, and local level adversely affect the ability of low and very low-income persons to obtain safe, decent, and affordable housing.

The legislature further finds that members of over one hundred twenty thousand households live in housing units which are overcrowded, lack plumbing, are otherwise

threatening to health and safety, and have rents and utility payments which exceed thirty percent of their income.

The legislature further finds that minorities, rural households, and migrant farm workers require housing assistance at a rate which significantly exceeds their proportion of the general population.

The legislature further finds that one of the most dramatic housing needs is that of persons needing special housing-related services, such as the mentally ill, recovering alcoholics, frail elderly persons, families with members who have disabilities, and single parents. These services include medical assistance, counseling, chore services, and child care.

The legislature further finds that housing assistance programs in the past have often failed to help those in greatest need.

The legislature declares that it is in the public interest to establish a continuously renewable resource known as ((a)) the housing trust fund and housing assistance program to assist low and very low-income citizens in meeting their basic housing needs, and that the needs of very low-income citizens should be given priority and that whenever feasible, assistance should be in the form of loans.

NEW SECTION. Sec. 2. A new section is added to chapter 43.185 RCW to read as follows:

There is created within the department of community development the housing assistance program to carry out the purposes of this chapter.

Sec. 3. RCW 43.185.030 and 1987 c 513 s 6 are each amended to read as follows:

There is hereby created a fund in the office of the treasurer known as the Washington housing trust fund. The housing trust fund shall include revenue from the sources established by this chapter, appropriations by the legislature, private contributions, repayment of loans, and all other sources. ~~((Eighty percent of the return on the fund in the form of investment income or interest shall be added to the principal of the fund. The remaining twenty percent shall be placed in the general fund.))~~

Sec. 4. RCW 43.185.050 and 1986 c 298 s 6 are each amended to read as follows:

(1) The department shall use ~~((funds))~~ moneys from the housing trust fund and other legislative appropriations to finance in whole or in part any loans or grant projects that will provide housing for persons and families with special housing needs and with incomes at or below fifty percent of the median family income for the county or standard metropolitan statistical area where the project is located. ~~((Not less than))~~ At least thirty percent of ((such funds)) these moneys used in any given ~~((biennium))~~ funding cycle shall be for the benefit of projects located in rural areas ~~((as defined in 63 Stat. 432, 42 U.S.C. Sec. 1471 et seq))~~ of the state as defined by the department of community development. If the department determines that it has not received an adequate number of suitable applications for rural projects during any given funding cycle, the department may allocate unused moneys for projects in nonrural areas of the state.

(2) Activities eligible for assistance from the housing trust fund and other legislative appropriations include, but are not limited to:

(a) New construction, rehabilitation, or acquisition of low and very low-income housing units;

(b) Rent subsidies ~~((in new construction or rehabilitated multifamily units));~~

(c) Matching funds for social services directly related to providing housing for special-need tenants in assisted projects;

(d) Technical assistance, design and finance services and consultation, and administrative costs for eligible nonprofit community or neighborhood-based organizations;

(e) Administrative costs for housing assistance groups or organizations when such grant or loan will substantially increase the recipient's access to housing funds other than those available under this chapter;

(f) Shelters and related services for the homeless;

(g) Mortgage subsidies ((for new construction or rehabilitation of eligible multifamily units)), including temporary rental and mortgage payment subsidies to prevent homelessness;

(h) Mortgage insurance guarantee or payments for eligible projects; ((and))

(i) Down payment or closing cost assistance for eligible first-time home buyers;

(j) Acquisition of housing units for the purpose of preservation as low-income or very low-income housing; and

(k) Projects making housing more accessible to families with members who have disabilities.

(3) Legislative appropriations from capital bond proceeds and moneys from repayment of loans from appropriations from capital bond proceeds may be used only for the costs of projects authorized under subsection (2) (a), (i), and (j) of this section, and not for the administrative costs of the department.

Sec. 5. RCW 43.185.070 and 1988 c 286 s 1 are each amended to read as follows:

(1) During each calendar year in which funds from the housing trust fund or other legislative appropriations are available for use by the department ((~~from the housing trust fund, as prescribed in RCW 43.185.030~~)) for the housing assistance program, the department shall announce to all known interested parties, and through major media throughout the state, a grant and loan application period of at least ninety days' duration. This announcement shall be made as often as the director deems appropriate for proper utilization of resources((~~but at least twice annually~~)). The department shall then promptly grant as many applications as will utilize available funds less appropriate administrative costs of the department((~~not to~~)). NEW SECTION. Sec. 1. The legislature finds that encouraging collaboration among the various educational sectors to meet state-wide needs will strengthen the entire educational system, kindergarten through twelfth grade and higher education. The legislature also recognizes that the most effective way to develop innovative and collaborative programs is to encourage institutions to develop them voluntarily, in line with established state goals. Through a system of competitive grants, the legislature shall encourage the development of innovative and collaborative solutions to issues of critical state-wide need, including:

- (1) Improving rates of participation and completion at each educational level;
- (2) Recognizing needs of special populations of students;
- (3) Improving the effectiveness of education by better coordinating communication and understanding between sectors.

NEW SECTION. Sec. 2. The Washington fund for excellence in higher education program is established. The higher education coordinating board shall administer the program. Through this program the board may award on a competitive basis incentive grants to state public institutions of higher education or consortia of institutions to encourage cooperative programs designed to address specific system problems. Grants shall not exceed a two-year period. Each institution or consortia of institutions receiving the award shall contribute some financial support, either by covering part of the costs for the program during its implementation, or by assuming continuing support at the end of the grant period. Strong priority will be given to proposals that involve more than one sector of education, and to proposals that show substantive institutional commitment. Institutions are encouraged to solicit nonstate funds to support these cooperative programs.

NEW SECTION. Sec. 3. The higher education coordinating board shall have the following powers and duties in administering the program:

- (1) To adopt rules necessary to carry out the program;
- (2) To establish one or more review committees to assist in the evaluation of proposals for funding. The review committee shall include individuals with significant experience in higher education in areas relevant to one or more of the funding period priorities;

(3) To establish each biennium specific guidelines for submitting grant proposals consistent with the overall goals of the program. During the 1991-93 biennium the guidelines shall be consistent with the following priorities: (a) Minority and diversity initiatives that encourage the participation of minorities in higher education, including students with disabilities, at a rate consistent with their proportion of the population; (b) K-12 teacher preparation models that encourage collaboration between higher education and K-12 to improve the preparedness of teachers, including provisions for higher education faculty involved with teacher preparation to spend time teaching in K-12 schools; and (c) articulation and transfer activities to smooth the transfer of students from K-12 to higher education, or from the community colleges to four-year institutions. After June 30, 1993, and each biennium thereafter, the board shall determine funding priorities for collaborative proposals for the biennium in consultation with the governor, the legislature, the office of the superintendent of public instruction, the state board for community college education, the state board for vocational education, higher education institutions, educational associations, and business and community groups consistent with state-wide needs;

(4) To solicit grant proposals and provide information to the institutions of higher education about the program; and

(5) To establish reporting, monitoring, and dissemination requirements for the recipients of the grants.

NEW SECTION. Sec. 4. The higher education coordinating board may solicit and receive such gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, for the use and benefit of the purposes of the program and may expend the same or any income therefrom according to the terms of the gifts, grants, or endowments.

NEW SECTION. Sec. 5. The fund for excellence is hereby established in the custody of the state treasurer. The higher education coordinating board shall deposit in the fund all moneys received under section 4 of this act. Moneys in the fund may be spent only for the purposes of sections 2 and 3 of this act. Disbursements from the fund shall be on the authorization of the higher education coordinating board. The

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2058, by House Committee on Judiciary (originally sponsored by Representatives Scott, Riley, Paris, H. Myers, Miller, Forner, Belcher, Ludwig, Insee, Wineberry, Locke, Appelwick, Holland, Roland, Winsley, D. Sommers, Morris, Spanel, R. Johnson and Rasmussen)

Clarifying the application of the statute of limitations to actions based on childhood sexual abuse.

The bill was read the second time.

MOTIONS

On motion of Senator Nelson, the following Committee on Law and Justice amendment was adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that:

(1) Childhood sexual abuse is a pervasive problem that affects the safety and well-being of many of our citizens.

(2) Childhood sexual abuse is a traumatic experience for the victim causing long-lasting damage.

(3) The victim of childhood sexual abuse may repress the memory of the abuse or be unable to connect the abuse to any injury until after the statute of limitations has run.

(4) The victim of childhood sexual abuse may be unable to understand or make the connection between childhood sexual abuse and emotional harm or damage until many years after the abuse occurs.

(5) Even though victims may be aware of injuries related to the childhood sexual abuse, more serious injuries may be discovered many years later.

(6) The legislature enacted RCW 4.16.340 to clarify the application of the discovery rule to childhood sexual abuse cases. At that time the legislature intended to reverse the Washington supreme court decision in *Tyson v. Tyson*, 107 Wn.2d 72, 727 P.2d 226 (1986).

It is still the legislature's intention that *Tyson v. Tyson*, 107 Wn.2d 72, 727 P.2d 226 (1986) be reversed, as well as the line of cases that state that discovery of any injury whatsoever caused by an act of childhood sexual abuse commences the statute of limitations. The legislature intends that the earlier discovery of less serious injuries should not affect the statute of limitations for injuries that are discovered later.

Sec. 2. RCW 4.16.340 and 1989 c 317 s 2 are each amended to read as follows:

(1) All claims or causes of action based on intentional conduct brought by any person for recovery of damages for injury suffered as a result of childhood sexual abuse shall be commenced within the later of the following periods:

(a) Within three years of the act alleged to have caused the injury or condition(, or);

(b) Within three years of the time the victim discovered or reasonably should have discovered that the injury or condition was caused by said act(~~,-which ever period expires later~~); or

(c) Within three years of the time the victim discovered that the act caused the injury for which the claim is brought;

PROVIDED, That the time limit for commencement of an action under this section is tolled for a child until the child reaches the age of eighteen years.

(2) The victim need not establish which act in a series of continuing sexual abuse or exploitation incidents caused the injury complained of, but may compute the date of discovery from the date of discovery of the last act by the same perpetrator which is part of a common scheme or plan of sexual abuse or exploitation.

(3) The knowledge of a custodial parent or guardian shall not be imputed to a person under the age of eighteen years.

(4) For purposes of this section, "child" means a person under the age of eighteen years.

(5) As used in this section, "childhood sexual abuse" means any act committed by the defendant against a complainant who was less than eighteen years of age at the time of the act and which act would have been a violation of chapter 9A.44 RCW or RCW 9.68A.040 or prior laws of similar effect at the time the act was committed.

On motion of Senator Nelson, the rules were suspended, Engrossed Substitute House Bill No. 2058, as amended by the Senate, was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

The President Pro Tempore declared the question before the Senate to be the roll call on the final passage of Engrossed Substitute House Bill No. 2058, as amended by the Senate.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 2058, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 46; Nays, 0; Absent, 0; Excused, 3.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2058, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1960, by House Committee on Health Care (originally sponsored by Representatives Prentice, Paris, Day, Braddock, Cantwell, Edmondson, Franklin, Morris, Phillips, Pruitt, Basich, Leonard, Orr, Wood, R. Johnson, Heavey, Wineberry, May, D. Sommers, Beck and Dellwo)

Redefining practice beyond the scope of practice for health professions.

The bill was read the second time.

MOTION

Senator West moved that the following Committee on Health and Long-Term Care amendment be adopted:

Strike everything after the enacting clause and insert the following:

"PART 1
TEMPORARY PRACTICE PERMITS
CONTINUED HEALTH PROFESSIONAL COMPETENCY DEMONSTRATION
PROJECTS"

Sec. 1. RCW 18.130.010 and 1986 c 259 s 1 are each amended to read as follows:

It is the intent of the legislature to strengthen and consolidate disciplinary and licensure procedures for the licensed health and health-related professions and businesses by providing a uniform disciplinary act with standardized procedures for the licensure of health care professionals and the enforcement of laws the purpose of which

is to assure the public of the adequacy of professional competence and conduct in the healing arts.

It is also the intent of the legislature that all health and health-related professions newly credentialed by the state come under the uniform disciplinary act.

Further, the legislature declares that the addition of public members on all health care boards can give both the state and the public, which it has a statutory responsibility to protect, assurances of accountability and confidence in the various practices of health care.

NEW SECTION. Sec. 2. A new section is added to chapter 18.130 RCW to read as follows:

If an individual licensed in another state, that has licensing standards substantially equivalent to Washington, applies for a license, the disciplining authority shall issue a temporary practice permit authorizing the applicant to practice the profession pending completion of documentation that the applicant meets the requirements for a license and is also not subject to denial of a license or issuance of a conditional license under this chapter. The temporary permit may reflect statutory limitations on the scope of practice. The permit shall be issued only upon the disciplining authority receiving verification from the states in which the applicant is licensed that the applicant is currently licensed and is not subject to charges or disciplinary action for unprofessional conduct or impairment. Notwithstanding RCW 34.05.422(3), the disciplining authority shall establish, by rule, the duration of the temporary practice permits. Failure to surrender the permit is a misdemeanor under RCW 9A.20.010 and shall be unprofessional conduct under this chapter. The issuance of temporary permits is subject to the provisions of this chapter, including summary suspensions.

NEW SECTION. Sec. 3. A new section is added to chapter 18.130 RCW to read as follows:

The disciplinary authorities are authorized to develop and require licensees' participation in continuing competency pilot projects for the purpose of developing flexible, cost-efficient, effective, and geographically accessible competency assurance methods. The secretary shall establish criteria for development of pilot projects and shall select the disciplinary authorities that will participate from among the professions requesting participation. The department shall administer the projects in mutual cooperation with the disciplinary authority and shall allot and administer the budget for each pilot project. The department shall report to the legislature in January of each odd-numbered year concerning the progress and findings of the projects and shall make recommendations on the expansion of continued competency requirements to other licensed health professions.

Each disciplinary authority shall establish its pilot project in rule and may support the projects from a surcharge on each of the affected profession's license renewal in an amount established by the secretary.

"PART 2

STATE-WIDE HEALTH PERSONNEL RESOURCE PLAN"

NEW SECTION. Sec. 4. INTENT. The legislature finds that certain health care professional shortages exist and result in entire communities or specific populations within communities not having access to basic health care services.

The legislature further finds that the state currently does not have a state-wide comprehensive and systematic policy for the purpose of identifying shortages and designing and implementing activities to address shortages.

The legislature declares that the establishment of higher educational programming and other activities necessary to address health professional shortages should be a state policy concern and that a means to accomplish this should be established.

The legislature further declares that the development of state policy on professional shortages should involve close coordination and consultation between state government, institutions of higher education that conduct health care research and train health care professionals, health care service providers, consumers, and others.

The legislature further declares that the health care needs of the people of this state should be the primary factor determining state policymaking designed to address health professional shortages.

NEW SECTION. Sec. 5. STATE-WIDE HEALTH PERSONNEL RESOURCE PLAN.

In preparing the state-wide plan the committee shall consult with the training and education institutions affected by this chapter, health care providers, employers of health care providers, insurers, consumers of health care, and other appropriate entities.

Should a successor agency or agencies be authorized or created by the legislature with planning, coordination, or administrative authority over vocational-technical schools, community colleges, or four-year higher education institutions, the governor shall grant membership on the committee to such agency or agencies and remove the member or members it replaces.

The committee shall appoint subcommittees for the purpose of assisting in the development of the institutional plans required under this chapter. In preparing the institutional plans for four-year institutes of higher education, the subcommittee shall be composed of at least the higher education coordinating board and the state's four-year higher education institutions. The appointment of subcommittees to develop portions of the state-wide plan shall not relinquish the committee's responsibility for assuring overall coordination, integration, and consistency of the state-wide plan.

In establishing and implementing the state-wide health personnel resource plan the committee shall, to the extent possible, utilize existing data and information, personnel, equipment, and facilities and shall minimize travel and take such other steps necessary to reduce the administrative costs associated with the preparation and implementation of the plan.

After June 1, 1992, the department, in consultation with the board and the department of social and health services, shall:

(1) Determine eligible credentialed health care professions for the purposes of the loan repayment and scholarship program authorized by this chapter. Eligibility shall be based upon an assessment that determines that there is a shortage or insufficient availability of a credentialed profession so as to jeopardize patient care and pose a threat to the public health and safety. The department shall consider the relative degree of shortages among professions when determining eligibility. This determination shall be based upon health professional shortage needs identified in the health personnel resource plan authorized by section 5 of this act. The department may add or remove professions from eligibility based upon the determination that a profession is no longer in shortage as determined by the health personnel resource plan. Should a profession no longer be eligible, participants or eligible students who have received scholarships shall be eligible to continue to receive scholarships or loan repayments until they are no longer eligible or until their service obligation has been completed;

(2) Determine health professional shortage areas for each of the eligible credentialed health care professions.

Highest preference shall be given to students seeking admission who are recommended by sponsoring communities and who declare the intent of serving as a physician in a rural area. The board may require the sponsoring community located in a nonshortage rural area to financially contribute to the eligible expenses of a medical student if the student will serve in the nonshortage rural area;

(3) Establish the required service obligation for each credentialed health care profession, which shall be no less than three years or no more than five years. The required service obligation may be based upon the amount of the scholarship or loan repayment award such that higher awards involve longer service obligations on behalf of the participant;

(4) Determine eligible education and training programs for purposes of the scholarship portion of the program;

(5) Honor loan repayment and scholarship contract terms negotiated between the board and participants prior to the effective date of this section concerning loan repayment and scholarship award amounts and service obligations authorized under chapter 18.150, 28B.104, or 70.180 RCW.

(2) Funds appropriated for the program, including reasonable administrative costs, may be used by the board for the purposes of loan repayments or scholarships. The board shall annually establish the total amount of funding to be awarded for loan repayments and scholarships and such allocations shall be established based upon the best utilization of funding for that year and based upon the health personnel resource plan authorized in section 5 of this act.

(3) One portion of the funding appropriated for the program shall be used by the board as a recruitment incentive for communities participating in the community-based recruitment and retention program as authorized by sections 7 through 14 of this act; one portion of the funding shall be used by the board as a recruitment incentive for recruitment activities in state-operated institutions, county public health departments and districts, county human service agencies, federal and state contracted community health clinics, and other health care facilities, such as rural hospitals that have been identified by the department, as providing substantial amounts of charity care or publicly subsidized health care; one portion of the funding shall be used by the board for all other awards. The board shall determine the amount of total funding to be distributed between the three portions.

NEW SECTION. Sec. 23. PARTICIPANT REQUIREMENT TO ACCEPT PAYMENT.

In providing health care services the participant shall not discriminate against a person on the basis of the person's ability to pay for such services or because payment for the health care services provided to such persons will be made under the insurance program established under part A or B of Title XVIII of the federal social security act or under a state plan for medical assistance including Title XIX of the federal social security act or under the state medical assistance program authorized by chapter 74.09 RCW and agrees to accept assignment under section 18.42(b)(3)(B)(ii) of the federal social security act for all services for which payment may be made under part B of Title XVIII of the federal social security act and enters into an appropriate agreement with the department of social and health services for medical assistance under Title XIX of the federal social security act to provide services to individuals entitled to medical assistance under the plan and enters into appropriate agreements with the department of social and health services for medical care services under chapter 74.09 RCW. ~~((7))~~ (6) Except for circumstances beyond their control, participants who serve less than ~~((three years))~~ the required service obligation shall be obligated to repay to the program an amount equal to twice the total amount paid by the program on their behalf in addition to any payments on the unsatisfied portion of the principal and interest. The board shall determine the applicability of this subsection.

~~((8))~~ (7) The board is responsible for the collection of payments made on behalf of participants from the participants who discontinue service before ~~((their three year))~~ completion of the required service obligation. The board shall exercise due diligence in such collection, maintaining all necessary records to ensure that the maximum amount of payment made on behalf of the participant is recovered. Collection under this section shall be pursued using the full extent of the law, including wage garnishment if necessary.

NEW SECTION. Sec. 25. PARTICIPANT OBLIGATION--SCHOLARSHIPS.

(2) The terms of the repayment, including deferral and rate of interest, shall be consistent with the terms of the federal guaranteed student loan program.

(3) The period for repayment shall coincide with the required service obligation, with payments accruing quarterly commencing no later than nine months from the date the participant completes or discontinues the course of study or completes or discontinues the required residency.

(4) The entire principal and interest of each payment shall be forgiven for each payment period in which the participant serves in a health professional shortage area until the entire repayment obligation is satisfied or the borrower ceases to so serve. Should the participant cease to serve in a health professional shortage area of this state before the participant's repayment obligation is completed, payments on the unsatisfied portion of the principal and interest shall begin the next payment period and continue

(5) The board is responsible for collection of repayments made under this section and shall exercise due diligence in such collection, maintaining all necessary records to ensure that maximum repayments are made. Should the school of medicine be unable to fill any or all of the admission openings due to a lack of applicants from rural areas who meet minimum qualifications for study at the medical school, it may admit students not eligible for preferential admission under this section.

Sec. 27. RCW 70.180.005 and 1990 c 271 s 1 are each amended to read as follows:

The legislature finds that a health care access problem exists in rural areas of the state (~~(due to a lack of practicing physicians, physician assistants, pharmacists, and advanced registered nurse practitioners. In addition, many of these)~~) because rural health care providers are unable to leave the community for short-term periods of time to attend required continuing education training or for personal matters because their absence would leave the community without adequate medical care coverage. The lack of adequate medical coverage in geographically remote rural communities constitutes a threat to the health and safety of the people in those communities.

The legislature declares that it is in the public interest to recruit and maintain a pool of physicians, physician assistants, pharmacists, and advanced registered nurse practitioners willing and able on short notice to practice in rural communities on a short-term basis to meet the medical needs of the community.

NEW SECTION. Sec. 28. DEDICATED ACCOUNT--TRUST FUND.

(1) Any funds appropriated by the legislature for the health professional loan repayment and scholarship program or any other public or private funds intended for loan repayments or scholarships under this program shall be placed in the account created by this section.

Only the higher education coordinating board, or its designee, may authorize expenditures from the fund. The fund is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

(1) The commission of any act involving moral turpitude, dishonesty, or corruption relating to the practice of the person's profession, whether the act constitutes a crime or not. If the act constitutes a crime, conviction in a criminal proceeding is not a condition precedent to disciplinary action. Upon such a conviction, however, the judgment and sentence is conclusive evidence at the ensuing disciplinary hearing of the guilt of the license holder or applicant of the crime described in the indictment or information, and of the person's violation of the statute on which it is based. For the purposes of this section, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for the conviction and all proceedings in which the sentence has been deferred or suspended. (7) Violation of any state or federal statute or administrative rule regulating the profession in question, including any statute or rule defining or establishing standards of patient care or professional conduct or practice;

(8) Failure to cooperate with the disciplining authority by:

(a) Not furnishing any papers or documents;

(c) Not responding to subpoenas issued by the disciplining authority, whether or not the recipient of the subpoena is the accused in the proceeding;

(9) Failure to comply with an order issued by the disciplining authority or an assurance of discontinuance entered into with the disciplining authority;

(10) Aiding or abetting an unlicensed person to practice when a license is required;

(11) Violations of rules established by any health agency;

(12) Practice beyond the scope of practice as defined by law or rule;

(13) Misrepresentation or fraud in any aspect of the conduct of the business or profession;

(14) Failure to adequately supervise auxiliary staff to the extent that the consumer's health or safety is at risk;

(15) Engaging in a profession involving contact with the public while suffering from a contagious or infectious disease involving serious risk to public health;

(16) Promotion for personal gain of any unnecessary or inefficacious drug, device, treatment, procedure, or service;

(17) Conviction of any gross misdemeanor or felony relating to the practice of the person's profession. For the purposes of this subsection, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for conviction and

all proceedings in which the sentence has been deferred or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW;

(18) The procuring, or aiding or abetting in procuring, a criminal abortion;

(19) The offering, undertaking, or agreeing to cure or treat disease by a secret method, procedure, treatment, or medicine, or the treating, operating, or prescribing for any health condition by a method, means, or procedure which the licensee refuses to divulge upon demand of the disciplining authority;

(21) Violation of chapter 19.68 RCW;

(22) Interference with an investigation or disciplinary proceeding by willful misrepresentation of facts before the disciplining authority or its authorized representative, or by the use of threats or harassment against any patient or witness to prevent them from providing evidence in a disciplinary proceeding or any other legal action;

Revising provisions for reports of abuse of children or adult dependent or developmentally disabled persons.

The bill was read the second time.

MOTIONS

On motion of Senator Roach, the following Committee on Children and Family Services amendment was adopted:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 26.44.030 and 1989 c 22 s 1 are each amended to read as follows:

(1) When any practitioner, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, licensed or certified child care providers or their employees, employee of the department, or juvenile probation officer has reasonable cause to believe that a child or adult dependent or developmentally disabled person, has suffered abuse or neglect, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040. The report shall be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child or adult has suffered abuse or neglect. The report shall include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children, dependent adults, or developmentally disabled persons are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section shall apply.

(3) Any other person who has reasonable cause to believe that a child or adult dependent or developmentally disabled person has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

~~((3))~~ (4) The department, upon receiving a report of an incident of abuse or neglect pursuant to this chapter, involving a child or adult dependent or developmentally disabled person who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child, adult dependent, or developmentally disabled person's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report shall also be made to the proper law enforcement agency within five days thereafter.

~~((4))~~ (5) Any law enforcement agency receiving a report of an incident of abuse or neglect pursuant to this chapter, involving a child or adult dependent or developmentally disabled person who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child, adult dependent, or developmentally disabled person's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

~~((5))~~ (6) Any county prosecutor or city attorney receiving a report under subsection ~~((4))~~ (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

~~((6))~~ (7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services or department case services for the developmentally disabled. Upon

request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child or developmentally disabled person. Information considered privileged by statute and not directly related to reports required by this section shall not be divulged without a valid written waiver of the privilege.

~~((7))~~ (8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

~~((8))~~ (9) Persons or agencies exchanging information under subsection ~~((6))~~ (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

~~((9))~~ (10) Upon receiving reports of abuse or neglect, the department or law enforcement agency may interview children. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. Parental notification of the interview shall occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation.

~~((10))~~ (11) Upon receiving a report of incidents, conditions, or circumstances of child abuse and neglect, the department shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

~~((11))~~ (12) The department shall maintain investigation records and conduct timely and periodic reviews of all cases constituting abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

~~((12))~~ (13) The department of social and health services shall, within funds appropriated for this purpose, use a risk assessment tool when investigating child abuse and neglect referrals. The tool shall be used, on a pilot basis, in three local office service areas. The department shall, within funds appropriated for this purpose, offer enhanced community-based services to persons who are determined not to require further state intervention.

The department shall report to the ways and means committees of the senate and house of representatives on the use of the tool by December 1, 1989. The report shall include recommendations on the continued use and possible expanded use of the tool.

~~((13))~~ (14) Upon receipt of such report the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

SECOND READING

HOUSE BILL NO. 1355, by Representatives R. King, Jones, Cole and Wang (by request of Department of Labor and Industries)

Increasing civil penalties for industrial safety and health violations.

The bill was read the second time.

MOTION

Senator Hansen moved that the following amendment be adopted:

On page 3, after line 30, insert the following:

NEW SECTION. Sec. 2. The increase in civil penalties provided in this act and all civil penalties authorized to be imposed by the department of ecology, the pollution control hearings board, the department of agriculture, the department of natural resources, the department of fisheries and the department of wildlife shall be deposited into the state common school construction account.

POINT OF ORDER

Senator Anderson: "Madam President, I would like to raise the question of scope and object on this amendment. Senator Hansen, I certainly agree with this amendment; I like this amendment. The problem is that this bill is a bill that we are dealing with the WISHA penalties. The federal government changed the level of WISHA penalties at the federal level. We at the state level, then, have to change our own penalty schedule. If we do not change the penalties to be in compliance with the federal law, then we lose about five million dollars to the state of Washington from the federal government. Therefore, I don't think it fits on this particular bill, but I would certainly be willing to do a title search to help you find a place to handle this amendment."

Further debate ensued.

MOTION

On motion of Senator Linda Smith, Senator Anderson was excused.

MOTION

Senator Murray moved that the following amendment be adopted:

On page 3, after line 30, insert the following:

NEW SECTION. Sec. 2. A new section is added to chapter 49.17 RCW to read as follows:

(1)(a) Except as otherwise provided in subsection (2) of this section, if the director, or the director's designee, finds that an employer has violated any of the

requirements of RCW 49.12.121 or 49.12.123, or a rule or order adopted or variance granted under RCW 49.12.121 or 49.12.123, a citation stating the violations shall be issued to the employer. The citation shall be in writing, describing the nature of the violation including reference to the standards, rules, or orders alleged to have been violated. An initial citation for failure to comply with RCW 49.12.123 or rules requiring a minor work permit and maintenance of records shall state a specific time for abatement of the violation to allow the employer to correct the violation without penalty. The director or the director's designee may establish a specific time for abatement of other nonserious violations in lieu of a penalty for first time violations. The citation and a proposed penalty assessment shall be given to the highest management official available at the workplace or be mailed to the employer at the workplace. In addition, the department will mail a copy of the citation and proposed penalty assessment to the central personnel office of the employer. Citations issued under this section shall be posted at or near the place where the violation occurred.

(b) Except where an employer corrects a violation as provided in (a) of this subsection, he or she shall be assessed a civil penalty of not more than one thousand dollars depending on the size of the business and the gravity of the violation. The employer shall pay the amount assessed within thirty days of receipt of the assessment or notify the director of his or her intent to appeal the citation or the assessment penalty as provided in section 3 of this act.

(2) If the director, or the director's designee, finds that an employer has committed a serious or repeated violation of the requirements of RCW 49.12.121 or 49.12.123, or any rule or order adopted or variance granted under RCW 49.12.121 or 49.12.123, the employer is subject to a civil penalty of not more than one thousand dollars for each day the violation continues. For the purposes of this subsection, a serious violation shall be deemed to exist if death or serious physical or emotional harm has resulted or could result from a condition that exists, or from one or more practices, means, methods, operations, or processes that have been adopted or are in use by the employer, unless the employer did not, and could not with the exercise of reasonable diligence, know of the presence of the violation.

(3) In addition to any other authority provided in this section, if, upon inspection or investigation, the director, or the director's designee, believes that an employer has violated RCW 49.12.121 or 49.12.123, or a rule or order adopted or variance granted under RCW 49.12.121 or 49.12.123, and that the violation creates a danger from which there is a substantial probability that death or serious physical harm could result to a minor employee, the director, or the director's designee, may issue an order immediately restraining the condition, practice, method, process, or means creating the danger in the workplace. An order issued under this subsection may require the employer to take steps necessary to avoid, correct, or remove the danger and to prohibit the employment or presence of a minor in locations or under conditions where the danger exists.

(4) An employer who violates any of the posting requirements of RCW 49.12.121 or rules adopted implementing RCW 49.12.121 shall be assessed a civil penalty of not more than one hundred dollars for each violation.

POINT OF INQUIRY

Senator Rasmussen: "Senator Patterson, the last figure that I looked at, and I do not have it up to date, the federal government was sitting on about sixteen billion dollars of highways funds. To your knowledge--and they were holding that, because it made the deficit look smaller--have they released any of that money?"

Senator Patterson: "Some of the money has been released. They still retain a great deal of it just for the purpose for which you just suggested. It makes the general fund balance look better by keeping it in reserve."

Senator Rasmussen: "And they have held it so long that they are now achieving interest at the lower rate at what--six or seven percent?"

Senator Patterson: "I'm not familiar with the interest rate that is accrued to the money that they are holding. Sorry, I don't have that information available, Senator."

Senator Rasmussen: "And they claim the infrastructure is deteriorating rapidly and they still are going to hold that money. Could we amend this resolution and say, 'Release what you have?'"

Senator Patterson: "Well, we certainly could. It is a letter to Santa Claus, as you well know. I would suggest that what we ought to do is contact our Congressmen and make the case with them. They are the ones that do this and so many times their actions mean that this state has got to pass additional taxes in order to comply with what the federal rules and regulations are. We have it all over the place. If you want to amend it, we could do that, but I don't think it will do any good."

The department and air pollution control authorities shall visit the air pollution sites for the purpose of affording the advice and consultation. The advice and consultation shall be limited to the matters specified in the request and affecting the interpretation and applicability of this chapter, and the rules adopted under this chapter, to the operations being conducted at the site. The department or authority in granting requests for advisory or consultative service may provide for an alternate means of affording advice and consultation other than on-site consultation.

(2) The department or authority may make recommendations regarding the elimination or modification of any practices not in compliance with this chapter and the rules adopted under this chapter. A visit to the site of air pollution under this section shall not be regarded as an inspection or investigation under the authority of this chapter; no notices or citations may be issued; civil penalties may not be assessed upon such visit; and authorized representatives of the director or authority designated to render advice and consult with employers under the voluntary compliance program

shall not have enforcement authority. In the event an on-site visit for the purpose of advice and consultation discloses a violation creating a serious and immediate danger to public health, the department or authority may take enforcement action under this chapter.

(3) Nothing in this section shall be construed as providing immunity from inspections or investigations conducted under this chapter to any person who has made application for advisory or consultative services during the pendency of the granting of the application. This section shall not be construed as requiring an inspection under this chapter of a site that has been visited for advisory or consultative purposes. However, in the event of a subsequent inspection, the director or the authority, or the authorized representative of either the director or the authority, may in their discretion take into consideration any information obtained during the advisory or consultative visit of that site in determining the nature of an alleged violation and the amount of penalties to be assessed, if any. Persons requesting advisory or consultative services shall be advised of the provisions of this section and the rules adopted by the department relating to the voluntary compliance program. The department may provide by rule for the frequency, manner, and method of the rendering of advisory or consultative services under this section, and for the scheduling and priorities in granting applications consistent with the availability of personnel, and in such a manner as not to jeopardize the enforcement requirements of this chapter.

(4) For the purposes of this section, "director" means the director of the state department of ecology; and "serious and immediate danger to public health" means a person is in immediate danger of death or serious bodily injury.

Sec. 3. RCW 70.94.211 and 1974 ex.s. c 69 s 4 are each amended to read as follows:

The notice shall specify the provision of this chapter or the ordinance, resolution, rule or regulation alleged to be violated, and the facts alleged to constitute a violation thereof, and may include an order that necessary corrective action be taken within a reasonable time. In lieu of an order, the board or the control officer may require that the alleged violator or violators appear before the board for a hearing, or in addition to or in place of an order or hearing, the board may initiate action pursuant to RCW 70.94.425, 70.94.430, and 70.94.435. Upon application by a person showing that a good faith effort to comply with the requirements of an order has been made and that the requirements have not been completed because of factors beyond the person's control, the board or the control officer may affirm or modify the requirements in such order.

Sec. 4. RCW 70.105.010 and 1989 c 376 s 1 are each amended to read as follows:

Small school enrollments in kindergarten through grade six shall generate funding under (a) of this subsection, and shall not generate allocations under (d) and (e) of this subsection, if the staffing allocations generated under (a) of this subsection exceed those generated under (d) and (e) of this subsection. The certificated staffing allocations shall be as follows:

(ii) For all other small high schools under this subsection, nine certificated instructional staff units and one-half of a certificated administrative staff unit for the first sixty average annual full time equivalent students, and additional staff units based on a ratio of 0.8732 certificated instructional staff units and 0.1268 certificated administrative staff units per each additional forty-three and one-half average annual full time equivalent students.

Units calculated under (f)(ii) of this subsection shall be reduced by certificated staff units at the rate of forty-six certificated instructional staff units and four

certificated administrative staff units per thousand vocational and handicapped full time equivalent students.

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full time equivalent.

(6)(a) For nonemployee related costs associated with each certificated staff unit allocated under subsection (2) (a), (b), and (d) through (h) of this section, there shall be provided a maximum of \$6,654 per certificated staff unit in the 1991-92 and 1992-93 school years.

(7) Allocations for substitute costs for classroom teachers shall be distributed at a maximum rate of \$318 for the 1991-92 school year and \$318 per year for the 1992-93 school year for allocated classroom teachers. Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported state-wide for the 1990-91 school year.

(8) The superintendent may distribute a maximum of \$4,546,000 outside the basic education formula during fiscal years 1992 and 1993 as follows:

(b) For summer vocational programs at skills centers, a maximum of \$1,762,000 may be expended in fiscal year 1992 and a maximum of \$1,762,000 may be expended in fiscal year 1993.

(c) A maximum of \$272,000 may be expended for school district emergencies.

(9) For the purposes of RCW 84.52.0531, the increase per full time equivalent student in state basic education appropriations provided under this act, including appropriations for salary and benefits increases, is 5.7 percent from the 1990-91 school year to the 1991-92 school year, and 4.6 percent from the 1991-92 school year to the 1992-93 school year.

(10) A maximum of \$2,450,000 may be expended in the 1991-92 fiscal year and a maximum of \$2,450,000 may be expended in the 1992-93 fiscal year for high technology vocational equipment for secondary vocational education programs and skill centers.

(b) Districts at or above 52.3 certificated instructional staff per one thousand full time equivalent students may dedicate up to 1.3 of the 54.3 funding ratio to employ classified instructional assistants assigned to basic education classrooms in kindergarten through grade three. For any school district documenting a lower ratio, the funding provided under subsection (2)(a)(ii) of this section shall be based on the district's actual K-3 ratio achieved in that school year, or the statutory minimum ratio established under RCW 28A.150.260(2)(c), if greater.

(c) Districts may not use allocations provided above the statutory minimum ratio established under RCW 28A.150.160(2)(c) to supplant other moneys previously used to employ K-3 certificated instructional staff or K-3 classified instructional assistants. However, a district that has achieved a ratio of 54.3 basic education certificated instructional staff per thousand full time equivalent students in grades K-3 may also use the allocation to employ additional basic education certificated instructional staff or classified instructional assistants in any grades K-12.

(5) The following amounts from the appropriations in sections 602 through 610 of this act, or as much thereof as may be necessary, shall be spent to provide employees classified by the higher education personnel board:

(a) A 4.0 percent across-the-board increase effective January 1, 1992, and an additional 3.5 percent across-the-board increase effective January 1, 1993; and

(b) An additional increase effective January 1, 1992, which, when calculated in combination with the 4.0 percent increase granted under (a) of this subsection, raises employees' salaries to the salary range closest to 15 percent behind prevailing rate.

Calculations for determining the increase granted in this subsection shall be made subsequent to the calculations for the general salary increase of 4.0 percent granted on January 1, 1992. The findings of the 1990 comprehensive salary survey as adopted by the higher education personnel board, expressed as the number of ranges behind prevailing rate, shall be used to determine the salary increase under this subsection. However, the number of ranges behind prevailing rate shall be adjusted to reflect salary changes resulting from:

(i) Any job classification revision approved after June 1, 1990; and

(ii) The salary increase granted on January 1, 1991, to raise employees' salaries to within twenty percent of prevailing rate based on the findings of the 1988 trend salary survey.

The general across-the-board salary increase granted on January 1, 1991, shall not be considered when calculating the number of ranges between employee salaries and prevailing rate as shown in the findings of the 1990 survey.

Increases to reduce the number of ranges behind prevailing rate may be granted only in whole-range increments.

(b) By December 1, 1991, the higher education coordinating board, in consultation with the state board for community college education and with the cooperation of the institutions of higher education, shall report to the appropriate committees of the legislature on higher education compensation, including salary increments. The report shall provide data on the number of higher education employees eligible for salary increments during FY 1992, the total and average individual cost of salary increments for each institution, the basis on which the increments are granted, and the frequency thereof. Any performance-based compensation plans in effect in the institutions of higher education shall also be described in the report. The report shall also contain the recommendations of the higher education coordinating board to the legislature for the implementation and funding of a compensation plan, including salary increments, in the higher education system.
