(4) The legislature also finds that the effects of global warming are becoming evident in Washington, adversely affecting its residents, economy, and environment. It is critical that Washington and its counties and cities plan to adapt to these adverse effects and take steps to prevent problematic circumstances from becoming worse.

(5) The legislature further finds that addressing land use-related climate issues will simultaneously advance many other land use planning goals and provide public dividends, including: (a) Realizing reductions in the costs of providing public facilities and services through more compact development; (b) increasing housing affordability through lower public costs and more compact patterns of growth; (c) lessening transportation costs through reductions in the number of vehicle miles traveled; and (d) accomplishing goals for the protection of the environmental resources of rural areas and resource lands by reducing sprawl. The legislature also recognizes that alternative fuels, and vehicles that use alternative fuels or have increased efficiencies, will contribute to lessening greenhouse gas emissions and will encourage investment in these fuels, energy sources, and technologies.

(6) Without prompt, effective, and comprehensive responses to the environmental and governance challenges of climate change, meaningful solutions to these borderless issues will continue to elude the state and its residents. The legislature recognizes that many Washington counties and cities have begun to independently address climate change. The legislature further finds that to achieve the state's emission reduction goals, a collaborative effort is needed. This act is the first step toward providing local governments with the tools that are necessary to accomplish the state's emission reduction goals.

**NEW SECTION. Sec. 30** A new section is added to chapter 36.70A RCW to read as follows:

(1) The department must develop and provide advisory climate change response methodologies, computer modeling programs, and estimates to counties and cities that include a range of methodologies and estimates. The advisory methodologies, computer modeling programs, and estimates must reflect regional and local variations and the diversity of counties and cities planning under this chapter, and, at a minimum, also must:

(a) Identify the greenhouse gas emission reductions that various land use and building measures are estimated to produce. The methodologies developed under this subsection (1)(a) may be expressed as a methodology or a quantification of probable reductions. The methodologies must be capable of considering documented benefits of accommodating growth within urban centers that provide for compact development, appropriate mixes of uses, transit, nonmotorized travel choices, and a balance of employment and housing;

(b) Consider potential policies, regulatory programs, and other measures counties and cities can implement to adapt to the likely adverse effects of global warming. Policies, programs, and measures considered under this subsection (1)(b) must be consistent with the department of ecology's preparation and adaptation work group;

(c) Identify potential measures to reduce greenhouse gas emissions by lessening vehicle travel; and

(d) Estimate the number of vehicle miles traveled.

(2) The department must complete and make available the advisory climate change response methodologies and estimates required by this section by December 1, 2009. These advisory climate change response methodologies and estimates must also be updated two years before each completion date established in RCW 36.70A.130(4)(a).

(3) In preparing the methodologies and estimates, the department must periodically consult with the advisory team required by section 4(3) of this act.

**NEW SECTION. Sec. 31** (1) A local government global warming mitigation and adaptation program is established. The program must be administered by the department of community, trade, and economic development. The department must, through a competitive process, select at least three counties and six cities for the program. At least one county and one city selected for the program must have potential to be adversely impacted by global warming through sea-level increases, storms, flooding, or other adverse effects. At least one county and one city must be located east of the crest of the Cascade mountains. At least one county and one city must be located west of the crest of the Cascade mountains and outside the central Puget Sound region. Counties selected must reflect a range of opportunities to address climate change in urbanizing, resource, or agricultural areas. Cities selected must reflect a range of sizes, geographic locations, and variations between those that are highly urbanized and those that are less so and include more residential dwellings than employment positions.

(2) The program is established to assist counties and cities that are addressing climate change through their land use and transportation planning, and those that aspire to do so but lack necessary resources. The department may fund proposals to inventory global warming emissions, mitigate global warming emissions, or adapt to the adverse impacts of global warming using criteria established by the department to accomplish the objectives of this act.

(3) The department must provide grants and technical assistance to aid the selected counties and cities in their efforts to anticipate, mitigate, and adapt to global warming and its associated problems.

(4) The program must conclude by June 30, 2010.

(5) If specific funding for the purposes of this section, referencing this act by bill or chapter number and section number is not provided by June 30, 2008, in the omnibus appropriations act, this section is null and void.

(6) This section expires January 1, 2011, with a report by the department to the governor and the appropriate committees of the house of representatives and the senate on program findings and recommendations.

**NEW SECTION. Sec. 32** (1) With the use of funds provided by specific appropriation, by December 1, 2008, the department of community, trade, and economic development must provide to the governor and appropriate committees of the house of representatives and the senate, a report that includes: (a) A description of what actions counties and cities are taking to address climate change issues; (b) a recommendation of what changes, if any, to chapter 36.70A RCW and other relevant statutes that would enable state and local governments to address climate change issues through land use and transportation planning processes; (c) an assessment of state and local resources, financial and otherwise, needed to fully implement the recommendations of (b) of this subsection; and (d) recommendations for funding to implement the recommendations of (b) of this subsection that is consistent with the assessment required in (c) of this subsection.

(2) The report must address, as appropriate and with information that is readily available: (a) What counties and cities have voluntarily done to identify the greenhouse gas emissions of their communities, including those created by counties and cities through governmental activities; (b) the range of strategies chosen by jurisdictions to reduce emissions from their own activities and those of the entire community; (c) a description of obstacles and opportunities to achieve emission reductions in a variety of urban and rural areas; and (d) recommendations for statutory amendments, if any, that are necessary to facilitate emission reductions at the county and city levels.

(3) In preparing the report, the department shall convene and consult with an advisory team comprised of the following interests, at a minimum: (a) Two members of each major and minor caucus of the house of representatives and the senate; (b) one representative from the office of the governor; (c) one

representative from the department of ecology; (d) one representative from the department of community, trade, and economic development; (e) one representative from a city and county from each of the jurisdictional areas of a growth management hearings board; (f) one representative of an association representing real estate interests; (g) one representative from an association representing local government planners; (h) one representative from a nonprofit entity with experience in growth management and land use planning issues; (i) one representative from a statewide business association; and (j) one representative from a nonprofit entity with experience in climate change issues. With the exceptions of (a) of this subsection, which shall be appointed by the president of the senate and the speaker of the house of representatives, (b) of this subsection, which shall be nominated by the governor, and (c) of this subsection, which shall be nominated by the department of ecology, nominations from appropriate organizations shall be submitted to the climate advisory team by July 1, 2008.

(4) This section expires December 31, 2008.

Strike everything after the enacting clause and insert the following:

"**Sec. 1** RCW 39.04.155 and 2007 c 218 s 87, 2007 c 210 s 1, and 2007 c 133 s 4 are each reenacted and amended to read as follows:

(1) This section provides uniform small works roster provisions to award contracts for construction, building, renovation, remodeling, alteration, repair, or improvement of real property that may be used by state agencies and by any local government that is expressly authorized to use these provisions. These provisions may be used in lieu of other procedures to award contracts for such work with an estimated cost of two hundred thousand dollars or less. The small works roster process includes the limited public works process authorized under subsection (3) of this section and any local government authorized to award contracts using the small works roster process under this section may award contracts using the limited public works process under subsection (3) of this section.

(2)(a) A state agency or authorized local government may create a single general small works roster, or may create a small

2008 REGULAR SESSION

works roster for different specialties or categories of anticipated work. Where applicable, small works rosters may make distinctions between contractors based upon different geographic areas served by the contractor. The small works roster or rosters shall consist of all responsible contractors who have requested to be on the list, and where required by law are properly licensed or registered to perform such work in this state. A state agency or local government establishing a small works roster or rosters may require eligible contractors desiring to be placed on a roster or rosters to keep current records of any applicable licenses, certifications, registrations, bonding, insurance, or other appropriate matters on file with the state agency or local government as a condition of being placed on a roster or rosters. At least once a year, the state agency or local government shall publish in a newspaper of general circulation within the jurisdiction a notice of the existence of the roster or rosters and solicit the names of contractors for such roster or rosters. In addition, responsible contractors shall be added to an appropriate roster or rosters at any time they submit a written request and necessary records. Master contracts may be required to be signed that become effective when a specific award is made using a small works roster.

(b) A state agency establishing a small works roster or rosters shall adopt rules implementing this subsection. A local government establishing a small works roster or rosters shall adopt an ordinance or resolution implementing this subsection. Procedures included in rules adopted by the department of general administration in implementing this subsection must be included in any rules providing for a small works roster or rosters that is adopted by another state agency, if the authority for that state agency to engage in these activities has been delegated to it by the department of general administration under chapter 43.19 RCW. An interlocal contract or agreement between two or more state agencies or local governments establishing a small works roster or rosters to be used by the parties to the agreement or contract must clearly identify the lead entity that is responsible for implementing the provisions of this subsection.

(c) Procedures shall be established for securing telephone, written, or electronic quotations from contractors on the appropriate small works roster to assure that a competitive price is established and to award contracts to the lowest responsible bidder as defined in RCW 39.04.010. Invitations for quotations shall include an estimate of the scope and nature of the work to be performed as well as materials and equipment to be furnished. However, detailed plans and specifications need not be included in the invitation. This subsection does not eliminate other requirements for architectural or engineering approvals as to quality and compliance with building codes. Quotations may be invited from all appropriate contractors on the appropriate small works roster. As an alternative, quotations may be invited from at least five contractors on the appropriate small works roster who have indicated the capability of performing the kind of work being contracted, in a manner that will equitably distribute the opportunity among the contractors on the appropriate roster. However, if the estimated cost of the work is from one hundred thousand dollars to two hundred thousand dollars, a state agency or local government (~~or other than a port district~~) that chooses to solicit bids from less than all the appropriate contractors on the appropriate small works roster must also notify the remaining contractors on the appropriate small works roster that quotations on the work are being sought. The government has the sole option of determining whether this notice to the remaining contractors is made by: (i) Publishing notice in a legal newspaper in general circulation in the area where the work is to be done; (ii) mailing a notice to these contractors; or (iii) sending a notice to these contractors by facsimile or other electronic means. For purposes of this subsection (2)(c), "equitably distribute" means that a state agency or local government soliciting bids may not favor certain contractors on the appropriate small works roster over other contractors on the appropriate small works roster who perform similar services.

(d) A contract awarded from a small works roster under this section need not be advertised.

(e) Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by telephone inquiry.

(3) In lieu of awarding contracts under subsection (2) of this section, a state agency or authorized local government may award a contract for work, construction, alteration, repair, or improvement projects estimated to cost less than thirty-five thousand dollars using the limited public works process provided under this subsection. Public works projects awarded under this subsection are exempt from the other requirements of the small works roster process provided under subsection (2) of this section and are exempt from the requirement that contracts be awarded after advertisement as provided under RCW 39.04.010.

For limited public works projects, a state agency or authorized local government shall solicit electronic or written quotations from a minimum of three contractors from the appropriate small works roster and shall award the contract to the lowest responsible bidder as defined under RCW 39.04.010. After an award is made, the quotations shall be open to public inspection and available by electronic request. A state agency or authorized local government shall attempt to distribute opportunities for limited public works projects equitably among contractors willing to perform in the geographic area of the work. A state agency or authorized local government shall maintain a list of the contractors contacted and the contracts awarded during the previous twenty-four months under the limited public works process, including the name of the contractor, the contractor's registration number, the amount of the contract, a brief description of the type of work performed, and the date the contract was awarded. For limited public works projects, a state agency or authorized local government may waive the payment and performance bond requirements of chapter 39.08 RCW and the retainage requirements of chapter 60.28 RCW, thereby assuming the liability for the contractor's nonpayment of laborers, mechanics, subcontractors, material suppliers, suppliers, and taxes imposed under Title 82 RCW that may be due from the contractor for the limited public works project, however the state agency or authorized local government shall have the right of recovery against the contractor for any payments made on the contractor's behalf.

(4) The breaking of any project into units or accomplishing any projects by phases is prohibited if it is done for the purpose of avoiding the maximum dollar amount of a contract that may be let using the small works roster process or limited public works process.

(5)(a) A state agency or authorized local government may use the limited public works process of subsection (3) of this section to solicit and award small works roster contracts to small businesses that are registered contractors with gross revenues under one million dollars annually as reported on their federal tax return.

(b) A state agency or authorized local government may adopt additional procedures to encourage small businesses that are registered contractors with gross revenues under two hundred fifty thousand dollars annually as reported on their federal tax returns to submit quotations or bids on small works roster contracts.

(6) As used in this section, "state agency" means the department of general administration, the state parks and recreation commission, the department of natural resources, the department of fish and wildlife, the department of transportation, any institution of higher education as defined under RCW 28B.10.016, and any other state agency delegated authority by the department of general administration to engage in construction, building, renovation, remodeling, alteration, improvement, or repair activities.

**Sec. 2** RCW 39.30.020 and 1974 ex.s. c 74 s 1 are each amended to read as follows:

In addition to any other remedies or penalties contained in any law, municipal charter, ordinance, resolution, or other enactment, any municipal officer by or through whom or under whose supervision, in whole or in part, any contract is made in willful and intentional violation of any law, municipal charter, ordinance, resolution, or other enactment requiring competitive

bidding or procurement procedures for public work consultant services, upon such contract shall be held liable to a civil penalty of not less than three hundred dollars and may be held liable, jointly and severally with any other such municipal officer, for all consequential damages to the municipal corporation. If, as a result of a criminal action, the violation is found to have been intentional, the municipal officer shall immediately forfeit his office. For purposes of this section, "municipal officer" ~~((shall))~~ means an "officer" or "municipal officer" as those terms are defined in RCW 42.23.020(2).

**Sec. 3** RCW 39.80.010 and 1981 c 61 s 1 are each amended to read as follows:

The legislature hereby establishes a state policy, to the extent provided in this chapter, that governmental agencies publicly announce requirements for architectural ~~((and)),~~ engineering, and other construction-related services, and negotiate contracts for architectural ~~((and)),~~ engineering, and other construction-related services on the basis of demonstrated competence and qualification for the type of professional services required and at fair and reasonable prices.

**Sec. 4** RCW 39.80.020 and 1999 c 153 s 55 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section shall apply throughout this chapter.

(1) "State agency" means any department, agency, commission, bureau, office, or any other entity or authority of the state government.

(2) "Local agency" means any city and any town, county, special district, municipal corporation, agency, port district or authority, or political subdivision of any type, or any other entity or authority of local government in corporate form or otherwise.

(3) "Special district" means a local unit of government, other than a city, town, or county, authorized by law to perform a single function or a limited number of functions, and including but not limited to, water-sewer districts, irrigation districts, fire districts, school districts, community college districts, hospital districts, transportation districts, and metropolitan municipal corporations organized under chapter 35.58 RCW.

(4) "Agency" means both state and local agencies and special districts as defined in subsections (1), (2), and (3) of this section.

(5) "Architectural and engineering services" ~~((or "professional services"))~~ means professional services rendered by any person, other than as an employee of the agency, contracting to perform activities within the scope of the general definition of professional practice in chapters 18.08, 18.43, or 18.96 RCW.

(6) "Other construction-related services" means consultant services provided by any person, other than as an employee of the agency, in connection with and furtherance of any public work for project management, construction supervision, or construction management. Other construction-related services do not include architectural and engineering services, legal services, accounting or auditing services, claims consultant services, or other similar services that may be required in connection with any public work.

(7) "Public work" has the meaning set forth in RCW 39.04.010.

(8) "Public work consultant services" means architectural, engineering, and other construction-related services provided by a consultant.

(9) "Person" means any individual, organization, group, association, partnership, firm, joint venture, corporation, or any combination thereof.

~~((7))~~ (10) "Consultant" means any person providing ~~((professional))~~ architectural, engineering, or other construction-related consultant services who is not an employee of the agency for which the services are provided.

~~((8))~~ (11) "Application" means a completed statement of qualifications together with a request to be considered for the award of one or more contracts for professional services.

**Sec. 5** RCW 39.80.030 and 1981 c 61 s 3 are each amended to read as follows:

Each agency shall publish in advance that agency's requirement for ~~((professional))~~ public work consultant services.

The announcement shall state concisely the general scope and nature of the project or work for which the services are required and the address of a representative of the agency who can provide further details. An agency may comply with this section by: (1) Publishing an announcement on each occasion when ~~((professional))~~ public work consultant services provided by a consultant are required by the agency; or (2) announcing generally to the public its projected requirements for any category or type of ~~((professional))~~ public work consultant services.

**Sec. 6** RCW 39.80.040 and 1981 c 61 s 4 are each amended to read as follows:

(1) In the procurement of ~~((architectural and engineering))~~ public work consultant services, the agency shall encourage firms engaged in the lawful practice of their profession to submit annually a statement of qualifications and performance data. The agency shall evaluate current statements of qualifications and performance data on file with the agency, together with those that may be submitted by other firms regarding the proposed project, and shall conduct discussions with one or more firms regarding anticipated concepts and the relative utility of alternative methods of approach for furnishing the required services and then shall select therefrom, based upon criteria established by the agency, the firm deemed to be the most highly qualified to provide the services required for the proposed project. Such agency procedures and guidelines shall include a plan to insure that minority and women-owned firms are afforded the maximum practicable opportunity to compete for and obtain public contracts for services. The level of participation by minority and women-owned firms shall be consistent with their general availability within the professional communities involved.

(2) In the procurement of public work consultant planning services relating to a facility outside of the district's jurisdictional boundaries, after the district purchases property for the facility, the port district or districts with responsibility for the future property development and use must make available to the public in the affected area information about:

(a) The type and scale of proposed uses on the site;

(b) The type and scale of business and industrial activities the development is likely to later attract to the site and to the nearby area;

(c) The general character and scope of impacts on air quality, noise, water resources, and recreation; and

(d) The expected impacts on local and state transportation infrastructure, including state highways, local roads, rail, shipping, and air service. Such information must be made available throughout both the planning and design phases by means of web pages, office inspection and copying, one or more property tours, and public meetings which allow interested citizens to comment to port officials on several occasions over time as the development plans evolve.

**Sec. 7** RCW 39.80.050 and 1981 c 61 s 5 are each amended to read as follows:

(1) The agency shall negotiate a contract with the most qualified firm for ~~((architectural and engineering))~~ public work consultant services at a price which the agency determines is fair and reasonable to the agency. In making its determination, the agency shall take into account the estimated value of the services to be rendered as well as the scope, complexity, and professional nature thereof.

(2) If the agency is unable to negotiate a satisfactory contract with the firm selected at a price the agency determines to be fair and reasonable, negotiations with that firm shall be formally terminated and the agency shall select other firms in accordance with RCW 39.80.040 and continue in accordance with this section until an agreement is reached or the process is terminated.

**Sec. 8** RCW 53.08.120 and 2000 c 138 s 210 are each amended to read as follows:

bidding upon notice published in a newspaper of general circulation in the district at least thirteen days before the last date upon which bids will be received, calling for sealed bids upon the work, plans and specifications for which shall then be on file in the office of the commission for public inspection. The same notice may call for bids on such work or material based upon plans and specifications submitted by the bidder. The competitive bidding requirements for purchases or public works may be waived pursuant to RCW 39.04.280 if an exemption contained within that section applies to the purchase or public work.

However, a port district may let contracts using the small works roster process under RCW 39.04.155 in lieu of calling for sealed bids. Whenever possible, the managing official shall invite at least one proposal from a minority contractor who shall otherwise qualify under this section.

When awarding such a contract for public work, when utilizing proposals from the small works roster, the managing official shall give weight to the contractor submitting the lowest and best proposal, and whenever it would not violate the public interest, such contracts shall be distributed equally among contractors, including minority contractors, on the small works roster.

NEW SECTION. Sec. 9 A new section is added to chapter 53.08 RCW to read as follows:

A port district shall specifically comply with chapter 39.80 RCW in the procurement of all architectural, engineering, and other construction-related services, as those terms are defined in RCW 39.80.020.

Sec. 10 RCW 53.12.270 and 1975 1st ex.s. c 12 s 1 are each amended to read as follows:

(1) The commission may delegate to the managing official of a port district such administrative powers and duties of the commission as it may deem proper for the efficient and proper management of port district operations. Any such delegation shall be authorized by appropriate resolution of the commission, which resolution must also establish guidelines and procedures for the managing official to follow.

(2) The commission shall establish, by resolution, policies to comply with RCW 39.04.280 that set forth the conditions by which competitive bidding requirements for public works contracts may be waived.

## PARLIAMENTARY INQUIRY

Senator Benton: "Thank you Mr. President. I'd like to have a little information on this. There's been a striker put on our desk that completely changes the bill it would appear at least it looks like that from this striker. Haven't had a chance to even read the striker yet, the maker of the motion hasn't explained the bill at all or what it's suppose to do, very vague around the edges kind of stuff. I was just hoping that somebody that sits on this committee that saw this bill can tell us exactly what it does. It affects school districts bidding procedures and architectural design for school districts and so I know that that's a big problem for school districts as the cost of construction and so is this going to increase the construction cost for school districts? Perhaps I could ask the gentle lady from the tenth to give us a little better explanation of exactly what we're trying to change in the law and why?"

## REMARKS BY SENATOR HAUGEN

Senator Haugen: Thank you Mr. President. I apologize. I don't know if you've read the State Auditor's report or not and when we decided to take a look at this issue we realized that the State Auditor would be doing audits of school districts and all the other kinds of special districts across the state and so we actually wanted to make sure that the statute was clear exactly what they are going to be doing. We talked to the school districts. They came forward with some language to clean up. We've talked to the cities. They've come forward and cleaned up the language. This actually is what the State Auditor recommended. Now, if cities and counties have a problem with it, they're going to have a problem with the State Auditor. So, this is just trying to address the legitimate concerns that the State Auditor raised dealing with the procurement process that was used by the Port of Seattle but I can't tell you one jurisdiction from another so we thought we needed to be consistent and clean up everybody's statute so everybody's working the same. So, it's a good faith effort to try to address I consider a legitimate issue. There were problems within the way the statutes were written. This cleans it up."

Senator Kastama spoke against passage of the bill.

## PERSONAL PRIVILEGE

Senator Roach: "Well, Mr. President, on some of the amendments that we get delivered to us here on the floor after the amendment is written there is an effect clause on it and I realize there are no rules that you have to do that kind of thing but would it be possible right now for me ask the members on these complicated bills where there...We..thank you. I appreciate it. We're only just now seeing it. It's a complicated issue and I appreciate it if we could at least have some brief explanation on the longer more entailed bills. Thank you Mr. President."

"NEW SECTION. Sec. 1 The legislature finds that public utility districts provide customer-owned, nonprofit utility services throughout Washington state. The legislature further finds that statutory bid limits for public utility districts have not been increased to address inflation and dramatic cost increases in construction materials. The legislature further finds that existing bid limits and high construction material costs often preclude public utility districts from maintaining and repairing their utility infrastructure, providing training and experience to utility workers, and accommodating high contract administrative costs. The legislature further finds that existing bid limits result in increased costs to both public utility districts and utility customers. Therefore, it is the intent of the legislature to amend the bid limits for public utility districts to address inflation and increased material costs.

Sec. 2 RCW 54.04.070 and 2002 c 72 s 2 are each amended to read as follows:

(1) Any item, or items of the same kind of materials, equipment, or supplies purchased, the estimated cost of which is in excess of ~~((ten))~~ fifteen thousand dollars, exclusive of sales tax, shall be by contract~~((PROVIDED, That))~~. However, a district may make purchases of the same kind of items of materials, equipment, and supplies not exceeding ~~((five))~~ seven thousand five hundred dollars in any calendar month without a contract, purchasing any excess thereof over ~~((five))~~ seven thousand five hundred dollars by contract.

However, a district commission may have its own regularly employed personnel perform work which is an accepted industry practice under prudent utility management without a contract. For purposes of this section, "prudent utility management" means performing work with regularly employed personnel utilizing material of a worth not exceeding one hundred fifty thousand dollars in value without a contract~~((PROVIDED, That such))~~. This limit on the value of material being utilized in work being performed by regularly employed personnel shall not include the value of individual items of equipment purchased or acquired and used as one unit of a project.

(3) Before awarding ~~((such))~~ a contract required under subsection (1) or (2) of this section, the commission shall publish a notice once or more in a newspaper of general circulation in the district at least thirteen days before the last date upon which bids will be received, inviting sealed proposals for the work or materials~~((;))~~. Plans and specifications ((of which)) for the work or materials shall at the time of ((the)) publication be on file at the office of the district and subject to public inspection. Any published notice ordering work to be performed for the district shall be mailed at the time of publication to any established trade association which files a written request with the district to receive such notices. The commission may, at the same time and as part of the same notice, invite tenders for the work or materials upon plans and specifications to be submitted by the bidders.

~~((All contract projects equal to or in excess of one hundred thousand dollars shall be let by))~~ (4) As an alternative to the competitive bidding ~~((unless the public utility))~~ requirements of this section and RCW 54.04.080, a district may let~~((s))~~ contracts using the small works roster process under RCW 39.04.155.

(5) Whenever equipment or materials required by a district are held by a governmental agency and are available for sale but such agency is unwilling to submit a proposal, the commission may ascertain the price of such items and file a statement of such price supported by the sworn affidavit of one member of the commission, and may consider such price as a bid without a deposit or bond.

"NEW SECTION. Sec. 1 A new section is added to chapter 43.105 RCW to read as follows:

(1) The legislature finds that the deployment and adoption of high-speed internet services and information technology has resulted in enhanced economic development and public safety for the state's communities, improved health care and educational opportunities, and a better quality of life for the state's residents. Further, continued progress in the deployment and adoption of high-speed internet services and other advanced telecommunications services, both land-based and wireless, is vital to ensuring Washington remains competitive and continues to create business and job growth. The legislature finds that the state must encourage and support strategic partnerships of public, private, nonprofit, and community-based sectors in the continued growth and development of high-speed internet services and information technology for state residents and businesses, and do so through formalized and structured arrangements like the highly successful K-20 educational network.

(2) The department, as the state agency responsible for coordinating with the education sectors on the K-20 educational network, shall work to coordinate the development of a comprehensive, statewide high-speed internet deployment and adoption initiative that will be implemented through a public-private partnership with a nonprofit organization, as set forth in subsection (7) of this section, to accomplish the following goals:

(a) Ensure that all state residents and businesses have access to affordable and reliable high-speed internet services;

(b) Achieve improved technology literacy, increased computer ownership, and high-speed internet use among state residents, nonprofit organizations, and businesses;

(c) Establish and empower local technology planning teams and partnerships to plan for improved technology use across multiple community sectors;

(d) Establish and sustain an environment ripe for telecommunications and technology investment statewide, including solicitation and receipt of grants, loans, and other financial mechanisms; and

(e) Create and regularly update a geographic statewide inventory of high-speed internet service and other relevant telecommunications and information technology services through a method of geographic information system mapping and geographic information system analysis at the census block level, consistent with any federal data reporting requirements.

(3) By June 1, 2008, the department shall convene an initial work group of representatives of the department of community, trade, and economic development and the utilities and transportation commission, and representatives of public, private, and nonprofit agencies and organizations representing economic development, local community development, community planning, technology planning, education, health care, and other relevant entities as well as representatives of telecommunications providers, technology companies, telecommunications unions, community-based organizations, and relevant private sector entities.

(4) By September 1, 2008, the department and the work group in subsection (3) of this section shall develop a high-speed internet deployment and adoption strategy for

implementation by a nonprofit organization to accomplish the following goals:

(a) Create and regularly update a geographic statewide inventory of high-speed internet service and other relevant telecommunications and information technology services. The inventory must:

(i) Identify geographic gaps in high-speed internet service through a method of geographic information system mapping of service availability and geographic information system analysis at the census block level;

(ii) Provide a baseline assessment of statewide high-speed internet deployment in terms of percentage of households and businesses with high-speed internet availability;

(iii) Provide updates to these data every six months; and

(iv) Build upon the initial utilities and transportation commission broadband disparity study authorized by the legislature in 2007;

(b) Track statewide residential and business adoption of high-speed internet, computers, and related information technology through data collected directly from end-users through telephone surveys or similar methods; identify barriers to adoption; and measure progress on these data annually;

(c) Build and facilitate local technology planning teams and partnerships with members representing cross-sections of the community, including but not limited to representatives of business, telecommunications unions, K-12 education, health care, libraries, higher education, community-based organizations, local government, tourism, parks and recreation, and agriculture. Local technology planning teams shall benchmark technology use across relevant community sectors, set goals for improving technology use within each sector, and develop tactical business plans for achieving identified goals, with specific recommendations for online application development and demand creation;

(d) Work collaboratively with high-speed internet providers and technology companies across the state to encourage deployment and use, through use of local demand aggregation, mapping analysis, and creation of market intelligence to improve the investment rationale and business case for providers to deploy; and

(e) Establish programs to improve computer ownership, technology literacy, and internet access for disenfranchised populations across the state.

(5) The department and the work group in subsection (3) of this section shall provide a report to the fiscal and telecommunications committees in the senate and the house of representatives on or before December 1, 2008. The report shall identify and make recommendations as appropriate for:

(a) Benchmarks, performance measures, milestones, deliverables, timelines, and such other indicators of performance and progress as are necessary to guide development and implementation of the statewide high-speed internet deployment and adoption effort;

(b) A strategic plan to structure and appropriately scale and phase development and implementation of the effort so as to link to, leverage, and otherwise synchronize with other relevant and related funding, technology, capital initiatives, investments, and opportunities;

(c) Budget and legislation to be considered before the 2009 legislature in order to implement the strategic high-speed internet deployment and adoption strategy;

(d) Safeguards to protect proprietary and confidential information from unintended disclosure under chapter 42.56 RCW, which may be based upon existing models developed by other state broadband efforts to protect proprietary information;

(e) A plan to complete baseline mapping of high-speed internet resources in the state in an eighteen-month period, subject to approval of the plan and appropriation by the legislature; and

(f) A plan to launch community teams across the state.

(6) The department shall provide an annual progress report together with any recommendations for strengthening the program to the fiscal and telecommunications committees in the

senate and the house of representatives not later than December 1st, beginning in 2009, and cover the preceding fiscal year.

(7) The department shall contract with a nonprofit organization to accomplish the objectives set forth in this act. The nonprofit organization shall:

(a) Be qualified under section 501(c)(3) of the internal revenue code of 1986 and exempt from tax under section 501(a) of such code;

(b) Have no part of the net earnings inure to the benefit of any member, founder, contributor, or individual;

(c) Have a board of directors that is not composed of a majority of individuals who are also employed by, or otherwise associated with, any federal, state, or local government or any federal, state, or local agency;

(d) Have an established competency in working on a statewide basis with public and private sectors to accomplish the deployment and adoption of high-speed internet services and information technology;

(e) Have an established competency working directly with high-speed internet providers in the handling, storage, and use of proprietary and competitively sensitive data for the purposes set forth in this act; and

(f) Enter into voluntary nondisclosure agreements as necessary to prevent the unauthorized disclosure of confidential and proprietary information provided by broadband service providers and other entities. Private entities submitting data in connection with efforts to develop the high-speed internet deployment strategy referenced in this act may elect to provide such data to the extent and in the format the data is maintained in the normal course of business. Any information designated by the providing entity as confidential or proprietary shall be treated as such, and governed by an appropriate nondisclosure agreement. To the extent any data which is submitted pursuant to this act would otherwise be deemed a public record, the data is excepted from disclosure under chapter 42.56 RCW if designated as confidential by the providing entity.

(8) This section expires June 30, 2011.

**NEW SECTION. Sec. 2** A new section is added to chapter 43.105 RCW to read as follows:

(1) By January 1, 2009, the department, in consultation with the utilities and transportation commission and other relevant agencies, shall identify and make publicly available a web directory of public facilities that provide community technology programs throughout the state.

(2) For the purposes of this section, "community technology program," also known as a digital inclusion program, means a program engaged in diffusing information and communications technology in local communities, particularly in unserved areas. These programs may include, but are not limited to, programs that provide education and skill-building opportunities, hardware and software ownership, internet connectivity, and development of locally relevant content and delivery of vital services through technology.

**NEW SECTION. Sec. 3** Nothing in this act shall be construed as giving the department of information services or any other entities any additional authority, regulatory or otherwise, over providers of telecommunications and information technology."

## SECOND READING

SENATE BILL NO. 6638, by Senators Murray, Roach, McAuliffe, Kohl-Welles, Fairley, Kline, Kauffman, Jacobsen, Eide and Pflug

Reallocating existing lodging taxes for heritage and arts programs in a county with a population of one million or more.

The measure was read the second time.

## PARLIAMENTARY INQUIRY

Senator Benton: "Thank you Mr. President. Last year you issued a ruling involving Initiative 601 which I believe is instructive for this measure. In that ruling you indicated that changing the purpose for which a fee was originally collected could trigger the supermajority vote provisions of Initiative 601 because it converted that fee into a tax. Similarly the bill before us does not necessarily impose a new tax. It does, however, similarly allow it to continue and changes the way that the proceeds are spent. The tax at issue was originally enacted to pay off bonds issued to repair the now demolished King dome. This bill would change this allowing the money that was used to pay off these bonds to instead be dedicated to arts and heritage programs. I submit to you that this effectively imposes a new tax for a new purpose and therefore triggers the supermajority vote

provisions of Initiative 960. Even though the Legislature is allowing a portion of the lodging tax to be allowed for specific expenditures for local government, the Legislature recognizes and authorizes that and the state controls this tax. Therefore, Initiative 960 should apply to Senate Bill No. 6638 because it re-authorizes that tax as a state shared lodging revenue. And for these reasons I believe the measure contains a new tax that requires a two-thirds vote of this body and would appreciate a respectfully request a ruling thereon."

Senator Murray spoke against the parliamentary inquiry.

On motion of Senator Eide, further consideration of Senate Bill No. 6638 was deferred and the bill held its place on the second reading calendar.

The President assumed the chair.

## RULING BY THE PRESIDENT

President Owen: "In ruling on the inquiry raised by Senator Benton as to the application of Initiative Number 960 to Senate Bill 6638, the President finds and rules as follows.

The President does believe that many of his prior rulings on Initiative Number 601 are good precedent and instruction for applying similar provisions of I-960. The President has reviewed past I-601 rulings for application to the situation presented by this measure. Consistent with that past precedent, the President notes that the tax at issue—whatever its purpose—is purely local in nature, and is a preexisting local tax, at that. It is true that state law originally authorized this tax, but its collection and usage remain local. I-960 relates to state taxes and fees, and thus it has no application to this measure's distribution of proceeds from a local tax.

For these reasons, Senator Benton's point is not well-taken, and this measure will need only a simple majority vote of this body for final passage."

The Senate resumed consideration of Senate Bill No. 6638.

#### ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 6730 and the bill passed the Senate by the following vote: Yeas, 49; Nays, 0; Absent, 0; Excused, 0.

Voting yea: Senators Benton, Berkey, Brandland, Brown, Carrell, Delvin, Eide, Fairley, Franklin, Fraser, Hargrove, Hatfield, Haugen, Hewitt, Hobbs, Holmquist, Honeyford, Jacobsen, Kastama, Kauffman, Keiser, Kilmer, King, Kline, Kohl-Welles, Marr, McAuliffe, McCaslin, McDermott, Morton, Murray, Oemig, Parlette, Pflug, Prentice, Pridemore, Rasmussen, Regala, Roach, Rockefeller, Schoesler, Sheldon, Shin, Spanel, Stevens, Swecker, Tom, Weinstein and Zarelli - 49

ENGROSSED SUBSTITUTE SENATE BILL NO. 6730, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

#### SECOND READING

SENATE BILL NO. 6573, by Senators Kilmer, Brandland, Kauffman, Delvin, Benton, Roach, McAuliffe and Rasmussen

Providing additional revenues for public safety.

#### MOTION

On motion of Senator Pridemore, Substitute Senate Bill No. 6573 was substituted for Senate Bill No. 6573 and the substitute bill was placed on the second reading and read the second time.

#### MOTION

Senator Pridemore moved that the following striking amendment by Senators Pridemore and Zarelli be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that local governments need additional revenues to provide public safety resources in order to protect the citizens of Washington from fire and crime. The legislature finds that the current benefit formula and contributions for the law enforcement officers and firefighters plan 2 are inadequate to modify that formula in recognition of the shorter working careers for firefighters and police officers. The legislature recognizes that although some officers and firefighters are able to work comfortably beyond twenty-five years, the combat nature of fire suppression and law enforcement generally require earlier retirement ages. In recognition of the physical demands of the professions and the inherent risks faced by law enforcement officers and firefighters, eligibility for retirement in the law enforcement officers and firefighters plan 2 system has been set at age fifty-three. However, the benefit formula is designed for careers of thirty-five to forty years, making retirement at age fifty-three an unrealistic option for many.

Therefore, the legislature declares that it is the purpose of this act to provide local government public safety employers and the law enforcement officers and firefighters plan 2 pension plan with additional shared revenues when state general fund revenues increase by at least one percent over the prior year's collections.

**NEW SECTION. Sec. 2.** A new section is added to chapter 41.26 RCW to read as follows:

The local public safety enhancement account is created in the state treasury. Moneys in the account may be spent only after appropriation. All receipts from section 4 of this act must

be deposited into the account. Expenditures from the account may be used as follows:

(1) Following appropriation, fifty percent of the money in the account shall be transferred to the law enforcement officers' and firefighters' retirement system benefits improvement account established in section 3 of this act.

(2) Following appropriation, the balance shall be distributed by the state treasurer to all jurisdictions with law enforcement officers and firefighters plan 2 members on a proportionate share basis based on the number of plan 2 members each jurisdiction has on June 1st of the prior year divided by the total number of plan 2 members in the system. The department of retirement systems shall provide the distribution allocation to the state treasurer. Distributions by the state treasurer shall be made annually beginning on January 1, 2011. Jurisdictions that contract with other eligible jurisdictions for law enforcement services or fire protection services must agree on the distribution of funds between the contracting parties and must inform the department of retirement systems as to how the distribution is to be made. Distributions will continue to be made under the terms of the agreement until the department of retirement systems is notified by the eligible jurisdiction of any agreement revisions. If there is no agreement within six months of the distribution date, the monies lapse to the state treasury. Moneys distributed from the balance of the public safety enhancement account may be used for the following purposes: (a) Criminal justice, including those where an ancillary benefit to the civil justice occurs, and includes domestic violence programs; (b) information and assistance to parents and families dealing with at-risk or runaway youth; or (c) public safety.

**NEW SECTION. Sec. 3.** A new section is added to chapter 41.26 RCW to read as follows:

(1) The local law enforcement officers' and firefighters' retirement system benefits improvement account (benefits account) is created within the law enforcement officers' and firefighters' retirement system plan 2 fund. All receipts from section 2(1) of this act must be deposited into the account.

(2) The funds in the benefits account shall not be included by the state actuary in the calculation of the market value of assets of the law enforcement officers' and firefighters' retirement system plan 2 fund until the board directs the state actuary in writing to do so for purposes of financing benefits adopted by the board pursuant to and consistent with RCW 41.26.720. The board, in consultation with the state investment board, shall provide the state actuary, in writing, the market value of the amount directed from the benefits account for inclusion in the calculation of the market value of assets of the law enforcement officers' and firefighters' retirement system plan 2 fund. The market value of the amount directed from the benefits account shall be determined as of the date of the direction from the board to include this amount for purposes of financing benefits adopted by the board pursuant to and consistent with RCW 41.26.720.

(3) The law enforcement officers' and firefighters' plan 2 retirement board shall administer the fund in an actuarially sound manner.

(4) The state investment board has the full power to invest, reinvest, manage, contract, sell, or exchange investment money in the benefits account. The state investment board is authorized to adopt investment policies for the money in the benefits account. All investment and operating costs associated with the investment of money within the benefits account shall be paid pursuant to RCW 43.33A.160 and 43.84.160. With the exception of these expenses, the earnings from the investment of the money shall be retained by the benefits account.

(5) All investments made by the state investment board shall be made with the exercise of that degree of judgment and care pursuant to RCW 43.33A.140 and the investment policy established by the state investment board.

(6) When appropriate for investment purposes, the state investment board may commingle money in the fund with other funds.

(7) The authority to establish all policies relating to the benefits account, other than the investment policies set forth in this section, resides with the law enforcement officers' and

THIRTY-SEVENTH DAY, FEBRUARY 19, 2008

firefighters' plan 2 retirement board. Other than investments by and expenses of the state investment board, disbursements from this fund may be made only on the authorization of the law enforcement officers' and firefighters' plan 2 retirement board for purposes of funding the member, employer, and state cost of financing benefits adopted by the board pursuant to and consistent with RCW 41.26.720.

(8) The state investment board shall routinely consult with and communicate with the law enforcement officers' and firefighters' plan 2 retirement board on the investment policy, earnings of the trust, and related needs of the benefits account.

**NEW SECTION, Sec. 4.** A new section is added to chapter 41.26 RCW to read as follows:

(1) By September 30, 2011, if the prior fiscal biennium's general state revenues exceed the previous fiscal biennium's revenues by more than three percent, subject to appropriation by the legislature, the state treasurer shall transfer five million dollars to the local public safety enhancement account.

(2) By September 30, 2013, if the prior fiscal biennium's general state revenues exceed the previous fiscal biennium's revenues by more than three percent, subject to appropriation by the legislature, the state treasurer shall transfer ten million dollars to the local public safety enhancement account.

(3) By September 30, 2015, if the prior fiscal biennium's general state revenues exceed the previous fiscal biennium's revenues by more than three percent, subject to appropriation by the legislature, the state treasurer shall transfer twenty million dollars to the local public safety enhancement account.

(4) By September 30, 2017, and by September 30 of each odd-numbered year thereafter, if the prior fiscal biennium's general state revenues exceed the previous fiscal biennium's revenues by more than three percent, subject to appropriation by the legislature, the state treasurer shall transfer the lesser of one-third of the increase, or fifty million dollars, to the local public safety enhancement account."

Strike everything after the enacting clause and insert the following:

"**Sec. 1** RCW 84.55.050 and 2007 c 380 s 2 are each amended to read as follows:

(1) Subject to any otherwise applicable statutory dollar rate limitations, regular property taxes may be levied by or for a taxing district in an amount exceeding the limitations provided for in this chapter if such levy is authorized by a proposition approved by a majority of the voters of the taxing district voting on the proposition at a general election held within the district or at a special election within the taxing district called by the district for the purpose of submitting such proposition to the voters. Any election held pursuant to this section shall be held not more than twelve months prior to the date on which the proposed levy is to be made, except as provided in subsection (2) of this section. The ballot of the proposition shall state the dollar rate proposed and shall clearly state the conditions, if any, which are applicable under subsection (4) of this section.

(2) Subject to statutory dollar limitations, a proposition placed before the voters under this section may authorize annual increases in levies for multiple consecutive years, up to six consecutive years, during which period each year's authorized maximum legal levy shall be used as the base upon which an increased levy limit for the succeeding year is computed, but the ballot proposition must state the dollar rate proposed only for the first year of the consecutive years and must state the limit factor, or a specified index to be used for determining a limit factor, such as the consumer price index, which need not be the same for all years, by which the regular tax levy for the district may be increased in each of the subsequent consecutive years. Actual operating expenditures excludes lost federal funds, lost or expired state grants or loans, extraordinary events not likely to reoccur, changes in contract provisions beyond the control of the taxing district receiving the services, and major nonrecurring capital expenditures.

(3) After a levy authorized pursuant to this section is made, the dollar amount of such levy ~~((shall))~~ may not be used for the purpose of computing the limitations for subsequent levies provided for in this chapter, ~~((except as provided in subsection (5) of this section))~~ unless the ballot proposition expressly states that the levy made under this section will be used for this purpose.

(4) If expressly stated, a proposition placed before the voters under subsection (1) or (2) of this section may:

(a) Use the dollar amount of a levy under subsection (1) of this section, or the dollar amount of the final levy under subsection (2) of this section, for the purpose of computing the limitations for subsequent levies provided for in this chapter;

(b) Limit the period for which the increased levy is to be made under (a) of this subsection;

~~((b))~~ (c) Limit the purpose for which the increased levy is to be made under (a) of this subsection, but if the limited purpose includes making redemption payments on bonds, the period for which the increased levies are made shall not exceed nine years;

~~((c))~~ (d) Set the levy or levies at a rate less than the maximum rate allowed for the district; or

2008 REGULAR SESSION

~~((d))~~ (e) Include any combination of the conditions in this subsection.

(5) Except as otherwise ~~((provided))~~ expressly stated in an approved ballot measure under this section, ~~((after the expiration of a limited period under subsection (4)(a) of this section or the satisfaction of a limited purpose under subsection (4)(b) of this section, whichever comes first,))~~ subsequent levies shall be computed as if:

(a) The ~~((limited))~~ proposition under ~~((subsection (4) of))~~ this section had not been approved; and

(b) The taxing district had made levies at the maximum rates which would otherwise have been allowed under this chapter during the years levies were made under the ~~((limited))~~ proposition.

NEW SECTION. Sec. 2 This act applies prospectively only to levy lid lift ballot propositions under RCW 84.55.050 that receive voter approval on or after the effective date of this act.

#### INTRODUCTIONS OF SPECIAL GUESTS

The President introduced the La Conner High School Girls' Volleyball Team, State 2B Champions, led by Coach Suzanne Marble present in the gallery.

#### PERSONAL PRIVILEGE

Senator Haugen: "Well, thank you Mr. President. We've already done a resolution on this floor honoring these very exceptional young women as we did last year. This is their second year and I am extremely proud of them as I know you are. I want to especially say that the Head Coach who led this team to reported victories has been named Class Two Associated Press All State Coach of the Year. The hitter, Cora Kellerman, was named Class 2B, Most Valuable Player of the year by the Associated Press All State Team. You know this repeated victory more amazing given the fact that the entire school body, high school population of O'Connor, is just over two hundred students and the city itself has just eight hundred residents. We know this is in the middle of a large farming community so we have lots of people both within the small community and the surrounding area that really are very supported of these outstanding young women. In fact, when the team bus returned from the championship, it was escorted by a fire truck and a police car through the town and eventually everyone else just joined in and followed after them to welcome these really outstanding young women back into our community. These young women are not only leaders on the court but I expect them to be leaders in our community in the future. I'm just more than delighted to have them here today and I appreciate your acknowledging them. Thank you."

#### PERSONAL PRIVILEGE

Senator Franklin: "Well we certainly at this point in time have honored these great students and we are privileged to be in a place where we are able to debate the issues, to be able to work with each other but this morning in Kentucky a school is locked down because of potential gun violence, someone bringing a gun to school. We across this nation and with our kids in school are really in more or less a sort of troubling times. Our kids should be in a place where in an environment, where they are able to learn without having to be fearful. Mr. President, ladies and gentlemen of the Senate, so many times I think about Dr. Martin Luther King and his nonviolence and nonviolence was not just for the civil rights movement, its nonviolence today. As we debate issues and as we try to provide a place and safe place for our kids in order to learn so they may be able to learn the principles of government, to be able to be engaged in civic debate, that we work very, very hard that our kids will have a safe place in the school environment in which to learn. I think that should be also a top priority for us because a lot of these kids are fearful and any kid that is in an environment that they cannot learn, I think it has a negative impact and we have to think about the future. What is going to happen to our future generations and our kids today so to my colleagues lets continue to work very, very hard in order that our kids may have safe environment in which to learn. Thank you."

MOTION

REMARKS BY SENATOR ROACH

Senator Roach: "Thank you Madam President. You know, we have an opportunity in the Senate to recognize a lot of different things and sometimes those things are happy things. I think the Grange, the FFA, I think these are happy things. I think memorializing of an individual's life like we did today, those are happy things. Sometimes we talk about things that aren't so happy because they are a part of our society and in this case of this resolution unfortunate parts of our society, but things, none the less, that we experience to one degree or another, sometimes vicariously and on some occasions it's a personal thing. Now, you know the victims of violent crime are not only those that die by murder but they're also people who are maimed or otherwise handicapped or their life, have had life altering situations. Today we're here to talk about really those that are left behind. In this case someone who has been a loved one who has been murdered. Sometimes they use to call it 'foul play', and foul play comes in lots of categories, many ways and all we have to do unfortunately is turn on the news on almost any given evening. Certainly, if your looking at a national perspective, it is every given evening, every given day where someone dies violently leaving behind individuals whether its co-workers, or mother, or spouse or child, parent as a father behind. It's those people that we'd like to recognize today and that their living a part of life that hopefully that most of us will not have to live. But we do this vicariously sometimes. How many of us, whether. Gee, do we know someone whose been affected by this? And sometimes we do and sometimes we don't, but the ones that maybe don't can look and vicariously feel just

THIRTY-NINTH DAY, FEBRUARY 21, 2008

2008 REGULAR SESSION

a little bit. How many of us remember when Bill Cosby's son was murdered? How many of us still remember oh Marlon Brando's child was murdered? How many of us remember that Michael Jordan's father was murdered? How many of us remember that Kelsey Grammar's, I believe, it was sister was murdered? Every once in a while it resonates because we have heard of that person. Well, ladies and gentlemen members of the Senate and our community, there are many, many hundreds of what we call ordinary individuals in our society and here amongst us in Washington State who've had a loved one murdered. It's the purpose of this resolution that we take and pause and remember the suffering that comes from that kind of an event because it's certainly nothing that's anticipated and certainly nothing that one ever prepares for, no matter how a passing occurs within a family, within a workplace. You don't know how you respond, but I want to commend those that are here today because in some ways you've found each other. You have something in common and that you've had and suffered a loss and I want to give my heartfelt appreciation for your coming forward with a resolution so that we can all be a little more tuned to the issue because I think it's an important issue and also that I wanted to express my sincere sorrow for the losses that you've incurred and do my best as a legislator to try to get tough on people that do these things. Not in a sense of vengeance but in a sense of preventing things in the future. May we all be reminded that life is a transitory thing. We're here on earth just for a period of time and may we remind ourselves and our children and loved ones to stay away from anything that looks, last night I was driving home, this is a little aside, but never know what may happen. I was driving home along the Enumclaw Plateau, I'd been to a community meeting and a big huge truck came up behind me and it was big. It was a big truck to begin with, we're talking a pick-up truck, big wheels on it and it sat real high from my kind low to the ground car and it had it's bright lights on. It was so bright with all the lights that this thing had that on this country road where there were no edges but just ditches, I pulled over slowed down and stopped so the vehicle could go around me and it did. Then it was going ahead and I turned my brights on. I thought it was far enough away, I don't know what he thought but he slowed down and made me slow down. Now, here I'm on a country road, there isn't a light to be seen and what ended up happening is I ended up calling actually the police because he pulled into a driveway and then backed up blocking my roadway. I could not move. I could not go forward and with deep ditches on both sides of the road, I didn't dare to be in a position to have to go backwards either. I was afraid. I was afraid, I was afraid. Now, individuals like you and I and others traverse life in situations that come up we have no way of knowing what may or may not happen. So, I just want you to know how much I value life, value the lives of everyone and pray for your recovery. It won't ever be perfect. It won't ever be complete and we'll do our best here to do what we can to make sure these things don't happen in the future. I urge adoption of the resolution."

## REMARKS BY SENATOR KOHL-WELLES

Senator Kohl-Welles: "Thank you Madam President. Well, I rise in support of this resolution too and I commend Senator Roach for bringing it to us and also for her eloquent remarks, very heartfelt. I also have worked with individuals and groups who either have been victims of violent crimes or their family members or close friends have been or they work with advocacy groups to help out those family and friends following the murder of a loved one. Yesterday in the Senate Judiciary Committee

there was a hearing on a bill that passed the Senate unanimously last week, Senate Bill 6357, and we had speak on, testified to the committee the mother and sister of Rebecca Jane Griego who was murdered at the University of Washington last April by a former boyfriend who then shot himself as well. A huge tragedy and we're addressing what could be accomplished in statute to make it a little easier to get protection orders actually served that might of helped Rebecca. Also her sister, who was threatened by the individual, received taunting calls and the shooter ended up evading them and the authorities so the protection order could never be served. I'd like to commend the many organizations who help out in advocacy work and that there are many, of course, that we have in this state. I'd like to mention just a few if I may, Madam President? The Coalition of Crime Victim Advocacy, the Washington State Coalition against Domestic Violence and the Family and Friends of Missing Persons and Violent Crime Victims and there are many others as well. We also have the Office of Crime Victim Advocacy in the state Community Trade Economic Development agency and I would appreciate it Madam President and the good Senator that brought this resolution to us if we could transmit the resolution to these and the other organizations that come before the legislature to help out the family and friends."

## REMARKS BY SENATOR FRASER

Senator Fraser: "Thank you Madam President. I'm a little short of voice but not short of heart. It's really hard to imagine what kind of devastation people feel when this happens to a family member or friend. It's a devastation really they'll never get over. It's also a devastation to communities. These horrible crimes have occurred in my own community and even if I don't know the person which is usually the case, I remember it. It goes to my heart. It goes to my inside. It goes to my memory and it does to other people and so the communities are never the same where these crimes happen. So, it is appropriate to recognize this horrible crime and what really would not recognize the crime but recognize what it does to people and to communities. So my sympathy and prayers goes to all victims and families and friends and I commend all those who assist the families and friends of those who've experienced this devastation. It's so important that we all continue to join together to improve our laws, improve our services and improve our human relationships that lead to these crimes and to care for the victims."

## REMARKS BY SENATOR KEISER

Senator Keiser: "Thank you Madam President. Well, I want to join with the others. First of all thanking the good Senator from the Thirtieth District for bringing this resolution forward. I was reminded today that it was already seven years ago, which is unbelievable to me, that Officer Steven Underwood was killed in my community of Des Moines and it did affect our entire community. I'm also really amazed to know that one of our police department's, deputy chaplains has used his own personal family's tragedy to, in a very productive and positive way, provide services to victims through the violent crimes victims services organization. It is amazing to me that someone who has been so hurt, so assaulted by violent crime, can become so productive and such a healing power for other families who suffer such a trauma. So, as the Senator from the Thirtieth District said, 'Not everything we do here is happy,' it's good to remember that we also be together on issues when it effects our hearts and we can work together. Thank you."

REMARKS BY FRED OLDFIELD

Fred Oldfield: "I don't know what to say after that. Somebody gave you folks the wrong information, that's all I can say. Well, you know, I am very honored I have to say that but you know there my daughter is the one that really instigated that Heritage Center and many other people should be honored for that is the people that, the teachers and the volunteers and the people that backed us, the sponsorships and all that. There's a lot of people out there that need that. I get all the fun. I get to teach the kids and I learn things every day from kids and if you got a minute, I'll tell you a couple of jokes. You know I was inside the Center and I was painting there one day and it had a mural there and I got about a dozen kids watching me and there's a couple of girls about nine years old standing there. You could tell they were buddies and they're watching me paint and pretty quick one of them, I was sitting on a stool because it way down low, she leaned down and said 'Cowboy Fred, how old are you?' I said 'I'll tell you what, you guess how old I am.' She thought a minute and she said 'I think fifty or sixty; and the other little girl leaned down and said, 'she's sucking up.' You never know what your going to get from them kids. There was one other cute thing that happened to me that shows you how kids are. They're thinking all the time. We get the kids up to about twelve through thirteen years old and maybe we start on oils. So I had a class going one day, I had about twelve kids and I'd go around and help them with the oils and stuff. It's kind of tough with the oils. There was a girl there, she was about twelve years old and she was just really puzzled and disgusted, you could tell. So, I set down and I said 'Do you mind if I paint on there a little bit and show you?' she said, 'No, go ahead.' And so I mixed a little paint and dabbed it on there and tried to show her something and told her that it gave it depth. She looked at it for a little bit and she said, 'You know I respect you and I know you're a great painter but I don't like that.' You get it from them kids. That's why I'm having all the fun, getting all the accolades all these people up here are the ones been doing the work. But anyway, I want to tell you how honored I am and I'd like to have you people bring out a new law though. I would like to have you pass a law that will not let children keep you working after your ninety. I think you guys can do it. Well, I don't have too much to say only that I am just really honored to be here and right now probably the tax payers want me to get down off here

(iv) The owner of the vehicle is not responsible for the violation if the owner of the vehicle, within fourteen days of receiving notification of the violation, mails to the patrol, a declaration under penalty of perjury, stating that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner, or any other extenuating circumstances;

If the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred, the business must sign a declaration under penalty of perjury to this effect. The declaration must be mailed to the patrol within fourteen days of receiving the notice of traffic infraction. **NEW SECTION. Sec. 304** A new section is added to 2007 c 518 (uncodified) to read as follows:

**FOR THE DEPARTMENT OF TRANSPORTATION.** The nickel and transportation partnership revenue packages were created in 2003 and 2005 to finance transportation construction over a sixteen year period. Since the adoption of the 2003 and 2005 transportation project lists, significant cost increases have resulted from extraordinary inflation. At the same time, motor vehicle fuel prices have risen dramatically, and state and federal gas tax revenues dedicated to paying for these programs are forecasted to decrease over the sixteen year time period. Additional cost increases and eroding revenues will be difficult, if not impossible, to accommodate in the sixteen year financial plan.

As part of its budget submittal for the 2009-2011 biennium, the department of transportation shall prepare information regarding the nickel and transportation partnership funded projects for consideration by the office of financial management and the legislative transportation committees that:

- (1) Compares the original project cost estimates approved in the 2003 and 2005 project list to the completed cost of the project, or the most recent legislatively approved budget and total project costs for projects not yet completed;
- (2) Identifies highway projects that may be reduced in scope and still achieve a functional benefit;
- (3) Identifies highway projects that have experienced scope increases and that can be reduced in scope;
- (4) Identifies highway projects that have lost significant local or regional contributions which were essential to completing the project; and
- (5) Identifies contingency amounts allocated to projects.

<u>TOTAL APPROPRIATION</u> <del>(\$3,075,006,000)</del>	<u>\$3,021,761,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire transportation 2003 account (nickel account) appropriation and the entire transportation partnership account appropriation are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document ~~(2007-1)~~ 2008-1, Highway Improvement Program (I) as developed ~~(April 20, 2007)~~ February 25, 2008. However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 603 of this act.

(2) The department shall not commence construction on any part of the state route number 520 bridge replacement and HOV project until a record of decision has been reached providing reasonable assurance that project impacts will be avoided, minimized, or mitigated as much as practicable to protect

against further adverse impacts on neighborhood environmental quality as a result of repairs and improvements made to the state route 520 bridge and its connecting roadways, and that any such impacts will be addressed through engineering design choices, mitigation measures, or a combination of both. The requirements of this section shall not apply to off-site pontoon construction supporting the state route number 520 bridge replacement and HOV project.

(3) Within the amounts provided in this section, ~~(\$1,991,000)~~ \$1,895,000 of the transportation partnership account--state appropriation, ~~(\$1,656,000)~~ \$2,147,000 of the motor vehicle account--federal appropriation, and ~~(\$8,343,000)~~ \$10,331,000 of the transportation 2003 account (nickel account)--state appropriation are for project 109040T as identified in the LEAP transportation document referenced in subsection (1) of this section: I-90/Two Way Transit-Transit and HOV Improvements - Stage 1. Expenditure of the funds on construction is contingent upon revising the access plan for Mercer Island traffic such that Mercer Island traffic will have access to the outer roadway high occupancy vehicle (HOV) lanes during the period of operation of such lanes following the removal of Mercer Island traffic from the center roadway and prior to conversion of the outer roadway HOV lanes to high occupancy toll (HOT) lanes. Sound transit may only have access to the center lanes when alternative R8A is complete.

(4) The Tacoma Narrows toll bridge account--state appropriation includes up to ~~(\$131,016,000)~~ \$18,000,000 in proceeds from the sale of bonds authorized by RCW 47.10.843.

(5) The funding described in this section includes ~~(\$8,095,541)~~ \$36,693,000 of the transportation 2003 account (nickel account)--state appropriation and ~~(\$237,241 of the motor vehicle account--private/local)~~ \$208,000 of the freight mobility multimodal account--state appropriation, which are for the SR 519 project identified as project number 851902A in the LEAP Transportation Document referenced in subsection (1) of this section. The total project is expected to cost no more than \$74,400,000 including ~~(\$11,950,000)~~ \$10,402,000 in contributions from project partners.

(6) To promote and support community-specific noise reduction solutions, the department shall:

(a) Prepare a draft directive that establishes how each community's priorities and concerns may be identified and addressed in order to allow consideration of a community's preferred methods of advanced visual shielding and aesthetic screening, for the purpose of improving the noise environment of major state roadway projects in locations that do not meet the criteria for standard noise barriers. The intent is for these provisions to be supportable by existing project budgets. The directive shall also include direction on the coordination and selection of visual and aesthetic options with local communities. The draft directive shall be provided to the standing transportation committees of the legislature by January 2008; and

(b) Pilot the draft directive established in (a) of this subsection in two locations along major state roadways. If practicable, the department should begin work on the pilot projects while the directive is being developed. One pilot project shall be located in Clark county on a significant capacity improvement project. The second pilot project shall be located in urban King county, which shall be on a corridor highway project through mixed land use areas that is nearing or under construction. The department shall provide a written report to the standing transportation committees of the legislature on the findings of the Clark county pilot project by January 2009, and the King county pilot project by January 2010. Based on results of the pilot projects, the department shall update its design manual, environmental procedures, or other appropriate documents to incorporate the directive.

~~((8))~~ (7) If the "Green Highway" provisions of Engrossed Second Substitute House Bill No. 1303 (cleaner energy) are enacted, the department shall erect signs on the interstate

highways included in those provisions noting that these interstates have been designated "Washington Green Highways."

~~((9))~~ (8) If on the I-405/I-90 to SE 8th Street Widening project the department finds that there is an alternative investment to preserve reliable rail accessibility to major manufacturing sites within the I-405 corridor that are less expensive than replacing the Wilburton Tunnel, the department may enter into the necessary agreements to implement that alternative provided that costs remain within the approved project budget.

~~((10))~~ (9) The department shall apply for surface transportation program (STP) enhancement funds to be expended in lieu of or in addition to state funds for eligible costs of projects in Programs I and P, including, but not limited to, the SR 518, SR 519, SR 520, and Alaskan Way Viaduct projects.

(7)(a) The department shall develop and implement the benefit/impact evaluation methodology recommended in the statewide rail capacity and needs study finalized in December 2006. The benefit/impact evaluation methodology shall be developed using the following priorities, in order of relative importance:

- (iii) Preservation of transportation corridors that would otherwise be lost;
- (iv) Increased access to efficient and cost-effective transport to market for Washington's agricultural and industrial products;

(d) The department and the freight mobility strategic investment board shall collaborate to submit a report to the office of financial management and the transportation committees of the legislature by September 1, 2008, listing proposed freight highway and rail projects. The report must describe the analysis used for selecting such projects, as required by this act for the department and as required by chapter 47.06A RCW for the board. When developing its list of proposed freight highway and rail projects, the freight mobility strategic investment board shall use the priorities identified in (a) of this subsection to the greatest extent possible.

The legislature finds that levees across the state provide protection to hundreds of communities from flooding. Many of these levee systems are old, built with substandard materials, and were not designed to provide the level of protection that the communities behind them need. Recent decertification of levees in King and Pierce counties by the United States army corps of engineers indicates a growing problem with levee maintenance. As more levees are decertified, land behind those levees is considered to be located in the regulated floodplain. Because of this, many homeowners and businesses must obtain flood insurance, and new construction projects must meet strict new building codes.

Trust Land Transfer (08-2-005)

The appropriations in this section are subject to the following conditions and limitations:

(1) The total appropriation is provided to the department solely to transfer from trust status, or enter into fifty year leases for, certain trust lands of statewide significance deemed appropriate for state park, fish and wildlife habitat, natural area preserve, natural resources conservation area, open space, housing and essential government services, or recreation purposes. The approved list of projects is identified in the LEAP capital document 2007-5, developed (~~March 20~~) April 19, 2007.

~~((3))~~ (2) Property subject to lease agreements under this section shall be appraised at fair market value. Lease terms shall be fifty years with options to renew for an additional fifty years. Lease payments shall be lump sum payments for the entire term

of the lease at the beginning of the lease. The department shall calculate such lump sum payments using professional appraisal standards. These lease payments may not exceed the fee simple purchase price based on current fair market value and shall be deposited by the department to the common school construction account in the same manner as lease revenues from other common school trust lands. No deduction shall be made for the resource management cost account under RCW 79.64.040.

~~((4))~~ (3) All reasonable costs incurred by the department to implement this section are authorized to be paid out of the appropriations. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs.

~~((5))~~ (4) Intergrant exchanges between common school and other trust lands of equal value may occur if the exchange is in the interest of each trust, as determined by the board of natural resources.

~~((6))~~ (5) Prior to or concurrent with conveyance of these properties, the department, with full cooperation of the receiving agencies, shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Transfer and lease agreements for properties identified in subsection (1) of this section must include terms that restrict the use of the property to the intended purpose. Transfer and lease agreements may include provisions for receiving agencies to request alternative uses of the property, provided the alternative uses are compatible with the original intended public purpose and the department and legislature approves such uses.

~~((7))~~ (6) The department and receiving agencies shall work in good faith to carry out the intent of this section. However, the department or receiving agencies may remove a property from the transfer list based on new, substantive information, if it is determined that transfer of the property is not in the statewide interest of either the common school trust or the receiving agency.

~~((8))~~ (7) The department shall execute trust land transfers that, after the deduction of reasonable costs as provided in subsection ~~((4))~~ (3) of this section, eighty percent of the total value of transferred property is timber value and is deposited in the common school construction account. To achieve the eighty percent requirement, the department may choose to lease properties originally intended as transfers.

~~((9))~~ (8) On June 30, 2009, the state treasurer shall transfer all remaining uncommitted funds from this appropriation to the common school construction account and the appropriations in this section shall be reduced by an equivalent amount.

Conversion Land Acquisition (08-1-950)

The appropriations in this section are subject to the following conditions and limitations: The appropriations are provided solely for acquisition of working forest lands at risk of conversion to nonforest uses. The legislature finds that the chronic loss of working forest lands threatens the long-term prospects of the timber products industry, which in turn threatens the long-term economic return for the beneficiaries of state trust lands. Acquisition of these conversion lands is intended to help stabilize the primary source of revenue to trust land beneficiaries. The department shall submit a report to the appropriate committees of the legislature by October 1, 2008, indicating the lands purchased under this section, showing the locations, acres, purchase price, and within that purchase price,

the value of the property attributed to the future value of timber harvests given an expected rate of return for timber lands, and the value of the property attributed to future development of the property. It is the intention of the legislature to lease or otherwise acquire the development rights of these conversion lands and retain them as long-term working forest lands under the sustainable harvest plan. Working forest lands acquired under this section shall be managed at a level equal to or greater than seventy-five percent of the expected harvest under the sustainable harvest plan. The appropriation provided in this section shall lapse unless chapter 504, Laws of 2007, or similar provisions contained in other legislation, is enacted prior to June 30, 2007. No amounts appropriated in this section shall be expended on the central cascade land exchange unless one of the two following conditions are met: (1) The four Stemilt parcels in T21R20E are excluded from the exchange; or (2) the four Stemilt parcels in T21R20E are included in the exchange and the department and Chelan county, as chair of the Stemilt partnership, agree on a plan for eventual ownership, disposition, and management of the four Stemilt parcels. The department shall manage cash balances in the natural resources real property replacement account such that cash balances are sufficient for the treasurer transfers required in section 6030 of this act. The department may also transfer funds from the land bank subaccount of the resource management cost account to the natural resources real property replacement account to ensure sufficient cash balances.

The work group shall: (a) Prepare an inventory of existing state trust lands suitable for use as school sites; (b) prepare a projection of the needs for school sites in high growth school districts; and (c) develop options for holding and valuing the land for future school district use that are consistent with legal requirements and management objectives for state trust lands and any other state lands.

Principal and accrued earnings in such an account shall be available for expenditure by the seller when the seller or the city of Seattle has executed a construction contract for either a new facility or improvements to an existing structure to serve as the principal heritage center to be operated by the seller within the city; and (b) in the event that the conditions of (a) of this subsection are not met by June 30, 2017, the entire amount in the restricted account shall be transferred to the state general fund and shall represent a recovery of the state's contribution towards the development of the museum. In addition to the department of information services, state agency tenants shall include the consolidation of state patrol offices and general office facilities for small agencies and offices. The facility shall be designed so that small agencies and offices can move in and out of the facility without the typical moving expenses that result from individual agency ownership of furniture and technology. The facility for small agencies and offices shall also provide for staffing and space efficiencies resulting from central reception, support services, and spaces. The office of financial management shall certify to the state treasurer: (a) The project description and dollar amount; and (b) that all requirements of this subsection (8) have been met. **FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES.** (1) Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act.

(4) The department is authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage Medicaid expenditures for the aged and disabled population. Under this Washington Medicaid integration partnership (WMIP), the department may combine and transfer such Medicaid funds appropriated under sections 204, 206, 208, and 209 of this act as may be necessary to finance a unified health care plan for the WMIP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of ((+3,000)) 6,000 persons, nor expand beyond one county, during the 2007-2009 biennium. The amount of funding assigned to the pilot projects from each program may not exceed the average per capita cost assumed in this act for

In implementing the WMIP pilot projects, the department may: (a) Withhold from calculations of "available resources" as set forth in RCW 71.24.025 a sum equal to the capitated rate for individuals enrolled in the pilots; and (b) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs. The department shall conduct an evaluation of the WMIP, measuring changes in participant health outcomes, changes in patterns of service utilization, participant satisfaction, participant access to services, and the state fiscal impact.

(5)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, 2008, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year 2008 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year 2008 caseload forecasts and utilization assumptions in the medical assistance, long-term care, foster care, adoption support, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose. The department shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(a) The entire health services account appropriation, \$615,000 of the general fund--state appropriation for fiscal year 2008, \$892,000 of the general fund--state appropriation for fiscal year 2009, and \$2,546,011 of the general fund--federal appropriation are provided solely for health care benefits for agency home care workers who are employed through state contracts for at least twenty hours a week. First priority shall be given to children who are at risk of institutionalization. The department shall ensure that the average cost per day for all program services other than start-up costs shall not exceed \$300. In order to maximize the number of clients served and ensure the cost-effectiveness of the waiver programs, the department will strive to limit new client placement expenditures to 90 percent of the budgeted daily rate. If this can be accomplished, additional clients may be served with excess funds, provided the total projected carry-forward expenditures do not exceed the amounts estimated. The department shall electronically report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of persons served with these additional community services, where they were residing, what kinds of services they were receiving prior to

placement, and the actual expenditures for all community services to support these clients.

(d) \$2,799,000 of the general fund--state appropriation for fiscal year 2008, \$5,961,000 of the general fund--state appropriation for fiscal year 2009, and \$9,268,000 of the general fund--federal appropriation are provided solely for expanded community services for persons with developmental disabilities who also have community protection issues. The department shall electronically report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of persons served with these additional community services, where they were residing, what kinds of services they were receiving prior to placement, and the actual expenditures for all community services to support these clients.

The appropriations in this section are subject to the following conditions and limitations:

(1) Based on quarterly expenditure reports and caseload forecasts, if the department estimates that expenditures for the medical assistance program will exceed the appropriations, the department shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(2) In determining financial eligibility for medicaid-funded services, the department is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(3) Sufficient amounts are appropriated in this section for the department to continue podiatry services for medicaid-eligible adults.

(4) Sufficient amounts are appropriated in this section for the department to provide an adult dental benefit that is at least equivalent to the benefit provided in the 2003-05 biennium.

(5) In accordance with RCW 74.46.625, \$6,000,000 of the general fund--federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the department's discretion. During either the interim cost settlement or the final cost settlement, the department shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The department shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

The department shall distribute the funds under a formula that provides a

FORTY-SIXTH DAY, FEBRUARY 28, 2008

relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(7) \$10,546,000 of the health services account appropriation for fiscal year 2008, \$10,546,000 of the health services account--state appropriation for fiscal year 2009, and \$19,725,000 of the general fund--federal appropriation are provided solely for grants to nonrural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(8) The department shall continue the inpatient hospital certified public expenditures program for the 2007-2009 biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The department shall submit ~~((a))~~ reports to the governor and legislature by November 1, 2007, and by November 1, 2008, that evaluate~~((s))~~ whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the department shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2008 and fiscal year 2009, hospitals in the program shall be paid and shall retain (a) one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance; and (b) one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount ~~((that is the total of (a) the total payment for claims for services rendered during the fiscal year calculated according to the methodology employed by the legislature in the omnibus appropriations act for implementation in fiscal year 2008)).~~ The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program, and (b) disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 that pertain to fiscal year 2005. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and ~~((s))~~ distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim ((cost)) settlement within eleven months after the end of the fiscal year. A final ((cost)) settlement shall be performed within two years after the end of the related fiscal year. To the extent that ((a final cost)) either settlement determines that a hospital has received funds in excess of what it would have received ((under the methodology in place in fiscal year 2008)) as described in this subsection, the hospital must repay ((these)) the excess amounts to the state when requested. (((\$74,066,000)) \$61,728,000 of the general fund--state appropriation for fiscal year 2008, of which \$6,570,000 is appropriated in section 204(1) of this act and the balance in this section, and ~~(((\$59,776,000))~~ \$57,894,000 of the general fund--state

For any school district documenting a lower certificated instructional staff ratio, the allocation shall be based on the district's actual grades K-4 certificated instructional staff ratio achieved in that school year, or the statutory minimum ratio established under RCW 28A.150.260(2)(b), if greater;

(B) Districts at or above 51.0 certificated instructional staff per one thousand full-time equivalent students in grades K-4 may dedicate up to 1.3 of the 53.2 funding ratio to employ additional classified instructional assistants assigned to basic education classrooms in grades K-4. No more than 1.3 of the certificated instructional funding ratio amount may be expended for provision of classified instructional assistants;

(b) For school districts with a minimum enrollment of 250 full-time equivalent students whose full-time equivalent student enrollment count in a given month exceeds the first of the month full-time equivalent enrollment count by 5 percent, an additional state allocation of 110 percent of the share that such increased enrollment would have generated had such additional full-time equivalent students been included in the normal enrollment count for that particular month;

(c)(i) On the basis of full-time equivalent enrollment in:

(A) Vocational education programs approved by the superintendent of public instruction, a maximum of 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 19.5 full-time equivalent vocational students; and

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2)(a), (b), and (d) through (h) of this section, there shall be provided a maximum of \$9,703 per certificated staff unit in the 2007-08 school year and a maximum of (~~(\$9,907)~~) \$10,052 per certificated staff unit in the 2008-09 school year.

Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported statewide for the prior school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. (3) \$5,000 of the fiscal year 2008 appropriation and \$5,000 of the fiscal year 2009 appropriation are provided solely for the transportation of students enrolled in "choice" programs. Transportation shall be limited to low-income students who are transferring to "choice" programs solely for educational reasons.

(4) Allocations for transportation of students shall be based on reimbursement rates of \$44.84 per weighted mile in the 2007-08 school year and (~~(\$45.48)~~) \$45.68 per weighted mile in the 2008-09 school year exclusive of salary and benefit adjustments provided in section 504 of this act. (7) The superintendent of public instruction shall base depreciation payments for school district buses on the five-year average of lowest bids in the appropriate category of bus. In the final year on the depreciation schedule, the depreciation payment shall be based on the lowest bid in the appropriate bus category for that school year.

<b>TOTAL APPROPRIATION</b>	<del>(\$1,548,662,000)</del>
	\$1,575,775,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through

the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(2)(a) The superintendent of public instruction shall ensure that:

(i) Special education students are basic education students first;

(ii) As a class, special education students are entitled to the full basic education allocation; and

(iii) Special education students are basic education students for the entire school day.

(b) The superintendent of public instruction shall adopt the full cost method of excess cost accounting, as designed by the committee and recommended by the superintendent, pursuant to section 501(1)(k), chapter 372, Laws of 2006, and ensure that all school districts adopt the method beginning in the 2007-08 school year.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4) The superintendent of public instruction shall distribute state funds to school districts based on two categories: (a) The first category includes (i) children birth through age two who are eligible for the optional program for special education eligible developmentally delayed infants and toddlers, and (ii) students eligible for the mandatory special education program and who are age three or four, or five and not yet enrolled in kindergarten; and (b) the second category includes students who are eligible for the mandatory special education program and who are age five and enrolled in kindergarten and students age six through 21.

(5)(a) For the 2007-08 and 2008-09 school years, the superintendent shall make allocations to each district based on the sum of:

(i) A district's annual average headcount enrollment of students ages birth through four and those five year olds not yet enrolled in kindergarten, as defined in subsection (4) of this section, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and

(ii) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age four enrollment and those five year olds not yet enrolled in kindergarten, as a percent of the district's annual average full-time equivalent basic education enrollment.

Each district's general fund--state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 12.7 percent.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section,

FORTY-SIXTH DAY, FEBRUARY 28, 2008

and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, ~~((~~\$30,690,000~~))~~ \$53,926,000 of the general fund--state appropriation and \$29,574,000 of the general fund--federal appropriation are provided for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided in subsection (5) of this section. If the federal safety net awards based on the federal eligibility threshold exceed the ((amount appropriated)) federal appropriation in this subsection (8) in any fiscal year, the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) Using criteria developed by the committee, the committee shall then consider extraordinary costs associated with communities that draw a larger number of families with children in need of special education services.

(d) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(f) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999.

(9) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(10) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff from the office of superintendent of public instruction;

(b) Staff of the office of the state auditor who shall be nonvoting members of the committee; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(11) The office of the superintendent of public instruction shall review and streamline the application process to access safety net funds, provide technical assistance to school districts, and annually survey school districts regarding improvement to the process.

This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(13) A maximum of \$1,000,000 of the general fund--federal appropriation is provided for projects to provide special education students with appropriate job and independent living skills, including work experience where possible, to facilitate

their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

(14) \$50,000 of the general fund--state appropriation for fiscal year 2008, \$50,000 of the general fund--state appropriation for fiscal 2009, and \$100,000 of the general fund--federal appropriation shall be expended to support a special education ombudsman program within the office of superintendent of public instruction. The purpose of the program is to provide support to parents, guardians, educators, and students with disabilities. The program will provide information to help families and educators understand state laws, rules, and regulations, and access training and support, technical information services, and mediation services. The ombudsman program will provide data, information, and appropriate recommendations to the office of superintendent of public instruction, school districts, educational service districts, state need projects, and the parent and teacher information center. Within the appropriations in this section there is sufficient funding provided to also provide at least a half-time support staff position for the special education ombudsman program.

(15) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(16) A maximum of \$1,200,000 of the general fund--federal appropriation may be expended by the superintendent for projects related to use of inclusion strategies by school districts for provision of special education services.

(17) The superintendent, consistent with the new federal IDEA reauthorization, shall continue to educate school districts on how to implement a birth-to-three program and review the cost effectiveness and learning benefits of early intervention.

(18) A school district may carry over from one year to the next year up to 10 percent of the general fund--state funds allocated under this program; however, carryover funds shall be expended in the special education program.

(19) \$262,000 of the general fund--state appropriation for fiscal year 2008 and \$251,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for two additional full-time equivalent staff to support the work of the safety net committee and to provide training and support to districts applying for safety net awards.

(3) The following moneys shall be deposited into the local toxics control account: Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-seven one-hundredths of one percent.

#### POINT OF ORDER

Senator Sheldon: "Mr. President, I'd ask that you announce the number of votes necessary to pass Senate Bill No. 6931. Mr. President, Senate Bill No. 6931 imposes a liquor tax of forty-two cents per liter on all retail sales of certain spirits. The funds raised from this surcharge are allocated equally between funding additional DUI emphasis patrols and funding chemical dependency treatment. The monies raised are deposited into

FORTY-SEVENTH DAY, FEBRUARY 29, 2008

certain funds including the general fund. Mr. President, this bill clearly imposes a tax, as the tax revenues will increase the monies flowing into the general fund. This constitutes 'raising taxes' as provided in Initiative 960. Under this Initiative the Legislature can only raise taxes if supported by a two-thirds vote of each body. Mr. President, I request that you rule that a two-thirds super-majority or thirty-three votes in support of this bill is required in order to pass Senate Bill No. 6931."

#### REMARKS BY THE PRESIDENT

President Owen: "Senator Sheldon, the President is going to take your question as or your request as a point of order. Senator Sheldon raises the point of order as to the number of votes necessary to pass Senate Bill No. 6931. Senator Brown."

#### REMARKS BY SENATOR BROWN

Senator Brown: "Thank you Mr. President. May I respond to Senator Sheldon's Point of Order? Thank you Mr. President. Mr. President I believe this Point of Order raises a dilemma and I'd like to elaborate on that a bit. Like you each of us took an oath when we took office. In part, that oath requires us to follow the Constitution and Laws of the United States and the State of Washington. Unfortunately, sometimes the laws and the Constitution conflict and I believe this is one of those times. Our state Constitution has a clear statement about the number of votes necessary to pass a bill. In Article II, Section 22 the Constitution states that: 'No bill shall become a law unless on it's final passage, the vote be taken by yeas and nays, the names of the members voting for and against the same entered on the journal of each house and a majority of the members elected to each house be recorded thereon as voting in it's favor.' To me this provision is clear, a bill must receive a majority vote in order to pass. It does not state, Mr. President, that a super majority, such as a two-thirds majority, is required for certain types of bills such as bills that raise taxes. I would point out that the Constitution does have a super-majority requirement in other circumstances. For example, the Constitution requires that sixty percent of the body must support an expansion of gambling in order for it to pass. I have no difficulty with following that. However, here we have a super-majority requirement brought about by the passage of a law, a statute that does not amend the Constitution. We are a democracy. Except in unusual circumstances, we allow decisions to be made by a majority. We pass laws and elect officials and decide bond measures based on a majority. And this is reflected in our Constitution, the Constitution that is superior to our laws. Mr. President. A two-thirds requirement to pass certain types of bills, in my opinion, is anti-democratic and violates the Washington Constitution. If this limitation stands I believe we are elevating the statutes which we can change every year over the Constitution which has stood largely unchanged for over a hundred years. The Constitution is difficult to change and it should be. It should remain superior to the statutes we pass each year and the supremacy of the Constitution can not be affected by any statute whether passed by the legislature or by initiative. Mr. President, I do not envy you having to make this decision. I know it is difficult one that you won't make easily. I stand ready to respect you regardless of the outcome. I would ask that you find against the point of order raised by Senator Sheldon."

#### REMARKS BY THE PRESIDENT

2008 REGULAR SESSION

President Owen: "Thank you Senator Brown, the President is not prepared to rule on this as in many of the other cases on the number of votes that's pretty clear but because of the recent passage of Initiative 960, the President believes that each one of these decisions relative to numbers of votes when it pertains to Initiative 960 will set future precedence and guidance for future rulings. Therefore, it will take me some time to review this."

**MOTION**

On motion of Senator Delvin, Senator Brandland was excused.

The President assumed the chair.

**RULING BY THE PRESIDENT**

President Owen: "In ruling upon the inquiry raised by Senator Sheldon as to the application of Initiative Number 960 to Senate Bill 6931, as well as the point raised by Senator Brown as to the Constitutional duties of this body, the President finds and rules as follows.

The President begins by addressing the argument raised by Senator Brown as to a possible conflict between the Constitution and I-960 with respect to the number of votes required to pass a measure. The Constitution is the preeminent law of our state, and all other laws and rules applicable to this body are unquestionably subordinate to the Constitution. Nonetheless, the President has taken an oath to uphold all of the laws of our state and nation, including both Constitutional and statutory law. Whatever the merits of Senator Brown's legal argument—and the President is inclined to agree with her arguments—it is not for him to decide legal matters. Under our Constitutional framework of separation of powers, the authority for determining a legal conflict between the Constitution and a statute is clearly vested with the courts. It is for this reason that the President has a long-standing tradition of refraining from making legal determinations, and he does so, again, in this case. Senator Brown's arguments are cogent and persuasive, but the proper venue for these legal arguments is in the courts, not in a parliamentary body. For these reasons, the President believes he lacks any discretion to make such a ruling, and he explicitly rejects making any determination as to the Constitutionality of I-960 and instead is compelled to give its provisions the full force and effect he would give any other law.

Turning now to the issue raised by Senator Sheldon as to whether or not the surcharge imposed by this measure is a tax or a fee, the President takes note of his prior rulings and the plain language of I-960 in making this determination. In so doing, it is worth noting that I-960 includes a very broad definition of tax, covering 'any action or combination of actions by the legislature that increases state tax revenue deposited in any fund, budget, or account.' The President still believes that there is a distinction between a 'tax' and a 'fee,' just as there was under Initiative Number 601—indeed, I-960, itself, speaks of both

2008 REGULAR SESSION

taxes and fees. As a result, the President's earlier body of precedent for determining fees and taxes under I-601 is still instructive, albeit working within this tighter definition of 'tax' set forth in I-960.

Harmonizing these past rulings with the specific language of I-960, the President believes that there must be a very close nexus between those paying a fee and the purpose for which that fee is being used; absent this tight connection, a revenue action is more properly characterized as a general tax, not a specific fee.

Applying this analysis to the measure before us, the President does find a connection between collecting a charge on liquor and spending the proceeds on increased drunk driving patrols and drug treatment, but he believes the nexus is not sufficiently direct under the tighter definition of I-960—that is, the connection between those paying the surcharge and the purposes for which it may be used is not narrow. The purposes are very noble and desirable, but they are not directly connected to those paying the surcharge: Many who pay the surcharge will benefit from increased patrols, but so will the general populace; likewise, almost all who pay the surcharge will not need drug treatment programs. Because the purposes for which the surcharge's proceeds will be spent are not specifically connected with those who will pay the surcharge, it should more properly be characterized as a tax, not a fee. For this reason, a super majority vote of this body—that is, 33 votes—is needed for final passage, and Senator Sheldon's point is well-taken."

The Senate resumed consideration of Senate Bill No. 6931.

The President declared the question before the Senate to be the final passage of Senate Bill No. 6931.

I'm the Senator from the Twentieth District. I guess this is a point of personal privilege sir. I'm the Senator from the Twentieth District which includes all of Lewis County and part of Thurston County so you can imagine how we how my district was impacted by the recent flood event. We had an incredible response from the U. S. Coast Guard, six helicopters were deployed from air station Port Angeles, Air Station Astoria, Air Station North Bend, Air Station San Francisco. They reported to the onsite mobile command center at the Chehalis airport in cooperation with FEMA in Region Ten and oh, by the way, that airport went under water. Later we had to move it to a ball field to continue the operations. The six helicopters flew a total of twenty-four hours and rescued one hundred fifty-six people from roofs and tree

tops. More than three hundred other citizens were assisted from dangerous and difficult circumstances. Admiral Currier, Commander of the Thirteenth Coast Guard District, serves as a Coast Guard leader for Washington, Idaho, Oregon and Montana. He has more than eighteen hundred active and civilian employees reporting to his command and more than four hundred reserves. I just want to, at this time, thank you profoundly. I was a helicopter pilot in Vietnam and I know exactly what they went through and I understand how valuable they were. The Lord's on our side when the helicopters arrive. Thank you sir."

Regarding employment leave for victims of domestic violence, sexual assault, or stalking.

The measure was read the second time.

#### MOTION

Senator Kohl-Welles moved that the following committee striking amendment by the Committee on Labor, Commerce, Research & Development be adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 3** (1) It is in the public interest to reduce domestic violence, sexual assault, and stalking by enabling victims to maintain the financial independence necessary to leave abusive situations, achieve safety, and minimize physical and emotional injuries, and to reduce the devastating economic consequences of domestic violence, sexual assault, and stalking to employers and employees. Victims of domestic violence, sexual assault, and stalking should be able to recover from and cope with the effects of such violence and participate in criminal and civil justice processes without fear of adverse economic consequences.

(2) One of the best predictors of whether a victim of domestic violence, sexual assault, or stalking will be able to stay away from an abuser is his or her degree of economic independence. However, domestic violence, sexual assault, and stalking often negatively impact victims' ability to maintain employment.

(3) An employee who is a victim of domestic violence, sexual assault, or stalking, or an employee whose family

FIFTY-FIRST DAY, MARCH 4, 2008

2008 REGULAR SESSION

member is a victim, must often take leave from work due to injuries, court proceedings, or safety concerns requiring legal protection.

(4) Thus, it is in the public interest to provide reasonable leave from employment for employees who are victims of domestic violence, sexual assault, or stalking, or for employees whose family members are victims, to participate in legal proceedings, receive medical treatment, or obtain other necessary services.

**NEW SECTION. Sec. 4** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Child," "spouse," "parent," "parent-in-law," "grandparent," and "sick leave and other paid time off" have the same meanings as in RCW 49.12.265.

(2) "Dating relationship" has the same meaning as in RCW 26.50.010.

(3) "Department," "director," "employer," and "employee" have the same meanings as in RCW 49.12.005.

(4) "Domestic violence" has the same meaning as in RCW 26.50.010.

(5) "Family member" means any individual whose relationship to the employee can be classified as a child, spouse, parent, parent-in-law, grandparent, or person with whom the employee has a dating relationship.

(6) "Intermittent leave" and "reduced leave schedule" have the same meanings as in RCW 49.78.020.

(7) "Sexual assault" has the same meaning as in RCW 70.125.030.

(8) "Stalking" has the same meaning as in RCW 9A.46.110.

**NEW SECTION. Sec. 5** An employee may take reasonable leave from work, intermittent leave, or leave on a reduced leave schedule, with or without pay, to:

(1) Seek legal or law enforcement assistance or remedies to ensure the health and safety of the employee or employee's family members including, but not limited to, preparing for, or participating in, any civil or criminal legal proceeding related to or derived from domestic violence, sexual assault, or stalking;

(2) Seek treatment by a health care provider for physical or mental injuries caused by domestic violence, sexual assault, or stalking, or to attend to health care treatment for a victim who is the employee's family member;

(3) Obtain, or assist a family member in obtaining, services from a domestic violence shelter, rape crisis center, or other social services program for relief from domestic violence, sexual assault, or stalking;

(4) Obtain, or assist a family member in obtaining, mental health counseling related to an incident of domestic violence, sexual assault, or stalking, in which the employee or the employee's family member was a victim of domestic violence, sexual assault, or stalking; or

**NEW SECTION. Sec. 6** (1) As a condition of taking leave for any purpose described in section 3 of this act, an employee shall give an employer advance notice of the employee's intention to take leave. The timing of the notice shall be consistent with the employer's stated policy for requesting such leave, if the employer has such a policy. When advance notice cannot be given because of an emergency or unforeseen circumstances due to domestic violence, sexual assault, or stalking, the employee or his or her designee must give notice to the employer no later than the end of the first day that the employee takes such leave.

(2) When an employee requests leave under section 3 of this act the employer may require that the request be supported by verification that:

(a) The employee or employee's family member is a victim of domestic violence, sexual assault, or stalking; and

(b) The leave taken was for one of the purposes described in section 3 of this act.

(3) If an employer requires verification, verification must be provided in a timely manner. In the event that advance notice of the leave cannot be given because of an emergency or unforeseen circumstances due to domestic violence, sexual assault, or stalking, and the employer requires verification, verification must be provided to the employer within a reasonable time period during or after the leave.

(4) An employee may satisfy the verification requirement of this section by providing the employer with one or more of the following:

(a) A police report indicating that the employee or employee's family member was a victim of domestic violence, sexual assault, or stalking;

(b) A court order protecting or separating the employee or employee's family member from the perpetrator of the act of domestic violence, sexual assault, or stalking, or other evidence from the court or the prosecuting attorney that the employee or employee's family member appeared, or is scheduled to appear, in court in connection with an incident of domestic violence, sexual assault, or stalking;

(c) Documentation that the employee or the employee's family member is a victim of domestic violence, sexual assault, or stalking, from any of the following persons from whom the employee or employee's family member sought assistance in addressing the domestic violence, sexual assault, or stalking: An advocate for victims of domestic violence, sexual assault, or stalking; an attorney; a member of the clergy; or a medical or other professional. The provision of documentation under this section does not waive or diminish the confidential or privileged nature of communications between a victim of domestic violence, sexual assault, or stalking with one or more of the individuals named in this subsection (4)(c) pursuant to RCW 5.60.060, 70.123.075, 70.123.076, or 70.125.065; or

(d) An employee's written statement that the employee or the employee's family member is a victim of domestic violence, sexual assault, or stalking and that the leave taken was for one of the purposes described in section 3 of this act.

(5) If the victim of domestic violence, sexual assault, or stalking is the employee's family member, verification of the familial relationship between the employee and the victim may include, but is not limited to, a statement from the employee, a birth certificate, a court document, or other similar documentation.

(6) An employee who is absent from work pursuant to section 3 of this act may elect to use the employee's sick leave and other paid time off, compensatory time, or unpaid leave time.

(7) An employee is required to provide only the information enumerated in subsection (2) of this section to establish that the employee's leave is protected under this chapter. An employee is not required to produce or discuss any information with the employer that is beyond the scope of subsection (2) of this section, or that would compromise the employee's safety or the safety of the employee's family member in any way, and an employer is prohibited from requiring any such disclosure.

(8)(a) Except as provided in (b) of this subsection, an employer shall maintain the confidentiality of all information provided by the employee under this section, including the fact that the employee or employee's family member is a victim of domestic violence, sexual assault, or stalking, that the employee has requested or obtained leave under this chapter, and any

- (ii) Ordered by a court or administrative agency; or
- (iii) Otherwise required by applicable federal or state law.

**NEW SECTION. Sec. 7** (1) The taking of leave under section 3 of this act may not result in the loss of any pay or benefits to the employee that accrued before the date on which the leave commenced.

(2) Upon an employee's return, an employer shall either:

(a) Restore the employee to the position of employment held by the employee when the leave commenced; or

(b) Restore the employee to an equivalent position with equivalent employment benefits, pay, and other terms and conditions of employment.

(3)(a) This section does not apply if the employment from which the individual takes leave is with a staffing company and the individual is assigned on a temporary basis to perform work at or services for another organization to support or supplement the other organization's workforces, or to provide assistance in special work situations such as, but not limited to, employee absences, skill shortages, seasonal workloads, or to perform special assignments or projects, all under the direction and supervision of the organization to which the individual is assigned.

(b) This section does not apply if an employee was hired for a specific term or only to perform work on a discrete project, the employment term or project is over, and the employer would not otherwise have continued to employ the employee.

(4) To the extent allowed by law, an employer shall maintain coverage under any health insurance plan for an employee who takes leave under section 3 of this act. The coverage must be maintained for the duration of the leave at the level and under the conditions coverage would have been provided if the employee had not taken the leave.

**NEW SECTION. Sec. 8** (1) The rights provided in this act are in addition to any other rights provided by state and federal law.

(2) Nothing in this chapter shall be construed to discourage employers from adopting policies that provide greater leave rights to employees who are victims of domestic violence, sexual assault, or stalking than those required by this act.

(3) Nothing in this act shall be construed to diminish an employer's obligation to comply with any collective bargaining agreement, or any employment benefit program or plan, that provides greater leave rights to employees than the rights provided by this act.

**NEW SECTION. Sec. 9** Upon complaint by an employee, the director shall investigate to determine if there has been compliance with this chapter and the rules adopted under this chapter. If the investigation indicates that a violation has occurred, the director shall issue a notice of infraction. Appeal from the director's decision is governed by chapter 34.05 RCW.

**NEW SECTION. Sec. 10** Any finding, determination, conclusion, declaration, or notice of infraction made for the purposes of enforcing this chapter by the director or by an appeal tribunal, administrative law judge, or reviewing officer is neither conclusive nor binding in any civil action filed pursuant to section 12 of this act or in any other common law or civil action, regardless of whether the prior action was between the same or related parties or involved the same facts.

**NEW SECTION. Sec. 11** (1) If an employer is found to have committed an infraction under section 7 of this act, the director may impose upon the employer a fine of up to five hundred dollars for the first infraction and a fine of up to one thousand dollars for each subsequent infraction committed within three years of a previous infraction.

(2) The director may also order an employer found to have committed an infraction under section 7 of this act to comply with section 5(2) of this act.

**NEW SECTION. Sec. 12** (1) Except as provided in subsection (2) of this section, information contained in the department's complaint files and records of employees under this chapter is confidential and shall not be open to public inspection.

(2) Except as limited by state or federal statute or regulations:

(a) The information in subsection (1) of this section may be provided to public employees in the performance of their official duties; and

(b) A complainant or a representative of a complainant, be it an individual or an organization, may review a complaint file or receive specific information therefrom upon the presentation of the signed authorization of the complainant.

**NEW SECTION. Sec. 13** No employer may discharge, threaten to discharge, demote, deny a promotion to, sanction, discipline, retaliate against, harass, or otherwise discriminate against an employee with respect to compensation, terms, conditions, or privileges of employment because the employee:

(1) Exercised rights under section 3 of this act;

(2) Filed or communicated to the employer an intent to file a complaint under section 7 or 12 of this act; or

(3) Participated or assisted, as a witness or otherwise, in another employee's attempt to exercise rights under section 3, 7, or 12 of this act.

**NEW SECTION. (2) The remedy provided by this section is in addition to any common law remedy or other remedy that may be available to an employee.

(3) An employee is not required to exhaust administrative remedies before filing a civil action to enforce this chapter.

**NEW SECTION. Sec. 15** The department shall include notice of the provisions of this chapter in the next reprinting of employment posters printed under RCW 49.78.340. Employers shall post this notice as required in RCW 49.78.340.

Authorizing collective bargaining for Washington State University employees who are enrolled in academic programs.

The measure was read the second time.

## MOTION

Senator Kohl-Welles moved that the following committee striking amendment by the Committee on Labor, Commerce, Research & Development be adopted.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1** (1) The legislature acknowledges the ability of student employees who provide instructional, research, and related academic services at the University of Washington to collectively bargain and recognizes that student employees performing equivalent services at Washington State University do not enjoy collective bargaining rights. The legislature further recognizes that while the titles of the student employees may differ between the two institutions, student employees at Washington State University should enjoy the same collective bargaining rights as their counterparts at the University of Washington. The legislature therefore intends to grant bargaining rights to student employees at Washington State University to the same extent such rights are granted to student employees at the University of Washington.

(2) This act is intended to promote cooperative labor relations between Washington State University and the employees who provide instructional, research, and related academic services, and who are enrolled as students at the university by extending collective bargaining rights under

chapter 41.56 RCW and using the orderly procedures administered by the public employment relations commission. To achieve this end, the legislature intends that under chapter 41.56 RCW the university will exclusively bargain in good faith over all matters within the scope of bargaining under section 2 of this act.

(3) The legislature recognizes the importance of the shared governance practices developed at Washington State University. The legislature does not intend to restrict, limit, or prohibit the exercise of the functions of the faculty in any shared governance mechanisms or practices, including the faculty senate, faculty councils, and faculty codes of Washington State University; nor does the legislature intend to restrict, limit, or prohibit the exercise of the functions of the graduate and professional student association, the associated students of Washington State University, or any other student organization in matters outside the scope of bargaining covered by chapter 41.56 RCW.

(4) The legislature intends that nothing in this act will restrict, limit, or prohibit Washington State University from consideration of the merits, necessity, or organization of any program, activity, or service established by Washington State University, including, but not limited to, any decision to establish, modify, or discontinue any such program, activity, or service. The legislature further intends that nothing in this act will restrict, limit, or prohibit Washington State University from having sole discretion over admission requirements for students, criterion for the award of certificates and degrees to students, academic criterion for selection of employees covered by this act, initial appointment of students, and the content, conduct, and supervision of courses, curricula, grading requirements, and research programs.

(5) The legislature does not intend to limit the matters excluded from collective bargaining to those items specified in section 2 of this act.

**NEW SECTION. Sec. 2** A new section is added to chapter 41.56 RCW to read as follows:

(1) In addition to the entities listed in RCW 41.56.020, this chapter applies to Washington State University with respect to employees who are enrolled in an academic program and are in a classification in (a) through (g) of this subsection on any Washington State University campus. The employees in (a) through (g) of this subsection constitute an appropriate bargaining unit:

- (a) Graduate teaching assistant;
- (b) Graduate staff assistant;
- (c) Graduate project assistant;
- (d) Graduate veterinary assistant;
- (e) Tutor, reader, and graders in all academic units and tutoring centers;

(f) Except as provided in this subsection (1)(f), graduate research assistant. The employees that constitute an appropriate bargaining unit under this subsection (1) do not include graduate research assistants who are performing research primarily related to their dissertation and who have incidental or no service expectations placed upon them by the university; and

(g) All employees enrolled in an academic program whose duties and responsibilities are substantially equivalent to those employees in (a) through (f) of this subsection.

(2)(a) The scope of bargaining for employees at Washington State University under this section excludes:

(i) The ability to terminate the employment of any individual if the individual is not meeting academic requirements as determined by Washington State University;

(ii) The amount of tuition or fees at Washington State University. However, tuition and fee remission and waiver is within the scope of bargaining;

(iii) The academic calendar of Washington State University; and

FIFTY-FIRST DAY, MARCH 4, 2008

(iv) The number of students to be admitted to a particular class or class section at Washington State University.

(b)(i) Except as provided in (b)(ii) of this subsection, provisions of collective bargaining agreements relating to compensation must not exceed the amount or percentage established by the legislature in the appropriations act. If any compensation provision is affected by subsequent modification of the appropriations act by the legislature, both parties must immediately enter into collective bargaining for the sole purpose of arriving at a mutually agreed upon replacement for the affected provision.

(ii) Washington State University may provide additional compensation to student employees covered by this section that exceeds that provided by the legislature.

**NEW SECTION. Sec. 3** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2008, in the omnibus appropriations act, this act is null and void."

#### SECOND READING

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 3186, by House Committee on Appropriations Subcommittee on General Government & Audit Review (originally sponsored by Representative Nelson)

Authorizing the creation of beach management districts.

The measure was read the second time.

#### MOTION

Senator Rockefeller moved that the following committee striking amendment by the Committee on Water, Energy & Telecommunications be adopted.

Strike everything after the enacting clause and insert the following:

"**Sec. 1** RCW 36.61.010 and 1987 c 432 s 1 are each amended to read as follows:

The legislature finds that the environmental, recreational, and aesthetic values of many of the state's lakes are threatened by eutrophication and other deterioration and that existing governmental authorities are unable to adequately improve and maintain the quality of the state's lakes.

The legislature intends that an ecosystem-based beach management approach should be used to help promote the health of aquatic ecosystems and that such a management approach be undertaken in a manner that retains ecosystem values within the state. This management approach should use long-term strategies that focus on reducing nutrient inputs from human activities affecting the aquatic ecosystem, such as decreasing nutrients into storm water sewers, decreasing fertilizer application, promoting the proper disposal of pet waste, promoting the use of vegetative borders, promoting the reduction of nutrients from on-site septic systems where appropriate, and protecting riparian areas. Organic debris, including vegetation, driftwood, seaweed, kelp, and organisms, are extremely important to beach ecosystems.

It is the purpose of this chapter to establish a governmental mechanism by which property owners can embark on a program of lake or beach improvement and maintenance for their and the general public's benefit, health, and welfare. Public property, including state property, shall be considered the same as private property in this chapter, except liens for special assessments and liens for rates and charges shall not extend to public property. Lake bottom property and marine property below the line of the ordinary high water mark shall not be considered to be benefited, shall not be subject to special assessments or rates and charges, and shall not receive voting rights under this chapter.

**NEW SECTION. Sec. 2** A new section is added to chapter 36.61 RCW to read as follows:

(1) Beach management districts may be created for the purpose of controlling and removing aquatic plants or vegetation. These districts must develop a plan for these activities, in consultation with appropriate federal, state, and local agencies. The plan must include an element addressing nutrient loading from land use activities in a subbasin that is a tributary to the area targeted for management. The plan must be

FIFTY-FIRST DAY, MARCH 4, 2008

consistent with the action agenda approved by the Puget Sound partnership, where applicable.

(2) Plans for the control and removal of aquatic plants or vegetation must, to the greatest extent possible, meet the following requirements:

(a) Avoid or minimize the excess removal of living and nonliving nontarget native vegetation and organisms;

(b) Avoid or minimize management activities that will result in compacting beach sand, gravel, and substrate;

(c) Minimize adverse impacts to: (i) The project site when disposing of excessive accumulations of vegetation; and (ii) other areas of the beach or deep water environment; and

(d) Retain all natural habitat features on the beach, including retaining trees, stumps, logs, and large rocks in their natural location.

(3) Seaweed removal under this section may only occur on the shore of a saltwater body that lies between the extreme low tide and the ordinary high water mark, as those terms are defined in RCW 90.58.030.

(4) The control or removal of native aquatic plants or vegetation shall be authorized in the following areas:

(a) Beaches or near shore areas located within at least one mile of a ferry terminal that are in a county with a population of one million or more residents; and

(b) Beaches or near shore areas in a city that meets the following:

(i) Is adjacent to Puget Sound;

(ii) Has at least eighty-five thousand residents;

(iii) Shares a common boundary with a neighboring county;

and

(iv) Is in a county with a population of one million or more residents.

**Sec. 3** RCW 36.61.020 and 2000 c 184 s 5 are each amended to read as follows:

Any county may create lake or beach management districts to finance the improvement and maintenance of lakes or beaches located within or partially within the boundaries of the county. All or a portion of a lake or beach and the adjacent land areas may be included within one or more lake or beach management districts. More than one lake or beach, or portions of lakes or beaches, and the adjacent land areas may be included in a single lake or beach management district.

Special assessments or rates and charges may be imposed on the property included within a lake or beach management district to finance lake or beach improvement and maintenance activities, including: (1) ~~((The control or removal of))~~ Controlling or removing aquatic plants and vegetation; (2) improving water quality; (3) ~~((the control of))~~ controlling water levels; (4) treating and diverting storm water ~~((diversion and treatment))~~; (5) controlling agricultural waste ~~((control))~~; (6) studying lake or marine water quality problems and solutions; (7) cleaning and maintaining ditches and streams entering the lake or marine waters or leaving the lake; ~~((and))~~ (8) monitoring air quality; and (9) the related administrative, engineering, legal, and operational costs, including the costs of creating the lake or beach management district.

Special assessments or rates and charges may be imposed annually on all the land in a lake or beach management district for the duration of the lake or beach management district without a related issuance of lake or beach management district bonds or revenue bonds. Special assessments also may be imposed in the manner of special assessments in a local improvement district with each landowner being given the choice of paying the entire special assessment in one payment, or to paying installments, with lake or beach management district bonds being issued to obtain moneys not derived by the initial full payment of the special assessments, and the installments covering all of the costs related to issuing, selling, and redeeming the lake or beach management district bonds.

**Sec. 4** RCW 36.61.025 and 2000 c 184 s 4 are each amended to read as follows:

To improve the ability of counties to finance long-term lake or beach management objectives, lake or beach management districts may be created for any needed period of time.

**Sec. 5** RCW 36.61.030 and 1987 c 432 s 3 are each amended to read as follows:

A lake or beach management district may be initiated upon either the adoption of a resolution of intention by a county legislative authority or the filing of a petition signed by ten landowners or the owners of at least fifteen percent of the acreage contained within the proposed lake or beach management district, whichever is greater. A petition or resolution of intention shall set forth: (1) The nature of the lake or beach improvement or maintenance activities proposed to be financed; (2) the amount of money proposed to be raised by special assessments or rates and charges; (3) if special assessments are to be imposed, whether the special assessments will be imposed annually for the duration of the lake or beach management district, or the full special assessments will be imposed at one time, with the possibility of installments being made to finance the issuance of lake or beach management district bonds, or both methods; (4) if rates and charges are to be imposed, the annual amount of revenue proposed to be collected and whether revenue bonds payable from the rates and charges are proposed to be issued; (5) the number of years proposed for the duration of the lake or beach management district; and (6) the proposed boundaries of the lake or beach management district.

The county legislative authority may require the posting of a bond of up to five thousand dollars before the county considers the proposed creation of a lake or beach management district initiated by petition. The bond may only be used by the county to finance its costs in studying, holding hearings, making notices, preparing special assessment rolls or rolls showing the rates and charges on each parcel, and conducting elections related to the lake or beach management district if the proposed lake or beach management district is not created.

A resolution of intention shall also designate the number of the proposed lake or beach management district, and fix a date, time, and place for a public hearing on the formation of the proposed lake or beach management district. The date for the public hearing shall be at least thirty days and no more than ninety days after the adoption of the resolution of intention unless an emergency exists.

Petitions shall be filed with the county legislative authority. The county legislative authority shall determine the sufficiency of the signatures, which shall be conclusive upon all persons. No person may withdraw his or her name from a petition after it is filed. If the county legislative authority determines a petition to be sufficient and the proposed lake or beach management district appears to be in the public interest and the financing of the lake or beach improvement or maintenance activities is feasible, it shall adopt a resolution of intention, setting forth all of the details required to be included when a resolution of intention is initiated by the county legislative authority.

**Sec. 6** RCW 36.61.040 and 1994 c 264 s 9 are each amended to read as follows:

Notice of the public hearing shall be published in at least two consecutive issues of a newspaper of general circulation in the proposed lake or beach management district, the date of the first publication to be at least fifteen days prior to the date fixed for the public hearing by the resolution of intention. Notice of the public hearing shall also be given to the owner or reputed owner of any lot, tract, parcel of land, or other property within the proposed lake or beach management district by mailing the notice at least fifteen days before the date fixed for the public hearing to the owner or reputed owner of the property as shown on the tax rolls of the county assessor at the address shown thereon. Notice of the public hearing shall also be mailed to the departments of fish and wildlife, natural resources, and ecology at least fifteen days before the date fixed for the public hearing.

Notices of the public hearing shall: (1) Refer to the resolution of intention; (2) designate the proposed lake or beach management district by number; (3) set forth a proposed plan describing: (a) The nature of the proposed lake or beach improvement or maintenance activities; (b) the amount of special assessments or rates and charges proposed to be raised by the lake or beach management district; (c) if special assessments are proposed to be imposed, whether the special

assessments will be imposed annually for the duration of the lake or beach management district, or the full special assessments will be payable at one time, with the possibility of periodic installments being paid and lake or beach management bonds being issued, or both; (d) if rates and charges are proposed to be imposed, the annual amount of revenue proposed to be collected and whether revenue bonds payable from the rates and charges are proposed to be issued; and (e) the proposed duration of the lake or beach management district; and (4) indicate the date, time, and place of the public hearing designated in the resolution of intention.

In the case of the notice sent to each owner or reputed owner by mail, the notice shall set forth the estimated amount of the cost of the lake or beach improvement or maintenance activities to be borne by special assessment, or annual special assessments, or rates and charges on the lot, tract, parcel of land, or other property owned by the owner or reputed owner.

If the county legislative authority has designated a committee of itself or an officer to hear complaints and make recommendations to the full county legislative authority, as provided in RCW 36.61.060, the notice shall also describe this additional step before the full county legislative authority may adopt a resolution creating the lake or beach management district.

**Sec. 7** RCW 36.61.050 and 1994 c 264 s 10 are each amended to read as follows:

The county legislative authority shall hold a public hearing on the proposed lake or beach management district at the date, time, and place designated in the resolution of intention.

At this hearing the county legislative authority shall hear objections from any person affected by the formation of the lake or beach management district. Representatives of the departments of fish and wildlife, natural resources, and ecology shall be afforded opportunities to make presentations on and comment on the proposal. Members of the public shall be afforded an opportunity to comment on the proposal. The county legislative authority must consider recommendations provided to it by the departments of fish and wildlife, natural resources, and ecology. The public hearing may be extended to other times and dates declared at the public hearing. The county legislative authority may make such changes in the boundaries of the lake or beach management district or such modification in plans for the proposed lake or beach improvement or maintenance activities as it deems necessary. The county legislative authority may not change boundaries of the lake or beach management district to include property that was not included previously without first passing an amended resolution of intention and giving new notice to the owners or reputed owners of property newly included in the proposed lake or beach management district in the manner and form and within the time provided for the original notice. The county legislative authority shall not alter the plans for the proposed lake or beach improvement or maintenance activities to result in an increase in the amount of money proposed to be raised, and shall not increase the amount of money proposed to be raised, without first passing an amended resolution of intention and giving new notice to property owners in the manner and form and within the time provided for the original notice.

**Sec. 8** RCW 36.61.060 and 1985 c 398 s 10 are each amended to read as follows:

A county legislative authority may adopt an ordinance providing for a committee of itself, or an officer, to hold public hearings on the proposed formation of a lake or beach management district and hear objections to the proposed formation as provided in RCW 36.61.050. The committee or officer shall make a recommendation to the full legislative authority, which need not hold a public hearing on the proposed creation of the lake or beach management district. The full county legislative authority by resolution may approve or disapprove the recommendation and submit the question of creating the lake or beach management district to the property owners as provided in RCW 36.61.070 through 36.61.100.

**Sec. 9** RCW 36.61.070 and 1987 c 432 s 5 are each amended to read as follows:

After the public hearing, the county legislative authority may adopt a resolution submitting the question of creating the lake or beach management district to the owners of land within the proposed lake or beach management district, including publicly owned land, if the county legislative authority finds that it is in the public interest to create the lake or beach management district and the financing of the lake or beach improvement and maintenance activities is feasible. The resolution shall also include: (1) A plan describing the proposed lake or beach improvement and maintenance activities which avoid adverse impacts on fish and wildlife and provide for appropriate measures to protect and enhance fish and wildlife; (2) the number of years the lake or beach management district will exist; (3) the amount to be raised by special assessments or rates and charges; (4) if special assessments are to be imposed, whether the special assessments shall be imposed annually for the duration of the lake or beach management district or only once with the possibility of installments being imposed and lake or beach management bonds being issued, or both, and, if both types of special assessments are proposed to be imposed, the lake or beach improvement or maintenance activities proposed to be financed by each type of special assessment; (5) if rates and charges are to be imposed, a description of the rates and charges and the possibility of revenue bonds being issued that are payable from the rates and charges; and (6) the estimated special assessment or rate and charge proposed to be imposed on each parcel included in the proposed lake or beach management district.

No lake or beach management district may be created by a county that includes territory located in another county without the approval of the legislative authority of the other county.

**Sec. 10** RCW 36.61.080 and 1987 c 432 s 6 are each amended to read as follows:

(1) A ballot shall be mailed to each owner or reputed owner of any lot, tract, parcel of land, or other property within the proposed lake management district, including publicly owned land, which ballot shall contain the following proposition:

"Shall lake management district No. . . . be formed?"

Yes . . . . .

No . . . . .

(2) A ballot shall be mailed to each owner or reputed owner of any lot, tract, parcel of land, or other property within the proposed beach management district, including publicly owned land, which ballot shall contain the following proposition:

"Shall beach management district No. . . . be formed?"

Yes . . . . .

No . . . . .

(3) In addition, the ballot shall contain appropriate spaces for the signatures of the landowner or landowners, or officer authorized to cast such a ballot. Each ballot shall include a description of the property owner's property and the estimated special assessment, or rate and charge, proposed to be imposed upon the property. A copy of the instructions and the resolution submitting the question to the landowners shall also be included.

**Sec. 11** RCW 36.61.090 and 1987 c 432 s 7 are each amended to read as follows:

The balloting shall be subject to the following conditions, which shall be included in the instructions mailed with each ballot, as provided in RCW 36.61.080: (1) All ballots must be signed by the owner or reputed owner of property according to the assessor's tax rolls; (2) each ballot must be returned to the county legislative authority not later than ((~~five o'clock~~) 5:00 p.m. of a specified day, which shall be at least twenty but not more than thirty days after the ballots are mailed; (3) each property owner shall mark his or her ballot for or against the creation of the proposed lake or beach management district, with the ballot weighted so that the property owner has one vote for each dollar of estimated special assessment or rate and charge proposed to be imposed on his or her property; and (4) the valid ballots shall be tabulated and a simple majority of the votes cast shall determine whether the proposed lake or beach management district shall be approved or rejected.

**Sec. 12** RCW 36.61.100 and 1987 c 432 s 8 are each amended to read as follows:

FIFTY-FIRST DAY, MARCH 4, 2008

2008 REGULAR SESSION

If the proposal receives a simple majority vote in favor of creating the lake or beach management district, the county legislative authority shall adopt an ordinance creating the lake or beach management district and may proceed with establishing the special assessments or rates and charges, collecting the special assessments or rates and charges, and performing the lake or beach improvement or maintenance activities. If a proposed lake management district includes more than one lake and its adjacent areas, the lake management district may only be established if the proposal receives a simple majority vote in favor of creating it by the voters on each lake and its adjacent areas. The county legislative authority shall publish a notice in a newspaper of general circulation in a lake or beach management district indicating that such an ordinance has been adopted within ten days of the adoption of the ordinance.

The ballots shall be available for public inspection after they are counted.

**Sec. 13** RCW 36.61.110 and 1985 c 398 s 11 are each amended to read as follows:

No lawsuit may be maintained challenging the jurisdiction or authority of the county legislative authority to proceed with the lake or beach improvement and maintenance activities and creating the lake or beach management district or in any way challenging the validity of the actions or decisions or any proceedings relating to the actions or decisions unless the lawsuit is served and filed no later than forty days after publication of a notice that the ordinance has been adopted ordering the lake or beach improvement and maintenance activities and creating the lake or beach management district. Written notice of the appeal shall be filed with the county legislative authority and clerk of the superior court in the county in which the property is situated.

**Sec. 14** RCW 36.61.115 and 1987 c 432 s 9 are each amended to read as follows:

A special assessment, or rate and charge, on any lot, tract, parcel of land, or other property shall not be increased beyond one hundred ten percent of the estimated special assessment, or rate and charge, proposed to be imposed as provided in the resolution adopted in RCW 36.61.070, unless the creation of a lake or beach management district is approved under another mailed ballot election that reflects the weighted voting arising from such increases.

**Sec. 15** RCW 36.61.120 and 1985 c 398 s 12 are each amended to read as follows:

After a lake or beach management district is created, the county shall prepare a proposed special assessment roll. A separate special assessment roll shall be prepared for annual special assessments if both annual special assessments and special assessments paid at one time are imposed. The proposed special assessment roll shall list: (1) Each separate lot, tract, parcel of land, or other property in the lake or beach management district; (2) the acreage of such property, and the number of feet of lake or beach frontage, if any; (3) the name and address of the owner or reputed owner of each lot, tract, parcel of land, or other property as shown on the tax rolls of the county assessor; and (4) the special assessment proposed to be imposed on each lot, tract, parcel of land, or other property, or the annual special assessments proposed to be imposed on each lot, tract, parcel of land, or other property.

At the time, date, and place fixed for a public hearing, the county legislative authority shall act as a board of equalization and hear objections to the special assessment roll, and at the times to which the public hearing may be adjourned, the county legislative authority may correct, revise, raise, lower, change, or modify the special assessment roll or any part thereof, or set the proposed special assessment roll aside and order a new proposed special assessment roll to be prepared. The county legislative authority shall confirm and approve a special assessment roll by adoption of a resolution.

If a proposed special assessment roll is amended to raise any special assessment appearing thereon or to include omitted property, a new public hearing shall be held. The new public hearing shall be limited to considering the increased special assessments or omitted property. Notices shall be sent to the owners or reputed owners of the affected property in the same

manner and form and within the time provided for the original notice.

Objections to a proposed special assessment roll must be made in writing, shall clearly state the grounds for objections, and shall be filed with the governing body prior to the public hearing. Objections to a special assessment or annual special assessments that are not made as provided in this section shall be deemed waived and shall not be considered by the governing body or a court on appeal.

**Sec. 16** RCW 36.61.140 and 1985 c 398 s 14 are each amended to read as follows:

Notice of the original public hearing on the proposed special assessment roll, and any public hearing held as a result of raising special assessments or including omitted property, shall be published and mailed to the owner or reputed owner of the property as provided in RCW 36.61.040 for the public hearing on the formation of the lake or beach management district. However, the notice need only provide the total amount to be collected by the special assessment roll and shall state that: (1) A public hearing on the proposed special assessment roll will be held, giving the time, date, and place of the public hearing; (2) the proposed special assessment roll is available for public perusal, giving the times and location where the proposed special assessment roll is available for public perusal; (3) objections to the proposed special assessment must be in writing, include clear grounds for objections, and must be filed prior to the public hearing; and (4) failure to so object shall be deemed to waive an objection.

Notices mailed to the owners or reputed owners shall additionally indicate the amount of special assessment ascribed to the particular lot, tract, parcel of land, or other property owned by the person so notified.

**Sec. 17** RCW 36.61.160 and 1987 c 432 s 10 are each amended to read as follows:

Whenever special assessments are imposed, all property included within a lake or beach management district shall be considered to be the property specially benefited by the lake or beach improvement or maintenance activities and shall be the property upon which special assessments are imposed to pay the costs and expenses of the lake or beach improvement or maintenance activities, or such part of the costs and expenses as may be chargeable against the property specially benefited. The special assessments shall be imposed on property in accordance with the special benefits conferred on the property up to but not in excess of the total costs and expenses of the lake or beach improvement or maintenance activities as provided in the special assessment roll.

Special assessments may be measured by front footage, acreage, the extent of improvements on the property, or any other factors that are deemed to fairly reflect special benefits, including those authorized under RCW 35.51.030. Special assessments may be calculated by using more than one factor. Zones around the public improvement may be used that reflect different levels of benefit in each zone that are measured by a front footage, acreage, the extent of improvements, or other factors.

Public property, including property owned by the state of Washington, shall be subject to special assessments to the same extent that private property is subject to the special assessments, except no lien shall extend to public property.

**Sec. 18** RCW 36.61.170 and 1985 c 398 s 17 are each amended to read as follows:

The total annual special assessments may not exceed the estimated cost of the lake or beach improvement or maintenance activities proposed to be financed by such special assessments, as specified in the resolution of intention. The total of special assessments imposed in a lake or beach management district that are of the nature of special assessments imposed in a local improvement district shall not exceed one hundred fifty percent of the estimated total cost of the lake or beach improvement or maintenance activities that are proposed to be financed by the lake or beach management district as specified in the resolution of intention. After a lake or beach management district has been created, the resolution of intention may be amended to increase the amount to be financed by the lake or beach management

district by using the same procedure in which a lake or beach management district is created.

**Sec. 19** RCW 36.61.190 and 1985 c 398 s 19 are each amended to read as follows:

Special assessments and installments on any special assessment shall be collected by the county treasurer.

The county treasurer shall publish a notice indicating that the special assessment roll has been confirmed and that the special assessments are to be collected. The notice shall indicate the duration of the lake or beach management district and shall describe whether the special assessments will be paid in annual payments for the duration of the lake or beach management district, or whether the full special assessments will be payable at one time, with the possibility of periodic installments being paid and lake or beach management bonds being issued, or both.

If the special assessments are to be payable at one time, the notice additionally shall indicate that all or any portion of the special assessments may be paid within thirty days from the date of publication of the first notice without penalty or interest. This notice shall be published in a newspaper of general circulation in the lake or beach management district.

Within ten days of the first newspaper publication, the county treasurer shall notify each owner or reputed owner of property whose name appears on the special assessment roll, at the address shown on the special assessment roll, for each item of property described on the list: (1) Whether one special assessment payable at one time or special assessments payable annually have been imposed; (2) the amount of the property subject to the special assessment or annual special assessments; and (3) the total amount of the special assessment due at one time, or annual amount of special assessments due. If the special assessment is due at one time, the notice shall also describe the thirty-day period during which the special assessment may be paid without penalty, interest, or cost.

**Sec. 20** RCW 36.61.200 and 1985 c 398 s 20 are each amended to read as follows:

If the special assessments are to be payable at one time, all or any portion of any special assessment may be paid without interest, penalty, or costs during this thirty-day period and placed into a special fund to defray the costs of the lake or beach improvement or maintenance activities. The remainder shall be paid in installments as provided in a resolution adopted by the county legislative authority, but the last installment shall be due at least two years before the maximum term of the bonds issued to pay for the improvements or maintenance. The installments shall include amounts sufficient to redeem the bonds issued to pay for the lake or beach improvement and maintenance activities. A twenty-day period shall be allowed after the due date of any installment within which no interest, penalty, or costs on the installment may be imposed.

The county shall establish by ordinance an amount of interest that will be imposed on late special assessments imposed annually or at once, and on installments of a special assessment. The ordinance shall also specify the penalty, in addition to the interest, that will be imposed on a late annual special assessment, special assessment, or installment which shall not be less than five percent of the delinquent special assessment or installment.

The owner of any lot, tract, parcel of land, or other property charged with a special assessment may redeem it from all liability for the unpaid amount of the installments by paying, to the county treasurer, the remaining portion of the installments that is attributable to principal on the lake or beach management district bonds.

**Sec. 21** RCW 36.61.220 and 1985 c 398 s 22 are each amended to read as follows:

Within fifteen days after a county creates a lake or beach management district, the county shall cause to be filed with the county treasurer, a description of the lake or beach improvement and maintenance activities proposed that the lake or beach management district finances, the lake or beach management district number, and a copy of the diagram or print showing the boundaries of the lake or beach management district and preliminary special assessment roll or abstract of same showing thereon the lots, tracts, parcels of land, and other property that

will be specially benefited thereby and the estimated cost and expense of such lake or beach improvement and maintenance activities to be borne by each lot, tract, parcel of land, or other property. The treasurer shall immediately post the proposed special assessment roll upon his or her index of special assessments against the properties affected by the lake or beach improvement or maintenance activities.

**Sec. 22** RCW 36.61.230 and 1985 c 398 s 23 are each amended to read as follows:

The special assessment or annual special assessments imposed upon the respective lots, tracts, parcels of land, and other property in the special assessment roll or annual special assessment roll confirmed by resolution of the county legislative authority for the purpose of paying the cost and expense in whole or in part of any lake or beach improvement or maintenance activities shall be a lien upon the property assessed from the time the special assessment roll is placed in the hands of the county treasurer for collection, but as between the grantor and grantee, or vendor and vendee of any real property, when there is no express agreement as to payment of the special assessments against the real property, the lien of such special assessments shall attach thirty days after the filing of the diagram or print and the estimated cost and expense of such lake or beach improvement or maintenance activities to be borne by each lot, tract, parcel of land, or other property, as provided in RCW 36.61.220. Interest and penalty shall be included in and shall be a part of the special assessment lien. No lien shall extend to public property subjected to special assessments.

The special assessment lien shall be paramount and superior to any other lien or encumbrance theretofore or thereafter created except a lien for general taxes.

**Sec. 23** RCW 36.61.260 and 2000 c 184 s 6 are each amended to read as follows:

(1) Counties may issue lake or beach management district bonds in accordance with this section. Lake or beach management district bonds may be issued to obtain money sufficient to cover that portion of the special assessments that are not paid within the thirty-day period provided in RCW 36.61.190.

Whenever lake or beach management district bonds are proposed to be issued, the county legislative authority shall create a special fund or funds for the lake or beach management district from which all or a portion of the costs of the lake or beach improvement and maintenance activities shall be paid. Lake or beach management district bonds shall not be issued in excess of the costs and expenses of the lake or beach improvement and maintenance activities and shall not be issued prior to twenty days after the thirty days allowed for the payment of special assessments without interest or penalties.

Lake or beach management district bonds shall be exclusively payable from the special fund or funds and from a guaranty fund that the county may have created out of a portion of proceeds from the sale of the lake or beach management district bonds.

(2) Lake or beach management district bonds shall not constitute a general indebtedness of the county issuing the bond nor an obligation, general or special, of the state. The owner of any lake or beach management district bond shall not have any claim for the payment thereof against the county that issues the bonds except for payment from the special assessments made for the lake or beach improvement or maintenance activities for which the lake or beach management district bond was issued and from a lake or beach management district guaranty fund that may have been created. The county shall not be liable to the owner of any lake or beach management district bond for any loss to the lake or beach management district guaranty fund occurring in the lawful operation of the fund. The owner of a lake or beach management district bond shall not have any claim against the state arising from the lake or beach management district bond, special assessments, or guaranty fund. Tax revenues shall not be used to secure or guarantee the payment of the principal of or interest on lake or beach management district bonds.

The substance of the limitations included in this subsection shall be plainly printed, written, engraved, or reproduced on: (a)

Each lake or beach management district bond that is a physical instrument; (b) the official notice of sale; and (c) each official statement associated with the lake or beach management district bonds.

(3) If the county fails to make any principal or interest payments on any lake or beach management district bond or to promptly collect any special assessment securing the bonds when due, the owner of the lake or beach management district bond may obtain a writ of mandamus from any court of competent jurisdiction requiring the county to collect the special assessments, foreclose on the related lien, and make payments out of the special fund or guaranty fund if one exists. Any number of owners of lake or beach management districts may join as plaintiffs.

(4) A county may create a lake or beach management district bond guaranty fund for each issue of lake or beach management district bonds. The guaranty fund shall only exist for the life of the lake or beach management district bonds with which it is associated. A portion of the bond proceeds may be placed into a guaranty fund. Unused moneys remaining in the guaranty fund during the last two years of the installments shall be used to proportionally reduce the required level of installments and shall be transferred into the special fund into which installment payments are placed.

(5) Lake or beach management district bonds shall be issued and sold in accordance with chapter 39.46 RCW. The authority to create a special fund or funds shall include the authority to create accounts within a fund.

**Sec. 24** RCW 36.61.270 and 1987 c 432 s 11 are each amended to read as follows:

Whenever rates and charges are to be imposed in a lake or beach management district, the county legislative authority shall prepare a roll of rates and charges that includes those matters required to be included in a special assessment roll and shall hold a public hearing on the proposed roll of rates and charges as provided under RCW 36.61.120 through 36.61.150 for a special assessment roll. The county legislative authority shall have full jurisdiction and authority to fix, alter, regulate, and control the rates and charges imposed by a lake or beach management district and may classify the rates or charges by any reasonable factor or factors, including benefit, use, front footage, acreage, the extent of improvements on the property, the type of improvements on the property, uses to which the property is put, service to be provided, and any other reasonable factor or factors. The flexibility to establish rates and charges includes the authority to reduce rates and charges on property owned by low-income persons.

Except as provided in this section, the collection of rates and charges, lien status of unpaid rates and charges, and method of foreclosing on such liens shall be subject to the provisions of chapter 36.94 RCW. Public property, including state property, shall be subject to the rates and charges to the same extent that private property is subject to them, except that liens may not be foreclosed on the public property, and the procedure for imposing such rates and charges on state property shall conform with the procedure provided for in chapter 79.44 RCW concerning the imposition of special assessments upon state property. The total amount of rates and charges cannot exceed the cost of lake or beach improvement or maintenance activities proposed to be financed by such rates and charges, as specified in the resolution of intention. Revenue bonds exclusively payable from the rates and charges may be issued by the county under chapter 39.46 RCW.

**Sec. 25** RCW 36.94.020 and 1997 c 447 s 11 are each amended to read as follows:

The construction, operation, and maintenance of a system of sewerage and/or water is a county purpose. Subject to the provisions of this chapter, every county has the power, individually or in conjunction with another county or counties to adopt, provide for, accept, establish, condemn, purchase, construct, add to, operate, and maintain a system or systems of sanitary and storm sewers, including outfalls, interceptors, plans, and facilities and services necessary for sewerage treatment and disposal, and/or system or systems of water supply within all or a portion of the county. However, counties shall not have power

to condemn sewerage and/or water systems of any municipal corporation or private utility.

Such county or counties shall have the authority to control, regulate, operate, and manage such system or systems and to provide funds therefor by general obligation bonds, revenue bonds, local improvement district bonds, utility local improvement district or local improvement district assessments, and in any other lawful fiscal manner. Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A county shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using county employees unless the on-site system is connected by a publicly owned collection system to the county's sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of a state or local health officer to carry out their responsibilities under any other applicable law.

A county may, as part of a system of sewerage established under this chapter, provide for, finance, and operate any of the facilities and services and may exercise the powers expressly authorized for county storm water, flood control, pollution prevention, and drainage services and activities under chapters 36.89, 86.12, 86.13, and 86.15 RCW. A county also may provide for, finance, and operate the facilities and services and may exercise any of the powers authorized for aquifer protection areas under chapter 36.36 RCW; for lake or beach management districts under chapter 36.61 RCW; for diking districts, and diking, drainage, and sewerage improvement districts under chapters 85.05, 85.08, 85.15, 85.16, and 85.18 RCW; and for shellfish protection districts under chapter 90.72 RCW. However, if a county by reference to any of those statutes assumes as part of its system of sewerage any powers granted to such areas or districts and not otherwise available to a county under this chapter, then (1) the procedures and restrictions applicable to those areas or districts apply to the county's exercise of those powers, and (2) the county may not simultaneously impose rates and charges under this chapter and under the statutes authorizing such areas or districts for substantially the same facilities and services, but must instead impose uniform rates and charges consistent with RCW 36.94.140. By agreement with such an area or district that is not part of a county's system of sewerage, a county may operate that area's or district's services or facilities, but a county may not dissolve any existing area or district except in accordance with any applicable provisions of the statute under which that area or district was created.

**Sec. 26** RCW 39.34.190 and 2003 c 327 s 2 are each amended to read as follows:

(1) The legislative authority of a city or county and the governing body of any special purpose district enumerated in subsection (2) of this section may authorize up to ten percent of its water-related revenues to be expended in the implementation of watershed management plan projects or activities that are in addition to the county's, city's, or district's existing water-related services or activities. (3) Any person to knowingly make, cause, or allow to be made any false entry or misstatement of any material matter in any book, record, or writing required to be kept under this chapter;

(4) Any scrap metal business to enter into a transaction to purchase or receive private metal property, nonferrous metal property, or commercial metal property from any person under the age of eighteen years or any person who is discernibly under the influence of intoxicating liquor or drugs;

(5) Any scrap metal business to enter into a transaction to purchase or receive private metal property, nonferrous metal property, or commercial metal property with anyone whom the scrap metal business has been informed by a law enforcement agency to have been convicted of a crime involving drugs, burglary, robbery, theft, or possession of or receiving stolen property, manufacturing, delivering, or possessing with intent to deliver methamphetamine, or possession of ephedrine or any of its salts or isomers or salts of isomers, pseudoephedrine or any of its salts or isomers or salts of isomers, or anhydrous ammonia with intent to manufacture methamphetamine within the past ten years whether the person is acting in his or her own behalf or as the agent of another;

(6) Any person to sign the declaration required under RCW 19.290.020 knowing that the private metal property or nonferrous metal property subject to the transaction is stolen. The signature of a person on the declaration required under RCW 19.290.020 constitutes evidence of intent to defraud a scrap metal business if that person is found to have known that the private metal property or nonferrous metal property subject to the transaction was stolen;

(7) Any scrap metal business to possess private metal property or commercial metal property that was not lawfully purchased or received under the requirements of this chapter; or

(8) Any scrap metal business to engage in a series of transactions valued at less than thirty dollars with the same seller for the purposes of avoiding the requirements of RCW 19.290.030(4).

**Sec. 8** RCW 19.290.090 and 2007 c 377 s 9 are each amended to read as follows:

The provisions of this chapter do not apply to transactions conducted by the following:

(1) Motor vehicle dealers licensed under chapter 46.70 RCW;

(2) Metal and other materials from vehicles acquired by vehicle wreckers or hulk haulers licensed under chapter 46.79 or 46.80 RCW, and acquired in accordance with those laws;

(3) Persons in the business of operating an automotive repair facility as defined under RCW 46.71.011; and

FIFTY-FIRST DAY, MARCH 4, 2008

2008 REGULAR SESSION

(4) Persons in the business of buying or selling empty food and beverage containers, including metal food and beverage containers.

**Sec. 9** RCW 9.94A.535 and 2007 c 377 s 10 are each amended to read as follows:

The court may impose a sentence outside the standard sentence range for an offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence. Facts supporting aggravated sentences, other than the fact of a prior conviction, shall be determined pursuant to the provisions of RCW 9.94A.537.

Whenever a sentence outside the standard sentence range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard sentence range shall be a determinate sentence.

If the sentencing court finds that an exceptional sentence outside the standard sentence range should be imposed, the sentence is subject to review only as provided for in RCW 9.94A.585(4).

A departure from the standards in RCW 9.94A.589 (1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in this section, and may be appealed by the offender to the state as set forth in RCW 9.94A.585 (2) through (6).

**(1) Mitigating Circumstances - Court to Consider**

The court may impose an exceptional sentence below the standard range if it finds that mitigating circumstances are established by a preponderance of the evidence. The following are illustrative only and are not intended to be exclusive reasons for exceptional sentences.

(a) To a significant degree, the victim was an initiator, willing participant, aggressor, or provoker of the incident.

(b) Before detection, the defendant compensated, or made a good faith effort to compensate, the victim of the criminal conduct for any damage or injury sustained.

(c) The defendant committed the crime under duress, coercion, threat, or compulsion insufficient to constitute a complete defense but which significantly affected his or her conduct.

(d) The defendant, with no apparent predisposition to do so, was induced by others to participate in the crime.

(e) The defendant's capacity to appreciate the wrongfulness of his or her conduct, or to conform his or her conduct to the requirements of the law, was significantly impaired. Voluntary use of drugs or alcohol is excluded.

(f) The offense was principally accomplished by another person and the defendant manifested extreme caution or sincere concern for the safety or well-being of the victim.

(g) The operation of the multiple offense policy of RCW 9.94A.589 results in a presumptive sentence that is clearly excessive in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(h) The defendant or the defendant's children suffered a continuing pattern of physical or sexual abuse by the victim of the offense and the offense is a response to that abuse.

**(2) Aggravating Circumstances - Considered and Imposed by the Court**

The trial court may impose an aggravated exceptional sentence without a finding of fact by a jury under the following circumstances:

(a) The defendant and the state both stipulate that justice is best served by the imposition of an exceptional sentence outside the standard range, and the court finds the exceptional sentence to be consistent with and in furtherance of the interests of justice and the purposes of the sentencing reform act.

(b) The defendant's prior unscored misdemeanor or prior unscored foreign criminal history results in a presumptive sentence that is clearly too lenient in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(c) The defendant has committed multiple current offenses and the defendant's high offender score results in some of the current offenses going unpunished.

(d) The failure to consider the defendant's prior criminal history which was omitted from the offender score calculation

pursuant to RCW 9.94A.525 results in a presumptive sentence that is clearly too lenient.

**(3) Aggravating Circumstances - Considered by a Jury - Imposed by the Court**

Except for circumstances listed in subsection (2) of this section, the following circumstances are an exclusive list of factors that can support a sentence above the standard range. Such facts should be determined by procedures specified in RCW 9.94A.537.

(a) The defendant's conduct during the commission of the current offense manifested deliberate cruelty to the victim.

(b) The defendant knew or should have known that the victim of the current offense was particularly vulnerable or incapable of resistance.

(c) The current offense was a violent offense, and the defendant knew that the victim of the current offense was pregnant.

(d) The current offense was a major economic offense or series of offenses, so identified by a consideration of any of the following factors:

(i) The current offense involved multiple victims or multiple incidents per victim;

(ii) The current offense involved attempted or actual monetary loss substantially greater than typical for the offense;

(iii) The current offense involved a high degree of sophistication or planning or occurred over a lengthy period of time; or

(iv) The defendant used his or her position of trust, confidence, or fiduciary responsibility to facilitate the commission of the current offense.

(e) The current offense was a major violation of the Uniform Controlled Substances Act, chapter 69.50 RCW (VUCSA), related to trafficking in controlled substances, which was more onerous than the typical offense of its statutory definition: The presence of ANY of the following may identify a current offense as a major VUCSA:

(i) The current offense involved at least three separate transactions in which controlled substances were sold, transferred, or possessed with intent to do so;

(ii) The current offense involved an attempted or actual sale or transfer of controlled substances in quantities substantially larger than for personal use;

(iii) The current offense involved the manufacture of controlled substances for use by other parties;

(iv) The circumstances of the current offense reveal the offender to have occupied a high position in the drug distribution hierarchy;

(v) The current offense involved a high degree of sophistication or planning, occurred over a lengthy period of time, or involved a broad geographic area of disbursement; or

(vi) The offender used his or her position or status to facilitate the commission of the current offense, including positions of trust, confidence or fiduciary responsibility (e.g., pharmacist, physician, or other medical professional).

(f) The current offense included a finding of sexual motivation pursuant to RCW 9.94A.835.

(g) The offense was part of an ongoing pattern of sexual abuse of the same victim under the age of eighteen years manifested by multiple incidents over a prolonged period of time.

(h) The current offense involved domestic violence, as defined in RCW 10.99.020, and one or more of the following was present:

(i) The offense was part of an ongoing pattern of psychological, physical, or sexual abuse of the victim manifested by multiple incidents over a prolonged period of time;

(ii) The offense occurred within sight or sound of the victim's or the offender's minor children under the age of eighteen years; or

(iii) The offender's conduct during the commission of the current offense manifested deliberate cruelty or intimidation of the victim.

(i) The offense resulted in the pregnancy of a child victim of rape.

FIFTY-FIRST DAY, MARCH 4, 2008

2008 REGULAR SESSION

(j) The defendant knew that the victim of the current offense was a youth who was not residing with a legal custodian and the defendant established or promoted the relationship for the primary purpose of victimization.

(k) The offense was committed with the intent to obstruct or impair human or animal health care or agricultural or forestry research or commercial production.

(l) The current offense is trafficking in the first degree or trafficking in the second degree and any victim was a minor at the time of the offense.

(m) The offense involved a high degree of sophistication or planning.

(n) The defendant used his or her position of trust, confidence, or fiduciary responsibility to facilitate the commission of the current offense.

(o) The defendant committed a current sex offense, has a history of sex offenses, and is not amenable to treatment.

(p) The offense involved an invasion of the victim's privacy.

(q) The defendant demonstrated or displayed an egregious lack of remorse.

(r) The offense involved a destructive and foreseeable impact on persons other than the victim.

(s) The defendant committed the offense to obtain or maintain his or her membership or to advance his or her position in the hierarchy of an organization, association, or identifiable group.

(t) The defendant committed the current offense shortly after being released from incarceration.

(u) The current offense is a burglary and the victim of the burglary was present in the building or residence when the crime was committed.

(v) The offense was committed against a law enforcement officer who was performing his or her official duties at the time of the offense, the offender knew that the victim was a law enforcement officer, and the victim's status as a law enforcement officer is not an element of the offense.

(w) The defendant committed the offense against a victim who was acting as a good samaritan.

(x) The defendant committed the offense against a public official or officer of the court in retaliation of the public official's performance of his or her duty to the criminal justice system.

(y) The victim's injuries substantially exceed the level of bodily harm necessary to satisfy the elements of the offense. This aggravator is not an exception to RCW 9.94A.530(2).

(z)(i)(A) The current offense is theft in the first degree, theft in the second degree, possession of stolen property in the first degree, or possession of stolen property in the second degree; (B) the stolen property involved is metal property; and (C) the property damage to the victim caused in the course of the theft of metal property is more than three times the value of the stolen metal property, or the theft of the metal property creates a public hazard.

(ii) For purposes of this subsection, "metal property" means commercial metal property, private metal property, or nonferrous metal property, as defined in RCW 19.290.010."

**"NEW SECTION. Sec. 1** The study of the state's history and government is vital to providing a well-rounded education to students. It is important for students to have a firm understanding of where we have come from as a state and the institutions that guide and serve citizens of the state. It is equally important to provide students with context for the information that enables them to apply it to the present and future, with an understanding of Washington's place in our country and the broader global community.

The legislature finds that the current high school graduation requirements for coursework in Washington state history and government should be enhanced to ensure students understand the complex issues of today's world and Washington's place in the global community. It is therefore the intent of the legislature to modernize high school graduation requirements for coursework in Washington state history and government.

**NEW SECTION. Sec. 2** A new section is added to chapter 28A.230 RCW to read as follows:

Beginning with the 2009-10 school year, school districts shall ensure that any course in Washington state history and government offered to fulfill high school requirements includes, but is not limited to, the following content:

(1) Commerce in Washington state and Washington's place in a global economy;

(2) The Constitution of the state of Washington and Washington state politics. Educators are encouraged to incorporate instruction on the meaning and history of the pledge of allegiance into existing coursework on state politics. #### MOTION

Senator Keiser moved that the following committee striking amendment by the Committee on Health & Long-Term Care be adopted.

Strike everything after the enacting clause and insert the following:

**NEW SECTION. Sec. 1** The intent of this chapter is to promote the public interest, support the availability of long-term care coverage, establish standards for long-term care coverage, facilitate public understanding and comparison of long-term care contract benefits, protect persons insured under long-term care insurance policies and certificates, protect applicants for long-term care policies from unfair or deceptive sales or enrollment practices, and provide for flexibility and innovation in the development of long-term care insurance coverage.

**NEW SECTION. Sec. 2** This chapter applies to all long-term care insurance policies, contracts, or riders delivered or issued for delivery in this state on or after January 1, 2009. This chapter does not supersede the obligations of entities subject to this chapter to comply with other applicable laws to the extent that they do not conflict with this chapter, except that laws and

regulations designed and intended to apply to medicare supplement insurance policies shall not be applied to long-term care insurance.

(1) Coverage advertised, marketed, or offered as long-term care insurance shall comply with the provisions of this chapter. Any coverage, policy, or rider advertised, marketed, or offered as long-term care or nursing home insurance shall comply with the provisions of this chapter.

(2) Individual and group long-term care contracts issued prior to January 1, 2009, remain governed by chapter 48.84 RCW and rules adopted thereunder.

(3) This chapter is not intended to prohibit approval of long-term care funded through life insurance.

**NEW SECTION. Sec. 3** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Applicant" means: (a) In the case of an individual long-term care insurance policy, the person who seeks to contract for benefits; and (b) in the case of a group long-term care insurance policy, the proposed certificate holder.

(2) "Certificate" includes any certificate issued under a group long-term care insurance policy that has been delivered or issued for delivery in this state.

(3) "Commissioner" means the insurance commissioner of Washington state.

(4) "Issuer" includes insurance companies, fraternal benefit societies, health care service contractors, health maintenance organizations, or other entity delivering or issuing for delivery any long-term care insurance policy, contract, or rider.

(5) "Long-term care insurance" means an insurance policy, contract, or rider that is advertised, marketed, offered, or designed to provide coverage for at least twelve consecutive months for a covered person. Long-term care insurance maybe on an expense incurred, indemnity, prepaid, or other basis, for one or more necessary or medically necessary diagnostic, preventive, therapeutic, rehabilitative, maintenance, or personal care services, provided in a setting other than an acute care unit of a hospital. Long-term care insurance includes any policy, contract, or rider that provides for payment of benefits based upon cognitive impairment or the loss of functional capacity.

(a) Long-term care insurance includes group and individual annuities and life insurance policies or riders that provide directly or supplement long-term care insurance. However, long-term care insurance does not include life insurance policies that: (i) Accelerate the death benefit specifically for one or more of the qualifying events of terminal illness, medical conditions requiring extraordinary medical intervention, or permanent institutional confinement; (ii) provide the option of a lump-sum payment for those benefits; and (iii) do not condition the benefits or the eligibility for the benefits upon the receipt of long-term care.

(b) Long-term care insurance also includes qualified long-term care insurance contracts.

(b) Such limitations or conditions specify any required number of days of preconfinement or postconfinement;

(8) Condition eligibility for noninstitutional benefits on the prior receipt of institutional care;

(d) If a policy is issued to a group as defined in section 3(6)(a) of this act, an outline of coverage is not required to be delivered, if the information that the commissioner requires to be included in the outline of coverage is in other materials relating to enrollment. Upon request, any such materials must be made available to the commissioner.

(2) If an issuer approves an application for a long-term care insurance contract or certificate, the issuer must deliver the contract or certificate of insurance to the applicant within thirty days after the date of approval. A policy summary must be delivered with an individual life insurance policy that provides long-term care benefits within the policy or by rider. In a direct response solicitation, the issuer must deliver the policy summary, upon request, before delivery of the policy, if the applicant requests a summary.

(a) The policy summary shall include:

(i) An explanation of how the long-term care benefit interacts with other components of the policy, including deductions from any applicable death benefits;

(1) A record of all long-term care benefits paid out during the month;

(2) An explanation of any changes in the policy resulting from paying the long-term care benefits, such as a change in the death benefit or cash values; and

All denials of long-term care claims by the issuer must provide a written explanation of the reasons for the denial and make available to the policyholder or certificate holder all information directly related to the denial.

**NEW SECTION. Sec. 11** (1) An issuer may rescind a long-term care insurance policy or certificate or deny an otherwise valid long-term care insurance claim if:

(a) A policy or certificate has been in force for less than six months and upon a showing of misrepresentation that is material to the acceptance for coverage; or

**NEW SECTION. Sec. 13** (1) Except as provided by this section, a long-term care insurance policy may not be delivered or issued for delivery in this state unless the policyholder or certificate holder has been offered the option of purchasing a policy or certificate that includes a nonforfeiture benefit. The offer of a nonforfeiture benefit may be in the form of a rider that is attached to the policy. If a policyholder or certificate holder declines the nonforfeiture benefit, the issuer must provide a contingent benefit upon lapse that is available for a specified period of time following a substantial increase in premium rates.

(2) If a group long-term care insurance policy is issued, the offer required in subsection (1) of this section must be made to the group policyholder. However, if the policy is issued as group long-term care insurance as defined in section 3(6)(d) of this act other than to a continuing care retirement community or other similar entity, the offering shall be made to each proposed certificate holder.

(3) The commissioner must adopt rules specifying the type or types of nonforfeiture benefits to be offered as part of long-term care insurance policies and certificates, the standards for nonforfeiture benefits, and the rules regarding contingent benefit upon lapse, including a determination of the specified period of time during which a contingent benefit upon lapse will be available and the substantial premium rate increase that triggers a contingent benefit upon lapse.

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2549, by House Committee on Appropriations (originally sponsored by Representatives Seaquist, Lantz, Morrell, Lias, Barlow and Green)

Establishing patient-centered primary care pilots. Revised for 2nd Substitute: Establishing a patient-centered primary care collaborative program.

The measure was read the second time.

MOTION

Senator Keiser moved that the following committee striking

FIFTY-SECOND DAY, MARCH 5, 2008

amendment by the Committee on Health & Long-Term Care be adopted.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1308** The legislature finds that our primary care system is severely faltering and the number of people choosing primary care as a profession is decreasing dramatically. Primary care providers include family medicine and general internal medicine physicians, pediatricians, naturopathic physicians, advanced registered nurse practitioners, and physician assistants. A strong primary care system has been shown to improve health outcomes and quality and to reduce overall health system costs. To improve the health and well-being of the people in the state of Washington; enhance the recruitment, retention, performance, and satisfaction of primary providers; and control costs, our statewide system of primary care providers needs to be rapidly expanded, improved, and supported, in line with current research and professional innovations.

The legislature further finds that a medical home can best deliver the patient-centered approach that can manage chronic diseases, address acute illnesses, and provide effective prevention. A medical home is a place where health care is accessible and compassionate. It is built on evidence-based strategies with a team approach. Each patient receives medically necessary acute, chronic, prevention, and wellness services, as well as other medically appropriate dental and behavioral services, and community support services, all which are tailored to the individual needs of the patient. Development and maintenance of medical homes require changes in the reimbursement of primary care providers in medical home practices. There is a critical need to identify reimbursement strategies to appropriately finance this model of delivering medical care.

**NEW SECTION. Sec. 1309** (1) Within funds appropriated for this purpose, and with the goal of catalyzing and providing financial incentives for the rapid expansion of primary care practices that use the medical home model, the department of health shall offer primary care practices an opportunity to participate in a medical home collaborative program, as authorized under RCW 43.70.533. Qualifying primary care practices must be willing and able to adopt and maintain medical home models, as defined by the department of social and health services in its November 2007 report to the legislature concerning implementation of chapter 5, Laws of 2007.

(2) The collaborative program shall be structured to promote adoption of medical homes in a variety of primary care practice settings throughout the state and consider different populations, geographic locations, including at least one location that would agree to operate extended hours, which could include nights or weekends, and other factors to allow a broad application of medical home adoption, including rural communities and areas that are medically underserved. The collaborative program shall assist primary care practices to implement the medical home requirements and provide the full complement of primary care services as established by the medical home definition in this section. Key goals of the collaborative program are to:

(a) Develop common and minimal core components to promote a reasonable level of consistency among medical homes in the state;

(b) Allow for standard measurement of outcomes; and

(c) Promote adoption, and use of the latest techniques in effective and cost-efficient patient-centered integrated health care.

Medical home collaborative participants must agree to provide data on patients' experience with the program and health outcome measures. The department of health shall consult with the Puget Sound health alliance and other interested organizations when selecting specific measures to be used by

2008 REGULAR SESSION

primary care providers participating in the medical home collaborative.

(3) The medical home collaborative shall be coordinated with the Washington health information collaborative, the health information infrastructure advisory board, and other efforts directed by RCW 41.05.035. If the health care authority makes grants to primary care practices for implementation of health information technology during state fiscal year 2009, it shall make an effort to make these grants to primary care providers participating in the medical home collaborative.

(4) The department of health shall issue an annual report to the health care committees of the legislature on the progress and outcome of the medical home collaborative. The reports shall include:

(a) Effectiveness of the collaborative in promoting medical homes and associated health information technology, including an assessment of the rate at which the medical home model is being adopted throughout the state;

(b) Identification of best practices; an assessment of how the collaborative participants have affected health outcomes, quality of care, utilization of services, cost-efficiencies, and patient satisfaction;

(c) An assessment of how the pilots improve primary care provider satisfaction and retention; and

(d) Any additional legislative action that would promote further medical home adoption in primary care settings.

The first annual report shall be submitted to the legislature by January 1, 2009, with the final report due to the legislature by December 31, 2011.

**NEW SECTION. Sec. 1310** (1) As part of the five-year plan to change reimbursement required under section 1, chapter 259, Laws of 2007, the health care authority and department of social and health services must expand their assessment on changing reimbursement for primary care to support adoption of medical homes to include medicare, other federal and state payors, and third-party payors, including health carriers under Title 48 RCW and other self-funded payors.

(2) The health care authority shall also collaborate with the Puget Sound health alliance, if that organization pursues a project on medical home reimbursement. The goal of the collaboration is to identify appropriate medical home reimbursement strategies and provider performance measurements for all payors, such as providing greater reimbursement rates for primary care physicians, and to garner support among payors and providers to adopt payment strategies that support medical home adoption and use.

(3) The health care authority shall work with providers to develop reimbursement mechanisms that would reward primary care providers participating in the medical home collaborative program that demonstrate improved patient outcomes and provide activities including, but not limited to, the following:

(a) Ensuring that all patients have access to and know how to use a nurse consultant;

(b) Encouraging female patients to have a mammogram on the evidence-based recommended schedule;

(c) Effectively implementing strategies designed to reduce patients' use of emergency room care in cases that are not emergencies;

(d) Communicating with patients through electronic means; and

(e) Effectively managing blood sugar levels of patients with diabetes.

(4) The health care authority and the department of social and health services shall report their findings to the health care committees of the legislature by January 1, 2009, with a recommended timeline for adoption of payment and provider performance strategies and recommended legislative changes should legislative action be necessary.

(iv) The department is issuing a permit for a storm water discharge and is complying with the requirements of RCW 77.55.161(3)(b).

(b) Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay.

(c) The period of forty-five calendar days may be extended if the permit is part of a multiagency permit streamlining effort and all participating permitting agencies and the permit applicant agree to an extended timeline longer than forty-five calendar days.

((4)) (5) If the department denies approval of a permit, the department shall provide the applicant a written statement of the specific reasons why and how the proposed project would adversely affect fish life. Issuance, denial, conditioning, or modification of a permit shall be appealable to the department or the board as specified in RCW 77.55.301 within thirty days of the notice of decision.

((5)) (6)(a) The permittee must demonstrate substantial progress on construction of that portion of the project relating to the permit within two years of the date of issuance.

(b) Approval of a permit is valid for a period of up to five years from the date of issuance, except as provided in (c) of this subsection and in RCW 77.55.151.

(c) A permit remains in effect without need for periodic renewal for hydraulic projects that divert water for agricultural irrigation or stock watering purposes and that involve seasonal construction or other work. A permit for streambank

stabilization projects to protect farm and agricultural land as defined in RCW 84.34.020 remains in effect without need for periodic renewal if the problem causing the need for the streambank stabilization occurs on an annual or more frequent basis. The permittee must notify the appropriate agency before commencing the construction or other work within the area covered by the permit.

~~((6))~~ (7) The department may, after consultation with the permittee, modify a permit due to changed conditions. The modification becomes effective unless appealed to the department or the board as specified in RCW 77.55.301 within thirty days from the notice of the proposed modification. For hydraulic projects that divert water for agricultural irrigation or stock watering purposes, or when the hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, the burden is on the department to show that changed conditions warrant the modification in order to protect fish life.

~~((7))~~ (8) A permittee may request modification of a permit due to changed conditions. The request must be processed within forty-five calendar days of receipt of the written request. A decision by the department may be appealed to the board within thirty days of the notice of the decision. For hydraulic projects that divert water for agricultural irrigation or stock watering purposes, or when the hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, the burden is on the permittee to show that changed conditions warrant the requested modification and that such a modification will not impair fish life.

~~((8))~~ (9)(a) The department ~~((or))~~, the county legislative authority, or the governor may declare and continue an emergency. If the county legislative authority declares an emergency under this subsection, it shall immediately notify the department ((if it declares an emergency under this subsection)). A declared state of emergency by the governor under RCW 43.06.010 shall constitute a declaration under this subsection.

(b) The department, through its authorized representatives, shall issue immediately, upon request, oral approval for a stream crossing, or work to remove any obstructions, repair existing structures, restore streambanks, protect fish life, or protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written permit prior to commencing work. Conditions of the emergency oral permit must be established by the department and reduced to writing within thirty days and complied with as provided for in this chapter.

(c) The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

~~((9))~~ (10) All state and local agencies with authority under this chapter to issue permits or other authorizations in connection with emergency water withdrawals and facilities authorized under RCW 43.83B.410 shall expedite the processing of such permits or authorizations in keeping with the emergency nature of such requests and shall provide a decision to the applicant within fifteen calendar days of the date of application.

~~((10))~~ (11) The department or the county legislative authority may determine an imminent danger exists. The county legislative authority shall notify the department, in writing, if it determines that an imminent danger exists. In cases of imminent danger, the department shall issue an expedited written permit, upon request, for work to remove any obstructions, repair existing structures, restore banks, protect fish resources, or protect property. Expedited permit requests require a complete written application as provided in subsection (2) of this section and must be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance. The department may not require the provisions of the state

environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

~~((11))~~ (12)(a) For any property, except for property located on a marine shoreline, that has experienced at least two consecutive years of flooding or erosion that has damaged or has threatened to damage a major structure, water supply system, septic system, or access to any road or highway, the county legislative authority may determine that a chronic danger exists. The county legislative authority shall notify the department, in writing, when it determines that a chronic danger exists. In cases of chronic danger, the department may issue a permit, upon request, for work necessary to abate the chronic danger by removing any obstructions, repairing existing structures, restoring banks, restoring road or highway access, protecting fish resources, or protecting property. Permit requests must be made and processed in accordance with subsections (2) and (4) of this section.

(b) Any projects proposed to address a chronic danger identified under (a) of this subsection that satisfies the project description identified in RCW 77.55.181(1)(a)(ii) are not subject to the provisions of the state environmental policy act, chapter 43.21C RCW. However, the project is subject to the review process established in RCW 77.55.181(3) as if it were a fish habitat improvement project.

(13) The department may issue an expedited written permit in those instances where normal permit processing would result in significant hardship for the applicant or unacceptable damage to the environment. Expedited permit requests require a complete written application as provided in subsection (2) of this section and must be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance. The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection."
