2008 REGULAR SESSION

The President declared the question before the Senate to be the adoption of the amendment by Senator Rockefeller on page 1, after line 2 to the committee striking amendment to Engrossed Second Substitute House Bill No. 2647.

The motion by Senator Rockefeller carried and the amendment to the committee striking amendment was adopted by a rising voice vote.

#### MOTION

Senator Hatfield moved that the following amendment by Senator Hatfield and others to the committee striking amendment be adopted.

Beginning on page 1, after line 2 of the amendment, strike all material through "void." on page 8, line 15, and insert the following:

**"NEW SECTION. Sec. 1** Research shows that many toys and other children's products contain toxic chemicals, such as lead, cadmium, and phthalates that have been shown to cause harm to children's health and the environment. These chemicals, and others like them, have been linked to long-term health impacts such as birth defects, reproductive harm, impaired learning, liver toxicity, and cancer. Because children's bodies are growing and developing, they are especially vulnerable to the effects of toxic chemicals. Regulation of toxic chemicals in children's toys and other products is woefully inadequate. To protect children's health, it is important to phase out the use of lead, cadmium, and phthalates in children's toys and other products and to begin collecting information on other chemicals that are present in toys and other products to determine whether further action is required.

**NEW SECTION. Sec. 2** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

"(3) Beginning July 1, 2009, no one may knowingly administer vaccines containing added mercury into children under the age of eighteen or pregnant women unless notice is provided to parents or guardians of the child or pregnant woman receiving the vaccine, that the vaccine contains mercury. Further, if a United States food and drug administration approved alternative vaccine without added mercury is available, the disclosure to the parents or guardians of the child or pregnant woman receiving a vaccine containing mercury must be informed that a mercury-free option is available."

#### POINT OF ORDER

Senator Rockefeller: "Mr. President, I wish to raise an objection of scope and object. Thank you Mr. President. Mr. President, may I read from some remarks that I have prepared? Mr. President, I believe the proposed amendment is outside the scope and object and I ask that it be ruled out of order under Rule 66. The underlying bill deals with a single discrete subject, the inclusion of certain chemicals in children's products, children's cosmetics and children's jewelry. It is directed solely that products that are designed to be used by children, toys, clothes, jewelry and cosmetic devices. This amendment is out of scope for at least three reasons: first, it expands the scope of the bill to include vaccines, vaccines are medicines administered under the care and direction of a physician or other health professional. None of the other products listed in the bill following remotely in the same category. This bill is focused on

FIFTY-FOURTH DAY, MARCH 7, 2008

toys, cosmetics and devices that aide in easing pain in teething. The amendment concerns a product taking internally and is severely contrast to the bill. To show just how far this amendment strays from the bill, the bill itself contains exclusion for products that are regulated by the U. S. food and drug administration. There can't be no dispute that vaccines are drugs regulated by the FDA. Secondly, the bill explicitly applies to products marketed to are used by children who are eleven years of age or younger. The amendment however applies to vaccines provided to pregnant women or older children. The addition of this element shows that the underline striker is narrowly focused on protecting our most vulnerable children whose decisions are often made for them while the amendment expands the age group to provide protections for teenagers and one group of adult and third, the penalties in the amendment are expanded to cover a class of persons not even considered in the underline bill. The striker penalties found in section seven focus on finding manufacturers of products that contain the listed toxic chemicals and while retailers are mentioned the bill contains no sanctions directed at retailers. The amendment by contrast prohibits the administration of covered vaccines by doctors, nurses and any other person authorized to administer a vaccine. These persons are extremely remote from the manufacturers targeted in this bill. This expands the scope of the bill in two ways, first, it restricts the actions of the medical professionals who are not included in the underline bill and it includes a class of persons who have the most direct contact with the consumer which the underline bill avoids. For these reasons Mr. President, the proposed amendment falls outside the scope and object and I request it to be ruled out of order."

Senator Oemig spoke against the point of order.

#### REPLY BY THE PRESIDENT

President Owen: "Senator Oemig, the President has noticed that your next two amendments are very similar and, therefore, he would respectfully request that you move adoption of those amendments and, Senator Eide, if you would defer consideration on each of the amendments after he does that, the President would be able to take a look at those and expedite the process."

#### RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Rockefeller that the proposed amendments 229, 310, and 311, are beyond the scope and object of Engrossed Second Substitute House Bill 2647, the President finds and rules as follows:

It is true that the underlying bill, the committee striking amendment, and the amendments at issue all deal with children's health and the toxicity of certain chemicals. The underlying bill and the committee amendment, however, are limited to a very specific category of children's health; that is, toys and products. In a very strict sense, vaccines are a type of product. In the relevant context, however, vaccines are not a contemplated part of this measure. Vaccinations combine specific medical procedures and chemical preparations. This is a highly-regulated and specialized area of medical practice, not another item of general commercial products as covered by the bill and committee striking amendment.

For these reasons, the amendments are beyond the scope and object of the measure and Senator Rockefeller's point is well-taken."

On page 3, after line 3, insert the following:

"(5) The marine protected areas work group established under this section shall coordinate with the marine managed areas work group established in section 5 of this act. to protect and enhance Puget Sound's marine resources. The legislature further finds that climate change impacts and increased population and development in the Puget Sound basin will place further stresses upon sustaining the biological diversity and ecosystem health of Puget Sound.

(2) It is the intent of the legislature that state and local actions intended to protect, conserve, and manage marine life and resources be conducted in a coordinated manner, use the best available science, consider the projected impacts on Puget Sound's marine areas from climate change, and contribute to the recovery of the Puget Sound's environmental health by 2020.

(3) It is the purpose of this act to:

(b) Strengthen the coordination of marine managed areas among multiple state agencies and local governments and align these efforts with the work of the Puget Sound partnership to recover the Puget Sound's health by 2020;

(c) Provide for management and designation of marine managed areas programs on an ecosystem basis and incorporate the best available scientific information into these programs;

(d) Adopt a plan that builds a comprehensive system of marine managed areas in Puget Sound, adopts goals and benchmarks for maintaining the diversity of marine life and resources in Puget Sound, and is based upon anticipated threats and stressors such as climate change impacts;

(e) Recognize the interrelationship of the marine ecosystem throughout the Pacific Northwest, and the multiple entities, including local, state, provincial, and federal governments, as well as tribal governments and first nations, that are involved in managing marine managed areas; and

(i) Methodologies for synthesizing monitoring results with programmatic goals to inform decision making on subsequent designation and marine managed areas strategies and any necessary changes in implementation strategies to increase the effectiveness of the marine managed areas program in achieving the goal of recovering the Puget Sound's health by 2020.

(4) The plan must also include comprehensive objectives for coordinating existing marine managed areas and designating additional areas to achieve a network of marine managed areas contributing to long-term conservation of important biota and marine ecosystems and recovery of Puget Sound by 2020. In developing the objectives the work group shall rely primarily upon existing plans and objectives relating to conservation of marine life in Puget Sound, and the program plans prepared by state agencies and local governments administering marine managed areas programs. Sec. 6** (1) The work product delivered by the marine managed areas work group established in section 5 of this act must include at least one case study regarding how consistent standards, methods, or protocols that may aid governmental organizations with the future identification of marine managed areas can be developed.

(2) The case study required by this section must be designed to analyze how and when future marine managed areas can or should be developed in urbanized areas where the purpose of the marine protected area is to protect the marine shoreline and adjacent upland environmental, cultural, or community values.

(3) The case study required by this section must be located in an urban marine waterway located in Puget Sound adjacent to uplands areas available for public access that includes at least one park area developed, in part, with money from the Washington wildlife and recreation program that includes or is planning to include a seawall, walking paths, interpretive displays, and a cultural botanical display area and includes

within the borders of the case study area at least one nearby area of state-owned aquatic lands currently under lease with the department of natural resources for use as an industrial marine repair facility capable of servicing marine vessels that are seventy-five feet or more in length.

**Sec. 7** RCW 79.105.210 and 2005 c 155 s 143 are each amended to read as follows:

(1) The management of state-owned aquatic lands shall preserve and enhance water-dependent uses. Water-dependent uses shall be favored over other uses in state-owned aquatic land planning and in resolving conflicts between competing lease applications. In cases of conflict between water-dependent uses, priority shall be given to uses which enhance renewable resources, water-borne commerce, and the navigational and biological capacity of the waters, and to statewide interests as distinguished from local interests.

(2) Nonwater-dependent use of state-owned aquatic lands is a low-priority use providing minimal public benefits and shall not be permitted to expand or be established in new areas except in exceptional circumstances where it is compatible with water-dependent uses occurring in or planned for the area.

(3) The department shall consider the natural values of state-owned aquatic lands as wildlife habitat, natural area preserve, representative ecosystem, or spawning area prior to issuing any initial lease or authorizing any change in use. The department may withhold from leasing lands which it finds to have significant natural values, or may provide within any lease for the protection of such values. When withdrawing lands from leasing for the purposes of managing an aquatic reserve, the department shall be guided by the procedures and criteria of section 8 of this act.

(4) The power to lease state-owned aquatic lands is vested in the department, which has the authority to make leases upon terms, conditions, and length of time in conformance with the state Constitution and chapters 79.105 through 79.140 RCW.

(5) State-owned aquatic lands shall not be leased to persons or organizations which discriminate on the basis of race, color, creed, religion, sex, age, or physical or mental handicap.

**NEW SECTION. Sec. 8** A new section is added to chapter 79.105 RCW under a new subchapter heading of "aquatic reserve system" to read as follows:

(1) The aquatic reserve system is established. The aquatic reserve system is comprised of those areas of state-owned aquatic lands designated by the department prior to the effective date of this section and any areas added to the system by order of the commissioner thereafter.

(2) State-owned aquatic lands that have one or more of the following characteristics may be included by order of the commissioner in the system as an aquatic reserve:

(a) The lands have been identified as having high priority for conservation, natural systems, wildlife, or low-impact public use values;

(b) The lands have flora, fauna, geological, recreational, archaeological, cultural, scenic, or similar features of critical importance and have retained to some degree or reestablished its natural character;

(c) The lands provide significant examples of native ecological communities;

FIFTY-FIFTH DAY, MARCH 8, 2008

2008 REGULAR SESSION

(d) The lands have significant sites or features threatened with conversion to incompatible uses; and

(e) The lands have been identified by the Puget Sound science panel created in RCW 90.71.270 as critical to achieving recovery of Puget Sound by 2020.

(3)(a) The commissioner shall adopt procedures for submission of reserve nominations and for public participation in the review of proposed reserves.

(b) If, consistent with the best available scientific information, a reserve no longer meets the goals and objectives for which it was designated, and adaptive management has not been successful to meet the goals and objectives, the commissioner may by order modify the reserve boundaries or remove the area from reserve status.

(c) The commissioner shall provide public participation procedures for the proposals.

(4) In the designation and management of reserves within Puget Sound, as geographically defined in RCW 90.71.010, the commissioner shall be guided by the marine managed areas plan adopted under section 5 of this act. Within twenty-four months of the adoption of the marine managed areas plan under section 5 of this act, the department shall complete a review of existing management plans and pending reserve nominations for consistency with the guidelines and recommendations in the marine managed areas plan. The commissioner shall accord substantial weight to any recommendations provided by the Puget Sound partnership regarding the designation and management of reserves within Puget Sound.

(5) Where the commissioner determines that management of the taking of fish, shellfish, or wildlife within or adjacent to the reserve would enhance the objectives for which the reserve has been created, the commissioner shall request that the fish and wildlife commission act pursuant to section 9 of this act to adopt supporting rules.

(6) The aquatic reserve system must be coordinated with other marine managed areas, federally recognized marine protected areas, and related regulatory programs. The department shall:

(a) Cooperate with other state agencies and local governments to manage state-owned aquatic lands consistently with the management of uses and activities in the same geographic areas by state parks, the department of fish and wildlife, the department of ecology, and other state agencies; and

(b) Provide recommendations to local governments in updating their shoreline master programs and in sponsoring local marine park reserves or voluntary stewardship areas to seek consistent planning and management activities in areas adjacent to designated reserves.

(7)(a) State agencies with authority over construction activities or water discharges in state waters or that otherwise implement programs that affect a designated aquatic reserve shall give special consideration to increasing protection and reducing and preventing pollution of these areas, consistent with the management objectives of the reserve.

(b) The department should participate in any public processes regarding water discharge or construction permitting affecting aquatic reserves to aid other agencies in their understanding of the provisions of this subsection.

**NEW SECTION. Sec. 9** A new section is added to chapter 77.12 RCW to read as follows:

(1) The commission may adopt rules governing the taking of fish, shellfish, or wildlife within or adjacent to an aquatic reserve designated by the department of natural resources under section 8 of this act, or other marine managed areas, as that term is defined in RCW 90.71.010. The commission shall give consideration within sixty days to any rule changes requested by the commissioner of public lands to support the purposes of an aquatic reserve.

(2) This section is in addition to and does not limit the commission's authority to establish rules governing the taking of fish, shellfish, or wildlife under any other authority.

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6295, with the following amendment: 6295-S.E AMH APP H5903.1

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1** The legislature finds that there are many working adults in Washington that need additional postsecondary educational opportunities to further develop their employability. The legislature further finds that many of these people postpone or call off their personal educational plans because they are busy working and raising their families. Because the largest portion of our workforce over the next thirty years is already employed but in need of skill development, and because many low-wage, low-skilled, and mid-skilled individuals cannot take advantage of postsecondary educational opportunities as they currently exist, the legislature intends to identify and test additional postsecondary educational opportunities tailored to make postsecondary education accessible to working adults through the use of campuses extended to include workplace-based educational offerings.

**NEW SECTION. Sec. 2** A new section is added to chapter 28C.18 RCW to read as follows:

(1) To the extent funds are appropriated specifically for this purpose and in partnership with the state board for community and technical colleges, the board shall convene a work group that includes representatives from the prosperity partnership, the technology alliance, the higher education coordinating board, a private career or vocational school, a four-year public institution of higher education, the council of faculty representatives, the united faculty of Washington state, community and technical college faculty, and a community and technical college student, to take the following actions related to electronically distributed learning:

(a) Identify and evaluate current national private employer workplace-based educational programs with electronically distributed learning components provided by public colleges and universities. The evaluation shall include:

(i) A review of the literature and interviews of practitioners about promising practices and results;

(ii) An initial determination of feasibility based on targeted populations served, subject matter, and level of education;

**NEW SECTION. Sec. 3** A new section is added to chapter 28C.18 RCW to read as follows:

(1) To the extent funds are appropriated specifically for this purpose, the board shall use a matching fund strategy to select and evaluate up to eight pilot projects operated by Washington institutions of higher education. By September 2008, the board shall select up to eight institutions of higher education as defined in RCW 28B.92.030 including at least four community or technical colleges to develop and offer a pilot project providing employer workplace-based educational programs with distance learning components. The board shall convene a task force that includes representatives from the state board for community and technical colleges and the higher education coordinating board to select the participant institutions. At a minimum, the criteria for selecting the educational institutions shall address:

(d) The identification of employers that demonstrate a commitment to host an on-site program. Employers shall demonstrate their commitment to provide:

(i) Access to educational coursework and educational advice and support for entry-level and semiskilled workers, including paid and unpaid release time, and adequate classroom space that is equipped appropriately for the selected technological distance learning methodologies to be used;

MESSAGE FROM THE HOUSE

March 6, 2008

MR. PRESIDENT:

The House has passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6438, with the following amendment: 6438-S2.E AMH MCCO H5984.4

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1** (1) The legislature finds and declares the following:

(a) The deployment and adoption of high-speed internet services and information technology has resulted in enhanced economic development and public safety for the state's communities, improved health care and educational opportunities, and a better quality of life for the state's residents;

(b) Continued progress in the deployment and adoption of high-speed internet services and other advanced telecommunications services, both land-based and wireless, is vital to ensuring Washington remains competitive and continues to create business and job growth; and

(c) That the state must encourage and support strategic partnerships of public, private, nonprofit, and community-based sectors in the continued growth and development of high-speed internet services and information technology for state residents and businesses.

(2) Therefore, in order to begin advancing the state towards further growth and development of high-speed internet in the state,

it is the legislature's intent to conduct a statewide needs assessment of broadband internet resources through an open dialogue with all interested parties, including providers, unions, businesses, community organizations, local governments, and state agencies. The legislature further resolves to use this needs assessment in guiding future plans on how to ensure that every

resident in Washington state may gain access to high-speed internet services.

**NEW SECTION. Sec. 2** (1) After the broadband study authorized by the legislature in 2007 has been completed, or by July 15, 2008, the department of information services, in coordination with the department of community, trade, and economic development and the utilities and transportation commission, shall convene a work group to develop a high-speed internet deployment and adoption strategy for the state.

(2) The department of information services shall invite representatives from the following organizations to participate in the work group:

(a) Representatives of public, private, and nonprofit agencies and organizations representing economic development, local community development, local government, community planning, technology planning, education, and health care;

(b) Representatives of telecommunications providers, technology companies, telecommunications unions, public utilities, and relevant private sector entities;

(c) Representatives of community-based organizations; and

(d) Representatives of other relevant entities as the department of information services may deem appropriate.

(3) The department of information services shall, in consultation with the work group, develop a high-speed internet deployment and adoption strategy to accomplish the following objectives:

(a) Create and regularly update a detailed, geographic information system map at the census block level of the high-speed internet services and other relevant telecommunications and information technology services owned or leased by public entities in the state with instructions on how proprietary and competitively sensitive data will be handled, stored, and used. Development of this geographic information system map may include collaboration with students and faculty at community colleges and universities in the state. The statewide inventory must, at a minimum, detail:

(i) The physical location of all high-speed internet infrastructure owned or leased by public entities;

(ii) The amount of excess capacity available; and

(iii) Whether the high-speed internet infrastructure is active or inactive;

(b) Work collaboratively with telecommunications providers and internet service providers to assess, create, and regularly update a geographic information system map at the census block level of the privately owned high-speed internet infrastructure in the state, with instructions on how proprietary and competitively sensitive data will be handled, stored, and used;

(c) Combine the geographic information system map of high-speed internet infrastructure owned by public entities with the geographic information system map of high-speed internet infrastructure owned by private entities to create and regularly update a statewide inventory of all high-speed internet infrastructure in the state;

(d) Use the geographic information system map of all high-speed internet infrastructure in the state, both public and privately owned or leased, to identify and regularly update the geographic gaps in high-speed internet service, including an assessment of the population located in each of the geographic gaps;

(e) Spur the development of high-speed internet resources in the state, which may include, but is not limited to, soliciting funding in the form of grants or donations; establishing technology literacy programs in conjunction with institutions of higher education; establishing low-cost hardware and software purchasing programs; and developing loan programs targeting small businesses or businesses located in underserved areas;

(f) Track statewide residential and business adoption of high-speed internet, computers, and related information technology, including an identification of barriers to adoption;

(g) Build and facilitate local technology planning teams and partnerships with members representing cross-sections of the

community, which may include participation from the following organizations: Representatives of business, telecommunications unions, K-12 education, community colleges, local economic development organizations, health care, libraries, universities, community-based organizations, local governments, tourism, parks and recreation, and agriculture;

(h) Use the local technology planning teams and partnerships to:

(i) Conduct a needs assessment; and

(ii) Work collaboratively with high-speed internet providers and technology companies across the state to encourage deployment and use, especially in unserved areas, through use of local demand aggregation, mapping analysis, and creation of market intelligence to improve the investment rationale and business case; and

(i) Establish low-cost programs to improve computer ownership, technology literacy, and high-speed internet access for disenfranchised or unserved populations across the state.

(4) By September 1, 2008, the department of information services shall provide a status update to the telecommunications committees in the house of representatives and the senate, outlining the progress made to date by the work group and the issues remaining to be considered.

(5) By December 1, 2008, the department of information services shall complete the high-speed internet deployment and adoption strategy and provide a report to the fiscal and telecommunications committees in the house of representatives and the senate, the governor, and the office of financial management. The main objective of the report is to outline, based on the efforts of the work group, what legislation is needed in order to implement the high-speed internet deployment and adoption strategy, including a range of potential funding requests to accompany the legislation. Specifically, the report shall include the following:

(a) Benchmarks, performance measures, milestones, deliverables, timelines, and such other indicators of performance and progress as are necessary to guide development and implementation of the high-speed internet deployment and adoption strategy, both short term and long term, including an assessment of the amount of funding needed to accomplish a baseline assessment of the high-speed internet infrastructure owned by public and private entities of the state in an eighteen-month period; and

(b) Ways to structure and appropriately scale and phase development and implementation of the high-speed internet deployment and adoption strategy so as to link to, leverage, and otherwise synchronize with other relevant and related funding, technology, capital initiatives, investments, and opportunities.

**NEW SECTION. Sec. 3** A new section is added to chapter 43.105 RCW to read as follows:

(1) The department of information services, the department of community, trade, and economic development, the utilities and transportation commission, or any other governmental agent or agency shall not gather or request any information related to high-speed internet infrastructure or service from providers of telecommunications or high-speed internet services that could be classified as proprietary or competitively sensitive.

(2) Nothing in this section may be construed as limiting the authority of the utilities and transportation commission to gather or request information from providers of telecommunications services pursuant to its authority under Title 80 RCW.

(3) Nothing in this section may be construed as limiting the authority of the department of information services to gather or request information from providers of telecommunications services in order to carry out the business of the department, including acquisitions and procurements, contracting, other solicitations, and any planning or architecture-related activities.

**NEW SECTION. Sec. 4** Nothing in this act may be construed as giving the department of information services or any other entities any additional authority, regulatory or

(1) By January 1, 2009, the department, in consultation with the utilities and transportation commission and other relevant agencies, shall identify and make publicly available a web directory of public facilities that provide community technology programs throughout the state.

(2) For the purposes of this section, "community technology program," also known as a digital inclusion program, means a program engaged in diffusing information and communications technology in local communities, particularly in unserved areas. These programs may include, but are not limited to, programs that provide education and skill-building opportunities, hardware and software ownership, internet connectivity, and development of locally relevant content and delivery of vital services through technology.

**NEW SECTION. Sec. 6** If sections 1 through 5 of this act become null and void, the department of information services shall include high-speed internet adoption and deployment in its 2009-2011 strategic plan.

**NEW SECTION. Sec. 7** If specific funding for the purposes of sections 1 through 5 of this act, referencing sections 1 through 5 of this act by bill or chapter number, is not provided by June 30, 2008, in the omnibus appropriations act, sections 1 through 5 of this act are null and void."

MESSAGE FROM THE HOUSE

March 6, 2008

MR. PRESIDENT:

The House has passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6673, with the following amendment: 6673-S2.E AMH ENGR H5985.E

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1** The legislature finds that high school students need to graduate with the skills necessary to be successful in college and work. The state graduation requirements help to ensure that Washington high school graduates have the basic skills to be competitive in a global economy. Under education reform started in 1993, time was to be the variable, obtaining the skills was to be the constant. Therefore, students who need additional time to gain the academic skills needed for college and the workplace should have the opportunities they need to reach high academic achievement, even if that takes more than the standard four years of high school.

Different students face different challenges and barriers to their academic success. Some students struggle to meet the

standard on a single portion of the Washington assessment of student learning while excelling in the other subject areas; other students struggle to complete the necessary state or local graduation credits; while still others have their knowledge tested on the assessments and have completed all the credit requirements but are struggling because English is not their first language. The legislature finds that many of these students need additional time and support to achieve academic proficiency and meet all graduation requirements.

**Sec. 2** RCW 28A.655.061 and 2007 c 355 s 5 and 2007 c 354 s 2 are each reenacted and amended to read as follows:

(1) The high school assessment system shall include but need not be limited to the Washington assessment of student learning, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and if approved by the legislature pursuant to subsection (10) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained by most students at about the age of sixteen, and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of RCW 28A.155.045 or 28A.655.0611, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3) Beginning with the graduating class of 2008, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the reading, writing, and mathematics content areas of the high school Washington assessment of student learning shall earn a certificate of academic achievement. If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area up to four times at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection (10) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has taken the Washington assessment of student learning at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement.

(4) Beginning no later than with the graduating class of 2013, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the Washington assessment of student learning or the objective alternative assessments in order to earn a certificate of academic achievement. The state board of education may adopt a rule that implements the requirements of this subsection (4) beginning with a graduating class before the graduating class of 2013, if the state board of education adopts the rule by September 1st of the freshman school year of the graduating class to which the requirements of this subsection (4) apply. The state board of education's authority under this subsection (4) does not alter the requirement that any change in performance standards for the tenth grade assessment must comply with RCW 28A.305.130.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

**NEW SECTION. Sec. 5** If funding is appropriated for this purpose, the office of the superintendent of public instruction shall explore online curriculum support in languages other than English that are currently available. By December 1, 2008, the office of the superintendent of public instruction shall report to the appropriate committees of the legislature recommendations for other online support in other languages that would most appropriately assist Washington's English language learners. Included in the recommendations shall be the actions that would need to be taken to access the recommended online support and the cost.

**NEW SECTION. Sec. 6** A new section is added to chapter 28A.655 RCW to read as follows:

(1) If funding is appropriated for this purpose, school districts shall provide all tenth graders enrolled in the district the option of taking the PSAT at no cost to the student.

(2) The office of the superintendent of public instruction shall enter into an agreement with the firm that administers the PSAT to reimburse the firm for the testing fees of students who take the test.

**NEW SECTION. Sec. 7** (1) The legislature intends to build on the lessons learned in the Lorraine Wojahn dyslexia pilot reading program, which the legislature has funded since 2005.

(2) By September 15, 2008, each of the grant recipients shall report to the office of the superintendent of public instruction on the lessons learned in the pilot program regarding effective assessment and intervention programs to help students with dyslexia or characteristics of dyslexia, best practices for professional development, and strategies to build capacity and sustainability among teaching staff.

(3) By December 31, 2008, the office of the superintendent of public instruction shall aggregate the reports from the grant recipients and provide a report and recommendations to the appropriate committees of the legislature. The recommendations shall include how the lessons learned through the pilot program are best shared with school districts and how the best practices can be implemented statewide.

**NEW SECTION. Sec. 8** (1) The legislature finds that educators are faced with the complex responsibility of educating an increasing population of English language learners who speak a wide variety of languages and dialects and may come with varying levels of formal schooling, students who come from low-income households, and students who have learning disabilities. These educators struggle to provide meaningful instruction that helps students meet high content standards while overcoming their challenges. The 2007 legislature directed the professional educator standards board to begin the process of adopting new certification requirements and revising the higher education teacher preparation program requirements. Additionally, the office of the superintendent of public instruction was directed to contract with the northwest regional educational laboratory to review and report on the ongoing English as a second language pilot projects and best practices related to helping students who are English language learners. It is therefore the intent of the legislature to build upon the work started in 2007 by requiring that the professional educator standards board consider the findings of the northwest regional educational laboratory and incorporate into its ongoing work a review of how to revise the current certification requirements and teacher preparation programs in order to better serve the needs of English language learners.

(2) The professional educator standards board shall convene a work group to develop recommendations for increasing teacher knowledge, skills, and competencies to address the

FIFTY-FIFTH DAY, MARCH 8, 2008

2008 REGULAR SESSION

needs of English language learner students. The work group shall include representatives from the Washington association of colleges for teacher education, school districts with significant populations of English language learner students who speak a single language, school districts with significant populations of English language learner students who speak multiple languages, classroom teachers, English as a second language teachers, bilingual education teachers, principals, the migrant and bilingual education office in the office of the superintendent of public instruction, and the higher education coordinating board. In making its selections, the professional educator standards board must include members from diverse cultural backgrounds and strive to promote geographic balance. The professional educator standards board shall invite participation by the northwest regional educational laboratory.

(3) The work group shall identify gaps and weaknesses in the current knowledge and skills standards for teacher preparation and teacher competencies regarding understanding how students acquire language, how to teach academic content in English to non-English speakers, and how to demonstrate cultural competence. The work group shall look to the English as a second language demonstration projects under RCW 28A.630.058 and the accompanying research and evaluation by the northwest regional educational laboratory.

(4) The work group shall submit a report by December 1, 2008, to the governor and the education and higher education committees of the legislature with findings and recommendations to improve the teacher preparation knowledge and skills standards and teacher competencies in the areas identified under subsection (2) of this section. Recommendations shall also include what professional development program components are most effective for existing educators of English language learners.

**Sec. 9** RCW 28B.118.010 and 2007 c 405 s 2 are each amended to read as follows:

The higher education coordinating board shall design the Washington college bound scholarship program in accordance with this section.

(2) Eligible students shall be notified of their eligibility for the Washington college bound scholarship program beginning in their seventh grade year. Students shall also be notified of the requirements for award of the scholarship.

(3) To be eligible for a Washington college bound scholarship, a student must sign a pledge during seventh or eighth grade that includes a commitment to graduate from high school with at least a C average and with no felony convictions. Students who were in the eighth grade during the 2007-08 school year may sign the pledge during the 2008-09 school year. The pledge must be witnessed by a parent or guardian and forwarded to the higher education coordinating board by mail or electronically, as indicated on the pledge form.

(4)(a) Scholarships shall be awarded to eligible students graduating from public high schools, approved private high schools under chapter 28A.195 RCW, or who received home-based instruction under chapter 28A.200 RCW.

(b) To receive the Washington college bound scholarship, a student must graduate with at least a "C" average from a public high school or an approved private high school under chapter 28A.195 RCW in Washington or have received home-based instruction under chapter 28A.200 RCW, must have no felony convictions, and must be a resident student as defined in RCW 28B.15.012(2) (a) through (d).

(5) A student's family income will be assessed upon graduation before awarding the scholarship.

(6) If at graduation from high school the student's family income does not exceed sixty-five percent of the state median

family income, scholarship award amounts shall be as provided in this section.

(a) For students attending two or four-year institutions of higher education as defined in RCW 28B.10.016, the value of the award shall be (i) the difference between the student's tuition and required fees, less the value of any state-funded grant, scholarship, or waiver assistance the student receives; (ii) plus five hundred dollars for books and materials.

(b) For students attending private four-year institutions of higher education in Washington, the award amount shall be the representative average of awards granted to students in public research universities in Washington.

(7) Recipients may receive no more than four full-time years' worth of scholarship awards.

(8) Institutions of higher education shall award the student all need-based and merit-based financial aid for which the student would otherwise qualify. The Washington college bound scholarship is intended to replace unmet need, loans, and, at the student's option, work-study award before any other grants or scholarships are reduced.

(9) The first scholarships shall be awarded to students graduating in 2012.

(10) The state of Washington retains legal ownership of tuition units awarded as scholarships under this chapter until the tuition units are redeemed. These tuition units shall remain separately held from any tuition units owned under chapter 28B.95 RCW by a Washington college bound scholarship recipient.

(11) The scholarship award must be used within five years of receipt. Any unused scholarship tuition units revert to the Washington college bound scholarship account.

(12) Should the recipient terminate his or her enrollment for any reason during the academic year, the unused portion of the scholarship tuition units shall revert to the Washington college bound scholarship account.

**Sec. 10** RCW 28A.165.055 and 2005 c 489 s 1 are each amended to read as follows:

(1) Each school district with an approved program is eligible for state funds provided for the learning assistance program. The funds shall be appropriated for the learning assistance program in accordance with the biennial appropriations act. The distribution formula is for school district allocation purposes only. The distribution formula shall be based on one or more family income factors measuring economic need.

The enhanced funding provided in this subsection shall take effect beginning in the 2008-09 school year.

(a) If, in the prior school year, a district's percent of October headcount student enrollment in grades kindergarten through twelve who are enrolled in the transitional bilingual instruction program, based on an average of the program headcount taken in October and May, exceeds twenty percent, twenty percent shall be subtracted from the district's percent transitional bilingual instruction program enrollment and the resulting percent shall be multiplied by the district's kindergarten through twelve annual average full-time equivalent enrollment for the prior school year.

(b) The number calculated under (a) of this subsection shall be the number of additional funded students for purposes of this subsection, to be multiplied by the per-funded student allocation rates specified in the omnibus appropriations act.

FIFTY-FIFTH DAY, MARCH 8, 2008

2008 REGULAR SESSION

(c) School districts are only eligible for the enhanced funds under this subsection if their percentage of October headcount enrollment in grades kindergarten through twelve eligible for free or reduced price lunch exceeded forty percent in the prior school year.

NEW SECTION. Sec. 11 A new section is added to chapter 28A.310 RCW to read as follows:

Educational service districts shall develop and provide a program of outreach to community-based programs and organizations within the district that are serving non-English speaking segments of the population as well as those programs that target subgroups of students that may be struggling academically, including to the extent possible, African-American, Native American, Asian, Pacific Islander, Hispanic, low income, and special education. Educational service districts shall consult and coordinate with the governor's minority commissions and the governor's office of Indian affairs in order to efficiently conduct this outreach and are encouraged to enter into partnerships with representatives of the local business communities in order to develop a coordinated outreach plan. MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5104, with the following amendment: 5104-S AMH APP H5892.1

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1** The legislature finds that the six colleges that developed proposals for the applied baccalaureate degree pilot programs exhibited exemplary work preparing proposals. The proposals were consistent with the legislature's vision for expanding bachelor's degree access and with the principals and criteria developed by the college board. The legislature recognizes that the authorization for the pilots was limited in number and therefore not all the proposals were able to be approved. The legislature values the work that has been done and intends to provide authority for additional pilots so as not to lose the good work that has been done.

**Sec. 2** RCW 28B.50.810 and 2005 c 258 s 6 are each amended to read as follows:

(1) By April 2006, the college board shall select four community or technical colleges to develop and offer programs of study leading to an applied baccalaureate degree. At least one of the four pilot programs chosen must lead to a baccalaureate of applied science degree which builds on an associate of applied science degree. The college board shall convene a task force that includes representatives of both the community and technical colleges to develop objective selection criteria.

(2) By February 2008, the college board shall select up to three colleges to develop and offer programs of study leading to an applied baccalaureate degree. At least one of the colleges selected must be a technical college. The college board shall use the objective selection criteria developed under subsections (1) and (3) of this section to make the selection.

(3) Colleges may submit an application to become a pilot college under this section. The college board shall review the applications and select the pilot colleges using objective criteria, including:

(a) The college demonstrates the capacity to make a long-term commitment of resources to build and sustain a high quality program;

(b) The college has or can readily engage faculty appropriately qualified to develop and deliver a high quality curriculum at the baccalaureate level;

(c) The college can demonstrate demand for the proposed program from a sufficient number of students within its service area to make the program cost-effective and feasible to operate;

(d) The college can demonstrate that employers demand the level of technical training proposed within the program, making it cost-effective for students to seek the degree; and

(e) The proposed program fills a gap in options available for students because it is not offered by a public four-year institution of higher education in the college's geographic area.

~~((3))~~ (4) A college selected as a pilot college under this section may develop the curriculum for and design and deliver courses leading to an applied baccalaureate degree. However, degree programs developed under this section are subject to approval by the college board under RCW 28B.50.090 and by the higher education coordinating board under RCW 28B.76.230 before a pilot college may enroll students in upper division courses. A pilot college approved under subsection (1) of this section may not enroll students in upper division courses before the fall academic quarter of 2006. A pilot college approved under subsection (2) of this section may not enroll students in upper division courses before the fall academic quarter of 2009.

If the commissioner does not disapprove a rate filing within sixty days after the insurer has filed the documents required in RCW 48.20.025(2) and any rules adopted pursuant thereto, the filing shall be deemed approved.

**Sec. 2** RCW 48.44.020 and 2000 c 79 s 28 are each amended to read as follows:

(1) Any health care service contractor may enter into contracts with or for the benefit of persons or groups of persons which require prepayment for health care services by or for such persons in consideration of such health care service contractor providing one or more health care services to such persons and such activity shall not be subject to the laws relating to insurance if the health care services are rendered by the health care service contractor or by a participating provider.

(g) If any contract for health care services with any state agency, division, subdivision, board, or commission or with any political subdivision, municipal corporation, or quasi-municipal corporation fails to comply with state law.

(3) In addition to the grounds listed in subsection (2) of this section, the commissioner may disapprove any (~~group~~) contract if the benefits provided therein are unreasonable in relation to the amount charged for the contract. Rates, or any modification of rates effective on or after July 1, 2008, for individual health benefit plans may not be used until sixty days after they are filed with the commissioner. 2008 REGULAR SESSION

(4)(a) Every contract between a health care service contractor and a participating provider of health care services shall be in writing and shall state that in the event the health care service contractor fails to pay for health care services as provided in the contract, the enrolled participant shall not be liable to the provider for sums owed by the health care service contractor. Every such contract shall provide that this requirement shall survive termination of the contract.

(b) No participating provider, agent, trustee, or assignee may maintain any action against an enrolled participant to collect sums owed by the health care service contractor.

**Sec. 3** RCW 48.46.060 and 2000 c 79 s 31 are each amended to read as follows:

(1) Any health maintenance organization may enter into agreements with or for the benefit of persons or groups of persons, which require prepayment for health care services by or for such persons in consideration of the health maintenance organization providing health care services to such persons. Such activity is not subject to the laws relating to insurance if the health care services are rendered directly by the health maintenance organization or by any provider which has a contract or other arrangement with the health maintenance organization to render health services to enrolled participants.

(2) All forms of health maintenance agreements issued by the organization to enrolled participants or other marketing documents purporting to describe the organization's comprehensive health care services shall comply with such minimum standards as the commissioner deems reasonable and necessary in order to carry out the purposes and provisions of this chapter, and which fully inform enrolled participants of the health care services to which they are entitled, including any limitations or exclusions thereof, and such other rights, responsibilities and duties required of the contracting health maintenance organization.

(3) Subject to the right of the health maintenance organization to demand and receive a hearing under chapters 48.04 and 34.05 RCW, the commissioner may disapprove an individual or group agreement form for any of the following grounds:

(a) If it contains or incorporates by reference any inconsistent, ambiguous, or misleading clauses, or exceptions or conditions which unreasonably or deceptively affect the risk purported to be assumed in the general coverage of the agreement;

(b) If it has any title, heading, or other indication which is misleading;

(c) If purchase of health care services thereunder is being solicited by deceptive advertising;

(d) If it contains unreasonable restrictions on the treatment of patients;

(e) If it is in any respect in violation of this chapter or if it fails to conform to minimum provisions or standards required by the commissioner by rule under chapter 34.05 RCW; or

(f) If any agreement for health care services with any state agency, division, subdivision, board, or commission or with any political subdivision, municipal corporation, or quasi-municipal corporation fails to comply with state law.

(4) In addition to the grounds listed in subsection (2) of this section, the commissioner may disapprove any ~~((group))~~ agreement if the benefits provided therein are unreasonable in relation to the amount charged for the agreement. Rates, or any modification of rates effective on or after July 1, 2008, for individual health benefit plans may not be used until sixty days after they are filed with the commissioner. If the commissioner does not disapprove a rate filing within sixty days after the health maintenance organization has filed the documents required in RCW 48.46.062(2) and any rules adopted pursuant thereto, the filing shall be deemed approved.

(5) No health maintenance organization authorized under this chapter shall cancel or fail to renew the enrollment on any basis of an enrolled participant or refuse to transfer an enrolled

participant from a group to an individual basis for reasons relating solely to age, sex, race, or health status. Nothing contained herein shall prevent cancellation of an agreement with enrolled participants (a) who violate any published policies of the organization which have been approved by the commissioner, or (b) who are entitled to become eligible for medicare benefits and fail to enroll for a medicare supplement plan offered by the health maintenance organization and approved by the commissioner, or (c) for failure of such enrolled participant to pay the approved charge, including cost-sharing, required under such contract, or (d) for a material breach of the health maintenance agreement.

(6) No agreement form or amendment to an approved agreement form shall be used unless it is first filed with the commissioner.

## MESSAGE FROM THE HOUSE

March 6, 2008

MR. PRESIDENT:

The House has passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6111, with the following amendment: 6111--S2.E AMH MCO H6002.2

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1** (1) The legislature finds that the global energy economy is undergoing significant changes creating a situation where energy prices are increasingly more expensive and the sources of energy increasingly less secure. Additionally, the legislature finds that there is growing concern about the consequences associated with greenhouse gas emissions from conventional sources of energy and the need for action to address the threats of climate change. The legislature finds ocean and tidal resources, as well as other forms of hydrokinetic energy, will play an important role in providing clean, carbon-free, reliable, and affordable energy to the citizens of Washington. The legislature finds that the development of wave and tidal energy technologies in Washington will create more highly valued green jobs in the state.

(2) It is the intent of the legislature to facilitate the development of clean, carbon-free, reliable, and affordable power sources for the energy needs of Washington's growing economy. Also, it is the intent of the legislature to help catalyze the emergence of a new water-power industry that is able to export technology and expertise to the rest of the country and the world. In addition, the legislature finds that hydrokinetic energy technologies are in their infancy and care must be taken to properly design and site these facilities in order to avoid impacts on the marine environment. To achieve these goals, the legislature intends to establish a public-private organization that will support a sustainable approach to hydrokinetic energy

2008 REGULAR SESSION

development aimed at economic development, environmental protection, and community stability.

(3)(a) It is the intent of the legislature for state agencies to explore a streamlined approach to environmental permit decision making for wave and tidal power projects.

(b) To optimize the development and siting process for wave and tidal power systems and to provide environmental protection, the legislature finds that state regulatory and natural resource agencies, public and private sector interests, tribes, local and regional governments, and applicable federal agencies must work cooperatively to establish common goals, minimize project siting delays, develop consistency in the application of environmental standards, and eliminate duplicative processes through assigned responsibilities of selected permit drafting and compliance activities between state agencies.

**NEW SECTION. Sec. 2** The definitions in this section apply throughout this act unless the context clearly requires otherwise.

(1) "Center" means the Washington state center for excellence in hydrokinetic energy.

(2) "Council" means the energy facility site evaluation council.

(3) "Department" means the department of community, trade, and economic development.

(4) "Hydrokinetic energy" means hydroelectric generation from ocean waves, tides, and currents, from free-flowing rivers and streams, and from water discharges.

(5) "Water discharges" means water discharges from agricultural, industrial, and commercial operations, wastewater treatment plants, or residential properties.

**NEW SECTION. Sec. 3** The department and the council shall convene and cochair a work group to develop the Washington state center for excellence in hydrokinetic energy and to explore mechanisms to streamline and make more efficient current permitting processes for wave and tidal power projects.

**NEW SECTION. Sec. 4** (1) The work group created under section 3 of this act consists of, but is not limited to, representatives from:

- (a) The department of natural resources;
- (b) The department of ecology;
- (c) The department of fish and wildlife;
- (d) The utilities and transportation commission;
- (e) A wave energy company or tidal energy company, or both;
- (f) A wave energy industry association or tidal energy industry association, or both;
- (g) Either a state or private university researching wave energy or a state or private university researching tidal energy, or both;
- (h) The Northwest Indian fisheries commission;
- (i) An electrical utility;
- (j) A local government;
- (k) A commercial fishing association;
- (l) A conservation group with expertise in energy-related issues;
- (m) A conservation group with expertise in marine ecology; and
- (n) A marine recreation group.

(2) State agencies under subsection (1) of this section that are members of the council under RCW 80.50.030 shall provide their existing designee members to serve on the work group in carrying out the responsibilities of this act.

**NEW SECTION. Sec. 5** (1) In developing the center, the work group created in section 3 of this act shall ensure that the center is a public-private entity and that the center supports a sustainable approach to hydrokinetic energy development aimed at economic development, environmental protection, and community stability.

FIFTY-FIFTH DAY, MARCH 8, 2008

2008 REGULAR SESSION

(2) The work group created in section 3 of this act shall make recommendations to the legislature to include, but not be limited to, the following:

(a) How the center will conduct and support research and demonstrations of wave and tidal energy technologies in order to facilitate the deployment and commercialization of these technologies in Washington;

(b) How the center will establish and operate wave and tidal energy test ranges that allow developers to demonstrate their wave and tidal energy technologies;

(c) How the center will maintain processes to assist developers in permitting their wave and tidal energy technologies;

(d) How the center will collect, manage, and disseminate data necessary to assess statewide wave and tidal resources;

(e) How the center will promote Washington as the optimal location for the development of and deployment of wave and tidal energy technologies;

(f) What the public-private governance structure of the center will be, considering the life sciences discovery fund as a model;

**NEW SECTION. Sec. 6** The work group created in section 3 of this act shall provide a report to the appropriate committees of the legislature containing its recommendations under section 5 of this act, as well as draft legislation implementing its recommendations, by December 1, 2008.

**NEW SECTION. Sec. 7** (1)(a) The work group created in section 3 of this act shall explore mechanisms to streamline and make more efficient permitting processes for wave and tidal power projects. The work group may recommend development of a permit process which allows for concurrent public review, consolidated appeals, and other mechanisms which result in permit process efficiency. In making these recommendations, the work group will ensure that there is adequate environmental review of the full range of potential impacts from this technology and that meaningful public involvement opportunities are preserved. The work group shall also identify and make recommendations of any potential barriers to the streamlining.

(b) The work group shall consider and make recommendations regarding research relating to the marine environment. In making the recommendations, the work group shall consider how future marine research would add value to the existing understanding of the overall marine environment and provide guidance on future research with the goal of eliminating redundant research activities.

(2) The work group created in section 3 of this act, in developing recommendations for permit streamlining, shall consider additional issues that may be associated with permitting a wave or tidal energy project, which include, but are not limited to:

(a) Disturbance or destruction of marine life, including acoustic impacts;

(b) Toxic releases from leaks or accidental spills of liquids used in those systems with working hydraulic fluids;

(c) Possible threat to navigation from collisions;

(d) Interference of mooring and anchorage lines with commercial and sport fishing;

(e) Tidal power plants that dam estuaries that can impede sea life migration and build up silt behind such facilities, impacting local ecosystems; and

(f) Potential impacts of tidal power on tides, currents, and flushing.

(3) By June 30, 2009, the work group created in section 3 of this act shall develop a work plan that details critical issues that need to be resolved to develop efficient, streamlined permitting processes for wave and tidal power projects. The work group shall provide the work plan to the legislature for review every six months. If the work group determines that additional time is required to develop recommendations for the permitting process for wave power projects, the work group shall report to the legislature on the need for additional time and update the work plan accordingly.

(4) By June 30, 2010, the work group created in section 3 of this act shall provide a final report to the legislature on its findings and recommendations.

**NEW SECTION. Sec. 8** A new section is added to chapter 82.08 RCW to read as follows:

(1) The tax levied by RCW 82.08.020 does not apply to sales of machinery and equipment used directly in generating tidal or wave energy, or to sales of or charges made for labor and services rendered in respect to installing such machinery and equipment, but only if the purchaser develops with such machinery, equipment, and labor a facility capable of generating at least two hundred kilowatts of electricity and provides the seller with an exemption certificate in a form and manner prescribed by the department. The seller shall retain a copy of the certificate for the seller's files.

(2) For purposes of this section and section 9 of this act:

(a) "Machinery and equipment" has the same meaning as provided in RCW 82.08.02567.

(3) This section expires June 30, 2018.

**NEW SECTION. Sec. 9** A new section is added to chapter 82.12 RCW to read as follows:

(1) The provisions of this chapter do not apply with respect to machinery and equipment used directly in generating at least two hundred kilowatts of electricity using tidal or wave energy as the principal source of power, or to the use of labor and services rendered in respect to installing such machinery and equipment.

(2) The definitions in section 8 of this act apply to this section.

(3) This section expires June 30, 2018.

**NEW SECTION. Sec. 10** Sections 1 through 7 of this act expire January 1, 2011.

**NEW SECTION. Sec. 11** If specific funding for the purposes of sections 1 through 7 of this act, referencing sections 1 through 7 of this act by bill or chapter number, is not provided by June 30, 2008, in the omnibus appropriations act, sections 1 through 7 of this act are null and void."

## MESSAGE FROM THE HOUSE

March 6, 2008

MR. PRESIDENT:

The House has passed SENATE BILL NO. 6187, with the following amendment:

6187 AMH APPE H5864.1

Strike everything after the enacting clause and insert the following:

**NEW SECTION. Sec. 1** The legislature finds that there is a critical shortage of food animal veterinarians particularly in rural areas of the state. The legislature finds that among the factors contributing to this shortage is the need to repay student loans that are taken out to pay for an extensive and high-cost education. To pay these student loans, licensed graduates currently find it necessary to take higher paying positions that provide service to companion and small animals.

The legislature finds that the livestock industry provides a critical component of the food supply. Providing adequate animal health and disease diagnostic services is of high importance not only to protect animal health, but also for the protection of our food supply, the protection of public health from potential effects of contagious diseases, and to provide an essential disease detection and response capability.

The legislature intends to increase the supply of food animal veterinarians by providing incentives to graduates of Washington State University college of veterinary medicine to

focus on food animal health services to address this critical shortage.

**NEW SECTION. Sec. 2** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise. (1) "College" means the Washington State University college of veterinary medicine.

(2) "Conditional scholarship" means a loan that is forgiven in whole or in part if the recipient renders service as a food animal veterinarian in this state.

(3) "Eligible student" means a student who is registered for at least six credit hours or the equivalent, is making satisfactory academic progress as defined by the college, has declared veterinary medicine for his or her major, and has a declared intention to practice veterinary medicine with an emphasis in food animal medicine in the state of Washington.

(4) "Food animal" means any species commonly recognized as livestock including, but not limited to, poultry, cattle, swine, and sheep.

(5) "Food animal veterinarian" means a veterinarian licensed and registered under chapter 18.92 RCW and engaged in general and food animal practice as a primary specialty, who has at least fifty percent of his or her practice time devoted to large production animal veterinary practice.

(6) "Forgiven" or "to forgive" or "forgiveness" means to practice veterinary medicine with an emphasis in food animal medicine in the state of Washington in lieu of monetary repayment.

(7) "Participant" means an eligible student who has received a conditional scholarship under this chapter.

(8) "Satisfied" means paid-in-full.

(9) "University" means Washington State University.

**NEW SECTION. Sec. 3** The food animal veterinarian conditional scholarship program is established. The program shall be administered by the university. In administering the program, the university has the following powers and duties:

(1) To select, in consultation with the college, up to two students each year to receive conditional scholarships;

(2) To adopt necessary rules and guidelines;

(3) To publicize the program;

(4) To collect and manage repayments from students who do not meet their obligations under this chapter; and

(5) To solicit and accept grants and donations from public and private sources for the program.

**NEW SECTION. Sec. 4** (1) The university shall select participants based on an application process conducted by the university.

(2) The university shall establish a selection committee for screening and selecting recipients of the conditional scholarships. The selection committee shall include at least two representatives from the college, at least one of whom is a faculty member teaching in food animal veterinary medicine, and at least one representative from the beef, dairy, or sheep industry.

(3) The selection criteria shall emphasize factors demonstrating a sustained interest in food animals and serving the needs of Washington's agricultural communities. The criteria shall also take into account the need for food animal veterinarians in diverse areas of the state and allocate funds in a manner designed to represent a cross-section of geographic locations.

**NEW SECTION. Sec. 5** To remain an eligible student and receive continuing disbursements under the program, a participant must be considered by the college to be making satisfactory academic progress.

**NEW SECTION. Sec. 6** The university may award conditional scholarships to eligible students from the funds appropriated to the university for this purpose, or from any private donations, or any other funds given to the university for this program. The amount of the conditional scholarship awarded an individual may not exceed the amount of resident tuition and fees at the college, as well as the cost of room, board,

FIFTY-FIFTH DAY, MARCH 8, 2008

laboratory fees and supplies, and books, incurred by an eligible student and approved by a financial aid administrator at the university. Participants are eligible to receive conditional scholarships for a maximum of five years.

**NEW SECTION. Sec. 7** (1) A participant in the conditional scholarship program incurs an obligation to repay the conditional scholarship, with interest, unless he or she is employed as a food animal veterinarian in Washington state for each year of scholarship received, under rules adopted by the university.

(2) The interest rate shall be determined annually by the university.

(3) The minimum payment shall be set by the university. The maximum period for repayment is ten years, with payments of principal and interest accruing quarterly commencing six months from the date the participant completes or discontinues the course of study, including any internship or residency in food animal medicine and surgery. Provisions for deferral of payment shall be determined by the university.

(4) The entire principal and interest of each payment shall be forgiven for each payment period in which the participant is employed as a food animal veterinarian in this state until the entire repayment obligation is satisfied. Should the participant cease to be employed as a food animal veterinarian in this state before the participant's repayment obligation is completed, payments on the unsatisfied portion of the principal and interest shall begin the next payment period and continue until the remainder of the participant's repayment obligation is satisfied.

(5) The university is responsible for collection of repayments made under this section and shall exercise due diligence in such collection, maintaining all necessary records to ensure that maximum repayments are made. Collection and servicing of repayments under this section shall be pursued using the full extent of the law, including wage garnishment if necessary. The university is responsible to forgive all or parts of such repayments under the criteria established in this section and shall maintain all necessary records of forgiven payments.

(6) Receipts from the payment of principal or interest or any other subsidies to which the university as administrator is entitled, that are paid by or on behalf of participants under this section, shall be deposited in the food animal veterinarian conditional scholarship account and shall be used to cover the costs of granting the conditional scholarships, maintaining necessary records, and making collections under subsection (5) of this section. The university shall maintain accurate records of these costs, and all receipts beyond those necessary to pay such costs shall be used to grant conditional scholarships to eligible students.

(7) The university shall adopt rules to define the terms of repayment, including applicable interest rates, fees, and deferments.

**NEW SECTION. Sec. 8** (1) The food animal veterinarian conditional scholarship account is created in the custody of the state treasurer. No appropriation is required for expenditures of funds from the account. The account is not subject to allotment procedures under chapter 43.88 RCW except for moneys used for program administration.

(2) The university shall deposit into the account all moneys received for the program. The account shall be self-sustaining and consist of funds appropriated by the legislature for the food animal veterinarian conditional scholarship program, private contributions to the program, and receipts from participant repayments.

(3) Expenditures from the account may be used solely for conditional scholarships to participants in the program established by this chapter and costs associated with program administration by the university.

(4) Disbursements from the account may be made only on the authorization of the university.

2008 REGULAR SESSION

(1) Money in the treasurer's trust fund may be deposited, invested, and reinvested by the state treasurer in accordance with RCW 43.84.080 in the same manner and to the same extent as if the money were in the state treasury.

(2) All income received from investment of the treasurer's trust fund shall be set aside in an account in the treasury trust fund to be known as the investment income account.

(3) The investment income account may be utilized for the payment of purchased banking services on behalf of treasurer's trust funds including, but not limited to, depository, safekeeping, and disbursement functions for the state treasurer or affected state agencies. The investment income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for payments to financial institutions. Payments shall occur prior to distribution of earnings set forth in subsection (4) of this section.

(4)(a) Monthly, the state treasurer shall distribute the earnings credited to the investment income account to the state general fund except under (b) and (c) of this subsection.

(b) The following accounts and funds shall receive their proportionate share of earnings based upon each account's or fund's average daily balance for the period: The Washington promise scholarship account, the college savings program account, the Washington advanced college tuition payment program account, the agricultural local fund, the American Indian scholarship endowment fund, the foster care scholarship endowment fund, the foster care endowed scholarship trust fund, the students with dependents grant account, the basic health plan self-insurance reserve account, the contract harvesting revolving account, the Washington state combined fund drive account, the commemorative works account, the Washington international exchange scholarship endowment fund, the developmental disabilities endowment trust fund, the energy account, the fair fund, the family leave insurance account, the food animal veterinarian conditional scholarship account, the fruit and vegetable inspection account, the future teachers conditional scholarship account, the game farm alternative account, the GET ready for math and science scholarship account, the grain inspection revolving fund, the juvenile accountability incentive account, the law enforcement officers' and fire fighters' plan 2 expense fund, the local tourism promotion account, the produce railcar pool account, the regional transportation investment district account, the rural rehabilitation account, the stadium and exhibition center account, the youth athletic facility account, the self-insurance revolving fund, the sulfur dioxide abatement account, the children's trust fund, the Washington horse racing commission Washington bred owners' bonus fund account, the Washington horse racing commission class C purse fund account, the individual development account program account, the Washington horse racing commission operating account (earnings from the Washington horse racing commission operating account must be credited to the Washington horse racing commission class C purse fund account), the life sciences discovery fund, the Washington state heritage center account, and the reading achievement account. #### MESSAGE FROM THE HOUSE

March 4, 2008

MR. PRESIDENT:

The House has passed SENATE BILL NO. 6215, with the following amendment: 6215 AMH JUDI H5682.1

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1** A new section is added to chapter 64.34 RCW under the subchapter heading "Article 3" to read as follows:

(1) An association is encouraged to establish a reserve account to fund major maintenance, repair, and replacement of common elements, including limited common elements that will require major maintenance, repair, or replacement within thirty years. A reserve account shall be established in the name of the

2008 REGULAR SESSION

association. The board of directors is responsible for administering the reserve account.

(2) Unless doing so would impose an unreasonable hardship, an association shall prepare and update a reserve study, in accordance with the association's governing documents and RCW 64.34.224(1). The initial reserve study must be based upon a visual site inspection conducted by a reserve study professional.

(3) Unless doing so would impose an unreasonable hardship, the association shall update the reserve study annually. At least every three years, an updated reserve study must be prepared and based upon a visual site inspection conducted by a reserve study professional.

(4) This section and sections 2 through 6 of this act apply to condominiums governed by chapter 64.32 RCW or this chapter and intended in whole or in part for residential purposes. These sections do not apply to condominiums consisting solely of units that are restricted in the declaration to nonresidential use. An association's governing documents may contain stricter requirements.

**NEW SECTION. Sec. 2** A new section is added to chapter 64.34 RCW under the subchapter heading "Article 3" to read as follows:

(1) A reserve study as described in section 1 of this act is supplemental to the association's operating and maintenance budget. In preparing a reserve study, the association shall estimate the anticipated major maintenance, repair, and replacement costs, whose infrequent and significant nature make them impractical to be included in an annual budget.

(2) A reserve study shall include:

(a) A reserve component list, including quantities and estimates for useful life of each reserve component, remaining useful life of each reserve component, and current repair and replacement cost for each component;

(b) The date of the study and a statement that the study meets the requirements of this section;

(c) The level of reserve study performed:

(i) Level I: Full reserve study funding analysis and plan;

(ii) Level II: Update with visual site inspection;

(iii) Level III: Update with no visual site inspection;

(d) The association's reserve account balance;

(e) The percentage of the fully funded balance that the reserve account is funded;

(f) Special assessments already implemented or planned;

(g) Interest and inflation assumptions;

(h) Current reserve account contribution rate;

(i) Recommended reserve account contribution rate;

(j) Projected reserve account balance for thirty years and a funding plan to pay for projected costs from those reserves without reliance on future unplanned special assessments; and

(k) Whether the reserve study was prepared with the assistance of a reserve study professional.

(3) A reserve study shall include the following disclosure:

"This reserve study should be reviewed carefully. It may not include all common and limited common element components that will require major maintenance, repair, or replacement in future years, and may not include regular contributions to a reserve account for the cost of such maintenance, repair, or replacement. The failure to include a component in a reserve study, or to provide contributions to a reserve account for a component, may, under some circumstances, require you to pay on demand as a special assessment your share of common expenses for the cost of major maintenance, repair, or replacement of a reserve component."

**NEW SECTION. Sec. 3** A new section is added to chapter 64.34 RCW under the subchapter heading "Article 3" to read as follows:

An association may withdraw funds from its reserve account to pay for unforeseen or unbudgeted costs. The board of directors shall record any such withdrawal in the minute books of the association, cause notice of any such withdrawal to be

FIFTY-FIFTH DAY, MARCH 8, 2008

hand delivered or sent prepaid by first-class United States mail to the mailing address of each unit or to any other mailing address designated in writing by the unit owner, and adopt a repayment schedule not to exceed twenty-four months unless it determines that repayment within twenty-four months would impose an unreasonable burden on the unit owners.

**NEW SECTION. Sec. 4** A new section is added to chapter 64.34 RCW under the subchapter heading "Article 3" to read as follows:

(1) Where more than three years have passed since the date of the last reserve study prepared by a reserve study professional, the owners of the units to which at least twenty percent of the votes are allocated may demand, in writing, to the association that the cost of a reserve study be included in the next budget and that the study be obtained by the end of that budget year. The written demand must refer to this section. The board of directors shall, upon receipt of the written demand, provide unit owners making the demand reasonable assurance that the board of directors will include a reserve study in the next budget and, if the budget is not rejected by the owners, will arrange for the completion of a reserve study.

(2) In the event a written demand is made and a reserve study is not timely prepared, a court may order specific performance and award reasonable attorneys' fees to the prevailing party in any legal action brought to enforce this section. An association may assert unreasonable hardship as an affirmative defense in any action brought against it under this section. Without limiting this affirmative defense, an unreasonable hardship exists where the cost of preparing a reserve study would exceed ten percent of the association's annual budget.

(3) A unit owner's duty to pay for common expenses shall not be excused because of the association's failure to comply with this section or sections 2 through 6 of this act. A budget ratified by the unit owners under RCW 64.34.308(3) may not be invalidated because of the association's failure to comply with this section or sections 2 through 6 of this act.

**NEW SECTION. Sec. 5** A new section is added to chapter 64.34 RCW under the subchapter heading "Article 3" to read as follows:

Subject to section 4 of this act, the decisions relating to the preparation and updating of a reserve study must be made by the board of directors of the association in the exercise of the reasonable discretion of the board. Such decisions must include whether a reserve study will be prepared or updated, and whether the assistance of a reserve study professional will be utilized.

In the declaration and bylaws, unless specifically provided otherwise or the context requires otherwise, and in this chapter:

(1) "Affiliate" means any person who controls, is controlled by, or is under common control with the referenced person. A person "controls" another person if the person: (a) Is a general partner, officer, director, or employer of the referenced person; (b) directly or indirectly or acting in concert with one or more other persons, or through one or more subsidiaries, owns, controls, holds with power to vote, or holds proxies representing, more than twenty percent of the voting interest in the referenced person; (c) controls in any manner the election of a majority of the directors of the referenced person; or (d) has contributed more than twenty percent of the capital of the referenced person. A person "is controlled by" another person if the other person: (i) Is a general partner, officer, director, or employer of the person; (ii) directly or indirectly or acting in concert with one or more other persons, or through one or more subsidiaries, owns, controls, holds with power to vote, or holds proxies representing, more than twenty percent of the voting interest in the person; (iii) controls in any manner the election of a majority of the directors of the person; or (iv) has contributed more than twenty percent of the capital of the person. (10) "Contribution rate" means, in a reserve study as described in section 1 of this act, the amount contributed to the reserve account so that the association will have cash reserves to pay major maintenance, repair, or replacement costs without the need of a special assessment.

(11) "Conversion condominium" means a condominium (a) that at any time before creation of the condominium was lawfully occupied wholly or partially by a tenant or subtenant for residential purposes pursuant to a rental agreement, oral or written, express or implied, for which the tenant or subtenant had not received the notice described in (b) of this subsection; or (b) that, at any time within twelve months before the conveyance of, or acceptance of an agreement to convey, any unit therein other than to a declarant or any affiliate of a declarant, was lawfully occupied wholly or partially by a residential tenant of a declarant or an affiliate of a declarant and such tenant was not notified in writing, prior to lawfully occupying a unit or executing a rental agreement, whichever event first occurs, that the unit was part of a condominium and subject to sale. "Conversion condominium" shall not include a condominium in which, before July 1, 1990, any unit therein had been conveyed or been made subject to an agreement to convey to any transferee other than a declarant or an affiliate of a declarant.

((+)) (19) "Effective age" means the difference between useful life and remaining useful life.

(20) "Eligible mortgagee" means the holder of a mortgage on a unit that has filed with the secretary of the association a written request that it be given copies of notices of any action by the association that requires the consent of mortgagees.

((+)) (21) "Foreclosure" means a forfeiture or judicial or nonjudicial foreclosure of a mortgage or a deed in lieu thereof.

((+)) (22) "Fully funded balance" means the value of the deteriorated portion of all the reserve components. The fully funded balance for each reserve component is calculated by multiplying the current replacement cost of that reserve component by its effective age, then dividing the result by that reserve component's useful life. The sum total of all reserve components' fully funded balances is the association's fully funded balance.

(23) "Identifying number" means the designation of each unit in a condominium.

((+)) (24) "Leasehold condominium" means a condominium in which all or a portion of the real property is subject to a lease, the expiration or termination of which will terminate the condominium or reduce its size.

#### MESSAGE FROM THE HOUSE

March 5, 2008

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 6297, with the following amendment: 6297-S AMH APP H5850.1

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1** The legislature finds that an elected county prosecuting attorney functions as both a state officer in pursuing criminal cases on behalf of the state of Washington, and as a county officer who acts as civil counsel for the county, and provides services to school districts and lesser taxing districts by statute.

The elected prosecuting attorney's dual role as a state officer and a county officer is reflected in various provisions of the state Constitution and within state statute.

The legislature finds that the responsibilities and decisions required of the elected prosecuting attorney are essentially the same in every county within Washington state, from a decision to seek the death penalty in an aggravated murder case, to the decision not to prosecute but refer an offender to drug court; from a decision to pursue child rape charges based solely upon the testimony of the child, to a decision to divert juvenile offenders out of the justice system. Therefore, the legislature finds that elected prosecuting attorneys need to exercise the same level of skill and expertise in the least populous county as in the most populous county.

The legislature finds that the salary of the elected county prosecuting attorney should be tied to that of a superior court judge. This furthers the state's interests and responsibilities under the state Constitution, and is consistent with the current practice of several counties in Washington state, the practices of several other states, and the national district attorneys' association national standards.

**Sec. 2** RCW 36.17.020 and 2001 c 73 s 3 are each amended to read as follows:

The county legislative authority of each county or a county commissioner or councilmember salary commission which conforms with RCW 36.17.024 is authorized to establish the salaries of the elected officials of the county. ~~((One-half of the salary of each prosecuting attorney shall be paid by the state.))~~ The state and county shall contribute to the costs of the salary of the elected prosecuting attorney as set forth in subsection (1) of this section. The annual salary of a county elected official shall not be less than the following:

(1) In each county with a population of one million or more: Auditor, clerk, treasurer, sheriff, members of the county legislative authority, and coroner, eighteen thousand dollars; and assessor, nineteen thousand dollars ~~(; and prosecuting attorney, thirty thousand three hundred dollars);~~

(2) In each county with a population of from two hundred ten thousand to less than one million: Auditor, seventeen thousand six hundred dollars; clerk, seventeen thousand six hundred dollars; treasurer, seventeen thousand six hundred dollars; sheriff, nineteen thousand five hundred dollars; assessor, seventeen thousand six hundred dollars; ~~((prosecuting attorney, twenty-four thousand eight hundred dollars;))~~ members

MESSAGE FROM THE HOUSE

March 6, 2008

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6580, with the following amendment: 6580-S.E AMH ENGR H5948.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1 (1) The legislature recognizes that the implications of a changed climate will affect the people,

institutions, and economies of Washington. The legislature also recognizes that it is in the public interest to reduce the state's dependence upon foreign sources of carbon fuels that do not promote energy independence or the economic strength of the state. The legislature finds that the state, including its counties, cities, and residents, must engage in activities that reduce greenhouse gas emissions and dependence upon foreign oil.

(2) The legislature further recognizes that: (a) Patterns of land use development influence transportation-related greenhouse gas emissions and the need for foreign oil; (b) fossil fuel-based transportation is the largest source of greenhouse gas emissions in Washington; and (c) the state and its residents will not achieve emission reductions established in RCW 80.80.020 without a significant decrease in transportation emissions.

(3) The legislature, therefore, finds that it is in the public interest of the state to provide appropriate legal authority, where required, and to aid in the development of policies, practices, and methodologies that may assist counties and cities in addressing challenges associated with greenhouse gas emissions and our state's dependence upon foreign oil.

NEW SECTION. Sec. 2 A new section is added to chapter 36.70A RCW to read as follows:

(1) The department must develop and provide to counties and cities a range of advisory climate change response methodologies, a computer modeling program, and estimates of greenhouse gas emission reductions resulting from specific measures. The advisory methodologies, computer modeling program, and estimates must reflect regional and local variations and the diversity of counties and cities planning under RCW 36.70A.040. Advisory methodologies, the computer modeling program, estimates, and guidance developed under this section must be consistent with recommendations developed by the advisory policy committee established in section 4 of this act.

(2) The department, in complying with this section, must work with the department of transportation on reductions of vehicle miles traveled through efforts associated with, and independent of, the process directed by RCW 47.01.--- (section 8, chapter . . . (E2SHB 2815)), Laws of 2008.

(3) The department must complete and make available the advisory climate change response methodologies, computer program, and estimates required by this section by December 1, 2009. The advisory climate change response methodologies, computer program, and estimates must be updated two years before each completion date established in RCW 36.70A.130(4)(a).

(4) This section expires January 1, 2011.

NEW SECTION. Sec. 3 (1) A local government global warming mitigation and adaptation program is established. The program must be administered by the department of community, trade, and economic development and must conclude by June 30, 2010. The department must, through a competitive process, select three or fewer counties and six or fewer cities for the program. Counties selected must reflect a range of opportunities to address climate change in urbanizing, resource, or agricultural areas. Cities selected must reflect a range of sizes, geographic locations, and variations between those that are highly urbanized and those that are less so that have more residential dwellings than employment positions.

(2) The program is established to assist the selected counties and cities that: (a) Are addressing climate change through their land use and transportation planning processes; and (b) aspire to address climate change through their land use and transportation planning processes, but lack necessary resources to do so. The department of community, trade, and economic development may fund proposals to inventory and mitigate global warming emissions, or adapt to the adverse impacts of global warming, using criteria it develops to accomplish the objectives of this section and sections 2 and 4 of this act.

(3) The department of community, trade, and economic development must provide grants and technical assistance to aid the selected counties and cities in their efforts to anticipate, mitigate, and adapt to global warming and its associated problems. The department, in providing grants and technical assistance, must ensure that grants and assistance are awarded to

FIFTY-SEVENTH DAY, MARCH 10, 2008

counties and cities meeting the criteria established in subsection (2)(a) and (b) of this section.

(4) The department of community, trade, and economic development must provide a report of program findings and recommendations to the governor and the appropriate committees of the house of representatives and the senate by January 1, 2011. The report must also consider the positive and negative impacts to affordable housing, employment, transportation costs, and economic development that result from addressing the impacts of climate change at the local level.

(5) This section expires January 1, 2011.

**NEW SECTION. Sec. 4** (1)(a) With the use of funds provided by specific appropriation, the department must prepare a report that includes:

(i) Descriptions of actions counties and cities are taking to address climate change issues. The department must use readily available information when completing the requirements of this subsection (1)(a)(i);

(ii) Recommendations of changes, if any, to chapter 36.70A RCW and other relevant statutes that would enable state and local governments to address climate change issues and the need to reduce dependence upon foreign oil through land use and transportation planning processes;

(iii) Descriptions of existing and potential computer modeling and other analytic and assessment tools that could be used by counties and cities in addressing their proprietary and regulatory activities to reduce greenhouse gas emissions and/or dependence upon foreign oil;

(iv) Considerations of positive and negative impacts to affordable housing, employment, transportation costs, and economic development that result from addressing the impacts of climate change at the local level;

(v) Assessments of state and local resources, financial and otherwise, needed to fully implement recommendations resulting from and associated with (a)(ii) and (iii) of this subsection; and

(vi) Recommendations for additional funding to implement the recommendations resulting from (a)(ii) of this subsection.

(b) The department must submit the report required by this section to the governor and the appropriate committees of the house of representatives and the senate by December 1, 2008.

(2)(a) In preparing the report required by this section, the department must convene an advisory policy committee, with members as provided in this subsection.

(i) The speaker of the house of representatives must appoint one member from each of the two largest caucuses of the house of representatives.

(ii) The president of the senate must appoint one member from each of the two largest caucuses of the senate.

(iii) Three elected official members representing counties and five elected official members representing cities. Members appointed under this subsection (2)(a)(iii) must represent each of the jurisdictional areas of growth management hearings boards and must be appointed by state associations representing counties and cities.

(iv) One member representing tribal governments, appointed by the governor.

(b) Recommendations produced by the department under this section must be approved by a majority of the voting members of the advisory policy committee.

(c) The advisory policy committee must have the following nonvoting ex officio members:

(i) One member representing the office of the governor;

(ii) One member representing an association of builders;

(iii) One member representing an association of real estate professionals;

(iv) One member representing an association of local government planners;

(v) One member representing an association of agricultural interests;

The confidential information used for evaluation and analysis of welfare reform supplied to the authorized requesting entities with regard to the WorkFirst program or any successor state welfare program are exempt from public inspection and copying under chapter 42.56 RCW.

(9) The disclosure of any records or information by a governmental agency which has obtained the records or information under this section is prohibited unless the disclosure is (a) directly connected to the official purpose for which the records or information were obtained or (b) to another governmental agency which would be permitted to obtain the records or information under subsection (4) or (5) of this section.

(10) In conducting periodic salary or fringe benefit studies pursuant to law, the department of personnel shall have access to records of the employment security department as may be required for such studies. For such purposes, the requirements of subsection (1)(c) of this section need not apply.

(11)(a) To promote the reemployment of job seekers, the commissioner may enter into data-sharing contracts with partners of the one-stop career development system. The contracts shall provide for the transfer of data only to the extent that the transfer is necessary for the efficient provisions of workforce programs, including but not limited to public labor exchange, unemployment insurance, worker training and retraining, vocational rehabilitation, vocational education, adult education, transition from public assistance, and support services. The transfer of information under contracts with one-stop partners is exempt from subsection (1)(c) of this section.

The notice must advise the individual that he or she may request that private and confidential information not be shared among the one-stop partners and the department must honor the request. (ii) Describe the nature of the information to be shared, the general use of the information by one-stop partner representatives, and among whom the information will be shared;

(iii) Inform the individual that shared information will be used only for the purpose of delivering one-stop services and that further disclosure of the information is prohibited under contract and is not subject to disclosure under chapter 42.56 RCW; and

(iv) Be provided in English and an alternative language selected by the one-stop center or job service center as appropriate for the community where the center is located.

If the notice is provided in-person, the individual who does not want private and confidential information shared among the one-stop partners must immediately advise the one-stop partner

representative of that decision. The notice must be provided to an individual who applies for services telephonically, electronically, or by mail, in a suitable format and within a reasonable time after applying for services, which shall be no later than ten working days from the department's receipt of the application for services. A one-stop representative must be available to answer specific questions regarding the nature, extent, and purpose for which the information may be shared.

(12) To facilitate improved operation and evaluation of state programs, the commissioner may enter into data-sharing contracts with other state agencies only to the extent that such transfer is necessary for the efficient operation or evaluation of outcomes for those programs. The transfer of information by contract under this subsection is exempt from subsection (1)(c) of this section.

(13) The misuse or unauthorized release of records or information by any person or organization to which access is permitted by this chapter subjects the person or organization to a civil penalty of five thousand dollars and other applicable sanctions under state and federal law. Suit to enforce this section shall be brought by the attorney general and the amount of any penalties collected shall be paid into the employment security department administrative contingency fund. The attorney general may recover reasonable attorneys' fees for any action brought to enforce this section.

Such records shall be open to inspection and be subject to being copied by the commissioner or his or her authorized representatives at any reasonable time and as often as may be necessary. (b) An employer who contracts with another person or entity for work subject to chapter 18.27 or 19.28 RCW shall obtain and preserve a record of the unified business identifier account number for and compensation paid to the person or entity performing the work. (b) Each employer shall make periodic reports at such intervals as the commissioner may by regulation prescribe, setting forth the remuneration paid for employment to workers in its employ, the full names and social security numbers of all such workers, and the total hours worked by each worker and such other information as the commissioner may by regulation prescribe.

(c) If the employing unit fails or has failed to report the number of hours in a reporting period for which a worker worked, such number will be computed by the commissioner and given the same force and effect as if it had been reported by the employing unit. In computing the number of such hours worked, the total wages for the reporting period, as reported by the employing unit, shall be divided by the dollar amount of the state's minimum wage in effect for such reporting period and the quotient, disregarding any remainder, shall be credited to the worker: PROVIDED, That although the computation so made

will not be subject to appeal by the employing unit, monetary entitlement may be redetermined upon request if the department is provided with credible evidence of the actual hours worked. Benefits paid using computed hours are not considered an overpayment and are not subject to collections when the correction of computed hours results in an invalid or reduced claim; however:

(i) A contribution paying employer who fails to report the number of hours worked will have its experience rating account charged for all benefits paid that are based on hours computed under this subsection; and

(ii) An employer who reimburses the trust fund for benefits paid to workers and fails to report the number of hours worked shall reimburse the trust fund for all benefits paid that are based on hours computed under this subsection.

Benchmarks should measure the effect of task force recommendations to determine their efficiency and effectiveness and to determine if additional approaches should be explored. Establishment of these benchmarks along with a more concerted effort to develop data that answer the baseline question of the magnitude of the problem could be discussed in a legislative extension of the task force. The institute must provide a preliminary report to the senate labor, commerce, research and development committee and the house of representatives commerce and labor committee by December 31, 2008.

**NEW SECTION. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

**NEW SECTION. Sec. 16** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION. Sec. 17** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2008, in the omnibus appropriations act, this act is null and void."

Well, today's the day that they will be inducted into the Rock and Roll Hall of Fame, finally.

The President did pass around the Governor's proclamation that declares today 'Ventures Day' today and encourage you to get your 45s, your LPs, our eight-track cassettes, your cassettes, your CDs, your iPods and whatever else you have and play some Ventures music today. We just thought we'd start your day off with that. All right. Oh, and by the way, the President will that Senator McAuliffe did not get the right memo today. She thought we were honoring KISS today. FIFTY-SEVENTH DAY, MARCH 10, 2008

2008 REGULAR SESSION

(a) An attempt to obtain the informed consent of the person prior to administration of antipsychotic medication.

An emergency exists if the person presents an imminent likelihood of serious harm, and medically acceptable alternatives to administration of antipsychotic medications are not available or are unlikely to be successful; and in the opinion of the physician or psychiatric advanced registered nurse practitioner, the person's condition constitutes an emergency requiring the treatment be instituted prior to obtaining a second medical opinion.

(e) Documentation in the medical record of the ~~(physician's)~~ attempt by the physician or psychiatric advanced registered nurse practitioner to obtain informed consent and the reasons why antipsychotic medication is being administered over the person's objection or lack of consent.

Insofar as danger to the individual or others is not created, each person involuntarily detained, treated in a less restrictive alternative course of treatment, or committed for treatment and evaluation pursuant to this chapter shall have, in addition to other rights not specifically withheld by law, the following rights, a list of which shall be prominently posted in all facilities, institutions, and hospitals providing such services:

(3) To have access to individual storage space for his or her private use;

(4) To have visitors at reasonable times;

(5) To have reasonable access to a telephone, both to make and receive confidential calls;

(6) To have ready access to letter writing materials, including stamps, and to send and receive uncensored correspondence through the mails;

(7) Not to consent to the administration of antipsychotic medications beyond the hearing conducted pursuant to RCW 71.05.320(~~(2)~~) (3) or the performance of electroconvulsant therapy or surgery, except emergency life-saving surgery, unless ordered by a court of competent jurisdiction pursuant to the following standards and procedures:

(a) The administration of antipsychotic medication or electroconvulsant therapy shall not be ordered unless the petitioning party proves by clear, cogent, and convincing evidence that there exists a compelling state interest that justifies overriding the patient's lack of consent to the administration of antipsychotic medications or electroconvulsant therapy, that the proposed treatment is necessary and effective, and that medically acceptable alternative forms of treatment are not available, have not been successful, or are not likely to be effective.

(b) The court shall make specific findings of fact concerning: (i) The existence of one or more compelling state interests; (ii) the necessity and effectiveness of the treatment; and (iii) the person's desires regarding the proposed treatment. If the patient is unable to make a rational and informed decision

about consenting to or refusing the proposed treatment, the court shall make a substituted judgment for the patient as if he or she were competent to make such a determination.

(c) The person shall be present at any hearing on a request to administer antipsychotic medication or electroconvulsant therapy filed pursuant to this subsection. The person has the right: (i) To be represented by an attorney; (ii) to present evidence; (iii) to cross-examine witnesses; (iv) to have the rules of evidence enforced; (v) to remain silent; (vi) to view and copy all petitions and reports in the court file; and (vii) to be given reasonable notice and an opportunity to prepare for the hearing. The court may appoint a psychiatrist, psychiatric advanced registered nurse practitioner, psychologist within their scope of practice, or physician to examine and testify on behalf of such person. The court shall appoint a psychiatrist, psychiatric advanced registered nurse practitioner, psychologist within their scope of practice, or physician designated by such person or the person's counsel to testify on behalf of the person in cases where an order for electroconvulsant therapy is sought.

(d) An order for the administration of antipsychotic medications entered following a hearing conducted pursuant to this section shall be effective for the period of the current involuntary treatment order, and any interim period during which the person is awaiting trial or hearing on a new petition for involuntary treatment or involuntary medication.

(e) Any person detained pursuant to RCW 71.05.320(~~(2)~~) (3), who subsequently refuses antipsychotic medication, shall be entitled to the procedures set forth in ~~(RCW 71.05.217(7))~~ this subsection.

(f) Antipsychotic medication may be administered to a nonconsenting person detained or committed pursuant to this chapter without a court order pursuant to RCW 71.05.215(2) or under the following circumstances:

(i) A person presents an imminent likelihood of serious harm;

(ii) Medically acceptable alternatives to administration of antipsychotic medications are not available, have not been successful, or are not likely to be effective; and

(iii) In the opinion of the physician or psychiatric advanced registered nurse practitioner with responsibility for treatment of the person, or his or her designee, the person's condition constitutes an emergency requiring the treatment be instituted before a judicial hearing as authorized pursuant to this section can be held.

If antipsychotic medications are administered over a person's lack of consent pursuant to this subsection, a petition for an order authorizing the administration of antipsychotic medications shall be filed on the next judicial day. The hearing shall be held within two judicial days. If deemed necessary by the physician or psychiatric advanced registered nurse practitioner with responsibility for the treatment of the person, administration of antipsychotic medications may continue until the hearing is held;

(8) To dispose of property and sign contracts unless such person has been adjudicated an incompetent in a court proceeding directed to that particular issue;

(9) Not to have psychosurgery performed on him or her under any circumstances."

(3) Before adopting rules under this chapter, the department shall submit the proposed rules to the appropriate standing committees of the legislature. By January 30, 1999, the department shall submit a report to the appropriate standing committees of the legislature on its progress in developing rules under this chapter.

**Sec. 2** RCW 90.84.040 and 1998 c 248 s 5 are each amended to read as follows:

If the local government approves the bank, it shall be a signatory to the banking instrument.

(3) State agencies and local governments may approve use of credits from a bank for any mitigation required under a permit issued or approved by that state agency or local government to compensate for the proposed impacts of a specific public or private project."

Strike everything after the enacting clause and insert the following:

(4) The amount of the grant moneys received, dates of receipt, and a detailed description, including costs, of the renovation, expansion, and acquisitions associated with the grant moneys.

**"NEW SECTION. Sec. 1** (1) The legislature finds that:

**NEW SECTION. Sec. 3** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2008, in the omnibus appropriations act or the omnibus capital appropriations act, this act is null and void."

(a) Farmers and small forest landowners should be encouraged through the use of incentives to conserve and restore natural areas on their farms and small tree farming operations in ways that improve the long-term viability of these operations by providing ongoing revenue to these operations without taking whole farms or significant amounts of farmland or small tree farming operations out of production;

and the same are herewith transmitted.

(b) Farmers and small forest landowners have the ability to produce restoration products as well as implement conservation practices on their productive agricultural lands and small tree farms in a way that is likely to be useful to fulfill the mitigation, compliance, and other environmental needs of public agencies such as the Washington state department of transportation, and to meet other market demands such as the availability of feed or

conditions for overwintering of migratory waterfowl or for conserving and enhancing fish and wildlife habitat;

(c) Family farmers and family-owned small tree farming operations currently produce environmental benefits that would cost millions of dollars to replace with man-made infrastructure. Among these benefits are water filtration, floodwater dispersal, fish and wildlife habitat, open spaces, and scenic views;

(d) Other communities in the United States have established conservation markets in which landowners are paid to produce such restoration products; and

(e) The use of such markets could provide much needed income to sustain the viability of Washington farmers and small forest landowners, meet mitigation and compliance needs, accelerate permitting of public infrastructure, and provide environmental benefits.

(2) Therefore, the legislature finds that it is good public policy to evaluate the feasibility and potential effectiveness of conservation markets in Washington state that provide dual benefits of improving the viability of agriculture and providing environmental or fish and wildlife benefits.

**NEW SECTION. Sec. 2** (1) Subject to the availability of amounts appropriated for this purpose, the commission shall conduct a study to evaluate the feasibility and desirability of establishing farm-based or forest-based conservation markets in Washington. The commission may enter into a contract with an entity that has the knowledge and experience of agriculture and of conservation markets for this effort. The commission, entity, or both shall:

(a) Evaluate other conservation markets in operation in the United States that provide ongoing revenue to improve the long-term viability of family farms and small forestry operations, including those focused on water quality trading, endangered species conservation banking, rental of environmental benefits, and wetland banking, to determine relevant lessons for Washington conservation markets;

(b) Collaborate with Washington farm organizations, small forestry landowner organizations, key farm community leaders, agricultural special purpose districts, local governments, and relevant natural resource agencies to:

(i) Determine interests, needs, and concerns about participating in a conservation market;

(ii) Assess the market-ready environmental maintenance, restoration, and enhancement products that could profitably and dependably be produced on farms and small forestry operations, including endangered species habitat, wetlands, water quality treatment, carbon sequestration, biodiversity, and other fish and wildlife habitat; and

(iii) Identify opportunities for conservation markets that could provide ongoing revenue to improve the long-term viability of family farming and small forestry operations and could supplement existing conservation programs currently used by landowners, such as the conservation reserve enhancement program, and increased use of the public benefit rating system;

(c) Work with the Washington state department of transportation, utility districts, local road departments, and other public agencies to determine potential demand for restoration products produced on farms and small forestry operations to fulfill upcoming mitigation and compliance needs. The underlying analysis shall emphasize demand associated with construction of roads, utilities, and other public structures, as well as periodic repermitting of wastewater and other public utilities;

(d) Forecast market activity, including the potential supply of restoration products, including those produced through existing restoration programs, and the potential demand for such products to address mitigation, compliance, and other environmental needs and other market demands. This analysis shall also identify services, materials, technical assistance, financing, and other support that would facilitate the use of conservation markets;

(e) Consult with the Washington departments of ecology and fish and wildlife, the United States army corps of engineers, and local government permitting agencies to determine their willingness to use farm-produced restoration products to fulfill mitigation and compliance needs and also evaluate changes in rules and policy that would facilitate permitting of conservation market activities;

(f) Consult with the Northwest Indian fisheries commission and individual Indian tribes to determine their interest in and potential support of conservation markets;

(g) Coordinate with the department of agriculture regarding the "Future of Farming" project, the William D. Ruckelshaus Center on its activities relating to chapter 353, Laws of 2007, the office of farmland preservation and the office's efforts to retain farmland in agricultural production, the Washington biodiversity project, the department of ecology regarding its "Mitigation that Works" project, and the office of regulatory assistance on its integrated project review and mitigation project to ensure consistency with these efforts; and

(h) Develop findings and recommendations on the feasibility and desirability of creating farm-based and forest-based conservation markets in Washington state.

(2) If the study determines that farm-based conservation markets are feasible and desirable, the commission, contracting entity, or both, shall conduct two demonstration projects in Washington farm communities. The commission, entity, or both shall:

(a) Select demonstration project areas that have a combination of enthusiastic farmers, a substantial supply of potential restoration products from farms, potential for public and private cost-sharing of project costs, and upcoming development or permitting activity that is likely to trigger significant mitigation and compliance demands;

(b) Identify and map areas of highly productive agricultural activity and work with the departments of ecology and fish and wildlife to identify locations of high-priority wetland and habitat restoration or water quality improvement to ensure that conservation market-driven restoration does not infringe on highly productive farmland;

(c) Identify up to three potential credit transactions in each demonstration project area and work with relevant farmers, permittees, and permitting agencies to facilitate transactions in mitigation and compliance credits;

(d) Work with the department of ecology and other relevant permitting agencies to develop standards for approval of conservation market transactions to fulfill mitigation and compliance requirements and to identify priority areas for focusing conservation market sites based on the highest ecological benefits for the watershed and the restoration of ecosystem processes that minimize impacts to high quality agricultural lands;

(e) Work with conservation districts to determine district interest in participation in a conservation markets program, including a determination of district capacity and resources to participate in such a program;

(f) Evaluate options for facilitating conservation market transactions, including the use of farmer cooperatives, brokerage services, and banks; and

(g) Develop findings on the results of the demonstration projects and the implications for broader use of farm-based conservation markets in Washington state.

(3) As used in this act:

(a) "Commission" means the Washington state conservation commission.

(b) "Conservation market" means a farm or forest-based market for selling credits for wetland or habitat restoration or water quality cleanup to agencies in need of such credits to fulfill environmental mitigation, compliance requirements, and other environmental needs. The term shall also be broadly interpreted to include any program that provides ongoing revenue to sustain the long-term viability of farms and small

forestry operations as a result of maintaining or enhancing environmental benefits such as open space, fish and wildlife habitat, floodwater dispersal, water filtration, buffers from more intense development, or any other environmental benefit resulting from the ongoing operation of the farm.

(c) "Small forest landowner" has the same meaning as in RCW 76.09.450.

(4) The commission shall present findings and recommendations from the conservation markets study to the governor and appropriate committees of the legislature by December 1, 2008. The findings and recommendations shall include:

(a) Findings regarding the match between the availability of farm-produced and forestry-produced restoration products and the demand for such products associated with mitigation and compliance for public agency projects and activities in the demonstration project area;

(b) Findings regarding the interests and capabilities of farmers, small forest landowners, public development agencies, and permitting agencies to participate in the demonstration conservation market;

(c) Findings regarding the likelihood that farm-based and forest-based conservation markets could provide a successful mechanism for addressing mitigation, compliance, and other environmental needs for public construction projects and permitting of public utilities; and

(d) Recommendations on whether to proceed to the initiation of demonstration projects.

(5) If the project proceeds into the demonstration project phase, the commission shall present findings and recommendations regarding the conservation markets' demonstration projects to the governor and appropriate committees of the legislature by December 1, 2009. The findings and recommendations shall include:

(a) Findings on the ability to produce conservation market-ready restoration and clean-up projects without infringing on high-quality farmland;

(b) Findings on standards for review and approval of conservation market transactions in permitting processes;

(c) Findings on potential conservation market transactions in the demonstration project areas;

(d) Recommendations on measures that the Washington state department of transportation and other state agencies can take to facilitate their use of conservation markets to fulfill mitigation and compliance needs and waterfowl or wildlife habitat enhancement goals;

(e) Recommendations on support services that could be provided by state agencies to facilitate conservation markets throughout Washington, including but not limited to financing, permit assistance, technical assistance, materials, and other services.

(6) This section expires December 31, 2009.

(1) If a boarding home voluntarily withdraws from participation in a state medicaid program for residential care and services under Chapter 74.39A, but continues to provide services of the type provided by boarding homes the facility's voluntary withdrawal from participation is not an acceptable basis for the transfer or discharge of residents of the facility (a) who were receiving medicaid on the day before the effective date of the withdrawal; or (b) who have been paying the facility privately for at least two years and who become eligible for medicaid within one hundred eighty days of the date of withdrawal.

(2) A boarding home that has withdrawn from the state medicaid program for residential care and services under Chapter 74.39A, must provide the following oral and written notices to prospective residents. (5) A boarding home that is providing residential care and services under Chapter 74.39A shall give the department and its residents sixty days advance notice of the facility's intent to withdraw from participation in the medicaid program.

#### MESSAGE FROM THE HOUSE

March 5, 2008

MR. PRESIDENT:

The House has passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6874, with the following amendment: 6874-S2.E AMH ENGR H5875.E

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1** A new section is added to chapter 90.90 RCW to read as follows:

(1) In 2006, the legislature enacted chapter 6, Laws of 2006, an act relating to water resource management in the Columbia river basin. In its enactment, the legislature established that a key priority of water resource management in the Columbia river basin is the development of new water supplies to meet economic and community development needs concurrent with instream flow needs.

(2) Consistent with this intent, the governor and the legislature are in agreement with the Confederated Tribes of the Colville Reservation and the Spokane Tribe of Indians to support additional releases of water from Lake Roosevelt. Because the sovereign and proprietary interests of these tribal governments are directly affected by water levels in Lake Roosevelt, the state intends to share a portion of the benefits derived from Lake Roosevelt water releases and to mitigate for any impacts such releases may have upon the tribes.

(3) These new releases of Lake Roosevelt water of approximately eighty-two thousand five hundred acre feet of water, increasing to no more than one hundred thirty-two thousand five hundred acre feet of water in drought years, will bolster the state economy and will meet the following critical needs: New surface water supplies for farmers to replace the use of diminishing groundwater in the Odessa aquifer; new water supplies for municipalities with pending water right applications; enhanced certainty for agricultural water users with water rights that are interruptible during times of drought; and water to increase flows in the river when salmon need it most.

(4) Nothing in chapter . . . , Laws of 2008 (this act) expands, impairs, or otherwise affects the existing status and sovereignty of the tribal governments involved in Lake Roosevelt water releases pursuant to this section and section 2 of this act.

**NEW SECTION. Sec. 2** A new section is added to chapter 90.90 RCW to read as follows:

(1) The Columbia river water delivery account is created in the state treasury. Moneys in the account may be spent only after appropriation. The account consists of all moneys

transferred or appropriated to the account by law. The legislature may appropriate moneys in the account:

(a) For distributions for purposes of section 1 of this act as provided in this section; and

(b) To the department of ecology for other purposes relating to implementation of sections 1 and 3 of this act.

(2) On July 1, 2008, and each July 1st thereafter for the duration of the agreements described in section 1 of this act, the state treasurer shall transfer moneys from the general fund into the Columbia river water delivery account in the amounts described in subsection (3) of this section.

(3) Subject to appropriations, on July 1, 2008, and each July 1st thereafter, the state treasurer shall distribute moneys from the Columbia river water delivery account as follows:

(a) To the Confederated Tribes of the Colville Reservation, on July 1, 2008, the sum of three million seven hundred seventy-five thousand dollars; and on July 1, 2009, the sum of three million six hundred twenty-five thousand dollars. Each July 1st thereafter for the duration of the agreement, the treasurer shall distribute an amount equal to the previous year's distribution adjusted for inflation. The inflation adjustment shall be computed using the percentage change on the implicit price deflator for personal consumption expenditures for the United States for the previous calendar year, as compiled by the bureau of economic analysis of the United States department of commerce and reported in the most recent quarterly publication of the economic and revenue forecast council or successor agency.

(b) To the Spokane Tribe of Indians, on July 1, 2008, the sum of two million two hundred fifty thousand dollars. Each July 1st thereafter for the duration of the agreement, the treasurer shall distribute an amount equal to the previous year's distribution adjusted for inflation. The inflation adjustment shall be computed using the percentage change in the consumer price index for the Washington state Seattle-Tacoma-Bremerton consolidated metropolitan statistical area for the previous calendar year as compiled by the bureau of labor statistics, United States department of labor, and reported in the most recent quarterly publication of the economic and revenue forecast council or successor agency.

(4) The state treasurer may not distribute moneys from the Columbia river water delivery account to a tribe pursuant to this section unless the director of ecology has certified in writing to the state treasurer and the legislature that the agreement with the tribes is still in effect.

**NEW SECTION. Sec. 3** A new section is added to chapter 90.90 RCW to read as follows:

(1) Because the potential impacts of water releases under agreements reached under this chapter on affected counties are unknown, the department of ecology shall, by November 15, 2009:

(a) Conduct an assessment of the potential impacts, including recommendations for mitigation, and report to appropriate committees of the legislature; and

(b) Establish a process for identifying and reporting on future impacts on the affected counties, and for making recommendations for mitigation.

(2) Within the framework of Columbia river basin water resources management under this chapter, the department of ecology shall:

(a) Provide technical assistance to help affected counties identify and develop competitive project applications to benefit both instream and out-of-stream uses;

(b) Assist affected counties in exploring options to ensure water resources are available for their current and future needs. Such options include pursuing a memorandum of understanding with the affected counties that is consistent with RCW 90.90.005 to effectuate the purposes of this section. The memorandum of understanding shall be available for public comment for a period of thirty days before being signed by the department; and

FIFTY-SEVENTH DAY, MARCH 10, 2008

2008 REGULAR SESSION

(c) Consider regional equity when making funding decisions on water supply applications.

(3) As used in this section, "affected counties" means those counties east of the crest of the Cascade mountains with an international border, or those counties east of the crest of the Cascade mountains that border both a county with an international border and a county with four hundred thousand or more residents.

NEW SECTION. Sec. 4 This act takes effect July 1, 2008.

NEW SECTION. Sec. 5 If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2008, in the omnibus appropriations act, this act is null and void."

MESSAGE FROM THE HOUSE

March 7, 2008

MR. PRESIDENT:

The House has passed SENATE BILL NO. 6332, with the following amendment: 6332 AMH ORMS H5988.5

On page 1, after line 3, insert the following:

"**NEW SECTION. Sec. 1** The legislature finds that nonprofit entities have difficulty accessing and competing for tax exempt multifamily bonds issued by the Washington state housing finance commission. In order to facilitate the use of the bonds by nonprofit entities, which will increase the availability and inventory of low-income housing, the legislature intends to provide more opportunities to increase the financial capacity of nonprofit low-income housing developers that have less ability to access the tax-exempt bond program than for-profit housing developers. The legislature finds that to meet these goals, the bond debt capacity of the Washington state housing finance commission should be increased, contingent upon the prioritization of nonprofit housing developers in accessing the program, broader objectives to promote housing density and long-term affordability, and assistance to nonprofit low-income housing developers to increase financial capacity, and therefore ability, to access the program."

Re-number the remaining section consecutively, correct any internal references accordingly, and correct the title.

On page 1, at the beginning of line 6, insert "(1)"

On page 1, after line 15, insert the following:

"(2) The debt limit established in subsection (1) of this section is increased to six billion five hundred million dollars only if sections 2 through 6 of this act take effect by June 30, 2008.

**Sec. 2** RCW 43.180.050 and 1986 c 264 s 1 are each amended to read as follows:

(1) In addition to other powers and duties prescribed in this chapter, and in furtherance of the purposes of this chapter to provide decent, safe, sanitary, and affordable housing for eligible persons, the commission is empowered to:

(a) Issue bonds in accordance with this chapter;

(b) Invest in, purchase, or make commitments to purchase or take assignments from mortgage lenders of mortgages or mortgage loans;

(c) Make loans to or deposits with mortgage lenders for the purpose of making mortgage loans; and

(d) Participate fully in federal and other governmental programs and to take such actions as are necessary and consistent with this chapter to secure to itself and the people of the state the benefits of those programs and to meet their requirements, including such actions as the commission considers appropriate in order to have the interest payments on its bonds and other obligations treated as tax exempt under the code.

(2) The commission shall establish eligibility standards for eligible persons, considering at least the following factors:

(a) Income;

(b) Family size;

(c) Cost, condition and energy efficiency of available residential housing;

(d) Availability of decent, safe, and sanitary housing;

(e) Age or infirmity; and

(f) Applicable federal, state, and local requirements.

The state auditor shall audit the books, records, and affairs of the commission annually to determine, among other things, if the use of bond proceeds complies with the general plan of housing finance objectives including compliance with the objective for the use of financing assistance ~~((for implementation of cost-effective energy efficiency measures in dwellings))~~ to increase the supply of affordable and decent housing throughout the state.

**Sec. 3** RCW 43.180.070 and 1999 c 372 s 11 and 1999 c 131 s 1 are each reenacted and amended to read as follows:

The commission shall adopt a general plan of housing finance objectives to be implemented by the commission during the period of the plan. The commission may exercise the powers authorized under this chapter prior to the adoption of the initial plan. In developing the plan, the commission shall consider and set objectives for:

(1) The use of funds for single-family and multifamily housing;

(2) The use of funds to promote increased housing density;

(3) The use of funds to promote the provision of affordable housing for the longest period of time possible;

(4) The use of funds for new construction, rehabilitation, including refinancing of existing debt, and home purchases;

~~((4))~~ (6) The use of funds in coordination with federal, state, and local housing programs for low-income persons;

~~((5))~~ (7) The use of funds in urban, rural, suburban, and special areas of the state;

~~((6))~~ (8) The use of financing assistance to stabilize and upgrade declining urban neighborhoods;

~~((7))~~ (9) The use of financing assistance for economically depressed areas, areas of minority concentration, reservations, and in mortgage-deficient areas;

~~((8))~~ (10) The geographical distribution of bond proceeds so that the benefits of the housing programs provided under this chapter will be available to address demand on a fair basis throughout the state;

~~((9))~~ (11) The use of financing assistance for implementation of cost-effective energy efficiency measures in dwellings.

The plan shall include an estimate of the amount of bonds the commission will issue during the term of the plan and how bond proceeds will be expended.

The plan shall be adopted by resolution of the commission following at least one public hearing thereon, notice of which shall be made by mailing to the clerk of the governing body of each county and by publication in the Washington State Register no more than forty and no less than twenty days prior to the hearing. **NEW SECTION. Sec. 4** A new section is added to chapter 43.180 RCW to read as follows:

FIFTY-SEVENTH DAY, MARCH 10, 2008

2008 REGULAR SESSION

The commission must adopt program guidelines to ensure that qualified applications submitted by nonprofit entities are given priority for the use of tax exempt bonds issued under this chapter for multifamily affordable housing developments.

**NEW SECTION. Sec. 5** A new section is added to chapter 43.185 RCW to read as follows:

The equity program is created in the department to facilitate nonprofit entity use of tax-exempt multifamily bonds issued by the Washington state housing finance commission. The department shall contract with the Washington state housing finance commission to administer the equity program. By December 31, 2008, and annually thereafter, the Washington state housing finance commission must report to the appropriate committees of the legislature, using performance measures, on the activities and accomplishments of the program.

**Sec. 6** RCW 84.36.560 and 2007 c 301 s 1 are each amended to read as follows:

(1) The real and personal property owned or used by a nonprofit entity in providing rental housing for very low-income households or used to provide space for the placement of a mobile home for a very low-income household within a mobile home park is exempt from taxation if:

(a) The benefit of the exemption inures to the nonprofit entity;

(b) At least seventy-five percent of the occupied dwelling units in the rental housing or lots in a mobile home park are occupied by a very low-income household; and

(c) The rental housing or lots in a mobile home park were insured, financed, or assisted in whole or in part through one or more of the following sources:

(i) A federal or state housing program administered by the department of community, trade, and economic development;

(ii) A federal housing program administered by a city or county government;

(iii) An affordable housing levy authorized under RCW 84.52.105; or

(iv) The surcharges authorized by RCW 36.22.178 and 36.22.179 and any of the surcharges authorized in chapter 43.185C RCW.

(2) If less than seventy-five percent of the occupied dwelling units within the rental housing or lots in the mobile home park are occupied by very low-income households, the rental housing or mobile home park is eligible for a partial exemption on the real property and a total exemption of the housing's or park's personal property as follows:

(a) A partial exemption shall be allowed for each dwelling unit in the rental housing or for each lot in a mobile home park occupied by a very low-income household.

(b) The amount of exemption shall be calculated by multiplying the assessed value of the property reasonably necessary to provide the rental housing or to operate the mobile home park by a fraction. The numerator of the fraction is the number of dwelling units or lots occupied by very low-income households as of December 31st of the first assessment year in which the rental housing or mobile home park becomes operational or on January 1st of each subsequent assessment year for which the exemption is claimed. The denominator of the fraction is the total number of dwelling units or lots occupied as of December 31st of the first assessment year the rental housing or mobile home park becomes operational and January 1st of each subsequent assessment year for which exemption is claimed.

(3) If a currently exempt rental housing unit in a facility with ten units or fewer or mobile home lot in a mobile home park with ten lots or fewer was occupied by a very low-income household at the time the exemption was granted and the income of the household subsequently rises above ~~((fifty percent))~~ the very low-income household threshold of the median income but remains at or below eighty percent of the median income, the exemption will continue as long as the housing continues to meet the certification requirements of a very low-income

housing program listed in subsection (1) of this section. For purposes of this section, median income, as most recently determined by the federal department of housing and urban development for the county in which the rental housing or mobile home park is located, shall be adjusted for family size. However, if a dwelling unit or a lot becomes vacant and is subsequently rerented, the income of the new household must be at or below ~~((fifty percent))~~ the very low-income household threshold of the median income adjusted for family size as most recently determined by the federal department of housing and urban development for the county in which the rental housing or mobile home park is located to remain exempt from property tax.

(4) If at the time of initial application the property is unoccupied, or subsequent to the initial application the property is unoccupied because of renovations, and the property is not currently being used for the exempt purpose authorized by this section but will be used for the exempt purpose within two assessment years, the property shall be eligible for a property tax exemption for the assessment year in which the claim for exemption is submitted under the following conditions:

(a) A commitment for financing to acquire, construct, renovate, or otherwise convert the property to provide housing for very low-income households has been obtained, in whole or in part, by the nonprofit entity claiming the exemption from one or more of the sources listed in subsection (1)(c) of this section;

(c) Only the portion of property that will be used to provide housing or lots for very low-income households shall be exempt under this section.

(5) To be exempt under this section, the property must be used exclusively for the purposes for which the exemption is granted, except as provided in RCW 84.36.805.

(6) The nonprofit entity qualifying for a property tax exemption under this section may agree to make payments to the city, county, or other political subdivision for improvements, services, and facilities furnished by the city, county, or political subdivision for the benefit of the rental housing. #### MOTION

Senator Weinstein moved that the Senate refuse to concur in the House amendment(s) to Senate Bill No. 6332 and ask the House to recede therefrom.

#### POINT OF ORDER

Senator Honeyford: "Mr. President, I believe the House amendment is outside the scope and object of the underlying bill and I have some arguments to offer on this Mr. President. Thank you Mr. President. The underlying bill did one thing and one thing only. It increased Housing Finance Commission debt up to 4.5 billion to 6.5 billion. This is reflected in the title; 'An Act relating to an increase of debt from housing finance commission.' The House amendment goes far beyond the underline bill. Amongst the new items are; additional objectives for the housing finance commission plan to increasing housing density; directing non profits for priority for the use of tax bonds; creating new equity loan program; changing the statutory income threshold for a non-profit tax exemption. Mr. President, these items were in Engrossed Second Substitute House Bill No. 3180 which was not passed off the Senate floor before cut off. The House in a floor amendment yesterday, adds those provisions to Senate Bill No. 6332. Because this amendment is beyond the scope and object of the underlying bill, Mr. President, I ask that you rule the amendment is out of order."

Senator Weinstein spoke in favor of the point of order.

#### MOTION

On motion of Senator Eide, further consideration of Senate Bill No. 6332 was deferred and the bill held its place on the concurrence calendar.

#### MESSAGE FROM THE HOUSE

(16) The secretary shall assume all duties assigned to the nonparticipating regional support networks under chapters 71.05, 71.34, and 71.24 RCW. Such responsibilities shall include those which would have been assigned to the nonparticipating counties in regions where there are not participating regional support networks.

The regional support networks, or the secretary's assumption of all responsibilities under chapters 71.05, 71.34, and 71.24 RCW, shall be included in all state and federal plans affecting the state mental health program including at least those required by this chapter, the medicaid program, and P.L. 99-660. Nothing in these plans shall be inconsistent with the intent and requirements of this chapter.

(17) The secretary shall:

responsibility for: (i) Short-term commitments; (ii) residential care; and (iii) emergency response systems.

(c) Notify regional support networks of their allocation of available resources at least sixty days prior to the start of a new biennial contract period.

(d) Deny all or part of the funding allocations to regional support networks based solely upon formal findings of noncompliance with the terms of the regional support network's contract with the department. Regional support networks disputing the decision of the secretary to withhold funding allocations are limited to the remedies provided in the department's contracts with the regional support networks.

(18) The department, in cooperation with the state congressional delegation, shall actively seek waivers of federal requirements and such modifications of federal regulations as are necessary to allow federal medicaid reimbursement for services provided by free-standing evaluation and treatment facilities certified under chapter 71.05 RCW. The department shall periodically report its efforts to the appropriate committees of the senate and the house of representatives.

**Sec. 4** RCW 71.24.300 and 2006 c 333 s 106 are each amended to read as follows:

(1) Upon the request of a tribal authority or authorities within a regional support network the joint operating agreement or the county authority shall allow for the inclusion of the tribal authority to be represented as a party to the regional support network.

(2) The roles and responsibilities of the county and tribal authorities shall be determined by the terms of that agreement including a determination of membership on the governing board and advisory committees, the number of tribal representatives to be party to the agreement, and the provisions of law and shall assure the provision of culturally competent services to the tribes served.

(3) The state mental health authority may not determine the roles and responsibilities of county authorities as to each other under regional support networks by rule, except to assure that all duties required of regional support networks are assigned and that counties and the regional support network do not duplicate functions and that a single authority has final responsibility for all available resources and performance under the regional support network's contract with the secretary.

(4) If a regional support network is a private (~~nonprofit~~) entity, the department shall allow for the inclusion of the tribal authority to be represented as a party to the regional support network.

(5) The roles and responsibilities of the private (~~nonprofit~~) entity and the tribal authorities shall be determined by the department, through negotiation with the tribal authority.

(6) Regional support networks shall submit an overall six-year operating and capital plan, timeline, and budget and submit progress reports and an updated two-year plan biennially thereafter, to assume within available resources all of the following duties:

(a) Administer and provide for the availability of all resource management services, residential services, and community support services.

(b) Administer and provide for the availability of all investigation, transportation, court-related, and other services provided by the state or counties pursuant to chapter 71.05 RCW.

(c) Provide within the boundaries of each regional support network evaluation and treatment services for at least ninety percent of persons detained or committed for periods up to seventeen days according to chapter 71.05 RCW. Regional support networks may contract to purchase evaluation and treatment services from other networks if they are unable to provide for appropriate resources within their boundaries. Insofar as the original intent of serving persons in the community is maintained, the secretary is authorized to approve exceptions on a case-by-case basis to the requirement to provide

evaluation and treatment services within the boundaries of each regional support network. Such exceptions are limited to:

(i) Contracts with neighboring or contiguous regions; or

(ii) Individuals detained or committed for periods up to seventeen days at the state hospitals at the discretion of the secretary.

(d) Administer and provide for the availability of all other mental health services, which shall include patient counseling, day treatment, consultation, education services, employment services as defined in RCW 71.24.035, and mental health services to children.

(e) Establish standards and procedures for reviewing individual service plans and determining when that person may be discharged from resource management services.

(7) A regional support network may request that any state-owned land, building, facility, or other capital asset which was ever purchased, deeded, given, or placed in trust for the care of the (~~mentally ill~~) persons with mental illness and which is within the boundaries of a regional support network be made available to support the operations of the regional support network. State agencies managing such capital assets shall give first priority to requests for their use pursuant to this chapter.

(8) Each regional support network shall appoint a mental health advisory board which shall review and provide comments on plans and policies developed under this chapter, provide local oversight regarding the activities of the regional support network, and work with the regional support network to resolve significant concerns regarding service delivery and outcomes. The department shall establish statewide procedures for the operation of regional advisory committees including mechanisms for advisory board feedback to the department regarding regional support network performance. The composition of the board shall be broadly representative of the demographic character of the region and shall include, but not be limited to, representatives of consumers and families, law enforcement, and where the county is not the regional support network, county elected officials. Composition and length of terms of board members may differ between regional support networks but shall be included in each regional support network's contract and approved by the secretary.

(9) Regional support networks shall assume all duties specified in their plans and joint operating agreements through biennial contractual agreements with the secretary.

(10) Regional support networks may receive technical assistance from the housing trust fund and may identify and submit projects for housing and housing support services to the housing trust fund established under chapter 43.185 RCW. Projects identified or submitted under this subsection must be fully integrated with the regional support network six-year operating and capital plan, timeline, and budget required by subsection (6) of this section.

**Sec. 5** RCW 71.24.320 and 2006 c 333 s 202 are each amended to read as follows:

(1) (~~The secretary shall initiate a procurement process for regional support networks in 2005. In the first step of the procurement process, existing regional support networks may respond to a request for qualifications developed by the department. The secretary shall issue the request for qualifications not later than October 1, 2005. The request for qualifications shall be based on cost-effectiveness, adequate residential and service capabilities, effective collaboration with criminal justice agencies and the chemical dependency treatment system, and the ability to provide the full array of services as stated in the mental health state plan, and shall meet all applicable federal and state regulations and standards. An existing regional support network shall be awarded the contract with the department if it substantially meets the requirements of the request for qualifications developed by the department.~~)

(2)(a)) If an existing regional support network chooses not to respond to (~~the~~) a request for qualifications, or is unable to substantially meet the requirements of (~~the~~) a request for

qualifications, or notifies the department of social and health services it will no longer serve as a regional support network, the department shall utilize a procurement process in which other entities recognized by the secretary may bid to serve as the regional support network ~~((in that region. The procurement process shall begin with a request for proposals issued March 1, 2006)).~~

~~((f))~~ (a) The request for proposal shall include a scoring factor for proposals that include additional financial resources beyond that provided by state appropriation or allocation.

~~((f))~~ Regional support networks that substantially met the requirements of the request for qualifications may bid to serve as the regional support network for other regions of the state that are subject to the request for proposal process. The proposal shall be evaluated on whether the bid meets the threshold requirement for the new region and shall not subject the regional support networks' original region to the request for proposal.

~~(b) Prior to final evaluation and scoring of the proposals all respondents will be provided with an opportunity for a detailed briefing by the department regarding the deficiencies in the proposal and shall be provided an opportunity to clarify information previously submitted.)~~

(b) The department shall provide detailed briefings to all bidders in accordance with department and state procurement policies.

(c) The request for proposal shall also include a scoring factor for proposals submitted by nonprofit entities that include a component to maximize the utilization of state provided resources and the leverage of other funds for the support of mental health services to persons with mental illness.

(2) A regional support network that voluntarily terminates, refuses to renew, or refuses to sign a mandatory amendment to its contract to act as a regional support network is prohibited from responding to a procurement under this section or serving as a regional support network for five years from the date that the department signs a contract with the entity that will serve as the regional support network.

**Sec. 6** RCW 71.24.330 and 2006 c 333 s 203 are each amended to read as follows:

(1) Contracts between a regional support network and the department shall include mechanisms for monitoring performance under the contract and remedies for failure to substantially comply with the requirements of the contract including, but not limited to, financial penalties, termination of the contract, and reprourement of the contract.

(2) The regional support network procurement processes shall encourage the preservation of infrastructure previously purchased by the community mental health service delivery system, the maintenance of linkages between other services and delivery systems, and maximization of the use of available funds for services versus profits. However, a regional support network selected through the procurement process is not required to contract for services with any county-owned or operated facility. The regional support network procurement process shall provide that public funds appropriated by the legislature shall not be used to promote or deter, encourage, or discourage employees from exercising their rights under Title 29, chapter 7, subchapter II, United States Code or chapter 41.56 RCW.

(3) In addition to the requirements of RCW 71.24.035, contracts shall:

(a) Define administrative costs and ensure that the regional support network does not exceed an administrative cost of ten percent of available funds;

(b) Require effective collaboration with law enforcement, criminal justice agencies, and the chemical dependency treatment system;

(c) Require substantial implementation of department adopted integrated screening and assessment process and matrix of best practices;

(d) Maintain the decision-making independence of designated mental health professionals;

(e) Except at the discretion of the secretary or as specified in the biennial budget, require regional support networks to pay the state for the costs associated with individuals who are being served on the grounds of the state hospitals and who are not receiving long-term inpatient care as defined in RCW 71.24.025; ~~((and))~~

(f) Include a negotiated alternative dispute resolution clause; and

(g) Include a provision requiring either party to provide the one hundred eighty days' advance notice of its intent to voluntarily terminate, refuse to renew, or refuse to sign a mandatory amendment to the contract to act as a regional support network.

(1) When a designated crisis responder receives information alleging that a person, as a result of a mental disorder, chemical dependency disorder, or both, presents a likelihood of serious harm or is gravely disabled, the designated crisis responder may, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of any person providing information to initiate detention, if satisfied that the allegations are true and that the person will not voluntarily seek appropriate treatment, file a petition for initial detention. Before filing the petition, the designated crisis responder must personally interview the person, unless the person refuses an interview, and determine whether the person will voluntarily receive appropriate evaluation and treatment at either an evaluation and treatment facility, a detoxification facility, or other certified chemical dependency provider.

(2)(a) An order to detain to an evaluation and treatment facility, a detoxification facility, or other certified chemical dependency provider for not more than a seventy-two hour evaluation and treatment period may be issued by a judge upon request of a designated crisis responder: (i) Whenever it appears to the satisfaction of a judge of the superior court, district court, or other court permitted by court rule, that there is probable cause to support the petition, and (ii) that the person has refused or failed to accept appropriate evaluation and treatment voluntarily.

(b) The petition for initial detention, signed under penalty of perjury or sworn telephonic testimony, may be considered by the court in determining whether there are sufficient grounds for issuing the order.

(c) The order shall designate retained counsel or, if counsel is appointed from a list provided by the court, the name, business address, and telephone number of the attorney appointed to represent the person.

(3) The designated crisis responder shall then serve or cause to be served on such person, his or her guardian, and conservator, if any, a copy of the order to appear, together with a notice of rights and a petition for initial detention. After service on the person, the designated crisis responder shall file the return of service in court and provide copies of all papers in the court file to the evaluation and treatment facility or secure detoxification facility and the designated attorney. The

designated crisis responder shall notify the court and the prosecuting attorney that a probable cause hearing will be held within seventy-two hours of the date and time of outpatient evaluation or admission to the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider. If requested by the detained person or his or her attorney, the hearing may be postponed for a period not to exceed forty-eight hours. The hearing may be continued subject to the petitioner's showing of good cause for a period not to exceed twenty-four hours. The person may be accompanied by one or more of his or her relatives, friends, an attorney, a personal physician, or other professional or religious advisor to the place of evaluation. An attorney accompanying the person to the place of evaluation shall be permitted to be present during the admission evaluation. Any other person accompanying the person may be present during the admission evaluation. The facility may exclude the person if his or her presence would present a safety risk, delay the proceedings, or otherwise interfere with the evaluation.

(4) The designated crisis responder may notify a peace officer to take the person or cause the person to be taken into custody and placed in an evaluation and treatment facility, a secure detoxification facility, or other certified chemical dependency provider. At the time the person is taken into custody there shall commence to be served on the person, his or her guardian, and conservator, if any, a copy of the original order together with a notice of detention, a notice of rights, and a petition for initial detention.

Costs associated with the obtaining or revocation of an order for less restrictive treatment and subsequent involuntary commitment shall be provided for within current funding.

(2) A petition for less restrictive treatment must be filed at least three days before expiration of the fourteen-day period of intensive treatment, and comport with the rules contained in RCW 70.96B.090(2). The petition shall state facts that support the finding that the respondent, as a result of a chemical dependency, presents a likelihood of serious harm or is gravely disabled, and that continued treatment pursuant to a less restrictive order is in the best interest of the respondent or others. At the time of filing such a petition, the clerk shall set a time for the respondent to come before the court on the next judicial day after the day of filing unless such appearance is waived by the respondent's attorney.

(3) At the time set for appearance the respondent must be brought before the court, unless such appearance has been waived and the court shall advise the respondent of his or her right to be represented by an attorney. If the respondent is not represented by an attorney, or is indigent or is unwilling to retain an attorney, the court shall immediately appoint an attorney to represent the respondent. The court shall, if requested, appoint a reasonably available licensed physician, psychologist, or psychiatrist, designated by the respondent to examine and testify on behalf of the respondent.

(4) The court shall conduct a hearing on the petition for sixty days less restrictive treatment on or before the last day of the confinement period. The burden of proof shall be by clear, cogent, and convincing evidence and shall be upon the

FIFTY-SEVENTH DAY, MARCH 10, 2008

petitioner. The respondent shall be present at such proceeding. The rules of evidence shall apply, and the respondent shall have the right to present evidence on his or her behalf, to cross-examine witnesses who testify against him or her, to remain silent, and to view and copy all petitions and reports in the court file. The physician-patient privilege or the psychologist-client privilege shall be deemed waived in accordance with the provisions under RCW 71.05.360(9). Involuntary treatment shall continue while a petition for less restrictive treatment is pending under this section.

(5) The court may impose a sixty-day less restrictive order if the evidence shows that the respondent, as a result of a chemical dependency, presents a likelihood of serious harm or is gravely disabled, and that continued treatment pursuant to a less restrictive order is in the best interest of the respondent or others. The less restrictive order may impose treatment conditions and other conditions which are in the best interest of the respondent and others. A copy of the less restrictive order shall be given to the respondent, the designated crisis responder, and any program designated to provide less restrictive treatment. A program designated to provide less restrictive treatment and willing to supervise the conditions of the less restrictive order may modify the conditions for continued release when the modification is in the best interests of the respondent, but must notify the designated crisis responder and the court of such modification.

(6) If a program approved by the court and willing to supervise the conditions of the less restrictive order or the designated crisis responder determines that the respondent is failing to adhere to the terms of the less restrictive order or that substantial deterioration in the respondent's functioning has occurred, then the designated crisis responder shall notify the court of original commitment and request a hearing to be held no less than two and no more than seven days after the date of the request to determine whether or not the respondent should be returned to more restrictive care. The designated crisis responder may cause the respondent to be immediately taken into custody of the secure detoxification facility pending the hearing if the alleged noncompliance causes an imminent risk to the safety of the respondent. The designated crisis responder shall file a petition with the court stating the facts substantiating the need for the hearing along with the treatment recommendations. The respondent shall have the same rights with respect to notice, hearing, and counsel as for the original involuntary treatment proceedings. The issues to be determined at the hearing are whether the conditionally released respondent did or did not adhere to the terms and conditions of his or her release to less restrictive care or that substantial deterioration of the respondent's functioning has occurred and whether the condition of release should be modified or the respondent should be returned to a more restrictive setting. The hearing may be waived by the respondent and his or her counsel and his or her guardian or conservator, if any, but may not be waived unless all such persons agree to the waiver. If court finds in favor of the petitioner, or the respondent waives a hearing, the court may order the respondent to be committed to a secure detoxification facility for fourteen days of involuntary chemical dependency treatment, or may order the respondent to be returned to less restrictive treatment on the same or modified conditions.

MESSAGE FROM THE HOUSE

March 4, 2008

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6776, with the following amendment: 6776-S.E AMH APP H5898.1

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1** The legislature finds and declares that government exists to conduct the people's business, and the people remaining informed about the actions of government contributes to the oversight of how the people's business is conducted. The legislature further finds that many public servants who expose actions of their government that are contrary to the law or public interest face the potential loss of their careers and livelihoods.

It is the policy of the legislature that employees should be encouraged to disclose, to the extent not expressly prohibited by law, improper governmental actions, and it is the intent of the legislature to protect the rights of state employees making these disclosures. It is also the policy of the legislature that employees should be encouraged to identify rules warranting review or provide information to the rules review committee, and it is the intent of the legislature to protect the rights of these employees.

This act shall be broadly construed in order to effectuate the purpose of this act.

**Sec. 2** RCW 42.40.020 and 1999 c 361 s 1 are each amended to read as follows:

As used in this chapter, the terms defined in this section shall have the meanings indicated unless the context clearly requires otherwise.

(1) "Auditor" means the office of the state auditor.

(2) "Employee" means any individual employed or holding office in any department or agency of state government.

2008 REGULAR SESSION

(3) "Good faith" means the individual providing the information or report of improper governmental activity has a reasonable basis in fact for reporting or providing the ~~((communication))~~ information. ~~((("Good faith" is lacking when the employee knows or reasonably ought to know that the report is malicious, false, or frivolous.))~~ An individual who knowingly, or reasonably ought to know, provides or reports malicious, false, or frivolous information, or information that is provided with reckless disregard for the truth, or who knowingly omits relevant information is not acting in good faith.

(4) "Gross mismanagement" means the exercise of management responsibilities in a manner grossly deviating from the standard of care or competence that a reasonable person would observe in the same situation.

(5) "Gross waste of funds" means to spend or use funds or to allow funds to be used without valuable result in a manner grossly deviating from the standard of care or competence that a reasonable person would observe in the same situation.

~~((5)) (6)~~(a) "Improper governmental action" means any action by an employee undertaken in the performance of the employee's official duties:

(i) Which is ~~((a))~~ a gross waste of public funds or resources as defined in this section;

(ii) Which is in violation of federal or state law or rule, if the violation is not merely technical or of a minimum nature; ~~((or))~~

(iii) Which is of substantial and specific danger to the public health or safety;

~~((iv))~~ Which is gross mismanagement; or

~~((v))~~ Which prevents the dissemination of scientific opinion or alters technical findings without scientifically valid justification, unless state law or a common law privilege prohibits disclosure. This provision is not meant to preclude the discretion of agency management to adopt a particular scientific opinion or technical finding from among differing opinions or technical findings to the exclusion of other scientific opinions or technical findings. Nothing in this subsection prevents or impairs a state agency's or public official's ability to manage its public resources or its employees in the performance of their official job duties. This subsection does not apply to de minimis, technical disagreements that are not relevant for otherwise improper governmental activity. Nothing in this provision requires the auditor to contract or consult with external experts regarding the scientific validity, invalidity, or justification of a finding or opinion.

(b) "Improper governmental action" does not include personnel actions, for which other remedies exist, including but not limited to employee grievances, complaints, appointments, promotions, transfers, assignments, reassignments, reinstatements, restorations, reemployments, performance evaluations, reductions in pay, dismissals, suspensions, demotions, violations of the state civil service law, alleged labor agreement violations, reprimands, claims of discriminatory treatment, or any action which may be taken under chapter 41.06 RCW, or other disciplinary action except as provided in RCW 42.40.030.

~~((6)) (7)~~ "Public official" means the attorney general's designee or designees; an appropriate number of individuals designated to receive whistleblower reports by the head of each agency; or the executive ethics board.

(8) "Substantial and specific danger" means a risk of serious injury, illness, peril, or loss, to which the exposure of the public is a gross deviation from the standard of care or competence which a reasonable person would observe in the same situation.

~~((7)) (9)~~ "Use of official authority or influence" includes threatening, taking, directing others to take, recommending, processing, or approving any personnel action such as an appointment, promotion, transfer, assignment including but not limited to duties and office location, reassignment, reinstatement, restoration, reemployment, performance evaluation, determining any material changes in pay, provision of training or benefits, tolerance of a hostile work environment,

FIFTY-SEVENTH DAY, MARCH 10, 2008

or any adverse action under chapter 41.06 RCW, or other disciplinary action.

~~((8))~~ (10)(a) "Whistleblower" means:

(i) An employee who in good faith reports alleged improper governmental action to the auditor or other public official, as defined in subsection (7) of this section, initiating an investigation by the auditor under RCW 42.40.040; or

(ii) An employee who is perceived by the employer as reporting, whether they did or not, alleged improper governmental action to the auditor or other public official, as defined in subsection (7) of this section, initiating an investigation by the auditor under RCW 42.40.040.

(b) For purposes of the provisions of this chapter and chapter 49.60 RCW relating to reprisals and retaliatory action, the term "whistleblower" also means:

~~((8))~~ (i) An employee who in good faith provides information to the auditor or other public official, as defined in subsection (7) of this section, in connection with an investigation under RCW 42.40.040 and an employee who is believed to have reported asserted improper governmental action to the auditor or other public official, as defined in subsection (7) of this section, or to have provided information to the auditor or other public official, as defined in subsection (7) of this section, in connection with an investigation under RCW 42.40.040 but who, in fact, has not reported such action or provided such information; or

~~((8))~~ (ii) An employee who in good faith identifies rules warranting review or provides information to the rules review committee, and an employee who is believed to have identified rules warranting review or provided information to the rules review committee but who, in fact, has not done so.

Sec. 3 RCW 42.40.030 and 1995 c 403 s 510 are each amended to read as follows:

(1) An employee shall not directly or indirectly use or attempt to use the employee's official authority or influence for the purpose of intimidating, threatening, coercing, commanding, influencing, or attempting to intimidate, threaten, coerce, command, or influence any individual for the purpose of interfering with the right of the individual to: (a) Disclose to the auditor (or representative thereof) or other public official, as defined in RCW 42.40.020, information concerning improper governmental action; or (b) identify rules warranting review or provide information to the rules review committee.

(2) Nothing in this section authorizes an individual to disclose information otherwise prohibited by law, except to the extent that information is necessary to substantiate the whistleblower complaint, in which case information may be disclosed to the auditor or public official, as defined in RCW 42.40.020, by the whistleblower for the limited purpose of providing information related to the complaint. Any information provided to the auditor or public official under the authority of this subsection may not be further disclosed.

Sec. 4 RCW 42.40.040 and 1999 c 361 s 3 are each amended to read as follows:

(1)(a) In order to be investigated, an assertion of improper governmental action must be provided to the auditor or other public official within one year after the occurrence of the asserted improper governmental action. The public official, as defined in RCW 42.40.020, receiving an assertion of improper governmental action must report the assertion to the auditor within fifteen calendar days of receipt of the assertion. The auditor retains sole authority to investigate an assertion of improper governmental action including those made to a public official. A failure of the public official to report the assertion to the auditor within fifteen days does not impair the rights of the whistleblower.

(b) Except as provided under RCW 42.40.910 for legislative and judicial branches of government, the auditor has the authority to determine whether to investigate any assertions received. In determining whether to conduct either a preliminary or further investigation, the auditor shall consider

2008 REGULAR SESSION

factors including, but not limited to: The nature and quality of evidence and the existence of relevant laws and rules; whether the action was isolated or systematic; the history of previous assertions regarding the same subject or subjects or subject matter; whether other avenues are available for addressing the matter; whether the matter has already been investigated or is in litigation; the seriousness or significance of the asserted improper governmental action; and the cost and benefit of the investigation. The auditor has the sole discretion to determine the priority and weight given to these and other relevant factors and to decide whether a matter is to be investigated. The auditor shall document the factors considered and the analysis applied.

(c) The auditor also has the authority to investigate assertions of improper governmental actions as part of an audit conducted under chapter 43.09 RCW. The auditor shall document the reasons for handling the matter as part of such an audit.

(2) Subject to subsection (5)(c) of this section, the identity or identifying characteristics of a whistleblower is confidential at all times unless the whistleblower consents to disclosure by written waiver or by acknowledging his or her identity in a claim against the state for retaliation. In addition, the identity or identifying characteristics of any person who in good faith provides information in an investigation under this section is confidential at all times, unless the person consents to disclosure by written waiver or by acknowledging his or her identity as a witness who provides information in an investigation.

(3) Upon receiving specific information that an employee has engaged in improper governmental action, the auditor shall, within ~~((five))~~ fifteen working days of receipt of the information, mail written acknowledgement to the whistleblower at the address provided stating whether a preliminary investigation will be conducted. For a period not to exceed ~~((thirty))~~ sixty working days from receipt of the assertion, the auditor shall conduct such preliminary investigation of the matter as the auditor deems appropriate.

(4) In addition to the authority under subsection (3) of this section, the auditor may, on its own initiative, investigate incidents of improper state governmental action.

(5)(a) If it appears to the auditor, upon completion of the preliminary investigation, that the matter is so unsubstantiated that no further investigation, prosecution, or administrative action is warranted, the auditor shall so notify the whistleblower summarizing where the allegations are deficient, and provide a reasonable opportunity to reply. Such notification may be by electronic means.

(b) The written notification shall contain a summary of the information received and of the results of the preliminary investigation with regard to each assertion of improper governmental action.

(c) In any case to which this section applies, the identity or identifying characteristics of the whistleblower shall be kept confidential unless the auditor determines that the information has been provided other than in good faith. If the auditor makes such a determination, the auditor shall provide reasonable advance notice to the employee.

(d) With the agency's consent, the auditor may forward the assertions to an appropriate agency to investigate and report back to the auditor no later than sixty working days after the assertions are received from the auditor. The auditor is entitled to all investigative records resulting from such a referral. All procedural and confidentiality provisions of this chapter apply to investigations conducted under this subsection. The auditor shall document the reasons the assertions were referred.

(6) During the preliminary investigation, the auditor shall provide written notification of the nature of the assertions to the subject or subjects of the investigation and the agency head. The notification shall include the relevant facts and laws known at the time and the procedure for the subject or subjects of the investigation and the agency head to respond to the assertions and information obtained during the investigation. This

FIFTY-SEVENTH DAY, MARCH 10, 2008

notification does not limit the auditor from considering additional facts or laws which become known during further investigation.

~~((7))~~(a) If it appears to the auditor after completion of the preliminary investigation that further investigation, prosecution, or administrative action is warranted, the auditor shall so notify the whistleblower, the subject or subjects of the investigation, and the agency head and either conduct a further investigation or issue a report under subsection ~~((10))~~ (9) of this section.

(b) If the preliminary investigation resulted from an anonymous assertion, a decision to conduct further investigation shall be subject to review by a three-person panel convened as necessary by the auditor prior to the commencement of any additional investigation. The panel shall include a state auditor representative knowledgeable of the subject agency operations, a citizen volunteer, and a representative of the attorney general's office. This group shall be briefed on the preliminary investigation and shall recommend whether the auditor should proceed with further investigation.

(c) If further investigation is to occur, the auditor shall provide written notification of the nature of the assertions to the subject or subjects of the investigation and the agency head. The notification shall include the relevant facts known at the time and the procedure to be used by the subject or subjects of the investigation and the agency head to respond to the assertions and information obtained during the investigation.

~~((8))~~ (7) Within sixty working days after the preliminary investigation period in subsection (3) of this section, the auditor shall complete the investigation and report its findings to the whistleblower unless written justification for the delay is furnished to the whistleblower, agency head, and subject or subjects of the investigation. In all such cases, the report of the auditor's investigation and findings shall be sent to the whistleblower within one year after the information was filed under subsection (3) of this section.

~~((9))~~ (8)(a) At any stage of an investigation under this section the auditor may require by subpoena the attendance and testimony of witnesses and the production of documentary or other evidence relating to the investigation at any designated place in the state. The auditor may issue subpoenas, administer oaths, examine witnesses, and receive evidence. In the case of contumacy or failure to obey a subpoena, the superior court for the county in which the person to whom the subpoena is addressed resides or is served may issue an order requiring the person to appear at any designated place to testify or to produce documentary or other evidence. Any failure to obey the order of the court may be punished by the court as a contempt thereof.

(b) The auditor may order the taking of depositions at any stage of a proceeding or investigation under this chapter. Depositions shall be taken before an individual designated by the auditor and having the power to administer oaths. Testimony shall be reduced to writing by or under the direction of the individual taking the deposition and shall be subscribed by the deponent.

(c) Agencies shall cooperate fully in the investigation and shall take appropriate action to preclude the destruction of any evidence during the course of the investigation.

(d) During the investigation the auditor shall interview each subject of the investigation. If it is determined there is reasonable cause to believe improper governmental action has occurred, the subject or subjects and the agency head shall be given fifteen working days to respond to the assertions prior to the issuance of the final report.

~~((10))~~ (9)(a) If the auditor determines there is reasonable cause to believe an employee has engaged in improper governmental action, the auditor shall report, to the extent allowable under existing public disclosure laws, the nature and details of the activity to:

(i) The subject or subjects of the investigation and the head of the employing agency; ~~((and))~~

(ii) If appropriate, the attorney general or such other authority as the auditor determines appropriate;

(iii) Electronically to the governor, secretary of the senate, and chief clerk of the house of representatives; and

(iv) Except for information whose release is specifically prohibited by statute or executive order, the public through the public file of whistleblower reports maintained by the auditor.

(b) The auditor has no enforcement power except that in any case in which the auditor submits an investigative report containing reasonable cause determinations to the agency, the agency shall send its plan for resolution to the auditor within fifteen working days of having received the report. The agency is encouraged to consult with the subject or subjects of the investigation in establishing the resolution plan. The auditor may require periodic reports of agency action until all resolution has occurred. If the auditor determines that appropriate action has not been taken, the auditor shall report the determination to the governor and to the legislature and may include this determination in the agency audit under chapter 43.09 RCW.

~~((11))~~ (10) Once the auditor concludes that appropriate action has been taken to resolve the matter, the auditor shall so notify the whistleblower, the agency head, and the subject or subjects of the investigation. If the resolution takes more than one year, the auditor shall provide annual notification of its status to the whistleblower, agency head, and subject or subjects of the investigation.

~~((12))~~ (11) Failure to cooperate with such audit or investigation, or retaliation against anyone who assists the auditor by engaging in activity protected by this chapter shall be reported as a separate finding with recommendations for corrective action in the associated report whenever it occurs.

(12) This section does not limit any authority conferred upon the attorney general or any other agency of government to investigate any matter.

**Sec. 5** RCW 42.40.070 and 1989 c 284 s 5 are each amended to read as follows:

A written summary of this chapter and procedures for reporting improper governmental actions established by the auditor's office shall be made available by each department or agency of state government to each employee upon entering public employment. Such notices may be in agency internal newsletters, included with paychecks or stubs, sent via electronic mail to all employees, or sent by other means that are cost-effective and reach all employees of the government level, division, or subdivision. Employees shall be notified by each department or agency of state government each year of the procedures and protections under this chapter. The annual notices shall include a list of public officials, as defined in RCW 42.40.020, authorized to receive whistleblower reports. The list of public officials authorized to receive whistleblower reports shall also be prominently displayed in all agency offices.

**Sec. 6** RCW 42.40.050 and 1999 c 283 s 1 are each amended to read as follows:

(1)(a) Any person who is a whistleblower, as defined in RCW 42.40.020, and who has been subjected to workplace reprisal or retaliatory action is presumed to have established a cause of action for the remedies provided under chapter 49.60 RCW.

(b) For the purpose of this section, "reprisal or retaliatory action" means, but is not limited to, any of the following:

~~((a))~~ (i) Denial of adequate staff to perform duties;

~~((b))~~ (ii) Frequent staff changes;

~~((c))~~ (iii) Frequent and undesirable office changes;

~~((d))~~ (iv) Refusal to assign meaningful work;

~~((e))~~ (v) Unwarranted and unsubstantiated letters of reprimand or unsatisfactory performance evaluations;

~~((f))~~ (vi) Demotion;

~~((g))~~ (vii) Reduction in pay;

~~((h))~~ (viii) Denial of promotion;

~~((i))~~ (ix) Suspension;

~~((j))~~ (x) Dismissal;

FIFTY-SEVENTH DAY, MARCH 10, 2008

2008 REGULAR SESSION

~~((#))~~ (xi) Denial of employment;  
~~((#))~~ (xii) A supervisor or superior behaving in or encouraging coworkers to behave in a hostile manner toward the whistleblower; ~~(and~~  
~~(m))~~ (xiii) A change in the physical location of the employee's workplace or a change in the basic nature of the employee's job, if either are in opposition to the employee's expressed wish;  
 (xiv) Issuance of or attempt to enforce any nondisclosure policy or agreement in a manner inconsistent with prior practice;  
or  
 (xv) Any other action that is inconsistent compared to actions taken before the employee engaged in conduct protected by this chapter, or compared to other employees who have not engaged in conduct protected by this chapter.

(2) The agency presumed to have taken retaliatory action under subsection (1) of this section may rebut that presumption by proving by a preponderance of the evidence that there have been a series of documented personnel problems or a single, egregious event, or that the agency action or actions were justified by reasons unrelated to the employee's status as a whistleblower and that improper motive was not a substantial factor.

(3) Nothing in this section prohibits an agency from making any decision exercising its authority to terminate, suspend, or discipline an employee who engages in workplace reprisal or retaliatory action against a whistleblower. However, the agency also shall implement any order under chapter 49.60 RCW (other than an order of suspension if the agency has terminated the retaliator).

**Sec. 7** RCW 49.60.230 and 1993 c 510 s 21 and 1993 c 69 s 11 are each reenacted and amended to read as follows:

(1) Who may file a complaint:

(a) Any person claiming to be aggrieved by an alleged unfair practice may, personally or by his or her attorney, make, sign, and file with the commission a complaint in writing under oath or by declaration. The complaint shall state the name of the person alleged to have committed the unfair practice and the particulars thereof, and contain such other information as may be required by the commission.

(b) Whenever it has reason to believe that any person has been engaged or is engaging in an unfair practice, the commission may issue a complaint.

(c) Any employer or principal whose employees, or agents, or any of them, refuse or threaten to refuse to comply with the provisions of this chapter may file with the commission a written complaint under oath or by declaration asking for assistance by conciliation or other remedial action.

(2) Any complaint filed pursuant to this section must be so filed within six months after the alleged act of discrimination except that complaints alleging an unfair practice in a real estate transaction pursuant to RCW 49.60.222 through 49.60.225 must be so filed within one year after the alleged unfair practice in a real estate transaction has occurred or terminated and a complaint alleging whistleblower retaliation must be filed within two years.

**Sec. 8** RCW 49.60.250 and 1993 c 510 s 23 and 1993 c 69 s 14 are each reenacted and amended to read as follows:

(1) In case of failure to reach an agreement for the elimination of such unfair practice, and upon the entry of findings to that effect, the entire file, including the complaint and any and all findings made, shall be certified to the chairperson of the commission. The chairperson of the commission shall thereupon request the appointment of an administrative law judge under Title 34 RCW to hear the complaint and shall cause to be issued and served in the name of the commission a written notice, together with a copy of the complaint, as the same may have been amended, requiring the respondent to answer the charges of the complaint at a hearing before the administrative law judge, at a time and place to be specified in such notice.

(2) The place of any such hearing may be the office of the commission or another place designated by it. The case in support of the complaint shall be presented at the hearing by counsel for the commission: PROVIDED, That the complainant may retain independent counsel and submit testimony and be fully heard. No member or employee of the commission who previously made the investigation or caused the notice to be issued shall participate in the hearing except as a witness, nor shall the member or employee participate in the deliberations of the administrative law judge in such case. Any endeavors or negotiations for conciliation shall not be received in evidence.

(3) The respondent shall file a written answer to the complaint and appear at the hearing in person or otherwise, with or without counsel, and submit testimony and be fully heard. The respondent has the right to cross-examine the complainant.

(4) The administrative law judge conducting any hearing may permit reasonable amendment to any complaint or answer. Testimony taken at the hearing shall be under oath and recorded.

(5) If, upon all the evidence, the administrative law judge finds that the respondent has engaged in any unfair practice, the administrative law judge shall state findings of fact and shall issue and file with the commission and cause to be served on such respondent an order requiring such respondent to cease and desist from such unfair practice and to take such affirmative action, including, (but not limited to) hiring, reinstatement or upgrading of employees, with or without back pay, an admission or restoration to full membership rights in any respondent organization, or to take such other action as, in the judgment of the administrative law judge, will effectuate the purposes of this chapter, including action that could be ordered by a court, except that damages for humiliation and mental suffering shall not exceed ~~(ten)~~ twenty thousand dollars, and including a requirement for report of the matter on compliance. Relief available for violations of RCW 49.60.222 through 49.60.224 shall be limited to the relief specified in RCW 49.60.225.

(6) If a determination is made that retaliatory action, as defined in RCW 42.40.050, has been taken against a whistleblower, as defined in RCW 42.40.020, the administrative law judge may, in addition to any other remedy, require restoration of benefits, back pay, and any increases in compensation that would have occurred, with interest; impose a civil penalty upon the retaliator of up to ~~(three)~~ five thousand dollars; and issue an order to the state employer to suspend the retaliator for up to thirty days without pay. At a minimum, the administrative law judge shall require that a letter of reprimand be placed in the retaliator's personnel file. No agency shall issue any nondisclosure order or policy, execute any nondisclosure agreement, or spend any funds requiring information that is public under the public records act, chapter 42.56 RCW, be kept confidential; except that nothing in this section shall affect any state or federal law requiring information be kept confidential. All penalties recovered shall be paid into the state treasury and credited to the general fund.

(7) The final order of the administrative law judge shall include a notice to the parties of the right to obtain judicial review of the order by appeal in accordance with the provisions of RCW 34.05.510 through 34.05.598, and that such appeal must be served and filed within thirty days after the service of the order on the parties.

(8) If, upon all the evidence, the administrative law judge finds that the respondent has not engaged in any alleged unfair practice, the administrative law judge shall state findings of fact and shall similarly issue and file an order dismissing the complaint.

(9) An order dismissing a complaint may include an award of reasonable attorneys' fees in favor of the respondent if the administrative law judge concludes that the complaint was frivolous, unreasonable, or groundless.

(10) The commission shall establish rules of practice to govern, expedite, and effectuate the foregoing procedure.

#### MESSAGE FROM THE HOUSE

March 6, 2008

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6792, with the following amendment: 6792-S.E AMH ENGR H5951.E

Strike everything after the enacting clause and insert the following:

"Sec. 1 RCW 13.34.215 and 2007 c 413 s 1 are each amended to read as follows:

(1) A child may petition the juvenile court to reinstate the previously terminated parental rights of his or her parent under the following circumstances:

(a) The child was previously found to be a dependent child under this chapter;

(b) The child's parent's rights were terminated in a proceeding under this chapter;

(c) The child has not achieved his or her permanency plan within three years of a final order of termination ~~((, or if the final order was appealed, within three years of exhaustion of any right to appeal the order terminating parental rights))~~; and

(d) ~~((Absent good cause,))~~ The child must be at least twelve years old at the time the petition is filed. Upon the child's motion for good cause shown, or on its own motion, the court may hear a petition filed by a child younger than twelve years old.

(2) A child seeking to petition under this section shall be provided counsel at no cost to the child.

(3) The petition must be signed by the child in the absence of a showing of good cause as to why the child could not do so.

(4) If, after a threshold hearing to consider the parent's apparent fitness and interest in reinstatement of parental rights, ~~((it appears))~~ the court finds by a preponderance of the evidence that the best interests of the child may be served by reinstatement of parental rights, the juvenile court shall order that a hearing on the merits of the petition be held.

(5) The court shall give prior notice for any proceeding under this section, or cause prior notice to be given, to the department, the child's attorney, and the child. The court shall also order the department to give prior notice of any hearing to the child's former parent whose parental rights are the subject of the petition, any parent whose rights have not been terminated, the child's current foster parent, relative caregiver, guardian or custodian, and the child's tribe, if applicable.

(6) The juvenile court shall conditionally grant the petition if it finds by clear and convincing evidence that the child has not achieved his or her permanency plan and is not likely to imminently achieve his or her permanency plan and that reinstatement of parental rights is in the child's best interest. In determining whether reinstatement is in the child's best interest the court shall consider, but is not limited to, the following:

(a) Whether the parent whose rights are to be reinstated is a fit parent and has remedied his or her deficits as provided in the record of the prior termination proceedings and prior termination order;

(b) The age and maturity of the child, and the ability of the child to express his or her preference;

(c) Whether the reinstatement of parental rights will present a risk to the child's health, welfare, or safety; and

(d) Other material changes in circumstances, if any, that may have occurred which warrant the granting of the petition.

(7) In determining whether the child has or has not achieved his or her permanency plan or whether the child is likely to achieve his or her permanency plan, the department shall provide the court, and the court shall review, information related to any efforts to achieve the permanency plan including efforts to achieve adoption or a permanent guardianship.

(8)(a) If the court conditionally grants the petition under subsection (6) of this section, the case will be continued for six months and a temporary order of reinstatement entered. During this period, the child shall be placed in the custody of the parent. The department shall develop a permanency plan for the child reflecting the plan to be reunification and shall provide transition services to the family as appropriate.

(b) If the child must be removed from the parent due to abuse or neglect allegations prior to the expiration of the conditional six-month period, the court shall dismiss the petition for reinstatement of parental rights if the court finds the allegations have been proven by a preponderance of the evidence.

(c) If the child has been successfully placed with the parent for six months, the court order reinstating parental rights remains in effect and the court shall dismiss the dependency.

(9) After the child has been placed with the parent for six months, the court shall hold a hearing. If the placement with the parent has been successful, the court shall enter a final order of reinstatement of parental rights, which shall restore all rights, powers, privileges, immunities, duties, and obligations of the parent as to the child, including those relating to custody, control, and support of the child. The court shall dismiss the dependency and direct the clerk's office to provide a certified copy of the final order of reinstatement of parental rights to the parent at no cost.

(10) The granting of the petition under this section does not vacate or otherwise affect the validity of the original termination order.

~~((+0))~~ (11) Any parent whose rights are reinstated under this section shall not be liable for any child support owed to the department pursuant to RCW 13.34.160 or Title 26 RCW or

FIFTY-SEVENTH DAY, MARCH 10, 2008

2008 REGULAR SESSION

costs of other services provided to a child for the time period from the date of termination of parental rights to the date parental rights are reinstated.

~~((11))~~ (12) A proceeding to reinstate parental rights is a separate action from the termination of parental rights proceeding and does not vacate the original termination of parental rights. An order granted under this section reinstates the parental rights to the child. This reinstatement is a recognition that the situation of the parent and child have changed since the time of the termination of parental rights and reunification is now appropriate.

~~((12))~~ (13) This section is retroactive and applies to any child who is under the jurisdiction of the juvenile court at the time of the hearing regardless of the date parental rights were terminated.

(14) The state, the department, and its employees are not liable for civil damages resulting from any act or omission in the provision of services under this section, unless the act or omission constitutes gross negligence. This section does not create any duty and shall not be construed to create a duty where none exists. This section does not create a cause of action against the state, the department, or its employees concerning the original termination.

Sec. 2 RCW 13.34.065 and 2007 c 413 s 5 are each amended to read as follows:

(1)(a) When a child is taken into custody, the court shall hold a shelter care hearing within seventy-two hours, excluding Saturdays, Sundays, and holidays. The primary purpose of the shelter care hearing is to determine whether the child can be immediately and safely returned home while the adjudication of the dependency is pending.

(b) Any parent, guardian, or legal custodian who for good cause is unable to attend the shelter care hearing may request that a subsequent shelter care hearing be scheduled. The request shall be made to the clerk of the court where the petition is filed prior to the initial shelter care hearing. Upon the request of the parent, the court shall schedule the hearing within seventy-two hours of the request, excluding Saturdays, Sundays, and holidays. The clerk shall notify all other parties of the hearing by any reasonable means.

(2)(a) The department of social and health services shall submit a recommendation to the court as to the further need for shelter care in all cases in which it is the petitioner. In all other cases, the recommendation shall be submitted by the juvenile court probation counselor.

(b) All parties have the right to present testimony to the court regarding the need or lack of need for shelter care.

(c) Hearsay evidence before the court regarding the need or lack of need for shelter care must be supported by sworn testimony, affidavit, or declaration of the person offering such evidence.

(3)(a) At the commencement of the hearing, the court shall notify the parent, guardian, or custodian of the following:

(i) The parent, guardian, or custodian has the right to a shelter care hearing;

(ii) The nature of the shelter care hearing, the rights of the parents, and the proceedings that will follow; and

(iii) If the parent, guardian, or custodian is not represented by counsel, the right to be represented. If the parent, guardian, or custodian is indigent, the court shall appoint counsel as provided in RCW 13.34.090; and

(b) If a parent, guardian, or legal custodian desires to waive the shelter care hearing, the court shall determine, on the record and with the parties present, whether such waiver is knowing and voluntary. A parent may not waive his or her right to the shelter care hearing unless he or she appears in court and the court determines that the waiver is knowing and voluntary. Regardless of whether the court accepts the parental waiver of the shelter care hearing, the court must provide notice to the parents of their rights required under (a) of this subsection and make the finding required under subsection (4) of this section.

(4) At the shelter care hearing the court shall examine the need for shelter care and inquire into the status of the case. The paramount consideration for the court shall be the health, welfare, and safety of the child. At a minimum, the court shall inquire into the following:

(a) Whether the notice required under RCW 13.34.062 was given to all known parents, guardians, or legal custodians of the child. The court shall make an express finding as to whether the notice required under RCW 13.34.062 was given to the parent, guardian, or legal custodian. If actual notice was not given to the parent, guardian, or legal custodian and the whereabouts of such person is known or can be ascertained, the court shall order the supervising agency or the department of social and health services to make reasonable efforts to advise the parent, guardian, or legal custodian of the status of the case, including the date and time of any subsequent hearings, and their rights under RCW 13.34.090;

(b) Whether the child can be safely returned home while the adjudication of the dependency is pending;

(c) What efforts have been made to place the child with a relative;

(d) What services were provided to the family to prevent or eliminate the need for removal of the child from the child's home;

(e) Is the placement proposed by the agency the least disruptive and most family-like setting that meets the needs of the child;

(f) Whether it is in the best interest of the child to remain enrolled in the school, developmental program, or child care the child was in prior to placement and what efforts have been made to maintain the child in the school, program, or child care if it would be in the best interest of the child to remain in the same school, program, or child care;

(g) Appointment of a guardian ad litem or attorney;

(h) Whether the child is or may be an Indian child as defined in 25 U.S.C. Sec. 1903, whether the provisions of the Indian child welfare act apply, and whether there is compliance with the Indian child welfare act, including notice to the child's tribe;

(i) Whether, as provided in RCW 26.44.063, restraining orders, or orders expelling an allegedly abusive ~~(parent)~~ household member from the home of a nonabusive parent, guardian, or legal custodian, will allow the child to safely remain in the home;

(j) Whether any orders for examinations, evaluations, or immediate services are needed. ~~((However))~~ The court may not order a parent to undergo examinations, evaluation, or services at the shelter care hearing unless the parent agrees to the examination, evaluation, or service, except that if the court determines there is reasonable cause to believe the abuse of alcohol or controlled substances or unmet mental health needs are contributing factors to the alleged abuse or neglect or inability to properly provide care for the child, the court may order the parent to participate in a comprehensive chemical dependency or mental health evaluation as arranged by the department;

(k) The terms and conditions for parental, sibling, and family visitation.

(5)(a) The court shall release a child alleged to be dependent to the care, custody, and control of the child's parent, guardian, or legal custodian unless the court finds there is reasonable cause to believe that:

(i) After consideration of the specific services that have been provided, reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home; and

(ii)(A) The child has no parent, guardian, or legal custodian to provide supervision and care for such child; or

(B) The release of such child would present a serious threat of substantial harm to such child, notwithstanding an order entered pursuant to RCW 26.44.063; or

FIFTY-SEVENTH DAY, MARCH 10, 2008

(C) The parent, guardian, or custodian to whom the child could be released has been charged with violating RCW 9A.40.060 or 9A.40.070.

(b) If the court does not release the child to his or her parent, guardian, or legal custodian, ~~((and the child was initially placed with a relative pursuant to RCW 13.34.060(1);))~~ the court shall order ~~((continued))~~ placement with a relative, unless there is reasonable cause to believe the health, safety, or welfare of the child would be jeopardized or that the efforts to reunite the parent and child will be hindered. The relative must be willing and available to:

(i) Care for the child and be able to meet any special needs of the child;

(ii) Facilitate the child's visitation with siblings, if such visitation is part of the supervising agency's plan or is ordered by the court; and

(iii) Cooperate with the department in providing necessary background checks and home studies.

(c) If the child was not initially placed with a relative, and the court does not release the child to his or her parent, guardian, or legal custodian, the supervising agency shall make reasonable efforts to locate a relative pursuant to RCW 13.34.060(1).

(d) If a relative is not available, the court shall order continued shelter care or order placement with another suitable person, and the court shall set forth its reasons for the order. If the court orders placement of the child with a person not related to the child and not licensed to provide foster care, the placement is subject to all terms and conditions of this section that apply to relative placements.

(e) Any placement with a relative, or other person approved by the court pursuant to this section, shall be contingent upon cooperation with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order is grounds for removal of the child from the home of the relative or other person, subject to review by the court.

(f) Uncertainty by a parent, guardian, legal custodian, relative, or other suitable person that the alleged abuser has in fact abused the child shall not, alone, be the basis upon which a child is removed from the care of a parent, guardian, or legal custodian under (a) of this subsection, nor shall it be a basis, alone, to preclude placement with a relative under (b) of this subsection or with another suitable person under (d) of this subsection.

(6)(a) A shelter care order issued pursuant to this section shall include the requirement for a case conference as provided in RCW 13.34.067. However, if the parent is not present at the shelter care hearing, or does not agree to the case conference, the court shall not include the requirement for the case conference in the shelter care order.

(b) If the court orders a case conference, the shelter care order shall include notice to all parties and establish the date, time, and location of the case conference which shall be no later than thirty days before the fact-finding hearing.

(c) The court may order another conference, case staffing, or hearing as an alternative to the case conference required under RCW 13.34.067 so long as the conference, case staffing, or hearing ordered by the court meets all requirements under RCW 13.34.067, including the requirement of a written agreement specifying the services to be provided to the parent.

(7)(a) A shelter care order issued pursuant to this section may be amended at any time with notice and hearing thereon. The shelter care decision of placement shall be modified only upon a showing of change in circumstances. No child may be placed in shelter care for longer than thirty days without an order, signed by the judge, authorizing continued shelter care.

(b)(i) An order releasing the child on any conditions specified in this section may at any time be amended, with

2008 REGULAR SESSION

notice and hearing thereon, so as to return the child to shelter care for failure of the parties to conform to the conditions originally imposed.

(ii) The court shall consider whether nonconformance with any conditions resulted from circumstances beyond the control of the parent, guardian, or legal custodian and give weight to that fact before ordering return of the child to shelter care.

(8)(a) If a child is returned home from shelter care a second time in the case, or if the supervisor of the caseworker deems it necessary, the multidisciplinary team may be reconvened.

(b) If a child is returned home from shelter care a second time in the case a law enforcement officer must be present and file a report to the department.

**Sec. 3** RCW 13.34.136 and 2007 c 413 s 7 are each amended to read as follows:

(1) Whenever a child is ordered removed from the home, a permanency plan shall be developed no later than sixty days from the time the supervising agency assumes responsibility for providing services, including placing the child, or at the time of a hearing under RCW 13.34.130, whichever occurs first. The permanency planning process continues until a permanency planning goal is achieved or dependency is dismissed. The planning process shall include reasonable efforts to return the child to the parent's home.

(2) The agency supervising the dependency shall submit a written permanency plan to all parties and the court not less than fourteen days prior to the scheduled hearing. Responsive reports of parties not in agreement with the supervising agency's proposed permanency plan must be provided to the supervising agency, all other parties, and the court at least seven days prior to the hearing.

The permanency plan shall include:

(a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption; guardianship; permanent legal custody; long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; successful completion of a responsible living skills program; or independent living, if appropriate and if the child is age sixteen or older. The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW;

(b) Unless the court has ordered, pursuant to RCW 13.34.130~~((+4))~~ (5), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, what steps the agency will take to promote existing appropriate sibling relationships and/or facilitate placement together or contact in accordance with the best interests of each child, and what actions the agency will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(i) The agency plan shall specify what services the parents will be offered to enable them to resume custody, what requirements the parents must meet to resume custody, and a time limit for each service plan and parental requirement.

(ii) Visitation is the right of the family, including the child and the parent, in cases in which visitation is in the best interest of the child. Early, consistent, and frequent visitation is crucial for maintaining parent-child relationships and making it possible for parents and children to safely reunify. The agency shall encourage the maximum parent and child and sibling contact possible, when it is in the best interest of the child, including regular visitation and participation by the parents in the care of the child while the child is in placement. Visitation shall not be limited as a sanction for a parent's failure to comply with court orders or services where the health, safety, or welfare of the child is not at risk as a result of the visitation. Visitation may be limited or denied only if the court determines that such

FIFTY-SEVENTH DAY, MARCH 10, 2008

2008 REGULAR SESSION

limitation or denial is necessary to protect the child's health, safety, or welfare. The court and the agency should rely upon community resources, relatives, foster parents, and other appropriate persons to provide transportation and supervision for visitation to the extent that such resources are available, and appropriate, and the child's safety would not be compromised.

(iii) A child shall be placed as close to the child's home as possible, preferably in the child's own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parents' well-being.

(iv) The plan shall state whether both in-state and, where appropriate, out-of-state placement options have been considered by the department.

(v) Unless it is not in the best interests of the child, whenever practical, the plan should ensure the child remains enrolled in the school the child was attending at the time the child entered foster care.

(vi) The agency charged with supervising a child in placement shall provide all reasonable services that are available within the agency, or within the community, or those services which the department has existing contracts to purchase. It shall report to the court if it is unable to provide such services; and

(c) If the court has ordered, pursuant to RCW 13.34.130((4)) (5), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The agency shall not be required to develop a plan of services for the parents or provide services to the parents if the court orders a termination petition be filed. However, reasonable efforts to ensure visitation and contact between siblings shall be made unless there is reasonable cause to believe the best interests of the child or siblings would be jeopardized.

(3) Permanency planning goals should be achieved at the earliest possible date (~~(-preferably before)~~). If the child has been in out-of-home care for fifteen of the most recent twenty-two months, the court shall require the department to file a petition seeking termination of parental rights in accordance with RCW 13.34.145(3)(b)(vi). In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(4) If the court determines that the continuation of reasonable efforts to prevent or eliminate the need to remove the child from his or her home or to safely return the child home should not be part of the permanency plan of care for the child, reasonable efforts shall be made to place the child in a timely manner and to complete whatever steps are necessary to finalize the permanent placement of the child.

(5) The identified outcomes and goals of the permanency plan may change over time based upon the circumstances of the particular case.

(6) The court shall consider the child's relationships with the child's siblings in accordance with RCW 13.34.130(3).

(7) For purposes related to permanency planning:

(a) "Guardianship" means a dependency guardianship or a legal guardianship pursuant to chapter 11.88 RCW or equivalent laws of another state or a federally recognized Indian tribe.

(b) "Permanent custody order" means a custody order entered pursuant to chapter 26.10 RCW.

(c) "Permanent legal custody" means legal custody pursuant to chapter 26.10 RCW or equivalent laws of another state or a federally recognized Indian tribe.

**Sec. 4** RCW 13.34.145 and 2007 c 413 s 9 are each amended to read as follows:

(1) The purpose of a permanency planning hearing is to review the permanency plan for the child, inquire into the

welfare of the child and progress of the case, and reach decisions regarding the permanent placement of the child.

(a) A permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree, guardianship order, or permanent custody order has not previously been entered. The hearing shall take place no later than twelve months following commencement of the current placement episode.

(b) Whenever a child is removed from the home of a dependency guardian or long-term relative or foster care provider, and the child is not returned to the home of the parent, guardian, or legal custodian but is placed in out-of-home care, a permanency planning hearing shall take place no later than twelve months, as provided in this section, following the date of removal unless, prior to the hearing, the child returns to the home of the dependency guardian or long-term care provider, the child is placed in the home of the parent, guardian, or legal custodian, an adoption decree, guardianship order, or a permanent custody order is entered, or the dependency is dismissed.

(c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(2) No later than ten working days prior to the permanency planning hearing, the agency having custody of the child shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties and their legal counsel, if any.

(3) At the permanency planning hearing, the court shall conduct the following inquiry:

(a) If a goal of long-term foster or relative care has been achieved prior to the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remain appropriate.

(b) In cases where the primary permanency planning goal has not been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal. The court shall review the permanency plan prepared by the agency and make explicit findings regarding each of the following:

(i) The continuing necessity for, and the safety and appropriateness of, the placement;

(ii) The extent of compliance with the permanency plan by the agency and any other service providers, the child's parents, the child, and the child's guardian, if any;

(iii) The extent of any efforts to involve appropriate service providers in addition to agency staff in planning to meet the special needs of the child and the child's parents;

(iv) The progress toward eliminating the causes for the child's placement outside of his or her home and toward returning the child safely to his or her home or obtaining a permanent placement for the child;

(v) The date by which it is likely that the child will be returned to his or her home or placed for adoption, with a guardian or in some other alternative permanent placement; and

(vi) If the child has been placed outside of his or her home for fifteen of the most recent twenty-two months, not including any period during which the child was a runaway from the out-of-home placement or the first six months of any period during which the child was returned to his or her home for a trial home visit, the appropriateness of the permanency plan, whether reasonable efforts were made by the agency to achieve the goal of the permanency plan, and the circumstances which prevent the child from any of the following:

(A) Being returned safely to his or her home;

FIFTY-SEVENTH DAY, MARCH 10, 2008

(B) Having a petition for the involuntary termination of parental rights filed on behalf of the child;

(C) Being placed for adoption;

(D) Being placed with a guardian;

(E) Being placed in the home of a fit and willing relative of the child; or

(F) Being placed in some other alternative permanent placement, including independent living or long-term foster care.

At this hearing, the court shall order the department to file a petition seeking termination of parental rights if the child has been in out-of-home care for fifteen of the last twenty-two months since the date the dependency petition was filed unless the court makes a good cause exception as to why the filing of a termination of parental rights petition is not appropriate. Any good cause finding shall be reviewed at all subsequent hearings pertaining to the child. For purposes of this section, "good cause exception" includes but is not limited to the following: The child is being cared for by a relative; the department has not provided to the child's family such services as the court and the department have deemed necessary for the child's safe return home; or the department has documented in the case plan a compelling reason for determining that filing a petition to terminate parental rights would not be in the child's best interests.

(c)(i) If the permanency plan identifies independent living as a goal, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial, personal, social, educational, and nonfinancial affairs prior to approving independent living as a permanency plan of care.

(ii) The permanency plan shall also specifically identify the services that will be provided to assist the child to make a successful transition from foster care to independent living.

(iii) The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

(d) If the child has resided in the home of a foster parent or relative for more than six months prior to the permanency planning hearing, the court shall also enter a finding regarding whether the foster parent or relative was informed of the hearing as required in RCW 74.13.280 (~~and 13.34.138~~), 13.34.215(5), and 13.34.096.

(4) In all cases, at the permanency planning hearing, the court shall:

(a)(i) Order the permanency plan prepared by the agency to be implemented; or

(ii) Modify the permanency plan, and order implementation of the modified plan; and

(b)(i) Order the child returned home only if the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists; or

(ii) Order the child to remain in out-of-home care for a limited specified time period while efforts are made to implement the permanency plan.

(5) Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the dependency is dismissed, whichever occurs first.

(6) Prior to the second permanency planning hearing, the agency that has custody of the child shall consider whether to file a petition for termination of parental rights.

(7) If the court orders the child returned home, casework supervision shall continue for at least six months, at which time a review hearing shall be held pursuant to RCW 13.34.138, and the court shall determine the need for continued intervention.

(8) The juvenile court may hear a petition for permanent legal custody when: (a) The court has ordered implementation

2008 REGULAR SESSION

of a permanency plan that includes permanent legal custody; and (b) the party pursuing the permanent legal custody is the party identified in the permanency plan as the prospective legal custodian. During the pendency of such proceeding, the court shall conduct review hearings and further permanency planning hearings as provided in this chapter. At the conclusion of the legal guardianship or permanent legal custody proceeding, a juvenile court hearing shall be held for the purpose of determining whether dependency should be dismissed. If a guardianship or permanent custody order has been entered, the dependency shall be dismissed.

(9) Continued juvenile court jurisdiction under this chapter shall not be a barrier to the entry of an order establishing a legal guardianship or permanent legal custody when the requirements of subsection (8) of this section are met.

(10) Nothing in this chapter may be construed to limit the ability of the agency that has custody of the child to file a petition for termination of parental rights or a guardianship petition at any time following the establishment of dependency. Upon the filing of such a petition, a fact-finding hearing shall be scheduled and held in accordance with this chapter unless the agency requests dismissal of the petition prior to the hearing or unless the parties enter an agreed order terminating parental rights, establishing guardianship, or otherwise resolving the matter.

(11) The approval of a permanency plan that does not contemplate return of the child to the parent does not relieve the supervising agency of its obligation to provide reasonable services, under this chapter, intended to effectuate the return of the child to the parent, including but not limited to, visitation rights. The court shall consider the child's relationships with siblings in accordance with RCW 13.34.130.

(12) Nothing in this chapter may be construed to limit the procedural due process rights of any party in a termination or guardianship proceeding filed under this chapter.

**Sec. 5** RCW 26.44.063 and 2000 c 119 s 12 are each amended to read as follows:

(1) It is the intent of the legislature to minimize trauma to a child involved in an allegation of sexual or physical abuse. The legislature declares that removing the child from the home or the care of a parent, guardian, or legal custodian often has the effect of further traumatizing the child. It is, therefore, the legislature's intent that the alleged (~~offender~~) abuser, rather than the child, shall be removed or restrained from the (~~home~~) child's residence and that this should be done at the earliest possible point of intervention in accordance with RCW 10.31.100, (~~13.34.130~~) chapter 13.34 RCW, this section, and RCW 26.44.130.

(2) In any judicial proceeding in which it is alleged that a child has been subjected to sexual or physical abuse, if the court finds reasonable grounds to believe that an incident of sexual or physical abuse has occurred, the court may, on its own motion, or the motion of the guardian ad litem or other parties, issue a temporary restraining order or preliminary injunction restraining or enjoining the person accused of committing the abuse from:

(a) Molesting or disturbing the peace of the alleged victim;

(b) Entering the family home of the alleged victim except as specifically authorized by the court;

(c) Having any contact with the alleged victim, except as specifically authorized by the court;

(d) Knowingly coming within, or knowingly remaining within, a specified distance of a specified location.

(3) If the caretaker is willing, and does comply with the duties prescribed in subsection (8) of this section, uncertainty by the caretaker that the alleged abuser has in fact abused the alleged victim shall not, alone, be a basis to remove the alleged victim from the caretaker, nor shall it be considered neglect.

(4) In issuing a temporary restraining order or preliminary injunction, the court may impose any additional restrictions that the court in its discretion determines are necessary to protect the

FIFTY-SEVENTH DAY, MARCH 10, 2008

2008 REGULAR SESSION

child from further abuse or emotional trauma pending final resolution of the abuse allegations.

~~((4))~~ (5) The court shall issue a temporary restraining order prohibiting a person from entering the family home if the court finds that the order would eliminate the need for an out-of-home placement to protect the child's right to nurturance, health, and safety and is sufficient to protect the child from further sexual or physical abuse or coercion.

~~((5))~~ (6) The court may issue a temporary restraining order without requiring notice to the party to be restrained or other parties only if it finds on the basis of the moving affidavit or other evidence that irreparable injury could result if an order is not issued until the time for responding has elapsed.

~~((6))~~ (7) A temporary restraining order or preliminary injunction:

(a) Does not prejudice the rights of a party or any child which are to be adjudicated at subsequent hearings in the proceeding; and

(b) May be revoked or modified.

~~((7))~~ (8) The person having physical custody of the child shall have an affirmative duty to assist in the enforcement of the restraining order including but not limited to a duty to notify the court as soon as practicable of any violation of the order, a duty to request the assistance of law enforcement officers to enforce the order, and a duty to notify the department of social and health services of any violation of the order as soon as practicable if the department is a party to the action. Failure by the custodial party to discharge these affirmative duties shall be subject to contempt proceedings.

~~((8))~~ (9) Willful violation of a court order entered under this section is a misdemeanor. A written order shall contain the court's directive and shall bear the legend: "Violation of this order with actual notice of its terms is a criminal offense under chapter 26.44 RCW, is also subject to contempt proceedings, and will subject a violator to arrest."

~~((9))~~ (10) If a restraining order issued under this section is modified or terminated, the clerk of the court shall notify the law enforcement agency specified in the order on or before the next judicial day. Upon receipt of notice that an order has been terminated, the law enforcement agency shall remove the order from any computer-based criminal intelligence system.

(3) Contracting for services that is expressly mandated by the legislature or was authorized by law prior to July 1, 2005, including contracts and agreements between public entities, shall not be subject to the processes set forth in subsections (1) ~~((and)),~~ (4) ~~((through (6))),~~ and (5) of this section.

(4) Competitive contracting shall be implemented as follows:

FIFTY-SEVENTH DAY, MARCH 10, 2008

2008 REGULAR SESSION

(a) At least ninety days prior to the date the contracting agency requests bids from private entities for a contract for services provided by classified employees, the contracting agency shall notify the classified employees whose positions or work would be displaced by the contract. The employees shall have sixty days from the date of notification to offer alternatives to purchasing services by contract, and the agency shall consider the alternatives before requesting bids.

(b) If the employees decide to compete for the contract, they shall notify the contracting agency of their decision. Employees must form one or more employee business units for the purpose of submitting a bid or bids to perform the services.

(c) The director of personnel, with the advice and assistance of the department of general administration, shall develop and make available to employee business units training in the bidding process and general bid preparation.

(d) The director of general administration, with the advice and assistance of the department of personnel, shall, by rule, establish procedures to ensure that bids are submitted and evaluated in a fair and objective manner and that there exists a competitive market for the service. Such rules shall include, but not be limited to: (i) Prohibitions against participation in the bid evaluation process by employees who prepared the business unit's bid or who perform any of the services to be contracted; (ii) provisions to ensure no bidder receives an advantage over other bidders and that bid requirements are applied equitably to all parties; and (iii) procedures that require the contracting agency to receive complaints regarding the bidding process and to consider them before awarding the contract. Appeal of an agency's actions under this subsection is an adjudicative proceeding and subject to the applicable provisions of chapter 34.05 RCW, the administrative procedure act, with the final decision to be rendered by an administrative law judge assigned under chapter 34.12 RCW.

(e) An employee business unit's bid must include the fully allocated costs of the service, including the cost of the employees' salaries and benefits, space, equipment, materials, and other costs necessary to perform the function. An employee business unit's cost shall not include the state's indirect overhead costs unless those costs can be attributed directly to the function in question and would not exist if that function were not performed in state service.

(f) A department, agency, or institution of higher education may contract with the department of general administration to conduct the bidding process.

(5) As used in this section:

(a) "Employee business unit" means a group of employees who perform services to be contracted under this section and who submit a bid for the performance of those services under subsection (4) of this section.

(b) "Indirect overhead costs" means the pro rata share of existing agency administrative salaries and benefits, and rent, equipment costs, utilities, and materials associated with those administrative functions.

(c) "Competitive contracting" means the process by which classified employees of a department, agency, or institution of higher education compete with businesses, individuals, nonprofit organizations, or other entities for contracts authorized by subsection (1) of this section.

(6) ~~(The joint legislative audit and review committee shall conduct a performance audit of the implementation of this section, including the adequacy of the appeals process in subsection (4)(d) of this section, and report to the legislature by January 1, 2007, on the results of the audit.) The requirements of this section do not apply to RCW 74.13.031(5).~~

**NEW SECTION. Sec. 11** A new section is added to chapter 74.15 RCW to read as follows:

To be eligible for placement in a HOPE center, a minor must be either a street youth, as that term is defined in this chapter, or a youth who, without placement in a HOPE center, will continue to participate in increasingly risky behavior. Youth may also

self-refer to a HOPE center. Payment for a HOPE center bed is not contingent upon prior approval by the department.

**Sec. 12** RCW 74.15.240 and 1999 c 267 s 14 are each amended to read as follows:

To be eligible for placement in a responsible living skills program, the minor must be dependent under chapter 13.34 RCW and must have lived in a HOPE center or in a secure crisis residential center. However, if the minor's caseworker determines that placement in a responsible living skills program would be the most appropriate placement given the minor's current circumstances, prior residence in a HOPE center or secure crisis residential center before placement in a responsible living program is not required. Responsible living skills centers are intended as a placement alternative for dependent youth that the department chooses for the youth because no other services or alternative placements have been successful. Responsible living skills centers are not for dependent youth whose permanency plan includes return to home or family reunification.

**NEW SECTION. Sec. 13** A new section is added to chapter 13.34 RCW to read as follows:

(1) A child who is age twelve years or older and who is the subject of a dependency under this chapter has the following rights with respect to all hearings conducted on his or her behalf under this chapter:

(a) The right to receive notice of the proceedings and hearings;

(b) The right to be present at hearings; and

(c) The right to be heard personally.

(2) At the request of the child, the child's guardian ad litem or attorney, or upon the court's own motion, the court may conduct an interview with the child in chambers to determine the child's wishes as to the issues pending before the court. The court may permit counsel to be present at the interview. The court shall cause a record of the interview to be made and to be made part of the record in the case.

(3) A child's right to attend a hearing conducted on his or her behalf and to be heard by the court cannot be denied or limited by the court absent a specific written finding by the court that such denial or limitation is in the best interests of the child and necessary for the health, safety, and welfare of the child.

(4) Prior to each hearing, the child's guardian ad litem or attorney shall determine if the child wishes to be present and to be heard at the hearing. If the child wishes to attend the hearing, the guardian ad litem or attorney shall coordinate with the child's caregiver and the department or supervising agency to make arrangements for the child to attend the hearing. Nothing in this subsection shall be construed to create a duty on the department or supervising agency to transport the child.

**Sec. 14** RCW 13.34.096 and 2007 c 409 s 1 are each amended to read as follows:

(1) Prior to each proceeding held with respect to a child in juvenile court under this chapter, the department of social and health services or other supervising agency shall provide notice of the right to be present and to be heard:

(a) To the child's foster parents, preadoptive parents, or other caregivers ((with notice of their right to be heard prior to each proceeding held with respect to the child in juvenile court under this chapter)); and

(b) To the child if the child is age twelve years or older.

(2) The rights to notice and to be heard apply only to the child and persons with whom ((a)) the child has been placed by the department or other supervising agency and who are providing care to the child at the time of the proceeding. This section shall not be construed to grant party status to any person solely on the basis of such notice and right to be heard.

**Sec. 15** RCW 13.34.105 and 2000 c 124 s 4 are each amended to read as follows:

(1) Unless otherwise directed by the court, the duties of the guardian ad litem for a child subject to a proceeding under this chapter, including an attorney specifically appointed by the

FIFTY-SEVENTH DAY, MARCH 10, 2008

court to serve as a guardian ad litem, include but are not limited to the following:

(a) To investigate, collect relevant information about the child's situation, and report to the court factual information regarding the best interests of the child;

(b) To meet with, interview, or observe the child, depending on the child's age and developmental status, and report to the court any views or positions expressed by the child on issues pending before the court;

(c) To monitor all court orders for compliance and to bring to the court's attention any change in circumstances that may require a modification of the court's order;

~~((e))~~ (d) To report to the court information on the legal status of a child's membership in any Indian tribe or band;

~~((d))~~ (e) Court-appointed special advocates and guardians ad litem may make recommendations based upon an independent investigation regarding the best interests of the child, which the court may consider and weigh in conjunction with the recommendations of all of the parties; and

~~((e))~~ (f) To represent and be an advocate for the best interests of the child.

(2) A guardian ad litem shall be deemed an officer of the court for the purpose of immunity from civil liability.

(3) Except for information or records specified in RCW 13.50.100~~((5))~~ (7), the guardian ad litem shall have access to all information available to the state or agency on the case. Upon presentation of the order of appointment by the guardian ad litem, any agency, hospital, school organization, division or department of the state, doctor, nurse, or other health care provider, psychologist, psychiatrist, police department, or mental health clinic shall permit the guardian ad litem to inspect and copy any records relating to the child or children involved in the case, without the consent of the parent or guardian of the child, or of the child if the child is under the age of thirteen years, unless such access is otherwise specifically prohibited by law.

(4) A guardian ad litem may release confidential information, records, and reports to the office of the family and children's ombudsman for the purposes of carrying out its duties under chapter 43.06A RCW.

(5) The guardian ad litem shall release case information in accordance with the provisions of RCW 13.50.100.

NEW SECTION. Sec. 16 Section 7 of this act takes effect December 31, 2008.

NEW SECTION. Sec. 17 If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2008, in the omnibus appropriations act, this act is null and void."

MESSAGE FROM THE HOUSE

March 6, 2008

MR. PRESIDENT:

The House has passed SECOND SUBSTITUTE SENATE BILL NO. 6855, with the following amendment: 6855-S2 AMH ORMS H5981.1

Strike everything after the enacting clause and insert the following:

"Sec. 1 RCW 43.160.010 and 1999 c 164 s 101 and 1999 c 94 s 5 are each reenacted and amended to read as follows:

(1) The legislature finds that it is the public policy of the state of Washington to direct financial resources toward the fostering of economic development through the stimulation of investment and job opportunities and the retention of sustainable existing employment for the general welfare of the inhabitants of the state. Reducing unemployment and reducing the time citizens remain jobless is important for the economic welfare of the state. A valuable means of fostering economic development is the construction of public facilities which contribute to the stability and growth of the state's economic base. ~~((Strengthening the economic base through issuance of industrial development bonds, whether single or umbrella, further serves to reduce unemployment. Consolidating issues of industrial development bonds when feasible to reduce costs additionally advances the state's purpose to improve economic vitality.))~~ Expenditures made for these purposes as authorized in this chapter are declared to be in the public interest, and constitute a proper use of public funds. A community economic

revitalization board is needed which shall aid the development of economic opportunities. The general objectives of the board should include:

(a) Strengthening the economies of areas of the state which have experienced or are expected to experience chronically high unemployment rates or below average growth in their economies;

(b) Encouraging the diversification of the economies of the state and regions within the state in order to provide greater seasonal and cyclical stability of income and employment;

(c) Encouraging wider access to financial resources for both large and small industrial development projects;

(d) Encouraging new economic development or expansions to maximize employment;

(e) Encouraging the retention of viable existing firms and employment; and

(f) Providing incentives for expansion of employment opportunities for groups of state residents that have been less successful relative to other groups in efforts to gain permanent employment.

(2) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to improve state highways, county roads, or city streets for industries considering locating or expanding in this state.

~~((a))~~ (3) The legislature finds it desirable to provide a process whereby the need for diverse public works improvements necessitated by planned economic development can be addressed in a timely fashion and with coordination among all responsible governmental entities.

~~((b)) All transportation improvements on state highways must first be approved by the state transportation commission and the community economic revitalization board in accordance with the procedures established by RCW 43.160.074 and 47.01.280.~~

~~(3))~~ (4) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to assist development of telecommunications infrastructure that supports business development, retention, and expansion in ~~((rural natural resources impact areas and rural counties of))~~ the state.

~~((4))~~ (5) The legislature also finds that the state's economic development efforts can be enhanced by providing funds to improve markets for those recyclable materials representing a large fraction of the waste stream. The legislature finds that public facilities which result in private construction of processing or remanufacturing facilities for recyclable materials are eligible for consideration from the board.

~~((5))~~ (6) The legislature finds that sharing economic growth statewide is important to the welfare of the state. ~~((Rural counties and rural natural resources impact areas do not share in the economic vitality of the Puget Sound region.))~~ The ability of ~~((these))~~ communities to pursue business and job retention, expansion, and development opportunities depends on their capacity to ready necessary economic development project plans, sites, permits, and infrastructure for private investments. Project-specific planning, predevelopment, and infrastructure are critical ingredients for economic development. ~~((Rural counties and rural natural resources impact areas generally lack these necessary tools and resources to diversify and revitalize their economies.))~~ It is, therefore, the intent of the legislature to increase the amount of funding available through the community economic revitalization board ~~((for rural counties and rural natural resources impact areas,))~~ and to authorize flexibility for available resources in these areas to help fund planning, predevelopment, and construction costs of infrastructure and facilities and sites that foster economic vitality and diversification.

Sec. 2 RCW 43.160.020 and 2004 c 252 s 1 are each amended to read as follows:

**NEW SECTION. Sec. 12** (1) The legislature recognizes that although many regions of the state are thriving, there are still distressed communities throughout rural and urban Washington where capital investments in community services initiatives could create vibrant local business districts and prosperous neighborhoods.

(2) The legislature also recognizes that nonprofit organizations provide a variety of community services that serve

the needs of the citizens of Washington, including many services implemented under contract with state agencies. The legislature also finds that the efficiency and quality of these services may be enhanced by the provision of safe, reliable, and sound facilities, and that, in certain cases, it may be appropriate for the state to assist in the development of these facilities.

(3) The legislature finds that providing these capital investments is critical for the economic health of local distressed communities, helps build strong relationships with the state, and expands life opportunities for underserved, low-income populations.

**NEW SECTION. Sec. 13** A new section is added to chapter 43.63A RCW to read as follows:

The definitions in this section apply throughout RCW 43.63A.125, this section, and sections 14 and 16 of this act unless the context clearly requires otherwise.

(3) "Nonprofit organization" means an organization that is tax exempt, or not required to apply for an exemption, under section 501(c)(3) or 501(c)(6) of the federal internal revenue code of 1986, as amended.

(4) "Technical assistance" means professional services provided under contract to nonprofit organizations for feasibility studies, planning, and project management related to acquiring, constructing, or rehabilitating nonresidential community services facilities.

**NEW SECTION. Sec. 14** A new section is added to chapter 43.63A RCW to read as follows:

The building communities fund account is created in the state treasury. The account shall consist of legislative appropriations and gifts, grants, or endowments from other sources as permitted by law. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for capital and technical assistance grants as provided in RCW 43.63A.125.

The total amount of state capital funding available for all projects on the annual unranked list shall be determined by the capital budget beginning with the 2009-2011 biennium and thereafter, and shall not exceed sixty percent of the total amount appropriated for the building communities fund program.~~

~~(5) In addition to the ranked and the unranked lists, the department shall submit to the appropriate fiscal committees of the legislature:~~

~~NEW SECTION. Sec. 17 The legislature finds that communities surrounding Washington's military bases should reflect our state's appreciation of the armed forces and the value of the sacrifice of military personnel stationed in our region. Declining resources for new infrastructure has increased pressure on cities and counties and, as urban areas have grown near Washington's military bases, these areas have often developed in a pattern that has not supported the needs of the military for housing and services.~~

~~The legislature finds that local governments can implement funding options to encourage high-quality redevelopment of the neighborhoods nearest the state's military bases, and infrastructure consistent with the highest public health, safety, and welfare standards in a manner supportive to the military's esprit de corps.~~

~~NEW SECTION. Sec. 18 A new section is added to chapter 43.330 RCW to read as follows:~~

(3) The department must:

(a) Develop operational guidelines and criteria for the pilot program; and

(b) Provide technical assistance to counties and cities participating in the pilot program.

(4) Subject to the availability of amounts appropriated for this specific purpose, the department must provide grants to counties and cities participating in the pilot program authorized under this section. Receipts from the proceeds of bond sales, tax revenues, budget transfers, federal appropriations, gifts, or any other lawful source, specifically designated for purposes of sections 18 and 19 of this act, must be deposited into the account. Expenditures from the account may be used by a county or city only for public infrastructure projects authorized under sections 19(2) and 18(4) of this act. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2) The department of revenue must distribute proceeds under this section annually at no cost to the receiving county or city. MESSAGE FROM THE HOUSE

March 5, 2008

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5254, with the following amendment: 5254-S AMH H5863.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1 (1) The legislature finds that a skilled work force is essential for employers and job seekers to compete in today's global economy. The engines of economic progress are fueled by education and training. The legislature further finds that industry skill panels are a critical and proven form of public-private partnership that harness the expertise of leaders in business, labor, and education to identify work force development strategies for industries that drive Washington's regional economies. Industry skill panels foster innovation and enable industry leaders and public partners to be proactive, addressing changing needs for businesses quickly and strategically. Industry skill panels leverage small state investments with private sector investments to ensure that public resources are better aligned with industry needs.

(2) The legislature further finds that industry skill panels support other valuable initiatives such as the department of community, trade, and economic development's cluster-based economic development grants; the community and technical college centers of excellence, high-demand funds, and the job skills program; and the employment security department's incumbent worker training funds. Industry skill panels provide a framework for coordinating these and other investments in line with economic and work force development strategies identified

by industry leaders. It is the intent of the legislature to support the development and maintenance of industry skill panels in key sectors of the economy as an efficient and effective way to support regional economic development.

**Sec. 2** RCW 28C.18.010 and 1996 c 99 s 2 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this title.

(1) "Board" means the work force training and education coordinating board.

(2) "Director" means the director of the work force training and education coordinating board.

(3) "Training system" means programs and courses of secondary vocational education, technical college programs and courses, community college vocational programs and courses, private career school and college programs and courses, employer-sponsored training, adult basic education programs and courses, programs and courses funded by the ((job training partnership)) federal workforce investment act, programs and courses funded by the federal vocational act, programs and courses funded under the federal adult education act, publicly funded programs and courses for adult literacy education, and apprenticeships, and programs and courses offered by private and public nonprofit organizations that are representative of communities or significant segments of communities and provide job training or adult literacy services.

(4) "Work force skills" means skills developed through applied learning that strengthen and reinforce an individual's academic knowledge, critical thinking, problem solving, and work ethic and, thereby, develop the employability, occupational skills, and management of home and work responsibilities necessary for economic independence.

(5) "Vocational education" means organized educational programs offering a sequence of courses which are directly related to the preparation or retraining of individuals in paid or unpaid employment in current or emerging occupations requiring other than a baccalaureate or advanced degree. Such programs shall include competency-based applied learning which contributes to an individual's academic knowledge, higher-order reasoning, and problem-solving skills, work attitudes, general employability skills, and the occupational-specific skills necessary for economic independence as a productive and contributing member of society. Such term also includes applied technology education.

(6) "Adult basic education" means instruction designed to achieve mastery of skills in reading, writing, oral communication, and computation at a level sufficient to allow the individual to function effectively as a parent, worker, and citizen in the United States, commensurate with that individual's actual ability level, and includes English as a second language and preparation and testing service for the general education development exam.

(7) "Industry skill panel" means a regional partnership of business, labor, and education leaders that identifies skill gaps in a key economic cluster and enables the industry and public partners to respond to and be proactive in addressing workforce skill needs.

NEW SECTION. Sec. 3 A new section is added to chapter 28C.18 RCW to read as follows:

(1) Subject to funding provided for the purposes of this section, the board, in consultation with the state board for community and technical colleges, the department of community, trade, and economic development, and the employment security department, shall allocate grants on a competitive basis to establish and support industry skill panels.

(4) It shall be the role of industry skill panels funded under this chapter to enable businesses in the industry to address work force skill needs. Industry skill panels shall identify work force strategies to meet the needs in order to benefit employers and workers across the industry. Examples of strategies include, but are not limited to: Developing career guidance materials; producing or updating skill standards and curricula; designing training programs and courses; developing technical assessments and certifications; arranging employer mentoring, tutoring, and internships; identifying private sector assistance in providing faculty or equipment to training providers; and organizing industry conferences disseminating best practices. The products and services of particular skill panels shall depend upon the needs of the industry.

**NEW SECTION. Sec. 4** A new section is added to chapter 28C.18 RCW to read as follows:

The board shall establish industry skill panel standards that identify the expectations for industry skill panel products and services. **NEW SECTION. Sec. 5** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2008, in the omnibus appropriations act, this act is null and void."

MR. PRESIDENT:

The House has passed SECOND SUBSTITUTE SENATE BILL NO. 5596, with the following amendment: 5596-S2 AMH ENGR H5952.E

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1** A new section is added to chapter 48.43 RCW to read as follows:

(1)(a) Except as provided in (b) of this subsection, a health carrier may not develop and use a payment methodology that would result in a payment to a chiropractor under a physical medicine and rehabilitation payment or billing code or an evaluation and management payment or billing code in an amount less than a payment to a different provider licensed under Title 18 RCW who is being paid under the same physical medicine and rehabilitation payment or billing code or the same evaluation and management payment or billing code. For payment methodologies that are developed and used on or after January 1, 2009, it is presumed that payment or billing codes that apply only to health care services provided by chiropractors are not in compliance with this requirement unless the carrier shows to the commissioner's satisfaction that the payment or billing codes are used only to achieve the purposes permitted under (b) of this subsection.

(b) This section does not affect a health carrier's:

(i) Implementation of a health care quality improvement program to promote cost-effective and clinically efficacious health care services, including but not limited to pay-for-performance payment methodologies and other programs fairly applied to all health care providers licensed under Title 18 RCW that are designed to promote evidence-based and research-based practices; or

(ii) Health care provider contracting to comply with the network adequacy standards of RCW 48.43.515 and the rules adopted by the commissioner establishing network adequacy standards.

(c) This section does not, and may not be construed to:

(i) Require the payment of provider billings that do not meet the definition of a clean claim as set forth in rules adopted by the commissioner;

(ii) Require any health plan to include coverage of any condition; or

(iii) Expand the scope of practice for any health care provider.

(2) This section applies only to payment methodologies developed or used on or after January 1, 2009.

**Sec. 2** RCW 41.05.017 and 2007 c 502 s 2 are each amended to read as follows:

(2) The data may include, but need not be limited to, the following:

(a) Data on the utilization of physical medicine and rehabilitation services and evaluation and management services associated with payment or billing codes for those services;

(3) The commissioner may adopt rules necessary to implement this section, including but not limited to the format and timing of data reporting and defining the years for which data must be provided.

(4)(a) Data, information, and documents provided by the carrier pursuant to this section are exempt from public inspection and copying under chapter 42.56 RCW to the extent that they contain actuarial formulas, statistics, and assumptions submitted in support of setting rates for the carrier's health plans.

(b) The commissioner is authorized to use documents, materials, or other information obtained pursuant to this section in the furtherance of any regulatory activities, reports to the legislature, or legal actions brought as a part of the commissioner's official duties.

MESSAGE FROM THE HOUSE

March 4, 2008

MR. PRESIDENT:

FIFTY-SEVENTH DAY, MARCH 10, 2008

The House has passed SENATE BILL NO. 5878, with the following amendment: 5878 AMH PSEP H5681.2.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1** The legislature enacts sections 3 and 4 of this act to expressly reject the interpretation of *State v. Leyda*, 157 Wn.2d 335, 138 P.3d 610 (2006), which holds that the unit of prosecution in identity theft is any one act of either knowingly obtaining, possessing, using, or transferring a single piece of another's identification or financial information, including all subsequent proscribed conduct with that single piece of identification or financial information, when the acts are taken with the requisite intent. The legislature finds that proportionality of punishment requires the need for charging and punishing for obtaining, using, possessing, or transferring any individual person's identification or financial information, with the requisite intent. The legislature specifically intends that each individual who obtains, possesses, uses, or transfers any individual person's identification or financial information, with the requisite intent, be classified separately and punished separately as provided in chapter 9.94A RCW.

**NEW SECTION. Sec. 2** A new section is added to chapter 9.35 RCW to read as follows:

(1) A person who has learned or reasonably suspects that his or her financial information or means of identification has been unlawfully obtained, used by, or disclosed to another, as described in this chapter, may file an incident report with a law enforcement agency, by contacting the local law enforcement agency that has jurisdiction over his or her actual residence, place of business, or place where the crime occurred. The law enforcement agency shall create a police incident report of the matter and provide the complainant with a copy of that report, and may refer the incident report to another law enforcement agency.

(2) Nothing in this section shall be construed to require a law enforcement agency to investigate reports claiming identity theft. An incident report filed under this section is not required to be counted as an open case for purposes of compiling open case statistics.

**Sec. 3** RCW 9.35.001 and 1999 c 368 s 1 are each amended to read as follows:

The legislature finds that means of identification and financial information ((is)) are personal and sensitive information such that if unlawfully obtained, possessed, used, or transferred by others may ((do)) result in significant harm to a person's privacy, financial security, and other interests. The legislature finds that unscrupulous persons find ever more clever ways, including identity theft, to improperly obtain ((and)), possess, use, and transfer another person's means of identification or financial information. The legislature intends to penalize ((unscrupulous people)) for each unlawful act of improperly obtaining, possessing, using, or transferring means of identification or financial information of an individual person. The unit of prosecution for identity theft by use of a means of identification or financial information is each individual unlawful use of any one person's means of identification or financial information. Unlawfully obtaining, possessing, or transferring each means of identification or financial information of any individual person, with the requisite intent, is a separate unit of prosecution for each victim and for each act of obtaining, possessing, or transferring of the individual person's means of identification or financial information.

**Sec. 4** RCW 9.35.020 and 2004 c 273 s 2 are each amended to read as follows:

(1) No person may knowingly obtain, possess, use, or transfer a means of identification or financial information of another person, living or dead, with the intent to commit, or to aid or abet, any crime.

(2) Violation of this section when the accused or an accomplice ~~((uses the victim's means of identification or~~

~~financial information)) violates subsection (1) of this section and obtains ((an aggregate total of)) credit, money, goods, services, or anything else of value in excess of one thousand five hundred dollars in value shall constitute identity theft in the first degree. Identity theft in the first degree is a class B felony punishable according to chapter 9A.20 RCW.~~

~~(3) ((Violation of this section when the accused or an accomplice uses the victim's means of identification or financial information and obtains an aggregate total of credit, money, goods, services, or anything else of value that is less than one thousand five hundred dollars in value, or when no credit, money, goods, services, or anything of value is obtained shall constitute identity theft in the second degree.)) A person is guilty of identity theft in the second degree when he or she violates subsection (1) of this section under circumstances not amounting to identity theft in the first degree. Identity theft in the second degree is a class C felony punishable according to chapter 9A.20 RCW.~~

~~(4) Each crime prosecuted under this section shall be punished separately under chapter 9.94A RCW, unless it is the same criminal conduct as any other crime, under RCW 9.94A.589.~~

~~(5) Whenever any series of transactions involving a single person's means of identification or financial information which constitute identity theft would, when considered separately, constitute identity theft in the second degree because of value, and the series of transactions are a part of a common scheme or plan, then the transactions may be aggregated in one count and the sum of the value of all of the transactions shall be the value considered in determining the degree of identity theft involved.~~

~~(6) Every person who, in the commission of identity theft, shall commit any other crime may be punished therefor as well as for the identity theft, and may be prosecuted for each crime separately.~~

~~(7) A person who violates this section is liable for civil damages of one thousand dollars or actual damages, whichever is greater, including costs to repair the victim's credit record, and reasonable attorneys' fees as determined by the court.~~

~~((5)) (8) In a proceeding under this section, the crime will be considered to have been committed in any locality where the person whose means of identification or financial information was appropriated resides, or in which any part of the offense took place, regardless of whether the defendant was ever actually in that locality.~~

~~((6)) (9) The provisions of this section do not apply to any person who obtains another person's driver's license or other form of identification for the sole purpose of misrepresenting his or her age.~~

~~((7)) (10) In a proceeding under this section in which a person's means of identification or financial information was used without that person's authorization, and when there has been a conviction, the sentencing court may issue such orders as are necessary to correct a public record that contains false information resulting from a violation of this section."~~

The office of the family and children's ombudsman shall issue an annual report to the legislature on the status of the implementation of child fatality review recommendations.

FIFTY-SEVENTH DAY, MARCH 10, 2008

**Sec. 3** RCW 43.06A.100 and 1999 c 390 s 5 are each amended to read as follows:

The department of social and health services shall:

(1) Allow the ombudsman or the ombudsman's designee to communicate privately with any child in the custody of the department for the purposes of carrying out its duties under this chapter;

(2) Permit the ombudsman or the ombudsman's designee physical access to state institutions serving children, and state licensed facilities or residences for the purpose of carrying out its duties under this chapter;

(3) Upon the ombudsman's request, grant the ombudsman or the ombudsman's designee the right to access, inspect, and copy all relevant information, records, or documents in the possession or control of the department that the ombudsman considers necessary in an investigation; and

(4) Grant the office of the family and children's ombudsman unrestricted on-line access to the case and management information system (CAMIS) or any successor information system for the purpose of carrying out its duties under this chapter.

**Sec. 4** RCW 26.44.030 and 2007 c 387 s 3 are each amended to read as follows:

(1)(a) When any practitioner, county coroner or medical examiner, law enforcement officer, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, employee of the department of early learning, licensed or certified child care providers or their employees, employee of the department, juvenile probation officer, placement and liaison specialist, responsible living skills program staff, HOPE center staff, or state family and children's ombudsman or any volunteer in the ombudsman's office has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(b) When any person, in his or her official supervisory capacity with a nonprofit or for-profit organization, has reasonable cause to believe that a child has suffered abuse or neglect caused by a person over whom he or she regularly exercises supervisory authority, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency, provided that the person alleged to have caused the abuse or neglect is employed by, contracted by, or volunteers with the organization and coaches, trains, educates, or counsels a child or children or regularly has unsupervised access to a child or children as part of the employment, contract, or voluntary service. No one shall be required to report under this section when he or she obtains the information solely as a result of a privileged communication as provided in RCW 5.60.060.

Nothing in this subsection (1)(b) shall limit a person's duty to report under (a) of this subsection.

For the purposes of this subsection, the following definitions apply:

(i) "Official supervisory capacity" means a position, status, or role created, recognized, or designated by any nonprofit or for-profit organization, either for financial gain or without financial gain, whose scope includes, but is not limited to, overseeing, directing, or managing another person who is employed by, contracted by, or volunteers with the nonprofit or for-profit organization.

(ii) "Regularly exercises supervisory authority" means to act in his or her official supervisory capacity on an ongoing or continuing basis with regards to a particular person.

(c) The reporting requirement also applies to department of corrections personnel who, in the course of their employment, observe offenders or the children with whom the offenders are in contact. If, as a result of observations or information received in the course of his or her employment, any department of corrections personnel has reasonable cause to believe that a

child has suffered abuse or neglect, he or she shall report the incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(d) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(e) The report must be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child has suffered abuse or neglect. The report must include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section does apply.

(3) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report must also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington

Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered privileged by statute and not directly related to reports required by this section must not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving reports of alleged abuse or neglect, the department or law enforcement agency may interview children. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. Parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation.

(11) Upon receiving a report of alleged child abuse and neglect, the department or investigating law enforcement agency shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(12) In investigating and responding to allegations of child abuse and neglect, the department may conduct background checks as authorized by state and federal law.

(13) If a report of alleged abuse or neglect is founded and constitutes the third founded report received by the department within the last twelve months involving the same child or family, the department shall promptly notify the office of the family and children's ombudsman of the contents of the report. The department shall also notify the ombudsman of the disposition of the report.

(14) The department shall maintain investigation records and conduct timely and periodic reviews of all cases constituting abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

~~((+4))~~ (15) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor. The department shall, within funds appropriated for this purpose, offer enhanced community-based services to persons who are determined not to require further state intervention.

~~((+5))~~ (16) Upon receipt of a report of alleged abuse or neglect the law enforcement agency may arrange to interview

the person making the report and any collateral sources to determine if any malice is involved in the reporting.

~~((+6))~~ (17) The department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which: (a) The department believes there is a serious threat of substantial harm to the child; (b) the report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or (c) the department has, after investigation, a report of abuse or neglect that has been founded with regard to a member of the household within three years of receipt of the referral.

(18) Upon receiving a report of alleged abuse or neglect involving a child under the court's jurisdiction under chapter 13.34 RCW, the department shall promptly notify the child's guardian ad litem of the report's contents. The department shall also notify the guardian ad litem of the disposition of the report. For purposes of this subsection, "guardian ad litem" has the meaning provided in RCW 13.34.030.

Sec. 5 RCW 26.44.030 and 2007 c 387 s 3 and 2007 c 220 s 2 are each reenacted and amended to read as follows:

(1)(a) When any practitioner, county coroner or medical examiner, law enforcement officer, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, employee of the department of early learning, licensed or certified child care providers or their employees, employee of the department, juvenile probation officer, placement and liaison specialist, responsible living skills program staff, HOPE center staff, or state family and children's ombudsman or any volunteer in the ombudsman's office has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(b) When any person, in his or her official supervisory capacity with a nonprofit or for-profit organization, has reasonable cause to believe that a child has suffered abuse or neglect caused by a person over whom he or she regularly exercises supervisory authority, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency, provided that the person alleged to have caused the abuse or neglect is employed by, contracted by, or volunteers with the organization and coaches, trains, educates, or counsels a child or children or regularly has unsupervised access to a child or children as part of the employment, contract, or voluntary service. No one shall be required to report under this section when he or she obtains the information solely as a result of a privileged communication as provided in RCW 5.60.060.

Nothing in this subsection (1)(b) shall limit a person's duty to report under (a) of this subsection.

For the purposes of this subsection, the following definitions apply:

(i) "Official supervisory capacity" means a position, status, or role created, recognized, or designated by any nonprofit or for-profit organization, either for financial gain or without financial gain, whose scope includes, but is not limited to, overseeing, directing, or managing another person who is employed by, contracted by, or volunteers with the nonprofit or for-profit organization.

(ii) "Regularly exercises supervisory authority" means to act in his or her official supervisory capacity on an ongoing or continuing basis with regards to a particular person.

(c) The reporting requirement also applies to department of corrections personnel who, in the course of their employment, observe offenders or the children with whom the offenders are in contact. If, as a result of observations or information received in

the course of his or her employment, any department of corrections personnel has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report the incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(d) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(e) The report must be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child has suffered abuse or neglect. The report must include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section does apply.

(3) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report must also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report

under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered privileged by statute and not directly related to reports required by this section must not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving a report of alleged abuse or neglect, the department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which:

(a) The department believes there is a serious threat of substantial harm to the child;

(b) The report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or

(c) The department has a prior founded report of abuse or neglect with regard to a member of the household that is within three years of receipt of the referral.

(11)(a) For reports of alleged abuse or neglect that are accepted for investigation by the department, the investigation shall be conducted within time frames established by the department in rule. In no case shall the investigation extend longer than ninety days from the date the report is received, unless the investigation is being conducted under a written protocol pursuant to RCW 26.44.180 and a law enforcement agency or prosecuting attorney has determined that a longer investigation period is necessary. At the completion of the investigation, the department shall make a finding that the report of child abuse or neglect is founded or unfounded.

(b) If a court in a civil or criminal proceeding, considering the same facts or circumstances as are contained in the report being investigated by the department, makes a judicial finding by a preponderance of the evidence or higher that the subject of the pending investigation has abused or neglected the child, the department shall adopt the finding in its investigation.

(12) In conducting an investigation of alleged abuse or neglect, the department or law enforcement agency:

(a) May interview children. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. Parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. The legislature further finds that recognizing disability history will increase respect and promote acceptance and inclusion of people with disabilities. The legislature further finds that recognizing disability history will inspire students with disabilities to feel a greater sense of pride, reduce harassment and bullying, and help keep students with disabilities in school.

NEW SECTION. Sec. 3 A new section is added to chapter 28A.230 RCW to read as follows:

Annually, during the month of October, each public school shall conduct or promote educational activities that provide instruction, awareness, and understanding of disability history and people with disabilities. March 7, 2008

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 6527, with the following amendment: 6527-S AMH PSEP H5780.2

Strike everything after the enacting clause and insert the following:

"Sec. 1 RCW 46.12.101 and 2007 c 96 s 1 are each amended to read as follows:

A transfer of ownership in a motor vehicle is perfected by compliance with the requirements of this section.

(1)(a) If an owner transfers his or her interest in a vehicle, other than by the creation, deletion, or change of a security interest, the owner shall, at the time of the delivery of the vehicle, execute an assignment to the transferee and provide an odometer disclosure statement under RCW 46.12.124 on the certificate of ownership or as the department otherwise prescribes, and cause the certificate and assignment to be transmitted to the transferee. The owner shall notify the department or its agents or subagents, in writing, on the appropriate form, of the date of the sale or transfer, the name and address of the owner and of the transferee, the transferee's driver's license number if available, and such description of the vehicle, including the vehicle identification number, as may be required in the appropriate form provided or approved for that purpose by the department. The report of sale will be deemed properly filed if all information required in this section is provided on the form and includes a department-authorized notation that the document was received by the department, its agents, or subagents on or before the fifth day after the sale of the vehicle, excluding Saturdays, Sundays, and state and federal holidays. Agents and subagents shall immediately electronically transmit the seller's report of sale to the department. Reports of sale processed and recorded by the department's agents or subagents may be subject to fees as specified in RCW 46.01.140 (4)(a) or (5)(b). By January 1, 2003, the department shall create a system enabling the seller of a vehicle to transmit the report of sale electronically. The system created by the department must

immediately indicate on the department's vehicle record that a seller's report of sale has been filed.

(b) By January 1, 2008, the department shall provide instructions on release of interest forms that allow the seller of a vehicle to release his or her interest in a vehicle at the same time a financial institution, as defined in RCW 30.22.040, releases ~~(their)~~ its lien on the vehicle.

(2) The requirements of subsection (1) of this section to provide an odometer disclosure statement apply to the transfer of vehicles held for lease when transferred to a lessee and then to the lessor at the end of the leasehold and to vehicles held in a fleet when transferred to a purchaser.

(3) Except as provided in RCW 46.70.122 the transferee shall within fifteen days after delivery to the transferee of the vehicle, execute the application for a new certificate of ownership in the same space provided therefor on the certificate or as the department prescribes, and cause the certificates and application to be transmitted to the department accompanied by a fee of five dollars in addition to any other fees required.

(4) Upon request of the owner or transferee, a secured party in possession of the certificate of ownership shall, unless the transfer was a breach of its security agreement, either deliver the certificate to the transferee for transmission to the department or, when the secured party receives the owner's assignment from the transferee, it shall transmit the transferee's application for a new certificate, the existing certificate, and the required fee to the department. Compliance with this section does not affect the rights of the secured party.

(5) If a security interest is reserved or created at the time of the transfer, the certificate of ownership shall be retained by or delivered to the person who becomes the secured party, and the parties shall comply with the provisions of RCW 46.12.170.

(6) If the purchaser or transferee fails or neglects to make application to transfer the certificate of ownership and license registration within fifteen days after the date of delivery of the vehicle, he or she shall on making application for transfer be assessed a twenty-five dollar penalty on the sixteenth day and two dollars additional for each day thereafter, but not to exceed one hundred dollars. The director may by rule establish conditions under which the penalty will not be assessed when an application for transfer is delayed for reasons beyond the control of the purchaser. Conditions for not assessing the penalty may be established for but not limited to delays caused by:

(a) The department requesting additional supporting documents;

(b) Extended hospitalization or illness of the purchaser;

(c) Failure of a legal owner to release his or her interest;

(d) Failure, negligence, or nonperformance of the department, auditor, or subagent;

(e) The transferee had no knowledge of the filing of the vehicle report of sale and signs an affidavit to the fact.

Failure or neglect to make application to transfer the certificate of ownership and license registration within forty-five days after the date of delivery of the vehicle is a misdemeanor and a continuing offense for each day during which the purchaser or transferee does not make application to transfer the certificate of ownership and license registration. Despite the continuing nature of this offense, it shall be considered a single offense, regardless of the number of days that have elapsed following the forty-five day time period.

(7) Upon receipt of an application for reissue or replacement of a certificate of ownership and transfer of license registration, accompanied by the endorsed certificate of ownership or other documentary evidence as is deemed necessary, the department shall, if the application is in order and if all provisions relating to the certificate of ownership and license registration have been complied with, issue new certificates of title and license registration as in the case of an original issue and shall transmit the fees together with an itemized detailed report to the state treasurer.

FIFTY-SEVENTH DAY, MARCH 10, 2008

(8) Once each quarter the department shall report to the department of revenue a list of those vehicles for which a seller's report has been received but no transfer of title has taken place."

Correct the title.  
and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

March 7, 2008

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6333, with the following amendment: 6333-S.E AMH ENGR H5946.E

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1** The legislature finds that:

(1) In the past two decades, Washington state has implemented legislative initiatives to improve access to quality, affordable health care in the state. These initiatives, which placed Washington in the forefront of states addressing their residents' health care needs, include:

2008 REGULAR SESSION

(a) The basic health plan providing affordable coverage to over one hundred thousand individuals and families below two hundred percent of the federal poverty level;

(b) The "cover all children" initiative, expanding publicly funded coverage to children in families under three hundred percent of the federal poverty level and promising to cover all children by 2010;

(c) The blue ribbon commission on health care costs and access resulting in the passage of Engrossed Second Substitute Senate Bill No. 5930, that, among other actions, directed state agencies to integrate prevention, chronic care management, and the medical home concept into state purchased health care programs;

(d) The movement toward evidence-based health care purchasing for state health care programs, including the prescription drug program and its preferred drug list, the health technology assessment program, the use of medical evidence to evaluate medical necessity under state medical assistance programs and the direction provided in Engrossed Second Substitute Senate Bill No. 5930 relating to aligning payment with evidence-based care; and

(e) The development of patient safety initiatives, including health care facility reporting of adverse medical events and hospital-acquired infection reporting.

(2) Despite these initiatives, the cost of health care has continued to increase at a disproportionately high rate.

(3) Affordability is key to accessing health care, as evidenced by the fact that more than half of the uninsured people in Washington state are in low-income families, and low-wage workers are far more likely to be uninsured than those with higher incomes. These increasing costs are placing quality care beyond the reach of a growing number of Washington citizens and contributing to health care expenditures that strain the resources of individuals, businesses, and public programs.

(4) Efforts by public and private purchasers to control expenditures, and the stress these efforts place on the stability of the health care workforce and viability of health care facilities, threaten to reduce access to quality care for all residents of the state.

(5) Prompt action is crucial to prevent further deterioration of the health and well-being of Washingtonians.

(6) Addressing an issue of this importance and magnitude demands the full engagement of concerned Washingtonians in a reasoned examination of options to improve access to quality, affordable health care.

**NEW SECTION. Sec. 2** The Washington citizens' work group on health care reform is established.

(1) After January 30, 2009, the governor shall appoint nine citizen members, who may include, but are not limited to, representatives from business, labor, health care providers and consumer groups, and persons with expertise in health care financing. The citizen members shall be selected from individuals recognized for their independent judgment. In addition, the majority and minority caucus in the house of representatives and the majority and minority caucus in the senate shall submit the names of two members of their caucus to the governor, who shall select one member from each caucus to participate in the work group.

(2) Staff support for the work group shall be provided by the office of financial management. Consistent with funds appropriated specifically for this purpose, two full-time staff shall be hired to enable the work group to complete its responsibilities in a timely and effective manner.

(3) The work group shall:

(a) Begin its deliberations by reviewing in detail the findings and recommendations of the 2006 blue ribbon commission on health care costs and access. The work group shall review all prior relevant studies related to health care reform efforts in Washington state and consider the recent health care reform experience of other states such as Massachusetts, Wisconsin, and California;

FIFTY-SEVENTH DAY, MARCH 10, 2008

2008 REGULAR SESSION

(b) Engage Washingtonians in a public process on improving access to quality, affordable health care, as described in subsection (4) of this section;

(c) Review and develop recommendations to the governor and the legislature related to the health care reform proposals in section 3 of this act. In reviewing the proposals, the work group shall evaluate the extent to which each proposal:

(i) Provides a medical home for every family;

(ii) Provides health care that Washington families can afford;

(iii) Promotes improved health outcomes, in part through a more efficient delivery system;

(iv) Requires that individuals, employers, and government share in financing the proposal; and

(v) Enables Washington families to choose their provider and health network, and have the option of retaining their current provider.

(d) Through the activities outlined in this act, develop a careful understanding of the essential requirements for health care reform as seen by the many different primary stakeholders in Washington state.

(4) The work group shall design the public engagement process with a goal of having structured, in-depth discussions related to:

(a) Trends or issues that affect affordability, access, quality, and efficiency in our health care system; and

(b) The health care proposals described in section 3 of this act, the principles guiding evaluation of the proposals, and the economic analysis of the proposals.

The public engagement process may include, but is not limited to, public forums, invitational meetings with community leaders or other interested individuals and organizations, and web-based communication.

(5) By November 1, 2009, the work group shall submit a final report to the public, the governor, and the legislature that includes a summary of the information received during the public engagement process, and a summary of the work group's conclusions, and recommendations related to its review of the proposals, including suggestions for the adoption of any health care proposal by the legislature. The work group may develop its own recommended proposal or proposals.

(6) The work group may seek other funds including private contributions and in-kind donations for activities described under this section.

This section expires December 31, 2009.

**NEW SECTION. Sec. 3** (1) Consistent with funds appropriated specifically for this purpose, the legislature shall contract with an independent consultant with expertise in health economics and actuarial science to evaluate the following health care reform proposals:

(a) A proposal that modifies insurance regulations in Washington state to address specific groups that have lower rates of coverage, such as small employers and young adults. The proposal would authorize the offering of health plans that do not include mandated benefits, allow health plan premiums to be adjusted to reflect the health status and experience of the members of the group purchasing coverage, allow carriers to pool the health risk of young adults separately from other enrollees, and promote the use of high deductible health plans with accompanying health savings accounts;

(b) A proposal that includes the components of health care reform legislation enacted in Massachusetts in 2006 as Chapter 58 of the Acts of 2006 - "An Act Providing Access to Affordable, Quality, Accountable Health Care." The proposal assumes the inclusion of health plan design features that encourage the use of preventive, primary care and evidence-based services;

(c) A proposal to cover all Washingtonians with a comprehensive, standardized benefit package. An independent entity would be established to define the scope of the standardized benefit package, and to undertake a competitive

procurement process to offer the package through private health carriers or health care provider networks, with an additional fee-for-service option. The standardized benefit package would be designed to include features that encourage the use of preventive, primary care and evidence-based health services. Washingtonians would purchase the standardized benefit package through the independent entity by choosing a participating carrier, network, or the fee-for-service option; and

(d) A proposal to establish a single payer health care system, similar to the health care system in Canada in which a governmental entity contracts with and pays health care providers to deliver a defined package of health services to all Washingtonians.

(2) In addition to the evaluation of the four proposals described in subsection (1) of this section, the consultant shall conduct a review to validate the actuarial analysis of the insurance commissioner's proposed guaranteed benefit plan prepared in 2008 at the request of the insurance commissioner.

(3) Each evaluation shall address the impact of implementation of the proposal on:

(a) The number of Washingtonians covered and number remaining uninsured;

(b) The scope of coverage available to persons covered under the proposal;

(c) The impact on affordability of health care to individuals, businesses, and government;

(d) The redistribution of amounts currently spent by individuals, businesses, and government on health, as well as any savings;

(e) The cost of health care as experienced throughout the state by individuals and families, employees of small and large businesses, businesses of all sizes, associations, local governments, public health districts, and by the state;

(f) The impact on employment;

(g) The impact on consumer choice;

(h) Administrative efficiencies and resulting savings;

(i) The impact on hospital charity care; and

(j) The extent to which each proposal promotes:

(i) Improved health outcomes;

(ii) Prevention and early intervention;

(iii) Chronic care management;

(iv) Services based on empirical evidence;

(v) Incentives to use effective and necessary services;

(vi) Disincentives to discourage use of marginally effective or inappropriate services; and

(vii) A medical home.

(4) To the extent that any proposal has recent, detailed analysis available, the consultant shall review and may make use of the available analysis.

(5) The results of the evaluation under this section shall be submitted to the governor, the health policy committees of the legislature, and the work group on or before December 15, 2008.

**NEW SECTION. Sec. 4** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2008, in the omnibus appropriations act, this act is null and void."

Correct the title.  
and the same are herewith transmitted.

#### MESSAGE FROM THE HOUSE

March 4, 2008

MR. PRESIDENT:

The House has passed SECOND SUBSTITUTE SENATE BILL NO. 6377, with the following amendment: 6377-S2 AMH APP H5904.1

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1** (1) The legislature finds that many secondary career and technical education programs have made progress in retooling for the twenty-first century by aligning with state and nationally certified programs that meet industry standards and by increasing the rigor of academic content in core skills such as reading, writing, mathematics, and science.

FIFTY-SEVENTH DAY, MARCH 10, 2008

2008 REGULAR SESSION

(2) However, the legislature also finds that increased expectations for students to meet the state's academic learning standards require students to take remedial courses. The state board of education is considering increasing credit requirements for high school graduation. Together these policies could restrict students from pursuing high quality career and technical education programs because students would not have adequate time in their schedules to enroll in a progressive sequence of career and technical courses.

(3) The legislature further finds that teachers, counselors, students, and parents are not well-informed about the opportunities presented by high quality career and technical education. Secondary career and technical education is not a stopping point but a beginning point for further education, including through a bachelor's degree. Secondary preapprenticeships and courses aligned to industry standards can lead directly to workforce entry as well as to additional education. Career and technical education is a proven strategy to engage and motivate students, including students at risk of dropping out of school entirely.

(4) Finally, the legislature finds that state policies have been piecemeal in support of career and technical education. Laws exist to require state approval of career and technical programs, but could be strengthened by requiring alignment with industry standards and focusing on high-demand fields. Tech prep consortia have developed articulation agreements for dual credit and smooth transitions between high schools and colleges, but agreements remain highly decentralized between individual faculty and individual schools. Laws require school districts to create equivalences between academic and career and technical courses, but more support and professional development is needed to expand these opportunities.

(5) Therefore it is the legislature's intent to identify the gaps in current laws and policies regarding secondary career and technical education and fill those gaps in a comprehensive fashion to create a coherent whole. This act seeks to increase the quality and rigor of secondary career and technical education, improve links to postsecondary education, encourage and facilitate academic instruction through career and technical courses, and expand access to and awareness of the opportunities offered by high quality career and technical education.

**PART I**

**QUALITY, RIGOR, AND LINKS TO POSTSECONDARY EDUCATION**

**Sec. 101** RCW 28C.04.100 and 2001 c 336 s 2 are each amended to read as follows:

(1) To ensure high quality career and technical programs, the office of the superintendent of public instruction shall periodically review and approve the plans of local districts for the delivery of career and technical education. Standards for career and technical programs shall be established by the office of the superintendent of public instruction. ~~((These standards should\*))~~ The office of the superintendent of public instruction shall develop a schedule for career and technical education plan reapproval under this section that includes an abbreviated review process for programs reapproved after 2005, but before the effective date of this section. All school district career and technical education programs must meet the requirements of this section by August 31, 2010.

(2) To receive approval, school district plans must:

(a) Demonstrate how career and technical education programs will ensure academic rigor; align with the state's education reform requirements; help address the skills gap of Washington's economy; and maintain strong relationships with local career and technical education advisory councils for the design and delivery of career and technical education; ~~((and))~~

(b) Demonstrate a strategy to align the five-year planning requirement under the federal Carl Perkins act with the state and

district ~~((vocational))~~ career and technical program planning requirements that include:

(i) An assessment of equipment and technology needs to support the skills training of technical students;

(ii) An assessment of industry internships required for teachers to ensure the ability to prepare students for industry-defined standards or certifications, or both;

(iii) An assessment of the costs of supporting job shadows, mentors, community service and industry internships, and other activities for student learning in the community; ~~((and))~~

(iv) A description of the leadership activities to be provided for technical education students; and

(v) Annual local school board approval;

(c) Demonstrate that all preparatory career and technical education courses offered by the district meet the requirements of RCW 28C.04.110 (as recodified by this act);

(d) Demonstrate progress toward meeting or exceeding the targets established under section 104 of this act of an increased number of career and technical programs in high-demand fields; and

(e) Demonstrate that approved career and technical programs maximize opportunities for students to earn dual credit for high school and college.

~~((2))~~ (3) To ensure high quality career education programs and services in secondary schools, the office of the superintendent of public instruction may provide technical assistance to local districts and develop state guidelines for the delivery of career guidance in secondary schools.

~~((3))~~ (4) To ensure leadership development, the staff of the office of the superintendent of public instruction may serve as the state advisors to Washington state FFA, Washington future business leaders of America, Washington DECA, Washington ~~((SkillsUSA-VICA))~~ SkillsUSA, Washington family, career and community leaders, and Washington technology students association, and any additional career or technical student organizations that are formed. Working with the directors or executive secretaries of these organizations, the office of the superintendent of public instruction may develop tools for the coordination of leadership activities with the curriculum of technical education programs.

~~((4))~~ (5) As used in this section, "career and technical education" means a planned program of courses and learning experiences that begins with exploration of career options; supports basic academic and life skills; and enables achievement of high academic standards, leadership, options for high skill, high wage employment preparation, and advanced and continuing education.

NEW SECTION.

**Sec. 102** (1) The office of the superintendent of public instruction, in consultation with the workforce training and education coordinating board, the Washington state apprenticeship and training council, and the state board for community and technical colleges, shall develop a list of statewide high-demand programs for secondary career and technical education. The list shall be developed using the high-demand list maintained by workforce development councils in consultation with the employment security department, the high employer demand programs of study identified by the workforce training and education coordinating board, and the high employer demand programs of study identified by the higher education coordinating board. Local school districts may recommend additional high-demand programs in consultation with local career and technical education advisory committees by submitting evidence of local high demand.

(2) As used in this section and in sections 104, 105, 107, and 307 of this act:

(a) "High-demand program" means a career and technical education program that prepares students for either a high employer demand program of study or a high-demand occupation, or both.

FIFTY-SEVENTH DAY, MARCH 10, 2008

(b) "High employer demand program of study" means an apprenticeship or an undergraduate or graduate certificate or degree program in which the number of students per year prepared for employment from in-state programs is substantially fewer than the number of projected job openings per year in that field, either statewide or in a substate region.

(c) "High-demand occupation" means an occupation with a substantial number of current or projected employment opportunities.

**Sec. 103** RCW 28C.04.110 and 2006 c 115 s 2 are each amended to read as follows:

~~(The superintendent of public instruction shall develop a list of approved career and technical education programs that qualify for the objective alternative assessment for career and technical students developed under RCW 28A.655.065. Programs on the list)~~ All approved preparatory secondary career and technical education programs must meet the following minimum criteria:

(1) Either:

(a) Lead to a certificate or credential that is state or nationally recognized by trades, industries, or other professional associations as necessary for employment or advancement in that field; or

(b) Allow students to earn dual credit for high school and college through tech prep, advanced placement, or other agreements or programs;

(2) ~~((Require))~~ Be comprised of a sequenced progression of multiple courses~~((, both exploratory and preparatory;))~~ that are~~((vocationally))~~ technically intensive and rigorous; and

(3) ~~((Have a high potential for providing the program complete with gainful employment or))~~ Lead to workforce entry~~((into a), state or nationally approved apprenticeships, or postsecondary ((workforce training program)) education in a related field.~~

**NEW SECTION. Sec. 104** (1) The office of the superintendent of public instruction shall establish performance measures and targets and monitor the performance of career and technical education programs in at least the following areas:

(a) Student participation in and completion of high-demand programs as identified under section 102 of this act;

(b) Students earning dual credit for high school and college; and

(c) Performance measures and targets established by the workforce training and education coordinating board, including but not limited to student academic and technical skill attainment, graduation rates, postgraduation employment or enrollment in postsecondary education, and other measures and targets as required by the federal Carl Perkins act, as amended.

(2) If a school district fails to meet the performance targets established under this section, the office of the superintendent of public instruction may require the district to submit an improvement plan. If a district fails to implement an improvement plan or continues to fail to meet the performance targets for three consecutive years, the office of the superintendent of public instruction may use this failure as the basis to deny the approval or reapproval of one or more of the district's career and technical education programs.

**NEW SECTION. Sec. 105** Subject to funds appropriated for this purpose, the office of the superintendent of public instruction shall allocate grants to middle schools, high schools, or skill centers, to develop or upgrade high-demand career and technical education programs as identified under section 102 of this act. Grant funds shall be allocated on a one-time basis and may be used to purchase or improve curriculum, create preapprenticeship programs, upgrade technology and equipment to meet industry standards, and for other purposes intended to initiate a new program or improve the rigor and quality of a high-demand program. Priority in allocating the funds shall be given to programs that are also considered high cost due to the types of technology and equipment necessary to maintain industry certification. Priority shall also be given to programs

considered in most high demand in the state or applicable region.

**Sec. 106** 2007 c 399 s 3 (uncodified) is amended to read as follows:

(1) The funding structure alternatives developed by the joint task force under section 2 of this act shall take into consideration the legislative priorities in this section, to the maximum extent possible and as appropriate to each formula.

(2) The funding structure should reflect the most effective instructional strategies and service delivery models and be based on research-proven education programs and activities with demonstrated cost benefits. In reviewing the possible strategies and models to include in the funding structure the task force shall, at a minimum, consider the following issues:

(a) Professional development for all staff;

(b) Whether the compensation system for instructional staff shall include pay for performance, knowledge, and skills elements; regional cost-of-living elements; elements to recognize assignments that are difficult; recognition for the professional teaching level certificate in the salary allocation model; and a plan to implement the pay structure;

(c) Voluntary all-day kindergarten;

(d) Optimum class size, including different class sizes based on grade level and ways to reduce class size;

(e) Focused instructional support for students and schools;

(f) Extended school day and school year options; ~~((and))~~

(g) Health and safety requirements; and

(h) Staffing ratios and other components needed to support career and technical education programs.

(3) The recommendations should provide maximum transparency of the state's educational funding system in order to better help parents, citizens, and school personnel in Washington understand how their school system is funded.

(4) The funding structure should be linked to accountability for student outcomes and performance.

**NEW SECTION. Sec. 107** (1) The office of the superintendent of public instruction, the workforce training and education coordinating board, the state board for community and technical colleges, the higher education coordinating board, and the council of presidents shall work with local school districts, workforce education programs in colleges, tech prep consortia, and four-year institutions of higher education to develop model career and technical education programs of study as described by this section.

(2) Career and technical education programs of study:

(a) Incorporate secondary and postsecondary education elements;

(b) Include coherent and rigorous academic content aligned with state learning standards and relevant career and technical content in a coordinated, nonduplicative progression of courses that are aligned with postsecondary education in a related field;

(c) Include opportunities for students to earn dual high school and college credit; and

(d) Lead to an industry-recognized credential or certificate at the postsecondary level, or an associate or baccalaureate degree.

(3) During the 2008-09 school year, model career and technical education programs of study shall be developed for the following high-demand programs: Construction, health care, and information technology. Each school year thereafter, the office of the superintendent of public instruction, the state board for community and technical colleges, the higher education coordinating board, and the workforce training and education coordinating board shall select additional programs of study to develop, with a priority on high-demand programs as identified under section 102 of this act.

**NEW SECTION. Sec. 108** A new section is added to chapter 28B.50 RCW to read as follows:

(1) It is the legislature's intent to recognize and support the work of community and technical colleges, high schools, and skill centers in creating articulation and dual credit agreements

FIFTY-SEVENTH DAY, MARCH 10, 2008

for career and technical education students, in part by codifying current practice.

(2) Community and technical colleges shall create agreements with high schools and skill centers to offer dual high school and college credit for secondary career and technical courses. Agreements shall be subject to approval by the chief instructional officer of the college and the principal and the career and technical education director of the high school or the executive director of the skill center.

(3) Community and technical colleges may create dual credit agreements with high schools and skill centers that are located outside the college district boundary or service area.

(4) If a community or technical college has created an agreement with a high school or skill center to offer college credit for a secondary career and technical course, all community and technical colleges shall accept the course for an equal amount of college credit.

## PART II

### ACADEMIC INSTRUCTION THROUGH CAREER AND TECHNICAL EDUCATION

NEW SECTION. Sec. 201 (1) The office of the superintendent of public instruction shall support school district efforts under RCW 28A.230.097 to adopt course equivalencies for career and technical courses by:

(a) Recommending career and technical curriculum suitable for course equivalencies;

(b) Publicizing best practices for high schools and school districts in developing and adopting course equivalencies; and

(c) In consultation with the Washington association for career and technical education, providing professional development, technical assistance, and guidance for school districts seeking to expand their lists of equivalent courses.

(2) The office of the superintendent of public instruction shall provide professional development, technical assistance, and guidance for school districts to develop career and technical course equivalencies that also qualify as advanced placement courses.

(3) Subject to funds appropriated for this purpose, the office of the superintendent of public instruction shall allocate grant funds to school districts to increase the integration and rigor of academic instruction in career and technical courses. Grant recipients are encouraged to use grant funds to support teams of academic and technical teachers using a research-based professional development model supported by the national research center for career and technical education. The office of the superintendent of public instruction may require that grant recipients provide matching resources using federal Carl Perkins funds or other fund sources.

**Sec. 202** RCW 28A.230.097 and 2006 c 114 s 2 are each amended to read as follows:

(1) Each high school or school district board of directors shall adopt course equivalencies for career and technical high school courses offered to students ~~(at the)~~ in high schools and skill centers. A career and technical course equivalency may be for whole or partial credit. Each school district board of directors shall develop a course equivalency approval procedure.

(2) Career and technical courses determined to be equivalent to academic core courses, in full or in part, by the high school or school district shall be accepted as meeting core requirements, including graduation requirements, if the courses are recorded on the student's transcript using the equivalent academic high school department designation and title. Full or partial credit shall be recorded as appropriate. The high school or school district shall also issue and keep record of course completion certificates that demonstrate that the career and technical courses were successfully completed as needed for industry certification, college credit, or preapprenticeship, as applicable. The certificate shall be either part of the student's high school and beyond plan or the student's culminating project, as determined

2008 REGULAR SESSION

by the student. The office of the superintendent of public instruction shall develop and make available electronic samples of certificates of course completion.

NEW SECTION. Sec. 203 A new section is added to chapter 28A.245 RCW to read as follows:

Skill centers may enter into agreements with one or more cooperating school districts to grant a high school diploma on behalf of the district so that students who are juniors and seniors have an opportunity to attend the skill center on a full-time basis without coenrollment at a district high school. To avoid competition with other high schools in the cooperating district, high school completion programs operated by skill centers shall be designed as dropout prevention and retrieval programs for at-risk and credit-deficient students or for fifth-year seniors. A skill center may use grant awards from the building bridges program under RCW 28A.175.025 to develop high school completion programs as provided in this section.

NEW SECTION. Sec. 204 (1) Subject to funds appropriated for this purpose, the secondary integrated basic education and skills training (I-BEST) pilot project is created to integrate career and technical instruction, core academic and basic skills, and English as a second language, for secondary school students. The objective of the pilot project is to determine whether and how a successful community and technical college instructional model can be adapted and implemented at a secondary school level.

(2) The goal of secondary I-BEST is to enable and motivate secondary students who are struggling with language and academic skills to earn a high school diploma and be prepared for workforce entry or further education and training in a career and technical field. Under the pilot project, academic, career and technical, and English-as-a second-language teachers shall provide instruction through team and coteaching. Course content shall be integrated across the three domains of career and technical, academic, and language.

(3) The office of the superintendent of public instruction shall allocate pilot project grants to high schools or skill centers on a competitive basis. Grants are for a three-year period. The office of the superintendent of public instruction shall work with the state board for community and technical colleges, grant recipients, and the Washington State University social and economic sciences research center to design and implement an evaluation of the pilot project that includes comparisons of gains in achievement for students in the project compared to other similar students. A report on the pilot project and results of the evaluation shall be submitted to the governor and the education and fiscal committees of the legislature by December 1, 2011.

(4) The state board for community and technical colleges shall provide technical assistance and advice to the office of the superintendent of public instruction and the pilot project regarding best practices for I-BEST, including program design, professional development, assessment, and evaluation. The state board shall also designate one or more community or technical colleges with exemplary postsecondary I-BEST programs to serve as mentors for the pilot project.

(5) This section expires June 30, 2012.

**Sec. 205** RCW 28A.655.065 and 2007 c 354 s 6 are each amended to read as follows:

(1) The legislature has made a commitment to rigorous academic standards for receipt of a high school diploma. The primary way that students will demonstrate that they meet the standards in reading, writing, mathematics, and science is through the Washington assessment of student learning. Only objective assessments that are comparable in rigor to the state assessment are authorized as an alternative assessment. Before seeking an alternative assessment, the legislature expects students to make a genuine effort to meet state standards, through regular and consistent attendance at school and participation in extended learning and other assistance programs.

FIFTY-SEVENTH DAY, MARCH 10, 2008

2008 REGULAR SESSION

(2) Under RCW 28A.655.061, beginning in the 2006-07 school year, the superintendent of public instruction shall implement objective alternative assessment methods as provided in this section for students to demonstrate achievement of the state standards in content areas in which the student has not yet met the standard on the high school Washington assessment of student learning. A student may access an alternative if the student meets applicable eligibility criteria in RCW 28A.655.061 and this section and other eligibility criteria established by the superintendent of public instruction, including but not limited to attendance criteria and participation in the remediation or supplemental instruction contained in the student learning plan developed under RCW 28A.655.061. A school district may waive attendance and/or remediation criteria for special, unavoidable circumstances.

(3) For the purposes of this section, "applicant" means a student seeking to use one of the alternative assessment methods in this section.

(4) One alternative assessment method shall be a combination of the applicant's grades in applicable courses and the applicant's highest score on the high school Washington assessment of student learning, as provided in this subsection. A student is eligible to apply for the alternative assessment method under this subsection (4) if the student has a cumulative grade point average of at least 3.2 on a four point grading scale. The superintendent of public instruction shall determine which high school courses are applicable to the alternative assessment method and shall issue guidelines to school districts.

(a) Using guidelines prepared by the superintendent of public instruction, a school district shall identify the group of students in the same school as the applicant who took the same high school courses as the applicant in the applicable content area. From the group of students identified in this manner, the district shall select the comparison cohort that shall be those students who met or slightly exceeded the state standard on the Washington assessment of student learning.

(b) The district shall compare the applicant's grades in high school courses in the applicable content area to the grades of students in the comparison cohort for the same high school courses. If the applicant's grades are equal to or above the mean grades of the comparison cohort, the applicant shall be deemed to have met the state standard on the alternative assessment.

(c) An applicant may not use the alternative assessment under this subsection (4) if there are fewer than six students in the comparison cohort.

(5) The superintendent of public instruction shall develop an alternative assessment method that shall be an evaluation of a collection of work samples prepared and submitted by the applicant (~~as provided in this subsection and, for career and technical applicants, the additional requirements of subsection (6) of this section~~).

(a) The superintendent of public instruction shall develop guidelines for the types and number of work samples in each content area that may be submitted as a collection of evidence that the applicant has met the state standard in that content area. Work samples may be collected from academic, career and technical, or remedial courses and may include performance tasks as well as written products. The superintendent shall submit the guidelines for approval by the state board of education.

(b) The superintendent shall develop protocols for submission of the collection of work samples that include affidavits from the applicant's teachers and school district that the samples are the work of the applicant and a requirement that a portion of the samples be prepared under the direct supervision of a classroom teacher. The superintendent shall submit the protocols for approval by the state board of education.

(c) The superintendent shall develop uniform scoring criteria for evaluating the collection of work samples and submit the scoring criteria for approval by the state board of education.

Collections shall be scored at the state level or regionally by a panel of educators selected and trained by the superintendent to ensure objectivity, reliability, and rigor in the evaluation. An educator may not score work samples submitted by applicants from the educator's school district. If the panel awards an applicant's collection of work samples the minimum required score, the applicant shall be deemed to have met the state standard on the alternative assessment.

(d) Using an open and public process that includes consultation with district superintendents, school principals, and other educators, the state board of education shall consider the guidelines, protocols, scoring criteria, and other information regarding the collection of work samples submitted by the superintendent of public instruction. The collection of work samples may be implemented as an alternative assessment after the state board of education has approved the guidelines, protocols, and scoring criteria and determined that the collection of work samples: (i) Will meet professionally accepted standards for a valid and reliable measure of the grade level expectations and the essential academic learning requirements; and (ii) is comparable to or exceeds the rigor of the skills and knowledge that a student must demonstrate on the Washington assessment of student learning in the applicable content area. The state board shall make an approval decision and determination no later than December 1, 2006, and thereafter may increase the required rigor of the collection of work samples.

(e) By September of 2006, the superintendent of public instruction shall develop informational materials for parents, teachers, and students regarding the collection of work samples and the status of its development as an alternative assessment method. The materials shall provide specific guidance regarding the type and number of work samples likely to be required, include examples of work that meets the state learning standards, and describe the scoring criteria and process for the collection. The materials shall also encourage students in the graduating class of 2008 to begin creating a collection if they believe they may seek to use the collection once it is implemented as an alternative assessment.

(6)(a) For students enrolled in a career and technical education program approved under RCW 28C.04.110 (as recodified by this act), the superintendent of public instruction shall develop additional guidelines for (~~(a)~~) collections of work samples that (~~evidences that the collection:~~

~~(i) Is relevant to the student's particular career and technical program;~~

~~(ii) Focuses on the application of academic knowledge and skills within the program;~~

~~(iii) Includes completed activities or projects where demonstration of academic knowledge is inferred; and~~

~~(iv) Is related to the essential academic learning requirements and state standards that students must meet to earn a certificate of academic achievement or certificate of individual achievement, but also represents the knowledge and skills that successful individuals in the career and technical field of the approved program are expected to possess.~~

~~(b) To meet the state standard on the alternative assessment under this subsection (6), an applicant must also attain the state or nationally recognized certificate or credential associated with the approved career and technical program) are tailored to different career and technical programs. The additional guidelines shall:~~

~~(i) Provide multiple examples of work samples that are related to the particular career and technical program;~~

~~(ii) Permit work samples based on completed activities or projects where demonstration of academic knowledge is inferred; and~~

~~(iii) Provide multiple examples of work samples drawn from career and technical courses.~~

~~(b) The purpose of the additional guidelines is to provide a clear pathway toward a certificate of academic achievement for~~

FIFTY-SEVENTH DAY, MARCH 10, 2008

career and technical students by showing them applied and relevant opportunities to demonstrate their knowledge and skills, and to provide guidance to teachers in integrating academic and career and technical instruction and assessment and assisting career and technical students in compiling a collection. The superintendent of public instruction shall develop and disseminate additional guidelines for no fewer than ten career and technical education programs representing a variety of program offerings by no later than September 1, 2008. Guidelines for ten additional programs shall be developed and disseminated no later than June 1, 2009.

(c) The superintendent shall consult with community and technical colleges, employers, the workforce training and education coordinating board, apprenticeship programs, and other regional and national experts in career and technical education to create ~~((am))~~ appropriate ~~((collection))~~ guidelines and examples of work samples and other evidence of a career and technical student's knowledge and skills on the state academic standards.

(7) The superintendent of public instruction shall study the feasibility of using existing mathematics assessments in languages other than English as an additional alternative assessment option. The study shall include an estimation of the cost of translating the tenth grade mathematics assessment into other languages and scoring the assessments should they be implemented.

(8) The superintendent of public instruction shall implement:

(a) By June 1, 2006, a process for students to appeal the score they received on the high school assessments; and

(b) By January 1, 2007, guidelines and appeal processes for waiving specific requirements in RCW 28A.655.061 pertaining to the certificate of academic achievement and to the certificate of individual achievement for students who: (i) Transfer to a Washington public school in their junior or senior year with the intent of obtaining a public high school diploma, or (ii) have special, unavoidable circumstances.

(9) The state board of education shall examine opportunities for additional alternative assessments, including the possible use of one or more standardized norm-referenced student achievement tests and the possible use of the reading, writing, or mathematics portions of the ACT ASSET and ACT COMPASS test instruments as objective alternative assessments for demonstrating that a student has met the state standards for the certificate of academic achievement. The state board shall submit its findings and recommendations to the education committees of the legislature by January 10, 2008.

(10) The superintendent of public instruction shall adopt rules to implement this section.

### PART III EXPANDING ACCESS AND AWARENESS

NEW SECTION. Sec. 301 (1) Subject to funds appropriated for this purpose, the office of the superintendent of public instruction shall develop and conduct an ongoing campaign for career and technical education to increase awareness among teachers, counselors, students, parents, principals, school administrators, and the general public about the opportunities offered by rigorous career and technical education programs. Messages in the campaign shall emphasize career and technical education as a high quality educational pathway for students, including for students who seek advanced education that includes a bachelor's degree or beyond. In particular, the office shall provide information about the following:

(a) The model career and technical education programs of study developed under section 107 of this act;

(2) The office shall establish maximum grant amounts and a process for students to apply for the grants.

(3) For the purposes of this section, "eligible student" means:

(a) A student enrolled in a secondary career and technical education program where state or industry certification can be obtained without additional postsecondary work or study; or

(b) A student who completed a secondary career and technical education program in a Washington public school and is seeking state or industry certification in a program requiring additional postsecondary work or study or where there are age limitations on certification.

(4) Eligible students must have a family income that is at or below two hundred percent of the federal poverty level using the most current guidelines available from the United States department of health and human services.

Sec. 303 RCW 28A.600.045 and 2006 c 117 s 2 are each amended to read as follows:

(1) The legislature encourages each middle school, junior high school, and high school to implement a comprehensive guidance and planning program for all students. The purpose of the program is to support students as they navigate their education and plan their future; encourage an ongoing and personal relationship between each student and an adult in the school; and involve parents in students' educational decisions and plans.

(2) A comprehensive guidance and planning program is a program that contains at least the following components:

(a) A curriculum intended to provide the skills and knowledge students need to select courses, explore options, plan for their future, and take steps to implement their plans. The curriculum may include such topics as analysis of students' test results; diagnostic assessments of students' academic strengths and weaknesses; use of assessment results in developing students' short-term and long-term plans; assessments of student interests and aptitude; goal-setting skills; planning for high school course selection; independent living skills; exploration of options and opportunities for career and technical education at the secondary and postsecondary level; exploration of career opportunities in emerging and high-demand programs including apprenticeships; and postsecondary options and how to access them;

(3) Subject to funds appropriated for this purpose, the office of the superintendent of public instruction shall provide support for comprehensive guidance and planning programs in public schools, including providing ongoing development and improvement of the curriculum described in subsection (2) of this section.

NEW SECTION. Sec. 304 A new section is added to chapter 28A.245 RCW to read as follows:

(1) Subject to the provisions of this section and section 305 of this act, a skill center may enter into an agreement with the community or technical college in which district the skill center is located to provide career and technical education courses necessary to complete an industry certificate or credential for students who have received a high school diploma.

(2) To qualify for enrollment under this section, a student must have been enrolled in the skill center before receiving the high school diploma and must remain continuously enrolled in the skill center. A student may enroll only in those courses necessary to complete the industry certificate or credential associated with the student's career and technical program.

(3) Students enrolled in a skill center under this section shall be considered community and technical college students for purposes of enrollment reporting, tuition, and financial aid. The skill center shall maintain enrollment data for students enrolled under this section separately from data on secondary school enrollment.

NEW SECTION. Sec. 305 A new section is added to chapter 28B.50 RCW to read as follows:

(1) A community or technical college may enter into an agreement with a skill center within the college district to allow students who have completed a high school diploma to remain enrolled in the skill center in courses necessary to complete an industry certificate or credential in the student's career and technical program as provided by section 304 of this act.

(2) Before entering an agreement, a community or technical college may require the skill center to provide evidence that:

(a) The skill center has adequate facilities and capacity to offer the necessary courses and the community or technical college does not have adequate facilities or capacity; or

(b) The community or technical college does not offer the particular industry certificate program or courses proposed by the skill center.

(3) Under the terms of the agreement, the community or technical college shall report the enrolled student as a state-supported student and may charge the student tuition and fees. The college shall transmit to the skill center an agreed-upon amount per enrolled full-time equivalent student to pay for the student's courses at the skill center.

**Sec. 306** RCW 28B.102.040 and 2005 c 518 s 918 are each amended to read as follows:

(1) The board may select participants based on an application process conducted by the board or the board may utilize selection processes for similar students in cooperation with the professional educator standards board or the office of the superintendent of public instruction.

(2) If the board selects participants for the program, it shall establish a selection committee for screening and selecting recipients of the conditional scholarships. The criteria shall emphasize factors demonstrating excellence including but not limited to superior scholastic achievement, leadership ability, community contributions, bilingual ability, willingness to

commit to providing teaching service in shortage areas, and an ability to act as a role model for students. Priority will be given to individuals seeking certification or an additional endorsement in math, science, technology education, agricultural education, business and marketing education, family and consumer science education, or special education.

~~((For fiscal years 2006 and 2007, additional priority shall be given to such individuals who are also bilingual. It is the intent of the legislature to develop a pool of dual-language teachers in order to meet the challenge of educating students who are dominant in languages other than English.))~~

NEW SECTION. Sec. 307 (1) Subject to funds appropriated for this purpose, the in-demand scholars program is created. The purpose of the program is to replicate a successful pilot program to attract high school students into high-demand fields, as identified under section 102 of this act, that require one to three years of postsecondary education, including apprenticeships. The program shall be administered by the workforce training and education coordinating board.

(2) The workforce training and education coordinating board, in consultation with representatives from the statewide association of workforce development councils, the Washington state labor council, and a statewide business association, shall:

(a) Develop a model in-demand scholars program to be implemented by local workforce development councils. The model program shall be sufficiently flexible that councils may customize the design to meet the unique needs and available resources in each region. Under the model program, workforce development councils identify local industries in high-demand fields that are having difficulty filling employee positions that require one to three years of postsecondary education or apprenticeship. Representatives of such industries present the employment opportunities available in their industry to local high school students and inform students about possible job shadowing or internship opportunities in the industry. Students who participate in a job shadow or internship under a model program are eligible to receive an in-demand scholarship if the students enroll in a postsecondary education program or apprenticeship in one of the high-demand fields identified in the model program. Local workforce development councils award the scholarships. Scholarships shall not exceed an amount specified in the omnibus appropriations act and shall be used to offset tuition and related education and training expenses for a maximum of two years;

(b) Determine and make the initial allocation for the in-demand scholars program to each workforce development council, based on its projected outcomes and other criteria. Funding may be reallocated among workforce development councils if necessary based on actual results achieved; and

(c) Require that local workforce development councils submit quarterly reports on the in-demand scholars program, including but not limited to the industries participating and the projected and actual number of students served, students completing job shadows or internships, students entering and completing postsecondary education, students entering the targeted career, and students continuing on to four-year degrees or other additional education.

NEW SECTION. Sec. 308 (1) The office of the superintendent of public instruction shall conduct a feasibility study to create technical high schools in Washington state. In conducting the study, the office shall convene an advisory committee including, but not limited to, representatives from school districts, high schools, skill centers, community and technical colleges, workforce development councils, the workforce training and education coordinating board, the Washington association for career and technical education, the Washington state apprenticeship and training council, and the state board for community and technical colleges. Subject to available funds, the office shall contract with a third party to support the study, including examining technical high school models in other states.

FIFTY-SEVENTH DAY, MARCH 10, 2008

2008 REGULAR SESSION

(2) The feasibility study shall examine and make recommendations on the following issues:

(a) The definition of a technical high school and how a technical high school might differ from current comprehensive high schools, alternative high schools, or skill centers;

(b) The governance structure for technical high schools, which may be within a single district, a cooperative of multiple districts, or other new governance structures that may be considered;

(c) Funding models and estimated costs to support technical high schools, including both operating and capital funds;

(d) Whether technical high schools should focus on particular student populations or be structured as magnet schools or academies with a particular programmatic focus;

(e) Whether technical high schools should operate with a two-year or four-year program or with part-time or full-time attendance;

(f) The implications of accountability for student achievement with a technical high school, including adequate yearly progress; and

(g) Options, strategies, and estimated costs for possible transition of selected current high schools or skill centers to a technical high school model.

(3) The office of the superintendent of public instruction shall submit an interim progress report to the governor and the education and fiscal committees of the legislature by December 1, 2008, and a final report with recommendations by September 15, 2009.

**PART IV  
MISCELLANEOUS**

**Sec. 401** RCW 28A.505.220 and 2005 c 514 s 1103 are each amended to read as follows:

(1) Total distributions from the student achievement fund to each school district shall be based upon the average number of full-time equivalent students in the school district during the previous school year as reported to the office of the superintendent of public instruction by August 31st of the previous school year. The superintendent of public instruction shall ensure that moneys generated by skill center students are returned to skill centers.

(2) The allocation rate per full-time equivalent student shall be three hundred dollars in the 2005-06 school year, three hundred seventy-five dollars in the 2006-07 school year, and four hundred fifty dollars in the 2007-08 school year. For each subsequent school year, the amount allocated per full-time equivalent student shall be adjusted for inflation as defined in RCW 43.135.025(8). These allocations per full-time equivalent student from the student achievement fund shall be supported from the following sources:

MESSAGE FROM THE HOUSE

March 7, 2008

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 6510, with the following amendment: 6510-S AMH APP H5873.1

Strike everything after the enacting clause and insert the following:

**NEW SECTION. Sec. 1** The legislature finds that a viable manufacturing industry is critical to providing the state economy with family-wage jobs and improving the quality of life for workers and communities. To perform in the emerging global marketplace, Washington manufacturers must master new technologies, streamline production processes, improve quality assurance, expand environmental compliance, and enhance methods of work organization. Only through innovation and modernization techniques, reflecting the specific needs and capabilities of the individual firms, can Washington manufacturers both compete successfully in the market of the future and pay good living wages.

Most small and midsize manufacturers do not have the resources that will allow them to easily access innovation and modernization technical assistance and the skills training needed to make them globally competitive. Because of the statewide public benefit to be gained from increasing the availability of innovation and modernization services, it is the intent of the legislature to create a new mechanism in a manner that reduces the up-front costs of these services for small and midsize manufacturing firms. It is further the intent of the legislature that Washington state increase its support for the federal manufacturing extension partnership program, to expand the delivery of innovation and modernization services to small and midsize Washington manufacturers, and to leverage federal funding and private resources devoted to such efforts.

The successful implementation of innovation and modernization services will enable a manufacturing firm to reduce costs, increase sales, become more profitable, and ultimately expand job opportunities for Washington citizens. Such growth will result in increased revenue from the state business and occupation taxes paid by manufacturers who have engaged in innovation and modernization services.

**NEW SECTION. Sec. 2** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Costs of extension services" and "extension service costs" mean the direct costs experienced under a contract with a qualified manufacturing extension partnership affiliate for modernization extension services, including but not limited to amounts in the contract for costs of consulting, instruction, materials, equipment, rental of class space, marketing, and overhead.

(2) "Department" means the department of community, trade, and economic development.

(3) "Director" means the director of the department of community, trade, and economic development.

(4) "Innovation and modernization extension voucher" and "voucher" mean an instrument issued to a successful applicant from the department, verifying that funds from the manufacturing innovation and modernization account will be forwarded to the qualified manufacturing extension partnership affiliate selected by the participant and will cover identified costs of extension services.

2008 REGULAR SESSION

(5) "Innovation and modernization extension services" and "service" mean a service funded under this chapter and performed by a qualified manufacturing extension partnership affiliate. "Outreach services" includes but is not limited to salaries of outreach staff, needs assessments, client follow-up, public educational events, manufacturing orientated trade shows, electronic communications, newsletters, advertising, direct mail efforts, and contacting business organizations for names of manufacturers who might need assistance.

Insofar as the provisions of this chapter are inconsistent with the provisions of any general or special law, or parts thereof, the provisions of this chapter shall be controlling.

**NEW SECTION. Sec. 5** (1) The manufacturing innovation and modernization account is created in the state treasury. Moneys in the account may be spent only after appropriation.

(2) Expenditures from the account may be used only for funding activities of the Washington manufacturing innovation and modernization extension services program created in section 3 of this act.

(3) All payments by a program participant in the Washington manufacturing innovation and modernization extension services program created in section 3 of this act shall be deposited into the manufacturing innovation and modernization account. I don't know what happened to that bill. I'm thinking it probably passed and that hardly anyone was confirmed. In other words, George Orr may be the only one with confirmation. In other words he would be, we would be saying 'yes' here to the new chairman of that Commission. Could you speak to that? How many are confirmed at this point?"

Senator Jacobsen: "At this point there's one confirmed and he will be leaving the Board at the end of the year. What's happened is, we get high centered on these. It's, I'll just put it real simple. The sports fishing don't want the people that like to commercial and the commercial supporters don't like the ones that like to sports fishing so you can't get anyone confirmed in this place. George is judicial and honest and everybody on the committee felt he was balanced and so he can pass here."

## MESSAGE FROM THE HOUSE

March 4, 2008

MR. PRESIDENT:

The House has passed SECOND SUBSTITUTE SENATE BILL NO. 6483, with the following amendment: 6483-S2 AMH ENGR H5730.E

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 12 FINDINGS AND INTENT.** (1)

The legislature recognizes that the benefits of local food production include stewardship of working agricultural lands; direct and indirect jobs in agricultural production, food processing, tourism, and support industries; energy conservation and greenhouse gas reductions; and increased food security through access to locally grown foods.

(2) The legislature finds there is a direct correlation between adequate nutrition and a child's development and school performance. Children who are hungry or malnourished are at risk of lower achievement in school.

(3) The legislature further finds that adequate nutrition is also necessary for the physical health of adults, and that some communities have limited access to healthy fruits and vegetables and quality meat and dairy products, a lack of which may lead to high rates of diet-related diseases.

(4) The legislature believes that expanding market opportunities for Washington farmers will preserve and strengthen local food production and increase the already significant contribution that agriculture makes to the state and local economies.

(5) The legislature finds that the state's existing procurement requirements and practices may inhibit the purchase of locally produced food.

(6) The legislature intends that the local farms-healthy kids act strengthen the connections between the state's agricultural industry and the state's food procurement procedures in order to expand local agricultural markets, improve the nutrition of children and other at-risk consumers, and have a positive impact on the environment.

**NEW SECTION. Sec. 13** A new section is added to chapter 15.64 RCW to read as follows:

**FARM-TO-SCHOOL PROGRAM.** (1) A farm-to-school program is created within the department to facilitate increased procurement of Washington grown food by schools.

(2) The department, in consultation with the department of health, the office of the superintendent of public instruction, the department of general administration, and Washington State University, shall, in order of priority:

(a) Identify and develop policies and procedures to implement and evaluate the farm-to-school program, including coordinating with school procurement officials, buying cooperatives, and other appropriate organizations to develop uniform procurement procedures and materials, and practical recommendations to facilitate the purchase of Washington grown food by the common schools. These policies, procedures, and recommendations shall be made available to school districts to adopt at their discretion;

(b) Assist food producers, distributors, and food brokers to market Washington grown food to schools by informing them of food procurement opportunities, bid procedures, school purchasing criteria, and other requirements;

(c) Assist schools in connecting with local producers by informing them of the sources and availability of Washington grown food as well as the nutritional, environmental, and economic benefits of purchasing Washington grown food;

(d) Identify and recommend mechanisms that will increase the predictability of sales for producers and the adequacy of supply for purchasers;

(e) Identify and make available existing curricula, programs and publications that educate students on the nutritional, environmental, and economic benefits of preparing and consuming locally grown food;

(f) Support efforts to advance other farm-to-school connections such as school gardens or farms and farm visits; and

(g) As resources allow, seek additional funds to leverage state expenditures.

(3) The department in cooperation with the office of the superintendent of public instruction shall collect data on the activities conducted pursuant to this act and communicate such data biennially to the appropriate committees of the legislature beginning November 15, 2009. Data collected may include the numbers of schools and farms participating and any increases in the procurement of Washington grown food by the common schools.

(4) As used in this section, RCW 43.19.1905, 43.19.1906, 28A.335.190, and section 3 of this act, "Washington grown" means grown and packed or processed in Washington.

**NEW SECTION. Sec. 14** A new section is added to chapter 28A.235 RCW to read as follows:

**WASHINGTON GROWN FRESH FRUIT AND VEGETABLE GRANTS.** (1) The Washington grown fresh fruit and vegetable grant program is created in the office of the superintendent of public instruction. The purpose of the program is to facilitate consumption of Washington grown nutritious snacks in order to improve student health and expand the market for locally grown fresh produce.

(2) For purposes of this section, "fresh fruit and vegetables" includes perishable produce that is unprocessed, minimally processed, frozen, dried, or otherwise prepared, stored, and handled to maintain its fresh nature while providing convenience to the user. Producing minimally processed food involves cleaning, washing, cutting, or portioning.

(3) The program shall increase the number of school children with access to Washington grown fresh fruits and vegetables and shall be modeled after the United States department of agriculture fresh fruit and vegetable program, as described in 42 U.S.C. Sec. 1769(g). Schools receiving funds under the federal program are not eligible for grants under the Washington grown fresh fruit and vegetable grant program.

(4)(a) To the extent that state funds are appropriated specifically for this purpose, the office of the superintendent of public instruction shall solicit applications, conduct a competitive process, and make one or two-year grants to a mix of urban and rural schools to enable eligible schools to provide free Washington grown fresh fruits and vegetables throughout the school day.

(b) When evaluating applications and selecting grantees, the superintendent of public instruction shall consider and prioritize the following factors:

(i) The applicant's plan for ensuring the use of Washington grown fruits and vegetables within the program;

(ii) The applicant's plan for incorporating nutrition, agricultural stewardship education, and environmental education into the snack program;

(iii) The applicant's plan for establishing partnerships with state, local, and private entities to further the program's objectives, such as helping the school acquire, handle, store, and distribute Washington grown fresh fruits and vegetables.

(5)(a) The office of the superintendent of public instruction shall give funding priority to applicant schools with any of grades kindergarten through eight that: Participate in the national school lunch program and have fifty percent or more of their students eligible for free or reduced price meals under the federal national school lunch act, 42 U.S.C. Sec. 1751 et seq.

(b) If any funds remain after all eligible priority applicant schools have been awarded grants, the office of the superintendent of public instruction may award grants to applicant schools having less than fifty percent of the students eligible for free or reduced price meals.

(6) The office of the superintendent of public instruction may adopt rules to carry out the grant program.

(7) With assistance from the Washington department of agriculture, the office of the superintendent of public instruction

FIFTY-EIGHTH DAY, MARCH 11, 2008

shall develop and track specific, quantifiable outcome measures of the grant program such as the number of students served by the program, the dollar value of purchases of Washington grown fruits and vegetables resulting from the program, and development of state, local, and private partnerships that extend beyond the cafeteria.

(8) As used in this section, "Washington grown" has the definition in section 2 of this act.

The House has passed SENATE BILL NO. 6818, with the following amendment: 6818 AMH ENGR H5872.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1 The intent of the legislature is to make state revenue and expenditure data as open, transparent, and publicly accessible as is feasible. Increasing the ease of public access to state budget data, particularly where the data are currently available from disparate internal government sources but are difficult for the public to collect and efficiently aggregate, significantly contributes to governmental accountability, public participation, agency efficiency, and open government.

NEW SECTION. Sec. 2 A new section is added to chapter 44.48 RCW to read as follows:

(1) By January 1, 2009, in collaboration with the office of financial management, using existing databases and structures currently shared, the office of the legislative evaluation and accountability program committee shall establish and make available to the public a searchable state expenditure information web site. The state expenditure information web site shall provide access to current budget data, access to current accounting data for budgeted expenditures and staff, and access to historical data. At a minimum, the web site will provide access or links to the following information as data are available:

FIFTY-EIGHTH DAY, MARCH 11, 2008

2008 REGULAR SESSION

- (a) State expenditures by fund or account;
- (b) State expenditures by agency, program, and subprogram;
- (c) State revenues by major source;
- (d) State expenditures by object and subobject;
- (e) State agency workloads, caseloads, and performance measures, and recent performance audits; and
- (f) State agency budget data by activity.

(2) "State agency," as used in this section, includes every state agency, office, board, commission, or institution of the executive, legislative, or judicial branches, including institutions of higher education.

(3) The state expenditure information web site shall be updated periodically as subsequent fiscal year data become available, and the prior year expenditure data shall be maintained by the legislative evaluation and accountability program committee as part of its ten-year historical budget data.

**NEW SECTION. Sec. 3** A new section is added to chapter 43.88 RCW to read as follows:

**NEW SECTION. Sec. 4** A new section is added to chapter 28A.150 RCW to read as follows:

(1) Upon the release of each proposed omnibus appropriations act and final enacted budget, the legislative evaluation and accountability committee shall prepare and cause to be posted on a publicly accessible web site a presentation consisting of potential examples of the types and levels of educational programs and services supported by funding provided in the proposed or enacted omnibus appropriations act under specified allocations for the support of common schools.

(2) The purpose of the presentation created in subsection (1) of this section is to make transparent to the public, using categories and terms that are readily understood, examples of the type and level of educational programs and services supported by funding appropriated in the omnibus appropriations act under specified programs for support of the common schools. Such transparency promotes better public understanding of the state resources provided to support the common schools. The information in the presentation is for illustrative purposes only. It is not intended, nor is it to be construed, to represent how state allocations are actually used by individual school districts, nor how school districts are expected or required to expend state allocations.

(3) Each legislative evaluation and accountability program committee presentation prepared under this section shall provide estimates for the following items, based on the level of state funding appropriated in the budget bill for which the presentation is prepared and for the school year immediately following the legislative session in which the bill is considered:

MOTION

Senator Kohl-Welles moved that the Senate concur in the House amendment(s) to Engrossed Substitute Senate Bill No. 5831.

POINT OF ORDER

Senator Holmquist: "Thank you Mr. President. I believe that the House amendment is beyond the scope and object of the bill as it left the Senate and I have some arguments to offer on this Mr. President. When Senate Bill No. 5831 left the Senate it was a simple two page bill establishing a legislative task force. It is my understanding that this is the current scope of the Senate bill. By contrast what comes before us today for consideration is a house amendment that is forty-three pages long and provides an entire system of regulation for HVAC industry. As it left the Senate there were no substantial changes to the law regarding regulation of the HVAC industry. The House amendment establishes a certification program complete with three levels of certification each with specialties, training requirements, exams, grandfathering provisions, continuing education requirements, exemptions and fees. The bill also establishes an HVAC refrigeration board. Contractor registration requirement are altered and penalties are authorized. Unlike the underlying bill,

FIFTY-EIGHTH DAY, MARCH 11, 2008

this amendment makes significant changes in substantive law and policy and goes well beyond the subject matter of the underlying bill as it left the Senate. For these reasons, I believe the House amendment offered is outside the scope and object of the underlying bill and I respectfully request a ruling on this matter. Thank you Mr. President.”

Senator Kohl-Welles spoke against the motion.

MOTION

On motion of Senator Eide, further consideration of Engrossed Substitute Senate Bill No. 5831 was deferred and the bill held its place on the concurrence calendar.

MOTION

At 10:38 a.m., on motion of Senator Eide, the Senate was declared to be at ease subject to the call of the President.

The Senate was called to order at 11:54 a.m. by President Owen.

RULING BY THE PRESIDENT

President Owen: “In ruling upon the point of order raised by Senator Holmquist that the House amendments to Engrossed Substitute Senate Bill 5831 are beyond the scope and object of the underlying bill, the President finds and rules as follows:

The President begins by reminding the body that the title of a bill is not controlling for purposes of his analysis; rather, the President will consider the entirety of a measure in making a scope and object determination. Similarly, the version which is relevant for this analysis is the version ultimately passed by the Senate, not the version which was originally introduced. Once this body has taken an affirmative action to amend a measure, that newly-changed version then becomes the dispositive version against which subsequent changes will be compared. Likewise, the Senate’s determination in this regard is ultimately preeminent on Senate measures, just as the President defers to the House for scope and object rulings on House measures. All of this is in keeping with past precedent, but it is worth reminding the body, again, as this issue is considered.

Turning now to the bill before us, the President notes that all versions of this measure share a common subject: the certification and regulation of HVAC professionals. In this sense, the House amendments could meet the scope of the bill as it left the Senate. This is not the end of the analysis, however, as the President must next consider the specific purpose—that is, the object—of the bill and amendments.

The underlying bill as it left the Senate essentially did one thing: It formed a task force to study HVAC licensing and certification, charging this task force to report its findings back by next year. While the House amendments include the task force, they also add a complete program of licensing and certification relating to HVAC. While this is within the scope, or subject matter, of the bill as it left the Senate, it exceeds the specific purpose, or object, of the Senate version.”

For these reasons, the President therefore finds that the House amendments are beyond the object of the underlying bill, and Senator Holmquist’s point is well-taken.

MOTION

On motion of Senator Eide, further consideration of Engrossed Substitute Senate Bill No. 5831 was deferred and the bill held its place on the concurrence calendar.

Expanding the statewide first responder building mapping

information system to higher education facilities.

The measure was read the second time.

MOTION

Senator Shin moved that the following committee striking amendment by the Committee on Higher Education be adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1** The legislature finds that coordinated planning ensures preparation for all future crises. While it is impossible to eliminate the threats posed to our higher education campuses by crime or disaster, natural or person-caused, it is necessary to mitigate impact through effective all hazard emergency preparedness. The legislature also finds that notifying college and university campus communities of an impending, ongoing, or diffused emergency situation is one of the most critical capabilities that a college or university must have. But how a higher education institution achieves the ability to alert students, faculty, and staff quickly, accurately, and dependably in an emergency situation is not a one size fits all solution. While colleges and universities should maintain their autonomy in choosing how to address safety and security risks, certain consistent protocols are essential for making campuses safer. The legislature further finds that higher education institutions need to ensure that campus law enforcement or security communications equipment, as well as communication systems used by colleges and universities during an emergency, meet technical standards and are compatible with other responding agencies' communication systems. Therefore, it is the intent of the legislature to carefully examine best safety practices at the state's institutions of higher education, examine the use of technology to improve emergency communications, and consider the financial implications of safety and security enhancement plans, as well as the funding sources to support them, in order to maximize limited resources and public benefit.

NEW SECTION. **Sec. 2** The Washington state patrol and the Washington association of sheriffs and police chiefs, in consultation with the state board for community and technical colleges, the council of presidents, the independent colleges of Washington, and the department of information services, shall conduct a needs analysis and fiscal impact study of potential college and university campus security enhancements, including the addition of two-year and four-year public and independent higher education institutions to the statewide first responder building mapping information system as provided under RCW 36.28A.060.

(1) The study shall:

(a) Assess public and independent colleges and universities to determine whether campus emergency and critical incident plans are up-to-date, comprehensive, and regularly exercised;

(b) Evaluate the potential risks associated with individual types of buildings on all campuses and recommend buildings that are a high priority for adding to the statewide first responder building mapping information system;

(c) Determine the costs and timelines associated with adding priority campus buildings to the statewide first responder building mapping information system; and

(d) Assess campus emergency notification systems or devices, including emergency radio systems, to determine functionality in the campus environment, the adequacy of coverage throughout a campus, and operational compatibility with the radio systems and frequencies utilized by state and local responding agencies.

(2) The Washington state patrol and the Washington association of sheriffs and police chiefs shall report findings and recommendations to the governor and the legislature by November 1, 2008.

NEW SECTION. **Sec. 3** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2008, in the omnibus capital appropriations act, this act is null and void."

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 3329, by House Committee on Capital Budget (originally sponsored by Representatives Fromhold, McDonald, Ormsby, Wallace, Alexander, Sells and McIntire)

Prioritizing four-year higher education institutions' capital project requests.

The measure was read the second time.

MOTION

Senator Fraser moved that the following committee striking amendment by the Committee on Ways & Means be adopted.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1** The legislature finds that the state's public four-year institutions and the higher education coordinating board have made progress in developing a process to create a single prioritized list of capital project requests as required under RCW 28B.76.220. The legislature also finds that this process requires further refinement to achieve the state's policy objectives as outlined in the higher education coordinating board's strategic master plan for higher education in Washington. The legislature further finds the goal of creating additional, innovative facilities and programs that meet the learning needs of students throughout the state in a timely and cost-effective fashion requires a new approach to facility prioritization that emphasizes strategic planning. The legislature therefore intends to establish a new process for prioritizing capital project requests by the four-year institutions that utilizes the expertise and government-wide perspective of the office of financial management, and that is based upon the model that has been used successfully by the community and technical college system. The new process must emphasize objective analysis, a statewide perspective, and a strategic balance among facility preservation, new construction, and innovative delivery mechanisms. The legislature further recognizes that institutions of higher education are likely to require substantial new capital investments in order to continue to provide a wide range of high quality programs to students and the community, and that the state's ability to provide such resources is constrained by increasing capital expenditure needs within the K-12, public safety, social services, and community economic development arenas. The legislature therefore intends to identify and assess potential alternative means for increasing the capacity of public higher education institutions to meet the demands of the twenty-first century.

**NEW SECTION. Sec. 2** (1) By October 15th of each even-numbered year, the office of financial management shall complete an objective analysis and scoring of all capital budget projects proposed by the public four-year institutions of higher education and submit the results of the scoring process to the legislative fiscal committees, the higher education coordinating board, and the four-year institutions, except that, for 2008, the office of financial management shall complete the objective analysis and scoring by November 1st. Each project must be reviewed and scored within one of the following categories, according to the project's principal purpose. Each project may be scored in only one category. The categories are:

(a) Access-related projects to accommodate enrollment growth at main and branch campuses, at existing or new university centers, or through distance learning. Growth projects should provide significant additional student capacity. Proposed projects must demonstrate that they are based on solid

enrollment demand projections, more cost-effectively provide enrollment access than alternatives such as university centers and distance learning, and make cost-effective use of existing and proposed new space;

(b) Projects that replace failing permanent buildings or renovate facilities to restore building life and upgrade space to meet current program requirements. Facilities that cannot be economically renovated are considered replacement projects. Renovation projects should represent a complete renovation of a total facility or an isolated wing of a facility. A reasonable renovation project should cost between sixty to eighty percent of current replacement value and restore the renovated area to at least twenty-five years of useful life. New space may be programmed for the same or a different use than the space being replaced or renovated and may include additions to improve access and enhance the relationship of program or support space;

(c) Major stand-alone campus infrastructure projects;

(d) Projects that promote economic growth and innovation through expanded research activity. The acquisition and installation of specialized equipment is authorized under this category; and

(e) Other project categories as determined by the office of financial management in consultation with the legislative fiscal committees.

(2) The office of financial management, in consultation with the legislative fiscal committees and the joint legislative audit and review committee, shall establish a scoring system and process for each four-year project category that is based on the framework used in the community and technical college system of prioritization. Staff from the state board for community and technical colleges, the higher education coordinating board, and the four-year institutions shall provide technical assistance on the development of a scoring system and process.

(3) The office of financial management shall consult with the legislative fiscal committees in the scoring of four-year institution project proposals, and may also solicit participation by the joint legislative audit and review committee and independent experts.

(a) For each four-year project category, the scoring system must, at a minimum, include an evaluation of enrollment trends, reasonableness of cost, the ability of the project to enhance specific strategic master plan goals, age and condition of the facility if applicable, and impact on space utilization.

(b) Each four-year project category may include projects at the pre-design, design, or construction funding phase.

(c) To the extent possible, the objective analysis and scoring system of all capital budget projects shall occur within the context of any and all performance agreements between the office of financial management and the governing board of a public, four-year institution of higher education that aligns goals, priorities, desired outcomes, flexibility, institutional mission, accountability, and levels of resources.

(4) In evaluating and scoring four-year institution projects, the office of financial management shall take into consideration project schedules that result in realistic, balanced, and predictable expenditure patterns over the ensuing three biennia.

(5) The office of financial management shall distribute common definitions, the scoring system, and other information required for the project proposal and scoring process as part of its biennial budget instructions, except that, for the 2009-2011 budget development cycle, this information must be distributed by July 1, 2008. The office of financial management, in consultation with the legislative fiscal committees and the joint legislative audit and review committee, shall develop common definitions that four-year institutions must use in developing their project proposals and lists under this section.

(6) In developing any scoring system for capital projects proposed by the four-year institutions, the office of financial management:

(a) Shall be provided with all required information by the four-year institutions as deemed necessary by the office of financial management;

FIFTY-EIGHTH DAY, MARCH 11, 2008

2008 REGULAR SESSION

(b) May utilize independent services to verify, sample, or evaluate information provided to the office of financial management by the four-year institutions; and

(c) Shall have full access to all data maintained by the higher education coordinating board and the joint legislative audit and review committee concerning the condition of higher education facilities.

(7) By August 15th of each even-numbered year, beginning in 2008, each public four-year higher education institution shall prepare and submit prioritized lists of the individual projects proposed by the institution for the ensuing six-year period in each category, except for research institutions which shall prepare two separate prioritized lists in each category, one for the main campus, and one covering all of the institution's branch campuses. The lists must be submitted to the office of financial management and the legislative fiscal committees. The four-year institutions may aggregate minor works project proposals by primary purpose for ranking purposes. Proposed minor works projects must be prioritized within the aggregated proposal, and supporting documentation, including project descriptions and cost estimates, must be provided to the office of financial management and the legislative fiscal committees.

**NEW SECTION. Sec. 3** The office of financial management shall submit a higher education capital facility financing study to the governor and the appropriate legislative fiscal committees by December 1, 2008. In designing and conducting the study, the office of financial management shall consult with legislative and fiscal committee leadership, the department of revenue, the state investment board, the higher education coordinating board, the state board for community and technical colleges, and the public four-year institutions of higher education. The study must include:

(1) A review of the methods that are used to fund higher education facility expansion and improvements in other states, with particular emphasis on Washington's global challenge states, and the relative portions of such expenditures that are borne by students, state taxpayers, federal grants, and private contributions;

(2) An examination of alternatives for reducing facility construction and maintenance expenditures per student through strategies such as expansion of distance learning opportunities, increased scheduling of classes during evenings and weekends, the establishment of expected cost benchmarks by facility type, and other means; and

(3) An assessment of the strengths and weaknesses of potential new revenue sources that might be applied to the funding of higher education facilities. These alternative sources must include, but not be limited to, adjusting student fees to support a larger share of the cost of such facilities, bonding against student fee revenues, utilizing local tax revenues to support local higher education capital needs, promoting business participation in the financing of programs strongly linked to area economic development, and other means.

**Sec. 4** RCW 28B.76.210 and 2007 c 458 s 202 are each amended to read as follows:

(1) The board shall collaborate with the four-year institutions including the council of presidents, the community and technical college system, and when appropriate the workforce training and education coordinating board, the superintendent of public instruction, and the independent higher educational institutions to identify budget priorities and levels of funding for higher education, including the two and four-year institutions of higher education and state financial aid programs. It is the intent of the legislature that recommendations from the board reflect not merely the sum of budget requests from multiple institutions, but prioritized funding needs for the overall system of higher education.

(2) By December of each odd-numbered year, the board shall distribute guidelines which outline the board's fiscal priorities to the institutions and the state board for community and technical colleges.

(a) The institutions and the state board for community and technical colleges shall submit an outline of their proposed operating budgets to the board no later than July 1st of each even-numbered year. Pursuant to guidelines developed by the

board, operating budget outlines submitted by the institutions and the state board for community and technical colleges after January 1, 2007, shall include all policy changes and enhancements that will be requested by the institutions and the state board for community and technical colleges in their respective biennial budget requests. Operating budget outlines shall include a description of each policy enhancement, the dollar amount requested, and the fund source being requested.

(b) Capital budget outlines for the two-year institutions shall be submitted by August 15th of each even-numbered year, and shall include the prioritized ranking of the capital projects being requested ((by two-year and four-year institutions, respectively-), a description of each capital project, and the amount and fund source being requested(-, shall be included for each capital project appearing in the prioritized ranking)).

(c) Capital budget outlines for the four-year institutions must be submitted by August 15th of each even-numbered year, and must include: The institutions' priority ranking of the project; the capital budget category within which the project will be submitted to the office of financial management in accordance with section 2 of this act; a description of each capital project; and the amount and fund source being requested.

(d) The office of financial management shall reference these reporting requirements in its budget instructions.

(3) The board shall review and evaluate the operating and capital budget requests from four-year institutions and the community and technical college system based on how the requests align with the board's budget priorities, the missions of the institutions, and the statewide strategic master plan for higher education under RCW 28B.76.200.

(4) The board shall submit recommendations on the proposed ((budgets)) operating budget and ((on the board's budget)) priorities to the office of financial management ((before)) by October 1st of each even-numbered year, and to the legislature by January 1st of each odd-numbered year. The board's capital budget recommendations for the community and technical college system and the four-year institutions must be submitted to the office of financial management by November 15th of each even-numbered year and to the legislature by January 1st of each odd-numbered year. The board's recommendations for the four-year institutions must include the relative share of the higher education capital budget that the board recommends be assigned to each project category, as defined in section 2 of this act, and to minor works program and preservation.

(5) Institutions and the state board for community and technical colleges shall submit any supplemental budget requests and revisions to the board at the same time they are submitted to the office of financial management. The board shall submit recommendations on the proposed supplemental budget requests to the office of financial management by November 1st and to the legislature by January 1st.

**NEW SECTION. Sec. 5** RCW 28B.76.220 (Prioritized capital project lists for higher education institutions) and 2004 c 275 s 8 & 2003 1st sp.s. c 8 s 2 are each repealed.

**NEW SECTION. Sec. 6** Section 2 of this act constitutes a new chapter in Title 43 RCW."

#### SECOND READING

HOUSE BILL NO. 3362, by Representative Kelley

Providing tax incentives to encourage businesses to purchase highly energy efficient equipment.

The measure was read the second time.

#### MOTION

Senator Pridemore moved that the following striking amendment by Senator Pridemore be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1** The legislature finds that improving energy efficiency is key to achieving the state's goals to reduce greenhouse gas emissions to 1990 levels by 2020. The legislature further finds that increased energy efficiency saves Washington businesses money, which in turn helps the state and local economy, as energy bill savings can be spent on local goods and services. Washington state and federal appliance standards passed since 2005 will produce about eighty thousand metric tons of greenhouse gas emissions savings toward Washington's 2020 target. However, there are a large number of commercial devices on the market that are not subject to those standards. In addition, there are many new products on the market that are much more energy efficient than required by such standards, but because they may be more expensive than standard models, they represent only a small percentage of sales. Most commercial equipment, once purchased, will be in use for

ten to fifteen years; therefore, the more energy efficient they are, the greater the energy and cost savings and reductions in climate pollution.

Thus, the legislature intends to enact tax incentives as a means to encourage Washington businesses to purchase certain high efficiency appliances and equipment and to maximize the energy savings opportunity available through increased and sustained market share of those appliances and equipment.

**NEW SECTION. Sec. 2** A new section is added to chapter 82.04 RCW to read as follows:

(1) In computing the tax imposed under this chapter, a credit is allowed in an amount equal to eight and eight-tenths percent multiplied by the purchase price, as defined in RCW 82.12.010, of the following items:

(a) Commercial freezers and refrigerators meeting consortium for energy efficiency tier 2 specifications dated January 1, 2006;

(b) High efficiency commercial clothes washers meeting consortium for energy efficiency specifications dated November 14, 2007;

(c) Commercial ice makers meeting consortium for energy efficiency specifications dated January 1, 2006;

(d) Commercial full-sized gas convection ovens with interior measurements of six cubic feet or larger;

(e) Commercial deep fat fryers which are rated energy star as of August 2003;

(f) Commercial hot food holding cabinets which are rated energy star as of August 2003; and

(g) Commercial electric and gas steam cookers, also known as compartment cookers, which are rated energy star as of August 2003.

(2) A person may not take the credit under this section if the person's gross income of the business in the prior calendar year exceeded seven hundred fifty thousand dollars.

(3) A credit earned during one calendar year may be carried over to be credited against taxes incurred in the subsequent calendar year. Credit may not be claimed against taxes due for any tax reporting period ending before the credit was earned. No refunds shall be granted for credits under this section.

(4) Credits are available on a first-in-time basis. The department shall disallow any credits, or portion thereof, that would cause the total amount of credits claimed statewide under this section in any year to exceed seven hundred fifty thousand dollars. If the seven hundred fifty thousand dollar limitation is reached, the department shall provide written notice to any person that has claimed tax credits after the seven hundred fifty thousand dollar limitation in this subsection has been met. The notice shall indicate the amount of tax due and shall provide that the tax be paid within thirty days from the date of such notice. The department may not assess penalties and interest as provided in chapter 82.32 RCW on the amount due in the initial notice if the amount due is paid by the due date specified in the notice, or any extension thereof.

(5) The department of community, trade, and economic development must prepare and deliver a report to the legislature no later than December 30, 2010, assessing the overall energy and cost saving impacts of this section.

(6) Credit may not be claimed under this section for the purchase of an item, listed in subsection (1) of this section, before the effective date of this section.

(7) Credit may not be claimed under this section for the purchase of an item, listed in subsection (1) of this section, after June 30, 2010.

(8) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a)(i) "Commercial refrigerators and freezers" means refrigerators, freezers, or refrigerator-freezers designed for use by commercial or institutional facilities for the purpose of storing or merchandising food products, beverages, or ice at specified temperatures that: (A) Incorporate most components involved in the vapor-compression cycle and the refrigerated compartment in a single cabinet; and (B) may be configured with either solid or transparent doors as a reach-in cabinet, pass-through cabinet, roll-in cabinet, or roll-through cabinet.

(ii) "Commercial refrigerators and freezers" does not include: (A) Products with eighty-five cubic feet or more of internal volume; (B) walk-in refrigerators or freezers; (C) consumer products that are federally regulated pursuant to Title 42 U.S.C. Sec. 6291 et seq.; (D) products without doors; or (E) freezers specifically designed for ice cream.

(b) "Commercial clothes washer" means a soft mount horizontal or vertical-axis clothes washer that: (i) Has a clothes container compartment no greater than three and one-half cubic feet in the case of a horizontal-axis product or no greater than four cubic feet in the case of a vertical-axis product; and (ii) is designed for use by more than one household, such as in multifamily housing, apartments, or coin laundries.

(c) "Commercial hot food holding cabinet" means an appliance that is designed to hold hot food at a specified temperature, which has been cooked using a separate appliance.

(d) "Commercial ice maker" means a factory-made assembly, not necessarily shipped in one package, consisting of a condensing unit and ice-making section operating as an integrated unit with means for making and harvesting ice. It may also include integrated components for storing or dispensing ice, or both.

(e) "Commercial open, deep-fat fryer" means an appliance, including a cooking vessel, in which oil is placed to such a depth that the cooking food is essentially supported by displacement of the cooking fluid rather than by the bottom of the vessel. Heat is delivered to the cooking fluid by means of an immersed electric element or band-wrapped vessel (electric fryers), or by heat transfer from gas burners through either the walls of the fryer or through tubes passing through the cooking fluid (gas fryers).

(f) "Consortium" means the consortium for energy efficiency, a United States nonprofit public benefits corporation that promotes the manufacture and purchase of energy efficient products and services. The consortium's members include utilities, statewide and regional market transformation administrators, environmental groups, research organizations, and state energy offices in the United States and Canada.

(g) "Energy star" is an energy efficient product that meets the federal environmental protection agency's and federal department of energy's criteria for use of the energy star trademark label, or is in the upper twenty-five percent of efficiency for all similar products as designated by the federal energy management program. Energy star is a voluntary labeling program designed to identify and promote energy efficient products to reduce greenhouse gas emissions.

(h) "Steam cooker" means a device with one or more food steaming compartments, in which the energy in the steam is transferred to the food by direct contact. Models may include countertop models, wall-mounted models, and floor models mounted on a stand, pedestal, or cabinet-style base.

The measure was read the second time.

#### MOTION

Senator Fraser moved that the following committee striking amendment by the Committee on Ways & Means be adopted.

Strike everything after the enacting clause and insert the following:

#### "PART 1

**NEW SECTION. Sec. 101** For the purpose of providing state funds for federally matched flood hazard mitigation and other projects throughout the Chehalis river basin, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of fifty million dollars, or as much thereof as may be required, to finance the projects and all costs incidental thereto. Bonds authorized in this section may be sold at such price as the state finance committee shall determine. No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

**NEW SECTION. Sec. 102** The proceeds from the sale of the bonds authorized in section 101 of this act shall be deposited in the state building construction account created by RCW 43.83.020. If the state finance committee deems it necessary to issue taxable bonds in order to comply with federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds, the proceeds of such taxable bonds shall be transferred to the state taxable building construction account in lieu of any deposits otherwise provided by this section. The state treasurer shall submit written notice to the director of financial management if it is determined that any such transfer to the state taxable building construction account is necessary. Moneys in the account may be spent only after appropriation. These proceeds shall be used exclusively for the purposes specified in section 101 of this act and for the payment of expenses incurred in the issuance and sale of the bonds. These proceeds shall be administered by the office of financial management subject to legislative appropriation.

**NEW SECTION. Sec. 103** (1) The debt-limit general fund bond retirement account shall be used for the payment of the principal of and interest on the bonds authorized in section 101 of this act.

(2) The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet the bond retirement and interest requirements. On each date on which any interest or principal and interest payment is due the state treasurer shall withdraw from any general state revenues received in the state treasury and deposit in the debt-limit general fund bond retirement account an amount equal to the amount certified by the state finance committee to be due on the payment date.

**NEW SECTION. Sec. 104** (1) Bonds issued under section 101 of this act shall state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay the principal and interest as the same shall become due.

(2) The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section.

FIFTY-EIGHTH DAY, MARCH 11, 2008

2008 REGULAR SESSION

**NEW SECTION. Sec. 105** The legislature may provide additional means for raising moneys for the payment of the principal of and interest on the bonds authorized in section 101 of this act, and section 103 of this act shall not be deemed to provide an exclusive method for the payment.

**NEW SECTION. Sec. 106** The bonds authorized in section 101 of this act shall be a legal investment for all state funds or funds under state control and for all funds of any other public body.

## PART 2

**NEW SECTION. Sec. 201** The legislature finds that the state's public schools and skill centers are a vital component of the future economic prosperity of our state and provide students with access to high-quality academic and technical skills instruction. Skill centers challenge, motivate, and provide opportunities for students to achieve in basic skills, critical thinking, leadership, and work skills through hands-on education, applied academics, and technology training using a cost-effective delivery model. The legislature further finds that barriers to access exist for students in rural and high-density areas, but the development of satellite and branch campus programs will provide the needed access. The legislature further finds that existing and proposed new skill centers will require facilities and equipment that simulate business and industry. Therefore, it is the intent of the legislature to provide a new source of funding for the critical capital needs of the state's skill centers to enhance access to career and technical education opportunities and to improve the condition of existing facilities. Enhanced capital funding will provide skill centers the ability to fulfill their critical role in maintaining and stimulating the state's economy and expanding quality academic and career and technical education opportunities to more students, especially students who lack access to these programs to date.

In the interest of funding equity and ensuring a commitment to the new development, major renovation, or expansion of skill centers, all school district partners must contribute to the acquisition or major capital costs of skill center projects supported by this act to the greatest extent feasible.

**NEW SECTION. Sec. 202** For the purpose of providing school construction assistance grants and needed capital improvements consisting of the predesign, design, acquisition, construction, modification, renovation, expansion, equipping, and other improvements of skill centers facilities, including capital improvements to support satellite or branch campus programs for underserved rural areas or high-density areas, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of one hundred million dollars, or as much thereof as may be required, to finance all or a part of these projects and all costs incidental thereto. Bonds authorized in this section may be sold at such price as the state finance committee shall determine. No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds. If the state finance committee deems it necessary to issue taxable bonds in order to comply with federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds, the proceeds of such taxable bonds shall be transferred to the state taxable building construction account in lieu of any deposits otherwise provided by this section. The state treasurer shall submit written notice to the director of financial management if it is determined that any such transfer to the state taxable building construction account is necessary.

**NEW SECTION. Sec. 203** This chapter is not intended to limit the legislature's ability to appropriate bond proceeds if the full amount authorized in this chapter has not been appropriated after one biennia, and the authorization to issue bonds contained in this chapter does not expire until the full authorization has been appropriated and issued.

**NEW SECTION. Sec. 204** (1) The proceeds from the sale of the bonds authorized in section 202 of this act shall be deposited in the school construction and skill centers building account created in section 210 of this act.

(2) The proceeds shall be used exclusively for the purposes stated in section 202 of this act and for the payment of the expenses incurred in connection with the sale and issuance of the bonds.

**NEW SECTION. Sec. 205** (1) The nondebt-limit reimbursable bond retirement account must be used for the payment of the principal and interest on the bonds authorized in section 202 of this act.

(2)(a) The state finance committee must, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet the bond retirement and interest requirements on the bonds authorized in section 202 of this act.

(b) On or before the date on which any interest or principal and interest is due, the state treasurer shall transfer from that portion of the common school construction fund derived from the interest on the permanent common school fund into the nondebt-limit reimbursable bond retirement account the amount computed in (a) of this subsection for bonds issued for the purposes of section 202 of this act. Any deficiency in such transfer shall be made up as soon as moneys are available for transfer and shall constitute a continuing obligation of that portion of the common school construction fund derived from the interest on the permanent common school fund until all deficiencies are fully paid.

**NEW SECTION. Sec. 206** (1) Bonds issued under section 202 of this act shall state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay the principal and interest as the same shall become due.

(2) The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section.

**NEW SECTION. Sec. 207** The bonds authorized in section 202 of this act shall be a legal investment for all state funds or funds under state control and for all funds of any other public body.

**NEW SECTION. Sec. 208** The legislature may provide additional means for raising moneys for the payment of the principal of and interest on the bonds authorized in section 202 of this act, and section 202 of this act shall not be deemed to provide an exclusive method for the payment.

**NEW SECTION. Sec. 209** This chapter provides a complete, additional, and alternative method for accomplishing the purposes of this chapter and is supplemental and additional to powers conferred by other laws. The issuance of bonds under this chapter shall not be deemed to be the only method to fund projects under this chapter.

**NEW SECTION. Sec. 210** The school construction and skill centers building account is created in the state treasury. Proceeds from the bonds issued under section 202 of this act shall be deposited in the account. The account shall be used for purposes stated in section 202 of this act. Moneys in the account may be spent only after appropriation.

## PART 3

**Sec. 301** RCW 39.42.060 and 2003 c 147 s 13 are each amended to read as follows:

No bonds, notes, or other evidences of indebtedness for borrowed money shall be issued by the state which will cause the aggregate debt contracted by the state to exceed that amount for which payments of principal and interest in any fiscal year would require the state to expend more than seven percent of the arithmetic mean of its general state revenues, as defined in RCW 39.42.070, for the three immediately preceding fiscal years as certified by the treasurer in accordance with RCW 39.42.070. It shall be the duty of the state finance committee to compute annually the amount required to pay principal of and interest on outstanding debt. In making such computation, the state finance committee shall include all borrowed money represented by bonds, notes, or other evidences of indebtedness which are secured by the full faith and credit of the state or are required to

**Sec. 302** RCW 28A.245.030 and 2007 c 463 s 4 are each amended to read as follows:

(1) The office of the superintendent of public instruction shall review and revise the guidelines for skill centers to encourage skill center programs. The superintendent, in cooperation with the workforce training and education coordinating board, skill center directors, and the Washington association for career and technical education, shall review and revise the existing skill centers' policy guidelines and create and adopt rules governing skill centers as follows:

(a) The threshold enrollment at a skill center shall be revised so that a skill center program need not have a minimum of seventy percent of its students enrolled on the skill center core campus in order to facilitate serving rural students through expansion of skill center programs by means of satellite programs or branch campuses;

(b) The developmental planning for branch campuses shall be encouraged. Underserved rural areas or high-density areas may partner with an existing skill center to create satellite programs or a branch campus. The superintendent of public instruction shall adopt rules that set as a goal a ten percent minimum local project contribution threshold for major skill center projects, unless there is a compelling rationale not to do so, including but not limited to local economic conditions, as determined by the superintendent of public instruction. This applies to the acquisition or major capital costs of skill center projects as outlined in the ten-year capital plan.

(4) Subject to available funding, the superintendent shall:

(a) Conduct approved feasibility studies for serving noncooperative rural and high-density area students in their geographic areas; and

(b) Develop a statewide master plan that identifies standards and resources needed to create a technology infrastructure for connecting all skill centers to the K-20 network.

NEW SECTION. Sec. 303 Sections 101 through 106 of this act constitute a new chapter in Title 43 RCW.

NEW SECTION. Sec. 304 Sections 201 through 210 of this act constitute a new chapter in Title 28A RCW.

NEW SECTION. Sec. 305 Part headings used in this act are not any part of the law.

NEW SECTION. Sec. 306 If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 307 This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

## SECOND READING

SENATE BILL NO. 6629, by Senators Franklin and Prentice

Making clarifications to the nursing facility medicaid payment system in relation to the use of minimum occupancy in setting cost limits and application of the statewide average payment rate specified in the biennial appropriations act.

The measure was read the second time.

## MOTION

Senator Keiser moved that the following striking amendment by Senator Keiser be adopted:

Strike everything after the enacting clause and insert the following:

"**Sec. 1** RCW 74.46.421 and 2001 1st sp.s. c 8 s 4 are each amended to read as follows:

(1) The purpose of part E of this chapter is to determine nursing facility medicaid payment rates that, in the aggregate for all participating nursing facilities, are in accordance with the biennial appropriations act.

(2)(a) The department shall use the nursing facility medicaid payment rate methodologies described in this chapter to determine initial component rate allocations for each medicaid nursing facility.

(b) The initial component rate allocations shall be subject to adjustment as provided in this section in order to assure that the statewide average payment rate to nursing facilities is less than or equal to the statewide average payment rate specified in the biennial appropriations act.

FIFTY-EIGHTH DAY, MARCH 11, 2008

2008 REGULAR SESSION

(3) Nothing in this chapter shall be construed as creating a legal right or entitlement to any payment that (a) has not been adjusted under this section or (b) would cause the statewide average payment rate to exceed the statewide average payment rate specified in the biennial appropriations act.

(4)(a) The statewide average payment rate for any state fiscal year under the nursing facility payment system, weighted by patient days, shall not exceed the annual statewide weighted average nursing facility payment rate identified for that fiscal year in the biennial appropriations act.

(b) If the department determines that the weighted average nursing facility payment rate calculated in accordance with this chapter is likely to exceed the weighted average nursing facility payment rate identified in the biennial appropriations act, then the department shall adjust all nursing facility payment rates proportional to the amount by which the weighted average rate allocations would otherwise exceed the budgeted rate amount. Any such adjustments for the current fiscal year shall only be made prospectively, not retrospectively, and shall be applied proportionately to each component rate allocation for each facility.

(c) If any final order or final judgment, including a final order or final judgment resulting from an adjudicative proceeding or judicial review permitted by chapter 34.05 RCW, would result in an increase to a nursing facility's payment rate for a prior fiscal year or years, the department shall consider whether the increased rate for that facility would result in the statewide weighted average payment rate for all facilities for such fiscal year or years to be exceeded. If the increased rate would result in the statewide average payment rate for such year or years being exceeded, the department shall increase that nursing facility's payment rate to meet the final order or judgment only to the extent that it does not result in an increase to the statewide weighted average payment rate for all facilities.

**Sec. 2** RCW 74.46.431 and 2007 c 508 s 2 are each amended to read as follows:

(1) Effective July 1, 1999, nursing facility medicaid payment rate allocations shall be facility-specific and shall have seven components: Direct care, therapy care, support services, operations, property, financing allowance, and variable return. The department shall establish and adjust each of these components, as provided in this section and elsewhere in this chapter, for each medicaid nursing facility in this state.

(2) Component rate allocations in therapy care, support services, variable return, operations, property, and financing allowance for essential community providers as defined in this chapter shall be based upon a minimum facility occupancy of eighty-five percent of licensed beds, regardless of how many beds are set up or in use. For all facilities other than essential community providers, effective July 1, 2001, component rate allocations in direct care, therapy care, support services, and variable return ~~((operations, property, and financing allowance))~~ shall ~~((continue to))~~ be based upon a minimum facility occupancy of eighty-five percent of licensed beds. For all facilities other than essential community providers, effective July 1, 2002, the component rate allocations in operations, property, and financing allowance shall be based upon a minimum facility occupancy of ninety percent of licensed beds, regardless of how many beds are set up or in use. For all facilities, effective July 1, 2006, the component rate allocation in direct care shall be based upon actual facility occupancy. The median cost limits used to set component rate allocations shall be based on the applicable minimum occupancy percentage. In determining each facility's therapy care component rate allocation under RCW 74.46.511, the department shall apply the applicable minimum facility occupancy adjustment before creating the array of facilities' adjusted therapy costs per adjusted resident day. In determining each facility's support services component rate allocation under RCW 74.46.515(3), the department shall apply the applicable minimum facility occupancy adjustment before creating the array of facilities' adjusted support services costs per adjusted resident day. In determining each facility's operations component rate allocation under RCW 74.46.521(3), the department shall apply the minimum facility occupancy adjustment before creating the

array of facilities' adjusted general operations costs per adjusted resident day.

(3) Information and data sources used in determining medicaid payment rate allocations, including formulas, procedures, cost report periods, resident assessment instrument formats, resident assessment methodologies, and resident classification and case mix weighting methodologies, may be substituted or altered from time to time as determined by the department.

(4)(a) Direct care component rate allocations shall be established using adjusted cost report data covering at least six months. Adjusted cost report data from 1996 will be used for October 1, 1998, through June 30, 2001, direct care component rate allocations; adjusted cost report data from 1999 will be used for July 1, 2001, through June 30, 2006, direct care component rate allocations. Adjusted cost report data from 2003 will be used for July 1, 2006, through June 30, 2007, direct care component rate allocations. Adjusted cost report data from 2005 will be used for July 1, 2007, through June 30, 2009, direct care component rate allocations. Effective July 1, 2009, the direct care component rate allocation shall be rebased biennially, and thereafter for each odd-numbered year beginning July 1st, using the adjusted cost report data for the calendar year two years immediately preceding the rate rebase period, so that adjusted cost report data for calendar year 2007 is used for July 1, 2009, through June 30, 2011, and so forth.

(b) Direct care component rate allocations based on 1996 cost report data shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act. A different economic trends and conditions adjustment factor or factors may be defined in the biennial appropriations act for facilities whose direct care component rate is set equal to their adjusted June 30, 1998, rate, as provided in RCW 74.46.506(5)(i).

(c) Direct care component rate allocations based on 1999 cost report data shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act. A different economic trends and conditions adjustment factor or factors may be defined in the biennial appropriations act for facilities whose direct care component rate is set equal to their adjusted June 30, 1998, rate, as provided in RCW 74.46.506(5)(i).

(d) Direct care component rate allocations based on 2003 cost report data shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act. A different economic trends and conditions adjustment factor or factors may be defined in the biennial appropriations act for facilities whose direct care component rate is set equal to their adjusted June 30, 2006, rate, as provided in RCW 74.46.506(5)(i).

(e) Direct care component rate allocations shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act.

(5)(a) Therapy care component rate allocations shall be established using adjusted cost report data covering at least six months. Adjusted cost report data from 1996 will be used for October 1, 1998, through June 30, 2001, therapy care component rate allocations; adjusted cost report data from 1999 will be used for July 1, 2001, through June 30, 2005, therapy care component rate allocations. Adjusted cost report data from 1999 will continue to be used for July 1, 2005, through June 30, 2007, therapy care component rate allocations. Adjusted cost report data from 2005 will be used for July 1, 2007, through June 30, 2009, therapy care component rate allocations. Effective July 1, 2009, and thereafter for each odd-numbered year beginning July 1st, the therapy care component rate allocation shall be cost rebased biennially, using the adjusted cost report data for the calendar year two years immediately preceding the rate rebase period, so that adjusted cost report data for calendar year 2007 is used for July 1, 2009, through June 30, 2011, and so forth.

(b) Therapy care component rate allocations shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act.

FIFTY-EIGHTH DAY, MARCH 11, 2008

2008 REGULAR SESSION

(6)(a) Support services component rate allocations shall be established using adjusted cost report data covering at least six months. Adjusted cost report data from 1996 shall be used for October 1, 1998, through June 30, 2001, support services component rate allocations; adjusted cost report data from 1999 shall be used for July 1, 2001, through June 30, 2005, support services component rate allocations. Adjusted cost report data from 1999 will continue to be used for July 1, 2005, through June 30, 2007, support services component rate allocations. Adjusted cost report data from 2005 will be used for July 1, 2007, through June 30, 2009, support services component rate allocations. Effective July 1, 2009, and thereafter for each odd-numbered year beginning July 1st, the support services component rate allocation shall be cost rebased biennially, using the adjusted cost report data for the calendar year two years immediately preceding the rate rebase period, so that adjusted cost report data for calendar year 2007 is used for July 1, 2009, through June 30, 2011, and so forth.

(b) Support services component rate allocations shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act.

(7)(a) Operations component rate allocations shall be established using adjusted cost report data covering at least six months. Adjusted cost report data from 1996 shall be used for October 1, 1998, through June 30, 2001, operations component rate allocations; adjusted cost report data from 1999 shall be used for July 1, 2001, through June 30, 2006, operations component rate allocations. Adjusted cost report data from 2005 will be used for July 1, 2007, through June 30, 2009, operations component rate allocations. Effective July 1, 2009, and thereafter for each odd-numbered year beginning July 1st, the operations component rate allocation shall be cost rebased biennially, using the adjusted cost report data for the calendar year two years immediately preceding the rate rebase period, so that adjusted cost report data for calendar year 2007 is used for July 1, 2009, through June 30, 2011, and so forth.

(b) Operations component rate allocations shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act. A different economic trends and conditions adjustment factor or factors may be defined in the biennial appropriations act for facilities whose operations component rate is set equal to their adjusted June 30, 2006, rate, as provided in RCW 74.46.521(4).

(8) For July 1, 1998, through September 30, 1998, a facility's property and return on investment component rates shall be the facility's June 30, 1998, property and return on investment component rates, without increase. For October 1, 1998, through June 30, 1999, a facility's property and return on investment component rates shall be rebased utilizing 1997 adjusted cost report data covering at least six months of data.

(9) Total payment rates under the nursing facility Medicaid payment system shall not exceed facility rates charged to the general public for comparable services.

(10) Medicaid contractors shall pay to all facility staff a minimum wage of the greater of the state minimum wage or the federal minimum wage.

(11) The department shall establish in rule procedures, principles, and conditions for determining component rate allocations for facilities in circumstances not directly addressed by this chapter, including but not limited to: The need to prorate inflation for partial-period cost report data, newly constructed facilities, existing facilities entering the Medicaid program for the first time or after a period of absence from the program, existing facilities with expanded new bed capacity, existing Medicaid facilities following a change of ownership of the nursing facility business, facilities banking beds or converting beds back into service, facilities temporarily reducing the number of set-up beds during a remodel, facilities having less than six months of either resident assessment, cost report data, or both, under the current contractor prior to rate setting, and other circumstances.

(12) The department shall establish in rule procedures, principles, and conditions, including necessary threshold costs,

for adjusting rates to reflect capital improvements or new requirements imposed by the department or the federal government. Any such rate adjustments are subject to the provisions of RCW 74.46.421.

(13) Effective July 1, 2001, Medicaid rates shall continue to be revised downward in all components, in accordance with department rules, for facilities converting banked beds to active service under chapter 70.38 RCW, by using the facility's increased licensed bed capacity to recalculate minimum occupancy for rate setting. However, for facilities other than essential community providers which bank beds under chapter 70.38 RCW, after May 25, 2001, Medicaid rates shall be revised upward, in accordance with department rules, in direct care, therapy care, support services, and variable return components only, by using the facility's decreased licensed bed capacity to recalculate minimum occupancy for rate setting, but no upward revision shall be made to operations, property, or financing allowance component rates. The direct care component rate allocation shall be adjusted, without using the minimum occupancy assumption, for facilities that convert banked beds to active service, under chapter 70.38 RCW, beginning on July 1, 2006. Effective July 1, 2007, component rate allocations for direct care shall be based on actual patient days regardless of whether a facility has converted banked beds to active service.

(14) Facilities obtaining a certificate of need or a certificate of need exemption under chapter 70.38 RCW after June 30, 2001, must have a certificate of capital authorization in order for (a) the depreciation resulting from the capitalized addition to be included in calculation of the facility's property component rate allocation; and (b) the net invested funds associated with the capitalized addition to be included in calculation of the facility's financing allowance rate allocation.

**Sec. 3** RCW 74.46.511 and 2007 c 508 s 4 are each amended to read as follows:

(1) The therapy care component rate allocation corresponds to the provision of Medicaid one-on-one therapy provided by a qualified therapist as defined in this chapter, including therapy supplies and therapy consultation, for one day for one Medicaid resident of a nursing facility. The therapy care component rate allocation for October 1, 1998, through June 30, 2001, shall be based on adjusted therapy costs and days from calendar year 1996. The therapy component rate allocation for July 1, 2001, through June 30, 2007, shall be based on adjusted therapy costs and days from calendar year 1999. Effective July 1, 2007, the therapy care component rate allocation shall be based on adjusted therapy costs and days as described in RCW 74.46.431(5). The therapy care component rate shall be adjusted for economic trends and conditions as specified in RCW 74.46.431(5), and shall be determined in accordance with this section. In determining each facility's therapy care component rate allocation, the department shall apply the applicable minimum facility occupancy adjustment before creating the array of facilities' adjusted therapy care costs per adjusted resident day.

(2) In rebasing, as provided in RCW 74.46.431(5)(a), the department shall take from the cost reports of facilities the following reported information:

(a) Direct one-on-one therapy charges for all residents by payer including charges for supplies;

(b) The total units or modules of therapy care for all residents by type of therapy provided, for example, speech or physical. A unit or module of therapy care is considered to be fifteen minutes of one-on-one therapy provided by a qualified therapist or support personnel; and

(c) Therapy consulting expenses for all residents.

(3) The department shall determine for all residents the total cost per unit of therapy for each type of therapy by dividing the total adjusted one-on-one therapy expense for each type by the total units provided for that therapy type.

(4) The department shall divide Medicaid nursing facilities in this state into two peer groups:

(a) Those facilities located within urban counties; and

(b) Those located within nonurban counties.

The department shall array the facilities in each peer group from highest to lowest based on their total cost per unit of

2008 REGULAR SESSION

therapy for each therapy type. The department shall determine the median total cost per unit of therapy for each therapy type and add ten percent of median total cost per unit of therapy. The cost per unit of therapy for each therapy type at a nursing facility shall be the lesser of its cost per unit of therapy for each therapy type or the median total cost per unit plus ten percent for each therapy type for its peer group.

(5) The department shall calculate each nursing facility's therapy care component rate allocation as follows:

(a) To determine the allowable total therapy cost for each therapy type, the allowable cost per unit of therapy for each type of therapy shall be multiplied by the total therapy units for each type of therapy;

(b) The medicaid allowable one-on-one therapy expense shall be calculated taking the allowable total therapy cost for each therapy type times the medicaid percent of total therapy charges for each therapy type;

(c) The medicaid allowable one-on-one therapy expense for each therapy type shall be divided by total adjusted medicaid days to arrive at the medicaid one-on-one therapy cost per patient day for each therapy type;

(d) The medicaid one-on-one therapy cost per patient day for each therapy type shall be multiplied by total adjusted patient days for all residents to calculate the total allowable one-on-one therapy expense. The lesser of the total allowable therapy consultant expense for the therapy type or a reasonable percentage of allowable therapy consultant expense for each therapy type, as established in rule by the department, shall be added to the total allowable one-on-one therapy expense to determine the allowable therapy cost for each therapy type;

(e) The allowable therapy cost for each therapy type shall be added together, the sum of which shall be the total allowable therapy expense for the nursing facility;

(f) The total allowable therapy expense will be divided by the greater of adjusted total patient days from the cost report on which the therapy expenses were reported, or patient days at eighty-five percent occupancy of licensed beds. The outcome shall be the nursing facility's therapy care component rate allocation.

(6) The therapy care component rate allocations calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421.

(7) The therapy care component rate shall be suspended for medicaid residents in qualified nursing facilities designated by the department who are receiving therapy paid by the department outside the facility daily rate under RCW 74.46.508(2).

**Sec. 4** RCW 74.46.515 and 2001 1st sp.s. c 8 s 12 are each amended to read as follows:

(1) The support services component rate allocation corresponds to the provision of food, food preparation, dietary, housekeeping, and laundry services for one resident for one day.

(2) Beginning October 1, 1998, the department shall determine each medicaid nursing facility's support services component rate allocation using cost report data specified by RCW 74.46.431(6).

(3) To determine each facility's support services component rate allocation, the department shall:

(a) Array facilities' adjusted support services costs per adjusted resident day, as determined by dividing each facility's total allowable support services costs by its adjusted resident days for the same report period, increased if necessary to a minimum occupancy provided by RCW 74.46.431(2), for each facility from facilities' cost reports from the applicable report year, for facilities located within urban counties, and for those located within nonurban counties and determine the median adjusted cost for each peer group;

(b) Set each facility's support services component rate at the lower of the facility's per resident day adjusted support services costs from the applicable cost report period or the adjusted median per resident day support services cost for that facility's peer group, either urban counties or nonurban counties, plus ten percent; and

(c) Adjust each facility's support services component rate for economic trends and conditions as provided in RCW 74.46.431(6).

(4) The support services component rate allocations calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421.

WHEREAS, The law provides that the legislature shall by concurrent resolution approve or recommend changes to the plan, following public hearings, after which the board shall incorporate legislative changes and adopt a final plan by June of the year in which the legislature passes the concurrent resolution; and

WHEREAS, The higher education coordinating board, from February through November 2007, conducted regular public meetings of the board and the board's advisory council and in fall 2007 organized public forums and focus group meetings around the state bringing educational, business, and community leaders together to engage stakeholders and the public in developing ideas for the strategic master plan; and

WHEREAS, The higher education coordinating board received input for the plan from a wide range of perspectives through presentations provided by leaders from the legislature, business, public and independent baccalaureate institutions of higher education, community and technical colleges, workforce training agencies, the common school system, and representatives of the governor, students, faculty, and communities of color, economists, and other experts; and

WHEREAS, The final report issued by Washington Learns called for a world-class, learner-focused seamless educational system from preschool through higher education and articulated a vision for the improvement of educational attainment at all levels of educational system in the state of Washington, a vision that lies at the heart of the proposed 2008 update of the master plan submitted by the higher education coordinating board; and

WHEREAS, The higher education coordinating board finds that while many of the world's developed nations have made huge gains in the educational attainment levels of their populations, the United States has not and Washingtonians aged twenty-five to thirty-four actually are less well-educated than Washingtonians aged forty-five to fifty-four; and

WHEREAS, Demographic projections indicate the population of Washington will grow thirty-seven percent by the year 2030 while the state's population simultaneously becomes much more diverse; and

WHEREAS, Over seventy percent of the workforce of the year 2030 is currently employed, and many will be required to upgrade their skills to keep up with technological and other workplace changes; and

WHEREAS, One out of four people aged eighteen to twenty-four does not have a high school diploma and Washington's undereducated working population is equal in size to its next ten high school graduating classes; and

WHEREAS, Global competition, process automation, the increased pace of technological change, and the progressively shortened life span of many products has and will continue to result in worker layoffs, and laid-off workers will need to retool their skills in order to be reemployed; and

WHEREAS, Our growing economy also depends on a skilled workforce including workers who have completed certificates, associate degrees, and apprenticeship programs; and

WHEREAS, Washington must attract annually to the state over thirty-six thousand people who hold at least a bachelor's degree in order to fill the jobs being created by the state's economy, a net in-migration of highly educated workers second among Washington's Global Challenge State peers, behind only California, which attracts about thirty-nine thousand similarly educated people annually; and

WHEREAS, Depending on other states and nations to provide educational attainment levels necessary to fill the best jobs being created in Washington may not be a sustainable economic strategy and misses the opportunity to prepare Washington residents for some of the best jobs being created by Washington's economy; and

WHEREAS, The higher education coordinating board recommends creating opportunities for Washington residents and fueling the growth of Washington's economy by increasing annual production of certificates and two-year degrees to an annual total of thirty-six thousand two hundred by 2018 and recommends increasing bachelor's degree production by 2018 to a benchmark level equal to the seventy-fifth percentile of degree production in the Global Challenge States and increasing advanced degree production to a benchmark level equal to the fiftieth percentile of degree production in the Global Challenge States; and

WHEREAS, The proposed master plan update recommends raising educational attainment by addressing diversity, raising expectations in the common school system, promoting lifelong learning and improving affordable access, and recommends a series of strategies for promoting economic growth, innovation, and funding for accountability and results;

NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives of the state of Washington, the Senate concurring, That the statewide strategic master plan update submitted by the higher education coordinating board on December 15, 2007, be approved; and

BE IT FURTHER RESOLVED, That during the development of the final plan, the higher education coordinating board should consider:

(4) Maximizing the use of state funding and reviewing the cost of service delivery including innovative approaches used by other nations such as review of the time to degree, credit hours required, and other methods to reduce costs while maintaining quality; and

	<u>\$51,340,000</u>
Motor Vehicle Account--Federal Appropriation . . .	\$2,050,000
Motor Vehicle Account--Private/Local Appropriation	\$127,000
TOTAL APPROPRIATION . . .	<del>(\$54,217,000)</del>
	<u>\$53,517,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) \$654,000 of the motor vehicle account--state appropriation is provided solely for the department to time state-owned and operated traffic signals. This funding may also be used to program incident, emergency, or special event signal timing plans.

(2) \$346,000 of the motor vehicle account--state appropriation is provided solely for the department to implement a pilot tow truck incentive program. The department may provide incentive payments to towing companies that meet clearance goals on accidents that involve heavy trucks.

(3) \$6,800,000 of the motor vehicle account--state appropriation is provided solely for low-cost enhancements. The department shall give priority to low-cost enhancement projects that improve safety or provide congestion relief. The department shall prioritize low-cost enhancement projects on a statewide rather than regional basis. By January 1, 2008, and January 1, 2009, the department shall provide a report to the legislature listing all low-cost enhancement projects prioritized on a statewide rather than regional basis completed in the prior year.

(4) The department, in consultation with the Washington state patrol, may conduct a pilot program for the patrol to issue infractions based on information from automated traffic safety cameras in roadway construction zones on state highways when workers are present.

(a) In order to ensure adequate time in the 2007-09 biennium to evaluate the effectiveness of the pilot program, any projects authorized by the department must be authorized by December 31, 2007.

(b) The department shall use the following guidelines to administer the program:

(i) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle;

(ii) The department shall plainly mark the locations where the automated traffic safety cameras are used by placing signs on locations that clearly indicate to a driver that he or she is entering a roadway construction zone where traffic laws are enforced by an automated traffic safety camera;

(iii) Notices of infractions must be mailed to the registered owner of a vehicle within fourteen days of the infraction occurring;

(iv) The owner of the vehicle is not responsible for the violation if the owner of the vehicle, within fourteen days of receiving notification of the violation, mails to the patrol, a declaration under penalty of perjury, stating that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner, or any other extenuating circumstances;

(v) For purposes of the 2007-09 biennium pilot project, infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras must be processed in the same manner as parking infractions for the purposes of RCW 3.46.120, 3.50.100, 35.20.220, 46.16.216, and 46.20.270(3). However, the amount of the fine issued for an infraction generated through the use of an automated traffic safety camera is one hundred thirty-seven dollars. The court

shall remit thirty-two dollars of the fine to the state treasurer for deposit into the state patrol highway account;

(vi) If a notice of infraction is sent to the registered owner and the registered owner is a rental car business, the infraction will be dismissed against the business if it mails to the patrol, within fourteen days of receiving the notice, a declaration under penalty of perjury of the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred. If the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred, the business must sign a declaration under penalty of perjury to this effect. The declaration must be mailed to the patrol within fourteen days of receiving the notice of traffic infraction. Timely mailing of this declaration to the issuing agency relieves a rental car business of any liability under this section for the notice of infraction. A declaration form suitable for this purpose must be included with each automated traffic infraction notice issued, along with instructions for its completion and use; and

(vii) By June 30, 2009, the department shall provide a report to the legislature regarding the use, public acceptance, outcomes, and other relevant issues regarding the pilot project.

(5) The traffic signal operations along 164th Street SE at the intersections of Mill Creek Boulevard and SR 527 should be optimized to minimize vehicle delay on both corridors based on traffic volumes and not only on functional classification or designation.

NEW SECTION. **Sec. 304** A new section is added to 2007 c 518 (uncodified) to read as follows:

**FOR THE DEPARTMENT OF TRANSPORTATION.** The nickel and transportation partnership revenue packages were created in 2003 and 2005 to finance transportation construction over a sixteen year period. Since the adoption of the 2003 and 2005 transportation project lists, significant cost increases have resulted from extraordinary inflation. At the same time, motor vehicle fuel prices have risen dramatically, and state and federal gas tax revenues dedicated to paying for these programs are forecasted to decrease over the sixteen year time period. Additional cost increases and eroding revenues will be difficult, if not impossible, to accommodate in the sixteen year financial plan.

As part of its budget submittal for the 2009-2011 biennium, the department of transportation shall prepare information regarding the nickel and transportation partnership funded projects for consideration by the office of financial management and the legislative transportation committees that:

(1) Compares the original project cost estimates approved in the 2003 and 2005 project list to the completed cost of the project, or the most recent legislatively approved budget and total project costs for projects not yet completed;

(2) Identifies highway projects that may be reduced in scope and still achieve a functional benefit;

(3) Identifies highway projects that have experienced scope increases and that can be reduced in scope;

(4) Identifies highway projects that have lost significant local or regional contributions which were essential to completing the project; and

(5) Identifies contingency amounts allocated to projects.

Sec. 305 2007 c 518 s 304 (uncodified) is amended to read as follows:

(3) \$568,000 of the motor vehicle account--state appropriation is for the Olympic region headquarters property payments.

(4) By September 1, 2007, the department shall submit to the transportation committees of the legislature predesign plans, developed using the office of financial management's predesign process, for all facility replacement projects to be proposed in the facilities 2008 budget proposal.

(5) \$1,600,000 of the motor vehicle account--state appropriation is for site acquisition for the Tri-cities area maintenance facility.

(6) \$2,700,000 of the motor vehicle account--state appropriation is for site acquisition for the Vancouver light industrial facility.

(7) The department shall work with the office of financial management and staff of the transportation committees of the legislature to develop a statewide inventory of all department-owned surplus property that is suitable for development for department facilities or that should be sold. By December 1, 2008, the department shall report to the joint transportation committee on the findings of this study.

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire transportation 2003 account (nickel account) appropriation and the entire transportation partnership account appropriation are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document ~~(2007-1)~~ 2008-1, Highway Improvement Program (I) as developed ~~(April 20, 2007)~~ March 10, 2008. However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 603 of this act.

(2) The department shall not commence construction on any part of the state route number 520 bridge replacement and HOV project until a record of decision has been reached providing reasonable assurance that project impacts will be avoided, minimized, or mitigated as much as practicable to protect against further adverse impacts on neighborhood environmental quality as a result of repairs and improvements made to the state route 520 bridge and its connecting roadways, and that any such impacts will be addressed through engineering design choices, mitigation measures, or a combination of both. The requirements of this section shall not apply to off-site pontoon construction supporting the state route number 520 bridge replacement and HOV project.

(3) Within the amounts provided in this section, ~~(\$1,991,000)~~ \$1,895,000 of the transportation partnership account--state appropriation, ~~(\$1,656,000)~~ \$2,147,000 of the motor vehicle account--federal appropriation, and ~~(\$8,343,000)~~ \$10,331,000 of the transportation 2003 account (nickel account)--state appropriation are for project 109040T as identified in the LEAP transportation document referenced in subsection (1) of this section: I-90/Two Way Transit-Transit and HOV Improvements - Stage 1. Expenditure of the funds on construction is contingent upon revising the access plan for Mercer Island traffic such that Mercer Island traffic will have access to the outer roadway high occupancy vehicle (HOV) lanes during the period of operation of such lanes following the removal of Mercer Island traffic from the center roadway and prior to conversion of the outer roadway HOV lanes to high occupancy toll (HOT) lanes. Sound transit may only have access to the center lanes when alternative R8A is complete.

(4) The Tacoma Narrows toll bridge account--state appropriation includes up to ~~(\$131,016,000)~~ \$18,000,000 in proceeds from the sale of bonds authorized by RCW 47.10.843.

(5) The funding described in this section includes ~~(\$8,095,541)~~ \$36,693,000 of the transportation 2003 account (nickel account)--state appropriation and ~~(\$237,241 of the motor vehicle account--private/local)~~ \$208,000 of the freight mobility multimodal account--state appropriation, which are for the SR 519 project identified as project number 851902A in the LEAP Transportation Document referenced in subsection (1) of this section. The total project is expected to cost no more than \$74,400,000 including ~~(\$11,950,000)~~ \$10,610,000 in contributions from project partners, including Burlington Northern Santa Fe railroad.

(6) To promote and support community-specific noise reduction solutions, the department shall:

(a) Prepare a draft directive that establishes how each community's priorities and concerns may be identified and addressed in order to allow consideration of a community's preferred methods of advanced visual shielding and aesthetic screening, for the purpose of improving the noise environment of major state roadway projects in locations that do not meet the criteria for standard noise barriers. The intent is for these provisions to be supportable by existing project budgets. The directive shall also include direction on the coordination and selection of visual and aesthetic options with local communities.

FIFTY-EIGHTH DAY, MARCH 11, 2008

2008 REGULAR SESSION

The draft directive shall be provided to the standing transportation committees of the legislature by January 2008; and

(b) Pilot the draft directive established in (a) of this subsection in two locations along major state roadways. If practicable, the department should begin work on the pilot projects while the directive is being developed. One pilot project shall be located in Clark county on a significant capacity improvement project. The second pilot project shall be located in urban King county, which shall be on a corridor highway project through mixed land use areas that is nearing or under construction. The department shall provide a written report to the standing transportation committees of the legislature on the findings of the Clark county pilot project by January 2009, and the King county pilot project by January 2010. Based on results of the pilot projects, the department shall update its design manual, environmental procedures, or other appropriate documents to incorporate the directive.

~~((8))~~ (7) If the "Green Highway" provisions of Engrossed Second Substitute House Bill No. 1303 (cleaner energy) are enacted, the department shall erect signs on the interstate highways included in those provisions noting that these interstates have been designated "Washington Green Highways."

~~((9))~~ (8) If on the I-405/I-90 to SE 8th Street Widening project the department finds that there is an alternative investment to preserve reliable rail accessibility to major manufacturing sites within the I-405 corridor that are less expensive than replacing the Wilburton Tunnel, the department may enter into the necessary agreements to implement that alternative provided that costs remain within the approved project budget.

~~((11))~~ (9) The department shall apply for surface transportation program (STP) enhancement funds to be expended in lieu of or in addition to state funds for eligible costs of projects in Programs I and P, including, but not limited to, the SR 518, SR 519, SR 520, and Alaskan Way Viaduct projects.

~~((12))~~ (10) \$250,000 of the motor vehicle account--state appropriation ~~((18))~~ and \$226,000 of the motor vehicle account--federal appropriation are provided solely for an inland pacific hub study to develop an inland corridor for the movement of freight and goods to and through eastern Washington; and \$500,000 of the motor vehicle account--state appropriation is provided solely for the SR3/SR16 corridor study to plan and prioritize state and local improvements needed over the next 10-20 years to support safety, capacity development, and economic development within the corridor.

~~((13))~~ (11) The department shall, on a quarterly basis beginning July 1, 2007, provide to the office of financial management and the legislature reports providing the status on each active project funded in part or whole by the transportation 2003 account (nickel account) or the transportation partnership account. Funding provided at a programmatic level for transportation partnership account and transportation 2003 account (nickel account) projects relating to bridge rail, guard rail, fish passage barrier removal, and roadside safety projects should be reported on a programmatic basis. Projects within this programmatic level funding should be completed on a priority basis and scoped to be completed within the current programmatic budget. Other projects may be reported on a programmatic basis. The department shall work with the office of financial management and the transportation committees of the legislature to agree on report formatting and elements. Elements shall include, but not be limited to, project scope, schedule, and costs. The department shall also provide the information required under this subsection on a quarterly basis via the transportation executive information systems (TEIS).

~~((14))~~ (12) The department shall apply for the competitive portion of federal transit administration funds for eligible transit-related costs of the SR 520 bridge replacement and HOV

project. The federal funds described in this subsection shall not include those federal transit administration funds distributed by formula.

~~((15))~~ (13) Funding provided by this act for the Alaskan Way Viaduct project shall not be spent for preliminary engineering, design, right-of-way acquisition, or construction on the project if completion of the project would more likely than not reduce the capacity of the facility. Capacity shall be measured by including the consideration of the efficient movement of people and goods on the facility.

~~((16))~~ (14) The governor shall convene a collaborative process involving key leaders to determine the final project design for the Alaskan Way Viaduct.

(a) The process shall be guided by the following common principles: Public safety must be maintained; the final project shall meet both capacity and mobility needs; and taxpayer dollars must be spent responsibly.

Those projects include relocation of two electrical transmission lines, Battery Street tunnel upgrades, seismic upgrades from Lenora to the Battery Street tunnel, viaduct removal from Holgate to King Street, and development of transit enhancements and other improvements to mitigate congestion during construction.

~~((18))~~ The entire freight congestion relief account--state appropriation is contingent upon the enactment during the 2007-2009 fiscal biennium of a bill, resulting from the study established in Substitute Senate Bill No. 5207, that makes available funding to support project expenditures funded from the freight congestion relief account created in Substitute Senate Bill No. 5207. If such a funding bill is not enacted by June 30, 2009, the entire freight congestion relief account--state appropriation shall lapse.

~~((19))~~ (16) The transportation 2003 account (nickel account)--state appropriation includes up to ~~((874,610,000))~~ \$825,000,000 in proceeds from the sale of bonds authorized by RCW 47.10.861.

~~((20))~~ (17) The transportation partnership account--state appropriation includes up to ~~((900,000,000))~~ \$740,000,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

~~((21))~~ (18) The special category C account--state appropriation includes up to ~~((22,080,000))~~ \$21,497,000 in proceeds from the sale of bonds authorized in Substitute House Bill No. 2394. ~~((26))~~ (23) \$1,600,000 of the motor vehicle account--~~((federal))~~ state appropriation is provided solely for two noise walls on SR 161 in King county.

~~((27))~~ (24) ~~((900,000))~~ \$20,000 of the motor vehicle account--state appropriation and ~~((100,000))~~ \$280,000 of the motor vehicle account--federal appropriation are provided solely for interchange design and planning work on US 12 at A street and tank farm road.

The funding described in this subsection includes up to \$15,000,000 awarded to Washington and Oregon jointly through the U.S. department of transportation corridors of the future program in the 2007 federal highway authority discretionary fund allocations.

(26) The department shall study any outstanding issues, including financial issues that may apply to the I-5/Columbia river crossing/Vancouver project. The department's efforts must include an analysis of current bi-state efforts in planning, coordination, and funding for the project; opportunities for the joining of state and local government agencies and the private sector in a strong partnership that contributes to the completion of the project; and opportunities to work with the congressional delegations of Oregon and Washington to provide federal funding and other assistance that will advance this project of national and regional significance.

(27) \$1,500,000 of the motor vehicle account--federal appropriation and \$4,908,000 of the transportation partnership account--state appropriation are provided solely for project 109040Q as identified in the LEAP transportation document in subsection (1) of this section: I-90/Two-Way Transit-Transit and HOV Improvements, Stages 2 and 3. The technical review shall complement sound transit's current and planned engineering design work to expand light rail in the central Puget Sound region. The department shall coordinate its work with sound transit and seek contributions from sound transit for the review.

(28) \$1,400,000 of the motor vehicle account--state appropriation is provided solely for safety improvements on US Highway 2 between Monroe and Gold Bar. Additional project funding of \$8,600,000 is assumed in the 2009-2011 biennium, bringing the total project funding to \$10,000,000. The section of US Highway 2 from Monroe to Deception Creek has a high frequency of centerline crossover collisions. By installing centerline rumble strips, the project will reduce the risk of crossover collisions. This project will also place shoulder rumble strips between Monroe and Sultan.

(30) \$1,500,000 of the motor vehicle account--state appropriation is provided solely for the SR 28/E End of the George Sellar bridge (202802V) for the purpose of funding a pedestrian tunnel connection. This funding is provided in anticipation of a federal grant specific to this project, which, if

received, must be used to reimburse the state funding provided in this subsection.

(31) For the period of preconstruction tolling on the state route 520 bridge, the department shall develop improvements of traffic flow from the eastern Lake Washington shoreline to 108th avenue northeast in Bellevue including:

(a) Near-term, low-cost enhancements which relocate the high-occupancy vehicle lanes to the inside of the alignment; and

(b) A plan for an accelerated improvement project for the construction of median flyer stops, reconfiguration of interchanges, addition of direct access ramps, community enhancement lids, and pedestrian/bike path connections.

The department shall report to the joint transportation committee by September 1, 2008, on the short-term low-cost improvement plans and include in their budget submittal to the office of financial management a proposal for the accelerated improvement project.

(2) Thirty-three one-hundredths of one percent of such funds distributed under RCW 46.68.090 shall be deducted monthly, as such funds accrue, and set aside for the use of the department of transportation for the purpose of funding the cities' share of the costs of highway jurisdiction studies and other studies. **NEW SECTION. Sec. 602** A new section is added to 2007 c 518 (uncodified) to read as follows:

Our ability to maintain and preserve the state's investment in transportation is acknowledged to be related to the replacement cost of the system, yet the state has no estimates of the entire system's cost or replacement value. A large portion of the state's highway system was developed prior to June 30, 1980, so it is important that the inventory and valuation include all of the state's highway system including the parts of the system constructed prior to June 30, 1980, that is not required by governmental accounting standards board's statement number 34. Consequently, the department of transportation, in conjunction with the office of financial management, must implement the governmental accounting standards board's statement number 34, including a complete inventory and valuation of the state's highway system's cost basis and replacement cost. During 2008, the cochairs of the joint transportation committee shall select legislators to work with the office of financial management and the department of transportation. The purpose of the effort is to enhance decision making that will result in strategic long-term investment decisions in transportation capital project management and appropriate levels of asset maintenance and preservation. The office of financial management will coordinate and manage the complete inventory and the valuation of the total state's highway system. The office of financial management must submit a final report to the legislative transportation committees on or before December 1, 2009.

**NEW SECTION. Sec. 603** A new section is added to 2007 c 518 (uncodified) to read as follows:

In order to promote the receipt of federal enhancement funds, or other applicable federal or state grant funds, the following portions of highway are designated as part of the scenic and recreational highway system: Beginning at the Anacortes ferry landing, the Washington state ferries Anacortes/San Juan Islands route, which includes stops at Lopez, Shaw, Orcas, and San Juan Islands; and the roads on San Juan and Orcas Islands as described in San Juan Island county council resolution no. 7, adopted February 5, 2008.

The PCC rail system must be managed in a self-sustaining manner and best efforts shall be used to ensure that it does not require state capital or operating subsidy beyond the level of state funding expended on it to date. The assignment of the stated responsibilities to an intergovernmental entity or rail district shall be on such terms and conditions as the department of transportation and the intergovernmental entity or rail district mutually agree. The grant funds may be used only to refurbish the rail lines. #### PERSONAL PRIVILEGE

Senator Haugen: "Thank you Mr. President. Well, I just want to take an opportunity to say thank you to the most extraordinary staff who refuses to be here on the floor to be acknowledged. I can tell you one of the reasons the Senate works as well as it does in Transportation because we have most outstanding staff and the thing that I really think that we need to acknowledge is that, last year, the House had a new chair and new staff and actually our staff worked with them and one of the reasons we were so successful is because we began working

2008 REGULAR SESSION

together with the House. The House staff worked with our staff so we were working off the same numbers. Same numbers right from the start so at the end it was very easy to bring us together because we were all dealing with the same paper. But again, we are only as good as the staff we have and let me tell you we have one extraordinary, good Transportation staff and I want to say thank you to them."

#### MESSAGE FROM THE HOUSE

March 6, 2008

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5378, with the following amendment: 5378-S AMH JUDI H5809.2

Strike everything after the enacting clause and insert the following:

"Sec. 1 RCW 61.24.010 and 1998 c 295 s 2 are each amended to read as follows:

(a) Any domestic corporation incorporated under Title 23B, 30, 31, 32, or 33 RCW of which at least one officer is a Washington resident; or

(b) Any title insurance company authorized to insure title to real property under the laws of this state, or its agents; or

(c) Any attorney who is an active member of the Washington state bar association at the time the attorney is named trustee; or

(d) Any professional corporation incorporated under chapter 18.100 RCW, any professional limited liability company formed under chapter 25.15 RCW, any general partnership, including limited liability partnerships, formed under chapter 25.04 RCW, all of whose shareholders, members, or partners, respectively, are either licensed attorneys or entities, provided all of the owners of those entities are licensed attorneys, or any domestic corporation wholly owned by any of the entities under this subsection (1)(d); or

(e) Any agency or instrumentality of the United States government; or

(f) Any national bank, savings bank, or savings and loan association chartered under the laws of the United States.

(2) The trustee may resign at its own election or be replaced by the beneficiary. The trustee shall give prompt written notice of its resignation to the beneficiary. The resignation of the trustee shall become effective upon the recording of the notice of resignation in each county in which the deed of trust is recorded. If a trustee is not appointed in the deed of trust, or upon the resignation, incapacity, disability, absence, or death of the trustee, or the election of the beneficiary to replace the trustee, the beneficiary shall appoint a trustee or a successor trustee. Upon recording the appointment of a successor trustee in each county in which the deed of trust is recorded, the successor trustee shall be vested with all powers of an original trustee.

(3) The trustee or successor trustee shall have no fiduciary duty or fiduciary obligation to the grantor or other persons having an interest in the property subject to the deed of trust.

(4) The trustee or successor trustee shall act impartially between the borrower, grantor, and beneficiary.

(4) That no action commenced by the beneficiary of the deed of trust is now pending to seek satisfaction of an obligation secured by the deed of trust in any court by reason of the grantor's default on the obligation secured: PROVIDED, That (a) the seeking of the appointment of a receiver shall not constitute an action for purposes of this chapter; and (b) if a receiver is appointed, the grantor shall be entitled to any rents or profits derived from property subject to a homestead as defined in RCW 6.13.010. If the deed of trust was granted to secure a commercial loan, this subsection shall not apply to actions brought to enforce any other lien or security interest granted to secure the obligation secured by the deed of trust being foreclosed;

(5) That the deed of trust has been recorded in each county in which the land or some part thereof is situated;

(6) That prior to the date of the notice of trustee's sale and continuing thereafter through the date of the trustee's sale, the trustee must (have) maintain a street address in this state where personal service of process may be made, and the trustee must maintain a physical presence and have telephone service at such address; and

DAY OF . . . . ., YOU MAY NOT REINSTATE YOUR DEED OF TRUST BY PAYING THE BACK PAYMENTS AND COSTS AND FEES AND CURING THE OTHER DEFAULTS AS OUTLINED ABOVE. The Trustee will respond to any written request for current payoff or reinstatement amounts within ten days of receipt of your written request. In such a case, you will only be able to stop the sale by paying, before the sale, the total principal balance (\$ . . . . .) plus accrued interest, costs and advances, if any, made pursuant to the terms of the documents and by curing the other defaults as outlined above.

You may contest this default by initiating court action in the Superior Court of the county in which the sale is to be held. In such action, you may raise any legitimate defenses you have to this default. A copy of your Deed of Trust and documents evidencing the obligation secured thereby are enclosed. You may wish to consult a lawyer. Legal action on your part may prevent or restrain the sale, but only if you persuade the court of the merits of your defense.

The court may grant a restraining order or injunction to restrain a trustee's sale pursuant to RCW 61.24.130 upon five days notice to the trustee of the time when, place where, and the judge before whom the application for the restraining order or injunction is to be made. This notice shall include copies of all pleadings and related documents to be given to the judge. Notice and other process may be served on the trustee at:

NAME: .....

ADDRESS: .....

TELEPHONE NUMBER: .....

If you do not reinstate the secured obligation and your Deed of Trust in the manner set forth above, or if you do not succeed in restraining the sale by court action, your property will be sold. The effect of such sale will be to deprive you and all those who hold by, through or under you of all interest in the property;

(3) In addition, the trustee shall cause a copy of the notice of sale described in RCW 61.24.040(1)(f) (excluding the acknowledgment) to be published in a legal newspaper in each county in which the property or any part thereof is situated, once on or between the thirty-fifth and twenty-eighth day before the date of sale, and once on or between the fourteenth and seventh day before the date of sale;

(4) On the date and at the time designated in the notice of sale, the trustee or its authorized agent shall sell the property at public auction to the highest bidder. The trustee may sell the property in gross or in parcels as the trustee shall deem most advantageous;

(5) The place of sale shall be at any designated public place within the county where the property is located and if the property is in more than one county, the sale may be in any of the counties where the property is located. The sale shall be on Friday, or if Friday is a legal holiday on the following Monday, and during the hours set by statute for the conduct of sales of real estate at execution;

(6) The trustee has no obligation to, but may, for any cause the trustee deems advantageous, continue the sale for a period or periods not exceeding a total of one hundred twenty days by (a) a public proclamation at the time and place fixed for sale in the notice of sale and if the continuance is beyond the date of sale, by giving notice of the new time and place of the sale by both first class and either certified or registered mail, return receipt requested, to the persons specified in RCW 61.24.040(1)(b) (i) and (ii) to be deposited in the mail (i) not less than four days before the new date fixed for the sale if the sale is continued for up to seven days; or (ii) not more than three days after the date of the continuance by oral proclamation if the sale is continued for more than seven days, or, alternatively, (b) by giving notice of the time and place of the postponed sale in the manner and to the persons specified in RCW 61.24.040(1) (b), (c), (d), and (e) and publishing a copy of such notice once in the newspaper(s)

To pay off the entire obligation secured by your Deed of Trust as of the . . . . day of . . . . you must pay a total of \$ . . . . in principal, \$ . . . . in interest, plus other costs and advances estimated to date in the amount of \$ . . . . . From and after the date of this notice you must submit a written request to the Trustee to obtain the total amount to pay off the entire obligation secured by your Deed of Trust as of the payoff date.

As to the defaults which do not involve payment of money to the Beneficiary of your Deed of Trust, you must cure each such default. Listed below are the defaults which do not involve payment of money to the Beneficiary of your Deed of Trust. Opposite each such listed default is a brief description of the action necessary to cure the default and a description of the documentation necessary to show that the default has been cured.

Default	Description of Action Required to Cure and Documentation Necessary to Show Cure
---------	---

You may reinstate your Deed of Trust and the obligation secured thereby at any time up to and including the . . . day of . . . ., . . . [11 days before the sale date], by paying the amount set forth or estimated above and by curing any other defaults described above. Of course, as time passes other payments may become due, and any further payments coming due and any additional late charges must be added to your reinstating payment. Any new defaults not involving payment of money that occur after the date of this notice must also be cured in order to effect reinstatement. In addition, because some of the charges can only be estimated at this time, and because the amount necessary to reinstate or to pay off the entire indebtedness may include presently unknown expenditures required to preserve the property or to comply with state or local law, it will be necessary for you to contact the Trustee before the time you tender reinstatement or the payoff amount so that you may be advised of the exact amount you will be required to pay. Tender of payment or performance must be made to: . . . . ., whose address is . . . . ., telephone ( ) . . . . . AFTER THE

Dated this . . . . day of . . . . ., ((+9)) 20. . .

(7) The purchaser shall forthwith pay the price bid and on payment the trustee shall execute to the purchaser its deed; the deed shall recite the facts showing that the sale was conducted in compliance with all of the requirements of this chapter and of the deed of trust, which recital shall be prima facie evidence of such compliance and conclusive evidence thereof in favor of bona fide purchasers and encumbrancers for value, except that these recitals shall not affect the lien or interest of any person entitled to notice under RCW 61.24.040(1), if the trustee fails to give the required notice to such person. In such case, the lien or interest of such omitted person shall not be affected by the sale and such omitted person shall be treated as if such person was the holder of the same lien or interest and was omitted as a party defendant in a judicial foreclosure proceeding;

(8) The sale as authorized under this chapter shall not take place less than one hundred ninety days from the date of default in any of the obligations secured.

(9) If the trustee elects to foreclose the interest of any occupant or tenant of property comprised solely of a single-family residence, or a condominium, cooperative, or other dwelling unit in a multiplex or other building containing fewer than five residential units, the following notice shall be included as Part X of the Notice of Trustee's Sale:

X.

NOTICE TO OCCUPANTS OR TENANTS

The purchaser at the trustee's sale is entitled to possession of the property on the 20th day following the sale, as against the grantor under the deed of trust (the owner) and anyone having an interest junior to the deed of trust, including occupants and tenants. After the 20th day following the sale the purchaser has the right to evict occupants and tenants by summary proceedings under the unlawful detainer act, chapter 59.12 RCW.

(10) Only one copy of all notices required by this chapter need be given to a person who is both the borrower and the grantor. All notices required by this chapter that are given to a general partnership are deemed given to each of its general partners, unless otherwise agreed by the parties.

Sec. 4 RCW 61.24.045 and 1985 c 193 s 1 are each amended to read as follows:

Any person desiring a copy of any notice of sale described in RCW 61.24.040(1)(f) under any deed of trust, other than a person entitled to receive such a notice under RCW 61.24.040(1) (b) or (c), must, after the recordation of such deed of trust and before the recordation of the notice of sale, cause to be filed for record, in the office of the auditor of any county in which the deed of trust is recorded, a duly acknowledged request for a copy of any notice of sale. The request shall be signed and acknowledged by the person to be notified or such person's agent, attorney, or representative; shall set forth the name, mailing address, and telephone number, if any, of the person or persons to be notified; shall identify the deed of trust by stating the names of the parties thereto, the date the deed of trust was recorded, the legal description of the property encumbered by the deed of trust, and the auditor's file number under which the deed of trust is recorded; and shall be in substantially the following form:

REQUEST FOR NOTICE

Request is hereby made that a copy of any notice of sale described in RCW 61.24.040(1)(f) under that certain Deed of Trust dated . . . . ., ((+9)) 20. . ., recorded on . . . . ., ((+9)) 20. . ., under auditor's file No. . . . ., records of . . . . . County, Washington, from . . . . ., as Grantor, to . . . . ., as Trustee, to secure an obligation in favor of . . . . ., as Beneficiary, and affecting the following described real property:

(Legal Description)  
be sent by both first class and either registered or certified mail, return receipt requested, to . . . . . at . . . . .

(Acknowledgment)

A request for notice under this section shall not affect title to, or be deemed notice to any person that any person has any right, title, interest in, lien or charge upon, the property described in the request for notice.

Sec. 5 RCW 61.24.130 and 1998 c 295 s 14 are each amended to read as follows:

(1) Nothing contained in this chapter shall prejudice the right of the borrower, grantor, any guarantor, or any person who has an interest in, lien, or claim of lien against the property or some part thereof, to restrain, on any proper legal or equitable ground, a trustee's sale. The court shall require as a condition of granting the restraining order or injunction that the applicant pay to the clerk of the court the sums that would be due on the obligation secured by the deed of trust if the deed of trust was not being foreclosed:

(a) In the case of default in making the periodic payment of principal, interest, and reserves, such sums shall be the periodic payment of principal, interest, and reserves paid to the clerk of the court every thirty days.

(b) In the case of default in making payment of an obligation then fully payable by its terms, such sums shall be the amount of interest accruing monthly on said obligation at the nondefault rate, paid to the clerk of the court every thirty days.

In the case of default in performance of any nonmonetary obligation secured by the deed of trust, the court shall impose such conditions as it deems just.

In addition, the court may condition granting the restraining order or injunction upon the giving of security by the applicant, in such form and amount as the court deems proper, for the payment of such costs and damages, including attorneys' fees, as may be later found by the court to have been incurred or suffered by any party by reason of the restraining order or injunction. The court may consider, upon proper showing, the grantor's equity in the property in determining the amount of said security.

(2) No court may grant a restraining order or injunction to restrain a trustee's sale unless the person seeking the restraint gives five days notice to the trustee of the time when, place where, and the judge before whom the application for the restraining order or injunction is to be made. This notice shall include copies of all pleadings and related documents to be given to the judge. No judge may act upon such application unless it is accompanied by proof, evidenced by return of a sheriff, the sheriff's deputy, or by any person eighteen years of age or over who is competent to be a witness, that the notice has been served on the trustee.

(3) If the restraining order or injunction is dissolved after the date of the trustee's sale set forth in the notice as provided in RCW 61.24.040(1)(f), the court granting such restraining order or injunction, or before whom the order or injunction is returnable, shall, at the request of the trustee, set a new sale date which shall be not less than forty-five days from the date of the order dissolving the restraining order. The trustee shall:

(a) Comply with the requirements of RCW 61.24.040(1) (a) through (f) at least thirty days before the new sale date; and

(b) Cause a copy of the notice of trustee's sale as provided in RCW 61.24.040(1)(f) to be published in a legal newspaper in each county in which the property or any part thereof is situated once between the thirty-fifth and twenty-eighth day before the sale and once between the fourteenth and seventh day before the sale.

(4) If a trustee's sale has been stayed as a result of the filing of a petition in federal bankruptcy court and an order is entered in federal bankruptcy court granting relief from the stay or closing or dismissing the case, or discharging the debtor with the effect of removing the stay, the trustee may set a new sale date which shall not be less than forty-five days after the date of the bankruptcy court's order. The trustee shall:

(a) Comply with the requirements of RCW 61.24.040(1) (a) through (f) at least thirty days before the new sale date; and

(b) Cause a copy of the notice of trustee's sale as provided in RCW 61.24.040(1)(f) to be published in a legal newspaper in each county in which the property or any part thereof is situated, once between the thirty-fifth and twenty-eighth day before the sale and once between the fourteenth and seventh day before the sale.

(5) Subsections (3) and (4) of this section are permissive only and do not prohibit the trustee from proceeding with a trustee's sale following termination of any injunction or stay on any date to which such sale has been properly continued in accordance with RCW 61.24.040(6).

(6) The issuance of a restraining order or injunction shall not prohibit the trustee from continuing the sale as provided in RCW 61.24.040(6).

**Sec. 6** RCW 61.24.135 and 1998 c 295 s 15 are each amended to read as follows:

It is an unfair or deceptive act or practice under the consumer protection act, chapter 19.86 RCW, for any person, acting alone or in concert with others, to offer, or offer to accept or accept from another, any consideration of any type not to bid, or to reduce a bid, at a sale of property conducted pursuant to a power of sale in a deed of trust. The trustee may decline to complete a sale or deliver the trustee's deed and refund the purchase price, if it appears that the bidding has been collusive or defective, or that the sale might have been void. However, it is not an unfair or deceptive act or practice for any person, including a trustee, to state that a property subject to a recorded notice of trustee's sale or subject to a sale conducted pursuant to this chapter is being sold in an "as-is" condition, or for the beneficiary to arrange to provide financing for a particular bidder or to reach any good faith agreement with the borrower, grantor, any guarantor, or any junior lienholder."

Correct the title.  
and the same are herewith transmitted.

#### MESSAGE FROM THE HOUSE

March 7, 2008

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6573, with the following amendment: 6573-S.E AMH ENGR H6013.E

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1** The legislature finds that local governments need additional revenues to provide public safety resources in order to protect the citizens of Washington from fire and crime. The legislature finds that the current benefit formula and contributions for the law enforcement officers' and firefighters' plan 2 are inadequate to modify that formula in recognition of the shorter working careers for firefighters and police officers. The legislature recognizes that although some officers and firefighters are able to work comfortably beyond twenty-five years, the combat nature of fire suppression and law enforcement generally require earlier retirement ages. In recognition of the physical demands of the professions and the inherent risks faced by law enforcement officers and firefighters, eligibility for retirement in the law enforcement officers' and firefighters' plan 2 system has been set at age fifty-three. However, the benefit formula is designed for careers of thirty-five to forty years, making retirement at age fifty-three an unrealistic option for many.

Therefore, the legislature declares that it is the purpose of this act to provide local government public safety employers and the law enforcement officers' and firefighters' plan 2 pension plan with additional shared revenues when general state revenues exceed by more than five percent the previous fiscal biennium's revenue.

**NEW SECTION. Sec. 2** A new section is added to chapter 41.26 RCW to read as follows:

The local public safety enhancement account is created in the state treasury. Moneys in the account may be spent only after appropriation. All receipts from section 4 of this act must be deposited into the account. Expenditures from the account may be used as follows:

(1) Following appropriation, fifty percent of the money in the account shall be transferred to the law enforcement officers' and firefighters' retirement system benefits improvement account established in section 3 of this act.

(2) Following appropriation, the balance shall be distributed by the state treasurer to all jurisdictions with law enforcement officers' and firefighters' plan 2 members. Each year, the department of retirement systems will determine each jurisdictions' proportionate share of funds based on the number of plan 2 members each jurisdiction has on June 1st of the prior year divided by the total number of plan 2 members in the system. The department of retirement systems shall provide the

distribution allocation to the state treasurer. Distributions by the state treasurer shall be made annually each January 1st with one-half of the appropriation being distributed in the first year of the appropriation and any remainder the following year. If an appropriation is made for a single fiscal year, the entire appropriation shall be distributed the following January 1st. Jurisdictions that contract with other eligible jurisdictions for law enforcement services or fire protection services must agree on the distribution of funds between the contracting parties and must inform the department of retirement systems as to how the distribution is to be made. Distributions will continue to be made under the terms of the agreement until the department of retirement systems is notified by the eligible jurisdiction of any agreement revisions. If there is no agreement within six months of the distribution date, the moneys lapse to the state treasury. Moneys distributed from the balance of the public safety enhancement account may be used for the following purposes: (a) Criminal justice, including those where an ancillary benefit to the civil justice occurs, and includes domestic violence programs; (b) information and assistance to parents and families dealing with at-risk or runaway youth; or (c) public safety. Money distributed from the account shall not supplant existing funds used for these purposes. For purposes of this subsection, "existing funds" means the actual operating expenditures for the calendar year prior to the first distribution from the account. Actual operating expenditures excludes lost federal funds, lost or expired state grants or loans, extraordinary events not likely to reoccur, change in contract provisions beyond the control of the jurisdiction receiving the services, and major capital expenditures.

**NEW SECTION. Sec. 3** A new section is added to chapter 41.26 RCW to read as follows:

(1) The local law enforcement officers' and firefighters' retirement system benefits improvement account (benefits account) is created within the law enforcement officers' and firefighters' retirement system plan 2 fund. All receipts from section 2(1) of this act must be deposited into the account.

(2) The funds in the benefits account shall not be included by the actuary retained by the board in the calculation of the market value of assets of the law enforcement officers' and firefighters' retirement system plan 2 fund until the board directs the actuary retained by the board in writing to do so for purposes of financing benefits enacted by the legislature. The board shall, in consultation with the state investment board and within ninety days of the transfer of funds into the benefits account, provide the actuary retained by the board, in writing, the market value of the amount directed from the benefits account for inclusion in the calculation of the market value of assets of the law enforcement officers' and firefighters' retirement system plan 2 fund. The market value of the amount directed from the benefits account shall be an amount determined by the state actuary to sufficiently offset the unfunded actuarial accrued liabilities of benefit improvements financed from this account. The market value of the amount directed from the benefits account shall be determined as of the date of the direction from the board to include this amount for purposes of financing benefits enacted by the legislature.

(3) The law enforcement officers' and firefighters' plan 2 retirement board shall administer the fund in an actuarially sound manner.

(4) The state investment board has the full power to invest, reinvest, manage, contract, sell, or exchange investment money in the benefits account. The state investment board is authorized to adopt investment policies for the money in the benefits account. All investment and operating costs associated with the investment of money within the benefits account shall be paid pursuant to RCW 43.33A.160 and 43.84.160. With the exception of these expenses, the earnings from the investment of the money shall be retained by the benefits account.

(5) All investments made by the state investment board shall be made with the exercise of that degree of judgment and care pursuant to RCW 43.33A.140 and the investment policy established by the state investment board.

FIFTY-EIGHTH DAY, MARCH 11, 2008

2008 REGULAR SESSION

(6) When appropriate for investment purposes, the state investment board may commingle money in the fund with other funds.

(7) The authority to establish all policies relating to the benefits account, other than the investment policies set forth in this section, resides with the law enforcement officers' and firefighters' plan 2 retirement board. Other than investments by and expenses of the state investment board, disbursements from this fund may be made only on the authorization of the law enforcement officers' and firefighters' plan 2 retirement board for purposes of funding the member, employer, and state cost of financing benefits enacted by the legislature.

(8) The state investment board shall routinely consult with and communicate with the law enforcement officers' and firefighters' plan 2 retirement board on the investment policy, earnings of the trust, and related needs of the benefits account.

(9) Funds in the benefits account cannot be used to finance future benefit improvements if the state actuary determines that the actuarial present value of fully projected benefits for current and future members for all benefits being financed from this account exceeds the actuarial present value of the revenue provided under section 4 of this act and the accrued earnings of the benefits account. When making the determination under this subsection, the state actuary shall select assumptions and methods to reduce the risk that the actual revenue received is less than the assumed revenue.

**NEW SECTION. Sec. 4** A new section is added to chapter 41.26 RCW to read as follows:

(1) By September 30, 2011, if the prior fiscal biennium's general state revenues exceed the previous fiscal biennium's revenues by more than five percent, subject to appropriation by the legislature, the state treasurer shall transfer five million dollars to the local public safety enhancement account.

(2) By September 30, 2013, if the prior fiscal biennium's general state revenues exceed the previous fiscal biennium's revenues by more than five percent, subject to appropriation by the legislature, the state treasurer shall transfer ten million dollars to the local public safety enhancement account.

(3) By September 30, 2015, if the prior fiscal biennium's general state revenues exceed the previous fiscal biennium's revenues by more than five percent, subject to appropriation by the legislature, the state treasurer shall transfer twenty million dollars to the local public safety enhancement account.

(4) By September 30, 2017, and by September 30 of each odd-numbered year thereafter, if the prior fiscal biennium's general state revenues exceed the previous fiscal biennium's revenues by more than five percent, subject to appropriation by the legislature, the state treasurer shall transfer the lesser of one-third of the increase, or fifty million dollars, to the local public safety enhancement account.

**Sec. 5** RCW 41.26.720 and 2003 c 2 s 5 are each amended to read as follows:

(1) The board of trustees have the following powers and duties and shall:

(a) Adopt actuarial tables, assumptions, and cost methodologies in consultation with an enrolled actuary retained by the board. The state actuary shall provide assistance when the board requests. The actuary retained by the board shall utilize the aggregate actuarial cost method, or other recognized actuarial cost method based on a level percentage of payroll, as that term is employed by the American academy of actuaries. The actuary retained by the board shall adjust the actuarial cost method to recognize the actuarial present value of future revenue that will be included in the calculation of the market value of assets pursuant to section 3(2) of this act, using the methods and assumptions employed by the state actuary in section 3(9) of this act. In determining the reasonableness of actuarial valuations, assumptions, and cost methodologies, the actuary retained by the board shall provide a copy of all such calculations to the state actuary. If the two actuaries concur on the calculations, contributions shall be made as set forth in the report of the board's actuary. If the two actuaries cannot agree, they shall appoint a third, independent, enrolled actuary who shall review the calculations of the actuary retained by the board and the state actuary. Thereafter, contributions shall be based

on the methodology most closely following that of the third actuary;

(b)(i) Provide for the design and implementation of increased benefits for members and beneficiaries of the plan, subject to the contribution limitations under RCW 41.26.725. An increased benefit may not be approved by the board until an actuarial cost of the benefit has been determined by the actuary and contribution rates adjusted as may be required to maintain the plan on a sound actuarial basis. Increased benefits as approved by the board shall be presented to the legislature on January 1st of each year. The increased benefits as approved by the board shall become effective within ninety days unless a bill is enacted in the next ensuing session of the legislature, by majority vote of each house of the legislature, repealing the action of the board;

(ii) As an alternative to the procedure in (b)(i) of this subsection, recommend to the legislature changes in the benefits for members and beneficiaries, without regard to the cost limitations in RCW 41.26.725(3). Benefits adopted in this manner shall have the same contractual protections as the minimum benefits in the plan. The recommendations of the board shall be presented to the legislature on January 1st of each year. These measures shall take precedence over all other measures in the legislature, except appropriations bills, and shall be either enacted or rejected without change or amendment by the legislature before the end of such regular session;

(c) Retain professional and technical advisors necessary for the accomplishment of its duties. The cost of these services may be withdrawn from the trust;

(d) Consult with the department for the purpose of improving benefit administration and member services;

(e) Provide an annual report to the governor and the legislature setting forth the actuarial funding status of the plan and making recommendations for improvements in those aspects of retirement administration directed by the legislature or administered by the department;

(f) Establish uniform administrative rules and operating policies in the manner prescribed by law;

(g) Engage administrative staff and acquire office space independent of, or in conjunction with, the department. The department shall provide funding from its budget for these purposes;

(h) ~~((The board shall publish [Publish]))~~ Publish on an annual basis a schedule of increased benefits together with a summary of the minimum benefits as established by the legislature which shall constitute the official plan document; and

(i) Be the fiduciary of the plan and discharge the board's duties solely in the interest of the members and beneficiaries of the plan.

(2) Meetings of the board of trustees shall be conducted as follows:

(a) All board meetings are open to the public, preceded by timely public notice;

(b) All actions of the board shall be taken in open public session, except for those matters which may be considered in executive session as provided by law;

(c) The board shall retain minutes of each meeting setting forth the names of those board members present and absent, and their voting record on any voted issue; and

(d) The board may establish, with the assistance of the appropriate office of state government, an internet web site providing for interactive communication with state government, members and beneficiaries of the plan, and the public.

(3) A quorum of the board is six board members. All board actions require six concurring votes.

(4) The decisions of the board shall be made in good faith and are final, binding, and conclusive on all parties. The decisions of the board shall be subject to judicial review as provided by law.

(5) A law enforcement officers' and firefighters' retirement system plan 2 expense fund is established for the purpose of defraying the expenses of the board. The board shall cause an annual budget to be prepared consistent with the requirements of chapter 43.88 RCW and shall draw the funding for the budget from the investment income of the trust. Board members shall

FIFTY-EIGHTH DAY, MARCH 11, 2008

be reimbursed for travel and education expenses as provided in RCW 43.03.050 and 43.03.060. The board shall make an annual report to the governor, legislature, and state auditor setting forth a summary of the costs and expenditures of the plan for the preceding year. The board shall also retain the services of an independent, certified public accountant who shall annually audit the expenses of the fund and whose report shall be included in the board's annual report."

Notice shall occur not more than thirty days before the offender is to be released. The agency and the division shall assist the offender in meeting the initial registration requirement under this section. Failure to provide such assistance shall not constitute a defense for any violation of this section.

(ii) OFFENDERS NOT IN CUSTODY BUT UNDER STATE OR LOCAL JURISDICTION. Sex offenders who, on July 28, 1991, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of corrections' active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 28, 1991. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of corrections' active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(ii) as of July 28, 1991, or a kidnapping offender required to register as of July 27, 1997, shall not relieve the offender of the duty to register or to reregister following a change in residence. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iii) OFFENDERS UNDER FEDERAL JURISDICTION. Sex offenders who, on or after July 23, 1995, and kidnapping offenders who, on or after July 27, 1997, as a result of that offense are in the custody of the United States bureau of prisons or other federal or military correctional agency for sex offenses committed before, on, or after February 28, 1990, or kidnapping offenses committed on, before, or after July 27, 1997, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. Sex offenders who, on July 23, 1995, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 23, 1995. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(iii) as of July 23, 1995, or a kidnapping offender required to register as of July 27, 1997 shall not relieve the offender of the duty to register or to reregister following a change in residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iv) OFFENDERS WHO ARE CONVICTED BUT NOT CONFINED. Sex offenders who are convicted of a sex offense on or after July 28, 1991, for a sex offense that was committed on or after February 28, 1990, and kidnapping offenders who are convicted on or after July 27, 1997, for a kidnapping offense that was committed on or after July 27, 1997, but who are not sentenced to serve a term of confinement immediately upon

sentencing, shall report to the county sheriff to register immediately upon completion of being sentenced.

(v) OFFENDERS WHO ARE NEW RESIDENTS OR RETURNING WASHINGTON RESIDENTS. Sex offenders and kidnapping offenders who move to Washington state from another state or a foreign country that are not under the jurisdiction of the state department of corrections, the indeterminate sentence review board, or the state department of social and health services at the time of moving to Washington, must register within three business days of establishing residence or reestablishing residence if the person is a former Washington resident. The duty to register under this subsection applies to sex offenders convicted under the laws of another state or a foreign country, federal or military statutes for offenses committed before, on, or after February 28, 1990, or Washington state for offenses committed before, on, or after February 28, 1990, and to kidnapping offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed before, on, or after July 27, 1997. Sex offenders and kidnapping offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within twenty-four hours of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(vi) OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY. Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released before July 23, 1995, or any adult or juvenile who has been found not guilty by reason of insanity of committing a kidnapping offense but who was released before July 27, 1997, shall be required to register within twenty-four hours of receiving notice of this registration requirement. The state department of social and health services shall make reasonable attempts within available resources to notify sex offenders who were released before July 23, 1995, and kidnapping offenders who were released before July 27, 1997. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection (11) of this section.

(vii) OFFENDERS WHO LACK A FIXED RESIDENCE. Any person who lacks a fixed residence and leaves the county in which he or she is registered and enters and remains within a new county for twenty-four hours is required to register with the county sheriff not more than twenty-four hours after entering the county and provide the information required in subsection (3)(b) of this section.

(viii) OFFENDERS WHO LACK A FIXED RESIDENCE AND WHO ARE UNDER SUPERVISION. Offenders who lack a fixed residence and who are under the supervision of the department shall register in the county of their supervision.

(ix) OFFENDERS WHO MOVE TO, WORK, CARRY ON A VOCATION, OR ATTEND SCHOOL IN ANOTHER

FIFTY-EIGHTH DAY, MARCH 11, 2008

2008 REGULAR SESSION

STATE. Offenders required to register in Washington, who move to another state, or who work, carry on a vocation, or attend school in another state shall register a new address, fingerprints, and photograph with the new state within ten days after establishing residence, or after beginning to work, carry on a vocation, or attend school in the new state. The person must also send written notice within ten days of moving to the new state or to a foreign country to the county sheriff with whom the person last registered in Washington state. The county sheriff shall promptly forward this information to the Washington state patrol.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection (11) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send signed written notice of the change of address to the county sheriff within seventy-two hours of moving. If any person required to register pursuant to this section moves to a new county, the person must send signed written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send signed written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered shall promptly forward the information concerning the change of address to the county sheriff for the county of the person's new residence. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state's offender registration agency.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(6)(a) Any person required to register under this section who lacks a fixed residence shall provide signed written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence. The notice shall include the information required by subsection (3)(b) of this section, except the photograph and fingerprints. The county sheriff may, for reasonable cause, require the offender to provide a photograph

and fingerprints. The sheriff shall forward this information to the sheriff of the county in which the person intends to reside, if the person intends to reside in another county.

(b) A person who lacks a fixed residence must report weekly, in person, to the sheriff of the county where he or she is registered. The weekly report shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. The county sheriff's office may require the person to list the locations where the person has stayed during the last seven days. The lack of a fixed residence is a factor that may be considered in determining an offender's risk level and shall make the offender subject to disclosure of information to the public at large pursuant to RCW 4.24.550.

(c) If any person required to register pursuant to this section does not have a fixed residence, it is an affirmative defense to the charge of failure to register, that he or she provided written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence and has subsequently complied with the requirements of subsections (4)(a)(vii) or (viii) and (6) of this section. To prevail, the person must prove the defense by a preponderance of the evidence.

(7) All offenders who are required to register pursuant to this section who have a fixed residence and who are designated as a risk level II or III must report, in person, every ninety days to the sheriff of the county where he or she is registered. Reporting shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. An offender who complies with the ninety-day reporting requirement with no violations for a period of at least five years in the community may petition the superior court to be relieved of the duty to report every ninety days. The petition shall be made to the superior court in the county where the offender resides or reports under this section. The prosecuting attorney of the county shall be named and served as respondent in any such petition. The court shall relieve the petitioner of the duty to report if the petitioner shows, by a preponderance of the evidence, that the petitioner has complied with the reporting requirement for a period of at least five years and that the offender has not been convicted of a criminal violation of this section for a period of at least five years, and the court determines that the reporting no longer serves a public safety purpose. Failure to report, as specified, constitutes a violation of this section and is punishable as provided in subsection (11) of this section.

(8) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person's residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person's residence and to the state patrol within five days of the entry of the order.

(9) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual's fingerprints. A photograph may be taken at any time to update an individual's file.

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Board" means the indeterminate sentence review board created under chapter 9.95 RCW.

(2) "Collect," or any derivative thereof, "collect and remit,"

or "collect and deliver," when used with reference to the department, means that the department, either directly or through a collection agreement authorized by RCW 9.94A.760, is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(3) "Commission" means the sentencing guidelines commission.

(4) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(5) "Community custody" means that portion of an offender's sentence of confinement in lieu of earned release time or imposed pursuant to RCW 9.94A.505(2)(b), 9.94A.650 through 9.94A.670, 9.94A.690, 9.94A.700 through 9.94A.715, or 9.94A.545, served in the community subject to controls placed on the offender's movement and activities by the department. For offenders placed on community custody for crimes committed on or after July 1, 2000, the department shall assess the offender's risk of reoffense and may establish and modify conditions of community custody, in addition to those imposed by the court, based upon the risk to community safety.

(6) "Community custody range" means the minimum and maximum period of community custody included as part of a sentence under RCW 9.94A.715, as established by the commission or the legislature under RCW 9.94A.850, for crimes committed on or after July 1, 2000.

(7) "Community placement" means that period during which the offender is subject to the conditions of community custody and/or postrelease supervision, which begins either upon completion of the term of confinement (postrelease supervision) or at such time as the offender is transferred to community custody in lieu of earned release. Community placement may consist of entirely community custody, entirely postrelease supervision, or a combination of the two.

(8) "Community protection zone" means the area within eight hundred eighty feet of the facilities and grounds of a public or private school.

(9) "Community restitution" means compulsory service, without compensation, performed for the benefit of the community by the offender.

(10) "Community supervision" means a period of time during which a convicted offender is subject to crime-related prohibitions and other sentence conditions imposed by a court pursuant to this chapter or RCW 16.52.200(6) or 46.61.524. Where the court finds that any offender has a chemical dependency that has contributed to his or her offense, the conditions of supervision may, subject to available resources, include treatment. For purposes of the interstate compact for out-of-state supervision of parolees and probationers, RCW 9.95.270, community supervision is the functional equivalent of probation and should be considered the same as probation by other states.

(11) "Confinement" means total or partial confinement.

(12) "Conviction" means an adjudication of guilt pursuant to Titles 10 or 13 RCW and includes a verdict of guilty, a finding of guilty, and acceptance of a plea of guilty.

(13) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct. However, affirmative acts necessary to monitor compliance with the order of a court may be required by the department.

(14) "Criminal history" means the list of a defendant's prior

convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere.

(a) The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

(b) A conviction may be removed from a defendant's criminal history only if it is vacated pursuant to RCW 9.96.060, 9.94A.640, 9.95.240, or a similar out-of-state statute, or if the conviction has been vacated pursuant to a governor's pardon.

(c) The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that was not included in an offender score calculated pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

(15) "Day fine" means a fine imposed by the sentencing court that equals the difference between the offender's net daily income and the reasonable obligations that the offender has for the support of the offender and any dependents.

(16) "Day reporting" means a program of enhanced supervision designed to monitor the offender's daily activities and compliance with sentence conditions, and in which the offender is required to report daily to a specific location designated by the department or the sentencing court.

(18) "Determinate sentence" means a sentence that states with exactitude the number of actual years, months, or days of total confinement, of partial confinement, of community supervision, the number of actual hours or days of community restitution work, or dollars or terms of a legal financial obligation. The fact that an offender through earned release can reduce the actual period of confinement shall not affect the classification of the sentence as a determinate sentence.

(19) "Disposable earnings" means that part of the earnings of an offender remaining after the deduction from those earnings of any amount required by law to be withheld. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

(4) The five-business-day period during which the distressed homeowner may cancel the contract must not begin to run until all parties to the contract have executed the contract and the distressed home purchaser has complied with this section.

**NEW SECTION. Sec. 9** (1) Any provision in a contract that attempts or purports to require arbitration of any dispute arising under this chapter is void at the option of the distressed homeowner.

(2) This section applies to any contract entered into on or after the effective date of this act.

**NEW SECTION. Sec. 10** A distressed home purchaser shall not:

(1) Enter into, or attempt to enter into, a distressed home conveyance with a distressed homeowner unless the distressed home purchaser verifies and can demonstrate that the distressed homeowner has a reasonable ability to pay for the subsequent conveyance of an interest back to the distressed homeowner. In the case of a lease with an option to purchase, payment ability also includes the reasonable ability to make the lease payments and purchase the property within the term of the option to purchase. An evaluation of a distressed homeowner's reasonable ability to pay includes debt to income ratios, fair market value of the distressed home, and the distressed homeowner's payment and credit history. There is a rebuttable presumption that the distressed home purchaser has not verified a distressed homeowner's reasonable ability to pay if the distressed home purchaser has not obtained documentation of assets, liabilities, and income, other than an undocumented statement, of the distressed homeowner;

(2) Fail to either:

(a) Ensure that title to the distressed home has been reconveyed to the distressed homeowner; or

(b) Make payment to the distressed homeowner so that the distressed homeowner has received consideration in an amount of at least eighty- two percent of the fair market value of the property as of the date of the eviction or voluntary relinquishment of possession of the distressed home by the distressed homeowner. For the purposes of this subsection (2)(b), the following applies:

(i) There is a rebuttable presumption that an appraisal by a person licensed or certified by an agency of the federal government or this state to appraise real estate constitutes the fair market value of the distressed home;

(ii) "Consideration" means any payment or thing of value provided to the distressed homeowner, including unpaid rent owed by the distressed homeowner before the date of eviction or voluntary relinquishment of the distressed home, reasonable costs paid to independent third parties necessary to complete the distressed home conveyance transaction, the payment of money to satisfy a debt or legal obligation of the distressed homeowner, or the reasonable cost of repairs for damage to the distressed home caused by the distressed homeowner. "Consideration" does not include amounts imputed as a down payment or fee to the distressed home purchaser or a person acting in participation with the distressed home purchaser;

(3) Enter into repurchase or lease terms as part of the distressed home conveyance that are unfair or commercially unreasonable, or engage in any other unfair or deceptive acts or practices;

(4) Represent, directly or indirectly, that (a) the distressed home purchaser is acting as an advisor or consultant, (b) the distressed home purchaser is acting on behalf of or in the interests of the distressed homeowner, or (c) the distressed home purchaser is assisting the distressed homeowner to save the

distressed home, buy time, or use other substantially similar language;

(5) Misrepresent the distressed home purchaser's status as to licensure or certification;

(6) Perform any of the following until after the time during which the distressed homeowner may cancel the transaction has expired:

(a) Accept from any distressed homeowner an execution of, or induce any distressed homeowner to execute, any instrument of conveyance of any interest in the distressed home;

(b) Record with the county auditor any document, including any instrument of conveyance, signed by the distressed homeowner; or

(c) Transfer or encumber or purport to transfer or encumber any interest in the distressed home;

(7) Fail to reconvey title to the distressed home when the terms of the distressed home conveyance contract have been fulfilled;

(8) Enter into a distressed home conveyance where any party to the transaction is represented by a power of attorney;

(9) Fail to extinguish or assume all liens encumbering the distressed home immediately following the conveyance of the distressed home;

(10) Fail to close a distressed home conveyance in person before an independent third party who is authorized to conduct real estate closings within the state.

A violation of this chapter is not reasonable in relation to the development and preservation of business and is an unfair method of competition for the purpose of applying chapter 19.86 RCW.~~

(2) In a private right of action under chapter 19.86 RCW for a violation of this chapter, the court may double or triple the award of damages pursuant to RCW 19.86.090, subject to the statutory limit. If, however, the court determines that the defendant acted in bad faith, the limit for doubling or tripling the award of damages may be increased, but shall not exceed one hundred thousand dollars. Any claim for damages brought under this chapter must be commenced within four years after the date of the alleged violation.

(3) The remedies provided in this chapter are cumulative and do not restrict any remedy that is otherwise available. The provisions of this chapter are not exclusive and are in addition to any other requirements, rights, remedies, and penalties provided by law. #### MESSAGE FROM THE HOUSE

March 7, 2008

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5959, with the following amendment: 5959-S.E AMH ENGR H5901.E

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 9** (1) The legislature finds that there is a large, unmet need for affordable housing and affordable housing assistance in the state of Washington, causing many low-income individuals and families to be at risk of homelessness. The legislature declares that a decent, appropriate, and affordable home in a healthy, safe environment for every household should be a state goal. Furthermore, this goal includes increasing the percentage of low-income households who are ultimately able to obtain and retain housing without government subsidies or other public support.

(2) The legislature finds that the state should provide financial resources as well as case management to help individuals and families at risk of homelessness obtain and retain housing and work towards a goal of self-sufficiency where possible.

(3) The legislature finds that there are many root causes of the affordable housing shortage and declares that it is critical that such causes be analyzed, effective solutions be developed,

implemented, monitored, and evaluated, and that these causal factors be eliminated. The legislature also finds that there is a taxpayer and societal cost associated with a lack of jobs that pay self-sufficiency standard wages and a shortage of affordable housing, and that the state must identify and quantify that cost.

(4) The legislature finds that the support and commitment of all sectors of the statewide community is critical to accomplishing the state's affordable housing for all goal. The legislature finds that the provision of housing and housing-related services should be administered both at the state level and at the local level. However, the state should play a primary role in: Providing financial resources to achieve the goal at all levels of government; researching, evaluating, benchmarking, and implementing best practices; continually updating and evaluating statewide housing data; developing a state plan that integrates the strategies, goals, objectives, and performance measures of all other state housing plans and programs; coordinating and supporting county government plans and activities; and directing quality management practices by monitoring both state and county government performance towards achieving interim and ultimate goals.

(5) The legislature declares that the systematic and comprehensive performance measurement and evaluation of progress toward interim goals and the immediate state affordable housing goal of a decent, appropriate, and affordable home in a healthy, safe environment for every household in the state by 2020 is a necessary component of the statewide effort to end the affordable housing crisis.

**NEW SECTION. Sec. 10** This chapter may be known and cited as the Washington affordable housing for all act.

**NEW SECTION. Sec. 11** There is created within the department the state affordable housing for all program. The goal of the program is a decent, appropriate, and affordable home in a healthy, safe environment for every household in the state by 2020. A priority must be placed upon achieving this goal for extremely low-income households as well as all households who are at risk of homelessness. This goal includes: (1) Increasing the percentage of households who access housing that is affordable for their income or wage level without government assistance by increasing the number of previously very low-income households who achieve self-sufficiency and economic independence; (2) providing financial assistance, either from the state or local resources to individuals and families at risk of homelessness, coupled with supportive services to assist families to ultimately achieve self-sufficiency whenever possible; and (3) implementing strategies to keep the rising price of housing for all economic segments to a rate less than that of the overall growth in wages for each economic segment. The department shall develop and administer the affordable housing for all program. Each county shall participate in the affordable housing for all program except as provided in section 8 of this act; however, in the development and implementation of the program scope and requirements at the county level, the department shall consider: The funding level to counties, number of county staff available to implement the program, and competency of each county to meet the goals of the program; and establish program guidelines, performance measures, and reporting requirements appropriate to the existing capacity of the participating counties.

**NEW SECTION. Sec. 12** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Affordable housing" means housing that has a sales price or rental amount that is within the means of a household that may occupy low, very low, and extremely low-income housing. The department shall adopt policies for residential rental and homeownership housing, occupied by extremely low, very low, and low-income households, that specify the percentage of household income that may be spent on monthly housing costs, including utilities other than telephone, to qualify as affordable housing.

The affordable housing infrastructure account is created in the state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for the purposes identified in section 18 of this act.

**Sec. 28** RCW 43.185C.005 and 2005 c 484 s 1 are each amended to read as follows:

Despite laudable efforts by all levels of government, private individuals, nonprofit organizations, and charitable foundations to end homelessness, the number of homeless persons and persons at risk of homelessness in Washington is unacceptably high. The state's homeless population, furthermore, includes a large number of families with children, youth, and employed persons. The legislature finds that the fiscal and societal costs of homelessness are high for both the public and private sectors, and that ending homelessness (~~should~~) must be a goal for state and local government.

The legislature finds that there are many causes of homelessness, including a shortage of affordable housing; a shortage of family-wage jobs which undermines housing affordability; a lack of an accessible and affordable health care system available to all who suffer from physical and mental illnesses and chemical and alcohol dependency; domestic violence; (~~and~~) a lack of education and job skills necessary to acquire adequate wage jobs in the economy of the twenty-first century; inadequate availability of services for citizens with mental disorders, chemical dependency disorders, or developmental disabilities living in the community; and the difficulties faced by formerly institutionalized persons in reintegrating to society and finding stable employment and housing.

The support and commitment of all sectors of the statewide community is critical to the chances of success in ending homelessness in Washington. While the provision of housing and housing-related services to the homeless should be administered at the local level to best address specific community needs, the legislature also recognizes the need for the state to play a primary coordinating, supporting, (~~and~~) monitoring and evaluating role. There must be a clear assignment of responsibilities and a clear statement of achievable and quantifiable goals. Systematic statewide data collection on (~~homelessness~~) homeless individuals in Washington must be a critical component of such a program enabling the state to work with local governments not only to count all homeless people in the state, but to record and manage information about homeless persons (~~and~~) in order to assist them in finding housing and other supportive services that can help them, when possible, achieve the highest degree of self-sufficiency and economic independence that is appropriate given their specific abilities and situations.

The systematic collection and rigorous evaluation of homeless data, a nationwide search for and implementation through adequate resource allocation of best practices, and the systematic measurement of progress toward interim goals and the ultimate goal of ending homelessness are all necessary

**Sec. 33** RCW 43.185C.070 and 2005 c 484 s 11 are each amended to read as follows:

(1) During each calendar year in which moneys from the ((homeless housing)) home security fund account are available for use by the department for the ((homeless housing)) ending homelessness grant program, the department shall announce to all Washington counties, participating cities, and through major media throughout the state, a grant application period of at least ninety days' duration. Grants may be awarded for programs directly related to addressing the root causes of homelessness, preventing homelessness, and collecting data and information on homeless individuals. Only a local government participating in the ending homelessness program is eligible to receive an ending homelessness grant. This announcement will be made as often as the director deems appropriate for proper utilization of resources. The department shall then promptly grant as many applications as will utilize available funds, less appropriate administrative costs of the department as described in RCW 36.22.179 (as recodified by this act).

(2) The department ((will)) shall develop, ((with advice and input from the affordable housing advisory board established in RCW 43.185B.020)) in consultation with the interagency council on homelessness, criteria to evaluate grant applications.

(3) The department may approve only those applications ((only if they)) that are consistent with the local and state ((homeless housing program strategic)) ending homelessness plans. The department may give preference to applications based on some or all of the following criteria:

(a) The total homeless population in the applicant local government service area, as reported by the most recent ((annual)) Washington homeless census;

~~(d) ((Construction projects or rehabilitation that will serve homeless individuals or families for a period of at least twenty-five years;~~

~~(e) Projects which demonstrate serving homeless populations with the greatest needs, including projects that serve special needs populations;~~

~~(f)) The degree to which the applicant project represents a collaboration between local governments, nonprofit community-based organizations, local and state agencies, and the private sector (especially through its integration with the coordinated and comprehensive plan for homeless families with children required under RCW 43.63A.650);~~

~~((g)) (e) The cooperation of the local government in the ((annual)) Washington homeless census ((project));~~

~~((h)) (f) The number of homeless censuses or other homeless counts conducted by the local government beyond the annual census requirement;~~

~~(g) The commitment of the local government and any subcontracting local governments, nonprofit organizations, and for-profit entities to employ a diverse work force and pay wages at or above the self-sufficiency standard;~~

~~(h) The commitment of the local government to apply to the Washington state quality award program for an independent assessment of its quality management, accountability, and performance system or apply to the full examination Washington state quality award program;~~

~~(i) The extent that a local government's subcontractors commit to apply to the Washington state quality award program for an independent assessment of their quality management, accountability, and performance systems or apply to the full examination Washington state quality award program;~~

~~(j) The extent, if any, that the local homeless population is disproportionate to the revenues collected under this chapter and RCW 36.22.178 and 36.22.179 (as recodified by this act); and~~

~~((k)) (k) Other elements shown by the applicant to be directly related to the goal and the department's state ending homelessness strategic plan.~~

**Sec. 34** RCW 43.185C.080 and 2005 c 484 s 12 are each amended to read as follows:

~~(1) ((Only a local government is eligible to receive a homeless housing grant from the homeless housing account. Any city may assert responsibility for homeless housing within its borders if it so chooses, by forwarding a resolution to the legislative authority of the county stating its intention and its commitment to operate a separate homeless housing program. The city shall then receive a percentage of the surcharge assessed under RCW 36.22.179 equal to the percentage of the city's local portion of the real estate excise tax collected by the county. A participating city may also then apply separately for homeless housing program grants. A city choosing to operate a separate homeless housing program shall be responsible for complying with all of the same requirements as counties and shall adopt a local homeless housing plan meeting the requirements of this chapter for county local plans. However, the city may by resolution of its legislative authority accept the county's homeless housing task force as its own and based on that task force's recommendations adopt a homeless housing plan specific to the city.~~

~~(2)) Local governments ((applying for homeless housing funds)) may subcontract with any other local government, housing authority, community action agency, or other nonprofit organization for the execution of programs contributing to the overall goal of ending homelessness within a defined service area. All subcontracts ((shall)) must be consistent with the local ((homeless housing)) ending homelessness plan adopted by the~~

2008 REGULAR SESSION

legislative authority of the local government, time limited, and filed with the department, and ((shall)) must have specific performance terms. Local governments must strongly encourage all subcontractors under the ending homelessness program to apply to the Washington state quality award program for an independent assessment of their quality management, accountability, and performance systems or apply to the full examination Washington state quality award program. While a local government has the authority to subcontract with other entities, the local government continues to maintain the ultimate responsibility for the ((homeless housing)) ending homelessness program within its ((borders)) jurisdiction.

~~((3)) (2) A county may decline to participate in the program authorized in this chapter by forwarding to the department a resolution adopted by the county legislative authority stating the intention not to participate. A copy of the resolution ((shall)) must also be transmitted to the county auditor and treasurer. If ((such a) the resolution is adopted, all of the funds otherwise due to the county under RCW ((43.185C.060 shall)) 36.22.179 and 36.22.1791 (as recodified by this act), minus funds due to any city that has chosen to participate through the process established in subsection (3) of this section, must be remitted monthly to the state treasurer for deposit in the ((homeless housing)) home security fund account, without any reduction by the county for collecting or administering the funds. Upon receipt of the resolution, the department shall promptly begin to identify and contract with one or more entities eligible under this section to create and execute a local ((homeless housing)) ending homelessness plan for the county meeting the requirements of this chapter. The department shall expend all of the funds received from the county under this subsection to carry out the purposes of this chapter ((484, Laws of 2005)) in the county, ((provided that)) but the department may retain six percent of these funds to offset the cost of managing the county's program.~~

~~(3) Any city may assert responsibility for homeless housing within its borders, by forwarding a resolution to the legislative authority of the county stating its intention and its commitment to operate a separate ending homelessness program. A city choosing to operate a separate ending homelessness program receives a percentage of the surcharges assessed under RCW 36.22.179 and 36.22.1791 (as recodified by this act) equal to the percentage of the city's local portion of the real estate excise tax collected by the county. A participating city may also then apply separately for ending homelessness grants. A city choosing to operate a separate ending homelessness program must comply with all of the same requirements as counties and shall adopt a local ending homelessness plan meeting the requirements of this chapter for local ending homelessness plans.~~

~~(4) A resolution by the county declining to participate in the program ((shall have)) has no effect on the ((ability)) authority of each city in the county to assert its right to manage its own program under this chapter, and the county shall monthly transmit to the city the funds due under ((this chapter)) RCW 36.22.179 and 36.22.1791 (as recodified by this act).~~

**Sec. 35** RCW 43.185C.090 and 2005 c 484 s 13 are each amended to read as follows:

The department shall allocate ending homelessness grant moneys from the ((homeless housing)) home security fund account to finance in whole or in part programs and projects in approved local ((homeless housing)) ending homelessness plans ((to assist homeless individuals and families gain access to adequate housing, prevent at-risk individuals from becoming homeless, address the root causes of homelessness, track and report on homeless-related data, and facilitate the movement of homeless or formerly homeless individuals along the housing continuum toward more stable and independent housing)) for programs directly related to addressing the root causes of homelessness, preventing homelessness, and collecting data and information on homeless individuals. The department may issue

(4) Assisting local governments in the local implementation and updating of the homeless client management information system as required in RCW 43.185C.180;

~~(5) Assisting local governments to apply to the Washington state quality award program for an independent assessment of their quality management, accountability, and performance systems or apply to the full examination Washington state quality award program;~~

~~(6) Assisting local governments to strongly encourage all subcontractors to apply to the Washington state quality award program for an independent assessment of their quality management, accountability, and performance systems or apply to the full examination Washington state quality award program;~~

~~(7) Assisting local governments to create quality ending homelessness plans;~~

~~(8) Assisting in the identification of "best practices" from other areas;~~

~~((5))~~ (9) Assisting in identifying additional funding sources for specific projects; and

~~((6))~~ (10) Training local government and subcontractor staff, including quality management training.

**Sec. 37** RCW 43.185C.130 and 2005 c 484 s 17 are each amended to read as follows:

In lieu of creating a new task force, a local government may designate an existing governmental or nonprofit body ~~((which))~~ that substantially conforms to this section and ~~((which))~~ includes at least one homeless or formerly homeless individual to serve

as its homeless representative. As an alternative to a separate plan, two or more local governments may work in concert to develop and execute a joint ~~((homeless housing))~~ local ending homelessness plan, or to contract with another entity to do so according to the requirements of this chapter. While a local government has the authority to subcontract with other entities, the local government continues to maintain the ultimate responsibility for the ~~((homeless housing))~~ ending homelessness program within its borders.

~~((A county may decline to participate in the program authorized in this chapter by forwarding to the department a resolution adopted by the county legislative authority stating the intention not to participate. A copy of the resolution shall also be transmitted to the county auditor and treasurer. #### MOTION

Senator Hargrove moved that the Senate concur in the House amendment(s) to Engrossed Substitute Senate Bill No. 5959.

#### REMARKS BY THE PRESIDENT

President Owen: "Senator Honeyford before you do, as we're probably going to may have a few of these, the President would remind the members that the President allows brief explanations of your position on these matters and I'd appreciate it if you'd honor that. We do allow an argument on each side. Senator Honeyford, please."

#### POINT OF ORDER

Senator Honeyford: "Well, thank you Mr. President. The underlying bill is addressing one item: codifying the traditional housing operation and rent program designed to assist homeless individuals and families by finding those individuals rental assistant and case management services. The program has been in existence and received funding since 1999. It's never been codified in statute. Mr. President, the underlying bill was short, specific and targeted. The House amendment regrettably is none of these. Expanding the bill far beyond it's original scope, new items in the bill include: directive to the Insurance Commissioner to make recommendations by which the housing trust fund can reduce liability and earthquake insurance cost for developers; creation of a new housing communities program directing CTED to provide technical assistance to help organizations serving communities of color and multi-lingual communities; creation of a new housing infrastructural program authorizing low interest loans to organizations for public works project such as roads, bridges, sidewalks and solid waste facilities to support affordable housing, creates the affordable housing for all program requiring states and local government plans to provide the affordable housing to all by 2020; and creates 'Ending Homelessness Act' directing CTED to annually conduct performance and evaluations of county plans and performance and requires counties to conduct a homeless census at least once a year. Thank you Mr. President."

Senator Hargrove spoke on the point of order.

#### MOTION

On motion of Senator Eide, further consideration of Engrossed Substitute Senate Bill No. 5959 was deferred and the bill held its place on the concurrence calendar.

#### MOTION TO LIMIT DEBATE

Senator Eide: "Mr. President, I move that the members of the Senate be allowed to speak but once on each question before the Senate, that such speech be limited to three minutes and that members be prohibited from yielding their time, however, the maker of a motion shall be allowed to open and close debate. This motion shall be in effect through March 12, 2008."

The President declared the question before the Senate to be the motion by Senator Eide to limit debate.

The motion by Senator Eide carried and debate was limited through March 12, 2008.

#### MOTION

On motion of Senator Eide, Rule 15 was suspended for the remainder of the day for the purpose of allowing continued floor action.

**EDITOR'S NOTE:** Senate Rule 15 establishes the floor schedule and calls for a lunch and dinner break of 90 minutes each per day during regular daily sessions.

2008 REGULAR SESSION

## MESSAGE FROM THE HOUSE

March 11, 2008

MR. PRESIDENT:

The House receded from its amendment, and under suspension of rules SUBSTITUTE SENATE BILL NO. 6231 was returned to second reading for the purpose of an amendment. The House adopted the following amendment: 6231-S AMH UPTH H6049.1, and passed the bill as amended by the House.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1** (1) The legislature finds that Washington contains an array of marine protected areas managed by state, federal, tribal, and local governments in both coastal areas and in the Puget Sound. The many entities managing marine protected areas have developed distinct goals for protected areas, criteria for protected area establishment, management practices, terminology, and monitoring practices for these areas. The legislature supports all efforts to protect, conserve, and sustainably manage marine life and resources. However, the legislature finds that additional coordination between marine protected areas managers will improve the collective resource protection capacity of marine protected areas in Washington. The legislature further finds that additional coordination between state agencies and local governments and citizens will increase local involvement in, and the success of, marine protected areas.

(2) The legislature further finds that many state agencies and local governments, in addition to marine protected areas, also administer aquatic preserves, conservation areas, and other similar geographically based area conservation designations that are a valuable means to protect and enhance Puget Sound's marine resources. Climate change impacts and increased population and development in the Puget Sound basin will place further stresses upon sustaining the biological diversity and ecosystem health of Puget Sound, underscoring the importance of conservation efforts.

(3) It is the intent of the legislature that state and local actions intended to protect, conserve, and manage marine life and resources be conducted in a coordinated manner, use the best available science, consider the projected impacts on Puget Sound's marine areas from climate change, and contribute to the recovery of the Puget Sound's environmental health by 2020.

(4) It is the purpose of this act to:

(a) Create a strategic network of marine managed areas that contribute to conserving the biological diversity and ecosystem health of coastal areas and the Puget Sound and that contribute to the recovery of Puget Sound's health by 2020;

(b) Strengthen the coordination of marine managed areas among multiple state agencies and local governments and align these efforts with the work of the Puget Sound partnership to recover the Puget Sound's health by 2020;

(c) Provide for management and designation of marine managed areas programs on an ecosystem basis and incorporate the best available scientific information into these programs;

(d) Adopt a plan that builds a comprehensive system of marine managed areas in Washington's waters, adopts goals and benchmarks for maintaining the diversity of marine life and resources in Washington's waters, and is based upon anticipated threats and stressors such as climate change impacts and population growth;

(e) Recognize the interrelationship of the marine ecosystem throughout the Pacific Northwest, and the multiple entities, including local, state, provincial, and federal governments, as well as tribal governments and first nations, that are involved in managing marine managed areas; and

(f) Adopt codified criteria and procedures applicable to the aquatic reserve program on state-owned aquatic lands.

**NEW SECTION. Sec. 2** (1) The coastal marine protected areas work group is established. The work group shall:

(a) Examine the current inventory and management of Washington's coastal marine protected areas;

(b) Develop recommendations to improve coordination and consistency among coastal marine protected areas and marine protected areas managers regarding goals for protected areas, criteria for protected area establishment, management practices, terminology, and monitoring practices;

(c) Develop recommendations to improve the integration of science into the establishment and management of coastal marine protected areas;

(d) Develop recommendations to further integrate local governments and nongovernmental organizations into the establishment and management of coastal marine protected areas; and

(e) Provide any other recommendations to improve the effectiveness of coastal marine protected areas in Washington.

(2)(a) The director of the department of fish and wildlife, or the director's designee, shall chair the work group created in this section. The chair is responsible for convening the work group and for directing the process of the work group.

(b) The chair of the work group shall invite a balanced composition of representatives from state agencies and local governments with jurisdiction over, or that manage, coastal marine protected areas in Washington to participate in the work group. These entities must include, but are not limited to:

(i) The department of fish and wildlife;

(ii) The department of natural resources;

(iii) The state parks and recreation commission;

(iv) Any appropriate marine resources committees; and

(v) Appropriate federal agencies and tribal governments.

(c) State agencies invited to participate in the work group must participate and work cooperatively with the department of fish and wildlife to carry out the requirements and purposes of this act.

(3) For the purposes of this section, "marine protected area" means a geographic marine or estuarine area located in coastal waters, as that term is defined in RCW 43.143.020, designated by a state, federal, tribal, or local government in order to provide long-term protection for part or all of the resources within that area.

(4) By December 1, 2009, the work group must provide the appropriate committees of the legislature with:

(a) An inventory of coastal marine protected areas in Washington; and

(b) A summary of the issues and recommendations identified under subsection (1)(b) through (e) of this section.

(5) The coastal marine protected areas work group established under this section shall coordinate with the marine managed areas work group established in section 6 of this act. The two work groups may share resources and expertise when appropriate.

**Sec. 3** RCW 90.71.010 and 2007 c 341 s 2 are each amended to read as follows:

## MESSAGE FROM THE HOUSE

The motion by Senator Hargrove carried and the Senate concurred in the House amendment(s) to Substitute Senate Bill No. 6404 by voice vote.

March 11, 2008

MR. PRESIDENT:

FIFTY-NINTH DAY, MARCH 12, 2008

The House receded from its amendment, and under suspension of rules ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6438 was returned to second reading for the purpose of an amendment. The House adopted the following amendment: 6438-S2.E AMH MCCO H6046.1, and passed the bill as amended by the House.

Beginning on page 1, line 3 of the amendment, strike everything through "other authority." on page 6 and insert the following:

**"NEW SECTION. Sec. 1** (1) The legislature finds and declares the following:

(a) The deployment and adoption of high-speed internet services and information technology has resulted in enhanced economic development and public safety for the state's communities, improved health care and educational opportunities, and a better quality of life for the state's residents;

(b) Continued progress in the deployment and adoption of high-speed internet services and other advanced telecommunications services, both land-based and wireless, is vital to ensuring Washington remains competitive and continues to create business and job growth; and

(c) That the state must encourage and support strategic partnerships of public, private, nonprofit, and community-based sectors in the continued growth and development of high-speed internet services and information technology for state residents and businesses.

(2) Therefore, in order to begin advancing the state towards further growth and development of high-speed internet in the state, and to ensure a better quality of life for all state residents, it is the legislature's intent to conduct a statewide needs assessment of broadband internet resources through an open dialogue with all interested parties, including providers, unions, businesses, community organizations, local governments, and state agencies. The legislature intends to use this needs assessment in guiding future plans on how to ensure that every resident in Washington state may gain access to high-speed internet services and, as part of this effort, to address digital literacy and technology training needs of low-income and technology underserved residents of the state through state support of community technology programs.

**NEW SECTION. Sec. 2** (1) After the broadband study authorized by the legislature in 2007 has been completed, or by July 15, 2008, the department of information services, in coordination with the department of community, trade, and economic development and the utilities and transportation commission, shall convene a work group to develop a high-speed internet deployment and adoption strategy for the state.

(2) The department of information services shall invite representatives from the following organizations to participate in the work group:

(a) Representatives of public, private, and nonprofit agencies and organizations representing economic development, local community development, local government, community planning, technology planning, education, and health care;

(b) Representatives of telecommunications providers, technology companies, telecommunications unions, public utilities, and relevant private sector entities;

(c) Representatives of community-based organizations; and

(d) Representatives of other relevant entities as the department of information services may deem appropriate.

(3) The department of information services shall, in consultation with the work group, develop a high-speed internet deployment and adoption strategy to accomplish the following objectives:

(a) Create and regularly update a detailed, geographic information system map at the census block level of the high-speed internet services and other relevant telecommunications and information technology services owned or leased by public entities in the state with instructions on how proprietary and competitively sensitive data will be handled, stored, and used. Development of this geographic information system map may

include collaboration with students and faculty at community colleges and universities in the state. The statewide inventory must, at a minimum, detail:

(i) The physical location of all high-speed internet infrastructure owned or leased by public entities;

(ii) The amount of excess capacity available; and

(iii) Whether the high-speed internet infrastructure is active or inactive;

(b) Work collaboratively with telecommunications providers and internet service providers to assess, create, and regularly update a geographic information system map at the census block level of the privately owned high-speed internet infrastructure in the state, with instructions on how proprietary and competitively sensitive data will be handled, stored, and used;

(c) Combine the geographic information system map of high-speed internet infrastructure owned by public entities with the geographic information system map of high-speed internet infrastructure owned by private entities to create and regularly update a statewide inventory of all high-speed internet infrastructure in the state;

(d) Use the geographic information system map of all high-speed internet infrastructure in the state, both public and privately owned or leased, to identify and regularly update the geographic gaps in high-speed internet service, including an assessment of the population located in each of the geographic gaps;

(e) Spur the development of high-speed internet resources in the state, which may include, but is not limited to, soliciting funding in the form of grants or donations; establishing technology literacy programs in conjunction with institutions of higher education; establishing low-cost hardware and software purchasing programs; and developing loan programs targeting small businesses or businesses located in underserved areas;

(f) Track statewide residential and business adoption of high-speed internet, computers, and related information technology, including an identification of barriers to adoption;

(g) Build and facilitate local technology planning teams and partnerships with members representing cross-sections of the community, which may include participation from the following organizations: Representatives of business, telecommunications unions, K-12 education, community colleges, local economic development organizations, health care, libraries, universities, community-based organizations, local governments, tourism, parks and recreation, and agriculture;

(h) Use the local technology planning teams and partnerships to:

(i) Conduct a needs assessment; and

(ii) Work collaboratively with high-speed internet providers and technology companies across the state to encourage deployment and use, especially in unserved areas, through use of local demand aggregation, mapping analysis, and creation of market intelligence to improve the investment rationale and business case; and

(i) Work with Washington State University extension pursuant to section 6 of this act to establish low-cost programs to improve computer ownership, technology literacy, and high-speed internet access for disenfranchised or unserved populations across the state.

(4) By September 1, 2008, the department of information services shall provide a status update to the telecommunications committees in the house of representatives and the senate, outlining the progress made to date by the work group and the issues remaining to be considered.

(5) By December 1, 2008, the department of information services shall complete the high-speed internet deployment and adoption strategy and provide a report to the fiscal and telecommunications committees in the house of representatives and the senate, the governor, and the office of financial management. The main objective of the report is to outline, based on the efforts of the work group, what legislation is needed in order to implement the high-speed internet

FIFTY-NINTH DAY, MARCH 12, 2008

deployment and adoption strategy, including a range of potential funding requests to accompany the legislation. Specifically, the report shall include the following:

(a) Benchmarks, performance measures, milestones, deliverables, timelines, and such other indicators of performance and progress as are necessary to guide development and implementation of the high-speed internet deployment and adoption strategy, both short term and long term, including an assessment of the amount of funding needed to accomplish a baseline assessment of the high-speed internet infrastructure owned by public and private entities of the state in an eighteen-month period; and

(b) Ways to structure and appropriately scale and phase development and implementation of the high-speed internet deployment and adoption strategy so as to link to, leverage, and otherwise synchronize with other relevant and related funding, technology, capital initiatives, investments, and opportunities.

**NEW SECTION. Sec. 3** A new section is added to chapter 43.105 RCW to read as follows:

(1) For purposes of compliance with section 2 of this act or any subsequent high-speed internet deployment and adoption initiative, the department of information services, the department of community, trade, and economic development, the utilities and transportation commission, and any other government agent or agency shall not gather or request any information related to high-speed internet infrastructure or service from providers of telecommunications or high-speed internet services that is classified by the provider as proprietary or competitively sensitive.

(2) Nothing in this section may be construed as limiting the authority of a state agency or local government to gather or request information from providers of telecommunications or high-speed internet services for other purposes pursuant to its statutory authority.

**NEW SECTION. Sec. 4** Nothing in this act may be construed as giving the department of information services or any other entities any additional authority, regulatory or otherwise, over providers of telecommunications and information technology.

**NEW SECTION. Sec. 5** A new section is added to chapter 43.105 RCW to read as follows:

(1) By January 1, 2009, the department, in consultation with Washington State University, shall identify and make publicly available a web directory of public facilities that provide community technology programs throughout the state.

(2) For the purposes of this section, "community technology program" has the same meaning as in section 7 of this act.

**NEW SECTION. Sec. 6** The community technology opportunity program is created to support the efforts of community technology programs throughout the state. The community technology opportunity program must be administered by the Washington State University extension, in consultation with the department of information services. The Washington State University extension may contract for services in order to carry out the extension's obligations under this section.

(1) In implementing the community technology opportunity program the administrator must, to the extent funds are appropriated for this purpose:

(a) Provide organizational and capacity building support to community technology programs throughout the state, and identify and facilitate the availability of other public and private sources of funds to enhance the purposes of the program and the work of community technology programs. No more than fifteen percent of funds received by the administrator for the program may be expended on these functions;

(b) Establish a competitive grant program and provide grants to community technology programs to provide training and skill-building opportunities; access to hardware and software; internet connectivity; assistance in the adoption of information and communication technologies in low-income and

2008 REGULAR SESSION

underserved areas of the state; and development of locally relevant content and delivery of vital services through technology.

(2) Grant applicants must:

(a) Provide evidence that the applicant is a nonprofit entity or a public entity that is working in partnership with a nonprofit entity;

(b) Define the geographic area or population to be served;

(c) Include in the application the results of a needs assessment addressing, in the geographic area or among the population to be served: The impact of inadequacies in technology access or knowledge, barriers faced, and services needed;

(d) Explain in detail the strategy for addressing the needs identified and an implementation plan including objectives, tasks, and benchmarks for the applicant and the role that other organizations will play in assisting the applicant's efforts;

(e) Provide evidence of matching funds and resources, which are equivalent to at least one-quarter of the grant amount committed to the applicant's strategy;

(f) Provide evidence that funds applied for, if received, will be used to provide effective delivery of community technology services in alignment with the goals of this program and to increase the applicant's level of effort beyond the current level; and

(g) Comply with such other requirements as the administrator establishes.

(3) The administrator may use no more than ten percent of funds received for the community technology opportunity program to cover administrative expenses.

(4) The administrator must establish expected program outcomes for each grant recipient and must require grant recipients to provide an annual accounting of program outcomes.

**NEW SECTION. Sec. 7** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Administrator" means the community technology opportunity program administrator designated by the Washington State University extension.

**NEW SECTION. Sec. 8** The Washington community technology opportunity account is established in the state treasury. Donated funds from private and public sources may be deposited into the account. Expenditures from the account may be used only for the operation of the community technology opportunity program as provided in section 6 of this act. Only the administrator or the administrator's designee may authorize expenditures from the account.

**NEW SECTION. Sec. 9** Sections 6 through 8 of this act constitute a new chapter in Title 28B RCW.

Correct the title.  
and the same are herewith transmitted.

## MESSAGE FROM THE HOUSE

March 11, 2008

MR. PRESIDENT:

The House receded from its amendment, under suspension of rules ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6673 was returned to second reading for the purpose of an amendment. The House adopted the following amendment: 6673-S2.E AMH Sulp H6058.2, and passed the bill as amended by the House.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1** The legislature finds that high school students need to graduate with the skills necessary to be successful in college and work. The state graduation requirements help to ensure that Washington high school graduates have the basic skills to be competitive in a global economy. Under education reform started in 1993, time was to be the variable, obtaining the skills was to be the constant. Therefore, students who need additional time to gain the academic skills needed for college and the workplace should have the opportunities they need to reach high academic achievement, even if that takes more than the standard four years of high school.

Different students face different challenges and barriers to their academic success. Some students struggle to meet the standard on a single portion of the Washington assessment of student learning while excelling in the other subject areas; other students struggle to complete the necessary state or local graduation credits; while still others have their knowledge tested on the assessments and have completed all the credit requirements but are struggling because English is not their first language. The legislature finds that many of these students need additional time and support to achieve academic proficiency and meet all graduation requirements.

**Sec. 2** RCW 28A.655.061 and 2007 c 355 s 5 and 2007 c 354 s 2 are each reenacted and amended to read as follows:

(1) The high school assessment system shall include but need not be limited to the Washington assessment of student learning, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and if approved by the legislature pursuant to subsection (10) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained by most students at about the age of sixteen, and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of RCW 28A.155.045 or 28A.655.0611, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3) Beginning with the graduating class of 2008, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the reading, writing, and mathematics content areas of the high school Washington assessment of student learning shall earn a certificate of academic achievement. If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area up to four times at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection (10) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has taken the Washington assessment of student learning at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement.

(4) Beginning no later than with the graduating class of 2013, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the Washington assessment of student learning or the objective alternative assessments in order to earn a certificate of academic achievement. The state board of education may adopt a rule that implements the requirements of this subsection (4) beginning with a graduating class before the graduating class of 2013, if the state board of education adopts the rule by September 1st of the freshman school year of the graduating class to which the requirements of this subsection (4) apply. The state board of education's authority under this subsection (4) does not alter the requirement that any change in performance standards for the tenth grade assessment must comply with RCW 28A.305.130.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter

FIFTY-NINTH DAY, MARCH 12, 2008

28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

(6) A student may retain and use the highest result from each successfully completed content area of the high school assessment.

(7) School districts must make available to students the following options:

(a) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

(b) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

(8) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

(9) Opportunities to retake the assessment at least twice a year shall be available to each school district.

(10)(a) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process for students' scores, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments in addition to those authorized in RCW 28A.655.065 or (b) of this subsection are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(b)(i) A student's score on the mathematics, reading or English, or writing portion of the scholastic assessment test (SAT) or the American college test (ACT) may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standards for the certificate of academic achievement. The state board of education shall identify the scores students must achieve on the relevant portion of the SAT or ACT to meet or exceed the state standard in the relevant content area on the Washington assessment of student learning. The state board of education shall identify the first scores by December 1, 2007. After the first scores are established, the state board may increase but not decrease the scores required for students to meet or exceed the state standards.

(ii) Until August 31, 2008, a student's score on the mathematics portion of the preliminary scholastic assessment test (PSAT) may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standard for the certificate of academic achievement. The state board of education shall identify the score students must achieve on the mathematics portion of the PSAT to meet or exceed the state standard in that content area on the Washington assessment of student learning.

(iii) A student who scores at least a three on the grading scale of one to five for selected (~~advance placement~~) AP examinations may use the score as an objective alternative assessment under this section for demonstrating that a student has met or exceeded state standards for the certificate of academic achievement. A score of three on the (~~advance placement~~) AP examinations in calculus or statistics may be used as an alternative assessment for the mathematics portion of

2008 REGULAR SESSION

the Washington assessment of student learning. A score of three on the (~~advance placement~~) AP examinations in English language and composition may be used as an alternative assessment for the writing portion of the Washington assessment of student learning. A score of three on the (~~advance placement~~) AP examinations in English literature and composition, macroeconomics, microeconomics, psychology, United States history, world history, United States government and politics, or comparative government and politics may be used as an alternative assessment for the reading portion of the Washington assessment of student learning.

(11) By December 15, 2004, the house of representatives and senate education committees shall obtain information and conclusions from recognized, independent, national assessment experts regarding the validity and reliability of the high school Washington assessment of student learning for making individual student high school graduation determinations.

(12) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for and notify students and their parents or legal guardians as provided in this subsection (12).

(a) Student learning plans are required for eighth through twelfth grade students who were not successful on any or all of the content areas of the Washington assessment for student learning during the previous school year or who may not be on track to graduate due to credit deficiencies or absences. The parent or legal guardian shall be notified about the information in the student learning plan, preferably through a parent conference and at least annually. To the extent feasible, schools serving English language learner students and their parents shall translate the plan into the primary language of the family. The plan shall include the following information as applicable:

(i) The student's results on the Washington assessment of student learning;

(ii) If the student is in the transitional bilingual program, the score on his or her Washington language proficiency test II;

(iii) Any credit deficiencies;

(iv) The student's attendance rates over the previous two years;

(v) The student's progress toward meeting state and local graduation requirements;

(vi) The courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation(~~— If applicable, the plan shall also include the high school completion pilot program created under RCW 28B.50.534.~~

(i) The parent or guardian shall be notified, preferably through a parent conference, of the student's results on the Washington assessment of student learning, actions the school intends to take to improve the student's skills in any content area in which the student was unsuccessful, strategies to help them improve their student's skills, and the content of the student's plan.

(ii) Progress made on the student plan shall be reported to the student's parents or guardian at least annually and adjustments to the plan made as necessary);

(vii) Remediation strategies and alternative education options available to students, including informing students of the option to continue to receive instructional services after grade twelve or until the age of twenty-one;

(viii) The alternative assessment options available to students under this section and RCW 28A.655.065;

(ix) School district programs, high school courses, and career and technical education options available for students to meet graduation requirements; and

(x) Available programs offered through skill centers or community and technical colleges.

(b) All fifth grade students who were not successful in one or more of the content areas of the fourth grade Washington

FIFTY-NINTH DAY, MARCH 12, 2008

assessment of student learning shall have a student learning plan.

(i) The parent or guardian of the student shall be notified, preferably through a parent conference, of the student's results on the Washington assessment of student learning, actions the school intends to take to improve the student's skills in any content area in which the student was unsuccessful, and provide strategies to help them improve their student's skills.

(ii) Progress made on the student plan shall be reported to the student's parents or guardian at least annually and adjustments to the plan made as necessary.

**NEW SECTION. Sec. 3** A new section is added to chapter 28A.320 RCW to read as follows:

(1) The extended learning opportunities program is created for eligible eleventh and twelfth grade students who are not on track to meet local or state graduation requirements as well as eighth grade students who may not be on track to meet the standard on the Washington assessment of student learning or need additional assistance in order to have the opportunity for a successful entry into high school. The program shall provide early notification of graduation status and information on education opportunities including preapprenticeship programs that are available.

(2) Under the extended learning opportunities program, districts shall make available to students in grade twelve who have failed to meet one or more local or state graduation requirements the option of continuing enrollment in the school district in accordance with RCW 28A.225.160. Districts are authorized to use basic education program funding to provide instruction to eligible students under RCW 28A.150.220(3).

(3) Under the extended learning program, instructional services for eligible students can occur during the regular school day, evenings, on weekends, or at a time and location deemed appropriate by the school district, including the educational service district, in order to meet the needs of these students. Instructional services provided under this section do not include services offered at private schools. Instructional services can include, but are not limited to, the following:

(a) Individual or small group instruction;

(b) Instruction in English language arts and/or mathematics that eligible students need to pass all or part of the Washington assessment of student learning;

(c) Attendance in a public high school or public alternative school classes or at a skill center;

(d) Inclusion in remediation programs, including summer school;

(e) Language development instruction for English language learners;

(f) Online curriculum and instructional support, including programs for credit retrieval and Washington assessment of student learning preparatory classes; and

(g) Reading improvement specialists available at the educational service districts to serve eighth, eleventh, and twelfth grade educators through professional development in accordance with RCW 28A.415.350. The reading improvement specialist may also provide direct services to eligible students and those students electing to continue a fifth year in a high school program who are still struggling with basic reading skills.

**Sec. 4** RCW 28A.165.035 and 2004 c 20 s 4 are each amended to read as follows:

**NEW SECTION. Sec. 5** If funding is appropriated for this purpose, the office of the superintendent of public instruction shall explore online curriculum support in languages other than English that are currently available. By December 1, 2008, the office of the superintendent of public instruction shall report to the appropriate committees of the legislature recommendations for other online support in other languages that would most appropriately assist Washington's English language learners. Included in the recommendations shall be the actions that would need to be taken to access the recommended online support and the cost.

**NEW SECTION. Sec. 6** A new section is added to chapter 28A.655 RCW to read as follows:

(1) If funding is appropriated for this purpose, school districts shall provide all tenth graders enrolled in the district the option of taking the PSAT at no cost to the student.

(2) The office of the superintendent of public instruction shall enter into an agreement with the firm that administers the PSAT to reimburse the firm for the testing fees of students who take the test.

**NEW SECTION. Sec. 7** (1) The legislature intends to build on the lessons learned in the Lorraine Wojahn dyslexia pilot reading program, which the legislature has funded since 2005.

(2) By September 15, 2008, each of the grant recipients shall report to the office of the superintendent of public instruction on the lessons learned in the pilot program regarding effective assessment and intervention programs to help students with dyslexia or characteristics of dyslexia, best practices for professional development, and strategies to build capacity and sustainability among teaching staff.

(3) By December 31, 2008, the office of the superintendent of public instruction shall aggregate the reports from the grant recipients and provide a report and recommendations to the appropriate committees of the legislature. The recommendations shall include how the lessons learned through the pilot program are best shared with school districts and how the best practices can be implemented statewide.

**NEW SECTION. Sec. 8** (1) The legislature finds that educators are faced with the complex responsibility of educating an increasing population of English language learners who speak a wide variety of languages and dialects and may come with varying levels of formal schooling, students who come from low-income households, and students who have learning disabilities. These educators struggle to provide meaningful instruction that helps students meet high content standards while overcoming their challenges. The 2007 legislature directed the professional educator standards board to begin the process of adopting new certification requirements and revising the higher education teacher preparation program requirements. Additionally, the office of the superintendent of public instruction was directed to contract with the northwest regional educational laboratory to review and report on the ongoing English as a second language pilot projects and best practices related to helping students who are English language learners. It is therefore the intent of the legislature to build upon the work started in 2007 by requiring that the professional educator standards board consider the findings of the northwest regional educational laboratory and incorporate into its ongoing work a review of how to revise the current certification requirements and teacher preparation programs in order to better serve the needs of English language learners.

FIFTY-NINTH DAY, MARCH 12, 2008

2008 REGULAR SESSION

(2) The professional educator standards board shall convene a work group to develop recommendations for increasing teacher knowledge, skills, and competencies to address the needs of English language learner students. Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1** A new section is added to chapter 68.50 RCW to read as follows:

(1) It is the duty of every person who knows of the existence and location of skeletal human remains to notify the coroner and local law enforcement in the most expeditious manner possible, unless such person has good reason to believe that such notice has already been given. Any person knowing of the existence of skeletal human remains and not having good reason to believe that the coroner and local law enforcement has notice thereof and who fails to give notice to the coroner and local law enforcement, is guilty of a misdemeanor.

(2) Any person engaged in ground disturbing activity and who encounters or discovers skeletal human remains in or on the ground shall:

(a) Immediately cease any activity which may cause further disturbance;

(b) Make a reasonable effort to protect the area from further disturbance;

(c) Report the presence and location of the remains to the coroner and local law enforcement in the most expeditious manner possible; and

(d) Be held harmless from criminal and civil liability arising under the provisions of this section provided the following criteria are met:

(i) The finding of the remains was based on inadvertent discovery;

(ii) The requirements of the subsection are otherwise met; and

(iii) The person is otherwise in compliance with applicable law.

The coroner will retain jurisdiction over forensic remains.

(a) Upon determination that the remains are nonforensic, the coroner must notify the department of archaeology and historic preservation within two business days. The department will have jurisdiction over such remains until provenance of the remains is established. (b) Upon receiving notice from a coroner of a finding of nonforensic skeletal human remains, the department must notify

the appropriate local cemeteries, and all affected Indian tribes via certified mail to the head of the appropriate tribal government, and contact the appropriate tribal cultural resources staff within two business days of the finding. The determination of what are appropriate local cemeteries to be notified is at the discretion of the department. A notification to tribes of a finding of such nonforensic skeletal human remains does not create a presumption that the remains are Indian.

(c) The state physical anthropologist must make an initial determination of whether nonforensic skeletal human remains are Indian or non-Indian to the extent possible based on the remains within two business days of notification of a finding of nonforensic remains. If the remains are determined to be Indian, the department must notify all affected Indian tribes via certified mail to the head of the appropriate tribal government within two business days and contact the appropriate tribal cultural resources staff.

(d) The affected tribes have five business days to respond via telephone or writing to the department as to their interest in the remains.

(4) For the purposes of this section:

(a) "Affected tribes" are:

(i) Those federally recognized tribes with usual and accustomed areas in the jurisdiction where the remains were found;

(ii) Those federally recognized tribes that submit to the department maps that reflect the tribe's geographical area of cultural affiliation; and

(iii) Other tribes with historical and cultural affiliation in the jurisdiction where the remains were found.

(b) "Forensic remains" are those that come under the jurisdiction of the coroner pursuant to RCW 68.50.010.

(c) "Inadvertent discovery" has the same meaning as used in RCW 27.44.040.

(5) Nothing in this section constitutes, advocates, or otherwise grants, confers, or implies federal or state recognition of those tribes that are not federally recognized pursuant to 25 C.F.R. part 83, procedures for establishing that an American Indian group exists as an Indian tribe.

**NEW SECTION. Sec. 2** A new section is added to chapter 27.44 RCW to read as follows:

(1) Any person who discovers skeletal human remains must notify the coroner and local law enforcement in the most expeditious manner possible. MESSAGE FROM THE HOUSE

March 8, 2008

MR. PRESIDENT:

The House refuses to concur in the Senate amendment(s) to HOUSE BILL NO. 2719 and asks Senate to recede therefrom. and the same is herewith transmitted.

BARBARA BAKER, Chief Clerk

MOTION

Senator Kline moved that the Senate recede from its position in the Senate amendment(s) to House Bill No. 2719.

The President declared the question before the Senate to be motion by Senator Kline that the Senate recede from its position in the Senate amendment(s) to House Bill No. 2719.

The motion by Senator Kline carried and the Senate receded from its position in the Senate amendment(s) to House Bill No. 2719 by voice vote.

MOTION

FIFTY-NINTH DAY, MARCH 12, 2008

On motion of Senator Kline, the rules were suspended and House Bill No. 2719 was returned to second reading for the purposes of amendment.

SECOND READING

HOUSE BILL NO. 2719, by Representatives Priest, Hurst, Loomis and VanDeWege

Ensuring that offenders receive accurate sentences.

The measure was read the second time.

MOTION

Senator Kline moved that the following striking amendment by Senators Kline, Hargrove and McCaslin be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1** It is the legislature's intent to ensure that offenders receive accurate sentences that are based on their actual, complete criminal history. Accurate sentences further the sentencing reform act's goals of:

(1) Ensuring that the punishment for a criminal offense is proportionate to the seriousness of the offense and the offender's criminal history;

(2) Ensuring punishment that is just; and

(3) Ensuring that sentences are commensurate with the punishment imposed on others for committing similar offenses.

Given the decisions in *In re Cadwallader*, 155 Wn.2d 867 (2005); *State v. Lopez*, 147 Wn.2d 515 (2002); *State v. Ford*, 137 Wn.2d 472 (1999); and *State v. McCorkle*, 137 Wn.2d 490 (1999), the legislature finds it is necessary to amend the provisions in RCW 9.94A.500, 9.94A.525, and 9.94A.530 in order to ensure that sentences imposed accurately reflect the offender's actual, complete criminal history, whether imposed at sentencing or upon resentencing. These amendments are consistent with the United States supreme court holding in *Monge v. California*, 524 U.S. 721 (1998), that double jeopardy is not implicated at resentencing following an appeal or collateral attack.

**Sec. 2** RCW 9.94A.500 and 2006 c 339 s 303 are each amended to read as follows:

(1) Before imposing a sentence upon a defendant, the court shall conduct a sentencing hearing. The sentencing hearing shall be held within forty court days following conviction. Upon the motion of either party for good cause shown, or on its own motion, the court may extend the time period for conducting the sentencing hearing.

Except in cases where the defendant shall be sentenced to a term of total confinement for life without the possibility of release or, when authorized by RCW 10.95.030 for the crime of aggravated murder in the first degree, sentenced to death, the court may order the department to complete a risk assessment report. If available before sentencing, the report shall be provided to the court.

Unless specifically waived by the court, the court shall order the department to complete a chemical dependency screening report before imposing a sentence upon a defendant who has been convicted of a violation of the uniform controlled substances act under chapter 69.50 RCW, a criminal solicitation to commit such a violation under chapter 9A.28 RCW, or any felony where the court finds that the offender has a chemical dependency that has contributed to his or her offense. In addition, the court shall, at the time of plea or conviction, order the department to complete a presentence report before imposing a sentence upon a defendant who has been convicted of a felony sexual offense. The department of corrections shall give priority to presentence investigations for sexual offenders. If the court determines that the defendant may be a mentally ill

2008 REGULAR SESSION

person as defined in RCW 71.24.025, although the defendant has not established that at the time of the crime he or she lacked the capacity to commit the crime, was incompetent to commit the crime, or was insane at the time of the crime, the court shall order the department to complete a presentence report before imposing a sentence.

The court shall consider the risk assessment report and presentence reports, if any, including any victim impact statement and criminal history, and allow arguments from the prosecutor, the defense counsel, the offender, the victim, the survivor of the victim, or a representative of the victim or survivor, and an investigative law enforcement officer as to the sentence to be imposed.

A criminal history summary relating to the defendant from the prosecuting authority or from a state, federal, or foreign governmental agency shall be prima facie evidence of the existence and validity of the convictions listed therein. If the court is satisfied by a preponderance of the evidence that the defendant has a criminal history, the court shall specify the convictions it has found to exist. All of this information shall be part of the record. Copies of all risk assessment reports and presentence reports presented to the sentencing court and all written findings of facts and conclusions of law as to sentencing entered by the court shall be sent to the department by the clerk of the court at the conclusion of the sentencing and shall accompany the offender if the offender is committed to the custody of the department. Court clerks shall provide, without charge, certified copies of documents relating to criminal convictions requested by prosecuting attorneys.

(2) To prevent wrongful disclosure of information related to mental health services, as defined in RCW 71.05.445 and 71.34.345, a court may take only those steps necessary during a sentencing hearing or any hearing in which the department presents information related to mental health services to the court. The steps may be taken on motion of the defendant, the prosecuting attorney, or on the court's own motion. The court may seal the portion of the record relating to information relating to mental health services, exclude the public from the hearing during presentation or discussion of information relating to mental health services, or grant other relief to achieve the result intended by this subsection, but nothing in this subsection shall be construed to prevent the subsequent release of information related to mental health services as authorized by RCW 71.05.445, 71.34.345, or 72.09.585. Any person who otherwise is permitted to attend any hearing pursuant to chapter 7.69 or 7.69A RCW shall not be excluded from the hearing solely because the department intends to disclose or discloses information related to mental health services.

**Sec. 3** RCW 9.94A.525 and 2007 c 199 s 8 and 2007 c 116 s 1 are each reenacted and amended to read as follows:

The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:

The offender score is the sum of points accrued under this section rounded down to the nearest whole number.

(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.589.

(2)(a) Class A and sex prior felony convictions shall always be included in the offender score.

(b) Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction.

(c) Except as provided in (e) of this subsection, class C prior felony convictions other than sex offenses shall not be included
