FIRST DAY

NOON SESSION

Senate Chamber, Olympia
Monday, January 10, 2022

Pursuant to state law, the Senate of the 2022 Regular Session of the Sixty-Seventh Legislature of the State of Washington assembled, actually and virtually, in the Senate Chamber of the State Capital. At 12:00 o'clock noon, the Senate was called to order by the President of the Senate, Lieutenant Governor Denny Heck presiding.

The acting Secretary called the roll and announced to the President that all senators were present with the exceptions of Senators Fortunato and McCune.

The Washington State Patrol Honor Guard, composed of Lieutenant Matt Fehler, Sergeant Kelli Howes, Sergeant Michael McGee, Trooper Dean Gallanger and Trooper Brandon Tobol presented the Colors.

Miss Camille Bannister led the Senate in the Pledge of Allegiance. Miss Bannister is the granddaughter of Secretary of the Senate-elect, Mrs. Sarah Bannister.

The National Anthem was performed in both song and interpreted into American Sign Language (ASL) by the American Sign Language Program class at River Ridge High School, Lacey. They were led by their teacher, Ms. Cathy Boos.

The prayer was offered by Pastor Bob Luhn, Pastor Emeritus at Othello Church of the Nazarene.

REMARKS BY THE PRESIDENT

President Heck: "The President would like to extend a welcome back to all of you whether you are participating remotely or not.

It has been about nine months since we adjourned sine die. In the ensuing time, much has changed and much has remained the same.

COVID continues to be the dominant feature of much of American life. Sadly, the death toll continues to mount. More than 200,000 Americans have lost their lives to COVID since last April. Even today, at least three of our members have announced their diagnosis with COVID. And the lives of health care workers in particular but also first responders and teachers and students and parents with limited childcare options, are incredibly stressed.

Yet, some things have changed.

Omicron, the new variant of COVID, is virulently transmissible but also appears to be, overall, less dangerous especially to those who have been vaccinated and especially to those who have been boosted. Fewer hospitalizations. Fewer deaths.

Last session, thanks largely to the excellent work of staff and the observance of protocols by all involved, the Senate did not have a single reported case of COVID. Here's hoping for a repeat of that even with omicron.

There are other changes this year. Thus far, we have two new members, Senators Lovick and Trudeau. Congratulations to you both. Neither is a stranger to this process, and both are excellent additions. Their districts win and the state wins with their presence.

We respectfully request your forbearance on other changes. We have new people in several key slots. Let's face it: the president is still a rookie up here. Please be patient. But we also have a new Majority Floor Leader in Senator Pedersen. Congratulations, sir. It is impossible to imagine anyone better prepared or qualified.

The president also extends his appreciation to the highly competent and professional manner in which Senator Liias undertook his responsibilities in that role and wishes him the best in his important new role.

Although no stranger to this rostrum, we have a new Secretary of the Senate, Sarah Bannister. Congratulations. We have all the confidence in you, and it is fun to be a part of making history here!

We will acknowledge outgoing Secretary Hendrickson's considerable contributions later but for today, thanks for a job very well done and congratulations on a lifetime of excellent service and a well-deserved retirement.

As a result, we have a new Deputy Secretary, Collen Rust. Congratulations. You will do great!

Soon, we will have a new Democratic Counsel up here as Victoria Cantore transitions to her exciting new role for the U.S. Attorney's Office. You've been nothing short of spectacular. The President extends his heartfelt personal gratitude.

And of course, congratulations to the incoming Counsel, Suchi Sharma. What a splendid choice. We look forward to working with you as well.

All of this to say, please be patient as we seek to serve you and this institution.

Finally, there is something else different this year and that is the absence of Senator Ericksen of the Forty-second Legislative District. Our hearts are heavy with sadness at his passing. There will be a more formal recognition of the Senator later but for now we extend our deepest condolences to the Senator's widow, Tasha, and his two daughters, Elsa and Addi. May God touch you with His healing hands. And so, with your permission, I am going to ask those present to please stand in a moment of silence in memory of Senator Doug Ericksen."

MOMENT OF SILENCE

The Senate rose and observed a moment of silence in the memory of Senator Doug Ericksen, who passed away December 17, 2021.

President Heck: "And now, as Fareed Zakaria often says on Sunday morning, 'Let's get started.'"

MOTION

On motion of Senator Pedersen, the Senate advanced to the third order of business.

RESIGNATION OF SENATOR DARNEILLE

September 21, 2021

Dear Governor Inslee,

It is with a mixture of heartache and anticipation that I write today to formally announce my resignation from the Washington State Senate. I have had the great pleasure and honor of representing the 27th Legislative District in the Legislature since 2001, through 12 sessions in the House and now 8 sessions in the Senate. Through that time, I have worked with three Governors, and have particularly enjoyed our rapport and mutual professional regard.

I have accepted a new position in the Department of Corrections working with Secretary Strange to oversee the development of a new Women's Prison Division as an Assistant Secretary. This decision was only made after the recognition that it represents a unique opportunity to build upon years of learning about and working on juvenile and adult corrections reform gained in the Legislature. Policy development is based on research, science, and logic; it recognizes problems and promotes solutions to those problems. I recognize that this rare career pivot is fueled by a desire to make best practices work in the field with professionals dedicated to public service and the persons we serve.

I am still very sad, however, to leave the Legislature and my colleagues here, but very confident that a new appointee from the 27th District will bring new skills to the tasks ahead. I am sure this new Senator will continue to advocate for our constituents and for those whose voices often go unheard.

The appointment process will start today with notification to my colleagues in the Senate, Pierce County Democratic Party leadership, Precinct Committee Officers in the 27th District, constituents, and advocates. This resignation will take effect sometime in early November as the recommendations are received by the Pierce County Council for their action. I will inform you of the specific date as this process unfolds.

Thank you for every measure of support you have shown to me in the Legislature. Take care.

Sincerely,

/s/

Jeannie Darneille
State Senator
27th Legislative District

MESSAGE FROM THE SECRETARY OF STATE

November 16, 2021

To the Honorable Denny Heck
President of the Senate
Legislative Building
Olympia, WA 98501

I, Kim Wyman, Secretary of the State of Washington and custodian of the State Seal, do hereby certify that the attached is a true and correct copy of the County Resolution now on file with the Secretary of State relating to the resignation of Jeannie Darneille from the office of State Senator for the 27th Legislative District of the State of Washington, and the appointment of Yasmin Trudeau to fill the vacancy created thereby.

I further certify that Yasmin Trudeau has been duly appointed by a motion of the Pierce County Council making an appointment to fill the vacancy in the position of State Senator for the 27th Legislative District.

FIRST DAY, JANUARY 10, 2022

 Secretary of State

and be sworn into office on Monday. My resignation from the Washington State Senate will be effective at 10:00 o'clock a.m. that day, November 22nd, 2021.

Serving in the Washington State Senate has been my honor. I was first elected in 2006. Since then, the legislature has answered important policy questions, engaged in meaningful debate and done tremendous work on behalf of our constituents. I thank the voters for their support in multiple reelection campaigns, so that I might serve them for these last 15 years.

I wish to express gratitude to my colleagues in the Senate, both elected members and hired staff alike, for the teamwork, partnership, and for all their efforts that contributed to the good work we've done over so many years together.

As Washington's next Secretary of State, I look forward to continuing my public service in this new role in a way that inspires their confidence in their government.

SNOHOMISH COUNTY COUNCIL

Snohomish County, Washington
/s/
Council Vice-Chair

ATTEST:

/s/
Asst. Clerk of the Council

The secretary called the roll of the two newly appointed senators: Senator John Lovick, 44th Legislative District; Senator Yasmin Trudeau, 27th Legislative District

The President welcomed the new senators, who had taken oaths of office earlier.

ELECTION OF VICE PRESIDENT PRO TEMPORE

Without objection, the President declared the office of Vice President Pro Tempore of the Senate vacant.

The President called for nominations to the office of Vice President Pro Tempore.

REMARKS BY SENATOR KEISER

Senator Keiser: "Thank you Mr. President. I highly recommend your support for this nomination of Senator John Lovick. Many of us have known the Senator Lovick, new to the Senate, but we've known him since he's been in the House, back in 1998 when he started in the House, and he served there for 9 years, and then he went off and became a Snohomish County Executive, Snohomish County Sheriff, he worked for the Washington State Patrol, and he's had quite a storied career. And then, of all things, he returns to the House in 2016 and he has been serving as Speaker Pro Tempore in the House for several years now. So, he may be new to the Senate, but he is not new to procedural and parliamentary rules. And will, I believe, be a worthy addition to our incredible team here in the Washington State Senate. Maybe the most important thing is, I think, John really understands the need for institutional integrity. And will abide by the norms, traditions, the standards, and the rules of our institution, and we'll all be better for it. I hope you'll support this nomination for John Lovick, for Vice President of the Senate President Pro Tempore."

REMARKS BY SENATOR SHELDON

Senator Sheldon: "Thank you Mr. President. I also rise to encourage you to vote for the nomination of Senator John Lovick. As Senator Keiser noted, he's had a storied career. Starting with the city of Mill Creek as a council person, Snohomish County Sheriff, State Representative, Snohomish County Executive, and now State Senator. And while it would appear that Senator Lovick could not keep a job very long, I would say that he's an outstanding gentleman, and just one of the classiest people we've had in a long time over the many years that he has served. So, I certainly encourage you to vote. If you have the time, check YouTube, there is a little piece that the Senator, when he was a Representative did. It's gonna have to be brought up a little bit because he starts out by showing the school children and the House members "this is a gavel" so he's moving up fast."

MOTION

On motion of Senator Pedersen, the nominations for the office of Vice President Pro Tempore of the Senate were closed.

MOTION

On motion of Senator Wagoner, Senators Fortunato and McCune were excused.

The President declared the question before the Senate to be the election of Senator John Lovick to the office of Vice President Pro Tempore.

The President called for nominations to the office of Secretary of the Senate.

REMARKS BY SENATOR BILLIG

Senator Billig: "Thank you Mr. President. Well, it gives me great pleasure to speak in strong support of Sarah Bannister's historic nomination as Secretary of the Senate. You know, in many ways Sarah has been preparing her whole life for this job. She was born and raised in Olympia. She's dedicated most of her life, and her whole adult life to public service, and specifically to the service of the Legislature and the people of Washington state. She began her career in the Legislature over twenty years ago, starting as a Legislative Assistant, and her roles for the first ten years were in service to members' offices and to constituents as she was a casework coordinator and a caucus liaison to members' offices. And then in 2017 she became, oh, and then she worked in the Secretary's office and then became the Deputy Secretary of the Senate in 2017. And you know, she brings with her this direct experience of our work and our history in the Senate and in the Legislature that is really gonna serve us all well and serve herself

MOTIONS

well as she moves into this new role. She’s really sort of keeper of the institution is one of the things I appreciate her. She just believes in the Senate so much, and it’s exactly what you want from a secretary of the senate. I feel like she is a protector of the institution, but also with eyes open to ways we can change for the better, and that’s also exactly what we want. I’ve personally really enjoyed working with Sarah since I entered the Senate. She’s professional and collaborative. She’s smart. She’s calm even in pressure situations. And those qualities will serve her and us well as Secretary. And Mr. President, Sarah will also be making history today as has been noted. Becoming the first woman to be the Secretary of the Senate in the history of Washington state. I urge your support for Sarah Bannister as Secretary of the Senate. Thank you, Mr. President.”

REMARKS BY SENATOR BRAUN

Senator Braun: “Thank you Mr. President. I too am very pleased to speak in support of Sarah Bannister’s nomination for the Secretary of the Senate. She is exceptionally well qualified for this position. While not quite the amount of time like her predecessor, she has spent a great deal of time, twenty-two years by my understanding, working within the Senate in various capacities, and that has given her time to build not only a deep appreciation for the history and the workings of this Senate, but also to build the relationships both with staff and members that make, that I think will make her a very successful Secretary of the Senate. So, I look forward to working with her, and I strongly encourage everyone to support her nomination as the Secretary of the Senate. Thank you, Mr. President.”

MOTION

On motion of Senator Pedersen, the nominations for the office of Secretary of the Senate were closed.

The President declared the question before the Senate to be the election of Mrs. Sarah Bannister to the office of Secretary of the Senate.

SECRETARY OF THE SENATE

MESSAGE FROM THE SECRETARY OF STATE

The Honorable President of the Senate
Legislature of the State of Washington
Olympia, Washington 98504

MR. PRESIDENT:

We respectfully transmit for your consideration the following bill which was partially vetoed by the Governor, together with the official veto message setting forth his objections to the sections or items of the bill, as required by Article III, section 12, of the Washington State Constitution:

SENATE BILL NO. 5159.

In Testimony Whereof, I have hereunto set my hand and affixed the seal of the State of Washington this 4th Day of May 2021, at Olympia, the State Capital.

(seal)

/s/

Kim Wyman

Secretary of State

MESSAGE FROM THE GOVERNOR

May 3, 2021

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2, Senate Bill No. 5159 entitled:

"AN ACT Relating to payments in lieu of real property taxes by the department of fish and wildlife."

This bill improves the method the state uses to pay counties for payments in lieu of taxes for lands owned by the Department of Fish and Wildlife. Counties distribute these payments to local taxing districts in the same manner they distribute property taxes supporting things like schools, emergency services, and noxious weed control. Section 2 sets an emergency effective date for the bill of July 1, 2021. The emergency effective date is unnecessary as payments to counties are due in April each year, not in July. The next payment to counties will be made in April 2022 and an emergency effective date is not needed to issue those payments.

For this reason, I am vetoing section 2 of SB 5159.

With the exception of Section 2, Senate Bill No. 5159 is approved.

Respectfully submitted,

/s/

Jay Inslee

Governor

MESSAGE FROM THE GOVERNOR

May 10, 2021

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 8, Second Substitute Senate Bill No. 5293 entitled:

"AN ACT Relating to mental health sentencing alternatives."

Section 8 is an emergency clause that provides the bill with an effective date of July 20, 2021. Without the emergency clause, the bill will go into effect on July 25, 2021. There does not appear to be a need for the bill to go into effect earlier than July 25.

For these reasons I have vetoed Section 8 of Second Substitute Senate Bill No. 5293.

With the exception of Section 8, Second Substitute Senate Bill No. 5293 is approved.

Respectfully submitted,

To the Honorable President and Members,

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 11, Engrossed Second Substitute Senate Bill No. 5304 entitled:

"AN ACT Relating to providing reentry services to persons releasing from state and local institutions."

Section 11 of E2SSB 5304 amends RCW 72.09.270 as it pertains to county of origin for individuals releasing from total confinement in the Department of Corrections. I support the

policy changes made to this section, but some of these changes conflict with another bill that amends the same statute.

Specifically, this bill changes the word "offender" to "person" in RCW 72.09.270, whereas E2SHB 1044 changes the word "offender" to "incarcerated individual" in the same statute. At the request of the prime sponsor, I am vetoing this section to remove the conflict.

For these reasons I have vetoed Section 11 of Engrossed Second Substitute Senate Bill No. 5304.

With the exception of Section 11, Engrossed Second Substitute Senate Bill No. 5304 is approved.

MESSAGE FROM THE GOVERNOR

May 13, 2021

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 33, Substitute Senate Bill No. 5151 entitled:

"AN ACT Relating to foster care and child care licensing by the department of children, youth, and families."

Section 33 is a null and void clause. It provides that if specific funding for the purposes of Section 29, a section related to prohibiting charging licensees for obtaining a child care license, is not provided in the omnibus appropriations act, then Section 29 is null and void. Although the omnibus appropriations act references Section 29 of this bill, it does not provide specific funding for Section

29. Section 33 must be vetoed so that Section 29 can be implemented.

For these reasons I have vetoed Section 33 of Substitute Senate Bill No. 5151.

With the exception of Section 33, Substitute Senate Bill No. 5151 is approved.

MESSAGE FROM THE GOVERNOR

May 13, 2021

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 1, 3, and 4, Engrossed Substitute Senate Bill No. 5235 entitled:

"AN ACT Relating to increasing housing unit inventory by removing arbitrary limits on housing options."

Section 3 allows cities to delay local implementation of statewide requirements around siting of accessory dwelling units until two years after their next required comprehensive plan update.

Accessory dwelling units play an important role in creating additional housing options in urban areas and the state is currently facing a housing crisis.

Section 4 limits the ability for local governments to require owner occupancy on lots containing an accessory dwelling unit, but it also creates numerous exceptions to that limitation which are problematic. I am concerned that the language may allow a local government to prevent the siting and development of accessory dwelling units in perpetuity with very little justification.

Section 1 establishes the intent of the bill. Due to the vetoes of Sections 3 and 4, the original statement of intent no longer fully applies to this bill.

For these reasons I have vetoed Sections 1, 3, and 4 of Engrossed Substitute Senate Bill No. 5235.

With the exception of Sections 1, 3, and 4, Engrossed Substitute Senate Bill No. 5235 is approved.

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2, Engrossed Substitute Senate Bill No. 5405 entitled:

"AN ACT Relating to racial equity analysis for the joint legislative audit and review committee work."

Section 2 directs the Joint Legislative Audit and Review Committee (JLARC) to complete a racial equity analysis on the impact of the restrictions on in-person K-12 education put in place since the COVID-19 state of emergency was declared on February 29, 2020, for all counties in Washington. Racial equity in education is a longstanding issue that was made worse by the COVID pandemic. Beyond the necessary school restrictions imposed, COVID impacts on education also included, but are not limited to, public health, economic disruption, teacher safety and loss of child care. I believe a broader review of racial inequities in K-12 is needed, and I will ask the Washington Student Achievement Council to conduct this review.

For these reasons I have vetoed Section 2 of Engrossed Substitute Senate Bill No. 5405.

With the exception of Section 2, Engrossed Substitute Senate Bill No. 5405 is approved.

MESSAGE FROM THE GOVERNOR

May 13, 2021

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 4, 5, 6, and 7, Second Substitute Senate Bill No. 5368 entitled:

"AN ACT Relating to encouraging rural economic development."

Section 4 of this bill would allow the Public Works Board (Board) to award funding for broadband infrastructure to cities, towns, and counties found to be in noncompliance with the growth management act (GMA). Current law prohibits any funding distributed by the Board to go to a GMA noncompliant jurisdiction unless that funding is necessary to address a public health need or substantial environmental degradation. The new exception provided here does not rise to the same level of urgency established in current law. In addition, an underpinning of the GMA has been that GMA noncompliant jurisdictions are unable to access various forms of infrastructure funding. Broadband is critical infrastructure comparable to roads, bridges, and water systems, and should be treated the same before the Board.

Section 5 prohibits the Community Economic Revitalization Board (CERB) from considering compliance with the GMA as a factor in awarding broadband funding to counties, cities, and towns. CERB does not currently consider the GMA in making funding decisions. This new prohibition is unnecessary.

Section 6 prohibits the Utilities and Transportation Commission (UTC) from considering compliance with the GMA as a factor in awarding broadband funding to counties, cities, and towns. The only funding that the UTC distributes for broadband is the Universal Service Fund (USF). Local governments are not eligible applicants to that program. The USF awards subsidies to small, private telecommunications providers. This new prohibition is also unnecessary.

Section 7 prohibits the Department of Commerce from considering compliance with the GMA as a factor in awarding broadband funding to counties, cities, and towns. Commerce is not currently bound to any consideration of GMA compliance in its decision-making regarding broadband projects. The agency has appropriate autonomy to consider the individual merits and relative benefits of each application for broadband funding. Retaining a high-level of discretion within the agency is desirable to ensure the best and highest use of scarce resources.

For these reasons I have vetoed Sections 4, 5, 6, and 7 of Second Substitute Senate Bill No. 5368.

With the exception of Sections 4, 5, 6, and 7, Second Substitute Senate Bill No. 5368 is approved.

MESSAGE FROM THE GOVERNOR

May 17, 2021

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 6; 22; and the four internal cross- references to Section 22 [Section 8, on page 20 line 32, after "in" veto "section 22 of"; Section 9, on page 22, beginning on line 14, after "2026.", veto the sentence beginning with "If" and ending with "period." on line 16; Section 13, on page 39, line 21, after "with" veto "section 22 of"; and Section 19, on page 47, line 30, after "under" veto "section 22 of"], Engrossed Second Substitute Senate Bill No. 5126 entitled:

"AN ACT Relating to the Washington climate commitment act."

Section 6 requires the development of an improved consultation framework for state agencies to communicate and collaborate with tribes on climate investments made under the act. I strongly support the need for this work, as there are multiple new programs authorized under this act that require the state and tribes to work together. However, this section also requires tribes to provide their consent for climate projects funded by the Climate Commitment Act that might impact tribal interests, which differs from our current government-to-government approach and does not properly recognize the mutual sovereign relationship between tribal governments and the state. Although I am vetoing this Section, I will be requesting formal consultation with Tribal leaders to develop improved consultation procedures that strengthen our ability to work together as both sovereign governments and committed partners to advance our many mutual interests.

Section 22 primarily provides a convenient summary of compliance obligations under the Act that is duplicative of the same key compliance obligations and authorizing provisions that are well established and defined in other sections of the Act, including but not limited to Sections 23, 8 and 2. For example, the rulemaking authority acknowledged in Section 22 is provided for and expanded upon in Section 25, which separately establishes comprehensive rulemaking authority that authorizes the Department of Ecology to adopt rules to implement all of the provisions of the Act. There are no substantive aspects of Section 22 that Ecology cannot adopt and implement through this rulemaking authority. By vetoing Section 22, I am also removing an internal inconsistency with regard to the expiration date of allowances, because the ability of covered entities to rely on the last several years of allowances in Section 22(1) conflicts with the unlimited time period for use of allowances in Section 9(2). Because I am vetoing Section 22, I am also vetoing the four internal cross-references to Section 22. Finally, I want to express my deep appreciation for the Legislature's remarkable work on this critical piece of legislation; however, the delayed effective date established in subsection (7) unnecessarily hinders our state's ability to combat climate change, one of the greatest challenges facing our state and the world today.

For these reasons I have vetoed Sections 6; 22; and the four internal cross-references to Section 22 [Section 8, on page 20, line 32, after "in" veto "section 22 of"; Section 9, on page 22, beginning on line 14, after "2026.", veto the sentence beginning with "If" and ending with "period." on line 16; Section 13, on page 39, line 21, after "with" veto "section 22 of"; and Section 19, on page 47, line 30, after "under" veto "section 22 of"] of Engrossed Second Substitute Senate Bill No. 5126.

With the exception of Sections 6; 22; and the four internal cross-references to Section 22 [Section 8, on page 20, line 32, after "in" veto "section 22 of"; Section 9, on page 22, beginning on line 14, after "2026.", veto the sentence beginning with "If" and ending with "period." on line 16; Section 13, on page 39, line 21, after "with" veto "section 22 of"; and Section 19, on page 47, line 30, after "under" veto "Section 22 of"], Substitute Senate Bill No. 5126 is approved.

MESSAGE FROM THE GOVERNOR

May 18, 2021

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 127(18); 137(13); 308(18); 738; 1110(9); 955; and 1703, page 1076, lines 34-35, Engrossed Substitute Senate Bill No. 5092 entitled:

"AN ACT Relating to fiscal matters."

Section 127(18), pages 27-28, Attorney General, Washington State Missing and Murdered Indigenous Women and People Task Force

Section 127(18) provides funding for the Attorney General's Office to support the Washington State Missing and Murdered Indigenous Women and People Task Force established in Section 955 of this act. Because the wrong version of the section was included in the enacted budget, I have vetoed Section 955. Since Section 955 is vetoed, the funding in this proviso is no longer needed. Therefore, I have vetoed Section 127(18).

However, the work of this task force is extremely important, and the Attorney General's Office has agreed to convene the task force and begin the work set forth in this section. I will request the funding necessary for this task force in my next supplemental budget request.

Section 137(13), page 95, Department of Revenue, Future Taxation of Digital Products. Work Group and Report

This section directs the Department of Revenue to convene a stakeholder work group to analyze and develop recommendations on the future taxation of digital products that are used in the electronic processing of prescriptions. The department must submit the analysis and recommendations in a report to the Legislature by December 1, 2021. Because funding was not provided for the department to do this work, I have vetoed Section 137(13).

However, I am directing the department to work with stakeholders to assist them in developing and drafting legislation that will help reduce the tax burden on pharmacies as it relates to digital services that are used in the processing of electronic prescriptions and transmission of prescription drug claims data.

Section 308(18), page 330, Department of Fish and Wildlife, Columbia River Gillnet License Buyback

This section provides funding solely for a voluntary buyback of Columbia River commercial gillnet licenses which is something I supported in my proposed budget. However, the last sentence of this section also requires the department to only authorize mainstem gillnet and drift net fisheries in certain areas of the Columbia River for one particular salmon run based on a set allocation for commercial fisheries. This allocation for commercial fisheries conflicts with Washington's agreement with

FIRST DAY, JANUARY 10, 2022

the state of Oregon on management of commercial gillnet fisheries on the Columbia River. In addition, the last sentence potentially limits the department from issuing fishing licenses for other species such as eulachon or shad and from issuing permits for other commercial gear types. This may have unknown impacts on other fisheries along the Columbia River. Although I support the voluntary buyback of commercial gillnet licenses on the Columbia River, I cannot support these additional provisions. For these reasons, I have vetoed Section 308(18).

Section 738, page 506-507, Office of Financial Management, Home and Community Based Services

This section requires OFM to direct spending from this appropriation dependent upon receiving guidance from the Centers for Medicare and Medicaid Services (CMS) by May 10, 2021, that extends the use of Home and Community Based Services funds beyond December 31, 2022. In Section 738 (2), the Legislature expressed its intent to direct expenditures if CMS extended the expenditure time period. CMS provided guidance on May 13, 2021, extending the use of this fund source through March 2024.

For this reason, I have vetoed Section 738 to follow the spirit of the proviso and enable the Legislature to decide how the funds should be used.

Section 1110(9), page 631, Office of Civil Legal Aid, Tenant Representation Outcome Study

This section reduces the appropriations for a research-based controlled comparative study of the differences in outcomes for tenants facing eviction who receive legal representation and tenants facing eviction without legal representation in unlawful detainer cases filed under the Residential Landlord - Tenant Act. This reduction in funding includes fiscal year 2020. This fiscal year has closed and can no longer have changes in appropriation. For this reason, I have vetoed Section 1110(9). I will ask the Office of Civil Legal Aid to place \$317,500 in reserve status for fiscal year 2021.

Section 955, pages 541 through 544

Section 955 creates the Washington State Missing and Murdered Indigenous Women and People Task Force and sets out the members of the task force, the work of the task force, and specific duties and authority for the Washington State Attorney General to support the task force. The budget did not include the correct version of this section and has some issues that cannot be overcome. Because of the problems that arise from this version, I have vetoed Section 955.

However, this work is extremely important and needs to move forward. We have coordinated with the Attorney General's Office, which will use its existing authority to convene the task force and begin the work set forth in this section. I will include the creation of the task force as intended in my next supplemental budget request.

Section 1703, page 1076, lines 34-35, State Treasurer, Bond Retirement and Interest

This section intends to adjust the appropriations for Nondebt-limit General Fund bond retirement in fiscal year 2021 to necessary levels. It appears the appropriation is an error. For this reason, I have vetoed Section 1703, page 1076, lines 34-35, (Nondebt-Limit Reimbursable Bond Retirement Account-State Appropriation).

For these reasons I have vetoed Sections 127(18); 137(13); 308(18); 738; 1110(9); 955; and 1703, page 1076, lines 34-35 of Engrossed Substitute Senate Bill No. 5092.

With the exception of Sections 127(18); 137(13); 308(18); 738; 1110(9); 955; and 1703, page 1076, lines 34-35, Engrossed Substitute Senate Bill No. 5092 is approved.

The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 205(2); 205(4); 205(5); 220, page 48, line 15, beginning with "Fuel" through line 16 ending with "process."; page 48, line 28, beginning with "Fuel" through line 29 ending with "process."; page 48, line 32, beginning with "Fuel" through line 33 ending with "process."; page 49, line 5, beginning with "Fuel" through line 6 ending with "process."; page 49, line 37, beginning with "Fuel" through line 38 ending with "process."; and page 50, line 18, beginning with "Fuel" through line 19 ending with "process."; 309, page 70, line 35, beginning with "No" through page 71, line 2, ending with "biennium."; and 920(1), pages 175-176; 920(2), page 176; 920(3), page 176; page 177, line 13, beginning with "Fuel" and ending with "process."; page 177, line 33, beginning with "Fuel" through line 34 ending with "process."; and 920(9), page 179, Substitute Senate Bill No. 5165 entitled:

"AN ACT Relating to transportation funding and appropriations."

Section 205(5), pages 18-19, Transportation Commission, Unfunded Study

This section directs the Transportation Commission to evaluate and identify activities funded in the transportation budget that might be paid for using other revenue resources. This proviso also

instructs the commission to recommend potential changes to funding sources in order to maintain a state of good repair. There was no funding provided to support this work. For this reason, I have vetoed Section 205(5).

Section 220, page 48, line 15, beginning with "Fuel" through line 16 ending with "process."; page 48, line 28, beginning with "Fuel" through line 29 ending with "process."; page 48, line 32, beginning with "Fuel" through line 33 ending with "process."; page 49, line 5, beginning with "Fuel" through line 6 ending with "process."; page 49, line 37, beginning with "Fuel" through line 38 ending with "process."; and page 50, line 18, beginning with "Fuel" through line 19 ending with "process."

Section 220 includes the following sentence in six provisos: "Fuel type may not be a factor in the grant selection process." This sentence is a nondollar proviso that is subject to the governor's veto authority. It is also substantive legislation included in an appropriations bill that either conflicts with or amends the statutory mandates in RCW 47.66.040 and 47.66.030 that direct WSDOT to consider, among other criteria, energy efficiency issues and federal and state air quality requirements in selecting programs and projects. In addition, this requirement conflicts with, or at best substantially impairs, the statutory mandate for the state and local government subdivisions to transition to zero emission vehicles as articulated in RCW 43.19.648.

The sentence at issue is a policy change - that is, an amendment - to existing statutory requirements. As such, the sentence violates Article II, Sections 19 and 37 of the Washington State Constitution.

It is well established that the governor's veto powers in Article III, Section 12 of the Washington State Constitution extend to appropriation items and full subsections or provisos in an appropriations bill. It is also well established that our courts will intervene to prevent obvious circumvention of the veto power by the Legislature or equally obvious manipulation of that power by the governor. The addition of this sentence within these provisos constrains my ability to exercise the constitutionally authorized veto powers.

Based on the above concerns, I previously vetoed this sentence in several subsections in the 2019-21 biennial transportation budget bill, Engrossed Substitute House Bill 1160, to prevent a constitutional violation and a forced violation of state law. Litigation regarding this matter is ongoing. Because the same sentence is included again in this biennial transportation appropriations bill and because the litigation has not been resolved yet by our state Supreme Court, I again have no choice but to veto this sentence that appears in several subsections.

For these reasons, I have vetoed Section 220, page 48, line 15, beginning with "Fuel" through line 16 ending with "process."; page 48, line 28, beginning with "Fuel" through line 29 ending with "process."; page 48, line 32, beginning with "Fuel" through line 33 ending with "process."; page 49, line 5, beginning with "Fuel" through line 6 ending with "process."; page 49, line 37, beginning with "Fuel" through line 38 ending with "process."; and page 50, line 18, beginning with "Fuel" through line 19 ending with "process."

Section 309, page 70, line 35, beginning with "No" through page 71, line 2, ending with "biennium."

Section 309 provides the appropriation authority for the Washington State Ferries construction program. Section 309(1) includes the following sentence: "No funds appropriated in this act or additional funds received through the unanticipated receipt process may be allocated or expended for terminal electrification purposes this biennium." This sentence would prohibit any funds

appropriated in the transportation budget, and not just this section, and any future funds that may be received as an unanticipated receipt, from being spent on the electrification of ferry terminals. This could result in the Department of Transportation foregoing opportunities to pursue funding for terminal electrification and charging, contrary to the needs of the ferries program. As we continue the work toward the first 144-car hybrid electric vessel and the conversion of the Jumbo Mark II vessel, we must also pursue the charging infrastructure to be able to access electricity for seamless operations.

It is well established that the governor's veto powers in Article III, Section 12 of the Washington State Constitution extend to appropriation items and full subsections or provisos in an appropriations bill. It is also well established that our courts will intervene to prevent obvious circumvention of the veto power by the Legislature or equally obvious manipulation of that power by the governor.

This sentence is a nondollar proviso that is subject to the governor's veto authority. The sentence is a condition on the entire transportation budget bill and on unanticipated receipts and thus does not naturally fit together with the other language in Section 309(1), which is a separate proviso applying to only the appropriations in Section 309.

The prohibition on terminal electrification expenditures not only stifles the ongoing work by Washington State Ferries to electrify fleets and terminals, but also eliminates pathways to attain federal funds or other grants. While my veto authority is generally limited to sections, subsections or appropriation items in an appropriations bill, this sentence embedded in a subsection is a separate, nondollar appropriation item that is subject to my veto. The deleterious effects of this prohibition leave me no choice but to veto this sentence.

For these reasons, I have vetoed Section 309, page 70, line 35, beginning with "No" through page 71, line 2, ending with "biennium."

Section 920(1), pages 175-176; Section 920(2), page 176; Section 920(3), page 176; page 177, line 13, beginning "Fuel" and ending with "process."; page 177, line 33, beginning with "Fuel" through line 34 ending with "process."; and Section 920(9), page 179

Section 920 includes the following sentence in seven provisos: "Fuel type may not be a factor in the grant selection process." I previously vetoed this sentence in six provisos in the 2019-21 biennial transportation budget bill, Engrossed Substitute House Bill 1160, for the reasons set forth in my veto message for Section 220 of this bill. Because Section 920 amends current law to reinstate the sentence that I had previously vetoed, I again have no choice but to veto the provisos that contain this sentence and have vetoed the sentence in two other provisos.

For these reasons, I have vetoed Section 920(1), pages 175-176; Section 920(2), page 176; Section 920(3), page 176; page 177, line 13, beginning with "Fuel" and ending with "process."; page 177, line 33, beginning with "Fuel" through line 34 ending with "process."; and Section 920(9), page 179.

I have vetoed the following sections related to bills that did not pass the Legislature, resulting in the lapse of funding. My veto of these sections will serve to clean up these unnecessary sections of the bill.

Section 205(2), page 18, Transportation Commission, SSB 5444, Implementing a per mile charge on electric and hybrid vehicles

Section 205(4), page 18, Transportation Commission, SSB 5444, Implementing a per mile charge on electric and hybrid vehicles

For these reasons I have vetoed Sections 205(2); 205(4); 205(5); 220, page 48, line 15, beginning with "Fuel" through line 16 ending with "process."; page 48, line 28, beginning with "Fuel" through line 29 ending with "process."; page 48, line 32, beginning with "Fuel" through line 33 ending with "process."; page 49, line 5, beginning with "Fuel" through line 6 ending with "process."; page 49, line 37, beginning with "Fuel" through line 38 ending with "process."; and page 50, line 18, beginning with "Fuel" through line 19 ending with "process."; 309, page 70, line 35, beginning with "No" through page 71, line 2, ending with "biennium."; and 920(1), pages 175-176; 920(2), page 176; 920(3), page 176; page 177, line 13, beginning with "Fuel" and ending with "process."; page 177, line 33, beginning with "Fuel" through line 34 ending with "process."; and 920(9), page 179 of Substitute Senate Rill No. 5165.

With the exception of Sections 205(2); 205(4); 205(5); 220, page 48, line 15, beginning with "Fuel" through line 16 ending with "process."; page 48, line 28, beginning with "Fuel" through line 29 ending with "process."; page 48, line 32, beginning with "Fuel" through line 33 ending with "process."; page 49, line 5, beginning with "Fuel" through line 6 ending with "process."; page 49, line 37, beginning with "Fuel" through line 38 ending with "process."; and page 50, line 18, beginning with "Fuel" through line 19 ending with "process."; 309, page 70, line 35, beginning with "No" through page 71, line 2 ending with "biennium."; and 920(1), pages 175-176; 920(2), page 176; 920(3), page 176; page 177, line 13, beginning with "Fuel" and ending with "process."; page 177, line 33 beginning with "Fuel" through line 34 ending with "process."; and 920(9), page 179, Substitute Senate Bill No. 5165 is approved.

Respectfully submitted,

President Heck: "For the information of those present we'll now be going at ease to convene in joint session with the House of Representatives for the purpose of receiving Governor Inslee's state of the state address. We will then return to the Senate floor to adjourn for the day."

SIGNED BY THE PRESIDENT

Pursuant to Article 2, Section 32 of the State Constitution and Senate Rule 1(5), the President announced the signing of and thereupon did sign in open session:

HOUSE CONCURRENT RESOLUTION NO. 4405
and HOUSE CONCURRENT RESOLUTION NO. 4406.

MOTION

At 11:48 a.m., the President declared the Senate to be at ease for the purpose of convening a Joint Session with the House of Representatives and subject to the call of the President.

 JOINT SESSION

Pursuant to House Concurrent Resolution No. 4406, the Senate appeared virtually at the Chamber of the House of Representatives. The senators were admitted into the virtual Chamber.

The Speaker (Representative Jinkins presiding) called upon President Heck to preside over the Joint Session. The President of the Senate accepted the gavel from the Speaker at the House Rostrum.

The President of the Senate, Lieutenant Governor Heck, called the Joint Session to order. The Clerk called the roll of the members of the House of Representatives. The Clerk called the roll of the members of the Senate. A quorum of the Legislature was declared present.

President Heck: "This Joint Session has been convened to receive the state of the state message from His Excellency, Governor Jay Inslee."

The President introduced His Excellency, Jay Robert Inslee, Governor who appeared virtually from the State Reception Room.

STATE OF THE STATE ADDRESS

Governor Inslee: "Good afternoon and welcome, Washingtonians, to a critical year in the state of Washington, uh, for our state.

We know every day of this legislative session is going to be an opportunity to make good on our commitments and to change the course of our future for the better. We have begun a short session with a long list of things to get done.

I can encapsulate the state of our state very simply – we need action.

We can wake up every morning the next 60 days understanding we need 'action, this day' – which was Churchill's first order at the beginning of World War II, and I think it can serve to focus us on the tasks before us.

I would like to start today by thanking our frontline workers, our educators, our childcare providers, and our state employees for all they've done the last two years. I want to thank those who administer emergency services and plow the roads to keep Washington moving. Unprecedented weather events have demanded much of you already this year, including the National Guard, and we are all grateful.

And a special thank you to the health care workers who've worked tirelessly for two years with little time for rest. You are heroes, and we are grateful for your service.

I am very happy to welcome our new members in the Senate – Yasmin Trudeau and John Lovick – and Brandy Donaghy to the House.

My thoughts are also with the family of former state Supreme Court Chief Justice Mary Fairhurst, who we lost in December.

And I would like to reiterate our condolences to the family of Senator Doug Ericksen, who we lost after a struggle with COVID in December. He is one of more than 10,000 Washingtonians lost to this virus – each of whom whose lives matter. And while we mourn our losses, let us also realize that because of our joint actions, we have saved thousands of lives.

We still need to contribute to the fight against COVID, that's why attendance here today is limited, and everyone is socially distanced. We are doing everything possible today to keep people safe statewide: We are increasing access to testing, masking, and helping educators find new ways of doing business. The Legislature has been a strong partner in this pandemic. Last session, they extended 26 emergency orders through the end of the pandemic and made laudable investments in our recovery efforts.

This has been a long effort, but we are undaunted.

Look at all we have done together. If you compare our success to other states, we've saved more than 17,000 Washington lives. These people are still with us because of what all Washingtonians have contributed to stay safe and healthy.

It's not an accident that our state continues to be named one of the best places anywhere to live, to work, to do business.

Since I've had the honor of being governor, we have implemented one of the best paid family leave programs in the country; we've provided significant new funds to schools under McCleary; we've passed the best environmental justice legislation in America; passed the Fair Start for and Kids Act to protect childcare options. We've successfully created more ways to connect people to careers beyond just college path. We've come back from multiple disasters, the Skagit Bridge collapse, the Oso landslide, historic wildfires, heat waves, drought, and now unprecedented flooding.

So you, as legislators, have a lot to be proud of. But now we are going to be called upon to do more.

SECOND DAY, JANUARY 11, 2022

2022 REGULAR SESSION

We face a variety and dimension of demands greater than ever as we enter 2022.

We must take action this day to keep and strengthen our commitments to those in need right now and in the future. We must take action this day to fight the homelessness crisis; to reverse social and economic disparities; to educate our children and serve those in foster care; to fund our transportation system; and to protect our salmon and orca. We must take action, this day, to fight the threat of climate change that is now hitting us so hard across our state.

Over the last year I've met people experiencing homelessness across our state, in Tacoma, Moses Lake, Walla Walla, Seattle and Spokane. We have seen what works to improve people's lives: A private place to live with a sense of dignity. That's why my supplemental budget includes an unprecedented \$815 million investment in safe housing for those experiencing homelessness and to create more options for those struggling with housing availability.

This budget also increases behavioral health services, continuing my administration's successful investments in these life-changing programs.

All of us know that wrap-around services are critical to helping people out of long-term homelessness. It is fundamental that people not only get a roof over their heads but get access to these necessary services. We simply have to provide rapid supportive housing as soon as possible, this year.

We also I think realize we need more opportunities for everyone when it comes to housing itself. We can't get more housed if there's nowhere to build housing.

So we must pass legislation that removes antiquated barriers to middle housing options in our cities – such as duplexes and town homes – and provides more housing supply to make sure it's available to all income levels. Look, we just can't tell our constituents we're fighting homelessness and yet not provide ways to actually build more housing. That means we must allow housing that meets the realities of our tremendous population and economic growth this century. I think this is also a generational issue, when you think about it: If our children and grandchildren are ever going to afford rent or a mortgage, we need more affordable housing.

My budget also reflects our need to take direct action to reduce poverty. I created a Poverty Reduction Workgroup, made up of people who have lived experiences in poverty so they could inform us. And using their recommendations, my budget would create a \$125 million reinvestment fund to address economic and social disparities across decades that are the legacy of federal policies that have hurt communities of color.

Our communities are suffering in other ways as well, like in our classrooms.

We know students have lost opportunities during remote learning despite the incredible efforts of our educators. To keep schools open, we have to invest more to deal with COVID and address learning opportunity loss.

We are committed to having our schools open this year, but the impacts of necessary closures linger. To help make sure educators and students have what they need, I propose reinvesting \$900 million to help schools address students' critical needs.

This proposal further empowers educators so that they can innovate to address what kids have suffered through because of COVID, just as they have done throughout the pandemic. Educators, when empowered, can develop solutions to overcome opportunity gaps.

We also propose increasing the number of school counselors, nurses, psychologists, and social workers available to serve K-12

students. Anyone who works with kids will tell you these services are needed now more than ever.

Young people in foster care and their families also have been uniquely impacted by the pandemic. So we offer \$80 million to pay providers more for housing and support foster youth with complex needs; to help young people transition out of foster care or juvenile justice to a successful future.

While we put the pieces together to address these current needs that confront our communities, we also have to take action this day to address the long-term, existential threats to this state.

In December, I spoke with astronaut Kayla Barron, she's a Richland High School graduate. I was in my home – Kayla was aboard the International Space Station. She's a long way from home right now. She's traveling at 17,500 miles per hour above us, she's orbiting the Earth once every 90 minutes, so I was pretty honored that she took my call.

I asked her what perspective this experience gave her about our collective home, this planet. She said something that really has stuck with me.

She told me she was amazed by how thin our atmosphere is, how at night there is a burnt orange glow at its edge revealing just how paper thin the layer is between a livable world and the nothingness of space. She said, 'The most important thing we need to survive is the ability to breathe clean air.'

Our planet's fragile state is pretty clear from right here on the ground as well. Climate change is not merely a graph on a slide deck with an arrow pointed at calamity. It's found in the eyes of people who saw floods go through their windows in Everson last month; in the evacuees who returned to see the charred ruins of their homes in Malden; or the people in the Colville Tribes who lost 600,000 acres of commercial timber to wildfires.

When I look into the eyes of people who have lost their home and I see the pain they have, that's the pain of climate change. We have to do everything we can to fight it. Every corner of our state faces climate-related disasters today. Not tomorrow, right now. This is the fight for the future of our state. And we need action, this day.

My budget builds on the work we've done previously and puts \$626 million more toward this noble effort.

Legislators can be proud of the policies they've put to work here in our state already. And it's good to know we are not alone in this work.

The world looks to our state as leaders in climate innovation. This was reaffirmed in November at the COP26 [United Nations Climate Change Conference of the Parties, annual summit no. 26] in Glasgow, Scotland, where I led a coalition of sixty-eight state and local governments to commit to drastically reduce emissions. Together, we're charting a path to fight climate change by cutting greenhouse gas emissions in half by 2030 and get to net-zero by 2050.

It is our state's legal obligation as well to reduce emissions – but it is also practical, and most importantly, a moral obligation. Legislators can be proud that their work created policies that will remove 43.5 million metric tons of pollution annually. But to meet our statutory commitment that we have made to the people of this state, we have to reduce emissions by 6 million more metric tons per year to reach our 2030 emissions limits. That's equivalent to the annual emissions of 1.3 million vehicles on the road.

So through legislation, we can rev up this future and make new and existing buildings perform better. We can modernize regulations and incentivize industry to ensure clean energy projects are built here in Washington with living-wage jobs; and make electric vehicles more affordable by giving families thousands of dollars in rebates.

Buildings are our state's second largest source of emissions, and many of them are energy inefficient, wasting resources and costing consumers thousands over the years. With buildings lasting anywhere from 50 to 100 years, we must act now to give Washingtonians more efficiencies and to decarbonize our homes, apartments, offices, retail spaces, and more.

To accomplish this, we have to require gas utilities to chart a path to decarbonize under the Climate Commitment Act. We can improve conditions for developers to grow clean energy resources here in our state.

Look, there's a lot of good news here.

We see the future's promise already burgeoning in Washington, at companies like Eviation in Arlington, where they're making the world's first, all-electric, commuter airplane; at Vicinity Motor Corp in Ferndale where they're going to be manufacturing electric buses; at the new solar farms popping up like dandelions in eastern Washington; and net zero buildings like the Climate Pledge Arena in Seattle and the Catalyst building in Spokane. We see clean energy projects built with strong labor standards, growing a broad range of union jobs and apprenticeship opportunities in their local communities, like at the Rattlesnake Flats Wind Farm in Adams County.

Now, with all of the multiple challenges we face right now, why do I believe this Legislature is up to the job of fighting carbon pollution this year?

It's because this is the Legislature that has in its hands the most beautiful place on the planet and the health of more than 7 million people in their hands. And I know you won't let the people down.

The same goes for salmon. As the future of salmon goes, so goes the future of our state. Our region's salmon are threatened by climate change, pollution, and habitat loss.

So we would invest \$187 million toward salmon recovery.

We also need to restore the green corridors along rivers and streams known as riparian habitat, which keeps the water clean and cool. Our legislation sets a unique ecological blueprint for each river and stream habitat to conserve and restore these critical lands.

This plan includes the Lorraine Loomis Act, it's named for the Swinomish leader in tribal salmon management, who we lost in August. I'll tell you, Lorraine was an inspiration to Washingtonians young and old. She brought us together in favor of salmon.

Our salmon cannot wait. They need action, this day.

To realize this future, we must do it together with our partners. Few are as critical in this effort as Washington state's tribal communities. So I'm introducing legislation that provides a stronger, clearer consultation process for projects that get funding through the Climate Commitment Act. We know we make progress when we work together.

We also need to invest in our aging transportation system in a way that meets the demands of the future while aggressively decreasing the impacts of climate change from the same system. We need more transportation and less pollution at the same time. That's why my 2022 transportation budget is no ordinary supplemental proposal.

We have a unique opportunity with one-time and new federal funds – along with state money – to provide nearly \$1 billion to fund transportation and clean transportation programs and activities that reduce greenhouse gas emissions from the transportation sector; that preserve the infrastructure we have and it needs help; and support critical investments to improve ferry service reliability. This includes \$324 million to support ferry electrification. Look, we desperately need boats – cleaner boats – to give Washingtonians reliable ferry services.

Now, to legislators: If you have bigger ambitions or bolder ideas in transportation, and I'm encouraged that some of you do,

I am really ready to engage, and discuss and support your further efforts.

My budget also supports increased diversity and inclusion in the transportation sector by addressing disparities in hiring and recruiting a diverse workforce at those entities.

The broader transportation system remains our number one emitter of greenhouse gases that pollute our air and water and drive climate change. Last session, this Legislature passed historic laws to reduce emissions – including the Climate Commitment Act – and we must not hesitate to take action, this day, to implement these laws. And we need a clean fuel standard as well.

These laws must go into effect in concert with our transportation budget. And I look forward to working with legislators to do this.

We've proposed necessary and prudent investments this session, but we also have to invest in our financial stability. To assure financial stability, our plan would build the reserve back to pre-pandemic levels in just four years from now. My budget puts \$2.5 billion toward our financial resilience this biennium. Putting this money in our Rainy Day Fund and reserve funds will place our state on better footing for the next emergency.

We just marked the one-year anniversary of the insurrection at our nation's Capitol. That insurrection continues this day, to this day under the banner of the big lie. The lie that our election was somehow not fair in the last election. The right to representative government today is under attack in this country, and unfortunately, I must say, also in our own state.

I'm pro-democracy. And I think all elected officials and others who care about our state and nation should be pro-democracy, too. Former Secretary of State Kim Wyman, Republican, deserves our respect for the exemplary and nonpartisan way she carried out her duties in the face of these same threats, and that is why I'm happy to welcome former Senator Steve Hobbs as our new secretary of state. Like Kim Wyman, he will help keep our state and local elections safe and secure.

It is time we stand up to those who challenge the integrity of our elections, who undermine the basic democratic principles and who would do away with the rule of law. I am calling on all legislators, Democrat and Republican, to acknowledge forcefully and vocally that the 2020 elections were won fair and square under our Constitution – and to denounce those officials who spread deception that strikes at the very foundation of our democracy.

So, I believe we should outlaw efforts by politicians to knowingly spread lies about elections when those lies result in violence – violence we have already seen in our state capitals, in our state capital, and, a year ago, in our nation's capital.

As we close today, I want to reiterate that this may be a 'short session,' but it is unlike any, perhaps, in our state's history. And we must act according to what this moment demands. We must be big. We must be bold. We must act at a scale commensurate to our challenges because of the multiple, urgent crises facing our state.

Too much is at stake to do otherwise. I am confident we can do this – because I have seen the Legislature rise to the moment before. But we must take action, this day.

We will continue to build our resiliency against COVID. We will meet the challenge of climate change while building the clean energy future with good jobs here in Washington. We will restore our children's opportunities. We will make necessary revisions to our long-term care bill and our police accountability measures. We will protect salmon and bring back our orca. We will house those impacted by homelessness and behavioral health conditions and provide more housing, affordable housing options for everyone.

**CONDITIONAL COMMUTATION OF
LEONDIS DAVONE BERRY**

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, in 2002, Leondis Davone Berry pleaded guilty to six counts of FIRST DEGREE ROBBERY in King County Superior Court Cause No. 01-1-05494-1. These convictions followed events in which Mr. Berry, to fuel his drug addiction, engaged in a series of robberies and home invasions while armed with a revolver.

WHEREAS, these convictions also included four firearm enhancements, each of which carried a 60-month sentence, to be served consecutively. Mr. Berry was sentenced to 369 total months of confinement and has an earned release date of January 2029.

WHEREAS, Mr. Berry has served over 19 years in prison for these convictions. His criminal history is a product of his challenges with substance addiction.

WHEREAS, ten years ago Mr. Berry turned his life around. He has been sober since 2010, and he married in 2011.

WHEREAS, Mr. Berry suffered his first heart attack at age 31. Though not yet 50 years old, he has since experienced additional heart attacks.

WHEREAS, in September 2020, the Clemency and Pardons Board reviewed Mr. Berry's clemency petition. The testimony before the Board was that Mr. Berry has shown remorse for his past conduct, and he has broad family and community support, including housing options upon his release as well as multiple job opportunities awaiting him.

WHEREAS, the King County Prosecuting Attorney does not oppose Mr. Berry's petition.

WHEREAS, the Clemency and Pardons Board unanimously voted to recommend that the Governor commute Mr. Berry's sentence. In making this recommendation, the Board cited Mr. Berry's strong familial and community support network, as well as the housing and work opportunities awaiting him should he be released.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the involved crimes, and the favorable recommendation of the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington, adopt the recommendation of the Clemency and Pardons Board and hereby COMMUTE Leondis Davone Berry's 2002 sentence on six counts of FIRST DEGREE ROBBERY in King County Superior Court Cause No. 01-1-05494-1, conditioned on his written agreement to comply with all terms outlined by DOC in an in-custody transition plan, to be completed no later than February 1, 2022. While in custody, Mr. Berry must successfully complete a

DOC-approved six-month work-release program. If Mr. Berry satisfies all phases of his in-custody transition plan by February 1, 2022, DOC shall have the authority to release him after approving his offender release plan and completing all appropriate statutory notifications. He will then begin serving 36 months of DOC community supervision. During this period in custody and under community supervision, Mr. Berry must comply with any conditions set forth by DOC. These conditions shall include, but not be limited to the following:

Mr. Berry shall:

1. Obey all laws and abide by all written or verbal conditions, prohibitions, rules, or instructions issued by DOC.
2. Comply with all applicable judgment and sentence orders.
3. Regardless of risk, maintain contact frequencies with a CCO, including physically reporting at least once a month, unless DOC advises otherwise.
4. Be available for regular contact with DOC as directed, and consent to DOC home and employment visits and/or searches, including searches of person, automobiles, personal property, electronic devices, or social media accounts.
5. As directed by DOC, obtain DOC-approved employment or enroll in DOC-approved educational, vocational, or other programming, and report it to DOC along with changes in status.
6. Participate in cognitive behavioral intervention programming as directed by DOC.
7. Reside in DOC-approved housing, and obtain DOC permission before changing residences or taking overnight visits away from the DOC-approved residence, even if just for one night.
8. Not travel outside his county of residence without written DOC approval, or remain in, or out of, a given geographical area as directed by DOC.
9. Not operate a motor vehicle without a valid driver's license and registration.
10. Not possess firearms, ammunition, explosives, or dangerous weapons, as determined by DOC.
11. Complete a chemical dependency assessment within six months of release to the community, and follow/complete any treatment recommendations, as directed by DOC.
12. Not possess in the home, or use, alcohol or controlled substances, including medications or marijuana or paraphernalia, without a valid physician's prescription and DOC approval.
13. Be subject to regular drug and alcohol testing as directed by DOC.
14. Have no contact with known criminal felons, drug users or dealers, or individuals on active community supervision or in prison unless approved by DOC.
15. Report to DOC all law enforcement contacts within 24 hours of occurrence.

PROVIDED, that Mr. Berry shall remain under DOC supervision and explicitly follow the conditions established by DOC during the term of his community supervision. Violation of any of the above conditions shall result in sanctions as deemed appropriate by DOC and may result in the termination of this Conditional Commutation as provided below. If Mr. Berry is taken into custody following any alleged violation, DOC shall hold a Community Custody Hearing. DOC may also require Mr. Berry to perform affirmative acts deemed appropriate to monitor compliance with the conditions and may issue warrants or detain Mr. Berry if he violates a condition.

ADDITIONALLY PROVIDED, that in the event Mr. Berry violates any of the conditions of this Conditional Commutation, as determined by the Governor, this Conditional Commutation may be revoked or amended and the sentence of the court reinstated, whereupon Mr. Berry will be immediately returned to any facility that the DOC Secretary deems appropriate. If any such violation occurs, DOC shall provide a written report to the Governor regarding the violation. A written notice of the Governor's intent to review the alleged violations and revoke or amend the Conditional Commutation may then be mailed to the most recent address Mr. Berry has provided to the Office of the Governor or, if Mr. Berry is in custody, to his place of detention. If within 14 calendar days of the mailing of the notice, Mr. Berry submits a sworn statement made under penalty of perjury that he has, in fact, complied with all conditions of this Conditional Commutation, the Governor shall appoint a hearing officer. The hearing officer will provide Mr. Berry an opportunity to be heard and to present witnesses and documentary evidence that he has met all conditions upon which the Conditional Commutation is granted. The hearing officer shall present findings of fact and a transcript of the hearing to the Governor for the Governor's final and conclusive determination on whether Mr. Berry has violated the terms of this Conditional Commutation.

ADDITIONALLY PROVIDED, that in the event Mr. Berry is convicted anywhere at any time of any offense the elements of which would classify the crime as a gross misdemeanor or felony in the state of Washington, this Conditional Commutation may be revoked and the sentence of the court reinstated, whereupon Mr. Berry will be immediately returned to any such facility that the DOC Secretary deems appropriate.

ADDITIONALLY PROVIDED, that Mr. Berry may be detained pending judicial disposition of any new criminal charge or a final determination of whether a condition of this Conditional Commutation has been violated, if the Governor determines there are reasonable grounds to believe he has violated the above conditions of this Conditional Commutation, reason to be concerned that he would pose a risk to any person or to the community, or that there is a possibility that Mr. Berry may abscond if not detained. If detained, Mr. Berry will be provided a preliminary hearing, as promptly as convenient after arrest, to determine whether there are reasonable grounds to believe he has violated the above conditions.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia this 15th day of January, A.D., two thousand and twenty-one.

CONDITIONAL COMMUTATION OF KEITH DWAIN BIRCH

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, in 2007, a jury found Keith Dwain Birch guilty of FIRST DEGREE ROBBERY in Spokane County Superior Court Cause No. 05-1-04626-1. This conviction followed events in which Mr. Birch, unemployed and substance addicted, robbed a bank by handing a note to the teller that demanded money. He was unarmed and committed no physical violence.

WHEREAS, this conviction followed two other earlier convictions on "strike" offenses, resulting in Mr. Birch being sentenced to life in prison without the possibility of parole under Washington's persistent offender statute.

WHEREAS, Mr. Birch has now served over 13 years in prison for this crime. One of Mr. Birch's "strike" convictions is a robbery conviction from California that is the legal equivalent of Washington's second degree robbery.

WHEREAS, in 2019 the Washington State Legislature passed ESSB 5288, which prospectively removed second degree robbery from the list of most serious offenses under the state's persistent offender statute. So, were Mr. Birch to be convicted on the present offense today, he would not qualify as a persistent offender.

WHEREAS, Mr. Birch has had no serious prison infractions since 2011.

WHEREAS, much of Mr. Birch's criminal history can be attributed to his challenges with substance addiction. He has maintained sobriety since January 2007.

WHEREAS, in December 2020, the Clemency and Pardons Board reviewed Mr. Birch's clemency petition. The testimony before the Board was that Mr. Birch has used money from his late mother's estate to pay over \$10,000 in legal financial obligations. He has an offer for housing in Spokane County, should he be released from prison, and he has employment skills in energy systems technology that he obtained while incarcerated.

WHEREAS, the Clemency and Pardons Board unanimously voted to recommend that the Governor commute Mr. Birch's sentence. In making this recommendation, the Board cited Mr. Birch's remorse and rehabilitation while incarcerated, his community network and his financial resources, and his taking the initiative to proactively pay his legal financial obligations.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the involved crime, and the favorable recommendation of the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington, adopt the recommendation of the Clemency and Pardons Board and hereby COMMUTE Keith Dwain Birch's 2007 conviction for FIRST DEGREE ROBBERY in Spokane County Superior Court Cause No. 05-1-04626-1, conditioned on his written agreement to comply with all terms outlined by the Department of Corrections (DOC) in the below community transition plan. Under this plan, Mr. Birch must first complete a chemical dependency assessment as well as any in-custody treatment recommendations. Then, once that is complete, DOC shall have the authority to release Mr. Birch to the community as soon as DOC approves his offender release plan and completes all appropriate statutory notifications. He will then begin serving 36 months of DOC community supervision. During this period in custody and under community supervision, Mr. Birch must comply with any conditions set forth by DOC. These conditions shall include, but not be limited to the following:

Mr. Birch shall:

1. Obey all laws and abide by all written or verbal conditions, prohibitions, or instructions issued by DOC.

**CONDITIONAL COMMUTATION OF
MARCUS XAVIER PRICE**

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, in 1995, a jury convicted Marcus Xavier Price of FIRST DEGREE ROBBERY in Pierce County Superior Court Cause No. 94-1-04687-1. This conviction followed events in which Mr. Price, after a night of drinking and while armed, robbed a Tacoma convenience store.

WHEREAS, this conviction followed other earlier serious felony convictions, resulting in Mr. Price being sentenced to life in prison without the possibility of parole under Washington's

persistent offender statute. Had he not been sentenced as a persistent offender, Mr. Price would have been released from prison several years ago.

WHEREAS, Mr. Price has served roughly 25 years in prison for this crime. One of the other serious felony offenses on Mr. Price's record, another of his "strike" offenses, is for attempted second degree robbery.

WHEREAS, in 2019 the Washington State Legislature passed ESSB 5288, which prospectively removed second degree robbery from the list of serious offenses under the state's persistent offender statute. So, were Mr. Price to be convicted on the present offense today, he would not qualify as a persistent offender.

WHEREAS, the Department of Corrections now classifies Mr. Price as a low risk to reoffend. He has not received an infraction since 2012.

WHEREAS, in September 2020, the Clemency and Pardons Board reviewed Mr. Price's clemency petition. The testimony before the Board was that Mr. Price has shown remorse for his past conduct, and he has broad family and community support, including housing options upon his release as well as professional opportunities awaiting him. He intends to release to Pioneer Human Services' roadmap to success program.

WHEREAS, the Pierce County Prosecuting Attorney supports Mr. Price's petition.

WHEREAS, the Clemency and Pardons Board unanimously voted to recommend that the Governor commute Mr. Price's sentence. In making this recommendation, the Board cited the fact that by today's legal standards, Mr. Price would not be a persistent offender and would have been released from prison on this offense several years ago, the support of the Pierce County Prosecutor's Office, his recent prison record, and his prospects for work in the community.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the involved crime, and the favorable recommendation of the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington, adopt the recommendation of the Clemency and Pardons Board and hereby COMMUTE Marcus Xavier Price's 1995 sentence for FIRST DEGREE ROBBERY in Pierce County Superior Court Cause No. 94-1-04687-1, conditioned on his written agreement to comply with all terms outlined by the Department of Corrections (DOC) in the below community transition plan. Under this plan, Mr. Price must first complete a chemical dependency assessment as well as any in-custody treatment recommendations. Then, once that is complete, DOC shall have the authority to release Mr. Price as soon as DOC approves his offender release plan and completes all appropriate statutory notifications. He will then begin serving 36 months of DOC community supervision. During this period in custody and under community supervision, Mr. Price must comply with any conditions set forth by DOC. These conditions shall include, but not be limited to the following:

Mr. Price shall:

1. Obey all laws and abide by all written or verbal conditions, prohibitions, rules, or instructions issued by DOC.

5. As directed by DOC, obtain DOC-approved employment or enroll in DOC-approved educational, vocational, or other programming, and report it to DOC along with changes in status.
6. Reside in DOC-approved housing, and obtain DOC permission before changing residences or taking overnight visits away from the DOC-approved residence, even if just for one night.
7. Not travel outside his county of residence without written DOC approval, or remain in, or out of, a given geographical area as directed by DOC.
8. Not operate a motor vehicle without a valid driver's license and registration.
9. Not possess firearms, ammunition, explosives, or dangerous weapons, as determined by DOC.
10. Complete a chemical dependency assessment and follow/complete any treatment recommendations, as directed by DOC.

12. Be subject to regular drug and alcohol testing as directed by DOC.

14. Report to DOC all law enforcement contacts within 24 hours of occurrence.
15. Be subject to GPS placement or electronic home monitoring during the first 60 days of his release, as determined by DOC.
16. Complete the Pioneer Human Services' roadmap to success program.

PROVIDED, that Mr. Price shall remain under DOC supervision and explicitly follow the conditions established by DOC during the term of his community supervision. Violation of any of the above conditions shall result in sanctions as deemed appropriate by DOC and may result in the termination of this Conditional Commutation as provided below. If Mr. Price is taken into custody following any alleged violation, DOC shall hold a Community Custody Hearing. DOC may also require Mr. Price to perform affirmative acts deemed appropriate to monitor compliance with the conditions and may issue warrants or detain Mr. Price if he violates a condition.

ADDITIONALLY PROVIDED, that in the event Mr. Price violates any of the conditions of this Conditional Commutation, as determined by the Governor, this Conditional Commutation may be revoked or amended and the sentence of the court reinstated, whereupon Mr. Price will be immediately returned to any facility that the DOC Secretary deems appropriate. If any such violation occurs, DOC shall provide a written report to the Governor regarding the violation. A written notice of the Governor's intent to review the alleged violations and revoke or amend the Conditional Commutation may then be mailed to the most recent address Mr. Price has provided to the Office of the Governor or, if Mr. Price is in custody, to his place of detention. If within 14 calendar days of the mailing of the notice, Mr. Price submits a sworn statement made under penalty of perjury that he has, in fact, complied with all conditions of this Conditional Commutation, the Governor shall appoint a hearing officer. The hearing officer will provide Mr. Price an opportunity to be heard

and to present witnesses and documentary evidence that he has met all conditions upon which the Conditional Commutation is granted. The hearing officer shall present findings of fact and a transcript of the hearing to the Governor for the Governor's final and conclusive determination on whether Mr. Price has violated the terms of this Conditional Commutation.

ADDITIONALLY PROVIDED, that in the event Mr. Price is convicted anywhere at any time of any offense the elements of which would classify the crime as a gross misdemeanor or felony in the state of Washington, this Conditional Commutation may be revoked and the sentence of the court reinstated, whereupon Mr. Price will be immediately returned to any such facility that the DOC Secretary deems appropriate.

ADDITIONALLY PROVIDED, that Mr. Price may be detained pending judicial disposition of any new criminal charge or a final determination of whether a condition of this Conditional Commutation has been violated, if the Governor determines there are reasonable grounds to believe he has violated the above conditions of this Conditional Commutation, reason to be concerned that he would pose a risk to any person or to the community, or that there is a possibility that Mr. Price may abscond if not detained. If detained, Mr. Price will be provided a preliminary hearing, as promptly as convenient after arrest, to determine whether there are reasonable grounds to believe he has violated the above conditions.

**CONDITIONAL COMMUTATION OF
CORNELL SHEGOG**

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, in 2005, a jury found Cornell Shegog guilty of SECOND DEGREE ROBBERY in Pierce County Superior Court Cause No. 05-1-00152-8. This conviction followed events in which Mr. Shegog entered a grocery store and attempted to steal several meat items. He was confronted as he fled, and in what was a brief physical struggle, he surrendered the meats.

WHEREAS, this conviction followed other earlier second degree robbery convictions, resulting in Mr. Shegog being sentenced to life in prison without the possibility of parole under Washington's persistent offender statute. Had he not been sentenced as a persistent offender, Mr. Shegog would have been released from prison several years ago.

WHEREAS, Mr. Shegog has served over 15 years in prison for this crime. All of Mr. Shegog's "strike" convictions are for second degree robbery.

WHEREAS, in 2019 the Washington State Legislature passed ESSB 5288, which prospectively removed second degree robbery from the list of most serious offenses under the state's persistent offender statute. So, were Mr. Shegog to be convicted on the present offense today, he would not qualify as a persistent offender.

WHEREAS, Mr. Shegog has had no major prison infractions since 2011.

WHEREAS, in December 2020, the Clemency and Pardons Board reviewed Mr. Shegog's clemency petition. The testimony before the Board was that Mr. Shegog has been married for over 30 years, and if released, plans to rejoin a supportive family network. He already has housing and job opportunities available to him upon his release from custody.

WHEREAS, the Pierce County Prosecuting Attorney supports Mr. Shegog's clemency petition.

WHEREAS, the Clemency and Pardons Board unanimously voted to recommend that the Governor commute Mr. Shegog's sentence. In making this recommendation, the Board cited Mr. Shegog's strong familial and community support network, his remorse and growth over the term of his incarceration, the support of the Pierce County Prosecuting Attorney, and the

change in law that-by today's standards-would not classify any of his criminal convictions as "strike" offenses under Washington's persistent offender statute.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the involved crime, and the favorable recommendation of the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington, adopt the recommendation of the Clemency and Pardons Board and hereby COMMUTE Cornell Shegog's 2005 sentence for SECOND DEGREE ROBBERY in Pierce County Superior Court Cause No. 05-1-00152-8, conditioned on his written agreement to comply with all terms outlined by the Department of Corrections (DOC) in the below community transition plan. Under this plan, DOC shall have the authority to release Mr. Shegog as soon as DOC approves his offender release plan and completes all applicable statutory notifications. He will then begin serving 36 months of DOC community supervision. During this period in custody and under community supervision, Mr. Shegog must comply with any conditions set forth by DOC. These conditions shall include, but not be limited to the following:

Mr. Shegog shall:

1. Obey all laws and abide by all written or verbal conditions, prohibitions, or instructions issued by DOC.
2. Comply with all applicable judgment and sentence orders.
3. Be available for regular contact with DOC as directed, and consent to DOC home and employment visits and/or searches, including searches of person, automobiles, personal property, electronic devices, or social media accounts.
4. Physically report to DOC at least once per month, regardless of risk, as directed and at the discretion of DOC.
5. Participate in polygraph examinations, as directed by DOC, to verify compliance with this order.
6. As directed by DOC, obtain DOC-approved employment or enroll in DOC-approved educational, vocational, or other programming, and report it to DOC along with changes in status.
7. Reside in DOC-approved housing, and obtain DOC permission before changing residences or taking overnight visits away from the DOC-approved residence, even if just for one night.
8. Not travel outside his county of residence without written DOC approval, or remain in, or out of, a given geographical area as directed by DOC.
9. Not operate a motor vehicle without a valid driver's license and registration.
10. Not possess firearms, ammunition, explosives, or dangerous weapons, as determined by DOC.
11. Obtain a substance abuse assessment during his first six months of community supervision, and complete any recommended treatment programming.
12. Not possess in the home, or use, alcohol or controlled substances, including medications or marijuana or paraphernalia, without a valid physician's prescription and DOC approval.
13. Not frequent or work in bars or taverns or any environments where the primary business is alcohol or marijuana, without DOC permission.
14. Be subject to regular drug and alcohol testing, as directed by DOC.

15. Have no contact with known criminal felons, drug dealers, gang members, or individuals on active community supervision or in prison unless approved by DOC.
16. Report to DOC all law enforcement contacts within 24 hours of occurrence.

PROVIDED, that Mr. Shegog shall remain under DOC supervision and explicitly follow the conditions established by DOC during the term of his community supervision. Violation of any of the above conditions shall result in sanctions as deemed appropriate by DOC and may result in the termination of this Conditional Commutation as provided below. If Mr. Shegog is taken into custody following any alleged violation, DOC shall hold a Community Custody Hearing. DOC may also require Mr. Shegog to perform affirmative acts deemed appropriate to monitor compliance with the conditions and may issue warrants or detain Mr. Shegog if he violates a condition.

ADDITIONALLY PROVIDED, that in the event Mr. Shegog violates any of the conditions of this Conditional Commutation, as determined by the Governor, this Conditional Commutation may be revoked or amended and the sentence of the court reinstated, whereupon Mr. Shegog will be immediately returned to any facility that the DOC Secretary deems appropriate. If any such violation occurs, DOC shall provide a written report to the Governor regarding the violation. A written notice of the Governor's intent to review the alleged violations and revoke or amend the Conditional Commutation may then be mailed to the most recent address Mr. Shegog has provided to the Office of the Governor or, if Mr. Shegog is in custody, to his place of detention. If within 14 calendar days of the mailing of the notice, Mr. Shegog submits a sworn statement made under penalty of perjury that he has, in fact, complied with all conditions of this Conditional Commutation, the Governor shall appoint a hearing officer. The hearing officer will provide Mr. Shegog an opportunity to be heard and to present witnesses and documentary evidence that he has met all conditions upon which the Conditional Commutation is granted. The hearing officer shall present findings of fact and a transcript of the hearing to the Governor for the Governor's final and conclusive determination on whether Mr. Shegog has violated the terms of this Conditional Commutation.

ADDITIONALLY PROVIDED, that in the event Mr. Shegog is convicted anywhere at any time of any offense the elements of which would classify the crime as a gross misdemeanor or felony in the state of Washington, the Governor may revoke this Conditional Commutation and the sentence of the court reinstated, whereupon Mr. Shegog will be immediately returned to any such facility that the DOC Secretary deems appropriate.

ADDITIONALLY PROVIDED, that Mr. Shegog may be detained pending judicial disposition of any new criminal charge or a final determination of whether a condition of this Conditional Commutation has been violated, if the Governor determines there are reasonable grounds to believe he has violated the above conditions of this Conditional Commutation, reason to be concerned that he would pose a risk to any person or to the community, or that there is a possibility that Mr. Shegog may abscond if not detained. If detained, Mr. Shegog will be provided a preliminary hearing, as promptly as convenient after a Test, to determine whether there are reasonable grounds to believe he has violated the above conditions.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia this 18th day of March, A.D., two thousand and twenty-one.

WHEREAS, the Clemency and Pardons Board unanimously voted in June 2021 to recommend that the Governor commute Mr. Vasquez' sentence. In making this recommendation, the Board cited Mr. Vasquez' demonstrated rehabilitation and sobriety, the prosecutor's passionate and persuasive support, and his lengthy sentence for non-homicide offenses.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the involved crimes, the favorable recommendation of the Washington State Clemency and Pardons Board, and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington, adopt the

recommendation of the Clemency and Pardons Board and hereby COMMUTE the criminal sentence of Rogelio Vivanco Vasquez, Jr. on his two counts of SECOND DEGREE ASSAULT WITH A DEADLY WEAPON, two counts of FIRST DEGREE ATTEMPTED ROBBERY, two counts of FIRST DEGREE ROBBERY, two counts of FIRST DEGREE BURGLARY, and one count each of FIREARM THEFT, FIRST DEGREE UNLAWFUL FIREARM POSSESSION, SECOND DEGREE ESCAPE, and ATTEMPT TO ELUDE in Island County Superior Court, Cause No. 98-1-00160-8, conditioned on his written agreement to comply with all terms outlined by the Department of Corrections (DOC) in the below community transition plan. Under this plan, DOC shall have the authority to release Mr. Vasquez from custody no later than September 1, 2022. During his last six months in custody, Mr. Vasquez must complete a work release program. Upon release from custody, Mr. Vasquez shall begin serving 36 months of DOC community supervision. This transition plan, designed to support a successful community transition, shall not be eligible for reduction or compliance credits. During this period in custody and under community supervision, Mr. Vasquez must comply with any conditions set forth by DOC. These conditions shall include, but not be limited to the following:

Mr. Vasquez shall:

1. Obey all laws and abide by all written or verbal conditions, rules, prohibitions, or instructions issued by DOC.
2. Comply with all applicable provisions of relevant judgment and sentence orders.
3. Be available for regular contact with DOC as directed, and consent to DOC home and employment visits and/or searches, including searches of person, automobiles, personal property, electronic devices, or social media accounts.
4. Be subject to regular polygraph exams to assure compliance with this order.
5. Physically report to DOC at least once per month, regardless of risk, as directed and at the discretion of DOC.
6. As directed by DOC, obtain DOC-approved employment or enroll in DOC-approved educational, vocational, or other programming, and report it to DOC along with changes in status.
7. Reside in DOC-approved housing, and obtain DOC permission before changing residences or taking overnight visits away from the DOC-approved residence, even if just for one night.
8. Not travel outside his county of residence without written DOC approval, or remain in, or out of, a given geographic area as directed by DOC.
9. Not operate a motor vehicle without a valid license and registration.
10. Not possess firearms, ammunition, explosives, or dangerous weapons, as determined by DOC.
11. Participate in, and complete the cognitive behavior intervention *Thinking for Change* program in the community.
12. Obtain a substance abuse evaluation within his first 90 days of community supervision, and follow and complete any recommended treatment programming, including ongoing treatments, as directed by DOC.
13. Not personally possess, or use, alcohol or controlled substances, including medications, marijuana, spice or other mind and mood altering drugs, or paraphernalia, or drug making materials, without a valid physician's prescription and DOC approval.
14. Not work in bars or taverns or places where alcohol or

marijuana is a main source of business, unless approved by DOC.

- 15. Be subject to regular drug and alcohol testing, as directed by DOC.
- 16. Be permitted to contact known criminal felons, drug users or dealers, gang members, or individuals on active community supervision only if to engage in pro-social behavior, as determined by DOC.
- 17. Report to DOC all law enforcement contacts within 24 hours of occurrence.

PROVIDED, that Mr. Vasquez shall remain under DOC supervision and explicitly follow the conditions established by DOC during the term of his community supervision. Violation of any of the above conditions shall result in sanctions as deemed appropriate by DOC and may result in the termination of this Conditional Commutation as provided below. If Mr. Vasquez is taken into custody following any alleged violation, DOC shall hold a Community Custody Hearing. DOC may also require Mr. Vasquez to perform affirmative acts deemed appropriate to monitor compliance with the conditions and may issue warrants or detain Mr. Vasquez if he violates a condition.

ADDITIONALLY PROVIDED, that in the event Mr. Vasquez violates any of the conditions of this Conditional Commutation, as determined by the Governor, this Conditional Commutation may be revoked or amended and the sentence of the court reinstated, whereupon Mr. Vasquez will be immediately returned to any facility that the DOC Secretary deems appropriate. If any such violation occurs, DOC shall provide a written report to the Governor regarding the violation. A written notice of the Governor's intent to review the alleged violations and revoke or amend the Conditional Commutation may then be mailed to the most recent address Mr. Vasquez has provided to the Office of the Governor or, if Mr. Vasquez is in custody, to his place of detention. If within 14 calendar days of the mailing of the notice, Mr. Vasquez submits a sworn statement made under penalty of perjury that he has, in fact, complied with all conditions of this Conditional Commutation, the Governor shall appoint a hearing officer. The hearing officer will provide Mr. Vasquez an opportunity to be heard and to present witnesses and documentary evidence that he has met all conditions upon which the Conditional Commutation is granted. The hearing officer shall present findings of fact and a transcript of the hearing to the Governor for the Governor's final and conclusive determination on whether Mr. Vasquez has violated the terms of this Conditional Commutation.

ADDITIONALLY PROVIDED, that in the event Mr. Vasquez is convicted anywhere at any time of any offense the elements of which would classify the crime as a gross misdemeanor or felony in the state of Washington, the Governor may revoke this Conditional Commutation and the sentence of the court reinstated, whereupon Mr. Vasquez will be immediately returned to any such facility that the DOC Secretary deems appropriate.

ADDITIONALLY PROVIDED, that Mr. Vasquez may be detained pending judicial disposition of any new criminal charge or a final determination of whether a condition of this Conditional Commutation has been violated, if the Governor determines there are reasonable grounds to believe he has violated the above conditions of this Conditional Commutation, reason to be concerned that he would pose a risk to any person or to the community, or that there is a possibility that Mr. Vasquez may abscond if not detained. If detained, Mr. Vasquez will be provided a preliminary hearing, as promptly as convenient after arrest, to

determine whether there are reasonable grounds to believe he has violated the above conditions.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia this 31st day of August, A.D., two thousand and twenty-one.

REMARKS BY THE PRESIDENT

The motion by Senator Short carried and amendment no. 940 was adopted by voice vote on reconsideration.

PARLIAMENTARY INQUIRY

Senator Rolfes: "In the last motion, those of us who were not on the floor did not have an opportunity to vote on whether the amendment should have been reconsidered. And I am wondering if you could tell us what the procedures are for that. It seems inherently unfair, if there are more Democrats on the floor at any time than Republicans, that a floor vote would not always be in the best interest of this body. Thank you."

REPLY BY THE PRESIDENT

President Heck: "Senator Rolfes, thank you very much for your point of inquiry. The President would like to inform the body that it was apparent too late on the initial roll call for the President to stop his gavel in motion. But that the vote had changed. And that there was a majority vote in favor of the amendment. And as a consequence, requested a vote for reconsideration. Heretofore going forward we will use the FAR [Floor Activity Report] voting system for that to ensure that the circumstance that was presented with us today does not repeat itself. But I do, the President wants you to know, that this sequence of events was done after consultation with Leadership."

"**Sec. 2.** RCW 28A.335.190 and 2013 c 223 s 1 are each amended to read as follows:

(1) When, in the opinion of the board of directors of any school district, the cost of any furniture, supplies, equipment, building, improvements, or repairs, ((or)) other construction work by a contractor who meets the criteria in RCW 39.04.350, or other purchases, except books, will equal or exceed the threshold levels specified in subsections (2) and (4) of this section, complete plans and specifications for such work or purchases shall be prepared and notice by publication given in at least one newspaper of general circulation within the district, once each week for two consecutive weeks, of the intention to receive bids and that specifications and other information may be examined at the office of the board or any other officially designated location. The cost of any public work, improvement, or repair for the purposes of this section shall be the aggregate of all amounts to be paid for labor, material, and equipment on one continuous or interrelated project where work is to be performed simultaneously or in close sequence. The bids shall be in writing and shall be opened and read in public on the date and in the place named in the notice and after being opened shall be filed for public inspection.

(2) Every purchase of furniture, equipment, or supplies, except books, the cost of which is estimated to be in excess of forty thousand dollars, shall be on a competitive basis. The board of directors shall establish a procedure for securing telephone and/or written quotations for such purchases. Whenever the estimated cost is from forty thousand dollars up to seventy-five thousand dollars, the procedure shall require quotations from at least three different sources to be obtained in writing or by telephone, and recorded for public perusal. Whenever the estimated cost is in excess of seventy-five thousand dollars, the public bidding process provided in subsection (1) of this section shall be followed.

(3) Any school district may purchase goods produced or provided in whole or in part from class II inmate work programs operated by the department of corrections pursuant to RCW 72.09.100, including but not limited to furniture, equipment, or supplies. School districts are encouraged to set as a target to contract, beginning after June 30, 2006, to purchase up to one percent of the total goods required by the school districts each year, goods produced or provided in whole or in part from class

II inmate work programs operated by the department of corrections.

(4) The board may make improvements or repairs to the property of the district through a department within the district without following the public bidding process provided in subsection (1) of this section when the total of such improvements or repairs does not exceed the sum of seventy-five thousand dollars. Whenever the estimated cost of a building, improvement, repair, or other public works project is one hundred thousand dollars or more, the public bidding process provided in subsection (1) of this section shall be followed unless the contract is let using the small works roster process in RCW 39.04.155 or under any other procedure authorized for school districts. One or more school districts may authorize an educational service district to establish and operate a small works roster for the school district under the provisions of RCW 39.04.155.

(5) The contract for the work or purchase shall be awarded to the lowest responsible bidder as described in RCW 39.26.160(2) but the board may by resolution reject any and all bids and make further calls for bids in the same manner as the original call. On any work or purchase the board shall provide bidding information to any qualified bidder or the bidder's agent, requesting it in person.

(6) In the event of any emergency when the public interest or property of the district would suffer material injury or damage by delay, upon resolution of the board declaring the existence of such an emergency and reciting the facts constituting the same, the board may waive the requirements of this section with reference to any purchase or contract: PROVIDED, That an "emergency," for the purposes of this section, means a condition likely to result in immediate physical injury to persons or to property of the school district in the absence of prompt remedial action.

(7) This section does not apply to the direct purchase of school buses by school districts and educational services in accordance with RCW 28A.160.195.

(8) This section does not apply to the purchase of Washington grown food.

(9) At the discretion of the board, a school district may develop and implement policies and procedures to facilitate and maximize to the extent practicable, purchases of Washington grown food including, but not limited to, policies that permit a percentage price preference for the purpose of procuring Washington grown food.

(10) As used in this section, "Washington grown" has the definition in RCW 15.64.060.

(11) As used in this section, "price percentage preference" means the percent by which a responsive bid from a responsible bidder whose product is a Washington grown food may exceed the lowest responsive bid submitted by a responsible bidder whose product is not a Washington grown food.

(12) For purposes of this section, "construction work" does not include the following services: (a) Construction management services; (b) value engineering; (c) constructability review; (d) building commissioning; and (e) other construction-related professional and personal services.

(13) Beginning January 1, 2023, requests for proposals or qualifications, advertisements, bids, or calls for bids pursuant to this section for the services listed under subsection (12) of this section, must include the standard clauses required under RCW 39.19.050.

"NEW SECTION. **Sec. 3.** The legislature finds that affordable housing is one of the greatest challenges facing our state today. Providing missing middle housing for the workforce is essential for resolving the homeless crisis and getting people into homes at all income levels. In order to build more houses, it is important to create certainty in the legal framework for permitting housing. As important as it is to have public review of legislative decisions regarding planning, it is equally important to have certainty built into the permitting process to enable no break in the housing supply.

The legislature also finds that there is a need for certainty to support a legislative action. Judicial review of acts is to aid in interpretation of the law and should not be abused as a way to change the outcomes of legislative actions. Standing for review actions should be narrow and limited to people who have a personal interest in the outcome of the legislative action. Without stricter sideboards on who can promote appeals, development and new housing will grind to a halt, exacerbating this housing crisis.

Therefore, the legislature intends to set the effective date of these impactful planning actions to a time that will allow for the

MOTIONS

SEVENTEENTH DAY, JANUARY 26, 2022

2022 REGULAR SESSION

On motion of Senator Short, the rules were suspended and Engrossed Substitute Senate Bill No. 5275 was returned to second reading for the purposes of amendment.

Senator Short moved that the following striking amendment no. 930 by Senator Short be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 4. RCW 36.70A.070 and 2021 c 254 s 2 are each amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140. Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of groundwater used for public water supplies. Wherever possible, the land use element should consider utilizing urban planning approaches that promote physical activity. Where applicable, the land use element shall review drainage, flooding, and stormwater runoff in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element ensuring the vitality and character of established residential neighborhoods that:

(a) Includes an inventory and analysis of existing and projected housing needs that identifies the number of housing units necessary to manage projected growth, as provided by the department of commerce, including:

(i) Units for moderate, low, very low, and extremely low-income households; and

(ii) Emergency housing, emergency shelters, and permanent supportive housing;

(b) Includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences, and within an urban growth area boundary, moderate density housing options including $((\frac{1}{2}))$, but not limited to, duplexes, triplexes, and townhomes;

(c) Identifies sufficient capacity of land for housing including, but not limited to, government-assisted housing, housing for moderate, low, very low, and extremely low-income households, manufactured housing, multifamily housing, group homes, foster care facilities, emergency housing, emergency shelters, permanent supportive housing, and within an urban growth area boundary, consideration of duplexes, triplexes, and townhomes;

(d) Makes adequate provisions for existing and projected needs of all economic segments of the community, including:

(i) Incorporating consideration for low, very low, extremely low, and moderate-income households;

(ii) Documenting programs and actions needed to achieve housing availability including gaps in local funding, barriers such as development regulations, and other limitations;

(iii) Consideration of housing locations in relation to employment location; and

(iv) Consideration of the role of accessory dwelling units in meeting housing needs;

(e) Identifies local policies and regulations that result in racially disparate impacts, displacement, and exclusion in housing, including:

(i) Zoning that may have a discriminatory effect;

(ii) Disinvestment; and

(iii) Infrastructure availability;

(f) Identifies and implements policies and regulations to address and begin to undo racially disparate impacts, displacement, and exclusion in housing caused by local policies, plans, and actions;

(g) Identifies areas that may be at higher risk of displacement from market forces that occur with changes to zoning development regulations and capital investments; and

(h) Establishes antidisplacement policies, with consideration given to the preservation of historical and cultural communities as well as investments in low, very low, extremely low, and moderate-income housing; equitable development initiatives; inclusionary zoning; community planning requirements; tenant protections; land disposition policies; and consideration of land that may be used for affordable housing.

In counties and cities subject to the review and evaluation requirements of RCW 36.70A.215, any revision to the housing element shall include consideration of prior review and evaluation reports and any reasonable measures identified. The housing element should link jurisdictional goals with overall county goals to ensure that the housing element goals are met.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent. Park and recreation facilities shall be included in the capital facilities plan element.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

(b) Rural development. The rural element shall permit rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities, uses,

essential public facilities, and rural governmental services needed to serve the permitted densities and uses. To achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural economic advancement, densities, and uses that are not characterized by urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

- (i) Containing or otherwise controlling rural development;
- (ii) Assuring visual compatibility of rural development with the surrounding rural area;
- (iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;
- (iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and groundwater resources; and
- (v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments.

(A) A commercial, industrial, residential, shoreline, or mixed-use area are subject to the requirements of (d)(iv) of this subsection, but are not subject to the requirements of (c)(ii) and (iii) of this subsection.

(B) Any development or redevelopment other than an industrial area or an industrial use within a mixed-use area or an industrial area under this subsection (5)(d)(i) must be principally designed to serve the existing and projected rural population.

(C) Any development or redevelopment in terms of building size, scale, use, or intensity (~~shall be consistent with the character of the existing areas~~) may be permitted subject to confirmation from all existing providers of public facilities and public services of sufficient capacity of existing public facilities and public services to serve any new or additional demand from the new development or redevelopment. Development and redevelopment may include changes in use from vacant land or a previously existing use so long as the new use conforms to the requirements of this subsection (5) and is consistent with the local character. Any commercial development or redevelopment within a mixed-use area must be principally designed to serve the existing and projected rural population and must meet the following requirements:

(I) Any included retail or food service space must not exceed the footprint of previously occupied space or 5,000 square feet, whichever is greater, for the same or similar use; and

(II) Any included retail or food service space must not exceed 2,500 square feet for a new use;

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation

or tourist use is not required to be principally designed to serve the existing and projected rural population. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of isolated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Rural counties may allow the expansion of small-scale businesses as long as those small-scale businesses conform with the rural character of the area as defined by the local government according to RCW 36.70A.030(23). Rural counties may also allow new small-scale businesses to utilize a site previously occupied by an existing business as long as the new small-scale business conforms to the rural character of the area as defined by the local government according to RCW 36.70A.030(23). Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas (~~or uses~~) of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas (~~or uses~~) shall not extend beyond the logical outer boundary of the existing area (~~or use~~), thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where there is a logical boundary delineated predominately by the built environment, but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary, the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries, such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of this subsection (5)(d) (~~of this subsection~~), an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county's population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element.

(a) The transportation element shall include the following subelements:

- (i) Land use assumptions used in estimating travel;
- (ii) Estimated traffic impacts to state-owned transportation facilities resulting from land use assumptions to assist the department of transportation in monitoring the performance of state facilities, to plan improvements for the facilities, and to

SEVENTEENTH DAY, JANUARY 26, 2022

assess the impact of land-use decisions on state-owned transportation facilities;

(iii) Facilities and services needs, including:

(A) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning. This inventory must include state-owned transportation facilities within the city or county's jurisdictional boundaries;

(B) Level of service standards for all locally owned arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(C) For state-owned transportation facilities, level of service standards for highways, as prescribed in chapters 47.06 and 47.80 RCW, to gauge the performance of the system. The purposes of reflecting level of service standards for state highways in the local comprehensive plan are to monitor the performance of the system, to evaluate improvement strategies, and to facilitate coordination between the county's or city's six-year street, road, or transit program and the office of financial management's ten-year investment program. The concurrency requirements of (b) of this subsection do not apply to transportation facilities and services of statewide significance except for counties consisting of islands whose only connection to the mainland are state highways or ferry routes. In these island counties, state highways and ferry route capacity must be a factor in meeting the concurrency requirements in (b) of this subsection;

(D) Specific actions and requirements for bringing into compliance locally owned transportation facilities or services that are below an established level of service standard;

(E) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(F) Identification of state and local system needs to meet current and future demands. Identified needs on state-owned transportation facilities must be consistent with the statewide multimodal transportation plan required under chapter 47.06 RCW;

(iv) Finance, including:

(A) An analysis of funding capability to judge needs against probable funding resources;

(B) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems. The multiyear financing plan should be coordinated with the ten-year investment program developed by the office of financial management as required by RCW 47.05.030;

(C) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(v) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(vi) Demand-management strategies;

(vii) Pedestrian and bicycle component to include collaborative efforts to identify and designate planned improvements for pedestrian and bicycle facilities and corridors that address and encourage enhanced community access and promote healthy lifestyles.

(b) After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a locally owned transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride-sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6), "concurrent with the development" means that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years. If the collection of impact fees is delayed under RCW 82.02.050(3), the six-year period required by this subsection (6)(b) must begin after full payment of all impact fees is due to the county or city.

(c) The transportation element described in this subsection (6), the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, and the ten-year investment program required by RCW 47.05.030 for the state, must be consistent.

(7) An economic development element establishing local goals, policies, objectives, and provisions for economic growth and vitality and a high quality of life. A city that has chosen to be a residential community is exempt from the economic development element requirement of this subsection.

(8) A park and recreation element that implements, and is consistent with, the capital facilities plan element as it relates to park and recreation facilities. The element shall include: (a) Estimates of park and recreation demand for at least a ten-year period; (b) an evaluation of facilities and service needs; and (c) an evaluation of intergovernmental coordination opportunities to provide regional approaches for meeting park and recreational demand.

(9) It is the intent that new or amended elements required after January 1, 2002, be adopted concurrent with the scheduled update provided in RCW 36.70A.130. Requirements to incorporate any such new or amended elements shall be null and void until funds sufficient to cover applicable local government costs are appropriated and distributed by the state at least two years before local government must update comprehensive plans as required in RCW 36.70A.130."

On page 1, line 2 of the title, after "development;" strike the remainder of the title and insert "and amending RCW 36.70A.070."

President Heck: "Mrs. Ericksen - Tasha, if I may? - I think sometimes it's pretty challenging in contemporary politics to stay in touch with our shared humanity, and unfortunately at times it feels as though tragedy is necessary to do that. And Doug's passing was a tragedy. I have no illusion that any word spoken here today can in any way materially diminish your pain and grief, but I want you to know that this entire chamber, and its entire membership, as so eloquently expressed by so many, extends its deepest condolences and sympathy to you and our collective voice of gratitude to Senator Ericksen for his service. In that spirit, it's my privilege to present with you this American flag which was flown over the state capital on the day of Doug's funeral. And if I may, I have something very similar to this in my living room to remind me of a family member. And all I can say is every single time I look at it, every single day, I'm reminded of my gratitude for their service. And I'm reminded of my appreciation. And so, it is my hope that as you glance at this or see this, you will carry

PERSONAL PRIVILEGE

Senator Pedersen: "Thank you very much Mr. President. I am going to go a little bit off script and request to rise to a point of personal privilege. Thank you very much Mr. President. January 13, 2014, was a momentous day. That was my first day over here on this side of the rotunda. And that day I got an email from a young lady who had just begun as a session staffer and, for the Senate Democratic Caucus, and was assigned to the Senate Law and Justice Committee to help us out. That young lady was Victoria Cantore who went on to serve several years in that position. She took a break from us for a year to go to the Governor's office and then came back here and in an appropriate bookend, it has been my great pleasure in this new role to have a chance once again to work closely with Victoria. I can't say enough positive really about her and about the good judgement, the professionalism, the sense of humor with which she has approached everything that she has done for us. Just, really, it has been a really great experience. And we are going to miss her profoundly, her wisdom, her hard work, her dedication, her sense of probity and her respect for the institution, and so Mr. President, I hope that you and the other members will join me in thanking Victoria for her outstanding service to the Senate and to the people of the state of Washington."

PERSONAL PRIVILEGE

Senator Liias: "Thank you Mr. President, I rise to a point of personal privilege. Thank you, Mr. President. Now I know our Counsel Cantore is a very stickler for the rules, and the rules say that you are only allowed to rise to a question of privilege if it is

a manner unique and peculiar to that particular senator. And I was weighing whether my comments would rise to the Cantore level of unique and particular. And I concluded that since Victoria Cantore has both saved me from losing my mind, and from at times losing life, that that would be unique and particular enough for me to rise and honor her. In addition to what our Floor Leader has said, I would just add that Victoria has brought a humanity and a kindness and a gentleness to what can often be a stressful and very difficult process. Her baked ziti has fed our stomachs. Her stories of her growing up have fed our sense of humor and our souls, and the incredible analysis and legal work that she has brought to her tasks have also helped us make better laws for the people of Washington. When I was growing up, my mom would chide me often and say, 'Don't make a federal case out of everything.' So, it is in particular honor to know that executive assistant U.S. attorney Cantore will be making a federal case out of everything. And to the criminals of western Washington, beware: there is a sharp and diligent cop on the beat who will be enforcing our laws. I could not be more privileged to call her my friend and to thank her for her many years of service, and to wish her all the best in her next adventures."

PERSONAL PRIVILEGE

Senator Padden: "A point of personal privilege Mr. President. Well, I also want to join in the tributes to our attorney up on the dais there, Ms. Cantore. And I got to know her during the same time Senator Pedersen was over here when we were working on the Law and Justice Committee, and she was very much involved. So yes, she has a sense of grace, very competent, wonderful person to have around, and I recall fondly working with Senator Liias when we had the shower for her very unusual situation. Both Senator Liias and his assistant at the time, I believe Louis, did a great job of organizing that. But it is our loss, and certainly your loss, Mr. President, and in addition it's the gain for the U.S. attorney's office of western Washington. So, we will miss her a lot. Thank you, Mr. President."

PERSONAL PRIVILEGE

Senator Dhingra: "Thank you Mr. President, I rise to a point of personal privilege. Thank you, Mr. President. I am very rarely at a loss for words. But words can not fully convey how much having gotten to know Victoria Cantore has meant to me. I had a challenging transition from the professional life to the political life. I was not engaged in the political life at all prior to getting elected as a senator. And she is someone who really helped make that transition so much more enjoyable. And I learned a lot from her, and I am truly honored to call her my friend. And I look forward to continuing our relationship in her new role as a prosecutor. And I couldn't ask for a better transition to her new work environment as the new role that she has. So, she will be greatly missed, and I know that the Senate has been enriched by her experience and her presence on the floor. Thank you."

PERSONAL PRIVILEGE

Senator Billig: "Thank you Mr. President, rising to a point of personal privilege. Thank you, Mr. President. Also want to offer words of gratitude and good luck to Victoria and I'll be brief because the speakers before me have been very eloquent and right on the same feelings that I have about Victoria. But I just want to express that when I came in as a rookie majority leader four years ago and had really had no idea what to do. And as it turns out as majority leader, you have to make a lot of big decisions. Like big, constitutional decisions, like are we gonna sue a governor, are we gonna go to battle with the other chamber, there is just all kinds of things, ethics issues involving members that can be very sticky.

And it was so comforting to me to have a legal advisor, counsel, attorney, that I completely trusted, and she gave wise advice, she did it with a sense of humor and she helped me, she helped the Senate, and she helped our state to be better because of it. This is a well-deserved career advancement for her, I couldn't be happier for her. Although we are gonna miss you very significantly. Thank you, Mr. President."

REMARKS BY THE PRESIDENT

President Heck: "The President would like to exercise a point of personal privilege. The members of this chamber in varying amounts have been aided considerably by the talents of Ms. Cantore over a long period of time. I dare suggest that no one has benefited more in a short period of time than the rookiest of rookies and that is your new presiding officer last year. I fear that I sometimes observe to the point of boredom that I have intermittently been privileged to be a part of this institution, now forty-nine years. And I can tell you with all objectivity that when it comes to the caliber, the integrity, the intellectual prowess, the commitment to the institution, it does not get better than these two women. [The President gestures to Senate Counsels Victoria Cantore and Jeannie Gorrell] It does not. Every one of us should appreciate frankly how they have approached this job. Victoria, to suggest you'll be missed is to engage in unbelievable understatement. I have confidence in your successor to be clear. But I, the President, owes you an eternal debt. This institution's loss is the U.S. attorney's office gain. And therefore, all our gain. And accordingly, we are all grateful for your next level of public service, and deeply, deeply so for that which you've rendered to this institution. Thank you."

PERSONAL PRIVILEGE

Senator Trudeau: "Thank you Mr. President, rising to request of point of personal privilege. Thank you, Mr. President. I just wanted to offer some perspective here. I know I am a new member, and I haven't had the chance to work with Victoria much in this new role, but I just thought I'd offer some insight into somebody that I've called my friend for a number of years, and frankly grown up alongside which has been amazing. And she's not just amazing because of she is also a constituent of the Twenty-seventh Legislative District, Mr. President. But also because I remember when I was an LA, and she used to come down to our office, she was actually staffing a committee that the member I was working for interacted with quite often, and I just admired how astute she was, how responsive she was, and frankly I just always have a deep and sincere gratitude to smart lady lawyers so she inspired me to then seek a position as caucus staff Mr. President, and has continued to inspire me in my professional career. And especially as a younger professional woman with young children, I just admire her so deeply and look forward to continue watching her grow and just wanted to express that gratitude Mr. President. Thank you."

The Senate was called to order at 1:30 p.m. by the President of the Senate, Lt. Governor Heck presiding.

REMARKS BY THE PRESIDENT

President Heck: "Before we proceed, the President regrets to inform you that yet another member of our family has fallen prey to COVID. You may notice the absence of a particular person up here at the rostrum. Our incredibly talented Secretary of the Senate, Sarah Bannister, has been diagnosed with COVID. I spoke with her this morning. She is not asymptomatic, but is feeling fairly well, and looking forward to a full recovery and return. It is a good reminder I think, to everyone, to recognize and follow the protocols associated with it. This disease is not yet done. This virus is not yet done with us. It's also an opportunity for me to ask all of you to continue to extend your greatest patience as we attempt to deal with a lot of new players in their positions at the rostrum. I have one-hundred percent confidence in this incredibly talented staff, but we are dealing under unusual circumstances. And with that, Secretary will call the roll."

The acting Secretary called the roll and announced to the President that all senators were present with the exception of Senator Brown.

The Washington State Patrol Honor Guard presented the Colors.

TWENTY FOURTH DAY, FEBRUARY 2, 2022

2022 REGULAR SESSION

Senator Trudeau: “Thank you, and I would offer Mr. President that you probably can only see this part of me. If you saw the rest of me, it would probably be pretty obvious at this point so. Mr. President, I want to thank you and, if you’ll indulge me, I want to start from a place of deep gratitude for you, and for seriously all of the amazing staff and folks that work in this institution. The lovely security personnel who actually knows where Bangladesh is which is a great way to start the day. And for the communities we represent, and to each member of this body. Although I know you guys took it easy on me today, and I appreciate that. But I want to thank you not just for helping move this bill, and honor my mom, but because it’s an honor to serve and despite it all, I really think that we always have so much to reflect on and be grateful for. I come to you today as a person who was born into violence and chaos. And now as a person gifted with the opportunity, Mr. President, to stand here today running a bill inspired by my mother. Someone who was not gifted the same opportunities, but who despite it all, always wanted me to succeed. And as someone who’s a mother myself, I know that that is a natural instinct that I will appreciate always. I get to pass legislation like Senate Bill 5749 that I know will lower barriers for good people that wake up everyday and want to do the right thing, but sometimes are just not able to because of their circumstances. And I know that members of this body won’t always agree, and I’m sure that a lot of the time we won’t. But Mr. President, I can promise that I will not forget the humanity of every one of my colleagues and every person who serves in this institution. And that may sound, ‘woo-woo,’ Mr. President, a technical term, but it gets to the basics. And as I mentioned during, or as I heard, during recent comments honoring Senator Ericksen, I just, I bring forward with me a commitment to see each other as people doing the best we can to get through every single day. And I’m grateful to you as the first of many things, although unplanned, the first American-Muslim and Bengali-American to serve in the legislature, the first woman of color to represent my district, and I believe also the first pregnant legislator on the floor. And I bring my experiences to this body Mr. President because in many ways I feel that I embody the American dream. But at the same time, I have a very intimate view of where the American promise has not always been kept. And if you will allow me to quote one of my favorite poets Mr. President? As the great Maya Angelou once said, ‘History, despite its wrenching pain can not be unlived. But if faced with courage, need not be lived again.’ And in the spirit of this institution’s commitment to collaboration and integrity, if I may Mr. President just to relay a little bit about the gifts that I am providing to each member? Thank you. As a mom of a toddler, I gift each of you with things that are particularly relevant to me: rocks and chocolate. I offer first Almond Rocas, which originate from my district.’

President Heck: “We don’t see any up here Senator Trudeau.”

Senator Trudeau: “Coming your way Mr. President, I can assure you. Thank you. And sandstone rocks from a local gallery in my district that I individually hand painted with unique historical landmarks or art installations from around my district. Some of them are also signed by my toddler, which I hope you will appreciate. And to keep us connected I want to offer two things about these rocks. There is a hashtag Tacoma rocks [#TacomaRocks] that is on the back of every one of these individually painted items. And the idea of that is that you can go around with young children, and put rocks in different areas, and when people find them, they can actually use the hashtag on social

media, to connect everyone. So, you’ll take a little piece of Tacoma back, and I hope you will find a little one that will enjoy it. I also, you know, I want to offer to you that if you come to me and ask me about what the painting on your rock represents, I promise to you that I will invite you to my district and take you to go see this landmark, or particular art installation, so that we can actually communicate out of this, off this floor and as real human beings, living day-to-day. So, I thank you Mr. President. I appreciate you, and the opportunity to represent this district, my family, my community, and all the people that I care about in the state of Washington. Thank you so much.”
