DIGEST & HISTORY ON LEGISLATIVE BILLS, MEMORIALS, AND RESOLUTIONS;
RCW - BILL TABLE; TOPICAL INDEX; AND SESSION LAW CHAPTER TO BILL TABLE

** Compiled to and Inclusive of May 28, 2010 **

THOMAS HOEMANN          BARBARA BAKER
Secretary of the Senate  Chief Clerk, House of Representatives

With the Cooperation of the Statute Law Committee
& the Legislative Service Center
The brief descriptions and digest paragraphs contained herein were prepared by the employees of the legislature as a guide to interested persons concerned with the various measures pending before the legislature. Such brief descriptions and digest paragraphs are not propounded in substitution of or supplementary to the official titles and official text of the legislative measures alluded to herein. The brief descriptions and digest paragraphs are not intended to constitute any part of the law, are not in any manner adopted or acted upon by the legislature, and are in no way evidence of the intent of the legislature.

If the only action on a bill for a session is "By resolution, reintroduced and retained in present status." and no action other than "By resolution, reintroduced and retained in present status." occurs in subsequent sessions in the two-year legislative cycle for that bill, the history for those sessions will not be printed in this publication.

Companion bills are shown for original bills only.

The brief description for each bill family shows only once on the original bill unless there is a change in the brief description for a later version of the bill.
HOW TO USE THE "LEGISLATIVE DIGEST AND HISTORY OF BILLS"

The Legislative Digest and History of Bills is a joint legislative publication which is published after the final legislative session each year.

During the legislative session, a daily Legislative Digest is available. Use the daily Legislative Digest to keep up with the new introductions (including substitute bills) and the amendments to the various measures in between publications of the Legislative Digest and History of Bills. (A "-S" or "-S2" following the bill number indicates a substitute, e.g., SB 5009-S, HB 1071-S2.) The latest legislative history on the measures is also provided in the Legislative Digest publication.

This publication consists of three parts:

(1) Digest paragraphs and legislative actions on all measures (bills);
(2) RCW - Bill Table;
(3) Topical Index; and
(4) Session Law Chapter to Bill Table

DIGEST PARAGRAPHS AND LEGISLATIVE ACTIONS

This portion consists of the following:

(1) The summary digest paragraphs and legislative actions on all bills, joint memorials, joint resolutions, concurrent resolutions, and floor resolutions considered by the House or Senate during the legislative session;
(2) Summary paragraph and legislative actions on gubernatorial appointments submitted to and being considered by the Senate;
(3) The listing of the bills a member has sponsored along with an indication of prime sponsorship; and
(4) The special status of legislation reports for the Senate and the House.

The bulk of the Legislative Digest and History of Bills is formed by an in-sequence listing of measures. In this listing are included the measure number, the legislative and "by-request" sponsors, the latest digest paragraphs, and the bill histories. This portion of the publication is divided into two sections: Senate measures and House measures. Initiatives, bills, joint memorials, joint resolutions, concurrent resolutions, floor resolutions, and gubernatorial appointments are included as measures.

Reports on the special status of legislation follow the Senate and House digest history portion of the book. The reports are listed as they become available as legislation progresses down the path toward enactment. A full listing of the reports available in a particular Legislative Digest and History of Bills is found on the Index Page of the Legislative Digest and History of Bills beginning on page one. Several examples of these reports are:

(1) Senate Bills Introduced by Members
(Prime sponsorship is noted by a bullet (large dot) before the bill number;)
(2) Senate Bills Introduced by Request;
(3) Senate Bills Passed by the Senate;
(4) Senate Bills Passed by the Senate and House;
(5) Senate Bills Failed to Pass the House;
(6) Senate Bills Passed Both Houses Showing Executive Action; and
(7) Governor's Messages on Bills Vetoed or Partially Vetoed
     VO - Veto overridden
     PV - Partial Veto
     V - Veto

Comparable reports are supplied for the House Bills. (See Table of Contents for page numbers.)
RCW - BILL TABLE

The *Legislative Digest and History of Bills* contains a table which lists the statutes being affected by the current bills. This table is widely used by legislative drafters as well as all other attorneys concerned with the legislative process. The "S" found preceding the bill numbers in this table means that the bill being referred to is the substitute version. All first substitutes are noted by an "S" preceding the bill number; second, third, etc., are noted by 2S, 3S, etc.; e.g.,

38.03.030   AMD   SHB   1301*
38.03.040   AMD   SHB   1375+
39.07.060   REP   2SSB   5111

The "RCW (Statute Number) to Bill Number Table" lists in code section number order the sections in the Revised Code of Washington (RCW) that are the subject matter of current legislation. The action the bill takes on the section is listed with the following abbreviations: ADD (adding a new section or section to a code chapter or code title), AMD (amending), DECD (decodifying), RECD (recodifying), REMD (reenacting and amending), REEN (reenacting), and REP (repealing). It is especially useful in the closing days of the session to determine whether a code section currently under consideration by the legislature may already have been repealed or amended during the session, in which event the earlier action may be taken cognizance. In addition to being included in the *Legislative Digest and History of Bills*, an electronic version of this table is available at Washington State Legislative website. The URL to the website is http://www.leg.wa.gov, choose Bill Info and then RCW to Bill Table.

The symbols on the table indicate whether the amended section or the new section has passed the legislature or has been signed into law or vetoed by the Governor. A "p" following the bill number means that the legislature has passed the bill. An asterisk ("*") means that executive action or inaction has been recorded upon the bill during the first year of the two-year legislative cycle. A plus sign ("+") means that executive action or inaction has been recorded upon the bill during the second year of the two-year legislative cycle. Generally, the "*" and "+" mean that the Governor has signed the bill into law with or without a partial veto.

TOPICAL INDEX

The Topical Index is at the end of the *Legislative Digest and History of Bills*. The Topical Index entries are entered soon after the bills are introduced on the floor, so that researchers can search the text of the index for measures related to their issue. Various symbols are found in the index which aid in determining the type of measures to which the index entry refers. The table of abbreviated symbols for the Topical Index is found on the page beginning the Topical Index section.

Effective date 7/26/2009.

SB 5002 by Senators Jacobsen and Swecker

Creating the Washington heritage livestock and poultry breed recognition program.

(AS OF SENATE 2ND READING 3/09/09)

Finds that:

(1) Preserving genetic diversity of animal species is of high interest to the public;

(2) Historic livestock and poultry breeds retain different and unique genetic attributes including factors that can affect fertility, foraging ability, longevity, maternal instincts, and resistance to diseases and parasites; and

(3) Sufficient mechanisms currently do not exist to support the continued survival of some of the declining breeds.

Establishes a nonregulatory incentive-based program to encourage owners of rare and diminishing species of livestock and poultry to continue rearing these animals.

Establishes procedures to provide recognition to owners of animals as heritage livestock and poultry and thereby increase public awareness of their contribution toward the perpetuation of rare and declining breeds.

Requires the director of the department of agriculture and rural economic development to:

- establish an advisory committee to:
  - recommend breeds to be included in the program;
  - provide recommendations on the recognition program;
  - establish a database for recorded blessed breeds;
- award recognition certificates;
- determine the cancellation of recognition certificates; and
- publicly communicate the breeds included in the program.

Expires the program on July 1, 2011.

(SEE ALSO PROPOSED 1ST SUB)
Provides a sales and use tax exemption for breathalyzers sold to businesses who provide alcohol for consumption on-site.

Provides a sales and use tax exemption for breathalyzers sold to businesses who provide alcohol for consumption on-site.

SEE ALSO PROPOSED 1ST SUB)
Creates the mobile custom farm slaughtering unit loan program.

(SEE ALSO PROPOSED 1ST SUB)
Finds that: (1) The loss of livestock slaughter facilities has significantly impeded local meat production in many regions of the state;
(2) Mobile custom farm slaughtering units, capable of visiting farms and ranches to slaughter animals humanely and inexpensively, can assist in reviving local meat production; and
(3) Establishing a loan program that enables local governments to purchase mobile custom farm slaughtering units for lease to livestock producers, conditioned upon producers’ donation of a portion of meat processed by the units to local food banks, will both support Washington’s disadvantaged citizens and reinvigorate rural economies.

Establishes the mobile custom farm slaughtering unit loan program within the department of agriculture.

Creates the mobile custom farm slaughtering unit loan account.

Directs the director of agriculture to report to the legislature and the governor on the status of the program on or before December 1, 2010, and annually thereafter.

SB 5004-S  by Senate Committee on Agriculture & Rural Economic Development (originally sponsored by Senators Jacobsen, Swecker, Ranker, and Roach)
Promoting local meat production.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)
Finds that: (1) The loss of livestock slaughter and meat processing facilities inspected by United States department of agriculture personnel has significantly impeded local meat production in many regions of the state;
(2) Promoting United States department of agriculture-inspected mobile slaughtering units, capable of visiting farms and ranches to humanely and inexpensively slaughter livestock, and United States department of agriculture-inspected livestock slaughtering and meat processing facilities that provide cutting and wrapping services can assist in reviving local meat production; and
(3) Clarifying that rural economic development projects seeking funding for these units and facilities are eligible for loans from the rural Washington loan fund will promote local meat production and reinvigorate rural economies.

Requires the director of the department of community, trade, and economic development to consider applications for rural economic development projects, including proposals to fund mobile slaughtering units and local slaughtering and meat processing facilities that operate in compliance with the federal meat inspection act.

Creating a military service exemption for benefits charged to the experience rating accounts of employers.

(SUBSTITUTED FOR - SEE 1ST SUB)

 Allows a contribution paying base year employer, not otherwise eligible for relief of charges for benefits under RCW 50.29.021, to receive such relief if the benefit charges result from payment to an individual who was hired to replace an employee who was called to federal active military service and is subsequently laid off when that employee returns to work for their employer within four weeks of release from active duty.

SB 5009-S by Senate Committee on Labor, Commerce & Consumer Protection (originally sponsored by Senators Marr, Swecker, Hobbs, King, Sheldon, Kilmer, Ranker, Berkey, Haugen, Kauffman, Rockefeller, Hatfield, McAuliffe, Shin, and Roach)

(DIGEST AS ENACTED)

 Allows a contribution paying base year employer, not otherwise eligible for relief of charges for benefits under RCW 50.29.021, to receive such relief if the benefit charges result from payment to an individual who is a member of the military reserves or National Guard and was called to federal active military service by the President of the United States and is subsequently laid off when that employee is reemployed by their employer upon release from active duty within the time provided for reemployment in RCW 73.16.035.

SB 5010 by Senators Kline, Fairley, McCaslin, Kauffman, and Pridemore

Companion Bill: 1039
Establishing a statewide CBRNE response program.

Finds that: (1) The threat of an incident caused by a chemical, biological, radiological, nuclear, or explosive (CBRNE) agent occurring in the state poses a severe threat to the health, safety, and welfare of the citizens of the state of Washington. In order to mitigate any damage that may be caused by CBRNE incidents, it is necessary that the state have a coordinated and comprehensive plan to respond to these dangerous and deadly incidents; and (2) The current system of relying almost exclusively on local jurisdictions to respond to CBRNE incidents is inadequate because it stretches the capabilities of local jurisdictions, it lacks uniformity in training, equipment, and response standards, and it hinders the ability of jurisdictions to cooperate in the event of a catastrophic incident. Major portions of the state lack protection from CBRNE incidents because many local jurisdictions simply do not have the capabilities to respond to these incidents.

Establishes a statewide CBRNE response program that relies on a network of regional response teams that operate with standardized training and equipment.

Requires the director of fire protection to establish and maintain a statewide CBRNE response program.

Declares the requirement of the statewide CBRNE response program is subject to appropriation by the legislature.

Creates the policy advisory group and the operations advisory group to assist the director of fire protection in implementing and managing the statewide CBRNE response program.

SB 5018

by Senators Honeyford, Swecker, Parlette, Schoesler, and Carrell

Concerning resident curators of state properties.

(SEE ALSO PROPOSED 1ST SUB)

Finds that other states have successfully implemented resident curator programs that preserve, maintain, and restore historic and other significant state-owned properties by allowing private parties to occupy or use the properties, at no cost or reduced rent, in exchange for the tenant’s maintenance, rehabilitation, or restoration of the property.

Declarer that in regulations implementing the historic preservation grant program, the State Board of Control must...
lessee's occupancy of the property and agreement to restore, maintain, rehabilitate, or otherwise improve the leased property.

**SB 5019-S** by Senate Committee on Government Operations & Elections (originally sponsored by Senators Honeyford and Swecker)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that other states have successfully implemented resident curator programs that preserve, maintain, and restore historic and other significant state-owned properties by allowing private parties to occupy or use the properties for residential purposes, at no cost or reduced rent, in exchange for the tenant's maintenance, rehabilitation, or restoration of the property.

Authorizes a state agency with statutory authority to lease state-owned properties to private parties to negotiate a lease at a rate that is less than fair market value in consideration of the lessee's occupancy of the property for noncommercial residential purposes and agreement to restore, maintain, rehabilitate, or otherwise improve the leased property.

SB 5049 by Senator Franklin

Studying Washington's fiscal resources, structure, and needs.

Finds that Washington has a unique tax structure that relies heavily on property and sales taxes to fund a host of services for its citizens. Education, health care, transportation projects, the criminal justice system, state parks, and social programs are paid for by state taxes. Many citizens do not fully understand how the budget process works, how all moneys are raised, and why there never seems to be enough revenue. Creating opportunities for citizens to participate in the process can counter negative public perceptions about the budget process.

Declares an intent to establish a committee, made up of ordinary citizens, to study the state's fiscal resources, structure, and needs.

Directs the Washington state institute for public policy to facilitate and staff a group of Washington citizens to become the committee on Washington's finances.

Directs the staff of the office of financial management, the department of revenue, the house of representatives, and the senate to assist the committee on Washington's finances as the committee deems desirable.

Requires the committee to hold meetings in at least four areas outside the central Puget Sound region to receive information and feedback from Washington's citizens. These meetings must be facilitated by the Washington state institute for public policy.

Declares that the purpose of the study is to determine the best ways to identify and fund the necessary services for Washington's citizens.

Requires the committee to present a final report of the findings of the study and the alternatives developed by the committee to the ways and means committee in the senate and the finance committee in the house of representatives by November 30, 2010. Additionally, the findings of the study must be announced to the public via press release and also be made available to the public via the internet.

Creating an energy efficiency worker training program.

Finds that as more requirements are put in place for buildings to be more energy efficient, the more work there will be retrofitting those buildings with solar panels, insulation, and other weatherizing materials. Blue collar, stepping-stone jobs are leaving the economy without being replaced with equivalent jobs. Creates the Washington energy efficiency worker training program within the department of community, trade, and economic development.

Directs the program to help individuals, including at-risk youth, to prepare for jobs in the energy-efficient building, construction, and retrofit industries; and to provide occupational skills training in the energy-efficient building, construction, and retrofit industries.

Expires June 30, 2014.

DIGEST OF PROPOSED 1ST SUBSTITUTE

Finds that the derelict vessel removal program has proven highly successful. A vessel generally becomes derelict or abandoned after a long chain of legal ownership transactions in which successive owners either lack the inclination or financial resources to properly maintain the vessel and pass it along in progressive stages of decline. The result is a decrepit vessel selling for nominal cost to someone who cannot bring it back to a safe working condition, or properly dispose of it. The vessel often becomes abandoned or derelict, resulting in cost to the state for removal and disposal.

Authorizes the department of natural resources to create a pilot vessel amnesty disposal program to prevent vessels from becoming abandoned or derelict and to address this issue when it is less expensive and poses fewer threats.

Allows the department of natural resources to expend two hundred thousand dollars, or as much thereof as may be necessary, from any money appropriated to the department from the derelict vessel removal account in the omnibus appropriations act for the biennium ending June 30, 2011, for the purposes of the act. Expires June 30, 2011.

SB 5061 by Senator Jacobsen

Enhancing natural resource collections at the Washington park arboretum.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that the Washington park arboretum: (1) Is the official arboretum of the state of Washington;
(2) Is a central component of the University of Washington botanic gardens, along with collections around the center for urban horticulture, in the Union Bay natural area, and in the Otis Douglas Hyde herbarium;
(3) Contains a dynamic collection of trees and other woody plants that are hardy in the maritime Pacific Northwest;

Effective date 7/26/2009.
Chapter 360, 2009 Laws.
SB 5062 by Senator Jacobsen

Enhancing wildlife viewing opportunities.

Finds that: (1) Nature-based tourism is the fastest growing outdoor activity and the fastest growing segment of the tourism industry. Tourism activities relating to watchable wildlife contribute almost one and one-half billion dollars to Washington state's economy per year, and it is primarily the rural areas of the state in which these activities occur;

(2) There is general agreement that owners of working farms and forest lands provide a significant portion of the key areas for the wildlife which in turn attract the nature-based tourists;

(3) The purchase of a watchable wildlife decal currently offers a valuable opportunity for individuals to voluntarily contribute to the enhancement of the habitat, infrastructure, trails, corridors, and communities that provide wildlife viewing opportunities in this state; and

(4) Additional investments in the department of fish and wildlife's watchable wildlife program are needed; such investments will increase wildlife viewing and other recreational opportunities in the state and benefit Washington's wildlife and rural communities.

Declares an intent to enhance wildlife viewing opportunities in Washington by providing additional tools and resources to the state's watchable wildlife program and landowners who provide the wildlife habitat that supports nature-based tourism.

Directs the department of fish and wildlife to: (1) Under the authority of the director of the department, carry out a watchable wildlife raffle pilot project;

(2) Provide raffle winners with a wildlife viewing tour on department owned or managed lands;

(3) Seek to publicize the raffles and tours, including the tour destinations, to increase public awareness of the department's watchable wildlife program, watchable wildlife decals, and the pilot project; and

(4) Provide the appropriate committees of the legislature with a brief summary of the pilot project and relevant policy recommendations, if any, by December 1, 2011.

Encourages the department of fish and wildlife to use other creative measures to increase the number of individuals who voluntarily purchase watchable wildlife decals.

Requires a cemetery authority to allow the burial of pet remains in the same cemetery in which the pet's owner is buried if certain conditions are met.

SB 5077 by Senators Jacobsen and Kline

Creating the historically Black college fund pilot project.

Finds that: (1) The racial and ethnic diversity of the population of Washington is increasing;
(2) Employers’ demand for well-educated and well-trained graduates of all ethnic backgrounds is increasing;
(3) Special efforts should be made to increase the participation of people of color in higher education programs;
(4) Some of Washington’s students of color would benefit from an opportunity to study in specialized programs or institutions of higher education located in other states;
(5) The state could benefit by creating pilot projects that study creative, cost-effective ways to meet the postsecondary education needs of Washington’s students; and
(6) Historically Black colleges enroll and graduate the majority of African-American professionals and Ph.D. candidates in the United States.

Declares an intent to direct the higher education coordinating board to establish a pilot project that permits a limited number of students to use their state need grant awards to study at Morehouse College, Howard University, Spelman College, Grambling State University, and Tuskegee University.

Creates the historically Black college fund pilot project.

Requires the higher education coordinating board to: (1) Administer the pilot project;
(2) Permit up to one hundred needy Washington residents domiciled in Washington for at least one year before enrollment to use their state need grant awards if the students are enrolled half-time or more in Morehouse College, Howard University, Spelman College, Grambling State University, or Tuskegee University;
(3) Limit participation in the pilot project to no more than a total of one hundred students during the course of the project; and
(4) Report to the governor and appropriate committees of the legislature on the results of the pilot project.

Expires the pilot project on June 30, 2014.

Expires the duties of the higher education coordinating board relating to the pilot project on June 30, 2014.

**SB 5117** by Senators Hargrove, Kauffman, Stevens, Kline, and Marr; by request of Department of Social and Health Services

Companion Bill: 1226

Establishing intensive behavior support services.

**SUBSTITUTED FOR - SEE 1ST SUB**

Recognizes that the number of children who have developmental disabilities along with intense behaviors is increasing, and more families are seeking out-of-home placement for their children.

Declares an intent to create services and develop supports for these children, family members, and others involved in the children's lives to avoid disruption to families and eliminate the need for out-of-home placement.

Directs the department of social and health services to: (1) Maintain a federal waiver through which services may be provided to allow children with developmental disabilities and intense behaviors to maintain permanent and stable familial relationships; and

(2) Be the lead administrative agency for children's intensive behavior support services.

**SB 5117-S** by Senate Committee on Health & Long-Term Care (originally sponsored by Senators Hargrove, Kauffman, Stevens, Kline, and Marr; by request of Department of Social and Health Services)

**DIGEST AS ENACTED**

Recognizes that the number of children who have developmental disabilities along with intense behaviors is increasing, and more families are seeking out-of-home placement for their children.

Declares an intent to create services and develop supports for these children, family members, and others involved in the children's lives to avoid disruption to families and eliminate the need for out-of-home placement.

**-- 2009 REGULAR SESSION --**

Jan 14 First reading, referred to Environment, Water & Energy.

Feb 10 Public hearing in the Senate Committee on Environment and Water & Energy at 10:00 AM.

**SB 5119** by Senator Fairley

Eliminating the public exemptions accountability committee.

Eliminates the public records exemptions accountability committee.

Finds that: (1) The committee's review of exemptions has proven to be unproductive and, given the economic climate we are currently experiencing, it is an unnecessary and wasteful expenditure of time and resources; and

(2) The committee has not acted efficiently or effectively in carrying out its mandated charge and has provided, at most, limited guidance to the legislature.

Concludes that the continuation of the committee does not serve the public interest.

SB 5128 by Senators Jacobsen and Kline
Addressing natural resource impacts from off-road vehicle use.

Finds that the vast majority of off-road vehicle or ORV users in Washington state are law abiding and conscientious. However, as the population of Washington and the popularity of recreational ORV use have increased, unauthorized ORV use on public and private natural resource lands has resulted in significant natural resource damage.

Declares an intent to take steps to minimize further damage to public and private natural resource lands caused by unauthorized ORV use while also continuing to maximize outdoor recreation opportunities.

SB 5129 by Senators Jacobsen and Kline
Regarding the licensing of off-road vehicles.

Modifies use permit decal requirements for off-road vehicles.

(AS OF SENATE 2ND READING 3/12/09)

Recognizes that climate change poses a significant threat to Washington's economy, the health and welfare of its population, and its natural resources. Washington's water supply and natural resources are particularly vulnerable to temperature changes and shifts in precipitation patterns and could suffer devastating consequences if adaptive measures are not taken.

Declares it is in the public interest for the state to address the effects of climate change and to be able to plan for future climate change impacts.

Creates an integrated climate change response strategy with prioritized and coordinated climate change preparation and adaptation actions that state and local agencies, public and private businesses, tribes, and individuals can use to plan and prepare for the impacts of climate change through a collaborative process of on-going research, analysis, collection, and distribution of data and information.

Requires the departments of ecology, fish and wildlife, natural resources, and transportation to develop an integrated climate change response strategy to better enable state and local agencies, public and private businesses, nongovernmental organizations, and individuals to prepare for, address, and adapt to the impacts of climate change.

Directs the science advisory group to provide independent, nonrepresentational scientific advice to the department of ecology.

SB 5138-S2 by Senate Committee on Ways & Means (originally sponsored by Senators Rockefeller, Ranker, Jacobsen, Shin, Kohl-Welles, Kline, and Pridemore)

(AS OF SEPTEMBER 2ND READING 3/10/09)

Recognizes that climate change poses a significant threat to Washington's economy, the health and welfare of its population, and its natural resources. Washington's water supply and natural resources are particularly vulnerable to temperature changes and shifts in precipitation patterns and could suffer devastating consequences if adaptive measures are not taken.

Declares it is in the public interest for the state to address the effects of climate change and to be able to plan for future climate change impacts.

SB 5140  by Senators Shin, Kastama, McAuliffe, Jacobsen, Friderome, Keiser, Hatfield, Kohl-Welles, and Kline

Requiring language access services for persons with limited English proficiency in health care and insurance matters.

Finds that: (1) Hundreds of thousands of patients in Washington need interpretation and translation services to understand medical instructions and diagnoses and to communicate clearly with their health care providers;

(2) The health care system in the state is not currently meeting the needs of these patients, largely because of unanswered questions about how to fund needed language services;

(3) Studies document that limited English speakers are less likely to have a regular primary care provider or receive preventative care, and are more likely to experience medical errors, all of which lead to negative health outcomes and higher long-term costs to the health care system;

(4) Language barriers impede informed consent for treatment and surgical procedures, leaving health care organizations and providers vulnerable to potentially costly lawsuits;

(5) According to the 2005 American community survey, four hundred fifty-four thousand Washington residents speak English less than very well;

(6) Medicaid and the state children's health insurance program provide interpretation and translation services. Many private insurers and the Washington basic health plan do not;

(7) Quality language services lead to better health outcomes and long-term cost savings to the health care system, and the private and public sectors should share the responsibility of covering the cost of these vital services.

Requires the Washington basic health plan to provide interpretation services to limited English proficient enrollees.

Directs all health care service contractors that provide coverage for health care services to provide interpretation services or reimburse clinical health care providers, contract representatives, or administrators that are responsible for billing and claims services for providing interpretation services to limited English proficient enrolled participants.

Directs all health maintenance organizations that provide coverage for health care services to provide interpretation services or reimburse clinical health care providers, contract representatives, or administrators that are responsible for billing and claims services for providing interpretation services to limited English proficient enrolled participants.

Directs, for all disability insurance contracts that provide hospital and medical expenses and health care services, insurers to provide interpretation services or reimburse clinical health care providers, contract representatives, or administrators that are responsible for billing and claims services for providing interpretation services to limited English proficient insured individuals.

Establishes a working group on language access in health care in the department of health.

Requires the insurance commissioner to conduct a study of language issues that affect consumers who purchase health insurance contracts in the state of Washington.

Provides an effective date of January 1, 2011, for sections 4, 5, and 6 of the act.

Provides that section 3 of the act takes effect when funds are appropriated for its implementation.

Feb 26 Senate Rules "X" file.

SB 5142 by Senators Regala, Carrell, and Kline

Improving education and employment opportunities for individuals with criminal convictions.

Declares it is the policy of the state of Washington to encourage and contribute to the rehabilitation of felons and to assist them in the assumption of the responsibilities of citizenship. The legislature recognizes that realistic opportunities for meaningful and profitable employment are an essential ingredient to this goal. Occupations that require a license, permit, certificate, or registration to engage in an occupation should not be foreclosed from individuals with a criminal conviction solely on the basis of the conviction. Further, individuals with criminal convictions should be able to pursue training or educational opportunities with some certainty that they will be able to realize the end goal of obtaining employment in a chosen field. Whenever possible, licensing entities should provide guidance to those individuals as to those crimes or categories of crimes that may prevent the person from attaining a license, and positive steps that may assist the person in obtaining a license despite a criminal conviction.

Requires the director of the department of licensing or the director's designee to, within existing resources, review and recommend changes to the law and policies relating to licenses regulated by the uniform regulation of business and professions act to encourage the employment of individuals with criminal convictions while ensuring the safety of the public. Requires the director of the department of licensing to, by December 1, 2009, compile and thereafter maintain a guide to assist individuals with criminal convictions in identifying potential avenues of employment.

Expires section 3 of the act on January 1, 2010.

| Changing Washington's vesting laws. |
| Finds that: (1) The public interest is served when applications for new land use projects are assessed using the laws in effect at that time, not former versions that have been repealed or revised. Washington requires jurisdictions to update their land use and development laws and regulations on a regular basis. The public has an interest in ensuring that projects proposed during the public comment and approval process for these updates follow the new laws, not the version that has been replaced. Local governments have an interest in ensuring that their new laws are followed by all persons, without exemptions for those who were able to file for a permit application during the period of time the new law was proposed, enacted, and subject to appeal. Real estate developers have an interest in ensuring that everyone is required to follow the same laws, without an exemption for those who win a race to the permit counter when a change is proposed. The public has an interest in meaningfully commenting on large projects to ensure that they fit their community; and
| (2) Other states employ a vesting date of the time an application is approved, rather than when it is filed. Many states do so for all projects at all times, not just when changes to the law are proposed. Development in other states has been able to continue in a reasonable fashion. A later vesting date provides reasonable certainty for the development community while providing better protection of the public interest and improving the ability of local governments to comply with the legislature's land use and environmental protection goals and mandates. |
| Declares an intent to better protect the public interest by setting the vesting date for many projects as the date when permits are issued. The courts should construe this and related laws liberally to effectuate that purpose. |

(DIGEST AS ENACTED)

Allows, in counties with a population of more than four hundred thousand, by the presiding judge of the superior court having jurisdiction in that county, appointment of one or more attorneys to act as criminal commissioners to assist the superior court in disposing of adult criminal cases.

Requires the county legislative authority to approve the creation of criminal commissioner positions.

SB 5152 by Senators Kline, Rockefeller, McDermott, and Kohl-Welles

Creating a legislative task force on statutory construction.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that over the past decades, there have been instances in which statutes have been judicially construed differently than may have been intended and that it will be helpful to the judicial and legislative branches if the rules by which statutes are judicially construed are reviewed and better understood by both branches.

Declares an intent to create a broadly representative task force to review the existing rules of statutory construction, identify those rules that are appropriate for codification, and identify those rules that may, if revised, lead to improved comity between the legislative and judicial branches in determining public policy.

Establishes a legislative task force on statutory construction.

Requires the expenses of the task force to be paid jointly by the senate and the house of representatives.

Expires July 1, 2011.

Implementing a transfer of development rights program.

(SEE ALSO PROPOSED 1ST SUB)

Finds that a successful transfer of development rights program must consider existing affordable housing and economic development programs and policies in designated receiving areas. Counties, cities, and towns that decide to participate in the regional transfer of development rights program for central Puget Sound are encouraged to adopt comprehensive plan policies and development regulations to implement the program that do not compete or conflict with existing comprehensive plan policies and development regulations that require or encourage affordable housing. Participating cities and towns are also encouraged to use the development of receiving areas to maximize opportunities for economic development that supports creation or retention of jobs that exceed the average county wage. A regional transfer of development rights program in the central Puget Sound should be voluntary, incentive-based, and separate, but compatible with existing local transfer of development rights programs. Additional counties may benefit from participation in a regional transfer of development rights program in the future. Therefore, the regional transfer of development rights program should be established for
the central Puget Sound as the first phase of a program that can be expanded to other counties, replicated in other regions, or expanded statewide in the future.

Requires the department of community, trade, and economic development, subject to funding, to establish a regional transfer of development rights program in central Puget Sound, including King, Kitsap, Snohomish, and Pierce counties and the cities and towns within these counties.

**(DIGEST OF PROPOSED 1ST SUBSTITUTE)**

Finds that a successful transfer of development rights program must consider housing affordable to all economic segments of the population, and economic development programs and policies in designated receiving areas. Counties, cities, and towns that decide to participate in the regional transfer of development rights program for central Puget Sound are encouraged to adopt comprehensive plan policies and development regulations to implement the program that do not compete or conflict with comprehensive plan policies and development regulations that require or encourage affordable housing. Participating cities and towns are also encouraged to use the development of receiving areas to maximize opportunities for economic development that supports creation or retention of jobs. Additional counties may benefit from participation in a regional transfer of development rights program in the future. Therefore, the regional transfer of development rights program should be established for the central Puget Sound as the first phase of a program that can be expanded to other counties, replicated in other regions, or, at a future date, expanded statewide.

Requires the department of community, trade, and economic development, subject to funding for this specific purpose, to establish a regional transfer of development rights program in central Puget Sound, including King, Kitsap, Snohomish, and Pierce counties and the cities and towns within these counties.

Initiative 900, which also separately directs the state auditor to conduct independent, comprehensive performance audits of state and local government; and

(2) These actions by the legislature and the voters created two separate statutory directives for performance auditing by the state auditor. Both requirements remain in current law and this has resulted in conflicting and redundant statutory directives.

Declares an intent to repeal the citizen advisory board and related statutes enacted in the 2005 legislative session in order to remove these redundancies and conflicts, and to clarify the state auditor’s role and authority for conducting performance audits.

### SB 5169 by Senator Hargrove

Companion Bill: 1038

Regarding specialized forest products.

Finds that the specialized forest products work group created pursuant to section 2, chapter 392, Laws of 2007 produced a number of consensus recommendations to the legislature as to how the permitting requirements of chapter 76.48 RCW can be improved. In making recommendations, the work group focused on the goals enumerated in RCW 76.48.010.

Declares an intent to enact those recommendations contained in the report submitted to the legislature from the specialized forest products work group in December 2008 that require statutory modifications.

Declares an intent for the department of natural resources, along with other state and local agencies, to take those administrative actions necessary to execute the recommendations contained in the report that do not require statutory changes.

Modifies specialized forest products permit requirements addressed by chapter 76.48 RCW.

Creates the specialized forest products outreach and education account.

Reorganizes the specialized forest products laws found in chapter 76.48 RCW.

Provides penalties.

### SB 5170 by Senators Rockefeller and Parlette

Finds that: (1) In the 2005 legislative session, the legislature created a citizen advisory board to improve efficiency, effectiveness, and accountability in state government. The state auditor serves as a nonvoting member of this board. The board is to develop a work plan for conducting performance audits of state government, and the state auditor is to contract out for these performance audits. That legislation became effective in July 2005. In November 2005, Washington’s voters approved Initiative 900, which also separately directs the state auditor to conduct independent, comprehensive performance audits of state and local government; and

Companion Bill: 1247

Addressing the viewing of sexually explicit depictions of minors on the internet.

Declares that due to the changing nature of technology, offenders are now able to access child pornography in different ways, including in ways that may not constitute possession of depictions of a minor engaged in sexually explicit conduct, as that term is presently defined. By amending the current statute governing possession of depictions of a minor engaged in sexually explicit conduct, it is the intent of the legislature to ensure that intentional viewing of child pornography over the internet is subject to criminal penalty without limiting the scope of existing prohibitions on the possession of child pornography, including the possession of electronic depictions of a minor engaged in sexually explicit conduct.

SB 5196 by Senators Berkey, Swecker, Kauffman, Hobbs, King, Marr, Sheldon, Haugen, Franklin, Kilmer, Shin, Kohl-Welles, and McDermott

Increasing the personal needs allowance for persons receiving state-financed care.

Finds that: (1) Through the medicaid program, state and federal government fund long-term care, mental health, and medical services for many elderly persons and people with disabilities; and
(2) A significant portion of these individuals' social security benefits is retained by the state to assist with the cost of their care. Declares an intent to allow these individuals to retain for their own use a reasonable personal needs allowance. Requires, effective July 1, 2011, and each fiscal year thereafter, the personal needs allowance to be adjusted for economic trends and conditions by increasing the allowance by the percentage cost-of-living adjustment for old-age, survivors, and disability social security benefits as published by the federal social security administration.

VETO MESSAGE ON SSB 5199

May 6, 2009

To the Honorable President and Members, The Senate of the State of Washington

Ladies and Gentlemen:

I have approved, except for Sections 1 through 7, Substitute Senate Bill 5199 entitled:

"AN ACT Relating to public water supply system operators."

Sections 1 through 7 of Substitute Senate Bill 5199 are identical to Substitute House Bill 1283 that I signed on April 25, 2009. For this reason, I have vetoed Sections 1 through 7 of Substitute Senate Bill 5199. With the exception of sections 1 through 7 Substitute Senate Bill 5199 is approved.

Respectfully submitted,
Christine Gregoire

Prohibiting devices in schools that are designed to administer to a person or an animal an electric shock, charge, or impulse.

(SUBSTITUTED FOR - SEE 1ST SUB)

Prohibits a person from carrying onto, or possessing on, public or private elementary or secondary school premises, school-provided transportation, or areas of facilities while being used exclusively by public or private schools, any portable device, object, instrument, or device that is designed, redesigned, used, or intended to be used as a weapon to injure a person or an animal by an electric shock, charge, or impulse.

SB 5263-S by Senate Committee on Judiciary (originally sponsored by Senators Hargrove, Brandland, and Tom)

(DIGEST AS ENACTED)

Prohibits a person from carrying onto, or possessing on, public or private elementary or secondary school premises, school-provided transportation, or areas of facilities while being used exclusively by public or private schools: (1) Any portable device manufactured to function as a weapon and which is commonly known as a stun gun, including a projectile stun gun which projects wired probes that are attached to the device that emit an electrical charge designed to administer to a person or an animal an electric shock, charge, or impulse; or

(2) Any device, object, or instrument that is used or intended to be used as a weapon with the intent to injure a person by an electric shock, charge, or impulse.

Makes an exception to the prohibition if the device is possessed and used solely for the purpose approved by a school for use in a school-authorized event, lecture, or activity conducted on the school premises.

Prohibits a person who is not a commissioned law enforcement officer and who provides school security services under the direction of a school administrator from possessing a device listed in (1) or (2) above unless he or she has successfully completed training in the use of such device that is equivalent to the training received by commissioned law enforcement officers.

Regarding wildlife interactions.

**(SEE ALSO PROPOSED 1ST SUB)**

Finds that: (1) Healthy wildlife populations are a valuable and treasured public resource to the people of the state of Washington. However, as the human population increases, negative interactions between humans and wildlife will become more frequent; (2) Interactions between humans and wildlife can have significant financial impacts on the affected landowner; (3) The commercial agriculture, horticulture, and livestock industries are important components of the state economy that can be negatively impacted by interactions with wildlife. However, other landowners, both commercial and residential, may be faced with wildlife interactions that result in property damage; (4) It is in the best interests of the state for the department of fish and wildlife to respond quickly to wildlife damage complaints and to work with those affected to prevent and minimize negative interactions while maintaining healthy wildlife populations; and (5) Negative wildlife interactions can be best reduced by encouraging landowners to contribute, through their land management practices, to healthy wildlife populations and to provide access for related recreation.

Declarations an intent to provide a solution where all property owners have a potential avenue to petition the state for some mitigation of the damages caused by wildlife.

Provides that the act applies prospectively only and not retroactively. The act applies only to claims that arise on or after July 1, 2010. Claims under chapter 77.36 RCW (wildlife damage) that arise before July 1, 2010, must be adjudicated under chapter 77.36 RCW as it existed before July 1, 2010.

Expires section 12 of the act on July 30, 2014.

SB 5274  by Senators Hatfield, Schoesler, Morton, Honeyford, Shin, and Holmquist
Companion Bill: 1354
Regard the damage caused by wildlife.
Recognizes the importance of the state's commercial livestock industry and the value of healthy wildlife populations, which can damage crops and commercial livestock.
Finds that damage prevention is key to maintaining healthy wildlife populations and a thriving commercial livestock industry, and that the state, participants in wildlife recreation, and private landowners and tenants share the responsibility for damage prevention.
Declares that a timely and simplified process for resolving claims for damages caused by wildlife for commercial agricultural, horticultural, or commercial livestock products is beneficial to the claimant and the state.
Authorizes the director of the department of fish and wildlife or the director's designee to distribute money appropriated to reimburse the owner of commercial livestock that has been killed by predatory wildlife, or injured by predatory wildlife to such a degree that the market value of the commercial livestock has been diminished, if during the current fiscal biennium the department of fish and wildlife has received appropriations from either the state wildlife account or the general fund above the amounts specified in RCW 77.36.070 and 77.36.080 for the reimbursement of damage to commercial livestock.
Creates the commercial livestock valuation committee to assist the director of the department of fish and wildlife with the determination of the market value of killed or injured commercial livestock for the purposes of reimbursing the owner under RCW 77.36.040.

Companion Bill: 1165

Providing for the safe collection and disposal of unwanted drugs from residential sources through a producer provided and funded product stewardship program.

(SEE ALSO PROPOSED 2ND SUB)

Finds that: (1) A convenient, safe, secure, and environmentally sound product stewardship program for the collection, transportation, and disposal of unwanted drugs from residential sources may help to avoid accidental poisonings, decrease illegitimate access to drugs that can lead to abuse, and protect our surface and groundwater; and

(2) Producers of those drugs are the best entity to provide and finance the product stewardship program.

Requires every producer of covered products sold in or into Washington state to participate in a product stewardship program for unwanted products from residential sources.

Requires a producer, group of producers, or stewardship organization operating or intending to operate a product stewardship program to submit a product stewardship plan to the department of ecology before engaging in the collection of unwanted covered products.

Requires the department of ecology to: (1) Determine whether the plan complies with this act. If it approves a plan, the department shall notify the applicant of its decision and its reasons for rejecting the plan; (2) Send a written warning and a copy of the new chapter to a producer who is not participating in a product stewardship program approved by the department and whose covered product is being sold in or into the state; (3) Provide on its web site a list of all producers participating in product stewardship programs it has approved and a list of all producers it has identified as noncompliant; (4) Send a written warning and a copy of the new chapter to a drug wholesaler known to be selling a product in or into the state from producers who are not participating in a product stewardship program or who are not in compliance; (5) Annually invite comments from health care facilities, health care practitioners, pharmacists, local governments, and citizens on their satisfaction with the services provided by a product stewardship program; and

(6) Consult with the state board of pharmacy on proposed provisions of a product stewardship plan involving the secure...
collection, tracking, and handling of drugs collected under a product stewardship program.

Creates the pharmaceutical product stewardship program account.

Requires the board of pharmacy to send a written warning and a copy of the act and any rules adopted to implement the act to a producer who is not participating in a product stewardship program approved by the board and whose legend or nonlegend drug is being sold in or into the state.

Creates the pharmaceutical product stewardship program account.

Requires the director of the department of ecology to lend money from the state toxics control account to the pharmaceutical product stewardship account if necessary to ensure that money is available in the pharmaceutical product stewardship program account for the initial administration of the product stewardship program for unwanted drugs from residential sources.

Provides penalties.

**SB 5279-S** by Senate Committee on Health & Long-Term Care (originally sponsored by Senators Kline, Ranker, Rockefeller, Pridemore, Oemig, Regala, Franklin, Murray, Kaufman, Fairley, Kohl-Welles, Haugen, McAuliffe, Pflug, Shin, and McDermott)

*(SEE ALSO PROPOSED 2ND SUB)*

Requires, beginning January 1, 2013, every producer of legend or nonlegend drugs sold in or into the state to participate in a product stewardship program for unwanted legend and nonlegend drugs from residential sources.

Requires submission of a product stewardship plan to the board of pharmacy before engaging in the collection of unwanted legend or nonlegend drugs.

Requires the department of ecology to consult with the board of pharmacy on any element of the plan.

Authorizes the board of pharmacy to refuse, suspend, or revoke the license of a product stewardship program.

Requires the board of pharmacy to send a written warning and a copy of the act and any rules adopted to implement the act to a producer who is not participating in a product stewardship program approved by the board and whose legend or nonlegend drug is being sold in or into the state.

Authorizes the secretary of the department of health to establish fees for administering the act.

Creates the pharmaceutical product stewardship program account.

Requires the department of ecology to lend money from the state toxics control account to ensure that money is available in the pharmaceutical product stewardship program account for the initial administration of the product stewardship program.

Authorizes board of pharmacy, department of ecology, or department of health staff to access any facilities, property, or records of the product stewardship program as necessary to conduct inspections or investigate complaints.

Provides that a parent claiming a good cause exemption from WorkFirst participation must not be required to participate in any activities during the first ninety days following the birth of the child.

Prohibits the department of social and health services from reducing the grant to a single-parent household claiming a good cause exemption due to sanction for failure to participate in certain activities.

Authorizes the department to assign or seek out a volunteer or responsible family member to serve as a protective payee when a parent in need of certain treatment refuses to engage in that treatment.

VETO MESSAGE ON SSB 5286

May 15, 2009

To the Honorable President and Members,

The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill 5286 entitled:

"AN ACT Relating to exemptions from the WorkFirst program."

Under current law, the state may require a WorkFirst recipient with a child under one-year of age to get mental health treatment, alcohol or drug treatment, domestic violence services or parenting education even if the parent claims an exemption from participation in other WorkFirst activities. This bill gives the state the authority to require the parent to get help if needed, but reduces the state's ability to require participation as a condition of keeping the grant. If a parent refuses to participate, the Department of Social and Health Services (Department) could seek a volunteer to serve as a protective payee. However, under the interpretation of RCW 74.08.280 to limit liability and as a best practice, the Department would use contracted protective payees resulting in additional cost to the state.

I remain concerned about limiting the Department's ability to require a parent to receive treatment during the first ninety days. When I signed Second Substitute Senate Bill 6016 in 2007 creating the infant exemption, I signed the bill to support parents. Valuable time is lost if we wait three months to get a parent help with a drug or alcohol problem or domestic violence.

For these reasons I have vetoed Substitute Senate Bill 5286 in its entirety.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON ESSB 5288

May 6, 2009

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I have approved, except for Section 18, Engrossed Substitute Senate Bill 5288 entitled:

"AN ACT Relating to the supervision of offenders."

I am vetoing the emergency clause in Section 18. I have spoken with the Department of Corrections, and have been informed that they need time to implement the changes of the bill. They have begun preparing and will be ready to implement the changes August 1, 2009, but are not able to make these changes immediately. The elimination of the emergency clause will not affect the fiscal assumptions of the bill.

For this reason, I have vetoed Section 18 of Engrossed Substitute Senate Bill 5288. With the exception of Section 18, Engrossed Substitute Senate Bill 5288 is approved.

Respectfully submitted,
Christine Gregoire
Governor

Jan 11 Senate Rules "X" file.

I am returning, without my approval as to Section 2, Substitute Senate Bill 5318 entitled:

"AN ACT Relating to adding additional appropriate locations for the transfer of newborn children."

Section 2 of this bill requires the Department of Social and Health Services to collect and compile information, and to report annually to the Legislature beginning January 1, 2011 regarding the number and medical condition of newborns transferred at appropriate locations and newborns who are abandoned.

Legislators may well wish to request ad hoc reports from the department on this topic for the next few years to monitor the implementation of this legislation, but it is likely that, over time, the data in the report will not vary much from year to year. Legislative members and staff are likely to be uninterested in reading such a report even as the department must continue to produce it. I do not believe it is necessary to require this reporting requirement in statute.

For these reasons, I have vetoed Section 2 of Substitute Senate Bill 5318.

With the exception of Section 2, Substitute Senate Bill 5318 is approved.

Respectfully submitted,
Christine Gregoire
Governor

SB 5318 by Senators Kauffman, Kohl-Welles, Keiser, Jarrett, and Franklin

Adding additional appropriate locations for the transfer of newborn children.

(SUBSTITUTED FOR - SEE 1ST SUB)

Includes a medical clinic as an appropriate location for the transfer of newborn children.

Directs the department of social and health services to collect and compile information concerning the number and medical condition of newborns transferred under RCW 13.34.360 after the effective date of the act and the number and medical condition of newborns abandoned within the state who were not transferred under RCW 13.34.360 after the effective date of the act.

SB 5318-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators Kauffman, Kohl-Welles, Keiser, Jarrett, and Franklin)

(DIGEST AS ENACTED)

Includes a federally designated rural health clinic during its hours of operation as an appropriate location for the transfer of newborn children.

Provides that a federally designated rural health clinic is not required to provide ongoing medical care of a transferred newborn beyond that already required by law and may transfer the newborn to a hospital licensed under chapter 70.41 RCW.

Requires the federally designated rural health clinic to notify child protective services of a transfer of a newborn to a hospital.

Requires an appropriate location to post a sign indicating that the location is an appropriate place for the safe and legal transfer of a newborn.

SB 5334 by Senator Jacobsen
Ordering a report on interjurisdictional financing methods.

Finds that: (1) State and local responsibility for environmental and natural resources protection, cleanup and restoration, the selection of means of generating electric current, the selection of transportation modes and plans, water conservation, and storm water and sewerage treatment, often transcend local government boundaries and cover large regions of or even the entire state. The benefits of expenditures for such purposes also accrue across numerous governmental jurisdictions, yet too often it is only the state or one or a few local jurisdictions undertaking responsibility to finance these expenditures;

(2) This burden on the responsible jurisdiction constitutes an inequitable financial disincentive, thus discouraging or delaying needed undertakings, or resulting in suboptimal expenditures of financial and natural resource capital, in each case to the detriment of the health and welfare of the people and the natural resources of the state. This disparity between burdens and benefits can render socially, ecologically, and economically desirable projects financially unfeasible; and

(3) A new concept of public financing, referred to as interjurisdictional financing, would address this lack of connection between financing burdens and expenditure benefits, and bypass institutional barriers to the financing of integrated and beneficial projects.

Requires the state treasurer to provide a report to the fiscal and natural resources policy committees of the senate and house of representatives that analyzes the feasibility of financing state and local environmental protection, cleanup and restoration, the means of generating electric current, transportation modes and plans, water conservation and storm water and sewerage treatment, through the issuance of interjurisdictional financing as described in section 1 of the act.

SB 5346 by Senate Committee on Health & Long-Term Care (originally sponsored by Senators Keiser, Franklin, Marr, Parlette, Murray, and Kohl-Welles) (SUBSTITUTED FOR - SEE 2ND SUB)

Finds that: (1) The health care system in the nation and in Washington state costs nearly twice as much per capita as other industrialized nations; and
(2) The fragmentation and variation in administrative processes prevalent in our health care system contribute to the high cost of health care, putting it increasingly beyond the reach of small businesses and individuals in Washington.
Declares an intent to: (1) Establish streamlined and uniform procedures for payors and providers of health care services in the state; and
(2) Foster a continuous quality improvement cycle to simplify health care administration.
Directs the department of social and health services, the department of labor and industries, and the health care authority to cooperate with the insurance commissioner and adopt the processes, guidelines, and standards to streamline health care administration pursuant to the act.
Directs the insurance commissioner to designate one or more lead organizations to coordinate development of processes, guidelines, and standards to streamline health care administration and to be adopted by payors and providers of health care services operating in the state.

SB 5352 by Senate Committee on Transportation (originally sponsored by Senators Haugen and Marr; by request of Governor Gregoire)

(DIGEST AS ENACTED)

Makes transportation appropriations for 2009-2011.

VETO MESSAGE ON ESSB 5352
May 13, 2009
To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 215(2), 215(4), 217(9), 602 and 715, Engrossed Substitute Senate Bill 5352 entitled:

"AN ACT Relating to transportation funding and appropriations."

Section 215(2), page 19, Department of Transportation
This proviso requires the Department of Transportation (Department) to offer former property owners the "right of first repurchase" if the property was acquired through condemnation or threat of condemnation, and the property is to be sold as surplus because it is no longer needed for a public purpose. This proviso may hinder the Department's ability to utilize property it currently owns in future acquisition negotiations. It also may have the unintended consequence of restricting the Department's ability to get the best price for surplus property by limiting competition.

Section 215(4), page 20, Department of Transportation
This proviso makes an appropriation of $2,000,000 from the Water Pollution Account-State subject to passage of Substitute House Bill 1614. Since Substitute House Bill 1614 was not enacted, the appropriation lapses and this section is no longer required.

Section 217(9), page 22, Department of Transportation
This proviso makes an appropriation of $12,500,000 from the Water Pollution Account-State subject to passage of Substitute House Bill 1614. Since Substitute House Bill 1614 was not enacted, the appropriation lapses and this section is no longer required.

Section 602, pages 71-72, Department of Transportation
This section would have transportation agencies hire a consultant approved by the Department of Information Services to develop a "consolidated strategy and plan" to achieve cost savings resulting
from holistic virtualization, wide area network optimization, transition to alternative telecommunications systems, and migration to internal voice mail systems. A similar proviso in the omnibus operating budget (Section 143) requires the Department of Information Services to implement some or all of these strategies and to report on the savings to the Office of Financial Management and the fiscal committees of the Legislature.

The transportation budget does not contain funding to hire contractors to develop the plan. Rather than hiring a contractor, the Department can work with the Department of Information Services to learn from its experience with these strategies.

Section 715, pages 87-88, Department of Transportation
This section would give the Legislature the ability to designate property under the jurisdiction of the Department as “unused state-owned real property,” and direct the transfer and conveyance of such unused property, provided it is consistent with public interest. The Legislature could then direct the transfer and conveyance of such property to entities listed in statute as eligible recipients such as ports, utilities, other state agencies, cities, or counties. The value of such properties would be determined by the Legislature for “adequate consideration,” and would not require fair market value.

While the Legislature may possess the authority to direct the Department in the transfer and conveyance of unused properties, such decisions must be guided by clear criteria. This section does not set forth sufficient safeguards to determine how unused properties would be determined, how properties would be conveyed and transferred, or how values would be assigned to such properties.

For these reasons, I have vetoed Sections 215(2), 215(4), 217(9), 602 and 715.

With the exception of Sections 215(2), 215(4), 217(9), 602 and 715, Engrossed Substitute Senate Bill 5352 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

SB 5360  
by Senators Keiser, Brandland, Franklin, Murray, Brown, Ranker, Fraser, Parlette, and Kohl-Welles

Companion Bill: 1620

Establishing a community health care collaborative grant program.

(SUBSTITUTED FOR - SEE 1ST SUB)

Authorizes the Washington state health care authority, within funds appropriated for community health care collaborative grants, to award grants for community-based health care collaborative programs that increase access to appropriate, affordable health care for Washington residents, consistent with requirements established by the act.

Establishes the community health care collaborative grant program to further the efforts of community-based coalitions to increase access to appropriate, affordable health care for Washington residents, particularly employed low-income persons and children in school who are uninsured and underinsured.

SB 5360-S  
by Senate Committee on Health & Long-Term Care

(orignally sponsored by Senators Keiser, Brandland, Franklin, Murray, Brown, Ranker, Fraser, Parlette, and Kohl-Welles)

(DIGEST AS ENACTED)

Establishes the community health care collaborative grant program to further the efforts of community-based coalitions to increase access to appropriate, affordable health care for Washington residents, particularly employed low-income persons and children in school who are uninsured and underinsured.

Directs the Washington state health care authority to: (1) Provide administrative support for the program; and (2) Endeavor to disburse community health care collaborative grant funds throughout the state, supporting collaborative initiatives of differing sizes and scales, serving at-risk populations.

VETO MESSAGE ON SSB 5360

April 30, 2009

To the Honorable President and Members,

The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 3, Substitute Senate Bill 5360 entitled:
AN ACT Relating to community health care collaborative grants.

Section 3 requires the administrator of the Health Care Authority to produce a report every two years. In difficult economic times, producing additional reports will only further strain limited funding and staff time. If legislators or governors require further information on the performance of the grant program, they can simply request such information from the Health Care Authority. For this reason, I have vetoed Section 3 of Substitute Senate Bill 5360.

With the exception of Section 3, Substitute Senate Bill No. 5360 is approved.

Respectfully submitted, Christine Gregoire
Governor

SB 5361 by Senators McDermott, Swecker, Pridemore, Oemig, Marr, Jarrett, Kohl-Welles, Fraser, Kline, Murray, Kastama, McCaslin, Shin, Haugen, and Kilmer

Companion Bill: 1416

Feeding hungry children through school breakfast and lunch programs and summer food service programs.

(SEE ALSO PROPOSED 1ST SUB)

Declares an intent to: (1) Maintain its current commitment, to the maximum extent possible, to feed hungry low-income students in public schools at no cost to the students;
(2) Ensure that all low-income students in public schools receive a nutritious school breakfast at no charge, and all low-income students in elementary schools receive school lunch at no charge;
(3) Phase in the free provision of school lunches to all low-income students at all grade levels; and
(4) Invest strategically in capacity building and provision of meals to low-income children during the summer months because children continue to need nutritious meals when school is not in operation during the summer.

Directs the legislature to appropriate funds for allocation to school districts sufficient to eliminate the copayment for breakfast for all students qualifying for reduced-price lunch; and in any school that enrolls students in any of grades preschool through six, eliminate the copayment for lunch for all students qualifying for reduced-price lunch in the school.

Directs the superintendent of public instruction to: (1) Provide state support for summer food service programs, to the extent funds are appropriated; and
(2) Conduct two cycles of grant awards per school year, with a fall cycle of grants of up to twenty thousand dollars to build local capacity to provide summer food service programs and a spring cycle of grants of up to five thousand dollars for expenses related to providing outreach and for planning and administrative tasks associated with initiating a new program.

SB 5361-S by Senate Committee on Early Learning & K-12 Education (originally sponsored by Senators McDermott, Swecker, Pridemore, Oemig, Marr, Jarrett, Kohl-Welles, Fraser, Kline, Murray, Kastama, McCaslin, Shin, Haugen, and Kilmer)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Requires funds, subject to appropriation, to be allocated to school districts sufficient to eliminate the copayment for breakfast for all students qualifying for reduced-price lunch and to eliminate the copayment for lunch for any students in grades kindergarten through three that qualify for reduced-price lunch.

Directs the superintendent of public instruction: (1) To the extent funds are appropriated, to eliminate the copayment for lunch for any students in grades preschool through five that qualify for reduced-price lunch;
(2) To the extent funds are appropriated, to provide state support for summer food service programs; and
(3) To conduct two cycles of grant awards per school year, with a fall cycle of grants of up to twenty thousand dollars to build local capacity to provide summer food service programs and a spring cycle of grants of up to five thousand dollars for expenses related to providing outreach and for planning and administrative tasks associated with initiating a new program.

Creates the residential infrastructure program in the department of community, trade, and economic development to provide loans to eligible jurisdictions and grants to nonprofit organizations for public infrastructure that supports increased capacity for dense, affordable residential development in transit- proximate areas.

Authorizes the department of community, trade, and economic development to provide direct loans to eligible jurisdictions for projects meeting certain requirements or to provide grants to nonprofit organizations for projects meeting certain requirements.

Requires the department of community, trade, and economic development to: (1) Determine each year the total amount of funding available in loans and grants and each county's share based on the percentage of statewide real estate excise tax collections that came from the county, and establish the total amount of financial assistance to be appropriated to eligible jurisdiction and nonprofit organization applicants in each county;

(2) Announce to all known interested parties, and through major media throughout the state, a competitive application period for each county of at least ninety days' duration; and

(3) Establish a competitive process for loan and grant awards within each county and review and prioritize proposals in consultation with the public works board and the transportation improvement board or designees selected by those boards to represent them, as well as county government.

Creates the residential infrastructure account.

Directs the state treasurer to transfer the excess real estate excise tax growth amount from the general fund to the residential infrastructure account and the public facilities construction loan revolving account.

Requires the director of the office of financial management to notify: (1) The state treasurer of the amount to be transferred to the residential infrastructure account and the public facilities construction loan revolving account; and

(2) The department of community, trade, and economic development to: (1) Determine each year the total amount of funding available in loans and grants and to establish the total amount of financial assistance to be appropriated to eligible jurisdiction and nonprofit organization applicants based on the total amount of money appropriated to the program, the quality of applications received, and the best available projections of total revenue likely to be available for the program for the subsequent three years;

SB 5378 by Senator Eide

Regarding accreditation of digital learning programs.

(AS OF SENATE 2ND READING 3/03/09)

Requires state-funded public schools or public school programs whose primary purpose is to provide digital learning programs to receive accreditation through the northwest association of accredited schools, a national accreditation program, or an accreditation program listed by the office of the superintendent of public instruction with the endorsement of the Washington coalition for online learning.

SB 5379 by Senators Eide, McAuliffe, and Hobbs

Companion Bill: 1383

Equalizing school district salary allocations.

(SEE ALSO PROPOSED 1ST SUB)

Declares an intent to begin a six-year process, beginning with the 2009–10 school year, to equalize the salary allocations to school districts for state-funded staff pursuant to state basic education appropriation sections of the biennial budget. By the 2014-15 school year, the salary allocation amounts received by school districts for certificated instructional staff, classified staff, and certificated administrative staff shall be the same.

Requires a district's levy base, for levy collections in calendar years 2010 through 2015, in addition to certain other allocations, to include the difference between the salary allocations received in the prior school year and salary allocation amounts that would have been received if the provisions of section 1 of the act had been
in effect for each respective school year, reduced by the additional allocations actually received pursuant to section 1 of the act.

SB 5379-S by Senate Committee on Early Learning & K-12 Education (originally sponsored by Senators Eide, McAuliffe, and Hobbs)

Concerning equity in school district salary allocations.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares an intent to begin a six-year process, beginning with the 2009-10 school year, to equalize the salary allocations to school districts for state-funded staff pursuant to state basic education appropriation sections of the biennial budget. By the 2014-15 school year, the salary allocation amounts received by school districts for certificated instructional staff, classified staff, and certificated administrative staff shall be the same.

Regarding high-performance public buildings.

Requires all major facility projects of public agencies receiving any funding in a state capital budget, or projects financed through a financing contract as defined in RCW 39.94.020, that are four stories or under, to use wood and wood products as building materials for construction.

--- 2009 REGULAR SESSION ---

Jan 21 First reading, referred to Environment, Water & Energy.
Feb 13 Public hearing in the Senate Committee on Environment and Water & Energy at 8:00 AM.

SB 5385 by Senators Hargrove, Morton, Rockefeller, Hatfield, and Shin

Requiring a review of the embodied energy costs during the design of a public facility.

Finds that research has shown the importance of reducing environmental impacts through building design. The primary focus on building designs has been an attempt to reduce heating and cooling requirements over the course of a building's lifetime. However, what has been overlooked are opportunities to reduce greenhouse gas emissions and other environmental impacts at earlier stages in the building and construction design process. The selection of building materials and products, such as using wood and wood products in the design stage, provides substantial opportunities to reduce greenhouse gas emissions. A key component of life-cycle cost analysis is the energy expended in the manufacturing and production of the building materials being considered in the construction of public facilities.

Requires the department of general administration, in consultation with affected public agencies, to develop and issue guidelines that must contain provisions that establish a method for calculating the embodied energy used in building materials for construction.

SB 5386 by Senators Carrell, Roach, Kastama, McCaslin, and Regala

Companion Bill: 1403
Addressing the detection of motorcycles and bicycles at vehicle-activated traffic control signals.

Finds that: (1) It is the policy of the state of Washington to provide for the safe and efficient use of public roads and highways by all types of vehicles that are authorized to use these roads and highways; (2) Many existing vehicle-activated traffic control signals are operated or installed in a manner that does not allow for the routine and reliable detection of motorcycles and bicycles necessary for signal change; and (3) It is the policy of the legislature that this problem be avoided in all new and substantially upgraded vehicle-activated traffic control signals and that existing vehicle-activated traffic control signals be operated to detect motorcycles and bicycles where currently capable consistent with safe traffic control.

Regulates the adjusting, replacing, and updating of vehicle-activated traffic control signals to ensure detection of motorcycles and bicycles.

Companion Bill: 1115
Concerning animal trapping.

Authorizes the fish and wildlife commission to manage the trapping of wild animals in Washington.

Requires a person to possess a department-issued Washington trapping license in order to lawfully trap wild animals in the state.

Requires the department of fish and wildlife to:
(1) Establish a program for training persons in trapping techniques and responsibilities, including the use of trapping devices designed to painlessly capture or instantly kill; and
(2) Cooperate with Washington-based animal shelters, humane organizations, wildlife rehabilitation centers and similar entities providing animal care and rehabilitation services, hunter education groups, and Washington-based trapping organizations in the development and instruction of a curriculum for the training program.

Requires the fish and wildlife commission to:
(1) Adopt and maintain a list of body-gripping traps that may be lawfully used;
(2) Adopt specific trap types for specific animal problems that are the most humane effective traps for the targeted animal problem; and
(3) Convene and maintain a trap type advisory panel to provide recommendations and guidance for identifying humane traps to be used for managing animal problems.

Provides penalties.

-- 2009 REGULAR SESSION --

Jan 21 First reading, referred to Transportation.
Feb 3 Public hearing in the Senate Committee on Transportation at 1:30 PM.

SB 5393

Establishing the emergency management, preparedness, and assistance account.

Finds that: (1) Recent events have demonstrated the need for a coordinated, comprehensive all-hazards disaster planning effort; (2) Washington ranks fifteenth in the nation for federally declared disasters with fourteen disasters in the last ten years; and (3) The economic impact from just the 2007 disasters alone is estimated at over five hundred million dollars. In response, Washington state and its local governments have implemented all-hazards emergency management and disaster response plans. However, recent studies have revealed the lack of a secure funding source impedes our ability statewide from fully integrating and coordinating comprehensive disaster preparedness planning.

Declares an intent to strengthen state and local emergency response, mitigation, preparation, and coordination by establishing a stable source of funding. The funding will be dedicated to the development and coordination of state and local government emergency management programs to a recognized baseline standard. The baseline will be determined by a gap analysis of state and local emergency management programs.

Creates the emergency management, preparedness, and assistance account.

Imposes an annual surcharge of one and one-third percent per policy on every homeowner’s, mobile homeowner’s, manufactured homeowner’s, tenant homeowner’s, and condominium unit owner’s insurance policy, and commercial fire, commercial multiple peril, and business owner’s property insurance policy, issued or renewed on or after the effective date of section 3 of the act.

Directs the Washington military department to administer the emergency management, preparedness, and assistance account and to establish rules for its administration in consultation with the emergency management council and the Washington state emergency management association.

Directs the emergency management council to accomplish a baseline assessment of all emergency management programs that
receive federal emergency management performance grant funds within six months after the effective date of section 5 of the act.

Requires the joint legislative audit and review committee to study and review the performance of the programs implemented under the act.

Regarding alternative public works contracting procedures.

Allows the capital projects advisory review board to develop guidelines to be used by the project review committee for the review and approval of design-build demonstration projects that procure operations and maintenance services.

Directs the project review committee to: (1) Review and approve not more than ten projects using the design-build contracting procedure by certified and noncertified public bodies for projects that have a total project cost between two million and ten million dollars;

(2) Report, in June 2010, to the capital projects advisory review board regarding the committee's review procedure of these projects and its recommendations for further use; and

(3) Review and approve not more than two design-build demonstration projects that include procurement of operations and maintenance services for a period longer than three years.

Allows public bodies to use the design-build procedure for public works projects in which the total project cost is between two million and ten million dollars if certain conditions are met and subject to the process in RCW 39.10.280.

Allows a public body to seek committee approval for a design-build demonstration project that includes procurement of operations and maintenance services for a period longer than three years, subject to the process in RCW 39.10.280.

Requires a public body to establish a time and place for the opening of sealed bids for the percent fee on the estimated maximum allowable construction cost and the fixed amount for the general conditions work specified in the request for proposal.

Companion Bill: 1440

SB 5414 by Senators McAuliffe, King, Oemig, and McDermott

Implementing recommendations of the WASL legislative work group.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that: (1) A statewide student assessment system should improve and inform classroom instruction, support accountability, and provide useful information to all levels of the educational system;

(2) Components of the assessment system should: (a) be instructionally supportive formative assessments, (b) be a state-administered summative achievement assessment that can be used as a check on the educational system in order to guide state expectations for the instruction of children and satisfy legislative demands for accountability, and (c) include classroom-based assessments, which may be formative, summative, or both;

(3) To sustain a strong and viable assessment system, preservice and ongoing training should be provided for teachers and administrators on the effective use of different types of assessments; and

(4) As the statewide data system is developed, data should be collected for all state-required statewide assessments to be used for accountability and to monitor overall student achievement.

Declares an intent to redesign the current statewide system, in accordance with the recommendations of the Washington assessment of student learning legislative work group.

Requires the superintendent of public instruction, in consultation with the state board of education, to begin design and development of an overall assessment system that meets the principles and characteristics described in section 1 of the act.

Providing incentives for solar electric power.

Provides incentives for solar electric power.
Declares an intent to: (1) Increase incentive payments to businesses installing solar power for use on-site; (2) Prevent increases in property tax valuation from solar power installation; and (3) Provide additional incentives for solar power installation.

Provides that property equipped with solar energy systems for the purpose of heating, cooling, or generating electrical energy is exempt from ad valorem taxation in an amount that equals any positive amount obtained by subtracting the real market value of the property, as if it were not equipped with such systems, from the real market value of the property so equipped.

Allows a credit against the tax imposed under chapter 82.04 RCW, subject to the limits and provisions of section 5 of the act, for a taxpayer that either: (1) Installs one or more solar energy systems during the taxable year for commercial or industrial purposes in the taxpayer's trade or business facility located in this state; or
(2) Receives certification from the department of revenue recognizing its financing and the installation, in a facility located in this state, of one or more solar energy systems during the taxable year by a third-party organization that is exempt from taxation imposed under chapter 82.04 RCW.

VETO MESSAGE ON 2SSB 5433

May 19, 2009

To the Honorable President and Members,

The Senate of the State of Washington

Ladies and Gentlemen:

I have approved, except for Sections 8, 9, 10 and 11, Second Substitute Senate Bill 5433 entitled:
"AN ACT Relating to modifying provisions of local option taxes."

This bill allows local governments flexibility to better use current revenues sources and additional options for transportation funding. Sections 8 through 11 would have given transit agencies the option of asking voters for up to $20 per vehicle per year to expand local transit capacity and fund transit-related expenses. Local entities currently have authority under a transportation benefit district to impose a vehicle fee that can be used for transportation operating, maintenance and capital investments. In addition, the 2009-11 transportation budget appropriates funds to the Joint Transportation Committee to conduct a study of alternative revenue sources of transportation funding; so dedicating a specific revenue source now is premature and impacts future decision-making flexibility.

For these reasons, I have vetoed Sections 8, 9, 10 and 11 of Second Substitute Senate Bill 5433.

With the exception of Sections 8, 9, 10 and 11, Second Substitute Senate Bill 5433 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

(DIGEST AS ENACTED)

VETO MESSAGE ON SSB 5436

May 19, 2009

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I have approved, except for Sections 4 and 5, Substitute Senate Bill 5436 entitled:

"AN ACT Relating to payment arrangements involving direct practices."

Section 4 would subject direct patient-provider primary care practices to the assessments used to fund the Washington State Health Insurance Pool. I am concerned that this requirement would increase the cost of such practices at the very time businesses and individuals are badly in need of more affordable health care options.

Section 5 would require a direct practice to submit its advertising and marketing materials to the Insurance Commissioner for approval at least thirty days prior to use. The bill fails to indicate, however, the criteria against which these materials would be reviewed. This section also duplicates protections existing in current law, imposing needless administrative expenses on both these practices and the Commissioner's Office.

For these reasons, I have vetoed Sections 4 and 5 of Substitute Senate Bill 5436.

With the exception of Sections 4 and 5, Substitute Senate Bill 5436 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

SB 5441 by Senators Eide, Zarelli, Marr, Honeyford, Hargrove, Morton, Hatfield, Holmquist, Schoesler, Sheldon, Delvin, Shin, Hewitt, Kline, and Benton

Companion Bill: 1610

Creating incentives for the use of biomass in renewable energy production.

(SEE ALSO PROPOSED 1ST SUB)

Finds that: (1) Communities across the state have natural resource-based economies and rely on the use of biomass fuels to generate electricity for use in manufacturing and to serve local residents;

(2) In 2007, citizens of the state authorized a law (chapter 19.285 RCW) requiring electric utilities that serve more than twenty-five thousand customers in Washington to obtain fifteen percent of their electricity from new renewable resources by 2020 and to meet energy conservation goals;

(3) Eight other western states have renewable energy standards, but most of those other laws, unlike chapter 19.285 RCW, allow existing biomass resources to count as renewable energy resources; and

(4) By discriminating against our state's natural assets for producing renewable energy, chapter 19.285 RCW obligates local electric utilities to acquire more expensive renewable resource technologies.

Declares that chapter 19.285 RCW should be amended to preserve our low electricity costs and its economic benefits to urban and rural communities alike, and to promote further development of the low cost, climate-friendly biomass resources that form the foundation of our present and future clean energy economy.

Allows harvesters a credit against the amount of business and occupation tax otherwise due. Exempts the use or sale of forest derived biomass used to produce electricity, steam, heat, or biofuel from the sales and use tax.

Defining "principal residence" for the purpose of relocation of a child.

(AS OF SENATE 2ND READING 3/11/09)

Defines "principal residence" for the purpose of relocation of a child.

SB 5453-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators Kastama and Franklin)

(NOT SUBSTITUTED FOR - SEE ORIGINAL BILL)

Clarifies that parents who share custody of their child or children equally pursuant to a parenting plan are each obligated to advise the other parent if there is an intent to relocate. Recognizes that a different result was created by the court of appeals' decision in Spring v. Spring and the purpose of the act is to prevent a similar result in such circumstances by requiring that a notice of intent to relocate be given in all circumstances in which a parent intends to relocate.

Provides that the act is to be applied retroactively to all parenting plans which are in effect as of the effective date of the act.

SB 5456 by Senator Oemig

Creating the office of the citizen advocate.

Declares an intent to establish, in addition to other remedies or rights of appeal of any person under state law, an independent, impartial state office, readily available to the public and accountable to the legislature. The office shall be empowered to investigate the acts of state administrative agencies and to recommend appropriate changes toward the goals of safeguarding the rights of persons and of achieving higher levels of competency, efficiency, and justice in the administration of state laws.

Creates an office within the legislative branch to be known as the citizen advocate.

Requires the office of the citizen advocate to review the powers and duties of the mental health ombudsman, the office of family and children's ombudsman, and the long-term care ombudsman and based on those reviews make certain recommendations to the legislature.

Abolishes the office of the ombudsman for workers of industrial insurance self-insured employers, the office of the education ombudsman, the special education ombudsman program located within the office of the superintendent of public instruction, and the office of the family and children's ombudsman.

Creates the citizen advocate administrative account.

SB 5458 by Senators Marr, Swecker, Haugen, King, and Shin; by request of Office of Financial Management

Companion Bill: 1978

Concerning economic stimulus transportation funding and appropriations.

(SEE ALSO PROPOSED 1ST SUB)
Declares it is the intent of the governor and the legislature to stimulate Washington's lagging economy and reduce the state's unemployment rate by quickly putting people to work on infrastructure projects that will promote safety, relieve traffic congestion, and make long-term investments that will provide benefits into the future.

Adopts the economic stimulus transportation budget.

**SB 5458-S** by Senate Committee on Transportation (originally sponsored by Senators Marr, Swecker, Haugen, King, and Shin; by request of Office of Financial Management)

*(DIGEST OF PROPOSED 1ST SUBSTITUTE)*

Finds that: (1) President Barack Obama and the 111th Congress have enacted the American Recovery and Reinvestment Act of 2009 in an effort to stimulate the American economy, create and save jobs, and speed recovery from one of the deepest economic recessions in recent history. The act includes 492 million dollars in federal transportation funding for Washington state and local highway projects and 179 million dollars for local transit agency improvement projects; (2) The act includes over 11 billion dollars in new funding for competitive national grant programs for highways of regional significance, ferries, and rail priorities; (3) Washington state is well positioned to deliver infrastructure projects in one hundred twenty days, as is required for at least half of the state's share of federal stimulus highway funds, and expects to receive additional funds that other states are unable to use in this time frame; and (4) The state's work to date on projects funded through the "nickel" and "transportation partnership" funding acts means that many regionally significant projects are poised to compete well for nationally available funds.

Declares an intent to revitalize Washington's economy and reduce the state's unemployment rate by quickly putting people to work around the state on projects that promote safety, relieve traffic congestion, and preserve long-term investments that will provide benefits into the future. Such projects will be constructed quickly and will generate a significant number of jobs, thereby strengthening Washington's economy and its families seeking work.

Creating multiple measures to meet high school graduation requirements.

Declares an intent to account for a student's entire high school academic history by implementing an assessment system that evaluates a student's readiness to graduate based on multiple measures. This method recognizes all of the state's graduation requirements, considers the academic impact and benefit of each, and puts all in proper perspective.

Allows every student the opportunity to graduate with a high school diploma by obtaining a set weighted graduation score, as established by the state board of education, in relation to his or her performance in the entire multiple measures high school assessment system, as calculated under section 2 (2) of the act.

**DIGEST OF PROPOSED 1ST SUBSTITUTE**

Directs that a comprehensive strategy for lakes protection and restoration be developed, portions of which may be implemented within current authority and funding, and that the strategy further include recommendations for further legislative authorization and funding to achieve a comprehensive statewide lakes protection and restoration program.

Requires the department of ecology to prepare a comprehensive lakes management strategic plan to guide state programs that provide technical and financial assistance to other state agencies, local governments, special purpose districts, and nongovernmental entities for the protection and restoration of the state’s freshwater lakes.

**SB 5486-S** by Senate Committee on Ways & Means (originally sponsored by Senators Fraser, Carrell, Jacobsen, Swecker, Kilmer, and Shin)

Requiring a comprehensive lakes management strategic plan.

**SEE ALSO PROPOSED 1ST SUB**

Finds that: (1) Freshwater lakes are vital to the state’s economy and environment, and serve as a source of recreational and scenic enjoyment; (2) Currently more than two hundred lakes, or twenty-five percent of the publicly accessible lakes within Washington state, have impaired water quality conditions or are at risk for impairment; and (3) Legislative studies a decade ago identified several programmatic recommendations to strengthen state and local responses to degradation in the health of lakes.

Directs that a comprehensive strategy for lakes protection and restoration be developed, portions of which may be implemented within current authority and funding, and that the strategy further include recommendations for further legislative authorization and funding to achieve a comprehensive statewide lakes protection and restoration program.

ReQUIRES the department of ecology to prepare a comprehensive lakes management strategic plan to guide state programs that provide technical and financial assistance to other state agencies, local governments, special purpose districts, and nongovernmental entities for the protection and restoration of the state’s freshwater lakes.
Provides that the act is null and void if appropriations are not approved.

VETO MESSAGE ON SSB 5499

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 2, Substitute Senate Bill 5499 entitled:

"AN ACT Relating to bond amounts for department of transportation highway contracts."

Section 2 of this bill requires the Governor to approve any contracts in which the Washington State Department of Transportation intends to authorize bonds in an amount less than the full contract price of the contract.

Section 1 of the bill requires the Office of Financial Management to approve risk guidelines developed by the Department of Transportation prior to authorizing bonds in an amount less than the full price of the contract. Section 1 also requires the Office of Financial Management to review and approve the decision of the Secretary of Transportation to authorize a bond in an amount less than the full price of the contract prior to proceeding with the contract. Approval from the Office of Financial Management of the risk guidelines, as well as review of pending contracts constitutes sufficient oversight by the Governor’s office of highway contract decisions. Requiring subsequent approval from the Governor is redundant and is not a necessary statutory requirement.

For these reasons, I have vetoed Section 2 of Substitute Senate Bill 5499.

SB 5499 by Senators Jarrett, Swecker, Haugen, Marr, and Shin; by request of Department of Transportation

Concerning bond amounts for department of transportation highway contracts.

(SUBSTITUTED FOR - SEE 1ST SUB)

Allows the department of transportation to authorize bonds in an amount less than the full contract price of a project on highway construction contracts administered by the department of transportation with an estimated contract price of two hundred fifty million dollars or more.

Expires June 30, 2016.

SB 5499-S by Senate Committee on Transportation (originally sponsored by Senators Jarrett, Swecker, Haugen, Marr, and Shin; by request of Department of Transportation)

(DIGEST AS ENACTED)

Allows the department of transportation to authorize bonds in an amount less than the full contract price of a project on highway construction contracts administered by the department with an estimated contract price of two hundred fifty million dollars or more.

Requires the office of financial management, before the secretary of the department of transportation may approve any bond authorized to be less than the full contract price of a project, to review and approve the analysis supporting the amount of the bond set by the department.

Expires June 30, 2016.

SB 5501

by Senators Keiser, Pflug, Franklin, Parlette, Murray, and Kohl-Welles

Concerning the secure exchange of health information.

(SUBMITTED FOR - SEE 1ST SUB)

Finds that: (1) The inability to securely share critical health information between practitioners inhibits the delivery of safe, efficient care;

(2) Consumers are unable to act as fully informed participants in their care unless they have ready access to their own health information;

(3) The blue ribbon commission on health care costs and access found that the development of a system to provide electronic access to patient information anywhere in the state was a key to improving health care; and

(4) In 2005, the legislature established a health information infrastructure advisory board to develop a strategy for the adoption and use of health information technologies that are consistent with emerging national standards and promote interoperability of health information systems.

Requires the administrator of the state health care authority to designate one or more lead organizations to coordinate development of processes, guidelines, and standards to improve patient access to and control of their own health care information and to implement methods for the secure exchange of clinical data.

Requires the office of financial management to contract with an independent research organization to evaluate implementation of the act’s provisions.

SB 5501-S

by Senate Committee on Ways & Means (originally sponsored by Senators Keiser, Pflug, Franklin, Parlette, Murray, and Kohl-Welles)

(DIGEST AS ENACTED)

Requires the administrator of the state health care authority to designate one or more lead organizations to coordinate development of processes, guidelines, and standards to: (1) Improve patient access to and control of their own health care information, enabling their active participation in their own health care; and

(2) Implement methods for the secure exchange of clinical data as a means to promote continuity of care, quality of care, patient safety, and efficiency in medical practices.

SB 5502

by Senators Keiser, Pflug, Franklin, Murray, Roach, Marr, Kohl-Welles, and Shin

Establishing the primary care physician conditional tuition waiver program.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that there is a critical shortage of primary care physicians in the state especially in rural areas.

Declares an intent to create incentives for medical school students to choose primary care practice for their medical careers.

Establishes the primary care physician conditional tuition waiver program to be administered by the University of Washington.

Creates the primary care physician conditional tuition waiver account.

Provides that, within funds appropriated to the department of health for this purpose, and with the goal of increasing the number of family medicine residency positions at community health centers, and thereby increasing the number of family medicine physicians working in underserved settings, a family medicine residency training grant program is created.
Creates the family medicine residency training account. Requires funding for graduate medical education to be directed toward residents in training in family medicine, internal medicine, and pediatrics who plan to pursue primary care following their residency programs.

SB 5502-S by Senate Committee on Higher Education & Workforce Development (originally sponsored by Senators Keiser, Pflug, Franklin, Murray, Roach, Marr, Kohl-Welles, and Shin)

(AS OF SENATE 2ND READING 3/09/09)

Finds that there is a critical shortage of primary care physicians in the state especially in rural areas.

Declares an intent to create incentives for medical school students to choose primary care practice for their medical careers.

Establishes the primary care physician conditional tuition waiver program to be administered by the University of Washington.

Requires the University of Washington to provide medical school students with information about the growth of patient and family-centered primary care medical homes throughout the state as a desirable and important strategy to improve quality of care.

Requires the University of Washington family medicine residency network to make every reasonable effort to work with community physicians to establish additional accredited new sites in underserved Washington to train primary care practice professionals, including physicians in family medicine, internal medicine, or pediatrics.

Expires July 1, 2019.

Protecting lake water quality by reducing phosphorus from lawn fertilizers.

Finds that: (1) Phosphorus loading of surface waters can stimulate the growth of weeds and algae. This growth can have adverse environmental, health, and aesthetic effects; (2) Lawn fertilizers contribute to phosphorus loading;

(3) Turf fertilizers containing no or very low amounts of phosphorus are readily available; and
(4) While significant reductions of phosphorus from laundry detergent and dishwashing detergent have been achieved, similar progress in reducing phosphorus contributions from turf fertilizer has not been accomplished.

Declares an intent to significantly limit the use of fertilizers containing the plant nutrient phosphorus.

Prohibits a person, under certain conditions, from applying a fertilizer containing the plant nutrient phosphorus to turf.

Prohibits a person from applying a fertilizer to an impervious surface.

Provides penalties.

Ladies and Gentlemen:

The Senate of the State of Washington

May 11, 2009

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I have approved, except for Section 4, Senate Bill 5525 entitled:

"AN ACT Relating to rental vouchers to allow release from state institutions."

This section requires a report from the Department of Corrections to the Legislature on December 1, 2009 regarding the number of rental vouchers issued to offenders and any corresponding sanction history for those offenders receiving vouchers. No funding is included in the budget for this report. I am directing the Department to keep track of information related to this bill.

For this reason, I have vetoed Section 4 of Senate Bill 5525. With the exception of Section 4, Senate Bill 5525 is approved.

Respectfully submitted,
Christine Gregoire
Governor

SB 5526 by Senators Fairley, Roach, Zarelli, Murray, Kilmer, Shin, and Kohl-Welles; by request of University of Washington

Companion Bill: 1640

Modifying disclosure requirements for private investment information received by the University of Washington consolidated endowment fund.

(SEE ALSO PROPOSED 1ST SUB)

Declares an intent to clarify provisions governing disclosure of information related to University of Washington endowment investments, and thereby improve the university's ability to maximize the performance of its endowment portfolio.

Requires the University of Washington to disclose the names and commitment amounts of the private funds in which it is invested and the aggregate quarterly performance results for its portfolio of investments in such funds.

Exempts from public disclosure, certain financial and commercial information submitted to or obtained by the University of Washington when the information relates to investments in private funds, to the extent that such information, if revealed, would reasonably be expected to result in loss to the University of
Washington consolidated endowment fund or to result in private loss to the providers of this information.

SB 5526-S by Senate Committee on Higher Education & Workforce Development (originally sponsored by Senators Fairley, Roach, Zarelli, Murray, Kilmer, Shin, and Kohl-Welles; by request of University of Washington)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares an intent to clarify provisions governing disclosure of information related to University of Washington endowment investments, and thereby improve the university’s ability to maximize the performance of its endowment portfolio.

Requires the University of Washington to: (1) Disclose the names and commitment amounts of the private funds in which it is invested and the aggregate quarterly performance results for its portfolio of investments in such funds; (2) Have formal policies addressing conflicts of interest in regard to the private funds in which the endowment is invested; and (3) Post these policies on their public web site.

Exempts from public disclosure, certain financial and commercial information submitted to or obtained by the University of Washington, other than information the university is required to disclose under section 2 of the act, when the information relates to investments in private funds, to the extent that such information, if revealed, would reasonably be expected to result in loss to the University of Washington consolidated endowment fund or to result in private loss to the providers of this information.

SB 5527 by Senators Fraser, Brandland, Murray, Kilmer, Zarelli, and Shin; by request of University of Washington

Companion Bill: 1641

Regarding the University of Washington's public works contracting procedures.

Authorizes the board of regents of the University of Washington to enter into any number of contracts with one or more persons, companies, or entities for the planning, design, renovation, erection, remodeling, demolition, or construction of university buildings and facilities, or improvements thereto, using a small works roster process for projects with an estimated cost of up to one million dollars, and a design-build process, design-bid-build process, or general contractor-construction manager process for projects with an estimated cost in excess of one million dollars.

SB 5538 by Senators McAuliffe, Kauffman, Hobbs, Shin, Keiser, Murray, Fraser, Kilmer, and Kohl-Welles
Companion Bill: 1353
Regarding employment opportunities at institutions of higher education.
(SEE ALSO PROPOSED 1ST SUB)
Declares an intent to: (1) Provide faculty and college excellence for Washington citizens by increasing the number of full-time, tenured academic employee positions at community and technical colleges and by enabling academic employees who hold part-time positions to have greater assurance of continuing employment; and
(2) Develop a planning process through which the community and technical colleges and the state board for community and technical colleges suggest a long-term strategic plan and timeline for faculty conversions.

Directs each community and technical college, in close collaboration with the exclusive bargaining representative for faculty, to create a conversion plan to increase the number of full-time tenured faculty positions.

Requires each community and technical college, subject to collective bargaining, to establish a process: (1) Under which part-time and full-time nontenured faculty members, after successful completion of an evaluation period, receive timely notice of and priority consideration, consistent with other institutional and state policies, for academic employment assignments for which they are qualified in their discipline in coming academic terms; and
(2) For ensuring that qualified internal applicants receive priority consideration for attaining a tenure-track position when one becomes available such as prior notification of job openings before they are posted outside of the institution or a job interview for positions where minimum requirements have been met.

SB 5538-S by Senate Committee on Higher Education & Workforce Development (originally sponsored by Senators McAuliffe, Kauffman, Hobbs, Shin, Keiser, Murray, Fraser, Kilmer, and Kohl-Welles)

SB 5543 by Senators Pridemore, Oemig, Rockefeller, Fairley, Murray, Kline, Keiser, Shin, Regala, Franklin, McAuliffe, Fraser, Ranker, and Kohl-Welles

Companion Bill: 1469

Establishing the product stewardship recycling act for mercury-containing lights.

(SUBSTITUTED FOR - SEE 1ST SUB)

Creates the product stewardship recycling act for mercury-containing lights.

Finds that: (1) Convenient and environmentally sound product stewardship programs for mercury-containing lights that include collecting, transporting, and recycling mercury-containing lights will help protect Washington's environment and the health of state residents; and

(2) Product producers should finance and provide these programs.

Requires all government, commercial, industrial, and retail facilities and office buildings to recycle their end-of-life mercury-containing general purpose lights.

Requires all residents and other generators to recycle their end-of-life mercury-containing general purpose lights.

Requires every producer of a covered product sold in or into Washington state to participate in a product stewardship program for that product.

Requires a producer, group of producers, or stewardship organization to pay all administrative and operational costs associated with their program.

Directs product stewardship programs to collect, free of charge, unwanted products from covered entities for reuse, recycling, processing, or final disposition.

Authorizes the department of ecology or its designee to inspect, audit, or review audits of processing and disposal facilities used to fulfill the requirements of a product stewardship program.

Prohibits a product stewardship program from using federal or state prison labor for processing unwanted products.

Prohibits, as of the implementation date for the covered product, a producer, wholesaler, retailer, or other person from selling or offering for sale that product to any person in this state unless the producer is participating in a product stewardship program under a plan approved by the department of ecology.

Directs the department of ecology to provide, on its web site, a list of all producers participating in product stewardship programs it has approved and a list of all producers it has identified as noncompliant with the act.

Requires all producers whose products are included in the act to pay the department of ecology ten thousand dollars annually no later than January 1st of each year for each covered product category sold in or into the state.

Creates the product stewardship programs account.

Provides that nothing in the act: (1) Changes or limits the authority of the utilities and transportation commission to regulate collection of solid waste, including curbside collection of residential recyclable materials, nor does the act change or limit the authority of a city or town to provide such service itself or by contract under RCW 81.77.020; and

(2) Changes the requirements of any entity regulated under chapter 70.105 RCW to comply with the requirements under chapter 70.105 RCW.

SB 5543-S by Senate Committee on Environment, Water & Energy (originally sponsored by Senators Pridemore, Oemig, Rockefeller, Fairley, Murray, Kline, Keiser, Shin, Regala, Franklin, McAuliffe, Fraser, Ranker, and Kohl-Welles)

Reducing the release of mercury into the environment.

(DIGEST AS ENACTED)

Requires all mercury-containing lights collected in the state by product stewardship programs or other collection programs to be recycled.

Requires all persons, residents, government, commercial, industrial, and retail facilities and office buildings to recycle their end-of-life mercury-containing lights.
Requires producers of mercury-containing lights sold in or into the state for residential use to fully finance and participate in a product stewardship program and to pay annual fees to the department of ecology for enforcement and administration costs.

Requires product producers to play a significant role in financing no-cost collection and processing programs for mercury-containing lights.

Prohibits the sale or purchase and delivery of bulk mercury.

Prohibits the use of state or federal prison labor for processing unwanted products.

Requires the department of ecology to publish certain information on its web site regarding product stewardship programs.

Creates the product stewardship programs account.

Prescribes penalties.

SB 5560 by Senators Ranker, Swecker, Brown, Hargrove, Pridemore, Harr, Kilmer, Rockefeller, Kauffman, Haugen, Eide, Hobbs, Kohl-Welles, Jarrett, Fraser, Jacobsen, and Murray

Regarding state agency climate leadership.

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that: (1) In chapter 14, Laws of 2008, the legislature established greenhouse gas emission reduction limits for Washington state, including a reduction of overall emissions by 2020 to emission levels in 1990, a reduction by 2035 to levels twenty-five percent below 1990 levels, and by 2050 a further reduction below 1990 levels. Based upon estimated 2006 emission levels in Washington, this will require a reduction from present emission levels of over twenty-five percent in the next eleven years;

(2) State government activities are a significant source of emissions; and

(3) State government should meet targets for reducing emissions from its buildings, vehicles, and all operations that demonstrate that these reductions are achievable and cost-effective and will help to promote innovative energy efficiency technologies and practices.

Requires all state agencies to reduce energy consumption and exceed the statewide greenhouse gas emission limits established in RCW 70.235.020.

SB 5560-S by Senate Committee on Environment, Water & Energy (originally sponsored by Senators Ranker, Swecker, Brown, Hargrove, Pridemore, Harr, Kilmer, Rockefeller, Kauffman, Haugen, Eide, Hobbs, Kohl-Welles, Jarrett, Fraser, Jacobsen, and Murray)

(SUBSTITUTED FOR - SEE 2ND SUB)

Requires all state agencies to: (1) Meet the statewide greenhouse gas emission limits established in RCW 70.235.020; and

(2) Report estimates of emissions for 2005 to the department of ecology, including 2009 levels of emissions, and projected emissions through 2035.

SB 5560-S2 by Senate Committee on Ways & Means (originally sponsored by Senators Ranker, Swecker, Brown, Hargrove, Pridemore, Harr, Kilmer, Rockefeller, Kauffman, Haugen, Eide, Hobbs, Kohl-Welles, Jarrett, Fraser, Jacobsen, and Murray)

(DIGEST AS ENACTED)

Requires all state agencies to: (1) Meet the statewide greenhouse gas emission limits established in RCW 70.235.020; and

(2) Report estimates of emissions for 2005 to the department of ecology, including 2009 levels of emissions, and projected emissions through 2035;

(3) Estimate emissions from methodologies recommended by the department of ecology based on actual operation of those agencies;

(4) Report to the department of ecology the actions taken to meet the emission reduction targets under the strategy for the preceding fiscal biennium; and

(5) Cooperate in providing information to the departments of ecology, general administration, and community, trade, and economic development.

Requires the department of ecology to develop an emissions calculator to assist state agencies in estimating aggregate emissions as well as in estimating the relative emissions from different ways in carrying out activities.

Directs the governor to designate a person as the single point of accountability for all energy and climate change initiatives within state agencies and requires all agencies, councils, or work groups with energy or climate change initiatives to coordinate with this designee.

Requires the department of general administration to: (1) Develop strategies to reduce fuel consumption and emissions from all classes of vehicles; and

(2) Develop a separate fleet fuel economy standard for all other classes of vehicles.

Requires the departments of ecology, agriculture, community, trade, and economic development, fish and wildlife, natural resources, and transportation to develop an integrated climate change response strategy and allows the secretaries of environment, agriculture, trade and economic development, and fish and wildlife to cooperate in reducing greenhouse gas emissions, including a pilot project to showcase methods for “green landscaping” of the Capitol Campus.

Section 7 addresses energy audits and high performance buildings. On May 8, 2009, I signed Engrossed Second Substitute Senate Bill 5854 which directs the Department of General Administration to examine landscaping policies on the Capitol Campus and develop and implement a plan that will reduce the carbon footprint of landscaping within the 2009-11 biennium, including a pilot project to showcase methods for “green landscaping” of the Capitol Campus.

Sections 3 and 4 require agencies to use battery operated or electric small-scale powered equipment that is not yet available for commercial or heavy duty use, although it is available for home or light duty use. I am directing the Department of General Administration to examine landscaping policies on the Capitol Campus and develop and implement a plan that will reduce the carbon footprint of landscaping within the 2009-11 biennium, including a pilot project to showcase methods for “green landscaping” of the Capitol Campus.

For these reasons, I have vetoed Sections 3, 4 and 7 of Engrossed Second Substitute Senate Bill 5560 entitled:

“AN ACT Relating to state agency climate leadership.”

I have approved, except for Sections 3, 4 and 7, Engrossed Second Substitute Senate Bill 5560 entitled:

“AN ACT Relating to state agency climate leadership.”

SECTION 1.
Requires the departments of ecology, agriculture, community, trade, and economic development, fish and wildlife, natural resources, and transportation to develop an integrated climate change response strategy and allow the secretaries of environment, agriculture, trade and economic development, and fish and wildlife to cooperate in reducing greenhouse gas emissions, including a pilot project to showcase methods for “green landscaping” of the Capitol Campus.

For these reasons, I have vetoed Sections 3, 4 and 7 of Engrossed Second Substitute Senate Bill 5560.

VETO MESSAGE ON E2SSB 5560
May 15, 2009
To the Honorable President and Members,
The Senate of the State of Washington
Ladies and Gentlemen:

I have approved, except for Sections 3, 4 and 7, Engrossed Second Substitute Senate Bill 5560 entitled:

“AN ACT Relating to state agency climate leadership.”

Sections 3 and 4 require agencies to use battery operated or electric small-scale powered equipment that is not yet available for commercial or heavy duty use, although it is available for home or light duty use. I am directing the Department of General Administration to examine landscaping policies on the Capitol Campus and develop and implement a plan that will reduce the carbon footprint of landscaping within the 2009-11 biennium, including a pilot project to showcase methods for “green landscaping” of the Capitol Campus.

With the exception of Sections 3, 4 and 7, Engrossed Second Substitute Senate Bill 5560 is hereby approved.

Respectfully submitted,
Christine O. Gregoire
Governor

Companion Bill: 1597

Concerning the administration of state and local tax programs.

(SEE ALSO PROPOSED 1ST SUB)

Improves the administration of state and local tax programs without impacting tax collections by providing greater consistency in numerous tax incentive programs.

Revises provisions relating to the confidentiality and disclosure of tax information.

Amends statutes to improve clarity and consistency, eliminate obsolete provisions, and simplify administration.

Declares an intent to create two sets of uniform reporting requirements that apply to the existing tax preferences and that can be used in future legislation granting additional tax preferences.

Requires the legislative fiscal committees or the department of revenue to study many of the existing tax preferences and report to the legislature at least once. Because chapter 43.136 RCW (termination of tax preferences) now requires the joint legislative audit and review committee, with support from the department of revenue, to comprehensively review most tax preferences every ten years and provide a report to the legislature, a number of redundant studies by the legislative fiscal committees and the department of revenue have been eliminated. However, the department of revenue will continue to prepare summary descriptive statistics by category and report the statistics to the legislature each year.

Provides that certain provisions of the act: (1) That relate to annual surveys and annual reports apply beginning with annual surveys and annual reports due in 2010 and thereafter;

(2) Apply to return or tax information in respect to the tax imposed under chapter 83.100 RCW (estate and transfer tax act) in the possession of the department of revenue on or after a certain date;

(3) Apply both retroactively and prospectively to estates of decedents dying on or after May 17, 2005; and

SB 5572 by Senators Marr, Kohl-Welles, Zarelli, Roach, Jarrett, Swecker, Kilmer, Kline, Franklin, Rockefeller, Keiser, Benton, Mullet, Carrell, Pridemore, Haugen, Kauffman, Fairley, and Eide

Providing collective bargaining for child care center directors and workers.

SEE ALSO PROPOSED 1ST SUB)
Finds that, as of 2009, the challenges posed by low wages and lack of training that the legislature identified in enacting the child care career and wage ladder persist, and the availability of quality child care in the state continues to suffer.

Declares an intent to address these problems by creating the possibility for a new relationship between child care center directors and workers and the state. Child care center directors and workers are to be given the opportunity to work collectively to improve standards in their profession and to expand opportunities for educational advancement to ensure continuous quality improvement in the delivery of early learning services.

Declares an intent to create a new type of collective bargaining for these directors and workers whereby they can come together and bargain with the state over matters within the state’s purview to improve the quality of child care for the state’s families. Unlike traditional collective bargaining, this new approach will afford these directors and workers the opportunity to bargain with the state only over the state’s support for child care centers, a matter of common concern to both directors and workers.

Provides that all child care center directors and workers will equally be able to maintain full membership in the organization that represents them in their efforts to improve the quality of child care they provide to the state’s children. This new bargaining relationship does not intrude in any manner upon those relationships governed by the national labor relations act (29 U.S.C. Sec. 151 et seq.) Child care center directors and workers do not forfeit their rights under the national labor relations act by becoming members of an organization that represents them in their dealings with the state. Under the national labor relations act, an organization that represents child care center directors and workers in bargaining with the state under the act is precluded from representing workers seeking to engage in traditional collective bargaining with their employer over specific terms and conditions of employment at individual child care centers.

Provides that the act is not intended to create any unfunded mandates or financial obligations on child care centers covered by the act.

SB 5572-S by Senate Committee on Ways & Means (originally sponsored by Senators Marr, Kohl-Welles, Zarelli, Roach, Jarrett, Swecker, Kilmer, Kline, Franklin, Rockefeller, Keiser, Benton, McAuliffe, Carrell, Priddemore, Haugen, Kaufman, Fairley, and Eide)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Creates the access to quality child care workforce act.

Finds that, as of 2009, the challenges posed by low wages and lack of training that the legislature identified in enacting the child care career and wage ladder persist, and the availability of quality child care in the state continues to suffer.

Creates the possibility for a new relationship between child care center directors and workers and the state.

Gives child care center directors and workers the opportunity to work collectively to improve standards in their profession and to expand opportunities for educational advancement to ensure continuous quality improvement in the delivery of early learning services.

Creates a new type of collective bargaining for child care center directors and workers so they can bargain with the state over matters within the state’s purview to improve the quality of child care for the state’s families.

Affords child care center directors and workers the opportunity to bargain with the state only over the state’s support for child care centers, a matter of common concern to both directors and workers.

 Allows child care center directors and workers to maintain full membership in the organization that represents them in their efforts to improve the quality of child care for the state’s families.

Provides that the act: (1) Is not intended to create any unfunded mandates or financial obligations on child care centers covered by the act; and

(2) Shall be in effect only if funds are specifically appropriated for this purpose.

Protecting consumer data in motor vehicles.

(SUBSTITUTED FOR - SEE 1ST SUB)

Requires a manufacturer of a motor vehicle sold or leased in this state, that is equipped with one or more recording devices, to disclose in the owner’s manual: (1) That the motor vehicle is equipped with one or more recording devices; (2) The type of data recorded; and (3) Whether the recording device or devices have the ability to transmit information to a central communications system or other external device.

Prohibits an insurer from refusing to renew a motor vehicle policy solely because a motor vehicle owner refuses to provide access to recorded data from a recording device.

Prohibits an insurer or agent from reducing coverage, increasing the insured’s premium, applying a surcharge, refusing to apply a discount other than a discount that is based on data recorded by a recording device, or, when there are multiple insurers available, failing to place the motor vehicle owner with the most favorably priced insurer, solely because a motor vehicle owner refuses to allow an insurer access to data from a recording device.

SB 5574-S by Senate Committee on Labor, Commerce & Consumer Protection (originally sponsored by Senators Kauffman, Kline, Tom, Hargrove, Oemig, Regala, Fairley, McAuliffe, McDermott, Fraser, Shin, Keiser, and Kohl-Welles)

(DIGEST AS ENACTED)
Requires a manufacturer of a motor vehicle sold or leased in this state, that is equipped with one or more recording devices, to: (1) Disclose certain information in the owner's manual; and (2) Ensure by licensing agreement or other means that a tool or tools are available that are capable of accessing and retrieving the information stored in a recording device.

Prohibits, with exceptions, information recorded or transmitted by a recording device from being retrieved, downloaded, scanned, read, or otherwise accessed by a person other than the owner of the motor vehicle in which the recording device is installed.

Prohibits information that can be associated with an individual and that is recorded or transmitted by a recording device from being sold to a third party unless the owner of the information explicitly grants permission for the sale.

SB 5607 by Senators McAuliffe, Pridemore, Kauffman, Hargrove, Regala, Franklin, Shin, Kline, Keiser, and Kohl-Welles

Attaining a world class K-12 educational system.

Declares that the purpose of the act is to establish a new funding system for the state's public schools. Over the next six years the state will provide adequate resources for school districts to maintain educational programs that give all students the opportunity to meet the state's educational standards. The new system will be more transparent and will allow greater flexibility to districts to determine which educational programs best meet the
needs of their students. Districts will have more flexibility in spending state funds but will be held accountable to meet designated performance outcomes for all of their students. School districts and schools that do not meet designated performance outcomes will receive progressive levels of support and assistance with less flexibility as they work to improve their student outcomes.

Creates the permanent commission for quality education in Washington to oversee the new system and make recommendations to the legislature each year on the funding needed to meet the state's definition of basic education and to review and update the definition of basic education as needed.

Directs the office of the superintendent of public instruction to provide staff and maintain web pages for the commission.

Creates the full funding of basic education account.

VETO MESSAGE ON SSB 5608

April 30, 2009

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 5, Substitute Senate Bill 5608 entitled:

"AN ACT Relating to genetic counselors; amending RCW 18.130.040."

Section 5 provides for an advisory committee on genetic counseling to be established under the Secretary of Health. In difficult economic times, we need fewer not more advisory committees, boards and commissions absorbing limited funding and staff time. For this reason, I have vetoed Section 5 of Substitute Senate Bill 5608.

With the exception of Section 5, Substitute Senate Bill 5608 is approved.

Respectfully submitted,
Christine Greigore
Governor

SB 5609 by Senators McDermott, Kline, Regala, Kohl-Welles, and Jarrett

Concerning legal representation of children in dependency proceedings.

Finds that attorneys for children have different skills and obligations than guardians ad litem and court-appointed special advocates, especially in forming a confidential and privileged relationship with a child to provide legal counsel to the child on issues such as placement options, visitation rights, educational rights, and access to services while in care and services available to the child upon aging out of care. Thus, it is in the best interest of a child who is age twelve or older for the court to consider whether an attorney should be appointed to advocate for the child's position and legal rights.

SB 5618 by Senators Kauffman, McAuliffe, Berkey, Shin, Murray, and Kohl-Welles

Establishing a statewide dropout reengagement system.

Declares an intent to: (1) Provide a statutory framework to support a statewide dropout reengagement system for older youth; and
(2) Encourage school districts, community and technical colleges, and community-based organizations to participate in this system and provide appropriate instruction and services to reengage older students and help them make progress toward a meaningful credential and career skills.

Creates a statewide dropout reengagement system to provide appropriate educational opportunities and access to services for students aged sixteen to twenty-one who have dropped out of high school or are not accumulating sufficient credits to reasonably complete a high school diploma in a public school before the age of twenty-one.

Directs the office of the superintendent of public instruction to: (1) Develop statewide model contracts and interlocal agreements for the dropout reengagement system; and
(2) Allocate the basic education allocation generated under RCW 28A.150.260 and the student achievement fund allocation under RCW 28A.505.220 for each annual average full-time equivalent eligible student enrolled in a dropout reengagement program.

VETO MESSAGE ON E2SSB 5649

May 7, 2009

To the Honorable President and Members, The Senate of the State of Washington

Ladies and Gentlemen:

I have approved, except for Section 403, Engrossed Second Substitute Senate Bill 5649 entitled:

"AN ACT Relating to achieving greater energy efficiency in buildings."

Section 403 of the bill requires the Governor to designate a single point of accountability for all energy and climate change initiatives within state agencies. This language duplicates the requirements contained in Substitute Senate Bill 5921, Section 4(1). I signed Substitute Senate Bill 5921 on May 4, 2009. As a result, this provision is not needed and I have vetoed Section 403 of Engrossed Second Substitute Senate Bill 5649.

Some stakeholders have expressed concerns regarding Section 202 of Engrossed Second Substitute Senate Bill 5649. Section 202 of the bill establishes new employment and reporting requirements for the state's existing low income weatherization program. It will be important to implement these new requirements in a manner that allows the local community action agencies and their funding sponsors to comply efficiently and effectively with the new requirements. To that end, I will direct the Department of Commerce to prepare administrative rules immediately to address the interpretation of the new requirements.

With the exception of Section 403, Engrossed Second Substitute Senate Bill 5649 is approved.

SB 5651 by Senators Kohl-Welles, Delvin, Kline, and Tom

Companion Bill: 1936

Providing humanitarian requirements for certain dog breeding practices.
SB 5651-S by Senate Committee on Labor, Commerce & Consumer Protection (originally sponsored by Senators Kohl-Welles, Delvin, Kline, and Tom)

DIGEST AS ENACTED

Declares that: (1) Current Washington state laws are inadequate regarding the care and husbandry of dogs in large-scale breeding facilities; (2) No Washington state agency currently regulates large-scale breeding facilities; (3) The United States department of agriculture does not regulate large-scale breeding facilities; and (4) An unfair fiscal burden is placed on city, county, and state taxpayers as well as government agencies and nongovernmental organizations, who are required to care for discarded or abused and neglected dogs from large-scale breeding facilities.

Prohibits a person from owning, possessing, controlling, or otherwise having charge or custody of more than fifty dogs with intact sexual organs over the age of four months at any time.

Prescribes penalties.

SB 5655 by Senators Roach, Swecker, Stevens, Hobbs, Delvin, Carrell, Parlette, and Benton

Regarding height restrictions on amateur radio antennas.

(SEE ALSO PROPOSED 1ST SUB)

Prohibits a local government from restricting an amateur radio antenna height to less than seventy feet unless the restriction is necessary to achieve a clearly defined health, safety, or aesthetic consideration, and it’s found that these considerations are of greater benefit to its citizenry than the value the proposed antenna would add to the ability of the amateur radio network to fulfill its mission as part of the state and local emergency management organizations, including the provision of back-up emergency communications coverage without gaps for the entire state.
SB 5655-S by Senate Committee on Government Operations & Elections (originally sponsored by Senators Roach, Swecker, Stevens, Hobbs, Delvin, Carrell, Parlette, and Benton)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)
Prohibits a local government from restricting amateur radio antennas or antenna support structures to heights of less than seventy feet unless the restriction is necessary to achieve a clearly defined health, safety, or aesthetic consideration.

request of Insurance Commissioner

Companion Bill: 1563

Requiring annuities sold in Washington to be suitable to
the age and financial situation of the purchaser.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that consumers rely heavily on the insurance producers
and insurers selling annuities for accurate, descriptive information
when purchasing annuities and may be easily misled about the risks
and benefits of the product being purchased.

Requires an annuity sold in Washington to be suitable to the
age and financial situation of the owner. Purchasers are entitled to
a clear written description of the annuity at the time of solicitation
on a summary disclosure form adopted by rule of the insurance
commissioner. Prior to issuing an annuity, the insurer must obtain
sufficient information from the purchaser to verify the suitability
of the proposed sale and to enable the prospective owner to make
an informed purchase.

Determining the suitability of annuities sold in Washington.

(DIGEST AS ENACTED)

Permits and sets standards for producers and insurers selling
annuity products issued after the effective date of the act that
ensure consumers purchase annuities suitable to their financial and
insurance needs and life circumstances.

Requires the insurance commissioner to notify the appropriate
committees of the house of representatives and senate if there are
changes regarding the registration of annuities under the securities
act of 1933 that affect the application of section 2(5) of the act.

Regarding tuition at institutions.

(DIGEST AS ENACTED)

Extends the authority of the governing boards of the public colleges and universities to set full-time tuition fees for all students other than resident undergraduates.

VETO MESSAGE ON SSB 5734

May 19, 2009

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:
I have approved, except for Section 2, Substitute Senate Bill 5734 entitled:

"AN ACT Relating to tuition fees."

Section 2 of Substitute Senate Bill 5734 is identical to Section 3 in Engrossed Substitute House Bill 2344 that I signed yesterday. Signing two bills with identical sections may cause confusion, so I am vetoing this iteration of the performance audit requirement.

For this reason, I have vetoed Section 2 of Substitute Senate Bill 5734.

With the exception of Section 2, Substitute Senate Bill 5734 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

Requiring disclosure of certain course material information for higher education courses.

SEE ALSO PROPOSED 1ST SUB

Requires the boards of regents of the state universities, the boards of trustees of the regional universities and The Evergreen State College, and the boards of trustees of each community and technical college district, in collaboration with affiliated bookstores and student and faculty representatives, to adopt rules requiring that affiliated bookstores disclose certain information to students on required course materials at least two weeks before the start of the class for which the materials are required.

DIGEST OF PROPOSED 1ST SUBSTITUTE

Requires the boards of regents of the state universities, the boards of trustees of the regional universities and The Evergreen State College, and the boards of trustees of each community and technical college district, in collaboration with affiliated bookstores and student and faculty representatives, to adopt rules requiring that: (1) Affiliated bookstores disclose certain information to students on required course materials at least two weeks before the start of the class for which the materials are required; and (2) Faculty and staff members consider the least costly practices in assigning course materials, such as adopting free, open textbooks when available, and working with college librarians to put together collections of free online web and library resources. Authorizes the chief academic officer to waive the disclosure requirement on a case-by-case basis.

SB 5779 by Senators McAuliffe, Hobbs, Jarrett, and Tom

Companion Bill: 2070

Regarding adoption of school environmental health and safety rules.

SUBSTITUTED FOR - SEE 1ST SUB

Recognizes that the legislature cannot practically implement the state board of health's proposed school environmental health and safety rules without an extended phase-in period in light of other budget constraints.

SB 5779-S by Senate Committee on Early Learning & K-12 Education (originally sponsored by Senators McAuliffe, Hobbs, Jarrett, and Tom)

(AS OF SENATE 2ND READING 3/10/09)

Recognizes that the legislature cannot practically implement the state board of health's proposed school environmental health and safety rules without an extended phase-in period in light of other budget constraints.

Requires the state board of health, before implementing any rules pertaining to primary and secondary school facilities, to present the rules and a final cost estimate to the legislature.

Requires the legislature to formally approve the implementation of the rules through the omnibus appropriations act or by statute or concurrent resolution.

Encourages the boards of directors of each school district to review the state board of health's rules pertaining to school facilities and to consider implementing those that have no fiscal impact.

Expires January 1, 2015.

SB 5780 by Senators Tom and Brandland; by request of Washington State Patrol

Companion Bill: 1795

Establishing chapter 46.55 RCW as the exclusive remedy for any claims resulting from the impoundment of a motor vehicle.

SUBSTITUTED FOR - SEE 1ST SUB

Clarifies that the procedures and remedies contained in RCW 46.55.120 (redemption of vehicles--sale of unredeemed property--improper impoundment) are intended to be the exclusive remedy for any claim based on impoundment at the direction of a law enforcement officer or governmental agency, and any civil cause of action for damages based on impoundment at the direction of a law enforcement officer or governmental agency is abolished.

SB 5780-S by Senate Committee on Transportation (originally sponsored by Senators Tom and Brandland; by request of Washington State Patrol)

Establishing chapter 46.55 RCW as the exclusive remedy for certain claims resulting from the impoundment of a motor vehicle.

(AS OF SENATE 2ND READING 2/12/10)

Clarifies that: (1) The procedures and remedies contained in RCW 46.55.120 (redemption of vehicles--sale of unredeemed property--improper impoundment) are intended to be the exclusive
remedy for any claim that is based on whether an impoundment at the direction of a law enforcement officer or governmental agency violates chapter 46.55 RCW (towing and impoundment); and

(2) Any civil cause of action for damages, other than as provided in RCW 46.55.120, that is based on whether an impoundment at the direction of a law enforcement officer or governmental agency is in violation of chapter 46.55 RCW is abolished.

Feb 2  Public hearing in the Senate Committee on Labor and Commerce & Consumer Protection at 1:30 PM.

SB 5786  by Senators Fraser, Kohl-Welles, Honeyford, and Shin
Companion Bill: 1666
Concerning for hire vehicles and for hire vehicle operators.

Finds that taxicab, limousine, and other for hire vehicle operators are at significant risk of injury due to work-related accidents or work-related crimes that may not be covered by standard vehicle insurance policies. Since most taxicab, limousine, and other for hire vehicle business operations are independent small business franchises, their owners or operators may opt out of industrial insurance coverage without full consideration for the risk of financial exposure due to such action. As a result, health care may be provided to them at public expense or not at all, and erroneous claims may be made by health care providers for insurance coverage, against the state department of labor and industries, private businesses, or the taxicab associations in which certain municipalities require participation. For hire vehicle operators do not enjoy the benefit of the broad public policy embodied in Title 51 RCW that mandates industrial insurance protection for workers.

Declares that all taxicab, limousine, and other for hire vehicle businesses, defined in the act as urban transportation business operations, and all for hire vehicle operators are subject to mandatory industrial insurance coverage under Title 51 RCW.

VETO MESSAGE ON E2SSB 5809

May 19, 2009

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I have approved, except for Section 4, Engrossed Second Substitute Senate Bill 5809 entitled:

"AN ACT Relating to workforce employment and training."

I am vetoing Section 4 of this bill. The policy intent of the bill can be accomplished without the Legislature directing how the Governor's discretionary Workforce Investment Act 10% fund is used. Although federal law does not prohibit the state Legislature from directing the Workforce Investment Act 10% funds, the approach taken by this bill would set an undesirable precedent.

For these reasons, I have vetoed Section 4 of Engrossed Second Substitute Senate Bill 5809.

With the exception of Section 4, Engrossed Second Substitute Senate Bill 5809 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

SB 5833  by Senators Regala, Kohl-Welles, Hargrove, and McDermott

Companion Bill: 1856
Providing certain procedures for tenants who are victims of sexual assault, unlawful harassment, and stalking.

(SUBSTITUTED FOR - SEE 1ST SUB)

Authorizes a tenant, if a tenant or a household member is a victim of sexual assault, stalking, or unlawful harassment by a landlord, to: (1) Terminate the rental agreement and quit the premises without further obligation under the rental agreement or under chapter 59.12 RCW (forcible entry and forcible and unlawful detainer) prior to making a copy of a valid order for protection or a written record of a report signed by a qualified third party available to the landlord, if certain conditions are met; (2) Change or add locks to the tenant's dwelling unit at the tenant's expense and give a copy of the new key to a qualified third party, regardless of whether the tenant exercises his or her rights to terminate the rental agreement; and (3) Sue the landlord in any court of competent jurisdiction for relocation assistance.

SB 5833-S  by Senate Committee on Human Services & Corrections (originally sponsored by Senators Regala, Kohl-Welles, Hargrove, and McDermott)

Providing certain procedures for tenants who are victims of sexual assault, unlawful harassment, and stalking.

(AS OF SENATE 2ND READING 3/12/09)

Authorizes a tenant, if a tenant or a household member is a victim of sexual assault, stalking, or unlawful harassment by a landlord, to: (1) Terminate the rental agreement and quit the premises without further obligation under the rental agreement or under chapter 59.12 RCW (forcible entry and forcible and unlawful detainer) prior to making a copy of a valid order for protection or a written record of a report signed by a qualified third party available to the landlord, if certain conditions are met; and (2) Change or add locks to the tenant's dwelling unit at the tenant's expense.

Prohibits a tenant from changing any locks to common areas and requires the tenant to make keys for new locks available to other household members.

Requires a tenant, upon vacating the dwelling unit, to deliver the key and all copies of the key to the landlord by mail or personal delivery by a third party.

SB 5846-S  by Senate Committee on Transportation (originally sponsored by Senators Tom, Kohl-Welles, and McDermott)
Concerning requirements, exemptions, and penalties for covering vehicular loads of dirt, sand, or gravel.

DIGEST OF PROPOSED 1ST SUBSTITUTE

Requires a vehicle with a model year of 2011 or later that has a gross vehicle weight rating of 16,001 pounds or more, and is designed primarily to haul loads of materials, such as dirt, sand, or gravel, to be equipped with a permanently affixed manual or automated load covering device, and requires any person operating the vehicle on a public highway with a load of dirt, sand, or gravel to engage the load covering device.

Exempts a person operating a vehicle on public highways from this requirement when operating the vehicle: (1) In response to emergency conditions, including flooding or natural disaster; (2) On a public highway that is closed for repair or emergency purposes; or (3) For the purpose of dropping sand or de-icer on the roadway pursuant to instruction from a state or local authority.

Provides that, if a violation occurs in the course of the person's employment, the person's employer is liable for a monetary penalty of one thousand dollars. However, the employer is not liable if, prior to the violation, the employer installed a permanently affixed load covering device to the vehicle and the person failed to engage the load covering device when hauling loads of dirt, sand, or gravel on a public highway.

Eliminates the six-inch freeboard exception on January 1, 2014.

Respectfully submitted,

Engrossed Second Substitute Senate Bill 5850 is approved.

Substitute Senate Bill 5850. With the exception of Section 4, for these reasons, I have vetoed Section 4 of Engrossed Second Substitute Senate Bill 5850 entitled:

"AN ACT Relating to protecting workers from human trafficking violations."

Section 4 applies the Consumer Protection Act, chapter 19.86 RCW, to violations of this law. The Consumer Protection Act is ill suited to responding to these types of issues. Employment activities are already well regulated by the Department of Labor and Industries. Violations of this law would be better directed to the statutes administered by that agency.

For these reasons, I have vetoed Section 4 of Engrossed Second Substitute Senate Bill 5850. With the exception of Section 4, Engrossed Second Substitute Senate Bill 5850 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

May 14, 2009

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I have approved, except for Section 4, Engrossed Second Substitute Senate Bill 5850 entitled:

"AN ACT Relating to protecting workers from human trafficking violations."

SB 5851 by Senator Keiser
Companion Bill: 1765

SB 5854 by Senators Kilmer, Pridemore, Ranker, Rockefeller, Marr, Fraser, Kohl-Welles, Kline, Murray, and Keiser

Reducing climate pollution in the built environment.

(SUBSTITUTED FOR - SEE 2ND SUB)

Reduces climate pollution in the built environment.

Requires the department of community, trade, and economic development to develop and implement a strategic plan for enhancing energy efficiency in and reducing greenhouse gas emissions from homes, buildings, districts, and neighborhoods.

Directs the department of community, trade, and economic development and the state building code council to convene a work group to inform the initial development of the strategic plan.

Requires the state energy code to be designed to accelerate construction of increasingly energy efficient homes and buildings that help achieve the broader goal of building zero fossil-fuel greenhouse gas emission homes and buildings by the year 2031.

Requires the state building code council to adopt state energy codes from 2013 through 2031 that incrementally move towards achieving seventy percent reduction in annual net energy consumption.

Requires qualifying utilities to: (1) Maintain records of the energy consumption data of all nonresidential and qualifying public agency buildings to which they provide service; (2) Create an energy benchmark for each reporting public facility using a portfolio manager; (3) Report the environmental protection agency national energy performance rating for each reporting public facility included in the technical requirements for this rating to the department of general administration; and (4) Link all portfolio manager accounts to the state portfolio manager master account to facilitate public reporting.

Requires the department of community, trade, and economic development to recommend to the legislature a methodology to determine an energy performance score for residential buildings and an implementation strategy to use such information to improve the energy efficiency of the state's existing housing stock.

Requires the department of general administration to: (1) Establish a state portfolio manager master account; (2) Select a standardized portfolio manager report for reporting public facilities; (3) Make the standard report of each reporting public facility available to the public through the portfolio manager web site; (4) Develop a technical assistance program to facilitate the implementation of a preliminary audit and the investment grade energy audit and design the program to utilize audit services provided by utilities or energy services contracting companies when possible; and (5) Conduct a review of facilities not covered by the national energy performance rating, and based on this review, develop a portfolio of additional facilities that require preliminary energy audits.

Provides that sections 3, 5, 7, and 8 of the act shall be in effect only during fiscal periods in which specific appropriations are provided referencing the act or chapter number and the relevant section numbers.

Addressing residential real property construction improvements through consumer education, warranty protections, legal remedies, municipal liability, third-party inspections, contractor registration requirements, worker certification standards, and bonding requirements.

(3) Make recommendations to the legislature on the creation of a recovery fund by December 1, 2010.

SB 5895-S2, by Senate Committee on Ways & Means

Addressing residential real property construction improvements through warranty protections, legal remedies, third-party inspections, contractor registration requirements, worker certification standards, and bonding requirements.

(AS OF SENATE 2ND READING 3/11/09)

Creates the office of consumer education for home construction in the office of the attorney general to be the primary point of contact for consumers in matters related to residential construction.

Requires any person applying for a building permit for construction of a residential building or substantial remodel to submit building enclosure design documents to the appropriate building department prior to the start of construction or substantial remodel.

Requires a registered contractor, by or against whom a petition in bankruptcy has been filed, to notify the department of labor and industries of the proceedings in bankruptcy, including the identity and location of the court in which the proceedings are pending, within ten days of the filing.

Declares an intent to: (1) Modify the common law implied warranty of habitability to provide that this warranty may not be contractually disclaimer, waived, modified, or limited; and

(2) Establish a worker certification requirement for those doing construction work in the areas of roofing, siding, framing, foundations, doors, and windows.

Creates the office of consumer education for home construction in the office of the attorney general to be the primary point of contact for consumers in matters related to residential construction.

Requires any person applying for a building permit for construction of new residential real property, or the substantial remodel of existing residential real property, to warrant that the work and any part thereof, will be suitable for the ordinary uses of real property of its type.

Requires a construction professional involved in the construction of new residential real property, or the substantial remodel of existing residential real property, to warrant that the work and any part thereof, will be suitable for the ordinary uses of real property of its type.

Requires applicants for contractor registration to provide an additional informational statement.

Directs the department of labor and industries to establish worker certification requirements in the areas of foundations, framing, siding, roofing, windows, and doors.

Increases bonding requirements for registered contractors.
SB 5896 by Senators Pflug, Kastama, Zarelli, Delvin, and Shin

Establishing the Washington innovation grant authority.

Establishes the Washington innovation grant authority to act as a financial conduit to provide access to needed capital for those who have previously received life sciences discovery fund support or other technology development grants and are in need of additional funds to transfer their research and technology to the commercial marketplace.

Establishes a Washington innovation grant authority account for the receipt of funds from any source.

Allows a business and occupation tax credit in an amount equal to the amount of contributions made to the Washington innovation grant authority account.

-- 2009 REGULAR SESSION --

Feb 5 First reading, referred to Economic Development, Trade & Innovation.

Feb 12 Public hearing in the Senate Committee on Economic Development and Trade & Innovation at 10:00 AM.

SB 5897 by Senators Pflug, Kastama, Zarelli, and Delvin

Creating the technology discovery fund.

Declares that promoting the development of new technologies is a fundamental purpose of state government.

Declares it to be a clear public purpose and governmental function to promote technological advances through commercialization of new discoveries at the state’s research institutions.

Finds that public support for and promotion and commercialization of new research will benefit the state and its residents through contributions to scientific knowledge and economic development, and this research will lead to breakthroughs and improvements that might not otherwise be discovered due to lack of existing market incentives.

Establishes a technology discovery fund authority with the power to contract to receive funding from a variety of sources, and to disburse those funds consistent with the purpose of the act. The technology discovery fund is intended to promote the best available research and commercialization activities through diverse Washington institutions and to build upon existing research strengths in order to spread economic benefits across the state.

Provides a business and occupation tax exemption on income received by the technology discovery fund authority.

-- 2009 REGULAR SESSION --

Feb 5 First reading, referred to Economic Development, Trade & Innovation.

SB 5898 by Senators Pflug, Keiser, and Zarelli

Creating a health care council.

(SEE ALSO PROPOSED 1ST SUB)

Declares an intent to: (1) Preserve medical coverage for eligible enrollees in state-funded medical assistance programs while transforming the model of delivery, the financing mechanism, and the accessibility of such programs; and

(2) Fund only the most critical publicly funded medical assistance programs within the boundaries of current revenue projections.

Finds that it is necessary to temporarily adjust the state share of spending on other health benefit programs, including the state employee, school employee, and retiree benefits to better reflect the difficult budget choices being made in every department and agency of state government while allowing the flexibility of state employees to select different benefit designs that would present no additional financial burden.

Creates the Washington state apple health community care council as an emergency working group within the department of social and health services to work to preserve critical publicly funded medical assistance programs that provide medical coverage to families and adults while providing a solution for a single entry way for all medical programs available to the low-income populations in Washington state.

SB 5898-S by Senate Committee on Health & Long-Term Care (originally sponsored by Senators Pflug, Keiser, and Zarelli)

Requires the University of Washington to provide an annual accounting of the use of funds transferred from the department of health with regard to online access to the university's health sciences library.

VETO MESSAGE ON SSB 5913

May 19, 2009

To the Honorable President and Members, The Senate of the State of Washington

Ladies and Gentlemen:

I have approved, except for Section 1, Substitute Senate Bill 5913 entitled:

"AN ACT Relating to online access to the University of Washington health sciences library by certain health care providers; and amending RCW 43.70.110 and 43.70.112."

I fully support the intent of this legislation, including its clarification that the existing surcharge to health care professionals should be assessed only once per year, regardless of the number of licenses a professional holds. Unfortunately, Section 1 also
SB 5914 by Senators Rockefeller, McAuliffe, Schoesler, and Shin; by request of Superintendent of Public Instruction

Concerning student transportation funding.

Finds that: (1) The current student transportation funding formula is outdated and does not adequately address the costs incurred by school districts in transporting students; and

(2) An appropriate new formula based on reliable data from a uniform reporting system used by all districts, providing incentives for efficient use of state resources, and maintaining local school district control over operational decisions within the transportation program has been developed under a contract with the office of financial management.

Declares an intent to respond to the findings of the 2006 pupil transportation funding study by the joint legislative audit and review committee by providing additional payments to districts to mitigate funding discrepancies identified by the study, until such time as the new funding formula can be implemented in a thoughtful and deliberative manner no later than the 2011-12 school year.

Requires the superintendent of public instruction to: (1) Ensure that the allocation formula results in adequate appropriation for low enrollment districts, nonhigh districts, districts involved in cooperative transportation agreements, and cooperative special transportation services operated by educational service districts;

(2) Encourage efficient use of state resources by providing a linear programming process that compares school district transportation operations; and

(3) Implement the new distribution formula for allocating state funds to school districts for transportation of students to and from school, beginning with the 2011-12 school year.

SB 5915 by Senators Prentice and Fairley; by request of Office of Financial Management

Authorizing emergency rule making when the state employment growth forecast is estimated to be less than one percent. (REVISED FOR ENGROSSED: Authorizing emergency rule making when necessary to implement budget appropriations and reductions.)

DIGEST AS ENACTED

Allows an agency as defined in RCW 34.05.010 to adopt, amend, or repeal a rule on an emergency basis if the agency for good cause finds the rule is necessary in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal years 2009, 2010, or 2011.

DIGEST AS ENACTED

Requires the Department of Health (Department) to create an ongoing, annual advisory group. Establishing new advisory groups in statute is contrary to our recent efforts to reduce the number of boards, commissions and advisory groups across all of state government. There are other, more efficient ways to keep interested parties informed and engaged on emerging issues.

Given the importance of this to many, I ask that Department pursue all available options to address the surcharge issue administratively. I also recommend that Department convene stakeholders to solicit feedback about the program and provide recommendations.

For these reasons, I have vetoed Section 1 of Substitute Senate Bill 5913.

Creating the innovation discovery fund.

Declares that promoting the development of new technologies is a fundamental purpose of state government.

Declares it to be a clear public purpose and governmental function to promote technological advances through commercialization of new discoveries at the state's research institutions.

Finds that public support for and promotion and commercialization of new research will benefit the state and its residents through contributions to scientific knowledge and economic development, and this research will lead to breakthroughs and improvements that might not otherwise be discovered due to lack of existing market incentives.

Establishes an innovation discovery fund authority with the power to contract to receive funding from a variety of sources, and

Creating a clean energy collaborative.

(DIGEST AS ENACTED)
Requires the office of the governor to convene a clean energy
leadership council in collaboration with a statewide, public-private
alliance to prepare a strategy for growing the clean energy
technology sector in Washington state.

Requires the governor, in consultation with the alliance, to
appoint and convene the council by July 31, 2009.

Requires the energy policy division of the department of
community, trade, and economic development, or its successor
agency, to: (1) Consider the clean energy leadership strategy once
it is developed when preparing its application for federal state
energy program funding and determining the type and number of
clean energy projects to fund; and
(2) Consult the clean energy leadership council, once it has
been convened, before awarding federal energy stimulus funding
for clean energy projects.

Requires the governor to designate an existing full-time
equivalent position within state government as the single point of
accountability for all energy and climate change initiatives within
state agencies and requires all agencies, councils, or work groups
with energy or climate change initiatives to coordinate with the
person in this designated position.

SB 5935-S by Senate Committee on Early Learning & K-12 Education (originally sponsored by Senators McDermott and Kohl-Welles)

DIGEST OF PROPOSED 1ST SUBSTITUTE

Finds that: (1) The number of children who have been found to be victims of abuse is unacceptable;
(2) This victimization often leads adult survivors into struggles with depression, alcohol and drug addiction, and other mental illnesses; and
(3) There is evidence that indicates effective abuse prevention and personal safety education can be very valuable in efforts to reduce incidents of abuse.

Declares an intent to: (1) Address this issue by establishing guidelines for schools to integrate effective programs that teach students skills to prevent abuse; and
(2) In consultation with professionals in the field of child abuse prevention and interested organizations, establish a statewide child abuse prevention program to be incorporated into existing programs at each public school.

Requires the program to be in place and made available to schools to enhance the efforts to prevent child abuse.

VETO MESSAGE ON 2SSB 5945

May 18, 2009

To the Honorable President and Members,

The Senate of the State of Washington

I have approved, except for Section 3, Second Substitute Senate Bill 5945 entitled:

"AN ACT Relating to creating the Washington health partnership plan."

Section 3 creates the Washington health partnership advisory group and requires me to convene quarterly meetings of the group from October 2009 through June 2010. Creating in statute a new advisory group, even one of limited duration, is contrary to our recent effort to reduce the number of such groups across all of state government. I will emphasize to the relevant state agencies the importance of keeping all interested parties up to date on our state's health care reform efforts, and if appropriate will convene the type of meeting called for in this section without the need to create this group in statute.

With the exception of Section 3, Second Substitute Senate Bill 5945 is approved.

Respectfully submitted,
Christine O. Greigore
Governor
SB 5946
by Senators McDermott, Murray, Keiser, Fairley, Kline, and Marr

VETO MESSAGE ON ESB 6033
May 7, 2009
To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I have approved, except for Section 4, Engrossed Senate Bill 6033 entitled:

"AN ACT Relating to creating the prevent or reduce owner-occupied foreclosure program."

Section 4 of this bill requires the Washington State Housing Finance Commission to establish an oversight committee to prevent or reduce owner-occupied home foreclosures. The committee is tasked with developing criteria for the success of the program, periodically evaluating the effectiveness of the program, developing and maintaining an inventory of state and federal housing assistance programs directed to stabilize owner-occupied homes and coordinating all state efforts related to prevention or reduction of owner-occupied foreclosures. These tasks are all important. The Washington State Housing Finance Commission and Department of Financial Institutions, however, already have the authority to consult with stakeholders on these topics. Therefore I am vetoing Section 4 of this bill and ask that the directors of the Washington Housing Finance Commission and the Department of Financial Institutions exercise their authority to seek input from stakeholders when establishing the program.

For this reason, I have vetoed Section 4 of Engrossed Senate Bill 6033. With the exception of Section 4, Engrossed Senate Bill 6033 is approved.

Respectfully submitted,
Christine Gregoire
Governor

SB 6034 by Senators Kilmer, Becker, Jarrett, and Shin

Companion Bill: 2261
Concerning the state's education system.

(AS OF SENATE 2ND READING 3/09/09)
Finds ample evidence of a need for continuing to refine the program of basic education that is funded by the state and delivered by school districts.

Declares an intent to: (1) Continue to review, evaluate, and revise the definition and funding of basic education in order to continue to fulfill the state obligation under Article IX of the state Constitution to define and fund a program of basic education for children residing in the state and attending public schools;

(2) Continue to strengthen and modify the structure of the entire K-12 educational system, including nonbasic education programmatic elements, in order to build the capacity to anticipate and support potential future enhancements to basic education as the educational needs of our citizens continue to evolve;

(3) Build upon the previous efforts of the legislature and the work of the basic education task force, the state board of education, the professional educator standards board, and others;

(4) Fulfill the state’s obligation under Article IX to establish a general and uniform system of public schools and build upon the actions previously taken by the legislature to address the inequities that exist in the current system;

(5) Begin a schedule for implementation of a redefined program of basic education and the resources necessary to support it, beginning in the 2011-12 school year; and

(6) Continue to review and revise the formulas and schedules and make additional revisions, including revisions for technical purposes and consistency in the event of mathematical or other technical errors.

Declares that when the system has the capacity to fully implement these reforms and enhancements they will be included in definition and funding of basic education.

Declares that it is the intent of the legislature to maintain an active and ongoing role in monitoring and overseeing the development and implementation of the new basic education funding formula and redefinition of basic education.

SB 6091 by Senators Keiser and Franklin
Expanding the college board worker retraining program.

Declares an intent to create training and skill development opportunities in disciplines for which there is high employer demand for Washingtonians who have been dislocated from occupations that are in declining demand and increase the availability of career ladders to incumbent workers in high-demand industries through the expansion of the existing worker retraining program.

Requires the college board worker retraining program funds to be used for training programs and related support services, including financial aid, counseling, referral to training resources, job referral, and job development that provide funding and education for dislocated and incumbent workers in high-demand fields of study, including health care.

Requires the state board for community and technical colleges to: (1) In developing a plan for use of the worker retraining program funds, develop training programs that facilitate career progression in health care occupations, and involve labor-management partnerships in the determination of relevant skills and competencies and the design of career pathways; and (2) Use existing public and private resources, including the training partnership under chapter 74.39A RCW, to achieve the goals of recruiting, supporting, and training persons working in health care fields, as they progress to higher levels of skilled care; and (3) Coordinate with the employment security department, the training partnership established in RCW 74.39A.360, and the workforce training and education coordinating board to implement the training system for persons working in health care fields designed by the state board for community and technical colleges.

Requires the training partnership established in RCW 74.39A.360 to work in collaboration with the state board for community and technical colleges, the workforce training and education coordinating board, and the employment security department to develop and implement the training system for persons working in health care fields designed by the state board for community and technical colleges.

Requires the hospital labor management training partnership to work in collaboration with the state board for community and technical colleges, the workforce training and education coordinating board, and the employment security department in the development and implementation of the health care career ladder.

VETO MESSAGE ON SSB 6122

May 8, 2009

To the Honorable President and Members,

The Senate of the State of Washington

Ladies and Gentlemen:

I have approved, except for Section 1, Substitute Senate Bill 6122 entitled:

"AN ACT Relating to reducing costs of the elections division of the office of the secretary of state."

Section 1 of Substitute Senate Bill 6122 exempts the Elections Division from being required to use the State Printer for printing Voter Pamphlets. The State Printer provides consolidated and centralized print services on behalf of the State. Preserving that centralized capability brings important cost savings and efficiencies to State agencies. If the State Printer is not able to meet the price available to the Office of the Secretary of State from other printers, however, I will direct the State Printer to allow the Office of the Secretary of State to print the Voter Pamphlet elsewhere.

For this reason, I have vetoed Section 1 of Substitute Senate Bill 6122. With the exception of Section 1, Substitute Senate Bill 6122 is approved.

Respectfully submitted,
Christine Gregoire
Governor

Effective date 7/26/2009.

Provides a contingent effective date.

SB 6124 by Senator Hobbs
Including manufactured/mobile home parks in the regional transfer of development rights program.

Finds that: (1) A successful transfer of development rights program must consider housing affordable to all economic segments of the population in designated sending areas; (2) Manufactured/mobile home parks have a long history as areas that provide housing opportunities for all economic segments of the population; (3) The number of manufactured/mobile home parks is shrinking due to development pressures that threaten to eliminate this housing option; and (4) The inclusion of manufactured/mobile home parks in the regional transfer of development rights program will assist in slowing the conversion of these areas.
Requires counties to use as a criteria to guide the designation of sending areas for participation in the regional transfer of development rights program that the land is in current use as a manufactured/mobile home park as defined in chapter 59.20 RCW.

SB 6125 by Senator Roach

SB 6162 by Senator Prentice
Relating to criminal justice.

(ADDED - SEE BILL)
Introduced by title and introductory section only.

SB 6162-S by Senate Committee on Ways & Means (originally sponsored by Senator Prentice)
Providing for the supervision of offenders sentenced to community custody regardless of risk classification if the offender has a current conviction for a serious violent offense.

(DIGEST AS ENACTED)
Provides for the supervision of offenders sentenced to community custody regardless of risk classification if the offender has a current conviction for a serious violent offense.

VETO MESSAGE ON SSB 6162
May 6, 2009
To the Honorable President and Members, The Senate of the State of Washington
Ladies and Gentlemen:
I have approved, except for Section 3, Substitute Senate Bill 6162 entitled:

"AN ACT Relating to criminal justice: Providing for the supervision of offenders sentenced to community custody regardless of risk classification if the offender has a current conviction for a serious violent offense as defined in RCW 9.94A.030."

Substitute Senate Bill 6162 corrects an error in Engrossed Second Substitute Senate Bill 5288 by ensuring that all serious violent offenders are sentenced to community custody regardless of risk level. I have vetoed the emergency clause in ESSB 5288, and so I am also vetoing the emergency clause in Section 3 of SSB 6162 as it is not necessary.

SB 6163 by Senators Keiser and Tom
Concerning the nursing facility medicaid payment system.

(ADDED - SEE BILL)
Finds that the current statute governing the nursing facility medicaid payment system is overly complex in contrast to Washington state’s statutes governing reimbursement systems for hospitals, physicians, boarding homes, and other vendors, and that this complexity has made it difficult to focus on systemic improvements in the nursing facility medicaid payment system and in other long-term care policies.

Declares an intent to simplify the existing nursing facility medicaid payment system so that it is fair and predictable. Effective July 1, 2009, the essential structure of this simplified nursing facility medicaid payment system must be described in statute, and the details of the system must be described in rules adopted by the department of social and health services.

SB 6163-S by Senate Committee on Ways & Means (originally sponsored by Senators Keiser and Tom)
(FINALIZED)
Finds that the current statute governing the nursing facility medicaid payment system is overly complex in contrast to Washington state’s statutes governing reimbursement systems for hospitals, physicians, boarding homes, and other vendors, and that this complexity has made it difficult to focus on systemic improvements in the nursing facility medicaid payment system and in other long-term care policies.

Declares an intent to simplify the existing nursing facility medicaid payment system so that it is fair, predictable, transparent, and accountable. Effective July 1, 2009, the essential structure of this simplified nursing facility medicaid payment system must be
described in statute, and the details of the system must be described in rules adopted by the department of social and health services. Requires the department of social and health services to adopt comprehensive rules to describe and administer the nursing facility medicaid payment system, to be effective July 1, 2009.

SB 6164 by Senator Regala
Providing local flexibility with existing revenues during severe economic downturns.

Authorizes revenue generated from real estate excise taxes to also be used for the maintenance of capital facilities if the county or city imposing the taxes identifies the capital maintenance facilities in their adopted budget.

Modifies the definition of "criminal justice purposes" in regards to county sales and use taxes imposed under RCW 82.14.340 and allows revenue received from any such tax to be used to replace or supplant existing funding for criminal justice purposes.

Clarifies that taxes on gambling activities collected by local governments are to be used for public safety purposes.

Provides that revenue from taxes imposed under chapter 67.28 RCW (public stadium, convention, arts, and tourism facilities) may also be used for governmental purposes that will maintain or enhance tourism, including public safety improvements.

VETO MESSAGE ON ESB 6166
May 8, 2009
To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:
I am approving, except for Section 6, Engrossed Senate Bill 6166 entitled:

"AN ACT Relating to the sale of timber from state trust lands."

Section 6 requires the Department of Natural Resources to prepare a report for which no funding was provided in the budget. In these challenging economic times, state agencies are already struggling to meet their existing obligations. This requirement places a large, unfunded burden upon the agency. For this reason, I have vetoed Section 6 of Engrossed Senate Bill 6166.

With the exception of Section 6 of Engrossed Senate Bill 6166 is approved.

Respectfully submitted,
Christine Gregoire

SB 6166 by Senators Hargrove, Ranker, Rockefeller, Jacobsen, and Morton
Concerning the sale of timber from state trust lands.

(DIGEST AS ENACTED)

Increases the maximum amount of timber that can be sold by the department of natural resources through its contract harvesting program.

Requires the department of natural resources to: (1) Set the final appraised value for the purposes of an auction based on the current market prices for the valuable material in question; and
(2) Consider requests from timber purchasers when the purchasers request timber sales extensions or other flexible options in the execution of a timber sale contract designed to avoid a contract default.

Directs the department of natural resources, to the extent possible under current law consistent with its responsibility to the trust beneficiaries, to consider requests from purchasers for timber sale extensions and to provide flexibility in timber sale contract administration to help mitigate against the potential for contract default.

Expires January 1, 2014.
SB 6167 by Senators Kline, Regala, and Hargrove
Concerning crimes against property.

(DIGEST AS ENACTED)

 Raises the monetary threshold amounts differentiating the various degrees of property crimes in the state. Creates an organized retail crime task force to: (1) Examine the impact of raising these values on the retail industry, the district and municipal courts, and the county and city offices of the prosecuting attorney; (2) Examine the best methods for apportionment and sharing of costs for prosecution when multiple jurisdictions are involved; and (3) Identify any policies or procedures which would enhance the successful investigation and prosecution of property crimes in Washington state.

Requires the sentencing guidelines commission to review the monetary threshold amounts differentiating the various degrees of property crimes in Washington state to determine whether such amounts should be modified.

Requires the court or the prosecuting attorney, before a sentence is imposed upon a defendant convicted of a crime against property, to check existing judicial information systems to determine the criminal history of the defendant.

Provides that the act applies to crimes committed on or after September 1, 2009.

SB 6168 by Senators Tom and Prentice
Reducing costs in state elementary and secondary education programs.

(DIGEST AS ENACTED)

Reduces costs in state elementary and secondary education programs.

VETO MESSAGE ON SB 6168

May 19, 2009

To the Honorable President and Members, The Senate of the State of Washington

Ladies and Gentlemen:

I have approved, except for Sections 3, 4 and 8, Senate Bill 6168 entitled:

"AN ACT Relating to reducing costs in state elementary and secondary education programs."

Sections 3 and 4 refer to the availability of funds as the determinate for whether these important programs are implemented. Because all programs are dependent on legislative appropriations, the addition of this language has no substantive effect. I am concerned, however, that future budget writers might erroneously conclude that these programs are in a different status than other programs and consider not funding them solely because of the addition of this new language. As a result, I have vetoed Sections 3 and 4 of Senate Bill 6168.

Section 8 of Senate Bill 6168 amends RCW 28A.625.020, Office of Superintendent of Public Instruction annual recognition program. RCW 28A.625.020 is also repealed by Section 20(6) of Senate Bill 5889 which I signed earlier today. Therefore, I am not approving Section 8 of Senate Bill 6168 to correct a potential double amendment and conflicting policy.

For these reasons, I have vetoed Sections 3, 4 and 8 of Senate Bill 6168.

With the exception of Sections 3, 4 and 8, Senate Bill 6168 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

SB 6169 by Senator Prentice

Enhancing tax collection tools for the department of revenue in order to promote fairness and administrative efficiency.

(SUBSTITUTED FOR - SEE 1ST SUB)

Authorizes the department of revenue: (1) If it has issued a warrant under RCW 82.32.210 for the collection of unpaid taxes from a limited liability business entity and that business entity has been terminated, dissolved, or abandoned, or is insolvent, to pursue collection of the entity's unpaid taxes, including penalties and interest on those taxes, against any or all of the responsible individuals; and

(2) To issue a notice and order to withhold and deliver to any financial institution in the form of a listing of all or a portion of the unsatisfied tax warrants filed under chapter 82.32 RCW with the clerk of the superior court of a county of the state, except tax warrants subject to a payment agreement, which is not in default, between the department and the taxpayer.

Directs the department of revenue: (1) Work with interested financial institutions to develop policies regarding the frequency of service under section 1(3) of the act and under what circumstances a notice and order to withhold and deliver will contain only a partial list of unsatisfied tax warrants eligible to be included in the notice;

(2) Develop a policy regarding the information to be contained in a notice and order to withhold and deliver to ensure that financial institutions can accurately match their records with the names of tax debtors; and

(3) Allow any person served electronically to answer the notice and order to withhold and deliver electronically in a format provided or approved by the department.

*(DIGEST AS PASSED LEGISLATURE)*

Requires the department of social and health services to begin the selection of, and negotiation of contracts with, intensive resource home providers in selected pilot sites when specific funds have been appropriated by the legislature for implementation of the intensive resource home pilot.

**VETO MESSAGE ON SB 6181**

May 19, 2009

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Senate Bill 6181 entitled:

"AN ACT Relating to the intensive resource home pilot."

This bill would extend for budget purposes the suspension of the intensive resource home pilot program created in 2008 and suspended in December of that year. However, Senate Bill 6181 amends RCW 74.13.800 which was repealed by section 97 of Second Substitute Senate Bill 2106 which I signed into law today. Therefore, the suspension is no longer necessary.

For this reason I have vetoed Senate Bill 6181 in its entirety.

Respectfully submitted,
Christine O. Gregoire

Ensuring punishment for domestic violence offenders.

Recognizes: (1) The substantial and great impact upon society, families, children, and the victims of offenses occurring between cohabitants;

(2) The continuing nature of domestic violence; and

(3) The lasting psychological trauma caused by such violence.

Finds that the prevention of domestic violence, and the proper punishment for such offenses, is a compelling state interest that has not been under current sentencing provisions. Toward this end, the act is necessary to ensure that domestic violence offenders are punished accordingly and that an end to domestic violence can be achieved.

SB 6204 by Senators Sheldon, King, Hobbs, and Rockefeller

Companion Bill: 2845

Privatizing the sale of liquor.

(SEE ALSO PROPOSED 1ST SUBSTITUTE)

Declares an intent to privatize the retail and distribution of liquor to result in a system that is more efficient than public sector retail and distribution.

Finds that: (1) The present system of state control includes a markup amount at distribution that generates revenue for the state and local governments; and

(2) This markup will be eliminated when liquor sales and distribution are privatized.

Declares an intent that the privatization of liquor sales and distribution not result in revenue losses to state or local governments as compared to projected revenues assumed under state control, not including any separate licenses or franchises.

Directs the liquor control board and the department of revenue, with assistance from legislative staff and the office of financial management, to present a report to the legislature no later than December 1, 2010, on a recommended method and rates of liquor taxation that would generate the same future projected revenue for the state and local jurisdictions as under the current state control system.

SB 6204-S by Senate Committee on Labor, Commerce & Consumer Protection (originally sponsored by Senators Sheldon, King, Hobbs, and Rockefeller)

Requesting the liquor control board to examine ways to increase efficiency and revenue.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Requires the liquor control board to: (1) In consultation with the office of financial management and the appropriate legislative committees, examine methods to increase efficiency and revenue through the sale of liquor in this state;

(2) Examine the six alternatives identified in the December 2009 state government performance review which outlined opportunities for increased revenue relating to the sale and distribution of liquor; and

(3) Investigate other options it deems appropriate.

Companion Bill: 3109

Allowing local governments to create golf cart zones.

(SUBSTITUTED FOR - SEE 1ST SUB)

Authorizes the legislative authority of a city or county to create a golf cart zone surrounding a golf course to permit the incidental operation of golf carts upon a street or highway of this state having a speed limit of twenty-five miles per hour or less.

VETO MESSAGE ON SSB 6207

March 25, 2010

To the Honorable President and Members, The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 7, Substitute Senate Bill 6207 entitled:

"AN ACT Relating to allowing local governments to create golf cart zones."

This bill authorizes local jurisdictions to allow the use of golf carts on public roads that have speed limits of 25 miles per hour or less, under certain restrictions. The bill contains some important safety precautions, including requiring local jurisdictions to post signs identifying golf cart zones, and requiring that golf carts have seatbelts and proper lighting. Section 7 would exempt passengers under age 16 from the state's seatbelt and child restraint requirements. I believe it is important these passenger safety provisions apply to the use of vehicles transporting a child on a public road.

For this reason, I have vetoed Section 7 of Substitute Senate Bill 6207.

With the exception of Section 7 of Substitute Senate Bill 6207 is approved.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON E2SSB 6267
April 1, 2010
To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 9, 10, 14 and 15, Engrossed Second Substitute Senate Bill 6267 entitled:

"AN ACT Relating to water right processing improvements."

This bill provides applicants and the Department of Ecology with tools that can be used, when appropriate, to expedite the processing of water right applications.

Sections 9 and 10 define the original location of a well associated with a water right claim as the area located within a one-quarter mile radius of the current well or wells. The original location of a well is used to determine when a replacement well requires a formal change to the water right.

The specific definitions in Sections 9 and 10 would reduce the Department of Ecology's flexibility and impair its current discretion to decide when a replacement well warrants formal review and approval. Such flexibility and discretion is needed when the impacts of a replacement well will depend on the circumstances. Sections 14 and 15 provide expiration and effective dates for Sections 9 and 10, respectively.

For these reasons, I have vetoed Sections 9, 10, 14 and 15 of Engrossed Second Substitute Senate Bill 6267.

With the exception of Sections 9, 10, 14 and 15, Engrossed Second Substitute Senate Bill 6267 is approved.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON SSB 6343

April 2, 2010

To the Honorable President and Members,

The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill 6343 entitled:

"AN ACT Relating to the establishment of the Washington food policy forum."

Improved coordination of efforts relating to our state food policy is needed. However, this bill identifies goals that overlap with existing state agency activities. This redundancy will lead to spending time and financial resources on issues already addressed by existing agency programs. In addition, this bill establishes a forum consisting of 25 representatives and charges the forum with addressing a broad range of food system goals over the next five years. Experience teaches that the large size of the forum combined with a broad range of issues diminishes the prospects for success.

While I have vetoed this bill, I am committed to a more focused examination of state food policy, food-related programs, and food-related issues. I intend to issue an executive order directing the Departments of Health, Agriculture, and Social and Health Services, along with a request to the Conservation Commission and the Office of Superintendent of Public Instruction, to work collaboratively with other agencies and non-governmental organizations, to:

a. Pursue federal and other grant source funds to identify gaps and opportunities to address food security, nutrition, and health of Washington citizens;

b. Explore ways to promote nutrition, especially for those who are most in need;

c. Help educate the public and policy makers on the status of hunger in Washington State, and the role they play in addressing issues of food security, nutrition and health; and

d. Collaborate and coordinate with private, public and governmental organizations to support realistic solutions to...
improving food security, nutrition and health for all Washingtonians; and,

e. Help educate the public and policy makers on the importance of farmland preservation and the importance of promoting Washington-grown products to farmers' markets, food banks, and institutions.

For these reasons I have vetoed Substitute Senate Bill 6343 in its entirety.

Respectfully submitted,
Christine Gregoire
Governor

Expanding the higher education system upon proven demand.

(SUBSTITUTED FOR - SEE 1ST SUB)
Provides a systematic mechanism for communities and the state to identify educational programs and capital investments needed to expand the state’s higher education system upon demand.

SB 6355-S by Senate Committee on Higher Education & Workforce Development (originally sponsored by Senators Kilmer, Becker, Rockefeller, and Shin)

(DIGEST AS ENACTED)
Finds that the higher education coordinating board, in collaboration with the state board for community and technical colleges, the two-year and four-year institutions of higher education, and other stakeholders developed a system design plan that: (1) Contains seven guiding principles for system expansion; (2) Focuses near-term enrollment growth at university branch campuses, comprehensive universities, and university centers where existing capacity is available without new state capital investment; (3) Establishes a process for evaluating major new capital expansion; and (4) Creates a fund for innovation to foster change and innovation in higher education delivery.

Endorses the system design plan, approved in November 2009, and adopts the recommendations and strategies in the plan.

Provides an alternative process for awarding contracts for university buildings and facilities in which critical patient care or highly specialized medical research is located.

Provides for sunset termination and review of the alternative process for awarding contracts.

VETO MESSAGE ON ESSB 6381

March 30, 2010

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 215(3); 215(5); 221(13); 303(43); 304(15); 401, page 89, lines 18-20, 23-25, and 26-27; and 602 of Engrossed Substitute Senate Bill 6381 entitled:

“AN ACT Relating to transportation funding and appropriations.”

Section 215(3), page 31, Department of Transportation

This proviso ties the appropriation contained within this subsection to either the Joint Legislative Audit and Review Committee (JLARC) or the Joint Transportation Committee (JTC) conducting an analysis identified in Sections 108(4) and 204 of this bill. This action effectively delegates appropriation authority to either the JLARC or the JTC. I believe that this delegation of authority will be remedied in the operating budget. For this reason, I have vetoed Section 215(3).

Section 215(5), page 32, Department of Transportation

This proviso requires the Department of Transportation to finalize all pending equal value exchange activities for the construction or improvement of facilities. Thereafter, the Department may not pursue any other equal value exchanges except to replace the Mount Baker headquarters office. Equal value exchanges are important tools that the Department uses to fund high priority facility projects. For this reason, I have vetoed Section 215(5).

Section 221(13), page 47, Department of Transportation

This proviso requires the Department of Transportation to implement a pilot program for the remainder of the 2009-11 Biennium to expand the use of high occupancy vehicle lanes, transit-only lanes, and certain park and ride facilities to private transportation providers. The proviso requires transit agencies and other local jurisdictions to have a process to receive applications for the reasonable use of these facilities. If a private transportation provider demonstrates that the transit agency or local jurisdiction failed to consider an application in good faith, the Department may not award any grant funding.

This proviso conflicts with federal regulations due to its broad allowance of the private use of public facilities. The Federal Transit Authority (FTA) requires specific authorization before allowing private transportation uses in federally funded public facilities. In addition, the issuance of grants to local jurisdictions for vanpools, special needs transportation, and other facilities to improve regional mobility should not be based upon the outcome of negotiations between local jurisdictions and private transportation providers.

For these reasons, I have vetoed Section 221(13).

Section 303(43), page 66, Department of Transportation

Section 304(15), page 72, Department of Transportation

These provisos require that redistributed federal funds received by the Department of Transportation first be applied to offset planned expenditures of state funds, and second to offset planned expenditures of federal funds, on projects identified in the project list in the 2010 supplemental budget. If these options are not feasible, the Department must consult with the Joint Transportation Committee (JTC) prior to obligating redistributed federal funds. If such consultation is not feasible and Washington does not act quickly, we may lose the opportunity to receive redistributed federal funds. However, because input from the Legislature is important, I am directing the Department to consult with JTC members.

For this reason, I have vetoed Section 303(43) and Section 304(15).

Section 401, page 89, lines 18-20, 23-25, and 26-27, State Treasurer

This section provides for bond sale discounts and debt to be paid by the motor vehicle account and transportation fund revenue. Technical modeling problems resulted in some erroneous amounts.

For this reason, I have vetoed lines 18-20, 23-25, and 26-27 of Section 401.
Section 602, page 96, Department of Transportation
This proviso requires that redistributed federal funds received by the Department of Transportation first be applied to offset planned expenditures of state funds, and second to offset planned expenditures of federal funds, on projects identified in the project list in the 2010 supplemental budget. If these options are not feasible, the Department must consult with the Joint Transportation Committee (JTC) prior to obligating redistributed federal funds. For the same reason that I vetoed Section 303(43) and Section 304(15) above, I have vetoed Section 602.

For these reasons, I have vetoed Sections 215(3); 215(5); 221(13); 303(43); 304(15); 401, page 89, lines 18-20, 23-25, and 26-27; and 602 of Engrossed Substitute Senate Bill 6381.

With the exception of Sections 215(3); 215(5); 221(13); 303(43); 304(15); 401, page 89, lines 18-20, 23-25, and 26-27; and 602, Engrossed Substitute Senate Bill 6381 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

VETO MESSAGE ON ESSB 6392

March 30, 2010
To the Honorable President and Members,

The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 1 and 3, Engrossed Substitute Senate Bill 6392 entitled:

"AN ACT Relating to the use of revenue generated from tolling the state route number 520 corridor."

Section 1 outlines legislative intent for the bill. I believe the legislation itself states clearly that improvements throughout the SR 520 corridor need to move forward, with the proper input from appropriate parties. However, Section 1 is vague and susceptible to conflicting interpretations, which I believe could hinder our ability to make progress on a project that is important to public safety and economic vitality.

Section 3 requires that the SR 520 bridge be no higher than 20 feet. I recognize it is important to local communities that the bridge have as low a profile as possible. Decisions regarding the dimensions of a transportation facility must also be based on engineering standards, safety considerations, permitting requirements, and state and federal law. Section 3 potentially prevents the Department of Transportation from complying with Coast Guard requirements and eliminates any possibility of adjusting the size of the facility based upon design or permitting needs. As a result, I am vetoing this section and directing the Department to continue to work with neighborhoods and local governments to refine the preferred alternative design.

For these reasons, I have vetoed Sections 1 and 3 of Engrossed Substitute Senate Bill 6392.

With the exception of Sections 1 and 3, Engrossed Substitute Senate Bill 6392 is approved.

Respectfully submitted,
Christine Gregoire

VETO MESSAGE ON ESSB 6403
March 29, 2010
To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Engrossed Substitute Senate Bill 6403 entitled:

"AN ACT Relating to accountability and support for vulnerable students and dropouts, including prevention, intervention, and reengagement."

Section 1 is an intent section including legislative findings and goals regarding the development of a dropout prevention program to serve vulnerable youth. The intent section could be read to conflict with the substantive description of the type of program to be developed as stated in Section 3. A veto of the intent section eliminates this potential conflict.

For this reason, I have vetoed Section 1 of Engrossed Substitute Senate Bill 6403.

With the exception of Section 1, Engrossed Substitute Senate Bill 6403 is approved.

Respectfully submitted,
Christine Gregoire
Governor

Senate Bill 6409 is approved. With the exception of Section 7 of Engrossed Second Substitute Senate Bill 6409 entitled:

"AN ACT Relating to creating the Washington opportunity pathways account."

This bill creates the Washington Opportunity Pathways Account and directs that beginning in Fiscal Year 2011 net revenues from in-state lottery games that are not otherwise dedicated will be placed in this new account.

Section 7 of this bill requires costly consultation and studies of areas of lottery operations that already receive significant oversight. The section directs the Joint Legislative Audit and Review Committee (JLARC) to study the marketing and vendor expenditures and incentive payment programs of the Commission by November 1, 2010. The estimated costs of the studies are not funded in the budget. In addition, the Executive Committee of JLARC has requested this section be vetoed and that the study take place next biennium. I agree with the need for the study and request the committee to include it in their future planning.

For these reasons I have vetoed Section 7 of Engrossed Second Substitute Senate Bill 6409.

SB 6424 by Senators Berkey, Franklin, and Hobbs
Eliminating the prevent or reduce owner-occupied foreclosure program account.
Repeals the prevent or reduce owner-occupied foreclosure program and the prevent or reduce owner-occupied foreclosure program account.
Requires the state treasurer to transfer to the Washington financial education public-private partnership account the unexpended balance of the repealed account.

Ladies and Gentlemen:

I am returning, without my approval as to Sections 109; 117, page 17, lines 10-11; 127(27); 127(28); 127(31); 127(36); 127(38); 127(39); 129, page 35, lines 19-20; 129(3); 129(6); 131(2); 201(7); 204(3)(f); 205(1)(m); 205(1)(n); 205(1)(o); 205(1)(p); 205(1)(r); 205(1)(s); 206(20); 206(21); 207(2); 207(1); 209(14); 209(35); 209(35); 209(36); 209(39); 209(40); 209(41); 209(42); 209(47); 212(6); 212(7); 214(7); 214(8); 221(21); 221(28); 223(2)(b); 303(3); 303(4); 304 (4); 306(2); 308(15); 501(1)(b); 501(1)(f)(iv); 604(7); 605(5); 708; 717; 803, page 281, line 38, and page 282, lines 1-11; 803, page 283, lines 20-22; 803, page 283, lines 23-27; 803, page 285, lines 28-31; 902; 908; 920; 926; 937; and 939, Engrossed Substitute Senate Bill 6444 entitled:
“AN ACT Relating to fiscal matters.”

I am vetoing the following appropriation items because of concerns with policy or technical issues relating to the legislative provisions:

Section 109, page 10, Supreme Court, Change to Fiscal Year 2011 General Fund-State Appropriation
The reduced appropriation to the Supreme Court in this section will impede the Court's capacity to hear cases in a timely manner. The Court will work with the Legislature to implement budget reductions in the 2011 Supplemental Budget; therefore, I have vetoed Section 109.

Section 117, page 17, lines 10-11, Lieutenant Governor, Reduction to Private/Local Appropriation
The $2,000 reduction in the existing private/local fund appropriation would require the agency to turn away grant funds from a local school district. For this reason, I have vetoed Section 117, lines 10-11.

Section 127(27), page 30, Department of Commerce, Microenterprise Development Organizations
This proviso prohibits the Department of Commerce from reducing the funding for microenterprise development organizations by more than ten percent this biennium. This restriction limits the agency's ability to manage necessary budget reductions. For this reason, I have vetoed Section 127(27).

Section 127(28), pages 30-31, Department of Commerce, Workgroup to Study Gaps in State Commercialization Programs
This proviso requires the Department of Commerce to convene a work group to study the gaps and overlaps in programs that commercialize research and technology initiatives. This group must prepare a report to the Legislature no later than December 1, 2010, that identifies any gaps and overlaps, evaluates strategies to reduce administrative expenses, and recommends changes that would amplify and accelerate innovation-driver job creation in the state. No funding was provided for the review and study. For this reason, I have vetoed Section 127(28). However, I am directing the Department of Commerce to conduct as much of a review as is possible within its existing resources because I believe the information required by the proviso will be useful.

Section 127(31), pages 31-32, Department of Commerce, Separate Budget Request for the Economic Development Commission
This proviso requires the Economic Development Commission, currently funded through the Department of Commerce, to develop a separate budget request and work plan. It also creates an account for the receipt of gifts, donations, sponsorships, or contributions from which only the Commission or its designee may authorize expenditures. Because the Economic Development Commission is part of the Department of Commerce, its budget and work plan is and should remain part of the Department's budget requests. In addition, it is inappropriate to establish an account in an
appropriations bill. For these reasons, I have vetoed Section 127(31).

Section 127(36), page 34, Department of Commerce, New Account for Washington Technology Center
This proviso creates the Investing in Innovation Account to be used only by the Washington Technology Center in carrying out the Investing in Innovation Grants Program and other innovation and commercialization activities. Since the Center is a non-profit organization, not a public agency, it cannot administer a state account. In addition, it is inappropriate to establish an account in an appropriations bill. For these reasons, I have vetoed Section 127(36).

Section 127(38), page 34, Department of Commerce, Washington State Quality Award Training for Small Manufacturers and Other Businesses
This subsection provides $50,000 in General Fund-State funding for Washington State Quality Award Council training for small manufacturers and other businesses/organizations engaged in continuous quality improvement, performance measurement, strategic planning, and other approaches that enhance productivity. The state's current and projected fiscal environment necessitates splitting on only the most essential state programs and activities, and spending $50,000 on this activity will provide minimal benefit to Washington's small businesses. For this reason, I have vetoed Section 127(38).

Section 127(39), page 34, Department of Commerce, Appropriation to Manufacturing Innovation and Modernization Account
This subsection provides $50,000 in General Fund-State funding for deposit into the Manufacturing Innovation and Modernization Account, which provides vouchers to small manufacturers to purchase consulting services from a qualified manufacturing extension partner affiliate. To date, no small manufacturers have taken advantage of this program, and approximately $150,000 remains in the account. Given the state's current and projected fiscal environment and the lack of demand for these services, an additional deposit of funds into this account does not seem warranted. For this reason, I have vetoed Section 127(39).

Section 129, page 35, lines 19-20, Office of Financial Management, Change to Fiscal Year 2011 General Fund-State Appropriation
The reduction to the Fiscal Year 2011 appropriation is vetoed in order to retain sufficient funds to conduct two critical budget-related studies: an independent assessment of placements in residential habilitation centers in Section 129(6) and an analysis and strategic business plan for the Consolidated State Data Center and Office in Section 129(7). Insufficient funds were provided to prepare a valuable study, and no new funds were provided for the Data Center study. The agency will still implement all administrative reductions assumed in the budget as passed, and the additional spending authority will be used to accomplish the new work assigned to the agency. For these reasons, I have vetoed Section 129, lines 19-20.

Section 129(3), pages 36-37, Office of Financial Management, Washington State Quality Award Training
This subsection provides $25,000 in General Fund-State funding for the Office of Financial Management to contract with the Washington State Quality Award Program to provide training for state managers and employees. The state's current and projected fiscal environment necessitates spending on only the most essential requirements. For this reason, I have vetoed Section 129(3).

Section 129(6), page 38, Office of Financial Management
The $200,000 appropriation for this study is divided between two fiscal years so the Office of Financial Management will not be able to use half of the money, making it impossible to satisfactorily complete the review as envisioned. Therefore, I am vetoing section 129(6). In order to assess the status of people who currently live in residential habilitation centers, I am directing the Department of Social and Health Services to conduct assessments in a similar manner as is done for people in community residential programs. The assessments shall include interviews with all residential habilitation center residents or guardians of residents to determine the appropriate setting for these individuals and shall include the option and choice to remain in a residential habilitation center. The Office of Financial Management shall contract with an independent consultant to review the assessments and determine whether there are funded options available in the community for residential habilitation center residents who indicate an interest in moving to a community placement and whether appropriate services and resources in the community exist or can be developed to provide adequate care for people with developmental disabilities. The consultant shall provide a report to me and the Legislature by December 1, 2010. For these reasons, I have vetoed Section 129(6).

Section 131(2), page 40, Department of Personnel, Employee Satisfaction Synopsis and Workforce Management Assessment
This proviso requires the Department of Personnel to provide a synopsis of survey data regarding state employee satisfaction and an assessment of career and executive work force management concepts. There is a technical problem with an incorrect reference to Section 119(4) instead of Section 123(4). For this reason, I am vetoing Section 131(2), but directing the Department to comply with the intent of the proviso to the degree possible within existing resources.

Section 201(7), pages 58-59, Department of Social and Health Services, Audit and Oversight Improvement
This proviso requires multiple changes to the Department's audit and oversight programs. This requirement would create a significant administrative burden, and no funding was provided for this purpose. For this reason, I have vetoed Section 201(7).

Section 204(3)(f), pages 81-82, Department of Social and Health Services, Report on Mental Health Services for Children
The Department of Social and Health Services is directed to provide a report on improving services for children who are at greatest risk of requiring long-term inpatient and residential care due to the severity of their emotional impairments. The proviso also requires the Family Policy Council to prepare an inventory of current publicly funded efforts in Washington to identify children at risk of emotional impairments and to provide intervention before a mental disorder manifests itself. In light of national health care reform and the state's efforts to reorganize in response, requiring this report be prepared by October 1, 2010 will not provide the Department sufficient time to respond to health care reform, formulate a redesigned plan to address children's mental health, and work with the federal government. As the Department is currently involved in litigation regarding children's mental health, and because I believe that all aspects of the public children's mental health system need to be evaluated in light of national health care reform and because a deadline of October 1 does not provide sufficient time to respond, I have vetoed Section 204(3)(f).

Section 205(1)(m), page 88, Department of Social and Health Services, County Employment Funding
This proviso prohibits the Department of Social and Health Services from reducing expenditures for contracts with counties for employment assistance for people with developmental disabilities. This restriction limits the Department's ability to manage necessary budget reductions. Therefore, I have vetoed Section 205(1)(m).

Section 205(1)(n), page 88, Department of Social and Health Services, Developmental Disabilities Program, Agency Provider Savings and Hourly Rates
The Department of Social and Health Services is directed to report on the fiscal impact of Chapter 571, Laws of 2009 (Substitute House Bill 2361) and the relative hourly costs of agency providers and individual providers. However, no funding is provided for this purpose. Therefore, I have vetoed Section 205(1)(n).
Section 205(1)(o), pages 88-89, Department of Social and Health Services Developmental Disabilities Program, Workgroup on Administrative Burdens for the Homecare Industry

The Department of Social and Health Services is directed to convene a new work group to address administrative burdens on the homecare industry and to report on its findings. However, no funding is provided. Therefore, I have vetoed Section 205(1)(o).

Section 205(1)(p), page 89, Department of Social and Health Services, Report on Placements for Residential Clients

This proviso requires a quarterly report on all placements for residential clients in the community protection and expanded community programs in the Division of Developmental Disabilities. Because of the cost involved, I have vetoed Section 205(1)(p) and am directing the Department of Social and Health Services to continue providing the quarterly reports, which cover only new residential clients added to the programs in the current biennium.

Section 205(1)(r), page 89, Department of Social and Health Services, Self-Advocate Support

This proviso directs the Department of Social and Health Services to spend an additional $100,000 to provide instruction in self-advocacy to families of individuals with developmental disabilities. In these difficult economic times, it is not prudent to expand services. For this reason, I have vetoed Section 205(1)(r).

Section 206(5), page 97, Department of Social and Health Services Aging and Adult Services Program, Agency Provider Savings and Hourly Rates

The Department of Social and Health Services is directed to report on the fiscal impact of Chapter 571, Laws of 2009 (Substitute House Bill 2361) and the relative hourly costs of agency providers and individual providers. However, no funding is provided. Therefore, I have vetoed Section 206(20).

Section 206(21), pages 97-98, Department of Social and Health Services Aging and Adult Services Program, Workgroup on Administrative Burdens for the Homecare Industry

The Department of Social and Health Services is directed to convene a new work group to address administrative burdens for the homecare industry and to report on its findings. However, no funding is provided. Therefore, I have vetoed Section 206(21).

Section 207(2), pages 101-102, Department of Social and Health Services, Subcabinet Report on WorkFirst

This proviso directs the WorkFirst Subcabinet and Department of Social and Health Services to report on services provided and accessed by both general population clients and limited English proficiency clients. No funding is provided for this report. Therefore, I have vetoed Section 207(2).

Section 207(11), page 106, Department of Social and Health Services, Limited English Proficiency Services

This proviso reinstates a portion of the reduction taken in the 2009-10 enacted budget for limited English proficiency services. Given the budget context, it is not appropriate to restore this reduction. Therefore, I have vetoed Section 207(11).

Section 209(14), page 112-113, Department of Social and Health Services, Disability Lifeline Report on Transition from Fee-for-Service to Managed Care

This revised proviso requires the Department of Social and Health Services to report to the Legislature by November 1, 2010, on the impact of moving Lifeline medical clients from fee-for-service to managed care, and expands the outcomes to be included in the evaluation currently required. Since there is a lengthy lag period between when services are received by a client and when they are paid for by the state, there will not be sufficient data to report. For this reason, I have vetoed Section 209(14).

Section 209(35), page 117, Department of Social and Health Services, Medication Therapy Management

This proviso requires the Department of Social and Health Services to enter into a contract for medication therapy management services only if the contractor guarantees the program will generate savings. While there may be merit in this concept, no additional administrative resources were provided for implementation. For this reason, I have vetoed Section 209(35).

Section 209(38), page 117, Department of Social and Health Services, Lowest Cost Prescription Drug Option

This proviso requires the Department of Social and Health Services to purchase a brand-name drug if the drug, after rebates and discounts, is the lowest-cost drug option. The Department has made good progress in reducing the growth in drug costs for state-purchased health care. This has been done through establishing a preferred drug list and emphasizing generic substitutes where appropriate. The Department will continue to purchase the lowest-cost drugs possible. However, there are challenges with implementing this requirement as written. In addition, no funding has been provided for this report. For these reasons, I have vetoed Section 209(38).

Section 209(39), page 117, Department of Social and Health Services, Report on New Prescription Drug Benchmark

The Department of Social and Health Services is required to report to the Legislature concerning the establishment of a new benchmark for prescription drugs to replace the Average Wholesale Price. No funding has been provided for this report. For this reason, I have vetoed Section 209(39).

Section 209(40), page 117, Department of Social and Health Services, School-based Medicaid Services

The proviso declares that sufficient funding is provided in the Appropriations Act to fund medical services provided to Medicaid clients in a school setting. This proviso restricts the agency’s ability to limit services in this area should the budget situation demand it. For this reason, I have vetoed Section 209(40).

Section 209(41), page 118, Department of Social and Health Services, Pursuing and Reporting Drug Pricing Opportunities

This proviso directs the Department of Social and Health Services to report on the opportunities available to the state through the federal 340B drug pricing program. This program provides certain federally supported program discounts on prescription drugs used for outpatient services. No funding was provided for this report. For this reason, I have vetoed Section 209(41).

Section 209(42), page 118, Department of Social and Health Services, Transition Plan to Move Fee-for-Service to Managed Care

The Department of Social and Health Services is required to develop a transition plan for the state's aged, blind, and disabled drug pricing program. This program provides certain federally supported program discounts on prescription drugs used for outpatient services. No funding was provided for this report. For this reason, I have vetoed Section 209(42).

Section 209(47), pages 118-119, Department of Social and Health Services, Establishing Rates for Apple Health Managed Care

This proviso establishes the method by which premiums for the Apple Health Program will be established for rates set after July 1, 2010. As we move to implement national health care reform, it will be imperative that we retain as much flexibility as possible to
control the cost of purchasing health care. As written, the proviso limits the Department of Social and Health Service's ability to adjust premiums to reflect the actual cost of providing health care within individual plans. For this reason, I have vetoed Section 209(47).

Section 212(6), page 121, Department of Social and Health Services, Governor's Juvenile Justice Advisory Committee

This proviso limits any budget cuts to the Governor's Juvenile Justice Advisory Committee. In this budget environment, state government should not be restricted from any possible avenues to reduce spending. Therefore, I have vetoed Section 212(6).

Section 212(7), pages 121-122, Department of Social and Health Services, Autism Health Coverage Study

The Department of Social and Health Services is directed to report, in collaboration with the Health Care Authority, on the fiscal impact of state-purchased health care to cover autism spectrum disorder diagnosis and treatment for individuals younger than 21 years. This is not the time to engage in new studies to assess the expansion of state-paid services, no matter how worthy. Therefore, I have vetoed Section 212(7).

Section 214(7), pages 124-125, Health Care Authority, Continuum of Care Pilot Project

This proviso directs the Health Care Authority to establish two pilot projects for low-income adults who are waiting for health care coverage from the Basic Health Plan. We are in the earliest stages of implementing national health care reform. At the same time, we struggle to maintain the state safety net in very difficult budget times. I need the Health Care Authority to focus on these two tasks. For this reason, I have vetoed Section 214(7).

Section 214(8), page 125, Health Care Authority, Nonsubsidized Basic Health Plan

This proviso directs the Health Care Authority, should it offer Basic Health Plan coverage to non-subsidized clients, to provide information concerning other health care coverage options. This requirement creates an unfunded administrative burden. It also duplicates the provision of such information currently available from the Office of the Insurance Commissioner. For this reason, I have vetoed Section 214(8).

Section 221(21), page 140, Department of Health, Funding for Nursing Commission Programs Related to Discipline, Impaired Practitioners and Expedited Credentials

This proviso, in combination with Section 926, reduces the library access surcharge applied to certification fees for nursing professionals. The surcharge, which all health providers pay, is used to provide access to health care literature through the University of Washington. This critical resource allows providers the opportunity to learn of best practices used in their professions and furthers the ongoing education of all health care professionals. While I support the purposes for which this funding would have been diverted, this funding source should continue to be dedicated to advancing the use of evidence-based health care practices in Washington. For this reason, I have vetoed Section 221(21).

Section 221(28), page 141, Department of Health, Tobacco Cessation Program Reductions

This proviso requires ten percent of every tobacco cessation program contract be directed for addressing minority populations. This proviso is unnecessary because the Tobacco Cessation Program in the aggregate spends eighteen percent of its resources to serve these target populations. Therefore, I have vetoed Section 221(28).

Section 223(2)(b), pages 144-145, Department of Corrections, Report on Earned Release Date

This proviso directs the Department of Corrections to submit a report by June 1, 2010, addressing issues related to the release of offenders on the earned release date. This task cannot be completed in the short timeframe specified in the proviso. Therefore, I have vetoed Section 223(2)(b) and am directing the Department to submit its report to the Office of Financial Management and legislative fiscal committees by August 1, 2010. The Department will use this report to identify strategies to reduce the recent increase in the number of offenders held beyond their earned release dates, while maintaining public safety as a priority.

Section 303(3), pages 160-161, State Parks and Recreation Commission, Park Closure Language

Current budget language is revised to eliminate the provision that state parks may be closed if donation revenue is insufficient for ongoing operations. While this change does not appear to create an absolute prohibition on the closure of state parks, the revised language may create that impression. This would severely limit the agency's ability to manage state parks in the event that revenues drop below appropriated levels. For this reason, I have vetoed Section 303(3).

Section 303(4), page 161, State Parks and Recreation Commission, Restriction on Closure of Tolmie State Park

This proviso prohibits the State Parks and Recreation Commission from closing Tolmie State Park. I have encouraged the Commission to continue pursuing the transfer of certain state parks in the event that revenues decrease to manage the statewide parks system within budget. The Commission needs to retain this flexibility. For these reasons, I have vetoed Section 303(4).

Section 304(4), page 162, Recreation and Conservation Funding Board, Extension of the Biodiversity Council

This proviso extends the Biodiversity Council for one year, through the end of Fiscal Year 2011. While I strongly support the work of the Biodiversity Council, I am asking the Natural Resources Cabinet to absorb the Council's oversight role. As we undergo the process of natural resources reform, the Natural Resources Cabinet will assume many leadership roles previously performed by other entities. For these reasons, I have vetoed Section 304(4).

Section 306(2), page 163, State Conservation Commission, Infrastructure Improvements Related to Wildlife Habitat

This proviso dedicates $38,000 of the General Fund-State for improving infrastructure on state-owned lands in Kittitas County. While habitat improvements are an important step in managing the balance between wildlife conservation and grazing rights, funding for this endeavor can be pursued via other means, including State Conservation Commission grants, local conservation district funding, and private sources. The state's current and projected fiscal environment necessitates spending on essential services and programs. For these reasons, I have vetoed Section 306(2).

Section 308(15), page 173, Department of Natural Resources, Excluding Shellfish Growers from the Department's Aquatic Habitat Conservation Plan

This proviso requires the Department of Natural Resources to exclude shellfish growers from its aquatic Habitat Conservation Plan if those growers have been issued a federal nationwide or individual permit. The Department and the shellfish industry have signed a Memorandum of Understanding which requires the Department and shellfish growers to finalize an agreement on shellfish aquaculture activities before the aquatic Habitat Conservation Plan is finalized. Because this is a collaborative effort, it would be inappropriate for the proviso to place restrictions on the unfinished product. For this reason, I have vetoed Section 308(15).

Section 501(1)(b), pages 182-183, Office of the Superintendent of Public Instruction, School District Reorganization Commission

This proviso creates a statewide commission on school district reorganization. I want school districts to focus their maximum attention on the immediate priorities of improving student learning and successfully implementing the next phase of education reforms. The charge to the Commission created in this proviso is very broad, and funding provided to the Office of the Superintendent of Public Instruction is insufficient to achieve the mandates of the proviso. For these reasons, I have vetoed Section 501(1)(b). The Joint Legislative Audit and Review Committee is
conducting a study of the relationship between the cost of school districts and their enrollment size. Upon completion of its report, I encourage the Legislature and the Office of the Superintendent to explore opportunities for a focused review of school district organization.

Section 501(1)(iv), page 185, Office of the Superintendent of Public Instruction, Exempting the Professional Educator Standards Board from Expenditure Restrictions
This section exempts the Professional Educator Standards Board from the restrictions on travel allowances and meeting costs that apply to other boards and commissions under Chapter 7, Laws of 2010, First Extraordinary Session (Engrossed Second Substitute House Bill 2617). This law allows agencies to seek exceptions to the travel and meeting restrictions for critically necessary work. To maintain consistency in the application of these restrictions among state boards and commissions, I have vetoed Section 501(1)(iv).

Section 604(7), pages 243-244, University of Washington, Telecommunications Report
This subsection provides $183,000 to the Technology Law and Public Policy Center at the University of Washington School of Law to prepare a report analyzing the progress of the telecommunications industry and pathways for telecommunications reform. This work overlaps with the functions of the state Utilities and Transportation Commission. This expenditure does not meet the highest priorities of state government at this time. Therefore I have vetoed Section 604(7).

Section 605(5), page 246, Washington State University, Business and Entrepreneurial Development Program Plan
This subsection provides $100,000 to the Small Business Development Center at Washington State University to develop a state plan for coordination of small business and entrepreneurial development programs. Expenditure of funds on this effort does not meet the highest priorities of state government at this time. Therefore I have vetoed Section 605(5).

Section 708, pages 270-271, Washington Management Service and Exempt Management Services Reductions
This section ties to Section 2 of Engrossed Senate Bill 6503, which I have vetoed. The budget proviso assumes additional compensation reductions of $10 million in General Fund-State funding from Washington Management Service and exempt managers, who comprise less than five percent of state employees. This cut would require that specified staff take nearly two weeks of temporary layoff time beyond the ten days included in ESB 6503. This agency is likely to create problems in recruiting and retaining qualified and experienced workers, as well as be disruptive to normal state operations. Managers will be subject to temporary layoffs in the same proportion as all affected state employees. For these reasons, I have vetoed Section 708.

Section 717, pages 276-278, Agency Reallocation and Realignment of Washington Commission
Section 717 creates the Agency Reallocation and Realignment of Washington Commission. Its responsibilities would include examining current state operations and organization, and making proposals to reduce expenditures and to eliminate duplication and overlapping services. The sum of $250,000 in General Fund-State dollars is provided for this purpose. While I strongly support these goals, there are programs that address the same concerns, most notably the Joint Legislative Audit and Review Committee, the Office of the State Auditor’s performance audit program, the Governor’s Government Management, Accountability, and Performance program, and the Office of Financial Management’s Performance program, and the Office of Financial Management’s Performance program. I hope to have further discussions with legislative leadership to identify ways to address these issues within existing structures and resources. For these reasons, I have vetoed Section 717.

Section 803, page 281, line 38, and page 282, lines 1-11, Transfers from the Tobacco Settlement Account to the General Fund and the Life Sciences Discovery Fund
This transfer decreases funding for critical life sciences research by $16.2 million, representing a 76 percent biennial reduction when coupled with the $26 million reduction to the fund in the enacted 2009-11 biennial budget. In order to implement this level of reduction, the Life Sciences Discovery Authority would have to discontinue any future state grants for critical life sciences research. Funding at the current level is vital to accomplishing the state’s Life Sciences Research and Development goal of tripling the state’s life sciences research base and creating more than 20,000 new jobs. For this reason, I have vetoed Section 803, page 281, line 38, and page 282, lines 1 through 11.

Section 803, page 283, lines 20-22, Transfer from the Budget Stabilization Account to the General Fund
The transfers required by this budget appropriation were intended to take place if the Budget Stabilization Account transfers in House Bill 3197 did not occur. Since that measure passed and has been signed into law, the transfer is void. For this reason, I have vetoed Section 803, page 283, lines 20-22.

Section 803, page 283, lines 23-27, Transfer from the Liquor Revolving Account to the General Fund
This transfer is associated with a provision in Section 939 that allows restaurants and bars an exemption from paying a price increase on spirits. Since I have vetoed Section 939, I am also vetoing Section 803, page 283, lines 23-27.

Section 803, page 285, lines 28-31, Transfer from the Insurance Regulatory Account to the General Fund
This appropriation implements the transfer of $10 million from the Insurance Commissioner’s Regulatory Account to the General Fund-State authorized in Section 937. This transfer would place the Insurance Commissioner’s Regulatory Account into a cash deficit position beginning in Fiscal Year 2011. For this reason, I have vetoed Section 803, page 285, lines 28-31.

Section 902, pages 289-290, Agency Staffing Report
The agency staffing report required by Section 902 adds another layer of complexity to the data already required to be reported through allotment and accounting systems. The addition of monthly job class information adds immensely to agency workloads with seemingly minimal benefit. I am directing the Office of Financial Management to work with legislative fiscal staff to identify alternative reporting formats that can be useful without creating an unacceptable workload burden. For these reasons, I have vetoed Section 902.

Section 908, page 294, Electronic Renewal Notices
This proviso mandates that every state agency make all of its renewals electronic by July 1, 2012. While I support the customer convenience and potential cost savings from doing business by electronic means, we must first assess the question of whether agencies have the staffing and fiscal resources to accomplish this task. I will encourage all agencies to pursue electronic renewal options within their current budgets and to identify obstacles for possible consideration in the new biennial budget. For these reasons, I have vetoed Section 908.

Section 920, pages 301-302, Washington State Quality Awards
Section 920 accelerates the date by which agencies must apply to the Washington State Quality Awards program. It also limits that requirement for agencies that have more than 300 full-time equivalent employees. A great deal of time and effort is required for a well-executed Washington State Quality Award application. The new date of June 30, 2010, is too short a timeframe, especially for large agencies that may have to submit multiple applications. For these reasons, I am vetoing Section 920, pages 301-302.

Section 926, pages 306-307, Use of Surcharge for Nursing Professional Credentials
Because I have vetoed the program enhancement (Section 221(21)) supported by this funding, I am also vetoing Section 926, which authorizes the specific use of a portion of the existing surcharge on credential fees.
Section 937, pages 318-320, Authority for Transfer from the Insurance Regulatory Account to the General Fund

Section 937 amends RCW 48.02.190 and Section 1, Chapter 161, Laws of 2009, defining eligible uses of funds in the Insurance Commissioner’s Regulatory Account, by permitting a current biennium transfer of excess fund balance to the General Fund-State. Since I have vetoed the transfer in Section 803, I am also vetoing the authorization in Section 937.

Section 939, pages 323-324, Exemption for Restaurants and Bars from Temporary Mark-up on Spirits

Section 939 exempts restaurants and bars from paying any price increase made by the Washington State Liquor Control Board during the 2009-11 Biennium if that increase relates to General Fund-State transfers or additional liquor profit distributions. Exempting restaurants and bars would reduce budgeted revenue assumptions by $11 million. Of this amount, $5.5 million directly affects the General Fund-State and its programs. The remaining shortfall could necessitate an increase in the price consumers pay at liquor stores. Restaurant and bars already receive discounts in price and tax exemptions, and it is inappropriate to provide additional discounts at the expense of state programs. For this reason, I have vetoed Section 939.

For these reasons, I have vetoed Sections 109; 117, page 17, lines 10-11; 127(27); 127(28); 127(31); 127(36); 127(38); 127(39); 129, page 35, lines 19-20; 129(3); 129(6); 131(2); 201(7); 204(3)(f); 205(1)(m); 205(1)(n); 205(1)(o); 205(1)(p); 205(1)(r); 205(1)(s); 206(20); 206(21); 207(2); 207(11); 209(14); 209(35); 209(39); 209(40); 209(41); 209(42); 209(47); 212(6); 212(7); 214(7); 214(8); 221(21); 221(28); 223(2)(h); 303(3); 303(4); 304(4); 306(2); 308(15); 501(1)(b); 501(1)(f)(iv); 604(7); 605(5); 708; 717; 803, page 281, line 38, and page 282, lines 1-11; 803, page 283, lines 20-22; 803, page 285, lines 717; 803, page 281, line 38, and page 282, lines 1-11; 803, page 288, line 38, and page 289, lines 1-11; 803, page 289, lines 20-22; 803, page 293, lines 23-27; 803, page 295, lines 28-31; 902; 908; 920; 926; 937; and 939 of Engrossed Substitute Senate Bill 6444.

With the exception of Sections 109; 117, page 17, lines 10-11; 127(27); 127(28); 127(31); 127(36); 127(38); 127(39); 129, page 35, lines 19-20; 129(3); 129(6); 131(2); 201(7); 204(3)(f); 205(1)(m); 205(1)(n); 205(1)(o); 205(1)(p); 205(1)(r); 205(1)(s); 206(20); 206(21); 207(2); 207(11); 209(14); 209(35); 209(39); 209(40); 209(41); 209(42); 209(47); 212(6); 212(7); 214(7); 214(8); 221(21); 221(28); 223(2)(h); 303(3); 303(4); 304(4); 306(2); 308(15); 501(1)(b); 501(1)(f)(iv); 604(7); 605(5); 708; 717; 803, page 281, line 38, and page 282, lines 1-11; 803, page 283, lines 20-22; 803, page 285, lines 23-27; 803, page 288, lines 28-31; 902; 908; 920; 926; 937; and 939 of Engrossed Substitute Senate Bill 6444 is approved.

Sincerely,
Christine O. Gregoire
Governor

VETO MESSAGE ON ESSB 6476

April 1, 2010

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 4 Engrossed Substitute Senate Bill 6476 entitled:

"AN ACT Relating to sex crimes involving minors."

Section 4 requires the Department of Social and Health Services to provide a report to the relevant policy and fiscal committees of the Legislature by November 1, 2010, regarding the training programs to be used and the cost of such training. This section would be codified in chapter 13.32A RCW.

The Department will make the information available. A statutorily required report is unnecessary.

For these reasons, I have vetoed sections Section 4 of Engrossed Substitute Senate Bill 6476.

With the exception of Section 4, Engrossed Substitute Senate Bill 6476 is approved.

Respectfully submitted,
Christine Gregoire
Governor

final compensation,” and “earnable compensation” for certain
retirement system plans.

VETO MESSAGE ON ESSB 6503

April 27, 2010

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:
I am returning herewith, without my approval as to Section 2, Engrossed Substitute Senate Bill 6503 entitled:

"AN ACT Relating to the operations of state agencies."

This bill directs state agencies to achieve reductions in employee compensation costs. Section 2 of this bill would require additional compensation reductions of $10 million General Fund State from Washington Management Service and exempt managers, who comprise less than five percent of state employees. A cut of this size, over such a small base, is too large to be practical. For example, it would take nearly two weeks of temporary layoff -- over and above the ten days of layoff due to agency closures included in this bill -- to reach this level of compensation reduction.

Managers will be subject to the temporary layoffs in proportion to all staff. Imposing this added reduction would interfere with recruiting and retaining qualified and experienced workers. It would likely cause salary inversion, making it particularly hard to promote senior state employees with technical skills into management jobs.

For these reasons I have vetoed Section 2 of Engrossed Substitute Senate Bill 6503.

With the exception of Section 2 of Engrossed Substitute Senate Bill 6503 is approved.

Respectfully submitted,
Christine Gregoire
Governor
SB 6505  by Senator Kastama

VETO MESSAGE ON SSB 6572

March 29, 2010

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2, Substitute Senate Bill 6572 entitled:

"AN ACT Relating to eliminating accounts."

This bill eliminates inactive state funds and accounts to simplify the state accounting process.

Section 2 which amends a reference to the special purpose district research services account is also amended in Engrossed Second Substitute House Bill 2658 eliminating the Municipal Research Council and transferring its duties to the Department of Commerce. A veto of Section 2 eliminates this conflicting double amendment.

For this reason, I have vetoed Section 2 of Substitute Senate Bill 6572.

With the exception of Section 2, Substitute Senate Bill 6572 is approved.

Respectfully submitted,
Christine Gregoire

VETO MESSAGE ON 2SSB 6575

April 1, 2010

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Second Substitute Senate Bill 6575 entitled:

"AN ACT Relating to recommendations of the joint legislative task force on the underground economy."

Second Substitute Senate Bill 6575 is designed to limit the underground construction economy by requiring contractors who fail to register with the Department of Labor and Industries to enroll in a training class in addition to registering with the department. First-time offenders who do so would be eligible for reduced fines. Narrowing the underground economy is a laudable goal, and one that should be pursued with stronger legislation.

Despite its benefits, this bill has one significant negative outcome that cannot be ignored. By creating a dedicated account for revenues from contractor registrations, renewals course fees, and penalties, this bill would reduce net revenues to the state's general...
fund by more than $2 million annually beginning in Fiscal Year 2012. In these difficult economic times, that reduction would have negative impacts greater than the benefits this legislation would provide. I would welcome similar legislation without the creation of a dedicated account. In addition, I am directing the Departments of Revenue, Labor and Industries, and Employment Security to continue interagency coordination of efforts with stakeholders to identify and sanction unregistered contractors.

For these reasons I have vetoed Second Substitute Senate Bill 6575 in its entirety.

Respectfully submitted,
Christine Gregoire
Governor

(FUNCTIFIED FOR - SEE 2ND SUB)

Finds that it is the state's responsibility to create a coherent and effective accountability framework for the continuous improvement for all schools and districts to provide: (1) An excellent and equitable education for all students;
(2) An aligned federal/state accountability system; and
(3) The tools necessary for schools and districts to be accountable, including the necessary accounting and data reporting systems, assessment systems to monitor student achievement, and a system of general support, targeted assistance, and if necessary, intervention.

Phase I of this accountability system will: (1) Recognize schools that have done an exemplary job of raising student achievement and closing the achievement gaps using the state board of education's accountability index; and
(2) Target the lowest five percent of persistently lowest-achieving schools to provide federal funds and federal intervention models through either a voluntary option or a required action process.

Phase II of this accountability system will work toward implementing the state board of education's accountability index for identification of schools in need of improvement and the use of state and local intervention models and state funds.

The expectation from implementation of this accountability system is the improvement of student achievement for all students to prepare them for postsecondary education, work, and global citizenship in the twenty-first century.

DIGEST AS ENACTED

Finds that it is the state's responsibility to create a coherent and effective accountability framework for the continuous improvement for all schools and districts to provide: (1) An excellent and equitable education for all students;
(2) An aligned federal/state accountability system; and
(3) The tools necessary for schools and districts to be accountable, including the necessary accounting and data reporting systems, assessment systems to monitor student achievement, and a system of general support, targeted assistance, and if necessary, intervention.

SB 6726 by Senators Marr, Kohl-Welles, Ranker, Murray, McDermott, Keiser, Prentice, Kaufman, Kline, Kilmer, Fraser, and Pridemore
Companion Bill: 3062
Making the governor the public employer of language access providers.

(ORIGINAL BILL) *SUBSTITUTED FOR - SEE 1ST SUB*)
Requires the department of social and health services to: (1) Establish a working group on language access services to develop a plan to improve the efficiency and effectiveness of language access services; (2) Discontinue, after January 1, 2011, the use of a language services system that meets or exceeds department standards, and (3) Certify and authorize language access providers as needed to maintain a pool of qualified providers.

Authorizes the department of social and health services to accept alternative certifications that meet or exceed department standards but may not use lower standards as a means of expanding the pool of authorized language access providers.

Makes the governor the public employer of language access providers, with certain limitations.

Addresses collective bargaining and the deduction of monthly dues.

SB 6726-S by Senate Committee on Labor, Commerce & Consumer Protection (originally sponsored by Senators Marr, Kohl-Welles, Ranker, Murray, McDermott, Keiser, Prentice, Kaufman, Kline, Kilmer, Fraser, and Pridemore)
DIGEST AS ENACTED
Makes the governor, for certain purposes, the public employer of language access providers.
Addresses state action immunity under federal and state antitrust laws.
Provides that chapter 41.56 RCW (public employees’ collective bargaining) applies to the governor with respect to language access providers.
Requires the department of social and health services to certify, authorize, and qualify language access providers as needed to maintain an adequate pool of providers.

VETO MESSAGE ON ESSB 6726
April 1, 2010
To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Engrossed Substitute Senate Bill 6726 entitled:

"AN ACT Relating to making the governor the public employer of language access providers."

This bill provides for collective bargaining between the Governor and language access providers. Section 1 creates a new workgroup, directed by the Office of Financial Management, charged with developing a plan to improve the efficiency and effectiveness for interpreter service delivery for the Department of Social and Health Services. The Office of Financial Management is to report the findings of the workgroup to the Legislature no later than September 30, 2010.

Collective bargaining for language access providers working with the Department of Social and Health Services does not require a legislatively mandated workgroup to make recommendations on improvements to the delivery of services. I am directing the Office of Financial Management and the Department of Social and Health Services to conduct an internal review resulting in recommendations to improve administrative efficiency and effectiveness of language access services and, as part of the review, to seek input from the appropriate stakeholders.

For these reasons, I have vetoed Section 1 of Engrossed Substitute Senate Bill 6726.

With the exception of Section 1, Engrossed Substitute Senate Bill 6726 is approved.

Respectfully submitted,
Christine Greer
Governor

Increasing certain fees of licensing subagents. (REVISED FOR PASSED LEGISLATURE: Concerning fees and listings of licensing subagents.)

(DIGEST AS ENACTED)

Increases certain service fees of licensing subagents.

VETO MESSAGE ON SB 6826

March 25, 2010

The Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2 of Senate Bill 6826.

"AN ACT Relating to subagent service fees."

This bill authorizes a fee increase to help independent vehicle licensing subagents keep up with the cost of doing business and requires the Department of Licensing to implement a rotation of public and private vehicle service office listings on the Department’s website. For some time now the Department has been working with the Washington Association of Vehicle Subagents to redesign the website listings, so that the lookup function will allow a person to enter his or her zip code and receive a listing of licensing offices in order of proximity to that zip code. The Department has indicated to the Association that they will have this change completed by December 31, 2010. This proximity website feature will better serve the needs of the public and the subagents. Section 2 would not allow implementation of the proximity website feature requested by the subagents and planned by the Department.

For this reason I have vetoed Section 2 of Senate Bill 6826.

With the exception of Section 2, Senate Bill 6826 is approved.

Respectfully submitted,
Christine Gregoire
Governor

SB 6872 by Senator Keiser

Concerning medicaid nursing facility payments.

(SUBSTITUTED FOR - SEE 1ST SUB)

Modifies provisions relating to medicaid nursing facility payments.
May 4, 2010

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 6, Engrossed Substitute Senate Bill 6872 entitled:

"AN ACT Relating to medicaid nursing facility payments."

This bill makes several changes to the nursing facility rate statute. Section 6 of this bill would reduce the financing allowance from 10 percent to 4 percent for assets purchased prior to May 17, 1999 and from 8.5 percent to 4 percent for assets purchased on or after May 17, 1999. These retroactive reductions in return on investments would apply to owners the state previously had urged to upgrade their facilities. Such changes could make additional needed investments unlikely.

For these reasons I have vetoed Section 6 of Engrossed Substitute Senate Bill 6872.

With the exception of Section 6, Engrossed Substitute Senate Bill 6872 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

Greenhouse gas emission reduction, funding from emissions reduction assistance account: E2SSB 5735
Greenhouse gas emissions performance standard, compliance provisions: HB 1854, SHB 1854, SB 6090, SSB 6090
Hog fuel, tax exemptions when used for production of electricity: HB 1633, SB 5442, SB 6170, *ESSB 6170, CH 469 (2009)
Hydroelectric generation, amending constitution to recognize as renewable resource: HJR 4215
Hydroelectric generation, electricity from smaller facilities identified as an eligible renewable resource: HB 1811
Hydroelectric generation, municipally owned facility impact payments: HB 2925, *ESHB 2925, CH 199 (2010) PV, SB 6480
Hydroelectric generation, recognition as a renewable energy resource: HB 2432
Intermittent alternative energy sources, utility plans for energy sources to be used when intermittent sources are unavailable: HB 1955
Light and power businesses, creating a public utility tax for the sale of fully unbundled renewable energy credits: HB 2417
Light and power businesses, public utility tax credit against sales and use tax paid for development of eligible renewable resources: HB 2131, SHB 2131
Light and power businesses, public utility tax credit to recover up to fifty percent of rebates given for solar water heating systems installations: HB 1134, SHB 1134, SSB 5161, SB 5198
Low-carbon energy generation facilities, tax and regulatory incentives to encourage the construction of: HB 2813
Net metering, provisions: HB 2471, SHB 2471
Rates, discounts for low-income and low-income senior customers of gas and electric companies: SB 5290, *SSB 5290, CH 32 (2009)
Rates, utilities and transportation commission to study and make recommendations on optional time of use electric rates: SSB 6258
Rates, utilities and transportation commission to study and make recommendations on time of use electric rates: SB 6258
Renewable energy and renewable energy credits: SB 5345
Renewable energy credits, creating a public utility tax for the sale of fully unbundled renewable energy credits: HB 2417
Renewable energy plants, electric utilities to enter into power purchase agreements with: HB 2135
Renewable energy sources, electricity generation sales and use tax exemption: HB 1719
Renewable energy sources, tax incentives for use of biomass fuels to generate electricity: HB 1610, SB 5441, SSB 5441, SB 6170, *ESSB 6170, CH 469 (2009)
Renewable energy systems, creating a standard offer contract for certain systems: HB 2536
Renewable energy systems, investment cost recovery incentives: HB 1399, SHB 1399
Renewable energy targets, conservation achieved by electric utilities in excess of biennial conservation acquisition targets to be counted against: SB 5280
Renewable energy targets, role of baseload renewable power facility in meeting utility's annual conservation targets: HB 2784, SB 6682
Renewable energy targets, utilities to be considered in compliance in certain cases: HB 1833, HB 2857
Renewable energy targets, utility waiver from targets related to integration into the electrical grid: HB 1693
Renewable or alternative energy resources, definition: SB 5505
Renewable resource requirements for utilities, using eligible renewable resources or renewable energy credits to meet: HB 2009
Renewable resources, alternative compliance payments and renewable energy credits: SB 5137
Renewable resources, electricity generation facilities using biomass fuels: SB 5724, *SSB 5724, CH 281 (2009)
Renewable resources, large utilities to obtain certain percentages of their electricity from: HB 1294
Renewable resources, modifying requirements for an eligible renewable resource: SB 6089
Renewable resources, tax exemptions for sales and use of machinery and equipment: SB 6763
Solar electric generating systems, tax incentives in certain cases for manufacturing, selling, and using: HB 2537, SHB 2537
Solar electric generating systems, tax incentives to businesses for installing solar power for on-site use: SB 5429
Solar energy, commercial customer-generated solar electricity: HB 1191
Solar water heating systems, grant program and rebate for installation to customers of light and power businesses and gas companies: HB 2185
Solar water heating systems, installation cost rebate to customers of light and power businesses and gas companies: HB 1134, SHB 1134, SSB 5161, SB 5198
Sustainable energy resources and smart energy technology, promoting through systems benefit charge: HB 2590
Sustainable energy trusts, monthly smart and sustainable energy charge: HB 1007
System benefits charge, electric and gas utility authority to collect a monthly charge: HB 2590
Thermal electric generating facilities, distributions of tax proceeds from: SB 5717
Underground facilities, requirements for notification prior to excavation: HB 1996, ESHB 1996, SB 5955
Vegetation removal by utility, procedures and utility liability: HB 2163
Waste to energy facilities, electricity generated by certain facilities defined as an eligible renewable resource for purposes of energy independence act: HB 2892

**ELECTRICITY (See also ELECTRIC UTILITIES)**

- Anaerobic digesters for processing livestock manure and organic waste-derived material, electricity produced by anaerobic digesters to be classified as a farm product: SB 6599
- Biomass, county authority to enter into ownership agreements for electric generating facilities powered by biomass: SB 6692, *SSB 6692, CH 167 (2010)
- Biomass, tax incentives for forest derived biomass used for electricity production: SB 6691
- Carbon dioxide emissions, disclosure to electric customers of emissions associated with their electricity consumption: HB 1994, SHB 1994
- Carbonless energy parks, definition and procedures for creating: HB 2002
- Conservation of electricity in public educational facilities: HB 1630
- Electric rates, utilities and transportation commission to study and make recommendations on optional time of use electric rates: SSB 6258
- Electric rates, utilities and transportation commission to study and make recommendations on time of use electric rates: SB 6258
- Electric vehicles, additional licensing fee for: SB 6377
- Electric vehicles, building code council to adopt rules for vehicle charging outlets in new residential structures: SB 6435
- Electric vehicles, expanding use by relaxing restrictions based on speed limitations: HB 3079, SB 6346, *SSB 6346, CH 144 (2010)
- Electric vehicles, infrastructure development and transition from combustion to electric vehicles: HB 1481, SHB 1481, *2SHB 1481, CH 459 (2009), SB 5418
- Electrical power production, assessment of state's geothermal resources by department of natural resources: SSB 5149
- Electrical power production, state's geothermal resources: SB 5149
- Electrical trainees, classroom training requirements for: HB 2546, *SHB 2546, CH 33 (2010), SB 6728
- Electrician licenses, certificates, or permits to be in possession while working: HB 1055, *SHB 1055, CH 36 (2009)
- Electricians and electrical installations, department of labor and industries authority to issue subpoenas to enforce production and examination of information related to: HB 2555, *SHB 2555, CH 55 (2010), SB 6492, SSB 6492
- Energy independence act, modifying definitions applicable to chapter 19.285 RCW: SB 5194
- Energy independence act, renewable energy and conservation requirements: HB 1133, HB 3034, SB 5840, ESSB 5840, SB 6441, SB 6672, SSB 6672
- Energy parks, unfinished nuclear power projects to be partially or wholly developed for electricity generation as: SB 5194
- Generation machinery and equipment, expiration dates for sales and use tax exemptions: HB 1009, SHB 1009, E2SHB 1009
- Geothermal resource assessment committee: SB 5149
- Geothermal resources, tax incentives for use: SB 5161
- Hog fuel, tax exemptions when used for production of electricity: HB 1633, SB 5442, SB 6170, *ESSB 6170, CH 469 (2009)
- Hydroelectric generation, amending constitution to recognize as renewable resource: HJR 4215
- Hydroelectric generation, electricity from smaller facilities identified as an eligible renewable resource: HB 1811
- Hydroelectric generation, recognition as a renewable energy resource: HB 2432
- Hydrokinetic energy systems, local sales and use tax incentives for: HB 2869
- Interjurisdictional funding of electricity generation projects through interjurisdictional bonds to be repaid by allocating shared responsibility: SB 5334
- Net metering, provisions: HB 2471, SHB 2471
- Personal electronic devices, consumer protection in cases of the theft of: HB 2785, HB 2968
- Renewable energy sources, electricity generation sales and use tax exemption: HB 1719
- Renewable energy sources, tax incentives for use of biomass fuels to generate electricity: HB 1610, SB 5441, SSB 5441, SB 6170, *ESSB 6170, CH 469 (2009)
- Renewable energy targets, utility waiver from targets related to integration into the electrical grid: HB 1693
- Renewable energy, sales and use tax exemptions: SB 6170, *ESSB 6170, CH 469 (2009)
Renewable resource project siting, county energy overlay zones: *SB 5107, CH 419 (2009)
Renewable resources, electricity generation facilities using biomass fuels: SB 5724, *SSB 5724, CH 281 (2009)
Renewable resources, large utilities to obtain certain percentages of their electricity from: HB 1294
Renewable sources, standards for installations generating from: SB 5021
Sawmills, offset credits in air operating permits when using biomass fuel to generate electricity: SB 5182
Small wind energy systems, permit requirement standards: HB 1008, SHB 1008
Solar electric generating systems, tax incentives in certain cases for manufacturing, selling, and using: HB 2537, SHB 2537
Solar electric generating systems, tax incentives to businesses for installing solar power for on-site use: SB 5429
Solar energy, commercial customer-generated solar electricity: HB 1191
Tidal or wave energy, tax incentives for use: SB 5161, SSB 5161

**ELECTRONIC EQUIPMENT**

**ELEVATORS**
Worker licenses, certificates, or permits to be in possession while working: HB 1055, *SHB 1055, CH 36 (2009)

**EMERGENCY MEDICAL TECHNICIANS**
Ambulances and aid vehicles, exemption from health care fees and charges notice posting requirements: HB 2788, SB 6496
Emergency medical service personnel, retired participant resumption of service: *HB 2823, CH 60 (2010), SB 5632
Fees, professional fees for emergency medical technicians and paramedics: SB 6880
Paramedics and nurses, community and technical colleges board to create interdisciplinary work group to consider articulation between nursing and paramedic programs: HB 1808, *SHB 1808, CH 168 (2009)

**EMERGENCY SERVICES**
Air ambulance services, property tax exemption for aircraft used to provide air ambulance services for nonprofits: SB 6737, *ESSB 6737, CH 12 (2010)
Animal emergency planning guidance for local jurisdictions, evacuation and sheltering services to be provided during disaster or emergency: SB 5337
Cardiac and stroke care, establishment of voluntary emergency system for: HB 2396, SHB 2396, *2SHB 2396, CH 52 (2010)
Cardiac and stroke care, minimum standards for training, equipment, and personnel: HB 2396
CBRNE response program, statewide: HB 1039, SHB 1039, SB 5010
Civil air patrol, authority to conduct homeland security, disaster relief, and search and rescue operations under governance of state patrol: SB 5636
Civil air patrol, creation of the Washington wing of the civil air patrol account: SSB 5636
Civil air patrol, protection of member jobs during emergency service operations: SB 6647, *SSB 6647, CH 170 (2010)
Drivers approaching certain vehicles in emergency zones, rules and penalties: HB 2464, *ESHB 2464, CH 252 (2010), SB 6231, SSB 6231
Emergency management, preparedness, and assistance account, military department to administer: HB 2031, SB 5393
Emergency medical equipment, sales and use tax exemptions in certain cases: HB 2293
Emergency medical service occupations, professional fees for emergency medical technicians and paramedics: SB 6880
Emergency response towing vessels for Strait of Juan de Fuca and west coast of Washington state: *ESSB 5344, CH 11 (2009)
Emergency zones, rules and penalties for drivers approaching certain vehicles in: HB 2464, *ESHB 2464, CH 252 (2010), SB 6231, SSB 6231
Enhanced 911 emergency communications systems, coordination office, advisory committee, and account: HB 2351
Emergency response towing vessels for Strait of Juan de Fuca and west coast of Washington state: *ESSB 5344, CH 11 (2009)
Enhanced 911 emergency radio network, work group to study delivery of emergency information: HB 1157
Energy efficiency, educational programs and projects for: HB 2553, CH 118 (2010)
Flooded, insurer disclosure that policy does not cover flood damage: HB 1564, SHB 1564, SB 5417, *SSB 5417, CH 14 (2009)
Freestanding emergency departments, department of health to develop certificate of need program for: SB 6671
Freestanding emergency rooms, studying and evaluating the impact and need for regulation of: SSB 6671
Green river emergency flooding preparations and response to include flood hazard mitigation and response projects led by military department: HB 2786, HB 2787, SHB 2787

Health care coverage, revised definition of emergency services: HB 2522, SB 6270

Hospitals, nonparticipating providers providing emergency services: HB 2779, SHB 2779, SB 6400

Hospitals, nonparticipating providers providing emergency services in participating hospitals: SB 6532, SSB 6532

Medical care and services, property tax limit for levies to fund: HB 1318, SB 5143

Motor vehicles, limiting access to emergency equipment at time of resale of law enforcement or emergency vehicles: SB 6356, *SSB 6356, CH 117 (2010)

Nisqually river emergency relief, preparedness, and response to include flood hazard mitigation and response projects led by military department: HB 3138

Nonparticipating providers providing emergency services in hospitals, provisions: HB 2779, SHB 2779, SB 6400

Nonparticipating providers providing emergency services in participating hospitals, provisions: SB 6532, SSB 6532

Oil spill contingency plans, requirements for: HB 2964, SB 6677

Oil spill response tax and oil spill administration tax, adjustments to: HB 2965

Pierce county emergency flooding preparations and response to include flood hazard mitigation and response projects led by military department: HB 3069

Radio communications systems, television reception improvement districts to provide: HB 1028

Search and rescue activities, paid leave for state employees involved in: SB 6375

Statewide enhanced 911 emergency communications service, coordination office, advisory committee, and account: HB 2029, SHB 2029, E2SHB 2029

Strait of Juan de Fuca and west coast of Washington state, emergency response towing vessels: *ESSB 5344, CH 11 (2009)

Strait of Juan de Fuca, emergency response system: HB 1409, ESHB 1409, SB 5344

Volunteer health practitioners, registration requirements for volunteering during emergency declaration: HB 1400

Volunteer search and rescue account: HB 1214

EMINENT DOMAIN

Condemnation, state trust lands not subject to: SB 6838

Economic development, prohibiting use of eminent domain for: HB 2425, SB 6200

Repurchase of property, owner may retain right: HB 1392

Restrictions on use of eminent domain: HB 1392, SB 5664

EMPLOYMENT (See also WAGES AND HOURS)

Absence from work, disqualification from unemployment benefits after return when absence due to incarceration: HB 1305

Civil air patrol, protection of member jobs during emergency service operations: SB 6647, *SSB 6647, CH 170 (2010)

County employees, options for determining pay periods: *EHB 1461, CH 239 (2009)

Driving record abstracts, release to current or prospective employer or volunteer organization for employment and risk management purposes: SB 5610

Driving record abstracts, release to current or prospective employer or volunteer organization for employment purposes related to driving: *SSB 5610, CH 276 (2009)

Educational employees, authority to pay regulated company stock in lieu of portion of salary for: *HB 2877, CH 41 (2010), SB 6501

Employer-assisted housing program, business and occupation tax credits for participating employers: HB 1696, SHB 1696, SB 5585

Family and medical leave act of 2007, repealed: SB 5558

Family and medical leave, provisions of family security act: HB 1609, SB 5679

Family leave insurance program, delaying implementation: HB 2353, *ESB 6158, CH 544 (2009), SSB 6158

Family leave insurance program, elimination: HB 1160

Federal employment authorization status, public employers to use a verification system for new employees to determine their: SB 6569

Foreign workers, disclosure statement from employers and international labor recruitment agencies to be given to: SB 5850, SSB 5850, *E2SSB 5850, CH 492 (2009) PV, SB 6332, *SSB 6332, CH 142 (2010)

Growth management act, suspension in counties with significant and persistent unemployment: HB 2691

Individuals eligible for benefits, defining for workers' compensation and unemployment insurance purposes: SB 6585

Influenza, protecting employees from adverse employment actions due to: HB 2764, SHB 2764
Job training and placement, authority of port districts to participate in activities related to: HB 2651, *SHB 2651, CH 195 (2010)

Jobs act, using bonds and grants to create jobs and accelerate innovation through funding of cost saving capital improvement construction at public schools and higher education institutions: *EHB 2561, CH 35 (2010)

Jobs creation, business and occupation tax credits for: SB 6646, SSB 6646

Language service providers, exemption from definitions of employment and worker for industrial insurance and unemployment compensation purposes: HB 1990, SB 5771

Legislators, leave from employment for persons elected to serve as: HB 2993

Meal and rest breaks for employees, requirements: HB 2737

Minimum hourly wage, establishing a set wage: HB 1603, SB 5362

Minimum wage and overtime compensation complaints, good faith defense: HB 2176, SB 5463

Minimum wage, defining "employ" for purposes of: HB 2144, SB 5466

Minimum wage, increasing: HB 1735

Part-time employment, allowing certain individuals to seek while maintaining unemployment compensation eligibility: HB 2647, SB 6526

Peace officers and reserve officers, background investigations as a condition of employment for: HB 2768, SHB 2768, SB 6390

Postretirement employment restrictions, exception for retirees teaching in high-demand subjects: HB 2607

Postretirement employment, pension payment restrictions for retired teachers entering service with a state institution of higher education: SB 6836

Preapprenticeship training, authority of port districts to participate in activities related to: *SHB 2651, CH 195 (2010)

Protection of public policy, protection of employees from retaliation for conduct that promotes public policy: SB 6725

Qualifying for unemployment compensation benefits, defining good cause for leaving work voluntarily: SB 5242

Rest and meal breaks for employees, requirements: HB 2737

Retaliation, protection of employee conduct that promotes public policy: SB 6725

Unemployable persons, provision of temporary assistance for: SB 6704

Unemployment compensation, providing hiring incentives to employers by reducing contribution rates: HB 3103

Voluntarily leaving part-time work, qualifying for unemployment benefits under certain circumstances: *SB 5804, CH 247 (2009)

Voluntary termination of employment, effect on unemployment benefits: SB 6334, SSB 6334

EMPLOYMENT SECURITY DEPARTMENT

Administrative contingency fund, high-demand occupation training program funds for certain unemployed persons to come from separate account within: *E2SSB 5809, CH 566 (2009) PV

Benefits eligibility for certain workers participating in workforce training: SB 5809

Benefits, effect of voluntary termination of employment on: SB 6334, SSB 6334

Employer contribution rates, correcting references in RCW provisions concerning: HB 2649, *SHB 2649, CH 25 (2010), SB 6525, SSB 6525

Employers, unemployment insurance penalties and contribution rates for employers who are not "qualified employers": HB 2648, SHB 2648, SB 6524, *SSB 6524, CH 72 (2010)

Evergreen jobs act, labor market research: *E2SHB 2227, CH 536 (2009) PV

Experience rating accounts of employers, correcting references in RCW provisions concerning: HB 2649, *SHB 2649, CH 25 (2010), SB 6525, SSB 6525

Field of dreams program, department to administer program to provide access to postsecondary education for agricultural industry employees: HB 1428

Forest products industry occupations, department to analyze: SSB 6235

Forest products industry, supporting through analysis of green occupations by department: *SHB 2420, CH 187 (2010)

High-demand occupation training program funds, role of department in use by workforce development councils to help certain economically disadvantaged adults and unemployed workers: *E2SSB 5809, CH 566 (2009) PV

Median wages, computation for unemployment compensation purposes: HB 1711

Middle-income bracket, expanding the percentage of middle-income households: HB 2632, SHB 2632

Underground economic activity, department authority to issue subpoenas for agency investigations of: HB 2789, *SHB 2789, CH 22 (2010), SB 6574

Unemployment benefits, improvement of: HB 2385, HB 2553, SB 2553

Unemployment compensation fund, reducing employer payments to: SSB 5809

Unemployment compensation, allowing certain individuals to seek part-time employment while maintaining eligibility for: HB 2647, SB 6526

Unemployment compensation, limiting employer contribution rates: HB 2920, SB 6587
Unemployment compensation, providing hiring incentives to employers by reducing contribution rates: HB 3103
Voluntary termination of employment, effect on unemployment benefits: SB 6334, SSB 6334
Washington state essential worker pilot program, established by department: HB 1896, SB 5831
Workforce and economic development, multi-agency report to legislature on progress: *SHB 1323, CH 151 (2009)
Workforce training funds to be disbursed by department: SB 5809
Workforce training grants to be disbursed by department: SSB 5809
Workforce training grants, employer contributions to fund account for: SB 6600

ENDANGERED SPECIES (See SALMON; WILDLIFE)

ENERGY (See also ELECTRIC UTILITIES; ELECTRICITY)
Alternative energy resource purchase programs, incentives for voluntary participation by utilities: HB 1658
Alternative energy, siting of small alternative energy resource facilities: HB 2516, SHB 2516
Anaerobic digesters for processing livestock manure and organic waste-derived material, electricity produced by anaerobic digesters to be classified as a farm product: SB 6559
Appliance efficiency rebate program, department of community, trade, and economic development authority to create: *E2SSB 5649, CH 379 (2009) PV
Baseload renewable power facilities, role in meeting utility's annual conservation targets: HB 2784, SB 6682
Biomass energy, defining for purposes of energy independence act: HB 2738
Biomass energy, department of natural resources to develop and implement forest biomass energy demonstration projects: *HB 2165, CH 163 (2009), SB 5979
Biomass fuel, offset credits in air operating permits for sawmills using biomass for electricity generation: SB 5182
Biomass fuels for electricity generation, tax incentives for use: HB 1610, SB 5441, SSB 5441
Biomass, county authority to enter into ownership agreements for electric generating facilities powered by biomass: SB 6692, *SSB 6692, CH 167 (2010)
Biomass, department of natural resources authority to enter into forest biomass supply agreements involving state lands: HB 2481, SHB 2481, *2SHB 2481, CH 126 (2010), SB 6236
Biomass, tax incentives for forest derived biomass used for electricity, steam, or heat production: SB 6691
Carbon dioxide emissions, disclosure to electric customers of emissions associated with their electricity consumption: HB 1994, SHB 1994
Carbonless energy parks, definition and procedures for creating: HB 2002
Clean energy collaborative established, Washington technology center to create by contract: SB 5921
Clean energy jobs and climate legislation, request that Congress pass: HJM 4028
Clean energy leadership initiative created and clean energy leadership council appointed and convened: *SSB 5921, CH 318 (2009)
Coal-fired thermal generation facilities, repealing sales tax exemption for coal used at: HB 3077, SB 6573
Community-wide urban residential and commercial building efficiency upgrades, pilot grants: SB 5649, SSB 5649
Conservation of electricity in public educational facilities: HB 1630
Conservation programs, local finance tool authorization to fund efficiency upgrades and implement programs: HB 2853, SB 6656
Conservation project loans from municipal utilities and public utility districts, repayment period expanded: *HB 1184, CH 416 (2009)
Conservation, weatherization and structural rehabilitation of residential structures of low-income persons to achieve: SB 6468, *ESSB 6468, CH 287 (2010)
Department of commerce, state energy strategy duties of: SB 6421, SSB 6421
Efficiency code, products added: HB 1004, HB 2416, SHB 2416
Efficiency code, products added and removed: *ESHB 1004, CH 501 (2009)
Electrical power production and concentrated heating, assessment of state's geothermal resources by department of natural resources: SSB 5149
Electrical power production, state's geothermal resources: SB 5149
Eligible renewable resource, modifying requirements: SB 6089
Energy and operational cost saving improvements at higher education institutions and public schools, creating jobs and accelerating innovation through bonds and grants to fund construction of: *EHB 2561, CH 35 (2010)
Energy and operational cost saving improvements to public facilities, creating jobs through bonds and grants to fund construction of: SB 6547
Energy audits and conservation measures, state agencies and school districts to undertake with assistance of department of general administration: HB 3161
Energy code, delaying implementation of proposed state energy code rules: HB 2927
Energy conservation and renewable energy targets, load growth as an exception in meeting: HB 1686
Energy conservation construction projects, department of general administration grant program for state agencies and school districts: HB 3161
Energy conservation services, authority of certain municipalities to create an energy conservation services utility as part of a pilot program: ESSB 6656
Energy efficiency and renewable energy improvements for property owners, financing through sustainable energy trust program: *E2SHB 1007, CH 65 (2009)
Energy efficiency assistance program, creation within energy program at Washington State University: SB 5649, SSB 5649
Energy efficiency improvement and sustainable energy improvements for property owners, financing through sustainable energy trust bonds: SHB 1007
Energy efficiency improvements to public facilities, creating jobs by issuing bonds to fund construction of: HB 2334, SHB 2334
Energy efficiency requirements for residential structures, nullifying recently adopted energy code provisions: HB 3019, SB 6822
Energy efficiency upgrade pilot programs, Washington State University extension energy program authority to implement grants for: *E2SSB 5649, CH 379 (2009) PV
Energy efficiency worker training program: SB 5051
Energy efficient home, definition: SB 6244, ESSB 6244
Energy freedom program and account, funding of projects with aid of petroleum business privilege tax proceeds distributed from energy and transportation reserve account: HB 3161
Energy freedom program, requirement for alternative, renewable, efficient energy sources: HB 2268
Energy independence act, modifying definitions applicable to chapter 19.285 RCW: SB 6437
Energy independence act, renewable energy and conservation requirements: HB 1133, HB 3034, SB 5840, ESSB 5840, SB 6441, SB 6672, SSB 6672
Energy independence day, honoring Tri-Cities entries participating in: *SR 8622 (2009)
Energy parks, unfinished nuclear power projects to be partially or wholly developed for electricity generation as: SB 5194
Gas companies, public utility tax credit to recover up to fifty percent of rebates given for solar water heating systems installations: HB 1134, SB 1134, SSB 5161, SB 5198
Geothermal account, elimination of: SB 6572
Geothermal resource assessment committee: SB 5149
Geothermal resources, tax incentives for use: SB 5161
Greenhouse gas emission reduction, funding for programs from climate protection account: HB 1819, SB 5735
Greenhouse gas emission reduction, funding for programs from voluntary climate emissions reduction incentives account: SSB 5735
Greenhouse gas emission reduction, funding from emissions reduction assistance account: E2SSB 5735
Greenhouse gas emission reduction, legislative authorization to be required for any greenhouse gas program: HB 2708, SB 6477
Greenhouse gas emissions performance standard, compliance provisions: HB 1854, SHB 1854, SB 6090, SSB 6090
Hog fuel, tax exemptions when used for production of electricity, steam, heat, or biofuel: HB 1633, SB 5442, SB 6170, *ESSB 6170, CH 469 (2009)
Homes, developing strategies to improve energy efficiency of existing homes: HB 2765
Hydroelectric generation, amending constitution to recognize as renewable resource: HJR 4215
Hydroelectric generation, electricity from smaller facilities identified as an eligible renewable resource: HB 1811
Hydroelectric generation, municipally owned facility impact payments: HB 2925, *ESHB 2925, CH 199 (2010) PV, SB 6480
Hydroelectric generation, recognition as a renewable energy resource: HB 2432
