VETO MESSAGE ON ESHB 2327

May 15, 2009

To the Honorable Speaker and Members,
 The House of Representatives of the State of Washington

Ladies and Gentlemen:

I have approved, except for Section 7, Engrossed Substitute House Bill 2327 entitled:

"AN ACT Relating to eliminating or reducing the frequency of reports prepared by state agencies."

Section 7 of Engrossed Substitute House Bill 2327 conflicts with Section 13 of Substitute Senate Bill 6171 that I signed on May 14, 2009. Section 7 eliminates a report on adverse events and incidents at medical facilities because there is no funding for this task. However, Section 13 of Substitute Senate Bill 6171 clarifies that this report is contingent on available funding.

For this reason, I have vetoed Section 7 of Engrossed Substitute House Bill 2327.

With the exception of Section 7, Engrossed Substitute House Bill 2327 is approved.

Respectfully submitted,
 Christine O. Gregoire
 Governor

VETO MESSAGE ON HB 2575

VETO MESSAGE ON E2SHB 2630

April 23, 2010

To the Honorable Speaker and Members,
 The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 6, Engrossed Second Substitute House Bill 2630 entitled:

"AN ACT Relating to creating the opportunity express program."

Section 6 is an unnecessary emergency clause. The general fund appropriation to the Opportunity Express Account created in the bill is a Fiscal Year 2011 appropriation. Engrossed Second Substitute House Bill 2630 can take effect ninety days after the adjournment of the session at which it was enacted and still allow timely transfer of funding to the new account.

For these reasons, I have vetoed Section 6 of Engrossed Second Substitute House Bill 2630.

With the exception of Section 6 of Engrossed Second Substitute House Bill 2630 is approved.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON E2SHB 2658

April 1, 2010

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 404, Engrossed Second Substitute House Bill 2658 entitled:

"AN ACT Relating to refocusing the mission of the department of commerce, including transferring programs."

Section 404 of Engrossed Second Substitute House Bill 2658 outlines ways the state energy strategy must identify administrative actions, regulatory coordination, and legislative recommendations that need to be undertaken to ensure that the energy strategy is implemented and operationally supported by all state agencies and regulatory bodies responsible for implementation of energy policy in the state. I strongly agree with the intent of this section. However, a subsection in Section 404 provides that the Legislature shall, by concurrent resolution, approve or recommend changes to the energy strategy and updates. Such provisions create ambiguities that may impede the Department of Commerce in the performance of its duties.

As this bill recognizes, the energy strategy is the primary guidance for implementation of the state's energy policy and should be an integrated document that includes proposed executive actions under existing law as well as any proposals for new legislation. Section 404 could be read to require legislative approval before the Department undertakes any actions that are included in the strategy. Executive actions authorized by existing law should not be subject to legislative approval, as such a requirement would infringe upon the right and ability of the executive branch to execute the laws. Therefore, I will direct the Department to undertake activities outlined in Section 404 while retaining the authority to implement existing laws without a requirement for additional legislative approval.

For these reasons I have vetoed Section 404 of Engrossed Second Substitute House Bill 2658.

With the exception of Section 404, Engrossed Second Substitute House Bill 2658 is approved.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON 2SHB 2731

March 29, 2010

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Second Substitute House Bill 2731 entitled:

"AN ACT Relating to implementing a program of early learning for educationally at-risk children."

Section 1 indicates the Legislature's intent regarding the future of early learning in our state. The Legislature is undertaking a study of the optimal approach for implementing a voluntary program for early learning in Senate Bill 6759 which I am signing today. I look forward to future legislation implementing the results of that study. Because the language in this section presupposes the outcome of the study called for in Senate Bill 6759, I am vetoing this section.

For this reason, I have vetoed Section 1 of Second Substitute House Bill 2731.

With the exception of Section 1, Second Substitute House Bill 2731 is approved.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON SHB 2776

March 29, 2010

To the Honorable Speaker and Members,
 The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 11, Substitute House Bill 2776 entitled:

"AN ACT Relating to funding distribution formulas for K-12 education."

Section 11 amends RCW 28.175.010 to add the requirement that the Washington State Institute for Public Policy annually calculate savings to taxpayers resulting from improved graduation rates. Since this provision is also contained in Senate Bill 6403 which I am also signing today, I am vetoing Section 11 in order to avoid a double amendment regarding the same subject.

For this reason, I have vetoed Section 11 of Substitute House Bill 2776.

With the exception of Section 11, Substitute House Bill 2776 is approved.

Respectfully submitted,
 Christine Gregoire
 Governor

VETO MESSAGE ON ESHB 2777

April 1, 2010

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 202, Engrossed Substitute House Bill 2777 entitled:

"AN ACT Relating to modifying domestic violence provisions."

This bill makes a number of changes to the laws relating to domestic violence. Section 202 adds a new section to chapter 36.28A RCW. This section provides that "[w]hen funded" the Washington association of sheriffs and police chiefs shall convene a work group to develop a model policy regarding the reporting of domestic violence to law enforcement in cases where the victim is unable or unwilling to make a report in the jurisdiction where the alleged crime occurred. The Legislature has not provided funding for this work group. Rather than leave an inoperable section in statute, I have vetoed Section 202. If the Legislature makes funds available for this purpose in the future, the tasks and directions to the work group may be included in an appropriations bill.

For this reason, I have vetoed Section 202 of Engrossed Substitute House Bill 2777.

With the exception of Section 202, Engrossed Substitute House Bill 2777 is approved.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON E2SHB 2782

March 29, 2010

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 9, Engrossed Second Substitute House Bill 2782 entitled:

"AN ACT Relating to establishing the security lifeline act."

This bill reforms one of the oldest safety net programs in Washington State for better efficiency and fiscal management. Section 9 would require the Health Care Authority to prioritize ineligible disability lifeline recipients for enrollment in the subsidized Basic Health Plan. The Health Care Authority would be required to continue to process these applications, even if subsidized enrollment is limited or closed due to lack of funding. Prioritizing ineligible disability lifeline recipients is counter to the reform actions exemplified within the security lifeline bill. Section 9 would limit the Health Care Authority's ability to efficiently manage enrollment to the appropriated budget, maintain a balanced risk pool, and is detrimental to the long-term viability of the Basic Health Plan.

We must preserve a viable safety net and access to health care for all Washington residents.

For these reasons, I have vetoed Section 9 of Engrossed Second Substitute House Bill 2782.

With the exception of Section 9, Engrossed Second Substitute House Bill 2782 is approved.

Respectfully submitted,
Christine Gregoire
Governor

HB 2836-S by House Committee on Capital Budget (originally sponsored by Representatives Dunshee and White; by request of Governor Gregoire)

(DIGEST AS ENACTED)

Makes appropriations and authorizes expenditures for capital improvements.

VETO MESSAGE ON ESHB 2836

May 4, 2010

The Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 5061, 6003 and 6012, Engrossed Substitute House Bill 2836 entitled:

"AN ACT Relating to the capital budget."

Section 5061, page 98, Community and Technical College System, Bates Technical College Mohler Communications Technology Center

Design funding for the Mohler Communications Technology Center at Bates Technical College was reduced by \$563,000 from the budget approved by the 2009 Legislature. This reduced budget amount would not be sufficient to pay for currently executed contracts, and the costs cannot be deferred until the next biennium. Therefore, I am vetoing Section 5061.

Section 6003, page 111, Office of Financial Management Budget Instructions

With this proviso, the Office of Financial Management must require that preliminary energy audits be conducted on project requests that involve significant renovations or improvements in owned or leased facilities. Reducing energy consumption is a high priority, but requiring energy audits before funding decisions are made will be burdensome and costly. I am directing the Office of Financial Management to develop instructions to state agencies that will serve the goal of reducing energy costs without requiring formal audits for every project. Therefore, I am vetoing Section 6003.

Section 6012, page 121-122, Project Transfer Authority

This proviso eliminates existing authorization for the Office of Financial Management to approve the transfer of funds from one capital project to another within the same state agency. It also places limitations on approving spending plans for construction contingencies, bid alternates, and equipment costs for capital budget projects already approved by the Legislature. These limitations are too stringent for state agencies and may cause unintended cost increases and schedule delays. I am directing the Office of Financial Management to continue to scrutinize capital project spending plans to identify additional savings that can be directed to new projects in the 2011-13 Biennium. Therefore, I am vetoing Section 6012.

For these reasons, I have vetoed Sections 5061, 6003 and 6012 of Engrossed Substitute House Bill 2836.

With the exception of Sections 5061, 6003 and 6012, Engrossed Substitute House Bill 2836 is approved.

Respectfully submitted,
 Christine O. Gregoire
 Governor

VETO MESSAGE ON ESHB 2876

March 25, 2010

To the Honorable Speaker and Members,
 The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 8, Engrossed Substitute House Bill 2876 entitled:

"AN ACT Relating to pain management."

The bill generally requires state health care boards and commissions to adopt rules, including dosage standards, on chronic, noncancer pain management. Section 8, however, requires that before final adoption, these rules be submitted to the Legislature.

Members of the Legislature may review agency rules, proposed or final, and their perspectives are valuable. However, requiring proposed rules to be submitted to the Legislature would infringe upon the role of the executive branch and would blur the distinction between the Legislature and a state agency with regard to the rulemaking process.

For these reasons, I have vetoed Section 8 of Engrossed Substitute House Bill 2876.

With the exception of Section 8, Engrossed Substitute House Bill 2876 is approved.

Respectfully submitted,
 Christine Gregoire
 Governor

VETO MESSAGE ON SHB 2893

March 29, 2010

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 12, Substitute House Bill 2893 entitled:

"AN ACT Relating to school levies."

Section 12 provides in part: "If each provision of this act as passed by the senate and house of representatives is not enacted into law, the entire act is null and void." The only action that could prevent any provision of the bill from being enacted into law is the veto power of the Governor. The Washington Constitution provides the Governor with the power to object to one or more sections of a bill while approving other sections of the bill. Section 12 purports to provide that the veto of *any* section of this bill is a veto of the *entire* bill. This attempt to constrain the Governor's veto power is inconsistent with our state constitution.

As noted by the Washington Supreme Court in *Washington State Legislature v. Lowry*, 131 Wn.2d 309, 320 (1997), "[o]ur constitution condones neither artful legislative drafting nor crafty gubernatorial vetoes." Neither the Legislature in its bill drafting nor the Governor in exercising the veto deprive the other of the fair opportunity to exercise its constitutional prerogatives. A veto of Section 12 will cause "the act ... to be considered now just as it would have been if the vetoed provisions had never been written into the bill at any stage of the proceedings." *State ex rel. Stiner v. Yelle*, 174 Wash. 402, 408 (1933).

For these reasons, I have vetoed Section 12 of Substitute House Bill 2893.

With the exception of Section 12, Substitute House Bill 2893 is approved.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON ESHB 2925

March 23, 2010

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 3, Engrossed Substitute House Bill 2925 entitled:

"AN ACT Relating to impact payments of a municipally owned hydroelectric facility."

The bill requires large cities that own a hydroelectric facility in another county to continue to make financial compensation payments to the county in the event an existing compensation agreement between the city and county expires. There is no emergent need for the bill to become effective immediately, and therefore the emergency clause in Section 3 of this bill is unnecessary.

For this reason I have vetoed Section 3 of Engrossed Substitute House Bill 2925.

With the exception of Section 3 of Engrossed Substitute House Bill 2925 is approved.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON SHB 2939

March 30, 2010

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2, Substitute House Bill 2939 entitled:

"AN ACT Relating to notations on driver abstracts that a person was not at fault in a motor vehicle accident."

Section 2 of the legislation states the bill is null and void if funding is not provided in the transportation budget. The transportation budget as passed the Legislature did not contain funding for this bill. However, I am vetoing this section with the understanding that the Department of Licensing will assess the costs of implementing the bill and request any needed funding in 2011.

For this reason, I have vetoed Section 2 of Substitute House Bill 2939.

With the exception of Section 2, Substitute House Bill 2939 is approved.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON E2SHB 3141

April 1, 2010

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 1, 3, and 4, Engrossed Second Substitute House Bill 3141 entitled:

"AN ACT Relating to redesigning the delivery of temporary assistance for needy families."

This bill directs significant changes to the Temporary Assistance for Needy Families program (TANF) known as the WorkFirst program. The WorkFirst program is an important safety net program for many of Washington's low-income families and children. As Washington addresses an economic downturn, our important and vital safety net programs must provide appropriate assistance to Washington residents. The WorkFirst program has been in existence for almost 13 years. In conversations with the Legislature, I expressed my support for reevaluation of the WorkFirst program to examine how to best meet the challenges for various Washington families to obtain work stability and family self-sufficiency.

Section 3 of the bill directs an executive cabinet level workgroup, the WorkFirst Subcabinet, to examine and report on the TANF program in the context of a reframed legislative intent set forth in Section 1. Section 4 makes a programmatic change in advance of any examination and report. The best way for an executive cabinet level workgroup to examine a broad, programmatic agenda of a \$900 million block grant program is under the direction of the Governor, without restrictions or initial assumptions.

Although I have vetoed Sections 1, 3 and 4, I am directing the WorkFirst Subcabinet to examine the best practices to meet the needs of WorkFirst families to obtain employment and achieve family self-sufficiency. The WorkFirst Subcabinet shall provide a report and plan to implement the best practices for WorkFirst families and children that are sustainable.

For these reasons, I have vetoed Sections 1, 3, and 4 of Engrossed Second Substitute House Bill 3141.

With the exception of Sections 1, 3, and 4, Engrossed Second Substitute House Bill 3141 is approved.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON ESHB 3178

April 1, 2010

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 5, 13, 14 and 15, Engrossed Substitute House Bill 3178 entitled:

"AN ACT Relating to creating efficiencies in the use of technology in state government."

Section 5 requires the Information Services Board to develop standardized contracts and to review state agency information technology budgets. I am vetoing Section 5 because the Department of Information Services already has the authority to standardize its contracts and has already implemented many standardized contracts. In developing a statewide enterprise-based information technology strategy, the Office of Financial Management and Department of Information Services can determine if additional contract standardization is required. In addition, it is premature to vest additional authority and staff in the Information Services Board prior to the information technology governance review called for in Section 16 of this bill. Finally, no funding was provided to implement these subsections.

Section 13 requires the Office of Financial Management to develop and execute a pilot program to contract with private providers for the delivery, support, maintenance, and operation of information technology projects and report on the findings. I am vetoing this section because funding has not been provided for this purpose in the omnibus appropriations act and the Office of Financial Management cannot absorb the cost.

Section 14 requires the Department of Information Services to report on the efforts to develop a centralized project management office by November 1, 2010. I am vetoing this section because it codifies a requirement for the Department to produce a one-time report on the status of the establishment of a Centralized Information Technology Project Management Office that was funded as part of the 2007 Supplemental Budget. The Department has already completed the report and will submit it to the Legislature.

Section 15 requires the Office of Financial Management to contract with an independent consultant to conduct a technical and financial analysis of the state's plan for the Consolidated State Data Center and Office Building and to develop a business plan outlining the various options for use of the site. I am vetoing this section because funding was not provided for this purpose in the omnibus

appropriations act and the Office of Financial Management cannot absorb the cost.

For these reasons, I have vetoed Sections 5, 13, 14 and 15 of Engrossed Substitute House Bill 3178.

With the exception of Sections 5, 13, 14 and 15, Engrossed Substitute House Bill 3178 is approved.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON ESHB 3209

April 1, 2010

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 17 and 18, Engrossed Substitute House Bill 3209 entitled:

"AN ACT Relating to managing costs of the ferry system."

Section 17 eliminates ferry passes for current employees, retirees, and their family members at the end of the current collective bargaining agreements. The issuance of ferry passes is a subject of collective bargaining and should be dealt with as part of the overall compensation package at the bargaining table, not singled out in legislation for elimination. Legislating matters subject to bargaining may restrict the state's ability to address other more important cost savings measures through the collective bargaining process. I am directing my Labor Relations Office to focus in this bargaining cycle on the best approaches to reduce long-term labor costs, including ferry passes and all aspects of the compensation package.

Section 18 reduces the Ferries Division insurance policy appropriation by \$670,000, based on a legislative study that concluded that the Department could save money by eliminating some marine insurance coverage. I share the Legislature's interest in saving money over the long term and being responsible stewards of taxpayer dollars by protecting our state-owned assets. While I am vetoing this subsection, I direct the Office of Financial Management to work with the Legislature over the interim to review the Department's marine insurance coverage carefully and to assess whether cost reductions can be made while still adequately protecting taxpayer dollars.

For these reasons, I have vetoed Sections 17 and 18 of Engrossed Substitute House Bill 3209.

With the exception of Sections 17 and 18, Engrossed Substitute House Bill 3209 is approved.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON HB 3219

April 23, 2010

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 11, House Bill 3219 entitled:

"AN ACT Relating technical corrections to the Revised Code of Washington."

This bill implements several changes recommended by the Statute Law Committee which were not enacted during the regular session. It also updates effective dates for the elimination of boards and commissions and for a campaign law provision.

Section 11 is not a technical change, but reinstates the Pesticide Incident Reporting and Tracking (PIRT) Review Panel which was eliminated in Engrossed Second Substitute House Bill 2617 which I signed on March 29, 2010. Section 11 requires the Department of Health to support the PIRT Review Panel activities, but the operating budget passed by the Legislature does not provide funding for such support. The Department of Health would have to decrease support for pesticide investigation and exposure response activities to fund this panel. In a time of difficult choices, I am vetoing this section so that the Department of Health can focus its limited funding on front line services instead of support to operate the PIRT Review Panel.

For these reasons, I have vetoed Section 11 of House Bill 3219.

With the exception of Section 11, House Bill 3219 is approved.

Respectfully submitted,
Christine Gregoire
