& the Legislative Service Center

The brief descriptions and digest paragraphs contained herein were prepared by the employees of the legislature as a guide to interested persons concerned with the various measures pending before the legislature. Such brief descriptions and digest paragraphs are not propounded in substitution of or supplementary to the official titles and official text of the legislative measures alluded to herein. The brief descriptions and digest paragraphs are not intended to constitute any part of the law, are not in any manner adopted or acted upon by the legislature, and are in no way evidence of the intent of the legislature.

If the only action on a bill for a session is "By resolution, reintroduced and retained in present status." and no action other than "By resolution, reintroduced and retained in present status." occurs in subsequent sessions in the two-year legislative cycle for that bill, the history for those sessions will not be printed in this publication.

Companion bills are shown for original bills only.

The brief description for each bill family shows only once on the original bill unless there is a change in the brief description for a later version of the bill.

HOW TO USE THE "LEGISLATIVE DIGEST AND HISTORY OF BILLS"

The *Legislative Digest and History of Bills* is a joint legislative publication which is published after the final legislative session each year.

During the legislative session, a daily *Legislative Digest* is available. Use the daily *Legislative Digest* to keep up with the new introductions (including substitute bills) and the amendments to the various measures in between publications of the *Legislative Digest and History of Bills*. (A "-S" or "-S2" following the bill number indicates a substitute, e.g., SB 5009-S, HB 1071-S2.) The latest legislative history on the measures is also provided in the *Legislative Digest* publication.

This publication consists of three parts:

- (1) Digest paragraphs and legislative actions on all measures (bills);
- (2) RCW - Bill Table;
- (3) Topical Index; and
- (4) Session Law Chapter to Bill Table

DIGEST PARAGRAPHS AND LEGISLATIVE ACTIONS

This portion consists of the following:

- (1) The summary digest paragraphs and legislative actions on all bills, joint memorials, joint resolutions, concurrent resolutions, and floor resolutions considered by the House or Senate during the legislative session;
- (2) Summary paragraph and legislative actions on gubernatorial appointments submitted to and being considered by the Senate;
- (3) The listing of the bills a member has sponsored along with an indication of prime sponsorship; and
- (4) The special status of legislation reports for the Senate and the House.

The bulk of the *Legislative Digest and History of Bills* is formed by an in-sequence listing of measures. In this listing are included the measure number, the legislative and "by-request" sponsors, the latest digest paragraphs, and the bill histories. This portion of the publication is divided into two sections: Senate measures and House measures. Initiatives, bills, joint memorials, joint resolutions, concurrent resolutions, floor resolutions, and gubernatorial appointments are included as measures.

Reports on the special status of legislation follow the Senate and House digest history portion of the book. The reports are listed as they become available as legislation progresses down the path toward enactment. A full listing of the reports available in a particular *Legislative Digest and History of Bills* is found on the Index Page of the *Legislative Digest and History of Bills* beginning on page one. Several examples of these reports are:

- (1) Senate Bills Introduced by Members
(Prime sponsorship is noted by a bullet (large dot) before the bill number;)
- (2) Senate Bills Introduced by Request;
- (3) Senate Bills Passed by the Senate;
- (4) Senate Bills Passed by the Senate and House;
- (5) Senate Bills Failed to Pass the House;
- (6) Senate Bills Passed Both Houses Showing Executive Action; and
- (7) Governor's Messages on Bills Vetoed or Partially Vetoed
VO - Veto overridden
PV - Partial Veto
V - Veto

Comparable reports are supplied for the House Bills. (See Table of Contents for page numbers.)

RCW - BILL TABLE

The *Legislative Digest and History of Bills* contains a table which lists the statutes being affected by the current bills. This table is widely used by legislative drafters as well as all other attorneys concerned with the legislative process. The "S" found preceding the bill numbers in this table means that the bill being referred to is the substitute version. All first substitutes are noted by an "S" preceding the bill number; second, third, etc., are noted by 2S, 3S, etc.; e.g.,

| | | | |
|-----------|-----|------|-------|
| 38.03.030 | AMD | SHB | 1301* |
| 38.03.040 | AMD | SHB | 1375+ |
| 39.07.060 | REP | 2SSB | 5111 |

The "RCW (Statute Number) to Bill Number Table" lists in code section number order the sections in the Revised Code of Washington (RCW) that are the subject matter of current legislation. The action the bill takes on the section is listed with the following abbreviations: ADD (adding a new section or section to a code chapter or code title), AMD (amending), DECD (decodifying), RECD (recodifying), REMD (reenacting and amending), REEN (reenacting), and REP (repealing). It is especially useful in the closing days of the session to determine whether a code section currently under consideration by the legislature may already have been repealed or amended during the session, in which event the earlier action must be taken in cognizance. In addition to being included in the *Legislative Digest and History of Bills*, an electronic version of this table is available at Washington State Legislative website. The URL to the website is <http://www.leg.wa.gov>, choose Bill Info and then RCW to Bill Table.

The symbols on the table indicate whether the amended section or the new section has passed the legislature or has been signed into law or vetoed by the Governor. A "p" following the bill number means that the legislature has passed the bill. An asterisk ("*") means that executive action or inaction has been recorded upon the bill during the first year of the two-year legislative cycle. A plus sign ("+") means that executive action or inaction has been recorded upon the bill during the second year of the two-year legislative cycle. Generally, the "*" and "+" mean that the Governor has signed the bill into law with or without a partial veto.

TOPICAL INDEX

The Topical Index is at the end of the *Legislative Digest and History of Bills*. The Topical Index entries are entered soon after the bills are introduced on the floor, so that researchers can search the text of the index for measures related to their issue. Various symbols are found in the index which aid in determining the type of measures to which the index entry refers. The table of abbreviated symbols for the Topical Index is found on the page beginning the Topical Index section.

HB 1002-S by House Committee on Judiciary (originally sponsored by Representatives Appleton and Hasegawa)

(DIGEST AS ENACTED)

Finds clarification of RCW 9.94A.637 is desirable to provide clarity to the courts that a certificate of discharge shall be issued, while the no-contact order remains in effect, once other obligations are completed.

Requires a court, upon issuing a certificate of discharge, to issue a separate no-contact order if the no-contact order is contained in the offender's judgment and sentence.

VETO MESSAGE ON ESHB 1002

April 30, 2009

To the Honorable Speaker and Members,
 The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 4, Engrossed Substitute House Bill 1002 entitled:

"AN ACT Relating to allowing a certificate of discharge to be issued when an existing order excludes or prohibits an offender from having contact with a specified person or business, or coming within a set distance of any specified location."

Section 4 contains an emergency clause. An emergency clause is to be used where it is necessary for the immediate preservation of the public peace, health or safety or whenever it is essential for the support of state government. I do not believe an emergency clause is needed to implement this legislation.

For this reason, I have vetoed Section 4 of Engrossed Substitute House Bill 1002.

With the exception of Section 4, Engrossed Substitute House Bill 1002 is approved.

Respectfully submitted,
Christine Gregoire
Governor

HB 1011 by Representatives Morris, Chase, Hasegawa, Kagi, Darneille, Upthegrove, Hudgins, and Moeller

Regulating the use of identification devices by governmental and business entities.

(SUBSTITUTED FOR - SEE 1ST SUB)

Prohibits a person, governmental entity, or business entity from intentionally scanning certain identification devices remotely for any purpose without obtaining the person's opt-in consent.

Provides that opt-in consent may be secured in writing or electronically.

Requires the governmental entity or business entity, in obtaining a person's opt-in consent, to unambiguously disclose to the person that by consenting, the person agrees to have the governmental entity or business entity collect, use, or retain data gathered from the identification device for any purpose.

Requires the office of the attorney general to, on an annual basis, make recommendations to the legislature on other personally invasive technologies that may warrant further legislative action.

HB 1011-S by House Committee on Technology, Energy & Communications (originally sponsored by Representatives Morris, Chase, Hasegawa, Kagi, Darneille, Upthegrove, Hudgins, and Moeller)

(DIGEST AS ENACTED)

Prohibits a governmental or business entity from remotely reading an identification device using radio frequency identification technology for commercial purposes, unless that governmental or business entity, or one of their affiliates, is the same governmental or business entity that issued the identification device.

VETO MESSAGE ON SHB 1011

April 13, 2009

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 3, Substitute House Bill 1011 entitled:

"AN ACT Relating to regulating the use of identification devices."

Section 3 places a requirement on the Attorney General to make annual recommendations to the Legislature with respect to potentially invasive technologies which may warrant further action by the Legislature. This requirement is unfunded and will require the Attorney General's Office to divert its scarce financial resources away from other higher priority activities. Additionally, a presumptive label as "personally invasive" may stifle emerging technologies with high potential in the research and commercial fields.

For these reasons, I have vetoed Section 3 of Substitute House Bill No. 1011.

With the exception of Section 3, Substitute House Bill No. 1011 is approved.

Respectfully submitted,
Christine Gregoire
Governor

Expires January 1, 2011.

-- 2009 REGULAR SESSION --
 Dec 8 Prefiled for introduction.
 Jan 12 First reading, referred to Health Care & Wellness.

HB 1033 by Representatives Campbell, Morrell, Hudgins, Hunt, Chase, Wood, and Dickerson

Requiring the use of alternatives to lead wheel weights.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that: (1) Environmental health hazards associated with lead wheel weights are a preventable problem. People are exposed to lead fragments and dust when lead wheel weights fall from vehicles on Washington roadways and are then abraded and pulverized by traffic. Lead wheel weights on and alongside roadways can contribute to soil, surface, and groundwater contamination and pose a hazard to downstream aquatic life;

(2) Lead negatively affects every bodily system. While injurious to individuals of all ages, it is especially harmful to children, fetuses, and adults of childbearing age. Effects of lead on a child's cognitive, behavioral, and developmental abilities may necessitate large expenditures of public funds for health care and special education. Irreversible damage to children and subsequent expenditures could be avoided if exposure to lead is reduced; and
 (3) There are no federal regulatory controls governing use of lead wheel weights. The legislature recognizes the state's need to protect the public from exposure to lead hazards.

Requires the department of ecology to: (1) Establish an advisory committee, in consultation with the department of health, the traffic safety commission, and the department of general administration, to identify and make readily available to tire distributors, wholesalers, retailers, and auto manufacturers, by January 1, 2010, an approved list of environmentally preferred wheel weights that are available for purchase;

(2) Prepare and distribute information to persons in the tire and wheel weight manufacturing, distribution, wholesale, retail, and auto manufacturing industries, to the maximum extent practicable, to assist them in identifying environmentally preferred wheel weights;

(3) Issue a warning letter to a person in the tire distribution, wholesale, retail, auto manufacturing, or associated industry that violates the requirements of this act; and

(4) Offer information or other appropriate assistance to the person in (3) above.

Provides penalties.

HB 1033-S by House Committee on Environmental Health (originally sponsored by Representatives Campbell, Morrell, Hudgins, Hunt, Chase, Wood, and Dickerson)

(DIGEST AS ENACTED)

Requires the department of ecology, by October 1, 2010, to:
(1) Prepare and distribute information to persons that replace or balance motor vehicle tires in this state and persons in the tire and wheel weight manufacturing, distribution, wholesale, and retail industries, to the maximum extent practicable, to assist them in identifying environmentally preferred wheel weights; and

(2) Issue a warning letter to a person who fails to comply with section 3 of the act and offer information or other appropriate assistance.

Requires a person whose business includes replacing or balancing motor vehicle tires to: (1) Replace lead wheel weights with environmentally preferred wheel weights beginning January 1, 2011; and

(2) Recycle the lead weights that they remove.

Prescribes penalties.

Companion Bill: 5010

Establishing a statewide CBRNE response program.

(SEE ALSO PROPOSED 1ST SUB)

Finds that: (1) The threat of an incident caused by a chemical, biological, radioactive, nuclear, or explosive (CBRNE) agent occurring in the state poses a severe threat to the health, safety, and welfare of the citizens of the state of Washington. In order to mitigate any damage that may be caused by CBRNE incidents, it is necessary that the state have a coordinated and comprehensive plan to respond to these dangerous and deadly incidents; and

(2) The current system of relying almost exclusively on local jurisdictions to respond to CBRNE incidents is inadequate because it stretches the capabilities of local jurisdictions, it lacks uniformity in training, equipment, and response standards, and it hinders the ability of jurisdictions to cooperate in the event of a catastrophic incident. Major portions of the state lack protection from CBRNE incidents because many local jurisdictions simply do not have the capabilities to respond to these incidents.

Establishes a statewide CBRNE response program that relies on a network of regional response teams that operate with standardized training and equipment.

Requires the director of fire protection to establish and maintain a statewide CBRNE response program.

Declares the requirement of the statewide CBRNE response program is subject to appropriation by the legislature.

Creates the policy advisory group and the operations advisory group to assist the director of fire protection in implementing and managing the statewide CBRNE response program.

Creates the statewide CBRNE response account.

Provides that the act is null and void if appropriations are not approved.

Concerning residential real property.

Declares that: (1) For Washington's families, purchasing a new home is both the greatest investment they will make and the culmination of their dreams;

(2) Those making the very significant investment in a new home should receive genuine accountability in return and should not be expected to bear, particularly on top of the heavy financial burden of a mortgage, the costs of homebuilder negligence;

(3) Those citizens purchasing new homes or remodeling their homes receive statutory warranty rights similar to those purchasing condominiums;

(4) Anyone purchasing a home within six years of its construction, including purchasers subsequent to the initial owner-occupant, be entitled to the common law implied warranty of habitability to ward against egregious defects in the fundamental

structure of their homes, and intends that this warranty cannot be contractually waived; and

(5) As a matter of public policy the common law warranty of habitability applicable to newly constructed residential real property should be modified to extend greater protection to home purchasers.

HB 1047 by Representatives Hasegawa, Chase, Appleton, Kagi, Kenney, Seaquist, Moeller, and Morrell

Establishing the family medicine residency training program.

Finds that: (1) Many rural and urban communities, and economically disadvantaged and minority populations, are medically underserved and are likely to become even more so if, as predicted by the health resources and services administration in 2006, a national shortage of physicians emerges by 2020;

(2) Community health centers provide primary and preventive health care services for people living in rural and urban medically underserved communities; and

(3) Community health centers are already facing a health workforce crisis.

Establishes a family medicine residency training grant program.

Requires the joint legislative audit and review committee to conduct a performance audit and evaluation of the family medicine residency training grant program every five years.

Creates the family medicine residency training account.

Imposes an additional tax on the sale, use, consumption, handling, possession, or distribution of cigarettes, in an amount equal to seven and one-half cents per pack.

HB 1069 by Representatives Hunt, Kagi, Nelson, Van De Wege, Hasegawa, Williams, Dunshee, McCoy, Appleton, Liias, Takko, Simpson, Darneille, Rolfes, Dickerson, Kenney, White, and Chase
 Restricting light pollution.

(SEE ALSO PROPOSED 1ST SUB)

Addresses the increased use of ineffective and inefficient exterior lighting in Washington that has generated unnecessary light pollution and wasteful energy consumption. With the application of the best technology available, Washington will be able to reduce sky glow, create substantial reductions in energy consumption, and protect the nighttime environment. Light pollution may be greatly reduced by using properly designed light fixtures that direct light downward, are properly installed, and avoid glare and light trespass. This lighting is known as fully shielded luminaires. With improved optical control and reflector design, modern fully shielded luminaires deliver the same amount of light to the ground as older wasteful designs but use less power, thus reducing the amount of energy used, which saves money and reduces the quantity of greenhouse gases released into the environment.

Declares an intent to require the best technology available in all exterior lighting in order to reduce energy consumption and protect our night sky.

HB 1069-S by House Committee on Local Government & Housing (originally sponsored by Representatives Hunt, Kagi, Nelson, Van De Wege, Hasegawa, Williams, Dunshee, McCoy, Appleton, Liias, Takko, Simpson, Darneille, Rolfes, Dickerson, Kenney, White, and Chase)

Reducing light pollution.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Addresses the increased use of ineffective and inefficient exterior lighting in Washington that has generated unnecessary light pollution and wasteful energy consumption.

Requires the state building code council to: (1) Convene a technical advisory group to examine issues and barriers pertaining to the lighting issues; and

(2) Develop recommendations for reducing light pollution and report the findings of the advisory group.

HB 1070 by Representatives Moeller, Williams, Blake, Sells, and Morrell

Concerning veteran lottery games.

(SEE ALSO PROPOSED 1ST SUB)

Directs the lottery commission to: (1) Conduct at least two but not more than four new scratch games each year to benefit veterans and their families; and

(2) Develop and promote the games as veteran lottery games benefiting veterans and their families.

Allows certain moneys in the state lottery account to be used for transfer to the veterans innovations program account for purposes of serving veterans and their families.

HB 1070-S by House Committee on Commerce & Labor (originally sponsored by Representatives Moeller, Williams, Blake, Sells, and Morrell)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Requires the lottery commission to partner with the department of veterans affairs to promote veterans as a beneficiary of the lottery.

Requires the department of veterans affairs to partner with the lottery commission to promote veterans as a beneficiary of the lottery.

Adds the veterans innovation program as a beneficiary of the lottery under section 3 of the act.

Allows deposits from the shared game lottery account to the veterans innovations program account created in RCW 43.60A. 185 of up to a maximum transfer annually of two million dollars.

HB 1073 by Representatives Appleton and Nelson

Regulating small loans.

Finds that consumers should be able to access loans at reasonable rates. Paying the interest rates associated with payday loans can cause a borrower to need a loan to pay off their loan. By turning to payday loans again and again, the borrower can become trapped in a debt cycle.

Requires the director of the department of financial institutions to: (1) Ensure compliance with laws prohibiting rollovers by thorough and regular examinations and investigations;

(2) Study the merits of implementing a real-time database that allows licensees to verify if a consumer has an outstanding small loan;

(3) Study the cost of a database and the effectiveness of a database in limiting the possibility of an excessive number of contemporaneous loans; and

(4) Provide findings of the study to the legislative committees that address financial regulation.

Concerning public notice requirements for vegetation
 management in freshwater lakes.

Enhances public notice requirements for vegetation
 management in freshwater lakes.

Requires the department of ecology to: (1) Forward a copy of
 a decision concerning an application for an aquatic plant and algae
 management general permit to each person who submitted a
 written request for the decision at the same time it notifies the
 applicant;

(2) Post all applications it receives under this act in a timely
 manner and in an easily accessible location on its internet web site;

(3) At the same internet location, post an e-mail contact link
 and physical address that the public may use to submit comments
 on applications; and

(4) Respond in writing to all public comments it receives
 concerning an application for an aquatic plant and algae
 management general permit before issuing a final decision on the
 application, provided that the comment was submitted in

(AS OF HOUSE 2ND READING 3/05/09)

Enacts the interstate compact on educational opportunity for
 military children.

Declares an intent to remove barriers to educational success
 imposed on children of military families because of frequent
 moves and deployment of their parents by: (1) Facilitating the
 timely enrollment of children of military families and ensuring that
 they are not placed at a disadvantage due to difficulty in the transfer
 of education records from the previous school districts or
 variations in entrance and age requirements;

(2) Facilitating the student placement process through which
 children of military families are not disadvantaged by variations
 in attendance requirements, scheduling, sequencing, grading,
 course content, or assessment;

(3) Facilitating the qualification and eligibility for enrollment,
 educational programs, and participation in extracurricular
 academic, athletic, and social activities;

(4) Facilitating the on-time graduation of children of military
 families;

(5) Providing for the promulgation and enforcement of
 administrative rules implementing the provisions of the interstate
 compact on educational opportunity for military children;

(6) Providing for the uniform collection and sharing of
 information between and among member states, schools, and
 military families under the interstate compact on educational
 opportunity for military children;

(7) Promoting coordination between the interstate compact on
 educational opportunity for military children and other compacts
 affecting military children; and

(8) Promoting flexibility and cooperation between the
 educational system, parents, and the student in order to achieve
 educational success for the student.

Improving the effectiveness of the office of minority and women's business enterprises.

(DIGEST AS ENACTED)

Requires each state agency and educational institution to submit data to the office of financial management on the participation by qualified minority and women-owned and controlled businesses in the agency's or institution's contracts and other related information requested by the director of minority and women's business enterprises for the purpose of annual reporting on the progress required by section 1 of the act.

VETO MESSAGE ON EHB 1087

May 6, 2009

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I have approved, except for Sections 1 and 3, Engrossed House Bill 1087 entitled:

"AN ACT Relating to improving the effectiveness of the office of minority and women's business enterprises."

Engrossed House Bill 1087 requires the Office of Financial Management (OFM), in consultation with the Office of Minority and Women's Business Enterprises (OMWBE), to develop a strategic plan to improve the effectiveness of all state agencies in carrying out the purposes of Chapter 39.19 RCW.

I agree with the intended purpose of this bill, which is to provide for increased participation by minority and women-owned and controlled businesses in public works projects and in providing goods and services to state government. However, OFM was not provided the financial resources necessary to carry-out requirements of Section 1 of this bill. Therefore, I am vetoing Section 1.

Section 3 prescribes the structure of advisory committees that may be established by OMWBE. The proposed language is unnecessarily prescriptive. In fact OMWBE has established an advisory committee that meets the criteria outlined in Section 3. The committee has been meeting since September 2008. As a result, I am also vetoing Section 3.

While I am vetoing Sections 1 and 3 of this bill, I am signing Section 2 because it supports my efforts to achieve supplier diversity. I am also directing OFM to assist OMWBE in identifying ways of increasing participating of minority and women-owned and controlled business in providing services to the state.

For these reasons, I have vetoed sections Veto Sections 1 and 3 of Engrossed House Bill 1087. With the exception of Sections 1 and 3, Engrossed House Bill 1087 is approved.

Respectfully submitted,
Christine Gregoire
Governor

Concerning human remains.

(SUBSTITUTED FOR - SEE 2ND SUB)

Modifies provisions relating to identification of human
 remains.

Encourages early notification to Indian tribes if the human
 remains are determined to be Indian.

Requires that, if the nonforensic skeletal human remains are
 determined to be Indian, the remains will be reinterred at the site
 of discovery unless the tribe of origin indicates otherwise.

Exempts from liability under RCW 68.50.645, those persons
 in possession of nonforensic skeletal human remains who
 relinquish the remains to local law enforcement or the coroner by
 January 1, 2010. The exemption expires January 1, 2010.

Requires the director of the department of archaeology and
 historic preservation to encourage landowners to allow the
 reinterment of Indian skeletal human remains and to allow the
 tribal members access to the reinterment site for ceremonial and
 religious purposes.

Increasing small business access to state contracting opportunities.

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that: (1) State government procurement of goods and services is a largely untapped market for Washington state small businesses; and

(2) Small businesses generally lack awareness of state procurement opportunities and how such opportunities can be pursued.

Declares an intent to: (1) Require state agencies to use the state's common vendor registration and bid notification system for publishing all procurement notices; and

(2) Direct the state's central services agencies to develop procurement policies, procedures, and materials that encourage and facilitate the purchase of products and services by state agencies from Washington small businesses.

Requires the director of the office of financial management, the director of the department of general administration, and the information services board to develop procurement policies and procedures, including unbundled and second tier contracting, that encourage and facilitate the purchase of products and services by state agencies and institutions from Washington small businesses to the maximum extent practicable and consistent with international trade agreement commitments.

HB 1096 by Representatives Hasegawa, Green, Kenney, Chase, Hudgins, and Moeller

Enhancing small business participation in state purchasing.

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that: (1) It is in the state's economic interest and serves a public purpose to promote and facilitate the fullest possible participation by Washington businesses of all sizes in the process by which goods and services are purchased by the state; and

(2) Large businesses have the resources to participate fully and effectively in the state's purchasing system, and because of many factors, including economies of scale, the purchasing system tends to create a preference in favor of large businesses and to disadvantage small businesses.

Declares an intent to assist, to the maximum extent possible, small businesses to participate in order to enhance and preserve competitive enterprise and to ensure that small businesses have a fair opportunity to be awarded contracts or subcontracts for goods and services purchased by the state.

Requires the state purchasing and material control director, under the powers granted by RCW 43.19.190 through 43.19.1939, and the agencies, including educational institutions, operating under delegated authority granted under RCW 43.19.190 or 28B.10.029, to apply a preference in the award of contracts for goods and services and give assistance to small businesses.

Requires the director of the department of general administration to establish overall state policy for compliance by all state agencies, including educational institutions, regarding development of procedures and policies implementing the small business participation in state purchasing provided in this act.

(DIGEST AS PASSED LEGISLATURE)

Requires the department of general administration, the department of transportation, and the department of information services to establish and implement a plan to increase the number of small businesses annually receiving state contracts for goods and services purchased by the state.

Expires July 1, 2015.

VETO MESSAGE ON E2SHB 1096

April 1, 2010

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed Second Substitute House Bill 1096 entitled:

"AN ACT Relating to enhancing small business participation in state purchasing."

I support the intent of this bill and believe that state government can and should be more active in promoting state contracting procurement with small businesses. Small businesses are a vital component in building and stabilizing Washington's economy. State agencies already provide outreach and training to the small business community. Earlier legislation I signed imposed a freeze on contracts at this time to save money. In addition this bill requires a collection of data that is burdensome, resource-intensive, and lacks accountability. Further, the Departments of General Administration, Information Services, and Transportation were not appropriated funds for this purpose and would each be required to absorb the cost to implement the bill.

I am vetoing this bill but I urge the Legislature during the next session to develop legislation that provides appropriate reporting requirements and that can be implemented within appropriated funds.

For these reasons I have vetoed Engrossed Second Substitute House Bill 1096 in its entirety.

Respectfully submitted,
Christine Gregoire
Governor

Finds that early intervention services are cost-effective and effectively serve the developmental needs of infants and toddlers with disabilities and developmental delays and their families.

Provides a comprehensive, coordinated, interagency, interdisciplinary early intervention services system for all eligible infants and toddlers and their families to enhance the capacity to equitably provide quality early intervention services, and to facilitate coordination of payments for early intervention services from various public and private sources.

Requires the department of social and health services to, in accordance with RCW 71A.14.030 and in coordination with other funding sources for early intervention services, contract with each county governing authority to provide funding for early intervention services to all eligible children with disabilities from birth to three years of age who have been identified as needing services.

Directs all public early intervention funding sources to assure that services are provided in accordance with the requirements of Part C and the Washington state federally approved plan.

Takes effect July 1, 2011.

HB 1162 by Representatives Dickerson, Quall, Sullivan, Haigh, Orwall, Lias, Takko, Kagi, Green, Simpson, Kenney, and Nelson

Providing for social emotional learning in public schools.

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that: (1) Basic education instruction in public schools in Washington state should include not only instruction in core academic skills, but also core social emotional learning skills; and (2) Social emotional learning skills should be incorporated into basic education instruction through appropriate learning standards, research-based curriculum and programs, classroom-based assessment, and professional development for educators.

Declares an intent to support this goal through a social emotional learning public-private partnership and initiate the process through pilot school districts.

Establishes a social emotional learning public-private partnership to support and provide leadership for the incorporation of social emotional learning into basic education instruction in the public schools.

Directs the office of the superintendent of public instruction to provide grant funds for pilot projects in up to three school districts to incorporate social emotional learning into basic education instruction, if funds are appropriated.

Creates the social emotional learning public-private partnership account.

Companion Bill: 5279

Providing for the safe collection and disposal of unwanted drugs from residential sources through a producer provided and funded product stewardship program.

(SEE ALSO PROPOSED 2ND SUB)

Finds that: (1) A convenient, safe, secure, and environmentally sound product stewardship program for the collection, transportation, and disposal of unwanted drugs from residential sources may help to avoid accidental poisonings, decrease illegitimate access to drugs that can lead to abuse, and protect our surface and groundwater; and

(2) Producers of those drugs are the best entity to provide and finance the product stewardship program.

Requires every producer of covered products sold in or into Washington state to participate in a product stewardship program for unwanted products from residential sources.

Requires a producer, group of producers, or stewardship organization operating or intending to operate a product stewardship program to submit a product stewardship plan to the department of ecology before engaging in the collection of unwanted covered products.

Requires the department of ecology to: (1) Determine whether the plan complies with this act. If it approves a plan, the department shall notify the applicant of its approval. If it rejects a plan, the department shall notify the applicant of its decision and its reasons for rejecting the plan;

(2) Send a written warning and a copy of the new chapter created in this act and any rules adopted to implement the new chapter to a producer who is not participating in a product stewardship program approved by the department and whose covered product is being sold in or into the state;

(3) Provide on its web site a list of all producers participating in product stewardship programs it has approved and a list of all producers it has identified as noncompliant;

(4) Send a written warning and a copy of the new chapter created in this act and any rules adopted to implement that chapter to a drug wholesaler known to be selling a product in or into the state from producers who are not participating in a product stewardship program or who are not in compliance;

(5) Annually invite comments from health care facilities, health care practitioners, pharmacists, local governments, and citizens on their satisfaction with the services provided by a product stewardship program; and

(6) Consult with the state board of pharmacy on proposed provisions of a product stewardship plan involving the secure collection, tracking, and handling of drugs collected under a product stewardship program.

Creates the pharmaceutical product stewardship program account.

Allows the director of the department of ecology to lend money from the state toxics control account to the pharmaceutical product stewardship account if necessary to ensure that money is available in the pharmaceutical product stewardship program account for the initial administration of the product stewardship program for unwanted drugs from residential sources.

Provides penalties.

Studying the linked deposit program.

(DIGEST AS ENACTED)

Authorizes the state treasurer to reduce to zero the effective interest rate the state receives on certificate of deposits.

VETO MESSAGE ON EHB 1167

May 7, 2009

To the Honorable Speaker and Members,
 The House of Representatives of the State of Washington

Ladies and Gentlemen:

I have approved, except for Sections 1 and 2, Engrossed House Bill 1167 entitled:

"AN ACT Relating to the linked deposit program."

Sections 1 and 2 would have created a new obligation to produce a report by the Office of Minority and Women's Business Enterprises. While I support the aim of identifying ways the linked deposit program can be improved and how small businesses can access capital more readily, this bill places a large, unfunded financial burden on a small agency during very tough budget times. For this reason, I have vetoed Sections 1 and 2 of Engrossed House Bill 1167.

With the exception of Sections 1 and 2, Engrossed House Bill 1167 is approved.

Respectfully submitted,
 Christine Gregoire
 Governor

HB 1168 by Representatives Simpson and Wood

Reducing the environmental impact of cleaning state facilities.

Finds that: (1) Cleaning products are necessary for creating and maintaining sanitary conditions in state facilities and workplaces; and

(2) The adoption of practices to select, procure, and use environmentally preferred products will benefit the environment and the health and safety of workers and visitors to state facilities.

Requires all state agencies that purchase cleaning products or services to: (1) Ensure that cleaning products have properties that minimize potential impacts to human health and the environment consistent with maintenance of the effectiveness of these products for the protection of public health and safety;

(2) Purchase environmentally preferred products or document the reasons for selecting nonpreferred products;

(3) Prepare and submit a report electronically to the department of general administration biennially listing the amount and type of cleaning product used; and

(4) Transition to cleaning products having properties that minimize potential impacts to human health and the environment within six months of the effective date of this act in a manner that avoids waste of existing inventories, accommodates establishment of supply chains for new products, enables the training of personnel in appropriate work practices, and allows the phase out of products and practices inconsistent with this act.

Encourages local governments and school districts to review their purchasing and use of cleaning products and select those having properties that minimize potential impacts to human health and the environment consistent with this act.

HB 1172 by Representatives Simpson, Nelson, and Rolfes; by request of Department of Community, Trade, and Economic Development

Companion Bill: 5165

Implementing a transfer of development rights program.

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that a successful transfer of development rights program must consider existing affordable housing and economic development programs and policies in designated receiving areas. Counties, cities, and towns that decide to participate in the regional transfer of development rights program for central Puget Sound are encouraged to adopt comprehensive plan policies and development regulations to implement the program that do not compete or conflict with existing comprehensive plan policies and development regulations that require or encourage affordable housing. Participating cities and towns are also encouraged to use the development of receiving areas to maximize opportunities for economic development that supports creation or retention of jobs that exceed the average county wage. A regional transfer of development rights program in the central Puget Sound should be voluntary, incentive-based, and separate, but compatible with existing local transfer of development rights programs. Additional counties may benefit from participation in a regional transfer of development rights program in the future. Therefore, the regional transfer of development rights program should be established for the central Puget Sound as the first phase of a program that can be expanded to other counties, replicated in other regions, or expanded statewide in the future.

Requires the department of community, trade, and economic development, subject to funding, to establish a regional transfer of

development rights program in central Puget Sound, including King, Kitsap, Snohomish, and Pierce counties and the cities and towns within these counties.

HB 1172-S by House Committee on Local Government & Housing (originally sponsored by Representatives Simpson, Nelson, and Rolfes; by request of Department of Community, Trade, and Economic Development)

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that a successful transfer of development rights program must consider housing affordable to all economic segments of the population, and economic development programs and policies in designated receiving areas. Counties, cities, and towns that decide to participate in the regional transfer of development rights program for central Puget Sound are encouraged to adopt comprehensive plan policies and development regulations to implement the program that do not compete or conflict with comprehensive plan policies and development regulations that require or encourage affordable housing. Participating cities and towns are also encouraged to use the development of receiving areas to maximize opportunities for economic development that supports creation or retention of jobs. A regional transfer of development rights program in the central Puget Sound should be voluntary, incentive-driven, and separate, but compatible with existing local transfer of development rights programs. Additional counties may benefit from participation in a regional transfer of development rights program in the future. Therefore, the regional transfer of development rights program should be established for the central Puget Sound as the first phase of a program that can be expanded to other counties, replicated in other regions, or, at a future date, expanded statewide.

Requires the department of community, trade, and economic development, subject to funding, to establish a regional transfer of development rights program in central Puget Sound, including King, Kitsap, Snohomish, and Pierce counties and the cities and towns within these counties.

HB 1172-S2 by House Committee on General Government Appropriations (originally sponsored by Representatives Simpson, Nelson, and Rolfes; by request of Department of Community, Trade, and Economic Development)

(DIGEST AS ENACTED)

Requires the department of community, trade, and economic development, subject to the availability of funds appropriated for this specific purpose or another source of funding made available for this specific purpose, to establish a regional transfer of development rights program in central Puget Sound, including King, Kitsap, Snohomish, and Pierce counties and the cities and towns within these counties to foster voluntary county, city, and town participation in the program so that interjurisdictional transfers occur between the counties, cities, and towns, including transfers from counties to cities and towns in other counties.

May 14 Governor signed.
Chapter 474, 2009 Laws.
Effective date 7/26/2009.

HB 1173 by Representatives Miloscia, Simpson, Chase, Ormsby, Hasegawa, Williams, Roberts, Goodman, and Sullivan

Creating programs to increase affordable housing and end homelessness.

(SEE ALSO PROPOSED 1ST SUB)

Finds that: (1) There is a large, unmet need for affordable housing and affordable housing assistance in the state of Washington, causing many low-income individuals and families to be at risk of homelessness;

(2) The state should provide financial resources as well as case management to help individuals and families at risk of homelessness obtain and retain housing and work towards a goal of self-sufficiency where possible;

(3) There are many root causes of the affordable housing shortage. It is critical that such causes be analyzed, effective solutions be developed, implemented, monitored, and evaluated, and that these causal factors be eliminated;

(4) There is a taxpayer and societal cost associated with a lack of jobs that pay self-sufficiency standard wages and a shortage of affordable housing, and the state must identify and quantify that cost; and

(5) The support and commitment of all sectors of the statewide community is critical to accomplishing the state's affordable housing for all goal. The provision of housing and housing-related services should be administered both at the state level and at the local level.

Declares that the systematic and comprehensive performance measurement and evaluation of progress toward interim goals and the immediate state affordable housing goal of a decent and affordable home in a healthy, safe environment for all economic segments in the state by 2020 is a necessary component of the statewide effort to end the affordable housing crisis.

Creates within the department of community, trade, and economic development the state affordable housing for all program.

Directs the department of community, trade, and economic development to, in consultation with the affordable housing advisory board, prepare and annually update a state affordable housing for all plan with an ultimate goal of achieving a decent and affordable home in a healthy, safe environment for all economic segments by decile by county in the state by 2020.

Requires each county to convene a county affordable housing task force.

Requires each county to direct its affordable housing task force to prepare and recommend to its county legislative authority a county affordable housing for all plan for its jurisdictional area. Each county shall adopt a county plan by June 30, 2011, and update the plan annually by June 30th thereafter.

Allows a county to decline to participate in the affordable housing for all program by forwarding to the department of community, trade, and economic development a resolution adopted by the county legislative authority stating the intention not to participate.

Creates within the department of community, trade, and economic development the ending homelessness program to develop and implement a statewide ending homelessness strategic plan, coordinate and monitor local government ending homelessness plans and programs, and implement and manage an ending homelessness grant program.

Requires the department of community, trade, and economic development to, in consultation with the interagency council on homelessness, the state advisory council on homelessness, and the affordable housing advisory board, prepare and annually update a state ending homelessness strategic plan that must outline statewide goals and performance measures to meet the needs of all homeless populations, including chronic homeless, unsheltered homeless, short-term homeless, families, individuals, and youth, as well as to meet the needs of individuals and families at risk of homelessness.

Requires each county to create an ending homelessness task force to develop an ending homelessness plan addressing short-term and long-term services and housing to prevent and reduce homelessness by seventy percent by July 1, 2015, and to achieve the ultimate goal of ending homelessness by December 31, 2020.

Requires the department of community, trade, and economic development to establish two self-sufficiency income standards based upon the cost of living, including housing costs, which include mortgage or rent payments and utilities other than telephone, for each county in the state.

Requires the joint legislative audit and review committee to conduct two performance audits of the ending homelessness program.

Directs the department of social and health services to collaborate with the department of community, trade, and economic development in the development of a coordinated and comprehensive plan for homeless families with children that must be integrated into the state ending homelessness strategic plan created in RCW 43.185C.040.

Requires the department of community, trade, and economic development to contract with the Washington institute for public policy to conduct a study to determine the most effective, accurate, and comprehensive way for counties and the state of Washington to measure and evaluate the societal cost of homelessness. The department shall not spend more than one hundred thousand dollars on the study, and the results of the study must be presented to the appropriate committees of the legislature by June 30, 2010.

HB 1173-S by House Committee on Local Government & Housing (originally sponsored by Representatives Miloscia, Simpson, Chase, Ormsby, Hasegawa, Williams, Roberts, Goodman, and Sullivan)

Creating programs to increase affordable housing.

HB 1186 by Representative Chase

Regarding the sale and use of small-scale powered equipment.

Requires a retailer that offers small-scale powered equipment for sale to: (1) Provide equal or greater shelf space to similar products that are powered by an electrical cord or a rechargeable battery; and

(2) Dedicate a portion of its shelf space to adequate signs describing the consumer benefits of choosing electric or battery-powered engines over small-scale powered equipment.

Requires the department of ecology to offer electrical equipment incentive grants on a competitive basis to city or county governments.

Prohibits, with exceptions, state agencies from purchasing small-scale powered equipment if the market offers an alternative item that is powered by an electrical cord or rechargeable battery.

Requires all state agencies to phase out the use of small-scale powered equipment that have alternative items available on the market that are powered by an electrical cord or rechargeable battery on a timeline that ensures that no such items are in use five years after the effective date of this act.

Encourages local governments and school districts to review their purchasing and use of small-scale powered equipment and select, when possible, alternative items that are powered by an electrical cord or rechargeable battery.

Creates the electrical equipment incentive account.

Directs the department of ecology to collect a small-scale powered equipment carbon emissions fee from every person for the privilege of engaging within this state in business as a wholesaler or as a retailer of sales of all small-scale powered equipment.

Directs the department of general administration to suspend the use of all spark ignition lawnmowers, string trimmers, and weed blowers on the capitol campus by October 1, 2009. The department of general administration shall document its transition from small-scale powered equipment to electrical or manual alternatives to aid other state agencies in their implementation of this act.

Providing incentives to support renewable solar energy.

Finds that: (1) Washington industries are world-class leaders in the emerging solar electric industry and the Northwest has an

anticipated regional shortfall of four to five hundred megawatts in the electric supply as predicted by the Northwest power planning council. This shortfall is projected to occur, even with the expected development of all available wind energy, conservation, and energy efficiency measures that are available to the region;

(2) Locally sited carbon-free electricity generation offers the best, least costly method of keeping energy generation dollars in our local economies, while reducing the ultimate impacts of electricity usage; and

(3) Residential development of solar electric technologies is proceeding as anticipated by earlier legislation implemented by the department of revenue and the climate and rural energy development center at Washington State University.

Declares an intent to: (1) Help meet the anticipated energy shortfalls in an environmentally responsible manner;

(2) Encourage all businesses, other commercial enterprises, and local governments to invest in locally sited carbon-free generation; and

(3) Provide commercial incentives for the greater use of locally created and installed solar electric technologies, to support, retain, and grow existing local industries, and further, to create new opportunities for carbon-free electric generation technologies.

Requires the department of revenue to reimburse a light and power business from the carbon-free commercial scale energy generation account in an amount equal to investment cost recovery incentive payments made to its commercial customer-generated solar electricity generating customers in certain fiscal years.

Creates the carbon-free commercial scale energy generation account.

HB 1197 by Representatives Haigh, Kristiansen, Hunt, and Armstrong; by request of Capital Projects Advisory Review Board

Companion Bill: 5397

Regarding alternative public works contracting procedures.

(DIGEST AS ENACTED)

Allows the capital projects advisory review board to develop guidelines to be used by the project review committee for the review and approval of design-build demonstration projects that procure operations and maintenance services.

Directs the project review committee to: (1) Review and approve not more than ten projects using the design-build contracting procedure by certified and noncertified public bodies for projects that have a total project cost between two million and ten million dollars;

(2) Report, in June 2010, to the capital projects advisory review board regarding the committee's review procedure of these projects and its recommendations for further use; and

(3) Review and approve not more than two design-build demonstration projects that include procurement of operations and maintenance services for a period longer than three years.

Allows public bodies to use the design-build procedure for public works projects in which the total project cost is between two million and ten million dollars if certain conditions are met and subject to the process in RCW 39.10.280.

Allows a public body to seek committee approval for a design-build demonstration project that includes procurement of operations and maintenance services for a period longer than three years, subject to the process in RCW 39.10.280.

Requires a public body to establish a time and place for the opening of sealed bids for the percent fee on the estimated maximum allowable construction cost and the fixed amount for the general conditions work specified in the request for proposal.

Allows the department of general administration, the University of Washington, and Washington State University to issue job order contract work orders for the state regional universities and The Evergreen State College.

Concerning the capital budget.

(DIGEST AS ENACTED)

Makes appropriations and authorizes expenditures for capital improvements.

VETO MESSAGE ON ESHB 1216

May 15, 2009

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I have approved, except for Sections 2063, page 70, lines 12 through 15; 6028; 6029; 6030; and 6049 of Substitute House Bill 1216 entitled:

"AN ACT Relating to the capital budget."

Section 2063, page 70, lines 12 through 15, Department of Corrections

This proviso requires the Office of Financial Management to undertake a budget evaluation study of the project to expand the reception center at the Washington Corrections Center. Because no funding was provided to continue this project, the study is unnecessary at this time. Therefore, I am vetoing this section.

Section 6028, pages 239-240, Superintendent of Public Instruction

Section 6029, pages 240-241, Universities and Colleges

Section 6030, page 241, State Agencies

These sections direct the Washington State Arts Commission to restrict the purchase of artwork to artists residing in Washington State for projects involving state-assisted K-12 school construction, state colleges and universities, and all state agencies. This restriction could have negative impacts on Washington artists who may be performing work on public works projects in other states. Therefore, I have vetoed these sections.

Section 6049, page 257, Puget Sound Partnership

I am vetoing this section because it is duplicative of Section 6010 on page 225.

For these reasons, I have vetoed Sections 2063, page 70, lines 12 through 15; 6028; 6029; 6030; and 6049. With the exception of Sections 2063, page 70, lines 12 through 15; 6028; 6029; 6030; and 6049, Substitute House Bill 1216 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

HB 1220 by Representatives O'Brien, Warnick, Rodne, Moeller, Hope, Blake, Hasegawa, Smith, Eddy, Klippert, Ericks, Bailey, Rolfes, Kelley, Maxwell, Schmick, and Morrell; by request of Attorney General

Companion Bill: 5208

Ensuring punishment for domestic violence offenders.

Recognizes: (1) The substantial and great impact upon society, families, children, and the victims of offenses occurring between cohabitants;

(2) The continuing nature of domestic violence; and

(3) The lasting psychological trauma caused by such violence.
 Finds that the prevention of domestic violence, and the proper punishment for such offenses, is a compelling state interest that has not been under current sentencing provisions. Toward this end, the act is necessary to ensure that domestic violence offenders are punished accordingly and that an end to domestic violence can be achieved.

VETO MESSAGE ON ESHB 1244

May 19, 2009

The Honorable Speaker and Members
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 103(6); 105(3); 105(5); 117(2); 117(4); 117(5); 124(3); 126(5); 128(7); 128(11); 128(15); 128(17); 128(24); 137(4); 148(5); 152, page 39, lines 20-26; 153, page 39, lines 34-36 and page 40, lines 1-4; 204(4)(a); 205(1)(h); 205(1)(q); 207(4); 209(10); 209(11); 209(14); 209(15); 209(33); 218(12); 218(13); 218(14); 222(3); 222(20); 223(2)(b); 223(2)(f); 302 page 104, lines 18 and 19; 302(11); 302(18); 303(2); 303(4); 307(5); 309(4); 309(5); 401, page 120, lines 7, 17 and 18; 401(3); 402(3); 614(1); 616(8); 805, page 205, lines 29-31; 805, page 206, lines 33-35; 936; 948; 955; 1104(1); 1104(2); and 1105(1) of Engrossed Substitute House Bill 1244 entitled:

"AN ACT Relating to fiscal matters."

I have vetoed the following appropriation items because of concerns with policy or technical issues relating to the legislative provisions:

Section 105(3), page 6, Office of the State Actuary, University of Washington Medical Center and Harborview Medical Center Financial Reporting

Funding is provided from the Department of Retirement Systems Expense Account for the Office of the State Actuary to assist the University of Washington Medical Center and Harborview Medical Center with the financial reporting of their postretirement benefits liabilities. Because the University of Washington will reimburse the State Actuary for its assistance, no appropriation is needed for this purpose. For this reason, I have vetoed Section 105(3).

Section 105(5), page 6, Office of the State Actuary, Health Benefits Study

The Legislature provided \$735,000 for the State Actuary to conduct an actuarial study comparing the cost of providing health benefits to employees of the Washington state retirement systems and the cost paid by employees and employers for those benefits. The study cannot be completed with the funding provided, nor is it an authorized use of the Health Care Authority Administrative Account. For these reasons, I have vetoed Section 105(5).

I recognize that this approach was intended to reflect the intentions of Second Substitute Senate Bill 5491, which did not pass. This measure would have required the Health Care Authority to develop a strategy to reduce the cost of providing health benefits for K-12

employees. This is an appropriate goal and I will work with the Legislature and the Office of the Superintendent of Public Instruction on this goal.

Section 117(2), (4) and (5), pages 13-15, Office of the Governor, Coal-Fired Energy Plants

These provisos require convening of a joint legislative and executive task force on coal-fired energy plants to evaluate alternatives for how existing plants can meet the greenhouse gas emissions performance standards mandated by Engrossed Second Substitute Senate Bill 5735. While I support the goal of reducing greenhouse gas emissions and am committed to working toward that end with the owners of the state's remaining coal-fired plant, this measure did not pass and I have therefore vetoed Section 117(2),(4), and (5).

Section 124(3), page 18, State Auditor, Performance Audit Reporting

The State Auditor is required to report to the Legislature on state expenditure savings achieved from the implementation of performance audits, with legislative intent to reduce the scheduled transfer from the Performance Audits of Government Account to the General Fund when actual savings are demonstrated. Because the Auditor's Office cannot require agencies to implement performance audit recommendations, the appropriation should not be based on savings the Auditor cannot direct. Therefore, I have vetoed Section 124(3).

Section 126(5), pages 19-20, Attorney General, Human Trafficking Violations

Funding is provided for the Attorney General's Office to implement Section 4 of Engrossed Second Substitute Senate Bill 5850. On May 14, 2009, I vetoed Section 4 of this measure, thus eliminating the need for the Attorney General's Office to engage in this effort. For this reason, I have vetoed Section 126(5).

Section 128(7), page 23, Department of Community, Trade and Economic Development, Associate Development Organizations

This proviso requires associate development organizations receiving funding from the Department of Community, Trade and Economic Development to coordinate workforce and economic development activities with community and technical colleges, and to identify clusters of related industries. While I am supportive of these coordination efforts, the proviso is in conflict with Substitute House Bill 1323, which assigns responsibility for identification and alignment of industry clusters to the Workforce Training and Education Coordinating Board and local Workforce Development Councils. For this reason, I have vetoed Section 128(7).

Section 128(15), pages 24-25, Department of Community, Trade and Economic Development, County Life-Cycle Cost Analysis

This proviso requires counties receiving certain state affordable housing funds to include life-cycle cost analysis as a criterion in housing award decisions and to submit annual reports to the state on distribution of funds. Two bills with similar provisions did not pass the Legislature during the 2009 Session. While I encourage analytical tools like life-cycle cost analysis, I do not believe the budget bill is an appropriate vehicle for these policy provisions. For this reason, I have vetoed Section 128(15).

Section 128(17), page 25, Department of Community, Trade and Economic Development, Economic Development Commission Study

This proviso requires the Economic Development Commission to conduct a review of state infrastructure programs and deliver a report on policy and funding options to the Legislature and the Governor. No funding was provided to the Economic Development Commission for this work. Additionally, I would expect that such a review would occur within the Department of Community, Trade and Economic Development's work to develop recommendations for its core mission and programs as the

Department of Commerce. For these reasons, I have vetoed Section 128(17).

Section 148(5), page 37, Liquor Control Board, Increasing Appropriations

This proviso would increase funding to the Liquor Control Board in the event that Senate Bill 6065 was not passed by the Legislature. That bill did not pass. I remain committed to reorganizing the agency so that it is administered by a single director, with a voluntary board providing policy oversight. Therefore, I do not believe it is appropriate to increase its funding at this time. For this reason, I have vetoed Section 148(5).

Section 204(4)(a), pages 57-58, Department of Social and Health Services, Report on Competency Evaluations

The Department of Social and Health Services is required to report on the waiting periods experienced for competency evaluations and competency restoration treatment. No funding was provided for these activities. For this reason, I have vetoed Section 204(4)(a).

Section 205(1)(h), page 61, Department of Social and Health Services, New Freedom Waiver Program

This proviso allows the Department of Social and Health Services to expand the New Freedom Waiver Program. However, the program is administered in the Long Term Care Program, and identical language is included in that program's section of the budget. For this reason, I have vetoed Section 205(1)(h).

Section 205(1)(q), page 63, Department of Social and Health Services, Developmental Disabilities Employment and Day Services

The Department of Social and Health Services is directed to establish a minimum number of service hours for employment and day services offered as part of a Medicaid waiver program. This requirement creates a potential conflict with federal requirements that a client's individual assessed need is the only determinant for the number of authorized service hours. For this reason, I have vetoed Section 205(1)(q).

Section 207(4), page 72, Department of Social and Health Services, Refugee and Immigrant Assistance Reorganization Report

This proviso requires the Department of Social and Health Services to provide detailed reports on outcomes of reorganizing the Office of Refugee and Immigrant Assistance. No funding was provided for these reports. For this reason, I have vetoed Section 207(4). The Department will keep the Legislature fully apprised of the progress of the reorganization.

Section 209(10), page 77, Department of Social and Health Services, Funds for Podiatry Services

This proviso declares that sufficient funds exist within Medical Assistance appropriations for the delivery of podiatry services as a part of the state's medical program. While there currently are sufficient funds, we need to allow the Department of Social and Health Services the widest range of fiscal flexibility to administer its programs should revenues continue to decline. For this reason, I have vetoed Section 209(10).

Section 209(11), page 77, Department of Social and Health Services, Funds for Adult Dental Services

This proviso declares that sufficient funds exist within Medical Assistance appropriations for the delivery of adult dental services as a part of the state's medical program. While there currently are sufficient funds, we need to allow the Department of Social and Health Services the widest range of fiscal flexibility to administer its programs should revenues continue to decline. For this reason, I have vetoed Section 209(11).

Section 209(14), page 77, Department of Social and Health Services, Funds for Family Planning Nurses

This proviso declares that sufficient funds exist within Medical Assistance appropriations for the staffing of family planning nurses in the state's community service offices as a part of the

state's medical program. While there currently are sufficient funds, we need to allow the Department of Social and Health Services the widest range of fiscal flexibility to administer its programs should revenues continue to decline. For this reason, I have vetoed Section 209(14).

Section 209(15), page 77, Department of Social and Health Services, Analysis of Home Dialysis

The Department of Social and Health Services is directed to conduct an analysis of potential savings that may be generated by using home-based kidney dialysis. The state already provides this service when appropriate. Additionally, no funding was provided for this analysis. For these reasons, I have vetoed Section 209(15).

Section 209(33), page 81, Department of Social and Health Services, Graduate Medical Education payments

This proviso requires the Department of Social and Health Services to direct payments for the federal Graduate Medical Education Program (GME) to graduate programs that focus on primary care training. While I commend the effort to increase the level of primary care training, the method proposed by the proviso is not feasible. The University of Washington Medical Center and Harborview Medical Center are the only two participating GME programs. GME program payments are included as a part of their reimbursement for inpatient hospital services provided to state clients. There is no way for the Department to direct the payments exclusively to primary care training. For this reason, I have vetoed Section 209(33).

Section 222(3), page 94, Department of Health, Pesticide Incident Report and Review Panel

The Department of Health is required to continue the operations of the Pesticide Incident Report and Review Panel. The budget includes a 50 percent reduction in funding for this activity and for human pesticide exposure and poisoning programs. It is inappropriate to prioritize the activity of the panel over other activities and programs administered by the Department. For this reason, I have vetoed Section 222(3).

Section 222(20), page 96, Department of Health, Health Care Workforce Survey

This proviso declares that sufficient funds are provided for the continuation of the Health Care Workforce survey. Like all state agencies, the Department of Health is being asked to make significant service reductions. We need to allow the agency the widest range of fiscal flexibility to administer its programs should revenues continue to decline. For this reason, I have vetoed Section 222(20).

Section 223(2)(b), page 97, Department of Corrections, Pet Partnership Program at Women's Corrections Center

While this program has demonstrated benefits, the agency should have flexibility to prioritize its expenditures to accommodate the significant reductions reflected in this budget. For this reason, I have vetoed Section 223(2)(b).

Section 223(2)(f), page 98, Department of Corrections, Correction Savings Bills

This statement on bills that generated budget savings includes two bills that did not pass, Engrossed Senate Bill 6183 (Illegal Immigrant Offenders) and Substitute Senate Bill 6160 (Criminal Justice Sentencing). Therefore, I have vetoed Section 223(2)(f).

Section 302, page 104, lines 18-19, Department of Ecology, Emissions Reduction Assistance Account Appropriation

This section includes an appropriation from the Emissions Reduction Assistance Account, a new account created in Engrossed Second Substitute Senate Bill 5735 (Reducing Greenhouse Gas Emissions), a bill that did not pass. For this reason, I have vetoed this appropriation.

Section 303(4), page 110, State Parks and Recreation Commission, Actively Pursue Transfers of State Parks

This proviso would require the State Parks and Recreation Commission to actively pursue transferring ownership of state

parks to local governments, tribes, or other entities. It also would require biennial updates of this effort to the Office of Financial Management and the appropriate fiscal committees of the Legislature. The Commission is already pursuing the transfer of certain state parks that are inconsistent with its long-range strategic Centennial plan. For this reason, I have vetoed section 303(4). However, I encourage the Commission to pursue the transfer of parks to other operators when it is appropriate and mutually beneficial and to provide updates to OFM and the appropriate fiscal committees of the Legislature no later than September 1, 2009.

Section 309(4), page 118, Department of Agriculture, Milk Price Stabilization Work Group and Report

This proviso requires the Department of Agriculture, within existing funds, to convene a meeting of dairy industry members to consider methods to stabilize milk prices, and to report findings to the Legislature. No funding was provided for these activities. For this reason, I have vetoed Section 309(4). I encourage the Department to work with the dairy industry to develop strategies to pursue with our congressional delegation.

Section 401, page 120, lines 7, 17 and 18, Cemetery Account and Funeral Directors and Embalmers Account

Funds from the Cemetery Account and the Funeral Directors and Embalmers Account are appropriated to the Department of Licensing. These accounts were repealed on April 15, 2009, when I signed Engrossed Substitute House Bill 2126, the Cemetery and Funeral Directors Boards bill. For this reason, I have vetoed Section 401, lines 7, 17, and 18.

Section 402(3), page 122, Washington State Patrol, King Air Cost Recovery

The State Patrol will continue to charge other agencies for the use of its planes, but State Patrol security responsibilities have historically been funded in the agency's aviation budget. For this reason, I have vetoed Section 402(3).

Section 614(1), pages 186-187, Workforce Training and Education Coordinating Board

This proviso attempts to direct the Governor's discretionary Workforce Investment Act (WIA) funds to the Workforce Training and Education Coordinating Board to begin work on the Opportunity Internship Program. While I am committed to the success of this new effort, the Board does not control the federal WIA funds, and it is inappropriate to direct the Governor's flexible pool in this manner. I will work with the Board to find a solution that will enable this important work to begin, but have vetoed Section 614(1).

Section 805, page 205, lines 29-31, Transfers from the State Convention and Trade Center Account to the State General Fund

This appropriation implements the transfer from the State Convention and Trade Center Account to the State General Fund authorized in Section 948. Since I have vetoed that authorization, I have also vetoed Section 805, lines 29-31.

Section 805, page 206, lines 33-35, Transfer from the Performance Audits of Government Account to the State General Fund

Although the Performance Audits of Government Account has accumulated a surplus fund balance during initiation of the State Auditor's program, a transfer of \$29.24 million would significantly detract from the state's ability to conduct performance audits in the future. However, because all of state government must make reductions in these tough economic times, the Auditor has committed to a \$15 million transfer that can be accomplished in the next legislative session. For these reasons, I have vetoed Section 805, lines 33-35.

Section 936, pages 231-232, Savings Incentive Program Report

This section amends RCW 43.79.460 and Section 902, Chapter 4, Laws of 2009, delaying the requirement for the annual Savings Incentive Report until December 2010. Engrossed Substitute House Bill 2327 amends the same statute, but eliminates the report

permanently, causing conflicting language. To eliminate conflicting amendments, I have vetoed Section 936.

Section 948, pages 246-248, State Convention and Trade Center Account

Section 948 amends RCW 67.40.040 and Section 917, Chapter 329, Laws of 2008 and Section 6011, Chapter 328, Laws of 2008, defining eligible uses of funds in the State Convention and Trade Center Account, and suspends for the 2009-11 Biennium the retention requirement and transfers to tourism accounts. With the 2010 Olympics being held in Vancouver, British Columbia, we have a unique opportunity to attract tourists to the state of Washington in the next fiscal year. Tourism spending in Washington directly supports nearly 150,000 jobs for our residents -- jobs that are vital to our economic recovery. In addition, while I believe the Fiscal Year 2009 transfer can be accomplished, it may be called into question because of the language in this proviso. This would adversely affect the 2009 supplemental budget. A clean transfer of funds can be accomplished in the 2010 supplemental budget. For these reasons, I have vetoed Section 948.

Section 955, pages 258-259, Department of Fish and Wildlife, Eastern Washington Pheasant Enhancement Account

This section requires that no less than 80 percent of the funds from the Eastern Washington Pheasant Enhancement Account are to be used to purchase or produce pheasants. Substitute House Bill 1778 which I signed on May 5, 2009, removes the 80 percent requirement, which allows the Department more flexibility for habitat development and other long-term actions to improve pheasant production. For this reason, I have vetoed Section 955.

Section 1104(1), page 302, lines 14-15, Department of Social and Health Services, Mental Health Services

Section 1104(2), page 306, lines 22-23, Department of Social and Health Services, Mental Health Services

Section 1105(1), page 310, lines 3-4, Department of Social and Health Services, Developmental Disabilities Community Services

These reductions to Fiscal Year 2009 appropriation are vetoed in order to retain a total of \$32.276 million to ensure that the Department of Social and Health Services has sufficient resources to cover caseload and related costs in Medical Assistance. For this reason, I have vetoed Section 1104(1), lines 14-15; Section 1104(2), lines 22-23; and Section 1105(1), lines 3 and 4.

A number of appropriations in Engrossed Substitute House Bill 1244 are contingent upon separate legislation, with legislative direction that the appropriations will lapse if the bills are not enacted. The following vetoes relate to bills that did not pass:

Section 103(6), page 4, Joint Legislative Audit and Review Committee, Engrossed Substitute House Bill 2338, (Growth Management Hearings Board)

Section 128(11), pages 23-24, Department of Community, Trade and Economic Development, Engrossed Substitute Senate Bill 5840, (Energy Independence)

Section 128(24), page 26, Department of Community, Trade and Economic Development, Second Substitute House Bill 1797, (Rural and Resource Lands Study)

Section 137(4), page 33, Department of Revenue, Substitute House Bill 1597, (Tax Administration)

Section 152, page 39, lines 20-26, Public Employment Relations Commission, Substitute House Bill 1329, (Child Care Center Collective Bargaining)

Section 153, page 39, lines 34-36, page 40, lines 1-4, Department of Archaeology and Historic Preservation, Second Substitute House Bill 1090, (Human Remains)

Section 218(12), page 90, Department of Labor and Industries, Engrossed Second Substitute Senate Bill 5895, (Residential Real Property)

Section 218(13), page 90, Department of Labor and Industries, Engrossed Substitute Senate Bill 6035, (Retrospective Rating Plans)

Section 218(14), page 90, Department of Labor and Industries, Engrossed Second Substitute House Bill 1393, (Residential Construction)

Section 302(11), page 106, Department of Ecology, Engrossed Second Substitute Senate Bill 5735, (Reducing Greenhouse Gas Emissions)

Section 302(18), page 107, Department of Ecology, Substitute Senate Bill 5282, (Bisphenol A Use)

Section 303(2), page 109, State Parks and Recreation Commission, Substitute House Bill 2109, (State Parks and Recreation Funding)

Section 307(5), page 113, Department of Fish and Wildlife, Substitute House Bill 1972, (Outdoor Recreation Information)

Section 309(5), page 118, Department of Agriculture, Substitute Senate Bill 5005, (Naturally Raised Beef Cattle)

Section 401(3), page 120, Department of Licensing, Engrossed Substitute Senate Bill 5529, (Architects)

Section 616(8), page 189, Department of Early Learning, Substitute House Bill 1329, (Child Care Center Collective Bargaining).

For these reasons, I have vetoed Sections 103(6); 105(3); 105(5); 117(2); 117(4); 117(5); 124(3); 126(5); 128(7); 128(11); 128(15); 128(17); 128(24); 137(4); 148(5); 152, page 39, lines 20-26; 153, page 39, lines 34-36 and page 40, lines 1-4; 204(4)(a); 205(1)(h); 205(1)(q); 207(4); 209(10); 209(11); 209(14); 209(15); 209(33); 218(12); 218(13); 218(14); 222(3); 222(20); 223(2)(b); 223(2)(f); 302 page 104, lines 18 and 19; 302(11); 302(18); 303(2); 303(4); 307(5); 309(4); 309(5); 401, page 120, lines 7, 17 and 18; 401(3); 402(3); 614(1); 616(8); 805, page 205, lines 29-31; 805, page 206, lines 33-35; 936; 948; 955; 1104(1); 1104(2); and 1105(1) of Engrossed Substitute House Bill 1244.

HB 1247 by Representatives Pearson, Shea, Ericks, Parker, O'Brien, Ross, Miloscia, Kirby, Hope, Kelley, Kristiansen, Dammeier, Short, and Morrell; by request of Attorney General

Companion Bill: 5183

Addressing the viewing of sexually explicit depictions of minors on the internet.

Declares that due to the changing nature of technology, offenders are now able to access child pornography in different ways, including in ways that may not constitute possession of depictions of a minor engaged in sexually explicit conduct, as that term is presently defined. By amending the current statute governing possession of depictions of a minor engaged in sexually explicit conduct, it is the intent of the legislature to ensure that intentional viewing of child pornography over the internet is subject to criminal penalty without limiting the scope of existing prohibitions on the possession of child pornography, including the

possession of electronic depictions of a minor engaged in sexually explicit conduct.

-- 2009 REGULAR SESSION --

Jan 15 First reading, referred to Public Safety & Emergency Preparedness.

HB 1248 by Representatives O'Brien, Ericks, Hope, Goodman, Klippert, Miloscia, Kelley, and Morrell; by request of Attorney General

Companion Bill: 5184

Evaluating the need for a digital forensic crime lab.

Finds that: (1) There is a growing incidence of crimes committed against Washington residents, especially against children that involve the use of electronic technologies, including computers and the internet. Currently, law enforcement's ability to investigate and prosecute technology-involved crimes and online child sex predators is significantly limited by the lack of computer forensic capabilities; and

(2) In the interest of promoting the safety of our children and communities, providing better investigative tools for law enforcement and prosecutors, and to hold online child sex predators accountable, the legislature directs the Washington state patrol and the office of the attorney general to convene a work group to study the need for a virtual digital forensic lab in the state of Washington.

- HB 1292** by Representatives Newhouse, Chandler, and Simpson
Authorizing waivers from the one hundred eighty-day school year requirement in order to allow four-day school weeks.
(SUBSTITUTED FOR - SEE 1ST SUB)
Finds that school districts are seeking innovations to reduce operating costs and preserve limited resources for the primary purpose of student learning. Efficiencies in transportation, heat, lights, maintenance, and food expenses are possible from operating for four rather than five days per week, but current law poses a barrier to this innovation by requiring a set number of instructional days in each school year.
Declares an intent to permit school districts to seek waivers from the school year requirement in order to operate on a four-day school week, provided that adequate safeguards are put in place to prevent any negative impact on student learning.
Allows the state board of education to grant waivers from the requirement for a one hundred eighty-day school year under RCW 28A.150.220 and 28A.150.250 to school districts that propose to operate one or more schools on a four-day school week for purposes of economy and efficiency as provided in the act.
Expires section 2 of the act on August 31, 2015.
- HB 1292-S** by House Committee on Education (originally sponsored by Representatives Newhouse, Chandler, and Simpson)
Authorizing waivers from the one hundred eighty-day school year requirement in order to allow four-day school weeks. (REVISED FOR PASSED LEGISLATURE: Authorizing waivers from the one hundred eighty-day school year requirement in order to operate under a flexible calendar.)
(DIGEST AS ENACTED)
Authorizes the state board of education to grant waivers from the requirement for a one hundred eighty-day school year under RCW 28A.150.220 and 28A.150.250 to school districts that propose to operate one or more schools on a flexible calendar for certain purposes.
Expires August 31, 2014.

HB 1297 by Representatives Simpson, Orcutt, Sullivan, Warnick, and McCune

Companion Bill: 5395

Concerning the excise taxation of bullion and rare earth metals.

Declares an intent to reimplement the original intention of the legislature and limit the business and occupation tax imposed on the business of making sales of precious metal bullion to a tax on amounts received as commissions and not to tax the activity of reforming precious metal bullion into different shapes or sizes.

Declares that the business and occupation tax applies to the markup on the sale of precious metal bullion, where the taxpayer is selling its own precious metal bullion.

Declares an intent to accord the same tax treatment to investment purchases of rare earth metals.

Provides that the act applies both retroactively and prospectively.

Providing collective bargaining for child care center directors and workers.

(SUBSTITUTED FOR - SEE 1ST SUB)

Creates the access to quality child care workforce act.

Finds that, as of 2009, the challenges posed by low wages and lack of training that the legislature identified in enacting the child care career and wage ladder persist, and the availability of quality child care in the state continues to suffer.

Declares an intent to address these problems by creating the possibility for a new relationship between child care center directors and workers and the state. Child care center directors and workers are to be given the opportunity to work collectively to improve standards in their profession and to expand opportunities for educational advancement to ensure continuous quality improvement in the delivery of early learning services.

Declares an intent to create a new type of collective bargaining for these directors and workers whereby they can come together and bargain with the state over matters within the state's purview to improve the quality of child care for the state's families. Unlike traditional collective bargaining, this new approach will afford these directors and workers the opportunity to bargain with the state only over the state's support for child care centers, a matter of common concern to both directors and workers.

Provides that all child care center directors and workers will equally be able to maintain full membership in the organization that represents them in their efforts to improve the quality of child care they provide to the state's children. This new bargaining relationship does not intrude in any manner upon those relationships governed by the national labor relations act (29 U.S.C. Sec. 151 et seq.) Child care center directors and workers do not forfeit their rights under the national labor relations act by becoming members of an organization that represents them in their dealings with the state. Under the national labor relations act, an organization that represents child care center directors and workers in bargaining with the state under the act is precluded from representing workers seeking to engage in traditional collective bargaining with their employer over specific terms and conditions of employment at individual child care centers.

Provides that the act is not intended to create any unfunded mandates or financial obligations on child care centers covered by the act.

HB 1329-S by House Committee on Ways & Means (originally sponsored by Representatives Pettigrew, Conway, Kagi, Hunt, Seaquist, Sells, Priest, Kenney, Ormsby, Wood, Haigh, White, Chase, Herrera, Morrell, Liias, Green, Cody, Appleton, Hasegawa, Carlyle, Simpson, McCoy, Sullivan, Orwall, Goodman, Campbell, Hudgins, Moeller, Nelson, and Santos)

(AS OF HOUSE 2ND READING 1/27/10)

Creates the access to quality child care workforce act.

Finds that, as of 2009, the challenges posed by low wages and lack of training that the legislature identified in enacting the child care career and wage ladder persist, and the availability of quality child care in the state continues to suffer.

Creates the possibility for a new relationship between child care center directors and workers and the state.

Gives child care center directors and workers the opportunity to work collectively to improve standards in their profession and to expand opportunities for educational advancement to ensure continuous quality improvement in the delivery of early learning services.

Creates a new type of collective bargaining for child care center directors and workers so they can bargain with the state over matters within the state's purview to improve the quality of child care for the state's families.

Affords child care center directors and workers the opportunity to bargain with the state only over the state's support for child care centers, a matter of common concern to both directors and workers.

Allows child care center directors and workers to maintain full membership in the organization that represents them in their efforts to improve the quality of child care they provide to the state's children.

Provides that nothing in the act is intended to create any unfunded mandates or financial obligations on child care centers covered by the act.

HB 1330 by Representatives Morrell, Green, Chase, Moeller,
 Conway, Kenney, Rolfes, and Santos

Supporting care for the elderly.

Finds that: (1) Washingtonians sixty-five years of age and
 older will nearly double in the next twenty years, from eleven
 percent of our population today to almost twenty percent of our
 population in 2025. Younger people with disabilities will also
 require supportive long-term care services. Nationally, young
 people with a disability account for thirty-seven percent of the total
 number of people who need long-term care;

(2) To address this increasing need, the long-term care system
 should support autonomy and self-determination, support the role
 of informal caregivers and families, promote personal planning
 and savings combined with public support, when needed, and
 include culturally appropriate, high quality information, services,
 and supports delivered in a cost-effective and efficient manner;

(3) The long-term care system should utilize evidence-based
 practices for the prevention and management of chronic disease to
 improve the general health of Washingtonians over their lifetime
 and reduce health care and long-term care costs related to
 ineffective chronic care management; and

(4) Investments in family caregiver support, aging and
 disability resource centers, adult day care and chronic care
 management, have the potential to both improve the quality of life
 for individuals who require long-term care and also to result in
 long-term savings through home diversion and reduced emergency
 room use.

Directs the department of social and health services to contract
 with area agencies on aging or other appropriate agencies to
 conduct family caregiver long-term care information and support
 services to the extent necessary to sufficiently meet demand in each
 area agency on aging and support nursing home diversion.

Requires the department of social and health services to, within
 funds appropriated for this specific purpose, develop a challenge
 grant program to assist communities and organizations in efforts
 to plan and establish additional adult day service programs
 throughout the state.

Provides that the act is null and void if appropriations are not
 approved.

HB 1336 by Representatives Anderson, Hunter, and Green

Discouraging pre-college courses at public four-year institutions of higher education.

Finds that an unacceptably high number of students entering institutions of higher education are unprepared to do college level mathematics, reading, or writing, and require remedial instruction. This remedial instruction imposes additional costs and burdens on students by increasing the time it takes for them to reach their educational goals, and increases the state's costs associated with higher education.

Requires precollege coursework offered in mathematics, reading, writing, or English, except for English courses offered for English language learners, to be offered on a self-supporting basis at state universities, regional universities, and The Evergreen State College.

HB 1353 by Representatives Nelson, Cody, Sells, Sullivan, Haigh, Simpson, Seaquist, Campbell, Carlyle, Hunt, Roberts, and Liias

Companion Bill: 5538

Regarding employment opportunities at institutions of higher education.

(SEE ALSO PROPOSED 1ST SUB)

Declares an intent to: (1) Provide faculty and college excellence for Washington citizens by increasing the number of full-time, tenured academic employee positions at community and technical colleges and by enabling academic employees who hold part-time positions to have greater assurance of continuing employment; and

(2) Develop a planning process through which the community and technical colleges and the state board for community and technical colleges suggest a long-term strategic plan and timeline for faculty conversions.

Directs each community and technical college, in close collaboration with the exclusive bargaining representative for faculty, to create a conversion plan to increase the number of full-time tenured faculty positions.

Requires each community and technical college, subject to collective bargaining, to establish a process: (1) Under which part-time and full-time nontenured faculty members, after successful completion of an evaluation period, receive timely notice of and priority consideration, consistent with other institutional and state policies, for academic employment assignments for which they are qualified in their discipline in coming academic terms; and

(2) For ensuring that qualified internal applicants receive priority consideration for attaining a tenure-track position when one becomes available such as prior notification of job openings before they are posted outside of the institution or a job interview for positions where minimum requirements have been met.

HB 1354 by Representatives Kretz, Short, and Kristiansen
Companion Bill: 5274

Regarding damage caused by wildlife.

Recognizes the importance of the state's commercial livestock industry and the value of healthy wildlife populations, which can damage crops and commercial livestock.

Finds that damage prevention is key to maintaining healthy wildlife populations and a thriving commercial livestock industry, and that the state, participants in wildlife recreation, and private landowners and tenants share the responsibility for damage prevention.

Declares that a timely and simplified process for resolving claims for damages caused by wildlife for commercial agricultural, horticultural, or commercial livestock products is beneficial to the claimant and the state.

Authorizes the director of the department of fish and wildlife or the director's designee to distribute money appropriated to reimburse the owner of commercial livestock that has been killed by predatory wildlife, or injured by predatory wildlife to such a degree that the market value of the commercial livestock has been diminished, if during the current fiscal biennium the department of fish and wildlife has received appropriations from either the state wildlife account or the general fund above the amounts specified in RCW 77.36.070 and 77.36.080 for the reimbursement of damage to commercial livestock.

Creates the commercial livestock valuation committee to assist the director of the department of fish and wildlife with the determination of the market value of killed or injured commercial livestock for the purposes of reimbursing the owner under RCW 77.36.040.

HB 1377 by Representatives Klippert, Haler, Angel, and Walsh

Companion Bill: 5296

Regarding public facilities district formation and authority.

(SEE ALSO PROPOSED 1ST SUB)

Authorizes the legislative authorities of any contiguous group of towns or cities, or the legislative authorities of any contiguous group of towns or cities and the legislative authority of the county or counties in which those towns or cities are located, to enter into an agreement under chapter 39.34 RCW for the creation and operation of a public facilities district notwithstanding the fact that one or more of those towns, cities, or counties previously have formed one or more public facilities districts within the geographic boundaries of the additional public facilities district.

Authorizes a public facilities district created in section 1 (1)(e) of the act to provide in the agreement providing for its creation and operation, that the district must be governed by a board of directors appointed under section 1 (3)(b) or (c) of the act, or by a board of directors of not more than nine members who are also members of the legislative authorities or governing boards of the governmental entities creating that public facilities district or the public facilities districts, or both, previously formed by those governmental entities.

Prohibits a public facilities district formed under section 1 (1) (e) of the act from imposing a sales and use tax authorized in section 3 (2) of the act at a rate that exceeds two-tenths of one percent minus the rate of the highest tax authorized by section 3 (2) of the act that is imposed by any other public facilities district within its boundaries.

HB 1377-S by House Committee on Community & Economic Development & Trade (originally sponsored by Representatives Klippert, Haler, Angel, and Walsh)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Authorizes at least two legislative authorities, one or more of which previously created a public facilities district or districts under section 1(1)(b) or (c) of the act, to create an additional public facilities district notwithstanding the fact that one or more of those towns or cities, with or without a county or counties, previously have created one or more public facilities districts within the geographic boundaries of the additional public facilities district.

Authorizes the new public facilities district, in the agreement providing for its creation and operation, to provide that the district must be governed by a board of directors appointed under section 1 (3)(b) or (c) of the act, or by a board of directors of not more than nine members who are also members of the legislative authorities that created the public facilities district or of the governing boards

of the public facilities district or districts, or both, previously created by those legislative authorities.

Prohibits a public facilities district formed under section 1 (1) (e) of the act from imposing a sales and use tax authorized in section 3 (2) of the act at a rate that exceeds two-tenths of one percent minus the rate of the highest tax authorized by section 3 (2) of the act that is imposed by any other public facilities district within its boundaries.

HB 1392 by Representatives Springer, Driscoll, Kessler, Probst, Ericks, Sullivan, Dunshee, Takko, Blake, McCoy, Eddy, Clibborn, Dickerson, Williams, Sells, Goodman, Kenney, and Moeller

Changing provisions pertaining to eminent domain.

Finds that when government or a private corporation exercises its power of eminent domain by condemning private property, the condemnation process causes hardship on the property owner that goes beyond the financial loss of the property. While property owners receive fair market value as compensation for their condemned property, this payment does not compensate property owners for the additional hardship they undergo during the condemnation process. This additional hardship includes the harm created when a condemning authority condemns property and then does not use the property for the intended purpose or for another public purpose, and then sells the property to a private individual or entity.

Declares an intent to provide property owners with the right to repurchase their condemned property if it is not used for a public purpose and is sold by the condemning authority within seven years after the property was acquired through or under the threat of condemnation.

Provides that the act applies to condemnation proceedings commenced on or after the effective date of the act.

HB 1406 by Representatives Williams, Moeller, Dunshee, Upthegrove, Simpson, Anderson, Hunt, Dickerson, Takko, Nelson, McCoy, O'Brien, Flannigan, Conway, Roberts, and Santos

Companion Bill: 5329

Creating the companion animal spay/neuter assistance program.

Finds that: (1) Tens of thousands of stray and homeless dogs and cats are handled by Washington's animal care and control agencies and other animal welfare organizations each year, costing millions of dollars;

(2) The most effective and humane way to reduce the number of animals dying in shelters is to reduce animal overpopulation through a targeted, statewide spay and neuter surgery network; and

(3) A companion animal spay/neuter assistance program is necessary to address the problems of companion animal overpopulation. The program should be funded through a fee that is practical, administratively feasible, and targeted at the class of Washington residents that is most responsible for companion animals and their impact on our communities: Owners of cats and dogs.

Establishes the companion animal spay/neuter assistance program to provide for spaying and neutering of companion animals owned by low-income individuals and for spaying and neutering feral and free-roaming cats.

Directs the department of agriculture to administer the program.

Authorizes any private veterinarian, private veterinary practice, animal care and control agency, and nonprofit organization whose services include performing spay and neuter surgeries on companion animals to participate in the program.

Creates the companion animal spay/neuter assistance account.

Authorizes the department of agriculture to accept any donations, grants, bequests, and devises, conditional or otherwise, or money, property, service, or other things of value which may be received from the United States or any agency thereof, any governmental agency, any institution, person, firm, or corporation,

public and private, to be held, used, or applied for the purposes of the program.

Provides penalties.

Concerning health benefit plan coverage of neurodevelopmental
 therapies.

(SEE ALSO PROPOSED 1ST SUB)

Finds that access to appropriate early intervention services
 significantly improves function in children with developmental
 delays and developmental disabilities. Health care services,
 including neurodevelopmental therapies, are an essential
 component of early intervention services.

Requires each health plan offered to public employees and
 their covered dependents under chapter 41.05 RCW that is
 established or renewed on or after January 1, 2011, to include
 coverage for neurodevelopmental therapies for covered
 individuals under eighteen years of age.

Requires all group health benefit plans entered into, or
 renewed, on or after January 1, 2011, to include coverage for

neurodevelopmental therapies for covered individuals under
 twenty-one years of age.

Directs the department of health to: (1) Conduct a review under
 chapter 18.120 RCW to determine the most appropriate means to
 regulate persons who utilize applied behavior analysis for the
 treatment of persons with an autism spectrum disorder. In
 developing its recommendations, the department shall consult with
 interested organizations and shall give strong consideration to
 certification criteria established by the institute for applied
 behavior analysis; and

(2) Identify therapies for the treatment of autism spectrum
 disorders in individuals under eighteen years of age that should be
 considered to be in accordance with generally accepted standards
 of practice, as that term is defined in section 2 (5) and section 3 (5)
 of the act.

Provides an effective date of January 1, 2011, for section 6 of
 the act.

Companion Bill: 5361

Feeding hungry children through school breakfast and lunch programs and summer food service programs.

(SEE ALSO PROPOSED 1ST SUB)

Declares an intent to: (1) Maintain its current commitment, to the maximum extent possible, to feed hungry low-income students in public schools at no cost to the students;

(2) Ensure that all low-income students in public schools receive a nutritious school breakfast at no charge, and all low-income students in elementary schools receive school lunch at no charge;

(3) Phase in the free provision of school lunches to all low-income students at all grade levels; and

(4) Invest strategically in capacity building and provision of meals to low-income children during the summer months because children continue to need nutritious meals when school is not in operation during the summer.

Directs the legislature to appropriate funds for allocation to school districts sufficient to eliminate the copayment for breakfast for all students qualifying for reduced-price lunch; and in any school that enrolls students in any of grades preschool through six, eliminate the copayment for lunch for all students qualifying for reduced-price lunch in the school.

Directs the superintendent of public instruction to: (1) Provide state support for summer food service programs, to the extent funds are appropriated; and

(2) Conduct two cycles of grant awards per school year, with a fall cycle of grants of up to twenty thousand dollars to build local capacity to provide summer food service programs and a spring cycle of grants of up to five thousand dollars for expenses related to providing outreach and for planning and administrative tasks associated with initiating a new program.

Companion Bill: 5618

Establishing a statewide dropout reengagement system.

(SUBSTITUTED FOR - SEE 2ND SUB)

Declares an intent to: (1) Provide a statutory framework to support a statewide dropout reengagement system for older youth; and

(2) Encourage school districts, community and technical colleges, and community-based organizations to participate in this system and provide appropriate instruction and services to reengage older students and help them make progress toward a meaningful credential and career skills.

Creates a statewide dropout reengagement system to provide appropriate educational opportunities and access to services for students aged sixteen to twenty-one who have dropped out of high school or are not accumulating sufficient credits to reasonably complete a high school diploma in a public school before the age of twenty-one.

Directs the office of the superintendent of public instruction to: (1) Develop statewide model contracts and interlocal agreements for the dropout reengagement system; and

(2) Allocate the basic education allocation generated under RCW 28A.150.260 and the student achievement fund allocation under RCW 28A.505.220 for each annual average full-time equivalent eligible student enrolled in a dropout reengagement program.

Requires every educational service district board to oversee the dropout reengagement system in its district and fulfill the responsibilities described in statewide model contracts and interlocal agreements.

HB 1418-S by House Committee on Education (originally sponsored by Representatives Kagi, Priest, Sullivan, Walsh, Pettigrew, Roberts, Dickerson, Quall, Seaquist, Sells, Appleton, Hunt, Haler, Pedersen, Orwall, Ormsby, Hasegawa, Conway, Kenney, Maxwell, Santos, Probst, Driscoll, Goodman, and Nelson)

(SUBSTITUTED FOR - SEE 2ND SUB)

Creates a statewide dropout reengagement system to provide appropriate educational opportunities and access to services for students aged sixteen to twenty-one who have dropped out of high school or are not accumulating sufficient credits to reasonably complete a high school diploma in a public school before the age of twenty-one.

Directs the office of the superintendent of public instruction to: (1) Develop statewide model contracts and interlocal agreements for the dropout reengagement system;

(2) Allocate the basic education allocation generated under RCW 28A.150.260 and the student achievement fund allocation under RCW 28A.505.220 for each annual average full-time equivalent eligible student enrolled in a dropout reengagement program directly to the educational service district that has an agreement with the school district, rather than to the school district; and

(3) Provide information on its web site that describes high quality dropout reengagement programs to provide guidance to school districts that choose to offer programs directly or through a separate contract or interlocal agreement.

Requires every educational service district board to oversee the dropout reengagement system in its district and fulfill the responsibilities described in statewide model contracts and interlocal agreements.

Encourages workforce development councils to develop strategies for leveraging available workforce investment funding designated for youth with funding for dropout reengagement programs, participate in offering programs and services, and work with the educational service districts.

HB 1418-S2 by House Committee on Education (originally sponsored by Representatives Kagi, Priest, Sullivan, Walsh, Pettigrew, Roberts, Dickerson, Quall, Seaquist, Sells, Appleton, Hunt, Haler, Pedersen, Orwall, Ormsby,

Hasegawa, Conway, Kenney, Maxwell, Santos, Probst, Driscoll, Goodman, and Nelson)

(DIGEST AS ENACTED)

Provides a statutory framework for a statewide dropout reengagement system to provide appropriate educational opportunities and access to services for students age sixteen to twenty-one who have dropped out of high school or are not accumulating sufficient credits to reasonably complete a high school diploma in a public school before the age of twenty-one.

Directs the office of the superintendent of public instruction to develop a model interlocal agreement and a model contract for the dropout reengagement system.

Authorizes but does not require school districts to offer dropout reengagement programs using the model contracts and interlocal agreements.

Expands the requirements for a child's eligibility to take the GED test.

Companion Bill: 5543

Establishing the product stewardship recycling act for mercury-containing lights.

(SEE ALSO PROPOSED 2ND SUB)

Creates the product stewardship recycling act for mercury-containing lights.

Finds that: (1) Convenient and environmentally sound product stewardship programs for mercury-containing lights that include collecting, transporting, and recycling mercury-containing lights will help protect Washington's environment and the health of state residents; and

(2) Product producers should finance and provide these programs.

Requires all government, commercial, industrial, and retail facilities and office buildings to recycle their end-of-life mercury-containing general purpose lights.

Requires all residents and other generators to recycle their end-of-life mercury-containing general purpose lights.

Requires every producer of a covered product sold in or into Washington state to participate in a product stewardship program for that product.

Requires a producer, group of producers, or stewardship organization to pay all administrative and operational costs associated with their program.

Directs product stewardship programs to collect, free of charge, unwanted products from covered entities for reuse, recycling, processing, or final disposition.

Authorizes the department of ecology or its designee to inspect, audit, or review audits of processing and disposal facilities used to fulfill the requirements of a product stewardship program.

Prohibits a product stewardship program from using federal or state prison labor for processing unwanted products.

Prohibits, as of the implementation date for the covered product, a producer, wholesaler, retailer, or other person from selling or offering for sale that product to any person in this state unless the producer is participating in a product stewardship program under a plan approved by the department of ecology.

Directs the department of ecology to provide, on its web site, a list of all producers participating in product stewardship programs it has approved and a list of all producers it has identified as noncompliant with the act.

Requires all producers whose products are included in the act to pay the department of ecology ten thousand dollars annually no later than January 1st of each year for each covered product category sold in or into the state.

Creates the product stewardship programs account.

Provides that nothing in the act: (1) Changes or limits the authority of the utilities and transportation commission to regulate collection of solid waste, including curbside collection of residential recyclable materials, nor does the act change or limit the authority of a city or town to provide such service itself or by contract under RCW 81.77.020; and

(2) Changes the requirements of any entity regulated under chapter 70.105 RCW to comply with the requirements under chapter 70.105 RCW.

Companion Bill: 5418

Regarding electric vehicles.

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that the development of electric vehicles and an electric vehicle infrastructure is critical to developing new jobs and reducing greenhouse gas emissions.

Recognizes that jobs created to transition to electrified transportation are green jobs.

Defines the terms "electric vehicle" and "electric vehicle infrastructure" and provides preferential tax treatment for the construction of the vehicles and infrastructure.

Requires state and local governments and other entities to implement the use of electric vehicles by modifying zoning and development codes, building permits, transportation policy, and environmental regulations.

HB 1481-S by House Committee on Technology, Energy & Communications (originally sponsored by Representatives Eddy, Crouse, McCoy, Haler, Carlyle, Armstrong, Hunt, White, Dunshee, Priest, Appleton, Orwall, Rolfes, Hudgins, Hinkle, Upthegrove, Clibborn, Morrell, Ormsby, Kenney, Maxwell, Dickerson, and Pedersen)

(SUBSTITUTED FOR - SEE 2ND SUB)

Encourages the transition to electric vehicle use and expedites the establishment of a convenient, cost-effective, electric vehicle infrastructure that such a transition necessitates.

Requires all state agencies, to the extent determined practicable by the department of community, trade, and economic development, to achieve forty percent fuel usage for operating publicly owned vessels, vehicles, and construction equipment from electricity or biofuel by June 1, 2013.

Requires the state, to the extent practicable, to: (1) Install electrical outlets capable of charging electric vehicles in each of the state's fleet parking and maintenance facilities;

(2) Install electrical outlets capable of charging electric vehicles in each state-operated highway rest stop; and

(3) Provide the opportunity to lease space for the limited purpose of installing and operating a battery exchange station or a battery charging station in appropriate state-owned highway rest stops.

Provides tax incentives for electric vehicle infrastructure.

HB 1481-S2 by House Committee on Finance (originally sponsored by Representatives Eddy, Crouse, McCoy, Haler, Carlyle, Armstrong, Hunt, White, Dunshee, Priest, Appleton, Orwall, Rolfes, Hudgins, Hinkle, Upthegrove, Clibborn, Morrell, Ormsby, Kenney, Maxwell, Dickerson, and Pedersen)

(DIGEST AS ENACTED)

Requires all state agencies, to the extent determined practicable, to achieve forty percent fuel usage for operating publicly owned vessels, vehicles, and construction equipment from electricity or biofuel by June 1, 2013.

Requires the state by December 31, 2015, to the extent practicable, to: (1) Install electrical outlets capable of charging electric vehicles in each of the state's fleet parking and maintenance facilities;

(2) Install electrical outlets capable of charging electric vehicles in each state-operated highway rest stop; and

(3) Provide the opportunity to lease space for the limited purpose of installing and operating a battery exchange station or a

battery charging station in appropriate state-owned highway rest stops.

Authorizes local governments to adopt incentive programs to encourage the retrofitting of existing structures with the electrical outlets capable of charging electric vehicles.

Authorizes an alternative fuels corridor pilot project capable of supporting electric vehicle charging and battery exchange technologies.

Authorizes the department of transportation to enter into partnership agreements with other public and private entities for the use of land and facilities along state routes and within interstate highway rights-of-way for an alternative fuels corridor pilot project.

Requires the building code council to adopt rules for electric vehicle infrastructure requirements.

Requires the department of community, trade, and economic development to distribute to local governments model ordinances, model development regulations, and guidance for local governments for siting and installing electric vehicle infrastructure.

Provides tax incentives for electric vehicle infrastructure. The tax incentives expire January 1, 2020.

HB 1484-S2 by House Committee on Capital Budget (originally sponsored by Representatives Van De Wege, Orcutt, Hurst, McCoy, and Blake)

(DIGEST AS ENACTED)

Provides sustainable revenue to smaller counties that are heavily dependent on state forest land revenues.

Promotes long-term protection, conservation, and recovery of marbled murrelets and northern spotted owls.

Provides the necessary tools for the state to maintain long-term working forests by replacing state forest lands with endangered species-based harvest encumbrances with productive, working forest lands.

Authorizes the department of natural resources to transfer lands to another public agency without an auction if the lands are located in certain counties and if the lands are encumbered with timber harvest deferrals longer than thirty years.

VETO MESSAGE ON 2SHB 1484

May 6, 2009

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I have approved, except for Section 1, Second Substitute House Bill 1484 entitled:

"AN ACT Relating to habitat open space."

I am vetoing Section 1 of this bill, regarding the use of the riparian open space program to protect critical habitat for threatened or endangered species. The language in Section 1 of this bill is identical to language adopted into law when I signed SSB 5401 earlier this session. For this reason, I have vetoed Section 1 of Second Substitute House Bill 1484.

With the exception of Section 1, Second Substitute House Bill 1484 is approved.

Respectfully submitted,
Christine Gregoire
Governor

Chapter 220, 2009 Laws.

Effective date 7/1/2009.

HB 1488 by Representatives Miloscia, Sullivan, Goodman, Ormsby, and Blake

Restricting the release of persons from state institutions.

(SEE ALSO PROPOSED 1ST SUB)

Finds that an extremely high risk of homelessness exists for persons discharged from state institutions and persons under ongoing care or supervision of state agencies, such as youth aging out of the foster care system, any former dependent of the state under chapter 13.34 RCW, adults being released from state psychiatric wards, adults receiving ongoing mental health care from regional support networks, former offenders being released from state correctional facilities, and former offenders under active supervision.

Requires the department of corrections to: (1) Submit to the appropriate committees of the legislature a plan by which the department proposes to eliminate the discharge of offenders from the custody of the department into homelessness;

(2) Record details, including an address, of the confirmed housing situation arranged for an offender pending the offender's release from custody; and

(3) Maintain a record of the former offender's housing status, while actively supervising any former offender.

Requires the department of social and health services to: (1) Submit to the legislature a plan by which the department proposes to eliminate the discharge into homelessness of youth aging out of the foster care system, chronically mentally ill persons being released from involuntary psychiatric commitment, and by which the department proposes to address the housing needs of chronically mentally ill persons receiving ongoing mental health care from regional support networks;

(2) Prior to release, record details, including an address, of the confirmed housing situation arranged for a juvenile pending the juvenile's release from custody;

(3) Track the housing status of juvenile offenders who are placed on parole for the duration of the juvenile's supervision; and

(4) Record the housing status of indigent patients when they are discharged from a state hospital.

Authorizes and requires the county clerk to maintain a record of the current housing status and current address of each offender under the jurisdiction of the court for purposes of his or her financial obligations, and to provide this information to the department of corrections upon request.

Requires the regional support network, within the patient tracking system, to track the housing status of patients receiving care from regional support networks.

HB 1488-S by House Committee on Local Government & Housing (originally sponsored by Representatives Miloscia, Sullivan, Goodman, Ormsby, and Blake)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that an extremely high risk of homelessness exists for persons discharged from state institutions and persons under ongoing care or supervision of state agencies, such as youth aging out of the foster care system, any former dependent of the state under chapter 13.34 RCW (juvenile court act--dependency and termination of parent-child relationship), adults being released from state psychiatric wards, adults receiving ongoing mental health care from regional support networks, former offenders being released from state correctional facilities, and former offenders under active supervision.

Requires the department of corrections to: (1) Submit to the appropriate committees of the legislature a plan by which the department proposes to eliminate the discharge of offenders from the custody of the department into homelessness;

(2) Record details, including an address, of the confirmed housing situation arranged for an offender pending the offender's release from custody; and

(3) Maintain a record of the former offender's housing status, while actively supervising any former offender.

Requires the department of social and health services to: (1) Submit to the legislature a plan by which the department proposes to eliminate the discharge into homelessness of youth aging out of

the foster care system, chronically mentally ill persons being released from involuntary psychiatric commitment, and by which the department proposes to address the housing needs of chronically mentally ill persons receiving ongoing mental health care from regional support networks;

(2) Prior to release, record details, including an address, of the confirmed housing situation arranged for a juvenile pending the juvenile's release from custody;

(3) Track the housing status of juvenile offenders who are placed on parole for the duration of the juvenile's supervision; and

(4) Record the housing status of indigent patients when they are discharged from a state hospital.

Authorizes the county clerk to maintain a record of the last known housing status and last known address of each offender under the jurisdiction of the court for purposes of his or her financial obligations, and to provide this information to the department of corrections upon request.

Requires an offender, while under the jurisdiction of the court for the purposes of his or her financial obligations, to keep the county clerk informed of his or her housing status.

Requires the regional support network, within the patient tracking system, to track the housing status of patients receiving care from regional support networks.

Companion Bill: 5578

Regarding water resource management.

(SEE ALSO PROPOSED 1ST SUB)

Directs the department of ecology to require certain information from a person or an agency prior to that person or agency withdrawing more than fifteen thousand gallons a day of groundwater for stock watering purposes.

HB 1489-S by House Committee on Agriculture & Natural Resources (originally sponsored by Representatives Blake, Chandler, Schmick, Kretz, Walsh, Warnick, Hinkle, Short, Haler, Newhouse, Ross, and McCune)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that: (1) Effective water resource management and a stable livestock industry are vital to the economic and environmental well-being of the state; and

(2) Achievement of these goals is hindered by a lack of agreement of the intent of the 1945 legislature's enactment of RCW 90.44.050 as it pertains to the quantity of water available under the exemption from water right permit requirements for withdrawals of public groundwater for "stock watering purposes" and the meaning of the undefined term.

HB 1493 by Representatives Pedersen, Hinkle, Cody, Clibborn, Morrell, Campbell, Green, DeBolt, Seaquist, Nelson, Moeller, Ericks, Appleton, Hudgins, Hasegawa, Conway, Kagi, and Kenney

Marketing prescription drugs.

(SEE ALSO PROPOSED 1ST SUB)

Finds that: (1) The state of Washington has clear and long-standing interests in maximizing the health and well-being of its residents, safeguarding the confidentiality and integrity of the doctor-patient relationship, combatting undue influence of marketing on health care choices, and containing health care costs;

(2) The state of Washington has shown a strong commitment to evidence-based care and cost-effective health purchasing. Washington state has been most active in this regard with respect to prescription drug purchasing focused on clinical and cost-effectiveness;

(3) Health care providers in Washington who write prescriptions for their patients have a strong interest in the integrity of the patient-provider relationship and a reasonable expectation that the information in their prescriptions will not be used for purposes other than the filling and processing of the payment for that prescription;

(4) It is estimated that the pharmaceutical industry spends between thirty billion dollars and fifty-four billion dollars annually on marketing pharmaceuticals in the United States. Marketing programs are designed to increase sales, income, and profit; and

(5) The use of patient identifiable prescription data to market prescription drugs to patients runs counter to Washington's strong commitment to both evidence-based care and cost-effective health purchasing.

Declares an intent to protect the confidentiality of prescribing information, safeguard the integrity of the doctor-patient relationship, and contain health care costs by prohibiting conduct involving the sale, disclosure, and use of individual patient prescription drug data for marketing purposes.

Prohibits health care providers, including pharmacies and entities licensed under chapter 18.64 RCW; health carriers; pharmacy benefit managers; or the business associates, subsidiaries, or affiliates of the aforementioned entities from intentionally sharing, selling, or otherwise using any health care information for the purpose of marketing prescription drugs to patients, notwithstanding allowable disclosures under RCW 70.02.050, and unless expressly authorized by the patient as provided in RCW 70.02.030.

HB 1493-S by House Committee on Health Care & Wellness (originally sponsored by Representatives Pedersen, Hinkle, Cody, Clibborn, Morrell, Campbell, Green, DeBolt, Seaquist, Nelson, Moeller, Ericks, Appleton, Hudgins, Hasegawa, Conway, Kagi, and Kenney)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Preserves patient privacy and contains health care costs by providing greater protection for patient specific health information than is currently provided by federal law.

Prohibits health care providers, including pharmacies and entities licensed under chapter 18.64 RCW; health carriers; pharmacy benefit managers; or the business associates, subsidiaries, or affiliates of the aforementioned entities from intentionally sharing, selling, or otherwise using any health care information for the purpose of marketing prescription drugs to patients, notwithstanding allowable disclosures under RCW 70.02.050, and unless expressly authorized by the patient as provided in RCW 70.02.030.

HB 1494 by Representatives Blake, Chandler, Van De Wege, Kretz, Newhouse, and Upthegrove; by request of Department of Ecology
 Companion Bill: 5583

Improving the effectiveness of water bank and exchange provisions.

Finds that: (1) Many watershed groups and programs have proposed or considered the establishment of water banks to meet vital instream and out-of-stream needs within a watershed or region; and

(2) Water banks and exchanges can: Provide critical tools to make water supplies available when and where needed during times of drought; improve stream flows and preserve instream values during fish critical periods; reduce water transaction costs, time, and risk to purchasers; facilitate fair and efficient reallocation of water from one beneficial use to another; provide banked water supplies to offset impacts related to future development and the issuance of new water rights; and facilitate water agreements that protect upstream community values while retaining flexibility to meet critical downstream water needs in times of scarcity.

Declares an intent to: (1) Provide clear authority for water banks throughout the state;

(2) Improve the effectiveness of water bank and exchange provisions; and

(3) Use the interlocal cooperation act to establish watershed management partnerships for water banking purposes.

 Jan 27 Public hearing in the House Committee on Agriculture & Natural Resources at 1:30 PM.

HB 1495 by Representatives Pettigrew, Nelson, Kenney, White, and Ormsby

Providing real estate excise tax exemptions to stabilize neighborhoods.

(SEE ALSO PROPOSED 1ST SUB)

Finds that: (1) There is a substantial inventory of unsold or foreclosed vacant homes on the market that is driving property values down and destabilizing neighborhoods; and

(2) Providing targeted incentives to housing developers will stimulate the sale of these vacant homes to low-income buyers now and stabilize neighborhoods affected by this growing inventory.

Declares an intent to provide such incentives through excise tax relief on sales of homes to low-income first-time homebuyers.

HB 1495-S by House Committee on Local Government & Housing (originally sponsored by Representatives Pettigrew, Nelson, Kenney, White, and Ormsby)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that: (1) There is a substantial inventory of unsold or foreclosed vacant homes on the market that is driving property values down and destabilizing neighborhoods; and

(2) Providing targeted incentives to housing developers will stimulate the sale of these vacant homes to low-income buyers now and stabilize neighborhoods affected by this growing inventory.

Declares an intent to provide such incentives through excise tax relief on sales of homes to low-income first-time homebuyers.

Provides a real estate excise tax exemption on the sale: (1) Of a qualifying residential housing unit to a buyer meeting certain conditions and requirements; and

(2) To a qualifying organization where the organization is exercising an option to repurchase the property.

Expires the exemption on July 1, 2013.

HB 1500 by Representatives Eddy, Hasegawa, McCune,
 Crouse, Nelson, and Upthegrove

Concerning recording devices in motor vehicles.

(SEE ALSO PROPOSED 1ST SUB)

Requires a manufacturer of a motor vehicle sold or leased in
 this state, that is equipped with one or more recording devices, to
 disclose in the owner's manual: (1) That the motor vehicle is
 equipped with one or more recording devices;

(2) The type of data recorded; and

(3) Whether the recording device or devices have the ability to
 transmit information to a central communications system or other
 external device.

Prohibits an insurer from refusing to renew a motor vehicle
 insurance policy solely because a motor vehicle owner refuses to
 provide access to recorded data from a recording device.

Prohibits an insurer or agent from reducing coverage,
 increasing the insured's premium, applying a surcharge, refusing
 to apply a discount other than a discount that is based on data
 recorded by a recording device, or, when there are multiple insurers
 available, failing to place the motor vehicle owner with the most
 favorably priced insurer, solely because a motor vehicle owner
 refuses to allow an insurer access to data from a recording device.

HB 1502 by Representatives Green, Kenney, Morrell,
 Appleton, Blake, Pettigrew, Seaquist, Ormsby,
 Chase, Haigh, Lias, Quall, Cody, Roberts, Goodman, White,
 Santos, Conway, and Simpson

Increasing the number of school nurses.

Finds that schools are increasingly required to play an
 expanding role in protecting our children's health and that school
 nurses play a pivotal role in improving the health and education
 success of school-age children. Current data from the office of the
 superintendent of public instruction indicates the statewide
 average ratio of nurses to students is one to two thousand six
 hundred fifty.

Declares an intent to create a nurse-to-student ratio of one to
 seven hundred fifty by the 2015-16 school year, phased-in as
 follows: One to fifteen hundred during the 2009-2011 biennium;
 one to twelve hundred fifty during the 2011-2013 biennium; one
 to one thousand during the 2013-2015 biennium; and one to seven
 hundred fifty during the 2015-2017 biennium.

Requires public school districts, in order to provide for the
 health and safety of students, to provide for professional registered
 nurse services to manage the student and school health services,
 as established in RCW 28A.150.260.

HB 1516 by Representatives Blake and Kretz

Regarding the recovery of gear used in the coastal Dungeness crab fishery.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that all rules adopted relating to the Dungeness crab-coastal fishery must: (1) Allow individuals with the applicable commercial fishery license to remove fishing gear remaining in the water in that fishery after the close of the fishing season, regardless of whether it was originally set by the individual or not; and

(2) At a minimum, address certain geographic regions.

Authorizes the fish and wildlife commission to require a system of declaring gear abandoned and posting of abandoned gear declarations by the department of fish and wildlife to facilitate the process of removing gear after the close of the fishing season, if appropriate.

HB 1516-S by House Committee on Agriculture & Natural Resources (originally sponsored by Representatives Blake and Kretz)

(DIGEST AS ENACTED)

Requires the department of fish and wildlife to issue a crab pot removal permit that allows the participants in the Dungeness crab-coastal fishery to remove crab pots belonging to state commercial licensed crab fisheries from coastal marine waters after the close of the primary commercial Dungeness crab-coastal harvest season, regardless of whether the crab pot was originally set by the participant or not.

Prescribes penalties.

VETO MESSAGE ON SHB 1518

April 21, 2009

To the Honorable Speaker and Members,
 The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute House Bill 1518 entitled:

"AN ACT Relating to prohibited practices in accountancy."

This bill is identical to Substitute Senate Bill 5434 which I signed on April 16, 2009. Because the provisions of that identical bill are already law, I am vetoing Substitute House Bill 1518 to avoid duplication and confusion.

For this reason I have vetoed Substitute House Bill 1518 in its entirety.

Respectfully submitted,
 Christine Gregoire
 Governor

HB 1519 by Representatives Hasegawa, Green, Morrell, Roberts, Nelson, Upthegrove, Santos, Simpson, and Chase

Requiring language access services for persons with limited English proficiency in health care and insurance matters.

Finds that: (1) Hundreds of thousands of patients in Washington need interpretation and translation services to understand medical instructions and diagnoses and to communicate clearly with their health care providers;

(2) The health care system in the state is not currently meeting the needs of these patients, largely because of unanswered questions about how to fund needed language services;

(3) Studies document that limited English speakers are less likely to have a regular primary care provider or receive preventative care, and are more likely to experience medical errors, all of which lead to negative health outcomes and higher long-term costs to the health care system;

(4) Language barriers impede informed consent for treatment and surgical procedures, leaving health care organizations and providers vulnerable to potentially costly lawsuits;

(5) According to the 2005 American community survey, four hundred fifty-four thousand Washington residents speak English less than very well;

(6) Medicaid and the state children's health insurance program provide interpretation and translation services. Many private insurers and the Washington basic health plan do not; and

(7) Quality language services lead to better health outcomes and long-term cost savings to the health care system, and the private and public sectors should share the responsibility of covering the cost of these vital services.

Requires contracted managed health care systems to provide interpretation services to limited English proficient enrollees, to the extent funding is available for that purpose.

Directs all health care service contractors that provide coverage for health care services to provide interpretation services or reimburse clinical health care providers, contract representatives, or administrators that are responsible for billing and claims services for providing interpretation services to limited English proficient enrolled participants.

Directs all health maintenance organizations that provide coverage for health care services to provide interpretation services or reimburse clinical health care providers, contract representatives, or administrators that are responsible for billing and claims services for providing interpretation services to limited English proficient enrolled participants.

Directs, for all disability insurance contracts that provide hospital and medical expenses and health care services, insurers to provide interpretation services or reimburse clinical health care providers, contract representatives, or administrators that are responsible for billing and claims services for providing interpretation services to limited English proficient insured individuals.

Establishes a working group on language access in health care in the department of health.

Requires the insurance commissioner to conduct a study of language issues that affect consumers who purchase health insurance contracts in the state of Washington.

HB 1520 by Representatives Hudgins, Morris, Morrell, Hasegawa, and Chase

Streamlining the implementation and coordination of state energy policies and programs.

Finds that implementation of Washington's sustainable energy agenda is being impeded due to the fragmented division of responsibilities among the state-based energy agencies and institutions and the lack of a central coordinating agency that ensures cooperation and the execution of a strategic plan.

Declares an intent to: (1) Centralize and integrate state energy programs and certain regulatory functions that are currently spread throughout state government into one central office called the sustainable energy office; and

(2) Ensure staffing resources are allocated in the most efficient and effective manner possible, eliminate the duplication of services, and ensure the execution of policies adopted by the legislature.

Creates the sustainable energy office.

Jan 22 First reading, referred to Technology, Energy & Communications.

HB 1521 by Representatives Hudgins, Morris, Hasegawa, and Chase

Developing more effective streamlining of technology and innovation in the state of Washington.

Finds that due to the fragmentation of state technology efforts and resources and the lack of a technology strategic vision and central coordinating body, the state is hindered in advancing innovation throughout the state. State technology entities vary significantly in their administrative overhead costs and vary in the methods used to calculate these costs.

Declares an intent to improve interactions among state technology entities to advance and ensure appropriate coordination and collaboration, eliminate duplication of services, set the direction for current and future technology efforts through a strategic planning process and work plan, and establish performance metrics and a prudent administrative overhead rate of no more than thirty-two percent.

Directs the governor, with an awareness of the state budget timetable, to issue a report on the vision for technology development in Washington. The governor shall consult with state technology entities to gather input into the governor's vision for technology development in Washington.

Concerning medicaid payment rates for boarding homes.

(DIGEST AS PASSED LEGISLATURE)

Provides that, prior to implementing any upward or downward adjustment to the daily medicaid payment rate for consumers that are assessed using the comprehensive assessment reporting evaluation tool and reside in boarding homes contracted to provide assisted living services, adult residential care, or enhanced adult residential care services, the department of social and health services must convene at least one public hearing, with at least thirty days' notice to all boarding home providers, to inform boarding home providers how the upward or downward

adjustments were calculated and to review all factors considered by the department in implementing the adjustments.

VETO MESSAGE ON HB 1527

May 18, 2009

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

I am returning, without my approval, House Bill 1527 entitled:

"AN ACT Relating to Medicaid payment rates for boarding homes."

This bill requires that prior to adjusting boarding home Medicaid rates, the Department of Social and Health Services (Department) must convene at least one public hearing to inform boarding home providers how the adjustments were calculated and to review all factors considered in implementing the adjustments.

With such a hearing already required under the Administrative Procedures Act, this bill would lead to confusion, unnecessary duplication, and additional costs. There are better ways for the Department to improve communication regarding the boarding home reimbursement system, and I have directed them to undertake such communication efforts in lieu of placing this requirement in statute.

For this reason, I have vetoed House Bill 1527 in its entirety.

Respectfully submitted,
Christine O. Gregoire
Governor

HB 1563 by Representatives Kirby, Williams, Hasegawa, Simpson, and Morrell; by request of Insurance Commissioner

Companion Bill: 5671

Requiring annuities sold in Washington to be suitable to the age and financial situation of the purchaser.

(SEE ALSO PROPOSED 1ST SUB)

Finds that consumers rely heavily on the insurance producers and insurers selling annuities for accurate, descriptive information when purchasing annuities and may be easily misled about the risks and benefits of the product being purchased.

Requires an annuity sold in Washington to be suitable to the age and financial situation of the owner. Purchasers are entitled to a clear written description of the annuity at the time of solicitation on a summary disclosure form adopted by rule of the insurance commissioner. Prior to issuing an annuity, the insurer must obtain sufficient information from the purchaser to verify the suitability of the proposed sale and to enable the prospective owner to make an informed purchase.

HB 1563-S by House Committee on Financial Institutions & Insurance (originally sponsored by Representatives Kirby, Williams, Hasegawa, Simpson, and Morrell; by request of Insurance Commissioner)

Determining the suitability of annuities sold in Washington.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Permits and sets standards for producers and insurers selling annuity products issued after the effective date of the act that ensure consumers purchase annuities suitable to their financial and insurance needs and life circumstances.

HB 1595 by Representatives Blake and Chandler
Regarding the transfer of certain state forest lands.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that the revenue generated from state forest lands is a vital component of the operating budget in many rural counties. The dependence on a natural resource-based economy is especially underscored in counties with lower population levels and large holdings of public land. The high cost of compliance with the federal endangered species act on state forest lands within these smaller counties is disproportionately burdensome when compared to their total county budgets.

Declares an intent to provide sustainable revenue to smaller counties that are heavily dependent on state forest land revenues while promoting long-term protection, conservation, and recovery of marbled murrelets and northern spotted owls.

HB 1597 by Representatives Springer and Hunter; by request of Department of Revenue

Companion Bill: 5569

Concerning the administration of state and local tax programs.

(SUBSTITUTED FOR - SEE 2ND SUB)

Improves the administration of state and local tax programs without impacting tax collections by providing greater consistency in numerous tax incentive programs.

Revises provisions relating to the confidentiality and disclosure of tax information.

Amends statutes to improve clarity and consistency, eliminate obsolete provisions, and simplify administration.

Declares an intent to create two sets of uniform reporting requirements that apply to the existing tax preferences and that can be used in future legislation granting additional tax preferences.

Requires the legislative fiscal committees or the department of revenue to study many of the existing tax preferences and report to the legislature at least once. Because chapter 43.136 RCW (termination of tax preferences) now requires the joint legislative audit and review committee, with support from the department of revenue, to comprehensively review most tax preferences every ten years and provide a report to the legislature, a number of redundant studies by the legislative fiscal committees and the department of revenue have been eliminated. However, the department of revenue will continue to prepare summary descriptive statistics by category and report the statistics to the legislature each year.

Provides that certain provisions of the act: (1) That relate to annual surveys and annual reports apply beginning with annual surveys and annual reports due in 2010 and thereafter;

(2) Apply to return or tax information in respect to the tax imposed under chapter 83.100 RCW (estate and transfer tax act) in the possession of the department of revenue on or after a certain date;

(3) Apply both retroactively and prospectively to estates of decedents dying on or after May 17, 2005; and

(4) Apply both prospectively and retroactively beginning with taxes levied for collection in 2002 and thereafter.

- Jan 26 First reading, referred to Commerce & Labor.

HB 1610 by Representatives Takko, Ericks, Kretz, Orcutt, Kessler, Short, Crouse, Blake, Ericksen, Wood, Herrera, Kristiansen, Kenney, and Ormsby

Companion Bill: 5441

Creating incentives for the use of biomass in renewable energy production.

Finds that: (1) Communities across the state have natural resource-based economies and rely on the use of biomass fuels to generate electricity for use in manufacturing and to serve local residents;

(2) In 2007, citizens of the state authorized a law (chapter 19.285 RCW) requiring electric utilities that serve more than twenty-five thousand customers in Washington to obtain fifteen percent of their electricity from new renewable resources by 2020 and to meet energy conservation goals;

(3) Eight other western states have renewable energy standards, but most of those other laws, unlike chapter 19.285 RCW, allow existing biomass resources to count as renewable energy resources; and

(4) By discriminating against our state's natural assets for producing renewable energy, chapter 19.285 RCW obligates local electric utilities to acquire more expensive renewable resource technologies.

Declares that chapter 19.285 RCW should be amended to preserve our low electricity costs and its economic benefits to urban and rural communities alike, and to promote further development of the low cost, climate-friendly biomass resources that form the foundation of our present and future clean energy economy.

Allows harvesters a credit against the amount of business and occupation tax otherwise due.

Exempts the use or sale of forest derived biomass used to produce electricity, steam, heat, or biofuel from the sales and use tax.

-- 2009 REGULAR SESSION --

Companion Bill: 5629

Concerning pregnancy prevention programs.

Declares an intent to help people protect themselves from unintended pregnancy and sexually transmitted disease through programs that are evidence-based, economical, and consistent with RCW 28A.300.475 (the state's healthy youth act) as existing on the effective date of the act.

Authorizes state agencies to apply for sexual health education funding for programs that are medically and scientifically accurate including, but not limited to, programs on abstinence, the prevention of sexually transmitted diseases, and the prevention of unintended pregnancies.

- Jan 26 First reading, referred to Health Care & Wellness.

HB 1613 by Representatives Ormsby, Kretz, Blake, Hinkle, Pearson, Warnick, Parker, Schmick, Short, Walsh, Springer, Haler, Orcutt, Sullivan, Kristiansen, Conway, Kenney, Rolfes, and Morrell

Companion Bill: 5517

Establishing a meat and poultry inspection program.

Finds that: (1) Several states administer state meat and poultry inspection programs at facilities for which inspection by the federal food safety inspection service of the United States department of agriculture is not readily available; and

(2) A state inspection program would support the needs of local producers who wish to sell to local consumers, aid in developing niche markets and the supply of low-volume specialty meat products, and increase the ability to supply inspected meat products at farmers markets, retail outlets, and restaurants that specialize in locally produced agricultural products.

Provides that: (1) The meat and poultry inspection program established under the act enforce requirements that are at least equal to those imposed under federal law including the federal meat inspection act, the poultry products inspection act, and the humane methods of slaughter act; and

(2) Products inspected under the act may be sold in intrastate commerce.

Companion Bill: 5518

Reducing the amount of petroleum pollution in storm water.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares an intent to impose a burden offset charge, a regulatory fee on entities that cause petroleum products to be present in the state, in order to allocate and recover the proportional costs of the public programs necessary to address the negative impacts from this substance on the state's waters.

Creates the water pollution account.

Requires the department of ecology to develop criteria for administering the program and ranking projects for funding. In developing these criteria, the department shall consult with the Puget Sound partnership. The department shall endeavor to distribute the moneys within each geographic region of the state in proportion to the severity of impacts on the state's waters from petroleum contamination.

Imposes a fee on the first possession of petroleum products that contribute to storm water pollution for the purpose of offsetting the harm caused by petroleum pollution of storm water in this state.

HB 1614-S by House Committee on Agriculture & Natural Resources (originally sponsored by Representatives Ormsby, Priest, Rodne, Eddy, Hunt, Pettigrew, Upthegrove, Blake, Nelson, Appleton, Pedersen, Simpson, Darneille, Williams, Hudgins, Dunshee, McCoy, and Wood)

(AS OF HOUSE 2ND READING 4/25/09)

Authorizes a fee to regulate nonpoint source pollution from petroleum products and offset the burdens that such nonpoint pollution places on the environment and the waters of the state.

Requires the department of ecology to: (1) Develop criteria for administering the program and ranking projects for funding; and

(2) Endeavor to distribute the moneys within each geographic region of the state in proportion to the severity of impacts on the state's waters from petroleum contamination.

Creates the water pollution account with fees being deposited into the account to be used on activities or capital projects that mitigate or prevent storm water pollution by petroleum products or storm water pollution associated with petroleum products.

HB 1625 by Representatives Green, Conway, Appleton, Seaquist, Pettigrew, Chase, Hasegawa, Wood, Moeller, Hunt, Kessler, and Rolfes

Companion Bill: 5785

Concerning for hire vehicles and for hire vehicle operators.

Finds that taxicab, limousine, and other for hire vehicle operators are at significant risk of injury due to work-related accidents or work-related crimes that may not be covered by standard vehicle insurance policies. Since most taxicab, limousine, and other for hire vehicle business operations are independent small business franchises, their owners or operators may opt out of industrial insurance coverage without full consideration for the risk of financial exposure due to such action. As a result, health care may be provided to them at public expense or not at all, and erroneous claims may be made by health care providers for insurance coverage, against the state department of labor and industries, private businesses, or the taxicab associations in which certain municipalities require participation. For hire vehicle operators do not enjoy the benefit of the broad public policy embodied in Title 51 RCW that mandates industrial insurance protection for workers.

Declares that all taxicab, limousine, and other for hire vehicle businesses, defined in the act as urban transportation business operations, and all for hire vehicle operators are subject to mandatory industrial insurance coverage under Title 51 RCW.

HB 1626 by Representatives Kretz, Blake, Chandler, Warnick, Van De Wege, McCune, Kessler, and Ross

Companion Bill: 5272

Regarding wildlife interactions.

Finds that: (1) Healthy wildlife populations are a valuable and treasured public resource to the people of the state of Washington.

However, as the human population increases, negative interactions between humans and wildlife will become more frequent;

(2) Interactions between humans and wildlife can have significant financial impacts on the affected landowner;

(3) The commercial agriculture, horticulture, and livestock industries are important components of the state economy that can be negatively impacted by interactions with wildlife. However, other landowners, both commercial and residential, may be faced with wildlife interactions that result in property damage;

(4) It is in the best interests of the state for the department of fish and wildlife to respond quickly to wildlife damage complaints and to work with those affected to prevent and minimize negative interactions while maintaining healthy wildlife populations; and

(5) Negative wildlife interactions can be best reduced by encouraging landowners to contribute, through their land management practices, to healthy wildlife populations and to provide access for related recreation.

Declares an intent to provide a solution where all property owners have a potential avenue to petition the state for some mitigation of the damages caused by wildlife.

Provides that the act applies prospectively only and not retroactively. The act applies only to claims that arise on or after July 1, 2010. Claims under chapter 77.36 RCW that arise before July 1, 2010, must be adjudicated under chapter 77.36 RCW as it existed before July 1, 2010.

Expires section 12 of the act on July 30, 2014.

Regarding annual school reporting.

Finds that: (1) Improving student health fosters educational achievement and educational achievement enables student health;

(2) Research shows that rates of illness and premature death are greater for those with fewer years of education;

(3) Students who drop out are more likely to engage in criminal acts and need taxpayer-supported health and social services;

(4) Both academic achievement and health status in Washington vary significantly by income, gender, race, and ethnicity;

(5) Recent investments in medical services for children have great potential to remediate serious and persistent health conditions; and

(6) There is great promise for student health improvement and social-emotional learning in school-based efforts that coordinate school health personnel and programs with community resources through a school health advisory committee and provide community-wide visibility regarding such efforts.

Declares an intent to establish a structure to disclose efforts to improve health and social-emotional learning in Washington schools.

HB 1635 by Representatives Williams, Rolfes, Blake, and Green

Companion Bill: 5486

Requiring a comprehensive lakes management strategic plan.

Finds that: (1) Freshwater lakes are vital to the state's economy and environment, and serve as a source of recreational and scenic enjoyment;

(2) Currently more than two hundred lakes, or twenty-five percent of the publicly accessible lakes within Washington state, have impaired water quality conditions or are at risk for impairment; and

(3) Legislative studies a decade ago identified several programmatic recommendations to strengthen state and local responses to degradation in the health of lakes.

Directs that a comprehensive strategy for lakes protection and restoration be developed, portions of which may be implemented within current authority and funding, and that the strategy further include recommendations for further legislative authorization and funding to achieve a comprehensive statewide lakes protection and restoration program.

Requires the department of ecology to prepare a comprehensive lakes management strategic plan to guide state programs that provide technical and financial assistance to other state agencies, local governments, special purpose districts, and nongovernmental entities for the protection and restoration of the state's freshwater lakes.

HB 1636 by Representatives Chase, Upthegrove, Dickerson, Pedersen, Rolfes, Nelson, and Ormsby

Companion Bill: 5503

Protecting lake water quality by reducing phosphorus from lawn fertilizers.

Finds that: (1) Phosphorus loading of surface waters can stimulate the growth of weeds and algae. This growth can have adverse environmental, health, and aesthetic effects;

(2) Lawn fertilizers contribute to phosphorus loading;

(3) Turf fertilizers containing no or very low amounts of phosphorus are readily available; and

(4) While significant reductions of phosphorus from laundry detergent and dishwashing detergent have been achieved, similar progress in reducing phosphorus contributions from turf fertilizer has not been accomplished.

Declares an intent to significantly limit the use of fertilizers containing the plant nutrient phosphorus.

Prohibits a person, under certain conditions, from applying a fertilizer containing the plant nutrient phosphorus to turf.

Prohibits a person from applying a fertilizer to an impervious surface.

Provides penalties.

HB 1647 by Representatives Driscoll, Morrell, Green, Clibborn, Moeller, Williams, Wood, Simpson, Kenney, and Ormsby

Companion Bill: 5346

Concerning administrative procedures for payors and providers of health care services.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that: (1) The health care system in the nation and in Washington state costs nearly twice as much per capita as other industrialized nations; and

(2) The fragmentation and variation in administrative processes prevalent in our health care system contribute to the high cost of health care, putting it increasingly beyond the reach of small businesses and individuals in Washington.

Declares an intent to: (1) Establish streamlined and uniform procedures for payors and providers of health care services in the state; and

(2) Foster a continuous quality improvement cycle to simplify health care administration.

Directs the department of social and health services, the department of labor and industries, and the health care authority to cooperate with the insurance commissioner and adopt the processes, guidelines, and standards to streamline health care administration pursuant to the act.

Directs the insurance commissioner to designate one or more lead organizations to coordinate development of processes, guidelines, and standards to streamline health care administration and to be adopted by payors and providers of health care services operating in the state.

HB 1648 by Representatives Hope, Liias, O'Brien, Rodne, Haler, Priest, Kelley, Smith, and Morrell

Companion Bill: 5041

Increasing state contracts with veteran-owned businesses.

Recognizes the unique sacrifices made by veterans and the substantial challenges that returning veterans face after a period of military duty away from home. Recognizes further that veterans

who own private businesses may face particular hardships as a direct result of their military service.

Declares an intent to mitigate economic damage to veteran-owned businesses as a result of military service, and to provide opportunities to them in recognition of the outstanding service they have given to their country.

Directs the department of veterans affairs to: (1) Report to the legislature by December 2010 and December of each even-numbered year thereafter outlining the progress made in implementing this act;

(2) Develop a procedure for certifying veteran-owned businesses and maintain a list of veteran-owned businesses on the department's public web site;

(3) Adopt rules necessary to implement this act; and

(4) Collaborate with, and assist agencies in, implementing outreach to veteran-owned businesses.

Directs state agencies to: (1) Perform outreach to veteran-owned businesses in collaboration with the department of veterans affairs to increase opportunities for veteran-owned businesses to sell goods and services to the state;

(2) Keep a record of all procurement contracts awarded to veteran-owned businesses as required by the department; and

(3) Report by October 2010 and October of each even-numbered year thereafter to the department on the progress made.

| Apr 16 | Delivered to Governor. | <hr/> HB 1665 by Representatives Blake, Orcutt, Kretz, Alexander, and Van De Wege Companion Bill: 5690 Assisting small forest landowners to keep their land in active working forestry. Finds that: (1) The total acreage of forest land owned and managed by small forest landowners is diminishing at an alarming rate; (2) The loss of forest land has a direct negative impact on fish, wildlife, water quality, water resources, and the ecology of the state's watersheds and near shore marine environments; (3) Current forest practices regulations have resulted in an unanticipated disproportionate economic impact on small forest landowners; and (4) The forest and fish law, adopted in 1999, envisioned a path by which small forest landowners could satisfy environmental protections by implementing forest practices that differ from the default forest practices rules. Lewis county, together with a nonprofit partner, has developed an alternate approach for the small forest landowners living within its jurisdiction to satisfy the environmental safeguards of the current forest practices rules in a document entitled the "Family Forest Habitat Conservation Plan." This plan details alternate harvest restrictions that are specifically tailored to the unique local geography of Lewis county and are designed to be the equivalent of the environmental protections of the default forest practices rules while providing a lower administrative burden to small forest landowners. Declares an intent to reaffirm the legislature's commitment to assisting small forest landowners to keep their land in active working forestry and to recognize that the alternate harvest restrictions developed by Lewis county in the family forest habitat conservation plan represents the commitment to science and to the protection of aquatic life originally envisioned in alternate harvest restrictions. -- 2009 REGULAR SESSION -- |

HB 1679 by Representatives Simpson, Van De Wege, Ericks, Williams, White, Kelley, Sells, Ross, Hope, and Conway; by request of LEOFF Plan 2 Retirement Board

Companion Bill: 5541

Providing access to catastrophic disability medical insurance under plan 2 of the law enforcement officers' and firefighters' retirement system.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides access to catastrophic disability medical insurance under plan 2 of the law enforcement officers' and firefighters' retirement system (LEOFF).

Provides that the participation of totally disabled members of LEOFF plan 2 in the health insurance plans administered by the health care authority is a benefit of LEOFF plan 2. The increased health benefit costs charged by the health care authority pursuant to RCW 41.05.080(4) to offset the impact on the community-rated risk pool resulting from participation of members of LEOFF plan 2 who are totally disabled in the line of duty, spouses, and dependents shall be charged first to the LEOFF plan 2 fund.

Expires July 1, 2011.

HB 1679-S by House Committee on Ways & Means (originally sponsored by Representatives Simpson, Van De Wege, Ericks, Williams, White, Kelley, Sells, Ross, Hope, and Conway; by request of LEOFF Plan 2 Retirement Board)

Reimbursing medical expenses for certain totally disabled public safety personnel.

(DIGEST AS ENACTED)

Includes reimbursement for payments made for certain medical insurance in the disability allowance of a LEOFF plan 2 member who is totally disabled in the line of duty.

Includes reimbursement for payments of premiums for certain medical insurance in the compensation of a Washington state patrol officer totally disabled during line duty.

HB 1698-S2 by House Committee on Finance (originally sponsored by Representatives Hudgins and McCoy)

Regarding broadband adoption and deployment.

(AS OF HOUSE 2ND READING 3/10/09)

Declares that it is essential the legislature create a broadband programs management structure to ensure development and implementation of statewide broadband strategies, with the ultimate goal of making high-speed internet service more readily available throughout the state, especially in areas with an uptake rate for high-speed internet below the state median.

Authorizes the department of information services to: (1) Continue the work of the high-speed internet strategy work group convened in 2008 by continuing to consult with representatives of telecommunications providers, technology companies, telecommunications unions, health care providers, community technology organizations, higher education, K-12 educators, and other relevant entities to implement high-speed internet deployment and adoption strategies subject to available funding; and

(2) Apply for and receive federal funding for the purposes of creating or supporting broadband adoption and deployment opportunities consistent with section 2 of the act.

Designates the department of information services as the single eligible entity in the state to receive federal funding for purposes of the broadband data improvement act, P.L. 110-385.

Requires the department of information services, subject to the availability of federal or state funding appropriated for this specific purpose, to: (1) Track residential, nonprofit organization, and business adoption of high-speed internet, computers, and related information technology through publicly available sources; and

(2) Work with communities to identify barriers to the adoption of broadband services and related information technology services by individuals, nonprofit organizations, and businesses.

HB 1716 by Representatives Miloscia, Appleton, Morrell, Moeller, and Conway

Providing living wages on public contracts.

Finds that: (1) The state annually awards contracts to private contractors and vendors. Such expenditures should be spent in a manner that promotes the creation of jobs that allow residents to support themselves and their families with dignity;

(2) The present federal and state minimum wages generate income at a level below the amount required to support a family at a basic level;

(3) Jobs that do not pay living wages result in families who have greater need of social services provided by the state and paid for by state taxpayers; and

(4) The payment of adequate wages to workers employed by private contractors and vendors that contract with the state will promote stability and reduced turnover, resulting in a higher quality of service.

Requires all contractors and subcontractors covered under the act to pay employees performing work under contracts or subcontracts a living wage no less than nine dollars and seventy cents per hour if health benefits are paid for in whole or in substantial part by the employer, or eleven dollars and fifty-five cents per hour if health benefits are not so provided.

HB 1747 by Representatives Rolfes, Chase, Upthegrove, Hasegawa, Eddy, Liias, Ormsby, Pedersen, Dunshee, McCoy, Morris, Carlyle, Dickerson, Hudgins, Moeller, Sells, Kenney, White, and Nelson

Reducing climate pollution in the built environment.

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that: (1) Buildings have a lifespan of fifty to one hundred years during which they continually consume energy and produce carbon dioxide emissions. Existing homes, commercial buildings, and public institutions consume seventy percent of the electricity load in Washington state and account for more than thirty percent of the state's carbon dioxide emissions;

(2) Energy use in buildings is responsible for more than thirty percent of Washington's global-warming emissions;

(3) Making Washington homes and businesses more energy efficient reduces the load on our electricity grid;

(4) The Washington state energy code is updated every three years and reductions in energy use can be achieved by strengthening building codes for new buildings and major retrofits;

(5) Funding for the state building code, responsible for developing, evaluating, monitoring, and adopting fire, safety, public health, and energy codes, is limited to building permit fees of four dollars and fifty cents per permit collected by local governments. The building permit fee has not changed in twenty-seven years;

(6) Facilitating a benchmarking system that provides energy performance information for existing commercial and public buildings in the state would enable building owners and operators

to better manage energy use and costs associated with those buildings;

(7) Up-front financing for energy efficiency improvements can be a barrier to investments in energy efficiency upgrades and needs to be addressed to rapidly increase energy efficiency, to reduce energy use, and to meet our state's climate goals;

(8) Low-income households pay a higher percentage of their income on energy bills than other households. Policies and programs should focus on increasing home weatherization and energy-conserving services to reduce energy bills; and

(9) According to the American council for an energy-efficient economy, improving buildings' energy efficiency by twenty percent by 2030 could create an estimated eight hundred thousand net jobs nationwide, and by thirty percent could create up to one million three hundred thousand net jobs.

Requires the department of community, trade, and economic development to develop and implement a strategic plan for enhancing energy efficiency in and reducing greenhouse gas emissions from homes, building, districts, and neighborhoods.

Directs the department of community, trade, and economic development and the state building code council to convene a work group to inform the initial development of the strategic plan.

Requires the state energy code to accelerate construction of increasingly energy efficient homes and buildings that help achieve the broader goal of building zero fossil-fuel greenhouse gas emission homes and buildings by the year 2031.

Requires the state building code council to adopt state energy codes that require homes and buildings constructed from 2016 through 2031 to meet certain energy efficiency targets, using the adopted 2006 Washington state energy code as a baseline.

HB 1747-S by House Committee on Technology, Energy & Communications (originally sponsored by Representatives Rolfes, Chase, Upthegrove, Hasegawa, Eddy, Liias, Ormsby, Pedersen, Dunshee, McCoy, Morris, Carlyle, Dickerson, Hudgins, Moeller, Sells, Kenney, White, and Nelson)

(SUBSTITUTED FOR - SEE 2ND SUB)

Requires the department of community, trade, and economic development to develop and implement a strategic plan for enhancing energy efficiency in and reducing greenhouse gas emissions from homes, building, districts, and neighborhoods.

Directs the department of community, trade, and economic development and the state building code council to convene a work group to inform the initial development of the strategic plan.

Requires the state energy code to accelerate construction of increasingly energy efficient homes and buildings that help achieve the broader goal of building zero fossil-fuel greenhouse gas emission homes and buildings by the year 2031.

Requires the state building code council to adopt state energy codes that require homes and buildings constructed from 2016 through 2031 to meet certain energy efficiency targets, using the adopted 2006 Washington state energy code as a baseline.

Requires qualifying utilities to maintain records of the energy consumption data of all nonresidential and qualifying public agency buildings to which they provide service.

Requires the department of community, trade, and economic development to recommend to the legislature a methodology to determine an energy performance score for residential buildings and an implementation strategy to use such information to improve the energy efficiency of the state's existing housing supply.

HB 1747-S2 by House Committee on Ways & Means (originally sponsored by Representatives Rolfes, Chase, Upthegrove, Hasegawa, Eddy, Liias, Ormsby, Pedersen, Dunshee, McCoy, Morris, Carlyle, Dickerson, Hudgins, Moeller, Sells, Kenney, White, and Nelson)

(AS OF HOUSE 2ND READING 3/09/09)

Requires the department of community, trade, and economic development to develop and implement a strategic plan for enhancing energy efficiency in and reducing greenhouse gas emissions from homes, building, districts, and neighborhoods.

Directs the department of community, trade, and economic development and the state building code council to convene a work group to inform the initial development of the strategic plan.

Requires the state energy code to be designed to construct increasingly energy efficient homes and buildings that help achieve the broader goal of building zero fossil-fuel greenhouse gas emission homes and buildings by the year 2031.

Requires the state building code council to: (1) Evaluate and consider adoption of the international energy conservation code in this state in place of the existing state energy code; and

(2) Adopt state energy codes from 2013 through 2031 that incrementally move towards achieving seventy percent reduction in annual net energy consumption.

Requires qualifying utilities to: (1) Maintain records of the energy consumption data of all nonresidential and qualifying public agency buildings to which they provide service;

(2) Create an energy benchmark for each reporting public facility using a portfolio manager;

(3) Report to the department of general administration, the environmental protection agency national energy performance rating for each reporting public facility included in the technical requirements for this rating; and

(4) Link all portfolio manager accounts to the state portfolio manager master account to facilitate public reporting.

Requires the department of community, trade, and economic development to recommend to the legislature a methodology to determine an energy performance score for residential buildings and an implementation strategy to use such information to improve the energy efficiency of the state's existing housing supply.

Requires the department of general administration to: (1) Establish a state portfolio manager master account;

(2) Select a standardized portfolio manager report for reporting public facilities;

(3) In collaboration with the United States environmental protection agency, make the standard report of each reporting public facility available to the public through the portfolio manager web site;

(4) Develop a technical assistance program to facilitate the implementation of a preliminary audit and the investment grade energy audit and design the program to utilize audit services provided by utilities or energy services contracting companies when possible;

(5) In consultation with the affected state agencies and the office of financial management, review the cost and delivery of agency programs to determine the viability of relocation when a facility leased by the state has a national energy performance rating score below fifty; and

(6) Conduct a review of facilities not covered by the national energy performance rating, and based on this review, develop a portfolio of additional facilities that require preliminary energy audits.

HB 1756 by Representatives Kelley, Seaquist, Green, Morrell, and Conway

Creating a military improvement zone program.

Requires the department of community, trade, and economic development to: (1) Conduct a military improvement zone pilot program to authorize and promote financing tools that encourage the development of high-quality infrastructure and affordable housing in the areas nearest to federal military bases and to determine the effectiveness of the program in increasing the

development of high-quality infrastructure and additional affordable housing in improvement zones;

(2) Develop operational guidelines and criteria for the pilot program;

(3) Provide technical assistance to counties and cities participating in the pilot program; and

(4) Provide grants to counties and cities participating in the pilot program, subject to funding for this specific purpose.

Provides that, subject to certain requirements, twenty-five percent of the estimated sales and use taxes collected on the sale or use of tangible personal property and labor and services used in the construction of affordable housing projects in military improvement zones, less any credits allowed for local governments, must be deposited in the military improvement zone account.

Creates the military improvement zone account.

- (DIGEST AS ENACTED)
Modernizes certain provisions in Title 77 RCW regarding fish and wildlife.
- VETO MESSAGE ON SHB 1778
May 5, 2009
To the Honorable Speaker and Members,
The House of Representatives of the State of Washington
Ladies and Gentlemen:
I have approved, except for Section 53, Substitute House Bill 1778 entitled:
"AN ACT Relating to modernizing certain provisions in Title 77 RCW regarding fish and wildlife."
Section 53 provides the legislative intent and findings for the wildlife interactions portion of this bill. I am concerned that this section of the bill is overly broad and may lead to unintended consequences regarding expectations of the wildlife interaction program modified by this act. I do not believe that vetoing this section will in any way hinder the implementation of this program.
For these reasons, I have vetoed Section 53 of Substitute House Bill 1778. With the exception of Section 53, Substitute House Bill 1778 is approved.
Respectfully submitted,
Christine Gregoire
Governor

HB 1796 by Representatives Goodman, Green, and Ormsby

Addressing drug-related overdose prevention and treatment.

(SEE ALSO PROPOSED 2ND SUB)

Addresses drug-related overdose prevention and treatment.

HB 1796-S by House Committee on Public Safety & Emergency Preparedness (originally sponsored by Representatives Goodman, Green, and Ormsby)

(SEE ALSO PROPOSED 2ND SUB)

Declares an intent to save lives by increasing timely medical attention to overdose victims through the establishment of limited immunity from prosecution for people who seek medical assistance in an overdose situation. Many overdose fatalities occur because peers delay or forego calling 911 for fear of arrest or police involvement, which researchers continually identify as the most significant barrier to the ideal first response of calling emergency services.

HB 1796-S2 by House Committee on Public Safety & Emergency Preparedness (originally sponsored by Representatives Goodman, Green, and Ormsby)

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Provides limited immunity from prosecution to a person who seeks medical assistance in a drug overdose situation.

Allows a person to receive a naloxone prescription, to possess naloxone, and to administer naloxone to a person suffering from an apparent opiate-related overdose.

HB 1797 by Representatives White, Priest, Springer, Anderson, Miloscia, Nelson, McCoy, Rodne, Simpson, and Sullivan

Examining rural and resource lands.

(SUBSTITUTED FOR - SEE 2ND SUB)

Declares an intent to provide for an examination of the environmental, economic, and social consequences of current and expected patterns of growth in rural and resource lands, and to secure a common understanding of associated factors. The legislature intends for this examination to result in a widely accepted strategy for identifying how best to maintain the character of rural and resource lands in ways that: (1) Support the goals of the growth management act and the Puget Sound regional council's vision 2040, goals and objectives that direct growth into existing cities and towns;

- (2) Respect landowner rights, values, and concerns;
- (3) Assist in maintaining forest and farmlands; and
- (4) Support Puget Sound restoration activities.

Requires the William D. Ruckelshaus center, subject to funding for this purpose, to conduct an examination of policies guiding the maintenance of rural character and resource lands in Washington.

Creates the rural and resource lands study account.

HB 1797-S by House Committee on Local Government & Housing (originally sponsored by Representatives White, Priest, Springer, Anderson, Miloscia, Nelson, McCoy, Rodne, Simpson, and Sullivan)

- (2) Respect landowner rights, values, and concerns;
- (3) Assist in maintaining forest and farmlands and their associated employment; and
- (4) Support Puget Sound restoration activities.

Requires the William D. Ruckelshaus center, subject to the availability of amounts for this specific purpose and in partnership with the Puget Sound regional council, to conduct an examination of trends affecting and policies guiding the maintenance of rural and resource lands in Washington.

Creates the rural and resource lands study account.

HB 1797-S2 by House Committee on General Government Appropriations (originally sponsored by Representatives White, Priest, Springer, Anderson, Miloscia, Nelson, McCoy, Rodne, Simpson, and Sullivan)

(AS OF HOUSE 2ND READING 3/11/09)

Requires the William D. Ruckelshaus center, subject to the availability of amounts for this specific purpose and in partnership with the Puget Sound regional council, to: (1) Conduct an examination of trends affecting and policies guiding the maintenance of rural and resource lands in Washington;

- (2) Conduct fact-finding and stakeholder discussions with certain participants;
- (3) Issue two reports of its fact-finding efforts and stakeholder discussions to the governor and the appropriate committees of the house of representatives and the senate;
- (4) Facilitate discussions between the stakeholders for the purposes of identifying options and recommendations for addressing expected growth in a manner that maintains rural character and conserves forest, farm, and natural areas; and
- (5) Achieve agreement among participating stakeholders and develop a coalition that can be used to support agreed upon changes or new approaches.

Creates the rural and resource lands study account and declares that the legislature intends for the account to be populated exclusively with nongeneral fund moneys.

HB 1813 by Representatives Hunt, Probst, Priest, Sullivan,

Liias, Quall, Carlyle, Kelley, Santos, and Ormsby

Companion Bill: 5449

Regarding establishing and meeting graduation and reengagement goals.

(SEE ALSO PROPOSED 1ST SUB)

Declares it is the goal of the state that by 2020: (1) Ninety-five percent of students must graduate from high school in four years; and

(2) Sixty percent of youth who have dropped out of school must be reengaged in education and be college and work ready.

Directs the office of the superintendent of public instruction to establish a state-level building bridges advisory committee.

Requires the state board of education to: (1) Establish annual graduation rate targets for schools and school districts in order to meet the graduation rate goal;

(2) Establish annual targets for youth who have dropped out of school in order to meet the reengagement goal; and

(3) In consultation with the office of the superintendent of public instruction and the building bridges advisory committee, make recommendations to the legislature on a focused assistance program and incentives for school districts to improve their high school graduation rate.

Directs the workforce training and education coordinating board to provide advice to the building bridges advisory committee on how best to reengage older youth who have dropped out of school and help them become college and work ready.

Requires the workforce training and education coordinating board, the state board for community and technical colleges, the employment security department, the department of community, trade, and economic development, the department of health, the department of social and health services, and the family policy council to collaborate with other state agencies and organizations to meet state graduation rate goals and help reduce the dropout rate, in accordance with the act.

HB 1817 by Representatives Hunt, Cox, Appleton, Conway, Dunshee, Green, Moeller, Williams, Chase, and Quall

Attaining a world class K-12 educational system.

Declares that the purpose of the act is to establish a new funding system for the state's public schools. Over the next six years the state will provide adequate resources for school districts to maintain educational programs that give all students the opportunity to meet the state's educational standards. The new system will be more transparent and will allow greater flexibility to districts to determine which educational programs best meet the needs of their students. Districts will have more flexibility in spending state funds but will be held accountable to meet designated performance outcomes for all of their students. School districts and schools that do not meet designated performance outcomes will receive progressive levels of support and assistance with less flexibility as they work to improve their student outcomes.

Creates the permanent commission for quality education in Washington to oversee the new system and make recommendations to the legislature each year on the funding needed to meet the state's definition of basic education and to review and update the definition of basic education as needed.

Directs the office of the superintendent of public instruction to provide staff and maintain web pages for the commission.

Creates the full funding of basic education account.

(SEE ALSO PROPOSED 2ND SUB)

Finds that Washington should maintain its leadership on climate change policy by implementing a cap on carbon emissions and developing strategies to achieve those reductions, including continuing Washington's participation in the design of a regional cap-and-trade program with the western climate initiative.

Requires the forecasting office of the office of financial management, in consultation with members of the governor's council of economic advisors, to initiate an independent economic analysis of the impact to Washington consumers, businesses, and citizens if Washington entered into a regional or federal cap-and-trade program.

Requires the director of the department of ecology to convene a market design work group.

Requires the department of ecology, in consultation with the forest practices board, the department of natural resources, and the forest carbon working group to: (1) Develop and deliver to the legislature by December 31, 2010, legislation to implement a financial incentives program for forestry and forest products that will recognize certain activities; and

(2) Develop recommendations for the state's policy for forestry offset projects within Washington.

Requires the department of ecology, in consultation with Washington State University and the Washington state department of agriculture to reestablish the agriculture carbon working group to develop recommendations for agricultural offset projects within Washington.

Requires the department of ecology to consult with tribal governments upon request on any elements of a cap-and-trade program that may impact tribal governments, such as their voluntary development of offset projects.

HB 1820 by Representatives Moeller, Pedersen, Dickerson, Nelson, Darneille, and Ormsby

Concerning public health financing.

Declares an intent to help provide local health jurisdictions with a more stable dedicated funding system by authorizing local option revenue sources and creating a single account through which all state funding for public health will be distributed. Further intends that local health jurisdictions receiving state funds be held accountable for the use of those funds based on the minimum standards of public health protection in the state's public health improvement plan.

Requires the secretary of the department of health to: (1) Establish a review process for determining whether a local health jurisdiction is in substantial compliance with the minimum standards for public health protection established under RCW 43.70.520 (public health services improvement plan--performance measures); and

(2) Notify the state treasurer when the secretary finds that a local health jurisdiction is out of substantial compliance established under RCW 43.70.520.

Requires the state treasurer, upon notification, to suspend any distributions made to the jurisdiction until the secretary of the department of health sends notice that the jurisdiction is back in substantial compliance.

Establishes the Washington state center for childhood deafness and hearing loss to provide statewide leadership for the coordination and delivery of educational services to children who are deaf or hard of hearing.

Abolishes the state school for the deaf and transfers its powers, duties, and functions to the Washington state center for childhood deafness and hearing loss.

Requires the director of the Washington state center for childhood deafness and hearing loss to convene an advisory panel for the purpose of implementing in two educational service districts a structured program for delivering education services to children who are deaf and hearing impaired. The panel shall jointly select and consult with two educational service districts as the demonstration sites, one of which shall be in eastern Washington. The advisory panel expires January 1, 2010.

HB 1879-S2 by House Committee on Education Appropriations (originally sponsored by Representatives Jacks, Kagi, Moeller, Orcutt, Wallace, Appleton, and Kenney)

(DIGEST AS ENACTED)

Establishes the Washington state center for childhood deafness and hearing loss to provide statewide leadership for the coordination and delivery of educational services to children who are deaf or hard of hearing.

Abolishes the state school for the deaf and transfers its powers, duties, and functions to the Washington state center for childhood deafness and hearing loss.

Requires the board of trustees and the director of the center for childhood deafness and hearing loss to: (1) Implement a process for gathering information from stakeholders to examine service availability and gaps and to identify service delivery options, resources, and policy changes for the implementation and operation of two demonstration sites for regional programs serving children who are deaf or hard of hearing; and

(2) Develop a structure and plan for implementing regional education programs at the demonstration sites. These requirements expire on January 1, 2011.

HB 1880 by Representatives Armstrong, Hunt, Appleton, Alexander, and Nelson

Concerning ballot envelopes.

(DIGEST AS ENACTED)

Modifies provisions regarding ballot envelopes.

VETO MESSAGE ON HB 1880

March 19, 2010

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2, House Bill 1880 entitled:

"AN ACT Relating to ballot envelopes."

This bill provides that county auditors may, but are no longer required to, provide return ballot envelopes that have a privacy flap to cover the voter's signature and optional telephone number. There is no emergent need for the bill to become effective immediately, and therefore the emergency clause in Section 2 of this bill is unnecessary.

For this reason, I have vetoed Section 2 of House Bill 1880.

With the exception of Section 2, House Bill 1880 is approved.

Respectfully submitted,
Christine Gregoire
Governor

HB 1946 by Representatives Carlyle, Anderson, Wallace, Angel, White, Schmick, Hasegawa, Goodman, Sullivan, Haigh, Hudgins, Kenney, and Maxwell

Regarding higher education online technology.

(SUBSTITUTED FOR - SEE 2ND SUB)

Declares an intent to study and implement the legislature's findings regarding how the state's public institutions of higher education can share core resources in instructional, including library, resources, student services, and administrative information technology resources, user help desk services, faculty professional development, and more. The study will examine how public institutions of higher education can pursue a strategy of implementing single, shared, statewide commonly needed standards-based software, web hosting and support service solutions that are cost-effective, easily integrated, user-friendly, flexible, and constantly improving.

Requires all institutions of higher education to use common online learning technologies including existing learning management and web conferencing systems currently managed and governed by the state board for community and technical colleges and to share professional development materials and activities related to effective use of these tools.

Requires the K-20 educational network board to convene a higher education technology transformation task force to improve the efficiency, effectiveness, and quality of education relative to the strategic and operational use of technology in public education.

HB 1946-S by House Committee on Higher Education (originally sponsored by Representatives Carlyle, Anderson, Wallace, Angel, White, Schmick, Hasegawa, Goodman, Sullivan, Haigh, Hudgins, Kenney, and Maxwell)

(SUBSTITUTED FOR - SEE 2ND SUB)

Declares an intent to study and implement the legislature's findings regarding how the state's public institutions of higher education can share core resources in instructional, including library, resources, student services, and administrative information technology resources, user help desk services, faculty professional development, and more. The study will examine how public institutions of higher education can pursue a strategy of implementing single, shared, statewide commonly needed standards-based software, web hosting and support service solutions that are cost-effective, easily integrated, user-friendly, flexible, and constantly improving.

Encourages all institutions of higher education to use common online learning technologies including existing learning management and web conferencing systems currently managed and governed by the state board for community and technical colleges and to share professional development materials and activities related to effective use of these tools.

Requires the higher education coordinating board to: (1) Convene a higher education technology transformation task force to improve the efficiency, effectiveness, and quality of education relative to the strategic and operational use of technology in public education; and

(2) Subject to funds for this specific purpose, engage an independent expert to conduct an independent technical analysis of the findings of the comprehensive technology audits outlined in section 3 (4)(e) of the act.

HB 1946-S2 by House Committee on Education Appropriations (originally sponsored by Representatives Carlyle, Anderson, Wallace, Angel, White, Schmick, Hasegawa, Goodman, Sullivan, Haigh, Hudgins, Kenney, and Maxwell)

(DIGEST AS ENACTED)

Encourages all institutions of higher education to use common online learning technologies including existing learning management and web conferencing systems currently managed and governed by the state board for community and technical colleges and to share professional development materials and activities related to effective use of these tools.

Authorizes the state board for community and technical colleges to adjust existing vendor licenses to accommodate and provide enterprise services for any interested institution of higher education.

Requires the higher education coordinating board to: (1) Convene a higher education technology transformation task force to improve the efficiency, effectiveness, and quality of education relative to the strategic and operational use of technology in public education; and

(2) Subject to funds for this specific purpose, engage an independent expert to conduct an independent technical analysis of the findings of the comprehensive technology audits outlined in section 3 (4)(e) of the act.

Provides that the act is null and void if appropriations are not approved.

HB 1976 by Representative Santos

Redesigning the statewide student assessment system.

Finds that: (1) A statewide student assessment system should improve and inform classroom instruction, support accountability, and provide useful information to all levels of the educational system;

(2) Components of the assessment system should: (a) be instructionally supportive formative assessments, (b) be a state-administered summative achievement assessment that can be used as a check on the educational system in order to guide state expectations for the instruction of children and satisfy legislative demands for accountability, and (c) include classroom-based assessments, which may be formative, summative, or both;

(3) To sustain a strong and viable assessment system, preservice and ongoing training should be provided for teachers and administrators on the effective use of different types of assessments; and

(4) As the statewide data system is developed, data should be collected for all state-required statewide assessments to be used for accountability and to monitor overall student achievement.

Declares an intent to redesign the current statewide system, in accordance with the recommendations of the Washington assessment of student learning legislative work group.

Requires the superintendent of public instruction, in consultation with the state board of education, to begin design and development of an overall assessment system that meets the principles and characteristics described in section 1 of the act.

Companion Bill: 5458

Concerning economic stimulus transportation funding and appropriations.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares it is the intent of the governor and the legislature to stimulate Washington's lagging economy and reduce the state's unemployment rate by quickly putting people to work on infrastructure projects that will promote safety, relieve traffic congestion, and make long-term investments that will provide benefits into the future.

Adopts the economic stimulus transportation budget.

HB 1978-S by House Committee on Transportation (originally sponsored by Representatives Clibborn, Liias, and White; by request of Office of Financial Management)

(DIGEST AS ENACTED)

Finds that: (1) President Barack Obama and the 111th Congress have enacted the American Recovery and Reinvestment Act of 2009 in an effort to stimulate the American economy, create and save jobs, and speed recovery from one of the deepest economic recessions in recent history. The act includes 492 million dollars in federal transportation funding for Washington state and local highway projects and 179 million dollars for local transit agency improvement projects;

(2) The act includes over 11 billion dollars in new funding for competitive national grant programs for highways of regional significance, ferries, and rail priorities;

(3) Washington state is well positioned to deliver infrastructure projects in one hundred twenty days, as is required for at least half of the state's share of federal stimulus highway funds, and expects to receive additional funds that other states are unable to use in this time frame; and

(4) The state's work to date on projects funded through the "nickel" and "transportation partnership" funding acts means that many regionally significant projects are poised to compete well for nationally available funds.

Declares an intent to revitalize Washington's economy and reduce the state's unemployment rate by quickly putting people to work around the state on projects that promote safety, relieve traffic congestion, and preserve long-term investments that will provide benefits into the future. Such projects will be constructed quickly and will generate a significant number of jobs, thereby strengthening Washington's economy and its families seeking work.

Concerning state funding for local projects.

(SUBSTITUTED FOR - SEE 1ST SUB)

Modifies provisions regarding state funding for local projects.

HB 2010-S by House Committee on Capital Budget (originally sponsored by Representatives Dunshee and Nelson)

(AS OF HOUSE 2ND READING 3/09/09)

Declares that it is the intent of the legislature that state funded capital projects create a net gain in economic activity, limit land use patterns that contribute to the production of greenhouse gases, and result in certain benefits to communities and the business environment.

Requires the public works board, in awarding loans, to consider whether the local government has adopted policies to reduce greenhouse gas emissions that at least include policies consistent with certain requirements.

Requires the community economic revitalization board to: (1) In awarding loans and grants, consider whether the applicant has adopted policies to reduce greenhouse gas emissions that at least include policies consistent with certain requirements; and

(2) As part of the approval process, consider whether the sponsoring local government has adopted policies to reduce greenhouse gas emissions that at least include policies consistent with certain requirements.

Requires the transportation improvement board, under certain conditions, to consider the land use implications of a project, such as whether the programs and projects are located in jurisdictions that have adopted policies to reduce greenhouse gas emissions that at least include policies consistent with certain requirements.

VETO MESSAGE ON 2SHB 2016

March 25, 2010

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 309, 412 and 415 Second Substitute House Bill 2016 entitled:

"AN ACT Relating to campaign contribution and disclosure laws."

This bill reorganizes and recodifies chapter 42.17 RCW, provides for the listing of the controlling entity on independent expenditures if the sponsor is a political committee, and allows bona fide political parties to use exempt funds for independent expenditures and electioneering communications.

Two bills delivered to me by the Legislature amend the same sections of existing laws in inconsistent ways. Section 309 (amending RCW 42.17.450), Section 412 (amending RCW 42.17.100), and Section 415 (amending RCW 42.17.550) amend the same sections of existing law that are amended or repealed in Senate Bill 6243 which will be signed today. These sections are technical changes with clarifying language which can be vetoed without affecting the policy changes in Second Substitute House Bill 2016.

For these reasons, I have vetoed Sections 309, 412 and 415 of Second Substitute House Bill 2016.

With the exception of Sections 309, 412 and 415, Second Substitute House Bill 2016 is approved.

Respectfully submitted,
Christine Gregoire
Governor

Revitalizing student financial aid.

(SUBSTITUTED FOR - SEE 2ND SUB)

Declares that it is the intent of the legislature: (1) To promote and expand access to state financial aid programs by determining which programs provide the greatest value to the largest number of students, and by fully supporting those programs;

(2) To designate all existing financial aid an opportunity grant, with the effect of providing students with a clear understanding of available resources to pay for postsecondary education, thereby increasing access to postsecondary education and meeting the needs of local business and industry;

(3) That the higher education coordinating board and institutions of higher education coordinate the development of outreach tools, such as a web-based portal for information on all opportunity grant aid programs;

(4) For institutions of higher education to incorporate this information in promotional materials to prospective and current students and their families;

(5) To consolidate the educational opportunity grant program over a period of two years;

(6) To change eligibility requirements of the Washington scholars program;

(7) To redirect any cost savings gained through changes in eligibility criteria to the Washington scholars program to the state work-study program; and

(8) To phase out the Washington award for vocational excellence program over a period of two years from August 1, 2009.

(DIGEST AS ENACTED)

Requires institutions of higher education and the higher education coordinating board to label all forms of student financial assistance as an opportunity pathway.

Phases out the educational opportunity grant over a two-year period.

Creates a new grant, subject to appropriations, within the state need grant program, that provides grants for placebound students who have earned an associate degree.

Restricts eligibility for the state work study program.

Creates a competitive grant process within the state work study program to encourage more placements in high-demand fields.

Creates the Washington higher education loan program to assist students in need of additional low-cost student loans and related loan benefits.

Allows institutions of higher education to use institutional aid money for students enrolled in dual credit programs.

VETO MESSAGE ON E2SHB 2021

April 25, 2009

To the Honorable Speaker and Members,

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 11, Engrossed Second Substitute House Bill 2021 entitled:

"AN ACT Relating to revitalizing student financial aid."

Section 11 duplicates changes to the State Work-Study Program made in Substitute Senate Bill 5044 which I signed on April 22, 2009. I agree with the policy, but as the other bill amends the same statute in the same way, there is no need for this section.

For this reason, I have vetoed Section 11 of Engrossed Second Substitute House Bill 2021.

With the exception of Section 11, Engrossed Second Substitute House Bill number 2021 is approved.

Respectfully submitted,

HB 2029 by Representatives Ericks, Morris, McCoy, Ormsby, Hudgins, Hunt, Takko, Springer, Van De Wege, Conway, Eddy, Hasegawa, Finn, Dunshee, Haigh, Kenney, Kessler, Morrell, and Goodman

Concerning enhanced 911 emergency communications service.

(SEE ALSO PROPOSED 2ND SUB)

Finds that: (1) Statewide enhanced 911 has proven to be a lifesaving service;

(2) Routing a 911 call to the appropriate public safety answering point with a display of the caller's identification and location should be available for all users of telecommunications or communications services, regardless of the technology used to make and transmit the 911 voice or data call; and

(3) It is in the best public interest to ensure that there is adequate funding to support ongoing modernization of enhanced 911 service.

Requires each county, singly or in combination with adjacent counties, to implement countywide or multicounty-wide enhanced 911 emergency communications service so that enhanced 911 is available throughout the state.

Establishes a state enhanced 911 coordination office, headed by the state enhanced 911 coordinator, in the emergency management division of the state military department.

Creates the enhanced 911 advisory committee to advise and assist the state enhanced 911 coordinator in coordinating and facilitating the implementation and operation of enhanced 911 emergency communications service throughout the state.

Creates the enhanced 911 account.

Finds that: (1) The state and counties should be provided with an additional revenue source to fund enhanced 911 emergency communications service throughout the state on a multicounty or countywide basis; and

(2) The most efficient and appropriate method of deriving additional revenue for this purpose is to impose a 911 service fee on wireline, wireless, internet protocol-enabled voice, and other communications devices capable of transmitting voice or data to 911.

Imposes a tiered county enhanced 911 service fee on the use of certain telecommunications and communications services.

Imposes a state enhanced 911 service fee on certain telecommunications and communications services.

Repeals RCW 38.52.500 through 38.52.561 relating to statewide enhanced 911 service.

Repeals chapter 82.14B (counties--tax on telephone access line use).

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Finds that: (1) The state and counties should be provided with an additional revenue source to fund enhanced 911 emergency communication systems throughout the state on a multicounty, countywide, or district-wide basis; and

(2) The most efficient and appropriate method of deriving additional revenue for this purpose is to charge a service fee on the use of switched access lines, radio access lines, and interconnected voice over internet protocol service lines.

Removes state and county enhanced 911 excise tax provisions.

Creates a state and county enhanced 911 service fee.

Creates the county enhanced 911 service fee account and provides that expenditures from the account may be used only for distribution to counties imposing the enhanced 911 service fee.

HB 2031 by Representatives O'Brien, Appleton, and Chase
Companion Bill: 5393

Establishing the emergency management, preparedness, and assistance account.

Finds that: (1) Recent events have demonstrated the need for a coordinated, comprehensive all-hazards disaster planning effort;

(2) Washington ranks fifteenth in the nation for federally declared disasters with fourteen disasters in the last ten years; and

(3) The economic impact from just the 2007 disasters alone is estimated at over five hundred million dollars. In response, Washington state and its local governments have implemented all-hazards emergency management and disaster response plans. However, recent studies have revealed the lack of a secure funding source impedes our ability statewide from fully integrating and coordinating comprehensive disaster preparedness planning.

Declares an intent to strengthen state and local emergency response, mitigation, preparation, and coordination by establishing a stable source of funding. The funding will be dedicated to the development and coordination of state and local government emergency management programs to a recognized baseline standard. The baseline will be determined by a gap analysis of state and local emergency management programs.

Creates the emergency management, preparedness, and assistance account.

Imposes an annual surcharge of one and one-third percent per policy on every homeowner's, mobile homeowner's, manufactured homeowner's, tenant homeowner's, and condominium unit owner's insurance policy, and commercial fire, commercial multiple peril, and business owner's property insurance policy, issued or renewed on or after the effective date of section 3 of the act.

Directs the Washington military department to administer the emergency management, preparedness, and assistance account and to establish rules for its administration in consultation with the emergency management council and the Washington state emergency management association.

Directs the emergency management council to accomplish a baseline assessment of all emergency management programs that receive federal emergency management performance grant funds within six months after the effective date of section 5 of the act.

Requires the joint legislative audit and review committee to study and review the performance of the programs implemented under the act.

HB 2041 by Representatives Finn, Cox, Haigh, Priest, Hunt, Sullivan, Van De Wege, Ormsby, and Goodman; by request of Superintendent of Public Instruction

Companion Bill: 5914

Concerning student transportation funding.

Finds that: (1) The current student transportation funding formula is outdated and does not adequately address the costs incurred by school districts in transporting students; and

(2) An appropriate new formula based on reliable data from a uniform reporting system used by all districts, providing incentives for efficient use of state resources, and maintaining local school district control over operational decisions within the transportation program has been developed under a contract with the office of financial management.

Declares an intent to respond to the findings of the 2006 pupil transportation funding study by the joint legislative audit and review committee by providing additional payments to districts to mitigate funding discrepancies identified by the study, until such time as the new funding formula can be implemented in a thoughtful and deliberative manner no later than the 2011-12 school year.

Requires the superintendent of public instruction to: (1) Ensure that the allocation formula results in adequate appropriation for low enrollment districts, nonhigh districts, districts involved in cooperative transportation agreements, and cooperative special transportation services operated by educational service districts;

(2) Encourage efficient use of state resources by providing a linear programming process that compares school district transportation operations; and

(3) Implement the new distribution formula for allocating state funds to school districts for transportation of students to and from school, beginning with the 2011-12 school year.

VETO MESSAGE ON SHB 2071

April 13, 2009

To the Honorable Speaker and Members,
 The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Substitute House Bill 2071 entitled:

"AN ACT Relating to increasing the earning potential of parents of needy families."

I am vetoing the intent section, Section 1 of the bill, because it is broader than the substantive language in the bill. The substantive language of the bill was changed during the legislative process and the language of Section 1 reflects the content of the original bill, rather than the substitute. The intent section could cause unintended consequences and might result in increased liability for the state. Vetoing the intent section does not impede implementation of the bill.

For these reasons, I have vetoed Section 1 of Substitute House Bill 2071.

With the exception of Section 1, Substitute House Bill 2071 is approved.

Respectfully submitted,
 Christine Gregoire
 Governor

HB 2072 by Representatives Wallace, Clibborn, and Wood
Concerning transportation for persons with special transportation needs.

(SUBSTITUTED FOR - SEE 1ST SUB)

Advances effective transportation for persons with special transportation needs by establishing a system of statewide oversight that seeks input, collaboration, and cooperation from and among all local service providers, including public agencies, private organizations, and community-based groups.

Creates a local coordinating coalition in each nonemergency medical transportation brokerage region designated by the department of social and health services to advance local efforts to coordinate and maximize efficiencies in special needs transportation programs and services, contributing to the overall objectives and goals of the agency council on coordinated transportation.

Directs the department of social and health services and the department of transportation to jointly implement or develop and implement two pilot projects to promote coordination of public transit and medicaid services, and to keep the agency council on coordinated transportation informed of progress made toward implementing the pilot projects.

HB 2072-S by House Committee on Transportation (originally sponsored by Representatives Wallace, Clibborn, and Wood)

(DIGEST AS ENACTED)

Modifies the purposes, duties, and composition of the agency council on coordinated transportation.

Requires the agency council on coordinated transportation to appoint a work group for the purpose of identifying relevant federal requirements related to special needs transportation, and identifying solutions to streamline the requirements and increase efficiencies in transportation services provided for persons with special transportation needs.

Creates a local coordinating coalition in each nonemergency medical transportation brokerage region, as designated by the department of social and health services, that encompasses certain counties. The purpose of a local coordinating coalition is to advance local efforts to coordinate and maximize efficiencies in special needs transportation programs and services, contributing to the overall objectives and goals of the agency council on coordinated transportation.

Requires the office of the superintendent of public instruction to establish a uniform process designed to track the additional expenditures for transporting homeless students.

Requires a municipality, as defined in RCW 35.58.272, and each regional transit authority to work collaboratively with the appropriate local coordinating coalition or coalitions to advance the coordination of and maximize efficiencies in transportation services provided to persons with special transportation needs.

Delays the repeal of chapter 47.06B RCW (coordinating special needs transportation).

VETO MESSAGE ON ESHB 2072

May 15, 2009

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I have approved, except for Sections 2, 5, 6, 7 and 19, Engrossed Substitute House Bill 2072 entitled:

"AN ACT Relating to advancing effective transportation for persons with special transportation needs."

Section 19 of the bill makes the provisions of the legislation null and void if sufficient funding to implement the legislation is not included in the 2009-11 Transportation Budget. The 2009-11 Transportation Budget does include sufficient funding to implement portions of the legislation, but not the entire bill. I have decided to veto Sections 2, 5, 6 and 7 of the legislation that do not have sufficient funding for implementation, as well as the null and void clause in Section 19. As a result, we will be able to move forward with providing special needs transportation services in a more coordinated and efficient manner, without imposing unfunded mandates on state agencies.

For these reasons, I have vetoed Sections 2, 5, 6, 7 and 19 of Engrossed Substitute House Bill 2072.

With the exception of Sections 2, 5, 6, 7 and 19, Engrossed Substitute House Bill 2072 is approved.

Respectfully submitted,
Christine Gregoire
Governor

(SUBSTITUTED FOR - SEE 2ND SUB)

Declares an intent to ensure that persons with developmental disabilities are identified early in the confinement process and that staff in correctional facilities and jails are trained in how to best support persons with developmental disabilities during confinement.

Requires the developmental disabilities council, within state funds appropriated for this purpose and in consultation with the department of corrections, the department of social and health services, representatives of local jails, a representative of the state designated protection and advocacy system, and other advocates, to develop training tools for correctional and jail staff regarding identifying persons with developmental disabilities and how to best support them during confinement.

HB 2078-S2 by House Committee on Health & Human Services Appropriations (originally sponsored by Representatives Roberts, O'Brien, Walsh, Jacks, Appleton, Goodman, Dickerson, Green, Kagi, Chase, Wood, Kenney, and Haler)

(DIGEST AS ENACTED)

Establishes a work group, within state and federal funds appropriated or otherwise available for this purpose, to address issues relating to persons with developmental disabilities who are confined in correctional facilities.

Expires December 1, 2010.

VETO MESSAGE ON 2SHB 2106

May 19, 2009

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I have approved, except for Sections 1, 14 and 19, Second Substitute House Bill 2106 entitled:

"AN ACT Relating to improving child welfare outcomes through the phased implementation of strategic and proven reforms."

Section 1 of the bill is an intent section and includes a sentence that says "It is the duty of the state to provide children at risk of out-of-home placement and their families with reasonable opportunities to access supportive services that enhance their safety and well-being." The bill does not define the term "children at risk of out-of-home placement," but does define "child welfare services" broadly. This section may be interpreted as creating a broad new entitlement that I do not believe was intended.

Section 14 amends RCW 74.15.030 to specify that unfounded allegations of child abuse or neglect shall be disclosed to supervising agencies. This language is in direct conflict with existing statutory language in RCW 26.44.031(4) which specifies that an unfounded, screened-out, or inconclusive report may not be disclosed to any licensed provider.

Section 19 directs the Department of Social and Health Services (Department) to, "within existing resources...develop a curriculum to train child protective services staff in forensic techniques used for investigating allegations of child abuse and neglect." The Department cannot absorb costs associated with unfunded new activities at this time. I agree with the goal of ensuring the quality of our investigations and the local investigation protocols involving the Department, law enforcement and prosecutors are an existing mechanism that can be used to further this goal.

For these reasons, I have vetoed Sections 1, 14 and 19 of Second Substitute House Bill 2106.

With the exception of sections 1, 14 and 19, Second Substitute House Bill 2106 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

Delays the availability of children's health insurance until January 1, 2010, for children in families with household income over three hundred percent of the federal poverty level.

Changes the name of the children's health program to the apple health for kids program.

VETO MESSAGE ON ESHB 2128

May 12, 2009

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I have approved, except for Section 3, Engrossed Substitute House Bill 2128 entitled:

"AN ACT Relating to meeting the goal of all children in Washington having health care coverage by 2010."

Section 3 requires the Department of Social and Health Services to identify a staff position as the single point of contact and coordination for the Apple Health for Kids program. While I appreciate the intent of this section, I believe it inappropriate to direct in statute how an agency must staff a particular program. Especially in this difficult economic time, agencies must have the flexibility to allocate limited staff resources in the way which best suits all of their activities. Nonetheless, I will direct the Department to appoint someone to oversee this program.

For this reason, I have vetoed Section 3 of Engrossed Substitute House Bill 2128. With the exception of Section 3, Engrossed Substitute House Bill 2128 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

HB 2129 by Representative Eddy

Companion Bill: 5989

Regarding the greenhouse gas emissions performance standard under chapter 80.80 RCW.

(DIGEST AS ENACTED)

Revises provisions regarding the greenhouse gas emissions performance standard under chapter 80.80 RCW (greenhouse gases emissions--baseload electric generation performance standard).

VETO MESSAGE ON HB 2129

May 11, 2009

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I have approved, except for Section 4, House Bill 2129 entitled:

"AN ACT Relating to the greenhouse gas emissions performance standard under chapter 80.80 RCW."

Section 4 allows the governing boards of public utilities to exempt themselves from performance standards if they find "extraordinary cost impacts on utility ratepayers." I am vetoing this section because there is no clear definition of what these impacts may be on ratepayers, no process by which other parties would have the opportunity to present evidence and argument opposing a proposed exemption, and no clear legal framework that assures transparency and accountability.

For these reasons, I have vetoed Section 4 of House Bill 2129. With the exception of Section 4, House Bill No. 2129 is approved.

Respectfully submitted,
Christine Gregoire
Governor

HB 2148 by Representatives Pettigrew and Hudgins
 Implementing strategies to address the achievement gap.

Establishes the achievement gap advisory committee within the office of the superintendent of public instruction to advise the superintendent of public instruction, the professional educator standards board, and the state board of education on effective measures to close the achievement gap, to foster public accountability for achieving excellence and equity in public education, and to promote a greater sense of urgency and priority for doing so.

Requires the office of the superintendent of public instruction to: (1) Subject to funds appropriated for this purpose, allocate to each school district ten dollars per full-time equivalent student enrolled in a school in the district where more than forty percent of the students enrolled in the school were eligible for free and reduced price lunch during the prior school year;

(2) Subject to funds appropriated for this purpose, award a one-time planning grant to design and create a phased-in implementation plan for up to three millennium schools;

(3) Examine the findings and recommendations of the 2008 achievement gap studies regarding student data and identify ways to incorporate the recommendations into the comprehensive data and research system and other data collection initiatives; and

(4) Combine the findings and recommendations from each of the studies into a best practices manual to be distributed to school districts and made available on the office web site.

Requires the state board of education to, by rule, require each school district to include in the school improvement plans of the district specific actions that will be taken to close the achievement gap across various subgroups of students.

Requires the Washington professional educator standards board to: (1) In consultation with the advisory committee, establish competencies for all levels of educator certification that address knowledge, skills, and performance in multicultural understanding;

(2) Establish a minimum number of continuing education credits or clock hours for purposes of continuing educator certification, including for teachers, school administrators, and educational staff associates, that must be designed to increase the multicultural understanding of the educator; and

(3) Provide assistance to school districts where data indicates significant achievement gaps among subgroups of students and for large numbers of those students.

Addressing the authorization, administration, collection, and enforcement of tolls on the state route number 520 corridor.

(SUBSTITUTED FOR - SEE 1ST SUB)

Imposes tolls on the state route number 520 bridge to help finance construction of critical safety projects, including replacement of the floating bridge, and to generate additional funds to help finance associated projects in the state route number 520 corridor program.

Provides that the department of transportation, unless otherwise delegated, is the state toll agency with the authority to administer the tolling program on toll facilities on the state route number 520 corridor.

HB 2211-S by House Committee on Transportation (originally sponsored by Representatives Clibborn, Eddy, Maxwell, and Liias)

(DIGEST AS ENACTED)

Declares it is the intent of the legislature that: (1) The state authorize early tolling on the state route number 520 corridor in order to secure the authority to spend certain federal grant moneys;

(2) The total cost will be no more than four billion six hundred fifty million dollars;

(3) If the tolls on the state route number 520 corridor significantly alter the performance of nearby facilities, the legislature will reconsider the tolling policy for the corridor; and

(4) The department of transportation applies for federal stimulus funds for projects in the corridor.

Imposes tolls on the state route number 520 floating bridge to help finance construction of the replacement state route number 520 floating bridge and necessary landings.

Designates the state route number 520 corridor as an eligible toll facility.

Restricts expenditure of toll revenue generated in the corridor to construction of the replacement floating bridge.

Requires the tolling authority to set a variable schedule of toll rates to maintain travel time, speed, and reliability on the corridor and generate the necessary revenue.

Authorizes the tolling authority to adjust the schedule at least annually to reflect inflation.

Creates the state route number 520 work group to: (1) Review and recommend a financing strategy to fund the projects in the state route number 520 corridor that reflects certain design options; and

(2) Create an eastside subgroup and a westside subgroup to consider design options on the east and west sides of the corridor.

Requires the department of transportation to provide staff support to the work group.

Requires the transportation commission, prior to the convening of each regular session of the legislature, to provide the transportation committees of the legislature with a detailed report.

Creates the state route number 520 corridor account in the state treasury.

VETO MESSAGE ON E2SHB 2227

May 18, 2009

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I have approved, except for Sections 1, 3, 5, 6, 7, 13, 14 and 16, Engrossed Second Substitute House Bill 2227 entitled:

"AN ACT Relating to green jobs."

The Evergreen Jobs Act is another important step toward Washington's leadership in the emerging green economy.

The bill provides for improved information about employer needs and builds on the Employment Security Department's great effort around defining and forecasting green jobs. The bill promotes the development of green job training programs and more effective utilization of apprenticeships in filling green job employment demands. Finally, the bill creates the Evergreen Jobs Training Account which lays the foundation for future investments in workers and skills in this key segment of the economy.

In addition to these important steps forward, the bill includes some administrative provisions and other requirements that were not funded in the final budget. As a result, the intent sections in Section 1; the leadership team, duties, and related definitions in Sections 3, 5 and 6; requirements around training development that are not consistent with federal timelines in Section 7; and some technical provisions in Sections 13, 14 and 16 are vetoed.

Although the reporting requirements of Section 4 are not being vetoed, they have raised concerns about data availability, duplication of effort, and staff burden. Section 4 is retained with the understanding that the sponsor, the Department, and others will work together to identify appropriate measures and reporting.

Having vetoed the specific requirements around procedures, task forces, and reports, it must be noted that the goal of a more unified strategy for green jobs and some necessary, immediate steps

forward are retained from this bill. Although some of the mechanisms in the bill are removed by veto, the state commitment to developing world class curricula and promoting green jobs remains vital and the sections of the Evergreen Jobs Act that are retained are a significant contribution to that effort.

For these reasons, I have vetoed Sections 1, 3, 5, 6, 7, 13, 14 and 16 of Engrossed Second Substitute House Bill 2227.

With the exception of Sections 1, 3, 5, 6, 7, 13, 14, and 16 Engrossed Second Substitute House Bill 2227 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

VETO MESSAGE ON EHB 2242

May 19, 2009

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I have approved, except for Section 56, Engrossed House Bill 2242 entitled:

"AN ACT Relating to creating a department of commerce."

Section 56 inadvertently removes the State Energy Program from the Revised Code of Washington. De-codifying the Energy Office was not the intent of this executive request legislation. I, therefore, have vetoed Section 56.

For these reasons, I have vetoed Section 56 of Engrossed House Bill 2242. With the exception of Section 56, Engrossed House Bill 2242 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

Companion Bill: 6048

Concerning the state's education system.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds ample evidence of a need for continuing to refine the program of basic education that is funded by the state and delivered by school districts.

Declares an intent to: (1) Continue to review, evaluate, and revise the definition and funding of basic education in order to continue to fulfill the state obligation under Article IX of the state Constitution to define and fund a program of basic education for children residing in the state and attending public schools;

(2) Fulfill the state's obligation under Article IX to establish a general and uniform system of public schools and build upon the actions previously taken by the legislature to address the inequities that exist in the current system; and

(3) Begin a schedule for implementation of a redefined program of basic education and the resources necessary to support it, beginning in the 2011-12 school year.

Declares that when the system has the capacity to fully implement these enhancements they will be included in a definition and funding of basic education.

HB 2261-S by House Committee on Education Appropriations (originally sponsored by Representatives Sullivan, Priest, Hunter, Anderson, Maxwell, White, Quall, Lias, Dammeier, Rodne, Wallace, Pedersen, Kelley, Goodman, Springer, Hope, Nelson, Miloscia, Carlyle, Hunt, Morris, Morrell, Probst, Pettigrew, Eddy, Simpson, Kenney, Moeller, Smith, Condotta, McCoy, Kagi, Chase, Rolfes, Clibborn, Ormsby, Haler, and Cox)

(DIGEST AS ENACTED)

Adopts definitions, requirements, and financing formulas for a program of basic education and an instructional program that the legislature deems complies with Article IX of the state Constitution.

VETO MESSAGE ON ESHB 2261

May 19, 2009

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I have approved, except for Sections 115 and 709, Engrossed Substitute House Bill 2261 entitled:

"AN ACT Relating to education."

In this legislation a number of programs and formulae are to be developed to expand our state's definition of basic education.

Section 115 initiates the development of an early learning program for at-risk three- and four-year olds. The bill indicates that this program is to become part of the definition of basic education. If early childhood education is to become part of our definition of basic education it cannot be made available only to at-risk children. I am deeply and personally committed to providing quality early learning programs for all of our children and will continue to work to develop an early learning program worthy of our earliest learners. I am asking Superintendent of Public Instruction Randy Dorn and Department of Early Learning Director Betty Hyde to work together to bring a proposal forward that ensures all Washington children have the benefit of early childhood education.

One of the several tasks in Engrossed Substitute House Bill 2261 is the creation of funding formulas to support the program components of a new definition of basic education and to develop a timeline for the implementation of the funding formulas along with programmatic changes. Section 709 requires the state to provide a safety net of resources for students identified by school districts as meeting local requirements for participation in a highly capable program, but for which the allocation does not provide enough support.

Section 709 is not necessary because Section 708 of the bill makes it clear that the highly capable program is not intended to be an entitlement to individual students. This section also has two troubling features: First, local school districts make the determination as to the qualifications for their highly capable programs and the types of programs offered, and by this language locally defined costs are forwarded to the state for payment without regard to other basic education program or other funding needs. Second, the state is required to provide a highly capable program safety net.

As the basic education definition evolves in this legislation, the timeline for implementation of various programs and formulae is left to the Quality Education Council. This specific provision makes the highly capable program the first task for funding, in essence prioritizing this program over all other aspects of basic education funding under consideration. Much work is left to be done to establish standards, guidelines and definitions for what constitutes a highly capable program and what the funding level should be for such a program.

For these reasons I am vetoing Sections 115 and 709 of Engrossed Substitute House Bill 2261.

With the exception of Sections 115 and 709, Engrossed Substitute House Bill 2261 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor
