# HOW TO USE THE "LEGISLATIVE DIGEST AND HISTORY OF BILLS"

The *Legislative Digest and History of Bills* is a joint legislative publication which is published after the final legislative session each year.

During the legislative session, a daily *Legislative Digest* is available. Use the daily *Legislative Digest* to keep up with the new introductions (including substitute bills) and the amendments to the various measures in between publications of the *Legislative Digest and History of Bills*. (A "-S" or "-S2" following the bill number indicates a substitute, e.g., SB 5009-S, HB 1071-S2.) The latest legislative history on the measures is also provided in the *Legislative Digest* publication.

This publication consists of three parts:

- (1) Digest paragraphs and legislative actions on all measures (bills);
- (2) RCW - Bill Table;
- (3) Topical Index; and
- (4) Session Law Chapter to Bill Table

## DIGEST PARAGRAPHS AND LEGISLATIVE ACTIONS

This portion consists of the following:

- (1) The summary digest paragraphs and legislative actions on all bills, joint memorials, joint resolutions, concurrent resolutions, and floor resolutions considered by the House or Senate during the legislative session;
- (2) Summary paragraph and legislative actions on gubernatorial appointments submitted to and being considered by the Senate;
- (3) The listing of the bills a member has sponsored along with an indication of prime sponsorship; and
- (4) The special status of legislation reports for the Senate and the House.

The bulk of the *Legislative Digest and History of Bills* is formed by an in-sequence listing of measures. In this listing are included the measure number, the legislative and "by-request" sponsors, the latest digest paragraphs, and the bill histories. This portion of the publication is divided into two sections: Senate measures and House measures. Initiatives, bills, joint memorials, joint resolutions, concurrent resolutions, floor resolutions, and gubernatorial appointments are included as measures.

Reports on the special status of legislation follow the Senate and House digest history portion of the book. The reports are listed as they become available as legislation progresses down the path toward enactment. A full listing of the reports available in a particular *Legislative Digest and History of Bills* is found on the Index Page of the *Legislative Digest and History of Bills* beginning on page one. Several examples of these reports are:

- (1) Senate Bills Introduced by Members  
(Prime sponsorship is noted by a bullet (large dot) before the bill number;)
- (2) Senate Bills Introduced by Request;
- (3) Senate Bills Passed by the Senate;
- (4) Senate Bills Passed by the Senate and House;
- (5) Senate Bills Failed to Pass the House;
- (6) Senate Bills Passed Both Houses Showing Executive Action; and
- (7) Governor's Messages on Bills Vetoed or Partially Vetoed  
VO - Veto overridden  
PV - Partial Veto  
V - Veto

Comparable reports are supplied for the House Bills. (See Table of Contents for page numbers.)

## RCW - BILL TABLE

The *Legislative Digest and History of Bills* contains a table which lists the statutes being affected by the current bills. This table is widely used by legislative drafters as well as all other attorneys concerned with the legislative process. The "S" found preceding the bill numbers in this table means that the bill being referred to is the substitute version. All first substitutes are noted by an "S" preceding the bill number; second, third, etc., are noted by 2S, 3S, etc.; e.g.,

38.03.030	AMD	SHB	1301*
38.03.040	AMD	SHB	1375+
39.07.060	REP	2SSB	5111

The "RCW (Statute Number) to Bill Number Table" lists in code section number order the sections in the Revised Code of Washington (RCW) that are the subject matter of current legislation. The action the bill takes on the section is listed with the following abbreviations: ADD (adding a new section or section to a code chapter or code title), AMD (amending), DECD (decodifying), RECD (recodifying), REMD (reenacting and amending), REEN (reenacting), and REP (repealing). It is especially useful in the closing days of the session to determine whether a code section currently under consideration by the legislature may already have been repealed or amended during the session, in which event the earlier action must be taken in cognizance. In addition to being included in the *Legislative Digest and History of Bills*, an electronic version of this table is available at Washington State Legislative website. The URL to the website is <http://www.leg.wa.gov>, choose Bill Info and then RCW to Bill Table.

The symbols on the table indicate whether the amended section or the new section has passed the legislature or has been signed into law or vetoed by the Governor. A "p" following the bill number means that the legislature has passed the bill. An asterisk ("\*") means that executive action or inaction has been recorded upon the bill during the first year of the two-year legislative cycle. A plus sign ("+") means that executive action or inaction has been recorded upon the bill during the second year of the two-year legislative cycle. Generally, the "\*" and "+" mean that the Governor has signed the bill into law with or without a partial veto.

## TOPICAL INDEX

The Topical Index is at the end of the *Legislative Digest and History of Bills*. The Topical Index entries are entered soon after the bills are introduced on the floor, so that researchers can search the text of the index for measures related to their issue. Various symbols are found in the index which aid in determining the type of measures to which the index entry refers. The table of abbreviated symbols for the Topical Index is found on the page beginning the Topical Index section.

Making conforming amendments made necessary by reorganizing and streamlining central service functions, powers, and duties of state government.

(DIGEST AS ENACTED)

Makes conforming amendments made necessary by the reorganization and streamlining of central service functions, powers, and duties of state government.

VETO MESSAGE ON SB 5024

May 11, 2015

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 19, 25, 48, 49, and 127, Senate Bill No. 5024 entitled:

"AN ACT Relating to conforming amendments made necessary by reorganizing and streamlining central service functions, powers, and duties of state government."

The following sections contain conflicting or double amendments to sections of law amended in legislation I have already signed into law and are not necessary:

Section 19 amends RCW 19.27A.020, which was also amended in House Bill No. 1011, already signed into law.

Section 25 amends RCW 27.48.040, which was also amended in Senate Bill No. 5176, already signed into law.

Sections 48 and 49 amend RCW 39.35C.050 and 39.35C.090, which were also amended in Senate Bill No. 5075, already signed into law.

Section 127 decodifies RCW 43.19.533, which was repealed in Senate Bill No. 5075, already signed into law.

For these reasons I have vetoed Sections 19, 25, 48, 49, and 127 of Senate Bill No. 5024.

With the exception of Sections 19, 25, 48, 49, and 127, Senate Bill No. 5024 is approved.

Respectfully submitted,  
Jay Inslee  
Governor

**VETO MESSAGE ON 2SSB 5052**

April 24, 2015

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 36, 42, 43, 44, 45, 46, and 52, Second Substitute Senate Bill No. 5052 entitled:

"AN ACT Relating to establishing the cannabis patient protection act."

After tremendous deliberation, compromise and hard work from our outstanding bipartisan sponsors and co-sponsors, committee chairs and ranking members from both houses, we have a measure that will create a medical marijuana system that works for our state.

I am committed to ensuring a system that serves patients well and makes medicine available in a safe and accessible manner, just like we would do for any medicine. That's what this bill strives to provide. It will help families of patients in real need.

As significant an accomplishment as this bill is for our state - and for patients to be ensured of having a safe place to get medicine they need - I know some remain concerned. These perspectives are important and compelling. I recognize the solution is not perfect. However, I do think this is far better than today's wholly unregulated system.

We will have options for patients and a system of strong enforcement to ensure public safety, especially for children. It is a good thing that this bill allows immediate enforcement of dispensaries to ensure they are not selling marijuana to kids.

I want to be clear that I am committed to implementing this law effectively by ensuring cooperatives are safe for patients in need, not sources of illicit diversion in our communities. To this end, I have directed the Liquor Control Board to work with the Attorney General's Office and local law enforcement to consider all options to ensure patient and public safety.

I also want to reassure you that the Department of Health will create an authorization form that will continue to honor the doctor-patient relationship.

While this bill takes a tremendous step forward, a large volume remains of unfinished work on marijuana tax policy, enforcement, local revenue sharing and funding for public health prevention programs. I strongly support efforts to address these items - and call on legislators to finish the job and provide the tools necessary to ensure a well-regulated and functioning marijuana market in our state.

I am vetoing the following sections:

Section 36. This section prohibits employers of health care providers from limiting medical marijuana recommendations to patients. This is an employment law provision that may cause

confusion and potential unintended consequences. This section was added without adequate input. The sponsors of this legislation have also requested this provision be vetoed to allow time for further discussion to develop appropriate policy.

Sections 42 and 43. These sections remove from Schedule I of our state's Controlled Substances Act any medical marijuana product. This is a laudable idea and I appreciate the intent to reduce the stigma of medical marijuana by rescheduling it from a Schedule I - an illegal - controlled substance to something more appropriate. However, our state's rescheduling system has very limited effect, and rescheduling just medicinal marijuana - not the entire cannabis plant and derivatives - may cause serious problems such as having the unintended effect of limiting the types of marijuana that are considered medicine. To that end, I have instructed the Department of Health to thoroughly consider this idea in consultation with medical professionals and stakeholders, and bring an appropriate resolution to me and the Legislature by next year. Furthermore, I will continue to advocate for the federal government to consider a national rescheduling solution, which may be most beneficial, considering the limited power that state rescheduling has in this respect.

Sections 44, 45 and 46. These sections create new felonies in our criminal code. Washington state does not need additional criminal penalties related to medical marijuana. Moreover, these sections were added as part of the same amendment that created sections 42 and 43 that would have rescheduled medical marijuana. Because I have vetoed sections 42 and 43, sections 44, 45, and 46 are also unnecessary.

Section 52. This section makes Senate Bill 5052 contingent on the enactment of some version of House Bill 2136 by October 1, 2015. This contingent effective date causes confusion and potentially conflicts with other effective dates in Senate Bill 5052. In addition, if the Legislature is unable to pass a version of House Bill 2136, the Code Reviser's Office has advised me that this provision acts as a null and void clause, in which case we risk jeopardizing the integrity of the system created in this bill. I strongly agree with the need for additional policy and administrative changes to ensure a well-regulated and functioning marijuana market. However, this bill should not be made contingent on those changes.

For these reasons I have vetoed Sections 36, 42, 43, 44, 45, 46, and 52 of Second Substitute Senate Bill No. 5052.

With the exception of Sections 36, 42, 43, 44, 45, 46, and 52, Second Substitute Senate Bill No. 5052 is approved.

Respectfully submitted,  
Jay Inslee  
Governor

VETO MESSAGE ON SSB 5501

May 11, 2015

To the Honorable President and Members,  
 The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 7, Substitute Senate Bill No. 5501 entitled:

"AN ACT Relating to the prevention of animal cruelty."

Section 7, by expanding the exceptions for "accepted husbandry practices" used in commercial farming to noncommercial farming, could potentially leave livestock and other animals subject to neglect or cruelty. Contrary to the purpose of this bill, animal control officers and prosecutors will have more difficulty

enforcing animal cruelty laws in cases involving backyard farming and hobby farms.

For these reasons I have vetoed Section 7 of Substitute Senate Bill No. 5501.

With the exception of Section 7, Substitute Senate Bill No. 5501 is approved.

Respectfully submitted,  
Jay Inslee  
Governor

VETO MESSAGE ON E2SSB 5564

May 14, 2015

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 39(2), Engrossed Second Substitute Senate Bill No. 5564 entitled:

"AN ACT Relating to decreasing the barriers to successful community participation for individuals involved with the juvenile justice system."

This bill lowers the financial burden on juvenile offenders and their families, making it more likely that they will be able to turn their lives around and be productive members of society. Section 39(2) eliminates the legal financial obligation associated with a diversion program. The revenue from the financial obligation in section 39(2) provides substantial funding for Community Youth Services, a diversion program in Thurston county that is very successful in providing diversion services to juveniles. It is vital to continue to provide adequate [adequate] funds for these diversion services.

For these reasons I have vetoed Section 39(2) of Engrossed Second Substitute Senate Bill No. 5564.

With the exception of Section 39(2), Engrossed Second Substitute Senate Bill No. 5564 is approved.

Respectfully submitted,  
Jay Inslee  
Governor

Revises the definition of official duties of state officers for purposes of chapter 42.52 RCW (ethics in public service).

VETO MESSAGE ON ESSB 5785

May 18, 2015

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed Substitute Senate Bill No. 5785 entitled:

"AN ACT Relating to the definition of official duties of state officers."

This bill changes definition of official duty for a state officer holding an elective office in the state Ethics Act. The definition is expanded to mean not only those duties prescribed in the state Constitution, state statutes or agency rules, legislatively funded or mandated authority and responsibilities, but also any activities described in an agency's strategic plan and tasks or action directly related to carrying out the state officer's other official duties.

I believe this is an unnecessary change to the Ethics Act. First, this legislation creates a different standard of ethics for elected officials. While they have different roles, I believe all public employees should be held to the same rules. Moreover, elected officials - as head of agencies - already define much of their job duties. There is no need to create an expanded definition of official duty. By doing so, we unnecessarily risk endangering the public's trust.

For these reasons I have vetoed Engrossed Substitute Senate Bill No. 5785 in its entirety.

Respectfully submitted,  
Jay Inslee  
Governor

VETO MESSAGE ON SSB 5824

April 24, 2015

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 6, and 8, Substitute Senate Bill No. 5824 entitled:

"AN ACT Relating to certain recreational guides."

Sections 6 and 8 of this bill are technical changes that are meant to simplify this chapter by placing game fish guide license fees in the same section as food fish guide license fees (RCW 77.64.440 [77.65.440]). However, House Bill 1232 and Senate Bill 5464 both contain a reference to the original location of the game fish guide license (RCW 77.65.480). To avoid creating a reference error, I am vetoing sections 6 and 8.

For these reasons I have vetoed Sections 6 and 8 of Substitute Senate Bill No. 5824.

With the exception of Sections 6 and 8, Substitute Senate Bill No. 5824 is approved.

Respectfully submitted,  
Jay Inslee  
Governor

VETO MESSAGE ON 2ESSB 5988

July 15, 2015

To the Honorable President and Members,  
 The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 204, page 3, lines 31-35, and page 4, lines 1-15, Second Engrossed Substitute Senate Bill No. 5988 entitled:

"AN ACT Relating to additive transportation funding and appropriations."

**Section 204, page 3, lines 31-35, and page 4, lines 1-15, Department of Transportation, Beaver Dams**

This proviso creates a complicated process for managing beaver dams on private property that pose a threat to Washington state highways, individual personal property, and public safety. The proposed process would require the Washington State Department of Transportation to notify private property owners of impending threats from beaver dam failure, to produce wildlife management plans, and to provide potential remedies that could create liability for the state. Therefore, I have vetoed Section 204, page 3, lines 31-35, and page 4, lines 1-15.

For these reasons I have vetoed Section 204, page 3, lines 31-35, and page 4, lines 1-15 of Second Engrossed Substitute Senate Bill No. 5988.

With the exception of Section 204, page 3, lines 31-35, and page 4, lines 1-15, Second Engrossed Substitute Senate Bill No. 5988 is approved.

Respectfully submitted,  
 Jay Inslee  
 Governor

Concerning Washington state department of transportation projects.

**SB 5996-S** by Senate Committee on Transportation (originally sponsored by Senators King, Hobbs, Fain, Lias, Litzow, Braun, Schoesler, Parlette, Dammeier, Warnick, Sheldon, O'Ban, Hewitt, Becker, and Brown)

(2) Expedite project delivery and routine maintenance activities through the use of programmatic agreements and permits where possible and seek new opportunities to eliminate duplicative processes; and

(3) Submit a report to the transportation committees of the legislature detailing engineering errors on highway construction projects resulting in project cost increases in excess of five hundred thousand dollars.

Requires the department of transportation, the department of ecology, and the department of fish and wildlife to: (1) Use their existing authorities and guidance to provide a preference for the removal of existing fish passage barriers owned by cities and counties as compensatory mitigation for environmental impacts of transportation projects where appropriate; and

(2) Consult with other relevant entities to develop a framework for encouraging off-site and out-of-kind local fish passage barrier mitigation that provides results that are consistent with habitat protection priorities and are ecologically preferable to on-site mitigation.

VETO MESSAGE ON 2ESSB 5996

July 6, 2015

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 9, Second Engrossed Substitute Senate Bill No. 5996 entitled:

"AN ACT Relating to Washington state department of transportation projects."

This bill is one of several substantive transportation reform bills I am signing into law today. The goal of this particular bill is to streamline the environmental decision making process for transportation projects without sacrificing environmental protections. Section 9 contains additional reporting requirements for the Washington State Department of Transportation (WSDOT) on lean efforts and to complete a Baldrige assessment. I wholeheartedly support adequately measuring and reporting on performance metrics and lean management efforts. The transportation investment package, however, already includes a number of studies and reports WSDOT must complete and prioritize within available funding. The unfunded requirements in Section 9 of this bill unnecessarily hinder efforts to implement this and other reform bills.

For these reasons I have vetoed Section 9 of Second Engrossed Substitute Senate Bill No. 5996.

With the exception of Section 9, Second Engrossed Substitute Senate Bill No. 5996 is approved.

Respectfully submitted,  
Jay Inslee  
Governor

VETO MESSAGE ON ESSB 6052

June 30, 2015

To the Honorable President and Members,  
 The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 130, page 27, line 29; 204(2)(f); 501(1)(f); 950(3); 963; and 1213, page 381, lines 6-7, Engrossed Substitute Senate Bill No. 6052 entitled:

"AN ACT Relating to fiscal matters."

**Section 130, page 27, line 29, Office of Financial Management, Data Processing Revolving Account**

The Data Processing Revolving Account will be abolished, effective January 1, 2016, pursuant to passage of Engrossed Second Substitute Senate Bill No. 5315. Because this appropriation to the Office of Financial Management is no longer necessary, I have vetoed Section 130, page 27, line 29.

**Section 204(2)(f), pages 58-59, Department of Social and Health Services, Study on Clinical Role of Psychiatrists**

This proviso requires the Department of Social and Health Services, within existing resources, to contract with a consultant to conduct a workload study and to examine the clinical role of psychiatrists at the state psychiatric hospitals with respect to patients who are the subject of both forensic and civil commitment. In addition to findings and recommendations on those topics, the consultant must identify factors other than compensation that are negatively affecting job retention for psychiatrists and make recommendations for addressing those issues. Although I welcome additional expertise to address factors that may influence job retention, funding is not provided for the cost of an independent contractor. For this reason, I have vetoed Section 204(2)(f).

**Section 501(1)(f), page 126, Superintendent of Public Instruction, School District Accounting Rules and Reporting**

This proviso requires the Superintendent of Public Instruction to revise the accounting rules for school districts, as well as accounting and financial information technology systems, to separate expenditures of levy and local effort assistance revenues from all other expenditures. It also requires additional detailed reporting of school district compensation data. The Superintendent estimated \$400,000 would be needed to implement this proviso, and no funding was provided. In addition, the new rules and systems must be in place by the 2016-17 school year, leaving no time for the Superintendent to test the system with pilot districts prior to implementation. For these reasons, I have vetoed Section 501(1)(f).

**Section 950(3), page 257, Law Enforcement Officers' and Firefighters' Retirement System (LEOFF) Distribution in 2017**

I support funding for the Local Law Enforcement Officers' and Firefighters' Retirement System Benefits Improvement Account, and included funding for this account in my budget proposal. Rather than provide a General Fund--State appropriation to this account, the Legislature transferred money from the LEOFF retirement system pension fund to the benefits improvement account. While I am approving this one-time transfer, I am concerned that repeated transfers would undermine the stability of the pension fund and increase the cost of existing pension benefits for plan members, local governments, and the state of Washington. Because I believe that future funding for the benefits improvement account should be made through General Fund appropriations, as envisioned by the legislation that created that account, I am vetoing language that indicates legislative intent for future transfers from the pension fund. For this reason, I have vetoed Section 950(3).

**Section 963, page 268, Life Sciences Discovery Fund**

The Life Sciences Discovery Fund Authority (LSDFA) provides valuable and innovative research that improves the health of all Washingtonians. I am disappointed the Legislature could not come to an agreement on providing some new funding for the LSDFA. I am concerned that Section 963 unduly restricts the awarding of grants with money currently in the Life Sciences Discovery Fund

and abruptly ends the work of the LSDFA. This prohibition also restricts the LSDFA from using new revenue provided by marijuana research licenses pursuant to Senate Bill No. 5121. We must provide maximum flexibility for the LSDFA to carry out its mission and expend all remaining money in the Life Sciences Discovery Fund. For these reasons, I have vetoed Section 963.

**Section 1213, page 381, lines 6-7, Health Care Authority, Savings Through Waiver Request**

The budget assumes that the Health Care Authority (HCA) can achieve General Fund--State savings in state fiscal year 2015 by, among several savings steps, seeking a waiver from the federal Centers for Medicare and Medicaid Services. This waiver would provide federal flexibility in the area of innovative reimbursement methods. The Centers for Medicare and Medicaid Services has indicated that it will not approve this waiver request, and therefore, the savings cannot be achieved. For this reason, I have vetoed Section 1213, page 381, lines 6-7, and directed HCA to place any unused funds in reserve status.

For these reasons I have vetoed Sections 130, page 27, line 29; 204(2)(f); 501(1)(f); 950(3); 963; and 1213, page 381, lines 6-7 of Engrossed Substitute Senate Bill No. 6052.

With the exception of Sections 130, page 27, line 29; 204(2)(f); 501(1)(f); 950(3); 963; and 1213, page 381, lines 6-7, Engrossed Substitute Senate Bill No. 6052 is approved.

Respectfully submitted,  
Jay Inslee  
Governor

Concerning the capital budget.

(DIGEST AS ENACTED)

Makes appropriations and authorizes expenditures for capital improvements.

VETO MESSAGE ON 2EHB 1115

June 30, 2015

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 3241 and 7044, Second Engrossed House Bill No. 1115 entitled:

"AN ACT Relating to the capital budget."

**Section 3241, pages 158-159, Department of Natural Resources, Research on Transfer for Federal Lands to Washington State**

This proviso directs the Department of Natural Resources to study the feasibility of acquiring certain federal lands for possible inclusion in the various trust lands managed by the Department. Although additional information about land acquisitions is always helpful, the negative effects of forest health, and the resulting fire danger, are well documented. The Department's primary responsibility is to support the trust beneficiaries, and this study will not support its obligation to generate revenue for school construction. For these reasons, I have vetoed Section 3241.

**Section 7044, pages 278-279, Office of Financial Management, Master Plan for Museums and Research Facilities**

This proviso requires the Office of Financial Management (OFM) to develop a master plan to address the storage and preservation requirements of the state's historical collections by December 31, 2015. While ensuring the preservation of our state's historical and cultural collections is a priority, this proviso does not provide funding or enough time for a thorough plan to be developed. For these reasons, I have vetoed Section 7044. However, I have directed OFM to work with the Washington State Historical Society and the Eastern Washington Historical Society to address this issue.

For these reasons I have vetoed Sections 3241 and 7044 of Second Engrossed House Bill No. 1115.

With the exception of Sections 3241 and 7044, Second Engrossed House Bill No. 1115 is approved.

Respectfully submitted

Jay Inslee  
Governor

VETO MESSAGE ON 2E2SHB 1276

June 30, 2015

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 25, Second Engrossed Second Substitute House Bill No. 1276 entitled:

"AN ACT Relating to impaired driving."

The Department of Health has a Medical Assistant-phlebotomist credential that is currently available to law enforcement and corrections personnel. Creating a new sub-category is therefore unnecessary. MA-phlebotomist training programs specific to law enforcement forensic needs can be developed without a change in current law or rules and MA-phlebotomist training is typically on-the-job, and can be completed in a few days.

Section 25 also creates substantial new responsibilities and costs as it requires the Department to inspect every police station, jail, corrections facility, or other location where a law enforcement MA-phlebotomist may take blood samples. The section also sets new ongoing training and minimum procedure standards for law enforcement MA-phlebotomists that no other medical assistants have, and that must be regulated by the Department. For these reasons, I am vetoing this section.

For these reasons I have vetoed Section 25 of Second Engrossed Second Substitute House Bill No. 1276.

With the exception of Section 25, Second Engrossed Second Substitute House Bill No. 1276 is approved.

Respectfully submitted,  
Jay Inslee  
Governor

VETO MESSAGE ON 2ESHB 1299

June 11, 2015

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 102, page 2, lines 29-36, and page 3, lines 1-8; 103(1); 213(3); 920(4); 1005, page 113, lines 26-27 and 1005(2); 1005(4); 1005(5); and 1005(6), Second Engrossed Substitute House Bill No. 1299 entitled:

"AN ACT Relating to transportation funding and appropriations."

**Section 102, page 2, lines 29-36, and page 3, lines 1-8, Utilities and Transportation Commission, State Agency Workgroup**

This proviso directs the Utilities and Transportation Commission (UTC) to coordinate a state agency workgroup to identify issues related to consolidating rail employee safety and regulatory functions within the UTC. Funding for this activity would come from the Grade Crossing Protective Account, which is used to install and maintain equipment to make grade crossings safer. Because this is not the appropriate fund source for coordinating a workgroup on the topic identified in the proviso, I have directed the UTC to conduct this activity with other existing resources. For this reason, I have vetoed Section 102, page 2, lines 29-36, and page 3, lines 1-8.

**Section 103(1), page 3, Office of Financial Management, Study of Fund Exchange**

This proviso directs the Office of Financial Management to perform a study on the feasibility of establishing a fund exchange where federal funds are exchanged for state funds to reduce the administrative burden on local governments which use federal funds. The funding is likely insufficient to provide a thorough report on the issues. In addition, the Joint Transportation Committee is a more appropriate entity to perform this analysis,

not the Office of Financial Management. Therefore, I have vetoed Section 103(1).

**Section 213(3), pages 18-19, Department of Transportation, Beaver Dams**

This proviso creates a complicated process for managing beaver dams on private property that pose a threat to Washington state highways, individual personal property, and public safety. The proposed process would require the Washington State Department of Transportation to notify private property owners of impending threats from beaver dam failure, to produce wildlife management plans, and to provide potential remedies that could create liability for the state. In addition, no funding is provided for this effort. For these reasons, I have vetoed Section 213(3).

**Section 920(4), pages 105-106, Department of Transportation, Public Transportation**

This proviso prevents the Washington State Department of Transportation from continuing work on regional mobility grant projects previously authorized by the Legislature. The department needs authority to work on these projects to support local efforts to improve transit mobility and reduce congestion on our roadways. The majority of the projects are not yet complete, and expenditures have already been made. Therefore, I have vetoed Section 920(4).

**Section 1005, page 113, lines 26-27, and Section 1005(2), page 114, Department of Transportation, Highway Improvements Program**

Due to changes in the timing of expenditures for highway improvement projects and insufficient flexibility in the capital program budgets, this reduced appropriation would result in an estimated shortfall of \$3.5 million in expenditure authority in the Highway Improvements program. The Washington State Department of Transportation must have ongoing expenditure authority to keep projects within the total spending plan. Therefore, I have vetoed Section 1005, page 113, lines 26-27, and Section 1005(2).

**Section 1005(4), 1005(5) and 1005(6), page 115, Department of Transportation, Proceeds from Bond Sales**

Section 605 provides the flexibility needed to retroactively assign bond proceeds received in the 2015-17 biennium to associated costs that occurred in the 2013-15 biennium. The reduced appropriations in Section 1005(4), Section 1005(5), and Section 1005(6) negate the flexibility provided in Section 605. For this reason, I have vetoed Section 1005(4), Section 1005(5), and Section 1005(6).

For these reasons I have vetoed Sections 102, page 2, lines 29-36, and page 3, lines 1-8; 103(1); 213(3); 920(4); 1005, page 113, lines 26-27 and 1005(2); 1005(4); 1005(5); and 1005(6) of Second Engrossed Substitute House Bill No. 1299.

With the exception of Sections 102, page 2, lines 29-36, and page 3, lines 1-8; 103(1); 213(3); 920(4); 1005, page 113, lines 26-27 and 1005(2); 1005(4); 1005(5); and 1005(6), Second Engrossed Substitute House Bill No. 1299 is approved.

Respectfully submitted,  
Jay Inslee  
Governor
