Companion Bill: 5799

Exempting levies imposed by qualifying flood control zone districts from certain limitations upon regular property tax levies.

(DIGEST AS ENACTED)

Exempts levies imposed by qualifying flood control zone districts from certain limitations upon regular property tax levies.

VETO MESSAGE ON HB 1940

May 6, 2015

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 7, House Bill No. 1940 entitled:

"AN ACT Relating to exempting levies imposed by qualifying flood control zone districts from certain limitations upon regular property tax levies."

Section 7 of House Bill No. 1940 expires the protection of flood control zone district levies from prorationing on January 1, 2023. This expiration date is problematic and restricts the flexibility of flood control zone districts to select and appropriately finance flood control projects. With the expiration date, any bonds will very likely be more expensive for flood control zone districts. There is also greater risk of insufficient revenues for flood control projects regardless of financing method in the event the levy is prorationed. To allow for maximum flexibility in financing flood control projects to protect the citizens of Washington state from flooding, I am vetoing section 7 of this bill.

For these reasons I have vetoed Section 7 of House Bill No. 1940.

With the exception of Section 7, House Bill No. 1940 is approved.

Respectfully submitted,  
Jay Inslee

Governor

VETO MESSAGE ON ESHB 1980

May 11, 2015

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Engrossed Substitute House Bill No. 1980 entitled:

"AN ACT Relating to implementing recommendations of the sunshine committee."

Guardian Ad Litem undergo a rigorous evaluation of their backgrounds and qualifications, which include background checks that are required by law. There is no need for this information to be distributed to parties. I believe that enactment of this law would have a chilling effect on GAL programs and their ability to recruit volunteers if this information were shared with parties in dependency actions.

For these reasons I have vetoed Section 1 of Engrossed Substitute House Bill No. 1980.

With the exception of Section 1, Engrossed Substitute House Bill No. 1980 is approved.

Respectfully submitted,  
Jay Inslee  
Governor

Concerning statements on ballot measures in voters' pamphlets.

(DIGEST AS ENACTED)

Modifies provisions relating to explanatory statements and fiscal impact statements for ballot measures.

VETO MESSAGE ON HB 2055

May 6, 2015

To the Honorable Speaker and Members,  
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 3, House Bill No. 2055 entitled:

"AN ACT Relating to statements on ballot measures in voters' pamphlets."

The intent of this bill is to provide voters with more information about the potential fiscal impact of a ballot initiative. The bill moves forward the deadline for the Attorney General to prepare the explanatory statement and the Office of Financial Management to prepare the fiscal impact statement so that the information is available to the pro and con committees when drafting their statements for the voters pamphlet.

In addition to moving forward the deadline for the Office of Financial Management to prepare the fiscal impact statement,

Section 3 also creates a new cause of action for any person dissatisfied with the fiscal impact statement to challenge the statement in superior court. This new cause of action would frustrate the intent of this bill and cause unnecessary delay. It would also place the court in the untenable position of having to make advisory rulings on the initiative at issue in the fiscal impact statement. The Office of Financial Management identifies the assumptions made in preparation of the fiscal impact statement. Under this new cause of action, the court would have to make a legal ruling on these assumptions, which would constitute an advisory opinion on the initiative. There are current legal options available to those who wish to challenge a fiscal impact statement without creating a new cause of action. For these reasons, I am vetoing section 3 of House Bill 2055.

While I am vetoing Section 3, I am instructing the Office of Financial Management to work cooperatively with the Secretary of State to ensure any fiscal impact statement is completed in time to share with the pro and con committees before they complete their statements for the voters' pamphlet. This will ensure the intent of the legislation is fulfilled.

For these reasons I have vetoed Section 3 of House Bill No. 2055.

With the exception of Section 3, House Bill No. 2055 is approved.

Respectfully submitted,  
Jay Inslee  
Governor

Modifying the maximum speed limit on highways.

(DIGEST AS ENACTED)

Authorizes the secretary of the department of transportation to increase the maximum speed limit on any highway to seventy-five miles per hour.

## VETO MESSAGE ON HB 2181

April 22, 2015

To the Honorable Speaker and Members,  
 The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, House Bill No. 2181 entitled:

"AN ACT Relating to the maximum speed limit on highways."

This bill presumes that there are portions of Interstate 90 -- and other portions of the state highway system -- where the speed limit could be increased to 75 mph without compromising safety.

According to the Washington Traffic Safety Commission, speeding or driving too fast for conditions accounts for more than one-third of all deadly crashes in Washington. It's a fact that as vehicle speed increases, the amount of energy generated increases exponentially, and the risk of death and injury increases substantially as collision speed increases. Our state's Target Zero Plan aims to reduce traffic death and serious injuries to zero by 2030. Although the number of speeding-involved crashes is declining due to the Target Zero program, there are still far too many people dying on our roadways. An increase in allowable speeds *before* a thorough safety assessment is performed is simply premature.

Therefore, I am vetoing Section 1 of House Bill 2181.

However, I am directing the Department of Transportation to consult with the Traffic Safety Commission and the State Patrol to assess whether the speed limit could be increased without any compromise in safety.

Moreover, I strongly encourage the Legislature to reconsider the Traffic Safety Commission's distracted driving bill in the upcoming session as a way to further reduce traffic fatalities. It's vital that we make progress improving safety this year.

For these reasons I have vetoed Section 1 of House Bill No. 2181.

With the exception of Section 1, House Bill No. 2181 is approved.

Respectfully submitted,  
 Jay Inslee  
 Governor
