

Constituent Correspondence

No new correspondence received as of December 6, 2011.

Notice: Correspondence is normally reviewed in the Executive Committee meeting, as the Executive Committee has the responsibility under SCPP rules for setting future meeting agendas. This is the final meeting of the 2011 Interim, and there is no Executive Committee meeting planned for the afternoon. Therefore, staff will not be reviewing correspondence with the Executive Committee members in December. Still, this correspondence is part of the meeting packet for December and will be on file at the Office of the State Actuary (OSA). The SCPP Executive Committee will resume its review of constituent correspondence when it reconvenes for the 2012 Interim. In the meantime, OSA staff will continue to e-mail constituent correspondence to SCPP members on a bi-monthly basis and update the [SCPP website](#) on a weekly basis.
