Subject: SCPP Interim Plan

Good morning, Gentlemen.

Thank you both for assuming leadership of the SCPP, a critical yet very technical committee dealing with important issues.

One such critical issue is the shortage of quality substitute school personnel in schools throughout the state. The current prohibition against early retirees being considered needs further investigation. It is my hope that more data could be gathered to help the committee examine the issue and come up with a recommendation to address this. Committee time is scarce and yet the need remains.

I urge you to place this issue before the committee for further study and action.

Thank you. Fred Yancey
