- Monitoring and evaluating budget implementation of individual agencies, including agency IT project development, project oversight, and processes.
- Analyzing legislation with fiscal impact and following the progress of bills through the legislative process.
- Drafting bills, amendments, and other legislative documents.
- Developing and evaluating policy alternatives to assist Senators in meeting their goals.
- Presenting legislation and other budgetary matters to the Committee.
- Responding to inquiries on pertinent budget and fiscal issues.
- Developing appropriate professional relationships with state agency staff and interest groups.

EDUCATION

Master's degree in Information System Technology, Computer Science, Public Administration, Business Administration, or closely related field.

QUALIFICATIONS

Desirable qualifications include:

- Knowledge of the legislative process.
- High level technical understanding of information technology.

- Expertise in understanding the development and implementation of IT systems. ERP experience is highly desirable.
- Proven ability to perform high-quality, objective research and analysis in a position requiring high levels of self-direction.
- Experience with or knowledge of public sector budgeting and procedures is desired but not required.
- Excellent analytical, writing, problem solving, and oral communication skills.
- A creative, flexible, and service-oriented approach to work.
- Willingness to work the long, irregular hours that are common during a legislative session.
- Capability to handle the complex, difficult situations that are common in the fast-paced, results-oriented, high-pressure legislature environment.
- Proficiency in multiple computer applications, including applications involving spreadsheets and databases, word processing software, presentation applications, and online research.
