1 AN ACT Relating to school district local excess levies and local  
2 effort assistance; amending RCW 28A.500.020 and 43.09.265; reenacting  
3 and amending RCW 84.52.0531, 28A.500.030, 28A.500.030, and  
4 84.52.0531; creating a new section; providing effective dates; and  
5 providing an expiration date.

6 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

7 NEW SECTION. **Sec. 1.** (1) The legislature finds that Engrossed  
8 Substitute House Bill No. 2261 (chapter 548, Laws of 2009) created a  
9 compensation technical working group to, among other things,  
10 recommend the details of an enhanced salary allocation model that  
11 aligns with state expectations for educator development and  
12 certification. The legislature further finds that the working group  
13 issued its final report on June 30, 2012.

14 (2) The legislature finds that research shows that a high quality  
15 teacher is one of the most important school-related factors  
16 influencing student achievement. The legislature further finds that  
17 the Washington supreme court in the *McCleary* decision found that the  
18 state allocation for salaries fell short of the actual cost of  
19 recruiting and retaining competent teachers.

20 (3) The legislature intends to implement a plan to phase-in a  
21 compensation system for K-12 staff in order to attract and retain

1 high quality educators, administrators, and classified staff to  
2 Washington schools through full funding of competitive salaries with  
3 state resources as required by the Washington state Constitution. The  
4 legislature intends to complete the phase-in by the 2021-22 school  
5 year.

6 (4) The legislature finds that the Washington supreme court found  
7 that the legislature must amply fund the program of basic education  
8 from regular and dependable sources. It is the intent of the  
9 legislature to amply fund a competitive compensation system with  
10 state revenues that are regular and dependable.

11 **Sec. 2.** RCW 84.52.0531 and 2010 c 237 s 2 and 2010 c 99 s 11 are  
12 each reenacted and amended to read as follows:

13 The maximum dollar amount which may be levied by or for any  
14 school district for maintenance and operation support under the  
15 provisions of RCW 84.52.053 shall be determined as follows:

16 (1) For excess levies for collection in calendar year 1997, the  
17 maximum dollar amount shall be calculated pursuant to the laws and  
18 rules in effect in November 1996.

19 (2) For excess levies for collection in calendar year 1998 and  
20 thereafter, the maximum dollar amount shall be the sum of (a) plus or  
21 minus (b), (c), and (d) of this subsection minus (e) of this  
22 subsection:

23 (a) The district's levy base as defined in subsection (3) of this  
24 section multiplied by the district's maximum levy percentage as  
25 defined in subsection (4) of this section;

26 (b) For districts in a high/nonhigh relationship, the high school  
27 district's maximum levy amount shall be reduced and the nonhigh  
28 school district's maximum levy amount shall be increased by an amount  
29 equal to the estimated amount of the nonhigh payment due to the high  
30 school district under RCW 28A.545.030(3) and 28A.545.050 for the  
31 school year commencing the year of the levy;

32 (c) Except for nonhigh districts under (d) of this subsection,  
33 for districts in an interdistrict cooperative agreement, the  
34 nonresident school district's maximum levy amount shall be reduced  
35 and the resident school district's maximum levy amount shall be  
36 increased by an amount equal to the per pupil basic education  
37 allocation included in the nonresident district's levy base under  
38 subsection (3) of this section multiplied by:

1 (i) The number of full-time equivalent students served from the  
2 resident district in the prior school year; multiplied by:

3 (ii) The serving district's maximum levy percentage determined  
4 under subsection (4) of this section; increased by:

5 (iii) The percent increase per full-time equivalent student as  
6 stated in the state basic education appropriation section of the  
7 biennial budget between the prior school year and the current school  
8 year divided by fifty-five percent;

9 (d) The levy bases of nonhigh districts participating in an  
10 innovation academy cooperative established under RCW 28A.340.080

12 instruction to reflect each district's proportional share of student  
13 enrollment in the cooperative;

14 (e) The district's maximum levy amount shall be reduced by the  
15 maximum amount of state matching funds for which the district is  
16 eligible under RCW 28A.500.010.

17 (3) For excess levies for collection in calendar year 1998 and  
18 thereafter, a district's levy base shall be the sum of allocations in  
19 (a) through (c) of this subsection received by the district for the  
20 prior school year, including allocations for compensation increases,  
21 plus the sum of such allocations multiplied by the percent increase  
22 per full time equivalent student as stated in the state basic  
23 education appropriation section of the biennial budget between the  
24 prior school year and the current school year and divided by fifty-  
25 five percent. A district's levy base shall not include local school  
26 district property tax levies or other local revenues, or state and  
27 federal allocations not identified in (a) through (c) of this  
28 subsection.

29 (a) The district's basic education allocation as determined  
30 pursuant to RCW 28A.150.250, 28A.150.260, and 28A.150.350, excluding

5 aid funds and allocations in lieu of taxes.

6 (4)(a) A district's maximum levy percentage shall be twenty-four  
7 percent in 2010 and twenty-eight percent in 2011 through 2017 and  
8 twenty-four percent every year thereafter;

9 (b) For qualifying districts, in addition to the percentage in  
10 (a) of this subsection the grandfathered percentage determined as  
11 follows:

12 (i) For 1997, the difference between the district's 1993 maximum  
13 levy percentage and twenty percent; (~~and~~)

14 (ii) For 2011 through 2017, the percentage calculated as follows:

15 (A) Multiply the grandfathered percentage for the prior year  
16 times the district's levy base determined under subsection (3) of  
17 this section;

18 (B) Reduce the result of (b)(ii)(A) of this subsection by any  
19 levy reduction funds as defined in subsection (5) of this section  
20 that are to be allocated to the district for the current school year;

21 (C) Divide the result of (b)(ii)(B) of this subsection by the  
22 district's levy base; and

23 (D) Take the greater of zero or the percentage calculated in  
24 (b)(ii)(C) of this subsection;

25 (iii) For 2018 and thereafter, the percentage shall be calculated  
26 as follows:

33 (C) Divide the result of (b)(iii)(B) of this subsection by the  
34 district's levy base; and

35 (D) Take the greater of zero or the percentage calculated in  
36 (b)(iii)(C) of this subsection.

37 (5) "Levy reduction funds" shall mean increases in state funds  
38 from the prior school year for programs included under subsection (3)  
39 of this section: (a) That are not attributable to enrollment changes,  
40 compensation increases, or inflationary adjustments; and (b) that are

1 or were specifically identified as levy reduction funds in the  
2 appropriations act. If levy reduction funds are dependent on formula  
3 factors which would not be finalized until after the start of the  
4 current school year, the superintendent of public instruction shall  
5 estimate the total amount of levy reduction funds by using prior  
6 school year data in place of current school year data. Levy reduction  
7 funds shall not include moneys received by school districts from  
8 cities or counties.

9 (6) For the purposes of this section, "prior school year" means  
10 the most recent school year completed prior to the year in which the  
11 levies are to be collected.

12 (7) For the purposes of this section, "current school year" means  
13 the year immediately following the prior school year.

14 (8) Funds collected from transportation vehicle fund tax levies  
15 shall not be subject to the levy limitations in this section.

16 (9) The superintendent of public instruction shall develop rules  
17 and regulations and inform school districts of the pertinent data  
18 necessary to carry out the provisions of this section.

19 (10)(a) The superintendent of public instruction shall calculate  
20 each school district's maximum levy revenue by calendar year. The  
21 maximum levy revenue shall be reduced by the prior school year  
22 allocations for K-12 salary enhancements provided after August 31,  
23 2016.

24 (b) The reductions provided in this subsection (10) shall only be  
25 applied until the school district's levy rate reaches one dollar per  
26 one thousand dollars of assessed valuation within the school  
27 district.

28 (11) For purposes of this section, "maximum levy revenue" means  
29 the lesser of a school district's voter approved levy or maximum levy  
30 authority calculated pursuant to this section.

31 **Sec. 3.** RCW 28A.500.030 and 2006 c 372 s 904 and 2006 c 119 s 1

33 Allocation of state matching funds to eligible districts for  
34 local effort assistance shall be determined as follows:

39 rate and the statewide average twelve percent levy rate; to

1 (b) The statewide average twelve percent levy rate.

8 (3) Calendar year 2003 allocations and maximum eligibility under  
9 this chapter shall be multiplied by 0.99.

10 (4) From January 1, 2004, to December 31, 2005, allocations and  
11 maximum eligibility under this chapter shall be multiplied by 0.937.

12 (5) From January 1, 2006, to December 31, 2006, allocations and  
13 maximum eligibility under this chapter shall be multiplied by 0.9563.

16 percent and shall not be reduced.

17 (6) For calendar years 2018 through 2022, as increased salary
