They shall raise the valuation of each tract or lot or item of real property which in their opinion is returned below its true and fair value to such price or sum as they believe to be the true and fair value thereof, after at least five days' notice shall have been given in writing to the owner or agent.

Second. They shall reduce the valuation of each tract or lot or item which in their opinion is returned above its true and fair value to such price or sum as they believe to be the true and fair value thereof.

Fourth. They shall, upon complaint in writing of any party aggrieved, reduce the valuation of each class of personal property enumerated on the detail and assessment list of the current year, which in their opinion is returned above its true and fair value, to such price or sum as they believe to be the true and fair value thereof; and, upon like complaint, they shall reduce the aggregate valuation of the personal property of such individual who, in their opinion, has been assessed at too large a sum, to such sum or amount as they believe was the true and fair value of his personal property.

The clerk of the board shall keep an accurate journal or record of the proceedings and orders of said board in a book kept for that purpose, showing the facts and evidence upon which their action is based, and the said record shall be published the same as other proceedings of county commissioners, and shall make a true record of the changes of the descriptions and assessed values ordered by the county board of equalization. The assessor shall correct the real and personal assessment rolls in accordance with the changes made by the said county board of equalization, and he shall make duplicate abstracts of such corrected values, one copy of which shall be retained in his office, and one copy forwarded to the state board of equalization on or before the fifth day of August next following the meeting of the county board of equalization.

The county board of equalization shall meet on the first Monday in July and may continue in session and adjourn from time to time during a period not to exceed four weeks, but shall remain in session not less than three days: *Provided*, That, in addition to the several times fixed by statute, any county board of equalization may be reconvened for special or general purposes, but not later than three years after the date of adjournment of its regularly convened session by order of the department of revenue.

84.48.085 Equalization of valuations—Procedure.

The board of equalization shall reconvene on the first Monday of August for the purpose of equalizing valuations of real property within the county. Such equalization shall be accomplished in the following manner:

(1) The department of revenue shall certify to the board the ratio of the assessed valuation of locally assessed property in the county to the true and fair value of such property, based upon assessed values established without regard to equalization accomplished pursuant to this section (hereinafter referred to as the "tentative county indicated ratio"). The department shall also certify the ratio of the assessed valuation of locally assessed property in those geographical areas in the county which have been revalued during the year ending May 31st prior to the convening of the board to the true and fair value of such property (hereinafter referred to as the "revaluation ratio"). If, pursuant to the revaluation program, land alone or improvements alone have been revalued for any assessment year, the revaluation ratio shall be for land alone, or improvements alone, as appropriate, or such combination thereof as is appropriate. The board shall review the revaluation ratio so certified, and may accept, reject, or modify the ratio.

(2) If the revaluation ratio, as determined by the board, exceeds one hundred and fifteen percent of the tentative county indicated ratio, the board shall order the assessor, in accordance with the provisions of RCW 84.41.040, to reduce by a uniform percentage the true and fair values of land, improvements, or both as appropriate, within the geographical areas covered by the revaluation ratio by a uniform percentage such that the revaluation ratio shall equal the tentative county indicated ratio. The board shall also order the assessor to make appropriate similar adjustments to properties valued in the same year. For the purpose of administrative convenience, such reductions may be accomplished, in lieu of actual changes in the assessment rolls, by the assessor certifying to the treasurer the percentage adjustment for the geographical areas involved, on the basis of which the treasurer shall adjust the amount of taxes otherwise payable. [1973 1st ex.s. c 195 § 100; 1971 ex.s. c 288 § 8.]

The assessor shall within thirty days of such request but at least ten business days prior to such taxpayer's appearance before the board of equalization make available to the taxpayer the valuation criteria and/or comparables which shall not be subsequently changed or modified by the assessor during review or appeal proceedings unless the assessor has found new evidence supporting the assessor's valuation, in which situation the assessor shall provide such additional evidence to the taxpayer at least ten business days prior to the hearing on appeal or review proceedings. A taxpayer who lists comparable sales on his notice of appeal shall not thereafter use other comparables during the review of appeal proceedings: *Provided*, That the taxpayer may change the comparable sales he is using in proceedings subsequent to the county board of equalization only if he provides a listing of such different comparables to the assessor at least five business days prior to such subsequent proceedings: *Provided further*, That the board of equalization may waive the requirements contained in the preceding proviso or allow the assessor a continuance

All taxes shall be levied or voted in specific amounts, and the rate percent of all taxes for state and county purposes, and purposes of taxing districts coextensive with the county, shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the county, as shown by the completed tax rolls of the county, and the rate percent of all taxes levied for purposes of taxing districts within any county shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the taxing districts respectively: *Provided*, That when any such county assessor shall find that the aggregate rate of levy on any property will exceed the limitation set forth in RCW 84.52.043 and RCW 84.52.050 as now or hereafter amended, he shall recompute and establish a consolidated levy in the following manner:

(1) He shall include for extension on the tax rolls the full rates of levy certified to him for state, county, county road districts, city and school district purposes in amounts not exceeding the limitations established by law: *Provided*, That in the event of a levy made pursuant to RCW 84.34.230, the rates of levy for county, county road district, and school district purposes shall be reduced in such uniform percentages as will result in a consolidated levy by such taxing districts which will be no greater on any property than a consolidated levy by such taxing districts would be if the levy had not been made pursuant to RCW 84.34.230, and

(2) He shall include for extension on the tax rolls the rates percent of the tax levies certified to him by all other taxing districts imposing taxes on such property, other than port districts and public utility districts,

reduced by him in such uniform percentages as will bring the consolidated tax levy on such property within the provisions of such limitation. Intent—1970 ex.s. c 92: "It is the intent of this 1970 amendatory act to prevent a potential doubling of property taxes that might otherwise result from the enforcement of the constitutionally required fifty percent assessment ratio as of January 1, 1970, and to adjust property tax millage rates for subsequent years to levels which will conform to the requirements of any constitutional amendment imposing a one percent limitation on property taxes. It is the further intent of this 1970 amendatory act that the statutory authority of any taxing district to impose excess levies shall not be impaired by reason of the reduction in millage rates for regular property tax levies. This 1970 amendatory act shall be construed to effectuate the legislative intent expressed in this section." [1970 ex.s. c 92 § 1.]

This section shall apply to all assessment rolls and the warrants thereto attached. [1961 c 15 § 84.56.260. Prior: 1925 ex.s. c 130 § 96; RRS § 11257; prior: 1897 c 71 § 74; 1893 c 124 § 75.]

84.56.270 Court cancellation of personalty taxes six years delinquent. The county treasurer of any county of the state of Washington, after he has first received the approval of the board of county commissioners of such county, through a resolution duly adopted, is hereby empowered to petition the superior court in or for his county to finally cancel and completely extinguish the lien of any delinquent personal property tax which appears on the tax rolls of his county, which is more than six years delinquent, which he attests to be beyond hope of collection, and the cancellation of which will not impair the obligation of any bond issue nor be precluded by any other legal impediment that might invalidate

such cancellation. The superior court shall have jurisdiction to hear any such petition and to enter such order as it shall deem proper in the premises. [1961 c 15 § 84.56.270. Prior: 1945 c 59 § 1; Rem. Supp. 1945 § 11265-1.]

84.56.280 Settlement with state for state taxes. Immediately after the last day of each month, the county treasurer shall pay over to the state treasurer the amount collected by him and credited to the various state funds, but every such payment shall be subject to correction for error discovered upon the quarterly settlement next following. The county auditor shall, on or before the fifteenth day of the month in which such settlement is made, notify the state auditor of the result of the quarterly settlement with the county treasurer. Should any county treasurer fail or refuse to honor the draft or make payment of the amount thereon, except for manifest error or other good and sufficient cause, he shall be guilty of nonfeasance in office and upon conviction thereof shall be punished according to law. Upon canceling taxes deemed uncollectible, the county commissioners shall notify the county auditor of such action, whereupon the county auditor shall deduct on his records the amount of such uncollectible taxes due the various state funds and shall immediately notify the state auditor of his action and of the reason therefor; which uncollectible tax shall not then nor thereafter be due or owing the various state funds and the necessary corrections shall be made by the county treasurer upon the quarterly settlement next following.

When any assessment of property is made which does not appear on the assessment list certified by the county board of equalization to the state board of equalization the county assessor shall indicate to the county auditor the assessments and the taxes due therefrom when the list is delivered to the county auditor on December 15th. The county auditor shall then notify the state auditor of the taxes due the state from the assessments which did not appear on the assessment list certified by the county board of equalization to the state board of equalization. The county treasurer shall make proper accounting to the county auditor of all sums collected as either advance tax or supplemental or omitted tax, whereupon the county auditor shall notify the state auditor of the amounts due the various state funds according to the levy used in extending such tax and those amounts shall immediately become due and owing to the various state funds, to be paid to the state treasurer in the same manner as taxes extended on the regular tax roll. 84.56.300 Annual report of collections to county auditor. On the first Monday of January of each year the county treasurer shall balance up the tax rolls in his hands and with which he stands charged on the roll accounts of the county auditor. He shall then report to the county auditor in full the amount of taxes he has collected and specify the amount collected on each fund. He shall also report the amount of taxes that remain uncollected and delinquent upon the tax rolls, which, with his collection and credits on account of errors and double assessments, should balance his roll accounts as he stands charged. He shall then report the amount of collections on account of interest since the taxes became delinquent, and as added by him to the original amounts when making such collections, and with which he is now to be charged by the auditor, such reports to be duly verified by affidavit. [1961 c 15 § 84.56.320. Prior: 1925 ex.s. c 130 § 102; RRS § 11263; prior: 1897 c 71 § 81; 1893 c 124 § 86; 1890 p 583 § 133.]

84.56.330 Payment by mortgagee or other lien holder. Any person who has a lien by mortgage or otherwise, upon any real property upon which any taxes have not been paid, may pay such taxes, and the interest, penalty and costs thereon; and the receipt of the county treasurer or other collecting official shall constitute an additional lien upon such land, to the amount therein stated, and the amount so paid and the interest thereon at the rate specified in the mortgage or other instrument shall be collectible with, or as a part of, and in the same manner as the amount secured by the original lien: *Provided*, That the person paying such taxes shall pay the same as mortgagee or other lien holder and shall procure the receipt of the county treasurer therefor, showing the mortgage or other lien relationship of the person paying such taxes, and the same shall have been recorded with the county auditor of the county wherein the said real estate is situated, within ten days after the payment of such taxes and the issuance of such receipt. It shall be the duty of any treasurer issuing such receipt to make notation thereon of the lien relationship claim of the person paying such taxes. It shall be the duty of the county auditor in such cases to index and record such receipts in the same manner as provided for the recording of liens on real estate, upon the payment to the county auditor of the sum of fifty cents by the person presenting the same for recording: *And provided further*, That in the event the above provision be not complied with, the lien created by any such payment shall be subordinate to the liens of all mortgages or encumbrances upon such real property, which are senior to the mortgage or other lien of the person so making such payment. 84.56.390 Treasurer's record of false or erroneous listing to board of equalization. 84.56.400 Treasurer's record of manifest errors in listing—June meeting of board of equalization—Cancellation or correction of assessments—Consideration by board. The county treasurer shall also make and file with the county board of equalization a record, setting forth the facts relating to such manifest errors in description, double assessments, clerical errors in extending the rolls, and such manifest errors in the listing of property which do not involve a revaluation of property, such as the assessment of property exempted by law from taxation or the failure to deduct the exemption allowed by law to the head of a family, as shall come to his attention after the rolls have been turned over to him for collection. The board shall make findings of the facts upon which it bases its decision on all matters submitted to it, and when so made the assessment and levy shall have the same force as if made in the first instance, and the county treasurer shall proceed to collect the taxes due on the rolls as modified.

The board at its June meeting shall consider only matters referred to it by the records of the county treasurer or county assessor under this section and RCW 84.56.390.

The county assessor may cancel or correct assessments which are erroneous due to manifest errors in description, double assessments, clerical errors in extending the rolls, and such manifest errors in the listing of the property which do not involve a revaluation of property. When the county assessor cancels or corrects an assessment he shall send a notice to the taxpayer by certified mail with return receipt requested advising the taxpayer, and the person making payments if that person is to be notified pursuant to RCW 84.40.045, as now existing or hereafter amended, that the action of the county assessor is not final, and shall be considered at the June meeting of the county board of equalization, and that such notice shall constitute legal notice of such fact, and a copy of the notice shall be sent to the county treasurer as his authority for correcting the current tax roll. When the county assessor cancels or corrects an assessment, he shall prepare and file a record of such action with the county board of equalization, setting forth therein the facts relating to such manifest error.

The county board of equalization at its meeting in June shall consider such matters as appear in the record filed with it by the county assessor and shall determine whether the action of the county assessor was justified, and shall make findings of facts upon which it bases its decision on all matters submitted to it. If the county board of equalization finds that the action of the assessor was not correct, it shall issue a supplementary roll including such corrections as are necessary, and the assessment and levy shall have the same force and effect as if made in the first instance, and the county treasurer shall proceed to collect the taxes due on the supplementary roll. 84.56.430 Relisting and relevy of tax adjudged void. If any tax or portion of any tax heretofore or hereafter levied on any property liable to taxation is prevented

from being collected for any year or years, by reason of any erroneous proceeding connected with either the assessment, listing, equalization, levying or collection thereof, or failure of any taxing, assessing or equalizing officer or board to give notice of any hearing or proceeding connected therewith, or, if any such tax or any portion of any such tax heretofore or hereafter levied has heretofore or is hereafter recovered back after payment by reason of any such erroneous proceedings, the amount of such tax or portion of such tax which should have been paid upon such property except for such erroneous proceeding, shall be added to the tax levied on such property for the year next succeeding the entry of final judgment adjudging such tax or portion of tax to have been void. If any tax or portion of a tax levied against any property for any year has been, or is hereafter adjudged void because of any such erroneous proceeding as hereinbefore set forth, the county and state officers authorized to levy and assess taxes on said property shall proceed, in the year next succeeding, to relist and reassess said property and to reequalize such assessment, and to relevy and collect the taxes thereon as of the year that said void tax or portion of tax was levied, in the same manner, and with the same effect as though no part of said void tax had ever been levied or assessed upon said property: *Provided*, That such tax as reassessed and releved shall be figured and determined at the same tax-rate as such erroneous tax was or should have been figured and determined, and in paying the tax so reassessed and releved the taxpayer shall be credited with the amount of any taxes paid upon property retaxed for the year or years for which the reassessment is made. 84.68.020 Payment under protest—Claim not required. In all cases of the levy of taxes for public revenue which are deemed unlawful or excessive by the person, firm or corporation whose property is taxed, or from whom such tax is demanded or enforced, such person, firm or corporation may pay such tax or any part thereof deemed unlawful, under written protest setting forth all of the grounds upon which such tax is claimed to be unlawful or excessive; and thereupon the person, firm or corporation so paying, or his or its legal representatives or assigns, may bring an action in the superior court or in any federal court of competent jurisdiction against the state, county or municipality by whose officers the same was collected, to recover such tax, or any portion thereof, so paid under protest: *Provided*, That RCW 84.68.010 through 84.68.070 shall not be deemed to enlarge the grounds upon which taxes may now be recovered: *And provided further*, That no claim need be presented to the state or county or municipality, or any of their respective officers, for the return of such protested tax as a condition precedent to the institution of such action. 84.68.030 Judgment—Payment—County tax refund fund. In case it be determined in such action that said tax, or any portion thereof, so paid under protest, was unlawfully collected, judgment for recovery thereof and lawful interest thereon from date of payment, together with costs of suit, shall be entered in favor of plaintiff. In case the action is against a county and the judgment shall become final, the amount of such judgment, including legal interest and costs where allowed, shall be paid out of the treasury of such county by the county treasurer upon warrants drawn by the county

auditor against a fund in said treasury hereby created to be known and designated as the county tax refund fund. Such warrants shall be so issued upon the filing with the county auditor and the county treasurer of duly authenticated copies of such judgment, and shall be paid by the county treasurer out of any moneys on hand in said fund. If no funds are available in such county tax refund fund for the payment of such warrants, then such warrants shall bear interest in such cases and shall be callable under such conditions as are provided by law for county warrants, and such interest, if any, shall also be paid out of said fund. [1961 c 15 § 84.68.030. Prior: 1931 c 62 § 3; RRS § 11315-3.]

Annually, at the time required by law for the levying of taxes for county purposes, the proper county officers required by law to make and enter such tax levies shall make and enter a tax levy or levies for said county tax refund fund, which said levy or levies shall be given precedence over all other tax levies for county and/or taxing district purposes, as follows:

(1) A levy upon all of the taxable property within the county for the amount of all taxes collected by the county for county and/or state purposes held illegal and recoverable by such judgments rendered against the county within the preceding twelve months, including legal interest and a proper share of the costs, where allowed, together with the additional amounts hereinafter provided for;

(2) A levy upon all of the taxable property of each taxing district within the county for the amount of all taxes collected by the county for the purposes of such taxing district, and which have been held illegal and recoverable by such judgments rendered against the county within the preceding twelve months, including legal interest and a proper share of the costs, where allowed.

The aforesaid levy or levies shall also include a proper share of the interest paid out of the county tax refund fund during said twelve months upon warrants issued against said fund in payment of such judgments, legal interests and costs, plus such an additional amount as such levying officers shall deem necessary to meet the obligations of said fund, taking into consideration the probable portions of such taxes that will not be collected or collectible during the year in which they are due and payable, and also any unobligated cash on hand in said fund. action in the superior court of any one of the counties in which such tax is payable, or in any federal court of competent jurisdiction, and may join as parties defendant in said action all of the counties to which the tax or taxes levied upon such operating property were paid or are payable, and may recover in one action from each of the county defendants the amount of the tax, or any portion thereof, so paid under protest, and adjudged to have been unlawfully collected, together with legal interest thereon from date of payment, and costs of suit. [1961 c 15 § 84.68.050. Prior: 1937 c 11 § 3; 1931 c 62 § 5; RRS § 11315-5.]

84.68.060 Limitation of actions. No action instituted pursuant to this chapter or otherwise to recover any tax levied or assessed shall be commenced after the 30th day of the next succeeding June following the year in which said tax became payable. [1961 c 15 § 84.68.060. Prior: 1939 c 206 § 48; 1931 c 62 § 6; RRS § 11315-6.]

Except as permitted by RCW 84.68.010 through 84.68.070, no action shall ever be brought or defense interposed attacking the validity of any tax, or any portion of any tax: *Provided, however,* That this section shall not be construed as depriving the defendants in any tax foreclosure proceeding of any valid defense allowed by law to the tax sought to be foreclosed therein except defenses based upon alleged excessive valuations, levies or taxes. [1961 c 15 § 84.68.070. Prior: 1939 c 206 § 49; 1931 c 62 § 7; RRS § 11315-7.]

84.68.080 Action to recover property sold for taxes—Tender is condition precedent. Hereafter no action or proceeding shall be commenced or instituted in any court of this state for the recovery of any property sold for taxes, unless the person or corporation desiring to commence or institute such action or proceeding shall first pay, or cause to be paid, or shall tender to the officer entitled under the law to receive the same, all taxes, penalties, interest and costs justly due and unpaid from such person or corporation on the property sought to be recovered. [1961 c 15 § 84.68.080. Prior: 1888 c 22 (p 43) § 1; RRS § 955.]

In all actions for the recovery of lands or other property sold for taxes, the complainant must state and set forth specially in his complaint the tax that is justly due, with penalties, interest and costs, that the taxes for that and previous years have been paid; and when the action is against the person or corporation in possession thereof that all taxes, penalties, interest and costs paid by the purchaser at tax-sale, his assignees or grantees have been fully paid or tendered, and payment refused. [1961 c 15 § 84.68.090. Prior: 1888 c 22 (p 44) § 2; RRS § 956.]

The provisions of RCW 84.68.080 and 84.68.090 shall be construed as imposing additional conditions upon the complainant in actions for the recovery of property sold for taxes. [1961 c 15 § 84.68.100. Prior: 1888 c 22 (p 44) § 3; RRS § 957.]

84.68.110 Small claims recoveries—Recovery of erroneous taxes without court action. Whenever a taxpayer believes or has reason to believe that, through error in description, double assessments or manifest errors in assessment which do not involve a revaluation of the property, he has been erroneously assessed or that a tax has been incorrectly extended against him upon the tax rolls, and the tax based upon such erroneous assessment or incorrect extension has been paid, such taxpayer may initiate a proceeding for the cancellation or reduction of the assessment of his property and the tax based thereon or for correction of the error in extending the tax on the tax rolls, and for the refund of the claimed erroneous tax or excessive portion thereof, by filing a petition therefor with the county assessor of the county in which the property is or was located or taxed, which petition shall legally describe the property, show the assessed valuation and tax placed against the property for the year or years in question and the taxpayer's reasons for believing that there was an error in the assessment within the meaning of RCW 84.68.110 through 84.68.150, or in extending the tax upon the tax rolls and set forth the sum to which the taxpayer desires to have the assessment reduced or the extended tax corrected. [1961 c 15 § 84.68.110. Prior: 1939 c 16 § 1; RRS § 11241-1.]

84.68.120 Small claims recoveries—Petition—Procedure of county officers—Transmittal of findings to department of revenue. Upon the filing of the petition with the county assessor that officer shall proceed forthwith to conduct such investigation as may be necessary to ascertain and determine whether or not the assessment in question was erroneous or whether or not the tax was incorrectly extended upon the tax rolls and if he finds there is probable cause to believe that the property was erroneously assessed, and that such erroneous assessment was due to an error in description, double assessment or manifest error in assessment which does not involve a revaluation of the property, or that the tax was incorrectly extended upon the tax rolls, he shall endorse his findings upon the petition, and thereupon within ten days after the filing of the petition by the taxpayer forward the same to the county treasurer. If the assessor's findings be in favor of cancellation or reduction or correction he shall include therein a statement of the amount to which he recommends that the assessment and tax be reduced. It shall be the duty of the county treasurer, upon whom a petition with endorsed findings is served, as in RCW 84.68.110 through 84.68.150 provided, to endorse thereon a statement whether or not the tax against which complaint is made has in fact been paid and, if paid, the amount

thereof, whereupon the county treasurer shall immediately transmit the petition to the prosecuting attorney and the prosecuting attorney shall make such investigation as he deems necessary and, within ten days after receipt of the petition and findings by him, transmit the same to the state department of revenue with his recommendation in respect to the granting or denial of the petition. [1975 1st ex.s. c 278 § 208; 1961 c 15 § 84.68-.120. Prior: 1939 c 16 § 2; RRS § 11241-2.]

Construction—Severability—1975 1st ex.s. c 278: See notes following RCW 11.08.160.

84.68.130 Small claims recoveries—Procedure of department of revenue. Upon receipt of the petition, findings and recommendations the state department of revenue shall proceed to consider the same, and it may require evidence to be submitted and make such investigation as it deems necessary and for such purpose the department of revenue shall be empowered to subpoena witnesses in order that all material and relevant facts may be ascertained. Upon the conclusion of its consideration of the petition and within thirty days after receipt thereof, the department of revenue shall enter an order either granting or denying the petition and if the petition be granted the department of revenue may order the assessment canceled or reduced or the extended tax corrected upon the tax rolls in any amount it deems proper but in no event to exceed the amount of reduction or correction recommended by the county assessor. [1975 1st ex.s. c 278 § 209; 1961 c 15 § 84.68.130. Prior: 1939 c 16 § 3; RRS § 11241-3.]

Construction—Severability—1975 1st ex.s. c 278: See notes following RCW 11.08.160.

84.68.140 Small claims recoveries—Payment of refunds—Procedure. Certified copies of the order of the department of revenue shall be forwarded to the county assessor, the county auditor and the taxpayer, and the taxpayer shall immediately be entitled to a refund of the difference, if any, between the tax already paid and the canceled or reduced or corrected tax based upon the order of the department of revenue with legal interest on such amount from the date of payment of the original tax. Upon receipt of the order of the department of revenue the county auditor shall draw a warrant against the county tax refund fund in the amount of any tax reduction so ordered, plus legal interest to the date such warrant is issued, and such warrant shall be paid by the county treasurer out of any moneys on hand in said fund. If no funds are available in the county tax refund fund for the payment of such warrant the warrant shall bear interest and shall be callable under such conditions as are provided by law for county warrants and such interest, if any, shall also be paid out of said fund. The order of the department of revenue shall for all purposes be considered as a judgment against the county tax refund fund and the obligation thereof shall be discharged in the same manner as provided by law for the discharge of judgments against the county for excessive taxes under the provisions of RCW 84.68.010 through 84.68.070 or any act amendatory thereof. [1975

1st ex.s. c 278 § 210; 1961 c 15 § 84.68.140. Prior: 1939 c 16 § 4; RRS § 11241-4.]

Construction—Severability—1975 1st ex.s. c 278: See notes following RCW 11.08.160.

84.68.150 Small claims recoveries—Limitation as to time and amount of refund. No petition for cancellation or reduction of assessment or correction of tax rolls and the refund of taxes based thereon under RCW 84.68.110 through 84.68.150 shall be considered unless filed within three years after the year in which the tax became payable or purported to become payable. The maximum refund under the authority of RCW 84.68-.110 through 84.68.150 for each year involved in the taxpayer's petition shall be two hundred dollars. Should the amount of excess tax for any such year be in excess of two hundred dollars, a refund of two hundred dollars shall be allowed under RCW 84.68.110 through 84.68-.150, without prejudice to the right of the taxpayer to proceed as may be otherwise provided by law to recover the balance of the excess tax paid by him. - (8) Paid or overpaid as a result of mistake, inadvertence, or lack of knowledge by either a public official or employee or by any person paying the same or paid as a result of mistake, inadvertence, or lack of knowledge by either a public official or employee or by any person paying the same with respect to real property in which the person paying the same has no legal interest; or

- (11) Paid as a state property tax levied upon county assessed property, the assessed value of which has been established by the state board of tax appeals for the year of such levy: *Provided, however*, That the amount refunded shall only be for the difference between the state property tax paid and the amount of state property tax which would, when added to all other property taxes within the one percent limitation of Article VII, section 2 (Amendment 59) of the state Constitution equal one percent of the assessed value established by the board.

No refunds under the provisions of this section shall be made because of any error in determining the valuation of property, except as authorized in subsection (9), (10), and (11). [1975 1st ex.s. c 291 § 21; 1974 ex.s. c 122 § 2; 1972 ex.s. c 126 § 2; 1971 ex.s. c 288 § 14; 1969 ex.s. c 224 § 1; 1961 c 15 § 84.69.020. Prior: 1957 c 120 § 2.]

Effective dates—Severability—1975 1st ex.s. c 291: See notes following RCW 82.04.050.

Purpose—1974 ex.s. c 122: "The legislature recognizes that the operation of the provisions of RCW 84.52.065 and 84.48.080, providing for adjustments in the county-determined assessed value of property for purposes of the state property tax for schools, may, with respect to certain properties, result in a total regular property tax payment in excess of the one percent limitation provided for in Article 7, section 2 (Amendment 59) of the state Constitution. The primary purpose of this 1974 amendatory act is to provide a procedure for administrative relief in such cases, such relief to be in addition to the presently existing procedure for judicial relief through a refund action provided for in RCW 84.68.020." [1974 ex.s. c 122 § 1.] This applies to the amendment to RCW 84.69.020 by 1974 ex.s. c 122.

Severability—Savings—1971 ex.s. c 288: See notes following RCW 84.40.030.

84.69.030 Procedure to obtain order for refund. Except in cases wherein the board of county commissioners acts upon its own motion, no orders for a refund under this chapter shall be made except on a claim:

- (1) Verified by the person who paid the tax, his guardian, executor or administrator; and
- (2) Filed within three years after making of the payment sought to be refunded; and
- (3) Stating the statutory ground upon which the refund is claimed. [1961 c 15 § 84.69.030. Prior: 1957 c 120 § 3.]

84.69.040 Refunds may include amounts paid to state, and county and taxing district taxes. Refunds ordered by the board of county commissioners may include:

- (1) A portion of amounts paid to the state treasurer by the county treasurer as money belonging to the state; and also
- (2) County taxes and taxes collected by county officers for taxing districts. [1961 c 15 § 84.69.040. Prior: 1957 c 120 § 4.]

84.69.050 Refund with respect to amounts paid state. The part of the refund representing amounts paid to the state shall be paid from the county general fund and the state auditor shall, upon the next succeeding settlement with the county, certify this amount refunded to the county: *Provided*, That when a state-wide refund of tax funds pursuant to state levies is required, the state auditor and department of revenue shall authorize adjustment procedures whereby counties may deduct from property tax remittances to the state the amount required to cover the state's portion of the refunds. [1973 2nd ex.s. c 5 § 1; 1961 c 15 § 84.69.050. Prior: 1957 c 120 § 5.]

84.69.060 Refunds with respect to county and state taxes. Refunds ordered under this chapter with respect to county and state taxes shall be paid by checks drawn upon the appropriate fund by the county treasurer: *Provided*, That in making refunds on a county or district wide basis, the county treasurer may make an adjustment on the next property tax payment due for the amount of the refund unless the taxpayer requests immediate refund. [1973 2nd ex.s. c 5 § 2; 1961 c 15 § 84.69.060. Prior: 1957 c 120 § 6.]

84.69.070 Refunds with respect to taxing districts—Administrative expenses—Disposition of

funds upon expiration of refund orders. Refunds ordered with respect to taxing districts shall be paid by checks drawn by the county treasurer upon such available funds, if any, as the taxing districts may have on deposit in the county treasury, or in the event such funds are insufficient, then out of funds subsequently accruing to such taxing district and on deposit in the county treasury. When such refunds are made as a result of taxes paid under levies or statutes adjudicated to be illegal or unconstitutional all administrative costs including interest paid on the refunds incurred by the county treasurer in making such refunds shall be a charge against the funds of such districts and/or the state on a pro rata basis until the county current expense fund is fully reimbursed for the administrative expenses incurred in making such refund: *Provided*, That whenever orders for refunds of ad valorem taxes promulgated by boards of county commissioners and unpaid checks shall expire and become void as provided in RCW 84.69.110, then any moneys remaining in a refund account established by the county treasurer for any taxing district may be transferred by the county treasurer from such refund account to the county current expense fund to reimburse the county for the administrative expense incurred in making refunds as prescribed herein. Any excess then remaining in the taxing district refund account may then be transferred by the county treasurer to the current expense fund of the taxing district for which the tax was originally levied and collected. [1973 2nd ex.s. c 5 § 3; 1963 c 114 § 1; 1961 c 270 § 2; 1961 c 15 § 84.69.070. Prior: 1957 c 120 § 7.]

84.69.090 To whom refund may be paid. The payment of refunds shall be made payable, at the election of the appropriate treasurer, to the taxpayer, his guardian, executor, or administrator or the owner of record of the property taxed, his guardian, executor, or administrator. [1961 c 15 § 84.69.090. Prior: 1957 c 120 § 9.]

84.69.100 Refunds shall include interest—Written protests not required. Refunds of taxes made pursuant to RCW 84.69.010 through 84.69.090 shall include interest at the rate of five percent per annum from the date of collection of the portion refundable or from the date of claim for refund, whichever is later: *Provided*, That refunds on a state, county, or district wide basis during 1973 shall not commence to accrue interest until six months following the date of the final order of the court. No written protest by individual taxpayers need to be filed to receive a refund pursuant to *this 1973 amendatory act. [1973 2nd ex.s. c 5 § 4; 1961 c 15 § 84.69.100. Prior: 1957 c 120 § 10.]

***Reviser's note:** "this 1973 amendatory act" consists of amendments to RCW 84.69.050, 84.69.060, 84.69.070 and 84.69.100 by 1973 2nd ex.s. c 5.

84.69.110 Expiration date of refund orders. Every order for refund of ad valorem taxes promulgated by the board of county commissioners under authority of this chapter as hereafter amended shall expire and be void three years from the date of the order and all unpaid checks shall become void. [1961 c 15 § 84.69.110. Prior: 1957 c 120 § 11.]

84.69.120 Action on rejected claim—Time for commencement. If the board of county commissioners rejects a claim or fails to act within six months from the date of filing of a claim for refund in whole or in part, the person who paid the taxes, his guardian, executor, or administrator may within one year after the date of payment of the claimed refund amount commence an action in the superior court against the county to recover the taxes which the board of county commissioners have refused to refund. [1961 c 15 § 84.69.120. Prior: 1957 c 120 § 12.]

84.69.130 Claim prerequisite to action—Recovery limited to ground asserted. No action shall be commenced or maintained under this chapter unless a claim for refund shall have been filed in compliance with the provisions of this chapter, and no recovery of taxes shall be allowed in any such action upon a ground not asserted in the claim for refund. [1961 c 15 § 84.69.130. Prior: 1957 c 120 § 13.]

84.69.140 Interest shall be allowed on amount recovered—Exception. In any action in which recovery of taxes is allowed by the court, the plaintiff is entitled to interest on the taxes for which recovery is allowed at a rate of five percent per annum from the date of collection of the tax to the date of entry of judgment, and such accrued interest shall be included in the judgment. This section shall not apply to taxes paid before June 12, 1957. [1961 c 15 § 84.69.140. Prior: 1957 c 120 § 14.]

84.69.150 Refunds within sixty days. Notwithstanding any other laws to the contrary, any taxes paid before or after delinquency may be refunded, without interest, by the county treasurer within sixty days after the date of payment if:

- (1) Paid more than once; or
- (2) The amount paid exceeds the amount due on the property as shown on the roll. [1961 c 15 § 84.69.150. Prior: 1957 c 120 § 15.]

84.69.160 Chapter does not supersede existing law. This chapter is enacted as a concurrent refund procedure and shall not be construed to displace or supersede any portion of the existing laws relating to refunding procedures. [1961 c 15 § 84.69.160. Prior: 1957 c 120 § 16.]

84.69.170 Payment under protest not required. The remedies herein provided shall be available regardless of whether the taxes in question were paid under protest. [1961 c 15 § 84.69.170. Prior: 1957 c 120 § 17.]

(a) First take the true cash value of such taxable property and deduct therefrom the true cash value of the remaining property.

(b) Then divide any amount remaining by twelve and multiply the quotient by the number of months or major fraction thereof remaining in the calendar year after the date of the destruction of the property.

(2) The amount of taxes to be abated under RCW 84.70.010 as now or hereafter amended shall be determined by multiplying the amount of net loss determined under subsection (1) of this section by the rate percent of levy applicable to the property in the tax year to which the reduction of assessed value is applicable. [1975 1st ex.s. c 120 § 2; 1974 ex.s. c 196 § 3.]

The taxpayer shall also file a copy with the legislative body of the county, which shall serve as a petition for abatement of the tax: *Provided*, That the form shall contain such information as the department may prescribe. After receipt of the taxpayer's claim, and within thirty days after receipt, the county assessor shall provide the legislative body of the county with his determination of the facts necessary to calculate the amount of relief, if any, to which he believes the taxpayer is entitled. The determination of the county legislative body shall be final and not appealable. The legislative body may order the tax against the property to be abated in whole or in part, in accordance with the legislative body's determination. If an abatement is ordered the assessor and treasurer shall make the necessary adjustments to the assessment roll and the necessary entries required by the order in the records of their respective offices. Reviser's note: The language "this act", "this chapter" and words of similar import appear throughout this chapter, chapter 85.05 RCW. This chapter is almost entirely comprised of the basic diking district act of 1895 c 117 as amended and as expressly added thereto by subsequent enactments. The chapter is codified in the session law order of the basic act with a few independent sections which are in pari materia being also codified herein. Some sections were expressly added to the chapter of the code or compilation in which the basic act was currently published at the time of the particular enactment. Similarly some sections were amended by reference to the compilation number only. Some of these sections contain the language "this act", "this chapter", or both which appear in the session law either as original language or as reenactments of the compiler's translation. Therefore, throughout chapter 85.05 RCW such language is retained, wherever it appears, in the most recent session law reenactment. Situations concerning effective dates of particular acts or having express restrictive applications are otherwise specially noted.

Any or all of said defendants may appear jointly or separately, and admit or deny the allegations of said petition, and plead any affirmative matter in defense thereof, at the time and place appointed for hearing said petition, or to which the same may have been adjourned. If the court or judge thereof shall have

satisfactory proof that all of the defendants in said action have been duly served with said summons, as above provided, and shall be further satisfied by competent proof that said improvement is practicable, and conducive to the public health, welfare and convenience, and will increase the value of said lands for the purpose of public revenue, and that the contemplated use for which the land, real estate, premises or other property sought to be appropriated is really a public use, and that the land, real estate, premises or other property sought to be appropriated are required and necessary for the establishment of said improvement, the court or judge thereof shall cause a jury of twelve qualified persons to be impaneled to assess the damages and benefits as herein provided, if in attendance upon his court; and if not, he may, if satisfied that the public interests require the immediate construction of said improvement, direct the sheriff of his county to summon from the citizens of the county in which said petition is filed as many qualified persons as may be necessary in order to form a jury of twelve persons, unless the parties to the proceedings consent to a less number, such number to be not less than three, and such consent shall be entered by the clerk in the minutes of the trial. If necessary to complete the jury in any case, the sheriff, under direction of the court or judge thereof, shall summon as many qualified persons as may be required to complete the jury from the citizens of the county in which the petition is filed. In case a special jury is summoned, the cost thereof shall be taxed as part of the costs in the proceeding, and paid by the district seeking to appropriate said land, the same as other costs in the case; and no person shall be competent as a juror who is a resident of, or landowner in, the district seeking to appropriate said land. The jurors at such trial shall make in each case a separate assessment of damages which shall result to any person, corporation or company, or to the state, by reason of the appropriation and use of such land, real estate, premises or other property for said improvement, and shall ascertain, determine and award the amount of damages to be paid to said owner or owners, respectively, and to all tenants, incumbrancers and others interested, for the taking or injuriously affecting such land, real estate, premises or other property for the establishment of said improvement; and shall further find the maximum amount of benefits, per acre, to be derived by each of the landowners from the construction of said improvement. And upon a return of the verdict into court, the same shall be recorded as in other cases; whereupon a decree shall be entered in accordance with the verdict so rendered, setting forth all the facts found by the jury, and decreeing that said right-of-way be appropriated, and directing the commissioners of said diking district to draw their warrant on the county treasurer for the amount awarded by the jury to each person, for damages sustained by reason of the establishment of said improvement, payable out of the funds of said diking district. [1895 c 117 § 12; RRS § 4261. Formerly RCW 85.04.065, part.]

85.05.130 Assessment of benefited lands formerly omitted—Procedure—Appeals. If at any time it shall appear to the board of diking commissioners that

any lands within or without said district as originally established are being benefited by the diking system of said district and that said lands are not being assessed for the benefits received, or that any lands within said district are being assessed out of or not in proportion to the benefits which said lands are receiving from the maintenance of the diking system of said district, and said board of diking commissioners shall determine that certain lands, either within or without the boundaries of the district as originally established, should be assessed for the purpose of raising funds for the future maintenance of the diking system of the district, or that the assessments on land already assessed should be equalized by diminishing or increasing the same so that said lands shall be assessed in proportion to the benefits received, said commissioners shall file a petition in the superior court in the original cause, setting forth the facts, describing the lands not previously assessed and the lands the assessments on which should be equalized, stating the estimated amount of benefits per acre being received by each tract of land respectively, giving the name of the owner or reputed owner of each such tract of land, and praying that such original cause be opened for further proceedings for the purpose of subjecting new lands to assessment or equalizing the assessments upon lands already assessed, or both.

Upon the filing of such petition, summons shall issue thereon and be served on the owners of all lands affected, in the same manner as summons is issued and served in original proceedings, as near as may be, and if such new lands lie within the boundaries of any other diking district, said summons shall also be served upon the commissioners of such other diking district.

In case any of the new lands sought to be assessed in said proceeding lie within the boundaries of any other diking district, and the diking commissioners of such other district believe that the maintenance of the dike or dikes of such other district is benefiting lands within the district instituting the proceedings, said diking commissioners of such other districts shall intervene in such proceedings by petition, setting forth the facts, describing the lands in the district instituting the proceeding which they believe are being benefited by the maintenance of the diking system of their district, and praying that the benefits to such lands may be determined and such lands subjected to assessment for the further maintenance of the diking system of their district, to the end that all questions of benefits to lands in the respective districts may be settled and determined in one proceeding, and such petitioners in intervention shall cause summons to be issued upon such petition in intervention and served upon the commissioners of the diking district instituting the proceeding and upon the owners of all lands sought to be affected by such petition in intervention.

In case the owner of any such new lands sought to be assessed in said proceedings shall be maintaining a private dike against salt or fresh water for the benefit of said lands, and shall believe that the maintenance of such private dike is benefiting any lands within or without the district instituting the proceedings, or in case any such new lands sought to be assessed are included within

the boundaries of some other diking district and are being assessed for the maintenance of the dikes of such other district, and the owner of such lands believes that the maintenance of the dike or dikes of such other district is benefiting lands included within the district instituting said proceedings, such owner or owners may by answer and cross-petition set forth the facts and pray that at the hearing upon said petition and cross-petition the benefits accruing from the maintenance of the respective dikes may be considered, to the end that a fair and equitable adjustment of the benefits being received by any lands from the maintenance of the various dikes benefiting the same, may be determined for the purpose of fixing the assessments for the future maintenance of such dikes, and may interplead in said proceeding such other diking district in which his lands sought to be assessed in said proceeding are being assessed for the maintenance of the dike or dikes of such other district.

No answer to any petition or petition in intervention shall be required, unless the party served with summons desires to offset benefits or to ask other affirmative relief, and no default judgment shall be taken for failure to answer any petition or petition in intervention, but the petitioners or petitioners in intervention shall be required to establish the facts alleged by competent evidence.

Upon the issues being made up, or upon the lapse of time within which the parties served are required to appear by any summons, the court shall impanel a jury to hear and determine the matters in issue, and the jury shall determine and assess the benefits, if any, which the respective tracts of land are receiving or will receive from the maintenance of the dike or dikes to be maintained, taking into consideration any and all matters relating to the benefits, if any, received or to be received from any dike, structure, or improvement, and to credit, or charge, as the case may be, to each tract so situated as to affect any other tract or tracts, or having improvements or structures thereon or easements granted in connection therewith affecting any other tract or tracts included in such proceedings and shall specify in their verdict the respective amount of benefits per acre, if any, assessed to each particular tract of land, by legal subdivisions. Upon the return of the verdict of the jury, the court shall enter its judgment in accordance therewith, as supplemental to the original decree, or in case a petition in intervention be filed by the diking commissioners of some other district than that instituting the proceeding, such judgment to be supplemental to all such original decrees, and thereafter, all assessments and levies for the future maintenance of any dike or dikes described in said judgment shall be based upon the respective benefits determined and assessed against the respective tracts of land as specified in said judgment. Every person or corporation feeling himself or itself aggrieved by any such judgment may appeal to the supreme court or the court of appeals within thirty days after the entry thereof, and such appeal shall bring before the supreme court or the court of appeals the propriety and justness of the verdicts of the jury in respect to the parties to the appeal. No bonds shall be allowed on such appeals. Nothing in this section contained shall be construed as affecting the right of diking districts to consolidation in any manner

provided by law. [1971 c 81 § 157; 1913 c 89 § 1; 1901 c 111 § 1; 1895 c 117 § 13; RRS § 4262.]

Reviser's note: This section was declared unconstitutional in *Malim v. Benthien*, 114 Wash. 533 (1921). Prior enactments are set forth below:

1901 c 111 § 1. "If the board of diking commissioners shall, at any time, discover that any lands within said district are being benefited by the diking system and the same were by mistake, inadvertence or other cause omitted from the assessment of benefits as provided for in *the last preceding section, or which were omitted for the reason that they were not at the time of assessing the benefits as provided for in said preceding section, for any cause, subject to a legal assessment, said commissioners shall file a petition in the Superior Court in the original cause setting forth the fact of such benefits, describing the lands omitted, the reason the same were omitted in said original proceedings and giving the name of the owners or reputed owners thereof and praying that said original cause, as to such lands, be opened up for further proceedings for the assessment of the alleged benefits, and upon the filing of said petition summons shall issue thereon and be served on the defendants named in said petition the same as summons is served and issued in original proceedings, as near as may be, except the court may, to avoid costs, and in its discretion, call a jury of not less than three jurors, and the jury, in assessing the benefits, shall take into consideration the length of time said lands are to receive the benefits from said improvement and its future maintenance, estimating said time from the date when said lands first became legally assessable, which date must be found by the jury in their verdict as to each tract or parcel found to be benefited: *And provided further*, That in case the expense and costs of the improvement have been paid for by assessments levied against the lands assessed in the original proceeding before the lands provided for in this section are assessed, as provided for herein, then, in such case, the assessments levied from time to time on said last mentioned land shall be paid into the maintenance fund of said district. Every person or corporation feeling himself or itself aggrieved by any judgment for damages or any assessment of benefits provided in this act, may appeal to the Supreme Court of the state within thirty days after the entry of the judgment, and such appeal shall bring before the Supreme Court the propriety and justness of the amount of damage or assessment of benefit in respect to the parties to the appeal. Upon such appeal no bond shall be required and no stay shall be allowed."

***Reviser's note:** The language "the last preceding section" which appears in the foregoing quotation of 1901 c 111 § 1, refers to 1895 c 117 § 12 codified as RCW 85.05.120.

1895 c 117 § 13. "Every person or corporation feeling himself or itself aggrieved by the judgment for damages, or the assessment of benefits, may appeal to the supreme court of this state, within thirty days after the entry of the judgment, and such appeal shall bring before the supreme court the propriety and justness of the amount of damage or assessment of benefit in respect to the parties to the appeal. Upon such appeal no bond shall be required and no stay shall be allowed."

85.05.140 Proceedings may be dismissed when. In case the damages or amount of compensation for such right-of-way, together with the estimated cost of the improvement, amount to more than the maximum amount of benefits which will be derived from said improvement, or if said improvement is not practicable, or will not be conducive to the public health, welfare and convenience, or will not increase the public revenue, the court shall dismiss such proceedings, and in such case a judgment shall be rendered for the costs of said proceedings against said district, and no further proceedings shall be had or done therein; and upon the payment of the costs, said organization shall be dissolved by decree of said court. 85.05.150 Procedure to claim awards. Any person or corporation claiming to be entitled to any money ordered paid by the court, as provided in this act, may apply to the court therefor, and upon furnishing evidence satisfactory to the court that he is entitled to the same, the court shall make an order directing the payment to such claimant of the portion of such money as he or it may be found entitled to; but if, upon application, the court or judge thereof shall decide that the title to the land, real estate or premises specified in the application of such claimant is in such condition as to require that an action be commenced to determine the title of claimants thereto, it shall refuse such order until such action is commenced and the conflicting claims to such land, real estate or premises be determined according to law. [1895 c 117 § 15; RRS § 4264. Formerly RCW 85.04.210, part.]

85.05.160 Transcript of benefits to auditor—Assessments—Collection. Upon the entry of the judgment upon the verdict of the jury, the clerk of said court shall immediately prepare a transcript, which shall contain a list of the names of all the persons and corporations benefited by said improvement and the amount of benefit derived by each, respectively, and shall duly certify the same, together with a list of the lands benefited by said improvement belonging to each person or corporation, and shall file the same with the auditor of the county, who shall immediately enter the same upon the tax rolls of his office, as provided by law for the entry of other taxes, against the land of each of the said persons named in said list, together with the amounts thereof, and the same shall be subject to the same interest and penalties in case of delinquency as in case of general taxes, and shall be collected in the same manner as other taxes and subject to the same right of redemption and the lands sold for the collection of said taxes shall be subject to the same right of redemption as in the sale of lands for general taxes: *Provided*, That said assessment shall not become due and payable except at such time or times and in such amount as may be designated by the board of commissioners of said dike district, which designation shall be made to the county auditor by said board of commissioners of said diking district, by serving a written notice upon the county auditor designating the time and the amount of the assessment, said assessment to be in proportion to benefits, to become due and payable, which amount shall fall due at the time of the falling due of general taxes, and the amount so designated shall be added by the auditor to the general taxes of said person, persons or corporations, according to said notice, upon the assessment rolls in his said office, and collected therewith: *And provided further*, That no one call for assessments by said commissioners shall be in an amount to exceed twenty-five percent of the actual amount necessary to pay the costs of the proceedings, and the establishment of said district and system of dikes and the cost of construction of said work. [1895 c 117 § 16; RRS § 4265. Formerly RCW 85.04.080, part.]

85.05.170 Tax to pay cost on dismissal. In the event of the dismissal of said proceedings and the rendition of

judgment against said district, as hereinbefore provided, said diking commissioners shall levy a tax upon all of the real estate within said district, taking as a basis the last equalized assessment of said real estate for state and county purposes, sufficient to pay said judgment, and the cost of levying said tax, and shall cause said tax roll to be filed in the office of the clerk of the superior court in which such judgment was rendered. If said tax is not paid within sixty days after the filing of said tax roll, the court shall, upon the application of any party interested, direct said real estate to be sold in payment of said tax, said sale to be made in the same manner and by the same officer, as is or may be provided by law for the sale of real estate for taxes for general purposes; and the same rate of redemption shall exist as in the sale of real estate for the payment of taxes for general purposes. [1895 c 117 § 17; RRS § 4266. Formerly RCW 85.04.075, part.]

85.05.180 Construction—Contractors—Performance bonds. After the filing of said certificate said commissioners of such diking district shall proceed at once in the construction of said improvements, and in carrying on said construction or any extension thereof they shall have full charge and management thereof, and shall have the power to employ such assistance as they may deem necessary, and purchase all material that may be necessary in the construction and carrying on of the work of said improvement, and shall have power to let the whole or any portion of said work to any responsible contractor, and shall in such case enter into all necessary agreements with such contractor that may be necessary in the premises: *Provided*, That in case the whole or any portion of said improvement is let to any contractor, said commissioners shall require such contractor to give a bond in double the amount of the contract price of the whole or of such portion of said work covered by such contract, with two or more good and sufficient sureties to be approved by the board of commissioners of said diking district and running to said district as obligee therein, conditioned for the faithful and accurate performance of said contract by said contractor, his executors, administrators or assigns, according to the terms and conditions of said agreement, and shall cause said contractor to enter into a further and additional bond in the same amount, with two or more good and sufficient sureties to be approved by said board of commissioners of said diking district in the name of said district as obligee therein, conditioned that said contractor, his executors, administrators or assigns, or subcontractor, his executors, administrators or assigns, shall perform the whole or any portion of said work under contract of said original contractor; shall pay or cause to be paid all just claims of all persons performing labor or rendering services in the construction of said work, or furnishing materials, merchandise or provisions of any kind or character used by said contractor or subcontractor, or any employee thereof in the construction of said improvement: *Provided further*, That no sureties on said last mentioned bond shall be liable thereon unless the persons or corporations performing said labor and furnishing said materials, goods, wares, merchandise and

provisions, shall, within ninety days after the completion of such improvement, file their claim, duly verified, that the amount is just and due and remains unpaid, with the commissioners of said diking district. [1895 c 117 § 18; RRS § 4267. Formerly RCW 85.04.095, part.]

85.05.190 Substantial changes in plans—Procedure. The work on said improvement shall begin without delay, and shall be carried on with all expedition possible, and said board of commissioners of said diking district, or any contractor thereunder, shall have no power whatever to change the location of the dikes or the system of improvement or the manner of doing the work therein so as to make any radical changes in said improvement, without the written consent of all the landowners to be benefited thereby, and the landowners which may be damaged thereby. And in case any substantial changes in said system of improvement or the manner of the construction thereof shall be deemed necessary by said board of commissioners at any time during the progress thereof, and if the written consent to such changes cannot be procured from said landowners, then said commissioners, for and on behalf of said district, shall file a petition in the superior court of the county within which said district is located, setting forth therein the changes which they deem necessary to be made in the plans or manner of the construction of said improvement, and praying therein to be permitted to make such changes, and upon the filing thereof, the commissioners [clerk] shall cause a summons to be served, setting forth the prayer of said petition, under the seal of said court, which summons shall be served in the same manner as the service of summons in the case of the original petition, upon all the landowners or others claiming any lien thereon or interest therein appearing of record in said district, and any or all of such parties so served may appear in said cause and submit their objections thereto, and after the time for the appearance of said parties has expired, the court shall proceed to hear said petition at once without further delay, and if it appears during the course of such proceedings that the property rights of any of said landowners will be affected by such proposed change in said improvement, then the court, after having passed upon all preliminary questions as in the original proceedings, shall cause a jury to be impaneled as in the case of the original proceedings for the establishment of said improvement, and upon the final hearing of said cause the jury shall return a verdict finding the amount of damages, if any, sustained by all persons and corporations the same as upon the original petition, by reason of such proposed change, and the amount of compensation to be paid to any persons or corporations therefor, and for any additional right-of-way that may be necessary to be appropriated by reason of said proposed change, and shall readjust the amount of benefits claimed to have been increased or diminished by any of said landowners by reason of such proposed change in said improvement, and the proceedings thereafter shall be the same as to rendering judgment, appeal therefrom, payment of compensation and damages, and filing of the certificate with the auditor, as hereinbefore provided for

in the proceedings under the original petition, and said commissioners shall have a right thereafter to proceed with the construction of said improvement according to the changes made therein. [1895 c 117 § 19; RRS § 4268. Formerly RCW 85.04.100, part.]

85.05.200 Payments on contracts—Retained percentage. During the construction of said improvement said commissioners shall have the right to allow payment thereof, in installments as the work progresses, in proportion to the amount of work completed: *Provided*, That no allowance or payment shall be made for said work to any contractor or subcontractor to exceed seventy-five percent of the proportionate amount of the work completed by such contractor or subcontractor, and twenty-five percent of the contract price shall be reserved at all times by said board of commissioners until such work is wholly completed, and shall not be paid upon the completion of said work until ninety days have expired for the presentation of all claims for labor performed and materials, goods, wares, merchandise and provisions furnished or used in the construction of said improvement; and upon the completion of said work and the payment of all claims hereinbefore provided for, according to the terms and conditions of said contract, said commissioners shall accept said improvement and pay the contract price therefor. [1895 c 117 § 20; RRS § 4269. Formerly RCW 85.04.105, part.]

85.05.210 Private dikes, how connected—Additional plans—Costs. In case any diking district organized under the provisions of this act desires to connect its system of dikes with the system of dikes of any other district theretofore organized or constructed, said last mentioned diking district shall be made a party defendant in the proceedings in the superior court for the establishment of the improvement proposed to be constructed by such first mentioned diking district, and the petition to be filed in said court, in addition to the facts to be set forth therein as hereinbefore provided for, shall set forth the further fact that said district is desirous of connecting its said system of dikes with the system of such other diking district, and shall set forth an estimate of the additional cost per annum, if any, for the future maintenance of the diking system so sought to be connected with, and also an estimate of the cost of any additional improvement in said system so sought to be connected with, if any, by reason of such connection, and shall also set forth the amount of compensation which should be made by said diking district for the privilege of connecting with the said system of dikes; and in case it shall be deemed necessary to enlarge or strengthen the system of dikes to be connected with by reason of such connection, there shall be filed with said petition, in addition to the plans, specifications and data hereinbefore provided to be filed, plans and specifications and the estimated cost of the proposed improvement to be made in the system sought to be connected with by reason of such connection, and the proceedings thereon shall be the same as in other cases for the establishment

of diking districts under the provisions of this act: *Provided*, That the jury shall, in addition to the other findings provided for in other cases under the provisions of this act, find the amount of compensation to be paid said district with whose system connection is sought to be made, for any additional cost, if any, which may be thrown upon said district by reason of the increased cost of maintenance by reason of such connection, and shall estimate the amount of such increased cost of maintenance per annum, and also the amount of compensation to be made to said district for the privilege of joining on to its system of dikes; the compensation to be made for the increased cost of maintenance shall be paid per annum out of the revenue derived from the assessments to be levied as in other cases, and the compensation to be made as may be found by the jury to said district whose system is sought to be connected with for the privilege thereof, shall be paid such district as damages are paid in other cases under the provisions of this act; and all amounts so paid to said district sought to be connected with, as compensation for the cost of maintenance, shall be used as an additional fund for the maintenance of said diking system of such district, and the amount of compensation paid for the privilege of connecting with the system of such district shall also be added to the general fund of said district, to be used for the payment of the cost of maintenance of the system of such district sought to be connected with. [1895 c 117 § 21; RRS § 4270. Formerly RCW 85.04.435, part.]

85.05.220 Connecting with other diking systems. In case it shall be found necessary to enlarge or strengthen the system of dikes sought to be connected with, by reason of such connection, the jury shall determine the cost of such enlarging or strengthening, and said petitioner district shall have the right, by and through its representatives, assistants and employees, to make such improvement on the system of such other district as may have been found necessary upon the hearing of said petition, and the costs thereof shall be assessed against the landowners of said petitioner district to be benefited by the construction of said entire system, and no additional cost or burden, by reason of such improvement, shall be thrown upon the landowners of said district sought to be connected with. [1895 c 117 § 22; RRS § 4271. Formerly RCW 85.04.435, part and 85.04.440.]

85.05.230 Action by district to prevent washing away of stream banks. Where any diking system is sought to be constructed by any district organized under the provisions of this act along any river or watercourse to prevent overflow therefrom, and it shall become necessary to provide against the washing away of the banks of said river or watercourse so as to prevent injury to such proposed diking system, or any system which may have already been completed, such district, by and through its board of commissioners, may make such portions of lands lying along said dikes which are threatened to be washed away by said river or watercourse part of the right-of-way of said dike system, and may construct along the banks of said river or watercourse, as a part of said diking system, such protection as may be necessary

to protect said dike, and in such cases such tract or parcel of land may be condemned and appropriated under the law of eminent domain as provided herein as a part of the right-of-way of such dike system; and when not condemned or appropriated at the time said system is established and constructed, said diking district, by and through its board of commissioners, may, at any time thereafter, when any portion of said system is threatened to be washed away by such river or watercourse, file their petition with the court condemning and appropriating for the use of said district so much of the land lying along said river or watercourse as may be necessary to be used for the protection of said diking system, and the proceedings therein for the making of compensation therefor and the payment of damages by reason of such appropriation shall be the same, or as near as may be applicable, as other proceedings for the condemnation of right-of-way provided for in this act. [1895 c 117 § 23; RRS § 4272. Formerly RCW 85.04.420, part.]

85.05.240 Action by district to prevent washing away of stream banks—Expenses for appropriation of land. Whenever any land is appropriated along the bank of any river or watercourse, as provided for in the last preceding section, the expenses of such appropriation, including the costs and damages to be paid therefor—when such appropriation is taken subsequently to the construction of any system of dikes under the provisions of this act—shall be added to the annual cost of the maintenance of said system and be paid as such, as provided herein. [1895 c 117 § 24; RRS § 4273. Formerly RCW 85.04.420, part.]

In the construction of any diking system under the provisions of this act, where it is desired to construct the same along the right-of-way of any public road which has theretofore been legally established, said district shall have a right to construct its dikes along such road: *Provided*, That the dikes so constructed along such road shall not destroy or impair the same for the use of the public convenience as a public highway; and in case of the construction or improvement of any dike along any public highway, such dike shall be constructed of sufficient width and in such manner as will be conducive to the public as a public highway. [1895 c 117 § 25; RRS § 4274. Formerly RCW 85.04.425.]

Any town or city already incorporated, or which may hereafter be incorporated, may exercise the functions of a diking district under the provisions of this act, or the whole or any portion of any such town or city may be included with other territory in a common district under the provisions for the establishment thereof as provided for herein. [1895 c 117 § 26; RRS § 4275. Formerly RCW 85.04.115, part.]

year the drainage commissioners shall, make and certify to the county auditor an estimate of the cost of maintenance and repair of the improvement for the ensuing year. The amount thereof shall be levied against the land in the district in proportion to the maximum benefits assessed, and shall be added to the general taxes and collected therewith. If such estimate of the cost of maintenance and repair against any tract or contiguous tracts owned by one person or corporation is less than two dollars, then the county auditor shall levy such a minimum amount of two dollars against such tract or contiguous tracts, and upon the collection thereof as herein provided shall pay all sums collected into the maintenance and/or repair fund of the district. In case of an emergency the commissioners may incur additional obligations and issue warrants therefor in excess of the estimate. [1959 c 209 § 10. Prior: (i) 1913 c 89 § 2; 1905 c 7 § 2; 1895 c 117 § 27; RRS § 4276. (ii) 1917 c 133 § 2; 1907 c 120 § 1; 1905 c 173 § 3; 1895 c 115 § 24; RRS § 4324. Formerly RCW 85.04.120.]

The board of commissioners of such district shall elect one of their number chairman and one secretary, and shall keep minutes of all their meetings, and may issue warrants of such district in payment of all claims of indebtedness against such district. Such warrants shall be in form and substance the same as county warrants, or as near the same as may be practicable, and shall draw the legal rate of interest from the date of their presentation to the treasurer for payment, as hereinafter provided, and shall be signed by the chairman and attested by the secretary of said board: *Provided*, That no warrants shall be issued by said board of commissioners in payment of any indebtedness of such district for less than the face or par value. [1895 c 117 § 28; RRS § 4277. Formerly RCW 85.04.040, part and RCW 85.04.165, part.]

85.05.290 District bonds—Authority to issue—When due and payable—No sale under par. Upon the establishment of any district under the provisions of this chapter and the establishment of a system of diking therein as provided for in this act, the board of commissioners of such diking district may, upon petition of the landowners owning a majority of all the lands within such district to be benefited thereby, issue bonds for the total amount of the cost of construction of said improvements, together with the costs of the establishment thereof, including damages assessed and compensation made to landowners for right of way and the expenses and costs of the entire proceeding payable at a time not less than five years nor longer than ten years from the date thereof; and such commissioners may, at any time thereafter without such petition issue bonds for the purpose of funding any outstanding warrants or obligations of such district, and in case of such last named issue, all the outstanding warrants of such district shall immediately become due and payable upon receipt of the money by the county treasurer from the sale of said bonds, and upon a call of such outstanding obligations to be issued by him, which call shall be made by said treasurer

The manner of conducting said election and the hours between the opening and closing of the polls and the officers of said election shall be the same as provided in the general diking law for the annual election of officers of diking districts, and in case a canvass of the votes cast at said election shall show a majority of the votes cast in each of the districts seeking to consolidate to be in favor of consolidation, an order shall at once be entered upon the minutes of each of said districts by the commissioners thereof, showing the result of said vote cast at said election, and setting forth therein the name of such consolidated district, and a copy of the minutes so entered duly certified by the commissioners of each of said districts shall be filed, one each with the auditor and treasurer of the county within which said districts are located, and one with the clerk of the superior court of such county, to be entered and filed by the clerk of such court in the original proceedings establishing said districts, and a certified copy of such entry shall be transmitted to the secretary of state by the clerk of said court, and thereafter the territory embraced in said districts so consolidated shall be known and designated as "Consolidated Diking District No. _____ (here insert number) of _____ (here insert name of county) County, Washington," as provided in

said order, and thereafter the said district shall have the same powers and duties as other diking districts organized under the diking laws of the state of Washington. [1913 c 43 § 3; RRS § 4295. Formerly RCW 85.04.530.]

85.05.590 Consolidation of districts—Commissioners—Term of office. The diking commissioners of the districts constituting such consolidated district shall be the board of commissioners of such consolidated district and discharge the duties of such officers until the next general election for the election of diking commissioners, and until a board of commissioners for said consolidated district are elected and qualified, and thereafter the officers of said consolidated district shall be elected, qualified and perform the same duties as in case of other diking districts. [1913 c 43 § 4; RRS § 4296. Formerly RCW 85.04.535.]

85.05.600 Consolidation of districts—Indebtedness—Future obligations. In case of such consolidation all indebtedness and outstanding obligations of the districts so consolidated, and all assessments levied and moneys collected and to be collected thereunder, shall remain unaffected by said proceedings for the consolidation of the same, and the payment of such indebtedness and obligations and the expenditure of moneys collected or to be collected under such previous assessments shall be made in the same manner, based upon the same assessments, and against and for the benefit of the same lands liable therefor prior to such consolidation, but the duties relating thereto shall be discharged by the commissioners of such consolidated district: *Provided, however*, That all assessments made for the future repair, improvement or maintenance of the diking system of said consolidated district shall be apportioned to and assessed against the land included in such consolidated district, in the same manner as though the same had been originally incorporated in one district, and in accordance with the general provisions of the diking laws relating thereto. [1913 c 43 § 5; RRS § 4297. Formerly RCW 85.04.540.]

Reviser's note: Part I of this chapter consists of chapter 115, Laws of 1895 as it has been amended and added to; thus the term "this act" has been translated to read "this chapter" throughout Part I. In Part II a number of miscellaneous acts relating to drainage districts have been codified; throughout Part II interval translations of the term "this act" have been made where they occur.

PART I—DRAINAGE DISTRICTS

85.06.010 Districts authorized—Powers—Management. Any portion of a county, requiring drainage, which contains five or more inhabitants and freeholders therein may be organized into a drainage district, and when so organized such district and the board of commissioners hereinafter provided for shall have and possess the power herein conferred or that may hereafter be conferred by law upon such district and board of commissioners, and said district shall be known and designated as drainage district No. ----- (here insert number), of the county of ----- (here insert the name of the county), of the state of Washington, and shall have the right to sue and be sued by and in the name of its board of commissioners hereinafter provided for, and shall have perpetual succession, and shall adopt and use a seal. The commissioners hereinafter provided for and their successors in office shall, from the time of the organization of such drainage district, have the power, and it shall be their duty, to manage and conduct the business and affairs of the district, make and execute all necessary contracts, employ and appoint such agents, officers and employees as may be required, and prescribe their duties, and perform such other acts as hereinafter provided, or that may hereafter be provided by law. [1895 c 115 § 1; RRS § 4298. Formerly RCW 85.04.005, part.]

85.06.020 Petition—Contents—Bond. For the purpose of the formation of such drainage districts a petition shall be presented to the board of county commissioners of the county in which said proposed drainage district is located, which petition shall set forth the object for the creation of said district, the number of acres to be benefited by the proposed drainage system, shall designate the boundaries thereof, shall contain the names of all the freeholders residing within said proposed district so far as known, a brief description of the proposed system of drainage, the designation of a good and sufficient outlet for the drainage of said district, which point of outlet may be within or without the boundaries of said district; the route over which said drainage system is to be constructed, together with the proposed spurs and branches, if any there may be, and the termini thereof, and shall set forth the further fact that the establishment of said district and the proposed system of drainage will be conducive to the public health, convenience and welfare, and increase the public revenue, and that the establishment of said district and system of drainage will be of special benefit to the property included therein. Said petition shall be signed by the owners of at least a majority of the acreage in the

proposed district and shall pray that the same be organized under the provisions of this chapter. At the time of the filing of said petition said petitioners shall file a bond with said county commissioners running to the state of Washington, in the penal sum of five hundred dollars, executed in behalf of petitioners by one or more sureties to be approved by the board of county commissioners, conditioned that they will pay all costs in case said district, for any reason, shall not be established. [1913 c 86 § 1; 1895 c 115 § 2; RRS § 4299. Formerly RCW 85.04.010, part.]

85.06.030 Petition to be published—Hearing—Fixing of boundaries—Findings of commissioners. Such petition shall be presented at a regular or special meeting of the board of county commissioners of said county, and shall be published for at least two weeks in two successive issues of some weekly newspaper printed and published in said county, and in case no such newspaper be printed or published in such county, then in some such newspaper of general circulation therein, before the time at which the same is to be presented, together with a notice stating the time of the meeting at which the same shall be presented. When such petition is presented for hearing the board of county commissioners shall hear the same, or may adjourn said hearing from time to time, not exceeding one month in all; and any person or corporation may appear before said board of county commissioners and make objections to the establishment of said district, or the proposed boundary lines thereof, and upon final hearing said board of county commissioners shall make such changes in the proposed boundaries as they may deem to be proper, and shall establish and define such boundaries, and shall ascertain and determine the number of acres of land that will be benefited by said proposed drainage system, the number of freeholders residing within said boundaries of the said proposed district, and shall find whether the proposed drainage system will be conducive to the public health, welfare and convenience, increase the public revenue, and be of special benefit to the majority of the lands included within said boundaries of the said proposed district so established by said board of county commissioners: *Provided*, That no changes shall be made by said board of county commissioners in said boundary lines so as to include any territory outside the boundaries described in said petition: *Provided, further*, That any person or persons owning land within the proposed boundaries, and who did not sign said petition, or any person, persons or corporations owning land not included within the proposed boundaries, may file a petition with the board of county commissioners asking that the proposed boundaries be extended so as to include other lands described therein; setting forth in said petition the reasons therefor: *Provided, however*, That no person, persons or corporations not owning lands included within the proposed boundaries, as originally petitioned for, shall have the right to file such petition unless they ask therein to have their own lands included within the proposed boundaries: *Provided, further*, That any corporation owning land included within the boundaries described in the original petition, may also petition the

board of county commissioners for an extension of the proposed boundaries: *Provided, further*, That the boundaries of any drainage district heretofore or hereafter established may be extended by the board of county commissioners so as to include other lands in said county upon petition signed by the owners of a majority of the acreage of said land within the proposed extension; which said petition for extension shall set forth and contain with reference to the extension such matters and things and data so far as applicable, as is provided for in the petition required for presentation to the board of county commissioners for the purpose of the formation of the original drainage district: *Provided, further*, That all necessary expense incident to making such extension, together with a proportionate share of the first cost of any drainage system existing in the original district at the time of making such extensions, shall be levied against and apportioned to the lands included in such extension, as in this chapter provided. In such case the board of county commissioners shall give the like notice as provided for in this section of the hearing of the original petition, and the final hearing thereof may, in such case, be continued from time to time for a period not exceeding sixty days, and if upon final hearing the board of county commissioners deem it advisable, and to the best interest of all concerned, they may grant the prayer of such petitioner or petitioners in whole or in part. And said board of county commissioners of such county shall enter an order on the records of their office setting forth all facts found by them upon the final hearing of said petition, and which may be adduced by them from the evidence heard on the final hearing thereof: *And provided further*, That any drainage system constructed in the original drainage district may be extended into the said extension by the board of drainage commissioners of said drainage district, in the same manner, and by the same method of procedure as is provided by law for the construction of said drainage system within the said original drainage district. [1913 c 86 § 2; 1905 c 175 § 1; 1895 c 115 § 3; RRS § 4300. Formerly RCW 85.04.015, part and 85.04.020, part.]

85.06.040 Election to organize district—Notice—Purpose—Election officers—Commissioners—Costs. Upon the entry of the findings on the final hearing of said petition as set forth in the last preceding section, said board of county commissioners of said county, if they find said proposed drainage system will be conducive to the public health, welfare and convenience, and will increase the public revenue and be of special benefit to the majority of the lands included within said boundaries, shall give notice of an election to be held in such proposed drainage district for the purpose of determining whether the same shall be organized under the provisions of this chapter as a drainage district of the state of Washington, and for the further purpose of choosing at such election three commissioners who shall be known and designated as "drainage commissioners" for said district proposed to be organized, which said three commissioners shall, upon their election, be the district authorities of said drainage district; and such notice shall particularly describe the boundaries as

established by the board of county commissioners on its final hearing of said petition, and shall state the name of such proposed drainage district and approximately the number of acres of land in said district to be benefited thereby, and the same shall be published for at least two weeks prior to such election in a weekly newspaper printed and published within the county within which said district is located, and in case no such newspaper be printed or published therein, then in some such newspaper of general circulation therein, for two successive issues thereof, and shall be posted for the same period in at least four public places within the boundaries of said proposed district; such notice shall designate the place within the proposed district where the election shall be held, and require the voters to cast ballots which shall contain the words "drainage district, yes," or "drainage district, no," and also the names of persons voted for by commissioners of said drainage district. The board of county commissioners shall also appoint two judges, one inspector and two clerks for such election, whose compensation shall be the same as in other elections for the election of county and state officers and shall be a charge upon said district, in case the same be established, and shall be paid in the same manner as other expenses are paid which are incurred in the establishment and construction of said improvement. In case said district be not established, then all costs and expenses shall be collectible from the bond hereinbefore provided for, and any person having a charge against said district shall have a right of action thereon. [1895 c 115 § 4; RRS § 4301. Formerly RCW 85.04.025, part.]

85.06.050 Election to organize district—Date—Conduct—Qualification of voters—Canvass—Order—Election of commissioners, bond. Such election shall be held on the day designated in such notice, and shall be conducted in accordance with the general election laws of the state of Washington, and no person shall be entitled to vote at such election or at the elections of commissioners hereinafter provided for unless he shall be a qualified elector of the state of Washington and shall own land in the district. It shall be the duty of the county auditor, upon the request of the board of county commissioners, to certify to the election officers of any such election the names of all persons owning land in the district as shown by the records of his office, and at any such election the election officers may require any such landowner, offering to vote, to take an oath that he is a qualified elector of the state of Washington before he shall be allowed to vote: *Provided*, That at any election held under the provisions of this chapter, an officer or agent of any corporation owning land in the district, duly authorized thereto in writing may cast a vote on behalf of said corporation; when so voting he shall file with the election officers such written instrument of his authority. The board of county commissioners shall, on the Monday next succeeding such election, count and canvass the votes cast thereat, and if, upon said canvass and count it appears that a majority of the votes cast are for drainage district "Yes," the board shall immediately enter an order upon its records declaring the proposed territory duly organized as a

drainage district giving to such district a proper number, followed by the name of the county and state, and shall also declare the three persons receiving respectively the highest number of votes, the duly elected drainage commissioners of such drainage district. Said board shall cause a copy of the order entered of record, duly certified, to be filed in the office of the secretary of state, and from and after the date of such filing, said organization shall be deemed complete; and the members of said board of commissioners, so chosen at said election, before entering upon the discharge of their duties, shall qualify as county officers are required to qualify, and each shall enter into a bond, payable to the state of Washington, for the benefit of said district, with two or more sureties, in a penal sum of not less than one thousand dollars nor more than five thousand dollars conditioned for the faithful performance of their duties as drainage commissioners, to be approved by the board of county commissioners, and to be filed with the county clerk, of the county in which said district is situated. The said drainage commissioners shall hold office until the next general election at which officers of said drainage district are to be elected, and until such further time as their successors are elected and qualified. The members of each successive board of drainage commissioners, whether elected or appointed, shall, before entering upon their duties, enter into a bond as herein provided, and after being approved by the board of county commissioners, shall be filed in the office of the county clerk, of the county in which said district is situated. [1941 c 183 § 1; 1909 c 143 § 1; 1895 c 115 § 5; RRS § 4302. Formerly RCW 85.04.030, part.]

85.06.060 Election of district commissioners—Terms of office. See RCW 85.05.060.

Reviser's note: It would appear that RCW 85.05.060 applies to drainage districts as well as to diking districts. The 1941 Code Committee combined certain provisions of 1895 c 117 relating to diking districts with other identical provisions of 1895 c 115 relating to drainage districts and published them as chapter 85.04 RCW "Part I—provisions relating to both diking and drainage districts". In furtherance of its program to restore RCW to session law language the Statute Law Committee, in the supplement dated 7/1/61, decodified chapter 85.04 RCW and codified 1895 c 117 relating to diking districts as chapter 85.05 RCW, and 1895 c 115 relating to drainage districts as chapter 85.06 RCW.

Included in old chapter 85.04 RCW was RCW 85.04.035 which combined the provisions of both 1895 acts (as amended) relating to the election of district commissioners. This combined section was amended by 1953 c 84 § 1, which probably had the effect of ratifying therein the combination of the two 1895 session law sources, so that they are at present incapable of restoration as single separate sections; hence the text of RCW 85.04.035 was recodified as RCW 85.05.060 and the above cross reference section has been added to chapter 85.06 RCW.

85.06.070 Eminent domain powers—Purchase of real property authorized. All drainage districts organized or that may hereafter be organized under the provisions of this chapter or the acts amendatory thereof shall have the right of eminent domain, with the power by and through its board of commissioners, to cause to be condemned and appropriated private property for the use of said corporation in the construction and maintenance of a system or systems of drainage, and make just compensation therefor, and such right of eminent domain may

be exercised either within or without the boundaries of such districts, and may be exercised with respect to rights of way for ditches, drains, dams, outlets or any other necessary appliances or structures and whether for the original system or any additions, enlargements or extensions thereof or for additional outlets or systems of drainage: *Provided*, That the property of private corporations may be subjected to the same rights of eminent domain as that of private individuals: *Provided, further*, That the said board of commissioners shall have the power to acquire by purchase all the real property necessary to make the improvements herein provided for. [1919 c 179 § 2; 1895 c 115 § 7; RRS § 4305. Formerly RCW 85.04.605, part.]

85.06.080 Commissioners—Powers and duties—Vacancies. Said board of drainage commissioners hereinbefore provided for, shall have exclusive charge of the construction and maintenance of all drainage systems which may be constructed by said district and shall be the executive officers thereof, with full power to bind said district by their acts in the performance of their duties as provided by law. In case of vacancy or vacancies occurring in said board by the death, failure to elect, failure to qualify, resignation or removal of one or more of the members thereof from said district such vacancy or vacancies shall be filled at once from the freeholders and qualified electors of said district by the judge of the superior court of said county, and said appointee shall serve the unexpired term or until the next general election: *Provided*, That in counties where there may be more than one superior judge, the judge eldest in age shall make such appointment. [1913 c 86 § 3; 1895 c 115 § 8; RRS § 4306. Formerly RCW 85.04.045, part.]

85.06.090 Petition for improvement—Contents. Whenever it is desired to prosecute the construction of a system of drainage by said drainage district, said district, by and through its board of commissioners, shall file a petition in the superior court of the county in which said district is located, setting forth therein the route and termini of said system, with a complete description thereof, together with specifications for its construction, with all necessary plats and plans thereof, with draughts of any artificial appliances or equipment necessary in aid thereof, together with the estimated cost of such proposed improvement, showing therein the names of the landowners whose lands are to be benefited by such proposed improvement; the number of acres owned by each landowner, and the maximum amount of benefits per acre to be derived by each landowner set forth therein from the construction of said proposed improvement, and that the same will be conducive to the public health, convenience and welfare, and increase the value of all of said property for purposes of public revenue. Said petition shall further set forth the names of the landowners through whose land the right of way is desired for said improvement; the amount of land necessary to be taken therefor, and an estimate of the value of said lands so sought to be taken for such right of way, and the damages sustained by any person or corporation

interested therein, if any, by reason of such appropriation, irrespective of any benefits to be derived by such landowners by reason of the construction of said improvement. Such estimate shall be made, respectively, to each person through whose land said right of way is sought to be appropriated. Said petition shall set forth as defendants therein all the persons or corporations to be benefited by said improvement, and all persons or corporations through whose land the right of way is sought to be appropriated, and all persons or corporations having any interest therein, as mortgagee or otherwise, appearing of record, and shall set forth that said proposed system of drainage is necessary to drain all of said lands described in said petition, and that all lands sought to be appropriated for said right of way are necessary to be used as a right of way in the construction and maintenance of said improvement; and when the proposed improvement will protect or benefit the whole or any part of any public or corporate road or railroad, so that the traveled track or roadbed thereof will be improved by its construction, such fact shall be set forth in said petition, and such public or private corporations owning said road or railroad shall be made parties defendant therein, and the maximum amount of benefits to be derived from said proposed improvement shall be estimated in said petition against said road or railroad: *Provided, however*, That all maps, plats, field notes, surveys, plans, specifications, or other data heretofore made, ascertained or prepared under laws heretofore enacted on the subject of this chapter, may be used under the provisions of this chapter. [1913 c 86 § 4; 1905 c 175 § 2; 1895 c 115 § 9; RRS § 4307. Formerly RCW 85.04.050, part.]

85.06.100 Petition for improvement—Employment of assistants—Compensation as costs in suit. In the preparation of the facts and data to be inserted in said petition and filed therewith for the purpose of presenting the matter to the superior court, the board of commissioners of said drainage district may employ one or more good and competent surveyors and draughtsmen to assist them in compiling data required to be presented to the court with said petition, as hereinbefore provided, and such legal assistance as may be necessary, with full power to bind said district for the compensation of such assistants or employees employed by them, and such services shall be taxed as costs in the suit. [1895 c 115 § 10; RRS § 4259. Formerly RCW 85.04.055, part.]

85.06.110 Summons—Contents—Service. A summons stating briefly the objects of the petition and containing a description of the land, real estate, premises or property sought to be appropriated, and those which it is claimed to be benefited by such improvement, and stating the court wherein said petition is filed, the date of the filing thereof and when the defendants are required to appear (which shall be ten days, exclusive of the day of service, if served within the county in which the petition is pending, and if in any other county, then twenty days after such service, and if served by publication, then within thirty days from the date of the first publication), shall be served on each and every person

named therein as owner, encumbrancer, tenant or otherwise interested therein. Said summons must be subscribed by the commissioners, or their attorney, running in the name of the state of Washington and directed to the defendants; and service thereof shall be made by delivering a copy of such summons to each of the persons or parties so named therein, if a resident of the state, or in case of the absence of such person or party from his or her usual place of abode, by leaving a copy of such notice at his or her usual place of abode, or in case of a foreign corporation, at its principal place of business in this state with some person of more than sixteen years of age; in case of domestic corporations, said service shall be made upon the president, secretary or other director or trustee of such corporation; in case of persons under eighteen years of age, on their guardians; or in case no guardian shall have been appointed, then on the person who has the care and custody of such person; in case of idiots, lunatics or insane persons, on their guardian; or in case no guardian shall have been appointed, then on the person in whose care or charge they are found. *In case the land, real estate, premises or other property sought to be appropriated, or which it is claimed will be benefited by such improvement, is state, tide, school or county land, the summons shall be served on the auditor of the county in which the land, real estate, premises or other property sought to be appropriated, or which it is claimed will be benefited, is situated. In all cases where the owner or person claiming an interest in such real or other property is a nonresident of this state, or where the residence of such owner or person is unknown, and an affidavit of one or more of the commissioners of said district shall be filed that such owner or person is a nonresident of this state, or that after diligent inquiry his residence is unknown or cannot be ascertained by such deponent, service may be made by publication thereof in a newspaper published in the county where such lands are situated, once a week for three successive weeks; and in case no newspaper is published in such county, then such publication may be had in a newspaper published in the county nearest to the county in which lies the land sought to be appropriated, or which it is claimed will be benefited by said improvement. Such publication shall be deemed service upon each nonresident person or persons whose residence is unknown. Such summons may be served by any competent person eighteen years of age or over. Due proof of service of such summons by affidavit or publication shall be filed with the clerk of such court before the court shall proceed to hear the matter. Want of service of such notice shall render the subsequent proceedings void as to the person not served; but all persons or parties having been served with summons as herein provided, either by publication or otherwise, shall be bound by the subsequent proceedings. In all cases not otherwise provided for service of notice, order and other papers in the proceedings authorized by this chapter may be made as the superior court, or the judge thereof, may direct: *Provided*, That personal service upon any party outside of the state shall be of like effect as service by publication. [1971 ex.s. c 292 § 57; 1895 c 115 § 11; RRS § 4309. Formerly RCW 85.04.060, part.]

***Reviser's note:** The case of *Payne v. State*, 156 Wash. 31 states that the provisions of this section relating to the service of summons on the county auditor were repealed by implication by 1909 c 154 § 6 which provided for such service upon the commissioner of public lands. Subsequently 1919 c 164 was enacted containing similar provisions and providing for service upon the commissioner of public lands, and was amended by 1963 c 20 §§ 4 and 5 to provide for service upon the budget director and the chief administrative officer of the agency having jurisdiction over such land. The budget director is now the director of program planning and fiscal management (chapter 43.41 RCW). See chapter 79.44 RCW, particularly RCW 79.44.040 and 79.44.050.

Severability—1971 ex.s. c 292: See note following RCW 26.28.010.

85.06.120 Appearance of defendants—Jury—Verdict—Assessment of damages and benefits—Decree. Any or all of said defendants may appear jointly or separately and admit or deny the allegations of said petition and plead any affirmative matter in defense thereof at the time and place appointed for hearing said petition, or to which the same may have been adjourned. If the court or judge thereof shall have satisfactory proof that all of the defendants in said action have been duly served with said summons, as above provided, and shall be further satisfied by competent proof that said improvement is practicable and conducive to the public health, welfare and convenience, and will increase the value of said lands for the purpose of public revenue, and that the contemplated use for which the land, real estate, premises or other property sought to be appropriated is really a public use, and that the land, real estate, premises or other property sought to be appropriated are required and necessary for the establishment of said improvement, and that said improvement has a good and sufficient outlet, the court or judge thereof shall cause a jury of twelve qualified persons to be impaneled to assess the damages and benefits, as herein provided, if in attendance upon his court; and if not he may, if satisfied that the public interests require the immediate construction of said improvement, direct the sheriff of his county to summons from the citizens of the county in which petition is filed as many qualified persons as may be necessary in order to form a jury of twelve persons, unless the parties to the proceedings consent to a less number, such number to be not less than three, and such consent shall be entered by the clerk in the minutes of the trial. If necessary, to complete the jury in any case, the sheriff, under the directions of the court or the judge thereof shall summon as many qualified persons as may be required to complete the jury from the citizens of the county in which the petition is filed. In case a special jury is summoned the cost thereof shall be taxed as part of the cost in the proceedings and paid by the district seeking to appropriate said land, the same as other costs in the case; and no person shall be competent as a juror who is a resident of, or landowner in, the district seeking to appropriate said land. The jurors at such trial shall make in each case a separate assessment of damages which shall result to any person, corporation or company, or to the state, by reason of the appropriation and use of such land, real estate, premises or other property for said improvements and shall ascertain, determine and award the amount of damages to be paid to said

owner or owners, respectively, and to all tenants, incumbancers and others interested, for the taking or injuriously affecting such land, real estate, premises or other property for the establishment of said improvement; and shall further find a maximum amount of benefits per acre to be derived by each of the landowners, and also the maximum amount of benefits resulting to any municipality, public highway, corporate road, or district from construction of said improvement. And upon a return of the verdict into court the same shall be reported as in other cases; whereupon, a decree shall be entered in accordance with the verdict so rendered setting forth all the facts found by the jury, and decreeing that said right-of-way be appropriated, and directing the commissioners of said drainage district to draw their warrant on the county treasurer for the amount awarded by the jury to each person for damages sustained by reason of the establishment of said improvement, payable out of the funds of said drainage district. [1909 c 143 § 2; 1895 c 115 § 12; RRS § 4310. Formerly RCW 85.04.065, part.]

85.06.130 Assessment of benefited lands formerly omitted—Procedure—Appeals. If at any time it shall appear to the board of drainage commissioners that any lands within or without said district as originally established are being benefited by the drainage system of said district and that said lands are not being assessed for the benefits received, or if after the construction of any drainage system, it appears that lands embraced therein have in fact received or are receiving benefits different from those found in the original proceedings, and which could not reasonably have been foreseen before the final completion of the improvement, or that any lands within said district are being assessed out of or not in proportion to the benefits which said lands are receiving from the maintenance of the drainage system of said district, and said board of drainage commissioners shall determine that certain lands, either within or without the boundaries of the district as originally established, should be assessed for the purpose of raising funds for the future maintenance of the drainage system of the district, or that the assessments on land already assessed should be equalized by diminishing or increasing the same so that said lands shall be assessed in proportion to the benefits received, said commissioners shall file a petition in the superior court in the original cause, setting forth the facts, describing the lands not previously assessed and the lands the assessment on which should be equalized, stating the estimated amount of benefits per acre being received by each tract of land respectively, giving the name of the owner or reputed owner of each such tract of land and praying that such original cause be opened for further proceedings for the purpose of subjecting new lands to assessments or equalizing the assessments upon lands already assessed, or both. Upon the filing of such petition, summons shall issue thereon and be served on the owners of all lands affected, in the same manner as summons is issued and served in original proceedings, as near as may be, and if such new lands lie within the boundaries of any other drainage district, said summons shall also be served

upon the commissioners of such other drainage district. In case any of the new lands sought to be assessed in said proceeding lie within the boundaries of any other drainage district, and the drainage commissioners of such other district believe that the maintenance of the drain or drains of such other district is benefiting lands within the district instituting the proceeding, said drainage commissioners of such other districts shall intervene in such proceedings by petition, setting forth the facts, describing the lands in the district instituting the proceeding which they believe are being benefited by the maintenance of the drainage system of their district, and praying that the benefits to such lands may be determined and such lands subjected to assessment for the further maintenance of the drainage system of their district, to the end that all questions of benefits to lands in the respective districts may be settled and determined in one proceeding, and such petitioners in intervention shall cause summons to be issued upon such petition in intervention and served upon the commissioners of the drainage district instituting the proceeding and upon the owners of all lands sought to be affected by such petition in intervention. In case the owner of any such new lands sought to be assessed in said proceedings shall be maintaining a private drain against salt or fresh water for the benefit of said lands, and shall believe that the maintenance of such private drain is benefiting any lands within or without the district instituting the proceedings, or in case any such new lands sought to be assessed are included within the boundaries of some other drainage district and are being assessed for the maintenance of the drains of such other district, and the owner of such lands believes that the maintenance of the drain or drains of such other district is benefiting lands included within the district instituting said proceedings, such owner or owners may by answer and cross-petition set forth the facts and pray that at the hearing upon said petition and cross-petition the benefits accruing from the maintenance of the respective drains may be considered, to the end that a fair and equitable adjustment of the benefits being received by any lands from the maintenance of the various drains benefiting the same, may be determined for the purpose of fixing the assessments for the future maintenance of such drains, and may interplead in said proceeding such other drainage district in which his lands sought to be assessed in said proceeding are being assessed for the maintenance of the drain or drains of such other district. No answer to any petition or petition in intervention shall be required, unless the party served with summons desires to offset benefits or to ask other affirmative relief, and no default judgment shall be taken for failure to answer any petition or petition in intervention, but the petitioners or petitioners in intervention shall be required to establish the facts alleged by competent evidence. Upon the issues being made up, or upon the lapse of time within which the parties served are required to appear by any summons, the court shall impanel a jury to hear and determine the matters in issue, and the jury shall determine and assess the benefits, if any, which the respective tracts of land are receiving or will receive from the maintenance of the

drain or drains to be maintained, taking into consideration any and all matters relating to the benefits, if any, received or to be received from any drain, structure or improvement, and to credit or charge, as the case may be, to each tract so situated as to affect any other tract or tracts, or having improvement or structures thereon or easements granted in connection therewith, affecting any other tract or tracts included in such proceedings, and shall specify in their verdict the respective amount of benefits per acre, if any, assessed to each particular tract of land, by legal subdivisions. Upon the return of the verdict of the jury, the court shall enter its judgment in accordance therewith, as supplemental to the original decree, or in case a petition in intervention be filed by the drainage commissioners of some other district than that instituting the proceeding, such judgment to be supplemental to all such original decrees, and thereafter, all assessments and levies for the cost of construction or future maintenance of any drain or drains described in said judgment shall be based upon the respective benefits determined and assessed against the respective tracts of land as specified in said judgment. Every person or corporation feeling himself or itself aggrieved by any such judgment may appeal to the supreme court or the court of appeals within thirty days after the entry thereof, and such appeal shall bring before the supreme court or the court of appeals the propriety and justness of the verdicts of the jury in respect to the parties to the appeal. No bonds shall be required on such appeals. Nothing in this section contained shall be construed as affecting the right of drainage districts to consolidation in any manner provided by law. [1971 c 81 § 159; 1917 c 133 § 1; 1901 c 86 § 1; 1895 c 115 § 13; RRS § 4311.]

Reviser's note: Provisions similar to those contained in this section but relating to diking districts were held unconstitutional in *Malim v. Benthien*, 114 Wash. 533 (1921); see note following RCW 85.05.130.

85.06.140 Dismissal of proceedings, when—Costs.

In case the damages or amount of compensation for such right-of-way, together with the estimated costs of the improvement, amount to more than the maximum amount of benefits which will be derived from said improvement, or, if said improvement is not practicable, or will not be conducive to the public health, welfare and convenience, or will not increase the public revenue, or will not have sufficient outlet, the court shall dismiss such proceedings, and in such case a judgment shall be rendered for the costs of said proceedings against said district, and no further proceedings shall be had or done therein; and upon the payment of the costs, said organization shall be dissolved by decree of said court. [1895 c 115 § 14; RRS § 4312. Formerly RCW 85.04.070, part.]

85.06.150 Procedure to claim awards. Any person or corporation claiming to be entitled to any money ordered paid by the court, as provided in this chapter, may apply to the court therefor, and upon furnishing evidence satisfactory to the court that he is entitled to the same, the court shall make an order directing the payment to such claimant of the portion of such money as he or it may be

found entitled to; but if, upon application, the court or judge thereof shall decide that the title to the land, real estate or premises specified in the application of such claimant is in such condition as to require that an action be commenced to determine the title of claimants thereto, it shall refuse such order until such action is commenced and the conflicting claims to such land, real estate or premises be determined according to law. [1895 c 115 § 15; RRS § 4313. Formerly RCW 85.04.210, part.]

85.06.160 Transcript of benefits to auditor—Assessments—Collection—Supplemental assessment. Upon the entry of the judgment upon the verdict of the jury, the clerk of said court shall immediately prepare a transcript, which shall contain a list of the names of all the persons and corporations benefited by said improvement and the amount of benefit derived by each, respectively, and shall duly certify the same, together with a list of the lands benefited by said improvement belonging to each person and corporation, and shall file the same with the auditor of the county, who shall immediately enter the same upon the tax rolls of his office, as provided by law for the entry of other taxes, against the land of each of the said persons named in said list, together with the amounts thereof, and the same shall be subject to the same interest and penalties in case of delinquency as in case of general taxes, and shall be collected in the same manner as other taxes and subject to the same right of redemption, and the lands sold for the collection of said taxes shall be subject to the same right of redemption as the sale of lands for general taxes: *Provided*, That said assessments shall not become due and payable except at such time or times and in such amounts as may be designated by the board of commissioners of said drainage district, which designation shall be made to the county auditor by said board of commissioners of said drainage district, by serving written notice upon the county auditor designating the time and the amount of the assessment, said assessment to be in proportion to benefits to become due and payable, which amount shall fall due at the time of the falling due of general taxes, and the amount so designated shall be added by the auditor to the general taxes of said person, persons or corporation, according to said notice, upon the assessment rolls in his said office, and collected therewith; *Provided further*, That no one call for assessments by said commissioners shall be in an amount to exceed twenty-five percent of the amount estimated by the board of commissioners to be necessary to pay the costs of the proceedings, and the establishment of said district and drainage system and the cost of construction of said work; *Provided further*, That where the amount realized from the original assessment and tax shall not prove sufficient to complete the original plans and specifications of any drainage system, alterations, extensions or changes therein, for which the said original assessment was made, the board of commissioners of said district shall make such further assessment as may be necessary to complete said system according to the original plans and specifications, which assessment shall be

made and collected in the manner provided in this section for the original assessment. [1907 c 242 § 1; 1895 c 115 § 16; RRS § 4316. Formerly RCW 85.04.080, part.]

85.06.170 Tax to pay cost on dismissal—Sale of real estate. In the event of the dismissal of said proceedings and the rendition of judgment against said district, as hereinbefore provided, said drainage commissioners shall levy a tax upon all the real estate within said district, taking as a basis the last equalized assessment of said real estate for state and county purposes, sufficient to pay said judgment and the cost of levying said tax, and shall cause said tax roll to be filed in the office of the clerk of the superior court in which such judgment was rendered. If said tax is not paid within sixty days after the filing of said tax roll, the court shall, upon the application of any party interested, direct said real estate to be sold in payment of said tax, said sale to be made in the same manner and by the same officer as is or may be provided by law for the sale of real estate for taxes for general purposes; and the same right of redemption shall exist as in the sale of real estate for the payment of taxes for general purposes. [1895 c 115 § 17; RRS § 4317. Formerly RCW 85.04.075, part.]

85.06.180 Construction—Contractors—Performance bonds. After the filing of said certificate said commissioners of such drainage district shall proceed at once in the construction of said improvement, and in carrying on said construction or any extensions thereof they shall have full charge and management thereof, and shall have the power to employ such assistance as they may deem necessary and purchase all material that may be necessary in the construction and carrying on of the work of said improvement, and shall have power to let the whole or any portion of said work to any responsible contractor, and shall in such case enter into all necessary agreements with such contractor that may be necessary in the premises: *Provided*, That in case the whole or any portion of said improvement is let to any contractor said commissioners shall require said contractor to give a bond in double the amount of the contract price of the whole or of such portion of said work covered by said contract, with two or more sureties to be approved by the board of commissioners of said drainage district and running to said district as obligee therein, conditioned for the faithful and accurate performance of said contract by said contractor, his executors, administrators or assigns, according to the terms and conditions of said agreement, and shall cause said contractor to enter into a further or additional bond in the same amount, with two or more good and sufficient sureties to be approved by said board of commissioners of said drainage district in the name of said district as obligee therein, conditioned that said contractor, his executors, administrators or assigns, or subcontractor, his executors, administrators or assigns, performing the whole or any portion of said work under contract of said original contractor, shall pay or cause to be paid all just claims for all persons performing labor or rendering services in the construction of said work, or furnishing materials,

merchandise or provisions of any kind or character used by said contractor or subcontractor, or any employee thereof in the construction of said improvement: *Provided further*, That no sureties on said last mentioned bond shall be liable thereon unless the persons or corporation performing said labor and furnishing said materials, goods, wares, merchandise and provisions, shall, within ninety days after the completion of said improvement, file their claim, duly verified; that the amount is just and due and remains unpaid, with the board of commissioners of said drainage district. [1895 c 115 § 18; RRS § 4318. Formerly RCW 85.04.095, part.]

85.06.190 Substantial changes in plans—Procedure. The work on said improvement shall begin and shall be completed with all expedition possible, and said board of commissioners of such drainage district, or any contractor thereunder, shall have no power whatever to change said route or system of improvement or the manner of doing the work therein so as to make any radical changes in said improvement, without the written consent of all the landowners to be benefited thereby, and the landowners which may be damaged thereby. And in case any substantial changes in said system of improvement or the manner of the construction thereof shall be deemed necessary by said board of commissioners at any time during the progress thereof, and if the written consent to such changes cannot be procured from said landowners, then said commissioners, for and on behalf of said district, shall file a petition in the superior court of the county within which said district is located, setting forth therein the changes which they deem necessary to be made in the plan or manner of the construction of said improvement, and praying therein to be permitted to make such changes, and upon the filing thereof, the commissioners shall cause a summons to be served, setting forth the prayer of said petition, under the seal of said court, which summons shall be served in the same manner as the service of summons in the case of the original petition, upon all the landowners or others claiming any lien or interest therein appearing of record in said district, and any or all of said parties so served may appear in said cause and submit their objections thereto, and after the time for the appearance of all of said parties has expired, the court shall proceed to hear said petition at once without further delay, and if it appears during the course of said proceedings that the property rights of any of said landowners will be affected by such proposed change in said improvements, then the court, after having passed upon all preliminary questions as in the original proceedings may call a jury to be impaneled as in the case of the original proceeding for the establishment of said improvements, and upon the final hearing of said cause, the jury shall return a verdict finding the amount of damages, if any, sustained by all persons and corporations, the same as upon the original petition, by reason of such proposed change, and shall readjust the amount of benefits claimed to have been increased or diminished by any of said landowners by reason of said proposed change in said improvements, and the proceedings thereafter shall be the same as to

rendering judgment, appeal therefrom, payment of compensation and damages and filing of the certificate with the auditor, as hereinbefore provided for in the proceedings upon the original petition, and said commissioners shall have a right thereafter to proceed with the construction of said improvements according to the changes made therein. [1909 ex.s. c 13 § 1; 1895 c 115 § 19; RRS § 4319. Formerly RCW 85.04.100, part.]

85.06.200 Payments on contracts—Retained percentage. During the construction of said improvement said commissioners shall have the right to allow payment thereof, in installments as the work progresses, in proportion to the amount of work completed: *Provided*, That no allowance or payment shall be made for said work to any contractor or subcontractor to exceed seventy-five percent of the proportionate amount of the work completed by such contractor or subcontractor, and twenty-five percent of the contract price shall be reserved at all times by said board of commissioners until said work is wholly completed, and shall not be paid upon the completion of said work until ninety days have expired for the presentation of all claims for labor performed and materials, goods, wares, merchandise and provisions furnished or used in the construction of said improvements; and upon the completion of said work and the payment of all claims hereinbefore provided for according to the terms and conditions of said contract, said commissioners shall accept said improvement and pay the contract price therefor. [1895 c 115 § 20; RRS § 4320. Formerly RCW 85.04.105, part.]

85.06.210 Connecting private drains—Procedure—Costs. Any person or corporation owning land within said district shall have a right to connect any private drains or ditches for the proper drainage of such land with said system, and in case any persons or corporations shall desire to drain such lands into said system and shall find it necessary, in order to do so, to procure the right-of-way over the land of another, or others, and if consent thereto cannot be procured from such person or persons, then such landowner may present in writing a request to the board of commissioners of said district, setting forth therein the necessity of being able to connect his private drainage with said system, and pray therein that said system be extended to such point as he may designate in said writing, and immediately thereon said board of commissioners shall cause a petition to be filed in the superior court, for and in the name of said drainage district, requesting in said petition that said system be extended as requested, setting forth therein the necessity thereof and praying that leave be granted by the board to extend the system in accordance with the prayer of said petition, and the proceedings in such case, upon the presentation of such petition and the hearing thereof, shall be, in all matters, the same as in the hearing and presentation of the original petition for the establishment of the original system of drainage in said district, as far as applicable. That the costs in such proceedings shall be paid from the assessment of benefits

to be made on the lands of the person or persons benefited by such extension, and the assessment and compensation for the right-of-way, damages and benefits, and payment of damages and compensation, and the collection of the assessments for benefits, shall be the same as in the proceedings under the original petition, and the construction of the said extension shall be made under the same provisions as the construction of the original improvement; and all things that may be done or performed in connection therewith shall be, as near as may be applicable, in accordance with the provisions already set forth herein for the establishment and construction of said original improvement: *Provided*, That such petitioner or petitioners shall, at the time of filing such petition by said drainage commissioners, enter into a good and sufficient bond to said drainage district in the full penal sum of five hundred dollars, with two or more sureties, to be approved by the court, conditioned for the payment of all costs in case the prayer of said petition should not be granted, which bond shall be filed in said cause. [1895 c 115 § 21; RRS § 4321. Formerly RCW 85.04.640.]

85.06.220 Connecting with lower districts—Procedure. In case of the establishment of a drainage district and system of drainage under the provisions of this chapter above any other district that may have theretofore been established and above any other system of drainage that may have theretofore been constructed in said district, and in case said district to be established above may desire to connect its drainage system with the lower or servient district, shall be made a party to the proceedings for the establishment of such system, and the petition to be filed in the superior court for the establishment of the system of drainage in said upper district shall, in addition to the facts hereinbefore provided and required to be set forth therein, set forth the fact that said lower system in said lower district is necessary to be used as an outlet for the system of drainage of said upper district, and that the same will be a sufficient outlet and will afford sufficient capacity to carry the drainage of both said upper and lower districts; and in case said system of said lower district will be required to be enlarged by widening or deepening the same, or both, in order to give sufficient outlet to said upper district and afford sufficient drainage for said upper and lower districts, then the plans and specifications for enlarging the system of said lower district shall be filed with said petition in addition to the other data hereinbefore provided for in this chapter. All the landowners in said lower district, or any person claiming any interest therein as mortgagee or otherwise, shall be made parties defendant in said petition, and the proceedings therein as to the assessment of damages and compensation for land taken, if any be necessary to be taken in enlarging said lower system, shall be the same as in the establishment of systems of drainage in the lower or servient district as hereinbefore provided for; but the jury, in addition to the facts to be found by them as provided for in the establishment of a drainage system in the lower district, shall find and determine whether said lower system, when improved according to the plans and specifications filed

with the said petition, will afford sufficient drainage for both said upper and lower districts, which finding shall be made by the jury before considering any other question at issue in said proceeding; and in case said jury should find that the system of said lower district when improved as proposed in said petition would not be sufficient, then, in that case, said finding shall terminate the proceedings, and no further proceedings in said case shall be had, and the costs of said proceeding shall be paid as costs in other proceedings, as hereinbefore provided for; but in such case the finding of said jury shall not terminate the objects of said upper district or operate to disorganize the same, but said upper district may begin new proceedings for the establishment of a system of drainage with some new outlet provided therein. All costs for the enlarging or improving of said lower system that may be required shall be assessed to the landowners in the upper district according to the benefits to be derived from the construction of said entire system, and no additional cost shall be thrown upon the lower district, and all compensation for taking any right-of-way that may be necessary to be taken in enlarging said lower system, and all damages occurring therefrom, if any, to the landowners of said lower district, shall be ascertained and paid in the same manner as hereinbefore provided for for the adjustment of compensation and damages in the establishment of drainage systems in lower districts. Said lower district, by and through its board of commissioners, may appear in said cause and show therein any injury it may sustain as a district by reason of the additional cost of maintenance of said lower system as improved and enlarged, and such fact shall be determined in said cause and the jury shall find the amount of the increased costs of maintenance per annum, which will be sustained by said lower district by reason of said enlarging or improving of the same, and judgment shall be rendered in favor of said lower district against said upper district for such amount so found, and the same shall be paid each year as the cost of construction is paid as provided for in this chapter, and the amount so paid shall be held by said lower district as an additional fund for the maintenance of its said system as improved and enlarged by said upper district. [1895 c 115 § 22; RRS § 4322. Formerly RCW 85.04.645.]

85.06.230 City or town may act as or be included in drainage district. Any town or city already incorporated, or which may hereafter be incorporated, may exercise the functions of a drainage district under the provisions of this chapter, or the whole or any portion of any such town or city may be included with other territory in a common district under the provisions for the establishment thereof as provided for herein. The treasurer shall pay on each interest date as many bonds, to be taken in their numerical order from one up, as there is money to apply after deducting sufficient to pay interest then accrued due. Every certificate of delinquency for taxes shall include any unpaid assessment or assessments theretofore levied under this chapter upon the same land or any part thereof, with interest to the date of the certificate, all of which, by reason of the delinquency and the issuance of the certificate, shall be deemed due and payable notwithstanding anything to the contrary in this chapter; and every tax foreclosure and sale shall include all unpaid assessments as if they were part of the general taxes. the increased expenditure necessary to complete the improvement, and such board of commissioners shall have incurred indebtedness in the name of the district to such an amount as would complete the authorized system of drainage for the benefit of the lands of the district found by the jury to be benefited by the proposed improvement, and issued the warrants of the district to cover the additional cost of completing such improvement all warrants heretofore issued for such purposes are hereby declared to be valid and legal obligations of the district so issuing the same. If the said board of commissioners fail or refuse to file such petition within sixty days after receipt of a written request so to do, signed by any warrant-holder, then the said warrant-holder shall have the right to file same. No answer to any such petition shall be required unless the party served with summons desires to offset damages claimed to have been actually sustained by reason of the completed improvement in addition to the damages found by the jury in the original proceeding, and no default judgment shall be taken for failure to answer any such petition. [1921 c 187 § 3; RRS § 4462.]

85.06.740 Costs in excess of estimate—Hearing by jury—Verdict. Upon the issues being made up, or upon the lapse of time within which the parties served are required to appear by any summons issued as provided in the preceding section, the court shall empanel a jury to hear and determine the matters in issue, and if the jury shall find that the matters set forth in the petition are true and that any of the lands of the district have been benefited by the completed improvement, after offsetting any additional damages found to have been sustained by reason thereof, it shall determine and assess the benefits which have actually accrued, and shall specify in its verdict the respective amount of benefits per acre, if any, assessed to each particular tract of land, by legal subdivisions. [1921 c 187 § 4; RRS § 4463.]

85.06.750 Costs in excess of estimate—Judgment—Appeal from judgment. Upon the return of the verdict of the jury as provided in the preceding section, if it shall appear to the court that the total benefits found by the jury to have accrued to the lands of the district is equal to or exceeds the actual cost of the improvement including the increased cost of completing the same, the court shall enter its judgment in accordance therewith, as supplemental to and in lieu of the original decree fixing the benefits to the respective tracts of land, and thereafter the assessment and levy for the original cost of the construction of the improvement, including the indebtedness incurred for completing the improvement together with interest at the legal rate on the warrants issued therefor, and all assessments and levies if any, for the future maintenance of the drainage system described in the judgment shall be based upon the respective benefits determined and assessed against the respective tracts of land as specified in the judgment. Every person or corporation feeling himself or itself aggrieved by any such judgment may appeal therefrom to the supreme court or the court of appeals within thirty days after the entry thereof, and such appeal shall bring before the supreme court or the court of appeals the propriety and justness of the verdict of the jury in respect to the parties to the appeal. Reviser's note: Chapter 85.08 RCW is almost entirely comprised of chapter 176, Laws of 1913, the basic drainage improvement district act, as it has been amended and added to by subsequent legislation. Chapter 130, Laws of 1917 and chapter 157, Laws of 1921 are primarily express amendments to such basic act, however, also contained in such acts were several sections not expressly amendatory of the basic act but which are in pari materia therewith; therefore, such other sections are also codified in this chapter. Further, RCW 85.08.820 contains an independent session law which is in pari materia and so closely connected with the subject matter of this chapter that it has been codified herein. Thus, throughout chapter 85.08 RCW the term "this act" has been translated to read "this chapter" unless because of peculiar circumstances other treatment is required in which case it is specially noted.

Repeal and Saving (1913 c 176 § 39): "Sec. 39. Chapter LXVI of the Laws of 1901 is hereby repealed, saving and excepting, however, that the provisions of said act shall continue in force and effect and shall be applicable to and shall govern all proceedings, rights and powers, in the case of ditches already contracted for, or under construction under said act, and in the case of the maintenance of the same for the current year 1913; and the method of supervision, construction, payment for the work, apportionment of costs, and assessment and collection thereof, delinquency and foreclosing thereof and penalties therefor, and all other proceedings in regard to the same, shall be as in said chapter LXVI of Laws of 1901 prescribed: *Provided, however,* That with the consent of the holders of warrants heretofore issued or hereafter issued for work already begun or contracted for under said act, or with the consent of the contractor engaged in constructing any ditch or drainage system under said act, the provisions of this act in regard to the funding of such warrants with bonds, or the payment for work with bonds and the issuance and sale thereof, and all provisions in regard to such issuing of bonds, shall be applicable to such outstanding warrants or work already begun or contracts let for work. And in such event and to the extent of the costs so acquiesced in by warrant holders or contractors, all the provisions of this act in regard to the method of payment, form, issuing and sale, of bonds and warrants, extension of the assessment over a term of years, collecting, delinquency, interest and foreclosure of the assessments, and all other proceedings in regard thereto shall be as in this act provided. In such event the county commissioners shall prescribe the method and time of payment of the assessments and whether bonds shall be issued and perform any other proper act in regard to the same, at a special meeting called for that purpose, or at the hearing on the apportionment of costs provided for in section 30 hereof.

Provided, also, That in case any of the provisions of this act shall be applied to any proceedings in regard to any ditch begun under said chapter LXVI of the Laws of 1901 and the same shall be held not to be legally applicable thereto by a court of competent jurisdiction, then appropriate and proper proceedings for the performance of said acts or duties shall be had and done in regard thereto, as in said chapter LXVI of the Laws of 1901 provided. And from the time any such drainage district organized and existing under the provisions of said chapter LXVI of the Laws of 1901, shall be brought under the provisions of this act, said district shall be known and designated in all proceedings and records relating thereto, as Drainage Improvement District No. ----- of ----- County, retaining its original serial number.

Nothing in this act contained shall be construed as in anywise modifying or repealing any of the provisions of chapter CXV of the Laws of 1895, or the acts amendatory thereof or supplemental thereto, or affecting any proceeding heretofore or that may hereafter be had under the provisions of said act."

Applicability of prior laws (1913 c 176 § 40): "Sec. 40. Except as specified in the foregoing section, all of the provisions of this act, instead of said chapter LXVI of the Laws of 1901, shall be applicable to and shall govern and be the law in all respects, in regard to all ditches and drainage systems now existing, initiated or applied for under said chapter LXVI of the Laws of 1901, and all powers hereby vested in or granted to all boards and officers under this act shall be vested in such boards and officers that shall hereafter have charge of

the work, or administering of the affairs of such ditches and drainage systems, and the districts in which they lie."

Severability (1913 c 176 § 41): "Sec. 41. An adjudication that any section, paragraph, or portion of this act, or any provision thereof, or proceeding provided for therein, is unconstitutional or invalid shall not affect or determine the constitutionality, or validity, of this act as a whole or of any other portion or provisions thereof, and all provisions of this act not adjudicated to be unconstitutional shall be and remain in full force and effect and shall be operative until specifically adjudicated to be unconstitutional or invalid."

Local governmental organizations, actions affecting boundaries, etc., review by boundary review boards: Chapter 36.93 RCW.

85.08.010 Definitions. "System", "improvement", and "system of improvement", as used in this chapter, shall be held to include a dike, ditch, drain or watercourse, or sewer, and any side, lateral, spur or branch dike, ditch, drain or watercourse, or sewer, or other structure, necessary to secure the object of the improvement. Any number of dikes, ditches, drains or watercourses, or sewers, with their laterals, spurs, and branches with separate outlets, or in the case of sewers with one or more septic tanks, may constitute one system for the protection or reclamation of the land included in any district. But no system shall be established or constructed unless sufficient outlet or outlets, or in the case of sewers, sufficient septic tank or tanks, are provided for any drainage or sewerage of such district. Such outlet or outlets, or septic tank or tanks, may be either within or without the boundaries of the improvement district hereinafter provided for. Any natural watercourse may be improved in accordance with the provisions of this chapter.

"Damages", as used in this chapter, shall be held to include the value of the property taken and injury to property not taken, or either, as the case may be. "Property benefited" and "property damaged", as used in this chapter, shall be held to include land, platted or unplatted, whether subject to or exempt from general taxation, and roads other than public roads. "Public roads", as used in this chapter, shall be held to include state and county roads, streets, alleys and other public places; and "other roads", as used in this chapter shall be held to include railroads, street railroads, interurban railroads, logging roads, tramways and private roads and the right-of-way, roadbeds and tracks thereof.

"Public utilities", as used in this chapter, shall be held to include irrigation, power and other canals, flumes, conduits and ditches, telegraph, telephone and electric transmission and pole lines, and oil, gas and other pipe lines. "County engineer", as used in this chapter, shall be held to include any engineer specially employed by the board of county commissioners or the board of supervisors to report upon and prepare plans for or to superintend the construction of a system or the maintenance thereof under the provisions of this chapter. "Prosecuting attorney", as used in this chapter, shall be held to include any attorney specially employed by the board of county commissioners in connection with the carrying out of the provisions of this chapter to advise or carry on proceedings in court with reference to a system of improvement initiated and constructed under the provisions of this chapter. [1923 c 46 § 2; 1917 c 130 § 13; 1913 c 176 § 2; RRS § 4406. FORMER PART OF

SECTION: 1925 ex.s. c 189 § 1, part, now codified as RCW 85.08.230.]

Reviser's note: The term "county engineer" is defined in the last paragraph of this section. Throughout this chapter the terms "engineer", "district engineer" and "county engineer" appear to have been used interchangeably in the session laws and the usage of the latest session law language has been retained herein.

Inapplicability of prior laws (1917 c 130 § 39): "Sec. 39. Nothing in this act contained shall be construed as in anywise modifying or repealing any of the provisions of chapter 115 or of chapter 117 of the Laws of 1895, or the acts amendatory thereof or supplemental thereto, or affecting any proceedings heretofore or that may hereafter be had under the provisions of said acts."

County road engineer: Chapter 36.80 RCW.

85.08.020 Districts authorized—Area in city or town. Whenever four or more persons whose lands will be benefited thereby, desire to have improvements constructed for the drainage, sewerage or protection from overflow, or for any or all of said purposes, of any contiguous body of land situated in the same county, whether wholly or partly within or wholly without the limits of any incorporated city or town, proceedings for the construction of such improvements may be had as provided in this chapter: *Provided*, That when such contiguous body of land is situated wholly within an incorporated city or town, such city or town may, through its council or other legislative body, have all of the powers and exercise all of the functions of a drainage district under this chapter, if and when it shall declare its right to do so hereunder by ordinance duly enacted.

Such city or town when it is beneficial or necessary for the purpose of an outlet for such sewerage or drainage to use any of the ditches or other improvements of an established drainage district, may purchase or contract for such use with such drainage district acting by and through its board of commissioners, such commissioners being hereby duly empowered so to do; or such city or town may acquire such rights by eminent domain in the manner now provided by law. The rights herein granted shall be in addition to and in aid of existing rights: *Provided*, That no rights herein be granted any city or town until the same has been approved by the state board of health. [1927 c 240 § 1; 1925 ex.s. c 79 § 1; 1923 c 46 § 1; 1921 c 160 § 1; 1917 c 130 § 12; 1913 c 176 § 1; RRS § 4405. Prior: 1901 c 66 § 1. Formerly RCW 85.08.020 and 85.08.030.]

85.08.040 Petition of owners or resolution of county commissioners—Bond. To create the district four or more owners of property in the area shall file with the clerk of the board of county commissioners a petition stating the necessity for the improvement, designating with reasonable certainty the location, route and termini of the proposed system, and praying for the creation of the district. They shall file with the petition their bond of not less than two hundred dollars, payable to the commissioners, conditioned for the payment of all expenses of the proceeding if the petition is denied. If at any time the commissioners deem the amount of the bond insufficient to cover the expenses, they may order an additional bond in such amount as they shall direct: *Provided*, That no petition shall be required if in the opinion of the county commissioners the improvement is

necessary and will be conducive to the public health, convenience and welfare, and they may by resolution declare a district a necessity and the district shall be organized as hereunder prescribed. [1959 c 209 § 2; 1923 c 46 § 3; 1917 c 130 § 14; 1913 c 176 § 3; RRS § 4407.]

85.08.050 Investigation and findings of engineer. The clerk of the board shall deliver a copy of the petition or resolution to the engineer designated by the commissioners, who shall at once view the lines and location of the proposed improvement and the property to be affected thereby, and determine whether the improvement is necessary or will be conducive to the public health, convenience, or welfare, and whether the location and route described are the best; what, if any, part of the proposed system should be omitted, and what, if any additions should be made thereto or changes made therein, and shall file his findings in writing with the board. [1959 c 209 § 4. Prior: 1921 c 160 § 2, part; 1917 c 130 § 15, part; 1913 c 176 § 4, part; RRS § 4408, part.]

85.08.060 Director of conservation may investigate and report in certain cases. If the lands to be benefited comprise three thousand acres or more, the county board may, after a hearing and if so requested in the petition, or resolution, ask the state director of conservation to make the investigation instead of the engineer. The director shall then make the survey and investigation to determine the feasibility of the project and the best means of attaining the objective, and file his report thereon with the board. The report shall contain all the findings required in the engineer's report and shall have the same effect. If the survey and report are made by the director, the petitioners need not file a cost bond. [1959 c 209 § 5. Prior: 1921 c 160 § 2, part; 1917 c 130 § 15, part; 1913 c 176 § 4, part; RRS § 4408, part.]

85.08.070 Petition or resolution to director—Resolution for hearing—Notice. The board shall send a copy of such petition or resolution to the state director, and ask for an estimate of the total cost of the survey, investigation, and report, which he may make and file with the board. It shall, by resolution, fix the time and place of a hearing on the petition or resolution and report, and shall give notice thereof by posting a copy in a conspicuous place in each voting precinct or fraction thereof in the area, and by publishing a copy for three successive weekly issues in a newspaper of general circulation in the area; the posting and the first publication to be at least thirty days before the hearing. The notice shall contain a copy of the petition or resolution and of the estimate of expense, the time and place of hearing, state that the expense of the survey and investigation contemplated in the petition or resolution will be charged against the lands described therein and require everyone interested to appear at such time and place and show cause in writing, if any he has, why the prayer of the petition or resolution should not be granted. [1959 c 209 § 6. Prior: 1921 c 160 § 2, part; 1917 c 130 § 15, part; 1913 c 176 § 4, part; RRS § 4408, part.]

85.08.080 Hearing—Determination—Additional lands may be included—Costs. Upon the hearing the board shall determine whether the survey and investigation should be made and whether any or all of the land described in the petition, or resolution, or any additional lands should bear their proportional expense of the survey and investigation, and may adjourn the hearing from time to time not exceeding ninety days in all: *Provided*, That no additional lands shall be made to bear their proportional expense of the survey and investigation without first giving the same notice to all parties affected: *Provided further*, That the total cost of the survey, investigation, and report shall not exceed the amount stated in the estimate of the director by more than fifty percent. The determination of the board shall be by resolution and shall be conclusive upon all persons except for fraud or lack of jurisdiction. [1959 c 209 § 7. Prior: 1921 c 160 § 2, part; 1917 c 130 § 15, part; 1913 c 176 § 4, part; RRS § 4408, part.]

85.08.090 Contract with director—Expense of director, apportionment, levy and collection. If the board determines in favor of the survey and investigation, it shall enter into a contract with the director to do the work, which shall be done at actual cost, and paid for from any moneys in the state reclamation revolving fund. As a part of his report the director shall include an itemized statement under oath of the expenses that have been incurred in making the investigation, surveys, and report, and the board shall cause a copy of the statement, together with a notice naming a time and place when and where the statement will be brought before it for hearing and determination, to be published in a newspaper of general circulation in the area, for two successive weeks prior to the hearing. At the time of the hearing or at such other time, not exceeding thirty days in all, to which it may be adjourned, the board shall examine the statement, hear testimony, and shall enter an order approving the statement or so much thereof as it deems correct.

Upon the approval of the statement the board shall by resolution apportion the cost among the lands in the area, each acre or fraction thereof bearing the same amount, and assess the apportioned expense as a tax against the lands, to be paid as a part of the general county and state tax against the lands at the same times, with the same penalties attached for delinquencies, and to be collected by the same agencies as the general taxes, and credited to the current expense fund of the county.

The board shall direct the auditor to issue a warrant against the county current expense fund payable to the director for the amount of the expense. All sums so paid shall be credited to the state reclamation revolving fund. [1959 c 209 § 8. Prior: 1921 c 160 § 2, part; 1917 c 130 § 15, part; 1913 c 176 § 4, part; RRS § 4408, part.]

State reclamation revolving fund moneys transferred to state reclamation revolving account: RCW 43.79.330.

85.08.100 Procedure on favorable report of director. If the report of the director favors the improvement, the board shall proceed as hereinafter directed: *Provided*,

That nothing herein shall prevent the board or the improvement district from making further agreements with the director for the construction or supervision of the contemplated improvement, under the provisions of the state reclamation act. [1959 c 209 § 9. Prior: 1921 c 160 § 2, part; 1917 c 130 § 15, part; 1913 c 176 § 4, part; RRS § 4408, part.]

85.08.110 Adverse report of engineer. If the report of the county engineer shall be against the improvement, the board of county commissioners shall dismiss the petition at the cost of the petitioners, and shall cause an itemized bill of all the costs to be made up by the clerk for its examination and approval, including the per diem of the county engineer, and all other costs necessarily incurred except the fees of the clerk and the compensation of the county commissioners, and if such costs are not paid by the petitioners on demand they shall be recovered in an action on the bond. [1913 c 176 § 5; RRS § 4410.]

85.08.120 Favorable report of engineer—Survey, plat and estimate. If the report of the county engineer shall be in favor of said improvement, the board of county commissioners shall give the improvement district a number, being its serial number in the order of time of its formation among the improvement districts of the county formed under this chapter, beginning with the next number following the last serial number of any drainage, diking or sewerage district organized and existing in said county, if any, and thereafter such district shall be designated as drainage (or diking or sewerage) improvement district number ----- of ----- county, and the board shall cause to be entered on its journal an order directing the county engineer to go upon the lines described in the petition, or as changed by him in his report, and survey, and take levels on the same and set a stake at every hundred feet, numbering the same consecutively, and note the intersection of property lines and boundaries, township, city and county lines, and road crossings, and make such other investigations as he may deem necessary, and make a report, profile and plat of the same; also to make an estimate of the cost of construction of such system itemized so as to be reasonably specific as to the various parts thereof: *Provided*, That such estimate of the cost shall be held to be preliminary only, and shall not be binding as a limit on the amount that may be expended in constructing such system. The clerk of the board shall prepare and keep a special index in which he shall note all proceedings had and all papers filed in connection with such improvement district. [1923 c 46 § 4; 1917 c 130 § 16; 1913 c 176 § 6; RRS § 4411.]

85.08.130 Schedule of property benefited and damaged. The board shall also by order entered on the journal, direct the county engineer to make and return a schedule and estimate of all property that will be damaged, or both damaged and benefited by the proposed improvement, and to estimate and report the total number of acres that will be benefited by the proposed improvement and to specify the manner in which the

proposed improvement is to be made and the number, kind, location and dimensions of all waterways, ditches, outlets, septic tanks, flood gates, and all other artificial appliances, bridges and crossings. Schedules of property to be damaged or damaged and benefited shall be arranged in parallel columns, with appropriate headings, and shall show the description of the property, and if land, given the legal subdivision, section, township and range, and number of acres; and if platted, the name of the plat and lot and block numbers; the name of the owner or owners or reputed owner or owners; the estimated gross damages that will accrue; and the right hand column of the schedule shall be sufficiently wide for the signature of the owner, and shall bear the heading: "I, the undersigned owner of the property opposite which I have signed my name, accept and agree to the estimated amount of benefits and damages that will accrue to my property by reason of the proposed improvement." [1923 c 46 § 5; 1917 c 130 § 17; 1913 c 176 § 7; RRS § 4412.]

85.08.140 Requirements of plat. The plat provided for in RCW 85.08.120 shall be drawn upon a scale sufficiently large to show all the meanderings of the proposed improvement, and shall distinctly show the boundaries of each lot or tract of land and the location of each public or other road and sewer system to be benefited thereby, and so far as known, the name of the owner of each lot or tract of land, and each public or other road and sewer system affected, the distance in feet through each tract or parcel of land crossed by the proposed improvement, together with such other matters as the county engineer shall deem material, and the profile shall show the surface, and grade lines and the gradient fixed. The county engineer shall make and file with his report an itemized bill of costs incurred in the proper discharge of his duties under this chapter and the preceding sections, and shall report the same to the clerk of the board of county commissioners within ten days after the completion of the survey. [1917 c 130 § 18; 1913 c 176 § 8; RRS § 4413.]

85.08.150 Hearing to be fixed on engineer's report—Notice. Upon the filing of the report of the county engineer, the board of county commissioners shall immediately fix a date for a hearing on such report, and the clerk of the board shall give notice thereof by publication for at least once a week for three successive weeks, in the official newspaper of the county, and also, if so directed by the board, in one other newspaper to be designated by the board, published in or near the proposed improvement district and of general circulation therein. Said notice shall fix the time and place for said hearing and shall specify the territory to be included in the proposed improvement district, both by boundaries and also by sections or fractions thereof. Such notice shall also designate with reasonable certainty the location, route and termini of the proposed improvement, and shall state that the plat, report and schedule on file in the office of the board of county commissioners show the property to be taken or damaged, and the amount of

damages proposed to be allowed therefor. The last publication of such notice shall be not less than seven nor more than fourteen days before the date of said hearing. Said hearing, and also the hearing hereinafter provided, for fixing the apportionment of the cost of said improvement, may either or both of them be held at a place other than the county seat, and more convenient to the lands affected, if the board of county commissioners shall so order. The county engineer shall attend and have at such hearing his plats, plans, reports and schedules in relation to the proposed improvement, and the clerk of the board of county commissioners shall also attend and have at such hearing all petitions, claims, objections and other papers and documents relating to said improvement on file in his office. [1917 c 130 § 19; 1913 c 176 § 9; RRS § 4414.]

85.08.160 Hearing—Change of plans and boundaries. On the date set for said hearing the board of county commissioners shall meet at the place designated in the notice, and if it appear that due notice of such hearing has been given, shall proceed with the hearing on the report of the county engineer, and any objections thereto, and may adjourn said hearing from time to time and from place to place. At said hearing the board shall hear all pertinent evidence, including any evidence offered concerning the probable cost of the system and the probable benefits to accrue therefrom, and may change, add to or modify the plans for such system of improvement and the boundaries of the improvement district, and change the estimate of damages and benefits in any case, and may review, change and modify any of the findings and estimates of the county engineer, and may, in its discretion, employ another engineer to make separate findings on any or all of the matters hereinbefore required to be included in the report of the county engineer, and may adjourn said hearing and await such report; or may discontinue proceedings in regard to the proposed improvement, at the cost of the petitioners therefor, if the board shall determine that the construction of the proposed improvement is not warranted by the benefits to be derived therefrom. If at said hearing the board shall find that the plan of improvement proposed or as modified by them at said hearing, is feasible and economical, and that the benefits to be derived from said improvement by the lands within the proposed district exceed the cost thereof, it shall make its written finding to that effect and shall pass a resolution establishing the district and describing the boundaries thereof and fixing the plans for the improvement. In case the board shall determine to enlarge the boundaries of the district, a date shall be fixed for a new hearing and notice therefor shall be given and such hearing shall be held as provided for the hearing on the report of the county engineer. In case any change in the plans of the proposed improvement is made at said hearing, and such change will cause additional damage to any property, or will damage any property not damaged under the original plans, the county engineer shall prepare and file a schedule, showing the estimated damages and the benefits under such changed plans, and notice of the filing of such schedule shall be served upon the owners of the

properties affected, and settlements made as hereinafter provided. The board of county commissioners may at said meeting appoint the board of appraisers provided for in RCW 85.08.360. [1923 c 46 § 6; 1917 c 130 § 20; 1913 c 176 § 10; RRS § 4415.]

85.08.170 Deeds to county—Consideration. In case any owner of property to be damaged by the proposed improvement shall agree to accept the damages estimated by the engineer, or as fixed by the board of county commissioners, the board shall direct and the clerk of the board shall prepare a deed to be approved by the county engineer and the prosecuting attorney, conveying to the county for the benefit of the proposed district the property to be taken and the right to damage property not taken. If the damages agreed upon are equalled or exceeded by the agreed estimated benefits, the grantors in the deed shall execute and deliver the same without consideration other than the right to have the damages offset against the benefits in the apportionment of the cost of the improvement as hereinafter provided. If the damages agreed upon are damages to property not benefited, or if such damages exceed the agreed benefits, the grantors in the deed shall execute and deliver the same upon the receipt of a warrant drawn by the county auditor under the direction of the board of county commissioners upon the current expense fund of the county, for the amount of damages or the amount of excess of damages over benefits, as the case may be. No such deed shall be accepted, either with or without consideration, until the title conveyed thereby has been approved by the prosecuting attorney. [1913 c 176 § 11; RRS § 4416.]

85.08.180 Proceedings to acquire title. If at the conclusion of the hearing provided for in RCW 85.08.160 it shall appear to the board of county commissioners that the owner of any property to be damaged by the proposed improvements has not accepted and agreed to the damages estimated by the engineer or fixed by the board, the board may, in its discretion, appoint an agent to secure acceptances and deeds from such owners and shall, within a reasonable time, direct the prosecuting attorney of the county to institute proceedings in the superior court of the county in which the property affected is located, for the determination of the damages to be sustained and the condemnation of any property the title to which or the right to damage which has not been acquired, and shall direct the clerk of the board to furnish the attorney with a certified copy of such proceedings of the board as he shall require. [1913 c 176 § 12; RRS § 4417.]

85.08.190 Eminent domain—Consolidation of actions. For the purpose of taking or damaging property for the purposes of this chapter, counties shall have and exercise the power of eminent domain in behalf of the proposed improvement district, and the mode of procedure therefor shall be as provided by law for the condemnation of lands by counties for public highways: *Provided*, That the county, at its option, pursuant to resolution to that end duly passed by the board of county

commissioners, may unite in a single action, proceedings for the acquisition and condemnation of different tracts of land required for rights of way which are held by separate owners. The court may, on motion of any party, consolidate into a single action separate suits for the condemnation of different tracts of land held by separate owners whenever from motives of economy or the expediting of business it appears advisable to do so. In such cases the jury shall render separate verdicts for the different tracts of land. [1917 c 130 § 21; 1913 c 176 § 13; RRS § 4418.]

85.08.200 Verdict to fix damages and benefits—Judgment. The jury in such condemnation proceedings shall find and return a verdict for the amount of damages sustained: *Provided*, That the jury, in determining the amount of damages, shall take into consideration the benefits, if any, that will accrue to the property damaged by reason of the proposed improvement, and shall make special findings in the verdict of the gross amount of damages to be sustained and the gross amount of benefits that will accrue. If it shall appear by the verdict of the jury that the gross damages exceed the gross benefits, judgment shall be entered against the county, and in favor of the owner or owners of the property damaged, in the amount of the excess of damages over the benefits, and for the costs of the proceedings, and upon payment of the judgment into the registry of the court for the owner or owners, a decree of appropriation shall be entered, vesting the title to the property appropriated in the county for the benefit of the improvement district. If it shall appear by the verdict that the gross benefits as found by the jury equal or exceed the gross damages, judgment shall be entered against the county and in favor of the owner or owners for the costs only, and upon payment of the judgment for costs a decree of appropriation shall be entered, vesting the title to the property appropriated in the county for the benefit of the improvement district. The verdict and findings of the jury as to damages and benefits shall be binding upon the board appointed to apportion the cost of the improvement upon the property benefited as hereinafter provided. [1913 c 176 § 14; RRS § 4419.]

85.08.210 Warrant for damages. Upon the settlement of the claims for damages as provided in RCW 85.08.170, or upon the entry of judgment as provided in RCW 85.08.200, the county auditor shall, under the direction of the board of county commissioners, draw his warrant upon the county treasurer for the payment of the amount of damages agreed to or the amount of the judgment, as the case may be, to be paid out of the current expense fund of the county. [1913 c 176 § 15; RRS § 4420.]

85.08.220 Construction to be directed, when. When the board of county commissioners shall have finally determined and fixed the route and plans for the proposed system of improvement and the boundaries of the improvement district, and when it shall appear that the damages for property to be taken or damaged have been settled in the manner hereinabove provided, or when it

shall appear that such damages have been settled as to a particular portion of the proposed improvement, and that construction of such portion of such proposed improvement is feasible, thereupon such system of improvement or such portion thereof, as the case may be, shall be constructed in the manner hereinafter provided. [1917 c 130 § 22; 1913 c 176 § 16; RRS § 4421.]

85.08.230 Levy for preliminary expenses—Collection—"Preliminary expenses" defined. Whenever the board of county commissioners has passed a resolution establishing a district, the county commissioners may at their meeting on the first Monday in October next ensuing and at the same time in each year thereafter until the improvement has been completed and a statement of total costs has been filed, levy an assessment against the property within the district to defray the preliminary expenses of the district, the levy to be based upon the estimated benefits as shown by the report of the county engineer on file in the auditor's office. The assessment so made shall be considered and credited to the respective pieces of property by the board of appraisers and by the county commissioners at the hearing on the assessment roll and the final apportionment. The preliminary assessments herein provided for shall be levied and collected in the same manner as the final assessment and shall be credited to the construction fund and used for the redemption of warrants issued against the same. Preliminary expenses shall mean all of the expenses incurred in the proceedings for the organization of the district and in other ways prior to the beginning of the actual construction of the improvement. [1925 ex.s. c 189 § 1; RRS § 4421-1. Formerly RCW 85.08.010, part and 85.08.230.]

*Reviser's note: The language "section 4435" in the last sentence refers to Remington's Compiled Statutes; however, such section referred to was amended by 1923 c 46 § 9 and divided into four separate sections now codified as RCW 85.08.400 through 85.08.430.

85.08.280 Sale of bonds and warrants. " . . . That at all elections held within the diking district the polls shall be open from one o'clock p.m. until seven o'clock p.m. All electors of the state owning land in the district shall be entitled to vote at any election held within the district, and each elector owning more than ten (10) acres of land within the district shall be entitled to one additional vote for each ten acres or major fraction thereof: *Provided*, This amendment shall not apply to any districts already constructed and in operation . . ."

85.08.300 Supervisors—Election—Terms—Duties. At the election, two electors of the county owning land in the district shall be elected, who, with the district engineer, shall constitute the first board of supervisors of the district. The supervisors shall have charge of the construction and maintenance of the systems of improvements, subject to the limitations hereinafter set forth, and may employ a superintendent of construction and maintenance who may be one of the two elected supervisors. The elected supervisors may be

employed upon the construction or maintenance, receiving the same compensation as other labor of like character. The engineer shall receive compensation for his services as supervisor in the maintenance of the system at the per diem rate allowed him for other work; and if he is a salaried officer the compensation shall be a charge against the district in favor of the engineer's office.

The term of office of each elected district supervisor shall be four years, and until his successor is elected and qualified except that the terms of those chosen at the first election in each district shall be as follows: The one receiving the highest number of votes shall serve for a period ending four years after the first Monday of January of the first odd-numbered year following the election; and the one receiving the second highest number of votes shall serve for a period ending two years after the first Monday of January of the first odd-numbered year following the election. Elections after the first election in a district shall be held biennially on the fourth Tuesday of November in the even-numbered years, except that where the first election is in an odd-numbered year no election shall be held in the next even-numbered year. Terms of office shall begin on the first Monday of January next following the election, except that the terms of the supervisors elected at the first election shall begin immediately on their qualifying. Every duly elected supervisor shall qualify in the same manner as other county officers. A vacancy on the board shall be filled by a district elector appointed by the board of county commissioners.

Elections, except for the first election as provided in RCW 85.08.290, shall be conducted by the board of supervisors of such district, who shall prepare the ballot therefor. The expenses of the election shall be defrayed by the district, and the judges, clerks and inspectors of the election shall each receive not to exceed the sum of fifteen dollars per day for services so rendered. At least thirty days before the election the district supervisors shall post notice thereof in four public places in the district, and publish notice of the election at least once in a legal newspaper published in the district, or if none is published therein, then in a legal newspaper in the county in which the district is situated. Such notice shall contain the names of the two judges and one inspector of the election, who shall be electors of the district appointed by the supervisors. The supervisors may declare the entire district as one precinct and shall designate in the notice of election the number and places of voting. The supervisors shall meet on the day following the election and canvass the votes, declare the results, and issue the certificates of election.

When a district contains not more than five hundred acres, or when a petition is presented to the board of county commissioners signed by the owners of fifty percent of the acreage of the district praying for such action, the district engineer shall act as supervisor of the district; and in such case the allowance of all claims against the district shall be by the county commissioners. [1965 c 120 § 1; 1955 c 338 § 1; 1921 c 157 § 4; 1917 c 130 § 26; 1913 c 176 § 20; RRS § 4425.]

85.08.310 Construction of improvements—Contracts with United States. The said board of supervisors shall, immediately upon their election and qualification, begin the construction of such system of improvement and shall proceed with the construction thereof in accordance with the plans adopted therefor. In the construction of any system of drainage, construction shall be begun at the outlet or outlets thereof and at such other points as may be deemed advisable from time to time. In the construction of any system of improvement the board of supervisors with the approval of the board of county commissioners may modify, curtail, enlarge or add to the original plans wherever the same may be found necessary or advisable in the course of actual construction. But such changes shall not in the aggregate increase the estimated cost of the entire system by more than one-fifth, and all additional or different rights of way required shall be obtained as hereinbefore prescribed. The board of county commissioners may in its discretion let the construction of said system or any portion thereof by contract, in the manner provided for letting contracts for the construction of county roads and bridges. The board of county commissioners may, upon such terms as may be agreed upon by the United States acting in pursuance of the National Reclamation Act approved June 17, 1902 (32 Statutes at Large 388), and the acts amendatory thereof and supplemental thereto, or in pursuance to any other act of congress appropriate to the purpose, contract for the construction of the system of improvement or any part thereof, by the United States, or in cooperation with the United States therein. In such case, no bond shall be required, and the work shall be done under the supervision and control of the proper officers of the United States.

Unless the work of construction is let by contract as hereinbefore provided, or for such part of such work as is not covered by contract, the board of supervisors shall employ such number of men as shall be necessary to successfully carry on the work of such construction, and shall give preference in such employment to persons owning land to be benefited by the improvement.

The provisions of this section shall not be construed as denying to the supervisors, in case the construction work is left in their hands, the power to enter into an agreement with any contractor to furnish labor, material, equipment and skilled supervision, the contractor to be compensated upon the basis of a specific sum, or upon a percentage of the cost of the work, the services of the contractor to cover the use of equipment and the value of skilled supervision: *Provided, however,* That there is retained in the said board by the contract the right of termination thereof at any time, on reasonable notice, and fixing in the said contract, or reserving in said board, the right to fix the rates of wages to be paid to the men employed in said work. The board of supervisors may also let contracts in such manner and on such notice as they deem advisable for items of construction not exceeding one thousand dollars in amount of expenditures. [1921 c 157 § 5; 1917 c 130 § 27; 1913 c 176 § 22; RRS § 4427.]

The compensation of the board of supervisors, superintendent of construction, the board of appraisers hereinafter provided for, and any special engineer, attorney or agent employed by the board of county commissioners in connection with the improvement, the maximum wages to be paid, and the maximum price of materials to be used, shall be fixed by the board of county commissioners. Each county commissioner, except in counties of the first class, shall receive pay at the rate of four dollars per day for the number of days he is engaged in the performance of any duty under this chapter, which sum shall be additional to his salary in case he receive an annual salary; and none of the statutory provisions limiting the number of days that a county commissioner shall draw pay for or limiting the number of sessions for attendance upon which he shall be entitled to mileage shall apply to any proceedings under this chapter. All officers and members of boards performing duties under this chapter shall receive in addition to their fees or salaries their actual necessary expenses incurred in the performance of their duties hereunder. All costs of construction or maintenance done under the direction of the board of supervisors shall be paid upon vouchers or payrolls verified by two of the said supervisors. All costs of construction and all other expenses, fees and charges on account of such improvement shall be paid by warrants drawn by the county auditor upon the county treasurer upon the proper fund, and shall draw interest at such rate not to exceed eight percent per annum as the board of county commissioners shall fix, until paid or called by the county treasurer as warrants of the county are called.

If at the hearing provided for in RCW 85.08.160 the county commissioners shall determine that bonds shall be issued to pay the costs of the improvement or warrants sold to procure funds with which to pay such cost, as therein provided, temporary warrants may be issued for any part or all of such costs, expenses, fees, and charges, and shall be paid in cash upon the issuance and sale of such bonds, or shall be exchanged for an equal amount par value of such bonds. All such temporary warrants shall recite that they are temporary warrants and that they draw interest until called to be paid in cash or to be exchanged for bonds. All warrants issued under the provisions of this chapter and sold by the commissioners, or issued to any contractor and by him sold or hypothecated for a valuable consideration, shall be claims and liens against the fund against which they are drawn, prior and superior to any right, lien or claim of any surety upon any bond or bonds given to secure the performance of the contract or to secure the payment of persons who have performed work thereon, furnished materials therefor or provisions and supplies for the carrying on of the work. [1917 c 130 § 28; 1913 c 176 § 23; RRS § 4428. Formerly RCW 85.08.320 and 85.08.330.]

85.08.340 Crossing roads or public utilities—Procedure—Costs. Whenever in the progress of the construction of the system of improvement it shall become

necessary to construct a portion of such system across any public or other road or public utility, the board of supervisors, or in case the work is being done by contract the board of county commissioners, shall serve notice in writing upon the public officers, corporation or person having charge of, or controlling or owning such road or public utility, as the case may be, of the present necessity of such crossing, giving the location, kind, dimensions and requirement thereof, for the purpose of the system of improvement, and stating a reasonable time, to be fixed by the county engineer, within which plans for such crossing must be filed for approval in case the public officers, corporation or person controlling or owning such road or public utility desire to construct such crossing. As soon as convenient, within the time fixed in the notice, the public officers, corporation or person shall, if they desire to construct such crossing, prepare and submit to the county engineer for approval duplicate detailed plans and specifications for such crossing. Upon submission of such plans, the county engineer shall examine and may modify the same to meet the requirements of the system of improvement, and when such plans or modified plans are satisfactory to the county engineer he shall approve the same and return one thereof to the public officers, corporation or person submitting the same, and file the duplicate in his office, and shall notify such public officers, corporation or person of the time within which said crossing must be constructed. Upon the return of such approved plans, the public officers, corporation or person controlling such road or public utility shall, within the time fixed by the county engineer, construct such crossing in accordance with the approved plans, and shall thereafter maintain the same. In case such public officers, corporation or person controlling or owning such road or public utility shall fail to file plans for such crossing within the time prescribed in the notice, the board of supervisors or of county commissioners, as the case may be, shall proceed with the construction of such crossing in such manner as will cause no unnecessary injury to or interference with such road or public utility. The cost of construction and maintenance of only such crossings or such portion of such cost as would not have been necessary but for the construction of the system of improvement shall be a proper charge against the improvement district, and only so much of such cost as the board of county commissioners shall deem reasonable shall be allowed as a charge against the district in the case of crossings constructed by others than the district. The amount of costs of construction allowed as a charge against the district by the board of county commissioners shall be credited on the assessments against the property on which the crossing is constructed, and any excess over such assessment shall be paid out of the funds of the district. [1917 c 130 § 29; 1913 c 176 § 24; RRS § 4429. Formerly RCW 85.08.340 and 85.08.350.]

construction, including engineering and election expenses, the cost of publishing and posting notices, damages and costs allowed or awarded for property taken or damaged, including compensation of attorneys, including the costs of crossings constructed by the district and the cost of crossings constructed by others and allowed by the board of county commissioners, and including the sum paid or to be paid to the United States, and the discount, if any, on the bonds and warrants sold and including all other costs and expenses, including fees, per diem and necessary expenses of non-salaried officers incurred in connection with the improvement, together with interest on such costs and expenses from the time when incurred at the rate of interest borne by the warrants issued for the cost of construction. There shall also be included in said statement, in case the county engineer is a salaried officer, a statement of the services performed by him in connection with said improvement at a per diem of five dollars per day and his necessary expenses, and a reasonable sum to be fixed by the board of county commissioners on account of the services rendered by the prosecuting attorney. Upon the filing of such statement of costs and expenses the board of county commissioners shall revise and correct the same if necessary and add thereto a reasonable sum which shall be not less than five percent nor more than ten percent of the total thereof in drainage improvement districts, and not less than ten percent nor more than fifteen percent of the total thereof in diking improvement districts, to cover possible errors in the statement or the apportionment hereinafter provided for, and the cost of such apportionment and other subsequent expenses, and interest on the costs of construction from the date of the statement until fifty days after the filing of the assessment roll with the treasurer; and unless the same have been previously appointed, shall appoint a board of appraisers consisting of the county engineer and two other competent persons, to apportion the grand total as contained in said statement as hereinafter provided. Each member of said board of appraisers shall take, subscribe and file with the board of county commissioners an oath to faithfully and impartially perform his duties to the best of his ability in making said apportionment, and said board of appraisers shall proceed to carefully examine the system and the public and private property within the district and fairly, justly and equitably apportion the grand total cost of the improvement against the property and the county or counties, cities and towns within the district, in proportion to the benefits accruing thereto. [1917 c 130 § 30; 1913 c 176 § 25; RRS § 4430.]

85.08.370 Benefits to public roads, sewer systems—Apportionment of cost against city, county and state. Whenever any system of improvement constructed under the provisions of this chapter will drain, protect or otherwise improve the whole or any part of any public road, roadbed or track thereof, or where any such system of improvement will furnish an outlet for or facilitate the construction or maintenance of any sewer system in any city or town, there shall be apportioned

against the state, in the case of state primary and secondary highways, and against the county in which any other such state or county road outside of any incorporated city or town is located, or against the city or town in which any such public road is located, or against any such other road or part thereof so drained, protected or otherwise improved, or against the city or town for which an outlet for sewage will be furnished or wherein the construction or maintenance of a sewer system will be facilitated, the proper amount of the total sum to be apportioned. The board of county commissioners may pay such portion as they deem proper of the amount assessed against the county on account of the drainage, protection or improvement of the roads, out of the funds of the road district in which such drainage, protection or improvement is made. The amount assessed against the state shall be paid out of the appropriate fund of the state. [1923 c 46 § 8; 1917 c 130 § 31; 1913 c 176 § 26; RRS § 4431. There shall be apportioned against all state school, granted, and other lands, in the district the proper amount of the total sum to be apportioned in proportion to the benefits accruing thereto. [1913 c 176 § 28; RRS § 4433. Formerly RCW 85.08.370, part.]

85.08.380 Benefits to and protection from irrigation system. In the plans for and in the construction of a drainage system in an irrigated region, under the provisions of this chapter, provision may be made for the prevention of, or affording an outlet for drains to prevent, injury to land from seepage of or saturation by irrigation water, and for the carrying off of necessary waste water from irrigation, and benefits resulting from such provision shall be considered in making the apportionment of the cost of such system. [1913 c 176 § 27; RRS § 4432. FORMER PART OF SECTION: 1921 c 160 § 3 now codified as RCW 85.08.385.]

85.08.385 Drainage ditches along highway, etc. Drainage ditches of any drainage improvement district heretofore or hereafter created may be constructed and maintained along any public highway, street, alley or road within the limits of any drainage district. [1921 c 160 § 3; RRS § 4409. Formerly RCW 85.08.380, part.]

85.08.390 Schedule of property and benefits—Filing. Upon the completion of the apportionment the board of appraisers shall prepare upon suitable blanks, to be prescribed by the *bureau of inspection and supervision of public offices, sign and file with the clerk of the board of county commissioners a schedule giving the name of each county, city and town and the description of each piece of property found to be benefited by the improvement in the following order: First, counties, cities and towns and the respective amounts apportioned thereto for benefits accruing to public roads and sewer systems therein; second, other roads (1) railroads, (2) street railroads, (3) interurban railroads, (4) logging

[1913 c 176 § 29; RRS § 4434.]

***Reviser's note:** The "bureau of inspection and supervision of public offices" referred to herein has been abolished and its powers and duties transferred and devolved upon the state auditor through the division of municipal corporations by a chain of statutes as follows: 1921 c 7 §§ 55, 135; 1925 c 18 § 11; and 1927 c 280 § 11 [see RCW 43.09.190].

85.08.400 Hearing on schedule—Notice—Levy of assessment—State lands. Upon the filing of the schedule of apportionment, the board of county commissioners shall fix the time and place for a hearing thereon which time shall be not more than sixty days from the date of the filing thereof and notice of such hearing shall be given in the manner provided for giving notice of hearing in RCW 85.08.150. Said notice shall fix the time and place of hearing on said roll, and shall state that the schedule of apportionment showing the amount of the cost of the improvement apportioned to each county, city, town and piece of property benefited by the improvement is on file in the office of the board of county commissioners and open to public inspection, and shall notify all persons who may desire to object thereto that they may make such objections in writing and file the same with the clerk of the board of county commissioners at or prior to the date fixed for such hearing; and that at the time and place fixed and at such other times and places as the hearing may be continued to, the board of county commissioners will sit as a board of equalization for the purpose of considering such schedule and at such hearing or hearings will also consider any objections made thereto, or any part thereof, and will correct, revise, raise, lower, change or modify such schedule, or any part thereof, or set aside such schedule and order that such apportionment be made de novo as to such body shall appear just and equitable, and that at said hearing the board will confirm said schedule as finally approved by them and will levy an assessment against the property described thereon for the amounts as fixed by them. The board of county commissioners shall serve by mail, at least ten days before such hearing, upon the commissioner of public lands of the state of Washington a like notice, in duplicate, showing the amount of the cost of the improvements apportioned against all state, school, granted, or other lands owned

by the state of Washington in such district, also a like notice upon the state supervisor of highways showing the amount apportioned against any state primary or secondary highways. Upon receipt of such notice the commissioner of public lands and (or) the state supervisor of highways shall endorse thereon a statement either that he elects to accept or that he elects to contest such apportionment, and shall return the same, so endorsed, to the board of county commissioners. At or prior to such hearing any person interested may file with the clerk of the board written objections to any item or items of said apportionment. [1923 c 46 § 9, part; 1917 c 130 § 32; 1913 c 176 § 30; RRS § 4435-1.]

Reviser's note: The powers and duties of the commissioner of public lands have been transferred to the department of natural resources. See 1957 c 38 §§ 1, 13; RCW 43.30.010, 43.30.130.

The powers and duties of the state highway supervisor have devolved upon the state highway commission through a chain of statutes as follows: 1937 c 53 § 3(j); 1951 c 247 §§ 4 and 7; 1961 c 13 §§ 47.01.050 and 47.01.060; RCW 47.01.050 and 47.01.060.

85.08.410 Schedule approved or modified—Maintenance assessment. At such hearing, which may be adjourned from time to time and from place to place, until finally completed, the board of county commissioners shall carefully examine and consider said schedule and any objections filed or made thereto and shall correct, revise, raise, lower, change or modify such schedule or any part thereof, or strike therefrom any property not benefited, or set aside such schedule and order that such apportionment be made de novo, as to such body shall appear equitable and just. The board shall cause the clerk of the board to enter on such schedule all such additions, cancellations, changes, modifications and reapportionments, all credits for damages allowed or awarded to the owner of any piece of property benefited, but not paid, as provided in RCW 85.08.200; also a credit in favor of the county on any apportionment against the county, of all sums paid on account of said improvement, as provided in RCW 85.08.210; and all sums allowed the county on account of services rendered by the county engineer or prosecuting attorney, as provided in RCW 85.08.360; and all credits allowed to property owners constructing crossings as provided in RCW 85.08.350. When the board of county commissioners shall have finally determined that the apportionment as filed or as changed and modified by the board is a fair, just and equitable apportionment, and that the proper credits have been entered thereon, the members of the board approving the same shall sign the schedule and cause the clerk of the board to attest their signature under his seal, and shall enter an order on the journal approving the final apportionment and all proceedings leading thereto and in connection therewith, and shall levy the amounts so apportioned against the property benefited, and the determination by the board of county commissioners in fixing and approving such apportionment and making such levy shall be final and conclusive.

The board of county commissioners shall also at said hearing, levy, in the manner hereinafter provided for the levy of maintenance assessments, such assessment as they shall deem necessary to provide funds for the maintenance of the system of improvement until the first

annual assessment for maintenance shall fall due. [1923 c 46 § 9, part; 1917 c 130 § 32; 1913 c 176 § 30; RRS § 4435-2.]

85.08.420 Assessment roll—Form—Notice—Publication. Upon the approval of said roll the county auditor shall immediately prepare a completed assessment roll which shall contain, first, a map of the district showing each separate description of property assessed; second, an index of the schedule of apportionments; third, an index of the record of the proceedings had in connection with the improvement; fourth, a copy of the resolution of the board of county commissioners fixing the method of payment of assessments; fifth, the warrant of the auditor authorizing the county treasurer to collect assessments; and sixth, the approved schedule of apportionments of assessments; and shall charge the county treasurer with the total amount of assessment and turn the roll over to the treasurer, for collection in accordance with the resolution of the board of county commissioners fixing the method of payment of assessments. As soon as the assessment roll has been turned over to the treasurer for collection, he shall publish a notice in the official newspaper of the county for once a week for at least two consecutive weeks, that the said roll is in his hands for collection and that any assessment thereon or any portion of any such assessment may be paid at any time on or before a date stated in such notice, which date shall be thirty days after the date of the first publication, without interest, and the treasurer shall accept such payment as in said notice provided. Upon the expiration of such thirty-day period the county treasurer shall certify to the county auditor the total amount of assessments so collected by him and the total amount of assessments remaining unpaid upon said roll. [1923 c 46 § 9, part; 1917 c 130 § 32; 1913 c 176 § 30; RRS § 4435-3.]

85.08.430 Payment of assessments—Interest—Lien. After the expiration of said thirty-day period, payment of assessments in full, with interest to the next coupon date which is more than thirty days from the date of such payment, may be made at any time; *Provided*, That the aggregate amount of such advance payments in any year, together with the total amount of the assessments due at the beginning of said year, shall not exceed the total amount of the bonds which may be called in that year according to the applicable bond redemption schedule. The treasurer shall accept payments of assessments in advance, in the order tendered, until the limit herein set forth has been reached.

The assessments contained in the assessment roll shall bear interest from the expiration of the thirty-day period at the rate of eight percent per annum and interest upon the entire assessment then unpaid shall be due and payable at the time each of said installments becomes due and payable as a part thereof: *Provided*, That if the bonds or warrants be sold at a lower rate of interest than eight percent then said assessments shall bear interest at the same rate borne by such bonds or warrants.

The assessments contained in said assessment roll shall be liens upon the property assessed, such lien shall be of equal rank with other liens assessed against the property for local improvements and paramount to all other liens except the lien of general taxes, and shall relate back to and take effect as of the date when the board of county commissioners determined to proceed with the construction of the improvement as provided in RCW 85.08.220. [1923 c 46 § 9, part; 1917 c 130 § 32; 1913 c 176 § 30; RRS § 4435-4.]

85.08.440 Appeal from apportionment—Procedure. The decision of the board of county commissioners upon any objections made within the time and in the manner prescribed in RCW 85.08.400 through 85.08.430, may be reviewed by the superior court upon an appeal thereto taken in the following manner. Such appeal shall be made by filing written notice of appeal with the clerk of such board and with the clerk of the superior court of the county in which such drainage or diking improvement district is situated, or in case of joint drainage or diking improvement districts with the clerk of the court of the county in which the greater length of such drainage or diking improvement system lies, within ten days after the order confirming such assessment roll shall have become effective, and such notice shall describe the property and set forth the objections of such appellant to such assessment; and, within ten days from the filing of such notice of appeal with the clerk of the superior court, the appellant shall file with the clerk of said court a transcript consisting of the assessment roll and his objections thereto, together with the order confirming such assessment roll, and the record of the board of county commissioners with reference to said assessment, which transcript, upon payment of the necessary fees therefor, shall be furnished by such clerk of the board of county commissioners, and by him certified to contain full, true and correct copies of all matters and proceedings required to be included in such transcript. Such fees shall be the same as the fees payable to the county clerk for the preparation and certification of transcripts on appeal to the supreme court or the court of appeals in civil actions. At the time of the filing of the notice of appeal with the clerk of the superior court, the appellant shall execute and file with the clerk of the superior court a sufficient bond in the penal sum of two hundred dollars, with good and sufficient surety, to be approved by the judge of said court, conditioned to prosecute such appeal without delay, and if unsuccessful, to pay all costs to which the county or the drainage or diking improvement district is put by reason of such appeal. The court may order the appellant upon application therefor, to execute and file such additional bond or bonds as the necessity of the case may require; within three days after such transcript is filed in the superior court as aforesaid, the appellant shall give written notice to the prosecuting attorney of the county, and to the clerk of the board of county commissioners that such transcript is filed. Said notice shall state a time (not less than three days from the service thereof) when the appellant will call up the said cause for hearing; and the superior court of said county shall, at said time or at

such further time as may be fixed by order of the court, hear and determine such appeal without a jury. The judgment of the court shall confirm, correct, modify or annul the assessment insofar as the same affects the property of the appellant. A certified copy of the decision of the court shall be filed with the officer who shall have custody of the assessment roll, and he shall modify and correct such assessment roll in accordance with such decision. An appeal shall lie to the supreme court or the court of appeals from the judgment of the superior court as in other cases: *Provided, however,* That such appeal must be taken within fifteen days after the date of the entry of the judgment of such superior court; and the record and opening brief of the appellant in said cause shall be filed in the supreme court or the court of appeals within sixty days after the appeal shall have been taken by notice as provided in this chapter. The time for filing such record and serving and filing of briefs in this section prescribed may be extended by order of the superior court, or by stipulation of the parties concerned. And the supreme court or the court of appeals, on such appeal, may correct, change, modify, confirm or annul the assessment insofar as the same affects the property of the appellant. A certified copy of the order of the supreme court or the court of appeals upon such appeal shall be filed with the officer having custody of such assessment roll, who shall thereupon modify and correct such assessment roll in accordance with such decision. [1971 c 81 § 162; 1921 c 157 § 1; RRS § 4436.]

Rules of court: Cf. RAP 5.2, 8.1, 18.22.

85.08.450 Regularity and validity of proceedings conclusive. Whenever any schedule of apportionment of any drainage or diking improvement district shall have been confirmed, and the assessment therefor shall have been levied, by the board of county commissioners, as provided by RCW 85.08.400 through 85.08.430, the regularity, validity and correctness of the proceedings relating to such improvement, and to the assessment therefor, including the action of the board of county commissioners upon such assessment roll and the confirmation thereof, shall be conclusive in all things upon all parties, and cannot in any manner be contested or questioned in any proceeding whatsoever by any person not filing written objections to such roll in the manner and within the time provided in RCW 85.08.400 through 85.08.430, and not appealing from the action of the board of county commissioners in confirming such assessment roll in the manner and within the time in this chapter provided. No proceeding of any kind shall be commenced or prosecuted for the purpose of defeating or contesting any such assessment, or the sale of any property to pay such assessment, or any certificate of delinquency issued therefor, or the foreclosure of any lien issued therefor: *Provided,* That this section shall not be construed as prohibiting the bringing of injunction proceedings to prevent the sale of any real estate upon the grounds:

(1) That the property about to be sold does not appear upon the assessment roll, or

(2) That said assessment has been paid. [1921 c 157 § 2; RRS § 4437.]

85.08.460 District liable on judgments—Supplemental levy. Any judgment that heretofore has been obtained or that hereafter may be obtained against a county on account of any contract lawfully made by its officials for or on behalf of any drainage, diking, or sewerage improvement district, or on account of the construction or maintenance of any drainage, diking, or sewerage system of a drainage, diking, or sewerage improvement district shall be collected and reimbursed to the county from said improvement district, and the amount of such judgment shall be included in the construction costs of said district: *Provided*, That if such judgment be recovered after the assessment to pay the construction costs shall have been levied, then the county commissioners are hereby empowered and they shall make a supplemental levy upon the lands of the district, and from the funds collected under such levy said reimbursements shall be made. [1923 c 46 § 10; 1921 c 157 § 3; RRS § 4438.]

85.08.470 District funds. There shall be established in the county treasury of any county in which any drainage or diking or sewerage improvement is established under the provisions of this chapter, appropriate funds as follows:

(1) The construction fund, into which shall be paid the proceeds of all bonds or warrants sold and the proceeds of all assessments paid prior to the sale of bonds or warrants. In case no bonds have been issued or warrants have been sold, the proceeds of all assessments levied to pay the cost of construction shall be paid into such fund. All warrants including temporary warrants, issued in payment of cost of construction shall be paid out of such fund.

(2) A fund for the redemption of all bonds issued or warrants sold, to be known as the redemption fund, into which shall be paid all proceeds derived from assessments levied to pay cost of construction which shall not have been paid prior to the sale of bonds or warrants, in case bonds have been issued or warrants sold, and also all moneys, if any, remaining in the construction fund after the payment of all warrants drawn against it as above provided. The redemption fund shall be applied, first, to the payment of the interest due upon all such outstanding bonds issued or warrants sold and, second, to the payment of the principal thereof. After the payment of the principal and interest of all such bonds or warrants, the balance, if any, remaining in such fund shall be applied to the payment of any warrants outstanding, including temporary warrants, which may have been issued in payment of cost of construction which for any reason may remain unpaid. Any balance, if any, thereafter remaining shall be paid into the maintenance fund.

(3) The maintenance fund, into which shall be paid the proceeds of all assessments for maintenance, and all other funds received by the district which are not required by the provisions of this chapter to be paid into the construction fund or the redemption fund. [1923 c

46 § 11, part; 1917 c 130 § 33; 1913 c 176 § 31; RRS § 4439-1.]

85.08.480 Collection of assessments—Certificates of delinquency—Foreclosure. The respective installments of assessments for construction or maintenance of improvements made under the provisions of this chapter, shall be collected in the same manner and shall become delinquent at the same time as general taxes, certificates of delinquency shall be issued, and the lien of the assessment shall be enforced by foreclosure and sale of the property assessed, as in the case of general taxes, all according to the laws in force on January 1, 1923, except as hereinafter specifically provided.

The annual assessments or installments of assessments, both for construction and for maintenance and repairs of the diking and/or drainage system shall become due in two equal installments, one-half being payable on or before May 30th, and the other half on or before November 30th; and delinquency interest thereon shall run from said dates on said respective halves of said assessments.

The rate of interest thereon after delinquency, also the rate of interest borne by certificates of delinquency, shall be ten percent per annum. Certificates of delinquency for any assessment or installment thereof shall be issued upon demand and payment of such delinquent assessment and the fee for the same at any time after the expiration of twelve months after the date of delinquency thereof. In case no certificate of delinquency be issued after the expiration of four years from date of delinquency of assessments for construction costs, or after the expiration of two years from date of delinquency of assessments for maintenance or repairs, certificates of delinquency shall be issued to the county, and foreclosure thereof shall forthwith be effected in the manner provided in *sections 11292 to 11317 inclusive.

The holder of a certificate of delinquency for any drainage, diking or sewerage improvement district or consolidated district assessment or installment thereof may pay any delinquent general taxes upon the property described therein, and may redeem any certificate of delinquency for general taxes against said property and the amount so paid together with interest thereon at the rate provided by law shall be included in the lien of said certificate of delinquency.

The expense of foreclosure proceedings by the county shall be paid by the districts whose liens are foreclosed: costs of foreclosure by the county or private persons as provided by law, shall be included in the judgment of foreclosure. [1933 c 125 § 2; 1923 c 46 § 11, part; 1917 c 130 § 33; 1913 c 176 § 31; RRS § 4439-2.]

***Reviser's note:** The internal references in the third paragraph of this section reading "sections 11292 to 11317 inclusive" refers to RRS 11292 through 11317 which sections were repealed by 1925 ex.s. c 130 § 138, with the exception of 11312, 11313, and 11314 now in RCW 78.16.010, 78.16.020 and 78.16.030 and which are not in point for purposes of this internal reference. Existing provisions generally as to certificates of delinquency and foreclosure, see chapter 84.64 RCW.

85.08.490 Title acquired at sale—Foreclosure for general taxes—Lien of assessments preserved. The purchaser, upon the foreclosure of any certificate of

delinquency for any assessment or installment thereof, shall acquire title to such property subject to the installments of the assessment not yet due at the date of the decree of foreclosure, and the complaint, decree of foreclosure, order of sale, sale, certificate of sale and deed shall so state.

The holder of any certificate of delinquency for general taxes may, before commencing any action to foreclose the lien of such certificate, pay in full all drainage or diking or sewerage improvement district assessments or any installment thereof due and outstanding against the whole or any portion of the property included in such certificate of delinquency and the amount of all assessments so paid together with interest at ten percent per annum thereon shall be included in the amount for which foreclosure may be had; or, if he elects to foreclose such certificate without paying such assessments in full, the purchaser at such foreclosure sale shall acquire title to such property subject to all such drainage or diking or sewerage improvement district assessments. Any property in any drainage or diking or sewerage improvement district sold under foreclosure for general taxes shall remain subject to the lien of all drainage and diking or sewerage improvement district assessments or installments thereof not yet due at the time of the decree of foreclosure and the complaint, decree of foreclosure, order of sale, sale, certificate of sale and deed shall so state. [1923 c 46 § 11, part; 1917 c 130 § 33; 1913 c 176 § 31; RRS § 4439-3.]

85.08.500 Resale or lease by county—Disposition of proceeds—Tax statements. Property subject to a drainage or diking or sewerage improvement district assessment, acquired by a county pursuant to a foreclosure and sale for general taxes, when offered for sale by the county, shall be offered for the amount of the general taxes for which the same was struck off to the county, together with all drainage or diking or sewerage improvement district assessments or installments thereof, due at the time of such resale, including maintenance assessments, and supplemental assessments levied pursuant to the provisions of RCW 85.08.520, coming due while the property was held in the name of the county; and the property shall be sold subject to the lien of all drainage or diking or sewerage improvement district assessments or installments thereof not yet due at the time of such sale, and the notice of sale and deed shall so state. *Provided*, That the county board may in its discretion, sell said property at a lesser sum than the amount for which the property is offered in the notice of sale. The proceeds of such sale shall be applied first to discharge in full the lien or liens for general taxes for which said property was sold, and the remainder, or such portion thereof as may be necessary, shall be applied toward the discharge of all drainage or diking or sewerage improvement district assessment liens upon such property, and the surplus, if any, shall be applied toward the payment of any delinquent or due local assessments or local assessment installments outstanding against the property levied by any authority other than that of the county, taking them in the order of their maturities, beginning with the earliest; after which if any money

remains the treasurer shall hold the same for the person whose interest in the property entitles him thereto. If there be no purchaser, the property shall again be offered for sale within one year thereafter, and shall be successively offered for sale each year until a sale thereof be effected.

Property struck off to or bid in by a county may be leased pursuant to resolution of the county commissioners on such terms as the commissioners shall determine for a period ending not later than the time at which such property shall again be offered for sale as required by law. Rentals received under such lease shall be applied in the manner hereinabove provided for the proceeds of sale of such property.

All statements of general state taxes where drainage, diking or sewer improvement district assessments against the land described therein are due shall include a notation thereon or be accompanied by a statement showing such fact. [1923 c 46 § 11, part; 1917 c 130 § 33; 1913 c 176 § 31; RRS § 4439-4.]

85.08.510 Invalid levy—Reassessment. Whenever any improvement, any extension or betterment thereof shall have been constructed in whole or in part, either heretofore in a district established or attempted to be established under and by virtue of *chapter 66 of the Laws of 1901, or in a district heretofore or hereafter established or attempted to be established under this chapter, and the assessment therefor or any part thereof shall be invalid by reason of any omission, irregularity or defect in any proceeding whatever, a reassessment shall be made upon the property benefited by the improvement to provide a fund for the payment of the costs thereof, and any bonds or warrants issued therefor in the following manner:

The board of county commissioners shall by order cause the clerk of the board to compile and file with the board an itemized statement of the total cost of the improvement in the manner prescribed by RCW 85.08.360. Upon the filing of such statement the same proceedings shall be had assessing the costs of said improvement against the lands benefited thereby and the counties, cities and towns within the district, as are prescribed by RCW 85.08.360 and subsequent sections of this act. In case no bonds have been issued or warrants sold to pay the costs of said improvement, the same may be issued and sold and disposed of as hereinbefore provided. In case an assessment for such improvement shall have been theretofore made or attempted, and any payment has been made thereon, proper credit for the amount of such payment shall be made upon the reassessment. [1923 c 46 § 11, part; 1917 c 130 § 33; 1913 c 176 § 31; RRS § 4439-5.]

***Reviser's note:** The language "chapter 66 of the Laws of 1901" refers to a prior drainage district law which was repealed by the basic act, 1913 c 176, codified in this chapter; see 1913 c 176 §§ 39, 40; see notes following chapter digest.

The language "subsequent sections of this act" first appears in 1917 c 130 § 33 amending 1913 c 176 § 31. The 1917 amendatory act was a 39 section act with sections 34 through 39 being codified as RCW 85.08.530, 85.08.540, 85.08.560 and 85.08.680. Section 34 thereof was repealed by 1949 c 26 § 18 and new subject matter thereof being in chapter 85.16 RCW. Section 39 was a construction section. The basic act in chapter 176, Laws of 1913 was a 42 section act with sections 32

through 41 being codified as RCW 85.08.530, 85.08.540, 85.08.560, 85.08.570, 85.08.670 and 85.08.680. Section 32 was repealed in the 1949 act and the new subject matter is in chapter 85.16 RCW. The other sections being construction sections are footnoted herein following the chapter digest. Notice that this section itself was a single section in the basic act of 1913 but it was divided into separate sections in 1923 c 46 § 11 codified herein as RCW 85.08.470 through 85.08.520.

85.08.520 Supplemental assessments. If upon the foreclosure of the assessment upon any property the same shall not sell for enough to pay the assessment against it, or if any property assessed was not subject to assessment, or if any assessment made shall have been eliminated by foreclosure of a tax lien or made void in any other manner, the board of county commissioners shall cause a supplemental assessment to be made on the property benefited by the improvement, including property upon which any assessment shall have been so eliminated or made void, and against the county, cities and towns chargeable therewith in the manner provided for the original assessment, to cover the deficiency so caused in the original assessment.

If by inadvertence or for any cause the assessment levied shall be found to be insufficient to meet the entire cost of construction, a supplemental assessment shall be made by the board of county commissioners upon the lands of the district in the same proportion as the original assessment is levied, same being spread over not to exceed three years as the commissioners may determine.

Duplicate assessments or other errors that may by inadvertence be found to have been incorporated in the assessment roll may be corrected by order of the county commissioners upon same being certified to them by the treasurer and the engineer. [1923 c 46 § 11, part; 1917 c 130 § 33; 1913 c 176 § 31; RRS § 4439-6.]

85.08.530 Levies against county, city or town, how paid. The amount of the costs of construction or maintenance of any system of improvement assessed against any city, town or county may be met by levies to be paid in similar installments and extending over a like period of time as the assessments against property benefited are spread, or such amounts may be met by the issue and sale of the bonds of such city, town or county in the manner in which bonds to meet general indebtedness of such city, town or county are issued. The proper authorities of such city, town or county shall make the necessary levies to meet such amounts thus apportioned thereto as a general levy on all property therein. [1917 c 130 § 35; 1913 c 176 § 33; RRS § 4441.]

85.08.540 Abandonment or change in system—Subdistricts. Upon a petition and bond being filed by one or more landowners, either within or without the boundaries of a district, and like proceedings being had as in the case of the original establishment and construction of a system of improvement, the county commissioners may declare any system of improvement or any part thereof, abandoned or may strike from the district lands no longer benefited or served thereby, or they may cause any system of improvement to be altered, reduced, enlarged, added to or in any other manner bettered or improved, either within or without the district, and to effect such subsequent improvements, may exercise any

of the powers which are in this chapter, or may be hereafter conferred upon such districts. But the striking of any lands from a district shall not in any way affect any assessment theretofore levied against such lands. When such improvements shall have been completed the costs thereof shall be apportioned and assessed against the lands benefited thereby in the manner hereinbefore provided for such apportionment and assessment in the case of original proceedings. New lands assessed for any such improvement shall become a part of such district. The construction and maintenance of any such new improvement, unless let by contract by the board of county commissioners, shall be under the direction of the board of supervisors of the district in which they are made or to which said improvement is added. The lands assessed for such new improvements, of less than the entire district, shall be designated, alphabetically, "subdistrict ----- of ----- improvement district No. -----." [1917 c 130 § 36; 1913 c 176 § 34; RRS § 4442.]

85.08.560 Extension of existing system—Apportionment of cost. When any extension of or addition to any existing system of improvement shall be thus constructed, the cost thereof shall be assessed to all the property, counties, cities and towns in the enlarged district benefited thereby in proportion to the benefits received therefrom. Any new lands thus brought into the district shall be assessed in addition a proper and equitable share of the then value of the original system of improvement in proportion to the benefits which such new lands derive therefrom. In determining the value to be so assessed the board of appraisers shall take into consideration the amount, if any, which the property to be assessed has already paid toward the construction of the original system and all other matters that may be pertinent. If at any time it shall appear to the board of supervisors of any drainage or diking improvement district that any lands without the boundaries of such district are being benefited by the improvements of the district and are not being assessed for the benefits received, they shall file a petition with the board of county commissioners praying the benefits received by such lands be determined and an assessment made upon such lands for the benefits so received. Thereupon, the board of county commissioners shall appoint a board of appraisers as provided in RCW 85.08.360 for the apportionment of the cost of construction of the original system of improvement, and an apportionment of the then value of the improvements of the district shall be made to such lands in proportion to the benefits received therefrom as nearly as may be in the manner provided for the apportionment of the cost of the original system of improvement. In determining what share of the value of the improvements of the district shall be apportioned to such lands the board of appraisers shall take into consideration the benefits already received by such lands and all other matters that may be pertinent. The amount of the value of the original system assessed upon any new property brought within the district shall be rebated pro rata upon the assessments, if any, outstanding

against the lands of the district on account of the construction of such original system. If the assessment against any land has been paid in full, or if the assessment remaining outstanding against such land is less than the rebate apportioned to such land, the amount so rebated or excess of rebate over assessment shall be paid into the maintenance fund of the district and a proper credit on any existing or future assessment for maintenance shall be entered in favor of the land entitled thereto. The lands in the original district shall remain bound for the whole of the original unpaid assessment thereon for the payment of any outstanding unpaid warrants or bonds secured to be paid by such assessments. [1917 c 130 § 37; 1913 c 176 § 35; RRS § 4443.]

85.08.570 Districts in two or more counties—
Notice—Hearings. When a drainage, diking or sewerage system is proposed which will require a location, or the assessment of lands, in more than one county, application therefor shall be made to the board of county commissioners in each of said counties, and the county engineers shall make preliminary reports for their respective counties. The lines of such proposed improvement shall be examined by the county engineers of the counties wherein said improvements will lie, jointly. The hearings in regard to such improvements, provided for by RCW 85.08.150, and 85.08.400 through 85.08.430 shall be had by the boards of county commissioners of the two counties in joint sessions, and all other matters required to be done by the county commissioners in regard to such improvement and the improvement district shall be had and done by the boards of county commissioners of the counties wherein such system of improvements shall lie, either in joint session at such place as the said board shall order, or by concurrent order entered into by the said boards at their respective offices. Notice of the hearings shall be given by the auditors of both counties jointly by publication in the official paper of each of said counties. The county engineer of the county wherein the greatest length of drainage, diking or sewerage system will lie, shall have charge of the engineering work and be ex officio a member of the boards in this chapter provided for. The schedule of apportionment shall be prepared in separate parts for the land in the respective counties; and that part of said roll containing the assessments upon the lands in each respective county shall be transmitted to the treasurer thereof, and the treasurer of said county shall give notice of said assessments as provided in RCW 85.08.400 through 85.08.430, and shall collect the assessments therein contained and shall also extend and collect the annual maintenance levies of said district upon the lands of said district lying in his county. The auditor of the county in which the greater length of the drainage, diking or sewerage system shall lie shall act as clerk of the joint session of the boards of county commissioners, and shall issue the warrants of the improvement district, and shall attest the signatures of the two boards of county commissioners on the bonds. He shall furnish to the auditor of the other county duplicate copies of the records of proceedings of such joint sessions. Duplicate

records of all proceedings had and papers filed in connection with such improvements shall be kept, one with the auditor of each county. Protests or other papers filed with the auditor who is not clerk of the joint sessions shall be forwarded forthwith by him to the auditor who acts as clerk of such joint sessions. The treasurer of said county shall register and certify and pay the warrants and the bonds, and shall have charge of the funds of the district; and to him, the treasurer of the county in which the lesser portion of such system of improvements lie, shall remit semiannually, in time for the semiannual warrant and bond calls, all such collections made in such other county. A drainage, diking or sewerage improvement district lying in more than one county shall be designated "joint drainage (or diking) or sewerage improvement district No. _____ of _____ and _____ counties." All proceedings in regard to joint drainage, diking improvement districts, which have heretofore been had and done substantially in accordance with the amendatory provisions of this chapter are hereby approved and declared to be valid. [1923 c 46 § 13; 1921 c 157 § 6; 1913 c 176 § 38; RRS § 4446.]

85.08.580 Consolidation—Resolution—Time for hearing. Whenever it shall appear to the board of county commissioners that the consolidation of two or more diking, drainage or sewerage improvement districts established under the provisions of this chapter will result in economy of the maintenance of such districts, they shall by resolution declare their intention to order such consolidation, and shall fix a time and place for hearing objections to such consolidation. The time so fixed shall not be less than thirty nor more than sixty days from the date of adoption of such resolution, and the place fixed may be the county seat or other place more convenient to the districts which it is proposed to consolidate. [1923 c 46 § 14; 1917 c 130 § 1; RRS § 4449.]

85.08.590 Consolidation—Notice of hearing. Notice of the hearing shall be given by publication in the newspaper doing the county printing once a week for two successive weeks, the last publication to be not less than seven nor more than fourteen days prior to the date of said hearing. The notice shall be posted for the same period in three public places in each of the districts proposed to be consolidated. [1917 c 130 § 2; RRS § 4450.]

85.08.600 Consolidation—Objections—Determination. The board of county commissioners shall meet at the time and place fixed in such notice, and may adjourn such meeting from time to time and from place to place. If objections are offered to the proposed consolidation, they shall hear and consider the same and may refuse to proceed further with the consolidation or may enter an order declaring any two or more of such districts consolidated, and that the territory included in such districts shall thereafter constitute and be known as "Consolidated drainage, diking or sewerage improvement district No. _____ of _____ county," giving to such consolidated district its consecutive number in

the order of the establishment of such districts in the county. [1923 c 46 § 15; 1917 c 130 § 3; RRS § 4451.]

85.08.610 Consolidation—Supervisors after consolidation. Until the expiration of the terms of the elected supervisors having the shortest term to serve in each of the districts so consolidated, the two elected supervisors of each district, together with the county engineer, shall form the board of supervisors of such consolidated district.

At the annual election following the entry of the order of consolidation, one supervisor shall be elected in the consolidated district and shall serve for two years and until his successor is elected and qualified, and together with the supervisor of each district included in the consolidation whose term of office has not expired and the county engineer, shall constitute the board of supervisors of the consolidated district until the next annual election.

At the next annual election and at each succeeding annual election, one supervisor shall be elected in the consolidated district for a term of two years. [1917 c 130 § 4; RRS § 4452.]

85.08.620 Consolidation—Powers and duties after consolidation. From the time of the entry of the order of consolidation, such consolidated district and its board of supervisors shall have all the rights and powers of, and be subject to all laws applicable to a district established under the provisions of chapter 176 of the Laws of 1913 and acts amendatory thereof, and the several districts included in the consolidated district shall thereby be dissolved without any further proceedings. Notwithstanding such consolidation and dissolution, none of the outstanding bonds, warrants or other indebtedness of any district included in the consolidated district shall be affected thereby; and all lands liable to be assessed to pay any of such bonds, warrants or other indebtedness shall remain liable to the same extent as if such consolidation had not been made; and any and all assessments theretofore levied or made against any such lands shall be and remain unimpaired, and shall be collected in the same manner as if no such consolidation had been made. The board of supervisors of the consolidated district shall have all the powers possessed at the time of the consolidation by the boards of supervisors of the several districts included in the consolidation to levy, assess and cause to be collected any and all assessments or charges against any of the lands within the several districts that may be necessary or required to provide for the payment of all the bonds, warrants and other indebtedness thereof. Until such assessments shall have been collected and all indebtedness of the district paid, separate funds shall be maintained for each district as were maintained prior to the consolidation. [1917 c 130 § 5; RRS § 4453. FORMER PART OF SECTION: 1917 c 130 § 6 now codified as RCW 85.08.625.]

Reviser's note: 1913 c 176 referred to in this section is the basic act codified as chapter 85.08 RCW; see note following chapter digest.

85.08.625 Consolidation—Governing statutes. Whenever two or more districts have been consolidated

all the provisions of law applicable to such district prior to the consolidation shall apply to the consolidated district. [1917 c 130 § 6; RRS § 4454. Formerly RCW 86.08.620, part.]

85.08.630 Waters developed—Defined—Disposal of. The use of any waters developed by the drainage system of any drainage improvement district shall be subject to the control of the drainage improvement district and such district shall have the right to dispose of and contract for the use of such waters for irrigation or other uses, as hereinafter provided: *Provided*, That the waters developed by any existing drainage system, and the waters developed by any drainage system hereafter constructed which shall remain undisposed of for three years after the completion of the improvement and the levy of the assessment to pay the cost thereof, shall not be subject to disposal by such district where such waters shall have been appropriated by any person at a point below the outlet of the drainage system of such district. The term "waters developed" as used in this chapter shall not be held to include surface waste waters from irrigation. [1917 c 130 § 7; RRS § 4455.]

85.08.640 Waters developed—Contracts for use and sale. The board of supervisors may enter into any contract for the use, sale or disposal of such waters that in their judgment shall be for the best interests of the district; but no such sale, contract or disposition shall be made except by the unanimous vote of the board. The district shall not guarantee nor warrant the amount or flow of, nor the title to, such waters; and no use, sale or disposition of such waters shall be lawful that will interfere with the efficiency of said drainage system. [1917 c 130 § 8; RRS § 4456.]

85.08.650 Waters developed—Application for use. Any person or corporation desiring to acquire and use the waters developed by any drainage system, may make application therefor in writing to the board of supervisors of the district, accompanying such application with a bond to be approved by the board, conditioned that the applicant will pay the costs of the investigation and hearing in case no disposal of said waters be made thereat. Successive applications and proceedings may be made and had as long as there is any water remaining undisposed of in said drainage system. [1917 c 130 § 9; RRS § 4457.]

85.08.660 Waters developed—Notice of hearing—Form of application—Bond. When any such application shall be filed, the board of supervisors of the district shall cause to be published in the county official paper, once a week for three successive weeks prior to the date of the hearing hereinafter referred to, a notice fixing the time and place within the district when the board will hear and consider such applications. All applications shall be in writing and contain a statement of the proposed use to be made of the water, specifying the time, place and manner of such proposed use; and in entering into any such contract, the board of supervisors of the district may require such security as they may

deem reasonable for the proper construction and installation of works of diversion and for the use of said water by the party proposing to use the same. [1917 c 130 § 10; RRS § 4458.]

85.08.670 Prosecuting attorney—Duties. [1917 c 130 § 11; RRS § 4459.]

85.08.820 Drainage bonds owned by state—Cancellation of interest and assessments—Levy omitted. Whenever the department of conservation and development of the state of Washington shall have purchased and the state of Washington owns the entire issue of any series of bonds of any county in the state, the payment of which is to be made from and is secured by assessments upon the property included within any drainage improvement district organized and existing in such county, and it shall appear to the satisfaction of the director of conservation and development that owing to and by reason of the nature of the soil within and the topography of such drainage improvement district the lands contained therein were not or will not be drained sufficiently to permit the cultivation thereof within the time when assessments for the payment of the interest on said bonds and to constitute a sinking fund to retire said bonds as provided by law became or will become due, and that by reason thereof the owners of said lands were or will be unable to meet said assessment, the director of conservation and development shall have the power and he is hereby authorized under such terms and conditions as he shall deem advisable to enter into a contract in writing with the board of county commissioners of the county issuing such bonds, waiving the payment of interest upon such bonds from the date of their issue for not to exceed five years, and extending the time of payment of said bonds for not to exceed five years; and upon the execution of said contract the board of county commissioners of said county shall have the

power and is hereby authorized to cancel all assessments made upon the lands included within such drainage improvement district for the payment of principal and/or interest on said bonds prior to the date of said contract, and to omit the levy of any assessments for said purposes until the expiration of the time of the waiver of interest payments upon said bonds specified in said contract. [1925 ex.s. c 140 § 1; RRS § 4332-1.]

Reviser's note: Names of department and director of conservation and development changed to department and director of conservation abolished, of conservation; department and director powers and duties transferred to department of ecology: RCW 43.17.010, 43.17.020; chapter 43.21 RCW.

85.08.830 Merger of improvement district with irrigation district—Authorized. Whenever a drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district within an irrigation district or irrigation districts desires to merge with an irrigation district or irrigation districts in which lands of the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district are located, it may petition the board or boards of county commissioners, as the case may be, to do so: *Provided*, That only that portion of the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district within a particular irrigation district may merge with the irrigation district within which it is situated. [1957 c 94 § 2.]

Merger of improvement district with irrigation district: RCW 87.03-.720-87.03.745.

85.08.840 Merger of improvement district with irrigation district—Jurisdiction to hear, supervise and conduct proceedings—Clerk, notice, records. The boards of county commissioners of the counties in which a joint drainage improvement district is situated shall have jurisdiction in joint session to hear, supervise and conduct the merger proceedings relating to such a district. The auditor of the county in which the greater length of the system of improvements lies shall act as clerk of the joint sessions of the boards of county commissioners, and shall give the notice provided for in RCW 85.08.870. He shall furnish to the auditor of the other county duplicate copies of the records of proceedings of the joint sessions. The board of county commissioners of the county in which a drainage improvement district or consolidated drainage improvement district is situated shall have exclusive jurisdiction to hear, supervise and conduct merger proceedings relating to such districts. [1957 c 94 § 3.]

85.08.860 Merger of improvement district with irrigation district—Assent by irrigation district—Election, order, notice. If it appears to the board or boards of county commissioners that all portions of the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district will, as a result of the proceedings, be merged with the irrigation district or irrigation districts and that the board or boards of directors of the irrigation district or irrigation districts into which the drainage improvement, joint drainage improvement district, or consolidated drainage improvement district will be merged, which irrigation district or irrigation districts shall be named in the petition, are agreeable to the merger, and that the assent or assents thereto, in writing, by said irrigation district board or boards have been filed with the board or boards of county commissioners, the board or boards of county commissioners shall order an election to be held in the drainage improvement district, joint drainage improvement district or consolidated drainage improvement district to approve or disapprove the merger and shall fix the time thereof and cause notice to be published. If a majority of the votes cast are against merger, the board of commissioners shall enter an order dismissing the proceedings. If the merger is approved, the expenses of the county or counties in connection with the election will be paid by the irrigation district or irrigation districts, with each irrigation district, if there is more than one, paying the same portion of the expenses as that portion of the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district which is merged into the irrigation district. If the

merger is not approved, the expenses of the county or counties in connection with the election will be paid by the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district. [1957 c 94 § 7.]

85.08.890 Merger of improvement district with irrigation district—Prior indebtedness. None of the indebtedness of the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district, or of the drainage improvement districts taken into the consolidated drainage improvement district, shall be affected by the merger and dissolution, and all lands liable to be assessed to pay such indebtedness shall remain liable to the same extent as if the merger and dissolution had not taken place, and all assessments theretofore levied shall remain unimpaired and shall be collected in the same manner as if no merger had taken place. The board or boards of directors of the irrigation district or irrigation districts with which the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district was merged shall have all the powers possessed at the time of the merger by the board of supervisors of the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district and the board or boards of county commissioners may levy and cause to be collected any and all assessments against any of the lands formerly within the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district necessary for the payment of all indebtedness thereof, and of the drainage improvement districts taken into the consolidated drainage improvement district. 85.09.010 Refunding bonds—Refunding loan from United States—Sale or exchange—Delinquency.

Whenever any bonds and/or warrants of any diking or drainage improvement district of this state shall become payable or be outstanding and the board or boards of county commissioners of the county or counties wherein such district lies shall determine that it will be for the best interests of the owners of the lands included in such district to issue refunding bonds and to levy an assessment to meet such obligations, they may levy such assessment and fix the time for the payment thereof and fix the installments in which such assessment shall be paid; and they may issue refunding bonds of the district in the manner hereinafter provided, to provide funds with which to pay such outstanding bonds and/or warrants.

Such refunding bonds (except in case the refunding loan shall be from the United States) shall be payable in such series and at such time or times over a period not exceeding twenty-five years as the board of county commissioners shall determine; they shall bear interest payable semiannually on January first and July first of each year at such rate as the said board of county commissioners shall determine; and all bonds shall be payable at any interest paying date on or before the due date thereof.

The assessment to support such refunding bonds shall become due in annual installments over a period not exceeding twenty-five years in amounts and installments adequate to retire the bonds as they fall due, as may be fixed by the board of county commissioners, and shall bear the same rate of interest as the said bonds; and any and all assessments may be paid at any time, with interest to next interest paying date.

If such refunding bonds are to be deposited with, and the refunding loan to be procured from the Reconstruction Finance Corporation or any other loaning agency created by act of the congress of the United States, or from the United States, pursuant to any act of the congress of the United States, the assessment to support said refunding bonds may be spread over such period of years, and shall become due in such installments, and bear such interest as shall be required by the Reconstruction Finance Corporation or such other loaning agency or by such proper official of the United States or by said act of congress; and the bonds shall be payable in such series, and at such times, and shall bear such rate of interest as may be prescribed by the Reconstruction Finance Corporation or such other loaning agency or by such official of the United States or by such act of congress. The board of county commissioners shall have power to contract for the sale of said bonds to the United States, the Reconstruction Finance Corporation or other loaning agency created by act of congress, and to procure a refunding loan from the United States, the

Reconstruction Finance Corporation or other loaning agency, on such terms and under such regulations, and to levy an assessment to pay said bonds in such installments or series, and over such period, as the Reconstruction Finance Corporation or such other loaning agency or the proper official of the United States or such act of congress may prescribe; and it shall not in such case be necessary to sell such refunding bonds at public sale.

In case no sale of such refunding bonds can in the judgment of the board of county commissioners be made on more advantageous terms, the county commissioners may exchange such refunding bonds of the district at not less than par value and at not more than the rate of interest of the old bonds and/or warrants for an equal or greater amount of the outstanding bonds and/or warrants of said district without offering them at public sale.

When any assessment or installments of assessments to meet such refunding bonds, shall be delinquent for a period of two years, certificates of delinquency thereon shall be issued to the county, and foreclosure thereof shall forthwith be effected in the manner provided for such foreclosure of assessments in drainage and diking improvement districts.

When any land subject to an assessment to support refunding bonds issued pursuant to this chapter shall be conveyed by a county treasurer's deed to satisfy irrigation district assessments, such irrigation district deed shall eliminate all such drainage and/or diking assessments or installments thereof which are delinquent at the date of issuance thereof; but all such drainage and/or diking assessments or installments thereof not yet delinquent at the date of issuance of such deed shall remain a lien against such land and the title conveyed by the irrigation district deed shall be subject thereto.

Except as herein otherwise provided, all the provisions of chapter 176 of the Laws of 1913 and acts amendatory thereof including joint action by the boards of commissioners of both counties in case of a district extending into two counties shall apply to and be the law and shall govern the form and manner of said sale and issuance and payment of the refunding bonds, the rate of interest they shall bear, the levy of the assessment to support the same, appeals to the courts from actions by the county commissioners, the manner of the collection of said assessments, and all other matters pertaining to the said refunding bonds and the assessment to meet the same, and except as herein otherwise provided, refunding bonds authorized, issued and disposed of under the provisions of this chapter shall entitle the holders and owners thereof to the same rights and privileges, shall constitute a lien on the same property and be paid in the same manner as the original bonds refunded by said bond issue. [1933 ex.s. c 38 § 1; 1933 c 22 § 1; 1929 c 211 § 1; RRS § 4459-1. Formerly RCW 85.08.700 through 85.08.730.]

Reviser's note: 1913 c 176 referred to in this section is the basic act codified as chapter 85.08 RCW; see note following chapter digest.

85.09.020 Assessments—Roll—Installments—Payment—Date of hearing. The board of county commissioners shall determine the amount of the

assessment necessary to be levied to provide funds to liquidate obligations of the district which are to be refunded including bonds and/or warrants whose holders consent to their payment before they are due, which amount in diking or drainage improvement districts may be less than, but shall not exceed, the total amount of the outstanding assessments not yet canceled including accumulated interest thereon, in support and for payment of the outstanding bonds and/or warrants which are to be refunded, plus the amount of any outstanding warrants for which no assessment has been levied; in case only a part of the obligations of a diking or drainage improvement district are to be refunded, then such new assessment roll shall not be greater than that proportion of the existing uncanceled assessments, which the bonds and/or warrants to be refunded bear to the total bonds and/or warrants then outstanding and for which assessments have been levied, plus the amount of any warrants which are to be refunded for which no assessment has been levied, and shall cause such assessment to be apportioned to the lands of the district in proportion to the original assessments for the outstanding bonds and/or warrants of the said district still unpaid and not canceled against the respective lands thereof, including the interest on any delinquent assessments until the estimated date of the re-levy, except that for any outstanding obligations for which no assessment has yet been levied, such apportionment shall be in proportion to the original assessment roll, and shall cause to be prepared an assessment roll showing the assessment thus apportioned against each tract, lot and parcel of land to be assessed and shall file such roll with the clerk of the board. Thereupon the board shall adopt a resolution which shall set forth:

(1) A schedule showing the bonds and/or warrants outstanding against the district which they propose to refund, and the assessment necessary to be levied to provide funds for the payment thereof.

(2) That the assessment roll for the collection of the assessments proposed to be levied against the lands of the district is on file with the clerk of the board and open to inspection of all persons interested.

(3) That the commissioners propose to levy such assessments for collection in installments according to the schedule attached thereto.

(4) A schedule showing the installments in which such assessments are to be paid.

(5) That the assessments contained in such assessment roll may be paid in full at any time prior to the expiration of thirty days after such assessment roll shall have been turned over to the treasurer for collection and he shall have published a notice to that effect, and that all assessments not so paid shall thereafter bear interest until due at a rate to be fixed therein.

(6) That the county commissioners propose to issue bonds under the provisions of this chapter, payable in ----- years (to be stated in the resolution), to refund such outstanding bonds and/or warrants.

(7) A date which shall be not more than sixty nor less than thirty days from the date of the adoption of such resolution, on which the board of county commissioners will hear any objections offered to the proposed levy and

issuance of refunding bonds, or to the assessment roll prepared by the said commissioners. [1933 c 22 § 2; 1929 c 211 § 2; RRS § 4459-2. Formerly RCW 85.08.740 and 85.08.750.]

85.09.030 Notice of hearing. Upon the preparation of the roll and the adoption of the resolution, the clerk of the board shall cause to be published in two successive weekly issues of the county official newspaper, a notice containing a copy of the resolution and stating that on the date fixed therein for the hearing the board will meet and hear any objection offered to the proposed levy of the assessment or to the issuance of refunding bonds or to the assessment roll or any assessment therein contained; and stating that all persons interested may file any objection they may have to the proposed levy or issuance of bonds or the assessment roll with the board of commissioners prior to the date fixed for such hearing. The last publication of such notice shall not be less than ten days prior to the date fixed for such hearing. [1929 c 211 § 3; RRS § 4459-3. Formerly RCW 85.08.760.]

85.09.040 Hearing—Roll corrected—Confirmation—Order. The board shall meet on the day fixed in the notice or to which the hearing may have been adjourned, and shall consider all objections which shall have been filed, and may modify any action as proposed in said resolution; and may correct any errors in the assessment roll and shall confirm the roll as corrected and shall levy the assessments therein contained for collection as prescribed in the resolution or as finally adopted and shall enter an order confirming said roll.

Upon the confirmation of the assessment roll and the levy of the assessments therein contained, the board shall cause the clerk to attach thereto a copy of the resolution and certify such roll and resolution and turn the assessment roll over to the county treasurer for collection in accordance with the resolution attached thereto.

If before or at the hearing herein provided for protests have been filed by the owners of lands bearing more than sixty percent of the new assessment in the district objecting to the proposed levy and issuance of bonds, the board shall enter an order dismissing the proceedings and shall charge the cost thereof to the district as a maintenance charge. [1929 c 211 § 4; RRS § 4459-4. Formerly RCW 85.08.770.]

85.09.050 Collection of assessments—Notice. As soon as the assessment roll has been turned over to the treasurer for collection, he shall publish a notice in the official newspaper of the county, once a week for at least two successive weeks, that the said roll is in his hands for collection and that any assessments therein or any portion of such assessments may be paid at any time on or before a date stated in such notice, which date shall be thirty days after the date of the first publication, without interest. All assessments levied as provided herein, which shall not be paid within thirty days as herein provided for shall be collected in the manner provided for the collection of assessments levied to pay the costs of construction in drainage or diking improvement

districts so far as the same shall be applicable except as otherwise specified in this chapter. [1933 c 22 § 3; 1929 c 211 § 5; RRS § 4459-5. Formerly RCW 85.08.780, part.]

85.09.060 Sale or exchange of refunding bonds. Upon the expiration of thirty days from the first publication of the notice given by the treasurer as provided herein, the board of county commissioners may issue and sell (or exchange for outstanding bonds and/or warrants) the refunding bonds of the district, payable as determined by them in their resolution; and all the provisions of law governing the issuance, sale and payment of the bonds of drainage or diking improvement districts shall govern the issuance, sale and payment of the bonds herein provided for, except as otherwise provided in this chapter. [1933 c 22 § 4; 1929 c 211 § 6; RRS § 4459-6. Formerly RCW 85.08.780, part.]

85.09.070 Disposition of funds collected. The proceeds of all assessments paid within the thirty-day period herein provided for, and the proceeds of the sale of all refunding bonds, shall be paid into a proper fund to be established in the county treasury, and shall be applied to the payment of outstanding bonds and/or warrants which are refunded in the manner in which such bonds are required to be paid by the law under which they were issued, and such bonds shall be called and paid accordingly. The proceeds of all payments of assessments paid after the expiration of thirty days from the first publication of the notice given by the treasurer as herein provided, shall be paid into a fund to be established in the county treasury, to be known as the "refunding bonds redemption fund", and shall be applied to the payment of such refunding bonds as provided by *chapter 176 of the Laws of 1913, and acts amendatory thereof, for the payment of bonds issued thereunder. [1933 c 22 § 5; 1929 c 211 § 7; RRS § 4459-7. Formerly RCW 85.08.790.]

***Reviser's note:** The language "chapter 176 of the Laws of 1913" refers to the basic drainage improvement act codified, as amended and added to, in chapter 85.08 RCW.

85.09.080 Original assessments to be canceled pro rata. If all of the old series of bonds or warrants be refunded and canceled, the assessments to support the same including past due installments and interest shall be satisfied and canceled in full. If only part of any outstanding bond issue or warrants be refunded and canceled the assessments contained in the original assessment roll of the district including past due installments and interest shall be satisfied and canceled pro rata by the county treasurer to the amount of the old series of bonds and/or warrants that are thus retired, each individual assessment being canceled to an amount proportionate to the portion of the old bonds and/or warrants thus retired.

The proceeds arising from the collection of the remainder of the assessments on the original assessment roll of the district shall be applied to the payment of the bonds and/or warrants of the original issue that are not

thus retired. [1933 c 22 § 6; 1929 c 211 § 8; RRS § 4459-8. Formerly RCW 85.08.800.]

85.09.090 Supplemental and reassessments. The powers and duties of the board of county commissioners to make supplemental assessments or reassessments against the lands of the district to make up deficiencies arising in certain cases, as now provided by law, shall be in no wise curtailed nor enlarged by this chapter, but shall continue to be in full force and effect after such refunding proceedings shall have been had, to the same extent as if no refunding had been effected: *Provided, however,* That the liability of the lands to such supplemental assessments may, by agreement with the purchasers or holders of the refunding bonds, be reduced or wholly abrogated, in which case such limitation of liability shall be expressed in the bonds. [1933 c 22 § 7; 1929 c 211 § 9; RRS § 4459-9. Formerly RCW 85.08.810.]

85.09.900 Severability—1933 c 22. The adjudication of invalidity of any section, clause or part of a section of this act shall not impair or otherwise affect the validity of the act as a whole or any other part thereof. [1933 c 22 § 8 (adding new section 10 to 1929 c 211); RRS § 4459-10.]

FEDERAL AID TO DIKING, DRAINAGE, AND SEWERAGE IMPROVEMENT DISTRICTS

Sections

- 85.12.010 Commissioners may accept federal aid, or contract for work by federal agency—No bond required.
85.12.030 Disposition of federal aid funds.

85.12.010 Commissioners may accept federal aid, or contract for work by federal agency—No bond required. Whenever, under the provisions of any act of the congress of the United States, the corps of engineers of the United States army, or any other agency of the United States, shall be authorized to reconstruct, improve, repair or maintain any system of improvements of any diking, drainage or sewerage improvement district under the laws of the state of Washington, the board of county commissioners of the county in which such district is situated, on behalf of such district may consent to and permit the United States, or any agency thereof, to perform any work or service upon or with regard to such district's system of improvements which shall by the board be found to be for the benefit of such district and the property therein, or, if the enlargement, betterment or other improvement of such district's system of improvements, or the performance of extraordinary maintenance work upon or with respect to its existing system of improvements shall have been authorized, the board may contract, on behalf of said district, upon such terms as may be agreed upon by the United States and the board for the performance of the work so authorized by said corps of engineers, or other agency of the United States. No bond shall be required by the district for any work performed by or under the supervision of said corps of engineers, or other agency of the United States. [1949

c 175 § 1; RRS § 4459–50. Formerly RCW 85.12.010 and 85.12.020.]

85.12.030 Disposition of federal aid funds. If at any time, whether prior or subsequent to the making of any contract authorized by the preceding section, there shall be made available and paid to a district fund appropriated by the congress of the United States to pay the costs and expenses of reconstruction, improvement, repair or maintenance of the district's system of improvements or any part thereof, said funds shall be paid into the district's maintenance or construction fund, according as the work is maintenance or new construction, and thereafter used and disbursed upon the order of the board, provided that if the district shall have theretofore issued extraordinary maintenance warrants or maintenance bonds or construction bonds, said funds shall be used to pay and retire said bonds or warrants to the extent of said funds. When all said warrants or bonds have been paid, the assessment levied to pay said warrants or bonds, or those installments of such assessment not then due and payable, shall be canceled. If the funds made available and paid to the district by the United States shall be more than sufficient to pay and retire all then outstanding warrants or bonds issued to pay the cost of the particular work, whether maintenance or new construction, then the excess of such federal aid funds, up to the amount of the total of the assessments to pay for such work theretofore paid, shall be paid by the treasurer to those who have paid such assessment or assessments in the proportion that the total of all such assessments paid by any one bears to the total of all such assessments theretofore paid, and any balance of such federal aid funds remaining shall become and be part of the maintenance fund of the district. Any assessment or installment of assessment not canceled under the provisions hereof, or any balance thereof which when collected shall not be required for the payment of interest or principal of any of said warrants or bonds, shall, after all said warrants or bonds have been paid, be paid into and become part of the maintenance fund of the district. [1949 c 175 § 2; RRS § 4459–51.]

85.15.010 Declaration of purpose. The maintenance, enlargement and extension of diking, drainage and sewerage improvement districts formed under chapter 85.08 RCW is essential to the public welfare and economy of the state. The influx of population and changes in land use since many such districts were formed, has made obsolete, expensive and unjust the method used under existing law to provide funds for the operation of such districts and for the maintenance and expansion of their systems of improvement. [1967 c 184 § 2.]

Severability—1967 c 184: See note following RCW 85.05.610.

85.15.020 Definitions. As used in this chapter:

"District" means a diking, drainage or sewerage improvement district organized under chapter 85.08 RCW.

"Maintenance" means and includes not merely operating expenses and such upkeep and other work commonly classed as maintenance as shall be necessary to restore and preserve the district's systems of improvement and the machinery and equipment operated in connection therewith in the same or as good condition as when originally constructed and installed, but also the making of such changes in and betterments to the original works, improvements and installations as shall, subject to approval of the board of county commissioners, be by the board deemed necessary to put the systems of improvements into such condition as will provide protection and services as contemplated and intended by the original construction and any enlargement and extensions thereof thereafter made. [1967 c 184 § 3.]

85.15.030 Property roll—Basis and requisites—Separate levies for prior indebtedness. To operate under this chapter, the board of commissioners of the improvement district shall cause to be prepared and filed with the board of county commissioners a property roll. The roll shall contain: (1) A description of all properties benefited and improvements thereon which receive protection and service from the systems of the district with the name of the owner or the reputed owner thereof and his address as shown on the tax rolls of the assessor or treasurer of the county wherein the property is located and (2) the determined value of such land and improvements thereon as last assessed and equalized by the assessor of such county or counties. Such assessed and equalized values shall be deemed prima facie to be just, fair and correct valuations against which annual taxes shall be levied for the operation of the district and the maintenance and expansion of its facilities.

If property outside of the limits of the original district are upon the roll as adopted ultimately, and the original district has outstanding bonds or long-term warrants, the board of county commissioners shall set up separate

dollar rate levies for the full retirement thereof. [1973 1st ex.s. c 195 § 111; 1967 c 184 § 4.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.15.040 Public hearing—Notice, publication.

When a property roll is filed with the board of county commissioners, the board shall hold a public hearing to determine whether the facts and conditions heretofore recited in this chapter as a prerequisite to its application do or do not exist, and shall give notice of hearing as follows:

The notice shall be published at least three times in consecutive issues in a weekly newspaper, or once a week for three consecutive weeks in a daily newspaper, published in or near said district, and if there is more than one such paper, then in some paper chosen by the board of county commissioners having general circulation in the area involved. The last publication shall be more than fifteen days prior to date of hearing. [1967 c 184 § 5.]

85.15.050 Written objections—Filing—Grounds—Waiver. Any person, owner or reputed owner having any interest in any property against which the board of county commissioners seeks to make a protection and service charge under this chapter, may object thereto. All such objections must be in writing and filed with the board of county commissioners before the hearing is commenced upon the roll containing such properties and must state clearly the grounds of such objection. Objections not made within this time and in this manner shall be deemed conclusively to have been waived. [1967 c 184 § 6.]

85.15.060 Reexamination of properties on roll—Adjustment, periodic revision, of valuations. The board of county commissioners may at any time reexamine the properties on any roll, and upon receipt of a petition from the board of supervisors of the district or the written request of a property owner shall do so. If it is found that the condition of such property or properties has changed so that such property should be eliminated from any rolls on file, or the valuation against which dollar rate is levied should be lowered, it shall so determine and enter an order adjusting the valuation as to such properties and shall certify and file a copy thereof with the treasurer of the county wherein the property is situated, and the treasurer shall alter and change the existing rolls accordingly. Valuations may be revised periodically to reflect changes in real property valuations by the county assessor. [1973 1st ex.s. c 195 § 112; 1967 c 184 § 7.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.15.070 Roll constitutes valuations against which levy made and collected—Hearing on adjustments. The roll approved and certified to the county officers by the board of county commissioners as in this chapter provided shall constitute the valuations of land, buildings and improvements furnished protection and services by

the systems of the district against which valuation taxes shall be levied and collected annually in the same manner as general taxes for the continuing operations of the district and its systems. The valuations on said roll shall be subject to adjustment from time to time in the manner provided in RCW 85.15.060.

The board of county commissioners shall hold a hearing on such adjustments at the county seat at the time of equalization of real property assessments for the purpose of considering written objections to any revision of valuations filed at least ten days prior to the hearing and shall give published notice only of such hearing as provided in RCW 85.15.040. [1973 1st ex.s. c 195 § 113; 1967 c 184 § 8.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.15.080 Roll and proceedings conclusive—Remedies. Wherever any roll shall have been adopted by the board of county commissioners, the regularity, validity and correctness of the proceedings relating thereto shall be conclusive upon all parties, and it cannot in any manner be contested or questioned in any proceeding whatsoever by any person not filing written objections to the roll as provided in RCW 85.15.050 and appealing from the action of said board in confirming the roll in the manner and within the time in this chapter provided. No proceeding of any kind, except proceedings had throughout the process of appeal as in this chapter provided, shall be commenced or prosecuted or may be maintained, for the purpose of defeating or contesting any assessment or charge made through levies under this chapter, or the sale of any property to pay such charges: *Provided*, That suit in injunction may be brought to prevent collection of charges of assessments or sale of property thereunder upon the following grounds and no other:

- (1) That the property charged or about to be sold does not appear upon the district roll, or
- (2) The charge has been paid. [1967 c 184 § 9.]

85.15.090 Review by superior court—How taken. The decision of the board of county commissioners upon any objection made within the time and in the manner prescribed may be reviewed by the superior court of the county wherein the property in question is located, upon appeal thereto taken in the following manner: Any person aggrieved must file his petition for writ of review with the clerk of the superior court wherein the property is located within ten days after the roll affecting such aggrieved party was adopted by resolution, and serve a copy thereof upon the county treasurer. The petition shall describe the property in question, shall set forth the written objections which were made to the decision, and the date of filing of such objections, and shall be signed by such party or someone in his behalf. The court shall forthwith grant such petition if correct as to form and filed in accordance with this chapter. [1967 c 184 § 10.]

85.15.100 Review by superior court—Transcript—Contents—Filing. Within ten days from the filing of such petition for review, the county treasurer,

unless the court shall grant additional time, shall file with the clerk of the superior court its certified transcript containing such portion of the roll as is subject to review, any written objections thereto filed with the board by the person reviewing before the roll was adopted, and a copy of the resolution adopting the roll. [1967 c 184 § 11.]

85.15.110 Review by superior court—Filing fees—Bond—Priority of cause. The county clerk shall charge the same filing fees for petitions for review as in civil actions. At the time of the filing of such a petition with the clerk, the appellant shall execute and file a bond in the penal sum of two hundred dollars, with at least two sureties, to be approved by the judge of the court, conditioned upon his prosecuting his appeal without delay and to guarantee all costs which may be assessed against him by reason of such review. The court shall, on motion of either party to the cause, with notice to the other party, set the cause for trial at the earliest time available to the court, fixing a date for hearing and trial without a jury. The cause shall have preference over all civil actions pending in the court except eminent domain and forcible entry and detainer proceedings. [1967 c 184 § 12.]

85.15.120 Review by superior court—Scope—Judgment. At the trial the court shall determine whether the board of county commissioners has acted within its discretion and has correctly construed and applied the law. If it finds that it has, the finding of the board shall be affirmed; otherwise it shall be reversed or modified. The judgment of the court may change, confirm, correct, or modify the values of the property in question as shown upon the roll, and a certified copy thereof shall be filed with the county treasurer, who shall change, modify, or correct the roll as and if required by the judgment. [1967 c 184 § 13.]

85.15.130 Appeal to supreme court or court of appeals. An appeal shall lie to the supreme court or the court of appeals from the superior court as in other civil cases: *Provided*, That such appeal must be taken within fifteen days after the date of entry of the judgment of the superior court. The supreme court or the court of appeals may change, conform, correct, or modify the values of the property in question as shown upon the roll. A certified copy of any judgment of the supreme court or the court of appeals shall be filed with the county treasurer having custody of such roll, who shall thereupon change, modify, or correct such roll in accordance with such judgment as and if required. [1971 c 81 § 163; 1967 c 184 § 14.]

85.15.140 Levy is for continuous benefits to protected property. The dollar rate levies collected from time to time under this chapter are solely assessments for benefits received continuously by the protected properties, calculated in the manner specified in this chapter as a just and equitable way for all protected property to share the expense of such required protection and services. [1973 1st ex.s. c 195 § 114; 1967 c 184 § 15.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.15.150 Annual estimate of costs—Levy added to general taxes—Delinquencies—Disposition of revenue. The board of any improvement district proceeding under this chapter shall, on or before the first day of September of each year, make an estimate of the costs reasonably anticipated to be required for the effective functioning of the district during the ensuing year and until further revenue therefor can be made available, and shall cause its chairman or secretary to file the same with the board of county commissioners of the county containing the district and other benefited area. The board of county commissioners shall, on or before the first Monday in October next ensuing, certify the amount of the district's estimate, or such amount as it shall deem advisable, to the county treasurer. The amount so certified shall be applied by the regular taxing agencies against the benefit valuation of lands, buildings and improvements as shown by the then current complete roll of such properties certified to and filed with such county treasurer by the board of county commissioners. When thus levied, the amount of assessment produced thereby shall be added by the general taxing authorities to the general taxes against said lands and collected therewith as a part thereof. If unpaid, any delinquencies in such assessments shall bear interest at the same rate and in the same manner as general taxes and they shall be included in and be made a part of any general tax foreclosure proceedings, according to the provisions of law with relation to such foreclosures. As assessment collections are made, the county treasurer shall credit the same to the funds of the district. [1967 c 184 § 16.]

85.15.160 Emergency expenditures—Warrants. In the case of an emergency or disaster occurring after the time of making the annual estimate of costs, declared to be such by resolution of the board, the board of the district may incur additional obligations and issue valid warrants therefor in excess of such estimate, in the manner provided by law for issuance of warrants by districts and the servicing thereof. All such warrants so issued shall be valid and legal obligations of the district and its taxable lands and improvements as shown upon the then current roll of the district filed with the county treasurer. [1967 c 184 § 17.]

85.15.170 Concurrent use of other methods of raising revenue. Any diking, drainage, or sewerage improvement district operating under this chapter shall not use concurrently the processes provided for raising revenue for maintenance purposes under any other law: *Provided*, That any other method of raising such revenue provided by law may be used concurrently for the sole purpose of extinguishing indebtedness incurred before the district adopts the procedures of this chapter, and no funds raised hereunder shall be used to pay such prior indebtedness. [1967 c 184 § 18.]

85.16.010 Definitions. As used in this chapter:

- (1) "Appraisers" means the board of appraisers;
- (2) "supervisors" means the district board of supervisors;
- (3) "board" means the board of county commissioners;
- (4) "auditor" means the county auditor;
- (5) "treasurer" means the county treasurer; and
- (6) "maintenance", "maintenance of the system of improvements", "maintenance work", and other terms of similar import, mean and include not merely operating expenses and such upkeep and other work commonly classed as maintenance as shall be necessary to restore and preserve the district's system of improvement and the machinery and equipment operated in connection therewith in the same or as good condition as when originally constructed and installed, but also: (a) The making of such changes in and betterments to the original works, improvements and installations as shall, subject to the approval of the board, be by the supervisors deemed necessary to put the system of improvements into such condition that it shall provide adequate drainage and protection from overflow for the lands within the district as contemplated and intended by the original construction and any enlargement and extension thereof thereafter made; and (b) all costs and expenses incident to any determination or redetermination of benefits and apportionment of costs made under the terms of this chapter. [1949 c 26 § 1; Rem. Supp. 1949 § 4459–20.]

85.16.020 Maintenance estimate and levy. On or before the first Monday in September in each year the

supervisors of each diking, drainage or sewerage improvement district shall make and file with the board of the county containing such district, a statement and estimate in writing of the amount required for the maintenance of the system of improvements of said district for the ensuing fiscal year. The board shall, on or before the first Monday in October next ensuing, levy assessments for the amount of said estimate, or such amount as it shall deem advisable, upon the property within the district and against the state, the county containing such district, and the cities, towns and other municipal corporations within such district in respect of all highways, roads and streets and other lands, improvements, and facilities chargeable therewith owned by them respectively within such district. Said assessments shall be levied in the same proportion as the assessments to pay the original cost of construction of said system of improvements: *Provided however*, That when a determination or redetermination of benefits accruing to the properties within the district from the maintenance of the district's system of improvements or from the maintenance of the district's diking system and drainage system separately shall have been made, as hereinafter in this chapter provided, then the assessments for maintenance shall be levied in proportion to the benefits accruing to each piece or parcel of property and improvements benefited according to the latest determination of such benefits. Each such levy as made shall be certified by the auditor to the treasurer, who shall extend the same upon the district assessment roll. [1949 c 26 § 2; Rem. Supp. 1949 § 4459–21.]

85.16.030 Excess and extraordinary expenditures—Warrants and bonds—Redemption fund. In maintaining a system of improvements of any such district the supervisors thereof may at any time, with the approval of the board and upon determination by such board that an emergency exists, make expenditures in excess of the last annual maintenance levy theretofore made, which excess amount or amounts shall in such event be included in the maintenance levy for the succeeding year except as otherwise herein provided.

When, owing to floods, earthquakes, inadequate maintenance or any other cause, it shall be found by the board, after consideration of the supervisors' recommendations, plans and specifications and schedules of estimated costs of maintenance work required, that necessary maintenance work will require extraordinary maintenance expenditures and the board shall have authorized such extraordinary maintenance work to be done as herein provided, the board may provide that the levy to meet such extraordinary expenditures shall be spread over a term of years and warrants or bonds issued to meet the same. Such term shall not exceed five years if warrants are issued, and shall be either ten or fifteen years if bonds are issued, all as the board shall determine. The form, tenor, and amount of such bonds and warrants, the number of installments in which the assessments shall be paid, and the time and method of payment of assessments shall be the same as provided in RCW 85.08.240, for the original construction cost of a system of improvements: *Provided however*, That said

bonds and warrants may be in denominations of one thousand dollars. In case maintenance bonds or warrants to cover extraordinary maintenance expenditures are issued as herein provided, then a maintenance bond or warrant redemption fund for each separate issue of bonds or warrants shall be created into which all moneys derived from assessments levied to pay each issue shall be paid. Such redemption fund shall be applied first to the payment of the interest due upon such bonds or warrants and second to the payment of the principal thereof. After payment in full of principal and interest of any such issue of bonds or warrants, any balance thereafter remaining in any such redemption fund shall be paid into the district's maintenance fund. [1949 c 26 § 3; Rem. Supp. 1949 § 4459-22. Formerly RCW 85.16.030, 85.16.040, part and 85.16.050.]

85.16.060 Determination of special benefits—Hearing. At any time and from time to time, after completion of the original construction of any such district's system of improvements or after the completion of any alteration, reduction, enlargement, addition to, or other improvement of the system not constituting maintenance, as herein defined, the board may upon their own initiative, or upon petition filed by at least ten percent of the total number of owners of property within the district subject to assessments for maintenance, as shown by the latest assessment roll of the district shall, fix a date for and hold a hearing at the county seat for the purpose of determining or redetermining the special benefits accruing from the maintenance of the district's system of improvements to all property benefited thereby. [1961 c 16 § 2. Prior: 1951 c 63 § 1; 1949 c 26 § 4, part; Rem. Supp. 1949 § 4459-23, part.]

85.16.070 Notice of hearing. Notice of such hearing shall be given by publication in the official county newspaper and in such other newspaper published in or near such district as the board may in their discretion direct, once a week for two consecutive weeks, the last publication of which shall be not less than seven nor more than fourteen days prior to the date of said hearing. Also, the board shall serve by mail, at least ten days before such hearing, upon the commissioner of public lands of the state two copies of the published notice of such hearing together with a statement showing the amount of benefits determined by the appraisers in respect of each parcel of state, school, granted or other lands owned by the state in such district, and shall similarly serve notice of such hearing upon the director of highways, with a statement showing the amount of benefits determined by the appraisers in respect of any state primary or secondary highways within the district. [1949 c 26 § 6; Rem. Supp. 1949 § 4459-25.]

Reviser's note: The powers and duties of the director of highways is now vested in the state highway commission; see 1951 c 247 §§ 4, 7 and 1961 c 13 §§ 47.01.050, 47.01.060; RCW 47.01.050, 47.01.060.

The powers and duties of the commissioner of public lands have been transferred to the department of natural resources; see 1957 c 38 §§ 1, 13; RCW 43.30.010, 43.30.130.

85.16.080 Appraisal of special benefits. At or within two weeks of the time of fixing the date for such hearing

the board shall appoint three qualified appraisers, at least one of whom shall be a resident of the county in which said district is situated, who shall qualify as provided in RCW 85.08.360. Thereupon said appraisers shall proceed immediately to carefully examine the district's system of improvements and the public and private property within the district, and fairly, justly and equitably determine and apportion the special benefits which will accrue from the maintenance of the district's system of improvements to each piece or parcel of privately and publicly owned land, together with the buildings and other permanent improvements thereon, and to the state, county, cities, towns and other municipal corporations for their roads and streets and other property within the district. The fact that any such property shall be exempt from general taxes shall not exempt the same from the provisions hereof. [1961 c 16 § 3. Prior: 1949 c 26 § 4, part; Rem. Supp. 1949 § 4459-23, part.]

85.16.090 Factors to be considered in making appraisal—Report and schedule. The appraisers shall carefully consider and take into account all factors, situations and conditions which lawfully may be taken into consideration as bearing upon and determining such benefits and to that end may make such investigations, hold such hearings, and receive such evidence as they may deem proper and shall file their sworn report, with a complete schedule of all property within the district and the special benefits determined by them as accruing to each piece and parcel thereof, not less than twenty days prior to the date fixed for the hearing by the board. [1949 c 26 § 5; Rem. Supp. 1949 § 4459-24. Formerly RCW 85.16.090 and 85.16.100.]

85.16.110 Separate appraisals and schedules for diking and drainage benefits. In a district which functions both as a diking and a drainage improvement district, the appraisers, if so directed in the order of the board appointing them, shall determine separately, in accordance with RCW 85.16.060 and 85.16.080, the special benefits accruing to the various properties within the district from the maintenance of the diking system and from the maintenance of the drainage system, and in such case their report shall contain separate schedules of the respective benefits accruing from the maintenance of the diking and drainage systems of improvement considered separately and, so far as may be, independently of each other. [1961 c 16 § 4; 1949 c 26 § 7; Rem. Supp. 1949 § 4459-26.]

85.16.115 Determining special benefit to portion of lot, tract, or parcel. When any person applies to the county treasurer to pay the diking, drainage or sewerage improvement district assessments upon a portion of a lot, tract or parcel upon which special benefits have been confirmed, the county treasurer shall refer such matter to the county engineer for investigation. The county engineer shall apportion the total benefits found as to such lot, tract or parcel between the portions thereof in such manner as may be fair, just and equitable taking into account all factors, situations and conditions which may be lawfully taken into consideration in determining

such special benefits. Unless the several owners interested in said lot, tract or parcel assent to the apportionment so made, the county engineer shall give notice to the apportionment by mail to them, if known. Upon assent of the interested owners or after the expiration of five days from the date of notice without the filing of a written protest to the apportionment, the county engineer shall certify in writing the apportioned benefit valuations to the county treasurer. The county treasurer, upon receipt of such certification, shall accept payment and issue receipt on the certified apportionment. If a written protest to such apportionment is filed with the county treasurer, the matter shall be heard by the county commissioners at their next regular session for final apportionment and the county treasurer shall accept and receipt for such assessments as determined and ordered by the county commissioners. [1951 c 63 § 4.]

District engineer: RCW 85.08.010.

85.16.120 Apportionment of levy for extraordinary expenditures—Appraisal and hearing. Whenever the board shall provide that a levy to meet extraordinary maintenance expenditures shall be spread over a term of years and warrants or bonds issued as provided in RCW 85.16.030, said board shall fix a date for and hold a hearing and appoint appraisers as provided in RCW 85.16.060 and 85.16.080. Said appraisers, in addition to discharging the duties imposed upon the appraisers by RCW 85.16.060, 85.16.080 and 85.16.090, shall: (1) Apportion the estimated costs of such extraordinary maintenance work to the properties within the district in proportion to the benefits accruing to said properties from the maintenance of the district's system of improvements as determined by them; and (2) file a complete schedule of said apportionment of costs with the board. [1961 c 16 § 5; 1949 c 26 § 8; Rem. Supp. 1949 § 4459-27.]

85.16.130 Conduct of hearing on appraisers' report—Correction, etc., of schedules. At the hearing upon the report of the appraisers, which may be adjourned from time to time until finally completed, the board shall carefully examine and consider the special benefits and the apportionment of estimated costs determined by the appraisers and reported in the schedule or schedules, and any objections thereto which shall have been made in writing and filed with the board on or prior to ten o'clock a.m. of the date fixed for such hearing. Each objector shall be given reasonable time and opportunity to submit evidence and be heard on the merits of his objections. At the conclusion of such hearing, the board shall so correct, revise, raise, lower, change or modify such schedule or schedules, or any part thereof, or strike therefrom any property not specially benefited, as to said board shall appear equitable and just. The board shall cause the clerk of the board to enter on each such schedule or schedules all such additions, cancellations, changes and modifications made by it. [1949 c 26 § 9; Rem. Supp. 1949 § 4459-28. Formerly RCW 85.16.130 and 85.16.140.]

85.16.150 Approval of schedules—Separate funds for diking, drainage systems. When the board shall have determined that the schedule or schedules of benefits and/or apportionment of costs as filed or as changed and modified by it are fair, just and equitable and, if estimated costs have been apportioned, that said benefits equal or exceed said costs apportioned, the members of the board approving the same shall sign said schedule or schedules and cause the clerk of the board to attest their signatures under his seal, and shall enter an order in the journal approving and confirming the final determination of such benefits and apportionment of costs and all proceedings leading thereto and in connection therewith. If separate schedules be established for maintenance of the diking system and of the drainage system, the board shall by order establish two separate maintenance funds, one for the maintenance of the diking system and one for the maintenance of the drainage system. [1949 c 26 § 10; Rem. Supp. 1949 § 4459-29.]

85.16.160 Roll of benefits—Benefits to be basis of levies. Upon the approval and final determination of benefits the auditor shall immediately prepare a completed roll thereof, which shall contain a copy of the order of the board approving and confirming said benefits as finally determined, and shall deliver said roll to the treasurer. Said benefits shall be the basis for the apportionment and collection of maintenance levies thereafter made by the board. [1949 c 26 § 11; Rem. Supp. 1949 § 4459-30.]

85.16.170 Levy for extraordinary expenditures—Roll. Upon the approval and final determination of the apportionment of estimated costs of extraordinary maintenance expenditures as provided in RCW 85.16.120 and 85.16.130, the board shall levy the amounts so apportioned against all the properties benefited and the amounts assessed against the state, county, cities and towns, and other municipal corporations benefited, and the auditor shall immediately prepare a completed roll thereof, which shall contain a copy of the order of the board approving and confirming said apportionment of estimated costs as finally determined and fixing and levying the assessments therefor, and shall deliver said roll to the treasurer for collection in accordance with the order of the board. [1949 c 26 § 12; Rem. Supp. 1949 § 4459-31.]

85.16.180 Authorizing extraordinary work—Temporary construction warrants—Maintenance bonds and warrants. The board shall thereupon enter an order authorizing the contemplated extraordinary maintenance work to be done and authorizing the issuance of temporary construction warrants to pay the cost of said work as it progresses, which warrants may bear interest at such rate of interest as the board shall determine. Bonds or warrants to pay the costs of such extraordinary maintenance may be issued and sold at one time or from time to time and in such series and amounts as may be found practicable and as determined by the board. [1970 ex.s. c 56 § 92; 1969 ex.s. c 232 § 54; 1949 c 26 § 13; Rem.

Supp. 1949 § 4459-32. Formerly RCW 85.16.040 and 85.16.180.]

Effective date—Purpose—1970 ex.s. c 56: See notes following RCW 39.44.030.

Validation—Saving—Severability—1969 ex.s. c 232: See notes following RCW 39.44.030.

85.16.190 Appeals—Regularity, validity of proceedings. The decision of the board upon any objections to the determination of benefits and/or apportionment of costs and/or the levy of the assessments therefor, made within the time and in the manner prescribed in RCW 85.16.130, may be reviewed by appeal to the superior court of the county in which the district is situated and thereafter to the supreme court or the court of appeals within the time and in the manner and upon the conditions, so far as applicable, provided in RCW 85.08.440, with respect to appeals from the board's apportionment of the cost of construction of the district's system of improvements. The provisions of RCW 85.08.450, shall be controlling as to the regularity, validity, and conclusiveness of all the proceedings hereunder. [1971 c 81 § 164; 1949 c 26 § 14; Rem. Supp. 1949 § 4459-33.]

85.16.200 Redetermination of special benefits—Hearing. Whenever, after the determination of special benefits accruing from the maintenance of the district's system of improvements, it appears to the board from a petition filed by the affected property owner or owners or otherwise, that by reason of permanent improvements or additions made, removed, abandoned or destroyed by fire or other casualty, or of other changes in the character or condition of the property, the benefits theretofore determined in respect to any one or more pieces or parcels of property are no longer fair, just and equitable, then the board shall appoint three appraisers who shall qualify as in RCW 85.08.360 hereof. Said appraisers shall proceed immediately to carefully examine the pieces or parcels of property as to which since the last determination of special benefits thereto there have been permanent improvements or additions made, removed, abandoned or destroyed by fire or other casualty or other changes in the character or condition of the property. Said appraisers shall file their sworn report with the board setting forth the special benefits determined by them as accruing to each piece and parcel of property examined by them not less than ten days prior to the date of hearing. The board shall hold a hearing thereon at the county seat at the time of equalization of the real property assessment and shall give notice thereof as provided in RCW 85.16.070. [1951 c 63 § 2; 1949 c 26 § 15; Rem. Supp. 1949 § 4459-34.]

85.16.210 Conduct of hearing on special benefits—Modification of schedules—Appeal. At such hearing, which may be adjourned from time to time as may be necessary to give all persons interested or affected a reasonable opportunity to be heard, and after consideration of all evidence offered and all factors, situations and conditions bearing upon or determinative of the benefits accruing and to accrue to such pieces or parcels of property, the board shall correct, revise, raise, lower, or

otherwise change or confirm the benefits as theretofore determined, in respect of such pieces or parcels of property, as to it shall seem fair, just and equitable under the circumstances, and thereafter such proceedings shall be had with respect to the confirmation or determination of the benefits and making and filing of a roll thereof, as are in RCW 85.16.130, 85.16.150 and 85.16.160 provided. Any property owner affected by any change thus made in the determination of benefits accruing to his property who shall have appeared at the hearing by the board and made written objections thereto as provided in RCW 85.16.130, may appeal from the action of the board to the superior court and thence to the supreme court or the court of appeals, within the time, in the manner and upon the conditions, so far as applicable, provided in RCW 85.08.440, with respect to appeals from the order of the board confirming the apportionment of the original cost of construction. [1971 c 81 § 165; 1949 c 26 § 16; Rem. Supp. 1949 § 4459-35.]

85.16.220 Other provisions shall apply—Exceptions. The provisions of RCW 85.08.280, 85.08.310, 85.08.320, 85.08.420, 85.08.430, and 85.08.480 through 85.08.520, shall be deemed and hereby are made a part of this chapter insofar as they may be applicable hereto, except that the unpaid assessments or installments thereof, which may have been levied for extraordinary maintenance costs as provided in RCW 85.16.170, shall bear interest at the rate of six percent per annum: *Provided however,* That when the bonds or warrants which shall have been issued to meet such extraordinary costs shall bear an interest rate of less than six percent per annum, then the rate of interest on such unpaid assessments or installments thereof shall be reduced on and from the first day of January next following the date of issuance of said bonds or warrants to the rate of interest on said bonds or warrants. [1949 c 26 § 17; Rem. Supp. 1949 § 4459-36.]

85.16.230 Erroneous assessment—Correction. Whenever any payer of a diking, drainage, or sewerage improvement district maintenance assessment believes that, through obvious error in name, number, description, amount of benefit valuation, double assessment, or extension, or other obvious error, property on which he has paid an assessment has been erroneously assessed, he may pay such assessment under protest. If, within thirty days after such payment under protest, he files with the board a written verified petition setting out his name, address and legal description of the property, the nature of the obvious error alleged to have been made, and the date and amount of any assessment paid thereon, the board shall cause such claim to be investigated. If upon investigation any assessment is found to be erroneous through obvious error, the board shall order such assessment to be corrected if no bond or long term warrant issue is affected. Where correction is ordered of an erroneous assessment already collected, the auditor, upon receipt of a certified copy of the board's order of correction, shall refund to the person paying the assessment the difference between the correct assessment and the

erroneous assessment, plus legal interest on such difference from date of payment, by a warrant drawn on the maintenance fund of the district. [1951 c 63 § 3.]

85.16.900 Severability—1949 c 26. The adjudication of invalidity of any section, clause or part of a section of this act shall not impair or otherwise affect the validity of this act as a whole, or any other part hereof. [1949 c 26 § 19.]

85.18.005 Declaration of purpose. The state declares that it has an interest in protecting and preserving productive land and buildings needed to make business function continuously. Where organized diking districts, through their improvements, have reclaimed land or protected it from overflow and have enabled erection of improvements thereon or have furnished such land and buildings protection against flood water, it is necessary to provide a just and equitable method to enable such diking districts continuously to function effectively. It is declared that there is a direct relationship, where such conditions exist, between the continuous functioning of such districts and the fair value of the lands and buildings thereon, or to be erected thereon, thus afforded protection. [1951 c 45 § 1.]

85.18.010 Levy for continuous benefits authorized—Base benefits. When any diking district has been organized and the improvements made afford protection to land and buildings within such district against damage or destruction from overflow waters in that the level of the land and of the foundational structures of buildings thereon is below the water level at flood or high tide stages of the waters, fresh or salt, against which such district improvements furnished protection, the board of diking commissioners of such district may,

under the procedure established in this chapter, determine such fact and by resolution so declare; and may provide that the cost of continued functioning of the district shall be paid through levies of dollar rates made and collected according to this chapter against the land and buildings thus protected, based upon the determined base benefits received by such land and buildings. [1973 1st ex.s. c 195 § 115; 1951 c 45 § 2.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.18.020 Roll of protected property. To operate under this chapter, the board shall cause to be prepared and filed with it a roll containing descriptions of the land and buildings thereon within the district to which its improvements furnish the nature of protection set forth in RCW 85.18.010. The roll shall show descriptions of the land and the name of its owner, or reputed owner, and such owner's address, as shown upon the tax roll of the treasurer of the county wherein the property is located, and the determined value of such land and any buildings thereon as last assessed and equalized by the taxing agencies of such county. [1951 c 45 § 3.]

85.18.030 Hearing on roll—Determining continuous base benefit. After the roll is prepared the board shall give notice of a time and place at which the board will hold a public hearing to determine whether the facts and conditions heretofore recited in this chapter as a prerequisite to its application do or do not exist, and if so found to exist by said board at said hearing, then the board shall by resolution so declare. The notice shall also state that at said hearing, or any continuance thereof, the board will sit to consider said roll and to determine the continuous base benefits which each of the properties thereon are receiving and will receive from the continued operation and functioning of such district, which shall in no instance exceed one hundred percent of the true and fair value of such property in money, will consider all objections made thereto or to any part thereof, and will correct, revise, lower, change, or modify such roll as shall appear just and equitable; that when correct benefits are fixed upon said roll by said board, it will adopt said roll by resolution as establishing, until modified as hereinafter provided, the continuous base benefit to said protected lands and buildings against which will be levied and collected dollar rates to provide funds for the continuous functioning of said district. [1973 1st ex.s. c 195 § 116; 1951 c 45 § 4.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.18.040 Notice of hearing. The notice of the time and place of hearing shall be given to any owner, or reputed owner, of the property which is listed on the roll as aforesaid, by mailing a copy thereof at least thirty days before the date fixed for the hearing to such owner or owners at his or their address as shown on the tax rolls of the county treasurer for the property described. In addition thereto, such notice shall be published at least three times in the daily or weekly newspaper published in or nearest to said district, and if there be more

than one such, then the newspaper of the choice of said board of commissioners. At least fifteen days must elapse between the last date of publication thereof and the date fixed for such hearing. [1951 c 45 § 5.]

85.18.050 Procedure on hearing—Objections. At said hearing, or adjournments thereof, the board shall review said roll and determine the continuous base benefits to land and buildings furnished continuous protection by the improvement system of the district; hear objections to the adoption of said roll; correct, revise, change, modify or set aside such roll, or any part thereof, as to the board shall appear equitable and just; and then adopt the same by resolution. All objections to this or any subsequent roll must be in writing and filed with the board during the hearing before the roll is adopted and must state clearly the grounds of objection. Objections not made within the time and in the manner herein prescribed shall be conclusively presumed to have been waived. [1951 c 45 § 6.]

85.18.060 Additional roll as to particular property—Procedure. The board shall, from time to time, examine the properties within said district, and if it finds that any protected land or buildings thereon have been omitted from the existing roll, or new buildings have been added to lands, or the condition of land or buildings has changed, and in the initial judgment of the board such land or the buildings thereon was such that it was furnished the protective benefits of the improvements of the district, the board shall cause at each such time an additional roll of such property to be filed with it, and hold a hearing to determine and make such corrections, additions, alterations and modifications of the benefits to such property only, and to hear any objections filed as to such property only. The board shall give notice of such hearing to the owner, or reputed owner, of the property involved, at the address of such owner as then shown on the tax rolls of the treasurer of the county wherein the property is located, in the same way and manner as herein provided for consideration of the original roll, but such notice need not be published.

At the hearing, or any adjournment thereof, the board shall have power to correct, revise, change, modify, or set aside such roll, or any part thereof, as shall be deemed just and equitable, and then adopt the same by resolution. [1951 c 45 § 7.]

85.18.070 Roll to be certified and filed. When any roll or additional or supplemental roll be adopted by the board of commissioners, the same shall be certified to, and filed with, the auditor of the county wherein the property contained on said roll is situated, and shall supplement said original roll. [1951 c 45 § 8.]

85.18.080 Roll to provide basis for levy. Until further modified, amended, or changed by an additional or supplemental roll certified to the county auditor after the foregoing procedure is had, the original roll, as modified or supplemented, if the same is done, shall serve as the base of benefits to the land and buildings protected by the improvement system of said district against which

dollar rate is levied and collected from time to time for the continued functioning of said diking district. [1973 1st ex.s. c 195 § 117; 1951 c 45 § 9.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.18.090 Roll and proceedings conclusive—Exceptions—Right to injunction. Whenever any roll shall have been adopted by the board of commissioners, the regularity, validity and correctness of the proceedings relating thereto shall be conclusive upon all parties, and it cannot in any manner be contested or questioned in any proceeding whatsoever by any person not filing written objections to such roll as provided in RCW 85.18.050 and appealing from the action of the board in confirming such roll in the manner and within the time in this chapter provided. No proceeding of any kind, except proceedings had through the process of appeal as in this chapter provided, shall be commenced or prosecuted or may be maintained, for the purpose of defeating or contesting any assessment or charge made through levies under this chapter, or the sale of any property to pay such charges: *Provided, however,* That suit in injunction may be brought to prevent collection of charges of assessments or sale of property thereunder upon the following grounds and no other:

(1) That the property charged or about to be sold does not appear upon the district roll filed with the county auditor, or

(2) The charge has been paid. [1951 c 45 § 10.]

85.18.100 Review by superior court—How taken. The decision of the board of commissioners upon any objection made within the time and in the manner prescribed may be reviewed by the superior court of the county wherein the property in question is located, upon appeal thereto taken in the following manner: Any person aggrieved must file his petition for writ of review with the clerk of the superior court wherein the property is located within ten days after the roll affecting such aggrieved party was adopted by resolution, and serve a copy thereof upon the commissioners. The petition shall describe the property in question, set forth the written objections which were made to the decision, the date of filing of such objections, and be signed by such party or one in his behalf. The court shall forthwith grant such petition if correct as to form and filed in accordance with this chapter. [1951 c 45 § 11.]

85.18.110 Review by superior court—Transcript—Contents—Filing. Within ten days from the filing of such petition for review, the commission, unless the court shall grant additional time, shall file with the clerk of such court its certified transcript containing such portion of the roll as is subject to review, any written objections thereto filed with the board by the person reviewing before said roll was adopted, and a copy of the resolution adopting the roll. [1951 c 45 § 12.]

85.18.120 Review by superior court—Filing fee—Bond—Priority of cause. The county clerk shall charge the same filing fees for petitions for review

as in civil actions. At the time of the filing of such petition with the clerk, the appellant shall execute and file a bond in the penal sum of two hundred dollars, with at least two sureties, to be approved by the judge of said court, conditioned upon his prosecuting his appeal without delay and to guarantee all costs which may be assessed against him by reason of such review. The court shall, on motion of either party to the cause, with notice to the other party, set said cause for trial at the earliest time available to the court, fixing a date for hearing and trial without a jury. Said cause shall have preference over all civil actions pending in said court except eminent domain and forcible entry and detainer proceedings. [1951 c 45 § 13.]

85.18.130 Review by superior court—Scope—Judgment. At the trial the court shall determine whether the board has acted within its discretion and has correctly construed and applied the law. If it finds that it has, the finding of the board shall be affirmed; otherwise it shall be reversed or modified. The judgment of the court may change, confirm, correct, or modify the values of the property in question as shown upon the roll, and a certified copy thereof shall be filed with the county auditor, who shall change, modify or correct as and if required. [1951 c 45 § 14.]

85.18.140 Appeal to supreme court or court of appeals. An appeal shall lie to the supreme court or the court of appeals from the superior court as in other civil cases: *Provided, however,* That such appeal must be taken within fifteen days after the date of entry of the judgment of the superior court. The supreme court or the court of appeals, on such appeal, may change, confirm, correct or modify the values of the property in question as shown upon the roll. A certified copy of any judgment of the supreme court or the court of appeals shall be filed with the county auditor having custody of such roll, who shall thereupon change, modify, or correct such roll in accordance with such decision if required. [1971 c 81 § 166; 1951 c 45 § 15.]

85.18.150 Levy is for continuous benefits only. The dollar rate levy returns collected from time to time under this chapter are solely assessments for benefits received continuously by the protected properties, calculated in the manner specified in this chapter as a just and equitable way for all protected property to share the expense of such required protection. [1973 1st ex.s. c 195 § 118; 1951 c 45 § 16.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.18.160 Annual estimate of costs—Levy as part of general taxes. The board of commissioners of any diking district proceeding under this chapter shall, on or before the first day of November of each year, make an estimate of the costs reasonably anticipated to be required for the effective functioning of such district during the ensuing year and until further revenue therefor can be made available, and cause its chairman or secretary to certify the same on or before said date to

the county auditor, and the amount so certified shall be levied by the regular taxing agencies against the base benefits to the lands and buildings within such district as shown by the then current complete roll of such properties and the determined benefits thereto as therefore certified to and filed with such county auditor by the commissioners of such district. When thus levied, the amount of assessment produced thereby shall be added by the general taxing authorities to the general taxes against said lands and collected therewith as a part thereof. If unpaid, any delinquencies in such assessments shall bear interest at the same rate and in the same manner as general taxes and they shall be included in and be made a part of any general tax foreclosure proceedings, according to the provisions of law with relation to such foreclosures. As assessment collections are made, the county treasurer shall credit the same to the funds of such district. [1951 c 45 § 17.]

85.18.170 Emergency expenditures—Warrants. In the case of an emergency or disaster not in contemplation at the time of making the annual estimate of costs, declared to be such by resolution of such board, the diking commissioners may incur additional obligations and issue valid warrants therefor in excess of such estimate, in the manner provided by law for issuance of warrants by diking districts and the servicing thereof, and all such warrants so issued shall be valid and legal obligations of such district and its taxable lands and improvements as shown upon the then current roll of said district filed with the county auditor. [1951 c 45 § 18.]

85.18.180 Levy is exclusive method for raising revenue—Exception. Any diking district operating under this chapter shall not use the processes provided for raising revenue under any other law: *Provided,* That any such other method of raising revenue provided by law may be used concurrently for the sole purpose of extinguishing indebtedness incurred before the district adopts the procedure of this chapter, and no funds raised hereunder shall be used to pay such prior indebtedness. [1951 c 45 § 19.]

85.18.900 Severability—1951 c 45. Should any section or provision of this act be declared unconstitutional or ineffectual, such action shall not affect or nullify any other provision or section thereof. [1951 c 45 § 20.]

85.20.070 Refunding bonds. Whenever in any district reorganized under the provisions of this chapter any

bonds issued prior to such reorganization shall become payable and the board of county commissioners shall determine that it will be for the best interests of the owners of a majority of the acreage of lands included in such district to issue refunding bonds and to levy an assessment, payable in ten or fifteen years, instead of levying the annual assessments required by law to be levied to liquidate such outstanding bonds, they may levy such assessment and fix the time for the payment thereof at either ten or fifteen years, and fix the installments in which such assessment shall be paid as provided for the payment of assessments for the costs of construction under the provisions of chapter 176 of the Laws of 1913, and acts amendatory thereof; and they may issue refunding bonds of the district in the manner thereafter provided, to provide funds with which to pay such outstanding bonds then payable. (4) A schedule showing the installments in which such assessments are to be paid.

(5) That the assessments contained in such assessment roll may be paid in full at any time prior to the expiration of thirty days after such assessment roll shall have been turned over to the treasurer for collection and he shall have published a notice to that effect, and that all assessments not so paid shall thereafter bear interest until due at a rate to be fixed therein.

(6) That the commissioners propose to issue bonds, under the provisions of chapter 176 of the Laws of 1913, and acts amendatory thereof, payable in years (to be stated in the resolution), to refund such outstanding bonds then payable.

The said commissioners shall also have the right to purchase and install machinery, pumps and other equipment for the carrying on of such irrigation within the district. Notwithstanding such dissolution and reorganization, none of the outstanding bonds, warrants or other indebtedness of the district, shall be affected thereby; and all lands liable to be assessed to pay any of such bonds, warrants or other indebtedness shall remain liable to the same extent as if such reorganization had not been made, and any and all assessments theretofore levied or made against any such lands shall be and remain unimpaired and shall be collected in the same manner as if no such reorganization had been had. The board of county commissioners of the county in which such reorganized district is situated shall have all the powers possessed at the time of the reorganization by the board of commissioners of such district to levy, assess, and cause to be collected any and all assessments or charges against any of the lands within such district that may be necessary or required to provide funds for the payment of all the bonds, warrants and other indebtedness thereof. [1933 c 182 § 5; RRS § 4477-5. Formerly RCW 85.20.050, part and 85.20.060, part.]

85.22.060 Refunding bonds. Whenever in any district reorganized under the provisions of this chapter any bonds issued prior to such reorganization shall become payable and the board of county commissioners shall determine that it will be for the best interests of the owners of a majority of the acreage of lands included in such district to issue refunding bonds and to levy an assessment, payable in ten or fifteen years, instead of levying the annual assessments required by law to be levied to liquidate such outstanding bonds, they may levy such assessment and fix the time for the payment thereof at either ten or fifteen years, and fix the installments in which such assessment shall be paid as provided for the payment of assessments for the costs of construction under the provisions of chapter 176 of the Laws of 1913, and acts amendatory thereof; and they may issue refunding bonds of the district in the manner thereafter provided, to provide funds with which to pay such outstanding bonds then payable. [1933 c 182 § 6; RRS § 4477-6. Formerly RCW 85.20.070, part.]

Thereupon the board shall adopt a resolution which shall set forth:

(1) A schedule showing the bonds outstanding against the district then payable which they propose to refund, and the assessment necessary to be levied to provide funds for the payment thereof.

(2) That the assessment roll for the collection of the assessments proposed to be levied against the lands of the district is on file with the clerk of the board and open to the inspection of all persons interested.

(3) That the commissioners propose to levy such assessments for collection in installments according to the schedule attached thereto.

(4) A schedule showing the installments in which such assessments are to be paid.

(5) That the assessments contained in such assessment roll may be paid in full at any time prior to the expiration of thirty days after such assessment roll shall have been turned over to the treasurer for collection and he shall have published a notice to that effect, and that all assessments not so paid shall thereafter bear interest until due at a rate to be fixed therein.

(6) That the commissioners propose to issue bonds under the provisions of chapter 176 of the Laws of 1913, and acts amendatory thereof, payable in _____ years (to be stated in the resolution), to refund such outstanding bonds then payable.

(7) A date which shall be not more than sixty nor less than thirty days after the date of the adoption of such resolution, on which the board will hear any objections offered to the proposed levy and issuance of refunding bonds, or to the assessment roll prepared by the commissioners. [1933 c 182 § 7; RRS § 4477-7. Formerly RCW 85.20.080, part.]

The last publication of such notice shall not be less than ten days prior to the date fixed for such hearing. [1933 c 182 § 8; RRS § 4477-8. Formerly RCW 85.20.090, part.]

85.22.090 Hearing—Confirmation of roll—Dismissal of proceedings. The board shall meet on the day fixed in the notice or to which the hearing may have been adjourned, and shall consider all objections which shall have been filed, and may modify any action as proposed in said resolution; and may correct any errors in the assessment roll and shall confirm the roll as corrected and shall levy the assessments therein contained for collection as prescribed in the resolution as finally adopted and shall enter an order confirming said roll.

Upon the confirmation of the assessment roll and the levy of the assessments therein contained, the board shall cause the clerk to attach thereto a copy of the resolution and certify such roll and resolution and turn the assessment roll over to the county treasurer for collection in accordance with the resolution attached thereto.

If before or at the hearing herein provided for protests have been filed by the owners of more than fifty percent of the acreage of land in the district objecting to the proposed levy and issuance of bonds, the board shall enter an order dismissing the proceedings and shall charge the cost thereof to the district as a maintenance charge. [1933 c 182 § 9; RRS § 4477-9. Formerly RCW 85.20.100, part.]

85.22.100 Collection of assessments. As soon as the assessment roll has been turned over to the treasurer for collection, he shall publish a notice in the official newspaper of the county, once a week for at least two successive weeks, that the said roll is in his hands for collection and that any assessments therein or any portion of any such assessments may be paid at any time on or before a date stated in such notice, which date shall be thirty days after the date of the first publication, without interest. All assessments levied as provided herein, which shall not be paid within thirty days as herein provided for shall be collected in the manner provided for the collection of assessments levied to pay the costs of construction in drainage and irrigation improvement district or diking and irrigation improvement district, and all the provisions of chapter 176 of the Laws of 1913, and acts amendatory thereof, shall govern the collection of such assessments so far as the same shall be applicable. The proceeds of all payments of assessments paid after the expiration of thirty days from the first publication of the notice given by the treasurer as herein provided, shall be paid into a fund to be established in the county treasury, to be known as the "refunding bond redemption fund," and shall be applied to the payment of such bonds as provided by chapter 176 of the Laws of 1913, and acts amendatory thereof. Such assessments shall be called and collected in the manner provided by the law under which they were assessed, and such bonds shall be paid as provided by the law under which they were issued. Proper funds shall be established in the county treasury for the proceeds of the payments of such assessments, and such funds shall be applied to the payment of the bonds for the payment of which they were levied. 85.24.010 Districts authorized—Powers—Designation. Whenever a portion of two or more counties require diking, drainage, or the erection of flood dams or drift barriers to prevent inundations, such portion of two or more counties may be organized into a district; and the board of commissioners, hereinafter provided for, shall have and possess the powers herein conferred, or that may hereafter be conferred by law upon such districts and board of commissioners, and all such powers not in conflict with those herein granted, which now exist under the provisions of the laws of the state relating to the establishment, construction and maintenance of dikes and drains; and such districts shall be known and designated as "Diking and Drainage District No. _____ in _____ and _____ counties (here insert name of counties), of the state of Washington"; and shall have the right to sue and be sued by, in the name of its board of commissioners herein provided for, and shall have perpetual succession, and shall adopt and use a seal. [1923 c 140 § 1; 1909 c 225 § 1; RRS § 4361.]

85.24.020 Petition—Contents, requisites—Cost bond. For the purpose of the formation of such diking district, a petition shall be presented to the board of county commissioners of each of the two or more counties in which the portion of said counties are situated; which petition shall set forth the objects for the creation of said district, and shall designate in a general way the boundaries thereof, and set forth therein approximately the number of acres of land to be benefited by the proposed system, and shall also contain a brief description of the proposed system, and approximately the route over which the same is to be constructed, together with the proposed flood dams or drift barriers, if any, and approximately the termini thereof. The petition shall also set forth the further fact that the establishment of the said district and the proposed system will be conducive to the public health, convenience and welfare, and will increase the public revenue, and that the establishment of said district will be of special benefit to the property included in each of the counties in said district. The petition shall be signed by at least one hundred of the freeholders in the proposed district, or by a majority of the freeholders in said district in each of the counties, in case there are less than two hundred freeholders in the proposed district. Said petition shall ask that a district be organized under the provisions of this chapter. The original petition shall be filed with the board of county commissioners of one of said counties, and a copy of said petition shall be filed with the board of county commissioners in each of the other counties in which said proposed district is situated. At the time of filing of the original petition, the petitioners shall file with the board of county commissioners of that county, a bond running to the state of Washington, in the penal sum of one thousand dollars, with two or more sureties, to be approved by the board of county commissioners, conditioned that they will pay all costs in case said district, for any reason shall not be established. [1923 c 140 § 2; 1909 c 225 § 2; RRS § 4362.]

85.24.030 Hearing—Findings—Order. Immediately thereafter the chairman of each of the respective boards of county commissioners shall notify the *commissioner of public lands of the state of Washington that such petition and bond has been filed praying for the establishment and maintenance of a district, as aforesaid, and thereupon the *commissioner of public lands shall at once give written notice to the board of county commissioners of each county that the said boards, together with the *commissioner of public lands, will hold a joint meeting, at a time and place specified, not less than five or more than twenty days after the mailing of such notice, to consider the petition and to determine upon the matters therein prayed for. At such joint meeting said joint body, including the *commissioner of public lands, shall proceed to consider the said petition and determine whether such proposed diking and drainage district shall be established in the locality and vicinity of the proposed system. If such body finds the district should be established, it shall then enter an order upon its minutes creating such district, and defining the boundaries thereof, and the boundaries so established

may embrace more or less land than that embraced in the original petition, and the proposed boundaries may be enlarged or diminished as [to] the board may seem proper; such body shall not establish such district, however, unless they find that the proposed system of dikes and drains will be conducive to the public health, welfare and convenience, and will increase the public revenue and be of benefit to the majority of the lands included within the boundaries of the district. Said body shall at this first meeting elect a secretary, and the *commissioner of public lands shall act as chairman of the body. If such body after consideration determines that a diking and drainage system shall be established, then the chairman and secretary shall certify to the board of county commissioners of each county a copy of the resolutions of the body creating such district, and a certificate to the same effect shall be made to the *commissioner of public lands, and such certificates shall be filed with the board of county commissioners of each county, and in the office of the *commissioner of public lands, and shall be recorded in the records and journals of the respective offices; a majority of all the members of said body shall be necessary to establish any diking and drainage system hereunder, and a majority of the body shall constitute a quorum for the transaction of any business. If such district is established the aforesaid body shall at its first meeting also designate the day upon which the first election shall be held under the provisions of this chapter, which shall not be less than thirty nor more than sixty days from the time when the day of election is fixed. [1909 c 225 § 3; RRS § 4363. Formerly RCW 85.24.030 and 85.24.040, part.]

***Reviser's note:** The powers and duties of the "commissioner of public lands" referred to herein have been transferred to the department of natural resources by 1957 c 38 §§ 1, 13; RCW 43.30.010, 43.30.130.

85.24.040 Election for formation and commissioners—Notice—Ballots—Term of office—Vacancies. Upon the establishment of a district as aforesaid, the said body shall give notice of an election to be held in the diking and drainage district established, as aforesaid, for the purpose of determining whether the same shall be approved and become an organized diking and drainage district, and for the further purpose of choosing at such election three commissioners, who shall be known and designated as "Commissioners for diking and drainage district No. (here insert number), in and counties (here insert names of counties), state of Washington", and such notice shall particularly describe the boundaries as established, and shall state the name of such proposed diking and drainage district, and the same shall be published for at least two weeks prior to such election in two or more weekly newspapers published within the proposed district, and in case no such newspaper be published in such district, then in two or more newspapers of general circulation in such district for two successive issues; and shall be posted for the same period in at least ten public places within the boundaries of such proposed district, which notice shall designate the places within the proposed district where the said election shall be held, and require the voters to cast ballots which shall

contain the words "Diking and drainage district 'yes'", or "Diking and drainage district 'no'", and also the names of the persons voted for as commissioners of such district. The voting places shall be designated by such body; said body shall also appoint two judges, one inspector and two clerks for such election, to act at each polling place, whose compensation shall be the same as in elections for county and state officers, and which shall be a charge upon such district in case the same be established; in case such district be not established, then all costs and expenses shall be collected from the bond hereinbefore provided for. The election shall be held on the day designated in the notice, and shall be conducted in accordance with the general election laws of the state of Washington, as far as applicable. The returns of all the elections hereunder shall be made by the judges of election to the *commissioner of public lands. No person shall be entitled to vote at such election unless he be a qualified elector in the county in which said district is located, and shall either have resided within the boundaries of such proposed district for a period of not less than ninety days next preceding the election, or shall be the owner of an interest in real estate situated within said proposed district. The *commissioner of public lands shall, within fifteen days next succeeding said election, canvass the vote, and if upon such canvass and count it appears that the majority of votes cast in each of the counties are for "Diking and drainage district 'yes'", then the said body shall immediately certify to the board of county commissioners of each county interested and to the *commissioner of public lands the result of such election, and shall in such certificate declare the proposed territory duly organized as a drainage and diking district; and that the three persons receiving the highest number of votes are duly elected commissioners of such diking and drainage district. The commissioners so elected shall hold their position for the period of two years from and after their election and until their successors are elected and qualified. All commissioners must be qualified electors of the district. Any vacancies occurring upon said board by failure to qualify, death or resignation, or otherwise, shall be filled by the board of commissioners of said district. After the first election a general election for the election of such board of commissioners for the diking and drainage district shall be held every second year thereafter, on the first Tuesday of October, and the returns thereof shall be canvassed by the *commissioner of public lands, who shall certify the result to the respective boards of county commissioners. The *commissioner of public lands at the time of certifying any election shall also issue a certificate to each person elected as a member of the board that he has been duly elected as one of the commissioners for diking and drainage district No. ----- in the counties of ----- and -----, state of Washington. No official ballot shall be required at the first or any subsequent election, and the law known as the "Direct Primary Law" of this state shall have no application to the elections held under this chapter. [1923 c 140 § 3; 1909 c 225 § 4; RRS § 4364. FORMER PART OF SECTION: 1909 c 225 § 3, part, now codified in RCW

State of Washington, }
 County of ----- } ss.

I, the undersigned, a member of the board of commissioners of the diking and drainage district No. -----, in ----- and ----- counties, do solemnly swear (or affirm) that I will well and truly discharge my duties as a member of said commission.

The members shall also, before entering upon their duties, give a bond to the state of Washington for the benefit of such diking and drainage district, for the faithful performance of their duties as such board of commissioners, in the penal sum of five thousand dollars with a company or corporation as surety, authorized to make and execute official bonds under the laws of the state, the district to bear the expense of such bond; and upon the oath and bond being filed with the commissioner of public lands, that officer shall enter an order upon his records that the three persons named as aforesaid have qualified as the board of commissioners for diking and drainage district No. -----, in ----- and ----- counties, and that said persons and their successors do and shall constitute a board of commissioners for the aforesaid diking and drainage district; which order when made shall be conclusive of the regularity of the election and qualification of the board of diking and drainage commissioners for the particular district, and the persons named therein shall constitute such board of diking and drainage commissioners.

The said board of diking and drainage commissioners shall thereupon immediately organize and elect one of their number as chairman and another as secretary. The said board shall then proceed to make and cause to be made specifications and details of a system which may be adopted by the board for the improvements to be made, together with an estimate of the total cost thereof; and shall, upon the adoption of a plan of improvement of the district as aforesaid, proceed to acquire the necessary property and property rights for the construction, establishment and maintenance of said system either by purchase or by power of eminent domain as hereinafter provided. Upon such acquisition being had, the board shall then proceed with the construction of said diking and drainage system and in doing so shall have the power to do the work directly or in its discretion to have all or any part of said work done by contract. In case the board shall decide upon doing the same by contract, it shall advertise for bids for said construction work, or such part thereof as they may determine to have done by contract, and shall have the authority to let a contract to the lowest responsible bidder after advertising for bids.

Any contractor doing work hereunder shall be required to furnish a bond as provided by the laws of the state of Washington relating to contractors of public work.

The board shall have the right, power and authority to issue vouchers or warrants in payment or evidence of payment of any and all expenses incurred under the provisions of this chapter, and shall have the power to issue the same to any contractor as the work progresses, the same to be based upon the partial estimates furnished from time to time by engineers of said district. All warrants issued hereunder shall draw interest at a rate not to exceed eight percent per annum.

Upon the completion of the construction of said system, and ascertainment of the total cost thereof including all compensation and damages and costs and expenses incident to the acquiring of the necessary property and property right, the board shall then proceed to levy an assessment upon the taxable real property within the said district which the board may find to be specially benefited by the proposed improvements; and shall make and levy such assessment upon each piece, lot, parcel and separate tract of real estate in proportion to the particular and special benefits thereto. Upon determining the amount of the assessment against each particular tract of real estate as aforesaid, the commissioners shall make or cause to be made an assessment roll, in which shall appear the names of the owners of the property assessed, so far as known, and a general description of each lot, block, parcel or tract of land within such district, and the amount assessed against the same, as separate, special or particular benefits. The board shall thereupon make an order setting and fixing a day for hearing any objections to the assessment roll by any one affected thereby, which day shall be at least twenty days after the mailing of notices thereof, postage prepaid, as herein provided. The board shall send or cause to be sent by mail to each owner of the premises assessed, whose name and place of residence is known, a notice, substantially in the following form, to wit:

To -----: Your property (here describe the property) is assessed \$----- A hearing on the assessment roll will be had before the undersigned at the office of the said board at ----- on the ---- day of ----- at which time you are notified to be and appear and to make any and all objections which you may have as to the amount of the assessment against your property, or as to whether it should be assessed at all; and to make any and all objections which you may have to the said assessment against your lands, or any part or portion thereof.

The failure to send or cause to be sent such notice shall not be fatal to the proceedings herein described. The secretary of the board on the mailing of said notices shall certify generally that he has mailed such notices to the known address of all owners, and such certificate shall be prima facie evidence of the mailing of all such notices at the date mentioned in the certificate.

The board shall cause at least ten days' notice of the hearing to be given by posting notice in at least ten public places within the boundaries of the district, and by publishing the same at least five successive times in a

daily newspaper published in each of the counties affected; and for at least two successive weeks in one or more weekly newspapers within the boundaries of said district, in each county if there be such newspapers published therein, and if there be no such newspaper published, then in one or more weekly newspapers, having a circulation in the district, for two successive weeks, which notice shall be signed by the chairman or secretary of the said board of commissioners, and shall state the date and place of hearing of objections to the assessment roll and levy, and of all other objections; and that all interested parties will be heard as to any objection to said assessment roll and the levies as therein made. As to all parcels, lots or blocks as to which no objections are filed, within the time as aforesaid, the assessment thereon shall be confirmed and shall be final. On the hearing, each person may offer proof, and proof may also be offered on behalf of the assessment, and the board shall affirm, modify, change and determine the assessment, in such sum as to the board appears just and right. The commissioners may increase the assessment during such hearing upon any particular tract by mailing notice to the owner at his last known address, to be and appear within a time not less than ten days after the date of the notice, to show cause why his assessment should not be increased. When the assessment is finally equalized and fixed by the board, the secretary thereof shall certify the same to the county treasurer of each county in which the lands are situated, for collection; or if appeal has been taken from any part thereof, then so much thereof as has not been appealed from shall be certified. In case any owner of property appeals to the superior court in relation to the assessment or other matter when the amount of the assessment is determined by the court finally, either upon determination of the superior court, or appeal to the supreme court or the court of appeals, then the assessment as finally fixed and determined by the court shall be certified by the clerk of the proper court to the county treasurer of the county in which the lands are situated and shall be spread upon and become a part of the assessment roll hereinbefore referred to. 85.24.150 Lien of assessments—Notice and collection. The final assessment shall be a lien paramount to all other liens except liens for taxes and other special assessments upon the property assessed, from the time the assessment roll shall have been finally approved by the said board, and placed in the hands of the county treasurers as collectors. After the roll shall have been delivered to the county treasurers for collection, each treasurer shall proceed to collect the amounts due in the manner that other taxes are collected as to all lands situated within the county of which he is treasurer. Such treasurer shall give at least ten days' notice in one or more daily newspapers published in the counties in which the lands are situated for two successive weeks, that such roll has been certified to him for collection, and that unless payment be made within thirty days from the date of the notice, that the sum charged against each lot or parcel of land shall be paid in not more than ten equal annual payments, with interest upon the whole sum so charged, at a rate not to exceed seven percent per annum. Said interest shall be paid annually. The county treasurer shall proceed to collect the amount due each year upon the publication of notice as hereinafter provided. In such publication notice it shall not be necessary to give a description of each tract, piece or parcel of land, or of the names of the owners thereof.

The treasurer shall also mail a copy of the notice to the owner of the property assessed, when the post office address of such owner is known to the treasurer; but the failure to mail such notice shall not be necessary to the validity of the collection of such tax. [1909 c 225 § 8; RRS § 4368.]

85.24.160 Payment of assessment without interest—Call, redemption of bonds. The owner of any lot or parcel of land charged with any assessment, as hereinbefore provided, may redeem the same from all liability by paying the entire assessment charged against such lot or parcel of land, or part thereof, without interest,

within thirty days after notice to him of such assessment, as herein provided, or may redeem same any time after the *bonds above specified shall have been issued by paying the full amount of all the principal and interest to the end of the interest year then expiring or next to expire. The board shall pay the interest on the bonds authorized to be issued under this chapter out of the respective local improvement funds, from which they are payable, and whenever there shall be sufficient money in any of such funds against which bonds have been issued under provisions of this chapter, over and above the amount necessary for the payment of interest on all unpaid bonds, and sufficient to pay the principal of one or more bonds, the board shall call in and pay such bond: *Provided*, Said bonds shall be called in and paid in their numerical order: *Provided further*, That such call shall be made by publication in one or more newspapers on the day following the delinquencies of the installment of the assessment, or as soon thereafter as practicable and shall state that bonds Nos. ----- (giving serial number and numbers of the bonds called) will be paid on the day the interest coupons on such bonds shall become due, and interest upon such bonds shall cease upon such date. The treasurer must commence the sale of property upon which taxes are delinquent within sixty days after the same become delinquent, and continue such sale from day to day thereafter until all the lots and parcels of land upon which taxes have not been paid are sold. A certificate of purchase shall be issued to the district for all lots and parcels of land not sold. Certificates issued to the district shall be delivered to the board of commissioners of the district. The board of commissioners of the district may sell and transfer any such certificate to any person who is willing to pay to the district the amount for which the lot or parcel of land therein described was stricken off to the district, with the interest subsequently accrued thereon. Within ten days after the completion of sale of all lots, pieces and parcels of land authorized to be sold as aforesaid, the treasurer must make a return to the board of commissioners with a statement of the doings thereon, showing all lots and parcels of land sold by him, to whom sold and the sum paid therefor. The purchaser at improvement sales acquires a lien on the lot, piece or parcel of land sold for the amount paid by him at such sales for all delinquent taxes and assessments, and all costs and charges thereon, whether levied previously or subsequently to such sale, subsequently paid by him on the lot or parcel of land, and shall be entitled to interest thereon at the rate of ten percent per annum from the date of such payment. 85.24.200 Reassessments. If because of a substantial reduction of the amount of the assessment upon any lands, the result would be to leave the amount of the assessment upon other lands insufficient, or if for any cause the assessment should be held invalid or become inoperative, then the board shall have power to make a reassessment of all lands to the same extent as the original assessment. [1909 c 225 § 30; RRS § 4390.]

It must also show the amount of damages to said land as estimated by said viewers; and that unless the person so summoned appears and files objections to the report of the viewers, within twenty days after the service of said summons upon him, exclusive of the day of service, the same will be approved by the court, which summons may be in the following form:

*Reviser's note: "county surveyor", see note following RCW 85.28.040.

85.28.080 Service by publication. In case any person interested in any of the lands to be crossed by such ditch, as aforesaid, does not reside in the county, or cannot be found therein, or conceals himself so that personal service cannot be had upon him, upon proof thereof being made satisfactorily to appear to said court, said summons may be served by publication, in the same manner and with like effect as is done in civil actions: *Provided*, That no other or different form of summons shall be required for publication than is required for personal service. [1899 c 125 § 7; RRS § 4400.]

85.28.090 Trial—Findings or verdict—Decree—Time for payment of award. Upon the expiration of the time within which exceptions may be filed to the report of the viewers aforesaid, the court shall set a day upon which the petition and the report of the viewers shall be heard and considered by the court. In case exceptions have been filed by any party or parties, which exceptions must have been served upon the petitioner or petitioners prior to the hearing, the court shall hear evidence in regard thereto, and without a jury, pass upon the questions of the necessity for said ditch and the location thereof. If the court finds that such ditch is necessary, and the route selected is the best and most practicable, and that the compensation allowed by the viewers is just and reasonable, then the court shall file his findings to this effect and cause an order to be entered approving the petition and report of the viewers. If, within twenty days from the filing of the findings of facts aforesaid, the petitioner or petitioners shall pay into court all the costs and sums awarded to the owner or owners of the land over which said ditch shall pass, a decree shall be entered establishing the same: *Provided*, If any party shall except to the amount of damages found by the viewers, then the amount of such damages shall be tried by jury, unless a jury trial be waived by the parties, in which case trial thereof may be had by the court. Such trial shall be at a regular term of said court, at which a jury shall be present, and shall be conducted and verdict rendered in the same manner as in civil actions: *Provided further*, That it shall not be incumbent on the petitioner to pay into court the amount of the award or awards of said jury, until within twenty days after said verdict shall have been rendered and entered. [1899 c 125 § 8; RRS § 4401.]

85.28.100 Appeal. No appeal shall be taken from the finding of the court as to the necessity of such ditch or as to the route thereof until after final judgment or decree is entered: *Provided*, That exceptions shall be taken and allowed to such orders at the time that they are made, and appeal from such orders and from the award of damages shall be taken at the same time. All the provisions of the law in regard to appeals in civil actions shall apply to the proceedings provided for in this chapter. [1899 c 125 § 9; RRS § 4402.]

85.28.110 Compensation of viewers—Costs. The viewers appointed under the provisions of this chapter shall receive the sum of two dollars per day for their services, and the *county surveyor shall receive such compensation as is allowed by law for like services, the same to be taxed as costs and paid by the petitioner. All other costs shall be the same as in civil actions in the superior court. [1899 c 125 § 10; RRS § 4403.]

*Reviser's note: "county surveyor", see note following RCW 85.28.040.

85.28.120 New viewers may be appointed if report not adopted. In case the court should not for any reason adopt the report of the viewers, or the same should be deemed insufficient for any reason, the court may appoint other viewers whose duties shall be the same as the duties of the viewers first appointed. [1899 c 125 § 11; RRS § 4404.]

85.28.130 Drainage of tide or marsh lands—Division of cost between contiguous tracts. Persons owning or desiring to improve contiguous tracts of tide marsh or swampy lands exposed to the overflow of the tide and capable of being made dry, may separate their respective tracts by a dike or ditch, which shall make and designate their common boundary. In all such cases said dike or ditch shall be constructed at the equal cost and expense of the respective parties, and either party failing to pay his contributive share of such expense shall be liable to the party constructing the dike or ditch for such contributive share, or so much thereof as may remain due and unpaid, to be recovered in a civil action in a court of competent jurisdiction and the party constructing such dike shall also be entitled to a lien upon the tract of the party failing to pay his contributive share for the construction of said dike, or so much thereof as shall be due, which lien shall be secured and enforced as liens of materialmen and mechanics are now by law enforced. [Code 1881 § 2517; No RRS. Prior: 1877 p 258 § 1.]

85.28.140 Dike or ditch as common boundary—Division of costs. Any person or persons who may hereafter take a tract of tide land or marsh and shall desire to adopt as his boundary line any dike or ditch heretofore constructed upon and entirely within the boundary line of a neighboring contiguous tract he may join on to said tract and adopt said dike as his boundary by paying to the owner of the tract upon which said dike is constructed one-half of the cost and expense of the construction thereof, and any person so adopting the dike or ditch of another without contributing his half share of

the cost or expense thereof shall be liable for his said half share, which may be recovered in a civil action in any court of competent jurisdiction, or the owner of the dike or ditch so used may secure a lien upon the tract of land bounded by said dike for the amount due for the use of said dike in accordance with the provisions of the law securing a lien to materialmen and mechanics: *Provided always*, That when such dike has become the common boundary [of two adjacent tracts, it shall be and remain the common boundary] and the persons owning the said tracts shall be mutually liable for the expense of keeping it in repair, share and share alike. [Code 1881 § 2518; No RRS. Prior: 1877 p 258 § 2.]

Reviser's note: Bracketed matter did not appear in the enrolled bill of 1881 but was bracketed in by the Code of 1881 to conform with the preceding session law of 1877 from which it was derived.

85.28.150 Dike, dam or causeway at Bachelor Slough. It shall be lawful for any adjacent or abutting owner or owners, to construct a dike, dam, or causeway over or in the waters of the state of Washington described as: That certain body of water lying between Bachelor Island and the mainland, appearing on the state survey map made by Edw. C. Dohm, state field engineer, as Columbia Slough and designated on the map as compiled by the U.S. Coast and Geodetic Survey of September, 1937, Number "U.S.C.&G.S. 6154" as Bachelor Island Slough from its point of confluence with Lake River South to the Columbia River, in sections 13, 23, 24, 26 and 35, township 4 north, range 1 west of the Willamette Meridian, in Clark county, Washington: *Provided*, That the location and plans thereto are submitted to and approved by the chief of engineers of the United States and the secretary of war of the United States, before construction is commenced subject to the terms of section 9 of the River & Harbor Act, approved March 3, 1899 (30 Stat. 1151; 33 U.S.C. 401) and: *Provided further*, That all such dikes, dams, causeways, or other structures, shall be constructed at the expense of the owners. 85.32.010 Declaration of necessity and purpose. The maintenance of drainage districts is essential to the economy of the state. The influx of population and changes in land use since many such districts were formed, has made obsolete and unjust the method used under existing law to provide funds for the operation of such districts and for the maintenance and expansion of its drainage systems. Also, in many instances, properties lying outside of the territorial limits of such districts, have been and are being developed in such a manner that waters therefrom, through artificial rather than natural processes, are accumulated and discharged for outlet upon lands within such districts, and the facilities of such district are used without charge to furnish service and benefit to such lands. To furnish remedy for such situations where they are found to exist the state declares that it has an interest therein and this chapter is passed. [1961 c 131 § 2.]

85.32.020 Definitions. As used in this chapter:

"District" means a regularly formed and established drainage district under the provisions of this title.

"Board" means the board of commissioners of a regularly formed and established drainage district under the provisions of this title. [1961 c 131 § 3.]

85.32.030 Powers of board in general. The board may: (1) Make initial determination that the district's facilities furnish benefit to improvements upon land as well as land alone within the district in protecting against and furnishing run-off for surface and/or flood waters; (2) Make initial determination that lands and improvements thereon outside of the territorial limits of the district are receiving a service from the facilities of the district, and are benefited thereby in that waters from such lands through ditches, drains, or other artificial methods, other than by natural flow or seepage, are so cast as to have outlet through the district's facilities; (3) Determine that properties so found to be served should pay a just proportion of the operational and maintenance costs of the district; (4) In connection with so finding, cause a roll of property thus served and benefited by the district's facilities to be prepared and filed with it, and give notice of a hearing thereon as provided in this chapter; (5) Hold public hearings to determine the ultimate facts and approve an ultimate roll of properties served and benefited by the facilities of the district and valuations thereof to serve as a basis against which annual dollar rate levy may be assessed for continuous

benefits furnished such properties; make revision thereof as the facts warrant from time to time; provide for the levying of such dollar rate levy; and make return of such roll finally adopted by certifying and filing a copy thereof with the auditor, assessor and treasurer of the county wherein the properties involved are located. [1973 1st ex.s. c 195 § 120; 1961 c 131 § 4.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.32.040 Initial determination—Roll—Resolution, contents. In the initial instance, when the board of any district, desires to use the method and procedure provided in this chapter, and in order that uniformity may be had, it may cause a roll of all properties within the district claimed to be benefited by its drainage system, and in addition or as a part thereof, a roll of all properties outside of the territorial limits of said district claimed to be served and benefited by the drainage systems of said district, to be prepared and filed with it. Thereupon, the board shall by resolution declare:

(1) That it has made initial determination that the district's facilities are furnishing and will furnish service and benefit to the properties, including improvements thereon, described in such roll;

(2) That such roll has been filed with it and will remain so filed and open to inspection by any party interested therein at all reasonable times;

(3) That a public hearing will be held by the board at a time and place stated to give consideration to the facts and make ultimate determination of the same and to said roll;

(4) That when said roll is finally adopted, annual dollar rate levies will be made by the district against said properties based upon the valuation thereof as shown on said roll when ultimately adopted to raise money based on benefit and service for the continuous operation and maintenance of said district;

(5) That at the time of hearing, it will hear all objections filed and will review, adopt, modify, or revise said roll consistent with existing facts to the end that property receiving service and benefit from the facilities of the district shall pay justly and equitably therefor in proportion to benefit received and;

(6) That upon said hearing or adjournments thereof, the board will determine the ultimate facts concerning service and benefit received by all properties ultimately contained in said roll and as to such properties it will adopt the roll in final form and proceed as in this chapter provided. [1973 1st ex.s. c 195 § 121; 1961 c 131 § 5.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.32.050 Contents of roll—Assessed, equalized value prima facie correct—Separate levies for prior indebtedness—Adjustment of roll. The roll of properties referred to in this chapter shall contain (1) a description of all properties and improvements thereon, with the name of the owner or the reputed owner thereof and his address as shown on the tax rolls of the assessor or treasurer of the county wherein the property is

located, and (2) the determined value of such land and improvements thereon as last assessed and equalized by the taxing agencies of such county. Such assessed and equalized values shall be deemed prima facie as a just, fair and correct base of value for consideration by the board in its determination ultimately of the just and correct base of value in each instance against which annual dollar rates shall be levied by the district for the operation of the district and the expansion and maintenance of its facilities.

If property outside of the territorial limits of the district are upon the roll as adopted ultimately, and the district has prior indebtedness existing, the board shall set up separate dollar rate levies for the retirement thereof until it is extinguished, which levies shall be applied solely against the properties within the territorial limits of the district. Adjustments of the roll shall be made before final adoption in such a manner that the money raised through annual dollar rate levies for maintenance, expansion and operational costs of the district in no instance shall exceed the value of the service rendered or to be rendered and the benefit received and to be received by the property involved. [1973 1st ex.s. c 195 § 122; 1961 c 131 § 6.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.32.060 Notice of hearing—Contents. When the board causes a property roll to be filed with it and a hearing to be held thereon as provided in this chapter, it shall give notice of such hearing in the following manner:

The notice shall be published at least three times in consecutive issues in a weekly newspaper, or once a week for three consecutive weeks in a daily newspaper, published in or near said district, and if there is more than one such paper, then in some paper chosen by the board having general circulation in the area involved. The last publication shall be more than fifteen days prior to date of hearing. The board also shall cause a copy of such notice to be mailed in regular course of the federal mail at least thirty days prior to the date of such hearing to the owner or reputed owner of such property at his address, all as shown on the tax rolls or records of the county taxing agencies of the county wherein the property is situated, such notice being deemed adequate and sufficient. The sworn affidavit of the one doing such mailing shall be deemed conclusive of the fact that such notice was mailed.

Such notice shall state the following:

(1) That the board has tentatively determined that the property of the owner or reputed owner named is receiving and will receive service and benefit from the facilities of the district;

(2) That the board has caused a tentative roll of such properties with any improvements thereon which are receiving and will receive such service and benefit to be filed with it; and that such roll shows a base of valuation thereon for said properties against which annual dollar rates will be levied and collected in the same manner as general taxes to pay the fair value of the benefit and service received and to be received by such property

through use of the facilities of the district, and to pay the annual cost of operation, development and maintenance of the district and its facilities;

(3) That on a date, time and place stated, the board will give consideration to the facts and the roll, will hear all objections filed, will review said roll and alter, modify, or change the same consistent with facts established and with equity and fair dealing concerning the properties involved to the end that just levies will be made for service and benefits received and to be received against each property for the purposes mentioned; and at the hearing or continuance thereof, it will adopt the roll in final form and certify and file a copy thereof with the assessor and treasurer of the county wherein the property is located; and will cause annual millage to be levied against such established valuations for the purposes stated;

(4) That all persons desiring to object to the proceedings, to the proposed base valuations, or to any other thing or matter in connection with the proceedings, must file written objections with the board stating clearly the basis of such objection before the time of the hearing, or all objections will be deemed waived. [1973 1st ex.s. c 195 § 123; 1961 c 131 § 7.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.32.070 Written objections—Filing—Grounds—Waiver. Any person, owner or reputed owner having any interest in any property against which the board seeks to make a service and benefit charge under this chapter, may object thereto. All such objections must be in writing and filed with the board before the hearing is commenced upon the roll containing such properties and must state clearly the grounds of such objection. Objections not made within this time and in this manner shall be deemed conclusively to have been waived. [1961 c 131 § 8.]

85.32.080 Additional roll due to omitted property or changed conditions. The board shall from time to time examine the properties within and without said district, and if it finds tentatively that property, including improvements thereon, has been omitted from the existing roll, or conditions have changed so that there are new properties or additional properties receiving benefit and service from the facilities of the district without charge, it shall cause from time to time an additional roll of such property to be filed with it and shall proceed in the same manner as provided in this chapter where the board causes property roll to be filed with it. [1961 c 131 § 9.]

85.32.090 Certification and filing of roll—Additional, supplemental roll supplements original. When any roll or additional or supplemental roll is adopted by the board, a copy thereof shall be certified to and filed with the auditor, the assessor and the treasurer of the county wherein the property contained on said roll is situated. Where the roll is a supplemental or additional roll, it shall supplement the original roll. [1961 c 131 § 10.]

85.32.100 Reexamination of properties—Supplemental roll—Certification and filing. The board may at any time reexamine the properties on any roll, and upon request of an owner shall do so, and if it is found that the condition of such property or properties has changed so that justly such property should be eliminated from any rolls on file, or the base against which dollar rate is levied should be lowered, it shall so determine and make a supplemental roll with reference to such property or properties. When adopted by it, the board shall certify and file a copy thereof with the auditor, assessor and treasurer of the county wherein the property is situated, and such officer shall alter and change the existing rolls accordingly. [1973 1st ex.s. c 195 § 124; 1961 c 131 § 11.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.32.110 Roll is base for benefits against which levy made. The roll certified to the county officers as in this chapter provided, and any modification thereof as provided, shall serve as the base of benefits as to land, buildings and improvements furnished service and benefit by the systems of the district against which valuations dollar rates shall be levied and collected in the same manner as general taxes from time to time for the continuing functioning of the district and its systems. The dollar rate shall be levied in the manner required by law for dollar rate levies by drainage districts. [1973 1st ex.s. c 195 § 125; 1961 c 131 § 12.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.32.120 Levy for outstanding indebtedness. If any property outside of the territorial limits of the district is placed upon a roll as finally adopted, and at the time such property becomes subject to charge for service and benefit from the district's system, there is an existing outstanding indebtedness owing by the district, the board shall make a separate estimate of the revenue required to be raised to pay or apply upon such indebtedness until it is extinguished, and it shall proceed and certify the same as hereinabove provided, and no dollar rate for raising revenue to extinguish such indebtedness shall be included in the levies made against any properties lying outside of the territorial limits of said district.

When thus levied, the amount of assessment produced thereby shall be added by the general taxing authorities to the general taxes against said lands and collected therewith as a part thereof. If unpaid, any delinquencies in such assessments shall bear interest at the same rate and in the same manner as general taxes and they shall be included in and be made a part of any general tax foreclosure proceedings according to the provisions of law with relation to such foreclosures. As assessment collections are made, the county treasurer shall credit same to the funds of such district. [1973 1st ex.s. c 195 § 126; 1961 c 131 § 13.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.32.130 Emergency warrants in excess of estimates. In the case of an emergency or disaster not in contemplation at the time of making the annual estimate of costs and declared to be such by resolution of the board, the board may incur additional obligations and issue valid warrants therefor in excess of such estimate in the manner provided by law for issuance of warrants by drainage districts and the servicing thereof, and all such warrants so issued shall be valid as shown upon the then current roll of said district filed with the county auditor. [1961 c 131 § 14.]

85.32.140 Chapter exclusive method—Concurrent use of other method to extinguish prior indebtedness. Any district choosing to operate under this chapter shall not use the processes provided for raising revenue under any other law: *Provided*, That if for any reason it is deemed more just and advisable by the board, any such other method or process for raising revenue as provided by law may be used concurrently against properties solely within the territorial limits of the district for the sole purpose of extinguishing indebtedness incurred before the district adopts the procedure of this chapter, in which event no funds raised under this chapter shall be used to pay such prior indebtedness. [1961 c 131 § 15.]

85.32.150 Owners of extraterritorial lands on roll are electors and may be commissioners—Corporations. Whenever lands, or lands with improvements thereon, lying outside of the existing territorial limits of such district are ultimately placed upon the assessment roll of such district in the manner provided by this chapter so that such lands are subject to maintenance benefits as provided, the owner of such land shall be deemed to be an elector within such district, and shall have the same right to participate in all district affairs and to vote upon all matters submitted to the electors of said district, including that of electing or becoming commissioners for the district, all in the manner provided for voting and elections under existing law pertaining to drainage districts. If such owner is a corporation, one of its duly constituted officers shall be deemed to have the right as an elector to vote on behalf of such corporation. [1961 c 131 § 16.]

85.32.160 Roll proceedings are conclusive—Injunction upon limited grounds. Whenever any roll shall have been adopted by the board, the regularity, validity and correctness of the proceedings relating thereto shall be conclusive upon all parties and cannot in any manner be contested or questioned in any proceeding whatsoever by any person not filing written objections to such roll as provided in RCW 85.18.050 and appealing from the action of the board in confirming such roll in the manner and within the time in this chapter provided. No proceeding of any kind, except proceedings had through the process of appeal as in this chapter provided, shall be commenced or prosecuted or may be maintained for the purpose of defeating or contesting any assessment or charge made through levies under this chapter, or the sale of any property to pay such charges: *Provided*, That a suit in injunction may be brought to prevent collection

of charges or assessments or sale of property thereunder upon the following grounds and no other: (1) That the property charged or about to be sold does not appear upon the district roll filed with the county auditor, or (2) the charge or assessment has been paid. [1961 c 131 § 17.]

85.32.170 Judicial review—Petition to superior court. The decision of the board upon any objection made within the time and in the manner prescribed in this chapter may be reviewed by the superior court of the county wherein the property in question is located. Any person aggrieved must file his petition for writ of review with the clerk of the superior court wherein the property is located within ten days after the roll affecting such aggrieved party was adopted by resolution, and he shall serve a copy thereof upon the board. The petition shall describe the property in question, set forth the written objections which were made to the decision, give the date of filing of such objections, and shall be signed by such party or someone in his behalf. The court shall forthwith grant such petition if correct as to form and filed in accordance with this section. [1961 c 131 § 18.]

85.32.180 Judicial review—Filing of transcript, objections, resolution—Filing fees—No bond required—Notice of hearing and trial. Within ten days after the filing of such petition for review, the board, unless the court shall grant additional time, shall file with the clerk of such court its certified transcript containing such portion of the roll as is subject to review, any written objections thereto filed with the board by the petitioner before such roll was adopted, and a copy of the resolution adopting the roll. The filing fee shall be a cost recoverable by petitioner against the district.

The clerk of the court shall charge the same filing fees for petitions for review as in other civil actions. The appellant need not file any bond to cause review to be had by the superior court. The court shall, on motion of either party to the cause, with notice to the other party, set the same for hearing and trial without jury at the earliest time available. [1961 c 131 § 19.]

85.32.190 Judicial review—Scope of trial. At the trial the court shall determine whether the board has acted within its discretion and has correctly construed and applied the law. If it finds that it has, the findings and decision of the board shall be affirmed; otherwise it shall be reversed or modified. The judgment of the court may change, confirm, correct, or modify the values of the property in question as shown upon the roll, and a certified copy thereof shall be filed with the county auditor, who shall change, modify or correct as and if required. [1961 c 131 § 20.]

85.32.200 Judicial review—Appeal to supreme court or court of appeals. An appeal shall lie to the supreme court or the court of appeals from the superior court as in other civil cases: *Provided*, That such appeal must be taken within fifteen days after the date of entry of the judgment of the superior court. The supreme court or the court of appeals on such appeal may

change, confirm, correct or modify the values of the property in question as shown upon the roll. A certified copy of any judgment of the supreme court or the court of appeals shall be filed with the county auditor having custody of such roll, who shall thereupon change, modify, or correct such roll in accordance with such decision, if required. [1971 c 81 § 169; 1961 c 131 § 21.]

85.32.210 Levies are for continuous benefits. The dollar rate levy returns collected from time to time under this chapter are solely assessments for benefits received continuously by the benefited properties, calculated in the manner specified in this chapter as a just and equitable way for all benefited property to share the expense of such required service. [1973 1st ex.s. c 195 § 127; 1961 c 131 § 22.]

He must append to and post with the delinquency list a notice that unless the assessments delinquent, together with costs and accrued interest, are paid, the real property upon which such assessments are a lien will be sold at public auction. The said notice and delinquent list shall be posted at least twenty days prior to the time of sale. Concurrent as nearly as possible with the date of the posting aforesaid, the said county treasurer shall publish the location of the place where said notice is posted and in connection therewith a notice that unless delinquent assessments together with costs and accrued interest are paid, the real property upon which such assessments are a lien will be sold at public auction. Such notice must be published once a week for three successive weeks in a newspaper of general circulation published in the county within which the land is located; but said notice of publication need not comprise the delinquent list where the same is posted as herein provided. Both notices must designate the time and place of sale. The time of sale must not be less than twenty-one nor more than twenty-eight days from the date of posting and from the date of the first publication of the notice thereof, and the place must be at some point designated by the treasurer. On the day fixed for the sale, or some subsequent day to which he may have postponed it, and between the hours of ten o'clock a.m. and three o'clock p.m., the county treasurer making the sale must commence the same, beginning at the head of the list, and continuing alphabetically, or in the numerical order of the parcels, lots or blocks, until completed. The treasurer shall account to the district for said one dollar. If the purchaser does not

pay the assessment and costs before ten o'clock a.m. the following day, the property must be resold on the next sale day for the assessments and costs. In case there is no purchaser in good faith for the same on the first day that the property is offered for sale, and if there is no purchaser in good faith when the property is offered thereafter for sale, the whole amount of the property assessed shall be struck off to the district as the purchaser, and the duplicate certificate shall be delivered to the secretary of the district, and filed by him in the office of the district. No charge shall be made for the duplicate certificate where the district is the purchaser, and in such case the treasurer shall make an entry, "Sold to the district", and he will be credited with the amount thereof in settlement. The district, as a purchaser at said sale, shall be entitled to the same rights as a private purchaser, and may assign or transfer the certificate of sale upon the payment of the amount which would be due if redemption were being made by the owner. If no redemption is made of land for which the district holds a certificate of purchase, the district will be entitled to receive the treasurer's deed therefor in the same manner as a private person would be entitled thereto.

After receiving the amount of assessments and costs, the county treasurer must make out in duplicate a certificate, dated on the day of sale, stating (when known) the names of the persons assessed, a description of the land sold, the amount paid therefor, that it was sold for assessments, giving the amount and the year of assessment, and specifying the time when the purchaser will be entitled to a deed. The certificate must be signed by the treasurer making the sale and one copy delivered to the purchaser, and the other filed in the office of the county treasurer of the county in which the land is situated: *Provided*, That upon the sale of any lot, parcel or tract of land not larger than an acre, the fee for a duplicate certificate shall be twenty-five cents and in case of a sale to a person or a district, of more than one parcel or tract of land, the several parcels or tracts may be included in one certificate. Such book must be open to public inspection without fee during office hours, when not in actual use.

On filing the certificate of sale as provided in the preceding paragraph, the lien of the assessment vests in the purchaser and is only divested by the payment to the county treasurer making the sale of the purchase money and interest at the rate of ten percent per annum, from the day of sale until redemption for the use of the purchaser. [1937 c 72 § 169; RRS § 9663E-169. Formerly RCW 86.08.610.]

Redemption must be made in legal tender, as provided for the collection of state and county taxes, and the county treasurer must credit the amount paid to the person named in the certificate and pay it on demand to such person or his assignees. (1) That it shall be operative in perpetuity, or only for a term of years or other measure of time to be specified therein.

(2) The amount of money to be expended by each county during each year of the life of said contract, or such other method of determining the amount of expenditure or dividing the financial burden as may be agreed upon.

(3) That an annual tax shall be levied, at the same time and in the same manner as other county taxes are levied, each year during the life of the contract, by the county commissioners of each county. The annual tax herein provided for need not be levied at the same rate for each county, but shall be at such rate in each county as will produce annually the amount of money for each county as is required for the fulfillment of the contract on its part: *Provided, however,* That in no event shall any such tax levy by either county exceed twenty-five cents per thousand dollars of assessed value for any one year.

(4) That the general scheme for the improvement of such river shall be as stated in such contract, but by consent of the contracting parties, pursuant to resolution of each board of county commissioners, such scheme may be modified from time to time during the life of the contract. The contract may but need not provide the details of such scheme, but must designate the general purpose to be accomplished. So far as details are not specified in the contract, same shall be for future determination by joint action of the two boards of county commissioners. Any such contract may be subsequently modified or abrogated by mutual consent evidenced by separate resolution of both boards of county commissioners. [1973 1st ex.s. c 195 § 130; 1913 c 54 § 1; RRS § 9651. Formerly RCW 86.12.040.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

86.13.020 Expenditure of funds—Joint action generally. When such a contract shall have been entered into the prosecution of the work of improvement and the

expenditure of funds thereof shall be determined upon, controlled and provided for by joint action of the boards of county commissioners of the two counties. So acting jointly, they shall have power to employ subordinates, purchase material or equipment in open market or by contract, let contracts for work, or cause work to be done by day labor, and to reject any and all bids received for work or material. All vouchers, pay rolls, reports, contracts and bonds on contracts shall be in duplicate, one copy to be filed in the office of the county auditor of each county: *Provided, however,* That the expenditure of said funds must be made in such manner so that the fund from each county is drawn on or expended alternately and such alternate expenditure shall be in proportion to the amount contributed by each county as nearly as may be practicable. [1913 c 54 § 2; RRS § 9652. Formerly RCW 86.12.050 and 86.12.060, part.]

86.13.030 Tax levy in each county—Intercountry river improvement fund. When such a contract shall have been entered into it shall be the duty of each of the boards of county commissioners to make for their respective counties, each year, a tax levy at a rate sufficient to meet the requirements of the contract to be performed by the county, or sufficient to provide such lesser amount as the boards of county commissioners shall agree upon for such year, to be evidenced by separate resolution of each board, and when such levy shall be made the same shall be extended upon the tax rolls of the county levying the same as other taxes shall be extended, and shall be collected in the same manner and shall be a lien upon the property as in the case of other taxes. The fund realized in each county by such tax levy shall go into a separate fund in the treasury of the county collecting the same, to be designated intercountry river improvement fund, and the entire fund so collected in the two counties shall be devoted to and be disbursed for the purposes specified in such contract and as in this chapter provided, and for no other purpose, but without regard to the particular county in which the work is performed, material required or expenditure made, it being the intent that the entire fund realized in the two counties shall be devoted to the one common purpose as if the two counties were one county and the two funds one fund. The fund in each county shall be disbursed by the county treasurer of such county upon warrants signed by the county auditor of that county. Such warrants shall be issued by order of the board of county commissioners of such county, or a majority thereof. Each county auditor shall, whenever requested by the county auditor of the other county, furnish the county auditor of the other county a statement of payments into and warrants drawn upon the fund of his county from time to time, and in addition thereto, each county auditor shall on the first Monday of January, April, July and October each year during the life of the contract furnish the other a complete statement thereof. Obligations incurred in the prosecution of such improvement and warrants issued shall be payable only out of said special funds, and no general obligation against or debt of either county shall be created thereby or by any contract

entered into by virtue of this chapter, but it is not the intent of this chapter to deny to either county the right to have in the courts any proper proceeding to compel compliance with such contract on the part of the other county. [1913 c 54 § 3; RRS § 9653. Formerly RCW 86.12.100.]

Limitation on levies: State Constitution Art. 7 § 2 (Amendments 55 and 59); chapter 84.52 RCW.

86.13.040 Eminent domain—Procedure—Acquisition by purchase authorized. When such a contract shall have been entered into the power of eminent domain is hereby vested in each of such counties, to acquire any lands necessary to straighten, widen, deepen, dike or otherwise improve any such river, its tributaries or outlet or to strengthen the banks thereof, or to acquire any land adjacent to such river, or its tributaries, or the right to cut and remove timber upon the same for the purpose of preventing or lessening the falling of timber or brush into the waters of such river or tributaries, or to acquire any rock quarry, gravel deposit or timber for material for the prosecution of such improvement, together with the necessary rights of way for the same, or to acquire any dam site or other property necessary for flood control purposes. Any such land, property or rights may be acquired by purchase instead of by condemnation proceedings. Said right of eminent domain shall extend to lands or other property owned by the state or any municipality thereof. The title to any such lands, property or rights so acquired shall vest in the county in which situate for the benefit of such enterprise and said fund, but when said contract shall have terminated by lapse of time or for any other reason, then such title shall be held by such county independent of any claims whatsoever of the other county, but any material, equipment or other chattel property on hand shall be converted into money and the money divided between the two counties in the ratio of their respective contributions to the fund. The exercise of such rights of eminent domain or purchase shall rest in the joint control of the two boards of county commissioners. Such eminent domain proceedings shall be in the name of and had in the county where the property to be acquired is situate: *Provided*, If either county shall fail or refuse to institute and prosecute any condemnation proceedings when directed so to do by any legal meeting provided for in RCW 86.13.050, such proceeding may be instituted and prosecuted by and in the name of the other county. The proceedings may conform to the provisions of *sections 921 to 926, inclusive, of Remington & Ballinger's Annotated Codes and Statutes of Washington, or to any general law now or hereafter enacted governing eminent domain proceedings by counties. The awards in and costs of such proceedings shall be payable out of such funds. The purposes in this act specified are hereby declared to be county purposes of each and both of such counties. [1937 c 117 § 1; 1913 c 54 § 4; RRS § 9654. Formerly RCW 86.12.060, part, and 86.12.070.]

***Reviser's note:** *sections 921 to 926, inclusive, of Remington & Ballinger's Annotated Codes and Statutes* (except for section 923) are codified as RCW 8.20.010 through 8.20.080. Section 923 was repealed

by 1935 c 115 § 1 but compare the first paragraph of RCW 8.28.010 relating to the same subject matter as the repealed section.

86.13.050 Joint county meeting—Procedure. When such a contract shall have been entered into and occasion shall arise for the joint action of the two boards of county commissioners whether such joint action is provided for in this chapter or otherwise desired upon any matter having relation to such contract or the prosecution of such improvement, such joint action may be secured by a notice calling a joint meeting signed by two county commissioners, designating the time and place in either county of such meeting, served by one of the two county auditors upon the remaining county commissioners at least seven days (exclusive of the date of service or mailing) prior to the time so designated. If the notice is signed by two county commissioners of the same county the place of meeting shall be at some place in the other county designated in the notice. Such service may be personal or by mail addressed to the member in care of the county auditor of his county. The six county commissioners may constitute a legal meeting without notice by being present together for that purpose. The auditor's certificate of such personal service or mailing, attached to a copy of the notice, shall be made a part of the records of the meeting and be competent proof of the fact. Except in the case hereinafter provided for, the presence of four of the county commissioners shall be necessary to constitute a legal meeting. Each meeting shall be presided over by one of those present selected by vote. The county auditor of the county wherein the meeting is held shall be secretary of the meeting, and shall make duplicate record of its proceedings, one of which, with his certificate thereon, shall be forwarded to the county auditor of the other county, and such record shall be a part of the record of the board of county commissioners of each county. A majority vote of those present at any legal meeting shall be determinative upon any question properly considered at the meeting, and shall be binding upon each county as if enacted or adopted by its own board of county commissioners separately, but no joint meeting whatsoever shall in any manner continue, extend, change, alter, modify or abrogate the contract when made or any of the terms and conditions contained therein. Each county commissioner shall be paid out of said fund in his own county all disbursements made by him for traveling and other expenses incurred in attending any joint meeting or in any way connected with the prosecution of the improvement. Any legal meeting shall have power to adjourn to another time and place. An adjourned meeting shall have all the powers of the meeting of which it is an adjournment, but shall have no power after the end of the thirtieth day following the date of the original meeting of which it is an adjournment. If the three county commissioners of either county shall fail to attend any two meetings consecutively called, the notice for the next succeeding meeting may be also served upon the special commissioner hereinafter provided for, and if he and three county commissioners attend pursuant to such notice the four shall constitute a legal meeting, but if he does not so attend and three county commissioners do

attend, the same shall constitute a legal meeting: *Provided*, All notices calling a joint meeting shall specify distinctly and separately each question to be considered at said meeting; and it shall be unlawful to consider any question at such meeting or at any adjourned meeting thereof except those which have been distinctly and separately specified, except in cases where all six county commissioners are present or five county commissioners present are unanimous on the question, and in any action which may be taken on any question other than those specified in the notice shall be void and shall not be binding on either county, except in cases where all six county commissioners are present or the action was by unanimous vote of five county commissioners present at such meeting. [1913 c 54 § 5; RRS § 9655. Formerly RCW 86.12.060, part, and 86.12.120 through 86.12.140.]

86.13.060 Special commissioner—Powers and duties—Compensation. When such a contract shall have been entered into there shall be designated at the first legal joint meeting, or adjournment thereof, held in each calendar year a special commissioner to serve as such until the first joint meeting held in the ensuing year. If such designation shall not be made at any such first annual meeting, the United States engineer in charge of the district in which such improvement is located shall be such special commissioner until the next succeeding first annual meeting. If a special commissioner shall for any reason fail to serve as such officer, or be removed by unanimous vote of any legal meeting, a successor to him may be chosen at any subsequent legal joint meeting during his term. Such special commissioner shall have power to attend and vote at any joint meeting in the following cases and none other, to wit: (1) In cases specially so provided in RCW 86.13.050 hereof; (2) In any case where the vote of any such joint meeting shall stand equally divided upon any question arising under this chapter or such contract or in the prosecution of the work of improvement. The special commissioner shall have no voice or vote except upon questions on which the vote of the county commissioners is equally divided. The procedure in cases covered by the foregoing subdivision (2) of this section shall be substantially as follows: It shall be the duty of the secretary of the meeting at which the division shall occur, if the attendance of the special commissioner at that meeting is not secured, to forthwith transmit to the special commissioner written notice of the fact of disagreement and the question involved, and of the time and place to which the meeting shall have been adjourned or at which the question will recur. If there shall be no such adjournment of the meeting, or if the secretary shall not give such notice, any two commissioners may in the manner provided in RCW 86.13.050 call a joint meeting for the consideration of the question in dispute, and in such event either county auditor may give such notice to the special commissioner. No informality in the mode of securing the attendance of the special commissioner shall invalidate the proceedings of or any vote taken at any meeting which he shall attend and which he is empowered to attend by the provisions of this chapter.

The special commissioner shall receive, to be paid equally out of the two funds, his traveling and other expenses incurred in attending meetings or otherwise in connection with the work of improvement, and such compensation for his services as shall be fixed by the joint meeting which shall have selected him, or failing to be so fixed, his compensation shall be ten dollars per day of actual service. [1913 c 54 § 6; RRS § 9656. Formerly RCW 86.12.150 and 86.12.160.]

86.13.070 Chapter not exclusive. Nothing in this chapter contained shall be construed to prevent any county which may be a party to such contract from further caring for any such river or the banks thereof, as authorized so to do by existing laws or by such laws as may be hereafter enacted, provided the rights of neither county, as fixed by contract, shall be impaired thereby. [1913 c 54 § 7; RRS § 9657. Formerly RCW 86.12.190.]

86.13.080 Liability as between counties. No legal claim of any kind or character whatsoever in favor of one county and against the other shall be based upon or created by the enactment hereof, except such as may arise when the contract herein provided for shall have been entered into. After such contract shall have been entered into, should any loss or damage be sustained by either county occasioned by the overflow of any such river, if caused by any act or omission to act of the other county, its officers or agents, or any other cause whatsoever, then such county so suffering or sustaining said loss shall not be entitled to recover therefor from the other county, nor shall any cause of action, legal or equitable be based thereon: *Provided, however*, That if either county shall suffer loss or damage because of the failure or refusal of the other county to perform any such contract on its part to be performed, the injured county shall have a cause of action against the defaulting county to recover the same, but the limit of recovery for any loss or damage suffered in any one year shall not exceed the sum of ten thousand dollars, and any such recovery shall be limited to such special fund, and in no event be recoverable out of the general fund of such defaulting county. If any such loss or damage shall be liquidated in an amount by agreement or by judgment, the defaulting county shall increase its tax levy for said special fund for the ensuing year sufficiently to provide for such liquidated amount: *And provided further*, That either county may have any proper action in the courts to compel the performance of the contract or any duty imposed thereby or by this chapter. [1913 c 54 § 8; RRS § 9658. Formerly RCW 86.12.170.]

86.13.090 Issuance of warrants. When such a contract shall have been entered into, it shall be lawful to issue warrants upon said fund though there be at the time of such issuance no money in the fund, but in such cases the aggregate of such warrants so issued in any year shall not exceed one-half the amount of the next annual tax levy required by such contract. Such warrants shall be stamped by the county treasurer when

presented to him for payment, to bear interest at a certain rate thereafter until paid, such rate to be the then current rate as determined by the county auditor. [1913 c 54 § 9; RRS § 9659. Formerly RCW 86.12.110.]

JOINT COUNTY CONTROL— SUPPLEMENTAL ACTS

86.13.100 Lease or disposal of property—Disposition of proceeds. Whenever two counties of this state, acting under a contract made pursuant to RCW 86.13.010 through 86.13.090, shall make an improvement in connection with the course, channel or flow of a river, shall acquire property by statute, purchase, gift or otherwise, said counties, acting through their boards of county commissioners jointly shall have the power, and are hereby authorized to sell, transfer, trade, lease, or otherwise dispose of said property by public or private, negotiation or sale. The deeds to the property so granted, transferred, leased or sold shall be executed by the chairman of the meeting of the joint boards of county commissioners, and attested by the secretary of said joint meeting where the sale is authorized. The proceeds of the sale of said property shall be used by said counties for the carrying on, completion or maintenance of said improvement, as directed by the boards of county commissioners of said counties acting jointly. [1915 c 103 § 1; RRS § 9660. Formerly RCW 86.12.080.]

Construction—1915 c 103: "This act is not intended to modify, change, alter or amend chapter 54 of the Session Laws of 1913 [RCW 86.13.010 through 86.13.090]." [1915 c 103 § 2.]

86.13.110 State's title to abandoned channels granted to counties. Whenever two counties of this state, acting under a contract made pursuant to RCW 86.13.010 through 86.13.090, shall make an improvement in connection with the course, channel or flow of a river, thereby causing it to abandon its existing channel, bed, bank or banks for the entire distance covered by said improvement, or for any part or portion thereof, or by said improvement shall prevent a river from resuming at a future time an ancient or abandoned channel or bed, or shall construct improvements intended so to do, all the right, title and interest of the state of Washington in and to said abandoned channel or channels, bed or beds, bank or banks, up to and including the line of ordinary high water, shall be and the same is hereby given, granted and conveyed jointly to the counties making such improvement. Local governmental organizations, actions affecting boundaries, etc., review by boundary review board: Chapter 36.93 RCW.

86.15.010 Definitions. As used in this chapter the following words shall mean:

"Board". The board of county commissioners of any county, or the county commissioners, serving as ex officio board of supervisors of any zone or zones;

"Flood control improvement". Any works, projects, or other facilities necessary for the control of flood waters within the county or any zone or zones;

"Flood waters". Any storm waste or surplus waters wherever located within the county or a zone or zones where such waters endanger public highways, streams and water courses, harbors, life or property;

"Participating zones". Two or more zones found to benefit from a single flood control improvement;

"Zones". Flood control zone districts which shall be municipal corporations of the state of Washington created by this chapter. [1961 c 153 § 1.]

86.15.020 Zones—Creation. The board may initiate, by affirmative vote of a majority of the board, the creation of a zone or additional zones within the county, and without reference to an existing zone or zones, for the purpose of undertaking, operating, or maintaining flood control projects or groups of projects which are of special benefit to specified areas of the county. Formation of a zone may also be initiated by a petition signed by twenty-five percent of the electors within a proposed zone based on the vote cast in the last county general election. If the formation of the zone is initiated by petition, the board shall incorporate the terms of such petition in a resolution within forty days after receiving such petition from the county auditor. Thereafter, the procedures for establishing a zone shall be the same

whether initiated by motion of the board or by a petition of electors.

Petitions shall be in a form prescribed and approved by the county auditor and shall include the necessary legal descriptions and other information necessary for establishment of a zone by resolution. When the sponsors of a petition have acquired the necessary signatures, they shall present the petition to the county auditor who shall thereafter certify the sufficiency of such petition within forty-five days. If the petition is found to meet the requirements specified herein, the auditor shall transmit the same to the board for their action; if the petition fails to meet the requirements of this chapter, it shall be returned to the sponsors thereof. [1961 c 153 § 2.]

86.15.025 Districts incorporating watersheds authorized—Subzones authorized—Creation, procedure—Administration—Powers. (1) The board is authorized to establish a countywide flood control zone district incorporating the boundaries of any and all watersheds located within the county which are not specifically organized into flood control zone districts established pursuant to chapter 86.15 RCW. Upon establishment of a countywide flood control zone district as authorized by this section, the board is authorized and may divide any or all of the zone so created into separately designated subzones and such subzones shall then be operated and be legally established in the same manner as any flood control zone district established pursuant to chapter 86.15 RCW.

(2) Countywide flood control zone districts shall be established pursuant to the requirements of RCW 86.15.020, 86.15.030 and 86.15.040 as now law of hereafter amended. Subzones established from countywide flood control zone districts shall be established by resolution of the board and the provisions of RCW 86.15.020, 86.15.030 and shall not apply to the establishment of such subzone as authorized by this section.

(3) Such subzones shall be operated and administered in the same manner as any other flood control zone district in accordance with the provisions of chapter 86.15 RCW.

(4) Such subzones shall have authority to exercise any and all powers conferred by the provisions of RCW 86.15.080 as now law or hereafter amended.

(5) The board shall exercise the same power, authority, and responsibility over such subzones as it exercises over flood control zone districts in accordance with the provisions of chapter 86.15 RCW as now law or hereafter amended, and without limiting the generality of this subsection, the board may exercise over such subzones, the powers granted to it by RCW 86.15.160, 86.15.170, 86.15.176 and 86.15.178 as now law or hereafter amended. [1969 ex.s. c 195 § 1.]

86.15.030 Districts incorporating watersheds authorized—Formation, hearing and notice. Upon receipt of a petition asking that a zone be created, or upon motion of the board, the board shall adopt a resolution which shall describe the boundaries of such proposed zone; describe in general terms the flood control needs or

requirements within the zone; set a date for public hearing upon the creation of such zone, which shall be not more than thirty days after the adoption of such resolution. Notice of such hearing and publication shall be had in the manner provided in RCW 36.32.120(7).

At the hearing scheduled upon the resolution, the board shall permit all interested parties to be heard. Thereafter, the board may reject the resolution or it may modify the boundaries of such zone and make such other corrections or additions to the resolutions as they deem necessary to the accomplishment of the purpose of this chapter: *Provided*, That if the boundaries of such zone are enlarged, the board shall hold an additional hearing following publication and notice of such new boundaries: *Provided further*, That the boundaries of any zone shall generally follow the boundaries of the watershed area affected: *Provided further*, That the immediately preceding proviso shall in no way limit or be construed to prohibit the formation of a countywide flood control zone district authorized to be created by RCW 86.15.025.

Within ten days after final hearing on a resolution, the board shall issue its order. [1969 ex.s. c 195 § 2; 1961 c 153 § 3.]

86.15.040 Limitation on the formation of zones. Any zone to be created pursuant to this chapter which includes lands located within the limits of any city or town or flood control district shall, prior to its creation, be approved by the legislative body of such city, town or district: *Provided*, That unless such city or town or district legislative body approves or disapproves the creation of such zone within one hundred and twenty days after receiving a request for approval from the board, it shall be conclusively presumed that such legislative body approves the creation of such zone: *Provided further*, That if within ninety days following legislative approval or disapproval ten percent of the electors of such city, town or district, file with the county auditor a petition requesting an election, such city, town or district shall conduct an election within its limits to determine if the residents of such city, town or district wish to be included within or excluded from such zone. The results of such election shall be binding, and the cost of such election shall be borne by the city, town or district. [1961 c 153 § 4.]

86.15.050 Zones—Governing body. The board of county commissioners of each county shall be ex officio, by virtue of their office, supervisors of the zones created in each county. [1961 c 153 § 5.]

86.15.060 Administration. Administration of the affairs of zones shall be in the county engineer. The engineer may appoint such deputies and engage such employees, specialists and technicians as may be required by the zone and as are authorized by the zone's budget. Subject to the approval of the board, the engineer may organize, or reorganize as required, the zone into such departments, divisions or other administrative relationships as he deems necessary to its efficient operation. [1961 c 153 § 6.]

86.15.070 Advisory committees. The board may appoint a county-wide advisory committee, which shall consist of not more than fifteen members. The board also may appoint an advisory committee for any zone or combination of two or more zones which committees shall consist of not more than five members. Members of an advisory committee shall serve without pay and shall serve at the pleasure of the board. [1967 ex.s. c 136 § 6; 1961 c 153 § 7.]

86.15.080 General powers. A zone or participating zone may:

(1) Exercise all the powers vested in a county for flood control purposes under the provisions of chapters 86.12 and 86.13 RCW: *Provided*, That in exercising such powers, all actions shall be taken in the name of the zone and title to all property or property rights shall vest in the zone;

(2) Plan, construct, acquire, repair, maintain and operate all necessary improvements and works to control, conserve and remove flood waters;

(3) Take action necessary to protect life and property within the district from flood water damage;

(4) Control, conserve, retain, reclaim and remove flood waters and dispose of the same for beneficial or useful purposes under such terms and conditions as the board may deem appropriate, subject to the acquisition, by the board of appropriate water rights in accordance with the statutes;

(5) Acquire necessary property, property rights, facilities and equipment necessary to the purposes of the zone by purchase, gift or condemnation: *Provided*, That property of municipal corporations may not be acquired without the consent of such municipal corporation;

(6) Sue and be sued in the name of the zone;

(7) Acquire or reclaim lands when incidental to the purposes of the zone and dispose of such lands as are surplus to the needs of the zone in the manner provided for the disposal of county property in chapter 36.34 RCW;

(8) Cooperate with or join with the state of Washington, United States, another state, any agency, corporation or political subdivision of the United States or any state, Canada; or any private corporation or individual for the purposes of this chapter;

(9) Accept funds or property by loan, grant, gift or otherwise from the United States, the state of Washington, or any other public or private source;

(10) Remove debris, logs, or other material which may impede the orderly flow of waters in streams or water courses: *Provided*, That such material shall become property of the zone and may be sold for the purpose of recovering the cost of removal: *Provided further*, That valuable material or minerals removed from public lands shall remain the property of the state. [1961 c 153 § 8.]

86.15.090 Extraterritorial powers. A zone may, when necessary to protect life and property within its limits from flood water, exercise any of its powers specified in RCW 86.15.080 outside its territorial limits. [1961 c 153 § 9.]

86.15.100 Flood control improvements—Authorization. The board may authorize the construction, extension, enlargement or acquisition of necessary flood control improvements within the zone or any participating zones. Such improvements may include, but shall not be limited to the extension, enlargement, construction or acquisition of dikes and levees, drain and drainage systems, dams and reservoirs, or other flood control improvements; widening, straightening or relocating of stream or water courses; and the acquisition, extension, enlargement or construction of any works necessary for the protection of stream and water courses, channels, harbors, life and property. [1961 c 153 § 10.]

86.15.110 Flood control improvements—Initiation. Flood control improvements may be extended, enlarged, acquired or constructed by a zone pursuant to a resolution adopted by the board. Such resolution shall specify:

(1) Whether the improvement is to be extended, enlarged, acquired or constructed;

(2) That a comprehensive plan of development for flood control has been prepared for the stream or water course upon which the improvement will be enlarged, extended, acquired or constructed, and that the improvement generally contributes to the objectives of such comprehensive plan of development: *Provided*, That improvements initiated before July 1, 1965, may be undertaken without reference to a comprehensive plan: *And provided further*, That such plan shall be first submitted to the state department of conservation at least ninety days in advance of the beginning of any project of improvement; and shall be subject to all the regulatory control provisions by the state supervisor of flood control as provided in chapter 86.16 RCW;

86.18.010 Declaration of purpose. Economic development and growth of the state is dependent on the control of flood waters. The legislature declares, in the exercise of its sovereign and police powers, that the purpose of this chapter is to provide for contributions of funds for assisting political subdivisions of the state in the protection of lands from inundation; the protection of public highways; the control of storm drainage; the maintenance of stream channels and water courses; and the protection of life and property.

It is the intent of the legislature that funds be provided to political subdivisions of the state to assist in the development of those flood control improvements and projects, which cannot be reasonably and practicably financed through the normal methods of financing available to such political subdivisions. [1967 ex.s. c 136 § 1.]

86.18.020 Fund created in state treasury. There is hereby established in the state treasury a fund to be known as the flood control contribution fund. Expenditures shall be expended from this fund only in accordance with the provisions herein provided. [1967 ex.s. c 136 § 2.]

86.18.030 Conditions and limitations on expenditures and contributions from fund—Warrants. Funds shall be expended and contributions made to a political subdivision of the state from the flood control contribution fund only after:

(1) The project for which the funds are to be used has been approved by the state supervisor of flood control in accordance with the regulatory provisions of chapter 86.16 RCW.

(2) Engineering studies and plans have been made and filed with the county engineer of the county in which the project is located, or the county engineers of all counties in which the project is located, if it is located in more than one county.

(3) The estimate of cost of acquisition of necessary lands, rights of way and construction of the project or improvements, together with adequate supporting data have been completed and filed with the state supervisor of flood control.

(4) A comprehensive plan for the area involved has been completed and filed with the state supervisor of flood control.

(5) The political subdivision desiring a contribution has made an application for a contribution to the state supervisor of flood control showing the estimated cost of the project and the requested contribution.

(6) Federal funds are available for contribution for payment of a portion of the cost of the project.

The director of the department of water resources is authorized to determine when these conditions have been met and to request the proper warrant for the state's contribution. Contributions to a political subdivision for a specific project shall not exceed fifty percent of the cost of acquisition of necessary lands and rights of way, and construction of the project or works of improvement. [1967 ex.s. c 136 § 3.]

86.18.900 Construction—1967 ex.s. c 136. This legislative proposal shall be complete authority for the accomplishment of purposes hereby authorized, and shall be liberally construed to accomplish its purposes. [1967 ex.s. c 136 § 4.]

86.18.910 Severability—1967 ex.s. c 136. If any provision of this chapter, or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances is not affected. [1967 ex.s. c 136 § 5.]

Reviser's note: The language "this act", "this chapter" and words of similar import appear throughout chapter 87.03 RCW. This chapter is almost entirely comprised of the basic irrigation act of 1889-90 p 671 et. seq. as amended and as expressly added thereto by subsequent enactments. The chapter is codified in the session law order of the basic act with a few independent sections which are in pari materia being also codified herein. Many sections were added to the basic law by being expressly added to the chapter of the code or compilation in which the basic act was currently published at the time of the particular enactment. Similarly many sections have been amended by reference to the compilation number only. Some of these sections contain legislative language "this act", "this chapter", or both, which appear in the session law either as original legislative language or reenactments by the legislature of a compiler's translation. Therefore, throughout chapter 87.03 RCW such language is retained wherever it appears in the most recent session law enactment. Situations concerning effective dates of particular acts or having express restrictive application are otherwise specially noted.

Disposal of real property on abandonment of irrigation district right of way—Right of adjacent owners: RCW 57.90.100.

Local governmental organizations, actions affecting boundaries, etc., review by boundary review board: Chapter 36.93 RCW.

Plats, approval of plat within irrigation districts prohibited without provision for irrigation water right of way: RCW 58.17.310.

87.03.005 District proposed—Powers, when organized. Whenever fifty or a majority of the holders of title to, or of evidence of title to land susceptible of "irrigation" desire to organize an irrigation district for any or all of the purposes mentioned in RCW 87.03.010 and 87.03.015, they may propose the organization of an irrigation district in the manner provided herein; and when so organized, such district shall have all the powers that may now or hereafter be conferred by law. [1923 c 138 § 1; 1917 c 162 § 1; 1915 c 179 § 1; 1895 c 165 § 1; 1889-90 p 671 § 1; RRS § 7417. Formerly RCW 87.01.020, part.]

87.03.010 Certain purposes for which district may be formed. An irrigation district may be organized or maintained for any or all the following purposes:

(1) The construction or purchase of works, or parts of same, for the irrigation of lands within the operation of the district.

(2) The reconstruction, repair or improvement of existing irrigation works.

(3) The operation or maintenance of existing irrigation works.

(4) The construction, reconstruction, repair or maintenance of a system of diverting conduits from a natural source of water supply to the point of individual distribution for irrigation purposes.

(5) The execution and performance of any contract authorized by law with any department of the federal government or of the state of Washington, for reclamation and irrigation purposes.

(6) The performance of all things necessary to enable the district to exercise the powers herein granted. [1923 c 138 § 2, part; RRS § 7417-1. Formerly RCW 87.01.010.]

87.03.015 Certain powers of district enumerated. Any irrigation district, operating and maintaining an irrigation system, in addition to other powers conferred by law, shall have authority:

(1) To purchase, and sell electric power to the inhabitants of the irrigation district for the purposes of irrigation and domestic use, to acquire, construct and lease dams, canals, plants, transmission lines, and other power equipment and the necessary property and rights therefor and to operate, improve, repair and maintain the same, for the generation and transmission of electrical energy, used in the operation of pumping plants and irrigation systems of the district, and to sell the surplus of any such electrical energy over and above the requirements of the irrigation districts to municipalities, public and private corporations and individuals, on such terms and conditions as the board of directors shall determine: *Provided*, That no contract entered into by such board for the sale of electrical energy to continue for a period longer than ten years shall be binding on the district until ratified by a majority vote of the electors of the district at an election therein, called, held and canvassed for that purpose in the same manner as that provided by law for district bond elections.

(2) To construct, repair, purchase, maintain or lease a system for the sale or lease of water to the owners of irrigated lands within the district for domestic purposes.

(3) To construct, repair, purchase, lease, acquire, operate and maintain a system of drains, sanitary sewers, and sewage disposal or treatment plants as herein provided.

(4) To assume, as principal or guarantor, any indebtedness to the United States under the federal reclamation laws, on account of district lands.

(5) To maintain, repair, construct and reconstruct ditches, laterals, pipe lines and other water conduits used or to be used in carrying water for irrigation of lands located within the boundaries of a city or town where the owners of land within such city or town shall use

such irrigation works to carry water to the boundaries of such city or town for irrigation or other purposes within such city or town, and to charge to such city or town the pro rata proportion of the cost of such maintenance, repair, construction and reconstruction work in proportion to the benefits received by the lands served and located within the boundaries of such city or town, and if such cost is not paid, then and in that event said irrigation district shall have the right to prevent further water deliveries through such irrigation works to the lands located within the boundaries of such city or town until such charges have been paid.

(6) To acquire, install and maintain as a part of the irrigation district's water system the necessary water mains and fire hydrants to make water available for fire fighting purposes; and in addition any such irrigation district shall have the authority to repair, operate and maintain such hydrants and mains.

(7) To enter into contracts with another irrigation district or districts or board of control to operate and maintain for, or partially for, such district or districts or board of control, irrigation and drainage works, or portions of such works, where it is concerned with, and will be affected by, the operation and maintenance thereof.

(8) To acquire from a water district wholly within the irrigation district's boundaries, by a conveyance without cost, the water district's water system and to operate the same to provide water for the domestic use of the irrigation district residents. As a part of its acceptance of the conveyance the irrigation district must agree to relieve the water district of responsibility for maintenance and repair of the system. Any such water district is authorized to make such a conveyance if all indebtedness of the water district, except local improvement district bonds, has been paid and the conveyance has been approved by a majority of the water district's electors voting at a general or special election.

This section shall not be construed as in any manner abridging any other powers of an irrigation district conferred by law. [1967 c 206 § 1; 1965 c 141 § 1; 1943 c 57 § 1; 1941 c 143 § 1; 1933 c 31 § 1; 1923 c 138 § 2, part; RRS § 7417-2. Formerly RCW 87.01.210, part.]

District bond elections: RCW 87.03.200.

Prerequisite to furnishing water or power outside of district: RCW 87.03.115.

87.03.020 Organization of district—Petition—Bond—Notice—Hearing—Order—Notice of election. For the purpose of organizing an irrigation district, a petition, signed by the required number of holders of title or evidence of title to land within the proposed district, shall be presented to the board of county commissioners of the county in which the lands, or the greater portion thereof, are situated, which petition shall contain the following:

(1) A description of the lands to be included in the operation of the district, in legal subdivisions or fractions thereof, and the name of the county or counties in which said lands are situated.

(2) The signature and post office address of each petitioner, together with the legal description of the particular lands within the proposed district owned by said respective petitioners.

(3) A general statement of the probable source or sources of water supply and a brief outline of the plan of improvement, which may be in the alternative, contemplated by the organization of the district.

(4) A statement of the number of directors, either three or five, desired for the administration of the district and of the name by which the petitioners desire the district to be designated.

(5) Any other matter deemed material.

(6) A prayer requesting the board to take the steps necessary to organize the district.

The petition must be accompanied by a good and sufficient bond, to be approved by the board of county commissioners, in double the amount of the probable cost of organizing the district, and conditioned that the bondsmen will pay all of the cost in case such organization shall not be effected. Said petition shall be presented at a regular meeting of the said board, or at any special meeting ordered to consider and act upon said petition, and shall be published once a week, for at least two weeks (three issues) before the time at which the same is to be presented, in some newspaper of general circulation printed and published in the county where said petition is to be presented, together with a notice signed by the clerk of the board of county commissioners stating the time of the meeting at which the same will be presented. There shall also be published a notice of the hearing on said petition in a newspaper published at Olympia, Washington, to be designated by the director of the department of conservation and development from year to year, which said notice shall be published for at least two weeks (three issues) prior to the date of said meeting and shall contain the name of the county or counties and the number of each township and range in which the lands embraced within the boundaries of the proposed district are situated, also the time, place and purpose for said meeting, which said notice shall be signed by the petitioner whose name first appears upon the said petition. If any portion of the lands within said proposed district lie within another county or counties, then the said petition and notice shall be published for the time above provided in one newspaper printed and published in each of said counties. The said notice, together with a map of the district, shall also be served by registered mail at least thirty days before the said hearing upon the state director of the department of conservation and development at Olympia, Washington, who shall, at the expense of the district in case it is later organized, otherwise at the expense of the petitioners' bondsmen, make such investigation, through the division of hydraulics, of the sufficiency of the source and supply of water for the purposes of the proposed district, as he may deem necessary, and file a report of his findings, together with a statement of his costs, with the board of county commissioners at or prior to the time set for said hearing. When the petition is presented, the board of county commissioners shall hear the same, shall receive such evidence as it may deem material, and may adjourn

such hearing from time to time, not exceeding four weeks in all, and on the final hearing shall establish and define the boundaries of the district along such lines as in the judgment of the board will best reclaim the lands involved and enter an order to that effect: *Provided*, That said board shall not modify the boundaries so as to except from the operation of the district any territory within the boundaries outlined in the petition, which is susceptible of irrigation by the same system of works applicable to other lands in such proposed district and for which a water supply is available; nor shall any lands which, in the judgment of said board, will not be benefited, be included within such district; any lands included within any district, which have a partial or full water right shall be given equitable credit therefor in the apportionment of the assessments in this act provided for: *And provided further*, That any owner, whose lands are susceptible of irrigation from the same source, and in the judgment of the board it is practicable to irrigate the same by the proposed district system, shall, upon application to the board at the time of the hearing, be entitled to have such lands included in the district.

At said hearing the board shall also give the district a name and shall order that an election be held therein for the purpose of determining whether or not the district shall be organized under the provisions of this act and for the purpose of electing directors.

The clerk of the board of county commissioners shall then give notice of the election ordered to be held as aforesaid, which notice shall describe the district boundaries as established, and shall give the name by which said proposed district has been designated, and shall state the purposes and objects of said election, and shall be published once a week, for at least two weeks (three issues) prior to said election, in a newspaper of general circulation published in the county where the petition aforesaid was presented; and if any portion of said proposed district lies within another county or counties, then said notice shall be published in like manner in a newspaper within each of said counties. Said election notice shall also require the electors to cast ballots which shall contain the words "Irrigation District—Yes," and "Irrigation District—No," and also the names of persons to be voted for as directors of the district: *Provided*, That where in this act publication is required to be made in a newspaper of any county, the same may be made in a newspaper of general circulation in such county, selected by the person or body charged with making the publication and such newspaper shall be the official paper for such purpose. [1923 c 138 § 3; 1921 c 129 § 1; 1919 c 180 § 1; 1915 c 179 § 2; 1913 c 165 § 1; 1895 c 165 § 2; 1889-90 p 671 § 2; RRS § 7418. Formerly RCW 87.01.020, part, 87.01.030, 87.01.040 and 87.01.050.]

87.03.025 State lands situated in or taken into district—Procedure—Assessments, collection. The commissioner of public lands shall be served with a copy of

the petition proposing to include such lands, together with a map of the district and notice of the time and place of hearing thereon, at least thirty days before the hearing, and if he determines that such lands will be benefited by being included in the district he shall give his consent thereto in writing. If he determines that they will not be benefited he shall file with the board a statement of his objections thereto.

Any public lands of the state which are situated within the boundaries of an irrigation district, but which were not included in the district at the time of its organization, may be included after a hearing as herein provided.

Whenever the commissioner or any interested person desires to have state public lands included in an existing district, he shall file a request to that effect in writing with the district board, which shall thereupon fix a time and place for hearing the request and post notice thereof in three public conspicuous places in the district, one of which shall be at the place of hearing, at least twenty days before the hearing, and send by registered mail a copy of the notice to the commissioner. The notice shall describe the lands to be included and direct all persons objecting to such inclusion to appear at the time and place stated and present their objections. At the hearing the district board shall consider all objections and may adjourn to a later date, and by resolution determine the matter, and its determination shall be final: *Provided*, That no such lands shall be included in a district without the written consent of the commissioner of public lands.

Any public lands of the state situated in any irrigation district shall be subject to the provisions of the laws of this state relating to the collection of irrigation district assessments to the same extent and in the same manner in which lands of like character held under private ownership are subject thereto, but collection and payment of the assessments shall be governed solely by the provisions of chapter 79.44 RCW. [1963 c 20 § 13; 1951 2nd ex.s. c 15 § 1; 1951 c 212 § 1; 1923 c 138 § 4; 1921 c 129 § 2; 1919 c 180 § 2; RRS § 7419. Formerly RCW 87.01.060.]

[1961 c 105 § 2. Formerly RCW 87.01.096.]

87.03.032 Absentee voting—Notice of election, contents—Ballot and form of certificate of qualifications to be furnished. The notice of election shall conform to the requirements for election notices provided by Title 87 RCW for the election being held, and shall specify in addition that any qualified district elector who certifies that he cannot conveniently be present at his proper election precinct on the day of election may vote by absentee ballot, and that a ballot and form of certificate of qualifications will be furnished to him on written request being made of the district's secretary. The requisite ballot and a form of certificate of qualifications shall be furnished by the district's secretary to any person who prior to the date of election makes written request therefor, stating that he is a qualified district elector. (2) The form of statement of qualifications and its certification shall be substantially as prescribed by the district's board of directors. This form may also provide

the highest number of votes to be duly elected directors, and shall cause a certified copy of the order to be filed for record in the offices of the auditor and assessor of each county in which any portion of the district is situated. From the date of the filing the organization of the district shall be complete and the directors may, upon qualifying, enter immediately upon the duties of their office, and shall hold office until their successors are elected and qualified. Upon filing the order, the county assessor shall write the name of the district on the permanent tax roll in a column provided for that purpose opposite each description of land in the district. Such column shall be carried forward each year on the current tax roll. In the event of a change in the boundaries of a district, the assessor shall note it in the column upon the tax roll. A majority of the directors shall be residents of the county or counties in which the district is situated and all shall be electors of the district. The notice shall be signed by the secretary, and shall state the filing of the petition, describe the exception in voting rights to be made, state the prayer of the petition, and shall notify all persons affected to appear at the time and place named in the notice, and show cause in writing why the exception in voting rights should not be granted. [1955 c 57 § 6. Formerly RCW 87.01.092.]

87.03.060 Qualification in district less than two hundred thousand acres—Hearing—Failure to show cause—Order. At the hearing or at such other time to which the hearing may be adjourned, the board shall hear the petition and any objections thereto. Failure to show cause shall be deemed as an assent to the petition. If the board deems it not for the best interests of the district to grant the petition, it shall order the petition rejected. But if it deems it for the best interests of the district that the petition be granted, and if no person affected shows cause in writing why the petition should not be granted, or if having shown cause withdraws the same, the board shall enter an order providing that the holders of title or evidence of title to land platted or subdivided into residence or business lots and not being used for agricultural or horticultural purposes shall not be entitled to vote in district elections. [1955 c 57 § 7. Formerly RCW 87.01.093.]

87.03.065 Qualification in district less than two hundred thousand acres—Election—Notice. If any person affected shall show cause as aforesaid why the petition should not be granted and shall not withdraw the same, and if the board nevertheless deems it for the best interests of the district that the petition be granted, the board shall adopt a resolution to that effect. Upon the adoption of the resolution, the board shall order an election held within the district on whether an order should be entered providing that the holders of title or evidence of title to land platted or subdivided into residence or business lots and not being used for agricultural or horticultural purposes shall not be entitled to vote in district elections, and shall fix the time thereof and cause notice to be published. The notice shall be given and the election conducted in the manner as for special elections on a bond issue of the district. A copy of the order certified by the president and secretary of the board shall be filed with the auditor of each county in which any of the lands of the district are situated, and thereupon the exception in voting rights shall be complete and effective. [1955 c 57 § 9. Formerly RCW 87.01.0945.]

than twenty days before the day of election. If, after the expiration of the date for filing petitions of nomination, it appears that only one qualified candidate has been nominated thereby for each position to be filled it shall not be necessary to hold an election, and the board of directors shall within fifteen days after expiration of the date for filing petitions of nomination declare such candidate elected as director. The secretary shall immediately make and deliver to such person a certificate of election signed by him and bearing the seal of the district. The procedure set forth in this paragraph shall not apply to any other irrigation district elections. [1963 c 68 § 1; 1961 c 105 § 1; 1941 c 171 § 2; Rem. Supp. 1941 § 7420-1. In the event the electors by a majority of the votes cast favor an increase in the number of directors, there shall be elected at the next annual district election two additional directors. The person receiving the highest number of votes shall serve for a three year term and the next highest, a two year term.

The number of directors may be decreased to five or three, as the case may be, substantially in the same manner as that provided for the increase of directors. A director appointed to fill a vacancy occurring after the expiration of the term of a director shall serve until his successor is elected and qualified. At the next election of directors occurring thirty days or more after the appointment, a successor shall be elected who shall take office on the first Tuesday in January next and shall serve for the term for which he was elected.

And the court may, on the motion of any party, consolidate into a single action separate suits for the condemnation of rights-of-way for such irrigation works whenever from motives of economy or the expediting of business it appears desirable so to do: *Provided further*, That there shall be a separate finding of the court or jury as to each tract held in separate ownership.

In any condemnation proceeding brought under the provisions of this act to acquire canals, laterals and ditches and rights-of-way therefor, sites, reservoirs, power plants and pumping plants and sites therefor, power canals, transmission lines, electrical equipment and any other property, and if the owner or owners thereof or their predecessors shall have issued contracts

or deeds agreeing to deliver to the holders of said contracts or deeds water for irrigation purposes, or authorizing the holders thereof to take or receive water for irrigation purposes from any portion of said property or works, and if the delivery of said water or the right to take or receive the same shall in any manner constitute a charge upon, or a right in the property and works sought to be acquired, or any portion thereof, the district shall be authorized to institute and maintain said condemnation proceedings for the purpose of acquiring said property and works, and the interest of the owners therein subject to the rights of the holders of such contracts or deeds, and the court or jury making the award shall determine and award to such owner or owners the value of the interest to be so appropriated in said condemnation proceedings. 87.03.200 Bonds—Election for—Form and contents—Cancellation—Sale and issue—Reissue—Election concerning contract with United States. At such election shall be submitted to the electors of said district possessing the qualifications prescribed by law the question of whether or not the bonds of said district in the amount and of the maturities determined by the board of directors shall be issued. Bonds issued under the provisions of this act shall be serial bonds payable in legal currency of the United States in such series and amounts as shall be determined and declared by the board of directors in the resolution calling the

election: *Provided*, That the first series shall mature not later than ten years and the last series not later than forty years from the date thereof: *Provided further*, That bonds, authorized by a special election held in the district under the provisions of a former statute, which has subsequent to said authorization been amended, but not issued prior to the amendment of said former statute, may be issued in the form provided in said former statute, and any such bonds heretofore or hereafter so issued and sold are hereby confirmed and validated.

Notice of such bond election must be given by publication of such notice in some newspaper published in the county where the office of the board of directors of such district is required to be kept, once a week for at least two weeks (three times). Such notices must specify the time of holding the election, and the amount and maturities of bonds proposed to be issued; and said election must be held and the results thereof determined and declared in all respects as nearly as practicable in conformity with the provisions of law governing the election of the district officers: *Provided*, That no informality in conducting such election shall invalidate the same, if the election shall have been otherwise fairly conducted. At such election the ballots shall contain the words "Bonds Yes" and "Bonds No," or words equivalent thereto. If a majority of the votes cast are cast "Bonds Yes," the board of directors shall thereupon have authority to cause bonds in said amount and maturities to be issued. If the majority of the votes cast at any bond election are "Bonds No," the result of such election shall be so declared and entered of record; but if contract is made or is to be made with the United States as in RCW 87.03.140 provided, and bonds are not to be deposited with the United States in connection with such contract, the question submitted at such special election shall be whether contract shall be entered into with the United States. The notice of election shall state under the terms of what act or acts of congress contract is proposed to be made, and the maximum amount of money payable to the United States for construction purposes exclusive of penalties and interest. The ballots for such election shall contain the words "Contract with the United States Yes" and "Contract with the United States No," or words equivalent thereto. And whenever thereafter said board, in its judgment, deems it for the best interest of the district that the question of issuance of bonds for said amount, or any amount, or the question of entering into a contract with the United States, shall be submitted to said electors, it shall so declare, by resolution recorded in its minutes, and may thereupon submit such question to said electors in the same manner and with like effect as at such previous election. All bonds issued under this act shall bear interest at such rate or rates as the board of directors may determine, payable semiannually on the first day of January and of July of each year. The principal and interest shall be payable at the office of the county treasurer of the county in which the office of the board of directors is situated, or if the board of directors shall so determine at the fiscal agency of the state of Washington in New York City, said place of payment to be designated in the bond. Said bonds shall

be each of the denomination of not less than one hundred nor more than one thousand dollars; shall be negotiable in form, signed by the president and secretary, and the seal of the district shall be affixed thereto. The county treasurer shall register said bonds before the issuance thereof in a book kept for that purpose, and shall certify on each thereof under his seal that it has been so registered, and that the signatures thereon are the genuine signatures of the president and secretary respectively and that the seal attached is the seal of the district. Whenever the electors shall vote to authorize the issuance of bonds of the district such authorization shall nullify and cancel all unsold bonds previously authorized, and if the question is submitted to and carried by the electors at the bond election, any bond issue may be exchanged in whole or in part, at par, for any or all of a valid outstanding bond issue of the district when mutually agreeable to the owner or owners thereof and the district, and the amount of said last bond issue in excess, if any, of that required for exchange purposes, may be sold as in the case of an original issue. The bonds of any issue authorized to be exchanged in whole or in part for outstanding bonds shall state on their face the amount of such issue so exchanged, and shall contain a certificate of the treasurer of the district as to the amount of the bonds exchanged, and that said outstanding bonds have been surrendered and canceled: *Provided further*, That where bonds have been authorized and unsold, the board of directors may submit to the qualified voters of the district the question of canceling said previous authorization, which question shall be submitted upon the same notice and under the same regulations as govern the submission of the original question of authorizing a bond issue. At such election the ballots shall contain the words "Cancellation Yes," and "Cancellation No," or words equivalent thereto. If at such election a majority of the votes shall be "Cancellation Yes," the said issue shall be thereby canceled and no bonds may be issued thereunder. If the majority of said ballots shall be "Cancellation No," said original authorization shall continue in force with like effect as though said cancellation election had not been held: *Provided*, That bonds deposited with the United States in payment or in pledge may call for the payment of such interest at such rate or rates, may be of such denominations, and call for the repayment of the principal at such times as may be agreed upon between the board and the secretary of the interior.

Each issue shall be numbered consecutively as issued, and the bonds of each issue shall be numbered consecutively and bear date at the time of their issue. Coupons for the interest shall be attached to each bond, signed by the president of the board and the secretary. The signatures of the president and secretary may, however, appear by lithographic facsimile. Said bonds shall express upon their face that they were issued by authority of this act, stating its title and date of approval, and shall also state the number of issue of which such bonds are a part. The secretary shall keep a record of bonds sold, their number, the date of sale, the price received and the name of the purchaser. In case the money received by the sale of all bonds issued be insufficient for

the completion of plans of the canals and works adopted, and additional bonds be not voted, or a contract calling for additional payment to the United States be not authorized and made, as the case may be, it shall be the duty of the board of directors to provide for the completion of said plans by levy of assessments therefor. It shall be lawful for any irrigation districts which have heretofore issued and sold bonds under the law then in force, to issue in place thereof an amount of bonds not in excess of such previous issue, and to sell the same, or any part thereof, as hereinafter provided, or exchange the same, or any part thereof, with the holders of such previously issued bonds which may be outstanding, upon such terms as may be agreed upon between the board of directors of the district and the holders of such outstanding bonds: *Provided*, That the question of such reissue of bonds shall have been previously voted upon favorably by the legally qualified electors of such district, in the same manner as required for the issue of original bonds, and the said board shall not exchange any such bonds for a less amount in par value of the bonds received; all of such old issue in place of which new bonds are issued shall be destroyed whenever lawfully in possession of said board. Bonds issued under the provisions of this section may, when so authorized by the electors, include a sum sufficient to pay the interest thereon for a period not exceeding the first four years. Whenever an issue of bonds shall have been authorized pursuant to law, and any of the earlier series shall have been sold, and the later series, or a portion thereof, remain unsold, the directors may sell such later series pursuant to law, or such portion thereof as shall be necessary to pay the earlier series, or said directors may exchange said later series for the earlier series at not less than the par value thereof, said sale or exchange to be made not more than six months before the maturity of said earlier series and upon said exchange being made the maturing bonds shall be disposed of as hereinbefore provided in the case of bonds authorized to be exchanged in whole or in part for outstanding bonds. The board of directors shall also have power to sell said bonds, or any portion thereof, at private sale, and accept in payment therefor, property or property rights, labor and material necessary for the construction of its proposed canals or irrigation works, power plants, power sites and lines in connection therewith, whenever the board deems it for the best interests of the district so to do. If the board shall determine to sell the bonds of the district, or any portion thereof, at public sale, the secretary shall publish a notice of such sale for at least three weeks in such newspaper or newspapers as the board may order. The notice shall state that sealed proposals will be received by the board, at its office, for the purchase of the bonds to be sold, until the day and hour named in the notice. At the time named in the notice, the board shall open the proposals and award the purchase of the bonds to the highest responsible bidder and may reject all bids: *Provided*, That such bonds shall not be sold for less than ninety percent of their face value: *And provided, further*, That the proceeds of all bonds sold for cash must be paid by the purchaser to the county treasurer of the county in which the office of the board is located, and credited to the bond fund. Assessment roll. Assessments made in order to carry out the purpose of this act shall be made in proportion to the benefits accruing to the lands assessed and equitable credit shall be given to the lands having a partial or full water right: *Provided*, That nothing herein shall be construed to affect or impair the obligation of any existing contract providing for a water supply to lands so assessed, unless the right under such contract shall first have been acquired by said district, and in acquiring such rights, the district may exercise the right of eminent domain.

The secretary must between the first Monday in March and the first Tuesday in November each year prepare an assessment roll with appropriate headings in which must be listed all the lands within the district. In such book must be specified, in separate columns, under the appropriate headings:

First, the name of the person to whom the property is assessed. If the name is not known to the secretary, the property shall be assessed to "unknown owners".

Second, land by township, range and section or fractional section, and when such land is not a legal subdivision, by metes and bounds, or other description sufficient to identify it, giving an estimate of the number of acres, city and town lots, naming the city or town, and the number and block according to the system of numbering in such city or town.

Assessors' plat tax numbers used by county assessors for general state and county taxes in the county where such land is situate may be used for such identification in such assessment roll.

Third, in further columns with appropriate headings shall be specified the ratio of benefits, or, when deemed by the secretary more practicable, the per acre value, or the amount of benefits, for general and special district and local improvement district purposes, and the total amount assessed against each tract of land.

Any property which may have escaped assessment for any year or years, shall in addition to the assessment for the then current year, be assessed for such year or years with the same effect and with the same penalties as are provided for such current year and any property delinquent in any year may be directly assessed during the current year for any expenses caused the district on account of such delinquency.

Where the district embraces lands lying in more than one county the assessment roll shall be so arranged that the lands lying in each county shall be segregated and

grouped according to the county in which the same are situated. [1933 c 43 § 3; 1921 c 129 § 11; 1919 c 180 § 7; 1917 c 162 § 4; 1915 c 179 § 10; 1913 c 165 § 9; 1895 c 165 § 8; 1889–90 p 681 § 18; RRS § 7436. Formerly RCW 87.32.010, part and 87.32.020.]

Similar levy and assessment shall be made for the expense fund which shall include operation and maintenance costs for the ensuing year. The board shall also at the time of making the annual levy, estimate the amount of all probable delinquencies on said levy and shall thereupon levy a sufficient amount to cover the same and a further amount sufficient to cover any deficit that may have resulted from delinquent assessments for any preceding year. The board shall also, at the time of making the annual levy, estimate the amount of the assessments to be made against lands owned by the district, including local improvement assessments, and shall levy a sufficient amount to pay said assessments. The board may also at the time of making the said annual levy, levy an amount not to exceed twenty-five percent of the whole levy for the said year for the purpose of creating a surplus fund. This fund may be used for any of the district purposes authorized by law. The assessments, when collected by the county treasurer, shall constitute a special fund, or funds, as the case may be, to be called respectively, the "Bond Fund of ----- Irrigation District," the "Contract Fund of ----- Irrigation District," the "Expense Fund of ----- Irrigation District," the "Coupon Warrant Fund of ----- Irrigation District," the "Surplus Fund of ----- Irrigation District".

One-half of all assessments on said roll shall become delinquent on the first day of June following the filing of the roll unless said one-half is paid on or before the thirty-first day of May of said year, and the remaining one-half shall become delinquent on the first day of December following, unless said one-half is paid on or before the thirtieth day of November. All delinquent assessments shall bear interest at the rate of ten percent per annum from the date of delinquency until paid.

Within twenty days after the filing of the assessment roll as aforesaid the respective county treasurers shall each publish a notice in a newspaper published in their respective counties in which any portion of the district may lie, that said assessments are due and payable at the office of the county treasurer of the county in which said land is located and will become delinquent unless paid as herein provided. Said notice shall state the dates of delinquency as fixed in this act¹ and the rate of interest charged thereon and shall be published once a week for four successive weeks.

Proper space shall be left in said book for the entry therein of all subsequent proceedings relating to the payment and collection of said assessments.

Upon payment of any assessment the county treasurer must enter the date of said payment in said assessment book opposite the description of the land and the name of the person paying and give a receipt to such person specifying the amount of the assessment and the amount paid with the description of the property assessed. It shall be the duty of the county treasurer of the county in which any land in the district is located to furnish upon request of the owner, or any person interested, a statement showing any and all assessments levied as shown by the assessment roll in his office upon land described in such request, and all statements of general taxes covering any land in the district shall be accompanied by a statement showing the condition of irrigation district assessments against such lands: *Provided*, That the failure of the county treasurer to render any statement herein required of him shall not render invalid any assessments made by any irrigation district or proceedings had for the enforcement and collection of irrigation district assessments pursuant to this act.³

It shall be the duty of the county treasurer of any county, other than the county in which the office of the board of directors is located, to make monthly remittances to the county treasurer of the county in which the office of the board of directors is located covering all amounts collected by him for the irrigation district during the preceding month.

The provision of this act¹ with respect to delinquency and interest to be charged shall apply to all assessments now delinquent as well as to all assessments becoming delinquent hereafter, and it shall be the duty of the respective county treasurers to collect interest at said rate of ten percent per annum without regard to the date of levy or delinquency: *Provided*, That upon redemption from any certificate of sale other than certificates of sale held by an irrigation district the county treasurer shall collect interest at the rate prescribed in such certificate of sale.

87.03.325 District as purchaser—Rights—
Reconveyance. A district may assign or transfer the certificate of sale upon the payment of the amount which would be due if redemption were made. If no redemption is made of land for which a district holds a certificate of purchase, the district may receive the treasurer's deed therefor. The district may lease from year to year with the right to include an option to purchase, sell on contract on deferred payments, or sell for cash and convey the lands so acquired, by deed executed by the president and secretary of the board and acknowledged by the president. Authority to lease, option, sell, or convey shall be by resolution of the board entered on its minutes, fixing the price at which the option may be granted or sale may be made, which price shall be not less than the reasonable market value of the property.

The board may without consideration, dedicate, grant, or convey district land or easements therein for highway or public utility purposes conveniencing the inhabitants of the district when it deems such action will enhance the value of the remaining district land to an extent equal to or greater than the value of the interest or easement dedicated, granted or conveyed, and may upon resolution, without consideration, issue quitclaim deeds to clear title to land sold under foreclosure.

When land is deeded to the district and if title remains vested in the district and the board believes the sale resulted from unavoidable accident, inadvertence, or misfortune, and without intent on the part of the person entitled to make redemption to permit the assessment to become delinquent and the land to be sold, it may reconvey to the person entitled to redemption within one year after deed is issued, upon the payment of the amount stated in the certificate of sale with interest

thereon at ten percent per year from the date of sale, and one dollar for the deed, and all subsequent assessments with interest. [1955 c 58 § 3. The certificate shall be signed by the treasurer and one copy delivered to the purchaser, and the other filed in his office. Upon the sale of a tract of one acre or less the fee for a duplicate certificate shall be twenty-five cents and in case of a sale to a person or a district of more than one tract of land, the several tracts may be included in one certificate. Such book must be open to public inspection without fee during office hours, when not in actual use.

On filing the certificate of sale as provided in the preceding paragraph the lien of the assessment vests in the purchaser and is only divested by the payment to the county treasurer making the sale of the purchase money and interest at the rate of ten percent per annum from the day of sale until redemption for the use of the purchaser. open and notorious possession of any person or corporation, and then except only as to the interest claimed by such person so in possession: *Provided*, That the possession required under the provisions of *this act shall be construed to be that by personal occupancy only, and not merely by representation or in contemplation of the law, and personal service of summons and notice hereinafter provided for, upon one in personal possession of land involved, shall be conclusive upon any principal, if any, he may represent in such occupancy. No person, firm or corporation claiming an interest in or to such lands need be specifically named in the summons and notice, except as in *this act provided, and no pleadings other than the summons and notice and the written statements of those claiming a right, title and interest in and to the property involved shall be required.

Said summons and notice shall also summon all persons, firms and corporations claiming any right, title and interest in and to said described real property to appear within sixty days after the date of the first publication, specifying the day and year thereof, and state in writing

87.03.445 Construction and operating funds—Tolls and assessments. The cost and expense of purchasing and acquiring property, and construction, reconstruction,

extension and betterment of the works and improvements herein provided for, and the expenses incidental thereto, and indebtedness to the United States for district lands assumed by the district, and for the carrying out of the purposes of this chapter, may be paid for by the board of directors out of the funds received from bond sales. For the purpose of defraying the expenses of the organization of the district, and of the care, operation, management, repair and improvement of the district irrigation, domestic water, electrical, or telephone system and appliances or of any portion thereof, or for the payment of any indebtedness due the United States or the state of Washington, the board may either fix rates or tolls and charges, and collect the same from all persons for whom district service is made available for irrigation, domestic water, electric energy, and other purposes, or they may provide for the payment of said costs and expenses by a levy of assessment therefor, or by both said tolls and assessment; if by the latter method, such levy shall be made on the completion and equalization of the assessment roll each year, and the board shall have the same powers and functions for the purpose of said levy as possessed by it in case of levy to pay bonds of the district. The procedure for the collection of assessments by such levy shall in all respects conform with the provisions of this chapter, relating to the payment of principal and interest of bonds herein provided for, and shall be made at the same time. If the toll and charge method is adopted in whole or in part the secretary shall deliver to the board of directors, within the time for filing the assessment roll, a schedule containing the names of the persons to whom the toll is to be charged or to whom the property is assessed, the description of the various parcels of land against which tolls and charges are to be levied and the amount to be charged against each parcel for irrigation and other public uses. Said schedule of charges shall be equalized pursuant to the same notice, in the same manner, at the same time and with the same legal effect as in the case of assessments. Such schedule of tolls for a given year shall be filed with the proper county treasurer within the same time as that provided by law for the filing of the annual assessment roll, and the county treasurer shall collect and receipt for the payment of said tolls and credit them to the proper funds of the district. The board may designate the time and manner of making such collections and shall require the same to be paid in advance of delivery of water and other service and may accept short term interest bearing notes with or without collateral in their discretion for any portion of such charges. The board may also base such charges upon the quantity of water to be delivered and may fix a minimum charge to be paid by each acre of land within the district which shall represent the delivery of a stated quantity of water in acre feet with the graduated charge for each additional acre-foot of water delivered. The board may in the same year use the assessment method for part of the lands in the district and the toll and charges method for the remaining lands in the district in such proportion as it may deem advisable for the best interest of the district.

All tolls and charges levied shall also at once become and constitute an assessment upon and against the lands for which they are levied, with the same force and effect, and the same manner of enforcement, and with the same rate of interest from date of delinquency, in case of non-payment, as other district assessments. Notice—Hearing—Initiation by board, procedure.
In the event that the said board shall approve said petition, the board shall fix a time and place for the hearing thereof and shall publish a notice once a week for two consecutive weeks preceding the date of such hearing and the last publication shall not be more than seven days before such date. Such notice must be published in a newspaper of general circulation in each county in which any portion of the land proposed to be included in such local improvement district lies. Such notice shall state that the lands within said described boundaries are proposed to be organized as a local improvement district, stating generally the nature of the proposed improvement; that bonds for such local improvement district are proposed to be issued as the bonds of the irrigation district, or that a contract is proposed to be entered into between the district and the United States or the state of Washington, or both, that the lands within said local improvement district are to be assessed for such improvement and stating a time and place of hearing thereon. At the time and place of hearing named in said notice, all persons interested may appear before the board and show cause for or against the formation of the proposed improvement district and the issuance of bonds or the entering into of a contract as aforesaid. Upon the

hearing the board shall determine as to the establishment of the proposed local improvement district. Any landowner whose lands can be served or will be benefited by the proposed improvement, may make application to the board at the time of hearing to include such land and the board of directors in such cases shall, at its discretion, include such lands within such district. The board of directors may exclude any land specified in said notice from said district provided, that in the judgment of the board, the inclusion thereof will not be practicable.

As an alternative plan and subject to all of the provisions of this chapter, the board of directors may initiate the organization of a local improvement district as herein provided. To so organize a local improvement district the board shall adopt and record in its minutes a resolution specifying the lands proposed to be included in such local improvement district or by describing the exterior boundaries of such proposed district or by both. Said resolution shall state generally the plan, character and extent of the proposed improvements, that the land proposed to be included in such improvement district will be assessed for such improvements; that coupon bonds of the irrigation district will be issued or a contract entered into as hereinabove in this section provided to meet the cost thereof and that such bonds or contract will be a primary obligation of such local improvement district and a general obligation of the irrigation district. Said resolution shall fix a time and place of hearing thereon and shall state that unless a majority of the holders of title or of evidence of title to lands within the proposed local improvement district file their written protest at or before said hearing, consent to the improvement will be implied.

A notice containing a copy of said resolution must be published once a week for two consecutive weeks preceding the date of such hearing and the last publication shall not be more than seven days before such date and the hearing thereon shall not be held in less than twenty days from the adoption of such resolution. Such notice must be published in one newspaper, of general circulation, in each county in which any portion of the land proposed to be included in such local improvement district lies. Said hearing shall be held and all subsequent proceedings conducted in accordance with the provisions of this act relating to the organization of local improvement districts initiated upon petition. The cost of said improvement shall be provided for by the issuance of local improvement district coupon bonds of the district from time to time, therefor, either directly

for the payment of the labor and material or for the securing of funds for such purpose, or by the irrigation district entering into a contract with the United States or the state of Washington, or both, to repay the cost of said improvement. Said bonds shall bear interest at a rate not to exceed eight percent per annum, payable semiannually, evidenced by coupons, and shall state upon their face that they are issued as bonds of the irrigation district; that all lands within said local improvement district shall be primarily liable to assessment for the principal and interest of said bonds and that said bonds are also a general obligation of the said district. No bonds shall be issued in denomination exceeding one thousand dollars and no bond shall be sold for less than par. Any contract entered into for said local improvement by the district with the United States or the state of Washington, or both although all the lands within said local improvement district shall be primarily liable to assessment for the principal and interest thereon, shall be a general obligation of the irrigation district.

No election shall be necessary to authorize the issuance of such local improvement bonds or the entering into of such a contract. Such bonds, when issued, shall be signed by the president and secretary of the irrigation district with the seal of said district affixed and shall be registered by the treasurer of the irrigation district with his seal affixed.

The proceeds from the sale of such bonds shall be deposited with the treasurer of the district, who shall place them in a special fund designated "Construction fund of local improvement district number ____."

Whenever such improvement district has been organized, the boundaries thereof may be enlarged to include other lands which can be served or will be benefited by the proposed improvement upon petition of the owners thereof and the consent of the United States or the state of Washington, or both, in the event the irrigation district has contracted with the United States or the state of Washington, or both, to repay the cost of the improvement: *Provided*, That at such time the lands so included shall pay their equitable proportion upon the basis of benefits of the improvement theretofore made by the said local improvement district and shall be liable for the indebtedness of the said local improvement district in the same proportion and same manner and subject to assessment as if said lands had been incorporated in said improvement district at the beginning of its organization. Assessments when collected by the county treasurer for the payment for the improvement of any local improvement district shall constitute a special fund to be called "bond redemption or contract repayment fund of local improvement district No. ____."

Bonds issued under *this chapter shall be eligible for disposal to and purchase by the director of the department of conservation and development under the provisions of the state reclamation act.

The cost or any unpaid portion thereof, of any such improvement, charged or to be charged or assessed against any tract of land may be paid in one payment under and pursuant to such rules as the board of directors may adopt, and all such amounts shall be paid over to the county treasurer who shall place the same in the appropriate fund. No such payment shall thereby release such tract from liability to assessment for deficiencies or delinquencies of the levies in such improvement district until all of the bonds or the contract, both principal and interest, issued or entered into for such local improvement district have been paid in full. The receipt given for any such payment shall have the foregoing provision printed thereon. The amount so paid shall be included on the annual assessment roll for the current year, provided, such roll has not then been delivered to the treasurer, with an appropriate notation by the secretary that the amount has been paid. The determination of the amount charged or to be charged or assessed against any tract of land may be appealed by the owner of said tract from the decision of the board of directors to the superior court of the county in which the property is located at any time within twenty days from the date of the passage of a resolution by the board of directors with reference thereto: *Provided, however,* That in the event said irrigation district shall have borrowed or have an application on file for the borrowing of money from the reconstruction finance corporation, or its successor, or has entered into a contract with the United States or the state of Washington, or both, then in that event before any such reassessment shall be made it shall first receive the approval of said reconstruction finance corporation, or its successor or the United States or the state of Washington, or both, as the case may be. The resolution shall describe such lands so that the boundaries can readily be traced, or shall give the corporate name and number of the former district. The holders of such outstanding bonds may give their assent, in writing, to the effect that they severally consent that the board may make an order by which the lands, or the former district, mentioned in the resolution may be excluded from the district, and in case contract has been made with the United States, or the state of Washington, the secretary of the interior, or the state reclamation board, or the director of conservation and development may assent to such change. The assent must be acknowledged by the several holders of such bonds in the same manner and form as is required in case of a conveyance of land, and the acknowledgment shall have the same force and effect, as evidence, as the acknowledgment of such conveyance. The notice of such election shall describe the boundary of all lands, or shall give the corporate name and number of the former district, which it is proposed to exclude, and such notice shall be published for at least two weeks prior to such election, in a newspaper published within the county where the office of the board of directors is situated; and if any portion of such territory to be excluded lie within another county or counties, then said notice shall be so published in a newspaper published within each of such counties. If the number of directors is changed for a district which is divided into director divisions or new lands outside of existing director divisions are included into a district but cannot be added to director divisions as provided in RCW 87.04.055 due to geographic limitations, a petition for redivision or addition shall be filed with the board of county commissioners by the directors of the district and all proceedings thereon shall be conducted in the manner as provided in RCW 87.04.060 and 87.04.070: *Provided*, That even if objections are filed at the hearing on said petition, no election shall be held but the board of county commissioners shall make such division or addition that they determine to be fair and equitable to the electors of the district. [1967 c 205 § 1; 1961 c 192 § 5; 1939 c 13 § 7; RRS § 7505-5g.]

87.04.055 Procedure for adding land to director divisions when new land included in district. When land located outside existing director divisions is included in an irrigation district such land shall thereby be added to the nearest director division, except that where added lands are adjacent to two or more director divisions, the common boundary lines between the divisions shall be extended in a straight line so as to include the new lands in such divisions: *Provided*, That where the provisions of this section cannot be applied due to geographic limitations, the procedures provided for in RCW 87.04.050 shall apply. [1967 c 205 § 2.]

87.04.060 Time for hearing on petition—Notice, contents. Upon the filing of the petition the board of county commissioners shall fix a time and place for hearing thereon, which shall be not less than thirty days nor more than forty-five days from the date of filing, and shall cause notice thereof, stating the time, place, and general purpose of the hearing, to be published in a newspaper of general circulation in each county in which any of the lands of the district are situated, in at least three consecutive weekly issues; if there is no such newspaper published in a county, then in a newspaper of general circulation therein, designated by the county commissioner. The notice shall state the filing of the petition and its prayer, but need not describe with particularity the boundaries of the divisions recommended in the petition, and shall notify all electors of the district to appear at the time and place named in the notice to show cause, if any they have, why the district should not be divided or redivided into director divisions. [1961 c 192 § 6; 1939 c 13 § 5; RRS § 7505-5e.]

Official paper for publication: RCW 87.03.020.

87.04.070 Hearing—Order of denial or rejection—Election to divide or redivide. At the hearing or adjournments thereof, which shall not be for more than sixty days in all, the board of county commissioners shall consider the petition and shall hear electors of the district for or against the division or redivision of director divisions and recommendations for the manner in which division should be made. If the board deems it against the best interests of the district to divide the district into director divisions or to redivide existing divisions, it shall order the petition rejected, but if it deems it for the best interests of the district that the petition be granted, and if no elector of the district files cause in writing at said hearing why the petition should not be granted, or if having filed said cause in writing withdraws the same, the board shall enter an order dividing or redividing the district into the same number of director divisions as there are directors of the district, and designating the divisions and describing the boundaries thereof. The division to be made shall be such as the commissioners consider fair and equitable to the electors of the district. A copy of the commissioners' order shall be filed for record, without charge, with the auditor of each county in which any part of the district is situated, and thereafter the directors shall be elected or appointed as provided in this chapter. If any elector shall appear in person at said hearing and shall file cause in writing as

aforesaid why the petition should not be granted and shall not withdraw the same, and if the board nevertheless deems it for the best interests of the district that the petition be granted, the board shall adopt a resolution to that effect and shall order an election held within the district on whether the district should be divided into director divisions or its existing director divisions be redivided, and shall fix the time thereof and cause notice to be published. The notice shall be given and the election conducted in the manner as for special elections on a bond issue of the district. The notice shall state the general plan of division or redivision but need not describe with particularity the boundaries of the proposed division or redivision. Such boundaries shall be described on the ballot. If the majority of votes cast at the election are in favor of dividing or redividing the district into director divisions, the board of county commissioners shall enter an order dividing or redividing the district into the same number of director divisions as there are directors of the district, and designating the divisions and designating the boundaries thereof. If a majority of the votes cast are against division or redivision into director districts, the board shall order the petition denied. [1961 c 192 § 7; 1939 c 13 § 6; RRS § 7505-5f.]

87.04.080 Election of directors—Terms. At the next general election of directors of a district which has been divided into director divisions, the electors of the first division shall select the director then to be elected on the board, and if more than one director is to be selected, the second division shall select one, and so on in numerical order, until, as the terms of incumbent directors expire, all the divisions are represented on the board, and thereafter directors shall be elected from the divisions in rotation, as their respective terms of office expire: *Provided*, That if following the numerical order of director divisions will result in any year in one division having more than one director and one division having no director, then the numerical order of the divisions shall not be followed for the year or years in question but the electors of the next highest numbered division without representation on the board of directors shall select the director then to be elected on the board. If such a district is organized but has not yet held an annual election of officers, it shall, at its next annual election, select directors for three, two and one-year terms respectively, and if the district is managed by a board of three directors, the first division shall select a director for the three-year term, the second division shall select one for the two-year term, and the third division shall select one for the one-year term, and thereafter their successors shall be elected for three-year terms, respectively. If the district has five directors, the first and second divisions shall each select a director for the three-year term, the third and fourth divisions shall each select one for the two-year term, and the fifth division shall select one for the one-year term, and thereafter their successors shall be elected for three-year terms respectively. If the district has seven directors, the first, second and third divisions shall each select a director for the three-year term, the fourth and fifth divisions shall

each select a director for the two-year term, and the sixth and seventh divisions shall each select a director for the one-year term, and thereafter their successors shall be elected for three-year terms respectively. [1961 c 192 § 8; 1939 c 13 § 8; RRS § 7505-5h.]

[1961 c 192 § 10; 1939 c 13 § 10; RRS § 7505-5j.]

Assessments: RCW 87.03.240-87.03.305.

87.04.900 Chapter supplemental to other laws—General repealer. This chapter is intended, and shall be construed, to be supplemental to and shall become a part of the law relating to irrigation districts, and any act or part of the same inconsistent or in conflict with the provisions of this act or any part thereof are hereby repealed. [1961 c 192 § 11; 1939 c 13 § 11; RRS § 7505-5k.]

87.04.910 Severability—1939 c 13. Each section and provision of this chapter shall be considered separable from every other section and provision of the chapter, and should any section or provision thereof be held unconstitutional, the unconstitutionality of such section or provision shall not affect or impair the validity of the remainder of the chapter but in that event the unconstitutional section or provision shall be eliminated and the remainder of the chapter remain in full force and effect. The said board of directors shall institute such proceedings by filing a petition in the superior court of the county in which the greater part of the lands in the district are situated. Said petition shall give the name of the district, shall set out the nature of its water rights and the general character of its irrigation works and distribution system, shall state the amount, maturity schedule of minimum annual installments of principal and maximum interest rate of the proposed refunding bonds, shall state the approximate irrigable acreage in the district and the probable approximate aggregate annual income therefrom during the life of the proposed refunding bonds, shall recite that the required consent of the holders of the bonds to be refunded has been obtained and shall state such other matter, if any, the said board of directors may deem pertinent to the proceedings, shall pray for the determination of the irrigable acreage and of the maximum benefits aforesaid and shall be signed and verified by the president of the said board of directors. Bonds, election for, etc. (notice): RCW 87.03.200.

87.22.065 Notice—Contents. Said notice shall state that the district (naming it) proposes to issue and dispose of a refunding bond issue specifying the amount; that proceedings have been instituted in the superior court of the state of Washington in and for the specified county to determine the maximum benefits to be received by the lands within the operation of said district from the issuance and disposal of said proposed bond issue, and further to determine the irrigable acreage which will be assessed for the payment of said bonds, shall state that a schedule of the lands involved together with a statement of the amount of maximum benefits received by the amount of irrigable acreage in each respectively, is on file in said proceedings and may be inspected by any interested person, shall state the time and place fixed for the hearing of the petition and shall state that any person interested in such proceedings may on or before the day fixed for said hearing file his written objections thereto with the clerk of said court, or he will be forever bound by such orders as the court shall make in such proceedings. At the time and place stated in the notice of said hearing, the court shall consider said petition and shall receive such pertinent evidence as may be offered in support thereof or against the same, shall enter a decree fully determining the maximum benefits received by and the irrigable acreage in, the several tracts of land involved as shown by the schedule and as prayed for in said petition. Refunding bonds—Form—Manner of payment—Interest rate (decree may determine): RCW 87.22.150.

87.22.080 Benefits, how determined—Dismissal—Continuance—Waiver. The maximum benefits accruing to the several tracts of land in the district

from the proposed refunding bond issue shall be considered as new and independent of that accruing from the bonds to be refunded and in determining the maximum benefits as prayed for in said petition, the court shall not be limited to a consideration of the enhancement of market value of the lands involved arising immediately from the issuance and disposal of the proposed refunding bonds but shall have authority to consider such benefits as shall accrue to said lands from the plan of financing provided by the proposed bonds and from the continued operation of the irrigation system under the administration of the district during the life of said refunding bonds and any other benefits that may accrue. If the court finds that the aggregate amount of said maximum benefits shall not equal at least double the amount of the principal of the proposed refunding bonds, to which shall be added the interest computed at the rate specified in the refunding bonds, it shall enter a decree dismissing the proceedings and the district shall have no authority to issue the proposed refunding bonds until a satisfactory decree has been obtained under the provisions of this chapter: *Provided*, That nothing herein contained shall be construed to prevent the district from continuing the hearing for the purpose of modifying the proposed refunding bond plan or for the purpose of otherwise meeting the objection of the court, nor shall the dismissal of the proceeding be in anywise prejudicial to the institution of a subsequent action for the same purpose; *And provided further*, That nothing herein contained shall be construed to prevent the court from entering a decree upon stipulation of the holders of the bonds to be refunded to waive their right to part of the indebtedness represented by the bonds to be refunded, so that the proposed refunding bond issue comes within the statutory requirements as to maximum benefits, or to accept refunding bonds based on a lesser aggregate maximum benefit than that required by the statute. [1931 c 42 § 2; 1929 c 120 § 9; RRS § 7530-9. FORMER PART OF SECTION: 1929 c 120 § 10; RRS § 7530-10, now codified as RCW 87.22.085.]

87.22.085 Irrigable acreage, how determined. In determining the irrigable acreage as provided herein, the court shall consider all lands included in the district capable of being used for agricultural purposes, provided that no lands shall be found to be irrigable which are not irrigable from the plan of the irrigation works of the district; and provided that nothing herein contained shall be construed to prevent a reconsideration of the irrigability of lands found nonirrigable upon the modification or enlargement of the irrigation system whereby said lands at first found nonirrigable may be irrigated by the district system. [1929 c 120 § 10; RRS § 7530-10. Formerly RCW 87.22.080, part.]

88.04.010 Director of labor and industries to enforce.
The commissioner of labor shall be charged with the

administration of the provisions of this chapter, shall employ the necessary inspectors to enable him to carry said provisions into effect, and shall exercise supervision over them in the performance of their duties. [1907 c 200 § 1; RRS § 9843.]

88.04.020 Compensation, travel expenses of inspectors. The inspectors provided for in this chapter shall receive compensation at such rate as shall be prescribed by the director of labor and industries, and shall be paid travel expenses in accordance with RCW 43.03.050 and 43.03.060 as now existing or hereafter amended when making such inspections and conducting such examinations at other than the domicile of said inspectors. [1975-'76 2nd ex.s. c 34 § 177; 1947 c 137 § 1; 1907 c 200 § 27; RRS § 9869.]

Effective date—Severability—1975-'76 2nd ex.s. c 34: See notes following RCW 2.08.115.

88.04.030 Authority of inspectors. Any inspector duly employed by the commissioner of labor for the execution of any of the provisions of this chapter, shall be deemed to be a deputy of said commissioner for the purposes hereof, and may perform any act and exercise any authority herein prescribed for the commissioner of labor. [1907 c 200 § 28; RRS § 9870.]

88.04.040 Inspection of vessels—Accidents to be investigated. The commissioner of labor shall annually, or oftener if he has good cause to believe it reasonable, inspect, or cause to be inspected, every steam vessel or other vessel operated by machinery engaged in carrying passengers for hire or towing for hire, excepting vessels which are subject to inspection under the laws of the United States, examine carefully her hull, boats and other equipment, examine her engine and boilers, ascertain how long it will be safe to use the same, determine the pressure of steam to be allowed and so regulate the fusible plugs, safety valves and steam cocks as to insure safety, and he may require such changes, repairs and improvements to be adopted and used as he may deem expedient for the contemplated route. He shall also fix the number of passengers that may be transported. He shall also, whenever he deems it expedient, visit any vessel licensed under this chapter and examine into her condition for the purpose of ascertaining whether or not any party thereon having a certificate from him has conformed to and obeyed the conditions of such certificate and the provisions of this chapter. The owner, master, pilot, captain or engineer of such vessel shall answer all reasonable questions, and shall give all the information in his or their power, in regard to said vessel, her machinery and the manner of managing the same. In case of damage by fire or by explosion or by means of an electrical apparatus, he may investigate the cause thereof, and if found by him to have been occasioned by a violation of any of the provisions of this chapter, or of the orders, regulations and requirements issued by him, he shall so certify to the prosecuting attorney of the county where such violation occurred, together with the names of the persons guilty thereof and of the witnesses. [1907 c 200 § 2; RRS § 9844.]

88.04.050 Boiler tests and inspections—Inspection of launches. The commissioner shall also test the boilers of all steam vessels, before the same shall be used, and at least once in every year thereafter. In subjecting to the hydrostatic test, boilers called and usually known under the designation of high pressure boilers, the hydrostatic pressure applied must be in proportion of one hundred and fifty pounds to the square inch to one hundred pounds to the square inch of the steam pressure allowed. And in subjecting to the hydrostatic test, that class of boilers usually designated and known as low pressure boilers, the commissioner shall allow as the working power of each new boiler, a pressure of only three-fourths the number of pounds to the square inch, to which it shall have been subjected by the hydrostatic test, and found to be sufficient therefor; but should said commissioner be of the opinion that such boiler, by reason of its construction or material will not safely allow so high a working pressure he may, for reasons specifically stated in his certificate, fix the working pressure of such boiler at less than three-fourths of said test pressure; and no boiler or pipe, or any of the connections therewith, shall be approved, which is made in whole or in part, of bad material, or is unsafe in its form, or dangerous from defective workmanship, age, use or other cause. In addition to the hydrostatic test as herein provided, the commissioner may cause a hammer test to be made and an internal examination of such boiler or boilers so tested, whenever deemed necessary. Any boiler having been in use ten years or more may be drilled at the bottom of shell or boiler, and also at such other points as the inspectors may direct to determine the thickness of such material at those points, and the general condition of such boiler or boilers at the time of inspection and the steam pressure allowed shall be determined by such ascertained thickness and general condition of the boiler. He shall also see that all connections to the said boiler or engines are of suitable material, size and construction; and that the boiler, machinery and appurtenances are such as may be employed with safety in the service to be performed. He shall also satisfy himself that the safety valves are of suitable dimensions and that the weights of the same are properly adjusted, so as to allow no greater pressure than the maximum amount prescribed by him; and that there is a sufficient number of gauge cocks, properly attached to the boiler, so as to indicate the quantity of water therein; and suitable steam gauges to correctly show the amount of steam carried; and as to any other matter connected with such steam vessel or the machinery thereof, that to said commissioner shall seem necessary to the safety of her passengers and crew. And he shall make such inspection, examination and test of naphtha launches and electric launches and their apparatus and machinery, as will enable him to determine whether they can be safely used in navigation. [1907 c 200 § 3; RRS § 9845.]

88.04.060 Certificate of inspection. The commissioner, if satisfied that such vessel is in all respects safe and conforms to the requirements of this chapter, shall make and subscribe duplicate certificates, setting forth

the age of the vessel, the date of inspection, the name of the vessel, the name of the owner, the master, the number of licensed officers and crew which he deems necessary to manage the vessel with safety, the number of boats and life preservers required, and the number of passengers that she can safely carry, and if a steam vessel, the age of the boiler, and the pressure of steam she is authorized to carry. One of such certificates shall be kept posted in some conspicuous place on the vessel to be designated by the commissioner in the certificate and the other copy shall be kept by the commissioner and by him recorded in a book to be kept for that purpose. If the commissioner refuses to grant a certificate of approval, he shall make a statement in writing, giving his reasons for such refusal, and deliver the same to the owner or master of the vessel. [1907 c 200 § 4; RRS § 9846.]

88.04.070 Inspection and license fees—Disposition of fees. For each inspection provided for in RCW 88.04.040 and 88.04.050 the owner or master of each vessel shall pay the commissioner of labor an inspection fee, which shall not be less than five dollars, nor more than twenty dollars, to be fixed by the commissioner of labor with reference to the size of the vessel inspected. For each license issued under RCW 88.04.080 the person so licensed shall pay to the commissioner of labor the sum of five dollars. All of the fees received from this source shall be accounted for by the commissioner of labor to the state treasurer, and credited to the general fund. [1907 c 200 § 26; RRS § 9868.]

88.04.080 License as master, pilot, or engineer—Examination—Revocation—Penalty. Every person employed as master, pilot or engineer on board of a steam vessel or a vessel propelled by machinery, carrying passengers for hire or towing for hire, shall be examined by the commissioner as to his qualifications, and if satisfied therewith he shall grant him a license for the term of one year for such boat, boats or class of boats as said commissioner may specify in such license. In a proper case, the license may permit and specify that the master may act as pilot, and in case of small vessels also as engineer and pilot. The license shall be framed under glass, and posted in some conspicuous place on the vessel on which he may act. Whoever acts as master, pilot or engineer, without having first received such license, or upon a boat or class of boats not specified in his license, shall be liable to a penalty of fifty dollars for each day that he so acts, except as in this chapter otherwise specified, and such license may be revoked by the commissioner for intemperance, incompetency or wilful violation of duty. [1907 c 200 § 14; RRS § 9856.]

88.04.090 Rules of navigation. From and after the passage of this chapter, the following rules shall be observed in navigating all steam vessels when under steam, and all boats propelled by machinery on the waters within the jurisdiction of the state, excepting the waters which are under the jurisdiction of the United States:

(1) When two steamboats are meeting, end on, or nearly end on, so as to involve risk of collision, each shall

alter her course to starboard, so that each may pass on the port side of the other.

(2) When two steam vessels are crossing so as to involve risk of collision, the vessel which has the other on her own starboard side shall keep out of the way of the other.

(3) When a steam vessel and a sailing vessel are proceeding in such directions as to involve risk of collision, the steam vessel shall keep out of the way of the sailing vessel.

(4) When, by any of these rules, one of two vessels is to keep out of the way, the other shall keep her course and speed.

(5) Every vessel under steam, when approaching another steamboat or small boat or vessel of any kind, so as to involve the risk of collision, shall slacken her speed, or if necessary, shall stop and reverse her engine, and every vessel under steam shall, when in a fog, go at a moderate speed.

(6) Any steam vessel overtaking another steam vessel shall keep out of the way of the last mentioned steam vessel.

(7) When two steam vessels are going in the same direction the stern steam vessel wishing to pass the other shall signal the forward steam vessel of her intention to pass on the port side by two distinct whistles, and to pass on her starboard side, by one distinct whistle, which shall be answered by the forward steam vessel with the same number of whistles, and the forward steam vessel shall keep on her course as though no signal had been given.

(8) Steamboats approaching each other shall, at not less than three hundred yards distance between each other, give a signal with one loud distinct whistle.

(9) When two steamboats are approaching each other, and if the course of such steamboats is so far on the starboard side of each as not to be considered by the pilots as meeting end on, or nearly so, or if the steamboats are approaching each other, in such manner that passing to the right as in rule one is deemed unsafe by the pilot of either steamboat, the pilot so first deciding shall give two short and distinct blasts on his steam whistle, which the pilot of the other steamboat shall answer promptly by two blasts of his steam whistle, and they shall pass to the left (on the starboard) side of each other.

(10) When two steamboats are approaching each other and the pilot of either steamboat fails to understand the course or intention of the other, whether from the signals being given or answered erroneously or from other cause, the pilot so in doubt shall immediately signify the same by giving several short and rapid blasts of the steam whistle, and if the boats shall have approached within five hundred yards of each other, both shall be immediately slowed to a speed barely sufficient for steerageway until the proper signals are given, answered and understood, or until the boats have passed each other.

(11) When a steamboat is running in a fog or thick weather it shall be the duty of the pilot to cause a long blast of the steam whistle to be sounded at intervals not exceeding one minute.

(12) Signals of distress shall be four distinct blasts of the whistle, and shall be recognized by the master of any steamboat hearing the same, and he shall render such assistance as is in his power.

(13) In construing these provisions, due regard must be had to all the dangers of navigation, and to any special circumstances which may exist, rendering a departure therefrom necessary in order to avoid immediate danger.

(14) Every steam vessel which is under sail and not under steam is to be considered a sailing vessel, and every vessel under steam or otherwise propelled by machinery, whether under sail or not, is to be considered a steam vessel.

(15) Nothing in this chapter shall be construed to extend to any boat or lighter not being masted, or if masted and not decked, employed in the harbor of any town or city.

(16) All steamboats licensed under the provisions of this chapter shall conform to and obey such other rules and regulations as the commissioner may prescribe, not inconsistent herewith.

(17) The commissioner and the inspectors provided for in this chapter are authorized to make further rules and regulations applying generally to all steamboats, or especially to one or more of them; and on framing rules for the government of managers and employees of boats, the commissioner shall, as far as practicable, be governed by the general rules and regulations prescribed by the United States board of supervising inspectors of steam vessels.

(18) Every steam vessel or other vessel propelled by machinery, carrying passengers for hire on the waters within the jurisdiction of this state, shall have two copies of this section framed, one to be placed in the pilot house for the government of the pilot, and the other to be hung in a conspicuous place on the boat, for the inspection of the passengers. [1907 c 200 § 8; RRS § 9850.]

88.04.100 Lights. The master of every steamboat or vessel propelled by machinery when navigating between sunset and sunrise, shall cause the same to carry the following lights:

(1) At the foremast head, a bright white light of such a character as to be visible on a dark night, with a clear atmosphere at a distance of at least two miles; and be so constructed as to show a uniform and unbroken light over an arc of the horizon of twenty points of the compass, and to be so fixed as to throw the light ten points on each side of the vessel from right ahead to two points abaft the beam on either side.

(2) On the starboard side a green light of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles; and be so constructed as to show a uniform and unbroken light over an arc of the horizon of ten points of the compass, and so fixed as to throw the light from right ahead to two points abaft the beam on the starboard side.

(3) On the port side a red light of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles and so constructed as to

show a uniform and unbroken light over an arc of the horizon of ten points of the compass, and so fixed as to throw the light from right ahead to two points abaft the beam on the port side. The green and red lights shall be fitted with inboard screens, projecting at least three feet forward from the lights, so far as to prevent them from being seen across the bow.

(4) The master of every vessel other than a steamboat anchored in the nighttime shall cause her peak to be lowered and a good and sufficient light to be thrown from her taffrail in some part of her rigging and at least twenty feet above her deck. In the case of small vessels, the commissioner may make specific rules for lights different from the foregoing. [1907 c 200 § 9; RRS § 9851.]

88.04.110 Limit of passengers—Penalty. No greater number of passengers shall be transported upon any licensed steam vessel or other vessel included within the provisions of this chapter, than the number allowed in the certificate of such vessel, under a penalty of ten dollars, to be paid by the master for each passenger in excess of the allowed number, unless special permission is first obtained from the commissioner under such precautions as he deems expedient. [1907 c 200 § 5; RRS § 9847.]

88.04.120 Precautions against fire. All steamboats and other vessels to which this chapter is applicable, shall hereafter be so constructed that the woodwork about the boilers, chimneys, fireboxes, cookhouses, stove and steam pipes, or any machinery or apparatus involving danger of fire, where such woodwork is exposed to ignition, shall be so shielded by some incombustible material, that the air may circulate freely between such material and woodwork or other ignitable substances, and before granting a certificate of inspection, the commissioner shall require that all other necessary provisions be made throughout such vessel, as he may judge expedient to guard against loss or damage by fire. [1907 c 200 § 6; RRS § 9848.]

88.04.130 Stairways and gangways—Penalty for obstruction. Every vessel engaged in carrying passengers, shall be provided with permanent stairways and other sufficient means convenient for passing from one deck to the other, with gangways large enough to allow persons freely to pass, which shall be open fore and aft of the length of the vessel, and to and along the guards; and whoever obstructs such gangways by freight or otherwise shall forfeit fifty dollars to the state of Washington for every such violation. [1907 c 200 § 7; RRS § 9849.]

88.04.140 Fire fighting equipment required. Every steam vessel permitted by her certificate to carry one hundred passengers or upwards, shall be provided with a good double acting steam fire pump or other equivalent apparatus for throwing water, the same to be at all times during the navigation of such vessel, kept ready for immediate use, having at least one hundred feet of hose of suitable size and of sufficient strength to stand a

pressure of at least seventy-five pounds to the square inch. [1907 c 200 § 10; RRS § 9852.]

88.04.150 Meddling with safety valves, etc.—Penalty. Whoever intentionally loads or obstructs, or causes to be loaded or obstructed, in any way, the safety valve of the boiler, or employs any other means or device whereby the boiler may be subjected to a greater pressure than the amount allowed by the commissioner's certificate, or intentionally deranges or hinders the operation of any machinery or device employed to denote the stage of the water or steam in any boiler, or to give warning of any approaching danger, or intentionally permits the water to fall below the prescribed low water limit of the boiler, shall forfeit to the state of Washington the sum of five hundred dollars for each violation. [1907 c 200 § 13; RRS § 9855.]

88.04.160 Combustibles, regulations on carrying. No loose hay, loose cotton or loose hemp, camphene, nitroglycerine, naphtha, benzine, benzol, coal oil, crude petroleum or other like explosive burning fluids or dangerous articles, shall be carried as freight or used in stoves on any steamer or vessel licensed to carry passengers under this chapter; except that refined petroleum which will not ignite at a temperature of less than one hundred and twenty degrees Fahrenheit may be carried on the main deck of any vessel, provided the barrels or cases containing such oil are fully provided with a tarpaulin. But nothing in this section provided shall be construed to prevent any vessel of twenty tons burden or under which uses petroleum for fuel from carrying sufficient petroleum with which to replenish the fires and properly equip such vessel for use; said petroleum to be carried in metal cans or tanks, which shall be properly protected by a covering of wood or other substance which would equally protect from accident, and be approved by said commissioner, and to be conveyed from said cans or tanks to said fires through metal pipes. [1907 c 200 § 19; RRS § 9861.]

88.04.170 Unsafe steam pressure prohibited—Penalty. No master, engineer or other person having charge of the boiler or apparatus for the generation of steam of any steamboat or vessel shall create, or allow to be created any undue or unsafe quantity of steam in order to increase the speed of such boat or to excel another boat in speed. Any person violating the provisions of this section shall forfeit to the state of Washington the sum of five dollars for every such violation. [1907 c 200 § 20; RRS § 9862.]

Excessive steam in boilers, penalty: RCW 70.54.080.

88.04.180 Quality of oil in lights. No licensed vessel carrying passengers for hire shall be allowed to use in lamps, lanterns, or other lights on such vessels, any oil which will not stand a fire test of at least three hundred degrees Fahrenheit. [1907 c 200 § 15; RRS § 9857.]

88.04.190 Small boats required on vessels. Every ferry boat propelled by steam or electricity shall be provided with at least one substantial boat, fifteen feet or

more in length, and properly supplied with oars, and kept tight and in good condition at all times, and so attached to such ferry boat that it may in case of need be launched into the water for immediate use. Every steamboat or vessel propelled by machinery and carrying passengers shall be provided, if of the measurement of two hundred and fifty and less than five hundred tons burden, with at least two substantial row boats, with life lines attached and properly supplied with oars, and kept tight and in good condition at all times, and so attached as to be capable of being launched into the water for immediate use in case of need; and if of the measurement of five hundred tons or more, with at least one first class life boat and one row boat twenty-five feet long by seven feet wide, capable of carrying or supporting fifty persons each, and at least one row boat of the usual size and construction, all to be properly supplied with oars, and kept tight and in good condition at all times, and so attached as to be capable of being launched into the water for immediate use in case of need. Every such vessel may also be required to carry such other boats as the commissioner, on account of the route, or the number of passengers, shall deem requisite, and the master of such vessel shall exercise and discipline his crew in the launching, use and management of the boat until they become skillful boatmen. [1907 c 200 § 11; RRS § 9853.]

88.04.200 Landing passengers in small boats. Small boats containing passengers may be landed from or drawn to a steamboat by means of a line hauled in by hand, but in no case shall the line be attached to or hauled in by the machinery of any vessel. No passenger shall be put or suffered to go into any such small boat for the purpose of being landed until such small boat shall be completely afloat and wholly disengaged from the vessel, except held by a painter. A good and sufficient pair of oars suitable for the purpose shall be kept in such small boat. In landing or receiving any passenger in the nighttime, there shall be a signal from the small boat at the shore by means of a horn or trumpet, to enable those having charge on board the vessel to determine when the small boat, having landed or received her passengers, is ready to leave the shore. [1907 c 200 § 17; RRS § 9859.]

88.04.210 Landing passengers—Engines to be stopped. While landing or receiving passengers the engine of the vessel shall not be put in motion except:

(1) To give sufficient force to carry the small boat to the shore, or,

(2) To keep the vessel in proper direction and to prevent her from drifting or being driven on shore; but in no case shall it be put in motion while passengers are being transferred from such vessel into a small boat for the purpose of being landed. [1907 c 200 § 18; RRS § 9860.]

88.04.220 Life preservers, buckets, axes. Every steam vessel or vessel propelled by machinery used in the transportation of passengers for hire, shall have a life preserver or life float for each passenger she is allowed

to carry and for each member of her crew. At least one-half thereof shall be life preservers of the sort prescribed by the supervising inspector appointed under this chapter, and the other half or part thereof may be life floats, to be constructed of dry pine plank, four feet long, two inches thick and twelve inches wide, with lines properly attached in such manner as to be convenient for use; and it shall be the duty of the commissioner to satisfactorily ascertain that every life preserver and such life floats are as herein required. Such life preservers and life floats shall be kept in convenient accessible places in such vessel in readiness for immediate use in case of accident, and the places where the same are to be kept shall be designated in the commissioner's certificate, and also pointed out by printed notices posted in such places as the commissioner directs. Every such vessel shall carry in convenient places, at least ten buckets filled with water, with dip lines attached, and three axes in good condition, but the inspectors may, if they deem it necessary or proper, require a larger, or in case of very small vessels, permit a smaller number of buckets and axes. [1907 c 200 § 12; RRS § 9854.]

88.04.230 Name and home port on stern—Penalty. Every vessel subject to the provisions of this chapter, shall have her name and the port to which she belongs painted on her stern on a black background in white, yellow or gilt letters, or on a white background in black, yellow or gilt letters of not less than three inches in length. If any vessel, which is subject to the provisions of this chapter, shall be found without having her name, and the name of the port to which she belongs so painted, the owner or owners shall be liable to a penalty of fifty dollars to the state of Washington. The commissioner may, however, in the case of small vessels, permit such name to be placed elsewhere and in letters of less length, the permission, the place of the name and length of letters to be stated in a certificate to be given to the master, who shall exhibit the same whenever requested. [1907 c 200 § 16; RRS § 9858.]

88.04.240 Penalty—General. Every master of a steamboat or vessel who shall violate any of the preceding sections of this chapter shall, for every such violation, forfeit to the state of Washington the sum of two hundred and fifty dollars, unless a different penalty is prescribed. [1907 c 200 § 21; RRS § 9863.]

88.04.250 Owner liable for conduct of master. The owner of every steamboat or vessel shall be responsible for the good conduct of the master employed by him, and if any penalty incurred by such master is not paid by him and cannot be collected from him by due course of law, it may be recovered of the owner or owners, jointly or severally, of the steamboat or vessel in whose employ he was at the time of the incurring of such penalty, in the same manner as if such owner or owners were sureties of such master. [1907 c 200 § 22; RRS § 9864.]

88.04.260 Copy of chapter to be posted—Penalty. The master of every vessel shall keep a copy of the preceding sections of this chapter posted in a conspicuous place on such vessel for the inspection of all persons on board thereof. Every master violating the provisions of this section shall forfeit to the state of Washington, twenty-five dollars, and the additional sum of twenty-five dollars for each month while such violation continues. [1907 c 200 § 23; RRS § 9865.]

88.04.270 Director's report. The commissioner shall on or before the first day of January in each year, make a verified report to the governor, containing a detailed statement of the names and number of vessels examined and licensed, the names and number of vessels to which licenses were refused and stating the reasons for the refusal, the names and number of persons examined and licensed, the names and number to whom licenses were refused and stating the reasons therefor, and may include in such report any other information he may deem desirable. [1907 c 200 § 24; RRS § 9866.]

88.04.280 Compliance required, exception, penalty—Certificate to continue after expiration, when—Passenger launches on Straits of Juan de Fuca. All steam vessels, naphtha, gasoline and electric launches, or any craft propelled by machinery, carrying passengers for hire, or towing for hire must comply with all the terms and provisions of this chapter, and with all orders, regulations and requirements of the commissioner except that any such vessel not propelled by steam, or when not under steam, is exempt from the provisions in regard to the blowing of whistles. If any such vessel is navigated without complying therewith, except as herein stated, or without the requisite certificates of the commissioner, the owners and masters shall forfeit to the state of Washington the penalties prescribed in this chapter, and the vessel so navigated shall also be liable therefor, and may be attached and proceeded against in any court having jurisdiction. But if any such vessel is deprived of the services of any licensed officer, without the consent, fault or collusion of the master, owner or any person interested in the vessel, the deficiency may be temporarily supplied, until a licensed officer can be obtained. If the owner or master of any vessel shall at least twenty days before the expiration of his certificate notify the commissioner of such expiration and request a new inspection and certificate, the certificate then expiring shall continue in force until an inspection is made and such owners and masters are not liable for any of the penalties provided in this chapter on account of navigating said vessel, without such new certificate. No launch under ten tons carrying passengers shall navigate the waters of the straits of Juan de Fuca, unless provided with a boat of sufficient size to accommodate said passengers and be under the management of a person holding a United States license for steam vessels. [1907 c 200 § 25; RRS § 9867. Formerly RCW 88.04.280 and 88.04.290.]

88.16.030 Rules and regulations. The board is authorized and shall have power to make rules and regulations not in conflict with this chapter covering the matters hereinafter set forth which shall have the force and effect of law until altered, repealed or set aside by action of the board:

(1) To establish the qualifications of pilots, provide for their examination and the issuance of licenses to qualified persons and to keep a register of licensed pilots and of vessels, operators and agents.

(2) To provide for the maintenance of efficient and competent pilotage service on all waters covered by this chapter.

(3) To fix the rates of pilotage for the waters covered by this chapter: *Provided*, That no rate shall be changed by the board more than once in any twelve month's period: *And provided further*, That the rates presently in effect shall remain in effect until changed by the board pursuant to this chapter: *And provided further*, That no rate shall be increased, lowered or altered without a public hearing of which due notice, mailed at least twenty days prior to the date of hearing, shall have been sent to all pilots licensed under this chapter to pilot vessels on the particular waters for which the change of rate is proposed and upon all vessel operators and agents who have registered with the board. The notice shall specify the waters for which the change of rate is sought and also the change proposed. The board may, despite anything in this chapter contained, fix extra compensation for extra services to vessels in distress and compensation for awaiting vessels or being carried to sea on vessels against the will of the pilot. In determining rates the board shall have the right to subpoena witnesses.

(4) To do such other things as are reasonable, necessary and expedient to insure proper and safe pilotage upon the waters covered by this chapter and to facilitate the efficient administration of this chapter.

All rules and regulations adopted by the board shall be printed, and a copy thereof shall be mailed to each licensed pilot and to every vessel operator or agent who has registered with the board. Such mailing shall be proved by the affidavit of the person mailing the same, filed with the records of the board, and such affidavit shall be conclusive as to such mailing. [1967 c 15 § 9; 1935 c 18 § 14; RRS § 9871-14.]

88.16.050 Waters affected. This chapter applies to Puget Sound and adjacent inland waters and to Grays Harbor and Willapa Bay as those terms are hereinafter defined:

(1) "Puget Sound and adjacent inland waters", whenever used in this chapter, shall be construed to mean and include all the inland waters of the state of Washington inside the international boundary line between the state of Washington and British Columbia but excluding that portion of the Straits of Juan de Fuca west of Port Angeles.

(2) "Grays Harbor and Willapa Bay" shall include all inland waters, channels, waterways, and navigable tributaries within each area. The boundary line between inland waters and the high seas shall be designated as the outermost sea buoy as established and placed for Grays Harbor and Willapa Bay. 88.16.070 Vessels exempted and included under chapter. All vessels under enrollment and all vessels engaged exclusively in the coasting trade on the west coast of the continental United States (including Alaska) and/or British Columbia shall be exempt from the provisions of this chapter unless a pilot licensed under this chapter be actually employed, in which case the pilotage rates provided for in this chapter shall apply. Every vessel not so exempt, shall while navigating Puget Sound and adjacent inland waters, Grays Harbor and Willapa Bay, employ a pilot licensed under the provisions of this chapter and shall be liable for and pay pilotage rates in accordance with the pilotage rates herein established or which may hereafter be established under the provisions of this chapter: *Provided*, That the Washington pilotage commission, immediately after May 21, 1971, shall conduct a study of the need to require employment of pilots licensed under the provisions of this chapter on all vessels entering into Puget Sound and adjacent inland waters, together with an assessment of the legality and feasibility of such

requirement. The commission shall report the results of such study together with recommended legislative action to the next session of the legislature. [1971 ex.s. c 297 § 3; 1967 c 15 § 3; 1935 c 18 § 4; RRS § 9871-4.]

No person shall pilot any vessel subject to the provisions of this chapter on waters covered by this chapter unless he be appointed and licensed to pilot such vessels on said waters under and pursuant to the provisions of this chapter. No person shall be eligible to be appointed a pilot unless he is a citizen of the United States, over the age of twenty-five years and has been a resident of the state of Washington for at least three years immediately prior to the time of his appointment, has a practical knowledge of the navigation of vessels and of the conditions of navigation in the waters for which he desires to be licensed, is of good moral character, temperate in his habits, possesses the skill and ability necessary to discharge the duties of pilot, nor unless he holds a first class United States government license to pilot on Puget Sound and adjacent inland waters, or Grays Harbor and Willapa Bay, whichever of these waters for which he desires to be licensed. Pilots shall be licensed hereunder for a term of five years from and after the date of the issuance of their respective licenses. Such licenses shall thereafter be renewed as of course, unless the board shall withhold same for good cause. Each pilot shall pay to the state treasurer an annual license fee of one hundred dollars to be placed in the state treasury to the credit of the pilotage account. [1967 c 15 § 5; 1935 c 18 § 8; RRS § 9871-8. Prior: 1907 c 147 § 1; 1888 p 176 § 8.]

88.16.100 Revocation, suspension, etc., of license—Procedure—Judicial review. The board shall have power on its own motion or, in its discretion, upon the written request of any interested party, to investigate the performance of pilotage services subject to this chapter and to suspend, withhold or revoke the license of any pilot for misconduct, incompetency, inattention to duty, intoxication or failure to perform his duties under this chapter, or violation of any of the rules or regulations provided by the board for the government of pilots. When the board determines that reasonable cause exists for the conduct of a hearing on the issue of the suspension, withholding or revocation of a pilot license it shall forthwith prepare and serve a copy of a notice of hearing upon the pilot in question who shall be required to appear and answer the same within ten days from date of service and shall be entitled to a full hearing thereof before the board and to be represented by counsel and to subpoena witnesses. The decision of the board must be in writing and entered of record upon the minutes of the board. All final decisions of the board shall be subject to review by the superior court of the state of Washington for Thurston county, to which court any case with all the papers and proceedings therein shall be immediately certified by the chairman of the board if requested to do so by any party to the proceedings at any time within thirty days after the date of any such final decision. No appeal may be taken after the

expiration of thirty days after the date of final decision. Any case so certified to the superior court shall be tried de novo and after certification of the record to said superior court the proceedings shall be had as in a civil action. [1971 ex.s. c 297 § 4; 1935 c 18 § 13; RRS § 9871-13. Prior: 1888 p 178 § 10.]

88.16.110 Pilots to file quarterly report—Contents. Every pilot licensed under this chapter shall file with the board not later than the tenth day of January, April, July and October of each year a report for the preceding quarter. Said report shall contain an account of all moneys received for pilotage by him or by any other person for him or on his account or for his benefit. Said report shall state the name of each vessel piloted, the amount charged to and/or collected from each vessel, the port of registry of such vessel, its dead weight tonnage, whether it was inward or outward bound, whether the amount so received, collected or charged is in full payment of pilotage and such other information as the board shall by regulation prescribe. [1935 c 18 § 7; RRS § 9871-7. Prior: 1888 p 178 § 22.]

88.16.120 Failure to observe pilotage rate—Penalty. No pilot shall charge, collect or receive and no person, firm, corporation or association shall pay for pilotage or other services performed hereunder any greater, less or different amount, directly or indirectly, than the rates or charges herein established or which may be hereafter fixed by the board pursuant to this chapter. Any pilot, person, firm, corporation or association violating the provisions of this section shall be guilty of a misdemeanor and shall be punished by a fine of not less than one hundred dollars nor more than one thousand dollars or by imprisonment in the county jail of the county wherein he is convicted for a period of not less than thirty days nor more than six months, or both, said prosecution to be conducted by the prosecuting attorney of any county wherein the offense or any part thereof was committed. [1967 c 15 § 4; 1935 c 18 § 6; RRS § 9871-6.]

88.16.130 Unlicensed pilot liable for payment of rates—Penalty for refusing to employ licensed pilot. Any person not holding a license as pilot under the provisions of this chapter who pilots any vessel subject to the provisions of this chapter on waters covered by this chapter shall pay to the board the pilotage rates payable under the provisions of this chapter. Any master or owner of a vessel required to employ a pilot licensed under the provisions of this chapter who refuses to do so when such a pilot is available shall be guilty of a misdemeanor, and upon conviction thereof such master or owner shall be punished by a fine of not less than one hundred fifty dollars nor more than five hundred dollars and shall be imprisoned in the county jail of the county wherein he is so convicted until said fine and the costs of his prosecution are paid. [1967 c 15 § 8; 1935 c 18 § 11; RRS § 9871-11. Prior: 1907 c 147 § 4.]

88.16.140 Pilot's lien for compensation. Each vessel, its tackle, apparel and furniture and the owner thereof

shall be jointly and severally liable for the compensation of any pilot employed thereon and such pilot shall have a lien upon such vessel, her tackle, apparel and furniture for such compensation. [1935 c 18 § 15; RRS § 9871-15. Prior: 1907 c 147 § 2; 1888 p 178 § 23.]

88.16.150 General penalty—Disposition of fines. In all cases where no other penalty is prescribed in this chapter, any violation of this chapter or of any rule or regulation of the board shall be punished as a misdemeanor, and all violations may be prosecuted in any court of competent jurisdiction in any county where the offense or any part thereof was committed. In any case where the offense was committed upon a ship, boat or vessel, and there is doubt as to the proper county, the same may be prosecuted in any county through any part of which the ship, boat or vessel passed, during the trip upon which the offense was committed. All fines collected for any violation of this chapter or any rule or regulation of the board shall within thirty days be paid by the official collecting the same to the state treasurer and shall be credited to the pilotage account: *Provided*, That all fees, fines, forfeitures and penalties collected or assessed by a justice court because of the violation of a state law shall be remitted as provided in chapter 3.62 RCW as now exists or is later amended. [1969 ex.s. c 199 § 41; 1967 c 15 § 7; 1935 c 18 § 10; RRS § 9871-10. Prior: 1888 p 179 § 27.]

88.16.160 Severability and short title. If any section, subsection, sentence, clause or phrase of this chapter is for any reason held to be invalid, such decision shall not affect the validity of the remaining provisions of this chapter. This chapter may be cited as the "Pilotage Act." [1967 c 15 § 10; 1935 c 18 § 17; RRS § 9871-16.]

88.16.170 Oil tankers—Intent and purpose. Because of the danger of spills, the legislature finds that the transportation of crude oil and refined petroleum products by tankers on Puget Sound and adjacent waters creates a great potential hazard to important natural resources of the state and to jobs and incomes dependent on these resources.

The legislature also recognizes Puget Sound and adjacent waters are a relatively confined salt water environment with irregular shorelines and therefore there is a greater than usual likelihood of long-term damage from any large oil spill.

The legislature further recognizes that certain areas of Puget Sound and adjacent waters have limited space for maneuvering a large oil tanker and that these waters contain many natural navigational obstacles as well as a high density of commercial and pleasure boat-traffic.

For these reasons, it is important that large oil tankers be piloted by highly skilled persons who are familiar with local waters and that such tankers have sufficient capability for rapid maneuvering responses.

It is therefore the intent and purpose of RCW 88.16.180 and 88.16.190 to decrease the likelihood of oil spills on Puget Sound and its shorelines by requiring all oil tankers above a certain size to employ Washington state

licensed pilots and, if lacking certain safety and maneuvering capability requirements, to be escorted by a tug or tugs while navigating on certain areas of Puget Sound and adjacent waters. [1975 1st ex.s. c 125 § 1.]

Severability—1975 1st ex.s. c 125: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1975 1st ex.s. c 125 § 6.]

Study authorized and directed: "The House and Senate Transportation and Utilities Committees are authorized and directed to study the feasibility, benefits, and disadvantages of requiring similar pilot and tug assistance for vessels carrying other potentially hazardous materials and to submit their findings and recommendations prior to the 45th session of the Washington legislature in January, 1977. Such study shall also include a report on the feasibility, benefits and disadvantages of requiring vessels under tug escort to observe a speed limit, and such study shall include a discussion of the impact of a speed limit on the maneuverability of the vessel, the effectiveness of the tug escort and other legal and technical considerations material and relevant to the required study. Such study shall also include an evaluation and recommendations as to whether there should be a transfer of all duties and responsibilities of the board of pilotage commissioners to the Washington utilities and transportation commission or other state agency, and alternate methods for establishing fair and equitable rates for tug escort and pilot transfer." [1975 1st ex.s. c 125 § 5.]

Discharge of oil into state waters: Rcw 90.48.315-90.48.365.

88.16.180 Oil tankers—State licensed pilot required. Notwithstanding the provisions of RCW 88.16.070, any oil tanker, whether enrolled or registered, of fifty thousand deadweight tons or greater, shall be required to take a Washington state licensed pilot while navigating Puget Sound and adjacent waters and shall be liable for and pay pilotage rates pursuant to RCW 88.16.030 as now or hereafter amended. [1975 1st ex.s. c 125 § 2.]

Severability—1975 1st ex.s. c 125: See note following RCW 88.16.170.

88.16.190 Oil tankers—Restricted waters—Standard safety features required—Exemptions. (1) Any oil tanker, whether enrolled or registered, of greater than one hundred and twenty-five thousand deadweight tons shall be prohibited from proceeding beyond a point east of a line extending from Discovery Island light south to New Dungeness light.

(2) An oil tanker, whether enrolled or registered, of forty to one hundred and twenty-five thousand deadweight tons may proceed beyond the points enumerated in subsection (1) if such tanker possesses all of the following standard safety features:

(a) Shaft horsepower in the ratio of one horsepower to each two and one-half deadweight tons; and

(b) Twin screws; and

(c) Double bottoms, underneath all oil and liquid cargo compartments; and

(d) Two radars in working order and operating, one of which must be collision avoidance radar; and

(e) Such other navigational position location systems as may be prescribed from time to time by the board of pilotage commissioners:

Provided, That, if such forty to one hundred and twenty-five thousand deadweight ton tanker is in ballast or is under escort of a tug or tugs with an aggregate shaft horsepower equivalent to five percent of the deadweight tons of that tanker, subsection (2) of this section

shall not apply: *Provided further*, That additional tug shaft horsepower equivalencies may be required under certain conditions as established by rule and regulation of the Washington utilities and transportation commission pursuant to chapter 34.04 RCW: *Provided further*, That a tanker of less than forty thousand deadweight tons is not subject to the provisions of RCW 88.16.170 through 88.16.190. [1975 1st ex.s. c 125 § 3.]

Severability—1975 1st ex.s. c 125: See note following RCW 88.16.170.

Any person taking up any scow, boat, skiff, canoe, or other water craft, found adrift, and out of the custody of the owner, in any stream or body of water, within, or bordering upon this state, shall forthwith notify the owner thereof, if to him known, or if upon reasonable inquiry he can ascertain the name and residence of the owner, and request such owner to pay all reasonable charges, and take such water craft away. Such notice shall inform the party where the scow, boat, skiff, canoe, or other water craft was taken up, and where it may be found, and what amount the taker-up or finder demands for his charges. Every person taking up any scow, boat, skiff, canoe, or other water craft, so found adrift, and giving the notice herein required, shall be entitled to receive from the owner claiming the property, a reasonable compensation for his time, services, expenses, and risk in taking up said property, and take notice of the same, to be settled by agreement between the parties. In case he has not, within ten days after the taking up, substantially complied with the provisions of this chapter in giving the notice, he shall be entitled to no compensation, but he shall be liable to all damages the owner may have suffered, and be also liable to the owner for the value of the use of said water craft, from the time of taking it up until the same is delivered to the owner. [Code 1881 § 3245; 1854 p 386 § 4; RRS § 9894.]

If the amount claimed by the taker-up is more than one hundred dollars, the owner shall file his complaint in the superior court of the county where the property is, and trial shall be had as in other civil actions; but if the taker-up claims more than one hundred dollars, and a less amount is awarded him, he shall be liable for all the costs in the superior court; and in all cases where the taker-up shall recover a less amount than has been tendered him by the owner or claimant, previous to filing his complaint, he shall pay the costs before the justice or in the superior court: *Provided*, That in all cases the owner, after filing his complaint before a justice of the peace, shall be entitled to the possession of such water craft, upon giving bond, with security to the satisfaction of the justice, in double the amount claimed by the taker-up. When the complaint is filed in the superior court, the clerk thereof shall approve the security of the bond. The bond shall be conditioned to pay such costs as shall be awarded to the finder or taker-up of such scow, boat, skiff, canoe, or other water craft. [Code 1881 § 3246; 1854 p 386 § 5; RRS § 9895.]

88.20.060 Liability for excessive or negligent use. In case the taker-up shall use the scow, boat, skiff, canoe or other water craft, more than is necessary to put it into a place of safety, he shall be liable to the owner for such use, and for all damage; and in case it shall suffer injury from his neglect to take suitable care of it, he shall be liable to the owner for all damage. [Code 1881 § 3247, part; 1854 p 387 § 6; RRS § 9896, part. FORMER PART OF SECTION: Code 1881 § 3247, part. Now codified as RCW 88.20.070.]

88.20.070 Unclaimed craft—Procedure. In case such water craft is of less value than one hundred dollars, and is not claimed within three months, the taker-up may apply to a justice of the peace of the precinct

where the property is, who, upon being satisfied that due notice has been given, and that the owner cannot, with reasonable diligence be found, shall order the scow, boat, skiff, canoe, or other water craft to be sold, and after paying the taker-up such sum as he shall be entitled to, and the costs, the balance shall be paid the county treasurer as is provided in the case of the sale of estrays. In case the scow, boat, skiff, canoe, or other water craft, exceeds one hundred dollars, and is not claimed within six months, application shall be made to the superior court of the county, and the same proceeding shall be thereupon had. All sales made under this section shall be conducted as sales of personal property on execution. [Code 1881 § 3247, part; 1854 p 387 § 7; RRS § 9896, part. Formerly RCW 88.20.060, part.]

And they shall annually prescribe the rates of wharfage and charges thereon, but there shall be no charge for the landing of passengers or their baggage. (2) No such authority shall be granted to any person other than the owner of the land where the wharf is proposed to be erected, unless such owner shall neglect to apply for such authority; and whenever application shall be made for such authority by any person other than such owner, the board of county commissioners shall not grant the same unless proof shall be made that

the applicant caused notice in writing of his intention to make such application, to be given by posting up at least three notices in public places in the neighborhood where the proposed wharf is to be erected and one notice at the county court house, twenty days prior to any regular session of the board of county commissioners at which application shall be made and by serving a copy of said notice in writing upon such owner of the land, if residing in the county, at least ten days before the session of the board of county commissioners at which the application is made. 88.24.040 Construction requirements of wharves—When deemed incomplete. All wharves now standing, or hereafter to be built, in this state, shall be deemed insufficient, incomplete and unfinished unless they have good and substantial banisters or railing on the sides thereof, or a strip of hewn timber at least eight by ten inches square, well secured all around said wharves within ten inches of the outer edge thereof, except at the

88.32.010 Districts authorized. Every county in this state is hereby authorized and empowered, by and through its county commissioners, whenever the government of the United States is intending or proposing the construction or operation of any river, lake, canal or harbor improvement, partly or wholly within such county, and whenever said board of county commissioners shall adjudge, upon a petition therefor filed with it and signed by at least one hundred freeholders of said county who each own realty of the assessed valuation of not less than five thousand dollars, situated within the limits of the improvement district sought to be created, that it is for the general benefit and welfare of the people of the county, that such river, lake, canal or harbor improvement be made and completed to define and establish an assessment district within such county and to levy an assessment upon so much of the taxable real estate of such county as shall be specially benefited by such improvement as hereinafter provided, for the purpose of paying the expenses of such improvement, or so much thereof as said board of county commissioners

shall determine, not in any instance exceeding one percent of the taxable valuations of all real and personal property in the entire county as appearing on the then last assessment roll. Such improvement shall be known as river and harbor improvement. [1907 c 236 § 1; RRS § 9669. Prior: 1903 c 143 §§ 1, 2.]

Limitation of levies: RCW 84.52.050-84.52.056.

88.32.020 Improvement commission—Appointment—Oath. Whenever the board of county commissioners of any such county shall have adjudged as provided in RCW 88.32.010, said board shall thereupon apply to the person, who, for the time being, shall be judge of the United States district court, for the district within which the county shall be situated, to name eleven reputable citizens and freeholders of such county and file a list thereof with said board of county commissioners. The persons so named, or a majority of them, shall act as a commission, and be known as the "river and harbor improvement commission of ----- county", and shall receive no compensation, except their actual necessary expenses, including necessary clerical assistance, to be audited by the board of county commissioners; and they shall be deemed the agents of the county in the performance of the duties imposed upon them by RCW 88.32.010 through 88.32.220. Each member of such commission shall, before entering upon his duties, take and subscribe an oath, substantially as follows:

"State of Washington }
County of ----- } ss.

I, the undersigned, a member of the river and harbor improvement commission of ----- county, to define and establish the assessment district and assess the costs of the following improvement (here give the general description of the improvement), do solemnly swear (or affirm, as the case may be), that I will well and truly discharge my duties as a member of said commission." In case the person who is United States judge shall be unable or decline to act, the board of county commissioners shall name the eleven persons to act as such commission. [1907 c 236 § 2; RRS § 9670.]

88.32.030 Improvement commission—Notification of appointment—Organization. The board of county commissioners of the county, or of the oldest county in case of counties joining, shall cause the persons named for the commission to be notified of their appointment in a notice that shall name all such persons and shall designate the time and place of the first meeting of the commission. The commission, having come together pursuant to such notice, and its members having taken the oath hereinbefore prescribed, shall have full powers to organize and proceed with its business as a deliberative body. [1907 c 236 § 18; RRS § 9686.]

88.32.040 Establishment of assessment district—Assessments—State lands. It shall be the duty of such commission to define and establish an assessment district, within such county, comprising all the taxable real

property, and also (with the limitations hereinafter expressed) the state shorelands, which shall be specially benefited by said river, lake, canal or harbor improvement, and to apportion and assess the amount of separate, special and particular benefits against each lot, block, parcel or tract of land or shoreland within such district, by reason of such improvement. The commission in making the assessment shall include in the properties upon [which] the assessment is laid, all shorelands of the state, whether unsold or under contract of sale and subject to sale by it and as against all purchasers from the state or under contract to purchase such lands, the assessment shall be a charge upon such land and the purchaser's interest therein. The county auditor shall certify to the state commissioner of public lands a schedule of the state shorelands so assessed and of the assessment thereon, and the purchaser shall from time to time pay to the proper county treasurer the sums due and unpaid under such assessment, and at the time of such payment the county treasurer shall give him, in addition to a regular receipt for such payment, a certificate that such payment has been made, which certificate the purchaser shall immediately file with the commissioner of public lands, and no patent from the state nor deed shall issue to such purchaser, nor shall any assignment of his contract to purchase be approved by the commissioner of public lands until every matured installment of such assessment shall have first been fully paid and satisfied: *Provided, however,* That no such assessment shall create any charge against such shoreland or affect the title thereof as against the state, and the state shall be as free to forfeit or annul such contract and again sell such land as if the assessment had never been made, and in case of such forfeiture or annulment the state shall be free to sell again such land entirely disencumbered and unencumbered of all right and claim of such former purchaser, and such purchaser shall have no right, interest or claim upon or against such land or the state or such new purchaser or at all, but every such sum paid by such former purchaser upon such assessment shall be utterly forfeited as against him, his personal representatives and assigns, and shall inure to the benefit of such new purchaser. [1907 c 236 § 3; RRS § 9671. Formerly RCW 88.32.040 and 88.32.050.]

88.32.060 Assessment roll. Such commission shall also make, or cause to be made, an assessment roll, in which shall appear the names of the owners of the property assessed, so far as known, the description of each lot, block, parcel or tract of land within such assessment district, and the amount assessed against the same, as separate, special or particular benefits, and certify such assessment roll to the board of county commissioners, of such county, within ten weeks after their appointment, or within such further time as may be allowed by the board of county commissioners of such county. [1907 c 236 § 4; RRS § 9672. Prior: 1905 c 104 § 1; 1903 c 143 § 21.]

88.32.070 Hearing on roll—Date—Notice. After the return of the assessment roll to the board of county commissioners they shall make an order setting a

day for the hearing upon any objections to the assessment roll by any parties affected thereby who shall be heard by said board of county commissioners as a board of equalization, which date shall be at least twenty days after the filing of such roll. It shall be the duty of the board of county commissioners to give, or cause to be given, notice of such assessment, and of the day fixed for the hearing, as follows:

(1) They shall send or cause to be sent, by mail, to each owner of premises assessed, whose name and place of residence is known to them, a notice, substantially in this form, to wit:

"-----
"Your property (here describe the property) is assessed \$----- for river and harbor improvement to be made in this county.
"Hearing on the assessment roll will be had before the undersigned, at the office of the county commissioners, on the ----- day of ----- 19--

"Board of county commissioners."

But failure to send, or cause to be sent, such notice, shall not be fatal to the proceedings herein prescribed.

(2) They shall cause at least ten days' notice of the hearing to be given by posting notice in at least ten public places in such county, three of which shall be in the neighborhood of such proposed improvement, and by publishing the same at least five successive days in a daily newspaper of said county (if one is published daily), otherwise, for two weeks in a weekly newspaper of said county; which notice shall be signed by the board of county commissioners, and shall state the day and place of the hearing of objections to the assessment roll, and the nature of the improvement, and that all interested parties will be heard as to any objections to said assessment roll. [1907 c 236 § 5; RRS § 9673.]

88.32.080 Hearing on roll—Objections—Certification for collection. Any person interested in any real estate affected by such assessment may appear and file objections to the assessment roll, and the board of county commissioners may make an order regarding the time of filing such objections, as to them seems proper. As to all parcels, lots or blocks as to which no objections are filed within the time so fixed, the assessment thereon shall be confirmed. On the hearing, each party may offer proof and the board shall then have authority to affirm, modify, change and determine the assessment in such sum as to them appears just and right. When the assessment is finally equalized and fixed by the board of county commissioners, the clerk thereof shall certify the same to the county treasurer for collection, or if appeal has been taken from any part thereof, then so much thereof, as has not been appealed from, shall be certified. [1907 c 236 § 6; RRS § 9674.]

88.32.090 Appeal from final assessment. Any person who feels aggrieved by the final assessment made against any lot, block or parcel of land owned by him may

appeal therefrom to the superior court of such county. Such appeal shall be taken within the time, and substantially in the manner prescribed by the laws of this state for appeals from justice's courts. All notices of appeal shall be filed with the board of county commissioners, and served upon the prosecuting attorney of the county. The clerk of the board of county commissioners shall at appellant's expense certify to the superior court so much of the record, as appellant may request, and the cause shall be tried in the superior court de novo.

Any person desiring to appeal from any final order or judgment, made by the superior court concerning any assessment authorized by RCW 88.32.010 through 88.32.220, may appeal therefrom to the supreme court or the court of appeals, in accordance with the laws of this state relative to such appeals, except that all such appeals shall be taken within thirty days after the entry of such judgment. [1971 c 81 § 175; 1907 c 236 § 7; RRS § 9675.]

88.32.100 Lien of assessment—Collection—Payment—Interest. The final assessment shall be a lien, paramount to all other liens, except liens for taxes and other special assessments, upon the property assessed, from the time the assessment roll shall be approved by said board of county commissioners and placed in the hands of the county treasurer, as collector. After said roll shall have been delivered to the county treasurer for collection, he shall proceed to collect the same, in the manner as other taxes are collected: *Provided*, That such treasurer shall give at least ten days' notice in the official newspaper (and shall mail a copy of such notice to the owner of the property assessed, when the post office address of such owner is known, but failure to mail such notice shall not be fatal when publication thereof is made), that such roll has been certified to him for collection, and that unless payment be made within thirty days from the date of such notice, that the sum charged against each lot or parcel of land shall be paid in not more than ten equal annual payments, with interest upon the whole sum so charged at a rate not to exceed seven percent per annum. Said interest shall be paid semiannually, and the county treasurer shall proceed to collect the amount due each year by the publication of notice as hereinabove provided. [1907 c 236 § 8; RRS § 9676. Formerly RCW 88.32.100 and 88.32.110.]

88.32.130 Local improvement fund—Disbursements. All moneys paid or collected on account of any assessments made pursuant to RCW 88.32.010 through 88.32.220, shall be kept by the county treasurer in the county depository separate and apart from the other funds of the county, in a fund to be established by the board of county commissioners and to be known as "Local Improvement Fund, District No. ----- of ----- County"; and said money shall at all times be subject to the order of the United States government engineer, having said river and harbor improvement in said county in charge, and the county treasurer shall pay said money out upon drafts, drawn upon said fund, for the cost of said improvement, by said United States

government engineer. If such government engineer is unable or unauthorized to act in the premises, then the county treasurer shall pay out said money for the costs of said improvement, upon the order of the board of county commissioners. [1907 c 236 § 9; RRS § 9677.]

88.32.140 Bonds—Issuance—Sale—Form—Interest coupons. In all cases, the county, as the agent of the local improvement district, shall, by resolution of its board of county commissioners, cause to be issued in the name of the county, the bonds for such local improvement district for the whole estimated cost of such improvement, less such amounts as shall have been paid within the thirty days provided for redemption, as hereinabove specified. Such bonds shall be called "Local Improvement Bonds, District No. _____, County of _____, State of Washington", and shall be payable not more than ten years after date, and shall be subject to annual call by the county treasurer, in such manner and amounts as he may have cash on hand to pay the same in the respective local improvement fund from which such bonds are payable, interest to be paid at the office of the county treasurer. Such bonds shall be issued and delivered to the contractor for the work from month to month in such amounts as the engineer of the government, in charge of the improvement, shall certify to be due on account of work performed, or, if said board of county commissioners resolve so to do, such bonds may be offered for sale after thirty days public notice thereof given, to be delivered to the highest bidder therefor, but in no case shall such bonds be sold for less than par, the proceeds to be applied in payment for such improvement: *Provided*, That unless the contractor for the work shall agree to take such bonds in payment for his work at par, such work shall not be begun until the bonds shall have been sold and the proceeds shall have been paid into a fund to be called "Local Improvement Fund No. _____, County of _____", and the holder or holders of such bonds shall look only to such fund for the payment of either the principal or interest of such bonds. •

Such bonds shall be issued in denominations of one hundred dollars each, and shall be substantially in the following form:

"Local Improvement Bond, District Number _____ of the County of _____, State of Washington. No. _____ N.B. _____ \$_____

This bond is not a general debt of the county of _____ and has not been authorized by the voters of said county as a part of its general indebtedness. 89.08.005 Short title. This chapter shall be known and cited as the conservation districts law. [1973 1st

ex.s. c 184 § 1; 1961 c 240 § 1; 1939 c 187 § 1; RRS § 10726-1.]

89.08.010 Preamble. It is hereby declared, as a matter of legislative determination:

(1) That the lands of the state of Washington are among the basic assets of the state and that the preservation of these lands is necessary to protect and promote the health, safety, and general welfare of its people; that improper land-use practices have caused and have contributed to, and are now causing and contributing to, a progressively more serious erosion of the lands of this state by wind and water; that the breaking of natural grass, plant and forest cover have interfered with the natural factors of soil stabilization, causing loosening of soil and exhaustion of humus, and developing a soil condition that favors erosion; that the topsoil is being blown and washed off of lands; that there has been an accelerated washing of sloping lands; that these processes of erosion by wind and water speed up with removal of absorptive topsoil, causing exposure of less absorptive and less protective but more erosive subsoil; that failure by any land occupier to conserve the soil and control erosion upon his lands may cause a washing and blowing of soil from his lands onto other lands and makes the conservation of soil and control of erosion on such other lands difficult or impossible, and that extensive denuding of land for development creates critical erosion areas that are difficult to effectively regenerate and the resulting sediment causes extensive pollution of streams, ponds, lakes and other waters.

(2) That the consequences of such soil erosion in the form of soil blowing and soil washing are the silting and sedimentation of stream channels, reservoirs, dams, ditches, and harbors, and loading the air with soil particles; the loss of fertile soil material in dust storms; the piling up of soil on lower slopes and its deposit over alluvial plains; the reduction in productivity or outright ruin of rich bottom lands by overwash of poor subsoil material, sand, and gravel swept out of the hills; deterioration of soil and its fertility, deterioration of crops grown thereon, and declining acre yields despite development of scientific processes for increasing such yields; loss of soil and water which causes destruction of food and cover for wildlife; a blowing and washing of soil into streams which silts over spawning beds, and destroys water plants, diminishing the food supply of fish; a diminishing of the underground water reserve, which causes water shortages, intensifies periods of drought, and causes crop failures; an increase in the speed and volume of rainfall run-off, causing severe and increasing floods, which bring suffering, disease, and death; impoverishment of families attempting to farm eroding and eroded lands; damage to roads, highways, railways, buildings, and other property from floods and from dust storms; and losses in navigation, hydroelectric power, municipal water supply, irrigation developments, farming and grazing.

(3) That to conserve soil resources and control and prevent soil erosion and prevent flood water and sediment damages, and further agricultural and nonagricultural phases of the conservation, development,

utilization, and disposal of water, it is necessary that land-use practices contributing to soil wastage and soil erosion be discouraged and discontinued, and appropriate soil-conserving land-use practices, and works of improvement for flood prevention of agricultural and nonagricultural phases of the conservation, development, utilization, and disposal of water be adopted and carried out; that among the procedures necessary for widespread adoption, are the carrying on of engineering operations such as the construction of terraces, terrace outlets, check-dams, desilting basins, flood water retarding structures, channel floodways, dikes, ponds, ditches, and the like; the utilization of strip cropping, contour cultivating, and contour furrowing; land irrigation; seeding and planting of waste, sloping, abandoned, or eroded lands to water-conserving and erosion-preventing plants, trees, and grasses; forestation and reforestation; rotation of crops; soil stabilizations with trees, grasses, legumes, and other thick-growing, soil-holding crops, retardation of run-off by increasing absorption of rainfall; and retirement from cultivation of steep, highly erosive areas and areas now badly gullied or otherwise eroded.

(4) Whereas, there is a pressing need for the conservation of renewable resources in all areas of the state, whether urban, suburban, or rural, and that the benefits of resource practices, programs, and projects, as carried out by the state conservation commission and by the conservation districts, should be available to all such areas; therefore, it is hereby declared to be the policy of the legislature to provide for the conservation of the renewable resources of this state, and for the control and prevention of soil erosion, and for the prevention of flood water and sediment damages, and for furthering agricultural and nonagricultural phases of conservation, development, utilization, and disposal of water, and thereby to preserve natural resources, control floods, prevent impairment of dams and reservoirs, assist in maintaining the navigability of rivers and harbors, preserve wildlife, protect the tax base, protect public lands, and protect and promote the health, safety, and general welfare of the people of this state. To this end all incorporated cities and towns heretofore excluded from the boundaries of a conservation district established pursuant to the provisions of the state conservation district law, as amended, may be approved by the conservation commission as being included in and deemed a part of the district upon receiving a petition for annexation signed by the governing authority of the city or town and the conservation district within the exterior boundaries of which it lies in whole or in part or to which it lies closest. [1973 1st ex.s. c 184 § 2; 1939 c 187 § 2; RRS § 10726-2.]

89.08.080 Petition to form district—Contents. To form a conservation district, twenty-five or more persons occupying land within the area to be affected may file a petition with the commission asking that the area be organized into a district.

The petition shall give the name of the proposed district, state that it is needed in the interest of the public health, safety, and welfare, give a general description of the area proposed to be organized and request that the commission determine that it be created, and that it define the boundaries thereof and call an election on the question of creating the district.

89.08.100 Findings—Order. After the hearing, if the commission finds that the public health, safety, and welfare warrant the creation of the district, it shall enter an order to that effect and define the boundaries thereof by metes and bounds or by legal subdivisions.

In making its findings the commission shall consider the topography of the particular area and of the state generally; the composition of the soil; the distribution of erosion; the prevailing land use practices; the effects upon and benefits to the land proposed to be included; the relation of the area to existing watersheds and agricultural regions and to other similar districts organized or proposed; and consider such other physical, geographical, and economic factors as are relevant.

If the commission finds there is no need for the district, it shall enter an order denying the petition, and no petition covering the same or substantially the same area may be filed within six months thereafter. [1973 1st ex.s. c 184 § 11; 1955 c 304 § 10. Prior: 1939 c 187 § 5, part; RRS § 10726-5, part.]

89.08.110 Election—How conducted. If the commission finds that the district is needed, it shall then determine whether it is practicable. To assist the commission in determining this question, it shall, within a reasonable time, submit the proposition to a vote of the land occupiers in the proposed district.

The commission shall fix the date of the election, designate the polling places, fix the hours for opening and closing the polls, and appoint the election officials. - " Against creation of a conservation district of the lands below described and lying in the county or counties of -----, ----- and -----."

The ballot shall set forth the boundaries of the proposed district, and contain a direction to insert an X in the square of the voter's choice. [1973 1st ex.s. c 184 § 13;

1961 c 240 § 8; 1955 c 304 § 12. Prior: 1939 c 187 § 5, part; RRS § 10726-5, part.]

89.08.130 Notice of election. The commission shall give due notice of the election, which shall state generally the purpose of the election, the date thereof, the place and hours of voting, and set forth the boundaries of the proposed district.

Only qualified electors within the proposed district as determined by the commission may vote at the election. Each voter shall vote in the polling place nearest his residence. If he resides outside the district, he shall vote at the nearest polling place of the district. [1973 1st ex.s. c 184 § 14; 1955 c 304 § 13. Prior: 1939 c 187 § 5, part; RRS § 10726-5, part.]

The commission shall bear all expense of giving the notices and conducting the hearings and election, and shall issue regulations governing all hearings and elections and supervise the conduct thereof. It shall provide for registration of eligible voters or prescribe the procedure to determine the eligible voters. No informality in connection with the election shall invalidate the results, if the notice thereof was substantially given, and the election fairly conducted. [1973 1st ex.s. c 184 § 15; 1955 c 304 § 14. Prior: 1939 c 187 § 5, part; RRS § 10726-5, part.]

89.08.150 Procedure after canvass. If a majority of the votes cast at the election are against the creation of the district, the commission shall deny the petition. If a majority favor the district, the commission shall determine the practicability of the project.

In making such determination, the commission shall consider the attitude of the land occupiers of the district; the number of eligible voters who voted at the election; the size of the majority vote; the wealth and income of the land occupiers; the probable expense of carrying out the project; and any other economic factors relevant thereto.

If the commission finds that the project is impracticable it shall enter an order to that effect and deny the petition. When the petition has been denied, no new petition covering the same or substantially the same area may be filed within six months therefrom. [1973 1st ex.s. c 184 § 16; 1955 c 304 § 15. Prior: 1939 c 187 § 5, part; RRS § 10726-5, part.]

89.08.160 Appointment of supervisors—Application to secretary of state. If the commission finds the project practicable, it shall appoint two supervisors, one of whom shall be a landowner or operator of a farm, who shall be qualified by training and experience to perform the specialized skilled services required of them. They, with the three elected supervisors, two of whom shall be landowners or operators of a farm, shall constitute the governing board of the district.

The two appointed supervisors shall file with the secretary of state a sworn application, reciting that a petition was filed with the commission for the creation of the district; that all required proceedings were had thereon; that they were appointed by the commission as such

supervisors; and that the application is being filed to complete the organization of the district. It shall contain the names and residences of the applicants, a certified copy of their appointments, the name of the district, the location of the office of the supervisors and the term of office of each applicant.

The application shall be accompanied by a statement of the commission, reciting that a petition was filed, notice issued, and hearing held thereon as required; that it determined the need for the district and defined the boundaries thereof; that notice was given and an election held on the question of creating the district; that a majority vote favored the district, and that the commission had determined the district practicable; and shall set forth the boundaries of the district. [1973 1st ex.s. c 184 § 17; 1955 c 304 § 16. Prior: 1939 c 187 § 5, part; RRS § 10726-5, part.]

89.08.170 Secretary of state's certificate—Change of name. If the secretary of state finds that the name of the proposed district is such as will not be confused with that of any other district, he shall enter the application and statement in his records. If he finds the name may be confusing, he shall certify that fact to the commission, which shall submit a new name free from such objections, and he shall enter the application and statement as modified, in his records. Thereupon the district shall be considered organized into a body corporate.

The secretary of state shall then issue to the supervisors a certificate of organization of the district under the seal of the state, and shall record the certificate in his office. Proof of the issuance of the certificate shall be evidence of the establishment of the district, and a certified copy of the certificate shall be admissible as evidence and shall be proof of the filing and contents thereof. The name of a conservation district may be changed upon recommendation by the supervisors of a district and approval by the state conservation commission and the secretary of state. The new name shall be recorded by the secretary of state following the same general procedure as for the previous name. [1973 1st ex.s. c 184 § 18; 1961 c 240 § 9; 1955 c 304 § 17. Prior: 1951 c 216 § 1; 1939 c 187 § 5, part; RRS § 10726-5, part.]

89.08.180 Annexation of territory—Boundary change—Combining two or more districts. Territory may be added to an existing district upon filing a petition as in the case of formation with the commission by occupiers of the lands to be included. The same procedure shall be followed as for the creation of the district.

As an alternate procedure, the commission may upon the petition of a majority of the land occupiers in any one or more districts or in unorganized territory adjoining a conservation district change the boundaries of a district, or districts, if such action will promote the practical and feasible administration of such district or districts.

Upon petition of the boards of supervisors of two or more districts, the commission may approve the combining of all or parts of such districts and name the district,

or districts, with the approval of the name by the secretary of state. A public hearing and/or a referendum may be held if deemed necessary or desirable by the commission in order to determine the wishes of land occupiers.

When districts are combined, the joint boards of supervisors will first select a chairman, secretary and other necessary officers and select a regular date for meetings. All elected supervisors will continue to serve as members of the board until the expiration of their current term of office, and/or until the election date nearest their expiration date. All appointed supervisors will continue to serve until the expiration of their current term of office, at which time the commission will make the necessary appointments. In the event that more than two districts are combined, a similar procedure will be set up and administered by the commission.

When districts are combined or territory is moved from one district to another, the property, records and accounts of the districts involved shall be distributed to the remaining district or districts as approved by the commission. A new certificate of organization, naming and describing the new district or districts, shall be issued by the secretary of state. [1973 1st ex.s. c 184 § 19; 1961 c 240 § 10; 1955 c 304 § 18. 89.08.190 Nomination and election of supervisors—Annual meeting of voters. Within thirty days after the issuance of the certificate of organization, unless the time is extended by the commission, petitions shall be filed with the commission to nominate candidates for the three elected supervisors. The petition shall be signed by not less than twenty-five district electors, and a district elector may sign petitions nominating more than one person.

In the case of a new district, the commission shall give due notice to elect the three supervisors. All provisions pertaining to elections on the creation of a district shall govern this election so far as applicable. The names of all nominees shall appear on the ballot in alphabetical order, together with instructions to vote for three. The three candidates receiving the most votes shall be declared elected supervisors, the one receiving the most being elected for a three-year term, the next for two and the last for one year. An alternate method of dividing the district into three zones may be used when requested by the board of supervisors and approved by the commission. In such case, instructions will be to vote for one in each zone. The candidate receiving the most votes in a zone shall be declared elected.

Each year after the creation of the first board of supervisors, the board shall by resolution and by giving due notice, set a date during the first quarter of each calendar year at which time it shall conduct an election. Names of candidates nominated by petition shall appear in alphabetical order on the ballots, together with an extra line wherein may be written in the name of any other candidate. The commission shall establish procedures for elections, canvass the returns and announce the official results thereof. Election results may be announced by polling officials at the close of the election subject to official canvass of ballots by the commission.

Supervisors elected shall take office at the first board meeting following the election. [1973 1st ex.s. c 184 § 20; 1967 c 217 § 2; 1961 c 240 § 11; 1955 c 304 § 19; 1939 c 187 § 6; RRS § 10726-6.]

89.08.200 Supervisors—Term, vacancies, removal, etc.—Compensation. The term of office of each supervisor shall be three years and until his successor is appointed or elected and qualified, except that the supervisors first appointed shall serve for one and two years respectively from the date of their appointments, as designated in their appointments.

In the case of elected supervisors, the term of office of each supervisor shall be three years and until his successor is elected and qualified, except that for the first election, the one receiving the largest number of votes shall be elected for three years; the next largest two years; and the third largest one year. Successors shall be elected for three-year terms.

Vacancies in the office of appointed supervisors shall be filled by the state conservation commission. Vacancies in the office of elected supervisors shall be filled by appointment made by the remaining supervisors for the unexpired term.

A majority of the supervisors shall constitute a quorum and the concurrence of a majority is required for any official action or determination.

Supervisors shall serve without compensation, but they shall be entitled to expenses, including traveling expenses, necessarily incurred in discharge of their duties. A supervisor may be removed by the state conservation commission upon notice and hearing, for neglect of duty or malfeasance in office, but for no other reason.

The governing board shall designate a chairman from time to time. [1973 1st ex.s. c 184 § 21; 1961 c 240 § 12; 1955 c 304 § 21. Prior: 1949 c 106 § 2, part; 1939 c 187 § 7, part; Rem. Supp. 1949 § 10726-7, part.]

The supervisors shall provide for the execution of surety bonds for officers and all employees who shall be entrusted with funds or property.

The supervisors shall provide for the keeping of a full and accurate record of all proceedings, resolutions, regulations, and orders issued or adopted. The supervisors shall provide for an annual audit of the accounts of

receipts and disbursements in accordance with procedures prescribed by regulations of the commission.

The board may invite the legislative body of any municipality or county near or within the district, to designate a representative to advise and consult with it on all questions of program and policy which may affect the property, water supply, or other interests of such municipality or county. The governing body of a district shall appoint such advisory committees as may be needed to assure the availability of appropriate channels of communication to the board of supervisors, to persons affected by district operations, and to local, regional, state and interstate special-purpose districts and agencies responsible for community planning, zoning, or other resource development activities. (4) To cooperate or enter into agreements with, and within the limits of appropriations duly made available to it by law, to furnish financial or other aid to any agency, governmental or otherwise, or any occupier of lands within the district in the carrying on of preventive and control measures and works of improvement for the conservation of renewable natural resources within the district, subject to such conditions as the supervisors may deem necessary to advance the purposes of *this 1973 amendatory act;

(5) To obtain options upon and to acquire in any manner, except by condemnation, by purchase, exchange, lease, gift, bequest, devise, or otherwise, any property, real or personal, or rights or interests therein; to maintain, administer, and improve any properties acquired, to receive income from such properties and to expend such income in carrying out the purposes and provisions of *this 1973 amendatory act; and to sell, lease, or otherwise dispose of any of its property or interests therein in furtherance of the purposes and the provisions of *this act;

(6) To make available, on such terms, as it shall prescribe, to land occupiers within the district, agricultural and engineering machinery and equipment, fertilizer, seeds, seedlings, and such other equipment and material as will assist them to carry on operations upon their lands for the conservation of renewable natural resources;

(7) To prepare and keep current a comprehensive long-range program recommending the conservation of all the renewable natural resources of the district. Such programs shall be directed toward the best use of renewable natural resources and in a manner that will best meet the needs of the district and the state, taking into consideration, where appropriate, such uses as farming, grazing, timber supply, forest, parks, outdoor recreation, potable water supplies for urban and rural areas, water for agriculture, minimal flow, and industrial uses, watershed stabilization, control of soil erosion, retardation of water run-off, flood prevention and control, reservoirs and other water storage, restriction of developments of flood plains, protection of open space and scenery, preservation of natural beauty, protection of fish and wildlife, preservation of wilderness areas and wild rivers, the prevention or reduction of sedimentation and other pollution in rivers and other waters, and such location of highways, schools, housing developments, industries, airports and other facilities and structures as will fit the needs of the state and be consistent with the best uses of the renewable natural resources of the state. The program shall include an inventory of all renewable natural resources in the district, a compilation of current resource needs, projections of future resource requirements, priorities for various resource activities, projected timetables, descriptions of available alternatives, and provisions for coordination with other resource programs.

The district shall also prepare an annual work plan, which shall describe the action programs, services, facilities, materials, working arrangements and estimated

funds needed to carry out the parts of the long-range programs that are of the highest priorities.

The districts shall hold public hearings at appropriate times in connection with the preparation of programs and plans, shall give careful consideration to the views expressed and problems revealed in hearings, and shall keep the public informed concerning their programs, plans, and activities. Occupiers of land shall be invited to submit proposals for consideration to such hearings. The districts may supplement such hearings with meetings, referenda and other suitable means to determine the wishes of interested parties and the general public in regard to current and proposed plans and programs of a district. They shall confer with public and private agencies, individually and in groups, to give and obtain information and understanding of the impact of district operations upon agriculture, forestry, water supply and quality, flood control, particular industries, commercial concerns and other public and private interests, both rural and urban.

Each district shall submit to the commission its proposed long-range program and annual work plans for review and comment.

The long-range renewable natural resource program, together with the supplemental annual work plans, developed by each district under the foregoing procedures shall have official status as the authorized program of the district, and it shall be published by the districts as its "renewable resources program". Copies shall be made available by the districts to the appropriate counties, municipalities, special purpose districts and state agencies, and shall be made available in convenient places for examination by public land occupier or private interest concerned. Summaries of the program and selected material therefrom shall be distributed as widely as feasible for public information;

(8) To administer any project or program concerned with the conservation of renewable natural resources located within its boundaries undertaken by any federal, state, or other public agency by entering into a contract or other appropriate administrative arrangement with any agency administering such project or program;

(9) Cooperate with other districts organized under *this 1973 amendatory act in the exercise of any of its powers;

(10) To accept donations, gifts, and contributions in money, services, materials, or otherwise, from the United States or any of its agencies, from this state or any of its agencies, or from any other source, and to use or expend such moneys, services, materials, or any contributions in carrying out the purposes of *this act;

(11) To sue and be sued in the name of the district; to have a seal which shall be judicially noticed; have perpetual succession unless terminated as hereinafter provided; to make and execute contracts and other instruments, necessary or convenient to the exercise of its powers; to borrow money and to pledge, mortgage and assign the income of the district and its real or personal property therefor; and to make, amend rules and regulations not inconsistent with *this 1973 amendatory act and to carry into effect its purposes;

(12) Any two or more districts may engage in joint activities by agreement between or among them in planning, financing, constructing, operating, maintaining, and administering any program or project concerned with the conservation of renewable natural resources. The districts concerned may make available for purposes of the agreement any funds, property, personnel, equipment, or services available to them under *this 1973 amendatory act;

Any district may enter into such agreements with a district or districts in adjoining states to carry out such purposes if the law in such other states permits the districts in such states to enter into such agreements.

The commission shall have authority to propose, guide, and facilitate the establishment and carrying out of any such agreement;

(13) Every district shall, through public hearings, annual meetings, publications, or other means, keep the general public, agencies and occupiers of land within the district, informed of the works and activities planned and administered by the district, of the purposes these will serve, of the income and expenditures of the district, of the funds borrowed by the district and the purposes for which such funds are expended, and of the results achieved annually by the district; and

(14) The supervisors of conservation districts may designate an area, state, and national association of conservation districts as a coordinating agency in the execution of the duties imposed by this chapter, and to make gifts in the form of dues, quotas, or otherwise to such associations for costs of services rendered, and may support and attend such meetings as may be required to promote and perfect the organization and to effect its purposes. [1973 1st ex.s. c 184 § 23; 1963 c 110 § 1; 1961 c 240 § 13; 1955 c 304 § 23. Prior: (i) 1939 c 187 § 8; RRS § 10726-8. (ii) 1939 c 187 § 13; RRS § 10726-13.]

*Reviser's note: "this act" and "this 1973 amendatory act", see note following RCW 89.08.020.

89.08.341 Intergovernmental cooperation—
Authority. Any agency of the government of this state and any local political subdivision of this state is hereby authorized to make such arrangements with any district, through contract, regulation or other appropriate means, wherever it believes that such arrangements will promote administrative efficiency or economy.

In connection with any such arrangements, any state or local agency or political subdivision of this state is authorized, within the limits of funds available to it, to contribute funds, equipment, property or services to any district; and to collaborate with a district in jointly planning, constructing, financing or operating any work or activity provided for in such arrangements and in the joint acquisition, maintenance and operation of equipment or facilities in connection therewith.

State agencies, the districts, and other local agencies are authorized to make available to each other maps, reports and data in their possession that are useful in the preparation of their respective programs and plans for resource conservation. The districts shall keep the state and local agencies fully informed concerning the status

and progress of the preparation of their resource conservation programs and plans.

The state conservation commission and the counties of the state may provide respective conservation districts such administrative funds as will be necessary to carry out the purpose of *this 1973 amendatory act. [1973 1st ex.s. c 184 § 24.]

*Reviser's note: "this 1973 amendatory act", see note following RCW 89.08.020.

89.08.350 Petition to dissolve district—Election. At any time after five years from the organization of a district, one hundred land occupiers in the district may file with the commission a petition, praying that the district be dissolved. The commission may hold public hearings thereon, and within sixty days from receipt of the petition, shall give due notice of an election on the question of dissolution. It shall provide appropriate ballots, conduct the election, canvass the returns, and declare the results in the same manner as for elections to create a district.

All district electors may vote at the election. No informality relating to the election shall invalidate it if notice is substantially given and the election is fairly conducted. [1973 1st ex.s. c 184 § 25; 1955 c 304 § 25. Prior: 1939 c 187 § 15, part; RRS § 10726-15, part.]

89.08.360 Result of election—Determination of practicability. If a majority of the votes cast at the election are for dissolution, the district shall be dissolved. If two-thirds of the votes are against dissolution, the commission shall determine whether the continuance of the district is practicable. In making the determination it shall consider all the factors considered by it in determining that the district was practicable originally. If it finds that further operation of the district is impracticable it shall order it dissolved and certify its determination to the supervisors. [1973 1st ex.s. c 184 § 26; 1955 c 304 § 26. Prior: 1939 c 187 § 15, part; RRS § 10726-15, part.]

89.08.370 Disposition of affairs upon dissolution. If the district is ordered dissolved, the supervisors shall forthwith terminate the affairs of the district and dispose of all district property at public auction, and pay the proceeds therefrom to the state treasurer.

They shall then file a verified application with the secretary of state for the dissolution of the district, accompanied by a certificate of the commission reciting the determination that further operation of the district is impracticable. The application shall recite that the property of the district has been disposed of, that the proceeds therefrom have been paid to the treasurer, and contain a full accounting of the property and proceeds. Thereupon the secretary shall issue to the supervisors a certificate of dissolution and file a copy thereof in his records. [1973 1st ex.s. c 184 § 27; 1955 c 304 § 27. Prior: 1939 c 187 § 15, part; RRS § 10726-15, part.]

89.08.380 Effect of dissolution—Commission substituted. A dissolution of a district shall not affect any

contracts or obligations of the district. Upon the issuance of the certificate of dissolution, the commission shall be substituted for the supervisors and it shall assume all the duties, liabilities, and powers of the supervisors.

When a petition for the dissolution of a district is rejected, no new petition may be filed for a period of five years. [1973 1st ex.s. c 184 § 28; 1955 c 304 § 28. Prior: 1939 c 187 § 15, part; RRS § 10726-15, part.]

89.08.390 Water rights preserved. Insofar as any of the provisions of this chapter are inconsistent with the provisions of any other law, the provisions of this chapter shall be controlling: *Provided, however,* That none of the provisions of this chapter shall be construed so as to impair water rights appurtenant to lands within or without the boundaries of any district or districts organized hereunder. [1939 c 187 § 17; RRS § 10726-17.]

89.08.391 Water rights preserved. Insofar as any of the provisions of this chapter are inconsistent with the provisions of any other law, the provisions of this chapter shall be controlling: *Provided, however,* That none of the provisions of this chapter shall be construed so as to impair water rights appurtenant to lands within or without the boundaries of any district or districts organized hereunder. [1973 1st ex.s. c 184 § 30.]

89.08.900 Severability—1939 c 187. If any provision of this chapter, or the application of any provision to any person or circumstances, is held invalid, the remainder of the chapter and the application of such provision to other persons or circumstances shall not be affected thereby. [1939 c 187 § 16; RRS § 10726-16.]

89.08.901 Severability—1973 1st ex.s. c 184. If any provision of this chapter, or the application of any provision to any person or circumstances, is held invalid, the remainder of the chapter and the application of such provision to other persons or circumstances shall not be affected thereby. [1973 1st ex.s. c 184 § 31.]

89.12.010 Preamble. It is the policy of the state of Washington in connection with lands within the scope of this chapter which may be irrigated through works of federal reclamation projects, to assist the United States in the reduction or prevention of speculation in such lands and in limiting the size of the holdings thereof entitled to receive water by means of the works of such projects, and otherwise to cooperate with the United States with respect thereto. [1957 c 165 § 1; 1943 c 275 § 1; Rem. Supp. 1943 § 7525–20.]

Severability—1943 c 275: "Each section and provision of this act shall be considered separable from every other section and provision of the act, and should any section or provision thereof be held unconstitutional, the unconstitutionality of such section or provision shall not affect or impair the validity of the remainder of the act, but in that event the unconstitutional section or provision shall be eliminated and the remainder of the act remain in full force and effect." [1943 c 275 § 16.]

89.12.020 Definitions. As used in this chapter,

The term "secretary" shall mean the secretary of the interior of the United States, or his duly authorized representative.

The term "appraised value" shall mean the value of lands within the scope of this chapter appraised or reappraised by the secretary without reference to or increment on account of the irrigation works built or to be built by the United States.

The term "district" shall mean an irrigation or reclamation district governed by this chapter as provided in RCW 89.12.030.

The term "federal reclamation laws" shall mean the act of congress of June 17, 1902 (32 Stat. 388) and acts amendatory thereof or supplemental thereto including the act of congress entitled "An Act to amend the Act approved May 27, 1937 (Ch. 269, 50 Stat. 208), by providing substitute and additional authority for the prevention of speculation in lands of the Columbia Basin project, and substitute an additional authority related to the settlement and development of the project, and for other purposes, enacted and approved in the Seventy-Eighth Session."

The term "lands" shall mean, unless otherwise indicated, lands within the boundaries of a district contracting or intending to contract with the United States under the terms of this chapter.

The term "owner," "landowner," and "any one landowner" shall mean any person, corporation, joint stock association or family owning lands that are within the scope of this chapter.

The term "family" shall mean a group consisting of either or both husband and wife, together with their children under eighteen years of age, or all of such children if both parents are dead, the term "their children" including the issue and lawfully adopted children of either or both husband and wife. Within the meaning of this chapter, lands shall be deemed to be held by a family if held as separate property of husband or wife, or if

held as a part or all of their community property, or if they are the property of any or all of their children under eighteen years of age. [1943 c 275 § 3; Rem. Supp. 1943 § 7525–22.]

89.12.030 Applicability and purpose of chapter. The provisions of this chapter shall be applicable to any irrigation or reclamation district organized under the laws of this state contracting or intending to contract with the United States under the federal reclamation laws with respect to a water supply for irrigation from the Columbia Basin project or from any project or division of a project hereafter undertaken in this state by the United States under those laws, and shall govern as to any lands which are now or may hereafter be included in any such district and as to the relationship between any such district and any such lands. The prospect of the construction of the irrigation features of the Columbia Basin project and of other works under the federal reclamation laws for the irrigation of lands in this state requires the granting of authority to irrigation and reclamation districts and to state and county officers to assist the United States, in accordance with the policy of this enactment, in meeting the problems of land speculation and in limiting the size of holdings of lands that may be benefited by such works, and otherwise to cooperate with the United States in connection with the irrigation of lands in this state. The provisions of this chapter, however, are supplemental to other provisions of the law of the state, not inconsistent herewith, which pertain to such districts. [1943 c 275 § 2; Rem. Supp. 1949 § 7525–21.]

89.12.040 Units and legal subdivisions authorized—Size—Plats—Excess land. In connection with a district contracting or intending to contract with the United States under this chapter, the secretary for the purpose of administering the federal reclamation laws and of providing for the delivery of water thereto, the method thereof, and the turnout therefor may segregate such lands, or any part thereof, into units and/or legal subdivisions, having in mind the character of soil, topography, method or methods of irrigation best suited therefor, location with respect to the irrigation system, type of irrigation system, and such other relevant factors as enter into the determination of the area and boundaries thereof and the method or methods of irrigating the same. Plats or revisions thereof showing the units and/or the legal subdivisions and the exclusive method or methods of irrigating such units and/or legal subdivisions or portions thereof when approved, may be filed by the United States for record with the auditor of the county in which the land is located. Lands in excess of the acreage in the amount specified by applicable federal law as not being excess lands held by any one landowner shall be deemed excess land. [1970 ex.s. c 71 § 1; 1963 c 3 § 1; 1957 c 165 § 2; 1943 c 275 § 4; Rem. Supp. 1943 § 7525–23.]

89.12.050 Contracts with United States—Permissible provisions. A district may enter into repayment and other contracts with the United States under the terms

of the federal reclamation laws in matters relating to federal reclamation projects, and may with respect to lands within its boundaries include in the contract, among others, an agreement that:

(1) The district will not deliver water by means of the project works provided by the United States to or for excess lands not eligible therefor under applicable federal law.

(2) As a condition to receiving water by means of the project works, each excess landowner in the district, unless his excess lands are otherwise eligible to receive water under applicable federal law, shall be required to execute a recordable contract covering all of his excess lands within the district.

(3) All excess lands within the district not eligible to receive water by means of the project works shall be subject to assessment in the same manner and to the same extent as lands eligible to receive water, subject to such provisions as the secretary may prescribe for postponement in payment of all or part of the assessment but not beyond a date five years from the time water would have become available for such lands had they been eligible therefor.

(4) The secretary is authorized to amend any existing contract, deed, or other document to conform to the provisions of applicable federal law as it now exists. Any such amendment may be filed for record under RCW 89.12.080. [1963 c 3 § 2; 1957 c 165 § 3; 1951 c 200 § 1; 1943 c 275 § 5; Rem. Supp. 1943 § 7525-24.]

89.12.060 Covenants running with the land—Contract provisions to govern. Any or all of the provisions which may be required to be included in recordable contracts may be made covenants running with any tract of land covered by the contract by expressly so providing therein. Recordable contracts expressly providing that any or all of such provisions shall be covenants running with the land covered thereby shall not be destroyed or extinguished by any tax or assessment foreclosure or deed issued pursuant thereto.

Such of the limitations and provisions of RCW 89.12.050 as are included in the repayment contract between the district and the United States, shall govern all the lands within the district unless otherwise provided in such contract and shall govern notwithstanding any other provisions of the laws of this state. [1963 c 3 § 3; 1953 c 148 § 1; 1943 c 275 § 6; Rem. Supp. 1943 § 7525-25.]

89.12.071 Fraudulent and unlawful conveyances—Preservation of rights acquired prior to repeal of RCW 89.12.070. The rights of any vendee or grantee as defined in section 7(b), chapter 275, Laws of 1943 as amended by section 2(b), chapter 200, Laws of 1951 and in RCW 89.12.070(2) are hereby preserved as to any transactions that were consummated by contract or deed prior to the repeal of said sections by this chapter. [1963 c 3 § 6.]

89.12.080 Instruments may be filed—Filing imparts notice. There may be filed for record in the office of the county auditor in the county in which the

land lies any of the following: (1) Copies of any plat of established farm units approved by the secretary as provided in RCW 89.12.040, when authenticated in the manner authorized by law; (2) copies of any instrument, action, determination, rule or regulation of the secretary made in connection with the provisions of RCW 89.12.050 or otherwise under the federal reclamation laws and which is or may be determinative of title to lands or interest in lands, when authenticated in the manner authorized by law; and (3) any contract or instrument required to be executed by an owner, land purchaser or other person in connection with provisions incorporated in repayment contracts between a district and the United States as authorized by RCW 89.12.050. Such filing shall impart legal notice to the public of the matters and things set out therein. [1943 c 275 § 8; Rem. Supp. 1943 § 7525-27.]

89.12.090 State lands in district—State consent to assessment, conditions. Whenever a district to which this chapter applies is organized or in process of organization, the state of Washington, by and through its proper officials, is authorized and directed to have any state lands within the exterior boundaries of such district included as a part of the lands of such district. The state hereby consents to the assessment by the district of such state lands so included in any such irrigation district, and to the enforcement of the payment of such assessments in like manner and to the same extent as applicable to private lands in such districts, except that the payment of such assessment against such state lands shall not be enforced by transfer of title, by tax sale, tax foreclosure or otherwise, until the state has sold or transferred such lands to a private party. [1943 c 275 § 9; Rem. Supp. 1943 § 7525-28.]

89.12.100 State lands—Terms and conditions of sale. If state lands within a district have been segregated into farm units and the appraised value thereof established, the state shall recognize and accept the appraisal as determining the market value of such lands, and shall offer the state lands for sale for cash on the following terms and conditions:

(1) Sales shall be made only at the appraised value; (2) only the number of farm units or acreage specified by applicable federal law as not being excess lands shall be sold to any person or family; (3) applicants for the purchase of a farm unit shall be selected, as nearly as practicable, in accordance with the provisions of subsection (C) of section 4 of the act of congress of December 5, 1924 (43 Stat. 702); and (4) each applicant shall be required to execute a recordable contract within six months from the date the state's conveyance or contract to convey is made, whichever is the earlier, if such a contract is required as a condition to the delivery of water under the terms of the district's repayment contract with the United States; except as the carrying out of any such terms or conditions as to particular state lands may be precluded by provisions of the state Constitution.

The state shall cooperate with the secretary in carrying out the purposes of this chapter and in connection

therewith, may execute recordable contracts covering any state lands and such other agreements as are necessary in connection with the administration of this chapter. [1957 c 165 § 4; 1951 c 200 § 3; 1943 c 275 § 10; Rem. Supp. 1943 § 7525-29.]

89.12.110 County lands—Contracts with United States. In the case of any county owned land within any district has been segregated into farm units as provided in RCW 89.12.040 and the appraised value thereof established, the board of county commissioners of the county shall have authority at its option of entering into a contract with the United States to bring any of such county lands as the county board shall determine under the provisions of the recordable contracts provided for in RCW 89.12.040, whenever such contracts are required as a condition to the delivery of water under the terms of the contract between the district and the United States, upon such terms as shall be agreed upon between the county and the United States: *Provided*, That such contract shall not obligate the county to pay any district assessments levied against such lands except such, if any, as the board of county commissioners of said county shall elect to pay: *Provided further*, That nothing herein contained shall be construed to deprive the district of the right to assess such lands, if otherwise assessable and to enforce the collection of the same in the manner provided by law. [1943 c 275 § 11; Rem. Supp. 1943 § 7525-30.]

89.12.120 Acceptance of federal act—Assessment and taxation authorized. The provisions and limitations of subsection 5(b) and 5(c) of the act of congress, as above entitled in RCW 89.12.020, concerning assessment and taxation of lands within the Columbia Basin project while legal title remains vested in the United States are hereby accepted; and assessment and taxation by the state, political subdivisions thereof, and districts are hereby authorized to be made in accordance with such provisions and limitations. [1943 c 275 § 14; Rem. Supp. 1943 § 7525-33.]

89.12.131 Adoption of Columbia Basin project act—Revocation of state's consent. Section 15, chapter 275, Laws of 1943 as amended by section 4, chapter 200, Laws of 1951 and RCW 89.12.130 are each repealed and any adoption, enactment, or consent of this state to the provisions of the federal act, as amended, cited therein are hereby revoked. [1963 c 3 § 5.]

89.12.140 Subdivision and sale of state lands in reclamation project. The commissioner of public lands of the state of Washington is authorized to cooperate with the secretary of the interior of the United States with a view to facilitate the execution of plans approved by the secretary of the interior for subdivision and disposal of lands under federal reclamation projects constructed or to be constructed under the provisions of the act of congress of June 17, 1902, (32 Stat., 388) and acts amendatory thereof or supplementary thereto in farm units bounded by lines considered more economical and convenient for irrigation and reclamation than the lines of

legal subdivisions and for such purpose is authorized to cause to be prepared and filed a plat or plats of any state lands in any such federal reclamation project showing said state lands subdivided into blocks, lots or farm units, with boundary lines other than those of legal subdivisions, and located with a view to greater convenience, economy or efficiency in irrigation and reclamation, and such subdivision into lots, blocks or farm units may be made in harmony with any general plan approved by the secretary of the interior for subdivision of the lands of any such federal reclamation project or any part or division of any such project into blocks, lots or farm units with boundary lines other than the boundary lines of legal subdivisions and designed for more convenient, economical or efficient reclamation and irrigation. And the commissioner of public lands is authorized to offer for sale and to sell such state lands, in the lots, blocks or farm units designated on such plat or plats instead of offering and selling the same in the legal subdivisions of the U.S. public land surveys. [1927 c 246 § 1; RRS § 7402-280.]

Severability—1927 c 246: "Sections 1 and 2 of this act are each declared to be separable from the remainder of the act, and, should either of said sections be held unconstitutional or void, the remainder of the act shall nevertheless remain effective and in such event such unconstitutional section shall be eliminated without affecting the remainder of the act." [1927 c 246 § 3.]

89.12.150 Exchange of state and federal lands. From and after the date that the consent of the United States shall be given thereto by act of congress, the said commissioner of public lands is authorized, upon request from the secretary of the interior, to cause an appraisal to be made by the board of state land commissioners of state lands in any division of any federal reclamation project which the secretary of the interior shall advise the commissioner of public lands that he desires to have subdivided into farm units of class referred to in RCW 89.12.140, and also to cause to be appraised by the board of state land commissioners such public lands of the United States on the same project, or elsewhere in the state of Washington, as the secretary of the interior may propose to exchange for such state land, and when the secretary of the interior shall have secured from congress authority to make such exchange the commissioner of public lands is authorized to exchange such state lands in any federal reclamation project for public lands of the United States on the same project or elsewhere in the state of Washington of approximately equal appraised valuation, and in making such exchange is authorized to execute suitable instruments in writing conveying or relinquishing to the United States such state lands and accepting in lieu thereof such public land of approximately equal appraised valuation. [1927 c 246 § 2; RRS § 7402-281.]

See 1955 c 370 § 1; RCW 43.79.330. As to the references to officers and agencies, see note following title digest.

89.16.005 Short title. This chapter shall be known and cited as the "State Reclamation Act". [1919 c 158 § 1; RRS § 3004.]

89.16.010 Declaration of purpose. The object of this chapter is to provide for the reclamation and development of such lands in the state of Washington as shall be determined to be suitable and economically available for reclamation and development as agricultural lands, and the state of Washington in the exercise of its sovereign and police powers declares the reclamation of such lands to be a state purpose and necessary to the public health, safety and welfare of its people. [1972 ex.s. c 51 § 1; 1919 c 158 § 2; RRS § 3005.]

89.16.020 Reclamation account created—Composition. For the purpose of carrying out the provisions of this chapter the state reclamation revolving account, heretofore established and hereinafter called the reclamation account, shall consist of all sums appropriated thereto by the legislature; all gifts made to the state therefor and the proceeds of the sale thereof; the proceeds of the sale or redemption of and the interest earned by securities acquired with the moneys thereof; and all reimbursements for moneys advanced for the payment of assessments upon public lands of the state for the improvement thereof. [1973 1st ex.s. c 40 § 1; 1972 ex.s. c 51 § 2; 1959 c 104 § 2. Prior: 1919 c 158 § 4, part; RRS § 3007, part.]

89.16.040 Payments from account—Reclamation districts specified. From the moneys appropriated from the reclamation account there shall be paid, upon vouchers approved by the director of ecology, the administrative expenses of the director under this chapter and such amounts as are found necessary for the investigation and survey of reclamation projects proposed to be financed in whole or in part by the director, and such amounts as may be authorized by him for the reclamation of lands in diking, diking improvement, drainage, drainage improvement, diking and drainage, diking and drainage improvement, irrigation and irrigation improvement districts, and such other districts as

are authorized by law for the reclamation or development of waste or undeveloped lands, and all such districts and improvement districts shall, for the purposes of this chapter be known as reclamation districts. [1972 ex.s. c 51 § 3; 1959 c 104 § 4. Prior: 1919 c 158 § 4, part; RRS § 3007, part.]

89.16.045 Loans from account—Contracts—Repayment. Notwithstanding any other provisions of this chapter, the director of ecology may, by written contract with a reclamation district, loan moneys from the reclamation account to said district for use in financing a project of construction, reconstruction or improvement of district facilities, or a project of additions to such facilities. No such contract shall exceed fifty thousand dollars per project or a term of ten years, or provide for an interest rate of more than eight percent per annum. The director shall not execute any contract as provided in this section until he determines that the project for which the moneys are furnished is within the scope of the district's powers to undertake, that the project is feasible, that its construction is in the best interest of the state and the district, and that the district proposing the project is in a sound financial condition and capable of repaying the loan with interest in not more than ten annual payments. Any district is empowered to enter into a contract, as provided for in this section, and to levy assessments based on the special benefits accruing to lands within the district as are necessary to satisfy the contract, when a resolution of the governing body of the reclamation district authorizing its execution is approved by the body: *Provided*, That no district shall be empowered to execute with the director any such contract during the term of any previously executed contract authorized by this section. [1972 ex.s. c 51 § 4; 1967 c 181 § 1.]

89.16.050 Powers and duties of director of ecology. In carrying out the purposes of this chapter, the director of the department of ecology of the state of Washington shall be authorized and empowered:

To make surveys and investigations of the wholly or partially unreclaimed and undeveloped lands in this state and to determine the relative agricultural values, productiveness and uses, and the feasibility and cost of reclamation and development thereof;

To formulate and adopt a sound policy for the reclamation and development of the agricultural resources of the state, and from time to time select for reclamation and development such lands as may be deemed advisable, and the director may in his discretion advise as to the formation and assist in the organization of reclamation districts under the laws of this state;

To purchase the bonds of any reclamation district whose project is approved by the director and which is found to be upon a sound financial basis, to contract with any such district for making surveys and furnishing engineering plans and supervision for the construction of its project, or for constructing or completing its project and to advance money to the credit of the district for any or all of such purposes, and to accept the bonds,

coupon notes or coupon warrants of such district in payment therefor, and to expend the moneys appropriated from the reclamation account in the purchase of such bonds, notes or warrants or in carrying out such contracts: *Provided*, That interest not to exceed the annual rate provided for in the bonds, notes or warrants agreed to be purchased, shall be charged and received for all moneys advanced to the district prior to the delivery of the bonds, notes or warrants and the amount of such interest shall be included in the purchase price of such bonds, notes or warrants: *Provided further*, That no district, the bonds, notes or warrants of which have been purchased by the state under the provisions of the state reclamation act, shall thereafter during the life of said bonds, notes or warrants make expenditures of any kind from the bond or coupon warrant funds of the district or incur obligations chargeable against such funds or issue any additional coupon notes without previous written approval of the director of ecology of the state of Washington, and any obligations incurred without such approval shall be void;

To sell and dispose of any reclamation district bonds acquired by the director, at public or private sale, and to pay the proceeds of such sale into the reclamation account: *Provided*, That such bonds shall not be sold for less than the purchase price plus accrued interest, except in case of a sale to an agency supplied with money by the United States of America, or to the United States of America in furtherance of refunding operations of any irrigation district, diking or drainage district, or diking or drainage improvement district, now pending or hereafter carried on by such district, in which case the director shall have authority to sell any bonds of such district owned by the state of Washington under the provisions of the state reclamation act, to the United States of America, or other federal agency on such terms as said United States of America, or other federal agency shall prescribe for bonds of the same issue of such district as that held by the state of Washington in connection with such refunding operations;

To borrow money upon the security of any bonds, including refunding bonds, of any reclamation district, acquired by the director, on such terms and rate of interest and over such period of time as the director may see fit, and to hypothecate and pledge reclamation district bonds or refunding bonds acquired by the director as security for such loan. Such loans shall have, as their sole security, the bonds so pledged and the revenues therefrom, and the director shall not have authority to pledge the general credit of the state of Washington: *Provided*, That in reloading any money so borrowed, or obtained from a sale of bonds it shall be the duty of the director to fix such rates of interest as will prevent impairment of the reclamation revolving account;

To purchase delinquent general tax or delinquent special assessment certificates chargeable against lands included within any reclamation district obligated to the state under the provisions of the state reclamation act, and to purchase lands included in such districts and placed on sale on account of delinquent taxes or delinquent assessments with the same rights, privileges and powers with respect thereto as a private holder and

owner of said certificates, or as a private purchaser of said lands: *Provided*, That the director shall be entitled to a delinquent tax certificate upon application to the proper county treasurer therefor without the necessity of a resolution of the board of county commissioners authorizing the issuance of certificates of delinquency required by law in the case of the sale of such certificates to private purchasers;

To sell said delinquent certificates or the lands acquired at sale on account of delinquent taxes or delinquent assessments at public or private sale, and on such conditions as the director shall determine;

To, whenever the director shall deem it advisable, require any district with which he may contract, to provide such safeguards as he may deem necessary to assure bona fide settlement and development of the lands within such district, by securing from the owners of lands therein agreements to limit the amount of their holdings to such acreage as they can properly farm and to sell their excess land holdings at reasonable prices;

To employ all necessary experts, assistants and employees and fix their compensation and to enter into any and all contracts and agreements necessary to carry out the purposes of this chapter;

To have the assistance, cooperation and services of, and the use of the records and files in, all the departments and institutions of the state, particularly the office of the commissioner of public lands, the state department of agriculture, Washington State University, and the University of Washington; and all state officers and the governing authorities of all state institutions are hereby authorized and directed to cooperate with the director in furthering the purpose of this chapter;

To cooperate with the United States in any plan of land reclamation, land settlement or agricultural development which the congress of the United States may provide and which may effect the development of agricultural resources within the state of Washington, and the director shall have full power to carry out the provisions of any cooperative land settlement act that may be enacted by the United States.

The director shall prepare and report to the legislature, at the commencement of each biennial session, a full statement of his operations and recommendations. [1972 ex.s. c 51 § 5; 1943 c 279 § 1; 1935 c 7 § 1; 1933 ex.s. c 13 § 1; 1923 c 132 § 1; 1919 c 158 § 5; RRS § 3008.]

Severability—1933 ex.s. c 13: "The adjudication of invalidity of any section, clause, or part of a section of this act, shall not impair or otherwise affect the validity of the act as a whole or any part thereof." [1933 ex.s. c 13 § 6.] This applies to RCW 89.16.050 and 90.04.040.

89.16.060 Contracts with United States. The department of ecology shall have the power to cooperate and to contract with the United States for the reclamation of lands in this state by the United States, and shall have the power to contract with the United States for the handling of such reclamation work by the United States and for the repayment of such moneys as the department of ecology shall invest from the reclamation account, under such terms and conditions as the United States laws and the regulations of the interior department shall

provide for the repayment of reclamation costs by the lands reclaimed. [1972 ex.s. c 51 § 6; 1919 c 158 § 6; RRS § 3009.]

89.16.070 Contracts with districts. A diking, drainage, diking and drainage, and irrigation district, and improvement districts thereof through the parent district, or such other district as is authorized and organized for the reclamation or development of waste or undeveloped lands, may enter into contracts with the director for the reclamation of the lands of the district in the manner provided herein, or in such manner as such districts may contract with the United States or with individuals or corporations, for making surveys and furnishing engineering plans and supervision for the construction of all works and improvements necessary for the reclamation of its lands, and for the sale or delivery of its bonds, and may issue bonds of the district for such purposes. [1959 c 104 § 5; 1923 c 132 § 2; 1919 c 158 § 7; RRS § 3010.]

89.16.080 State lands may be included—Procedure. Whenever in the judgment of the department of natural resources any state, school, granted, or other public lands of the state will be specially benefited by any proposed reclamation project approved by the department of ecology, it may consent that such lands be included in any reclamation district organized for the purpose of carrying out such reclamation project, and in that event the department of natural resources shall be authorized to pay, out of current appropriations, the district assessments levied as provided by law against such lands, and any such assessments paid shall be made a charge against the lands upon which they were levied, and the amount thereof, but without interest, shall be included in the appraised value of such lands when sold or leased. [1972 ex.s. c 51 § 7; 1919 c 158 § 8; RRS § 3011.]

89.16.130 Severability—1919 c 158. If any section or provision of this chapter shall be adjudged to be invalid or unconstitutional, such adjudication shall not affect the validity of the chapter as a whole or any section, provision or part thereof not adjudged invalid or unconstitutional. [1919 c 158 § 14; RRS § 3017.]

89.16.131 Severability—1972 ex.s. c 51. If any provision of this 1972 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1972 ex.s. c 51 § 8.]

Subject to existing rights all waters within the state belong to the public, and any right thereto, or to the use thereof, shall be hereafter acquired only by appropriation for a beneficial use and in the manner provided and not otherwise; and, as between appropriations, the first in time shall be the first in right. Nothing contained in this chapter shall be construed to lessen, enlarge, or modify the existing rights of any riparian owner, or any existing right acquired by appropriation, or otherwise. They shall, however, be subject to condemnation as provided in RCW 90.03.040, and the amount and priority thereof may be determined by the procedure set out in RCW 90.03.110 through 90.03.240. In condemnation proceedings the court shall determine what use will be for the greatest public benefit, and that use shall be deemed a superior one: *Provided*, That no property right in water or the use of water shall be acquired hereunder by condemnation for irrigation purposes, which shall deprive any person of such quantity of water as may be reasonably necessary for the irrigation of his land then under irrigation to the full extent of the soil,

Water masters shall be supervised by the supervisor of water resources, shall be compensated for services from funds of the department of conservation, division of water resources, and shall be technically qualified to the extent of understanding the elementary principals of hydraulics and irrigation, and of being able to make water measurements in streams and in open and closed conduits of all characters, by the usual methods employed for that purpose. He shall divide, regulate and control the use of water within his district by such regulation of headgates, conduits and reservoirs as shall be necessary to prevent the use of water in excess of the amount to which the owner of the

right is lawfully entitled. Whenever, in the pursuance of his duties, the water master regulates a headgate of a water conduit or the controlling works of a reservoir, he shall attach to such headgate or controlling works a written notice, properly dated and signed, stating that such headgate or controlling works has been properly regulated and is wholly under his control and such notice shall be a legal notice to all parties. No bond shall be required except a stay is desired and an appeal shall not be a stay, unless within five days following the service of notice of appeal a bond shall be filed in an amount to be fixed by the court and with sureties satisfactory to the court, conditioned to perform the judgment of the court. Costs shall be paid as in civil cases brought in the superior court, and the practice in civil cases shall apply. Appeal shall lie from the judgment of the superior court as in other civil cases. Costs, not including taxable attorneys fees, may be allowed or not; if allowed, may be apportioned among the parties in the discretion of the court. If it is proposed to appropriate water for irrigation purposes, the supervisor shall investigate, determine and find what lands are capable of irrigation by means of water found available for appropriation. If it is proposed to appropriate water for the purpose of power development, the supervisor shall investigate, determine and find whether the proposed development is likely to prove detrimental to the public interest, having in mind the highest feasible use of the waters belonging to the public. If the application does not contain, and the applicant does not promptly furnish sufficient information on which to base such findings, the supervisor may issue a preliminary permit, for a period of not to exceed three years, requiring the applicant to make such surveys, investigations, studies, and progress reports, as in the opinion of the supervisor may be necessary. If the applicant fails to comply with the conditions of the preliminary permit, it and the application or applications on which it is based shall be automatically canceled and the applicant so notified. If the holder of a preliminary permit shall, before its expiration, file with the supervisor a verified report of expenditures made and work done under the preliminary permit, which, in the opinion of the supervisor, establishes the good faith, intent and ability of the applicant to carry on the proposed development, the preliminary permit may, with the approval of the governor, be extended, but not to exceed a maximum period of five years from the date of the issuance of the preliminary permit. The supervisor shall make and file as part of the record in the matter, written findings of fact concerning all things investigated, and if he shall find that there is water available for appropriation for a beneficial use, and the appropriation thereof as proposed in the application will not impair existing rights or be detrimental to the public welfare, he shall issue a permit stating the amount of water to which the applicant shall be entitled and the beneficial use or uses to which it may be applied: *Provided*, That where the water applied for is to be used for irrigation purposes, it shall become appurtenant only to such land as may be reclaimed thereby to the full extent of the soil for agricultural purposes. But where

there is no unappropriated water in the proposed source of supply, or where the proposed use conflicts with existing rights, or threatens to prove detrimental to the public interest, having due regard to the highest feasible development of the use of the waters belonging to the public, it shall be duty of the supervisor to reject such application and to refuse to issue the permit asked for. If the permit is refused because of conflict with existing rights and such applicant shall acquire same by purchase or condemnation under RCW 90.03.040, said supervisor may thereupon grant such permit. Any application may be approved for a less amount of water than that applied for, if there exists substantial reason therefor, and in any event shall not be approved for more water than can be applied to beneficial use for the purposes named in the application. In determining whether or not a permit shall issue upon any application, it shall be the duty of the supervisor to investigate all facts relevant and material to the application. After the supervisor approves said application in whole or in part and before any permit shall be issued thereon to the applicant, such applicant shall pay the fee provided in RCW 90.03.470: *Provided further*, That in the event a permit is issued by the supervisor upon any application, it shall be his duty to notify both the director of fisheries and the director of game of such issuance. [1947 c 133 § 1; 1939 c 127 § 2; 1929 c 122 § 4; 1917 c 117 § 31; Rem. Supp. 1947 § 7382. Formerly RCW 90.20.050 and 90.20.060.]

90.03.300 Appropriation procedure—Diversion of water for out-of-state use—Reciprocity. No permit for the appropriation of water shall be denied because of the fact that the point of diversion described in the application for such permit, or any portion of the works in such application described and to be constructed for the purpose of storing, conserving, diverting or distributing such water, or because the place of intended use or the lands to be irrigated by means of such water, or any part thereof, may be situated in some other state or nation, but in all such cases where either the point of diversion or any of such works or the place of intended use, or the lands, or part of the lands, to be irrigated by means of such water, are situated within the state of Washington, the permit shall issue as in other cases: *Provided, however*, That the supervisor of water resources may in his discretion, decline to issue a permit where the point of diversion described in the application is within the state of Washington but the place of beneficial use in some other state or nation, unless under the laws of such state or nation water may be lawfully diverted within such state or nation for beneficial use in the state of Washington. [1921 c 103 § 3; RRS § 7383. Formerly RCW 90.20.070.]

90.03.310 Appropriation procedure—Assignability of permit or application. Any permit to appropriate water may be assigned subject to the conditions of the permit, but no such assignment shall be binding or valid unless filed for record in the office of the supervisor of water resources. Any application for permits to appropriate water prior to permit issuing, may be assigned by the applicant, but no such assignment shall be valid or

binding unless the written consent of the supervisor is first obtained thereto, and unless such assignment is filed for record in the office of the supervisor. [1917 c 117 § 32; RRS § 7384. Prior: 1891 c 142 § 6. Formerly RCW 90.20.080.]

90.03.320 Appropriation procedure—Construction work. Actual construction work shall be commenced on any project for which permit has been granted within such reasonable time as shall be prescribed by the supervisor of water resources, and shall thereafter be prosecuted with diligence and completed within the time prescribed by the supervisor. The supervisor, in fixing the time for the commencement of the work, or for the completion thereof and the application of the water to the beneficial use prescribed in the permit, shall take into consideration the cost and magnitude of the project and the engineering and physical features to be encountered, and shall allow such time as shall be reasonable and just under the conditions then existing, having due regard for the public welfare and public interests affected: and, for good cause shown, he shall extend the time or times fixed as aforesaid, and shall grant such further period or periods as may be reasonably necessary, having due regard to the good faith of the applicant and the public interests affected. If the terms of the permit or extension thereof, are not complied with the supervisor shall give notice by registered mail that such permit will be canceled unless the holders thereof shall show cause within sixty days why the same should not be so canceled. If cause be not shown, said permit shall be canceled. [1917 c 117 § 33; RRS § 7385. Formerly RCW 90.20.090.]

90.03.330 Appropriation procedure—Water right certificate. Upon a showing satisfactory to the supervisor of water resources that any appropriation has been perfected in accordance with the provisions of this chapter, it shall be the duty of such supervisor to issue to the applicant a certificate stating such facts in a form to be prescribed by him, and such certificate shall thereupon be recorded in his office. Any original water right certificate issued, as provided by this chapter, shall be recorded in his office and thereafter, at the expense of the party receiving the same, be by such supervisor transmitted to the county auditor of the county or counties where the distributing system or any part thereof is located, and be recorded in the office of such county auditor, and thereafter be transmitted to the owner thereof. [1929 c 122 § 5; 1917 c 117 § 34; RRS § 7386. Formerly RCW 90.20.100.]

90.03.340 Appropriation procedure—Effective date of water right. The right acquired by appropriation shall relate back to the date of filing of the original application in the office of the supervisor of water resources. [1917 c 117 § 35; RRS § 7387. Formerly RCW 90.20.110.]

90.03.350 Construction or modification of storage dam—Plans and specifications. Any person, corporation or association intending to construct or modify any

dam or controlling works for the storage of ten acre feet or more of water, shall before beginning said construction or modification, submit plans and specifications of the same to the supervisor for his examination and approval as to its safety. Such plans and specifications shall be submitted in duplicate, one copy of which shall be retained as a public record, by the supervisor, and the other returned with his approval or rejection endorsed thereon. No such dam or controlling works shall be constructed or modified until the same or any modification thereof shall have been approved as to its safety by the supervisor. Any such dam or controlling works constructed or modified in any manner other than in accordance with plans and specifications approved by the supervisor or which shall not be maintained in accordance with the order of the supervisor shall be presumed to be a public nuisance and may be abated in the manner provided by law, and it shall be the duty of the prosecuting attorney of the county wherein such dam or controlling works, or the major portion thereof, is situated to institute abatement proceedings against the owner or owners of such dam or controlling works, whenever he is requested to do so by the supervisor. [1955 c 362 § 1; 1939 c 107 § 1; 1917 c 117 § 36; RRS § 7388. Formerly RCW 90.28.060.] [1954 SLC-RO-18.]

Height of dams on tributaries of Columbia river: RCW 75.20.110.

90.03.360 Controlling works and measuring devices. The owner or owners of any ditch or canal shall maintain, to the satisfaction of the supervisor of water resources, substantial controlling works, and a measuring device at the point where the water is diverted, and these shall be so constructed as to permit of accurate measurement and practical regulation of the flow of water diverted into said ditch or canal. Every owner or manager of a reservoir for the storage of water shall construct and maintain, when required by the supervisor, any measuring device necessary to ascertain the natural flow into and out of said reservoir. [1917 c 117 § 37; RRS § 7389. Formerly RCW 90.28.070.]

90.03.370 Reservoir permits—Secondary permits. All applications for reservoir permits shall be subject to the provisions of RCW 90.03.250 through 90.03.320. But the party or parties proposing to apply to a beneficial use the water stored in any such reservoir shall also file an application for a permit, to be known as the secondary permit, which shall be in compliance with the provisions of RCW 90.03.250 through 90.03.320. Such secondary application shall refer to such reservoir as its source of water supply and shall show documentary evidence that an agreement has been entered into with the owners of the reservoir for a permanent and sufficient interest in said reservoir to impound enough water for the purposes set forth in said application. When the beneficial use has been completed and perfected under the secondary permit, the supervisor of water resources shall take the proof of the water users under such permit and the final certificate of appropriation shall refer to both the ditch and works described in the secondary

permit and the reservoir described in the primary permit. [1917 c 117 § 38; RRS § 7390. Formerly RCW 90.28.080.]

90.03.380 Right to water attaches to land—Transfer or change in point of diversion. The right to the use of water which has been applied to a beneficial use in the state shall be and remain appurtenant to the land or place upon which the same is used: *Provided, however,* That said right may be transferred to another or to others and become appurtenant to any other land or place of use without loss of priority of right theretofore established if such change can be made without detriment or injury to existing rights. The point of diversion of water for beneficial use or the purpose of use may be changed, if such change can be made without detriment or injury to existing rights. Before any transfer of such right to use water or change of the point of diversion of water or change of purpose of use can be made, any person having an interest in the transfer or change, shall file a written application therefor with the supervisor of water resources, and said application shall not be granted until notice of said application shall be published as provided in RCW 90.03.280. If it shall appear that such transfer or such change may be made without injury or detriment to existing rights, the supervisor shall issue to the applicant a certificate in duplicate granting the right for such transfer or for such change of point of diversion or of use. The certificate so issued shall be filed and be made a record in the office of the supervisor and the duplicate certificate issued to the applicant may be filed with the county auditor in like manner and with the same effect as provided in the original certificate or permit to divert water. [1929 c 122 § 6; 1917 c 117 § 39; RRS § 7391. Formerly RCW 90.28.090.]

90.03.390 Temporary changes—Rotation of use. RCW 90.03.380 shall not be construed to prevent water users from making a seasonal or temporary change of point of diversion or place of use of water when such change can be made without detriment to existing rights, but in no case shall such change be made without the permission of the water master of the district in which such proposed change is located, or of the supervisor of water resources. Nor shall RCW 90.03.380 be construed to prevent rotation in the use of water for bringing about a more economical use of the available supply. Water users owning lands to which water rights are attached may rotate in the use of water to which they are collectively entitled, or an individual water user having lands to which are attached water rights of a different priority, may in like manner rotate in use when such rotation can be made without detriment to other existing water rights, and has the approval of the water master or supervisor. [1929 c 122 § 7; RRS § 7391a. Formerly RCW 90.28.100.]

90.03.400 Crimes against water code—Unauthorized use of water. The unauthorized use of water to which another person is entitled or the wilful or negligent waste of water to the detriment of another, shall be

a misdemeanor. The possession or use of water without legal right shall be prima facie evidence of the guilt of the person using it. It shall also be a misdemeanor to use, store or divert any water until after the issuance of permit to appropriate such water. [1917 c 117 § 40; RRS § 7392. Formerly RCW 90.32.010.]

Punishment of misdemeanor when not fixed by statute: RCW 9.92.030.

90.03.410 Crimes against water code—Interference with works—Wrongful use of water—Property destruction—Penalty. (1) Any person or persons who shall wilfully interfere with, or injure or destroy any dam, dike, headgate, weir, canal or reservoir, flume or other structure or appliance for the diversion, carriage, storage, apportionment or measurement of water for irrigation, reclamation, power or other beneficial uses, or who shall wilfully use or conduct water into or through his ditch, which has been lawfully denied him by the water master or other competent authority, or shall wilfully injure or destroy any telegraph, telephone or electric transmission line, or any other property owned, occupied or controlled by any person, association, or corporation, or by the United States and used in connection with said beneficial use of water, shall be guilty of a misdemeanor or, if there is actual physical injury to or destruction of any real or personal property, of property destruction and shall incur the penalties set forth in RCW 9.61.070.

(2) Any person or persons who shall wilfully or unlawfully take or use water, or conduct the same into his ditch or to his land, or land occupied by him, and for such purpose shall cut, dig, break down or open any headgate, bank, embankment, canal or reservoir, flume or conduit, or interfere with, injure or destroy any weir, measuring box or other appliance for the apportionment and measurement of water, or unlawfully take or cause to run or pour out of such structure or appliance any water, shall be guilty of a misdemeanor or, if there is actual physical injury to or destruction of any real or personal property, of property destruction and shall incur the penalties set forth in RCW 9.61.070.

(3) The use of water through such structure or structures, appliance or appliances hereinbefore named after its or their having been interfered with, injured or destroyed, shall be prima facie evidence of the guilt of the person using it. [1971 ex.s. c 152 § 8; 1921 c 103 § 2; 1917 c 117 § 41; RRS § 7393. Formerly RCW 90.32.020.]

90.03.420 Crimes against water code—Obstruction of right of way. Whenever any appropriator of water has the lawful right of way for the storage, diversion, or carriage of water, it shall be unlawful to place or maintain any obstruction that shall interfere with the use of the works, or prevent convenient access thereto or trespass thereon. [1917 c 117 § 42; RRS § 7394. Formerly RCW 90.32.030.]

90.03.430 Partnership ditches—Action for reimbursement for work done. In all cases where irrigating ditches are owned by two or more persons and one or more of such persons shall fail or neglect to do his, her

or their proportionate share of the work necessary for the proper maintenance and operation of such ditch or ditches or to construct suitable headgates or measuring devices at the points where water is diverted from the main ditch, such owner or owners desiring the performance of such work as is reasonably necessary to maintain the ditch, may, after having given ten days' written notice to such owner or owners who have failed to perform his, her or their proportionate share of such work, necessary for the operation and maintenance of said ditch or ditches, perform his, her or their share of such work, and recover therefor from such person or persons so failing to perform his, her or their share of such work in any court having jurisdiction of the matter the expense or value of such work or labor so performed: *Provided*, That no improvement involving an expenditure in excess of one hundred dollars shall be made without the written approval of the supervisor of water resources having first been obtained. [1919 c 71 § 3; RRS § 7395. Formerly RCW 90.28.110.]

90.03.440 Partnership ditches—Procedure for division of water between joint owners. When two or more persons, joint owners in an irrigation ditch or reservoir, not incorporated, or their lessees, are unable to agree relative to the division or distribution of water received through their ditch or from their reservoir, and where there is no disagreement as to the ownership of said water, it shall be lawful for any such owner or owners, his or their lessee or lessees, or either of them, to apply to the supervisor of water resources, in writing, setting forth such fact and giving such information as shall enable the supervisor to estimate the probable expense of such service, asking the supervisor to appoint some suitable person to take charge of such ditch or reservoir for the purpose of making a just division or distribution of the water from the same to the parties entitled to the use thereof. The supervisor shall upon the receipt of such application notify the applicant of the probable expense of such division and upon receipt of certified check for said amount, he shall appoint a suitable person to make such division. The person so appointed shall take exclusive charge of such ditch or reservoir for the purpose of dividing the water therefrom in accordance with the established rights of the diverters therefrom, and continue the said work until the necessity therefor shall cease to exist. The expense of such investigation and division shall be a charge upon all of the co-owners and the person advancing the payment to the supervisor shall be entitled to recover in any court of competent jurisdiction from his co-owners their proportionate share of the expense. [1919 c 71 § 4; RRS § 7396. Formerly RCW 90.28.130.]

90.03.450 Partnership ditches—Lien for labor performed. Upon the failure of any co-owner to pay his proportionate share of such expense as mentioned in RCW 90.03.430 within thirty days after receiving a statement of the same as performed by his co-owner or owners, such person or persons so performing such labor may secure payment of said claim by filing an itemized and sworn statement thereof, setting forth the date of

the performance and the nature of the labor so performed, with the county auditor of the county wherein said ditch is situated, and when so filed it shall constitute a valid lien against the interest of such person or persons who shall fail to perform their proportionate share of the work requisite to the proper maintenance of said ditch, which said lien when so taken may be enforced in the same manner as provided by law for the enforcement of mechanics' and builders' liens. [1919 c 71 § 5; RRS § 7397. Formerly RCW 90.28.120.]

Mechanics' and materialmen's liens: Chapter 60.04 RCW.

90.03.460 Inchoate rights not affected. Nothing in this chapter contained shall operate to effect an impairment of any inchoate right to divert and use water while the application of the water in question to a beneficial use is being prosecuted with reasonable diligence, having due regard to the circumstances surrounding the enterprise, including the magnitude of the project for putting the water to a beneficial use and the market for the resulting water right for irrigation or power or other beneficial use, in the locality in question. [1917 c 117 § 43; RRS § 7398. Formerly RCW 90.28.140]

90.03.470 Schedule of fees. The following fees shall be collected by the supervisor in advance:

(1) For the examination of an application for permit to appropriate water or on application to change point of diversion, withdrawal, purpose or place of use, a minimum of ten dollars, to be paid with the application. For each second foot between one and five hundred second feet, two dollars per second foot; for each second foot between five hundred and two thousand second feet, fifty cents per second foot; and for each second foot in excess thereof, twenty cents per second foot. For each acre foot of storage up to and including one hundred thousand acre feet, one cent per acre foot, and for each acre foot in excess thereof, one-fifth cent per acre foot. The ten dollar fee payable with the application shall be a credit to that amount whenever the fee for direct diversion or storage totals more than ten dollars under the above schedule and in such case the further fee due shall be the total computed amount less ten dollars.

Within five days from receipt of an application the supervisor shall notify the applicant by registered mail of any additional fees due under the above schedule and any additional fees shall be paid to and received by the supervisor within thirty days from the date of filing the application, or the application shall be rejected.

(2) For filing and recording a permit to appropriate water for irrigation purposes, forty cents per acre for each acre to be irrigated up to and including one hundred acres, and twenty cents per acre for each acre in excess of one hundred acres up to and including one thousand acres, and ten cents for each acre in excess of one thousand acres; and also twenty cents for each theoretical horsepower up to and including one thousand horsepower, and four cents for each theoretical horsepower in excess of one thousand horsepower, but in no instance shall the minimum fee for filing and recording a permit to appropriate water be less than five dollars. For all other beneficial purposes the fee shall be twice the

amount of the examination fee except that for individual household and domestic use, which may include water for irrigation of a family garden, the fee shall be five dollars.

(3) For filing and recording any other water right instrument, four dollars for the first hundred words and forty cents for each additional hundred words or fraction thereof.

(4) For making a copy of any document recorded or filed in his office, forty cents for each hundred words or fraction thereof, but when the amount exceeds twenty dollars, only the actual cost in excess of that amount shall be charged.

(5) For certifying to copies, documents, records or maps, two dollars for each certification.

(6) For blueprint copies of a map or drawing, or, for such other work of a similar nature as may be required of his office, at actual cost of the work.

(7) For granting each extension of time for beginning construction work under a permit to appropriate water, an amount equal to one-half of the filing and recording fee, except that the minimum fee shall be not less than five dollars for each year that an extension is granted, and for granting an extension of time for completion of construction work or for completing application of water to a beneficial use, five dollars for each year that an extension is granted.

(8) For the inspection of any hydraulic works to insure safety to life and property, the actual cost of the inspection, including the expense incident thereto.

(9) For the examination of plans and specifications as to safety of controlling works for storage of ten acre feet or more of water, a minimum fee of ten dollars, or the actual cost.

(10) For recording an assignment either of a permit to appropriate water or of an application for such a permit, a fee of five dollars.

(11) For preparing and issuing all water right certificates, five dollars.

(12) For filing and recording a protest against granting any application, two dollars. [1965 ex.s. c 160 § 1; 1951 c 57 § 5; 1929 c 122 § 8; 1925 ex.s. c 161 § 2; 1917 c 117 § 44; RRS § 7399. Formerly RCW 90.04.040.]

90.03.471 Disposition of fees. All fees, collections and revenues derived *hereunder or by virtue of RCW 90.03.180, shall be used exclusively for the purpose of carrying out the work and performing the functions of the division of water resources. [1925 ex.s. c 161 § 3; RRS § 7399-1.]

90.08.040 Stream patrolmen—Appointment.

Where water rights of a stream have been adjudicated a stream patrolman shall be appointed by the supervisor of water resources upon application by interested parties making a reasonable showing of the necessity therefor, which application shall have been approved by the district water master if one has been appointed, at such time, for such stream, and for such periods of service as local conditions may indicate to be necessary to provide the most practical supervision and to secure to water users and owners the best protection in their rights.

The stream patrolman shall have the same powers as a water master appointed under RCW 90.03.060, but his district shall be confined to the regulation of waters of a designated stream or streams. Such patrolman shall be under the supervision of the supervisor of water resources, deputy supervisor, or the district water master appointed for the district in which said stream is located. He shall also enforce such special rules and regulations as the supervisor may prescribe from time to time. [1925 ex.s. c 162 § 1; RRS § 7351-1.]

The stream patrolman shall keep an accurate record of the amount of water diverted by each water user coming

under his supervision. On the first of each month the stream patrolman shall present to each water user a statement of his proportionate share of the expense of maintaining such services for the preceding month.  90.14.910 Severability—1967 c 233.

90.14.010 Purpose. The future growth and development of the state is dependent upon effective management and efficient use of the state's water resources. The purpose of this chapter is to provide adequate records for efficient administration of the state's waters, and to cause a return to the state of any water rights which are no longer exercised by putting said waters to beneficial use. [1967 c 233 § 1.]

90.14.020 Legislative declaration. The legislature finds that:

- (1) Extensive uncertainty exists regarding the volume of private claims to water in the state;
- (2) Such uncertainty seriously retards the efficient utilization and administration of the state's water resources, and impedes the fullest beneficial use thereof;
- (3) A strong beneficial use requirement as a condition precedent to the continued ownership of a right to withdraw or divert water is essential to the orderly development of the state;
- (4) Enforcement of the state's beneficial use policy is required by the state's rapid growth;
- (5) All rights to divert or withdraw water, except riparian rights which do not diminish the quantity of water remaining in the source such as boating, swimming, and other recreational and aesthetic uses must be subjected to the beneficial use requirement;
- (6) The availability for appropriation of additional water as a result of the requirements of this chapter will accelerate growth, development, and diversification of the economy of the state;
- (7) Water rights will gain sufficient certainty of ownership as a result of this chapter to become more freely transferable, thereby increasing the economic value of the uses to which they are put, and augmenting the alienability of titles to land. [1967 c 233 § 2.]

90.14.031 Definitions. Unless a different meaning is plainly required by the context, the following words and phrases as used in RCW 90.14.031 through 90.14.121 shall have the following meanings:

- (1) "Person" shall mean an individual, partnership, association, public or private corporation, city or other municipality, county, or a state agency, and the United States of America when claiming water rights established under the laws of the state of Washington.
- (2) "Beneficial use" shall include, but not be limited to, use for domestic water, irrigation, fish, shellfish, game and other aquatic life, municipal, recreation, industrial water, generation of electric power, and navigation. [1969 ex.s. c 284 § 12.]

Severability—1969 ex.s. c 284: See note following RCW 90.48.290.

90.14.041 Claim of right to withdraw, divert or use ground or surface waters—Filing statement of claim required—Exemptions. All persons using or claiming the right to withdraw or divert and make beneficial use of public surface or ground waters of the state, except as hereinafter provided in this section, shall file with the department of water resources not later than June 30, 1974, a statement of claim for each water right asserted

on a form provided by the department. This section shall not apply to any water rights which are based on the authority of a permit or certificate issued by the department of water resources or one of its predecessors. [1969 ex.s. c 284 § 13.]

Reviser's note: Powers, duties, and functions of the department of water resources transferred to the department of ecology: See RCW 43.21A.060, and note following.

90.14.051 Statement of claim—Contents—Short form. The statement of claim for each right shall include substantially the following:

- (1) The name and mailing address of the claimant.
- (2) The name of the watercourse or water source from which the right to divert or make use of water is claimed, if available.
- (3) The quantities of water and times of use claimed.
- (4) The legal description, with reasonable certainty, of the point or points of diversion and places of use of waters.
- (5) The purpose of use, including, if for irrigation, the number of acres irrigated.
- (6) The approximate dates of first putting water to beneficial use for the various amounts and times claimed in subsection (3).
- (7) The legal doctrine or doctrines upon which the right claimed is based, including if statutory, the specific statute.
- (8) The sworn statement that the claim set forth is true and correct to the best of claimant's knowledge and belief.

Except, however, that any claim for diversion or withdrawal of surface or ground water for those uses described in the exemption from the permit requirements of RCW 90.44.050 may be filed on a short form to be provided by the department. Such short form shall only require inclusion of sufficient data to identify the claimant, source of water, purpose of use and legal description of the land upon which the water is used: *Provided*, That the provisions of RCW 90.14.081 pertaining to evidentiary value of filed claims shall not apply to claims submitted in short form: *And provided further*, That claimants for such minimal uses may, at their option, file statements of claim on the standard form used by all other claimants. [1973 1st ex.s. c 113 § 1; 1969 ex.s. c 284 § 14.]

90.14.061 Statement of claim—Filing procedure—Processing of claim—Fee. Filing of a statement of a claim shall take place and be completed upon receipt by the department of water resources, at its office in Olympia, of an original statement signed by the claimant or his authorized agent, and two copies thereof. Any person required to file hereunder may file through a designated representative. A company, district, public or municipal corporation, or the United States when furnishing to persons water pertaining to water rights required to be filed under RCW 90.14.041, shall have the right to file one claim on behalf of said persons on a form prepared by the department for the total benefits of each person served; provided that a separate claim shall

be filed by such company, district, public or private corporation, or the United States for each operating unit of the filing entity providing such water and for each water source. Within thirty days after receipt of a statement of claim the department shall acknowledge the same by a notation on one copy indicating receipt thereof and the date of receipt, together with the wording of the first sentence of RCW 90.14.081, and shall return said copy by certified or registered mail to the claimant at the address set forth in the statement of claim. No statement of claim shall be accepted for filing by the department of water resources unless accompanied by a two dollar filing fee. [1969 ex.s. c 284 § 15.]

90.14.071 Failure to file claim waives and relinquishes right. Any person claiming the right to divert or withdraw waters of the state as set forth in RCW 90.14.041, who fails to file a statement of claim as provided in RCW 90.14.041, 90.14.051 and 90.14.061, shall be conclusively deemed to have waived and relinquished any right, title, or interest in said right. [1969 ex.s. c 284 § 16.]

90.14.081 Filing of claim not deemed adjudication of right—Prima facie evidence. The filing of a statement of claim does not constitute an adjudication of any claim to the right to use of waters as between the water use claimant and the state, or as between one or more water use claimants and another or others. A statement of claim filed pursuant to RCW 90.14.061 shall be admissible in a general adjudication of water rights as prima facie evidence of the times of use and the quantity of water the claimant was withdrawing or diverting as of the year of the filing, if, but only if, the quantities of water in use and the time of use when a controversy is mooted are substantially in accord with the times of use and quantity of water claimed in the statement of claim. A statement of claim shall not otherwise be evidence of the priority of the claimed water right. [1969 ex.s. c 284 § 17.]

90.14.091 Definitions—Water rights notice—Form. For the purpose of RCW 90.14.031 through 90.14.121 the following words and phrases shall have the following meanings:

(1) "Statement of taxes due" means the statement required under RCW 84.56.050.

(2) "Notice in writing" means a notice substantially in the following form:

WATER RIGHTS NOTICE

Every person, including but not limited to an individual, partnership, association, public or private corporation, city or other municipality, county, state agency and the state of Washington, and the United States of America, when claiming water rights established under the laws of the state of Washington, are hereby notified that all water rights or claimed water rights relating to the withdrawal or diversion of public surface or ground waters of the state, except those water rights based upon authority of a permit or certificate issued by the department of water resources or one of its predecessors, must

be registered with the department of water resources, Olympia, Washington not later than June 30, 1974. FAILURE TO REGISTER AS REQUIRED BY LAW WILL RESULT IN A WAIVER AND RELINQUISHMENT OF SAID WATER RIGHT OR CLAIMED WATER RIGHT. For further information contact the Department of Water Resources, Olympia, Washington, for a copy of the act and an explanation thereof. [1969 ex.s. c 284 § 18.]

Reviser's note: Powers, duties, and functions of the department of water resources transferred to the department of ecology: See RCW 43.21A.060, and note following.

90.14.101 Notice of chapter provisions—How given—Requirements. To insure that all persons referred to in RCW 90.14.031 and 90.14.041 are notified of the registration provisions of this chapter, the department of water resources is directed to give notice of the registration provisions of this chapter as follows:

(1) It shall cause a notice in writing to be placed in a prominent and conspicuous place in all newspapers of the state having a circulation of more than fifty thousand copies for each week day, and in at least one newspaper published in each county of the state, at least once each year for five consecutive years.

(2) It shall cause a notice substantially the same as a notice in writing to be broadcast by each commercial television station operating in the United States and viewed in the state, and by at least one commercial radio station operating from each county of the state having such a station regularly at six month intervals for five consecutive years.

(3) It shall cause a notice in writing to be placed in a prominent and conspicuous location in each county court house in the state.

(4) The county treasurer of each county shall enclose with each mailing of one or more statements of taxes due issued in 1972 a copy of a notice in writing and a declaration that it shall be the duty of the recipient of the statement of taxes due to forward the notice to the beneficial owner of the property. A sufficient number of copies of the notice and declaration shall be supplied to each county treasurer by the director of the department of water resources before the fifteenth day of January, 1972. In the implementation of this subsection the department of water resources shall provide reimbursement to the county treasurer for the reasonable additional costs, if any there may be, incurred by said treasurer arising from the inclusion of a notice in writing as required herein.

(5) It shall provide copies of the notice in writing to the press services with offices located in Thurston county during January of the years 1970, 1971, 1972, 1973 and 1974.

The director of the department may also in his discretion give notice in any other manner which will carry out the purposes of this section. Where notice in writing is given pursuant to subsections (1) and (3) of this section, RCW 90.14.041, 90.14.051 and 90.14.071 shall be set forth and quoted in full. [1969 ex.s. c 284 § 19.]

[1969 ex.s. c 284 § 20.]

Reviser's note: Powers, duties and functions of the department of water resources transferred to the department of ecology: See RCW 43.21A.060, and note following.

90.14.121 Penalty for overstating claim. The filing of a statement of claim pursuant to RCW 90.14.061 which knowingly provides for an overstatement of a right either in quantities of water or times of use claimed shall constitute a misdemeanor punishable by a fine of not more than two hundred fifty dollars or by imprisonment for not more than ninety days, or both. [1969 ex.s. c 284 § 21.]

90.14.130 Reversion of rights to state due to non-use—Notice—Hearing—Order determining whether right relinquished. When it appears to the supervisor of water resources that a person entitled to the use of water has not beneficially used his water right or some portion thereof, and it appears that said right has or may have reverted to the state because of such nonuse, as provided by RCW 90.14.160, 90.14.170, or 90.14.180, the supervisor shall notify such person to show cause at a hearing before the supervisor why his right or portion thereof should not be declared relinquished: *Provided*, That where a company, association, district, or the United States has filed a blanket claim under the provisions of RCW 90.14.060 for the total benefits of those served by it, the notice to show cause shall be served on such company, association, district or the United States and not upon any of its individual water users who may not have used the water or some portion thereof which they were entitled to use. The notice shall contain, (1) the time and place of the hearing as determined by the supervisor, (2) a description of the water right, including the approximate location of the point of diversion, the general description of the lands or places where such waters were used, the water source, the amount involved, the purpose of use, the apparent authority upon which the right is based, and (3) a statement that unless sufficient cause be shown the water right will be declared relinquished. Said notice shall be served by registered or certified mail and be posted at least sixty days before the hearing and sent to the last known address of said person. The supervisor shall, as soon as practicable after such hearing, make an order determining whether such water right has been

relinquished and give notice to said person of the contents thereof in the same manner as in the notice procedure provided for in this section. [1967 c 233 § 13.]

90.14.140 "Sufficient cause" for nonuse defined—Rights exempted. For the purposes of this chapter "sufficient cause" shall be defined as the nonuse of all or a portion of the water by the owner of a water right for a period of five or more consecutive years where such nonuse occurs as a result of:

- (1) Drought, or other unavailability of water;
- (2) Active service in the armed forces of the United States during military crisis;
- (3) Nonvoluntary service in the armed forces of the United States;
- (4) The operation of legal proceedings;

- (1) If such right is claimed for power development purposes under chapter 90.16 RCW and annual license fees are paid in accordance with chapter 90.16 RCW, or
- (2) If such right is used for a standby or reserve water supply to be used in time of drought or other low flow period so long as withdrawal or diversion facilities are maintained in good operating condition for the use of such reserve or standby water supply, or
- (3) If such right is claimed for a determined future development to take place either within fifteen years of the effective date of this act, or the most recent beneficial use of the water right, whichever date is later, or
- (4) If such right is claimed for municipal water supply purposes under chapter 90.03 RCW, or
- (5) If such waters are not subject to appropriation under the applicable provisions of RCW 90.40.030 as now or hereafter amended. [1967 c 233 § 14.]

90.14.150 Rights arising from permit to withdraw public waters not affected—Extensions. Nothing in this chapter shall be construed to affect any rights or privileges arising from any permit to withdraw public waters or any application for such permit, but the supervisor shall grant extensions of time to the holder of a preliminary permit only as provided by RCW 90.03-.290. [1967 c 233 § 15.]

90.14.160 Relinquishment of right for abandonment or failure to beneficially use without sufficient cause—Prior rights acquired through appropriation, custom or general adjudication. Any person entitled to divert or withdraw waters of the state through any appropriation authorized by enactments of the legislature prior to

enactment of chapter 117, Laws of 1917, or by custom, or by general adjudication, who abandons the same, or who voluntarily fails, without sufficient cause, to beneficially use all or any part of said right to divert or withdraw for any period of five successive years after the effective date of this act, shall relinquish such right or portion thereof, and said right or portion thereof shall revert to the state, and the waters affected by said right shall become available for appropriation in accordance with RCW 90.03.250. In any review by the courts, the findings of fact as set forth in the report of the supervisor of water resources shall be prima facie evidence of the fact of any waiver or relinquishment of a water right or portion thereof. The court,

reviewing any order of the supervisor, may award reasonable attorney's fees to any party injured by an arbitrary, capricious or erroneous order of the supervisor. Such attorney's fees shall be paid by the department of conservation from any funds available therefor. [1967 c 233 § 19.]

90.16.010 Appropriation by certain water companies. Such water companies incorporated for the purposes specified in the preceding section shall have the right to purchase or take possession of and use and hold such lands and waters for the purposes of the company, lying without the limits of the city or town intended to be supplied with water upon making compensation therefor. The mode of proceeding to obtain possession of such lands for the use of the company, right of way for laying pipes and aqueducts for the use of the company, when the parties cannot agree shall so far as the same be applicable be as prescribed in chapter 187: *Provided*, That nothing therein contained, shall be so construed, as to authorize the appropriation of water belonging to any person, unless the owner thereof shall refuse to supply said town or city with water after being requested so to do by the town board or city council. [1883 p 45 § 1, subd. 8; Code 1881 § 2448; 1873 p 408 § 28; 1869 p 340 § 30; RRS § 11570.]

Reviser's note: The language "for the purposes specified in the preceding section" refers to Code 1881 § 2447 (repealed by 1939 c 143 § 19) which stated in part: ". for the purpose of supplying any cities or towns in this territory, or the inhabitants thereof with pure and fresh water."

The language "chapter 187" refers to chapter 187 of the Code of 1881 the existing sections of which chapter are codified in chapter 81.36 RCW and RCW 90.16.100; the remaining sections thereof have been repealed.

Validating—1881 Act: "All persons who have organized themselves as a corporation under the provisions of this chapter for purposes other than those enumerated in section 2421, are hereby declared incorporate bodies, with all the powers the same as they would enjoy had they been incorporated for the purposes set forth in section 2421." [Code 1881 § 2445.] The language "this chapter" refers to chapter 185, Code of 1881 which embodied the territorial laws relating to the formation of corporations; current provisions relating thereto are codified in Titles 23 and 24 RCW. The language "section 2421" refers to Code 1881 § 2421 which set forth the purposes for which a corporation might then be formed. General purposes for which a corporation may be formed under existing law are codified in chapter 23.01 RCW; see also Table of Prior Laws following chapter 23.01 RCW digest.

90.16.020 Appropriation for industrial purposes. Any person or persons, or company now incorporated, or that may hereafter become incorporated under the laws of this state, for the purpose of mining or manufacturing,

shall have the right to purchase or appropriate and take possession of and divert from its natural channel, and use and hold the waters of any river, creek or stream in this state that may be required for the mining and manufacturing purposes of any such person or persons, corporation or corporations, and to construct all dams, canals, reservoirs, ditches, pipes, flumes and aqueducts, suitable and necessary for the controlling, directing and running such waters to their mines or manufacturing establishments of any such person or persons, corporation or corporations, where the same may be intended to be utilized for such purposes: *Provided*, That no such appropriation or diversion of the waters of any such river, creek, or stream, from its natural channel; nor shall any such dam, canal, reservoir, ditch, pipe, flume or aqueduct, be constructed to the detriment of any person or persons, corporation or corporations, occupying the lands or being located below the point or place of such appropriation or diversion on any such stream or its tributaries, or above or below such dam, canal, reservoir, ditch, pipe, flume or aqueduct, or of the owners of the lands, through which the waters run in the natural course for the deprivation of the same, or the owners of the land through or upon which such dam, canal, reservoirs, ditch, pipe, flume or aqueduct, may pass through or over, or be situated upon, unless just and adequate compensation be previously ascertained and paid therefor. [Code 1881 Bagley's Supp. p 36 § 1; 1879 p 124 § 1; RRS § 11575.]

90.16.025 Appropriation for industrial purposes—Procedure. The mode of proceeding to appropriate, take possession of and divert such waters and to build such dam, canal, ditch, reservoir, pipe, flume, or aqueduct, as prescribed in RCW 90.16.020, when the parties cannot agree upon the purchase thereof, shall be the same as prescribed in chapter four of an act to provide for the formation of corporations, approved November thirteenth, eighteen hundred and seventy-three, except that the amount of the benefits accruing to the residue of the property of the same individual or corporation, by reason of the use made of that taken, to be estimated by the parties assessing the damages, shall be deducted from the value of the property taken. [Code 1881 Bagley's Supp. p 37 § 2; 1879 p 125 § 2.]

90.16.030 Right of eminent domain by water power companies. The right of eminent domain for the purpose of appropriating real estate is hereby extended to all corporations that are now or that may hereafter be incorporated under the laws of this state, or of any state or territory of the United States and doing business in this state, for the purpose of conveying water by ditches, flumes, pipe lines, tunnels or any other means for the utilization of water power: *Provided, however*, That said right of eminent domain shall not be exercised in respect to any residence or business structure or structures. [1901 c 143 § 1; RRS § 11572. FORMER PART OF SECTION: 1901 c 143 § 3; RRS § 11574, now codified as RCW 90.16.045.]

90.16.040 Right of eminent domain by water power companies—Right of entry. Every corporation that is now or that may hereafter be incorporated under the laws of this state, or of any other state or territory of the United States and doing business in this state, for the purpose of conveying water by ditches, flumes, pipe lines, tunnels or any other means for the utilization of water power, shall have the right to enter upon any land between the termini of the proposed ditches, flumes, pipe lines, tunnels or any other means for the utilization of water power, for the purpose of examining, locating and surveying such ditches, flumes, pipe lines, tunnels or any other means for the utilization of water power, doing no unnecessary damage thereby. [1901 c 143 § 2; RRS § 11573.]

90.16.045 Right of eminent domain by water power companies—Procedure. Every such corporation shall have the right, subject to the proviso contained in RCW 90.16.030 to appropriate real estate or other property for a right-of-way for such ditches, flumes, pipe lines, tunnels or other means of conveying water, and for any other corporate purposes, in the same manner and under the same procedure as now is or may be hereafter provided by law in the case of other corporations authorized by the laws of the state to exercise the right of eminent domain. [1901 c 143 § 3; RRS § 11574. Formerly RCW 90.16.030, part.]

Eminent domain by corporations: Chapter 8.20 RCW.

90.16.050 Schedule of fees for claimants of water power. Every person, firm, private or municipal corporation, or association hereinafter called "claimant", claiming the right to the use of water within or bordering upon the state of Washington for power development, shall on or before the first day of July, 1929, and on or before the first day of January of each year thereafter pay to the state of Washington in advance an annual license fee, based upon the theoretical water power claimed under each and every separate claim to water according to the following schedule:

For projects in operation: For each and every theoretical horsepower claimed up to and including one thousand horsepower, at the rate of ten cents per horsepower; for each and every theoretical horsepower in excess of one thousand horsepower, up to and including ten thousand horsepower, at the rate of two cents per horsepower; for each and every theoretical horsepower in excess of ten thousand horsepower, at the rate of one cent per horsepower.

For undeveloped projects, the fee shall be at one-half the rates specified for projects in operation; for projects partly developed and in operation the fees paid on that portion of any project that shall have been developed and in operation shall be the full annual license fee above specified for projects in operation, and for the remainder of the power claimed under such project the fees shall be the same as for undeveloped projects. *Provided*, That upon the filing of statement, as hereinafter required, by the United States or the state claiming the right to the use of water to any extent for the generation of power, or any other claimant to the use of water for

the generation of fifty horsepower, or less, shall be exempted from the payment of all fees hereinafter required; and *Provided further*, That any irrigation district or other municipal subdivision of the state, developing power chiefly for use in pumping of water for irrigation, may upon the filing of a statement, showing the amount of power used for irrigation pumping, be exempted to the extent of the power so used from the payment of the annual license fee herein provided for. [1929 c 105 § 1; RRS § 11575-1.]

90.16.060 Schedule of fees for claimants of water power—Statement of claim—Penalties—Excessive claim—Abandonment. The license fee herein required shall be paid in advance to the state department of conservation and shall be accompanied by written statement, showing the extent of the claim. Said statement shall set forth the name and address of the claimant, the name of the stream from which the water is appropriated or claimed for power development, a description of the forty acres or smallest legal subdivision in which the point of diversion and point of return are located, the date of the right as claimed, the maximum amount of water claimed, expressed in cubic feet per second of time, the total average fall utilized under such claim, the manner of developing power and the use to which the power is applied. If the regular flow is supplemented by water stored in a reservoir, the location of such reservoir, its capacity in acre feet, and the stream from which it is filled and fed, should be given, also the date of the right as claimed for storage purposes.

Should any claimant fail or neglect to file such statement within the time specified, or fail or neglect to pay such fees within the time specified, the fees due and payable shall be at the schedule rates set out in RCW 90.16.050, increased twenty-five percent, and the state shall have preference lien therefor, with interest at the rate of ten percent per annum from the date of delinquency, upon the property of claimant used or necessary for use in the development of the right or claim, together with any improvements erected thereon for such development, and upon request from the director of conservation the attorney general shall proceed to foreclose the lien, and collect the amount due, as herein provided, in the same manner as other liens for general state and county taxes on real property are foreclosed.

The filing of a claim to water in excess of the amount to which the claimant is legally entitled shall not operate to vest in such claimant any right to the use of such excess water, nor shall the payment of the annual license fees, provided for herein, operate to vest in any claimant any right to the use of such water beyond the amount to which claimant is legally entitled. The filing of such claim, or claims to water shall be conclusive evidence of abandonment by the claimant of all right to water for power purposes not covered by the claim, or claims, as filed; and the failure to file statement and pay the fees, as herein required, for any power site or claim of power rights on account of riparian ownership within two years after the passage of this act shall be conclusive evidence of abandonment. The amount of the theoretical horsepower upon which fees shall be paid under the provision

of this act, shall be computed by multiplying the maximum amount of water claimed, expressed in cubic feet per second of time, by the average fall utilized, expressed in feet, and dividing the product by 8.8. [1929 c 105 § 2; RRS § 11575-2. Formerly RCW 90.16.060, 90.16.070 and 90.16.080.]

Reviser's note: (1) The language "passage of this act" refers to chapter 105, Laws of 1929 which passed the House February 21, passed the Senate March 2, approved by the Governor March 13, and became effective at midnight, June 12, 1929; it is codified as RCW 90.16.050, 90.16.060 and 90.16.090.

[1973 c 106 § 39; 1939 c 209 § 1; 1929 c 105 § 3; RRS § 11575-3.]

90.16.100 Appropriation of lands by corporations conveying water. All corporations, authorized to do business in the state, and who have been, or may hereafter be organized, for the purpose of erecting and maintaining flumes and aqueducts to convey water for consumption or for mining, irrigation, milling or other industrial purposes, shall have the same right to appropriate lands for necessary corporate purposes, and under the same regulations and instructions as are provided for other corporations; and such corporations organized for such purposes, in order to carry out the object of their incorporation, are authorized to take and use any water not otherwise legally appropriated. [Code 1881 § 2472; 1879 p 134 § 1; RRS § 11576.]

90.16.110 Water for use outside state. Whenever the use of water shall be necessary for domestic, manufacturing, irrigation, or in interstate transportation at or for any incorporated or unincorporated city, town, village or hamlet situated partly in Washington and partly in an adjoining state or where any city, town, village or hamlet is incorporated on one side of the state line and there are inhabitants living in adjacent and contiguous territory on

the other side, it shall be lawful for any person, association or corporation to locate, appropriate, divert and deliver any of the unappropriated public waters of this state necessary for the use of such city, town, village or hamlet and the inhabitants thereof and those residing in and embracing such contiguous territory both within this state and such adjoining state; and locations may be made and authority is hereby granted for such purpose the same as for any other appropriation within the state and a diversion and delivery for such purpose shall have the same force and effect as if made for use wholly within this state and any appropriation, diversion or use heretofore made for such purpose shall be deemed as valid and legal as if made for a use wholly within this state and priority thereof shall date from the appropriation and diversion the same as if it had been made for use wholly within this state. [1919 c 41 § 1; RRS § 11577.]

90.16.120 Water for use outside state—Reciprocity. The provisions of this act shall not apply to any territory or the inhabitants thereof situated or located in any adjoining state which does not by its laws, usages or legal regulations grant similar or reciprocal rights, privileges and opportunities to this state and its inhabitants and adjacent and contiguous territory whether incorporated or unincorporated as in *this act specified. [1919 c 41 § 2; RRS § 11578.]

MINIMUM WATER FLOWS AND LEVELS

Sections

- 90.22.010 Establishment of minimum water flows or levels—Authorized—Purposes.
- 90.22.020 Establishment of minimum water flows or levels—Hearings—Notice—Regulations.
- 90.22.030 Existing water and storage rights—Right to divert or store water.
- 90.22.040 Stockwatering requirements.

90.22.010 Establishment of minimum water flows or levels—Authorized—Purposes. The department of water resources may establish minimum water flows or levels for streams, lakes or other public waters for the purposes of protecting fish, game, birds or other wildlife resources, or recreational or aesthetic values of said public waters whenever it appears to be in the public interest to establish the same. In addition, the department of water resources shall, when requested by the department of fisheries or the game commission to protect fish, game or other wildlife resources under the jurisdiction of the department of water resources, or by the water pollution control commission to preserve water quality, establish such minimum flows or levels as are required to protect the resource or preserve the water quality described in the request. Any request submitted by the department of fisheries, game commission or water pollution control commission shall include a statement setting forth the need for establishing a minimum

flow or level. This section shall not apply to waters artificially stored in reservoirs, provided that in the granting of storage permits by the department of water resources in the future, full recognition shall be given to downstream minimum flows, if any there may be, which have theretofore been established hereunder. [1969 ex.s. c 284 § 3.]

Severability—1969 ex.s. c 284: See note following RCW 90.48.290.

90.22.020 Establishment of minimum water flows or levels—Hearings—Notice—Regulations. Flows or levels authorized for establishment under RCW 90.22.010, or subsequent modification thereof by the department shall be provided for through the adoption of regulations. Prior to the establishment or modification of a water flow or level for any stream or lake or other public water, the department shall hold a public hearing in the county in which the stream, lake or other public water is located. If the same is located in more than one county the department shall determine the location or locations therein and number of hearings to be conducted. Notice of hearings shall be given by publication in a newspaper of general circulation in the county or counties in which the stream, lake or other public waters is located, once a week for three consecutive weeks prior to the hearing. Said notice shall include the following:

(1) The name of the stream, lake or other water source under consideration.

(2) The proposed levels or flows to be established, if the department has made such a determination prior to the hearing.

(3) The place and time of the hearing.

(4) A statement that any person, including any private citizen or public official may present his views either orally or in writing.

Notice of the hearing shall also be served upon the administrators of the departments of fisheries, health and natural resources, the game commission, the state highway commission and the water pollution control commission. [1969 ex.s. c 284 § 4.]

90.22.030 Existing water and storage rights—Right to divert or store water. The establishment of levels and flows pursuant to RCW 90.22.010 shall in no way affect existing water and storage rights and the use thereof, including but not limited to rights relating to the operation of any hydroelectric or water storage reservoir or related facility. No right to divert or store public waters shall be granted by the department of water resources which shall conflict with regulations adopted pursuant to RCW 90.22.010 and 90.22.020 establishing flows or levels. All regulations establishing flows or levels shall be filed in a "Minimum Water Level and Flow Register" of the department of water resources. [1969 ex.s. c 284 § 5.]

90.22.040 Stockwatering requirements. It shall be the policy of the state, and the department of water resources shall be so guided in the implementation of RCW 90.22.010 and 90.22.020, to retain sufficient minimum flows or levels in streams, lakes or other public

waters to provide adequate waters in such water sources to satisfy stockwatering requirements for stock on riparian grazing lands which drink directly therefrom where such retention shall not result in an unconscionable waste of public waters. The policy hereof shall not apply to stockwatering relating to feed lots and other activities which are not related to normal stockgrazing land uses. [1969 ex.s. c 284 § 6.]

90.24.070	Appeal.

Reviser's note: "state supervisor of hydraulics" and/or "supervisor of hydraulics" have been changed to "supervisor of water resources" or "supervisor" throughout this chapter; see note following title digest.

90.24.010 Petition to regulate flow—Order—Exceptions. Ten or more owners of real property abutting on a meandered lake may petition the superior court of the county in which the lake is situated, for an order to provide for the regulation of the outflow of the lake in order to maintain a certain water level therein, for the benefit of the property abutting thereon and to provide for the periodic lowering of the lake level to facilitate the elimination of weed growth and other similar objectionable matters in the lake. The court, after hearing, is authorized to make an order fixing the water level thereof except during that period when it is ordered to be lowered for weed control and other similar purposes and directing the supervisor to regulate the outflow therefrom in accordance with the purposes described in the petition. This section shall not apply to any meandered lake or reservoir used for the storage of water for irrigation or other beneficial purposes, or to lakes navigable from the sea. [1959 c 258 § 1; 1939 c 107 § 2; RRS § 7388-1.]

90.24.020 Contents of petition. Such petition shall contain a complete description of the property surrounding said lake with the number of front feet contained in each tract with the name of the owner thereof and his address together with a brief statement of the reasons and necessity for such application; that the level sought to be established will in no wise interfere with the navigability of said lake or in any manner affect or interfere with fish or game fish which may be then contained or may thereafter be deposited in said lake, but that in order to protect fish or game fish in said lake the construction of fish ladders or other devices may be required to conserve and protect such fish or game fish, then in that event the property owners to be benefited by the establishment of said water level in such lake shall be required to pay the cost thereof, in proportion to lineal

feet of water front owned by each. [1939 c 107 § 3; RRS § 7388-2.]

90.24.030 Title of petition—Service of petition and order—Notice. The petition shall be entitled "In the matter of fixing the level of Lake _____ in _____ county, Washington", and shall be filed with the clerk of the court and a copy thereof, together with a copy of the order fixing the time for hearing the petition, shall be served on each owner of property abutting on the lake, not less than ten days before the hearing. Like copies shall also be served upon the director of fisheries and of game and the supervisor of water resources. The copy of the petition and of the order fixing time for hearing shall be served in the manner provided by law for the service of summons in civil actions, or in such other manner as may be prescribed by order of the court. For the benefit of every riparian owner abutting on a stream or river flowing from such lake, a copy of the notice of hearing shall be published at least once a week for two consecutive weeks before the time set for hearing in a newspaper in each county or counties wherein located, said notice to contain a brief statement of the reasons and necessity for such application. [1963 c 243 § 1; 1959 c 258 § 2; 1947 c 210 § 1; 1939 c 107 § 4; Rem. Supp. 1947 § 7388-3.]

90.24.040 Hearing on petition—Order—Continuing jurisdiction. At the hearing evidence shall be introduced in support of the petition and all interested parties may be heard for or against it. The court shall make findings and conclusions and enter an order granting or refusing the petition, and if the petition is granted, shall fix the water level to be maintained and direct the supervisor to regulate and control the outflow of the lake so as to properly maintain the water level so far as practicable within maximum and minimum limits when the proper control devices are installed: *Provided*, That the court may order periodic lowering of the lake level to facilitate weed control and other similar objectives: *Provided further*, That the court shall have continuing jurisdiction after a petition is once granted and shall, upon subsequent petition filed and heard in accordance with the preceding sections, make such further findings and conclusions and enter such further orders as are necessary to accomplish fully the objectives sought in the initial petition: *And provided further*, That shall the court find any such riparian owners abutting on a stream or river flowing from such lake be adversely affected in any way by the granting of such a petition, such petition shall be refused. [1959 c 258 § 3; 1939 c 107 § 5; RRS § 7388-4.]

90.24.050 Devices to protect the fish—Cost—Special fund. In the event the court shall find that to protect fish and game fish in said lake that fish ladders or other devices should be constructed therein or that other construction shall be necessary in order to maintain the determined lake level, the court shall find the proper device to be constructed, the probable cost thereof and by its order and judgment shall apportion the cost thereof among the persons whose property abuts

on said lake in proportion to the lineal feet of waterfront owned by each, which sum so found shall constitute a lien against said real property and shall be paid to the county treasurer and by him placed in a special fund to be known as "Lake _____ Improvement Fund." The supervisor of water resources shall appoint a suitable person to be compensated by the property owners to regulate the determined level as decreed by the court. [1939 c 107 § 6; RRS § 7388-5.]

90.24.060 Installation of devices. Such improvement or device in said lake for the protection of the fish and game fish therein shall be installed by and under the direction of the board of county commissioners of said county with the approval of the respective directors of the department of fisheries, the department of game and the supervisor of water resources of the state of Washington and paid for out of the special fund provided for in *RCW 90.24.050. [1939 c 107 § 7; RRS § 7388-6.]

***Reviser's note:** The reference to "RCW 90.24.050" appears in the session law language as "section 5". Section 5 is codified as RCW 90.24.040 but contains no provision for a special fund whereas section 6 codified as RCW 90.24.050 does contain such a provision.

90.24.065 Elimination of weed growth, etc.—Cost—Special fund. If the court finds in accordance with the petition that elimination of weed growth and other objectionable matters in the lake is in the best interests of the abutting property owners, it shall determine what steps or measures are necessary to accomplish these objectives, and the probable annual cost thereof, and by its order apportion the cost among the persons whose property abuts on the lake in proportion to the lineal feet of waterfront owned by each, which sum shall constitute a lien against the real property and shall be paid to the county treasurer and by him placed in a special fund to be known as "Lake _____ weed removal fund". The court shall appoint a suitable person, to be compensated by the property owners, to undertake weed control and other similar objectives as decreed by the court. [1959 c 258 § 4.]

90.24.070 Appeal. Any person aggrieved by the order of judgment of the superior court may appeal to the supreme court or the court of appeals in the same manner as in other civil actions. [1971 c 81 § 177; 1939 c 107 § 8; RRS § 7388-7.]

90.28.010 Right to back and hold waters over roads, streets and alleys—Procedure. The *state highway committee shall have power to, and in its sole discretion may, grant to any person or corporation the right, privilege and authority to perpetually back and hold the waters of any lake, river, stream, slough or other body of water, upon or over any state, county or permanent highway or road, or any street or alley within the limits of any town or city of the fourth class, or any part thereof, and overflow and inundate the same whenever the supervisor of water resources shall deem it necessary for the purpose of erecting, constructing, maintaining or operating any water power plant, reservoir or works for impounding water for power purposes, irrigation, mining or other public use and shall so certify to the *state highway committee. The decision of the *state highway committee, in the absence of bad faith, arbitrary, capricious or fraudulent action, shall be conclusive. But no such right shall be granted until it shall have been heretofore or shall be hereafter determined in a condemnation suit instituted by said person or corporation desiring to obtain such right or rights in the county wherein is situated that part of said road, highway, street or alley so to be affected that the use for which said grant is sought is a public use, nor until there shall be filed with the clerk of the court in which the order or decree of public use was entered a bond or undertaking signed by the person or corporation seeking the grant, executed by a surety company authorized to do business in this state, conditioned to pay all costs and expenses of every kind and description connected with and incident to the relocation and reconstruction of any such highway, road, street or alley, the same to be of substantially the same type and grade of construction as that of the highway, road, street or alley to be overflowed or inundated, including any such relocation, reconstruction and maintenance costs and expenses as may arise within a period of eighteen months after such new highway, road, street or alley shall have been opened, in its entirety, to public travel, and also including any and all damages for which the state, county, city or town may be liable because of the vacation of any such highway, road, street or alley and the relocation thereof in the manner provided herein and to save harmless the state, county, city or town from the payment of the same or any part thereof. Such bond shall be in a penal sum of double the estimated amount of the expenses, costs and damages referred to above, such estimate in case of a state highway to be made by the *state highway committee, in case of a county road or permanent highway, to be made by the board of county commissioners and in case of a street or alley of a town or city of the fourth class, to be made by the city or town council thereof. Said bond shall be approved by the *state highway committee when the road to be affected shall be a state highway, and in all other cases by a judge of the superior court in which the order or decree of public use was entered. In such condemnation suit the state of Washington shall be made a party defendant when the road affected shall be a state highway; if the road shall be a county road or permanent highway the county in which said road or permanent highway is situated shall be made a party defendant and

when any street or alley in any town or city of the fourth class shall be affected such city or town shall be made a party defendant. Any person or corporation may acquire the right to overflow as against the owner of the fee in any such highway, road, street or alley by making the owner of such fee, or of any part thereof, a party defendant in the condemnation suit provided for herein, or by instituting a separate condemnation suit against any such owner; the damages sustained by any such owner as a result of the overflow of any such highway, road, street, or alley to be determined as in other condemnation cases, separate and apart from any damage sustained by the state, county, city or town. [1929 c 154 § 1; 1927 c 202 § 1; RRS § 7354-1.]

***Reviser's note:** The "state highway committee" was abolished and its powers and duties transferred through a chain of statutes as follows: 1929 c 115 § 4 (director of highways); 1951 c 247 § 4 (state highway commission); see also chapter 47.01 RCW.

Eminent domain by corporations: Chapter 8.20 RCW.

Private ways of necessity: Chapter 8.24 RCW.

90.28.020 Right to back and hold waters over roads, streets and alleys—Relocation—Acquisition of rights—Abandonment. It shall be the duty of the *state highway committee, if the road to be affected shall be a state highway, or of the board of county commissioners of the county in which such road is located, if the road to be affected shall be a county road, or permanent highway, or of the town council of any town or city of the fourth class in which the road is located, if the road to be affected shall be a street or alley, within thirty days after entry of said order or decree of public use and the filing of the bond mentioned in RCW 90.28.010, to enter an appropriate order or resolution directing the relocation and reestablishment and completion forthwith of such highway, road, street or alley in place of that so to be overflowed or inundated, and promptly thereafter to acquire all property and rights of way necessary therefor, instituting and diligently prosecuting such condemnation suits as may be necessary in order to secure such property and rights of way. The decision of the committee, board or council as to relocation and reestablishment set forth in such order or resolution shall be final and conclusive as to all matters and things set forth therein, including the question of public use and necessity in any and all condemnation suits to be brought under RCW 90.28.010 and 90.28.020. After the reestablishment and relocation of any such highway, road, street or alley and the construction and opening thereof in its entirety to public travel and the signing of the grant authorized in RCW 90.28.010, the state highway, county road or permanent highway, street or alley or such part thereof described in said grant shall be deemed to be abandoned and thereafter cease to be a highway, road, street or alley. [1927 c 202 § 2; RRS § 7354-2.]

***Reviser's note:** "state highway committee," see note following RCW 90.28.010.

90.28.030 Ditches across highways—Bridging. Any person constructing a ditch, wherever the same be

taken across any public highway, shall put a good substantial bridge, not less than sixteen feet in breadth, over such water course where it crosses said road, which said bridge shall be constructed within three days after any ditch has been constructed across any highway, and in case any bridge is not so constructed within the time named by the owners thereof, it shall be the duty of the supervisors of the road district wherein said crossing is situated to put a bridge over said ditch of the dimensions specified in this section, and call on the owner of the ditch to pay the expenses of constructing such bridges; and if the owner of such ditch refuse to pay the said expense, the said supervisor may go before any justice of the peace and make oath to the correctness of the bill, and that the owner of the ditch refuses payment thereof, and thereupon such justice of the peace shall issue a summons against such owner, requiring him to appear and answer to the complaint of such supervisor in an action for the amount due, such summons to be made returnable, and such proceedings to be had and taken thereon as in other cases. And in case judgment shall be given against such owner, the justice of the peace shall assess, in addition to the amount due for the building of said bridge, the sum of ten dollars as damages, arising from the delay of such owner; said judgment to be collected as in other cases, and to be a fund in the hand of the supervisor of roads for such district for the repairs of roads therein, except the ten dollars damages, which shall go to the supervisor to pay him for his trouble and expense in collecting the cost of said bridge. [1889 p 711 § 21; RRS § 7402.]

Reviser's note: 1889–90 p 617 et seq. provided for the election of road overseers; 1893 p 147 et seq. provided that county commissioners were ex officio road commissioners and further provided for a road supervisor in each road district; mesne laws provided for county surveyors and a county engineer and the abolition thereof; 1937 c 187 p 733 et seq. repealed the earlier acts and provided roads to be under the county commissioners subject to direction of the director of highways, and further provided for a county road engineer appointed by the county commissioners.

90.28.040 Limitation on number of irrigation ditches across land. No tract or parcel of improved or occupied land in this state shall, without the written consent of the owner thereof, be subjected to the burden of two or more irrigating ditches constructed for the purpose of conveying water through said property to lands adjoining or beyond the same, when the same object can feasibly and practicably be attained by uniting and conveying all the water necessary to be conveyed through such property in one ditch. [1890 p 717 § 39; RRS § 7401.]

90.28.150 Improving streams for logging. It shall be lawful for any person or company interested in logging to make such improvements on any stream used for logging within the state of Washington as may be necessary to carry on said logging business; that such improvements may consist in clearing out obstructions and straightening the channel by cutting across sand or gravel bars, and that side dams and sheer booms may be used in making such improvements. [1891 c 120 § 1; No RRS.]

90.28.160 Fencing across streams. Owners of land or their agents shall have the right to fence across all unmeandered streams at any time when such streams are not used for a public highway, or by making a fence that will not be an obstruction. [1891 c 120 § 3; No RRS.]

90.28.170 Dams across streams. There is hereby granted to persons, firms and corporations organized among other things, for irrigation and power purposes, the right to construct and maintain dams and works incident thereto over, upon and across the beds of the rivers of the state of Washington in connection with such power and irrigation purposes, and there is hereby granted to such persons, firms and corporations an easement over, upon and across the beds of such rivers for such purposes. Such easement shall be limited however, to so much of the beds of such rivers as may be reasonably convenient and necessary for such uses. All such dams and works shall be completed within five years after the commencement of construction work upon the same. The rights and privileges granted by this section shall inure to the benefit of such persons, firms or corporations from the date of the commencement of construction work upon such dams and works incident thereto, and such construction work shall be diligently prosecuted to completion, and the rights, privileges and easements granted by this section shall continue so long as the same shall be utilized by the grantees for the purposes herein specified, and the failure to maintain and use such dams and works after the same shall have been constructed, for a continuous period of two years, shall operate as a forfeiture of all the rights hereby granted and the same shall revert to the state of Washington: *Provided*, That nothing in this section shall be construed in such a way as to interfere with the use of said rivers for navigation purposes, and all of such rights, privileges and easements granted hereby shall be subject to the paramount control of such rivers for navigation purposes by the United States: *And, provided further*, That the use and enjoyment of the grants and privileges of this section shall not interfere with the lawful and rightful diversion of the waters of said rivers by other parties under water appropriations in existence at the time any such persons, firms or corporations shall avail themselves of the benefits and privileges of this section, but no such persons, firms or corporations shall have any right to construct any such dams or works over, upon or across the land between ordinary high water and extreme low water of any river of this state without first having acquired the right to do so from the owner or owners of the lands adjoining the land between ordinary high water and extreme low water over or across which said dam or works are constructed. [1911 c 95 § 1; RRS § 7416.]

90.36.010 Right-of-way to wells. Any person who may be entitled to water from any artesian well shall have the right to condemn the right-of-way for a ditch to convey such water for the purpose of irrigation over the lands intervening between such well and the place where the party owning such water wishes to use the same, and such right-of-way may be condemned sufficient for the purposes of conveying the water, together with the right of ingress and egress, to construct, maintain and repair said ditch, *as is hereinafter provided for in this act. [1890 p 711 § 18; RRS § 7403.]

***Reviser's note:** The language "as is hereinafter provided for in this act" refers to 1889-90 pp 706-728 §§ 1-67 which has since been repealed with the exception of those sections now codified as RCW 90.28.030 and 90.28.040. Compare the provisions of later enactment in chapter 90.03 RCW.

90.36.020 Flow limited during certain period—Exceptions. It shall be unlawful for any person, firm, corporation or company having possession or control of any artesian well within the state, whether as contractor, owner, lessee, agent or manager, to allow or permit water to flow or escape from such well between the fifteenth day of October in any year and the fifteenth day of March next ensuing; *Provided*, That *this act shall only apply to sections and communities wherein the use of water for the purpose of irrigation is necessary or customary; and *Provided further*, That nothing herein contained shall prevent or prohibit the use of water from any such well between said fifteenth day of October and the fifteenth day of March next ensuing, for household, stock and domestic purposes only, water for said last named purposes to be taken from such well through a three-quarters inch stop and waste cock to be inserted in the piping of such well for that purpose. [1929 c 138 § 1; 1901 c 121 § 1; RRS § 7404.]

***Reviser's note:** "this act" refers to 1901 c 121 codified in RCW 90.36.020 through 90.36.050.

90.36.030 Capping well—Exceptions. It shall be the duty of every person, firm, corporation or company having possession or control of any artesian well, as provided in RCW 90.36.020, to securely cap the same over on or before the fifteenth day of October in each and every year in such manner as to prevent the flow or escape of water therefrom, and to keep the same securely capped and prevent the flow or escape of water therefrom until the fifteenth day of March next ensuing; *Provided, however*, It shall and may be lawful for any such person, firm, corporation or company to insert a three-quarters inch stop and waste cock in the piping of such well, and to take and use water therefrom through such stop and waste cock at any time for household,

stock, or domestic purposes, but not otherwise. [1929 c 138 § 2; 1901 c 121 § 2; RRS § 7405.]

90.36.040 Right of neighboring owner to cap well—Lien. Whenever any person, firm, corporation or company in possession or control of an artesian well shall fail to comply with the provisions of *this act, any person, firm, corporation or company lawfully in the possession of land situate adjacent to or in the vicinity or neighborhood of such well and within five miles thereof may enter upon the land upon which such well is situate, and take possession of such from which water is allowed to flow or escape in violation of the provisions of RCW 90.36.020, and cap such well and shut in and secure the flow or escape of water therefrom, and the necessary expenses incurred in so doing shall constitute a lien upon said well, and a sufficient quantity of land surrounding the same for the convenient use and operation thereof, which lien may be foreclosed in a civil action in any court of competent jurisdiction, and the court in any such case shall allow the plaintiff a reasonable attorney's fee to be taxed as a part of the cost. This shall be in addition to the penalty provided for in RCW 90.36.050. [1901 c 121 § 4; RRS § 7407.]

90.40.010 Eminent domain by the United States. The United States is hereby granted the right to exercise the power of eminent domain to acquire the right to the use of any water, to acquire or extinguish any rights, and to acquire any lands or other property, for the construction, operation, repairs to, maintenance or control of any plant or system of works for the storage, conveyance, or use of water for irrigation purposes, and whether such water, rights, lands or other property so to be acquired belong to any private party, association, corporation or to the state of Washington, or any municipality thereof;

and such power of eminent domain shall be exercised under and by the same procedure as now is or may be hereafter provided by the law of this state for the exercise of the right of eminent domain by ordinary railroad corporations, except that the United States may exercise such right in the proper court of the United States as well as the proper state court. [1905 c 88 § 1; RRS § 7408.]

90.40.020 Right to use water courses. The United States shall have the right to turn into any natural or artificial water course, any water that it may have acquired the right to store, divert, or store and divert, and may again divert and reclaim said waters from said water course for irrigation purposes subject to existing rights. [1905 c 88 § 2; RRS § 7409.]

90.40.030 Notice and certificate, effect of. Whenever the secretary of the interior of the United States, or any officer of the United States duly authorized, shall notify the commissioner of public lands of this state that pursuant to the provisions of the act of congress approved June 17, 1902, entitled, "An act appropriating the receipts from the sale and disposal of public lands in certain states and territories to the construction of irrigation works for the reclamation of arid lands," or any amendment of said act or substitute therefor, the United States intends to make examinations or surveys for the utilization of certain specified waters, the waters so described shall not thereafter be subject to appropriation under any law of this state for a period of one year from and after the date of the receipt of such notice by such commissioner of public lands; but such notice shall not in any wise affect the appropriation of any water theretofore in good faith initiated under any law of this state, but such appropriation may be completed in accordance with the law in the same manner and to the same extent as though such notice had not been given. No adverse claim to any of such waters initiated subsequent to the receipt by the commissioner of public lands of such notice shall be recognized, under the laws of this state, except as to such amount of the waters described in such notice or certificate hereinafter provided as may be formally released in writing by a duly authorized officer of the United States. If the said secretary of the interior or other duly authorized officer of the United States shall, before the expiration of said period of one year, certify in writing to the said commissioner of public lands that the project contemplated in such notice appears to be feasible and that the investigation will be made in detail, the waters specified in such notice shall not be subject to appropriation under any law of this state for the further period of three years following the date of receipt of such certificate, and such further time as the commissioner of public lands may grant, upon application of the United States or some one of its authorized officers and notice thereof first published once in each week for four

consecutive weeks in a newspaper published in the county where the works for the utilization of such waters are to be constructed, and if such works are to be in or extend into two or more counties, then for the same period in a newspaper in each of such counties: *Provided*, That in case such certificate shall not be filed with said commissioner of public lands within the period of one year herein limited therefor the waters specified in such notice shall, after the expiration of said period of one year, become unaffected by such notice and subject to appropriation as they would have been had such notice never been given: *And provided further*, That in case such certificate be filed within said one year and the United States does not authorize the construction of works for the utilization of such waters within said three years after the filing of said certificate, then the waters specified in such notice and certificate shall, after the expiration of said last named period of three years, become unaffected by such notice or certificate and subject to appropriation as they would have been had such notice never been given and such certificate never filed. [1905 c 88 § 3; RRS § 7410.]

Reviser's note: This section refers to the "commissioner of public lands" in several instances. Note that a later act, the 1917 Water Code, in section 27 (RCW 90.03.250) states in part:

"*Provided, further*, That nothing in this act contained shall be deemed to affect chapter 88 of the Laws of 1905 except that the notice and certificate therein provided for in section 3 thereof shall be addressed to the state hydraulic engineer after the passage of this act, and the state hydraulic engineer shall exercise the powers and perform the duties prescribed by said section 3."

Chapter 88, Laws of 1905 referred to in the above quotation is the instant chapter and "section 3" is the instant section. The language "this act" in the above quotation refers to the 1917 Water Code codified as chapter 90.03 RCW. The "state hydraulic engineer" referred to in the quotation has been changed throughout the remainder of this title because of the devolution of the powers and duties to "supervisor of water resources", see note following the title digest. Thus, the language "commissioner of public lands" is retained in the instant section and in RCW 90.40.050 and 90.40.060 because while some of the duties have been transferred to the hydraulic engineer thence to the supervisor of water resources not all of such duties prescribed in this chapter have so devolved.

90.40.040 Appropriation of water—Title to beds and shores. Whenever said secretary of the interior or other duly authorized officer of the United States shall cause to be let a contract for the construction of any irrigation works or any works for the storage of water for use in irrigation, or any portion or section thereof, for which the withdrawal has been effected as provided in RCW 90.40.030, any authorized officer of the United States, either in the name of the United States or in such name as may be determined by the secretary of the interior, may appropriate, in behalf of the United States, so much of the unappropriated waters of the state as may be required for the project, or projects, for which water has been withdrawn or reserved under RCW 90.40.030, including any and all divisions thereof, theretofore constructed, in whole or in part, by the United States or proposed to be thereafter constructed by the United States, such appropriation to be made, maintained and perfected in the same manner and to the same extent as though such appropriation had been made by a private person, corporation or association, except that the date of priority as to all rights under

such appropriation in behalf of the United States shall relate back to the date of the first withdrawal or reservation of the waters so appropriated, and in case of filings on water previously withdrawn under RCW 90.40.030, no payment of fees will be required. Such appropriation by or on behalf of the United States shall inure to the United States, and its successors in interest, in the same manner and to the same extent as though said appropriation had been made by a private person, corporation or association. The title to the beds and shores of any navigable lake or stream utilized by the construction of any reservoir or other irrigation works created or constructed as a part of such appropriation hereinbefore in this section provided for, shall vest in the United States to the extent necessary for the maintenance, operation and control of such reservoir or other irrigation works. [1929 c 95 § 1; 1905 c 88 § 4; RRS § 7411.]

90.40.050 Reservation of needed lands—Procedure. When the notice provided for in RCW 90.40.030 shall be given to the commissioner of public lands the proper officers of the United States may file with the said commissioner a list of lands (including in the term "lands" as here used, the beds and shores of any lake, river, stream, or other waters) owned by the state, over or upon which the United States may require rights-of-way for canals, ditches or laterals or sites for reservoirs and structures therefor or appurtenant thereto, or such additional rights-of-way and quantity of land as may be required for the operation and maintenance of the completed works for the irrigation project contemplated in such notice, and the filing of such list shall constitute a reservation from the sale or other disposal by the state of such lands so described, which reservation shall, upon the completion of such works and upon the United States by its proper officers filing with the commissioner of public lands of the state a description of such lands by metes and bounds or other definite description, ripen into a grant from the state to the United States. The state, in the disposal of lands granted from the United States to the state, shall reserve for the United States rights-of-way for ditches, canals, laterals, telephone and transmission lines which may be required by the United States for the construction, operation and maintenance of irrigation works. [1905 c 88 § 5; RRS § 7412.]

Reviser's note: See note following RCW 90.40.030.

90.40.060 Restrictions on sale of state lands within project. After the receipt by the commissioner of public lands of the notice from the secretary of the interior or other officer of the United States provided for in RCW 90.40.030, no lands belonging to the state, susceptible of irrigation and within the area to be irrigated from the works projected by the United States and specified in such notice shall be sold except in conformity to the classification of farm units by the United States, and the title to such lands shall not pass from the state until the applicant therefor shall have fully complied with the provisions of the laws of the United States and the regulations thereunder concerning the acquisition of the right to use water from such works and shall produce the

evidence thereof duly issued: *Provided*, That the restrictions upon the sale or other disposal by the state of any state lands provided for in this section shall continue for the same periods, respectively, and upon the same conditions, as specified in RCW 90.40.030 for the withdrawal of waters from appropriation: *And provided further*, That in case the authorization by the United States for the construction of irrigation works pursuant to RCW 90.40.030 shall be made within the period of three years specified therefor in said section, then the restrictions upon and conditions prescribed for the sale or other disposal of said lands in this section shall continue so long as any such lands shall remain unsold or not disposed of. [1905 c 88 § 6; RRS § 7413.]

Reviser's note: See note following RCW 90.40.030.

90.40.070 Federal water users' association—Exemption from fees. Any water users' association which is organized in conformity with the requirements of the United States under said act of congress, and which under its articles of incorporation is authorized to furnish water only to its stockholders, shall be exempt from the payment of any incorporation tax, and from the payment of any annual franchise tax; but shall be required to pay, as preliminary to its incorporation, only a fee of twenty dollars for the filing and recording of its articles of incorporation and the issuance of certificates of incorporation. Whenever, with the consent of the secretary of the interior of the United States, the stockholders of any such association shall adopt any other form of organization to manage the affairs of such reclamation project in connection with which any such water users' association has been organized, such association may dissolve or disincorporate itself by the procedure and subject to the laws relating to the disincorporation of corporations in this state when such dissolution is authorized by a vote of two-thirds of all the stockholders represented at a meeting of the stockholders called for such purpose. [1919 c 42 § 1; 1905 c 88 § 7; RRS § 7414.]

Corporations and associations (nonprofit): Title 24 RCW.

90.40.080 Federal water users' association—Records by county auditor. It shall be the duty of the county auditor to provide record books containing printed forms of the articles of incorporation and stock subscriptions to the stock of water users' associations organized in conformity with the requirements of the United States under said act of congress, and to use such books for recording stock subscriptions of such associations; and the charges for the recording thereof shall be made on the basis of the number of words actually written therein and not for the printed form. [1905 c 88 § 8; RRS § 7415.]

90.40.090 Permit for Grand Coulee project. An application filed by the Columbia Basin Commission or its assignee, the United States Bureau of Reclamation, for a permit to appropriate waters of the Columbia River under chapter 90.03 RCW, for the development of the Grand Coulee project shall be perfected in the same

manner and to the same extent as though such appropriation had been made by a private person, corporation or association, but no fees, as provided for in RCW 90.03.470, shall be required. [1933 ex.s. c 13 § 4; RRS § 7399-1, pocket part.]

Severability—1933 ex.s. c 13: "The adjudication of invalidity of any section, clause, or part of a section of this act, shall not impair or otherwise affect the validity of the act as a whole or any part thereof." [1933 ex.s. c 13 § 6; RRS § 7399-2.] This applies to RCW 89.16.050 and 90.40.090.

Reviser's note: "Supervisor of hydraulics" has been changed to "supervisor of water resources" or "supervisor" throughout this chapter, see note following title digest.

90.44.020 Purpose of chapter. This chapter regulating and controlling ground waters of the state of Washington shall be supplemental to chapter 90.03 RCW, which regulates the surface waters of the state, and is enacted for the purpose of extending the application of such surface water statutes to the appropriation and beneficial use of ground waters within the state. [1945 c 263 § 1; Rem. Supp. 1945 § 7400-1.]

90.44.030 Chapter not to affect surface water rights. The rights to appropriate the surface waters of the state and the rights acquired by the appropriation and use of surface waters shall not be affected or impaired by any of the provisions of this supplementary chapter and, to the extent that any underground water is part of or tributary to the source of any surface stream or lake, or that the withdrawal of ground water may affect the flow of any spring, water course, lake, or other body of surface water, the right of an appropriator and owner of surface water shall be superior to any subsequent right hereby authorized to be acquired in or to ground water. [1945 c 263 § 2; Rem. Supp. 1945 § 7400-2.]

90.44.035 "Ground waters", "natural ground water" and "artificially stored ground water" defined. All waters

that exist beneath the land surface or beneath the bed of any stream, lake or reservoir, or other body of surface water within the boundaries of this state, whatever may be the geological formation or structure in which such water stands or flows, percolates or otherwise moves, are defined for the purposes of this chapter as "ground waters." There is recognized a distinction between: (1) Water that exists in underground storage owing wholly to natural processes; for the purposes of this chapter such water is designated as "natural ground water." (2) Water that is made available in underground storage artificially, either intentionally, or incidentally to irrigation and that otherwise would have been dissipated by natural waste; for the purposes of this chapter such water is designated as "artificially stored ground water." [1973 c 94 § 2; 1945 c 263 § 3; RRS § 7400-3. Formerly RCW 90.44.010.]

Purpose—1973 c 94: "It is the purpose of this 1973 amendatory act to state as well as reaffirm the intent of the legislature that "ground waters," as defined in chapter 263, Laws of 1945, means all waters within the state existing beneath the land surface, and to remove any possible ambiguity which may exist as a result of the dissenting opinion in *State v. Ponten*, 77 Wn.2d 463 (1969), or otherwise, with regard to the meaning of "ground waters" in the present wording of RCW 90.44.035. The definition set forth in section 2 of this 1973 amendatory act accords with the interpretation given by all of the various administrative agencies having responsibility for administration of the act since its enactment in 1945." [1973 c 94 § 1.] This applies to the amendment to RCW 90.44.035 by 1973 c 94 § 2.

90.44.040 Public ground waters subject to appropriation. Subject to existing rights, all natural ground waters of the state as defined in RCW 90.44.035, also all artificially ground waters that have been abandoned or forfeited, are hereby declared to be public ground waters and to belong to the public and to be subject to appropriation for beneficial use under the terms of this chapter and not otherwise. [1945 c 263 § 4; Rem. Supp. 1945 § 7400-4.]

90.44.050 Permit to withdraw. After the effective date of this act no withdrawal of public ground waters of the state shall be begun, nor shall any well or other works for such withdrawal be constructed, unless an application to appropriate such waters has been made to the supervisor of water resources and a permit has been granted by him as herein provided: *Except, however,* That any withdrawal of public ground waters for stock-watering purposes, or for the watering of a lawn or of a noncommercial garden not exceeding one-half acre in area, or for single or group domestic uses in an amount not exceeding five thousand gallons a day, or for an industrial purpose in an amount not exceeding five thousand gallons a day, is and shall be exempt from the provisions of this section, but, to the extent that it is regularly used beneficially, shall be entitled to a right equal to that established by a permit issued under the provisions of this chapter: *Provided, however,* That the supervisor from time to time may require the person or agency making any such small withdrawal to furnish information as to the means for and the quantity of that withdrawal: *Provided, further,* That at the option of the party making withdrawals of ground waters of the state not exceeding five thousand gallons per day, applications

under this section or declarations under RCW 90.44.090 may be filed and permits and certificates obtained in the same manner and under the same requirements as is in this chapter provided in the case of withdrawals in excess of five thousand gallons a day. [1947 c 122 § 1; 1945 c 263 § 5; Rem. Supp. 1947 § 7400-5.]

Effective date—1945 c 263: The language "the effective date of this act" first appears in 1945 c 263 which became effective at midnight, June 6, 1945, see preface 1945 session laws.

90.44.060 Laws governing withdrawal. Applications for permits for appropriation of underground water shall be made in the same form and manner provided in RCW 90.03.250 through 90.03.340, as amended, the provisions of which sections are hereby extended to govern and to apply to ground water, or ground water right certificates and to all permits that shall be issued pursuant to such applications, and the rights to the withdrawal of ground water acquired thereby shall be governed by RCW 90.03.250 through 90.03.340, inclusive: *Provided*, That each application to withdraw public ground water by means of a well or wells shall set forth the following additional information: (1) the name and post office address of the applicant; (2) the name and post office address of the owner of the land on which such well or wells or works will be located; (3) the location of the proposed well or wells or other works for the proposed withdrawal; (4) the ground water area, sub-area, or zone from which withdrawal is proposed, provided the supervisor of water resources has designated such area, sub-area, or zone in accord with RCW 90.44.130; (5) the amount of water proposed to be withdrawn, in gallons a minute and in acre feet a year, or millions of gallons a year; (6) the depth and type of construction proposed for the well or wells or other works: *And provided further*, That any permit issued pursuant to an application for constructing a well or wells to withdraw public ground water may specify an approved type and manner of construction for the purposes of preventing waste of said public waters and of conserving their head. [1945 c 263 § 6; Rem. Supp. 1945 § 7400-6.]

90.44.070 Limitations on granting permit. No permit shall be granted for the development or withdrawal of public ground waters beyond the capacity of the underground bed or formation in the given basin, district, or locality to yield such water within a reasonable or feasible pumping lift in case of pumping developments, or within a reasonable or feasible reduction of pressure in the case of artesian developments. The supervisor of water resources shall have the power to determine whether the granting of any such permit will injure or damage any vested or existing right or rights under prior permits and may in addition to the records of his office, require further evidence, proof, and testimony before granting or denying any such permits. [1945 c 263 § 7; Rem. Supp. 1945 § 7400-7.]

90.44.080 Certificate—Showing required. Upon a showing to the supervisor of water resources that construction has been completed in compliance with the

terms of any permit issued under the provisions of this chapter, it shall be the duty of such supervisor to issue to the permittee a certificate of ground water right stating that the appropriation has been perfected under such permit: *Provided, however*, That such showing shall include the following information: (1) the location of each well or other means of withdrawal constructed under the permit, both with respect to official land surveys and in terms of distance and direction to any pre-existing well or wells or works constructed under an earlier permit or approved declaration of a vested right, provided the distance to such pre-existing well or works is not more than a quarter of a mile; (2) the depth and diameter of each well or the depth and general specifications of any other works constructed under the terms of the permit; (3) the thickness in feet and the physical character of each bed, stratum, or formation penetrated by each well; (4) the length and position, in feet below the land surface, and the commercial specifications of all casing, also of each screen or perforated zone in the casing of each well constructed; (5) the tested capacity of each well in gallons a minute, as determined by measuring the discharge of the pump or pumps after continuous operation for at least four hours or, in the case of a flowing well, by measuring the natural flow at the land surface; (6) for each nonflowing well, the depth to the static ground water level as measured in feet below the land surface immediately before the well-capacity test herein provided, also the draw-down of the water level, in feet, at the end of said well-capacity test; (7) for each flowing well, the shut-in pressure measured in feet above the land surface or in pounds per square inch at the land surface; and (8) such additional factual information as reasonably may be required by the supervisor to establish compliance with the terms of the permit and with the provisions of this chapter.

The well driller or other constructor of works for the withdrawal of public ground waters shall be obligated to furnish the permittee a certified record of the factual information necessary to show compliance with the provisions of this section. [1945 c 263 § 8; Rem. Supp. 1945 § 7400-8.]

90.44.090 Certificate of vested rights. Any person, firm or corporation claiming a vested right to withdraw public ground waters of the state by virtue of prior beneficial use of such water shall, within three years after the effective date of this act, be entitled to receive from the supervisor of water resources a certificate of ground water right to that effect: *Provided*, That the issuance by the supervisor of any such certificate of vested right shall be contingent on a declaration by the claimant in a form prescribed by said supervisor, which declaration shall set forth: (1) the beneficial use for which such withdrawal has been made; (2) the date or approximate date of the earliest beneficial use of the water so withdrawn, and the continuity of such beneficial use; (3) the amount of water claimed; (4) if the beneficial use has been for irrigation, the description of the land to which such water has been applied and the name of the owner thereof; and (5) so far as it may be available, descriptive information concerning each well or other works for the withdrawal

of public ground water, as required of original permittees under the provisions of RCW 90.44.080: *Provided, however,* That in case of failure to comply with the provisions of this section within the three years allotted, the claimant may apply to the supervisor for a reasonable extension of time, which shall not exceed two additional years and which shall be granted only upon a showing of good cause for such failure.

Each such declaration shall be certified, either on the basis of the personal knowledge of the declarant or on the basis of information and belief. With respect to each such declaration there shall be publication, and findings in the same manner as provided in RCW 90.44.060 in the case of an original application to appropriate water. If his findings sustain the declaration, the supervisor shall approve said declaration, which then shall be recorded at length in his office and may also be recorded in the office of the county auditor of the county within which the claimed withdrawal and beneficial use of public ground water have been made. When duly approved and recorded as herein provided, each such declaration or copies thereof shall have the same force and effect as an original permit granted under the provisions of RCW 90.44.060, with a priority as of the date of the earliest beneficial use of the water.

Declarations heretofore filed with the supervisor in substantial compliance with the provisions of this section shall have the same force and effect as if filed after the effective date of this act.

The same fees shall be collected by the supervisor in the case of applications for the issuance of certificates of vested rights, as are required to be collected in the case of application for permits for withdrawal of ground waters and for the issuance of certificates of ground water withdrawal rights under this chapter. [1947 c 122 § 2; 1945 c 263 § 9; Rem. Supp. 1947 § 7400-9.]

Effective date—1945 c 263: The language "the effective date of this act", see note following RCW 90.44.050.

90.44.100 Amendment to permit or certificate. After an application to, and upon the issuance by the supervisor of water resources of an amendment to the appropriate permit or certificate of ground water right, the holder of a valid right to withdraw public ground waters may, without losing his priority of right, construct wells or other means of withdrawal at a new location in substitution for or in addition to those at the original location, or he may change the manner or the place of use of the water: *Provided, however,* That such amendment shall be issued only after publication of notice of the application and findings as prescribed in the case of an original application. Such amendment shall be issued by the supervisor only on the conditions that: (1) The additional or substitute well or wells shall tap the same body of public ground water as the original well or wells; (2) use of the original well or wells shall be discontinued upon construction of the substitute well or wells; (3) the construction of an additional well or wells shall not enlarge the right conveyed by the original permit or certificate; and (4) other existing rights shall not be

impaired. The supervisor may specify an approved manner of construction and shall require a showing of compliance with the terms of the amendment, as provided in RCW 90.44.080 in the case of an original permit. [1945 c 263 § 10; Rem. Supp. 1945 § 7400-10.]

90.44.110 Waste of water prohibited—Exceptions. No public ground waters that have been withdrawn shall be wasted without economical beneficial use. The supervisor of water resources shall require all wells producing waters which contaminate other waters to be plugged or capped. He shall also require all flowing wells to be so capped or equipped with valves that the flow of water can be completely stopped when the wells are not in use under the terms of their respective permits or approved declarations of vested rights. Likewise, he shall also require both flowing and nonflowing wells to be so constructed and maintained as to prevent the waste of public ground waters through leaky casings, pipes, fittings, valves, or pumps—either above or below the land surface: *Provided, however,* That the withdrawal of reasonable quantities of public ground water in connection with the construction, development, testing, or repair of a well shall not be construed as waste; also, that the inadvertent loss of such water owing to breakage of a pump, valve, pipe, or fitting shall not be construed as waste if reasonable diligence is shown by the permittee in effecting the necessary repair.

In the issuance of an original permit, or of an amendment to an original permit or certificate of vested right to withdrawal and appropriate public ground waters under the provisions of this chapter, the supervisor may, as in his judgment is necessary, specify for the proposed well or wells or other works a manner of construction adequate to accomplish the provisions of this section. [1949 c 63 § 1; 1945 c 263 § 11; Rem. Supp. 1949 § 7400-11.]

90.44.120 Penalty for waste or unauthorized use of water. The unauthorized use of ground water to which another person is entitled, or the wilful or negligent waste of ground water, or the failure, when required by the supervisor of water resources, to cap flowing wells or equip the same with valves, fittings, or casings to prevent waste of ground waters, or to cap or plug wells producing waters which contaminate other waters, shall be a misdemeanor. [1949 c 63 § 2; 1947 c 122 § 3; Rem. Supp. 1949 § 7400-11A.]

90.44.130 Priorities as between appropriators—Supervisor in charge of ground water—Establishment and modification of ground water areas and depth zones—Declarations by claimant of artificially stored water. As between appropriators of public ground water, the prior appropriator shall as against subsequent appropriators from the same ground water body be entitled to the preferred use of such ground water to the extent of his appropriation and beneficial use, and shall enjoy the right to have any withdrawals by a subsequent appropriator of ground water limited to an amount that will maintain and provide a safe sustaining yield in the amount of the prior appropriation. The supervisor of

water resources shall have jurisdiction over the withdrawals of ground water and shall administer the ground water rights under the principle just set forth, and he shall have the jurisdiction to limit withdrawals by appropriators of ground water so as to enforce the maintenance of a safe sustaining yield from the ground water body. For this purpose, the supervisor shall have authority and it shall be his duty from time to time, as adequate factual data become available, to designate ground water areas or sub-areas, to designate separate depth zones within any such area or sub-area, or to modify the boundaries of such existing area, or sub-area, or zones to the end that the withdrawals therefrom may be administratively controlled as prescribed in RCW 90.44.180 in order that overdraft of public ground waters may be prevented so far as is feasible. Each such area or zone shall, as nearly as known facts permit, be so designated as to enclose a single and distinct body of public ground water. Each such sub-area may be so designated as to enclose all or any part of a distinct body of public ground water, as the supervisor deems will most effectively accomplish the purposes of this chapter.

Designation of, or modification of the boundaries of such a ground water area, sub-area, or zone may be proposed by the supervisor on his own motion or by petition to the supervisor signed by at least fifty or one-fourth, whichever is the lesser number, of the users of ground water in a proposed ground water area, sub-area, or zone. Before any proposed ground water area, sub-area, or zone shall be designated, or before the boundaries or any existing ground water area, sub-area, or zone shall be modified the supervisor shall publish a notice setting forth: (1) In terms of the appropriate legal subdivisions a description of all lands enclosed within the proposed area, sub-area, or zone, or within the area, sub-area, or zone whose boundaries are proposed to be modified; (2) the object of the proposed designation or modification of boundaries; and (3) the day and hour, and the place where written objections may be submitted and heard. Such notice shall be published in three consecutive weekly issues of a newspaper of general circulation in the county or counties containing all or the greater portion of the lands involved, and the newspaper of publication shall be selected by the supervisor. Publication as just prescribed shall be construed as sufficient notice to the landowners and water users concerned.

Objections having been heard as herein provided, the supervisor shall make and file in his office written findings of fact with respect to the proposed designation or modification and, if the findings are in the affirmative, shall also enter a written order designating the ground water area, or sub-area, or zone or modifying the boundaries of the existing area, sub-area, or zone. Such findings and order shall also be published substantially in the manner herein prescribed for notice of hearing, and when so published shall be final and conclusive unless an appeal therefrom is taken within the period and in the manner prescribed by RCW 90.44.215. Publication of such findings and order shall give force and effect to the remaining provisions of this section and to the provisions of RCW 90.44.180, with respect to the particular area, sub-area, or zone.

Priorities of right to withdraw public ground water shall be established separately for each ground water area, sub-area, or zone and, as between such rights, the first in time shall be the superior in right. The priority of the right acquired under a certificate of ground water right shall be the date of filing of the original application for a withdrawal in the office of the supervisor, or the date or approximate date of the earliest beneficial use of water as set forth in a certificate of a vested ground water right, under the provisions of RCW 90.44.090.

Within ninety days after the designation of a ground water area, sub-area or zone as herein provided, any person, firm or corporation then claiming to be the owner of artificially stored ground water within such area, sub-area, or zone shall file a certified declaration to that effect in the office of the supervisor on a form prescribed by said supervisor. Such declaration shall cover: (1) The location and description of the works by whose operation such artificial ground water storage is purported to have been created, and the name or names of the owner or owners thereof; (2) a description of the lands purported to be underlain by such artificially stored ground water, and the name or names of the owner or owners thereof; (3) the amount of such water claimed; (4) the date or approximate date of the earliest artificial storage; (5) evidence competent to show that the water claimed is in fact water that would have been dissipated naturally except for artificial improvements by the claimant; and (6) such additional factual information as reasonably may be required by the supervisor. If any of the purported artificially stored ground water has been or then is being withdrawn, the claimant also shall file (1) the declarations which this chapter requires of claimants to a vested right to withdraw public ground waters, and (2) evidence competent to show that none of the water withdrawn under those declarations is in fact public ground water from the area, sub-area, or zone concerned: *Provided, however,* That in case of failure to file a declaration within the ninety-day period herein provided, the claimant may apply to the supervisor for a reasonable extension of time, which shall not exceed two additional years and which shall be granted only upon a showing of good cause for such failure.

Following publication of the declaration and findings—as in the case of an original application, permit, or certificate of right to appropriate public ground waters—the supervisor shall accept or reject such declaration or declarations with respect to ownership or withdrawal of artificially stored ground water. Acceptance of such declaration or declarations by the supervisor shall convey to the declarant no right to withdraw public ground waters from the particular area, sub-area, or zone, nor to impair existing or subsequent rights to such public waters.

Any person, firm or corporation hereafter claiming to be the owner of ground water within a designated ground water area, sub-area, or zone by virtue of its artificial storage subsequent to such designation shall, within three years following the earliest artificial storage file a declaration of claim in the office of the supervisor, as herein prescribed for claims based on artificial storage prior to such designation: *Provided, however,* That in

case of such failure the claimant may apply to the supervisor for a reasonable extension of time, which shall not exceed two additional years and which shall be granted upon a showing of good cause for such failure.

Any person, firm or corporation hereafter withdrawing ground water claimed to be owned by virtue of artificial storage subsequent to designation of the relevant ground water area, sub-area, or zone shall, within ninety days following the earliest such withdrawal, file in the office of the supervisor the declarations required by this chapter with respect to withdrawals of public ground water. [1947 c 122 § 4; 1945 c 263 § 12; Rem. Supp. 1947 § 7400-12. Formerly RCW 90.44.130 through 90.44.170.]

90.44.180 Hearing to adjust supply to current needs.

At any time the supervisor of water resources may hold a hearing on his own motion, and shall hold a hearing upon petition of at least fifty or one-fourth, whichever is the lesser number, of the holders of valid rights to withdraw public ground waters from any designated ground water area, sub-area, or zone, to determine whether the water supply in such area, sub-area, or zone is adequate for the current needs of all such holders. Notice of any such hearing, and the findings and order resulting therefrom shall be published in the manner prescribed in RCW 90.44.130 with respect to the designation or modification of a ground water area, or sub-area, or zone.

If such hearing finds that the total available supply is inadequate for the current needs of all holders of valid rights to withdraw public ground waters from the particular ground water area, sub-area, or zone, the supervisor shall order the aggregate withdrawal from such area, sub-area, or zone decreased so that it shall not exceed such available supply. Such decrease shall conform to the priority of the pertinent valid rights and shall prevail for the term of shortage in the available supply. Except that by mutual agreement among the respective holders and with the supervisor, the ordered decrease in aggregate withdrawal may be accomplished by the waiving of all or some specified part of a senior right or rights in favor of a junior right or rights: *Provided*, That such waiving of a right or rights by agreement shall not modify the relative priorities of such right or rights as recorded in the office of the supervisor. [1945 c 263 § 13; Rem. Supp. 1945 § 7400-13.]

90.44.200 Water supervisors—Duties—Compensation. The supervisor of water resources, as in his judgment is deemed necessary and advisable, may appoint one or more ground water supervisors for each designated ground water area, sub-area, or zone, or may appoint one or more ground water supervisors-at-large. Within their respective jurisdictions and under the direction of the supervisor of water resources, such supervisor and supervisors-at-large shall supervise the withdrawal of public ground waters and the carrying out of orders issued by the supervisor of water resources under the provisions of this chapter.

The duties, compensation, and authority of such supervisors or supervisors-at-large shall be those prescribed for water masters under the terms of RCW

90.03.060 and 90.03.070. [1945 c 263 § 15; Rem. Supp. 1945 § 7400-15.]

Water master's power of arrest: RCW 90.03.090.

90.44.215 Appeal. Any person, corporation or association feeling aggrieved at any order, decision, or determination of the supervisor of water resources, or of any assistant or deputy, or any ground water supervisor or ground water supervisor-at-large, affecting his interests, may have the same reviewed by a proceeding for that purpose, in the nature of an appeal, and in the manner provided by RCW 90.03.080, with respect to surface waters. [1945 c 263 § 16; Rem. Supp. 1945 § 7400-16. Formerly RCW 90.44.240.]

90.44.220 Proceedings to determine rights to water. In his discretion or upon the application of any party claiming right to the withdrawal and use of public ground water, the supervisor of water resources may file a petition with the superior court of the county for the determination of the rights of appropriators of any particular ground water body and all the provisions of RCW 90.03.110 through 90.03.240 as heretofore amended, shall govern and apply to the adjudication and determination of such ground water body and to the ownership thereof. Hereafter, in any proceedings for the adjudication and determination of water rights—either rights to the use of surface water or to the use of ground water, or both—pursuant to chapter 90.03 RCW as heretofore amended, all appropriators of ground water or of surface water in the particular basin or area may be included as parties to such adjudication, as pertinent. [1945 c 263 § 17; Rem. Supp. 1945 § 7400-17.]

90.44.230 Effect of findings and judgment. In any determination of the right to withdrawal of ground water under RCW 90.44.215 or 90.44.220, the supervisor's findings and the court's findings and judgment shall determine the priority of right and the quantity of water to which each appropriator who is a party to the proceedings shall be entitled, shall determine the level below which the ground water body shall not be drawn down by appropriators, or shall reserve jurisdiction for the determination of a safe sustaining water yield as necessary from time to time to preserve the rights of the several appropriators and to prevent depletion of the ground water body. [1945 c 263 § 18; Rem. Supp. 1945 § 7400-18.]

90.44.250 Investigations—Reports of appropriators. The supervisor of water resources is hereby authorized to make such investigations, as may be necessary to determine the location, extent, depth, volume, and flow of all ground waters within the state and in making such examination, hereby is authorized and directed to cooperate with the federal government, with any county or municipal corporation, or any person, firm, association or corporation, and upon such terms as may seem appropriate to him.

In connection with such investigation, the supervisor from time to time may require reports from each ground

water appropriator as to the amount of public ground water being withdrawn and as to the manner and extent of the beneficial use. Such reports shall be in a form prescribed by said supervisor. [1945 c 263 § 19; Rem. Supp. 1945 § 7400-19. Formerly RCW 90.44.210.]

90.48.010 Policy enunciated. It is declared to be the public policy of the state of Washington to maintain the highest possible standards to insure the purity of all waters of the state consistent with public health and public enjoyment thereof, the propagation and protection of wild life, birds, game, fish and other aquatic life, and the industrial development of the state, and to that end require the use of all known available and reasonable methods by industries and others to prevent and control the pollution of the waters of the state of Washington. Consistent with this policy, the state of Washington will exercise its powers, as fully and as effectively as possible, to retain and secure high quality for all waters of the state. The state of Washington in recognition of the federal government's interest in the quality of the navigable waters of the United States, of which certain portions thereof are within the jurisdictional limits of this state, proclaims a public policy of working cooperatively with the federal government in a joint effort to extinguish the sources of water quality degradation, while at the same time preserving and vigorously exercising state powers to insure that present and future standards of water quality within the state shall be determined by the citizenry, through and by the efforts of state government, of the state of Washington. [1970 ex.s. c 88 § 11; 1967 c 13 § 6; 1945 c 216 § 11; Rem. Supp. 1945 § 10964k. Formerly RCW 90.48.030, part.]

[1967 c 13 § 7.]

90.48.080 Discharge of polluting matter in waters prohibited. It shall be unlawful for any person to throw, drain, run, or otherwise discharge into any of the waters of this state, or to cause, permit or suffer to be thrown, run, drained, allowed to seep or otherwise discharged into such waters any organic or inorganic matter that shall cause or tend to cause pollution of such waters according to the determination of the commission, as provided for in this chapter. In case of disobedience on the part of any person to comply with any subpoena issued by the commission, or on the refusal of any witness to testify to any matters regarding which he may be lawfully interrogated, it shall be the duty of the superior court of any county, or of the judge thereof, on application of the commission, to compel obedience by proceedings for contempt, as in the case of disobedience of the requirements of a subpoena issued from such court or a refusal to testify therein. In connection with the authority granted under this section no witness or other person shall be required to divulge trade secrets or secret processes. Persons responding to a subpoena as provided herein shall be entitled to fees as are witnesses in superior court. [1967 c 13 § 9.]

90.48.100 Request for assistance. The commission shall have the right to request and receive the assistance of any educational institution or state agency when it is deemed necessary by the commission to carry out the provisions of this chapter. [1945 c 216 § 16; Rem. Supp. 1945 § 10964p.]

All plans and specifications for the construction of new sewerage systems, sewage treatment or disposal plants or systems, or for improvements or extensions to existing sewerage systems or sewage treatment or disposal plants, and the proposed method of future operation and maintenance of said facility or facilities, shall be submitted to and be approved by the commission, before construction thereof may begin. No approval shall be given until the commission is satisfied that said plans and specifications and the methods of operation and maintenance submitted are adequate to protect the quality of the state's waters as provided for in this chapter. [1967 c 13 § 10; 1945 c 216 § 17; Rem. Supp. 1945 § 10964q.]

90.48.120 Notice of department's determination that violation has or will occur—Report to department of compliance with determination—Order or directive to be issued—Notice. (1) Whenever, in the opinion of the department, any person shall violate or is about to violate the provisions of this chapter, or fails to control the polluting content of waste discharged or to be discharged into any waters of the state, the department shall notify such person of its determination by registered mail. Such determination shall not constitute an order or directive under RCW 90.48.135. Within thirty days from the receipt of notice of such determination, such person shall file with the department a full report stating what steps have been and are being taken to control such waste or pollution or to otherwise comply with the determination of the department. Whereupon the department shall issue such order or directive as it deems appropriate under the circumstances, and shall notify such person thereof by registered mail.

(2) Whenever the department deems immediate action is necessary to accomplish the purposes of chapter 90.48 RCW, it may issue such order or directive, as appropriate under the circumstances, without first issuing a notice or determination pursuant to subsection (1) of this section. An order or directive issued pursuant to this subsection shall be served by registered mail or personally upon any person to whom it is directed. [1973 c 155 § 2; 1967 c 13 § 11; 1945 c 216 § 18; Rem. Supp. 1945 § 10964r.]

Any person having an interest of an economic or noneconomic nature who feels aggrieved by an order or directive of the commission shall be entitled to a hearing before the commission, or an examiner designated by the commission, upon request. No such request shall be entertained by the commission unless it contains a statement of the substance of the order or directive complained of and the manner in which the same affects the aggrieved and is delivered to the commission's office in Olympia, personally or by registered mail, within thirty days following the rendition of the order or directive. Notwithstanding any provision of chapter 34.04 RCW which may be to the contrary, no order or directive of the commission shall be stayed pending completion of the hearing and issuance of a final order, unless the commission, acting on an application for a stay from a party to the hearing, determines in its discretion that issuance of a stay would not be detrimental to the public interest. Such final order shall be subject to review upon application by any party to the hearing in the superior court of the county in which the affected system or plant or other discharge facility, or some portion thereof, is situated. The denial by the commission of an application for a stay shall constitute an order subject to court review as provided for in this section. When a petition for review of any final order of the commission, in a contested case or on an application for a stay, is filed before a superior court, the court shall initiate a hearing pursuant to RCW 34.04.130 within ninety days after the receipt of the petition requesting judicial review. Every appeal from a decision of the superior court shall be

heard by the appropriate appellate court as soon as possible. Such appeal shall be considered a case involving issues of broad public import requiring prompt and ultimate determination. [1970 ex.s. c 41 § 1; 1967 c 13 § 12.]

90.48.140 Penalty. Any person found guilty of wilfully violating any of the provisions of this chapter, or any final written orders or directive of the department or a court in pursuance thereof shall be deemed guilty of a crime, and upon conviction thereof shall be punished by a fine of up to ten thousand dollars and costs of prosecution, or by imprisonment in the county jail for not more than one year, or by both such fine and imprisonment in the discretion of the court. Each day upon which a wilful violation of the provisions of this chapter occurs may be deemed a separate and additional violation. [1973 c 155 § 8; 1945 c 216 § 20; Rem. Supp. 1945 § 10964t.]

90.48.142 Violations—Liability in damages for injury or death of fish, animals, vegetation—Action to recover. Any person who violates any of the provisions of this chapter, or fails to perform any duty imposed by this chapter, or violates an order or other determination of the commission or the director made pursuant to the provisions of this chapter, including the conditions of a waste discharge permit issued pursuant to RCW 90.48.160, and in the course thereof causes the death of, or injury to, fish, animals, vegetation or other resources of the state, or otherwise causes a reduction in the quality of the state's waters below the standards set by the commission, thereby damaging the same, shall be liable to pay the state damages in an amount equal to the sum of money necessary to restock such waters, replenish such resources, and otherwise restore the stream, lake or other water source to its condition prior to the injury, as such condition is determined by the commission. Such damages shall be recoverable in an action brought by the attorney general on behalf of the people of the state of Washington in the superior court of the county in which such damages occurred: *Provided*, That if damages occurred in more than one county the attorney general may bring action in any of the counties where the damages occurred. Any money so recovered by the attorney general shall be transferred to either the state game fund or the department of fisheries to use for food fish or shellfish management purposes and propagation, or to any other agency of the state having jurisdiction over the resource damaged and for which said moneys were recovered, as appropriate: *Provided*, That the agency receiving such money shall utilize not less than one-half of said money on activities or projects within the county where the action was brought by the attorney general. No action shall be authorized under this section against any person operating in compliance with the conditions of a waste discharge permit issued pursuant to RCW 90.48.160. [1970 ex.s. c 88 § 12; 1967 ex.s. c 139 § 13.]

Severability—1967 ex.s. c 139: See RCW 82.34.900.

90.48.144 Violations—Civil penalty—Procedure—Appeals. Every person who:

(1) Violates the terms or conditions of a waste discharge permit issued pursuant to RCW 90.48.180 or *this amendatory act, or

(2) Conducts a commercial or industrial operation or other point source discharge operation without a waste discharge permit as required by RCW 90.48.160 or *this amendatory act, or

(3) Violates the provisions of RCW 90.48.080, shall incur, in addition to any other penalty as provided by law, a penalty in an amount of up to five thousand dollars a day for every such violation. Each and every such violation shall be a separate and distinct offense, and in case of a continuing violation, every day's continuance shall be and be deemed to be a separate and distinct violation. Every act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the penalty herein provided for. The penalty herein provided for shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the same from the director of the department or his authorized delegate describing such violation with reasonable particularity. The director or his authorized delegate may, upon written application therefor received within fifteen days after notice imposing any penalty is received by the person incurring the penalty, and when deemed in the best interest to carry out the purposes of this chapter, remit or mitigate any penalty provided for in this section upon such terms as he in his discretion shall deem proper, and shall have authority to ascertain the facts upon all such applications in such manner and under such regulations as he may deem proper. Any person incurring any penalty hereunder may appeal the same to the hearings board as provided for in chapter 43.21B RCW. Such appeals shall be filed within thirty days of receipt of notice imposing any penalty unless an application for remission or mitigation is made to the department. When an application for remission or mitigation is made, such appeals shall be filed within thirty days of receipt of notice from the director or his authorized delegate setting forth the disposition of the application. Any penalty imposed hereunder shall become due and payable thirty days after receipt of a notice imposing the same unless application for remission or mitigation is made or an appeal is filed. When an application for remission or mitigation is made, any penalty incurred hereunder shall become due and payable thirty days after receipt of notice setting forth the disposition of the application unless an appeal is filed from such disposition. Whenever an appeal of any penalty incurred hereunder is filed, the penalty shall become due and payable only upon completion of all review proceedings and the issuance of a final order confirming the penalty in whole or in part. If the amount of any penalty is not paid to the department within thirty days after it becomes due and payable, the attorney general, upon the request of the director, shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty. In all such actions the procedure and rules of evidence shall be the same as an

ordinary civil action except as otherwise in this chapter provided. All penalties recovered under this section shall be paid into the state treasury and credited to the general fund. [1973 c 155 § 9; 1970 ex.s. c 88 § 13; 1967 ex.s. c 139 § 14.]

***Reviser's note:** "this amendatory act", see note following RCW 90.48.262.

Severability—1967 ex.s. c 139: See RCW 82.34.900.

90.48.150 Construction of chapter. This chapter shall not be construed as repealing any of the laws governing the pollution of the waters of the state, but shall be held and construed as ancillary to and supplementing the same and an addition to the laws now in force, except as the same may be in direct conflict herewith. [1945 c 216 § 21; Rem. Supp. 1945 § 10964u.]

90.48.153 Cooperation with federal government—Federal funds. The commission is authorized to cooperate with the federal government and to accept grants of federal funds for carrying out the purposes of this chapter. The commission is empowered to make any application or report required by an agency of the federal government as an incident to receiving such grants. [1949 c 58 § 1; Rem. Supp. 1949 § 10964pp. Formerly RCW 90.48.040.]

90.48.156 Cooperation with other states—Interstate projects. The commission is authorized to cooperate with appropriate agencies of neighboring states, to enter into contracts, and make contributions toward interstate projects to carry out the purposes of this chapter. [1949 c 58 § 2; Rem. Supp. 1949 § 10964pp-1. Formerly RCW 90.48.050.]

90.48.160 Waste disposal permit—Required—Exemptions. Any person who conducts a commercial or industrial operation of any type which results in the disposal of solid or liquid waste material into the waters of the state, including commercial or industrial operators discharging solid or liquid waste material into sewerage systems operated by municipalities or public entities which discharge into public waters of the state, shall procure a permit from either the department or the thermal power plant site evaluation council as provided in RCW 90.48.262(2) before disposing of such waste material: *Provided*, That this section shall not apply to any person discharging domestic sewage only into a sewerage system.

The department may, through the adoption of rules, eliminate the permit requirements for disposing of wastes into publicly operated sewerage systems for:

(1) Categories of or individual municipalities or public corporations operating sewerage systems; or

(2) Any category of waste disposer; if the department determines such permit requirements are no longer necessary for the effective implementation of this chapter. [1973 c 155 § 3; 1967 c 13 § 13; 1955 c 71 § 1.]

90.48.162 Waste disposal permits required of counties, municipalities and public corporations. Any county

or any municipal or public corporation operating or proposing to operate a sewerage system, including any system which collects only domestic sewerage, which results in the disposal of waste material into the waters of the state shall procure a permit from the department of ecology before so disposing of such materials. This section is intended to extend the permit system of RCW 90.48.160 to counties and municipal or public corporations and the provisions of RCW 90.48.170 through 90.48.210 and 90.52.040 shall be applicable to the permit requirement imposed under this section. [1972 ex.s. c 140 § 1.]

90.48.165 Waste disposal permits required of counties, municipalities and public corporations—Cities, towns or municipal corporations may be granted authority to issue permits—Revocation—Termination of permits. Any city, town or municipal corporation operating a sewerage system including treatment facilities may be granted authority by the commission to issue permits for the discharge of wastes to such system provided the commission ascertains to its satisfaction that the sewerage system and the inspection and control program operated and conducted by the city, town or municipal corporation will protect the public interest in the quality of the state's waters as provided for in this chapter. Such authority may be granted by the commission upon application by the city, town or municipal corporation and may be revoked by the commission if it determines that such city, town, or municipal corporation is not, thereafter, operated and conducted in a manner to protect the public interest. Persons holding municipal permits to discharge into sewerage systems operated by a municipal corporation authorized by this section to issue such permits shall not be required to secure a waste discharge permit provided for in RCW 90.48.160 as to the wastes discharged into such sewerage systems. Authority granted by the commission to cities, towns, or municipal corporations to issue permits under this section shall be in addition to any authority or power now or hereafter granted by law to cities, towns and municipal corporations for the regulation of discharges into sewerage systems operated by such cities, towns, or municipal corporations. Permits issued under this section shall automatically terminate if the authority to issue the same is revoked by the commission. [1967 c 13 § 14.]

90.48.170 Waste disposal permits required of counties, municipalities and public corporations—Application—Notice as to new operation or increase in volume—Investigation—Notice to other state departments. Applications for permits shall be made on forms prescribed by the commission and shall contain the name and address of the applicant, a description of his operations, the quantity and type of waste material sought to be disposed of, the proposed method of disposal, and any other relevant information deemed necessary by the commission. Application for permits shall be made at least sixty days prior to commencement of any proposed discharge or permit expiration date, whichever

is applicable. Upon receipt of a proper application relating to a new operation, or an operation previously under permit for which an increase in volume of wastes or change in character of effluent is requested over that previously authorized, the commission shall instruct the applicant to publish notices thereof by such means and within such time as the commission shall prescribe. The commission shall require that the notice so prescribed shall be published twice in a newspaper of general circulation within the county in which the disposal of waste material is proposed to be made and in such other appropriate information media as the commission may direct. Said notice shall include a statement that any person desiring to present his views to the commission with regard to said application may do so in writing to the commission, or any person interested in the commission's action on an application for a permit, may submit his views or notify the commission of his interest within thirty days of the last date of publication of notice. Such notification or submission of views to the commission shall entitle said persons to a copy of the action taken on the application. Upon receipt by the commission of an application, it shall immediately send notice thereof containing pertinent information to the directors of fisheries, game, conservation and health. When an application complying with the provisions of this chapter and the rules and regulations of the commission has been filed with the commission, it shall be its duty to investigate the application, and determine whether the use of public waters for waste disposal as proposed will pollute the same in violation of the public policy of the state. [1967 c 13 § 15; 1955 c 71 § 2.]

90.48.180 Waste disposal permits required of counties, municipalities and public corporations—Issuance—Conditions—Duration. The commission shall issue a permit unless it finds that the disposal of waste material as proposed in the application will pollute the waters of the state in violation of the public policy declared in RCW 90.48.010. The commission shall have authority to specify conditions necessary to avoid such pollution in each permit under which waste material may be disposed of by the permittee. Permits may be temporary or permanent but shall not be valid for more than five years from date of issuance. [1967 c 13 § 16; 1955 c 71 § 3.]

90.48.190 Waste disposal permits required of counties, municipalities and public corporations—Termination—Grounds. A permit shall be subject to termination upon thirty days' notice in writing if the commission finds:

- (1) That it was procured by misrepresentation of any material fact or by lack of full disclosure in the application;
- (2) That there has been a violation of the conditions thereof;
- (3) That a material change in quantity or type of waste disposal exists. [1967 c 13 § 17; 1955 c 71 § 4.]

90.48.195 Waste disposal permits required of counties, municipalities and public corporations—Modification or additional conditions may be ordered. In the event that a material change in the condition of the state waters occurs the commission may, by appropriate order, modify permit conditions or specify additional conditions in permits previously issued. [1967 c 13 § 18.]

90.48.200 Waste disposal permits required of counties, municipalities and public corporations—Nonaction upon application—Temporary permit—Duration. In the event of failure of the commission to act upon an application within sixty days after it has been filed the applicant shall be deemed to have received a temporary permit. Said permit shall authorize the applicant to discharge wastes into waters of the state as requested in its application only until such time as the commission shall have taken action upon said application. [1967 c 13 § 19; 1955 c 71 § 5.]

90.48.210 Waste disposal permits required of counties, municipalities and public corporations—Issuance, termination, denial of permit or modification of conditions deemed an order. The issuance or termination of a permit, the denial of an application for a permit, or the modification of the conditions or the terms of a permit shall be deemed to be an order for purposes of RCW 90.48.135. [1970 ex.s. c 88 § 14; 1967 c 13 § 20; 1955 c 71 § 6.]

90.48.230 Application of administrative procedure law to rule making and contested cases. The provisions of chapter 34.04 RCW, as it now exists or may be hereafter amended, shall apply to all rule making and contested cases authorized by or arising under the provisions of this chapter. [1967 c 13 § 21.]

90.48.240 Discharge causing condition requiring immediate action—Procedure—Order—Court review. Notwithstanding any other provisions of this chapter, whenever it appears to the director that water quality conditions exist which require immediate action to protect the public health or welfare, or that a person required by RCW 90.48.160 to obtain a waste discharge permit prior to discharge is discharging without the same, or that a person conducting an operation which is subject to a permit issued pursuant to RCW 90.48.160 conducts the same in violation of the terms of said permit, causing water quality conditions to exist which require immediate action to protect the public health or welfare, the commission or director may issue a written order to the person or persons responsible without prior notice or hearing, directing and affording the person or persons responsible the alternative of either (1) immediately discontinuing or modifying the discharge into the waters of the state, or (2) appearing before the commission at the time and place specified in said written order for the purpose of a hearing pertaining to the violations and conditions alleged in said written order. The responsible person or persons shall be afforded not less than twenty-four hours notice of such hearing. If following such hearing a majority of the commission find that

water quality conditions exist which require immediate action as described herein, the commission may issue a written order requiring immediate discontinuance or modification of the discharge into the waters of the state. The order issued following such hearing is subject to judicial review as provided in RCW 90.48.135 but shall not be stayed pending such judicial review unless the commission so directs, or unless the court finds the commission to have acted capriciously or arbitrarily. In the event an order is not immediately complied with the attorney general, upon request of the commission or director, shall seek and obtain an order of the superior court of the county in which the violation took place directing compliance with the order of the commission. [1967 c 13 § 22.]

90.48.250 Agreements or contracts to monitor waters and effluent discharge—Authority of commission. The commission is authorized to make agreements and enter into such contracts as are appropriate to carry out a program of monitoring the condition of the waters of the state and the effluent discharged therein, including contracts to monitor effluent discharged into public waters when such monitoring is required by the terms of a waste discharge permit or as part of the approval of a sewerage system, if adequate compensation is provided to the commission as a term of the contract. [1967 c 13 § 23.]

90.48.260 Federal water pollution control act—Department designated as state agency, authority—Powers, duties and functions. The department of ecology is hereby designated as the State Water Pollution Control Agency for all purposes of the Federal Water Pollution Control Act as it now exists and is hereby authorized to participate fully in the programs of the act as well as to take all action necessary to secure to the state the benefits and to meet the requirements of that act. The powers granted herein include, among others, and notwithstanding any other provisions of chapter 90.48 RCW or otherwise, the following:

(1) Complete authority to establish and administer a comprehensive state point source waste discharge or pollution discharge elimination permit program which will enable the department to qualify for full participation in any national waste discharge or pollution discharge elimination permit system and will allow the department to be the sole agency issuing permits required by such national system operating in the state of Washington subject to the provisions of RCW 90.48.262(2). Program elements authorized herein may include, but are not limited to: (a) Effluent treatment and limitation requirements together with timing requirements related thereto; (b) applicable receiving water quality standards requirements; (c) requirements of standards of performance for new sources; (d) pretreatment requirements; (e) termination and modification of permits for cause; (f) requirements for public notices and opportunities for public hearings; (g) appropriate relationships with the secretary of the army in the administration of his

responsibilities which relate to anchorage and navigation, with the administrator of the environmental protection agency in the performance of his duties, and with other governmental officials under the Federal Water Pollution Control Act; (h) requirements for inspection, monitoring, entry, and reporting; (i) enforcement of the program through penalties, emergency powers, and criminal sanctions; (j) a continuing planning process; and (k) user charges.

(2) The power to establish and administer state programs in a manner which will insure the procurement of moneys, whether in the form of grants, loans, or otherwise; to assist in the construction, operation, and maintenance of various water pollution control facilities and works; and the administering of various state water pollution control management, regulatory, and enforcement programs.

(3) The power to develop and implement appropriate programs pertaining to continuing planning processes, area-wide waste treatment management plans, and basin planning.

The governor shall have authority to perform those actions required of him by the Federal Water Pollution Control Act. [1973 c 155 § 4; 1967 c 13 § 24.]

90.48.262 Implementation of RCW 90.48.260—Permits for energy facilities—Rules and procedures.

(1) The powers established under RCW 90.48.260 shall be implemented by the department through the adoption of rules in every appropriate situation. The permit program authorized under RCW 90.48.260(1) shall constitute a continuation of the established permit program of RCW 90.48.160 and other applicable sections within chapter 90.48 RCW. The appropriate modifications as authorized in *this 1973 amendatory act are designed to avoid duplication and other wasteful practices and to insure that the state permit program contains all required elements of and is compatible with the requirements of any national permit system.

(2) Permits for energy facilities subject to chapter 80.50 RCW shall be issued by the energy facility site evaluation council: *Provided*, That such permits shall become effective only if the governor approves an application for certification and executes a certification agreement pursuant to said chapter. The council shall have all powers necessary to establish and administer a point source discharge permit program pertaining to such plants, consistent with applicable receiving water quality standards established by the department, and to qualify for full participation in any national waste discharge or pollution discharge elimination permit system. The council and the department shall each adopt, by rules, procedures which will provide maximum coordination and avoid duplication between the two agencies with respect to permits in carrying out the requirements of *this act including, but not limited to, monitoring and enforcement of certification agreements, and in qualifying for full participation in any such national system. [1975-'76 2nd ex.s. c 108 § 41; 1973 c 155 § 5.]

*Reviser's note: "this 1973 amendatory act" and "this act" apparently refer to 1973 c 155, which consists of this section, amendments to

RCW 90.48.010, 90.48.120, 90.48.140, 90.48.144, 90.48.160, 90.48.260, and the repeal of RCW 90.48.070.

90.48.270 Sewage drainage basins—Authority of commission to delineate and establish. The commission shall have authority to delineate and establish sewage drainage basins in the state for the purpose of developing and/or adopting comprehensive plans for the control and abatement of water pollution within such basins. Basins may include, but are not limited to, rivers and their tributaries, streams, coastal waters, sounds, bays, lakes, and portions or combinations thereof, as well as the lands drained thereby. [1967 c 13 § 26.]

90.48.280 Sewage drainage basins—Comprehensive plans for sewage drainage basins. The commission is authorized to prepare and/or adopt a comprehensive water pollution control and abatement plan and to make subsequent amendments thereto, for each basin established pursuant to RCW 90.48.270. Comprehensive plans for sewage drainage basins may be prepared by any municipality and submitted to the commission for adoption.

Prior to adopting a comprehensive plan for any basin or any subsequent amendment thereof the commission shall hold a public hearing thereon. Notice of such hearing shall be given by registered mail, together with copies of the proposed plan, to each municipality, or other political subdivision, within the basin exercising a sewage disposal function, at least twenty days prior to the hearing date. Such hearing may be continued from time to time and, at the termination thereof, the commission may reject the plan proposed or adopt it with such modifications as it shall deem proper.

Following adoption of a comprehensive plan for any basin, the commission shall require compliance with such plan by any municipality or person operating or constructing a sewage collection, treatment or disposal system or plant, or any improvement to or extension of an existing sewage collection, treatment or disposal system or plant, within the basin. [1967 c 13 § 27.]

90.48.285 Contracts with municipal or public corporations and political subdivisions to finance water pollution control projects—Requisites—Priorities—Pollution facilities construction revolving account. The commission is authorized to enter into contracts with any municipal or public corporation or political subdivision within the state for the purpose of assisting such agencies to finance the construction of water pollution control projects necessary to prevent the discharge of untreated or inadequately treated sewage or other waste into the waters of the state, including but not limited to, systems for the control of storm or surface waters which will provide for the removal of waste or polluting materials in a manner conforming to the comprehensive plan of water pollution control and abatement proposed by the agencies and approved by the commission. Any such contract may provide for:

(1) The payment by the commission to a municipal or public corporation or political subdivision on a monthly,

quarterly, or annual basis of varying amounts of moneys as advances which shall be repayable by said municipal or public corporation, or political subdivision under conditions determined by the commission.

Contracts made by the commission shall be subject to the following limitations:

(1) No contract shall be made unless the commission shall find that the project cannot be financed at reasonable cost or within statutory limitations by the borrower without the making of such contract.

(2) No contract shall be made with any public or municipal corporation or political subdivision to assist in the financing of any project located within a sewage drainage basin for which the commission shall have previously adopted a comprehensive water pollution control and abatement plan unless the project is found by the commission to conform with the basin comprehensive plan.

(3) The commission shall determine the interest rate, not to exceed ten percent per annum, which such advances shall bear.

(4) The commission shall provide such reasonable terms and conditions of repayment of advances as it may determine.

(5) A pollution facilities construction revolving account in the general fund is created; the moneys therein to be used solely to fulfill commitments arising from contracts authorized under this section. The total outstanding amount which the commission may at any time be obligated to pay under all outstanding contracts made pursuant to this section shall not exceed the moneys available for such payment from said account. Moneys of said account may be invested in direct obligations of the United States pending application to such payment. Earnings from such investment shall be paid into said account and applied as other moneys of said account.

(6) Repayments of advances made pursuant to such contracts shall be paid into the pollution facilities construction revolving account and may be again advanced by the commission to finance other water pollution control projects pursuant to this section on as nearly a continuous revolving basis as is practical.

(7) Municipal or public corporations or political subdivisions shall meet such qualifications and follow such procedures in applying for contract assistance as shall be established by the commission.

In making such contracts the commission shall give priority to projects which will provide relief from actual or potential public health hazards or water pollution conditions and which provide substantial capacity beyond present requirements to meet anticipated future demand. [1969 ex.s. c 141 § 1.]

Severability—1969 ex.s. c 141: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provisions to other persons or circumstances is not affected." [1969 ex.s. c 141 § 2.]

90.48.290 Grants to municipal or public corporations or political subdivisions to aid water pollution control projects—Limitations. The commission is authorized to make and administer grants within appropriations

authorized by the legislature to any municipal or public corporation, or political subdivision within the state for the purpose of aiding in the construction of water pollution control projects necessary to prevent the discharge of untreated or inadequately treated sewage or other waste into the waters of the state including, but not limited to, projects for the control of storm or surface waters which will provide for the removal of waste or polluting materials therefrom.

Grants so made by the commission shall be subject to the following limitations:

(1) No grant shall be made in an amount which exceeds the recipient's contribution to the estimated cost of the project: *Provided*, That the following shall be considered a part of the recipient's contribution:

(a) Any grant received by the recipient from the federal government pursuant to section 8(f) of the Federal Water Pollution Control Act (33 U.S.C. 466) for the project;

(b) Any expenditure which is made by any municipal or public corporation, or political subdivision within the state as a part of a joint effort with the recipient to carry out the project and which has not been used as a matching contribution for another grant made pursuant to this chapter, and

(c) Any expenditure for the project made by the recipient out of moneys advanced by the commission from a revolving fund and repayable to said fund.

(2) No grant shall be made for any project which does not qualify for and receive a grant of federal funds under the provisions of the Federal Water Pollution Control Act as now or hereafter amended: *Provided*, That this restriction shall not apply to state grants made in any biennium over and above the amount of such grants required to match all federal funds allocated to the state for such biennium.

(3) No grant shall be made to any municipal or public corporation, or political subdivision for any project located within a drainage basin unless the commission shall have previously adopted a comprehensive water pollution control and abatement plan and unless the project is found by the commission to conform with such basin comprehensive plan: *Provided*, That the requirement for a project to conform to a comprehensive water pollution control and abatement plan may be waived by the commission or director for any grant application filed with the commission prior to July 1, 1974, in those situations where the commission or director finds the public interest would be served better by approval of any grant application made prior to adoption of such plan than by its denial.

(4) Recipients of grants shall meet such qualifications and follow such procedures in applying for grants as shall be established by the commission.

(5) Grants may be made to reimburse recipients for expenditures made after July 1, 1967 for projects which meet the requirements of *this 1969 amendatory act and were commenced after the recipient had filed a grant application with the commission. [1969 ex.s. c 284 § 1; 1967 c 13 § 28.]

The commission may, upon application from the recipient of an order received within thirty days from the receipt of the order, reduce or set aside in its entirety the amount due and payable, when it appears from the application, and from any further investigation the commission may desire to undertake, that a reduction or setting aside is just and fair under all the circumstances. If the amount specified in the order issued by the director notifying said person or persons is not paid within thirty days after receipt of notice imposing the same, or if an application has been made within thirty days as herein provided and the amount provided in the order issued by the commission subsequent to such application is not paid within fifteen days after receipt thereof, the attorney general, upon request of the director, shall bring an action on behalf of the state in the superior court of Thurston county or any county in which the person to which the order is directed does business to recover the amount specified in the final order of the director or the commission, as appropriate. Every act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the penalty herein provided for. The penalty herein provided for shall become due and payable when the person incurring the same receives a notice in writing from the director of the commission describing such violation with reasonable particularity and advising such person that the penalty is due. The director may, upon written application therefor, received within fifteen days, and when deemed in the best interest of the state in carrying out the purposes of this chapter, remit or mitigate any penalty provided for in this section or discontinue any prosecution to recover the same upon such terms as he in his discretion shall deem proper, and shall have the authority to ascertain the facts upon all such applications in such manner and under such regulations as he may deem proper. If the amount of such penalty is not paid to the commission within fifteen days after the receipt of notice imposing the same, or if an application for remission or mitigation has been made within fifteen days as herein provided and the amount provided in the order issued by the director subsequent to such application is not paid within fifteen days after the receipt thereof, the attorney general, upon the request of the director, shall bring an action in the name of the state of Washington in the superior court of Thurston county or any other county in which such violator may do business, to recover the amount specified in the final order of the director. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action except as otherwise in this chapter provided. [1969 ex.s. c 133 § 8.]

90.48.360 Discharge of oil into waters of the state—Duty to notify commission office of discharge—Exception. On or before January 1, 1975, the department of ecology shall examine existing regulations containing water quality standards and other applicable rules and regulations of said department pertaining to waters of the state affected by nonpoint sources of pollution arising from forest practices and, when it appears appropriate to the department of ecology, modify said regulations. In any such examination or modification the department of ecology shall consider such factors, among others, as uses of the receiving waters, diffusion, down-stream cooling, and reasonable transient and short-term effects resulting from forest practices.

Promulgation of forest practices regulations by the department of ecology and the forest practices board, shall be accomplished so that compliance with such forest practice regulations will achieve compliance with water pollution control laws.

(2) The department of ecology shall monitor water quality to determine whether revisions in such water quality standards or revisions in such forest practices regulations are necessary to accomplish the foregoing result, and either promulgate appropriate revisions to such water quality standards or propose appropriate revisions to such forest practices regulations or both.

(3) Notwithstanding any other provisions of chapter 90.48 RCW or of the rules and regulations promulgated thereunder, no permit system pertaining to nonpoint sources of pollution arising from forest practices shall be authorized, and no civil or criminal penalties shall be imposed with respect to any forest practices conducted in full compliance with the applicable provisions of RCW 76.09.010 through 76.09.280, forest practices regulations, and any approvals or directives of the department of natural resources thereunder.

90.54.900	Certain rights, authority, not to be affected by chapter.
90.54.910	Short title.

90.54.010 Purpose. The legislature finds that proper utilization of the water resources of this state is necessary to the promotion of public health and the economic well-being of the state and the preservation of its natural resources and aesthetic values. The legislature further finds that the availability of waters of the state is being evaluated by interests who desire to remove portions thereof from the state in a manner inconsistent with the public interest of people of the state. It is the purpose of this chapter to set forth fundamentals of water resource policy for the state to insure that waters of the state are protected and fully utilized for the greatest benefit to the people of the state of Washington and, in relation thereto, to provide direction to the department of ecology and other state agencies and officials, in carrying out water and related resources programs. [1971 ex.s. c 225 § 1.]

90.54.020 General declaration of fundamentals for utilization and management of waters of the state. Utilization and management of the waters of the state shall be guided by the following general declaration of fundamentals:

(1) Uses of water for domestic, stock watering, industrial, commercial, agricultural, irrigation, hydroelectric power production, mining, fish and wildlife maintenance and enhancement, recreational, and thermal power production purposes, and preservation of environmental and aesthetic values, and all other uses compatible with the enjoyment of the public waters of the state, are declared to be beneficial.

(2) Allocation of waters among potential uses and users shall be based generally on the securing of the maximum net benefits for the people of the state. Maximum net benefits shall constitute total benefits less costs including opportunities lost.

(3) The quality of the natural environment shall be protected and, where possible, enhanced as follows:

(a) Perennial rivers and streams of the state shall be retained with base flows necessary to provide for preservation of wildlife, fish, scenic, aesthetic and other environmental values, and navigational values. Lakes and ponds shall be retained substantially in their natural condition. Withdrawals of water which would conflict therewith shall be authorized only in those situations where it is clear that overriding considerations of the public interest will be served.

(b) Waters of the state shall be of high quality. Regardless of the quality of the waters of the state, all wastes and other materials and substances proposed for entry into said waters shall be provided with all known, available, and reasonable methods of treatment prior to entry. Notwithstanding that standards of quality established for the waters of the state would not be violated, wastes and other materials and substances shall not be allowed to enter such waters which will reduce the

existing quality thereof, except in those situations where it is clear that overriding considerations of the public interest will be served.

(4) Adequate and safe supplies of water shall be preserved and protected in potable condition to satisfy human domestic needs.

(5) Multiple-purpose impoundment structures are to be preferred over single-purpose structures. Due regard shall be given to means and methods for protection of fishery resources in the planning for and construction of water impoundment structures and other artificial obstructions.

(6) Federal, state, and local governments, individuals, corporations, groups and other entities shall be encouraged to carry out practices of conservation as they relate to the use of the waters of the state.

(7) Development of water supply systems, whether publicly or privately owned, which provide water to the public generally in regional areas within the state shall be encouraged. Development of water supply systems for multiple domestic use which will not serve the public generally shall be discouraged where water supplies are available from water systems serving the public.

(8) Full recognition shall be given in the administration of water allocation and use programs to the natural interrelationships of surface and ground waters.

(9) Expressions of the public interest will be sought at all stages of water planning and allocation discussions.

(10) Water management programs, including but not limited to, water quality, flood control, drainage, erosion control and storm runoff are deemed to be in the public interest. [1971 ex.s. c 225 § 2.]

90.54.030 Department to be informed as to all phases of water and related resources—Duties in so accomplishing—Water resources archive. For the purpose of insuring that the department is fully advised in relation to the performance of the water resources program provided in RCW 90.54.040, the department is directed to become informed with regard to all phases of water and related resources of the state. To accomplish this objective the department shall:

(1) Collect, organize and catalog existing information and studies available to it from all sources, both public and private, pertaining to water and related resources of the state;

(2) Develop such additional data and studies pertaining to water and related resources as are necessary to accomplish the objectives of this chapter;

(3) Determine existing and foreseeable uses of, and needs for, such waters and related resources;

(4) Develop alternate courses of action to solve existing and foreseeable problems of water and related resources and include therein, to the extent feasible, the economic and social consequences of each such course, and the impact on the natural environment.

All the foregoing shall be included in a "water resources archive" established and maintained by the department. The department shall develop a system of cataloging, storing and retrieving the information and studies of the archive so that they may be made readily

available to and effectively used not only by the department but by the public generally. [1971 ex.s. c 225 § 3.]

90.54.040 Department to develop, implement, state water resources program—Modifying existing and adopting new regulations and statutes. (1) The department, through the adoption of appropriate rules, is directed, as a matter of high priority to insure that the waters of the state are utilized for the best interests of the people, to develop and implement in accordance with the policies of this chapter a comprehensive state water resources program which will provide a process for making decisions on future water resource allocation and use. The department may develop the program in segments so that immediate attention may be given to waters of a given physioeconomic region of the state or to specific critical problems of water allocation and use.

(2) In relation to the management and regulatory programs relating to water resources vested in it, the department is further directed to modify existing regulations and adopt new regulations, when needed and possible, to insure that existing regulatory programs are in accord with the water resource policy of this chapter and the program established in subsection (1) of this section.

(3) The department is directed to review all statutes relating to water resources which it is responsible for implementing. When any of the same appear to the department to be ambiguous, unclear, unworkable, unnecessary, or otherwise deficient, it shall make recommendations to the legislature including appropriate proposals for statutory modifications or additions. Whenever it appears that the policies of any such statutes are in conflict with the policies of this chapter, and the department is unable to fully perform as provided in subsection (2) of this section, the department is directed to submit statutory modifications to the legislature which, if enacted, would allow the department to carry out such statutes in harmony with this chapter. [1971 ex.s. c 225 § 4.]

90.54.050 Setting aside or withdrawing waters by adoption of rules—Public hearing, notice—Appeal. In conjunction with the programs provided for in RCW 90.54.040(1), whenever it appears necessary to the director in carrying out the policy of this chapter, the department may by rule adopted pursuant to chapter 34.04 RCW:

(1) Reserve and set aside waters for beneficial utilization in the future, and

(2) When sufficient information and data are lacking to allow for the making of sound decisions, withdraw various waters of the state from additional appropriations until such data and information are available.

Prior to the adoption of a rule under this section, the department shall conduct a public hearing in each county in which waters relating to the rule are located. The public hearing shall be preceded by a notice placed in a newspaper of general circulation published within each of said counties. Rules adopted hereunder shall be subject to review in accordance with the provisions of RCW 34.04.070 or 34.04.080. [1971 ex.s. c 225 § 5.]

90.54.060 Department to seek involvement of other persons and entities, means—Assistance grants. To insure that all of the various persons and entities having an interest in the water resources of the state and the programs of the chapter are provided with a full opportunity for involvement not only with the development of the program but the implementation by the department under this chapter, the following directions are given:

(1) The department shall make reasonable efforts to inform the people of the state about the state's water and related resources and their management. The department in the performance of the responsibilities provided in this chapter shall not only invite but actively encourage participation by all persons and private groups and entities showing an interest in water resources programs of this chapter.

(2) The department shall similarly invite and encourage participation by all agencies of federal, state and local government, including counties, municipal and public corporations, having interests or responsibilities relating to water resources. Said state and local agencies are directed to fully participate to insure that their interests are considered by the department. The department shall, when funds are made available to it for such purposes, provide assistance grants to said state and local agencies for the purposes of financing activities directed to be performed by them under this subsection. [1971 ex.s. c 225 § 6.]

90.54.070 Reports to legislature. The department shall report to each regular session of the legislature:

(1) On the experience of the department, including the progress made and any difficulties encountered, in formulating, adopting, and maintaining a state management program for water resources as provided in RCW 90.54.040(1), and

(2) Recommendations on legislation necessary to meet these objectives: *Provided*, That the department shall submit to the next regular or special session, by the first day of said session, a report setting forth, in addition to the information hereinbefore provided, a detailed outline of the basics of the program developed by the department to carry out the direction of RCW 90.54.040(1). [1971 ex.s. c 225 § 7.]

90.54.080 State to vigorously represent its interests before federal agencies, interstate agencies. The state shall vigorously represent its interest before water resource regulation, management, development, and use agencies of the United States, including among others the federal power commission, environmental protection agency, army corps of engineers, department of the interior, department of agriculture and the atomic energy commission, and of interstate agencies with regard to planning, licensing, relicensing, permit proposals, and proposed construction, development and utilization plans. Where federal or interstate agency plans, activities, or procedures conflict with state water policies, all reasonable steps available shall be taken by the state to preserve the integrity of this state's policies. [1971 ex.s. c 225 § 8.]

90.54.090 State, local governments, municipal corporations to comply with chapter—Report to legislature of failures. The director of the department of ecology shall submit a report to the legislature, not later than thirty days prior to each regular session, setting forth any failures by such agencies to comply with the mandate of this section, and the circumstances surrounding such failure. [1971 ex.s. c 225 § 10.]

90.54.100 Department to evaluate needs for projects and alternative methods of financing—Report to legislature. The department of ecology shall as a matter of high priority evaluate the needs for water resource development projects and the alternative methods of financing of the same by public and private agencies, including financing by federal, state and local governments and combinations thereof. Such evaluations shall be broadly based and be included as a part of the comprehensive state water resources program relating to uses and management as defined in RCW 90.54.030. A report of the department relating to such evaluations, including any recommendations, shall be submitted to the legislature in accordance with RCW 90.54.070. [1971 ex.s. c 225 § 11.]

90.54.110 Authority to secure and obtain benefits, including grants. The department of ecology is authorized to obtain the benefits including acceptance of grants, of any program of the federal government or any other source to carry out the provisions of this chapter and is empowered to take such actions as are necessary and appropriate to secure such benefits. [1971 ex.s. c 225 § 12.]

90.54.120 "Department", "utilize" and "utilization" defined. For the purposes of this chapter, unless the context is clearly to the contrary, the following definitions shall be used:

(1) "Department" means department of ecology.

(2) "Utilize" or "utilization" shall not only mean use of water for such long recognized consumptive or non-consumptive beneficial purposes as domestic, stock watering, industrial, commercial, agricultural, irrigation, hydroelectric power production, thermal power production, mining, recreational, maintenance of wildlife and fishlife purposes, but includes the retention of water in lakes and streams for the protection of environmental, scenic, aesthetic and related purposes, upon which economic values have not been placed historically and are difficult to quantify. [1971 ex.s. c 225 § 13.]

90.54.900 Certain rights, authority, not to be affected by chapter. Nothing in this chapter shall affect any existing water rights, riparian, appropriative, or otherwise; nor shall it affect existing rights relating to the operation of any hydroelectric or water storage reservoir or related facility; nor shall it affect any exploratory work, construction or operation of a thermal power plant

by an electric utility in accordance with the provisions of chapter 80.50 RCW. Nothing in this chapter shall enlarge or reduce the department of ecology's authority to regulate the surface use of waters of this state or structures on the underlying beds, tidelands or shorelands. [1971 ex.s. c 225 § 9.]

90.58.010 Short title. This chapter shall be known and may be cited as the "Shoreline Management Act of 1971". [1971 ex.s. c 286 § 1.]

90.58.020 Legislative findings—State policy enunciated—Use preference. The legislature finds that the shorelines of the state are among the most valuable and fragile of its natural resources and that there is great concern throughout the state relating to their utilization, protection, restoration, and preservation. In addition it finds that ever increasing pressures of additional uses are being placed on the shorelines necessitating increased coordination in the management and development of the shorelines of the state. The legislature further finds that much of the shorelines of the state and the uplands adjacent thereto are in private ownership; that unrestricted construction on the privately owned or publicly owned shorelines of the state is not in the best public interest; and therefore, coordinated planning is necessary in order to protect the public interest associated with the shorelines of the state while, at the same time, recognizing and protecting private property rights consistent with the public interest. There is, therefore, a clear and urgent demand for a planned, rational, and concerted effort, jointly performed by federal, state, and local governments, to prevent the inherent harm in an uncoordinated and piecemeal development of the state's shorelines.

It is the policy of the state to provide for the management of the shorelines of the state by planning for and fostering all reasonable and appropriate uses. This policy is designed to insure the development of these shorelines in a manner which, while allowing for limited reduction of rights of the public in the navigable waters, will promote and enhance the public interest. This policy contemplates protecting against adverse effects to the public health, the land and its vegetation and wildlife, and the waters of the state and their aquatic life, while protecting generally public rights of navigation and corollary rights incidental thereto.

The legislature declares that the interest of all of the people shall be paramount in the management of shorelines of state-wide significance. The department, in adopting guidelines for shorelines of state-wide significance, and local government, in developing master programs for shorelines of state-wide significance, shall give preference to uses in the following order of preference which:

- (1) Recognize and protect the state-wide interest over local interest;
- (2) Preserve the natural character of the shoreline;
- (3) Result in long term over short term benefit;
- (4) Protect the resources and ecology of the shoreline;
- (5) Increase public access to publicly owned areas of the shorelines;
- (6) Increase recreational opportunities for the public in the shoreline;
- (7) Provide for any other element as defined in *RCW 90.58.100 deemed appropriate or necessary.

In the implementation of this policy the public's opportunity to enjoy the physical and aesthetic qualities of natural shorelines of the state shall be preserved to the greatest extent feasible consistent with the overall best interest of the state and the people generally. To this end uses shall be preferred which are consistent with control of pollution and prevention of damage to the natural environment, or are unique to or dependent upon use of the state's shoreline. Alterations of the natural condition of the shorelines of the state, in those limited instances when authorized, shall be given priority for single family residences, ports, shoreline recreational uses including but not limited to parks, marinas, piers, and other improvements facilitating public access to shorelines of the state, industrial and commercial developments which are particularly dependent on their location on or use of the shorelines of the state and other development that will provide an opportunity for substantial numbers of the people to enjoy the shorelines of the state.

Permitted uses in the shorelines of the state shall be designed and conducted in a manner to minimize, insofar as practical, any resultant damage to the ecology and environment of the shoreline area and any interference with the public's use of the water. [1971 ex.s. c 286 § 2.]

***Reviser's note:** In subsection (7), a literal translation of the session law's reference ". . . section 11 of this 1971 act. . ." would read "RCW 90.58.110" The above reference to "RCW 90.58.100" which codifies section 10 of this act is believed proper in that (1) section 10 lists the elements includable within the master programs while section 11 neither defines nor mentions such elements, and (2) in the course of passage of the bill, section 7 was deleted causing old section 11 to be renumbered section 10, but the above reference was not amended in consonance with the renumbering.

90.58.030 Definitions and concepts. As used in this chapter, unless the context otherwise requires, the following definitions and concepts apply:

(c) "Shorelines of the state" are the total of all "shorelines" and "shorelines of state-wide significance" within the state;

(d) "Shorelines" means all of the water areas of the state, including reservoirs, and their associated wetlands, together with the lands underlying them; except (i) shorelines of state-wide significance; (ii) shorelines on segments of streams upstream of a point where the mean annual flow is twenty cubic feet per second or less and the wetlands associated with such upstream segments; and (iii) shorelines on lakes less than twenty acres in size and wetlands associated with such small lakes;

(g) "Floodway" means those portions of the area of a river valley lying streamward from the outer limits of a watercourse upon which flood waters are carried during periods of flooding that occur with reasonable regularity, although not necessarily annually, said floodway being identified, under normal condition, by changes in surface soil conditions or changes in types or quality of vegetative ground cover condition. The floodway shall not include those lands that can reasonably be expected to be protected from flood waters by flood control devices maintained by or maintained under license from the federal government, the state, or a political subdivision of the state.

(3) Procedural terms:

90.58.050 Program as cooperative between local government and state—Responsibilities differentiated. This chapter establishes a cooperative program of shoreline management between local government and the state. Local government shall have the primary responsibility for initiating and administering the regulatory program of this chapter. The department shall act primarily in a supportive and review capacity with primary emphasis on insuring compliance with the policy and provisions of this chapter. [1971 ex.s. c 286 § 5.]

(a) Development of master programs for regulation of the uses of shorelines; and

(b) Development of master programs for regulation of the uses of shorelines of state-wide significance.

(2) Within sixty days from receipt of such proposed guidelines, local governments shall submit to the department in writing proposed changes, if any, and comments upon the proposed guidelines.

(3) Thereafter and within one hundred twenty days from the submission of such proposed guidelines to local governments, the department, after review and consideration of the comments and suggestions submitted to it, shall resubmit final proposed guidelines.

(4) Within sixty days thereafter public hearings shall be held by the department in Olympia and Spokane, at which interested public and private parties shall have the opportunity to present statements and views on the proposed guidelines. Notice of such hearings shall be published at least once in each of the three weeks immediately preceding the hearing in one or more newspapers of general circulation in each county of the state.

(5) Within ninety days following such public hearings, the department at a public hearing to be held in Olympia shall adopt guidelines. [1971 ex.s. c 286 § 6.]

90.58.070 Local governments to submit letters of intent—Department to act upon failure of local government. (1) Local governments are directed with regard to shorelines of the state in their various jurisdictions to submit to the director of the department, within six months from June 1, 1971, letters stating that they propose to complete an inventory and develop master programs for these shorelines as provided for in RCW 90.58.080.

(2) If any local government fails to submit a letter as provided in subsection (1) of this section, or fails to adopt a master program for the shorelines of the state within its jurisdiction in accordance with the time schedule provided in this chapter, the department shall carry out the requirements of RCW 90.58.080 and adopt a master program for the shorelines of the state within the jurisdiction of the local government. [1971 ex.s. c 286 § 7.]

90.58.080 Timetable for local governments to complete shoreline inventories and master programs. Local governments are directed with regard to shorelines of the state within their various jurisdictions as follows:

(1) To complete within eighteen months after June 1, 1971, a comprehensive inventory of such shorelines. Such inventory shall include but not be limited to the general ownership patterns of the lands located therein in terms of public and private ownership, a survey of the general natural characteristics thereof, present uses conducted therein and initial projected uses thereof;

(2) To develop, within twenty-four months after the adoption of guidelines as provided in RCW 90.58.060, a master program for regulation of uses of the shorelines of the state consistent with the guidelines adopted. [1974 ex.s. c 61 § 1; 1971 ex.s. c 286 § 8.]

90.58.090 Approval of master program or segments thereof, when—Departmental alternatives when shorelines of state-wide significance—Later adoption of master program supersedes departmental program. Master programs or segments thereof shall become effective when adopted or approved by the department as appropriate. Within the time period provided in RCW 90.58.080, each local government shall have submitted a master program, either totally or by segments, for all shorelines of the state within its jurisdiction to the department for review and approval.

(1) As to those segments of the master program relating to shorelines, they shall be approved by the department unless it determines that the submitted segments are not consistent with the policy of RCW 90.58.020 and the applicable guidelines. If approval is denied, the department shall state within ninety days from the date of submission in detail the precise facts upon which that decision is based, and shall submit to the local government suggested modifications to the program to make it consistent with said policy and guidelines. The local government shall have ninety days after it receives recommendations from the department to make modifications designed to eliminate the inconsistencies and to resubmit the program to the department for approval. Any resubmitted program shall take effect when and in such form and content as is approved by the department.

(2) As to those segments of the master program relating to shorelines of state-wide significance the department shall have full authority following review and evaluation of the submission by local government to develop and adopt an alternative to the local government's proposal if in the department's opinion the program submitted does not provide the optimum implementation of the policy of this chapter to satisfy

the state-wide interest. If the submission by local government is not approved, the department shall suggest modifications to the local government within ninety days from receipt of the submission. The local government shall have ninety days after it receives said modifications to consider the same and resubmit a master program to the department. Thereafter, the department shall adopt the resubmitted program or, if the department determines that said program does not provide for optimum implementation, it may develop and adopt an alternative as hereinbefore provided.

(3) In the event a local government has not complied with the requirements of RCW 90.58.070 it may thereafter upon written notice to the department elect to adopt a master program for the shorelines within its jurisdiction, in which event it shall comply with the provisions established by this chapter for the adoption of a master program for such shorelines.

Upon approval of such master program by the department it shall supersede such master program as may have been adopted by the department for such shorelines. [1971 ex.s. c 286 § 9.]

90.58.100 Programs as constituting use regulations—Duties when preparing programs and amendments thereto—Program contents. (5) Each master program shall contain provisions to allow for the varying of the application of use regulations of the program, including provisions for permits for conditional uses and variances, to insure that strict implementation of a program will not create unnecessary hardships or thwart the policy enumerated in RCW 90.58.020. Any such varying shall be allowed only if extraordinary circumstances are shown and the public interest suffers no substantial detrimental effect. The concept of this subsection shall be incorporated in the rules adopted by the department relating to the establishment of a permit system as provided in RCW 90.58.140(3). [1971 ex.s. c 286 § 10.]

90.58.120 Adoption of rules, programs, etc., subject to RCW 34.04.025—Public hearings, notice of—Public inspection after approval or adoption. All rules, regulations, master programs, designations, and guidelines, issued by the department, shall be adopted or approved in accordance with the provisions of RCW 34.04.025 insofar as such provisions are not inconsistent with the provisions of this chapter. In addition:

(1) Prior to the approval or adoption by the department of a master program, or portion thereof, at least one public hearing shall be held in each county affected by a program or portion thereof for the purpose of obtaining the views and comments of the public. Notice of each such hearing shall be published at least once in each of the three weeks immediately preceding the hearing in one or more newspapers of general circulation in the county in which the hearing is to be held.

(2) All guidelines, regulations, designations or master programs adopted or approved under this chapter shall be available for public inspection at the office of the department or the appropriate county auditor and city clerk. The terms "adopt" and "approve" for purposes of this section, shall include modifications and rescission of guidelines. [1975 1st ex.s. c 182 § 2; 1971 ex.s. c 286 § 12.]

which are consistent with the policy of this chapter and, after adoption or approval, as appropriate, the applicable guidelines, regulations or master program.

(2) No substantial development shall be undertaken on shorelines of the state without first obtaining a permit from the government entity having administrative jurisdiction under this chapter.

A permit shall be granted:

(a) From June 1, 1971 until such time as an applicable master program has become effective, only when the development proposed is consistent with: (i) The policy of RCW 90.58.020; and (ii) after their adoption, the guidelines and regulations of the department; and (iii) so far as can be ascertained, the master program being developed for the area;

(b) After adoption or approval, as appropriate, by the department of an applicable master program, only when the development proposed is consistent with the applicable master program and the provisions of chapter 90.58 RCW.

(3) Local government shall establish a program, consistent with rules adopted by the department, for the administration and enforcement of the permit system provided in this section. The administration of the system so established shall be performed exclusively by local government.

(4) Local government shall require notification of the public of all applications for permits governed by any permit system established pursuant to subsection (3) of this section by ensuring that:

(a) A notice of such an application is published at least once a week on the same day of the week for two consecutive weeks in a legal newspaper of general circulation within the area in which the development is proposed; and

(b) Additional notice of such an application is given by at least one of the following methods:

(i) Mailing of the notice to the latest recorded real property owners as shown by the records of the county assessor within at least three hundred feet of the boundary of the property upon which the substantial development is proposed;

(ii) Posting of the notice in a conspicuous manner on the property upon which the project is to be constructed; or

(iii) Any other manner deemed appropriate by local authorities to accomplish the objectives of reasonable notice to adjacent landowners and the public.

Such notices shall include a statement that any person desiring to submit written comments concerning an application, or desiring to receive a copy of the final order concerning an application as expeditiously as possible after the issuance of the order, may submit such comments or such requests for orders to the local government within thirty days of the last date the notice is to be published pursuant to subsection (a) of this subsection. Local government shall forward, in a timely manner following the issuance of an order, a copy of the order to each person who submits a request for such order.

If a hearing is to be held on an application, notices of such a hearing shall include a statement that any person

may submit oral or written comments on an application at such hearing.

(5) Such system shall include provisions to assure that construction pursuant to a permit will not begin or be authorized until thirty days from the date the final order was filed as provided in subsection (6) of this section; or until all review proceedings are terminated if such proceedings were initiated within thirty days from the date of filing as defined in subsection (6) of this section except as follows:

(a) In the case of any permit issued to the state of Washington, department of highways, for the construction and modification of the SR 90 (1-90) bridges across Lake Washington, such construction may begin after thirty days from the date of filing;

(b) If a permit is granted by the local government and (i) the granting of the permit is appealed to the shorelines hearings board within thirty days of the date of filing, (ii) the hearings board approves the granting of the permit by the local government or approves a portion of the substantial development for which the local government issued the permit, and (iii) an appeal for judicial review of the hearings board decision is filed pursuant to the provisions of chapter 34.04 RCW, the permittee may request, within ten days of the filing of the appeal with the court, a hearing before the court to determine whether construction may begin pursuant to the permit approved by the hearings board or to a revised permit issued pursuant to the order of the hearings board. If, at the conclusion of the hearing, the court finds that construction pursuant to such a permit would not involve a significant, irreversible damaging of the environment, the court may allow the permittee to begin such construction pursuant to the approved or revised permit as the court deems appropriate. The court may require the permittee to post bonds, in the name of the local government that issued the permit, sufficient to remove the substantial development or to restore the environment if the permit is ultimately disapproved by the courts, or to alter the substantial development if such alteration is ultimately ordered by the courts: *Provided*, That construction pursuant to a permit revised at the direction of the hearings board may begin only on that portion of the substantial development for which the local government had originally issued the permit and construction pursuant to such a revised permit on other portions of the substantial development may not begin until after all review proceedings are terminated. In such a hearing before the court, the burden of proving whether such construction may involve significant irreversible damage to the environment and demonstrating whether such construction would or would not be appropriate shall be on the appellant;

(c) If a permit is granted by the local government and the granting of the permit is appealed directly to the superior court for judicial review pursuant to the proviso in RCW 90.58.180(1) as now or hereafter amended, the permittee may request the court to remand the appeal to the shorelines hearings board, in which case the appeal shall be so remanded and construction pursuant to such a permit shall be governed by the provisions of subsection (b) of this subsection or may otherwise begin after

review proceedings before the hearings board are terminated if judicial review is not thereafter requested pursuant to the provisions of chapter 34.04 RCW;

If a permittee begins construction pursuant to subsections (a), (b) or (c) of this subsection, such construction shall begin at the permittee's own risk. If, as a result of judicial review, the courts order the removal of any portion of the construction or the restoration of any portion of the environment involved or require the alteration of any portion of a substantial development constructed pursuant to a permit, the permittee shall be barred from recovering damages or costs involved in adhering to such requirements from the local government that granted the permit, the hearings board, or any appellant or intervener.

"Date of filing" as used herein shall mean the date of actual receipt by the department. The department shall notify in writing the local government and the applicant of the date of filing.

(7) Applicants for permits under this section shall have the burden of proving that a proposed substantial development is consistent with the criteria which must be met before a permit is granted. In any review of the granting or denial of an application for a permit as provided in RCW 90.58.180 (1) and (2) as now or hereafter amended, the person requesting the review shall have the burden of proof.

(8) Any permit may, after a hearing with adequate notice to the permittee and the public, be rescinded by the issuing authority upon the finding that a permittee has not complied with conditions of a permit. In the event the department is of the opinion that such non-compliance exists, the department shall provide written notice to the local government and the permittee. If the department is of the opinion that such noncompliance continues to exist thirty days after the date of the notice, and the local government has taken no action to rescind the permit, the department may petition the hearings board for a rescission of such permit upon written notice of such petition to the local government and the permittee: *Provided*, That the request by the department is made to the hearings board within fifteen days of the termination of the thirty day notice to the local government.

(9) The holder of a certification from the governor pursuant to chapter 80.50 RCW shall not be required to obtain a permit under this section.

(10) No permit shall be required for any development on shorelines of the state included within a preliminary or final plat approved by the applicable state agency or local government prior to April 1, 1971, if:

(b) (i) Sales of lots to purchasers with reference to the plat, or substantial development incident to platting or required by the plat, occurred prior to April 1, 1971, and

(ii) The development to be made without a permit meets all requirements of the applicable state agency or local government, other than requirements imposed pursuant to this chapter, and

(iii) The development does not involve construction of buildings, or involves construction on wetlands of buildings to serve only as community social or recreational facilities for the use of owners of platted lots and the buildings do not exceed a height of thirty-five feet above average grade level, and

(iv) The development is completed within two years after the effective date of this chapter.

(11) The applicable state agency or local government is authorized to approve a final plat with respect to shorelines of the state included within a preliminary plat approved after April 30, 1969, and prior to April 1, 1971: *Provided*, That any substantial development within the platted shorelines of the state is authorized by a permit granted pursuant to this section, or does not require a permit as provided in subsection (10) of this section, or does not require a permit because of substantial development occurred prior to June 1, 1971.

(12) Any permit for a variance or a conditional use by local government under approved master programs must be submitted to the department for its approval or disapproval. [1975-'76 2nd ex.s. c 51 § 1; 1975 1st ex.s. c 182 § 3; 1973 2nd ex.s. c 19 § 1; 1971 ex.s. c 286 § 14.]

If it appears to the department or the attorney general that the requestor has valid reasons to seek review, either the department or the attorney general may certify the request within thirty days after its receipt to the shorelines hearings board following which the board shall then, but not otherwise, review the matter covered by the requestor: *Provided*, That the failure to obtain such certification shall not preclude the requestor from obtaining a review in the superior court under any right to review otherwise available to the requestor. The department and the attorney general may intervene to protect the public interest and insure that the provisions of this chapter are complied with at any time within fifteen days from the date of the receipt by the department or the attorney general of a copy of the request for review filed pursuant to this section. The shorelines hearings board shall initially schedule review proceedings on such requests for review without regard as to whether such requests have or have not been certified or as to whether the period for the department or the attorney general to intervene has or has not expired, unless such review is to begin within thirty days of such scheduling. (b) In an appeal relating to a master program for shorelines of state-wide significance the board shall approve the master program adopted by the department unless a local government shall, by clear and convincing evidence and argument, persuade the board that the master program approved by the department is inconsistent with the policy of RCW 90.58.020 and the applicable guidelines.

90.62.010 Legislative finding—Purposes. (1) It is the sense of the legislature that the heavy burdens placed upon persons proposing to undertake certain types of projects in this state through requirements to obtain numerous permits and related documents from various state and local agencies are undesirable and should be alleviated. The legislature further finds that present methods for obtaining public views in relation to applications to state and local agencies pertaining to these projects are cumbersome and place undue hardships on members of the public thereby thwarting the public's ability to present such views.

(2) The purposes of this chapter are to:

(a) Provide for an optional procedure to assist those who, in the course of satisfying the requirements of state government prior to undertaking a project which contemplates the use of the state's air, land, or water resources, must obtain a number of permits, from the department of ecology and one or more state or local agencies by establishing a mechanism in state government which will coordinate administrative decision-making procedures, and related quasi judicial and judicial review, pertaining to such documents.

(b) Provide to members of the public a better and easier opportunity to present their views comprehensively on proposed uses of natural resource and related environmental matters prior to the making of decisions on such uses by state or local agencies.

(c) Provide to members of the public who desire to carry out the aforementioned projects within the state of Washington a greater degree of certainty in terms of permit requirements of state and local government.

(d) Provide better coordination and understanding between state and local agencies in the administration of the various programs relating to air, water, and land resources.

(e) Establish the opportunity for members of the public to obtain information pertaining to requirements of federal and state law which must be satisfied prior to undertaking a project in the state. [1973 1st ex.s. c 185 § 1.]

90.62.020 Definitions. For purposes of this chapter the following words mean, unless the context clearly dictates otherwise:

(1) "Board" means the pollution control hearings board.

(2) "Department" means the department of ecology.

(3) "Local government" means a county, city or town.

(4) "Permit" means any license, permit, certificate, certification, approval, compliance schedule, or other similar document pertaining to any regulatory or management program related to the protection, conservation, or use of, or interference with, the natural resources of land, air or water in the state, which is required to be obtained from a state agency prior to constructing or

operating a project in the state of Washington. Permit shall also mean a substantial development permit under RCW 90.58.140. Nothing in this chapter shall relate to a permit issued by the department of labor and industries or by the utilities and transportation commission; nor to the granting of proprietary interests in publicly owned property such as sales, leases, easements, use permits and licenses.

(5) "Person" means any individual, municipal, public, or private corporation, or other entity however denominated, including a state agency and county.

(6) "Processing" and "processing of applications" mean the entire process to be followed in relation to the making of decisions on an application for a permit and review thereof as provided in RCW 90.62.040 through 90.62.080.

(7) "Project" means any new activity or any expansion of or addition to an existing activity, fixed in location, for which permits are required from the department of ecology and one or more other state agencies prior to construction or operation, including, but not limited to industrial and commercial operations and developments.

(8) "State agency" means any state department, commission, board or other agency of the state however titled. For the limited purposes of this chapter only "state agency" shall also mean (a) any local or regional air pollution control authority established under chapter 70.94 RCW and (b) any local government when said government is acting in its capacity as a decision maker on an application for a permit pursuant to RCW 90.58.140. [1973 1st ex.s. c 185 § 2.]

90.62.030 Thermal power plants exempt from chapter. Nothing in this chapter shall apply to a plant or project which is required to be the subject of a certification by the governor pursuant to chapter 80.50 RCW. [1973 1st ex.s. c 185 § 3.]

90.62.040 Master application for proposed project—Contents—Requirements—Notice to state agencies—Forms. (1) Any person proposing a project may submit a master application to the department requesting the issuance of all permits necessary prior to the construction and operation of the project in the state of Washington. The master application shall be on a form furnished by the department and shall contain precise information as to the location of the project, and shall describe the nature of the project including any discharges of wastes proposed therefrom and any uses of, or interferences with, natural resources contemplated. No master application shall be accepted for processing by the department of ecology pursuant to this chapter unless it is accompanied by the certification of local government provided for in RCW 90.62.100.

(2) Upon receipt of a properly completed master application, the department shall immediately notify in writing each state agency having a possible interest in the master application arising from requirements pertaining to a permit program under its jurisdiction. The notification from the department shall be accompanied by a copy of the master application together with the

date by which the agency shall respond to the notice. Each notified agency shall respond in writing to the department within the specified date, not exceeding fifteen days from receipt, as determined by the department, advising (a)(i) whether the agency does or does not have an interest in the master application, and (a)(ii) if the response to (a)(i) of this subsection is affirmative, the permit program or programs under the agency's jurisdiction to which the project described in the master application is pertinent, and whether, in relation to the master application, a public hearing as provided in RCW 90.62.050 and 90.62.060 would or would not be of value taking into consideration the overall public interest. Each notified agency which (b)(i) responds within the specified date that it does not have an interest in the master application or (b)(ii) does not respond as required above within the specified date, shall not subsequently require a permit of the applicant for the project described in the master application; provided the bar to requiring a permit subsequently shall not be applicable if the master application provided the notified agency contained false, misleading, or deceptive information, or other information, or lack thereof, which would reasonably lead an agency to misjudge its interest in a master application.

(3) The department shall submit application forms relating to permit programs identified in affirmative responses under subsection (2) of this section to the applicant with a direction to complete and return them to the department within a reasonable time as specified by the department.

(4) When such applications, properly completed, have been returned to the department, each of the applications shall be transmitted to the appropriate state agency for the performance of its responsibilities of decision making in accordance with the procedures of this chapter.

(5) For the purpose of establishing priority dates upon water right permits and certificates issued pursuant to rulings on applications under chapters 90.03 and 90.44 RCW and processed under this chapter, the priority date shall be the date of submitting the master application to the department or the county office as provided in RCW 90.62.120(2). [1973 1st ex.s. c 185 § 4.]

90.62.050 Notice of proposed project—Publication—Contents—Public hearing. (1) The department, within a reasonable time after transmittal under RCW 90.62.040(4), shall cause a notice to be published at the applicant's expense once each week on the same day of the week for three consecutive weeks in a newspaper of general circulation within each county in which the project is proposed to be constructed or operated. The notice shall describe the nature of the master application including, with reasonable specificity, the project proposed, its location, the various permits applied for, and the state agency having jurisdiction over each such permit. Except as provided in RCW 90.62.050(2), the notice shall also state the time and place of the public hearing (to be held not less than twenty days after the date of last publication of the notice). It shall further state that a copy of the master application and a copy of

all permit applications for the project are available for public inspection in the office for environmental permit applications of each county in which the project is proposed to be constructed or operated, as well as at the Olympia office and appropriate regional office of the department, together with such other locations as the department may designate.

(2) If the responses received by the department from state agencies under RCW 90.62.040(2) unanimously state the position that a public hearing in relation to a master application would not be of value taking into consideration the overall public interest, and the department, after a careful evaluation, taking into consideration all interests involved, including the opportunities for members of the public to present views, concludes likewise, the provisions of subsection (1) of this section pertaining to the time and place of a public hearing shall not be included in the notice. In place thereof the notice shall state that members of the public may present relevant views and supporting materials in writing to the department in relation to any of the permits applied for within thirty days after the last date of publication of the notice in a newspaper. [1973 1st ex.s. c 185 § 5.]

90.62.060 Public hearing—Procedure—Final decisions. (1) Except as provided in RCW 90.62.050(2), prior to any final decision on any permit applications relating to a project subject to the procedures of this chapter, a public hearing shall be held in the county in which all or a major part of the proposed project is to be constructed or operated, such hearing to be held pursuant to notice made under RCW 90.62.050(1). At any such hearing the applicant may submit any relevant information and material in support of his applications, and members of the public may present relevant views and supporting materials in relation to any or all of the applications being considered.

(2) Each state agency having an application for a permit before it as described in the notice in RCW 90.62.050(1) shall be represented at the public hearing by its chief administrative officer or his designee. The director of the department, or a hearing officer duly appointed by him, shall chair the hearing; however, the representative of any state agency (other than the department) within whose jurisdiction a specific application lies shall conduct the portion of the hearing pertaining to submission of information, views, and supporting materials which are relevant to that application. The chairman may, when appropriate, continue a hearing from time to time and place to place. The hearing shall be recorded in any manner suitable for transcription as determined by the department.

(3) No provisions of chapter 34.04 RCW shall apply to the hearing provided for by this section. Said hearing shall be conducted for the purpose of obtaining information for the assistance of state agencies but shall not be considered a trial or adversary proceeding.

(4) Upon completion of the public hearing the chairman, after consultation with the state agency representatives, shall establish the date by which all state agencies shall forward their final decisions on applications before them to the department: *Provided*, That this

date may be extended by the chairman for reasonable cause. Every final decision shall set forth the basis for the conclusion reached together with a final order denying the application for a permit or granting it, subject to such conditions of approval as the deciding agency may have power to impose.

(5) In situations where a notice is provided pursuant to RCW 90.62.050(2) and no public hearing is conducted, the department shall, after thirty days after the last notice publication in the newspaper, submit a copy of all views and supporting material received by it to each agency having an application for a permit before it as described in the notice. Concurrently therewith, the department shall notify each state agency, in writing, of the date by which final decisions on applications shall be forwarded to the department: *Provided*, That this date may be extended by the department for reasonable cause. Each such final decision shall consist of the same contents as provided for final decisions in RCW 90.62.060(4).

(6) As soon as all final decisions are received by the department from the various participating state agencies, as provided in RCW 90.62.060(4) and (5), the department shall incorporate them, without modification, into one document and transmit the same to the applicant either personally or by registered mail.

(7) Each state agency having jurisdiction to approve or deny an application for a permit shall have continuing power as vested in it prior to enactment of this chapter to make such determinations. Nothing in RCW 90.62.030 through 90.62.060 shall lessen or reduce such powers, and such sections shall modify only the procedures to be followed in the carrying out of such powers.

(8) A state agency may in the performance of its responsibilities of decision making under this chapter, request or receive additional information from an applicant and others prior or subsequent to a public hearing as necessary to the performance thereof. [1973 1st ex.s. c 185 § 6.]

90.62.070 Withdrawal of agency from participation.

A state agency responding affirmatively as provided in RCW 90.62.040(2) may withdraw from further participation in the processing provided in RCW 90.62.040, 90.62.050, and 90.62.060 at any time, by written notification to the director, if it subsequently appears to such state agency that it has no permit programs under its jurisdiction applicable to the project. [1973 1st ex.s. c 185 § 7.]

90.62.080 Departmental review—Judicial review.

(1) Any person aggrieved by any final decision contained in the document issued by the department pursuant to RCW 90.62.060(6) may obtain review thereof by filing a request, with the board, within thirty days of the transmittal under RCW 90.62.060(6) by the department of ecology of the document, for all final decisions other than a final decision relating to the granting or denial of a substantial development permit pursuant to RCW 90.58.140 in which case the filing of such request shall be with the shorelines hearings board. The board shall review all final decisions other than a final decision on a

substantial development permit which shall be reviewed by the shorelines hearings board. In the event a request for review includes a final decision involving a substantial development permit and other permits, there shall be single staged hearing of the permits by the boards. The board shall be authorized to adopt rules and regulations implementing such staged hearings and the filing of requests so as to eliminate all unnecessary duplication. The scope of review by the boards and the standards of reviews used by the boards for determining the validity of any final decision shall be those contained in RCW 34.04.130.

(2) Judicial review of decisions of the actions of boards shall be controlled by RCW 43.21B.180 through 43.21B.200 except as they relate to decisions pertaining to substantial development permits under RCW 90.58.140 which shall be controlled by RCW 90.58.180. [1973 1st ex.s. c 185 § 8.]

90.62.090 Application, scope, construction of chapter—Continuation of fee schedules. Notwithstanding any other statutes relating to the processing of application for permits, the procedures, including timing requirements and approval requirements related thereto, set forth in this chapter shall be exclusive in relation to applications for permits filed pursuant to RCW 90.62.040. The procedures of this chapter shall be in lieu of any procedures otherwise provided by statute, existing or hereafter enacted, to be followed by a state agency in ruling upon an application for a permit for a project under this chapter.

(2) The procedures of this chapter are applicable only to projects as defined in RCW 90.62.020(7) and only through the completion of final decisions under RCW 90.62.060 and of review proceedings of RCW 90.62.080 and any ancillary proceedings. This chapter shall have no applicability to any applications for permit renewals, amendments, extensions, or other similar documents, or for replacing permits which are required subsequent to the completion of the decisions and proceedings under RCW 90.62.060 and 90.62.080 and any ancillary proceedings. For purposes of this section "ancillary proceedings" shall mean all proceedings, quasi judicial and judicial, held pursuant to any order of remand or similar order by the board or a court in relation to a final decision of a state agency made hereunder and held in response to the order of remand or similar order.

(3) Fee schedules previously and expressly established or authorized by statute in relation to any application for a permit shall continue to be applicable even though processed under this chapter. The department shall collect such fees and forward them to the appropriate state agency. [1973 1st ex.s. c 185 § 9.]

90.62.100 Compliance with local zoning ordinances and plans—Certification—Other laws not affected.

(1) No master application pertaining to a project filed under RCW 90.62.040 shall be processed under this chapter unless it is accompanied by a certification from the pertinent local government that the project is in compliance with all zoning ordinances, and associated

comprehensive plans, administered by said local government relating to the location of the project: *Provided*, That if the local government has no such ordinances or plans the certification from local government shall so state and issue. For purposes of this section master programs of chapter 90.58 RCW are not zoning ordinances administered by local government. Local governments are authorized to accept applications for certifications as provided in this section and are directed to rule upon the same expeditiously to insure the purposes of this chapter are accomplished fully. Upon certification, the local government may not change such zoning ordinances so as to affect the proposed project until the procedures of this chapter, including any board or court reviews, are completed. The provisions of the state environmental policy act relating to the preparation of detailed impact statements shall not be applicable to the action approving or denying certifications authorized in this section.

(2) Nothing in this chapter shall modify in any manner whatsoever the applicability or inapplicability of any land use regulation statutes or local zoning ordinances to lands of any state agency.

(3) Approval of an application for certification as provided in this section shall not eliminate any requirements of the Shoreline Management Act of 1971 or any other statutes administered by a local government. A ruling by local government denying an application for certification shall not be appealable under this chapter: *Provided*, That the denial of an application for certification pursuant to subsection (1) of this section shall not preclude the applicant from filing a permit application under any other available statute or procedure. [1973 1st ex.s. c 185 § 10.]

90.62.110 Rules—Authority—Cooperation enjoined. (1) The department shall adopt such rules as are appropriate to carry out the provisions of this chapter. This authority includes, but is not limited to, the following subjects and sections or subsections of this chapter:

(a) Master application procedures under RCW 90.62.040(1) and (2).

(b) Application procedures under RCW 90.62.040(3).

(c) Notice procedures under RCW 90.62.050.

(d) Public hearing and final decision procedures under RCW 90.62.060(1), (2), and (3).

(e) A program, and procedures, including time requirements relating thereto, to guide local governments in the implementation of RCW 90.62.100(1).

(f) A listing of the various types of permits covered by this chapter together with the state agency issuing each such permit, and the statutory authority providing for such issuance.

(2) State agencies and local governments shall cooperate fully in the preparation implementation of rules authorized under this section and in otherwise carrying out the provisions of this chapter.

(3) Consistent with the procedural concepts for the processing of applications for permits established in RCW 90.62.040 through 90.62.060, the department of ecology may, by rule, establish a permit application processing procedure which may be used, at the request of

an applicant, in relation to two or more permit programs administered solely by the department of ecology. [1973 1st ex.s. c 185 § 11.]

90.62.120 Permit requirements information centers—Offices for environmental permit applications—Procedures. (1) The department shall establish permit requirements information centers in its office at Olympia and in all of its regional offices which shall provide information to the public, in readily understandable form, pertaining to the requirements of federal, state, and local governments for permits which must be acquired before initiating various types of activities and projects proposed in the state with special emphasis being given to those permits which apply to the use of land, air, and water resources.

(2) There shall be designated by each county, in a place convenient to members of the general public an office or offices for environmental permit applications. It shall be the responsibility of said office to provide a master application as provided in this chapter to any person requesting the same. It shall further be the responsibility of the office to provide reasonable assistance in preparation of an application to any person requesting the same and to accept for transmission to the department completed master applications. All completed master applications received by the county office shall be submitted to the department for processing as provided in RCW 90.62.040 through 90.62.060. Filing of a master application with the county office shall constitute a submission to the department of ecology within the meaning of RCW 90.62.040(1). The department shall provide full information, forms, instructions, and other assistance relating to master applications and the other features of the program of this chapter to each county office to insure the provisions of this section are made fully effective in serving those desiring to file master applications under this chapter. [1973 1st ex.s. c 185 § 12.]

90.62.900 Report to legislature. The department, after consultation with other state agencies and local governments, shall submit to the legislature by January 1, 1975, a report setting forth the results of the experience under this chapter together with any recommendations and views pertaining to ways and means of improving the procedures and otherwise satisfying the purposes of this chapter. [1973 1st ex.s. c 185 § 13.]

90.62.901 Conflicts with federal requirements—Compliance with federal laws. (1) If any part of this chapter shall be found in conflict with federal requirements which are a condition precedent to the allocation of federal funds authorized to the state, such conflicting part of this chapter is declared to be inoperative to the limited extent of such conflict and with respect to the agencies directly affected, and such findings or determination shall not affect the operation of the remainder of this chapter in its application to the agencies concerned.

(2) The department of ecology, to the limited extent necessary to comply with procedural requirements of federal statutes relating to permit systems operated by

the state, may modify the notice, timing, hearing and related procedural matters provided in this chapter. [1973 1st ex.s. c 185 § 14.]

90.62.904 Liberal construction. The rule of strict construction shall have no application to this chapter and it shall be liberally construed in order to carry out its purposes. [1973 1st ex.s. c 185 § 15.]

90.62.905 Short title. This 1973 act shall be known as the Environmental Coordination Procedures Act of 1973. [1973 1st ex.s. c 185 § 16.]

90.62.906 Effective date—1973 1st ex.s. c 185. This 1973 act shall take effect on January 1, 1974, except that the department, state agencies, and local governments are authorized to take such steps as are necessary prior to that date to insure that this 1973 act is properly implemented on its effective date. [1973 1st ex.s. c 185 § 18.]

90.62.907 Severability—1973 1st ex.s. c 185. If any provision of this 1973 act or its application to any person or circumstance is held invalid the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1973 1st ex.s. c 185 § 19.]

[1923 c 38 § 1; RRS § 9776-1. Formerly RCW 91.04.580.]

***Reviser's note:** The "passage of this act" refers to 1923 c 38 which passed the House January 29, 1923, passed the Senate February 14, 1923, was approved by the Governor February 28, 1923, and became effective at midnight June 6, 1923.

91.06.020 Form—Sale—Maturity. Such refunding bonds and coupons for interest may be executed, issued and sold in such denomination, form and manner, and for such amount and rate of interest as bonds are by existing law authorized to be executed, issued and sold by such districts, except as herein otherwise provided. Prior to the issuance of any such refunding bonds, the board of commissioners of the district shall assess and levy upon the lands and property benefited, or to be benefited by the improvement constructed or to be constructed by the district such amount of the maximum benefits theretofore established by judgment to be a charge against such lands and property and still leviable, as in the judgment of such board will raise and yield under the terms hereof sufficient moneys to enable such district to call, pay off, redeem or refund such outstanding bonds and to pay the principal and interest of such refunding bonds as may be issued all as herein provided: *Provided*, Always that the amount so assessed and levied, together with the amounts theretofore assessed and levied against any land or property shall not in the aggregate exceed the amount of maximum benefits so established against such land or property. Such assessment or assessments shall be made, levied and collected in the same manner and shall constitute a lien on such lands and property of the same kind, effect, rank and priority as is now provided by law in case of assessments levied upon said lands against such maximum benefits, except as herein otherwise provided. Such lien shall attach and become

effective against each such tract or lot of land or property for the full amount of the assessment levied against the same with interest as hereinafter provided, from and after the time of the serving upon the county assessor of the notice of levy. Notice of any such levy shall be served upon the county assessor as aforesaid on or before the first day of October, of the year in which such levy shall be made. [1923 c 38 § 3; RRS § 9776-3. At the time of making such levy the board of commissioners of the district shall file with the county treasurer of the county in which such district is located, a duplicate of the notice of levy served on the county assessor of such county, and the treasurer shall file, keep and preserve the same in his office. From and after the filing of such duplicate notice of levy with the county treasurer, it shall be the duty of such treasurer to accept payment in full as hereinafter provided, of the amount at any time remaining unpaid of the assessment so levied upon any lot or tract of land or property, and to keep a record of such payment. [1923 c 38 § 4; RRS § 9776-4. Formerly RCW 91.04.610.]

91.06.050 Publication of notice of levy. Whenever any such assessment shall have been levied, the board of commissioners of the district shall publish or cause to be published, a notice in a weekly newspaper of general circulation published within the district and if no such newspaper be published within the district then in the newspaper doing the county printing of the county in which the principal office of the district is situated stating that such assessment has been made and levied, and the date and aggregate amount thereof, and that the amount assessed and levied against any lot or tract of land or other property may be paid in full without interest to the county treasurer of such county on or before thirty days from the date of such levy and that unless such payment shall be made such assessment will be payable in ten equal annual installments as herein provided. Such notice shall be published in at least three regular issues of such newspaper and the first publication thereof shall be not more than ten days after such levy and the last publication shall not be more than twenty-five days after such levy. [1923 c 38 § 5; RRS § 9776-5. Formerly RCW 91.04.620.]

91.06.060 Payment of assessment—Installments—Interest. Any assessment so levied upon any lot or tract of land or property may be paid in full without interest at any time before the expiration of thirty days from the date of the levy thereof, and if not so paid the same shall be payable in ten equal annual installments thereafter beginning with the year next succeeding the year in which such levy shall be made, with interest at the rate of seven percent per annum from the date of such levy. The first installment shall include

interest on the assessment from the date of levy until the first day of January of the second succeeding year and the installment for each calendar year thereafter shall include interest for that year on the unpaid balance of the assessment. The installment of each year shall fall due at the time of the falling due of general taxes for that year: *Provided* That the balance of any such assessment at any time remaining unpaid may be paid at any time not less than thirty days prior to the date when the next installment of interest on said refunding bonds is payable, by paying the balance of the principal of the assessment then remaining unpaid with interest to such next succeeding interest date; and may be paid at any time less than thirty days prior to such next succeeding interest date by paying the principal of such balance with interest to the date of the second succeeding interest date. [1923 c 38 § 6; RRS § 9776-6. Formerly RCW 91.04.630.]

91.06.070 Payment on bonds and interest—Procedure—"Construction Warrant and Interest Fund". The proceeds of all such assessments as shall be paid in full on or before the expiration of thirty days from the date of the levy thereof as hereinbefore provided shall be used by the county treasurer for the sole purpose of calling, paying and redeeming bonds then outstanding as now required by law. No refunding bonds shall be issued or sold until after the expiration of such period of thirty days and then for such amount only as shall be necessary to yield moneys sufficient to pay and redeem the remaining outstanding bonds. The proceeds of all remaining assessments shall be used and applied solely for the purpose of paying the principal and the interest of the refunding bonds for the payment of which such assessments were levied, and shall be kept by the county treasurer in a special fund for such purpose only. In case the district prior to the levying of the assessment herein authorized, shall have levied any part of the maximum benefits upon the lands charged with the payment thereof, for the purpose of raising money with which to pay or redeem any of the outstanding bonds to be refunded, the proceeds of any portion of such assessment so levied and remaining unpaid at the time of the issuance of such refunding bonds shall, when collected by the county treasurer, be placed and kept by him in such special fund for the purpose of paying such refunding bonds and interest. Interest coupons of such refunding bonds shall be paid by the county treasurer when due in the order of their presentation and surrender out of any of such funds then on hand: *Provided*, Whenever and at the time all such refunding coupon bonds issued pursuant to this chapter by any commercial waterway district organized under the laws of this state shall be paid or redeemed then all remaining assessments and the liens and proceeds thereof and all unexpended sums in said special fund shall be used and applied solely for the purpose of paying the principal and interest of all outstanding and unpaid warrants and interest thereon, whether issued *at the time of the enactment of this act or subsequently, and which were issued by any such commercial waterway district for construction and improvement costs and other expenses connected with

the completion of such waterway system and when collected shall be placed by the said county treasurer in a fund to be designated as "Construction Warrant and Interest Fund," which warrants and interest thereon shall be called and paid as now provided by law and said fund used therefor. When all such warrants and interest thereon shall be paid or redeemed the said fund may be used for any other proper purpose of the district. Nothing herein contained shall limit the owners or holders of such warrants and interest thereon to the proceeds of and to payments from the said "Construction Warrant and Interest Fund," nor the said district, its commissioners and the county treasurer from using and applying any other funds of said district in the payment of said warrants and interest thereon, except as otherwise directed or prohibited by law. [1947 c 222 § 1; 1923 c 38 § 7; Rem. Supp. 1947 § 9776-7. Formerly RCW 91.04.640.]

***Reviser's note:** The language "at the time of the enactment of this act" first appears in 1947 c 222 § 1 which passed the House February 27, 1947, passed the Senate March 6, 1947, was approved by the Governor March 19, 1947, and became effective midnight June 11, 1947. The 1947 act amended 1923 c 38 § 7 which passed the House January 29, 1923, passed the Senate February 14, 1923, was approved by the Governor February 28, 1923, and became effective midnight June 6, 1923.

91.06.080 Call of bonds for payment. It shall be the duty of the county treasurer of any county in which there may be a district issuing refunding bonds under the provisions of this chapter, to call in for payment on each interest date as many of such bonds, in numerical order, beginning with bond numbered (1) as can be paid out of the funds on hand for that purpose after deducting an amount sufficient to pay all interest then due on all unpaid bonds. Said call shall be published for two consecutive weeks in the newspaper doing the county printing; the first publication to be two weeks prior to said interest date, and shall state the number of the bond or bonds so called, and that interest thereon will cease on said interest date. [1923 c 38 § 8; RRS § 9776-8. Formerly RCW 91.04.650.]

91.06.090 Effect of assessment lien when sale of lands for taxes. In case any lands or property subject to the lien of any assessment levied under the authority of this chapter shall be sold for taxes, the whole amount of such assessment then remaining unpaid shall be due and payable, anything to the contrary in this chapter notwithstanding, and shall be included in the aggregate amount of taxes for which said bonds or property shall be sold. [1923 c 38 § 9; RRS § 9776-9. Formerly RCW 91.04.660.]

91.06.100 Registry of bonds. Before the refunding bonds are delivered to the purchaser they shall be presented to the county treasurer, who shall register them in a book kept for that purpose and known as the bond register, in which register he shall enter the number of each bond, the date of issue, the maturity, amount and rate of interest, to whom and when payable, and the proceeds derived from the sale of said bonds shall in all cases be paid by the purchaser thereof to the county

treasurer. [1923 c 38 § 10; RRS § 9776-10. Formerly RCW 91.04.670.]

91.07.010 Examination and determination of feasibility by port commissioners. The port commissioners in any class AA county in which there is a commercial waterway district may at any time upon request of such commercial waterway district examine the books, records and properties of the commercial waterway district to make a determination of the financial condition of the district and thereafter shall make a determination whether or not the financial condition of the commercial waterway district is such that the port district is willing to assume all of the assets, liabilities and functions of the commercial waterway district. [1963 c 97 § 1.]

91.07.020 Procedure to effect transfer—Dissolution—Limitation on use of assets—Responsibility for liabilities and obligations. (3) All the real and personal property of the commercial waterway district, and all debts and assessments due on whatever account to the commercial waterway district, shall then be taken and deemed to be transferred

to the port district without further act or deed: *Provided*, That any assets so acquired by the port district, whether in real or personal property, may thereafter be used only for the development of that part of the port district within the geographical limits of the former commercial waterway district. The waterway district commissioners shall forthwith deliver the assets of the district to the port district.

(4) The port district shall be responsible for all the liabilities and obligations of the commercial waterway district, as if it had itself incurred such liabilities or obligations; but the liabilities of the commissioners of the commercial waterway district shall not be affected, nor shall the rights of the creditors of the commercial waterway district, and any claim existing or action or proceeding pending by or against the commercial waterway district may be prosecuted to judgment as if a dissolution had not taken place, or the port district may be added as an additional party or substituted in its place. 91.08.010 Public waterways authorized. Whenever in any county of this state the owners of lands bordering upon or accessible to any navigable water shall desire to improve their said lands, hereinafter designated as the "district," by the construction of a new public waterway, or the deepening or enlargement of an existing public waterway, for the floatage of vessels and the drainage of swamp and overflowed lands, and the proposed improvement will increase the public revenues and be of other public benefit, they may present the plan of such proposed waterway to the board of county commissioners of such county, hereinafter designated the "board," and have the same acted upon as provided in this chapter. [1911 c 23 § 1; RRS § 9777.]

91.08.020 Accessible lands defined. Lands shall be deemed accessible to such waterway when by reason of their nearness to the same their value will be materially increased by the construction or deepening or widening of such waterway. [1911 c 23 § 2; RRS § 9778.]

91.08.030 Petition—By whom signed—Contents—Notice of filing—Discharge of proceedings. The plan of such proposed waterway shall be presented to the board by a written petition of owners of lands

which it is represented will be improved by the construction, deepening or widening of such waterway; and such petition shall be signed by the owners of thirty-five percent or more of the area of lands in the district, and shall be verified by one or more of the petitioners to the effect that the signatures attached are the genuine signature of the persons or corporations signing the same. Each petitioner shall add a description of the lands he owns. If petitioners are unmarried persons they shall so state. If lands are owned by married persons, husband and wife shall join in the petition. If a petitioner is a corporation, the signature shall be accompanied by a certified copy of a resolution of the board of directors or trustees of the corporation authorizing the person signing the petition for the corporation to execute it. If lands included in the petition are owned by minors, insane persons, or other persons under guardianship in this state, the petition may be signed by the guardians of such persons: *Provided*, That the signature be accompanied by a certified copy of an order of the superior court having the guardianship of such person in charge, authorizing the guardian to sign the petition. A petition may consist of one or more separate papers or sheets which are identified with the subject matter.

The petitioners shall file with the board, with their petition, a map of the lands in the district and a statement showing each separate ownership of lands as shown by the public records of the county, and their location in the county, with the names of the owners as shown by such records, and the location of the proposed waterway if a new waterway is to be constructed. If an existing waterway is to be deepened the map shall show its location, and if it is to be widened the map shall show its location and the extent to which it is to be widened. With the petition there shall also be presented satisfactory evidence from the real property records of the county that the petitioners are severally the owners in fee simple of their respective tracts of land, and that all taxes and assessments due thereon are paid. If it is proposed that any lands in the district shall be filled with the material dug or dredged from such waterway, the petition shall so state, and the map of the district and plan of the improvement shall show the location, depth and yardage of such fill. The petition may also fix the price per cubic yard at which such fill shall be charged to the land filled, which charge shall be added to the assessment for the improvement to be made upon such lands and be paid as a part thereof. If the price of filling is not fixed by the petition it may be fixed by the board.

At any time after the filing of such petition one or more of the petitioners may file and record in the office of the auditor of the county, notice of the pendency of the proceeding, describing the boundaries of the proposed district, and from the time of such filing all persons shall be deemed to have notice of the pendency of the proceeding and be bound thereby. Upon the hearing upon such petition, hereinafter provided, if the same be denied any person interested may file in the office of said county auditor a certified copy of the order denying the same, whereupon the auditor shall enter the discharge of the notice of the pendency of the proceeding on the margin of the record thereof. And the like discharge

may be filed whenever the proceeding is terminated for any other reason. [1911 c 23 § 3; RRS § 9779. Formerly RCW 91.08.030, 91.08.040 and 91.08.050.]

91.08.060 Cost bond filed with petition. Said petitioners shall at the time of filing their petition with the board, file a bond executed by one or more of their number as principals, and in behalf of all, and by a surety corporation authorized to become surety upon public bonds in this state, which bond shall run to the state of Washington as obligee and be in the sum of five hundred dollars, conditioned that they will pay all costs of the proceeding in case for any reason the petition shall not be granted, or in case no fund shall thereafter be created for the payment of the expense attending said proposed waterway improvement. And said petitioners shall, from time to time as the board shall estimate and order, pay the costs and expenses of such proceeding. [1911 c 23 § 4; RRS § 9780.]

91.08.070 Petition may be amended—Order for hearing—Notice—Record. Said petition, after the filing thereof, shall be taken up and considered by the board at the next regular or special meeting thereof, or as soon thereafter as may be convenient, and if the petition be defective in any particular it may be amended and an adjournment of the matter may be had to permit of such amendment, for a time not exceeding thirty days. If the petition be defective and be not sufficiently amended within the adjournment taken, it shall be dismissed. But if such petition be in fact sufficient, or if by amendment it be made sufficient, it shall be the duty of the board to enter an order setting a time for a public hearing thereon within thirty days from the date of such order, and directing the clerk of the board to give notice of the time and place of such hearing in the official newspaper of the county by publication therein at least once each week for three successive weeks before the time of hearing; and in case there be no such official newspaper, then in some newspaper of general circulation in said county. Such notice shall be addressed to the owners of lands not petitioning, as shown by the petition or as may be ascertained to be the fact, and to all other persons known and unknown having or claiming an interest in the lands in the district, and shall state the pendency of the proceeding, its object, the names of the signers of the petition, the number of acres of land they claim to own, the whole number of acres proposed to be improved, the boundaries of the lands to be included in the improvement district, and the time and place of hearing. And notice shall also be given that at the time and place named, or at such time as the same may be adjourned to, the board will consider the petition under the provisions of this chapter, and will hear all objections offered by interested parties and grant or refuse the petition as it may be advised. The clerk of the board shall keep a record of all orders, hearings and proceedings of the board in reference to such waterway district in a separate bound book, designated as the record of proceedings as to such district. [1911 c 23 § 5; RRS § 9781.]

91.08.080 Hearing—Findings—Order. At the time and place prescribed in the said notice any owner of land within said proposed improvement district may file with the board his written consent to the proposed improvement, and he shall then be considered as a petitioner; and if the owners of more than one half of the lands within the district, including the lands represented by the petition, shall assent to the prayer of said petition, the board shall then proceed to hear and consider any objections which may have been filed at that or any previous time, and may adjourn such hearing from day to day. If the board after full hearing on the merits of the proposed waterway shall be satisfied that the same will be of benefit to the public interests, and that private benefit will result to the lands within the district sufficient to equal the cost of the proposed improvement, they may make findings accordingly and declare their intention to establish the waterway district under the name of the "----- Waterway District" and make the improvement as prayed for; but if the owners of less than one half of the lands in the district shall assent to the creation thereof and the making of the proposed improvement, the board shall deny the petition and the proceeding shall be dismissed. [1911 c 23 § 6; RRS § 9782.]

91.08.090 Board's powers and duties—In general—County immune from expense. Upon the entry of an order creating such waterway district by the board, it shall have power to perform all the duties and exercise all of the authority conferred upon it by this chapter, and shall have the right to sue and be sued in all matters pertaining to such district as the representative thereof, in the same manner and to the same extent as in all other county affairs. But such district shall bear all the expenses of such action on the part of the board, and the county shall be at no expense or charge therefor. [1911 c 23 § 7; RRS § 9783.]

91.08.100 Board's powers and duties—Right of eminent domain. Said board shall have the right of eminent domain for the acquisition of lands necessary to the construction or widening of the proposed waterway, and may cause all necessary lands to be condemned and appropriated or damaged for the use of said waterway, and make just compensation therefor. The private property of the state, the county, and other public or quasi-public corporations (except incorporated cities and towns), and of private corporations, shall be subject to the same rights of eminent domain at the suit of said board as the property of private individuals. [1911 c 23 § 8; RRS § 9784.]

91.08.110 Bridging part of cost. Whenever in aid of the construction or widening of any such waterway it shall be necessary to cross or disturb any existing public highway or railroad, the cost of bridging the waterway or otherwise substantially continuing the highway or railroad may be ascertained and paid as a part of the cost of the improvement if such cost is not otherwise provided for. [1911 c 23 § 9; RRS § 9785.]

91.08.120 Eminent domain—Order to acquire or condemn property. Whenever the said board shall desire to condemn and acquire land, or damage lands or property for any purpose authorized by this chapter, said board shall make an order therefor wherein it shall be provided that such land or damages shall be paid for wholly by special assessment upon the property within said waterway district, and the proceeding thereafter shall be as herein specified. [1911 c 23 § 10; RRS § 9786.]

91.08.130 Eminent domain—Petition to condemn. The board shall file a petition, verified by its chairman and signed by the prosecuting attorney, in the superior court of the county, praying that the property described may be taken or damaged for the purpose specified and that compensation therefor be ascertained by a jury or by the court in case a jury be waived. Such petition shall allege the creation of the waterway district and contain a copy of the order directing the proceeding, a reasonably accurate description of the lots or parcels of land or other property which will be taken or damaged, and the names of the owners and occupants of said lands and of said persons having any interest therein so far as known to the said board, or as appears from the records in the office of the county auditor. Such judgment shall be final and conclusive as to the damages caused by such improvement, unless appealed from, and no appeal from the same shall delay proceedings under the order of said board if it shall pay into court for the owners and parties interested, as directed by the court, the amount of the judgment and costs; but such board after making such payment into court shall be liable to such owner or owners, or parties interested, for the payment of any further compensation which may at any time be finally awarded to such parties so appealing in said proceeding, and his or her costs, and shall pay the same on the rendition of judgment therefor and abide any rule or order of the court in relation to the matter in controversy. In case of an appeal to the supreme court or the court of appeals of the state by any party to the proceedings, the money so paid into the superior court by the board, as aforesaid, shall remain in the custody of said superior court until the final determination of the proceedings.
